PREFACE

This Code constitutes a complete republication of the general and permanent ordinances of the City of Long Beach, California.

Page Numbering System

The page numbering system used in this Code is a prefix system. The letters to the left of the colon are an abbreviation which represents a certain portion of the volume. The number to the right of the colon represents the number of the page in that portion. In the case of a title of the Code, the number to the left of the colon indicates the number of the title. The following are typical parts of codes of ordinances, which may or may not appear in this Code at this time, and their corresponding prefixes:

CHARTER COMPARATIVE TABLE	CHTCT:1
RELATED LAWS COMPARATIVE TABLE	RLCT:1
CODE	CD1:1
CODE COMPARATIVE TABLES	CCT:1
STATE LAW REFERENCE TABLE	SLT:1
CODE INDEX	CDi:1

Indexes

The indexes have been prepared with the greatest of care. Each particular item has been placed under several headings, some of which are couched in lay phraseology, others in legal terminology, and still others in language generally used by local government officials and employees. There are numerous cross references within the indexes themselves which stand as guideposts to direct the user to the particular item in which the user is interested.

Looseleaf Supplements

A special feature of this publication is the looseleaf system of binding and supplemental servicing of the publication. With this system, the publication will be kept up to date. Subsequent amendatory legislation will be properly edited, and the affected page or pages will be reprinted. These new pages will be distributed to holders of copies of the publication, with instructions for the manner of inserting the new pages and deleting the obsolete pages.

Keeping this publication up to date at all times will depend largely upon the holder of the publication. As revised pages are received, it will then become the responsibility of the holder to have the amendments inserted according to the attached instructions. It is strongly recommended by the publisher that all such amendments be inserted immediately upon receipt to avoid misplacing them and, in addition, that all deleted pages be saved and filed for historical reference purposes.

Acknowledgments

The republication of this Code was under direct supervision of Mary Bennett, Supplement Editor, and Judy Mixon, Accuracy Management Coordinator, of Municode, Tallahassee, Florida. Credit is gratefully given to the other members of the publisher's staff for their sincere interest and able assistance throughout the project.

The publisher is most grateful to Megan Wiegelman, City Clerk Assistant and Larry Herrera City Clerk, and the other members of the City staff for their cooperation and assistance during the progress of

the work on this republication. It is hoped that their efforts and those of the publisher have resulted in a Code of Ordinances which will make the active law of the City readily accessible to all citizens and which will be a valuable tool in the day-to-day administration of the City's affairs.

Checklist of Up-to-Date Pages

(This checklist will be updated with the printing of each Supplement)

From our experience in publishing Looseleaf Supplements on a page-for-page substitution basis, it has become evident that through usage and supplementation many pages can be inserted and removed in error.

The following listing is included in this Code as a ready guide for the user to determine whether the Code volume properly reflects the latest printing of each page.

In the first column all page numbers are listed in sequence. The second column reflects the latest printing of the pages as they should appear in an up-to-date volume. The letters "OC" indicate the pages have not been reprinted in the Supplement Service and appear as published for the original Code. When a page has been reprinted or printed in the Supplement Service, this column reflects the identification number or Supplement Number printed on the bottom of the page.

In addition to assisting existing holders of the Code, this list may be used in compiling an up-to-date copy from the original Code and subsequent Supplements.

The table below allows users of this Code to quickly and accurately determine what ordinances have been considered for codification in each supplement. Ordinances that are of a general and permanent nature are codified in the Code Book and are considered "Includes." Ordinances that are not of a general and permanent nature are not codified in the Code Book and are considered "Omits."

In addition, by adding to this table with each supplement, users of this Code of Ordinances will be able to gain a more complete picture of the Code's historical evolution.

1.32.030 Citation in lieu of arrest.

A. If any person is arrested for the violation of any provision of this Code, and such person is not taken before a magistrate pursuant to the provisions of Section 849 of the Penal Code of the State, the arresting officer shall prepare a written notice to appear in court, or before a person authorized to receive a deposit of bail, containing the name and address of such person, the offense charged, and the time and place where and when such person shall appear in court.

B. The time specified in the notice to appear shall be not less than five (5) days after such arrest.

C. The place specified in the notice to appear shall be either:

1. Before a judge in a division of the Los Angeles County Superior Court, Limited Jurisdiction, South District, Long Beach Courthouse; or

2. Before a person authorized to accept a deposit of bail.

D. The officer shall deliver one (1) copy of the notice to appear to the arrested person, and the arrested person, in order to secure his or her release, must give his or her written promise so to appear by signing two (2) copies of the notice which shall be retained by the officer. Thereupon the arresting officer shall forthwith release the person arrested from custody.

E. The officer shall, as soon as practicable, file a copy of the notice with the magistrate specified therein.

F. The defendant may, prior to the date upon which he or she promised to appear, deposit with the magistrate, or the person authorized to receive a deposit of bail, the amount of bail set by such magistrate. Thereafter, at the time when the case is called for arraignment before the magistrate, if the defendant does not appear either in person or by counsel, the magistrate may declare the bail forfeited, and may order that no further proceedings shall be had in such case. Upon the making of an order that no further proceedings be had, all sums deposited as bail shall forthwith be paid into the County Treasury for distribution pursuant to Section 1463 of the Penal Code.

G. Any person wilfully violating his or her written promise to appear in court or before a person authorized to receive a deposit of bail is guilty of a misdemeanor regardless of the disposition of the charge upon which he or she was originally arrested.

H. When a person signs a written promise to appear at the time and place specified in the written promise to appear and has not posted bail as provided in Section 853.1 of the Penal Code, the magistrate shall issue and have delivered for execution a warrant for his or her arrest within twenty (20) days after his or her failure to appear as promised, or if such person promises to appear before an officer authorized to accept bail other than a magistrate and fails to do so on or before the date which he or she promised to appear, then, within twenty (20) days after the delivery of such written promise to appear by the officer to a magistrate having jurisdiction over the offense.

I. No warrant shall be issued on the charge for the arrest of a person who has given his or her promise to appear in court or before a person authorized to receive a deposit of bail unless and until he or she has violated such promise, or has failed to deposit bail, to appear for arraignment, trial or judgment, or to comply with the terms and provisions of the judgment as required by law. Whenever this Code requires that a permit or license be obtained before an activity may be commenced or conducted, any person who commences or conducts such activity without first obtaining the required and appropriate license or permit shall be deemed in violation of the provisions of this Code. Such violation may constitute a ground for denial of an application for a license or permit governing that specific activity. 2. If the violation/failure continues to exist after the period to correct has expired, the Director of Planning and Building may direct the issuance of an infraction citation pursuant to this Section the fine for which is established at one hundred dollars ($100.00), plus penalties and assessments as ordered by the court.

3. C. All notices, forms, filings, arrests, bail settings or forfeitures or any other applicable matters preemptively prescribed by State law relative to infraction or misdemeanor prosecutions shall be conducted or provided as required or prescribed by the applicable parts of Chapter 5C of Title 3 of Part 2 of the California Penal Code.

D. The Director of Planning and Building is delegated the authority to, and may, from time to time, promulgate such administrative rules and regulations as may be necessary and proper to effectuate the purposes of this Section and to facilitate the administration and enforcement of its provisions. The scope of the Director's delegated authority shall include, but shall not be limited to promulgation of rules and regulations defining procedures for the evaluation of the use of citation procedures in connection with Title 21 offenses, the implementation of Subsections 1.32.020.B.2. and 3., and the modification or establishment of definitions for words and phrases used in this Section including "person legally controlling the property". F. All costs incurred by the City in connection with such abatement of any violation of this Title, once notified, shall become an indebtedness of the owner(s) of said structure(s) or premises, as well as a lien upon the affected property. Any person aggrieved by the imposition of costs pursuant to this Subsection may appeal such imposition within fifteen (15) days of the date of a notice/demand for payment in accordance with procedures as set forth in Section 8.56.120 of this Code.

G. H. As used in this Section, the following words and phrases shall have the meanings indicated as follows:

CHAPTER 2.01 THE LONG BEACH CAMPAIGN REFORM ACT

DIVISION I. TITLE, FINDINGS AND PURPOSE

2.01.110 Title.

This Chapter 2.01 may be cited as the Long Beach Campaign Reform Act. (Ord. C-7283 § 1, 1994; Prop. M, 6-7-94, eff. 6-24-94)

2.01.120 Findings and declarations.

In enacting this Chapter 2.01, the following findings and declarations are adopted:

A. Monetary contributions to political campaigns are a legitimate form of participation in the political process, but the financial strength of certain individuals or organizations should not permit the exercise of a disproportionate or controlling influence on the election of candidates.

B. The rapidly increasing costs of political campaigns have forced many candidates to raise larger and larger amounts of money from individuals and interest groups with a specific financial stake in matters before the City Council. This has caused a public perception that votes are being improperly influenced by monetary contributions. This perception is undermining the credibility and integrity of the governmental process.

C. Candidates are raising less money in small contributions and more money in large individual and organizational contributions. This has created the public impression that the small contributor has an insignificant role to play in political campaigns.

D. High campaign costs are forcing officeholders to spend more time on fundraising and less time on the public's business. The constant pressure to raise contributions is distracting officeholders from urgent governmental matters.

E. Officeholders are responding to high campaign costs by raising large amounts of money in off-election years. This fundraising distracts them from important public matters, encourages contributions which may have a corrupting influence and gives incumbents an overwhelming and patently unfair fundraising advantage over potential challengers.

F. The integrity of the governmental process, the competitiveness of campaigns and public confidence in local officials are all diminishing. (Ord. C-7283 § 1, 1994; Prop. M, 6-7-94, eff. 6-24-94)

2.01.130 Purpose.

It is the purpose of this Chapter 2.01:

A. To insure that individuals and interest groups in Long Beach have a fair and equal opportunity to participate in municipal elective and governmental processes.

B. To reduce the influence of large contributors with a specific financial stake in matters before the City Council, thus countering the perception that decisions are influenced more by the size of contributions than the best interests of the people of the City.

C. To assist serious candidates in raising enough money to communicate their views and positions adequately to the public without excessive expenditures or contributions, thereby promoting public discussion of the important issues involved in political campaigns.

D. To limit overall expenditures in campaigns, thereby reducing the pressure on candidates to raise large campaign war chests for defensive purposes, beyond the amount necessary to communicate reasonably with voters.

E. To provide a neutral source of campaign financing in the form of limited public matching funds.

F. To increase the value to candidates of smaller contributions.

G. To eliminate fundraising except during an election cycle.

H. To reduce the excessive fundraising advantage of incumbents and thus encourage competition for elective office.

I. To allow candidates and officeholders to spend a lesser proportion of their time on fundraising and a greater proportion of their time dealing with issues of importance to their constituents.

J. To improve the disclosure of contribution sources in reasonable and effective ways.

K. To help restore public trust in local governmental and electoral institutions. (Ord. C-7283 § 1, 1994; Prop. M, 6-7-94, eff. 6-24-1994)

DIVISION II. DEFINITIONS

2.01.210 Definitions.

The number of candidates sharing costs and the emphasis on or space devoted to each such candidate shall be considered in determining the cost attributable to each such candidate.

B. "Election cycle" means that period commencing with January 1 of an odd-numbered year and ending December 31 of the following year. (Ord. C-7283 § 1, 1994; Prop. M, 6-7-94, eff. 6-24-1994)

DIVISION III. CONTRIBUTION LIMITATIONS

3. The maximum available matching funds shall be an amount not to exceed thirty-three percent (33%) of the maximum amount permitted for expenditure in the primary and fifty percent (50%) of the maximum amount permitted for expenditure in the runoff election.

4. During each election cycle, the City Clerk shall, immediately following the final day for filing nominating petitions for the office of City Councilmember, ascertain: (a) the number of registered voters in each councilmanic district as of the final day for filing; and (b) the mean number of voters in all such districts. B. A candidate for City Attorney, City Auditor or City Prosecutor may not spend more than one hundred thousand dollars ($100,000.00) in

1. Must raise at least ten thousand dollars ($10,000.00) in contributions of three hundred fifty dollars ($350.00) or less within the election cycle, of which such contributions, only up to the first one hundred fifty dollars ($150.00) from each contributor, may be counted for purposes of achieving the qualifying total of ten thousand dollars ($10,000.00); and

C. A candidate for Mayor may not spend more than two hundred thousand dollars ($200,000.00) in the primary or more than one hundred thousand dollars ($100,000.00) in the runoff election to be eligible for matching funds. In order to qualify for matching funds, such a candidate:

1. Must raise at least twenty thousand dollars ($20,000.00) in contributions of five hundred dollars ($500.00) or less within the election cycle, of which such contributions, only up to the first two hundred dollars ($200.00) from each contributor may be counted for the purpose of achieving the qualifying total of twenty thousand dollars ($20,000.00); and

2. Must be opposed by a candidate who has qualified for matching funds or who has raised forty thousand dollars ($40,000.00). D. It is the intent of Subsections 2.01.410.A, 2.01.410.B and 2.01.410.C of this Section that candidates who qualify for matching funds in primary elections shall receive one dollar ($1.00) in matching funds for every two dollars ($2.00) raised through contributions and that candidates who qualify for matching funds in runoff elections shall receive one dollar ($1.00) in matching funds for every one dollar ($1.00) raised through contributions.

E. Any candidate who has filed a statement of acceptance of the expenditure ceilings and desires to apply for matching funds may submit such application to the City Clerk on any normal business day between January 1 of an odd-numbered year through December 31 of the following year.

F. Any candidate applying for matching funds must be current in his or her campaign statement filings with the City Clerk.

G. A candidate wishing to apply for matching funds may submit such application with the City Clerk no more frequently than every ten (10) business days.

H. The expenditure limits set forth in this Section shall not apply to candidates for office in any special election, nor shall such candidates be eligible for matching funds. (ORD-23-0049 § 3(Exh. A), 2023; Ord. C-7661 § 3, 1999: Ord. C-7283 § 1, 1994; Prop. M, 6-7-94, eff. 6-24-94)

2.01.420 Time periods for expenditures.

For purposes of the expenditure ceilings, qualified campaign expenditures made at any time up to the date of the primary election shall be considered an expenditure for that election, and qualified campaign expenditures made after the date of the primary election shall be considered expenditures for the runoff (general) election. However, in the event that payments are made but the goods or services are not used during the period purchased, the payments shall be considered qualified campaign expenditures for the time period in which they are used. Payments for goods and services used in both periods shall be prorated. (ORD-14-0020 § 5, 2014; Ord. C-7283 § 1, 1994; Prop. M, 6-7-94, eff. 6-24-94)

2.01.1010 Definitions.

The words set forth in this Section shall have the following meaning when used in this Division:

A. "Election" means the election for which the candidate or officeholder ran for or was a write-in candidate, incurred bills and debts, and is raising contributions to pay net debts outstanding.

B. "Election cycle" means that period commencing with January 1 of an odd-numbered year and ending December 31 of the following year. For a special election, the election cycle commences with the declaration of a vacancy in an elective office and ends six (6) months after the special election date.

C. "Surplus funds" means any funds remaining to a candidate, or any controlled committee of such candidate, sixty (60) days following the end of the election cycle, during which such funds have been raised.

D. "Net debts outstanding" has the same meaning as that set forth in Title 2, Section 18531.61 of the California Code of Regulations, as it reads now and as it may be amended. (ORD-23-0049 § 4(Exh. A), 2023)

2.01.1020 Retention of twenty-five thousand dollars by officeholders.

Any person holding office as a result of a successful campaign resulting in surplus funds may retain and transfer up to twenty-five thousand dollars ($25,000.00) of such surplus funds into his or her officeholder expense fund for expenditures associated with holding such office in accordance with the provisions of Sections 89512 and 89513 of the California Government Code. Any such transfer in accordance with this Section shall be counted toward the calendar year fund limit established by Subsection 2.01.380.A of this Code. 2.01.1030 Disposal of surplus funds.

A. Surplus funds shall be disposed of only as provided in this Division. Funds retained by a candidate and specifically earmarked for payment of campaign expenses lawfully incurred during the election cycle need not be included in surplus funds provided that such expense payment is made no later than sixty (60) days after the end of the election cycle.

B. A committee with net debts outstanding at the end of the election cycle may remain open for the purpose of paying such debts. A committee that remains open for the purpose of paying net debts outstanding must file semi-annual disclosure statements and pay an annual committee fee to the California Secretary of State until the committee is terminated.

C. Except as provided in Section 2.01.1020, surplus funds shall be disposed of in the following order and priority:

1. To pay outstanding campaign debts.

2. Surplus funds shall first be used to reimburse the campaign reform account of the City of Long Beach up to the full amount of matching funds, if any, received by the candidate.

3. Any funds remaining after such reimbursement or such payment of debts, if any, may be expended exclusively as provided in Section 89515 of the California Government Code and must be expended no later than sixty (60) days after the end of the Election Cycle.

4. B. Regular meetings of the City Council shall be held in the Council Chambers of City Hall at five o'clock (5:00) p.m. on Tuesday of each week, except the last Tuesday of each month, on which there will be no regular meeting of the City Council.

If any regular meeting day falls on a holiday, such regular meeting shall be held on the next business day thereafter.

C. Special meetings of the Council may be ordered at any time by the Mayor, or by five (5) members of the Council, by delivering personally or by mail written notice to each member of the Council and to each local newspaper of general circulation, radio or television station requesting notice in writing. Such notice must be delivered personally or by mail at least twenty-four (24) hours before the time of such meeting is specified in the notice. Whenever an order of adjournment of a regular, adjourned or special meeting fails to state the hour at which the adjourned meeting is to be held it shall be held at nine o'clock (9:00) a.m., on the day specified in the order of adjournment. All matters may be considered and passed upon at such adjourned meetings as could have been considered and passed upon at the meetings from which such adjournments were taken and shall be deemed to be a continuation of the meeting from which the adjournment was taken.

E. CHAPTER 2.10 VOLUNTEERS

2.10.010 Short title.

This Chapter shall be known and may be cited as the Long Beach Citizens Initiative and Voluntary Action Law. (Ord. C-7315 § 1, 1995)

2.10.020 Findings and declaration.

The City Council finds and declares that:

A. Since the spirit of volunteerism has long animated Long Beach citizens to give of their time and abilities to help others, the City would be wise to expand the already substantial use of volunteers in local governmental service wherever practically possible.

B. The spirit of citizen initiative and self-reliance needs to be recognized, fostered and expanded whenever possible in meeting basic human needs in the City.

C. In every neighborhood there are individuals who, by their personality, concern, experience, commitment and training, can serve as citizen action leaders and volunteers.

D. There presently exist sufficient local resources to assist volunteer citizen action efforts. There are an infinite number of skilled, experienced community groups, and volunteer organizations available to help mobilize citizen initiatives. Such groups include neighborhood, business and fraternal organizations, churches, women's organizations, voluntary action centers, schools and other community organizations in both the public and private sectors.

E. Legal and market disincentives and impediments need to be identified and eliminated in order to establish an optimum environment for citizen initiative and volunteer action in the cause of localism and in City government.

F. There is a need for a clearinghouse, to provide information concerning resources and alternatives to foster self-reliance and citizen action.

G. It is not the intent of the City Council that volunteers should replace or supplant public employees where such employees are providing services deemed necessary for the City government to perform but, rather, that they add new dimensions and insights to providing such governmental services. (Ord. C-7315 § 1, 1995)

2.10.030 Purpose and goals.

The purpose and goals of this Chapter are to provide a mechanism with the City government that will:

A. Foster the spirit of citizen initiative and voluntary action in City government to the full extent permitted by law;

B. Enable adequate communication and collaboration whereby individuals and agencies may converse with each other to initiate new programs or improve existing programs for citizen initiative and voluntary action at the local level;

C. Identify untapped human, technical and material local resources that can be mobilized for the public good through citizen initiative and voluntary action;

D. Open up the process of City government to provide a common ground for two (2) fundamental concepts, volunteerism and citizen initiative, to be brought together in mutually supportive relationships as a basis for better municipal services; and

(Ord. C-5705 § 1 (part), 1981: prior code § 2310)

2.18.020 Applicability.

A. The provisions of this Chapter shall apply to every advisory board, commission and committee of the City whether it is established by ordinance, resolution or otherwise. In the event any provision of this Chapter conflicts with a specific provision of an ordinance or resolution establishing a specific board, commission or committee, such specific provision shall control.

B. The City Council may create by ordinance such other appointive boards or commissions as it deems necessary and may grant to them powers and duties that are consistent with the provisions of this Chapter. The City Council, by motion adopted by the affirmative vote of at least a majority of its members, may appoint from time to time temporary committees or task forces to give counsel and advice to the City Council. (Ord. C-5705 § 1 (part), 1981: prior code § 2310.8)

2.18.030 Existing boards and commissions.

Members of existing appointive boards, commissions and committees on the effective date hereof shall continue in office and shall perform their duties until such duties are delegated to another body or such bodies are disbanded. (Ord. C-5705 § 1 (part), 1981: prior code § 2310.10)

2.18.040 Staff support.

Staff will arrange for new members to receive appropriate orientation when they assume their

2.18.050 General regulations.

The following regulations shall apply to all advisory bodies which are subject to this Chapter:

A. The members of each body shall be appointed by the Mayor and confirmed by a majority vote of all members of the City Council.

B. The members of each body must reside in the City at the time of appointment, and must maintain residence within the City at all times during their service on the advisory body. In the event a member is appointed to a body to represent a particular Councilmanic district within the City and the member later moves within the City to a different district or is drawn into a different district through redistricting efforts, said member may serve at-large and continue to represent the district they were appointed to until the conclusion of their term. After the expiration of said term, and if a vacancy on the same body exists, the member may be reappointed to represent their new district or an at-large seat on the body, subject to the terms of this Chapter and this Code. This Subsection is not intended to prevent the appointment of a member to a different body after their term has concluded.

C. The term of office shall be two (2) years for members of each body. Members may be reappointed after their initial term, but in no event shall any person who has served four (4) consecutive, two (2) year terms on the same body be eligible for reappointment to that body. Serving any portion of an unexpired term shall not be counted as service of one (1) term. Members not eligible for reappointment may continue to serve until their successors are appointed and qualified.

1. The terms of office for members of all advisory bodies shall terminate on June 30th. The terms of office for members of all advisory bodies shall start on July 1st.

2. If the City Council creates a body subject to this Chapter, at least 25% but no more than 50% of the inaugural members appointed to the body shall serve an initial term of two (2) years. Any inaugural members of a body that serve an initial two (2) year term shall be selected by lottery and are eligible for reappointment to four (4) additional two (2) year terms.

D. Members of advisory bodies may receive compensation for the performance of their official duties if such compensation is expressly provided by the City Council in the Salary Resolution of the City. Except for members of those bodies identified in City Charter Section 500, members of those advisory bodies identified in the Salary Resolution of the City shall have the option to serve for compensation, as a volunteer without compensation, or as a volunteer eligible for an expense reimbursement payment. Expense reimbursement payments are intended to reimburse members of advisory bodies serving as volunteers for related expenses incurred in the performance of their official duties. Members of any advisory body expressly compensated by the City Council in the Salary Resolution shall be ineligible to receive compensation or an expense reimbursement payment unless and until they have adhered to the requirements set forth in Subsection 2.18.050.G of this Code.

If a member fails to file any statement required by the City's Conflict of Interest Code within 30-days of a notice from the Clerk of their failure to file prior to the deadline, the member may request a waiver for good cause from the Mayor pursuant to provisions of this Subsection.

a. A member may seek a waiver for good cause from the Mayor excusing their failure to file any statement required by the City's Conflict of Interest Code within 30 days of receiving notice from the City Clerk of their failure to file. The Mayor may require documentation from the member requesting a waiver to prove good cause. The fact that a member has made multiple requests for a waiver to be excused for their failure to file any statement required by the City's Conflict of Interest Code shall be taken into consideration by the Mayor when granting a waiver authorized by this Subsection. If the Mayor grants such a waiver, said member may not be removed for failure to file any statement required by the City's Conflict of Interest Code within the calendar year the waiver was issued.

b. A waiver for good cause may be granted pursuant to this Subsection for any of the following reasons: incapacitation for medical reasons; hospitalization; accident involvement; loss or unavailability of records; or any other good cause shown.

c. A waiver for good cause may not be granted pursuant to this Subsection for any of the following reasons: the member was on vacation; the member was too busy; another person failed to file any statement required by the City's Conflict of Interest Code on the member's behalf; the member needed additional time to gather information to file; the member is waiting on professional assistance from another person, such as, a financial advisor, Certified Public Accountant, or the Fair Political Practices Commission; the member promises to file on time in the future; or the member did not receive an annual reminder to file the City's Conflict of Interest Code.

2.63.080 Procedures for certificate of appropriateness.

A. No person owning, renting or occupying property that has been designated a Landmark or situated in a Landmark District, shall make any modification to such property unless a certificate of appropriateness has been issued authorizing such modification. All modifications made to Landmarks or properties within Landmark Districts require a certificate of appropriateness whether or not the alteration, demolition, removal or construction of such property requires a City permit.

B. The Cultural Heritage Commission shall be responsible for considering and issuing certificates of appropriateness for substantial alterations made to City designated Landmarks or to contributing structures, buildings or sites within a Landmark District. For the purpose of this Section, ″substantial alterations″ shall mean an alteration that jeopardizes a structure′s individual eligibility as a City designated landmark or as a contributing structure on the National Register of Historic Places, or its status as a contributing structure within a Landmark District, or the California Register of Historical Resources, such as, but not limited to:

1. The addition, removal, alteration or substitution of defining architectural features, such that the building or structure is incapable of yielding important historical information about its period, including changes to the exterior siding (unless siding is replaced with siding of similar size and appearance), roof pitch, fenestration and the compatibility of additions in terms of general scale, massing, and materials.

2. Isolation of a property or alteration of its setting such that the historic character and integrity are no longer reflected in the site. Examples may include the introduction of parking lots, removal of subsidiary buildings, or relocation of a structure from its original site.

3. Use of surface cleaning or maintenance methods which endanger the building, structure, or object′s historic building materials, such as sandblasting and improper masonry repointing.

The Director of Development Services shall be responsible for considering and issuing certificates of appropriateness within Landmark Districts in all other instances, including, but not limited to, the replacement of windows and doors (including screen doors) with like materials (e.g., wood window changed with wood or wood-clad window of similar aesthetics); replacement or repair of siding similar in size and appearance; replacement or repair of a porch or primary entry to the building or structure; replacement or repair of garage doors that are visible from the public right-of-way; or installation or repair of rain gutters.

C. An applicant for a certificate of appropriateness shall file an application with the Cultural Heritage Commission or Director of Development Services, as appropriate. The application shall contain all facts and information necessary to properly consider the matter. The applicant shall also pay such fee as is established by resolution of the City Council.

D. The Cultural Heritage Commission or, as appropriate, the Director of Development Services, shall only issue a certificate of appropriateness if it is determined that the proposed modification:

1. Will not adversely affect any significant historical, cultural, architectural or aesthetic feature of the Landmark or subject property within the Landmark District and that issuance of the certificate of appropriateness is consistent with the spirit and intent of this Chapter.

2. Will remedy any condition determined to be imminently dangerous or unsafe by the Fire Marshal and/or Building Official.

3. Will comply with the Secretary of the Interior's Standards for the Treatment of Historic Properties and Guidelines for Preserving, Rehabilitating, Restoring, and Reconstructing Historic Buildings.

4. Will comply with the Design Guidelines for Landmark Districts, for a property located within a Landmark District.

E. If the Cultural Heritage Commission or, if authorized, the Director of Development Services determines that the proposed modification will adversely affect any significant historical, cultural, architectural or aesthetic feature of the Landmark or concerned property within a Landmark District, the certificate of appropriateness shall be denied. If the Commission or the Director of Development Services finds that the adverse effects can be overcome by minor modifications to the application, a certificate of appropriateness with conditions may be issued.

F. Once a certificate of appropriateness is issued, the applicant may proceed with the proposed modification, provided all other requirements of the City are met.

G. The California State Historical Building Code, which is set forth in Sections 18950 to 18961, incusive, of Division 13, Part 2.7 of the Health and Safety Code, shall be used for any Landmark or contributing property within a Landmark District through the City's building permit procedure.

