***Editor's note—**Chapter 14.06—Entitled "Temporary Occupation of Public Streets" was repealed by Ord. C-7933)

†**Note—**Prior ordinance history: Prior code §§ 7580, 7580.1—7580.9 and 7580.11—7580.49; Ord. C-5404; Ord. C-5661; Ord. C-5691; Ord. C-5701; Ord. C-6235; Ord. C-6346 § 1 (part), 1987; Ord. C-6399 §§ 1, 2, 1987; Ord. C-6451 § 2, 1987; Ord. C-6460 §§ 1, 2, 1988; Ord. C-7762 § 1, 2001.

the surface of any right-of-way for the installation, repair, or removal of any pipe, conduit, duct or tunnel in the right-of-way.

"Facilities" means pipes, pipelines, conduits, ducts, tunnels, poles, pole lines, cables, wires, vaults, traps, manholes, appliances, attachments and appurtenances used in connection therewith, for the purpose of the transmission, transportation or conveyance of any liquid or gaseous substance or substances, steam, air, electrical energy, or for communication purposes, or for the purpose of providing housing or protection for interior lines used, intended to be, or capable of being used for such purpose or purposes.

"Improvements" means the repair, modification, alteration, removal, or addition of facilities including, but not limited to, grading, paving, curbs, gutters, sidewalks, driveways, landscaping, street lighting, traffic signals, stairs, fences, walls, and any other work in the right-of-way.

"Permit" means the document issued to an applicant by the City under this Chapter and includes any amendment or supplement to any such permit.

"Permittee" means any person to whom a permit has been granted and issued under the terms of this Chapter.

"Person" means an individual, a receiver, a trustee, a co-partnership, a joint venture, a firm, an unincorporated association, a syndicate, a club, a society, a trust, a private corporation, a limited liability company, a public corporation, a municipal corporation, a County, a State, a national government, a municipal, County, State or federal agency, board or commission, a water district, a utility district, a political subdivision, a school district, a drainage, irrigation, levee, replenishment, reclamation or conservation district, and a flood control district, whether acting for himself/herself/itself or in any representative capacity.

"Right-of-way" means any easement or land owned by the City and used or designated for use as a street, parkway, alley, utility corridor, walkway, promenade, or bike path, and the surfaces thereof, and includes any right-of-way to be dedicated in the future. (ORD-19-0032 § 10, 2019; ORD-15-0003 § 1, 2015; Ord. C-7933 § 1, 2004)

ARTICLE II. PERMITS

14.08.020 Public works permit—Required.

A. No person shall perform any of the following activities without first obtaining a permit from the City Engineer authorizing such person to make such excavation, improvement, or temporary occupancy:

1. Make any excavation or improvements in, on, or under the surface of any right-of-way.

2. Use or occupy any right-of-way with a temporary occupancy consisting of any structure, container, materials, equipment, vehicles, or construction signs related to work on private property.

3. Make any excavation or improvements in, on, or under the surface of private property adjacent to any right-of-way, where lateral support to such right-of-way or improvements or property within such right-of-way is affected by such excavation. Such excavation shall be subject to the additional requirements specified in Article IV of this Chapter.

B. This Section shall not be applicable to excavations performed pursuant to contracts awarded for such work by the Board of Harbor Commissioners, or any activity for which a permit has been granted pursuant to Chapter 5.60. (ORD-19-0032 § 10, 2019; ORD-15-0003 § 2, 2015; Ord. C-7933 § 1, 2004)

14.08.030 Public works permit—Application.

A. The application for a permit under this Chapter shall be completed and filed with the City Engineer on the City's application form. Such permit application shall contain the name and street address of the applicant and shall describe in detail the excavation, improvement, or temporary occupancy to be made and the purpose of the excavation, improvement or temporary occupancy.

B. The application for excavation or improvements shall include seven (7) copies of a construction plan, twenty-four inch by thirty-six inch (24" x 36") size showing the proposed location of the

excavation or improvements and the dimensions thereof, together with such other details as the City Engineer may require on such plan. The plan shall be drawn to a scale of not more than twenty feet to the inch (20′ = 1″) and all copies thereof shall be to this scale. In addition, the application shall include evidence that the applicant is either:

1. Under contract with the City for the excavation or improvement; or

2. Authorized by law or a valid franchise to use the right-of-way for which an excavation or improvement is being requested; or

3. Authorized by a pipeline permit issued under Chapter 15.44 to use the right-of-way for which an excavation or improvement is being requested; or

4. Required to construct the excavation or improvement in conjunction with a building permit issued under Chapter 18.04 or a conditional use permit issued under Chapter 21.25.

5. All construction plans submitted with an application for an excavation permit relating to any hazardous liquid facilities shall be signed by a California registered civil and/or mechanical engineer and shall be accompanied by a certification, signed by the engineer, that all facilities are in compliance with either the Federal Hazardous Liquid Pipeline Safety Act of 1979 and its amendments, the California Pipeline Safety Act of 1981 and its amendments, or the City hazardous liquid pipeline ordinance and its amendments, whichever one applies.

6. The applicant shall provide any additional information which the City Engineer may deem necessary.

7. The application and permit shall be signed by the applicant or the authorized agent of the applicant. Any person signing the application and permit as an agent shall furnish written authorization signed by the applicant designating the person as an authorized agent for such purpose. (ORD-19-0032 § 10, 2019; ORD-15-0003 § 3, 2015; Ord. C-7933 § 1, 2004)

14.08.040 Public works permit—Fees.

A. Every applicant for a permit under this Chapter shall, when the application is filed, pay to the City a fee established by resolution of the City Council. If, at any time, the City Engineer determines that the original fee paid by the applicant is not sufficient to recover costs accrued by the City, then the City Engineer may, at his discretion, require that an additional fee be paid in an amount sufficient to recover said costs.

B. The holder of a valid franchise or permit, with the approval of the City Engineer, may pay pipeline permit and inspection fees on a monthly basis. The City Engineer shall bill the holder each month for the fees accrued during the preceding month. (ORD-19-0032 § 10, 2019; Ord. C-7933 § 1, 2004)

14.08.050 Public works permit—Deposit or bond.

A. Unless the City Engineer has authorized the permittee to perform the resurfacing or repair of the surface of any highway, public street or alley which may be removed in part or damaged by excavation, fill or temporary occupancy pursuant to a permit issued under this Chapter, the permittee shall deposit with the City the estimated cost of resurfacing or repairing the surface of the highway, public street or alley which may be damaged or destroyed.

B. To ensure compliance with conditions established in the permit, the City Engineer may require that the permittee furnish a surety bond, cash deposit, or letter of credit. All bonds shall comply with regulations issued by the City pursuant to Section 2.84.040 and shall be in an amount equal to twice the estimated cost of performing the work provided, however, that the minimum amount of such bond shall not be less than one thousand dollars ($1,000.00), and the minimum duration of the bond shall not be less than one (1) year. The condition of such bond shall be that the permittee will perform the work authorized by any permit issued pursuant to this Code in a good and workmanlike manner and to the satisfaction of the City Engineer. (ORD-19-0032 § 10, 2019; ORD-15-0003 § 4, 2015; Ord. C-7933 § 1, 2004)

14.08.060 Public works permit—Issuance.

A. If the applicant complies in all respects with this Chapter and with all other applicable

laws, rules, regulations and ordinances of the City, and pays the fees and deposits required by this Chapter, and said permit is not being sought for excavation in a right-of-way that has been constructed, reconstructed, or resurfaced within the previous sixty (60) months or slurry sealed within the previous twenty-four (24) months, then the City Engineer shall issue the permit.

B. However, permits for excavation in a right-of-way that has undergone construction, reconstruction or resurfacing within the previous sixty (60) months or slurry sealed within the previous twenty-four (24) months and are not for an emergency repair or a new service connection to an underground utility shall be deemed discretionary and subject to the approval of the City Council.

C. The City Council may authorize a discretionary permit under the following criteria:

1. The applicant can demonstrate that the permit for excavation in a right-of-way is immediately required for the general health, safety, and welfare of the City and, as such, cannot be delayed until the sixty (60) month or the twenty-four (24) month period, described above, has expired; and

2. The applicant can demonstrate that alternatives to excavating in the right-of-way, such as alternative routing or construction methods, including boring or excavation of the parkway, are not possible. (ORD-19-0032 § 10, 2019; Ord. C-7933 § 1, 2004)

14.08.070 Public works permit—Failure to obtain.

A. If a person begins excavation, the construction of any improvement, or occupies the right-of-way prior to obtaining a permit, the fee to obtain a permit shall be double the fee prescribed in Section 14.08.040, as a penalty for the failure to obtain a permit as required herein.

B. The payment of the penalty shall not relieve such person from fully complying with this Chapter in the execution of the work, or from penalties prescribed herein. (ORD-19-0032 § 10, 2019; Ord. C-7933 § 1, 2004)

14.08.080 Public works permit—Defective work.

If improvements are made under a permit and do not comply with the specifications and this Chapter, the City Engineer shall notify the person to whom the permit was granted and identify the defect or failure and the person shall, within a period of five (5) days after the service of the notice, proceed with reasonable diligence to remedy the defect or failure. If the person does not comply with the requirements of the notice, the City Engineer may order the improvements removed at the expense of the permittee and the permittee shall promptly reimburse the City for the cost of removal. (ORD-19-0032 § 10, 2019; Ord. C-7933 § 1, 2004)

14.08.090 Default.

A. If a permittee fails to comply with this Chapter, the City may notify the permittee in writing of the failure and identify the time within which the failure must be remedied. If the permittee fails or refuses to remedy the failure within the period of time stated in the notice, the City Engineer may revoke the permit and correct the failure. The permittee shall promptly reimburse the City for any expense incurred by the City in correcting the failure. If the permittee continues work after the permit has been revoked and if the City files suit to restrain the permittee or otherwise enforce this Chapter, then the permittee shall reimburse the City for its reasonable costs and expenses in connection therewith, including attorney fees and court costs.

B. Any structure, materials, barricade, vehicle or other object placed in the right-of-way in violation of this Chapter may be removed and stored in any convenient place by the City Engineer or City officer or employee designated by him/her. If it is removed, the City will notify the owner thereof, in writing, within three (3) working days after its removal. If the owner fails to claim the items and pay the expenses of removal and storage within thirty (30) days after removal, the items shall be deemed to be unclaimed property in possession of the Police Department and may be

disposed of pursuant to Chapter 2.78. (ORD-19-0032 § 10, 2019; Ord. C-7933 § 1, 2004)

14.08.100 Liability insurance.

Permittee shall secure and maintain, during the life of the permit, commercial general liability insurance as described in regulations issued by the City pursuant to Section 2.84.040. (ORD-19-0032 § 10, 2019; Ord. C-7933 § 1, 2004)

14.08.110 Exemption from fees, bonds and deposits.

If improvements or excavations are made under this Chapter by or for a municipal corporation, a County, a State, the federal government, a County, State or federal agency, board or commission, a drainage, irrigation, levee, replenishment, reclamation or water district, or a conservation or flood control district, then no fees or deposits shall be required prior to the issuance of the permit. (ORD-19-0032 § 10, 2019; Ord. C-7933 § 1, 2004)

14.08.120 Public works permit—Terms and conditions.

A. A permit shall be subject to the following conditions:

1. The permit shall be kept at the site of the work and shall be shown on demand to a City representative.

2. Permittee shall comply with California Government Code Section 4216 and following. Markings made pursuant to such Code Section shall not be made more than fourteen (14) calendar days prior to commencement of work and all markings shall be removed within two (2) months after the date markings are no longer needed or completion of the work, whichever occurs first.

3. The permit is nontransferable.

4. Improvements that will be maintained by the permittee may require the execution of a maintenance agreement with the City by the permittee.

5. For excavations or improvements, the City Engineer may revoke the permit unless the work begins within sixty (60) days after the issuance of the permit and is diligently performed to completion in the sole opinion of the City Engineer.

6. Permittee shall defend, indemnify and hold harmless the City, its officials and employees from and against all liability, loss, damage, demands, causes of action, proceedings, fines, penalties, costs, and expenses including attorney fees arising in any way from permittee's work under the permit and, furthermore, permittee shall obtain the commercial general liability insurance required in regulations issued by the City pursuant to Section 2.84.040.

7. Permittee shall, at permittee's sole expense, within ten (10) days after receipt of written notification from the City Engineer to do so, remove any improvement or facilities or, with the prior approval of the City Engineer, relocate them to a site designated by the City Engineer if at any time the improvement or facilities interfere with the use, repair, improvement, widening, change in grade, or relocation of any right-of-way or highway, or interfere with the construction of any subway, viaduct or other underground conduit or structure of any kind.

B. Either when the permit is issued or at any time thereafter until the completion of work or end of the temporary occupancy, the City Engineer may require additional conditions as he finds reasonably necessary for the protection of the right-of-way or highway, for the prevention of undue interference with traffic, or to assure the safety of persons using the right-of-way or highway. (ORD-19-0032 § 10, 2019; Ord. C-7933 § 1, 2004)

14.08.130 Refusal to issue authorized.

The City Engineer may refuse to issue a permit for improvements, excavation, or temporary occupancy in the right-of-way if the applicant has previously failed or refused to comply with this Chapter or if the excavation, improvement, or temporary occupancy will endanger the health and welfare of the residents of the area where the work will be performed. (ORD-19-0032 § 10, 2019; Ord. C-7933 § 1, 2004)

14.08.140 Public works permit—Construction standard.

All improvements shall be performed to the satisfaction of the City Engineer and in accordance with the "Standard Specifications For Public Works Construction" current edition, approved plans, and with this Chapter. (ORD-19-0032 § 10, 2019; Ord. C-7933 § 1, 2004)

ARTICLE III. CONSTRUCTION STANDARDS

14.08.150 Removal of materials and debris.

Any person performing or causing to be performed any work under this Chapter shall remove or cause to be removed from the site of any excavation or improvements all debris and excess materials within three (3) days after the completion of the work. (ORD-19-0032 § 10, 2019; Ord. C-7933 § 1, 2004)

14.08.160 Inspection.

At least two (2) working days prior to beginning work or temporary occupancy, permittee shall notify the City Engineer by giving permittee's name, permit number, type of work, starting date, time of construction, name of permittee's representative at the site and the underground service alert ticket number. After work begins, permittee shall notify the City Inspector of the daily work in progress and the type of inspection required. Failure to contact the City Engineer or his representative or the use of unacceptable materials or unacceptable work shall result in a stop construction notice being issued. Work shall not resume until corrections have been made. (ORD-19-0032 § 10, 2019; Ord. C-7933 § 1, 2004)

14.08.170 Subsurface installations—Depths.

A. No person shall install any conduit, duct, shoring structure or tunnel within three feet (3') below established grade of any right-of-way. Installations such as manholes, culverts, and catch basins, within three feet (3') below the established grade of the right-of-way will require the City Engineer's approval. For all other installations below the established grade of the right-of-way, the City Engineer may, at his or her discretion, upon receipt of sufficient evidence of necessity or public benefit, grant a special permit for these installations. A shoring structure shall include, but is not limited to, tiebacks, excavation, caisson/soldier piles, and raker/brace system. Tiebacks shall include, but is not limited to, the steel tendon, coupler, bearing plate, anchor plate, and element made of cementitious or similar material anchoring the tieback tendon in the soil or rock. For any structure left in place within the public right-of-way, applicants shall provide to the satisfaction of the City Engineer the as-built construction drawings and electronic files in current Geographic Information System (GIS) format, as per the latest official City datum plane to be used to update the City's GIS.

B. This Subsection shall apply to a proposed subsurface shoring system requiring tiebacks pursuant to a permit issued under this Chapter. When the tiebacks are no longer required due to the construction of a permanent retaining structure to maintain the stability of the subterranean structure, the tiebacks shall comply with the following:

1. Remove the tiebacks installed within eight feet (8') below the established grade of the right-of-way.

2. For any proposed tieback left in place between eight feet (8') and twenty feet (20') below the established grade of the right-of-way, applicants shall pay to the Public Works Department a mitigation fee, as determined by City Council resolution, for each tieback or portion thereof. This fee will be refunded upon proof of the entire tieback removal.

3. Where the tieback is allowed to remain in place at more than eight feet (8') below the established grade of the right-of-way, de-tension, decouple and remove the last extension of the tendon installed.

4. For any portion of the tieback made of cementitious or similar material left in place between eight feet (8') and twenty feet (20') below the established grade of the right-of-way, the compressive strength shall not exceed two thousand (2,000) pounds per square inch (psi).

5. Tiebacks shall maintain a minimum of two feet (2') clearance from any existing utility line or subsurface structure.

6. The City Engineer may modify the tieback requirements if extensive utility lines are present in the area or the street is on the Paving Moratorium List.

C. Exception: The City Engineer shall have the authority to exempt City-owned projects.

D. The City may issue an administrative citation and impose administrative penalties for violation of and failure to satisfy these requirements in accordance with Chapter 9.65. (ORD-19-0032 § 10, 2019; ORD-16-0019 § 1, 2016; ORD-15-0003 § 5, 2015; Ord. C-7933 § 1, 2004)

14.08.180 Backfill—Standards.

All excavations shall be backfilled in a manner satisfactory to the City Engineer and in accordance with the "Standard Specifications For Public Works Construction," current edition. If, at any time, the backfill fails and creates an unsafe condition, the City Engineer shall notify permittee of the failure and permittee shall repair the failure, at his/her/its own expense, to the satisfaction of the City Engineer. (ORD-19-0032 § 10, 2019; Ord. C-7933 § 1, 2004)

14.08.190 Backfill—Temporary road surface.

Whenever the pavement or surfacing is not immediately replaced, the surface of the backfill shall conform to the level of the adjoining street surface and shall be compacted so that it is hard and smooth enough to be safe for traffic to travel any legal rate of speed. If required by the City Engineer, permittee shall cover the backfilled area with temporary surfacing. (ORD-19-0032 § 10, 2019; Ord. C-7933 § 1, 2004)

14.08.200 Right-of-way surface replacement.

The surface of the right-of-way shall be replaced under the direction and supervision of the City Engineer at the sole cost and expense of the permittee, who shall maintain the surface for one (1) year after the date of completion of the work. If permittee fails to maintain the surface during said one (1) year period, the City Engineer may give to permittee a written notice specifying the manner in which the permittee has failed to maintain the surface and the work necessary to be performed to restore the surface. Permittee shall have five (5) days after notice is given to restore or repair the surface and, if permittee fails or refuses to do so, the City Engineer, if he deems it advisable, shall have the right to perform the restoration or repair. Permittee shall be liable for the actual cost of the work plus twenty-five percent (25%) for City's administration and overhead, and shall promptly pay these charges to the City on receipt of a statement from the City. All work shall be done in accordance with the requirements provided in the "Standard Specifications For Public Works Construction," current edition. (ORD-19-0032 § 10, 2019; Ord. C-7933 § 1, 2004)

14.08.210 Backfill—Responsibility.

Permittee shall maintain the surface of the backfill safe for vehicular traffic and pedestrian travel until the pavement or surfacing has been replaced and accepted by the City Engineer, and be liable for all accidents which occur to vehicles or pedestrians at the site of the excavation, until the pavement or resurfacing has been replaced. If it is impractical to maintain the surface of the backfill in a safe condition for traffic, then permittee shall maintain barriers and red lights around it until the pavement or surfacing has been replaced. (ORD-19-0032 § 10, 2019; Ord. C-7933 § 1, 2004)

14.08.220 Safe crossings to be maintained.

Permittee making any excavation shall maintain safe crossings for vehicles and pedestrian traffic at all street intersections and safe crossings for pedestrians at intervals not to exceed six hundred feet (600′). If any excavation is made across a public street, at least one (1) safe crossing shall be maintained at all times for vehicles and pedestrians. All materials excavated from the site shall be laid compactly along the side of the trench and kept trimmed to cause as little inconvenience as possible to public travel. If the right-of-way is not wide enough to hold the excavated material with-

out using part of an adjacent right-of-way, permittee shall erect and maintain a tight board fence on and along the sidewalk and keep a passage at least three feet (3') wide open and along the right-of-way. The excavation shall be performed in such a manner so that it does not interfere with access to fire stations and fire hydrants. Materials or obstructions shall not be placed within fifteen feet (15′) of fire hydrants. Passageways leading to fire escapes or firefighting equipment shall be kept free from piles of materials or other obstructions. (ORD-19-0032 § 10, 2019; Ord. C-7933 § 1, 2004)

14.08.230 Gutters and watercourses.

Permittee shall keep and maintain all gutters free and unobstructed for the full depth of the adjacent curb and for at least one foot (1′) in width from the face of the curb at the gutter line. When a gutter crosses an intersecting street, an adequate waterway shall be provided and maintained at all times. Permittee shall also provide for the flow of any watercourse intercepted during the excavation and shall restore the watercourse to the same condition that existed prior to the excavation, or shall make other provisions for water flow as the City Engineer may direct. (ORD-19-0032 § 10, 2019; Ord. C-7933 § 1, 2004)

14.08.240 Plan to conform to actual installation.

Every person owning, using, controlling or having an interest in any facilities in a right-of-way, except a service pipe or pipes, shall file in the office of the City Engineer, within sixty (60) days after the completion of installation of the facilities, a corrected record plan drawn to scale of not more than forty feet to the inch (40′ = 1″), showing the facilities provided, however, that if the plan filed with the City Engineer at the time the permit is issued is correct in every detail, permittee may make a notation to that effect on the plan, and the plan shall constitute compliance with this Section.

Final acceptance by the City Engineer for the work performed under the permit is dependent on full compliance with this Section. (ORD-19-0032 § 10, 2019; Ord. C-7933 § 1, 2004)

14.08.250 Abandonment of facilities.

Whenever facilities (except a service pipe or pipes) located under the surface of any right-of-way or the use of the facilities is abandoned or removed, the person owning, using, controlling or having any interest therein shall, within sixty (60) days after such abandonment, file in the office of the City Engineer a plan giving in detail the location of the facilities that were abandoned. (ORD-19-0032 § 10, 2019; Ord. C-7933 § 1, 2004)

14.08.260 Repair of ruptured oil and gas lines.

Whenever facilities used for the transportation of oil, gasoline, gas or other petroleum products rupture in such a manner that the contents escape, the person maintaining or using the facilities shall immediately make repairs to ensure future safe operation of the facilities in accordance with Section 15.44.140. If the office of the City Engineer is closed when the break occurs, such person may make an excavation in the right-of-way to repair the facilities without first obtaining a permit from the City Engineer. Any person making an excavation under these circumstances shall apply for a permit not later than ten o'clock (10:00) a.m. on the first day the office of the City Engineer is open following the rupture. When the facilities are near a leaking facility, the person maintaining such facilities shall uncover them for inspection if required to do so by the City Engineer. (ORD-19-0032 § 10, 2019; Ord. C-7933 § 1, 2004)

14.08.270 Temporary occupancy standards.

Any temporary occupancy of a right-of-way subject to this Chapter shall meet the following requirements:

A. The maximum width of the temporary occupancy including contents shall be eight feet (8′), unless otherwise approved by the City Engineer in accordance with this Chapter;

B. The temporary occupancy shall not be located in a manner which interferes with the flow of traffic;

C. Proper warning devices shall be provided for the temporary occupancy, to the satisfaction of the City Engineer;

D. The temporary occupancy shall be kept in good repair, free of graffiti, and in a safe and sanitary condition;

E. Temporary occupancy shall be located in a manner which does not interfere with visibility, vehicular mobility, or access to facilities. Locations shall be determined by the City Engineer at the time of application;

F. Permits will be issued for a period not to exceed ninety (90) days. On expiration, a new permit must be obtained on the basis of a new application. (ORD-19-0032 § 10, 2019; Ord. C-7933 § 1, 2004)

14.08.280 Warning lights and barricades.

A permittee shall keep and maintain barriers at each end of excavations, at such places as may be necessary along the excavation, and at the site of the improvements or temporary occupancy. Permittee shall place and maintain signs or barriers with letters not less than three inches (3") high, which state the name of the permittee. Permittee shall also place and maintain lights at ends of the excavation and at a distance of not more than fifty feet (50′) along the line thereof. For improvements and temporary occupancy, permittee shall place and maintain such lights as necessary to warn the public. Permittee shall maintain the lights until the excavation has been entirely refilled or until the improvements or temporary occupancy has been completed. Any lighting required by this Section shall be operated between sunset and sunrise of the next day. If permittee fails to place and maintain such barricades and lights the City may place and maintain such barricades and lights and permittee shall promptly reimburse the City in the manner provided in Chapter 14.12. (ORD-19-0032 § 10, 2019; Ord. C-7933 § 1, 2004)

14.08.290 Relocation of existing interferences.

Permittee shall move and relocate all interferences, including trees, poles, street lighting systems, parking meters, sewers, storm drain appurtenances and culverts located within the area of work which will interfere with the facilities, at the permittee's expense. Permittee shall obtain consent of the owner of the interference for the removal or relocation and shall furnish to the City Engineer satisfactory evidence of all necessary arrangements for removal or relocation of the interference prior to the issuance of the permit. (ORD-19-0032 § 10, 2019; Ord. C-7933 § 1, 2004)

14.08.300 Basement appurtenances.

No person shall construct or place a freight elevator or windows for basement lighting in the sidewalk area back of the established curbline of the street; provided, however, that existing freight elevators and window lights may be repaired or replaced if, in the opinion of the City Engineer, such freight elevators and window lights do not constitute a hazard to the public. (ORD-19-0032 § 10, 2019; Ord. C-7933 § 1, 2004)

14.08.310 Plans.

A. Plans shall be prepared for right-of-way improvements whenever, in the opinion of the City Engineer, such plans are necessary for the proper construction and supervision of the work.

B. When such plans are necessary, they may be prepared, at the option of the City Engineer, by a qualified licensed engineer employed by the applicant. Plans submitted by the licensed engineer must first be approved by the City Engineer before a permit is issued and work is started. The City Engineer may specify the type and quality of material on which the plans are drawn, the size of the sheets, the scale of the drawings, the size and wording of the title, the information to be shown on the plans, and all other details, including specifications, in connection therewith. All plans for the work shall become the property of the City and shall be filed in the office of the City Engineer. When the qualified licensed engineer submits the required plans, he/she shall pay to the City a processing fee in an amount prescribed by the City Council by resolution. (ORD-19-0032 § 10, 2019; Ord. C-7933 § 1, 2004)

14.08.320 Work stoppage authorized.

Whenever the City Engineer finds that any improvement or excavation is being constructed

contrary to or in violation of this Code or if it comes to the attention of the City Engineer that any work under a permit is dangerous, unsafe or a menace to life, health or property, the City Engineer shall order the work to be immediately stopped or shall order the alteration of any dangerous or unsafe condition. Such order shall be in writing and shall specify the manner in which the work is dangerous, unsafe or a menace to life, health or property. After receipt of the order the permittee shall not continue with any improvement or excavation until the work has been made to comply with this Chapter and with the instructions given by the City Engineer. (ORD-19-0032 § 10, 2019; Ord. C-7933 § 1, 2004)

ARTICLE IV. EXCAVATIONS ADJACENT TO RIGHTS-OF-WAY

14.08.330 Public works permit—Additional terms and conditions.

Whenever a permit is required under Subsection 14.08.020.A.3 to excavate, occupy, or use any space below any public sidewalk, public street, or other right-of-way adjacent to private property for the purpose of facilitating the construction of a structure to be erected on such private property, a permit issued under this Chapter shall be subject to the following additional terms and conditions:

A. Permittee shall comply with any and all other requirements set forth in this Chapter.

B. Permittee shall retain a professional civil engineer registered in the State of California and legally qualified to locate property lines and reference structures to such property line to prepare a plan and profile drawing on twenty-four inch by thirty-six inch (24" x 36") sheet showing all installations, substructures, utilities, water works, drainage facilities and appurtenances between the property line and the centerline of the street or to such further line as may be identified by the City Engineer. The street profiles shall be shown using elevations in reference to the official City datum plane. The location of any substructure or underground utility between the curb and the property line shall be verified by spot excavation prior to completion of plans. Any other substructure which may be affected by the proposed excavation or construction shall also be verified by spot excavation.

C. Permittee shall comply with all standard procedures established by the City Engineer in connection with uses on rights-of-way adjacent to private property where a private structure will be constructed with specific reference to the following uses:

1. Removal of a portion of the right-of-way adjacent to private property during a portion of the construction period; or

2. Constructing steel, concrete, or steel and concrete structures in rights-of-way for the purpose of providing lateral support for the right-of-way during the construction period and allowing these structures to remain in the right-of-way after completion of the building. (ORD-19-0032 § 10, 2019; ORD-15-0003 § 6, 2015)

14.08.340 Public works permit—Bond required.

In addition to the requirements set forth under Section 14.08.050, for excavations adjacent to the right-of-way, Permittee shall furnish a bond in an amount of one hundred and twenty-five percent (125%) of the total estimated cost of restoring the right-of-way to its original condition in the event of a failure of the lateral supports in the excavation site, as determined by the City Engineer. The bond may be a cash deposit, security equivalent to cash, or surety bond, provided in accordance with regulations issued by the City pursuant to Section 2.84.040. (ORD-19-0032 § 10, 2019; ORD-15-0003 § 6, 2015)

CHAPTER 14.12 EXCAVATION WARNING DEVICES

14.12.010 Violation deemed nuisance.

For the purposes of this Chapter any obstruction, encroachment or excavation in a public street or other public place, being at any time without such device as will properly warn the public of its existence, is defined as a public nuisance. (Prior code § 7550)

14.12.020 Determination of nuisance.

The Director of Public Service shall, upon knowledge of the existence of any obstruction, encroachment or excavation in a public street or other public place, determine whether such constitutes a public nuisance as defined in this Chapter. (Prior code § 7550.1)

14.12.030 Warning device placement—Authorized.

If the Director of Public Service finds the existence of a public nuisance as defined in this Chapter, he may cause lanterns or barricades to be placed, arranged, hung or set on or about the nuisance so as to properly warn the public thereof. (Prior code § 7550.2)

14.12.040 Warning device placement—Fee—Amount.

The person responsible for the existence of a "public nuisance" as defined in this Chapter, shall pay to the City a fee for the services rendered under this Chapter as determined by the City Council by resolution. (ORD-10-0014 § 19, 2010; Prior code § 7550.3)

14.12.050 Warning device placement—Fee—Collection.

All fees charged under this Chapter shall become a debt in favor of the City and every person liable shall be amenable to action therefor in any court of competent jurisdiction. (Prior code § 7550.4)

14.12.060 Warning device placement—Statement of fee.

The City Manager is vested with the authority to prescribe reasonable procedures for the rendition of statements for services rendered under this Chapter and for the manner and time for payment thereof. (Prior code § 7550.5)

14.12.070 Liability of responsible person.

No action pursuant to the provisions of this Chapter shall be construed to relieve the person responsible for the existence of any obstruction, encroachment or excavation in the public street, sidewalk, alley or way from any liability whatsoever arising out of the existence of such condition, nor shall any provision of this Chapter be construed to constitute an assumption of liability by the City of any duties imposed by law or contact upon any person. (Prior code § 7550.6)

CHAPTER 14.14 PUBLIC WALKWAY OCCUPANCY PERMITS*

14.14.010 Definitions.

A. "Dining" means the consumption of food or beverage.

B. "Downtown area" means the area bounded northerly by the centerline of Tenth Street; westerly by the centerline of Maine Avenue north of First Street, and the centerline of Golden Avenue south of First Street and the centerline of Golden Shore and its southerly prolongation; easterly by the centerline of Lime Avenue north of First Street and the centerline of Alamitos Avenue and its southerly prolongation south of First Street; southerly by the mean high tide line of the Pacific Ocean and its prolongation across the entrance to Pacific Terrace Harbor and Queens Way Landing boat basin.

C. "Existing permit" means a public walkways occupancy permit that has been issued by the City through its Department of Public Works.

D. "Existing permit in good standing" means a public walkways occupancy permit that has been issued by the City and is compliant with all laws and regulations, including the terms and conditions attached to that permit.

E. "Existing permit in good standing" does not include a permit the term of which has expired prior to the submission of a completed application for renewal, including all required documentation.

***Editor's note**—ORD-24-0002 § 14, adopted Jan. 23, 2024, amended Ch. 14.14 in its entirety to read as herein set out. Former Ch. 14.14, §§ 14.14.010—14.14.200 was entitled "Occupation of Public Walkways," and derived from: ORD-18-0031 § 1, 2018; ORD-18-0004 § 1, 2018; ORD-10-0032 §§ 1—4, 2010; Ord. C-7934 § 18, 2004; Ord. C-7796 §§ 1—4, 2002; Ord. C-7626 § 1, 1999; Ord. C-7580 §§ 1—3, and 5—7, 1998; Ord. C-7066 §§ 1, 2, 1992; and Ord. C-6659 § 2 (part), 1989.

F. "Minor modification of an existing permit" means a reconfiguration of the area occupied or a change of equipment or fixtures within the permit area with no change to the total square footage occupied, unless the Director of Public Works deems such change to be negligible.

G. "Obstruction" means any temporary or permanent structure or stationary object, including, but not limited to, signs, displays, barriers, furniture, plants or plant containers, musical equipment, or merchandise placed on a public walkway.

H. "Portable" means items capable of being carried or moved about without the use of heavy moving equipment.

I. "Public property" means all City property, including "public walkways", as defined in this Chapter, and public rights-of-way, and the underlayment or foundation thereof, and public improvements thereon, including landscaping on or in such property.

J. "Public walkways" means all or any portion of territory within the City set apart and designated for the use of the public as a thoroughfare for travel, including alley and sidewalk which is generally considered the right-of-way between the curbline and the adjacent property line intended for use by pedestrians. (ORD-24-0002 § 14, 2024)

14.14.020 General requirements.

A. No person shall use or occupy the public walkway with any obstruction for any purpose without first obtaining a written permit from the City through its Department of Public Works. Permits are not transferable. This Chapter shall not be applicable to any activity performed pursuant to and permitted by other Chapters of this Code, including, but not limited to Chapter 5.73.

B. Permits may only be issued to owners of property directly adjoining that portion of the public walkway upon which the obstruction is to be located, or to lessees of such property with the consent of the property owner.

C. The permit may be suspended or canceled at any time at the discretion of the Director of Public Works, in the event that it is determined that the obstruction would interfere with street improvement activities, construction activities, cleaning efforts or other similar activities. The permit may also be suspended at any time, if, in the discretion of the City Engineer or Fire Marshal, the obstruction threatens the public health or safety.

D. Permits for occupancy may contain restrictions for hours of the day or days of the week during which the obstruction may occupy a public walkway as determined by the Director of Public Works in his or her discretion.

E. Permits shall be issued for an initial period not to exceed one (1) year. Upon expiration, a new permit must be obtained on the basis of a new application or a renewal permit must be obtained. Notwithstanding the above, such permits may be terminated by the City upon thirty (30) days' notice of the City Engineer.

F. The Director of Public Works or designee is authorized to renew an existing permit in good standing for additional one (1) year periods provided either: (1) the applicant is not seeking any modification of the existing permit; or (2) any modification sought by either the applicant, the City Engineer or the Fire Marshal is deemed by the Director of Public Works to be a "minor modification of an existing permit", as defined in Section 14.14.010.

G. No permit obtained under this Chapter shall excuse the permittee's obligation to obtain and comply with any other permit or license required by the City or any other regulatory agency. (ORD-24-0002 § 14, 2024)

14.14.030 Public walkways occupancy permit—Application.

A person desiring to occupy a public walkway under this Chapter shall file an application for such authorization with the City. The applications shall be on a form provided by the City or accessible from the City's website and shall be signed by the permittee or his/her duly authorized agent. Any person signing the application as an agent shall furnish a written authorization executed by the permittee designating the person signing the permit as the permittee's duly authorized agent for

such purpose. Such authorization will remain in full force and effect until revoked by a written document signed by the permittee and filed with the City. Such application shall be accompanied by plans satisfactory to the City, which show in detail the proposed obstruction and method of securing it to public property including public infrastructure. (ORD-24-0002 § 14, 2024)

14.14.035 Fees, refunds and security deposits.

A. Every applicant for a public walkway occupancy permit under this Chapter shall pay to the City, before a permit is issued, an annual fee as adopted by the City Council by resolution and specified in the fee schedule.

B. Every applicant for a public walkway occupancy permit under this Chapter shall pay to the City a security deposit in an amount equivalent to the permit fee or in such additional amount as determined by the City Engineer. Such security deposit shall be applied to the cost of repairing any damage to public property attributable to the permittee's use of public property. Any balance shall be "rolled over" until the permit is terminated or canceled, at which time the security deposit shall be applied to the cost of restoring the public property to its prior condition and the remainder, if any, refunded to the permittee.

C. In the event that any permit issued pursuant to this Chapter is canceled because the permittee has violated a condition of his or her permit or any regulation or law, or because the permittee no longer owns or controls the property directly abutting the portion of the public walkway upon which the obstruction is located, no portion of a permit fee paid by him or her shall be refunded. If the permit is canceled by the City for any other reason, the unearned portion of the permit fee shall be refunded. (ORD-24-0002 § 14, 2024)

14.14.040 Public walkway occupancy standards.

The public walkway occupancy standards for location, design and operations for permitees under this Chapter shall comply with the City of Long Beach Sidewalk Dining and Parklets Handbook to be made available by the City. The Director of Public Works and/or City Engineer may require additional conditions for the location, design and operation of the public walkway occupancy. In addition, any public walkway occupancy subject to the terms of this Chapter shall conform to all of the following requirements:

A. The minimum width of the public walkway shall be not less than ten feet (10'), and such obstructions must permit at least five feet (5') of unobstructed area of public walkway, unless otherwise approved by the City Engineer on the basis of the considerations specified in this Chapter;

B. The obstruction shall not be located in a manner which interferes with the flow of pedestrian or other traffic, or which creates a potential threat to public safety, as determined by the City Engineer or Fire Marshal;

C. The obstruction shall be kept in a good state of repair and in a safe, sanitary and attractive condition;

D. Such obstruction shall be located in a manner which will not interfere with visibility, vehicular or pedestrian mobility or access to City or public utility facilities and will not compromise the safe use of any public walkway or other right-of-way. Permitted locations shall be determined by the City Engineer after consideration of the above and other relevant factors in relation to the proposed site. The City Engineer may, in his or her discretion, place additional conditions upon the issuance of such permit in order to ensure the protection of the public health and welfare and public property;

E. Minor modifications to these standards may be made by the Director of Public Works to an existing permit in good standing. (ORD-24-0002 § 14, 2024)

14.14.045 Public walkways dining permits and entertainment permits.

A. No person may occupy or cause to be occupied any portion of the public walkway for the purpose of providing dining or entertainment except as permitted by this Chapter or as elsewhere provided for in this Code.

B. Permits to occupy a portion of the public walkway for the purposes of dining or entertainment may contain restrictions for hours of the day or days of the week during which dining or entertainment may occur on the public walkway as determined or modified by the Director of Public Works in his or her discretion.

C. In addition to the other requirements set forth in this Chapter, permits to occupy a portion of the public walkway for the purpose of dining or entertainment shall conform to all of the following standards:

1. All dining or entertainment areas shall be defined by placement of sturdy barriers, not to exceed forty-eight inches (48") in height, as approved by the City Engineer.

2. All accessories to dining or entertainment uses such as plants or planter boxes, umbrellas, podiums, menu boards, musical equipment and heaters must be located inside the barrier.

D. All dining and entertainment which takes place on the public walkway and public right-of-way shall conform to the requirements of Chapter 8.80 of this Code regarding noise. Complaints regarding noise shall be logged by City staff and may be the basis for suspension, cancellation, or nonrenewal of a permit.

E. The permittee shall be responsible for cleaning the public walkway occupied by a dining or entertainment area.

F. Canopy structures, including overhead structures and windbreaks, are permitted, provided such structures are approved as part of a public walkway occupancy permit and are consistent with any approved master plan applicable to the installation and the design guidelines. Such structures must comply with all applicable laws and regulations, including, but not limited to, all fire, health, and building code regulations. Signage on or adjacent to a canopy structure shall be limited to business identification signs and shall be included in the calculation of total signage permitted pursuant to Chapter 21.44 of this Code.

G. Temporary banners, not exceeding the height of the barrier and attached to the barrier are permitted for a two (2) week period no more than four (4) times per year.

H. Menu boards must be portable, located within the dining area, and must not exceed five feet (5'), six inches (6") tall. Menu boards may be either a single pole pedestal of painted metal or a board attached to the inside of the barrier, parallel to the barrier.

I. A-frame signs, television monitors, and canopies are not permitted at any location beyond the permit area. (ORD-24-0002 § 14, 2024)

14.14.050 Reserved.

14.14.055 Entertainment on the public right-of-way.

A. No person shall perform or cause to be performed any entertainment activity on the public right-of-way without first obtaining a public walkways occupancy permit which permits such entertainment.

B. In the downtown area, nonamplified outdoor entertainment is permitted from ten o'clock (10:00) a.m. until twelve o'clock (12:00) midnight each day. Amplified outdoor entertainment is permitted from five o'clock (5:00) p.m. to twelve o'clock (12:00) midnight Monday through Friday, except if such day is a holiday. Amplified outdoor entertainment is permitted from ten o'clock (10:00) a.m. to twelve o'clock (12:00) midnight on Saturday, Sunday and holidays.

C. This Section shall not apply to any holder of a permit issued pursuant to Chapter 5.60 or Section 14.04.070 of this Code. Nothing in this Section shall operate to modify any requirement of Chapters 3.80 or 5.72 of this Code. (ORD-24-0002 § 14, 2024)

CHAPTER 14.15 PARKLETS

14.15.010 Definitions.

A. "Dining" means the consumption of food or beverage.

B. "Downtown area" means the area bounded northerly by the centerline of Tenth Street; westerly by the centerline of Maine Avenue north of First Street, and the centerline of Golden Avenue south of First Street and the centerline of Golden

Shore and its southerly prolongation; easterly by the centerline of Lime Avenue north of First Street and the centerline of Alamitos Avenue and its southerly prolongation south of First Street; southerly by the mean high tide line of the Pacific Ocean and its prolongation across the entrance to Pacific Terrace Harbor and Queens Way Landing boat basin.

C. "Existing permit" means a permit that has been issued by the City through its Department of Public Works, or the City Council for uses other than dining, entertainment, seating, planting, landscaping, lighting, shade, bicycle parking and/or artwork.

D. "Existing permit in good standing" means a permit that has been issued by the City and is compliant with all laws and regulations, including the terms and conditions attached to that permit. "Existing permit in good standing" does not include a permit the term of which has expired prior to the submission of a completed application for renewal, including all required documentation.

E. "Minor modification of an existing permit" means a reconfiguration of the area occupied or a change of equipment or fixtures within the permit area with no change to the total square footage occupied, unless the Director of Public Works deems such change to be negligible.

F. "Obstruction" means any temporary or permanent structure or stationary object, including, but not limited to, signs, displays, barriers, furniture, plants or plant containers, musical equipment, or merchandise placed on a public walkway or other right-of-way.

G. "Parklet" or "sidewalk extension parklet" means a small area open to public use, utilizing one or more on-street parking spaces and may include adjacent public walkways or other right-of-way, that may combine elements including dining, entertainment, seating, planting, landscaping, lighting, shade, bicycle parking and/or artwork.

H. "Permit" or "parklet permit" means a public walkways occupancy with sidewalk extension parklet permit issued by the City through its Department of Public Works.

I. "Portable" means items capable of being carried or moved about without the use of heavy moving equipment.

J. "Public property" means all City property, including "public walkways", as defined in this Chapter, and public rights-of-way, and the underlayment or foundation thereof, and public improvements thereon, including landscaping on or in such property.

K. "Public walkways" means all or any portion of territory within the City set apart and designated for the use of the public as a thoroughfare for travel, including alley and sidewalk which is generally considered the right-of-way between the curbline and the adjacent property line intended for use by pedestrians. (ORD-18-0031 § 2, 2018)

14.15.020 General requirements.

A. No person shall use or occupy the public walkway or other right-of-way with any obstruction for providing a parklet without first obtaining a written permit from the City through its Department of Public Works; provided, however, the permit shall be obtained from the City Council if (1) the proposed parklet will occupy more than ten percent (10%) of the available parking spaces within a two-block radius, (2) is opposed as described in Section 14.15.030 of this Chapter, or (3) will be for uses other than dining, entertainment, seating, planting, landscaping, lighting, shade, bicycle parking and/or artwork. Permits are not transferable. This Chapter shall not be applicable to any activity performed pursuant to and permitted by other Chapters of this Code.

B. Permits may only be issued to owners of property directly adjoining that portion of the public walkway and/or other right-of-way upon which the obstruction is to be located, or to lessees of such property with the consent of the property owner.

C. Permits for providing a parklet may only be issued for obstructions in areas located outside the coastal zone, unless a separate Local Costal Permit has been issued for such obstructions subject to the terms of this Chapter.

D. Permits for providing a parklet may only be issued if the vehicular speed limit of the adjoining street is no more than twenty-five miles per hour (25 mph), unless (1) traffic calming improvement(s) are constructed as required by the City Engineer or Traffic Engineer or (2) a permanent curb extension is constructed per City standards, which complies with all sidewalk dining requirements of Chapter 14.14 (Occupation of Public Walkways) and is otherwise approved by the Director of Public Works. If a permanent curb extension is constructed in accordance with this Section, then the noticing requirements of Section 14.15.030 of this Chapter shall apply.

E. The permit may be suspended or canceled at any time at the discretion of the Director of Public Works, in the event that it is determined that the obstruction would interfere with street improvement activities, construction activities, cleaning efforts or other similar activities. The permit may also be suspended at any time, if, in the discretion of the City Engineer or Fire Marshal, the obstruction threatens the public health or safety.

F. Permits may contain restrictions for hours of the day or days of the week during which the obstruction may occupy a public walkway and/or other right-of-way as determined by the Director of Public Works in his or her discretion.

G. Permits shall be issued for an initial period not to exceed one (1) year. Upon expiration, a new permit must be obtained on the basis of a new application, or a renewal permit must be obtained. Notwithstanding the above, such permits may be terminated by the City upon thirty (30) days' notice of the City Engineer.

H. The Director of Public Works or designee is authorized to renew an existing permit in good standing for additional one (1) year periods provided either: (1) the applicant is not seeking any modification of the existing permit; or (2) any modification sought by either the applicant, the City Engineer or the Fire Marshal is deemed by the Director of Public Works to be a "minor modification of an existing permit", as defined in Section 14.15.010.

I. No permit obtained under this Chapter shall excuse the permittee's obligation to obtain and comply with any other permit or license required by the City or any other regulatory agency. (ORD-23-0002 § 1, 2023; ORD-18-0031 § 2, 2018)

14.15.030 Parklet permit—Application filing and process.

A. A person desiring to occupy a public walkway and/or other right-of-way for providing a parklet shall file an application for such authorization with the City. The applications shall be on a form provided by the City or accessible from the City's website and shall be signed by the permittee or his/her duly authorized agent. Any person signing the application as an agent shall furnish a written authorization executed by the permittee designating the person signing the permit as the permittee's duly authorized agent for such purpose. Such authorization will remain in full force and effect until revoked by a written document signed by the permittee and filed with the City. Such application shall be accompanied by plans satisfactory to the City, which show in detail the proposed obstruction and method of securing it to public property including public infrastructure. The application shall be filed under penalty of perjury. False statements therein will constitute grounds for denial, suspension, or revocation as applicable. An incomplete application shall not be accepted for processing.

B. Change in contents. Any change in any information in the application which occurs after the application has been filed, and prior to City Council approval, if applicable, must be submitted in writing to the Director of Public Works within ten (10) calendar days after the change has occurred.

C. Review. On receipt of a complete application, the Director of Public Works shall refer it to all concerned City departments for review. Such departments shall file their comments and/or recommendations regarding the approval or denial of the permit with the Director of Public Works within thirty (30) days after the application is filed, except where circumstances beyond the control of the City justifiably delay such response.

D. Public Notice. After filing an application, a public notice shall be posted in such form as the Department of Public Works shall prescribe for at least thirty (30) days. Failure of any member of the public to see the notice shall not invalidate an action taken on the request for a parklet permit. The applicant shall pay all costs of such notice in the manner prescribed by the City's Director of Public Works.

The notice shall:

1. Be posted in a prominent place visible from the street frontage immediately adjacent to the proposed premises.

2. Include the contact information for the Department of Public Works printed near the bottom of the sign with detailed instructions on the method for submitting written support or opposition for the parklet permit application.

Written support or opposition shall be submitted in a form prescribed by the Department of Public Works. Written support or opposition shall be filed with the Department of Public Works prior to the issuance of a parklet permit.

E. Hearing.

1. Upon receipt of opposition as described in subsection (D) of section 14.15.030, the Director of Public Works shall transmit the application, together with the comments and recommendations of the City departments, to the City Council for hearing and shall notify the applicant and persons submitting written support or opposition for the parklet permit application of the date, time and place of the hearing which shall be held before the City Council on the first available hearing date.

2. Prior to scheduling the hearing, the Director of Public Works shall give the applicant notice of the recommendations of the City departments.

3. Notice of the time and place of the hearing shall also be given by posting notice at the property in a conspicuous location at the site of the proposed parklet. The applicant shall pay all costs of such notice in the manner prescribed by the City's Director of Public Works.

4. Where the Director of Public Works does not recommend approval of a permit, the Director of Public Works shall inform the applicant of the reason(s) for the denial in writing prior to the date the permit is scheduled for City Council consideration.

5. In issuing the permit, the City Council may impose conditions relating to the operation of the parklet. Conditions may relate to the location, design, and operations of the parklet. Conditions shall be listed on, or attached to, the permit. The City Council shall give the permittee an opportunity to review any proposed conditions and the City Council shall consider the input of the permittee prior to imposing those conditions.

6. Notwithstanding City Council approval of the application for the permit, the applicant shall not operate until a permit is actually issued by the Director of Public Works. Upon approval of the application, the Director of Public Works shall issue the permit, provided that the applicant has met all conditions imposed by any City department, has complied with all applicable laws, and has paid the applicable license tax and permit fees. The applicant shall have a maximum one hundred eighty (180) days after City Council approval to meet all applicable conditions. Failure to do so within that period shall render the City Council approval void, unless an extension of the compliance period is granted by the City Council before the compliance period has expired. (ORD-23-0002 § 2, 2023; ORD-18-0031 § 2, 2018)

14.15.035 Fees, refunds and security deposits.

A. Every applicant for a parklet permit under this Chapter shall pay to the City, before a permit is issued, an annual fee as adopted by the City Council by resolution and specified in the fee schedule.

B. Every applicant for a parklet permit under this Chapter shall pay to the City a security deposit in an amount equivalent to the permit fee or in such additional amount as determined by the City Engineer. Such security deposit shall be applied to the cost of repairing any damage to public property attributable to the permittee's use of public property. Any balance shall be "rolled over" until the permit is terminated or canceled, at which

time the security deposit shall be applied to the cost of restoring the public property to its prior condition and the remainder, if any, refunded to the permittee.

C. In the event that any permit issued pursuant to this Chapter is canceled because the permittee has violated a condition of his or her permit or any regulation or law, or because the permittee no longer owns or controls the property directly abutting the portion of the public walkway or other right-of-way upon which the obstruction is located, no portion of a permit fee paid by him or her shall be refunded. If the permit is canceled by the City for any other reason, the unearned portion of the permit fee shall be refunded. (ORD-18-0031 § 2, 2018)

14.15.040 Parklet standards.

The parklet standards for location, design and operations shall comply with the City of Long Beach Sidewalk Dining and Parklets Handbook to be made available by the City. The Director of Public Works and/or City Engineer may require additional conditions for the location, design and operation of the parklet. In addition, any parklet subject to the terms of this Chapter shall conform to all of the following requirements:

A. The minimum width of the public walkway directly adjoining the parklet shall be not less than five feet (5'), and such obstructions must permit at least five feet (5') of unobstructed area of public walkway, unless otherwise approved by the City Engineer on the basis of the considerations specified in this Chapter;

B. The obstruction shall not be located in a manner which interferes with the flow of pedestrian or other traffic, or which creates a potential threat to public safety, as determined by the City Engineer or Fire Marshal;

C. The obstruction shall be kept in a good state of repair and in a safe, sanitary and attractive condition;

D. Such obstruction shall be located in a manner which will not interfere with visibility, vehicular or pedestrian mobility or access to City or public utility facilities and will not compromise the safe use of any public walkway or other right-of-way. Permitted locations shall be determined by the City Engineer after consideration of the above and other relevant factors in relation to the proposed site. The City Engineer may, in his or her discretion, place additional conditions upon the issuance of such permit in order to ensure the protection of the public health and welfare and public property.

E. Minor modifications to these standards may be made by the Director of Public Works to an existing permit in good standing. (ORD-18-0031 § 2, 2018)

14.15.045 Parklet dining permits and entertainment permits.

A. No person may occupy or cause to be occupied any portion of the public walkway or other right-of-way for the purpose of providing dining or entertainment within a parklet except as permitted by this Chapter or as elsewhere provided for in this Code.

B. Permits to occupy a portion of the public walkway or other right-of-way for the purposes of dining or entertainment within a parklet may contain restrictions for hours of the day or days of the week during which dining or entertainment may occur within the parklet as determined or modified by the Director of Public Works in his or her discretion.

C. In addition to the other requirements set forth in this Chapter, permits to occupy a portion of the public walkway or other right-of-way for the purpose of dining or entertainment within a parklet shall conform to all of the following standards:

1. All dining or entertainment areas shall be defined by placement of sturdy barriers, not to exceed forty-eight inches (48") in height, as approved by the City Engineer.

2. All accessories to dining or entertainment uses such as plants or planter boxes, umbrellas, podiums, menu boards, musical equipment and heaters must be located inside the barrier.

D. All dining and entertainment which takes place on the public walkway or other right-of-way

within a parklet shall conform to the requirements of Chapter 8.80 of this Code regarding noise. Complaints regarding noise shall be logged by City staff and may be the basis for suspension, cancellation, or nonrenewal of a permit.

E. The permittee shall be responsible for cleaning the public walkway and other right-of-way occupied by a dining or entertainment area within a parklet, as well as any public property adjacent to the parklet.

F. Canopy structures, including overhead structures and windbreaks, are permitted, provided such structures are approved as part of a parklet permit and are consistent with any approved master plan applicable to the installation and the design guidelines. Such structures must comply with all applicable laws and regulations, including, but not limited to, all fire, health, and building code regulations. Signage on or adjacent to a canopy structure shall be limited to business identification signs and shall be included in the calculation of total signage permitted pursuant to Chapter 21.44 of this Code.

G. Temporary banners, not exceeding the height of the barrier and attached to the barrier facing the public sidewalk are permitted for a two (2) week period no more than four (4) times per year. Banners shall not be attached to the street facing sides of a parklet.

H. Menu boards must be portable, located within the dining area, and must not exceed five feet (5'), six inches (6") tall. Menu boards may be either a single pole pedestal of painted metal or a board attached to the inside of the barrier, parallel to the barrier.

I. A-frame signs, television monitors, and canopies are not permitted at any location beyond the permit area. (ORD-18-0031 § 2, 2018)

14.15.055 Entertainment on the public right-of-way.

A. No person shall perform or cause to be performed any entertainment activity on the public right-of-way without first obtaining a parklet permit which permits such entertainment.

B. In the downtown area, nonamplified outdoor entertainment is permitted from ten o'clock (10:00) a.m. until twelve o'clock (12:00) midnight each day. Amplified outdoor entertainment is permitted from five o'clock (5:00) p.m. to twelve o'clock (12:00) midnight Monday through Friday, except if such day is a holiday. Amplified outdoor entertainment is permitted from ten o'clock (10:00) a.m. to twelve o'clock (12:00) midnight on Saturday, Sunday and holidays.

C. This Section shall not apply to any holder of a permit issued pursuant to Chapter 5.60 or Section 14.04.070 of this Code. Nothing in this Section shall operate to modify any requirement of Chapters 3.80 or 5.72 of this Code. (ORD-18-0031 § 2, 2018)

14.15.060 Parklet permit—Failure to obtain.

A. Any person who occupies any public sidewalk or other right-of-way with any "obstruction," as defined herein, prior to obtaining a permit therefor, shall pay a fee double the fee calculated by the method prescribed in this Chapter.

B. The payment of the additional fee shall not relieve such person from the obligations imposed by this Chapter, or from penalties prescribed herein. (ORD-18-0031 § 2, 2018)

14.15.070 Indemnification of City.

A parklet permit issued under this Chapter shall provide that the permittee shall defend, indemnify, save and keep the City, its officers, agents and employees free and harmless from and against any and all claims for injury, damage, loss, liability, cost and expense of any name or nature whatsoever which the City, its officers, agents and employees may suffer, sustain, incur, or pay out as a result of any and all actions, suits, proceedings, claims and demands which may be brought, made or filed against the City, its officers, agents and employees, by reason of or arising out of, or in any manner connected with, any and all operations authorized or permitted by the permit. (ORD-18-0031 § 2, 2018)

14.15.080 Insurance.

A. Concurrent with the issuance of the permit, the permittee shall procure and maintain, at

its cost, during the term of the permit insurance as prescribed in regulations issued by the City Manager pursuant to Section 2.84.040.

B. Insurance required herein shall not be deemed to limit the permittee's liability under this permit.

C. Permittee shall keep the insurance in full force and effect during the term of any parklet permit issued pursuant to this Chapter. No permit granted pursuant to this Chapter shall be effective until the permittee has complied with all insurance requirements.

D. Any parklet permit so terminated may be reinstated only upon application therefor submitted and approved by the City and upon the payment of twenty dollars ($20.00) per day for every day on which no insurance was provided and also upon payment of all sums due and unpaid to the City under the provisions of this Chapter, as well as full indemnification during the uninsured period. (ORD-18-0031 § 2, 2018)

14.15.090 Default.

Upon the termination of the parklet permit by reason of the failure of the permittee to comply with the provisions of this Chapter, the City may notify the permittee in writing of the default and specify the time within which the default is to be remedied. If the permittee fails or refuses to remedy the default within the period of time specified, the right of permittee to use the public walkway or other right-of-way shall cease and the City shall have the right to remove the public walkway or other right-of-way obstruction as provided under this Chapter. The permittee shall reimburse the City for any expense incurred by the City in removing the obstruction. Should the permittee continue to use the public walkway or other right-of-way after the permit has been terminated and should the City file suit to restrain the use of the public walkway or other right-of-way by permittee, the permittee shall reimburse the City for its reasonable costs and expenses in connection therewith, including a reasonable attorney fee. (ORD-18-0031 § 2, 2018)

14.15.100 Revocation and nonrenewal.

A. The Director of Public Works or City Engineer may revoke, refuse to issue, or renew a parklet permit if such person has failed or refused:

1. To pay any fees for permits, security deposits or charges as established by the City Council;

2. To repair public improvements damaged as a result of the parklet occupancy of the public walkway or other right-of-way;

3. To comply with the terms of this Chapter or of a permit granted hereunder.

B. The Director of Public Works may also refuse to issue or renew a permit for providing a parklet in an area where such occupancy threatens the public health or safety, will be inconsistent with the public's use of the public walkway or other right-of-way, access needs or the use of any property located adjacent to the public walkway or other right-of-way. (ORD-23-0002 § 3, 2023; ORD-18-0031 § 2, 2018)

14.15.110 Appeal—City Council.

Except for minor modifications to an existing permit, any other determination or modification to a permit made by the Director of Public Works or City Engineer may be appealed to the City Council within ten (10) calendar days from the date of such determination or modification in the manner provided in this Section. Determinations or modifications to a permit made by the City Council shall be final.

A. The request for appeal shall be in writing, shall set forth the specific ground(s) on which it is based and shall be submitted to the Director of Public Works.

B. If the appeal is made by a permittee or any person other than the permittee, such appeal shall be accompanied by an appeal deposit in an amount determined by the City Council by resolution and specified in the fee schedule.

C. The City Council shall conduct a hearing on the appeal or refer the matter to a Hearing Officer, pursuant to Chapter 2.93 of this Code, within sixty (60) business days from the date the completed request for appeal was received by the Director of Public Works, except where good cause

exists to extend this period. The appellant shall be given at least ten (10) business days written notice of such hearing. The hearing and rules of evidence shall be conducted pursuant to Chapter 2.93 of this Code. The determination of the City Council on the appeal shall be final. (ORD-23-0002 § 4, 2023; ORD-18-0031 § 2, 2018)

CHAPTER 14.16 BENCHES

14.16.010 Definitions.

For the purposes of this Chapter, certain terms, phrases and words, shall be construed as set out in this Section:

A. "Bench" means a seat located upon public property along any public street for the accommodation of passersby or persons awaiting transportation.

B. "City" means the City of Long Beach.

C. "Street" means any public thoroughfare or way, including the curb, sidewalk, parkway, and any other public property. (Ord. C-5691 § 2 (part), 1981; prior code § 7531)

14.16.020 Compliance required.

No person shall install or maintain any bench on the streets and ways of the City without full compliance with the provisions of this Chapter and the rules and regulations of the City Council governing same. (Ord. C-5691 § 2 (part), 1981: prior code § 7531.1)

14.16.030 Permit required.

No person shall install or maintain any bench on any street without a permit therefor from the City Council. The City Manager or his designee shall have the authority to authorize and issue the permits, and to revoke any such issued permit in the event of any violation of any of the provisions of this Chapter or any regulation of the City Council made pursuant thereto. Any such revocation shall be subject to ratification of the City Council at its next regular meeting. (Ord. C-5691 § 2 (part), 1981; prior code § 7531.2)

14.16.050 Removal procedure.

A. Any bench on public property not permitted by this Chapter shall be removed by the owner of the bench within ten (10) days after receipt of written notice sent by registered or certified mail from the City Manager or his designee stating that the bench is not permitted and must be removed.

1. The owner of the bench, within ten (10) days of the receipt of the notice of removal, shall remove the bench or shall deliver an appeal in writing to the City Manager or his designee stating why the owner believes the bench should not be removed; and the matter then be set for hearing before the City Council at its next meeting, but not sooner than ten (10) days after receipt of the appeal.

2. The City Council shall hear any such appeal and shall make a determination that the bench should be removed, or not, and any action of the

City Council shall be final. Should the City Council find that the bench should be removed, the owner shall remove the bench within ten (10) days after the ruling of the City Council. Failure of the appellant or a duly appointed representative to appear at the hearing or to give good reason why the hearing should be postponed shall be sufficient grounds for the City Council to find that the bench shall be removed, as demanded by the City Manager or his designee.

3. If the owner of a bench fails to remove the bench within ten (10) days after receipt of due notice of removal, or order of the City Council, the City Manager or his designee shall cause the bench to be removed and impounded. The owner of the bench shall be notified that the bench has been impounded.

4. Within sixty (60) days of the impoundment of a bench, the owner of the bench may recover the bench by paying to the City an impoundment fee and storage fee as determined by the City Council by resolution for each thirty (30) days, or fraction thereof, the bench has been impounded. The fees shall apply to each bench removed, impounded, and stored.

B. If the owner of a bench cannot be ascertained, then written notice shall be attached to any nonpermitted bench, stating the bench is not permitted and must be removed. No person shall remove the notice while the bench is placed on City streets without a permit as required by Section 14.16.030.

1. Within ten (10) days of the posting of the notice, the owner shall either remove the bench or appeal to the City Council in the manner set forth in Subsection 14.16.050.A.1 of this Section. In the event the owner does not so remove the bench, or appeal to the City Council, the City Manager or his designee shall cause the bench to be removed and impounded.

2. Any bench so impounded may be recovered by the owner within sixty (60) days after the impoundment thereof by paying the office of the City Council the fees set forth in Subsection 14.16.050.A.4 of this Section.

C. Within sixty (60) days after the impoundment of any bench, the owner may appeal to the City Council for hearing. The City Council, after hearing and showing of good cause therefor, may allow the recovery of any impounded bench without payment of the impoundment fees or payment of reduced impoundment fees and in accordance with such other conditions as the City Council may impose.

D. In the event a bench has been stored sixty (60) days and no appeal has been made to the City Council, or the owner of the bench has not complied with the order of the City Council following the appeal, the bench shall become the property of the City and the City may use or dispose of the bench in a manner deemed appropriate.

E. Any order by the City Council in regard to the removal of any bench shall be final. (ORD-10-0014, § 20, 2010; Ord. C 5691 § 2 (part), 1981; prior code § 7531.4)

14.16.060 Rules and regulations.

The City Council shall have authority to establish rules and regulations governing the size, weight, type of construction, placement, identification markings, maintenance standards of benches, and such other rules and regulations as necessary to carry out the provisions of this Chapter. (Ord. C 5691 § 2 (part), 1981; prior code § 7531.5)

14.16.070 Enforcement.

The City Council shall enforce the provisions of this Chapter and shall have complete authority over the installation and maintenance of benches, subject to the provisions of this Chapter. (Ord. C 5691 § 2 (part), 1981; prior code § 7531.6)

14.16.080 Insurance.

At all times permittee shall defend, indemnify, and hold harmless the City, its officials, employees and agents from and against all claims, demands, damage, causes of action, proceedings, loss, liability, costs and expenses (including reasonable Attorney fees) of any kind (collectively in this Section, "claim") alleging injury to or death of persons

or damage to property and that such injury, death or damage arises from or is attributable to or caused by the installation and maintenance of any bench or benches authorized pursuant to this Chapter. Permittee shall procure and maintain, at its sole cost, during the term of the permit and any renewals thereof insurance as prescribed in regulations issued by the City Manager pursuant to Section 2.84.040. (Ord. C 7934 § 19, 2004: Ord. C 7214 § 1, 1994: Ord. C 5691 § 2 (part), 1981: prior code § 7531.7)

14.16.090 Standards for issuance of bench permits.

Privately owned benches placed within the public right-of-way intended for the use of the general public shall adhere to the standards set forth in this Section. This Section shall not apply to benches placed by public transit agencies intended primarily for the use of bus transit passengers.

A. Bench permits shall specify location of benches on the public walkways. Benches shall be located in a manner which will not interfere with vehicle and pedestrian visibility, pedestrian use of the sidewalk, the use of any building exits, or access to public utility, fire protection equipment, or other City facilities.

B. Bench permits shall only be issued to owners and/or lessees of the property directly abutting the portion of the public street upon which the bench is proposed to be placed. Approved benches shall be placed immediately adjacent to the privately owned property, or as otherwise approved by the Director of Public Works.

C. The minimum clear distance from any point on the bench to the vertical plane of the curb face, measured parallel to the sidewalk, shall be seven feet (7') Where other obstructions exist in the vicinity of the bench area, a minimum clear horizontal distance of seven feet (7') shall be maintained between the bench and any obstructions.

D. Benches may not be located within five feet (5') of an intersecting street (measured to the prolongation of the near property line of the intersecting street) or within five feet (5') of a driveway or alley (measured to the nearest portion of an apron type driveway or to the beginning curb return of the near curb of the driveway).

E. Local business associations shall be encouraged to establish a uniform bench style for benches located in their association areas. Bench design must be aesthetically pleasing and consistent with neighborhood character.

F. Benches permitted under this Chapter shall be well constructed of high quality materials and kept in a sanitary condition and good state of repair. Benches may not be upholstered or cushioned. Benches shall have a maximum back height of three feet (3'), a maximum length of six feet (6'), and a maximum weight of two hundred fifty (250) pounds, unless otherwise approved by the Director of Public Works, where such variation would be reasonable and appropriate in the specific circumstances and would not compromise public health, safety or welfare.

G. Bench proposals shall be submitted with a photograph or manufacturer's drawing of the bench and bench specifications including dimensions (length, depth, height), weight, and manufacturer's name and model number. Prior to the issuance of a permit and the installation of the bench, the proposed bench shall be reviewed as to sufficiency for public use by the Department of Public Works.

H. No signage, advertising, or business logos shall be readily visible to passersby. Bench owners shall identify their benches with their name and mailing address on the back or the underside of the bench. Use of benches by the general public may not be limited or prohibited.

I. Bench permits may be suspended or revoked by the City in the interest of the public safety and convenience, including, but not limited to, such circumstances as sidewalk cleaning or construction activities, installation of conflicting utility or streetscape facilities, and complaints regarding obstruction and/or interference with public use.

J. When a bench is removed from the public right-of-way, by order of the City, or otherwise, the surface of the sidewalk shall be restored to its original condition or better, to the satisfaction of

the Director of Public Works. (Ord. C-7214 § 2, 1994)

CHAPTER 14.20 NEWSRACKS

14.20.010 Definitions.

A. For the purposes of this Chapter, the terms "exhibit", "harmful matter", "knowingly", "matter", "minor", and "person" shall each have that definition ascribed to it in California Penal Code Section 313, as it may be amended from time to time.

B. "Newsrack" means any self-service box or container installed or located in the public right-of-way and intended to be used for the distribution of printed material, with or without charge. A newsrack may be a single unit or a publication container which rests on or is affixed to the uppermost surface of a newsrack base.

C. "Newsrack base" means a pedestal or other device on which a publication container rests or is affixed.

D. "Parkway" means that area between the sidewalks and the curb of any street, and where there is no sidewalk, that area between the edge of the roadway and the property line adjacent thereto. Parkway also includes any area within a roadway which is not open to vehicular travel.

E. "Pilot program", for the purposes of this Chapter, means a temporary program in a defined area which is subject to periodic review by the City Council.

F. "Roadway" means that portion of a street improved, designed or ordinarily used for vehicular travel.

G. "Sidewalk" means any surface provided for the exclusive use of pedestrians.

H. "Street" means all that area dedicated to public use purposes and includes, but is not limited to, roadways, parkways, alleys and sidewalks.

I. "Standard pilot program newsrack" means a newsrack which meets the standards set for a pilot program. (Ord. C-7929 § 1, 2004)

14.20.020 Roadway obstruction prohibited.

No person shall install, use or maintain any newsrack or other structure which projects onto, into or over any part of the roadway of any public street, or which rests, wholly or in part, upon, along or over any portion of the roadway of any public street. (Ord. C-7929 § 1, 2004)

14.20.030 Obstruction of sidewalk use prohibited.

No person shall install, use or maintain any newsrack which in whole or in part rests upon, in or over any public sidewalk or parkway, when such installation, use or maintenance endangers the safety of persons or property, or when the site or location is used for public utility purposes, public transportation purposes or other governmental use, or when the newsrack interferes with or impedes the flow of pedestrian or vehicular traffic, including any legally parked or stopped vehicles, the ingress into or egress from any residence or place of business, or the use of poles, posts, traffic signs or signals, hydrants, mailboxes, or other objects permitted at or near the location, or when the newsrack interferes with the cleaning of any sidewalk by the use of mechanical sidewalk cleaning machinery. (Ord. C-7929 § 1, 2004)

14.20.040 Placement regulations.

Any newsrack which in whole or in part rests upon, in or over any public street, shall comply with following standards:

A. No newsrack shall exceed five feet (5') in height, thirty inches (30") in width, or two feet (2') in thickness.

B. Newsracks shall only be placed near a curb or adjacent to the wall of a building. Newsracks placed near the curb shall be placed no less than eighteen inches (18"), nor more than twenty-four inches (24") from the edge of the curb. Newsracks placed adjacent to the wall of a building shall be placed parallel to the wall and not more than six inches (6") from the wall. No newsracks shall be placed or maintained on the sidewalk or parkway opposite a newsstand or another newsrack.

C. No newsrack shall be chained, bolted or otherwise attached to any property not owned by the owner of the newsrack or to any permanently

fixed object, except with the written permission of the owner of such property or permanently fixed object.

D. Newsracks may be chained or otherwise attached to one another; however, no more than three (3) newsracks may be joined together in this manner, and a space of no less than eighteen inches (18") shall separate each group of three (3) newsracks so attached. For the purposes of determining how many newsracks may be attached to one another or placed adjacent to one another, the following shall apply:

1. Each unit consisting of one (1) publication container and one (1) newsrack base, or incorporating both functions in one (1) unit, shall be considered one (1) newsrack.

2. Two (2) publication containers stacked vertically and sharing one (1) newsrack base shall be considered one (1) newsrack.

3. If two (2) or more publication containers are joined horizontally, each publication container shall be considered to be one (1) newsrack.

E. No newsrack or group of attached newsracks allowed under Subsection 14.20.040.D shall weigh, in the aggregate, in excess of one hundred twenty-five (125) pounds when empty.

F. Notwithstanding the provisions of Section 14.20.020, no newsrack shall be placed, installed, used or maintained:

1. Within three feet (3') of any marked crosswalk;

2. Within fifteen feet (15') of the curb return of any unmarked crosswalk;

3. Within three feet (3') of any fire hydrant, fire call box, police call box or other emergency facility;

4. Within three feet (3') ahead of, and fifteen feet (15') to the rear of any sign marking a designated bus stop;

5. Within three feet (3') of any bus bench;

6. At any location whereby the clear space for the passageway of pedestrians is reduced to less than six feet (6');

7. Within one foot (1') of any area improved with lawn, flowers, shrubs or trees or within one foot (1') of any display window of any building abutting the sidewalk or parkway or in such manner as to impede or interfere with the reasonable use of such window for display purposes.

G. No newsrack shall be used for advertising signs or publicity purposes other than that dealing with the display, sale or purchase of the newspaper or news periodical sold therein.

H. Each newsrack shall be maintained in a clean, neat and attractive condition and in good repair at all times. Cleaning and maintenance shall be performed in a manner which complies with all applicable laws and regulations.

I. No person shall knowingly cause any publication offered for sale from a newsrack placed or maintained on a public street to be displayed or exhibited in a manner which exposes to public view by minors any harmful matter, as defined in Penal Code Section 313, as it may be amended from time to time. (Ord. C-7929 § 1, 2004)

14.20.050 Identification required.

A. Every person or other entity which places or maintains a newsrack on the streets of the City shall have his or its name, address and telephone number affixed thereto in a place where such information may be easily seen.

B. Every person or other entity which places or maintains one (1) or more newsracks on the streets of the City shall notify the City of Long Beach Department of Public Works prior to the initial placement, or within thirty (30) days of the effective date of this ordinance as amended, providing the name of the responsible party, the name of the publication(s) to be placed, and an email address for contacting the responsible party. This email address shall only be used for notifications of required newsrack maintenance instances and changes to the Long Beach City Municipal Code regarding newsracks. Whenever names of publications are changed or added to, the City shall be notified. The City shall be notified of any change to an email point of contact within five (5) business days of such change. (ORD-11-0014, § 1, 2011; Ord. C-7929 § 1, 2004)

14.20.060 Violation—Removal.

Any newsrack installed, used or maintained in violation of the provisions of this Chapter may be

removed and stored in any convenient place by the City Manager or a City officer or employee designated by him, but only upon notice first served on the owner by attaching to the newsrack a written citation reciting the violation. Notice of the violation shall also be transmitted by electronic mail to the electronic mail address currently on file with the Director of Public Works in compliance with Section 14.20.050. If the owner fails to cure the violation within five (5) business days of service of violation, or if the owner fails to request a hearing as provided in Section 14.20.080, as to whether the newsrack is in violation of this Chapter, the City Manager or his designee shall remove and store the newsrack in a convenient place. Upon failure of the owner to claim the newsrack and pay the expenses of removal and storage within thirty (30) days after such removal, the newsrack shall be deemed to be unclaimed property in possession of the Police Department and may be disposed of pursuant to the provisions of Section 2.78.020. Any newsrack found in such condition to present a hazard to public safety will be removed by the City Manager or his designee immediately. (ORD-11-0014, § 2, 2011; Ord. C-7929 § 1, 2004)

14.20.070 Violation—Restoration to compliance.

In the case of violations of the section relative to restrictions upon attachments of newsracks to property other than that owned by the owner of the newsrack, to fixed objects or each other, and upon location of newsracks, any public body or officer may, as an alternative to removal under Section 14.20.060, remove the attachment and/or move the rack or racks in order to restore them to a legal condition. (Ord. C-7929 § 1, 2004)

14.20.080 Appeal—Director of Public Works.

Any owner of a newsrack alleged to be in violation of this Chapter may, within five (5) business days of service of notice of violation as provided in Section 14.20.060, request in writing a hearing before the Director of Public Works of the City or his designee for the purpose of determining whether the newsrack of the owner is in fact in violation of this Chapter. The written request for hearing shall be filed with the Director of Public Works within the time provided and the hearing thereon shall be conducted not less than five (5), nor more than ten (10) days following the date of filing the request for hearing. The Director of Public Works or his designee shall notify the owner by mail of the time and place of the hearing. At the conclusion of the hearing, or within five (5) days thereafter, the Director of Public Works or his designee shall find and determine from the facts established at the hearing whether or not the newsrack is in fact in violation of this Chapter and is to be impounded. The Director of Public Works or his designee shall notify the owner of his or her decision and order by mail if the decision is not made at the conclusion of the hearing and in the presence of the participants to the hearing. (ORD-11-0014, § 3, 2011; Ord. C-7929 § 1, 2004)

14.20.090 Appeal—City Council.

Any owner may, within ten (10) days after the mailing of the notice of decision and order of the Director of Public Works, appeal the decision and order to the City Council in the manner provided in this Section.

A. The appeal shall be in writing, shall state the legal and factual basis upon which the appeal is to be based and shall be filed with the Director of Public Works. The Director of Public Works shall forward the appeal, together with a copy of the decision and order, to the City Clerk.

B. Upon receipt of the appeal and decision and order, the City Clerk shall place the matter upon the agenda for the next meeting of the City Council. Upon the filing of the appeal before the City Council, the City Council shall fix a time and place for the hearing on appeal. Such time shall be fixed for a day not later than thirty (30) days after the date of filing the appeal. A notice of the time and place of the hearing on appeal shall be sent to the owner or his or her designated agent.

C. At the hearing on appeal, the owner shall be given an opportunity to present competent, relevant and material evidence relating to the question as to whether or not the decision and order of

the Director of Public Works should be affirmed or reversed. The hearing on appeal shall be conducted in accordance with the provisions of Chapter 2.93.

D. The decision of the City Council may be rendered orally or in writing at the conclusion of the hearing or at any time thereafter, and the decision shall be final. In the event the decision is rendered at the hearing, no further notice thereof needs to be given to the owner or any other person. If the decision is not rendered at the hearing, written notice of the decision shall be mailed to the owner or his or her designated agent. (Ord. C-7929 § 1, 2004)

14.20.100 Violation—Summary removal.

Any newsrack installed, used or maintained in violation of the provisions of Sections 14.20.080 and 14.20.090 shall be summarily removed and stored in any convenient place by the City Manager or a City officer or employee designated by him or her. Upon failure of the owner to claim the newsrack and pay the expenses of removal and storage within thirty (30) days after removal, the newsrack shall be deemed to be unclaimed property in possession of the Police Department and may be disposed of pursuant to provisions of Section 2.78.020. (Ord. C-7929 § 1, 2004)

14.20.200 Belmont Shore pilot program area—Additional requirements.

A. The Belmont Shore pilot program area consists of Second Street between the centerline of Livingston Avenue and the easterly line of Bay Shore Avenue, including the intersecting cross streets between those westerly and easterly limits, from Second Street to the nearest intersecting alley or street line, both northerly and southerly of Second Street.

B. In addition to the requirements set forth in Sections 14.20.010 through 14.20.100 above, the following additional requirements shall apply in the Belmont Shore pilot program area:

1. The standard pilot program newsrack shall have a flat top surface and shall not exceed forty-eight inches (48") in height, twenty-five inches (25") in depth (perpendicular to the curbline) or twenty-five inches (25") in width (parallel to the curbline), either the publication container and newsrack base manufactured by the K-Jack Engineering Company, model series 50, or an approved equal publication container and newsrack base, as determined by the City Engineer. The standard pilot program project newsrack shall be painted a color equivalent to K-Jack Engineering Company's "valley blue" (stock color number 3312) Nonconforming colors shall be limited to the display areas provided on the front and back of the standard pilot program newsrack.

2. The City Engineer shall maintain and make available for inspection a list of newsracks determined to be approved equal products of the standard pilot program newsrack.

3. Newsracks within the pilot program area which do not conform to the requirements of this Section at any time shall be subject to the enforcement provisions of this Chapter.

4. Notwithstanding other references in this Code to the prohibition of the fastening of equipment or structures to the public right-of-way, newsracks within the Belmont Shore pilot program area must be bolted to the sidewalk pursuant to the requirements and under the direction of the City Engineer.

5. In the event of a conflict between the requirements of this Section and the general requirements for newsracks contained elsewhere in this Chapter, this Section shall control in the Belmont Shore pilot program area.

C. This Section shall remain in effect until revoked by City Council. (ORD-13-0001, § 1, 2013; ORD-08-0009 § 1, 2008; ORD-07-0028 § 1, 2007; ORD-06-0023 § 1, 2006; ORD-05-0017 § 1, 2005; Ord. C-7929 § 1, 2004)

14.20.210 Downtown pilot program area.

A. Both sides of Ocean Boulevard and the area to the north up to and including both sides of Tenth Street, lying on either side and/or east of Golden Avenue and lying on either side of or west of Alamitos Avenue, except for that area north of Fourth Street and west of Pacific Avenue AND

except for that area north of Fourth Street and east of Long Beach Boulevard. Note that both sides of Fourth Street, Pacific Avenue and Long Beach Boulevard within the above-defined limits are included within the downtown pilot program area.

B. In addition to the requirements set forth in Sections 14.20.010 through 14.20.100 of this Chapter, the following additional requirements shall apply in the downtown pilot program area:

1. All newsracks within the downtown pilot program area shall be either the K-Jack 100 flat top model or an approved equal. The total height of the newsrack shall not exceed forty-eight inches (48") The City Engineer in his or her sole authority shall determine what constitutes an approved equal of the items specified in this Section.

2. Plastic newsracks are prohibited.

3. The City Engineer shall maintain and make available for inspection a list of newsracks determined to be approved equal products of the standard pilot program newsrack.

4. Notwithstanding other provisions in this Section to the minimum spacing required between newsracks, in the downtown pilot program area, the minimum spacing between two (2) single newsracks, between a single newsrack and a group of newsracks, or between two (2) groups of newsracks shall be five feet (5').

5. Newsracks within the pilot program area which do not conform to the requirements of this Section shall be subject to the enforcement provisions of this Chapter.

6. In the event of a conflict between the requirements of this Section and the general requirements for newsracks contained elsewhere in this Chapter, this Section shall control the downtown pilot program area.

C. This Section shall remain in effect until revoked by the City Council. (ORD-11-0014, § 4, 2011; ORD-06-0047 § 1, 2006; ORD-05-0016 § 1, 2005: Ord. C-7929 § 1, 2004)

14.20.220 Naples Island pilot program area—Additional requirements.

A. The Naples Island pilot program area consists of both sides of Second Street from the Toledo to Appian Way.

B. In addition to the requirements set forth in Sections 14.20.010 through 14.20.100 of this Chapter, the following additional requirements shall apply in the Naples Island pilot program area:

1. All newsracks within the Naples Island pilot program area:

a. Shall be K-Jack flat top model or an approved equal, and shall be mounted on a single pedestal;

b. Shall be limited to no more than two (2) groups of three (3), within forty-five (45) linear feet of the sidewalk; and

c. Each group of newsracks shall be separated by at least five feet (5').

2. The City Engineer shall maintain and make available for inspection a list of newsracks determined to be approved equal products of the standard pilot program newsrack.

3. Newsracks within the pilot program area which do not conform to the requirements of this Section at any time shall be subject to the enforcement provisions of this Chapter.

4. Notwithstanding other references in this Code to the prohibition of the fastening of equipment or structures to the public right-of-way, newsracks within the Naples Island pilot program area must be bolted to the sidewalk pursuant to the requirements and under the direction of the City Engineer. Where the sidewalk is composed of shallow pavers on a sand base, newsracks shall not be bolted, but shall be placed on a self-supporting platform, all to the satisfaction of the City Engineer.

5. In the event of a conflict between the requirements of this Section and the general requirements for newsracks contained elsewhere in this Chapter, this Section shall control the Naples Island pilot program area.

C. This Section shall remain in effect until revoked by City Council. (ORD-13-0001, § 2, 2013; ORD-08-0037, § 1, 2008)

14.20.300 Queens Way Bay newsrack program area—Additional requirements.

A. The Queens Way Bay newsrack program area consists of that area lying south of the south

curb face of Shoreline Drive, east of the east curb face of Queens Way, west of the westerly boundary of the Shoreline Village lease area, and north of the water's edge, as shown on a map on file in the office of the City Engineer.

B. The following requirements shall apply in the Queens Way Bay newsrack program area:

1. The standard pilot program newsrack shall have a flat top surface and shall not exceed forty-eight inches (48") in height, twenty-five inches (25") in depth (perpendicular to the curb line) or twenty-five inches (25") in width (parallel to the curb line), either the publication container and newsrack base manufactured by the K-Jack Engineering Company, model series 50, or an approved equal publication container and newsrack base, as determined by the City Engineer. The standard pilot program project newsrack shall be painted a color equivalent to K-Jack Engineering Company's "valley blue" (stock color number 3312). Nonconforming colors shall be limited to the display areas provided on the front and back of the standard pilot program newsrack.

2. The City Engineer shall maintain and make available for inspection a list of newsracks determined to be approved equal products of the standard pilot program newsrack.

3. Notwithstanding other references in this Code to the prohibition of the fastening of equipment or structures to the public right-of-way, newsracks within the Queens Way Bay newsrack program area must be bolted to the sidewalk pursuant to the requirements and under the direction of the City Engineer.

4. In the event of a conflict between the requirements of this Section and the general requirements for newsracks contained elsewhere in this Chapter, this Section shall control in the Queens Way Bay newsrack program area.

5. In addition to complying with the placement regulations of Section 14.20.040, newsracks within the Queens Way Bay newsrack program area shall be limited to the following locations:

a. On the sidewalk along the south side of Shoreline Drive, east of its intersection with Pine Avenue Circle, no less than sixty-five feet (65'), nor more than eighty-three feet (83') east of the easterly curb of Pine Avenue and its prolongation northerly, measured parallel to the Shoreline Drive curb, and no less than three feet (3'), nor more than five feet (5') from the edge of that curb.

b. On the sidewalk of the Pine Avenue Circle, easterly of the northerly prolongation of the east side of the boardwalk, and southwesterly of the nearest streetlight standard, no less than two feet (2'), nor more than four feet (4') from the edge of that curb.

c. On the westerly sidewalk of the Pine Avenue Circle, northerly of the easterly prolongation of the most southerly line of parcel 3 of parcel map 25804, and southerly of the nearest streetlight standard to the north, no less than two feet (2'), nor more than four feet (4') from the edge of that curb.

d. On the public sidewalk at the southwesterly intersection of Shoreline Drive and Pine Circle, easterly of the northwest edge of paving and northerly of the east-west edge of paving, at that intersection.

e. East of the edge of paving of that brick paved area south of the west end of the east branch of Aquarium Way (east of the circle fountain), and north of floating dock 2, lying between the two (2), two-walled utility enclosures, no more than eighteen feet (18') distant from, nor less than eight feet (8') distant from, the most westerly point of the east utility enclosure, and no more than four feet (4') distant from the edge of paving.

f. On the sidewalk along the north side of the west branch of Aquarium Way (west of the circle fountain), westerly of the crosswalk leading from the southeast or main entrance to the Aquarium Circle parking garage, no more than fifteen feet (15') distant from the westerly line of that crosswalk, and no less than two feet (2'), nor more than four feet (4') from the edge of the curb.

g. On the sidewalk along the south side of the west branch of Aquarium Way (west of the circle fountain), westerly of the crosswalk leading from the southeast or main entrance to the Aquarium Circle parking garage, no more than twelve feet

(12') distant from the westerly line of that crosswalk, and no less than two feet (2'), nor more than four feet (4') from the edge of the curb.

h. Northerly of the northeasterly wall of the Long Beach Anglers building at Pierpoint Landing, such wall being concave northeasterly, and easterly of the main entrance, no more than three feet (3') from the surface of that northeasterly wall adjacent to the entrance.

i. At the circular stair terminus of the Promenade Bridge south of Shoreline Drive, adjacent to the northwesterly surface of the most southwesterly outer radial wall segment of the terminus, such wall segment bearing approximately south forty-five (45) degrees west of the terminus center, no more than three feet (3') from the northwesterly surface.

j. At the circular stair terminus of the Promenade Bridge south of Shoreline Drive, adjacent to the northeasterly surface of the most southeasterly outer radial wall segment of the terminus, such wall segment bearing approximately south forty-five (45) degrees east of the terminus center, no more than three feet (3') from the northeasterly surface. (Ord. C-7929 § 1, 2004)

CHAPTER 14.24 RAILROADS OBSTRUCTING STREETS

14.24.010 Blocking crossings prohibited.

No person shall allow any locomotive engine, railroad train, electric train, car or cars or other vehicle operated by steam or electricity on railroad tracks to stand on any street crossing for a greater length of time than five (5) minutes, or to remain standing on any track, sidewalk or switch located on or along any public street or other public place for a greater length of time than twenty (20) minutes; provided, however, that freight cars may be permitted to stand on sidetracks and switches for the purpose of unloading building materials and materials for street improvement upon obtaining a written permit from the Director of Public Service so to do; and provided further, that freight cars may be permitted to stand on sidetracks and switches in front of and immediately contiguous to freight depots then being used as such and on commercial sidetracks constructed for, and in use by, business enterprises. (Prior code § 7534.3)

14.24.020 Offensive substance discharge prohibited.

No person shall load, unload, discharge or deposit upon or along the line of any railroad or along any public street or other public place any manure, offal or other offensive or nauseous substance or allow any car or wagon having therein or thereupon any such substances to remain or stand upon or along any railroad or upon or along any public street or other public place. (Prior code § 7534.4)

14.24.030 Discharging steam on streets prohibited.

No person shall expel, discharge or blow off any steam or other mist forming vapor from any locomotive engine into, upon, along or across any public street. (Prior code § 7534.5)

14.24.040 Unnecessary noise.

No person shall allow the ringing of engine bells and the blowing of engine whistles when not in motion and unnecessarily. (Prior code § 7534.6)

14.24.050 Freight car switching hours.

No person shall switch any freight car or freight cars except between the hours of 7:00 a.m. and 11:00 a.m. of any day; provided, that the provisions of this Section shall not apply to the switching of freight cars in any industrial district. (Prior code § 7534.7)

14.24.060 Crossing signal resolution—Authorized.

Whenever, in the opinion of the Council, the public safety or welfare may require the stationing of flagmen or the placing of automatic warning signals or signal bells in, at or upon any street or streets crossed by the tracks of any railroad company or companies, the Council may adopt a resolution of necessity finding and determining that

the public safety and welfare so require the stationing of such flagmen or the placing of such automatic warning signals or signal bells designating the streets crossed by the tracks of the railroad company or companies and in, at or which the flagmen are to be stationed or the automatic warning signals or signal bells are to be placed, naming the railroad company or companies the tracks of which cross the streets mentioned, describing generally the number, type and location of automatic warning signals or signal bells to be placed or the number of flagmen to be stationed at each such crossing and the hours during which the flagmen shall be maintained, and fixing a day and hour not less than fifteen (15) days from the date of the adoption of the resolution at which the railroad company or companies may appear before the Council and show cause why the Council should not order the stationing of the flagmen or the placing of the automatic warning signals or signal bells. Any number of streets and any number of railroad companies may be included in the same resolution. (Prior code § 7534.8)

14.24.070 Crossing signal resolution—Copy service.

A certified copy of the resolution of necessity shall be served upon each of the railroad companies named therein in the same manner as the service of a summons, at least five (5) days prior to the date set therein at which the railroad company or companies may appear and show cause. (Prior code § 7534.9)

14.24.080 Crossing signal resolution—Appeal hearing.

At the day and hour mentioned in the resolution of necessity, the railroad company or companies may appear before the Council and show cause, if they have any, why the Council should not order the stationing of flagmen or the placing of automatic warning signals or signal bells as described in the resolution of necessity. At such time the Council shall hear the railroad company or companies and all persons interested therein. (Prior code § 7534.10)

14.24.090 Crossing signal resolution—Compliance—Order.

If upon the hearing provided for in the resolution of necessity, or at any time to which the same may be continued, the Council finds and determines, by order entered upon its minutes, that the cause shown by the railroad company or companies, or any persons interested therein, if any, is not sufficient and that the stationing of the flagmen or the placing of the automatic warning signals or signal bells or any part thereof should be ordered, then, at any time within ninety (90) days thereafter, the Council may adopt a resolution ordering the railroad company or companies named in the resolution of necessity to station flagmen or place automatic warning signals or signal bells or any part thereof at the street crossings in accordance with the requirements of the resolution of necessity. (Prior code § 7534.11)

14.24.100 Crossing signal resolution—Compliance—Time limit.

A certified copy of the resolution ordering shall be served upon each of the railroad companies named in the resolution of necessity in the same manner as the service of a summons, and thereafter the railroad company or companies shall station the flagmen within fifteen (15) days after the service of the certified copy of the resolution ordering, or shall commence, within the fifteen (15) days, and thereafter diligently prosecute to completion, the placing of the automatic warning signals or signal bells, as the case may be. (Prior code § 7534.12)

CHAPTER 14.28 TREES AND SHRUBS*

14.28.010 Definitions.

The following words, as used in this Chapter, have the significance attached to them in this Section, unless the context clearly requires a different meaning:

A. "Director of Public Works" or "Director" means the person having control of the Public Works Department of the City or his designated representative.

B. "Groundcover" means grass, turf, or perennial plants that normally grow horizontally so as to conceal the ground surface, and that do not exceed eight inches (8") in height, and that will tolerate light pedestrian traffic.

C. "Maintain" means to prune, spray, brace, stake, treat for disease or injury, or perform other work to promote the life, growth, health or beauty of trees or shrubs, but does not include the watering or fertilizing of such plants.

D. "Recommended tree" means a tree designated or determined by the Director of Public Works to be the best suited to plant in a given location due to certain desirable characteristics of appearance, growth, root structure and adaptability to local conditions.

E. "Shrub" means and includes any woody vegetation or a woody plant having multiple stems and bearing foliage from the ground level up.

F. "Tree" means and includes any woody plant, normally having one (1) stem or trunk, bearing the foliage or crown well above ground level to heights of sixteen feet (16') or more upon maturity. (Ord. C-7642 § 1, 1999: prior code § 7510)

14.28.020 Planting.

The Director of Public Works shall regulate and control the planting or removal of trees planted along any City street. The Director shall designate the species, kind, number, spacing and method of planting.

No tree shall be planted closer than twenty-five feet (25') to another tree, or closer than fifteen feet (15') to any utility pole or light standard, or nearer than five feet (5') to any fire hydrant, water meter or gas meter, or closer than twenty feet (20') from the curb radius centers of any street intersection. No tree shall be planted in a planting strip which is less than thirty inches (30") in width between the sidewalk and curb, except that upon the approval of the Director of Public Works recommended trees designated by him may be planted in a planting strip between the sidewalk and curb which is less than thirty inches (30") in width but more than twenty-four inches (24") in width. (Ord. C-7642 § 2, 1999: prior code § 7510.1)

14.28.030 Maintenance—Public Works Department duties.

A. The Public Works Department will, except for watering and fertilizing, maintain, plant and remove all recommended trees planted along City streets. Trees planted along walks, lanes, or on City property, other than a public street right-of-way, will be maintained by the Public Works Department according to their classification, except that trees planted along alleys will not be maintained but will be removed when such trees are determined by the Director of Public Works to be a hazard or a public nuisance.

B. Trees planted along City streets shall be pruned to give a clearance of not less than twelve feet (12') over sidewalks and not less than sixteen feet (16') over streets as the size of the tree permits. (Ord. C-7642 § 3, 1999: prior code § 7510.2)

14.28.040 Maintenance—Permission required.

No person shall perform any maintenance except for watering or fertilizing on any tree planted along a City street or on any other City property except under emergency conditions and upon the written approval of the Director of Public Works. A person determined by the Director to be qualified may perform such special maintenance on such trees as the Director may approve. (Ord. C-7642 § 4, 1999: prior code § 7510.3)

*__State law reference__—Provisions on the planting of trees along public streets, Str. and H.C. § 22000 et seq.

14.28.050 Planting or removing—Conformance required.

No person shall plant, cut, trim, mutilate, prune, injure, remove, or in any way impair the growth of any tree growing in, on, or along any City street, or cause or permit the same to be done except as provided in this Chapter. (Prior code § 7510.4)

14.28.060 Planting or removing—Permit required.

No person may plant, cut, trim, prune, remove, or in any way interfere with the natural growth of any tree planted along City streets or on other City property without having first obtained a permit from the Director of Public Works to do such work. The Director may require any or all of the work approved by him to be performed under the supervision of the Public Works Department. (Ord. C-7642 § 5, 1999: prior code § 7510.5)

14.28.070 Open space around trunk.

No person shall place, or cause to be placed, any stone, cement or other substance about any tree planted along any street or on other City-owned property which shall impede the free entrance of water or air to the roots of the tree without leaving any open space of ground around the trunk of the tree of not less than eighteen inches (18") clearance all around. (Prior code § 7510.6)

14.28.080 Harmful substances prohibited.

No person shall deface, mutilate or attach or place any rope, wire, sign, poster, handbill or other thing to or on any tree growing along any City street or public place, or to cause any wire charged with electricity to come in contact with such tree; provided further, no person shall allow any brine, oil, liquid dye, salt or other substances injurious or harmful to plant life to lie, leak, flow, drip into or onto, or to come into contact with, the tree or the soil about the base of such plant. (Prior code § 7510.7)

14.28.090 Plantings in parking strip.

A. No person shall plant, or cause to be planted, any tree, shrub, plant or groundcover in the area between the sidewalk and curb, except as provided in this Chapter. Grass, turf or other groundcover plantings shall be permitted; provided, that such plantings shall not be allowed to attach themselves to or ascend the trunk of any tree. Planting, cutting, mowing, watering, fertilizing and all other maintenance of grass, turf or other groundcover in such parking strips will be performed by the adjacent property owner, subject to the restrictions in this Chapter.

B. Upon any violation of this Section, the Director of Public Works shall cause notice to be served upon the adjacent property owner requesting him to correct the violation. If, after seven (7) days after notice has been given, the violation has not been corrected, the Director is granted authority to provide for and enforce the removal of the violation by the Public Works Department. Costs incurred by the Public Works Department in removal or correction of the violation shall be billed to the adjacent property owner. (Ord. C-7642 § 6, 1999; prior code § 7510.8)

14.28.100 Protection during construction.

In the erection, alteration, construction or repairing of any building or structure, the owner thereof shall place, or cause to be placed, such guards around all nearby trees located along the street, alley, court or other public place as shall effectively prevent injury to them. (Prior code § 7510.9)

14.28.110 Nuisance abatement.

A. Any tree, shrub or plant located on private property infested with a disease or insects, which in the opinion of the Director of Public Works is infectious and may spread such disease or insects to other trees or shrubs in the City, shall constitute a public nuisance. The Director of Public Works shall cause notice to be served upon the property owner directing that the public nuisance be removed or abated within seven (7) days. If the public nuisance is not abated or removed within seven (7) days after notice is served, the Director is granted authority to direct public works employees to enter the property and spray, trim, prune,

treat or remove all or any part of the tree or shrub determined to be infested or to otherwise abate or cause to be abated the public nuisance.

B. Any tree or shrub, growing or standing on private property in such a manner that any portion thereof interferes with utility poles, lines, wires or electroliers lawfully erected, constructed or maintained along any public street, sidewalk, or restricts the flow of traffic or visibility of such street, sidewalks or intersections thereof to any person or persons lawfully using the same, or any such tree which has become diseased or weakened in such a manner as to be dangerous to persons lawfully using the streets or sidewalks, shall constitute a public nuisance. The Director of Public Works shall cause notice to be served upon the property owner directing that the public nuisance be abated or removed within seven (7) days. If the public nuisance is not abated or removed within seven (7) days after notice is served, the Director is authorized to abate or cause to be abated the public nuisance by trimming, pruning, cutting or removing all or such portion of the tree or shrub or plant as may be necessary to eliminate such interference, obstruction or condition.

C. Whenever it is necessary for the Director of Public Works to direct the use of City employees to abate, remove, or cause to be abated or removed, public nuisances as contained in this Section, he shall determine the cost of the work performed by the City employees and bill the property owner the cost of the work performed. (Ord. C-7642 § 7, 1999: prior code § 7510.10)

14.28.120 Interference with enforcement prohibited.

No person shall prevent, delay or interfere with the Director of Public Works, or any of his or her assistants, in the execution or enforcement of this Chapter; provided, however, that nothing in this Section shall be construed as an attempt to prohibit a public hearing, and providing further, that any person aggrieved by any act or determination of the Director of Public Works or his or her assistants in exercise of the authority granted in this Chapter shall have the right of appeal to the City Council whose decision, after public hearing of the matter, shall be final and conclusive. (Ord. C-7642 § 8, 1999: prior code § 7510.11)

CHAPTER 14.32 RESERVED*

CHAPTER 14.36 HOUSE NUMBERS ON CURBS

14.36.010 Permitted when.

Subject to the uniform standards provided in this Chapter and after obtaining a permit from the Chief of Police, property owners may paint their house number on the curb adjacent to their property. Persons who paint the house numbers of others must also obtain a permit from the Chief of Police and comply with the uniform standards of this Chapter. (Ord. C-6133 § 1, 1985; Ord. C-5784 § 1 (part), 1981: prior code § 3410.10(b) (part))

14.36.020 Permit procedure.

A. Persons desiring to paint house numbers on curbs shall obtain a written permit by filing an application with the Chief of Police on a form provided by the City. The application shall contain the following information:

1. Name and address of applicant;
2. Date of application;
3. Name of sponsoring organization, if any, whether nonprofit, charitable or otherwise;
4. Name and telephone number of responsible adult representing the organization; and
5. Precise description of area to be covered under permit.

B. The Chief of Police has discretionary authority to deny a permit in the interest of the public health, safety or welfare; and a permit shall be valid for a period of ninety (90) days after issuance.

C. A record of the issued permits shall be maintained and appropriate designations shall be made on a map so that house numbers are not repainted more than once every twelve (12) months.

***Editor's note**—ORD-19-0032 § 15, adopted Nov. 19, 2019, repealed Ch. 14.32 §§ 14.32.010—14.32.070 entitled "House Numbering," which derived from: ORD-06-0039 § 4, 2006; ORD-05-0035 § 1, 2005; and prior code §§ 82008200.6.

D. Every applicant shall be provided with a copy of the uniform standards provided in this Chapter and a sketch of the numbering standards.

E. No fee shall be charged for a permit unless authorized by a resolution of the City Council. In establishing a fee schedule by resolution pursuant to this Subsection 14.36.020.E, the City Council may create exemptions from such fees, in whole or in part, for such charitable organizations lawfully operating within the City as may be defined in and by the resolution. (Ord. C-5978 § 1, 1983: Ord. C-5784 § 1 (part), 1981: prior code § 3410.10(b)(1))

14.36.030 Uniform standards.

A. Dimensions. Numerals shall be three inches (3″) in height, approximately one and one-half inches (1½″) in width, and shall have a stroke width of one-half inch (½″). Spacing between numerals shall be approximately three-fourths inch (¾″). The house number shall be centered on a four inch by ten inch (4″ × 10″) rectangular background.

B. Style of numerals. Numerals shall be of a conventional design, with a vertical axis (not slanted). "Threes" shall be rounded, not flat, on top. "Fours" shall be closed at the top. "Nines" shall be inverted "sixes". "Ones" shall be a vertical line, or a vertical line with a flag not to exceed one-half inch (½″).

C. Colors. The rectangular background shall be white; numerals shall be black.

D. Materials. Paints shall be fast dry nondrip enamel, Krylon brand or equivalent.

E. Placement of markings. The house number legend shall be placed on the vertical curb face according to the following:

1. All legends shall be placed on the face of the curb. The top of the four inch by ten inch (4″ × 10″) rectangular background shall be placed not more than one-half inch (½″) below the top of the curb;

2. On interior (noncorner) lots with driveways and corner lots with driveways in the front, the legend shall be placed at a distance of five feet (5′) from the top of the driveway slope. The legend shall go on the same side of the driveway as the house; and

3. On corner lots with driveways on the side street, and on all lots with no driveway, the legend shall be placed on the curb face directly in front of the primary foot access to the house. (Ord. C-5784 § 1 (part), 1981: prior code §§ 3410.10(b)(2)(A—E))

14.36.040 Prohibited where.

No legends shall be placed in the following circumstances:

A. On any curb face where official City parking control markings (consisting of red, green, yellow, white or blue painting of the top and face of curb) exist;

B. Where there are multiple addresses exceeding two (2) per lot. However, when only two (2) addresses exist on a given lot, both addresses may be placed on the curb in front of the primary residence. The primary residence's address should be placed closest to the driveway, if one exists; and

C. For commercial properties except businesses on small lots where there is no possibility of confusing which address relates to which property. In no case shall shopping centers, no matter how small, be marked in such a manner. (Ord. C-5784 § 1 (part), 1981: prior code § 3410.10(b)(2)(F))

14.36.050 General restrictions.

A. In order to assure a reasonable quality of workmanship, the minimum age for persons doing the work shall be fourteen (14) years (or enrollment in the ninth grade).

B. Before starting work in the area described in the permit, the workers shall give written notice to all residents in the area of their intent to paint house numbers. This written notice shall include the following information:

1. The name, address and telephone number of the organization or person doing the work;

2. A statement advising the resident that the organization or person is permitted to solicit a donation for the work done but a donation is not required; and

3. A statement that this written notice is for information only and the work is not sponsored, endorsed or guaranteed by the City;

4. The form of written notice required by this Subsection 14.36.050.B shall, prior to its being given to residents, be submitted to the Chief of Police for review by the City as to form and content.

C. No house number shall be painted on any curb by any person until that person has obtained a permit pursuant to this Chapter, and has obtained and filed with the Chief of Police written approval of the owner of the property for the painting of the house number on the curb of that property. (Ord. C-6133 § 1, 1985: Ord. C-5784 § 1 (part), 1981: prior code § 3410.10(b)(3))

CHAPTER 14.40 SELLING OF TICKETS OF ADMISSION TO PLACES OF PUBLIC ASSEMBLAGE IN PUBLIC PLACES AND PLACES OPEN TO THE PUBLIC

14.40.010 Definitions.

For purposes of this Chapter, the following words and phrases are defined as follows:

A. "Place of public assemblage" means every place of public amusement or entertainment, stadium, auditorium, theater, athletic field, concert hall or arena which is open to the public upon compliance with requirements of admission thereto.

B. "Place open to the public" means every place of public amusement or entertainment, stadium, auditorium, theater, athletic field, concert hall or arena and the property upon which such place is located or any other property contiguous thereto which is under the same care, management or control. (Ord. C-6249 § 1 (part), 1986)

14.40.020 Prohibition of sales.

A. Except as otherwise provided in this Chapter, no person in or upon any public street, sidewalk, park or other public place shall sell or resell or offer to sell or resell any ticket of admission to a place of public assemblage.

B. Except as otherwise provided in this Chapter, no person in or upon any place which is open to the public shall sell or resell or offer to sell or resell any ticket of admission to a place of public assemblage. (Ord. C-6249 § 1 (part), 1986)

14.40.030 Exception.

The provisions of Section 14.40.020 shall not include or apply to the sale of such tickets at or from any ticket office, booth or other similar place regularly and permanently established and maintained therefor with the express permission and authorization of the person or governmental agency in charge, care or control of the property upon or in which such office, booth or place is located. (Ord. C-6249 § 1 (part), 1986)

CHAPTER 14.44 TEMPORARY FENCING AND GRAPHIC SCREENING

14.44.010 Purpose.

The provisions of this Chapter shall govern the erection of temporary fencing on public or private property during periods of construction impacting the public right-of-way. This Chapter establishes parameters for such fencing. (ORD-19-0032 § 13, 2019)

14.44.020 Definitions.

For the purpose of this Chapter, unless the context clearly requires a different meaning, the words, terms and phrases set forth in this Section are defined as follows:

"City" means the City of Long Beach, California, acting by and through the City Council.

"Development" means the division of a parcel of land into two (2) or more parcels; the construction, reconstruction, conversion, structural alteration, relocation or enlargement of any structure; any mining, excavation, landfill or land disturbance; or any use or extension of the use of land. This definition includes, but is not limited to subdivision pursuant to the Subdivision Map Act (commencing with Section 66410 of the California Government Code); any other division of land, including lot splits, except where the land division is brought about in connection with the purchase of the land by a public agency for public recreational use; change in the intensity of use of water,

or of access thereto; construction, reconstruction, demolition, or alteration of the size of any structure, including any facility of any private, public, or municipal utility; and the removal or harvesting of major vegetation other than for agricultural purposes, kelp harvesting, and timber operations which are in accordance with a timber harvesting plan submitted pursuant to the Z'berg-Nejedly Forest Practice Act of 1973 (commencing with Section 4511 of the California Public Resources Code).

"Graphics" is defined as visual images communicating a cohesive theme or concept.

"Person" means an individual, a receiver, a trustee, a co-partnership, a joint venture, a firm, an unincorporated association, a syndicate, a club, a society, a trust, a private corporation, a limited liability company, a public corporation, a municipal corporation, a County, a State, a national government, a municipal, County, State or federal agency, board or commission, a water district, a utility district, a political subdivision, a school district, a drainage, irrigation, levee, replenishment, reclamation or conservation district, and a flood control district, whether acting for himself/herself/itself or in any representative capacity.

"Structure" means any of the following, including but not limited to, building, road, pipe, flume, conduit, siphon, aqueduct, telephone line, electrical power transmission, and distribution line.

"Temporary fencing" is defined as any fencing or barrier installed for demolition, construction, or other purposes to protect a development site or shield a development site from view. (ORD-19-0032 § 13, 2019)

14.44.030 Permit required.

No person shall erect temporary fencing without first applying for and obtaining a permit from the City. The person requesting the permit shall submit all required items and pay all applicable permit fees. This includes:

A. Plan drawings clearly identifying the perimeter fencing dimensions, location, and impacts to the abutting rights-of-way.

B. Public Works permit shall be obtained for the purpose of street use of right-of-way.

C. Color renderings of the proposed graphics on a scaled drawing clearly identifying the location of each image.

D. Breakdown of the image area per the categories outlined in Section 14.44.040. (ORD-19-0032 § 13, 2019)

14.44.040 Graphic screening.

All temporary fencing erected on public or private property shall be screened with graphics representative of the City and/or the development being screened in accordance with all of the following conditions:

A. One hundred percent (100%) of the fenced area must contain graphics.

B. A minimum of forty percent (40%) of the fenced area must contain City images.

C. Up to thirty-five percent (35%) of fenced area can contain project specific images.

D. Up to twenty-five (25%) of fenced area can contain advertising for the site such as but not limited to, contact information for a broker, leasing agent, and/or opening dates.

E. The total square footage of fenced area shall be calculated by multiplying the height of the fence by the length of perimeter fencing that requires graphic screening.

EXCEPTION: The following are exempt from the requirement of this Section:

1. A project that has a duration of less than six (6) months per the submitted and approved construction schedule.

2. Graphic screening is not required on temporary fencing that is fronting or facing an alley or other areas not visible to the general public as determined by the City. (ORD-19-0032 § 13, 2019)

14.44.050 Maintenance.

All fencing and graphics shall be maintained in good condition. Damaged, torn, or faded fencing or graphic screening shall be replaced within five (5) days. (ORD-19-0032 § 13, 2019)

CHAPTER 14.48 ENCROACHMENTS INTO THE PUBLIC RIGHT-OF-WAY

14.48.010 Purpose.

The provisions of this Chapter shall govern the encroachment of structures or a portion of a building into the public right-of-way. This Chapter establishes parameters for such encroachments not only at grade but also above and below grade. (ORD-19-0032 § 14, 2019)

14.48.020 Definitions.

For the purpose of this Chapter, unless the context clearly requires a different meaning, the words, terms and phrases set forth in this Section are defined as follows:

"Applicant" means any person who applies for a permit under this Chapter.

"City" means the City of Long Beach, California, acting by and through the City Council.

"Contractor" means a person who, for a fixed sum, price, fee percentage or compensation other than wages, undertakes or offers to undertake or purports to have the capacity to construct, alter, repair, add to, improve or install surface improvements to streets or any part thereof, or makes or commences to make any excavation in or under the surface of any right-of-way for the installation, repair, or removal of any pipe, conduit, duct or tunnel or any other construction purpose in the right-of-way.

"Development" means the division of a parcel of land into two (2) or more parcels; the construction, reconstruction, conversion, structural alteration, relocation or enlargement of any structure; any mining, excavation, landfill or land disturbance; or any use or extension of the use of land. This definition includes, but is not limited to subdivision pursuant to the Subdivision Map Act (commencing with Section 66410 of the Government Code); any other division of land, including lot splits, except where the land division is brought about in connection with the purchase of the land by a public agency for public recreational use; change in the intensity of use of water, or of access thereto; construction, reconstruction, demolition, or alteration of the size of any structure, including any facility of any private, public, or municipal utility; and the removal or harvesting of major vegetation other than for agricultural purposes, kelp harvesting, and timber operations which are in accordance with a timber harvesting plan submitted pursuant to the Z'berg-Nejedly Forest Practice Act of 1973 (commencing with Section 4511 of the California Public Resources Code).

"Improvements" means the repair, modification, alteration, removal, or addition of facilities including, but not limited to, grading, paving, curbs, gutters, sidewalks, driveways, landscaping, street lighting, traffic signals, stairs, fences, walls, and any other work in the right-of-way.

"Installation and Maintenance Agreement" or "IMA" means the document required to formalize a binding agreement between an applicant and the City when work is being completed within the right-of-way that is not in compliance with or is outside of the City standards. The applicant is required to install and maintain the improvement for the duration of the agreement. This includes improvements such as artwork, decorative paving, or other objects. An improvement permit may not be issued until the IMA is executed.

"Permit" means the document issued to an applicant by the City under this Chapter and includes any amendment or supplement to any such permit.

"Permittee" means any person to whom a permit has been granted and issued under the terms of this Chapter.

"Person" means an individual, a receiver, a trustee, a co-partnership, a joint venture, a firm, an unincorporated association, a syndicate, a club, a society, a trust, a private corporation, a limited liability company, a public corporation, a municipal corporation, a County, a State, a national government, a municipal, County, State or federal agency, board or commission, a water district, a utility district, a political subdivision, a school district, a drainage, irrigation, levee, replenishment, reclamation or conservation district, and a flood control district, whether acting for himself/herself/itself or in any representative capacity.

"Right-of-way" means any easement or land owned by the City and used or designated for use as a street, parkway, alley, utility corridor, walkway, promenade, or bike path, and the surfaces thereof, and the airspace above such surfaces and the subsurface area below such surfaces and includes any right-of-way to be dedicated in the future.

"Structure" means any of the following, including but not limited to, building, road, pipe, flume, conduit, siphon, aqueduct, telephone line, electrical power transmission, and distribution line. (ORD-19-0032 § 14, 2019)

14.48.030 Encroachments below grade.

A portion of a building or structure erected below grade that is necessary for structural support of the building or structure shall not project beyond the lot line, except that the footings, shoring devices, or other similar supports as determined by the City shall not project more than twelve (12) inches beyond the lot line. Encroachments below grade may be subject to fees as outlined in Chapter 14.08. (ORD-19-0032 § 14, 2019)

14.48.040 Encroachments above grade.

A. Encroachments into the public right-of-way above grade and below eight feet (8') in height are prohibited. This includes, but is not limited to, any doors, windows, gates and other moveable objects that can open, project or encroach into the public right-of-way. All existing encroachments into a street or alley must be remedied as part of a new development.

EXCEPTIONS: The following existing openings, projections or encroachments into a public right-of-way that cannot feasibly be modified as part of a new development may be permitted provided a warning device or other similar protection measure approved by the City is installed to minimize impact to the public. All improvements within the public right-of-way shall comply with City standards.

1. Existing fenestrations.

2. Existing steps, ramps, or architectural features that are in a sidewalk.

B. Encroachments into the public right-of-way above eight feet (8') in height above a sidewalk are allowed for awnings, canopies, signs, architectural features, balconies, and windows. These improvements can encroach over the property line one (1) inch for each additional one inch (1") of clearance above eight feet (8'). The maximum encroachment shall be four feet (4') at a minimum clearance height of twelve feet (12').

C. Encroachments into the public right-of-way above seventeen feet (17')in height above a sidewalk or alley are allowed for pedestrian walkways and bridges. The maximum encroachment shall be four feet (4') unless they span the entire length of the public right-of-way to connect adjacent private parcels.

D. Encroachments into the public right-of-way above seventeen feet (17') in height are allowed for lighting and other uses approved by the City. (ORD-19-0032 § 14, 2019)

14.48.050 Permits required.

All encroachments into the public right-of-way shall applying for and obtaining a permit from the City. The person requesting the permit shall submit all required items and pay all applicable permit fees. This include plan drawings clearly identifying the encroachment and applicable dimensions with reference to the property line and public infrastructure within abutting public right-of-way. (ORD-19-0032 § 14, 2019)

Title 15

PUBLIC UTILITIES

Chapter 15.01 Sewers—Rules, Regulations and Charges

15.01.010 General.
15.01.020 Administration of rules.

Chapter 15.04 Sewers—Definitions

15.04.010 Generally.
15.04.020 Applicant.
15.04.030 Approved.
15.04.040 Building.
15.04.045 Building sewer.
15.04.050 Cesspool.
15.04.060 Connection, house.
15.04.070 Domestic sewage.
15.04.080 Dry well.
15.04.090 Effluent.
15.04.100 Floatable oil and grease.
15.04.110 Floating hydrocarbon oil.
15.04.120 Foundation.
15.04.150 Industrial connection sewer.
15.04.160 Industrial wastewater.
15.04.170 Industrial wastewater pretreatment plant.
15.04.180 Inspector.
15.04.190 Interceptor, retention.
15.04.200 Lot.
15.04.210 Main line sewer.
15.04.220 Person.
15.04.230 Private sewage disposal system.
15.04.240 Private sewer.
15.04.250 Public sewer.
15.04.260 Saddle.
15.04.270 Seepage hole.
15.04.280 Septic tank.

15.04.290 Sewage.
15.04.300 Sewage pumping plant.
15.04.310 Sewage treatment plant.
15.04.311 Sewer lateral.
15.04.315 Sewer system.
15.04.320 Structure.
15.04.330 Trap.
15.04.340 Wastewater.

Chapter 15.08 Sewers—Permits

15.08.010 Required.
15.08.020 Application form.
15.08.040 Indemnification of City.
15.08.070 Special house connection sewers.
15.08.080 Main line tapping.
15.08.090 House connection abandonment.
15.08.120 Nontransferable.

Chapter 15.16 Sewers—Industrial Waste and Wastewater

15.16.010 Standards for discharge.
15.16.020 Permit required.
15.16.040 Change in discharge.
15.16.070 Wastewater standards.
15.16.080 Wastewater disposal permit required.

Chapter 15.20 Sewers—Use Regulations

15.20.010 Discharges prohibited.
15.20.050 Building sewer across another lot.
15.20.060 Maintenance.
15.20.070 Existing building sewers.
15.20.080 Backflow prevention.
15.20.090 Backflow noncompliance.
15.20.100 Septic tank abandonment.
15.20.110 Dumping contents of septic tanks or cesspools.
15.20.130 Opening manhole.
15.20.140 Damaging sewers prohibited.
15.20.150 Disposal of uncontaminated water.
15.20.160 Cellar and shower drainage.
15.20.170 Maintenance of facilities.

15.20.180 Inspection.
15.20.200 Exceptions authorized.

Chapter 15.24 Sewers—Installation

15.24.010 Lowering water level.
15.24.090 Pipe—Laying method.
15.24.100 Main line sewers—Slope.
15.24.120 Pipe—Disturbing after joints made.
15.24.130 Depth of lines.
15.24.150 End structures.
15.24.160 Soil conditions.
15.24.170 Benchmarks.
15.24.180 Substructures.
15.24.190 Septic tanks, cesspools and seepage holes.
15.24.200 Building sewers—Each lot.
15.24.210 Building sewers—Grade.
15.24.220 House connection grade.
15.24.230 Vitrified clay pipe—Placement.
15.24.240 Reducers.
15.24.250 Cleanouts.
15.24.260 Direct connection with trunk sewer.
15.24.270 House connections—Straight route.
15.24.280 House connections—Testing.
15.24.290 Testing in sections.
15.24.300 Cemented joints.

Chapter 15.28 Sewers—Inspection and Enforcement

15.28.010 Right of entry.

Chapter 15.32 Water and Electrode Wells

15.32.010 Purpose.
15.32.020 Definitions.
15.32.030 Sanitary or health hazard correction.
15.32.040 Sealing required.
15.32.050 Log of well required.
15.32.060 Location near pollution source prohibited.
15.32.070 Distance from sewage disposal or animals.
15.32.080 Flood protection.
15.32.090 Protection from surface contamination.

15.32.100 Water well—Construction.
15.32.110 Electrode well—Construction.
15.32.120 Surface structures.
15.32.130 Disinfection of water.
15.32.140 Permit—Required.
15.32.150 Reconstruction or conversion.
15.32.160 Permit—Application investigation.
15.32.170 Permit—One location—Suspension or revocation.
15.32.180 Permit—Appeal hearing.
15.32.190 Water well—Destruction.
15.32.200 Electrode well—Destruction.
15.32.210 Domestic water wells—Conformance of existing wells required.
15.32.220 Domestic water wells—Bacteriological standards.
15.32.230 Pump discharge line elevation.
15.32.240 Rules establishment.

Chapter 15.34 Wireless Telecommunications Facilities in the Public Rights-of-Way

15.34.010 Purpose and objectives.
15.34.020 Definitions.
15.34.030 Requirements and standards for wireless telecommunications facilities in the public right-of-way.
15.34.040 Other provisions.
15.34.050 Severability clause.

Chapter 15.36 Gas Rates

15.36.010 Categories established.
15.36.020 Schedule 1—Residential.
15.36.030 Schedule 2—Small commercial and industrial service.
15.36.040 Schedule 3—Commercial and industrial service.
15.36.050 Schedule 4—Large commercial and industrial service.
15.36.060 Schedule 5—Compressed natural gas service.
15.36.070 Schedule 6—Utility electric generation.
15.36.071 Schedule 7—Natural gas service for cogeneration.
15.36.072 Schedule 8—Natural gas service for enhanced oil recovery.
15.36.080 Schedule 9—Transportation and exchange service.
15.36.085 Schedule 10—Air conditioning equipment service.
15.36.090 Other fees and charges.
15.36.095 Gas equipment incentives.
15.36.100 Increase or decrease.

15.36.120 Low income gas discount.

Chapter 15.40 Gas Regulations

15.40.010 Definitions.
15.40.020 Service requirements and conditions.
15.40.030 Credit—Establishment.
15.40.040 Credit—Deposits.
15.40.050 Termination of service.
15.40.060 Reconnection charges.
15.40.070 Payment of bills.
15.40.075 Refund of gas utility charges.
15.40.080 Pipelines, meters and appliances.
15.40.090 Meter reading and correction.
15.40.100 Meter tests.
15.40.110 Adjustment of bills for meter error.
15.40.120 Notices.
15.40.130 Gas pipeline extensions.
15.40.140 Reserved.
15.40.150 Reserved.
15.40.160 Compensation for damages.
15.40.170 Temporary service.
15.40.180 Supply to separate premises and resale of gas.
15.40.190 Right of ingress and egress.
15.40.200 Customer's responsibility for equipment.
15.40.210 Installation and modification of service connections.
15.40.220 Change of customer's appliances.
15.40.230 Tampering with or tapping service pipes, meters, etc.
15.40.240 Usage of service detrimental to others.
15.40.250 Authorization to operate within City.

Chapter 15.44 Pipelines and Utilities

15.44.010 Definitions.
15.44.020 Use of City property prohibited.
15.44.030 Permit—Required.
15.44.040 Permit—Application.
15.44.050 Permit supplement—Application.
15.44.060 Permit—Issuance.
15.44.070 Conditions for use of City property.
15.44.080 Time limit to commence work.

15.44.090 Compliance required.
15.44.100 Permit fees.
15.44.110 No bonds or insurance for governmental agencies.
15.44.120 Relocation of facilities.
15.44.130 Identification of facilities.
15.44.140 Repairs to facilities.
15.44.150 Abandonment of facilities.
15.44.160 Removal or disconnection of unauthorized facilities.
15.44.170 Abandonment in place of City's facilities.
15.44.180 Permit—Revocation.
15.44.190 Insurance and indemnity.
15.44.200 Permanent paving.
15.44.210 Inventory or description required.
15.44.220 Permit—Transfer.
15.44.230 Bond or other security.
15.44.240 Permit—Not to authorize excavations.
15.44.250 Annual certification—Hazardous liquid pipelines.

Chapter 15.48 Underground Utility Districts

15.48.010 Definitions.
15.48.020 Hearing.
15.48.030 Establishment.
15.48.040 Construction or maintenance of overhead facilities prohibited.
15.48.050 Emergency exception.
15.48.060 Exempt facilities.
15.48.070 Notice to property owners and utilities.
15.48.080 Utility company responsibility.
15.48.090 Persons responsible.
15.48.095 Notification and disconnection.
15.48.100 City responsibility.
15.48.110 Time extension.
15.48.120 Penalty for violation.

Chapter 15.74 Cable System Regulatory Ordinance of the City of Long Beach

15.74.005 Authority and findings.
15.74.010 Title.
15.74.015 Definitions.
15.74.020 Franchise terms and conditions.
15.74.025 Franchise applications and renewal.

15.74.030 Minimum consumer protection and service standards.
15.74.035 Franchise fee and financial requirements.
15.74.040 Construction requirements.
15.74.045 Technical standards.
15.74.050 Indemnity and insurance.
15.74.055 Records and reports.
15.74.060 Review of system performance.
15.74.065 Franchise violations.
15.74.070 Force majeure; Grantee's inability to perform.
15.74.075 Abandonment or removal of Franchise property.
15.74.080 City and Subscriber rights.
15.74.085 Severability.

Chapter 15.75 Regulation of State Video Franchise Holders

15.75.010 Purpose and authority.
15.75.020 State video franchise and PEG fees.
15.75.030 Audit authority.
15.75.040 Customer service penalties under State franchises.
15.75.050 City response to State franchise applicants.
15.75.060 Reauthorization.

CHAPTER 15.01 SEWERS—RULES, REGULATIONS AND CHARGES

15.01.010 General.

The current edition of the rules, regulations and charges governing water and sewer service as approved by the Board of Water Commissioners is incorporated by this reference. A copy of the rules, regulations and charges governing water and sewer service is available in the office of the General Manager. (Ord. C-7173 § 25 (part), 1994)

15.01.020 Administration of rules.

The General Manager is charged by the Board of Water Commissioners with the responsibility to administer the rules, regulations and charges governing water and sewer service. (Ord. C-7173 § 25 (part), 1994)

CHAPTER 15.04 SEWERS—DEFINITIONS

15.04.010 Generally.

For the purpose of Chapters 15.04 through 15.28, unless the context clearly requires a different meaning or a different meaning is expressed in the Rules, Regulations and Charges Governing Water and Sewer Service, the words, terms and phrases used in those Chapters are defined as follows. If no definition is given below, then the words, terms, and phrases used in Chapters 15.04 through 15.28 shall have the meanings given to them in the Rules, Regulations and Charges Governing Water and Sewer Service. (Ord. C-7173 § 1 (part), 1994: prior code § 7570 (part))

15.04.020 Applicant.

"Applicant" means any person who applies for a permit under Chapters 15.04 through 15.28 or the Rules, Regulations and Charges Governing Water and Sewer Service. (Ord. C-7173 § 1 (part), 1994: prior code § 7570(a))

15.04.030 Approved.

"Approved" means the approval of the General Manager of the Long Beach Water Department unless otherwise identified in Chapters 15.04 through 15.28. (Ord. C-7173 § 1 (part), 1994: prior code § 7570(b))

15.04.040 Building.

"Building" means any structure built for the support, shelter or enclosure of persons, animals, chattels or property of any kind. (Prior code § 7570(c))

15.04.045 Building sewer.

"Building sewer" means that portion of a sewer lateral beginning two feet (2') from the exterior wall of a building or foundation of a building and extending to its connection with the house connection at the property line. (Ord. C-7173 § 2, 1994: Ord. C-6520 § 1 (part), 1988)

15.04.050 Cesspool.

"Cesspool" means an excavation in the ground made for receiving crude sewage and so constructed that the solid matter is retained and the liquid portion is permitted to seep away. (Prior code § 7570(d))

15.04.060 Connection, house.

"House connection" means that portion of a sewer lateral in the street which extends from the wye or tee branch or saddle of a main line sewer or other point of connection with a main line sewer to the property line. (Ord. C-7173 § 3, 1994: prior code § 7570(e))

15.04.070 Domestic sewage.

"Domestic sewage" means the waterborne wastes associated with human habitations and may be contaminated with human excreta, offal or feculent matter. (Prior code § 7570(f))

15.04.080 Dry well.

"Dry well" means an excavation in the ground made for receiving the overflow from a swimming pool or water tank. (Prior code § 7570(g))

15.04.090 Effluent.

"Effluent" means partially or completely treated sewage flowing out of any sewage treatment device. (Prior code § 7570(h))

15.04.100 Floatable oil and grease.

"Floatable oil and grease" means the oil and grease floating on the surface of the sample of water when it is retained for one (1) hour in a quiescent condition in a vessel with vertical walls filled to a depth of twenty-six (26) centimeters. (Prior code § 7570(i))

15.04.110 Floating hydrocarbon oil.

"Floating hydrocarbon oil" means the amount of hydrocarbon floating to the surface of a sample of water under the same conditions as prescribed in the definition of floatable oil and grease. (Prior code § 7570(j))

15.04.120 Foundation.

"Foundation" means the spreading course at the base or bottom of a foundation wall, column or pier. (Prior code § 7570(k))

15.04.150 Industrial connection sewer.

"Industrial connection sewer" means a sewer lateral used primarily for the discharge of industrial wastewater. (Ord. C-7173 § 4 (part), 1994: prior code § 7570(n))

15.04.160 Industrial wastewater.

"Industrial wastewater" means any water from an industrial process or from wholesale or retail establishments disposing of waste substances. Such process shall include production or refining of petroleum and petroleum products, processing of foods or beverages, the production of fertilizer, keeping of livestock and operation of dairies, manufacture of paper, production or dyeing of textiles, production of soap or detergents or chemicals, cleaning of tanks, tank cars or barrels, plating of metals, processing or reclamation of refuse, all kinds of manufacturing and other similar operations, the washing of equipment or spaces used in industrial operations and the disposal of waste products contained in liquids from laundries, hospitals, grocery stores, restaurants and other public establishments. Unless the sewage contains the waste substances above-described, industrial wastewater shall not include wastewater resulting from the operation of hotels, motels, schools or other retail establishments other than those listed above, nor shall industrial wastewater include wastewater from the operation of vehicle service stations, wash racks or garages. Industrial wastewater shall not include any domestic sewage from industrial or retail establishments. (Ord. C-7173 § 4 (part), 1994: prior code § 7570(o))

15.04.170 Industrial wastewater pretreatment plant.

"Industrial wastewater pretreatment plant" means any works or device for pretreatment of industrial wastewater prior to discharge into the public sewer. (Ord. C-7173 § 4 (part), 1994: prior code § 7570(p))

15.04.180 Inspector.

"Inspector" means the authorized inspector, deputy, agent or representative of the General Manager or the City. (Ord. C-7173 § 4 (part), 1994: prior code § 7570(q))

15.04.190 Interceptor, retention.

"Retention interceptor" means a device for retaining sand, silt, grit mineral material, petroleum solvent, grease or oil by gravity-differential separation from wastewater and of a design and capacity approved by the General Manager. (Ord. C-7173 § 4 (part), 1994: prior code § 7570(f))

15.04.200 Lot.

"Lot" means any parcel or piece of land as bounded, defined or shown upon the latest map, plat or deed recorded in the office of the County Recorder. (Prior code § 7570(s))

15.04.210 Main line sewer.

"Main line sewer" means any sewer, but not including a sewer lateral. (Ord. C-7173 § 5, 1994: prior code § 7570(t))

15.04.220 Person.

"Person" means an individual; a receiver; a trustee; a copartnership; joint adventures; a firm; an unincorporated association; a syndicate; a club; a society; a trust; a private corporation; a public corporation; a municipal corporation, board, commission or department thereof; a county; a state; a national government; a municipal, county, state or federal agency, board or commission; a water district; a school district; a utility district; a political subdivision; and a drainage, sanitation, sewer maintenance, sanitary, irrigation, levee, reclamation, water, conservation or flood control district, whether acting for himself or itself or in any other representative capacity; or any other group or combination acting as a unit, and the plural as well as the singular number. (Prior code § 7570(u))

15.04.230 Private sewage disposal system.

"Private sewage disposal system" means a septic tank, cesspool, seepage hole, or such other facility or facilities as may be permitted under Chapters 15.04 through 15.28 and the Rules, Regulations and Charges Governing Water and Sewer Service. (Ord. C-7173 § 6 (part), 1994: prior code § 7570(v))

15.04.240 Private sewer.

"Private sewer" means a sewer constructed, owned and operated by a private party or parties, other than a sewer lateral, to serve one or more buildings which are not immediately adjacent to a public sewer so as to connect the building or buildings to a public sewer, and irrespective of whether the sewer is constructed in public or private property. (Ord. C-7173 § 6 (part), 1994: prior code § 7570(w))

15.04.250 Public sewer.

"Public sewer" means the main line sewer, constructed in a street, highway, alley, place, or right-of-way dedicated to public use. Public sewer does not include a sewer lateral or a private sewer. (Ord. C-7173 § 6 (part), 1994: prior code § 7570(x))

15.04.260 Saddle.

"Saddle" means the fitting installed on a main line sewer by cutting a hole in the sewer main and installing a prefabricated fitting acting as a wye or tee. (Ord. C-7173 § 6 (part), 1994: prior code § 7570(y))

15.04.270 Seepage hole.

"Seepage hole" means an excavation in the ground made for receiving only a clarified effluent and into which no crude sewage is permitted to flow. (Prior code § 7570(z))

15.04.280 Septic tank.

"Septic tank" means an approved watertight tank or compartment for use in eliminating, disposing, digesting or reducing solid substances in sewage before disposing of the effluent in a cesspool, seepage hole or leaching system. (Prior code § 7570(aa))

15.04.290 Sewage.

"Sewage" means any waterborne wastes transported by the public sewer, except stormwater, groundwater, roof or yard drainage, and includes domestic sewage, industrial wastewater and wastewater or contaminated water of any origin. (Ord. C-7173 § 7, 1994: prior code § 7570(ab))

15.04.300 Sewage pumping plant.

"Sewage pumping plant" means any works or device used to raise sewage from a lower to a higher level or to overcome friction in a sewer line (Prior code § 7570(ac))

15.04.310 Sewage treatment plant.

"Sewage treatment plant" means any works or device for treating sewage, except a septic tank. (Prior code § 7570(ad))

15.04.311 Sewer lateral.

"Sewer lateral" means the house connection and building sewer. (Ord. C-7173 § 26, 1994)

15.04.315 Sewer system.

"Sewer system" means the City sewer system for transporting sewage, including but not limited to pipes, mains, interceptors, manholes, pump stations, and appurtenances necessary for the collec-

tion, transportation, and removal of sewage to an appropriate plant for treatment but excluding local street sewers or laterals (as distinguished from main trunk, interceptor and outfall sewers), on-site local sewers, house connections, private sewage disposal systems and the County sewage treatment plant. (Ord. C-7173 § 8, 1994: Ord. C-6520 § 1 (part), 1988)

15.04.320 Structure.

"Structure" means that which is built or constructed, an edifice or building of any kind, or any piece of work artificially built up or composed of parts jointed together in some definite manner. (Prior code § 7570(ae))

15.04.330 Trap.

"Trap" means any approved equipment or appliance for sealing an outlet from a sewer lateral to prevent the escape of sewer gas from a main line sewer through a sewer lateral. (Ord. C-7173 § 9, 1994: prior code § 7570(af))

15.04.340 Wastewater.

"Wastewater" means any water from the operation of vehicle service stations, wash racks or garages, but not including domestic sewage. (Prior code § 7570(ag))

CHAPTER 15.08 SEWERS—PERMITS

15.08.010 Required.

A. No person except employees of the Water Department, its independent contractors, agents, or assigns in the performance of their duties shall construct or alter a public sewer, a sewage pumping plant, a private sewer in a public street or a house connection or make a connection from a building sewer to a house connection without first obtaining a permit from the General Manager. No person, except a person holding a valid permit issued by the plumbing division of the planning and building department or other administrative official of the City authorized to issue such permit, shall construct or alter any private sewer on private property, sewer lateral, sewage treatment plant, private sewage system, sewage pumping plant, industrial wastewater pretreatment plant, interceptor, or other similar appurtenances or devices in the City without first obtaining a permit from the General Manager.

B. No permit shall be issued to any person to construct or alter any sewer within a public street, unless the person holds a valid sewer contractor's license, except that a permit shall be issued to:

1. A person holding a valid permit issued by the Plumbing Division of the Planning and Building Department authorizing the installation of a sewer lateral may be issued a permit to connect the house connection to the connecting sewer on private property or at the property line;

2. A County sanitation district when the work is to be performed by employees or contractors of the county sanitation district. (Ord. C-7173 § 10 (part), 1994: prior code § 7570.2)

15.08.020 Application form.

The General Manager shall furnish to an applicant for a permit under this Chapter or the rules, regulations and charges governing water and sewer service a printed form of application. The applicant shall furnish the information which is necessary to complete the form and, if necessary, shall furnish such additional information as may be required by the General Manager so as to enable him to determine whether the proposed work or use complies with the provisions of this Chapter and the rules, regulations and charges governing water and sewer service and other statutes and ordinances pertaining to such work or use. (Ord. C-7173 § 10 (part), 1994: prior code § 7570.3)

15.08.040 Indemnification of City.

The permit shall provide that the person to whom a permit is granted shall defend, indemnify and hold harmless the City, the Board of Water Commissioners, their officials, employees and agents from and against any and all claims, demands, damages, causes of action, loss, or liability which the City, the Board of Water Commission-

ers, their officials, employees or agents may incur arising from or in any manner connected with any work or use authorized under the permit. (Ord. C-7173 § 11, 1994: prior code § 7570.5)

15.08.070 Special house connection sewers.

The General Manager may require that a permit for a sewer lateral be applied for as a main line sewer if the proposed house connection has a slope of less than one-fourth inch (1/4") per foot or there are obstructions in the public street which will interfere with the installation. (Ord. C-7173 § 12 (part), 1994: prior code § 7570.8)

15.08.080 Main line tapping.

No person except an official, agent or employee of the City or a person authorized by the City shall tap a main line sewer. If a person desires to connect a sewer lateral to a main line sewer and in the opinion of the General Manager no suitable wye, tee or chimney exists to which the connection can be made, then the person shall file an application with the General Manager to have installed a saddle. If a main line sewer is to be tapped for the installation of a saddle, the person shall do all excavation work necessary to expose the main line sewer. The person shall pay to the Water Department the cost of tapping the main line and installing the saddle at the rate stated on the sewer permit and inspection fee schedule or, if no rate is stated therein, as stated in the rules, regulations and charges governing water and sewer service. (Ord. C-7173 § 12 (part), 1994: Ord. C-5406 § 1, 1978: prior code § 7570.24)

15.08.090 House connection abandonment.

Before the use of any sewer lateral is discontinued, the person discontinuing the use, or a person authorized by him to do so, shall apply for and obtain from the General Manager a permit to cut and cap the sewer. The permit shall specify the manner in which the sewer is to be cut and capped and the person to whom the permit is issued shall comply with the provisions of the permit. (Ord. C-7173 § 12 (part), 1994: prior code § 7570.25)

15.08.120 Nontransferable.

Permits issued under this Chapter or by the General Manager, except industrial wastewater disposal permits and permits for disposal of wastewater, are not transferable and a sewer connection shall not be made at any place other than the location specifically designated in the permit provided, however, that if the construction or installation is fully completed pursuant to a permit issued under this Chapter or by the General Manager, then the successor in interest of the facility or facilities so constructed or installed shall not be required to obtain a permit to use the facility or facilities. The successor in interest shall comply with all other provisions of Chapters 15.04 through 15.28 of this Code and with the rules, regulations and charges governing water and sewer service. (Ord. C-7173 § 13, 1994: prior code § 7570.37)

CHAPTER 15.16 SEWERS—INDUSTRIAL WASTE AND WASTEWATER

15.16.010 Standards for discharge.

No person shall discharge industrial wastewater into a main line sewer unless the industrial wastewater conforms to the following requirements:

A. The content of total oil and grease shall not exceed six hundred (600) milligrams per liter;

B. The content of oil and grease floating or capable of floating shall not exceed twenty-five (25) milligrams per liter;

C. The content of hydrocarbon oil floating or capable of floating shall not exceed ten (10) milligrams per liter;

D. The standard five (5) day biochemical oxygen demand shall not exceed one thousand (1,000) milligrams per liter;

E. The suspended solids content shall not exceed one thousand (1,000) milligrams per liter;

F. The dissolved sulphide content shall not exceed one-tenth (1/10) of a milligram per liter; and

G. The pH shall not be below six (6). (Ord. C-7173 § 14 (part), 1994: prior code § 7570.9)

15.16.020 Permit required.

A. Before any person discharges any industrial wastewater into a main line sewer maintained by the Water Department, such person shall obtain an industrial wastewater disposal permit from sanitation districts of the County for each industrial connection. Prior to submittal of a permit application to the sanitation districts of the County, the application shall be reviewed and approved by the General Manager. On submission of the permit application to the General Manager for processing, the applicant shall pay a processing fee as set forth in the industrial wastewater disposal permit and inspection fee schedule or in the rules, regulations and charges governing water and sewer service.

B. Any person desiring to discharge industrial wastewater into a main line sewer maintained by the Water Department shall file an application for such a permit with the General Manager on a form furnished by the Water Department. In the application such person shall state information regarding the kind and size of the industrial operation producing such industrial wastewater, the quantity and characteristics of such wastewater, detailed plans for any pretreatment facilities planned to prevent discharge of improper materials into the sewer, together with such other information as may be required by the General Manager.

C. If the General Manager finds from the application and from such other investigation as he desires to make or cause to be made that the quality of the industrial wastewater and the facilities for discharge into the sewer conform to this Chapter and the rules, regulations and charges governing water and sewer service and to the provisions of this Code and other applicable statutes, that any required pretreatment facilities have been constructed in accordance with approved plans and the applicable laws, rules and ordinances, and that the main line sewer capacity will handle the sewage flow, the General Manager may issue the revocable permit. The revocable industrial wastewater disposal permit so issued shall state the nature of the industrial wastewater, the nature and amount of the flow which the permittee may discharge into the main line sewer and such other conditions and restrictions as the General Manager may deem necessary in order that the public sewer may serve its intended purpose. (Ord. C-7173 § 14 (part), 1994: Ord. C-5405 § 1, 1978: prior code § 7570.10)

15.16.040 Change in discharge.

If a person to whom an industrial wastewater disposal permit is issued desires to make any alterations in pretreatment facilities or alteration of connections to the sewer, or if such person desires to discharge additional industrial wastewater into a main line sewer in excess of the amount previously authorized or desires to discharge into a main line sewer industrial wastewater of a different kind or character than previously authorized, that person shall file an application for such change with the General Manager and request that a new permit be issued. (Ord. C-7173 § 15, 1994: prior code § 7570.12)

15.16.070 Wastewater standards.

No person shall discharge wastewater into a main line sewer unless such wastewater conforms to the following requirements:

A. The content of total oil and grease shall not exceed six hundred (600) milligrams per liter;

B. The content of floatable oil and grease shall not exceed twenty-five (25) milligrams per liter;

C. The content of floatable hydrocarbon oil shall not exceed ten (10) milligrams per liter;

D. The standard five(5) day biochemical oxygen demand shall not exceed one thousand (1,000) milligrams per liter;

E. The suspended solids content shall not exceed one thousand (1,000) milligrams per liter;

F. The dissolved sulphide content shall not exceed one-tenth ($^1/_{10}$) of a milligram per liter;

G. The pH shall not be below six (6). (Prior code § 7570.15)

15.16.080 Wastewater disposal permit required.

Before any person discharges any wastewater into a main line sewer, such person shall obtain

from the General Manager a revocable wastewater permit for each industrial connection sewer. Any person desiring to discharge wastewater into a main line sewer shall file an application for such permit with the General Manager on a form to be furnished by the Water Department. In the application, the person shall state such information as to the size of operations producing wastewater, the probable quantity of wastewater, and plans for the separation of grease, oil and solids from the wastewater, together with such other information as may be required by the General Manager. If the General Manager finds from the application and from such other investigation as he desires to make or cause to be made, that the wastewater and the facilities for discharge into the main line sewer conform to Chapters 15.04 through 15.28 and the rules, regulations and charges governing water and sewer service; that the interceptor is properly constructed and that the capacity of the main line sewer is sufficient to handle the discharge, the General Manager may issue the revocable permit. The revocable wastewater permit so issued shall state the approximate amount of flow which the person will be authorized to discharge into the main line sewer and such other conditions and restrictions as the General Manager may deem necessary in order that the public sewer may serve its intended purpose. (Ord. C-7173 § 16, 1994: prior code § 7570.16)

CHAPTER 15.20 SEWERS— USE REGULATIONS

15.20.010 Discharges prohibited.

Except as provided in this Chapter, no person shall discharge or cause to be discharged into any public sewer or into any opening of any public sewer in the City, the following:

A. Earth, sand, rocks, ashes, gravel, plaster, concrete, glass, metal filings or metal objects or other materials which will not be carried by the sewer stream or anything which may obstruct the flow of sewage in the sewer or any object which will cause clogging of a sewage pump or a sewage sludge pump;

B. Any garbage which has not been first shredded so that each particle is not more than three-eighths (3/8) of an inch in any dimension or any garbage containing broken glass;

C. Any solid or semisolid material such as garbage, trimmings, cuttings, offal, or other waste produced in the processing of meats, fruits, vegetables, foodstuffs or similar materials except garbage produced which meets the requirements of Chapters 15.04 through 15.28 and the rules, regulations and charges governing water and sewer service;

D. Any volatile liquids or substances which can produce toxic or flammable atmospheres in the sewer;

E. Any compounds which may produce strong odors in the sewer or sewage treatment plant;

F. Any stormwater or runoff from any roof, yard, driveway or street;

G. Any materials which will cause damage to any part of the sewer system or abnormal sulphide generation or abnormal maintenance or operation costs of any part of the sewer system or which may cause any part of the sewer system to become a nuisance or a menace to public health or a hazard to workers or which will cause objectionable conditions at the final point of disposal of the sewage;

H. Any liquid having a temperature in excess of one hundred twenty (120) degrees Fahrenheit;

I. Unpolluted water from refrigeration systems, air conditioning systems, industrial cooling systems, swimming pools or other unpolluted water from any origin except as authorized by the General Manager;

J. Any radioactive waste which constitutes or may constitute a public health hazard or endanger workmen charged with the maintenance of public sewers. (Ord. C-7173 § 17 (part), 1994: prior code § 7570.1)

15.20.050 Building sewer across another lot.

No building sewer shall be joined to any public sewer unless the building sewer is entirely located on the lot on which the building or structure is located unless it is impossible or impractical to make such connection. If a lot or parcel of land

requiring a building sewer is so situated that access to the public sewer is not possible except across some other lot or parcel of land, a building sewer may be constructed across some other lot or parcel of land. The application for the permit shall be accompanied by a recorded easement executed by the owner of the lot or parcel of land across which access is required. The issuance of a permit to construct a building sewer across another lot or parcel of land shall not in any manner constitute an approval of the easement. (Ord. C-7173 § 17 (part), 1994: prior code § 7570.52)

15.20.060 Maintenance.

All building sewers, industrial connection sewers, private sewage disposal systems and appurtenances thereto now existing or hereafter constructed shall be maintained by the owner of the property in a safe and sanitary condition and all devices or safeguards which are required by Chapters 15.04 through 15.28 and the rules, regulations and charges governing water and sewer service for the operation thereof shall be maintained in a good working order. The above provisions notwithstanding, the Water Department shall maintain the house connection extending from the property line to the main line sewer within the public right-of-way. (Ord. C-7173 § 17 (part), 1994: Ord. C-6521 § 1, 1988: prior code § 7570.53)

15.20.070 Existing building sewers.

The following requirements shall apply to building sewers in existence on the effective date of the ordinance codified in Chapters 15.04 through 15.28:

A. If the construction of a new building sewer is to include any portion of an existing drain to a cesspool, septic tank or other means of sewage disposal, the existing drain may be included and accepted as a part of a new building sewer if the existing drain meets all of the requirements of a new building sewer as defined in Chapter 15.04 or the rules, regulations and charges governing water and sewer service, except that the portions of the existing drain which are used and undisturbed may not be rejected for the sole reason that the materials are not new.

B. If additions are to be made to an existing building sewer, or if alterations are to be made or are made necessary by a change or use, the building sewer shall be made to conform to the requirements of Chapters 15.04 through 15.28 and the rules, regulations and charges governing water and sewer service which apply to new construction.

C. No inspection and test shall be required for the undisturbed existing portion of a building sewer constructed and inspected under a permit issued by the General Manager or constructed and inspected pursuant to a permit issued in accordance with other applicable laws and ordinances in effect at the time of construction. (Ord. C-7173 § 17 (part), 1994: prior code § 7570.54)

15.20.080 Backflow prevention.

If an existing plumbing outlet has been installed or located or if a plumbing outlet is to be installed or located at an elevation which, in the opinion of the City Superintendent of Building and Safety, may cause the fixture to overflow by reason of backflow from a main line sewer, an approved type of backwater trap or sewer valve shall be installed between the outlet and the public sewer in such manner as to prevent sewage from flowing back or backing up into the outlet or plumbing fixture. The trap or valve shall be installed in the basement or in a box or manhole of concrete or cast iron or other material approved by the City Superintendent of Building and Safety and shall be readily accessible at all times. The trap or valve shall be placed only in the drain serving the fixture or fixtures that may be subject to overflow and no sewage from fixtures not subject to overflow shall pass through the trap or valve. (Ord. C-7173 § 17 (part), 1994: prior code § 7570.55)

15.20.090 Backflow noncompliance.

If the property owner fails to install and maintain a backwater trap or valve in good working condition when required to do so under Chapters 15.04 through 15.28 or the rules, regulations and charges governing water and sewer service, the City Superintendent of Building and Safety may order and require the plumbing fixture to be dis-

connected and removed and the outlet be plugged or capped. (Ord. C-7173 § 17 (part), 1994: prior code § 7570.56)

15.20.100 Septic tank abandonment.

When a septic tank or cesspool is abandoned following the installation of a building sewer, the septic tank, cesspool, or seepage hole shall be backfilled solidly with earth to the satisfaction of the City Superintendent of Building and Safety before the final approval of the building sewer. (Ord. C-7173 § 17 (part), 1994: prior code § 7570.57)

15.20.110 Dumping contents of septic tanks or cesspools.

No person shall dump the contents of any cesspool or septic tank into a public sewer without first obtaining a permit from the General Manager authorizing such disposal. The General Manager may authorize the disposal of the contents of cesspools or septic tanks which do not contain harmful concentrations of industrial wastewater, oil, grease or other deleterious substances into a specified manhole or manholes. Such authorization will only be granted to persons engaged in the disposal of contents of cesspools or septic tanks. Such persons shall, upon request, furnish to the General Manager a statement showing the street address of each location from which the contents or effluents are to be obtained and the location of the manhole into which the discharge is to be made. The General Manager may refuse to issue a permit to any person who fails to comply with the provisions of Chapters 15.04 through 15.28 or the rules, regulations and charges governing water and sewer service or the provisions or any permit previously issued to such person. (Ord. C-7173 § 17 (part), 1994: prior code § 7570.58)

15.20.130 Opening manhole.

No person shall open or enter, or cause to be opened or entered, any manhole in any public sewer for any purpose whatsoever unless the person has been authorized to open and enter the manhole. (Prior code § 7570.60)

15.20.140 Damaging sewers prohibited.

No person shall remove or cause to be removed, or damage or cause to be damaged, any public sewer or portion thereof, or any appurtenances thereto, or pumping plants in connection therewith, unless such person has been authorized to do so. (Prior code § 7570.61)

15.20.150 Disposal of uncontaminated water.

No person shall discharge uncontaminated cooling water, water from pools or clear wash water that is nonseptic or incapable of becoming a nuisance into a public sewer where it is possible, in the opinion of the General Manager, to dispose of such water into a stream channel, storm drain or by other means. For the purpose of this Section, "storm drain" includes a storm drain under the jurisdiction of the Los Angeles County Department of Public Works. If, in the opinion of the General Manager, no suitable means is available for the disposal of such water, on the approval of the General Manager and as permitted by Los Angeles County, the General Manager may authorize the discharge of such water into a main line sewer if the main line sewer has sufficient capacity to handle the discharge. (Ord. C-7173 § 18 (part), 1994: prior code § 7570.66)

15.20.160 Cellar and shower drainage.

Any cellar drain or any drain from a shower in a basement or yard shall be protected so as to prevent the admission of sand, detritus, rain water or surface drainage into the sewer. When necessary, in the opinion of the City Superintendent of Building and Safety, such person shall install an interceptor constructed in accordance with the provisions of Chapters 15.04 through 15.28 and the rules, regulations and charges governing water and sewer service. (Ord. C-7173 § 18 (part), 1994: prior code § 7570.67)

15.20.170 Maintenance of facilities.

The requirements contained in Chapters 15.04 through 15.28 and the rules, regulations and charges governing water and sewer service covering the maintenance of sanitary sewage treatment plants,

sewage pumping plants, industrial wastewater pretreatment plants, interceptors, or other appurtenances shall apply to all such facilities now existing or hereafter constructed. All such facilities shall be maintained by the owners thereof in a safe and sanitary condition and all devices or safeguards which are required by Chapters 15.04 through 15.28 and the rules, regulations and charges governing water and sewer service for the operation of such facilities shall be maintained in good working order. This Section shall not be construed as permitting the removal or failure to maintain of any device or safeguards or existing facilities unless authorized in writing by the General Manager. (Ord. C-7173 § 18 (part), 1994: prior code § 7570.68)

15.20.180 Inspection.

The General Manager may inspect as often as deemed necessary every sewage pumping plant, private sewage disposal system, sewer lateral, dilution basin, neutralization basin, backwater trap or valve, or other similar appurtenances, for the purpose of ascertaining whether such facilities are maintained and operated in accordance with the provisions of Chapters 15.04 through 15.28 and the rules, regulations and charges governing water and sewer service. All persons shall permit the General Manager to have access to all such facilities at all reasonable times. No object, whether a temporary or permanent structure, nor any object which is difficult to remove, shall be placed in such a position so as to interfere with the ready and easy access to any such facility. Any such obstruction, on the request of the General Manager, shall be immediately removed at no expense to the Water Department or the City and shall not be replaced. (Ord. C-7173 § 18 (part), 1994: prior code § 7570.69)

15.20.200 Exceptions authorized.

If the City Superintendent of Building and Safety should determine that a literal compliance with the provisions of Chapter 15.20 is impossible or impracticable because of peculiar conditions in no way the fault of the person requesting such exception, and that the purposes of Chapter 15.20 may be accomplished and public safety secured by an alternative construction or procedure, then the City Superintendent of Building and Safety may authorize such alternative construction or procedure. (Ord. C-7173 § 19, 1994: prior code § 7570.71)

CHAPTER 15.24 SEWERS—INSTALLATION

15.24.010 Lowering water level.

Where groundwater conditions are found to exist which will require the lowering of the water level in the installation area, the method to be used in lowering the water level shall be approved by the General Manager. (Ord. C-7173 § 20, 1994: prior code § 7570.72)

15.24.090 Pipe—Laying method.

All pipe shall be laid upgrade on an unyielding foundation, true to line and grade and with a uniform bearing under the full length of the barrel of the pipe. Bell and spigot pipe shall be laid with sockets upgrade. Suitable excavations shall be made to receive the bells or collars of the pipe. All adjustments to bring the pipe to line and grade shall be made by scraping away or filling in under the body of the pipe, and not by wedging or blocking. (Prior code § 7570.80)

15.24.100 Main line sewers—Slope.

The grade or slope of main line sewers shall be shown on the plans in feet of fall per foot or horizontal distance expressed as a decimal. Slopes used shall be divisible, without remainder, by four. For example, twenty-four ten-thousandths, four one-thousandths and six one-hundredths comply with this Section. (Prior code § 7570.81)

15.24.120 Pipe—Disturbing after joints made.

No person shall walk upon or disturb the pipe in any manner after the joints have been made. (Prior code § 7570.83)

15.24.130 Depth of lines.

A. The minimum depth of main line sewers in residential districts shall be five feet (5') and in

business districts shall be sufficient to provide a house connection depth of ten and one-half feet (10½') for areas where no groundwater is present. Minimum depth for house connections shall be four feet (4') in residential districts and ten and one-half feet (10½') in business or apartment house districts below the grade at the top of the curb or property line.

B. Where the lot to be served has a slope greater than one percent (1%), the depth for residential main line sewers shall be sufficient to provide for a house connection with a minimum depth of at least one foot (1') below the surface at any part of the lot and a grade of not less than two percent (2%).

C. Exceptions to the minimums in this Section may be made only with the approval of the General Manager. (Ord. C-7173 § 21 (part), 1994: prior code § 7570.84)

15.24.150 End structures.

End structures shall be located at least ten feet (10') upgrade from the downgrade lot line of the last lot served unless greater length is necessary to serve the property. (Prior code § 7570.86)

15.24.160 Soil conditions.

Soil conditions, particularly in areas known to have high groundwater tables, rock or filled ground shall be prospected and the results shown on the profile. (Prior code § 7570.87)

15.24.170 Benchmarks.

A system of benchmarks on United States Geodetic Survey datum and adequate to construct the work shall be noted on the profile. (Prior code § 7570.88)

15.24.180 Substructures.

All substructures which will be encountered in the construction or which will be installed as part of the improvement shall be shown and designated on the plan. Large substructures which require special treatment in the design of the sewer shall also be shown on the profile when required by the General Manager. When required, the permittee shall submit to the General Manager a statement from each utility company having substructures in the affected area, certifying that the location and size of the structures, as shown on the plans, are the same as shown on their records. (Ord. C-7173 § 21 (part), 1994: prior code § 7570.89)

15.24.190 Septic tanks, cesspools and seepage holes.

Septic tanks, cesspools and seepage holes shall be constructed in accordance with plans approved by the General Manager. (Ord. C-7173 § 21 (part), 1994: prior code § 7570.90)

15.24.200 Building sewers—Each lot.

Six (6) inch building sewer service shall be provided in the street for each lot. (Ord. C- 7173 § 21 (part), 1994: prior code § 7570.91)

15.24.210 Building sewers—Grade.

All building sewers shall be laid on straight lines and uniform grades between cleanouts located as specified in this Chapter and the rules, regulations and charges governing water and sewer service. Minimum grades of building sewer shall be one-quarter inch (¼") per foot except where otherwise permitted in writing by the General Manager. (Ord. C-7173 § 21 (part), 1994: prior code § 7570.92)

15.24.220 House connection grade.

The alignment and grade of a house connection shall be straight from the public sewer to the street property line and shall have a fall of not less than one (1) foot in fifty feet (50') towards the public sewer, except where otherwise approved in writing by the General Manager. (Ord. C-7173 § 21 (part), 1994: prior code § 7570.93)

15.24.230 Vitrified clay pipe—Placement.

Vitrified clay piping shall not be placed closer than two feet (2') to the exterior wall of any building or foundation or closer than twelve inches (12") to the surface of the ground at any point in its course. (Prior code § 7570.94)

15.24.240 Reducers.

A six (6) inch by four (4) inch reducer shall be inserted in the house connection just inside the property line when the pipe size is changed from six (6) inch to four (4) inch. A six (6) inch by four (4) inch by four (4) inch reducer tee may be used at this location to serve as reducer, test tee and cleanout. (Ord. C-7173 § 22 (part), 1994: prior code § 7570.95)

15.24.250 Cleanouts.

A. Cleanouts in a house connection shall be made by inserting either a tee or wye branch or a two-way cleanout fitting in the line with the cleanout hub placed vertically above the flow line of the pipe. A cap of the same material shall be tightly sealed in the bell of the access or vertical outlet.

B. Cleanouts shall be placed in every house connection at the junction with the soil pipe at the building, at the junction with main line sewer, at the junction of the house connection and building sewer at the property line, at all changes in alignment or grade, and at intervals of not to exceed fifty feet (50') in straight runs. Cleanouts in straight runs longer than fifty feet (50') shall be uniformly spaced. (Ord. C-7173 § 22 (part), 1994: prior code § 7570.96)

15.24.260 Direct connection with trunk sewer.

Whenever a house connection is connected directly to a main line sewer, either through a wye, tee, saddle, or manhole thereof, a side hand hole trap or running trap shall be inserted at the point or points of connection to the house plumbing two feet (2') outside the building, and the required tee cleanout shall be inserted in the line just below the trap. (Ord. C-7173 § 22 (part), 1994: prior code § 7570.97)

15.24.270 House connections—Straight route.

All house connections shall be laid in the most direct feasible route, free of pinched joints or unnecessary bends and fittings, and on a straight line and uniform grade between cleanouts located as specified herein. (Ord. C-7173 § 22 (part), 1994: prior code § 7570.98)

15.24.280 House connections—Testing.

A. On completion, every house connection and every portion thereof shall be subjected to a water pressure test by completely filling with water every portion of the house connection from the lowest to the highest portion thereof.

B. No house connection shall be approved if any portion thereof, including any fitting, material, work or construction fails to withstand the test without leaking at any point, or does not comply with the provisions of Chapters 15.04 through 15.28 and the rules, regulations and charges governing water and sewer service. (Ord. C-7173 § 22 (part), 1994: prior code § 7570.99)

15.24.290 Testing in sections.

If by reason of excessive fall in any such house connection the pressure in a static water pressure test exceeds four (4) pounds per square inch, then the sewer may be tested in sections of such length that no such section nor any portion thereof will be subjected to pressure greater than four (4) pounds per square inch. (Ord. C-7173 § 22 (part), 1994: prior code § 7570.100)

15.24.300 Cemented joints.

In the event that any joints of any house connection are cemented with Portland cement mortar, no water test shall be made thereof until the expiration of not less than twenty-four (24) hours after the joints are made. (Ord. C-7173 § 22 (part), 1994: prior code § 7570.101)

CHAPTER 15.28 SEWERS—INSPECTION AND ENFORCEMENT

15.28.010 Right of entry.

The City Engineer and the General Manager or other authorized representatives of either the City or the Water Department shall have the right of entry into and on any property, structure or premises served by any public or private sewer, cesspool, septic tank, or appurtenance thereon for

the purpose of examining and inspecting the construction or condition of same, and every person owning, controlling, or otherwise occupying the property, structure or premises shall permit the entry and give such aid as may be necessary or required for the examination and inspection. (Ord. C-7173 § 23, 1994: prior code § 7570.39)

CHAPTER 15.32 WATER AND ELECTRODE WELLS

15.32.010 Purpose.

It is declared that it is the purpose of this Chapter to provide for the construction, repair and reconstruction of wells to the end that the groundwater of the City will not be impaired in quality and that water obtained, if any, from such wells will be suitable for the purpose for which used and will not jeopardize the health, safety, or welfare of the people of the City, and for the destruction of abandoned wells or wells found to be public nuisances to the end that such wells will not impair the quality of groundwater or otherwise jeopardize the health, safety or welfare of the people of the City. (Prior code § 5710)

15.32.020 Definitions.

As used in this Chapter, unless the context otherwise clearly indicates, the words and phrases used in this Chapter are defined as follows:

A. "Abandoned water well" is a nonoperating well which is not maintained in conformity with Section 15.32.090.

B. "Electrode well" means any artificial excavation in excess of fifty feet (50') deep constructed by any method for the purpose of installing electrodes or electrical conductors including, but not limited to, cathodic protection wells and grounding rod wells.

C. "Nonactive water well" is one which is not in active use but which is maintained in conformance with the provisions of Section 15.32.090.

D. "Nonconforming electrode well" is one which, at the effective date of the ordinance codified in this Chapter, has not been constructed in conformance with Section 15.32.110 or is not maintained in conformance with Section 15.32.090.

E. "Water well" means any drilled, excavated, jetted, or otherwise constructed excavation which is used or intended to be used to extract water from or inject water into the underground for any purpose, or to observe or test underground waters. This definition shall not include: (A) saltwater wells, (B) wells under the jurisdiction of the State Division of Oil and Gas, except those wells converted to use as water wells, or (C) wells used for the purpose of: (1) dewatering excavation during construction, or (2) stabilizing hillsides or earth embankments. (Prior code § 5710.1)

15.32.030 Sanitary or health hazard correction.

When it is determined by the Health Officer that a sanitary defect or a health hazard exists, the Health Officer may order whatever steps he deems necessary to insure the safety of the water supply for the protection of the public health. (Prior code § 5710.2)

15.32.040 Sealing required.

All domestic water wells and springs shall be sealed with concrete or other impervious material so as to protect against surface or subsurface contamination or pollution. (Prior code § 5710.3)

15.32.050 Log of well required.

Any person who has drilled, dug, excavated, or bored a water well shall, within thirty (30) days after completion of the drilling, digging, excavating, or boring of water well, furnish the Health Officer with a complete log of the water well. This log shall include type of casting, depth of the well, number and location of perforations in the casing and any other data required by the Health Officer. A copy of the log providing such information submitted to State agencies shall satisfy this requirement. (Prior code § 5710.4)

15.32.060 Location near pollution source prohibited.

It is unlawful for any person to drill, dig, excavate, or bore any water well in any location in

which sources of pollution or contamination are known to exist at the location whereby the water may become contaminated or polluted when the well is properly constructed and maintained. (Prior code § 5710.5)

15.32.070 Distance from sewage disposal or animals.

It is unlawful for a person to drill, dig, excavate or bore a water well within one hundred feet (100') of a seepage pit or cesspool, within fifty feet (50') of a sewage disposal field, a private or public sewer, privy, or place where animals or fowl are kept. Where special hazards are involved, the distance required may be increased or special construction required as may be directed by the Health Officer. Where perforations or screens are located at or over one hundred feet (100') below the ground surface and where sealed and maintained in accordance with Section 15.32.090 or in such other circumstances as he determines lesser distances will not subject the water to contamination or pollution, the Health Officer may authorize lesser distances than those specified in this Section. It is also unlawful for any person to locate or maintain any seepage pit or cesspool within one hundred feet (100'), any sewage disposal field, a private or public sewer, privy, or place where animals or fowl are kept within fifty feet (50'), of any water well. (Prior code § 5710.6)

15.32.080 Flood protection.

It is unlawful for a person to drill, dig, excavate or bore a water well in any location which is subject to flooding or inundation, unless it is protected from flooding or inundation and the location and method of protection approved by the Health Officer. (Prior code § 5710.7)

15.32.090 Protection from surface contamination.

All water wells and electrode wells shall be kept sealed and maintained in a manner that will prevent the entrance of pump leakage, surface drainage, or any other contamination or pollution into the well or the aquifer, except that nonconforming electrode wells need not comply with this Section until such time as the electrode is expended, or the well is reconstructed, or the well is no longer being used for its intended purpose, unless, in the judgment of the Health Officer, such exception constitutes a threat to the quality of an aquifer. (Prior code § 5710.8)

15.32.100 Water well—Construction.

A. All water wells hereafter drilled, dug, or bored, shall have a durable, watertight casing which shall extend to a depth that will exclude contamination or pollution by surface drainage and undesirable groundwater and extend at least eighteen inches (18") above the surrounding natural ground level at the well site after drilling and until the pump is permanently mounted.

B. All gravel-packed wells shall have an outside water-tight casing meeting the requirements of Subsection A of this Section. The top of the space between the outer and inner casings shall be closed or sealed to exclude surface drainage. The space between the outer casing and the drill hole shall be sealed as required by Section 15.32.040. When an additional pipe is provided for a gravel chute, the top thereof shall extend above the floor or ground level and be fitted with a tight cap or lid unless in a locked room or an enclosure which is locked, bolted or screwed on tightly. (Prior code § 5710.9)

15.32.110 Electrode well—Construction.

All electrode wells hereafter constructed shall be constructed to the satisfaction of the Health Officer in such a manner as to exclude contamination or pollution of any usable underground water. (Prior code § 5710.10)

15.32.120 Surface structures.

All water wells hereafter drilled, dug, excavated, or bored, shall be provided with:

A. A watertight reinforced concrete slab of a minimum thickness of six inches (6") which shall extend horizontally at least three feet (3') from the well casing in all directions. The concrete slab shall adequately slope so as to drain water away from

the well casing. The top surface of the slab at its outer edge shall be at least four inches (4") above the surrounding ground level. This slab need not be provided, or the size and method of construction thereof may be modified, when the protection intended by this requirement or the exception of Subsection D of this Section is provided by an alternate method approved by the Health Officer.

B. For pumps or pump motors installed above the well casing, the pump or motor shall be mounted on a concrete pedestal constructed around the well casing and sealed thereto, the top of which is at least eight inches (8") above the finished grade at the well site and at least four inches (4") above the slab surrounding such well.

C. The pedestal, slab (and curtain wall, if required to protect an existing well) shall be poured monolithically or otherwise constructed as approved by the Health Officer to effectively prevent leakage between the pedestal and the slab.

D. Exceptions: Means or methods other than those specified in Subsections B and C of this Section may be used to provide the required protection when the Health Officer determines such alternates are necessary and that they provide equivalent protection. A submersible type pump may be installed with subsurface discharge and access when all subsurface entrances to the well or casing, other than into the aquifer, are effectively sealed, the enclosure is designed and constructed to exclude surface water or drainage, the area around the casing is provided with effective drainage and other protective features are provided which the Health Officer determines will effectively prevent contamination or pollution from entering the well or the aquifer. (Prior code § 5710.11)

15.32.130 Disinfection of water.

All domestic water wells shall be provided with a pipe or other effective means through which chlorine or other disinfecting agents may be introduced directly into the well. The pipe, if provided, shall be extended to a height equal to the pump pedestal or at least eight inches (8") above the finished grade, shall be kept sealed and shall be provided with a threaded or equivalently secure cap. Equivalent protection for excluding contamination from the well shall be provided for subsurface pump discharge installations. If an air relief vent is used, it shall terminate downward and be screened and protected against the possibility of contaminating material entering the vent. (Prior code § 5710.12)

15.32.140 Permit—Required.

No person shall drill, dig, bore, deepen or excavate any well, or destroy an existing well, without first making application and securing a permit from the Health Officer. The application shall be made on a form prepared by the Health Officer, which shall include the location of the proposed or existing well, the type of casing, the manner of sealing and any other data required by the Health Officer. (Prior code § 5710.13)

15.32.150 Reconstruction or conversion.

Any person intending to convert any industrial, oil or irrigation well for use as a domestic water well shall first apply and secure a permit from the Health Officer. (Prior code § 5710.14)

15.32.160 Permit—Application investigation.

Upon receipt of an application the Health Officer shall make an investigation. If the applicant has complied with all applicable laws and regulations and the proposed well location will comply with this Chapter, and the drilling, digging, boring, deepening, excavating, converting, destruction or design of the well will not create a condition which in the opinion of the Health Officer can pollute or contaminate the underground water or the water produced by the well, the Health Officer shall issue the permit. (Prior code § 5710.15)

15.32.170 Permit—One location—Suspension or revocation.

A permit shall be valid only for the location described on the permit. Construction, reconstruction or destruction of a well shall be carried out in compliance with all applicable regulations and requirements of the Health Officer and with all ordinances and laws of the County and of the

State and shall comply with the terms and conditions specified in the permit. If any of such conditions, regulations, ordinances or laws are not complied with, the Health Officer may suspend or revoke the permit by mailing or personally serving written notice of suspension or revocation upon the applicant. (Prior code § 5710.16)

15.32.180 Permit—Appeal hearing.

Any person whose application for a permit has been denied, or whose permit has been suspended or revoked, may petition the Health Officer for a hearing. The petition shall be in writing, signed by the applicant, and shall set forth in detail the facts and reasons upon which his petition is based. The time limit within which the petition must be filed is twenty (20) business days following the date on which the notice of denial, suspension or revocation was mailed to the applicant. Notice of the time and place of the hearing shall be given to the applicant not less than five (5) business days prior to the hearing, either by registered mail or in the manner required for the service of summons in civil actions. At the time and place set for the hearing, the Health Officer will give the applicant and other interested persons an adequate opportunity to present any relevant facts. The Health Officer may place any person involved in the matter, including the applicant, under oath. The Health Officer may, when he deems it necessary, continue any hearing by setting a new time and place and by giving notice to the applicant of the action. At the close of the hearing, or at any time within ten (10) days thereafter, the Health Officer will order such disposition or the application or permit as he has determined to be proper and will make the disposition known to the applicant. (Prior code § 5710.17.

15.32.190 Water well—Destruction.

All water wells, unless made to comply with Sections 15.32.040 and 15.32.090, shall be destroyed to the satisfaction of the Health Officer by filling with cement grout, puddled clay or similar impervious material, as approved by the Health Officer, to thoroughly seal the well, including all voids, annular spaces, gravel envelopes or other spaces, as necessary to protect the aquifer. (Prior code § 5710.18)

15.32.200 Electrode well—Destruction.

All electrode wells, unless in compliance with Section 15.32.090, shall be destroyed to the satisfaction of the Health Officer in such a manner as to exclude contamination or pollution of any usable underground water. (Prior code § 5710.19)

15.32.210 Domestic water wells—Conformance of existing wells required.

All water wells used to supply domestic water shall conform to the requirements of a new water well, except the Health Officer may accept substitute methods when he finds it is impractical to fully meet such requirements and if he determines the substitute methods satisfactorily accomplish the intended purpose. Existing wells shall meet requirements for new wells regarding protection from flooding or contamination or such protection which the Health Officer determines to be equivalent. (Prior code § 5710.20)

15.32.220 Domestic water wells—Bacteriological standards.

Every new, repaired or reconstructed domestic water well, after completion of construction, repair or reconstruction, and before being placed in service, shall be thoroughly cleaned of all foreign substances. The well, including the gravel used in gravel packed wells, the pump and all portions of equipment coming in contact with well water shall be disinfected with a solution containing at least fifty (50) parts per million available chlorine, which shall remain in the well for a period of at least twenty-four (24) hours, or by an equivalent method of disinfection satisfactory to the Health Officer, and such procedure shall be repeated, as necessary, to produce water meeting bacteriological standards as set forth in the U.S. Public Health Service drinking water standards. No well water from a new or reconstructed well shall be used for domestic purposes until the water

meets such bacteriological requirements. (Prior code § 5710.21)

15.32.230 Pump discharge line elevation.

All pump discharge lines shall leave the well at a higher elevation than the top of the casing. (Prior code § 5710.22)

15.32.240 Rules establishment.

The Health Officer shall prescribe rules, regulations and requirements not in conflict with the general law, as prescribed in the City Charter, for implementation and enforcement of this Chapter. (Prior code § 5710.23)

CHAPTER 15.34 WIRELESS TELECOMMUNICATIONS FACILITIES IN THE PUBLIC RIGHTS-OF-WAY

15.34.010 Purpose and objectives.

The purpose of this Chapter is to regulate the establishment and operation of wireless telecommunications facilities within the public right-of-way in the City of Long Beach, consistent with the General Plan, and with the intent to:

A. Allow for the provision of wireless communications services adequate to serve the public′s interest within the City;

B. Minimize the negative impacts of wireless telecommunications facilities, establish a fair and efficient process for review and approval of applications, assure an integrated, comprehensive review of environmental impacts of such facilities in the context of other uses and users in the public right-of-way, and protect the health, safety and welfare of the City of Long Beach;

C. Strongly encourage the location of wireless telecommunications facilities in those areas of the City where the adverse aesthetic impact on the community is minimal;

D. Promote the public health, safety, convenience, and general welfare of the City′s residents, and to protect historical resources, property values and the aesthetic appearance of the City of Long Beach;

E. Strongly encourage wireless telecommunications providers to configure all facilities in such a way that minimizes displeasing aesthetics through careful design, siting, landscaping, screening, and innovative camouflaging techniques;

F. Provide a uniform and comprehensive set of standards for the development, siting, installation, and operation of wireless telecommunications facilities in the limited physical resources and capacity of the available public right-of-way of the City of Long Beach in such a manner to not unreasonably discriminate, and to be competitively neutral, and non-exclusive as to the extent required under applicable law;

G. Encourage open competition and the provision of advanced and high quality telecommunications services on the widest possible basis to the businesses, institutions, and residents of the City;

H. Encourage economic development while preserving aesthetic and other community values and preventing proliferation of above ground wireless telecommunication equipment; and

I. Conform to all applicable federal and state laws. (ORD-18-0012 § 2, 2018)

15.34.020 Definitions.

In addition to all those terms defined in Chapter 21.15 of the zoning regulations, the following terms shall have the meanings set forth below, for the purposes of this Chapter:

A. ″Abandoned.″ Notwithstanding the definition of ″abandoned″ in Section 21.15.030, a wireless telecommunications facility use shall be considered abandoned if it is not in use for two (2) consecutive months.

B. ″Adjacent″ means on the same side of the street and in front of the building or the next building on either side, when used in connection with a national historic landmark, California landmark, City landmark as defined in Chapter 2.63, or cultural resource as defined in Chapter 2.63; and in front of and on the same side of the street, when used in connection with a City park or open space.

C. "Applicable Law" means all applicable federal, state, and City laws, ordinances, codes, rules, regulations and orders, as the same may be amended or adopted from time to time.

D. "Base Station" shall have the meaning as determined by the Director of Public Works in an order or regulation, provided that the Director of Public Works' definition shall be consistent with the definition of that term: (a) as it is used in Section 6409(a) of the Middle Class Tax Relief and Job Creation Act of 2012, codified at 47 U.S.C. § 1455(a) as may be amended from time to time; and (b) as it is defined by the FCC in any decision addressing that section or any regulation implementing that section, including without limitation the FCC Report and Order entitled "In the Matter of Acceleration of Broadband Deployment by Improving Wireless Facilities Siting Policies; Acceleration of Broadband Deployment: Expanding the Reach and Reducing the Cost of Broadband Deployment by Improving Policies Regarding Public Rights of Way and Wireless Facilities Siting; 2012 Biennial Review of Telecommunications Regulations," (FCC Report and Order No. 14-153).

E. "Business Day" means a day that Long Beach City Hall is open to conduct public business.

F. "Coastal Zone Protected Location" means a proposed location for a wireless telecommunications facility in the public right-of-way that is within or adjacent to a designated coastal zone (as that term is defined in Section 21.15.530).

G. "Coastal Zone Protected Location Compatibility Standard" means whether a wireless telecommunications facility that is proposed to be located in a Coastal Zone Protected Location would comply with all applicable requirements and standards applicable to the installation of public infrastructure within the coastal zone.

H. "Co-location" means the placement or installation of wireless telecommunications facilities, including antennas and related equipment onto an existing wireless telecommunications facility in the case of monopoles, or onto the same building in the case of roof/building-mounted sites or placement onto an existing pole or structure with existing wireless telecommunication facility in the public right-of-way.

I. "Co-location Facility" means a wireless telecommunications facility that has been co-located consistent with the meaning of "co-location" as defined above. It does not include the initial installation of a new wireless telecommunications facility where previously there was none, nor the construction of an additional monopole on a site with an existing monopole.

J. "Eligible Facilities Request" shall have the meaning as determined by the Director of Public Works in an order or regulation, provided that the Director of Public Works' definition shall be consistent with the definition of that term: (a) as it is used in Section 6409(a) of the Middle Class Tax Relief and Job Creation Act of 2012, codified at 47 U.S.C. § 1455(a) as may be amended from time to time; and (b) as it is defined by the FCC in any decision addressing that section or any regulation implementing that section.

K. "FCC" means the Federal Communications Commission.

L. "Modification Permit" means a Wireless Right-of-Way Facility Permit issued by the Department of Public Works pursuant to Subsection 15.34.030.S below, authorizing a permittee to modify equipment installed on a utility pole or street light pole by the permittee pursuant to a Wireless Right-of-Way Facility Permit.

M. "Permittee" means a person issued a permit pursuant to this Chapter 15.34.

N. "Person" means any individual, group, company, partnership, association, joint stock company, trust, corporation, society, syndicate, club, business, or governmental entity. "Person" shall not include the City of Long Beach.

O. "Phasing Plan" means a schedule in a form and with timing that is reasonable and acceptable to the Director of Public Works, setting forth milestones for completion of the construction and inspection of a wireless telecommunications facility, compliance with which shall be a condition of approval on each Wireless Right-of-Way Facility Permit.

P. "Planning Protected Location" means any of the following proposed locations for a wireless telecommunications facility:

1. On an historic, historically or architecturally significant, decorative, or specially designed street light pole located in the public right-of-way;

2. On a utility pole or street light pole that is on a public right-of-way that is within a national historic landmark district, listed or eligible national register historic district, listed or eligible California register historic district, listed or eligible City landmark, or listed or eligible City landmark district, as more specifically described and cataloged in materials prepared and maintained pursuant to Chapter 2.63;

3. On a utility pole or street light pole that is on a public right-of-way that is adjacent to a national historic landmark, California landmark, or City landmark, as more specifically described and cataloged in materials prepared and maintained pursuant to Chapter 2.63;

4. On a utility pole or street light pole that is on a public right-of-way that the General Plan has designated as being most significant to City pattern, defining City form, or having an important street view for orientation; or

5. On a utility pole or street light pole that is on a public right-of-way that the General Plan has designated as having views that are rated "excellent" or "good."

Q. "Planning Protected Location Compatibility Standard" means whether an applicant for a Wireless Right-of-Way Facility Permit demonstrates that a proposed wireless telecommunications facility would be compatible with any of the Planning Protected Locations as follows:

1. For a historic, historically or architecturally significant, decorative, or specially designed street light pole, the applicable standard is whether a proposed wireless telecommunications facility would significantly degrade the aesthetic attributes that distinguish the street light pole as historic, historically significant, architecturally significant, decorative, or specially designed.

2. For public right-of-way that is within a national historic landmark district, listed or eligible national register historic district, listed or eligible California register historic district, listed or eligible City landmark, or listed or eligible City landmark district, the applicable standard is whether a proposed wireless telecommunications facility would significantly degrade the aesthetic attributes that were the basis for the special designation of the district.

3. For a utility pole or street light pole that is adjacent to a national historic landmark, California landmark, or City landmark, the applicable standard is whether a proposed wireless telecommunications facility would significantly degrade the aesthetic attributes that were the basis for the special designation of the building.

4. For public right-of-way that the General Plan has designated as being most significant to City pattern, defining City form, or having an important street view for orientation, the applicable standard is whether a proposed wireless telecommunications facility would significantly degrade the aesthetic attributes that were the basis for the designation of the street for special protection under the General Plan.

5. For public right-of-way that the General Plan has designated as having views that are rated "excellent" or "good," the applicable standard is whether a proposed wireless telecommunications facility would significantly impair the views of any of the important buildings, landmarks, open spaces, or parks that were the basis for the designation of the street as a view street.

R. "Public Health Compliance Standard" means whether: (a) any potential human exposure to radio frequency emissions from a proposed wireless telecommunications facility described in an application is within the FCC guidelines; and (b) noise at any time of the day or night from the proposed wireless telecommunications facility described in an application is not greater than forty-five (45) dBA as measured at a distance three (3) feet from any residential building facade.

S. "Public right-of-way" means any public highway, street, alley, sidewalk, parkway, parking lot, and all extensions or additions thereto which is either owned, operated, or controlled by the

City, or is subject to an easement or dedication to the City, or is a privately-owned area within City's jurisdiction which is not yet dedicated, but is designated as a proposed public right-of-way on a tentative subdivision map approved by the City.

T. "Replace" means to remove previously permitted equipment and install new equipment at a permitted wireless telecommunications facility that is identical or smaller in size and weight, equal or fewer in quantity, and identical in color when compared to the previously permitted equipment; provided, however, that an increase in size or weight to the extent required by applicable state or federal regulation may be permitted.

U. "Residential/Institutional Planned Development (PD) District" means the following Planned Development Districts within the City of Long Beach: PD-5 (Ocean Boulevard), PD-10 (Willmore City), PD-11 (Rancho Estates), PD-17 (Alamitos Land), PD-20 (All Souls), PD-25 (Atlantic Avenue), all RP residential planned unit development districts, as well as any future PDs and/or RPs designated as such by the City.

V. "Street Light Pole" means a pole used principally or solely for street lighting and which is located in the public rights-of-way.

W. "Substantially Change the Physical Dimensions" shall have the meaning as determined by the Director of Public Works in an order or regulation, provided that the Director of Public Works' definition shall be consistent with the definition of that term: (a) as it is used in Section 6409(a) of the Middle Class Tax Relief and Job Creation Act of 2012, codified at 47 U.S.C. § 1455(a) as may be amended from time to time; and (b) as it is defined by the FCC in any decision addressing that section or any regulation implementing that section.

X. "Tier A Compatibility Standard" means that an applicant for a wireless telecommunications facility on a public right-of-way that is within an Unprotected Location has demonstrated that the proposed wireless telecommunications facility would not significantly detract from any of the defining characteristics of the neighborhood.

Y. "Tier A Wireless Telecommunications Facility" means a wireless telecommunications facility where the proposed location for the facility is in an Unprotected Location.

Z. "Tier B Compatibility Standard" means: (i) in the case of applications for wireless telecommunications facility within or adjacent to the public right-of-way in a Planning Protected Location, a wireless telecommunications facility that complies with the Planning Protected Location Compatibility Standard, (ii) in the case of applications for wireless telecommunications facility within or adjacent to the public right-of-way in a Coastal Zone Protected Location, a wireless telecommunications facility that complies with the Coastal Zone Protected Location Compatibility Standard, and (iii) in the case of applications for wireless telecommunications facility within or adjacent to the public right-of-way in a Zoning Protected Location, a wireless telecommunications facility that complies with the Zoning Protected Location Compatibility Standard. In addition to the foregoing, for all applications for wireless telecommunications facilities within or adjacent to Planning Protected Locations, Coastal Zone Protected Locations, and/or Zoning Protected Locations, satisfaction of the Tier B Compatibility Standard requires an affirmative demonstration that the proposed wireless telecommunications facility would not significantly detract from any of the defining characteristics of the Planning Protected Location, Coastal Zone Protected Location, or Zoning Protected Location.

AA. "Tier B Wireless Telecommunications Facility" means a wireless telecommunications facility where the proposed location for the facility is in a Planning Protected Location, Coastal Zone Protected Location, or Zoning Protected Location.

BB. "Transmission Equipment" shall have the meaning as determined by the Director of Public Works in an order or regulation, provided that the Director of Public Works' definition shall be consistent with the definition of that term: (a) as it is used in Section 6409(a) of the Middle Class Tax Relief and Job Creation Act of 2012, codified at 47 U.S.C. § 1455(a) as may be amended from time to time; and (b) as it is defined by the FCC in any decision addressing that section or any regulation implementing that section.

CC. "Unprotected Location" means a proposed location for a wireless telecommunications

facility that is not located within or adjacent to a Planning Protected Location, a Coastal Zone Protected Location, and/or a Zoning Protected Location.

DD. "Utility Pole" means any pole or tower owned by any utility company that is located in the public right-of-way necessary for the distribution of electrical or other utility services regulated by the California Public Utilities Commission, as well as guyed poles. This does not include towers for high-voltage electrical power transmission between generating plants and electrical substations.

EE. "Wireless Telecommunications Facility" means equipment installed for the purpose of providing wireless transmission of voice, data, images, or other information including but not limited to, cellular telephone service, personal communications services, and paging services, consisting of equipment, antennas, and network components such as towers, utility poles, transmitters, base stations, conduits, pull boxes, electrical meters, and emergency power systems. "Wireless telecommunications facility" does not include radio or television broadcast facilities, nor radio communications systems for government or emergency services agencies.

FF. "Zoning Protected Location" means on a utility pole or street light pole that is on a public right-of-way that is within a residential or a residential/institutional planned development (PD) district.

GG. "Zoning Protected Location Compatibility Standard" means that an applicant for a wireless telecommunications facility on a public right-of-way that is within a Zoning Protected Location has demonstrated that the proposed wireless telecommunications facility would not significantly detract from any of the defining characteristics of the residential or a residential/institutional planned development (PD) district. (ORD-18-0012 § 2, 2018)

15.34.030 Requirements and standards for wireless telecommunications facilities in the public right-of-way.

A. Permit Required. Any person seeking to construct, install, or maintain a wireless telecommunications facility in, on, under, or above the public right-of-way shall obtain a Wireless Right-of-Way Facility Permit pursuant to the requirements of this Chapter prior to installing such wireless telecommunications facility.

B. Permit requirements for wireless telecommunications facilities in the public right-of-way.

1. Minimum Permit Requirements.

a. The Department of Public Works shall not issue a Wireless Right-of-Way Facility Permit if the permit application does not comply with all of the applicable requirements of this Section 15.34.030.

b. The Department of Public Works shall require an applicant for a Wireless Right-of-Way Facility Permit to demonstrate to the satisfaction of the Department of Public Works that:

(i) Other Permits. The applicant has obtained all appropriate permits (e.g., encroachment and traffic control permits) from the Department of Public Works, together with all other applicable permits and approvals from the City and other governmental agencies (e.g., approvals and permits required under the City's local coastal program (Chapter 21.25), and approvals and permits required under the City's cultural heritage procedures (Chapter 2.63)).

(ii) Authorization to Install. If the facility is to be installed on an existing utility pole or street light pole, the applicant shall provide proof that either (a) the pole is either owned and controlled by the Joint Pole Commission and that the applicant is a member of the Joint Pole Commission with attachment rights, or (b) the owner of the pole has authorized the installation.

(iii) California Environmental Quality Act Compliance. The applicant has obtained any approvals that may be required under the California Environmental Quality Act (California Public Resources Code Section 21000 et seq.) to construct, install, and maintain the proposed wireless telecommunications facility.

(iv) California Public Utilities Commission Authorizations. The applicant has obtained any

necessary certificate of public convenience and necessity issued by the California Public Utilities Commission.

(v) Operational Interference with Public Rights-of-Way. No part of a wireless telecommunication facility shall alter vehicular circulation or parking within the public right-of-way, nor shall it impede vehicular and/or pedestrian access or visibility along any public right-of-way. No permittee shall locate or maintain wireless telecommunication facilities to unreasonably interfere with the use of City property or the public right-of-way by the City, by the general public or by other persons authorized to use or be present in or upon the public right-of-way. Unreasonable interference includes disruption to vehicular or pedestrian traffic on City property or the public right-of-way, interference with public utilities, and any such other activities that will present a hazard to public health, safety or welfare when alternative methods of construction would result in less disruption. All such wireless telecommunications facilities shall be moved by the permittee, at the permittee's cost, temporarily or permanently, as determined by the Director of Public Works.

(vi) Aesthetic Impacts. All wireless telecommunication facilities shall be designed and located to eliminate or substantially reduce their visual and aesthetic impacts upon the surrounding public rights-of-way and public vantage points. To accomplish this goal, all wireless telecommunication equipment shall be developed with the intent of locating and designing such facilities in the following manner and order of preference (from top to bottom). In instances where a facility is proposed for installation at a location or in a manner that is not the highest preference for each of the following categories, the applicant shall make a factual showing that all higher preferences are infeasible:

1) Antenna preferences:

(i) On an existing street light pole;

(ii) On a replacement street light pole;

(iii) On an existing structure other than a street light pole or utility pole in the public-right-of-way;

(iv) On a new structure other than a street light pole or utility pole in the public right-of-way (e.g., wireless telecommunication kiosk);

(v) On an existing non-wood utility pole;

(vi) On a new non-wood utility pole;

(vii) On an existing wood utility pole.

2) Equipment preferences (for all appurtenant equipment, including, but not limited to, radio units, power supplies, voltage converters, and electrical service connections and meters):

(i) When bundled in an all-in-one equipment cabinet with the antenna(s), provided, however, that the size of the cabinet shall be minimized to the satisfaction of the Director of Public Works;

(ii) Within a below-grade equipment vault, or on a street light pole or utility pole that does not place new cabinets or other above ground furniture in the public right-of-way, provided, however, that the size of the boxes on the pole shall be minimized to the satisfaction of the Director of Public Works and that the power supply equipment is undergrounded;

(iii) Attached to existing power source in an existing utility box;

(iv) Enclosed at the base of the pole on which the antenna(s) is/are proposed for installation;

(v) In an existing ground-mounted (grade-level) equipment cabinet, with no expansion or additional cabinets to be added;

(vi) Within a new equipment enclosure mounted at grade.

3) Site location preferences:

(i) Within the public right-of-way, not in a center median, and not requiring the removal of existing parkway trees, reduction of the size of any parkway landscape planters, and not requiring any modifications to the existing location of any infrastructure within the public right-of-way;

(ii) Within the parkway landscaping within the public right-of-way, and requiring only minor alterations to the existing parkway landscaping (including planter size) and/or infrastructure;

(iii) Within the public right-of-way in a manner that requires significant alteration to the existing public improvements and/or infrastructure.

4) Site location restrictions. In addition to the orders of preference specified in the preceding subsections, the following location prohibitions shall be applicable to all applications for installations of wireless telecommunications facilities in the public rights-of-way.

(i) All wireless telecommunication facility antennas, equipment and related infrastructure shall be prohibited in all center street medians;

(ii) In Residential Zoning Districts or Residential Planned Development Districts, only one (1) wireless telecommunications facility and associated equipment per applicant (including contractors, subcontractors, agents, or lessors to applicant or applicant's affiliate) shall be permitted within the public right-of-way within a five hundred foot (500′) radius. For all other applicants, only one (1) wireless telecommunications facility and associated equipment per applicant shall be permitted within the public right-of-way within a one hundred foot (100′) radius. The separation requirements in the preceding two sentences may be waived by the Director of Public Works upon a demonstration that the refusal to allow an additional facility within a five hundred foot (500′) or one hundred foot (100′) radius will result in the creation of a significant coverage gap for the applicant and/or that such refusal will otherwise violate an applicable state or federal law;

(iii) Wireless on strand or overhead lines shall be prohibited;

(iv) New wood poles and strand mounts may be allowed by the Director of Public Works if the applicant demonstrates that a wooden pole or strand mount is less impactful (from public safety, visual, or logistic standpoints) at a specific location.

5) Height:

(i) Antenna installations on existing City infrastructure shall not exceed the height of the existing infrastructure piece by more than five and one-half feet (5.5′) unless approved by the City Engineer or Director of Public Works after a finding is made that a greater height would promote the aesthetic or safety concerns of the City;

(ii) For antenna(s) proposed for placement on a new pole in the public right-of-way, the height to the top of the highest element shall not exceed the average height of utility poles on the same block as the subject site by more than five and one-half feet (5.5′). In cases of uncertainty, the Director of Public Works shall have the authority to determine the applicable height limit;

(iii) Pole-mounted equipment shall be a minimum of ten feet (10′) above level of sidewalk for public safety reasons.

6) Design:

(i) Any pole to be installed in the public right-of-way shall be disguised to resemble a utility pole to the maximum extent possible. All antennas shall be limited to a diameter no more than the widest part of the main pole, excluding its base. All antennas and screening devices shall be painted or finished to match the pole. All pole or equipment shall be painted or otherwise coated, per City standard, to be visually compatible with existing poles and equipment. The installation of new wood poles is not preferred;

(ii) Omnidirectional antenna units and groups of panel antennas shall be placed on the same vertical axis as the center of the pole where feasible. If not feasible, the installation shall utilize brackets and/or cross-arms that allow no more than a six-inch (6″) extension (stand-off) from the pole except when additional stand-off is required to comply with health and safety regulations such as GO-95 and OSHA;

(iii) Antenna installations on existing City infrastructure shall be placed in a manner so that the size, appearance and function of the final installation is essentially identical to the installation prior to the antenna installation taking place;

(iv) No faux or otherwise nonfunctioning street lights, decorative elements, signs, clock towers, or artificial trees or shrubs or other such nonfunctioning screening elements made to resemble other objects shall be permitted;

(v) Wireless telecommunications facility equipment located above the surface grade in the public right-of-way including, but not limited to those on certain street lights, shall consist of small

equipment components that are compatible in structure, scale, function and proportion to the poles they are mounted on. Equipment shall be painted or otherwise coated, per City standard (which may include public art), to be visually compatible with the subject pole. Underground vaults shall employ flush-to-grade access portals and vents that are heel shoe safe and slip safe; provided, however, that this restriction shall not apply in flood prone areas. Installations on City-owned or controlled public facilities shall be subject to applicable fees as approved by the City Council;

(vi) Facilities shall be designed to be as visually unobtrusive as possible. Applicant shall size antennas, cabinet equipment and other facilities to minimize visual clutter. Facilities shall be sited to avoid or minimize obstruction of views from public vantage points and otherwise minimize the negative aesthetic impacts of the public right-of-way;

(vii) All cables and conduits shall be routed through the interior of the subject pole; provided, however, that for wood poles all cables and conduits shall be mounted and routed in a manner calculated to minimize their visibility;

(viii) All cables shall be screened from public view.

(vii) Compliance With Applicable Laws. Permittee shall install and maintain permitted wireless telecommunications facilities in compliance with the requirements of the Uniform Building, National Electrical Code, City noise standards, and all other applicable codes, laws, and regulations (including without limitation, those specified in Title 21), as well as the restrictions specified in this Chapter.

(viii) Americans With Disabilities Act. The proposed wireless telecommunications facility and its location shall comply with the Americans with Disabilities Act.

(ix) Signs.

1) There shall be no advertising or signage on any portion of a wireless telecommunication facility, except that required by law and/or as may be required by the City of Long Beach.

2) Each wireless telecommunication facility shall be identified by a permanently installed plaque or marker, no larger than four inches (4″) by six inches (6″), clearly identifying the addresses, email contact information, and twenty-four (24) hour local or toll-free contact telephone numbers for a live contact person for both the permittee and the agent responsible for the maintenance of the wireless telecommunications facility. Emergency contact information shall be included for immediate response. Such information shall be updated in the event of a change in the permittee, the agency responsible for maintenance of the wireless telecommunication facility, or both.

3) Signs shall be hidden from public view when feasible. Background shall match color of equipment.

(x) Performance standards. All wireless telecommunications facilities in the public right-of-way shall be subject to the following:

1) Interference. No wireless telecommunication facility shall interfere with any emergency communication system at any time.

2) Graffiti. All graffiti on any components of the wireless telecommunications facility shall be removed promptly in accordance with City regulations. Graffiti on any facility in the public right-of-way must be removed within twenty-four (24) hours notification to the applicant of its appearance.

3) Landscaping. All landscaping required in connection with the permitting of the wireless telecommunications facility, including landscaping of the public right-of-way, shall be maintained in good, healthy condition at all times. Any dead or dying landscaping shall be promptly replaced or rehabilitated.

4) Repair of public right-of-way. The permittee or its operator shall repair, at its sole cost and expense, any damage (including, but not limited to subsidence, cracking, erosion, collapse, weakening, or loss of lateral support) to City streets, sidewalks, walks, curbs, gutters, trees, parkways, or utility lines and systems, underground utility line and systems, or sewer systems or sewer lines that results from any activities performed in con-

nection with the installation and/or maintenance of a wireless telecommunications facility by permittee. In the event permittee fails to complete said repair within the number of days stated on a written notice by the Director of Public Works, the Director shall cause said repair to be completed and shall invoice the permittee for all costs incurred by City as a result of such repair.

(i) Structural foundation must be removed when removing structures from the right-of-way;

(ii) All sidewalk panels affected by any work associated with the installation of a wireless telecommunications facility must be restored to their original condition.

5) Replacement of Equipment. During the term of a Wireless Right-of-Way Facility Permit, a permittee may replace equipment that is part of a permitted wireless telecommunications facility provided that the replacement equipment would be of the same (or smaller) size, quantity, weight, and appearance as the previously permitted equipment. The permittee shall notify the Department of Public Works prior to replacing any equipment, and shall not install the proposed equipment unless and until the Department of Public Works notifies permittee in writing that the Department has determined that the proposed replacement equipment complies with the requirements of this subsection, and until all required permits have been obtained.

6) Abandonment. The owner or operator of the wireless telecommunications facility shall notify the Department of Public Works in writing upon abandonment of the facility. The wireless telecommunications facility and all equipment associated therewith shall be removed in its entirety by the owner or operator within sixty (60) business days of a FCC or California Public Utilities Commission license or registration revocation or of facility abandonment (as defined in Subsection 15.34.020.A) or other discontinuation of use. The site shall be restored to its pre-installation condition to the satisfaction of the Director of Public Works at the expense of the facility owner or operator. Restoration shall be completed within ten (10) business days of removal of the facility. If removal and restoration is not completed within these time limits, the Director of Public Works shall be authorized to cause such removal and restoration to be completed and shall invoice the permittee for all costs incurred by City as a result of such removal.

7) Liability, Indemnification, and Defense.

(i) As a condition of a Wireless Right-of-Way Facility Permit, each permittee agrees on its behalf and on behalf of any agents, successors, or assigns to be wholly responsible for the construction, installation, and maintenance of any permitted wireless telecommunications facility. Each permittee and its agents are jointly and severally liable for all consequences of such construction, installation, and maintenance of a wireless telecommunications facility. The issuance of any Wireless Right-of-Way Facility Permit, inspection, repair suggestion, approval, or acquiescence of any person affiliated with the City shall not excuse any permittee or its agents from such responsibility or liability.

(ii) As a condition of a Wireless Right-of-Way Facility Permit, each permittee agrees on its behalf and on behalf of its agents, successors, or assigns, to indemnify, defend, protect, and hold harmless the City from and against any and all claims of any kind arising against the City as a result of the issuance of a Wireless Right-of-Way Facility Permit including, but not limited to, a claim allegedly arising directly or indirectly from the following:

(a) Any act, omission, or negligence of a permittee or its any agents, successors, or assigns while engaged in the permitting, construction, installation, or maintenance of any wireless telecommunications facility authorized by a Wireless Right-of-Way Facility Permit, or while in or about the public rights-of-way that are subject to the permit for any reason connected in any way whatsoever with the performance of the work authorized by the permit, or allegedly resulting directly or indirectly from the permitting, construction, installation, or maintenance of any wireless telecommunications facility authorized under the permit;

(b) Any accident, damage, death, or injury to any of a permittee's contractors or subcontractors, or any officers, agents, or employees of either of them, while engaged in the performance of the construction, installation, or maintenance of any wireless telecommunications facility authorized by a Wireless Right-of-Way Facility Permit, or while in or about the public right-of-way that are subject to the permit, for any reason connected with the performance of the work authorized by the permit, including from exposure to radio frequency emissions;

(c) Any accident, damage, death, or injury to any person or accident, damage, or injury to any real or personal property in, upon, or in any way allegedly connected with the construction, installation, or maintenance of any wireless telecommunications facility authorized by a Wireless Right-of-Way Facility Permit, or while in or about the public right-of-way that are subject to the permit, from any causes or claims arising at any time, including any causes or claims arising from exposure to radio frequency emissions; and

(d) Any release or discharge, or threatened release or discharge, of any hazardous material caused or allowed by a permittee or its agents about, in, on, or under the public right-of-way.

(iii) Permittee, at no cost or expense to the City, shall indemnify, defend, and hold harmless the City against any claims as set forth in Subsection 15.34.030.B.1.b.(x)7)(ii) above, regardless of the alleged negligence of City or any other party, except only for claims resulting directly from the sole negligence or willful misconduct of the City. Each permittee specifically acknowledges and agrees that it has an immediate and independent obligation to defend the City from any claims that actually or potentially fall within the indemnity provision, even if the allegations are or may be groundless, false, or fraudulent, which obligation arises at the time such claim is tendered to the permittee or its agent by the City and continues at all times thereafter. Each permittee further agrees that the City shall have a cause of action for indemnity against the permittee for any costs the City may be required to pay as a result of defending or satisfying any claims that arise from or in connection with a Wireless Right-of-Way Facility Permit, except only for claims resulting directly from the sole negligence or willful misconduct of the City. Each permittee further agrees that the indemnification obligations assumed under a Wireless Right-of-Way Facility Permit shall survive expiration of the permit or completion of installation of any wireless telecommunications facility authorized by the permit.

(iv) The Department may specify in a Wireless Right-of-Way Facility Permit such additional indemnification requirements as are necessary to protect the City from risks of liability associated with the permittee's construction, installation, and maintenance of a wireless telecommunications facility.

8) Insurance.

(i) Minimum Coverages. The Department of Public Works shall require that each permittee maintain in full force and effect, throughout the term of a Wireless Right-of-Way Facility Permit, an insurance policy or policies issued by an insurance company or companies satisfactory to the City's Risk Manager. Such policy or policies shall, at a minimum, afford insurance covering all of the permittee's operations, vehicles, and employees, as follows:

(a) Workers' compensation, in statutory amounts, with employers' liability limits not less than one million dollars ($1,000,000) each accident, injury, or illness.

(b) Commercial general liability insurance with limits not less than five million dollars ($5,000,000) each occurrence combined single limit for bodily injury and property damage, including contractual liability, personal injury, products and completed operations. This insurance shall include coverage for electric and magnetic fields (EMF) liability, products and completed operations liability.

(c) Commercial automobile liability insurance with limits not less than one million dollars ($1,000,000) each occurrence combined single limit for bodily injury and property damage, including owned, non-owned and hired auto coverage, as applicable.

(d) Contractors′ pollution liability insurance, on an occurrence form, with limits not less than one million dollars ($1,000,000) each occurrence combined single limit for bodily injury and property damage and any deductible not to exceed twenty-five thousand dollars ($25,000) each occurrence.

(e) ″All Risk″ property insurance, including debris removal, covering the full replacement value of permittee′s improvements constructed on or upon any City-owned property.

(ii) Other Insurance Requirements.

(a) Said policy or policies shall include the City and its officers and employees jointly and severally as additional insureds, shall apply as primary insurance, shall stipulate that no other insurance effected by the City will be called on to contribute to a loss covered thereunder, and shall provide for severability of interests.

(b) Said policy or policies shall provide that an act or omission of one insured, which would void or otherwise reduce coverage, shall not reduce or void the coverage as to any other insured. Said policy or policies shall afford full coverage for any claims based on acts, omissions, injury, or damage which occurred or arose, or the onset of which occurred or arose, in whole or in part, during the policy period.

(c) Said policy or policies shall be endorsed to provide thirty (30) business days advance written notice of cancellation or any material change to the Department of Public Works.

(d) Should any of the required insurance be provided under a claims-made form, a permittee shall maintain such coverage continuously throughout the term of a Wireless Right-of-Way Facility Permit, and, without lapse, for a period of three (3) years beyond the expiration or termination of the permit, to the effect that, should occurrences during the term of the permit give rise to claims made after expiration or termination of the permit, such claims shall be covered by such claims-made policies.

(e) Should any of the required insurance be provided under a form of coverage that includes a general annual aggregate limit or provides that claims investigation or legal defense costs be included in such general annual aggregate limit, such general aggregate limit shall be double the occurrence or claims limits specified in Subsection 15.34.030.B.1.b(x)8)(i) above.

(iii) Indemnity Obligation. Such insurance shall in no way relieve or decrease a permittee′s or its agent′s obligation to indemnify the City under Subsection 15.34.030.B.1.b.(x)7) above.

(iv) Proof of Insurance. Before the Department of Public Works will issue a Wireless Right-of-Way Facility Permit, a permittee shall furnish to the Department of Public Works certificates of insurance and additional insured policy endorsements with insurers that are authorized to do business in the State of California and that are satisfactory to the City evidencing all coverages set forth in Subsection 15.34.030.B.1.b.(x)8)(i) above.

(v) Self-Insurance. Where a permittee is self-insured, and such insurance is no less broad and affords no less protection to the City than the requirements specified in Subsection 15.34.030.B.1.b.(x)8)(i) above, the Department of Public Works, in consultation with the City′s Risk Manager, may accept such insurance as satisfying the requirements of Subsection 15.34.030.B.1.b.(x)8)(i) above. Evidence of such self-insurance shall be provided in the manner required by the City′s Risk Manager.

9) Bond. Each permittee, as a condition of the Wireless Right-of-Way Facility Permit, shall obtain, keep, and maintain a performance bond in an amount as determined by the City Engineer adequate to guarantee to the City the prompt, faithful and competent performance of the proposed work necessary to install the proposed telecommunication facility and restoration of the public right-of-way.

10) City Changes to Public Right-of-Way. The permittee shall modify, remove, or relocate its wireless telecommunications facility, or portion thereof, without cost or expense to the City, if and when made necessary by any street or alley reconstruction, widening, relocation or vacation, the undergrounding of utilities, or any other construc-

tion in the public right-of-way negatively impacted by the wireless telecommunications facilities as installed, to the maximum degree consistent with the regulations at the California Public Utilities Commission. Said modification, removal, or relocation of a wireless telecommunications facility shall be completed within ninety (90) business days of notification by City unless exigencies dictate a shorter period for removal or relocation. In the event a wireless telecommunications facility is not modified, removed, or relocated within said period of time, City may cause the same to be done at the sole expense of permittee. Further, in the event of an emergency, the City may modify, remove, or relocate wireless telecommunications facilities without prior notice to permittee provided permittee is notified within a reasonable period thereafter.

2. Exclusions. The Department of Public Works shall not issue a Wireless Right-of-Way Facility Permit if the applicant seeks to:

a. Install a new overhead utility line on a public right-of-way where there are presently no overhead utility facilities; or

b. Add a wireless telecommunications facility on a utility pole or street light pole for which a Wireless Right-of-Way Facility Permit has already been approved.

3. Permit Conditions. The Department of Public Works may include in a Wireless Right-of-Way Facility Permit such conditions, in addition to those already set forth in this Chapter 15.34 and other applicable law, as may be required to govern the construction, installation, or maintenance of wireless telecommunications facilities in the public rights-of-way, and to protect and benefit the public health, safety, welfare, and convenience, provided that no such conditions may concern the particular technology used for a wireless telecommunications facility.

C. Department of Public Works Orders and Regulations. The Department of Public Works may adopt such orders and regulations as it deems necessary to implement the requirements of this Chapter 15.34, or to otherwise preserve and maintain the public health, safety, welfare, and convenience, as are consistent with the requirements of this Chapter 15.34 and applicable law.

D. Application Requirements. All applicants for a Wireless Right-of-Way Facility Permit must provide at least the following information in the application (in addition to such further information as is required by an order or regulation of the Director of Public Works adopted in accordance with Subsection 15.34.030.C). Any required plans to be submitted must be stamped and signed by a qualified California licensed engineer.

1. Pole number and address;

2. A site plan illustrating the exact location and size of all proposed wireless telecommunication facility antennas, equipment and related infrastructure necessary for its operation within the public right-of-way;

3. A fully dimensioned and scaled site plan that illustrates the following information within one hundred fifty feet (150′) of the proposed wireless telecommunication facility:

a. The distances between all new and existing wireless telecommunication equipment and all other infrastructure within the public right-of-way such as, but not limited to, other existing telecommunication equipment, utility poles, street light poles, street trees, fire hydrants, bus stops, traffic signals and above and below ground utility equipment vault(s);

b. The distance and location of adjoining property lines, including County′s assessor parcel numbers (APN), and easement boundaries abutting the public right-of-way, curbs, center line tie at all streets, driveway approaches, easements, walls, existing utility substructures, and parkway trees from the wireless telecommunication facility;

c. The immediate adjacent land uses and building locations;

d. The dedicated width of the public right-of-way;

e. The location of all existing sidewalks and parkway landscape planters.

4. Prior to final inspection of the facility, provide a GIS map (electronic format) of final facility and conduit locations and the infrastructure necessary to operate the antennas;

5. A detailed photograph of the exact location of all proposed wireless telecommunication facility antennas, equipment and related infrastructure within the public right-of-way. Additional photographs shall also be provided to document the existing setting of the wireless telecommunication facility within one hundred fifty feet (150′) to the north, south, east and west of the proposed facility with a corresponding location map key documenting where each photograph was taken;

6. Propagation/coverage maps, including ″search rings″ for new installations, shall be required only if and to the extent the applicant claims that denial of its application would or could cause a ″significant coverage gap″ within the meaning of the Federal Telecommunication Act. These maps shall demonstrate the feasibility of alternative locations and/or configurations for the proposed wireless telecommunications facility. These maps may also be relevant to applicant′s demonstration that denial of an application would result in a violation of applicants rights under applicable law;

7. A study prepared by a qualified and independent engineer with expertise in radio frequency, deemed acceptable to the City, documenting that the new or modified telecommunication facility will not exceed Public Health Compliance Standard. The study shall include all proposed and existing telecommunication antennas at maximum operational capacity;

8. A narrative discussion, accompanied by evidence, explaining (if necessary) why a superior location or configuration (as established by the order of preferences in Subsection 15.34.030.B.1.b.(vi)) cannot be feasibly implemented;

9. Any additional information deemed necessary by the Director of Public Works to evaluate the proposed wireless telecommunication facility and its construction impact to the existing infrastructure and design of the public right-of-way;

10. Stamped plans and calculations by a qualified California licensed engineer approving additional load of new wireless facility equipment on the pole;

11. Plans showing how existing conduits inside or upon the pole will be separated and protected from new wireless conduits;

12. Photo simulation of proposed project;

13. Feasibility study supporting order of preference;

14. A noise study/analysis and/or manufacturer specifications demonstrating to the satisfaction of the Director of Public Works that noise from a proposed wireless telecommunications facility at any time of the day or night will not exceed forty-five (45) dBA as measured at a distance three (3) feet from any residential building facade; and

15. A phasing plan in a form and containing timing milestones for construction and inspection of the proposed wireless telecommunications facility that are acceptable to the Director of Public Works.

16. Applicants may request approvals for up to ten (10) wireless telecommunication facilities per application, so long as each of the proposed wireless telecommunications facilities is, in the judgment of the Director of Public Works, sufficiently similar in form to allow for the combined evaluation of the multiple proposed wireless telecommunications facilities.

E. Initial Review of Completeness of Wireless Right-of-Way Facility Permit Applications.

Following receipt of an application for a Wireless Right-of-Way Facility Permit, the Department of Public Works may conduct site visits and shall make an initial determination whether the application is complete, and shall promptly notify the applicant of that determination.

F. Conditions of Approval.

1. Conditions of Approval. During its review of an application for a Wireless Right-of-Way Facility Permit under this Chapter 15.34, the City may add conditions to its approval, tentative approval, or determination. The Department of Public Works shall promptly notify the applicant in writing of any such conditions and shall give the applicant ten (10) business days to accept or reject the conditions. If applicant′s response is not received by the City by the eleventh (11^{th}) business day, the application may be denied.

2. Acceptance of Conditions Required. The Department of Public Works shall not approve an application for a Wireless Right-of-Way Facility Permit unless the applicant accepts all of the conditions added to an approval, tentative approval, or determination.

G. Street Trees. When reviewing an application for a Wireless Right-of-Way Facility Permit, the City may require as a condition of approval that the permittee plant an appropriate street tree adjacent to the utility pole or street light pole so as to provide a screen for a permitted wireless telecommunications facility. If such a condition is imposed, the permittee shall be required to install a street tree that is a minimum of twenty-four (24)-inch, and up to a forty-eight (48)-inch, box size. The Department of Public Works shall work with the permittee to select the appropriate species and location for the required tree. In any instance in which the Department of Public Works cannot require the permittee to install a street tree, on the basis of inadequate sidewalk width, interference with utilities, or other reasons regarding the public health, safety, or welfare, the Department of Public Works shall instead require the permittee to make an "in-lieu" payment into the "Adopt-A-Tree" fund of the Department of Public Works. This payment shall be in the amount specified in the City's master fee schedule, and shall be payable prior to the Department of Public Works' issuance of the Wireless Right-of-Way Facility Permit.

H. Review of Tier A Wireless Right-of-Way Facility Permit Applications. Within twenty (20) business days following receipt of a completed application for a Wireless Right-of-Way Facility Permit for a Tier A Wireless Telecommunications Facility, the Department of Public Works shall review and determine whether the proposed Tier A Wireless Telecommunications Facility satisfies the Tier A Compatibility Standard, satisfies the Public Health Compliance Standard, and otherwise meets the conditions, standards, and requirements of this Chapter 15.34. The Department of Public Works may extend the time period for this review period beyond twenty (20) business days when additional information is required to make a determination. The Department of Public Works shall not approve an application for a Wireless Right-of-Way Facility Permit unless the Department of Public Works makes a determination that the application satisfies the Tier A Compatibility Standard, satisfies the Public Health Compliance Standard, and otherwise meets the conditions, standards, and requirements of this Chapter 15.34.

I. Review of Tier B Wireless Right-of-Way Facility Permit Applications. Within forty (40) business days following receipt of a completed application for a Wireless Right-of-Way Facility Permit for a Tier B Wireless Telecommunications Facility, the Department of Public Works, in consultation with other City departments as necessary, shall review and determine whether the proposed Tier B Wireless Telecommunications Facility satisfies the Tier B Compatibility Standard, satisfies the Public Health Compliance Standard, and otherwise meets the conditions, standards, and requirements of this Chapter 15.34. With the concurrence of the applicant, the Department of Public Works may extend the time period for this review period beyond forty (40) business days when additional information is required to make a determination. The Department of Public Works shall not approve an application for a Wireless Right-of-Way Facility Permit unless the Department of Public Works makes a determination that the application satisfies the Tier B Compatibility Standard, satisfies the Public Health Compliance Standard, and otherwise meets the conditions, standards, and requirements of this Chapter 15.34.

J. Department of Public Works Determination.

1. Approval. A Department of Public Works' approval of an application for a Wireless Right-of-Way Facility Permit shall be in writing and shall set forth the reasons therefor. If a Department of Public Works' approval contains any conditions, the conditions shall also be in writing. Construction on the approved permit must commence within six (6) months, after which (if construction has not commenced) the permit shall automatically and without further notice or action, expire.

2. Denial. The Department of Public Works shall issue a final determination denying an application for a Wireless Right-of-Way Facility Permit within three (3) business days of any of the following events:

a. The Department of Public Works' determination that the application does not comply with the Public Health Compliance Standard;

b. The Department of Public Works' determination that the application does not meet the applicable compatibility standard; or

c. If the Department of Public Works receives notice from the applicant that it rejects any condition imposed upon the application for a Wireless Right-of-Way Facility Permit.

K. Notice Following Approval of Tier B Wireless Right-of-Way Facility Permit Applications

1. Notice Required. The Department of Public Works shall require an applicant for a Tier B Wireless Right-of-Way Facility Permit to notify the public of the approval of the application under Subsection 15.34.030.J above, and to provide the Department of Public Works with evidence, as the Department of Public Works may require, of compliance with this requirement.

2. Types of Notice Required.

a. Notice by Mail. The applicant shall mail a copy of the notice to any person owning property or residing adjacent or across the street from the proposed location of the wireless telecommunications facility; and

b. Notice by Posting. The applicant shall post a copy of the notice on the proposed wireless telecommunications facility is to be located.

3. Contents and Form of Notice. The notice shall contain such information, and be in such form, as the Department of Public Works reasonably requires in order to inform the general public as to the nature of the application for a Wireless Right-of-Way Facility Permit. At a minimum, the notice shall:

a. Provide a description and a photo-simulation of the proposed wireless telecommunications facility;

b. Summarize the determinations of any City departments that were necessary for the tentative approval of the application;

c. Identify any conditions added by any City departments that have been accepted by the applicant and are now part of the application;

d. State that any person seeking to appeal the grant of the application must submit an appeal notice to the Department of Public Works within ten (10) business days of the date the notice was mailed and posted;

e. Describe the procedure for submitting a timely appeal;

f. Specify the applicable grounds for appealing the application under this Chapter 15.34; and

g. Explain how any interested person may obtain additional information and documents related to the application.

L. Appeal of Tier B Wireless Right-of-Way Facility Permit.

1. Appeal Allowed. The applicant for a Tier B Wireless Right of Way Facility Permit, and/or any person owning or residing at property that is adjacent to or across the street to the location of a proposed Tier B Wireless Telecommunications Facility, may appeal an approval or denial of an application for a Tier B Wireless Right-of-Way Facility Permit. An appeal must be in writing and must be submitted to the City Clerk within ten (10) business days of the date the notice was mailed and posted as required under Subsection 15.34.030.K.2, above.

2. Public Hearing Required. If an appeal is timely submitted, an independent hearing officer selected by the City shall hold a public hearing. The City Clerk shall set a date for the hearing that is at least fifteen (15) business days, but no more than sixty (60) business days, after the City Clerk's receipt of the appeal, unless the applicant and any person submitting an appeal agree to a later hearing date.

3. Notice of Public Hearing Date. At least ten (10) business days before the public hearing, the City Clerk shall notify in writing any person submitting an appeal, the applicant, and any City department that reviewed the application of the

date set for the public hearing. The City Clerk shall follow its regular procedures for notifying the general public of the hearing.

4. Public Hearing Record. The public hearing record shall include:

a. The application and the Department of Public Works' approval of the application;

b. Any written determination from the Department of Public Works;

c. Any further written evidence from any City departments submitted either prior to or during the hearing;

d. Any written submissions from the applicant, any person submitting an appeal, or any other interested person submitted either prior to or during the hearing; and

e. Any oral testimony from any City departments, the applicant, any person submitting a protest, or any interested person taken during the hearing.

5. Hearing Officer Determination. The Hearing Officer shall issue a written resolution containing its determination within fourteen (14) business days following the close of evidence at the conclusion of the public hearing on the appeal. The resolution shall include a summary of the evidence and the ultimate determination whether to grant, grant with modifications, or deny the appeal.

6. Notice of Determination on Appeal.

a. The City Clerk shall promptly mail a notice of a determination on an appeal to both the applicant, to any neighborhood association identified by the Department of Development Services for any neighborhood within three hundred (300) feet of the approved wireless telecommunications facility, and to any person who either filed a protest, submitted evidence, or appeared at the hearing, and whose name and address are known to the Department of Public Works.

M. Notice of Completion and Inspection.

1. Notice of Completion. A permittee shall notify the Department of Public Works immediately upon completion of the installation of a wireless telecommunications facility. The notice of completion must include a written statement from a licensed California engineer confirming that the permitted wireless telecommunications facility complies with the Public Health Compliance Standard.

2. Inspection.

a. Inspection After Installation. The Department of Public Works will inspect a wireless telecommunications facility installed in the public right-of-way within a reasonable time after a permittee provides the Department of Public Works with a notice of completion required under Subsection 15.34.030.M.1, above. The Department of Public Works will determine during the inspection whether:

(i) The installation is in accordance with the requirements of the Wireless Right-of-Way Facility Permit; and

(ii) The permitted wireless telecommunications facility complies with the Public Health Compliance Standard.

b. Subsequent Inspection. If at any time the Department of Public Works has a valid reason to believe that a permitted wireless telecommunications facility does not comply with any local or state regulation, ordinance or law, condition of approval, and/or the Public Health Compliance Standard, the Department of Public Works shall require the permittee to provide additional proof of compliance with such local or state regulation, ordinance or law, condition of approval, and/or the Public Health Compliance Standard, which proof shall be provided within forty-eight (48) hours of such request (or such additional time as the Department of Public Works may grant in its reasonable discretion). If such proof of compliance is not timely provided, or is determined by the Director of Public Works or designee to be insufficient, the City may initiate such additional code enforcement remedies and/or permit revocation procedures as are otherwise permissible. The procedures set forth herein are intended to augment, not limit, the City's permit and code enforcement remedies. The Department of Public Works may also inspect the facility.

N. Compliance.

1. Compliance Required. Any wireless telecommunications facility installed in the public

rights-of-way pursuant to a Wireless Right-of-Way Facility Permit must comply with the terms and conditions of the permit and this Chapter 15.34.

2. Notice of Deficiency.

a. Non-Compliance with Permit. If the Department of Public Works determines, either after an inspection conducted under Subsection 15.34.030.M above or at any other time, that a wireless telecommunications facility is not in compliance with the Wireless Right-of-Way Facility Permit or this Chapter 15.34, the Department of Public Works shall issue a notice of deficiency and require the permittee to take corrective action to bring the wireless telecommunications facility into compliance.

b. Radio Frequency Emissions. If the Department of Public Works determines, either after an inspection required under Subsection 15.34.030.M above or at any other time, that potential human exposure to radio frequency emissions from a permitted wireless telecommunications facility exceeds FCC guidelines, the Department of Public Works shall issue a notice of deficiency and require the permittee to take corrective action to bring the wireless telecommunications facility into compliance with FCC guidelines.

c. Noise. If the Department of Public Works determines, either after an inspection required under Subsection 15.34.030.M above or at any other time, that noise from a permitted wireless telecommunications facility at any time of the day or night exceeds forty-five (45) dBA as measured at a distance three (3) feet from any residential building facade, the Department of Public Works shall issue a notice of deficiency and require the permittee to take corrective action to bring the wireless telecommunications facility into compliance with the noise limit.

3. Department Remedies.

a. Required Action. If a permittee fails to take corrective action with respect to a wireless telecommunications facility within twenty (20) business days after receiving a notice of deficiency, the Department of Public Works shall:

(i) Take all reasonable, necessary, and appropriate action to remedy a permittee's noncompliance; or

(ii) Require a permittee to remove the noncompliant wireless telecommunications facility from the public rights-of-way; and

(iii) Charge to a permittee the reasonable costs that the City has actually incurred including, but not limited to, administrative costs.

b. Discretionary Action. In addition to the foregoing, if a permittee fails to take corrective action with respect to a wireless telecommunications facility within twenty (20) business days after receiving a notice of deficiency the Department of Public Works may deny any pending application filed by permittee for a Wireless Right-of-Way Facility Permit.

O. Abandonment.

1. Permittee Must Maintain Facilities; Compliance with Phasing Plan. Any wireless telecommunications facility installed in the public rights-of-way pursuant to a Wireless Right-of-Way Facility Permit issued under this Chapter 15.34 must be properly maintained and used to provide wireless telecommunications services. Failure to comply with a phasing plan shall constitute an abandonment, and shall be subject to the remedy for noncompliance set forth in Subsection 15.34.030.O.3, below.

2. Notice of Abandonment. A permittee shall notify the Department of Public Works, or the Department of Public Works may determine and notify a permittee, that a wireless telecommunications facility installed in the public right-of-way has been abandoned either because it has not been properly maintained or because it is no longer being used to provide wireless telecommunications services. In such event, a permittee shall promptly remove the abandoned wireless telecommunications facility as required by the Department of Public Works and at permittee's expense.

3. Termination of Permits for Abandoned Wireless Telecommunications Facilities; Remedy for Non-Compliance. Wireless Right-of-Way Facility Permits shall automatically expire upon the abandonment of a wireless telecommunications facility. If a permittee fails to remove an abandoned wireless telecommunications facility within a reasonable period of time after receiving a notice

of abandonment, the Department of Public Works shall take all reasonable, necessary, and appropriate action to remedy the permittee's failure to comply with the notice (including removing the wireless telecommunications facility) and may charge to the permittee the reasonable costs the City has actually incurred including, but not limited to, administrative costs.

P. Term of Permit. A Wireless Right-of-Way Facility Permit shall have a term of ten (10) years. The term shall commence upon the date of issuance of the permit.

Q. Renewal and New Applications.

1. When Permitted.

a. Renewal Permitted. At the end of the term set forth in Subsection 15.34.030.P above, the Department of Public Works may renew a Wireless Right-of-Way Facility Permit for an additional ten (10) year term, provided that the Department of Public Works did not issue a Modification Permit for the permitted wireless telecommunications facility during the term of the permit.

b. Renewal Not Permitted.

(i) A wireless telecommunications facility that has been issued a Modification Permit may not be renewed beyond the expiration of the Modification Permit term. Instead, the permittee may file a new application for a Wireless Right-of-Way Facility Permit for the permitted and modified wireless telecommunications facility at the same location.

(ii) A Wireless Right-of-Way Facility Permit that has been renewed once under Subsection 15.34.030.Q.1.a., above may not be renewed for a second time. Instead, the permittee may file a new application for a Wireless Right-of-Way Facility Permit for the permitted wireless telecommunications facility at the same location.

2. Renewal Application Required. A permittee seeking to renew a Wireless Right-of-Way Facility Permit that may be renewed under Subsection 15.34.030.Q.1., above must file a renewal application with the Department of Public Works no later than six (6) months prior to the expiration date of the existing permit. The renewal application shall include a written report from a certified engineer confirming that the permitted wireless telecommunications facility complies with the Public Health Compliance Standard, and such other material/information as may be directed by the Director of Public Works, so long as such additional material is consistent with the application requirements set forth in Subsection 15.34.030.D, above.

3. Approval of Renewal Application.

a. Satisfaction of Public Health Compliance Standard Required. The Department of Public Works shall review every application under the Public Health Compliance Standard. The Department of Public Works shall approve a timely-filed renewal application unless the Department of Public Works determines that the permitted wireless telecommunications facility does not comply with the Public Health Compliance Standard and/or that any other applicable standard for new wireless telecommunications facilities is not satisfied.

b. Applicability of Other Provisions of this Chapter. The other provisions of this Chapter 15.34 related to approval of an application for a Wireless Right-of-Way Facility Permit shall not apply to the Department of Public Works' review of a renewal application.

4. New Application.

a. Required When Renewal Not Permitted. If, in accordance with Subsection 15.34.030.Q.1. above, a wireless telecommunications facility cannot be renewed, the permittee must submit a new application for a Wireless Right-of-Way Facility Permit in order to continue to maintain the permitted wireless telecommunications facility in the public rights-of-way.

b. Removal Not Required. Notwithstanding any other applicable law, if the permittee submits an application for a Wireless Right-of-Way Facility Permit no later than six (6) months prior to the expiration date of a previously issued Wireless Right-of-Way Facility Permit, the Department of Public Works shall not require the applicant to remove the permitted wireless telecommunications facility unless and until there is a final determination denying the application.

R. Replacement or Removal of Equipment.

1. Replacement. During the term of a Wireless Right-of-Way Facility Permit, a permittee may replace equipment that is part of a permitted wireless telecommunications facility without obtaining a Modification Permit.

2. Removal. During the term of a Wireless Right-of-Way Facility Permit, a permittee may remove equipment that is part of a permitted wireless telecommunications facility without obtaining a Modification Permit.

3. Department Procedures.

a. Permittee's Notification. A permittee shall notify the Department of Public Works in writing that it intends to replace or remove equipment at a permitted wireless telecommunications facility as permitted by this Subsection 15.34.030.R. In the notice, the permittee shall at a minimum:

(i) Identify the use and size of each piece of equipment that the permittee is seeking to remove from the utility pole or street light pole;

(ii) Identify the use and size of the equipment that the permittee is seeking to install on the utility pole or street light pole to replace existing equipment; and

(iii) If any new equipment will replace existing equipment, provide drawings and photo simulations of the existing and new equipment the permittee is seeking to install on the utility pole or street light pole.

b. Department of Public Works Notification. Within five (5) business days of receipt of the permittee's request to replace or remove equipment as described above, the Department of Public Works shall notify the permittee in writing whether the Department of Public Works has determined that the request complies with the requirements of this Subsection 15.34.030.R.

c. Permittee Replacement or Removal. Upon receipt of a Department of Public Works notice that the request complies with this Subsection 15.34.030.R, the permittee may replace or remove the equipment identified in the request.

d. Compliance with Other Requirements. Nothing in this Subsection 15.34.030.R shall be construed to relieve the permittee of its duty to comply with any City regulations or permitting requirements when removing equipment from or replacing equipment on a utility pole or street light pole.

S. Modification Permit.

1. Modification Permit Required. A permittee seeking to add equipment to a permitted wireless telecommunications facility that does not comply with the requirements of Subsection 15.34.030.R above, because the replacement equipment is not identical in size or smaller than the previously permitted equipment, must obtain a Modification Permit.

2. Department Procedures.

a. Application. In an application for a Modification Permit, the applicant shall at a minimum:

(i) State whether the permitted wireless telecommunications facility is a base station;

(ii) Identify the use and size of any piece of equipment that the applicant is seeking to remove from the utility pole or street light pole;

(iii) Identify the use and size of any equipment that the applicant is seeking to add to the utility pole or street light pole;

(iv) State whether any piece of equipment the applicant is seeking to add to the utility pole or street light pole is transmission equipment and, if so, explain why it meets the definition of transmission equipment;

(v) Provide drawings and photo-simulations of the existing and new equipment the permittee is seeking to install on the utility pole or street light pole; and

(vi) State whether the proposed modification will result in a substantial change to the physical dimensions of the utility pole or street light pole.

b. Time for Department Determination. The Department of Public Works shall by order or regulation establish the appropriate timeframe for the Department of Public Works to review an application for a Modification Permit that is consistent with the requirements of Section 6409(a) of the Middle Class Tax Relief and Job Creation Act of 2012, codified at 47 U.S.C. § 1455(a), as may be

amended from time to time, and with any FCC decision addressing that section or any FCC regulation implementing that section.

3. Approval of Modification Permits at Base Stations.

a. No Substantial Change to the Physical Dimension. The Department of Public Works shall approve an eligible facilities request for a Modification Permit if the installation of the modified transmission equipment would not substantially change the physical dimensions of the utility pole or street light pole where the permitted base station equipment has been installed.

b. Substantial Change to the Physical Dimensions. The Department of Public Works may approve an eligible facilities request for a Modification Permit if the installation of the modified transmission equipment would substantially change the physical dimensions of the utility pole or street light pole where the permitted base station equipment has been installed, provided the application complies with the requirements of Subsection 15.34.030.S.5, below.

c. Equipment Other than Transmission Equipment. The Department of Public Works may approve an application for a Modification Permit at a wireless telecommunications facility that is a base station if the application seeks to modify equipment other than transmission equipment, provided the application complies with the requirements of Subsection 15.34.030.S.5.b, below.

4. Approval of Modification Permits at Other Types of Facilities. The Department of Public Works may approve an application for a Modification Permit at a wireless telecommunications facility that is not a base station, provided the application complies with the requirements of Subsection 15.34.030.S.5.b, below.

5. Applicability of Other Provisions of this Chapter.

a. No Substantial Change to the Physical Dimension. The other provisions of this Chapter 15.34 related to approval of an application for a Wireless Right-of-Way Facility Permit shall not apply to the Department of Public Works' review of an application for a Modification Permit that complies with the requirements of Subsection 15.34.030.S.3.a, above.

b. Other Types of Modifications. Before approving an application for a Modification Permit under Subsections 15.34.030.S.3.b, S.3.c, and S.4 above, the Department of Public Works shall: (A) determine whether the proposed wireless telecommunications facility complies with the Public Health Compliance Standard; and (B) determine compliance with any applicable compatibility standards. The Department of Public Works may not approve the Modification Permit if any City department determines the application does not comply with the appropriate standard(s). In addition, the Department may determine that compliance with other provisions of this Chapter 15.34 shall be required.

6. Generally Applicable Laws. Nothing in this Subsection 15.34.030.S shall prohibit the Department of Public Works from denying an application for a Modification Permit (even where the application consists of an eligible facilities request) where the Department of Public Works determines that the proposed modified wireless telecommunications facility would violate any generally applicable building, structural, electrical, or safety code provision, or any applicable law codifying objective standards reasonably related to health and safety.

T. Fees and Costs.

1. Application Fees. The City shall impose fees for review of an application for a Wireless Right-of-Way Facility Permit. The purpose of these fees is to enable the City to recover its costs related to reviewing an application for a Wireless Right-of-Way Facility Permit. The fee amounts shall be established and/or adjusted pursuant to an adopted fee resolution of the City Council, or as otherwise established and/or adjusted pursuant to applicable law.

2. Hearing Fees. If one or more appeal hearings is required, each appellant shall pay the Department of Public Works a non-refundable hearing fee for each appeal.

3. Renewal Fees. A permittee seeking to renew a Wireless Right-of-Way Facility Permit shall pay the Department of Public Works a non-refundable permit renewal fee.

4. Modification Permit Fees. Each applicant for a Modification Permit shall pay the Department of Public Works a non-refundable permit modification fee, and shall further pay any other permit review fees as required by Subsection 15.34.030.T.1, above.

5. Inspection Fees. The Department of Public Works shall impose fees for the inspection of a permitted wireless telecommunications facility. The purpose of these fees is to enable the City to recover their costs related to inspecting a permitted wireless telecommunications facility.

6. Discretion to Require Additional Fees. In instances where the review of an application for a Wireless Right-of-Way Facility Permit is or will be unusually costly to the Department of Public Works or to other City departments, the Director of Public Works, in his or her discretion, may, after consulting with other applicable City departments, agencies, boards, or commissions, require an applicant for a Wireless Right-of-Way Facility Permit to pay a sum in excess of the amounts charged pursuant to this Subsection 15.34.030.T. This additional sum shall be sufficient to recover actual costs incurred by the Department of Public Works and/or other City departments, agencies, boards, or commissions, in connection with an application for a Wireless Right-of-Way Facility Permit and shall be charged on a time and materials basis. Whenever additional fees are charged, the Director of Public Works, upon request, shall provide in writing the basis for the additional fees and an estimate of the additional fees.

7. Deposit of Fees. All fees paid to the Department of Public Works for Wireless Right-of-Way Facility Permit shall be deposited in the General Fund. All other fees shall go directly to the appropriate City department.

8. Reimbursement of City Costs. The Department of Public Works may determine that it requires the services of an expert in order to evaluate an application for a Wireless Right-of-Way Facility Permit. In such case, the Department of Public Works shall not approve the application unless the applicant agrees to reimburse the applicable City department for the reasonable costs incurred by that department for the services of a technical expert.

U. Base Station Determination.

1. Request for Determination.

a. New Facilities. An applicant for a Wireless Right-of-Way Facility Permit may seek a determination from the Department of Public Works that a proposed wireless telecommunications facility is a base station.

b. Permitted Facilities. A permittee may seek a determination from the Department of Public Works that a permitted wireless telecommunications facility is a base station.

2. Single Determination Permitted. Once the Department of Public Works has determined that an applicant′s new wireless telecommunications facility or a permittee′s permitted wireless telecommunications facility is a base station, the Department of Public Works may apply that determination to the applicant′s or permittee′s other wireless telecommunications facilities that use the identical equipment.

3. Department Order. In lieu of a case-by-case determination, the Department may determine by order or regulation those types of wireless telecommunications facilities that meet the definition of the term base station. (ORD-18-0012 § 2, 2018)

15.34.040 Other provisions.

A. Temporary Wireless Telecommunication Facilities. Installation, maintenance, or operation of any temporary wireless telecommunications site is prohibited except as allowed under a special events permit necessary during a special event authorized by Chapter 5.60, or during a government-declared emergency.

B. Illegal facilities. Illegal wireless telecommunications facilities or co-location facilities have no vested rights and shall either be brought into legal

conforming status in accordance with this Chapter and Title 21 of the Long Beach Municipal Code, or shall be removed.

C. Transfer or Change of Ownership/Operator. Upon assignment or transfer of an already approved wireless telecommunications facility or any rights under that permit, the owner and/or current operator of the facility shall within thirty (30) business days of such assignment or transfer provide written notification to the Director of Public Works of the date of the transfer and the identity of the transferee. The Director may require submission of any supporting materials or documentation necessary to determine that the proposed use is in compliance with the existing permit and all of its conditions including, but not limited to, statements, photographs, plans, drawings, models, and analysis by a state-licensed radio frequency engineer demonstrating compliance with all applicable regulations and standards of the FCC and the California Public Utilities Commission. If the Director determines that the proposed operation is not consistent with the existing permit, the Director shall notify the applicant who may revise the application or apply for modification of the permit pursuant to the requirements of this Chapter. (ORD-18-0012 § 2, 2018)

15.34.050 Severability clause.

If any provision or clause of this Chapter or the application thereof to any person or circumstance is held to be unconstitutional or to be otherwise invalid by any court of competent jurisdiction, such invalidity shall not affect other article provisions or clauses or applications, and to this end the provisions and clauses of this Chapter are declared to be severable. (ORD-18-0012 § 2, 2018)

CHAPTER 15.36 GAS RATES*

15.36.010 Categories established.

The rate categories for gas sold or transported by the City's gas utility are established as set forth in this Chapter. (Ord. C-7123 § 1, 1993: Ord. C-5713 § 1 (part), 1981: prior code § 7561(a)(part))

15.36.020 Schedule 1—Residential.

A. Applicability. Schedule 1 is applicable to residential service of natural gas for cooking, water heating, space heating and other residential uses.

B. Use priority. Customers served under Schedule 1 shall have priority in the use of gas over customers served under other rate schedules as established by resolution of the City Council. When there is curtailment or insufficient gas to supply the demands of all customers, such customers shall be subject to discontinuance of service without notice in case of curtailment or threatened or actual shortage of gas in favor of customers under other schedules as set forth by resolution adopted by the City Council. The City shall not be liable for damages which may be occasioned by the curtailment, discontinuance or shut off of such gas supply and service.

C. Rates. Current rate schedules applicable to customers served under Schedule 1 shall be established by resolution of the City Council and available at the office of the City Clerk, 333 West Ocean Boulevard; Commercial Services, 333 West Ocean Boulevard; and Gas Department Administration Building, 2400 East Spring Street.

D. Special conditions. A current list of the special conditions applicable to customers served under Schedule 1 shall be available at the office of the City Clerk, 333 West Ocean Boulevard; Commercial Services, 333 West Ocean Boulevard; and Gas Department Administration Building, 2400 East Spring Street.

1. Baseline rates. Baseline rates are applicable only to specific volumes of residential space heating, cooking and water heating usage.

2. Baselines usage. The quantities of gas used in metered residences are to be billed at the baseline rates as shall be established by City Council by resolution. Usage in excess of applicable baseline allowances will be billed at residential nonbaseline rates.

*Note—Prior ordinance history: Ords. C-5325, C-5538, C-5555, C-5569 and C-5665.

3. Additional residential baseline therm allowance for certain medical conditions. An additional daily therm baseline allowance shall be allowed residential customers using gas for space heating and/or gas operated life support equipment, throughout the year, where there is permanently residing at the service address a person who, for purposes of this Section, has certain medical conditions as set forth in the special conditions applicable to customers served under Schedule 1, as established by resolution of the City Council and available at the office of the City Clerk, 333 West Ocean Boulevard; and Gas Department Administration Building, 2400 East Spring Street.

Any residential gas customer qualifying for the additional baseline allowance under this Section shall be required to file an application with the Commercial Services Bureau, on forms supplied by the bureau. Additional special conditions and definitions applicable to persons qualifying for the additional allowance shall be set forth in the special conditions applicable to customers served under Schedule 1, as established by resolution.

It shall be a misdemeanor for any person to knowingly provide false information in an application or to knowingly receive the benefits of the additional baseline allowance for a medical condition provided by this Section when the basis for such benefit either does not exist or ceases to exist.

4. Seasonal Rate Changes. The baseline allowances for space heating will be prorated in the May and November billing periods based on the ratio of the number of days prior to May 1 and subsequent to October 31, respectively, to the total number of days in the billing period.

5. Additional special conditions applicable to customers served under Schedule 1 shall be established by resolution of the City Council. (Ord. C-7472 § 1, 1997; Ord. C-7426 § 1, 1996; Ord. C-6905 § 1 (part), 1991: Ord. C-5713 § 1 (part), 1981: prior code § 7461(a)(1))

15.36.030 Schedule 2—Small commercial and industrial service.

A. Applicability. Schedule 2 is applicable to nonresidential uses of natural gas by small commercial and industrial customers whose annual consumption does not exceed twelve thousand (12,000) therms based on the customer's prior calendar year consumption, or estimated annual consumption for new customers.

B. Use Priority. Customers served under Schedule 2 shall have priority in the use of gas over customers served under other rate schedules as established by resolution of the City Council. When there is curtailment or insufficient gas to supply the demands of all customers, such customers shall be subject to discontinuance of service without notice in case of curtailment or threatened or actual shortage of gas in favor of customers under other schedules as set forth by resolution adopted by the City Council. The City shall not be liable for damages which may be occasioned by the curtailment, discontinuance or shut off of such gas supply and service.

C. Rates. Current rate schedules applicable to customers served under Schedule 2 shall be established by resolution of the City Council and available at the office of the City Clerk, 333 West Ocean Boulevard; Commercial Services, 333 West Ocean Boulevard; and Gas Department Administration Building, 2400 East Spring Street.

D. Special Conditions. Special conditions applicable to customers served under Schedule 2 shall be established by resolution of the City Council. A current list of the special conditions applicable to customers served under Schedule 2 shall be available at the office of the City Clerk, 333 West Ocean Boulevard; Commercial Services, 333 West Ocean Boulevard; and Gas Department Administration Building, 2400 East Spring Street. (Ord. C-7426 § 2, 1996; Ord. C-6905 § 1 (part), 1991: Ord. C-5713 § 1 (part), 1981: prior code § 7461(a)(2))

15.36.040 Schedule 3—Commercial and industrial service.

A. Applicability. Schedule 3 is applicable to natural gas used by commercial and industrial

customers whose annual consumption exceeds twelve thousand (12,000) therms based upon the customer's prior calendar year consumption or estimated annual consumption for new customers.

B. Use Priority. Customers served under Schedule 3 shall have priority in the use of gas over customers served under other rate schedules as established by resolution of the City Council. When there is curtailment or insufficient gas to supply the demands of all customers, such customers shall be subject to discontinuance of service without notice in case of curtailment or threatened or actual shortage of gas in favor of customers under other schedules as set forth by resolution adopted by the City Council. The City shall not be liable for damages which may be occasioned by the curtailment, discontinuance or shut off of such gas supply and service.

C. Rates. Current rate schedules applicable to customers served under Schedule 3 shall be established by resolution of the City Council and available at the office of the City Clerk, 333 West Ocean Boulevard; Commercial Services, 333 West Ocean Boulevard; and Gas Department Adminis-

tration Building, 2400 East Spring Street. (Ord. C-7426 § 3, 1996; Ord. C-6905 § 1 (part), 1991: Ord. C-5713 § 1 (part), 1981: prior code § 7461(a)(3))

15.36.050 Schedule 4—Large commercial and industrial service.

A. Applicability. Schedule 4 is applicable to natural gas used for commercial and industrial uses by customers whose annual consumption exceeds two hundred fifty thousand (250,000) therms based upon the customer's prior calendar year consumption or estimated annual consumption for new customers.

B. Use Priority. Customers served under Schedule 4 shall have priority in the use of gas over customers served under other rate schedules as established by resolution of the City Council. When there is curtailment or insufficient gas to supply the demands of all customers, such customers shall be subject to discontinuance of service without notice in case of curtailment or threatened or actual shortage of gas in favor of customers under other schedules as set forth by resolution adopted by the City Council. The City shall not be liable for damages which may be occasioned by the curtailment, discontinuance or shut off of such gas supply and service.

C. Rates. Current rate schedules applicable to customers served under Schedule 4 shall be established by resolution of the City Council and available at the office of the City Clerk, 333 West Ocean Boulevard; Commercial Services, 333 West Ocean Boulevard; and Gas Department Administration Building, 2400 East Spring Street.

D. Special Conditions. Special conditions applicable to customers served under Schedule 4 shall be established by resolution of the City Council. A current list of the special conditions applicable to customers served under Schedule 4 shall be available at the office of the City Clerk, 333 West Ocean Boulevard; Commercial Services, 333 West Ocean Boulevard; and Gas Department Administration Building, 2400 East Spring Street. (Ord. C-7426 § 4, 1996; Ord. C-7123 § 2, 1993; Ord. C-6905 § 1 (part), 1991: Ord. C-5713 § 1 (part), 1981: prior code § 7461(a)(4))

15.36.060 Schedule 5—Compressed natural gas service.

A. Applicability. Schedule 5 is applicable to the service and sale of compressed natural gas (CNG) to customers who use CNG as a motor vehicle fuel.

B. Use Priority. Customers served under Schedule 5 shall have priority in the use of gas over customers served under other rate schedules as established by resolution of the City Council. When there is curtailment or insufficient gas to supply the demands of all customers, such customers shall be subject to discontinuance of service without notice in case of curtailment or threatened or actual shortage of gas in favor of customers under other schedules as set forth by resolution adopted by the City Council. The City shall not be liable for damages which may be occasioned by the curtailment, discontinuance or shut off of such gas supply and service.

C. Rates. Current rate schedules applicable to customers served under Schedule 5 shall be established by resolution of the City Council and available at the office of the City Clerk, 333 West Ocean Boulevard; Commercial Services, 333 West Ocean Boulevard; and Gas Department Administration Building, 2400 East Spring Street.

D. Special Conditions. Special conditions applicable to customers served under Schedule 5 shall be established by resolution of the City Council. A current list of the special conditions applicable to customers served under Schedule 5 shall be available at the office of the City Clerk, 333 West Ocean Boulevard; Commercial Services, 333 West Ocean Boulevard; and Gas Department Administration Building, 2400 East Spring Street. (Ord. C-7426 § 5, 1996; Ord. C-6905 § 1 (part), 1991: Ord. C-5713 § 1 (part), 1981: prior code § 7461(a)(5))

15.36.070 Schedule 6—Utility electric generation.

A. Applicability. Schedule 6 is applicable to uses of natural gas in the generation of electric energy by an electrical corporation or government entity, except cogeneration facilities. "Electrical

corporation" has the same meaning as defined in Section 218 of the Public Utilities Code of the State.

B. Use Priority. Customers served under Schedule 6 shall have priority in the use of gas over customers served under other rate schedules as established by resolution of the City Council. When there is curtailment or insufficient gas to supply the demands of all customers, such customers shall be subject to discontinuance of service without notice in case of curtailment or threatened or actual shortage of gas in favor of customers under other schedules as set forth by resolution adopted by the City Council. The City shall not be liable for damages which may be occasioned by the curtailment, discontinuance or shut off of such gas supply and service.

C. Rates. Current rate schedules applicable to customers served under Schedule 6 shall be established by resolution of the City Council and available at the office of the City Clerk, 333 West Ocean Boulevard; Commercial Services, 333 West Ocean Boulevard; and Gas Department Administration Building, 2400 East Spring Street.

D. Special Conditions. Special conditions applicable to customers served under Schedule 6 shall be established by resolution of the City Council. A current list of the special conditions applicable to customers served under Schedule 6 shall be available at the office of the City Clerk, 333 West Ocean Boulevard; Commercial Services, 333 West Ocean Boulevard; and Gas Department Administration Building, 2400 East Spring Street. (Ord. C-7426 § 6, 1996; Ord. C-6905 § 1 (part), 1991: Ord. C-5713 § 1 (part), 1981: prior code § 7461(a)(6))

15.36.071 Schedule 7—Natural gas service for cogeneration.

A. Applicability. Schedule 7 is applicable to natural gas service for qualifying cogeneration facilities. "Cogeneration" is defined as the sequential production of electrical energy and heat, steam or useful work from the same fuel source and meeting the efficiency standards set forth in Chapter 18 of the Code of Federal Regulations, Sections 292.205(a) and (b) and subsequent revisions thereto.

B. Use Priority. Customers served under Schedule 7 shall have priority in the use of gas over customers served under other rate schedules as established by resolution of the City Council. When there is curtailment or insufficient gas to supply the demands of all customers, such customers shall be subject to discontinuance of service without notice in case of curtailment or threatened or actual shortage of gas in favor of customers under other schedules as set forth by resolution adopted by the City Council. The City shall not be liable for damages which may be occasioned by the curtailment, discontinuance or shut off of such gas supply and service.

C. Rates. Current rate schedules applicable to customers served under Schedule 7 shall be established by resolution of the City Council and available at the office of the City Clerk, 333 West Ocean Boulevard; Commercial Services, 333 West Ocean Boulevard; and Gas Department Administration Building, 2400 East Spring Street.

D. Special Conditions. Special conditions applicable to customers served under Schedule 7 shall be established by resolution of the City Council. A current list of the special conditions applicable to customers served under Schedule 7 shall be available at the office of the City Clerk, 333 West Ocean Boulevard; Commercial Services, 333 West Ocean Boulevard; and Gas Department Administration Building, 2400 East Spring Street. (Ord. C-7426 § 7, 1996; Ord. C-6905 § 1 (part), 1991: Ord. C-6303 § 1, 1986; Ord. C-6174 § 1 (part), 1985)

15.36.072 Schedule 8—Natural gas service for enhanced oil recovery.

A. Applicability. Schedule 8 is applicable to natural gas service for direct use by an oil production customer for the purpose of increasing the production of oil.

B. Use Priority. Customers served under Schedule 8 shall have priority in the use of gas over customers served under other rate schedules as established by resolution of the City Council. When

there is curtailment or insufficient gas to supply the demands of all customers, such customers shall be subject to discontinuance of service without notice in case of curtailment or threatened or actual shortage of gas in favor of customers under other schedules as set forth by resolution adopted by the City Council. The City shall not be liable for damages which may be occasioned by the curtailment, discontinuance or shut off of such gas supply and service.

C. Rates. Current rate schedules applicable to customers served under Schedule 8 shall be established by resolution of the City Council and available at the office of the City Clerk, 333 West Ocean Boulevard; Commercial Services, 333 West Ocean Boulevard; and Gas Department Administration Building, 2400 East Spring Street.

D. Special Conditions. Special conditions applicable to customers served under Schedule 8 shall be established by resolution of the City Council. A current list of the special conditions applicable to customers served under Schedule 8 shall be available at the office of the City Clerk, 333 West Ocean Boulevard; Commercial Services, 333 West Ocean Boulevard; and Gas Department Administration Building, 2400 East Spring Street. (Ord. C-7426 § 8, 1996; Ord. C-6905 § 1 (part), 1991: Ord. C-6174 § 1 (part), 1985)

15.36.080 Schedule 9—Transportation and exchange service.

A. Applicability. Schedule 9 is applicable to natural gas procured by the customer and transported or exchanged by the City's Gas Department for the customer. The customer may also elect to purchase natural gas directly from the City's Gas Department by agreement. Gas transported under this schedule shall be used only by the customer and such gas may not be sold, transported, distributed, assigned, exchanged, or otherwise transferred to benefit another customer or provide nonmunicipal natural gas to any natural gas user, transporter or consumer within the City or its service territory without express written authorization by the City. Customers desiring to procure natural gas under this schedule shall be required to execute a transportation and gas service agreement with the City.

B. Use priority. Customers served under Schedule 9 shall have priority in the use of gas over customers served under other rate schedules as established by resolution of the City Council. When there is curtailment or insufficient gas to supply the demands of all customers, such customers shall be subject to discontinuance of service without notice in case of curtailment or threatened or actual shortage of gas in favor of customers under other schedules as set forth by resolution adopted by the City Council. The City shall not be liable for damages which may be occasioned by the curtailment, discontinuance or shut off of such gas supply and service.

C. Rates. Current rates schedules applicable to customers served under Schedule 9 shall be established by resolution of the City Council and available at the office of the City Clerk, 333 West Ocean Boulevard; and Gas Department Administration Building, 2400 East Spring Street.

D. Special conditions. Special conditions applicable to customers served under Schedule 9 shall be established by resolution of the City Council. A current list of the special conditions applicable to customers served under Schedule 9 shall be available at the office of the City Clerk, 333 West Ocean Boulevard; and Gas Department Administration Building, 2400 East Spring Street. (Ord. C-7426 § 9, 1996; Ord. C-7123 § 3, 1993: Ord. C-5713 § 1 (part), 1981: prior code § 7461(a)(7))

15.36.085 Schedule 10—Air conditioning equipment service.

A. Applicability. Schedule 10 is applicable to natural gas service for customers operating gas air conditioning equipment using high efficiency gas cooling absorption chillers, except that no customer shall be eligible for Schedule 10 service without first making application to the gas department administration building, establishing that the gas air conditioning equipment qualifies as high efficiency gas air conditioning equipment

according to the requirements of the gas department as set forth in the special conditions and providing for a separate gas meter for Schedule 10 gas consumption.

B. Use priority. Customers served under Schedule 10 shall have priority in the use of gas over customers served under other rate schedules as established by resolution of the City Council. When there is curtailment or insufficient gas to supply the demands of all customers, such customers shall be subject to discontinuance of service without notice in case of curtailment or threatened or actual shortage of gas in favor of customers under other schedules as set forth by resolution adopted by the City Council. The City shall not be liable for damages which may be occasioned by the curtailment, discontinuance or shut off of such gas supply and service.

C. Rates. Current rate schedules applicable to customers served under Schedule 10 shall be established by resolution of the City Council and available at the office of the City Clerk, 333 West Ocean Boulevard; Commercial Services, 333 West Ocean Boulevard; and Gas Department Administration Building, 2400 East Spring Street.

D. Special conditions. Special conditions applicable to customers served under Schedule 10 shall be established by resolution of the City Council. A current list of special conditions applicable to customers served under Schedule 10 shall be available at the office of the City Clerk, 333 West Ocean Boulevard; Commercial Services, 333 West Ocean Boulevard; and Gas Department Administration Building, 2400 East Spring Street. (Ord. C-7336 § 2, 1995)

15.36.090 Other fees and charges.

Fees and charges for other services provided by the gas utility shall be as established on the schedule of fees and charges, which is available at the office of the City Clerk, 333 West Ocean Boulevard; Commercial Services, 333 West Ocean Boulevard; and Gas Department Administration Building, 2400 East Spring Street. (Ord. C-5713 § 1 (part), 1981: prior code § 7461(a)(8))

15.36.095 Gas equipment incentives.

A. Purpose. In order to assist customers in determining the feasibility of natural gas energy and potential benefits of gas equipment, and provide for increased net revenue to the Gas Department through long-term increased natural gas consumption, customers may apply for certain cost reimbursement incentive programs, subject to the availability of funds and other requirements herein.

B. Application. An applicant for an incentive program shall file a written application with the General Manager of the Gas Department on forms to be provided by the City. The application shall include:

1. The name and address of the applicant,
2. The type of gas equipment being considered for purchase,
3. The size or capacity of the equipment and the volume of expected natural gas consumption,
4. The applicant's forecasted payback period,
5. The applicant's willingness to share relevant data and provide access to the facility,
6. The applicant's forecast of time for implementation of studies or gas equipment purchases,
7. Estimates of cost of feasibility studies, and
8. Estimates of cost of natural gas equipment.

C. Execution of agreement. Prior to disbursement of any funds to the applicant, the applicant shall be required to execute an agreement with the City which shall be subject to City Council approval.

D. Requirements. Requirements shall be established by resolution of the City Council. A current list of requirements applicable to customers shall be available at the office of the City Clerk, 333 West Ocean Boulevard; and Gas Department Administration Building, 2400 East Spring Street. (Ord. C-7336 § 3, 1995)

15.36.100 Increase or decrease.

The General Manager of the City's Gas Department shall regularly review rates, tariffs, fees, charges and services of other like utilities whether public or private operating in the Southern California area and submit to the City Manager a

schedule of natural gas rates, fees, charges which are reasonable and comparable to rates, fees, and charges by other like utilities in the Southern California area. The City Manager shall adjust gas rates, fees, and charges for the City contained in Chapter 15.36 of this Code to reflect increases or decreases in the price of the commodity, transportation, charges, fees, and related services. The City Clerk shall post such new rates, fees, charges, and service at three (3) conspicuous places within the City. The City Manager shall report changes in rates, charges, fees, and services to the City Council as soon as practicable. The City Council may approve, disapprove or modify such changes by resolution. (Ord. C-7336 § 1, 1995: Ord. C-6905 § 1 (part), 1991: Ord. C-5713 § 1 (part), 1981: prior code § 7461(b)(1))

15.36.120 Low income gas discount.

A. The payment of gas bills as outlined in this Section is subject to a low income gas discount for any person applying and qualifying for a low income gas discount. No person shall be entitled to any discount unless the person is (i) a service customer of the City's gas utility, or (ii) an occupant of a mobile home who receives a gas bill from an operator of a mobile home park which is a customer of the City's gas utility, and in either case an application is completed and approved by the City.

B. The amount of the discount and the qualifications for eligibility shall be established and become effective by resolution of the City Council and made available at the office of the City Clerk, 333 West Ocean Boulevard; Commercial Services, 333 West Ocean Boulevard; and Long Beach Energy Administration Building, 2400 East Spring Street.

C. Notwithstanding any of the provisions of this Section, however, if the City determines by any means that a new or nonqualified service user is receiving gas service through a meter or connection by virtue of a low income gas discount issued to a previous certified applicant for the same meter or connection, or an applicant is no longer eligible for the low income discount and has failed to advise the City, an investigation shall be conducted to ascertain whether or not the provisions of this Section and the resolution establishing the low income discount eligibility and qualifications have been complied with, and where appropriate, the City shall commence collecting the full amount for gas service delivered to the nonqualified service user and collect for all prior service for any period where the service user was not qualified to receive a low income gas discount. (ORD-12-0019, § 1, 2012; Ord. C-7792 § 1, 2002: Ord. C-6076 § 1, 1984; Ord. C-5713 § 1 (part), 1981: prior code § 7461(c))

CHAPTER 15.40 GAS REGULATIONS*

15.40.010 Definitions.

For purposes of this Chapter, unless the context clearly requires a different meaning, the words, terms and phrases set forth herein are defined as follows:

1. "Active or open account" means an account for which a customer has signed and is being billed for gas service.

2. "Applicant" means any person requesting gas service, service installation, main extensions, or any other service performed by the utility, or its authorized agent.

3. "Utility services officer" means the billing and collections officer of the City of Long Beach.

4. "Billing period" means the time interval between two (2) consecutive meter readings which are taken for billing purposes.

5. "City" means the City of Long Beach, California.

6. "Commercial Services Bureau" means the Commercial Services Bureau of the Department of Financial Management of the City.

7. "Cost" means the actual cost to the utility, including all labor, material, supplies, equipment and miscellaneous items, together with any applicable indirect and general charges, plus the cost for general administrative overhead, in accordance with the account practices of the utility.

*Note—Prior ordinance history: Ord. C-5644.

8. "CPUC" means the California Public Utilities Commission.

9. "Customer" means a person in whose name service is rendered as evidenced by the signature on the application, contract, or agreement for service, or in the absence of a signed instrument, by the receipt and payment of bills for such service regularly issued in such person's name regardless of the identity of the actual user of such service.

10. "Date of presentation" means the date upon which a bill or notice is mailed, or personally delivered by the gas utility or its representative, to the customer.

11. "Facilities charge" means the charge payable by the applicant for the installation of gas system facilities in a new subdivision or other parcel.

12. "Gas service" means the availability of gas to a premises through the facilities of the utility and any gas supplied through such facilities.

13. "Gas supply system" includes the works and auxiliaries for collection, storage, and distribution of gas from the source of supply to the point of connection with the customer's facilities.

14. "Inactive or closed account" means an account which is not signed for and has no current customer. The account remains in the billing system, and can be reactivated upon application.

15. "Main" means a gas pipeline located in streets, highways, public ways, thoroughfares, or private rights-of-way, and which is used to serve the gas utility customer.

16. "Meter service charge" means that portion of the charge for gas service which is a fixed amount related to the rate category served and unrelated to the quantity of gas registered on the gas meter.

17. "Person" means any individual partnership, corporation, agency or other organization.

18. "Premises" means all real property, buildings and appurtenances occupied by an owner, lessee, or tenant as a dwelling or as a business, commerical or industrial enterprise upon an integral parcel of land undivided by a public thoroughfare.

19. "Pro-rata charge" means a charge payable by the applicant for the installation of gas system facilities from a main eligible to main prolongation charge refund.

20. "Quantitative charge" means a charge, based on current gas rate schedules, for the amount gas registered on the gas meter serving the premises.

21. "Reconnection" means the same as service restoration.

22. "Regular service connection" means a facility for the delivery of gas to a permanent location for domestic, commercial or industrial use. It consists of the pipe valves, fittings, meter and other equipment by means of which the utility conducts gas from its distribution main to the point of the customer's connection.

23. "Service" means the same as "gas service," unless the context indicates otherwise.

24. "Service connection charge" means the charge payable by the applicant for the installation of a regular or temporary service connection.

25. "Service restoration" means reestablishment of gas service after discontinuance of service for any reason.

26. "Temporary service" means gas service for construction work or other uses as deemed feasible by the utility, such that service is required for only a limited time.

27. "Utility" means the gas utility of the City.

28. "Utility users tax" means a tax imposed by the general City government on a utility service user. (Ord. C-7019 §§ 1, 2, 1992; Ord. C-5713 § 1 (part), 1981: prior code § 7461.1)

15.40.020 Service requirements and conditions.

A. Application. Each prospective customer shall make application for the service desired. Application for service does not in itself bind the gas utility to serve the applicant, except under reasonable conditions, and in accordance with the applicable rate schedule.

B. Shortage of gas supply and interruptions of delivery. The gas utility shall exercise reasonable diligence and care to furnish and deliver a

continuous and sufficient supply of gas to the customer, and to avoid any shortage or interruption or insufficiency of supply, or any loss or damage occasioned thereby. The gas utility is not

responsible for any loss or damage if the same is caused by unavoidable accident, act of God, fire, earthquake, strikes, riots, war or any other cause not within its control.

Whenever the gas utility shall find it necessary for the purpose of making repairs or improvements to its system, it may suspend temporarily the delivery of gas, and notwithstanding any provision of this ordinance to the contrary, at its discretion, give such reasonable notice thereof as circumstances may permit to the affected customers. The making of such repairs or improvements shall be completed as rapidly as practicable and at such times as will cause the least inconvenience to the customers.

C. Use of Gas Without Application for Service. Any person who takes possession of a premises where the gas supply has been shut off by the gas utility and uses gas without making proper application for gas service shall be responsible for all charges for the gas service.

When a person takes possession of any premises and finds the gas supply to be turned on, he shall notify the gas utility of such findings and make application for gas service within three (3) working days of his occupancy of the premises. If the person fails to notify the gas utility he will be held liable for all charges for gas services rendered.

In either event, the amount of such charges shall be determined by the gas utility, either by meter readings or on the basis of the estimated consumption for the time gas was used.

In the event the consumer or other person turns on the gas supply by opening the meter stop or a sealed valve, that person shall be held liable for all charges which result from the gas utility's efforts to stop the unauthorized use of gas.

If the premises served are unoccupied, the owner of the property shall be billed for gas used without application, and held responsible for payment of the bill, unless it appears a person other than the owner used the gas service, in which case the user shall be billed. If the owner is unable to identify the user, it shall be presumed that the owner was the user.

When the gas utility finds that gas is being used without proper application for service or service connection, the service may be discontinued, or disconnected, without notice. (Ord. C-5713 § 1 (part), 1981: prior code § 7461.2)

15.40.030 Credit—Establishment.

A. Each applicant for gas service is required to establish applicant's credit to the satisfaction of the gas utility. Applicant's credit will be deemed established for all classes of service:

1. If the applicant makes a cash deposit to secure the payment of any bills for service;

2. If the applicant furnishes another type of security satisfactory to the gas utility or furnishes a satisfactory bond approved as to form by the City Attorney, for the payment of bills for gas service; or

3. If the applicant's credit responsibility is satisfactory to the gas utility.

B. An applicant who has been a customer of the gas utility, and whose service has been discontinued for failure to pay bills for gas service, may be required to reestablish credit by making a cash deposit. (Ord. C-5713 § 1 (part), 1981: prior code 7461.3)

15.40.040 Credit—Deposits.

Whenever deposits are required to establish or reestablish credit, the following regulations shall apply:

A. Amount of Deposit. The amount of deposit to establish or reestablish credit is two (2) times the estimated average monthly billing, but in no case shall the amount be less than thirty-five dollars ($35.00).

B. Application of Deposits. Cash deposits shall be applied toward the payment of any gas bills whenever the customer has made satisfactory payment of gas utility bills for a period of one (1) year. Other types of security posted with the gas utility pursuant to Subsection A of this Section shall be returned to the customer, whenever the customer has made satisfactory payment of gas utility bills for a period of one (1) year.

C. Forfeiture of Cash Deposits. The balance of all cash deposits shall be forfeited if unclaimed by the customer within two (2) years from the date service is discontinued, provided proper notice has been sent to the customer at the last known address. (Ord. C-7019 § 3, 1992; Ord. C-5713 § 1 (part), 1981: prior code § 7461.4)

15.40.050 Termination of service.

A. When. Gas service may be discontinued or refused to any premises at which the customer may be receiving gas for any of the following named causes and under regulations as follows:

1. Nonpayment of Bills. Nonpayment of a bill in the following situations: Seven (7) calendar days after presentation of a shut-off notice. A customer's service may be discontinued if a bill for gas service furnished at a previous location is not paid within seven (7) calendar days after presentation of a shut-off notice.

2. Unsafe Apparatus. If any part of the customer's service, appliances or apparatus shall at any time be deemed unsafe, or if the utilization of gas by means thereof shall be prohibited or forbidden under the authority of any law, ordinance or regulation, or until the customer shall restore such part of the service, appliances or apparatus in good and safe condition and comply with all laws, ordinances and regulations applicable thereto.

The City does not assume the duty of inspecting the customer's services, appliances or apparatus or any part thereof, and assumes no liability therefor.

In the event that the customer finds the gas service or connections to be defective, he shall immediately notify the gas utility to this effect.

3. Noncompliance with Gas Utility Regulations. If the customer shall fail to comply with any of the provisions pertinent to gas meter location, piping, fixtures and appliances within five (5) days after notice. This notice may be dispensed with in the event of a dangerous condition on a customer's premises, or in case a customer is utilizing the service in such a manner as to be dangerous for occupants of the premises, thus requiring immediate discontinuance of service.

4. Abuse or Fraud. If the customer has received gas service at any premises supplied by the gas utility during a service period for which the bill is delinquent, or has made application by using any name or alias other than his true name, or otherwise has given false information in obtaining service for himself or another, and the bill for such service is delinquent.

5. Unsatisfactory Credit. If the customer's credit is deemed unsatisfactory because of insufficient or incorrect credit information, or a failure to make a deposit when a deposit is required.

B. Customer's Request.

1. A customer may have his service discontinued by notifying the gas utility at least three (3) working days in advance of the desired date of discontinuance, in which event he may be required to pay all charges until the date of discontinuance. In the event such notice is not given, such customer shall remain liable for all charges for service prior to discontinuance thereof, whether or not such customer is the actual user of such service. The utility will endeavor to effect the discontinuation on the requested date, however, three (3) working days will be given to complete the order.

C. Rules and Regulations. The City Manager, with the approval of the City Council by resolution, shall adopt, amend or repeal and the City Manager shall enforce rules and regulations for termination of gas service. Such rules and regulations shall establish the procedure for termination of gas service in accordance with the Public Utility Regulatory Policies Act of 1978 and the U.S. Department of Energy guidelines issued pursuant thereto. (Ord. C-7019 § 4, 1992; Ord. C-5713 § 1 (part) 1981: prior code § 7461.5)

15.40.060 Reconnection charges.

The following reconnection charges shall be collected in advance of service restoration:

A. If a meter has been turned off for any reason set out in this Code or to protect against perpetration of fraud or if service was discontinued at the request of the consumer because of changed operating conditions, the minimum charge will apply as given in the schedule of fees and charges.

B. It may become necessary to remove and reset a meter or otherwise alter a service facility to protect against abuse or fraud, or for any other reason set out in this Code. The estimated cost of the work is shown in the schedule of fees and charges. (Ord. C-5713, § 1 (part), 1981: prior code § 7461.6)

15.40.070 Payment of bills.

A. Payment Upon Presentation. Bills for gas service shall be rendered according to estimated usage or actual usage on the meter at regular intervals, and are due and payable upon presentation.

B. Responsibility. Removal bills, special bills, bills rendered on vacation premises, or bills rendered to persons discontinuing the service, shall be paid upon presentation. Bills for connection or reconnection of service, and deposit payments for reestablishment of credit, as required by the provisions of this Chapter and State law, must be paid before service will be connected or reconnected.

Two (2) or more adult persons receiving service in the same residence shall be jointly and severally liable for bills of service, deposits, reconnection charges, and related service charges, whether or not the City received a joint application, and shall be billed by means of a single periodic bill, mailed to the person on the application designated to receive the bill.

Service may be discontinued or denied at a premises where bills for service provided to a prior customer are still outstanding if it is determined by the City that the prior customer still resides at the same premises or that it can be shown that the new and prior customers occupied the premises during the period the bills were incurred.

C. The City may disconnect or refuse service to an applicant if the acts of the applicant or conditions upon the premises indicate that false, incomplete, or inaccurate information was provided to the City.

When bills are delinquent, or an applicant has prior delinquent bills, the utility may demand that the full amount of both delinquent and current bills be paid in full. (ORD-05-0004 § 1, 2005: Ord. C-5713 § 1 (part), 1981: prior code § 7461.7)

15.40.075 Refund of gas utility charges.

Unless expressly prohibited by any other law applicable to the City, money paid to the City by any person for gas service may be refunded to that person if it is determined by the General Manager of the gas utility that the refund is appropriate due to a billing error made by the City. The refund may be made by direct payment to the person or by a credit on that person's bill for gas service.

The conditions and time limitations for refunds in Chapter 3.48 of this Code apply to the refund of gas utility charges. (ORD-06-0011 § 7, 2006: Ord. C-6713 § 1, 1990)

15.40.080 Pipelines, meters and appliances.

All pipelines, meters, regulators, appliances, fixtures and other apparatus shall be installed and replaced under the following regulations, except as otherwise specified:

A. Meters, appliances, etc. All service pipe, meter set assemblies and related apparatus installed by the utility, upon or across any property or premises, for the purpose of delivering gas to consumers, shall remain the property of the City, and may be repaired, replaced or removed by the gas utility at any time.

The owner or occupant of any property or premises where such installation has been made shall exercise reasonable care to prevent the service pipes, meter set assemblies and other related apparatus of the City from being damaged, destroyed or obstructed; and, in case any defect therein or damage thereto shall be discovered, he or she shall promptly notify the gas utility thereof.

B. Meter Installation and Location. All meter set assemblies and related apparatus shall be installed by the utility and the owner of the property or premises shall provide a suitable and accessible location for same in accordance with applicable State and local building codes, and accessible at all times to properly authorized employees or representatives of the City.

No customer or owner shall construct any building, building addition, room or other obstruction over or around an existing meter location, or service line, or otherwise impair the accessibility at some later date, without first obtaining the approval of the City.

If a compartment is provided for housing the meter set assembly, related apparatus or any part thereof, it shall be used and occupied only and exclusively by and for such equipment.

C. Multiple Meter Installation and Location. In all buildings or locations where separate meters are required for purposes of individual gas accounting or in cases where separate meters are installed to better facilitate the operation of customers' appliances, all meters shall be located at a central accessible point, or as prescribed by the gas utility, and all house gas line inlets shall be properly identified, as prescribed by the gas utility.

No additional meter or meters shall be installed at any location with existing meter or meter set assembly in the event such existing meter or meter set assembly is installed contrary to any provision of this Chapter or other applicable ordinances or laws.

The individual house lines connected to the outlet of the meters in all locations where two (2) or more meters are installed to service different customers in the same building or groups of buildings shall not be so tied together or interconnected in such manner as to permit or cause a back pressure on any of the other meters that are installed to service other customers located on the same property.

D. Replacement of Meters. In the event of the replacement at the request of a customer of any meter for any reason other than as provided for in Section 5.40.100, a charge shall be based upon the schedule of fees and charges shall be levied. Replacement of meters on account of changes in tenants, customers, or gas consumption shall be made without cost. (Ord. C-5713 § 1 (part), 1981: prior code § 7461.8)

15.40.090 Meter reading and correction.

A. Meters will be read as nearly as possible at regular intervals; however, the City may also estimate the customer's utility usage for billing purposes on the basis of customer information including, but not limited to, the physical condition of the metering equipment, available meter readings, records of historical use, records of common usage by similar customers, and the general characteristics of the customer's past and present utility load and operation.

B. Standard delivery pressure shall be approximately one-fourth pound per square inch gauge pressure under normal operating conditions. Applications for pressure in excess of this amount may be approved by the gas utility. The gas utility reserves the right to vary, limit or reduce the amount of excess pressure supplied to a customer at any time and accepts no responsibility for any loss occasioned thereby. Except in cases of emergency or under conditions not within the control of the gas utility, reasonable notice will be given to customers of contemplated changes in delivery pressure.

C. Volumes of gas recorded by displacement meters measuring gas at pressures in excess of standard delivery pressure shall be corrected on the basis of data issued by the Southern California Meter Association, as revised from time to time and currently in effect at time of delivery.

D. Volumes of gas measured by orifice meters will be computed on the basis of the procedures set forth in the American Gas Association "Report No. 3" as revised from time to time and currently in effect at time of delivery.

E. Bills for services shall be rendered at regular intervals of time approximately one (1) month, commonly called "monthly", except in those cases where the gas utility shall prescribe another billing interval.

F. Reading of separate meters not combined. For the purpose of determining charges for gas consumption, all meters upon the customer's premises shall be considered separately, and the readings thereof shall not be combined; provided, however, the gas utility may, for operating purposes, install more than one (1) meter where the service falls under but one (1) rate schedule, in which event the reading of the meters shall be combined

for the purpose of determining charges for gas consumption. (ORD-05-0004 §§ 2, 3, 2005; Ord. C-7019 §§ 5, 6, 1992; Ord. C-5713 § 1 (part), 1981; prior code § 7461.9)

15.40.100 Meter tests.

A. All meters shall be tested prior to their installation into service, and no meter shall be placed in service or be allowed to remain in service following any test which has an error in excess of two (2) per centum under conditions of normal operation. Meters removed from service shall be randomly tested at the reasonable discretion of the gas utility.

B. Any customer may, upon not less than five (5) days' notice to the gas utility, require a test of his or her meter. When a customer requests a meter test within five (5) years after date of installation or change of the meter, a deposit to cover the cost of the test shall be required. The amount of this deposit shall be in accordance with that given in the schedule of fees and charges. The amount so deposited plus the amount of the overcharge computed in accordance with Section 5.40.110 shall be returned to the customer if the meter is found, upon test, to register more than two (2) per centum fast under conditions of normal operation.

C. A customer shall have the right to require the test to be conducted in his presence or in the presence of an expert or other representative appointed by him/her.

D. Within a reasonable time after completion of the test, a report giving the name of the customer requesting the test, the location of the premises where the meter had been installed, the number of the meter, the date of removal, the date tested, and the result of the test shall be supplied to the customer, by the gas utility. (ORD-15-0021, § 1, 2015; Ord. C-5713 § 1 (part), 1981; prior code § 7461.10)

15.40.110 Adjustment of bills for meter error.

Whenever a meter which has been in service is tested and such meter is found to be more than two (2) per centum fast, a refund to the customer or a credit to his/her account will be made of the overcharge, based on the corrected meter readings for the period, not to exceed six (6) months, for which the meter was in use. If it can be shown that the registration error was due to some cause certain, the approximate date of which can be established, the overcharge shall be computed back to, but not beyond, such time. In either case no refund or credit will be made wherein the overcharge is less than one dollar ($1.00) to any one (1) account. If a meter, upon test as herein provided, is found not to register, or to register more than twenty-five (25) per centum slow under conditions of normal operation, a bill for the undercharge may be rendered to the customer. The undercharge shall be based on the estimated volume of gas consumed for the period immediately preceding the replacement of the meter, not to exceed six (6) months. If it can be shown that the registration error was due to some cause certain, the approximate date of which can be established, the undercharge shall be computed back to, but not beyond, such time. (Ord. C-7019 § 7, 1992; Ord. C-5713 § 1 (part), 1981; prior code § 7461.11)

15.40.120 Notices.

Any notice to a customer may be given by written notice, either delivered personally to the customer or enclosed in a sealed envelope and deposited in the United States Mail in the City, postage prepaid, addressed to the customer at the customer's address specified in the customer's application for service of gas, or in the customer's contract in case such customer has a contract for gas service, or at such address as may be subsequently given therefor by the customer to the gas utility. (Ord. C-5713 § 1 (part), 1981; prior code § 7461.12)

15.40.130 Gas pipeline extensions.

All gas pipeline extensions shall be installed under the following regulations:

A. General requirements.

1. When an applicant requests that the gas utility extend a gas pipeline, applicant shall, prior to the commencement of any work, pay all fees

applicable to the estimated footage of such extension in accordance with the schedule of fees and charges.

2. If the actual footage of the gas pipeline extension differs from the estimated footage, then the fees due under the schedule of fees and charges shall be adjusted accordingly, and excess fees shall be refunded to the applicant without interest or applicant shall promptly pay any additional fees, as applicable.

3. If the gas pipeline extension project is cancelled, then the gas utility shall refund to the applicant those fees, without interest, which do not cover costs actually incurred by the gas utility prior to the cancellation.

4. The right to a refund of any fees paid pursuant to this Section shall not be assigned except upon the prior written consent of the gas utility, and the gas utility may refuse to refund any such fees to an assignee of the applicant where such consent to the assignment thereof was not first obtained.

5. If an applicant's pipeline extension project is rescheduled or delayed, the gas utility shall have the right to revise its fee estimate based on the most current schedule of fees and charges.

6. All work on gas pipelines shall be by the gas utility or by a contractor approved and qualified by the gas utility, and such work shall be in accordance with gas utility standards and specifications.

7. The gas utility, at its own cost and expense, shall safely operate and maintain the gas pipeline.

8. All gas pipelines and appurtenances on public or private property installed under this Section, up to and including the meter set assembly, shall be the property of the City, and may be repaired, replaced or removed by the gas utility at any time.

B. Technical requirements.

1. The gas utility shall, except in very unusual cases, extend its gas pipelines only in public highways, streets or alleys. Such pipelines shall be installed along the most practical route from a point of service selected by the gas utility to a point directly opposite the meter locations satisfactory to the gas utility to service the applicant. Gas pipelines shall be installed upon private property only in the most unusual cases and if the terms and provisions of the right-of-way agreement and the cost of the right-of-way are satisfactory to the gas utility.

2. The gas utility shall design the most practical route on public streets from an existing pipeline to where the new pipeline will be most useful to the applicant.

3. The gas utility shall, at the applicant's expense, design, furnish and install a pipeline of suitable capacity, extending from a gas main to the meter location of the premises to be served. The applicant shall furnish on the premises to be served an accessible meter location satisfactory to the gas utility. The gas utility reserves the right to choose the point on the premises where service will be provided.

4. Whenever an application is made for gas service to premises that have been resubdivided from that shown in the original subdivider's plat and it is found necessary to install a pipeline in addition to that which would have been required to serve the premises as originally platted, the gas utility shall, at the applicant's expense, install and maintain the individual pipeline required to serve such premises.

5. Whenever an application is made for gas service at a location not in conformance with this Section and an individual pipeline extension is required in excess of that originally installed or planned to serve the premises, the gas utility may at its option install the additional pipeline provided the applicant shall advance the entire cost of such additional pipeline.

6. Stub services, i.e., services laid in public streets extending from the main to a point without a meter assembly, shall be installed at the sole and absolute discretion of the gas utility.

7. In the event an applicant for gas service to a premises, to which the gas utility already has and maintains an adequate stub serving such premises, locates buildings, concrete pavement or other improvements in such a manner as to render the use of such stub service impossible, the gas utility

shall require the applicant to pay the fee for installing additional service from the main to the meter of the premises to be served.

8. Branch services, i.e., services which extend from another service to applicant's meter or meters, shall be installed only at the sole and absolute discretion of the gas utility.

9. The gas utility shall not, except in very unusual cases, install, extend, renew or replace any gas pipeline which is located under any portion of a building. No person shall, except in very unusual cases, erect, construct, place, replace, build or rebuild any building over a pipeline through which gas can flow. In very unusual cases, a pipeline may be installed under a building provided such pipeline is enclosed within a gas-tight metal casing installed at the expense of the applicant and approved by the gas utility in its sole and absolute discretion. If the pipeline enclosed within a casing or the casing needs to be repaired the cost of such repair will be borne by the applicant.

10. In case it shall be necessary to extend a pipeline across private property other than the property of the applicant, the applicant shall first secure and furnish, without cost to City, the meter location and the rights-of-way necessary for such pipeline satisfactory to the gas utility. If rights-of-way are satisfactory to the gas utility, the gas utility shall extend a pipeline to the meter location of the applicant in accordance with this Section. In the event such rights-of-way shall in any instance be revoked, the gas utility may discontinue the supply of gas without obligation or liability. When the extension of pipeline is made in the manner above provided and subsequent to the date service is first rendered to the customer, the gas utility installs in a public street a distribution main pipeline from which service can be rendered to the customer, the customer shall thereafter take service from the distribution main pipeline.

11. When meter, or meters, have been installed in locations which are not in conformance with the requirements of this Section and any applicable ordinances of the City because of new construction, alterations or additions upon the premises, the gas utility may require the owner or customer to relocate the house piping connection or connections in such a manner as to permit the receiving of gas at an accessible meter location that does conform to the requirements of this Section and any applicable ordinances of the City. The gas utility reserves the right to relocate the pipeline at the customer's expense and provide facilities for the service of gas at any location on the premises to be served that it so desires, and where more than one (1) adequate gas service exists on a premises, the gas utility shall have the right to continue or discontinue whichever service it chooses.

12. The customer and owner shall exercise reasonable care and cooperation in furnishing and maintaining an adequate space or location for the installation, renewal, repair or replacement of the gas pipeline.

13. When performing work on customer's premises the gas utility will at all times exercise reasonable care to protect customer or owner's property from unnecessary damage or destruction. However, the gas utility assumes no responsibility for the replacement or repair of any surfacing or other improvements broken, damaged or destroyed in the due course of installing or relocating gas pipeline or other gas facilities located on customer's premises when such installation or relocation work is being done on the request or application of the owner or customer or when changes in the gas facilities are made necessary due to new construction, alterations or additions upon the premises. The gas utility may at its option replace any surfacing broken or damaged on customer's premises in the due course of repairing, replacing or relocating the gas pipeline or other gas facilities due to deterioration, leakage, stoppage or any other natural cause. The gas utility assumes no responsibility for future inspection or maintenance of any surfacing repairs or replacements which it may make on customer's premises and therefore accepts no liability.

14. All pipe beyond the outlet connections of the meter, master meter, or bank of meters, shall be maintained by applicant, customer and the owner of the premises, and the gas utility shall not be responsible for any loss of gas or any loss or damage whatsoever caused by or arising out of, or

in connection with pipe or equipment installed beyond the outlet of the gas utility's meter, master meter or bank of meters.

15. If an applicant requests relocation of a pipeline for purposes benefiting the applicant, then the costs for removal and relocation will be the responsibility of the applicant.
(ORD-09-0012, § 1, 2009; Ord. C-5713 § 1 (part), 1981; prior code § 7461.13)

15.40.140 Reserved.

Editor's note—ORD-09-0012, § 2, adopted Apr. 21, 2009, repealed § 15.40.140, which pertained to "service extension-generally" and derived from Prior code § 7461.14; and Ord. C-5713 § 1 (part), 1981.

15.40.150 Reserved.

Editor's note—ORD-09-0012, § 3, adopted Apr. 21, 2009, repealed § 15.40.150, which pertained to "stub service" and derived from Prior code § 7461.15; and Ord. C-5713 § 1 (part), 1981.

15.40.160 Compensation for damages.

In the event property of the gas utility is damaged as the result of negligence or any unlawful act or omission on the part of any person, or property owner, such person causing such damage or the property owner shall pay to the gas utility all costs incurred in restoring or replacing such property including, but not limited to loss of service, supplies and labor costs. (Ord. C-5713 § 1 (part), 1981; prior code § 7461.16)

15.40.170 Temporary service.

Temporary service, as herein considered, refers to service to circuses, bazaars, fairs, temporary restaurants, construction works and enterprises of a temporary nature. The gas utility may, at its option furnish temporary service under the following conditions:

A. The applicant for such temporary service shall pay to the gas utility, in advance or otherwise as the gas utility may elect, the net cost of installing and removing any facilities necessary in connection with the furnishing of such service by the gas utility.

B. Each applicant for temporary service shall deposit with the gas utility a sum of money equal to the estimated amount of the bill for such service, or to otherwise secure, in a manner satisfactory to the gas utility, the payment of any bills which may accrue by reason of such service so furnished or supplied.

C. Nothing herein shall be construed as limiting or in any way affecting the right of the gas utility to collect of the customer any other or additional sum of money which may become due and payable from the customer by reason of the temporary service furnished, or to be furnished, hereunder. (Ord. C-5713 § 1 (part), 1981; prior code § 7461.17)

15.40.180 Supply to separate premises and resale of gas.

Where the gas utility has adequate service facilities to supply separate premises, such separate premises, even though owned by the same customer, shall not be supplied with its gas through one and the same meter without approval of the gas utility. (Ord. C-5713 § 1 (part), 1981; prior code § 7461.18)

15.40.190 Right of ingress and egress.

The City shall at all times have the right of ingress to and egress from the customer's premises at all reasonable hours for any purpose reasonably connected with the furnishing of gas and the exercise of any and all rights secured to it by law.

Any person who wilfully and unlawfully prevents or causes to prevent the City from exercising its rights of ingress to and egress from the customer's premises, as set forth above, shall be guilty of a misdemeanor. (Ord. C-5713 § 1 (part), 1981; prior code § 7461.19)

15.40.200 Customer's responsibility for equipment.

The customer shall bear all risk and expense and shall be responsible to install and keep in good and safe condition, all piping and equipment required beyond the gas utility's meter for receiving gas from the gas utility, and for utilizing such gas including all necessary protective appliances, and the gas utility shall not be responsible for any

loss or damage occasioned or caused by negligence, want of proper care, or wrongful act of the customer or customer's agents, employees, or licensees on the part of the customer installing, maintaining, using, operating, or interfering with any such regulators, service pipes, gas mains, appliances, fixtures or apparatus. (Ord. C-5713 § 1 (part), 1981; prior code § 7461.20)

15.40.210 Installation and modification of service connections.

Only duly authorized employees or agents of the gas utility shall be authorized, permitted or allowed to connect the customer's service to or disconnect the same from the gas utility's gas mains; and such connection or disconnection shall be deemed to include, but without excluding other means or methods of connection or disconnection, the turning on or off of any valve so as to permit the flow or passage or to stop the flow or passage of gas through any meter or into the house lines, fixtures and consumption outlets on customer's premises or elsewhere, except only in case of emergency such as fire, earthquake or other similar occurrences. Cost of reinstallation or remedial work made necessary by unauthorized additions, modifications or removals shall be paid for by the customer. (Ord. C-5713 § 1 (part), 1981: prior code § 7461.21)

15.40.220 Change of customer's appliances.

In the event that the customer shall make any material change either in the number or character of the gas appliances installed upon his premises to be supplied with gas by the gas utility, the customer shall within thirty (30) days of installation of these appliances give the gas utility written notice of this fact. (Ord. C-5713 § 1 (part), 1981: prior code § 7461.22)

15.40.230 Tampering with or tapping service pipes, meters, etc.

No person shall wilfully break, dig up, obstruct, tamper with or injure any meter, regulator, service pipe, or other pipe or main, appliances, fixtures or other apparatus used in connection with conducting, serving or measuring of gas, and no person shall wilfully, with intent to injure or defraud, make use of, or use any pipe or conduit in connection with any main, service pipe or other pipe or conduit owned, installed or controlled by the utility under any of the provisions of this Chapter or any other ordinance of the City, for the purpose of conducting or supplying gas, in such manner as to supply gas to or permit the consumption of gas by or at any burner or outlet by or at which gas is consumed or is otherwise used or wasted, without passing through any meter provided for measuring and registering the quantity of gas passing through such pipe, tube or conduit, or wilfully act in any other manner so as to evade or cause the evasion of payment therefor; and no person, with like intent, shall tamper with, injure or alter any gas meter or regulator or obstruct its action. (Ord. C-5713 § 1 (part), 1981: prior code § 7461.23)

15.40.240 Usage of service detrimental to others.

The gas utility shall not furnish service to gas apparatus or appliances, the operation of which will be detrimental to the gas service being furnished to customers in the immediate vicinity or supplied from the same distribution system. The gas utility shall refuse to continue furnishing gas to any customer who uses an air blast apparatus without a check valve to prevent the possible return of air into the main, or who uses burners containing devices which may put a vacuum on the meter or gas system, or who uses gas at an unreasonably high rate during peak hours, or who, after being notified to discontinue the use of gas, shall continue to use the same. (Ord. C-5713 § 1 (part), 1981: prior code § 7461.24)

15.40.250 Authorization to operate within City.

No person except the City or any of its departments or divisions shall be authorized to do any of the following without a written permit contract, or franchise specifically authorizing same from the City:

A. To erect, construct, operate or maintain or use any natural gas pipeline, plant, meter, sys-

tem, gasworks, or gas distribution system or facility within the City in order to sell, transport or distribute or provide nonmunicipal natural gas or gas transportation to any natural gas user, transporter, or consumer within the City;

B. To interconnect any building, structure or facility of any kind to any natural gas pipeline or system of the City;

C. To acquire any natural gas pipeline, plant, meter, system, gaswork, or gas distribution system or facility within the City in order to sell, transport or distribute or provide nonmunicipal natural gas or gas transportation to any natural gas user, transporter, or consumer within the City. (Ord. C-7019 § 8, 1992)

CHAPTER 15.44 PIPELINES AND UTILITIES*

15.44.010 Definitions.

For the purpose of this Chapter, unless the context clearly requires a different meaning, the words, terms and phrases set forth in this Section are defined as follows:

"Applicant" means any person who applies for a permit under this Chapter.

"City" means the City of Long Beach, acting by and through the City Council.

"City property" means "streets," as that term is defined in Section 1.08.130, and lands (except Water Department lands and lands in the harbor district) and structures owned or controlled by the City within the City.

"Facilities" means pipes, pipelines, conduits, ducts, tunnels, poles, pole lines, cables, wires, vaults, traps, manholes, appliances, attachments and appurtenances used in connection therewith, for the purpose of the transmission, transportation or conveyance of any liquid or gaseous substance or substances, steam air, electrical energy, or for communication purposes, or for the purpose of providing housing or protection for interior lines used, intended to be, or capable of being used for such purpose or purposes, excepting, however: (1) sewers owned or operated by the Los Angeles County sanitation district or successor, the County of Los Angeles, the City of Signal Hill and the City of Lakewood; (2) public utility service connections; (3) water sprinkler systems; (4) storm drain pipes; (5) reclaimed water lines; (6) any subsurface installation required to be installed by a subdivider; (7) water lines owned or operated by the Metropolitan Water District of Southern California, the City of Signal Hill and the City of Lakewood; and (8) as to a public utility holding a valid and effective franchise form the City, any of the aforementioned facilities set forth in its franchise, whether the franchise authorizes construction, maintenance or operation of the facilities only in public streets and ways or both in public streets and ways in other public property.

"Governmental agencies" means the United States of America and its agencies and instrumentalities, the State, its political subdivisions, agencies and instrumentalities, this City, other cities and their departments, divisions and boards, other public agencies, and districts created by State law.

"Hazardous liquid pipeline" means a pipeline which carries those substances subject to and as defined in Part 195 of Title 49 of the Code of Federal Regulations (transportation of hazardous liquids by pipeline) and as said part is amended from time to time.

"Permit" means the written, typewritten, or printed permission issued to an applicant by the City under the authority of this Chapter and conditioned as provided in this Chapter, and means and includes any amendment or supplement to the permit.

"Permittee" means any person to whom a permit has been granted and issued under and pursuant to the terms of this Chapter and includes the assignee, or successor in interest thereof, when the assignment or transfer has been approved as provided in this Chapter.

"Person" means and includes an individual; a receiver; a trustee; a copartnership; joint ventures; a firm; an unincorporated association; a syndicate; a club; a society; a trust; a private corporation; a public corporation; a municipal corpora-

*Note—Prior ordinance history: Prior code §§ 7560 and 7560.1—7560.23 and Ords. C-5690, C-5887, C-5916 and C-6023.

tion or board, commission or department thereof; a County, a State, a national government; a municipal, County, State or federal agency, board or commission; a water district; a utility district; a political subdivision; a school district; and a drainage, sanitation, sewer maintenance, sanitary irrigation, levee, reclamation, water conservation or flood control district, whether acting for himself/herself, itself or in any representative capacity.

"Pipeline" means any underground pipe, tunnel, or duct used, designed or intended to be used for transmitting or transporting substances by means of pressure or vacuum except sewers, storm drains, and conduits for housing lines for transmission of electrical energy.

"Public utility service connection" when used in this Chapter applied to water and gas utilities means that connection from the distribution system of the utility to the property line of the property to be served.

"Sewer" means any underground pipe, conduit, tunnel, or duct used or designed or intended to be used to transport surplus industrial or other waste material but not including water or waste material originating from oil wells or other material not acceptable in a public sewer.

"Storm drain" means any pipe, conduit, tunnel, duct, or appurtenance thereto intended for the reception and transfer of stormwater, groundwater, or roof or yard drainage. (ORD-06-0054 § 1, 2006: Ord. C-7868 § 1, 2003: Ord. C-6398 § 1 (part), 1987)

15.44.020 Use of City property prohibited.

Except in accordance with the terms and subject to the conditions of this Chapter no person except the City or any of its departments or divisions shall use or occupy City property for the purpose of laying, installing, maintaining or operating facilities therein. (Ord. C-6398 § 1 (part), 1987)

15.44.030 Permit—Required.

No facilities shall be laid, installed, maintained, or operated in any City property other than by the City unless the person desiring to lay, install, maintain, or operate the facilities is entitled to use the City property by reason of the following:

A. A valid property right based on a conveyance under the laws of this State or the United States; or

B. A valid franchise; or

C. A revocable permit or permit supplement issued pursuant to this Chapter, or an unrevoked permit issued pursuant to Ordinance No. C-2843 or Ordinance No. C-2998 prior to their repeal. (Ord. C-7868 § 2, 2003: Ord. C-6398 § 1 (part), 1987)

15.44.040 Permit—Application.

A. An applicant for a permit or permit supplement under the terms of this Chapter shall file a written application therefor with the Department of Public Works on forms to be provided by the City, which application shall be in duplicate. The application shall show:

1. Name and address of the applicant;

2. If other than an individual, the form or type of organization, with names and addresses of officers, partners, or firm members;

3. Route of proposed installation and general description of type of facilities to be installed. If the installation is for a pipeline, or subsurface conduit for protection of interior lines for transmission of electrical energy, the applications shall show the size and type of pipe or conduit material as well as the location of valves, vaults, the type of cathodic protection and special features. If the application is for a pole line, it shall show the number of poles, the distance between poles, diameter and height of poles and a general description of the wires or other equipment to be located thereon;

4. Description of what is to be transmitted, transported or conveyed thereby;

5. Description of type of coating, housing, or other protective features, if any.

B. Applications filed under Subsection 15.44.030.A of this Section shall be accompanied by maps or drawings, or prints thereof, in sextuplicate, showing the location of the proposed

installations and if for a pipeline or protective conduit, showing dimensions and size of pipe or conduit material, length thereof, dimensions and locations of vaults, valves and all connected appliances. All drawings, maps or prints submitted for any hazardous liquid pipeline shall be signed by a registered civil and/or mechanical engineer. If for a pole line, the maps shall show dimensions and height of poles, depth to be set in the ground, location of each pole, the distance between the existing ground surface or improvements and bottom of the transmission lines, and of any incidental facilities to be installed therewith. The maps shall be drawn to a scale of not more than forty feet (40') to the inch and all prints thereof shall be to this scale. (Ord. C-6398 § 1 (part), 1987)

15.44.050 Permit supplement—Application.

Any person holding a valid and effective permit issued pursuant to the terms of this Chapter or pursuant to Ordinance No. C-2843 or C-2998 prior to their repeal, may, in accordance with the procedure provided in Section 15.44.040, obtain a supplement thereto for the purpose of: (a) installing additional facilities; (b) changing location of existing facilities; or (c) abandonment of existing facilities. (Ord. C-6398 § 1 (part), 1987)

15.44.060 Permit—Issuance.

On receipt of an application for a permit or permit supplement, the City Council or the Director of Public Works, as described below, shall determine whether or not the granting of a permit as sought or a modification thereof will not be contrary to the public interest, after which the City shall issue a written permit or permit supplement which sets forth any special conditions imposed by the City Council on the permittee or the facilities. Except as described elsewhere in this Section, the City Council shall have the power to determine when the granting of a permit or permit supplement will or will not be in the public interest and its determination shall be final. With respect to groundwater monitoring wells, water lines, and sewer lines, the determination whether or not granting a permit is in the public interest may be made at the discretion of the City's Director of Public Works, who may issue a permit or permit supplement. (ORD-06-0054 § 2, 2006: Ord. C-7868 § 3, 2003: Ord. C-7767 § 1, 2001: Ord. C-6398 § 1 (part), 1987)

15.44.070 Conditions for use of City property.

Facilities laid, installed, maintained or operated in any City property, whether or not pursuant to a permit issued under this Chapter, shall conform to the following terms and conditions:

A. Material used. All facilities not specifically provided for in this Section shall be constructed of materials which are new or in such condition as, in the opinion of the Director of Public Works, will assure satisfactory service and durability in accordance with the purpose of the intended use.

B. Liquid petroleum transportation piping systems. All materials used in construction of liquid petroleum transportation piping systems shall comply with all applicable federal and State regulations.

C. Electrical surface facilities. All facilities constructed or maintained above the surface of the ground and used or intended to be used for transmission of electrical energy shall comply with the rules for overhead electric line construction contained in General Order Number 95 of the California Public Utilities Commission or such other Statewide regulatory provisions applicable to overhead lines as may hereafter be placed in effect by the Commission or any other regulatory body or official as hereafter is charged with the duty of regulation of electric and communications utilities on a Statewide basis throughout California.

D. Electrical subsurface facilities. All facilities constructed or maintained below the surface of the ground and used or intended to be used for transmitting electrical energy shall be such as shall not be in violation of any State law governing such installations and before being installed detailed specifications therefor shall be submitted to and approved by the Director of Public Works.

E. Connections to facilities. No person maintaining facilities in City property shall allow or permit any facilities belonging to another person to be connected thereto in any City property unless the owner of the connecting facilities is authorized to occupy the City property with the facilities under the terms of this Chapter.

F. Cable communications systems surface and subsurface facilities. All facilities constructed or maintained above the surface or below the surface of the ground and used or intended to be used for the transmission of cable communications shall be in compliance with all conditions and terms contained in Chapter 15.74 of this Code. (Ord. C-6398 § 1 (part), 1987)

15.44.080 Time limit to commence work.

The work of constructing or installing any facilities authorized by any permit, or permit supplement, pursuant to the terms of this Chapter shall be commenced within ninety (90) days from the date of granting the authority therefor; provided, however, that the Director of Public Works may, for good cause, grant an extension of time; and shall be diligently prosecuted until concluded. (Ord. C-6398 § 1 (part), 1987)

15.44.090 Compliance required.

No person shall fail, refuse, or neglect to comply with any requirement of this Chapter. All permits and permit supplements issued pursuant to this Chapter or issued pursuant to Ordinance No. C-2843 or C-2998 prior to their repeal, for any of the purposes set forth in Section 15.44.020 except an ordinance granting a franchise, shall be upon the terms and conditions as provided in Section 15.44.070, which shall be either set forth in each permit and permit supplement or referred to therein. (Ord. C-6398 § 1 (part), 1987)

15.44.100 Permit fees.

A. Each permit and permit supplement issued pursuant to this Chapter shall be subject to the condition and shall provide that the permittee, as and for compensation for use of City property, shall pay to the City annually in advance, on a calendar year basis except as otherwise stated herein, fees as follows:

1. Water, Wastewater, Oil, Gas, Sewer, Gasoline, Electrical Energy, Communications, and Liquefied Petroleum Gas Pipelines.

Pipe Size (Internal Diameter)	Base Rate (Per Lineal Foot)
0—4"	$0.232
6"	0.352
8"	0.471
10"	0.584
12"	0.703
14"	0.823
16"	0.935
18"	1.055
20"	1.174
22"	1.287
24"	1.406
26"	1.526
28"	1.638
30"	1.758

For pipelines with an internal diameter not listed herein, the fees shall be in the same proportion to the fees of a twelve inch (12") diameter pipe as the diameter of the unlisted pipe is to twelve inches (12").

The annual payment for each lineal foot of pipeline shall be computed and revised each calendar year as follows:

a. The applicable base rate shall be multiplied by the Consumer Price Index for owner's equivalent rent of primary residence in Los Angeles, California published by the United States Department of Labor, Office of Information, for the month of September immediately preceding the month of January in which payment shall be due and payable, and divided by the Consumer Price Index for owner's equivalent rent of primary residence in Los Angeles, California, 1984 which is 100.0. Under no circumstances shall the multiplying factor be less than one (1).

b. If the United States Department of Labor, Office of Information, discontinues the preparation and publication of a Consumer Price Index for owners' equivalent rent of primary residence in Los Angeles, California, and if no transposition table prepared by the Department of Labor is

available so as to make those statistics which are then available applicable to the Index of December, 1984, then the City Council shall prescribe a rate of payment which shall, in its judgment, vary from the rates specified in this Subsection in approximate proportion as commodity consumer prices then current vary from commodity consumer prices current in December, 1984. Upon this point the determination by the City Council shall be final and conclusive. (ORD-06-0054 § 3, 2006: Ord. C-7868 § 4, 2003: Ord. C-6398 § 1 (part), 1987)

15.44.110 No bonds or insurance for governmental agencies.

Governmental agencies shall not be required to file the bond or policy of public liability insurance required by this Chapter. (Ord. C-7868 § 5, 2003: Ord. C-6398 § 1 (part), 1987)

15.44.120 Relocation of facilities.

Whenever the rearrangement or relocation of any facilities installed or maintained in City property is required by reason of a change of the grade, laying of any sewer, storm drain, water, gas or other pipeline or conduit installed for a public service, or making of any other public improvement, the owner thereof shall, within sixty (60) days after written notice from the Director of Public Works (or such other time limit as may be specifically provided in any applicable franchise ordinance), rearrange or relocate the same to accommodate the public improvement at its own cost and expense, and to the satisfaction of the Director of Public Works. If the owner has not complied with the written request within sixty (60) days after the notice is given (or within such other specific time limit), then the Director of Public Works may cause the work required to be done. In such event he shall keep an itemized account of the cost thereof and shall render a bill for the amount thereof plus twenty-five percent (25%) of overhead to the owner. Acceptance of a permit or permit supplement pursuant to this Chapter, or pursuant to Ordinance C-2843 or C-2998 prior to their repeal, constitutes a contract by the owner to pay to the City any such amount so incurred within fourteen (14) days after presentation of a bill therefor. If any portion of said bill is not paid within fourteen (14) days after presentation, there shall be on the fifteenth day attached to said unpaid portion of the bill a penalty at the rate of eighteen percent (18%) per annum for each day the payment on the unpaid portion of the bill remains unpaid between the date of presentation and the date of payment. If the payment on the unpaid portion of the bill is not made within sixty (60) days from the date of presentation, there shall, on the sixty-first day, be attached in addition to the aforesaid penalty an additional penalty of fifty percent (50%) of the unpaid portion of said bill.

Any penalty under one hundred dollars ($100.00) shall be added to the annual permit fee payable in the succeeding calendar year. The fact that the facilities have been installed pursuant to other authority shall be no defense to compliance with this Chapter by the owner of the facilities. (Ord. C-6398 § 1 (part), 1987)

15.44.130 Identification of facilities.

All valves and gates, whether boxed or exposed, poles and pipes which are exposed on structures installed or maintained in City property shall bear a distinguishing mark, either by stenciling in the case of pipes, or by means of a metal tag attached to poles and, with wire to gates and valves, with the name and telephone number of the owner and name of the material carried therein stated thereon. Should the City prescribe a code system for designating the material carried, then the code may be used therefor. (Ord. C-6398 § 1 (part), 1987)

15.44.140 Repairs to facilities.

Whenever any "facility", as defined in Section 15.44.010, is used for the transportation of liquids, vapors, or gases and the facility permits the escape of the contents therefrom, it shall be the duty of the person owning, using, or controlling the facility to immediately notify the City Fire Department and make provisions to ensure that the situation is safe. This includes, but is not lim-

ited to, containment, pump shut down, valve closures and evacuation. After the situation is controlled the permittee owning, operating or controlling the facilities shall repair the facility to ensure the future safe operation of the facilities and also to make such cleanup and repair of City property as is required by the Director of Public Works. No person shall fail, refuse or neglect to comply with any requirement of this Section. (Ord. C-6398 § 1 (part), 1987)

15.44.150 Abandonment of facilities.

A. Whenever any person, who has installed or has been maintaining in City property any facilities, desires to abandon all or any portion thereof, an application therefor shall be filed with the City. The application shall set forth the route or location of the facilities and whether the person desires to abandon the facilities in place or to remove them. In the event the person desires permission to remove all or part of the facilities, the City shall determine whether the removal may be safely effected without detriment to the public interest or under what conditions the removal may be safely effected. In the event the City specifies conditions pursuant to which the facilities may be removed, the person shall be authorized to so remove only in the event all the conditions so imposed are carried out to the satisfaction of the Director of Public Works. Otherwise the removal shall not be permitted.

B. In the event the person desires permission to abandon the facilities in place, the City shall determine whether the abandonment in place of all or part of the facilities may be permitted without detriment to the public interest. The City may specify conditions for the abandonment in place of the facilities and the conditions shall be fully complied with to the satisfaction of the Director of Public Works before the facilities shall be considered abandoned. Until so abandoned, fees applicable thereto shall continue to accrue.

C. All pipelines shall be abandoned in the manner required in this Section upon termination, expiration or upon the permanent suspension of use by the permittee. (Ord. C-7312 § 4, 1995; Ord. C-6398 § 1 (part), 1987)

15.44.160 Removal or disconnection of unauthorized facilities.

Whenever any person has facilities located on City property and therefore has a right to maintain the facilities either pursuant to a franchise or permit issued pursuant to this Chapter, which right has been terminated for any cause, or whenever any person who had facilities located on or in City property on or before July 1, 1952, has failed to obtain the right to maintain the facilities on or in the City property after October 1, 1952, and the person has for a period of sixty (60) days following the written notification of said termination failed to comply with the termination or failed to obtain a right to maintain the facilities on or in the City property, then the Director of Public Works shall make every effort to locate the facilities and either remove from City property or effectively sever the facilities at the point at which they enter City property so that they cannot be utilized for the purposes for which intended without reconnection after a proper permit or franchise has been obtained. (Ord. C-6398 § 1 (part), 1987)

15.44.170 Abandonment in place of City's facilities.

When municipally owned or operated facilities must be removed in connection with public improvements, the cost of the removal shall be paid by the municipal department the facilities of which are required to be so removed. (Ord. C 6398 § 1 (part), 1987)

15.44.180 Permit—Revocation.

A. Any permit issued pursuant to this Chapter may be revoked by the City Manager, after finding the existence of any of the following grounds for revocation: (1) failure by permittee to comply with the requirements of the permit or of this Chapter, (2) neglect or refusal by a permittee to comply with, or violation of, the provisions of this Chapter or other ordinances or laws, directly or indirectly incidental to the operations of the

permit, (3) misrepresentations of facts, reports or records furnished by a permittee and required under this Chapter, (4) operations by a permittee endangering public health and safety by not complying with applicable local, State or federal pipeline safety and environmental regulations.

B. The City shall have the power to determine when an existing permit or permit supplement shall be revoked as a result of the permittee failing to comply with applicable local, State or federal pipeline safety and environmental regulations. A determination by the City Manager that any such permit or permit supplement should be revoked based on Subsection A of this Section, shall be final unless an appeal therefrom is taken, and a permittee served with written notice of a final order revoking and terminating such permit or permit supplement shall have ninety (90) days after service of the notice in which to abandon or remove facilities in accordance with the provisions of this Chapter and any other applicable ordinance of the City. Any permittee dissatisfied with an order of the City Manager revoking and terminating its permit or permit supplement may, within fifteen (15) days after receiving said written notice of final order of revocation and termination, appeal to the City Council by filing written notice of the appeal with the City Clerk. Upon receipt of the notice of appeal, the City Council shall set a date for hearing thereon not less than ten (10) days nor more than thirty (30) days thereafter. Permittee shall be notified in writing by the City Clerk of the date, time and place of the hearing. At the time set, the City Council shall hear the permittee, City Manager, and other interested persons and may either affirm or annul the City Manager's order. The decision of the City Council shall be final.

C. Any permit or permit supplement revoked solely for failure to comply with the requirements of Sections 15.44.190 or 15.44.230 may be reinstated only upon application therefor showing compliance submitted to and approved by the City Manager and upon the payment of ten dollars ($10.00) per day for every day of noncompliance and also upon payment of all sums due and unpaid to the City under the provisions of Section 15.44.100.

D. Upon a failure of the permittee to comply with the provisions of Sections 15.44.190 or 15.44.230, the City may notify the permittee in writing of the default and specify the time within which the default is to be remedied. If the permittee fails or refuses to remedy the default within the period of time specified, the right of permittee to use the facility or facilities shall cease and the City shall have the right to sever the facility or facilities at the point where the facility or facilities enter upon the place authorized to be used. The permittee shall reimburse the City for any expense incurred by the City in severing the facility or facilities. Should the permittee continue to use the facility or facilities after the right to use them has been terminated and should the City file suit to restrain the use of the facility or facilities by permittee, the permittee shall reimburse the City for its reasonable costs and expenses in connection therewith, including a reasonable Attorney fee. (Ord. C 7312 § 1, 1995: Ord. C 6398 § 1 (part), 1987)

15.44.190 Insurance and indemnity.

At all times, each permittee shall defend, indemnify, and hold harmless the City, its officials, employees and agents from and against all claims, demands, damage, causes of action, proceedings, loss, liability, costs and expenses (including reasonable Attorney fees) of any kind (collectively in this Section, "claim") alleging injury to or death of persons or damage to property and that such injury, death or damage arises from or is attributable to or caused by any of the operations of permittee. Permittee shall notify the City of any claim within ten (10) days.

Permittee shall procure and maintain, at its cost, during the term of the permit and any renewals thereof, insurance as prescribed in regulations issued by the City Manager pursuant to Section 2.84.040. The permit shall be automatically revoked upon failure to maintain the required coverage. (Ord. C 7934 § 20, 2004: Ord. C 7312 § 2, 1995: Ord. C 6451 § 3, 1987: Ord. C 6398 § 1 (part), 1987)

15.44.200 Permanent paving.

A. Should it become necessary or desirable to install permanent paving in any City property in which "facilities" as defined in this Chapter have been installed or are being maintained, the owner thereof, prior to the commencement of the paving, and upon written notice so to do from the Director of Public Works, shall treat or re-treat its subsurface facilities in such manner that the same shall not require major repairs or replacement within a period of one (1) year.

B. The treatment or re-treatment shall be subject to the inspection and approval of the Director of Public Works prior to installation of paving. The treatment or re-treatment shall be commenced within sixty (60) days after service of written notice so to do, as provided in this Chapter, and shall be at the cost and expense of the owner of the facilities involved. If the owner has not commenced the treatment or re-treatment within sixty (60) days after receipt of the written notice so to do, or should the owner thereafter fail to prosecute the work with reasonable diligence, then the Director of Public Works may cause the required work to be done. In that event he shall keep an itemized account of the cost thereof and shall render to the owner a bill for the amount thereof, plus twenty-five percent (25%) for administration and overhead. Acceptance of a permit, or permit supplement issued pursuant to this Chapter, or pursuant to Ordinance C 2843 or C 2998 prior to their repeal, shall constitute a contract by the permittee, the owner of the facilities so installed or maintained, to pay to the City any such amount so incurred within fourteen (14) days after presentation of a bill therefor. If any portion of said bill is not paid within fourteen (14) days after presentation, there shall be on the fifteenth day attached to said unpaid portion of the bill a penalty at the rate of eighteen percent (18%) per annum for each day the payment on the unpaid portion of the bill remains unpaid between the date of presentation and the date of payment. If the payment on the unpaid portion of the bill is not made within sixty (60) days from the date of presentation, there shall, on the sixty-first day, attach in addition to the aforesaid penalty an additional penalty of fifty percent (50%) of the unpaid portion of said bill. Any penalty under one hundred dollars ($100.00) shall be added to the annual pipeline fee payable in the succeeding calendar year. The fact that the facilities have been installed pursuant to other authority shall be no defense to compliance with this Section by the owner of the facilities. (Ord. C 6398 § 1 (part), 1987)

15.44.210 Inventory or description required.

A. All persons owning, using or controlling any "facilities", as defined in this Chapter, installed or maintained beneath the surface of City property shall, within thirty (30) days of written request, submit to the Department of Public Works of the City in the form and manner prescribed by the Director of the Department, a complete inventory of the facilities.

B. If cathodic protection is to be used for "facilities", as defined in this Chapter, which have been or are hereafter installed or maintained beneath the surface of City property, a full description of it shall be furnished to the City which shall show the location and type of anodes, including a full description of methods to be used as a protection against corrosion and electrolytic leakage. (Ord. C 6398 § 1 (part), 1987)

15.44.220 Permit—Transfer.

A. Permittee shall not sell, lease, assign or transfer any of the rights or privileges authorized by any permit or permit supplement issued pursuant to the provisions of this Chapter, or pursuant to Ordinances C 2843 or C 2998 prior to their repeal, or any facilities installed pursuant thereto, unless approved by order of the City. Any purported or attempted sale, lease, assignment or transfer thereof, without the approval, regardless of whether made voluntarily or otherwise, is void and of no effect and transfers none of the rights or privileges authorized by the permit or permit supplement.

B. In the event such a sale, lease assignment or transfer is approved by the City as provided in this Section, then and in that event the permit or

permit supplement shall, upon acceptance thereof by the permittee's successor in interest, be binding upon the successor to the same extent and in like manner as upon permittee. Such acceptance by permittee's successor in interest shall be evidenced by its filing with the Department of Public Works of a faithful performance bond in similar form and amount as required in Section 15.44.230 and an insurance policy in compliance with the provisions of Section 15.44.190. (Ord. C 6398 § 1 (part), 1987)

15.44.230 Bond or other security.

At all times during the term of this permit, permittee shall keep in full force and effect a bond as prescribed in regulations issued by the City Manager pursuant to Section 2.84.040, or a cash deposit, irrevocable letter of credit, or other negotiable securities in an amount equal to the amount required for a bond.

Any bond, cash deposit, irrevocable letter of credit, or other negotiable securities deposited with the City may be used by the City to compensate it for any loss or damage resulting from permittee's failure to perform to the satisfaction of the City Manager any term, covenant and condition of the permit. If any part of the bond, cash deposit, irrevocable letter of credit, or other negotiable security remains unused after the City has been compensated for such loss or damage, the remaining cash or negotiable security shall be returned to permittee and the bond or irrevocable letter of credit shall be released within ten (10) business days. If the City Manager determines that no default has occurred and the City has not been damaged by any of permittee's activities, then the City shall endeavor to return the cash or negotiable security or to release the bond or irrevocable letter of credit within ten (10) business days after such determination by the City Manager and, in any event, no later than sixty (60) days after the expiration of the permit. If the bond, cash, irrevocable letter of credit, or negotiable securities are insufficient to compensate the City for its loss due to permittee's failure to comply with any term, covenant and condition of the permit, permittee shall be liable and pay for any such deficiencies. (Ord. C 7934 § 21, 2004: Ord. C 7868 § 6, 2003: Ord. C 7312 § 3, 1995: Ord. C 6398 § 1 (part), 1987)

15.44.240 Permit—Not to authorize excavations.

No right to use City property shall ever be construed as constituting authority to make any excavations in streets other than in compliance with all applicable ordinances. (Ord. C-6398 § 1 (part), 1987)

15.44.250 Annual certification—Hazardous liquid pipelines.

A. Prior to April 1st of each year every permittee shall certify to the City Manager, the total footage of its hazardous liquid pipelines within the City.

The certification shall include a breakdown of the footage under the control of:

1. United States Department of Transportation;

2. California State Fire Marshal;

3. City of Long Beach.

B. Prior to April 1st of each year each permittee having such hazardous pipelines over which the City has jurisdiction shall file with the Director, Department of Public Works, in a form and manner prescribed by the Director of such Department, a certificate under penalty of perjury that the carrier has complied with all of the requirements of Part 195 (transportation of hazardous liquids by pipeline) of Title 49 of the United States Code of Federal Regulations concerning accident reporting (subpart D), design requirements (subpart C), construction (subpart D), hydrostatic testing (subpart E), operation and maintenance (subpart F), and compliance with all other applicable federal, State and local regulations.

C. Any carrier who fails to file the annual certifications as required section shall be subject to permit revocation pursuant to Section 15.44.180. (Ord. C-6398 § 1 (part), 1987)

CHAPTER 15.48 UNDERGROUND UTILITY DISTRICTS

15.48.010 Definitions.

Whenever in this Chapter the words or phrases defined in this Section are used, they shall have the respective meanings assigned to them in the following definitions:

"Commission" means the Public Utilities Commission of the State.

"Facility changes" means improvements constructed or installed on private property necessary to receive service from the underground facilities of the utility including, but not limited to, meter panel conversions.

"Person" means and includes individuals, firms, corporations, partnerships, and their agents and employees.

"Poles, overhead wires and associated overhead structures" means poles, towers, supports, wires, conductors, guys, stubs, platforms, crossarms, braces, transformers, insulators, cutouts, switches, communication circuits, appliances, attachments and appurtenances located above ground within a district and used or useful in distributing or supplying electric, communication or similar or associated services.

"Underground utility district" or *"district"* means that area in the City within which poles, overhead wires, and associated overhead structures are prohibited, as such area is described in a resolution adopted pursuant to the provisions of Section 15.48.030.

"Utility" means and includes all persons or entities supplying electric, communication or similar associated service by means of electrical materials or devices. (ORD-06-0029 § 1, 2006; Ord. C-7477 § 1, 1997; prior code § 7610)

15.48.020 Hearing.

A. The Council may from time to time call public hearings to ascertain whether it is in the general public interest to replace utility poles, overhead wires and associated overhead structures within designated areas of the City with the underground installation of wires and facilities for distributing or supplying electric, communication, or similar or associated service. The criteria for making the determination shall be one (1) or more of the following:

1. Such undergrounding will avoid or eliminate an unusually heavy concentration of overhead electric facilities; or

2. The street or road or right-of-way is extensively used by the general public and carries a heavy volume of pedestrian or vehicular traffic; or

3. The street or road or right-of-way adjoins or passes through a civic area or public recreation area or an area of unusual scenic interest to the general public; or

4. The City has received a request for the undergrounding of utilities from property owners, such request conforms to PUC requirements for Rule 20B projects, and the City Council has established a utility district to provide funding for the undergrounding.

B. The City Clerk shall notify by mail all affected property owners as shown on the last equalized assessment roll and utilities concerned of the time and place of the hearings, at least ten (10) days prior to the date thereof. Each such hearing shall be open to the public and may be continued from time to time. At each such hearing all persons interested shall be given an opportunity to be heard. The decision of the Council shall be final and conclusive.

C. Prior to holding the public hearing, the City Engineer or his or her designee shall prepare a report for submission at the hearing. The report shall contain, among other information, a description of the project, a date by which property owners must complete all electric facility changes on the premises necessary to receive service from the underground facilities of the utility, and an estimate of the time required to complete the underground installation and removal of poles, overhead wires, and associated overhead structures. (ORD-10-0023, § 1, 2010; Ord. C-7477 § 2, 1997: prior code § 7620)

15.48.030 Establishment.

If, after such public hearing, the Council finds that it is in the general public interest to replace

utility poles, overhead wires and associated overhead structures within the designated area, the Council shall adopt an ordinance creating an underground district requiring that all existing poles, overhead wires and associated overhead structures in such district shall be removed, that each property served from such poles, wires and associated overhead structures shall have installed, in accordance with the utility's rules for underground service as approved by the Public Utilities Commission, all facility changes on the premises necessary to receive service from the underground facilities of the utility as soon as it is available, and authorizing the utility to discontinue overhead service. (Ord. C-7477 § 3, 1997: prior code § 7621)

15.48.040 Construction or maintenance of overhead facilities prohibited.

Whenever the Council creates an underground utility district and orders the removal of poles, overhead wires and associated overhead structures therein as provided in Section 15.48.030, it is unlawful for any person or utility to erect, construct, place, keep, maintain, continue, employ or operate poles, overhead wires and associated overhead structures in the district after the date when the overhead facilities are required to be removed by the resolution, except as the overhead facilities may be required to furnish service to an owner or occupant of property prior to the performance by the owner or occupant of the underground work necessary for the owner or occupant to continue to receive utility service as provided in Section 15.48.090, and for such reasonable time required to remove the facilities after the work has been performed, and except as otherwise provided in this Chapter. (Prior code § 7622)

15.48.050 Emergency exception.

Notwithstanding the provisions of this Chapter, overhead facilities may be installed and maintained for a period, not to exceed thirty (30) days, without authorization in order to provide emergency service. The City Council may grant special permission, on such terms as the City Council may deem appropriate, in cases of unusual circumstances without discrimination as to any person or utility to erect, construct, install, maintain, use or operate poles, overhead wires and associated overhead structures. (Ord. C-5691 § 2 (part), 1981; prior code § 7623)

15.48.060 Exempt facilities.

This Chapter and any resolutions adopted pursuant to Section 15.48.030 shall, unless otherwise provided in the resolution, not apply to the following type of facilities:

A. Any municipal facilities or equipment installed under the supervision and to the satisfaction of the City Engineer;

B. Poles, or electroliers used exclusively for street lighting;

C. Poles, overhead wires and associated overhead structures used for the transmission of electric energy at nominal voltages in excess of thirty-four thousand five hundred (34,500) volts;

D. Overhead wires attached to the exterior surface of a building by means of a bracket or other fixture and extending from one location on the building to another location on the same building or to an adjacent building without crossing any public street;

E. Antennae, associated equipment and supporting structures used by a utility for furnishing communication services;

F. Equipment appurtenant to underground facilities such as surface-mounted transformers, pedestal-mounted terminal boxes and meter cabinets, and concealed ducts;

G. Temporary poles, overhead wires and associated overhead structures used or to be used in conjunction with construction projects. (Prior code § 7624)

15.48.070 Notice to property owners and utilities.

A. Within ten (10) days after the effective date of a resolution adopted pursuant to Section 15.48.030, the City Clerk shall notify all affected utilities and all persons owning real property within the district created by the resolution of the adoption thereof. The City Clerk shall further notify

the affected property owners of the necessity that, if they or any person occupying the property desire to continue to receive electric, communication, or similar or associated service, they or the occupant shall provide all necessary facility changes on their premises so as to receive the service from the lines of the supplying utility or utilities at a new location, subject to the applicable rules, regulations and tariffs on the respective utility or utilities on file with the Commission.

B. Notification by the City Clerk shall be made by mailing a copy of the resolution adopted pursuant to Section 15.48.030, together with a copy of this Chapter, to affected property owners as such are shown on the last equalized assessment roll and to the affected utilities. (Prior code § 7625)

15.48.080 Utility company responsibility.

If underground construction is necessary to provide utility service within a district created by any resolution adopted pursuant to Section 15.48.030, the supplying utility shall furnish that portion of the conduits, conductors and associated equipment required to be furnished by it under its applicable rules, regulations and tariffs on file with the Commission. (Prior code § 7626)

15.48.090 Persons responsible.

A. Every person owning, operating, leasing, occupying or renting a building or structure within a district, and every person owning, leasing or renting property within a district who receives electrical service to that property in any manner, shall construct and provide on his or her property all facility changes on the premises necessary to receive service from the underground facilities of the utility within ninety (90) days following the mailing to the property address of notice that underground service is available for connection.

B. Notwithstanding requirements of the foregoing Subsection A of this Section, and in accordance with the utility's rules for underground service as approved by the Public Utilities Commission, financial assistance may be provided to a person described in Subsection A of this Section for facility changes if:

1. The City Engineer determines that the completion of the work within a district would be facilitated by providing such assistance; and

2. Funds are available for such assistance; and

3. The plans, specifications and cost estimates for the replacement of the facility changes have received the prior approval of the City Engineer; and

4. The district is numbered thirty-nine (39) or greater, or was formed on or after September 1, 2006.

Facility changes eligible for financial assistance are limited to the replacement of a meter panel with equipment which is compatible with the new underground service and which is similar in size and function to the existing equipment. Facility changes which the City Engineer determines constitute upgrades or improvements are not eligible for financial assistance. (ORD-06-0029 § 2, 2006: Ord. C-7477 § 4, 1997: prior code § 7627)

15.48.095 Notification and disconnection.

A. If the facility changes necessary to receive services from the underground facilities of the utility are not accomplished for any premises within the district within the time provided for in the resolution enacted pursuant to Section 15.48.030, the City Engineer shall deliver or mail by certified mail, return receipt requested, notice in writing to the person in possession of the premises, and a notice in writing to the owner thereof as shown on the last equalized assessment roll. The notice shall: (1) particularly specify what work is required to be done by the property to comply with this Chapter; (2) contain a date at least thirty (30) days following the date of the notice, by which date the required work must be completed; and (3) state that if the work is not done on or before that date, the City Engineer will notify the utility to discontinue service to the property through overhead poles, overhead wires, and related structures, in accordance with the applicable rules, regulations and tariffs of the respective utility or utilities on file with the Commission. The City Engineer shall, within forty-eight (48) hours of delivery or mailing, cause a copy of the notice to be posted in a conspicuous place on the premises.

B. The City Engineer is authorized to instruct the utility to discontinue service to the prop-

erty through overhead poles, overhead wires, and related structures on the first business day following the compliance date provided in the notice described in Subsection A of this Section, or earlier if he or she determines that the required work has been completed. (Ord. C-7477 § 5, 1997)

15.48.100 City responsibility.

The City shall remove at its own expense all City-owned equipment from all poles required to be removed under this Chapter in ample time to enable the owner or user of the poles to remove the same within the time specified in the resolution enacted pursuant to Section 15.48.030. (Prior code § 7628)

15.48.110 Time extension.

In the event that any act required in this Chapter or by a resolution adopted pursuant to Section 15.48.030 cannot be performed within the time provided on account of shortage of materials, war, restraint by public authorities, strikes, labor disturbances, civil disobedience, or any other circumstances beyond the control of the actor, then the time within which the act will be accomplished shall be extended for a period equivalent to the time of the limitation upon authorization by the City Council. (Ord. C 5691 § 2 (part), 1981; prior code § 7629)

15.48.120 Penalty for violation.

It is unlawful for any person to violate any provision or to fail to comply with any of the requirements of this Chapter. Any person violating any provision of this Chapter or failing to comply with any of its requirements shall be deemed guilty of a misdemeanor and upon conviction thereof shall be punished by a fine not exceeding five hundred dollars ($500.00) or by imprisonment not exceeding six (6) months, or by both such fine and imprisonment. Each such person shall be deemed guilty of a separate offense for each day during any portion of which any violation of any of the provisions of this Chapter is committed, continued or permitted by such person, and shall be punishable therefor as provided for in this Chapter. (Prior code § 7630)

CHAPTER 15.74 CABLE SYSTEM REGULATORY ORDINANCE OF THE CITY OF LONG BEACH*

15.74.005 Authority and findings.

A. Authority. The City of Long Beach ("City"), pursuant to applicable federal and State law, is authorized to grant one (1) or more nonexclusive franchises to own, construct, operate, maintain and reconstruct cable systems within the City limits.

B. Findings. The City Council of the City of Long Beach ("City Council") finds that the development of cable television and telecommunications systems has the potential of having great benefit and impact upon the residents of the City. Because of the complex and rapidly changing technology associated with cable systems, the City Council further finds that the public convenience, safety and general welfare can best be served by establishing regulatory powers which should be vested in the City or such persons as the City may designate. It is the intent of this Chapter to provide for and specify the means to attain the best possible cable and telecommunications service to the public and any franchises issued pursuant to this Chapter shall be deemed to include this as an integral finding thereof. It is the further intent of this Chapter to establish regulatory provisions that permit the City to regulate cable system franchises to the extent permitted by federal and State law, including, but not limited to, the Cable Communications Policy Act of 1984, the Cable Television Consumer Protection and Competition Act of 1992, the Telecommunications Act of 1996, applicable Federal Communications Commission regulations and applicable California law. (Ord. C 7471 § 1, 1997)

15.74.010 Title.

The title of the ordinance codified in this Chapter shall be the Cable System Regulatory Ordi-

*__Note__—Prior ordinance history: Ords. C-6175, C-6202, C-6539 and C-7021.

nance of the City of Long Beach, and it may be so cited. (Ord. C 7471 § 1, 1997)

15.74.015 Definitions.

As used in this Chapter, the following terms, phrases, words and their derivations shall have the meanings given herein. When not inconsistent with the context, words used in the present tense include the future, words in the plural number include the singular number, and words in the singular number include the plural number. Words not defined shall be given their common and ordinary meaning consistent with the context in which such words are used and the purposes of this Chapter.

A. "Basic cable service" means any service tier which includes the retransmission of local television broadcast signals.

B. "Cable service" means:

1. The one-way transmission to subscribers of: (a) video programming; or (b) other programming service; and

2. Subscriber interaction, if any, which is required for the selection or use of such video programming or other programming service.

C. "Cable system", or "system", means a facility consisting of a set of closed transmission paths and associated signal generation, reception, and control equipment, that is designed to provide cable service which includes video programming and any other lawful telecommunications services and which is provided to multiple subscribers within a community, but such term does not include:

1. A facility that serves only to transmit television signals of one (1) or more television broad cast stations;

2. A facility that serves subscribers without using any public right-of-way;

3. A facility of a common carrier, which is subject in whole or in part to the provisions of Title II of the Federal Telecommunications Act of 1996, except that such facility shall be considered a cable system to the extent such facility is used in the transmission of video programming directly to subscribers unless the extent of such use is solely to provide interactive on demand services; or

4. An open video system that complies with Section 653 of the Federal Telecommunications Act of 1996; or

5. Any facilities of any electric utility used solely for operating its electric utility system.

D. "Channel" or "cable channel" means a portion of the electromagnetic frequency spectrum which is used in a cable system which is capable of delivering a television channel as defined by the Federal Communications Commission.

E. "City" means the City of Long Beach as represented by the City Council or any delegate, acting within the scope of its jurisdiction.

F. "City Council" means the City Council of the City of Long Beach.

G. "Franchise" means an initial authorization, or renewal or extension thereof, issued by the City Council, whether such authorization is designated as a franchise, permit, license, resolution, contract, certificate, agreement, or otherwise, which authorizes the construction or operation of a cable system. Any such authorization, in whatever form granted, shall not supersede the requirement to obtain any other license or permit required for the privilege of transacting business within the City as required by the other ordinances and laws of the City.

H. "Franchise agreement" means a franchise grant ordinance or a contractual agreement, containing the specific provisions of the franchise granted, including references, specific provisions of the franchise granted, including references, specifications, requirements and other related matters.

I. "Franchise fee" means any fee or assessment of any kind imposed by the City on a grantee as compensation for grantee's use of the public rights-of-way. The term "franchise fee" does not include:

1. Any tax, fee or assessment of general applicability (including any such tax, fee, or assessment imposed on both utilities and cable operators or their services, but not including a tax, fee or assessment which is unduly discriminatory against cable operators or cable subscribers);

2. Capital costs which are required by the franchise to be incurred by grantee for public, educational, or governmental access facilities;

3. Requirements or charges incidental to the awarding or enforcing of the franchise, including payments for bonds, security funds, letters of credit, insurance, indemnification, penalties, or liquidated damages; or

4. Any fee imposed under Title 17, United States Code.

J. "Grantee" means any "person" receiving a franchise or renewal pursuant to this Chapter and under the granting franchise ordinance or agreement, and its lawful successor, transferee or assignee.

K. "Gross annual cable service revenues" means the annual gross revenues received by a grantee from the provision of cable service within the City. Ancillary revenues from the provision of cable service, including, but not necessarily limited to, local advertising, home shopping channel commissions and leased access revenues shall be included in gross annual cable service revenues, but refundable deposits, rebates or credits, and any sales, excise or other taxes or charges collected for direct pass-through to local, State or federal government shall not be included in gross annual cable service revenues. Revenues collected as franchise fees from subscribers shall not be included in gross annual cable service revenues pending the outcome of litigation of the FCC's decision with respect to the franchise fee issue in United Artists Cable of Baltimore, 77 RR 2d 1306 (released April 6, 1995) If the final decision (following all judicial appeals) in this case results in a determination that franchise fees should be included in gross annual cable service revenues, then grantee shall pay any underpayment of franchise fees owed to City, based on such determination, including interest from the date originally due, within ninety (90) days of the final decision.

L. "Gross annual telecommunications service revenues" means the annual revenues received by a grantee from the operation of a cable system to provide telecommunications services other than cable service.

M. "Installation" means the connection of the cable system to subscribers' terminals, and the provision of service.

N. "Person" means an individual, partnership, association, joint stock company, trust, corporation or governmental entity.

O. "Public, educational or governmental access facilities" or "PEG access facilities" means the total of the following:

1. Channel capacity designated for noncommercial public, educational, or governmental use; and

2. Facilities and equipment for the use of such channel capacity.

P. "Public rights-of-way" or "rights-of-way" or "public way" means each of the following which have been dedicated to the public or are hereafter dedicated to the public and maintained under public authority or by others and located within the City limits: streets, roadways, highways, avenues, lanes, alleys, sidewalks, easements, rights-of-way and similar public property and areas that City shall permit to be included within the definition of "public rights-of-way" from time to time.

Q. "Section" means any Section, Subsection or provision of this Chapter.

R. "Service area" or "franchise area" means the entire geographic area within the City as it is now constituted or may in the future be constituted, unless otherwise specified in the franchise granting ordinance or franchise agreement.

S. "Service tier" means a category of cable service or other services provided by a grantee and for which a separate rate is charged by a grantee.

T. "State" means the State of California.

U. "Subscriber" or "customer" or "consumer" means any person who or which elects to subscribe to, for any purpose, a service provided by a grantee by means of or in connection with a cable system, and who pays the charges therefor.

V. "Telecommunications service" means any service, other than cable service, delivered over the facilities of the cable system.

W. "Video programming" means programming generally considered comparable to programming provided by a television broadcast station. (Ord. C-7471 § 1, 1997)

15.74.020 Franchise terms and conditions.

A. Franchise purposes. A franchise shall encompass the following purposes:

1. To engage in the business of providing cable service, and such other telecommunications service as may be permitted by law, which a grantee chooses to provide to subscribers within the designated service area.

2. To own, erect, install, construct, repair, rebuild, reconstruct, replace, maintain, locate, relocate and retain, cable lines, related electronic equipment, supporting structures, appurtenances, and other property in connection with the operation of the cable system in, on, over, under, upon, along and across the public rights-of-way within the designated service area.

3. To maintain and operate said franchise properties for the origination, reception, transmission, amplification, and distribution of television and radio signals and for the delivery of cable service, and such other services as may be permitted by law.

4. To set forth the obligations of a grantee under the franchise.

B. Franchise required. It shall be unlawful for any person to construct, install or operate a cable system in the City without a properly granted franchise awarded pursuant to the provisions of this Chapter.

C. Term of the franchise.

1. A franchise granted hereunder shall be for a term established in the franchise agreement, commencing on City's adoption of an ordinance or resolution authorizing the franchise.

2. A franchise granted hereunder shall be renewed upon application by grantee pursuant to the provisions of applicable State and federal law and of this Chapter.

D. Franchise territory. Any franchise shall be valid within all the territorial limits of the City, and within any area added to the City during the term of the franchise, unless otherwise specified in the franchise granting ordinance or franchise agreement.

E. Federal or State jurisdiction. This Chapter shall be construed in a manner consistent with all applicable federal and State laws, and shall apply to all franchises granted or renewed after the effective date of this Chapter to the extent permitted by applicable law.

F. Franchise nontransferable.

1. Grantee shall not sell, transfer, lease, assign, sublet or dispose of, in whole or in part, either by forced or involuntary sale, or by ordinary sale, contract, consolidation or otherwise, the franchise or any of the rights or privileges therein granted, without the prior consent of City Council and then only upon such terms and conditions as may be prescribed by City Council, which consent shall not be unreasonably denied or delayed. Any attempt to sell, transfer, lease, assign or otherwise dispose of the franchise without the consent of City Council shall be null and void. No consent shall be required for a transfer in trust, mortgage or other hypothecation, in whole or part, to secure an indebtedness, except that when such hypothecation shall exceed twenty-five percent (25%) of the market value of the property used by a grantee in the conduct of the cable system, prior consent of City Council shall be required. For the purpose of considering applications for consent for hypothecation, any ratio of the amount of secured indebtedness to the market value of the property used by a grantee in the conduct of the cable system which does not exceed 0.775:1 will be deemed reasonable.

2. In the event that grantee shall assign, convey, sell or otherwise dispose of the system, whether voluntarily or involuntarily, the increase in rates, if any, shall be governed by applicable law.

3. The requirements of Subsection 15.74.020.F.1 shall apply to any change in control of grantee. The word "control" as used herein is not limited to major stockholders or partnership interests, but includes actual working control in whatever manner exercised. In the event that grantee is a corporation, prior authorization of City Council shall be required where ownership or control of more than ten percent (10%) of the voting stock of grantee is acquired by a person or group of persons acting in concert, none of whom, singularly or collectively, own or control fifty per-

cent (50%) or more of the voting stock of grantee as of the effective date of the franchise, or the date of the last consent, if any, by City to any transfer of control.

4. For the purpose of determining whether it shall consent to such change, transfer, or acquisition of control, City may inquire into the qualifications of the prospective transferee or controlling party, and grantee shall assist City in such inquiry. In seeking City's consent to any change of ownership or control, grantee shall have the responsibility of ensuring that grantee and/or the proposed transferee complete an application in accordance with Federal Communications Commission Form 394 ("Form 394") or equivalent, or any successor form. An application shall be submitted to City not less than one hundred twenty (120) days prior to the proposed date of transfer. In addition to the information required by Form 394, grantee and/or the prospective transferee shall provide City with such other information as reasonably requested by City relating to the legal, technical, financial qualifications of the proposed transferee.

5. Consistent with applicable law, the proposed transferee shall be required to establish that it possesses the legal, technical and financial qualifications to operate and maintain the system and comply with all franchise requirements for the remainder of the term of the franchise. If the legal, technical and financial qualifications of the proposed transferee are satisfactory to City, City shall consent to the transfer of the franchise. The consent of City to such transfer shall not be unreasonably denied or delayed.

6. Any financial institution having a pledge of grantee or its assets for the advancement of money for the construction and/or operation of the franchise shall have the right to notify City that it or its designee satisfactory to City shall take control of and operate the cable system, in the event grantee defaults of its financial obligations. Said financial institution shall also submit a plan for such operation within ninety (90) days of assuming such control that will ensure continued service and compliance with all franchise requirements during the term the financial institution exercises control over the system. The financial institution shall not exercise control over the system for a period exceeding one (1) year, unless extended by City in its discretion, and during said period of time it shall have the right to petition City to transfer the franchise to another grantee.

7. Grantee shall notify City in writing of any foreclosure or any other judicial sale of all or a substantial part of the franchise property of grantee or upon the termination of any lease or interest covering all or a substantial part of said franchise property. Such notification shall be considered by City as notice that a change in control of ownership of the franchise has taken place and the provisions under this Section governing the consent of City to such change in control of ownership shall apply.

8. Upon transfer, grantee shall reimburse City for City's reasonable out-of-pocket processing and review expenses in connection with the transfer of the franchise or of control of the franchise. Any such reimbursement shall not be charged against any franchise fee due to City during the term of the franchise.

G. Geographical coverage.

1. Grantee shall design, construct and maintain the cable system to have the capability to pass every dwelling unit in the City, subject to any service area line extension requirements of the franchise agreement.

2. A grantee shall only be excused from providing cable service to those buildings, streets, areas or locations specifically designated in its proposal as being technically impossible to service, it being the City's intention that cable service shall be provided to all persons in the City unless it is technically impossible to do so. Commercial impracticability, expense or other economic reasons shall not excuse or justify a grantee's failure to provide cable service to any location in the City that is not specifically listed in a grantee's proposal as being technically impossible to serve. Litigation instituted by a third party shall not suspend a grantee's obligation to construct and install the cable system in accordance with a time schedule contained in a franchise agreement.

3. After service has been established by activating trunk and/or distribution cables for any service area, grantee shall provide service to any requesting subscriber within that service area within thirty (30) days from the date of request, provided that grantee is able to secure all rights-of-way necessary to extend service to such subscriber within such thirty (30) day period on reasonable terms and conditions.

H. Nonexclusive franchise. Any franchise shall be nonexclusive. City specifically reserves the right to grant, at any time, such additional franchises as it deems appropriate, subject to applicable State and federal law, provided that if City grants an additional franchise on terms more favorable to another grantee (whether by the grant of greater benefits or the imposition of lesser obligations), or if another entity utilizing the public rights-of-way pursuant to a franchise offers cable service competitive with grantee, then the initial grantee shall have the right to renegotiate its franchise to achieve competitively neutral and nondiscriminatory treatment.

I. Multiple franchises.

1. City may grant franchise to any person at any time and in any area of the City or for the entire City, if City determines, in its sole discretion, that the granting of more than one (1) franchise is in the public interest. City may limit the number of franchises granted, based upon, but not necessarily limited to, the requirements of applicable law and specific local considerations, such as:

a. The capacity of the public rights-of-way to accommodate multiple cables in addition to the cables, conduits and pipes of the utility systems, such as electrical power, telephone, gas and sewerage.

b. The benefits that may accrue to Subscribers as a result of cable system competition, such as lower rates and improved service.

c. The disadvantages that may result from cable system competition, such as the requirement for multiple pedestals on residents' property, and the disruption arising from numerous excavations of the rights-of-way.

2. Developers of new residential housing with underground utilities shall provide conduit to accommodate cables for at least two (2) cable systems and dedicate the use of such conduit to the City.

3. City may require that any new grantee be responsible for its own underground trenching and the costs associated therewith, if, in City's opinion, the rights-of-way in any particular area cannot feasibly and reasonably accommodate additional cables. (Ord. C-7471 § 1, 1997)

15.74.025 Franchise applications and renewal.

A. Filing of Applications. Any Person desiring Franchise shall file an application with the City. A reasonable application fee established by the City shall accompany the application to cover all costs associated with processing and reviewing the application, including without limitation costs of administrative review, financial, legal and technical evaluation of the applicant, consultants (including technical and legal experts and all costs incurred by such experts), notice and publication requirements with respect to the consideration of the application and document preparation expenses. The application fee shall be nonrefundable, regardless of the nature or outcome of any specific matter under consideration by City. In the event such costs exceed the application fee, the selected applicant(s) shall pay the difference to the City within thirty (30) days following receipt of an itemized statement of such costs.

B. Applications—Contents. An application for Franchise shall contain, where applicable:

1. A statement as to the proposed Franchise and Service Areas;

2. A resume of the prior relevant history of the applicant, including the expertise of the applicant in operating a Cable System;

3. A list of the partners, general and limited, of the applicant, if a partnership, or the percentage of stock owned or controlled by each stockholder, if a corporation;

4. A list of officers, directors and managing employees of applicant, together with a description of the background of each such Person;

5. The names and addresses of any parent or subsidiary of applicant or any other business entity owning or controlling applicant in whole or in part, or owned or controlled in whole or in part by applicant;

6. A current financial statement of applicant verified by a Certified Public Accountant audit or otherwise certified to be true, complete and correct to the reasonable satisfaction of the City;

7. A proposed construction and service schedule;

8. Any reasonable additional information that the City deems applicable, consistent with law.

C. Consideration of Initial Applications.

1. Upon receipt of any application for a Franchise, the City Manager or a delegate shall prepare and deliver a report covering such application to the City Council.

2. A public hearing shall be set prior to any initial Franchise grant, at a time and date approved by City Council. Within thirty (30) days after the close of the hearing, City Council shall make a decision based upon the evidence received at the hearing as to whether or not the Franchise(s) should be granted, and, if granted, subject to what conditions. City Council may grant one or more Franchises, or may decline to grant any Franchise.

D. Franchise Renewal. Franchise renewals shall be reviewed and considered in accordance with applicable law. City and Grantee, by mutual consent, may enter into renewal negotiations at any time during the term of a Franchise. (Ord. C-7471 § 1, 1997)

15.74.030 Minimum consumer protection and service standards.

A. Operational Standards. Except as otherwise provided in the Franchise Agreement, Grantee shall maintain the necessary facilities, equipment and personnel to comply with the following consumer protection and service standards under normal conditions of operation:

1. Sufficient toll-free telephone line capacity during normal business hours to assure that telephone calls shall be answered before the fourth ring; telephone answer time by a customer service representative, including wait time, shall not exceed thirty (30) seconds; and callers needing to be transferred shall not be required to wait more than thirty (30) seconds before being connected to a service representative during normal business hours. Under normal operating conditions, a caller shall receive a busy signal less than three percent (3%) of the time.

2. Emergency toll-free telephone line capacity on a twenty-four (24) hour basis, including weekends and holidays. After normal business hours, the telephone calls may be answered by a service or an automated response system, including an answering machine. Calls received after normal business hours must be responded to by a trained company representative on the next business day.

3. A conveniently located business and service and/or payment office within the City, open during normal business hours at least eight (8) hours daily, and at least four (4) hours weekly on evenings or weekends, and adequately staffed to accept Subscriber payments and respond to service requests and complaints.

4. An emergency system maintenance and repair staff, capable of responding to and repairing major Cable System malfunction on a twenty-four (24) hour per day basis.

5. An installation staff, capable of installing service to any residential Subscriber requiring a standard installation within seven (7) days after receipt of a request. "Standard installations" shall be those that are located up to one hundred twenty-five feet (125') from the existing distribution System, unless otherwise defined in any Franchise Agreement.

6. Grantee shall schedule, within a specified four (4) hour time period during normal business hours, all appointments with Subscribers for installation of service, service calls and other activities at the Subscriber location. Grantee may schedule installation and service calls outside of normal business hours for the express convenience of the customer. Grantee shall not cancel an appointment with a customer after the close of business

on the business day prior to the scheduled appointment. If a representative of Grantee is running late for an appointment with a Customer and will not be able to keep the appointment as scheduled, the Customer shall be contacted and the appointment rescheduled, as necessary, at a time which is convenient for the Customer.

7. The standards of Subsections 15.74.030.A.1 through 15.74.030.A.6 above shall be met not less than ninety percent (90%) of the time, measured on a quarterly basis.

B. Service Standards.

1. Grantee shall render efficient service, make repairs promptly, and interrupt service only for good cause and for the shortest time possible. Scheduled interruptions, insofar as possible, shall be preceded by notice and shall occur during a period of minimum use of the Cable System, preferably between midnight and six a.m.

2. Grantee shall maintain a repair force of technicians normally capable of responding to Subscriber requests for service within the following time frames:

a. For a System outage: Within two hours, including weekends, of receiving Subscriber calls or requests for service which by number identify a System outage of sound or picture of one or more channels, affecting at least ten percent (10%) of the Subscribers of the System.

b. For an isolated outage: Within twenty-four (24) hours, including weekends, of receiving requests for service identifying an isolated outage of sound or picture for one (1) or more channels that affects three (3) or more Subscribers. On weekends, an outage affecting fewer than three (3) Subscribers shall result in a service call no later than the following Monday morning.

c. For inferior signal quality: Within forty-eight (48) hours, excluding Sundays and holidays, of receiving a request for service identifying a problem concerning picture or sound quality.

3. Grantee shall be deemed to have responded to a request for service under the provisions of this Section when a technician arrives at the service location and begins work on the problem. In the case of a Subscriber not being home when the technician arrives, the technician shall leave written notification of arrival.

4. Grantee shall not charge for the repair or replacement of defective or malfunctioning equipment provided by Grantee to Subscribers, unless the defect was caused by the Subscriber.

5. Unless excused, Grantee shall determine the nature of the problem within forty-eight (48) hours of beginning work and resolve all Cable System related problems within five (5) business days unless technically infeasible.

C. Billing and Information Standards.

1. Subscriber bills shall be clear, concise and understandable. Bills shall be fully itemized, with itemizations including, but not limited to, basic and premium service charges and equipment charges. Bills shall also clearly delineate all activity during the billing period, including optional charges, rebates and credits.

2. In case of a billing dispute, a Grantee shall respond to a written complaint from a Subscriber within thirty (30) days.

3. Except for acts of God, and except in circumstances where prior approval has been obtained from the City, in the event that service to any Subscriber or user is interrupted, and the interruption is under the control of Grantee, a Grantee shall, upon request, rebate a percentage of the monthly fee to affected Subscribers or users as follows:

a. Twenty-four (24) consecutive hours: five percent (5%) rebate of the monthly fee;

b. Twenty-four (24) to forty-eight (48) consecutive hours: fifteen percent (15%) rebate of the monthly fee;

c. Forty-eight (48) to seventy-two (72) consecutive hours: twenty-five percent (25%) rebate of the monthly fee;

d. Greater than seventy-two (72) consecutive hours: fifty percent (50%) rebate of the monthly fee.

For Subscribers terminating service, refunds shall be issued promptly, but no later than thirty (30) days after the return of any Grantee-supplied equipment.

4. Grantee shall provide written information on each of the following areas at the time of the installation of service, at least annually to all Subscribers, and at any time upon reasonable request:

a. Products and services offered; and

b. Prices and options for programming services and conditions of subscription to programming and other services; and

c. Installation and service maintenance policies; and

d. Instructions on how to use the Cable Service; and

e. Channel positions of programming carried on the System; and

f. Billing and complaint procedures, including the address and telephone number of City office designated for dealing with cable-related issues.

5. Subscribers shall be notified of any changes in rates, programming services or channel positions as soon as possible through announcements on the Cable System and in writing. Subject to applicable law, notice must be given to Subscribers a minimum of thirty (30) days in advance of such changes if the change is within the control of Grantee. In addition, Grantee shall notify Subscribers thirty (30) days in advance of any significant changes in the information required in Subsection 15.74.030.C.4.d above.

D. Verification of Compliance with Standards.

1. Upon five (5) days' notice, Grantee shall establish its compliance with any or all of the standards required above. Grantee shall provide sufficient documentation to permit City to verify the compliance.

2. A repeated and verifiable pattern of noncompliance with the consumer protection standards of Subsections 15.74.030.B.1 through 15.74.030.B.5 above, after Grantee's receipt of due notice and an opportunity to cure, may be deemed a material breach of the Franchise Agreement.

E. Subscriber Complaints and Disputes.

1. Grantee shall establish written procedures for receiving, acting upon and resolving Subscriber complaints without intervention by City. The written procedures shall prescribe the manner in which a Subscriber may submit a complaint either orally or in writing specifying the Subscriber's grounds for dissatisfaction. Grantee shall file a copy of these procedures with City. Said procedures shall include a requirement that Grantee respond to any written complaint from a Subscriber within thirty (30) days of receipt.

2. City shall have the right to review Grantee's response to Subscriber complaints in order to determine Grantee's compliance with the Franchise requirements, subject to the Subscriber's right to privacy.

3. It shall be the right of all Subscribers to continue receiving Cable Service insofar as their financial and other obligations to Grantee are honored. In the event that a Grantee elects to rebuild, modify, or sell the System, or City gives notice of intent to terminate or not to renew the Franchise, Grantee shall act so as to ensure that all Subscribers receive service so long as the Franchise remains in force.

4. In the event of a change of control of Grantee, or in the event a new operator acquires the System, the original Grantee shall cooperate with City, new Grantee or operator in maintaining continuity of Cable Service to all Subscribers.

F. Other Requirements.

1. In the event a Grantee fails to operate the System for seven (7) consecutive days without prior approval or subsequent excuse of City, City may, at its sole option, operate the System or designate an operator until such time as Grantee restores service under conditions acceptable to City or a permanent operator is selected. If City should fulfill this obligation for Grantee, then during such period as City fulfills such obligation, City shall be entitled to collect all revenues from the System, and Grantee shall indemnify City against any damages City may suffer as a result of such failure.

2. In the carrying out of the construction, maintenance and operation of the cable television system, a Grantee shall not discriminate against any employee or applicant for employment because of race, color, religion, national origin, sex, sexual orientation, age, disability or handicap, disabled or Vietnam era veteran status.

3. A Grantee shall take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, national origin, sex, sexual orientation, age, disability or handicap, disabled or Vietnam era veteran status. Such action shall include, but not be limited to, the following: employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation, and selection of training, including apprenticeship.

4. A Grantee shall post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this nondiscrimination clause.

5. A Grantee shall, in all solicitations or advertisements for employees placed by or on behalf of Grantee, state that all qualified applicants shall receive consideration for employment without regard to race, creed, color, sex, age or national origin.

6. A Grantee shall incorporate the foregoing requirements in all of its contracts for work relative to construction, maintenance and operation of cable television system, other than contracts for standard commercial supplies or raw materials, and shall require all of its contractors for such work to incorporate such requirements in all subcontracts for such work.

7. In the event that any provision of this Section 15.74.030 is found to be inconsistent with provisions of Section 634 of the United States Cable Communications Act of 1984, the provisions of Section 634 shall control.

8. All officers, agents or employees of a Grantee or its contractors or subcontractors who, in the normal course of work come into contact with members of the public or who require entry onto Subscribers' premises shall carry a photo-identification card in a form approved by City. Grantee shall account for all identification cards at all times. Every vehicle of a Grantee and its major subcontractors shall be clearly identified as belonging to Grantee or subcontractor, as the case may be.

9. Additional service standards and standards governing consumer protection and response by Grantee to Subscriber complaints not otherwise provided for in this Chapter may be established in the Franchise Agreement or by separate ordinance, and a Grantee shall comply with such standards in the operations of the Cable System. A verified and continuing pattern of noncompliance may be deemed a material breach of the Franchise, provided that a Grantee shall receive due process, including written notification and an opportunity to cure, prior to any sanction being imposed. (Ord.C-7471 § 1, 1997)

15.74.035 Franchise fee and financial requirements.

A. Franchise Fee. Following the issuance and acceptance of the Franchise, Grantee shall pay to City a Franchise Fee on Gross Annual Cable Service Revenues in the amount and at the times set forth in the Franchise Agreement. For Telecommunications Service revenues, a Grantee shall pay an in-lieu-of-franchise-fee payment in the maximum amount permitted by applicable law.

1. City, on an annual basis, shall be furnished a statement within one hundred twenty (120) days of the close of the calendar year, either audited and certified by an independent Certified Public Accountant or certified by an officer of Grantee, reflecting the total amounts of gross revenues and all payments, deductions and computations for the period covered by the payment. Upon thirty (30) days prior written notice, City shall have the right to conduct an independent audit of Grantee's records, in accordance with generally accepted accounting procedures, and if such audit indicates a Franchise Fee and/or in-lieu fee underpayment of two percent (2%) or more, Grantee shall assume all reasonable costs of such audit.

2. Except as otherwise provided by law, no acceptance of any payment by City shall be construed as a release or as an accord and satisfaction of any claim City may have for further or additional sums payable as a Franchise Fee and/or in-lieu fee under this Chapter or for the performance of any other obligation of Grantee.

3. In the event that any Franchise and/or in-lieu fee payment or recomputed amount is not made on or before the dates specified in the Franchise Agreement, Grantee shall pay as additional compensation:

a. An interest charge, computed from such due date, at an annual rate equal to the prime lending rate of the Chase Manhattan Bank, N.A., plus one percent (1%) during the period for which payment was due; and

b. If the payment is late by forty-five (45) days or more, a sum of money equal to five percent (5%) of the amount due in order to defray those additional expenses and costs incurred by City by reason of delinquent payment.

4. Franchise Fee and/or in-lieu fee payments shall be made in accordance with the schedule indicated in the Franchise Agreement.

B. Security Fund. City may require Grantee to provide a security fund, in an amount and form established in the Franchise Agreement. The amount of the security fund shall be established based on the extent of Grantee's obligations under the terms of the Franchise.

1. The security fund shall be available to City to satisfy all claims, liens and/or taxes due City from Grantee which arise by reason of construction, operation, or maintenance of the System, and to satisfy any actual or liquidated damages arising out of a breach or default under the Franchise, subject to the procedures and amounts designated in a Franchise Agreement.

2. If the security fund is drawn upon by City in accordance with the procedures established in this Chapter and the Franchise Agreement, Grantee shall cause the security fund to be replenished to the original amount no later than thirty (30) days after notice of a withdrawal by City. Failure to replenish the security fund shall be deemed a material breach of the Franchise. (Ord. C-7471 § 1, 1997)

15.74.040 Construction requirements.

A. System Construction and Upgrade.

1. Every Grantee under this Chapter shall, from time to time, upgrade its facilities, equipment and service so that its Cable System is as advanced as the then-current state of technology will allow. Among other things, Channel capacity shall be kept equal to reasonable user demand.

2. Grantee shall not construct any Cable System facilities until Grantee has secured the necessary permits from City, or other cognizant public agencies.

3. In those areas of the City where transmission lines or distribution facilities of the public utilities providing telephone and electric power service are underground, Grantee likewise shall construct, operate and maintain its transmission and distribution facilities therein underground.

4. In those areas of the City where Grantee's cables are located on the above-ground transmission or distribution facilities of the public utility providing telephone or electric power service, and in the event that the facilities of both such public utilities subsequently are placed underground, then Grantee likewise shall reconstruct, operate and maintain its transmission and distribution facilities underground, at Grantee's cost. Certain of Grantee's equipment, such as pedestals, amplifiers and power supplies, which normally are placed above ground, may continue to remain in above ground enclosures, unless otherwise provided in the Franchise Agreement.

5. Any changes in or extensions of any poles, anchors, wires, cables, conduits, vaults, laterals or other fixtures and equipment (herein referred to as "structures"), or the construction of any additional structures, in, upon, along, across, under or over the Public Way shall be made under the direction of City's City Engineer or a designee, who shall, if the proposed change, extension or construction conforms to the provisions hereof, issue written permits therefor. The height above public thoroughfares of all aerial wires shall conform to the requirements of the California regulatory body having jurisdiction thereof.

a. Grantee shall utilize existing poles, conduits, and other facilities whenever possible, and shall not construct or install any new, different, or additional poles or conduits whether on public property or on privately owned property unless

and until all required permits have been obtained. Existing agreements or wires on poles making use impossible or likely to cause delays which would interfere with the time schedule for construction, shall not suspend Grantee's obligation to construct and install the System in accordance with the time schedule contained in a Franchise Agreement. In such cases Grantee shall underground the cable.

b. Grantee shall assume all responsibility for gaining permission from any electric, gas or telephone utility in the City for the use, rental or lease of poles, underground conduits and other structures and facilities for the purpose of extending, carrying or laying franchisee's wires, cables, electronic conductors and other facilities and appurtenances necessary or desirable in conjunction with the establishment and operation of the cable system. Whenever grantee does not utilize existing poles, conduits and other facilities, or whenever existing conduits and other facilities are located beneath the surface of the streets, or whenever the City undertakes a program designed to cause all conduits and other facilities to be located beneath the surface of the streets in any area or throughout the City, in the exercise of its police power or pursuant to the terms hereof, upon reasonable notice to a grantee, any such conduits or other facilities of grantee shall be constructed, installed, placed, or replaced beneath the surface of the streets. Any construction, installation, placement, replacement, or changes which may be so required shall be made at the expense of grantee, whose costs shall be determined as in the case of public utilities.

c. City shall have the right, free of charge, to make additional use, for any public or municipal purpose, whether governmental or proprietary, of any poles, conduits, or other similar facilities erected, controlled, or maintained exclusively by or for grantee in any street, provided such use by City does not interfere with the use by grantee.

6. All transmission and distribution structures, lines and equipment erected by grantee shall be located so as not to interfere with the proper use of public rights-of-way, and to cause minimum interference with the rights or reasonable convenience of property owners who adjoin any of the said public rights-of-way, and not to interfere with existing public utility installations.

a. In the event that any property or improvement of City in the public rights-of-way is disturbed or damaged by grantee or any of its contractors, agents or employees in connection with undertaking any and all work pursuant to the right granted to grantee pursuant to this Chapter, grantee shall promptly, at grantee's sole cost and expense, restore as nearly as practicable to their former condition said property or improvement which was so disturbed or damaged, and in the event that any such property or improvement shall at any later time become uneven, unsettled or otherwise require restoration, repair or replacement because of such disturbance or damage by grantee, then grantee, as soon as reasonably possible, shall, promptly upon receipt of notice from City and at grantee's sole cost and expense, restore as nearly as practicable to their former condition said property or improvement which was disturbed or damaged. Any such restoration by grantee shall be made in accordance with such materials and specifications as may, from time to time, be then provided for by ordinance adopted by City.

b. Prior to commencing any work in the public rights-of-way, grantee shall obtain any and all permits lawfully required by the applicable codes and ordinances of the City. In the event that emergency work may be required by grantee, however, grantee shall obtain any and all such permits within three (3) working days after the beginning of such emergency work.

c. There shall be no unreasonable or unnecessary obstruction of the public rights-of-way by grantee in connection with any of the work herein provided for, and grantee shall maintain such barriers, signs and warning signals during any such work performed on or about the public rights-of-way or adjacent thereto as may be necessary to reasonably avoid injury or damage to life and property.

d. If, during the period of any franchise, City shall lawfully elect to alter or change the grade or

location of any public rights-of-way, grantee shall, upon reasonable notice by City, remove, relay and relocate its poles, wires, cables, underground conduits, manholes and other fixtures at its own expense, and in each instance comply with the requirements of City.

e. Grantee shall not place poles, conduits or other fixtures above or below ground where the same will interfere with any gas, electric, telephone fixtures, water hydrants or other utility, and all such poles, conduits or other fixtures placed in any public rights-of-way shall be so placed as to comply with all ordinances of City.

f. Grantee may be required by City to permit joint use of its property and appurtenances located in the public rights-of-way, by utilities insofar as such joint use may be reasonably practicable and upon payment of reasonable rent therefor; provided that in the absence of agreement regarding such joint use, City Council shall provide for arbitration of the terms and conditions of such joint use and the compensation to be paid therefrom, which award shall be final.

g. Grantee shall, on request of any person holding a moving permit issued by City, temporarily move its wires or fixtures to permit the moving of buildings, the expense of such temporary removal to be paid by the person requesting the same, and grantee shall be given not less than forty-eight (48) hours' advance notice to arrange for such temporary changes.

h. Grantee shall have the authority, except when in conflict with existing City ordinances, to trim any trees upon and overhanging the public way so as to prevent the branches of such trees from coming in contact with the wires and cables of grantee, except that at the option of City, such trimming may be done by it, or under its supervision and direction, at the expense of grantee.

B. Multiple franchises. In the event that more than two (2) franchises are awarded, City reserves the right to limit the number of drop cables per residence, or to require that the drop cable(s) be utilized only by the cable operator selected by the resident to provide service. (Ord. C 7471 § 1, 1997)

15.74.045 Technical standards.

A. Applicable technical standards. Grantee shall construct, install, operate and maintain its system in a manner consistent with all applicable laws, ordinances, construction standards, governmental requirements, FCC technical standards, and any detailed standards set forth in its franchise agreement. In addition, grantee shall provide to City, upon request, a written report of the results of grantee's periodic proof of performance tests conducted pursuant to FCC and franchise standards and guidelines.

B. Noncompliance with standards. Repeated and verified failure to maintain specified technical standards shall constitute a material breach of the franchise. (Ord. C 7471 § 1, 1997)

15.74.050 Indemnity and insurance.

A. Grantee shall defend, indemnify and hold harmless the City, its officials, employees and agents from and against all claims, demands, damage, causes of action, proceedings, loss, liability, costs and expenses (including reasonable attorney fees) of any kind (collectively in this Section, "claim") alleging injury to or death of persons or damage to property and that such injury, death or damage arises from or is attributable to or caused by the activities of grantee under the franchise agreement.

B. On or before commencement of operations under the franchise agreement and at all times during the term of the franchise agreement, grantee shall, at its sole cost, maintain in full force and effect insurance as prescribed in regulations issued by the City Manager pursuant to Section 2.84.040.

The procuring of said insurance shall not be construed as a limitation on grantee's liability or as full performance on grantee's part of the indemnity provisions of this Chapter.

If grantee fails to maintain insurance, City shall, on forty-eight (48) hours' notice to grantee, have the right to procure the required insurance and grantee shall promptly pay the cost thereof to the City. City shall also have the right to suspend the effectiveness of the franchise agreement dur-

ing any period that grantee fails to maintain said insurance. City may order grantee to increase the amounts of insurance required in the franchise agreement after conducting a duly noticed public hearing. Increases in insurance coverage shall be based upon current prudent business practices of like enterprises involving the same or similar risks. (Ord. C 7934 § 22, 2004: Ord. C 7471 § 1, 1997)

15.74.055 Records and reports.

A. Records required. Grantee shall at all times maintain:

1. A record of all service calls and interruptions or degradation of service experienced for the preceding two (2) years, provided that such complaints result in or require a service call, subject to the subscriber's right of privacy.

2. A full and complete set of plans, records and "as built" maps showing the locations of the cable system installed or in use in the City, exclusive of subscriber service drops and equipment provided in subscriber's homes.

3. If requested by City, a summary of service calls, identifying the number, general nature and disposition of such calls, on a monthly basis. A summary of such service calls shall be submitted to City within thirty (30) days following any City request, in a form reasonably acceptable to City.

a. Subject to applicable law, City may impose reasonable requests for additional information, records and documents from time to time, provided they reasonably relate to the scope of the City's rights under this Chapter or a franchise agreement.

b. Upon reasonable notice, and during normal business hours, grantee shall permit examination by any duly authorized representative of City of all franchise property and facilities, together with any appurtenant property and facilities of grantee situated within or without the City, and all records relating to the franchise, provided they are necessary to enable City to carry out its regulatory responsibilities under this Chapter or the franchise agreement. Grantee shall have the right to be present at any such examination.

B. Reports—Requirements. Within one hundred twenty (120) days after the end of each year during the term of a franchise agreement, grantee shall submit a written report to the City Manager, in a form approved by the City Manager, including, but not limited to, the following information regarding the previous calendar year:

1. A summary of activities in the development of the system, including, but not limited to, services begun or discontinued, total number of subscribers, homes passed, subscribers added or discontinued and institutional network development and user participation, all in accordance with the provisions of this Chapter and the franchise agreement.

2. A list of all service related complaints received and system "downtime" experienced during the reporting period. All such submitted data shall include complaint disposition and response time. For the purposes of this Section, certified copies of the complaint log book reflecting all such incidents will suffice.

3. A summary by category of complaints, identifying the number and nature of complaints and their dispositions.

4. Financial statements to be audited by an independent certified public accountant which include a balance sheet, detailed statement of income, detailed statement of operating expense, detailed statement of capital assets with a schedule of depreciation and a statement of changes in financial position.

5. A current statement of construction costs by category if any are incurred during the reporting period.

6. A projected income statement, balance sheet, statement of changes in financial position and statement of projected construction for the next two (2) years.

7. A reconciliation between previously projected construction and financial estimates, as the case may be, and actual results.

8. A list of officers and members of the Board of Directors of grantee and its parent, subsidiary or affiliate corporations, if any.

9. A list of stockholders holding three percent (3%) or more of the voting stock of grantee or its parent, subsidiary and affiliate corporations, if any.

10. A copy of grantee's annual report and those of its parent, subsidiary and affiliate corporations, if any.

11. A full schedule of all subscriber and user rates, advertising rates, leasing rates, fees and charges for all cable services provided.

12. Such other information or reports as the City Manager may request, including, but not limited to, the following special reports:

a. A biennial opinion survey report which identifies subscriber satisfaction/dissatisfaction with cable system services offered by grantee. Surveys required to make such report shall be conducted in conformance with such requirements, including supervision, as the City may prescribe. The cost of such survey shall be borne by grantee.

b. Annual plant survey report which shall be a complete survey of Grantee's plant and a full report thereon. The purpose of such report is to assure the City that the technical standards of the FCC and City are achieved and maintained. Such report shall include, but not be limited to, an appropriate engineering evaluation including suitable electronic measurements and shall be conducted in conformance with such requirements, including supervision, as the City may prescribe.

c. A copy of Subscriber and user agreements used by Grantee.

13. The reports submitted pursuant to this Section shall be available for public inspection in the office of the City Clerk during City business hours.

14. Grantee shall file simultaneously with the City, a copy of any document Grantee files with the FCC, the Securities and Exchange Commission or any other regulatory agency with jurisdiction pertaining to the Cable System. To the extent that such documents contain, to the satisfaction of the City Manager, the information required by other reports required by this Chapter, the City Manager may suspend the requirements to file such other reports with City so as to avoid duplication and the administrative costs attendant thereto.

15. Any material misrepresentation made by Grantee in any report required by this Section shall subject Grantee to the penalty provisions of this Chapter and shall subject Grantee to all remedies available to City.

16. City reserves the right during normal business hours and upon the giving of reasonable notice, to examine, audit, review and obtain copies of Grantee's contracts, engineering plans, accounting, financial data and service records relating to the property and operations of Grantee and to all other records required to be kept pursuant to Subsection 15.74.055.A herein. City may, by written request, require Grantee to have a special review prepared by certified independent Auditors to explain any discrepancies between revenues used to calculate the Franchise Fee and revenues reported to Grantee's annual audited financial statements.

17. Grantee shall keep full, true, accurate and current books of account reflecting Grantee's investment and operations under Grantee's Franchise, and said books shall be made available for inspection and copying by an authorized representative of the City at reasonable times. The chart of accounts and accounting systems used in such books of account shall be designed to accurately determine Grantee's cost of operations as well as Gross Annual Cable Service Revenues in accordance with generally accepted accounting principles and this Chapter, and shall be in a form satisfactory to City.

C. Reports—Filing, Inspection and Follow-up. The reports required by Subsection 15.74.055.B shall be examined by the City Manager for compliance with the requirements of the Franchise Agreement, this Chapter and any specifications established by the City Manager governing their form. The City Manager shall inform Grantee in writing within forty-five (45) days of the date of receipt of the reports whether the reports are or are not in compliance with such requirements. If found not in compliance, the reports, or portions

thereof, shall be rejected and returned to Grantee with a statement of reasons for such rejection. Any such information so rejected shall be null and void. Grantee shall, within fifteen (15) days of written rejection from the City Manager, submit amended reports, or portions thereof, to the City Manager.

D. Reports—Confidentiality. Notwithstanding anything to the contrary contained in this Chapter, all reports or documents required to be delivered or otherwise disclosed under this Chapter, except those required by law or agreement to be kept confidential, shall be available for public inspection in the City's offices during normal business hours.

E. Examination of Records. At all reasonable times, Grantee shall permit any duly authorized representative of the City to examine all property of Grantee, together with any appurtenant property of Grantee situated within or without the City, and to examine and transcribe any and all maps and other records kept or maintained by Grantee or under its control which deal with the operations, affairs, transactions or property of Grantee with respect to its Franchise. If any such maps or records are not kept in the City or, upon reasonable request, made available in the City within five (5) days of request by City, then all travel and maintenance expense necessarily incurred in making such examination shall be paid by Grantee. (Ord. C-7471 § 1, 1997)

15.74.060 Review of system performance.

A. Performance Evaluation Sessions—Purpose and Procedure. To provide for technological advances in the state of the art in Cable Systems, to promote the maximum degree of flexibility and utilization of the System, to evaluate Grantee's performance and compliance with the provisions of this Chapter and any Franchise awarded pursuant thereto, to respond to regulatory changes and to achieve a continuing, advanced, modern Cable System, City and Grantee shall comply with the following review procedures:

1. City may hold a regularly scheduled review session within thirty (30) days of the second anniversary date of the execution of the Franchise Agreement and subsequently every two (2) years thereafter. All review sessions shall be open to the public, and notice of date, time, location and agenda shall be given by Grantee, at Grantee's cost, by publication at least once in a newspaper of City-wide general circulation at least one (1) week prior to each session. In addition, Grantee shall announce the date, time and location of each session on each of at least five (5) days immediately preceding each session at a minimum of six (6) regularly scheduled intervals daily on at least two (2) Channels and shall notify all Subscribers by including notice with the previous monthly billing.

2. Topics for discussion and review at the regular review session shall include, but not be limited to, the following: rate structure, free or discounted services, application of new technologies, System performance, services provided, programming, Subscriber complaints, user complaints, rights of privacy, construction progress, community service Channel implementation and utilization, amendments to this Chapter, undergrounding process and developments in the law. Either City or Grantee may select additional topics for discussion at any regular or special review session conducted pursuant to this Subsection or Subsection 15.74.060.B below.

B. Special Review. When there have been complaints made or where there exists other evidence which, in the judgment of City, casts reasonable doubt on the reliability or quality of Cable Service to the effect that Grantee is not in compliance with the requirements of this Chapter or its Franchise, City shall have the right to compel Grantee to test, analyze and report on the performance of the System in order to protect the public against substandard Cable Service. City may not compel Grantee to provide such tests or reports unless and until City has provided Grantee with at least thirty (30) days' notice of its intention to exercise its rights under this Section and has provided Grantee with an opportunity to be heard prior to its exercise of such rights. Such test or tests shall be made and the report shall be delivered to City no later than thirty (30) days after City notifies Grantee

that it is exercising such right, and shall be made at Grantee's sole cost. Such report shall include the following information: the nature of the complaints which precipitated the special tests, what System component was tested, the equipment used and procedures employed in said testing, the results of such tests, and the method by which such complaints were resolved. Any other information pertinent to the special test shall be recorded. (Ord. C-7471 § 1, 1997)

15.74.065 Franchise violations.

A. Remedies for Violations. Subject to Section 15.74.070 of this Chapter, if Grantee fails to perform in a timely manner any material obligation required by this Chapter or a Franchise granted hereunder, following notice from City and an opportunity to cure such nonperformance in accordance with the provisions of Subsection 15.74.065.B, City may at its option and in its sole discretion:

1. Cure the violation and recover the actual cost thereof from the security fund established herein if such violation is not cured within thirty (30) days after written notice to Grantee of City's intention to cure and draw upon the security fund;

2. Assess against Grantee liquidated damages in an amount set forth in the Franchise Agreement for any such violations(s) if such violation is not cured, or if Grantee has not commenced a cure, on a schedule acceptable to City, within thirty (30) days after written notice to Grantee of City's intention to assess liquidated damages. Such assessment may be withdrawn from the security fund, and shall not constitute a waiver by City of any other right or remedy it may have under the Franchise or applicable law, including without limitation, its right to recover from Grantee such additional damages, losses, costs and expenses, including reasonable actual Attorney fees, as may have been suffered or incurred by City by reason of or arising out of such breach of the Franchise.

B. Procedure for Remedying Franchise Violations. Prior to imposing any remedy or other sanction against Grantee specified in this Chapter, City shall give Grantee notice and opportunity to be heard on the matter, in accordance with the following procedures:

1. City shall first notify Grantee of the violation in writing by personal delivery or registered or certified mail, and demand correction within a reasonable time, which shall not be less than twenty (20) days in the case of the failure of Grantee to pay any sum or other amount due City under this Chapter or Grantee's Franchise and thirty (30) days in all other cases. If Grantee fails to correct the violation within the time prescribed or if Grantee fails to commence correction of the violation within the time prescribed and diligently remedy such violation thereafter, City shall then give written notice of not less than twenty (20) days of a public hearing to be held before the City Council. Said notice shall specify the violations alleged to have occurred.

2. Subsequent to the public hearing, City Council shall hear and consider all other relevant evidence, and thereafter render findings and its decision.

3. In the event City Council finds that Grantee has corrected the violation or has diligently commenced correction of such violation after notice thereof from City and is diligently proceeding to fully remedy such violation, or that no material violation has occurred, the proceedings shall terminate and no penalty or other sanction shall be imposed.

4. In the event City Council finds that material violations exist and that Grantee has not corrected the same in a satisfactory manner or has not diligently commenced correction of such violation after notice thereof from City and is not diligently proceeding to fully remedy such violation, City Council may impose one (1) or more of the remedies provided in this Chapter and the Franchise Agreement as it, in its discretion, deems appropriate under the circumstances.