H. The provisions of this Section shall not be construed so as to prevent the ordinary maintenance and repair of any exterior feature of a Landmark or property within a Landmark District; or to prevent the construction, reconstruction, alteration, restoration or demolition of any feature which is necessary to remedy an immediately unsafe or dangerous condition as determined by the Fire Department and/or Building Official excluding orders issued pursuant to Chapter 18.68 of this Code. In such cases, the work must be approved by the Director of Development Services, and no certificate of appropriateness shall be required.

The Director of Development Services shall determine whether or not the proposed work, alteration, construction or improvement constitutes ordinary maintenance and repair and is therefore exempt from the certificate of appropriateness requirement established by this Chapter.

I. Notwithstanding any other provision of this Chapter, a certificate of appropriateness shall become void unless construction relating to the approved modification is commenced within thirty-six (36) months of the date of issuance. Certificates of appropriateness may be renewed for an addi-

tional twelve (12) month period by applying to the Cultural Heritage Commission staff or to the Director of Development Services.

If the approved modification is not completed within twelve (12) months after the expiration of the last building permit, a new certificate of appropriateness shall be required.

J. Any Certificate of Appropriateness approved between January 1, 2019 and the effective date of this ordinance shall be effective for a period of thirty-six (36) months from the date of issuance, at which time it will expire and be of no force or effect. (ORD-20-0022 §§ 1, 3, 2020; ORD-15-0038 § 1, 2015)

B. The Director of Development Services shall consider all applications for certificates of appropriateness within his/her jurisdiction as set forth in Section 2.63.080. Determinations shall be made within forty-five (45) days after the applicant has submitted an application and the Director determines it to be complete. The Director has authority to approve, conditionally approve or deny an application. Determinations made pursuant to this Subsection shall not require a formal hearing or notice. In making his/her determination the Director shall make written findings in accordance with the criteria set forth in Subsections 2.63.080.D and E. Determinations made by the Director of Development Services may be appealed by the Applicant to the Cultural Heritage Commission. In the case of such appeal, the procedures set forth in Section 2.63.100 ("Appeals") shall apply. Rather than act on an application for a certificate of appropriateness within his/her jurisdiction, the Director of Development Services may, in his/her sole discretion, refer the application to the Cultural Heritage Commission for its determination. In such case the procedures set forth in Subsection 2.63.090.A shall apply.

C. After considering all of the testimony and evidence submitted, the Cultural Heritage Commission shall render its decision. The decision shall be in writing and shall include findings of fact, a summary of the relevant evidence and a statement of issues. A copy of the decision shall be provided to the applicant and to any other person who has requested it. All hearings shall be conducted and decisions rendered no later than ninety (90) days from the date that an application has been deemed complete by the Director of Development Services. (ORD-15-0038 § 1, 2015)

The appeal shall be filed on a form prescribed by the Development Services Department and accompanied by payment of the appeal fee as established by resolution of the City Council. The appeal shall, in the case of a decision of the Cultural Heritage Commission, be heard by the Planning Commission, or in the case of a determination by the Director of Development Services, by the Cultural Heritage Commission. The appeal hearing shall be conducted no later than forty-five (45) days after the notice of appeal has been filed and deemed complete. Notice of the appeal hearing shall be provided to the appellant, the applicant, and to any person who has requested in writing that such notice be provided. Notice of the appeal hearing shall also be posted at the subject site at least fourteen (14) days prior to the hearing in a form and manner deemed appropriate by the Director of Development Services.

B. The appeal body may affirm, reverse or modify the action of the Cultural Heritage Commission or the Director of Development Services and may affix whatever conditions of approval as it deems reasonably necessary.

C. The decision of the Cultural Heritage Commission or the Planning Commission on appeal shall be final. Pursuant to California Code of Civil Procedure Section 1094.6, the time within which to seek judicial review of the final decision is ninety (90) days after the date the decision becomes final. The decision becomes final as of the date the appeal hearing is conducted and a decision is rendered. (ORD-15-0038 § 1, 2015)

2.72.030 Definitions.

The following words and phrases shall be construed as defined in this Section unless from the context a different meaning is indicated and more particularly directed to use of such words and phrases:

"Affirmative action" means the taking of positive steps by the contractor or subcontractor to insure that its practices and procedures promote and effectuate employment retention and advancement of a particular class or category of persons generally described by race, color, religion, sex, ancestry, national origin, age and handicap. The action may involve the concept, when applicable of remedying the continuing effects of past discrimination.

"Affirmative action plan" means a written statement executed by the contractor which declares the contractor's policy for equal opportunity and affirmative action practices and is signed by an authorized managing official of the contractor. The plan declares the means and method of policy implementation and identifies the management level person responsible for the implementation of the plan. It contains a work force analysis of the

race, ethnic, and sex grouping of persons within the contractor's work force by Equal Employment Opportunity -1 (EEO-1) job categories as designated by the Equal Employment Opportunity Commission and the Office of Federal Contract Compliance Programs. Minorities are defined for this purpose as persons of the following racial and ethnic groups: Black (negroes), Hispanic (including persons of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish origin or culture regardless of race), Asians (including Pacific Islanders), American Indians (including Alaskan natives). It contains a utilization analysis as a comparison between the contractor's work force and the labor market availability (see definition under this Section).

It declares the contractor's goals and timetables for eliminating deficiencies as indicated by the utilization analysis. It further declares the corrective action measures as affirmative steps the contractor will take to meet established goals.

"Contract" means any agreement, franchise or lease, including agreements for any occasional professional or technical personal services for the performance of any work or service, the provision of any material or supplies or the rendition of any service to or for the City, which is let, awarded or entered into with or on behalf of the City.

"Contractor" means any person, firm, corporation, or any combination thereof, which submits a bid or enters into any contract with the City.

"Employment action plan" means a written statement executed by the contractor which declares the contractor's policy and the assignment of responsibility to a top management person to implement the plan to hire unemployed residents of Long Beach in the performance of the contract. It further declares a numerical goal of employed residents by job classification which the contractor will employ and the steps the contractor will take to achieve the goal.

"Employment practices" means any practice involving the recruitment of applicants, the selection of employees, the training of employees, the compensation of employees directly or indirectly, the promotion, demotion, layoff, suspension, termination of employees, or any other practice relating to employees in their work-related activities.

"Equal opportunity" means that opportunity which must be extended to all persons to participate in all activities, employment, programs or services in like proportions to their representation in the labor market or service area, as applicable.

"Equal service certification" means a written statement executed by the contractor in which the contractor certifies and agrees that he or she will not discriminate against any person in the provision of any service activity or in any program funded in whole or in part by the City, because of race, color, religion, national origin, ancestry, sex, gender identity, age or handicap, except where such exclusion is a bona fide service activity or programmatic necessity.

"Labor market availability" means the total recorded number of persons who are employed or unemployed and seeking work within the Standard Metropolitan Statistical Area (S.M.S.A.) as defined in the Department of Commerce, Bureau of Budget Publication, "Standard Metropolitan Statistical Areas," 1967, U.S. Government Printing Office, Washington, D.C. 20402, and which is applicable to the contractor's work force.

"Service activity" means any program or activity which promotes the City as a creative, active and socially responsive community.

"Subcontractor" means any person, firm, corporation or any combination thereof, which enters into a contract with a contractor to perform or provide a portion or part of any contract with the City. (ORD-08-0016 § 1, 2008: Ord. C-5315 § 1 (part), 1977: prior code § 2802)

2.72.040 Nondiscrimination clause required.

"The contractor and subcontractor agree that they will not discriminate against any person in the performance of the contract and will comply with applicable federal, State and City of Long

Beach, Equal Opportunity Laws, Rules and Regulations". (Ord. C-5315 § 1 (part), 1977: prior code § 2803)

2.72.050 Construction contracts for ten thousand dollars or more.

Every construction contract awarded by the City for the total amount of ten thousand dollars ($10,000.00) or more, and every subcontract let by the contractor of the City in those cases, shall require the contractor and any subcontractor to submit to the equal opportunity compliance officer of the City for approval prior to award of the contract an acceptable affirmative action plan. The contract shall further require the contractor to comply with the plan. (Ord. C-5315 § 1 (part), 1977: prior code § 2804)

2.72.060 Nonconstruction contracts for twenty thousand dollars or more.

Every nonconstruction contract awarded by the City for the total amount of twenty thousand dollars ($20,000.00) or more, and every subcontract let by the contractor of the City in those cases, shall require the contractor and any subcontractor to submit to the equal opportunity compliance officer of the City for approval prior to award of the contract an acceptable affirmative action plan or employment action plan or equal service certification, whichever is applicable to the contract, in accordance with the following provisions:

2.72.080 Compliance and enforcement.

A. Contractors and subcontractors who achieve the goals of their respective affirmative action plans or employment action plans may be presumed to be in compliance with the equal opportunity affirmative action provisions of the contract. Contractors and subcontractors who fail to achieve their goals shall be evaluated for the corrective action measures taken to achieve such goals. Such corrective action measures shall include, but not be limited to:

B. Contractors who do not achieve their goals, who fail to take at least the corrective actions indicated above, and who fail to submit timely documentation and reports are not in compliance with the equal opportunity provisions of the contract. Such failure shall be deemed to be a material breach of the contract. The equal opportunity compliance officer shall make such determinations of compliance and shall notify the awarding authority of such noncompliance and recommend appropriate sanctions. (Ord. C-5315 § 1 (part), 1977: prior code § 2807)

2.72.090 Noncompliance sanctions.

Contractors and subcontractors who fail to comply shall be given an opportunity to be heard by the awarding authority or their designates. The equal opportunity compliance officer shall be notified by the awarding authority and may attend and be heard at any hearing for this purpose before the imposition of any penalties or sanctions. However, if after such hearing the contractor or subcontractor remains in a status of noncompliance, the awarding authority may seek sanctions according to law including but not limited to: (A) the withholding of payment; (B) suspension of the contract; (C) termination of the contract in whole or in part; (D) declaring the contractor a nonresponsive bidder or other appropriate sanctions. This delay may not exceed two (2) years from the date the contract with the City is executed and only applies to benefits for which an open enrollment process is applicable.

2. Until administrative steps can be taken to incorporate nondiscrimination in benefits in the contractor's infrastructure. The time allotted for these administrative steps shall apply only to those benefits for which administrative steps are necessary and may not exceed three (3) months. An extension of this time may be granted at the discretion of the City Manager upon the written request of a contractor, setting forth the reasons that additional time is required.

3. Until the expiration of a contractor's current collective bargaining agreement(s) where all of the following conditions have been met:

a. The provision of benefits is governed by one (1) or more collective bargaining agreement(s); and

b. c. In the event that the contractor cannot end discrimination in benefits despite taking all reasonable measure to do so, the contractor provides a cash equivalent to eligible employees for whom benefits are not available. Unless otherwise authorized, in writing by the City Manager, this cash equivalent payment must begin at the time the union(s) refuse to allow the collective bargaining agreement(s) to be reopened, or in any case no

10. After taking all reasonable measures to find an entity that complies with this Chapter, the City may waive any or all requirements of this Chapter for any contract or bid package advertised and made available to the public, or any competitive or sealed bids received by the City as of the effective date of this Chapter under the following circumstances:

the City establishes the following claims procedure for those claims for money or damages against the City which are excepted by Section 905 from Chapter 1 (commencing with Section 900) and Chapter 2 (commencing with Section 910) of the California Government Code, and which are not governed by any other statutes or regulations expressly relating thereto:

A. Employee claims. Notwithstanding the exceptions contained in Section 905 of the Government Code of the State of California, all claims by public officers or employees for fees, salaries, wages, overtime pay, holiday pay, compensating time off, vacation pay, sick leave pay, back pay and other expenses or allowances claimed due from the City, when a procedure for processing such claims is not otherwise provided by State or local law or memorandum of understanding, shall be presented within the time limitations and in the manner prescribed by Sections 910 through 915.4 of the Government Code of the State of California, and such claims shall further be subject to the provisions of Section 945.4 of the Government Code relating to the prohibition of suit in the absence of presentation of claims and action thereon by the City Council.

B. Contract and other claims. In addition to the requirements of Subsection 2.83.020.A. of this Section and notwithstanding the exemptions set forth in Section 905 of the Government Code of the State of California, all claims against the City for damages or money, when a procedure for processing such claims is not otherwise provided by State or local law, shall be presented within the time limitations and in the manner prescribed by Sections 910 through 915.4 of the Government Code of the State of California and such claims shall further be subject to the provisions of Section 945.4 of the Government Code relating to the prohibition of suit in the absence of presentation of claims and action thereon by the City Council. The foregoing reference to Government Code Section 910 shall not be construed to authorize a class claim, and no claim may be filed on behalf of a class of persons unless verified by every member of that class.

C. Late claims. When a claim required by the procedure to be presented within a period of less than one (1) year after the accrual of the cause of action is not presented within the required time, an application may be made to the City for leave to present such claim. Subdivision (b) of Section 911.4, Sections 911.6 to 912.2, inclusive, and Sections 946.4 and 946.6 of the California Government Code are applicable to all such claims. (ORD-12-0003 § 1, 2012; Ord. C-5753 § 2, 1981; prior code § 2711.1)

CHAPTER 2.84 CONTRACTS

DIVISION I. GENERAL SUPPLIES AND MATERIALS

2.84.010 Authority of City Purchasing Agent and others to contract.

The City Purchasing Agent, with the written approval of and in accordance with procedures provided by the City Manager, and such faithful performance bonds as the City Manager may deem reasonably necessary, is hereby authorized to bind the City through the issuance of a purchase order without advertising for bids for the purchase of services, labor, supplies, materials, goods, or other valuable consideration furnished to the City for amounts not exceeding one hundred thousand dollars ($100,000.00) and, if the purchase will be reimbursed by state or federal grant funds relating to homeland security; or, paid for or reimbursed by funds from the Long Beach Recovery Act, or other stimulus funding listed in the Long Beach Recovery Plan document dated March 16, 2021, or as amended for community recovery from the effects of the COVID-19 pandemic, for amounts not exceeding five hundred thousand dollars ($500,000.00). The Long Beach Recovery Act provision shall remain in effect until revoked by City Council action. For non-state or federal grant related purchases exceeding one hundred thousand dollars ($100,000.00), but not exceeding two hundred thousand dollars ($200,000.00), the City Purchasing Agent is authorized to issue a purchase order if the award is based on an Invitation to Bid (ITB) or a Request for Proposal (RFP)

process, which results in at least three (3) bids or proposals conducted in conformance with this Code and applicable law and purchasing procedures as promulgated by the City Purchasing Agent.

Other persons, categorized as managers in each City department and as delegated authority by the City Purchasing Agent, may make purchases, but only within the limits set forth in this Section and only in accordance with regulations and any additional limitations as set forth by the City Purchasing Agent. (ORD-22-0001 § 1, 2022; ORD-12-0020 § 1, 2012; Ord. C-7922 § 1, 2004; Ord. C-7650 § 1, 1999; Ord. C-6454 § 1, 1988; Ord. C-5745 § 1, 1981; Ord. C-5378 § 1, 1978; prior code § 2730)

2.84.020 Nondiscrimination in City contracts and purchase orders.

All contracts and purchase orders between the City and other persons and entities of any kind shall contain language which prohibits discrimination in employment and discrimination with respect to performance under the contract or purchase order on the basis of race, color, religion, national origin, sex, sexual orientation, gender identity, AIDS, HIV status, age, disability, or handicap, subject to federal and State laws, rules and regulations. (ORD-08-0015 § 1, 2008; Ord. C-7863 § 1, 2003)

2.84.030 Local preference.

A. This Section implements Section 1803 of the City Charter and is based on findings that the amount of local preference described in this Section for local businesses is in the public interest and is necessary to ease disadvantages suffered by local businesses due to the higher costs of doing business in the City of Long Beach.

B. A bid for furnishing materials, equipment, supplies and nonprofessional services pursuant to Section 2.84.010 relating to the authority of the City's purchasing agent to make purchases for City departments reporting to the City Manager shall be reduced by the amount described below in making a determination whether or not the bidder is the lowest responsible bidder, if the bidder meets the following criteria:

1. Has a current, valid business license from the City of Long Beach showing a place of business within the City limits; and

2. Has a current, valid seller's permit (also known as a sales tax permit) showing a place of business within the City limits.

C. A bid from a bidder meeting the criteria described in Subsection B of this Section shall be reduced by ten percent (10%). The maximum preference a bidder may be awarded pursuant to this Section and any other provision of law shall be ten percent (10%). However, in no case shall the maximum preference cost under this Section exceed fifty thousand dollars ($50,000.00) for any bid.

D. This Section shall not apply to bids for purchases made by the Director of Library Services pursuant to Section 1801 of the City Charter or to purchases made pursuant to Section 1807 of the City Charter. This Section shall also not apply to bids for purchases funded by any Tidelands fund, by any grant funds, and by any funds received from the State of California. This Section shall not apply to bids for public works, as that term is defined in Section 1720(a) of the California Labor Code.

(ORD-23-0012 § 1, 2023; ORD-09-0015 § 1 2009; Ord. 05-0020 § 1, 2005; Ord. C-7938 § 1, 2004)

2.84.040 Establishment of insurance requirements for contracts, leases and the like.

A. All contracts, agreements, letters of understanding, letter agreements, memoranda of understanding, leases, permits, licenses and all other similar documents or other written agreements of any kind including, but not limited to, purchase orders and miscellaneous terms and conditions, in which the City of Long Beach, the Board of Water Commissioners, the Redevelopment Agency of the City of Long Beach, California, the Housing Authority of the City of Long Beach, California, and the Long Beach Housing Development Company are a party shall contain the requirements for insurance, bonds, and letters of credit (where such letters of credit serve in lieu of or as a supplement to bonds or insurance) described in regulations promulgated by the City Manager. The requirements in said regulations may only be modified or waived by the City's Risk Manager or, if there is

no risk manager, then by the City Manager or the City Manager's designee or by an employee or consultant hired by the City to provide risk management services. If the Board of Water Commissioners, the Redevelopment Agency of the City of Long Beach, California, the Housing Authority of the City of Long Beach, California, or the Housing Development Company obtains the services of a risk manager, whether as an employee or as an independent contractor, then this Section shall not apply to that entity provided that such entity issues its own regulations relating to insurance requirements. Until such entity promulgates its own regulations, this Section shall apply.

B. The regulations issued by the City Manager shall establish minimum insurance requirements. Any department of the City or any of the entities listed above, when negotiating a contract, agreement, letter of understanding, letter agreement, memorandum of understanding, lease, permit, license, or similar document, or other written agreement of any kind may require higher limits, greater scope of coverage, or otherwise more stringent insurance requirements than stated in the regulations.

The regulations issued by the City Manager may enable the City Manager, or designee, to waive the insurance requirements, or any part thereof, based on an assessment of risk to be insured, the availability of insurance, the cost of insurance, and other objective factors commonly considered in risk management.

C. When a bond or insurance is required by regulations issued by the City Manager, the contract, agreement, letter of understanding, letter agreement, memorandum of understanding, lease, permit, license, or other similar document or other written agreement of any kind including, but not limited to, purchase orders and miscellaneous terms and conditions, shall not be effective until such bond or insurance has been approved as to sufficiency by the City's Risk Management Bureau and approved as to form by the City Attorney. If the required bond or insurance becomes ineffective for any reason, then the contract, agreement, letter of understanding, letter agreement, memorandum of understanding, lease, permit, license, or other similar document or other written agreement of any kind, including, but not limited to, purchase orders and miscellaneous terms and conditions, shall be automatically suspended until such time as a new or renewed bond or insurance is provided that meets the requirements of the City Manager's regulations and is approved as to sufficiency and form.

D. Any bond or insurance required by the administrative regulations issued by the City Manager and provided to the City in accordance with this Section shall not be deemed to limit the liability of or to affect the indemnification from any party. (Ord. C-7934 § 28, 2004)

DIVISION II. (REPEALED)

DIVISION III. PRIVATE WORK OR SERVICES CONTRACTS

2.84.050 Authorized private contracts.

The City Council, based upon the respective findings set forth in this Section, determines that the following work or services to be contracted for can be performed by a private contractor as efficiently, effectively and at an estimated lower cost to the City than if said work or services were performed by employees of the City and declares that it has considered all other relevant factors and has determined that the performance of said work or services by a private contractor will not be detrimental or adverse to the best interests of the citizens of the City:

A. Coordination of the State Immunization Grant Program at the City's Health Department. Findings: The City Health Department has operated an immunization program under a special grant for the State since 1975. In July, 1978, the City, at the specific request of the State, created a civil service job classification of Immunization Program Coordinator to assure the proper coordination of said program. The State has informed the City that it will no longer approve a full-time coordinator for said program. In order to maintain the same level of service and satisfy State requirements, it is necessary to hire a coordinator

of said program on an hourly contract rate basis and to eliminate the civil service job classification of Immunization Program Coordinator.

B. Elevator Maintenance and Repair. Since 1980, elevator maintenance work and services for all City facilities has been performed by private contractors. Prior to that time, the Public Service Bureau and the Civil Service Commission made a concerted effort to recruit employees to perform said work and services, but were unable to obtain qualified applicants, due to the large disparity between City and union wage rates, which disparity could not and cannot be overcome without impacting other crafts and supervisor pay rates. The elevator maintenance and repair work performed by a private contractor heretofore has been as efficient and effective as if said services were performed by City employees. Further, formal bids have been received for elevator maintenance and repair for those City facilities other than City Hall. Based thereon, the annual cost to the City if said work and services were performed by private contractor is approximately fifty-four thousand seven hundred dollars ($54,700.00); said annual cost if performed by City employees is approximately one hundred seventy-one thousand dollars ($171,000.00). Therefore, there is a cost savings in excess of one hundred sixteen thousand dollars ($116,000.00) if said work and services are performed by a private contractor rather than by City employees.

C. Starter Services for City Golf Courses. Findings: The continued use of City employee starters will cost two hundred ninety-three thousand dollars ($293,000.00), plus administrative costs, for fiscal year 1981—1982. Based upon the low bid received, contracting with the low bidder to provide these services will cost one hundred thirty-five thousand dollars ($135,000.00) per year, which represents an annual savings of one hundred fifty-eight thousand dollars ($158,000.00) for fiscal year 1981—1982, which annual savings will increase each ensuing year as the cost of providing these services by City employees increases. Furthermore, the low bidder offers a more effective and efficient service than can be provided by City employees. Contracting with the low bidder to provide these services also will enable the City to retain the present golf fees, which would have to be increased in the near future if these services continued to be provided by City employees.

D. Long Beach Convention and Entertainment Center. Findings: Pursuant to an agreement with the State of California dated September 12, 1974, the Long Beach Convention and Entertainment Center ("Center") and the revenues to the City from the operation thereof have been dedicated to and are a part of the Tidelands Trust. Since the dedication and opening of the Center in January, 1978, the operating expenses and parking authority and Gas Department revenue bond debt service obligations of the Center have exceeded the revenues for the same period. The deficits are due in part to the cost of work and services performed by City employees. At the direction of the City Council, the City Manager, on June 17, 1980 and December 16, 1980, solicited proposals for a qualified private contractor for the management of all operations and activities at the Center. None of the proposals received from either solicitation were responsive to the City's requirements and were rejected by the City Council. On April 14, 1981 the City Council authorized the City Manager to enter into negotiations to determine if an agreement for the assumption of operational activities at the Center by a private contractor could be structured which would be acceptable to a private contractor. Such an agreement has been negotiated, which by its terms provides a total labor cost saving to the City over the five (5) year term of the contract of two million two hundred fifteen thousand dollars ($2,215,000.00). It is, therefore, found and determined that the Center can be operated as efficiently, effectively, and at a lower estimated cost by a private contractor rather than City employees.

E. Rehabilitation Treatment Services. Findings: The City Health Department has operated alcohol rehabilitation, drug rehabilitation and drinking driver programs for several years. Federal, State and County budget cuts, along with increased costs, make it impossible for those pro-

grams to operate in a self-supporting mode. Attempting to reduce expenditures by decreasing staff created the cyclical problem of reducing service units generated, which in turn reduces revenues. Based upon the low bids submitted for case management services and the rates negotiated for professional services for the conduct of these programs for the period from October 1, 1982 to October 1, 1983, it has been determined that these services can be performed at a lower cost to the City through the use of private contractors than if said services or work were performed by employees of the City. If after the expiration of such contracts the City Manager determines that it would be in the best interests of the City to continue to provide these services through private contractors, the City Manager shall submit detailed comparative cost data and other relevant information to the City Council pertaining to the continued performance of such services by private contractors so that the City Council may determine whether the findings stated herein continue to exist in order that such contracts may be authorized by the City Council.

F. Long Beach Museum of Art. Findings: Pursuant to a minute order adopted by the City Council at its meeting of July 24, 1985 the City entered into an "Agreement Delegating Authority for Maintenance and Operation of the Long Beach Museum of Art" with the Long Beach Museum of Art Foundation, a California nonprofit public benefit corporation. That agreement has two (2) terms, a development term and a management term. The development term commenced upon the signing of the agreement and contains certain conditions precedent which must be satisfied before the management term can begin. In fulfillment of one (1) of the conditions the Foundation has submitted a five (5) year development plan which clearly demonstrates that the services can be performed by the Foundation as efficiently and effectively as if the services were performed by employees of the City. Considering other relevant factors such as the proposed increase in spending on acquisition of artwork and exhibitions as well as the contemplated endowment for new facilities, it is determined that performance of said services by the contractor will not be detrimental or adverse to the best interests of the citizens of the City; in fact, it would be beneficial. It would cost the City a minimum of two million two hundred six thousand two hundred fifty dollars ($2,206,250.00) to maintain and operate the museum for the next five (5) years. Under the contract, the City would pay the Foundation three hundred fifty-seven thousand six hundred twenty-one dollars ($357,621.00) per year or one million seven hundred eighty-eight thousand one hundred five dollars ($1,788,105.00) for five (5) years which is a minimum savings of four hundred eighteen thousand one hundred forty-five dollars ($418,145.00). Therefore, it is found and determined that the Foundation can perform, operate and maintain the Long Beach Museum of Art at an estimated lower cost than if the work were performed by City employees. (Ord. C-6335 § 1, 1987; Ord. C-6183 § 1, 1985; Ord. C-5888 § 1, 1982; Ord. C-5758 § 1, 1981; Ord. C-5752 § 1, 1981; Ord. C-5718 § 1, 1981; Ord. C-5628 § 1, 1980; Ord. C-5619 § 1, 1980; prior code § 2900)

DIVISION IV. REAL ESTATE PURCHASE CONTRACTS

2.84.060 Real estate purchase contracts.

A. Any person or entity selling real property to the City, for a sales price of one million dollars ($1,000,000) or more, shall be required to disclose in writing the identity of all third-party, finders, brokers and/or agents entitled to any compensation from the seller, or agent of the seller, resulting from the sale, and the nature and value of such compensation; provided, however that written disclosure shall not be required if such third-party's compensation is valued at less than ten thousand dollars ($10,000).

B. Seller shall preserve and maintain, for a period of not less than three (3) years after completion of the subject sale of real property, all financial records related to such sale, and such records shall be open to inspection, examination and audit by City upon three (3) days' advance notice of City's intention to exercise its rights hereunder.

C. If the City determines that the requirements of this Section have been violated by any person, the City shall assess a civil penalty against such person in an amount equal to ten percent (10%) of the total compensation paid by City to seller in connection with the subject sale of real property to the City. The City shall give notice of the assessment of this penalty to the seller, and the seller may appeal the imposition of this penalty to the City Council in accordance with Section 2.93. The civil penalty shall constitute a debt of the person charged to the City of Long Beach and is collectible by the City as an obligation or liability created by statute. (ORD-14-0008 § 1, 2014)

DIVISION V. PROCUREMENT AND MANAGEMENT OF JOB ORDER CONTRACTS

2.84.070 Intent.

The City Manager shall prepare and adopt a JOC Policy that, at a minimum, establishes the following: the program's intent, providing specific criteria describing the type of projects that may be authorized; and a process whereby each individual job order is reviewed and approved by the appropriate level of management prior to issuance and in advance of payment. The JOC program shall be used for simple construction projects, remodeling, maintenance, and repair work. The JOC program shall not be used for large, complex new construction projects that require extensive design. (ORD-16-0008 § 1, 2016)

2.84.080 Review.

Each individual job order shall not be approved by the City until a responsible, knowledgeable person other than the project manager has independently completed an estimate and review of the JOC contractor's cost proposal to ensure that the contractor's proposal aligns appropriately with the City's scope of work, that the listed tasks are appropriate and the quantities are accurate, and that unit and system costs are not redundant. If the City determines that the traditional methods of project delivery result in the best value to the City, the availability and ease of use of JOC shall not preclude the use of traditional methods of project delivery. (ORD-16-0008 § 1, 2016)

2.84.090 Prequalification.

The JOC Policy shall establish a process for prequalifying job order contractors in accordance with the requirements of Public Contract Code Section 20101. All contractors must be prequalified prior to submitting a bid for a JOC master contract to provide a reasonable level of assurance that JOC contracts are awarded to contractors who have demonstrated competency, capacity, financial strength and relevant experience to satisfactorily perform the JOC contracts. (ORD-16-0008 § 1, 2016)

2.84.100 Term.

Initial contract terms for JOC master contracts shall not exceed twelve (12) months, with an option of extending the contract for two (2) additional 12-month periods, for a maximum term of three (3) years. No single job order project may exceed Seven Hundred Fifty Thousand Dollars ($750,000.00) during the term of the JOC master contract. No job order project shall be split or separated into small job orders for the purposes of evading the Seven Hundred Fifty Thousand Dollars ($750,000.00) cost limit. (ORD-21-0038 § 1, 2021; ORD-16-0008 § 1, 2016)

2.84.110 Contract performance.

The JOC contractor must perform a minimum of fifteen percent (15%) of the contract work for a project, with no more than eighty-five percent (85%) of the work done by subcontractors. All subcontractors used by the primary contractor must be pre-approved by the City, and at a minimum be required to be licensed, hold liability insurance, and have sufficient relevant experience. (ORD-21-0038 § 2, 2021; ORD-16-0008 § 1, 2016)

2.84.120 Non-prepriced items.

The City shall not approve a job order if the cost of items not listed in the pre-priced unit catalog exceeds ten percent (10%) of the total cost proposal, without written approval of the City

Manager or his/her designee. If items not listed in the job catalog are included in the contractor's proposal, the contractor shall be required to obtain three (3) written quotes and use the lowest qualifying quote. For non-prepriced items that are sole source products, the contractor must justify in writing the reasons that three (3) quotes were not obtained. The City shall approve the use of all non-prepriced items and retain all documentation related to the selection of the non-prepriced items, including the three (3) written quotes obtained by the contractor or the documented reason for the lack of three (3) quotes. (ORD-16-0008 § 1, 2016)

2.84.130 Non-exclusive.

The City may award multiple JOC master contracts to prequalified contractors through a competitive bid process whereby contractors bid a percentage, plus or minus, of the unit prices published in the pre-priced unit catalog. Pursuant to Section 1804 of the City Charter, the City Manager in his/her discretion may reject any or all bids presented and may rebid if in the best interest of the City. (ORD-16-0008 § 1, 2016)

2.84.140 Conflicts.

The JOC Policy shall establish an effective management oversight structure to ensure that project managers receive adequate training to properly administer the JOC contracts and that project managers are sufficiently involved in administering the job orders. Consultants hired by the City as managers of JOC projects should not be affiliated with any entity that provides services related to the JOC project, such as design or engineering services. (ORD-16-0008 § 1, 2016)

2.84.150 Evaluation.

The JOC Policy shall establish a consistent and formal job proposal, project management, and project close out and acceptance process. The close out process shall include the documented performance evaluation of contractors and subcontractors to ensure work is done to the City's satisfaction and to ensure that poorly performing contractors and subcontractors are not used on future JOC projects. All City Manager departments using JOC shall follow the same processes and procedures outlined in the JOC Policy, including use of a common JOC project management software for project documentation and post project review. (ORD-16-0008 § 1, 2016)

2.84.160 Document availability.

Once the City has issued a job order, all documents pertaining to the job order shall be available for public review. (ORD-16-0008 § 1, 2016)

2.84.170 Suspensions.

A. Suspend provisions of Chapter 2.84 that pertain to single job order thresholds for projects which address ongoing impacts caused by homelessness, for a more efficient and timelier project delivery.

B. This Section 2.84.170 shall expire on the later of (i) July 23, 2024, or (ii) with respect to projects begun prior to such date but not yet complete, on the date of completion of such project, unless further extended by the City Council in its discretion by an amendment to this Chapter. (ORD-23-0037 § 1, 2023; ORD-23-0003(Emerg.) § 1, 2023)

CHAPTER 2.85 PROCUREMENT DURING A PROCLAIMED EMERGENCY OR DISASTER

2.85.010 Purpose.

2.85.020 Definitions.

Alternate locations may include the Emergency Operations Center, City Hall, the central library, or other locations as specified by the Purchasing Agent. c. After solicitation of a number of sources, competition is determined inadequate; or

d. The Federal awarding agency or pass-through entity expressly authorizes noncompetitive proposals in response to a written request from the non-Federal entity.

2. The authorized purchaser shall document the justification for noncompetitive procurement in accordance with established procedures.

3. When a noncompetitive procurement is used due to Public Exigency or Emergency, the procurement shall be limited to that portion of the work that must be performed immediately. Procurement for any additional work shall be conducted through competitive procurement procedures. (ORD-16-0001 § 1, 2016)

2.85.050 Post—Award.

A. Bid Protests. The Purchasing Agent may alter and/or shorten the normal bid protest process if Emergency Circumstances will not permit a delay resulting from the normal bid protest process, but such period shall be no less than twenty-four (24) hours.

The Director of Financial Management or his or her designee shall create written administrative regulations or policies to implement this Chapter, which shall include procedures requiring immediate notification to City Council if a disaster is declared by other than City Council and shall include mechanisms for notifying City Council of any purchases made (after the fact) that would have required City Council approval if there had not been an emergency. (ORD-16-0001 § 1, 2016)

CHAPTER 2.86 PUBLIC CONTRACTS

CHAPTER 2.93 CONDUCT OF HEARINGS

2.93.010 Applicability.

This Chapter applies to the conduct of all hearings, appeals or investigations held by the City Council, the Planning Commission or the Board of Examiners, Appeals and Condemnation pursuant to this Code or any other applicable law where oral evidence or testimony is received and where personal or property rights are involved. This Chapter does not apply to and is not intended to infringe upon the right of a citizen to petition his government for redress. This Chapter applies to all City personnel who testify or present evidence in a hearing. (Ord. C-5232 § 1 (part), 1976: prior code § 2780)

2.93.020 Oath or affirmation.

A. All oral evidence or testimony shall be taken only on oath or affirmation. The presiding officer, the City Clerk or the Secretary of the respective Board or Commission may administer the oath. In a given case where many witnesses are expected to testify, the presiding officer has the discretion to have all prospective witnesses rise and be sworn at the same time at the outset of the proceedings.

B. The oath or affirmation may be administered as follows, the person who swears or affirms expressing his assent when addressed in the following form:

You do solemnly swear (or affirm, as the case may be), that the evidence you shall give in this issue (or matter), pending before this body, shall be the truth, the whole truth, and nothing but the truth, so help you God. (Ord. C-5232 § 1 (part), 1976: prior code § 2780.1)

2.93.030 Rules of evidence.

The hearing need not be conducted according to technical rules relating to evidence and witnesses. Any relevant evidence shall be admitted if it is the sort of evidence on which responsible persons are accustomed to rely in the conduct of serious affairs, regardless of the existence of any common law or statutory rule which might make improper the admission of such evidence over objection in civil actions. Hearsay evidence may be used for the purpose of supplementing or explaining other evidence but shall not be sufficient in itself to support a finding unless it would be admissible over objection in civil actions. The rules of privilege shall be effective to the extent that they are otherwise required by statute to be recognized at the hearing, and irrelevant and unduly repetitious evidence shall be excluded. (Ord. C-5232 § 1 (part), 1976: prior code § 2780.2)

2.93.040 Examination of witnesses.

In a contested proceeding each side shall have these rights: to call and examine witnesses; to introduce exhibits; to cross-examine opposing witnesses on any matter relevant to the issues; to impeach any witness and to rebut the evidence against him. The presiding officer has the discretionary authority to: limit the number of witnesses to testify for each side where their testimony would be cumulative or repetitive in nature; require each side to appoint one (1) spokesman for purposes of cross-examination; limit or curtail any abusive, argumentative, repetitive, or otherwise irrelevant cross-examination; and in conformance with other rules in this Code place reasonable time limits on the right to cross-examine and the presenting of evidence. (Ord. C-5232 § 1 (part), 1976: prior code § 2780.3)

2.93.050 Hearing procedure—City Council.

A. Whenever it is provided that a hearing governed by this Chapter shall be heard by the City Council, the Council may, in its discretion, either conduct the hearing itself or appoint a Hearing Officer to conduct the hearing.

B. If a Hearing Officer conducts a hearing the following procedures shall apply:

1. Upon selection of a Hearing Officer, the City Clerk shall set the time and place for the

hearing. Notice of hearing shall be sent to interested parties at least twenty (20) days before the hearing.

2. Any party may be represented by counsel; the hearings shall be public and shall be conducted pursuant to the provisions of this Chapter; and the City Clerk shall provide necessary tape recordings as may be reasonably required by the Hearing Officer.

3. The Hearing Officer shall determine the order of proceedings and shall afford all parties a reasonable opportunity to present any relevant evidence. If a party is absent, the Hearing Officer may proceed with the hearing in that party's absence if due notice was given and no explanation for the absence was given.

4. Other than at the hearing, there shall be no direct communication between the parties and the Hearing Officer on any matter related to the hearing. All oral or written communication from the parties shall be directed to the City Clerk for transmittal to the Hearing Officer.

5. The Hearing Officer shall render his decision not later than fifteen (15) days after the hearing is closed and shall immediately file a report with the City Council. At the request of the Hearing Officer, the City Council may extend this reporting period.

6. The report shall be in writing and shall include findings of fact, a summary of the relevant evidence, a statement of the issues, a resolution of the credibility of witnesses where there is conflicting testimony and a recommended decision. A copy of the report shall be served on all parties.

7. Upon receipt, the City Council shall set a time for a hearing to review and consider the report. Notice of hearing shall be sent to all interested parties at least ten (10) days before the hearing.

8. After review of the Hearing Officer's report, the City Council may adopt, reject or modify the recommended decision. In its discretion, the City Council may take additional evidence at the hearing or refer the case to the Hearing Officer with instructions to consider additional evidence.

9. Notice of the City Council's decision shall be served on all interested parties by the City Clerk and the decision takes effect upon such service. If notice is mailed, service is complete when mailed. Unless otherwise provided, this notice provision shall apply to all hearings including those not conducted by a Hearing Officer. (Ord. C-6003 § 1, 1983)

2.93.060 Hearing procedure on contractor's or vendor's nonresponsibility.

A. The City finds that, in order to promote integrity in its contracting processes and to protect the public interest, it shall be the City's policy to conduct business only with responsible contractors and vendors. Notwithstanding anything to the contrary in this Code, the provisions of this Section shall apply to a determination of the nonresponsibility of a contractor or vendor.

B. Prior to awarding a contract, the City may determine that a contractor or vendor submitting a bid is nonresponsible for purposes of that bid. Before a determination of nonresponsibility is made there shall be a hearing by the Hearing Officer in accordance with the procedures stated in this Section.

C. The City Manager or designee shall act as Hearing Officer and shall conduct the hearing. Where the Board of Water Commissioners is the awarding authority, the Hearing Officer shall be the General Manager of the Water Department or designee.

The City will submit into the record the evidence previously provided to the contractor or vendor and may present witnesses and offer rebuttal evidence. A recording of

the hearing may be made at the option of the City or the contractor or vendor. The Hearing Officer will decide the order of proceeding and any time limits on the presentation of evidence and witnesses. If the contractor or vendor or their attorney does not appear at the hearing, the Hearing Officer may proceed if proper notice to the contractor or vendor was given. Other than at the hearing, there shall not be any direct communication between the contractor or vendor or anyone acting on the contractor's or vendor's behalf and the Hearing Officer. All other communications to the Hearing Officer shall be in writing and shall be submitted to the City Clerk at least one (1) day prior to the date of the hearing, for delivery to the Hearing Officer.

E. After the hearing, the Hearing Officer will promptly prepare a decision on the issue of nonresponsibility and deliver it to the contractor or vendor and to the City Attorney. The decision will state the basis for the determination of nonresponsibility or responsibility. The determination shall be based on the fitness and capacity of the contractor or vendor to satisfactorily perform the obligations of the contract, whether or not the contractor or vendor is qualified to perform those obligations, whether or not the contractor or vendor is trustworthy, and such other bases as may be relevant. The Hearing Officer may consider, among other things:

(9) The contractor's or vendor's history of claims, litigation, and termination or disqualification on public projects; and

(10) Contractor's or vendor's contract management skills, including, but not limited to, the use of scheduling tools, submission of schedules, compliance with prevailing wage rates, and certification of accurate payroll documents.

On receipt of such notice, the City Clerk shall set a time for a hearing on the appeal before the City Council and shall send written notice of the time of the appeal hearing to the contractor or vendor at least five (5) days prior to the hearing. The City Clerk shall set the time for the appeal hearing within fourteen (14) days after the City receives the notice of appeal but no sooner than five (5) days after the date shown on the notice to the contractor or vendor of the time of the appeal hearing. The City Clerk shall simultaneously send a copy of the decision of the Hearing Officer to the City Council.

If the Board of Water Commissioners is the awarding authority, the City Clerk shall immediately forward the notice of appeal to the General Manager of the Water Department who shall set the time for a hearing of the appeal before the Board of Water Commissioners and shall send written notice of the time of the appeal hearing to the contractor or vendor at least five (5) days prior to the hearing. The General Manager shall set the time for the appeal hearing on the date of the first meeting of the Board of Water Commissioners held after the General Manager receives the notice of appeal but which time is, nevertheless, at least five (5) days after the date shown on the notice to

the contractor or vendor of the time of the appeal hearing. The General Manager shall simultaneously send a copy of the decision of the Hearing Officer to the Board of Water Commissioners.

G. No new evidence or testimony may be presented by either the City or the contractor or vendor at the appeal hearing. The City Council or the Board of Water Commissioners, in its discretion, may limit the time allotted for an oral presentation by both the City and the contractor or vendor. At the conclusion of the appeal hearing, the City Council or the Board of Water Commissioners shall receive the decision of the Hearing Officer and either adopt the decision of the Hearing Officer or make its own finding on the issue of nonresponsibility for the purposes of the particular contract, and the City Clerk shall send a certified copy of the minute entry to the contractor or vendor with respect to decision of the City Council or the Secretary to the General Manager of the Water Department shall send a certified copy of the order of the Board to the contractor or vendor. Service of the minute entry or order shall be deemed made when it is deposited in the mail.

H. The decision by the City Council or the Board of Water Commissioners on appeal to find a contractor or vendor nonresponsible for a particular contract is solely within the discretion of the body acting on behalf of the City. (Ord. C-7805 § 1, 2002)

2.93.070 Hearing procedure on contractor's or vendor's debarment.

A. Notwithstanding anything to the contrary in this Code, the provisions of this Section shall apply to the debarment of a contractor or vendor.

B. The City may debar a contractor or vendor from submitting bids on future contracts even if that contractor or vendor has an existing contract with the City at the time a decision is made to debar the contractor or vendor from future bids. "Debarment" means that a contractor or vendor is prohibited from submitting a bid, from receiving a contract award, and from receiving a purchase order from the City.

C. Before a contractor or vendor is debarred there shall be a hearing by the Hearing Officer in accordance with the procedures stated in this Section.

D. The City Manager or designee shall act as Hearing Officer and shall conduct the hearing. Where the Board of Water Commissioners is the awarding authority, the Hearing Officer shall be the General Manager of the Water Department or designee.

E. At the hearing, the contractor and/or the contractor's attorney or the vendor and/or the vendor's Attorney may submit documentary evidence and present witnesses. The City will submit into the record the evidence previously provided to the contractor or vendor and may present witnesses and offer rebuttal evidence. A recording of the hearing may be made at the option of the City or the contractor or vendor. The Hearing Officer will decide the order of proceeding and any time limits on the presentation of evidence and witnesses. If the contractor or vendor or their Attorney does not appear at the hearing, the Hearing Officer may proceed if proper notice to the contractor or vendor was given. Other than at the hearing, there shall not be any direct communication between the contractor or vendor or anyone acting on the contractor's or vendor's behalf and the Hearing Officer. All other communications to the Hearing Officer shall be in writing and shall be submitted to the City Clerk at least one (1) day prior to the date of the hearing, for delivery to the Hearing Officer.

F. After the hearing, the Hearing Officer will promptly prepare a decision containing a determination to debar or not and deliver it to the contractor or vendor and to the City Attorney. The decision will state the basis for the determination on debarment. The determination shall be based

on the fitness and capacity of the contractor or vendor to satisfactorily perform the obligations of the contract, whether or not the contractor or vendor is qualified to perform those obligations, whether or not the contractor or vendor is trustworthy, and such bases as may be relevant. The Hearing Officer may consider, among other things:

(1) Whether or not the contractor or vendor has previously been found to be nonresponsible;

(8) Whether or not contractor or vendor has performed satisfactorily in the past on its contracts with the City or any other public entity, including, but not limited to, whether or not contractor or vendor has been in default under a contract with the City or any other public entity;

(9) The contractor's or vendor's safety record;

(10) The contractor's or vendor's history of claims, litigation, and termination or disqualification on public projects; and

(11) Contractor's or vendor's contract management skills, including, but not limited to, use of scheduling tools, submission of schedules, compliance with prevailing wage rates, and certification of accurate payroll documents.

G. The City Clerk shall mail a copy of the decision to the contractor or vendor. The contractor or vendor shall have five (5) days to file a notice of appeal with the City Clerk. On receipt of such notice, the City Clerk shall set a time for a hearing on the appeal before the City Council and shall send written notice of the time of the appeal hearing to the contractor or vendor at least five (5) days prior to the hearing. The City Clerk shall set the time for the appeal hearing within fourteen (14) days after the City receives the notice of appeal but no sooner than five (5) days after the date shown on the notice to contractor or vendor of the time of the appeal hearing. The City Clerk shall simultaneously send a copy of the decision of the Hearing Officer to the City Council.

If the Board of Water Commissioners, the City Clerk shall immediately forward the notice of appeal to the General Manager of the Water Department who shall set the time for a hearing of the appeal before the Board of Water Commissioners and shall send written notice of the time of the appeal hearing to the contractor or vendor at least five (5) days prior to the hearing. The General Manager shall simultaneously send a copy of the decision of the Hearing Officer to the Board of Water Commissioners.

Improvement also includes the conversion of existing electric or communication facilities and the construction, reconstruction or relocation of any other electric or communication facilities which may be incident thereto. 3.52.415 Initiation of proceedings for conversion of electric or communication facilities.

Proceedings for the financing of improvements of the character described in the third and fourth sentence of the definition of "improvement" in Section 3.52.414 shall be initiated either by a petition which describes the boundaries of the proposed assessment district, generally describes the proposed conversion and requests that proceedings for the conversion be taken pursuant to this Division, which petition is signed by the owners of land within the proposed assessment district on which more than one-half (½) of the proposed assessments are to be levied, as such owners are shown by the last equalized assessment roll used by the City or are otherwise known to the City; or a determination by the City Council that the City or a public utility has voluntarily agreed to pay over fifty percent (50%) of all costs of conversion, excluding costs of user's connections to underground electric or communication facilities. Where the fee interest in the property to be assessed is vested in the City or another public agency and subject to satisfaction of all other applicable legal requirements, the City Council may impose the lien of the assessment against less than the fee interest, including without limitation a leasehold interest, and the resolution of intent shall describe this lesser interest to be assessed. (Ord. C-5971 § 1 (part), 1983)

3.52.422 Authority to create assessment district—Territory includable.

The City Council may make all or a designated portion of the cost and expenses of the acquisition or installation of any improvement, including construction-period interest, chargeable upon an assessment district. The City Council shall designate the assessment district in its resolution of intention, and shall declare it to be the district benefitted by the acquisition or installation and to be assessed to pay so much of the cost and expense thereof as the City Council shall determine. The territory comprising said district may, but need not, include all, or be confined to, or extend beyond, the lots and lands fronting upon the improvement, or be contiguous, and the district may consist of separate and distinct areas or sections. The work performed in one (1) section need not benefit the other section or sections. (Ord. C-5971 § 1 (part), 1983)

B. An estimate of the total cost of the improvement, an estimate of the amount which would be borne by the City, if any, and the amount to be assessed against the benefitted lands within the assessment district.

C. A diagram showing the assessment district, reference to assessor's parcel numbers or

other identification of parcels within the district and, if necessary, the boundaries and dimensions of the parcels or subdivisions of land within the district as they existed at the time of the passage of the resolution of intention. Each parcel or subdivision shall be given a separate number upon the diagram.

D. A proposed assessment of the total amount of the cost and expenses to be assessed upon the several parcels or subdivisions of land in the district, which assessment shall be in proportion to the estimated benefits to be received by such parcels or subdivisions, respectively, from the improvement. When any portion or percentage of the cost and expenses of the improvement is ordered to be paid out of the Treasury of the City of Long Beach or otherwise by unassessed contribution of any governmental entity, the amount of such portions or percentages shall first be deducted from the total estimated cost and expenses of the improvement, and the assessment upon the property proposed in the report shall include only the remainder of the estimated cost expenses. The assessment shall refer to the parcels or subdivisions by their respective numbers as assigned pursuant to Section 3.52.426.E.

E. If it is proposed that the lien of the assessment shall be against less than the fee interest of the land pursuant to Section 3.52.421, a description of this lesser interest. The report need not be detailed and shall be sufficient if it provides adequate information from which to identify the improvements, the cost of installation or acquisition, the boundaries of the assessment district and the manner of assessment of property within the district. (Ord. C-5971 § 1 (part), 1983)

3.52.427 Consideration of report—Modification.

If it is proposed to assess less than the fee interest of the property, notice shall also be mailed to the owner of the interest proposed to be assessed. The failure of the City Clerk to mail the notice to any property owner or the failure of any property owner to receive the notice shall not affect the validity of any proceedings taken under this Division. (Ord. C-5971 § 1 (part), 1983)

3.52.435 Contents of notice to property owners.

The notice shall contain:

A. A statement of the time, place, and purpose of the hearing on the resolution of intention and report;

If the protests are against the proposed improvement and the City Council finds that such protests are signed by the owners of more than one-half (1/2) of the area of the land included within the assessment district, all further proceedings under the resolution of intention are barred, unless the protests are overruled by an affirmative vote of two-thirds (2/3) of the members of the City Council. The City Council may confirm, modify, or reject the proposed assessment. (Ord. C-5971 § 1 (part), 1983)

3.52.442 Majority protest.

If it shall be necessary, in order to find whether a majority protest exists, to determine whether any or all of the signers of written protests are the "owners" of the property to be assessed, the City Council shall make such determination from the last equalized assessment roll, any written evidence submitted with a written protest and any other evidence received at the hearing. The City Council shall be under no duty to obtain or consider any other evidence as to ownership of the property and its determination of ownership shall be final and conclusive. (Ord. DIVISION V. SPECIAL TAX FINANCING IMPROVEMENT PROCEDURES

Subdivision 1. General Provisions

3.52.511 Short title.

This Division shall be known and may be cited as the "Long Beach Special Tax Financing Improvement Law." (Ord. C-6611 § 1, 1989)

3.52.512 Municipal and State affairs—Authority conferred by Division—Applicability of laws.

In any proceedings undertaken pursuant to this Division as municipal affairs, any general laws referred to in this Division are deemed a part of this Division.

In the event that any proceeding undertaken pursuant to this Division shall be adjudged a State affair it shall be declared and deemed to be intended that the proceedings were had pursuant to any applicable general law or laws.

This Division provides an alternative method of financing certain public and private capital facilities and municipal services. The provisions of this Division shall not affect or limit any other provisions of law authorizing or providing for the furnishing of facilities or services, or the raising of revenue for these purposes. The City may use the provisions of this Division instead of or in conjunction with any other method of financing part or all of the cost of providing the authorized kinds of public and private capital facilities and municipal services. (Ord. C-6611 § 1, 1989)

3.52.513 Conflicting provisions—Severability.

A. Any provision in this Division which conflicts with any general law or act shall prevail over the other such provision in connection with any proceedings taken pursuant to this Division.

B. In the event any portion of this Division shall be declared illegal, unenforceable, or unconstitutional, such provision shall be deemed severable from the rest of the provisions of this Division. (Ord. C-6611 § 1, 1989)

3.52.514 Actions or determinations—Proceedings.

The City Council may take any actions or make any determinations which it determines are necessary or convenient to carry out the purposes of this Division and which are not otherwise prohibited by law. (Ord. C-6611 § 1, 1989)

D. "Debt" means any binding obligation to repay a sum of money, including obligations in the form of bonds, certificates of participation, long-term leases, loans from government agencies, or loans from banks, other financial institutions, private businesses or individuals.

Notwithstanding the foregoing, "landowner" or "owner" or "owner of land" means, with respect to any land which is the subject of condemnation action, the person entitled to possession of the land. The City Council has no obligation to obtain other information as to the ownership of the land, and its determination of ownership shall be final and conclusive for the purposes of this Division. The City or any other public agency is not a landowner or owner of land for purposes of this Division, unless the land owned by the City or any public agency or any leasehold therein would be subject to a special tax levied pursuant to this Division as provided in Sections 3.52.5113 or 3.52.5114.

The facilities need not be physically located within the district. A district may finance the purchase of facilities whose construction has been completed before or after the adoption of the resolution of formation if the facility is or was constructed pursuant to plans approved by the City, and the facility is inspected by the City and found to be in compliance with applicable City building codes and standards. For example, a community facilities district may finance facilities, including, but not limited to, the following:

A. Local park, recreation, parkway, and open space facilities;

B. Elementary and secondary school sites and structures;

The district may also finance the construction or undergrounding of natural gas pipeline facilities, telephone lines, facilities for the transmission or distribution of electrical energy, and cable television lines. The district may enter into an agreement with a public utility to utilize those facilities to provide a particular service and for the conveyance of those facilities to the public utility. Any reimbursement by the public utility made to the district shall be utilized to reduce or minimize the special tax levied within the district or improvement area, or to construct or acquire additional facilities within the district or improvement area, as specified in the resolution of formation;

E. The district may also pay in full all amounts necessary to eliminate any fixed special assessment lines or to repay or defease any indebtedness secured by any tax, fee, charge, or assessment levied within the area of a community facilities district or may pay debt service on that indebtedness;

F. Improvements to or rehabilitation of real property related to fire suppression and/or asbestos removal;

G. Any other facilities, public or private, which the City is authorized by law to contribute revenue to, or construct, own or operate. (Ord. C-6611 § 1, 1989)

A copy of the deed by which the title is transferred shall be recorded in the office of the County Recorder of the County in which the property is located. The deed shall be indexed by the County recorded in the grantor-grantee index to the name of the school district as

grantor and to the State of California as grantee. In addition, the community facilities district shall take one (1) or more of the following actions:

1. Reduce the amount of bonds authorized to be issued by the community facilities district;

2. Reduce the amount of any special tax which is levied within the community facilities district;

3. Reduce the amount of outstanding bonds or provide for the defeasance of outstanding bonds;

D. The City Council hereby finds and declares that this Section 3.52.518 is intended to be in furtherance and not in derogation of education and school financing, and thus an appropriate part of this Division despite the fact that education is a State affair. (Ord. C-6611 § 1, 1989)

3.52.519 Transfer of funds—Use of money—Interest.

The City Council may from time to time transfer moneys to a community facilities district or to a zone within a community facilities district, for the benefit of the district or zone, from any funds available to the City. The City Council also may appropriate any of the City's available moneys to a revolving fund to be used for the acquisition of real or personal property, engineering or other services, or the construction of structures or improvements needed in whole or in part to provide one (1) or more of the facilities or services of a community facilities district.