C. City's Power to Revoke. City reserves the right to revoke any Franchise granted pursuant to this Chapter and rescind all rights and privileges

associated with it in the following circumstances, each of which shall represent a default by Grantee and a material breach under the Franchise:

1. If Grantee shall default in the performance of its material obligations under this Chapter or the Franchise Agreement and shall continue such default after receipt of due notice and reasonable opportunity to cure the default;

2. If Grantee shall fail to provide or maintain in full force and effect the insurance coverage or security fund as required in the Franchise Agreement;

3. If Grantee shall violate any order or ruling of any regulatory body having jurisdiction over Grantee relative to the Franchise, unless such order or ruling is being contested by Grantee by appropriate proceedings conducted in good faith;

4. If Grantee practices any fraud or deceit upon City;

5. If Grantee becomes insolvent, unable or unwilling to pay its debts, or is adjudged a bankrupt.

Termination and forfeiture of the Franchise shall in no way affect any right of City to pursue any remedy against Grantee under the Franchise or any provision of applicable law. (Ord. C-7471 § 1, 1997)

15.74.070 Force majeure; Grantee's inability to perform.

In the event Grantee's performance of any of the terms, conditions or obligations required by this Chapter or a Franchise is prevented by a cause or event not within Grantee's control, such inability to perform shall be deemed excused and no penalties or sanctions shall be imposed as a result thereof; provided, however, that such inability to perform shall not relieve a Grantee from the obligations imposed by Section 15.74.030 pertaining to refunds and credits for interruptions in Cable Service. For the purpose of this Section, causes or events not within the control of Grantee shall include, without limitation, acts of God, strikes, sabotage, riots or civil disturbances, restraints imposed by order of a governmental agency or court, explosions, acts of public enemies, and natural disasters such as floods, earthquakes, landslides, and fires, but shall not include financial inability of Grantee to perform or failure of Grantee to obtain any necessary permits or licenses from other governmental agencies or the right to use the facilities of any public utility where such failure is due solely to the acts or omissions of Grantee, or the failure of Grantee to secure supplies, services or equipment necessary for the installation, operation, maintenance or repair of the Cable System where Grantee has failed to exercise reasonable diligence to secure such supplies, services or equipment. (Ord. C-7471 § 1, 1997)

15.74.075 Abandonment or removal of Franchise property.

A. Abandonment or Removal. In the event that the use of any property of Grantee within the Public Rights-of-Way is discontinued for a continuous period of twelve (12) months, Grantee shall be deemed to have abandoned that Franchise property. Any part of the Cable System that is parallel or redundant to other parts of the System and is intended for use only when needed as a backup for the System or a part thereof, shall not be deemed to have been abandoned because of its lack of use.

1. City, upon such terms as City may impose, may give Grantee permission to abandon, without removing, any System facility or equipment laid, directly constructed, operated or maintained under the Franchise. Unless such permission is granted or unless otherwise provided in this Chapter, Grantee shall remove all abandoned above ground facilities and equipment upon receipt of written notice from City and shall restore any affected Public Rights-of-Way to its former state at the time such facilities and equipment were installed, so as not to impair its usefulness. In removing its plant, structures and equipment, Grantee shall refill, at its own expense, any excavation that shall be made by it and shall leave the Public Rights-of-Way in as good condition as that prevailing prior to such removal without materially interfering with any electrical or telephone cable or other utility wires, poles, or attachments. City shall have the right to inspect and approve the condition of the

Public Rights-of-Way, cables, wires, attachments and poles prior to and after removal. The liability, indemnity and insurance provisions of this Chapter and the security fund as provided herein shall continue in full force and effect during the period of removal and until full compliance by Grantee with the terms and conditions of this Section.

2. Upon abandonment of any Franchise property in place, Grantee, if required by City, shall submit to City an instrument, satisfactory in form to City, transferring to City the ownership of the Franchise property abandoned.

3. At the expiration of the term for which a Franchise is granted, or upon its revocation or earlier expiration, as provided herein, in any such case without renewal, extension or transfer, City shall have the right to require Grantee to remove, at its own expense, all above ground portions of the Cable System from the Public Rights-of-Way within the City within a reasonable period of time, which shall not be less than one hundred eighty (180) days.

4. Notwithstanding anything to the contrary set forth in this Chapter, Grantee may abandon any underground Franchise property in place so long as it does not materially interfere with the use of the Public Rights-of-Way in which such property is located or with the use thereof by any public utility or other Grantee.

B. Restoration by City: Reimbursement of Costs. In the event of a failure by Grantee to complete any work required herein or by any other law or ordinance, and if such work is not completed within thirty (30) days after receipt of written notice thereof from City or, if more than thirty (30) days are reasonably required therefor, if Grantee does not commence such work within such thirty (30) day period and diligently complete the work thereafter (except in cases of emergency constituting a threat to public health, safety or welfare), City may cause such work to be done and Grantee shall reimburse City the costs thereof within thirty (30) days after receipt of an itemized list of such costs, or City may recover such costs through the security fund provided by Grantee.

C. Extended Operation and Continuity of Services. Upon expiration or revocation of the Franchise, City shall have the discretion to permit Grantee to continue to operate the Cable System for an extended period of time. Grantee shall continue to operate the System under the terms and conditions of this Chapter and the Franchise Agreement and to provide Cable Service and any and all of the services that may be provided at that time. It shall be the right of all Subscribers to continue to receive all available services provided that financial and other obligations to Grantee are honored. Grantee shall use reasonable efforts to provide continuous, uninterrupted Cable Service to its Subscribers, including operation of the System during transition periods following Franchise expiration or termination.

D. Receivership and Foreclosure. A Franchise granted hereunder shall, at the option of City, cease and terminate one hundred twenty (120) days after appointment of a receiver or receivers, or trustee or trustees, to take over and conduct the business of Grantee, whether in a receivership, reorganization, bankruptcy or other action or proceeding, unless such receivership or trusteeship shall have been vacated prior to the expiration of said one hundred twenty (120) days, or unless: (1) such receivers or trustees shall have, within one hundred twenty (120) days after their election or appointment, fully complied with all the terms and provisions of this Chapter and the Franchise granted pursuant hereto, and the receivership or trustees within said one hundred twenty (120) days shall have remedied any and all defaults or breaches under this Chapter or the Franchise Agreement or provided a plan for the remedy of such defaults or breaches which is satisfactory to City in its sole discretion; and (2) such receivers or trustees shall, within said one hundred twenty (120) days, execute an agreement, in a form approved by the City Attorney and duly approved by the court having jurisdiction over the proceeding, whereby such receiver or trustee assumes and agrees to be bound by each and every provision of this Chapter and the Franchise granted pursuant hereto.

1. In the case of a foreclosure or other judicial sale of the Franchise property, or any material

part thereof, City may serve notice of termination upon Grantee and the successful bidder at such sale, in which event the Franchise granted and all rights and privileges of Grantee hereunder shall cease and terminate thirty (30) days after service of such notice, unless:

(a) City shall have approved the transfer of the Franchise, as and in the manner that this Chapter provides; and (b) such successful bidder shall have covenanted and agreed with City in writing in a form approved by the City Attorney, to assume and be bound by all provisions of this Chapter and the Franchise granted pursuant hereto. (Ord. C-7471 § 1, 1997)

15.74.080 City and Subscriber rights.

A. Reservation of City Rights.

1. In addition to any rights specifically reserved to City by this Chapter, City reserves to itself every right and power which is required to be reserved by a provision of any ordinance or under the Franchise. Without limitation upon the rights which City might otherwise have, City does expressly reserve the following rights, powers and authorities, and by its acceptance of the Franchise, Grantee agrees to be bound thereby by City rights and powers:

a. To grant multiple nonexclusive Franchises within the City to other Persons for the operation of Systems pursuant to this Chapter and as it may be amended;

b. To inspect all construction or installation work performed by Grantee;

c. To amend any section or part of this Chapter for any reason determined to be desirable or necessary by the City Council in the exercise of its legislative powers, including, but not limited to, new developments in the state of technology of the cable communications industry and changes in Federal or State laws, rules or regulations; provided, however, that any such amendments are reasonable. Such amendments shall be adopted only after a public hearing where Grantee shall have received written notice at least thirty (30) days prior to the hearing and is provided any opportunity to be heard.

2. In the event City terminates a franchise agreement pursuant to the provisions of Subsection 15.74.065.C, City shall have the first option, directly or as an intermediary, to purchase the System. The City shall have ninety (90) days prior to the effective date of termination to notify Grantee of the City's intent to exercise the option to purchase stated herein.

3. Upon notification of intent pursuant to Subsection 15.74.080.A.2, City and Grantee shall attempt to mutually agree upon the value of the System in accordance with the provisions of Subsections 15.74.080.A.3 and 15.74.080.A.4. However, if within a reasonable period of time they cannot agree upon a valuation, then such valuation shall be similarly determined by a three (3) member board of appraisers, one (1) selected by the City, one (1) selected by the Grantee, and one (1) selected by the appraisers themselves. The cost of such appraisal shall be borne equally by the City and the Grantee.

4. In the event of a termination of a Franchise Agreement by the City, the value of the System shall be solely based on the book value of the tangible assets of the System.

a. "Book value" is defined as the original or historical cost of the assets less accumulated depreciation, and no value shall be assigned to either the franchise itself, the franchise agreement or any right, privilege or expectancy arising out of the privilege to transact business under the franchise or the franchise agreement, nor shall any value be assigned to goodwill or as a going concern.

b. "Value" as referred to herein shall be determined by audit of system assets pursuant to generally accepted auditing principles, and shall be performed by a certified public accounting firm selected by the City at franchisee's expense.

c. Upon normal expiration of a Franchise Agreement, the value of the System shall be based solely on the basis of fair market value of the System, valued as a going concern, including both tangible and intangible assets. Nothing contained herein shall be construed to limit or restrict any right to renew a Franchise Agreement under the terms of the Franchise Agreement or applicable law.

5. There is reserved to City every additional right and power which is required to be herein reserved or provided by any law and Grantee, by its acceptance of the Franchise, agrees to be bound thereby and to comply with any action or requirements of City in its exercise of such rights or power, heretofore or hereafter enacted or established.

6. Nothing herein shall be deemed or construed to impair or affect, in any way, to any extent, the right of City to acquire the property of Grantee through the exercise of the right of eminent domain.

7. In the event that the Federal Communications Commission elects to deregulate any area of cable communications over which it currently exercises jurisdiction, or grant authority to municipalities to regulate in these areas, any Franchise shall be automatically amended, except as specifically prohibited by a Franchise Agreement, without any additional act by any party to it, to reflect these new Municipal regulatory powers, and City may, if it so elects, adopt rules and regulations in these areas.

B. Waiver. City shall have the right to waive any provision of the Franchise, except those required by Federal or State regulation, if City determines (1) that it is in the public interest to do so, and (2) that the enforcement of such provision will impose an undue hardship on Grantee or the Subscribers. To be effective, such waiver shall be evidenced by a statement in writing signed by a duly authorized representative of City. Waiver of any provision in one instance shall not be deemed a waiver of such provision subsequent to such instance nor be deemed a waiver of any other provision of the Franchise unless the statement so recites.

C. Rights of Individuals. Grantee shall not deny service, deny access, or otherwise discriminate against Subscribers, channel users, or general citizens on the basis of race, color, religion, national origin, age or sex. Grantee shall comply at all times with all other applicable Federal, State and local laws and regulations relating to nondiscrimination.

1. Grantee shall adhere to the applicable equal employment opportunity requirements of Federal, State and local regulations, as now written or as amended from time to time.

2. Neither Grantee, nor any Person, agency, or entity shall, without the Subscriber's consent, tap, or arrange for the tapping, of any cable, line, signal input device, or Subscriber outlet or receiver for any purpose except routine maintenance of the System, detection of unauthorized service, polling with audience participation, or audience viewing surveys to support advertising research regarding viewers where individual viewing behavior cannot be identified.

3. In the conduct of providing Cable Services or in pursuit of any collateral commercial enterprise resulting therefrom, Grantee shall take reasonable steps to prevent the invasion of a Subscriber's right of privacy or other personal rights through the use of the System as such rights are delineated or defined by applicable law. Grantee shall not without lawful court order or other applicable valid legal authority utilize the System's interactive two-way equipment or capability for unauthorized personal surveillance of any Subscriber.

4. No cable line, wire amplifier, converter, or other piece of equipment owned by Grantee shall be installed by Grantee in the Subscriber's premises, other than in appropriate easements, without first securing any required consent. If a Subscriber requests service, permission to install upon Subscriber's property shall be presumed.

5. Grantee, and any of its agents or employees, shall strictly observe and protect the rights of privacy and of property of Subscribers and users at all times in accordance with all applicable rules, regulations, laws, ordinances and orders of all governmental authorities having jurisdiction over such matters. (Ord. C-7471 § 1, 1997)

15.74.085 Severability.

If any provision of this Chapter is held by any court or by any Federal or State agency of compe-

tent jurisdiction, to be invalid as conflicting with any Federal or State law, rule or regulation now or hereafter in effect, or is held by such court or agency to be modified in any way in order to conform to the requirements of any such law, rule or regulation, such provision shall be considered a separate, distinct, and independent part of this Chapter, and such holding shall not affect the validity and enforceability of all other provisions hereof. In the event that such law, rule or regulation is subsequently repealed, rescinded, amended or otherwise changed, so that the provision thereof which had been held invalid or modified is no longer in conflict with such law, rule or regulation, said provision shall thereupon return to full force and effect and shall thereafter be binding on City and Grantee, provided that City shall give Grantee thirty (30) days′ written notice of such change before requiring compliance with said provision or such longer period of time as may be reasonably required for Grantee to comply with such provision. (Ord. C-7471 § 1, 1997)

CHAPTER 15.75 REGULATION OF STATE VIDEO FRANCHISE HOLDERS

15.75.010 Purpose and authority.

This Chapter is designed to regulate video service providers holding State video franchises and operating within the City.

As of January 1, 2007, the state of California has sole authority to grant State video franchises pursuant to the Digital Infrastructure and Video Competition Act of 2006 (the ″Act″). Pursuant to the Act, City is entitled to receive a franchise fee and a fee for public, educational and government (PEG) purposes from all State video franchise holders operating within the City. Additionally, the Act permits City to establish and enforce penalties, consistent with State law, against all State video franchise holders operating within the City for violations of customer service standards. The Act leaves unchanged the City′s authority to regulate the City′s current cable franchise in accordance with Chapter 15.74, until such time as the current cable franchisee no longer holds a City franchise or is no longer operating under a current or expired City franchise. (ORD-07-0041 § 1 (part), 2007)

15.75.020 State video franchise and PEG fees.

A. Any State video franchise holder (″State franchise″) operating within the boundaries of the City of Long Beach, shall pay a fee to the City equal to five percent (5%) of the gross revenue of that State franchise.

B. Any State franchise operating within the boundaries of the City of Long Beach, shall pay an additional fee to the City equal to 1.04% of the gross revenue of that State franchise, which fee shall be used by the City for PEG purposes consistent with State and federal law.

C. Gross revenue, for the purposes of Subsections A and B above, shall have the definition set forth in California Public Utilities Code Section 5860. (ORD-07-0041 § 1 (part), 2007)

15.75.030 Audit authority.

Not more than once annually, the City Manager or his or her designee may examine and perform an audit of the business records of a State franchise to ensure compliance with this Chapter. (ORD-07-0041 § 1 (part), 2007)

15.75.040 Customer service penalties under State franchises.

A. The holder of a State franchise shall comply with all applicable State and federal customer service and protection standards pertaining to the provision of video service.

B. The City Manager or his or her designee shall monitor the compliance of State franchises with respect to State and federal customer service and protection standards. The City Manager or designee shall provide the State franchisee(s) holder written notice of any material breaches of applicable customer service standards, and shall allow the State franchisee(s) thirty (30) days from the receipt of the notice to remedy the specified material breach. Material breaches not remedied within

the thirty (30) day time period shall be subject to the following penalties to be imposed by the City:

1. For the first occurrence of a violation, a penalty of five hundred dollars ($500.00) shall be imposed for each day the violation remains in effect, not to exceed one thousand five hundred dollars ($1,500.00) for each violation.

2. For a second violation of the same nature within twelve (12) months, a penalty of one thousand dollars ($1,000.00) shall be imposed for each day the violation remains in effect, not to exceed three thousand dollars ($3,000.00) for each violation.

3. For a third or further violation of the same nature within twelve (12) months, a penalty of two thousand five hundred dollars ($2,500.00) shall be imposed for each day the violation remains in effect, not to exceed seven thousand five hundred dollars ($7,500.00) for each violation.

C. A State franchise holder may appeal a penalty assessed by the City Manager to the City Council within sixty (60) days of the initial assessment. The City Council shall hear all evidence and relevant testimony and shall vote to either uphold, modify or vacate the penalty. The City Council's decision on the imposition of a penalty shall be final. (ORD-07-0041 § 1 (part), 2007)

15.75.050 City response to State franchise applicants.

A. Applicants for State video franchises within the boundaries of the City must concurrently provide complete copies to the City of any application or amendments to applications filed with the PUC. One (1) complete copy must be provided to the City Clerk, and one (1) complete copy to the City Manager.

B. The City Manager shall provide any appropriate comments to the PUC regarding an application or an amendment to an application for a State franchise in a timely manner. (ORD-07-0041 § 1 (part), 2007)

15.75.060 Reauthorization.

A. If any portion, sentence, clause or phrase of Long Beach Municipal Code Chapter 15.75 is found by a court of competent jurisdiction to be invalid because it is deemed to have expired, then the provisions of this section shall be controlling as of the original effective date of this section.

B. To the extent reauthorization is required by law upon the expiration of any and all state video franchises, as to each expiration of any affected state video franchisee, Long Beach Municipal Code Chapter 15.75 is hereby reauthorized as to that affected state video franchisee. Any and all reauthorizations under this Chapter shall be effective for so long as such reauthorization is required by law. (ORD-18-0021 § 1, 2018)

16.08.350 Defacing public property.
16.08.360 Right-of-way.

16.08.370 Horns and signals.
16.08.380 Unseaworthy vessels.
16.08.390 Aircraft.
16.08.400 Vessel as place of abode—Permit.
16.08.410 Sale of fish.
16.08.420 Disposal of refuse.
16.08.430 Cleaning fish.
16.08.440 Digging holes on beaches.
16.08.450 Bait gathering.
16.08.460 Fishing restrictions.
16.08.470 Three mile per hour speed limit—Restricted areas.
16.08.471 Five mile per hour speed limit—Restricted area.
16.08.472 Reckless operation.
16.08.480 Waterskiing, aquaplaning and motorboat racing restricted.
16.08.490 Obstruction of access.
16.08.500 Automobile on wharves.
16.08.501 Automobiles on Rainbow Harbor Esplanade.
16.08.502 Bicycles on Rainbow Harbor Esplanade.
16.08.503 Roller skates, roller blades and skate boards on Rainbow Harbor Esplanade.
16.08.504 Commercial activity on Rainbow Harbor Esplanade.
16.08.510 Anchoring prohibited.
16.08.520 Mooring—Designated areas.
16.08.530 Mooring—Dangerous prohibited.
16.08.540 Mooring—Tying up to another vessel.
16.08.550 Mooring—By permit or temporary mooring.
16.08.551 Temporary mooring areas for vessels.
16.08.560 Petroleum product use.
16.08.570 Swimming prohibited.
16.08.580 Boarding vessels.
16.08.581 Sailboard boats.
16.08.582 Throwing rocks.
16.08.590 Obstructing officers in the performance of their duties.
16.08.600 Reserved.
16.08.610 Sand dolly use.
16.08.620 Tying up vessel.
16.08.630 Incoming and outgoing fairways.
16.08.640 Racing events.

Article IV Special Regulations

16.08.650 Marine Stadium West.

16.08.660 Boat operation in Marine Stadium East.
16.08.670 Small boat launching ramps—Marine Stadium West—Marine Stadium East.
16.08.680 No watercraft.
16.08.690 Beaching of vessels.
16.08.700 Derelicts and stray vessels.
16.08.710 Unseaworthy vessels.
16.08.720 Bait gathering—Permit.
16.08.730 Private pier location.

Article V. Private Piers, Wharves and Docks

16.08.740 Pierhead and bulkhead lines established.
16.08.750 Construction beyond bulkhead or pierhead line.
16.08.760 Construction permit—Required.
16.08.770 Construction permit—Application.
16.08.780 Construction permit—Homeowner's association.
16.08.790 Dangerous wharves or piers.
16.08.800 Removal of debris.

Article VI Mooring Areas

16.08.810 Authorized area, manner required.
16.08.820 Nonliability of City.
16.08.830 Wrecked or sunken vessels.
16.08.840 Temporary use of mooring of another.

Article VII Mooring Permits and Fees

16.08.850 Seawall permit and fees.
16.08.860 Shore mooring permit and fees.
16.08.870 Cancellation of permit.
16.08.880 Transfer.
16.08.890 Shore mooring waiting list administrative fee.

Article VIII. Marina Slip Permits and Fees

16.08.900 Required.
16.08.910 Reserved.
16.08.920 Commercial vessels.
16.08.930 Visiting vessels.
16.08.940 Small boat storage rack.
16.08.950 Temporary use by another vessel.
16.08.960 Temporary reassignment.

Article IX. Miscellaneous Provisions

16.08.970 Regulations establishment.

16.08.980 Fees payable in advance.
16.08.985 Penalty.
16.08.990 Refunds.

Chapter 16.12 Pacific Ocean Areas

Article I. Definitions

16.12.010 Generally.
16.12.020 Bureau.
16.12.030 City Manager.
16.12.040 Claremont Avenue launching ramp.
16.12.050 Director.
16.12.060 Golden Shore Marine Biological Reserve and Catalina Landing.
16.12.061 South Shore small boat launching ramp.
16.12.070 Mouth of the Los Angeles River.
16.12.080 Nearshore ocean area.
16.12.090 Person.
16.12.100 Protected ocean swimming area.
16.12.110 Vessel.

Article II. Nearshore Ocean Areas

16.12.120 Vessels restricted from swimming area.
16.12.130 Launch from or landing on beach.
16.12.131 Launch from or landing on the shores or rocks in the San Gabriel River.
16.12.140 Water skiing and aquaplaning.
16.12.150 Racing events.
16.12.151 Speed limit.
16.12.152 Restricted area.
16.12.160 Mooring or anchoring—Nearshore ocean area.
16.12.161 Temporary mooring.
16.12.162 Temporary mooring areas.
16.12.170 Mooring or anchoring—Pacific Ocean.
16.12.180 Swimming and diving.
16.12.190 Surfboards or paddleboards.
16.12.200 Climbing on lifeguard stations and/or towers.
16.12.210 Dangerous objects.
16.12.220 False distress calls.
16.12.230 Defacing public property.
16.12.240 Unseaworthy vessels.
16.12.250 Aircraft.

16.12.260 Sanitation.

16.12.265 Penalty.

Article III. South Shore Small Boat Launch Ramp, Golden Shore Marine Biological Reserve and Catalina Landing

16.12.270 Parking lot areas.

16.12.280 Prohibited Acts.

Article IV. Claremont Avenue Launching Ramp

16.12.290 Launching fees.

16.12.300 Prohibited acts.

Chapter 16.16 Parks and Beaches

16.16.010 Prohibited acts.

16.16.015 Designated skatepark.

16.16.017 Non-motorized recreational apparatus with wheels in designated skateparks.

16.16.020 Picnic permits.

16.16.030 Climbing over bluff or cliff.

16.16.040 Sand removal.

16.16.050 Nudity.

16.16.060 Sale or solicitation permit.

16.16.070 Hang gliding.

16.16.080 Park rangers.

16.16.090 Glass on beaches and bicycle paths.

16.16.100 Prohibition against overnight parking in Shoreline Park.

16.16.110 Restrictions on use of park above main library.

16.16.120 El Dorado Park West—Acts prohibited.

16.16.130 Biological reserve—Acts prohibited.

16.16.140 Park Playgrounds—Adults not accompanying children ages 12 and under prohibited.

Chapter 16.20 El Dorado Park East

16.20.010 Definitions.

16.20.020 Entry fee authorized.

16.20.030 Payment of fee required.

16.20.040 Exemptions.

16.20.050 Special regulations—Prohibition against parking except in designated areas.

16.20.060 Special regulations—Prohibition against vehicles of excessive length.

16.20.070 Special regulations—Prohibitions against parking on grass areas.

16.20.080 Special regulations—One-way streets.

16.20.090 Penalty.

Chapter 16.22 El Dorado East Nature Center

16.22.010 Fishing prohibited.
16.22.020 Penalty.

Chapter 16.24 Park Clubhouse

16.24.010 Definitions.
16.24.020 Supervision.
16.24.030 Permit—Required.
16.24.040 Services performed by City.
16.24.050 Permit—Fee—Designated.
16.24.060 Afternoon and evening periods designated.
16.24.070 Permit—Fee—Exemption.
16.24.080 Permit—Cancellation.
16.24.090 Use regulations.

Chapter 16.28 Municipal Golf Courses

16.28.010 Definitions.
16.28.020 Fees.
16.28.030 Fee exemptions authorized.
16.28.040 Rules authority.
16.28.050 Rules compliance required.
16.28.060 Reservations—Registration card.
16.28.070 Reservations—Procedure.
16.28.080 Reservations—Reassignment.
16.28.090 Golf Starter Ranger authority.

Chapter 16.32 Long Beach Convention Center

16.32.010 Purpose.
16.32.020 Definitions.
16.32.030 Manager's duties.
16.32.040 Permit—Required.
16.32.050 Permit—Application.
16.32.060 Rules and regulations.

Chapter 16.36 Veterans' Memorial Building

16.36.010 Definitions.
16.36.020 Advisory Commission.
16.36.030 Use regulations.
16.36.040 Rental fees.

16.36.050 Exemption from charges.

Chapter 16.40 Municipal Market

16.40.010 Definitions.
16.40.020 Hours.
16.40.030 Director of Public Service duties.
16.40.040 Spaces—Establishment.
16.40.050 Spaces—Use required.
16.40.060 Spaces—Allotment.
16.40.070 Spaces—Forfeiture.
16.40.080 Number of helpers.
16.40.090 Sale to other vendors prohibited.
16.40.100 Sanitation.
16.40.110 Scales and measures.
16.40.120 Protection from contamination.
16.40.130 Height above street.
16.40.140 Distributing advertising or handbills.
16.40.150 Fixing prices.
16.40.160 Price signs.
16.40.170 Restocking.
16.40.180 Hawking prohibited.
16.40.190 Sanitation and cleanup.
16.40.200 Sales after hours prohibited.
16.40.210 Commodities authorized for sale.
16.40.220 License tax payment required.
16.40.230 Sale of unauthorized commodities prohibited.
16.40.240 Permit—Required.
16.40.250 Permit—Issuance.

Chapter 16.43 Airport Noise Compatibility

16.43.010 Definitions.
16.43.020 Scope of permission to use the Airport.
16.43.030 Prohibited activities.
16.43.040 Maximum SENEL limits.
16.43.050 Cumulative noise limits and noise budgets.
16.43.060 Compliance with noise budgets.
16.43.070 General exemptions.
16.43.080 Presumptions for violation responsibility.
16.43.090 Violation enforcement.

16.43.100 Alternative enforcement procedures.
16.43.110 Administrative hearings and appeals.
16.43.120 Changes in methods of monitoring noise or calculating noise impacts.

Chapter 16.44 Airport

16.44.010 Definitions.
16.44.020 Location.
16.44.030 Director duties.
16.44.040 Commercial use permit—Required.
16.44.041 Ground transportation services.
16.44.050 Field rules.
16.44.060 Parking outside designated areas prohibited.
16.44.070 Flying rules.
16.44.080 Light signals.
16.44.090 Rates and fees.
16.44.100 Commercial use permit—Contents.
16.44.110 Fuel dispensing permit—Required.
16.44.120 Fuel dispensing permit—Contents.
16.44.130 Administrative regulations.
16.44.140 Special aviation fund.
16.44.150 Authorized helicopter operations.
16.44.151 Authorized helicopter facilities.
16.44.152 Helicopter facility permits.
16.44.153 Development standards.

Chapter 16.47 Off-Airport Car Rentals

16.47.010 Off Airport car rental access.
16.47.020 Term of permits.
16.47.030 Application.
16.47.040 Limitations of permit.
16.47.050 Prohibition of activities on Airport property.
16.47.060 Revocation of permit.
16.47.070 Processing fees.

Chapter 16.48 Cemetery

16.48.010 Name.
16.48.020 Operation regulations.
16.48.030 Official map.
16.48.040 Use of lots restricted.

16.48.050 Burials and removals.
16.48.060 Fees.
16.48.070 Single grave allotment and indigent burials.
16.48.080 Prohibited acts.

Chapter 16.52 Historic Landmarks

16.52.010 Jergins Trust Building, Pacific Coast Club, Villa Riviera, First Congregational Church, Rancho Los Alamitos and Rancho Los Cerritos.
16.52.020 Cooper Arms Apartments.
16.52.030 Drake Park/Willmore City Historic Landmark District.
16.52.040 Long Beach Community Hospital.
16.52.050 Scottish Rite Cathedral.
16.52.060 Insurance Exchange Building.
16.52.070 Recreation Park golf course clubhouse.
16.52.080 The Bembridge House.
16.52.090 Cherry Avenue Lifeguard Station.
16.52.100 William Benjamin Dearborn Simmons Tracker Pipe Organ.
16.52.110 Dr. Rowan Building.
16.52.120 Long Beach Municipal Auditorium Mural.
16.52.130 Heartwell/Lowe House.
16.52.140 St. Regis Building.
16.52.150 Fire Maintenance Station No. 10.
16.52.160 Leonie Pray House.
16.52.170 The Skinny House.
16.52.180 First National Bank of Long Beach Building.
16.52.190 Henry Clock House.
16.52.200 The Artaban Apartments.
16.52.210 The Broadlind Hotel.
16.52.220 The Masonic Temple.
16.52.230 The Matlock House.
16.52.240 The Moore House.
16.52.250 The Olan Hafley House.
16.52.260 The Willmore Building.
16.52.270 The Lafayette Complex.
16.52.280 The Linden House.

16.52.2480 Powell House.
16.52.2490 Bratsalis House.
16.52.2500 Former Fire Station No. 9.
16.52.2510 Frank House.
16.52.2520 Dr. Paul and Dorothy Harstein House.
16.52.2530 20th Century House.
16.52.2540 The Press-Telegram Model Home.

Chapter 16.54 Shoreline Park Recreational Vehicle Area

16.54.010 Purpose.
16.54.020 Definitions.
16.54.030 Manager's duties.
16.54.040 Permit required.
16.54.050 Alcoholic beverages.
16.54.060 Rules and regulations.

Chapter 16.55 Advertising on Public Property and Facilities

16.55.010 Definitions.
16.55.020 Advertising/recognition agreements.
16.55.030 Restrictions.

Chapter 16.58 Labor Peace Agreements for the Airport and the Long Beach Convention Center

16.58.010 Purpose and intent.
16.58.020 Definitions.
16.58.030 No-Strike Pledge requirement for Concession Operations.
16.58.040 Posting requirements.
16.58.050 Limitations.
16.58.060 Severability.

Chapter 16.59 Worker Retention at the Airport and the Long Beach Convention Center

16.59.010 Findings and purpose.
16.59.020 Definitions.
16.59.030 Worker retention.
16.59.040 Posting and recordkeeping requirement.

16.59.050 Waiver.
16.59.060 Retaliation.
16.59.070 Enforcement.
16.59.080 Severability.

Chapter 16.60 Payment of Living Wage to Workers at the Long Beach Airport, Convention Center, and Temporary Amphitheater

16.60.010 Purpose.
16.60.020 Definitions.
16.60.030 Concessionaires subject to the requirements of this Chapter.
16.60.040 Payment of minimum compensation.
16.60.050 Required contract provisions.
16.60.060 Posting requirements.
16.60.070 Waiver.
16.60.080 Retaliation.
16.60.090 Enforcement.
16.60.100 Severability.

CHAPTER 16.04 PIERS*

16.04.010 Definitions.

The words and phrases defined in this Section, whenever used in this Chapter, shall have the meanings indicated unless the context requires a different meaning:

(ORD-24-0002 § 15, 2024; Ord. C-5625 § 2 (part), 1980: prior code § 7210)

16.04.020 Piers and bridges—Diving prohibited.

Except for employees of the City in the performance of official duty, no person shall dive or plunge into, or otherwise enter, the water from any bridge or pier. (ORD-24-0002 § 15, 2024; Ord. C-5625 § 2 (part), 1980: prior code § 7210.1)

16.04.030 Fishing lines—Methods of casting.

A. No person shall cast, throw, or otherwise cause to be propelled any fishing line from any municipal wharf or dock or pier in either an overhead cast or side cast.

B. The City Manager is authorized to place and maintain, or cause to be placed and maintained, signs giving notice of the contents of this Section and the penalties prescribed for violation thereof. (ORD-24-0002 § 15, 2024; ORD-07-0022 § 1, 2007; Ord. C-5625 § 2, 1980: prior code § 7210.2)

16.04.040 Belmont Veterans' Memorial Pier—Prohibited acts.

No person shall do any of the acts enumerated in this Section on the Thirty-Ninth Place Pier, also known as Belmont Veterans' Memorial Pier.

A. Ride, drive, operate or park any motorcycle, automobile, or other motorized vehicle on Belmont Veterans' Memorial Pier without a written permit to do so from the Director. The Director shall issue permits only for vehicles used in lease and concession servicing, for tramcar service, for the transportation of disabled or infirm pier patrons, for any vehicle necessary for the operation and maintenance of the pier, and for use in special events;

B. Operate, drive, or cause to be propelled any bicycle, nonmotorized scooter or "skateboard" (as defined in Section 10.54.010) upon Belmont Veterans' Memorial Pier beyond the midpoint of the pier, as defined by the widened section of the pier approximately at the midpoint. Past the midpoint, a bicycle may be walked and a skateboard may be carried;

C. Rollerskate on Belmont Veterans' Memorial Pier beyond the midpoint of the pier. To "rollerskate" is the activity for propelling oneself by human power or by force of gravity on a device worn upon the feet or shoes having wheels attached thereto;

D. Peddle, sell, or offer for sale any goods on Belmont Veterans' Memorial Pier or on any of the approaches thereto, except from booths or storerooms constructed thereon for such purposes, or as permitted by Chapter 5.73;

E. Write or mark upon, deface, break, destroy, demolish, or otherwise injure Belmont Veterans' Memorial Pier or any of the buildings, structures, posts, standards, seats, tables, or other equipment or things constructed or placed thereon;

F. Break, destroy, demolish, deface, or in any manner tamper with any electric bulbs, light globes, light posts, light standards, lights, wiring, switch-

*Cross reference—For provisions on the Harbor Department, see the City Charter.

boards, switches, or other things constructed or used in connection with the lighting of Belmont Veterans' Memorial Pier;

G. Except pursuant to the terms and conditions of a permit issued by the City Council, moor, dock, or make fast any vessel to the boat launching structure at Belmont Veterans' Memorial Pier without having a person in attendance at all times at or on the vessel qualified to operate it. The person shall move the vessel immediately in the event of any emergency requiring the use of the landing or at any time upon the direction of the Director to do so. Any vessel moored or docked or made fast to the landing and which is left unattended shall be subject to removal to such other place as may be ordered by the Director at the expense of the vessel, its agent and owner;

H. Lead or turn loose any animal;

I. Fish, or store fishing-related gear or personal belongings, in any area of the Belmont Veterans' Memorial Pier except as identified as a "Fishing Area" on the Belmont Veterans' Memorial Pier;

J. Actively utilize more than three (3) fishing poles/lines at any time;

K. Cut bait or clean fish except in an appropriate fish cleaning station;

L. Jump or dive from the Belmont Veterans' Memorial Pier, except as part of a class supervised by the Long Beach Fire Department Safety Division;

M. Consume alcohol except in areas designated by the City as part of a restaurant/snack facility or permitted special event;

N. Take mussels from the pilings of Belmont Veterans' Memorial Pier. (ORD-24-0002 § 15, 2024; ORD-07-0022 § 2, 2007; Ord. C-7848 § 1, 2003: Ord. C-7043 § 3, 1993; Ord. C-5625 § 2 (part), 1980: prior code § 7210.3)

16.04.050 Belmont Veterans' Memorial Pier—Hours open to public.

Belmont Veterans' Memorial Pier shall be open daily to the public between one (1) hour before sunrise and twelve o'clock (12:00) midnight. (ORD-24-0002 § 15, 2024; Ord. C-7211 § 2, 1994: Ord. C-7118 § 2, 1993: Ord. C-5656 § 1, 1980: Ord. C-5625 § 2 (part), 1980: prior code § 7210.4)

16.04.060 Belmont Veterans' Memorial Pier—Rules and regulations.

The City Manager, with the approval of the City Council, may adopt, amend, or repeal additional rules and regulations for the use and occupancy of Belmont Veterans' Memorial Pier. The Director shall enforce the provisions of this Chapter and such rules and regulations as may hereafter be approved by the City Council. (ORD-24-0002 § 15, 2024; Ord. C-5625 § 2 (part), 1980: prior code § 7210.5)

16.04.070 Fish nets - prohibited.

No person shall set, draw or use any fishing net or seine, except a dip net not exceeding eight feet (8') square, in the Pacific Ocean less than one thousand feet (1,000') from any wharf, dock or pier. (ORD-24-0002 § 15, 2024; Prior code § 4613)

16.04.080 Fish nets - restrictions.

No person shall set, draw or use any fishing net or seine, except a dip net not exceeding eight feet (8') square, in the Pacific Ocean at any point or place within the City less than one thousand feet (1,000') from any wharf, dock or pier located in the City. (ORD-24-0002 § 15, 2024; Prior code § 4613.1)

16.04.090 College Park Drive - acts prohibited.

No person shall engage in the act of fishing in any manner from the bridge on College Park Drive. (ORD-24-0002 § 15, 2024; Ord. C-6468 § 1, 1988)

16.04.100 Acts prohibited on embankments of San Gabriel River.

A. No person shall fish, swim, or climb on the embankments of the San Gabriel River within the limits of the City.

B. The City Manager or his designee is authorized to place and maintain signs giving notice of

the contents of this Section and the penalties for violation hereof. (ORD-24-0002 § 15, 2024; Ord. C-6884 § 1, 1991)

CHAPTER 16.08 MARINAS

ARTICLE I. DEFINITIONS

16.08.010 Generally.

The words and phrases defined in Sections 16.08.020 through 16.08.290, whenever used in

this Chapter, shall have the meanings indicated unless the context requires a different meaning. (Ord. C-5625 § 4 (part), 1980: prior code § 7220 (part))

16.08.020 Alamitos Bay.

"Alamitos Bay" means all that portion of the Long Beach Marina Area located southerly and southwesterly of the Marina Basins, the Marine Stadium East, the Marine Stadium West, and includes the Naples Canal, which is defined as that portion of the Alamitos Bay located southerly and southeasterly of Sienna Drive, westerly and northwesterly of Via Di Roma Walk, southeasterly of Second Street, and northerly of the Corso Di Napoli and its prolongations easterly and westerly. (Ord. C-5625 § 4 (part), 1980: prior code § 7220(f))

16.08.021 Alamitos Bay Marina Long Dock North.

"Alamitos Bay Marina Long Dock North" means that dock located at a point approximately eighty feet (80′) west of the building known as 190 North Marina Drive in the Alamitos Bay entry channel, and running in a north south direction for a distance of approximately three hundred ninety feet (390′). (ORD-08-0014 § 18, 2008)

16.08.022 Alamitos Bay Marina Long Dock South.

"Alamitos Bay Marina Long Dock South" means that dock located in the Alamitos Bay entry channel, at a point approximately eighty feet (80′) west of the building known as 110 North Marina Drive, and running in a north south direction for a distance of approximately three hundred fifty-five feet (355′). (ORD-08-0014 § 19, 2008)

16.08.023 Alamitos Bay Marina Slip 3-2.

"Alamitos Bay Marina Slip 3-2" means that first forty-five foot (45') slip located northeasterly of Gangway 3, at a point approximately twenty feet (20') north of the building known as 215 North Marina Drive, in Alamitos Bay Marina. (ORD-22-0020 § 1, 2022; ORD-08-0014 § 20, 2008)

16.08.024 Reserved.

Editor's note—ORD-22-0020, § 13, adopted Aug. 2, 2022, repealed § 16.08.024 entitled "Alamitos Bay Marina Slip 585," which derived from ORD-08-0014 § 21, 2008.

16.08.025 Alamitos Marina Slip 13-2.

"Alamitos Bay Marina Slip 13-2" means that first thirty foot (30') slip located northeasterly of Gangway 13, at a point approximately eighty feet (80') west of the building known as 241 North Marina Drive, in Alamitos Bay Marina. (ORD-22-0020 § 2, 2022; ORD-08-0014 § 22, 2008)

16.08.026 Alamitos Marina Slip 14-1.

"Alamitos Bay Marina Slip 14-1" means that first thirty foot (30') slip located northwesterly of Gangway 14, at a point approximately sixty feet (60') west of the building known as 241 North Marina Drive, in Alamitos Bay Marina. (ORD-22-0020 § 3, 2022; ORD-08-0014 § 23, 2008)

16.08.030 Auxiliary.

"Auxiliary" means any vessel which may be propelled by sails or by means of an inboard or outboard engine. While under sail only, an auxiliary shall be subject to rules governing sailing craft. While under power, either with or without sails, an auxiliary shall be subject to the rules governing motorboats. (Ord. C-5625 § 4 (part), 1980: prior code § 7220(u))

16.08.040 Bureau.

"Bureau" means the Marine Bureau, a division of the tidelands agency of the City. (Ord. C-5625 § 4 (part), 1980: prior code § 7220(i))

16.08.050 Channels and turning basins.

"Channels" and "turning basins" mean all channels and turning basins within the marinas (as defined in Section 16.08.150) which have been designated by the federal government, or in the absence of such designation, by the Director with the approval of the City Manager, as shown on maps on file in the office of the Director. (Ord. C-5625 § 4 (part), 1980: prior code § 7220(o))

16.08.060 City Manager.

"City Manager" means the City Manager of the City of Long Beach. (Ord. C-5625 § 4 (part), 1980: prior code § 7220(k))

16.08.070 Director.

"Director" means the Manager of the Marine Bureau. (Ord. C-5625 § 4 (part), 1980: prior code § 7220(j))

16.08.080 Dock.

"Dock" means a waterway extending between two (2) piers for the reception of ships, a landing pier for boats. (Ord. C-5625 § 4 (part), 1980: prior code § 7220(y))

16.08.081 Docking.

"Docking" means to make fast or tie any vessel to any wharf, pier, mooring, gangway or floating dock structure. (Ord. C-7043 § 7 (part), 1992)

16.08.090 Shoreline Marina.

"Shoreline Marina" means those portions of the tidelands area bounded as follows:

Beginning at the intersection of Shoreline Drive and Linden Avenue; thence southeast along the centerline extension of Linden Avenue to the intersection of a line parallel with and two hundred twenty feet (220′) northwesterly from the shoreline enrockment reference line to be known as the point of beginning; thence southwesterly along last said line to the intersection of a line parallel with and two hundred eighty-five feet (285′) easterly of the Rainbow Marina Concrete Bulkhead; thence southerly along last said line to the intersection of a line parallel with and eighty feet (80′) northerly from the shoreline enrockment reference line; thence southwesterly along last said line to the intersection of the northerly projection of the west enrockment reference line of the Shoreline Marina Mole; thence southeasterly along last said line; thence northeasterly along the mole southeasterly enrockment reference line to the most easterly point of the Marina Mole; thence northeast to the most westerly point of Oil Island Grissom; thence northeasterly along the northwest portion of Oil Island Grissom to the most northerly point in Oil Island Grissom; thence northeast to the intersection of the east enrockment reference line and the most southerly point of the Shoreline Marina East Jetty; thence northwest along said Jetty east enrockment reference line to the intersection of a line parallel with and two hundred twenty feet (220′) northwesterly from the shoreline enrockment reference line; thence southwesterly along last said line to the point of beginning. (ORD-08-0014 § 1, 2008: Ord. C-5625 § 4 (part), 1980: prior code § 7220(g))

16.08.100 Float.

"Float" means and includes any wharf, pier, quay, or landing. (Ord. C-5625 § 4 (part), 1980: prior code § 7220(q))

16.08.101 Harbormaster's Dock—Alamitos Bay Marina.

"Harbormaster's Dock" means that one hundred forty-eight foot (148′) dock which runs along the northwesterly side of the Harbor Master Building located at 205 North Marina Drive in the Alamitos Bay Marina area. (ORD-08-0014 § 24, 2008)

16.08.110 Long Beach Marina Area.

"Long Beach Marina Area" means all waters and public lands bordering such waters in the southeastern portion of the City within the following described boundaries:

Beginning at the intersection of the centerline of Nieto Avenue with the centerline of Colorado Street; thence easterly along last said centerline to the easterly line of Marina Drive; thence southerly and southeasterly along last said line to the northwesterly shoreline of the Los Cerritos Channel; thence northeasterly and northerly along last said shoreline to the southerly line of Anaheim Road; thence easterly along last said line to the easterly shoreline of Los Cerritos Channel; thence southerly and southwesterly along last said shoreline to the northeasterly line of Marina Pacifica Channel; thence southeasterly along last said channel to the most southeasterly part of the Marina Pacifica

Channel; thence southeasterly along a line to a point that intersects at the northwesterly line of Second Street and the northwesterly prolongation of the northeasterly line of that portion of Marina Drive lying southerly of Second Street; thence southeasterly along last said line and the prolongations thereof, to the westerly right-of-way line of the San Gabriel River flood control channel; thence southwesterly along last said line to the southeasterly boundary of the City of Long Beach in the common boundary between the county of Los Angeles and the county of Orange; thence southwesterly along last said line to a line at right angles to and passing through the southerly terminus of the westerly jetty of the Alamitos Bay entrance channel; thence northwesterly along last said line to said terminus, thence northerly along the centerline of said westerly jetty to the southeasterly prolongation of the centerline of Ocean Boulevard; thence northwesterly along said prolongation and said centerline of Ocean Boulevard to the centerline of Sixty-ninth Place; thence northeasterly along last said centerline to the northeasterly line of Bay Shore Walk; thence northwesterly along last said line to the centerline of Fifty-fifth Place; thence southwesterly along last said centerline to the centerline of Ocean Boulevard: thence northwesterly along last said centerline to the centerline of Fifty-fourth Place; thence northeasterly and northwesterly along last said centerline to the centerline of Bay Shore Avenue; thence northeasterly and easterly along last said centerline to the centerline of Appian Way; thence southeasterly along last said centerline to the Bay Shore bulkhead line; thence northeasterly along last said bulkhead line to a line 200 feet northeasterly from and parallel with the centerline of Appian Way; thence northwesterly along last said line and the northwesterly prolongation thereof, to the centerline of Nieto Avenue; thence northerly along last said centerline to the point of beginning. (Ord. C-5625 § 4 (part), 1980: prior code § 7220(a))

16.08.120 Los Cerritos drainage channel.

"Los Cerritos drainage channel" means all that portion of Alamitos Bay, and tributaries connected thereto, located northeasterly of the northeasterly line of Marina Drive, and is also known as Los Cerritos Ditch. (Ord. C-5625 § 4 (part), 1980: prior code § 7220(e))

16.08.121 Marina Pacifica Channel and Basins.

"Marina Pacifica Channel and Basins" means that portion of Alamitos Bay, extending southeasterly from the Los Cerritos Drainage Channel, located northeasterly of the northeasterly line of Marina Drive and southwesterly of Pacific Coast Highway. (Ord. C-6667 § 2, 1989)

16.08.122 Spinnaker Cove Channel and Basins.

"Spinnaker Cove Channel and Basins" means that portion of Alamitos Bay, extending northwesterly from the Los Cerritos Drainage Channel, located northeasterly of the northeasterly line of Marina Drive and southwesterly of Pacific Coast Highway. (Ord. C-6667 § 3, 1989)

16.08.130 Marina Basins.

"Marina Basins" means those portions of the Long Beach Marina Area designated as Marina Basins 1, 2, 3, 4, 5, 6, 7, 8 and Naples Landing within the following described boundaries:

A. Beginning at the intersection of the northeasterly line of Marina Drive with a line parallel with and fifty feet (50′) northwesterly from the centerline of Second Street; thence southwesterly along last said line to the centerline of Appian Way; thence southeasterly and southerly along last said line to the centerline of Savona Walk; thence southwesterly along last said line to the southwesterly line of Appian Way Service Road; thence southeasterly along last said line, and the southeasterly prolongations thereof, to the Vista Del Golfo bulkhead line; thence southwesterly in a direct line approximately one thousand feet (1,000′) to the most westerly point on the shoreline of the southwesterly mole of Basin No. 1; thence southerly along said shoreline to the common southeasterly boundary of the Long Beach Marina Area and the City of Long Beach; thence

northeasterly and northwesterly along said boundary of the Long Beach Marina Area to the point of beginning;

B. Beginning at the intersection of the centerline of the westerly jetty of the Alamitos Bay Entrance Channel with the southeasterly prolongation of the centerline of Ocean Boulevard; thence northwesterly along said prolongation and the centerline of Ocean Boulevard, being the boundary of the Long Beach Marina Area, to the southeasterly prolongation of the vacated alley northeasterly of Block 18 of the Alamitos Bay Tract; thence northwesterly along said prolongation and centerline to the southwesterly prolongation of the northwesterly wall line of Basin No. 5; thence northeasterly along said prolongation and wall line to its northeasterly terminus; thence at right angles, southeasterly two hundred ten feet (210′), more or less, to the easterly wall line of Basin No. 5; thence southerly along said easterly wall line and easterly shoreline of the westerly jetty of the Alamitos Bay Entrance Channel to the southeasterly prolongation of the centerline of Ocean Boulevard; thence northeasterly along said prolongation to the point of beginning;

C. Beginning at the intersection of the northeast line of Marine Stadium West and the northwest line of Los Cerritos Channel; thence northeast along the northwest line of the Los Cerritos Channel to its intersection with the centerline of Pacific Coast Highway; thence southeast along said centerline of Pacific Coast Highway to its intersection with the southeast bulkhead line of the Los Cerritos Channel; thence southwest along said southeast bulkhead line of the Los Cerritos Channel and its prolongation across the Marina Pacifica Entrance Channel to its intersection with the northeast line of Marine Stadium West; thence northwesterly along said northeast line of Marine Stadium East to the point of beginning, which describes the Los Cerritos Channel area of Basin No. 6;

D. Beginning at the intersection of the southeast bulkhead line of the Los Cerritos Channel and the southwest bulkhead line of the Marina Pacifica Entrance Channel; thence southeast along said southwest Marina Pacifica bulkhead line to a ninety (90°) degree angle point in said bulkhead; thence southwest along said bulkhead line to a bulkhead angle point, said bulkhead angle point being the most westerly point of the Marina Pacifica Entrance Channel; thence southeast along the bulkhead line to the intersection of the line, measured at right angle, fifty feet (50′) from the bulkhead line of the Marina Pacifica Entrance Channel; thence northeast along a line parallel to and fifty feet (50′) out from, measured at right angles, the northwest bulkhead line of the Marina Pacifica Entrance Channel to an angle point; thence northwest along a line parallel to and fifty feet (50′) out from southwest bulkhead line of the Marina Pacifica Entrance Channel to the intersection of the projected southeast bulkhead line of the Los Cerritos Channel; thence southwest to the point of beginning, which describes the Marina Pacifica Entrance Channel portion of Basin No. 6;

E. Beginning at a point in the northeasterly line of Ocean Boulevard 91.30 feet northwesterly of the northwesterly line of 55th Place; thence north 57° 51′ West along said northeasterly line of Ocean Boulevard one hundred fifty feet (150′); thence North 32° 03′ East 68.50 feet; thence north 28° 30′ West 35.60 feet; thence North 32° 03′ East 144.00 feet; thence South 57° 57′ East 212.00 feet; thence South 32° 03′ West 144.00 feet; thence South 64° 43′ West 57.43 feet; thence South 32° 03′ West 37.65 feet to the point of beginning; and

F. Beginning at the most southerly southeasterly corner of Lot 202 of Tract No. 32277, as shown on a map recorded in Book 892, pages 80-88, inclusive of maps, in the office of the county recorder of said Los Angeles County; thence along the southerly line of said Lot 202, South 64° 04′ 40″ West 571.33 feet to the beginning of a curve concave northwesterly and having a radius of 700.00 feet; thence southwesterly 128.78 feet along said curve, through a central angle of 10° 32′ 28″ to the southwesterly corner of said Lot 202; thence continuing southeasterly 25.27 feet along said curve and southerly line of Lot 203 of said Tract No. 32277, through a central angle of 2° 04′ 07″ to the southwest corner of said Lot 203.

The northwesterly and southeasterly lines of said strip shall be lengthened or shortened so as to terminate northeasterly at the southwesterly line of Pacific Coast Highway and southwesterly at the southeasterly prolongation of a line that is radial to the southwest corner of said Lot 203, said radial line being "South 13° 18′ 45″ East". (ORD-08-0014 § 2, 2008: Ord. C-6047 § 1, 1984: Ord. C-5625 § 4 (part), 1980: prior code § 7220(b))

16.08.140 Marinas.

"Marinas" means the water areas and public lands and improvements thereon within the Marina Area, Alamitos Bay Marina, Shoreline Marina, the Rainbow Marina, and the Rainbow Harbor and any other marina owned, operated, or controlled by the City. (ORD-22-0020 § 4, 2022; ORD-08-0014 § 3, 2008: Ord. C-5625 § 4 (part), 1980: prior code § 7220(bb))

16.08.150 Marine Stadium East.

"Marine Stadium East" means that portion of the Long Beach Marina Area within the following described boundaries:

Beginning at the intersection of Bay Shore Avenue bulkhead line with a line 200 feet northeasterly from and parallel with the centerline of Appian Way; thence northeasterly at right angles to last said line to the northeasterly line of Marina Drive; thence southeasterly along last said line to a line parallel with and fifty feet (50') northwesterly from the centerline of Second Street; thence southwesterly along last said line to the centerline of Appian Way; thence northwesterly along the curved portion of Appian Way to a line parallel with and two hundred feet (200') northeasterly from the centerline of that portion of Appian Way between San Marco Drive and Bay Shore Avenue; thence northwesterly along last said line to the point of beginning. (Ord. C-5625 § 4 (part), 1980: prior code § 7220(c))

16.08.160 Marine Stadium West.

"Marine Stadium West" means all that portion of the Long Beach Marina Area located northwesterly of the northwesterly line of Marine Stadium East. (Ord. C-5625 § 4 (part), 1980: prior code § 7220(d))

16.08.170 Mooring.

"Mooring" means any weight, chain, rope, buoy, floating dock system, or any other structure or appliance used for the purpose of holding a vessel in place and which is not carried on board the vessel as regular equipment when under way. (Ord. C-5625 § 4 (part), 1980: prior code § 7220(p))

16.08.180 Mooring area or anchoring area.

"Mooring area" or "anchoring area" mean any portion of the Long Beach Marina Area and of the Pacific Ocean within the limits of the City which has been designated by the federal government, or in the absence of such designation, by the Director with the approval of the City Manager, for the mooring or anchoring of vessels. (Ord. C-5625 (part), 1980: prior code § 7220(n))

16.08.190 Motorboat.

"Motorboat" means any vessel whose normal means of propulsion is by internal combustion, electric, or mechanical engine, either inboard or outboard. (Ord. C-5625 § 4 (part), 1980: prior code § 7220(s))

16.08.200 Person.

"Person" means and includes any individual, partnership, corporation, organization, association, federal, State, and local governmental entity or political subdivision or agency thereof. (Ord. C-5625 § 4 (part), 1980: prior code § 7220(l))

16.08.210 Pier.

"Pier" means a structure built out into the water with piles for use as a landing place. (Ord. C-5625 § 4 (part), 1980: prior code § 7220 (w))

16.08.211 Pierpoint Landing Guest Dock.

"Pierpoint Landing Guest Dock" means the dock that connects Dock 1b and 1c in the Rainbow Harbor. (ORD-08-0014 § 25, 2008)

16.08.220 Quay.

"Quay" means a stretch of paved bank or solid artificial landing placed beside navigable water. (Ord. C-5625 § 4 (part), 1980: prior code § 7220(z))

16.08.221 Rainbow Marina.

"Rainbow Marina" means those portions of the tidelands area bounded as follows:

Beginning at the intersection of Shoreline Drive and Pine Avenue; thence southwest along the centerline extension of Pine Avenue to the intersection of the south curb of the most southerly line of Shoreline Drive service road to be known as the point of beginning; thence easterly of said curb and its extension to the intersection of a line parallel with and two hundred eighty-five feet (285′) easterly of the Rainbow Marina concrete bulkhead; thence southerly along last said line to the intersection of a line parallel with and eighty feet (80′) northerly from the shoreline enrockment reference line; thence southwesterly along last said line to the intersection of the northerly projection of the west enrockment reference line of the Shoreline Marina Mole; thence southeasterly along last said line to the shoreline enrockment reference line at its extension; thence northwesterly along last said line to the intersection of the west enrockment reference line of the entrance channel of the Rainbow Marina, thence northeasterly along last said line to its most northerly point; thence northwest to the point of beginning. (ORD-08-0014 § 26, 2008)

16.08.222 Rainbow Marina Dock 8.

"Dock 8" means that dock located at a point approximately twenty-five feet (25′) northwesterly of the building known as 401 Shoreline Drive, and running in a northwesterly direction for a distance of approximately one hundred ten feet (110′). (ORD-08-0014 § 27, 2008)

16.08.223 Rainbow Harbor.

"Rainbow Harbor" means those portions of the tidelands area bounded as follows:

Beginning at the intersection of the southerly line of Ocean Boulevard, one hundred feet (100′) wide, with the centerline of Pine Avenue (North), one hundred feet (100′) wide, and said intersection having the coordinates North 4,027,618.60 and East 4,229,816.61 of Zone 7 of the California Coordinate System, NAD 27, as shown on Drawing No. E212, on file in the office of the City Engineer of Long Beach; thence South 0° 05′ 28″ East 1,851.54 feet along said centerline and its southerly prolongation; thence East 602.31 feet to the most northerly corner of the Shoreline Village Lease Area as described in a legal description on file in the office of the City Engineer of Long Beach; thence South 82.71 feet along the lease line of said lease to a point, said point also being the intersection of the landward edges of the existing northerly and easterly concrete bulkheads, said point being the most northeasterly corner of the Rainbow Marina as described in a legal description on file in said office of the City Engineer; thence along the landward edge of the northerly bulkhead and the northeasterly line of said Rainbow Marina, North 68° 02′ 55″ West to the most northerly corner of said Rainbow Marina, said point being the true point of beginning of this description. Thence leaving said bulkhead line and along the westerly line of said Rainbow Marina, South 19° 20′ 58″ West 819.42; thence leaving said westerly line, South 83° 11′ 31″ West 420.31 feet to its intersection with the landward edge of the existing easterly concrete bulkhead line, said point being the beginning of a non-tangent curve concave westerly and having a radius of 180.00 feet; a radial line through said beginning of curve bears South 13° 53′ 29″ East; thence northeasterly, northerly and westerly 483.38 feet along said curve and bulkhead line through a central angle of 153° 51′ 54″; thence along the landward edge of the southerly, westerly and northerly concrete bulkhead lines through the following courses: North 83° 08′ 53″ West 698.32 feet to the beginning of a non-tangent curve concave southwesterly and having a radius of 81.67 feet; a radial line through said beginning of curve bears North 86° 04′ 14″ East; thence northwesterly and westerly 128.25 feet through a central angle of 89° 58′ 49″ to the beginning of a non-tangent curve concave southeasterly and hav-

ing a radius of 400.00 feet, a radial line through said beginning of curve bears South 69° 06′ 27″ West; thence northerly, northeasterly, easterly and southeasterly 1144.86 feet along said curve through a central angle of 163° 59′ 20″ to the beginning of a non-tangent curve concave northeasterly and having a radius of 81.67 feet, a radial line through said beginning of curve bears North 59° 34′ 22″ West; thence southerly and southeasterly 180.18 feet through a central angle of 126° 24′ 12″ to the beginning of a non-tangent curve concave northerly and having a radius of 284.51 feet; a radial line through said beginning of curve bears South 48° 45′ 50″ West; thence southeasterly, easterly and northeasterly 578.51 feet along said curve through a central angle of 116° 30′ 18″; thence North 22° 15′ 32″ East 28.21 feet to the beginning of a non-tangent curve concave southerly and having a radius of 220.60 feet, a radial line through said beginning of curve bears North 9° 14′ 24″ West; thence easterly 99.37 feet along said curve through a central angle of 25° 48′ 34″ to the beginning of a non-tangent curve concave northeasterly and having a radius of 40.00 feet, a radial line through said beginning of curve bears South 87° 13′ 25″ West; thence southeasterly, easterly and northeasterly 88.27 feet along said curve through a central angle of 126° 26′ 11″; thence South 70° 38′51″ East 53.27 feet to the true point of beginning. (ORD-08-0014 § 28, 2008)

16.08.230 Sailing craft.

"Sailing craft" means any vessel whose normal means of propulsion is by sail. (Ord. C-5625 § 4 (part), 1980: prior code § 7220(r))

16.08.240 Sand dolly.

"Sand dolly" means any movable cradle, structure, or device used for moving boats into or out of the water or for the storage of boats thereon. (Ord. C-5625 § 4 (part), 1980: prior code § 7220(t))

16.08.250 Shoreline.

"Shoreline" means the line of the tide at any given time. (Ord. C-5625 § 4 (part), 1980: prior code § 7220(aa))

16.08.261 Shoreline Aquatic Park.

"Shoreline Aquatic Park" means those water portions of the Tidelands area located within Shoreline Park. (ORD-08-0014 § 4, 2008: Ord. C-7043 § 7 (part), 1992)

16.08.263 Marina Park Long Dock.

"Marina Park Long Dock" means that long dock located approximately one hundred feet (100′) northwest of the northwest corner of the Marina Park Lifeguard Station in Marina Park. (ORD-08-0014 § 5, 2008: Ord. C-7043 § 7 (part), 1992)

16.08.264 Davies Long Dock.

"Davies Long Dock" means that six hundred foot (600′) long dock located approximately three hundred four feet (304′) north of the Davies Bridge on 2nd Street and eighteen feet (18′) west of the easterly shoreline of Marine Stadium East Launching Ramp (Davies Launch Ramp). (Ord. C-7043 § 7 (part), 1992)

16.08.265 Gangway A—Shoreline Marina.

"Gangway A at the Shoreline Marina" means that gangway, which runs northerly from the north side of the Harbor Master Building located at 450 Shoreline Drive in the Shoreline Marina area. (ORD-08-0014 § 6, 2008: Ord. C-7043 § 7 (part), 1992)

16.08.266 Dock 10.

"Dock 10" means that five hundred twelve foot (512′) dock located at a point approximately one hundred twenty-three feet (123′) west of the building known as 160 East Shoreline Drive and running in a westerly direction for one hundred sixty-one feet (161′) and southerly for three hundred fifty-one feet (351′). (ORD-16-0017 § 1, 2016; ORD-08-0014 § 7, 2008: Ord. C-7043 § 7 (part), 1992)

16.08.267 Alamitos Bay Pump-out Dock.

"Alamitos Bay Pump-out Dock" means that dock located at a point southwesterly approximately fifty-seven feet (57′) from the building known

as 223 Marina Drive and running in a northwesterly direction approximately twenty-five feet (25′) then one hundred feet (100′) in a northerly direction. (Ord. C-7043 § 7 (part), 1992)

16.08.268 Rainbow Harbor Esplanade.

"Rainbow Harbor Esplanade" means the walkways and all public area surrounding Rainbow Marina and Rainbow Harbor. (ORD-08-0014 § 29, 2008)

16.08.270 Slip.

"Slip" means a vessel's berth between two (2) piers. (Ord. C-5625 § 4 (part), 1980: prior code § 7220(v))

16.08.280 Vessel.

"Vessel" means and includes ships of all kind regardless of the manner of propulsion and every structure designed to be, adapted to be, or capable of being navigated or operated on water from place to place for the transportation of merchandise, persons, or for any other purpose. (Ord. C-5625 § 4 (part), 1980: prior code § 7220(m))

16.08.290 Wharf.

"Wharf" means any structure alongside which a vessel may lie. (Ord. C-5625 § 4 (part), 1980: prior code § 7220(x))

ARTICLE II. DIRECTOR OF THE MARINE BUREAU

16.08.300 Powers and duties.

The Director shall have the authority and it shall be his duty:

A. To supervise and administer all operations and activities of the Bureau;

B. To direct and control the berthing of vessels in the marinas; to assign moorings, berths, or landing places to vessels within designated areas within the marinas or any other water area under the City's jurisdiction; to determine the admissibility of vessels to the marinas dependent on type, condition, size, and availability of berthing space; to assign visiting vessels berthing space and specify the limit of stay for a period not to exceed fifteen (15) days of any month, except under emergency conditions;

C. To enforce the provisions of this Chapter, including all regulations adopted by the City Council in accordance with Section 16.08.970, Bureau policies, and other State and federal laws and ordinances of the City affecting the marinas or any other mooring area under the City's jurisdiction and the navigable waters within the limits of the City;

D. To order any vessel moored, docked, or berthed in the marinas or at a privately owned mooring, docking, or berthing facility which is under permit issued by the City, to change its position and in case his orders are not complied with, to cause the vessel to be so moved and to collect the cost thereof from the vessel or the owner thereof;

E. To report promptly to the proper authorities any violation of the laws of the United States for the protection of navigation and the preservation of navigable waters or any violation of State or local laws or ordinances; to so report any encroachment on the waterway by the building of illegal structures, illegal filling, or dumping of material of any sort into the waterway, or the throwing overboard or setting adrift or allowing to be set adrift anything that is or might become obstructive or dangerous to navigation or a menace to public health or safety;

F. The Director may keep a current record of the number, size, and kind of vessels using the navigable waters in the marinas and the number of passengers carried. The owners, masters, or persons in charge of any vessel using the waters are required to furnish the Director or his designee with any reasonable information requested, and to allow him upon demand to examine their papers, including their manifest;

G. To perform such other duties the City Manager may, from time to time, assign to the Director. (Ord. C-5625 § 4 (part), 1980: prior code § 7221)

16.08.310 Delegation of powers.

Whenever a power is granted to or a duty imposed upon the Director, the power may be

exercised by or the duty may be performed by the Harbor Master or any assistant, deputy, or employee of the Bureau designated by the City Manager for such purpose, unless expressly provided otherwise. (Ord. C-5625 § 4 (part), 1980: prior code § 7221.1)

16.08.320 Harbor Master.

In the absence of the appointment of a Harbor Master, the duties of the Harbor Master shall be performed by the Director or by any assistant, deputy or employee designated by the City Manager for such purpose. The Harbor Master, acting under the orders and supervision of the Director, shall have full authority in the enforcement of all provisions of this Chapter and regulations affecting the marinas, and all orders and instructions given by the Harbor Master in the performance of his duties shall have the same effect as if issued by the Director. (Ord. C-5625 § 4 (part), 1980: prior code § 7221.2)

16.08.330 Appeal from cancellation of permit.

In accordance with the provisions of Subsection 2.93.050.A, the City Council hereby designates the Marine Advisory Commission, established pursuant to Chapter 2.48, to conduct the hearing of the appeal of any cancellation of a permit issued pursuant to this Chapter. All of the applicable provisions of Chapter 2.93 (conduct of hearings) shall govern the conduct of the hearing and the processing of the appeal. (Ord. C-7101 § 1, 1993: Ord. C-6461 § 1, 1988: Ord. C-5625 § 4 (part), 1980: prior code § 7221.3)

16.08.340 Power to arrest and prepare and issue and deliver written notice to appear.

A. Those employees of the City holding the unclassified position of Manager of the Marine Bureau, Harbor Master, Superintendent of Marine Safety, and Superintendent of Marine Patrol and those employees of the City holding or temporarily performing the duties of the classified positions of Marine Safety Battalion Chief, Marine Safety Sergeant, Marine Safety Officer, Lifeguard, Marina Supervisor, Marina Agent I, Marina Agent II, Special Services Officer I, Special Services Officer II, Special Services Officer III, Special Services Officer IV and Security Officer III employed in the City shall have the duty of enforcing such laws, ordinances, rules and regulations as the City Council may direct by regulation enacted pursuant to Section 16.08.970 and such tariff items as the Board of Harbor Commissioners may direct pursuant to Port of Long Beach Tariff No. 4, or any revision or replacement thereof.

B. Those employees of the City holding or temporarily performing the duties of the classified noncareer positions of Special Services Officer I and Special Services Officer II shall have the duty of enforcing such laws and ordinances as the City Council may direct by regulation enacted pursuant to Section 16.08.970.

C. The employees referred to in Subsections A. and B. above are authorized, pursuant to California Penal Code Section 836.5, to arrest persons and to prepare, issue, and deliver to any such arrested person a written notice to appear in court and to release such person from custody upon receiving from such person his or her written promise to appear in court for any violation or violations of any section or sections designated by the City Council in regulations enacted pursuant to Section 16.08.970.

D. Nothing in this Section is intended to operate either in addition to or in contravention of Part 2, Title 3, Chapter 4.5, of the California Penal Code, which expressly designates those persons who are classified as peace officers. Further, nothing in this Section is intended to or shall operate to change or shall have the effect of changing the status of the officers and employees authorized to act pursuant to this Section from public or miscellaneous officers and employees to individual peace officers or safety members or classes of peace officers or safety members for purposes of retirement, worker's compensation or similar injury or death benefits or any other employee benefit or benefits to which said employee would not have been entitled as a public employee prior to the

adoption of this Section. (ORD-24-0020 § 2, 2024; ORD-08-0014 § 8, 2008: Ord. C-7246 § 1, 1994; Ord. C-7195 § 1, 1994; Ord. C-6250 § 1, 1986; Ord. C-5956 § 2, 1983: Ord. C-5717 § 1, 1981: Ord. C-5625 § 4 (part), 1980: prior code § 7221.4)

16.08.341 Marine Safety Rescue Boat Captain.

A. Those employees who are designated by the City as Marine Safety Rescue Boat Captain and who are regularly employed and paid for duties performed in or around the marinas as defined under Chapter 16.08 of the Municipal Code, which are essentially duties commonly performed by Harbor Police as defined under Section 830.330(b) of the Penal Code, shall be peace officers while engaged in the performance of duties in accordance with Section 803.33 of the Penal Code of the State of California.

B. The primary duties of those employees designated as Marine Safety Rescue Boat Captain shall include enforcing such laws and ordinances as the City Council may direct by regulation enacted, and which from time to time may be amended, pursuant to Section 16.08.970. Those employees covered by this Section are authorized to make an arrest pursuant to Section 836 of the Penal Code as to any public offense with respect to which there is immediate danger to person or property, or of the escape of the perpetrator of that offense, or pursuant to Sections 8597 or 8598 of the California Government Code.

C. Employees covered under this Section shall not be peace officers for the purpose of, and as set forth in Section 12025 and Section 12031 of the Penal Code.

D. Nothing in this Section is intended to or shall operate to change or shall have the effect of changing the status of employees of the City holding the classified position of Marine Safety Rescue Boat Captains from public or miscellaneous officers or employees to individual peace officers or safety members or classes or peace officers or safety members for purposes of retirement, workers' compensation or similar injury or death benefits or any other employee benefit or benefits to which the employees would not have been entitled as a public employee prior to the adoption of this Section. (ORD-24-0020 § 3, 2024; Ord. C-7246 § 2, 1994)

ARTICLE III. GENERAL REGULATIONS

16.08.350 Defacing public property.

No person shall wilfully injure, disfigure, deface, paint, damage, destroy, disturb, remove, or interfere with any buoy, float, sign, notice, fence, barrier, dock, pier, structure, improvement, harbor facility or other property owned, maintained, or controlled by the City or other governmental authority or any other property installed and maintained under permit from the Director within the marinas, Rainbow Harbor, the Esplanade at Rainbow Harbor and approaches thereto. (ORD-08-0014 § 9, 2008: Ord. C-5625 § 4 (part), 1980: prior code § 7222)

16.08.360 Right-of-way.

No person shall fail to yield the right-of-way to the operator of another motorboat when the latter is towing any object, structure, or person within the marinas. (Ord. C-5625 § 4 (part), 1980: prior code § 7222.1)

16.08.370 Horns and signals.

No person shall use or sound on any vessel within the marinas any signaling or warning device producing sound by the rapid interruption of a current of air by a rotating disk. This Section does not apply to a properly designated patrol boat upon which the use of such device is expressly authorized for emergency purposes. (Ord. C-5625 § 4 (part), 1980: prior code § 7222.2)

16.08.380 Unseaworthy vessels.

No person shall moor, dock, tie up, or permit to be moored, docked, or tied up within the marinas any vessel which is unseaworthy, dilapidated, or in a badly deteriorated condition or which is likely to sink or to damage docks, wharves, floats or other vessels and/or which might become a

menace to navigation. (Ord. C-5625 § 4 (part), 1980: prior code § 7222.3)

16.08.390 Aircraft.

No person shall land, take off, or operate any aircraft on the waters of the marinas. (Ord. C-5625 § 4 (part), 1980: prior code § 7222.4)

16.08.400 Vessel as place of abode—Permit.

No person shall use any vessel within or upon the waters of the marinas as a place of abode except pursuant to a permit issued by the Director in accordance with regulations adopted in accordance with the provisions of Section 16.08.970. (Ord. C-5625 § 4 (part), 1980: prior code § 7222.5)

16.08.410 Sale of fish.

No person shall bring ashore from any vessel within the marinas any fish, mollusks or crustaceans for the purpose of selling the same. (Ord. C-5625 § 4 (part), 1980: prior code § 7222.6)

16.08.420 Disposal of refuse.

No person shall throw, discharge, dump, place, deposit or leave any refuse, rubbish, sewage, waste matter, dead animals, fish, shellfish, bait, putrefying matter, oil, spirits, flammable liquid, coal tar, residuary product of coal, petroleum, asphalt, bitumen, carbonaceous material or other offensive matter of any kind into the waters of or upon a bank, sidewalk, seawall, wharf, wharf road, street leading to a wharf, float, pier, harbor structure, or beach within the marinas and shall be civilly liable to the City for all actual damages in addition to the reasonable costs actually incurred in the cleaning or abating activities. (Ord. C-5625 § 4 (part), 1980: prior code § 7222.7)

16.08.430 Cleaning fish.

No person shall clean fish, cut or otherwise prepare bait, except in the usual course of fishing, on the sidewalks, harbor structures, floats, piers, sidewalks, beaches or waters in the marinas. (Ord. C-5625 § 4 (part), 1980: prior code § 7222.8)

16.08.440 Digging holes on beaches.

No person shall dig or cause to be dug holes exceeding a depth of two feet (2') in or along the beaches of the marinas. Any person who digs or causes to be dug any hole in or along the beaches shall fill the hole before leaving the beach area. (Ord. C-5625 § 4 (part), 1980: prior code § 7222.9)

16.08.450 Bait gathering.

No person shall pick, gather, or remove any mollusks, crustaceans, seaweed or other living marine organisms from the pilings, floats, piers, seawalls or other harbor structures or from vessel hulls within the marinas except pursuant to a permit for such activity issued by the Director pursuant to Section 16.08.720. (Ord. C-5625 § 4 (part), 1980: prior code § 7222.10)

16.08.460 Fishing restrictions.

No person shall fish from the sidewalk, parkway, seawall or bulkhead in or adjacent to the following described areas:

A. Both sides of Rivo Alto Canal between Naples Canal and the southerly prolongation of the centerline of the Colonnade;

B. Both sides of Naples Canal between the westerly line of tract no. 500, a point approximately eighty feet (80') westerly of the prolongation of the westerly line of Geneva Walk, and the southerly prolongation of the centerline of the Colonnade;

C. The northerly side of Alamitos Bay beginning at the westerly terminus of Corso Di Napoli, being the westerly line of tract no. 500, thence easterly and northerly to Naples Canal;

D. The northerly side of Alamitos Bay beginning at Rivo Alto Canal, thence southerly and easterly along Corso Di Napoli and Vista Del Golfo and continuing along the various courses of the bulkhead line to the southeasterly prolongation of the southwesterly line of the Appian Way service road;

E. Both sides of Marina Drive Bridge across the San Gabriel River, except from platforms provided for the purpose of fishing;

F. Shoreline Marina, except from the fishing piers attached to the westerly mole;

G. Rainbow Harbor and Rainbow Marina, including the rock jetty, with the exception of fishing piers;

H. Commercial and public docks throughout Alamitos Bay;

I. Within the confines of the Golden Shore Marine Biological Reserve and the Jack Dunster Marine Biological Reserve;

J. Public walkway adjacent to Alamitos Bay Marina, basin 5.

K. Banks of the Los Angeles River, south of Ocean Boulevard, with the exception of the fishing piers. (ORD-10-0036, § 1, 2010; ORD-08-0014 § 10, 2008: Ord. C-7925 §§ 1, 2, 2004; Ord. C-7877 § 1, 2003: Ord. C-5956 § 3, 1983: Ord. C-5625 § 4 (part), 1980: prior code § 7222.11)

16.08.470 Three mile per hour speed limit—Restricted areas.

No person shall operate any vessel in the following designated areas at a rate of speed in excess of three (3) miles per hour:

A. Marina basins;

B. Naples Canal;

C. Shoreline Marina;

D. Rainbow Marina;

E. Marina Pacifica Channel and basins;

F. Spinnaker Cove Channel and basins;

G. Rainbow Harbor. (ORD-08-0014 § 11, 2008: Ord. C-6667 § 1, 1989: Ord. C-6250 § 2, 1986: Ord. C-5956 § 4, 1983: Ord. C-5625 § 4 (part), 1980: prior code § 7222.12)

16.08.471 Five mile per hour speed limit—Restricted area.

No person shall operate any vessel within Alamitos Bay at a rate of speed in excess of five (5) miles per hour. The provisions of this Section do not apply to the areas designated in Section 16.08.470, to Marine Stadium West between April 1 and September 30, inclusive, between the hours of 8 o'clock (8:00) A.M. to sunset. The provisions of this Section do not apply to the areas designated in Section 16.08.470, to Marine Stadium West between October 1 and March 31, inclusive, on Thursday through Sunday and on school holidays between the hours of 8 o'clock (8:00) a.m. to sunset, and on Monday through Wednesday, excluding school holidays, between the hours of 8 o'clock (8:00) a.m. to 4 o'clock (4:00) p.m. and between the hours of 6 o'clock (6:00) p.m. to sunset, or to Marine Stadium East for an organized marine event under permit issued by the City. (ORD-10-0022, § 1, 2010; Ord. C-6250 § 12, 1986)

16.08.472 Reckless operation.

No person shall use any vessel in the marinas or Alamitos Bay in a reckless or negligent manner so as to endanger the safety of persons or property or operate any vessel at a rate of speed which produces a wake which will cause injury to persons or property. (Ord. C-6250 § 13, 1986)

16.08.480 Waterskiing, aquaplaning and motorboat racing restricted.

No person shall engage in waterskiing, aquaplaning, jet skiing or motorboat racing within the marinas or Alamitos Bay. The provisions of this Section do not apply to Marine Stadium West or to Marine Stadium East for an organized marina event under permit of the Marine Bureau. (Ord. C-6250 § 3, 1986: Ord. C-5625 § 4 (part), 1980: prior code § 7222.13)

16.08.490 Obstruction of access.

No person shall at any time obstruct the free and easy access to and departure from any portion of any public landing, pier or wharf within the marinas. (Ord. C-5625 § 4 (part), 1980: prior code § 7222.14)

16.08.500 Automobile on wharves.

No person shall allow any automobile or other vehicle to enter upon a public wharf, pier or landing except to discharge or load freight or passengers. Vehicles ready to load shall have preference over those ready to discharge. (Ord. C-5625 § 4 (part), 1980: prior code § 7222.15)

16.08.501 Automobiles on Rainbow Harbor Esplanade.

No person shall allow any automobile or other vehicle, unless authorized by the Director, to enter

or park upon the Rainbow Harbor Esplanade. (ORD-08-0014 § 30, 2008)

16.08.502 Bicycles on Rainbow Harbor Esplanade.

Bicycle riding on the Rainbow Harbor Esplanade is prohibited in excess of three (3) miles per hour between the hours of ten o'clock (10:00) a.m. and ten o'clock (10:00) p.m., except City employees in the performance of their duties. (ORD-08-0014 § 31, 2008)

16.08.503 Roller skates, roller blades and skate boards on Rainbow Harbor Esplanade.

The riding of skate boards, roller skates or roller blades is prohibited on the Rainbow Harbor Esplanade. (ORD-08-0014 § 32, 2008)

16.08.504 Commercial activity on Rainbow Harbor Esplanade.

No person is allowed to sell, barter or peddle any good or service on the Rainbow Harbor Esplanade unless permitted by Chapter 5.73. (ORD-24-0002 § 16, 2024; ORD-08-0014 § 33, 2008)

16.08.510 Anchoring prohibited.

No person shall anchor any vessel in the marinas at any time, except in an emergency. (Ord. C-5625 § 4 (part), 1980: prior code § 7222.16)

16.08.520 Mooring—Designated areas.

No person shall moor, dock or tie up or permit any vessel to be moored, docked or tied up within the marinas except within an area designated for such purpose by the Director. (Ord. C-5625 § 4 (part), 1980: prior code § 7222.17)

16.08.530 Mooring—Dangerous prohibited.

No person shall moor, dock or tie up or permit any vessel to be moored, docked or tied up within the marinas in such place or manner as to obstruct, impede the passage of other vessels or create an unreasonable risk or danger to person or property. (Ord. C-5625 § 4 (part), 1980: prior code § 7222.18)

16.08.540 Mooring—Tying up to another vessel.

No person shall make fast or tie any vessel to a mooring or dock within the marinas whether occupied or not by another vessel or make fast or tie to a vessel already occupying a mooring or dock, except pursuant to a written permit issued by the Director and upon payment of the permit fee prescribed in regulations enacted pursuant to Section 16.08.970. This Section shall apply to rowboats and yacht tenders regularly carried aboard a vessel. (Ord. C-6250 § 4, 1986: Ord. C-5956 § 5, 1983: Ord. C-5625 § 4 (part), 1980: prior code § 7222.19)

16.08.550 Mooring—By permit or temporary mooring.

No person shall make fast or tie up any vessel to any wharf, pier, mooring gangway or dock within the marinas owned or operated by the City or constructed pursuant to a permit issued under Sections 16.08.760 or 16.08.780 unless procedure set forth in either Subsections A or B of this Section is followed:

A. A permit is issued pursuant to this Chapter and the written consent of the owner, agent or person in charge of the wharf, pier, mooring, gangway or dock has first been obtained; or

B. The vessel is moored in a marked and posted temporary vessel mooring area which is a wharf, pier, mooring, gangway or dock within a specified time limit for vessel mooring determined by the City Manager and approved by the City Council and set forth by signs and markings which the City has placed and maintained or caused to be placed and maintained and which give notice of the time limit for temporary mooring. (Ord. C-7043 § 4 (part), 1992: Ord. C-6250 § 5, 1986: Ord. C-5625 § 4 (part), 1980: prior code § 7222.20)

16.08.551 Temporary mooring areas for vessels.

Temporary mooring areas for vessels shall be those wharfs, piers, moorings, gangways or docks

within the marinas owned by the City; Use of City utilities (Gas, Water, Power) is prohibited at Temporary Mooring Areas unless approved by a permit from Director; Wharfs, piers, moorings, gangways or docks owned by the City that are posted and marked for temporary mooring are as follows:

A. Pierpoint Landing Dock, thirty (30) minutes temporary mooring;

B. Marina Park Long Dock, thirty (30) minutes temporary mooring;

C. Davies Long Dock, thirty (30) minutes temporary mooring;

D. Gangway A Shoreline Marina, thirty (30) minutes temporary mooring, except for the southernmost sixty feet (60') where public mooring is prohibited;

E. Dock 10, mooring for pump out only on the southernmost eighty feet (80') of dock, and three (3) hour maximum temporary mooring on the remaining two hundred twenty feet (220') within any 24-hour period;

F. Alamitos Bay pump out, mooring for the pumping out of the vessel's holding tank only; thirty (30) minute maximum;

G. Alamitos Bay Landing South Long Dock, three (3) hour maximum temporary mooring within any 24-hour period;

H. Alamitos Bay Landing North Long Dock, three (3) hour maximum temporary mooring within any 24-hour period;

I. Alamitos Bay Marina, Slip 3-2, three (3) hour maximum temporary mooring within any 24-hour period;

J. Alamitos Bay Marina, Slip 13-2, three (3) hour maximum temporary mooring within any 24-hour period;

K. Alamitos Bay Marina, Slip 14-1, three (3) hour maximum temporary mooring within any 24-hour period;

L. Alamitos Bay Marina, Harbormaster's Dock, thirty (30) minutes for pumping out of the vessel's holding tank, unless authorized by the Director for marina-related business; and

M. Rainbow Marina Dock 8, three (3) hour maximum temporary mooring within any 24-hour period.

Unauthorized mooring in these areas will result in vessel citation or impound in accordance with Subsection 16.08.300(D) and/or Section 16.08.810. (ORD-22-0020 § 5, 2022; ORD-08-0014 § 12, 2008: Ord. C-7043 § 7 (part), 1992)

16.08.560 Petroleum product use.

No person shall handle, keep, use or sell gasoline, distillate or any liquid petroleum products, other than lubricating oils, on docks, wharves or piers within the marinas except at such places as may be designated therefor by the Director with the approval of the Chief of the Fire Department, under such regulations, restrictions and limitations as may be imposed. (Ord. C-5625 § 4 (part), 1980: prior code § 7222.21)

16.08.570 Swimming prohibited.

No person shall swim or dive in the Long Beach Marina area, the Shoreline Marina, the Rainbow Marina, or Rainbow Harbor without the express permission of the Director, except in the following areas:

A. Marine Stadium East, within the swimming buoy markers along the south shore thereof;

B. Alamitos Bay, excluding the entrance channel and within three hundred feet (300') thereof. (ORD-08-0014 § 13, 2008: Ord. C-5625 § 4 (part), 1980: prior code § 7222.22)

16.08.580 Boarding vessels.

No person shall board, climb into or upon any vessel tied or anchored at any site or location situated within any publicly or privately owned marina without the written consent of the owner, his agent, or any other person having charge thereof, except a public officer or employee in the performance of his official duty or to protect life and property. (Ord. C-7043 § 4 (part), 1992: Ord. C-5625 § 4 (part), 1980: prior code § 7222.23)

16.08.581 Sailboard boats.

No person shall operate any sailboard boat, sit-on-top kayak, surfboard, parasail device, paddleboard, or kite surfboard in the following designated areas:

A. Shoreline Marina;

B. Rainbow Marina;

C. Rainbow Harbor;

D. The entrance channel of the Shoreline Marina, Rainbow Marina, or Rainbow Harbor, or within three hundred feet (300') thereof;

E. The entrance channel to the Alamitos Bay Marina or within five hundred (500) yards thereof.

"Sailboard boat" means a surfboard with a detachable mast and sail. (ORD-08-0014 § 14, 2008: Ord. C-7926 § 1, 2004: Ord. C-6250 § 6, 1986: Ord. C-5956 § 39, 1983)

16.08.582 Throwing rocks.

No person shall wilfully throw, hurl or project a stone, rock or other hard substance at or near a vessel in a marina. (Ord. C-7043 § 7 (part), 1992)

16.08.590 Obstructing officers in the performance of their duties.

No person shall resist, delay, or obstruct any of the persons designated in Section 16.08.340 in the discharge or attempt to discharge any duty imposed upon such person by law or refuse to obey any lawful order of any such person. (Ord. C-5625 § 4 (part), 1980: prior code § 7222.24)

16.08.600 Reserved.

Editor's note—ORD-21-0018 § 4, adopted June 8, 2021, repealed § 16.08.600 entitled "Fireworks," which derived from: prior code § 7222.25; and Ord. C-5625 § 4 (part), 1980. See. Ch. 8.81 of this Code for fireworks provisions.

16.08.610 Sand dolly use.

No person shall use any sand dolly within the marinas for a vessel exceeding sixteen feet (16') in overall length. (Ord. C-5625 § 4 (part), 1980: prior code § 7222.26)

16.08.620 Tying up vessel.

No person shall tie up any vessel lying at any wharf or any slip in the marinas unless fastened thereto in a manner approved by the Director. (Ord. C-5956 § 6, 1983: Ord. C-5625 § 4 (part), 1980: prior code § 7222.27)

16.08.630 Incoming and outgoing fairways.

The Director shall place or cause to be placed in the entrance channels of the marinas a connected line of buoys separating the incoming and outgoing fairways. No person shall cross or cause a vessel to cross the connected line of buoys. (Ord. C-5625 § 4 (part), 1980: prior code § 7222.28)

16.08.640 Racing events.

No person shall conduct or engage in any racing event in Alamitos Bay, Marine Stadium East or Marine Stadium West except pursuant to a permit issued by the Director. (Ord. C-7043 § 4 (part), 1992: Ord. C-5625 § 4 (part), 1980: prior code § 7222.29)

ARTICLE IV SPECIAL REGULATIONS

16.08.650 Marine Stadium West.

A. The operation of motorboats up to twenty-three feet (23') in length, not including swimstep, for the purpose of water skiing or wake boarding is permitted within areas of Marine Stadium West designated by the Director for that purpose. Within such designated areas, the five (5) mile per hour speed limit shall not be applicable between eight o'clock (8:00) a.m. and sunset during the period of May 1 and September 30, inclusive; between the hours of eight o'clock (8:00) a.m. and sunset on Thursday through Sunday and school holidays during the period of October 1 and April 30, inclusive; between the hours of eight o'clock (8:00) a.m. and four o'clock (4:00) p.m. on Monday through Wednesday, excluding school holidays, during the period of October 1 and April 30, inclusive; and between the hours of six o'clock (6:00) p.m. and sunset on Monday through Wednesday, excluding school holidays, during the period of October 1 and April 30, inclusive; provided, however, no person shall operate any vessel in Marine Stadium West in excess of thirty-five (35) miles per hour.

B. Within the Marine Stadium West, no person shall:

1. Within the northwest five hundred feet (500') of the extreme northwest end of Marine Stadium West, operate any vessel in excess of five

(5) miles per hour. The Director shall mark or cause to be marked said restricted speed area with appropriate buoys;

2. Operate vessels, except for motorboats up to twenty-three feet (23') in length, rowing shells, or other nonmotorized paddle vessels without a permit issued by the Director;

3. Operate personal watercraft. "Personal watercraft" shall mean a vessel less than thirteen feet (13') in length which uses an inboard motor powering a water jet pump or propeller as its primary source of motive power and which is designed to be operated by a person sitting, standing, or kneeling on the vessel rather than the conventional manner of sitting or standing inside the vessel;

4. Possess or consume any alcoholic beverage;

5. Swim without a permit issued by the Director;

6. Tow any object, structure or person with a towline in excess of seventy-five feet (75') in length;

7. Fail to beach immediately any vessel upon the lawful sounding of a warning device by the operator of an official patrol boat;

8. Follow in the wake of any motorboat at a distance of less than two hundred feet (200') when the motorboat is towing any object, structure, or person;

9. Ski without a flag;

10. Leave ski line in the water after a skier drops off. Ski line shall be pulled aboard immediately after skier drops off;

11. Operate a motorboat in any manner except as follows:

a. In a southeasterly direction when the boat is closer to the southwesterly shore of the Marine Stadium West than to the northeasterly shore thereof;

b. In a northwesterly direction when the boat is closer to the northeasterly shore of the Marine Stadium West than to the southwesterly shore thereof;

c. In a right turn when departing from the shore or when approaching the shore.

12. Operate any motorboat, except in cases of emergency, in any area other than the established traffic lane. The Director shall give notice of the location of a traffic lane or lanes in the Marine Stadium West consistent with the requirements of this Section by placing appropriate marking buoys therein;

13. Operate a motorboat towing more than one (1) person, except during organized events under a permit issued by the Marine Bureau;

14. Fail, when skiing, to wear an approved U.S.C.G. personal flotation device of serviceable condition and appropriate size;

15. Operate a motorboat unless the vessel is equipped with a means of disengaging and reversing its propulsion, except when participating in an organized event under a permit issued by the Marine Bureau;

16. Fish within the Marine Stadium West designated water ski area;

17. Operate a ski boom or any side towing apparatus.

C. The number of vessels permitted to be in use in the Marine Stadium West at any one (1) time shall be determined by the Director. (ORD-22-0020 § 6, 2022; ORD-10-0022 § 2, 2010; Ord. C-7611 §§ 1, 2, 1999; Ord. C-7017 § 1, 1992; Ord. C-6250 §§ 7, 8, 1986; Ord. C-5956 §§ 7, 8, 1983; Ord. C-5625 § 4 (part), 1980: prior code § 7223)

16.08.660 Boat operation in Marine Stadium East.

The speed limits imposed by Sections 16.08.470 and 16.08.471 do not apply at Marine Stadium East for an organized marine event under a permit issued by the Marine Bureau. (Ord. C-6250 § 9, 1986: Ord. C-5956 § 9, 1983: Ord. C-5625 § 4 (part), 1980: prior code § 7223.1)

16.08.670 Small boat launching ramps—Marine Stadium West—Marine Stadium East.

A. No person shall park a motor vehicle in the small boat launching ramp parking lot in either Marine Stadium East or Marine Stadium West unless such vehicle is towing a boat trailer or is carrying a boat. The provisions of this subsec-

tion do not apply to a person participating in an organized event under a permit issued by the Marine Bureau.

B. No person shall park in either Marine Stadium East or Marine Stadium West parking lot or use either of the small boat launching ramp facil-

ities of Marine Stadium East or Marine Stadium West except upon payment of a parking fee as prescribed in regulations enacted pursuant to Section 16.08.970. The provisions of this Subsection do not apply to a person participating in an organized event under a permit issued by the Marine Bureau.

C. No person shall discharge waste material from, sleep in, or store a trailer, camper or other vehicle in the small boat launching ramp parking lot in either Marine Stadium East or Marine Stadium West.

D. The launching ramp and parking lots of either Marine Stadium East or Marine Stadium West shall be used only in accordance with regulations enacted pursuant to Section 16.08.970 and, where applicable, in accordance with the terms and conditions of permits issued by the Marine Bureau. (Ord. C-6250 § 10, 1986: Ord. C-5625 § 4 (part), 1980: prior code § 7223.2)

16.08.680 No watercraft.

No surfboard, paddleboard or board boat shall be allowed in Shoreline Marina, Rainbow Marina or Rainbow Harbor unless authorized in writing by the Director. (ORD-08-0014 § 15, 2008: Ord. C-7043 § 7 (part), 1992)

16.08.690 Beaching of vessels.

No person shall beach, launch or operate any vessel along the shoreline within the designated swimming area adjacent to Marine Park or along the shoreline of that portion of Alamitos Bay south of Second Street except between Isthmus Place and Fifty-fifth Place and at street ends between Fifty-fifth Place and Seventy-first Place. No person shall beach a sailboat in an authorized area without first lowering the sails. (Ord. C-6250 § 11, 1986: Ord. C-5625 § 4 (part), 1980: prior code § 7223.4)

16.08.700 Derelicts and stray vessels.

Any stray vessels, derelicts, hulks, wrecks, or parts of any vessel sunk, beached, anchored, or tied up in any place and not in the lawful possession or control of the owner of the property or his agent shall be deemed a hazard to navigation and a public nuisance and subject to removal and disposition as provided in this Section. The Director shall remove and store or cause to be removed and stored for a period not to exceed sixty (60) days any such stray vessel, derelict, hulk, wreck, or part of a wreck. Upon the expiration of the sixty (60) days, the property shall be sold at public auction in accordance with the provisions of Article 4, Chapter 2 of Division 3 of the Harbors and Navigation Code (commencing at Section 500 thereof). The owner of the vessel shall be civilly liable to the City for all costs and expenses incurred by the City in raising, towing, keeping, storing and selling the property. All such costs shall be a lien on the property and the proceeds of sale thereof. (Ord. C-5625 § 4 (part), 1980: prior code § 7223.5)

16.08.710 Unseaworthy vessels.

Any vessel which is unseaworthy, dilapidated or in a badly deteriorated condition or which is likely to sink or to damage docks, wharves, floats or other vessels or which might become a menace to navigation shall be removed from the waters of the marinas upon the order of the Director. If the owner of any vessel or his agent refuses to comply with the Director's order, the refusal shall constitute grounds for revocation of any permit issued by the Director for mooring or berthing the vessel. The Director may order the vessel removed and stored for a period not to exceed sixty (60) days. Upon the expiration of the sixty (60) day period, the vessel shall be sold at public auction in accordance with the provisions of Article 4 of Chapter 2 of Division 3 of the Harbors and Navigation Code (commencing with Section 500 thereof). The owner of the vessel shall be civilly liable to the City for all costs, fees, damages and expenses incurred by the City in raising, towing, keeping, storing and selling the vessel. All such costs shall be a lien upon the vessel and the proceeds of sale thereof. (Ord. C-5625 § 4 (part), 1980: prior code § 7223.6)

16.08.720 Bait gathering—Permit.

A. Any person who owns and operates a retail or wholesale establishment for the sale of bait

and maintains a valid business license for the establishment (whether or not in the City) who desires to remove any molluscs, crustaceans, seaweed or other living marine organisms from pilings, floats, piers, seawalls or other harbor structures within the marinas shall obtain a bait gatherer's permit from the Director. Any such person shall pay an annual fee in advance as determined by the City Council by resolution per permit. The number of permits to be issued under this Section shall be prescribed in regulations enacted pursuant to Section 16.08.970.

B. The holder of a bait gatherer's permit may, from time to time and upon such form as is provided by the Director, designate such person or persons as are authorized as employees or contracts of permittee to act on permittee's behalf in exercising permittee's right under the permit.

C. Violation of permit conditions, marina regulations, or relevant City ordinances by permittee or by an authorized person shall be cause for revocation of a permit or for refusal to renew a permit.

D. This Section does not apply to or prohibit the removal of molluscs, crustaceans, seaweed or other living marine organisms from pilings, floats, piers, seawalls or other harbor structures in the course of maintenance work conducted by or with the approval of the Director, nor to such maintenance work performed on a vessel with the approval of the vessel owner, nor shall it prohibit the Director from granting approval for the picking, gathering or removal of such organisms for scientific, educational or test purposes. (ORD-10-0014, § 21, 2010; Ord. C-5956 § 11, 1983; Ord. C-5625 § 4 (part), 1980: prior code § 7223.7)

16.08.730 Private pier location.

No private pier, dock, float, or wharf shall be constructed or maintained along the westerly and southerly shore of Alamitos Bay between the Second Street bridge and Isthmus Place, nor on the southerly shore of Alamitos Bay between Fifty-fifth Place and Sixty-first Place, nor between Sixty-third Place and the boundary of the City. (Ord. C-5625 § 4 (part), 1980: prior code § 7223.8)

ARTICLE V. PRIVATE PIERS, WHARVES AND DOCKS

16.08.740 Pierhead and bulkhead lines established.

Pierhead and bulkhead lines are established for the Long Beach Marina area as the lines are shown on Drawing No. E-146, prepared by and on file in the office of the City Engineer, which drawing is entitled "Harbor Lines Alamitos Bay" and is dated April 2, 1951, as thereafter revised. (ORD-06-0055 § 1, 2006: Ord. C-5625 § 4 (part), 1980: prior code § 7224)

16.08.750 Construction beyond bulkhead or pierhead line.

No person shall build, construct, erect, extend, or locate within, upon or over the waters of the Long Beach Marina area, beyond and channelward of the pierhead line, (as defined in Section 16.08.740) any float, pier, landing, wharf, open pile structure or device or structure of whatsoever kind or nature. This Section does not apply to any structure or device constructed, erected, or extended by the City. The Director may grant a permit for the erection or maintenance of a structure beyond the channelward of a pierhead or bulkhead line in cases where particular and unusual circumstances exist which would render compliance with this Section unduly burdensome or impractical. (Ord. C-7590 § 1, 1999: Ord. C-5625 § 4 (part), 1980: prior code § 7224.1)

16.08.760 Construction permit—Required.

A. No person shall construct, reconstruct or maintain any wharf, pier, landing, float, bulkhead, seawall or other structure of any kind whatsoever within the limits of the Long Beach Marina area therein, for the benefit or use of any private person without first obtaining a permit therefor issued by the Director. No person shall make any filling of any description at any point below the line of the mean high tide within the area; or dredge or excavate therein for the benefit or use of any private person without first obtaining a permit therefor issued by the City Council. Such permits shall be

issued only to the fee owner of real property fronting on a waterway within the Long Beach Marina area or to a homeowner's association as provided in Section 16.08.780 for a harbor structure in front of or adjacent to the real property. Prior to the issuance of any such permit, the applicant shall submit plans and specifications for each such structure, filling, dredging or excavation to the Director or City Council, whichever is applicable, for approval and shall obtain a coastal development permit from the California Coastal Commission. Each such structure shall conform to the minimum structural requirements of "Plans and Specifications No. R-4858/Revised 10/94, for the Erection of Structures Channelward of the Bulkhead Lines in the Long Beach Marina Area in the City of Long Beach, California".

B. Each applicant for a permit under the provisions of this Section shall pay a plan check and an inspection fee as prescribed in regulations enacted pursuant to Section 16.08.970.

C. Any permit issued by the Director or the City Council pursuant to this Section shall be void unless the permittee, within sixty (60) days from the date of issuance thereof, commences construction of the structure or operation authorized thereby and proceeds diligently and in good faith therewith or obtains a written extension of time from the Director.

D. Each holder of a structure permit issued pursuant to this Section shall pay to the City an annual inspection fee as prescribed in regulations enacted pursuant to Section 16.08.970.

E. If any permittee fails or refuses to commence and diligently prosecute to completion any repairs to a harbor structure as ordered by the Director within the time specified thereof and additional inspections of the harbor structure are required, the permittee shall pay to the City a reinspection fee for each occasion the harbor structure is inspected for compliance with the order of repair in an amount prescribed in regulations enacted pursuant to Section 16.08.970.

F. No annual inspection fee shall be required in private marinas on private property.

G. Permits issued pursuant to the provisions of this Section and Section 16.08.850 will automatically terminate upon a sale of the permittee's interest in the real property unless the permittee requests the same be transferred and the approval of the Director is first obtained. The permittee shall promptly notify the Director of the transfer of ownership, the effective date thereof, and pay to the City a transfer fee as prescribed in regulations enacted pursuant to Section 16.08.970.

H. In the event any permittee shall fail or refuse to pay when due any annual inspection fee or transfer fee, the Director shall cancel said permit for which payment is delinquent unless the permittee requests, in writing, and is granted by said Director, an extension of time for payment. Upon cancellation of any permit, the permittee shall remove or cause to be removed the structure and discontinue the activities authorized by said permit within the time specified by the Director. In the event said permittee shall fail to remove the structure and discontinue the activities as directed within the time specified by the Director, the Director shall have the right and authority to immediately remove any such harbor structure at the permittee's cost. (Ord. C-7590 § 2, 1999: Ord. C-7043 § 4 (part), 1992: Ord. C-5956 §§ 13, 14, 15, 1983; Ord. C-5625 § 4 (part), 1980: prior code § 7224.2)

16.08.770 Construction permit—Application.

Except as provided in Section 16.08.780, only the fee owner of real property who resides upon the real property fronting on any waterway in the Long Beach Marina area may apply for and have issued to him a permit pursuant to Section 16.08.760 to construct and maintain a pier, float, or seawall mooring in front of and adjacent to the real property of the owner. Nothing contained in this Section shall be construed as creating an interest in property or the waters of the Long Beach Marina area which can be transferred or otherwise disposed of except in accordance with the provisions of Section 16.08.760. (Ord. C-5625 § 4 (part), 1980: prior code § 7224.3)

16.08.780 Construction permit—Homeowner's association.

In the event a subdivision of lands or the conversion of a building to a condominium, community apartment, stock cooperative project or a time share ownership and the: (i) subdivision or building fronts on a waterway in the Long Beach Marina area; (ii) consists of ten (10) or more residential units; and (iii) the Director determines that the residents could more effectively and efficiently be served by a common pier, brow and float structure or structures, a permit for said common structure or structures may be issued by the Director pursuant to Section 16.08.760 subject to the following findings and conditions:

A. An association has been formed by the several owners within said subdivision, condominium, community apartment, stock cooperative project or time share project, which association will be legally responsible for the construction, administration and maintenance of said common structure or structures, and which association shall be responsible for compliance with all provisions of law including this Chapter, as to matters relating to said structure.

B. The design of said structure or structures is approved by the Director.

C. The association shall agree to provide the Director with a list of all members of the association, all vessels assigned mooring rights at said structure or structures, including the slip assignment of each vessel and the name and residence address of each vessel owner or his agent within ten (10) days of any change of association membership, mooring assignment, or ownership of a vessel.

D. If the association's charges for use of said structures are limited to those amounts needed to compensate the association for expenses actually incurred for construction, maintenance, repair, replacement, operation, and security, the fees payable pursuant to Subsections 16.08.760.B, 16.08.760.E, and 16.08.760.F shall be the noncommercial rates prescribed in regulations enacted pursuant to Section 16.08.970.

E. No commercial use may be made of any slip or any part of said structure or structures except by separate permit issued by the City Council upon the recommendation by the Director.

F. The Director shall be authorized to limit and specify the number and type of vessels that may utilize said structure or structures. (Ord. C-7590 § 3, 1999: Ord. C-5956 § 16, 1983: Ord. C-5625 § 4 (part), 1980: prior code § 7224.4)

16.08.790 Dangerous wharves or piers.

The Director shall notify the permittee of any wharf, dock, or pier or his agent, in writing, of the defective or dangerous condition of any such wharf or pier. Such person shall repair the same or cause its complete removal within sixty (60) days thereafter. The person shall promptly erect fences or other barriers to prevent persons from using or going upon the same until it is repaired or removed. The Director may put up fences or such other barriers as may be necessary for the protection of the public or the Director may remove such structures at the expense of the permittee. (Ord. C-5625 § 4 (part), 1980: prior code § 7224.5)

16.08.800 Removal of debris.

In the event any privately owned wharf, dock or pier, or any portion thereof, or any material on such wharf, dock or pier falls into the waters of the marinas, it shall be the duty of the permittee or his agent to remove the material from the waters, and if he fails to do so, the Director may remove or cause the same to be removed and the cost thereof shall be paid upon demand by the permittee. (Ord. C-5625 § 4 (part), 1980: prior code § 7224.6)

ARTICLE VI MOORING AREAS

16.08.810 Authorized area, manner required.

No vessel shall be moored or docked in the marinas except within areas designated for such purpose by the Director. The Director shall be authorized to take such action as is reasonably necessary to move any vessel moored or docked in an unauthorized area or moored or docked in an unauthorized manner. The owner of any such vessel shall pay to the City all costs incurred in

moving, keeping and storing any such vessel. (Ord. C-5625 § 4 (part), 1980: prior code § 7225)

16.08.820 Nonliability of City.

The removal of any vessel by the Bureau due to unsafe or dangerous mooring or mooring in an unauthorized area or due to the vessel's being in an unsafe or dangerous condition shall be without liability to the City, the Bureau or their personnel. (Ord. C-5625 § 4 (part), 1980: prior code § 7225.1)

16.08.830 Wrecked or sunken vessels.

Whenever a vessel is wrecked or sunk in the marinas or any water area within the limits of the City, accidentally or otherwise, the owner thereof shall immediately mark it by a buoy during the day and by a lighted lantern at night and maintain such markings until the sunken vessel or obstruction is removed. It is unlawful for any person owning a vessel or having charge of a vessel to fail to mark the location of a wrecked or sunken vessel. The owner thereof shall immediately commence the removal of the obstruction and shall prosecute the removal diligently to completion, and the failure to do so shall constitute an abandonment of the vessel and subject the vessel to removal and disposition in accordance with the provisions of Section 16.08.710. (Ord. C-5625 § 4 (part), 1980: prior code § 7225.2)

16.08.840 Temporary use of mooring of another.

The Director shall have the right to permit the temporary use of any vacant mooring or dock within the marinas; provided, however, the Director shall make reasonable efforts to locate the permittee thereof to obtain that permittee's consent prior to authorizing any such mooring. In the event the Director has granted such permission, no person temporarily using such mooring or dock shall fail immediately to remove any vessel therefrom upon order of the Director or the permittee thereof so to do. (Ord. C-5956 § 17, 1983: Ord. C-5625 § 4 (part), 1980: prior code § 7225.3)

ARTICLE VII MOORING PERMITS AND FEES

16.08.850 Seawall permit and fees.

A. The fee owner of real property fronting on a waterway within the Long Beach Marina area who has a structure connected to a publicly owned seawall, which structure was constructed pursuant to a permit issued by the Director, pursuant to Sections 16.08.750, 16.08.760 or 16.08.780, shall obtain a permit for every vessel moored thereat from the Director and shall pay annually to the City, in addition to the fees prescribed in Section 16.08.760, a seawall mooring fee in the amount prescribed in regulations enacted pursuant to Section 16.08.970.

B. Vessels under ten feet (10′) moored to davits for which a permit has been obtained pursuant to Section 16.08.760 shall be exempt from the seawall mooring fee. (Ord. C-7590 § 4, 1999: Ord. C-6749 § 1, 1990: Ord. C-5956 § 18, 1983; Ord. C-5625 § 4 (part), 1980: prior code § 7226)

16.08.860 Shore mooring permit and fees.

A. The owner of every vessel moored in the Long Beach Marina area to the shore shall obtain a permit therefor from the Director and shall pay annually to the City a shore mooring fee in the amount prescribed in regulations enacted pursuant to Section 16.08.970.

B. Shore mooring permits shall be issued only to owners of vessels permitted to use shore moorings. The shore mooring permits are nontransferable.

C. Shore moorings for sand dollies, which consist of a steel ring mounted to the seawall with numbers assigned painted thereon, shall be placed at such locations as the Director shall designate. (Ord. C-5625 § 4 (part), 1980: prior code § 7226.1)

16.08.870 Cancellation of permit.

Any permit issued by the Director pursuant to Sections 16.08.850 or 16.08.860, may be cancelled at any time upon giving a five (5) day written notice to the permittee of the cancellation. The mailing of a notice to the permittee at the address

designated on his permit shall be deemed to be sufficient notice of cancellation. Upon the cancellation of the permit, it shall be the duty of the permittee immediately to remove his vessel and/or harbor structure prior to the date of cancellation specified in the notice. If he fails to remove the same, the Director shall remove or cause the same to be removed at the permittee's cost. (Ord. C-5625 § 4 (part), 1980: prior code § 7226.2)

16.08.880 Transfer.

Seawall permits may be transferred only in accordance with the provisions of Subsections 16.08.760.H and 16.08.780.C, to a person who is the owner of a vessel and the Director determines that the mooring or dock is adequate for such vessel. (Ord. C-5956 § 19, 1983: Ord. C-5625 § 4 (part), 1980: prior code § 7226.3)

16.08.890 Shore mooring waiting list administrative fee.

In addition to any fee required by Section 16.08.860, any person who submits an application for a shore mooring within the Long Beach Marina area, which application is filed in the separate waiting list of pending applications for shore moorings, shall pay a one (1) time waiting list administrative fee in the amount prescribed in regulations enacted pursuant to Section 16.08.970. (Ord. C-5625 § 4 (part), 1980: prior code § 7226.4)

ARTICLE VIII. MARINA SLIP PERMITS AND FEES

16.08.900 Required.

A. No person shall berth any vessel at any slip within the Marina Basins, the Shoreline Marina, the Rainbow Marina or the Rainbow Harbor without first obtaining a permit from the Director. Such permit, except for a permit for a visiting vessel, shall include a declaration from the owner that the Marina Basins or other marina is the situs for his or her vessel for purposes of levying by the City. Every person who has been issued a permit pursuant to this Section shall pay to the City such fees and deposits as are prescribed in regulations enacted pursuant to Section 16.08.970.

B. Any deposit made or required shall not be refunded in the event the permit for occupancy is granted. It shall, however, be refunded, less an administrative processing fee, in the event an application is withdrawn prior to the issuance of such permit. Subject to the prior approval of the City Council, a permit may be granted to the United States of America, the State, the County, the City, or to any public agency thereof, to berth a vessel within the marinas without the payment of a fee therefor. (ORD-08-0014 § 16, 2008: Ord. C-5956 § 20, 1983: Ord. C-5625 § 4 (part), 1980: prior code § 7227)

16.08.910 Reserved.

Editor's note—ORD-16-0017 § 2, adopted Aug. 2, 2016, repealed § 16.08.910 entitled "Waiting list administration fee", which derived from: prior code § 7227.1; and Ord. C-5625 § 4 (part), 1980.

16.08.920 Commercial vessels.

No permit for a slip within the marinas shall be granted for a vessel which is used for commercial purposes except for a vessel operating under a contract or permit authorized by the City Council. (Ord. C-5625 § 4 (part), 1980: prior code § 7227.2)

16.08.930 Visiting vessels.

Owners, operators or persons in charge of visiting vessels shall obtain a permit from the Director for use of slips and related facilities at the marinas and pay rental fees and charges as prescribed in regulations enacted pursuant to Section 16.08.970. The Director may, but is not required to, exempt visiting vessels from such fees and charges under any of the following conditions:

A. Upon written request from the organizer of a boating event in order to permit participation of the visiting vessel in the boating event; such exemption will be limited to a period not exceeding forty-eight (48) hours unless the Director determines that the event is one of special significance to the City; or

B. When seeking emergency shelter due to adverse weather conditions, mechanical or structural failures, or any other emergency condition requiring temporary berthing. The temporary berthing, as a result of the condition under which the vessel sought shelter, may be continued at the lineal foot rate specified in Section 16.08.900, prorated daily, and the length of the temporary emergency stay to be determined by the Director. (Ord. C-5625 § 4 (part), 1980: prior code § 7227.3)

16.08.940 Small boat storage rack.

No person shall store any small boat in excess of ten feet (10') in length in the small boat storage rack facilities owned or operated by the City without a permit from the Director. A permittee shall pay to the City, monthly in advance, a fee in the amount prescribed in regulations enacted pursuant to Section 16.08.970. The application for such permit shall be accompanied by a sum of money equal to the first month's rental. Any permit issued pursuant to this Section may be canceled by the Director for nonpayment of the fee upon five (5) days' written notice to the permittee. (Ord. C-5956 § 21, 1983: Ord. C-5625 § 4 (part), 1980: prior code § 7227.4)

16.08.950 Temporary use by another vessel.

Unless otherwise directed by the Director or provided for in this Chapter, no person holding a permit issued pursuant to Section 16.08.900 shall allow any vessel to be moored within an assigned slip space other than the vessel specified in the permit. The Director, upon presentation of a Bureau application form executed by both the person holding the permit issued pursuant to Section 16.08.900 and the person having ownership or control of an alternate vessel, may allow temporary use of an assigned slip by an alternate vessel. The temporary use shall be subject to such time limitations and such terms and conditions as the Director may prescribe. An administration fee in an amount prescribed in regulations enacted pursuant to Section 16.08.970 shall be paid at the time the application is presented. (Ord. C-5625 § 4 (part), 1980: prior code § 7227.5)

16.08.960 Temporary reassignment.

When, by reason of damage or necessary repairs to a slip, the slip is unusable, the Director may temporarily reassign the mooring of any vessel from the unusable slip to another slip during the time required for repair or reconstruction of the slip. In the event of the temporary reassignment, the fees payable by the permittee may be the same as those applicable at the slip originally assigned regardless of the length of the slip to which the temporary reassignment is made. (Ord. C-5625 § 4 (part), 1980: prior code § 7227.6)

ARTICLE IX. MISCELLANEOUS PROVISIONS

16.08.970 Regulations establishment.

The City Council may adopt, repeal, amend and modify regulations regarding the berthing of vessels and other activities and operations within the marinas, harbors and mooring areas. Any and all fees or service charges established pursuant to the provisions of this Chapter shall be enacted by resolution of the City Council. Upon adoption, repeal, amendment or modification of the regulations by the City Council, the regulation shall be filed in the office of the City Clerk and posted in a conspicuous place or places within the marina. Any person who violates any such regulation shall be subject to the penalties provided for in Section 1.32.010 of this Code. As to any person who is a permittee under the provisions of this Chapter, violation of any such regulation, in addition to the penalties applicable to persons generally, shall be cause for revocation and cancellation of the person's permit. (ORD-08-0014 § 17, 2008: ORD-06-0039 § 5, 2006: Ord. C-5625 § 4 (part), 1980: prior code § 7228)

16.08.980 Fees payable in advance.

All fees required to be paid by this Chapter are payable in advance, except for those fees prescribed in Subsection F of Section 16.08.760. Every person required to pay any fee, charge or cost prescribed by this Chapter, who fails to pay within ten (10) days after the same has become due must pay, in addition to the amount of the fee, a sum

equal to ten percent (10%) thereof. (Ord. C-5956 § 22, 1983: Ord. C-5625 § 4 (part), 1980: prior code § 7228.1)

16.08.985 Penalty.

Violation of any provision of Section 16.08.551 (temporary mooring) is an infraction punishable by a fine not to exceed one hundred dollars ($100.00). (Ord. C-7043 § 7 (part), 1992)

16.08.990 Refunds.

If any permit issued pursuant to this Chapter is canceled because the permittee has violated a condition of the permit or any rule, regulation, or law relating to permittee's conduct in operating, maintaining, or mooring a vessel in the marinas, no portion of the permit fee paid by permittee shall be refunded. If the permit is canceled for any other reason, then the unearned portion of the permit fee may be refunded in accordance with Chapter 3.48 of this Code. (ORD-06-0016 § 1, 2006: Ord. C-5625 § 4 (part), 1980: prior code § 7228.2)

CHAPTER 16.12 PACIFIC OCEAN AREAS

ARTICLE I. DEFINITIONS

16.12.010 Generally.

The words and phrases defined in Sections 16.12.020 through 16.12.110 whenever used in this Chapter shall have the meanings indicated unless the context requires a different meaning. (Ord. C-5625 § 6 (part), 1980: prior code § 7230 (part))

16.12.020 Bureau.

"Bureau" means the Marine Bureau, a division of the tidelands agency of the City. (Ord. C-5625 § 6 (part), 1980: prior code § 7230(f))

16.12.030 City Manager.

"City Manager" means the City Manager of the City of Long Beach. (Ord. C-5625 § 6 (part), 1980: prior code § 7230(h))

16.12.040 Claremont Avenue launching ramp.

"Claremont Avenue launching ramp" means and includes that area easterly of and contiguous with the Claremont Avenue parking lot designated by the Director of the Marina Department as a surf-sail launching facility. (Ord. C-5625 § 6 (part), 1980: prior code § 7230(d))

16.12.050 Director.

"Director" means the Manager of a Marine Bureau. (Ord. C-5625 § 6 (part), 1980: prior code § 7230(g))

16.12.060 Golden Shore Marine Biological Reserve and Catalina Landing.

"Golden Shore Marine Biological Reserve" and "Catalina Landing" mean those areas outlined on Drawing D-504 prepared by the City Engineer, which drawing is on file in the office of the City Clerk. (ORD-22-0020 § 8, 2022; Ord. C-5625 § 6 (part), 1980: prior code § 7230(e))

16.12.061 South Shore small boat launching ramp.

"South Shore small boat launching ramp" means that area outlined on drawings prepared by the City Engineer, which drawings are on file in the office of the City Clerk. (ORD-22-0020 § 9, 2022; Ord. C-7043 § 8 (part), 1992)

16.12.070 Mouth of the Los Angeles River.

"Mouth of the Los Angeles River" means that portion of the near shore ocean area extending westerly and northerly to the head of navigation of the Los Angeles River (also described as the Los Angeles County flood control channel) from a line beginning on Pier J at latitude 33° 45′ 2.1″ N in longitude 118° 11′ 14.2″ W; thence easterly along the northern boundary of Commercial Anchorage E to latitude 33° 45′ 13.8″ N, longitude 118° 10′ 36.0″ W; thence northerly to the shoreline at latitude 33° 45′ 49.6″ N, longitude 118° 10′ 36.0″ W. (Ord. 5625 § 6 (part), 1980: prior code § 7230(c))

16.12.080 Nearshore ocean area.

"Nearshore ocean area" means that portion of the Pacific Ocean within the limits of the City

shoreward of a line extending northwesterly from Light "1" of the Alamitos Bay West Jetty to the southern marker light on Island White, thence westerly to the stern of the Queen Mary. (Ord. C-6366 § 1, 1987: Ord. C-5956 § 23, 1983: Ord. C-5625 § 6 (part), 1980: prior code § 7230(b))

16.12.090 Person.

"Person" means and includes any individual, partnership, corporation, organization, association, federal, State and local governmental entity or political subdivision or agency thereof. (Ord. C-5625 § 6 (part), 1980: prior code § 7230(j))

16.12.100 Protected ocean swimming area.

"Protected ocean swimming area" means that portion of the Pacific Ocean within the limits of the City and within the near shore ocean area designated by the Director as a swimming area shoreward of a line marked with a series of white marker buoys located approximately eight hundred feet (800') apart and extending generally in an easterly and westerly direction approximately parallel to the shoreline of the City's public bathing beaches between the southerly prolongation of the westerly line of First Place and the southerly prolongation of the centerline of the westerly jetty of the Alamitos Bay entrance channel. (Ord. C-5625 § 6 (part), 1980: prior code § 7230(a))

16.12.110 Vessel.

"Vessel" means and includes ships of all kinds regardless of the manner of propulsion and every structure designed to be, adapted to be, or capable of being navigated or operated on water from place to place for the transportation of merchandise, persons or for any other purpose. (Ord. C-5625 § 6 (part), 1980: prior code § 7230(i))

ARTICLE II. NEARSHORE OCEAN AREAS

16.12.120 Vessels restricted from swimming area.

No person shall operate any vessel within the protected ocean swimming area except for the purpose of launching from and landing at a small boat launching facility designated and posted as such by the Director. The provisions of this Section do not apply to vessels operated by or for the City, the County, the State or the United States or an agency or instrumentality thereof when engaged in the performance of an official duty. (Ord. C-5625 § 6 (part), 1980: prior code § 7231)

16.12.130 Launch from or landing on beach.

No person shall launch or land any vessel from the beach, shore or surf of the protected ocean swimming area or use any vessel in the surf except as provided in this Section. In launching from or landing at the beach, shore, or surf, the operator of any vessel shall select a course as near to right angles to the beach as navigation allows and shall not exceed five (5) miles per hour. No person shall use any vessel in a reckless or negligent manner so as to endanger swimmers within the protected ocean-swimming area. The Director shall designate and post specific areas of the beach, shore and surf where vessels may be launched, landed, moored, beached and tied up and may, by regulation, designate the types of vessel appropriate to the area, the times and dates of use and the rules applicable to the use of the area. This Section does not apply to vessels and other devices operated by and for the City, the County, the State, or the United States or any agency or instrumentality thereof when engaged in the performance of an official duty. (Ord. C-6252 § 1, 1986: Ord. C-5625 § 6 (part), 1980: prior code § 7231.1)

16.12.131 Launch from or landing on the shores or rocks in the San Gabriel River.

No person shall launch or land any vessel from the shores or rocks in the San Gabriel River within the limits of the City. (Ord. C-6366 § 3, 1987)

16.12.140 Water skiing and aquaplaning.

No person shall water ski, aquaplane, or use a similar device within the near shore ocean area

except in areas thereof designated and marked by the Director for that purpose. Within such designated areas no person shall:

A. Operate a vessel between sunrise and sunset in excess of thirty-five (35) miles per hour;

B. Operate a vessel between sunset and sunrise in excess of five (5) miles per hour;

C. Tow any object, structure, or person with a towline in excess of seventy-five feet (75') in length;

D. Possess or consume any alcoholic beverage;

E. Fail to stop any vessel upon the lawful sounding of a warning device by the operator of an official patrol boat;

F. Follow in the wake of any vessel at a distance of less than two hundred feet (200') when the vessel is towing any object, structure or person;

G. Operate a vessel in a reckless or negligent manner so as to endanger the life, limb or property of any person. (Ord. C-5625 § 6 (part), 1980: prior code § 7231.2)

16.12.150 Racing events.

No person shall conduct or engage in any racing event within the nearshore ocean area except pursuant to a permit issued by the Director. (Ord. C-5625 § 6 (part), 1980: prior code § 7231.3)

16.12.151 Speed limit.

No person shall operate a vessel in excess of the designated speed limit in the nearshore ocean area. The provisions of this Section shall not apply to the water areas within the harbor district of the City.

A. No person shall operate a vessel in the nearshore ocean area in excess of thirty-five (35) miles per hour.

B. No person shall operate a vessel in excess of five (5) miles per hour in the mouth of the Los Angeles River from the Ocean Boulevard bridge south and east to a line extending from the stern of the Queen Mary to the east marker light of Island Grissom.

C. No person shall operate a vessel in excess of five (5) miles per hour in that portion of the San Gabriel River located within the limits of the City. (Ord. C-6366 § 2, 1987: Ord. C-5956 § 40, 1983)

16.12.152 Restricted area.

No person shall operate any vessel, surfboard, paddleboard or board boat, or swim in the water area between the easterly mole of the Downtown Shoreline Marina and Oil Island Grissom. The provisions of this Section shall not be applicable to City employees performing an official duty. (Ord. C-5956 § 41, 1983)

16.12.160 Mooring or anchoring—Nearshore ocean area.

A. No person shall anchor any vessel, raft, barge, or float within the mouth of the Los Angeles River.

B. No person shall anchor, moor, tie or otherwise keep or maintain any vessel, raft, barge or float within the nearshore ocean area easterly of the line described in Section 16.12.070 without a permit issued by the Director.

C. Any vessel, raft, barge or float which is anchored, moored, tied or otherwise kept or maintained in said areas in violation of this Section may be removed by the Director and stored at the risk and expense of the owner of the vessel, raft, barge or float at such location as may be designated by the Director. The owner of any such vessel, raft, barge or float shall be civilly liable to the City for all costs incurred in removal and storage. The costs of removal and storage shall be a lien dependent upon possession upon the vessel, raft, barge or float or the proceeds of the sale thereof. If the vessel, raft, barge or float is not claimed by the owner thereof within sixty (60) days after notice to the owner, the vessel, raft, barge or float shall be sold at public auction in accordance with the provisions of Article 4, Chapter 2 of Division 3 of the Harbor and Navigation Code (commencing at Section 500 thereof).

D. The provisions of this Section shall not be applicable to the water areas of the nearshore ocean area included within the harbor district of the City. (Ord. C-5625 § 6 (part), 1980: prior code § 7231.4)

16.12.161 Temporary mooring.

No person shall moor or tie a vessel in a marked and posted temporary vessel mooring area which is designated on a wharf, pier, mooring, gangway or dock for longer than the specified time limit for vessel mooring determined by the City Manager and approved by the City Council and set forth by signs and markings which the City has placed and maintained or caused to be placed and maintained and which give notice of the time limit for temporary mooring. (Ord. C-7043 § 8 (part), 1992)

16.12.162 Temporary mooring areas.

Temporary mooring areas for vessels shall be those wharfs, piers, moorings, gangways or docks within the near shore ocean areas owned by the City that are posted and marked for temporary vessel mooring as follows:

A. South Shore launch ramp docks, thirty (30) minutes. (ORD-22-0020 § 10, 2022; Ord. C-7043 § 8 (part), 1992)

16.12.170 Mooring or anchoring—Pacific Ocean.

No person shall anchor, moor, tie or otherwise keep or maintain any vessel, raft, barge or float within the waters of the Pacific Ocean outside of the near shore ocean area and within the limits of the City without a permit issued by the United States Coast Guard Captain of the Port of Los Angeles—Long Beach. (Ord. C-5625 § 6 (part), 1980: prior code § 7231.5)

16.12.180 Swimming and diving.

No person shall dive, plunge or otherwise enter or swim in any portion of the near shore ocean area outside the protected ocean swimming area. The provisions of this Section shall not be applicable to water areas of the near shore ocean area within the harbor district of the City or to City employees performing an official duty. (Ord. C-5625 § 6 (part), 1980: prior code § 7231.6)

16.12.190 Surfboards or paddleboards.

No person shall use or manipulate any surfboard, paddleboard, skimmer, sailboard, sit-on-top kayak, parasail board, kite surfboard or bellyboard in the surf along the beaches of the protected ocean swimming area in a reckless or negligent manner so as to endanger the life, limb, or property of any person. No person shall swim, or use or manipulate any surfboard, paddleboard, skimmer, sailboard, sit-on-top kayak, parasail device, kite surfboard or bellyboard within five hundred (500) yards of the ocean entrance to Alamitos Bay. (Ord. C-7926 § 2, 2004: Ord. C-5625 § 6 (part), 1980: prior code § 7231.7)

16.12.200 Climbing on lifeguard stations and/or towers.

No person shall climb or cause another person to climb on any lifeguard station, tower or ladder on the beaches of a municipal pier adjacent to the protected ocean swimming area. The provisions of this Section do not apply to City employees performing an official duty. (Ord. C-5625 § 6 (part), 1980: prior code § 7231.8)

16.12.210 Dangerous objects.

No person shall throw, deposit or leave or cause to be thrown, deposited or left any glass, bottle, tin can, aluminum can, nail, rubbish or other dangerous object upon the beaches of the protected ocean swimming area, that part of the Pacific Ocean within the limits of the City or such other place where such material may be washed onto the beaches of the protected ocean swimming area. (Ord. C-5625 § 6 (part), 1980: prior code § 7231.9)

16.12.220 False distress calls.

No person shall wilfully give or sound a false call for aid or rescue from the surf or waters of the near shore ocean area. (Ord. C-5625 § 6, (part), 1980: prior code § 7231.10)

16.12.230 Defacing public property.

Within the near shore ocean area and on the shore and beach areas adjacent thereto no person shall destroy, damage, disturb, deface or interfere with any buoy, float, life preserver, sign, notice, bulkhead, retaining wall, landing structure or any

other property installed and maintained by or under permit from the Director or any proper governmental authority. (Ord. C-5625 § 6 (part), 1980: prior code § 7231.11)

16.12.240 Unseaworthy vessels.

No person shall moor, anchor or allow to remain within the near shore ocean area or upon the beaches adjacent thereto any vessel of any kind whatsoever which is unseaworthy, dilapidated or in a badly deteriorated condition, or which is likely to sink and damage docks, wharves, floats or other vessels or become a menace to navigation. Any vessel in such condition is declared to be a public nuisance and shall be subject to removal and sale in accordance with the provisions of Section 16.08.710. (Ord. C-5625 § 6 (part), 1980: prior code § 7231.12)

16.12.250 Aircraft.

No person shall land on, take off from, or operate any aircraft on the waters of the near shore ocean area. (Ord. C-5625 § 6 (part), 1980: prior code § 7231.13)

16.12.260 Sanitation.

No person shall throw, discharge, deposit or leave any refuse, sewage, oil or water matter of any description upon or into the waters of the near shore ocean area, and no person shall discharge or deposit material of any kind on the banks, walls, sidewalks or beaches that border the near shore ocean area where such material may be washed into the waters of the near shore ocean area by tides, stormwaters or otherwise. Any person that intentionally or negligently causes or permits any of said substances to be deposited or discharged into the waters of or upon a bank, sidewalk, seawall, wharf, wharf road, street leading to a wharf, float, pier, harbor structure or beach of the near shore ocean area shall be civilly liable to the City for all actual damages in addition to the reasonable costs actually incurred in the cleaning or abating activities. (Ord. C-5625 § 6 (part), 1980: prior code § 7231.14)

16.12.265 Penalty.

Violation of any provision of Sections 16.12.161 and 16.12.162 is an infraction punishable by a fine not to exceed one hundred dollars ($100.00). (Ord. C-7043 8 (part), 1992)

ARTICLE III. SOUTH SHORE SMALL BOAT LAUNCH RAMP, GOLDEN SHORE MARINE BIOLOGICAL RESERVE AND CATALINA LANDING*

16.12.270 Parking lot areas.

A. No person shall park a motor vehicle in the small boat launching ramp parking lot at South Shore unless such vehicle is towing a boat trailer or is carrying a boat. The provisions of this subsection do not apply to a person participating in an organized event under a permit issued by the Marine Bureau.

B. No person shall park in either South Shore small boat launching ramp or Catalina Landing or use either of the small boat launching ramp or Catalina Landing facilities except upon payment of a parking fee as prescribed in regulations enacted pursuant to Section 16.08.970. The provisions of this subsection do not apply to a person participating in an organized event under a permit issued by the Marine Bureau.

C. No person shall discharge waste material from, sleep in, or store a trailer, camper or other vehicle in the small boat launching ramp and Catalina Landing parking lots.

D. The launching ramp and parking lots of either South Shore or Catalina Landing shall be used in accordance with regulations enacted pursuant to Section 16.08.970 and, where applicable, in accordance with the terms and conditions of permits issued by the Marine Bureau. (ORD-22-0020 § 11, 2022; Ord. C-5956 § 24, 1983; Ord. C-5625 § 6 (part), 1980: prior code § 7232)

***Editor's note**—ORD-22-0020 § 7, 2022, amended the title of Art. III to read as herein set out. The former Art. III was entitled "Golden Shore Small Boat Launching Basin and Catalina Landing".

16.12.280 Prohibited Acts.

No person shall:

A. Operate a boat within the Golden Shore Marine Biological Reserve, South Shore Small Boat Launch or Catalina Landing at a speed in excess of five (5) miles per hour.

B. Tow any object, except a disabled vessel, or trail any line within the Golden Shore Marine Biological Reserve or Catalina Landing.

C. Fish or swim within the South Shore Small Boat Launch Ramp, Golden Shore Marine Biological Reserve or Catalina Landing.

D. Berth a vessel at the South Shore Small Boat Launch Ramp, except for purposes of loading and unloading for periods not to exceed one-half (1/2) hour respectively.

E. Leave vessels, trailers or vehicles unattended on the South Shore small boat launch ramp or South Shore small boat launch ramp docks. (ORD-22-0020 § 12, 2022; Ord. C-6252 § 2, 1986: Ord. C-5956 § 25, 1983; Ord. C-5625 § 6 (part), 1980: prior code § 7232.1)

ARTICLE IV. CLAREMONT AVENUE LAUNCHING RAMP

16.12.290 Launching fees.

No person shall use the Claremont Avenue launching ramp without first paying a launching fee as prescribed in regulations enacted under Sec-

tion 16.08.970. (Ord. C-5625 § 6 (part), 1980: prior code § 7233)

16.12.300 Prohibited acts.

Within the Claremont Avenue launching ramp area, no person shall:

A. Park any motor vehicle unless the vehicle is towing a boat trailer or is carrying a boat;

B. Discharge waste material from, sleep, cook, or store any house trailer, camper or motor home;

C. Store any boat trailer on the surfaced portion of the launching ramp. Boat trailers may be temporarily stored on sand areas of the beach in the near vicinity of the surfaced portions of the launching ramp area;

D. Use the launching ramp facilities except in accordance with rules and regulations promulgated by the Director of the Marine Department and approved by the City Council. (Ord. C-5625 § 6 (part), 1980: prior code § 7233.1)

CHAPTER 16.16 PARKS AND BEACHES*

16.16.010 Prohibited acts.

No person shall do any of the acts hereafter enumerated within the limits of any public park, public beach, beach area parking lot, bicycle path, public building or enclosure, or public amphitheater or plaza:

A. Lead or turn loose any animal. Except on bicycle paths, public beaches or public school grounds, this Subsection shall not apply to dogs when led by a leash no more than eight feet (8') in length;

B. Cut, break, injure, deface, remove, or disturb any tree, shrub, plant, flower, fence, monument, or other structure, or store personal belongings in areas designated by the Director of Parks, Recreation and Marine. The Director of Parks, Recreation and Marine is authorized to place and maintain or cause to be placed and maintained proper signs designating the areas where such storage is prohibited;

C. Swim, bathe, wade in, or pollute any water fountain, pond, lake, or stream except in those places designated by the Director of Parks, Recreation and Marine for that purpose. The Director of Parks, Recreation and Marine is authorized to place and maintain or cause to be placed and maintained proper signs designating the prohibited activities;

D. Make or kindle any fire except in a permanent or portable enclosure installed or maintained by the City for that purpose;

E. Camp, except in areas designated by the Director of Parks, Recreation and Marine for that purpose. The Director of Parks, Recreation and Marine is authorized to place or maintain or cause to be placed and maintained proper signs designating permitted camping areas. As used in this Section, "camping" means residing in or using a park or beach for living accommodation purposes, as exemplified by remaining for prolonged or repetitious periods of time not associated with ordinary recreational use of a park or beach with one's personal possessions (including, but not limited to, clothing, sleeping bags, bedrolls, blankets, sheets, luggage, backpacks, kitchen utensils, cookware, and similar material), sleeping or making preparations to sleep, storing personal belongings as above defined, regularly cooking or consuming meals, or living in a parked vehicle. These activities constitute camping when it reasonably appears, in light of all the circumstances, that a person(s) is using a park or beach as a living accommodation regardless of their intent or the nature of any other activities in which they might also be engaging;

F. Distribute, post or display any handbills, notices, papers, or any other advertising matter of any description, or offer or solicit for sale advertising or real estate;

G. Play or engage in any game except in those places designated for that purpose;

H. Throw or deposit any bottles, tin cans, broken glass, papers, clothes, iron or any rubbish or refuse except in the receptacles furnished for that purpose;

*Cross reference—For provisions on the Director of Recreation, see the City Charter.

I. Play any musical instrument or any electrically amplified music in a manner which will disturb the peace and quiet of any neighborhood or person;

J. Ride upon or in any paddleboard, bellyboard, raft, canoe, float, or inflatable or rigid watercraft of any type upon any body of water, either temporary or permanent, within any public park without first having obtained a permit from the Director of Parks, Recreation and Marine;

K. Remain or stay, or store personal belongings, between the hours of ten o'clock (10:00) p.m. and one (1) hour before sunrise at any public park, public beach, public building or enclosure or public amphitheater or plaza. However, the Director of Parks, Recreation and Marine, in consultation with the Chief of Police, is authorized to alter hours of closing temporarily at any public park, public beach, beach and marina parking lot, public building or enclosure, or public amphitheater or plaza in the interest of public safety, health, or welfare, and no person shall remain or stay while any of the foregoing facilities are closed by the Director. This Subsection shall not apply to any person attending an activity, program, concession or special event, or the parking of a vehicle overnight, for which a City permit has been issued;

L. Leave any kite board control line laying on the beach when the parasail kite is not in use. Control lines should be secured in such a manner so as not to create an obstruction for any City equipment or vehicles, or for patrons of the beach;

M. Flying a kite within one hundred feet (100') of the bike path;

N. Allowing kite control lines to cross the bike path while flying a kite;

O. Notwithstanding the provisions of Subsection 16.16.010.K:

1. The beach from the easterly portion of Belmont Pier to the westerly portion of the Belmont pool building shall be open between the hours of ten o'clock (10:00) p.m. and twelve o'clock (12:00) midnight.

2. Walking, jogging, or fishing (by members of the public having on their possession a valid California fishing license) shall be allowed on the wet sand of all beaches between the hours of ten o'clock (10:00) p.m. and twelve o'clock (12:00) midnight. "Wet sand" shall be defined, for the purpose of this Section, as that portion of the beach that is wet as a result of the wash of the waves or tidal action. Individuals may go to or come from the wet sand, for one of the purposes allowed, between the hours of ten o'clock (10:00) p.m. and twelve o'clock (12:00) midnight by the most direct route available at any given location.

P. On the Fourth of July, beaches and beach parking lots shall be closed from twelve o'clock (12:00) midnight to one (1) hour before sunrise;

Q. For holidays not enumerated in this Section or for special events for which a permit has been issued pursuant to Chapter 5.60 of this Code, the Director of Parks, Recreation and Marine, in consultation with the Chief of Police, may adjust the hours of operation of beach or beach parking lots so that they may be used until twelve o'clock (12:00) midnight on such occasions;

R. Smoking shall be banned on City beaches, the beach bike path and City beach launch ramps as more specifically set forth in Chapter 8.68 of this Code.

S. Entry Outside Posted Hours Prohibited. The Director of Parks shall be authorized to designate the hours of operation or the business hours for any fenced, gated, or otherwise enclosed grounds, area, structure or facility of the Department of Parks, Recreation and Marine by providing reasonable notice to the public by signs and/or posting. Except during the posted hours of operation or business hours, no person shall enter, occupy, remain, or otherwise be within any fenced, gated, or otherwise enclosed grounds, area, structure or facility without prior authorization from the Director of Parks, Recreation, and Marine or the Director's designee. The hours of operation or business hours shall be posted at the public entry of each fenced, gated, or otherwise enclosed grounds, area, structure or facility subject to this Subsection. The provisions of this Section shall not apply to a peace officer, security officer, emergency personnel or employee of the Department of Parks, Recreation and Marine acting in an

official capacity. (ORD-07-0027 § 1, 2007; ORD-07-0023 § 1, 2007; Ord. 05-0015 § 2, 2005; Ord. C-7926 § 3, 2004; Ord. C-7211 § 3, 1994: Ord. C-7118 § 3, 1993: Ord. C-7043 § 5 (part), 1992: Ord. C-6694 § 1, 1990; Ord. C-6637 § 1, 1989; Ord. C-6445 § 1, 1987; Ord. C-6132 § 1, 1985; Ord. C-5956 §§ 26—31, 1983; Ord. C-5624 § 1 (part), 1980: prior code § 7300)

16.16.015 Designated skatepark.

A. "Designated Skatepark" means an area within a park or other public property which is posted as a skatepark permitting one (1) or more skate activities, and which is reserved exclusively, either during all hours of operation, or during posted times, for one (1) or more skate activities.

B. "Director" means the Director of Parks, Recreation and Marine or his designee.

C. "Skate activity" means the use of any non-motorized recreational apparatus with wheels.

D. "Skater" means any person participating in a skate activity.

E. The Director is authorized to temporarily designate an area on any public property as a designated skatepark.

F. Skaters must wear a safety helmet, elbow pads and kneepads at all times while participating in a skate activity within a designated skatepark.

G. No person, other than a skater as authorized and posted pursuant to Section 16.16.017, is permitted within a designated skatepark, except that spectators may sit or stand in areas designated for that purpose.

H. No organized activity, event or competition shall take place in any designated skatepark without the written permission of the Director.

I. No portion of any designated skatepark may be modified, altered, or added to in any manner without the written permission of the Director.

J. Skate activities are limited within the designated skatepark to surfaces, equipment or obstacles installed for that purpose. No skate activity is permitted on walls or other boundary structures or seating areas immediately surrounding or adjoining the designated skatepark.

K. Children under the age of fourteen (14) are not permitted to use skateparks without adult supervision.

L. All non-motorized recreational apparatus with wheels shall be in good working order, properly equipped and in a condition which does not cause mud or dirt to be deposited in the skatepark.

M. The Director is authorized to post additional rules he determines are necessary for the safe operation of the designated skatepark.

A violation of this Section shall be an infraction punishable by a fine of not more than one hundred dollars ($100.00) for a first offense and not more than two hundred dollars ($200.00) for a second offense within a twelve (12) month period. Three (3) or more violations of this Section within a twelve (12) month period may be charged as a misdemeanor. (ORD-12-0005 § 1, 2012; Ord. C-7946 §§ 2, 3, 2004; Ord. C-7701 § 1, 2000)

16.16.017 Non-motorized recreational apparatus with wheels in designated skateparks.

A. "Bike Rider" means a person using a non-motorized recreational apparatus with wheels in a designated skatepark.

B. "Non-motorized recreational apparatus with wheels" means any type of recreational or sports apparatus without a motor that is propelled by human force and moves on wheels, such as a bicycle, skateboard, scooter, in-line skates, etc.

C. "Director" means the Director of Parks, Recreation and Marine or his designee.

D. All non-motorized recreational apparatus with wheels shall be in good working order, properly equipped and in a condition which does not cause mud or dirt to be deposited in the skatepark.

E. On a trial basis, the utilization of non-motorized recreational apparatus with wheels is permitted in all City owned skateparks during hours determined by the Director.

F. Bike Riders must wear a safety helmet, elbow pads and kneepads at all times while riding within the skatepark.

G. The Director is authorized to post additional rules he determines are necessary for the safe operation of the designated skatepark.

H. The Director shall have the discretion to terminate the pilot program prior to its scheduled conclusion.

I. This Section shall cease to be of any effect on February 28, 2013, unless extended.

A violation of this Section shall be an infraction punishable by a fine of not more than one hundred dollars ($100.00) for a first offense and not more than two hundred dollars ($200.00) for a second offense within a twelve (12) month period. Three (3) or more violations of this Section within a twelve (12) month period may be charged as a misdemeanor. (ORD-12-0005 § 2, 2012; Ord. C-7946 § 4, 2004)

16.16.020 Picnic permits.

No event, picnic, celebration, parade, ceremony, service, or exercise involving more than twenty-five (25) persons may be conducted or held in or upon any public park, public building or place under the jurisdiction of the Recreation Commission without first obtaining a permit to do so from the Recreation Department or upon the granted tide and submerged lands without first obtaining a permit to do so from the Manager of the Marine Bureau. (Ord. C-5956 § 32, 1983: Ord. C-5624 § 1 (part), 1980: prior code § 7300.1)

16.16.030 Climbing over bluff or cliff.

No person shall climb over, upon, across, up or down any bluff or cliff bordering the Pacific Ocean in the City at any place other than a stairway or passageway maintained for the purpose of reaching the beach or ocean; provided, however, that this Section shall have no application to the owner, his agent, or licensee of property abutting upon the shore of the Pacific Ocean upon which there is any bluff or cliff. (Ord. C-5624 § 1 (part), 1980: prior code § 7300.2)

16.16.040 Sand removal.

No person shall remove and transport any sand from a public beach or other public place. (Ord. C-5624 § 1 (part), 1980: prior code § 7300.3)

16.16.050 Nudity.

No person shall appear, bathe, sunbathe, walk, or be in any public park, playground, beach, or the waters adjacent thereto in such a manner that the genitals, vulva, pubis, pubic symphysis, pubic hair, buttocks, natal cleft, perineum, anus, anal region, or pubic hair region of any person, or any portion of the breast at or below the upper edge of the areola thereof of any female person, is exposed to public view or is not covered by an opaque covering. This Section shall not apply to children under the age of ten (10) years. (Ord. C-5624 § 1 (part), 1980: prior code § 7300.4)

16.16.060 Sale or solicitation permit.

A. With the exception of vending as permitted by Chapter 5.73 of this Code, no person shall offer, provide, sell, rent or solicit for sale or rent any goods, equipment, merchandise, food, service or instruction on, at or from any public beach, marina, park, street or within any public place, facility, building or structure situated upon the tide and submerged lands granted to the City by the State pursuant to Chapter 676, Statutes Of 1911, Chapter 102, Statutes Of 1925, Chapter 158, Statutes of 1935, as interpreted by Chapter 29, Statutes of 1956, first extraordinary session, and Chapter 138, Statutes of 1964, first extraordinary session, or situated at or adjacent to Colorado Lagoon, Marine Stadium East and Marine Stadium West without first obtaining a permit to do so from the Manager of the Marine Bureau.

B. With the exception of vending as permitted by Chapter 5.73 of this Code, no person shall offer, provide, sell, rent or solicit for sale or rent any goods, equipment, merchandise, food, service or instruction in, at or from any public park or place under the jurisdiction of the Recreation Commission without first obtaining a permit to do so from the Director of the Department of Parks and Recreation. (ORD-24-0002 § 17, 2024; Ord. C-6118 § 1, 1984: Ord. C-5956 § 33, 1983: Ord. C-5624 § 1 (part), 1980: prior code § 7300.5)

16.16.070 Hang gliding.

No person shall launch or operate manned gliders, including, but not limited to, those now commonly referred to as "hang gliders", from the top or face of any bluff or cliff bordering the

Pacific Ocean in the City, without first obtaining a permit from the Manager of the Marine Bureau designating the time, the place, the operator and such conditions as may be required to assure public safety. The Manager of the Marine Bureau may refuse to issue any such permit if in his opinion to do so would cause undue danger or inconvenience to persons using the public beach or other property, or would require an undue expenditure of public funds to protect users of the public beach or other property. (Ord. C-5956 § 34, 1983: Ord. C-5624 § 1 (part), 1980: prior code § 7300.6)

16.16.080 Park rangers.

A. Those employees of the City holding the classified position of Park Ranger and regularly employed as such and having the primary duty of protection of park property and preservation of peace therein are designated as peace officers for purposes of Section 12031 of the Penal Code while engaged in the performance of the official duties of the classified position of Park Ranger.

B. Nothing in this Section is intended to or shall operate to change or shall have the effect of changing the status of employees of the City holding the classified position of Park Ranger from public or miscellaneous officers or employees to individual peace officers or safety members or classes of peace officers or safety members for purposes of retirement, workers' compensation or similar injury or death benefits or any other employee benefit or benefits to which the employees would not have been entitled as a public employee prior to the adoption of this Section. (Ord. C-5499 § 1, 1979: Ord. C-5244 § 1, 1976: prior code § 7510.12)

16.16.090 Glass on beaches and bicycle paths.

No person shall possess any glass container, cup, jar, bottle or any other similar glassware on a public beach or bicycle path. (Ord. C-7043 § 5 (part), 1992: Ord. C-5898 § 1, 1982)

16.16.100 Prohibition against overnight parking in Shoreline Park.

Except as provided in Chapter 16.54, no person shall park any vehicle, bus, camper, house car, trailer coach or any other vehicle adopted for human habitation or occupancy in Shoreline Park between the hours of twelve o'clock (12:00) midnight and five o'clock (5:00) a.m. The City Manager shall place and maintain or cause to be placed and maintained signs giving notice of the parking restrictions provided for in this Section. (Ord. C-6001 § 2, 1983)

16.16.110 Restrictions on use of park above main library.

The park and grounds above the main library shall be closed for public use between the hours of six o'clock (6:00) p.m. and six o'clock (6:00) a.m.

Except for authorized public employees, no person shall use, occupy or enter the park and grounds above the main library between the hours of six o'clock (6:00) p.m. and six o'clock (6:00) a.m.

The City shall place and maintain appropriate signs giving notice of this restricted public use of this park.

A violation of this Section shall be an infraction subject to a maximum fine of one hundred fifty dollars ($150.00) for the first offense and two hundred dollars ($200.00) for the second offense. A third violation within any twelve (12) month period shall be deemed a misdemeanor. (Ord. C-6396 § 1, 1987)

16.16.120 El Dorado Park West—Acts prohibited.

A. No person shall fish or bring to or have possession of any fishing equipment at the lake off Studebaker Road in El Dorado Park West. "Fishing equipment" includes hook, line, sinker, fishing rod, net, or any other equipment or item used to catch fish. Fishing equipment brought to or possessed at the lake in El Dorado Park West may be confiscated by a peace officer or Park Ranger.

The City Manager or his designee is authorized to place and maintain signs giving notice hereof.

B. A violation of this Section shall be an infraction punishable by a fine of not more than one hundred dollars ($100.00) for a first offense

and not more than two hundred dollars ($200.00) for a second offense within a twelve (12) month period. Three (3) or more violations of this Section within a twelve (12) month period may be charged as a misdemeanor. (Ord. C-6707 § 1, 1990)

16.16.130 Biological reserve—Acts prohibited.

No person, except employees of the City in the performance of their duties, shall do any of the following acts in any biological reserve located within the City of Long Beach:

A. Cut, break, injure, deface, remove or disturb any plant, or capture, trap, injure, remove or kill any animal, provided, however that: (1) with the permission of the City's Director of Parks, Recreation and Marine, volunteers may engage in maintenance and study activities consistent with the protection and propagation of native species of plants and animals in self-sustaining habitats, with the education of the public about native plants, animals and their habitats, and with the appreciation and viewing of native plants, animals and their habitats; and (2) with a permit from the City's office of special events, filmmakers may use a portion of a biological reserve for filming as long as they do not disturb plants or wildlife.

B. Swim, bathe or wade, or sail, paddle, or row any boat, canoe, raft, paddleboard, bellyboard, surfboard, or inflatable or rigid watercraft, or fish, spear, or net any sea creature, or operate a model boat in water areas, except that these activities may be performed under the supervision of an employee of the Department of Parks, Recreation and Marine.

C. Plant, water, or nourish any plant, or release any animal, or feed or provide water for any animal except with the permission of the Director of Parks, Recreation and Marine.

D. Lead, walk, or turn loose any animal. This Subsection shall not apply to dogs when led by a leash no more than eight feet (8') long if there is a sign posted that permits this activity.

E. Make or kindle any fire except under the supervision of the Fire Department.

F. Walk off established trails.

G. Ride or drive a bicycle, skateboard, roller skates, in-line skates, scooters, razors, or any other wheeled vehicles, motorized or nonmotorized, on or off trails, unless there is a sign posted to allow such activities.

H. Enter, except during the hours posted for public access.

I. Camp or engage in any activity prohibited in Section 16.16.010. (Ord. C-7879 § 1, 2003)

16.16.140 Park Playgrounds—Adults not accompanying children ages 12 and under prohibited.

A. No adult shall be present on any City park playground unless the adult is accompanying a child or children age 12 and under, lawfully under their custody or control, including a parent or guardian, babysitter, caretaker or other designee of a parent or guardian having sole or joint supervisory responsibility over the child, using such playground.

B. "Park playground" or "playground" for purposes of this Section means any park area which has been designated by the Department of Parks, Recreation and Marine Director, or designee, as a "Kids Zone", and on which clear and visible signage has been posted providing notice of such "Kids Zone" status and the prohibition in Subsection A. (ORD-22-0031 § 1, 2022)

CHAPTER 16.20 EL DORADO PARK EAST

16.20.010 Definitions.

The words set forth in this Section shall have the following meaning when used in this Chapter:

A. "El Dorado Park East" means that area of the City bounded on the north by commonly shared boundaries of the Community Gardens, Police Pistol Range and Navy Hospital, on the east by the San Gabriel (605) Freeway, on the south by the confluence of the San Gabriel River and Coyote Creek, and on the west by the San Gabriel River Control Channel.

B. The terms "motorized bicycle" and "motor vehicle" have the same meaning as the definitions

therefor set forth in Vehicle Code Sections 406 and 415, respectively. (Ord. C-5475 § 1 (part), 1979: prior code § 7320)

16.20.020 Entry fee authorized.

The Recreation Commission is authorized to establish a fee or fees for each motor vehicle and motorized bicycle entering El Dorado Park East. The Commission shall establish the fee or fees at such amount or amounts as will enable the City to recover its costs of operation, maintenance, management, supervision, development and promotion of use by the public of El Dorado Park East. (Ord. C-5475 § 1 (part), 1979: prior code § 7320.1)

16.20.030 Payment of fee required.

No person shall drive a motor vehicle or motorized bicycle into, or otherwise cause a motor vehicle or motorized bicycle to enter, El Dorado Park East without payment of the entry fee therefor established by the Recreation Commission. (Ord. C-5475 § 1 (part), 1979: prior code § 7320.2)

16.20.040 Exemptions.

The following motor vehicles and motorized bicycles, and the operators thereof, shall be exempt from the provisions of this Chapter:

A. Such vehicles owned by the United States, by the State or by any political subdivision thereof, or by any municipality duly organized under the Constitution or laws of the State;

B. Such vehicles owned by a public utility while used in the conduct of its business;

C. Such vehicles used in conjunction with the supervision, management, promotion, or conduct of public recreation activities of the City, provided the operator thereof is in possession of and displays a vehicle entry pass issued by the Director of Recreation or his authorized representative. (Ord. C-5475 § 1 (part), 1979: prior code § 7320.3)

16.20.050 Special regulations—Prohibition against parking except in designated areas.

No person shall park, stand or stop any vehicle upon any road in El Dorado Park East except within parking spaces designated by lines or marks on the curbs or pavement. The Department of Parks and Recreation shall place and maintain, or cause to be placed and maintained, signs and markings giving notice of the parking restrictions provided for in this Section. (Ord. C-6350 § 1 (part), 1987)

16.20.060 Special regulations—Prohibition against vehicles of excessive length.

A. Unless directed by an authorized City employee, no person shall park, stand, or stop any bus, recreational vehicle or any other vehicle of excessive length within El Dorado Park East in such a manner as to occupy more than one (1) parking space or as to constitute an obstruction of the traffic lanes. For the purpose of this Section the definition of a "bus" shall be that set forth in California Vehicle Code Section 223.

B. All vehicles of such excessive length shall park in the areas designated for such vehicles within El Dorado Park East so as not to constitute an obstruction of the traffic lanes. The Department of Parks and Recreation shall place and maintain, or cause to be placed and maintained, signs giving notice of the parking restrictions provided for in this Section. (Ord. C-6350 § 1 (part), 1987)

16.20.070 Special regulations—Prohibitions against parking on grass areas.

No person shall drive, park, stand or stop any vehicle upon any grass area in El Dorado Park East unless directed to do so by an authorized City employee or in a designated area. The Department of Parks and Recreation shall place and maintain, or cause to be placed and maintained, signs giving notice of any grass area where parking is permitted. (Ord. C-6350 § 1 (part), 1987)

16.20.080 Special regulations—One-way streets.

A. No person shall drive or operate any vehicles on the streets of El Dorado Park East in a direction other than designated for one-way traffic. The Department of Parks and Recreation shall place and maintain, or cause to be placed or maintained, signs giving notice of the parking restrictions provided for in this Section and giving notice of the appropriate one-way traffic direction.

B. Certain areas of El Dorado Park East shall be designated for two-way traffic flow as an exception to Subsection 16.20.080.A. Signs indicating the direction of lawful traffic movement in these areas shall be placed by the Department of Parks, Recreation and Marine as follows:

1. From the Nature Center parking lot to the intersection north of the Spring Street tunnel;

2. From the intersection south of the Wardlow tunnel to the intersection north of the same;

3. From the intersection north of Fire Station Five north to the ranger station;

4. From the intersection north of the fire station to a point three hundred feet (300') north of the intersection north of Wardlow tunnel;

5. From the intersection south of the Wardlow tunnel to the intersection north of the westbound Spring Street ingress/egress to the park;

6. From a point three hundred feet (300') north of the intersection north of the Wardlow tunnel to the north boundary of El Dorado Park East;

7. From the intersection south of Wardlow tunnel to the intersection of the eastbound entrance/exit of El Dorado Park East south of Wardlow Road. (Ord. C-7515 § 1, 1997; Ord. C-7178 § 3, 1994; Ord. C-6350 § 1 (part), 1987)

16.20.090 Penalty.

Violation of or failure to comply with any special regulations in this Chapter constitutes an infraction as provided in Section 40000.1 of the Vehicle Code and penalties for such infractions shall be as set forth in Article I, Chapter I, Division 18 of the Vehicle Code. (Ord. C-6350 § 1 (part), 1987)

CHAPTER 16.22 EL DORADO EAST NATURE CENTER

16.22.010 Fishing prohibited.

No person shall fish or bring onto or have possession of any fishing equipment on the grounds of the El Dorado East Nature Center. "Fishing equipment" includes hook, line, sinker, fishing rod, net or any other equipment used to catch fish. Fishing equipment illegally brought onto the grounds of El Dorado East Nature Center may be confiscated by an authorized Police Officer or Park Ranger.

The City Manager is authorized to place and maintain signs giving notice of the contents of this Chapter. (Ord. C-6557 § 1 (part), 1989)

16.22.020 Penalty.

A violation of this Chapter shall be an infraction punishable by a fine of not more than one hundred dollars ($100.00) for a first offense and not more than two hundred dollars ($200.00) for a second offense within a twelve (12) month period. Three (3) or more violations of this Chapter within a twelve (12) month period may be charged as a misdemeanor. (Ord. C-6557 § 1 (part), 1989)

CHAPTER 16.24 PARK CLUBHOUSE

16.24.010 Definitions.

A. "Permit" means the written, typewritten or printed permission issued to a permittee in accordance with the provisions of this Chapter.

B. "Permittee" means the person who is granted a permit in accordance with the provisions of this Chapter.

C. "Recreation Park Clubhouse" means the clubhouse located in Recreation Park at 5000 East Anaheim Street. (Prior code § 7490.5)

16.24.020 Supervision.

The Director of Parks, subject to the direction and control of the City Manager, is vested with the authority, and it shall be his duty, to supervise and manage the Recreation Park Clubhouse, and to issue permits for the use thereof, in accordance with the subject to the terms, conditions, limitations and restrictions contained in this Chapter. (Prior code § 7490.10)

16.24.030 Permit—Required.

No person shall use the social hall of the Recreation Park Clubhouse without first having obtained a permit in writing to do so from the Director of Parks. The permit shall be issued on a printed form supplied by the Director of Parks and shall contain the information necessary to determine the facilities, arrangements and special services necessary for any event scheduled at the clubhouse. The permit shall be signed by the Director of Parks and the permittee. (Prior code § 7490.15)

16.24.040 Services performed by City.

No service shall be furnished to permittee other than the normal facilities available at the clubhouse. Such facilities shall include lights, public address system and janitor service, including setting up and removing City-owned tables and chairs. (Prior code § 7490.20)

16.24.050 Permit—Fee—Designated.

Permits for the use of clubhouse facilities, except when issued without charge as elsewhere

provided for in this Chapter, shall be issued only upon payment of a fee or fees as determined by the City Council by resolution. (ORD-10-0014, § 22, 2010; Prior code § 7490.25)

16.24.060 Afternoon and evening periods designated.

The words "afternoon" and "evening" shall be deemed to apply, respectively, to periods of occupancy between the hours of twelve o'clock (12:00 p.m.) noon to six o'clock (6:00) p.m. and six o'clock (6:00) p.m. to midnight. (Prior code § 7490.30)

16.24.070 Permit—Fee—Exemption.

The Director of Parks, with the approval of the City Manager, may issue a permit for the use of Recreation Park Clubhouse, or any part thereof, without charge to any reputable person or organization when the use does not conflict with other reservations for which a rental is paid, and when, in the opinion of the Director of Parks, the proposed use is purely patriotic or civic in nature or to meet some public necessity. The permit shall be subject to the following terms and conditions:

A. The function must be of City-wide interest in scope and shall not be for the purpose of furthering the interests of any individual, organization or group;

B. No admission charge or collection shall be made. (Prior code § 7490.35)

16.24.080 Permit—Cancellation.

The permittee may request the cancellation of the permit at any time prior to the reserved date. The Director of Parks may cancel the permit for any cause beyond the control of either party thereto. If the permit is canceled by permittee at least twenty-four (24) hours prior to the reserved date, or if the permit is canceled by the Director of Parks, the permittee shall be entitled to a refund of the rental paid. (Prior code § 749O.40)

16.24.090 Use regulations.

A. The permittee shall comply with all rules and regulations for the use of the Recreation Park Clubhouse as adopted and issued from time to time by the City Manager or the Director of Parks and shall comply with all laws and ordinances affecting the use and occupancy of the clubhouse.

B. No oral agreement for the use of the Recreation Park Clubhouse, or any part or facility thereof, shall be binding upon the City. The permit, when issued and accepted, shall constitute the contract between the City and the permittee.

C. By the acceptance of a permit, as provided in this Chapter, permittee thereby covenants and agrees to save and keep the City, its officers and employees, free and harmless from any and all liability for loss, injury or damage to any person, persons or property, including damages to the property of the City, which may be sustained or suffered by or imposed upon the City, its officers or employees by reason of the use and occupancy of the Recreation Park Clubhouse by the permittee or by any person or persons participating in or attending the function for which the permit is issued.

D. Permittee shall promptly pay any and all federal, State, County and City taxes which may be imposed upon the permittee by reason of the use and occupancy of the Recreation Park Clubhouse. (Prior code § 7490.45)

CHAPTER 16.28 MUNICIPAL GOLF COURSES

16.28.010 Definitions.

"Municipal golf courses", when used in this Chapter, means the golf courses in Recreation Park, at Skylinks, in El Dorado Park and such other golf courses which may be operated by the City. (Prior code § 7480)

16.28.020 Fees.

The fees for use of the municipal golf courses shall be established by resolution of the City Council. (Ord. C-5677 § 1, 1980: Ord. C-5602 § 1, 1980: Ord. C-5515 § 1979: Ord. C-5400 § 1, 1978: Ord. C-53l4 § 1, 1977: prior code § 7480.1)

16.28.030 Fee exemptions authorized.

A. Notwithstanding any provision contained in this Chapter, the City Manager shall have the

authority to issue annual passes waiving the payment of fees set forth in this Chapter as he may deem proper or appropriate.

B. The City Manager shall have the authority to exempt from the greens fees set forth in this Chapter, tournament participants in City-sponsored golf tournaments, official golf teams from schools of the Long Beach Unified School District, members in good standing of the Professional Golfers Association and their spouses, and others, when in his discretion such exemption is in the best interest of the successful operation of the municipal golf courses, the promotion of golf as a sport, and/or in accordance with commonly accepted policy and tradition on other publicly-owned golf courses. (Prior code § 7480.2)

16.28.040 Rules authority.

The City Manager shall have the authority to regulate the hours the municipal golf courses are open for play, to establish golf course rules and regulations, to refuse the right to play or to make reservations for play to any individual or individuals for misconduct, and to approve any golf tournaments or special events proposed to be held on the municipal golf courses. (Prior code § 7480.3)

16.28.050 Rules compliance required.

It is unlawful for any person to commence or engage in the play of golf in or upon any of the municipal golf courses without first having paid the fees prescribed in this Chapter or unless a valid pass has first been obtained and in the immediate possession of the person to whom issued, or to fail to comply with any of the rules and regulations pertaining to the use of the golf courses and to those portions of municipal clubhouses used in connection with golf activities. (Prior code § 7480.4)

16.28.060 Reservations—Registration card.

Reservations for golf course starting times shall be made in accordance with the following procedures:

A. Golfers must be registered with the Park Department in order to make reservations by telephone for a starting time on a day other than the day of play.

B. A numbered registration card will be issued to any person upon completion of application and payment of a ten dollar ($10.00) registration fee.

C. Applications for registration cards may be obtained at all golf courses, or may be secured by writing to the Long Beach Park Department, 2760 Studebaker Road, Long Beach, California 90815.

D. Registration cards for golf course reservations are valid for three (3) years from the date of issuance. (Ord. C-5443 § 1, 1978; prior code § 7480.6)

16.28.070 Reservations—Procedure.

Reservations at municipal golf courses may be made in accordance with the following procedures:

A. Reservations on the day of play may be made in person or by telephoning the golf course starter.

B. Advance reservations prior to the day of play may be made only by telephoning the golf central reservations office located at 2760 Studebaker Road, Long Beach, California 90815. Advance reservations shall be made in accordance with rules and regulations established from time to time by the City Manager. (Prior code § 7480.7)

16.28.080 Reservations—Reassignment.

Golfers from the standby list will be assigned a previously reserved starting time unless the person who made the reservation complies with the following at least fifteen (15) minutes before the reserved starting time:

A. Pay all green fees for entire party.

B. Present to starter registration card and acceptable identification.

C. Give to starter names and green fee receipts for entire party. (Prior code § 7480.8)

16.28.090 Golf Starter Ranger authority.

A. Those employees of the City holding the classified positions of Golf Starter Ranger I and Golf Starter Ranger II shall have the duty of enforcing Section 16.28.050 and are authorized, pursuant to Penal Code Section 836.5, to arrest

persons and to prepare, issue and deliver to any such arrested person written notice to appear in court and to release such person from custody upon receiving from him his written promise to appear in court for any violation of Section 16.28.050.

B. Nothing in this Section is intended, or shall operate, or be construed, to change or have the effect of changing the status of any of the Starter Rangers from a miscellaneous officer or employee to that of a peace officer or safety member within the meaning of any statute, ordinance, resolution, rule or regulation or to entitle any of the Golf Starter Rangers to any employee benefit or benefits to which the Golf Starter Ranger would not have been entitled prior to the adoption of this Section. (Ord. C-5308 § 1, 1977: prior code § 7480.9)

CHAPTER 16.32 LONG BEACH CONVENTION CENTER

16.32.010 Purpose.

The purpose of this Chapter is to set forth provisions of general applicability pertaining to the use and occupancy of the Long Beach Convention Center which is held, administered and operated by the City as a tideland asset in accordance with the tideland trust established and created and defined by the legislative grants from the State in Chapter 676, Statutes of 1911, Chapter 102, Statutes of 1925 and Chapter 158, Statutes of 1935 and the provisions of Chapter 29, Statutes of 1956, First Extraordinary Session, Chapter 138, Statutes of 1964, First Extraordinary Session. (Ord. C-5316 § 1 (part), 1977: prior code § 7410)

16.32.020 Definitions.

As used in this Chapter:

A. "City Manager" is the City Manager of the City of Long Beach.

B. "Concession" is the privilege to enter upon and use the Long Beach Convention Center, or any part thereof or facility contained therein, for the purpose of providing food, beverages, goods or services, with or without charge, to patrons, customers or invitees at the Long Beach Convention Center. The term "concession" shall not include the sale of merchandise or products from a display or exhibit which has been otherwise authorized by the Manager.

C. "Long Beach Convention Center" is the complex of buildings and structures consisting of an arena, theaters, exhibit hall, meeting rooms, parking structure, parking lots or any other area building, structure or facility on or adjacent to the site bounded by Shoreline Drive on the south and east, Ocean Boulevard on the north and the southerly prolongation of Pine Avenue on the west except for such portions of the site as are now or hereafter may be leased to others by the City.

D. "Manager" includes and means the employee of the City of Long Beach or the person, firm, or entity acting under a contract with the City of Long Beach designated to manage and operate the center.

E. "Permit" is the written permission to use or operate a business at, on or adjacent to the Long Beach Convention Center or any portion thereof issued by the Manager pursuant to this Chapter. The term "permittee" includes any individual, partnership, corporation or association to whom such a permit is issued upon written application therefor.

F. "Person" includes any individual, partnership, corporation or association. (Ord. C-5896 § 1, 1982; Ord. C-5316 § 1 (part), 1977: prior code § 7410.1)

16.32.030 Manager's duties.

The Manager shall supervise, manage and administer the operations of the Center and issue all permits for the use and occupancy thereof. (Ord. C-5896 § 2, 1982: Ord. C-5316 § 1 (part), 1977: prior code § 7410.2)

16.32.040 Permit—Required.

No person shall use, occupy, operate any concession, or engage in any business activity in, upon or adjacent to the Center without first having

obtained a permit therefor from the Manager. (Ord. C-5896 § 3, 1982: Ord. C-5316 § 1 (part), 1977: prior code § 7410.3)

16.32.050 Permit—Application.

Any person desiring to use, occupy or engage in any business activity in, on or adjacent to the Long Beach Convention Center or any portion thereof may be required to complete and file with the Manager an application prior to the issuance of any permit therefor. The application shall contain such information as the Manager may deem necessary to determine the financial responsibility of the applicant, the facilities, special requirements and arrangements required for staging and management of any event. (Ord. C-5316 § 1 part), 1977: prior code § 7410.4)

16.32.060 Rules and regulations.

The City Manager, with the approval of the City Council, shall adopt, amend or repeal administrative rules and regulations governing the use and occupancy of the Center. In the event the Manager is a person, firm, or entity acting under contract with the City of Long Beach, the City Manager, with the approval of the City Council, shall include in any such contract such provisions and limitations as may be reasonably required. Any administrative rules and regulations in force as of the commencement date of a management contract for the operation of the Center shall be suspended during the term of any such contract. Upon the termination of any such management contract, the suspended administrative rules and regulations shall be automatically reinstated. (Ord. C-5896 § 4, 1982: Ord. C-5316 § 1 (part), 1977: prior code § 7410.5)

CHAPTER 16.36 VETERANS' MEMORIAL BUILDING

16.36.010 Definitions.

A. "Veterans' association" means any association or organization composed solely of persons who served honorably in time of war as members of the United States Army, Coast Guard, Navy, Marine Corps or Air Force, or who then being citizens of the United States served honorably in time of war as members of the Armed Forces of any nation whose government was allied with the United States during such war, and which are organized for patriotic, fraternal and benevolent objects.

B. "Auxiliary organizations," within the meaning of this Chapter shall be organizations wherein the membership consists solely of mothers, wives, or direct descendents of veterans as defined in this Section.

C. "Affiliated organizations," within the meaning of this Chapter, includes such organizations as bands, drum corps, drill teams or committees composed primarily of members of veterans' or auxiliary organizations.

D. "Allied veterans' organization" means those whose membership consists of veterans of allies of the United States in any of its wars, or consists of the mothers, wives, daughters or sons of such allied veterans.

E. "Nonveteran organizations" means all groups of individuals of any nature not specifically mentioned above.

F. The use of each of the halls or offices includes the use of hallways, corridors, stairways for ingress and egress, and necessary adjacent quarters. For the purpose of this Chapter the various units in the Veterans' Memorial Building shall be identified as follows:

Lodge Hall No. 1, west room, first floor

Lodge Hall No. 2, west room, second floor

Lodge Hall No. 3, west room, third floor

Lodge Hall No. 4, east room, third floor

Auditorium

Banquet Hall

Offices:

First Floor

No. 101, southwest corner

No. 102, southeast corner

No. 103, east side

Second Floor

No. 201, southwest corner

No. 202, southeast corner

No. 203, west side

Third Floor

No. 301, southwest corner

No. 302, southeast corner

No. 303, west side

No. 304, east side

Basement

No. B-1, southwest corner

No. B-2, southeast corner

G. "Manager," as used in this Chapter, means the Manager of the Veterans' Memorial Building. (Prior code § 7470)

16.36.020 Advisory Commission.

The United Veterans' Council Building Commission, as defined in the constitution of the Long Beach United Veterans' Council, may act in an advisory capacity in the determination of policies with respect to the uses and occupancy of the building and the conditions under which occupancy shall be obtained, and may transmit its recommendations to the City Manager. (Prior code § 7471)

16.36.030 Use regulations.

A. No organization may use the Veterans' Memorial Building without first having submitted an application, in writing, to the Manager. The application shall be filed on a form prescribed and provided for such purpose by the Manager. The Manager, at his discretion, may require organizations using the building to submit, at the time and in the form prescribed, a schedule of proposed occupancy and activities, setting forth all information necessary to determine the facilities and services required. Upon approval of the application by the City Manager, use of the building may be granted in conformity with these regulations. Such approval shall be applied for and renewed annually prior to July 1st of each year.

B. Except for special meetings scheduled at other hours or times, the building shall be opened at eight o'clock (8:00) a.m., daily, except Saturdays, Sundays and holidays, and shall be closed at twelve (12:00 a.m.) midnight. In the event that no meetings are conducted at night, the Manager is authorized to close the building. The building may be opened for other purposes at such times as the City Manager may direct.

C. In each of the units mentioned in Subsection 16.36.010.F, excepting the offices, an occupancy shall be considered the period between nine o'clock (9:00) a.m. and eleven thirty o'clock (11:30) a.m. or between one o'clock (1:00) p.m. and four o'clock (4:00) p.m. or between seven o'clock (7:00) p.m. and eleven-thirty o'clock (11:30) p.m. When quarters are assigned under application for use of the facilities of the building, the occupancy shall be designated as morning, afternoon or evening. (Prior code § 7472)

16.36.040 Rental fees.

Every organization, auxiliary or affiliate shall, for the use of the Veterans' Memorial Building or services, pay a rental fee to the City as determined by the City Council by resolution. (ORD-10-0014, § 23, 2010; Prior code § 7473)

16.36.050 Exemption from charges.

The City Manager may permit the use, without charge or with such charges as he deems advisable, of portions of the Veterans' Memorial Building by such nonveteran groups, associations, agencies or corporations as he determines advance the general public interest and welfare by their activities, subject to the following conditions:

A. Such use shall always be subordinate to the use of the building by veteran organizations and their auxiliaries;

B. Free use of any portion of the building shall not be permitted to any organization that charges an admission fee in connection with the use or which obtains any revenue from the use not immediately and solely devoted to the advancement of the general public interest and welfare;

C. Before the City Manager may permit any use of any portion of the building pursuant to this Section, he shall submit the matter of the application therefor to the United Veterans' Council Building Commission, which shall act in an advisory capacity thereon. The decision of the City Manager on the granting or withholding of such per-

mission shall, however, be final and conclusive. (Prior code § 7474)

CHAPTER 16.40 MUNICIPAL MARKET*

16.40.010 Definitions.

A. "Municipal market" means and includes a market for the sale of the commodities mentioned in this Chapter and such other commodities as may hereafter be permitted to be sold at the municipal market established and maintained for the public convenience. This municipal market shall be located along the east side of Cedar Avenue starting at a point sixteen feet (16') north of Ocean Boulevard, thence northerly two hundred sixty-two feet (262') to the southerly edge of the library service driveway, except for an intervening nineteen (19) foot crosswalk; or at such other locations as may be designated by the City Manager and subject to the approval of the City Council.

B. "Vendor" means and includes persons, helpers, officers, agents and employees doing business, or offering to do business at the municipal market. (Prior code § 7450)

16.40.020 Hours.

The municipal market shall be open for business from seven o'clock (7:00) a.m., to twelve o'clock (12:00) p.m. on every Tuesday, Thursday and Saturday; provided, that if any of the days is a holiday, the municipal market may, upon order of the Director of Public Service, be open for business on the preceding day; and provided further, that the municipal market shall not be open for business on Sunday, on the first day of January, the thirtieth of May, the fourth day of July, the first Monday in September, the last Thursday in November if the last Thursday in November is designated by proclamation by the President of the United States, if not so designated then any day so designated, or the twenty-fifth of December. In the event a parade or similar civic event is to be held in the vicinity of the municipal market on a day when it would usually be open for business, the Director of Public Service may, if he determines that the public safety and welfare so require, direct that the municipal market be closed for business on such day. The Director of Public Service shall, if practicable, give notice for one (1) week prior to the closing by posting a conspicuous notice therefor at the municipal market. If the market is closed for business for the day upon which a parade or similar civic event is held, the Director of Public Service may permit it to be opened for business for one (1) day on any preceding or succeeding Monday, Wednesday or Friday which is not a holiday. (Prior code § 7450.1)

16.40.030 Director of Public Service duties.

The Director of Public Service shall have supervision and control of the municipal market and shall receive applications, issue and revoke permits, collect revenues and perform such other duties as may be required by ordinance or resolution. (Prior code § 7450.2)

16.40.040 Spaces—Establishment.

The Director of Public Service shall divide the territory covered by the municipal market along the curblines into spaces six feet (6') in width and shall mark and number the spaces consecutively. The spaces shall extend from the curbline of Chestnut Avenue easterly twenty feet (20'). (Prior code § 7450.3)

16.40.050 Spaces—Use required.

No person, as principal, agent, employee or otherwise, conducting business at the municipal market shall place any goods, any stand, table or other equipment, or any automobile or other vehicle or any part of any thereof, outside of the space allotted for the business. (Prior code § 7450.4)

16.40.060 Spaces—Allotment.

The Director of Public Service shall allot spaces or portions of spaces to vendors holding permits as provided for in this Chapter, and no vendor shall occupy more than one (1) space nor more than one (1) location, nor any space or location

*Cross reference—For provisions on the Director of Public Service, see the City Charter.

not previously allotted to the vendor by the Director of Public Service. (Prior code § 7450.5)

16.40.070 Spaces—Forfeiture.

If any space is not occupied by the vendor to whom it has been allotted by eight a.m., on any market day, the vendor shall forfeit the right to use the space for the market day, and the same may thereafter be allotted to any other vendor for the market day; and the price paid by the forfeiting vendor shall be forfeited to the City. (Prior code § 7450.6)

16.40.080 Number of helpers.

Each vendor shall not have more than one (1) helper at the municipal market. (Prior code § 7450.7)

16.40.090 Sale to other vendors prohibited.

Vendors shall not sell or distribute any commodity to any other vendor at the municipal market. (Prior code § 7450.8)

16.40.100 Sanitation.

No vendor shall sell or offer for sale at the municipal market any commodity which is not wholesome, clean and sanitary. (Prior code § 7450.9)

16.40.110 Scales and measures.

Vendors shall not use scales, weights or measures which do not accurately conform to the standard of weights and measures of the State. (Prior code § 7450.10)

16.40.120 Protection from contamination.

Vendors shall keep all cooked food, game, relishes and dairy products in enclosed receptacles with solid coverings sufficient to effectively protect the contents thereof from dust, dirt and other foreign matter. (Prior code § 7450.11)

16.40.130 Height above street.

All commodities sold or offered for sale at the municipal market shall be kept not less than eighteen inches (18") above the surface of the street. (Prior code § 7450.12)

16.40.140 Distributing advertising or handbills.

No person, as principal, agent, employee or otherwise, shall distribute handbills, advertising matter, or literature of any kind at the municipal market. (Prior code § 7450.13)

16.40.150 Fixing prices.

No person, as principal, agent, employee or otherwise, shall combine with any other person to fix or regulate the price of any commodity or commodities at the municipal market. (Prior code § 7450.14)

16.40.160 Price signs.

Each vendor shall conspicuously display a readily legible sign, card or tag immediately adjacent to each classification or grade of commodity sold or offered for sale by him indicating the price of the commodity. (Prior code § 7450.15)

16.40.170 Restocking.

Vendors shall not acquire new stock or replenish their stock of commodities at the municipal market nor on any streets along which the municipal market is or may be located after eight-thirty a.m. of any market day. (Prior code § 7450.16)

16.40.180 Hawking prohibited.

Vendors shall conduct their business at the municipal market in an orderly and quiet manner and shall not solicit trade in an offensive manner nor by hawking or "spieling" in a loud voice. (Prior code § 7450.17)

16.40.190 Sanitation and cleanup.

Each vendor to whom space is allotted shall keep the space clean and sanitary; shall provide a receptacle sufficient to securely hold all of the rubbish and refuse of the vendor arid shall place all such rubbish and refuse in the receptacle; and shall within fifteen (15) minutes after the close of the municipal market, or after vacating the space,

remove the receptacle and all rubbish, refuse, goods, commodities and all other articles placed there by such vendor or that may have accumulated upon the space during the conduct of the municipal market. (Prior code § 7450.18)

16.40.200 Sales after hours prohibited.

No vendor shall sell or offer for sale any commodity at the municipal market after the time fixed for the closing of the business of the municipal market in this Chapter. (Prior code § 7450.19)

16.40.210 Commodities authorized for sale.

The following named commodities, and no others, unless specifically authorized by the Council, shall be sold or offered for sale at the municipal market:

A. Vegetables, fruit, nuts, eggs, poultry, game, dairy products, jams, jellies, preserves, honey, relishes;

B. Cooked foods, bread and pastry;

C. Items of foods sold to the public at lunchstands;

D. Ice cream, milk, cider, similar refreshments, articles of handicraft (home products). (Prior code § 7450.20)

16.40.220 License tax payment required.

Every person selling or offering for sale any commodity at the municipal market shall pay to the City the license taxes or fees prescribed therefor by the licensing provisions of this Code. (Prior code 7450.21)

16.40.230 Sale of unauthorized commodities prohibited.

No person, as principal, agent, employee or otherwise, shall at the municipal market sell or offer for sale or solicit orders for the sale of any commodity not authorized in this Chapter to be sold at the municipal market. (Prior code § 7450.22)

16.40.240 Permit—Required.

No person, as principal, agent, employee or otherwise, shall occupy or attempt to occupy any space or carry on or attempt to carry on any business at the municipal market without having first obtained a permit so to do in the manner provided in this Chapter, and no person, as principal, agent, employee or otherwise, shall cry or vend newspapers, periodicals or any other publications upon or along any portions of streets used for the conduct of the municipal market except at stands therein for which the vendors hold permits, or upon or along any portion of any street or sidewalk immediately adjacent thereto during the time the municipal market is being conducted. (Prior code § 7450.23)

16.40.250 Permit—Issuance.

Permits for conducting business at the municipal market shall be granted by the Director of Public Service upon application therefor by any person desiring to conduct business at the Municipal Market; such application shall be made in writing and shall state the name and address of the applicant, a statement of the kind or kinds of commodities desired to be sold at the Municipal Market, a statement of the place, giving street number or other address, where the commodity is produced, manufactured or purchased, and a statement of the time when the applicant desires to use the permit; every such application shall be accompanied with sufficient money to pay the market fees for the time requested in the application; if the application is in accordance with the provisions of this Chapter and the business proposed to be conducted at the Municipal Market is authorized by this Chapter, the Director of Public Service shall issue a permit to the applicant; provided, however, that the Director of Public Service may revoke and cancel any permit to do business at the Municipal Market upon the violation of the provisions of this Chapter by the holder of any permit, or for any misrepresentation in the application of Chapter vendor for permit, or upon a permittee's conviction of any misdemeanor arising out of or incident to the carrying on of the permittee's business at the Municipal Market, or for any misrepresentation of goods or commodities sold or displayed by the permittee, and notice of the revocation and cancellation shall be given verbally

or in writing to the vendor and after such notice is given it is unlawful for the person whose permit has been revoked or cancelled to carry on or offer to carry on any business at the Municipal Market; and, provided further, that the Director of Public Service may refuse to issue a second permit to any person whose permit has been previously revoked or cancelled. (Prior code § 7450.24)

CHAPTER 16.43 AIRPORT NOISE COMPATIBILITY*

16.43.010 Definitions.

A. "Air Carrier" means a scheduled carrier, certificated under FAR Parts 121, 125, or 135, operating aircraft having a certificated maximum takeoff weight of seventy-five thousand (75,000) pounds or more, transporting passengers or cargo.

B. "California Noise Standards" means the Noise Standards for California Airports, as set forth in 21 California Code of Regulations, Section 5000 et seq. Unless otherwise stated, the terms used in this Chapter shall have the same meanings as set forth in the Noise Standards.

C. "Charter operation" means a revenue producing takeoff or landing, operated by a person or entity that is neither an Air Carrier nor a Commuter Carrier, using an aircraft having a certificated maximum takeoff weight of seventy-five thousand (75,000) pounds or more and transporting passengers or cargo.

D. "Commuter" and "commuter carrier" means a scheduled carrier, certificated under FAR Part 121 or 135, operating aircraft having a certificated maximum takeoff weight less than seventy-five thousand (75,000) pounds and transporting passengers or cargo.

E. "Engine runup" means the operation of an aircraft engine while stationary for the purpose of testing (other than preflight), servicing or repairing such engine.

F. "Flight" means one (1) arrival and one (1) departure by an aircraft.

G. "General aviation" means aviation activity other than operations by Air Carriers, Commuter Carriers, Industrial operators, Charter operators, and public aircraft.

H. "Incompatible property" means property used for residential purposes, schools and churches. Property subject to an easement for noise and property acoustically treated to reduce interior CNEL levels is not rendered compatible as a result of such easement or acoustic treatment.

I. "Industrial operation" means one (1) takeoff or one (1) landing of an aircraft over seventy-five thousand (75,000) pounds maximum certificated gross takeoff weight for purposes of production, testing, remanufacturing, or delivery by or under the control of a manufacturer based at the Long Beach Airport. This definition does not include flights into or out of Long Beach for purposes of maintenance, retrofit or repair.

J. "Operation" means a takeoff or a landing of an aircraft at the Long Beach Airport.

K. "Owner/operator" means the owner of record of an aircraft operating at the Airport and the authorized user of that aircraft if different from the owner.

L. "Practice Low Approach" and "Practice Missed Approach" means an action by an aircraft consisting of an approach to or over the Airport for a landing where the pilot intentionally does not make contact with the runway.

M. "Public Aircraft" means a "public aircraft" as defined in 49 USC § 40102.

N. "Stop and Go" means an action by an aircraft consisting of a landing followed by a complete stop on the runway and a takeoff from that point.

O. "Touch and Go" means an action by an aircraft consisting of a landing and departure on a runway without stopping or exiting the runway.

P. "Training operation" means Touch and Go, Stop and Go, Practice Low Approach, and Practice Missed Approach Operation, or any of them. (ORD-25-0005 § 1, 2025; Ord. C-7320 § 2, 1995)

16.43.020 Scope of permission to use the Airport.

Any authorization to conduct operations at the Airport which is granted or continued under

*Note—Prior ordinance history: Ord. C-6618.

this Chapter is not transferable, directly or indirectly. Entities which are jointly owned or which own a controlling interest in another entity shall not be considered separate from the commonly owned or controlled entity. Although the authorizations to conduct operations at the Airport which are granted or continued under this Chapter may be considered to be interests requiring notice and an opportunity for hearing before revocation, such authorizations nevertheless remain public rights to which no user may obtain continuing ownership. Control of any permits issued pursuant to this Chapter may last only so long as the owner/operator complies with the conditions of use, ordinances, rules, and regulations of the City, including compliance with the terms of operating permits and the payment of all fees and charges established from time to time by the City.
(ORD-25-0005 § 1, 2025; Ord. C-7320 § 2, 1995)

16.43.030 Prohibited activities.

A. Training Operations. No Touch and Go, Stop and Go, Practice Low Approach, or VFR Practice Missed Approach shall be conducted at the Airport except between seven a.m. and seven p.m. on weekdays and between eight a.m. and three p.m. on Saturdays, Sundays, New Year's Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day and Christmas Day; provided, however, that if any such holiday falls on Saturday or Sunday and, as a result, a holiday is observed on the preceding Friday or succeeding Monday, then such Friday or Monday, as the case may be, shall be considered to be a holiday for purposes of this Section. Except for instrument training, Training Operations shall be conducted only on Runways 26R/8L and 26L/8R, unless the FAA directs such Operations on Runway 12/30.

B. Engine Runups. Engine runups shall be permitted only between the hours of seven a.m. and nine p.m. on weekdays and nine a.m. and nine p.m. on weekends and holidays. Such runups may be conducted only at locations designated for such purposes by the Airport Manager. Nothing in this Section shall be deemed to require relocation of existing runup facilities for which appropriate noise buffering devices have been constructed.

C. Formation Takeoffs and Landings. Except as necessary in the manufacture or repair of aircraft, formation takeoffs and landings are prohibited at Long Beach Municipal Airport.

D. Unapproved Charter Flights. No proposed charter operation shall be conducted unless the written permission of the Airport Manager has been sought and received before such operation is scheduled to occur. (ORD-25-0005 § 1, 2025; Ord. C-7320 § 2, 1995)

16.43.040 Maximum SENEL limits.

A. Subject to the authority of the Airport Manager to adjust permissible single event noise limits for categories of Airport users in order to reduce such group's cumulative noise levels, all non-governmental Operations at the Airport shall meet the following SENEL limits:

	7:00 a.m. to 10:00 p.m.	10:00 p.m. to 11:00 p.m. and 6:00 a.m. to 7:00 a.m.	11:00 p.m. to 6:00 a.m.	Monitoring Station No.
Runway	(Dep/Arr)	(Dep/Arr)	(Dep/Arr)	(Dep/Arr)
30	102.5/101.5	90/90	79/79	9/10
12	102.5/101.5	90/90	79/79	10/9
26R	92/88	*/	*/	6/1
26L	95/93	*/	*/	5/2
8R	95/92	*/	*/	2/5
8L	88/92	*/	*/	1/6

* Except in case of emergency or air traffic direction, all aircraft Operations between the hours of 10:00 p.m. and 7:00 a.m. are limited to runways 30 and 12.

B. Violations occurring during the period between ten p.m. and eleven p.m. which are the result of unanticipated delays beyond their reasonable control of the aircraft Owner/Operator shall be waived upon the presentation of evidence satisfactory to the Airport Manager that the delayed arrival or departure resulted from such circumstances. Delays caused by mechanical failure (but not by routine maintenance), by weather conditions or by air traffic control conditions will be considered beyond the Owner/Operator's control.

C. The SENEL limits for the period from six a.m. to seven a.m. and from ten p.m. to eleven p.m. shall be subject to revision at the end of the fourth calendar quarter following the implementation of this Chapter. If, for the period covered by the four (4) calendar quarters following implementation of this Chapter, cumulative aircraft noise has exceeded the level allowed by Subsection 16.43.050.A, these limits shall be reduced to eighty-five (85) SENEL. The SENEL for the period from six a.m. to seven a.m. and from ten p.m. to eleven p.m. shall, however, revert to ninety (90) SENEL if, for any subsequent four (4) quarters, cumulative aircraft noise has not exceeded the level allowed by Subsection 16.43.050.A. (ORD-25-0005 § 1, 2025; Ord. C-7320 § 2, 1995)

16.43.050 Cumulative noise limits and noise budgets.

A. It is the goal of the City that Incompatible Property in the vicinity of the Airport shall not be exposed to noise above sixty-five (65) CNEL. In determining compliance with this noise goal and with the noise budgets established by this Chapter, a tolerance of one (1) dB CNEL will be applied. In assessing cumulative noise levels for any period less than one (1) year, the Airport Manager shall take into consideration and allow for reasonably anticipated seasonal variations in Operations and noise. The noise of military and Public Aircraft, for which the City bears no liability, will be excluded in calculating CNEL and in assessing compliance with the CNEL goal and CNEL budgets set forth in this Chapter.

B. For purposes of this Section, users of the Airport shall be categorized as follows: Air Carriers, Commuter Carriers, Industrial operators, Charter operators, and General Aviation (which includes all other users). Each user group at the Airport will be assigned a noise budget for takeoff and landing noise on Runway 30/12.

C. Initial noise budgets hereunder for Air Carriers, Commuter Carriers, Charter operators, and General Aviation shall be established determining the actual monitored noise level of each user group for the twelve (12) months ended October 31, 1990. In the case of Industrial operators, the baseline November 1, 1989, to October 31, 1990, noise budget shall be established by determining the actual monitored noise level of that user group for the twelve (12) months ended October 31, 1990, as augmented to accommodate reasonably projected Operations for manufacturing and flight test purposes by aircraft types which were under design during the base year but had not yet entered service. These noise budgets are selected to comply with the provisions of the Airport Noise and Capacity Act of 1990. Noise budgets shall be established by the Airport Manager and shall be published in a Technical Appendix to this Chapter. Administrative review of the decisions of the Airport Manager under this Chapter shall be conducted pursuant to the provisions of Section 16.43.110.

D. Following the conclusion of the first calendar quarter after the implementation of this Chapter, and following the conclusion of each calendar quarter thereafter, the Airport Manager shall issue a report assessing compliance with the noise goal set forth is Subsection A above and with the noise budgets established pursuant to Subsection C above. (ORD-25-0005 § 1, 2025; Ord. C-7320 § 2, 1995)

16.43.060 Compliance with noise budgets.

A. General Aviation Operations.

1. If, for the six (6) month period covered by the two (2) calendar quarters following implementation of this Chapter (or for any six (6) month period thereafter): (a) General Aviation's cumulative noise (for such six (6) month period) exceeds the level established pursuant to Subsection

16.43.050.C; and (b) overall aircraft noise for such six (6) month period exceeds the level allowed by Subsection 16.43.050.A, the GA Noise Committee will be permitted to institute voluntary procedures to reduce General Aviation's cumulative noise. If, for the two (2) calendar quarters following a determination by the Airport Manager that General Aviation noise and total aircraft noise have exceeded the levels permitted by Section 16.43.050, the GA Noise Committee has been unsuccessful in reducing General Aviation noise to the level established pursuant to Subsection 16.43.050.C (and overall airport noise for the prior twelve (12) month period exceeds the level permitted by Subsection 16.43.050.A), the Airport Manager shall, after consultation with the GA Noise Committee, institute such reductions in the maximum SENELs applicable to General Aviation Operations as the Airport Manager determines (recognizing the mandatory reductions in the SENEL limit for operations from six a.m. to seven a.m. and from ten p.m. to eleven p.m. to be enforced pursuant to Section 16.43.040) are necessary for General Aviation to achieve its CNEL budget. On an annual basis for as long as overall airport noise exceeds the level allowed by Subsection 16.43.050.A and General Aviation noise exceeds the level established pursuant Subsection 16.43.050.C, the Airport Manager shall raise or lower the SENEL limits applicable to General Aviation as necessary to achieve the General Aviation CNEL budget; provided, however, that such reductions in the SENEL limits shall not be applicable to flights for maintenance, retrofit or repair performed by a manufacturer with manufacturing facilities at the Airport.

2. The Airport Manager shall give at least thirty (30) days' notice of any SENEL reduction required by Subsection A.1. Any Owner/Operator who contests any decision of the Airport Manager hereunder shall be entitled to the administrative hearing and appeal procedures set forth in Section 16.43.110.

B. Industrial Operations.

1. Pending assessment of compliance with the CNEL budget applicable to Industrial Operations, the number of annual Flights by that user group shall not be increased above the number for the twelve (12) months ended October 31, 1990, as adjusted to accommodate Flights for manufacturing and test purposes by aircraft types which were under design during the period from November 1, 1989, to October 31, 1990, but had not yet entered service.

2. In order to achieve applicable noise budgets, users within the Industrial category will be encouraged to operate at the lowest average noise level consistent with safety. This encouragement will be provided by permitting increases in the number of allowed Industrial Flights if the Industrial user group achieves compliance with the CNEL budget established pursuant to this Chapter, as determined on an annual basis.

3. The Airport Manager shall determine, at the end of the fourth calendar quarter following implementation of this Chapter, whether additional flights may be allocated to Industrial operators based on the cumulative noise generated by Industrial users during the prior twelve (12) month period. Additional flights above those permitted under Subsection B.1 shall be awarded only to the extent the Airport Manager determines that initiation of such Flights will not lead the Industrial users, as a group, to exceed the level allowed by Subsection 16.43.050.C.

4. Flights allocated by the Airport Manager pursuant to Subsection B.3 shall be awarded for a period of one (1) year. In the event the Airport Manager determines: (a) that implementation of Flights awarded under Subsection B.3 has resulted in cumulative noise from Industrial Flights in excess of the Industrial noise budget; and (b) that overall aircraft noise exceeds the level allowed by Subsection 16.43.050.A, the Airport Manager shall revoke such of the flight awards granted under Subsection B.3 as the Airport Manager determines must be revoked in order to achieve compliance with the Industrial noise budget. In making this determination, the first Flights awarded under Subsection B.3 to be eliminated will be those of the operators with the highest average noise levels per Flight during the prior twelve (12) months.

In the event that equal priorities exist, the Airport Manager shall conduct a lottery to determine which Flights shall be eliminated.

5. No industrial operator will be required to reduce its annual Operations below the number of Operations for the twelve (12) months ended October 31, 1990, as adjusted to accommodate Operations for manufacturing and flight test purposes by aircraft types which were under design during the period from November 1, 1989, to October 31, 1990, but had not yet entered service. The number of annual Industrial Flights below which each Industrial user shall not be reduced shall be set forth in the Technical Appendix to this Chapter.

6. In order to minimize Industrial noise, all Industrial flights shall be conducted by aircraft which comply with the standards of FAR Part 36 Stage 3 and all Operations shall be scheduled between the hours of seven a.m. and ten p.m.

C. Charter Operations.

1. In order to minimize noise from Charter Operations, all Charter Operations shall be conducted by aircraft which comply with the standards of FAR Part 36 Stage 3 and all Charter Operations shall be scheduled between the hours of seven a.m. and ten p.m.

2. If, for the six (6) month period covered by the two (2) calendar quarters following implementation of this Chapter (or for any six (6) month period thereafter): (a) Charter operators' cumulative noise (for such six (6) month period) exceeds the level established pursuant to Subsection 16.43.050.C; and (b) overall aircraft noise for such six (6) month period exceeds the level allowed by Subsection 16.43.050.A, the Airport Manager will attempt to gain voluntary compliance by Charter operators with operating restrictions which will result in compliance with the CNEL goal established for this user group. If, for the two (2) calendar quarters following a determination that Charter operators' noise and total aircraft noise have exceeded the levels permitted by Section 16.43.050, the Airport Manager is unsuccessful in reducing Charter operators' noise to the level established pursuant to Subsection 16.43.050.C (and overall Airport noise for the prior twelve (12) month period exceeds the level permitted by Subsection 16.43.050.A), the Airport Manager shall, after consultation with Charter operators, institute such reductions in the SENEL limits applicable to Charter Operations as the Airport Manager determines (recognizing the mandatory reductions in the SENEL limit for operations from six a.m. to seven a.m. and from ten p.m. to eleven p.m. to be enforced pursuant to Section 16.43.040) are necessary for Charter operators to achieve their CNEL budget. On an annual basis for as long as overall airport noise exceeds the level allowed by Subsection 16.43.050.A and Charter operators' noise exceeds the level established pursuant Subsection 16.43.050.C, the Airport Manager shall raise or lower the SENEL limits applicable to Charter operators as necessary to achieve the Charter operators' CNEL budget.

3. The Airport Manager shall give at least thirty (30) days' notice of any SENEL reduction required by Subsection C.2. Any Owner/Operator who contests any decision of the Airport Manager hereunder shall be entitled to the administrative hearing and appeal procedures set forth in Section 16.43.110.

D. Commuter Flights.

1. Commuter Carriers shall be permitted to operate not less than twenty-five (25) flights per day, the number of Flights authorized on November 5, 1990. Pending assessment of compliance with the CNEL budget applicable to Commuter Carriers, Flights by these users shall not be increased above the number permitted as of November 5, 1990.

2. In order to achieve applicable noise budgets, users within the Commuter category will be encouraged to operate at the lowest average noise level consistent with safety. This encouragement will be provided by permitting increases in the number of allowed Commuter Flights if the Commuter user group achieves compliance with the CNEL budget established pursuant to this Chapter, as determined on an annual basis.

3. Flights which are available for use, but which are unallocated at the time this Chapter becomes

effective, shall be allocated on a first-come, first-served basis. Allocations of Flights which are sought by more than one (1) user shall be determined by lottery.

4. The Airport Manager shall determine, at the end of the fourth calendar quarter following implementation of this Chapter, whether additional Flights may be allocated to Commuters based on the cumulative noise generated by Commuter Operations during the prior twelve (12) month period. Additional Flights above those permitted under Subsection D.1 shall be awarded only to the extent the Airport Manager determines that initiation of service utilizing those flights will not lead the Commuters, as a group, to exceed the level allowed by Subsection 16.43.050.C.

5. Flights allocated by the Airport Manager pursuant to Subsection D.4 shall be awarded for a period of one (1) year. In the event the Airport Manager determines: (a) that implementation of Flights awarded under Subsection D.4 has resulted in Commuter cumulative noise in excess of the commuter noise budget; and (b) that overall aircraft noise exceeds the level allowed by Subsection 16.43.050.A, the Airport Manager shall revoke such of the Flight awards granted under Subsection D.4 as the Airport Manager determines must be revoked in order to achieve compliance with the Commuter noise budget. In making this determination, the first Flights awarded under Subsection D.4 to be eliminated will be those of the operators with the highest average noise levels per Flight during the prior twelve (12) months. In the event that equal priorities exist, the Airport Manager shall conduct a lottery to determine which Flights shall be eliminated.

6. In order to minimize Commuter noise, all Commuter Operations shall be conducted by aircraft which comply with the standards of FAR Part 36 Stage 3 and all Operations shall be scheduled between the hours of seven a.m. and ten p.m.

E. Air Carrier Flights.

1. Air Carriers shall be permitted to operate not less than forty-one (41) flights per day, the number of flights authorized on November 5, 1990. Pending assessment of compliance with the CNEL budget applicable to Air Carriers, Flights by these users shall not be increased above the number permitted as of November 5, 1990.

2. In order to achieve applicable noise budgets, users within the Air Carrier category will be encouraged to operate at the lowest average noise level consistent with safety. This encouragement will be provided by permitting increases in the number of allowed Air Carrier Flights if the Air Carrier user group achieves compliance with the CNEL budget established pursuant to this Chapter, as determined on an annual basis.

3. Flights which are available for use, but which are unallocated at the time this Chapter becomes effective, shall be allocated on a first-come, first-served basis. Allocations of Flights which are sought by more than one (1) user shall be determined by lottery.

4. The Airport Manager shall determine, at the end of the fourth calendar quarter following implementation of this Chapter, whether additional Flights may be allocated to Air Carriers based on the cumulative noise generated by Air Carrier Operations during the prior twelve (12) month period. Additional Flights above those permitted under Subsection E.1 shall be awarded only to the extent the Airport Manager determines that initiation of service utilizing those Flights will not lead the Air Carriers, as a group, to exceed the level established pursuant to Subsection 16.43.050.C.

5. Flights allocated by the Airport Manager pursuant to Subsection E.4 shall be awarded for a period of one (1) year. In the event the Airport Manager determines: (a) that implementation of Flights awarded under Subsection E.4 has resulted in air carrier cumulative noise in excess of the Air Carrier noise budget; and (b) that overall aircraft noise exceeds the level allowed by Subsection 16.43.050.A, the Airport Manager shall revoke such of the Flight awards granted under Subsection E.4 as the Airport Manager determines must be revoked in order to achieve compliance with the Air Carrier noise budget. In making this determination, the first Flights awarded under Subsection E.4 to be eliminated with be those

of the operators with the highest average noise levels per Flight during the prior twelve (12) months. In the event that equal priorities exist, the Airport Manager shall conduct a lottery to determine which Flights shall be eliminated.

6. In order to minimize Air Carrier noise, all Air Carrier Operations shall be conducted by aircraft which comply with the standards of FAR Part 36 Stage 3 and all operations shall be scheduled between the hours of seven a.m. and ten p.m.

F. Administrative Review. Administrative review of the decisions of the Airport Manager under this Section shall be conducted pursuant to the provisions of Section 16.43.110. (ORD-25-0005 § 1, 2025; Ord. C-7320 § 2, 1995)

16.43.070 General exemptions.

The following categories of aircraft shall be exempt from the provisions of this Chapter:

A. Public Aircraft, including military aircraft;

B. Law enforcement, emergency, and fire or rescue aircraft operated by any governmental entity;

C. Aircraft used for emergency purposes during an emergency which has been officially proclaimed by competent authority pursuant to the laws of the United States, the State or the City;

D. Civil Air Patrol aircraft when engaged in actual search and rescue missions;

E. Aircraft engaged in landings or takeoffs while conducting tests, pursuant to written authorization of the Airport Manager, to determine probable compliance with the provisions of this Chapter. Such tests shall only be authorized for aircraft which, based on material submitted to the Airport Manager, are reasonably expected to be able to comply with the terms of this Chapter;

F. Aircraft experiencing an in-flight emergency; provided, however, that the aircraft Owner/Operator or pilot in command shall, within ten (10) days after a written request from the City, file with the Airport Manager an affidavit documenting the precise emergency condition(s) which necessitated the Operation;

G. Aircraft operating pursuant to explicit air traffic control direction in a manner which would otherwise not comply with the terms of this Chapter;

H. Aircraft conducting operations in response to a medical emergency which has been documented in the manner required by the Airport Manager. (ORD-25-0005 § 1, 2025; Ord. C-7320 § 2, 1995)

16.43.080 Presumptions for violation responsibility.

A. In the case of any Training Operation in which both an instructor pilot and a student pilot are in an aircraft flown in violation of any of the provisions of this Chapter, the instructor pilot shall be presumed to have caused such violation.

B. For purposes of this Chapter, the beneficial owner of an aircraft shall be presumed to be the pilot of the aircraft with authority to control the aircraft's operation, except where the aircraft is leased, in which case the lessee shall be presumed to be the pilot with authority to control the aircraft's operation. Such presumptions may be rebutted only if the owner or lessee identifies the person who in fact was the pilot in command at the time of the asserted violation.

C. In each case in which the actual operator of an aircraft can be determined, such operator shall be responsible for compliance with the terms of this Chapter.

D. Employees of corporate owners/operators shall not be issued individual notices of violation unless it is shown that such employees failed to follow company operating procedures.

E. Notices given by the Airport Manager, when sent by United States mail (and not returned) shall be deemed received five (5) days after mailing or when sent by email with return receipt, on the date of return receipt. (ORD-25-0005 § 1, 2025; Ord. C-7320 § 2, 1995)

16.43.090 Violation enforcement.

A. If the Airport's General Aviation Owner/Operators organize, maintain, and oversee the activity of a General Aviation Noise Committee (the

"GA Noise Committee") to encourage voluntary noise abatement efforts, the Airport Manager will provide the GA Noise Committee with reports identifying aircraft Owner/Operators who have violated the provisions of this Chapter.

B. The GA Noise Committee, if formed, will publicize the Airport's noise abatement program and encourage compliance. In the case of General Aviation Owner/Operators which fail to comply with the City's enacted noise restrictions, the Committee shall be permitted to attempt to achieve voluntary compliance. If no Noise Committee is formed or if a General Aviation Owner/Operator does not comply with the City's enacted noise restrictions notwithstanding the Noise Committee's voluntary enforcement efforts, the Airport Manager will proceed with mandatory enforcement through the procedures of this Section 16.43.090, Section 16.43.100 of this Chapter, or both.

C. The Owner/Operator of any aircraft operated contrary to the provisions of this Chapter shall be given written notice by the Airport Manager that a violation has occurred. Said notice shall include a copy of the pertinent provisions of this Chapter and shall state that action must be taken by the Owner/Operator to insure compliance with this Chapter and all Airport regulations. Copies of the notices given by the Airport Manager under this Subsection shall be made available to the GA Noise Committee upon reasonable notice so that the GA Noise Committee may endeavor to obtain voluntary compliance with the City's noise restrictions.

D. In the event of a violation of this Chapter after a notice pursuant to Subsection C above has been received or been deemed received, the Airport Manager shall give the Owner/Operator written notice of such violation. Said notice shall also state that the aircraft Owner/Operator must, within fourteen (14) days after such notice has been received or been deemed received, prepare and implement a written compliance program for its Operations at Long Beach Airport and submit said compliance program to the Airport Manager for review. The Airport Manager shall extend this period upon a showing of good cause. The compliance program shall contain feasible steps, consistent with safety, by which the Owner/Operator expects to achieve compliance with the provisions of this Chapter and to minimize the noise of its Operations. The Airport Manager shall not approve or disapprove compliance programs, but may give notice to the Owner/Operator that one (1) or more aspects of a compliance program are inconsistent with this Chapter or with other rules or regulations applicable to users of the Airport. The requirement that a compliance plan shall be prepared, implemented, and submitted to the Airport Manager shall not affect or excuse any violation of this Chapter occurring after the notice given pursuant to this Subsection D has been received or has been deemed received. Copies of the notices given by the Airport Manager under this Subsection shall also be made available to the GA Noise Committee upon reasonable notice.

E. A surcharge of two hundred dollars ($200.00) shall be paid by the Owner/Operator of any aircraft operated on one (1), but only one (1), occasion in violation of this Chapter within twenty-four (24) months after a notice pursuant to Subsection D has been received or has been deemed received.

F. After a notice under Subsection D has been received or has been deemed received by an Owner/Operator, a surcharge of six hundred dollars ($600.00) shall be paid by such Owner/Operator for the second and for each subsequent violation of this Chapter occurring during any twelve (12) month period.

G. No surcharge shall be sought for Operations occurring before: (a) a notice pursuant to Subsection C advising said Owner/Operator that the aircraft has failed to comply with this Chapter; and (b) a notice pursuant to Subsection D advising the Owner/Operator of a second violation and of the need for the preparation of a compliance program has been received or been deemed received by the Owner/Operator. The maximum surcharge for an Owner/Operator that has not been the subject of a notice of violation within the previous twelve (12) months shall be two hundred

dollars ($200.00). Owner/Operators with no violations within the previous twenty-four (24) months shall be processed pursuant to Subsection D above.

H. Any Owner/Operator who contests any decision of the Airport Manager hereunder shall be entitled to the administrative hearing and appeal procedures set forth in Section 16.43.110.

I. The surcharges enumerated in LBMC 16.43.090.E, F, and G above shall be automatically adjusted on July 1, 2025, and on July 1 of each year thereafter, upward or downward, equivalent to the most recent change in the annual average of the Consumer Price Index as published by the United States Department of Labor for the Los Angeles-Riverside-Orange County area. For purposes of calculating the annual inflation/deflation factor under this Section, the base year shall be that year ending with December 31, 2024. Rates shall next be adjusted based on the annually calculated change from the base year (ORD-25-0005 § 1, 2025; Ord. C-7320 § 2, 1995)

16.43.100 Alternative enforcement procedures.

It is a misdemeanor, subject to the penalties applicable to misdemeanors, for the Owner/Operator of an aircraft to exceed any established SENEL limit without a reasonable basis for believing that the aircraft employed would comply with the applicable SENEL limit. Owner/Operators of scheduled Flights utilizing aircraft which comply with the standards of FAR Part 36 Stage 3 shall be presumed, for the purposes of this Section, to possess a reasonable basis for believing that such aircraft can be operated in compliance with applicable SENEL limits. (ORD-25-0005 § 1, 2025; Ord. C-7320 § 2, 1995)

16.43.110 Administrative hearings and appeals.

A. In any case where a person or entity notified of a violation of this Chapter or a decision of the Airport Manager or the Airport Manager's staff under this Chapter which such person or entity contends is erroneous or unjustified, the person shall be entitled to an administrative hearing before the Airport Manager or the Airport Manager's designee. The request for such a hearing shall be made within fifteen (15) days following the mailing of notice of the decision to be reviewed or within ten (10) days following actual receipt of notice delivered other than by mail. The Airport Manager shall give notice when the hearing will be conducted (which shall be between fourteen (14) and twenty-one (21) days after the request for a hearing is received). The administrative hearing shall be informal. Witnesses may be called, but written statements may be submitted. All relevant and persuasive evidence shall be considered. The rules of evidence, discovery, and formal trial procedures shall not be applicable. Following the hearing, the Airport Manager shall prepare a record of the proceeding, including a copy of all written materials received and a summary of the oral testimony presented. The Airport Manager shall, within ten (10) days following the hearing, issue a written post-hearing decision. That decision shall be final unless appealed to the City Manager as provided in Subsection B below.

B. Any final decision of the Airport Manager pursuant to this Chapter shall be appealable to the City Manager by giving written notice to the City Manager within fifteen (15) days following the mailings of a notice of final decision by the Airport Manager. The City Manager or the City Manager's designee shall give such person or entity at least fifteen (15) days' notice in writing specifying the time and place of the hearing of the appeal, and inviting such person or entity to present any additional argument deemed appropriate in determining whether a violation has occurred. The notice shall be served by U.S. mail, with service being complete upon mailing. The hearing may be held before a hearing officer designated by the City Manager; provided that the designated hearing officer shall not be from the same department as the Airport Manager, and shall be at least a Bureau Manager. The City Manager may, in the alternative, appoint an administrative hearing board consisting of not less than three (3) members of the City's administrative staff, each of whom must meet the same criteria as an administrative Hearing Officer as described above. The

appeal will be decided on the basis of the submissions to the Airport Manager, the Airport Manager's summary of the evidence presented, and the arguments presented to the City Manager or the City Manager's designee. The City Manager or the City Manager's designee shall not be required to accept additional evidence. A written notice of decision shall be issued within fifteen (15) days following the hearing on appeal. The final decision of the City Manager shall be final unless appealed to the City Council within fifteen (15) days after the mailing of notice thereof by the City Manager.

C. Appeals of final decisions of the City Manager under this Chapter shall be conducted as provided in Chapter 2.93 of this Code.

D. The pendency of any proceeding pursuant to Section 16.43.110 shall not affect or excuse any violation of this Chapter occurring during the pendency of such proceedings unless the Airport Manager, the City Manager, or City Council stays the effectiveness of the decision under review. (ORD-25-0005 § 1, 2025; Ord. C-7320 § 2, 1995)

16.43.120 Changes in methods of monitoring noise or calculating noise impacts.

Neither the methods nor the devices used in measuring aircraft noise under this Chapter shall be changed or adjusted in any manner which would limit or restrict operations or activities which were permitted by this Chapter when it was initially adopted. (ORD-25-0005 § 1, 2025; Ord. C-7320 § 2, 1995)

CHAPTER 16.44 AIRPORT

16.44.010 Definitions.

Unless the context otherwise requires, the definitions set forth in this Section govern the construction of this Chapter:

A. "Aircraft" means any contrivance now known or hereafter invented, used or designed for navigation of or flight in the air.

B. "Air carrier" means any individual, partnership, corporation or association undertaking, directly or indirectly, to engage in the carriage in air commerce of goods or passengers for compensation or hire, or in the operation of aircraft in the conduct or furtherance of a business wherein the principal purpose of the aircraft operation is the air transportation of passengers or property.

C. "Airport" means the property described in Section 16.44.020 as set aside for Airport purposes, as the same may from time to time be altered or changed, which property shall be called the Long Beach Airport (Daugherty Field), and wherever in this Code the words "Airport," "field," "Long Beach Municipal Airport," "Municipal Airport," or "Daugherty Field" appear they mean the Long Beach Airport (Daugherty Field).

D. "Director" means the Director of Aeronautics, Airport Manager.

E. "Itinerant aircraft" means any aircraft not permanently based at the Airport.

F. "Landing" means the arrival of aircraft at the Airport for the purpose of loading or discharging passengers, goods or property.

G. "Standard gross weight" means the weight specified for a particular aircraft in the license therefor granted by the Federal Aviation Agency, or such other governmental authority having jurisdiction in the premises. (Prior code § 7420)

16.44.020 Location.

The Airport shall be located upon certain property and in the City of Long Beach, County of Los Angeles, State of California, bounded and described as follows:

Beginning at the northwest corner of Lot 48, Tract No. 8084 as per map recorded in Book 171 page 29 of maps, records of the county; thence easterly 6,467.72 feet along the north lines of Lots 48, 49, and 51, said Tract No. 8084, to the west line of Lakewood Boulevard, 100 feet wide; thence southerly 5,251.60 feet along said west line of Lakewood Boulevard to the south line of Lot 67, said Tract No. 8084; thence westerly 1,270.32 feet along said south line of Lots 67 and 66 of said Tract No. 8084 to the southwest corner of said Lot 66; thence northerly 10 feet along the west line of said Lot 66 to a line 40 feet northerly of and parallel to centerline of Spring Street, being the

north line of Spring Street, 80 feet wide, as established August 30, 1940, by Ordinance No. C-1832 of City of Long Beach; thence westerly 4978.95 feet, more or less, along said north line of Spring Street, 80 feet wide, to the east line of Vine Avenue as shown on map of American Colony Tract recorded in Book 19, pages 89 and 90, of miscellaneous records in the office of the County Recorder, said Vine Avenue having been vacated June 12, 1928, by Resolution No. C-3464 of City of Long Beach; thence southerly 10 feet along said east line of Vine Avenue to an angle in City boundary at north line of Spring Street, 60 feet wide; thence westerly 930 feet along said north line of Spring Street, 60 feet wide, to a line 420 feet easterly of and parallel to the centerline of Cherry Avenue; thence northerly 1,230.28 feet along said line 420 feet east of the centerline of Cherry Avenue; thence easterly 460 feet to a line 880 feet easterly of and parallel to the centerline of Cherry Avenue; thence northerly 1,340.25 feet along said line 880 feet easterly of the centerline of Cherry Avenue to the south line of Wardlow Road, 80 feet wide; thence easterly 2,061.20 feet along said south line of Wardlow Road to the southerly prolongation of the westerly line of Lot 50, said Tract No. 8084, thence northerly along said southerly pro-

longation, said westerly line of Lot 50 and the northerly prolongation thereof, a distance of 759.86 feet to the south of Lot 49, said Tract No. 8084; thence westerly and southwesterly 2074.62 feet along said south line of Lot 49 and southerly line of the aforementioned Lot 48 to the south west corner of said Lot 48; and thence northerly 1,763.56 feet along the westerly line of said Lot 48 to the northwest corner thereof, to the point of beginning. Together with such other lands as may hereafter be set aside for airport purposes, is set aside as an airport. (Prior code § 7420.1)

16.44.030 Director duties.

It shall be the duty of the Director to enforce the provisions of this Chapter, and for the purpose of securing enforcement thereof, the Director and his duly authorized representatives shall have the right and are empowered to enter and inspect all hangars, buildings and equipment maintained at or operated from the Airport. Upon such inspection, if the Director or his representatives finds any such hangar or other building or equipment is in an unsafe condition, it shall be his duty to notify the owner or lessee thereof, in writing, of the unsafe condition, setting forth the condition, and it shall thereafter be that no person, whether as principal, agent, servant, employee or otherwise, shall operate or use any such hangar building or equipment until the condition thereof has been remedied so that the same will be safe and has received the approval of the Director. (Prior code § 7420.2)

16.44.040 Commercial use permit—Required.

No person shall use the Airport for the carrying on or conduction of commercial aviation or the carrying of passengers, freight, express or mail, or for student flying, communications or any other commercial purpose without first securing a written permit from the Director; provided, however, that this shall not apply to fixed base operators located on the Airport who hold valid lease agreements with the City for such purposes. (Prior Code § 7420.3)

16.44.041 Ground transportation services.

A. All van, limousine, bus and other ground transportation services for hire shall comply with the requirements of Section 16.44.040 and all applicable sections of Chapter 5.66 of this Code in obtaining the permits or licenses specified by the Airport Manager. Only those ground transportation services described in this Section having obtained the required permits are authorized to conduct business at the Airport unless exempted by Subsections A, C, D, E or F of Section 5.66.020 of this Code.

B. Ground transportation services authorized to conduct business at the Airport shall park in the location or locations designated by the Airport Manager for parking of such vehicles. Only ground transportation services authorized to conduct business at the Airport may park in such location.

C. No person or entity providing ground transportation services shall park vehicles in any location other than the locations designated by the Airport Manager for parking of such vehicles. (Ord. C-6079 § 1, 1984)

16.44.050 Field rules.

A. Vehicles shall not be driven upon any portion of the Airport other than driveways and parking places specifically laid out for the use of the vehicles; provided, however, that this shall not apply to vehicles used for emergency or service work upon the Airport where the drivers of the vehicles have obtained permission from the Director for their operation.

B. Private automobiles or trucks shall not be serviced from the gasoline pits provided on the Airport field for the use of aircraft.

C. Rubbish or trash shall not be thrown or allowed to be scattered upon the Airport.

D. Aircraft shall not be taxied at a speed exceeding fifteen (15) miles per hour.

E. Aircraft shall not be supplied with fuel while located in any hangar or other enclosed place or while the motor of the aircraft is running.

F. No pilot other than a commercial pilot with instructor's rating shall, for hire or reward or

gratuitously, teach the art of flying on the Airport and none other than a commercial pilot with instructor's rating shall check out students.

G. All unhoused aircraft must be parked in the space allotted therefor and shall be secured firmly to the ground by ropes and stakes or otherwise when left unattended at night or during weather conditions which indicate the necessity for it. Any aircraft left unattended shall be left entirely at the risk of the owner or operator thereof.

H. The aircraft owner, his pilot or agent shall be responsible for the prompt removal or disposal of wrecked aircraft and the parts thereof to avoid interference with field operations, unless directed to delay such action pending the investigation of the accident.

I. Aviation gasoline, lubricating oil or grease shall not be sold to pilots of itinerant aircraft or aircraft based on this field except by the company or companies holding valid lease agreements with the City for such purposes.

J. No privately owned vehicles of any type shall be permitted on the landing area except by permission from the Director.

K. No person shall smoke, strike a match or produce any flame within fifty feet (50') of any containers of gasoline or other combustible liquid or within any City-owned hangars or repair shops located on or within the confines of the Airport.

L. No person shall engage in the sale of refreshments or any other commodity or service within the confines of the Airport without previously having secured a permit from the Council. No application shall be considered by the Council, however, unless first approved by the Director. (Prior code § 7420.4)

16.44.060 Parking outside designated areas prohibited.

No person operating or in charge of any aircraft shall at any time stop, park or let stand and leave unattended any aircraft in or on any area of the Long Beach Airport which is outside the marked boundaries of any leasehold premises situated at the Long Beach Airport, or outside those areas designated for the parking of aircraft by the Director of Aeronautics, except with prior written authorization of the Director of Aeronautics. The registered owner of any aircraft stopped, parked, or left standing in any area in violation of this Section shall be deemed prima facie responsible for the violation, and subject to the penalty therefor. (Ord. C-5285 § 1, 1977: prior code § 7420.85)

16.44.070 Flying rules.

The Airport is a controlled Airport by authority of the Federal Aviation Agency. All aircraft entering in or emanating from this controlled zone will be governed by regulations of the Federal Aviation Agency and the following rules. No person operating or in charge or any aircraft shall fail, neglect or refuse to comply with the following flying rules of the Airport:

A. When the wind is from the east or south, no aircraft shall traverse any course other than a counterclockwise course.

When the wind is from the west or the north or the northwest, no aircraft shall traverse any course other than a clockwise course.

A flashing amber light located on the roof of the traffic-control tower shall mean that clock wise (to the right) flow of traffic around the Airport is required.

B. All aircraft in approaching the Airport shall fall in the line of traffic until a point has been reached where a landing can be made directly into the wind, and, if practicable, with a straight glide beginning at a minimum of one thousand feet (1,000') from the outer boundary of the Airport.

C. Aircraft approaching for a landing shall circle the airport at a minimum altitude of one thousand five hundred feet (1,500') to observe other traffic unless the pilot receives other instructions from the airport traffic-control operator.

D. Landing aircraft shall have the right-of-way.

E. Aircraft, when taking off from the Airport, shall not make any turn before reaching an altitude of five hundred feet (500').

F. Aircraft shall not take off over hangars, buildings or other obstacles or over groups of spectators unless unavoidable.

G. All aircraft operating on or from the Airport shall have the following minimum equipment: wheel brakes, tail or nose wheel and one-way radio receiver.

H. Aircraft, when carrying United States mail or operating on regular scheduled stops, shall be given the right-of-way when landing and taking off. This rule shall not apply to aircraft in distress.

I. Pilots or personnel in charge of aircraft, in taxiing to and from the runways, shall use the taxiways provided for this purpose.

J. All traffic on the Airport shall be controlled by radio and in emergencies by visual light signals.

K. Takeoffs and landings shall be made into the wind and in the direction indicated by the controlled tetrahedron located west of the administration building unless otherwise directed by the traffic-control operators.

L. Pilots on the ground shall acknowledge light signals from the control tower by working the ailerons or by moving the rudder.

M. Pilots in flight shall acknowledge receiving signals from the control tower by rocking the wings.

N. All aircraft not equipped with radio shall, upon approaching the field, maintain a constant watch on the traffic-control tower located on the roof of the administrative building.

O. No parking on any runway shall be permitted. Aircraft shall not be taxied on to runways without first having received clearance to take off either by radio or visual light signal from the traffic-control tower.

P. The surfaced runways shall be used for all takeoffs and landings, except that they may be made from the turfed areas with permission from the Director or chief air traffic control operator.

Q. During the hours of darkness, suspension of contact flight rules will be indicated by the flashing lights outlining the traffic direction indicator (tetrahedron).

R. During the hours of daylight, suspension of contact flight rules will be indicated by the lighting and operation of the rotation beacon and the flashing lights outlining the traffic direction indicator (tetrahedron). (Prior code § 7420.5)

16.44.080 Light signals.

The following signals for the control and regulation of aircraft shall be established, and every person operating aircraft at this Airport shall obey such signals:

A. When a pilot is taxiing:

1. A red light from a directed traffic-control light means "Stop".

2. A series of red flashes from a directed traffic-control light means that the pilot is to taxi back to the hangar line.

3. A series of green flashes from a directed traffic-control light means "Cleared to continue taxiing".

B. When a pilot is in position to take off:

1. A red light from a directed traffic-control light means "Clear the runway immediately and wait".

2. A green light from a directed traffic-control light means "Cleared for takeoff".

C. When an aircraft is in flight:

1. A green light from a directed traffic-control light means "Cleared to land".

2. A red light from a directed traffic-control light means "Give way to other aircraft and continue circling".

3. During the hours of darkness, a pilot wishing to land shall turn on his landing light when he approaches the Airport unless he has already been given a green light.

4. Pilots shall acknowledge light signals by rocking their wings during the hours of daylight, or blinking their landing lights during the hours of darkness.

D. General warning signal:

1. A series of alternating red and green flashes from a directed traffic-control light shall be used as a general warning signal to advise a pilot to be on the alert for hazardous or unusual conditions. (Prior code § 7420.6)

16.44.090 Rates and fees.

The rates and fees for the uses of or services rendered at the Long Beach Airport shall be estab-

lished by resolution of the City Council. (Ord. C-5407 § 1, 1978: prior code § 7420.7)

16.44.100 Commercial use permit—Contents.

The permit required by Section 16.44.040 shall be in written form subscribed by the Director and by the permittee and shall provide:

A. A statement of the use to be made by the permittee and the portion of the Airport to be used;

B. The dates and approximate duration of such use;

C. The fees to be charged for such use;

D. An acknowledgement that the permittee will pay each daily fee in advance, that the permittee will abide by field rules of the City, by its ordinances, by all regulations of the Federal Aviation Agency and by all laws and regulations of any government or governmental agency having authority over or at the Airport; and

E. Any other matters which the City Manager deems appropriate. (Prior code § 7420.10)

16.44.110 Fuel dispensing permit—Required.

Except as provided in this Chapter, no person shall deliver aviation fuel or lubricants to, or dispense such aviation fuel or lubricants from, at or upon the Airport without first securing a written permit authorized by the City Council and having paid a fee as determined by the City Council by resolution. This Section shall not be applicable to the delivery or dispensing of aviation fuel or lubricants on property leased to any person by the City if the lease authorizes the lessee to deliver or dispense aviation fuel or lubricants on the leased premises. (ORD-10-0014, § 24, 2010; Prior code § 7420.11)

16.44.120 Fuel dispensing permit—Contents.

The permit required by Section 16.44.110 shall be in written form and shall provide:

A. A statement of the use to be made by the permittee and the portions of the Airport to be used;

B. The term of the permit;

C. The fees to be charged for such use and the manner of payment of such fees;

D. Acknowledgement that permittee shall indemnify and save harmless the City from and against any claims, actions or liability of any kind, connected with the use of the Airport by permittee; and

E. Any other matters which the City Manager may deem appropriate. (Prior code § 7420.12)

16.44.130 Administrative regulations.

The Director shall establish reasonable regulations relating to all activities upon the airport. Such regulations shall be subject to the prior approval of the City Council and shall be premised upon the maintenance upon the Airport of sanitary and sightly conditions, orderliness, and the preservation of public health, safety, peace, welfare, and convenience in the use of the Airport for the purpose for which it was established. One (1) copy of the regulations, as approved by the City Council, shall be filed in the office of the City Clerk. Another copy shall be kept posted conspicuously within the administration building. Violation of any such regulation shall be cause for revocation of any permit or license or shall be a breach of any contract relating to the use of the Airport or any of its facilities or property or shall be cause for refusal to permit a continued use of the Airport, its facilities and property until compliance with the regulation is affected. (Prior code § 7420.13)

16.44.140 Special aviation fund.

In compliance with the provisions of Article 4 of Chapter 4 of Part 1 of Division 9 of the Public Utilities Code, there is created and established a special fund to be known as special aviation fund. All money received by the City from the State under the provisions of Public Utilities Code for Airport and aviation purposes shall be deposited into the fund created and established by this Section. The City shall also deposit into the fund from its general fund amounts of money at least equal to the amounts of money to be received from the State and to be deposited into the fund. All mon-

eys in the fund shall be expended exclusively for Airport and aviation purposes and shall be subject to the provision of Article 4 of Chapter 4 of Part 1 of Division 9 of the Public Utilities Code. (Prior code § 7420.14)

16.44.150 Authorized helicopter operations.

Helicopters are authorized to land and takeoff only from the designated operational areas of the Long Beach Municipal Airport and from such helicopter landing facilities, sometimes referred to as heliports, which may be officially designated by the City. It is unlawful to takeoff or land any aircraft at any location in the City other than those specified in this Section except in an emergency where the aircraft cannot safely continue to the nearest authorized landing area. (Ord. C-6037 § 1 (part), 1984)

16.44.151 Authorized helicopter facilities.

A. General helicopter landing facilities are those approved by the City and all other relevant government agencies for uses of the type and nature specified in the permit.

B. Emergency helicopter landing facilities are those established by the City or other governmental entity for police and fire emergency use only. (Ord. C-6037 § 1 (part), 1984)

16.44.152 Helicopter facility permits.

A. Any person or entity wishing to establish a general helicopter landing facility within the City shall first obtain a helicopter facility permit. Applications for such permits may be obtained from and shall be submitted to the Long Beach Fire Department.

B. No permit shall be issued for any general helicopter landing facility which does not evidence approval and compliance with the requirements of the Federal Aviation Administration and the California Department of Transportation. (Ord. C-6037 § 1 (part), 1984)

16.44.153 Development standards.

A. The following minimum requirements shall apply to all general helicopter landing facilities:

1. In every case, application for a permit shall be made to the Fire Department. Any permit granted under the above provisions shall be the number of landings and takeoffs authorized within any twenty-four (24) hour period. This permit does not constitute permission for the applicant to conduct passenger flights for passengers other than the specific person or persons for whom the flight is chartered.

2. The landing area shall have two (2) lines of approach or takeoff and these shall be removed from each other by at least a ninety degree (90°) angle. This approach and takeoff area shall be clear of any obstructions within a glide or takeoff path computed on the ratio of eight (8) horizontal to one (1) vertical.

3. An area of approximately seventy-five (75) by seventy-five feet (75') shall be required. This area shall be clearly defined by means of a substantial barrier or other method providing physical restraint to prohibit the entrance of unauthorized persons into the landing area. Additional area may be required depending on the area and any additional hazards.

4. Adequate personnel shall be provided to police the landing area to assist in restraining unauthorized persons from entering the landing area.

5. A minimum of two (2) 24OBC type dry powder extinguishers shall be provided on the ground adjacent to the landing area. Personnel trained in the use of such extinguishers shall be in attendance.

6. Some type of indicator shall be provided to show wind direction.

7. Insurance as prescribed in regulations issued by the City Manager pursuant to Section 2.84.040.

8. The Federal Aviation Administration (FAA) shall be advised concerning each landing, and compliance with air traffic control directions is required.

B. In addition to the above, all requirements of Article 24 of the Uniform Fire Code and Chapter 2.1 of Title 21 of the California Administrative Code shall be compiled with. (Ord. C-7934 § 23, 2004; Ord. C-6037 § 1 (part), 1984)

CHAPTER 16.47 OFF-AIRPORT CAR RENTALS

16.47.010 Off Airport car rental access.

Any person or entity desiring access to the Airport for the purpose of conducting rental car business operations, either directly or indirectly, shall first obtain from the City a commercial use permit prior to conducting any such business on Airport property. (Ord. C-6508 § 1 (part), 1988)

16.47.020 Term of permits.

Commercial use permits for off Airport car rental companies will be issued annually for a twelve (12) month period within sixty (60) days after the application has been submitted to and approved by the Airport Manager. (Ord. C-6508 § 1 (part), 1988)

16.47.030 Application.

The City may issue a commercial use permit only upon receipt of a signed and verified application from the rental car business owner containing the following information, agreements and proof:

A. The names and addresses of every person or corporation having an interest in the business.

B. For a corporate owner not traded publicly, the names and addresses of every person having an interest in the business.

C. Insurance as prescribed in regulations issued by the City Manager pursuant to Section 2.84.040.

D. The make, model, color, identification number, and motor vehicle registration number of all vehicles to be operated on Airport property.

E. Proof of financial responsibility in the form of cash or a bond, as prescribed in regulations issued by the City Manager pursuant to Section 2.84.040.

F. A written agreement to pay to the City for the duration of the permit eight percent (8%) of all gross business receipts derived from the rental of vehicles to passengers picked up at the Airport, payable on the twenty-fifth day of each month for the preceding month's receipts. Without waiving any other right of action available to City in the event of delinquency by permittee for a period of thirty (30) days or more in its payment to City of the above compensation, and without waiving the interest specified herein upon acceptance of said payment, permittee shall pay to City interest thereon at the rate of return on City's investment portfolio for the previous month from the date such item was due and payable until paid. Interest shall be compounded monthly until the debt is paid.

G. The names and job titles of local management personnel, as well as all employees engaged in the operation of vehicles to be operated on Airport property.

H. A written agreement agreeing to obey and follow all standards and regulations published by the City or its Airport Manager.

I. Proof of all business and motor vehicle permits required by local, State and federal regulations.

J. A written agreement to submit written proof to the Airport Manager of all gross receipts at the time payment is due, accompanied by a statement certified by an officer of the company attesting to the accuracy of payments due the City.

K. A written agreement to authorize the City, its agents or employees, to audit all of applicant's business records and accounts and to make said records and accounts available.

L. A written agreement that vehicles will stop or wait on Airport property only while in the process of waiting for, loading and unloading customers with bona fide reservations. Upon request by an authorized representative of the City, the driver of a vehicle (or company personnel who may accompany the driver) shall provide said representative the name of such reserved customers and other information applicable to the reservation. Drivers of vehicles (or company personnel who may accompany the driver) shall be prohibited from solicitation of business in any manner whatsoever upon the Airport. The operation of vehicles will be specifically limited to the picking up and delivery of reserved customers.

M. A written agreement to park only in the parking and pick up area designated by the Airport Manager.

N. A written agreement to indemnify and hold harmless the City, its officers, employees, boards and commissions, from any and all claims whatsoever related to the commercial use permit and proof of insurance for such contractual liability. (Ord. C-7934 § 24, 2004; Ord. C-6508 § 1 (part), 1988)

16.47.040 Limitations of permit.

A commercial use permit will permit the business to pick up customers at the terminal in a designated and signed van, or other motor vehicle, but no nontenant rental car business shall operate more than two (2) designated motor vehicles on Airport property at the same time when both vehicles are needed to pick up or deliver customers to the Airport. Such businesses may have more than two (2) vehicles on Airport property at the same time if a need therefor is demonstrated to the Airport Manager and the Airport Manager grants prior written permission therefor to such business. (Ord. C-6508 § 1 (part), 1988)

16.47.050 Prohibition of activities on Airport property.

A commercial use permit shall not permit such business to rent motor vehicles on Airport property, to have an office or station on Airport property, to park rental cars on Airport property, or to operate rental cars on airport property; and all of these actions and activities are expressly prohibited. (Ord. C-6508 § 1 (part), 1988)

16.47.060 Revocation of permit.

A commercial use permit may be revoked by the City for cause at a public hearing before the Airport Manager upon five (5) days notice. "Cause" includes, but is not limited to, a breach of any of the agreements herein, including a failure to make timely payments, violation of City standards or regulations, violation of the laws of the federal government or of the laws of any State, and any other act or omission of the permittee adversely affecting Airport business operations or posing a danger to the public health, safety or welfare. "Cause" also includes financial insolvency or instability, moral turpitude and the lack of good character. In the event a permit is revoked, all sums owed the City shall immediately become due and payable, and no fees or charges shall be refundable by the City. A commercial use permit may, likewise, be denied for a cause similar to that for which it could be revoked. In addition, a commercial use permit may be denied or revoked when, in the opinion of the City, such action is necessary to protect the public health, safety or welfare, or to preserve the financial welfare of the Airport. In the event the permit is denied, the applicant shall be given written notice of the reasons and shall have the right to a hearing before the Airport Manager. (Ord. C-6508 § 1 (part), 1988)

16.47.070 Processing fees.

There shall be a charge of one hundred dollars ($100.00) payable in advance to defray administrative costs of a permit request for each permit. This cost is not refundable in the event the permit application is rejected or in the event the permit is revoked. (Ord. C-6508 § 1 (part), 1988)

CHAPTER 16.48 CEMETERY

16.48.010 Name.

The property owned, held, controlled, and managed by the City for cemetery purposes shall be known as the Long Beach Cemetery. (Prior code § 7440)

16.48.020 Operation regulations.

The management, operation, upkeep and control of the cemetery shall be under the joint direction of the Director of Parks and the City Engineer, subject to the provisions of the laws of the State relating to burials, the Charter of the City and this Chapter. The Director of Parks shall supervise the digging of all graves and the interments therein, and shall have charge of sodding, grading and seeding thereof. No interment of any body shall be permitted unless it is accompanied by a burial or cremation permit issued pursuant to the laws of the State, and from the effective date of the ordinance codified in this Chapter, no monu-

ments or tombs shall be placed in the cemetery. All grave markers shall be of a flat type and placed at lawn or ground level, except that a marker may be established on a grave in any lot, half lot or quarter lot, which marker is essentially a duplication in design of any marker established on the lot, half lot or quarter lot on or prior to November 14, 1943. No other improvements shall be placed in the cemetery without the written consent of the Director of Parks. Upon being presented with any permit in connection with the burial of any body or the ashes there of, the Director of Parks or his representative shall sign the same, endorse upon it the date of interment, and transmit the permit, so endorsed, to the Health Officer of the City within ten (10) days from the date of interment. He shall also keep a record which shall contain a complete account of all interments that take place in the cemetery, a description of the particular grave, the name, age, color and sex of the person interred, and the date thereof. (Prior code § 7440.1)

16.48.030 Official map.

That certain map designated as Map No. E45, prepared and filed in the office of the City Engineer on January 13, 1936, approved by the Council on October 10, 1939, and recorded on October 13, 1939, in the office of the County Recorder of Los Angeles County, as Map No. 814-R, constitutes the Official Map of the Long Beach Cemetery. A copy thereof shall be kept on file at the cemetery for inspection by any person interested therein. The map may be amended from time to time by resolution of the Council. (Prior code § 7440.2)

16.48.040 Use of lots restricted.

No lot or part thereof within the boundaries of the Long Beach Cemetery shall be used for any other purpose than the interment of the human dead, and all owners of such lots or parts of lots are subject to the provisions of all applicable laws of the State, this Chapter, and to such rules, conditions, limitations, regulations, and ordinances or amendments to ordinances as the Council may from time to time make or adopt for the government, improvement and embellishment of the cemetery. (Prior code § 7440.4)

16.48.050 Burials and removals.

All graves shall be opened and closed under the supervision of the Director of Parks and shall not be less than five feet (5') in depth. Only one (1) interment shall be allowed in a single grave, except in case of a mother and infant child, or twin children, or two (2) children buried at the same time. All interments in lots or parts of lots shall be restricted to members of the family or relations of the owners thereof, except by written consent of the owner and written consent of the City Engineer, such consent to be filed in the office of the City Engineer, and owners of lots or parts of lots shall not allow interments to be made therein for remuneration, nor shall they sell any lot or part thereof in the cemetery without the written consent of the City Engineer. Terms of sale of lots or parts of lots shall be cash, and no lot or part of lot shall be regarded as sold until fully paid for. If parties make interments before paying in full for their lots, the City reserves the right to remove the bodies to the single grave allotment provided for in this Chapter, and to sell the lot or part thereof to other parties, and no sale or transfer of a burial lot or part thereof shall be valid until the same has been recorded in the office of the City Engineer in a book kept for that purpose and a fee as determined by the City Council by resolution is paid. No interment, disinterment or removal shall be made in the cemetery without an application being first made to the City Engineer, together with the required fees therefor, and no body shall be taken from the cemetery without a permit for disinterment and removal required by the laws of the State. The City Engineer shall keep an accurate record of all removals made. (ORD-10-0014, § 25, 2010; Prior code § 7440.5)

16.48.060 Fees.

In addition to any other charges, charges for the following activities shall be set by resolution of the City Council:

A. For opening graves for any purpose;

B. For burial of ashes in a container approved by the Director of Public Works and supplied by the person in charge of such burial; and

C. Any other fees deemed necessary.

All burial boxes involved shall be made with cement which shall first be approved by the Director of Public Works, such boxes to be furnished by the person in charge of the burial. (Ord. C-5807 § 1, 1982: prior code § 7440.6)

16.48.070 Single grave allotment and indigent burials.

A portion of the cemetery grounds shall be set aside as a single grave allotment, and another portion thereof shall be set aside for free burial of the remains of such persons who have no relatives, nor friends who are legally liable for the costs of the burial under the laws of the State, and who were indigent at the time of their demise. A permit for burial in the free burial ground shall only be issued in proper cases, after an investigation by the City Engineer and a determination that the free burial is warranted. (Prior code § 7440.7)

16.48.080 Prohibited acts.

A. No person shall enter the cemetery with any dog or other animal, carry any firearms upon his person, or enter the grounds of the cemetery at any time between one-half (1/2) hour after sunset and one-half (1/2) hour before sunrise without the written permission of the Director of Parks. No children shall be admitted unless accompanied by some adult person who shall be responsible for their conduct.

B. All persons engaged in the placing of grave markers or other structures are expressly prohibited from scattering materials on adjoining lot or walks, or leaving the same on the grounds any longer than is necessary for the completion of the work, and such persons must obey the directions of the Director of Parks in connection therewith. (Prior code § 7440.8)

CHAPTER 16.52 HISTORIC LANDMARKS

16.52.010 Jergins Trust Building, Pacific Coast Club, Villa Riviera, First Congregational Church, Rancho Los Alamitos and Rancho Los Cerritos.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following buildings as historical landmarks in the City:

A. The Jergins Trust Building.

1. Location, description and reasons for designation. Located at 120 East Ocean Boulevard, the structure, known first as the Markwell Building, was started in 1917 and the first six (6) floors were completed in 1919. It received its present name when the Jergins Oil Company bought it, after which the remaining floors were added in 1929. It served various purposes during the years, housing offices of Standard Oil, a theater, several stores, municipal and superior courts, law offices and departments of municipal and County governments. It was frequently sold and resold, its leases sought until conditions in the 1950s made them less desirable. Yet the building has served as a Long Beach landmark, offering with its companion on the other side of the intersection a grand view looking down Pine Avenue toward the ocean. Its share in the history of Long Beach has been considerable, for historic cases have been discussed there, and won or lost in its courts, and business transactions have been consummated within its offices influencing the fate of Long Beach.

2. General Guidelines and Standards for any Changes. The following guidelines and standards recommended by the Cultural Heritage Committee are adopted:

The Committee would resist any changes in the exterior facade of the Jergins Trust that would interfere with the colorful "cake-like" art stone carvings that appear on the top floors of the building. We understand and were in agreement with the removal of the State The-

atre marquee in that the present owners of the building are endeavoring to find a new use for that area of the structure. Cognizant of the problems for finding a new use for theaters, the Committee is aware that the owners hope to attract a banking facility within this area of the building. The Committee found upon a field trip to the site that the original arcade below the building is in excellent condition and would resist any attempt to do away with it; we would like to see the arcade reopened and used as it was originally used as a market center and boutique alley. We would like the paneling in the upstairs law offices preserved should the present lessees leave (though that is doubtful). We further recommend that the penthouse terrace be restored and used as an attraction to the building. We are interested in meeting the present owners and encouraging them in any restoration efforts.

B. The Pacific Coast Club.

1. Location, Description and Reasons for Designation. Located at 850 East Ocean Boulevard, the Club was founded in 1923, with the merger of the Petroleum Club and the Coast Athletic Club. Groundbreaking for a building started on June 9, 1925, and the cornerstone was laid on September 4, 1926; the Club was formally opened on October 26, 1926. The architects were Curlett and Beelman, although several individuals were involved with the structure and its decor. The Grand Hall with its decorations, the chandelier and the library were notable features. It was built by C. T. McGrew & Sons Construction Company with one son a charter member. The same company built the Press Telegram Building. At the dedication, President David Smith officially opened the club for hundreds of charter members, but he resigned within the year and the facility was conveyed to the Los Angeles Athletic Club in 1928. In 1961, the building was turned over to the Pacific Coast Club, Inc., with a new president, Wayne Ferrell, but seven (7) months later the club was bankrupt. The building survived the earthquake with but a few cracks and survived vandalism and time to presently represent a monument to an era and a glory of the City of Long Beach.

2. General Guidelines and Standards for any Changes. The following guidelines and standards recommended by the Cultural Heritage Committee are adopted:

The Committee strongly urges that every attempt be made to restore the Pacific Coast Club to its former grandeur, preserving the exterior, removing the existing white grill work which distracts from the beauty of the structure and eventually allowing for more parking in the rear of the property so that the building may enjoy maximum use. We would not oppose underground parking or an attractive structure above ground. We would like the health facilities maintained, the swimming pool restored and the beach area utilized as it once was by club members. We would encourage multi-use for the building, including a health club, business offices, apartments and restaurants. In line with these recommendations, we would like to see the Grand Hall decorations restored, the chandelier and library restored and all other decorative detailing that made this building so outstanding. Although we have not been able to gain access to the building, we understand that it is not beyond restoration, so we will encourage all efforts in that respect and will expect to be consulted on all architectural designs, inner structural changes and any exterior changes. We would urge that the building be public in spirit for all to enjoy.

C. The Villa Riviera.

1. Location, Description and Reasons for Designation. Located at 800 East Ocean Boulevard, the Villa Riviera Hotel was constructed in 1929, second in height at that time only to the Los Angeles City Hall. Architect Richard D. King won a grand prize at an international contest for the design of the sixteen-story building. Its costs of construction were over two million dollars ($2,000,000.00), at that time a large sum in build-

ing expenditures. Its architecture savors of the majestic Tudor Gothic, with a marked resemblance to the Italian and French Renaissance, all blended into a composite grace of line that overshadows any single decorative detail. At one time, Joseph M. Schenck of Twentieth Century-Fox and Norma Talmadge, then his wife, owned the hotel. It survived the earthquake with only plaster cracks which were easily repaired. With its height and its command of a view over the ocean to Catalina and over the City, the Villa Riviera is an eye-catching object for Long Beach.

2. General Guidelines and Standards for any Changes. The following guidelines and standards recommended by the Cultural Heritage Committee are adopted:

> The exterior of this building should be maintained at any cost! The gargoyles, intricate art stone carvings and other outer decorations should be reinforced should they show signs of weakening. Any exterior painting or reroofing should be done only after Committee approval as to color and material. We would encourage the present color tones and would discourage a change of color for this towering pillar which stands as a gateway to the Ocean Boulevard scenic route currently in the planning process. Since the apartments are privately owned, the Committee will not make any recommendations beyond preserving the lobby, its fixtures and decorations.

D. The First Congregational Church.

1. Location, Description and Reasons for Designation. Located at Third Street and Cedar Avenue, the church was built in 1914 by C. T. McGrew of Long Beach; the architectural design was by H. M. Patterson of Los Angeles. Its brick exterior is Italian Renaissance and its interior is noteworthy for its stained glass, paneling and wooden beams. It has been a landmark of Long Beach since the 1920s and a scene of notable social and cultural events. It has served as a memorial to Mr. and Mrs. Bixby who were so important for its construction and to Long Beach. The Italian Renaissance style conforms meaningfully with the contemporary surroundings of new structures. Although later additions and alterations have been made, these have been kept in close relation to the original style. It withstood the 1933 earthquake well; recent changes in building code regulations have forced the congregation to agree to the demolition of the educational facility and to construct new quarters. In all, the church itself as a cultural and social institution, the integrity of its architecture and decor, and its place in the City merits preservation as a landmark.

2. General Guidelines and Standards for any Changes. The following guidelines and standards recommended by the Cultural Heritage Committee are adopted:

> The Committee is aware that further interior changes are in order for this church so that it may present building code requirements. Regretfully, we understand that the existing stairwells - mahogany - will have to be replaced or covered. We would urge that the Planning and Building Department once more consider this recommendation in that we are aware that in some instances exceptions have been made for historical buildings. We feel the church has done an outstanding job in its own preservation effort. e.g., utilizing Pilgrim Hall materials in new construction. We would like to work with Dr. David Reed and his committee in any new restoration efforts in line with a new building presently under consideration adjacent to the church building. Our purpose here is only advisory and with the intent of offering any service we might have that would benefit the church. We would not like to see any further structural changes either in the outside or interior of the building.

E. Rancho Los Alamitos.

1. Location, Description and Reasons for Designation. Located at 6400 East Bixby Hills Road, situated on the prehistoric Indian village site, known as Puvung-na, Rancho Los Alamitos is an excellent example of a late nineteenth century working ranch. The adobe walls, constructed by Juan Jose Nieto in 1806, serve as the interior foundation of

the present day ranch home. Rancher Don Abel Stearns added a wing to the adobe home in 1842, to serve as his vaqueros' bunkhouse. After John Bixby became owner, this wing was converted to use as kitchen and servants' quarters. The last additions to the ranch house were made by his son, Fred Bixby, in 1925. In addition to its extensive gardens, buildings surrounding the house include horse barns, a working blacksmith shop, cow feeding and milking barns, chuck wagon, and many items of machinery, used in turn-of-the-century farming. This house is one of the few remaining structures in Southern California which began its existence during the Spanish colonial days. Its heritage represents the Spanish, Mexican and American eras of California history.

2. General Guidelines and Standards for any Changes. The following guidelines and standards recommended by the Cultural Heritage Committee are adopted:

Located in the heart of one of the City's most prestigious residential areas, Bixby Hill, Rancho Los Alamitos lies nestled amidst seven and one-half (7½) acres of gardens and outer buildings that were part of its early life as a working ranch. The last additions were made to the house in 1925: none have taken place since. Every effort has been made to restore the interior dwelling to reflect life as it was when the Bixby family occupied the ranch house. The Committee favors retention of the existing seven (7) acres of land to perpetuate the life of the site, to continue the upkeep of the existing gardens for tourists, to encourage tours of the outer buildings as an educational resource and to maintain the existing structure as an example of early ranch life in California. We would not anticipate further structural changes nor would we recommend them at this juncture. Should a necessity arise for alteration, the Committee would like to be consulted before any changes take place.

F. Rancho Los Cerritos.

1. Location, Description and Reasons for Designation. Located at 4600 Virginia Road, the Rancho's history represents the Mexican and early American period of Long Beach history. It was the site of a Tibahangna Indian village where Manuel Neito constructed ranch quarters for the original 167,000 acre land grant from Governor Pedro Fages in 1784. In 1843, Jonathan Temple purchased the 27,000 acre Rancho Los Cerritos from the Neito heirs. In the early 1860s, severe droughts and floods decimated the operation of the Rancho and Temple sold it to the Flint Bixby and Company in 1866 for $20,000 in gold. Jonathan Bixby, Llewellyn's brother, managed the ranch until 1881 and the old adobe remained empty until 1931. In 1929, Llewellyn Bixby, Jr., nephew of Jonathan, purchased the ranch house and grounds around it and completed a massive renovation in 1931. In 1954, the City assumed responsibility for its preservation. The ranch is one of the few remaining examples of the early California Monterey Colonial Style, and its ownership history represents the development of the area from its earliest origins to the present.

2. General Guidelines and Standards for any Changes. The following guidelines and standards recommended by the Cultural Heritage Committee are adopted:

Almost hidden from view at the end of a long, curving road, Rancho Los Cerritos and its beautiful hacienda and porch can be seen through the gate near the parking entryway in the heart of the Virgina Country Club residential district. The Committee recommends that the gardens and grounds of the Rancho be continually maintained as a strolling area for tourists and those persons who work at the Rancho itself. We recommend that the terraces and rear courtyards be upgraded since they are primarily walking areas, e.g., the brick walkways be maintained and the grass around the fountain area cared for. Regarding the interior, we would resist any structural changes, encouraging rather the maintenance of the beautiful floors, beam ceilings and library. The outer rooms around the courtyard are excellent historical areas offering a look at a world

long gone. We would encourage preservation of the exhibit materials and would, of course, oppose any outer structural changes, e.g., roof materials, unless consulted as to the necessity thereof. (Ord. C-5479 § 1, 1979)

16.52.020 Cooper Arms Apartments.

Pursuant to the provisions of Chapter 2.63, and with the recommendation of the Planning Commission, the City Council designates the following building as an historical landmark in the City:

The Cooper Arms Apartments.

A. Location, Description and Reasons for Designation. Long Beach entered upon the "million-dollar-a-month" building era in 1921. By 1923, that figure had doubled. That year construction commenced on the Cooper Arms Apartments, one of several skyscraper apartment houses that changed the skyline of Long Beach from a quiet village to that of a metropolitan City.

Located at 455 East Ocean Boulevard, the twelve-story own-your-own, comprising one hundred fifty (150) apartments, was built of reinforced concrete and tile upon a lot that measured one hundred by two hundred two feet (202'), allowing space for a garden that was the size of a regular City lot.

The property was owned by Larkin Cooper whose home and guest house once graced the present day site of the Fidelity Federal Plaza. Cooper gathered together the most prominent business figures of Long Beach to manage the Cooper Arms project. Among them, Nelson McCook, president and founder of the California National Bank; Colonel Walter J. Horne, partner in Van Lester & Horne, a real estate firm that developed downtown business blocks and residences; Vat Lester, Horne's partner whose successful real estate methods earned him the pseudonym "The Bungalow Merchant;" William Prisk, founder of the Independent Press Telegram; Dr. W. Harriman Jones, surgeon and Director of the City National Building Company, and many others.

Their goal was to build the most luxurious cooperative apartment house in Long Beach. Early testimonials indicate they succeeded, comparing the Cooper Arms to the Biltmore in downtown Los Angeles and the Huntington Hotel in Pasadena.

The project was the sixth cooperative apartment house in Long Beach. Prices ranged from three thousand eight hundred dollars ($3,800.00) to seventeen thousand dollars ($17,000.00) per unit. The complex offered its tenants a wide variety of amenities: A Spanish loggia, domed ballroom and solarium atop the roof including a glass enclosed cafe; imported Italian terraza floors in the lobby and drawing room/lounge; art deco paneling, bronze doors and a number of other fine interior architectural details which enhanced the lobby and hallways. The basement provided receiving and storage rooms with individual trunk rooms; showers, lockers, dressing rooms and baths for bathers; billiard, smoking and recreation rooms were provided as was a driveway for autos at the rear of the building.

Exterior architectural features such as curved casement windows, columned balconies and carved artstone scrolls along the roofline all contribute to the art deco styling of the 1920s, so prevalent to Long Beach.

The Cooper Arms' historic associations lie in its status as one of the first cooperative ventures in apartment house living in the West; its relationship to the prominent businessmen of the day, and its value as an example of 1920s architecture in both its outer facade and interior detailing. Its twelve-story facade, as noted earlier, played a significant part in the changing face of Long Beach. The building's early days were distinguished by a lifestyle that once thrived in Long Beach and which may one day return. In that regard, the Cooper Arms is unique.

The obvious care and sense of responsibility of the owners of this building, those persons who own their apartments, is reflected throughout the structure in its orderly appearance and in the exceedingly expensive effort now being undertaken to bring the building up to meet Long Beach building codes.

B. General Guidelines and Standards for any Changes. The following guidelines and standards recommended by the Cultural Heritage Commission are adopted:

This twelve-story building is in remarkably fine condition. The building should remain intact, its interiors preserved, its first floor lounge/drawing room be carefully preserved to ensure the beautiful art deco decorations, and efforts be made to maintain the bronze elevator doors, marble floors, brass fittings and fixtures and graceful casement windows that are found throughout the interior building.

The garden already in good repair, should continue as a green area, since it is an outstanding feature of the building, almost an architectural detail in itself. (Ord. C-5523 § 1, 1979)

16.52.030 Drake Park/Willmore City Historic Landmark District.

Pursuant to the provisions of Chapter 2.63, and with the recommendation of the Planning Commission, the City Council designates the area known as Drake Park/Willmore City as a Historic Landmark District. The boundaries of the Drake Park/Willmore City Historic District are as follows:

A. North. From Park Court one hundred feet (100') south of Anaheim Street, continuing west to the west side of the parcel at 1249 Loma Vista Drive; crossing to the south side of Loma Vista Drive at Virginia Court; continuing west to the property located at 1191 Loma Vista; then crossing to the north side of Loma Vista Drive to the railroad right-of-way and continuing west; then going south on the western side of the property located at 1077 Loma Vista to the north side of Loma Vista Drive.

West. Continuing south and curving around Loma Vista Drive to Oro Court; south on Oro Court to Seventh Street; east on Seventh Street to Magnolia Avenue; south on Magnolia Avenue to Fifth Street; west on Fifth Street to Crystal Court; north on Crystal Court to Sixth Street; west on Sixth Street to Nylic Court; south on Nylic Court to Fifth Street; east on Fifth Street to Daisy Avenue; south on Daisy Avenue for fifty feet (50'); then east to Crystal Court; south on Crystal Court to the north side of Fourth Street.

South. The north side of Fourth Street from Crystal Court to Magnolia Avenue; then south to fifty feet (50') south of the south side of Fourth Street (at the southern boundary of 356 Magnolia Avenue); then east to Cedar Avenue.

East. From fifty feet (50') south of Fourth Street, north on Cedar Avenue to Fifth Street; then east to Park Court; continuing north on Park Court to one hundred feet (100') south of Anaheim.

B. The complete location, description and reasons for historic landmark district designation are more fully contained in uncodified Section 2 of Ordinance No. C-7538. (Ord. C-7538 § 1, 1998: Ord. C-5928 § 1, 1982: Ord. C-5566 § 1, 1980)

16.52.040 Long Beach Community Hospital.

Pursuant to the provisions of Chapter 2.63, and with the recommendation of the Planning Commission, the City Council designates the following building as an historic landmark in the City:

The Long Beach Community Hospital.

A. Location, Description and Reasons for Designation. Located at 1720 Termino Avenue, the Long Beach Community Hospital first opened its doors to the public on July 15, 1924, and has since remained open twenty-four (24) hours a day, every day, at the same location.

Community's existence is due to the efforts of concerned citizens who saw the need for a non-profit hospital serving the eastern section of the City. A public fund drive, a grant of civic funds and a one dollar a month lease of City property culminated in the construction of the Spanish Colonial style building. The site chosen was a hill surrounded by farmland located at that time on the outskirts of Long Beach.

During the first five (5) years of its existence, the one hundred twenty-five bed hospital was plagued with financial problems. Fillmore Condit, hospital founder and the first president of the Board of Trustees, frequently accompanied the

Administrator to the bank to make up the payroll from his own funds. During his lifetime Mr. Condit (who also served a term as the City's Mayor) donated more than one hundred thousand dollars ($100,000.00) to Community Hospital.

At 5:55 p.m., March 10, 1933, Long Beach was shaken by an earthquake with a magnitude of 6.3 on the Richter scale. Under the guidance of Sarah A. Ruddy, RN, Hospital Administrator, Long Beach Community Hospital continued to serve the community, without lights, telephone service, water or heat, in tents on the hospital grounds. A total of one hundred twenty-five injured were treated the first night, ninety (90) of them hospitalized. Damage to the hospital was so slight that patients were back in the hospital within twenty-four (24) hours. An emergency clinic, set up for twenty-four (24) hours a day the next ten (10) days, treated more than five hundred (500) patients who were casualties of the quake.

In 1958 the unique Hatfield Unit with its garden views was created and named after Howard Hatfield, the Administrator of that decade. With fifty (50) beds it was the first convalescent unit ever built within the confines of a nonprofit private institution in California.

Following the population explosion of the 1950s, the community of Long Beach rallied to raise funds for local hospitals. As the direct result of the local bond issue, Community Hospital dedicated a new east wing in 1959 under the administration of Walter Oliver. A total of one hundred forty-eight (148) beds and thirty-four (34) bassinets were added bringing the licensed capacity to today's three hundred (300) beds.

Today the two-story and basement structure of the original 1924 building contains the main entrance to the hospital and fairly well conceals the 1959 addition. A landscaped courtyard is entered through an arcade. Arcades also flank each side of the courtyard. A fountain, flowers and trees add to the historic scene created by stuccoed walls and red tile roofs.

Despite work done in 1958 bringing the building up to the then existing structural codes, Community Hospital is today involved in a major reconstruction project to bring the building up to current, more stringent codes. An investment of an estimated twelve and one-half million dollars ($12,500,000.00) for a new emergency department and restructuring of the original building must be made.

Structural reinforcement requires a unique design solution involving slant-drilled underpinning, shear walls, chasing exterior walls, and guniting. These efforts mean that Community Hospital will retain the distinction of being the only Long Beach hospital to operate from its original structure.

2. General Guidelines and Standards for any Changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the Secretary of the Interior (Feb. 1978) are incorporated by reference.

The following guidelines and standards recommended by the Cultural Heritage Commission are adopted:

Exterior. The Termino Avenue facade is the special architectural importance of this building and therefore should be preserved. A certificate of appropriateness shall be granted for changes delineated on the construction drawings stamped by the State Department of Health Facilities Planning on February 1, 1979, and for normal maintenance and enhancement of the facade for the purposes of preservation and addition of architectural detail in keeping with the Spanish architecture.

Proposed changes to the other elevations of this structure shall be granted a certificate of appropriateness only if the changes would be in keeping with the architectural style and design and color motifs of the building. (Ord. C-5647 § 1, 1980)

16.52.050 Scottish Rite Cathedral.

Pursuant to the provisions of Chapter 2.63, and with the recommendation of the Planning Commission, the City Council designates the following building as an historic landmark in the City:

Scottish Rite Cathedral.

A. Location, Description and Reasons for Designation. Location: 855 Elm Avenue. In 1924

Aubrey Rivers Parks announced his dream and plan for the Scottish Rite Temple. The Scottish Rite Bodies were to have their own home at the northwestern corner of Ninth Street and Elm Avenue.

The building was completed in August 1926 at the cost of five hundred thousand dollars ($500,000.00), including original furnishings and equipment. The fully air conditioned Long Beach Scottish Rite Cathedral contains forty thousand eight hundred (40,800) square feet of floor space, a new fifty thousand dollar ($50,000.00) pipe organ and portable console, twenty-seven (27) stage sets and ninety-seven (97) drops valued at three hundred fifty thousand dollars ($350,000.00), stage lighting, closed circuit television and sound system in the Sanctuary. This landmark is a place for higher Masonic learning and attracts many instructors.

2. General Guidelines and Standards for any Changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the Secretary of the Interior (Feb. 1978) are incorporated by reference.

The following guidelines and standards recommended by the Cultural Heritage Committee are adopted:

Exterior. The Elm Avenue facade is the special architectural statement of this building and therefore should be preserved. Normal maintenance of the facade for purposes of preservation shall receive a certificate of appropriateness. Any proposed alterations, remodeling or modernization of the Elm Avenue facade, however, shall be granted a certificate of appropriateness only for public safety reasons after adequate investigation has been made of alternate methods of correcting the safety hazards.

Proposed changes to the other three (3) elevations of this structure shall be granted a certificate of appropriateness only if the changes would be in keeping with the architectural style and design and color motifs of the building.

Interior. Two (2) interior spaces have extraordinary design importance and contribute significantly to the building as a cultural resource. The spaces are the entrance lobby and the main auditorium. These are richly decorated with hand-painted wall and ceiling designs which should be preserved. Certificates of appropriateness should be issued for normal maintenance of these spaces, including the wall and ceiling decorations, for the purposes of preservation in their present form.

Proposals for renovation, remodeling, or otherwise changing these spaces, including painting over the wall and ceiling decorations, shall not be granted a certificate of appropriateness except for public safety reasons. (Ord. C-5648 § 1, 1980)

16.52.060 Insurance Exchange Building.

Pursuant to the provisions of Chapter 2.63, and with the recommendation of the Planning Commission, the City Council designates the following building as an historic landmark in the City:

Insurance Exchange Building.

A. Location, Description and Reasons for Designation. Located at 205 East Broadway, this architecturally significant building was constructed at a cost of four hundred thousand dollars ($400,000.00) during the Long Beach building boom of the 1920s. It is art deco in style with noteworthy use of ornamental plaster and tile work.

Way and Lorne Middough, prominent businessmen and civic leaders from 1919 until their deaths in 1966 and 1963 respectively, commenced construction in late 1923. Their shop, "The Boys Shop," at 126 West Broadway was too small for their purposes. The original plan was to build a two-story structure to accommodate their needs. They were asked to raise the height to eight (8) stories to accommodate the small claims and superior courts. This they did.

The bas-relief, originally around the entire front of the structure, featured children's sports scenes. The tiles and friezes along the architectural lines of the building complements the basreliefs. Three and three-fourths (3¾) of these scenes remain as original. The Middough brothers were actively

involved for boys and their needs. A gymnasium was included in the building because of this concern for boys and their love of sports.

The building was completed in 1925. It was featured in newspaper articles and magazine supplements in the 1920s and 1930s as one of the outstanding new landmark buildings of downtown Long Beach.

The courts moved to the Jergins Trust Building when the two (2) additional floors were added to that building in the late 1920s. Without a guaranteed income for the building, the financial problems of the 1929 crash made it necessary to sell the building.

In 1931 the building was sold to Wayne H. Fisher, a Los Angeles developer. From this time on the building became known as the Insurance and Exchange Building.

In 1932 the name of the Boys Shop was changed to Middough Meier and was operated by Way Middough and R. Troy Meier.

During the war, the building was used as a mess hall for the Armed Forces.

The present owner of the building, Mr. James Compton, purchased the building in 1965.

B. General Guidelines and Standards for any Changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the Secretary of the Interior (Feb. 1978) are incorporated by reference.

The following guidelines and standards recommended by the Cultural Heritage Committee are adopted:

Exterior. The facade and art deco style and ornamentation are the architectural importance of the building. The remaining bas-relief scenes should be preserved, the ornamental tiles, columns and friezes should be preserved. Normal maintenance of the facade for purposes of preservation shall receive a certificate of appropriateness.

Interior. The entrance lobby to 205 East Broadway is significant in its art deco designs. These designs should be retained and preserved. Certificates of appropriateness should be issued for normal maintenance of this space, including the wall, floor and ceiling designs, for the purposes of preservation in their present form.

The columns and decoration and ceiling designs on the second floor should be preserved. A certificate of appropriateness should be issued for normal maintenance of these columns and ceiling designs for purposes of preservation. (Ord. C-5649 § 1, 1980)

16.52.070 Recreation Park golf course clubhouse.

Pursuant to the provisions of Chapter 2.63, and with the recommendation of the Planning Commission, the City Council designates the following building as an historic landmark in the City:

Recreation Park Golf Course Clubhouse.

A. Location. Description and Reasons for Designation. Located at 5000 East Anaheim Street, the Recreation Park golf course clubhouse is one of the few civic buildings remaining and represents the only recreation building constructed prior to 1933. The total area, including golf courses and Recreation Park, was purchased from the Alamitos Land Company (two hundred sixty (260) acres) and the San Gabriel River Improvement Company (one hundred forty (140) acres) with a bond issue of nine hundred thousand dollars ($900,000.00) in 1923. Earlier a golf course existed on the site, and that club became the Virgina Country Club with the termination of the lease. A clubhouse was constructed in 1925 which was moved across Seventh Street to become the clubhouse for the new nine-hole course constructed in 1929. The present Recreation Park golf course clubhouse was constructed in 1929 for a cost of fifty thousand dollars ($50,000.00).

In 1925 the course held an annual open which continued until suspended during the Depression (and also in World War II). Winners of the Long Beach Open included: Bill Mellhorn, Lee Diegel, Tommy Armour, James Kirkwood, Walter Hagen and Olin Dutra. Associated with the clubhouse are many festivities related to the course and to civic events. A large room was used for dances and

social events which is currently in excellent condition, except that the gas jets have been removed from the fireplace.

The golf course was reconstructed in 1935, dedicated in May, which conforms roughly to its present configuration. It became a longer course (six thousand five hundred (6,500) yards, par seventy-two (72)) and more fitting for PGA play.

The club was under the Long Beach Recreation Commission from the formation of this body in 1929 until after World War II when there was a reorganization. The chairman of this Commission for many years was an outstanding civic leader, Clyde Doyle; and prominent individuals have been members of the Commission during the years. Clyde Doyle was a Long Beach Attorney with considerable influence in civic affairs and development.

B. General Guidelines and Standards for any Changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the Secretary of the Interior (Feb. 1978) are incorporated by reference as guidelines.

The following guidelines and standards recommended by the Cultural Heritage Committee are adopted as guidelines:

The clubhouse's exterior should be preserved as present which conforms to the original design of 1929. Particular emphasis is placed on the preservation of the veranda and its colonial style decor and the present color. The adjoining starter's building may be changed without affecting the main structure since it was an addition. Other buildings, if necessary, can be constructed, but if attached or closely proximate, should conform to the original design.

The interior portions of the clubhouse may be modified to suit lessors or the Park Department with the exception of the main dining/social room where the beam ceilings and the fireplace must be preserved and restored to their original purpose and redesigned and enlarged. Both the men's and women's locker rooms and showers can be redesigned and refurbished to provide more suitable service; this work can be done without disturbing the original design.

Other portions of the interior can be modified: restaurant, pro shop and the second floor facilities.

In addition to those items mentioned above, colonnades, beams, decoration on the exterior, brick porch, cables with decoration, and window appearance should be preserved. (Ord. C-5652 § 1, 1980)

16.52.080 The Bembridge House.

A. Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as a historic landmark in the City: The Bembridge House which was constructed between 1904-1906 and is located at 953 Park Circle, Long Beach.

B. The complete location, description and reasons for historic landmark designation are more fully contained in uncodified Section 2 of Ordinance No. C-7675. (Ord. C-7675 § 1, 2000: Ord. C-5653 § 1, 1980)

16.52.090 Cherry Avenue Lifeguard Station.

A. Location, Description and Reasons for Designation. Located on the beach at the foot of Cherry Avenue, this lifeguard station is a most charming landmark for the many beach goers and inhabitants of the bluff top neighborhood that parallels the seashore. Resting on a raised foundation that is functional for the storing of equipment for saving lives (dories, paddle boards, power boats, etc.), the two and a half (2½) story clapboard structure is basically rectangular in shape. The hexagonal lookout and clock tower rests above a low pitch Spanish gable roof. The east and west facades are distinguished by the shiplike portholes, catwalks, and entrance ramp that leads to the station's working quarters.

The Cherry Avenue Lifeguard Station was first constructed at the foot of Linden Avenue to replace the Lifeguard Headquarters that was washed away along with the Pine Avenue pier during a bad storm. It was moved to Cherry Avenue in 1961 (est.). It was designated and built by the City in 1938. It represents the beach style of the 1930s

better than any remaining public structure in the City. The bottom floor of the building will be used as a lifeguard service museum.

The Long Beach Lifeguard Service is the oldest City-owned service of this type on the west coast. It was the first service to operate a power boat in their operations, use a radio communication system, use dories and torpedo cons, and bring water safety instruction to the classroom. Many memorabilia will be displayed in the Cherry Avenue Lifeguard Station Historic Landmark.

B. General Guidelines and Standards for Any Changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the Secretary of the Interior (February, 1978), as amended, are incorporated by reference, and the following additional guidelines and standards as recommended by the Cultural Heritage Committee are adopted:

The Cherry Avenue Lifeguard Headquarters Building shall be restored in the manner portrayed on drawings numbered B-3140 in the files of the Long Beach Department of Public Works. Future maintenance of the structure which is found to be in keeping with the architectural style illustrated on these drawings shall receive a certificate of appropriateness from the Cultural Heritage Committee.

The bottom floor of the structure shall be used for public display of memorabilia of the Long Beach Lifeguard Service. Organization and maintenance of the displays shall be the responsibility of others and periodic changes thereto shall not require a certificate of appropriateness. Abandonment of the displays or conversion of the display area to other uses, if proposed in the future, shall require a certificate of appropriateness.

Future changes to the related feature (auxiliary building) shall also conform to the architectural style of the main building. (Ord. C-5726 § 1,1981)

16.52.100 William Benjamin Dearborn Simmons Tracker Pipe Organ.

A. Location, Description and Reasons for Designation. Located within the Los Altos United Methodist Church at 5950 Willow Street in the City, this organ arrived in San Francisco on the heels of the Gold Rush days. It has State-wide significance in that historians believe it to be the oldest Tracker-type church instrument extant west of the Mississippi. It was first played in 1852 after its journey around the Horn in a clipper ship. It was built in Boston, Massachusetts. It served in two (2) locations in San Francisco, survived the 1906 earthquake and is of such quality of construction that there is every reason to believe it can be played for another one hundred thirty (130) years or more. With such a past as well as this hope for the future, it brings significance to Long Beach. In addition to its history, it had an illustrious builder. William Benjamin Dearborn Simmons of Boston had been apprenticed to Thomas Appelton, a noted organ builder, until 1845. He then formed his own company in partnership with Thomas McIntyre. Simmons died in 1876, aged 53. He is credited with bringing several European Stops to organ building in the United States. The premier recital of this restored organ commanded news items in forty (40) publications across the United States. It played to a full house and the audience included hundreds of organists. The Organ Historical Society has placed a plaque in the Sanctuary recognizing the organ as authentic and significant. Its place in history as an introduction of culture during the excessive era of the Gold Rush, its distinguished builder, its place as a classical specimen of its kind, its fine craftsmanship and promise for the future make it a valuable cultural landmark in our community and State.

B. General Guidelines and Standards for Any Changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the Secretary of the Interior (February, 1978), as amended, are incorporated by reference, and the following additional guidelines and standards as recommended by the Cultural Heritage Committee are adopted:

1. That the color of the organ case and the building be maintained in their existing condition;

2. That as soon as economically possible, the church provide a display case to house the memo-

rabilia pertinent to the organ and its history. That this case should match the overall color scheme of the organ and the Sanctuary. (Ord. C-5787 § 1(a), 1981)

16.52.110 Dr. Rowan Building.

A. Location, Description and Reasons for Designation. Located at 201-209 Pine Avenue in the City, the Rowan Building brought an example of Art Deco architecture to the City in a truly elegant manner. The extensive use of materials, pattern and livework made the structure a true showcase of the style originated by the Ecole de Beaux-Arts. Although other examples of this style exist on other highrise buildings in the area, none are found on a building of this scale or with the elaborate detailing and use of materials which were incorporated in this building. Located in the center of the commercial area of the City, this building originally afforded a home for Dr. Rowan (the father of Southern California credit dentistry), and for Nisley Shoes which was the "best women's shoe store in the area." It was less expensive to buy a new set of dentures than it was to purchase a pair of women's shoes at the exclusive Nisley's according to advertising which appeared in late 1930.

B. General Guidelines and Standards for Any Changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the Secretary of the Interior (February, 1978), as amended, are incorporated by reference, and the following additional guidelines and standards as recommended by the Cultural Heritage Committee are adopted:

The significance of this Art Deco building is important to the City because it portrays the environment in an era of history characterized by a distinctive architectural style.

The certificate of appropriateness shall be granted for changes delineated in the Environmental Impact Report number ERR-73-80, Negative Declaration ND-60-80, written by the City Planning Department, Environmental Division, June 18, 1981.

Normal maintenance of the facade shall preserve and/or enhance the Art Deco architecture.

Proposed changes to the exterior elevations of the structure shall be reviewed in accordance with the procedures set forth in Section 2.63.070 relating to the certificate of appropriateness. (Ord. C-5787 § 1(b), 1981)

16.52.120 Long Beach Municipal Auditorium Mural.

A. Location, Descriptions and Reasons for Designation. Located on Third Street at Locust Avenue, the height of the tile mosaic is thirty-seven feet (37'), nine and seven-eighths inches (9⅞); width twenty-two feet (22'), eight inches (8"); area 802.40 square feet. The medium employed is brilliantly colored glazed semi-vitreous tile set in waterproof cement on a reinforced concrete wall. Exclusive of the narrow border, the largest size of tile in the great picture proper is thirteen-sixteenth inch (13/16) square by three-eighths inches (⅜) thick. The number of pieces of tile in the picture is estimated at more than four hundred sixty-six thousand (466,000). The weight of the tiles is approximately three thousand seventy-two (3,072) pounds. Thirty thousand (30,000) pounds of mortar and cement were used for backing and filling the grout lines between the tiles. The following account depicting the "recreational" theme of the mural is from a January 18, 1970 issue of Southland Sunday.

"It is a beach scene with boats sailing the blue ocean in the background and white clouds drifting overhead. On the sandy beach in the mid-area and on the green grass in the foreground are men, women and children enjoying other forms of Long Beach Recreation - surfing, swimming, sunbathing, fishing, picnicking, playing horseshoes, ball and croquet. A sailor and his young wife admire their baby. A speaker voices her opinion on the 'spit and argue' platform."

B. General Guidelines and Standards for Any Charges. The preservation of the Long Beach Mural shall follow the techniques and methods outlined in a report prepared by a consultant for the Redevelopment Agency in the City of Long Beach.

The report deals specifically with the treatment, maintenance procedures, and repair of the tiles and grout holding the mural in place.

A copy of the report shall be kept on file in the office of Long Range Planning, Department of Planning and Building, 5th Floor, City Hall. (Ord. C-5904 § 1, 1982)

16.52.130 Heartwell/Lowe House.

A. Location, Description and Reasons for Designation.

The Heartwell/Lowe House is a Colonial Revival structure located at 2505 East 2nd Street, just outside of the Bluff Park Historic District. It was constructed in 1919.

This symmetrical two (2) story, two thousand three hundred sixty-six (2,366) square foot, Colonial Revival structure is rectangular in shape, has a low hip composition roof with a swept attic vent, and a header bond patterned chimney with sheet metal sheathing above the roof line. The exterior wall material is horizontal shiplap siding. The second story double hung windows are all one (1) and two (2) sash (the upper sashers are vertically divided with four (4) panes each). The lower story windows are plate glass on the front facade and single sash double hung windows on all of the other sides. The front recessed entry is flanked by glass side panels (one (1) on each side) and is covered by an open porch supported by round columns. The open porch doubles as a widow's walk/sun deck trimmed by a delicate wood rail with decorative corner posts. The entry to this area is a french door with glass side panels. The structure rests on a concrete foundation. The back yard is defined by a brick wall connected to the detached garage with a five hundred thirty-two (532) square foot apartment over it. The dining room was enlarged in 1960 (rear).

In designating the Heartwell/Lowe House as an historic landmark, the following specific criteria have been found to exist in this structure:

It possesses a significant character, interest or value attributable to the development, heritage or cultural characteristics of the City, the southern California region, the State or the Nation or if it is associated with the life of a person significant in the past;

It embodies those distinguishing characteristics of an architectural-type or engineering specimen;

It is a part of or related to a distinctive area and should be developed or preserved according to a specific historical, cultural or architectural motif; and

It represents an established and familiar visual feature of a neighborhood or community due to its unique location or specific distinguishing characteristic.

B. General Guidelines and Standards for any Changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the Secretary of the Interior (February, 1978) are hereby incorporated by reference.

The following guidelines and standards recommended by the Cultural Heritage Committee are hereby adopted:

Landmark:	The Heartwell/Lowe House
Location:	2505 East 2nd Street
Construction Date:	1919
Architectural Type:	Colonial Revival

The following standards are intended "to protect, enhance and perpetuate" the above landmark established by the Cultural Heritage Committee per the Cultural Heritage Ordinance (No. C-5364) of the City of Long Beach.

The following standards and guidelines will deal with both the interior and exterior of the structure.

1. Exterior - The following features shall be preserved:

a. The overall symmetry of the architectural style;

b. The front porch, columns, and widow's walk/sun deck and decorative railing;

c. The horizontal shiplap siding;

d. The chimney with its sheet metal sheathing;

e. The existing door and window shapes, sizes, materials, and placement; and

f. As well as the existing roof line, shape, and swept attic vent.

2. Interior - The following features shall be preserved:

a. The hardwood stairway, doors, door frames, built-in cabinets, and any other hardwood "decorative" trim;

b. The existing bathroom fixtures and ceramic tile;

c. As well as the decorative fireplace in the living room.

Before any environmental changes can be made to the exterior or interior features outlined above, "no person owning, renting, or occupying property which has been designated a Landmark" can do so without first applying for a certificate of appropriateness. Procedures for administering the certificate of appropriateness are set forth in Section 2.63.070 of the Long Beach Municipal Code.

"General Standards and Guidelines for Landmarks and Historic Districts for the City of Long Beach" shall also apply.

Also, to guide the property owner, renter, or occupant in determining appropriate changes, if deemed necessary, and to the Cultural Heritage Committee in administering the certificate of appropriateness, refer to the selected references on file in the Department of Planning and Building which describe and define architectural style elements. (Ord. C-5904 § 2, 1982)

16.52.140 St. Regis Building.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historic landmark in the City: The St. Regis Building.

A. Location, Description and Reasons for Designation. Located at 1030 East Ocean Boulevard in the City of Long Beach, the St. Regis Apartment Building is a seventy-six (76) unit, eight-story, brick and masonry high rise structure resting on the ocean front bluff at Ocean Boulevard and Second Place. The penthouse that comprises the eighth floor is rather simple in design compared to the rich architectural components that work together to form the overall Greek motif. An example of such is the ionic entablature that rims the seventh floor. Part of this decoration is a large triangular pediment and boxed cornice which are both detailed with oversized dentils. Symmetrically placed above the main entry on the sixth floor is a shallow balcony with a masonry spoke design, all supported by cement brackets. The flat columns that rise above this are capped by voluted capitals.

The St. Regis Apartment Building is architecturally significant to Long Beach because it is a rare example of the Greek Revival style on this large of a scale. It also represents an example of the early high rise apartment construction along the coastal bluff.

The main entry is unique. The large platform marble stairs rise into the recessed entry that is characterized by a semi-elliptical arch with a keystone. Flanking the entrance on both sides are round columns next to windows that have molded arch trim. While the upper stories are brick with a header bond pattern, the first floor is constructed in cement block and is decorated with a horizontal pattern that radiates from the larger windows. The round columns that support the second story balcony/porch have large bracket type capitals. The balcony rail is made of masonry spindle rails with large square corner posts. The name of the building is boldly imprinted along the center of the balcony. The entrance off of Ocean Boulevard is similar in design, but the facade is dominated by a fire escape that traverses its way down to the Street.

With the exception of a few new window frames and aluminum awnings, the original exterior of the building is intact. The interior of the building has been changed. The larger changes include the moving of apartment walls and/or the combining of two (2) units into one (1).

B. General Guidelines and Standards for Any Changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the Secretary of the Interior (February, 1978), as amended, are incorporated by refer-

ence, and the following additional guidelines and standards as recommended by the Cultural Heritage Committee are adopted:

Any modifications to the St. Regis Building shall be done so in keeping with its architectural style. The brick and masonry facade with all of the architectural details such as the triangular pediment and boxed cornice that adorn the upper level, the masonry balconies, and the decorative recessed entry ways shall not be modified in character.

No environmental changes shall be made to a designated landmark unless a certificate of appropriateness has been issued by the Cultural Heritage Committee or by the City Planning Commission upon appeal, authorizing such environmental change. (Ord. C-5945 § 1, 1983)

16.52.150 Fire Maintenance Station No. 10.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historic landmark in the City: Fire Maintenance Station No. 10.

A. Location, Description and Reasons for Designation. Fire Station No. 10, located at 1445 Peterson Street in the City of Long Beach, is a sizable rectangular structure capped by a large mansard roof. The exterior siding is brick that has been stuccoed. It rests on a concrete foundation. The front recessed truck entry is distinguished by a decorative gable. The large windows are, all multipaned. It was constructed in 1925. The roof was partially damaged by a tornado in 1936. (It has since been repaired.)

The importance of the Long Beach Fire Department to the development of the City is amplified by the character of the City. Oil and gas production and shipping both from Signal Hill and the harbor area make fire prevention and suppression critical elements in the City's healthy development. In addition, the port of Long Beach presents special problems for a Fire Department. So preserving the City's oldest remaining station, a shop and many pieces of equipment, especially on the site of the City's first drill school and training tower, makes a significant contribution to preserving the heritage of the City.

Beyond that, the contribution of the City Fire Department to the development of firefighting techniques in the west and the nation are represented on this site. The Long Beach Fire Department was the first one on the west coast to use mechanized equipment while others depended on man or horse drawn equipment. In addition, a valve that allows firefighters to switch from one (1) water source to another without interrupting the water supply directed at a fire was developed by the local Fire Department and named after its inventor (the Lucas valve). This valve is now in use by Fire Departments all over the world.

Further significance is given this fire station location because of the many examples of firefighting equipment that are stored in the building. This collection of firefighting equipment brought together at the expense and time of the Long Beach Firefighters Historical Society, includes the following engineering specimens:

1. Equipment. Original Long Beach 1902 hand cart. This being one of two (2) purchased by Long Beach.

2. 1923 Seagraves Aerial Ladder Truck. Original purchased by City, June 1923. Retired in 1949 and sold to the City of Visalia. Fireman purchased it in 1977 and brought it back to Long Beach.

3. 1926 Ahren's Fox Pumper. Seven hundred fifty (750) gallons per minute pumper purchased in 1926 and retired in 1948. Fireman purchased from Mack Truck by paying trade in price on a new pumper.

4. 1935 G.M.C. Squad Wagon purchased for one thousand two hundred fifty-four dollars and thirty-one cents ($1,254.31) in 1935. This was purchased in 1981 by Tom Stewart Insurance and given to the Historical Society.

5. Purchased in 1961 by our association from the movie studios, two (2) pieces of equipment, the same as used by Long Beach in the very early days 1905 to 1913. These both being horse drawn.

6. 1905 Amoskeag Steam Pumper.

7. 1894 Robinson Hose Wagon.

8. In addition to these major pieces of equipment, the station houses many small artifacts such as a unique collection of photographs, fire buckets, helmets, nozzles, etc.

B. General Guidelines and Standards for Any Changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the Secretary of the Interior (February, 1978), as amended, are incorporated by reference, and the following additional guidelines and standards as recommended by the Cultural Heritage Committee are adopted:

1. Any alterations, modifications, or repair of Fire Maintenance Station No. 10, or to any of the historic vehicles, machinery, or artifacts in storage therein, shall be done so in keeping with their historic character.

2. No environmental changes shall be allowed unless a certificate of appropriateness has been applied for and approved by the Cultural Heritage Committee or by the City Planning Commission upon appeal, authorizing such environmental changes. (Ord. C-5964 § 1, 1983)

16.52.160 Leonie Pray House.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historic landmark in the City: The Leonie Pray House.

A. Location, Description and Reasons for Designation. Located at 4252 Country Club Drive, in the City of Long Beach, this English Tudor mansion is one of the most architecturally significant residential structures in Long Beach. Its scale, size, and detail is unmatched in the City.

The house was designed and constructed by William E. Babb in 1927. Mr. Babb was a prominent Long Beach businessman who came to Long Beach in 1907 as the Manager of the phone company. He later resigned that post to engage in building contracting. Shortly before oil was discovered on Signal Hill, Mr. Babb, with other local builders, had completed plans for an eleven (11) acre residential project at Signal Hill. The project was abandoned when oil was discovered and, consequently, Messrs. Babb and others received large oil royalties.

In 1929 the house was purchased by Russell Pray, Attorney at law. The following history was excerpted from the Long Beach Blue Book, by Walter H. Case:

RUSSELL H. PRAY

Russell H. Pray is a well known and successful lawyer of Long Beach, who has practiced here since 1922. His first association in Long Beach was with Swaffield and Swaffield and in 1923 he became a member of the firm of Swaffield, Swaffield & Pray. In 1924 he took up practice alone and has so continued ever since. His suite of offices is located in the Security Building and his staff consists of three (3) additional lawyers.

Mr. Pray was born in St. Paul, Minnesota, on March 8, 1892, the son of Alvah J. Pray and Laura Elizabeth (Trowbridge) Pray. He was educated in the public schools of Columbus, Ohio, and entered Ohio State University in 1910. His law course was taken at the University of Michigan, which he completed in 1915. His degrees are A. B. and LL. B. After graduating he took a position with the American Telephone and Telegraph Company at Kansas City and for a time became a reporter on a Kansas City newspaper under Burris Jenkins. He went back to the law in 1917, in which year he was admitted to the bar in Missouri, taking up practice in the firm of Harding, Murphy, Deatherage and Harris. In 1918 he enlisted in the United State Army as a Private in the Infantry: later was promoted to Sergeant Major and then to First Lieutenant and assigned later as General Staff Officer commissioned in the Judge Advocate General's Department. He was later made Captain and served in France with the Army, remaining in the Regular Army until 1920. In October, 1920, he resigned his Army Commission and engaged in the practice of law with an American firm in Paris, where he remained until the fall of 1921. During this time he matriculated at the Sorbonne University in Paris and in November of 1921 married Mrs. Pray, formerly Leonie Petuya, a native of France who was attending school in Paris. In December of

1921 Mr. Pray came to California and in the following February was admitted to the bar in California and later came to Long Beach.

Mr. Pray is noted as an able trial lawyer and as a hard worker in his profession. During the last twenty years he has been engaged in many important cases, both in the Trial and Appellate Courts of this State. Mr. Pray was admitted to the United States Supreme Court and the bar of the District of Columbia in 1921. He has been particularly active and interested in the guidance and encouragement of younger lawyers entering his profession.

Well connected fraternally, Mr. Pray is a member of the Masonic Order, being a Knight Templar of the York Rite and a 32nd Degree member of the Scottish Rite, and a Shriner. He also belongs to the Sons of the Revolution, the Sons of the American Revolution, the Alliance Francaise, Paris Post No. 1 and Peterson Post No. 27 of the American Legion, Delta Tau Delta, Academic, and Phi Alpha Delta, legal, Fraternities. He is a member of the Virginia County Club, the Pacific Coast Club, Long Beach Bar Association, Los Angeles Bar Association, California State Bar Association and the American Bar Association.

Russell H. Pray died after a brief illness in 1971. He was 79, Mrs. Leonie Pray still owns the house.

B. General Guidelines and Standards for Any Changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the Secretary of the Interior (February, 1978), as amended, are incorporated by reference, and the following additional guidelines and standards as recommended by the Cultural Heritage Committee are adopted:

Any alterations, modifications or repair of the Leonie Pray House shall be done so in keeping with their historic character.

No environmental changes shall be allowed unless a certificate of appropriateness has been applied for and approved by the Cultural Heritage Committee or by the City Planning Commission upon appeal, authorizing such environmental changes. (Ord. C-6020 § 1, 1983)

16.52.170 The Skinny House.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historic landmark in the City: The Skinny House.

A. Location, Description and Reasons for Designation. Located at 708 Gladys Avenue in the City of Long Beach, this three (3) story, eight hundred sixty (860) square feet, half-timber expression of Old English Tudor architecture exterior is compressed onto a ten foot (10') by fifty foot (50') residential lot which was created by an oversight in a real estate transaction at the corner of Gladys Avenue and Seventh Street. It was acquired by Newton Rummond in payment for a one hundred dollar ($100.00) debt in 1931 - in the depth of the depression. Friends said it was too small to be useful; Rummond declared he could build a home on it; a friend dared him to do so - and he did. It was built by a group of unemployed craftsmen who gained employment from the publicity this created when it was completed in 1932. Thousands toured the home where the craftsmen's names were displayed by their handiwork. The house's fame spread and it was featured in Ripley's Believe-It-Or-Not as the nation's narrowest home. Visitors included such notables as Walt Disney and have continued by the thousands at open houses held by a succession of owners over the half century. Occupants have routinely lauded the layout and design as being comfortable and convenient far beyond what would be expected in eight hundred sixty (860) square feet on a thirty-eight foot (38') by ten foot (10') footprint. In 1959 when it was discovered that the house had leaned four inches (4") north, it was straightened to vertical again.

B. General Guidelines and Standards for Any Changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the Secretary of the Interior (February, 1978), as amended, are incorporated by refer-

ence, and the following additional guidelines and standards as recommended by the Cultural Heritage Committee are adopted:

Any alterations, modifications or repair of The Skinny House shall be done so in keeping with their historic character.

No environmental changes shall be allowed unless a certificate of appropriateness has been applied for and approved by the Cultural Heritage Committee or by the City Planning Commission upon appeal, authorizing such environmental changes. (Ord. C-6020 § 2, 1983)

16.52.180 First National Bank of Long Beach Building.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historic landmark in the City: The First National Bank of Long Beach Building.

A. Location, Description and Reasons for Designation. Located at 101 Pine Avenue in the City of Long Beach, the First National Bank of Long Beach Building is a large rectangular structure with a flat roof. There are commercial offices over the first floor bank and other commercial uses. There is a cornice at roof height, broken pediments adorn all six (6) floor windows and a decorative horizontal bank connects them all. Above first floor all windows are double hung and siding is brick. There are exposed wrought iron fire escapes at both street sides. The corner of the building is broken into three (3) planes. Storefronts vary in treatment. The siding is tile, wood and brick. At corner on third plane are two (2) pilasters. On roof at corner is a large bell tower with clock face. It has four (4) sides, vaulted arches, classical detailing with variation of a hooded or swept roof and a flag pole on roof.

In 1906 the building that currently stands on the northwest corner of First and Pine was opened as the home, on the ground floor, of the First National Bank of Long Beach. When that bank was originally organized in 1900, it was the town's second bank. By 1907 it had five hundred thousand dollars ($500,000.00) in capital stock, a one hundred thousand dollar ($100,000.00) surplus and one million two hundred fifty thousand dollars ($1,250,000.00) in assets. The upper stories of the building were rented to physicians, attorneys and other tenants.

In 1920 the First National Bank moved to new offices at Fourth and Pine and the California National Bank moved from its original home at First and Pine. Upper stories of the building continued to be occupied by a variety of tenants. In 1927, the Bank of America acquired the California National Bank, and the ground floor at First and Pine became a branch of that bank. The name Bank of America can still be seen on the west face of the building.

City building permits indicate that the Bank of America employed the Capital Company to do thirty-five thousand dollars ($35,000.00) worth of remodeling on the building in 1938. Perhaps that is when the blue marble was attached to the first floor exterior.

There is some doubt whether the Bank of America ever owned the building. That bank's primary location in Long Beach was at Fourth and Pine. During the 1920's, and perhaps later, the building's official name was Metropolitan Building.

B. General Guidelines and Standards for Any Changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the Secretary of the Interior (February, 1978), as amended, are incorporated by reference, and the following additional guidelines and standards as recommended by the Cultural Heritage Committee are adopted:

Any alterations, modifications or repair of the First National Bank of Long Beach Building shall he done so in keeping with their historic character, and shall conform to the following outline for various proposed rehabilitation activities:

1. Structural.

a. The existing feature consists of a six-story load bearing masonry structure, built of brick with a steel frame and wood floors. The floors are nailed and/or bolted to the walls and steel mem-

bers. The floors are in varying condition, ranging from poor to good. The walls are laid up with lime mortar and are in generally fair condition. The roof is of wood and is of joist and purlin construction. It is in poor to fair condition.

b. Proposed work will involve extensive structural reinforcing. A steel bond beam will be placed at each floor level, and it will be anchored into the load-bearing masonry on the interior. Three (3) sheer walls will also be placed into the interior, in the area of the original light well or atrium. Plywood sheathing will be utilized as a sheer diaphragm on the floors. The roof will be repaired and replaced where necessary. Skylights will also be placed into the upper story level in locations relative to original light wells. Possible construction of an exterior sheer wall on the rear elevations may be necessary. These elevations are not, however, of primary architectural significance, and are not visible from the commercial intersection at First Street and Pine Avenue.

2. Windows.

a. The existing windows from the second to six-story levels are of wood construction. They are of the double-hung sash type with chains. A number of the windows are in poor condition due to water damage, warping and dry rot.

b. Proposed work will involve the repair of windows where possible. Several of the windows will be replaced by duplicates of the originals, and all will have clear glass. Plans incorporate the potential use of awnings, and historical photographs indicate that this is appropriate and in accordance with the original exterior appearance.

3. Exterior/Cleaning.

a. The present exterior from the two- to six-story levels consists of yellow pressed brick with cast, stone, and terra cotta trim. The exterior is in generally good condition.

b. Commercial use of the structure requires the cleaning of the exterior wall surface. This will be carried out with mild detergents and soft bristle brushes using a low-pressure water rinse. The trim will be repaired and patched where necessary to prevent long-term water damage.

4. Mechanical/Plumbing/Electrical.

a. The present features consist largely of non-original equipment. It includes, a natural gas engine with a four (4) pipe chilled water system, an electric elevator of 1950's vintage, an electrical system dating from the same period, and a vertical plumbing system dating from 1906 to the 1950's. The mechanical and plumbing systems are in poor condition, while the electrical system is in relatively good condition.

b. Proposed work will involve the reworking of the elevator cables and the period restoration of the elevator cab. The electrical system will be repaired and the majority of the existing feature will be utilized as is. An entirely new plumbing and air conditioning system will be installed.

5. Typical Floor Plan 2 - 6 Story Levels.

a. The existing feature consists of double box corridors with perimeter offices. Extant offices are extremely diverse in size as a result of extensive prior remodeling. The offices are in generally poor condition, although some original woodwork is extant.

b. Proposed work will consist of lobby areas at each floor level with an interior aisle providing access to restroom areas. The development of office spaces will be left to individual tenants.

6. Stairwells/Circulation.

a. The existing circulation plan consists of two (2) stairwells. The first, located off the first floor lobby, leads to all upper floors and to the roof. It consists of metal and marble construction at the first floor level and is of wood construction above. The second, located in the extreme southwest corner of the building, is of wood construction and it leads to the sixth story level only.

b. Proposed work will connect the two (2) stairwells at each upper floor by a one (1) corridor system. The two (2) stairwells will remain in their present location and will be repaired as necessary. The south stairwell will be enlarged for fire exiting purposes.

7. Commercial Space.

a. The existing feature consists of a vacant commercial banking area with basement vaults, and additional commercial frontage at the north-

ern end of the Pine Avenue street level facade. The banking area and vaults have been largely unaltered with the exception of new flooring and counter space. The original ceiling in the banking area, and the furnishings and vaults in the basement area are virtually intact. The commercial frontage along Pine Avenue has, however, been extensively remodeled, and retains little of the original architectural integrity.

b. Proposed work will restore and repair the banking area and basement vaults as necessary. The space will be divided between commercial, banking and restaurant activities. All extant historical and architectural features of significance will be retained. A sheer wall will be placed at the dividing line of the restaurant and banking areas.

8. Lobby.

a. The extant feature consists of a heavily remodeled space. Some of the original tile flooring and cast detailing remains, although much of the architectural fabric was damaged by the 1950's installation of a drop ceiling.

b. The plaster detailing in the lobby will be refabricated and restored, where possible, to duplicate the original. A substantial portion of the original ceiling remains, but it will be necessary to recast the majority of plaster detailing. The tile floor will be replaced with a more serviceable tile or marble covering. Elevator doors and lighting fixtures will also be fabricated in context with period pieces. One column, which is directly in front of the elevator doorway, may be removed for more efficient circulation. In addition, the north wall of the lobby may be extended to provide for a more usable space.

9. Street Level Facade.

a. The present feature consists of a I939 remodeling of the original feature. The additions, although well done, are in an incompatible architectural style. The original corner entrance has also been blocked in, and the original showcase windows removed. The commercial frontage on the northern portion of the Pine Avenue frontage has also been remodeled.

b. The original showcase windows will be replaced through the use of historic photographs. This will involve the removal of the present 1939 facade, the refabricating of the building base and the installation of appropriate glass and detailing. Original materials, such as marble, metal and cast detailing will be utilized where they are known to have existed. If this information is not available, then the restoration will involve the use of materials common to the period. The commercial alterations at the northern end of the Pine Avenue facade will also be removed and the exterior restored to its original condition.

10. Entry Areas.

a. There are four (4) major entry areas. The Pine Avenue commercial entries, the main entrance leading to the lobby, the main banking entrance, and the auxilIary fire exit located on First Street. With the exception of the First Street entry all of the original doors have been replaced. In addition, the original corner entrance has been entirely removed.

b. The proposed work will involve the rebuilding of the original corner entrance. It will also involve the fabricating of brass doorways for all of the major entry areas. Wood doorways will be used where appropriate and when allowed by fire code. Marble steps and brass handrails will duplicate the originals.

11. Clock Tower/Parapet.

a. The original parapet has been entirely removed from the Pine Avenue and First Street elevations. The clock tower is built of wood and tin with steel bracing. It is in generally good condition, but structural reinforcing is necessary.

b. Proposed work will involve the replacement of the parapet to duplicate the original. In this manner the original "balance" of the entire facade may be restored. In addition, the clock tower will be repaired and structurally reinforced with steel ties. The parapet and tower will then be painted to reflect the color of the brick wall surface.

No environmental changes shall be allowed unless a certificate of appropriateness has been applied for and approved by the Cultural Heritage Committee or by the City Planning Commission upon appeal, authorizing such environmental

changes. (Ord. C-6026 § 1, 1984)

16.52.190 Henry Clock House.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historic landmark in the City: Henry Clock House.

A. Location, Description and Reasons for Designation. Located at 4242 Pine Avenue, the Henry Clock House is a "Monterey Revival" style house, constructed in 1933, and designed by Kirtland Cutter.

The house has a floor area of five thousand two hundred thirty-three (5,233) square feet and has an irregular floor plan consisting of an attached triple car garage at the south end with a swimming pool off of the living room near the side yard on Locust Avenue. It is a two-story structure with a Monterey style balcony and decorative wood rafter supports and railing. The lower floor has stucco siding with the second story clad with board and batten wood siding. It has a red clay tile hip roof, fireplace and a brick wall surrounding the garage entry. The double-hung windows are accented with stationary shutters. It rests on a concrete foundation.

Henry Clock was an Attorney and an outstanding leader in Long Beach. He was born in Iowa in 1908. Two (2) years after his birth, his father, Ralph H. Clock, moved the family to Long Beach and started the legal firm of Clock, McWhinney and Clock, one of the oldest in Long Beach. Henry attended Stanford and Southwestern Law School. In 1932 he married Frances Terry, daughter of a prominent surgeon, Roy A. Terry. He joined his father's firm, which shortly became Clock, Waestman and Clock, upon Mr. McWhinney's retirement. He served as a member of the National Boys Club of America and was past president of the Boys Club of Long Beach and received the Golden Boy Award in 1960. He also served as president of the Long Beach Area Boy Scouts of America; the Avalon Tuna Club; the Memorial Hospital Medical Center, and served on the Board for the Long Beach Bar Association for many years. He was a member of the American Bar Association and the State Bar Association of California; the American College of Probate Counsel and founder of the Lincoln Club. Henry Clock died in 1976.

B. General Guidelines and Standards for Any Changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the Secretary of the Interior (February, 1978), as amended, are incorporated by reference, and the following additional guidelines and standards as recommended by the Cultural Heritage Committee are adopted:

Any alterations, modifications, or repair of the Henry Clock House shall be done so in keeping with its historic character.

No environmental changes shall be allowed unless a certificate of appropriateness has been applied for and approved by the Cultural Heritage Committee, or by the City Planning Commission upon appeal, authorizing such environmental changes. (Ord. C-6154 § 1, 1985)

16.52.200 The Artaban Apartments.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historic landmark in the City: The Artaban Apartments.

A. Location, Description and Reasons for Designation. Located at 10 Atlantic Avenue and constructed in 1922, this building is a very good example of a large scale apartment building from the 1920/1930 era. As was common at this time in Long Beach, this building was built as cooperative apartments and included such amenities as a built-in refrigeration plant, laundry room, meeting and game rooms. The exterior of the building is concrete with many decorative touches added. There is a decorated band between the second and third floors and plain bands between each of the remaining floors. These bands are on the south and west sides of the building. The south side of the building features balconies under the center windows on the second through eighth floors and two (2) side balconies on the seventh floor, all

these balconies face the ocean. On the west side are two (2) individual balconies on the fifth and seventh floors. Although the roof is flat, a decorative band running atop the south and west sides of the building simulates an overhanging roof. The entrance to this building is on the west side and is surrounded by a decorative arch and the recessed doorway is surrounded by a very decorated entrance. The lobby of the building is very beautiful and well maintained, the ceiling is a very colorful fresco with many details. The mantle around the fireplace shows scenes of Artaban travelers looking for Jesus.

B. General Guidelines and Standards for Any Changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the Secretary of the Interior (February, 1978), as amended, are incorporated by reference, and the following additional guidelines and standards as recommended by the Cultural Heritage Committee are adopted:

Any alterations, modifications or repair of the Artaban Apartments exterior or interior lobby artwork (ceiling, molding, fireplace, etc.) shall be done so in keeping with their historic character.

No environmental changes shall be allowed unless a certificate of appropriateness has been applied for and approved by the Cultural Heritage Committee or by the City Planning Commission upon appeal, authorizing such environmental changes. (Ord. C-6154 § 2, 1985)

16.52.210 The Broadlind Hotel.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historic landmark in the City: The Broadlind Hotel.

A. Location, Description and Reasons for Designation. Located at 149 Linden Avenue on the southwest corner of the intersection of Broadway and Linden Avenues (hence the name Broadlind) in Long Beach, the Broadlind Hotel is square in plan and four (4) stories in height. A twenty (20) by twenty foot (20') penthouse at the northeast corner gives the impression that the building has a tower. The penthouse has a tiled, hipped roof. The low pitched roofs on the north and east sides are also tiled. The penthouse windows on the street sides are arched and six (6) in number, with larger arches over each pair. A long shelf gives the appearance of support for the windows. The building has arched street level windows, two (2) stories high. These arches are set on square marble columns with Corinthian capitals; these are connected with a braid which reaches from capital to capital. Other decorative features abound.

The Broadlind Hotel is an excellent example of Italian Renaissance architecture which is rare in the City of Long Beach. It was intended to cater to male transients and as such was furnished extensively in a way believed to appeal to masculine tastes - heavy furniture featuring a Spanish motif.

B. General Guidelines and Standards for Any Changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the Secretary of the Interior (February, 1978), as amended, are incorporated by reference, and the following additional guidelines and standards as recommended by the Cultural Heritage Committee are adopted:

Any alterations, modifications or repair of the Broadlind Hotel shall be done so in keeping with its historic character.

No environmental changes shall be allowed unless a certificate of appropriateness has been applied for and approved by the Cultural Heritage Committee or by the City Planning Commission upon appeal, authorizing such environmental changes. (Ord. C-6154 § 3, 1985)

16.52.220 The Masonic Temple.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historical landmark in the City: The Masonic Temple.

A. Location, Description and Reasons for Designation. Located at 228-234 Pine Avenue, the Masonic Temple is a three-story, rectangular brick building that occupies its entire lot. At the top of the roof line, it is decorated by three (3) gables.

These give the building its Romanesque look with Gothic influences. Behind the gables is a mansard roof. Also on the front of the building is a block with "Masonic Temple" written in it.

The ground floor of the building is used for retail stores and various tenants have redecorated the facade. The top two (2) stories in the front were constructed to house offices. The back of the top two (2) stories is the location of the lodge hall.

The Masonic Temple is among the oldest buildings remaining unchanged in downtown. It may be the only remaining building in Long Beach designed by Henry F. Starbuck who designed many other early resort, commercial and residential buildings in downtown Long Beach. He also designed buildings in other cities throughout California. This building is Long Beach's oldest building constructed especially for Masonic lodge activities and it was the home of its oldest Masonic lodge. Among its members were many local citizens who made important contributions to the development of Long Beach.

B. General Guidelines and Standards for Any Changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the Secretary of the Interior (February 1978), as amended, are incorporated by reference, and the following additional guidelines and standards as recommended by the Cultural Heritage Committee are adopted:

Any alterations, modifications, or repair of the Masonic Temple shall be done so in keeping with its historic character. The restoration/rehabilitation of the Masonic Temple shall conform to the plan approved and on file with the office of Historic Preservation, Parks Services Division, Department of the Interior. If such plans fail to meet the approval of the State agency, then any subsequent rehabilitation plans formulated for the structure shall be subject to review and approval by the Cultural Heritage Committee.

No environmental changes that deviate from the approved rehabilitation plan shall be allowed unless a certificate of appropriateness has been applied for and approved by the Cultural Heritage Committee or by the City Planning Commission upon appeal, authorizing such environmental changes. (Ord. C-6193 § 1, 1985)

16.52.230 The Matlock House.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historical landmark in the City: The Matlock House.

A. Location, Description and Reasons for Designation. Located at 1560 Ramillo, this single-family residence was designed by architect Richard J. Neutra. The eight (8) room house plus three (3) car garage is of wood frame and stucco construction. Building regulations dictated the use of pitched roofs. The pitch is a low one and the materials are cedar wood shingles with redwood eaves. There are high banded windows along the front and side of the house and large, window walls facing onto the pool and garden area in the back. This allows space to flow visually between the primary living areas and the garden areas. The carport on the north side of the house seems to be a part of the house. The front door is protected from the public areas of street and sidewalk by an integrated landscaping plan that seems to be a part of the house.

The house was built by Dr. and Mrs. Richard A. Matlock after they had seen the Neutra house of Dr. Grant Beckstrand. The Matlocks had many meetings with Mr. Neutra so that he could learn about their lifestyle and interpret the needs and desires of their family. They felt he was very thorough in these discussions. Neutra personally supervised the construction of the house, coming to Long Beach to be on-site about once a week. He was instrumental in seeing that the landscaping was done to be in harmony with the architecture of the house.

The house was purchased in 1968 by the Matlocks' daughter and her husband, Mr. and Mrs. John A. Masterson, who have been careful to keep the integrity of the architecture in mind in any additions they have made.

B. General Guidelines and Standards for any Changes. The "Standards for Rehabilitation and

Guidelines for Rehabilitating Historic Buildings" prepared by the Secretary of the Interior (February 1978), as amended, are incorporated by reference, and the following additional guidelines and standards as recommended by the Cultural Heritage Committee are adopted:

Any alterations, modifications, or repair of the Matlock House shall be done so in keeping with its historic character.

No environmental changes that deviate from the approved rehabilitation plan shall be allowed unless a certificate of appropriateness has been applied for and approved by the Cultural Heritage Committee or by the City Planning Commission upon appeal, authorizing such environmental changes. (Ord. C-6206 § 1,1985)

16.52.240 The Moore House.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historical landmark in the City: The Moore House.

A. Location, Description and Reasons for Designation. Located at 5551 La Pasada, this single-family residence was designed by architect Richard J. Neutra. The six (6) room, one-story house of wood frame and stucco construction was built in 1952-53 for the Bethuel Moore family. It is a complement to the neighboring home at 5561 La Pasada, and was designed this way by the architect for the purpose of presenting an integrated architectural appearance. Building regulations dictated the use of pitched roofs. The pitch is low and the materials are cedar wood shingles with redwood eaves. The redwood used in the garage door and inconspicuous side "front" door and as a structural definition under the cave in the front of the house contrasts beautifully with the smooth white stucco of the house. High banded windows and movable glass wall sections are significant features of the house. The private front patio and garden become a part of the interior of the house when the glass walls are slid open. This sharing of interior-exterior space is a special part of Mr. Neutra's designs. The front, redwood loggia covers the walkway to 5551 as well as 5561 La Pasada and seems to be a part of the two (2) houses.

Doris and Bethuel Moore moved into the residence in June 1953. Bethuel, in his 40's, was a successful portrait painter and the den was designed as his studio. Doris was the owner of a seamstress shop and the originator of the Hang 10 insignia that graces millions of dollars of surfing and casual wear. Their daughter, Diane, was nine (9) years old. The construction costs were twenty-seven thousand dollars ($27,000.00) plus a ten percent (10%) architect's fee. In 1968, following the death of Mr. Moore by a heart attack, the home was purchased for fifty thousand dollars ($50,000.00) by Dr. Evelyn Blackman, a sociology professor at California State University, Long Beach. The home was sold in 1971 to Terry and Janice Atzen for fifty-two thousand dollars ($52,000.00). Terry, a stockbroker in his 30's, and Janice, a public relations Director, were the parents of Jennifer, 7, and Jonathan, 5. The den was then used as a third bedroom with bifold doors added. In 1981, the house was refurbished. With the exception of the peninsula counter dividing the kitchen from the living room, there were no significant architectural changes.

The bathrooms were updated and some contemporary light fixtures installed. The glass in the living room sliding doors was replaced with gray glass and the tracks refitted. In the kitchen, the painted wood cupboards were refitted with new doors of veneered koa wood to match the original oven and portable bar. The twin residences are pictured or written about in several books on Neutra. They are Richard Neutra: Building and Projects, 1959, edited by W. Boesinger; Richard Neutra, by Rupert Spade; and Richard Neutra and the Search for Modern Architecture, by Thomas S. Hines.

B. General Guidelines and Standards for any Changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the Secretary of the Interior (February 1978), as amended, are incorporated by refer-

ence, and the following additional guidelines and standards as recommended by the Cultural Heritage Committee are adopted:

Any alterations, modifications, or repair of the Moore House shall be done so in keeping with its historic character.

No environmental changes that deviate from the approved rehabilitation plan shall be allowed unless a certificate of appropriateness has been applied for and approved by the Cultural Heritage Committee or by the City Planning Commission upon appeal, authorizing such environmental changes. (Ord. C-6206 § 2, 1985)

16.52.250 The Olan Hafley House.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historical landmark in the City: The Olan Hafley House.

A. Location, Description and Reasons for Designation. Located at 5561 La Pasada, this single-family residence was designed by architect Richard J. Neutra. The five (5) room, one-story with a second story over the garage, is of wood frame and stucco construction. It was built in 1952-53 at the same time as the adjacent home at 5551 La Pasada. The two (2) homes appear to be twin homes. They were designed this way for the purpose of presenting an integrated architectural appearance. Building regulations dictated the use of pitched roofs, and in the Hafley House (5561 La Pasada) the roof timbers are left exposed internally in natural redwood. Sliding glass doors allow space to flow visually between the living room and the garden. Generally open-planned, the house also has an upper story in the form of a bedroom over the garage. There is an inconspicuous front door at the side of the house and a common entrance passage of redwood loggia arching the front walks for both 5551 and 5561 La Pasada. The back yards for the two (2) homes are also perceived as one (1) continuous yard, as there is no fence separating them. The smooth white stucco and the redwood timbers and high banded windows are also significant features of the home.

Mr. Hafley first heard of Mr. Neutra from a high school civics teacher in Du Quoin, Illinois, in approximately 1934, when the teacher quoted from a Time magazine article on a young up and coming Los Angeles architect that "designed the only homes fit for man to live in." In 1951, when the Hafleys decided to build a house, Mr. Neutra was interviewed and commissioned. Meeting with Mr. Neutra at least twice a month during the planning period, they reviewed their daily tasks, interests and entertainment styles. Interested in designing a unified look with the neighboring homes, he asked the Hafleys to contact the owners of the properties adjacent to their site. The Bethuel Moores, original owners of 5551, were interested. The two (2) homes were built at the same time. The homes reflect Mr. Neutra's philosophy of poetic imagery: "I try to make a house like a flower pot in which you can root something and out of which family life will bloom. It's not so much a question of ornamenting the flower pot as of fabricating it in such a way that something healthy and beautiful can grow in and out of it." Quoted from an article in the Los Angeles Times, Part VI, Sunday, March 13, 1977.

B. General Guidelines and Standards for any Changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the Secretary of the Interior (February 1978), as amended, are incorporated by reference, and the following additional guidelines and standards as recommended by the Cultural Heritage Committee are adopted:

Any alterations, modifications, or repair of the Olan Hafley House shall be done so in keeping with its historic character.

No environmental changes that deviate from the approved rehabilitation plan shall be allowed unless a certificate of appropriateness has been applied for and approved by the Cultural Heritage Committee or by the City Planning Commission upon appeal, authorizing such environmental changes. (Ord. C-6206 § 3, 1985)

16.52.260 The Willmore Building.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning

Commission, the City Council designates the following building as an historical landmark in the City: The Willmore Building.

A. Location, Description and Reasons for Designation. Willmore was built in 1925. From its completion until 1952 it was a residential hotel, eleven stories in height, which offered vacationing easterners winter accommodations and access to the warm, sunny beaches of Southern California. The L-shaped tower contains traditional hotel rooms, one- and two-room apartments with kitchens, and a tenth floor luxury penthouse. On the ground floor there is a large lobby; the solarium occupies the eleventh floor. The Willmore became an own-your-own building in 1952.

Architects in the early twentieth century were confronted with a major dilemma when designing buildings in classical style: How could they use the historical forms originally meant for one- to three-story public and religious buildings in the tall modern structures meant for contemporary functions? The Willmore offers an example of the solution: A careful copying of a fifteenth century Italian palace, with the middle heightened to accommodate the required stories.

The first two (2) floors of the Willmore tower serve as the palace base, with the heavy stone foundation - quoining - and large windows terminated by the molding above the second floor windows. The third through the eleventh floors are the body of the palace, relatively devoid of ornament to strongly state the height of the building. At the top there is an implied entablature and cornice at the parapet wall. Here, in plaster, the cornice ledge is held up by braces fastened with three (3) bronze rivets. Befitting a palace, surfaces between the braces are decorated with shields and fleur-de-lis above a hound's tooth border.

The colonnade, an attractive feature of Italian architecture, is used at the lobby entrance and again at the solarium at the top of the building. The lobby colonnade is in actual scale and gives an accurate replication of an Italian building. Featured are a tiled plaza, a fountain with mosaic decoration, and arched openings into the base of the tower. At the top is a smaller scale colonnade repeated as windows and balcony for the solarium.

Italian palace ornamentation is used on the friezes at the base and lower molding, typical balconies at the third and seventh floors, and on the complex cornice at the top of the tower. The required mechanical enclosures on the roof are housed in a replication of a typical Italian village - small white houses randomly ordered with small windows and rustic tile roofs.

Palace scale ornaments and furniture are used inside the lobby and faithfully preserved to this day. The terrazzo floor, a priceless example of 1920's craftsmanship, is black and white squares set diagonally to the building grid - a hallmark of Italian style. Balconied windows and a grand fireplace with a black onyx facing reinforce the style. The ceiling of a palace is reproduced in plaster and decorated in colors typical of Mediterranean style during the Renaissance. At the center of the lobby is a huge amber glass skylight which floods the room with light during the day. Residential rooms are finished in generous wall base molding, clean wall surface, and well detailed trim at the ceiling.

In summary, the Willmore is a significant architectural landmark because it is a good representation of Italian Renaissance palace style, it is rich in palatial detailing, and it is a well preserved example of a luxury residential hotel in Long Beach in the 1920's.

B. General Guidelines and Standards for any Changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the Secretary of the Interior (February 1978), as amended, are incorporated by reference, and the following additional guidelines and standards as recommended by the Cultural Heritage Committee are adopted:

Any alterations, modifications, or repair of the Willmore Building shall be done so in keeping with its historic character.

No environmental changes shall be allowed unless a certificate of appropriateness has been applied for and approved by the Cultural Heritage

Committee or by the City Planning Commission upon appeal, authorizing such environmental changes. (Ord. C-6239 § 1, 1986)

16.52.270 The Lafayette Complex.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following buildings as an historical landmark in the City: The Lafayette Complex, consisting of:

1. The Lafayette Hotel
   Location: 140 Linden Avenue
   Construction Date: 1929
2. The Lafayette Addition
   Location: 140 Linden Avenue
   Construction Date: 1948
3. The Campbell Apartments
   Location: 130 Linden Avenue
   Construction Date: 1928

A. Location, Description and Reasons for Designation.

1. Constructed in 1929, the Lafayette Hotel, located at 140 Linden Avenue, is rectangular in plan and consists of one (1) structure. The roof is flat, and each building has two (2) recessed floors at the top. Above the second story on the shorter structure there are extremely ornate swag designs and zig-zag patterns, while the seventh story has draping ornamentation between and above the windows. The windows are recessed vertically, and each window has a shelf.

2. The Lafayette Addition was added to the hotel in 1948 as an eight-story addition facing Broadway. There were one hundred (100) rooms. The University Club used the top floor. The kitchen was enlarged, and there were additional banquet rooms and a large supper club which would accommodate three hundred fifty (350) persons. The architecture is South American style, and the building is constructed of reinforced concrete. The then-owner, R.E. Campbell, made an inspection tour of all major hotels in the United States before drafting his final plans. Mr. Campbell died during this project, and his children took over. Robert E. Campbell ran the hotel for four (4) years. In February 1952 the complex was sold to Hilton. The three (3) buildings (including the Campbell Apartments) were joined together. The Ivanhoe Room, the Fife and the Drum Room were opened. In 1968, Hilton turned the building over to Robert Campbell and Norma Campbell Craig. In 1969, the whole complex was converted to condominiums. The property covers forty-one thousand (41,000) square feet of ground. There are one hundred seventy-three (173) residential units and forty-two (42) commercial units, with a total of about two hundred thousand (200,000) square feet of building space.

3. The Campbell Apartments, constructed in 1928, adjoin the Lafayette Hotel site. The eleven-story Spanish Renaissance building is typical of Southern California architecture of the 1920s. It has scroll and swag decorations beginning at the second floor and pyramiding up to the fourth floor. There is an ornamental balcony on the ninth floor. The central openings are bell-cast in shape and flanked by two (2) windows on each side, very symmetrical in design.

Built by Reginald Campbell, The Campbell Apartments, Campbell, were deluxe apartments with hotel service. Every apartment had its own kitchen, and maid service was available. It provided a garage in the basement, and cars were kept polished by garage attendants. The Lafayette Hotel was bought by Reginald Campbell to protect the Campbell Apartments.

The exterior embellishments give this building an outstanding facade of modern architecture. It preceded Art Deco.

The land for the Campbell Apartments was acquired from the Southern Pacific Railway Company by the Broadway Land Company. The completion of the project marked the first major step of an important new business district. The Campbell's eleven (11) stories complied with the Long Beach height limitation in 1928 and gave the skyline of Long Beach a cosmopolitan aura.

The Lafayette Complex occupies a prominent and desirable location in Long Beach. The property covers forty-one thousand (41,000) square feet of ground space and it is visible from a large area.

B. General Guidelines and Standards for Any Changes. The "Standards for Rehabilitation and

Guidelines for Rehabilitating Historic Buildings" prepared by the Secretary of the Interior (February, 1978), as amended, are incorporated by reference, and the following additional guidelines and standards as recommended by the Cultural Heritage Committee are adopted:

No environmental changes shall be allowed unless a certificate of appropriateness has been applied for and approved by the Cultural Heritage Committee, or by the City Planning Commission upon appeal, authorizing such environmental change.

Any alterations, modifications, or repair of the Lafayette Complex shall be done so as to be fully in keeping with its historic character, provided that: (1) the exterior architecture of the Lafayette Condominium Complex is significant and shall not be altered, and (2) the entry and first floor is significant and, when possible, should be restored to its original appearance. (Ord. C-6314 § 1, 1986)

16.52.280 The Linden House.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historical landmark in the City: The Linden House.

A. Location, Description and Reasons for Designation. Located at 847 Linden Avenue in the City of Long Beach, this two-story structure is square in plan with a high hip roof intersected by an offset gable with a false half timber pediment and segmented attic window with a cross gable, open to the side. A pediment gable with bas-relief "swag and seal" projects from a flared siding over the elevated recessed porch and has cast stone-type block supports and base. There are two (2) elaborate leaded glass windows on the front facade. A stained glass window with a segmented transom is on the right side of the house. A leaded glass window is also located in the dining room bay. There is a recessed balcony on the second floor with composite Corinthian wood columns. The roof has brackets and dentils for ornamentation as well as exposed eaves with across bar linkage. Small dentils also appear on the capitals of the stone columns supporting the front porch. The attic floor was used as servants' quarters.

Tax records indicate that the Linden House was built in 1907. It is listed in a 1908 City Directory and its occupant was listed as Charles Reed, Building Contractor. His brother, and partner in contracting, was listed as living next door at 837. In 1911, the Directory lists a new occupant of the house, Cecil A. Sensor, whose occupation was given as real estate. In 1913, Louisa Sensor was also listed as an occupant of the house. Beginning some time in the 1920s, the house was occupied by Mrs. Anna McClosky and Katherina McClosky. In 1933, following the earthquake, a building permit for seven hundred dollars ($700.00) in repairs was issued and the contractor was listed as James Reed. Another building permit, issued in 1951 when asbestos siding was added to the house, lists William J. Gilson as the owner. The house has the original gas lights in many rooms.

In summary, the Linden House is a significant architectural landmark because it is a good representation of the influence of local craftsmanship on the Queen Anne style of residential structures.

B. General Guidelines and Standards For Any Changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the Secretary of the Interior (February, 1978), as amended, are incorporated by reference, and the following additional guidelines and standards as recommended by the Cultural Heritage Committee are adopted:

Any alterations, modifications, or repair of any of the above structures shall be done so in keeping with their historic character.

No environmental changes shall be allowed unless a certificate of appropriateness has been applied for and approved by the Cultural Heritage Committee or by the City Planning Commission, upon appeal, authorizing such environmental changes. (Ord. C-6381 § 1, 1987)

16.52.290 The Termo Company Building.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning

Commission, the City Council designates the following building as an historical landmark in the City: The Termo Company Building.

A. Location, Description and Reasons for Designation. Located at 3275 Cherry Avenue in the City of Long Beach, the Termo Company Building represents the importance of the discovery and production of oil in Long Beach and throughout California. The company owns and operates oil wells not only in Long Beach but throughout California and the rest of the United States. It was, in fact, nearly twenty (20) years after the building was completed that oil was discovered under it and its surrounding property. Oil, according to Gerald White, is the gold of the twentieth century in California. And this unique building is the kind of work space that the leaders of one particular company chose for themselves. The building's unique architectural character represents the freedom to make nontraditional choices that success in the oil business gave to certain entrepreneurs.

Once, the row of oil-related businesses along Cherry Avenue, mostly south of the Termo Company Building, was a center of business activity and technological innovation not only for the oil field on Signal Hill but for many other fields discovered throughout Southern California after the First World War. At about the same time these fields were discovered, other entrepreneurs were beginning to produce automobiles that were within the price range of millions of people. The existence of that market for gasoline encouraged the rapid exploitation of the recently discovered oil. Cherry Avenue in Long Beach and adjacent Signal Hill became an important center for sharing information, experimenting with new technology and accumulating capital for new projects.

In summary, the Termo Company Building is an architecturally unique building that represents influence of the oil business on Long Beach and throughout California.

It tells the story of a significant part of oil-related businesses and their influence in Long Beach and throughout California. It represents the affluence that comes to those who are successful in finding oil and the unbelievable quantity and rapidity with which it can overwhelm its owners.

B. General Guidelines and Standards for any Changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the Secretary of the Interior (February, 1978), as amended, are incorporated by reference, and the following additional guidelines and standards as recommended by the Cultural Heritage Committee are adopted:

Any alterations, modifications, or repair of any of the above structures shall be done so in keeping with their historic character.

No environmental changes shall be allowed unless a certificate of appropriateness has been applied for and approved by the Cultural Heritage Committee or by the City Planning Commission, upon appeal, authorizing such environmental changes. (Ord. C-6465 § 1, 1988)

16.52.300 The Home Market Building.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission the City Council designates the following building as an historical landmark in the City: The Home Market Building.

A. Location, Description and Reasons for Designation. Located at 942-948 Daisy Avenue in the City of Long Beach, the Home Market Building, the structure was built in 1925 as a "Two-Story Brick Store And Dwelling for F.W. and W.C. Ovelman". The plans were prepared by the Long Beach architectural and engineering firm of Schilling and Schilling. It was originally operated as the Home Market with a residence for the Ovelmans above the market. The building represented a transition in the area from residential and small, temporary commercial uses to larger permanent commercial buildings. (It remains the only two-story commercial structure in the district today.) The firm of Schilling and Schilling later built the Lafayette Hotel, and were considered the fathers of "modern architecture applied to commercial buildings in Long Beach."

B. General Guidelines and Standards for any Changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the Secretary of the Interior (February, 1978), as amended, are incorporated by reference, and the following additional guidelines and standards as recommended by the Cultural Heritage Committee are adopted:

Any alterations, modifications or repair of the above structure shall be done so in keeping with its historic character.

No environmental changes shall be allowed unless a certificate of appropriateness has been applied for and approved by the Cultural Heritage Committee or by the City Planning Commission, upon appeal, authorizing such environmental changes. (Ord. C-6509 § 1, 1988)

16.52.310 The Farmers and Merchants Bank Office Tower.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historical landmark in the City: The Farmers and Merchants Bank Office Tower.

A. Location, Description and Reasons for Designation. Located at 320 Pine Avenue in the City of Long Beach, the Farmers and Merchants Bank Office Tower is a ten-story steel and terra cotta structure, designed by Curlett and Beelman and built in 1923 by the McNeil Construction Co. The structure was the City's first "skyscraper" and introduced the modern era of building design to the City. The building is characterized by classic detail along the top floor and along the second floor in the form of urns, scrollwork and a shell pattern. Many locally prominent attorneys, physicians and other professionals occupied offices in the bank tower, including two (2) of Long Beach's Mayors.

B. General guidelines and standards for any changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the Secretary of the Interior (February, 1978), as amended, are incorporated by reference, and the following additional guidelines and standards as recommended by the Cultural Heritage Committee are adopted:

Any alterations, modifications or repair of the above structure shall be done so in keeping with its historic character.

No environmental changes shall be allowed unless a certificate of appropriateness has been applied for and approved by the Cultural Heritage Committee or by the City Planning Commission, upon appeal, authorizing such environmental changes. (Ord. C-6547 § 1, 1988)

16.52.320 The Long Beach Professional Building.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historical landmark in the City: The Long Beach Professional Building.

A. Location, description and reasons for designation. Located at 117 East Eighth Street in the City of Long Beach, the Long Beach Professional Building, built in 1929, was the first large office building in Long Beach devoted exclusively to the practice of medicine. It attracted many well-known physicians and dentists to the Long Beach area. The building has a classic art-deco style lobby done in pinks and blacks. The structure itself is an eight-story, two-part vertical block and is a late example of art deco that introduced elements that became commonly used in the W.P.A. moderne style of the 1930's.

B. General guidelines and standards for any changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the Secretary of the Interior (February, 1978), as amended, are incorporated by reference, and the following additional guidelines and standards as recommended by the Cultural Heritage Committee are adopted:

Any alterations, modifications or repair of the above structure shall be done so in keeping with its historic character.

No environmental changes shall be allowed unless a certificate of appropriateness has been

applied for and approved by the Cultural Heritage Committee or by the City Planning Commission, upon appeal, authorizing such environmental changes. (Ord. C-6547 § 2, 1988)

16.52.330 Bixby Ranch House.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historical landmark in the City: The Bixby Ranch House.

A. Location, description and reasons for designation. Located at 11 La Linda Drive in the City of Long Beach, the Bixby Ranch House is described as Colonial Revival in style and was designed by the San Francisco firm of Coxhead and Coxhead. The structure was completed in 1890 after three (3) years of construction. The house was built for the son of George H. Bixby, oldest son of Jotham Bixby, and served as the headquarters for the Bixby ranch operations. The house contains almost seven thousand (7,000) square feet of living space. The nine (9) bedrooms and five (5) bathrooms provided adequately for George Bixby's large family: he and Mrs. Bixby had seven (7) children.

B. General guidelines and standards for any changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the Secretary of the Interior (February, 1978), as amended, are incorporated by reference, and the following additional guidelines and standards as recommended by the Cultural Heritage Committee are adopted:

Any alterations, modifications or repair of the above structure shall be done so in keeping with its historic character.

No environmental changes shall be allowed unless a certificate of appropriateness has been applied for and approved by the Cultural Heritage Committee or by the City Planning Commission, upon appeal, authorizing such environmental changes. (Ord. C-6555 § 1, 1989)

16.52.340 The Houser Building.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historical landmark in the City: The Houser Building.

A. Location, description and reasons for designation. Located at 2740-46 East Broadway in the City of Long Beach, the Houser Building is a three-story brick commercial/residential structure constructed in 1929. The Italianate style building was constructed by W.J. Essen and designed by architect Joseph Halstead Roberts. Mr. Roberts designed approximately seventy (70) structures in the City. Although many have been demolished, several still remain that attest to his talent as an architect. A most significant example is the St. Regis Apartments, a Long Beach Landmark by separate ordinance. This particular building represents a good example of an early neighborhood commercial development. It was constructed for Mr. John T. Houser, a prominent lawyer in Long Beach. The Houser family lived behind this structure at 2743 East Second Street. A bridge from the back of their home connected the structures.

B. General guidelines and standards for any changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the Secretary of the Interior (February, 1978), as amended, are incorporated by reference, and the following additional guidelines and standards as recommended by the Cultural Heritage Committee are adopted:

Any alterations, modifications or repair of the above structure shall be done so in keeping with its historic character.

No environmental changes shall be allowed unless a certificate of appropriateness has been applied for and approved by the Cultural Heritage Committee or by the City Planning Commission, upon appeal, authorizing such environmental changes. (C-6555 § 2, 1989)

16.52.350 The Harriman-Jones Clinic.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historical landmark in the City: The Harriman-Jones Clinic.

A. Location, description and reasons for designation. Located at 211 Cherry Avenue in the

City of Long Beach, the Harriman-Jones Clinic is described as composite period revival—Tuscan/ Roman villa in style. The original 1930 plan was a two-story central entrance to a reception room and waiting area that was flanked by two (2) interior courtyards. The northern courtyard was roofed over in 1954. A two-story addition was built to the west in 1955 and a two-level parking deck was added to the parcel west of the alley in 1962. The east facade is in its original condition with a symmetrical portico In Antis. The Tuscan columns support half-round arches with smooth soffits leading to a stoop with stone benches on either side. On either side of the portico are pilasters supporting a pediment with an unornamented Tympanum. The acroteria receive stylized urns. An extended Escutcheon is mounted on the spandrel above the central arch and the second-story blocking course. A two-story pilaster is noted at each of the original four (4) corners of the building and the west corners of the 1954 addition. At the north end of the ground floor of the east facade is a single bay truncated arch on pilasters with a glazed opening. This detail returns along the north facade for seven (7) bays. The original balconies above bays three (3) and four (4) were removed in the seismic retrofitting of 1986. The 1986 seismic retrofitting was a partial repair for a Grade III building (Subdivision 80). The original building roof is a terra cotta tile with a two-foot overhang. The windows are metal casement with fixed shutters.

Dr. Harriman Jones was one of Long Beach's most prominent physicians. He came to Long Beach in 1902 as one of the town's first doctors, and became the City's first health officer, setting up the City's public health regulations. He organized the Long Beach Hospital (now the site of St. Mary's Hospital), and helped organize Seaside Hospital where he served as Chief of Staff for many years. His concept for the clinic bearing his name was innovative, combining many medical services under one (1) roof, and setting up a trust fund to provide medical services for the needy. Dr Jones was the first Fellow of the American College of Surgeons and a Founding Member of the American Board of Surgery.

The architect, Kenneth Wing, Sr., F.A.I.A., had a long and distinguished career spanning sixty (60) years in Long Beach. He designed the Long Beach Arena, the Southern California Edison Building, United California Bank, the Physical Education facility at California State University, Long Beach, the Physical Science facility of University of California, Irvine, the Nuclear Medicine facility, and the Long Beach Community Hospital. His designs include the First Baptist Church of Long Beach, Jordan High School, Luther Burbank School, many homes in the Virginia Country Club and Bixby Knolls area, and the renovation of the historic Bixby Ranch in Los Cerritos. He was associated with Allied Architects in the design of Long Beach City Hall and Library complex, and the Terrace Theater and Exhibit Center.

The Harriman-Jones Clinic (1930) was Wing's first major work as an independent architect. He considered it one of his most important works; his obituary in the Press-Telegram listed this building second in the long list of his achievements.

This pedestrian-oriented clinic is located in a neighborhood setting and reflects the Period Revival architecture of the surrounding streets. It is situated at the intersection of the major north-south and east-west corridors of Cherry Avenue and Broadway. Its Italian Renaissance Revival portico, facing the park, has been an important presence in a residential community for almost sixty (60) years.

In summary, the Harriman-Jones Clinic exemplifies the development of modern and progressive medical health services in the City of Long Beach. Dr. Jones founded Long Beach's first hospital in a small building at 327 Daisy Avenue. The clinic on Cherry Avenue originally placed a hospital and various medical services under one roof, and offered health services to the poor. Dr. Jones also founded other hospitals, and served as the City's first Health Officer. Thus, this building embodies the history of modern medicine in the City of Long Beach.

B. General guidelines and standards for any changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings"

prepared by the Secretary of the Interior (February, 1978), as amended, are incorporated by reference, and the following additional guidelines and standards as recommended by the Cultural Heritage Committee are adopted:

Any alterations, modifications or repair of the above structure shall be done so in keeping with its historic character.

No environmental changes shall be allowed unless a Certificate of Appropriateness has been applied for and approved by the Cultural Heritage Committee or by the City Planning Commission, upon appeal, authorizing such environmental changes. (Ord. C-6613 § 1, 1989)

16.52.360 The Breakers Hotel.

Pursuant to the provisions of Chapter 2.63 of the Long Beach Municipal Code and with the recommendation of the Planning Commission, the City Council designates the following building as an historical landmark in the City: The Breakers Hotel.

A. Location, description and reasons for designation. Located at 200 East Ocean Boulevard in the City of Long Beach, the Breakers Hotel was built in 1925. It contains one hundred seventy-two thousand (172,000) square feet and rises thirteen (13) stories with two (2) or more floors below the bluff including a recessed parking lot. The design is Spanish Renaissance Revival with a sky room and tower. The plain, stucco walls with octagonal tile roof at the summit are set off by immense, elaborate concrete ornamentation over the main recessed entrance. The ornamentation is classically derived and includes bas-relief mermaid busts and the heads of Neptune. There are twelfth-floor balconies and vaulted arches onto a wrought iron fire escape landing. The building has double-hung windows with large arched windows at the ground floor. It also features a circular drive with olive trees. The building is a major visual landmark in the area on a palm-lined boulevard. There is a glass view room at the ninth floor rear.

Construction was begun on the Breakers Hotel in 1925. Its developer, Fred B. Dunn, planned a fifteen-story, three hundred twenty (320) room hotel at a cost of one hundred thousand dollars ($100,000.00). With W. Jay Burgin as contractor, the hotel opened within a year. Later it was purchased by Conrad Hilton who made the necessary repairs, added the Sky Room, and reopened the hotel. After Hilton sold the hotel, it became the Wilton Hotel until the 1970s when it was converted into a senior citizens' residence. In 1982 it was reconverted into a hotel and in 1988 is being changed back again into a senior citizens' residence.

As noted, the Breakers Hotel is significant in its unique Spanish Renaissance design. It is one of the largest structures constructed in Long Beach built during the Twenties. In short, it is a fine example of 1920's resort era architecture. The decoration that surrounds the entrance is lavish, symbolizing the era and its structures. The remainder of the building is simple, and its three-dimensional massing distinguishes it on the Long Beach skyline. The interior of the building, especially the elegant lobby and lounge which reflect its 1920's resort era heritage, was refurbished in 1982. On the top of the building is the Sky Room Restaurant decorated in contemporary Art Deco.

B. General guidelines and standards for any changes. The Secretary of Interior's Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings are hereby incorporated by reference, and the following additional guidelines and standards as recommended by the Cultural Heritage Commission are adopted:

1. Any alterations, modifications or repair of the Breakers Hotel shall be consistent and compatible, in architectural style and materials, with its historic character.

2. All plans for modifications, alterations, color changes, or structural additions to the exterior historic building and its site, including paths, driveways and landscaping, shall be applied for with a Certificate of Appropriateness.

3. No environmental changes that deviate from the approved rehabilitation plan shall be allowed unless a Certificate of Appropriateness has been applied and approved by the Cultural Heritage Commission.

4. The ground floor lobby contains historic design elements, significant interior spaces and decorative features which form part of the building's unique character and should be preserved. These are original, large-arched windows, spacious proportions, floor-to-ceiling pillars and decorative cast plaster friezes and capitals. Alterations, modification, additions and other architectural changes shall be requested of the Cultural Heritage Commission with a Certificate of Appropriateness.

5. Alterations that are necessary for reasons of public safety and seismic compliance shall be given special consideration by the Commission. Every effort shall be made to minimize the physical alterations to the building that result from compliance with the City's seismic ordinance.

6. Any alterations, modifications or repair of the above structure shall be done so in keeping with its historic character. No environmental changes shall be allowed unless a Certificate of Appropriateness has been applied for and approved by the Cultural Heritage Committee or by the City Planning Commission, upon appeal, authorizing such environmental changes. (Ord. C-6609 § 1, 1989)

16.52.370 The Ocean Center Building.

Pursuant to the provisions of Chapter 2.63 of the Long Beach Municipal Code and with the recommendation of the Planning Commission, the City Council designates the following building as an historical landmark in the City: The Ocean Center Building.

A. Location, description and reasons for designation. The Ocean Center Building is located at 110 West Ocean Boulevard in the City of Long Beach, is an outstanding example of essentially Spanish design incorporating red tile roofs. It also includes Italian details such as quoining on all corners. The building was designed to take advantage of ocean views by being terraced fourteen (14) stories down the bluff. The north elevation of the building, facing Ocean Boulevard, is thirteen (13) stories and incorporates a broken pediment and a shield with sea shells and the face of Neptune over the front entry. There is a balcony at the seventh floor front under a pediment with brackets. Formal pediments and battlements decorate all four (4) sides. There is an arcade at the base of the building under the bluff which was intended to serve visitors to the Pike. The building is capped by an octagonal tower which originally held a fifty-foot concrete tower and lantern. A smaller tower decorates the rear of the building. The building is attractive from all sides, utilizing picturesque massing and several Mediterranean design features as detailed in the inventory sheet.

B. It is significant as the first modern office building on the bluff, rising to the City's height limit at that time. Following the 1933 Long Beach earthquake, the fifty foot (50') concrete tower and lantern, two hundred twenty-eight feet (228') from street level, were removed in June, 1934. In 1936, the building was renovated and today the building remains essentially unchanged, and serves as a point of reference in the Long Beach skyline.

C. General guidelines and standards for any changes. The Secretary of Interior's Standards and Guidelines for Rehabilitating Historic Buildings is incorporated by reference, and the following additional guidelines are adopted by the Cultural Heritage Commission:

1. The building's exterior, its massing, stepped setbacks, central tower, turrets, parapets and exterior ornamentation are its most significant elements. Any changes (including change in color and/or replacement of windows), alterations, additions or other modifications to the exterior of the building shall require a Certificate of Appropriateness from the Cultural Heritage Commission.

2. The entryway and lobby corridor contain important historic design and material features that should be maintained and preserved without alteration. These are: the marble terrazzo floor, painted entryway ceiling, marble walls and wainscot and mahogany wood panels. Modifications for maintenance and restoration shall be approved. Other modifications and replacement of existing features shall require a Certificate of Appropriateness.

3. Users of the office space above the public lobby are encouraged to retain the original "antique" architectural components, such as original mahogany doors, because the retention of these features adds considerable value to the entire building.

4. Original exterior site features, such as the large palm tree in front, the front lawn, and exterior stairs with railings, are to be maintained. Applications for modifications and replacement shall require a Certificate of Appropriateness.

5. Any alterations, modifications or repair of the above structure shall be done so in keeping with its historic character. No environmental changes shall be allowed unless a Certificate of Appropriateness has been applied for and approved by the Cultural Heritage Committee or by the City Planning Commission, upon appeal, authorizing such environmental changes. (Ord. C-6609 § 2, 1989)

16.52.380 The Adelaide M. Tichenor House.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historical landmark in the City: The Adelaide Tichenor House.

A. Location, description and reasons for designation. Located at 852 East Ocean Boulevard in the City of Long Beach, the Adelaide M. Tichenor House was designed by noted architects Charles and Henry Greene. This craftsman bungalow is situated on a bluff overlooking the Pacific Ocean and Long Beach Harbor. The "U"-shaped plan was developed with a two-story central base facing the ocean; two (2) low-pitched, one-story wings extend rearward toward Ocean Boulevard from such side of the central base and once forming an intimate, protective terrace.

Built in 1904, this structure is one (1) of three (3) Greene and Greene designed homes built in Long Beach. Most noted for their grand "ultimate bungalows" of 1907-1909, the Tichenor House is of major importance as it created a significant turning point in the Greene's career. It was the first house for which they designed all the interior furnishings (most of which were removed in a 1953 remodeling), creating a totally integrated work of art.

The Tichenor House, more than any other house, marked a significant turning point in the evolution of the Greene's own architectural vocabulary. The design shows explicit Japanese influence and is more "Oriental" than any other Greene and Greene houses. Mrs. Tichenor had similar interest in oriental design, fine craftsmanship and decorative arts. She gave Charles and Henry Greene the opportunity and latitude to fully demonstrate their own new personal vocabulary, in terms of totality of work involving plan form structure, materials and detail.

The primary entrance into the home was originally from the bluff side, while a Torii gate fully roofed in tile formed a ceremonial entrance from Ocean Boulevard into an oriental garden. The mutual interest in the Orient of both client and architects led to the selection of green tiles for the roof, an arched bridge over the pond in the garden, and the ceremonial roofed gateway.

B. General guidelines and standards for any changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the Secretary of the Interior (Revised, 1983), as amended, are incorporated by reference, and the following additional guidelines and standards as recommended by the Cultural Heritage Committee are adopted:

Any alterations, modifications or repair of the above structure shall be done so in keeping with its historic character, and any alteration, modifications or changes shall follow the Secretary of Interior's Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings.

No environmental changes shall be permitted unless a Certificate of Appropriateness has been applied for and approved by the Cultural Heritage Committee or by the City Planning Commission, upon appeal, authorizing such environmental changes.

Any architectural features, interior design elements or artifacts that were designed by Greene and Greene and original to the house, or that are

contemporary with the time period in which the house was constructed, shall not be altered or removed without application for a Certificate of Appropriateness. (Ord. C-6614 § 1, 1989)

16.52.390 The Californian Apartments.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historical landmark in the City: The Californian Apartments.

A. Location, description and reasons for designation. Located at 325 West Third Street in the City of Long Beach, the Californian Apartments building is five (5) stories in height and square in plan. It has a flat roof and brick siding, yellow bricks used in front, red at the side and back. There are four (4) balconies in front with marble balcony floors and coverings. White brick decorates the bottom of the front windows on the second, third, fourth and fifth stories, the first story windows have spoked fan lights above them, are many-paned and have a keystone above them and wrought iron railings. The fourth story windows have a semi-circular brick design above them and the fifth story have small parapets, the balcony exit is arched and has columns.

The unique Classical Revival architectural design of this forty-nine (49) unit apartment building turns it from just a plain brick building into a structure of visual distinction in Long Beach.

B. General guidelines and standards for any changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the Secretary of the Interior (Revised, 1983), as amended, are incorporated by reference, and the following additional guidelines and standards as recommended by the Cultural Heritage Commission are adopted:

Any alterations, modifications or repair of the above structure shall be done so in keeping with its historic character, and any alteration, modifications or changes shall follow the Secretary of Interior's Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings.

No environmental changes shall be permitted to the exterior of the building unless a Certificate of Appropriateness has been applied for and approved by the Cultural Heritage Commission or by the City Planning Commission, upon appeal, authorizing such environmental changes. Nothing in this Section shall be deemed to restrict internal modifications to the building not visible externally. (Ord. C-6643 § 1, 1989)

16.52.400 The Crest Apartments.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historical landmark in the City: The Crest Apartments.

A. Location, description and reasons for designation. Located at 321 Chestnut Avenue in the City of Long Beach, the Crest Apartments building is a two-story, brick-faced apartment house with a flat roof. This structure is notable for the ornamentation on the facade. It is symmetrical, with a recessed entrance in the center. Flat, highly decorated pilasters with a similarly decorated cap surround the entrance. Above the cap is a stone crest supported by two (2) carved figures and other ornamentation. All windows are surrounded by firebrick which contrasts sharply with the brick facade. French doors and windows highlight the ground floor; double-hung sash windows the upper floor. Ornamental iron miniature balconies adorn the upper windows, and large balconies the lower windows. The foundation is concrete, and the roofing material is composition.

The structure is unusually rich in architectural ornamentation, and decorative elaboration of brick are rarely seen on small-scale apartments of this type. The facade is an excellent example of classical revival/Beaux-Arts design typical of that period.

B. General guidelines and standards for any changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the Secretary of the Interior (Revised, 1983), as amended, are incorporated by reference,

and the following additional guidelines and standards as recommended by the Cultural Heritage Commission are adopted:

Any alterations, modifications or repair of the above structure shall be done so in keeping with its historic character, and any alteration, modifications or changes shall follow the Secretary of Interior's Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings.

No environmental changes shall be permitted to the exterior of the building unless a Certificate of Appropriateness has been applied for and approved by the Cultural Heritage Commission or by the City Planning Commission, upon appeal, authorizing such environmental changes. Nothing in this Section shall be deemed to restrict internal modifications to the building not visible externally. (Ord. C-6643 § 2, 1989)

16.52.410 The Blackstone Hotel

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historical landmark in the City: The Blackstone Hotel.

A. Location, description and reasons for designation. Located at 330 West Ocean Boulevard in the City of Long Beach, the Blackstone Hotel is a six-story hotel building featuring a simple, Renaissance Revival-influenced design. Of reinforced concrete construction, the Ocean Boulevard building has a U-shaped facade. Stringcourses set off the bottom and top stories. Single and paired double-hung sash windows with raised sills define the bays. A plain entablature culminating in an overhanging corn icecaps the building. Enhanced by landscaping, the Blackstone appears largely unaltered and in good condition.

The Blackstone is important in that it exemplifies the development of highrise residential structures on Ocean Boulevard in the 'twenties, defining the City's first highrise skyline. A reminder of the economic boom of that period, shaped by the City's prominence as a beach resort and fueled by the discovery of oil, the demand for new housing gave rise to residential highrise development downtown. Situated next to the Sovereign, it serves as a strong visual connection to the past and reflects the City's pattern of development.

B. General guidelines and standards for any changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the Secretary of the Interior (Revised, 1983), as amended, are incorporated by reference, and the following additional guidelines and standards as recommended by the Cultural Heritage Commission are adopted:

Any alterations, modifications or repair of the above structure shall be done so in keeping with its historic character, and any alteration, modifications or changes shall follow the Secretary of Interior's Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings.

No environmental changes shall be permitted to the exterior of the building unless a Certificate of Appropriateness has been applied for and approved by the Cultural Heritage Commission or by the City Planning Commission, upon appeal, authorizing such environmental changes. Nothing in this Section shall be deemed to restrict internal modifications to the building not visible externally. (Ord. C-6643 § 3, 1989)

16.52.420 The Sovereign Apartments.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historical landmark in the City: The Sovereign Apartments.

A. Location, description and reasons for designation. Located at 354-60 West Ocean Boulevard in the City of Long Beach, the Sovereign Apartments building is a ninety-five (95) unit apartment building. Its eleven (11) stories (plus two (2) sub-grade levels accessed from the rear) are detailed eclectically, although an underlying division into base, shaft, and capital suggests the Renaissance Revival. Of reinforced concrete and tile construction, the rectangular structure is sheathed with stucco. The facade is symmetrical with a central focus provided by a five (5) window bay which runs the entire height of the building. Multi-

paned arched windows flank the central entrance on the smoothly rusticated street level. Stringcourses circle the building above the first, fourth, tenth, and eleventh floors. Tripartite casement windows are located to either side of the central bay in each level and also open onto balconies at either side and in the center of the west elevation. A stepped parapet embellished with an arched motif culminates the design of the facade. Some alteration of the lower levels appears to have occurred (these are indicated to be store spaces on the 1950 Sanborn). The building is in good condition and accented by a tree-shaded front setback.

The Sovereign Apartments, along with its neighbor The Blackstone, are strong visual reminders of oceanfront development in the 1920's. Built in 1922, the Sovereign was an "own-your-own" apartment building, the condominium of its day. The Sovereign contained ninety-five (95) such units in a prime location. The luxurious apartment/hotel complex often boasted many amenities, with first-floor retailers catering to the needs of residents. Marketed by boosters of Long Beach as upper-class living accommodations, the apartment/hotels were a major part of the tourism industry as well as serving as housing for permanent residents. As an example of the Renaissance Revival style in its residential configuration on the ocean, and as representative of Long Beach lifestyle during a major period of growth and development, the eleven-story Sovereign appears potentially eligible for listing in the National Register of Historic Places.

B. General guidelines and standards for any changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the Secretary of the Interior (Revised, 1983), as amended, are incorporated by reference, and the following additional guidelines and standards as recommended by the Cultural Heritage Commission are adopted:

Any alterations, modifications or repair of the above structure shall be done so in keeping with its historic character, and any alteration, modifications or changes shall follow the Secretary of Interior's Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings.

No environmental changes shall be permitted to the exterior of the building unless a Certificate of Appropriateness has been applied for and approved by the Cultural Heritage Commission or by the City Planning Commission, upon appeal, authorizing such environmental changes. Nothing in this Section shall be deemed to restrict internal modifications to the building not visible externally except that the following significant design features of the lobby shall be preserved: the Batchelder tile fireplace, octagonal columns and ornate ceiling moldings. (Ord. C-6643 § 4, 1989)

16.52.430 Windham House (The Lord Mayor's Inn).

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historical landmark in the City: Windham House (The Lord Mayor's Inn).

A. Location, description and reasons for designation.

Located at 435 Cedar Avenue, Windham House is a four-thousand square foot (4,000'), two-story, wood frame home located on two (2) City lots in downtown Long Beach, California, three (3) blocks from Long Beach City Hall and the Civic Center. It is a California Craftsman-style home designed in 1906 by George L. Hoodenpyl, a trained architect and prominent Southern California Attorney who later served as City Attorney of Long Beach.

Windham House is a massive, square-shaped structure of deceptively unsymmetrical design, built upon a stone foundation which is carried upward in three (3) massive stone columns with square capitals.

The capitals support that portion of the second story over the recessed porch in the center and right side of the front. Siding material is wood board and wood shingle. A pyramidal roof caps the home. A hipped roof covers a small dormer sheltering an attic vent. Below this is a projecting triangular pediment with brackets which imitate rafters. The main roof overhang is supported by brackets, the eaves are essentially boxed, with dentil detail. Fenestration is unremarkable, but the first

floor windows on the left are set in a slightly curved frame which hints of a bay window. The lower portion of the second story is slightly bellcast with rounded dentil details.

The building is associated with Charles H. Windham, who was Mayor of Long Beach in 1911. This home was built by him for his own use.

This is an excellent example of a California Craftsman house, in a formal and monumental house. It is broad and massive, with a rough-hewn stone foundation. The same stone is used for the living room fireplace. It is covered in wood siding and wood shingles, with prominent structural framing and projecting rafters. The symmetrical central entryway creates a more formal appearance. This is a fully restored, high quality example of a vernacular Southern California housing type typical of the period 1900-1914.

The granite porch, foundations and granite fireplace are unusual materials for the City of Long Beach, and represent a significant innovation in this building.

This home was part of the original City residential district, and constituted one of a number of large private residences built in the early 1900's close to the downtown business and civic center of the City. It remains intact and well preserved, and is an excellent example of an historic mansion in the City.

The large front door opens to a three hundred square foot (300') foyer graced by a white oak staircase leading to the upstairs rooms. To the immediate left upon entrance is a formal living room with original log burning fireplace. The living room is separated from the formal dining room by two (2) large oak pocket doors. To the immediate right upon entrance is a reception room also separated from the foyer by two (2) large pocket doors and originally used as a music room; and the outer door off the foyer leads to a library. The original bookcase is missing but the evidence of its existence can be seen on the hardwood floor behind the present bookcase. Upstairs, there is a large landing area with access to the sunporch. Mayor Windham occupied the bedroom upstairs on the southeast corner. The original fireplace faced with yellow brick has been restored. A long window seat running the length of the room has been removed at some point in time. A similar window seat had been in the bedroom on the southwest corner. That bedroom was occupied by the youngest daughter, Margarita, and today the room is named in her honor. The other bedrooms were for the other Windham children. They are typical bedrooms of that particular period, having substantial closets and grouped windows. The northeast bedroom includes two (2) casement windows in the east grouping.

B. General guidelines and standards for any changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the Secretary of the Interior (Revised, 1983), as amended, are incorporated by reference, and the following additional guidelines and standards as recommended by the Cultural Heritage Commission are adopted:

The building's exterior shall be regulated by the provisions of this Section. There shall be no restrictions on the building's interior.

Any alterations, modifications or repair of the building's exterior shall be consistent with its historic character.

No exterior changes, including repainting, shall be permitted unless a Certificate of Appropriateness has been applied for and approved by the Cultural Heritage Commission. (Ord. C-6666 § 1, 1989)

16.52.440 The Atlantic Studio.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historical landmark in the City: The Atlantic Studio.

A. Location, description and reasons for designation. Located at 226 Atlantic Avenue in the City of Long Beach, this small scale commercial structure combines Art Deco and Gothic Revival design in a very unique and distinctive facade. Built in 1933, this is a relatively late example of Art Deco styling, constructed at a time when the style had already gained popular acceptance. The

combination of Gothic Revival and Art Deco was sometimes used for "skyscrapers" of the late twenties and early thirties. Finding these styles on a small scale commercial building is unusual, and this building has a unique charm that is quite individual.

The Atlantic Studio is an established and familiar visual feature of downtown Long Beach, having existed there in unchanged form for fifty-six (56) years. Its unique and charming facade distinguishes it from other small commercial buildings.

B. General guidelines and standards for any changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the Secretary of the Interior (Revised, 1983), as amended, are incorporated by reference, and the following additional guidelines and standards as recommended by the Cultural Heritage Commission are adopted:

Any alterations, modifications or repair of the above structure shall be done so in keeping with its historic character, and any alteration, modifications or changes shall follow the Secretary of Interior's Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings.

No environmental changes shall be permitted to the exterior of the building unless a Certificate of Appropriateness has been applied for and approved by the Cultural Heritage Commission or by the City Planning Commission, upon appeal, authorizing such environmental changes. Nothing in this Section shall be deemed to restrict internal modifications to the building not visible externally. (Ord. C-6672 § 1, 1989)

16.52.450 The Barker Brothers Building.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historical landmark in the City: The Barker Brothers Building.

A. Location, description and reasons for designation. Located at 215 Promenade Plaza in the City of Long Beach, the Barker Brothers Building was the headquarters building in Long Beach for Barker Brothers, a major retailer of Los Angeles. It was a major downtown department store, selling furniture. It symbolizes the economic growth of the City, and the development of downtown as a business and retail center.

The Art Deco architectural style was characteristic of 1929, the year it was constructed. Windows are grouped in vertical strips, divided by vertical piers and pilasters. Window spandrels contain a decorative motif, here a simple diamond.

The Barker Brothers Building anchors a prominent corner in downtown Long Beach, forming a visual pair with its neighbor across the Promenade, the Insurance Exchange Building. Both are an Art Deco pair, and are reminders of the commercial and business center of Long Beach of that period.

Finally, Barker Brothers' corner location at an important intersection of downtown Long Beach's major commercial streets makes it an established and familiar visual feature of the community.

B. General guidelines and standards for any changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the Secretary of the Interior (Revised, 1983), as amended, are incorporated by reference, and the following additional guidelines and standards as recommended by the Cultural Heritage Commission are adopted:

Any alterations, modifications or repair of the above structure shall be done so in keeping with its historic character, and any alteration, modifications or changes shall follow the Secretary of Interior's Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings.

No environmental changes shall be permitted to the exterior of the building unless a Certificate of Appropriateness has been applied for and approved by the Cultural Heritage Commission or by the City Planning Commission, upon appeal, authorizing such environmental changes. Nothing in this Section shall be deemed to restrict internal modifications to the building not visible externally. (Ord. C-6665 § 1, 1989)

16.52.460 The Buffums Autoport.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning

Commission, the City Council designates the following building as an historical landmark in the City: The Buffums Autoport.

A. Location, description and reasons for designation. Located at 119-121 West First Street in the City of Long Beach, the Buffums Autoport is the only remaining remnant of the site of Long Beach's most prominent department store, Buffums, originally located at this site and demolished in 1980. The garage was added to the older store in 1940 in order to better accommodate the automobile, indicating the importance of automobile access to the retail trade.

The garage is a classic example of the Streamline Moderne, from its design to the "Autoport" sign. The choice of this style was not only typical of its era, but thematically appropriate, as the imagery of the Streamline Moderne style derived from modern transportation. Horizontal lines, streamlined curves, sleek geometric forms, flat continuous surfaces typical of the style alluded to the speed of modern cars, planes, trains, and ships in motion. The elegance of this garage design is evident in the antenna-like pole on top of the semicircular projection, and the Moderne styling of the Autoport sign.

The sophisticated and elegant architectural styling of a mundane function - a garage - is unusual and innovative, and should be an inspiration to the contemporary urban designers.

B. General guidelines and standards for any changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the Secretary of the Interior (Revised, 1983), as amended, are incorporated by reference, and the following additional guidelines and standards as recommended by the Cultural Heritage Commission are adopted:

Any alterations, modifications or repair of the above structure shall be done so in keeping with its historic character, and any alteration, modifications or changes shall follow the Secretary of Interior's Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings.

No environmental changes shall be permitted to the exterior of the building unless a Certificate of Appropriateness has been applied for and approved by the Cultural Heritage Commission or by the City Planning Commission, upon appeal, authorizing such environmental changes. Nothing in this Section shall be deemed to restrict internal modifications to the building not visible externally. (Ord. C-6665 § 2, 1989)

16.52.470 The Security Pacific National Bank Building.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historical landmark in the City: The Security Pacific National Bank Building.

A. Location, description and reasons for designation. Located at 102-110 Pine Avenue in the City of Long Beach, the Security Pacific National Bank Building represents the financial and commercial growth of the City of Long Beach during the boom of the twenties. Originally called Security Trust and Savings Bank, it sprang from the 1921 merger of that institution with the earlier consolidation of National Bank of Long Beach and the Long Beach Trust and Savings Bank. P.E. Hatch, former cashier of the Bank of Long Beach and President of the National Bank of Long Beach, became vice-president and general manager of Security Bank's local activities. Offices above the bank housed prominent local law firms Clock McWhinney and Clock and Denio, Hart, Taubman and Simpson, and other important businesses.

Constructed in 1924, this is a classic Beaux Arts building of the twenties. Divided into three (3) parts of base, midsection, and attic, it is clad in contrasting light marble and dark red brick and crowned with a classical cornice. The three-story base has a recessed entryway behind giant Corinthian columns. The ornament is classically derived.

The Security Pacific National Bank Building was designed by prominent Los Angeles architects Curlett and Beelman, who had earlier designed the Farmers and Merchants Bank a few blocks

away. Curlett and Beelman's distinguished career included the Pacific Coast Club, and notable buildings in Los Angeles, among them the Elks Building. It is a prominent visual feature of the downtown streetscape, due to its location on a prime corner, and to its striking and elegant architectural design.

B. General guidelines and standards for any changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the Secretary of the Interior (Revised, 1983), as amended, are incorporated by reference, and the following additional guidelines and standards as recommended by the Cultural Heritage Commission are adopted:

Any alterations, modifications or repair of the above structure shall be done so in keeping with its historic character, and any alteration, modifications or changes shall follow the Secretary of Interior's Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings.

No environmental changes shall be permitted to the exterior of the building unless a Certificate of Appropriateness has been applied for and approved by the Cultural Heritage commission or by the City Planning Commission, upon appeal, authorizing such environmental changes. Nothing in this Section shall be deemed to restrict internal modifications to the building not visible externally, except that the interior public space known as the lobby contains valuable historic design features and materials, and should be preserved, and any alterations, additions, or changes affecting the lobby shall require a Certificate of Appropriateness from the Cultural Heritage Commission. (Ord. C-6665 § 3, 1989)

16.52.480 The American Hotel.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historical landmark in the City: The American Hotel.

A. Location, description and reasons for designation. Located at 224-230 East Broadway in the City of Long Beach, the American Hotel is one of the oldest surviving commercial buildings in downtown Long Beach, and the second oldest one documented. Built in 1905, it is evidence of the first phase of Long Beach's commercial development in the early 1900s. It exemplifies mixed-use development typical of that period, with commercial shops on the ground floor and residential use on the upper two (2) floors. The Broadway facade shows characteristics of the Romanesque Revival style, popular in the 1890s. The broad, flat piers dividing the Broadway facade, the rusticated stone keystones and semicircular arches are typical of that style. This is a unique example of that style in Long Beach.

The American Hotel is one of the oldest commercial buildings in downtown Long Beach. Along with the 1906 First National Bank of Long Beach Building at First and Pine (now being restored and renovated), and the recently renovated Masonic Temple at 228 Pine (1903), it is a rare surviving commercial building from the early 1900s. It commemorates the early commercial development of downtown Long Beach, which makes it worthy of preservation.

B. General guidelines and standards for any changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the Secretary of the Interior (Revised, 1983), as amended, are incorporated by reference, and the following additional guidelines and standards as recommended by the Cultural Heritage Commission are adopted:

Any alterations, modifications or repair of the above structure shall be done so in keeping with its historic character, and any alteration, modifications or changes shall follow the Secretary of Interior's Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings.

No environmental changes shall be permitted to the exterior of the building unless a Certificate of Appropriateness has been applied for and approved by the Cultural Heritage Commission or by the City Planning Commission, upon appeal, authorizing such environmental changes. Nothing in this Section shall be deemed to restrict internal modifications to the building not visible exter-

nally, but should the modernization of the ground floor storefronts be removed, the ground floor renovation should be externally consistent in materials and design with the historical period of the building. (Ord. C-6672 § 2, 1989)

16.52.490 The 312-316 Elm Avenue Commercial Building.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historical landmark in the City: The 312-316 Elm Avenue Commercial Building.

A. Location, description and reasons for designation. Located at 312-316 Elm Avenue in the City of Long Beach, this building exemplifies the tremendous economic expansion that drove the City's growth in the twenties, spilling over even into the early years of the Depression.

Constructed in 1930, this building is one of the finest Art Deco buildings in downtown Long Beach, an excellent and intact example of that style. Remarkably, all the original storefronts survive in the original design, with recessed entryways and colored tile bases. The facade is grouped into three (3) sections by fluted piers. The second story windows are capped with chevrons, and covered with ornate Art Deco metal grilles. The design is entirely unaltered, and retains the freshness and exuberance of the Jazz Age. Its architecture quality deserves to be preserved. It is one of a number of small-scale Art Deco commercial buildings in downtown Long Beach which recall the City's economic growth in the twenties. This was the second major phase in the City's growth and development, the first one occurring in the early 1900s.

B. General guidelines and standards for any changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the Secretary of the Interior (Revised, 1983), as amended, are incorporated by reference, and the following additional guidelines and standards as recommended by the Cultural Heritage Commission are adopted:

Any alterations, modifications or repair of the above structure shall be done so in keeping with its historic character, and any alteration, modifications or changes shall follow the Secretary of Interior's Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings.

No environmental changes, including repainting, shall be permitted to the exterior of the building unless a Certificate of Appropriateness has been applied for and approved by the Cultural Heritage Commission or by the City Planning Commission, upon appeal, authorizing such environmental changes. Nothing in this Section shall be deemed to restrict internal modifications to the building not visible externally. (Ord. C-6672 § 3, 1989)

16.52.500 First United Presbyterian Church.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historical landmark in the City: First United Presbyterian Church.

A. Location, description and reasons for designation. Located at 600 East Fifth Street in the City of Long Beach, First United Presbyterian Church represents the history and development of religious institutions in the City of Long Beach. The Presbyterian denomination established its first foothold in Long Beach on this site, with the founding of its congregation and the construction of its original building here in 1905. The existing building, constructed in 1939, is an outstanding example of Gothic Revival style, a style particularly appropriate for churches, based on European examples of the Gothic style of the middle ages. This style was often used for churches in the first two (2) decades of this century in the U.S.A.

The great Gothic-styled wood beamed ceiling of the church sanctuary represents a unique type of Gothic Revival design within the parameters of that style. Additionally, the U-shaped landscaped courtyard evokes a cloistered configuration reminiscent of European precedents and the notion of "sanctuary" as an oasis within the City.

The First United Presbyterian Church building represents an established and familiar visual feature of a neighborhood or community due to

its unique location or specific distinguishing characteristics, its distinctive Gothic Revival architecture constitutes an important visual landmark on a prime corner of downtown Long Beach.

B. General guidelines and standards for any changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the Secretary of the Interior (Revised, 1983), as amended, are incorporated by reference, and the following additional guidelines and standards as recommended by the Cultural Heritage Commission are adopted:

The building's interior and exterior shall be regulated by the provisions of this Section.

Any alterations, modifications or repair of the building's interior or exterior shall be consistent with its historic character, and no changes of any kind, including repainting, shall be permitted unless a Certificate of Appropriateness has been applied for and approved by the Cultural Heritage Commission. (Ord. C-6672 § 4, 1989)

16.52.510 Walkers Department Store.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historical landmark in the City: Walkers Department Store.

A. Location, description and reasons for designation. Located at 401-423 Pine Avenue in the City of Long Beach, Walkers Department Store exemplifies the burst of retail development that occurred in the twenties as part of an economic boom in Long Beach. Several local department stores were established around that time (i.e., Famous, now Thrifty Drugs, Buffums, Barker Brothers), most of which are today out of business. Pine Street was then the primary shopping district of Long Beach. This building is associated with Long Beach's tremendous economic growth in the twenties, and the flourishing of local retail business.

The architectural style of Walkers Department Store blends two (2) distinct traditions: Art Deco and Renaissance Revival. The rectangular building profile, balance between verticals and horizontals, and solidity of a distinct ground floor base are Renaissance Revival characteristics. However, the vertical ground pilasters, grouping of windows, decorative window spandrels, and decorative motifs are Art Deco in nature. Constructed in 1929, the architecture of this building exemplifies the transition from a traditional style to a new modern style. Meyer and Holler, the architects, was a prominent Los Angeles firm whose most famous building was Grauman's Chinese Theater in Hollywood. They also designed two (2) other Hollywood landmarks: Grauman's Egyptian Theater and the Security Pacific Bank. In Long Beach they designed the Fox West Coast Theater (demolished) and the Ocean Center Building.

Walkers Department Store is part of the original Pine Avenue retail commercial district during the boom years of the twenties, representing the economic growth of Long Beach and recalling the predominance of Pine Avenue as downtown's major retail corridor.

B. General guidelines and standards for any changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the Secretary of the Interior (Revised, 1983), as amended, are incorporated by reference, and the following additional guidelines and standards as recommended by the Cultural Heritage Commission are adopted:

The building's interior and exterior shall be regulated by the provisions of this Section. There shall be no restrictions on the building's interior.

Any alterations, modifications or repair of the building's exterior shall be consistent with its historic character.

No exterior changes, including repainting, shall be permitted unless a Certificate of Appropriateness has been applied for and approved by the Cultural Heritage Commission. (Ord. C-6672 § 5, 1989)

16.52.520 The Engine Company No. 8 Building.

Pursuant to provisions of Chapter 2.63 and with the recommendation of the Planning Com-

mission, the City Council designates the following building as an historical landmark in the City: The Engine Company No. 8 Building.

A. Location, description and reasons for designation. Located at 5365 East Second Street in the City of Long Beach, Fire Station No. 8 represents the expansion of City services to the neighborhood of Belmont in a combined fire and police facility.

Opened as the Belmont Fire and Police substation on August 1, 1929, it housed two (2) fire platoons. The police substation, the first in the City, opened the following month.

The Italian Renaissance Revival style evidenced here occurs throughout the twenties as one of several popular "period revival" styles. Its use as late as the late twenties indicates a conservative choice for a public building, and one that blends in well with its surrounding neighborhood. The red tile roof is an explicit Mediterranean characteristic.

This landmark is part of a collection of small-scale period revival commercial buildings on Second Street, and relates to homes in the surrounding neighborhood characterized by Mediterranean-styled homes. It is an established and familiar visual landmark of Belmont Shore due to its architectural character and to its corner location at the east end of the Second Street commercial strip.

B. General guidelines and standards for any changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the Secretary of the Interior (Revised, 1983), as amended, are incorporated by reference, and the following additional guidelines and standards as recommended by the Cultural Heritage Commission are adopted:

Any alterations, modifications or repair of the above structure shall be done so in keeping with its historic character, and any alteration, modifications or changes shall follow the Secretary of Interior's Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings.

No environmental changes shall be permitted to the exterior of the building unless a certificate of appropriateness has been applied for and approved by the Cultural Heritage Commission or by the City Planning Commission, upon appeal, authorizing such environmental changes. (Ord. C-6682 § 1, 1990)

16.52.530 The Golden House.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historical landmark in the City: The Golden House.

A. Location, description and reasons for designation. Located at 628 West Tenth Street in the City of Long Beach, the Golden House is one of the earliest built in Willmore City c.1886, and the oldest known remaining building in the City of Long Beach.

It is associated with the life of persons significant in the past having been built by William Widney and later owned by C.D. Paine, F.W. Stearns and Stephen Townsend.

This Carpenter Gothic cottage styled building is a particularly small-sized example of its style and may have been a "display" model, or built as a land sales office or depot prior to use as a residence. The cottage is of single-wall construction and is the last known example of this type of construction to have survived intact in the City.

Golden House dates back to the early Willmore City days, pre-Long Beach and is of an architectural style that was not often used in the area. It may have been the first building in the then-newly developing west side of the townsite of Willmore City. Its single-wall construction was common to the time and provides information on lifestyles in early Willmore City. Wall coverings and ceiling materials which are labelled "Steinway and Sons, New York" also give information about the early life of the citizens, as do the variety of wall coverings, paint colors, and floor coverings which exist in the building.

B. General guidelines and standards for any changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the Secretary of the Interior (Revised, 1983), as amended, are incorporated by reference,

and the following additional guidelines and standards as recommended by the Cultural Heritage Commission are adopted:

Any alterations, modifications or repair of the above structure shall be done so in keeping with its historic character, and any alteration, modifications or changes shall follow the Secretary of Interior's Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings.

No environmental changes, including repainting, shall be permitted to the exterior of the building unless a Certificate of Appropriateness has been applied for and approved by the Cultural Heritage Commission or by the Planning Commission, upon appeal, authorizing such environmental changes. Nothing in this Section shall be deemed to restrict internal modifications to the building not visible externally. (Ord. C-6682 § 2, 1990)

16.52.540 The Masonic Temple.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historical landmark in the City: The Masonic Temple.

A. Location, description and reasons for designation. Located at 835 Locust Street in the City of Long Beach and constructed in 1927, the Masonic Temple was the headquarters of a major social institution, whose members included many prominent citizens of Long Beach. The building served as the headquarters for an important fraternal order, and was used by many other service clubs of Long Beach as well.

The Greek Revival architectural style was one of a number of period revival styles popular during the 1920s. The severe Greek classical temple facade of this building invokes memories of classical antiquity.

The building contains a number of large assembly halls typical of a fraternal social order. In this building, each haIl is decorated in a different exotic revival style: Egyptian, Roman, etc. The building also contains a fully equipped theater.

The architects, Parker O. Wright and Francis H. Gentry, had distinguished careers in the City of Long Beach. They designed the Scottish Rite Temple, the First Methodist Church at Third and Linden, thirteen (13) Long Beach schools and twenty-five (25) schools in Southern California, and many residences and businesses. Due to its scale and its imposing architectural features, it stands out in its community as a unique and monumental building, and as such represents an established and familiar visual feature of its neighborhood.

B. General guidelines and standards for any changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the Secretary of the Interior (Revised, 1983) as amended, are incorporated by reference, and the following additional guidelines and standards as recommended by the Cultural Heritage Commission are adopted:

Any alterations, modifications or repair of the building shall be consistent with its historic character, and no changes of any kind, including exterior repainting, shall be permitted unless a Certificate of Appropriateness has been applied for and approved by the Cultural Heritage Commission. (Ord. C-6682 § 3, 1990)

16.52.550 The Pacific Tower.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historical landmark in the City: The Pacific Tower.

A. Location, description and reasons for designation. Located at 205-19 Long Beach Boulevard in the City of Long Beach, The Pacific Tower was the first twelve-story office building in Long Beach when built in 1923, and was the first "Own-Your-Own" office building in the United States.

Attorney Joseph A. Ball's first private office was in the building as were the offices of Attorneys William H. Cree, Walter Desmond, Jonah Jones, Jr., Clark and Thomas Doyle, C.V. Hawkins, F.A. Knight and Phillip H. Goddard, Donald P. Lane and Lewis P. Lane, George F. Kapp, and Stephen G. Long, Jr.; the offices of doctors F.C. Hertzog, R.L. Buffum, and Izak Alcazar; the offices of architects Horace Austin and C.H. Gibbs.

These prominent citizens are just a few of Long Beach's pioneers who are listed in City Directories with offices in this building.

Naomi Celeste Tompkins, Vice-President of City National Bank at the time the building was built, was thought to be the only female vice-president of a national bank at that time.

Government offices were located in the building and included the U.S. Coast Guard, State Board of Equalization, the U.S. Federal Housing Administration, State Board of Education, and U.S. Probation Offices.

It is significant that the Times Mirror Company of Los Angeles owned the building. And, that the Western Headquarters of the AARP in Long Beach moved to this building in 1967 and named the building after their founder, Dr. Ethel Percy Andrus.

The Renaissance Revival style was the prestigious architectural style of the mid-twenties for major commercial buildings, hotels, and other significant structures. This building remains one of the most visually prominent and handsome buildings in downtown Long Beach. The architect, W. Horace Austin, was a prominent Long Beach architect who practiced from 1900 to 1942. His obituary called him the "Dean of Architects" in Long Beach. He designed the old City Hall (demolished) Horace Mann Elementary School, Wilson High School, the original Buffum's Department Store (demolished), the YMCA (demolished), the Long Beach Airport Terminal, the Press-Telegram Building, and many other buildings and residences. He was a resident architect on the Municipal Auditorium. In Santa Ana he designed City Hall, the Masonic Temple and the Bower Memorial Museum. The Seal Beach City Hall and Fire Station and the San Pedro Post Office and Customs House were also Austin designs. He worked in Bellflower, Perris, Riverside and Whittier as well.

This twelve-story building complements the Insurance Exchange Building and the Barker Brothers Building along Broadway and, together, they anchor the corners of Long Beach Boulevard and The Promenade.

B. General guidelines and standards for any changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the Secretary of the Interior (Revised, 1983) as amended, are incorporated by reference, and the following additional guidelines and standards as recommended by the Cultural Heritage Commission are adopted:

The building's exterior shall be regulated by the provisions of this Chapter. There shall be no restrictions on the building's interior.

Any alterations, modifications or repair of the building's exterior shall be consistent with its historic character. No exterior changes, including repainting, shall be permitted unless a Certificate of Appropriateness has been applied for and approved by the Cultural Heritage Commission. (Ord. C-6682 § 4, 1990)

16.52.560 St. Anthony's Church.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historical landmark in the City: St. Anthony's Church.