The district may reimburse the City for any amount transferred or appropriated pursuant to this Section 3.52.519, together with interest at the rate per annum, as determined by the City Council. (Ord. C-6611 § 1, 1989)

3.52.5110 Advances of funds or work in-kind—Acceptance by legislative body—Use—Repayment—Agreement—Conditions.

A. At any time either before or after the formation of a community facilities district, the City Council may accept advances of funds or work in-kind from any source, including, but not limited to, private persons or private entities and may provide for the use of those funds or that work in-kind for any authorized purpose, including, but not limited to, paying any cost incurred by the City in creating a community facilities district. The City Council may enter into an agreement with the person or entity advancing the funds or work in-kind to repay all or a portion of the funds advanced, or to reimburse the person or entity for the value, or cost, whichever is less, of the work in-kind, as determined by the City Council, with or without interest, under all of the following conditions:

1. The proposal to repay the funds or the value or cost of the work in-kind, whichever is less, is included in the resolution of intention or the resolution of formation to establish the district, or in the resolution of consideration to alter the types of public facilities and services provided within an established district;

2. Any proposed special tax or change in special tax is approved by the qualified electors of the district pursuant to this Division. Any agreement may specify that if the qualified electors of the district do not approve the proposed special tax or change in a special tax, the local agency shall return any funds which have not been committed for any authorized purpose by the time of the election to the person or entity advancing the funds;

3. Any work in-kind accepted pursuant to this Section shall have been performed or constructed pursuant to plans approved by the City, and the work in-kind shall be inspected by the City and found to be in compliance with applicable City building codes and standards.

B. Any such agreement shall not constitute a debt or liability of the City. (Ord. C-6611 § 1, 1989)

3.52.5111 Liberal construction of Division—Error—Irregularity, neglect or omission.

This Division shall be liberally construed in order to effectuate its purposes. No error, irregularity, informality, and no neglect or omission of any officer, in any procedure taken under this Division, which does not directly affect the jurisdiction of the City Council to order the installation of the facility or the provision of service, or the levy of the special taxes, shall void or invalidate such proceeding or any levy for the costs of a facility or service. (Ord. C-6611 § 1, 1989)

3.52.5112 Failure to receive notice, resolution, order, or other matter not affecting proceedings.

The failure of any person to receive a notice, resolution, order, or other matter shall not affect in any way whatsoever the validity of any proceedings taken under this Division, or prevent the legislative body from proceeding with any hearing so noticed. (Ord. C-6611 § 1, 1989)

3.52.5113 Special tax—Property acquired by public entity through negotiated transaction or by gift or devise—Voluntary application of special tax.

If property not otherwise exempt from a special tax levied pursuant to this Division is acquired by a public entity through a negotiated transaction, or by gift or devise, the special tax shall, notwithstanding Section 3.52.551, continue to be levied on the property acquired and shall be enforceable against the public entity that acquired the property.

Notwithstanding any other provision of this Division, any public agency other than a City, county or school district may subject property owned by it to the levy of special taxes, if it shall certify to the City Council: (a) its agreement to do so, (b) that it intends to dispose of such property by transfer to a nongovernmental agency at some time in the future, and (c) that it agrees to cooperate in the sale of the property if necessary to obtain funds to pay any special taxes levied upon such property. (Ord. C-6611 § 1, 1989)

3.52.5114 Special tax—Special assessment on property acquired by public entity through eminent domain.

If property subject to a special tax levied pursuant to this Division is acquired by the City or any public entity or entities through eminent domain proceedings, the obligation to pay the special tax shall be treated, pursuant to Section 1265.250 of the California Code of Civil Procedure as if it were a special annual assessment. For this purpose, the present value of the obligation to pay a special tax to pay the principal and interest on any indebtedness incurred by the district prior to the date of apportionment determined pursuant to Section 5082 of the California Revenue and Taxation Code shall be treated the same as a fixed lien special assessment. (Ord. C-6611 § 1, 1989)

3.52.5115 Application of Division—Municipal officials—Powers and duties.

This Division applies insofar as the City has the power to install or contribute revenue for any of the facilities or provide or contribute revenue for any of the services authorized under this Division. The officers of the City who have similar powers and duties as the municipal officers referred to in this Division shall have the powers and duties given by this Division to the municipal officials. Where no similar officer exists, the City Manager of the City shall appoint a person or designate an officer to perform the duties under this Division. (Ord. C-6611 § 1, 1989)

this Division if the City Council adopts a resolution declaring that such a joint agreement would be beneficial to the residents of the City or the district.

B. Notwithstanding Chapter 5 (commencing with Section 6500) of Division 7 of Title 1 of the California Government Code, a contracting party may use the proceeds of any special tax or charge levied pursuant to this Division or of any bonds or other indebtedness issued pursuant to this Division to provide facilities or services which that contracting party is otherwise authorized by law to provide, even though another contracting party does not have the power to provide those facilities or services.

C. The agreement entered into pursuant to this Section 3.52.5116 may provide for the division of responsibility to provide any of the facilities or services among the entities entering into the agreement. The agreement shall provide for the allocation and distribution of the proceeds of any special tax levy among the parties to the agreement. (Ord. C-6611 § 1, 1989)

(Ord. C-6611 § 1, 1989)

4. A description of the proposed voting procedure. (Ord. C-6611 § 1, 1989)

3.52.528 Optional notice of hearing.

The City Council may also direct the City Clerk to give notice of the hearing by first-class mail to each registered voter and to each landowner within the proposed district. This notice shall be mailed at least ten (10) days before the hearing and shall contain the same information as is required to be contained in the notice published pursuant to Section 3.52.527, except that the entire text of the resolution of intention may be omitted if the date, number and fact of its adoption are shown and the proposed facilities and/or services are briefly described and the proposed amounts and method of apportionment of the special tax are shown. (Ord. C-6611 § 1, 1989)

3.52.529 Protests—Interested persons or taxpayer.

At the hearing, protests against the establishment of the district, the extent of the district, or the furnishing of specified types of facilities or services within the district may be made orally or in writing by any interested persons or taxpayers. Any protests pertaining to the regularity or sufficiency of the proceedings shall be in writing and shall clearly set forth the alleged irregularities and defects. To be counted under Section 3.52.5210 any written protest shall be filed with the City Clerk on or before the time fixed for the hearing. The City Council may waive any irregularities in the form or content of any written protest and at the hearing may correct minor defects in the proceedings. Written protests may be withdrawn in writing at any time before the conclusion of the hearing. (Ord. C-6611 § 1, 1989)

3.52.5210 Written protest—Further proceedings to create district—Elimination of special tax or types of facilities or services from resolution of formation.

If fifty percent (50%) or more of the registered voters, or six (6) registered voters, whichever is more, residing within the territory proposed to be included in the district, or the owners of one-half (1/2) or more of the area of the land in the territory proposed to be included in the district and not exempt from the special tax, file written protests against the establishment of the district, and protests are not withdrawn so as to reduce the value of the protests to less than a majority, no further proceedings to create the specified community facilities district or to levy the specified special tax shall be taken for a period of six (6) months from the date of the decision of the City Council.

If the majority protests are only against the furnishing of a specified type or types of facilities or services within the proposed district, or against levying a specified special tax, those types of facilities or services or the specified special tax shall be eliminated from the resolution of formation. (Ord. C-6611 § 1, 1989)

3.52.5211 Hearing—Continuances—Time limitation—Exception—Modification of resolution of intention—Determination to abandon or proceed with establishment of district.

The hearing may be continued from time to time without further notice under Sections 3.52.527

or 3.52.528, but shall be completed within six (6) months of the original hearing date. The City Council may modify the resolution of intention by eliminating proposed facilities or services, or by changing the rate or method of apportionment of the proposed special tax so as to reduce the maximum special tax to be levied on all or a portion of the property within the proposed district, or by removing territory from the proposed district. At the conclusion of the hearing, the City Council may abandon the proposed establishment of the community facilities district or may, after passing upon all protests, determine to proceed with establishing the district, except as provided in Section 3.52.5210 hereof. (Ord. C-6611 § 1, 1989)

3.52.5212 Adoption of resolution of formation establishing district—Contents—Finding concerning validity and conformity of prior proceedings.

If the City Council determines to establish the district, it shall adopt a resolution of formation establishing the district. The resolution of formation shall incorporate by reference all of the information required to be included in the resolution of intention to establish the district specified in Section 3.52.525. If a special tax is proposed to be levied in the district to pay for any facilities and/or services and the special tax has not been eliminated by majority protest pursuant to Section 3.52.5210, the resolution shall state that fact and all of the following:

A. Determine whether all proceedings were valid and in conformity with the requirements of this Division, which finding shall be final and conclusive;

B. State that the proposed special tax to be levied within the district has not been precluded by majority protest pursuant to Section 3.52.5210;

C. Identify any facilities and/or services, as may be changed under Sections 3.52.5210 or 3.52.5211 hereof, proposed to be funded with the proceeds of the special tax;

D. Set forth the proposed rate and method of apportionment of the special tax;

E. Set forth the name, address, and telephone number of the office, department, or bureau of the City which will be responsible for preparing annually a current roll of special tax levy obligations by assessor's parcel number and which will be responsible for estimating future special tax levies pursuant to Section 3.52.552;

F. State that upon recordation of a notice of special tax lien pursuant to Section 3114.5 of the California Streets and Highways Code, a continuing lien to secure each levy of the special tax shall attach to all nonexempt real property in the district and this lien shall continue in force and effect until the special tax obligation is prepaid and permanently satisfied and the lien canceled in accordance with law or until collection of the tax by the City Council ceases;

G. Set forth the County of recordation and the book and page in the Book of Maps of Assessments and Community Facilities Districts in the County Recorder's office where the boundary map of the proposed community facilities district has been recorded pursuant to Sections 3111 and 3113 of the California Streets and Highways Code;

H. Provide for the conduct of the election required under Section 3.52.5217 hereof;

I. At the option of the City Council, provide for the establishment of or change in the appropriations limit under Section 3.52.5216 hereof. (Ord. C-6611 § 1, 1989)

3.52.5213 Special tax—Basis for apportionment.

A tax imposed pursuant to this Division is a special tax and not a special assessment, and there is no requirement that the tax be apportioned on the basis of benefit to any property. However, a special tax levied pursuant to this Division may be on or based on benefit received by parcels of real property, the cost of providing facilities and/or services available to each parcel, or any other reasonable basis as determined by the City Council. A special tax apportioned on any of these bases shall not be construed to be on or based upon the ownership of real property. (Ord. C-6611 § 1, 1989)

3.52.5214 Noncontiguous areas—Alteration of boundaries.

A. A community facilities district may include areas of territory that are not contiguous.

B. In establishing the boundaries of the district, the City Council may alter the exterior boundaries of the district to include less territory than that described in the recorded boundary map but it may not include any territory not described in that map. (Ord. C-6611 § 1, 1989)

3.52.5215 Boundaries of district—Inclusion of lands devoted to agricultural, timber or livestock uses.

Land devoted primarily to agricultural, timber, or livestock uses and being used for the commercial production of agricultural, timber or livestock products may be included in a community facilities district only if such land is contiguous to other land which is included within the described exterior boundaries of the community facilities district, and only if the legislative body finds that the land will be benefited by any of the types of public facilities and service proposed to be provided within the district. The land may, however, be included in the community facilities district, if the owner requests its inclusion. (Ord. C-6611 § 1, 1989)

3.52.5216 Establishment or changing appropriations limit—Election on propositions, adjustment.

The City Council may submit a proposition to establish or change the appropriations limit, as defined by Subdivision (h) of Section 8 of Article XIII B of the California Constitution, of a community facilities district to the qualified electors of a proposed or established district. The proposition establishing or changing the appropriations limit shall become effective if approved by the qualified electors voting on the proposition and shall be adjusted for changes in the cost of living and changes in populations, as defined by Subdivisions (b) and (c) of Section 7901 of the California Revenue and Taxation Code, except that the change in population may be estimated by the legislative body in the absence of an estimate by the State of California Department of Finance, and in accordance with Section 1 of Article XIII B of the California Constitution. For purposes of adjusting for changes in population, the population of the district shall be deemed to be at least one (1) person during each calendar year. (Ord. C-6611 § 1, 1989)

3.52.5217 Special tax levy—Election—Voter qualifications—Ballots.

A. By resolution, the City Council shall submit the levy of any special taxes to the qualified electors of the proposed community facilities district in the next general election or in a special election to be held, notwithstanding any other requirement, including any requirement that elections be held on specified dates contained in the California Elections Code, at least five (5) days, but not more than one hundred eighty (180) days, following the adoption of the resolution of formation. The legislative body shall provide the resolution of formation, a certified map of sufficient scale and clarity to show the boundaries of the district, and a sufficient description to allow the election official to determine the boundaries of the district to the official conducting the election after the adoption of the resolution of formation, if requested by the official conducting the election. Assessor's parcel numbers for the land within the district shall be included if it is a landowner election or the district does not conform to an existing district's boundaries, if requested by the official conducting the election. If the election is to be held less than one hundred twenty-five (125) days following the adoption of the resolution of formation, and the election official is other than the City Clerk the concurrence of the election official conducting the election shall be required. However, any time limit specified by this Section or requirement pertaining to the conduct of the election may be waived with the unanimous consent of the qualified electors of the proposed district and the concurrence of the election official conducting the election. In the event of such unanimous waiver, the election official shall be the City Clerk.

B. Except as otherwise provided in Subsection C of this Section, if at least twelve (12) persons, who need not necessarily be the same twelve (12) persons, have been registered to vote within the territory of the proposed community facilities district for each of the ninety (90) days preceding the date of the protest hearing, the vote shall be by the registered voters of the proposed district, with each voter having one (1) vote. Otherwise, the vote shall be by the landowners of the proposed district and each landowner who is the owner of record at the close of the protest hearing, or the authorized representative thereof, shall have one (1) vote for each acre or portion of an acre of land that he or she owns within the proposed community facilities district. The number of votes to be voted by a particular landowner shall be specified on the ballot provided to that landowner. Notwithstanding the foregoing, if the vote is to be by the landowners of the proposed district as described in the second preceding sentence, as an alternative to having such landowner have one (1) vote for each acre or portion of an acre of land that a landowner owns within the proposed community facilities district, the legislative body may provide that each landowner have a vote for each dollar of special tax that may be levied on such landowner's land to be included in the proposed community facilities district, based upon the proposed rate and method of apportionment and manner of collection of special tax for the proposed community facilities district, and the special taxes thereby to be levied in the first full fiscal year following formation of the proposed community facilities district; provided that the legislative body finds that such alternative method of voting is more reflective of the burden of the special tax to be levied in the proposed community facilities district.

C. If the proposed special tax will not be apportioned in any tax year on any portion of property in the district in residential use in that tax year, as determined by the legislative body, the legislative body may provide that the vote shall be by the landowners of the proposed district whose property would be subject to the tax if it were levied at the time of the election. Each of these landowners shall have one (1) vote for each acre, or portion thereof, that the landowner owns within the proposed district which would be subject to the proposed tax if it were levied at the time of the election.

D. Ballots for the special election authorized by Subsection A of this Section may be distributed to qualified electors by mail with return postage prepaid or by personal service by the election official. The election official may provide a certificate of the proper mailing or delivery of ballots, which certificate shall constitute conclusive proof of mailing or delivery in the absence of fraud. The voted ballots shall be returned to the election officer conducting the election not later than the time specified in the resolution calling the election. However, if all the qualified voters have voted, the election shall be closed. (ORD-08-0007 § 2, 2008; Ord. C-6611 § 1, 1989)

3.52.5218 Elections—Law governing.

A. Except as otherwise provided in this Division, the provisions of law regulating elections of the City, insofar as they may be applicable, shall govern all elections conducted pursuant to this Division. Except as provided in Subsection B of this Section, there shall be prepared and included in the ballot material provided to each voter an impartial analysis, and arguments and rebuttals, if any.

B. Analysis and arguments may be waived with the unanimous consent of all the qualified electors. (Ord. C-6611 § 1, 1989)

3.52.5219 Ballot materials.

A. If the election is to be conducted by mail or hand-delivered ballot, the election official conducting the election shall provide ballots and election materials pursuant to Subsection D of Section 3.52.5217 and Section 3.52.5218, together with all supplies and instructions necessary for the use and return of the ballot.

B. The identification envelope for return of ballots used in landowner elections shall contain the following:

1. The name of the landowner;

2. The address of the landowner;

3. A declaration, under penalty of perjury, stating that the voter is the owner of record or the authorized representative of the landowner entitled to vote and is the person whose name appears on the identification envelope;

4. The date of signing and place of execution of the declaration immediately described above;

5. The printed name and signature of the voter;

6. The address of the voter;

7. A notice that the envelope contains an official ballot and is to be opened only by the election official. (Ord. C-6611 § 1, 1989)

3.52.5220 Special tax levy—Effect of voter approval or disapproval.

A. After the canvass of returns of any election pursuant to Section 3.52.5217, the legislative body may levy any special tax as specified in the resolution of formation adopted pursuant to Section 3.52.5212 within the territory of the district, if two-thirds (2/3) of the votes cast upon the question of levying the tax are in favor of levying that tax.

B. After the canvass of returns of any election conducted pursuant to Section 3.52.5217, the legislative body shall take no further action with respect to levying the special tax within the community facilities district for six (6) months from the date of the election, if the question of levying that specified special tax fails to receive approval by two-thirds (2/3) of the votes cast upon the question. (Ord. C-6611 § 1, 1989)

3.52.5221 Application of California Streets and Highways Code with respect to special taxes—Filings.

A. Upon a determination by the legislative body that the requisite two-thirds (2/3) of votes cast in an election held pursuant to Section 3.52.5217 are in favor of levying the special tax, the City Clerk shall record or cause to be recorded the notice of special tax lien provided for in Section 3114.5 of the California Streets and Highways Code, whereupon the lien of the special tax shall attach as provided in Section 3115.5 of the California Streets and Highways Code. The notice of special tax lien shall be recorded in the office of the County Recorder in each County in which any portion of the district is located.

B. Division 4.5 (commencing with Section 3100) of the California Streets and Highways Code applies with respect to any special tax levied pursuant to this Division. This Division is a "principal act" as that term is defined in Section 3100 of the California Streets and Highways Code. (Ord. C-6611 § 1, 1989)

3.52.5222 Special tax—Levy and apportionment.

Upon approval of a special tax pursuant to Subsection A of Section 3.52.5220, the special tax may be levied only at the rate and may be apportioned only in the manner specified in the resolution of formation, except as provided in Subdivision 3 of this Division V, and except that the legislative body may levy the special tax at a rate lower than that specified in the resolution of formation. In addition, the special tax may be levied only so long as it is needed to pay the principal and interest on debt incurred in order to construct facilities under authority of this Division, or so long as it is needed to pay the costs and incidental expenses of services or of the construction of facilities authorized by this Division.

When the City Council determines that the special tax shall cease to be levied, the City Council shall direct the City Clerk to record a Notice of Cessation of Special Tax which shall state that the obligation to pay the special tax has ceased and that the lien imposed by the Notice of Special Tax Lien is extinguished. The Notice of Cessation of Special Tax shall identify the book and page of the Book of Maps of Assessment and Community Facilities Districts wherein the map of the boundaries of the district is recorded, and wherein the Notice of Special Tax Lien is recorded. (Ord. C-6611 § 1, 1989)

Subdivision 3. Changes in Authorized Facilities, Services and Special Taxes

3.52.531 Types of facilities and services provided.

Except as otherwise provided in this Subdivision, the City Council may, at any time, after conducting a public hearing, eliminate one (1) or more of the types of facilities and services specified in the resolution of formation to establish the existing district but may not finance any types of facilities and services that were not specified in the resolution of formation. (Ord. C-6611 § 1, 1989)

3.52.532 Resolution of consideration—Change in facilities, services and taxes.

The City Council shall not adopt a resolution of consideration to reduce the rate of any special tax or terminate the levy of any special tax if the proceeds of that tax are being utilized to retire any debt incurred pursuant to this Division unless the City Council determines that the reduction or termination of that tax would not interfere with the timely retirement of that debt. Otherwise, the City Council may adopt a resolution of consideration when:

A. If the City Council determines that the public convenience and necessity require any change in the types of authorized facilities or services which should be financed by an established community facilities district, that the rate or method of apportionment of a special tax should be changed, or that a new special tax should be proposed, the City Council may adopt a resolution of consideration to alter the types of facilities or services to be financed by the district, to levy a new special tax or special taxes, or, except as provided in Subsection B of this Section, to alter the rate or method of apportionment of the special tax; or

B. If a petition signed by fifty percent (50%) or more of the registered voters residing in the district, or by the owners of fifty percent (50%) or more of the territory within the district, is filed with the City Clerk requesting that proceedings be commenced to change the types of facilities or services financed by the district or that the rate or method of apportionment of an existing special tax be changed, or that a new special tax be levied, the City Council shall within ninety (90) days thereafter adopt a resolution of consideration in the form specified in Section 3.52.533 to make those changes within the community facilities district. Any petition filed by landowners shall be accompanied by the payment of such fee as the finance director determines is sufficient to compensate the City for all costs incurred in conducting proceedings pursuant to this Subdivision. (Ord. C-6611 § 1, 1989)

3.52.533 Resolution of consideration—Form.

The resolution of consideration shall contain the following:

A. State the name of the existing district and refer to the resolution of formation for further particulars;

B. Generally describe the territory included in the district or make reference to the recorded boundary map thereof;

C. Specify the changes in facilities and/or services which the district is authorized to finance;

D. Specify any new special taxes which would be levied to pay for new or existing facilities and services and any proposed alteration to the rate or method of apportionment of an existing special tax;

E. Fix a time and place for a hearing upon the resolution of consideration which shall not be less than ten (10) or more than sixty (60) days after the adoption of the resolution of consideration. (Ord. C-6611 § 1, 1989)

3.52.534 Notice of hearing.

The City Clerk shall give or cause to be given notice of the hearing in the same manner, containing the same information as applicable, and within the same time as provided for the giving of notice of a hearing on a resolution of intention to establish a community facilities district under Section 3.52.527 hereof. (Ord. C-6611 § 1, 1989)

3.52.535 Protests—Elimination from resolution—Continuation, hearing.

The provisions of Sections 3.52.529 through 3.52.5222 shall apply to the proceedings for changes. (Ord. C-6611 § 1, 1989)

3.52.536 Dissolution of districts.

The legislative body may, by ordinance, dissolve any existing district which it has created upon making all of the following determinations:

A. That the district is not obligated to pay any outstanding debt; and

B. That the district has no authorization to levy any special tax.

Upon dissolving a district, the City Council shall cause an addendum to be recorded to the Notice of Special Tax Lien pursuant to Section 3114.5 of the California Streets and Highways Code which shall state that the community facilities district and all associated liens, if any, have been dissolved. (Ord. C-6611 § 1, 1989)

Subdivision 4. Annexation of Territory

3.52.541 Authorization.

The City Council may annex territory to an existing community facilities district as provided in this Subdivision. The annexed territory need not be contiguous to territory included in the existing community facilities district. (Ord. C-6611 § 1, 1989)

3.52.542 Adoption of resolution of intention.

If the City Council determines that public convenience and necessity require that territory be added to an existing community facilities district, or if one (1) or more of the voters residing within certain territory or landowners request the City Council to include territory within the district, the City Council may adopt a resolution of intention to annex the territory. (Ord. C-6611 § 1, 1989)

3.52.543 Resolution of intention—Contents.

The resolution of intention to annex the territory shall do all of the following:

A. State the name of the existing community facilities district;

B. Generally describe the territory included in the existing district and the territory proposed to be annexed;

C. Specify the types of facilities and/or services provided pursuant to this Division in the existing district and the types of facilities and/or services to be provided in the territory proposed to be annexed; and include a plan for sharing facilities and providing services that will be provided in common with the existing district and the territory proposed to be annexed;

D. Specify any special taxes which would be levied within the territory proposed to be annexed to pay for facilities and/or services provided pursuant to this Division within that territory. A special tax proposed to pay for services to be supplied within the territory proposed to be annexed shall be equal to any special tax levied to pay for the same services in the existing district, except that a higher or lower tax may be levied within the territory proposed to be annexed to the extent that the actual cost of providing the services in that territory is higher or lower than the cost of providing those services in the existing district. A special tax proposed to pay for facilities financed with bonds secured by the existing community facilities district shall be the same as the tax levied in the existing district for that purpose, except that a higher special tax may be levied for that purpose within the territory proposed to be annexed to compensate for the interest and principal previously paid by the existing community facilities district, less any depreciation allocable to the facility as determined by the City Council in its sole discretion;

E. Specify any alteration in the special tax rate levied within the existing community facilities district as a result of the proposed annexation. The maximum tax rate in the existing community facilities district may not be increased as a result of proceedings pursuant to this Subdivision;

F. Fix a time and place for a hearing upon the resolution which shall not be less than ten (10) nor more than sixty (60) days after the adoption by the City Council of the resolution of intention to annex territory pursuant to Section 3.52.542. (Ord.C-6611 § 1, 1989)

3.52.544 Notice of hearing.

The City Clerk shall give notice of the hearing in the same manner and within the same time as provided for the giving of notice of a hearing on a resolution of intention to establish a community facilities district, as required by Section 3.52.527.

The notice shall do all of the following:

A. Contain the text of the resolution adopted pursuant to Section 3.52.543;

B. State the time and place for the hearing;

C. State that at the hearing the testimony of all interested persons for or against the annexation of territory to the community facilities district or the levying of special taxes within the territory proposed to be annexed will be heard. (Ord. C-6611 § 1, 1989)

3.52.545 Protests.

At the hearing, protests against the proposals described in the resolution of intention may be made orally by any interested person. Any protests pertaining to the regularity or sufficiency of the proceedings shall be in writing and shall clearly set forth the irregularities or defects to which objection is made. All written protests shall be filed with the City Clerk prior to the time fixed for the hearing. The City Council may waive any irregularities in the form or content of any written protest and at the hearing may correct minor defects in the proceedings. Written protests may be withdrawn in writing at any time before the conclusion of the hearing. (Ord. C-6611 § 1, 1989)

3.52.546 Abandonment of proposal—Required number of written protests.

If fifty percent (50%) or more of the registered voters, or six (6) registered voters, whichever is more, residing within the existing community facilities district, or if fifty percent (50%) or more of the registered voters or six (6) registered voters, whichever is more, residing within the territory proposed for annexation, or if the owners of one-half (1/2) or more of the area of land in the territory proposed to be annexed, file written protests against the proposed addition of territory to the existing community facilities district, and protests are not withdrawn so as to reduce the protests to less than a majority, no further proceedings shall be undertaken for a period of six (6) months from the date of decision of the City Council on the issues discussed at the hearing. (Ord. C-6611 § 1, 1989)

3.52.547 Continuance and duration of hearing—Abandonment of proceedings—Submission of special tax question to electors.

The hearing may be continued from time to time, but shall be completed within six (6) months. At the conclusion of the hearing, the legislative body may abandon the proceedings or may, after passing upon all protests, submit the question of levying special tax within the area proposed to be annexed to the existing community facilities district to the qualified electors of the area proposed to be annexed, in the manner specified for elections in Subdivision 2 of this Division V. (Ord. C-6611 § 1, 1989)

3.52.548 Addition of territory with full legal effect—Special tax levy.

After the canvass of returns of any election conducted in accordance with Section 3.52.547, the City Council shall determine that the area proposed to be annexed is added to and part of the existing community facilities district with full legal effect, and the City Council may levy any special tax within the annexed territory, as specified in the resolution of intention to annex adopted pursuant to Section 3.52.542, if two-thirds (2/3) of the votes cast on the proposition are in favor of levying the special tax. (Ord. C-6611 § 1, 1989)

3.52.549 Failure to receive approval of two-thirds of voters—Prohibition of further action.

After the canvass of returns of any election conducted in accordance with Section 3.52.547, the City Council shall take no further action on annexing the territory proposed to be annexed to

the community facilities district for a period of six (6) months from the date of the election if less than two-thirds (⅔) of the votes cast on the proposition are in favor of levying the special tax. (Ord. C-6611 § 1, 1989)

Subdivision 5. Procedures for Levying

3.52.551 Ordinance—Tax rate and apportionment—Exemption of governmental properties and entities from special tax—Use of tax proceeds—Tax collection, penalties, etc.

After a community facilities district has been created and authorized to levy specified special taxes pursuant to Subdivisions 2, 3 or 4 of this Division V, the City Council may, by ordinance, levy the special taxes at the rate and apportion them in the manner specified in the resolution of formation or consideration, as applicable, adopted pursuant to Subdivisions 2, 3 or 4 of this Division V. Any such ordinance, after adoption, shall remain in effect until repealed by a later ordinance. The City Council may, by resolution, clarify any aspect of the levy of the special tax as provided by the ordinance.