A. Location, description and reasons for designation. Located at 540 Olive Avenue in the City of Long Beach, St. Anthony's Church is the major Catholic church of Long Beach, and the "mother" church from which this religious institution grew. First founded on this site in 1902, successive buildings mirrored the growth of the congregation and the development of the City. Outgrowing the first building which was dedicated in 1903, the second church of 1914 was destroyed in the 1933 earthquake. It was quickly rebuilt and dedicated in early 1934. The facade with mosaics was added in 1953. This building is associated with an important religious institution and with the history and development of Long Beach.

The Gothic Revival style was popular in ecclesiastical architecture. This is a particularly rich and ornate version of that style, with the use of mosaic decoration reflecting an Italian heritage. The use of mosaic decoration on the church facade and the interior of the sanctuary represents

unusual craftsmanship and innovation in Southern California. The mosaic work was executed by Italian craftsmen, and imported and installed on-site. The coloristic richness of the facade achieved by this means lends decorative distinction to this building.

The building is situated at the edge of a residential neighborhood, and has a strong visual presence there. Its scale, colorful facade and twin towers are strong distinguishing visual characteristics which make it a neighborhood landmark.

B. General guidelines and standards for any changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the Secretary of the Interior (Revised, 1983), as amended, are incorporated by reference, and the following additional guidelines and standards as recommended by the Cultural Heritage Commission are adopted:

The above standards and guidelines shall apply solely to the church sanctuary, the large ficus tree in front of the rectory and the statue of St. Joseph in the garden. Any alterations, modifications or repair of these features shall be consistent with their historic character, and no such changes shall be permitted unless a Certificate of Appropriateness has been applied for and approved by the Cultural Heritage Commission. (Ord. C-6682 § 5, 1990)

16.52.570 St. Luke's Episcopal Church.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historical landmark in the City: St. Luke's Episcopal Church.

A. Location, description and reasons for designation. Located at 703 Atlantic Avenue in the City of Long Beach, St. Luke's Episcopal Church has been a center of religious, social and cultural activities in Long Beach since a church was first built on this site in 1917. After being destroyed by the 1933 earthquake, the rebuilding of the church demonstrated the commitment of church leaders in the face of disaster. The Reverend Perry G.M. Austin, rector of the church during this time, mobilized nationwide support for the rebuilding of the church, including Eleanor Roosevelt, J.P. Morgan, Felix Dupont, Judge Augustus Hand and Senator Walter G. McAdoo, among his donors. The cornerstone for the rebuilding was laid on March 19, 1934, just a year and nine (9) days after the earthquake. The dedication on July 15th attracted an enormous crowd. Many prominent local citizens were members of the congregation. It exemplifies the cultural (religious), social and historical heritage of the City in relation to a major religious institution which has been located at this site since 1917.

The architectural style, Gothic Revival, appears often on historic churches. This version of the style, English/Tudor Gothic Revival, exemplifies period revival architecture of the teens and twenties.

The site consists of a complex of separate buildings unified in a rectangular plan around a central open courtyard. The inclusion of an open courtyard as a spatial feature uniting various buildings is reminiscent of a medieval cloister. The entry narthex is also reminiscent of an architectural feature found in early medieval churches. It represents an established and familiar visual feature of a neighborhood or community due to its unique location or specific distinguishing characteristic. Its prominent location at the corner of Seventh and Atlantic, and its single tower crowned with a tall copper spire, make it a visual landmark in the community.

The building contractor, C.T. McGrew, had a long and distinguished career in the City, and constructed many buildings which have become City landmarks or are known as significant buildings, such as the First Congregational Church, the Pacific Coast Club, Belmont Methodist and Congregational Churches, and numerous business buildings.

B. General guidelines and standards for any changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the Secretary of the Interior (Revised, 1983), as amended, are incorporated by reference,

and the following additional guidelines and standards as recommended by the Cultural Heritage Commission are adopted:

The general guidelines and standards shall apply solely to the structure bounded by Atlantic Avenue, Seventh Street and the alley westerly of Atlantic Avenue. No part of this Section shall apply to church property on the westerly side of said alley.

Any alterations, modifications or repair of the affected features shall be consistent with its historic character, and no such changes shall be permitted unless a Certificate of Appropriateness has been applied for and approved by the Cultural Heritage Commission. (Ord. C-6682 § 6, 1990)

16.52.580 The First Church of Christ Scientist.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historical landmark in the City: The First Church of Christ Scientist.

A. Location, description and reasons for designation. Located at 440 Elm Avenue in the City of Long Beach and built in 1913, the First Church of Christ Scientist was Long Beach's first Christian Science Church. As such, it established an important religious institution in this City. Additionally, this church was one of the few downtown churches to survive the 1933 earthquake relatively undamaged and, therefore, is one of the oldest churches in Long Beach.

This building is an excellent example of the classic Renaissance Revival style of architecture, derived from European models, which was popular during the early years of this century for monumental buildings of public importance. Its red tile roof is reminiscent of more vernacular Mediterranean or Spanish Colonial Revival architecture typical of this region.

The architect, Elmer Grey, was an important Los Angeles architect who designed many buildings which today are considered to be landmarks: the Beverly Hills Hotel, the Pasadena Playhouse, and the First and Second Churches of Christ Scientist in Los Angeles, in association with Myron Hunt, he also worked on Occidental College. He also designed many notable homes and mansions.

This landmark is part of a collection of monumental historic churches built in downtown Long Beach in the teens and twenties, and embodies a particular cultural theme related to the diversity and strength of these religious institutions in this City. Its monumental scale and impressive architecture features make it a visual landmark downtown.

B. General guidelines and standards for any changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the Secretary of the Interior (Revised, 1983), as amended, are incorporated by reference, and the following additional guidelines and standards as recommended by the Cultural Heritage Commission are adopted:

Any alterations, modifications or repair of the above structure shall be done so in keeping with its historic character, and any alteration, modifications or changes shall follow the Secretary of Interior's Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings.

No environmental changes shall be permitted unless a Certificate of Appropriateness has been applied for and approved by the Cultural Heritage Commission or by the City Planning Commission, upon appeal, authorizing such environmental changes. (Ord. C-6699 § 1, 1990)

16.52.590 The Thrifty Drug/Famous Department Store.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historical landmark in the City: The Thrifty Drug/Famous Department Store Building.

A. Location, description and reasons for designation. Located at 601-609 Pine Avenue in the City of Long Beach, the Thrifty Drug/Famous Department Store Building was originally built as the Famous Department Store Building in 1929. Located at a prime corner in downtown Long

Beach, it demonstrates the economic growth of Long Beach in the twenties in the retail sector. The oil industry and tourism propelled the boom of the twenties in Long Beach, encouraging new commercial growth such as this new store.

The building is one of the finest examples of Art Deco in downtown Long Beach, and is a strong visual presence on a prominent corner. Typical of the Art Deco style are the stepped back vertical piers, the vertical grouping of windows, and the chevron design motif. The 1937 top floor addition shows the influence of the International Style, but integrates skillfully in the older building.

The architectural firm of Morgan, Wall and Clements created major landmark buildings in Los Angeles and Southern California, significantly influencing the urban design of the region. Their work includes the Wiltern Theater, the Samson Uniroyal Tire Factory in Commerce, the Chapman Buildings, the Owl Drug Company, the Mayan Theater, the Belasco Theater, the Pantages Theater, the Richfield Building (demolished) and many others.

B. General guidelines and standards for any changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the Secretary of the Interior (Revised, 1983), as amended, are incorporated by reference, and the following additional guidelines and standards as recommended by the Cultural Heritage Commission are adopted:

Any exterior alterations, modifications or repair of the above structure shall be done so in keeping with its historic character, and any exterior alterations, modifications or changes shall follow the Secretary of Interior's Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings.

No environmental changes shall be permitted to the exterior of the building unless a Certificate of Appropriateness has been applied for and approved by the Cultural Heritage Commission or by the City Planning Commission, upon appeal, authorizing such environmental changes. Nothing in this Section shall be construed to restrict internal modifications to the building not visible externally. (Ord. C-6691 § 1, 1990)

16.52.600 453 Cedar Avenue.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historical landmark in the City: 453 Cedar Avenue.

A. Location, description and reasons for designation. Located at 453 Cedar Avenue in the City of Long Beach, this house is an important, high quality example of late Victorian residential architecture, built in the early twentieth century during the first period of extensive settlement in the City when its first residential neighborhood was developed. This neighborhood was located close to the downtown business quarter. The large scale and architectural grandeur of many of these houses indicate that they were built for prominent and successful local citizens. The house at 453 Cedar is an excellent example of this type of structure, and maintains its historical characteristics intact.

The house is an excellent example of late Victorian architecture, with Colonial Revival overtones, constructed in 1905. Its tall proportions, double recessed porches, bay windows, and decorative fish-scale shingles in the front gable are typical features of the Victorian style. Colonial Revival elements appear in the second story balustrade, the classically shaped capitals of the rectangular porch supports, the molded entablatures dividing each story, the lintel with brackets inside the front gable, and the pediment shape of the gable.

This is a major contributor to the City's first residential district, and should be preserved as evidence of the wealth, importance and social aspirations of those early residents.

It is prominently sited on a corner, and because of its scale, architectural grandeur and tall proportions, constitutes a visually prominent landmark in its neighborhood.

B. General guidelines and standards for any changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings"

prepared by the Secretary of the Interior (Revised, 1983), as amended, are incorporated by reference, and the following additional guidelines and standards as recommended by the Cultural Heritage Commission are adopted:

Any exterior alterations, modifications or repair of the above structure shall be done so in keeping with its historic character, and any exterior alterations, modifications or changes shall follow the Secretary of Interior's Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings.

No environmental changes, including repainting, shall be permitted to the exterior of the building unless a Certificate of Appropriateness has been applied for and approved by the Cultural Heritage Commission or by the City Planning Commission, upon appeal, authorizing such environmental changes. Nothing in this Section shall be construed to restrict internal modifications to the building not visible externally. (Ord. C-6691 § 2, 1990)

16.52.610 629 Atlantic Avenue.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historical landmark in the City: 629 Atlantic Avenue.

A. Location, description and reasons for designation. Located at 629 Atlantic Avenue in the City of Long Beach, this large, late-Victorian residential structure is a visible reminder of an earlier period in Long Beach's history, when Atlantic Avenue was lined with large single-family residential homes. The homes built in the late nineteenth and early twentieth centuries have been replaced by commercial structures and multifamily building as the street developed into a primary business corridor. This is one of the only structures to survive on Atlantic from the first residential phase of the street's history. Built in 1906, it is one of a number of similar buildings of the period downtown that formed Long Beach's first residential district. Thus, it is linked in architectural style and historical period with other similar residential structures which have survived over time, evoking the character and the geography of the first phase of Long Beach's residential development. This building has been a prominent part of the streetscape of a major Long Beach street since the early twentieth century, and has become even more unique over time as the street has developed with new construction around it. Today, its Victorian architecture is an established and familiar feature of the street and is unique in its linkage to the past.

This is an excellent example of late Victorian architecture, with many of the features of the Queen Anne style. Its tall configuration of three (3) stories, the cross gable roof, the asymmetrical composition, bay windows and decorative shingles are all hallmarks of that style.

B. General guidelines and standards for any changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the Secretary of the Interior (Revised, 1983), as amended, are incorporated by reference, and the following additional guidelines and standards as recommended by the Cultural Heritage Commission are adopted:

Any alterations, modifications or repair of the building shall be consistent with its historic character, and no changes of any kind, including exterior repainting, shall be permitted unless a Certificate of Appropriateness has been applied for and approved by the Cultural Heritage Commission. Nothing in this Section shall be construed to restrict internal modifications to the building not visible externally. (Ord. C-6691 § 3, 1990)

16.52.620 The Second Church of Christ Scientist.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historical landmark in the City: The Second Church of Christ Scientist.

A. Location, description and reasons for designation. Located at 302—7th Street/655 Cedar Avenue in the City of Long Beach, The Second Church of Christ Scientist is a magnificent example of Italian Renaissance church architecture,

with beautifully designed interiors. It is an important work of architecture, and testifies to the strength and pride of the religious institution which commissioned it, it evidences the growth of the Christian Science Church, which constructed this large-scale church in 1924 just eleven (11) years after its first monumental church at 440 Elm. It is an excellent example of Renaissance Revival classicism, based on models from Roman antiquity. The freestanding two-story Corinthian columns of the open portico, framed by paired pilasters, the classical entablature and triangular pediment, and the central dome, are all hallmarks of that style. The lower story exterior facing simulates cut stone blocks. Three (3) sides of the structure are symmetrical, with a central pediment. A photograph and description of this building is used in the important reference book on Southern California architecture, Gebhard and Winter's "Architecture in Los Angeles: A Complete Guide" (1985). It appears on page 478 as an example of Beaux Arts, City Beautiful Classicism. It is one of a group of historic churches downtown built in period revival styles on a monumental scale, evidence of the strength and contribution of religious institutions to the environment of downtown Long Beach. It is evidence of a cultural motif, based upon the vitality of organized religious institutions in Long Beach. Architecturally, most of these churches were designed either in Renaissance Revival or Gothic Revival styles.

Its monumental scale, its simple and powerful architectural elements, and its prominent corner location give it a visual prominence in a lot scale residential neighborhood and make it a landmark of the community.

B. General guidelines and standards for any changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the Secretary of the Interior (Revised, 1983), as amended, are incorporated by reference, and the following additional guidelines and standards as recommended by the Cultural Heritage Commission are adopted:

The building's interior and exterior shall be regulated by the provisions of this ordinance.

Any alterations, modifications or repair of the building's interior or exterior shall be consistent with its historic character. No interior or exterior changes, including repainting, shall be permitted unless a Certificate of Appropriateness has been applied for and approved by the Cultural Heritage Commission. (Ord. C-6691 § 4, 1990)

16.52.630 The First Methodist Episcopal Church/Christian Outreach Appeal Building.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historical landmark in the City: The First Methodist Church/Christian Outreach Appeal Building.

A. Location, description and reasons for designation. Located at 503-15 East Third Street in the City of Long Beach, the First Methodist Episcopal Church/Christian Outreach Appeal Building is one of a group of monumental historic churches constructed downtown to serve the expanding religious needs of the growing City. This was the first Methodist Episcopal Church in Long Beach, built in 1924.

The architectural design of this church is primarily Colonial Revival. The two main facades of the building, which is sited on a prominent corner downtown, are defined by a classical temple front in white, in relief on the brick facade. Between the engaged Doric pilasters are large arched windows, divided into two (2) stories and subdivided into rectangles, arches and circles. The glass is original, and is tinted in subtle pastels. The corner doorway is a Classical Renaissance design with a triangular pediment. Other Colonial Revival elements are the corner quoining, the projecting cornice, the brackets supporting the cornice, the fanlight inside the main pediment. The use of red brick with white decorative accents is also typical of that style.

The architects, Parker O. Wright and Francis H. Gentry, were important and influential architects with their office in Long Beach. They specialized in schools and public buildings, designing

more than twenty-five (25) schools in Southern California. In Long Beach, they were architects for the Horace Mann School, the John C. Fremont, Temple Avenue and the Seaside Schools. They drew the plans for the Burnett Library, for the Fire Stations Nos. 7 and 8, and the Fire Alarm Bureau. They designed the Scottish Rite Masonic Temple and the York Rite Masonic Temple, both designated City landmarks. Mr. Gentry, a structural engineer, was himself a member of the Masonic Club, as well as other civic organizations.

The building's prominent siting on a corner location downtown, its large scale and elegant design, give it visual prominence downtown. It has been an established and familiar visual feature of the downtown community for sixty-five (65) years.

B. General guidelines and standards for any changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the Secretary of the Interior (Revised, 1983), as amended, are incorporated by reference, and the following additional guidelines and standards as recommended by the Cultural Heritage Commission are adopted:

Only the building's exterior shall be regulated by the provisions of this ordinance. Any alterations, modifications or repair of the building's exterior shall be consistent with its historic character. No exterior changes, including repainting, shall be permitted unless a Certificate of Appropriateness has been applied for and approved by the Cultural Heritage Commission. (Ord. C-6762 § 1, 1990)

16.52.640 The Long Beach Airport Terminal.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historical landmark in the City: The Long Beach Airport Terminal.

A. Location, description and reasons for designation. Located at 4100 East Donald Douglas Drive in the City of Long Beach, the Terminal is part of an airport that is significant as the first municipal airport in the Southern California region, preceding LAX by three (3) years. Long Beach was a pioneering center of aviation in Southern California, with the accomplishments of men such as Earl S. Daughtery and Calbraith Henry Rodgers. Rodgers completed the first transcontinental flight from New York to Long Beach in 1911, Daughtery built airplanes, ran a flying school, encouraged the City to found a municipal airport and, in many ways, advanced the field of aviation in its early days. Long Beach Airport was originally called Daughtery Field. Two (2) other Long Beach aviation adventurers, Clyde Schlieper and Wes Carroll, set a world's record in 1939 for the longest sustained flight thirty (30) days in the air. They departed and returned to Marine Stadium in Alamitos Bay.

The Long Beach Airport has been a significant part of the City's economy since its founding in 1924, and an important factor in Long Beach's economic growth. The establishment of Douglas Aircraft Co. in Long Beach in 1940 (today, McDonnell Douglas) was primarily due to the existence of the Long Beach Airport.

The Airport Terminal (1941) is a masterpiece of the early modern style, bridging the transition from the modernistic Streamline Moderne style of the 'thirties to the geometric abstraction of the post-war International Style. It was an avant-garde work of architecture for its time, and is a unique building in the City of Long Beach. The architects, W. Horace Austin and Kennth Wing, Sr., were important Long Beach architects, each with a significant body of work in the City and the region. Austin's designs include the Long Beach City Hall, the Pacific Tower, the Woodrow Wilson and Horace Mann High Schools, the YMCA building, the original Buffum's Department Store (demolished), the Press-Telegram building, the San Pedro Post Office, the Santa Ana City Hall, the Bower Museum in Santa Ana and the Santa Ana Masonic Temple. Kenneth Wing designed the Harriman-Jones Clinic, the Southern California Edison building, the physical education building and cafeteria at California State University, Long Beach, and a number of schools, churches and fine homes. He was associated with Allied Architects in the design of Long Beach City Hall and Library, and

the Terrace Theater and Exhibit Halls. He was also involved with the design of the original main building of the Memorial Medical Center of Long Beach.

The use of ceramic mosaic floor tiles throughout the building was an innovative way to include extensive mural decoration as public art in a building with a lot of glass and other functional constraints. The themes and decorative style of the ceramic murals were unique and innovative. Although the imagery was representational, the stylized forms reflected modern post-war artistic trends. The symbolic elements were selected to enrich the experience of the traveler, and evoke a larger context for air travel with allusions to other forms of transportation and communication in the world.

The Airport Terminal is the quintessential theme building of the airport, and its signature element. It should be preserved as reflecting the identity and distinctiveness of the Long Beach Airport.

B. General guidelines and standards for any changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the Secretary of the Interior (Revised, 1983), as amended, are incorporated by reference, and the following additional guidelines and standards as recommended by the Cultural Heritage Commission are adopted:

Any alterations, modifications or repair of the building's exterior or interior shall be consistent with its historic character. No exterior or interior changes, including repainting, shall be permitted unless a Certificate of Appropriateness has been applied for and approved by the Cultural Heritage Commission. (Ord. C-6730 § 1, 1990)

16.52.650 The Long Beach Museum of Art.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historical landmark in the City: The Long Beach Museum of Art.

A. Location, description and reasons for designation. Located at 2300 East Ocean Boulevard, the Long Beach Museum of Art was built in 1912 as a summer home by Elizabeth Milbank Anderson, a wealthy philanthropist and heir to Jeremiah Milbank, who was a financier, a co-founder of the Borden Company, and a founder of the Chicago, Milwaukee and St. Paul Railroad (in 1863, later extended to the Pacific Coast). According to Fortune magazine, "A number of Milbanks have been considerable figures in the industrial history of the U.S. and the family has also left its mark on the educational and medical institutions of the country." (May 1959) Elizabeth Milbank Anderson (1850-1921) was an energetic, strong-minded woman with a wide range of interests. She was a successful businesswoman, a philanthropist, and an art collector who traveled frequently to Europe. She established Milbank Memorial Fund in 1905, which gave grants to various medical and educational projects; this fund is still in existence. She donated a library to Greenwich, Connecticut, and gave three (3) blocks of choice New York City land to Barnard College, upon which was built Milbank Hall. She built public facilities for the poor, such as a sports arena and public baths, and established a program of free school lunches. Her husband, Abram A. Anderson, was a well-known portrait painter and friend of Teddy Roosevelt.

This large house was built on the bluff to take advantage of one of the City's prime assets - the ocean view. The house is a splendid and imposing example of the Craftsman Bungalow, a style popular in the period 1905 - 1915. It is similar to others of that style built around the same time near the ocean bluff along Ocean Boulevard and First and Second Streets in what is now the Bluff Park Historic District, and thus represents an early stage in the residential development of Long Beach. Later, in 1926, the home became the Club California Casa Real, an important social institution of Long Beach. It was owned from 1929 - 1944 by Thomas A. O'Donnell, a pioneer oil industrialist. During the Second World War, it was used by the Navy as the Chief Petty Officers' Club. In 1950, it was purchased by the City for a Municipal Art Center and was renamed in 1957 as the Long Beach Museum of Art. Thus, its succession of uses has mirrored important stages in the history of the City.

The building is a classic example of the California Craftsman Bungalow, using the natural materials and rugged texture of wood shingles and clinker brick. The prominent gables, projecting rafter beams and horizontally are all typical of the style. The exterior of the main house and carriage house retain their original integrity and have not been altered. This style is echoed by several similar homes nearby in the Bluff Park Historic District.

The Milwaukee Building Company was an influential architectural firm which did other work for the Milbank family and associates. Isaac Milbank, a co-founder of the Borden Milk Company and an oil investor, had a magnificent Craftsman summer home constructed for him in 1911 by the Milwaukee Building Company on a bluff overlooking the ocean in Santa Monica. At the same time, the Milwaukee Building Company constructed a similar home on the same street in Santa Monica for retired hotel proprietor Henry Weaver, who owned several Midwest hotels.

The Milwaukee Building Company later became the Los Angeles firm of Meyer & Holler, an eminent firm which constructed numerous landmark buildings. Their most famous designs were the Chinese and Egyptian Theaters in Hollywood. In Long Beach, they designed the Ocean Center Building, Walkers Department Store and the Fox West Coast Theater (demolished).

B. General guidelines and standards for any changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the Secretary of the Interior (Revised 1983), as amended, are incorporated by reference, and the following additional guidelines and standards as recommended by the Cultural Heritage Commission are adopted:

Any exterior alterations, modifications or repair of the above structure shall be done so in keeping with its historic character, and any exterior alterations, modifications or changes shall follow the Secretary of the Interior's Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings.

No environmental changes shall be permitted to the exterior of the building unless a certificate of Appropriateness has been applied for and approved by the Cultural Heritage Commission or by the City Planning Commission, upon appeal, authorizing such environmental changes. Nothing in this Section shall be construed to restrict internal modifications to the building not visible externally. (Ord. C-6730 § 2, 1990)

16.52.660 The Harnett House.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historical landmark in the City: The Harnett House.

A. Location, description and reasons for designation. Located at 730 Sunrise Boulevard in the City of Long Beach, the Harnett House was built in 1918 by one of Long Beach's pioneer families, who emigrated here from England in 1889 and first settled on a nearby farm. Many members of this family contributed significantly to the educational, civic and cultural development of Long Beach, most notably: Jane Elizabeth Harnett, head of the History Department of Long Beach High School and Polytechnic High School, author of the first history of the City of Long Beach and participant in the City Charter revision; Tom Harnett, one of the founders of St. Luke's Episcopal Church; Edward H. Harnett, Director of Public Service and City Engineer for the City of Long Beach; Dr. Frank Harnett, Director of Municipal Recreation for the City of Long Beach 1933 - 1962 and founding Chairman of the Cultural Heritage Committee for the City.

Harnett House has been in the continuous ownership of one (1) family, a family which was one of the pioneer settlers in the City, arriving here from England in 1889. It is a large and excellent example of the Craftsman bungalow style, which was prevalent throughout the period c. 1900 -1920. The use of brick for the chimney, pillars and foundation walls, exterior walls clad in wood clapboard and shingles, prominent gable, three-part windows with multipane lights at the top, flat board window and door frames, and deep porch are all typical features of this style. This variation

uses Tudor half-timber patterns inside the gables, an element sometimes found within the Craftsman style.

Architect Kenneth S. Wing remodeled the house in 1944, expanding the rear portion of the house and kitchen. It is one of the largest and most impressive of a grouping of Craftsman bungalows existing in its neighborhood, which forms a potential bungalow historic district. The curving streets of Lime Avenue, Olive Avenue, Vernon Avenue and Sunrise Boulevard bounded by Atlantic on the west, Willow on the north, the PE Right-of-Way on the south and the City of Signal Hill on the east contain a number of Craftsman bungalows, both large and small, as well as other early architectural types, that may become a designated historic district. This is one of the most visually prominent Craftsman bungalow homes in the neighborhood.

B. General guidelines and standards for any changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the Secretary of the Interior (Revised, 1983), as amended, are incorporated by reference, and they, along with the following additional guidelines and standards as recommended by the Cultural Heritage Commission shall apply to the landmark:

Any alterations, modifications or repair of the building's exterior shall be consistent with its historic character. No exterior changes, including repainting, shall be permitted unless a Certificate of Appropriateness has been applied for and approved by the Cultural Heritage Commission. (Ord. C-6732 § 1, 1990)

16.52.670 240 Long Beach Boulevard.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historical landmark in the City: A commercial structure at 240 Long Beach Boulevard.

A. Location, description and reasons for designation. Located at 240 Long Beach Boulevard in the City of Long Beach, this commercial building was built in 1924 and has been in continuous commercial use in downtown Long Beach for over fifty (50) years. Its Streamline Moderne facade, added in the 1930s, is an intact and typical period piece. Framed by curving piers with vertical accents, the facade exhibits the typical three (3) horizontal lines and chevron moldings. The south pier rises in three (3) curved steps to form a characteristic tower reminiscent of the contemporary "skyscrapers". The separation of the transom from the display windows below is typical of the original 1924 building. The facade, a classic Streamline Moderne design, is the result of post-earthquake repairs, representing the rebuilding of downtown Long Beach in the "modernistic" style of the 1930s.

As home to Acres of Books, it is an established and familiar feature on Long Beach Boulevard that has a regional attraction. Acres of Books is a unique and highly valued bookstore which has been in continuous operation as a family-run business for over fifty (50) years. It is a mecca for bibliophiles, and is widely recognized as a unique cultural resource all over the region.

Bertrand Smith, who established Acres of Books in Long Beach in 1936, was a nationally recognized antiquarian book dealer. In 1959 he made a very generous and important gift to the City of Long Beach, donating more than two hundred and fifty (250) rare and old editions to the Long Beach Public Library. These volumes are now kept in the Miller Room. As a philanthropist and benefactor to the City and its people, Mr. Smith was a person significant in the past.

B. General guidelines and standards for any changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the Secretary of the Interior (Revised, 1983), as amended, are incorporated by reference, and they, along with the following additional guidelines and standards as recommended by the Cultural Heritage Commission shall apply to the landmark:

Any alterations, modifications or repair of the above structure shall be done so in keeping with its historic character, and any alteration, modifica-

tions or changes shall follow the Secretary of Interior's Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings.

No environmental changes shall be permitted to the exterior of the building unless a Certificate of Appropriateness has been applied for and approved by the Cultural Heritage Commission or by the City Planning Commission, upon appeal, authorizing such environmental changes. (Ord. C-6763 § 1, 1990)

16.52.680 320 East Bixby Road.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historical landmark in the City: A mixed use residential/commercial structure at 320 East Bixby Road.

A. Location, description and reasons for designation. Located at 320 East Bixby Road in the City of Long Beach, this mixed use residential/commercial building was designed by Edward A. Killingsworth, FAIA in 1960. It is set on a small site of forty-five feet (45') by one hundred thirty feet (130'). The building is a glass cube with structural steel supports, framed by seventeen foot (17') high perimeter walls adjacent to a reflecting pool and landscaping. The perimeter walls, placed perpendicular to the street, create a dramatic vista which leads the eye inward, reinforced by a processional of rhythmically spaced crossbeams and a series of stepping stones placed in the reflecting pool. These walls are constructed of wood lath and plaster, surfaced with a pebbly texture and softened with Boston Ivy. The entry courtyard is articulated at the midpoint by a simple vertical slab which is open at both sides and which separates a front and rear courtyard. The second courtyard space contains a staircase with floating treads leading to a mezzanine level, with a landscaped garden beneath. At the top, a lath sunscreen frames the courtyard entry space, creating a rich pattern of light and shadow and reinforcing the dramatic entry vista.

The glass walls extend from floor to ceiling, creating an interior space seventeen feet (17') high, with the transparent walls allowing a spatial flow between the interior and exterior. The structural steel frame and its bolts are expressed as part of the design. The landscaping, also designed by the architect, is integrated with the architecture, creating visual accents and softening the geometric shapes.

With its enclosing perimeter walls, the focus of the building is inward, on the interior courtyard and glass-walled interior spaces.

The crisp, pure geometry of design, the interweaving of interior and exterior spaces, and the use of modern industrial materials such as steel supports and glass walls, are hallmarks of the International Style.

The subtle balance of proportions, delicate and graceful forms, clarity of spatial articulation, tall soaring spaces, integration of landscaping and architecture, and use of stepping stones over a reflecting pool at the entryway, are all characteristic of Mr. Killingsworth's style.

This building won numerous architectural awards, the most prestigious being the First Prize in the 1961 Sao Paulo Biennial in Sao Paulo, Brazil, selected from entries from fifty (50) countries. Submissions to the Biennial were made by the national headquarters of the American Institute of Architects in Washington, D.C., a prescreening process that lent additional weight to the quality of work selected to represent America in this important competition. The Sao Paulo Biennial alternates with the Biennial in Venice, Italy, as one of the most important international exhibitions of the fine arts. Earlier in 1961, this building was selected as one of the eighteen (18) finest buildings in the United States for the year 1961 by the AlA National Honor Awards Program. Additionally, in 1960 it was honored as the most outstanding building in Southern California by the Southern California Chapter of the AlA.

This building is considered by Mr. Killingsworth as one of his most important works. Mr. Killingsworth, an internationally renowned architect, is president of an architecture firm that has been located at 3833 Long Beach Boulevard for more than thirty-five (35) years. During that

time, the firm has won forty-two (42) national, regional and local design awards and its work is known in Paris, London, Rome, Hong Kong, Singapore, India and Australia as well as across the United States.

This building exemplifies Killingsworth designs for the California Case Study House Program, an innovative design program that shaped architecture in the United States and Europe in the postwar years. It is unusual in being a commercial building, whereas the Case Study House program was for residential buildings. The Case Study Houses, commissioned by John Entenza and published in his influential magazine, Arts and Architecture, formed the cutting edge of design in America and abroad in the postwar period. Killingsworth projects for the Class Study House Program were CSH# 23, a triad of houses in La Jolla (1959-1960) and the Frank house, CSH# 25 in Naples (1962).

B. General guidelines and standards for any changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the Secretary of the Interior (Revised, 1983), as amended, are incorporated by reference, and they, along with the following additional guidelines and standards as recommended by the Cultural Heritage Commission shall apply to the landmark:

Any alterations, modifications or repair of the above structure shall be done so in keeping with its historic character, and any alteration, modifications or changes shall follow the Secretary of Interior's Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings.

The following additional standards and guidelines are adopted:

1. The building shall not be changed architecturally on its exterior and all present elevations shall remain as they now exist;

2. The colors of existing exterior materials shall remain the same;

3. Landscaping, including all trees and ivy, shall remain generally as now existing. Minor changes and additions of plant materials shall not require Cultural Heritage review;

4. The existing ceiling heights of approximately seventeen feet (17') in the building's interior shall not be changed;

5. Changes or modifications to existing walls, floors and ceilings in the reception area, corridors and front office shall be compatible in color and texture with the external and internal architecture of the building;

6. All draperies will remain a simple natural color (not white) and shall hang from ceiling to floor. Draperies may hang so that they may be opened, but not in swags or curves;

7. The reflecting pool and stepping stones shall be retained;

8. The second floor interior is not included in this environmental review by the Cultural Heritage Commission.

No environmental changes shall be permitted to the exterior of the building unless a certificate of appropriateness has been applied for and approved by the Cultural Heritage Commission or by the City Planning Commission, upon appeal, authorizing such environmental changes. (Ord. C-6818 § 1, 1990)

16.52.690 The Hancock Motors Building.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historical landmark in the City: The Hancock Motors Building.

A. Location, description and reasons for designation. Located at 500 East Anaheim Boulevard in the City of Long Beach, this prestigious and important automobile dealership was related to the development of Anaheim Boulevard as "auto row," a significant fact in the City's economic profile and indicative of its economic growth. Strategically located on the main thoroughfare between the oil fields of Signal Hill and the refineries and port, the flourishing of important automobile dealerships on Anaheim Boulevard was highlighted with the opening of Hancock Motors, acting as distributor for the Hupmobile. The Hupmobile, itself an interesting chapter in the history of automobile engineering and merchandising, was produced between 1908 - 1940.

The automobile showroom is a lavishly decorated and perfectly intact example of Art Deco architecture. The open interior space is lit by large bays of plate glass windows and original Art Deco geometric chandeliers. On the exterior, broad ornamental bands accent the show windows and doorways and crown the top of the building. These bands contain a wealth of Art Deco ornament, with floral and geometric motifs. The corners are highlighted by stylized ram heads from which abstract ornament flows outward and downward. Although the show windows are slightly altered with wood paneling, and the corner doorway has been replaced, this building is an intact and excellent example of Art Deco architecture. Today it remains as one of the most flamboyant and original Art Deco buildings that has survived, with unusual decorative richness and an unaltered interior.

The architects, Shilling and Shilling, were important local architects well known for their achievements in the Art Deco style. They designed the Lafayette Hotel, a designated City landmark, and the Moderne remodel of City Hall after the 1933 earthquake (now demolished). They also designed the American Legion Hall (1932, demolished), and the Home Market Building at 10th Street and Daisy Avenue, another City landmark. In 1933, Cecil Shilling was president of the Long Beach Architectural Club, a professional association. The consulting architect, W. Horace Austin, was an eminent Long Beach architect with a long and distinguished career.

This was the first Art Deco building in Long Beach, heralding the advent of "modernistic" architecture. Created in 1928, it was an avant-garde building, and one of the first of its kind in the Southern California area. Every ornamental detail and component was designed to be integrated with the Art Deco style, and everything was freshly conceived. The decorative details are inventive and unusual; although drawing upon eclectic sources, they are totally original in their Alt Deco interpretation.

It is related to the development of automobile dealerships on Anaheim Boulevard, and represents a high point in the history of this business activity on a major thoroughfare. It recalls a period of history in which the City's major car dealers were clustered on Anaheim Boulevard. When it opened to great festivities in October 1928, it was hailed by related businesses as a welcome addition to the neighborhood.

B. General guidelines and standards for any changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the Secretary of the Interior (Revised, 1983), as amended, are incorporated by reference, and they, along with the following additional guidelines and standards as recommended by the Cultural Heritage Commission shall apply to the landmark:

All alterations, modifications, repairs and demolition shall require a Certificate of Appropriateness from the Cultural Heritage Commission.

The exterior and interior of the original automobile showroom shall be preserved. Original furnishings and decorations on the interior and exterior of the showroom shall not be altered or removed, unless approved by the Cultural Heritage Commission.

New construction on the site shall adhere to the referenced "Standards for Rehabilitation" of the Secretary of the Interior. (Ord. C-6844 § 1, 1991)

16.52.700 The Cheney-Delaney Residence.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historical landmark in the City: The Cheney-Delaney Residence.

A. Location, Description and Reasons for Designation. Located at 2642 Chestnut Avenue in the City, this high quality example of Streamline Moderne architecture exemplifies many typical features of the style, plus many fine, customized details. It is an asymmetrical single-story house, with two (2) bedrooms and a den. The forms are unified by a projecting horizontal cornice below the roofline. This horizontality is repeated in three (3) lines above the cornice, in the unified horizon-

tal window bands and with horizontal lines on panels between the windows. The exterior has curving corners at the living room and entry canopy. The corners have wrap-around windows and a curving window bay. The entry canopy is supported by a slender metal cylinder. Behind a modern screen door, the original door has a chevron design, and original period hardware. Adjacent is a round porthole window, divided into four (4) parts, made of yellow opaque glass. The kitchen window projects in a shallow bay, articulated underneath with geometric steps. The rear door is sheltered by a curved canopy. The seafoam green exterior color may be original.

The interior contains many unique design features in the Streamline style that demonstrate fine customized craftsmanship. The entry hall is defined with a curved wall and a stepped pyramid arch. The stepped pattern is carried throughout the house, from the moldings to the living room ceiling where built-in lights are located. The kitchen contains curved corners and some period hardware. The den is paneled in blond wood, and unusual wood panels over the windows with the stepped pyramid pattern contain recessed lighting. Except for the flagstone fireplace and wall moldings in the dining room, the interior appears to be totally intact and unaltered.

The house is significant architecturally, as a very fine example of Streamline Moderne architecture, popular in the 'thirties. The style represents a fascination with modernity, and utilizes forms from abstract cubist art: the cube and the cylinder (or cylinder segment). Forms are integrated into a unified whole, with windows flowing around walls and different elements united by continuous horizontal lines. The repetition of horizontal lines and curving shapes indicate an interest in "streamlining" and the imagery of speed.

Streamline Moderne architecture is relatively rare in Long Beach, compared with the prevalence of California Bungalows, Spanish Colonial Revival and other period revival styles.

B. General Guidelines and Standards for any Changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the Secretary of the Interior (Revised, 1983), as amended, are incorporated by reference, and they, along with the following additional guidelines and standards as recommended by the Cultural Heritage Commission shall apply to the landmark:

Any alterations, modifications or repair of the structure shall be done so in keeping with its historic architectural character, and any alteration, modifications or changes shall follow the Secretary of the Interior's Standards and Guidelines. All exterior changes, including exterior materials and color, shall require a Certificate of Appropriateness from the Cultural Heritage Commission. Structural alterations and the removal of any original historic materials or architectural fabric from the interior shall require a Certificate of Appropriateness from the Cultural Heritage Commission. (Ord. C-6921 § 1, 1991)

16.52.710 The James E. Porter Residence.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historical landmark in the City: The James E. Porter Residence.

A. Location, Description and Reasons for Designation. Located at 351 Magnolia Avenue in the City, this large two-story home, prominently sited on a corner lot, is composed of varied shaped masses arranged asymmetrically. A steeply pitched gable crowning an offset cross gable roof dominates one (1) side of the facade, balanced by an open wrap-around porch with ionic column supports. Bay windows appear on the front facade, under the porch and at the north side. The foundation is faced with rounded river rocks. The lower story is sheathed with narrow clapboard siding; the upper story with shingles. The gable interior contains diamond shingles. The triangle pattern also appears on a horizontal band above the string course separating the two (2) stories. Many of the windows contain the original leaded and bevelled glass. Other windows contain contemporary stained glass made by the current owners.

The house has been meticulously restored with rebuilt foundation, new roof, new plumbing and electrical, new exterior paint and interior restoration. The building is totally intact and has maintained its original design (see historic photograph). The only loss is the leaded glass transom over the living room window. The interior, which had been converted into a boarding house, has been converted back to a family home and restored by the current owners. The rear garage and garage addition are new, but have been designed to complement and match the main house. At the south side is a small secondary structure that is original to the house, set back from the driveway.

The building is one of the oldest large-scale historic homes in the City. It was built in 1902, and has remained intact on the exterior from its date of construction.

The original owner and building of the house was James E. Porter, who migrated from Kentucky to Arizona and finally to Long Beach. His story is typical of many early settlers of the City; he first spent his summers here, and then established his home here in 1902.

His career reflects the early history of the West. Mr. Porter worked as a land surveyor in the 1870's and early 1880's, doing survey work in Sonoma County and in Cajon Pass, California. He was part of the first survey party to map Arizona, New Mexico and Utah. Later, he purchased a large ranch at Navaho Springs, Arizona, and became a sheep and cattle rancher. After establishing himself in Long Beach in 1902, he continued to build and develop homes here. The house is significantly architecturally and historically. Architecturally, it is an intact and monumental example of the Victorian Queen Anne style. Relatively few examples of this quality, integrity and grandeur remain in the City today. Historically, it is associated with a man who pioneered the settlement of the West, as a surveyor, rancher and builder.

B. General Guidelines and Standards for Any Changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the Secretary of the Interior (Revised, 1983), as amended, are incorporated by reference, and they, along with the following additional guidelines and standards as recommended by the Cultural Heritage Commission shall apply to the landmark:

The building's exterior shall be regulated by the provisions of the ordinance codified in this Chapter. There shall be no restrictions on the building's interior. Any alterations, modifications or repair of the building's exterior shall be consistent with its historic character. No exterior changes, including repainting, shall be permitted unless a certificate of appropriateness has been applied for and approved by the Cultural Heritage Commission. (Ord. C-6921 § 2, 1991)

16.52.720 The Meeker Building.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historical landmark in the City: The Meeker Building.

A. Location, Description and Reasons for Designation. Located at 650 Pine Avenue/112 East 7th Street in the City, the Meeker Building was constructed in 1924 at the eastern end of the main commercial street of Long Beach. The two-story structure occupies a prominent corner of the business district, contributing to its character and continuity. The building was designed in the Renaissance Revival style and still exhibits elements of that style, primarily on the second story. Elements of the original style still extant include decorative brick and tile work, arched openings, medallions, and a frieze with medallions. Some alterations on the corner have damaged the integrity of the building, but the structure remains a representative example of commercial architecture in downtown Long Beach from the 1920's period of development.

The building entrance at 112 E. 7th Street retains its monumental architectural character in its original condition. It is a two-story Renaissance-styled doorway, flanked by paired columns. The two-story lobby contains an open staircase and

original cage elevator. The lobby walls are decorated with cast plaster ornamental floral designs in a frieze.

The second story retains all its original interiors: mahogany woodwork, original glass and mahogany doors with transoms, original double-hung wood frame windows, high ceiling heights. The retention of all the original 1924 building fabric in the interiors is remarkable, and a special asset of the building.

The aluminum storefront sign which obscures the facade is removable; original building material exists underneath.

B. General Guidelines and Standards for Any Changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the Secretary of the Interior (Revised, 1983), as amended, are incorporated by reference, and they, along with the following additional guidelines and standards as recommended by the Cultural Heritage Commission shall apply to the landmark:

Original historic fabric shall be retained as much possible. Any alterations, repairs or modifications of the subject structure shall be done so in keeping with its historic character. No environmental change shall be allowed unless a certificate of appropriateness has been applied for and approved by the Cultural Heritage Commission upon appeal, authorizing such environmental change. (Ord. C-6921 § 3, 1991)

16.52.730 278 Alamitos Avenue (skating rink).

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historical landmark in the City: 278 Alamitos Avenue (skating rink).

A. Location, Description and Reasons for Designation. Located at 278 Alamitos Avenue in the City of Long Beach, the original use of this building as a roller rink was important to the recreational history of Long Beach, and served as a social center for several decades. It was a place of public assembly and recreation and is remembered fondly by many residents of the City. Its closure as a skating rink reflects changes in the recreational lifestyles of Americans, and changes in the economic profitability of that activity. Its use for modeling the Long Beach Marina was significant for the development of the Long Beach waterfront in the late 1970's.

It is an intact example of Art Deco architecture in its ZigZag phase, with stepped pilasters, chevrons, and geometric ornament. It is relatively unusual to find this style translated into masonry material. The original marquee with chevrons is still in place. The design quality of the facade makes it an excellent example of that style.

The roof is a fascinating example of historic engineering used for spanning large spaces. Called "lamella" in the construction drawings, it is a wooden arched roof uninterrupted by interior supports, pierced by skylights. The arches consist of a web of diamond-shaped wood supports surmounted by wood boards, anchored by slender horizontal metal tie-rods. This roof structure is unique in Long Beach, and the design of the open span roof represents a significant engineering innovation and was a precursor of the geodesic dome.

Its location at the crossing of two (2) major streets, Alamitos Avenue and Third Street, and the lively, vibrant design of its Art Deco facade, make it a prominent visual feature of its neighborhood. It has been a feature of the Long Beach Cityscape for more than sixty (60) years.

B. General Guidelines and Standards for Any Changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the Secretary of the Interior (Revised, 1983), as amended, are incorporated by reference, and they, along with the following additional guidelines and standards as recommended by the Cultural Heritage Commission shall apply to the landmark:

Any alterations, modifications or repair of the structure shall be done so in keeping with its historic architectural character, and any alteration, modifications or changes shall follow the Secretary of the Interior's standards and guidelines. All exterior changes, including exterior materials and

color, shall require a certificate of appropriateness from the Cultural Heritage Commission. Structural alterations and the removal of any original historic materials or architectural fabric from the interior shall require a certificate of appropriateness from the Cultural Heritage Commission. (Ord. C-6928 § 1, 1991)

16.52.740 The Recreation Park bandshell.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historical landmark in the City: The Recreation Park bandshell.

A. Location, Description and Reasons for Designation. Located in Recreation Park at 4901 East Seventh Street in the City of Long Beach, the bandshell was the location of numerous public events, reflecting many elements of the cultural, social and political history of Long Beach. It was a location of the all-state picnics, including many of the famous Iowa picnics. School performance and drama festivals took place there. Graduation exercises for Long Beach City College were held there. After the 1933 earthquake, it was used as temporary classroom space. One of Long Beach's parent cooperative nursery schools used this facility from 1952. It was also the site of political gatherings, such as an appearance by Richard Nixon during his early political career. The bandshell was also the site of the Municipal Band's regular concerts. Long Beach's Municipal Band was thought to be the only City that supported year-round band concerts from 1912 through 1940, and was a source of civic pride.

The Spanish Baroque Revival style used here appears rarely in Long Beach. This is the only public building in that style, which was popular in the early 1920's. This style was launched by the eminent architect Bertram Goodhue in buildings designed for the Panama-California Exposition of 1915 in San Diego, and became popular throughout Southern California. The rich plasterwork, the elaborate curvilinear design of the central arch, the broad border of colorful Malibu tile, the stucco walls and red tile roof are all features of this style.

The bandshell has been identified as an important historic resource by a professional architectural historian hired by the City as a consultant, who determined that the building might be potentially eligible for the National Register of Historic Places. The richly ornamented historic architectural style plus the multifaceted community historic significance of the building more than amply constitute qualifications for designation as a City landmark.

B. The Secretary of the Interior's "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" are incorporated by reference, and shall serve as standards and guidelines for future exterior changes to the building. All exterior changes, whether or not they require a building permit, shall require a certificate of appropriateness from the Cultural Heritage Commission. Any alterations, modifications or repair of the structure shall be consistent with the character-defining architectural features, and shall not adversely affect the historical materials, design or detailing. (Ord. C-6947 § 1, 1991)

16.52.750 The Coffee Pot Cafe.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historical landmark in the City: The Coffee Pot Cafe.

A. Location, Description and Reasons for Designation. Located at 955 East Fourth Street in the City of Long Beach, this small building exemplifies a type of architecture known as "programmatic," in which the building form is based on a common object and serves as a large-scale sign advertising the business contained within. Such novelty buildings were popular in the 'thirties, a kind of roadside vernacular architecture arising concurrently with the growing popularity of the automobile; the fantasy design was meant to be eye-catching at high speed. Other examples of this architecture are the Brown Derby Restaurant (Wilshire Boulevard, Los Angeles); I Scream ice-cream parlor in an ice-cream cone-shaped building. Such buildings flourished, particularly in

Southern California, in association with our automobile culture. Today, most of these buildings have been destroyed for new development.

The coffee pot-shaped restaurant, with octagonal sides echoing the gigantic rooftop coffee pot, is a survivor of this period and reflects cultural attitudes of that time. Another Long Beach example, now gone, was Tee Pee's Barbecue, a Belmont Shore restaurant shaped like an Indian teepee.

The unusual design of the building to resemble a coffee pot reflects a distinctive architectural style popular at a singular period of history. Programmatic architecture flourished in the 'thirties as a novelty building to attract the attention of passing motorists. These buildings were small scale commercial buildings, each one of which was distinct and individual. Later they evolved into "theme" buildings, such as the Van De Kamp windmill, in which one design became a standardized product used in many different locations.

This singular building has long been recognized by many citizens as unique to the built environment of Long Beach. It is featured in the renowned architectural guidebook, "Architecture in Los Angeles: A Complete Guide," by David Gebhard and Robert Winter, with a picture and description as a Long Beach landmark.

B. The Secretary of the Interior's "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" are incorporated by reference, and shall serve as standards and guidelines for future exterior changes to the building. All exterior changes, whether or not they require a building permit, shall require a certificate of appropriateness from the Cultural Heritage Commission. Any alterations, modifications or repair of the structure shall be consistent with the character-defining architectural features, and shall not adversely affect the historical materials, design or detailing. (Ord. C-6947 § 2, 1991)

16.52.760 The Chancellor Apartments.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historical landmark in the City: The Chancellor Apartments.

A. Location, Description and Reasons for Designation. Located at 1037 East First Street in the City of Long Beach, this is an excellent and impressive example of Georgian Revival architecture, a style used more commonly on single-family houses than for apartments. This style contains classical revival detailing, such as the semicircular portico with columns and entablature, dentils, dormer pedimented roofs, and entry door. The curved fanlight and Queen Anne windows in the dormers are also typical of this style. Nationally, the Colonial Revival style, of which the Georgian tradition is part, was the dominant fashion for homes in the first half of the 20th century. In Southern California it appears less commonly, superseded by locally popular styles such as the Craftsman and the Spanish Colonial Revival. The Chancellor Apartments mix in some local traditions, using a terra cotta tile roof from the Spanish Colonial Revival style.

B. The Secretary of the Interior's "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" are incorporated by reference, and shall serve as standards and guidelines for future exterior changes to the building. All exterior changes, whether or not they require a building permit, shall require a certificate of appropriateness from the Cultural Heritage Commission. Any alterations, modifications or repair of the structure shall be consistent with the character-defining architectural features, and shall not adversely affect the historical materials, design or detailing. (Ord. C-6947 § 3, 1991)

16.52.770 The Kress Building.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historical landmark in the City: The Kress Building.

A. Location, Description and Reasons for Designation. Located at 449 Pine Avenue in the City of Long Beach, the Kress Building was num-

ber 152 in the total of nationwide chain stores founded by Samuel H. Kress (1863-1955). Constructed in 1923 on Long Beach's premier retail street, Pine Avenue, the store prospered. In 1928—29, a three-story addition was built on the south to double the store space and increase lunch counter services. Its opening was announced in the Press-Telegram on November 24, 1929. Kress' competitors, Woolworth and J.J. Newberry, also came to Pine Avenue, Woolworth in 1916 and J.J. Newberry in 1950. Unlike its competitors, the Kress store included a "high-rise" (seven story) office tower, whose profile was prominent on low-rise Pine Avenue.

The founder of the Kress variety stores was renowned not only for his business success, but also for his art collection, which now is housed in the National Gallery of Art in Washington, D.C. After his death in 1955, the chain was purchased by Genesco in 1963, which company closed one-third (1/3) of the Kress stores in 1974. The Kress chain was liquidated in 1981.

The Kress Building, in its rise and fall, exemplifies the history of Pine Avenue as downtown's premier retail shopping street. Although American Avenue (now Long Beach Boulevard) was intended to be the City's "Main Street," in fact Pine Avenue became the location of choice for the City's premier businesses and stores. The City's first hotel, the Bay View, was built on Pine between 1st and 2nd Streets in the 1880's. The first residence in the City (1882) was located at 317 Pine. W.W. Lowe opened a small store at Ocean and Pine which became the City's first official post office in 1885. The City's first school was built at Pine and 6th. The Pine Avenue Pier opened in 1893 and heightened the increasing prominence of that street.

The City's banks chose a Pine Avenue location also, beginning with the Bank of Long Beach on the northwest corner of Ocean and Pine; it was later taken over by Security First National Bank. Later also came the Farmers and Merchants Bank (which included an office tower like the Kress Building) at 4th and Pine, constructed in 1923 just before the Kress Building; the Long Beach National Bank at 7th and Pine (1924) and Security Pacific National Bank at 1st and Pine (1925). The City's major department stores were also on Pine starting with the Mercantile Company in 1904, which later became Buffums in 1912. Its three-story building at Pine and Broadway was enlarged to six (6) stories in 1926. Other retail stores on Pine were Famous Department Store (1929), Marti's (1929) which became Walker's (1933), Wise, and Penneys.

The decline in the Kress Company fortunes coincided with the decline in downtown retail activity on Pine Avenue. The rise of suburban shopping centers, the dwindling of the aerospace industry, the removal of the U.S. Navy, were all factors in the fall of retail sales on Pine Avenue. The formation of the Downtown Redevelopment Project by the Long Beach Redevelopment Agency has aimed to support the economic revitalization of downtown and the rebirth of Pine Avenue as a pedestrian-oriented retail corridor.

Tenants in the office building represented a cross-section of commercial activity on Pine Avenue during its heyday: physicians, dentists, attorneys, insurance companies, accountants, and other professional services. The most prominent among them was probably the photographer Lawrence Inman (1890-l979), whose sign appeared prominently displayed on the penthouse wall where he had his office. He photographed local celebrations, events and many local scenes. His photographs of the 1933 earthquake are today important documents of that trauma. He sold many of his prints to local newspapers and other publications, counting both national companies such as Ford Motor Company and International Harvester and local oil companies on Signal Hill among his clients. He served as President of the Photographers Association of America, where he founded that group's Commercial Division. Many of his negatives are now in the collection of the Historical Society of Long Beach.

The architect, Thomas Franklin Power, was a prominent and prolific Los Angeles architect who designed office buildings, many Roman Catholic churches, schools, houses and apartments. He was

born in Boston in 1874; the year of his death is not known. His most important commission was the planning, design and construction of the Playa del Rey campus of Loyola Marymount University, which began in 1927. Aside from the Kress Building, the only other work in Long Beach of his design is St. Bartholomew's Catholic Church at 5143 Livingston Drive, constructed in 1938.

The building has been severely stripped following a failed attempt at reuse and restoration, so that much of its architectural character has been lost. However, some original fragments and "clues" plus the original architectural plans remain, so that its architectural character can be identified.

The architectural style was Renaissance Revival. The lower two stones constituted the store portion of the building, separated from the upper five (5) office stories by a frieze. The frieze originally contained swag relief ornamentation, of which some fragments and "ghosts" survive. The 5th street store elevation was broken into bays, with two-story pilasters on high bases and ornate capitals. The ground floor contained plate glass show windows. The mezzanine level contained unusually narrow windows; the second floor windows were rectangular. The exterior was cement stucco scored to resemble terra-cotta. The cornice frieze contained ornate plaster decoration, some of which still remains today. The building was crowned with a decorative cornice.

B. The Secretary of the Interior's "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" herewith are incorporated by reference, and adopted for this structure.

The restoration and reconstruction of the building shall adhere to the original materials and design. Any deviations from the original materials and design must be compatible with and replicate the original historic building fabric in appearance, texture, color and visual quality. Substitute materials may be permitted if they reproduce the design, color, texture and visual appearance of the original. All exterior construction shall require a certificate of appropriateness from the Cultural Heritage Commission. (Ord. C-7074 § 1, 1993)

16.52.780 The Gaytonia Apartment Building.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historical landmark in the City: The Gaytonia Apartment Building.

A. Location, Description and Reasons for Designation. Located at 212 Quincy Avenue in the City of Long Beach, the "Gaytonia" is a twenty-seven (27) unit, "U" shape plan apartment building prominently sited at the corner of Quincy and Shaw Streets in Belmont Heights, designed in Norman Revival/English Tudor style.

The "Gaytonia" consists of three (3) stories of apartments along Quincy Street, with the sloping grade to the rear providing space for a thirty-six (36) car semi-subterranean garage. Two (2) large roof patios, accessible from inside, are visible from the rear.

The stucco exterior contains pseudo-stone quoins, and pseudo-halftimber at the third story. The overhanging upper story is set on corbels, with a varied or broken eave line above the pointed windows. A steeply pitched hip roof, of simulated slate composition, tops the building. The symmetrical design is broken by an asymmetrical corner turret with a conical roof, and the rooftop tower upon which there is a large metal scaffold supporting a neon sign, "Gaytonia," in Gothic script. The sign, original to the building, no longer illuminates. Multi-paned metal casement windows of various sizes are used. An oriel window, resting on corbels and with a battlement trim on top, occupies the central recessed bay above the main entrance, while two (2) smaller turrets with metal conical roofs crown the doorway. The door of the main entrance contains a stained glass window, and the entranceway is also flanked on either side by stained glass windows.

Quoins, corbels, battlements, coats of arms and chimney pots add charming decorative elements to the structure. Metal finials on the tower and roof, and a weather vane crowning the main turret have been removed. Otherwise, the "Gaytonia" remains intact, with only minor cosmetic alterations. A fire ladder was added later, in 1957.

The lobby of the "Gaytonia," characterized by wood panelled floors, contains an inglenook and fireplace with Batchelder tile infill. Three (3) pointed arches lead to the hallway, the transition marked by three (3) cross vaults. The hallway is punctuated with arches resting on corbels. Decorative elements include corbels at the lobby ceiling level, and ornate plaster work under crown moldings throughout the hallway. Light sconces shaped like heraldic shields (in the form of a coat of arms or crest) in the lobby, and paintings of a knight in armor and two (2) crests along the hallway wall, add a medieval decorative touch to the interior. Each apartment door is designed with a pointed arch relief and ornate metal door knockers in the coat-of-arms motif. The original wood panelled elevator is still used.

The "Gaytonia" was built in 1930 by owner-contractor, George T. Gayton, who retained ownership until 1956. Gayton was a contractor of buildings along the west coast for several years during the early part of this century. He also built the seven hundred and fifty (750) seat Belmont Theatre in Belmont Shore in 1929, the first in Long Beach to be built for talking pictures.

Reginald Freemont Inwood was the architect for both the "Gaytonia" and the Belmont Theatre. Inwood had an office in Long Beach, although he designed structures throughout the Los Angeles area. His other projects included a Methodist Church in El Segundo (1927), another Methodist Church in Lynwood (1928), and a Baptist Church in Colton (1930).

The "Gaytonia" was constructed at a cost of one hundred thousand dollars ($100,000.00), a significant amount at the time. The "Gaytonia" was originally an upscale residential building which catered to Naval officers stationed in Long Beach. Although the "Gaytonia" was always an apartment building, it was originally managed like a hotel. Maid and valet service was provided, and each apartment building was furnished, including the provision of linens and dishes.

The large scale, including the height and bulk, of the "Gaytonia" and the prominent position it occupies, set on a hill, make the "Gaytonia" a dominant element in the Belmont Heights neighborhood. The conspicuous "Gaytonia" sign is visible from several vantage points in the Belmont Shore area, identifying the building to passersby.

Because the building has been well-preserved and maintained, it is an excellent example of the Norman Revival style. The structure is unique to the Long Beach area in its style, character and picturesque architectural details. Other Long Beach buildings, such as the Pacific Coast Club (1926) in the Norman style, and the Villa Riviera (1929) in the Chateauesque style, while similar to the "Gaytonia" in some respects, (such as the use of hip roofs, turrets, conical caps and corbels), differ from the building in their larger scale and in their more formal architectural treatments and character. The "Gaytonia" is characterized by a more "rustic" appearance, with its pseudo-halftimber style and pointed arches. The "Gaytonia" also exhibits richer detailing than other Chateauesque buildings of similar scale.

B. The Secretary of the Interior's "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" are incorporated by reference, and shall serve as standards and guidelines for future exterior changes to the building. All exterior changes, whether or not they require a building permit, shall require a certificate of appropriateness from the Cultural Heritage Commission. Any alterations, modifications or repair of the structure shall be consistent with the character-defining architectural features, and shall not adversely affect the historical materials, design or detailing. (Ord. C-6988 § 1, 1992)

16.52.790 The Masonic Hall Commercial Building.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historical landmark in the City: The Masonic Hall Commercial Building.

A. Location, Description and Reasons for Designation. Located at 5351-55 Long Beach Boulevard in the City of Long Beach, the former Masonic Hall Commercial Building is one of the

oldest and most prominent commercial buildings in North Long Beach, distinguished by its architecture and by its use. Constructed in 1928 by architectural designer, F.D. Davis, it is a fine example of Renaissance Revival vernacular design. The exterior is clad in gold-hued brick with terra-cotta Renaissance-styled terra-cotta detailing around the windows, cornice, parapet and stringcourse between the floors. A round terra-cotta medallion with the Masonic logo accents the corner, and indicates the use of the upper floor for a Masonic Hall. The ground floor accommodates retail tenants. The building is typical of period revival commercial buildings of brick with lighter terra-cotta accents built in the 'twenties; this example stands out in isolation on the north portion of Long Beach Boulevard. Its presence indicates the first emergence of commercial development in that neighborhood. Its use as the meeting site of a fraternal order, the Masons, gives it additional social and cultural significance.

The building's architecture is a typical example of Renaissance Revival design in a small-scale vernacular commercial building. Clad in masonry materials, brick and terra-cotta, the construction detailing is finely done. The ornamental motifs of the parapets and window surrounds derive from the Renaissance style. The triple windows with transoms are typical configurations for commercial construction of that period. The ground floor storefronts have been altered, and signs hide the original transom zone.

Little is known about the original designer, F.D. Davis of Lynwood. However, following the '33 earthquake, the repair and restoration work was done by W. Horace Austin, noted Long Beach architect. The construction drawings specify that the building is to be repaired and restored to its original condition.

It is an established and familiar visual feature of north Long Beach Boulevard, and provides a visual link back in time to the first period that this neighborhood was developed. It is distinguished by its unusual shape, with a corner oriented on the diagonal, which is accented by a Masonic emblem medallion.

B. The Secretary of the Interior's "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" are incorporated by reference, and shall serve as standards and guidelines for future exterior changes to the building. All exterior changes, whether or not they require a building permit, shall require a certificate of appropriateness from the Cultural Heritage Commission. Any alterations, modifications or repair of the structure shall be consistent with the character-defining architectural features, and shall not adversely affect the historical materials, design or detailing. (Ord. C-6988 § 2, 1992)

16.52.800 The Art Theater Building.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historical landmark in the City: The Art Theater Building.

A. Location, Description and Reasons for Designation. Located at 2025 East Fourth Street in the City of Long Beach, this building is the last remaining neighborhood movie theater left in Long Beach. Its design and construction reflect three (3) successive eras of development, beginning with the silent film era. The first theater on this site was built in 1925, and contained a theater organ. The plans show a "period revival" style, with orientalizing touches reminiscent of the Chinese Theater in Hollywood. This theater was flanked by two (2) separate storefronts. The storefront on the east side of the building survives from this period, with its original transom windows. The Streamline Moderne design was the work of Schilling and Schilling in 1933, done after the '33 earthquake. From this period date the Art Deco stylistic elements: the concrete stepped piers, the tiered layers, the central curved mass with horizontal accents and a vertical stepped element supporting the original Art Deco sign, the ticket booth, the black ceramic title, the sidewalk terrazzo. The design is an interesting combination of Zigzag Moderne and Streamline Moderne, with the fluted stepped vertical elements exemplifying Zigzag design, and the horizontal stringcourses wrapped around curv-

ing corners from the Streamline style. A major renovation was done in 1947 by Hugh Gibbs, at which time the marquee was remodeled, the glass block wall inserted, and new poster boxes built. The building retains its integrity from these successive phases of construction.

B. The Secretary of the Interior's "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" are incorporated by reference, and shall serve as standards and guidelines for future exterior changes to the building. All exterior changes, whether or not they require a building permit, shall require a certificate of appropriateness from the Cultural Heritage Commission. Any exterior alterations, modifications or repair of the structure shall be consistent with the character-defining architectural features, and shall not adversely affect the historical materials, design or detailing. (Ord. C-6999 § 1, 1992)

16.52.810 The Ambassador Apartment Building.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historical landmark in the City: The Ambassador Apartment Building.

A. Location, Description and Reasons for Designation. Located at 35 Alboni Place, in the City of Long Beach, the Ambassador Apartment Building is on a short block between Ocean Avenue and First Street. The Ambassador Apartments is an L-shaped masonry building, constructed in 1925 by eminent architect W. Horace Austin. The projecting wing of the "L' is four (4) stories and the rear wing is five (5) stories, and both sections plus the walled courtyard in the void of the "L" are set over a basement. Mediterranean detailing enlivens the rather straightforward design. The facade has been smoothly stuccoed over a pseudo rusticated base. A hipped tile roof crowns the structure. Symmetrically organized, the street facade of the projecting the wing consists of three (3) bays occupied by paneled and bracketed balconies in the center and paired double-hung sash in the sides. The entry is located in the north bay of the recessed wing and is dignified by a rusticated surround and a keystone. An "A" on the keystone and gold lettering in the transom over the double door identify the building. The Ambassador Apartments were constructed in 1925 according to the Sanborn maps. They were characterized by fireproof construction, reinforced concrete floors and reinforced brick curtain walls. A typical example of a medium-sized, Southern California urban apartment building of the 1920s, the Ambassador is situated close to the amenities of downtown and the allure of the shoreline. It was built during a period of tremendous growth in Long Beach, when several apartments and hotels, some offering individual ownership of units, were erected. The majority of these buildings shared a similar downtown location and offered a genteel lifestyle to their residents. Although not architecturally outstanding, the Ambassador is an intact representative of this important trend in Long Beach's development.

B. The Secretary of the Interior's "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" are incorporated by reference, and shall serve as standards and guidelines for future exterior changes to the building. All exterior changes, whether or not they require a building permit, shall require a certificate of appropriateness from the Cultural Heritage Commission. Any alterations, modifications or repair of the structure shall be consistent with the character-defining architectural features, and shall not adversely affect the historical materials, design or detailing. (Ord. C-7052 § 1, 1992)

16.52.830 The Merrill Building.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historical landmark in the City: The Merrill Building.

A. Location, Description and Reasons for Designation. Located at 810-812 Long Beach Boulevard in the City of Long Beach, the Art Deco styling of this commercial building is intact. It is two (2) stories, stucco-clad, and possesses a sym-

metrical facade. A central entry way is defined by piers, which are fluted in alternating wide and narrow widths and rise about three-quarters up the building. Decorative panels in low relief, accented by a chevron surmount the entry, which leads to the upper story. To either side, storefronts are topped by a patterned frieze. Reeded piers marked the ends of the building. The plane containing the second story windows is slightly recessed and punctuated by reeded panels and mullions. Each of the three (3) windows in the side and two (2) in the central bay are topped by patterned panels. This decorative band contrasts with the smooth surface of the frieze area into which the name "Merrill" is incised. The Merrill Block was probably built around 1921, replacing a smaller improvement on the property assessed to Isabel E. Lyman. Merrill Rowe, whose business was real estate, became the assessed owner in 1922. The Rowes lived next door to Mrs. Lyman, a widow, on East 8th Street. By 1922 the City Directory listed the occupants of the Merrill Building as the Sasnak Tire Company (distributors of Lancaster Tires) and the La Belle Apartments.

Following the 1933 earthquake, six thousand dollars ($6,000.00) worth of alterations were made to the building, whose appearance probably dates to that year. Art Deco emerged in the 1920's as a style that looked forward to the future rather than to history for its ornamentation. It was an expression of the eminence of technology and the machine age.

The building received the name "Merrill" following the 1933 alterations, done by the firm of Schilling & Schilling. The upstairs units were then called the Merrill Apartments. The ground floor has been used for various retail activities: in 1935, K.C. Welch butcher's equipment; in 1939, E.A. Glass restaurant. City Directories for 1951-52 show the Keller Paint Company downtstairs and the Long Beach Nurses Institute, a school, upstairs. Later (1959) the units again became apartment.

The building is significant as an example of the Art Deco work of Schilling & Schilling. The richness of the ornament recalls the Hancock Motors Building (500 E. Anaheim). Piers and fluted pilasters are flattened in a "modernistic" mode. The building is intact underneath the current obtrusive plastic signage.

B. The Secretary of the Interior's "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" are incorporated by reference, and shall serve as standards and guidelines for future exterior changes to the building. All exterior changes whether or not they require a building permit, shall require a certificate of appropriateness from the Cultural Heritage Commission. Any exterior alterations, modifications or repair of the structure shall be consistent with the character-defining architectural features, and shall not adversely affect the historical materials, design or detailing. (Ord. C-7075 § 1, 1993)

16.52.840 The Flossie Lewis House.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historical landmark in the City: The Flossie Lewis House.

A. Location, Description and Reasons for Designation. Located at 1112 Locust Avenue in the City of Long Beach, this single-family, two-story Victorian house appears virtually unaltered from its original date of construction in 1905. Its most distinctive visual feature is a large cross-bellcast-gambrel roof, with curved stickwork on the gable return. Inside the gambrel are dog-eared shingles. The porch is recessed at the north end, with a pair of Ionic columns on a pedestal support. The ground floor is clad with narrow clapboard siding and has a three-part bay window. Window and door surrounds are surmounted with a cornice. Five (5) cement stairs lead up to the entry, between low rough-cut stonework. There is a small one-story addition on the side with a shed roof. The house is in good condition. Constructed in 1905, this is the oldest remaining house in its neighborhood, and part of the original residential development of Long Beach. It is architecturally unique among Long Beach Victorians for its complex roof forms. There are not many Victorians left in Long Beach; this is one of the most outstanding examples.

The house represents an era when large-scale Victorian houses were an indicator of prosperity among the middle-class, and was built during a time of rapid growth and expansion for the young City. Today, now that many houses from this era have been lost, it marks an important stage in the development of Long Beach.

Flossie Lewis established the first program in Long Beach for recovering alcoholics in 1948. She was widely respected for her generous social contributions. She was an important community leader, considered "the mother of A.A." in Long Beach. Her name became associated with this structure in 1985.

This structure is an outstanding example of Victorian architecture, and is intact on the exterior. Its cross-bellcast gambrel roof form is unusually complex. The corner porch, bay windows, dog-eared shingles and decorative columns are typical features of the style.

B. The Secretary of the Interior's "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" are incorporated by reference, and shall serve as standards and guidelines for future exterior changes to the building. All exterior changes, whether or not they require a building permit require a certificate of appropriateness from the Cultural Heritage Commission. Any exterior alterations, modifications or repair of the structure shall be consistent with the character-defining architectural features, and shall not adversely affect the historical materials, design or detailing. (Ord. C-7161 § 1, 1993)

16.52.860 The Pressburg Residence.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following buildings as historical landmarks in the City: The Pressburg Residence, 167 South Street (Assessor's Parcel No. 7125030017).

A. Specific Criteria. This house recalls the rural agricultural community that was its environment when it was built around 1905. This area then consisted of farms and was known as the California Cooperative Colony Tract. South Street was named for its southern boundary. Dairy Avenue was named after the old Bixby Dairy, later called the Long Beach Dairy, situated on what became 49 Ellis Street nearby. Subdivision into town lots began in 1922 along Long Beach Boulevard, which was not paved until 1927-28. North Long Beach was a separate City, called Virginia City, named after the Virginia Country Club. It was annexed to Long Beach by popular referendum in January, 1924. This house is located on the western City boundary that existed in the twenties. Records for this particular house are incomplete, for it was unincorporated land when it was constructed. It may have been part of the original Bixby farm and dairy, or it may have been moved onto its lot in 1930. However, this Victorian farmhouse is evocative of the area's rural beginnings.

This house is an excellent example of Victorian architecture, with some idiosyncratic features. The steep gable roof, the large porch, the rich exterior textures of narrow clapboard siding and variegated shingles, are hallmarks of this style. The three-part second story window with a pointed gable, the use of shingles on the porch, and the use of diamondpane windows are all unusual features but are consistent with the rich visual variety of the Victorian era.

It is one of the oldest homes in North Long Beach, and stands out from its neighbors in scale and architectural type. It is the only Victorian in the area. Its appearance as a rural farmhouse of the early 1900s amongst houses of later periods makes it an important historical artifact, recalling the California Cooperative Colony Tract of that early era.

This two and one-half-story late Victorian house stands out for its scale, its noteworthy architectural features, and its integrity. The cross gable roof is steeply pitched, and ends in gable returns. Within the gable are windows and richly ornate shingles: fishscale shingles alternate with diamond-pattern shingles, separated by square-cut shingles aligned in horizontal bands. The attic is indicated on the exterior by a projection cantilevered out from the vertical walls. The first story is separated by a plain frieze, below which the exterior cladding

is narrow clapboards. A covered porch placed to one side is roofed in a low pitched closed gable forming a pediment. The front of the porch contains a wide arch spanning the entry steps; the sides contain two (2) semi-circular arches. The porch exterior contains both narrow clapboards and fishscale shingles, separated by a narrow molding strip at the springing of the arch. The entry door is original, oak with a large oval glass. The windows are unusual features on this structure. The second floor facade contains a modified Palladian window, with the central portion shaped in a gable point rather than an arch. Inside the frame, paired double-hung windows are separated by a fixed pane narrow window with diamond-shaped muntins. The picture window on the first floor contains a wide double-hung window with two (2) fixed pane side lights, also with diamond muntins. Other windows are double-hung wood sash, the frame capped with a lintel. There is a bay window on the east-facing side. The second story windows on this wall contain the only alteration on the building: aluminum sliders. There is a wooden picket fence of indeterminate age. The condition is good.

B. The Secretary of the Interior's "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" are incorporated by reference, and shall serve as standards and guidelines for future exterior changes to the building. All exterior changes, whether or not they require a building permit, shall require a certificate of appropriateness from the Cultural Heritage Commission. Any exterior alterations, modifications or repair of the structure shall be consistent with the character-defining architectural features, and shall not adversely affect the historical materials, design or detailing. (Ord. C-7192 § 1, 1994)

16.52.870 The El Cordova/Rose Towers.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as a historical landmark in the City: The El Cordova/Rose Towers (Assessor's Parcel No. 7275013076-95).

A. Specific Criteria. This fine example of Spanish Colonial Revival courtyard housing consists of twenty (20) units of varied size and design, arranged as two (2) separate wings facing a landscaped central corridor. A concrete meandering path traverses the courtyard, culminating in a tiled fountain set in a wall supporting a raised terrace in the rear. Twin stairs flanking the fountain lead up to this level. Twin iron lanterns are set on two (2) posts.

Although the building elements are symmetrical, particular motifs and details are varied. The design features exterior stairways, exterior balconies of wood and wrought iron, cantilevered second stories with plump embellished corbels, recessed entryways, pointed and parabolic arches, and decorative multi-color tile on stairs and window areas. Wood casement windows are deeply inset. The original tile roof is intact, but the exterior stucco has been redone in a coarse texture. The original hand-troweled surface finish is visible inside several entryways. An elaborate custom-crafted wrought iron signpost at the courtyard entry way contains a climbing rose vine.

The building and landscaped courtyard are in excellent condition. Except for the exterior finish, there have been no alterations. The style of this complex, Spanish Colonial Revival, is typical for its period of construction (1928). However, the richness and variety of design motifs make this an outstanding example of that style. It is also significant as an example of courtyard housing, a housing type popular in the Twenties and Thirties for multi-family housing. Courtyard housing clustered the dwelling units around a landscaped open space area that was open to the street, providing a common and tranquil outdoor space for residents. The exterior walls framing the landscaped courtyard resemble an outdoor stage set for a picturesque village. Designed after models in Southern Spain where orientation around a central patio or courtyard was typical, they were often given romantic Spanish names. The original name of this building was El Cordova. This period also saw a big construction boom in apartment building in Long Beach. The builder and architect for this project contributed substantially to that construction boom.

The Spanish Colonial Revival architecture is richly developed in this example. The arrangement of twenty (20) units around a central landscaped courtyard has generated a great variety of Spanish Revival motifs: arches in round, pointed and Moorish shapes, recessed casement windows, French doors, wood balconies with turned posts, wrought iron balconies, decorative corbelling, multi-colored tile accents, exterior porches and stairs, and carved wooden doors. The walls are stucco and the terra cotta roof tile is stacked in layers, visually supported by extended wood rafters and wrought iron scroll brackets, A courtyard fountain has Spanish/Moorish tile and a statuette set into a niche. The fountain is set back into the rear of the courtyard and is framed by stairs which lead to an elevated patio. The courtyard and architecture are treated as a unified whole. The variety of levels, massing and architectural detailing evokes a romantic Spanish or Mediterranean village.

George Riddle, the architect, and Monarch Construction, the contractor, were responsible for building many apartments in Long Beach in the late Twenties. They built other Spanish Colonial Revival courtyard apartments, and other types of housing. The high quality of their designs and the use of this housing type has significantly influenced the streetscape of Long Beach, particularly in this neighborhood.

The neighborhood in which the El Cordova is located contains other examples of circa 1928 courtyard housing, creating a unified architectural theme. Other similar examples of the collaboration of George Riddle and Monarch Construction may be found at 1906 East First Street (The Barcelona); 2055 East Third Street (Casa Del Patio); 2075 East Third Street (Alvarado); 2074 East Third Street (Casa Nido).

The picturesque charm of the El Cordova/ Rose Towers has enhanced its neighborhood for almost seventy (70) years. The openness of the design, with the courtyard opening directly to the street, and the spaciousness of the courtyard, are visually distinctive features. The unity between architecture and landscaping also distinguish this building.

B. The Secretary of the Interior's "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" are incorporated by reference, and shall serve as standards and guidelines for future exterior changes to the building. All exterior changes, whether or not they require a building permit, shall require a Certificate of Appropriateness from the Cultural Heritage Commission. Any exterior alterations, modifications or repair of the structure shall be consistent with the character-defining architectural features, and shall not adversely affect the historical materials, design or detailing. (Ord. C-7273 § 1, 1994)

16.52.890 The Bank of Belmont Shore.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following buildings as historical landmarks in the City: the Bank of Belmont Shore, 5354 East Second Street (Assessor's Parcel No. 7245002001).

A. Specific Criteria. This building is one of the few early commercial structures on Second Street which has retained its original architectural character, and for which the succession of uses reflects a dynamic economic environment. Its Spanish Colonial Revival style harmonized with the predominant architectural style of the surrounding residential neighborhood. Originally constructed in 1929 as a restaurant for Mr. C.E. Patty, the architect/engineer was Ray A. Sites of Long Beach. Two (2) other restaurants successively occupied this building until a major remodeling by Francis H. Gentry in 1950 was done for the Bank of Belmont Shore. The building as it is today is largely the product of this remodeling. Other bank uses followed: Coast Bank, and the Bank of San Diego, which closed in 1994.

Francis H. Gentry, who designed the 1950 remodel for the Bank of Belmont Shore, made many important contributions to the City of Long Beach as a civil and structural engineer and as a civic leader. He partnered with Parker O. Wright on the design of the Scottish Rite and York Rite Masonic Temples (1926, 1927), both of which are designated historical landmarks. He served on the

City Council as Mayor from 1939 to 1942. He also served on the Long Beach Civil Service Commission and County Sanitation District Boards; as food administrator 1943-45; as chairman of the Mayor's Food Conservation Committee 1947-48; and has been active in the affairs of the Long Beach hotel and restaurant industry. In 1943 he was commissioned as a Major, U.S. Army Reserve. He was a Director of the Convention and Visitors Bureau and president of the Board of Trustees of the Second Presbyterian Church. He was a member of the Chamber of Commerce, Masons, Elks, and Native Sons of the Golden West.

The building is also associated with Richard Loynes, Jr., who was listed as owner in 1938. Loynes was a world-famous speed boat racer and champion. From 1923 to 1933 he entered nearly every speedboat regatta in the Country, becoming national champion three (3) times, world champion twice, and held sixteen (16) world records. In 1939, he skippered the yacht "Contender" from San Francisco to Honolulu to win the Golden Gate International Exposition trophy, and established another "first" by continuous radio broadcasts coast-to-coast from the yacht. He was twice president of the Long Beach Chamber of Commerce and chaired the City's first Marina Committee in 1956, the year of his death at age fifty-five (55). He was a past president of the State Shoreline Planning Association, a member of the Los Angeles County Regional Planning Commission and the Southern California Marine Radio Council.

It is a typical example of Spanish Colonial Revival architecture, although it has been altered by later remodeling. As such, it exemplifies a style at the height of its popularity when it was constructed in 1929. Typical architectural features are the stucco walls, red tile roof, use of arched windows, and corner tower.

Its design relates to the predominant architectural character of the residential neighborhood of Belmont Shore, Spanish Colonial Revival. It is one of the few commercial buildings on Second Street to retain its original architectural style.

It represents an established and familiar visual feature of a neighborhood or community due to its unique location or specific distinguishing characteristics.

Located at the southeast corner of Santa Ana and Second Street, this Spanish Colonial Revival commercial building, with its corner tower and red tile roof, has been a distinguishing landmark of its neighborhood for sixty-five (65) years. The present design of the building has been established for forty-four (44) years, with the rectangular corner tower and its scroll buttresses. Although remodeled for a succession of different businesses over the years, it has maintained a continuous presence amidst much demolition and new construction along Second Street.

The building was constructed in 1929 as Patty's Restaurant. Its Spanish Colonial architecture harmonized with adjacent residential development during the first phase of building Belmont Shore. It was occupied by two (2) other restaurants until 1950, when a major remodeling was done by Francis H. Gentry for the Bank of Belmont Shore. The building today looks largely as it did after Gentry's remodeling, although some additional modifications were made in 1986.

This Spanish Colonial Revival commercial building consists of a single large rectangular hall with a corner tower; there is a covered porte cochere on the east side. Large arched windows face Second Street, with subdivided and radiating muntins. There are smaller square window openings on the side facade; a small balconet with wrought iron railing is on the second story on the side facade. The roof is red terra cotta tile; the walls are stucco. The side facade has been altered with rectangular relief strips framing the windows. The tower has a hipped roof and small arched windows, with curved brackets supporting a boxed cornice. The interior has been totally modernized; no historic fabric remains.

This building is one of the few remaining structures on a busy commercial street to retain its original architectural character. Its style, Spanish Colonial Revival, references the adjacent residential neighborhood of Belmont Shore, developed

primarily in the Twenties. The building has had a succession of uses, and remodeling, reflecting the dynamic commercial environment of Second Street. It was constructed originally as a restaurant for Mr. C. E. Patty. Construction plans are dated 1929, but the City Directory listing doesn't appear until 1933; the Depression affected the opening of the business. By 1935, Patty's Restaurant was gone.

The building has had a fascinating succession of uses, with construction drawings dated 1929 for Mr. C. E. Patty's Restaurant prepared by Ray A. Sites of Long Beach. City Directories, however, first list this restaurant in 1933, but by 1935, the building was vacant. The next restaurant to occupy this space belonged to Louis Gersten, who lived with his wife Anna at 40 La Verne, a few blocks away. This business survived until 1945, when it became Irwin Schuman's restaurant; construction drawings show that an addition and alterations were done at this time. The 1948 Directory lists Jack Laskey's restaurant.

B. The Secretary of the Interior's "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" are incorporated by reference, and shall serve as standards and guidelines for future changes to the building. All changes, whether or not they require a building permit, shall require a Certificate of Appropriateness from the Cultural Heritage Commission. Any alterations, modifications or repair of the structure shall maintain and be consistent with the character-defining architectural features, and shall not adversely affect the historical materials, design or detailing. (Ord. C-7272 § 1, 1994)

16.52.900 Castle Croydon.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, City Council designates the following building as a historical landmark in the City: Castle Croydon, 3000 East Seventh Street (Assessor's Parcel No. 7258030001).

A. Specific Criteria. The structure is a mixed commercial and apartment structure at 3000 East Seventh Street. It is attached to a Craftsman bungalow, which has been modified to blend into the two-story commercial/apartment structure constructed subsequently. This latter structure has unique and novel architectural features depicting picturesque "castle" theme. There are several rounded turrets, crenelations, decorative roundels, a projecting chimney resting on corbels, scalloped archways, rounded archways, pierced decorative openwork and a Moorish horseshoe arch. Medieval Revival and Spanish Colonial Revival motifs are mixed. The exterior is stucco. Windows are metal casement with a separate subdivided transom. The corner entry to the ground floor commercial space is recessed at the corner, accessed through double doors, under a scalloped arch. A small-paned transom window is placed above the door. The ground floor storefronts have wood frames and transoms, and are original. A stucco wall incised to simulate stone connects the commercial structure to the Craftsman bungalow along Orizaba Street, and the bungalow has been stuccoed to blend. A concave stovepipe shape over the entry door to the Craftsman cottage echoes the fantasy theme.

The Castle exemplifies typical patterns of land use and development for Long Beach during the 1920s. The two-story mixed-use structure was built in 1929 on Seventh Street as an addition to an older bungalow (1912) behind it on Orizaba Street. These two (2) phases illustrate the transition from residential to commercial along Long Beach's major corridors. With ground floor retail shops and apartments above, the 1929 building was typical of mixed-use development of that era. The charming thematic architectural design was intended as a marketing tool of its period, attracting the eye of the motorist driving on Seventh Street. The use of medieval revival thematic design is unusual for a commercial structure.

Period revivals were very popular in the 1920s as were exotic revivals and thematic buildings. Medieval Revival, Moorish Revival, Egyptian Revival, even "Hansel and Gretel" houses, flourished. Medieval Revival carried out with many embellishments characterizes this building. A few of the details derive from Spanish Colonial Revival designs, such as the use of red tile on the

service tower, the wrought iron gate and the pierced grillework. The older bungalow at the rear contains typical Craftsman bungalow features, with unique convex hood over the doorway that ties in with the fantasy theme of the larger building. A stucco wall scored to simulate irregular cut stones links the Castle and the bungalow, consistent with the thematic architecture.

Located on the corner of Seventh Street and Orizaba Street, this architectural fantasy is a unique and visually prominent feature of an otherwise bland, commercial corridor. The Medieval Revival motifs and architectural richness of this building make it stand out as a community and City landmark.

This structure is significant also as an example of two (2) phases in development: from residential to commercial. As the City's main transit corridors changed from residential to commercial uses, houses with commercial frontages along the street indicated this transition. The development of the Castle as an appendage to an older pre-existing bungalow exemplifies this transition along Seventh Street, and indicates the rapid pace of urban development in Long Beach in 1929.

B. The Secretary of the Interior's "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" are incorporated by reference, and shall serve as standards and guidelines for future changes to the building. All changes, whether or not they require a building permit, shall require a Certificate of Appropriateness from the Cultural Heritage Commission. Any alterations, modifications or repair of the structure shall maintain and be consistent with the character-defining architectural features, and shall not adversely affect the historical materials, design or detailing. (Ord. C-7278 § 1, 1994)

16.52.910 The Ernest and Lillian McBride Home.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as a historical landmark in the City: Ernest and Lillian McBride Home, 1461 Lemon Avenue (Assessor's Parcel No. 7268-021-034).

A. Specific Criteria. This site has been the home of Ernest and Lillian McBride, civil rights pioneers in Long Beach, since 1948 to the date of this Ordinance. This site was the second home purchased by an African-American person in that neighborhood, a conscious defiance of restrictive covenants in the real estate market. Ernest McBride was a co-founder of the Long Beach Chapter of the National Association for the Advancement of Colored People (NAACP) and served as its Secretary. The McBrides held many Long Beach Chapter NAACP meetings at this home. This site is associated with a long and successful campaign to advance the civil rights movement in Long Beach.

This neighborhood was the focus of the first efforts at residential desegregation in Long Beach. After the McBrides purchased their house, and after restrictive covenants were declared illegal by the Supreme Court, other African-Americans began to follow them in obtaining residences in the area. Today the neighborhood is occupied by a majority of African-American residents. The group of single-story bungalows on the 1400 block of Lemon Avenue, well-kept and small-scale, have retained their fundamental appearance, integrity and character that existed when Mr. and Mrs. McBride moved there in 1948.

The site contains a single-family, one-story remodeled Craftsman bungalow built in 1919 (1461 Lemon Avenue), plus a two-story structure fourplex at the rear (1463 Lemon Avenue). The bungalow remodeling consists of exterior stucco, replacement of porch supports with iron rails, replacement of the picture window on the facade. The scale and character of the structure at 1461 Lemon Avenue is consistent with others on the street. The building is not architecturally significant.

B. The Secretary of the Interior's "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" are incorporated by reference, and shall serve as standards and guidelines for future changes to the building. Demolition or removal of the structure will require a Certificate

of Appropriateness from the Cultural Heritage Commission. Other alterations, modifications or repair of the structure may be performed pursuant to valid permits, but shall not require Certificates of Appropriateness from the Cultural Heritage Commission. (Ord. C-7301 § 1, 1994)

16.52.920 The Dolly Varden Hotel Rooftop Sign.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following object as an historical landmark in the City: The Dolly Varden Hotel Rooftop Sign.

A. Location, Description and Reasons for Designation. Located at 335 Pacific Avenue, the Dolly Varden Hotel Rooftop Sign consists of two (2) panels of neon lettering, each positioned in a diagonal on the front of the roof and joined at the corners in the shape of a "V". The sign reads: "DOLLY VARDEN HOTEL...BATH IN EVERY ROOM". The top panel is shaped in a basic "T"-form with the words "Dolly Varden" forming the top bar of the "T", and "Hotel" the bottom section. The outline is irregular, with a flattened peak at the top. The words "Bath In Every Room" are located on a bar shape slightly below the top panel. The sign panels are elevated by supporting steel struts. The sign letters are in block capitals with a serif. They are made of neon for nighttime illumination.

The Dolly Varden Rooftop Sign is placed atop a rectangular, nondescript apartment hotel constructed in 1929. The building is not architecturally significant, nor does it have an identifiable architectural style. However, the rooftop sign is a vintage historical object, notable for its period design and for the charming and nostalgic message displayed. It is a visual landmark in the downtown. City permits do not exist for the sign, but based on stylistic inference, it appears to be a product of the 'thirties. Building permits for post-earthquake repairs were taken out in August 1933, including work on the roof; one could surmise that the sign was erected at that time.

The sign recalls a time when apartment hotels without amenities were common in the downtown. It is the only historic sign which contains an advertising message in addition to the name of the facility. It is a visually prominent feature both during the daytime and at night because of its neon. Its design and materials embody a typical "thirties" stylistic character.

The sign and the message on the sign on the roof of the Dolly Varden Hotel evoke the nostalgic flavor of Long Beach's past. The unique feature of this rooftop sign is the addition of a commercial message to the name of the hotel; this neon advertisement was placed on two (2) diagonal positions to catch the attention of travelers from both directions. It is an example or roadside vernacular design, similar to Route 66 artifacts and early examples of creative roadside commercial signage. It is also a reminder of Long Beach's prominence as a beach resort town, with profusion of small hotels close to the beachfront.

Dolly Varden's obituary paints a portrait of a colorful and eccentric person, a circus performer who hoarded jewels. She apparently did not live in Long Beach, but apparently had an admirer in Long Beach. The name Dolly Varden also belongs to a character in a Dickens' novel, "Barnaby Rudge". The name of the original owner who built the hotel was L.F. Dolly.

The silhouette and shape of the sign, the typeface of the letters, the use of neon and metal supporting struts, are all typical of 'thirties signs. This is a vintage neon sign, exemplifying the commercial benefits of colorful, illuminated signage. Neon became a very popular sign material in the 'thirties.

The Dolly Varden has been a prominent visual feature of downtown Long Beach for sixty (60) years and is regarded affectionately by many residents and visitors. Its distinctive visual qualities and charming message enhance the ambience of the downtown streetscape.

B. The Secretary of the Interior's "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" are incorporated by reference, and shall serve as standards and guidelines

for future exterior changes to the sign. All exterior changes, whether or not they require a building permit, shall require a Certificate of Appropriateness from the Cultural Heritage Commission. Any exterior alterations, modifications or repair of the sign shall be consistent with the character-defining architectural features, and shall not adversely affect the historical materials, design or detailing. (Ord. C-7345 § 1, 1995)

16.52.930 The Le Grande Apartments.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historical landmark in the City: The Le Grande Apartments.

A. Location, Description and Reasons for Designation. Located at 635 East 9th Street, this is a two-story, twenty (20) unit courtyard apartment designed in the Chateauesque style. This style became popular in Southern California in the 'twenties and appeared occasionally in apartment buildings in Long Beach at that time. The design is asymmetrical, with the entry under a projecting Romanesque portal of triple attached columns and a series of arches decorated with geometric motifs. The upper portion has flattened decorative corbels. The wrought iron gate has a series of arches, echoing the curves of the portal. The courtyard is landscaped, and exterior stairs lead to the upper units. There is a mansard roof, turrets, and partial dormers. Multipaned wood sash windows are used. The exterior stucco is strongly textured in curves, giving a hand-troweled appearance.

This courtyard apartment building was constructed during a period of very rapid growth for the City that had been stimulated by a strong demand for rental housing in a fast-growing economy. The 'twenties were boom years in Long Beach, due in part to the new oil industry, but also to the flourishing beach resort economy, and business and industrial growth. The type of housing represented here served working class people. The architectural charm and picturesque quality must have been an attempt to give this building a competitive edge in an expanding housing market.

This building is an excellent example of the Medieval Revival Chateauesque style, which was popular in this period. In the years following the first World War, exposure to European castles resulted in Chateauesque Revival buildings. Long Beach has other examples built at this time, such as the Lowena Historic District and the Gaytonia. The architectural type represented here is courtyard housing, which was a popular form of housing in Southern California from approximately 1915-1935. Two (2) stories of living units are arrayed in parallel wings around a central landscaped courtyard, screened from the street by a Romanesque Revival portal and decorative entry gate. The use of exterior stairs and varied massing conveys the quality of a miniature townscape to the complex.

B. The Secretary of the Interior's "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" are incorporated by reference, and shall serve as standards and guidelines for future exterior changes to the building. All exterior changes, whether or not they require a building permit, shall require a Certificate of Appropriateness from the Cultural Heritage Commission. Any exterior alterations, modifications or repair of the structure shall be consistent with the character-defining architectural features, and shall not adversely affect the historical materials, design or detailing. (Ord. C-7345 § 2, 1995)

16.52.940 The Silver Bow Apartments.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historical landmark in the City: The Silver Bow Apartments.

A. Location, Description and Reasons for Designation. Located at 330 Cedar Avenue, this three-story red and tan brick apartment building was built in 1915. This building is significant as an intact Renaissance Revival apartment building, of high quality materials and design, from any early period in Long Beach's history (1915). The architect was F.L. Lindsay, whose office was at 171 Locust in Long Beach; the original client was Alex

Husband. Construction drawings for post-earthquake repairs in 1933 show reconstruction and repair according to the original plans, rather than a modernization. The repairs were designed by Harvey Lochridge, a local and prominent structural engineer. The facade has finely detailed masonry construction, with molding and panels defined by contrasting patterns of glazed tan brick. The prominent cornice, with large dentils and paired brackets, is original. The brackets are detailed in Classical Revival style. White accents are provided by the cornice, horizontal molding between the stories, and central balconies. The symmetrical facade has a recessed central doorway with recessed spaces and balconies above. The balconies have decorative iron railings and a fire escape ladder. The entry door has two (2) side lights. The entry stairs and hallway are white marble. The windows are tripartite, the central panel containing a transom and the two (2) narrower side windows double-hung. Seismic reinforcing anchor bolts are visible on the side plain red brick walls, where the windows have segmented arches.

This three-story apartment building today is one of the earliest masonry apartment buildings in the City, constructed in 1915. At the time it was built, it was a major residential structure in its neighborhood, which consisted primarily of smaller scale wood frame dwellings. Today it stands out as one of the oldest surviving brick apartment buildings in Long Beach, most of which were constructed in the Twenties. It is a precursor to the expansion of high rise residential apartment construction in Long Beach in the decade of the Twenties.

The building's Renaissance Revival style had features that later became typical of Long Beach three-story apartment buildings. The facade is symmetrical, with the central entryway placed in a recessed bay. Second and third story balconies overlook the street. The clear demarcation of each story and each bay, the prominent classical cornice crowning the roof, the detailing of the facade brickwork, the white decorative accents against a brick background, are hallmarks of the Renaissance Revival style. The style of the windows reference another contemporary residential style: Craftsman, with tripartite windows and use of a transom in the central pane.

This building relates to the Willmore City Historic District just adjacent to its north, by era of construction and building type. It also relates to adjacent historic buildings at the corner of Third Street and Cedar Avenue: the First Congregational Church (1914) and the Willmore (1924).

The building has a monumental presence on the street due to its scale, materials and design. Its name is displayed in large-scale letters over the entryway. It is a visual landmark, having survived unchanged for eighty (80) years.

B. The Secretary of the Interior's "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" are incorporated by reference, and shall serve as standards and guidelines for future exterior changes to the building. All exterior changes, whether or not they require a building permit, shall require a Certificate of Appropriateness from the Cultural Heritage Commission. Any exterior alterations, modifications or repair of the structure shall be consistent with the character-defining architectural features, and shall not adversely affect the historical materials, design or detailing. (Ord. C-7345 § 3, 1995)

16.52.950 Casa Aitken.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following object as an historical landmark in the City: Casa Aitken.

A. Location, Description and Reasons for Designation. Located at 725 East Eighth Street, this two-story Spanish Colonial Revival fourplex has a U-shape around an interior courtyard located at the side of the building along the alley. An exterior staircase leading up from the patio makes two (2) angled turns to become an exterior stucco balcony with shaped wood supports. There is an ornamental pool with multicolored tile in the courtyard attached to the building. Several of the large windows are made of stained glass. A few of the smaller windows have been replaced with modern

sliders. There is a shaped cornice under the roof tiles for the wing on Eighth Street. The original stucco exterior and roof tiles have been maintained. The condition is good.

This four (4) unit building was constructed in 1932, during the Depression, and prior to the Long Beach earthquake. This was a period in which construction activity was very slow; Long Beach does not have many examples of building construction in 1932. The housing market was still viable, and the quality of the design and materials indicates the continuing demand for well-designed, multi-family, middle-class residences in the City.

The Spanish Colonial Revival architectural style was at its peak of fashion in the early Thirties. This example is richly detailed, with many features exemplifying the full flowering of this style: the exterior balcony with its turned woodwork, accessed by an exterior tiled stair; wood corbelled supports; stucco walls and terra cotta tile roof; some stained glass windows; and particularly the multicolored tile fountain in the courtyard.

The architectural type represented here is courtyard housing, with dwelling units arranged around a central courtyard, often with a fountain as the visual focal point. This housing type was popular in Southern California from approximately 1915-1935, and was associated with the romance of Southern Spain. This example is half of a full courtyard, with a U-shaped configuration surrounding a courtyard containing a Spanish/Moorish colored tile fountain.

B. The Secretary of the Interior's "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" are incorporated by reference, and shall serve as standards and guidelines for future exterior changes to the building. All exterior changes, whether or not they require a building permit, shall require a Certificate of Appropriateness from the Cultural Heritage Commission. Any exterior alterations, modifications or repair of the structure shall be consistent with the character-defining architectural features, and shall not adversely affect the historical materials, design or detailing. (Ord. C-7381 § 1, 1996)

16.52.960 St. John's Missionary Baptist Church.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historical landmark in the City: St. John's Missionary Baptist Church.

A. Location, Description and Reasons for Designation. Located at 741 East Tenth Street, this simplified Gothic Revival church is notable for its magnificent stained glass windows. Two (2) large stained glass windows with a segmental arch occupy the main facades; they are subdivided vertically by wood framing near the sides and a curved transom at the top. The wall surface has two (2) spaced pilasters on each side of the window. The nave and transept are treated similarly on the exterior, as rectangular shapes terminating in a peaked ogee arch. A rectangular corner tower is slightly recessed along Tenth Street where the entry door is placed. The top is shaped as a flattened pointed arch on each side above cutaway corners. The tower contains elongated rectangular windows and a large vent on each side with a segmented arch top. The exterior material is concrete. A blade sign shaped to echo the architectural forms contains the name of the church, and appears to be contemporary or nearly so. The condition is good.

This large-scale church is a significant architectural monument in its neighborhood, and is a notable visual landmark. It is particularly significant for its large and richly designed stained glass windows.

The history of this monumental historical church reveals the strength and cultural importance of religious organizations in the history of Long Beach. The building was constructed by the First Church of the Nazarene, which was founded in Long Beach in 1905. The Church purchased the site in 1919 and constructed the building in 1923, using the building for religious and community purposes until 1956. Earthquake damage to the church in 1933 was repaired and the building restored. Among their most popular activities was a radio broadcast known as 'The Little Church of

the Fireside", launched in 1947. The congregation continued to grow and moved into a larger building which they constructed at 5253 Los Coyotes Diagonal in 1960. The existing building at Tenth and Olive was purchased by St. John Baptist Church, which had been founded in 1949 as a Bible study group. They were formally established as a church in 1952 and moved into the church building in 1958. The Church has a major educational mission. The people associated with the formal establishment of a church in the community and those who served as pastors may all be considered significant to the community. For the Nazarene Church, the founding evangelist was W. C. Wilson, who organized the Church in 1905 and served twice as its pastor. During the pastorate of Rev. J. I. Hill from 1919 to 1924, the subject church building was constructed. Rev. J. E. Williams served as pastor there from 1929 to 1940 and established the radio broadcast program. The twelve (12) founders of St. John Missionary Baptist Church were: John S. Grigsby, Malissa Green, Willa Connor, Palmer Dickson, Sam Wilks, William Atwater, Lola Atwater, Rufus Harris, Robert Hill, Jewel Hill, Jennie Mae Whitfield and R. B. White. The first pastor was Rev. S. Noble; the current pastor is Dr. Ralph J. Mosby, Jr.

The style of this building is Gothic Revival, a style traditionally in favor with church architecture in America because of its long European heritage associated with medieval cathedrals. The early years of the Twenties in Southern California saw the proliferation of "period revival" styles in architecture. Particularly outstanding in this building are the monumental stained glass windows, one appearing on each facade of the corner-sited building.

Typical of church architecture is the monumental scale, the impressive and architecturally elaborate facades, and the use of a tower, in this example a single corner tower.

This building has been part of its residential neighborhood for more than seventy (70) years and is a visual landmark in the neighborhood due to its scale and magnificent stained glass. Its corner siting enhances its visual prominence.

B. The Secretary of the Interior's "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" are incorporated by reference, and shall serve as standards and guidelines for future exterior changes to the building. All exterior changes, whether or not they require a building permit, shall require a Certificate of Appropriateness from the Cultural Heritage Commission. Any exterior alterations, modifications or repair of the structure shall be consistent with the character-defining architectural features, and shall not adversely affect the historical materials, design or detailing. (Ord. C-7381 § 2, 1996)

16.52.970 The James Beer Residence.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historical landmark in the City: The James Beer Residence.

A. Location, Description and Reasons for Designation. Located at 1503 East Ocean Boulevard, The James Beer Residence is a two-and-a-half-story, single-family residence, Mission Revival in style. The exterior is light grey pebbly concrete; the roof is composition. Extended rafter tails support wide eaves. The main mass of the house is intersected by a transverse mass centrally placed in the facade, containing a recessed porch and picture window above. Tall curvilinear gables accented with molding to highlight the outline rise above the pitched roof at each of the gable ends, with a lower one in the rear. Inside the two (2) side gables is a quatrefoil inset with a small square window. The windows are Craftsman in type, with divided light transoms. Each window has a label molding above and a plan lintel below. There are several square bays and subsidiary shed roofs breaking up the massing. The deep recessed porch has a decorative wrought iron gate which extends around the west side of the house on top of a low concrete retaining wall. A similar low concrete wall on the east side is plain. The porch pillars have strap molding in place of capitals, with a central dentil on each side of the molding. A landscaped pergola extends the porch on the west side. The three (3)

steps leading to the porch have curved corners. Inside, wood beams are visible on the ceiling. There is a large garage and second-story unit accessory structure at the rear facing the side street.

This house was constructed in 1912 and is one of the oldest original residences remaining in place on this Section of Ocean Boulevard, west of Bluff Park Historic District. It is one of the few remaining Mission Revival style buildings in the City; two (2) others identified to date are a residence in Carroll Park, and the Southern Pacific Railroad Depot. Many Mission Revival buildings had been built here in the early years of this century, but many were destroyed in the 1933 earthquake or demolished over the years. The first owner, and probable builder, was contractor J. C. Beer, who lists his occupation as building contractor. He lived across Ocean Boulevard at 1400 until 1914 when he moved to this house, at that time the address being 1403 East Ocean. His office was at the Long Beach Pleasure Pier. He lived at this address through the Twenties. The James Beer Residence recalls the early history of Long Beach when homes were first constructed on prime lots along Ocean Boulevard. Its architectural style, Mission Revival, is also a rare historical survivor, recalling a style that was popular in Southern California from 1905 to 1915. Many early photographs of homes, schools, churches and hotels show the popularity of Mission Revival. However, almost all examples of this style in Long Beach are gone today. This building recalls the lost architecture of an earlier period. The Mission Revival's most distinctive feature was the curvilinear gable, derived from Mission churches. The exterior material was stucco or concrete, reflecting adobe prototypes. Other typical features were cubic massing, square piers, and simple unadorned surfaces. When ornament was used, it was Spanish Baroque in character, such as the quatrefoil in the gable. Often, Craftsman features were mixed in, such as the protruding rafter tails supporting the roof and the window type with subdivided transom lights.

The James Beer Residence is part of the evolution of residential development along Ocean Boulevard, the City's premier residential location. It represents the first phase of construction, which consisted of large single-family homes on prime lots with ocean views.

B. The Secretary of the Interior's "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" are incorporated by reference, and shall serve as standards and guidelines for future exterior changes to the buildings. All exterior changes, whether or not they require a building permit, shall require a Certificate of Appropriateness from the Cultural Heritage Commission. Any exterior alterations, modifications or repair of the structures shall be consistent with the character-defining architectural features, and shall not adversely affect the historical materials, design or detailing. (Ord. C-7393 § 1, 1996)

16.52.980 The Garvey House.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historical landmark in the City: The Garvey House.

A. Location, Description and Reasons for Designation. Constructed between 1904 and 1906 and located at 2718 East Seventh Street, the Garvey House is a two and one-half-story Victorian with all of its original features intact. It has a steep cross-gable roof with pendant trefoil ornament on the gable edges. The gable ends are slightly flared, and the roof edges wrap partially around the corners. There is a skirt roof at the midpoint of the gable and fishscale shingles above. The corner porch is recessed and supported by slender Doric columns. The picture window adjacent is tripartite with a fixed center pane and two (2) side casements. The transom has narrow vertical muntins ending in a pointed arch; this same motif is found in the upper panes of many windows on the house. The casements have similar muntin patterns with a diamond shape in the center. The front entry door is paneled with a large oval pane of beveled glass. The small hall window has the pointed arch ornate muntin pattern. On the east side is a shallow bay, containing three (3) windows, again with the ornate upper panes. The facade has a second-story

balcony with brackets and ornate turned rails in a central panel. Rear decks on both floors are enclosed by intricate cut-out patterned rails. The exterior is clad in narrow shiplap siding. All the windows and doors have wide board frames. There is also an original barn and carriage house in the rear, and vintage gaslight fixtures. The interior contains its original floor plan, a stair with ornate baluster, and an ornate, baroque-inspired fireplace. Later additions include a fenced enclosure on the west, picket fences and a picket archway on the east, and a jacuzzi pavilion.

The historic value of this house is that it represents the first phase of residential settlement in the City of Long Beach, in the first decade of this century, when the rate of population growth was six hundred ninety percent (690%), the highest in the Nation. Residential development along Seventh Street was just beginning in the early 1900s. Very few of the first homes built on Seventh Street survive today on this commercial thoroughfare. This home is one of the best preserved early homes on Seventh Street, and one of the finest examples of Victorian architecture in the City. The trefoil pendants and rich window detailing are unusual features in Long Beach Victorians, which generally are simple and austere.

B. Rationale for Historic Landmark Designation. In accordance with the provisions of Section 2.63.050 of this Code, the City Council finds that the following reasons exist relative to the designation of the Garvey House as an historic landmark:

1. The Garvey House possesses a significant character, interest and value attributable to the development, heritage and cultural characteristics of the City, the Southern California region, and the State of California. The house is one of the only remaining Victorian homes surviving on Seventh Street. Its continued presence on the street denotes the first residential construction in the area, most of which has to date disappeared. The location of the house indicates the patterns of residential settlement when Long Beach was a young City, with homes dispersed over a wide area several miles from downtown. This Victorian house is one of the larger-scale early residences in the City.

2. The Garvey House portrays the environment in an era of history characterized by its distinctive architectural style. The house is an excellent and well-preserved example of Victorian architecture, with gothic revival features. Its steeply pitched roof, slender porch columns with ornate capitals, elaborate window mullions, narrow clapboard siding, and decorative shingles under the gable, are all typical Victorian features.

3. The Garvey House embodies those distinguishing characteristics of an architectural type or engineering specimen. The house has typical features of the Victorian dwelling: a steep roof containing an attic, an off-set front porch at one corner, windows with tall proportions, enriched surface textures and details. The use of jigsaw decorative ornament, found on the roof eves and deck railings is also typical of the Victorian fascination with using machines to intricately cut and turn wood. The house is solid redwood construction. In addition, the accessory structures are reminders of the Victorian era. The carriage house and barn still exist in their original condition behind the house. The carriage house has raised tracks on the floor for the wheels of the carriage and the barn has a hayloft for the horse, and the original barn doors.

C. General Guidelines and Standards for Any Changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the United States Secretary of the Interior (Revised, 1991), as amended, as well as the "Procedures for Administering the Certificate of Appropriateness" found in Section 2.63.070 of this Code are incorporated herein by this reference. The guidelines are to be used as standards for the Cultural Heritage Commission in making decisions about Certificates of Appropriateness as required by Chapter 2.63 of this Code. The guidelines are an aid to property owners and others formulating plans for new construction, for rehabilitation or alteration of an existing structure, and for site development. The goal of the Certificate of Appropriateness review is to retain and preserve all original architectural materials and design features; to encourage rehabilitation which

restores original historic fabric rather than remodels; and to ensure architectural compatibility between new and old.

D. Standards and Guidelines.

1. Changes requiring a Certificate of Appropriateness from the Cultural Heritage Commission are as follows:

a. Alterations or additions to roof; change in roof materials.

b. Additions.

c. Alterations to structure including foundation.

d. Alterations to windows.

e. Changes to doors and doorways.

f. Changes to exterior materials or colors.

g. Relocation of exterior walkways or driveways.

h. Alteration or addition to fencing and exterior patio walls.

2. The following guidelines shall be standards to guide property owners, architects, contractors and the Cultural Heritage Commission in reviewing proposed changes:

a. Additions shall be compatible in materials and design, and shall be subordinate in scale, to the existing building.

b. Important architectural features which define the character of the historic style shall not be removed or obscured. These include roofline, exterior cladding, historic wood sash windows on the facade or sides of the house, porch supports, original doors, and other original structural and decorative features. (Ord. C-7448 § 1, 1997)

16.52.990 The Bay Hotel.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historical landmark in the City: The Bay Hotel.

A. Location, Description and Reasons for Designation. Constructed in 1924 and located at 318 Elm Avenue, the Bay Hotel is a rectangular three-story brick building with penthouse, Italian Renaissance in style. It contains retail storefronts at the ground floor and two (2) floors of residential units above. The roof is flat. The facade is divided into three (3) bays; the central bay with five (5) evenly-spaced rectangular window openings and the side bays one (1) window wide. The side bays contain two-story arches, each composed of radiating brick with keystones and terra cotta columns. Within the arches is a semicircle of decorative terra cotta tile at the top, followed by a window, then a three (3) foot by four foot (4') grid of decorative terra cotta tile and another window at the bottom. The decorative tile has a matte finish with muted tones of green, cream and coral. The midpoint above the top windows has an inset circle. The facade brick is golden colored and textured with brick bands marking each story. The sides and rear are common brick with ghosted signage. The four (4) ground-floor storefronts have large plate glass show windows with recessed glass doors. The bulkheads are ceramic tile, overpainted. There is a wide opaque glass transom with panels divided by turned wood posts. Above the transom runs a frieze, ornamented with decorative polychrome terra cotta, repeated in side pilasters framing the outside perimeter of the storefronts. The windows are double hung, multi-paned wood sash. There is a fire escape on the two (2) northern-most windows of the central bay.

The exterior is intact and unaltered except for a chopped-off cornice line, the result of post-1933 earthquake repairs. Original drawings show a tile-covered shed roof between two (2) low-side towers. The original steel casement windows have been recently replaced with double-hung wood sash multi-paned windows as part of a recent rehabilitation and seismic upgrade.

The building was constructed as a "Bachelor Hotel", with thirty (30) small-size units on the second and third floors arranged around a central light court. There were central shared bathroom facilities, and a two (2) room penthouse for the manager at the top. The original drawings dated 1924 were signed by contractor T. S. Shutt, whose office was at 140 Bonito in Long Beach. A building listed as Shutt Building Apartments was located at 401 ½ East Third Street and 308 Elm Avenue. Construction drawings in City Hall mi-

crofiche files also show earthquake repairs, presumably after the 1933 earthquake with the name of Gilbert Stanley Underwood, architect, written in at 101 American Avenue. However, City Directories do not confirm this.

The building is significant as an intact example of mixed-use residential apartment hotel combined with ground floor storefronts, a building type common in the 1920s. Architecturally, it is a very good example of Renaissance Revival design with fine facade brickwork and extra detailing such as the inset arches and decorative polychrome terra cotta. It is unusual to have the original storefronts and transoms perfectly preserved.

B. Rationale for Historic Landmark Designation. In accordance with the provisions of Section 2.63.050 of this Code, the City Council finds that the following reasons exist relative to the designation of the Bay Hotel as an historic landmark:

1. The Bay Hotel possesses a significant character, interest or value attributable to the development, heritage or cultural characteristics of the City, the Southern California region and the State of California. In addition to its architectural features, the Bay Hotel functioned as a "working mens" house and is evidence of the economic boom of Long Beach in the early 1920s, in part the result of the Signal Hill oil strike. Many jobs were created in the oil fields, as well as in other parts of a booming local economy. The use of the Bay Hotel has remained consistent over seven (7) decades. While there are other examples of mixed use projects remaining in downtown Long Beach, the Bay Hotel is architecturally the most distinguished.

2. The Bay Hotel portrays the environment in an era of history characterized by its distinctive architectural style. The Renaissance Revival style is carried out in composition and in detailing. The facade is divided into a base, mid-section and cornice. It is also divided into three (3) bays, with five (5) evenly-spaced rectangular windows in the central bay, flanked by arches in the side bays. Each section is clearly articulated with marked divisions. Panels of terra cotta ornament, geometric and foliate in design, are placed in the frieze above the transom windows, the pilasters at the ground floor corners, and around the windows in the arched sections. The facade brickwork is gold textured brick, while common red brick is used for the side and rear walls.

3. The Bay Hotel embodies those distinguishing characteristics of an architectural type or engineering specimen. The hotel exemplifies the major characteristics of a Renaissance Revival mixed use building, including its original storefronts which have never been remodeled.

4. The Bay Hotel is part of or related to a distinctive feature and should be developed or preserved according to a specific historic, cultural or architectural motif. The Bay Hotel was part of the downtown residential district of the 1920s, which produced apartments, single-room occupancy buildings as well as elegant apartment hotels in Long Beach. As a brick apartment building over commercial storefronts, it is similar to the Broadlind Hotel, the Kennedy Hotel and others. The historical theme is housing patterns of the 1920s.

C. General Guidelines and Standards for Any Changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the United States Secretary of the Interior (Revised, 1991), as amended, as well as the "Procedures for Administering the Certificate of Appropriateness" found in Section 2.63.070 of this Code are incorporated herein by this reference. The guidelines are to be used as standards for the Cultural Heritage Commission in making decisions about Certificates of Appropriateness as required by Chapter 2.63 of this Code. The guidelines are an aid to property owners and others formulating plans for new construction, for rehabilitation or alteration of an existing structure, and for site development. The goal of the Certificate of Appropriateness review is to retain and preserve all original architectural materials and design features; to encourage rehabilitation which restores original historic fabric rather than remodels; and to ensure architectural compatibility between new and old.

D. Standards and Guidelines.

1. Changes requiring a Certificate of Appropriateness from the Cultural Heritage Commission are as follows:

a. Alterations or additions to roof; change in roof materials.

b. Additions.

c. Alterations to structure including foundation.

d. Alterations to windows.

e. Changes to doors and doorways.

f. Changes to exterior materials or colors.

g. Signage.

2. The following guidelines shall be standards to guide property owners, architects, contractors and the Cultural Heritage Commission in reviewing proposed changes:

a. Additions shall be compatible in materials and design, and shall be subordinate in scale, to the existing building.

b. Important architectural features which define the character of the historic style shall not be removed or obscured. These include brick and terra cotta, original storefronts and transoms, window placement, and other original structural and decorative features. (Ord. C-7448 § 2, 1997)

16.52.1000 The Ringheim/Wells House.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historical landmark in the City: The Ringheim/Wells House.

A. Location, Description and Reasons for Designation. Constructed in 1907-08 and located at 4031 East Fifth Street, the Ringheim/Wells House is one of the first residences constructed in its neighborhood in southeast Long Beach. The land was mapped in 1888 as the Alamitos Beach Townsite, and the subdivision of the block was recorded as Brown's Tract in 1904. The first owner was Sarah K. Ringheim. A two and one-half-story Victorian, with steeply pitched cross gable roof, the house was built at a time when the Victorian style was passing out of favor and replaced by Craftsman style architecture. The house shows the survival of conservative architectural styles in Long Beach and its location demonstrates a dispersed pattern of residential settlement when the City was young. In 1907, the location of the house was outside of the City limits. The City experienced its largest surge in population in the decade 1900 through 1910, and the survival today of the Ringheim/Wells House in its outlying location is a reminder of the tremendous growth of Long Beach at that time. The house is clad in narrow shiplap siding which extends down to the ground and to the porch wall. The attic story is faced with fishscale shingles, which are graduated in size above the vent. A horizontal molding strip runs from the porch rail under the windows and around the house. On the front, a pair of double-hung windows with shutters are placed in the center of the second story. All the windows are wood sash double-hung, with a wide board surround. The entry door has a large pane of glass and two (2) side lights extending down two-thirds of the door height. The front porch, five (5) steps up, is offset to one side, balanced by a bay window on the other side. A second bay window is placed on the west wall, so that the living room has two (2) bay windows. The porch is supported by paired Corinthian columns. A plain frieze under the porch roof connects to the front bay window. The cornice is boxed and the eaves extend around the corners. The roof material is composition. A second smaller house was added in the rear yard in 1923 and a garage was constructed in 1929. There is a white picket fence on the property line, and the interior of the house is largely intact and original. Overall, the condition of the home is excellent.

B. Rationale for Historic Landmark Designation. In accordance with the provisions of Section 2.63.050 of this Code, the City Council finds that the following reasons exist relative to the designation of the Ringheim/Wells House as an historic landmark:

1. The Ringheim/Wells House possesses a significant character, interest or value attributable to the development, heritage and cultural characteristics of the City, the Southern California region, and the State of California. The Ringheim/Wells

House is significant as an outstanding example of Victorian architecture in Long Beach, and shows a continuing popularity of an older architectural tradition in this community where Victorians continued to be built during the first decade of the 1900s. The house also illustrates the early widely disbursed patterns of settlement in the Long Beach area, outside of the City limits. The house is the largest Victorian in the neighborhood, and is one of the first homes constructed in the area. The house was constructed in 1907-08 and has been occupied continuously since that time, but has retained its original architectural integrity. It is one of the oldest and most monumental homes in the neighborhood.

2. The Ringheim/Wells House portrays the environment in an era of history characterized by its distinctive architectural style. The house is an excellent and intact example of Victorian architecture, which was prevalent in Long Beach from the 1880s through the early 1900s. It has all of the characteristics of the Victorian style: a high profile with tall, narrow proportions; steep cross gable roof with boxed fascia; an offset front porch with decorative columns; bay windows; narrow clapboard siding and fishscale shingle cladding.

C. General Guidelines and Standards for Any Changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the United States Secretary of the Interior (Revised, 1991), as amended, as well as the "Procedures for Administering the Certificate of Appropriateness" found in Section 2.63.070 of this Code are incorporated herein by this reference. The guidelines are to be used as standards for the Cultural Heritage Commission in making decisions about Certificates of Appropriateness as required by Chapter 2.63 of this Code. The guidelines are an aid to property owners and others formulating plans for new construction, for rehabilitation or alteration of an existing structure, and for site development. The goal of the Certificate of Appropriateness review is to retain and preserve all original architectural materials and design features; to encourage rehabilitation which restores original historic fabric rather than remodels; and to ensure architectural compatibility between new and old.

D. Standards and Guidelines.

1. Changes requiring a Certificate of Appropriateness from the Cultural Heritage Commission are as follows:

a. Alterations or additions to roof; change in roof materials.

b. Additions.

c. Alterations to structure including foundation.

d. Alterations to windows.

e. Changes to doors and doorways.

f. Changes to exterior materials or colors.

g. Changes to exterior walkways or driveways.

h. Alteration or addition to fencing.

2. The following guidelines shall be standards to guide property owners, architects, contractors and the Cultural Heritage Commission in reviewing proposed changes:

a. Additions shall be compatible in materials and design, and shall be subordinate in scale, to the existing building.

b. Important architectural features which define the character of the historic style shall not be removed or obscured. These include roofline, exterior cladding, historic wood sash windows on the facade or sides of the house, porch supports, original doors, and other original structural and decorative features. (Ord. C-7455 § 1, 1997)

16.52.1010 The Kale House and attached Music Art Hall.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following buildings as historical landmarks in the City: The Kale House and attached Music Art Hall.

A. Location, Description and Reasons for Designation. Constructed in 1907 and located at 853 Linden Avenue, the Kale House was constructed by owner and builder W. S. Kale in an eclectic and unique architectural style. The house

combines Victorian, Craftsman and Prairie features. The plaster exterior and sand finish is original. The main entrance on Linden Avenue is set off by a centrally placed projecting front porch with flattened arches continuing into wide pier supports, and a flat roof. A second-story door accesses the roof as a balcony. A second-story round tower with conical roof is placed at the corner; it is supported by wood brackets and has a series of double-hung windows with paired semicircular arches in mirror image in the upper pane. A series of three (3) windows similar in design to the tower, but wider, forms a bay at the corner of the first floor. The front porch is asymmetrical and extends under the corner tower as an open patio with low retaining wall. A composition truncated hip roof is placed over the house, and the whole roof has exposed extended rafter tails. Windows are wide, framed with wood with finely detailed molding. Many windows have the opposed semicircular pattern of muntins in the transom, in various dimensions. South of the porch, the picture window is shaped as a flattened arch with three-part transom, with small opposed semicircles in the center. Above is a Craftsman-style tripartite window with fixed center pane containing the semicircles in the transom, and narrow double-hung windows on both sides. The front door is a Craftsman type with square panes, three (3) over three (3). On the Ninth Street side, a tapered chimney is pierced by a window on the first floor. A small addition of a bathroom and closet from 1941 is found on the south side facing Linden Avenue. A one-story passageway with vertical siding links the house to the assembly hall at 440 East Ninth Street.

The attached Music Art Hall at 440 East Ninth Street was originally constructed in 1936 and later became known as the Alford Arts Academy. As the size of the hall was equivalent to a small-scale, single-family house, the hall blended easily into the residential neighborhood. During its history, two (2) different religious organizations occupied the hall: first the Church of Religious Science, then Temple Beth-El. The mix of residential, artistic and religious institutional uses of the building over the years has contributed positively to the cultural life of the neighborhood and the City. The hall is clad in plaster and has a gable roof, the edge of which is framed by a frieze. Its symmetrical facade is dominated by an arched entryway framed by pilasters and molded arch trim, articulated by column bases at the springing of the arch. The semicircular door is recessed behind a decorative wrought iron gate, with glass fanlight and a row of rectangular windows in the door. A square window with detailed wide molding is placed above the door. Two (2) large, tall narrow windows with no exterior framing are slightly inset on each side of the entry. The interior contains a wood floor, a stage, and an elaborate wood truss system of shaped exposed beams under the roof.

Both the Kale House and the attached Music Art Hall have a unique history and significance in the City. William S. Kale, original owner and builder, spent more than twice the usual cost of building the single-family house; the cost was four thousand five hundred dollars ($4,500.00) as compared with the usual building cost of from one thousand five hundred dollars ($1,500.00) to two thousand dollars ($2,000.00). This expenditure of money explains the fine craftsmanship and unique design features of the structure. Additionally, Mr. Kale constructed an "auto barn" in 1907, indicating that he was an early car owner. Mr. Kale lived on the property until 1914 and was succeeded by R. M. Moore, who worked in real estate. In 1925, the house was occupied by Sam L. Moore, also in real estate. In 1931, Rolla Alford, a music teacher, moved in along with E. T. Bell, and it was Mr. Bell who constructed the Music Art Hall.

The history of the Kale House and the Music Art Hall and their evolution are interesting chapters in the history of Long Beach, illustrating the ebb and flow of cultural and religious activities intertwined with the history of individual people. The transformation of a sumptuous and imposing residence into a cultural institution, accomplished by Rolla Alford, took place during the Great Depression and Second World War. Continued residential use coexisted with art activities.

The two (2) structures have a high level of architectural style. The Kale House has many similarities to other homes in the area constructed in the same time period; however, it is a unique creation with many customized architectural features and design amenities. The stucco cladding, simple massing, low-pitched roof and horizontal projecting porch relating to the Prairie style; the corner tower and bay, intricate moldings and patterned window mullions derive from Victorian precedents; and the exposed roof rafters, window type and proportions, door, and interiors, come from the Craftsman style. The Arts Hall also defies stylistic classification, blending motifs from different architectural traditions. The facade is a simplified Spanish Renaissance, while the interior wood truss ceiling is reminiscent of Gothic-style churches.

B. Rationale for Historic Landmark Designation. In accordance with the provisions of Section 2.63.050 of this Code, the City Council finds that the following reasons exist relative to the designation of the Kale House and the Music Art Hall as historic landmarks:

1. The Kale House and the Music Art Hall possess a significant character, interest or value attributable to the development, heritage and cultural characteristics of the City, the Southern California region, and the State of California. When originally constructed in 1907 at great expense, the Kale House was intended by its owner/builder to be a significant and prestigious home. The home demonstrates the high quality and style in residential architecture that is sometimes manifest during the early years of Long Beach's development. While the first decade of the 1900s saw a building boom in Long Beach, this house is both part of that boom and distinguished from it by its unique architectural qualities. The designer created an eclectic blend of three (3) different architectural styles: Victorian, Craftsman and Prairie. The window designs are unique and individual. A further dimension of cultural value was added with the construction of the adjacent Music Art Hall in 1936, which later became the Alford Arts Academy. As its size was equivalent to a small-scale, single-family house, the Hall blended easily into the residential neighborhood. Later, two (2) different religious organizations occupied the property: first the Church of Religious Science, then Temple Beth-El. The mix of residential, artistic and religious institutional uses of the buildings over the years has contributed positively to the cultural life of the neighborhood and the City.

2. The Kale House and the attached Music Art Hall contain elements of design, detail, materials or craftsmanship which represent a significant innovation.

The eclectic design of the Kale House and many of its unique design features represent a significant innovation for its period. The stucco cladding, simple massing, low-pitched hip roof and projecting front porch with its strong horizontal roofline are features of Prairie architectural style. The corner turret with a conical roof and a bay window below derive from Victorian Queen Ann architecture. The window types, front door, extended rafter tails and many interior design features relate to the Craftsman style. The opposing semicircular designs in the upper portion of the windows are unique and unusual. The Music Art Hall likewise reflects an eclectic style with many unique design features including a simplified Spanish Renaissance facade and interior wood truss ceiling reminiscent of Gothic-styled churches.

3. The Kale House and the attached Music Art Hall represent an established and familiar visual feature of a neighborhood or community due to its unique location or specific distinguishing characteristics. The unusual architectural design of the Kale House, with its corner turret and conical roof placed at the intersection of Ninth Street and Linden Avenue, is a visual landmark in the neighborhood. The coupling of the house with the attached Music Art Hall is likewise unique and distinctive. The bold, simple design of the auditorium facade establishes a strong visual presence in its residential neighborhood.

C. General Guidelines and Standards for Any Changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the United States Secretary of the Interior (Revised, 1991), as amended, as well as

the "Procedures for Administering the Certificate of Appropriateness" found in Section 2.63.070 of this Code are incorporated herein by this reference. The guidelines are to be used as standards for the Cultural Heritage Commission in making decisions about Certificates of Appropriateness as required by Chapter 2.63 of this Code. The guidelines are an aid to property owners and others formulating plans for new construction, for rehabilitation or alteration of an existing structure, and for site development. The goal of the Certificate of Appropriateness review is to retain and preserve all original architectural materials and design features; to encourage rehabilitation which restores original historic fabric rather than remodels; and to ensure architectural compatibility between new and old.

D. Standards and Guidelines.

1. Changes requiring a Certificate of Appropriateness from the Cultural Heritage Commission are as follows:

a. Alterations or additions to roof; change in roof materials.

b. Additions.

c. Alterations to structure including foundation.

d. Alterations to windows.

e. Changes to doors and doorways.

f. Changes to exterior materials or colors.

g. Changes to exterior walkways or driveways.

h. Alterations or addition to fencing.

2. The following guidelines shall be standards to guide property owners, architects, contractors and the Cultural Heritage Commission in reviewing proposed changes:

a. Additions shall be compatible in materials and design, and shall be subordinate in scale, to the existing building.

b. Important architectural features which define the character of the historic style shall not be removed or obscured. These include roofline, exterior cladding, historic wood sash windows on the facade or sides of the house, porch supports, original doors, and other original structural and decorative features. (Ord. C-7476 § 1, 1997)

16.52.1020 The Foster & Kleiser Building.

Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following buildings as historical landmarks in the City: The Foster & Kleiser Building, constructed in 1923, and a garage plus an office building constructed by Foster & Kleiser in 1930.

A. Location, Description and Reasons for Designation. Constructed in 1923, added on to in 1930, and located at 1429 Magnolia Avenue, the Foster & Kleiser Building was designed by noted Long Beach architect Clarence Aldrich in the Mission Revival style, with some Art Deco detailing on the towers. The property contains three (3) distinct sections: an older building constructed in 1923 and used by Foster & Kleiser for manufacturing billboards; and a garage plus an office building constructed in 1930. The office facade fronts on Magnolia Street and has an asymmetrically placed arched doorway with molded arch inset in a rectangular frame. The recessed door is the original one, wood with glass center, sidelights and transom window. Tall double-hung wood sash multipaned windows pierce the stucco facade, two (2) on one side of the door, three (3) on the other. The dominant architectural feature is the paired corner Mission Revival towers, with round copper domes (now painted). A strap relief ornament placed under the domes is an upside-down Art Deco skyscraper or inverted stepped pattern. The interior contains approximately ten (10) offices which have their original wood compartment walls, constructed of finely detailed hardwood (now painted) and glass. The original wood doors with transom windows are still in place. The bathroom floor has colorful, detailed hexagonal tile. The interior is illuminated by metal frame wire glass vertical skylights with their original hardware. The rest of the office interior has been modernized. The brick masonry garage with wood bridge truss ceiling is used today for manufacturing, and has a dropped ceiling. The interior walls are painted brick and the windows are steel casement with wire glass. The exterior facade on Cowles Street is stuccoed; the facade facing the parking area is red

brick masonry with a dutch gable. The anchor bolts piercing the facade trace the arched outline of the truss ceiling. The 1923 manufacturing building has a stucco front on Cowles Street, but corrugated aluminum walls inside and on the wall facing the parking lot. The exterior of this building on Cowles has an asymmetrical curvilinear roofline at the corner and a false front with a horizontal roofline. Inside, there is a pitched roof, pierced by sky lights. The interior contains multiple wood vertical supports and wood horizontal beams originally fabricated for billboard manufacture. Both the garage and 1923 manufacturing building have large garage doors, modern steel ones on Cowles Street and older ones on the parking lot side. There is a vintage freestanding low billboard sign at the edge of the property facing southward bound traffic on Magnolia, a configuration common for 1920's billboards.

B. Rationale for Historic Landmark Designation. In accordance with the provisions of Section 2.63.050 of this Code, the City Council finds that the following reasons exist relative to the designation of the Foster & Kleiser Building constructed in 1923 and the Foster & Kleiser garage plus office building constructed in 1930 as historic landmarks:

1. The Foster & Kleiser Building and garage plus office building possess a significant character, interest or value attributable to the development, heritage or cultural characteristics of the City, the Southern California region, and the State of California. As the South Bay headquarters of a major industrial firm, Foster & Kleiser Outdoor Advertising, this property was an important factor in the economy of Long Beach. It signaled the importance of the City as a venue for the Foster & Kleiser market, along with other major cities on the West Coast. It is also symptomatic of the leading role that automobiles and auto-related infrastructure played in the development of Southern California. As streets, boulevards, highways and freeways were laid out and expanded, the commercial billboard was not far behind. The nation's "car culture" is primarily associated with Southern California, along with its various architectural artifacts, including the manufacture of billboard advertising. The Long Beach branch of Foster & Kleiser was acquired in 1922 by purchasing property from H. B. Whited. The construction of the Long Beach branch was supervised by Mr. George Kleiser personally, and opened in 1923. The office portion and garage were constructed in 1930 and established an architectural presence on Magnolia Avenue. The Foster & Kleiser firm remained at the location until 1962, when it was closed and consolidated by Metro Media with the Los Angeles branch. In 1964, another business, Power Conversion, Inc., an electronics firm, moved into the buildings. Reminders of the Foster & Kleiser legacy remain in the vintage billboard on Magnolia Street and in the interior of the older building on Cowles Street, with its framework for billboard manufacture. Today the complex of buildings continues in industrial use as a small manufacturing plant. The Foster & Kleiser company was very important to the economy of Southern California, nourished by the predominance of the automobile, boulevards and freeways, in the creation of a regional "car culture". In addition, the architect, Clarence Aldrich, was a prominent Long Beach architect, who also designed a Tudor Revival mansion at 4252 Country Club Drive in Long Beach in 1927 which has since been designated as a Long Beach historic landmark: The Dawson-Prey House.

2. The Foster & Kleiser buildings contain elements of design, detail, materials or craftsmanship which represent a significant innovation. Architecturally, the office portion of the complex is significant for its style, Mission Revival, which makes a late appearance in this building. The Mission Revival style was prevalent from approximately 1905 through 1915 and by 1930 had long been eclipsed. Thus, the building may be considered Mission Revival. The cascading stepped relief design on the towers, looking like an upside-down skyscraper, is an Art Deco reinterpretation of the Mission Revival strap ornament. The plain stucco walls and terra cotta roof are classic features of Spanish Colonial Revival designs which were prevalent in 1930. The building makes a dramatic architectural statement, unusual in a manufacturing district.

3. The Foster & Kleiser Building is associated with the life of a person or persons significant to the community, City, region or Nation. Mr. Walter Foster and Mr. George Kleiser were pioneering business entrepreneurs, who founded a small business in 1901 which expanded to a nationwide chain by 1929. Their accomplishment in creating a new business activity, which was perfectly suited to the times, was visionary. Mr. Kleiser served as President of the Outdoor Advertising Association of America from 1930-1935. During the Second World War, Foster & Kleiser manufactured defense material and assisted in the war effort, for which they were recognized in a Times Magazine article in 1944.

4. The Foster & Kleiser Building portrays the environment in an era of history characterized by a distinctive architectural style. The Mission Revival style of the office building is associated with the Southern California region, and was popular from approximately 1905 through 1915 as a vernacular style recalling the Southern California missions. Its revival in this building, constructed in 1930, is a more nostalgic and romantic evocation of California's past. Characteristic features are the use of stucco walls and red tile roof, simple doors and windows, and particularly the pair of Mission Revival towers at the corners, topped with a hemispherical dome. An Art Deco flavor is imparted to the towers with the inverted stepped relief forms which cascade from the domes, reflecting a 1930's esthetic.

5. The Foster & Kleiser buildings embody those distinguishing characteristics of an architectural type or engineering specimen. One portion of the property contains an industrial building where the billboards were manufactured. It is typical of its time and its function. A large rectangular "barn" with a gabled roof lit by skylights, it contains a system of interior posts and beams built as the scaffolding for billboard painting and manufacture.

6. The Foster & Kleiser buildings are part of or related to a distinctive area and should be developed or preserved according to a specific historical, cultural or architectural motif. The buildings are located in the industrial section of downtown Long Beach, and are part of its distinct identity. However, the buildings have a more impressive architectural presence than other industrial buildings surrounding it.

C. General Guidelines and Standards for Any Changes. The "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings" prepared by the United States Secretary of the Interior (Revised, 1991), as amended, as well as the "Procedures for Administering the Certificate of Appropriateness" found in Section 2.63.070 of this Code are incorporated herein by this reference. The guidelines are to be used as standards for the Cultural Heritage Commission in making decisions about Certificates of Appropriateness as required by Chapter 2.63 of this Code. The guidelines are an aid to property owners and others formulating plans for new construction, for rehabilitation or alteration of an existing structure, and for site development. The goal of the Certificate of Appropriateness review is to retain and preserve all original architectural materials and design features; to encourage rehabilitation which restores original historic fabric rather than remodels; and to ensure architectural compatibility between new and old.

D. Standards and Guidelines.

1. Changes requiring a Certificate of Appropriateness from the Cultural Heritage Commission are as follows:

a. Alterations or additions to roof; change in roof materials.

b. Additions.

c. Alterations to structure including foundation.

d. Alterations to windows.

e. Changes to doors and doorways.

f. Changes to exterior materials or colors.

g. Changes to exterior walkways or driveways.

h. Alterations or addition to fencing.

2. The following guidelines shall be standards to guide property owners, architects, contractors and the Cultural Heritage Commission in reviewing proposed changes:

a. Additions shall be compatible in materials and design, and shall be subordinate in scale, to the existing building.

b. Important architectural features which define the character of the historic style shall not be removed or obscured. These include roofline, exterior cladding, historic wood sash windows on the facade or sides of the house, porch supports, original doors, and other original structural and decorative features. (Ord. C-7498 § 1, 1997)

16.52.1030 The Anna R. Brown Residence.

A. Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as a historic landmark in the City: The Anna R. Brown Residence, constructed in 1901 for Anna R. Brown, wife of Edward R. Brown. The Anna R. Brown Residence is located at 1205 East Ocean Boulevard.

B. The complete location, description and reasons for historic landmark designation are more fully contained in uncodified Section 2 of Ordinance No. C-7537. (Ord. C-7537 § 1, 1998)

16.52.1040 The Butler Residence.

A. Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as a historic landmark in the City: The Butler Residence, constructed in 1932 for Mrs. Minnie Butler. The Butler Residence is located at 251 Junipero Avenue.

B. The complete location, description and reasons for historic landmark designation are more fully contained in uncodified Section 2 of Ordinance No. C-7553. (Ord. C-7553 § 1, 1998)

16.52.1050 The Long Beach Unity Church.

A. Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as a historic landmark in the City: The Long Beach Unity Church, constructed in 1940. The Long Beach Unity Church is located at 935 East Broadway.

The complete location, description and reasons for historic landmark designation are uncodified section 2 of Ordinance No. C 7593. (Ord. C 7593 § 1, 1999)

16.52.1060 The Packard Motors Building.

A. Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as a historic landmark in the City: The Packard Motors Building which was constructed in 1926 and located at 205 East Anaheim Street, parcel #7269015016.

B. The complete location, description and reasons for historic landmark designation are more fully contained in uncodified section 2 of Ordinance No. C-7593. (Ord. C 7593 § 1, 1999)

16.52.1070 The American Legion Post #560 (Houghton Post).

A. Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historic landmark in the City: The American Legion Post #560 (Houghton Post). The American Legion Post #560 (Houghton Post) is located at 1215 East Fifty-Ninth Street, parcel #7123010023.

B. The complete location, description and reasons for historic landmark designation are more fully contained in uncodified section 2 of Ordinance No. C 7592. (Ord. C 7592 § 1, 1999)

16.52.1080 The Phillips House.

A. Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historic landmark in the City: The Phillips House which was constructed in 1929 and is located at 5917 Lemon Avenue, parcel #7124022024.

B. The complete location, description and reasons for historic landmark designation are more fully contained in uncodified section 2 of Ordinance No. C 7612. (Ord. C 7612 § 1, 1999)

16.52.1090 The 1163 Appleton House.

A. Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historic landmark in the City: The 1163 Appleton House which was constructed in 1895 and is located at 1163 Appleton Street, Long Beach.

B. The complete location, description and reasons for historic landmark designation are more fully contained in uncodified section 2 of Ordinance No. C 7672. (Ord. C 7672 § 1, 2000)

16.52.2000 The 1169-75 Appleton Street House.

A. Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historic landmark in the City: The 1169-75 Appleton Street House which was constructed in 1913 and is located at 1169 75 Appleton Street in the City of Long Beach.

B. The complete location, description and reasons for historic landmark designation are more fully contained in uncodified section 2 of Ordinance No. C 7673. (Ord. C 7673 § 1, 2000)

16.52.2010 The Parsonage.

A. Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historic landmark in the City: The Parsonage which was constructed in 1887 and is located at 640 Pacific Avenue, Long Beach.

B. The complete location, description and reasons for historic landmark designation are more fully contained in uncodified section 2 of Ordinance No. C 7679. (Ord. C 7679 § 1, 2000)

16.52.2020 The Esser House.

A. Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historic landmark in the City: The Esser House constructed in 1929 and located at 1001 East First Street, Long Beach.

B. The complete location, description and reasons for historic landmark designation are more fully contained in uncodified section 2 of Ordinance No. C 7692. (Ord. C 7692 § 1, 2000)

16.52.2030 Sunnyside Cemetery.

A. Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following site as an historic landmark in the City: Sunnyside Cemetery, established in 1906, located at 1095 East Willow Street, Long Beach.

B. The complete location, description and reasons for historic landmark designation are more fully contained in uncodified section 2 of Ordinance No. C 7693. (Ord. C 7693 § 1, 2000)

16.52.2040 The Kelly House.

A. Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historic landmark in the City: The Kelly House, located at 705 East Broadway, Long Beach.

B. The complete location, description and reasons for historic landmark designation are more fully contained in uncodified section 2 of Ordinance No. C 7704. (Ord. C 7704 § 1, 2000)

16.52.2050 The Alford House.

A. Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historic landmark in the City: The Alford House constructed in 1922 and located at 333 Obispo Avenue, Long Beach.

B. The complete location, description and reasons for historic landmark designation are more fully contained in uncodified section 2 of Ordinance No. C 7771. (Ord. C 7771 § 1, 2001)

16.52.2060 The Cannon House.

A. Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historic landmark in the City: The Cannon House constructed in 1910 and located at 332 West Thirty-First Street, Long Beach.

B. The complete location, description and reasons for historic landmark designation are more fully contained in uncodified section 2 of Ordinance No. C 7772. (Ord. C 7772 § 1, 2001)

16.52.2070 Seashell House.

A. Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historic landmark in the City: Seashell House constructed in 1922 and located at 4325 East Sixth Street, Long Beach; APN 7241 001 019.

B. The complete location, description and reasons for historic landmark designation are more fully contained in uncodified section 2 of Ordinance No. C 7803. (Ord. C 7803 § 1, 2002)

16.52.2080 Crandell/Howard House.

A. Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historic landmark in the City: Crandell/Howard House. Constructed in 1906-1907, the Crandell/Howard House is located at 5725 Corso di Napoli.

B. The complete location, description and reasons for historic landmark designation are more fully contained in uncodified section 2 of Ordinance No. C 7854. (Ord. C 7854 § 1, 2003)

16.52.2090 Kimpson/Nixon House.

A. Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as a historic landmark in the City: Kimpson/Nixon House. Constructed in 1940, the Kimpson/Nixon House is located at 380 Orlena Avenue.

B. The complete location, description and reasons for historic landmark designation are more fully contained in uncodified section 2 of Ordinance No. C-7855. (Ord. C-7855 § 1, 2003)

16.52.2100 Killingsworth Office Building.

A. Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as a historic landmark in the City: Killingsworth Office Building. The Killingsworth Office Building is located at 3833 Long Beach Boulevard.

B. The complete location, description and reasons for historic landmark designation are more fully contained in uncodified section 2 of Ordinance No. C-7891. (Ord. C-7891 § 1, 2003)

16.52.2110 Opdahl House.

A. Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as a historic landmark in the City: Opdahl House. The Opdahl House is located at 5576 Vesuvian Walk.

B. The complete location, description and reasons for historic landmark designation are more fully contained in uncodified section 2 of Ordinance No. C-7892. (Ord. C-7892 § 1, 2003)

16.52.2120 Annie Kinner House.

A. Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as a historic landmark in the City: Annie Kinner House. Constructed in 1895, the Annie Kinner House is located at 1612 East Seventh Street.

B. The complete location, description and reasons for historic landmark designation are more fully contained in uncodified section 2 of Ordinance No. C-7893. (Ord. C-7893 § 1, 2003)

16.52.2130 Ebell Club.

A. Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning

Commission, the City Council designates the following building as a historic landmark in the City: Ebell Club, 290 Cerritos Avenue.

B. The complete location, description and reasons for historic landmark designation are more fully contained in uncodified section 2 of Ordinance No. C-7917. (Ord. C-7917 § 1, 2004)

16.52.2140 Ebell Theater.

A. Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as a historic landmark in the City: Ebell Theater, 1100 East Third Street.

B. The complete location, description and reasons for historic landmark designation are more fully contained in uncodified section 2 of Ordinance No. C-7918. (Ord. C-7918 § 1, 2004)

16.52.2150 Tolbert House.

A. Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as a historic landmark in the City: Tolbert House located at 1105 Linden Avenue.

B. The complete location, description and reasons for historic landmark designation are more fully contained in uncodified section 2 of Ordinance No. C-7916. (Ord. C-7916 § 1, 2004)

16.52.2160 George′s 50′s Diner.

A. Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as a historic landmark in the City: George′s 50′s Diner, originally known as Grisinger′s Drive-In, 4390 Atlantic Avenue.

B. The complete location, description and reasons for historic landmark designation are more fully contained in uncodified section 2 of Ordinance No. C-7919. (Ord. C-7919 § 1, 2004)

16.52.2170 Delker House.

A. Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as a historic landmark in the City: Delker House, located at 153 East Twelfth Street.

B. The complete location, description and reasons for historic landmark designation are more fully contained in uncodified section 2 of Ordinance No. 05-0005. (Ord. 05-0005 § 1, 2005)

16.52.2180 Espey/Lochridge House.

A. Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission, the City Council designates the following building as an historic landmark in the City: Espey/Lochridge House, located at 302 Orizaba Avenue.

B. The complete location, description and reasons for historic landmark designation are more fully contained in uncodified section 2 of Ordinance No. ORD-07-0040. (ORD-07-0040 § 1, 2007)

16.52.2190 Palace Hotel.

A. Pursuant to the provisions of Chapter 2.63 and with the recommendation of the Planning Commission and the Cultural Heritage Commission, the City Council designates the following building as an historic landmark in the City: Palace Hotel, located at 2640-44 East Anaheim Street.

B. The complete location, description and reasons for historic landmark designation are more fully contained in uncodified section 2 of Ordinance No. ORD-09-0007. (ORD-09-0007, § 1, 2009)

16.52.2200 Alamitos Neighborhood Library.

A. Pursuant to the provisions of Chapter 2.63 of the Long Beach Municipal Code and with the recommendation of the Cultural Heritage Commission, the City Council designates the following building as a historic landmark in the City: Alamitos Neighborhood Library, located at 1836 East Third Street.

B. The complete location, description and reasons for historic landmark designation are more fully contained in uncodified Section 2 of Ordi-

nance No. ORD-16-0005. (ORD-16-0005 § 1, 2016)

16.52.2210 260 East San Antonio Drive.

A. Pursuant to the provisions of Chapter 2.63 of the Long Beach Municipal Code and with the March 14, 2016 recommendation of the Cultural Heritage Commission, the City Council designates the following property as a Long Beach local historic landmark: 260 East San Antonio Drive.

B. The complete location, legal description and reasons for historic landmark designation are more fully contained in Resolution No. RES-16-0117, which shall be recorded pursuant to Public Resources Code 5029, government Code Section 27288.2 and Chapter 2.63 of the Long Beach Municipal Code. (ORD-16-0029 § 1, 2016; ORD-16-0012 § 1, 2016)

16.52.2220 6509 Gundry Avenue.

A. Pursuant to the provisions of Chapter 2.63 of the Long Beach Municipal Code and with the April 11, 2016 recommendation of the Cultural Heritage Commission, the City Council designates the following property as a Long Beach local historic landmark: 6509 Gundry Avenue.

B. The complete location, legal description and reasons for historic landmark designation are more fully contained in Resolution No. RES-16-0118, which shall be recorded pursuant to Public Resources Code 5029, government Code Section 27288.2 and Chapter 2.63 of the Long Beach Municipal Code. (ORD-16-0030 § 1, 2016; ORD-16-0013 § 1, 2016)

16.52.2230 501 East Broadway.

A. Pursuant to the provisions of Chapter 2.63 of the Long Beach Municipal Code and with the June 12, 2017 recommendation of the Cultural Heritage Commission, the City Council designates the following building as a Long Beach local historic landmark: 501 East Broadway.

B. The complete location, legal description and reasons for historic landmark designation are more fully contained in Resolution No. RES-17-0076, which shall be recorded pursuant to Public Resources Code 5029, Government Code Section 27288.2 and Chapter 2.63 of the Long Beach Municipal Code. (ORD-17-0013 § 1, 2017)

16.52.2240 909-915 Elm Avenue.

A. Pursuant to the provisions of Chapter 2.63 of the Long Beach Municipal Code and with the June 12, 2017 recommendation of the Cultural Heritage Commission, the City Council designates the following property as a Long Beach local historic landmark: 909-915 Elm Avenue.

B. The complete location, legal description and reasons for historic landmark designation are more fully contained in Resolution No. RES-17-0077, which shall be recorded pursuant to Public Resources Code 5029, Government Code Section 27288.2 and Chapter 2.63 of the Long Beach Municipal Code. (ORD-17-0014 § 1, 2017)

16.52.2250 287 Granada Avenue.

A. Pursuant to the provisions of Chapter 2.63 of the Long Beach Municipal Code and with the June 12, 2017 recommendation of the Cultural Heritage Commission, the City Council designates the following building as a Long Beach local historic landmark: 287 Granada Avenue.

B. The complete location, legal description and reasons for historic landmark designation are more fully contained in Resolution No. RES-17-0078, which shall be recorded pursuant to Public Resources Code 5029, Government Code Section 27288.2 and Chapter 2.63 of the Long Beach Municipal Code. (ORD-17-0015 § 1, 2017)

16.52.2260 355 Junipero Avenue.

A. Pursuant to the provisions of Chapter 2.63 of the Long Beach Municipal Code and with the June 12, 2017 recommendation of the Cultural Heritage Commission, the City Council designates the following building as a Long Beach local historic landmark: 355 Junipero Avenue.

B. The complete location, legal description and reasons for historic landmark designation are more fully contained in Resolution No. RES-17-0079, which shall be recorded pursuant to Public Resources Code 5029, Government Code Section

27288.2 and Chapter 2.63 of the Long Beach Municipal Code. (ORD-17-0016 § 1, 2017)

16.52.2270 362 Junipero Avenue.

A. Pursuant to the provisions of Chapter 2.63 of the Long Beach Municipal Code and with the June 12, 2017 recommendation of the Cultural Heritage Commission, the City Council designates the following property as a Long Beach local historic landmark: 362 Junipero Avenue.

B. The complete location, legal description and reasons for historic landmark designation are more fully contained in Resolution No. RES-17-0080, which shall be recorded pursuant to Public Resources Code 5029, Government Code Section 27288.2 and Chapter 2.63 of the Long Beach Municipal Code. (ORD-17-0017 § 1, 2017)

16.52.2280 The Fly DC Jets Sign.

A. Pursuant to the provisions of Chapter 2.63 of the Long Beach Municipal Code and with the August 8, 2016 recommendation of the Cultural Heritage Commission, the City Council designates the following object as a Long Beach local historic landmark: The Fly DC Jets Sign. The Fly DC Jets Sign is located at 3860 N. Lakewood Boulevard; however, the landmark designation applies to the sign only, not the property or building on which it is located.

B. The complete location, legal description and reasons for historic landmark designation are more fully contained in Resolution No. RES-18-0038, which shall be recorded pursuant to Public Resources Code 5029, Government Code Section 27288.2 and Chapter 2.63 of the Long Beach Municipal Code. (ORD-18-0005 § 1, 2018)

16.52.2290 The VIP Records Sign.

A. Pursuant to the provisions of Chapter 2.63 of the Long Beach Municipal Code and with the November 13, 2017 recommendation of the Cultural Heritage Commission, the City Council designates the following object as a Long Beach local historic landmark: The VIP Records Sign. The landmark designation applies to the sign only, not the property or building in which it is located.

B. The description and reasons for historic landmark designation are more fully contained in uncodified Section 2 of Ordinance No. ORD-18-0006. (ORD-18-0006 § 1, 2018)

16.52.2300 Grant Neighborhood Historic Landmark District.

A. Pursuant to the provisions of Chapter 2.63 of the Long Beach Municipal Code, and with the December 10, 2018 recommendation of the Cultural Heritage Commission, the City Council designates the following properties on the 6000 Block of Walnut Avenue as comprising a Long Beach local Historic Landmark District: the properties located on the 6000 block of Walnut Avenue, bounded by 61st Street to the north and 60th Street to the south, specifically addressed as 6001, 6002, 6012, 6017, 6018, 6023, 6024, 6029, 6030, 6037, 6038, 6043, 6044, 6049, 6050, 6055, 6056, 6067 and 6068 Walnut Avenue.

B. The complete location, description and reasons for historic landmark designation are more fully set forth in Resolution No. RES-19-0153, which shall be recorded pursuant to Public Resources Code 5029, Government Code Section 27288.2, and Chapter 2.63 of the Long Beach Municipal Code. (ORD-19-0023 § 1, 2019)

16.52.2310 Ferguson House.

A. Pursuant to the provisions of Chapter 2.63 of the Long Beach Municipal Code, and with the December 10, 2018 recommendation of the Cultural Heritage Commission, the City Council designates the Ferguson House located at 1500 East 1st Street as a Long Beach local Historic Landmark.

B. The complete location, legal description and reasons for Historic Landmark designation are more fully contained in Resolution No. RES-19-0154, which shall be recorded pursuant to Public Resources Code 5029, Government Code Section 27288.2, and Chapter 2.63 of the Long Beach Municipal Code. (ORD-19-0024 § 1, 2019)

16.52.2320 Alexander House.

A. Pursuant to the provisions of Chapter 2.63 of the Long Beach Municipal Code and with the

July 8, 2019 recommendation of the Cultural Heritage Commission, the City Council designates the Alexander House as a Long Beach local historic landmark located at 5281 E. El Roble Street.

B. The complete location, legal description and reasons for historic landmark designation are more fully contained in Resolution No. RES-19-0155, which shall be recorded pursuant to Public Resources Code 5029, Government Code Section 27288.2 and Chapter 2.63 of the Long Beach Municipal Code. (ORD-19-0025 § 1, 2019)

16.52.2330 Petersen House.

A. Pursuant to the provisions of Chapter 2.63 of the Long Beach Municipal Code and with the July 8, 2019 recommendation of the Cultural Heritage Commission, the City Council designates the Petersen House as a Long Beach local historic landmark located at 3735 Pine Avenue.

B. The complete location, legal description and reasons for historic landmark designation are more fully contained in Resolution No. RES-19-0157, which shall be recorded pursuant to Public Resources Code 5029, Government Code Section 27288.2 and Chapter 2.63 of the Long Beach Municipal Code. (ORD-19-0027 § 1, 2019)

16.52.2340 Bowyer Residence.

A. Pursuant to the provisions of Chapter 2.63 of the Long Beach Municipal Code, and with the July 8, 2019 recommendation of the Cultural Heritage Commission, the City Council designates the Bowyer Residence located at 3200 East 1st Street as a Long Beach local Historic Landmark.

B. The complete location, legal description and reasons for Historic Landmark designation are more fully contained in Resolution No. RES-19-0156, which shall be recorded pursuant to Public Resources Code 5029, Government Code Section 27288.2, and Chapter 2.63 of the Long Beach Municipal Code. (ORD-19-0026 § 1, 2019)

16.52.2350 Charles A. Buffum House.

A. Pursuant to the provisions of Chapter 2.63 of the Long Beach Municipal Code and with the February 25, 2020 recommendation of the Cultural Heritage Commission, the City Council designates the Charles A. Buffum House as a Long Beach local historic landmark located at 1005 Locust Avenue.

B. The complete location, legal description and reasons for historic landmark designation are more fully contained in Resolution No. RES-20-0105, which shall be recorded pursuant to Public Resources Code 5029, Government Code Section 27288.2 and Chapter 2.63 of the Long Beach Municipal Code. (ORD-20-0035 § 1, 2020)

16.52.2360 W.L. Porterfield Duplex.

A. Pursuant to the provisions of Chapter 2.63 of the Long Beach Municipal Code and with the February 25, 2020 recommendation of the Cultural Heritage Commission, the City Council designates the W.L. Porterfield Duplex as a Long Beach local historic landmark located at 141 and 143 E. 10th Street.

B. The complete location, legal description and reasons for historic landmark designation are more fully contained in Resolution No. RES-20-0106, which shall be recorded pursuant to Public Resources Code 5029, Government Code Section 27288.2 and Chapter 2.63 of the Long Beach Municipal Code. (ORD-20-0036 § 1, 2020)

16.52.2370 The Brady House.

A. Pursuant to the provisions of Chapter 2.63 of the Long Beach Municipal Code and with the September 29, 2020 recommendation of the Cultural Heritage Commission, the City Council designates the Brady House located at 4204 Cedar Avenue as a Long Beach local historic landmark.

B. The complete location, legal description and reasons for historic landmark designation are more fully contained in Resolution No. RES-20-0165, which shall be recorded pursuant to Public Resources Code 5029, Government Code Section 27288.2 and Chapter 2.63 of the Long Beach Municipal Code. (ORD-20-0052 § 1, 2020)

16.52.2380 The Miner Smith Bungalow Mansion (1921).

A. Pursuant to the provisions of Chapter 2.63 of the Long Beach Municipal Code and with the

September 29, 2020 recommendation of the Cultural Heritage Commission, the City Council designates the Miner Smith Bungalow Mansion (1921) located at 244 Mira Mar Avenue as a Long Beach local historic landmark.

B. The complete location, legal description and reasons for historic landmark designation are more fully contained in Resolution No. RES-20-0164, which shall be recorded pursuant to Public Resources Code 5029, Government Code Section 27288.2 and Chapter 2.63 of the Long Beach Municipal Code. (ORD-20-0051 § 1, 2020)

16.52.2390 The Miner Smith Bungalow Mansion (1920).

A. Pursuant to the provisions of Chapter 2.63 of the Long Beach Municipal Code and with the September 29, 2020 recommendation of the Cultural Heritage Commission, the City Council designates the Miner Smith Bungalow Mansion (1920) located at 262 Newport Avenue as a Long Beach local historic landmark.

B. The complete location, legal description and reasons for historic landmark designation are more fully contained in Resolution No. RES-20-0163, which shall be recorded pursuant to Public Resources Code 5029, Government Code Section 27288.2 and Chapter 2.63 of the Long Beach Municipal Code. (ORD-20-0050 § 1, 2020)

16.52.2400 Berg Office Building.

A. Pursuant to the provisions of Chapter 2.63 of the Long Beach Municipal Code and with the April 25, 2023 recommendation of the Cultural Heritage Commission, the City Council designates the Berg Office Building located at 822 W. Willow Street as a Long Beach local historic landmark.

B. The complete location, legal description and reasons for historic landmark designation are more fully contained in Resolution No. RES-23-0159, which shall be recorded pursuant to Public Resources Code 5029, Government Code Section 27288.2 and Chapter 2.63 of the Long Beach Municipal Code. (ORD-23-0038 § 1, 2023)

16.52.2410 F.W. Rehbock House.

A. Pursuant to the provisions of Chapter 2.63 of the Long Beach Municipal Code and with the May 30, 2023 recommendation of the Cultural Heritage Commission, the City Council designates the F.W. Rehbock House located at 3305 E. 1st Street as a Long Beach local historic landmark.

B. The complete location, legal description and reasons for historic landmark designation are more fully contained in Resolution No. RES-23-0160, which shall be recorded pursuant to Public Resources Code 5029, Government Code Section 27288.2 and Chapter 2.63 of the Long Beach Municipal Code. (ORD-23-0039 § 1, 2023)

16.52.2420 Mr. and Mrs. Maury Frank House.

A. Pursuant to the provisions of Chapter 2.63 of the Long Beach Municipal Code and with the May 30, 2023 recommendation of the Cultural Heritage Commission, the City Council designates the Mr. and Mrs. Maury Frank House located at 4004 Country Club Drive as a Long Beach local historic landmark.

B. The complete location, legal description and reasons for historic landmark designation are more fully contained in Resolution No. RES-23-0161, which shall be recorded pursuant to Public Resources Code 5029, Government Code Section 27288.2 and Chapter 2.63 of the Long Beach Municipal Code. (ORD-23-0040 § 1, 2023)

16.52.2430 McMullen House.

A. Pursuant to the provisions of Chapter 2.63 of the Long Beach Municipal Code and with the August 13, 2018 recommendation of the Cultural Heritage Commission, the City Council designates the McMullen House located at 645 West 11th Street as a Long Beach local historic landmark.

B. The complete location, legal description and reasons for historic landmark designation are more fully contained in Resolution No. RES-23-0162, which shall be recorded pursuant to Public Resources Code 5029, Government Code Section 27288.2 and Chapter 2.63 of the Long Beach Mu-

nicipal Code. (ORD-23-0041 § 1, 2023)

16.52.2440 Royal Hotel Building.

A. Pursuant to the provisions of Chapter 2.63 of the Long Beach Municipal Code and with the August 13, 2018 recommendation of the Cultural Heritage Commission, the City Council designates the Royal Hotel Building located at 622-628 E. Anaheim Street as a Long Beach local historic landmark.

B. The complete location, legal description and reasons for historic landmark designation are more fully contained in Resolution No. RES-23-0163, which shall be recorded pursuant to Public Resources Code 5029, Government Code Section 27288.2 and Chapter 2.63 of the Long Beach Municipal Code. (ORD-23-0042 § 1, 2023)

16.52.2450 Craig House.

A. Pursuant to the provisions of Chapter 2.63 of the Long Beach Municipal Code and with the August 13, 2018 recommendation of the Cultural Heritage Commission, the City Council designates the Craig House located at 953 Chestnut Avenue as a Long Beach local historic landmark.

B. The complete location, legal description and reasons for historic landmark designation are more fully contained in Resolution No. RES-23-0164, which shall be recorded pursuant to Public Resources Code 5029, Government Code Section 27288.2 and Chapter 2.63 of the Long Beach Municipal Code. (ORD-23-0043 § 1, 2023)

16.52.2460 Lily Fremont House.

A. Pursuant to the provisions of Chapter 2.63 of the Long Beach Municipal Code and with the August 13, 2018 recommendation of the Cultural Heritage Commission, the City Council designates the Lily Fremont House located at 338 Junipero Avenue as a Long Beach local historic landmark.

B. The complete location, legal description and reasons for historic landmark designation are more fully contained in Resolution No. RES-23-0165, which shall be recorded pursuant to Public Resources Code 5029, Government Code Section 27288.2 and Chapter 2.63 of the Long Beach Municipal Code. (ORD-23-0044 § 1, 2023)

16.52.2470 Lovett O'Brien House.

A. Pursuant to the provisions of Chapter 2.63 of the Long Beach Municipal Code and with the August 13, 2018 recommendation of the Cultural Heritage Commission, the City Council designates the Lovett O'Brien House located at 1400 Hellman Street as a Long Beach local historic landmark.

B. The complete location, legal description and reasons for historic landmark designation are more fully contained in Resolution No. RES-23-0166, which shall be recorded pursuant to Public Resources Code 5029, Government Code Section 27288.2 and Chapter 2.63 of the Long Beach Municipal Code. (ORD-23-0045 § 1, 2023)

16.52.2480 Powell House.

A. Pursuant to the provisions of Chapter 2.63 of the Long Beach Municipal Code and with the August 13, 2018 recommendation of the Cultural Heritage Commission, the City Council designates the Powell House located at 830 Santiago Avenue as a Long Beach local historic landmark.

B. The complete location, legal description and reasons for historic landmark designation are more fully contained in Resolution No. RES-23-0167, which shall be recorded pursuant to Public Resources Code 5029, Government Code Section 27288.2 and Chapter 2.63 of the Long Beach Municipal Code. (ORD-23-0046 § 1, 2023)

16.52.2490 Bratsalis House.

A. Pursuant to the provisions of Chapter 2.63 of the Long Beach Municipal Code and with the August 13, 2018 recommendation of the Cultural Heritage Commission, the City Council designates the Bratsalis House located at 151 St. Joseph Avenue as a Long Beach local historic landmark.

B. The complete location, legal description and reasons for historic landmark designation are more fully contained in Resolution No. RES-23-0168, which shall be recorded pursuant to Public Resources Code 5029, Government Code Section

27288.2 and Chapter 2.63 of the Long Beach Municipal Code. (ORD-23-0047 § 1, 2023)

16.52.2500 Former Fire Station No. 9.

A. Pursuant to the provisions of Chapter 2.63 of the Long Beach Municipal Code and with the November 28, 2023 recommendation of the Cultural Heritage Commission, the City Council designates the Former Fire Station No. 9 located at 3917 Long Beach Boulevard as a Long Beach local historic landmark.

B. The complete location, legal description and reasons for historic landmark designation are more fully contained in Resolution No. RES-24-0022, which shall be recorded pursuant to Public Resources Code 5029, Government Code Section 27288.2 and Chapter 2.63 of the Long Beach Municipal Code. (ORD-24-0005 § 1, 2024)

16.52.2510 Frank House.

A. Pursuant to the provisions of Chapter 2.63 of the Long Beach Municipal Code and with the July 30, 2024 recommendation of the Cultural Heritage Commission, the City Council designates the Frank House located at 82 Rivo Alto Canal as a Long Beach local historic landmark.

B. The complete location, legal description and reasons for historic landmark designation are more fully contained in Resolution No. RES-24-0170, which shall be recorded pursuant to Public Resources Code 5029, Government Code Section 27288.2 and Chapter 2.63 of the Long Beach Municipal Code. (ORD-24-0021 § 1, 2024)

16.52.2520 Dr. Paul and Dorothy Harstein House.

A. Pursuant to the provisions of Chapter 2.63 of the Long Beach Municipal Code and with the July 30, 2024 recommendation of the Cultural Heritage Commission, the City Council designates the Dr. Paul and Dorothy Harstein House located at 4210 California Avenue as a Long Beach local historic landmark.

B. The complete location, legal description and reasons for historic landmark designation are more fully contained in Resolution No. RES-24-0171, which shall be recorded pursuant to Public Resources Code 5029, Government Code Section 27288.2 and Chapter 2.63 of the Long Beach Municipal Code. (ORD-24-0022 § 1, 2024)

16.52.2530 20th Century House.

Pursuant to the provisions of Chapter 2.63 of the Long Beach Municipal Code and with the July 30, 2024 recommendation of the Cultural Heritage Commission, the City Council designates the 20th Century House located at 4401 Myrtle Avenue as a Long Beach local historic landmark.

The complete location, legal description and reasons for historic landmark designation are more fully contained in Resolution No. RES-24-0172, which shall be recorded pursuant to Public Resources Code 5029, Government Code Section 27288.2 and Chapter 2.63 of the Long Beach Municipal Code. (ORD-24-0023 § 1, 2024)

16.52.2540 The Press-Telegram Model Home.

A. Pursuant to the provisions of Chapter 2.63 of the Long Beach Municipal Code and with the July 29, 2025 recommendation of the Cultural Heritage Commission, the City Council designates The Press Telegram Model Home located at 149 Siena Drive as a Long Beach local historic landmark.

B. The complete location, legal description and reasons for historic landmark designation are more fully contained in Resolution No. RES-25-0157, which shall be recorded pursuant to Public Resources Code 5029, Government Code Section 27288.2 and Chapter 2.63 of the Long Beach Municipal Code. (ORD-25-0020 § 1, 2025)

CHAPTER 16.54 SHORELINE PARK RECREATIONAL VEHICLE AREA

16.54.010 Purpose.

The purpose of this Chapter is to set forth provisions of general applicability pertaining to the use and occupancy of the Shoreline Park recreational vehicle area which is held, administered and operated by the City as a tideland asset in accordance with the tideland trust established,

created and defined by the legislative grants from the State in Chapter 676, Statutes of 1911, Chapter 102, Statutes of 1925, Chapter 158, Statutes of 1935, and the provisions of Chapter 29, Statutes of 1956, first extraordinary session, and Chapter 138, Statutes of 1964, first extraordinary session. (Ord. C-5948 § 1, 1983)

16.54.020 Definitions.

As used in this Chapter:

A. "City Manager" is the City Manager of the City of Long Beach.

B. "Manager" is the Manager of the Marine Bureau of the City of Long Beach.

C. "Park" means the Shoreline Park recreational vehicle area located at 200 West Shoreline Drive and situated on those portions of the tidelands area at the western end of Shoreline Park bounded by Shoreline Drive on the north, Shoreline Drive access road on the east, Queens Way Bay on the south, and Queens Way Bridge and Magnolia Avenue on the west.

D. "Permit" is the written permission to use a recreational vehicle site or parking space within the Shoreline Park recreational vehicle area.

E. "Person" means and includes any individual, partnership, corporation, organization, association, federal, State and local governmental entity or political subdivision or agency thereof.

F. "Recreational vehicle" means and includes camp trailers, campers, trailers, and trailer coaches as defined in Sections 242, 243, 630 and 635 respectively of the California Vehicle Code, and any other vehicle which has been modified, altered or converted to accommodate human habitation or human occupancy. (Ord. C-5948 § 1 (part), 1983)

16.54.030 Manager's duties.

The Manager shall supervise, manage and administer the operations of the park and issue all permits for the use and occupancy of recreational vehicle sites and parking spaces therein. (Ord. C-5948 § 1 (part), 1983)

16.54.040 Permit required.

No person shall use, park or occupy any recreational vehicle site or parking space within the park without first having obtained a permit from the Manager and paying the prescribed fee therefor. (Ord. C-5948 § 1 (part), 1983)

16.54.050 Alcoholic beverages.

Notwithstanding the provisions of Section 9.22.010, persons over the age of twenty-one (21) years using, parking at or occupying a recreational vehicle site or parking space within the park under a permit issued by the Manager may transport into the park and drink or consume alcoholic beverages at the assigned recreational vehicle site. (Ord. C-5948 § 1 (part), 1983)

16.54.060 Rules and regulations.

The City Council may adopt, repeal, amend and modify regulations establishing the rates, fees and charges imposed by this Chapter and regulating the activities and operations within the park. Upon adoption, repeal, amendment or modification of the regulations by the City Council, the regulations shall be filed in the office of the City Clerk and posted in a conspicuous place or places within the park. Any person who violates any provision of this Chapter or any regulation adopted pursuant to this Section shall be subject to the penalties provided for in Section 1.32.010. As to any person who is a permittee under the provisions of this Chapter, any violation of any such regulation, in addition to the penalties applicable to persons generally, shall be cause for revocation and cancellation of the person's permit. (Ord. C-5948 § 1 (part), 1983)

CHAPTER 16.55 ADVERTISING ON PUBLIC PROPERTY AND FACILITIES

16.55.010 Definitions.

The words and phrases defined in this Section, wherever used in this Chapter, shall have the meanings indicated unless the context requires a different meaning:

A. "Advertise", and any of its variants, and "advertising display" mean the depiction or presentation on a sign, personal property, bench, fixed device or structure of any name, word, statement, message, drawing, picture, painting, mark, motto, symbol or figure for the purpose of calling attention to a business, trade, organization or activity and/or inducing directly or indirectly, the purchase or use of any specific item of commerce or trade.

B. "Donor recognition program" and any of its variants means contributions of money, equipment, facilities, materials or other goods or services or other consideration in exchange for public recognition in a form and manner determined by the City.

C. "City's advertising policy" means that certain policy on City sponsorship, corporate recognition and advertising, adopted on July 23, 1996, as amended from time to time. (Ord. C-7429 § 1, 1996)

16.55.020 Advertising/recognition agreements.

A. The City may enter into contracts, permits, licenses and agreements with private individuals or organizations to provide advertising space or donor recognition on City-owned real and personal property as may be designated in the City's advertising policy, in exchange for cash, equipment, supplies, services or other valuable consideration.

B. Any contract, permit, license or agreement entered into pursuant to this Chapter shall be in conformity with, and subject to, any limitation imposed by the laws and regulations of the State of California including, but not limited to, the California Environmental Quality Act ("CEQA"), the California Vehicle Code, the City's General Plan, the California Outdoor Advertising Act, applicable zoning laws and regulations and the City's advertising policy.

C. The type, location, size, content and duration of any advertising, advertising display, or donor recognition shall be subject to approval by the City to the extent permitted by law and shall be specified in the contract, permit, license or agreement.

D. Except as permitted herein, no advertising, advertising display or donor recognition shall be permitted on public property or public facilities. (Ord. C-7429 § 1, 1996)

16.55.030 Restrictions.

A. No advertising, advertising display or donor recognition shall contain any reference to or depiction of any of the following:

1. The "specified anatomical areas" or "specified sexual activities" as defined in Section 21.15.110;

2. Any obscene act, gesture or word;

3. Any sale or use of alcohol or tobacco products; and

4. Any sale or use of illegal drugs or paraphernalia.

B. No contract, permit, license or agreement, may permit the logo or seal of the City of Long Beach or any of its departments to be reproduced or distributed in any manner which in any way impersonates a City official, safety officer or employee.

C. No advertising, advertising display or donor recognition shall be permitted on uniforms worn by safety officers, Park Rangers or City security officers.

D. No contract, permit, license or agreement shall permit an advertisement or advertising display to give the appearance or impression that any commercial product or service is endorsed or recommended by the City or any of its agencies, departments, officers or employees.

E. No advertisement, advertising display, or donor recognition shall display the word "stop", "drive", "danger", or any other word, phrase, symbol, lighting or any devices or any components thereof, or character likely to interfere with or mislead pedestrian or vehicular traffic. (Ord. C-7429 § 1, 1996)

CHAPTER 16.58 LABOR PEACE AGREEMENTS FOR THE AIRPORT AND THE LONG BEACH CONVENTION CENTER

16.58.010 Purpose and intent.

A. The City of Long Beach has a financial and proprietary interest in operations that have food and beverage concessions at the Long Beach Airport and the Long Beach Convention Center, since these operations base their concession payments to the City in part on the revenue they generate. Therefore, it is essential that these operations conduct business efficiently and without interruption or boycotts. The City has found that the efficient and uninterrupted operation of concession operations at the Airport and the Convention Center may be threatened by labor disputes. The City's investment in these operations must be shielded from any impact that labor disputes may have on the revenue of these concession operations. The City has further found that the City can only protect its investment by requiring its concessionaires to sign "labor peace agreements" with the labor organizations that represent or are seeking to represent employees in the concession industry. These agreements will prohibit the labor organizations and their members from engaging in picketing, work stoppages, boycotts or other economic interference with the business of the concession operators, for the duration of their concession agreements with the City.

B. This Chapter is not intended to conflict with federal or State law. It is the intention of the City Council that this Chapter be interpreted to be compatible with federal and State enactments and in furtherance of the public purposes which those enactments encompass. (ORD-13-0030, § 1, 2013)

16.58.020 Definitions.

A. "City" means the City of Long Beach.

B. "City Council" means the City Council of the City of Long Beach.

C. "Concession Contract" means any contract from the City covering Concession Operations at the Long Beach Airport and the Long Beach Convention Center.

D. "Concession Contract Amendment" means only an amendment that is required to be separately approved by the City Council and that:

1. extends the term of an existing contract for a period of more than one (1) year (the aggregate limit or maximum total of time that a contract may be extended without being deemed a "Concession Contract Amendment" is not to exceed one (1) year); or

2. approves a reduction in any concession payments to the City for the then existing tenant/operator.

E. "Concession Operations" means the general business operations of food and beverage concessions at the Long Beach Airport and the Long Beach Convention Center, but do not include the provision by an airline of food or beverage to passengers while on board an airplane.

F. "Concession Workers" means all full-time and part-time employees in a Concession Operation, except supervisors and managers.

G. "Concessionaire" means all food and beverage concession contractors together with all tenants, lessees, subtenants, sublessees, subcontractors, successors and assigns of such contractors that provide such concession services at the Long Beach Airport and the Long Beach Convention Center where concession payments to the City depend in any part on the volume of revenue from such services.

H. "Labor Organization" means an organization of any kind, or an agency or employer representation committee or plan, in which employees participate and which exists for the purpose, in whole or in part, of dealing with employers concerning grievances, labor disputes, wages, rates of pay, hours of employment, or conditions of work.

I. "No-Strike Pledge" means a provision in a labor peace agreement prohibiting the Labor Organization and its members from engaging in picketing, work stoppages, boycotts or any other economic interference with the business of Concessionaire at the Long Beach Airport and the Long Beach Convention Center for the duration of the Concession Contract term. (ORD-13-0030, § 1, 2013)

16.58.030 No-Strike Pledge requirement for Concession Operations.

Prior to the execution of any new Concession Contract or Concession Contract Amendment with a Concessionaire, and as a condition precedent to such execution by the City, the Concessionaire shall have: (i) signed a labor peace agreement with each Labor Organization seeking to represent Concession Workers at the premises covered by the Concession Contract, and (ii) submitted to the City a copy of such labor peace agreement, executed by all of the parties. Each labor peace agreement must contain a No-Strike Pledge. (ORD-13-0030, § 1, 2013)

16.58.040 Posting requirements.

Each Concessionaire shall cause the No-Strike Pledge requirement under this Chapter to be posted at its place of business in the Airport or Long Beach Convention Center, so as to be conspicuous to the general public and to patrons entering or using such facilities. (ORD-13-0030, § 1, 2013)

16.58.050 Limitations.

A. Nothing in this Chapter requires a Concessionaire already be unionized at the time it seeks a contract with the City, nor requires a Concessionaire recognize a particular Labor Organization, nor mandates employees choose to unionize.

B. Nothing in this Chapter requires a Concessionaire make any particular promise in order to secure a labor peace agreement: that is left by the City up to the contracting parties to negotiate.

C. This Chapter is not intended to, and shall not be interpreted to, enact or express any generally applicable policy regarding labor-management relations or to regulate those relations in any way.

D. This Chapter is not intended to favor any particular outcome in the determination of employee preference regarding union representation.

E. Nothing in this Chapter permits or requires the City or any Concessionaire to enter into any agreement in violation of the National Labor Relations Act of 1935, approved July 5, 1935 (49 Stat. 449; 29 U.S.C.S. § 151 et seq.). (ORD-13-0030, § 1, 2013)

16.58.060 Severability.

If any provision of this Chapter, or the application thereof to any person or circumstance, is held invalid, that invalidity shall not affect any other provision or application of this Chapter that

can be given effect without the invalid provision or application; and to this end, the provisions or applications of this Chapter are severable. (ORD-13-0030, § 1, 2013)

CHAPTER 16.59 WORKER RETENTION AT THE AIRPORT AND THE LONG BEACH CONVENTION CENTER

16.59.010 Findings and purpose.

A. The City Council finds that the prospect of massive displacement of the large existing workforces at food and beverage concessions at the Long Beach Airport and Long Beach Convention Center would likely cause severe injury to the City's economy and impose significant burdens upon society such as welfare and public health expenses and security risks at such facilities. The City Council finds this policy is the only realistic means of preventing such displacement.

B. The City Council finds that the regulation of worker retention at food and beverage concessions should proceed initially only at the Airport and Convention Center due to factors unique to the businesses at such facilities, including their superior location and ability to pay thanks to large City investments and City policies limiting access to such facilities for competitors, the competency of their existing workforces (including their security clearances and demonstrated record in preserving Airport security), the greater likelihood of mass displacement at these workplaces compared to most others within the City (especially given the large number of persons capable of taking these jobs), and the negative impact on City revenues should new employers refuse to rehire existing workers and thereby spur boycott activities by displaced workers and their organizations.

C. The City Council wishes to fully assess economic and social impacts of regulating these businesses initially before including any other businesses, and thus to proceed in a fully-informed incremental manner.

D. The purpose of establishing worker retention requirements at the Airport and Convention Center is to decrease worker turnover and instability in the workplace. The consequential benefits of such measures are the improvement of the quality of service to the City, the traveling public, and other users of the Airport and Convention Center.

E. This Chapter is not intended to conflict with federal or State law. It is the intention of the City Council that this Chapter be interpreted to be compatible with federal and State enactments and in furtherance of the public purposes which those enactments encompass. (ORD-13-0031, § 1, 2013)

16.59.020 Definitions.

A. "City" means the City of Long Beach.

B. "City Council" means the City Council of the City of Long Beach.

C. "Concession Contract" means any contract from the City covering Concession Operations at the Long Beach Airport or the Long Beach Convention Center.

D. "Concession Operations" means the general business operations of food and beverage concessions at the Long Beach Airport and the Long Beach Convention Center, but do not include the provision by an airline of food or beverage to passengers while on board an airplane.

E. "Concessionaire" means all food and beverage concessions contractors together with all tenants, lessees, subtenants, sublessees, subcontractors, successors and assigns of such contractors that provide such concession services at the Long Beach Airport or the Long Beach Convention Center.

F. "Predecessor Employer" means the Concessionaire at the Long Beach Airport or Long Beach Convention Center that employed Retention Workers to provide substantially similar services for a Concession Operation immediately prior to the Successor Employer.

G. "Retention Workers" means all full-time and part-time employees in a Concession Operation, except supervisors and managers.

H. "Successor Employer" means the new Concessionaire at the Long Beach Airport or Long Beach Convention Center business that succeeds

the Predecessor Employer in the provision of substantially similar Concession Operations. (ORD-13-0031, § 1, 2013)

16.59.030 Worker retention.

A. A Successor Employer shall fill its Concession Operations positions at the Long Beach Airport and the Long Beach Convention Center by first hiring from the workforce which has been or is being displaced by the departure or reduction in force of a Predecessor Employer at such location, and shall retain and not discharge a Retention Worker without cause during the initial ninety (90) work day period of his or her employment. Just cause for discharge shall not include the reason being a Retention Worker receiving superior wages or benefits in their prior positions.

B. In the event that the Successor Employer does not have enough positions available for all Retention Workers, the Successor Employer shall hire the Retention Workers who are eligible for retention by seniority within each employment classification. For any positions that become available during the initial one (1) calendar year period of the new Concession Contract, the Successor Employer will hire Retention Workers by seniority within each employment classification.

C. A Successor Employer shall offer continued employment to each Retention Worker who receives a satisfactory performance evaluation at the end of the initial ninety (90) work day period of employment under terms and conditions established by the Successor Employer for all its employees. (ORD-13-0031, § 1, 2013)

16.59.040 Posting and recordkeeping requirement.

A. Each Concessionaire shall cause the Worker Retention requirements under this Chapter to be posted at its place of business in the Airport or Long Beach Convention Center, so as to be conspicuous to the general public, to patrons entering or using such facilities, and to the Retention Workers employed at such facilities.

B. Each Successor Employer shall maintain records for three (3) years showing the reasons for not hiring or for discharging Retention Workers during the initial ninety (90) work day period. The City Manager and each Retention Worker and their designees are authorized to review these records upon reasonable request to ascertain compliance with this Chapter. (ORD-13-0031, § 1, 2013)

16.59.050 Waiver.

The provisions of this Chapter may not be waived by agreement between an individual Retention Worker and Predecessor or Successor Employer. All of the provisions of this Chapter, or any part hereof, may be waived in a bona fide collective bargaining agreement, but only if the waiver is explicitly set forth in such agreement in clear and unambiguous terms. Unilateral implementation of terms and conditions of employment by either party to a collective bargaining relationship shall not constitute, or be permitted, as a waiver of all or any part of the provisions of this Chapter. (ORD-13-0031, § 1, 2013)

16.59.060 Retaliation.

No person shall discharge, reduce any part of the compensation of, nor discriminate against any Retention Worker due to the enactment of this Chapter or due to his or her assertion of any rights under this Chapter. (ORD-13-0031, § 1, 2013)

16.59.070 Enforcement.

A. The City Manager or his/her designee is invested with the discretionary authority to issue additional rules and regulations interpreting this Chapter and/or establishing complaint procedures related to enforcement of this Chapter. Notwithstanding the foregoing, the City shall be under no duty to monitor compliance with this Chapter; however, the City may consider compliance with this Chapter in making contracting decisions.

B. Any violation of this Chapter may be subject to injunctive relief and any other relief or remedy available at law or equity. (ORD-13-0031, § 1, 2013)

16.59.080 Severability.

If any provision of this Chapter, or the application thereof to any person or circumstance, is held invalid, that invalidity shall not affect any other provision or application of this Chapter that can be given effect without the invalid provision or application; and to this end, the provisions or applications of this Chapter are severable. (ORD-13-0031, § 1, 2013)

CHAPTER 16.60 PAYMENT OF LIVING WAGE TO WORKERS AT THE LONG BEACH AIRPORT, CONVENTION CENTER, AND TEMPORARY AMPHITHEATER

16.60.010 Purpose.

The purpose of this Chapter is to protect the public health, safety and welfare by requiring that public funds be expended in such a manner as to facilitate individual self-reliance by employees of food, beverage and retail concessionaires at the Long Beach Airport, the Long Beach Convention Center, and the Long Beach Temporary Amphitheater. (ORD-25-0008 § 1, 2025; ORD-14-0002, § 1, 2014)

16.60.020 Definitions.

A. "City" means the City of Long Beach.

B. "Compensation" includes any wages, tips, bonuses, and other payments reported as taxable income paid by a Concessionaire to a Concession Worker.

C. "Concession Contract" means any contract from the City covering Concession Operations at the Long Beach Airport, the Long Beach Convention Center, and the Long Beach Temporary Amphitheater.

D. "Concession Contract Amendment" means only an amendment that is required to be separately approved by the City Council and that:

1. extends the term of an existing contract for a period of more than one (1) year (the aggregate limit or maximum total of time that a contract may be extended without being deemed a "Concession Contract Amendment" is not to exceed one (1) year); or

2. approves a reduction in any concession payments to the City for the then existing tenant/operator.

E. "Concession Operations" means the general business operations of food and beverage or retail concessions at the Long Beach Airport, the Long Beach Convention Center, and the Long Beach Temporary Amphitheater, but do not include the provision by an airline of food or beverage to passengers while on board an airplane.

F. "Concession Workers" means all full-time and part-time employees in a Concession Operation.

G. "Concessionaire" means all food and beverage or retail concessions contractors together with all tenants, lessees, subtenants, sublessees, subcontractors, successors and assigns of such contractors that provide such concession services at the Long Beach Airport, the Long Beach Convention Center, or the Long Beach Temporary Amphitheater.

H. "Long Beach Temporary Amphitheater" or "Temporary Amphitheater" means the temporary amphitheater to be built by the City and located adjacent to the Queen Mary.

I. "Service charge" means all separately-designated amounts, regardless of name or label, that are charged and collected by a Concessionaire from customers, that is for service by employees, or is described in such a way that customers might reasonably believe that the amount is for those services or is otherwise to be paid or payable directly to employees or is used to pay for labor or worker protections, including those charges designated on receipts, invoices, or billing statements under the term "service charge," "table charge," "porterage charge," "automatic gratuity charge," "healthcare surcharge," "benefits surcharge," "worker protection fee," or similar language. Service charge does not include a tip or gratuity as defined under state or federal law, or taxes and fees levied by federal, State or local government. (ORD-25-0008 § 1, 2025; ORD-14-0002, § 1, 2014)

16.60.030 Concessionaires subject to the requirements of this Chapter.

Concessionaires at the Long Beach Airport, the Long Beach Convention Center, and the Long

Beach Temporary Amphitheater that enter into any new Concession Contract or Concession Contract Amendment with the City shall comply with the minimum compensation standards established by this Chapter. (ORD-25-0008 § 1, 2025; ORD-14-0002, § 1, 2014)

16.60.040 Payment of minimum compensation.

A. Each Concessionaire subject to this Chapter pursuant to Section 16.60.030 shall pay Concession Workers a wage of not less than the hourly rates set forth in this Section. The hourly rates shall be as follows:

1. On March 16, 2014, thirteen dollars and twenty-six cents ($13.26) per hour worked. This rate shall be adjusted by the amount of increases in the federal minimum wage over the amount in effect on December 31, 2013, or, if greater, by the cumulative increase in the cost of living.

2. On October 1, 2025, twenty-five dollars ($25.00) per hour.

3. On July 1, 2026, twenty-six dollars and fifty cents ($26.50) per hour.

4. On July 1, 2027, twenty-eight dollars ($28.00) per hour.

5. On July 1, 2028, twenty-nine dollars and fifty cents ($29.50) per hour.

The cost of living increase before October 1, 2025, shall be measured by the percentage increase as of December 31 in any year over the level as of December 31, 2013 of the Consumer Price Index (All Urban Consumers, Los Angeles-Riverside-Orange County) as published by the Bureau of Labor Statistics, U.S. Department of Labor or the successor index or federal agency. If in any calendar year there is no increase in the federal minimum wage and the increase in the Consumer Price Index is less than two percent (2%), then the rate shall be adjusted by an increase of two percent (2%). If in any calendar year there is no increase in the federal minimum wage and the increase in the Consumer Price Index is less than two percent (2%), then the rate shall be adjusted by an increase of two percent (2%).

Starting on July 1, 2029, the rate shall be adjusted by the amount of increases in the federal minimum wage over the amount in effect on December 31, 2028, or, if greater, by the cumulative increase in the cost of living. Annually thereafter, the cost-of-living increase shall be measured by the percentage increase as of December 31 in any year over the level as of December 31, 2028, of the Consumer Price Index (All Urban Consumers, Los Angeles-Riverside-Orange County).

The Mayor or the City agency designated by the Mayor shall publish a bulletin by April 1 of each year announcing the adjusted rates, which shall take effect the following July 1. Such bulletin will be made available to all Concessionaires and to any other person who has filed with the Mayor or the designated agency a request to receive such notice but lack of notice shall not excuse noncompliance with this Section. A Concessionaire shall provide written notification of the rate adjustments to each of its Concession Workers and make the necessary payroll adjustments by July 1 following the publication of the bulletin. Tips or gratuities received by Concession Workers and service charges or commissions shall not be credited as being any part of or offset against the wage rates required by this Section.

B. Service charges shall not be retained by a Concessionaire but shall be paid in the entirety by the Concessionaire to the Concession Worker(s) performing services for the customers from whom the service charges are collected. No part of these amounts may be paid to supervisory or managerial employees. The amounts shall be paid to the Concession Worker(s) equitably and according to the services that are or appear to be related to the description of the amounts given by the Concessionaire to the customers. The amounts shall be paid to the Concession Worker(s) in the next payroll following collection of an amount from the customer. The foregoing provisions do not apply to any tip, gratuity, money, or part of any tip, gratuity, or money that has been paid or given to or left for a Concession Worker by customers over and above the actual amount due for services rendered or for food or beverage sold or served to the

customer. (ORD-25-0008 § 1, 2025; ORD-14-0002, § 1, 2014)

16.60.050 Required contract provisions.

Every contract with a Concessionaire subject to this Chapter pursuant to Section 16.60.030 shall contain provisions requiring it to comply with the provisions of this Chapter as they exist on the date when the Concessionaire entered the contract with the City or when such contract is amended. (ORD-25-0008 § 1, 2025; ORD-14-0002, § 1, 2014)

16.60.060 Posting requirements.

Each Concessionaire shall cause the living wage requirement under this Chapter to be posted at its place of business in the Long Beach Airport, Convention Center, or Temporary Amphitheater so as to be conspicuous to the general public, to patrons entering or using such facilities, and to the Concession Workers employed at such facilities. (ORD-25-0008 § 1, 2025; ORD-14-0002, § 1, 2014)

16.60.070 Waiver.

The provisions of this Chapter may not be waived by agreement between an individual Concession Worker and a Concessionaire. All of the provisions of this Chapter, or any part hereof, may be waived in a bona fide collective bargaining agreement, but only if the waiver is explicitly set forth in such agreement in clear and unambiguous terms. Unilateral implementation of terms and conditions of employment by either party to a collective bargaining relationship shall not constitute, or be permitted, as a waiver of all or any part of the provisions of this Chapter. (ORD-25-0008 § 1, 2025; ORD-14-0002, § 1, 2014)

16.60.080 Retaliation.

No person shall discharge, reduce any part of the compensation of, nor discriminate against any Concession Worker due to the enactment of this Chapter or due to his or her assertion of any rights under this Chapter. (ORD-25-0008 § 1, 2025; ORD-14-0002, § 1, 2014)

16.60.090 Enforcement.

A Concession Worker claiming violation of this Chapter may bring an individual or class action against his or her employer in Superior Court to enforce the provisions of this Chapter and shall be entitled to all remedies available under the law or in equity appropriate to remedy any violation of this Chapter, including but not limited to lost compensation, damages, reinstatement or injunctive relief. A Concession Worker who prevails in any action to enforce this Chapter shall be awarded his or her reasonable attorney's fees and litigation expenses. Nothing herein shall be construed to preclude the City or others from obtaining the usual remedies for violations of contract, ordinance or anti-retaliation laws. Notwithstanding the foregoing, the City shall be under no duty to monitor compliance with this Chapter; however, the City may consider compliance with this Chapter in making contracting decisions. (ORD-25-0008 § 1, 2025; ORD-14-0002, § 1, 2014)

16.60.100 Severability.

If any provision of this Chapter, or the application thereof to any person or circumstance, is held invalid, that invalidity shall not affect any other provision or application of this Chapter that can be given effect without the invalid provision or application; and to this end, the provisions or applications of this Chapter are severable. (ORD-25-0008 § 1, 2025; ORD-14-0002, § 1, 2014)

18.25.110 Amount of relocation payments.
18.25.120 Evictions to avoid payment of relocation assistance.
18.25.130 Move-back option.
18.25.140 Certificate of occupancy.
18.25.150 Appeals.
18.25.160 Penalty.
18.25.170 Private right of action.
18.25.180 Application to heirs.
18.25.190 Relationship to other laws.
18.25.200 Penalty fund.
18.25.210 Severability.

Chapter 18.29 Maintenance of Vacant Lots

18.29.060 Purpose.
18.29.070 Definitions.
18.29.080 General requirements for maintenance of vacant properties, lots, or parcels.
18.29.090 Non-compliance declared a nuisance.
18.29.100 Removal of Property from registry.

Chapter 18.30 Proactive Rental Housing Inspection Program

18.30.010 Findings and purpose.
18.30.020 Definitions.
18.30.030 Scope.
18.30.040 Proactive Rental Housing Inspection Program registration.
18.30.050 Proactive Rental Housing Inspection Program fees.
18.30.060 Penalty.
18.30.070 Appeal of late penalty.
18.30.080 Hearing procedure.
18.30.090 Board of Examiners, Appeals and Condemnation's decision.
18.30.100 Tenant rights and responsibilities.
18.30.110 Property owner contact representative.
18.30.120 Inspections.
18.30.130 Notice.
18.30.140 Refusal to permit inspections.
18.30.150 Change of ownership.
18.30.160 Annual review of program.
18.30.170 Regulations non-exclusive.

18.30.180 Alternative non-exclusive remedies.
18.30.190 Conflicts.

Chapter 18.40 Building Code

18.40.010 Adoption of California Building Code.
18.40.020 Amend CBC Section 201.4—Terms not defined.
18.40.040 Amend CBC Section 302.1—Occupancy classification.
18.40.050 Amend CBC 901.2—Fire protection systems.
18.40.060 Add CBC Section 901.8—Protection of fire protection systems and equipment.
18.40.070 Amend CBC Section 903.1—General.
18.40.080 Amend CBC Section 903.2—Where required.
18.40.085 Amend CBC Section 903.2.8—Group R.
18.40.090 Add CBC Section 903.3.5.3—Hydraulic calculations margin.
18.40.100 Add CBC Section 903.3.10.1—Control valve location.
18.40.110 Add CBC Section 903.4.2.1—Signal reporting.
18.40.120 Amend CBC Section 903.4.3—Alarms.
18.40.130 Add CBC Section 903.4.4—Remote annunciator.
18.40.140 Add CBC Section 905.1.1—Design.
18.40.150 Amend CBC Section 905.4 Subsection 1—Location of Class I standpipe hose connections.
18.40.160 Add CBC Sections 907.1.6 through 907.1.10—General.
18.40.170 Amend CBC Section 907.3.1 and Exception 2—Duct smoke detectors.
18.40.180 Add CBC Section 907.9—Fire alarm upgrade.
18.40.190 Add CBC Section 907.10—Smoke removal system.
18.40.200 Amend CBC Section 910.3—Smoke and heat vents.
18.40.210 Add CBC Section 910.3.6—Sprinkler buildings.
18.40.220 Add CBC Section 912.1.1—Design.
18.40.230 Amend CBC Section 912.2.1—Visible location.
18.40.240 Amend CBC Section 912.4—Access.
18.40.250 Add CBC Section 1003.8—Protection of means of egress.
18.40.260 Add CBC Sections 1011.12.3 and 1011.12.4—Stairway to roof.
18.40.270 Amend CBC Section 1208.5—Efficiency dwelling units.
18.40.275 Amend CBC Section 1612.2.
18.40.280 Amend CBC Section 1612.3—Establishment of flood hazard areas.
18.40.290 Amend CBC Section 1612.4—Flood hazard documentation.
18.40.300 Add CBC Sections 1613.8 and 1613.8.1—Amendments to ASCE 7.
18.40.310 Add CBC Section 1613.8.2—Wood Diaphragms.
18.40.320 Add CBC Section 1613.8.3—Structural separation.
18.40.330 Add CBC Section 1613.9—Suspended ceiling.

18.40.340 Amend CBC Section 1704.6—Structural observations.
18.40.350 Amend CBC Section 1704.6.1—Structural observations for structures.
18.40.360 Amend CBC Section 1705.3—Concrete construction.
18.40.370 Amend CBC Section 1705.13—Special inspections for seismic resistance.
18.40.380 Amend CBC Section 1707.1—Alternative test procedure.
18.40.390 Amend CBC Section 1807.1.4—Permanent wood foundation systems.
18.40.400 Amend CBC Section 1807.1.6—Prescriptive design of concrete and masonry foundation walls.
18.40.410 Amend CBC Section 1807.2—Retaining walls.
18.40.420 Amend CBC Section 1807.3.1—Limitations.
18.40.430 Amend CBC Section 1809.3—Stepped footings.
18.40.440 Amend CBC Section 1809.7 and Table 1809.7—Prescriptive footings for light-frame construction.
18.40.450 Amend CBC Section 1809.12—Timber footings.
18.40.460 Amend CBC Section 1810.3.2.4—Timber.
18.40.470 Amend CBC Section 1905.6.2—Seismic design categories C, D, E and F.
18.40.480 Add CBC Sections 1905.8 through 1905.10, Modifications to ACI 318.
18.40.490 Amend CBC Section 2304.10.2—Fastener requirements.
18.40.500 Add CBC Section 2304.10.3.1—Quality of nails.
18.40.510 Amend CBC Section 2304.12.2.8—Wood used in retaining walls and cribs.
18.40.520 Add CBC Section 2305.4—Hold-down connectors.
18.40.530 Amend CBC Section 2306.2—Wood-frame diaphragms.
18.40.540 Amend CBC Section 2306.3—Wood-frame shear walls.
18.40.550 Add CBC Section 2307.2—Wood-frame shear walls.
18.40.560 Amend CBC Table 2308.10.1—Wall bracing requirements.
18.40.570 Amend CBC Section 2308.10.5.1 and Figure 2308.10.5.1—Alternate braced wall (ABW).
18.40.580 Amend CBC Section 2308.10.5.2 and Figure 2308.10.5.2—Portal frame with hold-downs (PFH).
18.40.590 Amend CBC Section 2308.10.8.1—Foundation requirements.
18.40.600 Amend CBC Section 2308.10.9—Attachment of sheathing.
18.40.610 Amend CBC Section 2503.1—Inspection.
18.40.620 Amend CBC Section 3007.6.1—Access to interior exit stairway or ramp.
18.40.630 Amend CBC Section 3114.1—General.
18.40.635 Amend CBC Section 3114.2—Construction documents.
18.40.640 Amend CBC Section 3114.8.4.2—Seismic design parameters.
18.40.650 Amend CBC Section G101.3—Flood hazard scope.
18.40.660 Amend CBC Section G101.4—Flood hazard violation.
18.40.670 Amend CBC Section G101.5—Flood hazard designation of local floodplain administrator.

18.40.680 Add CBC Section G101.6—Flood hazard disclaimer of liability.
18.40.690 Amend CBC Section G102.1—Flood hazard general definitions.
18.40.700 Amend CBC Section G103.1—Flood hazard general.
18.40.710 Amend CBC Section G103.2—Flood hazard establishment.
18.40.720 Add CBC Section G103.3—Flood hazard interpretation of FIRM boundaries.
18.40.730 Amend CBC Section G104.3—Flood hazard determination of design flood elevation.
18.40.740 Amend CBC Section G104.5—Flood hazard floodway encroachment.
18.40.750 Amend CBC Sections G104.6 and G104.6.1—Flood hazard watercourse alteration and engineering analysis.
18.40.760 Amend CBC Section G104.7—Flood hazard alterations in coastal areas.
18.40.770 Add CBC Section G104.11—Flood hazard letter of map revision.
18.40.780 Amend CBC Section G105.4—Flood hazard expiration.
18.40.790 Amend CBC Section G106.1—Flood hazard general variance.
18.40.800 Amend CBC Section G106.2—Flood hazard records.
18.40.810 Amend CBC Section G106.7—Flood hazard conditions for issuance.
18.40.820 Add CBC Section 3109.2.1—Required enclosure.
18.40.830 Add CBC Section 3109.2.2—Access gates.

Chapter 18.41 Residential Code

18.41.010 Adoption of California Residential Code.
18.41.020 Amend CRC Section 201.4—Terms not defined.
18.41.030 Amend CRC Section R301.1.3.2—Woodframe structures.
18.41.040 Amend CRC Table R301.2 and footnote g—Climatic and Geographic Design Criteria.
18.41.050 Amend CRC Section R301.2.2.6—Irregular buildings.
18.41.060 Add CRC Section R301.2.2.11—Anchorage of Mechanical, Electrical, or Plumbing Components and Equipment.
18.41.070 Amend CRC Section R308.1—Address identification.
18.41.080 Amend CRC Section R401.1—Application.
18.41.090 Amend CRC Section R403.1.2—Continuous footing in Seismic Design Categories D_0, D_1 and D_2.
18.41.100 Amend CRC Section R403.1.3.6—Isolated concrete footings.
18.41.110 Amend CRC Section R403.1.5—Slope.
18.41.120 Amend CRC Section R404.2—Wood foundation walls.
18.41.130 Add CRC Section R503.2.4—Openings in horizontal diaphragms.
18.41.140 Amend CRC Table R602.3(1)—Fastening schedule.
18.41.150 Amend CRC Section R602.3.2 and Table R602.3.2—Top plate.
18.41.160 Amend CRC Table R602.3(2)—Alternate attachments to CRC Table R602.3(1).
18.41.170 Amend CRC Section R602.10.2.3—Minimum number of braced wall panels.
18.41.180 Amend CRC Table R602.10.3(3)—Bracing requirements based on Seismic Design Category.

18.41.190 Amend CRC Table R602.10.4—Bracing methods.
18.41.200 Amend CRC Table R602.10.5—Minimum length of braced wall panels.
18.41.210 Amend CRC Figure R602.10.6.1—Method ABW: Alternate braced wall panel.
18.41.220 Amend CRC Figure R602.10.6.2—Method PFH: Portal frame with hold-downs at detached garage door openings.
18.41.230 Amend CRC Figure R602.10.6.4—Method CS-PF: Continuously sheathed portal frame panel construction.
18.41.240 Amend CRC Section R606.4.4-Parapet walls.
18.41.250 Amend CRC Section R606.12.2.2.3—Reinforcement requirements for masonry elements.
18.41.260 Add CRC Section R803.2.4—Openings in horizontal diaphragms.
18.41.270 Amend CRC Section R1001.3.1—Vertical reinforcing.
18.41.280 Amend CRC Section R306.1.1—Alternative provisions.
18.41.290 Amend CRC Section R306.1.4—Establishing the design flood elevation.
18.41.300 Add CRC Section CI100.1—Required enclosure.
18.41.310 Add CRC Section CI100.2—Access gates.

Chapter 18.42 Electrical Code

18.42.010 Adoption of California Electrical Code.

Chapter 18.43 Plumbing Code

18.43.010 Adoption of California Plumbing Code.

Chapter 18.44 Mechanical Code

18.44.010 Adoption of California Mechanical Code.

Chapter 18.45 Housing Code

18.45.010 Adoption of Uniform Housing Code.
18.45.020 Application.
18.45.030 Add UHC Chapter 17—Prohibited uses and maintenance.

Chapter 18.46 Energy Code

18.46.010 Adoption of California Energy Code.

Chapter 18.47 Green Building Standards Code

18.47.010 Adoption.
18.47.020 Amend CALGreen Sections 4.408.1 through 4.408.5—Construction waste reduction, disposal and recycling.
18.47.030 Amend CALGreen Section 5.303.1—Meters.
18.47.040 Add CALGreen Section 5.303.1.3—Mixed-use occupancy.

18.47.050 Amend CALGreen Sections 5.408.1 through 5.408.1.4—Construction waste reduction, disposal and recycling.

Chapter 18.48 Fire Code

18.48.010 Adoption of the California Fire Code.
18.48.020 CFC Chapter 1, Section 101.1—Title.
18.48.030 CFC Chapter 1, Section 101.2—Scope.
18.48.040 CFC Chapter 1, Section 101.2—Scope.
18.48.045 CFC Chapter 1, Section 103.1—Fire Prevention Bureau.
18.48.050 CFC Chapter 1, Section 103.2—Appointment.
18.48.060 CFC Chapter 1, Section 104.4—Right of entry.
18.48.070 CFC Chapter 1, Section 104.7—Official records.
18.48.080 CFC Chapter 1, Section 105.1.2—Types of permits.
18.48.090 CFC Chapter 1, Section 105.1.2—Types of permits.
18.48.100 CFC Chapter 1, Section 105.2—Application.
18.48.110 CFC Chapter 1, Section 105.3.1—Expiration.
18.48.120 CFC Chapter 1, Section 105.5—Required operational permits.
18.48.130 CFC Chapter 1, Section 105.5—Required operational permits.
18.48.140 CFC Chapter 1, Section 105.5.18—Flammable and combustible liquids.
18.48.150 CFC Chapter 1, Section 105.6—Required construction and inspection permits.
18.48.160 CFC Chapter 1, Section 105.6—Required construction and inspection permits.
18.48.170 CFC Chapter 1, Section 108—Fees.
18.48.180 CFC Chapter 1, Section 110.2—Testing and operation.
18.48.190 CFC Chapter 1, Section 110.6—Overcrowding.
18.48.200 CFC Chapter 1, Section 113.4—Violation penalties.
18.48.210 CFC Chapter 1, Section 114.4—Failure to comply.
18.48.220 CFC Chapter 1—Administration.
18.48.230 CFC Chapter 2, Section 202—General definitions.
18.48.240 CFC Chapter 3, Section 307.1.1—Prohibited open burning.
18.48.250 CFC Chapter 3, Section 307.4.2—Recreational fires.
18.48.260 CFC Chapter 3, Section 308.1.7—Sky lanterns.
18.48.270 CFC Chapter 3, Section 312.2—Posts.
18.48.280 CFC Chapter 4, Section 403.11—Special requirements for public safety.
18.48.290 CFC Chapter 5, Section 503.2.1—Dimensions.
18.48.300 CFC Chapter 5, Section 503.2.3—Surface.
18.48.310 CFC Chapter 5, Section 503.2.4—Turning radius.
18.48.320 CFC Chapter 5, Section 505.1—Address identification.
18.48.330 CFC Chapter 5, Section 505.1—Address identification.
18.48.340 CFC Chapter 5, Section 506.1—Where required.

18.48.350 CFC Chapter 5, Section 507.2.1—Private fire service mains.

18.48.360 CFC Chapter 5, Section 507.5—Fire hydrant systems.

18.48.370 CFC Chapter 5, Section 507.5—Fire hydrant systems.

18.48.380 CFC Chapter 5, Section 510.5.4—Acceptance test procedures.

18.48.390 CFC Chapter 5—Fire Service Features.

18.48.400 CFC Chapter 9, Section 901.4.2—Nonrequired fire protection and life safety systems.

18.48.410 CFC Chapter 9, Section 901.4—Fire protection and life safety systems.

18.48.420 CFC Chapter 9, Section 903.1—General.

18.48.430 CFC Chapter 9, Section 903.2—Where required.

18.48.440 CFC Chapter 9, Section 903.2.8—Group R.

18.48.450 CFC Chapter 9, Section 903.3.5—Water supplies.

18.48.460 CFC Chapter 9, Section 903.3.10.1—Floor control valves.

18.48.470 CFC Chapter 9, Section 903.4.2—Monitoring.

18.48.480 CFC Chapter 9, Section 903.4.3—Alarms.

18.48.490 CFC Chapter 9, Section 903.4.3—Alarms.

18.48.500 CFC Chapter 9, Section 903.4—Sprinkler system supervision and alarms.

18.48.510 CFC Chapter 9, Section 905.1—General.

18.48.520 CFC Chapter 9, Section 905.4 Subsection 1—Location of Class I standpipe hose connections.

18.48.530 CFC Chapter 9, Section 907.1—General.

18.48.540 CFC Chapter 9, Section 907.3.1—Duct smoke detectors.

18.48.550 CFC Chapter 9, Section 907.3.1 Exception 2—Duct smoke detectors.

18.48.560 CFC Chapter 9, Section 907—Fire alarm and detection systems.

18.48.570 CFC Chapter 9, Section 910.3—Smoke and heat vents.

18.48.580 CFC Chapter 9, Section 910.3—Smoke and heat vents.

18.48.590 CFC Chapter 9, Section 912.1—Installation.

18.48.600 CFC Chapter 9, Section 912.2.1—Visible location.

18.48.610 CFC Chapter 9, Section 912.4—Access.

18.48.620 CFC Chapter 10, Section 1003—General means of egress.

18.48.630 CFC Chapter 10, Section 1011.12—Stairway to roof.

18.48.640 CFC Chapter 23, Section 2303.1.1—Protection of dispensing devices.

18.48.650 CFC Chapter 23, Section 2306.7.9.2—Vapor-processing systems.

18.48.660 CFC Chapter 23, Section 2306.7.9.2—Vapor-processing system.

18.48.670 CFC Chapter 35—Welding and other hot work.

18.48.680 CFC Chapter 36, Section 3604—Fire protection equipment.

18.48.690 CFC Chapter 48, Section 4807.1—Fire safety officers.

18.48.700 CFC Chapter 56, Section 5601.1—Scope.

18.48.710 CFC Chapter 56, Section 5601.2.4—Financial responsibility.

18.48.720 CFC Chapter 56, Section 5608—Fireworks display.

18.48.730 CFC Chapter 57, Section 5705.3.5.2 Subsection 7—Group R occupancies.

18.48.740 CFC Chapter 61, Section 6101.3—Construction documents.

18.48.750 CFC Chapter 61, Section 6101—General.

18.48.760 CFC Chapter 61, Section 6103.2.2—Industrial vehicles and floor maintenance machines.

18.48.770 CFC Chapter 61, Section 6104.3—Container location.

18.48.780 CFC Appendix B, Table B105.1(1)—Required fire flow for one- and two-family dwellings, Group R-3 and R-4 buildings and townhouses.

18.48.790 CFC Appendix B, Table B105.2—Required fire flow for buildings other than one- and two-family dwellings, Group R-3 and R-4 buildings and townhouses.

Chapter 18.49 Existing Building Code

18.49.010 Adoption of California Existing Building Code.

18.49.020 Amend CEBC Section 201.4—Terms not defined.

18.49.025 Amend CEBC Section 502.4—Existing structural elements carrying lateral load.

18.49.026 Amend CEBC Section 503.4—Existing structural elements carrying lateral load.

18.49.030 Amend CEBC Section 506.1—Compliance.

18.49.040 Amend CEBC Section 506.1.1—Change in the character of use.

18.49.050 Amend CEBC Section 506.5.3—Seismic loads.

18.49.060 Amend CEBC Section 805.3—Existing structural elements resisting lateral loads.

18.49.070 Amend CEBC Section 906.2—Existing structural elements resisting lateral loads.

18.49.080 Amend CEBC Section 1006.3—Seismic loads.

18.49.090 Amend CEBC Section 1103.2—Lateral force-resisting system.

18.49.100 Amend CEBC Section 1401.2—Conformance.

Chapter 18.50 Historical Building Code

18.50.010 Adoption of California Historical Building Code.

18.50.020 Amend CHBC Section 8-201—Definitions.

18.50.030 Amend CHBC Section 8-706.1.2—Evaluation and seismic improvement of URM buildings.

18.50.040 Amend CHBC Section 8-805.1—Existing solid masonry.

18.50.050 Amend CHBC Section 8-805.2.1—Solid backed stone masonry.

18.50.060 Amend CHBC Section 8-805.2.3—Testing of stone masonry.

Chapter 18.51 Wildland-Urban Interface Code

18.51.010 Adoption of California Wildland-Urban Interface Code.

Chapter 18.60 Moving Buildings

18.60.010 Definitions.

18.60.020 Permit—Required.

18.60.030 Permit—Qualification for issuance.
18.60.040 Permit—Terms and conditions of issuance.
18.60.050 Permits—Application—Examination of structure.
18.60.060 Payment of permit fees.
18.60.070 Moving notice—Posting—Contents.
18.60.080 Notice of decision to grant or deny permit.
18.60.090 Written protests against moving—Hearing.
18.60.100 Public hearing on protests—Notice.
18.60.110 Hearing and determination by Board of Examiners, Appeals and Condemnation.
18.60.120 Issuance of permit.
18.60.130 Bond—Posting required.
18.60.140 Bond—Conditions.
18.60.150 Bond—Notice of default to principal and surety.
18.60.160 Bond—Default—Option of surety.
18.60.170 Bond—Term.
18.60.180 Bond—Rights of access to premises.
18.60.190 Expiration of permit—Extension.
18.60.200 Fee schedule.
18.60.210 Route—Approval of Police, Park, and Public Works Departments.
18.60.220 Applicability of chapter.

Chapter 18.62 Report on Available Off-Street Parking Spaces Upon Resale

18.62.010 Intent and purpose.
18.62.020 Definitions.
18.62.030 Report or exemption certificate required.
18.62.040 Application.
18.62.050 Inspection.
18.62.060 Citation.
18.62.070 Delivery of report.
18.62.080 Exemption certificate.
18.62.090 Exclusions.
18.62.100 Penalties.

Chapter 18.63 Alternative Building Standards for Adaptive Reuse Projects

18.63.010 Purpose.
18.63.020 Applicability.
18.63.030 Alternative Building Standards Manual.

Chapter 18.64 Sandblasting

18.64.010 Permit—Required.

18.64.020 Permit—State license required.
18.64.030 Permit—Separate premises.
18.64.040 Permit—Application.
18.64.050 Permit—Inspection fee.
18.64.060 Notice of sandblasting.
18.64.070 Dry sandblasting.
18.64.080 Permitted hours.
18.64.090 Property protection.

Chapter 18.65 Demolition of Historic Landmarks

18.65.010 Demolition of landmarks prohibited without building permit and funding for replacement structure.
18.65.020 Appeal to City Council.
18.65.030 Exception.
18.65.040 Construction.

Chapter 18.67 Construction and Demolition Recycling Program

18.67.005 Purpose.
18.67.010 Definitions.
18.67.020 Covered projects.
18.67.030 Submission of a waste management plan.
18.67.040 Waste diversion deposit.
18.67.050 Administrative fee.
18.67.060 Review of WMP.
18.67.070 Compliance with a WMP.
18.67.080 Exemption.
18.67.090 Appeal.

Chapter 18.68 Earthquake Hazard Regulations

18.68.010 Purpose.
18.68.020 Scope.
18.68.021 Definitions.
18.68.022 Symbols and notations.
18.68.023 General requirements.
18.68.024 Material requirements.
18.68.025 Quality control.
18.68.026 Allowable design values.
18.68.027 Analysis and design.
18.68.028 Detailed system design requirements.

18.68.030 Prima facie hazard grading.
18.68.040 Special and intermediate hazards.
18.68.050 Priority and method of grading.
18.68.060 Calculation of actual lateral force capacity V_{CAP}.
18.68.070 Hazardous grading and dates of corrective action.
18.68.080 Hazardous grading subject to change.
18.68.090 Notice of corrective action.
18.68.100 Application for order of abatement of nuisance.
18.68.110 Hearing by Board.
18.68.120 Appeals to City Council.
18.68.130 Owner responsibility to demolish structure.
18.68.135 Landmark structures—Alternatives to demolition.
18.68.140 Notice of pending order of demolition.
18.68.150 Owner responsibility to accomplish hazard reduction measures.
18.68.160 Jurisdiction of Board or Council over certain cases.
18.68.170 Hearing—Failure of owner to proceed in good faith.
18.68.180 Notification to owners of buildings four stories or more in height.
18.68.190 Notice of county recorder.
18.68.200 Figure No. A-23-1.
18.68.210 Tables A-23-A through A-23-F.
18.68.220 Standard No. 24-40, in-place masonry shear tests.
18.68.221 Standard No. 24-41, tests of anchors in unreinforced masonry walls.
18.68.222 Standard No. 24-42, pointing of unreinforced masonry walls.

18.79.100 Covenant and agreement.
18.79.110 Reference Standards.
18.79.120 Adoption of administrative rules.

Chapter 18.99 Findings

18.99.010 Purpose.

CHAPTER 18.01 GENERAL PROVISIONS

18.01.010 Title.

These regulations shall be known as the "Long Beach Building Standards Code," a portion of the "Long Beach Municipal Code," hereinafter referred to as "this title." This title adopts by reference portions of the California Building Standards Code as required by Section 17958 of the California Health and Safety Code. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.01.020 Purpose.

The purpose of this title is to:

1. Establish the minimum requirements to safeguard the public health, safety and general welfare through structural strength, means of egress facilities, accessibility, stability, sanitation, adequate light and ventilation, energy conservation, and safety to life and property from fire and other hazards attributed to the built environment and to provide safety to fire fighters and emergency responders during emergency operations.

2. Provide minimum provisions considered necessary for safety, efficiency, adequacy and the practical safeguarding of persons and of buildings, structures and their contents from hazards arising from the use of electricity for light, heat, power, radio signaling and for other purposes, as well as some provisions for future expansion of electrical use.

3. Provide minimum requirements and standards for the protection of the public health, safety and welfare by regulating and controlling the design, construction, installation, quality of materials, location, operation and maintenance of plumbing fixture and fixture fittings, water heaters, water supply and distribution system, sanitary drainage, indirect wastes, vents, traps and interceptors, storm drainage, fuel piping, and gray water systems.

4. Provide minimum standards to safeguard life or limb, health, property and public welfare by regulating and controlling the design, construction, installation, quality of materials, location, operation and maintenance of heating, ventilating, cooling, refrigeration systems, incinerators and other miscellaneous heat producing appliances.

5. Improve public health, safety and general welfare by enhancing the design and construction of buildings through the use of building concepts having a reduced negative impact, or positive environmental impact and encouraging sustainable construction practices in planning and design, energy efficiency, water efficiency and conservation, material conservation and resource efficiency, and environmental quality.

6. Ensure public health, safety and welfare insofar as they are affected by the continued occupancy and maintenance of structures and premises.

7. Establish the minimum requirements consistent with nationally recognized good practice for providing a reasonable level of life safety and property protection from the hazards of fire, explosion or dangerous conditions in new and existing buildings, structures and premises and to provide safety to fire fighters and emergency responders during emergency operations. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.01.030 Scope.

The provisions of this title shall apply to:

1. The site preparation and the construction, alteration, relocation, enlargement, replacement, repair, equipment, use and occupancy, location, maintenance, removal and demolition of every building or structure or appurtenances connected or attached to such buildings and structures within the City, except work located primarily in a public way, as regulated by Title 14, other than pedestrian protection structures required by Section 3306 of the California Building Code adopted in Chapter 18.40, public utility, towers and poles, mechanical equipment not specifically regulated in this title, and hydraulic flood control structures.

2. All electrical systems or equipment installed, used, maintained, rented, leased, or of-

fered for sale or distributed for use in the City, except those electrical systems and equipment exempted from the provisions of this title.

3. The erection, installation, alteration, repair, relocation, replacement, addition to, use, or maintenance of plumbing within the City, except those plumbing and plumbing installations exempted from the provisions of this title.

4. The addition to or erection, installation, alteration, repair, relocation, replacement, use, or maintenance of any heating, ventilating, cooling, refrigeration systems; incinerators; or other miscellaneous heat-producing appliances within the City, except those mechanical systems and equipment exempted from the provisions of this title. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.01.040 Work not in scope.

The provisions of this title shall not apply to any of the following:

1. Swings and other playground equipment accessory to detached one- and two-family dwellings.

2. Towers or poles supporting public utility communication lines, antennas, or power transmission lines.

3. Gantry cranes, drill presses, and other similar manufactured machinery or equipment.

4. Water tanks supported on a foundation at grade if the capacity does not exceed five thousand (5,000) gallons (18,927 L) and the ratio of the height to diameter or width does not exceed two to one (2:1).

5. Temporary motion picture, television and theater stage sets and scenery that are not supported by any building.

6. Work in a public way, dams and drainage structures constructed by or under contract with the Department of Public Works, the Department of Water and the County Flood Control District, unless the structure forms a portion of the support for a building or a structure coming within the jurisdiction of the Building Official.

7. Portable amusement devices and structures, including merry-go-rounds, Ferris wheels, rotating conveyances, slides, similar devices, and portable accessory structures whose use is necessary for the operation of such amusement devices and structures; any portable accessory structure included in the provisions of this chapter shall be limited to a cover or roof over each device, but shall not include any storage building or detached structure which is not an integral part of the device; and provided, however, that any electrical installations shall require subtrade permits where applicable and be regulated by this title; and provided further that any special event activity shall require Fire Department's approval.

8. Nothing in this title shall apply to any excavation, removal, fill or deposit of any earth or other materials from individual interment sites, underground crypts or burial vaults within a property which is dedicated or used for cemetery purposes, provided that such work does not affect the lateral support or increase the stresses in or pressure upon any adjacent or contiguous property not owned by the cemetery authority.

9. Any portable metal hangar less than two thousand (2,000) square feet in size, located on the City-owned airport property, used for the parking of aircraft only, and bearing evidence of approval by the California Department of Motor Vehicles for movement on any highway. Such structure shall, as an integral part of its basic construction, be equipped with a hitch or coupling device for towing. It shall accommodate, without further major structural change, wheel and axle assemblies which will provide such structure with a safe means of portability. No water or sanitary facilities shall be permitted in such structure and it shall be equipped with permanent ventilation as required for group S-2 occupancy; and is not in violation of the Zoning Regulations. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.01.050 Referenced codes.

The codes listed in this section and referenced elsewhere in this title shall be considered part of the requirements of this title to the prescribed extent of each such reference.

A. Building Code. The provisions of the California Building Code adopted in Chapter 18.40 shall apply to the construction, alteration, movement, enlargement, replacement, repair, equipment, use and occupancy, location, maintenance, removal and demolition of every building or structure or any appurtenances connected or attached to such buildings or structures.

B. Residential Code. The provisions of the California Residential Code adopted in Chapter 18.41 shall apply to the construction, alteration, movement, enlargement, replacement, repair, equipment, use and occupancy, location, removal and demolition of detached one- and two-family dwellings and townhouses not more than three (3) stories above grade plane in height with a separate means of egress and their accessory structures not more than three (3) stories above grade plane in height.

C. Electrical Code. The provisions of the California Electrical Code adopted in Chapter 18.42 shall apply to the installation of electrical systems, including alterations, repairs, replacement, equipment, appliances, fixtures, fittings and appurtenances thereto.

D. Plumbing Code. The provisions of the California Plumbing Code adopted in Chapter 18.43 shall apply to the installation, alteration, repair and replacement of plumbing systems, including equipment, appliances, fixtures, fittings and appurtenances, and where connected to a water or sewage system and all aspects of a medical gas system.

EXCEPTION: Chapter 18.43 shall not apply to any sewer, potable water, or gas lines or pipes constructed, maintained and regulated by a City department or agency.

E. Mechanical Code. The provisions of the California Mechanical Code adopted in Chapter 18.44 shall apply to the installation, alterations, repairs and replacement of mechanical systems, including equipment, appliances, fixtures, fittings and/or appurtenances, including ventilating, heating, cooling, air-conditioning and refrigeration systems, incinerators and other energy-related systems.

F. Housing Code. The provisions of the Uniform Housing Code adopted in Chapter 18.45 shall apply to existing structures and premises; equipment and facilities; light, ventilation, space heating, sanitation, life and fire safety hazards; responsibilities of owners, operators and occupants; and occupancy of existing buildings or portions thereof used, or designed or intended to be used, for human habitation.

G. Energy Code. The provisions of the California Energy Code adopted in Chapter 18.46 shall apply to all matters governing the design and construction of buildings for energy efficiency.

H. Green Building Code. The provisions of the California Green Building Standards Code adopted in Chapter 18.47 shall apply to the planning, design, operation, construction, use and occupancy of every newly constructed building or structure, unless otherwise indicated in this title, throughout the City.

I. Fire Code. The provisions of the California Fire Code adopted in Chapter 18.48 establishes regulations affecting or relating to structures, processes, premises and safeguards relating to all of the following:

1. The hazard of fire and explosion arising from the storage, handling or use of structures, materials or devices.

2. Conditions hazardous to life, property or public welfare in the occupancy of structures or premises.

3. Fire hazards in the structure or on the premises from occupancy or operation.

4. Matters related to the construction, extension, repair, alteration or removal of fire suppression and alarm systems.

5. Conditions affecting the safety of fire fighters and emergency responders during emergency operations.

J. Existing Building Code. The provisions of the California Existing Building Code adopted in

Chapter 18.49 shall apply to the repair, alteration, change of occupancy, addition and relocation of existing buildings and structures.

K. Historical Building Code. The provisions of the California Historical Building Code adopted in Chapter 18.50 shall apply in permitting repairs, alterations and additions necessary for the preservation, restoration, reconstruction, rehabilitation, relocation or continued use of a qualified historical building or property when so elected by the private property owner.

L. Wildland-Urban Interface Code. The provisions of the California Wildland-Urban Interface Code adopted in Chapter 18.51 shall apply to the construction of all new buildings constructed in any fire hazard severity zone or any wildland-urban interface fire area.

M. Zoning Regulations. The provisions of the Zoning Regulations of the City of Long Beach and the Transitional Zoning Code adopted in Titles 21 and 22, respectively, shall apply to all development or use of property within the City of Long Beach, as indicated in the applicable Title. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.01.060 Applicability.

A. General. Where there is a conflict between a general requirement and a specific requirement, the specific requirement shall be applicable. Where, in any specific case, different chapters or sections of this title specify different materials, methods of construction or other requirements, the most restrictive shall govern. All the provisions of this title shall be limitations for safeguarding life, limb, health, property and public welfare. If two (2) or more pertinent limitations are not identical, those limitations shall prevail which provide the greater safety to life or limb, health, property or public welfare.

B. Other laws. The provisions of this title shall not be deemed to nullify any provisions of local, State or Federal law.

C. Referenced codes and standards. The codes and standards referenced in this title shall be considered part of the requirements of this title to the prescribed extent of each such reference. Where differences occur between provisions of this title and referenced codes and standards, the provisions of this title shall apply. Wherever in this title reference is made to the appendix of a referenced code or standard, the provisions in the appendix shall not apply unless specifically adopted by this title. Where intervening code adoption, errata, or supplement of referenced codes or standards results in the requirements of this title being in conflict with the referenced codes or standards, the more restrictive requirement shall apply except where determined by the Building Official that the adopted amendment is applicable.

D. Partial invalidity. In the event that any part or provision of this title is held to be illegal or void, this shall not have the effect of making void or illegal any of the other parts or provisions.

E. Existing buildings or structures.

1. Legal occupancy. The legal occupancy of any building and structure existing on the date of adoption of this title shall be permitted to continue without change, except as is specifically covered in this title, the codes and standards referenced and adopted in this title, or as is deemed necessary by the Building Official or Fire Code Official for the general safety and welfare of the occupants and the public.

2. Responsibility for maintenance. All buildings and structures, both existing and new, and all parts thereof, shall be maintained in a safe and sanitary condition. All devices or safeguards that are required by this title shall be maintained in conformance with the code requirements under which it was installed. To determine compliance with this section, the Building Official or Fire Code Official may cause any building or structure to be reinspected.

Every owner remains liable for violations of duties imposed upon him or her by this title even though an obligation is also imposed on the occupants of his or her building, and even though the owner has, by agreement, imposed on the occupant the duty of furnishing required equipment or of complying with this title.

Every owner, or his or her agent, in addition to being responsible for maintaining his or her building in a sound structural condition, shall be responsible for keeping that part of the building or premises which he or she occupies or controls in a clean, sanitary and safe condition including the shared or public areas in a building containing two (2) or more dwellings.

F. Existing subtrade installation.

1. Existing electrical installation. Nothing contained in this title shall be construed to restrict the use, nor to require any person to reinstall, reconstruct, alter, change or remove any electrical wiring or equipment which complied with the laws and regulations of the City in effect before the effective date of this title unless the same is dangerous, unsafe or a hazard to life or property in the judgment of the Building Official. Additions or alterations to, and alterations and renewals of existing installations shall be made in compliance with the provisions of this title.

EXCEPTION: In locations where the existing electrical system was of some other type of approved wiring, an existing circuit may be increased to its maximum safe carrying capacity or with the addition of not to exceed five (5) lights, plugs or switch outlets. Not more than ten (10) such outlets may be added to an existing electrical system unless all new wiring is in conformity with the provisions of this title.

2. Existing plumbing installation. Nothing contained in this title, with the exception of the change of building occupancy or use, shall be construed to require any plumbing construction or work, regulated by this title to be altered, changed, reconstructed, removed or demolished if such plumbing work was installed which complied with the laws and regulations of the City in effect before the effective date of this title, unless the same is dangerous, unsafe, unsanitary or a menace to life, health or property, in the judgment of the Building Official.

Plumbing systems that are a part of any building or structure undergoing a change in use or occupancy shall comply with all requirements of this title that may be applicable to the new use or occupancy.

3. Existing mechanical installation. Additions, alterations or repairs may be made to any mechanical system without requiring the existing mechanical system to comply with all the requirements of this title, provided the addition, alteration or repair conforms to that required for a new mechanical system. Additions, alterations or repairs shall not cause an existing system to become unsafe or create unhealthy or overloaded conditions in the judgment of the Building Official.

EXCEPTION: Minor additions, alterations and repairs to existing mechanical systems may be installed in accordance with the law in effect at the time the original installation was made if such mechanical system may be used safely for such purposes, that there is an urgent necessity for such use, and if approved by the Building Official.

Heating, ventilating, cooling, or refrigeration systems, incinerators or other miscellaneous heat producing appliances lawfully installed prior to the effective date of this title may have their existing use, maintenance or repair continued if the use, maintenance or repair is in accordance with the original design and location and is not a hazard to life, health or property in the judgment of the Building Official.

Mechanical systems that are a part of any building or structure undergoing a change in use or occupancy shall comply with all requirements of this title that may be applicable to the new use or occupancy.

All heating, ventilating, cooling, or refrigeration systems, incinerators or other miscellaneous heat-producing appliances, both existing and new, and all parts thereof, shall be maintained in a safe and sanitary condition. All devices or safeguards which are required by this title in heating, ventilating, cooling, or refrigeration systems, incinerators or other miscellaneous heat-producing appliances when installed, altered or repaired, shall be maintained in good working order. The owner, or his designated agent, shall be responsible for the main-

tenance of heating, ventilating, cooling, refrigeration systems, incinerators or other miscellaneous heat-producing appliances.

G. Unsafe buildings or structures. The regulations for the abatement of unsafe buildings and structures are enumerated in Chapter 18.20.

H. Long-term boarded or vacated buildings. The regulations for the maintenance of long-term boarded or vacated buildings are enumerated in Chapter 18.21.

I. Temporary structures and uses. The regulations for temporary structures and uses are enumerated in Subsection 18.04.010.H.

J. Moved buildings or structures. Buildings or structures moved into or within the City shall comply with the provisions of this title for new buildings or structures. The regulations for moving buildings are enumerated in Chapter 18.60.

EXCEPTION: Apartment houses and dwellings shall be allowed the retention of existing materials and methods of construction so long as the apartment house or dwelling complies with the rules and regulations of the California Housing and Community Development Commission, complies with the standards for foundations applicable to new construction, and does not become or continue to be a substandard building.
(ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

CHAPTER 18.02 DEFINITIONS

18.02.010 General.

A. Scope. Unless otherwise expressly stated, the following words and terms shall, for the purpose of this title, have meanings shown in this chapter.

B. Interchangeability. Words used in the present tense include the future; words stated in the masculine gender include the feminine and neuter; the singular number includes the plural and the plural, the singular.

C. Terms defined in other titles, chapters or codes. Where terms are not defined in this title and are defined in other titles, chapters or codes, such terms shall have the meanings ascribed to them as in those titles, chapters or codes.

D. Terms not defined. Where terms are not defined through the methods authorized by this section, such terms shall have ordinarily accepted meanings such as the context implies. Webster's Third New International Dictionary of the English Language, Unabridged shall be considered as providing ordinarily accepted meanings. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.02.020 Definitions.

"Building Official" means a duly authorized representative for the City of Long Beach Department of Community Development, Building and Safety Bureau or Code Enforcement Bureau, designated by the Director.

"California Building Code" or "CBC" or "Building Code" means the code adopted in Chapter 18.40 of this title.

"California Electrical Code" or "CEC" or "Electrical Code" means the code adopted in Chapter 18.42 of this title.

"California Energy Code" or "Energy Code" means the code adopted in Chapter 18.46 of this title.

"California Existing Building Code" or "CEBC" or "Existing Building Code" means the code adopted in Chapter 18.49 of this title.

"California Fire Code" or "CFC" or "Fire Code" means the code adopted in Chapter 18.48 of this title.

"California Green Building Standards Code" or "CalGreen Code" or "Green Code" means the code adopted in Chapter 18.47 of this title.

"California Historical Building Code" or "CHBC" or "Historical Building Code" means the code adopted in Chapter 18.50 of this title.

"California Mechanical Code" or "CMC" or "Mechanical Code" means the code adopted in Chapter 18.44 of this title.

"California Plumbing Code" or "CPC" or "Plumbing Code" means the code adopted in Chapter 18.43 of this title.

"California Residential Code" or "CRC" or "Residential Code" means the code adopted in Chapter 18.41 of this title.

"California Wildland-Urban Interface Code" or "CWUI" or "WUI Code" means the code adopted in Chapter 18.51 of this title.

"Certificate of Occupancy" or "Occupancy Certificate" means the certificate issued by the Building Official pursuant to Chapter 18.08 when, after final inspection, it is found that a building or structure complies with all requirements of this title. When used with reference to a building or structure which was constructed and occupied prior to the effective date of any provisions requiring such a certificate, it shall mean the right to occupy such building or structure.

"City" means the City of Long Beach, California.

"Dangerous building" or "dangerous" means any building or structure which has any or all of the conditions or defects hereinafter described, provided that such conditions or defects exist to the extent that life, health, property, or safety of the public or its occupants are endangered or persons in the vicinity thereof:

1. Whenever any door, aisle, passageway, stairway or other means of exit is not of sufficient width or size, or is not so arranged as to provide safe and adequate means of exit in case of fire or panic;

2. Whenever the stress in any materials, member or portion thereof, due to all dead and live loads, is more than one and one-half (1-1/2) times the working stress or stresses allowed in this title for new buildings of similar structure, purpose or location;

3. Whenever any portion thereof has been damaged by fire, earthquake, wind, flood, or by any other cause, to such an extent that the structural strength or stability thereof is materially less than it was before such catastrophe and is less than the minimum requirements of this title for new buildings of similar structure, purpose or location;

4. Whenever any portion or member or appurtenance thereof is likely to fail, or to become detached or dislodged, or to collapse and thereby injure persons or damage property;

5. Whenever any portion of a building, or any member, appurtenance or ornamentation on the exterior thereof is not of sufficient strength or stability, or is not so anchored, attached or fastened in place so as to be capable of resisting a wind pressure of one-half (1/2) of that specified in this title for new buildings of similar structure, purpose or location without exceeding the working stresses permitted in this title for such buildings;

6. Whenever any portion thereof has wracked, warped, buckled or settled to such an extent that walls or other structural portions have materially less resistance to winds or earthquakes than is required in the case of similar new construction;

7. Whenever the building or structure, or any portion thereof, because of: (a) dilapidation, deterioration, or decay; (b) faulty construction; (c) the removal, movement or instability of any portion of the ground necessary for the purpose of supporting such building; (d) the deterioration, decay or inadequacy of its foundation; or (e) any other cause, is likely to partially or completely collapse;

8. Whenever, for any reason, the building or structure, or any portion thereof, is manifestly unsafe for the purpose for which it is being used;

9. Whenever the exterior walls or other vertical members list, lean or buckle to such an extent that a plumb line passing through the center of gravity does not fall inside the middle one-third (1/3) of the base;

10. Whenever the building or structure, exclusive of the foundation, shows thirty-three percent (33%) or more damage or deterioration of its supporting member or members, or fifty percent (50%) damage or deterioration of its nonsupporting members, enclosing or outside walls, or coverings;

11. Whenever the building or structure has been so damaged by fire, wind, earthquake or flood, or has become so dilapidated or deteriorated as to become: (a) an attractive nuisance to children; (b) a harbor for vagrants, criminals or immoral persons; or (c) as to enable persons to resort thereto for the purpose of committing unlawful or immoral acts;

12. Whenever any building or structure has been constructed, exists or is maintained in violation of any specific requirement or prohibition applicable to such building or structure provided by this title;

13. Whenever any building or structure which, whether or not erected in accordance with all applicable laws and ordinances, has in any nonsupporting part, member or portion less than fifty percent (50%), or in any supporting part, member or portion less than sixty-six percent (66%) of the: (a) strength; (b) fire-resisting qualities or characteristics; or (c) weather-resisting qualities or characteristics required by law in the case of a newly constructed building of like area, height and occupancy in the same location;

14. Whenever a building or structure, used or intended to be used for dwelling purposes, because of inadequate maintenance, dilapidations, decay, damage, faulty construction or arrangement, inadequate light, air or sanitation facilities, or otherwise, is determined by the Health Officer to be unsanitary, unfit for human habitation or in such a condition that is likely to cause sickness or disease;

15. Whenever any building or structure, because of obsolescence, dilapidated condition, deterioration, damage, inadequate exits, lack of sufficient fire-resistive construction, faulty electric wiring, gas connections or heating apparatus, or other cause, is determined by the Fire Chief to be a fire hazard;

16. Whenever any building or structure is in such a condition as to constitute a public nuisance under common law or equity jurisprudence; and/or

17. Whenever any portion of a building or structure remains on a site after the demolition or destruction of the building or structure or whenever any building or structure is abandoned for a period in excess of six (6) months so as to constitute such building or portion thereof an attractive nuisance or hazard to the public.

"Department" means the City of Long Beach Department of Community Development.

"Director" means the Director of Community Development for the City of Long Beach Department of Community Development or a duly authorized representative.

"Fire Chief" means the Fire Chief of the City of Long Beach Fire Department or a duly authorized representative.

"Fire Code Official" means the Fire Marshal for the City of Long Beach Fire Department or a duly authorized representative designated by the Fire Chief.

"Foundation-only permit" is a building permit issued for that portion of a building which constitutes the footings for the building and which may, subject to the approval of the Building Official, include those portions of the building below the grade level.

"Nuisance" means:

1. Any public nuisance known at common law or in equity jurisprudence or as declared by ordinance;

2. Any attractive nuisance which may prove detrimental to children whether in a building, on the premises of a building, or upon an unoccupied lot; this includes any abandoned structure, basement or excavation; any structurally unsound fence or structure; any lumber, trash, fence, debris or vegetation which may prove a hazard for inquisitive minors;

3. Whatever is dangerous to human life or is detrimental to health;

4. Overcrowding a room with occupants;

5. Insufficient ventilation or illumination;

6. Inadequate or unsanitary sewage or plumbing facilities;

7. Uncleanliness, when so determined by the Health Officer;

8. Whatever renders air, food or drink unwholesome or detrimental to the health of human beings when so determined by the Health Officer; and/or

9. Dangerous or substandard buildings or conditions as defined in this title.

"Occupancy" means the purpose for which a building, or part of a building, is used or intended to be used. The term "occupancy" as used in this title shall include the room housing that occupancy and the space immediately above a roof or structure if used or intended to be used for other than a shelter.

"Permittee" means the person, firm or corporation authorized to obtain a permit pursuant to Subsection 18.04.070.A of this title.

"Police Chief" means the Police Chief of the City of Long Beach Police Department or a duly authorized representative.

"State" means the State of California.

"Substandard building" means any building or other structure, or the premises on which the same is located, where any of the following conditions exist to an extent which, in the opinion of the Building Official or Fire Code Official, endangers the life, limb, health, property, safety or welfare of the occupants thereof, or of the public:

1. Inadequate sanitation. "Inadequate sanitation" shall include, but not be limited to, the following:

a. Lack of or improper water closet, lavatory, bathtub or shower in a dwelling unit;

b. Lack of or improper water closets, lavatories and bathtubs or showers per number of guests in a hotel;

c. Lack of or improper kitchen sink;

d. Lack of hot and cold running water to plumbing fixtures in a hotel;

e. Lack of hot and cold running water to plumbing fixtures in a dwelling unit;

f. Lack of adequate heating;

g. Lack of, or improper operation of, required ventilating equipment;

h. Lack of minimum amounts of natural light and ventilation required by this title;

i. Room and space dimensions less than required by this title;

j. Lack of required electrical lighting;

k. Dampness of habitable rooms;

l. Infestation of insects, vermin or rodents as determined by the Health Officer;

m. General dilapidation or improper maintenance;

n. Lack of connection to required sewage disposal system; and/or

o. Lack of adequate garbage and rubbish storage and removal facilities as determined by the Health Officer.

2. Structural hazards. "Structural hazards" shall include, but not be limited to, the following:

a. Deteriorated or inadequate foundations;

b. Defective or deteriorated flooring or floor supports;

c. Flooring or floor supports of insufficient size to carry imposed loads with safety;

d. Members of walls, partitions or other vertical supports that split, lean, list or buckle due to defective material or deterioration;

e. Members of walls, partitions or other vertical supports that are of insufficient size to carry imposed loads with safety;

f. Members of ceilings, roofs, ceiling and roof supports, or other horizontal members which sag, split or buckle due to defective material or deterioration;

g. Members of ceilings, roofs, ceiling and roof supports, or other horizontal members that are of insufficient size to carry imposed loads with safety;

h. Fireplaces or chimneys which list, bulge or settle due to defective material or deterioration; and/or

i. Fireplaces or chimneys which are of insufficient size or strength to carry imposed loads with safety.

3. Nuisance. Any "nuisance" as defined in this title.

4. Hazardous wiring. All wiring except that which conformed with all applicable laws in effect at the time of installation if it is currently in good and safe condition and working properly.

5. Hazardous plumbing. All plumbing except that which conformed with all applicable laws in effect at the time of installation and which has been maintained in good condition or which may not have conformed with all applicable laws in effect at the time of installation but is currently in good and safe condition and working properly and which is free of cross connections and siphonage between fixtures.

6. Hazardous mechanical equipment. All mechanical equipment, including vents, except that which conformed with all applicable laws in effect at the time of installation and which has been maintained in good and safe condition, or which may not have conformed with all applicable laws in effect at the time of installation but is currently in good and safe condition and working properly.

7. Faulty weather protection, which shall include, but not be limited to, the following:

a. Deteriorated, crumbling or loose plaster;

b. Deteriorated or ineffective water proofing of exterior walls, roof, foundations or floors, including broken windows or doors;

c. Defective or lack of weather protection for exterior wall coverings, including lack of paint, or weathering due to lack of paint or other approved protective covering; and/or

d. Broken, rotted, split or buckled exterior wall coverings or roof coverings.

8. Fire hazard. Any building or portion thereof, device, apparatus, equipment, combustible waste or vegetation which, in the opinion of the Fire Chief, is in such a condition as to cause a fire or explosion or provide a ready fuel to augment the spread and intensity of fire or explosion arising from any cause.

9. Faulty materials of construction. All materials of construction except those which are specifically allowed or approved by this title, and which have been adequately maintained in good and safe condition.

10. Hazardous or unsanitary premises. Those premises on which an accumulation of weeds, vegetation, junk, dead organic matter, debris, garbage, offal, rat harborages, stagnant water, combustible materials and similar materials or conditions constitute fire, health or safety hazards.

11. Inadequate maintenance. Any building or portion thereof which is determined to be dangerous as defined in Section 18.02.020.

12. Inadequate exits. All buildings or portions thereof not provided with adequate exit facilities as required by this title except those buildings or portions thereof whose exit facilities conformed with all applicable laws at the time of their construction and which have been adequately maintained and increased in relation to any increase in occupant load, alteration or addition, or any change in occupancy.

When an unsafe condition exists through lack of or improper location of exits, additional exits may be required to be installed.

13. Inadequate fire protection or firefighting equipment. All buildings or portions thereof which are not provided with the fire-resistive construction or fire extinguishing systems, or equipment required by this title, except those buildings or portions thereof which conformed with all applicable laws at the time of their construction and whose fire-resistive integrity and fire extinguishing systems or equipment have been adequately maintained and improved in relation to any increase in occupant load, alteration or addition, or any change in occupancy.

14. Improper occupancy. All buildings or portions thereof occupied for living, sleeping, cooking or dining purposes which are not designed or intended to be used for such occupancies.

15. Inadequate structural resistance to horizontal forces.

"Title" or "this title" means Title 18 of the Long Beach Municipal Code.

"Uniform Housing Code" or "UHC" or "Housing Code" means the code adopted in Chapter 18.45 of this title. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

CHAPTER 18.03 ADMINISTRATION AND ENFORCEMENT

18.03.010 Department of Community Development.

A. General. There is established in the City a Department known and designated as the Department of Community Development. In addition to the duties imposed upon said Department by the City Charter and other ordinances of the City, the Building and Safety Bureau of said Department is designated to enforce all of the provisions of State law applicable to the erection or construction of buildings or structures pursuant to Section 17960 of the California Health and Safety Code, except such provisions relating to maintenance, sanitation, occupancy and use which affect the health and welfare of occupants and which shall be designated by the City Manager as the responsibility of the City Health Officer or a duly authorized representative.

B. Appointment. The City Manager shall, upon recommendation of the Director, appoint the Building Official as shall be required and shall be authorized from time to time by ordinance.

C. Deputies. The City Manager shall, upon recommendation of the Director, appoint such officers, inspectors, plans examiners and other employees as shall be required and shall be authorized from time to time by ordinance.

D. Certification. All construction inspectors, plans examiners and Building Official as defined in Sections 18949.25 through 18949.27 of the California Health and Safety Code shall obtain certification when required by Section 18949.28 of the California Health and Safety Code from a recognized state, national, or international association, as determined by the City. The area of certification shall be closely related to the primary job function, as determined by the City.

(ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

Editor's note—ORD-25-0019 amended the title of § 18.03.010 to read as herein set out. The former § 18.03.010 was entitled "Department of Development Services."

18.03.020 Duties and powers of the Building Official.

A. General. The Building Official is hereby authorized and directed to enforce the provisions of this title, municipal code or other ordinances of the City, or laws and statutes of the State and to make all plan examinations and inspections pursuant to the provisions of each such regulation. The Building Official shall also perform such other duties relating to the functions of the Department as may be required of him or her by general law, or by ordinance. For such purpose, the Building Official shall have the powers of a police officer. Any order of the City requiring alterations or repairs to any building shall be issued only by authorization of the Building Official. The Building Official shall have the authority to render interpretations of this title and to adopt policies and procedures in order to clarify the application of its provisions. Such interpretations, policies and procedures shall be in compliance with the intent and purpose of this title. Such policies and procedures shall not have the effect of waiving requirements specifically provided for in this title, municipal code or other ordinances of the City, or laws and statutes of the State.

B. Applications and permits. The Building Official shall receive applications, examine construction documents and issue permits for the erection, addition, alteration, demolition and moving of buildings and structures, inspect the premises for which such permits have been issued and enforce compliance with the provisions of this title, municipal code or other ordinances of the City, or laws and statutes of the State.

For applications for reconstruction, rehabilitation, repair, alteration, addition and other improvement of existing buildings or structures located in flood hazard areas, the Building Official shall determine if the proposed work constitutes substantial improvements or repair of substantial damage. Where the Building Official determines that the proposed work constitutes substantial improvement or repair of substantial damage, and where required by this title, municipal code or other ordinances of the City, or laws and statutes

of the State, the Building Official shall require the building to meet the requirements of Section 1612 and Appendix G of the California Building Code adopted in Chapter 18.40 or Section R306 of the California Residential Code adopted in Chapter 18.41.

C. Notices and orders. The Building Official shall issue all necessary notices or orders to ensure compliance with the provisions of this title, municipal code or other ordinances of the City, or laws and statutes of the State. Every such notice or order shall be in writing, addressed to the owner, agent or person responsible for the structure or premises in which such violations or unsafe condition exists and shall specify the date or time when such notice or order shall be complied with, which time shall allow a reasonable period in which such notice or order can be complied with by the person, firm or corporation receiving such notice or order in the judgment of the Building Official. No person, firm or corporation shall refuse, fail or neglect to comply with any such notice or order issued by the Building Official.

D. Inspections. The Building Official shall make all of the required inspections, or the Building Official shall have the authority to accept reports of inspection by approved agencies or individuals. Reports of such inspection shall be in writing and be certified by a responsible officer of such approved agency or by the responsible individual. The Building Official is authorized to engage such expert opinion as deemed necessary to report upon unusual technical issues that arise.

E. Identification. The Building Official shall carry proper identification when inspecting structures or premises in the performance of duties under this title.

F. Right of entry. Where it is necessary to make an inspection to enforce the provisions of this title, municipal code or other ordinances of the City, or laws and statutes of the State, or where the Building Official has reasonable cause to believe that there exists in a structure or upon a premises a condition which is contrary to or in violation of the provisions of this title, municipal code or other ordinances of the City, or laws and statutes of the State which makes the structure or premises unsafe, dangerous or hazardous, the Building Official is authorized to enter the structure or premises at reasonable times to inspect or to perform the duties imposed by this title, provided that if such structure or premises be occupied that credentials be presented to the occupant and entry requested. If such structure or premises is unoccupied, the Building Official shall first make a reasonable effort to locate the owner or other person having charge or control of the structure or premises and request entry. If entry is refused, the Building Official shall have recourse to the remedies provided by law to secure entry.

When the Building Official has first obtained a proper inspection warrant or other remedy provided by law to secure entry, no owner or occupant or any other person having charge, care or control of any building or premises shall fail or neglect, after proper demand is made as provided in this section, to properly permit entry therein by the Building Official for the purpose of inspection and examination pursuant to this title.

G. Authority to require exposure of work. Whenever any work on which called inspections are required as enumerated in Chapter 18.07 is covered or concealed by additional work without first having been inspected, the work shall be exposed for inspection upon written notice by the Building Official. The work of exposing and recovering shall not entail expense to the City.

H. Authority to stop work. Whenever any construction work is being done contrary to the provisions of this title, municipal code or other ordinances of the City, or laws and statutes of the State enforced by the Building Official, the Building Official shall have the authority to issue a written notice to the responsible party to stop work on that portion of the work on which the violation has occurred. The notice shall state the nature of the violation and no work shall be done on that portion until the violation has been rectified and approval obtained from the Building Official.

I. Authority to stop use or occupancy. Whenever any portion of a building is loaded in excess

for which it was constructed, or it houses a use or occupancy other than that for which it was constructed, or is determined to be an unsafe building or structure pursuant to Chapter 18.20, or there is an encroachment upon any required court, yard or easement, the Building Official shall have the authority to order by written notice that such violation be discontinued.

The written notice shall state the nature of the violations and shall fix a time for the abatement thereof. If the violations have not been abated by the expiration of the fixed time, the Certificate of Occupancy shall thereupon be canceled.

J. Authority to disconnect electrical service. Whenever any electrical installation regulated by the provisions of this title, municipal code or other ordinances of the City, or laws and statutes of the State is found to be defective, the Building Official shall have the authority to disconnect or to order the discontinuance of electrical service to such installation until the installation has been made safe, and any person, firm, corporation, political subdivision or governmental agency ordered to discontinue such electrical service shall do so within twenty four (24) hours or as determined by the Building Official after the receipt of such notice and shall not reconnect such service or allow the same to be reconnected until notified to do so by the Building Official.

K. Authority to disconnect utilities. Whenever any mechanical installation regulated by the provisions of this title, municipal code or other ordinances of the City, or laws and statutes of the State is found to be defective that may pose an immediate hazard to life or property, the Building Official shall have the authority to disconnect or to order the discontinuance of fuel-gas utility service, or energy supplies, to the building, structure, premises or equipment in case of emergency. The Building Official shall, whenever possible, notify the serving utility, the owner and occupant of the building, structure or premises of the decision to disconnect prior to taking such action, and shall notify such serving utility, owner and occupant of the building, structure or premises in writing of such disconnection immediately thereafter and shall not reconnect such service or allow the same to be reconnected until such installation has been made safe and was notified to do so by the Building Official.

L. Authority to condemn equipment. Whenever any equipment regulated by the provisions of this title, municipal code or other ordinances of the City, or laws and statutes of the State has become hazardous to life, health, or property, the Building Official shall have the authority to condemn equipment when such equipment cannot be restored to a condition of safety or be dismantled or removed from its present location. The Building Official shall provide written notice to the owner or occupant of the building, structure, premises or equipment of such order and shall fix a time limit for compliance. No person shall use or maintain the defective equipment after receiving such notice.

M. Authority to discontinue supply gas or water. Whenever any unsanitary conditions exist or that any construction or work regulated by the provisions of this title, municipal code or other ordinances of the City, or laws and statutes of the State is dangerous, unsafe, unsanitary or a menace to life, health or property or is in violation of the provisions of this title, municipal code or other ordinances of the City, or laws and statutes of the State, the Building Official, upon determining such information to be fact, shall have the authority to order any person, firm or corporation using or maintaining any such condition, or responsible for the use or maintenance thereof, to discontinue the use or the maintenance thereof or to repair, alter, change, remove or demolish the same as the Building Official may consider necessary for the proper protection of life, health or property; and in the case of any gas piping, gas appliance or water piping and any water using fixture or device, may order any person, firm or corporation supplying gas or water to such piping, appliance, fixture or device to discontinue supplying gas or water thereto until such piping, appliance, fixture or device is made safe to life, health and property.

N. Authority to modify grading operation. The Building Official is authorized to require that

grading operations and project designs be modified if delays occur which incur weather-generated problems not considered at the time the permit was issued.

O. In post-disaster events, the Building Official may deputize private citizens who are qualified to provide damage assessment of buildings and structures on behalf of the City. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.03.030 Reports, records and fees.

A. Reports. When requested, the Building Official shall submit a report to the Director, City Manager, and/or elected City officials covering the work of the Building and Safety Bureau during the preceding period. The Building Official shall have charge of, and be responsible for, the drafting of recommendations regarding periodic revisions and amendments to the building, residential, electrical, plumbing, mechanical, housing, energy, green building standards, housing, existing building, historical building, and WUI regulations of this title, municipal code or other ordinances of the City, or laws and statutes of the State.

B. Records. The Building Official shall keep official records of applications received, permits and certificates issued, fees collected, reports of inspections, and notices and orders issued. Such records shall be retained in the official records for the period required for retention of public records.

C. Fees. The Building Official shall keep a permanent, accurate account of all fees and other monies collected and received under this title, the names of the persons upon whose account the same were paid, the date and amount thereof, together with the location of building or premises to which they relate. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.03.040 Liability.

The Building Official, members of the Board of Appeals or employees charged with the enforcement of the provisions of this title, municipal code or other ordinances of the City, or laws and statutes of the State, while acting for the City in good faith and without malice in the discharge of the duties required by this title or other pertinent law or ordinance, shall not thereby be rendered liable personally and are hereby relieved from personal liability for any damage accruing to persons or property as a result of any act or by reason of an act or omission in the discharge of official duties. Any suit instituted against the Building Official, officer, plans examiner, inspector or other employee because of an act performed by the Building Official, officer, plans examiner, inspector or other employee in the lawful discharge of duties and under the provisions of this title shall be defended by legal representative of the City until the final termination of the proceedings. The Building Official or any subordinate shall not be liable for cost in any action, suit or proceeding that is instituted in pursuance of the provision of this title.

This title shall not be construed to relieve from or lessen the responsibility of any person, firm or corporation owning, operating or controlling any building or structure for any damages to persons or property caused by defects, nor shall the enforcing agency or the City be held as assuming any such liability by reason of the plans examinations or inspections authorized by this title or any permits or certificates issued under this title. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.03.050 Modifications.

A. General. Whenever there are practical difficulties involved in carrying out the provisions of this title, the Building Official shall have the authority to grant modifications for individual cases, upon the receipt of a request in writing by the owner or owner's authorized agent on a form furnished by the Building Official for that purpose with the justifiable cause of the difficulties clearly identified, provided the Building Official shall first find that a special individual reason makes the

strict letter of this title impractical, the modification is in compliance with the intent and purpose of this title, and that such modification does not lessen health, accessibility, life and fire safety, or structural requirements. The details of action granting or denying modifications shall be recorded and entered in the files of the Building and Safety Bureau. A written application shall be submitted together with a fee set forth in Section 18.06.160.

The Building Official shall not grant modifications to any provisions required in flood hazard areas as established in Section 1612.3 and Appendix G of the California Building Code adopted in Chapter 18.40 or Section R306 of the California Residential Code adopted in Chapter 18.41 unless a determination has been made that:

1. A showing of good and sufficient cause that the unique characteristics of the size, configuration or topography of the site render the elevation standards of Section 1612 and Appendix G of the California Building Code adopted in Chapter 18.40 or Section R306 of the California Residential Code adopted in Chapter 18.41 inappropriate.

2. A determination that failure to grant the modification would result in exceptional hardship by rendering the lot undevelopable.

3. A determination that the granting of a modification will not result in increased flood heights, additional threats to public safety, extraordinary public expense, cause fraud on or victimization of the public, or conflict with existing laws and ordinances.

4. A determination that the modification is the minimum necessary to afford relief, considering the flood hazard.

5. Submission to the applicant of written notice specifying the difference between the design flood elevation and elevation to which the building is to be built, stating that the cost of flood insurance will be commensurate with the increased risk resulting from the reduced floor elevation, and stating that the construction below the design flood elevation increases risks to life and property.

B. Expiration. The rights and privileges granted by the Building Official shall be voided if the permit or plans examination expires under any of the conditions specified in Sections 18.04.060 or 18.05.060. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.03.060 Alternate materials, design and methods of construction and equipment.

A. General. The provisions of this title are not intended to prevent the installation of any materials or to prohibit any design or method of construction not specifically prescribed by this title, provided that any such alternative has been approved by the Building Official. The Building Official shall have the authority to approve an alternative material, design or method of construction where the Building Official finds that the proposed design is satisfactory and complies with the intent of the provisions of this title, and that the material, method or work offered is, for the purpose intended, at least the equivalent of that prescribed in this title in quality, strength, effectiveness, fire resistance, durability and safety. The Building Official shall require that sufficient evidence or proof be submitted to substantiate any claims that may be made regarding its use. The details of action either granting or denying alternatives shall be recorded and entered in the files of the Building and Safety Bureau. A written application shall be submitted together with a fee set forth in Section 18.06.160.

B. Research reports. Supporting data, where necessary to assist in the approval of materials or assemblies not specifically provided for in this title, shall consist of valid research reports from approved sources.

C. Test. Whenever there is insufficient evidence of compliance with the provisions of this title, or evidence that a material or method does not conform to the requirements of this title, or in order to substantiate claims for alternative materials or methods, the Building Official shall have the authority to require tests as evidence of compliance to be made at no expense to the City. Test methods shall be as specified by this title or by

other recognized test standards. In the absence of recognized and accepted test methods, the Building Official shall approve the test procedures. Tests shall be performed by an approved agency. Reports of such test shall be retained by the Building Official for the period required for retention of public records.

D. Expiration. The rights and privileges granted by the Building Official shall be voided if the permit or plans examination expires under any of the conditions specified in Sections 18.04.060 or 18.05.060. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

CHAPTER 18.04 PERMITS

18.04.010 Permits required.

A. Building permits. No person, firm or corporation shall erect, construct, enlarge, alter, repair, remodel, move, remove, improve, convert or demolish any building or part of a building or structure, or change the character or occupancy or use of any building or structure, or part of a building or structure, in the City without first obtaining a permit covering such work from the Building Official.

B. Grading permits. No person, firm or corporation shall commence or perform any grading, and no person shall import or export any earth materials to or from any grading site, without first having obtained a permit therefore from the Building Official. Any grading project involving more than one hundred (100) cubic yards of excavation and involving an excavation in excess of five (5) feet in vertical depth at its deepest point measured from the original ground surface shall be done by a State of California licensed contractor who is licensed to perform the work described herein. A separate permit shall be required for each grading site. One (1) permit may include the entire grading operation at that site, however.

C. Electrical permits. No new electrical installation shall be made nor any alteration or addition performed to any existing wiring, nor shall any wiring for the placing or installation of any electric light, power or heating device, or any apparatus which generates, transmits, transforms or utilizes electricity operating at a voltage exceeding twenty-five (25) volts between conductors or capable of supplying more than fifty (50) watts, be made without first obtaining an electrical permit. A separate permit shall be obtained for the electrical wiring or installation in each separate building or structure.

D. Plumbing permits. No person, firm or corporation shall construct, install or alter any plumbing, water piping, gas piping, water heater, water heater vents, water treating equipment, or any appliance or device regulated by this title without obtaining a plumbing permit approving the proposed quality and character of workmanship and materials. Where a building is demolished or removed from its site, a permit and inspection is required to verify that the building sewer, water and gas service is properly capped to the satisfaction of the Building Official. A separate permit shall be obtained for the plumbing installation in each separate building or structure.

E. Mechanical permits. No person, firm or corporation shall install, alter, reconstruct or repair any heating, ventilating, cooling, or refrigeration equipment unless a permit therefore has been obtained from the Building Official except as otherwise provided in this title. A permit shall be obtained for all heating, ventilating, cooling, or refrigeration equipment, moved with, or installed in, any relocated building. A separate permit shall be obtained for the equipment installed in each separate building or structure.

F. Combination permits. A single combined permit may be issued for the construction of any one- or two-family dwelling and related accessory building and structure, or additions or alterations thereto, which includes all building, electrical, plumbing, gas, mechanical, heating, ventilating and air conditioning work.

G. Sign permits. No person, firm or corporation shall construct any signs and billboards without first obtaining a permit covering such work from the Building Official.

No person, firm or corporation shall hang, suspend or otherwise affix any sign, street banner, pole banner, flag, pennant or street decoration on any street light pole, traffic signal pole or over and above any street unless a permit to do so is first obtained from the City Manager. Permits issued pursuant to this section shall be in accordance with the provisions of Chapter 16.55 of Title 16, the City's policy on City sponsorship, corporate recognition and advertising, as adopted on July 23, 1996, as amended from time to time, and any guidelines that may from time to time be approved by the City Council.

EXCEPTION: The above provisions shall not apply to any sign or advertising matter lettered upon the surface of any awning, provided the awning is securely attached to a building and is not less than seven (7) feet above the sidewalk level immediately below.

H. Temporary permits. Before commencing the construction of any work for temporary structures or uses including, but not limited to, reviewing stands, bleachers, tents, sheds, canopies or fences used for the protection of the public around and in conjunction with construction work, and other miscellaneous structures, a temporary permit authorizing such work shall be obtained therefore from the Building Official. Temporary permit may be restricted in the following conditions:

1. Application for permit. Except for canopies or fences used for the protection of the public around and in conjunction with construction work, application for permit shall be filed with and approved by the Building Official prior to the construction, erection or operation of any device, structure, or any work regulated by this title for temporary structure or use.

2. Time limit. Such construction shall be occupied or used only for the period set forth in Subsection 18.04.060.A.

3. Conformance. Temporary structures and uses shall conform to the structural strength, fire safety, means of egress, accessibility, light, ventilation and sanitary requirements of this title as necessary to ensure public health, safety and general welfare. Such temporary structures and temporary uses need not comply with the type of construction or fire-resistive time periods required by this title.

4. Temporary power. The Building Official is authorized to give permission to temporarily supply and use power in part of an electric installation before such installation has been fully completed and the final certificate of completion has been issued. The part covered by the temporary certificate shall comply with the requirements specified for temporary lighting, heat or power in the California Electrical Code adopted in Chapter 18.42.

5. Inspection. Notwithstanding Chapter 18.07 to the contrary, request for inspection must be received at least five (5) days prior to public use or occupancy.

6. Removal after expiration. All temporary construction or installations shall be demolished or removed within five (5) days after the expiration of the permit.

7. Termination of approval. The Building Official is authorized to terminate such permit for a temporary structure or use and to order the temporary structure or use to be discontinued.

I. Other permits.

1. Other permits must be obtained as required pursuant to any other provisions of this title, municipal code or other ordinances of the City, or laws and statutes of the State.

2. No person, firm or corporation shall commence moving of buildings or structures in the City without first complying with the provisions in Chapter 18.60 and obtaining a moving permit covering such work from the Building Official.

3. No person, firm or corporation shall commence drilling or redrilling for and the production of petroleum, abandonment of wells and the removal of all equipment related to the well, or maintain and operate any wells for petroleum operation without first complying with the provision in Title 12 and obtaining a permit covering such work from the Building Official. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.04.020 Work exempt from permit.

Exemption from the permit requirements of this title shall not be deemed to grant authorization for any work to be done in any manner in violation of the provisions of this title, municipal code or other ordinances of the City, or laws and statutes of the State. Except for work undertaken to correct conditions determined to be substandard, nonconforming, dangerous or a nuisance under the provisions of Chapter 18.20, permits are not required for the following:

A. Permits not required. Neither building, grading, subtrade or temporary permits of this title are required for the following:

1. Buildings, structures, or utilities placed in public streets, alleys, sidewalks, and other public right of ways as defined in Section 14.08.010 and regulated in Chapter 14.48.

2. Buildings, structures, or utilities under the auspices of and owned or controlled by the federal government, the State of California, the County of Los Angeles, or by a public school district.

3. Work done by employees of the City on City-owned or leased buildings, structures, or utilities when justifiable cause is demonstrated and approved by the Building Official.

4. A temporary shed or other structure incidental to and for work authorized by a valid building, grading or subtrade permit. Such buildings and structures must be removed upon expiration of the permit or completion of work covered by the permit.

B. Building permits not required. Building permits are not required for any of the following, provided the work is not in violation of the Zoning Regulations:

1. Where the work regulated by this title is valued at one thousand dollars ($1,000.00) or less, unless it affects the fire life-safety, structural stability or required accessible route of a building or structure, or public safety, or is done to make a building conform to the requirements of this title for a change in occupancy or use.

2. One story detached accessory structures used as tool and storage sheds, children's playhouses and similar uses, provided that the building or structure is accessory to a dwelling unit; it does not exceed one hundred twenty (120) square feet in area; and complies with maximum height requirements of the zoning regulations. A permit shall be obtained for any work related to the installation of plumbing, electrical, or mechanical items.

3. Isolated buildings or structures not larger in area than sixteen (16) square feet in size, including roof projections, and not more than eight (8) feet in height, if separated by a distance of twenty (20) feet or more.

4. Fences constructed of materials other than concrete, masonry, brick, heavy timber or other similar materials that are not over seven (7) feet in height above grade. Fences constructed partially or in whole of concrete, masonry, brick, heavy timber or other similar materials that are not over four (4) feet in height above grade. Fences constructed without a building permit per this subsection shall also comply with the height limits of Section 21.46.020.

5. Retaining walls or planter boxes that are not over four (4) feet in height measured from the bottom of the footing to the top of the wall, unless supporting a surcharge or sloping earth, or impounding flammable liquids. This exemption shall not apply to retaining walls of any height built on slopes steeper than one (1) unit vertical in five (5) units horizontal (20% slope).

6. Sidewalks and driveways not more than thirty (30) inches above adjacent grade, not over any basement or story below, and not part of a required accessible route.

7. Application of hot or cold paint on a roof of a building or structure.

8. Repair of roofing not in excess of one hundred (100) square feet on an existing building or structure within any twelve (12) month period.

9. Painting, papering, carpeting and similar finish work that are not required to comply with accessibility regulations.

10. Installation of ceramic tile on floor, countertops and walls less than forty-eight (48) inches in height.

11. Replacement of broken or damaged ceramic tile in an existing installation.

12. Plaster repairing not in excess of one hundred (100) square feet of interior or exterior plaster.

13. Nonfixed and movable fixtures, cases, racks, counters and partitions not over five (5) feet nine (9) inches in height.

14. Exhibits, booths, partitions and display counters for temporary use not exceeding thirty (30) days in conjunction with an exhibit or show and not exceeding twelve (12) feet in height above the floor.

15. Window awnings in one- or two-family dwellings and related accessory building or structure supported by an exterior wall that do not project more than fifty-four (54) inches from the exterior wall and do not require additional support.

16. Swimming, bathing and wading pools not over eighteen (18) inches in depth, provide a distance from the pool to the property lines and buildings or structures not less than the depth of the pool, and not having a surface area exceeding two hundred fifty (250) square feet; there is no electrical or plumbing installation.

17. Prefabricated swimming pools accessory to a one- or two-family dwelling that are less than eighteen (18) inches deep, do not exceed five thousand (5,000) gallons and are installed entirely above ground; it contains no plumbing, electrical, or mechanical installations regulated by this title.

18. Veneer less than four (4) feet in height.

19. Waterproof pointing of joints in masonry or veneer, also cleaning with detergents which are not injurious to clothing or skin of persons and are not removed by liquid washing, provided work is done from safely enclosed scaffolding which will collect any dust, debris or dropped tools and materials in use.

20. Prefabricated outdoor tents or canopy structures for temporary use not exceeding one hundred eighty (180) days, provided such tents or canopies are accessory to a one- or two-family dwelling on the site; and is not in violation of Title 9 Public Peace, Morals and Welfare, Section 9.65.050 Prohibited Canopy Structure, or the California Fire Code adopted in Chapter 18.48.

21. Shade cloth structures constructed for nursery or agricultural purposes, not including service system.

22. Decks not exceeding two hundred (200) square feet in area, that are not more than thirty (30) inches above grade at any point, are not attached to a dwelling and do not serve the exit door.

C. Grading permits not required. Grading permits are not required for any of the following:

1. An excavation which: (a) is less than two (2) feet in depth, or (b) which does not create a cut slope greater than five (5) feet in height and steeper than one (1) unit vertical in two (2) units horizontal (50% slope). This exception shall not apply to cut which exceeds fifty (50) cubic yards or which changes the existing drainage pattern.

2. A fill less than one (1) foot in depth and placed on natural terrain with a slope flatter than one (1) unit vertical in ten (10) units horizontal (10% slope). This exception shall not apply when the fill exceeds fifty (50) cubic yards or when the fill changes the existing drainage pattern.

3. Excavations for caissons or piles under buildings or structures authorized by valid building permits.

4. Excavations for basements, footings, caissons, piles, swimming pools or underground structures that are authorized by valid building permits.

5. Excavations for wells or tunnels or utilities, which do not provide vertical or lateral support for buildings, or adversely impact the safety or stability of private or public properties.

6. Excavation in an isolated, self-contained area if the Building Official finds that by reason of such isolation and self-containment no danger to private or public property can now or thereafter result from grading operations.

7. Refuse disposal sites controlled by other regulations of local, State or federal departments or agencies.

8. Cemetery graves.

9. Exploratory excavation performed under the direction of a registered design professional.

10. Mining, quarrying, excavation, processing or stockpiling rock, sand, gravel, aggregate or clay controlled by other regulations of local, State or federal departments or agencies, provided such operations do not affect the lateral support of, or significantly increase stresses in, soil on adjoining properties.

D. Electrical permits not required. Electrical permits are not required for any of the following:

1. Electric wiring expressly declared to be exempt from the provisions of this title by any other section thereof.

2. Wiring for temporary theater sets on the theater stages or temporary motion picture or television sets on any property belonging to or under the control of the City, privately owned studios, theaters, or similar locations designed for that usage.

3. Installation of any portable motor or other portable appliance energized by means of a cord or cable having an attachment plug end, when that cord or cable is permitted by this title.

4. Festive temporary decorative lighting in dwelling occupancies only, for a period not to exceed ninety (90) days.

5. Repair or replacement of electrodes or transformers of the same size and capacity for signs or marquees, except for the retrofitting of lighting and exit fixtures that are part of a required emergency lighting system.

6. The following installation and electrical wiring:

a. Non-required signaling circuits supplied by an approved Class 2 limited power source, capable of supplying not more than thirty (30) volts and one hundred (100) volt-amperes.

b. Non-required communication circuits which have the power limited in accordance with Article 725 of the California Electrical Code adopted in Chapter 18.42.

c. Non-required amplifier output circuits which are permitted by Article 640 of the California Electrical Code adopted in Chapter 18.42 to employ Class 2 or Class 3 wiring.

d. Reinstallation of attachment wall plug receptacles or wall switches but not the outlet therefore.

e. Repair or replacement of current carrying parts or any switch, contactor or control device.

Provided the wiring for any of the above items is not located in any of the following locations or conditions:

i. Area classified as "hazardous" under Article 500 of the California Electrical Code adopted in Chapter 18.42.

ii. Appurtenant to a required fire alarm system as classified under Article 760 of the California Electrical Code adopted in Chapter 18.42.

iii. Penetrating any fire-resistive wall or floor system.

iv. In a plenum, duct or other space used for environmental air including access floors.

7. Any similar minor repair or replacement determined by the Building Official not to involve any hazard to life or property.

8. Repair of incandescent lighting fixtures in one- or two-family dwelling and related accessory building and structure.

9. Any electric wiring, except wiring located in an area classified as "hazardous" under Article 500 of the California Electrical Code adopted in Chapter 18.42 after the branch circuit distribution panelboards used exclusively to supply or interconnect equipment installed, owned, operated or maintained by a communication public utility and used exclusively for communication purposes, in the exercise of its communication public utility functions within the communication public utility controlled areas.

10. The replacement of defective smoke detectors in a one- or two-family dwelling and related accessory building and structure when the work is performed by a contractor with a valid contractor license issued by the State and a valid business license issued by the City.

11. The installation by Southern California Edison Company of radio-controlled relays on privately owned air conditioning equipment in the

company's program of energy conservation through electrical load management, entitled "Air Conditioner Cycling Program", provided that:

a. The relays shall be tested and labeled by Underwriters' Laboratories, Inc.,

b. The Building Official shall approve of specifications for the installation of relays, and

c. The relays shall be installed and maintained by Southern California Edison Company or its contractors.

12. Repair or replacement of cords or cables allowed by other sections of this title.

The provisions of the foregoing exceptions shall not apply to any repairs or replacements of electrical devices, apparatus, or appliances which were originally installed without a permit when such permit is required for the original installation, or when energized by, or which is a part of any hazardous or illegal wiring system.

E. Plumbing permits not required. Plumbing permits are not required for any of the following:

1. The stopping of leaks or the repair of defects in any plumbing, provided no new materials are used.

2. The repair of a water heater other than its vents, provided the water heater is not disconnected.

3. The replacement of exposed traps serving fixtures, provided approved traps are used and are properly installed.

4. The replacement of defective or unapproved ball cocks in water tanks, provided antisiphon ball cocks are used and properly installed.

5. The repair of defective or unapproved faucets serving sinks, lavatories and bathtubs, provided approved type faucets are used and are properly installed.

6. Any gas piping not more than six (6) feet in length between an approved gas outlet and any gas-fired appliance, provided that any such gas-fired appliance is in the same room as the gas outlet.

7. Any sewer located entirely in the public right-of-way and under the authority of the Department of Public Works or Department of Water.

8. A plumbing system, or part thereof, set up for exhibition purposes and has no connection with a water or drainage system; and is not in violation of any rules and regulations promulgated by the Department of Health and Human Services or the Department of Water.

F. Mechanical permits not required. Mechanical permits are not required for any of the following:

1. Any portable heating appliance.

2. Any portable ventilating equipment.

3. Any portable cooling unit.

4. Any steam, hot, or chilled water piping within any heating or cooling equipment regulated by this title.

5. Replacement or repair of any component part or assembly of an appliance which does not alter its original approval and complies with other applicable requirements of this title.

6. Any portable evaporative cooler.

7. Any refrigerating equipment that is a part of the equipment for which a permit has been issued pursuant to the requirements of this title.

8. Any unit refrigerating system.

G. Sign permits not required. Sign permits are not required if exempt under the provision of Section 21.44.500 of the Zoning Regulations. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.04.030 Permit applications.

A. Application for permit. To obtain a permit as required in Section 18.04.010, the applicant shall first file an application therefore in writing on a form furnished by the Building Official for that purpose and at the time of making the application for such a permit, pay the required fee as set forth in Chapter 18.06. One complete application for each permit shall be filed. A separate permit shall be obtained for each building or structure, except where a combination permit is allowed pursuant to Subsection 18.04.010.F. Every such application shall, when applicable:

1. Identify and describe the work to be covered by the permit for which application is made.

2. Describe the land on which the proposed work is to be done by legal description, street address or similar description that will readily identify and definitely locate the proposed building or work.

3. Indicate the use and occupancy for which the proposed work is intended.

4. Be accompanied by construction documents and other information as required in Chapter 18.05.

5. State the valuation of the proposed work.

6. Be signed by the applicant or the applicant's authorized agent.

7. Give such other data and information as required by the Building Official.

8. State the estimated quantities of excavation and fill, when applicable.

B. Action on application. The Building Official shall examine or cause to be examined applications for permits and amendments thereto within a reasonable time after filing. If the application or the construction documents do not conform to the provisions of this title, municipal code or other ordinances of the City, or laws and statutes of the State, the Building Official shall reject such application in writing, stating the reasons therefore. If the Building Official is satisfied that the proposed work conforms to the provisions of this title, municipal code or other ordinances of the City, or laws and statutes of the State applicable thereto, the Building Official shall issue a permit pursuant to Section 18.04.040.

C. Time limitation of application. An application for a permit for any proposed work shall be deemed to have been abandoned after the date of filing, unless such application has been pursued in good faith and plans examination have not expired pursuant to Section 18.05.060 or a permit has been issued and have not expired pursuant to Section 18.04.060. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.04.040 Permit issuance.

A. Issuance. When the Building Official determines that the proposed work conforms to the provisions of this title, municipal code or other ordinances of the City, or laws and statutes of the State applicable thereto, including receiving approval from other departments or agencies in the City that regulate such proposed work, and that the fees and charges as set forth Chapter 18.06 and other liens, costs, and/or fees due to the City have been paid, the Building Official shall issue a permit therefore to the permittee meeting the requirement of Section 18.04.070.

EXCEPTIONS: The Building Official shall have the authority to withhold the issuance of permits under the following circumstances:

1. Harbor District. No permit shall be issued for the construction, extension, alteration, improvement, erection, remodeling or repair of any pier, slip, basin, wharf, dock or other harbor structure of any building or structure within the Harbor District, unless the Board of Harbor Commissioners has first granted permission authorizing such work to be done as provided in the charter of the City.

2. Marinas. No permit shall be issued for the construction, extension, alteration, improvement, erection, remodeling or repair of any pier, slip, basin, wharf, dock or other marina structure or any building or structure within the Alamitos Bay Marina, Downtown Shoreline Marina or Shoreline Harbor Marina unless the Marine Bureau has first granted permission authorizing such work to be done.

3. Model homes. No permit shall be issued for model homes unless the property owner has complied with all of the requirements of Subsection 20.08.160 of Title 20 and the Director of Public Works has granted permission authorizing such work to be done.

4. Excavation or improvements adjacent to public rights-of-way. No permit shall be issued for projects that make any excavation or improvements in, on, or under the surface of private property adjacent to any right-of-way, where lateral support to such right-of-way or improvements or property within such right-of-way is affected by such excavation pursuant to Subsection 14.08.020.A Item 3 unless such excavation com-

plies with the additional requirements specified in Article IV of Chapter 14.08 and the Director of Public Works has granted permission authorizing such work to be done.

B. Phased approval. The Building Official is authorized to issue a permit for the construction of foundations or any other part of a building or structure before the construction documents for the whole building or structure have been approved, provided that adequate information and detailed statements have been filed complying with all pertinent requirements of this title. The holder of such permit for the foundation or other parts of a building or structure shall proceed at the holder's own risk with the building operation and without assurance that a permit for the entire structure will be granted.

C. Placement of permit. The permit or copy shall be kept on the site of the work until the completion of the project. (ORD-25-0019 § 1(Exh. A), 2025; ORD-23-0052 § 1, 2023; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.04.050 Validity of permit.

A. Limit of authorization.

1. The issuance or granting of a permit is not an approval or an authorization of the work specified therein. A permit is merely an application for inspection, the issuance of which entitles the permittee to inspection of the work that is described therein.

2. The issuance of a permit based on construction documents and other data shall not prevent the Building Official from requiring the correction of errors in the construction documents and other data.

3. Permits issued under the requirements of this title shall not relieve the owner of responsibility for securing required permits for work to be done which is regulated by any other title, code or other ordinances of the City or laws and statues of the State.

4. If the work described by a valid permit is prohibited by a change in the municipal code, then such work may be completed only if the Building Official determines that both substantial liabilities have been incurred, and substantial work has been performed on site, in accordance with the terms of that permit. Work performed and liabilities incurred pursuant to a demolition or moving permit shall not be considered in determining whether an owner may complete a building or structure for which a permit has been issued.

B. Validity of other laws. The issuance or granting of a permit shall not be construed to be a permit for, or an approval of, any violation of any of the provisions of this title, municipal code or other ordinances of the City, or laws and statutes of the State. Permits presuming to give authority to violate or cancel the provisions of this title, municipal code or other ordinances of the City or law and statutes of the State shall not be valid. The Building Official is authorized to prevent occupancy or use of a structure pursuant to Section 18.03.020 where in violation of the provisions of this title, municipal code or other ordinances of the City, or laws and statutes of the State.

C. Official grades. The permittee shall decide the correctness of proposed structure elevations and locations with respect to the official grades of public streets and to the policy of the Department of Public Works relative to the location and length of curb depressions for driveways.

D. Easements. Before the issuance or granting of a permit, the Building Official shall require a declaration, under penalty of perjury, from the owner or agent having the property owner's consent stating that: "The proposed work will not destroy or unreasonably interfere with any access or utility easement belonging to others and located on my property, but in the event such work does destroy or unreasonably interfere with such easement, a substitute easement(s) satisfactory to the holder(s) of the easement will be provided." (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.04.060 Expiration, suspension, revocation and transfer of permit.

A. Expiration. Every permit issued shall be valid for a period of two (2) years from the date of

its issuance; provided however that every permit issued shall expire on the ninetieth (90th) day after its issuance if the work on the site authorized by such permit has not commenced or has not been inspected as required by Chapter 18.07; or shall expire whenever the Building Official determines the work authorized by such permit has been suspended, discontinued or abandoned or has not been inspected as required by Chapter 18.07 for a continuous period of ninety (90) days after the time the work has commenced.

EXCEPTIONS:

1. If the holder of any permit issued by the Building and Safety Bureau presents satisfactory evidence that unusual construction difficulties have prevented work from being started or continued without being suspended, discontinued or abandoned or the work has not been inspected within the ninetieth (90th) day time period, the Building Official shall have the authority to grant extensions of time as reasonably necessary, each not to exceed ninety (90) days and not to extend beyond the period of validity. The extension shall be requested in writing on a form furnished by the Building Official for that purpose with the justifiable cause demonstrated pursuant to Section 18.03.050. Requests for additional extensions may be granted at the discretion of the Building Official, however, additional requirements dependent on the circumstances may apply.

2. If the holder of any permit issued by the Building and Safety Bureau presents satisfactory evidence that unusual construction difficulties have prevented work from being completed within the two (2) year period of validity, the Building Official shall have the authority to grant a maximum of two (2) extensions each not to exceed one hundred eighty (180) days. The extension shall be requested in writing on a form furnished by the Building Official for that purpose with the justifiable cause demonstrated pursuant to Section 18.03.050. Requests for additional extensions may be granted at the discretion of the Building Official, however, additional requirements dependent on the circumstances may apply.

Notwithstanding the provisions of this subsection to the contrary, the time limit of a permit may be further restricted under the following conditions:

1. In the case of a building or structure that has been ordered repaired, rehabilitated, vacated or demolished in accordance with this title; ordered to correct a violation of this title in accordance with Chapters 18.03 and 18.20; or in the case of a responsible person that has been ordered to correct a violation or unsafe condition of a building or structure pursuant to Chapters 8.76, 9.37, or 9.65, such time limits as specified therein shall apply.

2. The Building Official may, because of unusual circumstances or conditions such as, but not limited to, the repair, rehabilitation, vacation or demolition of an imminently hazardous, substandard, or dangerous building or structure, or a grading operation that may be subject to flooding during the rainy season between October 1st to April 15th, impose restrictions upon the time limits for expiration of any permit.

3. Permit issued for temporary structures or uses shall be limited as to time of service, but shall not be permitted for more than one hundred eighty (180) days within the last twelve (12) months.

4. Permit issued for moving buildings and structures pursuant to Chapter 18.60 shall be limited as specified in Section 18.60.190.

5. Permit issued to complete the required work pursuant to Subsection 18.04.060.B shall be limited to thirty (30) days or such time limits as determined by the Building Official from the date of the permit issuance.

B. Unfinished buildings or structures. Whenever the Building Official determines by inspection that work on any building or structure for which a permit has been issued and the work started thereon has been suspended, discontinued or abandoned for a continuous period of ninety (90) days or more or the permit expired after the two-year period of validity, the owner of the property upon which such building or structure is located, or other person or agent in control of said property, upon receipt of notice in writing from

the Building Official to do so, shall, within thirty (30) days or such time limits as specified therein from the date of such written notice, obtain a new permit to complete the required work, pay the fee of one-half (1/2) the amount required for a new permit for such work, provided no changes have been made or will be made in the original approved construction documents for such work, and diligently pursue the work to completion and provided, further, that such suspension, discontinuance or abandonment has not exceeded one hundred eighty (180) days; or shall remove or demolish the building or structure within ninety (90) days or such time limits as specified therein from the date of the written notice.

C. Restore to original condition. Permits that have expired shall have the site, building or project restored to the condition that existed immediately prior to the commencement of work described by such permit.

D. Suspension or revocation. The Building Official shall have the authority to, in writing, suspend or revoke a permit issued under provisions of this title whenever the permit is issued in error or on the basis of incorrect, inaccurate or incomplete information supplied, or in violation of any provisions of this title, municipal code or other ordinances of the City, or laws and statutes of the State.

E. Transfer of permit. Active permits required by this title may be transferred to a qualified person meeting the requirement of Section 18.04.070 for a fee as set forth in Section 18.06.170. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.04.070 Requirement and responsibility of permittee.

A. Permittee. Permits as required by this chapter shall be issued only to the following individuals:

1. A duly licensed contractor acting in compliance with the provisions of Sections 7000 through 7199 of the California Business and Professions Code and the Business License Regulations set forth in Title 5 of the municipal code, provided a written and signed statement from the duly licensed contractor stating that he or she is licensed, the number of the license and that it is in full force and effect as required by Section 7031.5 of the California Business and Professions Code.

2. An owner of a one- or two-family dwelling and related accessory building or structure acting in compliance with the provisions of Section 7044 of the California Business and Professions Code; provided however that the improvements of the property are not intended or offered for sale, the owner occupies or intends to occupy one (1) of the units where such permit is to be obtained for the twelve (12) months prior to the completion of the work, and the owner has not performed work on more than two (2) buildings or structures during any three-year period.

3. An owner-builder acting in compliance with the provisions of Section 7044 of the California Business and Professions Code; provided however that the owner-builder does the work himself or herself or through his or her own employees, with wages as their sole compensation, and the structure(s) is/are not intended for sale; or the owner-builder contracts with properly licensed subcontractors for the construction of a single-family residential structure and limits the number of structures intended or offered for sale to four (4) or fewer in a calendar year.

4. A responsible person not acting in violation of Chapter 9 (commencing with Section 7000) of Division 3 of the California Business and Professions Code and the Business License Regulations set forth in Title 5 of the municipal code; provided a written and signed statement by the responsible person giving the basis for the alleged exemption from licensure under the Contractors' State License Law.

B. Workers' compensation insurance verification. The Building Official is required by Section 3800(a) of the California Labor Code to verify workers' compensation insurance prior to issuing a permit. The permittee shall sign a declaration under penalty of perjury verifying Workers' Com-

pensation Coverage or exemption from coverage as required by Section 19825 of the California Health and Safety Code.

C. Responsibility. Permits shall be presumed to incorporate the provision that the permittee, the permittee's agent, employees, contractors or subcontractors shall carry out the proposed work in accordance with the approved construction documents and with all provisions of this title, municipal code or other ordinances of the City, or laws and statutes of the State applicable thereto, whether specified or not. No approval shall relieve or exonerate any person from the responsibility of complying with the provisions and intent of this title, municipal code or other ordinances of the City, or laws and statutes of the State applicable thereto.

D. Required contractor and subcontractor documentation for large construction projects. The permittee shall document all contractors and subcontractors as follows:

1. A person applying for a permit under this Code to perform work on large construction projects, including, residential projects consisting of fifty (50) or more dwelling units, or commercial projects consisting of fifty thousand (50,000) square feet or more of new construction, shall submit the following additional information at the time of permit issuance:

a. A list of all contractors, subcontractors, and verification of each subcontractor's workers' compensation insurance policy number and expiration date; state contractor's license number, classification and expiration date; and City business license number and expiration date. No person shall contract or subcontract construction work without a valid contractor's license pursuant to applicable provisions of the state business and professions code.

b. A disclosure of any pending or previous enforcement actions, penalties paid for state or federal labor code violations, and the penalties for non-compliance, including the issuance of a Stop Work Notice, related to the provisions of the California Labor Code within the previous five (5) years for all subcontractors.

c. A disclosure of any allocations of healthcare expenditures made to or on behalf of each construction worker and for their contractors and subcontractors.

2. In the event that the applicant cannot provide a list of valid contractors or subcontractors, and the information required above at the time of permit issuance, the applicant shall provide this information to the City, within a reasonable period of time after issuance of each permit not to exceed 90 days or as agreed upon by the Building Official, but prior to commencement of any work pursuant to said permit. Failure to provide valid and current contractor and subcontractor information prior to commencing work shall result in one or more of the following:

a. Issuance of a Stop Work Order; and

b. Revocation of any permit issued by the City; and

c. The permittee paying a penalty for default to the City in an amount equal to the original permit fee for each violation in order to defray City costs of enforcement of this section prior to the issuance of any new permit.

3. The information required by section 1 shall be submitted when any new contractor or subcontractor is added to the permit.

4. Any work performed prior to satisfying the requirements of this section may be deemed as construction without required permits. (ORD-25-0019 § 1(Exh. A), 2025; ORD-24-0018, § 1, 2024; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

CHAPTER 18.05 SUBMITTAL DOCUMENTS

18.05.010 General.

Submittal documents consisting of construction documents, written record of computations, statement of special inspections, geotechnical report and other pertinent data shall be submitted with each permit application. The construction documents shall be prepared by a registered design professional licensed in the State of Califor-

nia to practice as such. Where special conditions exist, the Building Official is authorized to require additional construction documents to be prepared by a registered design professional.

EXCEPTION: The Building Official is authorized to waive the submission of construction documents and other data not required to be prepared by a registered design professional if the Building Official finds that the nature of the work applied for is such that the review of construction documents is not necessary to obtain compliance with the provisions of this title, municipal code or other ordinances of the City, or laws and statutes of the State. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.05.020 Number of construction documents.

Each application for a permit shall be accompanied by one (1) set of submittal documents for each type of plan examination or as determined by the Building Official. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.05.030 Construction documents.

All construction documents shall be dimensioned and drawn with ink or indelible pencil upon suitable material, or shall be made by a reproduction process approved by the Building Official. Electronic media documents are permitted to be submitted when approved by the Building Official. The first sheet of each set of construction documents shall give the street address of the work and the name and address of the owner of the building.

All construction documents shall be of sufficient clarity to indicate the location, nature and extent of the work proposed and show in detail that it will conform to the provisions of this title and relevant laws, ordinances, rules and regulations, as determined by the Building Official.

In lieu of detailed specifications, the Building Official may approve reference on the construction documents to a specific section, subsection or paragraph of this title, municipal code or other ordinances of the City, or laws and statutes of the State.

Distances and dimensions on the construction documents, when required to show conformity with the provisions of this title, shall be done in figures.

All construction documents shall include sufficient information to demonstrate compliance for installations required to comply with the rules and regulations of the California Energy Code adopted in Chapter 18.46, where applicable.

Where applicable, additional information required in Subsections A through E of this section shall be provided:

A. Information on building or structure required.

1. Construction documents shall be accompanied by a site plan showing to scale the size and location of new construction and existing structures on the site, distances from lot lines, the established street grades and the proposed finished grade and, as applicable, flood hazard areas, floodways, and design flood elevations. It shall be drawn in accordance with an accurate boundary line survey. In the case of demolition, the site plan shall show construction to be demolished and the locations and size of existing structures and construction that are to remain on the site.

EXCEPTION: The Building Official is authorized to waive or modify the requirement for a site plan when the application for permit is for alteration or repair or when otherwise warranted. Furthermore, the Building Official is authorized to grant the omission of a site plan when the proposed work is of such a nature that no information is needed to determine compliance with all laws relating to the location of buildings or structures.

2. Construction documents for buildings of other than one- or two-family dwelling and related accessory building and structure shall indicate how required structural and fire-resistive integrity will be maintained where a penetration will be made for electrical, mechanical, plumbing and communication conduits, pipes and similar systems.

3. Construction documents shall show in sufficient detail the location, construction, size and character of all portions of the means of egress, including the path of exit discharge to the public way, in compliance with the provisions of this title, municipal code or other ordinances of the City, or laws and statutes of the State. In other than Groups R-2, R-3, and I-1 occupancies, the construction documents shall designate the number of occupants to be accommodated on every floor, and in all rooms and spaces.

4. Construction documents for all buildings shall describe the exterior wall envelope in sufficient detail to determine compliance with provisions of this title, municipal code or other ordinances of the City, or laws and statutes of the State. The construction documents shall provide details of the exterior wall envelope as required, including flashing, intersections with dissimilar materials, corners, end details, control joints, intersections at roof, eaves or parapets, means of drainage, water-resistive membrane and details around openings.

5. Construction documents shall include manufacturer's installation instructions that provide supporting documentation that the proposed penetration and opening details described in the construction documents maintain the weather resistance of the exterior wall envelope. The supporting documentation shall fully describe the exterior wall system that was tested, where applicable, as well as the test procedure used.

6. Where balconies or other walking surfaces have weather-exposed surfaces, and the structural framing is protected by an impervious moisture barrier, the construction documents shall include details for all elements of the impervious moisture barrier system including, but not limited to, the manufacturer's installation instructions.

7. Construction documents shall show all mitigation measures required under the National Pollutant Discharge Elimination System (NPDES) permit issued to the City of Long Beach and the requirements of the Standard Urban Storm Water Mitigation Plan (SUSMP) mandated by the California Regional Water Quality Control Board in accordance with Section 8.96.130.

8. Construction documents for buildings and structures providing a methane gas mitigation system shall provide drawings indicating compliance with Chapter 18.79. The construction documents shall provide details of the sub-slab ventilation system, membrane barrier, above-grade ventilation, signage, and methane gas detection and alarm system.

9. For buildings located in whole or in part in flood hazard areas as established in Chapter 16 and Appendix G of the California Building Code adopted in Chapter 18.40 or Chapter 3 of the California Residential Code adopted in Chapter 18.41, the construction documents shall include flood hazard documentations and design flood elevation information as required by provisions of this title, municipal code or other ordinances of the City, or laws and statutes of the State.

10. When a structural design is required for the purpose of obtaining a permit, it shall be justified by a written record of computations filed with the Building Official and each sheet of the construction documents and written record of computations shall be signed by or bear the approved stamp of a registered design professional licensed by the State of California to practice as such. On structures which do not require a registered design professional's signatures according to Article 3, Chapter 7, Division 3, of the California Business and Professions Code but do require some structural design, the person responsible for such design shall sign the calculations and the sheets of the construction documents having engineering details thereon.

11. Construction documents shall provide structural information specified in Chapter 16 of the California Building Code adopted in Chapter 18.40 or Chapter 3 of the California Residential Code adopted in Chapter 18.41.

12. When required by Chapter 17 of the California Building Code adopted in Chapter 18.40, a statement of special inspection prepared by the registered design professional in responsible charge of the project shall be included with the construction documents.

13. When reports are required by this chapter, recommendations included in the approved

soils engineering report and engineering geology report shall be incorporated into the grading construction documents, including the dates of the soils engineering and engineering geology reports together with the names, addresses and phone numbers of the firms or individuals who prepared the reports. A copy of the soils engineering report and engineering geology report shall be attached to the approved set of grading construction documents and kept at the job site. Reports shall be submitted to the Building Official for review and approval in, but not limited to, the following circumstances:

a. When required by Chapter 18 of the California Building Code adopted in Chapter 18.40.

b. When projects are located on sites designated as an Alquist-Priolo Earthquake Fault Zone or Seismic Hazard Zone established pursuant to Chapter 7.5, Division 2, of the California Public Resources Code or a seismic hazard zone established pursuant to Chapter 7.8, Division 2, of the California Public Resources Code the Applicant shall demonstrate through accepted geologic seismic studies that the proposed building or structure will be located in a safe manner and not over or astraddle the trace of an active fault. Acceptable geologic seismic studies shall meet the criteria as set forth in rules and regulations established by the Building Official to ensure that such studies are based on sufficient geologic data to determine the location or nonexistence of the active fault trace on a site. Prior to approval of a project, a geologic report defining and delineating any hazard of surface fault rupture shall be required.

Notwithstanding Sections 2621.6 and 2621.7 of the California Public Resources Code to the contrary, the Building Official shall have the authority, as deemed necessary and appropriate, to establish criteria in determining the type of projects that are required to comply with this subsection.

c. When previously unknown adverse soils or geologic conditions, including liquefaction or expansive soils, are revealed prior to or during construction.

d. When buildings or structures are located near or on fills containing decomposable material. No new buildings or structures or additions to existing buildings and structures shall be located within one thousand (1,000) feet of fills containing rubbish or other decomposable material unless the fill is isolated by approved natural or manmade protective systems or unless designed according to the recommendations contained in a report prepared by a registered design professional licensed in the State of California to practice as such. Such report shall contain a description of the investigation, study and recommendation to minimize the possible intrusion, and to prevent the accumulation of explosive concentrations of decomposition gases within or under enclosed portions of such building or structure. At the time of the final inspection, the registered design professional shall furnish a signed statement attesting that the building or structure has been constructed in accordance with his or her recommendations as to decomposition gases required herein. No new buildings or structures or additions to existing building or structures shall be constructed on fills containing rubbish or other decomposable material unless provision is made to prevent damage to structure, floor, underground piping and utilities due to uneven settlement of the fill. One-story light frame accessory structures not exceeding four hundred (400) square feet in area nor twelve (12) feet in height may be constructed without special provisions for foundation stability.

The soils engineering report required by this section shall include data regarding the nature, distribution and strength of existing soils, conclusions and recommendations for grading procedures and design criteria for corrective measures, including buttress fills, when necessary, and opinion on adequacy for the intended use of sites to be developed by the proposed grading as affected by soils engineering factors, including the stability of slopes.

The engineering geology report required by this section shall include an adequate description of the geology of the site, conclusions and recommendations regarding the effect of geologic con-

ditions on the proposed development, and opinion on the adequacy for the intended use of sites to be developed by the proposed grading, as affected by geologic factors.

EXCEPTIONS:

1. A soils and geological report is not required where the Building Official determines that the nature of the work applied for is such that a report is not necessary.

2. A liquefaction study is not required where the Building Official determines from established local data that the liquefaction potential is low.

All soils engineering and engineering geology reports shall comply with rules and standards established by the Building Official.

14. The increase in allowable building area permitted by Chapter 5 of the California Building Code adopted in Chapter 18.40 shall not be allowed unless or until the owner of the required yard shall file with the Building Official an agreement binding such owner, heirs and assignees, to set aside the required yard as an unobstructed space having no improvements. Such agreement shall be recorded in the County Recorder's Office.

B. Information on grading required.

1. Application for a grading permit shall be accompanied by grading construction documents prepared and signed by a registered design professional licensed by the State of California to practice as such. The first sheet of each set of grading construction documents shall give location of the work, the name and address of the owner and the person by whom they were prepared. The grading construction documents shall include, but not be limited to, the following information:

a. General vicinity of the proposed site.

b. Property limits and accurate contours of existing ground and details of terrain and area drainage.

c. Limiting dimensions, elevations or finish contours to be achieved by the grading, and proposed drainage channels and related construction.

d. Detailed plans of all surface and subsurface drainage devices, walls, cribbing, dams and other protective devices to be constructed with, or as a part of, the proposed work together with a map showing the drainage area and the estimated runoff of the area served by any drains.

e. Location of any buildings or structures on the property where the work is to be performed and the location of any buildings or structures on land of adjacent owners that are within fifteen (15) feet of the property or which may be affected by the proposed grading operations.

f. The location of the top and toe of all cuts and fills, the location of all "daylight" lines, the amount of cut and fill, the location of disposal site for excess material, if known, and the estimated dates for starting and completing grading work.

2. Grading construction documents shall be prepared by a registered land surveyor or registered civil engineer licensed in the State of California to practice as such when the property location and its limits are not clear.

EXCEPTION: Portions of the aforementioned grading construction documents requirements may be waived by the Building Official if he or she finds that the information on the application and/or submitted plans is sufficient to show that the work will conform to the provisions of this title, municipal code or other ordinances of the City, or laws and statutes of the State.

3. The Building Official is authorized to require professional inspection and testing by the soils engineer. When the Building Official has cause to believe that geologic factors may be involved, the grading will be required to conform to engineering grading.

C. Information on electrical required.

1. When required by the Building Official for the enforcement of any provision of this title, construction documents for the installation of electrical wiring or equipment shall be filed with the Building Official and approved prior to the issuance of any permit.

2. The construction documents shall show the following:

a. Construction documents shall be of sufficient clarity to show that the proposed electrical

installation will conform to the provisions of this title, municipal code or other ordinances of the City, or laws and statutes of the State.

b. Layout of the proposed electric systems for each floor or area, including dimensions of all working spaces, a full scope of the project and a legend of all symbols used.

c. The type, location and capacity of all service equipment.

d. The size and the length of all service raceways to the manhole, vault or pole of the serving agency or to the service head.

e. The size of all raceways and the length of all feeder raceways.

f. The dimensions of all pull or junction boxes larger than four inches trade size.

g. The number, size, and type of all conductors to be installed in wiring enclosures.

h. The location of every proposed outlet and switch in all parts of the building or structure including all fixed showcases, wall cases, and similar wiring.

i. The wattage or ampere ratings of each outlet for noninductive loads and the volt-ampere rating of each unit or transformer for electric discharge lighting.

j. The location, voltage, and H.P. rating of every motor and the K.W. rating of every generator. The type and code letter of every A.C. motor shall be given unless otherwise satisfactory to the Building Official.

k. The location and K.V.A., or equivalent rating of each transformer, capacitor, ballast, converter, frequency changer, and similar equipment and the location and ampere or wattage rating of other appliances of the noninductive type.

l. Details of panelboard, switchboard, and distribution centers, showing type and arrangement of switches, overcurrent devices, and general control equipment.

m. Panelboard and switchboard schedules showing wattage and amperage, the number of active branch circuits to be installed, and the number of spare branch circuits for future use. This shall include identifying the circuits to which the outlets are connected.

n. The existing load, as calculated in accordance with Articles 210 and 220 of the California Electrical Code adopted in Chapter 18.42 or by other methods satisfactory to the Building Official, shall be indicated for existing installations having alterations or additions made to them.

o. Other additional information as the Building Official may consider necessary for proper enforcement of this title.

p. On all occupancies indicating location, rating and method being served for all new and existing power distribution equipment.

q. Any or all engineering calculations as applicable for the installation.

r. Interconnected wiring between all devices in each branch circuit from any panelboard or switch-board to the last device or load.

s. Location of grounding and bonding, including, but not limited to, grounding electrode conductor sizes and length, grounding electrode(s) to be utilized, termination locations of all grounding electrode conductors, main and system bonding jumpers.

t. Available fault current and documentation of preliminary design approval from Southern California Edison where the service is new or upgraded.

u. Construction documents for buildings more than two (2) stories in height of other than one- or two-family dwelling and related accessory building or structure shall indicate how required structural and fire resistive integrity will be maintained where a penetration will be made for electrical conduits, pipes and similar systems.

v. Methane gas mitigation measures required for electrical installation per Chapter 18.79 for construction occurring in all areas identified in Section 18.79.040.

3. All electrical materials, devices, appliances and equipment installed or used in the City shall be in conformity with the provisions of this title, municipal code or other ordinances of the City, or laws and statutes of the State. Conformity with the standards of the Underwriters' Laboratories, Inc., as approved by the American Standards Association, or other approved testing laboratory,

shall be prima facie evidence of conformity with approved standards for safety to life and property. Previously used material shall not be reused in any work without the written approval obtained in advance from the Building Official.

D. Information on plumbing required.

1. When required by the Building Official for the enforcement of any provisions of this title, municipal code or other ordinances of the City, or laws and statutes of the State, construction documents for the installation of any plumbing, water piping, gas piping, waste and vent piping, water heater, water heater vents, water treating equipment, or any appliance or device shall be filed with the Building Official and approved prior to the issuance of any permit.

2. The construction documents shall show the following:

a. Construction documents shall be of sufficient clarity to show that the proposed plumbing installation will conform to the provisions of this title, municipal code or other ordinances of the City, or laws and statutes of the State.

b. Layout of the proposed plumbing systems for each floor or area, including dimensions of all working spaces, a full scope of the project and a legend of all symbols used.

c. Location, size and material of all plumbing pipes and fixtures.

d. System riser or isometric diagrams shall be provided for all drainage, waste and vent, fuel gas, potable water, storm drain, rainwater, sump pump, combination waste and vent and standpipe systems.

e. Construction documents for buildings more than two (2) stories in height of other than one- or two-family dwelling and related accessory building or structure shall indicate how required structural and fire resistive integrity will be maintained where a penetration will be made for plumbing pipes and similar systems.

E. Information on mechanical required.

1. When required by the Building Official for the enforcement of any provisions of this title, municipal code or other ordinances of the City, or laws and statutes of the State, construction documents for the installation of environmental heating or cooling systems, refrigeration systems, absorption systems, ventilation systems and hoods shall be filed with the Building Official and approved prior to the issuance of any permit.

2. The construction documents shall show the following:

a. Construction documents shall be of sufficient clarity to show that the proposed mechanical installation will conform to the provisions of this title, municipal code or other ordinances of the City, or laws and statutes of the State.

b. Layout for each floor with dimensions of all working spaces and a legend of all symbols used.

c. Location, size and materials of all air ducts, air inlets and air outlets.

d. Location of all fans, warm-air furnaces, boilers, absorption units, refrigerant compressors and condensers and the weight of all pieces of such equipment weighing four hundred (400) pounds or more.

e. Rated capacity or horsepower of all boilers, warm-air furnaces, heat exchangers, blower fans, refrigerant compressors and absorption units.

f. Location, size and material of all combustion products, vents and chimneys.

g. Location and area of all ventilation and combustion air openings and ducts.

h. Location of all air dampers, fire dampers, smoke-control dampers and combustion-products-type smoke detectors.

i. The occupancy of each area served by any heating, air-conditioning or ventilation system.

j. The location of all required fire-resistive separations that are penetrated by ducts or openings of any heating, air-conditioning or ventilation system.

k. The complete drawings of all commercial hoods and ventilation systems, including the cooking appliances served by the hoods, and verify:

i. The interconnection of the fire-extinguishing system and fuel shutoff devices.

ii. Compliance with Department of Health and Human Services requirements.

iii. Compliance with South Coast Air Quality Management District requirements.

l. The weight of any equipment weighing more than that specified in Chapter 13 of ASCE 7.

m. Construction documents for buildings more than two (2) stories in height of other than one- or two-family dwelling and related accessory building or structure shall indicate how required structural and fire resistive integrity will be maintained where a penetration will be made for mechanical conduits, pipes and similar systems. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.05.040 Examination of construction documents.

A. General. When the permit applicant, in addition to the fee prescribed therefore and at the time of making application for such permit, pay a plan examination fee as set forth in Section 18.06.020, the Building Official shall examine or cause to be examined the accompanying submittal documents and shall ascertain by such examinations whether the construction indicated and described is in accordance with the provisions of this title, municipal code or other ordinances of the City, or laws and statutes of the State.

B. Approval of construction documents. When the Building Official issues a permit pursuant to Section 18.04.040, the construction documents shall be approved, in writing or by stamp, as "APPROVED." One set of approved construction documents shall be retained and maintained pursuant to Section 18.05.070.

C. Previous approvals. This title shall not require changes in the construction documents, construction or designated occupancy of a structure for which a lawful permit has been heretofore issued or otherwise lawfully authorized, and the construction of which has been pursued in good faith and has not been expired, suspended, discontinued or abandoned pursuant to Subsection 18.04.060.A or expired pursuant to Section 18.05.060.

D. Amended construction documents. Work shall be installed in accordance with the approved construction documents, and any changes made during construction that are not in compliance with the approved construction documents shall be resubmitted for approval as an amended set of construction documents.

E. Approved construction documents on job. One (1) set of approved construction documents issued to the permit applicant shall be kept at the site of the construction or work at all times during which the work authorized thereby is in progress and shall be available and open to inspection by the Building Official. Any deviation from the stamped or approved construction documents shall be in accordance with Subsection 18.05.040.D.

F. Re-examining construction documents.

1. Re-examining construction documents prior to approval. When construction documents have been examined and are subsequently so revised by the permit applicant for reasons other than plan examination correction as to necessitate re-examination, the Building Official shall require the permit applicant to pay a re-examination fee as set forth in Section 18.06.030 which would be required for the cost of that portion of the construction or work which has been revised. No additional permit fee will be required unless the revision increases the total cost of the entire project. In that event, the Building Official shall require the permit applicant to pay an additional permit fee based on the additional cost.

EXCEPTION: No additional plan examination fee shall be charged for verification of the corrections required by the Building Official.

2. Re-examining construction documents after approval. When construction documents are resubmitted for examination of changes made to previously approved construction documents, the permit applicant shall pay a re-examination fee as set forth in Section 18.06.030. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.05.050 Design professional in responsible charge.

A. General. When it is required that documents be prepared by a registered design professional licensed in the State of California, the Building Official shall be authorized to require the owner to engage and designate on the permit application a registered design professional who shall act as the registered design professional in responsible charge. If the circumstances require, the owner may designate a substitute registered design professional in responsible charge who shall perform the duties required of the original registered design professional in responsible charge. The Building Official shall be notified in writing by the owner if the registered design professional in responsible charge is changed or is unable to continue to perform the duties.

The registered design professional in responsible charge shall be responsible for reviewing and coordinating submittal documents prepared by others, including phased and deferred submittal items, for compatibility with the design of the building.

B. Deferred submittals.

1. For the purposes of this section, deferred submittals are defined as those portions of the design which are not submitted at the time of the application and which are to be submitted to the Building Official within a specified period.

2. Deferral of any submittal items shall have prior approval of the Building Official. The registered design professional in responsible charge shall list the deferred submittals on the construction documents for review by the Building Official.

3. Documents for deferred submittal items shall be submitted to the registered design professional in responsible charge who shall review them and forward them to the Building Official with a notation indicating that the deferred submittal documents have been reviewed and been found to be in general conformance with the design of the building. The deferred submittal items shall not be installed until the Building Official has approved the deferred submittal documents.

C. Structural observation. Where structural observation is required by Chapter 17 of the California Building Code adopted in Chapter 18.40, the statement of special inspections shall name the individual or firms who are to perform structural observation and describe the stages of construction at which structural observation is to occur. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.05.060 Expiration of plan examination.

If after a period of one (1) year from date of application for permit, any permit applicant has failed to pay for and obtain a permit pursuant to Subsection 18.04.040.A, such application and examination fee shall become invalid and no permit shall be issued unless a new application is submitted and a new examination fee paid pursuant to Section 18.06.020. Construction documents submitted at the time of application may be disposed of if after a period of one (1) year from date of application no permit has been paid for or issued.

EXCEPTION: If the permit applicant presents satisfactory evidence that unusual difficulties or, delays have prevented a permit from being approved and made ready for permit issuance, the Building Official shall have the authority to grant a maximum of two (2) extensions each not to exceed one hundred eighty (180) days. The extension shall be requested in writing on a form furnished by the Building Official for that purpose and justifiable cause is demonstrated pursuant to Section 18.03.050. Requests for additional extensions or a second extension of time that extends beyond the adoption of a new California Building Standards Code may be granted at the discretion of the Building Official, however, additional requirements dependent on the circumstances may apply. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.05.070 Retention and maintenance of construction documents.

A. Retention of construction documents. The approved construction documents in electronic or

paper format for every issued permit shall be stamped and retained by the Building Official at issuance of Certificate of Occupancy or final inspection approval for a period of not less than one (1) year from the date of completion of the work covered therein, after which time the Building Official may, at their discretion, either dispose of the copies or retain them as a part of the permanent files of the Building Official as required by Section 19850 of the California Health and Safety Code. Before issuing a permit, the Building Official shall collect a fee pursuant to Section 18.06.090 for maintaining construction documents that are required to be retained by this section.

EXCEPTIONS: Construction documents for the following need not be maintained, except where required by the Building Official:

1. Single or multiple dwellings in areas which are not part of a common interest development (as defined in Section 1351 of the California Civil Code), and not more than two (2) stories and basement in height;

2. Garages and other structures appurtenant to buildings described in Exception 1 of this subsection;

3. Farm or ranch buildings; and

4. Any one-story building where the span between bearing walls does not exceed twenty-five (25) feet. This exception does not, however, apply to a steel frame or concrete building.

B. Inspection of construction documents. The copy of the approved construction documents maintained by the Building Official as provided by Subsection 18.05.070.A may be available for inspection only on the premises of the Building Official.

C. Reproduction of construction documents. Construction documents maintained by the Building Official under Subsection 18.05.070.A may not be duplicated in whole or in part except with the written permission of the certified, licensed or registered professional or his or her successor, if any, who signed the original documents, and the written permission of the original or current owner of the building, or, if the building is part of a common interest development, with the written permission of the board of directors or governing body of the association established to manage the common interest development; upon request by any State agency; or by order of a proper court. In implementing this provision, the Building Official shall comply with the requirements of Section 19851 of the California Health and Safety Code.

The Building Official shall also furnish the form of an affidavit to be completed and signed by the person requesting to duplicate the official copy of the construction documents, which contains provisions stating the following:

1. That the copy of the construction documents shall only be used for the maintenance, operation and use of the building;

2. That drawings are instruments of professional service and are incomplete without the interpretation of the certified, licensed or registered professional of record; and

3. That Sections 5536.25(a) and 6735(b) of the California Business and Professions Code states that a registered design professional who signs construction documents shall not be responsible for damage caused by subsequent changes to, or use of, those construction documents where the subsequent changes or uses, including changes or uses made by State or local governmental agencies, are not authorized or approved by the registered design professional who originally signed the construction documents, provided that the service rendered by the registered design professional who signed the construction documents was not also a proximate cause of the damage.

The fees specified in the following item 1 or 2 shall be paid by the person requesting duplication of construction documents:

1. Construction documents that have not been stored in an electronic storage format and are authorized for reproduction to be duplicated by other than City services will be released only to a Department authorized duplicating service. The person requesting duplication shall pay the cost of duplicating the construction documents directly to the duplicating service. That person shall pay a processing fee for each set of construction documents released to the Building Official as determined by Section 18.06.120.

2. Construction documents that have been stored in an electronic storage format and are authorized for reproduction shall be duplicated by City services or vendors. The Building Official shall collect an initial service fee for each request for reproduction of construction documents plus an additional fee for each sheet requested to be photocopied as determined by Section 18.06.120.

D. Withdrawal of construction documents. The Building Official shall not permit any original construction documents, or portions thereof upon which a permit has been issued, to be withdrawn from the office of the Building Official, except for official use by representatives of the City. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

CHAPTER 18.06 FEES

18.06.010 Permit fees.

A. Building permit fees. A building permit (exclusive of subtrade permits) shall be issued for each building or structure to be erected or upon which work is to be done thereunder when required pursuant to Section 18.04.010 and for each such permit the permit applicant shall pay a permit filing fee as set forth in the schedule of fees and charges established by City Council resolution plus a fee computed on the basis of the estimated total cost of the work proposed to be done, in accordance with the building permit fee as set forth in the schedule of fees and charges established by City Council resolution.

EXCEPTIONS: A single combined permit may be issued for the following:

1. The construction, addition or alteration of any building or structure of a one- or two-family dwelling and related accessory building and structure, which includes all building, electrical, plumbing, heating, ventilating, and air conditioning work; or

2. The construction, addition or alteration of any sign or sign support structure, which includes all building and electrical work.

The total permit fee for the combined building permit shall be as set forth in the schedule of fees and charges established by City Council resolution.

In addition to the above, projects with stormwater and low impact development systems regulated under Chapters 8.96 and Chapter 18.74 shall pay an additional fee as set forth in the schedule of fees and charges established by City Council resolution.

In addition to the above, projects regulated under Title 24, Parts 2 and 2.5, of the California Code of Regulations, the State's Building and Residential Codes for flood resistant design and construction regulation, shall pay an additional fee as set forth in the schedule of fees and charges established by City Council resolution.

In addition to the above, projects with methane gas mitigation systems regulated under Chapter 18.79 shall pay an additional fee as set forth in the schedule of fees and charges established by City Council resolution.

In addition to the above, projects regulated under Sections 1.8.2.1.2 and 1.9.1 of Title 24, Part 2, of the California Code of Regulations, the State's Disabled Access and Adaptability Requirements, shall pay an additional fee as set forth in the schedule of fees and charges established by City Council resolution.

In addition to the above, projects regulated under Title 24, Part 6, of the California Code of Regulations, the State's Building Energy Efficiency Standards Code as developed by the California Energy Commission, shall pay an additional fee as set forth in the schedule of fees and charges established by City Council resolution.

In addition to the above, projects regulated under Chapter 1 of Title 24, Part 11, of the California Code of Regulations, the State's Green Building Standards Code, shall pay an additional fee as set forth in the schedule of fees and charges established by City Council resolution.

In addition to the above, projects regulated under Section 2700, Chapter 8, Division 2 of the California Public Resources Code, the State's Strong Motion Instrumentation Program, shall pay an

additional fee as set forth in Section 2705, Chapter 8, Division 2 of the California Public Resources Code.

In addition to the above, projects regulated under Article 1-10 in Chapter 1 of Title 24, Part 1, of the California Code of Regulations, the State's Building Standards Administration Special Revolving Fund, shall pay an additional fee as set forth in Section 18931.6 of the California Health and Safety Code.

In addition to the above, projects regulated under Sections 65850.55 and 66015 of the California Government Code, shall pay fees for solar energy systems and energy storage systems that do not exceed the estimated reasonable cost of providing the service for which the fee is charged, which cannot exceed the amount as set forth in Sections 65850.55 and 66015 of the California Government Code, unless certain conditions are met.

B. Grading permit fees. A grading permit shall be issued to each property or site upon which grading work is to be done thereunder when required pursuant to Subsection 18.04.010.B, and for each such permit the permit applicant shall pay a filing fee as set forth in the schedule of fees and charges established by City Council resolution plus a grading permit fee computed on the basis of the estimated total cubic yard of work proposed to be done as set forth in the schedule of fees and charges established by City Council resolution.

In addition to the above, projects with stormwater and low impact development systems regulated under Chapters 8.96 and Chapter 18.74 shall pay an additional fee as set forth in the schedule of fees and charges established by City Council resolution.

C. Electrical permit fees. An electrical permit shall be issued for each building or structure upon which work is to be done thereunder when required pursuant to Subsection 18.04.010.C, and for each such permit the permit applicant shall pay a permit filing fee as set forth in the schedule of fees and charges established by City Council resolution plus a fee computed on the basis of the proposed work to be done in accordance with the electrical permit fee as set forth in the schedule of fees and charges established by City Council resolution.

In addition to the above, projects regulated under Title 24, Part 6, of the California Code of Regulations, the State's Building Energy Efficiency Standards Code as developed by the California Energy Commission, shall pay an additional fee as set forth in the schedule of fees and charges established by City Council resolution.

In addition to the above, projects regulated under Chapter 1 of Title 24, Part 11, of the California Code of Regulations, the State's Green Building Standards Code, shall pay an additional fee as set forth in the schedule of fees and charges established by City Council resolution.

In addition to the above, projects regulated under Sections 65850.55 and 66015 of the California Government Code, shall pay fees for solar energy systems and energy storage systems that do not exceed the estimated reasonable cost of providing the service for which the fee is charged, which cannot exceed the amount as set forth in Sections 65850.55 and 66015 of the California Government Code, unless certain conditions are met.

NOTE: For any electrical installation for which an electrical permit is required, but for which no fee is provided in this section, the electrical permit fee shall be based on the valuation of the electrical work and determined by Subsection 18.06.010.A.

Each point at which a lamp holding device, or group of lamp holding devices, is attached shall be considered to be an electrical outlet for which a fee is provided and required, and the lamp holding device shall be considered to be an electrical fixture for which a fee is provided and required.

D. Plumbing permit fees. A plumbing permit shall be issued for each building or structure upon which work is to be done thereunder when required pursuant to Subsection 18.04.010.D, and for each such permit the permit applicant shall pay a permit filing fee as set forth in the schedule of fees and charges established by City Council resolution plus a fee computed on the basis of the

proposed work to be done in accordance with the plumbing permit fee as set forth in the schedule of fees and charges established by City Council resolution.

In addition to the above, projects regulated under Chapter 1 of Title 24, Part 11, of the California Code of Regulations, the State's Green Building Standards Code, shall pay an additional fee as set forth in the schedule of fees and charges established by City Council resolution.

NOTE: For the purpose of this subsection, a plumbing outlet to which a fixture may be attached shall be considered a plumbing fixture, and any appliance or device which connects directly or indirectly with the soil, waste or water system, or requires a trap or vent, shall be considered a plumbing fixture, and shall include water heaters, boilers and any type of water treating device.

E. Mechanical permit fees. A mechanical permit shall be issued for each building or structure upon which work is to be done thereunder when required pursuant to Subsection 18.04.010.E, and for each such permit the permit applicant shall pay a permit filing fee as set forth in the schedule of fees and charges established by City Council resolution plus a fee computed on the basis of the proposed work to be done in accordance with the mechanical permit fee as set forth in the schedule of fees and charges established by City Council resolution.

In addition to the above, projects regulated under Title 24, Part 6, of the California Code of Regulations, the State's Building Energy Efficiency Standards Code as developed by the California Energy Commission, shall pay an additional fee as set forth in the schedule of fees and charges established by City Council resolution.

In addition to the above, projects regulated under Chapter 1 of Title 24, Part 11, of the California Code of Regulations, the State's Green Building Standards Code, shall pay an additional fee as set forth in the schedule of fees and charges established by City Council resolution.

F. Sign permit fees. A sign permit shall be issued for each sign or sign support structure to be erected or upon which work is to be done thereunder when required pursuant to Subsection 18.04.010.G, and for each such permit the permit applicant shall pay a filing fee as set forth in the schedule of fees and charges established by City Council resolution plus a sign permit fee computed on the basis of the estimated total cost of the work proposed to be done as set forth in the schedule of fees and charges established by City Council resolution.

In addition to the above, projects regulated under Title 24, Part 6, of the California Code of Regulations, the State's Building Energy Efficiency Standards Code as developed by the California Energy Commission, shall pay an additional fee as set forth in the schedule of fees and charges established by City Council resolution. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.06.020 Plans examination fees.

Except where the Building Official has determined that the submittal of construction documents and other data are not required if the Building Official finds that the nature of the work applied for is such that the examination of construction documents is not necessary to obtain compliance with this title, plans examination and the fees for such examination shall be required for the following:

A. Buildings and structures plan(s) examination fees. Except as provided in this section, the permit applicant for a building permit shall, in addition to the fee prescribed therefore and at the time of making application for such building permit, pay a plans examination fee as set forth in the schedule of fees and charges established by City Council resolution, including the filing fee. The plans examination fee for a combined permit shall be as set forth in the schedule of fees and charges established by City Council resolution for a building permit of the same valuation.

EXCEPTION: No plans examination fee shall be required when the Building Official has determined that the submittal of construction documents and other data are not required if it is found

that the nature of the work applied for is such that the examination of construction documents is not necessary to obtain compliance with this title.

In addition to the above, projects with stormwater and low impact development systems regulated under Chapter 8.96 and Chapter 18.74 shall pay an additional fee as set forth in the schedule of fees and charges established by City Council resolution.

In addition to the above, projects regulated under Title 24, Parts 2 and 2.5, of the California Code of Regulations, the State's Building and Residential Codes for flood resistant design and construction regulation, shall pay an additional fee as set forth in the schedule of fees and charges established by City Council resolution.

In addition to the above, projects with methane gas mitigation systems regulated under Chapter 18.79 shall pay an additional fee as set forth in the schedule of fees and charges established by City Council resolution.

In addition to the above, projects regulated under Sections 1.8.2.1.2 and 1.9.1 of Title 24, Part 2, of the California Code of Regulations, the State's Disabled Access and Adaptability Requirements, shall pay an additional fee as set forth in the schedule of fees and charges established by City Council resolution.

In addition to the above, projects regulated under Title 24, Part 6, of the California Code of Regulations, the State's Building Energy Efficiency Standards Code as developed by the California Energy Commission, shall pay an additional fee as set forth in the schedule of fees and charges established by City Council resolution.

In addition to the above, projects regulated under Chapter 1 of Title 24, Part 11, of the California Code of Regulations, the State's Green Building Standards Code, shall pay an additional fee as set forth in the schedule of fees and charges established by City Council resolution.

In addition to the above, projects regulated under Sections 65850.55 and 66015 of the California Government Code, shall pay fees for solar energy systems and energy storage systems that do not exceed the estimated reasonable cost of providing the service for which the fee is charged, which cannot exceed the amount as set forth in Sections 65850.55 and 66015 of the California Government Code, unless certain conditions are met.

B. Grading plans examination fees. The permit applicant for a grading permit shall, in addition to the fee prescribed therefore and at the time of making application for such grading permit, pay a plans examination fee to the City as set forth in the schedule of fees and charges established by City Council resolution, including the filing fee.

In addition to the above, projects with stormwater and low impact development systems regulated under Chapters 8.96 and Chapter 18.74 shall pay an additional fee as set forth in the schedule of fees and charges established by City Council resolution.

C. Electrical plans examination fees. The permit applicant for an electrical permit shall, in addition to the fee prescribed therefore and at the time of making application for such electrical permit, pay a plans examination fee to the City as set forth in the schedule of fees and charges established by City Council resolution, including the filing fee.

In addition to the above, projects regulated under Title 24, Part 6, of the California Code of Regulations, the State's Building Energy Efficiency Standards Code, developed by the California Energy Commission shall pay an additional fee as set forth in the schedule of fees and charges established by City Council resolution.

In addition to the above, projects regulated under Sections 65850.55 and 66015 of the California Government Code, shall pay fees for solar energy systems and energy storage systems that do not exceed the estimated reasonable cost of providing the service for which the fee is charged, which cannot exceed the amount as set forth in Sections 65850.55 and 66015 of the California Government Code, unless certain conditions are met.

D. Plumbing plans examination fees. The permit applicant for a plumbing permit shall, in addition to the fee prescribed therefore and at the

time of making application for such plumbing permit, pay a plans examination fee to the City as set forth in the schedule of fees and charges established by City Council resolution, including the filing fee.

In addition to the above, projects regulated under Sections 1.8.2.1.2 and 1.9.1 of Title 24, Part 2, of the California Code of Regulations, the State's Disabled Access and Adaptability Requirements, shall pay an additional fee as set forth in the schedule of fees and charges established by City Council resolution.

In addition to the above, projects regulated under Chapter 1 of Title 24, Part 11, of the California Code of Regulations, the State's Green Building Standards Code, shall pay an additional fee as set forth in the schedule of fees and charges established by City Council resolution.

E. Mechanical plans examination fees. The permit applicant for a mechanical permit shall, in addition to the fee prescribed therefore and at the time of making application for such mechanical permit, pay a plans examination fee to the City as set forth in the schedule of fees and charges established by City Council resolution, including the filing fee.

In addition to the above, projects regulated under Title 24, Part 6, of the California Code of Regulations, the State's Building Energy Efficiency Standards Code, developed by the California Energy Commission shall pay an additional fee as set forth in the schedule of fees and charges established by City Council resolution.

In addition to the above, projects regulated under Chapter 1 of Title 24, Part 11, of the California Code of Regulations, the State's Green Building Standards Code, shall pay an additional fee as set forth in the schedule of fees and charges established by City Council resolution.

F. Signs and sign support structures plans examination fees. The permit applicant for a sign permit shall, in addition to the fee prescribed therefore and at the time of making application for such sign permit, pay a plans examination fee to the City as set forth in the schedule of fees and charges established by City Council resolution, including the filing fee.

In addition to the above, projects regulated under Title 24, Part 6, of the California Code of Regulations, the State's Building Energy Efficiency Standards Code, developed by the California Energy Commission shall pay an additional fee as set forth in the schedule of fees and charges established by City Council resolution.

G. Express plans examination fees. At the request of the permit applicant, the Building Official may, at his or her discretion, provide plans examination services at other than normal working hours. An express plans examination fee, in addition to the plans examination fees charged elsewhere in this title, as set forth in the schedule of fees and charges established by City Council resolution shall be collected at the time of the request.

H. Geologic reports review fees. A fee as set forth in the schedule of fees and charges established by City Council resolution shall be charged for the review of geologic, soils engineering or geotechnical engineering reports submitted as required by State law for proposed development in seismic hazard zones, including but not limited to, fault rupture, liquefaction and landslide hazard zones or Section 18.05.030.A.13. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.06.025 Determining valuation.

The determination of value or valuation under any of the provisions of this title shall be made by the Building Official. The value to be used in computing the permit and plan examination fees shall be the total value of all construction work, including materials and labor, for which the permit is issued as well as all finish work, painting, roofing, electrical, plumbing, heating, air conditioning, elevators, fire protection systems and any other permanent equipment except as provided for in 18.04.020; or the estimate cost to replace the building or structure or portion thereof in kind, based on current replacement cost as determined therein.

In flood hazard areas, the determination of substantially improvement or repair of substan-

tial damage buildings or structures shall be in accordance with Section 1612 and Appendix G of the California Building Code adopted in Chapter 18.40 or Section R306 of the California Residential Code adopted in Chapter 18.41 for flood-resistant design and construction regulations.

No person shall willfully or negligently withhold from or misrepresent to the Building Official any information he or she may request relative to the estimated cost of any proposed work for which an application for a permit has been filed or misrepresent the cost of any such work. The determination or collection of fees based upon incorrect information and other data supplied by the permit applicant shall not prevent the Building Official from subsequently requiring the correction of the error in determining or collecting the appropriate fees. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.06.030 Plans re-examination fees.

When required by Section 18.05.040, the permit applicant shall pay a plan re-examination fee as set forth in the schedule of fees and charges established by City Council resolution. The plan re-examination fee in the case of a building, sign or subtrade permit shall be based on a rate as set forth in the schedule of fees and charges established by City Council resolution and the plan examination fee for a grading permit shall be as set forth in the schedule of fees and charges established by City Council resolution for the number of cubic yards replaced, removed or omitted that were not previously approved. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.06.040 Re-inspection fee.

When required by Section 18.07.030, the permit applicant shall pay a re-inspection fee as set forth in the schedule of fees and charges established by City Council resolution. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.06.050 Special inspection fee.

A. General. Upon request, the Building Official will make special inspections provided:

1. The permit applicant makes accessible and exposes elements or structures inspected;

2. That the permit applicant pays a fee as set forth in the schedule of fees and charges established by City Council resolution for the following:

a. Building inspection,
b. Plumbing inspection,
c. Electrical inspection,
d. Mechanical inspection,
e. Housing inspection (dwellings),
f. Code inspection for business license,
g. Non-team inspection,
h. Team inspection,
i. Condominium conversion inspections, and
j. Site inspection not otherwise covered.

B. Additional inspection fee. A fee as set forth in the schedule of fees and charges established by City Council resolution per hour or fraction thereof shall be charged for inspections requiring in excess of one (1) hour.

EXCEPTION: Within the scope of the special inspections, the Building Official may approve minor corrections or alterations involving work of a building, plumbing, mechanical or electrical nature with an aggregate total cost of two thousand dollars ($2,000.00) or less.

C. Off-hour inspection fee. For inspections performed on request at other than normal office hours, a fee as set forth in the schedule of fees and charges established by City Council resolution. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.06.060 Fees for verification of reports.

A. Special inspection supervision fee. To supervise the performance of registered special inspectors required to be employed for certain types of work as provided by Section 18.07.080, a fee as set forth in the schedule of fees and charges established by City Council resolution for each type of work shall be paid at the time of permit issuance.

B. Structural observation report fee. To verify that all structural observation reports required by Chapter 17 of the California Building Code adopted in Chapter 18.40 have been received prior to the issuance of a Certificate of Occupancy, a fee as set forth in the schedule of fees and charges established by City Council resolution shall be paid at the time of permit issuance. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.06.070 Investigation fees—Work without a permit.

A. Investigation. Whenever any work for which a permit is required by this title has been commenced without first obtaining such permit, a special investigation shall be made before a permit may be issued for such work.

B. Fee. An investigation fee, in addition to the permit fee, shall be collected whether or not a permit is then or subsequently issued. The investigation fee shall be equal to the amount of the permit fee required by this title with a minimum fee as set forth in the schedule of fees and charges established by City Council resolution. The payment of such investigation fee shall not exempt any person, firm or corporation from compliance with all other provisions of this title, municipal code or other ordinances of the City, or laws and statutes of the State nor from any penalty prescribed by law.

EXCEPTION: The investigation fee may be waived for emergency work when it is proved to the satisfaction of the Building Official that such work was urgently needed and it was impractical to obtain a permit prior to commencement of the work. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.06.080 Code Enforcement Fees.

A. Purpose. Property owners are liable for costs incurred by the City in abating a substandard or dangerous property condition, as well as for fees for Code Enforcement.

B. When a permit is required. Whenever a permit is required to abate a substandard or dangerous condition as ordered by the Building Official, the responsible party must apply for the permit and pay the permit fee in addition to any code enforcement fees. If the abatement order of the Building Official is reversed on appeal to the Board of Examiners, Appeals and Condemnation, or by appeal to City Council, neither the code enforcement fee nor any directly corresponding permit fee shall be required.

C. Re-inspection fee. A re-inspection fee shall be imposed when an additional inspection is conducted to address violations of this Title. The re-inspection fee is intended to offset the costs of the re-inspection.

D. Fee. The fees required by this title are set forth in the schedule of fees and charges established by City Council resolution. The payment of code enforcement fees shall not exempt any person, firm, or corporation from compliance with this code nor from any penalty prescribed by law. (ORD-26-0004 § 7, 2026; ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.06.090 Construction document maintenance fee.

Before issuing a permit, the Building Official shall collect a fee for maintaining construction documents that are required to be retained by Section 18.05.070. The amount of the construction document maintenance fee shall be as set forth in the schedule of fees and charges established by City Council resolution and shall be collected for each separate construction document to be retained by the Building Official. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.06.100 Board of Appeal fees.

A fee as set forth in the schedule of fees and charges established by City Council resolution shall

be charged to a person appealing to the Board of Examiners, Appeals and Condemnation pursuant to Chapter 18.10.

EXCEPTION: For appeal involving condemnations and from corrective notices as provided for in this title, there shall be no required fee. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.06.110 Fee for verifying and reproducing permit records.

A fee will be charged to verify permit and inspection records, including age of building. Reproduction of permit records may be obtained for a fee. The fee is as set forth in the schedule of fees and charges established by City Council resolution. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.06.120 Processing fee for reproducing construction document records.

A processing fee as set forth in the schedule of fees and charges established by City Council resolution shall be charged to process a request for a copy of construction documents on record. A separate processing fee shall be paid for each construction document or set of construction documents involving a single site. The processing fee shall be in addition to fees charged to cover duplicating costs. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.06.130 Oil and gas well record search.

A fee as set forth in the schedule of fees and charges established by City Council resolution for each lot or parcel located in an oil zone shall be charged for a record search to determine the existence and location of subsurface gas or oil wells. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.06.140 Oil or gas well abandonment.

A fee as set forth in the schedule of fees and charges established by City Council resolution shall be charged for the inspections required during the abandonment of an oil or gas well. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.06.150 Service connection fee.

When electrical connection by the utility company is necessary to supply such temporary use, the owner of the building or a duly authorized representative shall make application and pay a fee as set forth in the schedule of fees and charges established by City Council resolution for each service connection.

Each meter and meter switch is considered a separate service. The Building Official may impose such reasonable requirements and regulations in connection therewith as he or she may deem necessary. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.06.160 Code modification and alternate fees.

A. Code modification fee. A written application for code modification pursuant to Section 18.03.050 shall be submitted together with a filing fee as set forth in the schedule of fees and charges established by City Council resolution. An additional fee as set forth in the schedule of fees and charges established by City Council resolution per hour or fraction thereof shall be charged when staff review time exceeds one (1) hour.

B. Code alternate fee. A written application for alternate materials, design and methods of construction or equipment pursuant to Section 18.03.060 shall be submitted together with a filing fee as set forth in the schedule of fees and charges established by City Council resolution. An additional fee as set forth in the schedule of fees and charges established by City Council resolution per hour or fraction thereof shall be charged when actual staff review time exceeds one (1) hour.

EXCEPTION: The requirement for application and fees and charges may be waived by the Building Official for materials, products or methods which have been evaluated and listed by the International Code Council, the national research board, or other recognized agency. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.06.170 Transfer of permit fee.

Active permits transferred pursuant to Subsection 18.04.060.E shall pay a permit transfer fee as set forth in the schedule of fees and charges established by City Council resolution. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.06.180 Temporary Certificate of Occupancy fee.

Permit applicants requesting a Temporary Certificate of Occupancy pursuant to Section 18.08.040 shall pay an investigation fee as set forth in the schedule of fees and charges established by City Council resolution for which approval of temporary occupancy is sought with the minimum fee as set forth in the schedule of fees and charges established by City Council resolution. An additional investigation fee shall be paid to extend a Temporary Certificate of Occupancy beyond thirty (30) days in an amount as set forth in the schedule of fees and charges established by City Council resolution of the initial investigation fee as set forth in the schedule of fees and charges established by City Council resolution for each additional thirty (30) day period or fraction thereof. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.06.190 Waiver of fees.

The Director may waive any application fee pursuant to the provisions of this title or municipal code if the Director first finds as follows:

1. A permit has been issued which does not fully conform to the provisions of this title, municipal code or other ordinances of the City, or laws and statutes of the State; and

2. There is no evidence that the permit applicant, in seeking the permit intentionally sought to avoid conformance to the provisions of this title, municipal code or other ordinances of the City, or laws and statutes of the State; and

3. Substantial construction commenced in good faith reliance on that permit; and

4. Stoppage has been ordered subsequent to such commencement as a result of the failure of the permit to conform to the provisions of this title, municipal code or other ordinances of the City, or laws and statutes of the State; and

5. The application or applications for which a fee waiver is requested and granted are necessary in order to authorize the issuance of the permit in a manner fully conforming to the provisions of this title, municipal code or other ordinances of the City, or laws and statutes of the State. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.06.200 Refunds.

A. General. No portion of any permit as required in this title shall be refunded to the permit applicant unless, prior to commencement of actual work thereunder, the proposal to do such work is abandoned, or it is discovered that such permit is void under provisions of this title, municipal code or other ordinances of the City. No portion of a checking fee shall be refunded to the permit applicant if any checking of the construction documents has been done in the office of the Building Official.

B. Condition. Refunds shall be made in the calculated amount so determined in this section and under the conditions as set forth in Sections 3.48.040 and 3.48.060.

C. Administration fee. Before any refund is made under this chapter, the Building Official shall deduct a percent as set forth in the schedule of fees and charges established by City Council resolution of the fee paid to pay for expenses incurred by the City in connection with accepting the construction documents, passing upon the application for or issuance of the permit, and the

sum shall be deducted from the fee so paid and the balance paid to such person. If the person entitled to the refund is an individual and such person becomes deceased, the refund may be made to such person or persons entitled to receive the money.

D. Expiration. Any application for refund must be filed by the person entitled to receive such refund within the prescribed expiration period in Subsection 18.06.200.B. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

CHAPTER 18.07 INSPECTIONS

18.07.010 General.

A. Inspection. All construction or work for which a permit is required shall be subject to inspection by Section 18.07.050 and such construction or work shall remain accessible and exposed for inspection purposes until approved. Certain types of construction shall have special inspections by registered special inspectors as specified in Section 18.07.080 and Chapter 17 of the California Building Code adopted in Chapter 18.40. Prior to the issuance of a Certificate of Occupancy as specified in Section 18.08.010, a final inspection in accordance with Section 18.07.050 shall be made by the Building Official of all construction or work for which a permit has been issued.

B. Liability. Neither the Building Official, authorized employees of the Department, nor the City shall be liable for expense entailed in the removal or replacement of any material required to allow inspection. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.07.020 Inspection record card.

The Building Official shall furnish with each permit an inspection record card to be posted in a conspicuous place on the front premises (or electric meter box) and in such position as to allow the Building Official to conveniently make the required entries thereon regarding inspection of the work. The inspection record shall show the project address, description of work, permit number and the date of permit issuance, and list the required inspections.

When any of the required inspections pursuant to Section 18.07.050 have been made and that portion of the work is approved, the inspector shall so record on the permit card posted on the job. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.07.030 Inspection requests.

A. General inspection request. It is the duty of the permit holder or their duly authorized agent to notify the Building Official when work is ready for inspection and to provide access to and means for inspections of such work that are required by this title. The Building Official may require that every request for inspection be filed at least one (1) working day before such inspection is desired. Such request may be in writing, by telephone or by other means at the option of the Building Official.

B. Re-inspection request. To obtain a re-inspection, the permit applicant shall request such inspection pursuant to Subsection 18.07.030.A. A re-inspection fee in Section 18.06.040 may be charged for the following:

1. For each inspection or re-inspection when the portion of work for which the inspection or re-inspection is called is not complete or when the correction called for is not made.

NOTE: This section is not to be interpreted as requiring re-inspection fees the first time a job is rejected for failure to comply with the requirements of this title, but as controlling the practice of calling for inspections before the job is ready for such inspection or re-inspection.

2. When the permit card is not properly posted on the work site, the approved construction documents are not readily available to the inspector, for failure to provide access on the date for which

inspection is requested, or for deviating from the approved construction documents requiring the approval of the Building Official.

In instances where re-inspection fees have been assessed, no additional inspections will be performed related to the project or portion thereof until the required fees have been paid. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.07.040 Approvals required.

No work shall be done on any part of the building or structure beyond the point indicated in each successive inspection without first obtaining the written approval of the Building Official. The Building Official, upon notification pursuant to Section 18.07.030 by the person, firm or corporation performing the work, shall make the requested inspections and shall either indicate the portion of the construction that is satisfactory as completed, or notify the permit holder or their duly authorized agent wherein the same fails to comply with the provisions of this title, municipal code or other ordinances of the City, or laws and statutes of the State. Any portions that do not comply shall be corrected and such portion shall not be covered or concealed until authorized by the Building Official. Such written approval shall be given only after an inspection has been made of each successive step in the construction as indicated by each of the inspections required or conditions stipulated in Section 18.07.050. There shall be a final inspection and approval on all buildings or equipment installations when completed and ready for occupancy or use.

EXCEPTIONS:

1. For temporary connection, the Building Official may give written permission to furnish electric current to or the use of electric current through any electrical wiring if such electrical wiring may be used safely for such purposes, and that there exists an urgent necessity for such use.

2. The requirements of this section shall not be considered to prohibit the operation of any heating equipment installed to replace existing heating equipment serving an occupied portion of a building, in the event a request for inspection of such heating equipment has been filed with the Building Official not more than forty-eight (48) hours after such replacement work is completed, and before any portion of such equipment is concealed by any permanent portion of the building. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.07.050 Required inspections.

A. Building. The Building Official, upon notification as specified in Section 18.07.030, shall make the inspections set forth in subsection, if applicable.

1. Footing and foundation inspection. Footing and foundation inspections shall be made after excavations for footings are complete and any required reinforcing steel is in place. For concrete foundations, any required forms shall be in place prior to inspection. Materials for the foundation shall be on the job, except where concrete is ready mixed in accordance with ASTM C94, the concrete need not be on the job.

2. Concrete slab and under-floor inspection. Concrete slab and under-floor inspections shall be made after all in-slab or under-floor reinforcing steel and building service equipment, conduit, piping accessories and other ancillary equipment items are in place, but before any concrete is placed or floor sheathing installed, including the subfloor.

3. Methane gas mitigation system inspection. Vent collector and sub-slab pipe routing shall be inspected prior to placement of the methane barrier. The methane barrier shall be inspected after installation is complete and a certificate of installation is provided by the installer. Exterior wall vent risers shall be inspected prior to concealment within the wall.

4. Lowest floor elevation. In flood hazard areas, upon placement of the lowest floor, including the basement, and prior to further vertical construction, the elevation certification required in Chapter 16 and Appendix G of the California Building Code adopted in Chapter 18.40 or Chap-

ter 3 of the California Residential Code adopted in Chapter 18.41, as applicable, shall be submitted to the Building Official.

5. Frame inspection. Framing inspections shall be made after the roof deck or sheathing, all framing, fire blocking and bracing are in place and all pipes, chimneys and vents to be concealed are complete and the rough electrical, plumbing, heating wires, pipes and ducts are approved.

6. Types IV-A, IV-B and IV-C construction protection inspection. In buildings of Types IV-A, IV-B and IV-C construction, where connection fire-resistance ratings are provided by wood cover calculated to meet the requirements of Section 2304.10.1 of the California Building Code adopted in Chapter 18.40, inspection of the wood cover shall be made after the cover is installed, but before any other coverings or finishes are installed.

7. Lath, gypsum board and gypsum panel product inspection. Lath, gypsum board and gypsum panel product inspections shall be made after lathing, gypsum board and gypsum panel products, interior and exterior, are in place, but before any plastering is applied or gypsum board and gypsum panel product joints and fasteners are taped and finished.

8. Fire- and smoke-resistant penetrations. Protection of joints and penetrations in fire resistance-rated assemblies, smoke barriers and smoke partitions shall not be concealed from view until inspected and approved.

9. Energy efficiency inspections. Inspections shall be made to determine compliance with the California Energy Code adopted in Chapter 18.46 and shall include, but not be limited to, inspection for: envelope insulation R- and U-values, fenestration U-value, duct system R-value, and HVAC and water-heating equipment efficiency.

10. Reinforced concrete. When forms and reinforcing steel are in place ready for concrete.

11. Reinforced masonry. In grouted masonry when vertical reinforcing steel is in place and other reinforcing steel distributed and ready for placing, but before any units are laid up.

12. Structural steel. When structural steel members are in place and required connections are complete, but before concealing any members or connection.

13. Other inspections. In addition to the inspections specified in this subsection, the Building Official is authorized to make or require other inspections of any construction work to ascertain compliance with the provisions of this title and other laws that are enforced by the Building Official.

14. Special inspections. When special inspections are required by Chapter 17 of the California Building Code adopted in Chapter 18.40.

15. Final inspection. Final inspection shall be made after all work required by the permit is completed and prior to occupancy. If located in a flood hazard area, flood hazard documentation required in Chapter 16 and Appendix G of the California Building Code adopted in Chapter 18.40 or Chapter 3 of the California Residential Code adopted in Chapter 18.41, as applicable, shall be submitted to the Building Official prior to final inspection.

B. Electrical. The Building Official, upon notification as specified in Section 18.07.030, shall make the inspection and approval of electrical installation as set forth in subsection, if applicable.

1. Inspection required. All electric wiring or installation in or on any building or structure of any nature, or tent, or premises, except as otherwise exempted in this title, for which a permit is required must be inspected and approved by the Building Official before being energized or used.

2. Prohibited use, operation or maintenance. No person shall use, operate or maintain, or cause or permit to be used, operated or maintained, any such electric wiring until such inspection and approval. No serving agency shall furnish or supply or cause or permit to be furnished or supplied, electric energy to any such electric wiring until such inspection and approval.

3. Prohibited concealment or enclosure of electrical wiring. No person shall conceal, enclose or cover, or cause or permit to be concealed, en-

closed or covered, any portion of any electric wiring in any manner that will interfere with or prevent the inspection and approval thereof.

4. Prohibited obstruction to inspection. Any portion of any floor, ceiling, wall, partitions, roof, finish or other obstruction whatsoever which renders impracticable the making of a complete and thorough inspection of electric wiring shall be removed upon notice to do so, and shall be kept removed until such electric wiring has been inspected and approved.

5. Removal of foreign material in junction boxes and wire enclosures. Before a final inspection of any electric wiring, all plaster, concrete or other foreign material shall be thoroughly removed from every junction box and wiring enclosure, and not less than six (6) inches of jointless conductors shall extend out of each lighting outlet box for future connection thereto, except when conductors are intended to loop through the lamp holder.

6. Fixture connection. Fixtures or appliances shall not be connected to electric wiring until the rough wiring has been inspected and approved by the Building Official.

7. Free of defects. All such wiring shall be free from grounds, shorts, or other defects, before approval thereof.

8. Exemption. The provisions of this subsection shall not apply to finished work or to conductors inserted in conduit or other wiring enclosures. Nothing contained in this subsection shall be construed to prohibit the temporary use of electric energy when and as specifically provided in this title. Nothing contained in this subsection shall be construed to prohibit the inspection of any electric wiring even though no permit is required therefore.

9. Final inspection. Final inspection shall be made after all work required by the permit is completed and found to be in compliance with the provisions of this title, the Building Official shall leave a notice at the service switch or other suitable place so stating, and shall issue a certificate of inspection or approval tag when requested, or service permit, authorizing the connection to the electrical service and the energizing of the installation.

C. Plumbing. The Building Official, upon notification as specified in Section 18.07.030, shall make the inspection and approval of plumbing installation as set forth in subsection, if applicable.

1. Inspection required. All plumbing installation in or on any building or structure of any nature, or tent, or premises, except as otherwise exempted in this title, for which a permit is required must be inspected and approved by the Building Official.

2. Gas supply or meter. No person shall furnish or supply gas to any gas piping or install any meter therefore until all plumbing as regulated by this title has been installed and approved by the Building Official and a certificate of final inspection has been issued.

EXCEPTION: Notwithstanding anything in this chapter to the contrary, gas service may be supplied to gas piping for construction purposes only and a gas meter may be installed therefore under the following conditions:

a. The owner of the building or a duly authorized representative shall apply to the Building Official for such gas service and shall pay a fee as set forth in the schedule of fees and charges established by City Council resolution in connection with such application to the Building Official. The application for such gas service shall not be granted until all gas piping in the structure affected has been tested and approved pursuant to the California Plumbing Code adopted in Chapter 18.43.

b. Such service shall not be permitted for an initial period in excess of thirty (30) days. The Building Official may impose such reasonable requirements and regulations in connection therewith as he or she may deem necessary. For good cause, the Building Official may extend such period of time in his or her reasonable discretion.

3. Prohibited concealment of installation. No person shall fail, neglect or refuse to leave and keep any plumbing, as regulated by this title, open, uncovered and convenient for inspection until such

plumbing has been inspected and approved by the Building Official, and any obstruction whatsoever, which interfered with a complete and thorough inspection of any plumbing, shall be removed upon notice so to do, and shall be left and kept removed until such plumbing has been inspected and approved.

4. Location of installation. Piping, fixtures or equipment shall not be located in such manner as to interfere with the normal operation of windows, doors or other required means of access.

5. Services to be capped when building removed. Where a building is demolished or removed from its site, the building sewer, water and gas service shall be properly capped to the satisfaction of the Building Official.

6. Final inspection. Final inspection shall be made after all work required by the permit is completed and found to be in compliance with the provisions of this title, the Building Official shall leave a notice at a suitable place so stating, and when requested shall authorize the furnishing or supplying of gas to any gas piping or the installation of any meter.

D. Mechanical. The Building Official, upon notification as specified in Section 18.07.030, shall make the inspection and approval of mechanical installation as set forth in subsection, if applicable.

1. Inspection required. All mechanical installation in or on any building or structure of any nature, or tent, or premises, except as otherwise exempted in this title, for which a permit is required must be inspected and approved by the Building Official.

2. Prohibited concealment of installation. That portion of any equipment intended to be concealed by any permanent portion of the building shall not be concealed until inspected and approved by the Building Official.

3. Connection to fuel or power supply. Equipment regulated by this title shall not be connected to the fuel or power supply until authorized by the Building Official.

4. Failure to comply. A final inspection approval may, upon notice, be revoked by the Building Official if he or she finds that the heating, ventilating, cooling, or refrigeration equipment fails in any respect to comply with the requirements of this title, or that the installation is unsafe, dangerous, or a hazard to life or property.

5. Final inspection. Final inspection shall be made after all work required by the permit is completed and found to be in compliance with the provisions of this title, the Building Official shall leave a notice at a suitable place so stating, and shall authorize the connection to the fuel or power supply for the installation.

E. Grading. The Building Official, upon notification as specified in Section 18.07.030, shall make the inspection and approval of grading, excavations or fills operation as set forth in subsection, if applicable:

1. Initial meeting/inspection. When the permit holder or their duly authorized agent is ready to begin work, but before any grading operation or brushing is started, a meeting shall be held at the project site with the contractor and the inspectors to discuss the approved construction documents, soil reports and the sequence of the grading operations.

2. Toe inspection. After the natural ground is exposed and prepared to receive fill, but before any fill is placed.

3. Excavation inspection. After the excavation is started, but before the vertical depth of the excavation exceeds ten (10) feet.

4. Fill inspection. After the fill placement is started, but before the vertical height of the lifts exceeds ten (10) feet.

5. Drainage device inspection. After forms and pipes are in place, but before any concrete is placed.

6. Rough grading. When all rough grading has been completed. This inspection may be called for at the completion of the rough grading without the necessity of the Building Official having previously reviewed and approved reports.

7. Final. When all work, including installation of all drainage structures or other protective devices, has been completed and the as-graded construction document and required reports have

been submitted. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.07.060 Surveys.

In the absence of any designation of the proper location of the lot on which a building or structure is to be erected, for which a building permit has been issued, the Building Official may require the permit holder or their duly authorized agent to have the lot surveyed and staked by a registered land surveyor or registered civil engineer licensed in the State of California to practice as such so that the proper location of the building or structure on the lot may be determined and to verify compliance of the building or structure with the approved construction documents. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.07.070 Non-inspected work.

No person, firm or corporation shall own, use, occupy or maintain any building or structure on which non-inspected work has been performed. For the purpose of this title, "non-inspected work" shall be defined as and include but not limited to any erection, construction, enlargement, alteration, repair, remodel, movement, removal, improvement, conversion or demolition for which a permit was first obtained, but which has progressed beyond the point indicated in successive inspections, including, but not limited to, inspections as set forth in Section 18.07.050 and Chapter 17 of the California Building Code adopted in Chapter 18.40, without first obtaining inspection by and approval of the Building Official. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.07.080 Special inspections.

A. When required. In addition to the inspections to be made by the Building Official as specified in this chapter, the owner or the owner's authorized agent, other than the contractor, shall employ one (1) or more special inspectors who shall provide inspections during construction on the types of work listed in Chapter 17 of the California Building Code adopted in Chapter 18.40. The special inspector shall be qualified under Subsection 18.07.080.B.

B. Qualifications of special inspector. The registered special inspector shall be a qualified person who shall demonstrate his or her competence pursuant to Subsection 18.07.080.C, to the satisfaction of the Building Official, for inspection of the particular type of construction or operation requiring special inspection.

C. Examination and certificate.

1. Requirement. Any person desiring to be registered as a registered inspector shall first qualify by passing a written or oral examination or both, given by the Building Official. Upon application for such examination, such person shall pay to the City a nonrefundable registration fee as set forth in the schedule of fees and charges established by City Council resolution.

2. Certificate. Every applicant passing such examination shall be issued a certificate as a registered inspector upon payment of a fee as set forth in the schedule of fees and charges established by City Council resolution.

3. Expiration. All certificates issued by the Building Official shall expire three (3) year from the date issued, and may be renewed from year to year upon the payment of an annual fee as set forth in the schedule of fees and charges established by City Council resolution. Application for renewal shall be made within thirty (30) days following the date of expiration. Expired certificates may be renewed within sixty (60) days following the date of expiration; provided, that the renewal fee shall be as set forth in the schedule of fees and charges established by City Council resolution. After a certificate has expired, it shall not be renewed, and an application, nonrefundable fee and a reexamination will be required.

D. Revocation of registration. The Building Official may revoke the registration of any registered special inspector, or the assignment of such

registered special inspector to any particular building or structure, for incompetency or failure to conscientiously carry out his or her duties as specified in Subsection 18.07.080.E, in which event the Building Official may stop all further work upon the building or structure involved until some other person has been qualified, registered and assigned thereto by the Building Official.

E. Duties of special inspector.

1. Time at the jobsite. The registered special inspector shall be employed on the work, without expense or liability to the City, either on a full time or part time basis, depending upon the magnitude of the work as determined by the Building Official. The determination of the percentage of time necessary for the job shall be left to the discretion of the registered special inspector, subject to approval of the Building Official.

2. Responsibility. The registered special inspector shall bear a joint responsibility to the owner or the owner's authorized agent and the Building Official. He or she shall not be an employee of the City, the contractor, a subcontractor or a material vendor. The assignments of the registered special inspector to each job shall be reported to the Building Official before commencing work.

3. Duties. In addition to required verification and inspection specified in Chapter 17 of the California Building Code adopted in Chapter 18.40, the registered special inspector shall observe the work assigned to be certain it conforms to the approved construction documents. On such building or structure it shall be the duty of every registered special inspector to inspect carefully all materials proposed to be used in connection with any work covered by any permit issued by the Building Official, and the registered special inspector shall obtain full information regarding the strength and durability of new types of materials where their use involves structural safety. He or she shall make such reports in writing as may be required by the Building Official regarding the progress of the work, and any deviations, defects, delays, materials, working conditions and other matters which may in any manner affect the structural safety and strength of the building. He or she shall be directly responsible for enforcing all other ordinances and laws applicable to the work to which he or she is assigned.

4. Inspection report. The registered special inspector shall furnish inspection reports to the Building Official, the registered design professional in responsible charge and other designated persons. All discrepancies shall be brought to the immediate attention of the contractor for correction; then, if uncorrected, to the proper design authority and to the Building Official. He or she shall notify the Building Official of any attempt to cover, conceal, patch or repair any defect in materials or workmanship, and he or she shall report every infraction of any ruling of the Building Official. In furtherance of his or her aforesaid duties, he or she shall have the authority to compel the removal of defective materials and the correction of defective workmanship, or to suspend or stop further work pending a ruling of the Building Official.

5. Final report. The registered special inspector shall submit a final signed report stating whether the work requiring special inspection was, to the best of his or her knowledge, in conformance with the approved construction documents and the applicable workmanship provisions of this title.

F. Termination of duties.

1. Termination. Every registered inspector shall remain constantly upon the work to which he or she is assigned during the process of construction, and unless otherwise removed from the job, his or her duties shall terminate only when a certificate of compliance is issued by him or her and approved by the Building Official. Such certification of compliance shall bear a statement signed by the registered inspector stating that the work upon the building or structure to which he or she has been assigned has been completed in a satisfactory manner and that the regulations of this title affecting the structural features of such building or structure have been fully complied with. If there have been any infractions of this title, they shall be noted in this statement.

2. Certificate of compliance. The Building Official shall approve such certificate of compliance filed by the registered inspector if after inspection the structural features of such building or structure are found to be in accordance with the provisions of this chapter. Each certificate of compliance shall bear the legal description of the property upon which such building or structure is located and an identifying description of the building.

G. Waiver of special inspection. The requirement for employment of a registered special inspector may be waived if the Building Official finds that the construction is of minor nature. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

CHAPTER 18.08 CERTIFICATE OF OCCUPANCY

18.08.010 Certificate required for use or occupancy.

In order to safeguard life and limb, health, property and public welfare, no building or structure shall be used or occupied, and no change in the existing use or occupancy classification of a building or structure or portion thereof shall be made until the Building Official has issued a Certificate of Occupancy therefore as provided in this chapter.

EXCEPTIONS:

1. Unless it is specifically required by the Building Official or other provisions of this title, municipal code or other ordinances of the City, or laws and statutes of the State, no existing building or structure, or portion thereof, shall require a Certificate of Occupancy, provided:

a. The occupancy and use housed therein is the same for which the original building permit was issued and a final inspection approved,

b. Alteration or repair are minor in nature and does not affect fire life-safety or structural stability of a building or structure, or portion thereof, as determined by the Building Official, and

c. The occupancy or use of a building or structure, or portion thereof, housing a Group A or E occupancy and has not been discontinued for a period of more than six (6) months.

2. No structure, the architecture of which inhibits occupancy, shall require a Certificate of Occupancy.

3. Certificate of Occupancy are not required for work not in scope of this title under Section 18.01.040 or work exempt from permits under Section 18.04.020.

Issuance of a Certificate of Occupancy shall not be construed as an approval of a violation of the provisions of this title, municipal code or other ordinances of the City, or laws and statutes of the State. Certificates presuming to give authority to violate or cancel the provisions of this title, municipal code or other ordinances of the City, or laws and statutes of the State shall not be valid. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.08.020 Issuance of certificates.

When required by Section 18.08.010, after the Building Official inspects the building or structure and finds no violations of the provisions of this title, municipal code or other ordinances of the City, or laws and statutes of the State that are enforced by the Building Official or other departments or agencies within the City, and after other applicable City departments or agencies as determined by the Building Official have reported that all required public improvements have been completed, the Building Official shall issue a Certificate of Occupancy that contains the information specified in Section 18.08.030.

When a Certificate of Occupancy is issued, it shall supersede every certificate previously issued for that portion of the building or structure, or portion thereof, described thereon. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.08.030 Contents of certificate.

Each certificate shall contain the following:

1. The building permit number.

2. The address of the building or structure.

3. The name and address of the owner.

4. A description of that portion of the building or structure for which the certificate is issued.

5. A statement that the described portion of the building or structure has been inspected for compliance with the requirements of this title for group and division of occupancy and the use for which the proposed occupancy is classified.

6. The name of the Building Official.

7. The edition of the code under which the building permit was issued.

8. The use and occupancy, in accordance with the provisions of Chapter 3 of the California Building Code adopted in Chapter 18.40.

9. The type of construction as defined in Chapter 6 of the California Building Code adopted in Chapter 18.40.

10. The design occupant load.

11. If an automatic sprinkler system is provided, the type of automatic sprinkler system and whether the sprinkler system is required.

12. Any special stipulations and conditions of the building permit.

13. The signature of the Building Official. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.08.040 Temporary certificate.

Notwithstanding the provisions of Section 18.08.020, if the Building Official finds that no substantial hazard will result from the occupancy of any building or structure, or portion thereof, before the same is completed, and satisfactory evidence is submitted that the work could not have been completed prior to the time such occupancy is desired because of its magnitude or because of unusual construction difficulties, and where other applicable City departments or agencies as determined by the Building Official have reported that all required public improvements have been completed, the Building Official may issue a Temporary Certificate of Occupancy for any building or structure, or portion thereof.

The Building Official may issue a Temporary Certificate of Occupancy notwithstanding the fact that all required public improvements have not been completed, if the Building Official finds that the failure to complete the public improvements was due to circumstances over which the person applying for the Certificate of Occupancy had no control.

In addition, the Building Official may issue a Temporary Certificate of Occupancy for an existing building or structure, or portion thereof, provided no substantial hazard will result and satisfactory evidence is submitted justifying the need for such temporary occupancy.

Permit applicants for a Temporary Certificate of Occupancy shall pay an investigation fee as set forth in Section 18.06.180 for which approval of temporary occupancy is sought, including extending a Temporary Certificate of Occupancy beyond thirty (30) day or for each additional thirty (30) day period or fraction thereof.

The Temporary Certificate of Occupancy of any building or structure shall not exceed one hundred eighty (180) days. Requests for additional temporary occupancy may be granted at the discretion of the Building Official, however, additional requirements dependent on the circumstances may apply. A Temporary Certificate of Occupancy shall not be used to delay the payment of outstanding fees, including but not limited to development impact fees, sewer capacity fees, and school developer fees. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.08.050 Posting.

The Certificate of Occupancy shall be posted in a conspicuous place on the premises and shall not be removed except by the Building Official.

EXCEPTION: One- or two-family dwelling and related accessory building and structure. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.08.060 Revocation.

The Building Official may, in writing, suspend or revoke a Certificate of Occupancy or Temporary Certificate of Occupancy issued under the provisions of this title whenever the certificate is issued in error, or on the basis of incorrect information supplied, or when it is determined that the occupancy or the maintenance of any building or structure, or portion thereof, continues contrary to or in violation of any provisions of this title, municipal code or other ordinances of the City, or laws and statutes of the State, and such continued occupancy or maintenance will result in the exposure of occupants and/or people in the vicinity to hazardous, dangerous or unsafe conditions. Such suspension or revocation shall be immediate but shall be subject to appeal in accordance with the provisions of Chapter 18.10. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

CHAPTER 18.09 VIOLATIONS

18.09.010 General.

It shall be unlawful for any person, firm or corporation to:

1. Erect, construct, alter, extend, repair, move, remove, demolish or occupy any building, structure or equipment in the City regulated by this title, or cause same to be done, in conflict with or in violation of any of the provisions of this title, municipal code or other ordinances of the City, or laws and statutes of the State. Maintenance of any building, structure or equipment that was unlawful at the time it was erected, constructed, altered, extended, repaired, moved, removed, demolished or occupied and which would be unlawful under this title if completed after the effective date of this title shall constitute a continuing violation of this title.

2. Grade, excavate or fill any land in the City regulated by this title, or cause same to be done, in conflict with or in violation of any of the provisions of this title, municipal code or other ordinances of the City, or laws and statutes of the State.

3. Install, alter, repair, replace, add to, relocate, use or maintain electrical systems, equipment, appliances, fixtures, fittings and appurtenances thereto in the City, or cause or permit the same to be done, contrary to or in violation of any of the provisions of this title, municipal code or other ordinances of the City, or laws and statutes of the State. Maintenance of electrical installation that was unlawful at the time it was installed and which would be unlawful under this title if installed after the effective date of this title shall constitute a continuing violation of this title.

4. Use or maintain any plumbing, gas piping or water piping or to use, occupy or maintain any building, structure or premises containing any plumbing, gas piping or water piping in the City, or cause or permit the same to be done, contrary to or in violation of any of the provisions of this title, municipal code or other ordinances of the City, or laws and statutes of the State. Maintenance of plumbing or plumbing installation that was unlawful at the time it was installed and which would be unlawful under this title if installed after the effective date of this title shall constitute a continuing violation of this title.

5. Erect, install, alter, repair, relocate, add to, replace, use, or maintain heating, ventilating, cooling, or refrigeration equipment in the City, or cause or permit the same to be done, contrary to or in violation of any of the provisions of this title, municipal code or other ordinances of the City, or laws and statutes of the State. Maintenance of mechanical equipment that was unlawful at the time it was installed and which would be unlawful under this title if installed after the effective date of this title shall constitute a continuing violation of this title.

The permissive provisions of this title shall not be presumed to waive any limitations imposed by any of the provisions of this title, municipal code or other ordinances of the City, or laws and statutes of the State. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.09.020 Notice of violation.

Pursuant to Section 18.03.020, the Building Official is authorized to serve a notice of violation or order on the person, firm or corporation responsible for the erection, construction, alteration, extension, repair, moving, removal, demolition or occupancy of a building or structure in violation of the provisions of this title, municipal code or other ordinances of the City, or laws and statutes of the State; or in violation of a permit or certificate issued under the provisions of this title, municipal code or other ordinances of the City, or laws and statutes of the State. Such notice or order shall direct the discontinuance of the illegal action or condition and the abatement of the violation. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.09.030 Prosecution of violation.

If the notice of violation or order is not complied with promptly or within the time limit specified therein, the Building Official is authorized to request the legal counsel of the City to institute the appropriate proceeding at law or in equity to restrain, correct or abate such violation, or to require the removal or termination of the unlawful occupancy of the building or structure in violation of the provisions of this title, municipal code or other ordinances of the City, or laws and statutes of the State or of the order or direction made pursuant thereto. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.09.040 Violation penalties.

Any person, firm or corporation who violates the provisions of this title, municipal code or other ordinances of the City, or laws and statutes of the State or fails to comply with any of the requirements thereof or who erects, constructs, alters or repairs a building or structure in violation of the approved construction documents or directive of the Building Official, or of a permit or certificate issued under the provisions of this title, shall be subject to penalties as prescribed by law. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.09.050 Violation for obtaining permit without owner's consent.

Every person, firm or corporation who knowingly and willfully procures a permit without the consent of the owner of record of the property for which the permit is issued, or such person's, firm's or corporation's agent, may be guilty of a misdemeanor as determined by the legal counsel of the City.

EXCEPTION: This section shall not apply to permits obtained pursuant to and in compliance with an order of a court of law or a governmental agency. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.09.060 Making false statement.

Any person, firm or corporation who willfully or knowingly, with the intent to deceive, makes a false statement or representation, or knowingly fails to disclose a material fact in any documentation required by the Building Official to ascertain facts relative to this title, including any oral or written evidence presented, may be guilty of a misdemeanor as determined by the legal counsel of the City. The Building Official may, in writing, suspend or revoke a permit issued under provisions of this title whenever the permit is issued in error or on the basis of incorrect, inaccurate or incomplete information supplied, or in violation of any provisions of this title, municipal code or other ordinances of the City, or laws and statutes of the State.

For the purposes of this section, a "person" includes any person who is a registered special inspector, a structural inspector, a certified welder or a certified licensed contractor. The term "writing" shall include, but is not limited to, forms, applications, approvals, reports or certifications required by the Building Official. Every violation

of this title may be punishable as a misdemeanor as determined by the legal counsel of the City. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.09.070 Unpermitted structures.

No person, firm or corporation shall own, use, occupy or maintain any "unpermitted structure." For the purpose of this title, "unpermitted structure" shall be defined as any structure, or portion thereof, that was erected, constructed, enlarged, altered, repaired, remodeled, moved, removed, improved, converted or demolished at any point in time, without the required permit(s) having first been obtained from the Building Official, pursuant to Section 18.04.010. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.09.080 Validity of approval.

A. Approval not a violation of title. Approval as a result of a plan examination or an inspection shall not be construed to be an approval of a violation of the provisions of this title, municipal code or other ordinances of the City, or laws and statutes of the State applicable thereto. Plan examinations or inspections presuming to give authority to violate or cancel the provisions of this title, municipal code or other ordinances of the City, or laws and statutes of the State applicable thereto shall not be valid. No approval shall relieve or exonerate any person from the responsibility of complying with the provisions and intent of this title, municipal code or other ordinances of the City, or laws and statutes of the State.

B. Correction of errors. The issuance of a permit based upon approved construction documents shall not prevent the Building Official from thereafter requiring the correction of errors on the construction documents or from preventing construction being carried on thereunder when in violation of the provisions of this title, municipal code or other ordinances of the City, or laws and statutes of the State. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

CHAPTER 18.10 BOARD OF APPEALS

18.10.010 General regulations.

The provisions of Chapter 2.18 provide uniform general regulations applicable to advisory boards, commissions and committees of the City for the performance of various prescribed duties and functions. In the event any provision of Chapter 2.18 conflicts with a specific provision of this Title, such specific provision of this Title shall control. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.10.020 Board of Examiners, Appeals and Condemnation.

A. General. The Board of Examiners, Appeals and Condemnation is created pursuant to Ordinance No. C-5332 in 1977 and amended pursuant to Ordinance No. C-5709 in 1981 and Ordinance No. 14-0019 in 2014. The Board of Examiners, Appeals and Condemnation provide a forum to hear and decide appeals of orders, decisions or determinations made by the Building Official relative to the following:

1. Application and interpretation of this Title, Municipal Code or other ordinances of the City, or laws and statutes of the State;

2. Correction of substandard, nonconforming or dangerous buildings or structures; or

3. Abatement of nuisance.

B. Member. The Board of Examiners, Appeals and Condemnation shall consist of seven (7) members, of which two (2) members shall be physically handicapped persons, qualified by experience and training to pass judgment upon matters pertaining to building construction. The City Manager shall recommend members for appointment by the Mayor and confirmation by the City Coun-

cil. Members shall serve two (2) year terms and shall be eligible for reappointment if their service does not exceed the eight (8) year maximum established by City Council. The Building Official shall serve as Secretary to the Board of Examiners, Appeals and Condemnation.

C. Duties. The Board of Examiners, Appeals and Condemnation shall conduct hearings on written appeals regarding any orders, decisions or determinations made by the Building Official as specified in Subsection 18.10.020.A. In the appeal, the Board of Examiners, Appeals and Condemnation may approve or disapprove the actions taken by the Building Official subject to the limitation of Section 18.10.040.

D. Procedure. The Board of Examiners, Appeals and Condemnation shall adopt reasonable rules and regulations for conducting its investigations and hearings, including those provisions provided for in Chapters 18.20, 18.21, 18.24, 18.25, 18.29, 18.30 and 18.60 where appropriate; and where not specifically provided otherwise by such rules, Robert's Rules of Order shall govern. All decisions and findings of the Board of Examiners, Appeals and Condemnation shall be in writing and shall be filed with the Secretary with copies to the interested parties. Four (4) members shall constitute a quorum for transaction of business; and each member, including the member serving as Chairman, shall be entitled to vote on any matter coming before the Board of Examiners, Appeals and Condemnation. All decisions shall be entered upon the minutes of the meetings of the Board of Examiners, Appeals and Condemnation, and the Building Official shall be guided in accordance therewith. All decisions of the Board of Examiners, Appeals and Condemnation shall be final and conclusive in the absence of fraud or prejudicial abuse of discretion.

E. Filing requirement. Any person aggrieved by any orders, decision or determination made by the Building Official as specified in Subsection 18.10.020.A may appeal to the Board of Examiners, Appeals and Condemnation within thirty calendar (30) days from the date of such actions by serving a written notice upon the Secretary of the Board. A written notice shall be submitted together with a fee as set forth in Section 18.06.100. Such written notice shall state that the applicant is dissatisfied with an order, decision or determination made by the Building Official and shall describe the nature of the complaint. Such appellant shall pay the cost of all tests made or ordered by the Board of Examiners, Appeals and Condemnation. Such notice shall be at once transmitted to the Board of Examiners, Appeals and Condemnation, and the Board of Examiners, Appeals and Condemnation shall thereafter fix a time and place for a hearing, at which time all persons interested in the appeal shall be heard. The Secretary shall give the appellant at least ten (10) days notice of hearing or as required in Chapters 18.20, 18.21, 18.24, 18.25, 18.29, 18.30 and 18.60, where appropriate. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.10.030 Advisory capacity.

The Board of Examiners, Appeals and Condemnation, upon request of the Building Official, may be called together in an advisory capacity in order to assist the Building Official. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.10.040 Limitations on authority.

A Notice of appeal shall be based on one of the following:

1. A claim that the true intent of the provisions of this Title, Municipal Code or other ordinances of the City, laws or statutes of the State, or the rules legally adopted thereunder has been incorrectly interpreted;

2. A claim that the provisions of this Title, Municipal Code or other ordinances of the City, or laws or statutes of the State do not fully apply; or

3. A claim that an equivalent or better form of construction is/was proposed.

The Board of Examiners, Appeals and Condemnation shall not have the authority to waive the provisions or interpret the administration of this Title, Municipal Code or other ordinances of the City, laws and statutes of the State, or the rules legally adopted thereunder. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.10.050 Compensation.

Each member of the Board of Examiners, Appeals and Condemnation shall be paid by the City, as compensation for his or her services, such sum as may, from time to time, be provided by ordinance. Such compensation shall in no way void a member's eligibility for obtaining any City work in the course of his or her private practice or business. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

CHAPTER 18.11 BUILDING ADDRESS AND NUMBER

18.11.010 Installation authority.

The Building Official is authorized and instructed to install a system of addresses and numbers for buildings in the City. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

18.11.020 Baseline established.

Ocean Boulevard is determined to be the baseline for building addresses and building numbers on all intersecting highways shall commence with numbers one and two at the baseline and continue northerly and southerly, respectively, to the termini of such highways, or to the City limits, allowing as near as practicable one hundred (100) numbers to each block. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

18.11.030 Meridian line established.

The meridian line for building addresses shall be a line running from the Pacific Ocean along the centerline of Pine Avenue to the centerline of Country Club Drive; thence in a direct line to a point in the centerline of Long Beach Boulevard two hundred feet (200′) southerly of Forty-Eighth Street: and thence along the centerline of Long Beach Boulevard to the northerly City limits. Building numbers on all intersecting highways shall commence with the numbers one hundred (100) and one hundred one (101) at the meridian line and continue easterly and westerly, respectively, to the termini of such highway or to the City limits allowing as near as practicable one hundred (100) numbers to the block. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

18.11.040 Odd and even building numbers.

Odd building numbers shall be used on the northerly and westerly sides, and even building numbers on the southerly and easterly sides of all highways. Where practicable, twelve and one-half feet (12½′) of street frontage shall be allowed for each building number. Where necessary, fractional numbers may be used. Where building addresses are required for rear designations, the building number in front thereof shall be used with letter suffixes. All highways not intersecting a base or meridian line shall be numbered in accordance with the numbering of highways parallel thereto. In any special case, such as a curved street or street not parallel either to the base line or meridian, the system may be modified in such a manner as, in the opinion of the Building Official, will best fit the conditions of such special case. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

18.11.050 Notice to affix building numbers.

The Building Official shall notify the owner or person in control of every building in the City not having a building numbered in accordance with this chapter designated for the principal entrance or entrances thereto; and the owner or person in control of the building shall, within five (5) days after such notice, place, or cause to be placed, the building number or numbers so designated in Ar-

abic digits, each of which shall be not less than three inches (3") in height, upon the door header, doorjamb, porch post, front steps or other place near the designated entrance or entrances to the building in plain view from the highway in front thereof. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

18.11.060 Changing building address.

The Building Official shall have the authority to change addresses of existing buildings if:

A. The change of building address is necessary to comply with the requirements of this chapter; or

B. The change of building address requested by the owner of a building shall be accompanied by a fee as set forth in the schedule of fees and charges established by City Council resolution. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

18.11.070 Variance.

The Director, upon receipt of a written request for a variance from the building address and number requirements of this chapter, may grant such variance with respect to unique projects or projects of community-wide significance and magnitude. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

CHAPTER 18.15 POLICE FACILITIES IMPACT FEE

18.15.010 Legislative findings.

A. The State of California, through the enactment of Government Code Sections 66001 through 66009 has authorized the City to enact development impact fees.

B. The imposition of development impact fees is one of the preferred methods of ensuring that development bears a proportionate share of the cost of capital facilities and related costs necessary to accommodate such development. This must be done in order to promote and protect the public health, safety and welfare.

C. That the continuing increase in the development of residential and nonresidential construction in the City has created an urgency in that funds are needed for the increased demand for police services and the facilities that support those services which are required to serve the increasing residential and workforce population of the City.