Properties or entities of the State, federal, or other local governments shall, except as otherwise provided in Sections 3.52.5113 or 3.52.5114, be exempt from the special tax. No other properties or entities are exempt from the special tax unless the properties or entities are expressly exempted in the resolution of formation to establish a district adopted pursuant to Section 3.52.5212 or in a resolution of consideration to levy a new special tax or special taxes or to alter the rate or method of apportionment of an existing special tax as provided in Section 3.52.533.

The proceeds of any special tax may only be used to pay, in whole or part, the cost of providing facilities, services and incidental expenses of the City or the district pursuant to this Division. The special tax shall be collected in the same manner as ordinary ad valorem property taxes are collected and shall be subject to the same penalties and the same procedures, sale, and lien priority in case of delinquency as is provided for ad valorem taxes, unless another procedure has been authorized in the resolution of formation establishing the district and adopted by the City Council. The tax collector may collect the special tax at intervals as specified in the resolution of formation, including intervals different from the intervals at which the ordinary ad valorem property taxes are collected. The Tax Collector may deduct the reasonable administrative costs incurred in collecting the special tax.

All special taxes levied by a community facilities district shall be secured by the lien imposed pursuant to Section 3115.5 of the California Streets and Highways Code. This lien shall be a continuing lien and shall secure each levy of special taxes. The lien of the special tax shall continue in force and effect until the special tax obligation is prepaid, permanently satisfied, and canceled, or until the special tax ceases to be levied by the City Council in the manner provided in Section 3.52.5222. (Ord. C-6611 § 1, 1989)

3.52.552 Designation of office for special tax computation.

The City Council shall designate an office, department, or bureau of the City which shall be responsible for annually preparing the current roll of special tax levy obligations by assessor's parcel number on nonexempt property within the district and which will be responsible for estimating future special tax levies. The designated office, department, or bureau shall establish procedures to promptly respond to inquiries concerning current and future estimated tax liability. Neither the designated office, department, or bureau, nor the City Council, shall be liable if any estimate of future tax liability is inaccurate. (Ord. C-6611 § 1, 1989)

3.52.553 Actions or proceedings to attach, review, set aside, void, or annual levy of special tax or increase in special tax—Time for commencement—Time for perfection of appeal from final judgment.

Any action or proceeding to attack, review, set aside, void or annul the levy of a special tax or an

increase in a special tax pursuant to this Division, bonded indebtedness authorized, or to be incurred pursuant to this Division, shall be commenced within thirty (30) days after the special tax or the bonded indebtedness, as applicable, is approved by the voters. Any appeal from a final judgment in that action or proceeding shall be perfected within thirty (30) days after the entry of judgment. (Ord. C-6611 § 1, 1989)

3.52.554 Disclosure of the special tax.

A. 3. The lines and dimensions of each parcel of land within the Assessment District. Each parcel, including any condominium interest, as defined in Section 783 of the Civil Code of the State of California, shall be given a separate number upon the diagram. The sums so transferred are a loan to the special fund and may, or at the discretion of the City Council shall, be repaid out of the proceeds of the assessments provided for in this Subdivision. After the City Council passes on the report pursuant to Sections 3.52.585 and 3.52.586, any interested person may object to the proposed Improvements, the extent of the Assessment District or to the proposed assessments, by filing a written protest with the City Clerk on or before the time set for the hearing. The protest shall contain a description of the property in which each signer thereof is interested sufficient to identify the property, and, if the signers are not shown on the last equalized assessment roll as the Owners of the property, the protest shall contain or be accompanied by written evidence that the signers are the Owners of the property. In addition the written protest shall contain, if applicable, a statement that such Owner requests the removal of its property from the proposed Assessment District. The City Clerk shall endorse on each protest the date of its receipt and, at the time appointed for the hearing, the City Clerk shall present to the City Council all protests filed with him or her. Only the protests filed with the City Clerk in accordance

with this Section shall be considered by the City Council. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

Any written protest not made at the time and in the manner provided in Section 3.52.595 shall be deemed to be waived voluntarily by any person who might have made such protest and such person shall be deemed to have consented to the proposed Improvements, the extent of the Assessment District, the proposed assessment and any other act, determination or proceeding on which protest could be made. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.597 Correction of error or informality.

The City Council may remedy, revise and correct any error or informality in any act, determination or proceeding of the City Council or any officer of the City. The City Council may confirm, amend, alter, modify or correct the assessment and diagram in such manner as the City Council shall deem just and may instruct and direct the officer or person making the same to correct them in any particular. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.598 Majority protest—Withdrawal of protests.

If the City Council finds that any protest against the proposed Improvements, the proposed Assessment District or the proposed assessment is made by the Owners of more than one-half (1/2) of the parcels of land within the proposed Assessment District (excluding those Owners of parcels of land who have been previously removed from the proposed Assessment District at such Owner's request), and protests are not withdrawn so as to reduce the protests to less than a majority (excluding those Owners of parcels of land who have been previously removed from the proposed Assessment District at such Owner's request), no further proceedings shall be taken for a period of one (1) year from the date of the decision of the City Council on the hearing, unless the protests are overruled by an affirmative vote of four-fifths (4/5) of the members of the City Council pursuant to its powers under Article 16, Section 19 of the California Constitution. Any person making a protest may withdraw the protest, in writing, at any time prior to the conclusion of the protest hearing. The City Council may confirm, modify or correct the proposed assessment. 3.52.599 Majority protest—Determination of ownership of signers—Evidence considered.

If it shall be necessary, in order to find whether a majority protest exists, to determine whether any or all of the signers of written protests are the Owners of property to be assessed, the City Council shall make such determination from the last equalized assessment roll, any written evidence submitted with a written protest and any other evidence received at the hearing. The City Council shall be under no duty to obtain or consider any other evidence as to ownership of property and its determination of ownership shall be final and conclusive. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.600 Public hearing; confirmation of assessment.

A. The City Council shall conduct a public hearing upon the proposed assessment not less than forty-five (45) days after mailing the notice of the proposed assessment to record owners of each identified parcel. At the public hearing, the City Council shall consider all protests against the proposed assessment and tabulate the ballots. The City Council shall not impose an assessment if there is a majority protest. A majority protest exists if, upon the conclusion of the hearing, ballots submitted in opposition to the assessment exceed the ballots submitted in favor of the assessment. In tabulating the ballots, the ballots shall be weighted according to the proportional financial obligation of the affected property. The provisions of this Section 3.52.600 shall prevail over any conflicting provisions of this Division VI.

B. When, upon the hearing, the proposed assessments provided for in Subsection 3.52.582.E and the maximum annual assessment provided for in Subsection 3.52.582.F are confirmed as filed, as modified, or as corrected, the City Council, by resolution, shall authorize the proposed Improvements to be constructed, acquired or installed in accordance with the provisions of this Subdivision, and declare its action upon the report, the establishment of the Assessment District and the assessments. The resolution shall be final as to all persons, and the assessments shall thereby be levied upon the respective parcels of land in the Assessment District.

C. If an annual assessment to pay for administrative costs is provided for pursuant to Subsection 3.52.600.B, the City Council shall determine, by resolution, the amount of the annual assessment for this purpose, which shall not exceed the maximum assessment provided for in Subsection 3.52.600.B and shall not exceed a reasonable estimate of costs actually incurred or likely to be incurred. This determination may be included in the resolution adopted pursuant to Subsection 3.52.600.B. The City Council may subsequently determine by resolution that the annual assessment shall be a different amount, but in no event shall the annual assessment exceed the maximum annual assessment provided for in Subsection 3.52.600.B. Resolutions adopted pursuant to this Subdivision shall be final as to all persons, and the annual assessment in the amount determined shall thereby be levied annually until changed by resolution adopted pursuant to this Section. These assessments may be collected in the same manner and in the same installments as the assessments levied pursuant to Subsection 3.52.600.B, and may be combined with those assessments for collection in any manner which is convenient and economical. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.601 Authority for City Council to make changes in Assessment District, assessments or proceedings.

A. Unless the power to proceed shall have ceased at the conclusion of the hearing on the proposed Improvements, the proposed Assessment District and the proposed assessments because of a majority protest, at any time before completion of such proceedings, the City Council may make changes in, to or from the boundaries of or the parcels included in the proposed Assessment District, the Improvements authorized to be constructed, acquired or installed, the assessments (including the amounts of any of the individual assessments therein), or in the proceedings, or any act, determination or provision made, or permitted to be made, by the City Council under and pursuant to this Subdivision, which act, determination or provision does not affect the jurisdiction of the City Council to order the Improvements or the assessment. The City Council shall not change the Assessment District to include any territory which will not, in its judgment, be potentially benefited by the Improvements.

B. At any time after the passage of the resolution provided for in Subsection 3.52.600.B, the City Council may make changes in or modify the Improvements with respect to a particular parcel of land within the Assessment District with the written consent of the Owner thereof, and the City Council may reduce the assessment with respect to a particular parcel of land within the Assessment District without the need for any such written consent. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.602 Changes to be made on notice and hearing—Exceptions.

All changes shall be made on notice and hearing as herein provided, except changes may be made:

1. Eliminate a portion of the Assessment District without increasing the amount of any assessment by reason thereof or substantially affecting the distribution of benefits from the Improvements; or

2. Exclude territory which will not be benefited by the remaining Improvements without increasing the amount of any assessment by reason thereof; or

3. Modify the Improvements or the assessment with respect to a particular parcel of land within the Assessment District with the written consent of the Owner thereof;

Before ordering any changes made, other than as provided in Section 3.52.602 hereof, the City Council shall adopt a resolution briefly describing the changes proposed to be made, stating the amount of the estimated increase or decrease in the cost of the Improvements by reason of the proposed changes, if applicable, and giving notice of a time and place when and where any interested person having any objection to the changes proposed to be made may appear before the City Council and show cause why the changes should not be ordered. The resolution shall also contain the name and telephone number of a local department or agency designated by the City Council to answer inquiries regarding the hearing proceedings. The resolution may describe the changes by referring to maps, plats, plans, profiles, detailed drawings or specifications on file in the office of the City Clerk or Assessment Engineer, which shall indicate the changes proposed to be made and which shall govern for all details thereof. The resolution shall be published pursuant to Section 6061 of the Government Code at least ten (10) days prior to the date of the hearing. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.604 Proposals to include additional territory or to increase assessment—To whom copy to be mailed.

If the resolution adopted pursuant to Section 3.52.603 proposes to include additional territory in the Assessment District, or to increase any assessment without written consent of the affected Owner, at least twenty (20) days prior to the hearing fixed therein, the City Clerk or the Assessment Engineer shall mail a copy of said resolution to all persons owning real property within said additional territory, or whose assessment is increased, whose names and addresses appear on the last equalized assessment roll or as known to the City Clerk or the Assessment Engineer. The City Council shall hear and pass upon such objections at the time appointed, or at any time to which the hearing thereof may be adjourned, and its decision thereof shall be final and conclusive. If no written objections to said changes have been delivered to the City Clerk up to the hour set for hearing thereon or if said objections have been heard and found by the City Council to be insufficient or have been overruled or denied, immediately thereupon the City Council by an affirmative vote of four-fifths (4/5) of its members shall acquire jurisdiction to order said changes made. The decision and determinations of the City Council ordering such changes after notice and hearing shall be final and conclusive upon all persons entitled to appeal thereupon to

the City Council. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.606 Proceedings when supplemental assessment deemed necessary—Credit.

If, as a result of any proposed changes or other events, the City Council shall determine that a supplemental assessment shall be necessary, the proceedings provided for by this Subdivision may either be combined with or conducted separately from the proceedings for such supplemental assessment. If said proposed changes shall eliminate or substantially reduce the estimated benefits to be received from the Improvements by any parcel of land within the Assessment District, the City Council shall not order any such changes without ordering a corresponding credit upon the individual assessment theretofore imposed upon such parcel. Said credit shall be made in the manner provided in Section 3.52.626. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.607 Limitations.

The annual proportion of each assessment, together with the annual interest on the assessment, shall be payable in the same manner and at the same time and in the same installments as the general ad valorem taxes on real property are payable, and the assessment installments and the annual interest on the assessment shall be payable and become delinquent at the same times and in the same proportionate amounts and, except as provided in Subsection 3.52.613.B, shall bear the same proportionate penalties and interest after delinquency as do the general ad valorem taxes on real property.

B. The City Council may provide, in the Resolution of Intention, that a penalty of two percent (2%) per month of the total amount of the delinquent installment shall be added to the delinquent installment on the July 1 following the delinquency date and an additional penalty of two percent (2%) of the amount of the delinquency shall be added at the beginning of business on the first day of each succeeding month until that delinquent installment and all penalties thereon are fully paid. This penalty shall be in lieu of all other monthly penalties assessed by other provisions of law, but shall not prevent the City from imposing a delinquency penalty of ten percent (10%). The Treasurer or the designated paying agent shall collect the penalties with, and as a part of, the delinquent installments, or the City Council may designate another official and another method of collection. All penalties collected shall be used as provided in the resolution authorizing the issuance of the Bonds to which the assessments pertain.

C. Notwithstanding the foregoing, the resolution authorizing the issuance of the Bonds, or the City Council by separate resolution, may provide for another method or other methods for the payment of unpaid assessments, including but not limited to direct billing by the City of the assessments, payment of past due assessments in installments to resolve delinquencies, and reductions of assessments as described in Subsections 3.52.636.D, 3.52.640.B and/or Section 3.52.643. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.614 Interest on unpaid assessments—Computation.

Interest on all unpaid assessments shall begin to run from the date of the Bonds and shall be

computed at the rate specified in the Bonds secured by such assessments. Such interest shall for each year be computed and collected up to the next second day of September succeeding, no deduction being made by reason of any installment of such assessment being due or paid prior thereto in such year. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.615 Auditor's record of unpaid assessment—Collection costs.

A copy of the order of the Assessment Engineer determining the assessments remaining unpaid in accordance with Subdivision 3 and upon the security of which Bonds are issued shall be filed in the office of the Auditor. The Auditor shall keep a record in his or her office showing the several installments of the principal and interest on said assessments which are to be collected in each year. The Auditor shall annually enter in his or her assessment roll on which taxes will next become due, opposite each parcel of land affected in a space marked "private improvement for public benefit assessment", or by other suitable designation, the several installments of such assessment coming due during the fiscal year covered by such assessment roll, including in each case the interest due on such total unpaid assessments. The Auditor shall also add a maximum of five percent (5%) of the amount of the installments and of the interest so entered, not to exceed the Treasurer's estimate of the expenses of collection and in any case not to exceed eight dollars ($8.00) per parcel per installment, except with the Owner's written consent. The expenses of collection shall include necessary administrative expenses of the City incurred in providing the Auditor with current information regarding the ownership or division of the affected parcels of land to ensure the proper entry by the Auditor in his or her assessment roll of the several installments of the assessment coming due during the fiscal year covered by the assessment roll and the timely collection of the installments. The percentages, and the amount represented by the installments, when collected shall belong to the City and shall cover the expenses and compensation of the Treasurer incurred in the collection of the assessments, and of the interest and penalties added on to the assessments. No other percentage or amount shall be claimed by the City Council for the collections. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.616 Registration expenses—Pro rata share entered in assessment roll annually—Inclusion of estimated expenses in assessment and amount of Bonds.

In addition to the amounts set forth in Section 3.52.615, the Auditor shall further annually enter in the assessment roll on which taxes will next become due, opposite each parcel or land affected, in the manner set forth in Section 3.52.615, each parcel's pro rata share based on the amount of the assessment as a percentage of the total dollar value of all assessments then payable of the annual expenses of the City in connection with the registration of the Bonds under the system of registration authorized by Chapter 1.5 (commencing with Section 5050) of Division 6 of Title 1 of the Government Code, as determined by the City Treasurer. The expenses shall include the amount or estimated amount necessary to pay the fees and charges coming due during the fiscal year covered by the assessment roll of corporate or other authenticating agents, transfer agents, registrars, paying agents or other agents of the City. If the City performs any transfer, registration, authentication, payment or other function described in this Section, the expenses shall include a pro rata amount of the salaries of the City employees involved in the performance of the functions and all other costs incurred by the City in connection with the functions. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.617 County collection for City—Report—Expenses.

The City Treasurer may request the County Auditor to, within ninety (90) days after each installment becomes delinquent, render to the City a detailed report showing the amounts of the

installments, interest, penalties and percentages so collected on each proceeding and from what property collected, identifying any properties which are delinquent and the amount and length of time in arrears, and also giving a statement of the percentages retained for the expenses of making such collections. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.618 Payment under protest.

Taxpayers shall have the same right to pay assessments together with interest and any penalties thereon under protest as they have to pay general City taxes under protest, but their written protest must accompany each such payment. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.619 Land not separately assessed on tax roll.

If any parcel of land affected by any assessment is not separately assessed on the tax roll so that the installment of the assessment to be collected can be conveniently entered thereon, then the Auditor shall enter on the roll a description of the lot or parcel affected with the name of the Owners if known, but otherwise the Owners may be described as "unknown Owners", and extend the proper installment opposite the same. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.620 Advance collection to meet interest payments.

If it appears to the City Council that, according to the dates when taxes are collected in the City, there will be an insufficient amount on hand to pay the interest when due according to the method of collection provided by this Subdivision, the City Council may direct that such interest or some portion of it be collected in the year preceding that in which the same would otherwise be collected, and thereupon such interest or portion thereof shall be extended on the rolls for such preceding year and be due and collected therein. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.621 Amounts to be paid by Owner.

A. The Owner of assessed land, except land which has been ordered to judicial foreclosure pursuant to Section 3.52.636 (unless otherwise permitted under Section 3.52.636 or Section 3.52.638), may prepay the assessment and remove the lien of the assessment by paying to the Treasurer all of the following:

1. The amount of any delinquent installments of principal and interest, together with penalties accrued to the date of prepayment;

2. The unpaid, nondelinquent principal of the assessment, including principal posted to the tax roll for the current fiscal year but not yet paid;

3. An allowance for redemption premium, calculated by multiplying the amount of the unmatured principal by the redemption premium percentage stated in the Bonds (unmatured principal excludes principal due during the fiscal year of prepayment);

4. A reasonable fee, fixed by the Treasurer, for the cost of administering the prepayment and the advance redemption of Bonds;

5. Interest accrued to the next call date of the Bonds (the next call date shall be the next Bond interest payment date which is not less than ninety (90) days after the date of prepayment), with credit given, or a refund provided, for installments of interest posted to the current tax roll and actually paid; and

6. If applicable, a credit for a portion of the amount, if any, in the reserve fund calculated pursuant to Section 3.52.717.

B. The Owner of assessed land, except land which has been ordered to judicial foreclosure pursuant to Section 3.52.636, may prepay the assessment in part and remove the lien of the assessment in part by paying to the Treasurer all of the following:

1. The amount of any delinquent installment of principal and interest, together with penalties accrued to the date of prepayment;

2. A portion of the unpaid, nondelinquent principal of the assessment in increments of five thousand dollars ($5,000.00);

3. An allowance for redemption premium, calculated by multiplying the amount of the unmatured principal being prepaid by the redemption premium percentage stated in the Bonds;

4. A reasonable fee, fixed by the Treasurer for the cost of administering the prepayment and the advance redemption of Bonds; and

5. Interest accrued to the next call date of the Bonds (the next call date is the next Bond interest payment date which is not less than ninety (90) days after the date of prepayment). (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.622 Assessment prepayment subaccount of Bond redemption fund—Deposits—Disbursements.

Upon receiving a partial or full prepayment of an assessment, the Treasurer shall deposit it in an assessment prepayment subaccount of the Bond redemption fund. All prepayments may be commingled in a single account. From the account the Treasurer shall make disbursements as follows:

A. The administrative fee shall be deposited in the General Fund of the City.

B. Delinquent assessment installments shall be transferred to the redemption fund for the Bonds. If a special reserve fund has been established and is then being maintained under the resolution authorizing the issuance of the Bonds and has been depleted on account of the delinquencies, the delinquent amounts shall be transferred instead to the special reserve fund.

C. The installment of principal due in the fiscal year of prepayment shall be transferred to the redemption fund for the Bonds.

D. Interest accrued to the next call date shall be transferred to the redemption fund for the Bonds.

E. Penalties, and interest above the interest rate on the Bonds shall be promptly disbursed: (i) if a special reserve fund is then maintained under the resolution authorizing the issuance of the Bonds, as provided in Subsection 3.52.622.B above in the same manner as for delinquent assessment installments; or (ii) if no such reserve fund is maintained, to the registered Owner of the Bonds.

F. The balance in the assessment prepayment account shall be used to advance the maturity of Bonds to the next call date as provided in Subdivision 3. The amount of Bonds to be retired shall be the maximum for which principal and redemption premium, if applicable, may be paid in full from the prepayment account. Accrued interest on Bonds to be retired shall be paid from the redemption fund. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.623 Tender of Bond in payment of assessment; tenders at foreclosure sales.

A. Any interested Owner, any Owner of Bonds or the City, shall have the right to tender to the Treasurer in payment or part payment of any assessment installment or interest or penalties thereon which may be due or payable, any Bond which was sold and delivered upon the assessments, the said Bond to be taken at par and credit to be given for the accrued interest shown thereby computed to date of such tender. The Treasurer shall thereupon cancel such Bond and shall cause proper credit therefor to be entered on the records of such assessment in the office of the Auditor and Tax Collector.

B. If the highest bid for a lot or parcel sold pursuant to a judgment of foreclosure and order of sale exceeds five thousand dollars ($5,000.00) and the highest bidder elects to treat the sale as a credit transaction pursuant to Code of Civil Procedure Section 701.590(c), the balance due as provided in that Section may be paid in full or in part by tender of Bonds; provided, however, that the highest bidder must tender cash, certified checks or cashier's checks (and not Bonds) with its bid for costs of foreclosure (including attorney fees) and administrative charges incurred by the City with respect to removing the assessments from the rolls of the City or the County Treasurer Tax-Collector, any other administrative charges, and any amounts described in Subsections 3.52.638.B.3 and 4 or Subsections 3.52.638.C.1, 2, 3 and 4.

Tender of Bonds shall be made to the Treasurer within seven (7) days of the date of the sale.

Tender of cash or certified check or cashier's check for the balance of the sale price also shall be made to the levying officer within seven (7) days of the date of the sale. The Treasurer shall be charged with authenticating such tender and shall, within ten (10) days of the date of the sale, submit a written receipt to the levying officer who conducted the sale for the amount of the Bond tender accepted. The levying officer shall total the cash, certified checks and cashier's checks and any Treasurer's written receipt(s) for tendered Bonds to determine if the amount of the bid, plus accruing costs and interests, has been paid. If for any reason Bonds and/or the balance of the sale price are not tendered within seven (7) days of the date of sale (as required by the first two (2) sentences of this paragraph), the bidder shall forfeit any amounts accompanying its bid (as described in the last sentence of the preceding paragraph), with the amounts so forfeited to be used to pay administrative costs and expenses of the foreclosure sale, foreclosure attorney fees and any other administrative expenses, with the balance to be remitted to the City for deposit in the City General Fund.

C. The Treasurer is hereby authorized to establish procedures for the administration of this Section 3.52.623, which may contain limitations on, among other matters, the dates on which tenders may be made and the manner in which credit for Bonds tendered will be applied. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.624 Insufficiency of assessment—Payment of deficit from General Fund or supplemental assessment.

If the first assessment or the sale of Bonds to represent assessments levied pursuant to this Subdivision fails to raise sufficient money to pay all costs, damages and expenses of the Improvements, including any judgments rendered in the action and proceedings mentioned in this Subdivision and the costs and expenses thereof, the City Council may pay the deficit out of the General Fund, or may order a supplemental assessment to pay the deficit. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.625 Supplemental assessment.

The supplemental assessment shall be made and collected in the same manner, as nearly as possible, as the initial assessment. Subsequent supplemental assessments may be made, if necessary, to pay for the Improvements. At the hearing the City Council may confirm, modify or correct the supplemental assessment. The decision of the City Council thereon is final. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.626 Credit to assessment and supplemental assessment.

If there is no supplemental assessment, the entire amount of any surplus in any account of the Improvement Fund shall be applied as a credit to the assessment payable by the Owner or Owners of the parcel or parcels for which the Improvement was constructed and/or acquired or, as an alternative, may be used to call outstanding Bonds, to repay any advances or loans by the City to the Assessment District or in respect of any Bonds (including, but not limited to, under Sections 3.52.584 or 3.52.635), or pay any costs of the City incurred in the administration of the Assessment District that have not theretofore been reimbursed to the City, as the City Council or the City Treasurer may determine. If any supplemental assessment has been levied, any portion of the surplus shall be applied as a credit to the assessment or supplemental assessment, or both, or, as an alternative, may be used to call outstanding Bonds, to repay any advances or loans by the City to the Assessment District or in respect of any Bonds (including, but not limited to, under Sections 3.52.584 or 3.52.635), or pay any costs of the City incurred in the administration of the Assessment District that have not theretofore been reimbursed to the City, as the City Council or the City Treasurer may determine. The amount, if any, apportioned to each such parcel shall be credited against the next installment or installments unpaid upon it.

Any Bonds called pursuant to this Section shall be selected in accordance with Section 3.52.700.

There shall be transferred to the General Fund of the City any portion of the surplus which has not been paid to or claimed by the persons entitled thereto within two (2) years after the due date of the last installment of principal of the Bonds.

If any work to be performed as part of the Improvements is deleted or abandoned, the surplus in the account of the Improvement Fund with respect to such Improvement resulting from the deletion or abandonment, as applicable, of such work may be returned to the Owner or Owners of that parcel or parcels, in the manner provided above as a credit against such Owners' assessment. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.627 Powers of City Council.

The City Council shall possess all powers necessary for, incidental to, or convenient for, the collection, enforcement, administration or distribution of the assessment in accordance with its Charter and California law. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.628 Sale—No right of redemption.

Upon default in the payment of any installment of principal or interest on any assessment or reassessment, the lands securing such installments and assessments shall be sold, except as otherwise permitted under this Division, in the same manner in which real property in the City is sold for the nonpayment of general ad valorem taxes, but there shall be no specific right of redemption even though there may be such a right in connection with real property in the City that is sold for the nonpayment of ad valorem taxes. Any right of redemption shall only be as expressly provided in the assessment proceedings or as required by law. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.629 Effect of certificate of sale or deed.

If any parcel of land is sold for the nonpayment of taxes and of any installment of any assessment thereon, or of the penalties, interest or costs on the same, or for the nonpayment of any installment of the assessment or of the penalties, interest or costs on the same, any certificate of such sale and deed issued pursuant thereto is primary evidence of the regularity of all proceedings had prior thereto, and shall be conclusive evidence of all things of which Bonds issued upon the security thereof are conclusive evidence, and prima facie evidence of the regularity of all proceedings subsequent to the issuance of the Bonds, and such deed conveys to the grantee the absolute title to the lands described therein, free of all encumbrances, except the lien for other State, County and City taxes and unpaid installments, interest and penalties under the same proceeding and except all public improvement assessments which may have priority thereover. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.630 Purchase by the City.

A. The City may be the purchaser: (1) at any delinquency sale in the same manner in which it becomes or may become the purchaser of property sold for nonpayment of general ad valorem taxes, or (2) at a foreclosure sale as otherwise permitted under Section 3.52.638. If the City becomes the purchaser it may credit bid the amount of the delinquent assessment and of the delinquent interest for which the property is sold, without any requirement for then payment of the delinquent amount or any requirement for payment or transfer into the redemption fund.

B. If the City takes title to a lot or parcel in its own name or on behalf of the Owners of the Assessment District Bonds, the City:

1. Shall not be required to pay any assessment installments while it is the Owner although the installments shall continue to be levied.

2. Shall not be liable for injury or damages arising out of or related to its ownership or operation of the property, whether the injury or damage arises out of an act or omission of the City or any other person unless the injury or damages arise out of the sole active negligence of the City. Under no circumstances shall the City be liable for exemplary, punitive, or emotional distress damages.

3. Shall not be liable for any costs associated with environmental hazards or cleanup.

C. Bondholders on whose behalf the City holds title to a lot or parcel pursuant to Section 3.52.638 shall not be parties to any lawsuit, claim, or action related to the property and shall not be liable for any injury or damages arising out of or related to the property. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.631 Assignment of City's rights.

Nothing in this Chapter shall be deemed to prohibit the City from assigning rights granted to it under this Chapter to a third party. (Ord. C-7480 § 1, 1997)

3.52.632 [Intentionally omitted]. (Ord. C-7480 § 1, 1997)

3.52.633 [Intentionally omitted]. (Ord. C-7480 § 1, 1997)

3.52.634 Purchase subject to unpaid assessments.

Except as otherwise may be reduced under the provisions of Subsections 3.52.636.D, 3.52.640.B and/or Section 3.52.643, the purchaser (other than the City), at the Tax Collector's sale, or at a resale by the City if the City has become the purchaser, or at a foreclosure sale by order of the court, shall take the property subject to all unpaid installments of principal or interest on any assessment or reassessment, interest and penalties, costs, fees and other charges under the same proceeding which are not satisfied by application of the sales proceeds, and subject to all public improvement assessments which may have priority thereover. (Ord. C-7480 § 1 1997: Ord. C-6723 § 1 (part), 1990)

3.52.635 City payment of taxes—Temporary transfer to redemption fund.

The City shall have the right to advance and pay any other taxes wherever necessary to protect its interest in property against which there is a delinquent assessment. It may also at its discretion temporarily transfer moneys into the redemption fund from other funds in which such moneys are not immediately needed. If the City has determined to obligate itself to use available funds to cure any deficiency in the redemption fund pursuant to Subsection 3.52.659.C, it shall temporarily transfer available funds to the redemption fund upon determining that a deficiency exists. The moneys so transferred to be used to pay sums due from the redemption fund and to be retransferred therefrom out of the first available receipts. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.636 Cumulative remedy—Time for ordering commencement of action—Covenant to commence and prosecute action; reduction of assessments.

A. As a cumulative remedy, if any assessment or reassessment or installment thereof, or of any interest thereon, together with any penalties, costs, fees and other charges accruing under applicable taxation provisions are not paid when due, the City Council may order that the same be collected by an action brought in the superior court to foreclose the lien thereof as provided by this Chapter.

B. The City Council may, by resolution adopted prior to issuance of Bonds under Subdivision 3, covenant for the benefit of Bondholders to commence and diligently prosecute to completion any foreclosure action regarding delinquent installments of any assessments or reassessments which secure the Bonds that are to be issued. The resolution may specify a deadline for commencement of the foreclosure action and such other terms and conditions as the City Council may determine to be reasonable regarding the foreclosure action.

C. Except as may be reduced under the provisions of Subsection 3.52.636.D below, Subsection 3.52.640.B and/or Section 3.52.643, all installments, interest, penalties, costs, fees and other charges that are delinquent at the time of the ordering of a foreclosure action shall be collected in the action. In the event that a lot or parcel of property has not been sold pursuant to judgment in the foreclosure action at the time that subse-

quent installments and interest became delinquent, the court may include the subsequent installments, interest, penalties, costs, fees and other charges in the judgment or modified judgment.

D. Notwithstanding the previous provisions of this Section 3.52.636, the Treasurer may, before or after judgment or sale, waive delinquency penalties and redemption penalties if: (i) the waivers apply only to delinquent parcels, and (ii) the waivers are available only with respect to parcels for which all past due and currently due assessments and all other costs due are paid in full within a limited period of time specified by the Treasurer. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.637 Costs of action—Attorney's fee.

Costs in the action shall be fixed and allowed by the court and shall include a reasonable Attorney's fee, interest, penalties and other charges or advances authorized by this Subdivision, and when so fixed and allowed by the court the costs shall be included in the judgment. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.638 Judicial sale—Amount of payment—City bidding—City as purchaser—Attorney fees and costs—Applicable law.

A. The court shall have the power to adjudge and decree a lien against the parcel of land covered by the assessment or reassessment for the amount of the judgment and to order the premises to be sold on execution as in other cases of the sale of real property by the process of the court except:

1. The minimum bid amount provided in Section 3.52.636 shall apply instead of subdivision (a) of Section 701.620 of the Code of Civil Procedure.

2. The City may bid at the price provided in Section 3.52.636 by giving the levying officer a written receipt crediting all or part of the amount required to satisfy the judgment. If the City becomes the purchaser pursuant to bid, the provisions of Section 3.52.630 shall apply. The provisions of Section 3.52.634 shall apply to any subsequent sale by the City of the parcel.

3. Notwithstanding subdivision (c) of Section 701.620 of the Code of Civil Procedure, if the minimum price required to be paid for a lot or parcel pursuant to Section 3.52.636 is not obtained at a foreclosure sale, upon written request of the Treasurer, the levying officer shall retain the writ of sale and, provided that the writ of sale has not been returned to the court pursuant to paragraph (1) of subdivision (a) of Section 699.560 of the Code of Civil Procedure, may publish notice of sale pursuant to Section 701.540 of the Code of Civil Procedure without relevying on the property.

4. Notwithstanding subdivision (c) of Section 701.620 of the Code of Civil Procedure, if the minimum price required to be paid for a lot or parcel pursuant to Section 3.52.636 is not obtained at a foreclosure sale, the Treasurer may, in his sole discretion, make a written request to the levying officer conducting the sale to execute and deliver a deed of sale to the City or a nominee designated by the City, who shall take title to the lot or parcel on behalf of the Owners of the Bonds on whose behalf the suit was filed. Upon receiving the request and provided that the writ of sale had not been returned to the court pursuant to paragraph (1) of subdivision (a) of Section 699.560 of the Code of Civil Procedure, the levying officer shall execute and deliver the deed which shall satisfy the judgment and levy as to the lot or parcel so deeded. Receipt of a deed pursuant to this Subsection shall not be deemed a credit bid purchase pursuant to Subsection 3.52.638.C below.

B. Unless one (1) or more of the following amounts are otherwise reduced under the provisions of Subsections 3.52.636.D, 3.52.640.B and/or Section 3.52.643, the lot or parcel may not be sold unless the amount to be paid pursuant to the bid (including by tender of Bonds as described in Subsection 3.52.623.B) equals or exceeds the sum of all of the following amounts:

1. The amount of the judgment with costs and interest thereon.

2. Costs and interest on the judgment accruing after issuance of the writ pursuant to which the sale is conducted.

3. The levying officer's costs.

4. Any other amounts which are required by law to be bid in order that the lot or parcel may be sold.

C. The City may bid at the price provided for in Subsection 3.52.638.B by giving the levying officer a written receipt crediting all or part of the amount required to satisfy the judgment (or by means of tendering Bonds as described in Subsection 3.52.623.B), except that the City shall pay all of the following amounts in cash or by certified cashier's check:

1. The levying officer's costs remaining unsatisfied.

2. The amount of any preferred labor claims.

3. Exempt proceeds.

4. Any other claim that is required by law to be satisfied.

D. If the City becomes the purchaser pursuant to bid as provided for in Subsection 3.52.638.C and the City subsequently sells the property, the City shall distribute the proceeds of the sale in the following order of priority: (1) to pay costs and administrative expenses of the foreclosure sale (including attorney fees), (2) to reimburse the City for any amounts advanced by the City or costs incurred by the City in connection with the foreclosure sale, (3) to the redemption fund, to the extent of any delinquent assessments, and (4) the remainder to be paid to the Owners of the Bonds to which the assessments pertain. From the amount that the City is required to pay into the redemption fund, the City shall reimburse the special reserve fund, if any is then maintained under the resolution authorizing the issuance of Bonds pertaining to the related assessments, the amount, if any, of funds advanced from the special reserve fund to the redemption fund to cover delinquent installments of the assessment or reassessment and interest with respect to the lot or parcel of property which is sold. To the extent that the City has advanced funds other than, or in addition to, funds from a special reserve fund and the funds are included in the sale proceeds, the obligation of the City to remit amounts to the Bond Owners is reduced by a corresponding amount and said amount shall be transferred to the General Fund of the City.

E. Notwithstanding Subsection 3.52.638.D, the City is not required to pay into the redemption fund any amount that exceeds in the aggregate the sum of all of the following:

1. The amount required to bring current delinquent installments of the assessment or reassessment and interest with respect to which the lot or parcel of property is sold.

2. Simple interest on all the amounts from the dates of delinquencies until the date of sale, at the rate or rates of the Bonds.

F. If the lot or parcel of property is sold at the execution sale to a purchaser other than the City, the City shall pay the sale proceeds that it receives, up to the amount described in Subsection 3.52.638.E above, into the redemption fund. From the amount that the City is required to pay into the redemption fund, the City shall reimburse the special reserve fund, if any is then maintained under the resolution authorizing the issuance of Bonds pertaining to the related assessments, the amount, if any, of funds advanced from the special reserve fund to the redemption fund to cover delinquent installments of the assessment or reassessment and interest with respect to the lot or parcel of property which is sold. If the special reserve fund, if any, is thereby reimbursed, the City may reimburse other funds advanced by the City to cover delinquent installments and interest. If not needed for such reimbursement, the City shall remit to the Owners of the Bonds any remaining interest and penalties to the extent that they are included in the sale proceeds received.

G. Notwithstanding Subsection 3.52.638.D, Attorney fees and costs awarded by the judgment and postjudgment interest are not required to be paid into the redemption fund or to be remitted to Bond Owners.

H. The foreclosure action shall be governed and regulated by this Subdivision and where not in conflict with this Subdivision, by the applicable laws of the State. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.639 Credit upon assessment roll—Release of Tax Collector—Costs—Future assessments.

When any foreclosure actions are ordered, or when subsequent installments and interest that are also to be made the subject of a foreclosure action thereafter become delinquent, the Tax Collector shall be credited upon the assessment roll then in his or her hands with the amount charged against him or her on account of the assessments or reassessments to be sued on and he or she shall be relieved of further duty in regard thereto. The Tax Collector, in addition to the costs recovered in foreclosure, may charge the actual costs incurred in removing these sums from the tax roll.

Thereafter, the assessment or reassessment or installment thereof or interest thereon, and the penalties, costs, fees and other charges accrued under applicable taxable provisions, that are ordered or are otherwise to be collected in a foreclosure action, shall no longer be collectible by the Tax Collector, but shall be collectible in the manner and to the extent provided by this Subdivision. Installments, interest, penalties, costs, fees and other charges that do not become the subject of a foreclosure action shall remain collectible by the Tax Collector as otherwise provided by applicable law, subject to reduction pursuant to Subsection 3.52.640.B and Section 3.52.643 hereof. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.640 Dismissal of foreclosure action—Required payments; assessment amnesty program.

A. At any time after the Tax Collector has been relieved of further duty with regard to amounts charged against him or her on account of the assessments or reassessments described by Section 3.52.639 and prior to a judgment of foreclosure, the City shall dismiss the foreclosure action upon payment of the sum of all of the following amounts:

1. The amount of any delinquent installments of principal or interest of the assessment or reassessment, together with interest and penalties, costs, fees and other charges accrued thereon to the same extent that they accrue against real property for nonpayment of general property taxes (and are not otherwise reduced under the provisions of Subsections 3.52.636.D, 3.52.640.B and/or Section 3.52.643), to the date of payment.

2. Costs of suit, including, but not limited to, service and recording fees and the costs of abstract or report of search of, or litigation guaranty with respect to, all claims of interest in the land.

3. Attorney fees authorized by the City.

4. The Tax Collector's costs authorized by Section 3.52.638.

B. The City may, subject to the provisions set forth below, declare a "delinquent assessment amnesty program". Such program may be declared by the City Council if the total dollar amount of assessment delinquencies (not including delinquency penalties and redemption penalties) in the Assessment District have been equal to or greater than ten percent (10%) of the total assessment levy in each of the two (2) most recent calendar years. Such delinquent assessment amnesty program shall begin and end on a date certain and shall not extend for a period of more than sixty (60) days. Notice of the delinquent assessment amnesty program shall be mailed to all property owners in the Assessment District at their address as it appears on the last secured roll at least thirty (30) days prior to the amnesty deadline, and shall contain at a minimum: (i) the name and phone number of the person representing the Assessment District who may be contacted to determine the amount due on any parcel if paid in accordance with the program; (ii) the method and place of payment; (iii) the deadline for the program and for making such payment; (iv) a statement in bold that the program expires on the payment deadline date and there will be no additional programs absent the authorization of the City Council; and (v) the percentage or maximum amount of penalties and interest that will be waived on any parcel. The delinquent assessment amnesty program shall provide that upon payment of: (i) all past due assessments, (ii) administrative costs (including costs to remove the assessments from the tax rolls, regular administrative costs, and fees associated with establish-

ing and administering the assessment amnesty program), and (iii) fees and expenses of any foreclosure and sale proceedings (including the fees and expenses of foreclosure counsel) by the stated deadline, the Assessment District will waive some or all of the delinquency penalties and redemption penalties incurred with respect to such assessments. The percentage or maximum amount of penalties and interest waived shall be in the City Council's discretion. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.641 Action in name of City—Time for commencement—Complaint.

The foreclosure action shall be brought in the name of the City, and may be brought at any time prior to the expiration of four (4) years subsequent to the last maturity of the principal of Bonds secured by the assessment or reassessment. The complaint may be brief and include substantially only the following allegations with reference to the assessment or reassessment sought to be collected:

A. That, on a date stated, the City Council passed its resolution ordering certain Improvements to be done, without describing the same.

B. That the Improvements were done pursuant to the resolution.

C. That an assessment to pay the cost of the Improvements was duly made and was authorized to be collected, but remained unpaid on a stated date.

D. That certain property (describing it) was therein assessed or reassessed a stated amount and that Bonds upon the security of the assessment or reassessment were duly issued under Subdivision 3, identifying by name the applicable issue of the Bonds, but it is not necessary to state the amount, number, denomination or other terms of the Bonds.

E. That, on a date stated, a certain sum came due against the described property on the assessment and had not been paid and that the City Council had ordered the action to foreclose.

No affirmative defenses shall be allowed by the Court in any foreclosure action, but this prohibition shall not prevent any claims being raised in a separate action for monetary damages or other relief unrelated to the foreclosure action. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.642 Calculation of penalties, costs and interest.

The amount of penalties, costs and interest due shall be calculated up to the date of the judgment. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.643 Failure of property to sell at minimum price—Petition to modify judgment—Notice—Hearing—Determinations—Purchase by Owners or holders of security interests prohibited—Attorney fees and costs.

A. In the event a lot or parcel of property fails to sell for the minimum price required by Section 3.52.636, the City may petition the court to modify its judgment and authorize the property to be sold at a lesser minimum price or without a minimum price. Notwithstanding the following provisions of this Section 3.52.643, the court shall modify its judgment and authorize the property to be sold at a lesser or no minimum price, without any notice or hearing, if the petition is accompanied by the written consents of the Owners of all of the Bonds outstanding.

B. Written notice of hearing on the petition under Subsection 3.52.643.A, unless otherwise not required by reason of the second sentence of Subsection 3.52.643.A, shall be given by certified or registered mail to all registered Owners of any outstanding Bonds secured, in whole or in part, by the delinquent assessment or reassessment, and to any paying, fiscal or other agents of the City appointed with respect to any of the Bonds. If any of the outstanding Bonds are payable to bearer and not registered to other than bearer, notice of the hearing, unless otherwise not required by reason of the second sentence of Subsection 3.52.643.A, shall also be given by publication at least once in a financial publication with national circulation and additionally as the court shall rea-

sonably require. The hearing shall be held not earlier than ten (10) days after the notice is given.

C. The court may, after a hearing held pursuant to notice as provided for by Subsection 3.52.643.B, modify the judgment and authorize the property to be sold at a lesser minimum price or without a minimum price, if the court determines, based on the evidence introduced at the hearing, any of the following:

1. Sale at the lesser minimum price or without a minimum price will not result in an ultimate loss to the Bondholders.

2. Owners or holders of seventy-five percent (75%) or more of the outstanding Bonds, by principal amount, have consented to the petition and the sale will not result in an ultimate loss to the nonconsenting Bondholders.

3. Owners or holders of seventy-five percent (75%) or more of the outstanding Bonds, by principal amount, have consented to the petition and all of the following apply:

a. By reason of determination pursuant to Subsection 3.52.659.C, the City is not obligated to advance available funds to cure a deficiency.

b. No bids equal to or greater than the minimum price have been received at the foreclosure sale.

c. No funds remain in the special reserve fund, if any.

d. The City has reasonably determined that a reassessment and refunding proceeding is not practicable, or has in good faith endeavored to accomplish a reassessment and refunding and has not been successful, or has completed reassessment and refunding arrangements which will, to the maximum extent feasible, minimize the ultimate loss to the Bondholders.

e. No other remedy acceptable to Owners or holders of seventy-five percent (75%) or more of the outstanding Bonds, by principal amount, is reasonably available.

4. Owners or holders of one hundred percent (100%) of the outstanding Bonds have consented to the petition.

Notwithstanding the foregoing, the court may take action to modify the judgment without any hearing, as permitted by the second sentence of Subsection 3.52.643.A at the written request of the City accompanied by the written consents of the Owners of all of the Bonds outstanding.

D. The assessment or reassessment lien upon property sold pursuant to this Section at a lesser price than the minimum price shall be reduced by the difference between the minimum price and the sale price.

E. The court shall permit participation by the Bondholders in its consideration of the petition as necessary to its determinations.

F. None of: (1) the property owner, (2) the holder of a security interest in the property, (3) any other defendant in the foreclosure action, (4) any agent, of any entity described in the foregoing clauses (1), (2) and (3), (5) any person or entity (including but not limited to spouses, minor children and relatives) who, with any such property owner, holder of security interest, defendant in the foreclosure action or agent (a) is a member of a partnership, limited liability company or controlled group of corporations (as defined in Section 1563(a) of the Internal Revenue Code, except that "more than 10 percent" shall be substituted for "at least 80 percent" each place it appears therein) and/or (b) would result in a disallowance of losses under Section 267 or 707(b) of the Internal Revenue Code, may purchase the property at the foreclosure sale for less than the minimum price determined pursuant to Section 3.52.638. Each purchaser at less than the minimum price shall certify in writing under penalty or perjury to the levying officer at the sale the purchaser's compliance with the requirements of this Subdivision.

G. The court may make provisions for the payment of attorney fees and costs incurred in proceedings pursuant to this Section as the court deems proper, and need not require that the fees and costs be paid out of the proceeds of any sale authorized pursuant to this Section. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.644 Assessment as trust fund for Bonds.

In the event Bonds are ordered to be issued, the unpaid assessments, as shown on the list filed

by the Assessment Engineer, and any reassessments which may be issued thereon or in lieu thereof, together with interest thereon shall remain and constitute a trust fund for the redemption and payment of the principal of the Bonds and for the interest which may be due thereon. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.645 Assessment liens—Priority—Continuance—Notice.

From the date of the recordation pursuant to Sections 3114 and 3115 of the Streets and Highways Code, each assessment and reassessment and each installment thereof and the interest and penalties thereon under this Subdivision is a lien upon the land upon which they are levied. Pursuant to Article 13 of Chapter 4 of Part 1 of Division 2 of Title 5 of the Government Code, the lien of said assessments shall be coequal to and independent of the lien for general taxes, and, except as provided in Section 53936 of the Government Code, not subject to extinguishment by the sale of the property on account of the nonpayment of any taxes, and prior and superior to all liens, claims and encumbrances except: (a) the lien for general taxes or ad valorem assessments in the nature of and collected as taxes levied by the State or any County, City, special district or other local agency; (b) the lien of any special assessment or assessments the lien date of which is prior in time to the lien date of the assessment for which the deed is issued; (c) easements constituting servitudes upon or burdens to said lands; (d) water rights, the record title to which is held separately from the title to said lands; and (e) restrictions of record. Unless sooner discharged, the lien continues for a period of ten (10) years from the date of recordation or, if Bonds are issued to represent the assessments, until the expiration of four (4) years after the due date of the Bonds. All persons have constructive notice of this lien from the date of the recordation. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.646 Priority of reassessment and refunding assessment lien—Supplemental assessment.

The lien of a reassessment or a refunding assessment shall have the same priority as the original assessment to which it relates. A supplemental assessment is a new assessment. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.647 Unmatured installments, interest and penalties secured by lien not within terms of general warranty of title.

Unmatured installments, interest and penalties secured by any such lien or liens shall not be deemed to be within the terms of any general warranty of title. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.648 Reassessment.

If any assessment heretofore or hereafter issued is void or unenforceable, for any cause, or if Bonds are issued to represent or be secured by any assessments and such issuance is not effective through the curative provisions in relation thereto under the law pursuant to which the Improvements were authorized or under this Division to make them valid and enforceable, then a reassessment may be made. The reassessment shall be made upon the demand of the Owner or holder of Bonds aggregating one-third (1/3) of the principal amount outstanding, or upon order of the City Council, and shall be made in the manner and form provided by the law pursuant to which the Improvements were authorized, if any such valid procedure is provided, and otherwise as provided by Sections 5500 through 5510 of Chapter 19, Part 3, Division 7 (Improvement Act of 1911) of the Streets and Highways Code. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.649 Reassessment as trust fund for Bonds—Issuance of new Bonds.

When made, the reassessment shall constitute a trust fund for the redemption and payment of the original Bonds issued against the original as-

sessment; or the City Council may call in the original issue of Bonds outstanding and issue new Bonds upon the security of the reassessment in lieu thereof. If the City Council determines that new Bonds shall be issued upon the security of the reassessment, the notice of hearing upon the reassessment shall contain a declaration of intention to issue Bonds substantially in the form provided for in Section 3.52.663. Upon confirmation of the reassessment the City Council may issue the new Bonds after the same notice and hearing as is required for the original issuance of Bonds. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.650 Calling in original issue—Issuance of new Bonds.

If the City Council calls in the original issue of outstanding Bonds, the City Council may direct the Treasurer to, and the Treasurer shall thereupon, advance the maturity of the outstanding Bonds bearing interest in the manner provided in Subdivision 3, notwithstanding the fact that there may not be surplus moneys in the redemption fund with which to pay the same. New Bonds shall be issued in an aggregate amount equal to the total balance of the reassessment unpaid and shall bear interest from the date of recordation of the reassessment at the rate fixed by the City Council. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.651 Ratable issuance to holders of original Bonds.

Except as otherwise provided in the Resolution of Intention, upon the surrender of the outstanding Bonds, the new Bonds shall be issued ratably to the holders of the original outstanding Bonds. Each holder of such original Bonds shall be entitled to such proportion of the new Bonds as the total amount of the principal and interest due him on his original Bonds, upon the date of the recordation of the reassessment, bears to the total amount of the principal of the new Bonds. In making distribution, the City Council may assign the different Bonds and allot maturities in such manner as to it shall seem equitable. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.652 Apportionment of assessment.

If any lot or parcel of land upon which there is an unpaid assessment is divided, including a division into condominium interests as defined in Section 783 of the Civil Code, or the ownership of a portion of such lot or parcel of land is transferred to another person, the City Council may order the Assessment Engineer to file with the City Clerk an amended assessment of the original parcel of land affected by such division or transfer of ownership, segregating and apportioning the unpaid installments of the original assessment in accordance with the benefits to the several parts of the original parcel plus costs and fees of making the apportionment. The City Council shall, at the time of ordering the amended assessment, fix the amount of costs and fees for preparing the amended assessment, the notices and the amended assessment diagram. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.653 Filing of report and amended assessment.

The Assessment Engineer shall file with the City Clerk a report and an amended assessment of the parcels of land described in the order of the City Council, together with a map or plat showing how such lots or parcels have been divided. The total amount of the assessments of the several portions of any one (1) original parcel shall be equal to the unpaid assessments upon the original parcel of land, plus the costs and fees for making the amended assessment, the notices and the amended assessment diagram as determined by the City Council under Section 3.52.652. The Assessment Engineer shall apportion the costs and fees to the respective parcels in proportion to the amount of the divided assessments against the parcels. Prior to making a division and prior to making the amended assessment, the Assessment Engineer shall notify the Owner of the original parcel assessed, as the name of the Owner appears on the last equalized roll for taxes, or as it is known

to the Assessment Engineer, of the order of the City Council fixing the costs and fees of the apportionment, and directing that the payment thereof be made to the Assessment Engineer within fifteen (15) days of the notification. In the event the amount of the costs and fees of the apportionment is not paid within fifteen (15) days of the notification, the Assessment Engineer shall proceed to prepare the amended assessment and shall show separately thereon, but as a part of the total, the amount of costs and fees chargeable to each divided parcel. The Assessment Engineer shall deposit all such costs and fees in the General Fund of the City. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.654 Time and place of hearing—Notice.

Upon the filing of the Assessment Engineer's report and amended assessment, the City Clerk shall fix a time and place for a hearing upon the amended assessment and shall give notice of the hearing by publication. The notice shall contain a statement of the time fixed for the hearing upon the amended assessment and any objections thereto, which time shall not be less than fifteen (15) days from the first publication of the notice. The notice shall contain a reference to the original assessment and to the improvement proceedings, and shall refer to the report and map or plat of the amended assessment for particulars and no other description of the lots or parcels of land affected thereby shall be necessary. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.655 Protests—Hearing—Finality of decision.

All persons interested in the original assessment, or in the lands affected thereby or in the Bonds secured thereby, may, at the time of the hearing or at the time to which the hearing may be continued, appear and protest against the amended assessment. At the hearing the City Council shall hear and determine all objections to the division of the assessments and shall confirm or modify the same. All determinations and decisions of the City Council shall be conclusive upon all persons entitled to object under the provisions of this Section. Final action of the City Council upon the report and amended assessment shall be taken on or before the fifteenth (15th) day of July of any year. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.656 Filing amended assessment.

The City Clerk shall file the amended assessment as confirmed or modified by the City Council with the Auditor, who shall annually thereafter enter upon the assessment roll the installments becoming due on each component part of the original parcel opposite a description of the respective parcels so assessed. The amount charged for fees and costs as shown on the amended assessment as to each parcel shall be entered upon the assessment roll and shall be collected along with the first installment of the amended assessment. The Assessment Engineer shall deposit all such costs and fees in the General Fund of the City.

The amended assessment shall be accompanied by an amended map or plat prepared pursuant to Section 3.52.653. Such amended map or plat shall be designated "amended assessment diagram amending Assessment No. _____, Assessment District _____, State of California". The amended map or plat shall substantially conform to the requirements and specifications provided for in Section 3114 of the Streets and Highways Code, and shall be filed by the City Clerk in the office of the County Recorder of the County. The County Recorder may charge an appropriate fee for the expense incurred in filing the amended map or plat. The map or plat shall be cross-indexed by the Recorder to the original assessment diagram which it amends.

The amended map or plat shall include on its face that it amends the assessment diagram for Assessment District No. _____, City of Long Beach, County of Los Angeles, State of California prior recorded at Book _____ of Maps of Assessment Districts at page _____, in the office of the County Recorder for the County of Los Angeles, State of California. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

Subdivision 3. Procedures for the Sale and Issuance of Bonds

3.52.657 System for issuance of Bonds.

This Subdivision provides a system for the issuance of Bonds to represent and be secured by the assessments made to pay the costs and expenses of the Improvements and the provisions of this Subdivision shall not apply to or affect any other provisions of law. When any proceedings for the issuance of Bonds are commenced under this Subdivision, the provisions of this Subdivision and no other shall apply to such proceedings. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.658 Power of City Council.

The City Council, exercising the powers reserved to the City under the Constitution of the State of California and its powers under the provisions of the Charter of the City, may determine that Bonds shall be issued as provided in this Subdivision to represent and be secured by the assessments levied pursuant to Subdivision 2. Such Bonds may be serial or term Bonds, or both, and shall be issued and sold to assist in the financing of the Improvements. The City Council may not issue Bonds secured by assessments levied pursuant to Subsection 3.52.600.B to pay administrative costs. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.659 Resolution of Intention—Contents.

If the City Council determines that Bonds shall be issued as provided in this Subdivision to represent the expense of any proposed Improvement, it shall, in the Resolution of Intention to authorize the Improvements as contemplated in Section 3.52.579, do all of the following:

A. Declare that serial and/or term Bonds shall be issued pursuant to this Subdivision to represent the expenses of the proposed Improvements.

B. Specify the rate (whether variable or fixed) and the maximum rate of interest which the Bonds shall bear.

C. State the determination of the City as to whether the City will obligate itself to advance available funds from the City Treasury to cure any deficiency which may occur in the funds and accounts established for the payment of the Bonds. The determination made pursuant to this Section shall be clearly stated in the text of the Bonds issued pursuant to this Subdivision, and the title of the Bonds shall include the words "Limited Obligation Improvement" in the event that the City Council determines that the City will not be obligated to cure any deficiency in the funds and accounts established for the payment of the Bonds. A determination not to obligate itself, however, shall not prevent the City from, in its sole discretion, advancing such funds.