D. The fees established pursuant to this chapter are derived from, are based upon, and do not exceed the costs of providing additional police services attributable to new residential or nonresidential construction, including: master planning to more specifically identify capital facilities to serve new development; the acquisition of additional property for police facilities; the construction of buildings for police services; the furnishing of buildings or facilities for police services; and the purchasing of equipment and vehicles for police services.

E. The fees collected pursuant to this chapter shall be used to finance the police facilities and equipment identified in Subsection 18.15.010.D.

F. Detailed study of the impacts of future residential and nonresidential construction in the City, along with an analysis of the need for new police facilities and equipment has been prepared. This study is included in the "Public Safety Impact Fee Study" for the City of Long Beach dated August 18, 2006, which is incorporated herein by reference as though set forth in full, word for word.

G. There is a reasonable relationship between the need for the police facilities and equipment set forth in Subsection 18.15.010.D and the impacts of the types of development for which the corresponding fee is charged.

H. There is a reasonable relationship between the fee's use and the type of development for which the fee is charged.

I. There is a reasonable relationship between the amount of the fee and the cost of the facilities and equipment or portion thereof attributable to

the development on which the fee is imposed. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

18.15.020 Purpose.

A Police Facilities Impact Fee is imposed on residential and nonresidential development for the purpose of assuring that the impacts created by said development pay its fair share of the costs required to support needed police facilities and related costs necessary to accommodate such development. (ORD-25-0019 § 1(Exh. A), 2025; ORD-19-0031 § 1(Exh. A), 2019)

18.15.030 Definitions.

For purposes of this chapter, the words and terms defined herein shall have the meanings stated, unless another meaning is plainly intended. To the extent that the words and terms utilized in this chapter are not defined herein, but are defined in Title 18 or the zoning regulations, such words and terms shall have the meanings stated therein.

"Accessory use" is as defined in Section 21.15.060.

"Applicant" means the property owner, or duly designated agent of the property owner, for which a request for building permit or construction approval for a mobile home pad is received by the City.

"Calculation" means the point in time at which the City calculates the Police Facilities Impact Fee to be paid by the applicant. Calculation will generally occur at the time of issuance of the applicable building permit or construction approval for a mobile home pad but may occur earlier in the development approval process.

"City Manager" means the City Manager of the City of Long Beach or other municipal officials he or she may designate to carry out the administration of this chapter.

"Collect" or "collection" means the point in time at which the Police Facilities Impact Fees are paid by the applicant. Collection will occur on the date of final inspection or the date a Certificate of Occupancy or Temporary Certificate of Occupancy, whichever occurs first, or in the case of a mobile home pad or pads, collection will occur at or on the date of construction approval is issued.

"Development" means residential and/or nonresidential development to an undeveloped, partially developed or redeveloped site and involving the issuance of a building permit for such construction, reconstruction or use. Development also includes the approval and construction of new mobile home pads in existing or new mobile home parks or sites.

"Dwelling unit" or "DU" is as defined in Section 21.15.910.

"Fee-setting resolution" means the City resolution specifying the Police Facilities Impact Fee per dwelling unit or mobile home pad for residential development and per gross floor area for nonresidential development, by type and by location. The Police Facilities Impact Fee set forth in the fee-setting resolution may be revised pursuant to Section 18.15.140 and applicable State law.

"Gross floor area" means the construction of floor area (in square feet) of a nonresidential development measured from the exterior building lines of each floor with respect to enclosed spaces, excluding dwelling units and parking facilities. For purposes of this chapter, the term "enclosed spaces" specifically includes, but is not limited to, an area available to and customarily used by the general public and all areas of business establishments generally accessible to the public such as fenced, or partially fenced in areas of garden centers attached to and serving the primary structure.

"Mixed use" is as defined in Section 21.15.1760.

"Mobile home" is as defined in Section 21.15.1770.

"Nonresidential development" means a development undertaken for the purpose of constructing gross floor area that includes, but is not limited to, commercial, industrial, retail, office, hotel/motel, and warehouse uses involving the issuance of a building permit for such construction.

"Parking facility" means a building or structure, or portion thereof, that provides parking spaces for vehicles; and which may include, but is not limited to, the ancillary facilities such as side-

walks, drainage area, lighting, landscaping, striping, exits and entrances, signage, waiting areas and other related areas or uses as determined by the Director.

"Police Department" means the Police Department of the City of Long Beach.

"Principal use" is as defined in Section 21.15.2170.

"Residential development" means a development undertaken for the purpose of: (i) constructing a dwelling unit or units; or (ii) the alteration or change of use of an existing building or structure that results in new dwelling unit or units and involving the issuance of a building permit for such construction, reconstruction or use, or the construction approval for a mobile home pad or pads. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

18.15.040 Fund established.

A Police Facilities Impact Fee fund is established. The Police Facilities Impact Fee fund is a fund to be utilized for payment of the actual or estimated costs of police facilities and equipment related to residential and nonresidential developments as described in this chapter. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

18.15.050 Police Facilities Impact Fee.

There is imposed a Police Facilities Impact Fee on all residential and nonresidential developments as those terms are defined in this chapter. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

18.15.060 Fee imposed.

A. Any person who, after the effective date of this chapter, seeks to engage in residential or nonresidential developments, including mobile home as defined in this chapter, by obtaining a building permit, or construction approval for a mobile home pad or pads, is required to pay a Police Facilities Impact Fee in the manner and amount as set forth in the fee-setting resolution.

B. No Certificate of Occupancy, Temporary Certificate of Occupancy, final inspection approval or construction approval for a mobile home pad or pads, as applicable, for the activities listed in Subsection 18.15.060.A shall be issued unless and until the Police Facilities Impact Fee required by this chapter has been paid to the City. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

18.15.070 Calculation of Police Facilities Impact Fee.

A. The Director shall calculate the amount of the applicable Police Facilities Impact Fee due as a condition precedent to the issuance, and at any time prior to, the building permit or construction approval for a mobile home pad or pads based upon the applicable impact fee rate as specified in the fee-setting resolution.

B. The Director shall calculate the amount of the applicable Police Facilities Impact Fee due by:

1. Determining the number and type of dwelling units in a residential development or mobile home pads in a mobile home park or site and multiplying the same by the Police Facilities Impact Fee amount as established by the fee-setting resolution per dwelling unit or pad.

2. Determining the gross floor area, type of use and location in a nonresidential development, and multiplying the same by the Police Facilities Impact Fee amount as established by the fee-setting resolution per square foot.

3. Determining the number and type of dwelling units in the residential development portion and the gross floor area, type of use and location in the nonresidential development portion of a building or structure containing mixed uses and multiplying the same by the Police Facilities Impact Fee amount as established by the fee-setting resolution for each use.

4. Determining the gross floor area, type of use and location in a building or structure contain-

ing mixed uses that include two (2) or more principal uses in nonresidential development portion and multiplying the same by the Police Facilities Impact Fee amount as established by the fee-setting resolution for each use. The gross floor area of any accessory use will be charged at the same rate as the predominant principal use unless the Director finds that the accessory use is related to another principal use. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

18.15.080 Collection of Police Facilities Impact Fee.

A. The City shall collect from the applicant the Police Facilities Impact Fee prior to the issuance of a Certificate of Occupancy, Temporary Certificate of Occupancy, final inspection or construction approval for mobile home pad or pads, whichever occurs first.

B. Except for an administrative charge that shall be allocated to the Department of Community Development, all funds collected shall be properly identified and promptly transferred for deposit in the Police Facilities Impact Fee fund and used solely for the purposes specified in this chapter. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

18.15.090 Use of funds.

A. Funds collected from the Police Facilities Impact Fee shall be used to fund the costs of providing additional police services attributable to new residential and nonresidential developments including mobile home and shall include:

1. The acquisition of additional property for law enforcement facilities;

2. The construction of new buildings for law enforcement services;

3. The furnishing of new buildings or facilities for law enforcement services;

4. The purchasing of equipment and vehicles for law enforcement services;

5. The funding of a master plan to identify capital facilities to serve new Police Department development; and

6. The cost of financing (e.g., interest payments) related to Subsections 1 through 5, inclusive.

B. Funds shall not be used for periodic or routine maintenance.

C. In the event that bonds or similar debt instruments are issued for advanced provision of capital facilities for which Police Facilities Impact Fees may be expended, impact fees may be used to pay debt service on such bonds or similar debt instruments to the extent that the facilities provided are of the type described in Subsection 18.15.090.A.

D. Funds may be used to provide refunds as described in Section 18.15.100. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

18.15.100 Refund.

A. Any applicant who has paid a Police Facilities Impact Fee pursuant to this chapter may apply for a full or partial refund of same, if, within one (1) year after collection of the Police Facilities Impact Fee the development has been modified, pursuant to appropriate City ordinances and regulations, resulting in: (i) a reduction of the number of dwelling units in a residential development or portion of a residential development in a building or structure with mixed uses, (ii) a change in the type of dwelling units, (iii) a reduction of the gross floor area in a nonresidential development or portion of a nonresidential development in a building or structure with mixed uses, or (iv) the applicability of an exemption pursuant to Section 18.15.110. The City shall retain a sum equaling twenty percent (20%) of the impact fee paid by the applicant to offset the administrative costs of refund. The applicant must submit an application for such a refund in accordance with Chapter 3.48. In no event shall a refund exceed the amount of the Police Facilities Impact Fee actually paid.

B. Any funds not expended, encumbered or obligated by issued indebtedness by the end of the

calendar quarter immediately following five years from the date the Police Facilities Impact Fee was paid shall, upon application of the current landowner, be returned to such landowner with interest at a rate equal to the rate of interest earned by the City from the time the fee was paid, provided that the landowner submits an application for a refund within one hundred eighty (180) calendar days from the expiration of the five-year period. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

18.15.110 Exemptions and credits.

A. Exemptions. Any claim of exemption must be made no later than the time of building permit issuance or mobile home construction approval. The following uses and types of development specified in this section are exempted from the payment of the Police Facilities Impact Fee:

1. Nonresidential development.

a. Construction of a nonresidential building or structure or an addition to an existing nonresidential building or structure of three thousand (3,000) square feet or less of gross floor area.

b. Parking facilities.

c. Hospitals as that term is defined in Section 21.15.1370.

2. Residential development. The exemption provided herein shall not apply to residential tract development, residential development of more than one (1) unit per lot, or to the replacement of a single-family dwelling with more than one (1) dwelling unit.

a. Construction, replacement or rebuilding of (i) a single-family dwelling (one unit per lot) on an existing lot of record.

b. Replacement of one (1) mobile home with another on the same pad.

c. Legalization of an illegal dwelling unit existing prior to January 1, 1964, for which an administrative use permit is approved in accordance with Subsection 21.25.403.D.

d. Moving and relocation of a single-family home from one (1) lot within the City to another lot within the City.

e. Property rented, leased, sold, conveyed or otherwise transferred, at a rental price or purchase price which does not exceed the "affordable housing cost" as defined in Section 50052.5 of the California Health and Safety Code when provided to a "lower income household" as defined in Section 50079.5 of the California Health and Safety Code or "very low-income household" as defined in Section 50105 of the California Health and Safety Code or "moderate income household" as defined in Section 50093 of the Health and Safety Code. This exemption shall require the applicant to execute an agreement to guarantee that the units shall be maintained for very low, lower or moderate-income households, as applicable, whether as units for rent or for sale or transfer, for the lesser of a period of fifty-five (55) years or the actual life or existence of the structure, including any addition, renovation or remodeling thereto. The agreement shall be in the form of a deed restriction or other legally binding and enforceable document acceptable to the City Attorney and shall bind the owner and any successor-in-interest to the real property being developed. The agreement shall subordinate, if required, to any State or federal program providing affordable housing to very low, lower and moderate-income households. The agreement shall be recorded with the Los Angeles County Recorder prior to the issuance of a Certificate of Occupancy. The City's Housing and Neighborhood Services Bureau shall be notified of pending transfers or purchases and give its approval of the purchaser's qualifying income status and purchase price, prior to the close of escrow. The City's Housing and Neighborhood Services Bureau shall be notified of pending rentals and give its approval of proposed tenant's qualifying income status and rental rate, prior to the tenant's occupancy. Applicant or any successor-in-interest shall be required to provide annually, or as requested, the names of all tenants or purchasers, current rents, and income certification to ensure compliance. Voluntary removal of the housing restriction or violation of the restriction shall be enforced by the City's Housing and Neighborhood Services Bureau and shall require the applicant or any successor-in-interest to pay the then

applicable Police Facilities Impact Fee at the time of voluntary conversion or as imposed at the time of violation on the unit in violation, plus any attorneys' fees and costs of enforcement, if applicable.

f. The installation of a replacement mobile home on a lot or other such site when a Police Facilities Impact Fee for such mobile home site has previously been paid pursuant to this chapter, or where a mobile home legally existed on such site on or prior to the effective date of the ordinance codified in this chapter.

3. Other construction work. Where no additional dwelling unit or units and/or no gross floor area is added, the following construction work is exempt:

a. The alteration, remodeling, rehabilitation, or other improvements or modifications to existing buildings or structures.

b. The rebuilding of existing buildings or structures destroyed by fire, flood, earthquake or other acts of God.

c. The rehabilitation or replacement of existing buildings or structures in order to comply with City mandated seismic safety requirements.

d. The rehabilitation or replacement of existing buildings or structures destroyed by imminent public hazard, acts of terrorism, sabotage, vandalism, warfare or civil disturbance; provided however that such destruction was not caused or in any manner accomplished, instigated, motivated, prompted, incited, induced, influenced, or participated in by any persons or their agents having any interest in the real or personal property at the location.

B. Credits. Any applicant whose development is located within a Community Facilities District (CFD), and is subject to the assessments thereof, shall receive an offset credit towards the fees established by this chapter to the extent that the assessments fund improvements within the CFD which would otherwise be funded by the development impact fees established by this chapter. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-21-0035 § 1, 2021; ORD-19-0031 § 1(Exh. A), 2019)

18.15.120 Appeals.

A. An applicant may appeal, by protest, any imposition of the Police Facilities Impact Fee by filing a notice of appeal with the City Clerk within ninety (90) days after the applicant pays the required fee.

B. A valid appeal by protest of the imposition of the Police Facilities Impact Fee shall meet all of the following requirements:

1. Tendering in advance of the appeal any required payment in full or providing assurance of payment satisfactory to the City Attorney;

2. Serving written notice on the City including:

a. A statement that the required payment has been tendered under protest or that required conditions have been satisfied;

b. A statement informing the City of the factual elements of the dispute and the legal theory forming the basis of the protest;

c. The name and address of the applicant;

d. The name and address of the property owner;

e. A description and location of the property;

f. The number of residential units or nonresidential gross floor area proposed, by land use or dwelling unit type, as appropriate; and

g. The date of issuance of the building permit.

C. The City Council shall schedule a hearing and render a final decision on the applicant's appeal within sixty (60) days after the date the applicant files a valid appeal.

D. The City Council hearing shall be administrative. Evidence shall be submitted by the City and by the applicant and testimony shall be taken under oath.

E. The burden of proof shall be on the applicant to establish that the applicant is not subject to the imposition of the Police Facilities Impact Fee pursuant to the express terms of this chapter and applicable State law.

F. If the Police Facilities Impact Fee has been paid in full or if the notice of appeal is accompanied by a cash deposit, letter of credit, bond or other surety acceptable to the City Attorney in an

amount equal to the Police Facilities Impact Fee calculated to be due, the application for the building permit or mobile home construction approval shall be processed. The filing of a notice of appeal shall not stay the imposition or the collection of the Police Facilities Impact Fee calculated by the City to be due unless sufficient and acceptable surety has been provided.

G. Any petition for judicial review of the City Council's final decision shall be made in accordance with applicable State law and pursuant to Section 18.15.130. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

18.15.130 Judicial review.

A. Any judicial action or proceeding to attack, review, set aside, void or annul the ordinance codified in this chapter, or any provision thereof, or resolution, or amendment thereto, shall be commenced within ninety (90) days of the effective date of the ordinance codified in this chapter, resolution, or any amendment thereto.

B. Any judicial action or proceeding to attack, review, set aside or annul the imposition or collection of a Police Facilities Impact Fee on a development shall be preceded by a valid appeal by protest pursuant to Section 18.15.120 hereof and a final decision of the City Council pursuant thereto and shall be filed and service of process effected within ninety (90) days after the hearing on appeal regarding the imposition of a Police Facilities Impact Fee upon the development. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

18.15.140 Annual report and amendment procedures.

A. Within one hundred eighty (180) days after the last day of each fiscal year, the Police Chief shall evaluate progress in implementation of the Police Facilities Impact Fee program and shall prepare a report thereon to the City Council in accordance with Government Code Section 66006 incorporating among other things:

1. The police facilities and equipment commenced, purchased or completed utilizing monies from the Police Facilities Impact Fee fund;

2. The amount of the fees collected and the interest earned;

3. The amount of Police Facilities Impact Fees in the fund; and

4. Recommended changes to the Police Facilities Impact Fee, including, but not necessarily limited to, changes in the Police Facilities Impact Fee chapter or fee-setting resolution.

B. Based upon the report and such other factors as the City Council deems relevant and applicable, the City Council may amend the ordinance codified in this chapter or the fee-setting resolution implementing this chapter. Changes to the Police Facilities Impact Fee rates or schedules may be made by amending the fee-setting resolution. Any change which increases the amount of the Police Facilities Impact Fee shall be adopted by the City Council only after a noticed public hearing. Nothing herein precludes the City Council or limits its discretion to amend the ordinance codified in this chapter or the fee-setting resolution establishing Police Facilities Impact Fee rates or schedules at such other times as may be deemed necessary. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

18.15.150 Effect of Police Facilities Impact Fee on zoning and subdivision regulations.

This chapter shall not affect, in any manner, the permissible use of property, density/intensity of development, design and improvement standards and public improvement requirements or any other aspect of the development of land or construction of buildings, which may be imposed by the City pursuant to the City's zoning regulations, subdivision regulations or other ordinances or regulations of the City, which shall be operative and remain in full force and effect without limitation with respect to all residential and nonresidential development. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

18.15.160 Violation—Penalty.

A violation of this chapter shall be prosecuted in the same manner as misdemeanors are prose-

cuted; and upon conviction, the violator shall be punishable according to law. However, in addition to or in lieu of any criminal prosecution, the City shall have the power to sue in civil court to enforce the provisions of this chapter. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

18.15.170 Severability.

If any section, phrase, sentence, or portion of this chapter is for any reason held invalid or unconstitutional by any court of competent jurisdiction, such portions shall be deemed a separate, distinct, and independent provision; and such holding shall not affect the validity of the remaining portions thereof. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

CHAPTER 18.16 FIRE FACILITIES IMPACT FEE

18.16.010 Legislative findings.

A. The State of California, through the enactment of Government Code Sections 66001 through 66009 has authorized the City to enact development impact fees.

B. The imposition of development impact fees is one of the preferred methods of ensuring that development bears a proportionate share of the cost of capital facilities and related costs necessary to accommodate such development. This must be done in order to promote and protect the public health, safety and welfare.

C. That the continuing increase in the development of residential and nonresidential construction in the City has created an urgency in that funds are needed for the increased demand for fire services and the facilities that support those services which are required to serve the increasing residential and workforce population of the City.

D. The fees established pursuant to this chapter are derived from, are based upon, and do not exceed the costs of providing additional fire services attributable to new residential or nonresidential construction, including: master planning to more specifically identify capital facilities to serve new development; the acquisition of additional property for fire facilities; the construction of buildings for fire services; the furnishing of buildings or facilities for fire services; and the purchasing of equipment, apparatus, and vehicles for fire services.

E. The fees collected pursuant to this chapter shall be used to finance the fire facilities, equipment, and apparatus identified in Subsection 18.16.010.D.

F. Detailed study of the impacts of future residential and nonresidential construction in the City, along with an analysis of the need for new fire facilities and equipment has been prepared. This study is included in the "Public Safety Impact Fee Study" for the City of Long Beach dated August 18, 2006, which is incorporated herein by reference as though set forth in full, word for word.

G. There is a reasonable relationship between the need for the fire facilities, apparatus and equipment set forth in Subsection 18.16.010.D and the impacts of the types of development for which the corresponding fee is charged.

H. There is a reasonable relationship between the fee's use and the type of development for which the fee is charged.

I. There is a reasonable relationship between the amount of the fee and the cost of the facilities, apparatus and equipment or portion thereof attributable to the development on which the fee is imposed. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

18.16.020 Purpose.

A Fire Facilities Impact Fee is imposed on residential and nonresidential development for the purpose of assuring that the impacts created by said development pay its fair share of the costs required to support needed fire facilities and related costs necessary to accommodate such development. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

18.16.030 Definitions.

For purposes of this chapter, the words and terms defined herein shall have the meanings stated, unless another meaning is plainly intended. To the extent that the words and terms utilized in this chapter are not defined herein, but are defined in Title 18 or the zoning regulations, such words and terms shall have the meanings stated therein.

"Accessory use" is as defined in Section 21.15.060.

"Applicant" means the property owner, or duly designated agent of the property owner, for which a request for building permit or construction approval for a mobile home pad is received by the City.

"Calculation" means the point in time at which the City calculates the Fire Facilities Impact Fee to be paid by the applicant. Calculation will generally occur at the time of issuance of the applicable building permit or construction approval for a mobile home pad but may occur earlier in the development approval process.

"City Manager" means the City Manager of the City of Long Beach or other municipal officials he or she may designate to carry out the administration of this chapter.

"Collect" or "collection" means the point in time at which the Fire Facilities Impact Fees are paid by the applicant. Collection will occur on the date of final inspection or the date a Certificate of Occupancy or Temporary Certificate of Occupancy, whichever occurs first, or in the case of a mobile home pad or pads, collection will occur at or on the date of construction approval is issued.

"Development" means residential and/or nonresidential development to an undeveloped, partially developed or redeveloped site and involving the issuance of a building permit for such construction, reconstruction or use. Development also includes the approval and construction of new mobile home pads in existing or new mobile home parks or sites.

"Dwelling unit" or "DU" is as defined in Section 21.15.910.

"Fee-setting resolution" means and refers to the City resolution specifying the Fire Facilities Impact Fee per dwelling unit or mobile home pad for residential development and per gross floor area for nonresidential development, by type and by location. The Fire Facilities Impact Fee set forth in the fee-setting resolution may be revised pursuant to Section 18.16.140 and applicable State law.

"Fire Department" means the Fire Department of the City of Long Beach.

"Gross floor area" means the construction of floor area (in square feet) of a nonresidential development measured from the exterior building lines of each floor with respect to enclosed spaces, excluding dwelling units and parking facilities. For purposes of this chapter, the term "enclosed spaces" specifically includes, but is not limited to, an area available to and customarily used by the general public and all areas of business establishments generally accessible to the public such as fenced or partially fenced in areas of garden centers attached to and serving the primary structure.

"Mixed use" is as defined in Section 21.15.1760.

"Mobile home" is as defined in Section 21.15.1770.

"Nonresidential development" means a development undertaken for the purpose of constructing gross floor area that includes, but is not limited to, commercial, industrial, retail, office, hotel/motel, and warehouse uses involving the issuance of a building permit for such construction.

"Parking facility" means a building or structure, or portion thereof, that provides parking spaces for vehicles; and which may include, but is not limited to, the ancillary facilities such as sidewalks, drainage area, lighting, landscaping, striping, exits and entrances, signage, waiting areas and other related areas or uses as determined by the Director.

"Principal use" is as defined in Section 21.15.2170.

"Residential development" means a development undertaken for the purpose of: (i) constructing a dwelling unit or units; or (ii) the alteration or change of use of an existing building or structure that results in new dwelling unit or units and involving the issuance of a building permit for

such construction, reconstruction or use, or the construction approval for a mobile home pad or pads.
(ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

18.16.040 Fund established.

A Fire Facilities Impact Fee fund is established. The Fire Facilities Impact Fee fund is a fund to be utilized for payment of the actual or estimated costs of fire facilities, apparatus and equipment related to residential and nonresidential developments as described in this chapter.
(ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

18.16.050 Fire Facilities Impact Fee.

There is imposed a Fire Facilities Impact Fee on all residential and nonresidential development as those terms are defined in this chapter. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

18.16.060 Fee imposed.

A. Any person who, after the effective date of the ordinance codified in this chapter, seeks to engage in residential or nonresidential developments, including mobile home as defined in this chapter, by obtaining a building permit, or construction approval for a mobile home pad or pads, is required to pay a Fire Facilities Impact Fee in the manner and amount as set forth in the fee-setting resolution.

B. No Certificate of Occupancy, Temporary Certificate of Occupancy, final inspection approval or construction approval for a mobile home pad or pads, as applicable, for the activities listed in subsection A of this section shall be issued unless and until the Fire Facilities Impact Fee required by this chapter has been paid to the City. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

18.16.070 Calculation of Fire Facilities Impact Fee.

A. The Director shall calculate the amount of the applicable Fire Facilities Impact Fee due as a condition precedent to the issuance, and at any time prior to, the building permit or construction approval for a mobile home pad or pads based upon the applicable impact fee rate as specified in the fee-setting resolution.

B. The Director shall calculate the amount of the applicable Fire Facilities Impact Fee due by:

1. Determining the number and type of dwelling units in a residential development, or mobile home pads in a mobile home park or site and multiplying the same by the Fire Facilities Impact Fee amount as established by the fee-setting resolution per dwelling unit or pad.

2. Determining the gross floor area, type of use and location in a nonresidential development, and multiplying the same by the Fire Facilities Impact Fee amount as established by the fee-setting resolution per square feet.

3. Determining the number and type of dwelling units in the residential development portion and the gross floor area, type of use and location in the nonresidential development portion of a building or structure containing mixed uses and multiplying the same by the Fire Facilities Impact Fee amount as established by the fee-setting resolution for each use.

4. Determining the gross floor area, type of use and location in a building or structure containing mixed uses that include two (2) or more principal uses in the nonresidential development portion, and multiplying the same by the Fire Facilities Impact Fee amount as established by the fee-setting resolution for each use. The gross floor area of any accessory use will be charged at the same rate as the predominant principal use unless the Director finds that the accessory use is related to another principal use. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

18.16.080 Collection of Fire Facilities Impact Fee.

A. The City shall collect from the applicant the Fire Facilities Impact Fee prior to the issuance

of a Certificate of Occupancy, Temporary Certificate of Occupancy, final inspection or construction approval for mobile home pad or pads, whichever occurs first.

B. Except for an administrative charge that shall be allocated to the Department of Community Development, all funds collected shall be properly identified and promptly transferred for deposit in the Fire Facilities Impact Fee fund and used solely for the purposes specified in this chapter. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

18.16.090 Use of funds.

A. Funds collected from the Fire Facilities Impact Fee shall be used to fund the costs of providing additional fire services attributable to new residential and nonresidential development including mobile home and shall include:

1. The acquisition of additional property for Fire Department facilities;

2. The construction of new buildings for Fire Department services;

3. The furnishing of new buildings or facilities for Fire Department services;

4. The purchasing of equipment, apparatus, and vehicles for Fire Department services;

5. The funding of a master plan to identify capital facilities to serve new Fire Department development; and

6. The cost of financing (e.g., interest payments) related to Subsections 1 through 5, inclusive.

B. Funds shall not be used for periodic or routine maintenance.

C. In the event that bonds or similar debt instruments are issued for advanced provision of capital facilities for which Fire Facilities Impact Fees may be expended, impact fees may be used to pay debt service on such bonds or similar debt instruments to the extent that the facilities provided are of the type described in Subsection 18.16.090.A.

D. Funds may be used to provide refunds as described in Section 18.16.100. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

18.16.100 Refund.

A. Any applicant who has paid a Fire Facilities Impact Fee pursuant to this chapter may apply for a full or partial refund of same, if, within one (1) year after collection of the Fire Facilities Impact Fee the development has been modified, pursuant to appropriate City ordinances and regulations, resulting in: (i) a reduction of the number of dwelling unit(s) in a residential development or portion of a residential development in a building or structure with mixed uses, (ii) a change in the type of dwelling units, (iii) a reduction of the gross floor area in a nonresidential development or portion of an nonresidential development in a building or structure with mixed uses, or (iv) the applicability of an exemption pursuant to Section 18.16.110. The City shall retain a sum equaling twenty percent (20%) of the impact fee paid by the applicant to offset the administrative costs of refund. The applicant must submit an application for such a refund in accordance with Chapter 3.48. In no event shall a refund exceed the amount of the Fire Facilities Impact Fee actually paid.

B. Any funds not expended, encumbered or obligated by issued indebtedness by the end of the calendar quarter immediately following five years from the date the Fire Facilities Impact Fee was paid shall, upon application of the current landowner, be returned to such landowner with interest at a rate equal to the rate of interest earned by the City from the time the fee was paid, provided that the landowner submits an application for a refund within one hundred eighty (180) calendar days from the expiration of the five-year period. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

18.16.110 Exemptions and credits.

A. Exemptions. Any claim of exemption must be made no later than the time of building permit issuance or mobile home construction approval.

The following uses and types of development specified in this section area exempted from the payment of the Fire Facilities Impact Fee.

1. Nonresidential development.

a. Construction of a nonresidential building or structure or an addition to an existing nonresidential building or structure of three thousand (3,000) square feet or less of gross floor area.

b. Parking facilities.

c. Hospitals as that term is defined in Section 21.15.1370.

2. Residential development. The exemption provided herein shall not apply to residential tract development, residential development of more than one (1) unit per lot, or to the replacement of a single-family dwelling with more than one (1) dwelling unit.

a. Construction, replacement or rebuilding of (i) a single-family dwelling (one unit per lot) on an existing lot of record.

b. Replacement of one (1) mobile home with another on the same pad.

c. Legalization of an illegal dwelling unit existing prior to January 1, 1964, for which an administrative use permit is approved in accordance with Subsection 21.25.403.D.

d. Moving and relocation of a single-family home from one (1) lot within the City to another lot within the City.

e. Property rented, leased, sold, conveyed or otherwise transferred, at a rental price or purchase price which does not exceed the "affordable housing cost" as defined in Section 50052.5 of the California Health and Safety Code when provided to a "lower income household" as defined in Section 50079.5 of the California Health and Safety Code or "very low-income household" as defined in Section 50105 of the California Health and Safety Code or "moderate income household" as defined in Section 50093 of the Health and Safety Code. This exemption shall require the applicant to execute an agreement to guarantee that the units shall be maintained for very low, lower or moderate -income households whether as units for rent or for sale or transfer, for the lesser of a period of fifty-five (55) years or the actual life or existence of the structure, including any addition, renovation or remodeling thereto. The agreement shall be in the form of a deed restriction or other legally binding and enforceable document acceptable to the City Attorney and shall bind the owner and any successor-in-interest to the real property being developed. The agreement shall subordinate, if required, to any State or federal program providing affordable housing to very low, lower or moderate-income households. The agreement shall be recorded with the Los Angeles County Recorder prior to the issuance of a Certificate of Occupancy. The City's Housing and Neighborhood Services Bureau shall be notified of pending transfers or purchases and give its approval of the purchaser's qualifying income status and purchase price, prior to the close of escrow. The City's Housing and Neighborhood Services Bureau shall be notified of pending rentals and give its approval of proposed tenant's qualifying income status and rental rate, prior to the tenant's occupancy. Applicant or any successor-in-interest shall be required to provide annually, or as requested, the names of all tenants or purchasers, current rents, and income certification to ensure compliance. Voluntary removal of the housing restriction or violation of the restriction shall be enforced by the City's Housing and Neighborhood Services Bureau and shall require the applicant or any successor-in-interest to pay the then applicable Fire Facilities Impact Fee at the time of voluntary conversion or as imposed at the time of violation on the unit in violation, plus any attorneys' fees and costs of enforcement, if applicable.

f. The installation of a replacement mobile home on a lot or other such site when a Fire Facilities Impact Fee for such mobile home site has previously been paid pursuant to this chapter, or where a mobile home legally existed on such site on or prior to the effective date of the ordinance codified in this chapter.

3. Other construction work. Where no additional dwelling unit or units and/or no gross floor area is added, the following construction work is exempt:

a. The alteration, remodeling, rehabilitation, or other improvements or modifications to existing buildings or structures.

b. The rebuilding of existing buildings or structures destroyed by fire, flood, earthquake or other acts of God.

c. The rehabilitation or replacement of existing buildings or structures in order to comply with City mandated seismic safety requirements.

d. The rehabilitation or replacement of existing buildings or structures destroyed by imminent public hazard, acts of terrorism, sabotage, vandalism, warfare or civil disturbance; provided however that such destruction was not caused or in any manner accomplished, instigated, motivated, prompted, incited, induced, influenced, or participated in by any persons or their agents having any interest in the real or personal property at the location.

B. Credits. Any applicant whose development is located within a Community Facilities District (CFD), and is subject to the assessments thereof, shall receive an offset credit towards the fees established by this chapter to the extent that the assessments fund improvements within the CFD which would otherwise be funded by the development impact fees established by this chapter. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-21-0035 § 2, 2021; ORD-19-0031 § 1(Exh. A), 2019)

18.16.120 Appeals.

A. An applicant may appeal, by protest, any imposition of the Fire Facilities Impact Fee by filing a notice of appeal with the City Clerk within ninety (90) days after the applicant pays the required fee.

B. A valid appeal by protest of the imposition of the Fire Facilities Impact Fee shall meet all of the following requirements:

1. Tendering in advance of the appeal any required payment in full or providing assurance of payment satisfactory to the City Attorney;

2. Serving written notice on the City including:

a. A statement that the required payment has been tendered under protest or that required conditions have been satisfied;

b. A statement informing the City of the factual elements of the dispute and the legal theory forming the basis of the protest;

c. The name and address of the applicant;

d. The name and address of the property owner;

e. A description and location of the property;

f. The number of residential units or nonresidential gross floor area proposed, by land use or dwelling unit type, as appropriate; and

g. The date of issuance of the building permit.

C. The City Council shall schedule a hearing and render a final decision on the applicant's appeal within sixty (60) days after the date the applicant files a valid appeal.

D. The City Council hearing shall be administrative. Evidence shall be submitted by the City and by the applicant and testimony shall be taken under oath.

E. The burden of proof shall be on the applicant to establish that the applicant is not subject to the imposition of the Fire Facilities Impact Fee pursuant to the express terms of this chapter and applicable State law.

F. If the Fire Facilities Impact Fee has been paid in full or if the notice of appeal is accompanied by a cash deposit, letter of credit, bond or other surety acceptable to the City Attorney in an amount equal to the Fire Facilities Impact Fee calculated to be due, the application for the building permit or mobile home construction approval shall be processed. The filing of a notice of appeal shall not stay the imposition or the collection of the Fire Facilities Impact Fee calculated by the City to be due unless sufficient and acceptable surety has been provided.

G. Any petition for judicial review of the City Council's final decision shall be made in accordance with applicable State law and pursuant to Section 18.16.130. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

18.16.130 Judicial review.

A. Any judicial action or proceeding to attack, review, set aside, void or annul the ordinance

codified in this chapter, or any provision thereof, or resolution, or amendment thereto, shall be commenced within ninety (90) days of the effective date of the ordinance codified in this chapter, resolution, or any amendment thereto.

B. Any judicial action or proceeding to attack, review, set aside or annul the imposition or collection of a Fire Facilities Impact Fee on a development shall be preceded by a valid appeal by protest pursuant to Section 18.16.120 hereof and a final decision of the City Council pursuant thereto and shall be filed and service of process effected within ninety (90) days after the hearing on appeal regarding the imposition of a Fire Facilities Impact Fee upon the development. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

18.16.140 Annual report and amendment procedures.

A. Within one hundred eighty (180) days after the last day of each fiscal year, the Fire Chief shall evaluate progress in implementation of the Fire Facilities Impact Fee program and shall prepare a report thereon to the City Council in accordance with Government Code Section 66006 incorporating among other things:

1. The fire facilities, apparatus, and equipment commenced, purchased or completed utilizing monies from the Fire Facilities Impact Fee fund;

2. The amount of the fees collected and the interest earned;

3. The amount of Fire Facilities Impact Fees in the fund; and

4. Recommended changes to the Fire Facilities Impact Fee, including, but not necessarily limited to, changes in the Fire Facilities Impact Fee chapter or fee-setting resolution.

B. Based upon the report and such other factors as the City Council deems relevant and applicable, the City Council may amend the ordinance codified in this chapter or the fee-setting resolution implementing this chapter. Changes to the Fire Facilities Impact Fee rates or schedules may be made by amending the fee-setting resolution. Any change which increases the amount of the Fire Facilities Impact Fee shall be adopted by the City Council only after a noticed public hearing. Nothing herein precludes the City Council or limits its discretion to amend the ordinance codified in this chapter or the fee-setting resolution establishing Fire Facilities Impact Fee rates or schedules at such other times as may be deemed necessary. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

18.16.150 Effect of Fire Facilities Impact Fee on zoning and subdivision regulations.

This chapter shall not affect, in any manner, the permissible use of property, density/intensity of development, design and improvement standards and public improvement requirements or any other aspect of the development of land or construction of buildings, which may be imposed by the City pursuant to the City's zoning regulations, subdivision regulations or other ordinances or regulations of the City, which shall be operative and remain in full force and effect without limitation with respect to all residential and nonresidential development. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

18.16.160 Violation—Penalty.

A violation of this chapter shall be prosecuted in the same manner as misdemeanors are prosecuted; and upon conviction, the violator shall be punishable according to law. However, in addition to or in lieu of any criminal prosecution, the City shall have the power to sue in civil court to enforce the provisions of this chapter. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

18.16.170 Severability.

If any section, phrase, sentence, or portion of this chapter is for any reason held invalid or unconstitutional by any court of competent jurisdic-

tion, such portions shall be deemed a separate, distinct, and independent provision; and such holding shall not affect the validity of the remaining portions thereof. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

CHAPTER 18.17
TRANSPORTATION IMPROVEMENT FEE

18.17.010 Short title.

This chapter shall be known and cited as the Long Beach Transportation Improvement Fee Ordinance or as the Transportation Fee Ordinance. The fees imposed pursuant to this chapter shall be known as "Transportation Improvement Fees." (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.17.020 Purpose.

A Transportation Improvement Fee is imposed on new development in the City for the purpose of assuring that the transportation level of service goals of the City as set forth in the traffic mitigation program are met with respect to the additional demands placed on the transportation system by traffic generated from such development. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.17.030 Affected area—Designation of subareas.

A. This chapter shall be applicable to all new development in the City including the planned development central business district (CBD) area of the City, except as otherwise provided herein.

B. In the CBD area of the City, Transportation Improvement Fees shall be imposed on all commercial development, including, but not limited to, office, retail, hotel and movie theaters, as set forth in the fee setting resolution adopted by the City Council pursuant to this chapter.

C. Citywide, Transportation Improvement Fees shall be imposed on all residential development and on all industrial development as set forth in the fee setting resolution adopted by the City Council pursuant to this chapter.

D. Citywide, but excluding the CBD area of the City, Transportation Improvement Fees shall be imposed on all commercial development including, but not limited to, office, retail, hotel and movie theaters, as set forth in the fee setting resolution adopted by the City Council pursuant to this chapter. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.17.040 Definitions.

For purposes of this chapter, the words and terms defined herein shall have the meanings stated, unless another meaning is plainly intended. To the extent that the words and terms utilized in this chapter are not defined herein, but are defined in Title 18 or the zoning regulations, such words and terms shall have the meanings stated therein.

"Accessory use" is as defined in Section 21.15.060.

"Accessory use, residential" is as defined in Section 21.15.063. An accessory residential unit which exceeds two hundred twenty (220) square feet of residential dwelling space shall be classified as a single-family dwelling unit for purposes of application of the Transportation Improvement Fee.

"Applicant" means the owner of property, or owner's authorized agent for which a request for development approval is received by the City.

"Central Business District" or "CBD" area or planned development Central Business District area means the area of the City as delineated on Exhibit 1 and which is coterminous with the planned development CBD area as defined in the City's general plan land use element.

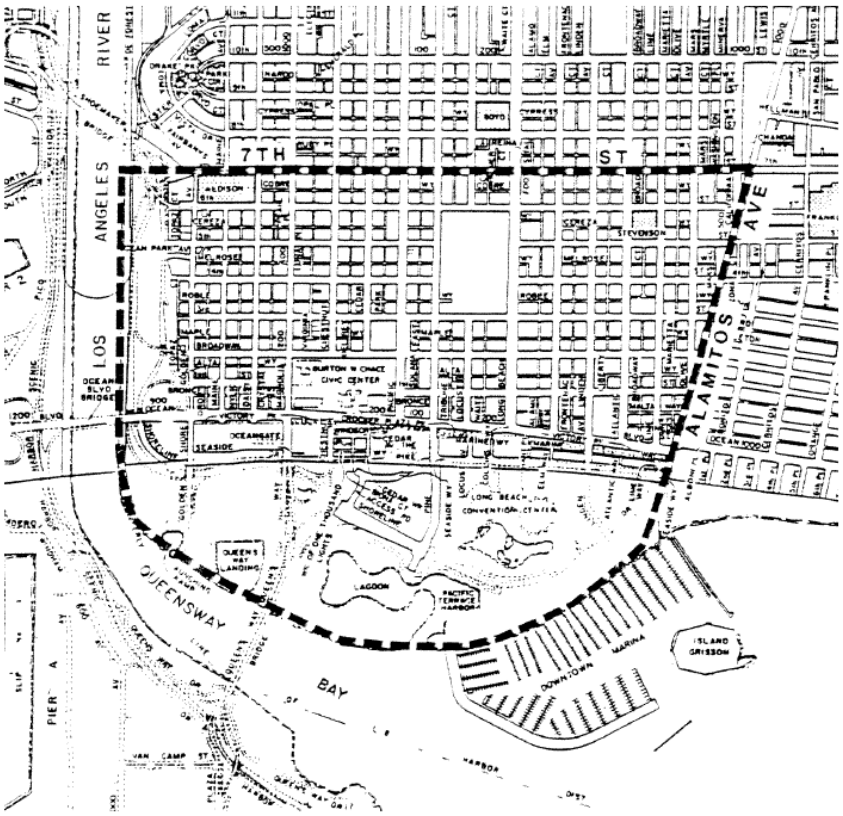

EXHIBIT 1
CENTRAL BUSINESS DISTRICT AREA

"Certificate of Occupancy" means the official City certification, issued pursuant to Chapter 18.08, that all or a portion of the building, structure or addition is approved for use or occupancy by a tenant, owner or occupant. For purposes of this chapter, Certificate of Occupancy and Temporary Certificate of Occupancy, whichever comes first, shall be considered synonymous.

"City-wide" means the entire area of the City including the CBD area.

"Collection" means the point in time at which the Transportation Improvement Fees are paid by the applicant. Collection will generally occur at and as a condition precedent to the issuance of the Certificate of Occupancy.

"Commitment" means the earmarking of Transportation Improvement Fees collected to fund or partially fund or to retire debt issued for the funding of transportation improvements serving residential and nonresidential development.

"Demand" means the portion of transportation capacity that development will consume measured in PM peak hour trips.

"Development" means residential and/or nonresidential developments to an undeveloped, partially developed or redeveloped site and involving the issuance of a building permit for such construction, reconstruction or use.

"Development approval" means tentative map approval, parcel map approval, or site plan approval if the imposition of the Transportation Improvement Fee could lawfully have been imposed at such time or, building permit issuance if the Transportation Improvement Fee could not be lawfully imposed at tentative map, parcel map or site plan approval.

"Dwelling unit" or "DU" is as defined in Section 21.15.910.

"Fee-setting resolution" means the City resolution specifying the Transportation Improve-

ment Fee per dwelling unit for residential development and per gross floor area for nonresidential development, by type and by location. The Transportation Improvement Fees set forth in the fee-setting resolution may be revised pursuant to Section 18.17.060 and applicable State law.

"Gross floor area" means the construction of new floor area (in square feet) of a nonresidential development enclosed by the exterior building walls of each story, the floor below and ceiling or roof above, excluding dwelling units and parking facilities.

"Highway Capacity Manual" means and refers to the report entitled Highway Capacity Manual, Special Report 209 (Transportation Research Board, 1985) or as thereafter amended.

"Imposition" means the determination that the Transportation Improvement Fee is applicable to the development and the attachment of the Transportation Improvement Fee as a specific condition of development approval.

"ITE Tip Generation Manual" means the informational report entitled "Trip Generation" by the Institute of Transportation Engineers, Fourth Edition, 1987, or as thereafter amended.

"Level of Service" or "LOS" means an indicator of the extent or degree of service provided by, or proposed to be provided by, a transportation improvement based upon the relationship of traffic volume to road capacity and related to the operational characteristics of the road as measured by standards set forth in the Highway Capacity Manual.

"Long Beach Transportation Study (1989)" means the study performed for the City by Barton-Aschman Associates, Inc., and including Volume I-Traffic, Volume II-Parking, Volume III-Transit, and the Report on the Allocation of Transportation Improvement Costs, which collectively form the basis for travel demand forecasts and transportation improvement plans and recommendations.

"Mixed use" is as defined in Section 21.15.1760.

"Nonresidential development" means a development undertaken for the purpose of constructing gross floor area that includes, but is not limited to, commercial, industrial, retail, office, hotel/motel, and warehouse uses involving the issuance of a building permit for such construction.

"Parking facility" means a building or structure, or portion thereof, that provides parking spaces for vehicles, and which may include, but is not limited to, the ancillary facilities such as sidewalks, drainage area, lighting, landscaping, striping, exits and entrances, signage, waiting areas and other related areas or uses as determined by the Director.

"PM peak hour" means a one-hour period of time between 4:00 p.m. and 6:00 p.m., when the development generates the maximum number of trips.

"PM peak hour trips" means the total number of trips generated by a development during the p.m. peak hour.

"Principal use" is as defined in Section 21.15.2170.

"Residential development" means a development undertaken for the purpose of: (i) constructing a dwelling unit or units; or (ii) the alteration or change of use of an existing building or structure that results in new dwelling unit or units and involving the issuance of a building permit for such construction, reconstruction or use.

"Road facility" means the construction of a road link or intersection which expands capacity to accommodate additional traffic, and which may include, but is not limited to, the installation of ancillary facilities such as sidewalks, curbs, gutters, traffic signals, traffic signs, lighting, landscaping, striping, medians, turn lanes and other project-related improvements.

"Secondary housing unit" is as defined and regulated in Sections 21.15.2400 and 21.51.275. A secondary housing unit which exceeds six hundred forty (640) square feet of residential dwelling space shall be classified as a standard dwelling unit for purposes of application of the Transportation Improvement Fee.

"Senior citizen housing" is as defined in Section 21.15.2430. The applicant shall be required to guarantee the units shall be maintained for senior citizen housing whether rented, leased, sold, con-

veyed or otherwise transferred, for the lesser of a period of thirty (30) years or the actual life or existence of the building or structure, including any addition, renovation or remodeling thereto. The guarantee shall be in the form of a deed restriction or other legally binding and enforceable document acceptable to the City. The document shall be recorded with the Los Angeles County Recorder prior to the issuance of a Certificate of Occupancy. The applicant shall comply with the maintenance of the units for senior citizen housing according to the procedures of the Housing and Neighborhood Services Bureau. The Housing and Neighborhood Services Bureau shall establish a process for monitoring any applicant for any successor-in-interest shall be required to provide annually, or as requested, proof of compliance.

"Traffic mitigation program of Long Beach" or "traffic mitigation program" means and refers to the City's long range strategic and financing plan for transportation improvements as adopted by resolution of the City Council.

"Transit facility" means the purchase of buses and/or the construction of an improvement ancillary to the operation of the Long Beach bus system and, which may include but is not limited to, the installation of facilities such as bus shelters, bus turn lanes, lighting, landscaping, signage, and other project-related improvements.

"Transportation demand management measures" means a program designed to reduce p.m. peak hour existing work trips from a proposed development site by a minimum of twenty percent (20%).

"Transportation improvement" means and refers to a project identified in the transportation improvement plan and involving the construction of a road facility or portion thereof, the construction of parking facilities, the construction of transit improvements, including the purchase of buses, the construction of other project-related improvements, including, but not limited to, right-of-way and land acquisition, utility relocation, project planning, administrative, legal, engineering, and design services and project contingencies.

"Transportation Improvement Fee" means a monetary exaction imposed as a condition of development approval in order to assure the provision of transportation improvements needed to serve development within a reasonable period of time at City level of service goals as set forth in the traffic mitigation program.

"Transportation improvement plan" means the identification, listing, cost and prioritization of transportation improvements necessary to meet travel demand forecasts as determined by the Director of Public Works while maintaining the City's level of service for transportation, as set forth in the traffic mitigation program.

"Transportation services" means nonphysical, programmatic efforts to reduce traffic including, but not limited to, transportation demand management. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.17.050 Transportation Improvement Fee requirements—Imposition—Collection.

A. All development shall be required to pay a Transportation Improvement Fee at the time of issuance of a Certificate of Occupancy, except as otherwise provided in Subsection 18.17.050.F or Section 18.17.130. The City may, prior to the issuance of a building permit for a development subject to the Transportation Improvement Fee, require that the applicant, or lessee if the lessee's interest appears of record, as a condition of issuance of the building permit, execute a contract with the City to pay the applicable Transportation Improvement Fee at the time of issuance of the Certificate of Occupancy.

B. Transportation Improvement Fees shall be imposed at the time of tentative map approval, parcel map approval, site plan approval, or building permit issuance.

C. Transportation Improvement Fees shall be collected no later than at the time of issuance of a Certificate of Occupancy, except as otherwise provided in Subsection 18.17.050.F.

D. Whenever a development contains more than one (1) building, the Transportation Improvement Fee shall be paid in a lump sum for all dwelling units or gross floor area in each building of the development for which a Certificate of Occupancy is sought.

E. Imposition of the Transportation Improvement Fee requirement due shall be a condition of development approval, and no tentative map, parcel map or site plan shall be approved, nor shall a building permit be issued without compliance with the provisions of this chapter.

F. For nonresidential developments exceeding one hundred thousand (100,000) square feet of gross floor area, the applicant shall pay the Transportation Improvement Fee either: (1) in full at issuance of the Certificate of Occupancy or (2) in four installments as set forth herein.

The first payment shall equal twenty-five percent (25%) of the total Transportation Improvement Fee owed and shall be payable at the time of the issuance of the Certificate of Occupancy. The balance of the Transportation Improvement Fee shall accrue interest at a rate equal to that earned on the City's pooled investment funds (which rate shall be published annually by the City Treasurer), and shall be paid in three (3) annual installments, commencing upon the first anniversary of the issuance of the Certificate of Occupancy for the development. The balance of the Transportation Improvement Fee may be prepaid by the applicant at any time. In the event that the applicant (or applicant's successor-in-interest) fails to pay any installment when due, the Certificate of Occupancy issued for the development may be revoked at the option of the City.

Payments pursuant to the installment option and the rights and obligations of the applicant and the City shall be set forth in a contract which shall be executed at and as a condition precedent to issuance of a Certificate of Occupancy. Applicant shall post a bond, certificate of deposit, letter of credit or other instrument acceptable to the City Attorney in an amount equal to the Transportation Improvement Fee calculated to be due and payable by installment at the time of execution of the contract. The City Council authorizes the City Manager to execute such contracts on behalf of the City. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.17.055 Transportation Demand Management Measure Requirements.

Transportation demand management measure requirements, where applicable, in addition to Transportation Improvement Fees shall be implemented in conjunction with Chapter 21.64. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.17.060 Amount of Transportation Improvement Fee.

The Transportation Improvement Fee per p.m. peak hour trip by land use type and, where relevant, by location shall be established by fee-setting resolution of the City Council and may be amended from time to time as set forth in Section 18.17.170. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.17.070 Calculation of Transportation Improvement Fee.

A. The Director shall calculate the amount of the applicable Transportation Improvement Fee due as a condition precedent to the issuance of, and at any time prior to, the building permit based upon the applicable impact fee rate as specified in the fee-setting resolution.

B. The Director shall calculate the amount of the applicable Transportation Improvement Fee due by:

1. Determining the number and type of dwelling units in a residential development and multiplying the same by the Transportation Improvement Fee amount per dwelling unit as established by the fee-setting resolution.

2. Determining the gross floor area, type of use and location in a nonresidential development, and multiplying the same by the Transportation Improvement Fee amount per square feet as established by the fee-setting resolution.

3. Determining the number and type of dwelling units in the residential development portion and the gross floor area, type of use and location in the nonresidential development portion of a building or structure containing mixed uses, and multiplying the same by the Transportation Improvement Fee amount as established by the fee-setting resolution for each use.

4. Determining the gross floor area, type of use and location in a building or structure containing mixed uses that include two (2) or more principal uses in the nonresidential development, and multiplying the same by the Transportation Improvement Fee amount as established by the fee-setting resolution for each use. The gross floor area of any accessory use will be charged at the same rate as the predominant principal use unless the Director finds that the accessory use is related to another principal use.

C. The Director shall be responsible for determining the use type of the proposed development. If the Director determines that the proposed development is not in one of the use classifications included in the fee-setting resolution or, if the applicant submits relevant information and documentation acceptable to the Director demonstrating that the proposed development is not in one of the use classifications included in the fee-setting resolution or is a mixed use, the Director of Public Works shall:

1. Determine whether the proposed development has trip generation characteristics similar to a listed use classification;

2. If so, that use classification shall be used in calculating the appropriate Transportation Improvement Fee;

3. If not, identify the trip generation characteristics of the proposed development and, utilizing the ITE trip generation manual, assign the proposed use to the most similar land use type listed in the manual;

4. If there are no similar land use types listed in the ITE trip generation manual, the applicant may be requested to perform, at his or her own expense, a trip generation study or may utilize other statistically valid trip generation data applicable to the proposed use. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.17.080 Collection of Transportation Improvement Fee.

The Director shall be responsible for the collection of the Transportation Improvement Fee prior to the issuance of a Certificate of Occupancy unless:

A. The applicant is entitled to a full credit pursuant to Section 18.17.110; or

B. The applicant is exempt pursuant to Section 18.17.130; or

C. The applicant has taken an appeal pursuant to Section 18.17.150 and a cash deposit, letter of credit, bond or other surety in the amount of the Transportation Improvement Fee, as calculated by the Director, has been posted with the City;

D. The applicant satisfies the conditions for Transportation Improvement Fee payment by installments pursuant to Subsection 18.17.050.F. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.17.090 Establishment of Transportation Improvement Fee account.

The City establishes a segregated Transportation Improvement Fee subfund (hereinafter "subfund") to which all Transportation Improvement Fees collected by the Director shall be deposited. The funds of the subfund shall not be commingled with any other funds or revenues of the City except for purposes of investment; but, provided that all such funds shall be separately accounted for. The subfund shall be interest-bearing and all interest received shall be credited to such subfund and used solely for purposes of the

subfund. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.17.100 Limitation on use of funds derived from Transportation Improvement Fees.

A. Funds derived from payment of Transportation Improvement Fees pursuant to this chapter shall be placed in the subfund and shall be used solely and exclusively for the purpose of funding transportation improvements, as defined herein, and as identified in the transportation improvement plan or to reimburse the City for expenditures, advances or indebtedness incurred for the construction of transportation improvements.

B. Transportation Improvement Fees shall not be used for the provision of roadway, parking or transit improvements relating to: (i) the needs of existing City residents, (ii) the enhancement of transportation improvements to provide a higher level of service to existing development, (iii) operation and maintenance costs associated with roadway, parking or transit improvements, (iv) repair and/or replacement of existing roadway, parking and transit improvements or (v) the provision of transportation services, as contrasted with transportation improvements.

C. The City shall commit or expend Transportation Improvement Fees deposited to the subfund within five (5) years from the date of deposit. The City shall make findings once each fiscal year with respect to any Transportation Improvement Fees remaining unexpended or uncommitted in the subfund five (5) or more years after the deposit of the fee to identify the purpose to which the fee is to be put and to demonstrate a reasonable relationship between the fee and the purpose for which it was charged. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.17.110 Credits.

A. Any applicant subject to a Transportation Improvement Fee pursuant to this chapter who constructs, escrows money with the City for the construction of, participates in an assessment district for the construction of or who otherwise contributes funds or improvements to the City for transportation improvements, as herein defined, shall be eligible for a credit for such contribution against the Transportation Improvement Fee otherwise due.

B. Credit applications shall be made on forms provided by the City and, whenever possible, shall be submitted at or before the time of building permit issuance. The application shall contain a declaration of those facts, under oath, along with relevant documentary evidence which qualifies the applicant for the credit.

C. The Director of Public Works shall determine whether the proposed construction, escrow payment, assessment district or cash contribution is for a transportation improvement listed in the transportation improvements plan or for a comparable transportation improvement, and is consistent with the project priorities and timing and, if necessary, shall determine the value of the developer contribution.

D. The Director of Public Works shall forward his or her report and the credit application and supporting documentary evidence to the City Council, for a determination of Transportation Improvement Fee credit. If the City Council determines that a Transportation Improvement Fee credit is due, said decision shall be confirmed by ordinance and shall be incorporated in a contract between the applicant and the City except as otherwise provided herein.

E. No credit shall be granted in an amount exceeding the otherwise applicable Transportation Improvement Fee.

F. Credits shall be on a building-by-building basis as development approval is sought and not on a development site basis. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.17.120 Refunds.

A. Any applicant who has paid a Transportation Improvement Fee pursuant to this chapter

may apply for a full or partial refund of same, within one (1) year after collection of the Transportation Improvement Fee for any of the following conditions:

1. A development has been modified, pursuant to appropriate City ordinances and regulations, resulting in a reduction of: (i) the number of dwelling unit(s) in a residential development or portion of a residential development in a building or structure with mixed uses; and/or (ii) the gross floor area in a nonresidential development or portion of a nonresidential development in a building or structure with mixed uses.

2. A development has changed in the type of use that results in a reduction of trips generated by that use.

B. Refund applications shall be made on forms provided by the City and shall contain a declaration of those facts, under oath, along with relevant documentary evidence which qualifies the applicant for the refund. In no event may a refund exceed the amount of the Transportation Improvement Fee paid by the applicant.

C. Except as described in Subsection 18.17.120.E, upon application by the property owner the City shall refund the portions of the Transportation Improvement Fee which have been on deposit over five (5) years and which are unexpended or uncommitted. Refunds shall be made to the current record owner or owners of lots or units of the development on a prorated basis, together with accrued interest.

D. Once each fiscal year the City shall make findings identifying all unexpended or uncommitted Transportation Improvement Fees in the subfund.

E. With respect to Transportation Improvement Fees unexpended or uncommitted five (5) years after deposit in the subfund, the City may make findings to identify the purpose to which the Transportation Improvement Fee is to be put and to demonstrate a reasonable relationship between the Transportation Improvement Fee and the purpose for which it was charged. If the City makes such findings, the Transportation Improvement Fees are exempt from the refund requirement. The findings need only be made with respect to funds in the possession of the City and need not be made with respect to letters of credit, bonds or other instruments taken to secure payment of Transportation Improvement Fees at a future date.

F. The City shall refund the unexpended or uncommitted portion of Transportation Improvement Fees by direct payment, by providing a temporary suspension of Transportation Improvement Fees for subsequent development projects of developers entitled to the refund, or by any other means consistent with the intent of this section. The determination by the City Council of the means by which revenues are to be refunded is a legislative act.

G. If the City finds that the administrative costs of refunding the unexpended or uncommitted Transportation Improvement Fees exceed the amount to be refunded, the City, after a public hearing, notice of which has been published in accordance with State law and posted in three (3) prominent places within the area of each development subject to a refund, may determine that the funds shall be allocated for other transportation improvements of the type for which the Transportation Improvement Fees were collected and which serve the development. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.17.130 Exemptions.

The following uses and types of development specified in this section are exempt from the payment of Transportation Improvement Fees:

A. Nonresidential development.

1. Construction of new nonresidential buildings or structures or addition to existing nonresidential buildings or structures of three thousand (3,000) square feet or less of gross floor area.

2. Nonresidential uses that generates ten (10) or fewer PM peak hour trips pursuant to the ITE Trip Generation Manual.

3. Parking facilities.

B. Residential development. The exemption provided herein shall not apply to residential tract

development, residential development of more than one (1) unit per lot, or to the replacement of a single-family dwelling with more than one (1) dwelling unit.

1. The construction, replacement or rebuilding of a single-family dwelling (one unit per lot) on an existing lot of record.

2. The moving and relocation of an existing single-family dwelling from one (1) lot within the City to another lot within the City.

3. The legalization of an illegal dwelling unit existing prior to January 1, 1964, for which an administrative use permit is approved in accordance with Subsection 21.25.403.D.

4. The replacement of a mobile home with another mobile home on the same pad or foundation.

5. Property rented, leased, sold, conveyed or otherwise transferred, at a rental price or purchase price which does not exceed the "affordable housing cost" as defined in Section 50052.5 of the California Health and Safety Code when provided to a "lower income household" as defined in Section 50079.5 of the California Health and Safety Code or "very low income household" as defined in Section 50105 of the California Health and Safety Code or "moderate income household" as defined in Section 50093 of the Health and Safety Code. This exemption shall require the applicant to execute an agreement to guarantee the units shall be maintained for very low, lower or moderate -income households whether as units for rent or for sale or transfer, for the lesser of a period of fifty-five (55) years or the actual life or existence of the structure, including any addition, renovation or remodeling thereto. The agreement shall be in the form of a deed restriction, second trust deed, or other legally binding and enforceable document acceptable to the City Attorney and shall bind the owner and any successor-in-interest to the real property being developed. The agreement shall subordinate, if required, to any State or Federal program providing affordable housing to very low, lower or moderate-income households. The agreement shall be recorded with the Los Angeles County Recorder prior to the issuance of a building permit. The Housing and Neighborhood Services Bureau shall be notified of pending transfers or purchases and give its approval of the purchaser's qualifying income status and purchase price, prior to the close of escrow. The Housing and Neighborhood Services Bureau shall be notified of pending rentals and give its approval of proposed tenant's qualifying income status and rental rate, prior to the tenant's occupancy. Applicant or any successor-in-interest shall be required to provide annually, or as requested, the names of all tenants or purchasers, current rents, and income certification to ensure compliance. Voluntary removal of the housing restriction or violation of the restriction shall be enforced by the Director and shall require the applicant or any successor-in-interest to pay the then applicable Transportation Improvement Fee at the time of voluntary conversion or as imposed at the time of violation on the unit in violation, plus any attorneys' fees and costs of enforcement if applicable.

C. Other construction work. Where no additional dwelling unit or units and/or no gross floor area is added, the following construction work is exempt:

1. The alteration, remodeling, rehabilitation, or other improvements or modifications to existing buildings or structures;

2. The rebuilding of existing buildings or structures destroyed by an act of God;

3. The rehabilitation or replacement of existing buildings or structures in order to comply with City mandated seismic safety requirement; or

4. The rehabilitation or replacement of existing buildings or structures destroyed by imminent public hazard, acts of terrorism, sabotage, vandalism, warfare or civil disturbance; provided however that such destruction was not caused or in any manner accomplished, instigated, motivated, prompted, incited, induced, influenced, or participated in by any persons or their agents having any interest in the real or personal property at the location. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-21-0035 § 3, 2021; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.17.140 Accounting and audits.

A. For each subfund established pursuant to Section 18.17.090, the City shall, within sixty (60) days of the close of each fiscal year, make available to the public the beginning and ending balance for the fiscal year, and the Transportation Improvement Fees, interest and other income and the amount of expenditures by public facility and the amount of refunds made during the fiscal year. The City Council shall review this information at the next regularly scheduled public meeting not less than fifteen (15) days after the availability of the information required hereby.

B. Any applicant may request an audit of the Transportation Improvement Fee in order to determine whether the fee exceeds the amount reasonably necessary to provide the transportation improvements to serve development at the level of service set forth in the traffic mitigation program. Upon such request for an audit, the City Council may request the City auditor to conduct an audit to determine whether the Transportation Improvement Fee is reasonable. Any costs incurred by the City in having an audit conducted may be recovered from the applicant who requests the audit. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.17.150 Appeals.

A. An applicant may appeal, by protest, any imposition of the Transportation Improvement Fee by filing a notice of appeal with the City Clerk at any time prior to, but in no case later than ninety (90) days after, the applicant pays the required fee.

B. A valid appeal by protest of the imposition of the Transportation Improvement Fee shall meet both of the following requirements:

1. Tendering in advance of the appeal any required payment in full or providing assurance of payment satisfactory to the City Attorney;

2. Serving written notice on the City including:

a. A statement that the required payment has been tendered under protest or that required conditions have been satisfied,

b. A statement informing the City of the factual elements of the dispute and the legal theory forming the basis of the protest,

c. The name and address of the applicant,

d. The name and address of the property owner,

e. A description and location of the property,

f. The number of residential units or nonresidential gross floor area proposed, by land use or dwelling unit type, as appropriate, and

g. The date of imposition of the Transportation Improvement Fee upon the development.

C. The City Council shall schedule a hearing and render a final decision on the applicant's appeal within one hundred sixty (160) days after the date the applicant files a valid appeal.

D. The City Council hearing shall be administrative. Evidence shall be submitted by the City and by the applicant and testimony shall be taken under oath.

E. The burden of proof shall be on the applicant to establish that the applicant is not subject to imposition of the Transportation Improvement Fee pursuant to the express terms of this chapter and applicable State law.

F. If the Transportation Improvement Fee has been paid in full or if the notice of appeal is accompanied by a cash deposit, letter of credit, bond or other surety acceptable to the City Attorney in an amount equal to the Transportation Improvement Fee calculated to be due, the application for development approval shall be processed. The filing of a notice of appeal shall not stay the imposition or the collection of the Transportation Improvement Fee calculated by the City to be due unless sufficient and acceptable surety has been provided.

G. If as a result of an appeal pursuant to this section or judicial review pursuant to Section 18.17.160, a Transportation Improvement Fee is reduced or waived, the City Council may determine whether and how such reduction or waiver may impact the Transportation Improvement Fee calculation methodology. If the City Council determines that transportation improvement needs are correspondingly reduced, the City Council may

amend the Transportation Improvement Fee calculation methodology, the applicable Transportation Improvement Fee, or take such other action as it may deem appropriate. If the City Council determines that transportation improvement needs remain the same, the City Council shall appropriate funds in an amount equal to the reduction or waiver of Transportation Improvement Fees and shall deposit same to the subfund or take such other action as it may deem appropriate.

H. Any petition for judicial review of the City Council's final decision shall be made in accordance with applicable State law and pursuant to Section 18.17.160. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.17.160 Judicial review.

A. Any judicial action or proceeding to attack, review, set aside, void or annul the ordinance codified in this chapter, or any provision thereof, or resolution, or amendment thereto, shall be commenced within one hundred twenty (120) days of the effective date of the ordinance codified in this chapter, resolution, or any amendment thereto.

B. Any judicial action or proceeding to attack, review, set aside or annul the imposition or collection of a Transportation Improvement Fee on a development shall be preceded by a valid appeal by protest pursuant to Section 18.17.150 hereof and a final decision of the City Council pursuant thereto and shall be filed and service of process effected within one hundred eighty (180) days after the hearing of appeal regarding imposition of the Transportation Improvement Fee upon the development. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.17.170 Annual report and amendment procedures.

A. At least once each year the Director of Public Works shall evaluate progress in implementation of the transportation improvement plan and the Transportation Improvement Fee and shall prepare a report thereon to the City Council incorporating:

1. The total amount of development granted development approval in the City by type;

2. The estimated increase in PM peak hour trips generated by approved development;

3. The transportation improvements completed relative to the improvements listed in the transportation improvement plan;

4. The amount of Transportation Improvement Fees in the subfund; and

5. Recommended changes to the Transportation Improvement Fee, including, but not necessarily limited to, changes in the transportation improvement plan and changes in the Transportation Improvement Fees chapter or fee-setting resolution.

B. Based upon the report and such other factors as the City Council deems relevant and applicable, the City Council may amend the ordinance codified in this chapter or the fee-setting resolution implementing this chapter. Changes to Transportation Improvement Fee rates or schedules may be made by amending the fee-setting resolution. Any change which increases the amount of the Transportation Improvement Fee shall be adopted by the City Council only after a noticed public hearing. Nothing herein precludes the City Council or limits its discretion to amend the ordinance codified in this chapter, the Long Beach Transportation Study (1989), the traffic mitigation program, the transportation improvement plan, or the fee-setting resolution establishing Transportation Improvement Fee rates or schedules at such other times as may be deemed necessary. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.17.180 Effect of Transportation Improvement Fee on zoning and subdivision regulations.

This chapter shall not affect, in any manner, the permissible use of property, density/intensity

of development, design and improvement standards and public improvement requirements or any other aspect of the development of land or construction of buildings, which may be imposed by the City pursuant to the zoning regulations, subdivision regulations or other ordinances or regulations of the City, which shall be operative and remain in full force and effect without limitation with respect to all residential and nonresidential development. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.17.190 Transportation Improvement Fee as additional and supplemental requirement.

The Transportation Improvement Fee imposed by this chapter is a fee imposed on residential and nonresidential development reflecting its proportionate share of the cost of providing transportation improvements necessary to meet the demand created by such development at City level of service goals as set forth in the traffic mitigation program. As such, the Transportation Improvement Fee is additional and supplemental to, and not in substitution of, either on-site transportation improvement requirements or off-site transportation improvement requirements necessary to provide access to the development, which may be imposed by the City pursuant to zoning, subdivision and other City ordinances and regulations. In no event shall an applicant for development approval be obligated to pay a Transportation Improvement Fee in excess of that calculated pursuant to this chapter. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

CHAPTER 18.18 PARK AND RECREATION FACILITIES FEE

18.18.010 Short title.

This chapter shall be known and cited as the "Long Beach Park and Recreation Facilities Impact Fee Ordinance." The fees imposed pursuant to this chapter shall be known as "Park Fees." (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.18.020 Purpose.

A Park Fee is hereby imposed on new residential development for the purpose of assuring that the park land and recreational facility standards established by the City are met with respect to the additional needs created by such development. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.18.030 Definitions.

For purposes of this chapter, the words and terms defined herein shall have the meanings stated, unless another meaning is plainly intended. To the extent that the words and terms utilized in this chapter are not defined herein, but are defined in Title 18 or the zoning regulations, such words and terms shall have the meanings stated therein.

"Accessory use, residential" is a dwelling unit as identified in Section 21.15.063. An accessory residential unit which exceeds two hundred twenty (220) square feet of residential dwelling space shall be classified as a single-family, duplex or multifamily dwelling unit for purposes of application of the Park Fee.

"Applicant" means the property owner, or duly designated agent of the property owner, of land on which a request for development approval is received by the City.

"Certificate of Occupancy" means the official City certification, issued pursuant to Chapter 18.08, that all or a portion of the building, structure or addition is approved for use or occupancy by a tenant, owner or occupant. For purposes of this chapter, Certificate of Occupancy and Temporary Certificate of Occupancy, whichever comes first, shall be considered synonymous.

"Collection" means the point at which the Park Fee due is collected from the applicant. Collection

will generally occur at and as a condition precedent to the issuance of the Certificate of Occupancy.

"Commitment" means the earmarking of Park Fees collected to fund or partially fund or to retire debt issued for the funding of park land acquisition or recreation improvements serving residential development.

"Development approval" means tentative map or parcel map approval if the imposition of the Park Fee could lawfully have been imposed at such time or, building permit issuance if Park Fees could not be lawfully imposed at tentative map or parcel map approval.

"Dwelling unit" or "DU" is as defined in Section 21.15.910.

"Duplex" means a building containing two dwelling units.

"Imposition" means the determination that the Park Fee is applicable to the residential development project and the attachment of the Park Fee requirement as a specific condition of development approval.

"Mobile home" is as defined in Section 21.15.1770.

"Multifamily" means a permanent building designed for or occupied by three (3) or more families living independently of each other. This includes apartment houses and condominiums, but does not include hotels, motels, communal housing, residential care facilities or convalescent hospitals.

"Park Fee" means a monetary exaction imposed as a condition of development approval in connection with a residential development project in order to fund and to assure the provision of park land and recreation improvements needed to serve such development at established City service level standards within a reasonable period of time.

"Park land" means land used or to be used or acquired or to be acquired for use as a City park or open space or property owned by another public entity, such as a public school site, which is improved by the City and designated to meet City park land and recreation improvement needs related to projected residential development.

"Recreation improvement" means the construction of facilities, including, but not limited to, soccer fields, softball fields, lighting, landscaping, bicycle paths, tennis courts, indoor recreational space and related facilities, the expenditure of funds for such facilities and improvements incidental thereto, and the expenditure of funds for the planning, design and engineering of such facilities and improvements and utility relocation ancillary thereto and designed to meet City park land and recreation improvement needs related to projected residential development.

"Residential development" means any development undertaken for the purpose of: (i) constructing a dwelling unit or units; or (ii) the alteration or change of use of an existing building or structure that results in new dwelling unit or units and involving the issuance of a building permit for such construction, reconstruction or use.

"Secondary housing unit" is as defined and regulated in Sections 21.15.2400 and 21.51.275. A secondary housing unit which exceeds six hundred forty (640) square feet of residential dwelling space shall be classified as a single-family, duplex or multifamily dwelling unit for purposes of application of the Park Fee.

"Single-family dwelling" means a residential unit designed and intended for occupancy by one (1) family as defined in Section 21.15.2410. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.18.040 Requirement.

A. All residential development shall be required to pay a Park Fee prior to the issuance of a Certificate of Occupancy. The City may, prior to the issuance of a building permit for a residential development subject to the Park Fee, require that the applicant, as a condition of issuance of the building permit execute a contract with the City to pay the applicable Park Fee prior to issuance of the Certificate of Occupancy.

B. Park Fees shall be imposed, where possible, at the time of tentative map approval, parcel map approval or site plan approval of a residential development.

C. Park Fees shall be collected prior to the issuance of a Certificate of Occupancy for a residential development.

D. Whenever a residential development contains more than one (1) dwelling unit, the Park Fee shall be paid in a lump sum for all dwelling units in each phase of a residential development for which a Certificate of Occupancy is sought.

E. Payment of the Park Fee due shall be a condition of development approval of all residential developments, and no tentative map or parcel map or site plan shall be approved nor shall a building permit be issued without compliance with the provisions of this chapter.

F. The Park Fee requirement shall not apply to applicants who have a valid building permit on the effective date of the ordinance codified in this chapter. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.18.050 Amount of Park Fee.

A. The Park Fee per dwelling unit, by type, shall be established by resolution of the City Council and may be amended from time to time as set forth in Section 18.18.160.

B. The fees established by this chapter shall be revised annually by means of an automatic adjustment based on the average percentage change over the previous calendar year in the Construction Cost Index for the Los Angeles metropolitan area. The fees, as adjusted annually, shall be compiled by the Department of Parks, Recreation and Marine, and shall be included in an annual report to the City Council pertaining to the Park Fee. The annual report shall be presented to the City Council by August 1st of each year, and fee adjustments shall be effective on October 1st of each year. The continued validity of the fee calculation methodology and the automatic adjustment shall be evaluated by a Nexus Study which shall be presented to the City Council for its consideration and action every five (5) years. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.18.060 Calculation of applicable Park Fee.

The Director shall calculate the amount of the applicable Park Fee due as a condition precedent to the issuance of, and at any time prior to, the building permit by determining the number and type of dwelling units in the proposed residential development and multiplying same by the Park Fee amount per dwelling unit, by type, as established by City Council resolution. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.18.070 Collection of Park Fee.

The Director shall be responsible for the collection of the Park Fee and as a condition precedent to the issuance of a Certificate of Occupancy unless:

A. The applicant is entitled to a full credit pursuant to Section 18.18.100;

B. The applicant is exempt pursuant to Section 18.18.120; or

C. The applicant has taken an appeal pursuant to Section 18.18.140 and a bond or other surety in the amount of the fee, as calculated by the Director, has been posted with the City. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.18.080 Establishment of Park Fee account.

The City hereby establishes a segregated Park Fee trust fund account (hereinafter "account") to which all Park Fees collected by the Director shall be posted. The funds of the account shall not be commingled with any other funds or revenues of the City and all such funds shall be accounted for. The account shall be an interest bearing account and all interest received shall be credited to such account and used solely for purposes of the account. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.18.090 Limitation on use of funds derived from Park Fees.

A. Funds derived from payment of Park Fees pursuant to this chapter shall be placed in the account and shall be used solely and exclusively for the purpose of funding park land acquisition and recreation improvements, as defined herein, and as identified in the Park Fee report, or to reimburse the City for expenditures, advances or indebtedness incurred for the acquisition of park land or construction of recreation improvements, as defined herein or identified in the Park Fee report. Park Fees shall not be used for the provision of park land or recreation improvements, as defined herein, and as identified in the Park Fee report, or to reimburse the City for expenditures, advances or indebtedness incurred for the acquisition of park land or construction of recreation improvements, as defined herein or identified in the Park Fee report. Park Fees shall not be used for the provision of park land or recreation improvements relating to: (i) the needs of existing City residents, (ii) the enhancement of park and recreation facilities to provide a higher level of service to existing City residents, (iii) operation and maintenance costs associated with City park and recreation facilities, (iv) repair and/or replacement of existing park and recreational facilities, or (v) the provisions of recreational services and programming.

B. The City shall commit or expend Park Fees deposited to the account within five (5) years from the date of deposit. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.18.100 Credits.

A. Any applicant subject to a Park Fee pursuant to this chapter who constructs, escrows money with the City for the construction of, agrees to participate in an assessment district for the construction of or who otherwise contributes funds or improvements to the City for the acquisition of park land or the construction of recreation improvements as herein defined, may be eligible for a credit for such contribution against the Park Fee otherwise due.

B. Credit applications shall be made on forms provided by the City and, whenever possible, shall be submitted at or before the time of building permit issuance. The application shall contain a declaration of those facts, under oath, along with relevant documentary evidence which qualifies the applicant for the credit.

C. The Director of Parks, Recreation and Marine shall determine whether the proposed construction, escrow payment, assessment district or cash contribution is for a recreation improvement listed in the Park Fee report and is consistent with the project priorities and timing and, if necessary, shall determine the value of the developer contribution.

D. The Director of Parks, Recreation and Marine shall forward his or her report and the credit application and supporting documentary evidence to the City Council, for a determination of Park Fee credit. If the City Council determines that a Park Fee credit is due, said decision shall be confirmed by ordinance and shall be incorporated in a contract between the applicant and the City.

E. No credit shall be granted in an amount exceeding the otherwise applicable Park Fee. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.18.110 Refunds.

A. Any applicant who has paid a Park Fee pursuant to this chapter may apply for a full or partial refund of same, if, within one (1) year after collection of the Park Fee the residential development has been modified, pursuant to appropriate City ordinances and regulations, resulting in a reduction in the number of dwelling units, a change in the type of dwelling units or the applicability of an exemption pursuant to Section 18.18.120. Refund applications shall be made on forms provided by the City and shall contain a declaration of those facts, under oath, along with relevant documentary evidence which qualifies the applicant for the refund. In no event may a refund exceed the amount of the Park Fee actually paid.

B. Once each fiscal year the City shall make findings identifying all unexpended or uncommitted fees in the account.

C. Except as described in Subsection 18.18.110.D, upon application of the property owner the City shall refund the portions of any impact fee which have been on deposit over five (5) years and which are unexpended or uncommitted. Refunds shall be made to the current record owner or owners of the development on a prorated basis, together with accrued interest.

D. With respect to fees unexpended or uncommitted within five (5) years of deposit in the Park Fee account, the City may make findings to identify the purpose to which the fee is to be put and to demonstrate a reasonable relationship between the fee and the purpose for which it was charged. If the City makes such findings, the fees are exempt from the refund requirement.

E. The City may refund the unexpended or uncommitted portion of Park Fees by direct payment, by offsetting such refunds against other Park Fees due for residential development on the subject property, or by other means subject to agreement by the property owner.

F. If the City finds that the administrative costs of refunding the unexpended or uncommitted Park Fees exceeds the amount to be refunded, the City, after a public hearing, notice of which has been published in accordance with State law and posted in three (3) prominent places within the area of each residential development subject to a refund, may determine that the funds shall be allocated for other park land acquisition or recreation improvement projects of the type for which the Park Fees were collected and which serve the residential development. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.18.120 Exemptions.

The following uses and types of residential development are exempt from the payment of Park Fees:

A. If the applicant is proposing to replace an existing legal dwelling unit or units with an equal or greater number of units on the same lot, then the fee will be paid only for the number of new dwelling units that exceed the number of the existing legal dwelling units on that lot. A dwelling unit shall be considered existing if it is a legal dwelling unit as defined in Section 21.15.910 (or any successor section thereto) and it existed on the lot within twelve (12) months prior to the application for a building permit for the replacement unit or units.

B. The placement or installation of a replacement mobile home as defined in Section 21.15.1770 (or any successor section thereto) on a separate lot, mobile home park space or pad when a park and recreation facilities fee for such lot or space has been previously paid pursuant to this chapter; or when a mobile home legally existed on such park space or pad within twelve (12) months prior to construction approval for the replacement mobile home.

C. The relocation of existing legal dwelling units from one location in the City to another.

D. The legalization of an existing illegal dwelling unit existing prior to January 1, 1964, for which an administrative use permit is approved in accordance with Subsection 21.25.403.D (or any successor section thereto).

E. Property rented, leased, sold, conveyed or otherwise transferred, at a rental price or purchase price which does not exceed the "affordable housing cost" as defined in Section 50052.5 of the California Health and Safety Code when provided to a "lower income household" as defined in Section 50079.5 of the California Health and Safety Code or "very low income household" as defined in Section 50105 of the California Health and Safety Code or "moderate income household" as defined in Section 50093 of the Health and Safety Code. This exemption shall require the applicant to execute an agreement to guarantee the units shall be maintained for very low, lower and moderate -income households whether as units for rent or for sale or transfer, for the lesser of a period of fifty-five (55) years or the actual life or existence of the structure, including any addition, renovation or remodeling thereto. The agreement shall be in the form of a deed restriction, second trust deed, or other legally binding and enforceable document

acceptable to the City Attorney and shall bind the owner and any successor-in-interest to the real property being developed. The agreement shall subordinate, if required, to any State or Federal program providing affordable housing to very low, lower or moderate-income households. The agreement shall be recorded with the Los Angeles County Recorder prior to the issuance of a Certificate of Occupancy. The City's Housing and Neighborhood Services Bureau shall be notified of pending transfers or purchases and give its approval of the purchaser's qualifying income status and purchase price, prior to the close of escrow. The City's Housing and Neighborhood Services Bureau shall be notified of pending rentals and give its approval of proposed tenant's qualifying income status and rental rate, prior to the tenant's occupancy. Applicant or any successor-in-interest shall be required to provide annually, or as requested, the names of all tenants or purchasers, current rents, and income certification to ensure compliance. Voluntary removal of the housing restriction or violation of the restriction shall be enforced by the Director and shall require the applicant or any successor-in-interest to pay the then applicable Park Fee at the time of voluntary conversion or as imposed at the time of violation on the unit in violation, plus any attorneys' fees and costs of enforcement if applicable.

F. Where no additional dwelling unit or units and/or no gross floor area is added, the following construction work is exempt:

1. The alteration, remodeling, rehabilitation, or other improvements or modifications to existing buildings or structures.

2. The rebuilding of existing buildings or structures destroyed by an act of God.

3. The rehabilitation or replacement of existing buildings or structures in order to comply with City mandated seismic safety requirement.

4. The rehabilitation or replacement of existing buildings or structures destroyed by imminent public hazard, acts of terrorism, sabotage, vandalism, warfare or civil disturbance; provided however that such destruction was not caused or in any manner accomplished, instigated, motivated, prompted, incited, induced, influenced, or participated in by any persons or their agents having any interest in the real or personal property at the location. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-21-0035 § 4, 2021; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.18.130 Audits.

Any person may request an audit of the Park Fee in order to determine whether the Park Fee exceeds the amount reasonably necessary to provide the park land acquisition and recreation improvements to serve new residential development at the City's established service level standards. Upon such request for an audit, the City Council may retain an independent auditor to conduct an audit to determine whether the Park Fee is reasonable. Any costs incurred by the City in having the audit conducted by an independent auditor may be recovered from the person who requests the audit. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.18.140 Appeals.

A. An applicant may appeal, by protest, any imposition of the Park Fee by filing a notice of appeal with the City Clerk at any time prior to, and in no case later than ninety (90) days after, the applicant pays the required fee.

B. A valid appeal by protest of the imposition of the Park Fee shall meet both of the following requirements:

1. Tendering in advance of the appeal any required payment in full or providing assurance of payment satisfactory to the City Attorney;

2. Serving written notice on the City including:

a. A statement that the required payment has been tendered under protest or that required conditions have been satisfied,

b. A statement informing the City of the factual elements of the dispute and the legal theory forming the basis of the protest,

c. The name and address of the applicant,

d. The name and address of the property owner,

e. A description and location of the property,

f. The number of residential units or dwelling unit type proposed, as appropriate, and

g. The date of imposition of the Park Fee upon the residential development.

C. The City Council shall schedule a hearing and render a final decision on the applicant's appeal within one hundred sixty (160) days after the date the applicant files a valid appeal.

D. The City Council hearing shall be administrative. Evidence shall be submitted by the City and by the applicant and testimony shall be taken under oath.

E. The burden of proof shall be on the applicant to establish that the applicant is not subject to imposition of the Park Fee pursuant to the express terms of this chapter and applicable State law.

F. If the Park Fee has been paid in full or if the notice of appeal is accompanied by a cash deposit, letter of credit, bond or other surety acceptable to the City Attorney in an amount equal to the Park Fee calculated to be due, the application for development approval shall be processed. The filing of a notice of appeal shall not stay the imposition or the collection of the Park Fee calculated by the City to be due unless sufficient and acceptable surety has been provided.

G. If as a result of an appeal pursuant to this section or judicial review pursuant to Section 18.18.150, a Park Fee is reduced or waived, the City Council may determine whether and how such reduction or waiver may impact the Park Fee calculation methodology. If the City Council determines that park and recreation needs are correspondingly reduced, the City Council may amend the Park Fee calculation methodology, the applicable Park Fee, or take such other action as it may deem appropriate. If the City Council determines that park and recreation needs remain the same, the City Council shall appropriate funds in an amount equal to the reduction or waiver of Park Fees and shall deposit same to the subfund or take such other action as it may deem appropriate.

H. Any petition for judicial review of the City Council's final decision shall be made in accordance with applicable State law and pursuant to Section 18.18.150. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.18.150 Judicial review.

A. Any judicial action or proceeding to attack, review, set aside, void or annul the ordinance codified in this chapter, or any provision thereof, or amendment thereto, shall be commenced within one hundred twenty (120) days of the effective date of the ordinance codified in this chapter, resolution, or any amendment thereto.

B. Any judicial action or proceeding to attack, review, set aside or annul the imposition or collection of a Park Fee on a development shall be preceded by a valid appeal by protest pursuant to Section 18.18.140 hereof and a final decision of the City Council pursuant thereto and shall be filed and service of process effected within one hundred eighty (180) days after the hearing of appeal regarding the imposition of the Park Fee upon the development. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.18.160 Amendment procedures.

At least once every year after the first year that this chapter has been effective, prior to City Council adoption of the annual budget and capital improvements program, staff shall prepare a report to the City Council on the subject of impact fees and shall incorporate:

A. Recommendations on amendments, if appropriate, to this chapter or to resolutions establishing impact fee amounts.

B. Proposed changes to the Park Fee report identifying capital improvements to be funded by impact fees.

C. Proposed changes in the impact fee calculation methodology or variables pertaining thereto.

D. Proposed changes to impact fee rates or schedules. Based upon the report and such other factors as the City Council deems relevant and applicable, the City Council may amend this chapter and resolutions establishing impact fee rates or schedules. Changes to the impact fee rates or schedules may be made by resolution. Any change which increases the amount of the fee shall be adopted by the City Council after a noticed public hearing. Nothing herein precludes the City Council or limits its discretion to amend this chapter, the Park Fee report or resolutions establishing impact fee rates or schedules at such other times as may be deemed necessary. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.18.170 Effect of Park Fee on zoning and subdivision regulations.

This chapter shall not affect, in any manner, the permissible use of property, density of development, design and improvement standards and public improvement requirements or any other aspect of the development of land or construction of buildings, which may be imposed by the City pursuant to the zoning regulations, subdivision regulations or other ordinances or regulations of the City, which shall be operative and remain in full force and effect without limitation with respect to all such residential development projects. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.18.180 Park Fee as additional and supplemental requirement.

The Park Fee imposed by this chapter is a fee imposed on residential development projects reflecting its proportionate share of the cost of providing park land and improvements necessary to meet the needs created by such development at established City service level standards. As such, the Park Fee is additional and supplemental to, and not in substitution of, on-site open space requirements imposed by the City pursuant to zoning, subdivision and other City ordinances and requirements. In no event shall an applicant for development approval be obligated to pay a Park Fee in excess of that calculated pursuant to this chapter, which shall not individually or collectively exceed the reasonable cost of providing park land and recreation improvements to such residential development project at established City service level standards. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

CHAPTER 18.19 SENSITIVE COASTAL RESOURCE IMPACT FEE

18.19.010 Legislative findings.

A. The State of California, through the enactment of Government Code Sections 66001 through 66009 has authorized the City to impose development impact fees on new development for the purposes of funding the public infrastructure and services necessary to serve that new development.

B. The imposition of development impact fees is one of the preferred methods of ensuring that development bears a proportionate share of the cost of capital facilities, infrastructure, services and related costs necessary to accommodate such development. This must be done in order to promote and protect the public health, safety and welfare.

C. That the continuing increase in the development of residential and nonresidential construction in the Southeast Area Specific Plan (SEASP) (SP-2) plan area has created an urgency in that funds are needed for the increased demand for additional infrastructure and services required to protect and sustain sensitive coastal resources which are required to serve the increasing residential and workforce population of the SEASP plan area.

D. The fees established pursuant to this Chapter are derived from, are based upon, and do not exceed the costs of providing additional infrastructure and services required to protect and sustain sensitive coastal resources attributable to new res-

idential or nonresidential construction, in areas designated for mixed-use, community core and mixed-use marina in the SEASP plan area. The additional infrastructure and services include a baseline study, conducted prior to new development, to document the state and function of the buffer area and adjacent wetlands; monitoring that is related to impacts of nearby development (new residents and increased business patrons) such as damage from pedestrians/hikers in the buffer and wetlands area, exposure to non-native seeds from landscaping, lighting, and increased trash and debris; periodic trash and debris removal of the buffer area and adjacent wetlands and administrative costs associated with the Sensitive Coastal Resource Impact Fee program. The activities covered by the Sensitive Coastal Resource Impact Fee are specifically targeted to address the issues of increased public use and increased litter, trash, and debris arising from new development and increased population and economic activity.

E. The fees collected pursuant to this Chapter shall be used to finance the infrastructure and services identified in Subsection D.

F. A detailed study of the nexus between anticipated new development to be located in areas designated for mixed-use, community core and mixed-use marina uses in the SEASP plan area and the additional infrastructure and services required to protect and sustain sensitive coastal resources (inclusive of wetlands, buffers, and habitat) as a result of the anticipated increase in development has been prepared. This study is entitled the "Nexus Study for Sensitive Coastal Resources Impact Fee" for the City of Long Beach dated August 31, 2022 ("the Study") which is incorporated herein by reference as though set forth in full, word for word.

G. The fees collected shall apply to the areas designated for mixed-use, community core and mixed-use marina uses as shown in Figure A-1 in the Appendix to the Study and as further described in Section 6 of the Study.

H. There is a reasonable relationship between the need for the additional infrastructure and services required to protect and sustain sensitive coastal resources set forth in Subsection D and the impacts of the types of development for which the corresponding fee is charged.

I. There is a reasonable relationship between the fee's use and the type of development for which the fee is charged.

J. There is a reasonable relationship between the amount of the fee and the cost of the additional infrastructure and services or portion thereof attributable to the development on which the fee is imposed. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0032 § 1, 2022)

18.19.020 Purpose.

A Sensitive Coastal Resource Impact Fee is hereby imposed on new residential and nonresidential development for the purpose of assuring that the impacts created by said new development pay its fair share of the costs required to support needed additional infrastructure and services and related costs necessary to accommodate such development. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0032 § 1, 2022)

18.19.030 Definitions.

A. "Accessory use" is as defined in Section 21.15.060 of this Code.

B. "Applicant" means the property owner, or duly designated agent of the property owner, for which a request for building permit is received by the City.

C. "Building permit" means the City permit required for new building construction and/or additions which add square footage pursuant to Title 18 of this Code. Neither a grading permit nor a foundation permit shall be considered a building permit for purposes of this Chapter.

D. "Calculation" means the point in time at which the City calculates the Sensitive Coastal Resource Impact Fee to be paid by the applicant. Calculation will generally occur at the time of issuance of the applicable building permit but may occur earlier in the development approval process.

E. "City Manager" means the City Manager of the City of Long Beach or other municipal officials he/she may designate to carry out the administration of this Chapter.

F. "Collect", or "collection" means the point in time at which the Sensitive Coastal Resource Impact Fees are paid by the applicant. Collection will occur on the date of final inspection or the date a certificate of occupancy or temporary certificate of occupancy, whichever occurs first.

G. "Development" means the addition of new residential square footage and/or new nonresidential square footage to an undeveloped, partially developed or redeveloped site and involving the issuance of a building permit and certificate of occupancy for such construction, reconstruction or use. Development does not include the following so long as no additional gross floor area is added:

1. A permit to operate;

2. A permit for the internal alteration, remodeling, rehabilitation, or other improvements or modifications to an existing structure;

3. The rebuilding of a structure destroyed by an act of God or the rehabilitation or replacement of a building in order to comply with the City's seismic safety requirements;

4. Parking facilities; or

5. The rehabilitation or replacement of a building destroyed by imminent public hazard, acts of terrorism, sabotage, vandalism, warfare or civil disturbance except where said destruction was caused or in any manner accomplished, instigated, motivated, prompted, incited, induced, influenced, or participated in by any persons or their agents having any interest in the real or personal property at the location.

H. "Dwelling unit" or "DU" is as defined in Section 21.15.910 of this Code.

I. "Fee" means a Sensitive Coastal Resource Impact Fee imposed by the City of Long Beach in accordance with this Chapter.

J. "Fee setting resolution" means and refers to the City resolution specifying the Sensitive Coastal Resource Impact Fee per net increase in gross building square footage for residential and nonresidential development, by type and by location. The Sensitive Coastal Resource Impact Fee set forth in the fee-setting resolution may be revised pursuant to Section 18.19.140 and applicable state law.

K. "Community Development Department" means the Community Development Department of the City of Long Beach.

L. "Gross building square footage" means the total area of a residential and/or nonresidential development measured from the exterior building lines of each floor with respect to enclosed spaces but excluding parking spaces whether or not enclosed. For purposes of this ordinance, the term "enclosed spaces" specifically includes, but is not limited to, an area available to and customarily used by the residential occupants and/or general public and all areas of business establishments generally accessible to the public such as fenced or partially fenced in areas of garden centers attached to and serving the primary structure.

M. "Mixed use" is as defined in Section 21.15.1760 of this Code.

N. "Nonresidential development" means a development undertaken for the purpose of creating gross floor area, excluding dwelling units, but which includes, and is not limited to, commercial, industrial, retail, office, hotel/motel, and warehouse uses involving the issuance of a building permit for such construction, reconstruction or use.

O. "Principal use" is as defined in Section 21.15.2170 of this Code.

P. "Residential development" means a development undertaken for the purpose of creating a new dwelling unit or units and involving the issuance of a building permit and certificate of occupancy for such construction, reconstruction or use. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0032 § 1, 2022)

18.19.040 Fund established.

A Sensitive Coastal Resource Impact Fee fund is established. The Sensitive Coastal Resource Impact Fee fund is a fund to be utilized for payment of the actual or estimated costs of additional infrastructure and services required to protect and

sustain sensitive coastal resources related to new residential and nonresidential construction as described in this Chapter and shall be administered in compliance with Government Code Section 66006. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0032 § 1, 2022)

18.19.050 Sensitive Coastal Resource Impact Fee.

There is imposed a Sensitive Coastal Resource Impact Fee on all new residential and nonresidential development in the areas designated for specific parcels mixed-use community core and mixed-use marina uses shown in Figure A-1 in the Appendix to the Study as those terms are defined in this Chapter. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0032 § 1, 2022)

18.19.060 Fee imposed.

A. Any person who, after the effective date of this ordinance, seeks to engage in residential or nonresidential development as defined in this Chapter on one or more of the parcels identified in Figure A-1 in the Appendix to the Study by obtaining a building permit is required to pay a Sensitive Coastal Resource Impact Fee in the manner and amount as set forth in the then current fee-setting resolution. The Sensitive Coastal Resource Impact fee imposed pursuant to this Chapter shall not apply to those projects that have been granted a final entitlement or building permit approval by the Department of Community Development before the effective date of this Chapter.

B. No certificate of occupancy, temporary certificate of occupancy, final inspection approval, as applicable, for the activities listed in Subsection A of this Section shall be issued unless and until the Sensitive Coastal Resource Impact Fee required by this Chapter has been paid to the City. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0032 § 1, 2022)

18.19.070 Calculation of Sensitive Coastal Resource Impact Fee.

A. The Director of the Department of Community Development shall calculate the amount of the applicable Sensitive Coastal Resource Impact Fee due as specified in the then current fee-setting resolution.

B. The Sensitive Coastal Resources Impact Fee applies to development that results in a net increase in gross residential or nonresidential building square footage.

C. The Director of the Department of Community Development shall calculate the amount of the applicable Sensitive Coastal Resource Impact Fee due by:

1. Determining the gross building square footage for the development project and multiplying the same by the Sensitive Coastal Resource Impact Fee amount as established by the then current fee-setting resolution;

2. For a development project that would result in the demolition or elimination of then-existing residential or nonresidential building space, the fee would be determined by calculating the gross building square footage for the new construction and multiplying the same by the Sensitive Coastal Resource Impact Fee amount as established by the then current-fee setting resolution less a credit for the reduction or eliminated residential or nonresidential gross building square footage which is calculated by multiplying the eliminated building square footage by the Sensitive Coastal Resource Impact Fee amount as established by the then current-fee setting resolution;

3. The credit for reducing or eliminating residential or nonresidential building square footage shall not exceed the amount of the fee required for the new construction. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0032 § 1, 2022)

18.19.080 Payment of fee.

A. The City shall collect from the applicant the Sensitive Coastal Resource Impact Fee prior to the issuance of a certificate of occupancy, temporary certificate of occupancy, final inspection, whichever occurs first.

B. Except for an administrative charge that shall be allocated to the Department of Community Development, all funds collected shall be properly identified and promptly transferred for de-

posit in the Sensitive Coastal Resource Impact Fee fund and used solely for the purposes specified in this Chapter. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0032 § 1, 2022)

18.19.090 Use of funds.

A. Funds collected from the Sensitive Coastal Resource Impact Fee shall be used to cover a limited set of activities as associated with an increase in population near sensitive coastal resources attributable to new residential and nonresidential construction and shall include:

1. The cost to conduct a baseline study to document the state and function of the buffer area and adjacent wetlands;

2. Monitoring that is related to impacts of nearby development (new residents and increased business patrons) such as damage from pedestrians/hikers in the buffer and wetland areas, exposure to non-native seeds from landscaping, lighting, and increased trash and debris;

3. Periodic trash and debris removal from the buffer area and adjacent wetlands; and

4. Administrative costs associated with the Sensitive Coastal Resource Impact Fee program.

B. In the event that bonds or similar debt instruments are issued for advanced provision of the activities for which Sensitive Coastal Resource Impact Fees may be expended, impact fees may be used to pay debt service on such bonds or similar debt instruments to the extent that the activities provided are of the type described in Subsection A of this Section.

C. Funds may be used to provide refunds as described in Section 18.19.100. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0032 § 1, 2022)

18.19.100 Refund.

A. Any applicant who has paid a Sensitive Coastal Resource Impact Fee pursuant to this Chapter may apply for a full or partial refund of same, if, within one (1) year after collection of the Sensitive Coastal Resource Impact Fee the development project has been modified, pursuant to appropriate City ordinances and regulations, resulting in a reduction in the gross building square footage or the applicability of an exemption pursuant to Section 18.19.110 of this Chapter. The City shall retain a sum equaling twenty percent (20%) of the impact fee paid by the applicant to offset the administrative costs of refund. The applicant must submit an application for such a refund in accordance with Chapter 3.48 of this Code. In no event shall a refund exceed the amount of the Sensitive Coastal Resource Impact Fee actually paid.

B. Any funds collected pursuant to this chapter which remain unexpended or uncommitted five or more years after their deposit may be refundable pursuant to Government Code Section 66001(e) with interest accrued. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0032 § 1, 2022)

18.19.110 Exemptions and credits.

A. Exemptions. Any claim of exemption must be made no later than the time of application for a building permit. The following shall be exempted from payment of the Sensitive Coastal Resource Impact Fee:

1. Alterations or expansion of an existing residential building where no additional gross residential square footage is added and where the use is not changed;

2. The replacement of a building or structure destroyed by fire, flood, earthquake or other act of God, with a new building or structure of the same size and use;

3. Nonresidential Development: Construction or occupancy of a new nonresidential building or structure or an addition to or expansion of an existing nonresidential building or structure of three thousand (3,000) gross square feet or less;

4. Affordable Housing for Lower Income Households. Property rented, leased, sold, conveyed or otherwise transferred, at a rental price or purchase price which does not exceed the "affordable housing cost" as defined in Section 50052.5 of the California Health and Safety Code when provided to a "lower income household" as defined in Section 50079.5 of the California Health and Safety Code or "very low income household" as defined in Section 50105 of the California Health and

Safety Code. This exemption shall require the applicant to execute an agreement to guarantee that the units shall be maintained for lower and very low-income households whether as units for rent or for sale or transfer, for the lesser of a period of thirty years or the actual life or existence of the structure, including any addition, renovation or remodeling thereto. The agreement shall be in the form of a deed restriction or other legally binding and enforceable document acceptable to the City Attorney and shall bind the owner and any successor-in-interest to the real property being developed. The agreement shall subordinate, if required, to any state or federal program providing affordable housing to lower and very low-income households. The agreement shall be recorded with the Los Angeles County Recorder prior to the issuance of a certificate of occupancy. The City's Housing Services Bureau shall be notified of pending transfers or purchases and give its approval of the purchaser's qualifying income status and purchase price, prior to the close of escrow. The City's Housing Services Bureau shall be notified of pending rentals and give its approval of proposed tenant's qualifying income status and rental rate, prior to the tenant's occupancy. Applicant or any successor-in-interest shall be required to provide annually, or as requested, the names of all tenants or purchasers, current rents, and income certification to ensure compliance. Voluntary removal of the housing restriction or violation of the restriction shall be enforced by the City's Housing Services Bureau and shall require the applicant or any successor-in-interest to pay the then applicable Sensitive Coastal Resource Impact Fee at the time of voluntary conversion or as imposed at the time of violation on the unit in violation, plus any attorneys' fees and costs of enforcement, if applicable.

5. Hospitals as that term is defined in Section 21.15.1370 of this Code.

B. Credits. Any applicant whose development is located within a Community Facilities District (CFD), and is subject to the assessments thereof, shall receive an offset credit towards the fees established by this Chapter to the extent that the assessments fund improvements within the CFD which would otherwise be funded by the development impact fees established by this Chapter. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0032 § 1, 2022)

18.19.120 Appeals.

A. An applicant may appeal, by protest, any imposition of the Sensitive Coastal Resource Impact Fee by filing a notice of appeal with the City Clerk within ninety (90) days after the applicant pays the required fee.

B. A valid appeal by protest of the imposition of the Sensitive Coastal Resource Impact Fee shall meet all of the following requirements:

1. Tendering in advance of the appeal any required payment in full or providing assurance of payment satisfactory to the City Attorney;

2. Serving written notice on the City including:

a. A statement that the required payment has been tendered under protest or that required conditions have been satisfied;

b. A statement informing the City of the factual elements of the dispute and the legal theory forming the basis of the protest;

c. The name and address of the applicant;

d. The name and address of the property owner;

e. A description and location of the property;

f. The gross building square footage, by land use or dwelling unit type, as appropriate; and

g. The date of issuance of the building permit.

C. The City Council shall schedule a hearing and render a final decision on the applicant's appeal within sixty (60) days after the date the applicant files a valid appeal.

D. The City Council hearing shall be administrative. Evidence shall be submitted by the City and by the applicant and testimony shall be taken under oath.

E. The burden of proof shall be on the applicant to establish that the applicant is not subject to

the imposition of the Sensitive Coastal Resource Impact Fee pursuant to the express terms of this Chapter and applicable state law.

F. If the Sensitive Coastal Resource Impact Fee has been paid in full or if the notice of appeal is accompanied by a cash deposit, letter of credit, bond or other surety acceptable to the City Attorney in an amount equal to the Sensitive Coastal Resource Impact Fee calculated to be due, the application for the building permit shall be processed. The filing of a notice of appeal shall not stay the imposition or the collection of the Sensitive Coastal Resource Impact Fee calculated by the City to be due unless sufficient and acceptable surety has been provided.

G. Any petition for judicial review of the City Council's final decision shall be made in accordance with applicable state law and pursuant to Section 18.19.130. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0032 § 1, 2022)

18.19.130 Judicial review.

A. Any judicial action or proceeding to attack, review, set aside, void or annul the ordinance codified in this Chapter, or any provision thereof, or resolution, or amendment thereto, shall be commenced within ninety (90) days of the effective date of the ordinance codified in this Chapter, resolution, or any amendment thereto.

B. Any judicial action or proceeding to attack, review, set aside or annul the imposition or collection of a Sensitive Coastal Resource Impact Fee on a development shall be preceded by a valid appeal by protest pursuant to Section 18.19.120 hereof and a final decision of the City Council pursuant thereto and shall be filed and service of process effected within ninety (90) days after the hearing on appeal regarding the imposition of a Sensitive Coastal Resource Impact Fee upon the development. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0032 § 1, 2022)

18.19.140 Reporting, Findings and amendment procedures.

A. Within 180 days after the last day of each fiscal year, the Director of the Department of Community Development shall evaluate progress in implementation of the Sensitive Coastal Resource Impact Fee Program and shall prepare a report thereon to the City Council in accordance with Government Code Section 66006 incorporating among other things:

1. The infrastructure, services, including any baseline study, commenced, purchased or completed utilizing monies from the Sensitive Coastal Resource Impact Fee fund;

2. The amount of the fees collected, and the interest earned;

3. The amount of Sensitive Coastal Resource Impact Fees in the fund; and

4. Recommended changes to the Sensitive Coastal Resource Impact Fee, including, but not necessarily limited to, changes in the Sensitive Coastal Resource Impact Fee Chapter or fee-setting resolution.

B. Based upon the reports and such other factors as the City Council deems relevant and applicable, the City Council may amend the ordinance codified in this Chapter or the fee-setting resolution implementing this Chapter. Changes to the Sensitive Coastal Resource Impact Fee rates or schedules may be made by amending the fee-setting resolution. Any change which increases the amount of the Sensitive Coastal Resource Impact Fee shall be adopted by the City Council only after a noticed public hearing. Nothing herein precludes the City Council or limits its discretion to amend the ordinance codified in this Chapter or the fee-setting resolution establishing Sensitive Coastal Resource Impact Fee rates or schedules at such other times as may be deemed necessary.

C. Every five years, the City Council shall evaluate the Sensitive Coastal Resource Impact Fee program. The five-year report shall include findings with respect to that portion of Sensitive Coastal Resource Impact Fee fund remaining unexpended, whether committed or uncommitted pursuant to Government Code Section 66001, subdivision (d)(1) including, but not limited to:

1. The purpose to which the Fee is to be put;

2. Demonstration of a reasonable relationship between the fee and the purpose for which it is charged;

3. Identification of all sources and amounts of funding anticipated to complete incomplete improvements; and

4. Designation of the approximate dates on which the additional funds sufficient for completing the improvements are expected to be deposited in the Fund. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0032 § 1, 2022)

18.19.150 Effect of Sensitive Coastal Resource Impact Fee on zoning and subdivision regulations.

This Chapter shall not affect, in any manner, the permissible use of property, density/intensity of development, design and improvement standards and public improvement requirements or any other aspect of the development of land or construction of buildings, which may be imposed by the City pursuant to the City's zoning regulations, subdivision regulations or other ordinances or regulations of the City, which shall be operative and remain in full force and effect without limitation with respect to all residential and nonresidential development. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0032 § 1, 2022)

18.19.160 Violation—Penalty.

A violation of this Chapter shall be prosecuted in the same manner as misdemeanors are prosecuted; and upon conviction, the violator shall be punishable according to law. However, in addition to or in lieu of any criminal prosecution, the City shall have the power to sue in civil court to enforce the provisions of this Chapter. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0032 § 1, 2022)

18.19.170 Severability.

If any section, phrase, sentence, or portion of this Chapter is for any reason held invalid or unconstitutional by any court of competent jurisdiction, such portions shall be deemed a separate, distinct, and independent provision; and such holding shall not affect the validity of the remaining portions thereof. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0032 § 1, 2022)

CHAPTER 18.20 UNSAFE BUILDINGS OR STRUCTURES

18.20.010 Substandard buildings—Proceedings for repair.

Whenever the Building Official determines by inspection that an existing building is substandard, or constitutes a nuisance, he or she shall institute proceedings to cause the repair, rehabilitation, vacation or demolition of such building. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.20.020 Substandard buildings—Notice required.

The Building Official shall give notice specifying the inadequacies and hazards to be corrected. Such notice shall also specify that the building may be ordered vacated if remedial measures are not commenced and completed within the time specified in the notice which time shall be such as the Building Official concludes is reasonable in view of the circumstances, but which shall in no event require commencement of such work within less than thirty (30) days nor completion within less than ninety (90) days.

This section shall not limit the Building Official's authority to order or undertake repair, rehabilitation, vacation, demolition, or other immediate corrective action, to abate an imminently hazardous, substandard, or dangerous building or structure where authorized by law. (ORD-26-0004 § 8, 2026; ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.20.030 Substandard buildings—Service of notice.

Notices shall be given by service as provided in this chapter. Service of such notice in the manner

therein prescribed shall constitute notice to the owner of such building, and failure of any such person to receive actual notice shall in no manner affect the validity of the subsequent proceedings taken hereunder. In addition to giving such notice, the Building Official shall also prepare and cause to be recorded with the county recorder, a certificate stating that the building described is a substandard building, or is a public nuisance, and that the owner thereof has been so notified. When, and if, all required corrections to such a building have been made, or where the Building Official determines that terminating the recordation of substandard or nuisance is appropriate to further the City's interests in remediating the complained-of conditions, the Building Official shall cause the certificate of substandard buildings or public nuisance to be terminated and provide said document to the owner to be recorded with the County Recorder. (ORD-26-0004 § 9, 2026; ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.20.040 Substandard buildings—Order to vacate.

If, after the expiration of time for commencement or completion as set forth in the Notice sent pursuant to Section 18.20.030, the Building Official may order the building vacated and posted as specified in Section 18.20.060. If the building is unoccupied, the order to vacate may be immediate. If the building is occupied, a notice of intent to order the building vacated shall be given thirty (30) days prior to issuing such order. (ORD-26-0004 § 10, 2026; ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.20.050 Substandard buildings—Vacating and reoccupying.

Any substandard buildings, ordered vacated in accordance with Sections 18.20.010 through 18.20.060, shall be immediately vacated and shall not be reoccupied until the inadequacies or hazards specified by the Building Official in his or her notice as provided in Sections 18.20.010 through 18.20.060 have been eliminated and approval obtained from the Building Official for reinstatement of the occupancy. No person shall occupy or cause to be occupied any building or portion thereof which has been ordered vacated until approval of such occupancy is reinstated by the Building Official. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.20.060 Substandard buildings—Posting of placard on vacated building.

A. Each such building ordered vacated shall be locked and otherwise secured against ingress, and the Department of Community Development shall post thereon a placard stating:

SUBSTANDARD BUILDING

Do Not Occupy
By Order of
Department of Community Development
City of Long Beach

This building has been ordered vacated and it is a misdemeanor to occupy this building. It is a misdemeanor to remove this placard. Sections 18.20.010 through 18.20.060 of the Long Beach Municipal Code.

B. Notice of such posting and a copy of the posted notice shall be served on the owner by certified mail at the time of posting. Notice of the posting sent to the owner shall inform the owner that the owner shall rehabilitate, remove, or demolish the building within sixty (60) days of the order to vacate. No person other than a representative of the Department shall remove such a placard from any building where it has been officially posted.

C. If the building is not removed or demolished on or before the expiration of the time specified in the notice to the owner, the Building Official shall cause such building to be thoroughly inspected and shall make a written report or record of his or her findings with respect thereto.

D. If the rehabilitation, removal or demolition has not been accomplished within the above mentioned sixty (60) day period, then the Building Official may take any action authorized by law to rehabilitate, remove, or demolish the building.

E. None of these provisions limit or supersede the City's authority to use summary abatement where authorized by law. (ORD-26-0004 § 11, 2026; ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.20.070 Nonconforming buildings—Notice to comply or vacate.

Whenever any building or portion thereof is being maintained, occupied or used contrary to the provisions of this title or municipal code, the Building Official shall order such unlawful use, occupancy or maintenance to be discontinued by a date certain. If the maintenance, occupancy or use of any such building or portion thereof is not made to comply with the requirements of this title within the time set forth in the aforesaid order, the Building Official may order that the building, or the portion thereof in which any such violation occurs, be vacated. Such vacation shall be immediate but shall be subject to appeal in accordance with the provisions of this chapter. No person shall use or occupy such building or portion of building so vacated until such unlawful use, occupancy or maintenance has been discontinued and approval obtained from the Building Official for reinstatement of the occupancy. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.20.080 Dangerous buildings or conditions—Correction proceedings.

Whenever the Building Official determines by inspection that any building or structure, or portion thereof, is dangerous as defined in Section 18.02.020, he or she shall institute proceedings to correct such dangerous conditions. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.20.090 Dangerous buildings or conditions—Inspection.

A. The Building Official, the Building Official's designee, and the members of the Board of Examiners, Appeals and Condemnation shall have the right of reasonable inspection of any building for the purpose of determining the condition thereof. No person shall refuse or interfere with such inspection by any such official.

B. For the purpose of such inspection, the Building Official may order any structural member or portion of the structural frame of any building, whether such building is already erected, or is in course of construction, to be exposed whenever he or she has reasonable grounds for believing that such structural member or frame is in an unsafe condition or does not conform to the requirements of this chapter. No owner, reputed owner or person having custody, control or management or in charge of maintenance, occupancy or use of such building who is served with such an order shall fail or refuse to forthwith fully uncover or expose the portion of the structural frame or structural member as required by such order. (ORD-26-0004 § 12, 2026; ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.20.100 Dangerous buildings or conditions—Abatement proceedings.

All buildings or portions thereof which are determined to be dangerous as defined in Section 18.02.020 are public nuisances and shall be abated under the procedures set forth in this chapter for abatement of nuisances. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.20.110 Dangerous buildings or conditions—Summary abatement.

Where necessary in the opinion of the Building Official to protect life or property from an acutely dangerous condition, the Building Official may take emergency action to abate the hazard by

City forces as provided in this chapter or may order the building immediately vacated, posted unsafe, barricaded, utilities disconnected, or other appropriate protective remedy. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.20.120 Inspection of buildings—Report.

If the building is not demolished, the substandard conditions not corrected, or the nuisance not otherwise abated on or before the expiration of the time specified in the posted notice, the Building Official shall cause such building to be thoroughly inspected and shall make a written report or record of his or her findings with respect thereto. The report shall be maintained by the Department. A hearing before the Board of Examiners, Appeals and Condemnation shall be conducted only upon timely filing of an appeal by the owner or other interested party, in accordance with this chapter. (ORD-26-0004 § 13, 2026; ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.20.130 Appeal to Board of Examiners, Appeals and Condemnation.

A. Any owner or other interested party may appeal a determination by the Building Official that a building or structure is substandard or constitutes a public nuisance by filing a written appeal with the Building Official within thirty (30) days after service of the notice of determination. An appeal filed pursuant to this section shall be in writing and shall identify the subject property, the appellant and the nature of the appellant's interest, state that the determination is being appealed, provide the basis for the appeal, and provide an address for service of notices related to the appeal. A timely appeal shall not be deemed invalid for failure to include technical or legal argument and may be supplemented prior to or at the hearing.

B. Upon the timely filing of an appeal by the owner or other interested party, the Board of Examiners, Appeals and Condemnation shall conduct a hearing for the purpose of reviewing the findings of the Building Official. The Board may conduct an independent investigation into the facts of such matter and the members thereof, or their authorized representatives, may inspect any building or structure involved therein.

C. Upon receipt of a timely appeal, notice of the time and place of the hearing shall be given by the Department to the appellant and any other persons entitled to notice under this chapter. The notice must be served at least ten (10) days prior to the date fixed for such hearing.

D. Any person claiming an interest in the building which is the subject of the hearing may appear before the Board and object to the determination of the Building Official. The Board shall take such evidence as may be necessary to determine whether the building or structure is substandard or is a public nuisance. Upon or after the conclusion of the hearing, the Board shall determine whether the building or structure is substandard or a nuisance and what alterations or repairs, if any, could be made in order to correct the substandard conditions or to abate the nuisance, or whether the total demolition thereof is required. The Board may establish a time not to exceed sixty (60) days of the Board's decision, within which such repairs, alterations, or demolition shall be completed, unless the Board makes a determination that the sixty (60) day timeframe would result in a substantial hardship to the owner; upon such a determination, the Board may grant a time not to exceed one hundred twenty (120) days within which such repairs, alterations, or demolition shall be completed.

E. Following the hearing, the Board shall make written findings of its determination. The Department shall cause a copy of those findings to be served upon the appellant by first class mail, certified mail, personal service, or other equivalent process. The time for completion of repairs or alterations, or the demolition of the building or structure, shall commence to run on the date such findings are caused to be sent to the appellant, whether personally delivered, posted, mailed, or other equivalent process. Simultaneously with ser-

vice of such written findings, a copy of the findings shall be filed in the office of the Building Official.

F. The decision of the Board of Examiners, Appeals and Condemnation shall be final and conclusive.

G. The timely filing of an appeal pursuant to this section shall stay the time period for commencement or completion of repairs or abatement set forth in the notice of determination issued by the Building Official. Upon issuance of a decision by the Board of Examiners, Appeals and Condemnation, the time period for compliance shall be as established by the Board pursuant to subsection (D) of this section, and shall supersede any prior compliance deadline. (ORD-26-0004 § 14, 2026; ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.20.140 Reserved.

Editor's note—ORD-26-0004 § 30, adopted Feb. 3, 2026, repealed § 18.20.140 entitled "Appeals to City Council," which derived from: ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; and ORD-16-0026 § 1(Exh. A), 2016.

18.20.150 Demolition or repairs by City—Expense liability.

A. Within the limitations of the budget, the Building Official may cause any building, structure, or part thereof to be demolished, altered or repaired, at City expense. This authority applies where the building, structure, or part thereof has not been demolished, altered, or repaired within the time established by the Building Official, or, if applicable, within the time established by the Board of Examiners, Appeals and Condemnation following an appeal.

All expenses incurred by the Building Official on behalf of the City in connection with such work, including the applicable processing costs as set forth in the schedule of fees and charges established by City Council resolution and incidental enforcement costs shall become an indebtedness of the owner of the building or structure. A lien shall attach to the parcel of real property upon which the building is located and shall remain until either:

1. Payment is in full costs of correction or abatement, fees, and accrued interest and penalties, if any, has been made; or

2. The order requiring correction of substandard conditions or abatement is reversed by a final judgment of a court of competent jurisdiction.

B. Any person having the legal right to do so may repair or demolish a substandard building prior to such action by the City, but if the work is performed after the deadline established by the Board of Examiners, Appeals and Condemnation, the appropriate processing and other costs incurred by the City in preparing to do the work and all incidental enforcement costs are chargeable to the property. (ORD-26-0004 § 15, 2026; ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.20.160 Service of notices and orders.

A. All notices and orders provided for by this chapter shall be in writing, shall state in general terms the conditions of the building or structure that are unsafe or dangerous, or in what manner it is substandard, or in what manner it constitutes a public nuisance, and the minimum requirements for its correction, or total costs that will be charged to the owner of the property. Service of such order shall be upon the owner thereof or upon the person causing or permitting the condition to exist, or the person having the custody, control, maintenance, occupancy, use or management of the building, and upon any lessee or mortgagee thereof if shown on the official records of the county, by delivering the same to either of said persons or their agents in charge of the building. As an alternate method of such service, such notice may be served by certified United States mail with return receipt requested, or by any substantially equivalent process. Service by this method shall be deemed complete upon deposit of such notice in the United States mail with prepaid postage affixed, or upon deposit with any substantially equivalent delivery

service. If, after reasonable diligence, either the identity of the owner thereof cannot be ascertained or such owner cannot be located, then such order shall be posted in one or more conspicuous places upon or near the entrance to the building.

B. Whenever the Building Official posts such a notice upon the property, it shall be posted at one (1) or more conspicuous places upon the building and shall be in substantially the following form:

NOTICE

To all persons owning or claiming any interest in this building:

You are notified that the Building Official of the City of Long Beach has determined that this building is (insert substandard or a nuisance) by reason of the following facts:

Pursuant to the provisions of the building regulations of the Long Beach Municipal Code, this building is substandard and/or constitutes a public nuisance, and the owner or owners of said building are hereby directed to correct deficiencies therein or to abate a nuisance existing therein or thereon. Further information regarding the facts may be obtained at the office of the Community Development Department of the City of Long Beach.

Unless this building is (how to be corrected or demolished) in the manner hereinabove specified, on or before the ____ day of _____20____, the Building Official of the City of Long Beach may cause such work to be done for and on behalf of the owner of said building, and all expenses incurred by the City for such work will be charged to, and become an indebtedness of, the owner or owners of said building to the City of Long Beach, and will become a lien against the real property on which such building is situated.

This notice does not constitute an order to vacate the building unless and until such an order is separately issued pursuant to this chapter.

Dated and posted this ____day of _____20____.

Building Official, City of Long Beach

C. No more than five (5) days after the notice is posted on the building, an additional copy of such notice shall be served in the manner provided in this chapter, upon the persons identified in subsection A of this section.

D. No owner or other person causing or permitting such condition to exist shall fail or refuse, after delivery or posting of such order, to correct such condition in accordance with the requirements of the order. (ORD-26-0004 § 16, 2026; ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.20.170 Extensions of time to perform work.

Any time limit prescribed in this chapter for the performance of an act by an occupant, owner, or the building official may for good cause be extended by the Building Official. The failure to require the performance of any act within the time prescribed by this chapter shall not affect the validity of any order issued thereafter. (ORD-26-0004 § 17, 2026; ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.20.180 Owner's responsibility for enforcement costs.

A. "Enforcement costs" include all costs incurred by the City in enforcing this chapter, including but not limited to:

1. the actual costs incurred by the City to correct or abate substandard conditions or nuisances, including demolition, repair, labor, materials, equipment, contractor services, and City staff time spent performing direct abatement work; and

2. incidental enforcement costs, including investigation, inspections, title searches, preparation and service of notices, administrative processing, and related staff time.

Enforcement costs do not include fees or charges adopted by resolution of the City Council and set forth in the City's schedule of fees and charges, which shall be assessed separately and are not subject to appeal under this chapter.

B. If the substandard conditions have not been corrected or the nuisance abated by the owner within the time frame established by the Building Official, as such time frame may be extended by the Building Official or modified on appeal to the Board of Examiners, Appeals and Condemnation, all enforcement costs incurred by the City in connection therewith shall be charged to and become an indebtedness of the owner of such property, except as provided below, whether or not the work is later performed by the City, by the owner, or by others. Incidental enforcement costs shall not be charged to, nor become an indebtedness of, a property owner who is the head of a low-income household (defined to be a household earning less than eighty percent of the county median income). (ORD-26-0004 § 18, 2026; ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.20.190 Notice of enforcement costs.

When a building has been demolished, altered or repaired by the Building Official at City expense as authorized by Section 18.20.150, or when the owner is responsible for incidental enforcement costs as provided by Section 18.20.180, the Building Official shall prepare a statement showing the costs thereof. The Building Official shall thereupon give notice of the amount of such enforcement costs in the same manner as elsewhere provided in this chapter for service of notices. (ORD-26-0004 § 19, 2026; ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

Editor's note—Prior to the inclusion of ORD-26-0004, § 18.20.190 was entitled "Abatement charges," as herein set out above.

18.20.200 Hearing on reasonableness of enforcement costs.

Within thirty (30) days from the date of service of a notice of enforcement costs, the property owner, or any other interested person, may file a written request for a hearing to contest the reasonableness of the enforcement costs incurred by the City. The request shall identify the subject property, state the basis for the objection, and provide an address for service of notices related to the hearing.

Upon receipt of a timely request, the matter shall be set for hearing before the Board of Examiners, Appeals and Condemnation for hearing at its next regularly held meeting that is not less than ten (10) days thereafter. Notice of the hearing shall be provided in the manner specified in this chapter.

The scope of the hearing shall be limited to the reasonableness of the enforcement costs and shall not include review of any fees, fines, penalties, or the underlying determination of substandard conditions or nuisance.

At the time set for such hearing, the Board of Examiners, Appeals and Condemnation shall hear all evidence pertinent to the reasonableness of such charges and shall then either confirm or modify the enforcement costs. The decision of the Board of Examiners, Appeals and Condemnation thereon shall be final. (ORD-26-0004 § 20, 2026; ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.20.210 Interest on charges.

If the amount of the enforcement costs, as determined by the Board of Examiners, Appeals and Condemnation has not been paid within thirty (30) days after the date of hearing, the payment thereof shall thereupon become delinquent and the amount so determined shall thereafter bear interest at the rate of twelve percent (12%) until paid, as determined by the tax collector. If no hearing is demanded as to the reasonableness of the enforcement costs, the payment thereafter shall become delinquent sixty (60) days after notice of the charges for abatement is served by the Building Official; and such amount shall thereafter bear interest at the rate of twelve percent (12%) until paid, as determined by the tax collector. (ORD-26-0004 § 21, 2026; ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.20.220 Transfer of collection.

The Building Official shall certify a list of all delinquent charges for correction of substandard conditions or nuisance abatement to the tax collector. Each parcel of property shall be described sufficiently to identify it in accordance with the records of the tax collector. The amount of the charges including such interest as has accrued after the delinquent date to July 1 of the year shall be set forth opposite the description by the tax collector. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.20.230 Method of collection.

Upon receipt of the list the tax collector shall enter the charges shown thereon for each parcel of property upon the current tax roll and shall proceed to collect the charges in the same manner as municipal ad valorem taxes, and penalties and interest for nonpayment thereafter shall attach as though the amounts were ad valorem taxes; provided, however, that no receipt for payment of ad valorem taxes appearing upon the tax roll as against a particular parcel shall be issued unless all such charges for collection of substandard conditions or nuisance abatement, and penalties thereon, entered upon that tax roll against the lot are first paid in full. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.20.240 Tax-sold property.

Upon the sale of any lot to the City for nonpayment of taxes, all charges for correction of substandard conditions or nuisance abatement for the parcel appearing upon the tax roll, together with the penalties thereon, shall be added to and become a part of the same delinquent tax record. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.20.250 Tax-sold property—Redemptions.

No certificate of redemption from sale for delinquent taxes shall be issued until all charges for correction or substandard conditions and nuisance abatement, and penalties entered on the delinquent tax records against the property involved, have first been paid in full. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.20.260 Error correction—Assessment cancellation.

A. The Building Official may, prior to certifying any such unpaid charges to the tax collector, correct any errors with respect to such taxes appearing upon his or her records.

B. After such taxes have been certified to the tax collector, the Council, by order entered on its minutes, may cancel any charges for correction of substandard conditions or nuisance abatement, or penalty, or any portion of either thereof, appearing on the tax records, which, because of error, is charged against the wrong property, or which has been paid but such payment has not been recorded upon the tax records, or which is based upon a clerical error in such records, or which was charged against property acquired subsequent to the lien date by the United States, by the State, or any city, or any school district or other political subdivision and, because of this public ownership, not subject to sale for delinquent assessments. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.20.270 Refunds.

Any charge for correction of substandard conditions or for nuisance abatement or penalty, or portion of either thereof, which is paid as the result of an erroneous assessment upon the wrong property, or which is paid more than once, or which is based upon a clerical error appearing in the tax records, may be refunded by the Council to the person entitled thereto; provided, however, that such refunds shall only be made upon the written application of the person entitled thereto, which must be filed with the City Clerk not later than one year after the date the erroneous pay-

ment was made. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.20.280 Notice to secure structure.

When any unoccupied building or structure is not properly secured, locked or closed, and is accessible to juveniles, transients and/or uninvited occupants, it shall be deemed to constitute an immediate health, fire or safety hazard, and the Building Official determines that the hazard is such as to require immediate closure, he shall serve the record owner and the person having control of such building or structure with notice to secure or close the same forthwith so as to prevent unauthorized persons from gaining access thereto. Notice shall be served as provided in this chapter and shall state that if the required work is not performed within forty-eight (48) hours after service of the notice, the City will perform such work and all expenses incurred by the City including, but not limited to, incidental processing and enforcement costs shall become an indebtedness of the owner and a lien on the property. Collection of such charges shall be accomplished in accordance with this title and Chapter 8.56. (ORD-26-0004 § 22, 2026; ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.20.290 Emergency hazard abatement.

A. Abatement. When any condition of a building, structure, or property constitutes such a threat to life, limb, or property that it must be secured, closed, barricaded, demolished, or otherwise abated, as determined by the Building Official, Director of Public Works, the Health Official or their designees, the City may summarily secure, close, barricade, demolish or otherwise abate such building or structure without prior notice to the property owner. All costs incurred by the City in abating the hazard shall be borne by the property owner and failure to receive prior notice shall not affect or relieve the property owner's obligation for payment of such costs.

B. Notification. Notice of the Emergency Hazard Abatement shall be posted and a copy of the posted notice shall be served on the property owner by certified mail at the time of posting. (ORD-26-0004 § 23, 2026; ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.20.300 Criminal prosecution.

Pursuant to Section 1.32.010, any violation of the provisions of Title 18 is a misdemeanor, and the notice, hearing, appeal and other administrative procedures contained in Title 18 shall not be a condition precedent to any criminal prosecutions. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

CHAPTER 18.21 MAINTENANCE OF LONG-TERM BOARDED AND VACATED BUILDINGS

18.21.010 Purposes and definitions.

A. Purpose. Vacant buildings are a major cause and source of blight in both residential and non-residential neighborhoods, especially when the owner of the building fails to actively maintain and manage the building to ensure that it does not become a liability to the neighborhood. Vacant buildings (whether or not those buildings are boarded), substandard or unkempt buildings, and long-term vacancies discourage economic development and retard appreciation of property values. It is the responsibility of property ownership to prevent owned property from becoming a burden to the neighborhood and community and a threat to the public health, safety, or welfare. One vacant building which is not actively and well maintained and managed can be the core and cause of spreading blight.

B. Definitions. For the purposes of this chapter, the term "boarded building" shall mean a building whose doors, windows, and openings that have been covered for the purpose of preventing entry

into the building by persons or animals. (ORD-26-0004 § 24, 2026; ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.21.020 Owner responsibilities.

A. No person shall allow a building or structure designed for human, industrial, or commercial use, or occupancy to stand vacant for more than thirty (30) days unless one of the following applies:

1. The building is the subject of an active building permit for repair or rehabilitation, or a permit for demolition, and the owner is progressing diligently to complete the repair or rehabilitation;

2. The building meets all applicable codes, does not contribute to blight, is ready for occupancy and is actively being offered for sale, lease, or rent;

3. The Building Official or designee determines that the building does not contribute to, and is not likely to contribute to, blight because the owner is actively maintaining and monitoring the building so that it does not contribute to blight. Active maintenance and monitoring shall include:

a. Maintenance and appropriate watering and care of landscaping and plant materials,

b. Maintenance of the exterior of the building, including, but not limited to, paint and finishes, in good condition,

c. Regular removal of all trash, debris and graffiti,

d. Maintenance of the building or structure in continuing compliance with all applicable codes and regulations,

e. Prevention of criminal activity on the premises, including, but not limited to, use and sale of controlled substances, prostitution, or other criminal street gang activity.

B. "Vacant Building" means any building or structure, or any portion thereof, including but not limited to units, storefronts, and other commercial spaces, which, in the determination of the Building Official, is either:

1. without a lawful resident or occupant;

2. not being put to a permitted lawful use and which:

a. is unsecured;

b. is secured by boarding or other similar means;

c. is a dangerous structure; or

d. has two (2) or more City municipal code violations.

C. The owner of any vacant or boarded building or structure, whether boarded by voluntary action of the owner or as a result of enforcement activity by the City, shall cause the boarded or vacant building to be rehabilitated for occupancy within sixty (60) days after the building or structure is boarded or becomes unoccupied. (ORD-26-0004 § 25, 2026; ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.21.030 Monitoring program—Purpose.

A. Vacant buildings are a major cause and source of blight in residential and nonresidential neighborhoods, especially when the owner of the building fails to maintain and manage the building to ensure that it does not become a liability to the neighborhood. Vacant buildings often attract transients and criminals, including drug users. Use of vacant buildings by transients and criminals, who may employ primitive cooking or heating methods, creates a risk of fire for the vacant buildings and adjacent properties. Vacant properties are often used as dumping grounds for junk and debris and are often overgrown with weeds and grass. Vacant buildings which are boarded up to prevent entry by transients and other long-term vacancies discourage economic development and retard appreciation of property values.

B. Because of the potential economic and public health, welfare and safety problems caused by vacant buildings, the City needs to monitor vacant buildings, so that they do not become attractive nuisances, are not used by trespassers, are properly maintained both inside and out, and do not become a blighting influence in the neighborhood. City Departments involved in such moni-

toring include the Police, Fire, Health, and Community Development Departments. There is a substantial cost to the City for monitoring vacant buildings (whether or not those buildings are boarded up) which should be borne by the owners of the vacant buildings. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.21.040 Monitoring program—Department responsibility and fees.

A. Purpose. The Building Official or designee shall be responsible for administering a program for identifying and monitoring the maintenance of all vacant buildings or structures in the City.

B. Purposes. The purposes of the monitoring program shall be:

1. To identify buildings that become vacant;

2. To order vacant buildings that are open and accessible to be secured against unlawful entry per Long Beach Municipal Code Section 18.20.280;

3. To initiate proceedings against any vacant or boarded building or structure found to be substandard as defined in this title; and

4. To maintain surveillance over vacant or boarded buildings so that timely code enforcement proceedings are commenced in the event a building becomes substandard or a public nuisance.

C. Notice of vacant building.

1. Upon discovery of a potential vacant building by a code enforcement officer or receipt of a complaint about a vacant or boarded building from any source, the City may cause an inspection of the property in order to determine if the building or structure should be classified as a vacant building;

2. If the City determines that a building or portion of a building may be classified as a vacant building under this chapter, the City shall ascertain the identity of, and contact the owner or agent of the owner, and advise the owner in writing that the building or structure is vacant and that the following measures need to be taken by the owner:

a. Immediate measures to temporarily secure the building or structure from unauthorized entry,

b. Measures to permanently secure the building during the period of time that the building or structure remains vacant,

c. The posting of a sign or signs on the property in a conspicuous place, as determined by the City, which sign(s) shall notify the public of the owners or authorized agents' name and address and an emergency contact telephone number;

3. If the City determines that a building or structure is vacant it shall cause a "Notice of Vacant Building" to be recorded against the title of the property, which notice shall make reference to the provisions of this chapter and disclose that administrative penalties and costs may likewise be assessed against the owner and property as a result of the building or structure remaining in a vacant condition;

4. If the owner fails to take immediate measures to temporarily or permanently secure the building from unauthorized entry, the vacant building shall constitute a nuisance and the City may, without further notice, and by any lawful means, abate the nuisance. In this event, the owner shall be liable for the costs incurred by the City for inspections or to secure the building or structure, including costs incurred to ascertain ownership of the property and obtaining title information, preparing notices, and any and all administrative costs together with actual labor or material cost or expense incurred by the City to secure the building or structure or otherwise abate the nuisance. If the owner does not reimburse the City within thirty (30) days of being billed therefore, the City may file a lien against the property for all of the expenses incurred by the City.

D. Optional vacant building plan and timetable.

1. If the owner of a vacant building files a vacant building plan and timetable with the City not later than seven (7) days after the owner or

agent of the owner receives written notice pursuant to Subsection 18.21.040.C, the City is authorized to:

a. Suspend the processing of any citation or other remedy for violation of this chapter,

b. Extend the period of time in which the owner of a vacant building must secure the building.

2. The vacant building plan and timetable must be submitted on forms prepared by the City and must include, at a minimum, the following information:

a. A description of the premises, including the address thereof,

b. The names, addresses, and telephone numbers of all owners with a right of control over the vacant building or structure,

c. The names and addresses of all known lien holders and all other parties with an ownership interest in the vacant building or structure,

d. The name, address and telephone number of the owner's property manager or agent, and whether the property manager or agent has the authority to independently act on the owner's behalf to repair or maintain the property,

e. The period of time the building is expected to remain vacant,

f. If the owner plans on demolishing the building, the date the building is scheduled for demolition, and whether or not a permit has been issued for said demolition,

g. If the owner plans on returning the building to a lawful occupancy and use, the estimated date for returning the building to a lawful occupancy or use, and whether or not a permit has been issued to return the vacant building to a lawful occupancy or use,

h. A plan for regular inspection and maintenance of the building during the period of vacancy,

i. Measures the owner will employ to secure the building to prevent access by trespassers. One of the following methods must be used to secure the building as specified in the discretion of the City:

i. Installation of adequate windows and doors, or window and door coverings,

ii. Installation and maintenance of adequate locks for windows and doors,

iii. Installation of boards on windows and doors or security screening to the satisfaction of the City,

iv. Employment of security officers to the satisfaction of the City,

v. Installation, operation, and monitoring of an electronic security system, which monitors doors and windows by glass breakage or motion sensors, and a method of responding to alarms from the electronic security system, other than sole reliance on the City's Police Department,

vi. Any other methods as specified by the City.

j. Measures the owner will employ to monitor and inspect the property on a weekly basis. The weekly monitoring and inspection must be performed by the owner, property manager, or agent of the owner with full authority to maintain and make repairs to the property on a weekly basis.

3. The plan and timetable submitted by the owner or agent of the owner must be approved by the City. Any and all repairs required to affect the plan and timetable shall comply with all applicable City of Long Beach ordinances, codes and regulations. The owner shall be required to notify the City in writing of any changes in information supplied as part of Section 13.30.050, within ten (10) days of the change;

4. During the period of time that the vacant building plan and timetable are in effect, the owner shall be responsible for paying to the City the monthly monitoring fee as said fee is established, and from time to time amended, in accordance with a duly adopted resolution of the City Council;

5. In the event that the owner fails to comply with the vacant building plan and timetable, the City shall so notify the owner or authorized agent and shall thereafter institute appropriate administrative, civil or other legal action to secure compliance with this chapter.

E. Monitoring fee imposed. Any vacant or boarded building or structure as defined in this chapter shall be subject to a monthly monitoring

fee, to recover the City's regulatory costs to monitor the status of the vacant or boarded building. The monthly monitoring fee shall be set by resolution of the City Council. The monitoring fee shall be applicable until such time as the building or structure is no longer vacant or boarded, and shall likewise be applicable even when a vacant building plan and timetable is in effect. The monitoring fee shall be imposed upon the initial determination that the building is vacant. The fee shall thereafter be imposed in each thirty (30) day period following the imposition of the initial monitoring fee, to be billed to the owner on a quarterly basis until such time as the building or structure is no longer vacant or boarded.

F. Code enforcement response fee. In addition to the monthly monitoring fee imposed pursuant to this section, the City also establishes a further and separate enforcement response fee for actual costs incurred by the City to respond to or abate substandard or blighted conditions existing in or about the property upon which the boarded or vacant building or structure is located. Such costs shall include, but not be limited to, personnel costs involved with inspecting or responding to calls for service at the property, personnel costs involved in abating the substandard or blighted conditions existing on the property, costs of any materials or supplies either purchased or supplied by the City in connection with the abatement of any substandard or blighted condition in or about the property, costs of any contracted services, including the costs of materials, supplies, and labor provided by the City's contractor, if any, costs of procuring title or ownership information concerning or related to the property, as well as any other incidental enforcement costs incurred by the City in connection with remedying the substandard or blighted conditions existing on the property. The amount of the code enforcement response fee shall be established by resolution of the City Council.

G. Procedure. The vacant or boarded building monitoring fee and the code enforcement response fee, if any, shall be billed to the owner of the property and mailed to the owner's address as set forth on the last equalized assessment roll of the county assessor. Said fee or fees and associated administrative costs shall be charged to and become an indebtedness of the owner of the property.

H. If the monthly monitoring or code enforcement response fees or associated administrative costs and expenses are not paid within thirty (30) days after billing, then the fee or costs may be specially assessed against the property involved. If the fees or costs are specially assessed against the property, said assessment may be collected at the same time and in the same manner as ordinary real property taxes are collected and shall be subject to the same penalties and the same procedure and sale in case of delinquency as provided for ordinary real property taxes. All laws applicable to the levy, collection, and enforcement of real property taxes are applicable to the special assessment.

I. The City may also cause a notice of lien to be recorded against the property. The notice shall, at a minimum, identify the record owner or possessor of the property, set forth the last known address of the record owner or possessor, a description of the real property subject to the lien, and the amount of the fee or costs assessed against the property.

J. Hearing on charges. Within thirty (30) days from the date that the property owner is mailed a notice regarding the imposition of either monthly monitoring fees or code enforcement response fees or charges, the property owner may demand a hearing as to the reasonableness of the fees or charges imposed. Such demand shall be in writing and presented to the Director of Community Development for the City of Long Beach. Said demand shall describe the property involved, state the reasons for objecting, and include an address of the property owner for service of notice in connection with such hearing. Such demand shall be presented by the City to the Board of Examiners, Appeals and Condemnation for hearing at its next regularly scheduled meeting that is not less than ten (10) and not more than forty-five (45) days thereafter. The Director of Community Development shall give written notice of such hearing to the address furnished by the property owner

in the demand for an appeal hearing. At the time set for such hearing, the Board of Examiners, Appeals and Condemnation shall hear all evidence pertinent to the reasonableness of such fees and charges and shall either confirm or modify the charges. The decision of the Board of Examiners, Appeals and Condemnation shall be final. If the amount of the charges is uncontested by the property owner or as set by the Board of Examiners, Appeals and Condemnation on appeal, has not been paid within thirty (30) days after imposition or appeal hearing whichever is later, the payment thereof shall thereupon become delinquent and the amount so imposed or determined shall thereafter bear interest at the rate of twelve percent (12%) per annum until paid, as determined by the tax collector. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.21.050 Civil remedy.

A. Penalty.

1. Any owner of a vacant or boarded building which remains boarded in violation of Subsection 18.21.020.B or any owner of a building which remains vacant or boarded in violation of Subsection 18.21.020.A shall be liable for an administrative penalty in an amount not to exceed one thousand dollars ($1,000.00) per calendar year per building.

2. A second or subsequent administrative penalty imposed upon any owner pursuant to this section shall be in an amount not to exceed five thousand dollars ($5,000.00).

B. Procedure.

1. The administrative penalty shall be imposed by the Board of Examiners, Appeals and Condemnation upon the recommendation of the Building Official or designee and after the owner shall have been afforded a hearing before the Board of Examiners, Appeals and Condemnation. The hearing shall be conducted in accord with the provisions of Chapter 18.10 and Chapter 18.20. In setting the penalty, the Board shall consider the severity of the blighting conditions on the property and the owner's efforts, or lack thereof, to remedy the problem. The decision of the Board shall be final.

2. The administrative penalty shall be due and payable within thirty (30) days after the decision of the Board. If the penalty is not paid within forty-five (45) days after the decision of the Board, the penalty shall become a personal indebtedness or obligation of the property owner or it may be specially assessed against the property involved. If the property is specially assessed said assessment may be collected at the same time and in the same manner as ordinary real property taxes are collected and shall be subject to the same penalties and the same procedure and sale in case of delinquency as provided for ordinary real property taxes. All laws applicable to the levy, collection, and enforcement of real property taxes are applicable to the special assessment.

3. The City may also cause a notice of lien to be recorded against the property. The notice shall, at a minimum, identify the record owner or possessor of the property and set forth the last known address of the record owner or possessor, the date on which the penalty was imposed, a description of the real property subject to the lien, and the amount of the penalty or costs assessed against the property. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

CHAPTER 18.24 FORECLOSURE REGISTRY PROGRAM

18.24.010 Purpose.

It is the intent of the City Council, through the adoption of this chapter, to establish a mechanism to protect residential neighborhoods from becoming blighted through the lack of adequate maintenance and security of vacant, abandoned or foreclosed upon residential real properties; to establish a vacant, abandoned or foreclosed upon residential property registration program and to set forth guidelines for the maintenance of vacant, aban-

doned or foreclosed upon residential real properties. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.24.020 Definitions.

Certain words and phrases in this chapter are defined, when used herein, as follows:

"Abandoned." Any residential building, structure or real property that is vacant or occupied by a person without a legal right of occupancy, and subject to a current Notice of Default and/or Notice of Trustee's Sale, pending Tax Assessor's Lien Sale and/or any residential real property conveyed via a foreclosure sale resulting in the acquisition of Title by an interested beneficiary of a deed of trust, and/or any residential real property conveyed via a deed in lieu of foreclosure sale.

"Accessible Property." Residential real property that is accessible to the public, either in general, or through an open and unsecured door, window, gate, fence, wall, or the like.

"Agreement." Any written instrument that transfers or conveys Title to residential real property from one owner to another after a sale, trade, transfer or exchange.

"Assignment of Rents." An instrument that transfers the beneficial interest under a deed of trust from one lender or entity to another.

"Beneficiary." A lender participating in a residential real property transaction that holds a secured interest in the residential real property in question identified in a deed of trust.

"Buyer." Any person, partnership, association, corporation, fiduciary or other legal entity that agrees to transfer anything of value in consideration for residential real property via an "agreement" as that term is defined in this Section.

"Dangerous Building." Any residential building or structure reasonably deemed by qualified City staff to represent a violation of any provision specified in Section 18.02.020.

"Days." Calendar days.

"Deed in Lieu of Foreclosure." A recorded instrument that transfers ownership of real property between parties to a particular deed of trust as follows - from the trustor (i.e., borrower), to the trustee upon consent of the beneficiary (i.e., lender).

"Deed of Trust." An instrument whereby an owner of residential real property, as trustor, transfers a secured interest in the real property in question to a third party trustee, said instrument relating to a loan issued in the context of a real property transaction. This definition applies to any and all subordinate deeds of trusts including, but not limited to a second trust deed or third trust deed.

"Default." The material breach of a legal or contractual duty arising from or relating to a deed of trust, such as a trustor's failure to make payment when due.

"Distressed." Any residential building, structure or real property that is subject to a current Notice of Default and/or Notice of Trustee's Sale, pending Tax Assessors Lien Sale and/or any residential real property conveyed via a foreclosure sale resulting in the acquisition of Title by an interested beneficiary of a deed of trust, and/or any residential real property conveyed via a deed in lieu of foreclosure/sale, regardless of vacancy or occupancy by a person with no legal right of occupancy.

"Enforcement Official." The City Manager, the Director of Community Development, and/or any employee or agency of the City of Long Beach designated and/or charged with enforcing the Long Beach Municipal Code, including, but not limited to, applicable codes adopted by reference therein.

"Evidence of Vacancy." Any residential real property condition that independently, or in the context of the totality of circumstances relevant to that real property, would lead a reasonable enforcement official to believe that a property is vacant or occupied by a person without a legal right of occupancy. Such real property conditions include, but are not limited to: overgrown or dead vegetation; accumulation of newspapers, circulars, flyers or mail; past due utility notices or disconnected utilities; accumulation of trash, junk or debris; the absence of window coverings such as curtains, blinds or shutters; the absence of furnishings or personal items consistent with residential

habitation; and/or statements by neighbors, passersby, delivery agents, or government employees that the property is vacant.

"Foreclosure." The process by which real property subject to a deed of trust is sold to satisfy the debt of a defaulting trustor (i.e., borrower).

"Local." Within forty (40) road or driving miles distance from the subject building, structure or real property in question.

"Neighborhood Standard." The condition of residential real property that prevails in and through the neighborhood where an abandoned building, structure or real property is located. When determining the neighborhood standard no abandoned or distressed building, structure or real property shall be considered.

"Notice of Default." A recorded instrument that reflects and provides notice that a default has taken place with respect to a deed of trust, and that a beneficiary intends to proceed with a trustee's sale.

"Out of Area." In excess of forty (40) road or driving miles of the subject property.

"Owner." Any person, partnership, association, corporation, fiduciary or other legal entity having recorded Title to the property as reflected in the official records of the County Recorder of Los Angeles County.

"Owner of Record." The person holding recorded Title to the residential real property in question at any point in time when Official Records are produced by the Los Angeles County Registrar/Recorder's office.

"Property." Any unimproved or improved residential real property, or portion thereof, situated in the City of Long Beach, including buildings or structures located on said real property, regardless of condition.

"Residential Building." Any improved real property, or portion thereof, designed or permitted to be used for dwelling purposes, including buildings and structures located on such improved real property. This includes any real property being offered under any circumstances for sale, trade, transfer, or exchange as "residential," whether or not said property is legally permitted and zoned for such use.

"Securing." Such measures as may be directed by a code enforcement official that assist in rendering real property inaccessible to unauthorized persons, including but not limited to repairing fences and walls, chaining/padlocking gates, the repairing or boarding of doors, windows or other such openings.

"Trustee." Any person, partnership, association, corporation, fiduciary or other legal entity holding a deed of trust securing an interest in real property.

"Trustor." Any owner/borrower identified in a deed of trust, who transfers an interest in real property to a trustee as security for payment of a debt by that owner/trustor.

"Vacant." Any building, structure or real property that is unoccupied or occupied by a person without a legal right of occupancy. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.24.030 Registration.

A. Not later than ten (10) days after recording a notice of default on any residential property located in the City of Long Beach which is subject to a deed of trust, the beneficiary, or its trustee, shall register the property with the Community Development Department of the City of Long Beach on forms provided by the City.

B. The registration pursuant to this Section shall be renewed annually until such time as:

1. The foreclosure process is complete or the notice of default has been rescinded or withdrawn;

2. The Trustor has surrendered the property to the beneficiary as evidenced by either a letter from the trustor addressed to the beneficiary confirming such surrender, or by the trustor's delivery of the keys to the property to the beneficiary or its agent;

3. The beneficiary has obtained possession of the property under Section 1161 or 1161a or 1161b

of the Code of Civil Procedure, as applicable, following completion of the foreclosure proceeding.

If a subsequent notice of default is issued for the same property after being withdrawn or rescinded, the registration requirement set forth in this Section shall be reinstated.

C. The registration pursuant to this Section shall contain the identity of the beneficiary and trustee, the direct mailing address of the beneficiary and trustee and, in the case of a corporate or out of area beneficiary or trustee, the local property management company, if any, responsible for the security, maintenance and marketing of the property in question.

D. An annual registration fee as set by the City Council by resolution shall accompany the submission of each registration form. The fee and registration shall be valid for one (1) year from the date of registration. Registration fees will not be prorated. Subsequent registrations and fees are due January 1st of each year and must be received no later than January 15th of the year due.

E. Any person, partnership, association, corporation, fiduciary or other legal entity that has registered a property under this chapter must make a written report to the City of Long Beach Community Development Department of any change of information contained in the registration form within ten (10) days of the change.

F. The duties/obligations specified in this chapter shall be joint and several among and between all trustees and beneficiaries and their respective agents. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.24.035 Penalty/fine for failure to timely register a property with the City.

A. Notwithstanding any other provision of this chapter or Chapter 9.65 to the contrary, the City may, after fifteen (15) days' written notice to the beneficiary or its trustee, impose a fine/penalty on a beneficiary or its trustee for its failure to timely register a property with the City under this chapter. The amount of such fines and/or penalties shall be established by the City Council by resolution.

B. The imposition of a fine/penalty for failure to register a property shall be in accordance with the provisions and procedures set forth in Chapter 9.65 of the Long Beach Municipal Code: "Administrative Citations and Penalties."

C. Any failure to pay fines or penalties imposed pursuant to this chapter may be remedied by the City in accordance with Section 9.65.140, or any successor section thereto. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.24.040 Maintenance required.

It is declared a public nuisance for any person, partnership, association, corporation, fiduciary or other legal entity, that owns, leases, occupies, controls or manages any property subject to the registration requirement contained in Section 18.24.030, to cause, permit, or maintain any property condition contrary to any provision of this chapter. Consequently, the following maintenance requirements as to any property subject to the registration requirement contained in Section 18.24.030 are adopted:

A. Any property subject to this chapter must comply with the requirements of the Long Beach Municipal Code Chapter 18.20 entitled "Unsafe Buildings or Structures."

B. In addition, the property shall be kept free of weeds, dry brush, dead vegetation, trash, junk, debris, building materials, any accumulation of newspaper, circular, flyers, notices (except those required by federal, State or local law), discarded personal items including, but not limited to, furniture, clothing, large and small appliances, printed material or any other items that give the appearance that the property is abandoned.

C. The property shall be maintained free of graffiti, tagging or similar marking. Any removal or painting over of graffiti shall be with an exterior grade paint that matches the color of the exterior of the structure.

D. Visible front and side yards shall be landscaped and maintained to the neighborhood standard.

E. Landscaping includes, but is not limited to, grass, ground covers, bushes, shrubs, hedges or similar plantings, decorative rock or bark or artificial turf/sod designed specifically for residential installation.

F. Landscaping does not include weeds, gravel, broken concrete, asphalt, plastic sheeting, mulch, indoor-outdoor carpet or any other similar material.

G. Pools and spas shall be kept in working order so that water remains clear and free of pollutants and debris, or alternatively shall be drained and kept dry. In either case, properties with pools and/or spas must comply with the minimum security fencing requirements of the State of California.

H. Adherence to this section does not relieve the beneficiary/trustee or property owner of obligations set forth in any portion of the Long Beach Municipal Code or in any Covenants, Conditions and Restrictions and/or Home Owners Association rules and regulations which may apply to the property.

The sole exception to these maintenance requirements shall, within the sole reasonable discretion of the Director of Community Development or designee, apply to property subject to the registration requirement contained in Section 18.24.030 that is under construction and/or repair, not less than three (3) business days per week, undertaken in compliance with all applicable laws, including, but not limited to, City permitting requirements. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.24.050 Security requirements.

A. Properties subject to this chapter shall be maintained in a secure manner so as not to be accessible to unauthorized persons.

B. Secure manner includes, but is not limited to, closing and locking of windows, doors (walk-through, sliding, and garage), gates and any other opening that may allow access to the interior of the property and/or structure(s). In the case of broken windows, "securing" means reglazing or boarding the window.

C. If the property is owned by a corporation and/or out of area beneficiary/trustee/owner, a local property management company shall be contracted to perform weekly inspections to verify that the requirements of this Section, and any other applicable laws, are being fulfilled.

D. The property shall be posted with the name and twenty-four (24) hour contact phone number of the local property management company. The posting shall be 8-½" x 11" in size, shall be of a font that is legible from a distance of twenty (20) feet, and shall contain the following verbiage: "THIS PROPERTY MANAGED BY _____," and "TO REPORT PROBLEMS OR CONCERNS CALL (name and phone number)."

E. The posting shall be placed on the interior of a window facing the street to the front of the property so it is visible from the street, or secured to the exterior of the building/structure facing the street on the front of the property so it is visible from the street. If no such area exists, the posting shall be on a stake of sufficient size to support the posting, in a location that is visible from the street to the front of the property, and to the extent possible, not readily accessible to potential vandalism. Exterior posting must be constructed of, and printed with weather resistant materials.

F. The local property management company shall inspect the property on a weekly basis to determine if the property is in compliance with the requirement of this chapter. If the property management company determines the property is not in compliance, it is the company's responsibility to bring the property into compliance.

G. The duties/obligations specified in this chapter shall be joint and several among and between all trustees and beneficiaries and their respective agents. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.24.055 Special provisions where property is encumbered with the security interests of multiple beneficiaries.

A. In the event that a property is encumbered by the security interests of more than one (1) beneficiary at the time when a notice of default is recorded, the beneficiary who causes a notice of default for its security interest to be recorded shall be responsible for registering the property with the City as provided in Section 18.24.030.

B. Upon the recordation of a notice of default on a property by any beneficiary, regardless of the security lien interest priority of such beneficiary in the property in relation to the priority of the security interests of the other beneficiaries in the same property, the City, in its discretion may elect to enforce the provisions of this chapter against one or more beneficiaries who have not separately recorded a notice of default against the property. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.24.060 Additional authority.

In addition to the enforcement remedies established in this chapter, the City shall have the authority to require the beneficiary, trustee, owner or owner of record of any property affected by this chapter, to implement additional maintenance and/or security measures including, but not limited to, securing any and all doors, windows or other openings, installing additional security lighting, increasing on-site inspection frequency, employment of an on-site security guard and/or other measures as may be reasonably required to secure and reduce the visual decline of the property. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.24.070 Enforcement.

A. Any violation of this chapter shall be treated as a strict liability offense; a violation shall be deemed to have occurred regardless of a violator's intent. Any person, firm and/or corporation that violates any portion of this chapter including, but not limited to, the registration requirements set forth in Section 18.24.030, the maintenance requirements set forth in Section 18.24.040, and the security requirements set forth in Section 18.24.050 may be subject to administrative enforcement under Chapter 9.65 of the Long Beach Municipal Code. Administrative penalties imposed pursuant to this chapter shall not exceed one hundred thousand dollars ($100,000.00) per property.

B. Any person, partnership, association, corporation, fiduciary or other legal entity, that owns, leases, occupies, controls or manages any property subject to the registration requirement contained in Section 18.24.030, and causes, permits, or maintains a violation of this chapter as to that property, shall be guilty of a misdemeanor, and upon conviction thereof, shall be punished as provided in Chapter 1.32 of the Long Beach Municipal Code.

C. This chapter is intended to be cumulative to, and not in place of, other rights and remedies available to the City pursuant to the Long Beach Municipal Code. The City Attorney or a duly authorized enforcement official may pursue any other right or remedy permitted by the Long Beach Municipal Code, including, but not limited to, commencement of any civil action, or administrative action to abate the condition of a property as a public nuisance. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.24.080 Appeals.

If an administrative citation has been issued pursuant to the provisions of Chapter 9.65 of the Long Beach Municipal Code, then the procedures set forth in Chapter 9.65 shall govern. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.24.090 Alternative monetary penalties.

A. This section is intended to carry out the provisions of Section 2929.3 of the California Civil Code. Nothing in this section shall be inter-

preted or implemented in a manner that is inconsistent with State law. If there is a conflict between the provisions of State law and this section, State law shall control.

B. The City may elect to impose monetary penalties on a legal owner, pursuant to Section 2929.3 of the California Civil Code, if that legal owner fails to maintain vacant residential property that is either purchased at a foreclosure sale or acquired through foreclosure under a mortgage or deed of trust.

For purposes of this section, "fails to maintain" means failing to care for the exterior of the property, including, but not limited to, permitting excess foliage growth that diminishes the value of surrounding properties, failing to take action to prevent trespassers, squatters or other unauthorized persons from remaining on the property, or failing to take action to prevent mosquito larvae from growing in standing water, or other conditions that create a public nuisance.

C. The City may impose a fine of up to one thousand dollars ($1,000.00) per day for each day that the legal owner fails to maintain the property as required by this section, commencing on the day following the expiration of the period to remedy the violation, as established by the City in Subsection D.

1. In determining the amount of the fine, the City shall take into consideration any timely and good faith efforts by the legal owner to remedy the violation.

2. Fines and penalties collected pursuant to this section shall be directed toward local nuisance abatement programs.

3. Pursuant to Section 2929.3 of the California Civil Code, the City may not impose fines on a legal owner under both this Section and any other local ordinance. However, Section 2929.3 of the California Civil Code shall not preempt any local ordinance.

4. Notwithstanding Subsection C.3, the rights and remedies provided in this section are cumulative and in addition to any other rights and remedies provided by law.

D. If the City imposes a fine pursuant to this section, the City shall give notice of the alleged violation to the legal owner. The notice shall include a description of the conditions that gave rise to the alleged violation, and state the City's intent to assess a civil fine if action to correct the violation is not commenced within a period of not less than fourteen (14) days and completed within a period of not less than thirty (30) days.

1. The notice shall be mailed to the address provided in the deed or other instrument as specified in subdivision (a) of Section 27321.5 of the California Government Code, or, if none, to the return address provided on the deed or other instrument.

2. The City may provide less than thirty (30) days' notice to remedy a condition, if the City determines that a specific condition of the property threatens public health or safety and the notice of violation states that there is a threat to public health or safety and lists the required time to correct the violation. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.24.100 Severability.

If any section or provision of this chapter is for any reason held to be invalid or unconstitutional by any court of competent jurisdiction, or contravened by reason of any preemptive legislation, the remaining sections and/or provisions of this chapter shall remain valid. The City Council hereby declares that it would have adopted this chapter, and each section or provision thereof, regardless of the fact that any one or more section(s) or provision(s) may be declared invalid or unconstitutional or contravened via legislation. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

CHAPTER 18.25 TENANT RELOCATION AND CODE ENFORCEMENT

18.25.010 Purpose.

The primary purpose of this chapter is to provide for owner-paid relocation payments and assistance to residential tenants who are displaced due to the City of Long Beach's code enforcement activities. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.25.020 Findings.

This chapter is enacted in recognition of the following facts and for the following reasons:

A. Some residential rental units in the City have been found to have severe code violations that threaten the life and safety of occupants. In some circumstances, the hazardous living conditions have required that tenants vacate the structure to allow for extensive repairs or demolition.

B. These code violations often are caused by negligence, deferred maintenance, or the illegal use of certain structures as dwelling units. These code violations typically constitute a violation of the owner's legal responsibility to the tenants. For example, they may be a breach of the owner's implied warranty of habitability, and could constitute constructive eviction of the tenants from their residence.

C. The difficulty of finding affordable replacement housing and the burden of incurring moving-related expenses creates a financial hardship for tenants, particularly those who are low income. Financial hardship arises because the tenants generally need a large sum of money to relocate, often including first month's rent, security deposits, moving and storage expenses, and utility deposits. Low income tenants are generally unable to obtain the sums needed to relocate and, as a result, are at an increased risk of becoming homeless.

D. Relocation assistance is necessary to ensure that displaced tenants secure safe, sanitary and decent replacement housing in a timely manner. The level of payments provided for in this chapter are reflective of actual relocation costs likely to be incurred by displaced households. This is consistent with and in furtherance of the housing element of the City's General Plan.

E. In the past, affected tenants have turned to local, State and national governmental entities for financial assistance in obtaining replacement housing. However, the resources available to such entities to assist displaced tenants have become increasingly scarce.

F. It is fair for property owners who fail to properly maintain residential rental properties, or who create illegal residential units, to bear responsibility for the hardship their actions or inaction create for tenants. Relocation of tenants is a necessary element of code enforcement that should be the responsibility of the property owner, and the City should be reimbursed by the responsible owner for all costs which the City incurs in the code enforcement process.

G. Delayed payment of relocation assistance often imposes extreme hardship upon tenants who must obtain the large sums necessary to relocate. Delayed payments may also require the City to expend funds to provide tenants with financial assistance for relocation. Any requirement to pay relocation assistance should contain disincentives for delayed payment in the form of appropriate penalties.

H. It is the intent of this chapter to ensure that adequate relocation assistance is available to tenants who face displacement through no fault of their own. It is also the intent to provide assistance in a manner that is as equitable as possible to the tenant, the property owner, and the public at large. The requirement for owners to pay relocation costs under this chapter will facilitate the correction of code violations and will likewise protect the public health, safety, and general welfare of the residents of the City.

I. This chapter is in the public interest for the reasons stated above. Additionally, it furthers the public interest by helping to remove a potential impediment to code enforcement. The City finds that this chapter also is fair, in that it imposes

reasonable costs and penalties on owners who operate contrary to the code enforcement regulations of the City. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.25.030 Definitions.

For purposes of this chapter, certain terms, phrases, words and their derivatives shall be construed as specified in this Section.

"City Manager" means the City Manager of the City of Long Beach, or his or her designee.

"Code enforcement activity" means activity initiated by the City to determine the condition of a building or structure and which requires the property owner to make necessary repairs, to vacate the building, to demolish the structure or structures, or to take other action to bring the property into compliance with applicable State or local zoning, building, fire, health or housing standards regulations.

"Comparable replacement dwelling" shall have the same meaning as that specified in Section 7260 et seq. of the California Government Code, or any successor statute thereto.

"Day" means calendar day.

"Department of Community Development" means the Department of Community Development of the City of Long Beach.

"Displacement" means the removal of the tenant household from the property due to the issuance of an order to vacate pursuant to Section 18.20.140.

"Long Beach Municipal Code" means all ordinances, rules, and regulations of the City of Long Beach regulating maintenance, sanitation, ventilation, light, location, use or occupancy of residential buildings.

"Notice of intent to order building vacated" means an official notice issued by the City in accordance with Section 18.20.020.

"Order to vacate" means an official notice issued by the City in accordance with Section 18.20.110.

"Property owner" means a person, corporation, or any other entity holding fee title to the subject real property.

"Relocation" means the required vacating of a residential rental unit or room by a tenant or household to further the City's code enforcement activity.

"Rental unit" means a dwelling space containing a separate bathroom, kitchen, and living area, including a single-family dwelling or unit in a multifamily or multipurpose dwelling; or, it means a unit in a condominium or cooperative housing project, which is hired, rented, or leased to a tenant or household within the meaning of Section 1940 of the California Civil Code.

"Room" means an unsubdivided portion of the interior of a building including, but not limited to, illegally converted garage spaces, which are used for the purpose of sleeping, and which are occupied by a tenant for at least thirty (30) consecutive days as determined by the Department of Community Development.

"Substandard building" means and includes every building or other structure as defined in Section 18.02.020. For the purposes of this chapter, substandard building or structure shall mean only those buildings that contain rental units or rooms as defined herein.

"Tenant household" means one (1) or more individuals who: (1) have a landlord-tenant relationship with the property owner, by renting or leasing a rental unit or room in a substandard building; and (2) can demonstrate a landlord-tenant relationship by leases, cancelled rent checks, rent receipts, utility bills, phone bills, or any other evidence of renting or leasing the premises as determined by the Department of Community Development. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.25.040 Eligibility.

A tenant household shall be eligible for consideration for relocation assistance under this chapter when tenants in the household are displaced

from their rental units or rooms because of the issuance of a "notice of intent to order building vacated" or an "order to vacate" in accordance with Sections 18.20.120 or 18.20.140, or an order of immediate vacation when the structure or premises has been declared "dangerous" in accordance with Section 18.20.210, or their respective successor sections. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.25.050 Order to vacate.

As part of the City's code enforcement activity, the Building Official will decide whether repairs or other actions to abate substandard buildings can be reasonably accomplished without relocation of the tenant or household.

If relocation is necessary to abate a substandard building or condition, the Building Official shall issue and serve an "order to vacate" in accordance with Sections 18.20.140 through 18.20.170. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.25.060 Notification of tenants and owners.

A. When the Building Official issues a notice of substandard building, notice of intent to order building vacated or an order to vacate in accordance with Sections 18.20.120 or 18.20.140, the Building Official shall notify the Department of Community Development of the issuance of the orders and the Department of Community Development shall inform the tenant households in writing of the procedure to apply for relocation assistance, what the tenant household's rights are, and who to contact with questions regarding relocation assistance. The Department of Community Development shall also inform the tenant household that the household may request payment of relocation assistance from the City in accordance with Section 18.25.090, if the owner fails, neglects, or refuses to make the required relocation payments in accordance with this chapter. Relocation assistance information shall be provided to tenant households in English, Spanish, Korean and Khmer to ensure the information is accessible to limited English proficiency persons.

B. The Department of Community Development shall also inform the property owner that failure to make required relocation payments within ten (10) days of notice may result in the City making payments on behalf of the owner, and that failure to reimburse the City for all payments made and other costs and penalties incurred shall result in a lien being placed on the owner's property.

C. The issuance of an order to vacate shall not relieve the property owner of any legal obligations, including any obligation to provide any notice imposed by any provisions of federal, State, or local laws or ordinances.

D. At the time a notice of substandard building is issued in accordance with Section 18.20.120, the City shall also notify the property owner of the obligation to pay tenant relocation if required repairs are not made within the time specified in the notice of substandard building. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.25.070 Issuance of permits.

If an order to vacate is issued, the City shall require the property owner or the owner's authorized agent to obtain building permits to convert, repair, rehabilitate or demolish the dwelling units that are in violation of the building code in the Long Beach Municipal Code. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.25.080 Payment of relocation benefits.

A. The relocation benefits required by this chapter shall be paid by the owner or designated agent to the tenant household in the form of a certified check, cashier's check, or money order, within ten (10) days after the order to vacate is issued and served in accordance with Section 18.20.160. Proof of such payment shall be made to the Department of Community Development.

The tenant household shall not be required by the property owner to vacate the premises until relocation payment is made to the tenant and proof thereof is made to the Department of Community Development, unless the building, fire or health official determines that the building or structure is a dangerous building within the meaning of Section 18.02.020 or other applicable codes. The property owner shall also be responsible for reimbursing the City for any relocation payments the City makes or costs the City incurs under this chapter.

B. If the building, fire or health official determines that the unit or room is dangerous and must be vacated in less than ten (10) days, then the owner shall make required relocation payments to the tenant household in the form of a certified check, cashier's check, or money order, within two (2) business days after the order to vacate is issued and served in accordance with Section 18.20.160. Proof of the payment shall be made to the Department of Community Development.

C. No relocation benefits pursuant to this chapter shall be payable to any tenant who has caused or substantially contributed to the condition or conditions giving rise to the order to vacate, as determined by the Department of Community Development, nor shall relocation benefits be payable to a tenant if any guest or invitee of the tenant has caused or substantially contributed to the condition giving rise to the order to vacate, as determined by the Department of Community Development. The Department of Community Development shall make the determination whether a tenant, tenant's guest, or invitee, caused or substantially contributed to the condition giving rise to the order to vacate. Service of a three (3) day notice, notice to terminate or unlawful detainer complaint shall not in and of itself render a tenant household ineligible for relocation benefits under this chapter.

D. An owner shall not be liable for relocation benefits if the Building Official determines that the building or structure became substandard or dangerous as the result of a fire, flood, earthquake, or other act of God beyond the control of the owner and the owner did not cause or contribute to the condition.

E. Delay in Payment of Relocation Assistance by Owner. If the owner fails, neglects, or refuses to pay relocation assistance to a displaced tenant, or a tenant subject to displacement, in accordance with this chapter, the City shall also be entitled to recover from the owner an additional amount equal to the sum of one-half (½) the amount so paid or due, but not to exceed ten thousand dollars ($10,000.00) cumulative per property, as a penalty for failure to make timely payment to the displaced tenant, plus the City's actual costs, including direct and indirect costs of administering the provisions of assistance to the displaced tenant or tenants. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.25.090 Relocation eligibility and assistance by City.

A. The City may assist tenants displaced or to be displaced due to code enforcement activity subject to this chapter by providing information, referral, monitoring, or other advisory assistance. Any tenant household interested in City assistance should contact the Department of Community Development for relocation information. Failure by tenant households to contact the Department of Community Development shall not relieve property owners from their responsibility to provide relocation assistance.

B. Tenant households shall submit requests for relocation assistance to the Department of Community Development in order to establish the existence of a landlord-tenant relationship. The Department of Community Development shall make a determination as to whether a tenant household is eligible for relocation assistance within three (3) business days of receipt of a completed request for relocation assistance. If the Building Official has determined that the tenant household must vacate its unit or room in less than ten (10) days, the Department of Community Development shall make a determination as to whether the tenant household is eligible for relocation assistance within two (2) business days of receiving a

completed request for relocation assistance. Once an eligibility determination has been made, the Department of Community Development shall immediately provide written notice in English, Spanish, Korean and Khmer to the tenant household, the owner, and the Building Official regarding the eligibility determination and any relocation assistance owed.

C. If the owner fails, neglects or refuses to pay relocation assistance to a displaced tenant or a tenant subject to displacement, the City may advance all or a portion of the required payments to the tenant. If the City advances relocation assistance, or a portion thereof, the City shall be entitled to recover from the owner any amount so paid to a tenant pursuant to this Section, and the Department of Community Development shall notify the owner of the City's advancement of payment.

For the City to consider such payments, the tenant household must make a request to the Department of Community Development after the owner fails, neglects or refuses to make such required payments.

D. Any amount paid by the City on behalf of the owner and any applicable penalties and actual costs including incidental enforcement costs shall become delinquent thirty (30) days after notice by the City and may also be placed as a lien against the property of the owner by recording the lien in the office of the County Recorder for Los Angeles County. Any delinquent payments will accrue interest at the rate of twelve percent (12%) per year until paid.

E. The failure of the owner to pay the amounts to the City set forth in this chapter within the time specified constitutes a debt to the City. To enforce that debt, the City Manager or his or her designee may take any and all appropriate legal action, impose a lien as set forth above, or pursue any other legal remedy to collect such money. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.25.100 Immediate vacation.

If the Building Official determines that the building is dangerous and immediate vacation is required, immediate City payment of relocation benefits can be made to tenant households as soon as the tenant household is determined eligible by the Department of Community Development. The tenant household must sign a request for relocation assistance from the Department of Community Development in order to receive immediate relocation payments. Those payments and other related costs shall be a charge against the property owner, and the owner shall reimburse the City for these relocation costs. Additionally, those costs may be collected, if need be, as outlined in Section 18.25.090. The payment of relocation assistance by the City shall be solely predicated upon the availability of City funds. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.25.110 Amount of relocation payments.

Each eligible tenant household shall receive monetary relocation assistance in the amount of three thousand three hundred sixty-six dollars ($3,366.00). Each eligible household with a disabled person displaced under this chapter shall also be entitled to reimbursement for structural modifications to the household paid for by the tenant household at the vacated premises up to a maximum value of an additional two thousand five hundred dollars ($2,500.00). The Department of Community Development shall increase both of these amounts on a percentage basis as determined by the change in the Consumer Price Index between January 1, 2005, and January 1 of the year in which the application for relocation assistance is filed with the Department of Community Development. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.25.120 Evictions to avoid payment of relocation assistance.

Owners shall not evict tenants to avoid their responsibility to pay relocation assistance to tenants under this chapter. Tenants receiving notices

to terminate or quit from the property owner or owner's agent within ninety (90) days of a notice of substandard building shall be presumed eligible and entitled to collect relocation assistance pursuant to this chapter. However, this presumption may be rebutted upon a showing by the owner that the tenant has caused or substantially contributed to the condition or conditions giving rise to the order to vacate. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.25.130 Move-back option.

A displaced tenant household shall have the option of moving back into the rental unit or room from which it was required to move provided that such rental room or unit was a legally permitted rental room or unit at the time of displacement. If this is not possible, the displaced tenant household shall have the option of moving into an equivalent unit or room in the same building, as soon as it is ready for occupancy. If a tenant household wishes to avail itself of this option, it must inform the owner in writing of its current address at all times during the period of displacement.

The property owner shall notify a displaced tenant household at least thirty (30) days in advance by first class mail of the availability of the unit or room including monthly rent and date of availability. The notice shall inform the tenant household that it has ten (10) days to notify property owner of their intent to move back into the property. Within ten (10) days of receipt of notice of availability of the unit or room, a tenant household wishing to move back shall so notify the owner in writing.

If a tenant household wishing to move back into the unit or room is required to pay a security deposit, the household must be permitted sufficient time to do so. In no event may that time exceed sixty (60) days. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.25.140 Certificate of occupancy.

The City shall not give the owner a certificate of occupancy until such time as the owner provides the Department of Community Development and Building Official with written proof that he or she has properly notified all displaced tenant households in writing of their right to return to their unit or room, or an equivalent unit or room in the same building if this is not possible, for the same rent they were paying prior to displacement for a minimum of six (6) months.

The City shall not issue the owner a certificate of occupancy until such time as the Building Official has determined that all necessary repairs have been made to the building. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.25.150 Appeals.

Any property owner or tenant household may contest a decision by the Department of Community Development or his or her representative regarding eligibility, relocation payment amounts, or any other determination or claim made under this chapter. To do so, the party shall file a written request for an appeal with the Director of Community Development within ten (10) days of the decision, determination or claim. The Director or his or her designee shall hold a hearing at his or her earliest opportunity and in no event more than fourteen (14) days after the Director receives notice of the appeal. All notices from the Director shall be sent to both the property owner and all tenant households affected by the appeal. The determination of the Director shall be final. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.25.160 Penalty.

Any person violating any provision or failing to comply with any of the requirements of this chapter shall be guilty of a misdemeanor or infraction, as determined by the City Prosecutor. In addition to any penalty imposed for a violation of

this chapter, any person violating or causing or permitting the violation of this chapter shall reimburse the City for any administrative costs or expenses the City incurs in administering this chapter. Those amounts may include any provisional relocation assistance provided to tenants, such as temporary housing, moving expenses, relocation payments, public health assistance, transportation, storage or other related services.

The remedies and penalties provided for in this section and chapter shall be in addition to any other available remedies and penalties provided for by the Long Beach Municipal Code or other law. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.25.170 Private right of action.

Tenant households subject to displacement and/or their legal representatives shall have standing as third party beneficiaries to file an action against the owner for injunctive relief and/or actual damages pursuant to this chapter.

Nothing herein shall be deemed to interfere with the right of a property owner to file an action against a tenant or nontenant third party for the damage done to the owner's property. Nothing herein is intended to limit the damages recoverable by any party through a private action. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.25.180 Application to heirs.

The provisions of this chapter shall apply to all property owners and their heirs, assigns and successors in interest. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.25.190 Relationship to other laws.

Nothing in this chapter is intended to prevent displaced households from securing any relocation assistance and/or benefits to which they may be entitled under any other local, State or federal law. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.25.200 Penalty fund.

Any and all penalties levied and collected by the City pursuant to this chapter shall be placed in a revolving fund and utilized at the sole discretion of the City to advance relocation assistance to tenants or households displaced as a result of code enforcement activities. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.25.210 Severability.

If any provision of this chapter is held to be unconstitutional or otherwise invalid by any court of competent jurisdiction, the remaining provisions of this chapter shall not be invalidated. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

CHAPTER 18.29 MAINTENANCE OF VACANT LOTS

18.29.060 Purpose.

Vacant lots are a major cause and source of visual and other blight in the City, especially when the owner or person in control of a vacant lot fails to maintain and manage the lot to ensure it does not become a liability to the neighborhood. Failure to maintain vacant lots can result in reduced property values; vandalism, graffiti, dumping, and accumulation of litter and other debris. It is the purpose and intent of the City, through the adoption of this Chapter, to regulate vacant lots in the City as a mechanism to protect neighborhoods and commercial areas from becoming blighted due to the lack of adequate maintenance and security of vacant lots and to establish minimum standards of accountability on the owners or other responsible parties of vacant lots in order to pro-

tect the health, welfare and safety of the community. (ORD-26-0004 § 26, 2026; ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-17-0025 § 1, 2017)

18.29.070 Definitions.

"Director" shall mean the Director of Community Development or designee.

"Responsible person" shall mean the owner of the property as shown on the last equalized tax assessment roll maintained in the Los Angeles County Assessor's office; or any person, entity, or person acting on behalf of an entity who otherwise exercises control of the property.

"Vacant Lot." For the purpose of this Chapter, a vacant lot shall mean any parcel that does not have a permitted structure. A vacant lot shall not include any lot being lawfully utilized for small scale agricultural purposes in accordance with the provisions of Chapter 8.77 of this Code and/or other approved temporary uses by the City. (ORD-26-0004 § 26, 2026; ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-17-0025 § 1, 2017)

18.29.080 General requirements for maintenance of vacant properties, lots, or parcels.

A. Responsible person shall:

a. Maintain vacant lots and any perimeter fencing free of weeds, dry brush, dead vegetation; trash, garbage; junk; debris; building materials; vehicles, including but not limited to cars, boats, campers, motorcycles, and go-karts; newspapers, circulars, flyers, and banners; discarded personal items, including, but not limited to, furniture, clothing, large and small appliances; and graffiti, tagging or similar markings.

b. Ensure vacant lots are secured from unauthorized entry at all times.

c. Inspect the property monthly or take other reasonable steps to ensure compliance with this section.

d. Enclose and secure the vacant lot with perimeter fencing sufficient to prevent unauthorized access to the property.

(i) The fencing shall:

1) Consist of wrought iron, chain link or other materials approved by the Building Official;

2) Be at least six (6) feet in height; and

3) Allows visibility into the vacant lot from ground level.

(ii) The Building Official may waive the fence height limits and materials restrictions of the Zoning Regulations as needed to meet this requirement.

e. Ensure fencing includes a secured gate to allow access to the vacant lot for emergency services.

f. Ensure fencing and gates are maintained in good, operable condition at all times by the property owner such that the purposes of this Chapter are accomplished and to avoid the appearance of blight.

g. Paint the property address of the vacant lot in a visible location on the curb face in accordance with the provisions of Chapter 14.36. If no curb is present, property address signage must be posted in a manner consistent with the California Residential Code (CRC) and the California Fire Code (CFC).

h. Within thirty (30) days after the lot becomes vacant or within thirty (30) days after the effective date of this Chapter, whichever is later, complete a vacant lot registration application on the form made available by the City and register the vacant lot with the Department of Community Development.

(i) Alternatively, upon discovery by the Building Official that a lot is vacant, the City may register the lot with the Department of Community Development. In this event, the City will provide notice by mail to the owner as shown on the last equalized tax assessment roll maintained in the Los Angeles County Assessor's office.

i. Enroll the vacant lot into the Long Beach Police Department's (LBPD) No Trespassing Program 602(o)(PC). The Request for Service form shall be completed, signed and notarized. Autho-

rized signs must be purchased from designated locations and prominently posted on the property.

B. The Director of Community Development or designee shall have the authority and discretion to make specific fee exemptions in a case where the property owner has agreed to allow the property to be used and operated for a specific community serving use, such as the use of pocket parks or approved temporary activating uses as defined in Section 21.53.115 of this Code.

C. At the time the vacant lot is registered, the Responsible Person shall pay the Vacant Lot Monitoring fee as established by resolution of the City. Said fee shall be billed annually but will be prorated based upon the month of the year that the registration occurs. The Vacant Lot Monitoring fee will be billed by the City on an annual basis until the lot is no longer a Vacant Lot.

a. If the annual monitoring fee is not paid when due then:

(i) The City may cause a notice of lien to be recorded against the property. The notice shall, at a minimum, identify the record owner or possessor of the property, set forth the last known address of the record owner or possessor, a description of the real property subject to the lien, and the amount of the fee or costs assessed against the property.

(ii) The fee may be specially assessed against the property involved. All laws applicable to the levy, collection and enforcement of real property taxes are applicable to the special assessment.

D. Hearing on charges. Within thirty (30) days from the date that the Responsible Person is mailed a notice regarding the imposition of the Vacant Lot Monitoring fee, the property owner may demand a hearing.

a. Such demand shall be in writing and presented to the Director of Community Development for the City of Long Beach and include any required fee for appeal set forth in the schedule of fees and charges established by City Council resolution.

b. Said demand shall describe the property involved, state the basis that the Vacant Lot Monitoring fee should not be assessed, and include an address of the Responsible Person for service of notice in connection with such hearing.

c. Such demand shall be presented by the City to the Board of Examiners, Appeals and Condemnation (BEAC) for hearing at its next regularly scheduled meeting that is not less than thirty (30) days from the date of the demand.

d. The Director of Community Development shall give notice by mail of such hearing to the Responsible Person at the address furnished in the demand for an appeal hearing.

e. At the time set for such hearing, the Board of Examiners, Appeals and Condemnation (BEAC) shall hear all evidence pertinent to the applicability of the fee and shall either confirm or deny the imposition of the fee. The decision of the Board of Examiners, Appeals and Condemnation (BEAC) shall be final.

f. If the appeal is granted the appeal fee shall be returned.

g. If the appeal is denied, the payment is due within thirty (30) days. (ORD-26-0004 § 26, 2026; ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-17-0025 § 1, 2017)

18.29.090 Non-compliance declared a nuisance.

A. Failure to comply with any of the applicable requirements of this Chapter shall constitute a public nuisance. Any violation of this Chapter may be enforced by any method provided by this Code for the abatement of nuisances.

B. Costs incurred by the City in abating any violation of this Chapter shall be billed to the Responsible Person. If payment for abatement costs is not received within thirty (30) days of billing, the City may cause a notice of lien to be recorded against the property. The notice shall, at a minimum, identify the record owner or possessor of the property, set forth the last known address of the record owner or possessor, a description of the real property subject to the lien, and the amount of the costs assessed against the property.

C. The process described herein does not preclude the City from recovering any other Code violation or nuisance abatement costs incurred by the City in performing its enforcement efforts relating to vacant lots. (ORD-26-0004 § 26, 2026; ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-17-0025 § 1, 2017)

18.29.100 Removal of Property from registry.

Prior to the removal of a vacant lot from the registration requirement established by this Chapter, the condition(s) which initially compelled registration of the lot must be resolved and an inspection by the City to determine compliance completed. No owner of a vacant lot shall be relieved of the registration requirement until all City fees, fines, penalties, or costs as applicable are paid in full. (ORD-26-0004 § 26, 2026; ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-17-0025 § 1, 2017)

CHAPTER 18.30 PROACTIVE RENTAL HOUSING INSPECTION PROGRAM

18.30.010 Findings and purpose.

A. The Long Beach City Council finds and declares the desire to safeguard the stock of decent, safe, and sanitary rental housing in the City through a partnership of property owners, Tenants, the City, and the community.

B. The City Council recognizes that the preservation of existing rental housing stock is important. Rental housing provides needed housing for many and is a valuable asset that must be preserved and maintained. The City has significant interest in ensuring that rental housing remains a desirable housing option for its citizens.

C. Even though most rental housing in the City meets building and safety code requirements, over time, housing may deteriorate due to circumstance or intentional or unintentional neglect by property owners, managers, and Tenants. This deterioration may result in substandard conditions that adversely affect the economic values of neighboring structures, and that are hazardous to the public health and safety. In some cases, property owners choose not to make the necessary repairs because of cost, and Tenants do not report the deficiencies.

D. California law requires that all rental housing properties comply with the minimum standards for public health, safety, and welfare. One (1) effective way to seek compliance with those standards is through routine periodic inspections of all rental housing properties and education of property owners and Tenants regarding their respective rights and responsibilities. Accordingly, it is the intent of the Long Beach City Council to enact the provisions of this Chapter as the basis for establishing a Proactive Rental Housing Inspection Program aimed at securing City-wide compliance of rental housing properties with minimum standards. City-wide compliance will reduce and prevent blight and ensure that all persons who live in rental housing units are provided decent, safe, and sanitary housing.

E. As such, the City calls for the regulation and continuation of the self-funding, pro-active inspection programs for residential rental properties consisting of four (4) or more dwelling units, known as the Proactive Rental Housing Inspection Program. (ORD-26-0004 § 27, 2026; ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.30.020 Definitions.

As used in this Chapter, the following terms and phrases are defined as follows:

"Director" is the Director of Community Development or a duly authorized representative.

"Person" is and includes any individual, partnership of any kind, corporation, limited liability company, association, joint venture or other organization or entity, however formed, as well as trustees, heirs, executors, administrators, or assigns, or any combination of such persons.

"Property Owner" is any person who owns one (1) or more Residential Rental Properties consist-

ing of four (4) or more dwelling units. The terms "property owner," "owner," "landlord," "person," and "operator" may be used interchangeably herein.

"Residential Rental Property" is any building or property that includes at least four (4) residential units (exclusive of permitted ADU and JADUs). This includes but is not limited to apartment houses, boarding houses, lodging houses, and rooming houses in the City of Long Beach.

"Tenant" is a person who occupies land, property, or unit from a property owner for residential purposes regardless of relationship to property owner or payment of rent. (ORD-26-0004 § 27, 2026; ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.30.030 Scope.

The provisions of this Chapter shall apply to all owners of one (1) or more qualifying residential rental properties located within the City of Long Beach. (ORD-26-0004 § 27, 2026; ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.30.040 Proactive Rental Housing Inspection Program registration.

A. Registration. Each Property Owner shall register for the Proactive Rental Housing Inspection Program ("PRHIP") on a form provided by the Department of Community Development. Registration is due within sixty (60) days of the date that the residential rental property was acquired or converted into a residential rental property.

B. Verification. All registration documents shall be signed under penalty of perjury and are subject to verification by the Department of Community Development. It is unlawful for any person to knowingly make a false statement of fact or knowingly omit any information that is required to register a rental housing unit pursuant to this Section. (ORD-26-0004 § 27, 2026; ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.30.050 Proactive Rental Housing Inspection Program fees.

A. Each year, the Property Owner shall pay the PRHIP Multiple Dwelling Unit Inspection permit fee (PRHIP Fee) in the amount set forth in the City's Master Fee and Charges Schedule. Payment of the fee is due on the later of:

1. November 1; or

2. Within 60 days of the date the Residential Rental Property was acquired or converted to a Residential Rental Property. In this instance, a prorated portion of the PRHIP fee will be due. Such prorating will be based on the quarter in which the Residential Rental Property was acquired or converted.

B. A re-inspection fee shall be imposed when an additional inspection is conducted in accordance with Subsection 18.30.120.D of this Chapter. The amount of the fee shall be as set forth in the City's Master Fee and Charges Schedule.

C. The PRHIP fee required by this Chapter is in addition to and not in lieu of any other applicable fees or taxes that may be required. (ORD-26-0004 § 27, 2026; ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.30.060 Penalty.

A. Failure to Pay Annual Fee. In addition to any remedies the City may elect to pursue pursuant to this Code, for failure to pay the annual PRHIP fee when due, the Director shall add a penalty of twenty-five percent (25%) of the permit fee 30 days following the due date.

B. Interest. The failure of the owner to pay the PRHIP fee or late penalty may result in the imposition of a special assessment and/or lien against the residential rental property on which the violation occurred, after which the amount so determined shall bear interest at the rate of twelve percent (12%) per annum until paid, and/or filing of an action with the Small Claims Court for recovery of the fine and late penalty. The only issue to be adjudicated by the Small Claims Court shall be whether or not the fines and possible late

fees were paid. In the Small Claims Court action, the City may also recover its costs, according to proof.

C. Penalties for noncompliance.

1. The violation of any provision of this Chapter is unlawful and constitutes a misdemeanor, punishable by a fine of not more than one thousand dollars ($1,000.00) or a jail term of not more than six (6) months, or both. Each and every day a violation occurs shall be deemed a separate violation.

2. In addition to the remedies set forth herein, the City, in its sole discretion, may also issue Administrative Citations in accordance with Chapter 9.65 to any person or entity that violates the provisions of this Chapter. (ORD-26-0004 § 27, 2026; ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.30.070 Appeal of late penalty.

A. Any recipient of a late penalty may appeal said penalty by completing a written request for hearing form, obtained from the Department of Community Development and returning the written request for hearing form to the Department of Community Development, together with a deposit in the total amount of the fee and any late charges.

B. The written request and deposit must be received by the Department of Community Development within thirty (30) days of the date that City sent notice of the delinquency. Failure to file a timely appeal of the late penalty shall be deemed a waiver of the right to appeal and to seek judicial review.

C. The hearing will proceed before the Board of Examiners, Appeals and Condemnation in accordance with the procedure set forth in Section 18.30.080. (ORD-26-0004 § 27, 2026; ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.30.080 Hearing procedure.

A. No hearing to appeal a late penalty shall be held unless and until a request for hearing form has been completed and submitted, and the deposit has been paid consistent with the requirements of Section 18.30.070.

B. A hearing shall occur before the Board of Examiners, Appeals and Condemnation at its next regularly scheduled meeting that is not less than thirty (30) days from the date the request for hearing is completed and submitted in accordance with the provisions of this Chapter. The cited party requesting the hearing shall be notified in writing of the time and place set for the hearing at least ten (10) calendar days prior to the date of the hearing.

C. The Board of Examiners, Appeals and Condemnation shall only consider evidence that is relevant to whether the late payment penalty is proper. Courtroom rules of evidence shall not apply. Relevant hearsay evidence and written reports may be admitted whether or not the speaker or author is present to testify, if the Board of Examiners, Appeals and Condemnation determines that such evidence is reliable. Admission of evidence and the conduct of the hearing shall be controlled by the Board of Examiners, Appeals and Condemnation in accordance with the fundamentals of due process. The Board of Examiners, Appeals and Condemnation may set reasonable limits on the length of the hearing, and shall allow the appellant at least as much time to present his/her case as is allowed to the City.

D. The failure of the appellant to appear at the hearing shall constitute a forfeiture of the fine and a failure to exhaust administrative remedies.

E. Any documents prepared by the City in connection with the late payment penalty assessed may be submitted and shall constitute prima facie evidence of the respective facts contained in those documents.

F. The Board of Examiners, Appeals and Condemnation may continue the hearing or request additional information from the enforcement officer, his/her designee or the appellant prior to issuing a written decision. (ORD-26-0004 § 27, 2026; ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.30.090 Board of Examiners, Appeals and Condemnation's decision.

A. After considering all of the testimony and evidence submitted at the hearing, the Board of Examiners, Appeals and Condemnation shall issue a written decision within fifteen (15) business days of the hearing. The decision of the Board of Examiners, Appeals and Condemnation shall be final.

B. If the Board of Examiners, Appeals and Condemnation denies the appeal, then the deposit shall be retained by the City.

C. If the Board of Examiners, Appeals and Condemnation grants the appeal, then the City shall refund the deposit within thirty (30) business days from the date of the final written decision.

D. The appellant and City shall each be served with a copy of the Board of Examiners, Appeals and Condemnation's written decision. (ORD-26-0004 § 27, 2026; ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.30.100 Tenant rights and responsibilities.

After August 1, 2015, prior to the commencement of any tenancy of a rental housing unit, the Property Owner shall provide the Tenant(s) with information concerning Tenant rights and responsibilities. The information shall be provided in a form or forms approved by the Director. (ORD-26-0004 § 27, 2026; ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.30.110 Property owner contact representative.

A. Designate Representative. All property owners shall designate one or more contact representatives with full authority to act on behalf of the owner for all purposes under this Chapter. Notice to any person so designated shall constitute service of any notices from the City regarding the property. The owner of the rental property may act as the contact representative.

B. Contact Information. A contact representative must establish and maintain a telephone number and mailing address. A contact representative may also provide an email address. (ORD-26-0004 § 27, 2026; ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.30.120 Inspections.

A. PRHIP Inspection. In accordance with the requirements of this Subsection, the City shall be authorized to periodically conduct an inspection of residential rental properties to assure compliance with all applicable building, housing, and sanitation codes and ordinances. Property Owners and Tenants shall provide access to all common areas of a residential rental property for inspection when requested by the City's Department of Community Development.

B. Frequency of inspections. It is the intent of the City that all residential rental properties subject to this Chapter will receive a periodic inspection.

C. Random sampling inspections. The inspection shall be made of the exterior of the property, all common areas, and all exits. Inspectors shall request access to no less than ten percent (10%) of the rental units and garages where applicable in a Residential Rental Property. If access is granted, the inspector(s) shall inspect at least ten percent (10%) of the total units in the building. If the inspector discovers any violations, the inspector may conduct an inspection of additional units up to one hundred percent (100%) of the units.

D. Re-inspections. If during a PRHIP inspection there are building, housing, sanitation code, other Long Beach Municipal Code violations, or permit violations on the property, one (1) or more re-inspections of the residential rental property may be required.

E. Code enforcement. When during an inspection a building, housing, sanitation code, or Long Beach Municipal Code violation is noted, the City Inspector shall document the violation, advise the owner or operator of the violation and of the

action which must be undertaken and completed in order to remedy the violation. Failure to abate code violations in a timely manner may result in additional enforcement action in accordance with Titles 9, 18, and any other applicable Titles of the LBMC.

F. Administrative Citation schedule. When during an inspection a building, housing, sanitation code, or Long Beach Municipal Code violation is noted that poses an imminent threat to the health and safety of the occupants or surrounding residents, the City Inspector will notify the owner of the violation in accordance with Subsection 18.30.120.E, and will notify the City Prosecutor's Office of the violation within twenty-four (24) hours of the inspection. If the owner fails to abate the violation within seventy-two (72) hours, the City Inspector may issue an administrative citation every fifteen (15) days for each continuing violation. (ORD-26-0004 § 27, 2026; ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.30.130 Notice.

A. The City shall serve written notice of the date and time of any inspection to be conducted pursuant to this Chapter, by mailing such notice at least fourteen (14) calendar days prior to the date of the inspection. Notice shall be mailed to the owner and the local contact representative at their registered mailing address. In the case of multiple owners of the same property, notice to any one (1) of the property owners designated on the registration application is sufficient notice.

B. The City shall also mail a copy of the inspection notice to the rental housing units on the property. (ORD-26-0004 § 27, 2026; ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.30.140 Refusal to permit inspections.

A. Inspection. If an inspection is scheduled and entry is thereafter refused or cannot be obtained, the inspector shall have recourse to every remedy provided by law to secure lawful entry and inspect the premises, including but not limited to securing an inspection warrant pursuant to California Code of Civil Procedure Sections 1822.50 through 1822.57. The inspector shall provide notice that a warrant has been issued to both the Property Owner and the Tenant, invitee, or guest at least 24-hours before the warrant is executed, unless the judge finds that immediate execution is reasonably necessary under the circumstances shown.

B. Right of Entry. Notwithstanding the foregoing, if the inspector has reasonable cause to believe that the residential rental property is so hazardous, unsafe, or dangerous as to require immediate inspection to safeguard the public health and safety, the inspector shall have the right to immediately enter and inspect the premises and may use any reasonable means required to effect the entry and make an inspection. (ORD-26-0004 § 27, 2026; ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.30.150 Change of ownership.

When ownership of a residential rental property changes, either the prior owner shall notify the Department of this event prior to the recordation of an instrument of conveyance with the Los Angeles County Recorder's office or the new owner shall notify the Department within sixty (60) days after recordation of an instrument of conveyance with the Los Angeles County Recorder's office. If the Director is not so notified, the existing registration for the residential rental property shall automatically be null and void. The new owner will not have to pay the program fees until the following calendar year provided all fees were paid by the prior owner of the residential rental property. (ORD-26-0004 § 27, 2026; ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.30.160 Annual review of program.

City staff shall provide data related to PRHIP including, but not limited to, the number of in-

spections performed, cases opened, cases resolved, and cases reported to the State Tax Franchise Board, in the required annual Housing Element report for the City Council to review the effectiveness of these regulations, and shall enact modifications, if necessary. (ORD-26-0004 § 27, 2026; ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.30.170 Regulations non-exclusive.

The provisions of this Chapter regulating residential rental properties are not intended to be exclusive and compliance with this Chapter shall not excuse noncompliance with any other applicable provision, requirement, or regulation of this Code or any applicable state and/or federal law. Nothing in this Chapter shall limit or preclude inspections conducted by the Fire Department for compliance with Fire Codes. (ORD-26-0004 § 27, 2026; ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.30.180 Alternative non-exclusive remedies.

In addition to the remedies and penalties set forth herein, the City in its sole discretion, may also refer any qualifying property to the State Franchise Tax Board Substandard Housing Program to disallow income tax deductions claimed for interest, taxes, amortization, and depreciation related to substandard housing or to issue an Administrative Citation in accordance with Chapter 9.65 to any person or entity that violates the provisions of this Chapter. (ORD-26-0004 § 27, 2026; ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.30.190 Conflicts.

If the provisions, requirements, or regulations of this Chapter conflict with or contravene any other provision, requirement, or regulation of this Code, the provisions, requirements, or regulations of this Chapter shall prevail as to all matters and questions arising out of the subject matter of this Chapter. (ORD-26-0004 § 27, 2026; ORD-25-0019 § 1(Exh. A), 2025)

CHAPTER 18.40 BUILDING CODE*

18.40.010 Adoption of California Building Code.

The City Council adopts and incorporates by reference as though set forth in full in this chapter the 2025 Edition of the California Building Code (herein referred to as the "California Building Code"). The California Building Code is Part 2 of the California Code of Regulations, Title 24, also referred to as the California Building Standards Code. This part is based on the provisions of the 2024 Edition of the International Building Code (herein referred to as the "International Building Code") as developed by the International Code Council with necessary California amendments. The following appendices of the California Building Code are included: Appendices G, I, P and Q. The following sections, chapters or appendices of the California Building Code are deleted: Sections 101 through 116 of Chapter 1, Division II, Section 3113 of Chapter 31, and Section 3308 of Chapter 33; Chapters 27, 28, 29, 31A, 31C, 31D, 31E, 31F, 32, and 34; and Appendices A, B, C, D, E, F, H, J, K, L, M, N, and O.

The adoption of the California Building Code is subject to the changes, amendments and modifications to said code as provided in this chapter, and certain provisions of the Long Beach Municipal Code, which shall remain in full force and effect as provided in this title. Such codes and code provisions shall constitute and be known as the Long Beach Building Code. A copy of the California Building Code, printed as code in book form, shall be on file in the Office of the City Clerk. (ORD-25-0019 § 1(Exh. A), 2025)

***Editor's note**—ORD-25-0019 § 1(Exh. A), adopted Nov. 11, 2025, amended Ch. 18.40 in its entirety to read as herein set out. Former Ch. 18.40, §§ 18.40.010—18.40.830, pertained to similar subject matter, and derived from ORD-22-0033 § 1(Exh. A), adopted Nov. 15, 2022.

18.40.020 Amend CBC Section 201.4—Terms not defined.

Section 201.4 of the California Building Code is amended to read as follows:

201.4 Terms not defined. Where terms are not defined through the methods authorized by this section, such terms shall have ordinarily accepted meanings such as the context implies. Webster's Third New International Dictionary of the English Language, Unabridged, shall be considered as providing ordinarily accepted meanings. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.040 Amend CBC Section 302.1—Occupancy classification.

The last two sentences in Section 302.1 of the California Building Code are amended to read as follows:

Where a structure is proposed for a purpose that is not specifically listed in this section or about which there is any question, such structure shall be classified, as determined by the Building Official, in the occupancy it most nearly resembles based on the fire safety and relative hazard. Occupiable roofs shall be classified, as determined by the Building Official, in the group that the occupancy most nearly resembles, according to the fire safety and relative hazard, and shall comply with Section 503.1.4. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.050 Amend CBC 901.2—Fire protection systems.

Exception in Section 901.2 of the California Building Code is amended to read as follows:

Exception: Any fire protection or life-safety system not required by this code or the California Fire Code shall be permitted to be installed for complete protection throughout the entire building or structure provided that such system meets the requirements of this code or the California Fire Code. Any fire protection or life-safety system not required by this code or the California Fire Code may be permitted to be installed for partial protection provided the building or structure or portion thereof is separated by fire walls without door or window openings if approved by the Fire Code Official. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.060 Add CBC Section 901.8—Protection of fire protection systems and equipment.

Section 901.8 is added to Chapter 9 of the California Building Code is to read as follows:

901.8 Protection of fire protection systems and equipment. Fire protection systems and equipment subject to possible vehicular damage shall be adequately protected with guard posts in accordance with Section 312 Vehicle Impact Protection of the California Fire Code, as amended in Chapter 18.48. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.070 Amend CBC Section 903.1—General.

Section 903.1 of the California Building Code is amended to read as follows:

903.1 General. Automatic sprinkler systems shall comply with this section.

903.1.1 Alternative protection. Alternative automatic fire-extinguishing systems complying with Section 904 shall be permitted instead of automatic sprinkler system protection where recognized by the applicable standard and approved by the Fire Code Official.

903.1.2 Existing buildings. An automatic sprinkler system shall be installed in all existing occupancies as required by this section if any of the following occurs:

1. A change in occupancy classification to another occupancy classification that would require an automatic sprinkler system as required by this code for the new occupancy.
2. A determination by the Fire Code Official that an automatic sprinkler system is required to provide a minimum level of public safety.

903.1.3 Partial automatic sprinkler systems. Partial automatic sprinkler systems are not allowed. Where automatic sprinkler systems are required to be installed by this section, any

other sections in this code or the California Fire Code, any nationally recognized standards, or are electively installed, the automatic sprinkler system shall be installed throughout the entire building or structure. Partial protection may be allowed provided the building or structure or portion thereof is separated by fire walls without door or window openings if approved by the Fire Code Official. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.080 Amend CBC Section 903.2—Where required.

Section 903.2 of the California Building Code is amended by the addition of the following paragraph to read as follows:

All new commercial, industrial or nonresidential buildings or structures that require two or more exits or that are greater than 3,000 square feet (279 m^2) shall be protected by an automatic sprinkler system. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.085 Amend CBC Section 903.2.8—Group R.

Section 903.2.8 of the California Building Code is amended by the addition of the following paragraphs to read as follows:

All new multi-family (3 or more units) residential, hotels, motels, or similar buildings shall be protected by an automatic sprinkler system.

All new single-family dwellings and duplexes shall be protected by an automatic sprinkler system. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.090 Add CBC Section 903.3.5.3—Hydraulic calculations margin.

Section 903.3.5.3 is added to Chapter 9 of the California Building Code to read as follows:

903.3.5.3 Hydraulic calculations margin. Fire protection system hydraulic calculations shall include a ten percent (10%) safety margin between the available water supply and the required system supply. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.100 Add CBC Section 903.3.10.1—Control valve location.

Section 903.3.10.1 is added to Chapter 9 of the California Building Code to read as follows:

903.3.10.1 Control valve location. Fire sprinkler system control valves shall be located within the stairway designated as "Number 1", as required by the Fire Code Official. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.110 Add CBC Section 903.4.2.1—Signal reporting.

Section 903.4.2.1 is added to Chapter 9 of the California Building Code to read as follows:

903.4.2.1 Signal reporting. All signals shall be transmitted to the remote annunciator and supervising station with the specific location, type and address of each device. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.120 Amend CBC Section 903.4.3—Alarms.

Section 903.4.3 of the California Building Code is amended by the addition of Sections 903.4.3.1 and 903.4.3.2 to read as follows:

903.4.2.1 Alarms. At least one (1) additional horn and strobe device is required on the interior of a building at the main entrance or in a location as approved by the Fire Code Official.

903.4.2.2 Manual pull station. At least one (1) manual pull station is required on the interior of a building at the main entrance or in a location as approved by the Fire Code Official. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.130 Add CBC Section 903.4.4—Remote annunciator.

Section 903.4.4 is added to Chapter 9 of the California Building Code to read as follows:

903.4.4 Remote annunciator. A remote annunciator shall be provided at the main entrance, the first suite in a multi-suite building, or in a location as approved by the Fire Code Official. The remote annunciator shall be key operated and shall have the capability to silence and reset the system, or by other approved means. The visual description shall

lock in until the system is reset and shall not be cancelled by operation of an audible alarm-silencing switch. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.140 Add CBC Section 905.1.1—Design.

Section 905.1.1 is added to Chapter 9 of the California Building Code to read as follows:

905.1.1 Design. All standpipe systems, except Class II systems, shall be designed to deliver a minimum of one hundred twenty-five (125) psi at the discharge of all standpipe outlets. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.150 Amend CBC Section 905.4 Subsection 1—Location of Class I standpipe hose connections.

Subsection 1 of Section 905.4 of the California Building Code is amended to read as follows:

1. In every required interior exit stairway or exterior exit stairway, a hose connection shall be provided for each floor level. Hose connections shall be located at the floor landing of each floor, unless otherwise approved by the Fire Code Official. See Section 909.20.2.3 for additional provisions in smokeproof enclosures. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.160 Add CBC Sections 907.1.6 through 907.1.10—General.

Sections 907.1.6 through 907.1.10 are added to Chapter 9 of the California Building Code to read as follows:

907.1.6 Voluntary. Any fire alarm system not required by this code or the California Fire Code shall be furnished for complete protection and meet all requirements of this code and the California Fire Code, unless approved by the Fire Code Official.

907.1.7 Evacuation. Buildings over 3 stories may be required to provide building evacuation based on the floor of alarm, the floor above and the floor below, in lieu of a general alarm, at the discretion of the Fire Code Official.

907.1.8 Control panels. Fire alarm system control panels, including sprinkler monitoring panels, shall be utilized for connecting and supervising fire alarm and/or fire related equipment only. Security or similar devices shall not be connected to a fire alarm or sprinkler monitoring control panel. The use of control panels capable of this feature is subject to the following:

1. The owner of the facility where the panel is to be installed shall provide an original letter on a company letterhead to the Long Beach Fire Department stating that not now, nor in the future, will security or similar equipment be connected to the fire alarm or sprinkler monitoring control panel.
2. New and/or existing control panels installed after the adoption of this ordinance and found to be in violation of this requirement shall be subject to corrective action as determined by the Fire Code Official.

907.1.9 Remote annunciator. A remote annunciator shall be provided at the main entrance, the first suite in a multi-suite building, or in a location as approved by the Fire Code Official. The remote annunciator shall have the capability to silence and reset the system by an approved key located in the Knox box or other approved means.

907.1.10 Alarms. Where fire alarm systems are installed in nonsprinklered buildings, an exterior horn and strobe device shall be installed and located on the address side of the building closest to the location of the remote annunciator. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.170 Amend CBC Section 907.3.1 and Exception 2—Duct smoke detectors.

Section 907.3.1 and Exception 2 of Section 907.3.1 of the California Building Code is amended to read as follows:

907.3.1 Duct smoke detectors. Smoke detectors installed in ducts shall be listed for the air velocity, temperature and humidity present in the duct. Duct smoke detectors shall be connected to the building's fire alarm system or sprinkler monitoring system, when one is installed. Activation of a duct smoke detector shall initiate a visible and

audible supervisory signal at a constantly attended location and shall perform the intended fire safety function in accordance with this code and the California Mechanical Code. Duct smoke detectors shall not be used as a substitute for required open area detection.

Exceptions:

1. The supervisory signal at a constantly attended location is not required where above duct smoke detectors activate the building's alarm notification appliances.
2. In occupancies not required to be equipped with a fire alarm or sprinkler monitoring system, actuation of a duct smoke detector shall activate a visible and an audible signal in an approved location. Duct smoke detector trouble conditions shall activate a visible or audible signal in an approved location and shall be identified as an air duct detector trouble. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.180 Add CBC Section 907.9—Fire alarm upgrade.

Section 907.9 is added to Chapter 9 of the California Building Code to read as follows:

907.9 Fire alarm upgrade. All existing multifamily residential, hotels, motels and high-rise buildings shall upgrade the existing fire alarm system to current code, at the time of replacement of the existing fire alarm control panel. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.190 Add CBC Section 907.10—Smoke removal system.

Section 907.10 is added to Chapter 9 of the California Building Code to read as follows:

907.10 Firefighter smoke removal system. A natural or mechanical Fire Department approved ventilation system for the removal of products of combustion shall be provided above and below grade on every level, at the discretion of the Fire Code Official, and shall consist of one of the following:

1. Panels or windows in the exterior walls which can be opened remotely from an approved location other than the fire floor. Such venting facilities shall be provided at the rate of twenty square feet per lineal feet of exterior wall in each story and shall be distributed around the perimeter at not more than fifty-foot intervals. Such windows or panels and their controls shall be clearly identified.

Exception: When a complete automatic fire extinguishing system is installed, windows or panels manually openable from within the fire floor or approved fixed tempered glass may be used in lieu of the remotely operated openable panels and windows. Such windows shall be clearly identified and shall be of the size and spacing called for above.

2. When a complete and approved automatic fire extinguishing system is installed, the mechanical air-handling equipment may be designed to accomplish smoke removal. Under fire conditions, the return and exhaust air shall be moved directly to the outside without recirculation to other sections of the building. The air-handling system shall provide a minimum of one exhaust air change each ten minutes for the area involved. The system shall utilize a firefighter smoke exhaust panel located at the main entrance to the building or as required by the Fire Code Official and shall be permanently labeled "Fire Department Smoke Evacuation Use Only". Operation of the system shall be by the use of a Knox key switch.
3. Any other design which will produce equivalent results as approved by the Fire Code Official. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.200 Amend CBC Section 910.3—Smoke and heat vents.

Section 910.3 of the California Building Code is amended to read as follows:

910.3 Smoke and heat vents. The design and installation of smoke and heat vents shall be in

accordance with Sections 910.3.1 through 910.3.6. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.210 Add CBC Section 910.3.6—Sprinkler buildings.

Section 910.3.6 is added to Chapter 9 of the California Building Code to read as follows:

910.3.6 Sprinkler buildings. Smoke and heat vents fusible links shall be designed at a minimum of 100 degrees above the temperature rating of the fire sprinklers. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.220 Add CBC Section 912.1.1—Design.

Section 912.1.1 is added to Chapter 9 of the California Building Code to read as follows:

912.1.1 Design. Fire Department connections, where required, shall be provided with a minimum number of two (2) 2-½ inch inlets, regardless of the size of the fire sprinkler system. Where fire protection system demands are in excess of 1,000 gpm, a minimum of four (4) 2-½ inch inlets shall be provided.

Hazardous locations, high-rise buildings or where fire protection system demands are in excess of 2,000 gpm, a second fire department connection utilizing four (4) 2-½ inch inlets may be required at the discretion of the Fire Code Official. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.230 Amend CBC Section 912.2.1—Visible location.

Section 912.2.1 of the California Building Code is amended to read as follows:

912.2.1 Visible location. Fire department connections shall be located on the address side of buildings or structures and shall be within 150 feet of a public fire hydrant, except as required by the Section 507.5.1.1 of the California Fire Code, or as approved by the Fire Code Official. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.240 Amend CBC Section 912.4—Access.

Section 912.4 of the California Building Code is amended to read as follows:

912.4 Access. Immediate access to fire department connections shall be maintained at all times and without obstruction by fences, bushes, trees, walls or other fixed or movable object. Access to fire department connections shall be approved by the Fire Code Official.

Fire department connections, where located in landscaping or other similar areas, shall be provided with a minimum 3-foot concrete pad around the fire department connection, and an approved concrete pathway leading to the fire department connection.

Exceptions:

1. Fences, where provided with an access gate equipped with a sign complying with the legend requirements of Section 912.5 and a means of emergency operation. The gate and the means of emergency operation shall be approved by the fire code official and shall be maintained operational at all times.
2. When acceptable to the fire enforcing agency, fire department connections for Group I-3 detention facilities may be located inside all security walls or fences on the property. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.250 Add CBC Section 1003.8—Protection of means of egress.

Section 1003.8 is added to Chapter 10 of the California Building Code to read as follows:

1003.8 Protection of means of egress. When the Fire Code Official determines that means of egress require protection from possible vehicular damage, crash posts shall be installed in accordance with Section 312 Vehicle Impact Protection of the California Fire Code. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.260 Add CBC Sections 1011.12.3 and 1011.12.4—Stairway to roof.

Sections 1011.12.3 and 1011.12.4 are added to Chapter 10 of the California Building Code to read as follows:

1011.12.3 Ladder. A fixed ladder shall be provided for access to the hatch or trap door.

1011.12.4 Stairway 1. When a stairway to the roof is required, it shall be designated as "Stairway

1." (ORD-25-0019 § 1(Exh. A), 2025)

18.40.270 Amend CBC Section 1208.5—Efficiency dwelling units.

Section 1208.5 of the California Building Code is amended to read as follows:

1208.5 Efficiency dwelling units. As modified pursuant to California Health and Safety Code Section 17958.1, efficiency dwelling units shall comply with the following:

1. The unit for occupancy by no more than two persons shall have a minimum floor area of 150 square feet. An additional 50 square feet of floor area shall be provided for each occupant of such unit in excess of two. The unit shall also comply with Sections 1208.1, 1208.2, and 1208.4.
2. The unit shall be provided with a separate closet.
3. For other than Accessible, adaptable dwelling units, the unit shall be provided with a kitchen sink, cooking appliance and refrigeration facilities, each having a clear working space of not less than 30 inches in front. Light and ventilation conforming to this code shall also be provided.
4. The unit shall be provided with a separate bathroom containing a water closet, lavatory, and bathtub or shower. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.275 Amend CBC Section 1612.2.

Section 1612.2 of the California Building Code is amended to read as follows:

1612.2 Design and construction. The design and construction of buildings and structures in flood hazard areas, including coastal high hazard areas and coastal A zones, shall be in accordance with Chapter 5 of ASCE 7 and ASCE 24.

The design flood elevation (DFE) shall be the greater of the DFE as defined in Chapter 5 of ASCE 7 and/or ASCE 24 and the base flood elevation (BFE) plus twelve (12) inches of flood freeboard and six (6) inches of freeboard to account for future sea-level rise. For buildings and structures with a use or occupancy defined as flood design class 3 or 4, the design flood elevation shall be the greater of the DFE as defined in Chapter 5 of ASCE 7 and/or ASCE 24 and the BFE plus twenty-four (24) inches of flood freeboard and six (6) inches of freeboard to account for future sea-level rise. Elevators, escalators, conveying systems and their components shall conform to ASCE 24 and ASME A17.1/CSA B44 as applicable.

Exception: For buildings and structures with a use or occupancy defined as flood design class 3 and located in flood hazard areas not identified as coastal high hazard areas or coastal A zones, the DFE shall be the greater of the DFE as defined in Chapter 5 of ASCE 7 and/or ASCE 24 and the BFE plus twelve (12) inches of flood freeboard and six (6) inches of freeboard to account for future sea-level rise. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.280 Amend CBC Section 1612.3—Establishment of flood hazard areas.

Section 1612.3 of the California Building Code is amended to read as follows:

1612.3 Establishment of flood hazard areas. To establish flood hazard areas, the City shall adopt a flood hazard map and supporting data. The flood hazard map shall include, at a minimum, areas of special flood hazard as identified by the Federal Emergency Management Agency in an engineering report entitled "The Flood Insurance Study for the City of Long Beach" dated July 6, 1998, as amended or revised with the accompanying Flood Insurance Rate Map (FIRM) and Flood Boundary and Floodway Map (FBFM) and related supporting data along with any revisions thereto. The adopted flood hazard map and supporting data are hereby adopted by reference and declared to be part of this section. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.290 Amend CBC Section 1612.4—Flood hazard documentation.

Section 1612.4 Items 1.1, 1.4 and 2.1 of the California Building Code are amended to read as follows:

1.1 The elevation of the lowest floor, including the basement, as required by the lowest floor elevation inspection in Subsection 18.07.050.A.4 of the Long Beach Municipal Code and for the final inspection in Subsection 18.07.050.A.15 of the Long Beach Municipal Code.

1.4 For dry floodproofed nonresidential buildings, the elevation to which the building is dry floodproofed as required for the final inspection in Subsection 18.07.050.A.15 of the Long Beach Municipal Code.

2.1 The elevation of the bottom of the lowest horizontal structural member as required by the lowest floor elevation inspection in Subsection 18.07.050.A.4 of the Long Beach Municipal Code and for the final inspection in Subsection 18.07.050.A.15 of the Long Beach Municipal Code. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.300 Add CBC Sections 1613.8 and 1613.8.1—Amendments to ASCE 7.

Sections 1613.8 and 1613.8.1 are added to Chapter 16 of the California Building Code to read as follows:

1613.8 Amendments to ASCE 7. The provisions of Section 1613.8 shall be permitted as an amendment to the relevant provisions of ASCE 7.

1613.8.1 Values for Vertical Combinations. Modify ASCE 7 Section 12.2.3.1 Exception 3 as follows:

3. Detached one- and two-family dwellings up to two stories in height of light frame construction. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.310 Add CBC Section 1613.8.2—Wood Diaphragms.

Section 1613.8.2 is added to Chapter 16 of the California Building Code to read as follows:

1613.8.2 Wood Diaphragms. Modify ASCE 7 Section 12.11.2.2.3 as follows:

12.11.2.2.3 Wood Diaphragms. The anchorage of concrete or masonry structural walls to wood diaphragms shall be in accordance with AWC SDPWS 4.1.5.1 and this section. Continuous ties required by this section shall be in addition to the diaphragm sheathing. Anchorage shall not be accomplished by use of toenails or nails subject to withdrawal, nor shall wood ledgers or framing be used in cross-grain bending or cross-grain tension. The diaphragm sheathing shall not be considered effective for providing the ties or struts required by this section.

For structures assigned to Seismic Design Category D, E or F, wood diaphragms supporting concrete or masonry walls shall comply with the following:

1. The spacing of continuous ties shall not exceed 40 feet. Added chords of diaphragms may be used to form subdiaphragms to transmit the anchorage forces to the main continuous crossties.
2. The maximum diaphragm shear used to determine the depth of the subdiaphragm shall not exceed 75% of the maximum diaphragm shear. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.320 Add CBC Section 1613.8.3—Structural separation.

Section 1613.8.3 is added to Chapter 16 of the California Building Code to read as follows:

1613.8.3 Structural Separation. Modify ASCE 7 Section 12.12.2 as follows:

12.12.2 Structural Separation. All portions of the structure shall be designed and constructed to act as an integral unit in resisting seismic forces unless separated structurally by a distance sufficient to avoid damaging contact as set forth in this section.

Separations shall allow for the Design Earthquake Displacements, δ_{DE}, as determined in accordance with Section 12.8.6 and Equation 12.8-16, as modified below:

$$\delta_{DE} = C_d\delta_e + \delta_{di}$$

Adjacent structures on the same property shall be separated by at least δ_{SS}, determined as:

$$\delta_{SS} = \sqrt{(\delta_{DE1})^2 + (\delta_{DE2})^2} \quad (12.12\text{-}2)$$

Where δ_{DE1} and δ_{DE2} are the Design Earthquake Displacements of the adjacent structures at their adjacent edges. Where a structure adjoins a property line not common to a public way, the structure shall be set back from the property line by at least the displacement δ_{DE} of that structure.

EXCEPTION: Smaller separations or property line setbacks are permitted where justified by rational analysis based on inelastic response to design ground motions. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.330 Add CBC Section 1613.9—Suspended ceiling.

Section 1613.9 is added to Chapter 16 of the California Building Code to read as follows:

1613.9 Suspended Ceilings. Minimum design and installation standards for suspended ceilings shall be determined in accordance with the requirements of Section 2506.2.1 of this code and this section.

1613.9.1 Scope. This part contains special requirements for suspended ceilings and lighting systems. Provisions of Section 13.5.6 of ASCE 7 shall apply except as modified herein.

1613.9.2 General. The suspended ceilings and lighting systems shall be limited to 6 feet (1,828 mm) below the structural deck unless the lateral bracing is designed by a registered design professional.

1613.9.3 Sprinkler Heads. All sprinkler heads (drops) except fire-resistance-rated floor/ceiling or roof/ceiling assemblies, shall be designed to allow for free movement of the sprinkler pipes with oversize rings, sleeves or adaptors through the ceiling tile. Sprinkler heads and other penetrations shall have a 2 inch (50 mm) oversize ring, sleeve, or adapter through the ceiling tile to allow for free movement of at least 1 inch (25 mm) in all horizontal directions. Alternatively, a swing joint that can accommodate 1 inch (25 mm) of ceiling movement in all horizontal directions is permitted to be provided at the top of the sprinkler head extension.

Sprinkler heads penetrating fire-resistance-rated floor/ceiling or roof/ceiling assemblies shall comply with Section 714 of this code.

1613.9.4 Special Requirements for Means of Egress. Suspended ceiling assemblies located along means of egress serving an occupant load of 30 or more and lobbies accessory to Group A Occupancies shall comply with the following provisions.

1613.9.4.1 General. Ceiling suspension systems shall be connected and braced with vertical hangers attached directly to the structural deck along the means of egress. Spacing of vertical hangers shall not exceed 2 feet (610 mm) on center along the entire length of the suspended ceiling assembly located along the means of egress or at the lobby.

1613.9.4.2 Assembly Device. All lay-in panels shall be secured to the suspension ceiling assembly with two hold-down clips minimum for each tile within a 4-foot (1,219 mm) radius of the exit lights and exit signs.

1613.9.4.3 Emergency Systems. Independent supports and braces shall be provided for light fixtures required for exit illumination. Power supply for exit illumination shall comply with the requirements of Section 1008.3 of this code.

1613.9.4.4 Supports for Appendage. Separate support from the structural deck shall be provided for all appendages such as light fixtures, air diffusers, exit signs, and similar elements. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.340 Amend CBC Section 1704.6—Structural observations.

Section 1704.6 of the California Building Code is amended to read as follows:

1704.6 Structural observations. Where required by the provisions of Section 1704.6.1, the owner or the owner's authorized agent shall employ a structural observer to perform structural observations. The structural observer shall visually observe representative locations of structural systems, details and load paths for general

conformance to the approved construction documents. Structural observation does not include or waive the responsibility for the inspections or special inspections in Chapter 18.07 of the Long Beach Municipal Code or the special inspections in Section 1705 or other sections of this code. The structural observer shall be one of the following individuals:

1. The registered design professional responsible for the structural design, or
2. A registered design professional designated by the registered design professional responsible for the structural design.

Prior to the commencement of observations, the structural observer shall submit to the Building Official a written statement identifying the frequency and extent of structural observations.

The owner or owner's representative shall coordinate and call a preconstruction meeting between the structural observer, contractors, affected subcontractors and special inspectors. The structural observer shall preside over the meeting. The purpose of the meeting shall be to identify the major structural elements and connections that affect the vertical and lateral load resisting systems of the structure and to review scheduling of the required observations. A record of the meeting shall be included in the report submitted to the Building Official.

Observed deficiencies shall be reported in writing to the owner or owner's representative, special inspector, contractor and the Building Official. Upon the form prescribed by the Building Official, the structural observer shall submit to the Building Official a written statement at each significant construction stage stating that the site visits have been made and identifying any reported deficiencies which, to the best of the structural observer's knowledge, have not been resolved. A final report by the structural observer which states that all observed deficiencies have been resolved is required before acceptance of the work by the Building Official. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.350 Amend CBC Section 1704.6.1—Structural observations for structures.

Section 1704.6.1 of the California Building Code is amended to read as follows:

1704.6.1 Structural observations for structures. Structural observations shall be provided for those structures where one or more of the following conditions exist:

1. The structure is classified as Risk Category III or IV.
2. The structure is a high-rise building.
3. A lateral design is required for the structure or portion thereof.

   Exception: One-story wood framed Group R-3 and Group U Occupancies less than 2,000 square feet in area, provided the adjacent grade is not steeper than 1 unit vertical in 10 units horizontal (10% sloped), assigned to Seismic Design Category D.
4. Such observation is required by the registered design professional responsible for the structural design.
5. Such observation is specifically required by the City's building official. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.360 Amend CBC Section 1705.3—Concrete construction.

Section 1705.3 of the California Building Code is amended to read as follows:

1705.3 Concrete Construction. Special inspections and tests of concrete construction shall be performed in accordance with this section and Table 1705.3.

Exceptions: Special inspections and tests shall not be required for:

1. Isolated spread concrete footings of buildings three stories or less above grade plane that are fully supported on earth or rock, where the structural design of the footing is based on a specified compressive strength, f'c, no greater than 2,500 pounds per square inch (psi) (17.2 Mpa) regard-

less of the compressive strength specified in the construction documents or used in the footing construction.

2. Continuous concrete footings supporting walls of buildings three stories or less above grade plane that are fully supported on earth or rock where:

2.1. The footings support walls of light-frame construction;

2.2. The footings are designed in accordance with Table 1809.7; or

2.3. The structural design of the footing is based on a specified compressive strength, f'c, no greater than 2,500 pounds per square inch (psi) (17.2 Mpa), regardless of the compressive strength specified in the construction documents or used in the footing construction.

3. Nonstructural concrete slabs supported directly on the ground, including prestressed slabs on grade, where the effective prestress in the concrete is less than 150 psi (1.03 Mpa).

4. Concrete patios, driveways and sidewalks, on grade. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.370 Amend CBC Section 1705.13—Special inspections for seismic resistance.

Exception 3 of Section 1705.13 of the California Building Code is amended to read as follows:

3. The structure is a detached one- or two-family dwelling not exceeding two stories above grade plane, is not assigned to Seismic Design Category D, E or F and does not have any of the following horizontal or vertical irregularities in accordance with Section 12.3 of ASCE 7:

3.1 Torsional or extreme torsional irregularity.

3.2 Nonparallel systems irregularity.

3.3 Stiffness-soft story or stiffness-extreme soft story irregularity.

3.4 Discontinuity in lateral strength-weak story irregularity. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.380 Amend CBC Section 1707.1—Alternative test procedure.

Section 1707.1 of the California Building Code is amended by changing the reference to "Section 104.2.3" to read "Section 18.03.060 of the Long Beach Municipal Code." (ORD-25-0019 § 1(Exh. A), 2025)

18.40.390 Amend CBC Section 1807.1.4—Permanent wood foundation systems.

Section 1807.1.4 of the California Building Code is amended to read as follows:

1807.1.4 Permanent wood foundation systems. Permanent wood foundation systems shall be designed and installed in accordance with ACW PWF. Lumber and plywood shall be preservative treated in accordance with AWPA U1 (Commodity Specification A, Special Requirement 4.2) and shall be identified in accordance with Section 2303.1.9.1. Permanent wood foundation systems shall not be used for structures assigned to Seismic Design Category D, E or F. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.400 Amend CBC Section 1807.1.6—Prescriptive design of concrete and masonry foundation walls.

Section 1807.1.6 of the California Building Code is amended to read as follows:

1807.1.6 Prescriptive design of concrete and masonry foundation walls. Concrete and masonry foundation walls that are laterally supported at the top and bottom shall be permitted to be designed and constructed in accordance with this section. Prescriptive design of foundation walls shall not be used for structures assigned to Seismic Design Category D, E or F. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.410 Amend CBC Section 1807.2—Retaining walls.

Section 1807.2 of the California Building Code is amended to read as follows:

1807.2 Retaining walls. Retaining walls shall be designed in accordance with Sections 1807.2.1 through 1807.2.5. Retaining walls assigned to Seismic Design Category D, E or F shall not be partially or wholly constructed of wood. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.420 Amend CBC Section 1807.3.1—Limitations.

Section 1807.3.1 of the California Building Code is amended to read as follows:

1807.3.1 Limitations. The design procedures outlined in this section are subject to the following limitations:

1. The frictional resistance for structural walls and slabs on silts and clays shall be limited to one-half of the normal force imposed on the soil by the weight of the footing or slab.

2. Posts embedded in earth shall not be used to provide lateral support for structural or nonstructural materials such as plaster, masonry or concrete unless bracing is provided that develops the limited deflection required.

Wood poles shall be treated in accordance with AWPA U1 for sawn timber posts (Commodity Specification A, Use Category 4B) and for round timber posts (Commodity Specification B, Use Category 4B). Wood poles and posts embedded in direct contact with soil shall not be used for structures assigned to Seismic Design Category D, E or F.

Exception: Wood poles and posts embedded in direct contact with soil may be used to support nonhabitable, nonoccupiable structures such as fences when approved by the Building Official. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.430 Amend CBC Section 1809.3—Stepped footings.

Section 1809.3 of the California Building Code is amended to read as follows:

1809.3 Stepped footings. The top surface of footings shall be level. The bottom surface of footings shall be permitted to have a slope not exceeding one unit vertical in 10 units horizontal (10-percent slope). Footings shall be stepped where it is necessary to change the elevation of the top surface of the footing or where the surface of the ground slopes more than one unit vertical in 10 units horizontal (10-percent slope).

For structures assigned to Seismic Design Category D, E or F, the stepping requirement shall also apply to the top surface of grade beams supporting walls. Footings shall be reinforced with four 1/2-inch diameter (12.7 mm) deformed reinforcing bars. Two bars shall be place at the top and bottom of the footings as shown in Figure 1809.3.

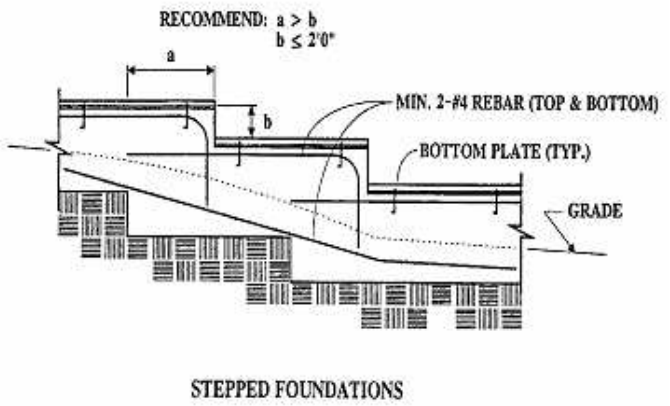

FIGURE 1809.3
STEPPED FOOTING
(ORD-25-0019 § 1(Exh. A), 2025)

18.40.440 Amend CBC Section 1809.7 and Table 1809.7—Prescriptive footings for light-frame construction.

Section 1809.7 and Table 1809.7 of the California Building Code are amended to read as follows:

1809.7 Prescriptive footings for light-frame construction. Where a specific design is not provided, concrete or masonry-unit footings supporting walls of light-frame construction shall be permitted to be designed in accordance with Table 1809.7. Light-frame construction using prescriptive footings in Table 1809.7 shall not exceed one story above grade plane for structures assigned to Seismic Design Category D, E or F.

TABLE 1809.7
PRESCRIPTIVE FOOTINGS SUPPORITNG WALLS OF LIGHT-FRAME CONSTRUCTION a, b, c, d, e

NUMBER OF FLOORS SUPPORTED BY THE FOOTING[f]	WIDTH OF FOOTING (inches)	THICKNESS OF FOOTING (inches)
1	12	6
2	15	6
3	18	8

For SI: 1 inch = 25.4 mm, 1 foot = 304.8 mm
a. Depth of footings shall be in accordance with Section 1809.4.
b. The ground under the floor shall be permitted to be excavated to the elevation of the top of the footing.
c. Not Adopted.
d. See Section 1908 for additional requirements for concrete footings of structures assigned to Seismic Design Category C, D, E or F.
e. For thickness of foundation walls, see Section 1807.1.6.
f. Footings shall be permitted to support a roof addition to the stipulated number of floors. Footings supporting roof only shall be as required for supporting one floor.
(ORD-25-0019 § 1(Exh. A), 2025)

18.40.450 Amend CBC Section 1809.12—Timber footings.

Section 1809.12 of the California Building Code is amended to read as follows:

1809.12 Timber footings. Timber footings shall be permitted for buildings of Type V construction and as otherwise approved by the Building Official. Such footings shall be treated in accordance with AWPA U1 (Commodity Specification A, Use Category 4B). Treated timbers are not required where placed entirely below permanent water level, or where used as capping for wood piles that project above the water level over submerged or marsh lands. The compressive stresses perpendicular to grain in untreated timber footings supported on treated piles shall not exceed 70 percent of the allowable stresses for the species and grade of timber as specified in the ANSI/AWC NDS. Timber footings shall not be used in structures assigned to Seismic Design Category D, E or F. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.460 Amend CBC Section 1810.3.2.4—Timber.

Section 1810.3.2.4 of the California Building Code is amended to read as follows:

1810.3.2.4 Timber. Timber deep foundation elements shall be designed as piles or poles in accordance with ANSI/AWC NDS. Round timber elements shall conform to ASTM D 25. Sawn timber elements shall conform to DOC PS-20. Timber deep foundation elements shall not be used in structures assigned to Seismic Design Category D, E or F. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.470 Amend CBC Section 1905.6.2—Seismic design categories C, D, E and F.

Section 1905.6.2 of the California Building Code is amended to read as follows:

1905.6.2 Seismic design categories C, D, E and F. Structures assigned to Seismic Design Category C, D, E or F shall not have elements of structural plain concrete, except as follows:

1. Concrete used for fill with a minimum cement content of two (2) sacks of Portland cement or cementious material per cubic yard.

2. Isolated footings of plain concrete supporting pedestals or columns are permitted, provided the projection of the footing beyond the face of the supported member does not exceed the footing thickness.

3. Plain concrete footings supporting walls are permitted provided the footings have at least two continuous longitudinal reinforcing bars. Bars shall not be smaller than No. 4 and shall have a total area of not less than 0.002 times the gross cross-sectional area of the footing. A minimum of one bar shall be provided at the top and bottom of the footing. Continuity of reinforcement shall be

provided at corners and intersections. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.480 Add CBC Sections 1905.8 through 1905.10, Modifications to ACI 318.

Sections 1905.8 through 1905.10 are added to Chapter 19 of the California Building Code to read as follows:

1905.8 ACI 318, Section 18.7.5. Modify ACI 318, Section 18.7.5, by adding Section 18.7.5.8 and 18.7.5.9 as follows:

18.7.5.8 Where the calculated point of contraflexure is not within the middle half of the member clear height, provide transverse reinforcement as specified in ACI 318 Section 18.7.5.1, Items (a) through (c), over the full height of the member.

18.7.5.9 At any section where the design strength, $_{\varphi}P_n$, of the column is less than the sum of the shears V_e computed in accordance with ACI 318 Sections 18.7.6.1 and 18.6.5.1 for all the beams framing into the column above the level under consideration, transverse reinforcement as specified in ACI 318 Sections 18.7.5.1 through 18.7.5.3 shall be provided. For beams framing into opposite sides of the column, the moment components are permitted to be assumed to be of opposite sign. For the determination of the design strength, $_{\varphi}P_n$, of the column, these moments are permitted to be assumed to result from the deformation of the frame in any one principal axis.

1905.9 ACI 318, Section 18.10.4. Modify ACI 318, Section 18.10.4, by adding Section 18.10.4.7 as follows:

18.10.4.7 Walls and portions of walls with Pu > 0.35 Po shall not be considered to contribute to the calculated shear strength of the structure for resisting earthquake-induced forces. Such walls shall conform to the requirements of ACI 318 Section 18.14.

1905.10 ACI 318, Section 18.12.6. Modify ACI 318, by adding Section 18.12.6.2 as follows:

18.12.6.2 Collector and boundary elements in topping slabs placed over precast floor and roof elements shall not be less than 3 inches (76 mm) or 6 db in thickness, where db is the diameter of the largest reinforcement in the topping slab. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.490 Amend CBC Section 2304.10.2—Fastener requirements.

Section 2304.10.2 of the California Building Code is amended to read as follows:

2304.10.2 Fastener requirements. Connections for wood members shall be designed in accordance with the appropriate methodology in Section 2302.1. The number and size of fasteners connecting wood members shall not be less than that set forth in Table 2304.10.2. Staple fasteners in Table 2304.10.2 shall not be used to resist or transfer seismic forces in structures assigned to Seismic Design Category D, E or F.

Exception: Staples may be used to resist or transfer seismic forces when the allowable shear values are substantiated by cyclic testing and approved by the Building Official. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.500 Add CBC Section 2304.10.3.1—Quality of nails.

Section 2304.10.3.1 is added to Chapter 23 of the California Building Code to read as follows:

2304.10.3.1 Quality of Nails. In Seismic Design Category D, E or F, mechanically driven nails used in wood structural panel shear walls shall meet the same dimensions as that required for hand-driven nails, including diameter, minimum penetration and minimum head diameter. Clipped head or box nails are not permitted in new construction. The allowable design value for clipped head nails in existing construction shall be multiplied by the nail-head-area ratio of the clipped head nails to that of the same size hand-driven nails. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.510 Amend CBC Section 2304.12.2.8—Wood used in retaining walls and cribs.

Section 2304.12.2.8 of the California Building Code is amended to read as follows:

2304.12.2.8 Wood used in retaining walls and cribs. Wood installed in retaining or crib walls shall be preservative treated in accordance with AWPA U1 for soil and fresh water use. Wood shall not be used in retaining or crib walls for structures assigned to Seismic Design Category D, E or F. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.520 Add CBC Section 2305.4—Hold-down connectors.

Section 2305.4 is added to Chapter 23 of the California Building Code to read as follows:

2305.4 Hold-down connectors. In Seismic Design Category D, E or F, hold-down connectors shall be designed to resist shear wall overturning moments using approved cyclic load values or 75 percent of the allowable seismic load values that do not consider cyclic loading of the product. Connector bolts into wood framing shall require steel plate washers on the post on the opposite side of the anchorage device. Plate size shall be a minimum of 0.229 inch by 3 inches by 3 inches (5.82 mm by 76 mm by 76 mm) in size. Hold-down connectors shall be tightened to finger tight plus one-half (1/2) wrench turn just prior to covering the wall framing. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.530 Amend CBC Section 2306.2—Wood-frame diaphragms.

Section 2306.2 of the California Building Code is amended to read as follows:

2306.2 Wood-frame diaphragms. Wood-frame diaphragms shall be designed and constructed in accordance with ANSI/AWC SDPWS. Where panels are fastened to framing members with staples, requirements and limitations of ANSI/AWC SDPWS shall be met and the allowable shear values set forth in Table 2306.2(1) or 2306.2(2) shall only be permitted for structures assigned to Seismic Design Category A, B, or C.

Exception: Allowable shear values where panels are fastened to framing members with staples may be used if such values are substantiated by cyclic testing and approved by the building official.

The allowable shear values in Tables 2306.2(1) and 2306.2(2) are permitted to be increased 40 percent for wind design.

Wood structural panels used to resist seismic diaphragm forces in structures assigned to Seismic Design Category D, E or F shall be applied directly to the framing members.

Exception: Wood structural panels are permitted to be fastened over solid lumber planking or laminated decking, provided the panel joints and lumber planking or laminated decking joints do not coincide. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.540 Amend CBC Section 2306.3—Wood-frame shear walls.

Section 2306.3 of the California Building Code is amended to read as follows:

2306.3 Wood-frame shear walls. Wood-frame shear walls shall be designed and constructed in accordance with ANSI/AWC SDPWS. For structures assigned to Seismic Design Category D, E, or F, application of Table 4.3A of ANSI/AWC SDPWS shall include the following:

1. Wood structural panel thickness for shear walls shall not be less than 3/8 inch thick and studs shall not be spaced at more than 16 inches on center.
2. The maximum nominal unit shear capacities for 3/8 inch wood structural panels resisting seismic forces in structures assigned to Seismic Design Category D, E or F is 400 pounds per linear foot (plf).

   Exception: Other nominal unit shear capacities may be permitted if such values are substantiated by cyclic testing and approved by the building official.
3. Nails shall be placed not less than 1/2-inch in from the panel edges and not less than 3/8-inch from the edge of the connecting members for shear greater than 350 plf using ASD or 500 plf using LRFD. Nails

shall be placed not less than 3/8-inch from panel edges and not less than 1/4-inch from the edge of the connecting members for shears of 350 plf or less using ASD or 500 plf or less using LRFD.

For structures assigned to Seismic Design Category D, E, or F, application of Table 4.3B of ANSI/AWC SDPWS shall not be allowed.

For structures assigned to Seismic Design Category D, E, or F, application of Table 4.3C of AWC SDPWS shall not be used below the top level in a multi-level building for structures.

Where panels are fastened to framing members with staples, requirements and limitations of AWC SDPWS shall be met and the allowable shear values set forth in Tables 2306.3(1), 2306.3(2) or 2306.3(3) shall only be permitted for structures assigned to Seismic Design Category A, B, or C.

Exception: Allowable shear values where panels are fastened to framing members with staples may be used if such values are substantiated by cyclic testing and approved by the building official.

The allowable shear values in Tables 2306.3(1) and 2306.3(2) are permitted to be increased 40 percent for wind design. Panels complying with ANSI/APA PRP-210 shall be permitted to use design values for Plywood Siding in the ANSI/AWC SDPWS. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.550 Add CBC Section 2307.2—Wood-frame shear walls.

Section 2307.2 is added to the California Building Code to read as follows:

2307.2 Wood-frame shear walls. Wood-frame shear walls shall be designed and constructed in accordance with Section 2306.3 as applicable. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.560 Amend CBC Table 2308.10.1—Wall bracing requirements.

Table 2308.10.1 of the California Building Code is amended to read as follows:

TABLE 2308.10.1— WALL BRACING REQUIREMENTS[a]

SEISMIC DESIGN CATEGORY	STORY CONDITION (SEE SECTION 2308.2)	MAXIMUM SPACING OF BRACED WALL LINES	BRACED PANEL LOCATION, SPACING (O.C.) AND MINIMUM PERCENTAGE (X)			MAXIMUM DISTANCE OF BRACED WALL PANELS FROM EACH END OF BRACED WALL LINE
			Bracing method[b]			
			LIB	DWB, WSP	SFB, PBS, PCP, HPS, GB[c, d]	
A and B		35′- 0″	Each end and ≤ 25′- 0″ o.c.	Each end and ≤ 25′- 0″ o.c.	Each end and ≤ 25′- 0″ o.c.	12′- 6″
		35′- 0″	Each end and ≤ 25′- 0″ o.c.	Each end and ≤ 25′- 0″ o.c.	Each end and ≤ 25′- 0″ o.c.	12′- 6″
		35′- 0″	NP	Each end and ≤ 25′- 0″ o.c.	Each end and ≤ 25′- 0″ o.c.	12′- 6″
C		35′- 0″	NP	Each end and ≤ 25′- 0″ o.c.	Each end and ≤ 25′- 0″ o.c.	12′- 6″
		35′- 0″	NP	Each end and ≤ 25′- 0″ o.c. (minimum 25% of wall length)[e]	Each end and ≤ 25′- 0″ o.c. (minimum 25% of wall length)[e]	12′- 6″
D and E[f, g, h]		25′- 0″	NP	$S_{DS} < 0.50$: Each end and ≤ 25′- 0″ o.c. (minimum 21% of wall length)[e]	$S_{DS} < 0.50$: Each end and ≤ 25′- 0″ o.c. (minimum 43% of wall length)[e]	8′- 0″

				$S_{DS} > 1.00$: Each end and ≤ 25′- 0″ o.c. (minimum 48% of wall length)[e]	$S_{DS} > 1.00$: Each end and ≤ 25′- 0″ o.c. (minimum 100% of wall length)[e]	

For SI: 1 inch = 25.4 mm, 1 foot = 304.8 mm.
NP = Not Permitted.

a. This table specifies minimum requirements for braced wall panels along interior or exterior braced wall lines.
b. See Section 2308.6.3 for full description of bracing methods.
c. For Method GB, gypsum wallboard applied to framing supports that are spaced at 16 inches on center.
d. The required lengths shall be doubled for gypsum board applied to only one face of a braced wall panel.
e. Percentage shown represents the minimum amount of bracing required along the building length (or wall length if the structure has an irregular shape).
f. DWB, SFB, PBS, and HPS wall braces are not permitted in Seismic Design Categories D or E.
g. Minimum length of panel bracing of one face of the wall for WSP sheathing shall be at least 4'-0" long or both faces of the wall for GB or PCP sheathing shall be at least 8'-0" long: h/w ratio shall not exceed 2:1. Wall framing to which sheathing used for bracing is applied shall be nominal 2 inch wide factual 1½-inch (38 mm) or larger members and spaced a maximum of 16 inches on center. Braced wall panel construction types shall not be mixed within a braced wall line.
h. WSP sheathing shall be a minimum of 15/32" thick nailed with 8d common placed ⅜ inches from panel edges and spaced not more than 6 inches on center and 12 inches on center along intermediate framing members.

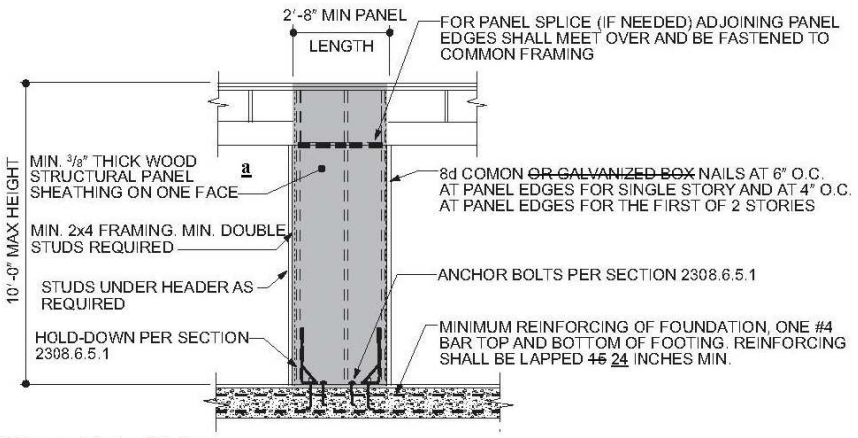
(ORD-25-0019 § 1(Exh. A), 2025)

18.40.570 Amend CBC Section 2308.10.5.1 and Figure 2308.10.5.1—Alternate braced wall (ABW).

Section 2308.10.5.1 and Figure 2308.10.5.1 of the California Building Code are amended to read as follows:

2308.10.5.1 Alternate braced wall (ABW). An ABW shall be constructed in accordance with this section and Figure 2308.10.5.1. In one-story buildings, each panel shall have a length of not less than 2 feet 8 inches (813 mm) and a height of not more than 10 feet (3,048 mm). Each panel shall be sheathed on one face with 3/8-inch (3.2 mm) minimum-thickness wood structural panel sheathing nailed with 8d common or galvanized box nails in accordance with Table 2304.10.1 and blocked at wood structural panel edges. For structures assigned to Seismic Design Category D or E, each panel shall be sheathed on one face with 15/32-inch-minimum-thickness (11.9 mm) wood structural panel sheathing nailed with 8d common nails spaced 3 inches on panel edges, 3 inches at intermediate supports. Two anchor bolts installed in accordance with Section 2308.7.1 shall be provided in each panel. Anchor bolts shall be placed at each panel outside quarter points. Each panel end stud shall have a hold-down device fastened to the foundation, capable of providing an approved uplift capacity of not less than 1,800 pounds (8,006 N). The hold-down device shall be installed in accordance with the manufacturer's recommendations. The ABW shall be supported directly on a foundation or on floor framing supported directly on a foundation that is continuous across the entire length of the braced wall line. This foundation shall be reinforced with not less than one No. 4 bar top and bottom. Where the continuous foundation is required to have a depth greater than 12 inches (305 mm), a minimum 12-inch by 12-inch (305 mm by 305 mm) continuous footing is permitted at door openings in the braced wall line. This continuous footing shall be reinforced with not less than one No. 4 bar top and bottom. This reinforcement shall be lapped 24 inches (610 mm) with the reinforcement required in the continuous foundation located directly under the braced wall line.

Where the ABW is installed at the first story of two-story buildings, the wood structural panel sheathing shall be provided on both faces, three anchor bolts shall be placed at one-quarter points and tie-down device uplift capacity shall be not less than 3,000 pounds (13,344 N).



For SI: 1 inch = 25.4 mm, 1 foot = 304.8 mm.

a. For structures assigned to Seismic Design Category D or E, sheathed on one face with 15/32-inch-minimum-thickness (11.9 mm) wood structural panel sheathing.

FIGURE 2308.10.5.1—ALTERNATE BRACED WALL PANEL (ABW)

(ORD-25-0019 § 1(Exh. A), 2025)

18.40.580 Amend CBC Section 2308.10.5.2 and Figure 2308.10.5.2—Portal frame with hold-downs (PFH).

Section 2308.10.5.2 and Figure 2308.10.5.2 of the California Building Code are amended to read as follows:

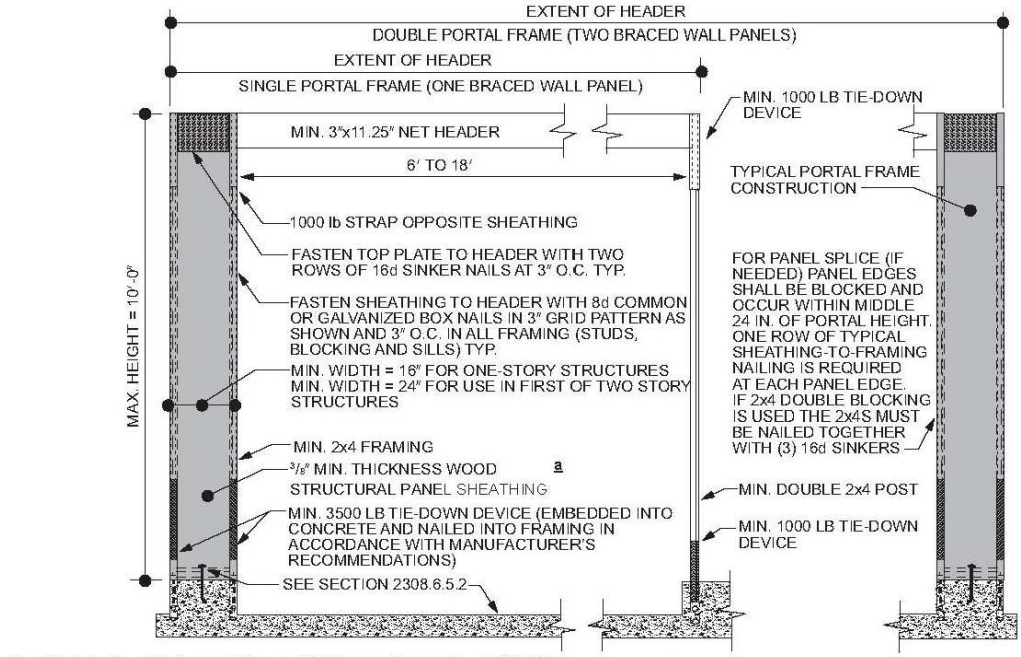
2308.10.5.2 Portal frame with hold-downs (PFH). A PFH shall be constructed in accordance with this section and Figure 2308.10.5.2. The adjacent door or window opening shall have a full-length header.

In one-story buildings, each panel shall have a length of not less than 16 inches (406 mm) and a height of not more than 10 feet (3,048 mm). Each panel shall be sheathed on one face with a single layer of 3/8-inch (9.5 mm) minimum-thickness wood structural panel sheathing nailed with 8d common or galvanized box nails in accordance with Figure 2308.10.5.2. For structures assigned to Seismic Design Category D or E, each panel shall be sheathed on one face with 15/32-inch minimum thickness (11.9 mm) wood structural panel sheathing nailed with 8d common nails spaced 3 inches on panel edges, 3 inches at intermediate supports and in accordance with Figure 2308.10.5.2. The wood structural panel sheathing shall extend up over the solid sawn or glued-laminated header and shall be nailed in accordance with Figure 2308.10.5.2. A built-up header consisting of at least two 2-inch by 12-inch (51 mm by 305 mm) boards, fastened in accordance with Item 26 of Table 2304.10.2 shall be permitted to be used. A spacer, if used, shall be placed on the side of the built-up beam opposite the wood structural panel sheathing. The header shall extend between the inside faces of the first full-length outer studs of each panel. The clear span of the header between the inner studs of each panel shall be not less than 6 feet (1,829 mm) and not more than 18 feet (5,486 mm) in length. A strap with an uplift capacity of not less than 1,000 pounds (4,400 N) shall fasten the header to the inner studs opposite the sheathing. One anchor bolt not less than 5/8-inch (15.9 mm) diameter and installed in accordance with Section 2308.7.1 shall be provided in the center of each sill plate. The studs at each end of the panel shall have a hold-down device fastened to the foundation with an uplift capacity of not less than 3,500 pounds (15,570 N).

Where a panel is located on one side of the opening, the header shall extend between the inside face of the first full-length stud of the panel and the bearing studs at the other end of the opening. A strap with an uplift capacity of not less than 1,000 pounds (4,400 N) shall fasten the header to the bearing studs. The bearing studs shall also have a hold-down device fastened to the foundation with an uplift capacity of not less than 1,000 pounds (4,400 N). The hold-down devices shall be an embedded strap type, installed in accordance with the manufacturer's recommendations. The PFH panels shall be supported directly on a foundation that is continuous across the entire length of the braced wall line. This foundation shall be reinforced with not less than one No. 4 bar top and bottom. Where the continuous foundation is required to have a depth greater than 12 inches (305 mm), a minimum 12-inch by 12-inch (305 mm by 305 mm) continuous footing is permitted at door openings in the braced wall line. This continuous footing shall be reinforced with not less than one No. 4 bar top and bottom. This reinforcement shall be lapped not less than 24 inches (610 mm) with the reinforcement required in the continuous foundation located directly under the braced wall line.

Where a PFH is installed at the first story of two-story buildings, each panel shall have a length of not less than 24 inches (610 mm).

FIGURE 2308.10.5.2—PORTAL FRAME WITH HOLD-DOWNS (PFH)



For SI: 1 inch = 25.4 mm, 1 foot = 304.8 mm, 1 pound = 4.448 N.

a. For structures assigned to Seismic Design Category D or E, sheathed on one face with 15/32-inch-minimum-thickness (11.9 mm) wood structural panel sheathing.

(ORD-25-0019 § 1(Exh. A), 2025)

18.40.590 Amend CBC Section 2308.10.8.1—Foundation requirements.

Section 2308.10.8.1 of the California Building Code is amended to read as follows:

2308.10.8.1 Foundation requirements. Braced wall lines shall be supported by continuous foundations.

Exception: For structures with a maximum plan dimension not over 50 feet (15,240 mm), continuous foundations are required at exterior walls only for structures assigned to Seismic Design Category A, B or C.

For structures in Seismic Design Categories D and E, exterior braced wall panels shall be in the same plane vertically with the foundation or the portion of the structure containing the offset shall be designed in accordance with accepted engineering practice and Section 2308.3. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.600 Amend CBC Section 2308.10.9—Attachment of sheathing.

Section 2308.10.9 of the California Building Code is amended to read as follows:

2308.10.9 Attachment of sheathing. Fastening of braced wall panel sheathing shall not be less than that prescribed in Tables 2308.10.1 or 2304.10.2. Wall sheathing shall not be attached to framing members by adhesives. Staple fasteners in Table 2304.10.2 shall not be used to resist or transfer seismic forces in structures assigned to Seismic Design Category D, E or F.

Exception: Staples may be used to resist or transfer seismic forces when the allowable shear values are substantiated by cyclic testing and approved by the Building Official.

All braced wall panels shall extend to the roof sheathing and shall be attached to parallel roof rafters or blocking above with framing clips (18 gauge minimum) spaced at a maximum of 24

inches (6,096 mm) on center with four 8d nails per leg (total eight 8d nails per clip, minimum). Braced wall panels shall be laterally braced at each top corner and at intervals not to exceed 24 inches (6,096 mm) along the top plate of discontinuous vertical framing. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.610 Amend CBC Section 2503.1—Inspection.

Section 2503.1 of the California Building Code is amended to read as follows:

2503.1 Inspection. Lath and gypsum panel products shall be inspected in accordance with Section 18.07.050 of the Long Beach Municipal Code. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.620 Amend CBC Section 3007.6.1—Access to interior exit stairway or ramp.

Section 3007.6.1 of the California Building Code is amended to read as follows:

3007.6.1 Access to interior exit stairway or ramp. The enclosed fire service access elevator lobby shall have direct access from the enclosed elevator lobby to a smokeproof enclosure with an interior exit stairway or ramp complying with Section 909.20.

Exception: Access to a smokeproof enclosure with an interior exit stairway or ramp shall be permitted to be through a protected path of travel that has a level of fire protection not less than the elevator lobby enclosure. The wall and floor/ceiling assemblies of the protected path shall comply with the requirements of Section 3007.6.2 and doors opening into the protected path shall comply with the requirements of Section 3007.6.3. The protected path shall be separated from the enclosed elevator lobby through an opening protected by a smoke and draft control assembly in accordance Section 716.2.2.1. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.630 Amend CBC Section 3114.1—General.

Section 3114.1 of the California Building Code is amended to read as follows:

3114.1 General. The provisions of Section 3114 and other applicable sections of this code shall apply to intermodal shipping containers that are repurposed for use as buildings or structures, or as a part of buildings or structures.

Exceptions:

1. Intermodal shipping containers previously approved as existing relocatable buildings complying with Chapter 14 of the California Existing Building Code.
2. Stationary battery storage arrays located in intermodal shipping containers complying with Chapter 12 of the California Fire Code.
3. Intermodal shipping containers that are listed as equipment complying with the standard for equipment, such as air chillers, engine generators, modular data centers, and other similar equipment.
4. Intermodal shipping containers housing or supporting experimental equipment are exempt from the requirements of Section 3114, provided they comply with all of the following:
   - 4.1. Such units will be single stand-alone units supported at grade level and used only for occupancies as specified under Risk Category I in Table 1604.5.
   - 4.2. Such units are located a minimum of 8 feet (2,438 mm) from adjacent structures, and are not connected to a fuel gas system or fuel gas utility.
   - 4.3. In hurricane-prone regions and flood hazard areas, such units are designed in accordance with the applicable provisions of Chapter 16.
5. [HCD] Shipping containers constructed or converted off-site that meet the definition of Factory-built Housing in Health and Safety Code Section 19971 or Commer-

cial Modular(s) as defined in Health and Safety Code Section 18001.8 shall be approved by the Department of Housing and Community Development.

6. Single-unit stand-alone intermodal shipping containers used as temporary storage or as construction trailers on active construction sites. Construction support facilities for uses and activities not directly associated with the actual processes of construction, including but not limited to, offices, meeting rooms, plan rooms, other administrative or support functions shall not be exempt from Section 3114. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.635 Amend CBC Section 3114.2—Construction documents.

Section 3114.2 of the California Building Code is amended to read as follows:

3114.2 Construction documents. The construction documents shall contain information to verify the dimensions and establish the physical properties of the steel components and wood floor components of the intermodal shipping container, in addition to the information required by Chapter 18.05 of the Long Beach Municipal Code and Section 1603. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.640 Amend CBC Section 3114.8.4.2—Seismic design parameters.

Section 3114.8.4.2 of the California Building Code is amended to read as follows:

3114.8.4.2 Seismic design parameters. The seismic force-resisting system shall be designed and detailed in accordance with ASCE 7 and one of the following:

1. Where all or portions of the profiled steel panel elements are considered to be the seismic force-resisting system, design and detailing shall be in accordance with AISI S100 and ASCE 7, Table 12.2-1 requirements for steel systems not specifically detailed for seismic resistance, excluding cantilevered column systems.

2. Where all or portions of the profiled steel panel elements are not considered to be part of the seismic force-resisting system, an independent seismic force-resisting system shall be selected and detailed in accordance with ASCE 7 Table 12.2-1.

3. Where all or portions of the profiled steel elements are retained and integrated into a seismic force-resisting system other than as permitted by Section 3115.8.4.2 Item 1, seismic design parameters shall be developed from testing and analysis in accordance with Section 18.03.060 of the Long Beach Municipal Code and ASCE 7, Section 12.2.1.1 or 12.2.1.2. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.650 Amend CBC Section G101.3—Flood hazard scope.

Section G101.3 of the California Building Code is amended to read as follows:

G101.3 Scope. The provision of this appendix shall apply to all proposed development in a flood hazard area established in Section 1612 of this code, including certain building work exempt from permit under Section 18.04.020 of the Long Beach Municipal Code. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.660 Amend CBC Section G101.4—Flood hazard violation.

Section G101.4 of the California Building Code is amended to read as follows:

G101.4 Violations. Any violation of a provision of this appendix, or failure to comply with a permit or variance issued pursuant to this appendix or any requirement of this appendix, shall be handled in accordance with Chapter 18.09 of the Long Beach Municipal Code. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.670 Amend CBC Section G101.5—Flood hazard designation of local floodplain administrator.

Section G101.5 of the California Building Code is amended to read as follows:

G101.5 Designation of local floodplain administrator. The Building Official and City Engineer are hereby designated to administer and imple-

ment this appendix by granting or denying permits in accordance with its provisions and the Long Beach Municipal Code. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.680 Add CBC Section G101.6—Flood hazard disclaimer of liability.

Section G101.6 is added to the California Building Code to read as follows:

G101.6 Warning and disclaimer of liability. The degree of flood protection required by this appendix is considered reasonable for regulatory purposes and is based on scientific and engineering considerations. Larger floods can and will occur on occasion. Flood heights may be increased by manmade or natural causes. This appendix does not imply that land outside areas of special flood hazards or uses permitted within such areas will be free from flooding or flood damages. This appendix shall not create liability on the part of the City of Long Beach, any officer or employee thereof, the State of California, the Federal Insurance Administration, or the Federal Emergency Management Agency, for any flood damage that results from reliance on this appendix or any administrative decision made hereunder. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.690 Amend CBC Section G102.1—Flood hazard general definitions.

The first sentence of Section G102.1 of the California Building Code is amended to read as follows:

G201.1 General. The following words and terms shall, for the purpose of this appendix, have the meanings shown herein. Refer to Chapter 2 of this code or Chapter 18.02 of the Long Beach Municipal Code for general definitions. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.700 Amend CBC Section G103.1—Flood hazard general.

Item 10 of Section G103.1 of the California Building Code is amended to read as follows:

10. Certain building work exempt from permit under Section 18.04.020 of the Long Beach Municipal Code and other buildings and development activities. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.710 Amend CBC Section G103.2—Flood hazard establishment.

Section G103.2 of the California Building Code is amended to read as follows:

G103.2 Establishment of flood hazard areas. Flood hazard areas are established in Section 1612.3 of this code and by the Federal Insurance Administration of the Federal Emergency Management Agency (FEMA), in a scientific and engineering report entitled "The Flood Insurance Study for the City of Long Beach", dated July 6, 1998, with accompanying Flood Insurance Rate Map (FIRMs), and all subsequent amendments and/or revisions, are hereby adopted by reference and declared to be a part of this appendix. This flood insurance study and attendant mapping is the minimum area of applicability of this appendix and may be supplemented by studies for other areas which allow implementation of this appendix and which are recommended to the City Council by the City Engineer. The Flood Insurance Study and FIRMs are on file in the office of the Department of Public Works, 411 West Ocean Boulevard, Long Beach, California 90802. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.720 Add CBC Section G103.3—Flood hazard interpretation of FIRM boundaries.

Section G103.3 is added to the California Building Code to read as follows:

G103.3 Interpretation of FIRM boundaries. The City Engineer shall make interpretations where needed as to the exact location of the boundaries of flood hazard areas where there appears to be a conflict between a mapped boundary and actual field conditions. The applicant contesting the boundaries shall be given a reasonable opportunity to appeal the interpretation as provided for in Section G106. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.730 Amend CBC Section G104.3—Flood hazard determination of design flood elevation.

Item 2 of Section G104.3 of the California Building Code is amended to read as follows:

2. Determine the design flood elevation in accordance with accepted hydrologic and hydraulic engineering techniques. Such analyses shall be performed and sealed by a registered design professional. Studies, analyses, and computations shall be submitted in sufficient detail to allow review and approval by the City Engineer. The accuracy of data submitted for such determination shall be the responsibility of the applicant. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.740 Amend CBC Section G104.5—Flood hazard floodway encroachment.

Section G104.5 of the California Building Code is amended to read as follows:

G104.5 Floodway encroachment. Prior to issuing a permit for any floodway encroachment, including fill, new construction, substantial improvements and other development or land-disturbing activity, the City Engineer shall require submission of a certification, prepared by a registered design professional, along with supporting technical data, demonstrating that such development will not cause any increase of the base flood level. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.750 Amend CBC Sections G104.6 and G104.6.1—Flood hazard watercourse alteration and engineering analysis.

Sections G104.6 and G104.6.1 of the California Building Code are amended to read as follows:

G104.6 Watercourse alteration. Prior to issuing of a permit for any alteration or relocation of any watercourse, the City Engineer shall provide notification of the proposal to the appropriate authorities of all adjacent government jurisdictions, as well as the California Department of Water Resources. A copy of the notification shall be maintained in the permit records and submitted to FEMA.

G104.6.1 Engineering analysis. The City Engineer shall require submission of an engineering analysis, prepared by a registered design professional, demonstrating that the flood-carrying capacity of the altered or relocated portion of the watercourse will not be decreased. Such watercourses shall be maintained in a manner that preserves the channel's flood-carrying capacity. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.760 Amend CBC Section G104.7—Flood hazard alterations in coastal areas.

Section G104.7 of the California Building Code are amended to read as follows:

G104.7 Alterations in coastal areas. Prior to issuing a permit for any alteration of sand dunes and mangrove stands in coast high-hazard areas and coastal A zones, the City Engineer shall require submission of an engineering analysis, prepared by a registered design professional, demonstrating that the proposed alteration will not increase the potential for flood damage. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.770 Add CBC Section G104.11—Flood hazard letter of map revision.

Section G104.11 is added to the California Building Code to read as follows:

G104.11 Letter of Map Revision. Within 6 months of information becoming available or project completion, whichever comes first, the City Engineer shall submit technical or scientific data to FEMA for a Letter of Map Revision pursuant to the requirement of Part 65 and 65.3 of Title 44 of the Code of Federal Regulations. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.780 Amend CBC Section G105.4—Flood hazard expiration.

Section G105.4 of the California Building Code is amended to read as follows:

G105.4 Expiration. Section 18.04.060 of the Long Beach Municipal Code shall govern when a

permit becomes invalid or expired. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.790 Amend CBC Section G106.1—Flood hazard general variance.

Section G106.1 of the California Building Code is amended to read as follows:

G106.1 General. The Board of Examiners, Appeals and Condemnation (hereinafter referred to as "board of appeals" in this appendix) established pursuant to Chapter 18.10 of the Long Beach Municipal Code shall hear and decide requests for variances. The board of appeals shall base its determination on technical justifications and has the right to attach such conditions to variances as it deems necessary to further the purposes and objectives of this appendix and Section 1612.

Any person aggrieved by the decision of the board of appeal may, within ten (10) days from the date the aggrieved party is notified in writing of the decision, appeal such decision to the City Council by filing a written notice thereof with the City Clerk. The City Council's decision shall be reduced to writing and shall be served by mail on the aggrieved party within ten (10) days after all evidence has been received by the City Council. Upon consideration of the factors of Section G106.6 and the purposes of this appendix, the City Council may attach such conditions to the granting of variances as it deems necessary to further the purposes of this appendix. The decision of the City Council shall be final. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.800 Amend CBC Section G106.2—Flood hazard records.

Section G106.2 of the California Building Code is amended to read as follows:

G106.2 Records. The Building Official shall maintain a permanent record of all variance actions, including justification for their issuance. The City Engineer shall report any variances issued in its report submitted to FEMA. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.810 Amend CBC Section G106.7—Flood hazard conditions for issuance.

Item 5 of Section G106.7 of the California Building Code is amended to read as follows:

5. Notification to the applicant in writing over the signature of the Building Official that the issuance of a variance to construct a structure below the base flood level will result in increased premium rates for flood insurance up to amounts as high as $25 for $100 of insurance coverage, and that such construction below the base flood level increases risks to life and property. Prior to the issuance of a permit, a copy of the notice shall be recorded by the applicant in the Office of the Los Angeles County Recorder and shall be recorded in a manner so that it appears in the chain of title of the affected parcel of land. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.820 Add CBC Section 3109.2.1—Required enclosure.

Section 3109.2.1 is added to Chapter 31 of the California Building Code to read as follows:

3109.2.1 Required enclosure. A permanent enclosure preventing direct access to a swimming pool and/or spa shall be provided as one of the two drowning safety features required by the Swimming Pool Safety Act Section 115922(a) of the California Health and Safety Code.

Where the permanent enclosure includes an exterior wall of the residence and/or accessory structures including but not limited to garages, sheds, pool houses and accessory dwellings units, any doors opening directly into the enclosed area shall be provided with a self-closing, self-latching device with a release mechanism placed not lower than 54 inches above the interior finished floor or a permanent exit alarm. (ORD-25-0019 § 1(Exh. A), 2025)

18.40.830 Add CBC Section 3109.2.2—Access gates.

Section 3109.2.2 is added to Chapter 31 of the California Building Code to read as follows:

3109.2.2 Access gates. Access gates shall comply with the requirements of the Swimming Pool

Safety Act Section 115923(a) of the California Health and Safety Code. The access gate shall not exceed 48 inches in width. (ORD-25-0019 § 1(Exh. A), 2025)

CHAPTER 18.41 RESIDENTIAL CODE*

18.41.010 Adoption of California Residential Code.

The City Council adopts and incorporates by reference as though set forth in full in this chapter the 2025 Edition of the California Residential Code (herein referred to as the "California Residential Code"). The California Residential Code is Part 2.5 of the California Code of Regulations, Title 24, also referred to as the California Building Standards Code. This part is based on the provisions of the 2024 Edition of the International Residential Code (herein referred to as the "International Residential Code") as developed by the International Code Council with necessary California amendments. The following appendices of the California Residential Code are included: Appendices BB, BF, CI, and CJ. The following sections, chapters, parts or appendices of the California Residential Code are deleted: Sections R101 through R114 of Chapter 1, Division II; Parts IV through VIII; and Appendices AA through AC, BA, BC through BE, BG through BO, CA through CH, and CK.

The adoption of the California Residential Code is subject to the changes, amendments and modifications to said code as provided in this chapter, and certain provisions of the Long Beach Municipal Code, which shall remain in full force and effect as provided in this title. Such codes and code provisions shall constitute and be known as the Long Beach Residential Code. A copy of the California Residential Code, printed as code in book form, shall be on file in the Office of the City Clerk. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

***Editor's note**—ORD-19-0031 § 1(Exh. A), adopted Nov. 19, 2019, amended Ch. 18.41 in its entirety to read as herein set out. Former Ch. 18.41, §§ 18.41.010—18.41.250, pertained to similar subject matter, and derived from ORD-16-0026 § 1(Exh. A), 2016.

18.41.020 Amend CRC Section 201.4—Terms not defined.

Section R201.4 of the California Residential Code is amended to read as follows:

R201.4 Terms not defined. Where terms are not defined through the methods authorized by this section, such terms shall have ordinarily accepted meanings such as the context implies. Webster's Third New International Dictionary of the English Language, Unabridged, shall be considered as providing ordinarily accepted meanings. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

18.41.030 Amend CRC Section R301.1.3.2—Woodframe structures.

Section R301.1.3.2 of the California Residential Code is amended to read as follows:

R301.1.3.2 Woodframe structures. The Building Official shall require construction documents to be approved and stamped by a California licensed architect or engineer for all dwellings of woodframe construction more than two stories and basement in height located in Seismic Design Category A, B or C. Notwithstanding other sections the law, the law establishing these provisions is found in Business and Professions Code Section 5537 and 6737.1.

The Building Official shall require construction documents to be approved and stamped by a California licensed architect or engineer for all dwellings of woodframe construction more than one story in height or with a basement located in Seismic Design Category D_0, D_1, D_2 or E. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

18.41.040 Amend CRC Table R301.2 and footnote g—Climatic and Geographic Design Criteria.

Table R301.2 and footnote g of the California Residential Code are amended to read as follows:

TABLE R301.2
CLIMATIC AND GEOGRAPHIC DESIGN CRITERIA

GROUND SNOW LOAD	WIND DESIGN				SEISMIC DESIGN CATEGORY[f]	SUBJECT TO DAMAGE FROM			WINTER DESIGN TEMP[e]	ICE BARRIER UNDER-LAYMENT REQUIRED[h]	FLOOD HAZ-ARDS[g]	AIR FREEZING INDEX[i]	MEAN ANNUAL TEMP[j]
	Speed[d] (mph)	Topo-graphic effects[k]	Special wind region[l]	Wind-borne debris zone[m]		Weathering[a]	Frost line Depth[b]	Termite[c]					
Zero	95	No	Yes	No	D_2 or E	Negligible	12" - 24"	Very heavy	43	No	Yes	0	60

g. The flood hazard map shall include, at a minimum, areas of special flood hazard as identified by the Federal Emergency Management Agency in a scientific and engineering report entitled "The Flood Insurance Study for the City of Long Beach" dated July 6, 1998, as amended or revised with the accompanying Flood Insurance Rate Map (FIRM) and Flood Boundary and Floodway Map (FBFM) and related supporting data along with any revisions thereto. This flood insurance study and attendant mapping is the minimum area of applicability of this code and may be supplemented by studies for other areas which allow implementation of this code and which are recommended to the City Council by the City Engineer. The Flood Insurance Study and FIRMs are on file in the office of the Department of Public Works, 411 West Ocean Boulevard, Long Beach, California 90802.

(ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

18.41.050 Amend CRC Section R301.2.2.6—Irregular buildings.

Items 1, 3 and 5 of Section R301.2.2.6 of the California Residential Code are amended to read as follows, including the removal of the exception in each of the items:

1. Shear wall or braced wall offsets out of plane. Conditions where exterior shear wall lines or braced wall panels are not in one plane vertically from the foundation to the uppermost story in which they are required.

3. Shear wall or braced wall offsets in plane. Conditions where the end of a braced wall panel occurs over an opening in the wall below.

5. Floor level offset. Conditions where portions of a floor level are vertically offset. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

18.41.060 Add CRC Section R301.2.2.11—Anchorage of Mechanical, Electrical, or Plumbing Components and Equipment.

Section R301.2.2.11 is added to Chapter 3 of the California Residential Code to read as follows:

R301.2.2.11 Anchorage of Mechanical, Electrical, or Plumbing Components and Equipment. Mechanical, electrical, or plumbing components and equipment shall be anchored to the structure. Anchorage of the components and equipment shall be designed to resist loads in accordance with the California Building Code and ASCE 7, except where the component is positively attached to the structure and flexible connections are provided between the component and associated ductwork, piping, and conduit; and either:

1. The component weighs 400 lb (1,780 N) or less and has a center of mass located 4 ft (1.22 m) or less above the supporting structure; or

2. The component weighs 20 lb (89 N) or less or, in the case of a distributed system, 5 lb/ft (73 N/m) or less. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

18.41.070 Amend CRC Section R308.1—Address identification.

Section R308.1 of the California Residential Code is amended to read as follows:

R308.1 Address identification. Buildings and structures shall be provided with an approved address identification and number in accordance with Chapter 18.11 of the Long Beach Municipal Code. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

18.41.080 Amend CRC Section R401.1—Application.

Section R401.1 of the California Residential Code is amended to read as follows:

R401.1 Application. The provisions of this chapter shall control the design and construction

of the foundation and foundation spaces for buildings. In addition to the provisions of this chapter, the design and construction of foundations in flood hazard areas as established by Table R301.2 shall meet the provisions of Section R306. Wood foundations shall be designed and installed in accordance with AWC PWF.

Exception: The provisions of this chapter shall be permitted to be used for wood foundations only in the following situations:

1. In buildings that have no more than two floors and a roof.

2. When interior basement and foundation walls are constructed at intervals not exceeding 50 feet (15,240 mm).

Wood foundations in Seismic Design Category D_0, D_1 or D_2 shall not be permitted.

Exception: In non-occupied, single-story, detached storage sheds and similar uses other than carport or garage, provided the gross floor area does not exceed 200 square feet, the plate height does not exceed 12 feet in height above the grade plane at any point, and the maximum roof projection does not exceed 24 inches. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

18.41.090 Amend CRC Section R403.1.2—Continuous footing in Seismic Design Categories D_0, D_1 and D_2.

Section R403.1.2 of the California Residential Code is amended to read as follows:

R403.1.2 Continuous footing in Seismic Design Categories D_0, D_1 and D_2. Exterior walls and required interior braced wall panels of buildings located in Seismic Design Categories D_0, D_1 and D_2 shall be supported by continuous solid or fully grouted masonry or concrete footings in accordance with Table R403.1.2. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

18.41.100 Amend CRC Section R403.1.3.6—Isolated concrete footings.

Section R403.1.3.6 of the California Residential Code is amended to read as follows:

R403.1.3.6 Isolated concrete footings. In detached one- and two-family dwellings located in Seismic Design Category A, B or C that are three stories or less in height and constructed with stud bearing walls, plain concrete footings without longitudinal reinforcement supporting walls and isolated plain concrete footings supporting columns or pedestals are permitted. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

18.41.110 Amend CRC Section R403.1.5—Slope.

Section R403.1.5 of the California Residential Code is amended to read as follows:

R403.1.5 Slope. The top surface of footings shall be level. The bottom surface of footings shall be permitted to have a slope not exceeding one unit vertical in 10 units horizontal (10-percent slope). Footings shall be stepped where it is necessary to change the elevation of the top surface of the footing or where the surface of the ground slopes more than one unit vertical in 10 units horizontal (10-percent slope).

For structures located in Seismic Design Categories D_0, D_1 or D_2, stepped footings shall be reinforced with four ½-inch diameter (12.7 mm) deformed reinforcing bars. Two bars shall be place at the top and bottom of the footings as shown in Figure R403.1.5.

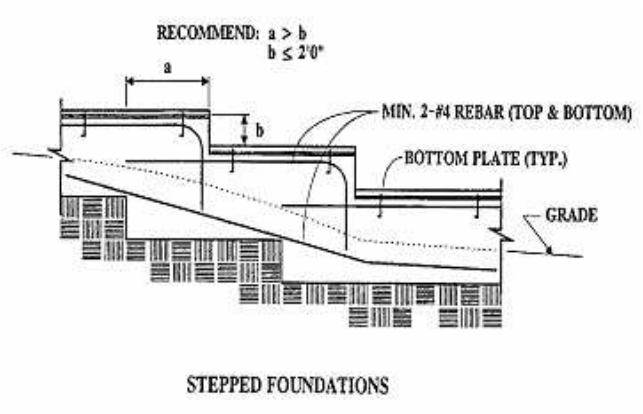


FIGURE R403.1.5
STEPPED FOOTING

(ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

18.41.120 Amend CRC Section R404.2—Wood foundation walls.

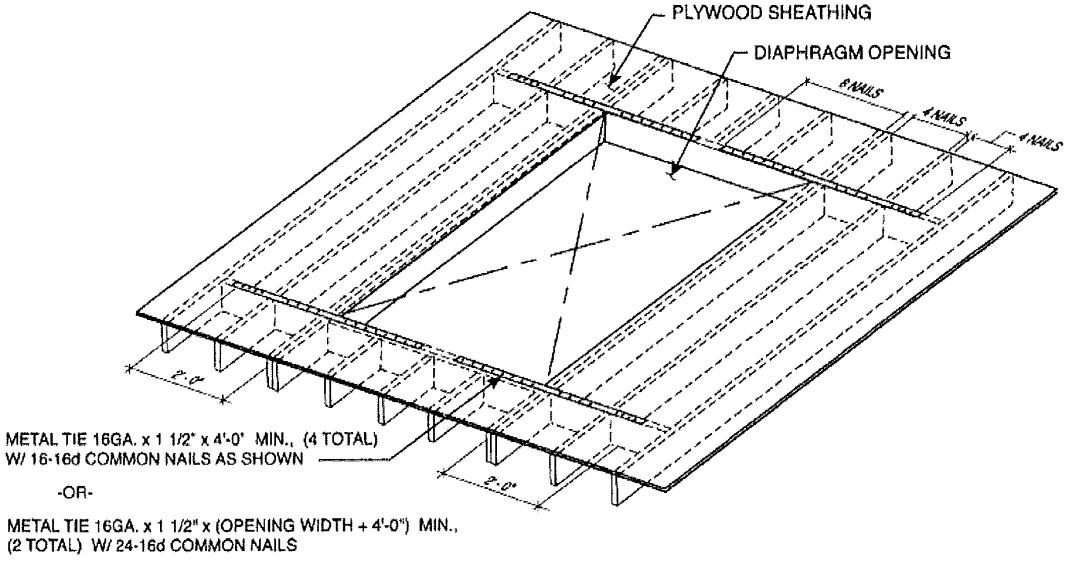
Section R404.2 of the California Residential Code is amended to read as follows:

R404.2 Wood foundation walls. Wood foundation walls shall be constructed in accordance with the provisions of Sections R404.2.1 through R404.2.6 and with the details shown in Figures R403.1(2) and R403.1(3). Wood foundation walls shall not be used for structures located in Seismic Design Category D_0, D_1 or D_2. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

18.41.130 Add CRC Section R503.2.4—Openings in horizontal diaphragms.

Section R503.2.4 is added to Chapter 5 of the California Residential Code to read as follows:

R503.2.4 Openings in horizontal diaphragms. Openings in horizontal diaphragms with a dimension perpendicular to the joist that is greater than 4 feet (1.2 m) shall be constructed in accordance with Figure R503.2.4.



For SI: 1 inch = 25.4 mm, 1 foot = 304.8 mm.

FIGURE R503.2.4
OPENINGS IN HORIZONTAL DIAPHRAGMS

a. Blockings shall be provided beyond headers.

b. Metal ties not less than 0.058 inch [1.47 mm (16 galvanized gage)] by 1.5 inches (38 mm) wide with eight 16d common nails on each side of the header-joist intersection. The metal ties shall have a minimum yield of 33,000 psi (227 MPa).

c. Openings in diaphragms shall be further limited in accordance with Section R301.2.2.2.6.

(ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

18.41.140 Amend CRC Table R602.3(1)—Fastening schedule.

Footnote j is added to Lines 20, 21, 24, 34, 35, 36, and 37 of Table R602.3(1) of the California Residential Code to read as follows:

TABLE R602.3(1)
FASTENING SCHEDULE

ITEM	DESCRIPTION OF BUILDING ELEMENTS	NUMBER AND TYPE OF FASTENER[a, b, c]	SPACING AND LOCATION	
20[j]	1" x 6" sheathing to each bearing	3-8d box (2½" x 0.113"); or 2-8d common (2½" x 0.131"); or 2-10d box (3" x 0.128"); or 2 staples, 1" crown, 16 ga., 1¾" long	Face nail	
21[j]	1" x 8" and wider sheathing to each bearing	3-8d box (2½" x 0.113"); or 3-8d common (2½" x 0.131"); or 3-10d box (3" x 0.128"); or 3 staples, 1" crown, 16 ga., 1¾" long	Face nail	
		Wider than 1" x 8" 4-8d box (2½" x 0.113"); or 3-8d common (2½" x 0.131"); or 3-10d box (3" x 0.128"); or 4 staples, 1" crown, 16 ga., 1¾" long		
Floor				
24[j]	1" x 6" subfloor or less to each joist	3-8d box (2½" x 0.113"); or 2-8d common (2½" x 0.131"); or 3-10d box (3" x 0.128"); or 2 staples, 1" crown, 16 ga., 1¾" long	Face nail	
Other wall sheathing[g]				
34[j]	½" structural cellulosic fiberboard sheathing	1½" galvanized roofing nail, $^{7}/_{16}$" head diameter, or 1¼" long 16 ga. staple with $^{7}/_{16}$" or 1" crown	3	6
35[j]	$^{25}/_{32}$" structural cellulosic fiberboard sheathing	1¾" galvanized roofing nail, $^{7}/_{16}$" head diameter, or 1½" long 16 ga. staple with $^{7}/_{16}$", or 1" crown	3	6
36[j]	½" gypsum sheathing[d]	1 ½" x 0.120" galvanized roofing nail, $^{7}/_{16}$" head diameter, or 1¼" long, 16 ga.; staple galvanized, 1½" long; $^{7}/_{16}$" or 1" crown or 1¼" screws, Type W or S	7	7
37[j]	⅝" gypsum sheathing[d]	1 ¾" x 0.120" galvanized roofing nail, $^{7}/_{16}$" head diameter, or 1¼" long, 16 ga.; staple galvanized, 1½" long; $^{7}/_{16}$" or 1" crown or 1¼" screws, Type W or S	7	7

j. Use of staples in roof, floor, and braced wall panels shall be prohibited in Seismic Design Category D_0, D_1, or D_2.

(ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

18.41.150 Amend CRC Section R602.3.2 and Table R602.3.2—Top plate.

Exception in Section R602.3.2 and Table R602.3.2 of the California Residential Code are amended to read as follows:

Exception: In other than Seismic Design Category D_0, D_1 or D_2, a single top plate used as an alternative to a double top plate shall comply with the following:

1. The single top plate shall be tied at corners, intersecting walls, and at in-line splices in straight wall lines in accordance with Table R602.3.2.

2. The rafters or joists shall be centered over the studs with a tolerance of not more than 1 inch (25 mm).

3. Omission of the top plate is permitted over headers where the headers are adequately tied to adjacent wall sections in accordance with Table R602.3.2.

TABLE R602.3.2
SINGLE TOP-PLATE SPLICE CONNECTION DETAILS

CONDITION	TOP-PLATE SPLICE LOCATION			
	Corners and intersecting walls		Butt joints in straight walls	
	Splice plate size	Minimum nails each side of joint	Splice plate size	Minimum nails each side of joint
Structures in SDC A-C	3" x 6" x 0.036" galvanized steel plate or equivalent	(6) 8d box (2½" x 0.113") nails	3' x 12" x 0.036" galvanized steel plate or equivalent	(12) 8d box (2½" x 0.113") nails

For SI: 1 inch = 25.4 mm, 1 foot = 304.8 mm.

(ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

18.41.160 Amend CRC Table R602.3(2)—Alternate attachments to CRC Table R602.3(1).

Footnote b of Table R602.3(2) of the California Residential Code is amended to read as follows:

b. Staples shall have a minimum crown width of 7/16-inch on diameter except as noted. Use of staples in roof, floor, subfloor, and braced wall panels shall be prohibited in Seismic Design Category D_0, D_1, or D_2.

(ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

18.41.170 Amend CRC Section R602.10.2.3—Minimum number of braced wall panels.

Section R602.10.2.3 of the California Residential Code is amended to read as follows:

R602.10.2.3 Minimum number of braced wall panels. Braced wall lines with a length of 16 feet (4,877 mm) or less shall have not less than two braced wall panels of any length or one braced wall panel equal to 48 inches (1,219 mm) or more. Braced wall lines greater than 16 feet (4,877 mm) shall have not less than two braced wall panels. In Seismic Design Category D_0, D_1, or D_2, no braced wall panel shall have a contributing length less than 48 inches in length or as required in Section R602.10.3, whichever is greater.

(ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

18.41.180 Amend CRC Table R602.10.3(3)—Bracing requirements based on Seismic Design Category.

Table R602.10.3(3) of the California Residential Code is amended to read as follows:

TABLE R602.10.3(3)
BRACING REQUIREMENTS BASED ON SEISMIC DESIGN CATEGORY

TABLE R602.10.3(3)

a. Linear interpolation shall be permitted.
b. Interpolation of bracing length between the Sds values associated with the seismic design categories shall be permitted when a site-specific Sds value is determined in accordance with Section 1613.2 of the California Building Code.
c. Where the braced wall line length is greater than 50 feet, braced wall lines shall be permitted to be divided into shorter segments having lengths of 50 feet or less, and the amount of bracing within each segment shall be in accordance with this table.
d. Method LIB shall have gypsum board fastened to not less than one side with nails or screws in accordance with Table R602.3(1) for exterior sheathing or Table R702.3.5 for interior gypsum board. Spacing of fasteners at panel edges shall not exceed 8 inches.
e. Methods PFG and CS-SFB do not apply in Seismic Design Categories D0, D1 and D2.
f. Methods PFH, PFG and ABW are only permitted on a single story or a first of two stories.
g. Where more than one bracing method is used, mixing methods shall be in accordance with Section R602.10.4.1.

h. One- and two-family dwellings in Seismic Design Category D_2 exceeding two stories shall be designed in accordance with accepted engineering practice.

i. Methods GB and PCP braced wall panel h/w ratio shall not exceed 1:1 in SDC D0, D1 and D2. Methods DWB, SFB, PBS, HPS, and CS-SFB are not permitted in D0, D1 and D2.

(ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

18.41.190 Amend CRC Table R602.10.4—Bracing methods.

Table R602.10.4 of the California Residential Code is amended to read as follows:

TABLE R602.10.4
BRACING METHODS

TABLE R602.10.4
BRACING METHODS[f,g]

	METHODS, MATERIAL	MINIMUM THICKNESS	FIGURE	CONNECTION CRITERIA[a]	
				Fasteners	Spacing
Intermittent Bracing Methods	**LIB** Let-in-bracing	1 × 4 wood or approved metal straps at 45° to 60° angles for maximum 16″ stud spacing		Wood: 2-8d common nails or 3-8d ($2^1/_2$″ long × 0.113″ dia.) nails	Wood: per stud and top and bottom plates
				Metal strap: per manufacturer	Metal: per manufacturer
	DWB Diagonal wood boards	$^3/_4$″ (1″ nominal) for maximum 24″ stud spacing		2-8d ($2^1/_2$″ long × 0.113″ dia.) nails or 2-$1^3/_4$″ long staples	Per stud
	WSP Wood structural panel (See Section R604)	$^3/_8$″		8d common (2 1/2"x0.131) nails 3/8" edge distance to panel edge	6″ edges 12″ field
				8d common (2 1/2"x0.131) nails 3/8" edge distance to panel edge	Varies by fastener
	BV-WSP[c] Wood structural panels with stone or masonry veneer (See Section R602.10.6.5)	$^7/_{16}$″	See Figure R602.10.6.5.2	8d common ($2^1/_2$″ × 0.131) nails	4″ at panel edges 12″ at intermediate supports 4″ at braced wall panel end posts
	SFB Structural fiberboard sheathing	$^1/_2$″ or $^{25}/_{32}$″ for maximum 16″ stud spacing		$1^1/_2$″ long × 0.12″ dia. (for $^1/_2$″ thick sheathing) $1^3/_4$″ long × 0.12″ dia. (for $^{25}/_{32}$″ thick sheathing) galvanized roofing nails	3″ edges 6″ field
	GB Gypsum board	$^1/_2$″		Nails or screws per Table R602.3(1) for exterior locations	For all braced wall panel locations: 7"edges (including top and bottom plates) 7″ field
				Nails or screws per Table R702.3.5 for interior locations	
	PBS Particleboard sheathing (See Section R605)	$^3/_8$″ or $^1/_2$″ for maximum 16"stud spacing		For $^3/_8$″, 6d common (2″ long × 0.113″ dia.) nails; For $^1/_2$″, 8d common ($2^1/_2$″ long × 0.131″ dia.) nails	3″ edges 6″ field
	PCP Portland cement plaster	See Section R703.6 for maximum 16″ stud spacing		$1^1/_2$″ long, 11 gage, 0.120" dia., $^7/_{16}$″ dia. head nails or $^7/_8$″ long, 16 gage staples	6″ o.c. on all framing members
	HPS Hardboard panel siding	$^7/_{16}$″ for maximum 16″ stud spacing		0.092″ dia., 0.225″ dia. head nails with length to accommodate $1^1/_2$″ penetration into studs	4″ edges 8″ field
	ABW Alternate braced wall	$^3/_8$″		See Section R602.10.6.1	See Section R602.10.6.1

TABLE R602.10.4—(continued)
BRACING METHODS

TABLE R602.10.4—continued
BRACING METHODS

	METHODS, MATERIAL	MINIMUM THICKNESS	FIGURE	CONNECTION CRITERIA[a]	
				Fasteners	Spacing
Intermittent Bracing Methods	**PFH** Portal frame with hold-downs	3/8″		See Section R602.10.6.2	See Section R602.10.6.2
	PFG Portal frame at garage	7/16″		See Section R602.10.6.3	See Section R602.10.6.3
Continuous Sheathing Methods	**CS-WSP** Continuously sheathed wood structural panel	3/8″		8d common (2 1/2"x0.131) nails 3/8" edge distance to panel edge	6″ edges 12″ field
				8d common (2 1/2"x0.131) nails 3/8" edge distance to panel edge	Varies by fasteners
	CS-G[b,c] Continuously sheathed wood structural panel adjacent to garage openings	3/8″		See Method CS-WSP	See Method CS-WSP
	CS-PF Continuously sheathed portal frame	7/16″		See Section R602.10.6.4	See Section R602.10.6.4
	CS-SFB[d] Continuously sheathed structural fiberboard	1/2″ or 25/32″ for maximum 16″ stud spacing		1 1/2″ long × 0.12″ dia. (for 1/2″ thick sheathing) 1 3/4″ long × 0.12″ dia. (for 25/32″ thick sheathing) galvanized roofing nails	3″ edges 6″ field

For SI: 1 inch = 25.4 mm, 1 foot = 304.8 mm, 1 degree = 0.0175 rad, 1 pound per square foot = 47.8 N/m^2, 1 mile per hour = 0.447 m/s.

a. Adhesive attachment of wall sheathing, including Method GB, shall not be permitted in Seismic Design Categories C, D_0, D_1 and D_2.
b. Applies to panels next to garage door opening where supporting gable end wall or roof load only. Shall only be used on one wall of the garage. In Seismic Design Categories D_0, D_1 and D_2, roof covering dead load shall not exceed 3 psf.
c. Garage openings adjacent to a Method CS-G panel shall be provided with a header in accordance with Table R602.7(1). A full-height clear opening shall not be permitted adjacent to a Method CS-G panel.
d. Method CS-SFB does not apply in Seismic Design Categories D_0, D_1 and D_2.
e. Method applies to detached one- and two- family dwellings in Seismic Design Categories D_0 through D_2 only.
f. Methods GB and PCP braced wall panel h/w ratio shall not exceed 1:1 in SDC D_0, D_1 and D_2. Methods LIB, DWB, SFB, PBS, HPS, and PFG are not permitted in SDC D_0, D_1 and D_2.
g. Use of staples in braced wall panels shall be prohibited in SDC D_0, D_1 and D_2.

(ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

18.41.200 Amend CRC Table R602.10.5—Minimum length of braced wall panels.

Table R602.10.5 of the California Residential Code is amended to read as follows:

TABLE R602.10.5
MINIMUM LENGTH OF BRACED WALL PANELS

METHOD (See Table R602.10.4)		MINIMUM LENGTH[a] (inches) Wall Height					CONTRIBUTING LENGTH (inches)
		8 feet	9 feet	10 feet	11 feet	12 feet	
DWB, WSP, SFB, PBS, PCP, HPS, BV-WSP		48	48	48	53	58	Actual[b]
GB		48	48	48	53	58	Double sided = Actual Single sided = 0.5 x Actual

	144	—	—	—	—	72	
METHOD (See Table R602.10.4)		Portal header height					
		8 feet	9 feet	10 feet	11 feet	12 feet	
PFH	Supporting roof only	24	24	24	Note c	Note c	48
	Supporting one story and roof	24	24	24	Note c	Note c	
PFG		24	27	30	Note d	Note d	1.5 x Actual[b]
CS-PF	SDC A, B and C	16	18	20	Note e	Note e	1.5 x Actual[b]
	SDC D_0, D_1 and D_2	24	24	24	Note e	Note e	Actual[b]

For SI: 1 inch = 25.4 mm, 1 foot = 304.8 mm, 1 mile per hour = 0.447 m/s.

NP = Not Permitted.

a. Linear interpolation shall be permitted.

b. Use the actual length where it is greater than or equal to the minimum length.

c. Maximum header height for PFH is 10 feet in accordance with Figure R602.10.6.2, but wall height shall be permitted to be increased to 12 feet with pony wall.

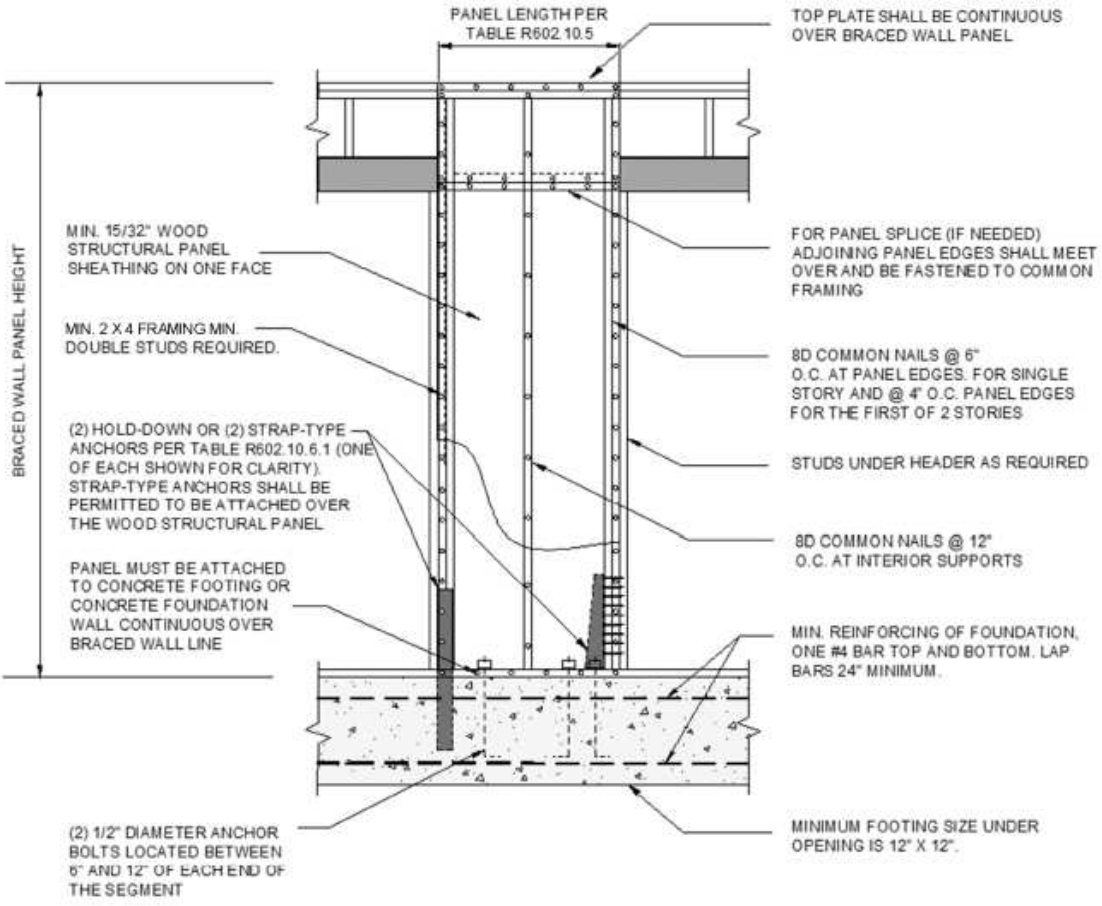
d. Maximum header height for PFG is 10 feet in accordance with Figure R602.10.6.3, but wall height shall be permitted to be increased to 12 feet with pony wall.

e. Maximum header height for CS-PF is 10 feet in accordance with Figure R602.10.6.4, but wall height shall be permitted to be increased to 12 feet with pony wall.

(ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

18.41.210 Amend CRC Figure R602.10.6.1—Method ABW: Alternate braced wall panel.

Figure R602.10.6.1 of the California Residential Code is amended to read as follows:



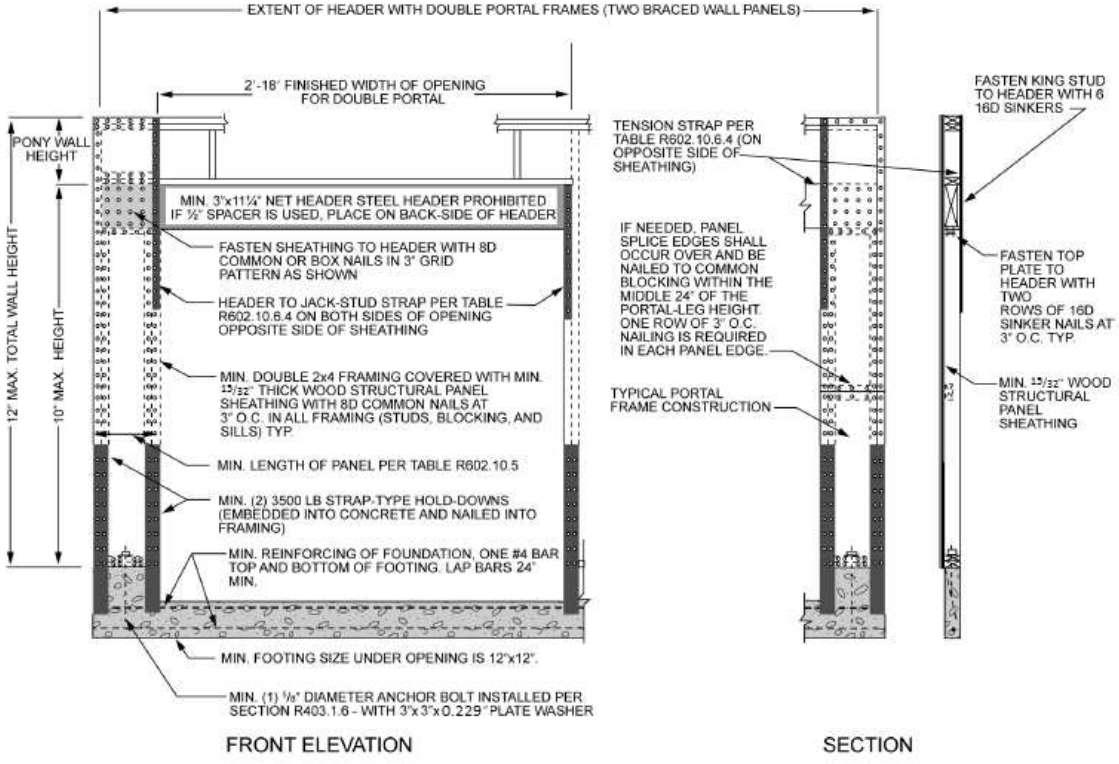
For SI: 1 inch = 25.4 mm.

FIGURE R602.10.6.1
METHOD ABW—ALTERNATE BRACED WALL PANEL

(ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

18.41.220 Amend CRC Figure R602.10.6.2—Method PFH: Portal frame with hold-downs at detached garage door openings.

Figure R602.10.6.2 of the California Residential Code is amended to read as follows:



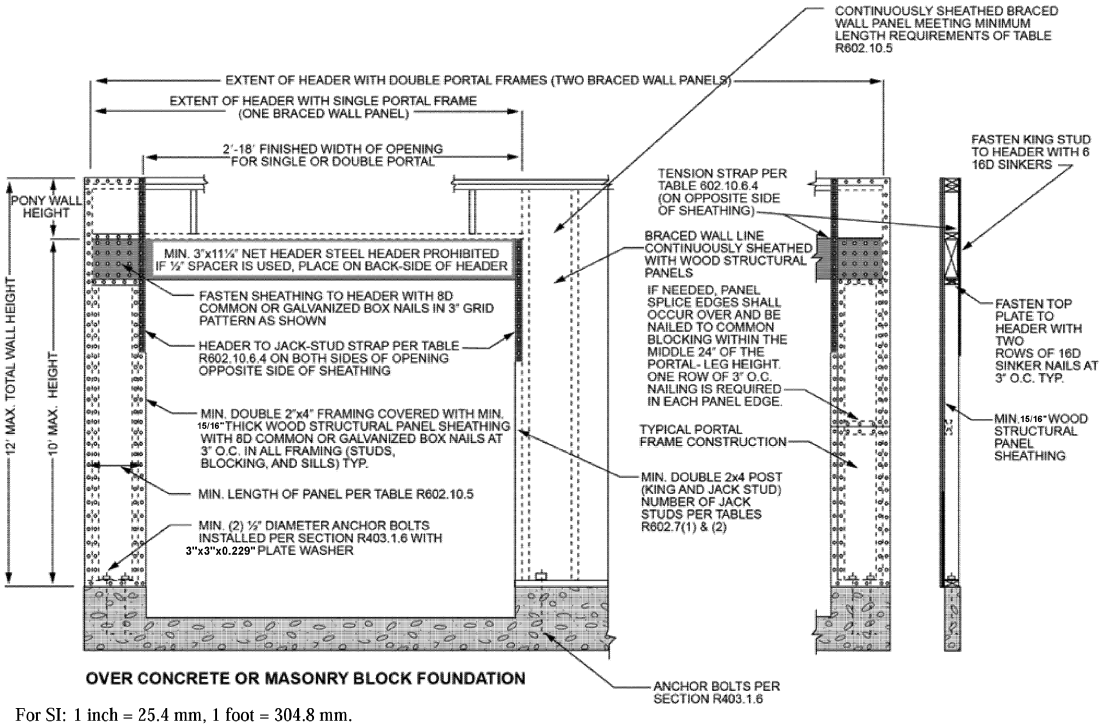
For SI: 1 inch = 25.4 mm, 1 foot = 304.8 mm.

FIGURE R602.10.6.2
METHOD PFH—PORTAL FRAME WITH HOLD-DOWNS AT DETACHED GARAGE OPENINGS

(ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

18.41.230 Amend CRC Figure R602.10.6.4—Method CS-PF: Continuously sheathed portal frame panel construction.

Figure R602.10.6.4 of the California Residential Code is amended to read as follows:



For SI: 1 inch = 25.4 mm, 1 foot = 304.8 mm.

FIGURE R602.10.6.4
METHOD CS-PF—CONTINUOUSLY SHEATHED PORTAL FRAME PANEL CONSTRUCTION

(ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

18.41.240 Amend CRC Section R606.4.4-Parapet walls.

Section R606.4.4 of the California Residential Code is amended to read as follows:

R606.4.4 Parapet walls. Unreinforced solid masonry parapet walls shall not be less than 8 inches (203 mm) thick and their height shall not exceed four times their thickness. Unreinforced hollow unit masonry parapet walls shall be not less than 8 inches (203 mm) thick, and their height shall not exceed three times their thickness. Masonry parapet walls in areas subject to wind loads of 30 pounds per square foot (1.44 kPa) or located in Seismic Design Category D_0, D_1 or D_2, or on townhouses in Seismic Design Category C shall be reinforced in accordance with Section R606.12. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

18.41.250 Amend CRC Section R606.12.2.2.3—Reinforcement requirements for masonry elements.

Section R606.12.2.2.3 of the California Residential Code is amended to read as follows:

R606.12.2.2.3 Reinforcement requirements for masonry elements. Masonry elements listed in Section R606.12.2.2.2 shall be reinforced in either the horizontal or vertical direction as shown in Figure R606.11(2) and in accordance with the following:

1. Horizontal reinforcement. Horizontal joint reinforcement shall consist of not less than one No. 4 bar spaced not more than 48 inches (1,219 mm). Horizontal reinforcement shall be provided within 16 inches (406 mm) of the top and bottom of these masonry elements.

2. Vertical reinforcement. Vertical reinforcement shall consist of not less than one No. 4 bar spaced not more than 48 inches (1,219 mm). Vertical reinforcement shall be within 8 inches (203 mm) of the ends of masonry walls. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

18.41.260 Add CRC Section R803.2.4—Openings in horizontal diaphragms.

Section R803.2.4 is added to Chapter 8 of the California Residential Code to read as follows:

R803.2.4 Openings in horizontal diaphragms. Openings in horizontal diaphragms shall conform with Section R503.2.4. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

18.41.270 Amend CRC Section R1001.3.1—Vertical reinforcing.

Section R1001.3.1 of the California Residential Code is amended to read as follows:

R1001.3.1 Vertical reinforcing. For chimneys up to 40 inches (1,016 mm) wide, four No. 4 continuous vertical bars adequately anchored into the concrete foundation shall be placed between wythes of solid masonry or within the cells of hollow unit masonry and grouted in accordance with Section R606. Grout shall be prevented from bonding with the flue liner so that the flue liner is free to move with thermal expansion. For chimneys more than 40 inches (1,016 mm) wide, two additional No. 4 vertical bars adequately anchored into the concrete foundation shall be provided for each additional flue incorporated into the chimney or for each additional 40 inches (1,016 mm) in width or fraction thereof. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

18.41.280 Amend CRC Section R306.1.1—Alternative provisions.

Section R306.1.1 of the California Residential Code is amended to read as follows:

R306.1.1 Alternative provisions. As an alternative to the requirements in Section R306, ASCE 24 is permitted subject to the limitations of this code and the limitations therein.

Where ASCE 24 is used as an alternative, the design flood elevation (DFE) shall be the greater of the DFE as defined in ASCE 24 and the base flood elevation (BFE) plus twelve (12) inches of flood freeboard and six (6) inches of freeboard to account for future sea-level rise. (ORD-25-0019 § 1(Exh. A), 2025)

Editor's note—ORD-25-0019, amended § 18.41.280 in its entirety to read as herein set out. Former § 18.41.280 was entitled "Amend CRC Section R322.1.1," and derived from ORD-25-0014 § 2, 2025.

18.41.290 Amend CRC Section R306.1.4—Establishing the design flood elevation.

Section R306.1.4 of the California Residential Code is amended to read as follows:

R306.1.4 Establishing the design flood elevation. The design flood elevation shall be used to define flood hazard areas. At a minimum, the design flood elevation shall be the higher of the following:

1. The base flood elevation at the depth of peak elevation of flooding, including wave height, that has a 1-percent (1,000-year flood) or greater chance of being equaled or exceeded in any given year.

2. The elevation of the design flood associated with the area designated on a flood hazard map adopted by the City, or otherwise legally designated.

3. The elevation of the base flood associated with the area designated on a flood hazard map adopted by the City, or otherwise legally designated, plus eighteen (18) inches to account for future sea-level rise. (ORD-25-0019 § 1(Exh. A), 2025)

Editor's note—ORD-25-0019, amended § 18.41.290 in its entirety to read as herein set out. Former § 18.41.290 was entitled "Amend CRC Section R322.1.4," and derived from ORD-25-0014 § 3, 2025.

18.41.300 Add CRC Section CI100.1—Required enclosure.

Section CI100.1 is added to Appendix CI of the California Residential Code to read as follows:

CI100.1 Required enclosure. A permanent enclosure preventing direct access to a swimming pool and/or spa shall be provided as one of the two drowning safety features required by the Swimming Pool Safety Act Section 115922(a) of the California Health and Safety Code.

Where the permanent enclosure includes an exterior wall of the residence and/or accessory structures including but not limited to garages, sheds, pool houses, and accessory dwellings units, any doors opening directly into the enclosed area shall be provided with a self-closing, self-latching device with a release mechanism placed not lower than 54 inches above the interior finished floor or a permanent exit alarm. (ORD-25-0019 § 1(Exh. A), 2025)

Editor's note—ORD-25-0019, amended § 18.41.300 in its entirety to read as herein set out. Former § 18.41.300 was entitled "Add CRC Section AX100.1 Required enclosure," and derived from ORD-25-0013 § 3, 2025.

18.41.310 Add CRC Section CI100.2—Access gates.

Section CI100.2 is added to Appendix CI of the California Residential Code to read as follows:

CI100.2 Access gates. Access gates shall comply with the requirements of the Swimming Pool Safety Act Section 115923(a) of the California Health and Safety Code. The access gate shall not exceed 48 inches in width. (ORD-25-0019 § 1(Exh. A), 2025)

Editor's note—ORD-25-0019, amended § 18.41.310 in its entirety to read as herein set out. Former § 18.41.310 was entitled "Add CRC Section AX100.2—Access gate," and derived from ORD-25-0013 § 4, 2025.

CHAPTER 18.42 ELECTRICAL CODE*

18.42.010 Adoption of California Electrical Code.

The City Council adopts and incorporates by reference as though set forth in full in this chapter the 2025 Edition of the California Electrical Code (herein referred to as the "California Electrical Code"). The California Electrical Code is Part 3 of the California Code of Regulations, Title 24, also referred to as the California Building Standards Code. This part is based on the provisions of the 2023 Edition of the National Electrical Code (herein referred to as the "National Electrical Code") as developed by the National Fire Protection Association with necessary California amendments. The following annexes of the California Electrical Code are included: Annexes A, B, C, and I. The following articles, chapters or annexes of the California Electrical Code are deleted: Annexes D, E, F, G, H, J, and K.

The adoption of the California Electrical Code is subject to the changes, amendments and modifications to said code as provided in this chapter, and certain provisions of the Long Beach Municipal Code, which shall remain in full force and effect as provided in this title. Such codes and code provisions shall constitute and be known as the Long Beach Electrical Code. A copy of the California Electrical Code, printed as code in book form, shall be on file in the Office of the City Clerk. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

***Editor's note**—ORD-19-0031 § 1(Exh. A), adopted Nov. 19, 2019, amended Ch. 18.42 in its entirety to read as herein set out. Former Ch. 18.42, §§ 18.42.010 and 18.42.020, pertained to similar subject matter, and derived from ORD-16-0026 § 1(Exh. A), 2016.

CHAPTER 18.43 PLUMBING CODE*

18.43.010 Adoption of California Plumbing Code.

The City Council adopts and incorporates by reference as though set forth in full in this chapter the 2025 Edition of the California Plumbing Code (herein referred to as "California Plumbing Code"). The California Plumbing Code is Part 5 of the California Code of Regulations, Title 24, also referred to as the California Building Standards Code. This part is based on the provisions of the 2024 Edition of the Uniform Plumbing Code as developed by the International Association of Plumbing and Mechanical Officials with necessary California amendments. The following appendices of the California Plumbing Code are included: Appendices A, B, D, G, H, I, and R. The following sections, chapters, or appendices of the California Plumbing Code are deleted: Sections 101.0 through 107.2 and Table 104.5 of Chapter 1, Division II; Chapters 13, 15 and 16; and Appendices C, E, F, J, K, L, M, N, O, P, Q, and S.

The adoption of the California Plumbing Code is subject to the changes, amendments and modifications to said code as provided in this chapter, and certain provisions of the Long Beach Municipal Code, which shall remain in full force and effect as provided in this title. Such codes and code provisions shall constitute and be known as the Long Beach Plumbing Code. A copy of the California Plumbing Code, printed as code in book form, shall be on file in the Office of the City Clerk. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

*__Editor's note__—ORD-19-0031 § 1(Exh. A), adopted Nov. 19, 2019, amended Ch. 18.43 in its entirety to read as herein set out. Former Ch. 18.43, §§ 18.43.010 and 18.43.020, pertained to similar subject matter, and derived from ORD-16-0026 § 1(Exh. A), 2016.

CHAPTER 18.44 MECHANICAL CODE†

18.44.010 Adoption of California Mechanical Code.

The City Council adopts and incorporates by reference as though set forth in full in this chapter the 2025 Edition of the California Mechanical Code (herein referred to as the "California Mechanical Code"). The California Mechanical Code is Part 4 of the California Code of Regulations, Title 24, also referred to as the California Building Standards Code. This part is based on the provisions of the 2024 Edition of the Uniform Mechanical Code as developed by the International Association of Plumbing and Mechanical Officials with necessary California amendments. The following appendices of the California Mechanical Code are included: Appendices A, B, and C. The following sections, chapters or appendices of the California Mechanical Code are deleted: Sections 101.0 through 107.2 and Table 104.5 of Chapter 1, Division II; and Appendices D, E, F, G, H, I, and J.

The adoption of the California Mechanical Code is subject to the changes, amendments and modifications to said code as provided in this chapter, and certain provisions of the Long Beach Municipal Code, which shall remain in full force and effect as provided in this title. Such codes and code provisions shall constitute and be known as the Long Beach Mechanical Code. A copy of the California Mechanical Code, printed as code in book form, shall be on file in the Office of the City Clerk. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

CHAPTER 18.45 HOUSING CODE

18.45.010 Adoption of Uniform Housing Code.

The City Council adopts and incorporates by reference as though set forth in full in this chapter

†__Editor's note__—ORD-19-0031 § 1(Exh. A), adopted Nov. 19, 2019, amended Ch. 18.44 in its entirety to read as herein set out. Former Ch. 18.44, §§ 18.44.010 and 18.44.020, pertained to similar subject matter, and derived from ORD-16-0026 § 1(Exh. A), 2016.

the 1997 Edition of the Uniform Housing Code (herein referred to as the "Uniform Housing Code"). Adoption and enforcement of the Uniform Housing Code is mandated through the State Housing Law pursuant to Section 17960, Part 1.5, Division 13, of the California Health and Safety Code. Section 17922 of the California Health and Safety Code requires the adoption of the latest edition of the Uniform Housing Code. The Uniform Housing Code was adopted by the California Department of Housing and Community Development as provided for in Section 32, Article 5, Subchapter 1, Division 1, of Title 25 of the California Code of Regulations. The provisions of the Uniform Housing Code were developed by the International Conference of Building Official. The following chapters of the Uniform Housing Code are deleted: Chapters 1, 2, 3, 4, 10, 11, 12, 13, 14, 15 and 16.

The adoption of the Uniform Housing Code is subject to the changes, amendments and modifications to said code as provided in this chapter, and certain provisions of the Long Beach Municipal Code, which shall remain in full force and effect as provided in this title. Such codes and code provisions shall constitute and be known as the Long Beach Housing Code. A copy of the Uniform Housing Code, printed as code in book form, shall be on file in the Office of the City Clerk. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.45.020 Application.

The provisions of the Uniform Housing Code are applicable to all occupancy groups and uses intended for human habitation. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

18.45.030 Add UHC Chapter 17—Prohibited uses and maintenance.

Chapter 17 is added to the 1997 Edition of the Uniform Housing Code to read as follows:

Chapter 17

PROHIBITED USES AND MAINTENANCE

SECTION 1701—PROHIBITED USES

A. Cooking. It shall be unlawful for any person to cook or prepare food or to permit another person to cook or prepare food in any bath, shower, slop sink, toilet room, water closet compartment, any room not designed and intended to be used as a kitchen, or in any other portion of a building in which the cooking or preparation of food is detrimental to the health of the occupants or the proper sanitation of the building.

B. Sleeping. It shall be unlawful for any person to use or to permit another person to use any of the following portions of a building for sleeping purposes:

1. Kitchen, hallway, water closet, bath, cellar, shower compartment or slop sink room.

2. Any other room or place which does not comply with the provisions of this code as a sleeping room or in which sleeping is dangerous to life or health.

SECTION 1702—MAINTENANCE AND REPAIR

A. Maintenance. Every building shall be maintained in good repair.

B. Roof. The roof of every building shall be kept watertight and all storm or casual water shall be properly drained and conveyed from the roof to a storm drain or street gutter in accordance with other applicable provisions of this chapter.

C. Drainage. All portions of a lot about a building, including the yards, areaways, vent shafts, court and passageways, shall be graded and drained to efficiently carry the water away from the building.

D. Surfacing. If the Building Official finds it necessary for the protection of the health and safety of the occupants, or for the proper sanitation of a dwelling, apartment house or hotel, it may require that the yards, areaways, vent shafts, court, passageways, or other parts of the lot surrounding the building be graveled, or properly paved and surfaced with concrete, asphalt or similar materials.

E. Painting of room walls and ceilings. The walls and ceilings of every room in a dwelling, apartment house or hotel shall be finished, sealed, coated or covered in an approved manner. Approved materials shall be applied as often as may be necessary to maintain the walls and ceilings in a clean and sanitary condition.

F. Painting of court and shaft walls. Unless built of light-colored materials, the walls of courts and shafts shall be painted in a light color, or shall be whitewashed. The paint or whitewash shall be applied as often as may be necessary to maintain the walls in a light color.

G. Wallpaper. Not more than two (2) thicknesses of wallpaper shall be placed upon any wall, partition, or ceiling of any room in any dwelling, apartment house or hotel. If any wall, partition, or ceiling with two (2) thicknesses of wallpaper in any such room is to be repapered, the old wallpaper shall first be removed. Any wallpaper which has become loose or dilapidated shall be removed and the surface repapered, calcimined or painted.

H. Painting of wallpaper. Paint or calcimine over wallpaper is permissible if the plaster under the wallpaper is in good condition.

I. Screening. Whenever necessary for the health of the occupants, or for the proper sanitation or cleanliness of any building, acceptable mosquito screening shall be provided for each exterior door, window, or other opening in the exterior walls of the buildings.

J. Garbage receptacle compartment. Every residential building shall be provided with facilities adequate for the storing of all garbage and waste, either within an approved compartment or receptacles. These facilities shall be maintained in a clean and sanitary condition.

K. Fences. All fences shall be maintained in good repair and shall be kept straight, uniform and structurally sound. Wooden fences shall be either painted or stained or otherwise treated or sealed in an approved manner to prevent their becoming a nuisance from weathering or deterioration.

L. Sanitation. Each room, hallway, passageway, stairway, wall, partition, ceiling, floor, skylight, glass window, door carpet, rug, matting, window curtain, water closet, compartment, or room, toilet room, bathroom, slop sink room, washroom, plumbing fixtures, drain, roof, closet, cellar, basement, yard, court, lot and the premises of every building shall be kept in every part clean, sanitary, and free from all accumulation of debris, abandoned or inoperable motor vehicles and vehicle parts, filth, rubbish, garbage, rodents, insects and other vermin, excessive vegetation and other offensive matter.

M. Dangerous articles. No article that is dangerous or detrimental to life or to the health of the occupants, including any feed, hay, straw, excelsior, cotton, paper stock, rags, junk, or any other material that may create a fire hazard, shall be kept, stored or handled in any part of a dwelling, apartment house or hotel, or on the lot on which such building is located.

N. Caretaker. A janitor, housekeeper, or other responsible person shall reside upon the premises and shall have charge of every apartment house in which there are sixteen (16) or more apartments, of every hotel in which there are twelve (12) or more guest rooms, unless the owner of any such apartment house or hotel resides upon said premises. If the owner does not reside upon the premises of any apartment house in which there are more than four (4) but less than sixteen (16) apartments, a notice stating the owner's name and address or the name and address of his or her agent in charge of the apartment house shall be posted in a conspicuous place on the premises.

O. Bedding. In every apartment house or hotel, every part of every bed, including mattress, sheets, blankets, and bedding, shall be kept in a clean, dry and sanitary condition, free from filth, urine or other foul matters, and from the infection of lice, bedbugs or other insects. The bed linen of a bed in a hotel shall be changed at least as often as a new guest occupies the bed. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019; ORD-16-0026 § 1(Exh. A), 2016)

CHAPTER 18.46 ENERGY CODE*

18.46.010 Adoption of California Energy Code.

The City Council adopts and incorporates by reference as though set forth in full in this chapter the 2025 Edition of the California Energy Code (herein referred to as the "California Energy Code"). The California Energy Code is Part 6 of the California Code of Regulations, Title 24, also referred to as the California Building Standards Code. This part is developed by the California Energy Commission.

The adoption of the California Energy Code and certain provisions of the Long Beach Municipal Code shall remain in full force and effect as provided in this title. Such codes and code provisions shall constitute and be known as the Long Beach Energy Code. A copy of the California Energy Code, printed as code in book form, shall be on file in the office of the City Clerk. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022; ORD-19-0031 § 1(Exh. A), 2019)

CHAPTER 18.47 GREEN BUILDING STANDARDS CODE†

18.47.010 Adoption.

The City Council adopts and incorporates by reference as though set forth in full in this chapter the 2025 Edition of the California Green Building Standards Code (herein referred to as "California Green Building Standards Code"). The California Green Building Standards Code is Part 11 of the California Code of Regulations, Title 24, also referred to as the California Building Standards Code. The following appendices of the California Green Building Code are deleted: Appendices A4, A5, and A6.

The adoption of the California Green Building Standards Code is subject to the changes, amendments and modifications to said code as provided in this chapter, and certain provisions of the Long Beach Municipal Code, which shall remain in full force and effect as provided in this title. Such codes and code provisions shall constitute and be known as the Long Beach Green Building Standards Code. A copy of the California Green Building Standards Code, printed as code in book form, shall be on file in the Office of the City Clerk. (ORD-25-0019 § 1(Exh. A), 2025)

18.47.020 Amend CALGreen Sections 4.408.1 through 4.408.5—Construction waste reduction, disposal and recycling.

Sections 4.408.1 through 4.408.5 of the California Green Building Standards Code are deleted in their entirety and replaced to read as follows:

4.408.1 General. Covered projects meeting the threshold of Section 18.67.020 of Title 18 of the Long Beach Municipal Code shall comply with Chapter 18.67 Construction Waste Reduction, Disposal and Recycling of Title 18 of the Long Beach Municipal Code. (ORD-25-0019 § 1(Exh. A), 2025)

18.47.030 Amend CALGreen Section 5.303.1—Meters.

Section 5.303.1 of the California Green Building Standards Code is amended to read as follows:

5.303.1 Meters. Separate submeters or metering devices shall be installed for the uses described in Sections 5.303.1.1 through 5.303.1.3. (ORD-25-0019 § 1(Exh. A), 2025)

18.47.040 Add CALGreen Section 5.303.1.3—Mixed-use occupancy.

Section 5.303.1.3 is added to Chapter 5 of the California Green Building Standards Code to read as follows:

5.303.1.3 Mixed-use occupancy. In new buildings with mixed-use occupancies, separate metering devices shall be dedicated solely to each residential and nonresidential uses. The plumbing system downstream of the meters for the residen-

***Editor's note**—ORD-19-0031 § 1(Exh. A), adopted Nov. 19, 2019, amended Ch. 18.46 in its entirety to read as herein set out. Former Ch. 18.46, §§ 18.46.010 and 18.46.020, pertained to similar subject matter, and derived from ORD-16-0026 § 1(Exh. A), 2016.

†**Editor's note**—ORD-25-0019 § 1(Exh. A), adopted Nov. 11, 2025, amended Ch. 18.47 in its entirety to read as herein set out. Former Ch. 18.47, §§ 18.47.010—18.47.080, pertained to similar subject matter, and derived from ORD-22-0033 § 1(Exh. A), adopted Nov. 15, 2022.

tial and nonresidential uses shall be independent of the other and not cross-connected. (ORD-25-0019 § 1(Exh. A), 2025)

18.47.050 Amend CALGreen Sections 5.408.1 through 5.408.1.4—Construction waste reduction, disposal and recycling.

Sections 5.408.1 through 5.408.1.4 of the California Green Building Standards Code are deleted in their entirety and replaced to read as follows:

5.408.1 General. Covered projects meeting the threshold of Section 18.67.020 of Title 18 of the Long Beach Municipal Code shall comply with Chapter 18.67 Construction and Demolition Recycling Program of Title 18 of the Long Beach Municipal Code. (ORD-25-0019 § 1(Exh. A), 2025)

CHAPTER 18.48 FIRE CODE*

18.48.010 Adoption of the California Fire Code.

The City Council adopts and incorporates by reference as though set forth in full in this chapter the 2025 Edition of the California Fire Code (CFC). The following chapters or sections of the California Fire Code are also included; Chapter 1 Division II Parts 1 and 2, Sections 305, 307, 308, 309, 311.2.1, 311.3, and 503. The following chapters or sections of the California Fire Code are deleted; 105.5.34, 112, 903.4.1 exceptions 4 and 5, 907.3.1 exception 1 and 913.4 methods 3 and 4. The California Fire Code is Part 9 of the California Code of Regulations, Title 24, also referred to as the California Building Standards Code. This part is based on the provisions of the 2024 International Fire Code (model code) as developed by the International Code Council with necessary California amendments.

The adoption of the 2025 Edition of the California Fire Code (herein referred to as the "California Fire Code") is subject to the changes, amendments and modifications to said code as provided in this chapter, and certain provisions of the Long Beach Municipal Code, which shall remain in full force and effect as provided in this Title. Such codes and code provisions shall constitute and be known as the Long Beach Fire Code. A copy of the California Fire Code, printed as code in book form, shall be on file in the Office of the City Clerk. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.020 CFC Chapter 1, Section 101.1—Title.

Section 101.1 of Chapter 1 of the California Fire Code is amended to read as follows:

101.1 Title. These regulations shall be known as the Fire Code of the City of Long Beach, hereinafter referred to as "this code." (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.030 CFC Chapter 1, Section 101.2—Scope.

Section 101.2 of Chapter 1 of the California Fire Code is amended by the addition of Subsection 6 to read as follows:

6. The maintenance of fire protection and elimination of fire hazards on vessels moored, anchored, or berthed in waters under the jurisdiction of the City and/or within the boundaries of the Port of Long Beach. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.040 CFC Chapter 1, Section 101.2—Scope.

Section 101.2 of Chapter 1 of the California Fire Code is amended by the addition of Section 101.2.2 to read as follows:

101.2.2 Supplemental rules and regulations. The Fire Code Official is authorized to make and enforce such rules and regulations for the prevention and control of fires, fire hazards and hazardous materials incidents as may be necessary from time to time to carry out the intent of this code. Three certified copies of such rules and regulations shall be filed with the City Clerk and shall

*Editor's note—ORD-22-0033 § 1(Exh. A), adopted Nov. 15, 2022, amended Ch. 18.48 in its entirety to read as herein set out. Former Ch. 18.48, §§ 18.48.010—18.48.790, pertained to similar subject matter, and derived from ORD-19-0031 § 1(Exh. A), adopted Nov. 19, 2019.

take effect immediately thereafter. Additional copies shall be kept in the Fire Prevention Bureau Office. These rules and regulations shall be known as the Fire Prevention Requirements. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.045 CFC Chapter 1, Section 103.1—Fire Prevention Bureau.

Section 103.1 of Chapter 1 of the California Fire Code is amended to read as follows:

103.1 Fire Prevention Bureau. There is established in the City a Department known and designated as the Fire Department. In addition to the duties imposed upon said Department by the City Charter and other ordinances of the City, the function of the Fire Prevention Bureau of said Department shall be the implementation, administration and enforcement of the provisions of this code. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.050 CFC Chapter 1, Section 103.2—Appointment.

Section 103.2 of Chapter 1 of the California Fire Code is amended to read as follows:

103.2 Appointment. The Fire Code Official shall be appointed by the Fire Chief. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.060 CFC Chapter 1, Section 104.4—Right of entry.

Section 104.4 of Chapter 1 of the California Fire Code is amended by the addition of the following paragraph to read as follows:

The Fire Code Official shall have the authority to direct inspection and ensure compliance with the Long Beach Fire Code on all tankers and vessels at anchor or dockside in waters under the jurisdiction of the City and/or within the boundaries of the Port of Long Beach. All vessels shall comply with rules and regulations set forth in federal, State and local codes. Access to vessels shall be maintained at all times while the vessel is at anchor or dockside by use of proper brows or accommodation ladders. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.070 CFC Chapter 1, Section 104.7—Official records.

Section 104.7 of Chapter 1 of the California Fire Code is amended to read as follows:

104.7 Official records. The Fire Code Official shall keep official records as required by Sections 104.7.1 through 104.7.6. Such official records shall be retained for not less than three years or for as long as the activity to which such records relate remains in existence, unless otherwise provided by other regulations. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.080 CFC Chapter 1, Section 105.1.2—Types of permits.

Section 105.1.2 of Chapter 1 of the California Fire Code is amended by revising the first sentence to read as follows:

105.1.2 Types of permits. There shall be three types of permits as follows: (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.090 CFC Chapter 1, Section 105.1.2—Types of permits.

Section 105.1.2 of Chapter 1 of the California Fire Code is amended by the addition of Subsection 3 to read as follows:

3. Inspection permit. An inspection permit allows the applicant to construct, enlarge, alter, repair, move, demolish, or change the occupancy of a building or structure, fire access roadways, smoke control systems, high piled storage, hazardous materials when not in "H" occupancies, and special systems as indicated in Section 18.48.160. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.100 CFC Chapter 1, Section 105.2—Application.

Section 105.2 of Chapter 1 of the California Fire Code is amended by the addition of Sections 105.2.5, 105.2.5.1 and 105.2.5.2 to read as follows:

105.2.5 Declaration of intended use of occupancy. As required by the Fire Code Official, any

or all owners of any occupancy may be required to record with the County Recorder of the County of Los Angeles a legal instrument of intended use. This legal instrument shall be called a Declaration of Intended Use, which shall specifically state by occupancy classification designations all intended uses of all portions of the occupancy and may not be modified or withdrawn without the approval of the Fire Code Official. Unapproved changes of occupancy or use can be cause for an immediate hearing before the Building Official and the Fire Code Official or their designees. Such hearing shall be conducted to rule on the revocation of the Certificate of Occupancy and the revocation of all permits issued to all owners, tenants, operators and occupants of all portions of the occupancy. The Declaration of Intended Use shall be binding on all present and future owners, tenants, operators and occupants.

105.2.5.1 Existing occupancy modification. Any existing occupancy that is modified in any manner where the modifications exceed 1% of the total floor area of the smallest aggregate individual floor area or tier area in any twelve-month period, shall require the filing of a Declaration of Intended Use.

105.2.5.2 Filing. A certified copy of the recorded Declaration of Intended Use shall be filed with the Building Official and the Fire Code Official before any Certificate of Occupancy and/or any permits are issued to any or all owners, operators or occupants of the occupancy. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.110 CFC Chapter 1, Section 105.3.1—Expiration.

Section 105.3.1 of Chapter 1 of the California Fire Code is amended to read as follows:

105.3.1 Expiration. An operational permit shall remain in effect until reissued, renewed or revoked, or for such a period of time as specific in the permit. Construction and inspection permits issued shall be valid for a period of two (2) years from the date after its issuance; provided however that every permit issued shall expire on the ninetieth (90^{th}) day after its issuance if the work on the site authorized by such permit has not commenced or has not been inspected; or shall expire whenever the Fire Code Official determines the work authorized by such permit has been suspended, discontinued or abandoned or has not been inspected for a continuous period of ninety (90) days after the time the work has commenced. Permits are not transferrable and any change in occupancy, operation, tenancy or ownership shall require that a new permit be issued.

EXCEPTION: If the holder of any permit issued by the Fire Prevention Bureau presents satisfactory evidence that unusual construction difficulties has prevented work from being started or continued without being suspended, discontinued or abandoned or the work has not been inspected within the ninetieth (90th) day time period or completed within the two-year period of validity, the Fire Code Official may grant extensions of time reasonably necessary because of such difficulties. The extension shall be requested in writing for that purpose with justifiable cause demonstrated. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.120 CFC Chapter 1, Section 105.5—Required operational permits.

Section 105.5 of Chapter 1 of the California Fire Code is amended to read as follows:

105.5 Required operational permits. The Fire Code Official is authorized to issue operational permits for the operations set forth in Chapter 1, Sections 105.5.1 through 105.5.73. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.130 CFC Chapter 1, Section 105.5—Required operational permits.

Section 105.5 of Chapter 1 of the California Fire Code is amended by the addition of Sections 105.5.60 through 105.5.74 to read as follows:

105.5.60 Airport, heliport and helistop. An operational permit is required to operate an airport, heliport and helistop.

105.5.61 Bulk storage facility. Above ground bulk storage of flammable and combustible liquids for each 225,000 BBL or major fraction thereof.

105.5.62 Educational occupancy. An operational permit is required to operate any occupancy classified as a Group E occupancy or E-Daycare in all commercial properties and residential properties with seven (7) or more children.

105.5.63 Emergency responder communication enhancement system. An operational permit is required to operate an emergency responder communication enhancement system.

105.5.64 General use permit. An operational permit is required to maintain, store, use or handle materials, or to conduct processes which may produce conditions hazardous to life or property, or to install equipment used in connection with such processes, or to carry on any activity which in the opinion of the Fire Code Official may be hazardous to life and property and which is not specifically covered by Section 105.5

105.5.65 High-rise. An operational permit is required to operate any high-rise structure.

105.5.66 Hot air balloon. An operational permit is required to launch any hot air balloon which has its lifting power provided by an open flame device. A plan shall be submitted for approval showing distances from buildings and other possible hazards, as determined by the Fire Code Official, before the permit is issued.

105.5.67 Institutional occupancy. An operational permit is required to operate any occupancy classified as an I-2, I-3 or I-4 occupancy.

105.5.68 Marijuana facility. An operational permit is required to operate a dispensary, cultivation, manufacturing, distribution or similar facility.

105.5.69 Marine service station. An operational permit is required to operate a marine service station.

105.5.70 Public firework display. An operational permit is required to conduct a public firework display.

105.5.71 Radioactive material. An operational permit is required to store or handle radioactive materials.

105.5.72 Recreational fire. An operational permit is required for a recreational fire.

105.5.73 Residential occupancy. An operational permit is required to operate a residential occupancy with three or more units.

105.5.74 Rifle range. An operational permit is required to operate a rifle range. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.140 CFC Chapter 1, Section 105.5.18—Flammable and combustible liquids.

Section 105.5.18 of Chapter 1 of the California Fire Code is amended by the revision of Subsection (3) to read as follows:

3. To store, handle or use Class II or Class IIIA liquids in excess of 25 gallons (95 L) in a building or in excess of 60 gallons (227 L) outside a building. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.150 CFC Chapter 1, Section 105.6—Required construction and inspection permits.

Section 105.6 of Chapter 1 of the California Fire Code is amended to read as follows:

105.6 Required construction and inspection permits. The Fire Code Official is authorized to issue construction and inspection permits for work as set forth in Chapter 1, Sections 105.6.1 through 105.6.30. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.160 CFC Chapter 1, Section 105.6—Required construction and inspection permits.

Section 105.6 of Chapter 1 of the California Fire Code is amended by the addition of Sections 105.6.26 through 105.6.31 to read as follows:

105.6.26 Buildings and structures. A construction permit is required to construct, enlarge, alter, repair, move, demolish, or change the occupancy of a building or structure.

105.6.27 Automatic sprinkler systems. A construction permit is required for the installation or modification of an automatic sprinkler system, including all interior and exterior piping, valves, or appurtenances. Maintenance performed in accordance with this code is not considered a modification and does not require a permit.

105.6.28 Fire Department emergency access and building emergency egress. A construction permit is required for the construction or modification of a Fire Department emergency access and building emergency egress.

105.6.29 High piled storage. A construction permit is required for the construction or modification of a high piled storage area inside, or outside of any building or structure.

105.6.30 Hazardous materials, when not in "H" occupancies. A construction permit is required for the installation or modification of a hazardous material, when not in "H" occupancies.

105.6.31 Special systems. A construction permit is required for the construction or modification of vapor recovery systems, dust collection systems, compressed or liquefied gas manifolds, and other special systems requiring Fire Department approvals. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.170 CFC Chapter 1, Section 108—Fees.

Section 108 of Chapter 1 of the California Fire Code is amended by the addition of Sections 108.7, 108.8, and 108.9 to read as follows:

108.7 Operational permit fees. The fee set forth and established for the particular activity by a resolution of the City Council shall accompany all operational permits required pursuant to the provisions of this code.

108.8 Construction and inspection permit fees. Construction and inspection permit fees shall be paid at the time of the permit issuance. In addition to the permit fee, the applicant shall pay a plan check fee. The fee set forth and established for the particular activity by a resolution of the City Council shall accompany all construction and inspection permits required pursuant to the provisions of this code.

108.9 Reinspection fee. When the Fire Code Official or his representative arrives at an occupancy to inspect for compliance with a written order or notice and is prevented from making the inspection due to inaccessibility of the area, or finds that compliance with the written order has not been made or other circumstances, or when an inspection is scheduled for operational or construction permits and the permittee is not ready for inspection and does not inform the Fire Code Official or his representative two hours prior to the scheduled inspection, a reinspection fee may be assessed. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.180 CFC Chapter 1, Section 110.2—Testing and operation.

Section 110.2 of Chapter 1 of the California Fire Code is amended by the addition of Section 110.2.2 to read as follows:

110.2.2 Submission of records. Contractors, engineers, test companies and licensed and/or certified testers who perform inspection, testing and/or maintenance services on fire protection and life safety systems and equipment within the City of Long Beach are required to electronically submit all compliant and non-compliant reports to the Long Beach Fire Department via a method approved by the Fire Code Official. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.190 CFC Chapter 1, Section 110.6—Overcrowding.

Section 110.6 of Chapter 1 of the California Fire Code is amended by the addition of Section 110.6.1 to read as follows:

110.6.1 Occupant count. The supervisor of each place of assembly shall have an effective system to keep count of the number of occupants present in the assembly area. If at any time, the Fire Code Official determines that an accurate count of occupants is not being maintained, the occupancy shall be cleared until an accurate count can be made. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.200 CFC Chapter 1, Section 113.4—Violation penalties.

Section 113.4 of Chapter 1 of the California Fire Code is amended to read as follows:

113.4 Violation penalties. Persons who shall violate a provision of this code or shall fail to comply with any of the requirements thereof or who shall erect, install, alter, repair or do work in violation of the approved construction documents or directive of the Fire Code Official, or of a permit or certificate used under the provisions of this code, or who enters a building that has been declared "unsafe" and ordered "evacuated", shall be guilty of a misdemeanor.

A person is guilty of a separate offense each day during which he or she commits, continues, or permits a violation of any provision of, or any order, rule, or regulation made pursuant to, this chapter. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.210 CFC Chapter 1, Section 114.4—Failure to comply.

Section 114.4 of Chapter 1 of the California Fire Code is amended to read as follows:

114.4 Failure to comply. Any person who shall continue any work after having been served with a stop work order, except such work as that person is directed to perform to remove a violation or unsafe condition, shall be guilty of a misdemeanor.

A person is guilty of a separate offense each day during which he or she commits, continues, or permits a violation of any provision of, or any order, rule, or regulation made pursuant to, this chapter. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.220 CFC Chapter 1—Administration.

Chapter 1 Division II of the California Fire Code is amended by the addition of Section 116 to read as follows:

SECTION 116 - RESPONSIBILITY

116.1 Responsibility for costs. Persons who personally or through another willfully, negligently, or in violation of law set a fire, allow a fire to be set, allow a fire kindled or attended by them to escape from their control, allow any hazardous materials to escape from their control, neglect to properly comply with any written notice of the Fire Code Official, or willfully or negligently allow the continuation of a violation of this code and amendments thereto are liable for the expenses of fighting the fire, for the expenses of any investigation, or for the expenses incurred during a hazardous materials incident. Such expenses shall be a charge against that person. Such charge shall constitute a debt of such person, and is collectible by the City in the same manner as in the case of an obligation under a contract, expressed or implied and a lien may be attached to the involved property.

116.2 Reporting injuries caused by fires. Any person, firm, corporation, or agency that maintains a hospital, pharmacy, or any other medical or first aid service shall immediately report to the Fire Code Official any person suffering from any fire-related injury. The report shall be made both by telephone and in writing, and shall include the name and address of the injured person, the person's whereabouts, and the character and extent of the person's injuries. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.230 CFC Chapter 2, Section 202—General definitions.

Section 202 of Chapter 2 of the California Fire Code is amended by adding or revising the following definitions to read as follows:

Boat Yard. A facility for construction, repair, storage, launching, berthing, and fueling of small craft.

Fire Chief. The chief officer of the Fire Department serving the jurisdiction.

Fire Code Official. The fire marshal or his or her designated representatives.

High-rise structure. Every building of any type of construction or occupancy having floors used for human occupancy located more than seventy-five (75) feet above the lowest floor level having building access (see California Building Code, Section 403) or the lowest level of Fire Department

vehicle access, whichever is more restrictive, except buildings used as hospitals as defined in Section 1250 of the California Health and Safety Code.

Small Craft. Vessels under sixty-five (65) feet in length. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.240 CFC Chapter 3, Section 307.1.1—Prohibited open burning.

Section 307.1.1 of Chapter 3 of the California Fire Code is amended to read as follows:

307.1.1 Prohibited open burning. Open burning shall be conducted in accordance with Section 307 and as required by other governing agencies regulating emissions. No person shall conduct open burning for any purposes except:

1. When such fire is set or permission for such fire is given in the performance of the official duty of any Public Safety Officer, and the fire in the opinion of such officer is necessary for the purpose of the prevention of a fire hazard which cannot be abated by any other means or for the purpose of the instruction of public employees in the methods of fighting fire.

2. When such fire is set on property used for industrial or institutional purposes to instruct employees in methods of fighting fire.

3. The Fire Code Official has issued an open burning permit allowing open burning for a specific purpose. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.250 CFC Chapter 3, Section 307.4.2—Recreational fires.

Section 307.4.2 of Chapter 3 of the California Fire Code is amended by the addition of Section 307.4.2.1 to read as follows:

307.4.2.1 Recreational fires. Recreational fires shall be in accordance with Section 307. Recreational fires shall not be conducted unless the Fire Code Official has issued a permit allowing such fires. For recreational fires, this permit shall be issued without cost. (ORD-25-0019 § 1(Exh. A), 2025)

Editor's note—ORD-25-0019, amended § 18.48.250 in its entirety to read as herein set out. Former § 18.48.250 was entitled "CFC Chapter 3, Section 307.4.2—General," and derived from ORD-22-0033 § 1(Exh. A), 2022.

18.48.260 CFC Chapter 3, Section 308.1.7—Sky lanterns.

Section 308.1.7 of Chapter 3 of the California Fire Code is amended to read as follows:

308.1.7 Sky lanterns. A person shall not release or cause to be released a sky lantern. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.270 CFC Chapter 3, Section 312.2—Posts.

Section 312.2 of Chapter 3 of the California Fire Code is amended by the revision of Subsection (4) and the addition of Subsections (6) and (7) to read as follows:

(4) Set the top of the posts not less than 4 feet above ground.

(6) Where heavy truck traffic is anticipated guard posts shall be a minimum of 6 inches in diameter, or as required by the Fire Code Official, concrete filled, located not less than 5 feet from the protected object, and have the tops of the posts not less than 4 feet above ground.

(7) Guard posts shall be painted safety yellow. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.280 CFC Chapter 4, Section 403.11—Special requirements for public safety.

Section 403.11 of Chapter 4 of the California Fire Code is amended by the addition of Section 403.11.4 to read as follows:

403.11.4 Fire safety officer. When in the opinion of the Fire Code Official, a place of assembly or any other place where people congregate, because of the number of persons, or nature of performance, exhibition, display, contest or activity or any other type of activity, and when the Fire Code Official determines it is essential for public safety, the owner, agent, lessee or responsible party shall pay for Long Beach Fire Department Fire Safety Officers to be present. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.290 CFC Chapter 5, Section 503.2.1—Dimensions.

Section 503.2.1 of Chapter 5 of the California Fire Code is amended to read as follows:

503.2.1 Dimensions. Fire apparatus access roads shall have an unobstructed width of not less than 26 feet, and an unobstructed vertical clearance of 15 feet, or as approved by the Fire Code Official. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.300 CFC Chapter 5, Section 503.2.3—Surface.

Section 503.2.3 of Chapter 5 of the California Fire Code is amended to read as follows:

503.2.3 Surface. Fire apparatus access roads shall be designed and maintained to support the imposed loads of fire apparatus and shall be surfaced so as to provide all-weather driving capabilities, as approved by the Fire Code Official. Permeable pavers or similar materials and methods shall not be acceptable. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.310 CFC Chapter 5, Section 503.2.4—Turning radius.

Section 503.2.4 of Chapter 5 of the California Fire Code is amended to read as follows:

503.2.4 Turning radius. Fire apparatus access roads shall have a minimum inside turning radius of 28 feet, or as approved by the Fire Code Official. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.320 CFC Chapter 5, Section 505.1—Address identification.

Section 505.1 of Chapter 5 of the California Fire Code is amended by the addition of the following sentence to read as follows:

When in the opinion of the Fire Code Official address numbers need to be larger due to building location, each character shall be 8 inches in height or larger as required by the Fire Code Official. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.330 CFC Chapter 5, Section 505.1—Address identification.

Section 505.1 of Chapter 5 of the California Fire Code is amended by the addition of Sections 505.1.1 and 505.1.2 to read as follows:

505.1.1 Rear address numbers. All buildings on the property of the Long Beach Airport, and all multi-tenant buildings within the City, shall be provided with address numbers and/or suite numbers on the rear doors to each tenant space.

505.1.2 Address illumination. Address numbers on the street or road frontage of the building, shall be internally or externally illuminated. In addition, buildings on the Long Beach Airport property shall have the rear address numbers internally or externally illuminated, in addition to the street or road frontage addresses. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.340 CFC Chapter 5, Section 506.1—Where required.

Section 506.1 of Chapter 5 of the California Fire Code is amended by the addition of Sections 506.1.3 and 506.1.4 to read as follows:

506.1.3 Identification. When required, keys shall be clearly tagged as to the area and/or location they serve and a minimum of three separate sets shall be located within the key box.

506.1.4 Gates. Vehicular or pedestrian gates obstructing required fire access shall be provided with locking devices and/or over-ride mechanisms, which have been approved by the Fire Code Official. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.350 CFC Chapter 5, Section 507.2.1—Private fire service mains.

Section 507.2.1 of Chapter 5 of the California Fire Code is amended by the addition of Section 507.2.1.1 to read as follows:

507.2.1.1 Tracer wire. Where nonmetallic pipe or fittings are used in the installation of private fire service mains, tracer wire shall be installed along the pipe and fittings. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.360 CFC Chapter 5, Section 507.5—Fire hydrant systems.

Section 507.5 of Chapter 5 of the California Fire Code is amended to read as follows:

507.5 Fire hydrant systems. Fire hydrants systems shall comply with Sections 507.5.1 through 507.5.8 and Appendix C or by an approved method. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.370 CFC Chapter 5, Section 507.5—Fire hydrant systems.

Section 507.5 of Chapter 5 of the California Fire Code is amended by the addition of Sections 507.5.7 and 507.5.8 to read as follows:

507.5.7 Hydrant markers. Fire hydrants shall be identified with blue reflective raised pavement markers within the fire access road, or other means as required by the Fire Code Official.

507.5.8 Painting. Private fire hydrant systems shall have the hydrants painted with two coats of fire hydrant red. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.380 CFC Chapter 5, Section 510.5.4—Acceptance test procedures.

Section 510.5.4 of Chapter 5 of the California Fire Code is amended by the addition of Section 510.5.4.1 to read as follows:

510.5.4.1 Acceptance testing. When required by the Fire Code Official, an approved independent test company shall be obtained by the installing contractor to witness and record all acceptance testing. All test results shall be sent to the Fire Code Official. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.390 CFC Chapter 5—Fire Service Features.

Chapter 5 of the California Fire Code is amended by the addition of Section 511 to read as follows:

SECTION 511 - EMERGENCY HELICOPTER LANDING FACILITY

511.1 General. Each high-rise building shall have an Emergency Helicopter Landing Facility (EHLF) located on the roof of the building in an area approved by the Fire Department. The landing facility shall be for emergency operations only and installed in accordance with Section 511.

511.2 Approaches. A landing glide slope angle determined by a ratio of eight feet horizontal distance for every one foot of vertical clearance is required. Two such approaches shall be available at least ninety degrees removed from each other.

511.3 Landing and takeoff area. A clear, unobstructed landing and takeoff area is required with a minimum dimension of one hundred feet by one hundred feet and a touchdown area having a minimum dimension of fifty feet by fifty feet.

511.4 Roof perimeter. If the roof has no parapet wall, a substantial fence or safety net shall be provided around the perimeter of the roof in such a manner that it will not restrict or reduce the required landing and takeoff area.

511.5 Wind device. An approved wind-indicating device shall be provided.

511.6 Standpipe. A Class II wet standpipe shall be provided and located in such a manner that it will not restrict or reduce the required landing and takeoff area.

511.7 Marking. The rooftop shall be marked by an emergency marker as required by the Fire Code Official.

511.8 Communication system. An extension of the building's emergency communication system shall extend to the roof and shall consist of a head set and microphone in a cabinet.

EXCEPTION: Where approved by the Fire Code Official, Fire Prevention Requirement 1.1016A Alternate to Emergency Helicopter Landing Facility, shall be used when submitting for a modification to eliminate the EHLF requirement. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.400 CFC Chapter 9, Section 901.4.2—Nonrequired fire protection and life safety systems.

Section 901.4.2 of Chapter 9 of the California Fire Code is amended to read as follows:

901.4.2 Nonrequired fire protection and life safety systems. Any fire protection and life safety

system not required by this code or the California Building Code shall be furnished for complete protection throughout the entire building and meet all requirements of this code and the California Building Code unless a fire wall, with no door or window opening, is constructed per the California Building Code Section 706 to separate the building or fire areas. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.410 CFC Chapter 9, Section 901.4—Fire protection and life safety systems.

Section 901.4 of Chapter 9 of the California Fire Code is amended by the addition of Section 901.4.8 to read as follows:

901.4.8 Protection of fire protection systems and equipment. Fire protection systems and equipment subject to possible vehicular damage shall be adequately protected with guard posts in accordance with Section 312 Vehicle Impact Protection, and modifications adopted under this code. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.420 CFC Chapter 9, Section 903.1—General.

Section 903.1 of Chapter 9 of the California Fire Code is amended by the addition of Sections 903.1.2 and 903.1.3 to read as follows:

903.1.2 Existing buildings. An automatic sprinkler system shall be installed in all existing occupancies as required by this section, if any of the following occurs:

1. There is a change in occupancy classification to one that would require an automatic sprinkler system per the Fire Code in the new occupancy.

2. The Fire Code Official determines that an automatic sprinkler system is required to provide a minimum level of public safety.

903.1.3 Partial automatic sprinkler systems. Partial automatic sprinkler systems are not allowed. Where automatic sprinkler systems are required to be installed by this section, or by any other sections in this code, or any nationally recognized standards, or are electively installed, the automatic sprinkler system shall be installed throughout the entire building, unless a fire wall, with no door or window openings, is constructed per the California Building Code Section 706 to separate the building or fire areas. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.430 CFC Chapter 9, Section 903.2—Where required.

Section 903.2 of Chapter 9 of the California Fire Code is amended by the addition of the following paragraph to read as follows:

All new commercial, industrial and non-residential buildings that require two or more exits or that are greater than 3,000 sq. ft. shall be protected by an automatic sprinkler system. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.440 CFC Chapter 9, Section 903.2.8—Group R.

Section 903.2.8 of Chapter 9 of the California Fire Code is amended by the addition of the following paragraphs to read as follows:

All new multi-family (3 or more units) residential, hotels, motels and similar buildings shall be protected by an automatic sprinkler system.

All new single-family dwellings and duplexes shall be protected by an automatic sprinkler system. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.450 CFC Chapter 9, Section 903.3.5—Water supplies.

Section 903.3.5 of Chapter 9 of the California Fire Code is amended by the addition of Section 903.3.5.3 to read as follows:

903.3.5.3 Hydraulic calculations margin. Fire protection system hydraulic calculations shall include a 10 percent safety margin between the available water supply and the required system supply. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.460 CFC Chapter 9, Section 903.3.10.1—Floor control valves.

Section 903.3.10 of Chapter 9 of the California Fire Code is amended by the addition of Section 903.3.10.1 to read as follows:

903.3.10.1 Control valves. Fire Sprinkler system floor control valves shall be located within stairway designated as "Number 1". (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.470 CFC Chapter 9, Section 903.4.2—Monitoring.

Section 903.4.2 of Chapter 9 of the California Fire Code is amended by the addition of Section 903.4.2.1 to read as follows:

903.4.2.1 Signal reporting. All signals shall transmit to the remote annunciator and supervising station with each device's specific location, type and address. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.480 CFC Chapter 9, Section 903.4.3—Alarms.

Section 903.4.3 of Chapter 9 of the California Fire Code is amended by the addition of the following sentence to read as follows:

The exterior alarm device shall be a horn and strobe device or a speaker and strobe (for voice evacuation systems), located on the address side of the building, 10 feet above grade with no building obstructions and closest to the location of the fire department connection. This device shall be operable on any alarm. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.490 CFC Chapter 9, Section 903.4.3—Alarms.

Section 903.4.3 of Chapter 9 of the California Fire Code is amended by the addition of Sections 903.4.3.1 and 903.4.3.2 to read as follows:

903.4.3.1 Alarms. At least one (1) additional horn and strobe device is required on the interior of a building at the main entrance or in a location as approved by the Fire Code Official.

903.4.3.2 Manual pull station. At least one (1) manual pull station is required on the interior of a building at the main entrance or in a location as approved by the Fire Code Official. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.500 CFC Chapter 9, Section 903.4—Sprinkler system supervision and alarms.

Section 903.4 of Chapter 9 of the California Fire Code is amended by the addition of Section 903.4.4 to read as follows:

903.4.4 Remote annunciator. A remote annunciator shall be provided at the main entrance, the first suite in a multi suite building, or in a location as approved by the Fire Code Official. The remote annunciator shall be key operated and have the capability to silence and reset the system, or by other approved means. The visual description shall lock in until the system is reset and shall not be cancelled by the operation of an audible alarm-silencing switch. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.510 CFC Chapter 9, Section 905.1—General.

Section 905.1 of Chapter 9 of the California Fire Code is amended by the addition of Section 905.1.1 to read as follows:

905.1.1 Design. All standpipe systems, except Class II systems, shall be designed to deliver a minimum of 125 psi at the discharge of all standpipe outlets. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.520 CFC Chapter 9, Section 905.4 Subsection 1—Location of Class I standpipe hose connections.

Section 905.4 Subsection 1 of Chapter 9 of the California Fire Code is amended to read as follows:

1. In every required interior or exterior stairway, a hose connection shall be provided for each floor level. Hose connection shall be located at the floor landing of each floor, unless otherwise ap-

proved by the Fire Code Official. See California Building Code Section 909.20.2.3 for additional provisions in smokeproof enclosures. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.530 CFC Chapter 9, Section 907.1—General.

Section 907.1 of Chapter 9 of the California Fire Code is amended by the addition of Sections 907.1.6 through 907.1.10 to read as follows:

907.1.6 Voluntary. Any fire alarm system not required by this code or the California Building Code shall be furnished for complete protection and meet all requirements of this code and the California Building Code, unless approved by the Fire Code Official.

907.1.7 Evacuation. Buildings over 3 stories may be required to provide building evacuation based on the floor of alarm, the floor above and the floor below, in lieu of a general alarm, at the discretion of the Fire Code Official.

907.1.8 Control panels. Fire alarm system control panels, including sprinkler monitoring panels, shall be utilized for connecting and supervising fire alarm and/or fire related equipment only. Security or similar devices shall not be connected to a fire alarm or sprinkler monitoring control panel. The use of control panels capable of this feature is subject to the following:

1. The owner of the facility where the panel is being installed shall provide an original letter, on company letterhead, to the Long Beach Fire Department stating that not now, nor in the future, will security or similar equipment be connected to the fire alarm or sprinkler monitoring control panel.

2. New and/or existing control panels installed after the adoption of this ordinance found to be in violation of this requirement shall be subject to corrective action, as determined by the Fire Code Official.

907.1.9 Remote annunciator. A remote annunciator shall be provided at the main entrance, the first suite in a multi suite building, or in a location as approved by the Fire Code Official. The remote annunciator shall have the capability to silence and reset the system via a key located in the Knox box, or other approved means.

907.1.10 Alarms. Where fire alarm systems are installed in non-sprinklered buildings an exterior horn and strobe device shall be installed and located on the address side of the building closest to the location of the remote annunciator. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.540 CFC Chapter 9, Section 907.3.1—Duct smoke detectors.

Section 907.3.1 of Chapter 9 of the California Fire Code is amended to read as follows:

907.3.1 Duct smoke detectors. Smoke detectors installed in ducts shall be listed for the air velocity, temperature and humidity present in the duct. Duct smoke detectors shall be connected to the building's fire alarm system or sprinkler monitoring system, when one is installed. Activation of a duct smoke detector shall initiate a visible and audible supervisory signal at a constantly attended location and shall perform the intended fire safety function in accordance with this code and the California Mechanical Code. Duct smoke detectors shall not be used as a substitute for required open area detection. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.550 CFC Chapter 9, Section 907.3.1 Exception 2—Duct smoke detectors.

Section 907.3.1 Exception 2 of Chapter 9 of the California Fire Code is amended to read as follows:

2. In occupancies not required to be equipped with a fire alarm or sprinkler monitoring system, actuation of a duct smoke detector shall activate a visible and audible signal in an approved location. Duct smoke detector trouble condition shall activate a visible or audible signal in an approved location and shall be identified as an air duct detector trouble. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.560 CFC Chapter 9, Section 907—Fire alarm and detection systems.

Section 907 of Chapter 9 of the California Fire Code is amended by the addition of Sections 907.11 and 907.12 to read as follows:

907.11 Fire alarm upgrade. All existing multi-family residential, hotels, motels and high-rise buildings shall upgrade the existing fire alarm system to current code, at the time of replacement of the existing non-functioning fire alarm control panel.

907.12 Firefighter smoke removal system. A natural or mechanical Fire Department approved ventilation system for the removal of products of combustion shall be provided above and below grade on every level, at the discretion of the Fire Code Official, and shall consist of one of the following:

1. Panels or windows in the exterior walls which can be opened remotely from an approved location other than the fire floor. Such venting facilities shall be provided at the rate of twenty square feet per lineal feet of exterior wall in each story and shall be distributed around the perimeter at not more than fifty-foot intervals. Such windows or panels and their controls shall be clearly identified.

Exception: When a complete automatic fire extinguishing system is installed, windows or panels manually openable from within the fire floor or approved fixed tempered glass may be used in lieu of the remotely operated openable panels and windows. Such windows shall be clearly identified and shall be of the size and spacing called for above.

2. When a complete and approved automatic fire extinguishing system is installed, the mechanical air-handling equipment may be designed to accomplish smoke removal. Under fire conditions, the return and exhaust air shall be moved directly to the outside without recirculation to other sections of the building. The air-handling system shall provide a minimum of one exhaust air change each ten minutes for the area involved. The system shall utilize a firefighter smoke exhaust panel located at the main entrance to the building or as required by the Fire Code Official and shall be permanently labeled "Fire Department Smoke Evacuation Use Only". Operation of the system shall be by the use of a Knox key switch.

3. Any other design which will produce equivalent results as approved by the Fire Code Official. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.570 CFC Chapter 9, Section 910.3—Smoke and heat vents.

Section 910.3 of Chapter 9 of the California Fire Code is amended to read as follows:

910.3 Smoke and heat vents. The design and installation of smoke and heat vents shall be in accordance with Sections 910.3.1 through 910.3.6. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.580 CFC Chapter 9, Section 910.3—Smoke and heat vents.

Section 910.3 of Chapter 9 of the California Fire Code is amended by the addition of Section 910.3.6 to read as follows:

910.3.6 Sprinklered buildings. Smoke and heat vents fusible links shall be designed at a minimum of 100 degrees above the temperature rating of the fire sprinklers. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.590 CFC Chapter 9, Section 912.1—Installation.

Section 912.1 of Chapter 9 of the California Fire Code is amended by the addition of Section 912.1.1 to read as follows:

912.1.1 Design. Fire department connections, where required, shall be provided with a minimum number of two (2) 2-1/2 inch inlets, regardless of the size of the fire sprinkler system. Where fire protection system demands are in excess of 1,000 gpm a minimum of four (4) 2-1/2 inch inlets shall be provided.

Hazardous locations, high-rise buildings or where fire protection system demands are in excess of 2,000 gpm, a second fire department connec-

tion utilizing four (4) 2-½ inch inlets may be required at the discretion of the Fire Code Official. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.600 CFC Chapter 9, Section 912.2.1—Visible location.

Section 912.2.1 of Chapter 9 of the California Fire Code is amended by the addition of the following paragraph to read as follows:

Fire department connections shall be located on the address side of the building or structure and shall be within 150 feet of a public fire hydrant, except as required by the California Fire Code Section 507.5.1.1, or as approved by the Fire Code Official. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.610 CFC Chapter 9, Section 912.4—Access.

Section 912.4 of Chapter 9 of the California Fire Code is amended by the addition of the following paragraph to read as follows:

Fire department connections, where located in landscaping or other similar areas, shall be provided with a minimum 3-foot concrete pad around the fire department connection, and an approved concrete pathway leading to the fire department connection. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.620 CFC Chapter 10, Section 1003—General means of egress.

Section 1003 of Chapter 10 of the California Fire Code is amended by the addition of Section 1003.8 to read as follows:

1003.8 Protection of means of egress. When the Fire Code Official determines that means of egress require protection from possible vehicular damage, crash posts shall be installed in accordance with Section 312 Vehicle Impact Protection. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.630 CFC Chapter 10, Section 1011.12—Stairway to roof.

Section 1011.12 of Chapter 10 of the California Fire Code is amended by addition of Sections 1011.12.3 and 1011.12.4 to read as follows:

1011.12.3 Ladder. A fixed ladder shall be provided for access to the hatch or trap door.

1011.12.4 Stairway 1. When a stairway to the roof is required, it shall be designated "Stairway 1". (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.640 CFC Chapter 23, Section 2303.1.1—Protection of dispensing devices.

Section 2303.1.1 of Chapter 23 of the California Fire Code is amended by the addition of the following paragraph to read as follows:

Dispensing devices shall be protected against physical damage from vehicles by mounting on a concrete island 6 inches or more in height or by other approved methods. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.650 CFC Chapter 23, Section 2306.7.9.2—Vapor-processing systems.

Section 2306.7.9.2 of Chapter 23 of the California Fire Code is amended to read as follows:

2306.7.9.2 Vapor-processing systems. Vapor-processing systems shall comply with Sections 2306.7.9.2.1 through 2306.7.9.2.10. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.660 CFC Chapter 23, Section 2306.7.9.2—Vapor-processing system.

Section 2306.7.9.2 of Chapter 23 of the California Fire Code is amended by the addition of Sections 2306.7.9.2.5 through 2306.7.9.2.10 to read as follows:

2306.7.9.2.5 Component design. If a component is likely to contain a flammable vapor/air mixture under operating conditions and can fail in a manner, which could ignite the mixture, the

component shall be designed to withstand an internal explosion without failure to the outside and protected to prevent flame propagation to other parts of the system.

2306.7.9.2.6 Fire checks. Approved fire checks or other positive means of automatic isolation of underground storage tanks shall be installed in vapor-return piping to prevent a flashback from reaching the underground tanks. Such devices also shall be installed in all vapor/air piping as close as practical to each burner or group of burners in a vapor incineration unit, and in all vapor-transfer piping as close as practical to refrigeration, absorption or similar types of processing equipment.

2306.7.9.2.7 Vent termination. Vents from vapor-processing units shall not be less than 12 feet above adjacent ground level and not less than 8 feet above the processing unit itself. Vent outlets shall be directed and located such that flammable vapors will not accumulate, travel to an unsafe location or enter buildings.

2306.7.9.2.8 Electrical equipment. Electrical equipment shall be in accordance with the California Electrical Code.

2306.7.9.2.9 Site control. Fences, bumper posts or other control measures shall be provided where necessary to protect from tampering, trespassing and vehicle traffic. The area within 15 feet of the installed vapor-processing unit shall be kept clear of combustible materials.

2306.7.9.2.10 Maintenance, tests and inspection. Vapor-recovery and vapor-processing equipment shall be subject to periodic maintenance, tests and inspections. Maintenance, tests and inspections set forth in the listing document, or other tests required by the Fire Code Official, shall be the responsibility of the owner or occupant of the premises on which such equipment is located.

Maintenance on vapor-recovery system or vapor-processing equipment shall be performed by the manufacturer of the affected equipment, or an equally qualified person. Written records of maintenance, tests, inspections and the results and recommendations shall be maintained on the premises where the equipment is located, and shall be made available to the Fire Code Official on request.

Incidents involving leaks, fires, explosions, overheating or requiring shutting down equipment, other than for routine maintenance or tests, shall be immediately reported to the Fire Department. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.670 CFC Chapter 35—Welding and other hot work.

Chapter 35 of the California Fire Code is amended by the addition of Sections 3511 and 3512 to read as follows:

SECTION 3511 - WELDING AND CUTTING ABOARD VESSELS

3511.1 General. No person shall perform any welding or cutting operations aboard any vessel moored or anchored in the waterfront facilities under the jurisdiction of the Long Beach Harbor Department without first complying with the regulations of the Port of Long Beach Tariff and notifying the Fire Department.

3511.2 Conditions. No person shall perform any welding or cutting operations aboard any vessel moored, anchored or in dry-dock or on any waterfront facility within the corporate limits of the City, which are not included and regulated in Section 3510.1 above, at any yacht moorage, shipyard, boat landing or marina without first notifying and receiving permission from the proper authority as hereinafter defined:

1. Proper authority for a yacht moorage, shipyard, boat landing or marina shall mean the manager or owner. Prior to giving permission to do welding or cutting, a permit shall be obtained from the Fire Department.

2. Proper authority for any area not covered in (1) shall be the Fire Code Official.

3511.3 Special hazards. Welding or cutting shall be prohibited aboard any vessel in congested moorage, except as approved by the Fire Code Official or in an approved shipyard site where adequate fire protection, as approved by the Fire Code Official, is provided. Vessels shall be located in such a manner as to facilitate their quick removal in case of fire or other emergency. If an unusual hazard exists which endangers life or prop-

erty, the Fire Code Official may require sufficient and competent personnel to be immediately available to move the vessel in the event of an emergency.

3511.4 Access. Brows, gangways, ladders or other facilities shall be provided for prompt and easy access to a vessel upon which welding or cutting is being conducted. A Jacob's ladder or other suitable equipment may be required to be rigged on the offshore side in such a manner that it can be immediately lowered for a boarding party in the event of an emergency.

3511.5 Prohibitions. Welding and cutting prohibited:

1. Within two hundred feet of any vessel or any transfer apparatus on any waterfront facility while transferring any liquefied petroleum gas, liquefied natural gas, or flammable liquid between such vessel and/or waterfront facility.

2. Within one hundred feet of any vessel or any transfer apparatus on any waterfront facility while transferring any combustible liquid between such vessel and/or waterfront facility.

3511.6 Dangerous conditions. At any time, the General Manager of the Port, the Director of the Marine Division, or their authorized assistants, the Master of the vessel, the Fire Code Official, or any other responsible person is aware of a dangerous condition existing during welding or cutting operations, he/she shall immediately cause such operations to be discontinued. Operations shall not be resumed until the danger is abated, and the Fire Department is satisfied that appropriate safety levels are being provided.

3511.7 Cylinder locations. Compressed gas and liquefied petroleum gas cylinders when being used aboard a vessel shall not be placed below decks or under overhanging decks except by permission of the Fire Code Official.

3511.8 Acetylene generators. The use of acetylene generators on vessels or waterfront facilities is prohibited.

3511.9 National standards. All welding and cutting operations covered by this section shall also comply with the requirements of other applicable sections of these regulations and with N.F.P.A. No. 303, "Fire Protection Standard for Marinas and Boatyards."

SECTION 3512 - TESTS AND RECORDS REQUIRED

3512.1 General. Wherever tests are required to determine the safety of welding and cutting operations, records shall be maintained to the satisfaction of the Fire Code Official. Additional tests and inspections shall be required to ensure that safe conditions are maintained and to determine that welding or cutting operations may be conducted with safety under the following conditions:

1. If the work has been delayed for a prolonged period of time.

2. When transfer of ballast or manipulation of valves or closure equipment tends to alter conditions in pipelines, tanks or compartments subject to gas accumulation.

3. If there is removal or disturbance of hatches or separations from adjoining compartments aboard vessels.

4. If vessels or containers are moved from one area to another.

3512.2 Hazardous conditions. If at any time conditions become hazardous, the person making the test or inspection shall immediately notify the responsible person of the hazard. The responsible person shall immediately cause all operations to stop and remain stopped until the hazard is abated, and the Fire Department is satisfied that appropriate safety levels are being provided. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.680 CFC Chapter 36, Section 3604—Fire protection equipment.

Section 3604 of Chapter 36 of the California Fire Code is amended by the addition of Section 3604.7 to read as follows:

3604.7 Cabinets. Cabinets for the protection of fire protection equipment shall be of noncorrosive materials. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.690 CFC Chapter 48, Section 4807.1—Fire safety officers.

Section 4807.1 of Chapter 48 of the California Fire Code is amended to read as follows:

4807.1 Where permits are required by the fire code, a requirement for standby fire safety officers shall be determined by the Fire Code Official on a case-by-case basis. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.700 CFC Chapter 56, Section 5601.1—Scope.

Section 5601.1 of Chapter 56 of the California Fire Code is amended by the addition of Section 5601.1.6 to read as follows:

5601.1.6 Qualifications. The handling and firing of explosives shall be performed only by authorized pyrotechnicians licensed by the State of California, or by employees who are at least 18 years of age under the direct personal supervision of the authorized pyrotechnician. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.710 CFC Chapter 56, Section 5601.2.4—Financial responsibility.

Section 5601.2.4 of Chapter 56 of the California Fire Code is amended to read as follows:

5601.2.4 Financial responsibility. Before a permit required by Chapter 1, Sections 105.5.16, 105.5.44 or 105.5.70 is issued, the permittee shall file with the Fire Code Official a certificate of insurance issued by an insurance company authorized to transact business in the State of California. Such certificate shall certify that the operations under the permit are covered by the policy. The insurance coverage shall not be less than One Million Dollars for injury or death of one person, One Million Dollars for injury or death to more than one person and One Million Dollars for damage to property in any one occurrence. Should the Fire Code Official decide that the activities of the permittee should be supervised by employees of the Fire Department, then the permittee shall furnish to the Fire Code Official the original or certified copy of the policy of insurance in the amounts above provided. The City of Long Beach, its officers, agents, employees and volunteers shall be named parties insured under said policy insofar as the activities of such officers and employees pertain to operations of permittee under the permit. The policy of insurance shall be approved by Risk Management as to sufficiency and the City Attorney as to form. Upon approval, the policy of insurance will be returned if permittee files a certificate of insurance issued by the insurance carrier. No insurance will be required if the permittee is a public agency. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.720 CFC Chapter 56, Section 5608—Fireworks display.

Section 5608 of Chapter 56 of the California Fire Code is amended by the addition of Sections 5608.1.2 and 5608.1.3 to read as follows:

5608.1.2 Prohibition. Except as hereinafter provided, it shall be unlawful for any person to possess, store, offer for sale, expose for sale, sell at retail, or use or explode any fireworks, provided that the Fire Code Official shall have power to adopt reasonable rules and regulations for the granting of permits for supervised public displays of fireworks by a jurisdiction, fair associations, amusement parks, other organizations or for the use of fireworks by artisans in pursuit of their trade. Every such use or display shall be handled by a competent operator approved by the Fire Code Official and shall be of such character and so located, discharged or fired so as, in the opinion of the Fire Code Official after proper investigation, not to be hazardous to property or to endanger any person.

5608.1.3 Financial responsibility. Before a permit required by Chapter 1, Section 105.6.66 is issued, the permittee shall file with the Fire Code Official a certificate of insurance issued by an insurance company authorized to transact business in the State of California. Such certificate shall certify that the operations under the permit are covered by the policy. The insurance coverage shall not be less than One Million Dollars for injury or death of one person, One Million Dol-

lars for injury or death to more than one person and One Million Dollars for damage to property in any one occurrence. Should the Fire Code Official decide that the activities of the permittee should be supervised by employees of the Fire Department, then the permittee shall furnish to the Fire Code Official the original or certified copy of the policy of insurance in the amounts above provided. The City of Long Beach, its officers, agents, employees and volunteers shall be named parties insured under said policy insofar as the activities of such officers and employees pertain to operations of permittee under the permit. The policy of insurance shall be approved by Risk Management as to sufficiency and the City Attorney as to form. Upon approval, the policy of insurance will be returned if permittee files a certificate of insurance issued by the insurance carrier. No insurance will be required if the permittee is a public agency. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.730 CFC Chapter 57, Section 5705.3.5.2 Subsection 7—Group R occupancies.

Section 5705.3.5.2 Subsection 7 of Chapter 57 of the California Fire Code is amended to read as follows:

7. Group R occupancies: Quantities in Group R occupancies and accompanying attached or detached garages shall not exceed that which is necessary for maintenance or equipment operation and shall not exceed five gallons in non-sprinklered building or ten gallons in sprinklered buildings. Containers shall be listed or approved for the specific product to be stored and shall have an exterior label identifying the product in the container. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.740 CFC Chapter 61, Section 6101.3—Construction documents.

Section 6101.3 of Chapter 61 of the California Fire Code is amended to read as follows:

6101.3 Construction documents. The installer shall submit construction documents for any single or multi LP-gas container or system installation. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.750 CFC Chapter 61, Section 6101—General.

Section 6101 of Chapter 61 of the California Fire Code is amended by the addition of Section 6101.4 to read as follows:

6101.4 Inside storage or use. No liquefied petroleum gases of any type or mixture shall be permitted in any occupancy either for sale, use or storage without the approval of the Fire Code Official. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.760 CFC Chapter 61, Section 6103.2.2—Industrial vehicles and floor maintenance machines.

Section 6103.2.2 of Chapter 61 of the California Fire Code is amended by the addition of Section 6103.2.2.1 to read as follows:

6103.2.2.1 Portable cylinders. The use of portable cylinders of liquefied petroleum gas as motorized equipment fuel in occupancies is limited as follows: Liquefied petroleum gas fuel tanks on motorized equipment are limited to two per vehicle, one in storage and one in use, with a combined capacity of all tanks not to exceed fifty pounds. Refilling or exchanging of tanks shall not be permitted within the occupancy and shall be permitted only in approved locations as determined by the Fire Code Official. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.770 CFC Chapter 61, Section 6104.3—Container location.

Section 6104.3 of Chapter 61 of the California Fire Code is amended by the addition of Section 6104.3.3 to read as follows:

6104.3.3 Tank orientation. Unless special protection is provided and approved by the Fire Code Official, containers of liquid petroleum gas shall be oriented so that their longitudinal axes do not point toward other liquid petroleum containers, vital process equipment, control rooms, loading

stations, flammable liquid storage tanks or required fire access roads. (ORD-25-0019 § 1(Exh. A), 2025; ORD-22-0033 § 1(Exh. A), 2022)

18.48.780 CFC Appendix B, Table B105.1(1)—Required fire flow for one- and two-family dwellings, Group R-3 and R-4 buildings and townhouses.

Table B105.1(1) of Appendix B of the California Fire Code is amended to read as follows:

TABLE B105.1(1)
REQUIRED FIRE-FLOW FOR ONE- AND TWO-FAMILY DWELLINGS, GROUP R-3 AND R-4 BUILDINGS AND TOWNHOUSES