D. State, if applicable, that the Bonds issued pursuant to this Subdivision may be refunded under certain conditions and include specific conditions under which the Bonds may be refunded, including the maximum interest rate and the maximum number of years to maturity of the refunding Bonds. Also include a statement that any adjustment to assessments resulting from the refunding will be done on a pro rata basis. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.660 Determination that Bonds not be subject to refunding until specified date.

The City Council may determine that Bonds issued pursuant to this Subdivision shall not be subject to refunding pursuant to the procedures of Section 3.52.661 hereof until a specific date which shall not be more than ten (10) years after the issuance date of the Bond. This determination, however, shall not apply to, or in any manner limit: (i) advancement of the maturity of any Bond or Bonds pursuant to the procedures under Subdivision 2 or Subdivision 3, or (ii) the redemption and payment of any Bonds pursuant to subsequent assessment proceedings which provide for the payment in full of all amounts necessary to eliminate any fixed special assessment liens previously imposed upon any assessment parcel included in the new assessment district. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.661 Refunding Bonds.

Any refunding of the Bonds shall be accomplished pursuant to the procedures of Division 11.5 (commencing with Section 9500) of the Streets and Highways Code, except that if, following the filing of the report specified in Section 9523 of the Streets and Highways Code and any subsequent modifications of the report, the City Council finds that each of the conditions specified in the Resolution of Intention is satisfied and that the adjustments to assessments are on a pro rata basis, the City Council may approve and confirm the report and may, without further proceedings, authorize, issue and sell the refunding Bonds pursuant to Chapter 3 (commencing with Section 9600) of Division 11.5 of the Streets and Highways Code. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.662 Description of Bonds in assessment.

(Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

(Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.665 Determination of amount of assessments payable—Delivery of Bonds.

The Treasurer shall determine the aggregate amount of such assessments and shall provide for the issuance of Bonds in such amounts and at such times as determined in accordance with the provisions of the trust indenture or resolution to be executed in connection with the issuance of the Bonds. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.666 Disposition of the Bonds.

The Bonds shall be sold at private sale, in such manner and place or places, either within or without the United States, and at such price or prices, above or below par, as the City Council shall determine by resolution. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.668 Effect of inability to issue the Bonds secured by particular unpaid assessments.

If Bonds cannot be issued upon the security of any particular unpaid assessments because of a restraining order, injunction or other cause not applicable to other unpaid assessments, the issuance of Bonds upon the security of the assessments not affected by such restraining order, injunction or other cause, shall not be delayed, and such Bonds may be issued in advance of the issuance of the Bonds so affected. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.669 Principal and interest payments.

The Bonds shall be in such denominations, in such form, and payable at such time or times, in lawful money of the United States of America, and at such interest rate or rates, either fixed or variable, as the City Council shall determine by resolution.

The Bonds shall bear interest from the date of the Bonds on all sums unpaid, until the whole of the principal sum and interest are paid. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.670 Date and division of issue—Classification of assessments as to maturity.

The City Council may divide the principal amount of any issue into two (2) or more divisions and fix different dates for the payment of Bonds of each division. The Bonds of one (1) division may be made payable at different times than Bonds of any other division.

The City Council, in its discretion, may determine in like manner to classify assessments into different terms of maturity so that smaller assessments may be made to mature over a shorter period of time and, in that event, the Bond declaration in the Resolution of Intention, or in the change proceedings taken under and in accordance with the provisions of the same subdivision under which the Resolution of Intention was adopted, in the assessment and in the notice of recording the assessment, may recite that the Bonds shall mature a maximum rather than an exact number of years. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

Prior to the issuance of the Bonds, the City Council may reduce the redemption premium to an amount equal to not less than three percent (3%) of the principal for the first five (5) years of the term of the Bonds or eliminate the redemption premiums for redemptions occurring after the first five (5) years of the term of the Bonds, or both. The amount so set aside shall on the date fixed for maturity in the notice and upon the surrender and cancellation of the Bond be paid to the holder or Owner of the Bond. (Ord. C-7480 § 1, 1997: Ord. At the hearing, the City Council shall determine whether in its judgment there will ultimately be insufficient money in the redemption fund to discharge the unpaid Bonds and interest. If it determines that in its judgment there will be no such shortage, it shall direct the Treasurer to pay matured Bonds and interest as presented, and as provided in the resolution authorizing the issuance of the Bonds, as long as there is available money in the redemption fund. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

If the City Council determines that in its judgment there will be a shortage in the redemption fund, it shall direct the Treasurer to pay, on a date to be determined by the Treasurer, to the holders of all outstanding and unpaid Bonds such proportion thereof as the amount of funds on hand bears to the total amount of the unpaid principal of the Bonds and the interest which has accrued or will accrue thereon. Similar proportionate payments shall thereafter be made periodically, as determined by the Treasurer, as moneys come into the redemption fund. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

If a deficiency occurs in the redemption fund with which to pay past due Bonds, past due interest, or Bonds or interest which will become due during the current tax collecting year, but it does not appear to the Treasurer that there will be an ultimate loss to the Bondholders, he shall pay matured Bonds as presented and make interest payments when due, as long as there are available funds in the redemption fund, in accordance with the provisions of the trust indenture or resolution executed in connection with the issuance of the Bonds. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.709 Hearing on supplemental assessment.

If a deficiency remains in the redemption fund after one (1) year from the issuance of the Bonds, the City Council may require all persons interested to appear before it at a day, hour and place fixed by it for a hearing and to show cause why a supplemental assessment should not be made to pay for the cost and incidental expenses of the original Improvements done upon which the original assessments were made and upon which the Bonds were issued. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.711 Hearing—Levy of supplemental assessment.

At the time set for the hearing, the City Council shall proceed to hear any person appearing and may determine whether or not such deficiency was due to the fact that the original assessment for such cost and Incidental Expenses was not apportioned equitably or in accordance with benefits. The hearing may be postponed from time to time. If it appears to the City Council that the amount apportioned to any parcel was less than the amount which such parcel shall equitably bear according to the benefit which it received from the Improvement, the City Council may levy a supplemental assessment apportioning to such parcel the additional sums which it should equitably bear according to such benefits. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.712 Costs of notice and supplemental assessment—Recordation of order levying assessment—Lien—Collection.

A copy of the order levying the supplemental assessment shall be recorded in the office of the Assessment Engineer and from and after such recording, the sum therein levied on any parcel shall be and constitute a lien thereon and thereafter bear interest at the rate specified in the Bonds. The several amounts levied by the supplemental

assessment shall be extended on the next succeeding tax rolls to be delivered to the Tax Collector and shall be collected in the manner provided for the collection of installments of the original assessments. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.713 Collection in annual installments—Advance payment of full amount.

The City Council may provide in its order levying the supplemental assessment that the supplemental assessments may be collected in annual installments during the remaining term of years during which the Bonds run. However, any Owner may pay the whole of the supplemental assessment subsequent to the order of the City Council and before the amount has been extended on the tax roll, whereupon interest shall cease on such assessment. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.714 Disposition of proceeds.

All money collected on the supplemental assessment shall be paid into the redemption fund and be applied to the payment of the costs of publishing and posting the notice of hearing and of making the supplemental assessment and then to the payment of the Bonds and interest thereon. After satisfaction of the Bonds, repayment, if possible, of all funds collected on the supplemental assessment shall be made to those persons paying the same out of recoveries had through the collection of the delinquent installments of the assessments upon which the Bonds were originally issued and of the interest and penalties thereon, and then out of any surplus remaining in the redemption fund after repayment to the City of any advances made by the City and any costs incurred by it under Subdivision 2 and Subdivision 3. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

If there is a surplus remaining in the redemption fund after payment of all Bonds and the interest thereon, that surplus shall first be applied to repayment to the City of any advances made by the City, and also of any costs incurred by it under Subdivision 2 and Subdivision 3. The remainder shall be repaid in accordance with the provisions of Section 3.52.714 to persons paying supplemental assessments, if any, and the balance may be proportionately credited upon the final installments due upon the assessments securing the Bonds and repaid to those persons whose assessments have been previously paid or may be transferred to the General Fund of the City. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.716 Creation—Amount.

In any proceedings leading to the issuance of Bonds pursuant to this Subdivision, the City Council may include, as an incidental expense of the proceedings, an amount to create a special reserve fund for the Bonds. The amount so provided shall not exceed ten percent (10%) of the total amount of assessments to be levied under the proceedings. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

The proportional reduction on the assessment in the case of clause (1) above, shall equal the ratio of the total amount initially provided for the special reserve fund to the total amount originally assessed in the proceedings for the Bond issue, and in the case of clause (2) above, shall equal the ratio of the total amount in the special reserve fund, if any, at the time of advance payment of the assessment to the total amount of the Bonds outstanding at the time of advance payment of the assessment. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

(Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.719 Availability of fund for transfer to redemption fund—Reimbursement from proceeds of redemption or sale.

The money in the special reserve fund shall be available for transfer into the redemption fund for the Bonds pursuant to Subdivision 2. The amount so advanced shall be reimbursed from the proceeds of redemption or sale of the parcel for which payment of delinquent installments was made from the special reserve fund, but only if the special reserve fund is then maintained with respect to the Bonds. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.720 Payment of assessment—Transfer to redemption fund of amount equal to assessment reduction.

3.52.721 Adequacy of fund to retire Bonds—Discontinuance of principal and interest collection—Liquidation—Disposition of excess.

Whenever the balance in the special reserve fund is sufficient to retire all remaining outstanding Bonds in the issue, whether by advance retirement or otherwise, collection of the principal and interest on the assessments shall be discontinued and the special reserve fund shall be liquidated in retirement of the Bonds.

In the event that the balance in the fund at the time of liquidation exceeds the amount required to retire all outstanding Bonds in the issue, the excess shall be apportioned to each parcel upon which the individual assessment remained unpaid at the time the balance in the reserve fund was sufficient to retire all outstanding Bonds in the issue. The payments shall be made in cash to the respective Owners of the parcels except that, if the excess is not greater than one thousand dollars ($1,000.00), the excess may be transferred to the General Fund of the City. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.722 Temporary investments.

Money in the special reserve fund may be temporarily invested in any authorized investments pursuant to Article 1 (commencing with Section 53600) of Chapter 4 of Part 1 of Division 2 of Title 5 of the Government Code, or in any authorized investments pursuant to law. (Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

3.52.723 Use of fund—Assessment credit—Advance Bond retirement.

Notwithstanding any other provision in this Chapter, for the purpose of providing for reduction of the amount of money in the special reserve fund during the term of the Bonds, the City Council may, by resolution adopted prior to the issuance of Bonds under this Subdivision, provide that money in the special reserve fund, including investment income, shall be used, in the amounts and at the times as the City Council may determine, for any or all of the following:

(Ord. C-7480 § 1, 1997: Ord. C-6723 § 1 (part), 1990)

All amendments subsequent to the effective date of this ordinance to Part 1 of Division 2 of the Revenue and Taxation Code relating to sales and use taxes and which are not inconsistent with Part 1.6 and Part 1.7 of Division 2 of the Revenue and Taxation Code, and all amendments to Part 1.6 and Part 1.7 of Division 2 of the Revenue and Taxation Code, shall automatically become a part of this ordinance, provided however, that no such amendment shall operate so as to affect the rate of tax imposed by this ordinance.

The City Council, by majority vote of the full Council, may lower the rate of the retail transactions and use tax adopted by this Chapter to 0%. (Measure A, Att. 1, 2020; Measure A, Att. 1, 2016)

3.62.110 Enjoining Collection Forbidden.

No injunction or writ of mandate or other legal or equitable process shall issue in any suit, action or proceeding in any court against the State or the City, or against any officer of the State or the City, to prevent or enjoin the collection under this ordinance, or Part 1.6 of Division 2 of the

Revenue and Taxation Code, of any tax or any amount of tax required to be collected. (Measure A, Att. 1, 2020; Measure A, Att. 1, 2016)

3.62.120 Duration of Tax.

3.62.140 Effect of Los Angeles County Measures "A" and "H" and of Future County Transactions and Use Tax Measures on this Ordinance.

When contracting with the California Department of Tax and Fee Administration pursuant to section 3.62.020 to administer the tax imposed by this ordinance, it shall be the City's intent, and any agreement shall ensure, that the combined rate limit specified in Revenue and Taxation Code section 7251.1 is not exceeded in the City of Long Beach. As such, the following terms shall apply:

A. Because Long Beach voters approved Measure "A" prior to Los Angeles County Measure "H", it is the intent of this ordinance to give full effect to the one cent (1%) tax already enacted under Measure "A" until January 1, 2023, when the one cent (1%) tax would reduce in rate under Measure "A's" terms. Measure "H" shall not have any effect on the City's ability to levy and collect the 1% rate until January 1, 2023 and Los Angeles County shall not levy nor collect any Measure "H" taxes within the territory of Long Beach until January 1, 2023.

B. From January 1, 2023 until October 1, 2027, the City of Long Beach shall levy and collect a three-quarter cent (¾%) Transactions and Use Tax and Los Angeles County may levy and collect the quarter-cent (¼%) Measure "H" tax within the territory of Long Beach until Measure "H" sunsets on October 1, 2027.

C. When Measure "H" sunsets on October 1, 2027, the City of Long Beach shall again be authorized to levy and collect the Transactions and Use Tax at the rate of one cent (1%).

D. In the event that Los Angeles County voters approve a future measure after the effective date of this ordinance that either extends Measure "H" or otherwise enacts a new Transactions and Use Tax that, when aggregated with Long Beach's transactions and use taxes under this ordinance, causes the combined rate limit set forth in Revenue and Taxation Code section 7152.1 to be exceeded, such future County measure shall not have any effect on the City's ability to levy and collect Transactions and Use taxes at the rates set forth herein. Unless State law is amended to increase the combined rate limit under Revenue and Taxation Code section 7251.1 or this ordinance is later repealed or amended to reduce its tax rates, Los Angeles County shall not levy nor collect any Transactions and Use Taxes within the territory of Long Beach which were approved by Los Angeles County voters after the effective date of this ordinance. (ORD-26-0001 § 2, 2026; ORD-24-0027 §§ 3—5, 2024; Measure A, Att. 1, 2020)

CHAPTER 3.64 TRANSIENT OCCUPANCY TAX*

3.64.010 Definitions.

The following terms, when used in this Chapter, shall for the purpose of this Chapter, have the following respective meanings except where the context clearly indicates a different meaning:

A. "Business license section" means the business license section, City Department of Financial Management.

***State law reference**—Provisions authorizing cities to impose a tax on transients who occupy room space within the City, Rev. and T. C. §§ 7280 and 7281.

B. "Guestroom" means any room or rooms or space or portion thereof in a "hotel", as defined in this Section, occupied, or intended, arranged or designed for occupancy.

C. "Hotel" means any apartment house, auto court, boarding house, bungalow court, club, hotel, inn, lodging house, motel, rooming house, camp, studio, dormitory, tourist home or other structure, private or public, or portion thereof, within the City offering or renting to transients for lodging, dwelling, or sleeping purposes, in guestrooms for compensation, and shall further include any trailer court, trailer spaces, or combinations of such spaces and trailers, including mobilehomes, timeshare units not occupied by the timeshare owner or a guest of the owner, and docked boats and ships, occupied or intended or designed for occupancy by transients for dwelling, lodging or sleeping purposes. It does not mean any convalescent home or facility, home for the aged, hospital, jail, military installation, fraternity or sorority house recognized and approved by a Long Beach educational institution, nor does it mean a structure operated exclusively by an association or corporation for religious, charitable or educational purpose or purposes, no part of the earnings of which association or corporation inures to the benefit of any private shareholder or individual.

D. "Occupancy" means the use or possession, or the right to the use or possession, of any guestroom or rooms or space or portion thereof in any hotel for lodging, dwelling, or sleeping purposes.

E. "Occupant" means any individual who, for a consideration, uses, possesses or has the right to use any guestroom.

F. "Operator" means the person who is either the proprietor of the hotel or any other person who has the right to rent rooms within the hotel, whether in the capacity of owner, lessee, licensee, mortgagee in possession, sublessee or any other capacity. The owner or proprietor who is primarily responsible for operation of the hotel shall be deemed to be the principal operator. If the principal operator performs or assigns its functions, in whole or in part, through a managing agent, a booking agent, a room seller or room reseller, or any other agent or contractee, including, but not limited to, online room sellers, online room resellers, and online travel agents, of any type or character other than an employee, those persons shall be deemed to be secondary operators.

A secondary operator shall be deemed an operator for purposes of this Chapter and shall have the same duties and liabilities as the principal operator, including, but not limited to, the collection and remittance of the full amount of the tax owed under the provisions of this Chapter to the City. A secondary operator may satisfy its obligations under the provisions of this Chapter by submitting the full amount of tax due under this Chapter, with credit for any taxes remitted to any other operator, either directly to the Director or through the principal operator. The principal operator may satisfy any potential liability it may have for taxes owed by a secondary operator by entering into a legally binding agreement with that secondary operator to remit the portion of the tax owed by the secondary operator directly to the City. Upon request, the principal operator shall provide the Director with copies of any such agreements.

Compliance with the provisions of this Chapter by either the principal operator or the secondary operator shall be deemed to require the payment and/or remittance of any amount other than the full amount of the tax owed by the transient.

G. "Person" means any individual, association, company, partnership, corporation, limited liability company, limited liability partnership, firm, joint venture, social club, fraternal club, organization, joint stock company, estate, trust, business trust, receiver, trustee, syndicate or any other group or combination of individuals acting as a unit.

H. "Permanent lodger" means any occupant who, as of a given date, has occupied or has had the right of occupancy of any guestroom in a hotel for at least thirty (30) consecutive days next preceding such date.

I. "Rent" means the consideration charged, whether or not received, for occupancy of room or space in a hotel, valued in money, whether received in money, or goods, labor, or otherwise, including all receipts, cash, credits, property or services of any kind or nature, without any deduction therefrom whatsoever, including, but not limited to, credit card charges. If the charge made by a hotel includes any charge and services in addition to that for occupancy, such as food, then such amount shall be distinctly set out and billed as separate items with the appropriate tax charged. Nothing in this definition shall be construed to mean that rent is charged directly or indirectly for the occupancy of room or space in a hotel when that room or space is provided to the occupant as a compliment from the operator and where no consideration is charged to or received from any other person.

J. "Return" means any tax return filed or required to be filed as provided in this Chapter.

K. "Tax Collector" means the Tax Collector of the City.

L. "Transient" means any occupant who, for a period of not more than thirty (30) consecutive days, either at his or her own expense or at the expense of another, obtains the right of occupancy of a guestroom, for which occupancy rent is charged.

For an individual to avoid being deemed a transient during a thirty (30) consecutive day period, the individual exercising occupancy rights in a hotel must, prior to occupancy, enter into a written agreement with the hotel operator. The written agreement shall obligate a person to pay rent for the individual's occupancy for a period of at least thirty-one (31) consecutive days. The minimum substance of such written agreement shall contain the guest's name, address, period of occupancy, rent and signature. If the written agreement requirements are satisfied, the individual exercising such occupancy rights shall not be considered a transient under this Chapter and, therefore, shall not be subject to the tax imposed pursuant to Sections 3.64.030 and 3.64.035. In the absence of the written agreement prior to the commencement of occupancy, the individual shall be deemed a transient and subject to the tax until the qualifying period (thirty (30) consecutive days) for nontransient status has been satisfied. On the thirty-first consecutive day, and on each consecutive day thereafter, the tax shall not apply. If the individual fails to stay for at least thirty-one (31) consecutive days, irrespective of the written agreement, then the tax shall be due.

Nothing in this definition or this Chapter shall be construed as prohibiting the operator from refunding or making a credit allowance to a person who has paid tax as required by this Chapter where it is established that the person was not a "transient" as defined herein or was exempt from the tax for any other reason, or had for any reason overpaid the tax.

In determining whether an individual is a transient, uninterrupted periods of time extending both prior and subsequent to the effective date of the ordinance codified herein may be considered.

M. "Director" means the Director of Financial Management or his or her designee.

N. "Imposition" or "imposed" means the determination that the transient occupancy tax is applicable to and levied upon the transient and attaches as a condition of occupancy or the right to the use or possession of any room or rooms or space or portion thereof in any hotel for dwelling, lodging or sleeping purposes.

O. "Tax" means the transient occupancy tax imposed in Sections 3.64.030 and 3.64.035 which shall include all penalties, interest or other fees, costs and charges, if applicable, for collection purposes. (ORD-05-0010 §§ 1—10, 2005; Ord. C-7770 §§ 1, 2, 2001; prior code § 2450)

3.64.020 Administration.

It shall be the duty of the business license section to administer the provisions of this Chapter. The City may prescribe, adopt and enforce

reasonable and necessary rules and regulations, forms, policies and procedures relating to the administration and enforcement of this Chapter, which shall be available at the business license office of the City. (ORD-05-0010 § 11, 2005: prior code § 2459)

3.64.030 Imposed.

Every transient shall pay a tax of six percent (6%) of the rent for his or her occupancy of a guestroom and the tax shall be collected by the operator from such transient at the time and in the manner provided in this Chapter. The tax is imposed for revenue purposes and is needed for the special advertising and promotion fund of the City. (Prior code § 2451)

3.64.035 General Purpose Tax imposed.

In addition to the tax imposed by Section 3.64.030, every transient shall pay a tax of seven percent (7%) of the rent for his or her occupancy of a guestroom, and the tax shall be collected and accounted for separately from the tax imposed by Section 3.64.030 by the operator from such transient at the time and in the manner provided in this Chapter. All the revenues collected from the tax imposed by this Section shall be deposited in the City's general purpose fund. (Measure B § 1, 2020; Ord. C-7121 § 1, 1993: Ord. C-7008 § 1, 1992: Ord. C-6393 § 1, 1987: Ord. C-6051 § 2, 1984)

3.64.040 Exemptions.

No tax shall be imposed under this Chapter upon:

A. Any person as to whom, or any occupancy as to which, it is beyond the power of the City to impose the tax provided in this Chapter;

B. Any federal or State of California officer or employee when on official government business, including employees of federal credit unions, and who provides proof that he or she is on official federal, State or federal credit union business;

Provided, however, that no exemption shall be granted under Subsections A or B of this Section except upon claim therefor made at the time rent is collected and under penalty of perjury, upon a form prescribed by the City business license section.

It shall be the duty of the operator to keep and maintain a written documentation in support of each exemption claimed for a period of five (5) years. (ORD-05-0010 § 12, 2005: prior code § 2451.1)

3.64.045 Credit.

Every transient subject to the transient occupancy tax imposed pursuant to Ordinance No. R.A. 1-90 of the Redevelopment Agency of the City, shall receive a credit against his or her obligation to pay the tax imposed pursuant to Section 3.64.030 in an amount equal to the transient occupancy tax due to the Redevelopment Agency of

the City pursuant to such ordinance. (Ord. C-6685 § 1, 1990)

3.64.050 Collection.

A. On and after November 1, 1972, every operator receiving any payment for rent with respect to which a tax is due under this Chapter shall at the same time collect from the transient, or from the person making such payment, the amount of the tax imposed by this Chapter. The amount of tax shall be separately stated from the amount of the rent charged, and each transient shall receive a receipt for payment from the operator.

B. No operator of a hotel shall advertise or state in any manner, whether directly or indirectly, that the tax or any part thereof will be assumed or absorbed by the operator, or that it will not be added to the rent, or that, if added, any part will be refunded except in the manner provided in this Chapter.

C. The tax required to be collected under this Chapter shall be deemed to be held in trust for the account of the City by the person or persons required to collect the tax for the account of the City until payment thereof is made to the City. Any such tax imposed and required to be collected by an operator which has not been paid to the City shall be deemed a debt owed by the operator to the City.

D. Any person owing money to the City under the provisions of this Chapter shall be liable to an action brought in the name of the City for the recovery of such amount. Any operator who undertakes legal or collection action to recover unpaid rent due from a transient shall include the amount of tax due from the transient in the amount sought to be recovered. (ORD-05-0010 § 13, 2005: prior code § 2452)

3.64.055 Refunds.

A. Where a tax has been collected based on rent for a period of thirty (30) days or less and the occupant subsequently completes thirty-one (31) consecutive days of occupancy, thereby qualifying as a permanent lodger, the operator shall return to such occupant an amount equivalent to the amount of the tax so collected either in cash or by crediting his or her account unless, however, the tax has been paid over to the business license section. In the latter case, the operator who collected the tax may within one (1) year after the date of the payment to the business license section, provided the operator has returned the equivalent amount of the tax to the permanent lodger or credited the lodger's account with that amount, either take credit for the amount so reimbursed on a subsequent return or file a claim for refund of the tax. Refund of the tax shall be made from the fund mentioned in Sections 3.64.035 and 3.64.100 in this Chapter in the same percentage.

B. Whenever the amount of tax has been overpaid, it shall be refunded or credited provided a claim is submitted in writing signed under penalty of perjury stating the specific grounds upon which the claim is founded and filed with the business license section upon forms furnished by the business license section within one (1) year of the date of payment to the City.

C. An operator may claim a refund or take as credit against taxes collected and remitted the amount overpaid, paid more than once or erroneously or illegally collected or received when it is established in a manner prescribed by the business license section that the individual from whom the tax has been collected was not a transient; provided, however, that neither a refund nor a credit shall be allowed unless the amount of the tax so collected has either been refunded to the transient or credited to rent subsequently payable by the transient to the operator.

D. A transient may obtain a refund of taxes overpaid or paid more than once or erroneously or illegally collected or received by the City by filing a claim in the manner provided in Subsection A of this Section, but only when the tax was paid by the transient directly to the business license section, or when the transient having paid the tax to the operator, establishes to the satisfaction of the business license section that the transient has been unable to obtain a refund from the operator who collected the tax.

E. No refund shall be paid under this Section unless the claimant establishes claimant's right to the refund by written records showing entitlement to the refund and unless claimant files the claim for refund within one (1) year after the date of payment of the tax to the City. Section 3.48.040 of this Title relating to the conditions of payment of refunds shall apply. (ORD-06-0011 §§ 2, 3, 2006; ORD-05-0010 § 14, 2005)

3.64.060 Credit cards.

The tax shall be computed on the total room rental, not exempt from taxation by this Chapter, without regard for finance charges or discounts paid to credit card companies. (Prior code § 2453.1)

3.64.070 Returns and remittances.

The operator collecting such tax shall prepare a return upon such forms and set forth therein such information as the business license section may prescribe and require, showing the amount of rent collected and the tax required to be collected and he or she shall sign the same and deliver it to the business license section together with a remittance of such tax. The returns and remittances shall be due on the tenth day of each month covering the amount of tax collected during the preceding month. (Prior code § 2453)

3.64.080 Records.

A. It shall be the duty of every operator liable for the collection and payment to the City of any tax imposed by this Chapter to keep and preserve, or cause to be kept and preserved, for a period of five (5) years all records as may be necessary to compute the amount of any tax due under the provisions of this Chapter. Such records shall clearly substantiate the operator's gross receipts, the amount of room rentals, the rentals paid by permanent lodgers and exemptions claimed by officers and employees of the federal or State of California government and federal credit unions while they are on official business. Such records shall be made available for inspection by the City Auditor and City Finance Director or their authorized agents at all reasonable times.

B. The records maintained by the operator under this Section shall include, but not be limited to, the following:

1. Daily summary sheets for each day the hotel is open for business containing, at a minimum, the following:

a. The name of at least one (1) individual occupying the room;

b. The registration card number applicable to the room;

c. The room number;

d. The daily rate charged and amount collected or charged by credit card for rental of the room;

e. The date occupancy commenced.

2. Registration cards shall be prenumbered and bear consecutive numbers preprinted on the registration cards by a print shop or manufacturer of the cards. Registration cards shall be maintained in sequential order. Voided cards shall be kept by operator for audit purposes. All registration cards shall be accounted for and the amount of the tax stated separately on the card.

3. Numbered Rooms. The operator shall fill out and maintain on file a registration card for each guestroom occupied which shall contain, at a minimum, the following information:

a. The name of at least one (1) individual who will occupy, or be entitled to occupy, the room;

b. The total number of people who will occupy or be entitled to occupy the room;

c. The identification of room by number;

d. The date the occupancy commences and the expected date of the departure of the transient; and

e. The daily rent charged and amount collected as and for rental of the room with the amount of tax stated separately.

4. Exemptions. A written record of each occupancy charge for which an exemption is claimed, including the name of the individual occupying the room, dates of occupancy and reason(s) for exemption.

5. Bank Accounts. All operators shall keep bank statements and deposit slips showing hotel rents and other revenue for verification of the total revenue from operations.

6. Other data substantiating occupancy, rents, exemptions, claimed revenues and exemptions on tax payments, financial documentation, books and ledgers, bank records and similar financial information.

C. Every operator shall keep such records, receipts, invoices, registration cards and other pertinent papers in such form as the business license section may require.

D. The business license section or City Auditor, or any person authorized by the Director, may examine the books, papers, records, registration cards or other pertinent papers and records of any operator and may investigate the character of the business of the operator in order to verify the accuracy of the return made, or, if no return has been made by the operator, to ascertain and determine the amount required to be paid.

E. It is unlawful for the business license section or for any person having audit or administrative duty under this Chapter to make known, in any manner whatever except in the performance of his or her official duties, the business affairs, operations or information obtained from an investigation of the records of the operation. (ORD-05-0010 15, 2005: prior code § 2457)

3.64.085 Tax clearance certificate.

A. Within thirty (30) days after the operative date of this Section, the Director of Finance shall establish procedures which would allow a purchaser, transferee, or other person or entity attempting to obtain ownership of a hotel property which is required to collect tax, to make a written application for a "tax clearance certificate" to establish that the hotel operator has no unpaid taxes due to the City.

B. An administrative fee to cover the cost of issuing the certificate shall be established by resolution of the City Council and applications shall be available from the City Clerk and the business license section. No application for a certificate shall be accepted unless the application is fully completed and the administrative fee is paid in full.

C. Within ninety (90) days of receiving an application and payment of the administrative fee, the City shall do either of the following:

1. Issue the tax clearance certificate, or

2. Request the current hotel operator to make available the operator's transient occupancy tax records for the purpose of conducting an audit regarding transient occupancy taxes that may be due and owing from the operator.

D. The City shall complete an audit performed pursuant to Subsection 3.64.085.C.2 on or before ninety (90) days after the date that the current or former hotel operator has provided all books, records and information necessary to perform a complete tax audit.

E. Within thirty (30) days after completing the audit pursuant to Subsection 3.64.085.D, the City shall notify the applicant of one (1) of the following:

1. The City will issue a tax clearance certificate to the applicant; or

2. After completing the audit, the City has made a determination that the current operator has unpaid transient occupancy tax due and owing and no certificate will be issued; or

3. The operator's records are insufficient to make a determination of whether transient occupancy taxes may be due and owing and therefore the City will not issue a tax clearance certificate due to the insufficiency of the prior owner's records.

F. If the City does not comply with Subsections C through E, the purchaser, transferee, or other person or entity that obtains ownership of the hotel property shall not be liable for any transient occupancy tax obligations incurred prior to the purchase or transfer of the property from the operator.

G. For a tax clearance certificate issued under this Section, all of the following apply:

1. The certificate shall state the amount of tax due and owing for the subject property, if any.

2. The certificate shall state the period of time for which it is valid.

3. The purchaser, transferee, or other person or entity who obtains ownership of the property may rely upon the tax clearance certificate as conclusive evidence of the tax liability associated with the property as of the date specified on the certificate.

H. Any purchaser, transferee, or other person or entity who does not apply for and obtain a tax clearance certificate under this Section, or who obtains a tax clearance certificate that indicates that tax is due and fails to withhold, for the benefit of the City sufficient funds in the escrow account for the purchase of the property to satisfy the transient occupancy tax liability, shall be held liable for the amount of tax due and owing from the operator on the property.

I. This Section may not be construed to relieve an operator or property owner of transient occupancy tax obligations incurred when an operator or owner of the property. (Ord. ORD-05-0010 § 16, 2005)

3.64.090 Cessation of business.

A. Whenever any operator required to collect and remit to the business license section a tax under this Chapter ceases to operate, dissolves, abandons, terminates, liquidates, sells, transfers, or disposes of his business, any tax payable under this Chapter shall become immediately due and payable and such operator shall immediately file a return and pay the tax due.

B. Upon cessation of operations, termination, dissolution, liquidation, bankruptcy or abandonment of a hotel operations by the operator, any operator, officer, or other person having control or supervision of, or who is charged with the responsibility for the filing of returns or payment of the tax, or who is under a duty to act for the operator in complying with this Chapter, shall be personally liable for any unpaid tax or penalty. (Ord. ORD-05-0010 § 17, 2005: prior code § 2458)

3.64.100 Special advertising and promotion fund.

All monies, including penalties, collected pursuant to Section 3.64.030 shall be deposited to a special fund to be known as the special advertising and promotion fund, which fund is created and established. Such fund shall be a continuing fund and not subject to transfer at the close of the fiscal year. Money credited to the special advertising and promotion fund may be expended for the following purposes only:

A. Refunds made pursuant to the provisions of Section 3.64.055;

B. For advertising, promotional, and public relations projects calling attention to the City, its natural advantages, resources, enterprises, attractions, climate, and facilities;

(Ord. ORD-05-0010 § 18, 2005; Ord. C-6051 § 1, 1984: Ord. C-5545 § 1, 1979: prior code § 2455)

3.64.110 Failure to collect or pay and notice of determination.

A. If any operator fails or refuses to collect the tax or to make, within the time provided in this Chapter, any return or remittance required by this Chapter, the business license section shall proceed in such manner as it may deem best to obtain facts and information on which to base its estimate of the tax due including, but not limited to, an audit of operator's records. As soon as the business license section procures such facts and information upon which to base an estimate of the tax due, it shall proceed to determine and assess against such operator the tax and penalties provided for by this Chapter. If an audit discloses underreport-

ing or underpayment of ten percent (10%) or more of the tax, then the operator shall be charged for the cost of the audit, not to exceed one thousand five hundred dollars ($1,500.00).

B. The Director shall notify such operator with a notice of determination of tax due, which notice shall include both tax and penalties, if applicable, by first class mail, postage prepaid, to the operator's last known address. (Ord. ORD-05-0010 § 19, 2005: prior code § 2456)

3.64.112 Request for hearing with Director.

A. Any operator not in agreement with the notice of tax determination shall request a hearing in writing on the amount assessed within ten (10) days of the date contained in the notice of determination and pay a hearing fee which shall be the same fee as set by resolution for business license hearings. Upon a timely, written request and fee payment from the operator, the Director or his designee shall give not less than ten (10) days' written notice by mail to the operator to show cause at a time and place fixed in said notice, why the assessed amount should not be fixed for tax and penalty. The request for hearing shall be filed with the business license section.

B. Conduct at hearing. The operator may appear and offer evidence why the assessed tax and penalties should not be fixed. The operator may be represented by counsel.

C. Determination. The Director or his designee shall determine the proper tax and penalties to be remitted and shall give a written notice of final tax determination to the operator by first class mail, postage prepaid, containing the amount of tax and penalties due. The amount determined to be due shall be delinquent fifteen (15) days following the date on the final notice of tax determination, unless an appeal is taken to the City Council as provided in Section 3.64.115.

D. Failure to timely request a hearing with the Director shall be deemed a waiver of the right to appeal as prescribed in Section 3.64.115 and to seek judicial review. The notice of determination assessed by the business license section shall become conclusive and immediately due and payable. (Ord. ORD-05-0010 § 20, 2005)

3.64.115 Appeal of final notice of determination.

A. Any operator not in agreement with the Director's final notice of determination with respect to the amount of tax and penalties as determined by the Director may appeal to the City Council by filing a notice of appeal with the City Clerk within fifteen (15) days of the date on the Director's final notice of determination of tax due. All fees for an appeal shall be the same as required for business license appeals as set by resolution and paid at the time of filing.

B. The City Council appeal and hearing shall be according to the procedures established in Chapter 2.93, except Section 2.93.060.

C. The decision of the City Council shall be final and conclusive and any amount determined to be due for tax and penalties shall be due and payable within ten (10) days of the date on the notice of decision. (Ord. ORD-05-0010 § 21, 2005)

3.64.120 Delinquent payment penalty.

A. If any operator fails or refuses to remit to the business license section the proper amount of the tax required to be collected and paid under this Chapter on or before the last day of the month following the month in which said taxes were collected by the operator, and up to a period of thirty (30) days thereafter, shall have added to such tax a penalty of twenty-five percent (25%) of the amount of the tax, in addition to the amount of the tax, which penalty shall immediately become a part of the tax due for collection purposes.

B. Any operator who fails or refuses to remit to the business license section the proper amount of the tax required to be collected and paid under this Chapter for any period more than thirty (30) days following the date on which the remittance first became delinquent shall pay a delinquency penalty of fifty percent (50%) of the amount of the tax in addition to the amount of the tax, which penalty shall immediately become part of the tax due for collection purposes.

C. An additional penalty of one percent (1%) per month shall be assessed on the tax remaining unpaid more than sixty (60) days following the date on which the remittance first became delinquent. (Ord. ORD-05-0010 § 22, 2005: Ord. C-5584 § 1, 1980: Ord. C-5508 § 1, 1979: prior code § 2454)

3.64.130 Action to collect tax and enforcement of lien.

A. Any tax required to be paid by any transient under the provisions of this Chapter shall be deemed a debt owed by the transient to the City.

B. Failure of an operator to collect tax required to be paid by a transient shall not excuse the operator from the operator's obligation under this Chapter. Any such tax collected by an operator which has not been paid to the City shall be deemed a debt owed by the operator to the City. Any tax required to be paid by any transient which is not collected by the operator is deemed a debt owed by the operator to the City.

C. Any person owing money to the City under the provisions of this Chapter shall be liable to an action brought in the name of the City for the recovery of such amount including a reasonable attorney fee.

D. Assessment and lien. Whenever delinquent tax and penalties are not paid to the City after proper notification to the property/business owner and operator, the total uncollected amount including tax and penalties and administrative fees may become assessments, and the City Clerk or the City Clerk's duly authorized representative may compile a list of such assessments together with parcel number designations and address upon which the assessments are being fixed.

After notice and hearing, and upon confirmation of the imposition of the liens by resolution of the City Council and Mayor, the City Clerk shall file a certified copy of the approved resolution with the Los Angeles County Tax Collector, State of California, directing that all unpaid transient occupancy taxes, penalties and administrative fees be entered as lien charges against said property as it appears on the current assessment rolls. Liens will be collected at the same time and in the same manner, subject to the same penalties and interest upon delinquencies, as the general real property taxes are collected for the City of Long Beach. The City Clerk shall present for recording appropriate notices of the imposition of these liens with the Los Angeles County Recorder.

This Chapter does not give the City a preference over any recorded lien which attached prior to the date when the amounts required to be paid became a lien. (Ord. ORD-05-0010 § 23, 2005)

3.64.150 Enjoining collection forbidden.

A. No injunction or writ of mandate or other legal or equitable process shall issue in any suit, action or proceeding in any court against the City or an officer thereof, to prevent or enjoin the collection of taxes sought to be collected pursuant to this Chapter and payment of all tax, interest and penalties shall be required as a condition precedent to seeking judicial review of any tax liability.

B. No suit or proceeding shall be maintained in any court for recovery of any amount alleged to have been erroneously or illegally determined or collected unless a claim for each refund or credit has been duly filed pursuant to Section 3.64.055. (Ord. ORD-05-0010 § 24, 2005)

3.64.160 Assessments, presumption and time limit for action to collect unpaid taxes.

In the case of an audit or investigation by the City, the Director may make a deficiency determination or assessment for transient occupancy tax not paid or remitted by a person required to pay or remit, as evidenced by information provided by such person or other persons to the Director, or based upon a reasonable estimate of the Director if complete evidence is not provided by the operator or person required to pay or remit the tax. Such reasonable estimate shall be entitled to a rebuttable presumption of correctness. Notwithstanding any other provision of law, except in the case of fraud or the failure of an operator to file a transient occupancy tax return, the City may institute an action to collect unpaid transient occu-

pancy taxes within four (4) years of the date on which the transient occupancy taxes were required to be paid. (ORD-05-0010 § 25, 2005)

(Ord. C-7735 § 1, 2001: prior code § 2480)

ing facilities, satellite or any other technology now existing or developed after the adoption of this Section, and includes, without limitation, fiber optic, coaxial cable, and wireless. The term "telephone communication services" includes such transmission, conveyance, or routing in which computer processing applications are used to act on the form, code or protocol of the content for purposes of transmission, conveyance or routing without regard to whether such services are referred to as Voice over Internet Protocol (VoIP) services or are classified by the Federal Communications Commission as enhanced or value added, and includes video and/or data services that are functionally integrated with telecommunications services. "Telephone communication services" include, but are not limited to, the following services, regardless of the manner or basis on which such services are calculated or billed: central office and custom calling features (including but not limited to call waiting, call forwarding, caller identification and three-way calling), local number portability, text messaging, ancillary telecommunication services, prepaid and post-paid telecommunications services (including but not limited to prepaid calling cards); mobile telecommunications service; private telecommunication service; paging service; 800 service (or any other toll-free numbers designated by the Federal Communications Commission); and value-added non-voice data service. For purposes of this Section, "private telecommunication service" means any dedicated telephone communications service that entitle a user to exclusive or priority use of communications channels. "Telephone communication service" does not include: internet access services; video programming services; and digital downloads, such as downloads of books, music, ringtones, games and similar digital products.

3.68.030 Electricity users tax.

A. There is imposed a tax upon every person in the City using electrical energy in the City. The tax imposed by this Section shall be at the rate of ten percent (10%) of the charges made for such energy and shall be paid by the person paying for such energy.

B. "Charges," as used in this Section, includes charges made for: (1) metered energy, and (2) minimum charges for service, including customer charges, service charges, demand charges, standby charges, and annual and monthly charges.

C. As used in this Section, the term "using electrical energy" shall not be construed to mean the storage of such energy by a person in a battery owned or possessed by him or her for use in an automobile or other machinery or device apart from the premises upon which the energy was received; provided, however, that the term shall include the receiving of such energy for the purpose of using it in the charging of batteries; nor shall the term include the mere receiving of such energy by an electrical corporation or governmental agency at a point within the City for resale.

D. There shall be excluded from the base on which the tax imposed in this Section is computed charges made for electricity used in the production or distribution of water. The term "water" as used in this Subsection shall not include wastewater, salt water, or any water used in the production of oil or gas. (Ord. C-6897 § 1, 1991; Ord. C-6392 § 1, 1987: prior code § 2480.3)

3.68.040 Gas users tax.

A. There is imposed a tax upon every person in the City using gas in the City which is delivered directly or indirectly through mains or pipes. The tax imposed by this Section shall be at the rate of ten percent (10%) of the charges made for such gas and shall be paid by the person paying for such gas.

B. "Charges", as used in this Section, shall include minimum charges for service of the gas commodity, whether owned by the City or the customer, and the gas transportation, including, but not limited to, customer charges, service charges, standby charges, and annual and monthly charges. (Measure LB § 1, 2024; Ord. C-7224 § 1, 1994; Ord. C-6897 § 2, 1991: Ord. C-6745 § 1, 1990; prior code § 2480.4)

3.68.050 Telephone users tax.

A. There is imposed a tax upon every person, other than a telephone corporation, who uses telephone communication services in the City, including intrastate, interstate, and international telephone communication services, to the extent permitted by federal and State law. Interstate calls shall be deemed to include calls to the District of Columbia. The telephone users tax is intended to, and does, apply to all charges within the City's tax jurisdiction, such as charges billed to a telephone account having a situs in the City as permitted by the Mobile Telecommunications Sourcing Act of 2000, 4 U.S.C. § 116 et seq. The tax imposed by this Section shall be at the rate of five percent (5%). The tax shall apply to all charges made for such telephone communication services and shall be collected from the service user by the services supplier or its billing agent. There is a rebuttable presumption that telephone communication services billed to a billing or service address in the City are used, in whole or in part, within the City, and that such services are subject to taxation under this Chapter. There is also a rebuttable presumption that telephone communication services sold within the City that are not billed to a billing address or provided to a primary physical location (such as prepaid calling card services) are used, in whole or in part, within the City and are therefore subject to taxation under this Chapter.

B. As used in this Section, the term "charges" shall include the value of any other services, credits, property of every kind or nature, or other consideration provided by the service user in exchange for the telephone communication services.

C. The tax administrator may, from time to time, issue and disseminate to telecommunication service suppliers administrative rulings identifying those telecommunication services that are subject to the tax of Subsection A of this Section. Such administrative rulings shall be consistent with legal nexus and laws pertaining to telephone communications services and shall not impose a new tax, revise an existing tax methodology, or increase an existing tax, except as allowed by California Government Code Section 53750(h) (2) and (3) or other law. The Tax Administrator may consider State-wide interpretive rules and guidelines promulgated by any government agency or association of government agencies as a factor in determining the intent of voters adopting this Section. To the extent that the Tax Administrator determines that the tax imposed under this Section shall not be collected in full for any period of time, such an administrative ruling falls within the Tax Administrator's discretion to settle disputes. The Tax Administrator's exercise of prosecutorial forbearance under this Chapter does not constitute a change in taxing methodology for purposes of Government Code Section 53750(h), and the City does not waive or abrogate its ability to impose the telephone users' tax in full as a result of issuing such administrative rulings and may suspend such rulings and recommence collection of the tax without additional voter approval.

D. The following shall be exempt from the tax imposed by this Section:

1. Charges paid for by inserting coins in coin-operated telephones available to the public with respect to local telephone service, or with respect to long distance telephone service if the charge for such long distance telephone service is less than twenty-five cents ($0.25); except that where such coin-operated telephone service is furnished for a guaranteed amount, the amounts paid under such guarantee plus any fixed monthly or other periodic charge shall be subject to the tax.

2. Except with respect to local telephone service, on any charges for services used in the collection of news for the public press, or a news ticker service furnishing a general news service similar to that of the public press, or radio broadcasting, or in the dissemination of news through the public press, or a news ticker service furnishing a general news service similar to that of the public press, or by means of radio broadcasting, if the charge for such service is billed in writing to such person.

3. Charges for services furnished to an international organization designated under the International Organizations Immunities Act and defined in 22 USCA 288 or to the American National Red Cross.

4. Charges for any long distance telephone service which originates within a combat zone, as defined in section 112 of the Internal Revenue Code, from a member of the Armed Forces of the United States performing service in such combat zone, as determined under such section, provided a certificate, setting forth such facts as the Secretary of the U.S. Treasury may by regulations prescribe, is furnished to the person receiving such payment.

5. Charges for any long distance telephone service to the extent that the amount so paid is for use by a common carrier, telephone or telegraph company, or radio broadcasting station or network in the conduct of its business as such.

6. Amounts paid by a nonprofit hospital for services furnished to such organization. For purposes of this Subsection, the term "nonprofit hospital" means a hospital referred to in Internal Revenue Code section 170(b)(1)(A)(iii) which is exempt from income tax under Internal Revenue Code section 501(a).

7. Charges for services or facilities furnished to the government of any State, or any political subdivision thereof, or the District of Columbia.

8. Charges paid by a nonprofit educational organization for services or facilities furnished to such organization. For purposes of this Subsection, the term "nonprofit educational organization" means an educational organization described in Internal Revenue Code section 170(b)(1)(A)(ii) which is exempt from income tax under Internal Revenue Code section 501(a). The term also includes a school operated as an activity of an organization described in Internal Revenue Code section 501(c)(3) which is exempt from income tax under Internal Revenue Code section 501(a), if such school normally maintains a regular faculty and curriculum and normally has a regularly enrolled body of pupils or students in attendance at the place where its educational activities are regularly carried on.

9. Charges for maritime mobile services as defined in Section 2.1 of Title 47 of the Code of Federal Regulations as such section existed on January 1, 1970.

E. To prevent actual multi-jurisdictional taxation of telephone communication services subject to tax under this Section, any service user, upon proof to the Tax Administrator that the service user has previously paid the same tax in another American jurisdiction on such telephone communication services, shall be allowed a credit against the tax imposed to the extent of the amount of such tax legally imposed in such other jurisdiction; provided, however, the amount of credit shall not exceed the tax owed to the City under this Section. This ordinance shall be construed broadly in favor of the imposition and collection of the utility users tax to the fullest extent permitted by California and federal law, and as it may change from time to time.

F. The tax on telephone communication services imposed by this Section shall be collected from the service user by the service supplier. The amount of tax collected from the twenty-sixth day of each month through the twenty-fifth day of the following month shall be remitted to the City Clerk on or before the twenty-sixth day of such following month, or at the option of the person required to collect and remit the tax, an estimated amount of tax collected, measured by billings of the previous month, shall be remitted to the Clerk on or before the twenty-sixth day of each month.

G. For purposes of imposing a tax or establishing a duty to collect and remit a tax under this subchapter, "substantial nexus" and "minimum contacts" shall be construed broadly in favor of the imposition, collection and/or remittance of the utility users tax to the fullest extent permitted by State and federal law, and as that law may

change from time to time. Any telephone communication service (including VoIP) used by a person with a service address in the City, which service is capable of making a call to another person on the general telephone network, shall be subject to a rebuttable presumption that "substantial nexus/ minimum contacts" exists for purposes of imposing a tax, or establishing a duty to collect and remit a tax, under this Chapter. A service supplier shall be deemed to have sufficient activity in the City to be obligated to collect and remit the tax imposed by this Chapter if it does any of the following: maintains or has within the City, directly or through an agent or subsidiary, a place of business of any nature; solicits business in the City by employees, independent contractors, resellers, agents or other representatives; solicits business in the City by means of advertising that is broadcast or relayed from a transmitter within the City or distributed from a location within the City; or advertises in newspapers or other periodicals printed and published within the City or through materials distributed in the City by means other than the United States mail. (Measure G, 11-4-2008, eff. 12-19-2008; ORD-06-0035 § 1, 2006: Ord. C-6897 § 3, 1991; Ord. C-6744 § 1, 1990: Ord. C-6127 § 1, 1985: prior code § 2480.2)

3.68.060 Water users tax.

A. There is imposed a tax upon every person using in the City water which is delivered through mains or pipes. The tax imposed by this Section shall be at the rate of ten percent (10%) of the charges made for such water and shall be paid by the person paying for such water.

B. "Charges", as used in this Section, shall include minimum charges for service, including customer charges, service charges, standby charges, and annual and monthly charges.

C. There shall be excluded from the base on which the tax imposed in this Section is computed charges made for water which is to be resold and delivered through mains or pipes and charges made for water used in the generation of electrical energy by an electrical corporation. (Ord. C-6897 § 4, 1991; Ord. C-6745 § 2, 1990; prior code § 2480.5)

3.68.065 Segregation of nontaxable charges.

As used in this Chapter, the term "charges" shall include the value of all consideration provided by the service user in exchange for utility services. If a nontaxable service and a taxable service are billed together under a single charge, the entire charge shall be deemed taxable unless the service supplier identifies, by verifiable data, based upon its books and records that are kept in the regular course of business, in a manner that is consistent with generally accepted accounting principles, the nontaxable component of the charge. The service supplier has the burden of proving the proper apportionment of taxable and nontaxable charges. (Measure G, 11-4-2008, eff. 12-19-2008; ORD-06-0035 § 3, 2006)

3.68.070 Exemption—Constitutional violation.

Nothing in this Chapter shall be construed as imposing a tax upon any person if imposition of such tax upon that person would be in violation of the Constitution of the United States or the Constitution of the State. (Prior code § 2480.6)

3.68.075 Effect of State and federal authorization.

To the extent that the City's authorization to impose or collect any tax imposed under this Chapter is expanded or limited as a result of changes in State or federal law, no amendment or modification of this Chapter shall be required to conform the tax to those changes, and the tax shall be imposed and collected to the full extent of the City's authorization up to the full amount of the tax imposed under this Chapter. (Measure G, 11-4-2008, eff. 12-19-2008)

3.68.080 Exemption—Application.

A. The tax imposed by this Chapter shall not apply to any individual sixty-two (62) years of age or older who uses telephone, electric, gas or water services, in or upon any premises occupied by such individual, provided the combined gross income of all members of the household in which such individual resides does not exceed a certain maxi-

mum amount for the calendar year prior to the fiscal year for which the exemption provided in this Chapter is applied for. The maximum amount of combined gross income of all members of the household shall be established by resolution of the City Council and available at the office of the City Clerk, 333 West Ocean Boulevard; and Commercial Services Bureau, 333 West Ocean Boulevard, Long Beach, California 90802.

B. The tax imposed by this Chapter shall not apply to any individual who is disabled, as defined herein, or in whose household a disabled individual resides, who uses telephone, electric, gas or water services, in or upon any premises occupied by such a disabled individual, provided the combined gross income of all members of the household in which such individual resides does not exceed a certain maximum amount for the calendar year prior to the fiscal year for which the exemption provided in this Chapter is applied for. The maximum amount of combined gross income of all members of the household shall be established by resolution of the City Council and available at the office of the City Clerk, 333 West Ocean Boulevard; and Commercial Services Bureau, 333 West Ocean Boulevard, Long Beach, California 90802.

For purposes of this Section, a "disabled individual" is defined as an individual under a physical disability as defined in Section 223 of the Social Security Act (42 USC 423) and Section 102(b)(5) of the Developmentally Disabled Assistance and Bill of Rights Act (42 USC 6001(7)), and as such sections shall be amended from time to time.

For purposes of this Section, gross income of all members of the household shall include, but not be limited to, the total gross wages, salary, business receipts, rents, gains, profits, gifts, inheritances, trusts, stock earnings, royalties, alimony, child support, welfare payments, Medicare, pensions, Social Security, and all other receipts whether received in cash, credits, property or services of any kind or nature during each calendar year for which the applicant seeks an exemption.

C. The exemptions granted by this Section shall not eliminate the duty of the service supplier from collecting taxes from such exempt individuals or the duty of such exempt individuals from paying such taxes to the service supplier unless an exemption is applied for by the service user and granted in accordance with the provisions of Subsection D of this Section.

D. Any service user exempt from the taxes imposed by this Chapter because of the provisions of Subsections A or B of this Section may file an application with the City Treasurer for an exemption. Such application shall be made upon a form supplied by the City Treasurer and shall recite facts under oath which qualify the applicant for an exemption. The City Treasurer shall review all such applications and certify as exempt those applicants determined to qualify therefor and shall notify all service suppliers affected that such exemption has been approved, stating the name of the applicant, the address to which such exempt service is being supplied, the account number, if any, and such other information as may be necessary for the service supplier to remove the exempt service user from its tax billing procedure. Upon receipt of such notice, the service supplier shall not be required to continue to bill any further tax imposed by this Chapter from such exempt service user upon the earlier of a change of service address, termination of service, or until further notice by the City Treasurer is given. The service supplier shall eliminate such exempt service user from its tax billing procedure upon receipt of such notice from the City Treasurer, but no later than sixty (60) days after receipt of such notice from the City Treasurer, or as otherwise provided by law.

All exemptions shall continue and be renewed automatically by the City Treasurer so long as the prerequisite facts supporting the initial qualification for exemption continue; provided, however, that the exemption shall automatically terminate with any change in the service address or residence of the exempt individual; further provided, such individual may nevertheless apply for a new exemption with each change of address or residence. Any individual exempt from the tax shall notify the City Treasurer within ten (10) days of any change in fact or circumstance which might dis-

qualify such individual from receiving such exemption. The City Treasurer may request reverification of eligibility from individuals claiming an exemption annually or as deemed necessary by the City Treasurer. It shall be a misdemeanor for any person in a household to knowingly receive the benefits of the exemptions provided by this Section when the basis for such exemption either does not exist or ceases to exist.

Notwithstanding any of the provisions of this Subsection, however, any service supplier who determines by any means that a new or nonexempt service user is receiving service through a meter or connection exempt by virtue of an exemption issued to a previous user or exempt user of the same meter or connection, such service supplier shall immediately notify the City Treasurer of such fact and the City Treasurer shall conduct an investigation to ascertain whether or not the provisions of this Section have been complied with, and, where appropriate, order the service supplier to commence collecting the tax from the nonexempt service user. (Ord. C-7809 § 1, 2002; Ord. C-7748 § 1, 2001: Ord. C-7733 § 1, 2001: Ord. C-6805 § 1, 1990: Ord. C-6075 § 1, 1984; Ord. C-5979 § 1, 1983; Ord. C-5714 § 1, 1981; prior code § 2480.6.1)

3.68.090 Refund in lieu of exemption.

A. Commencing January 1, 1977, any individual entitled to be exempt from the taxes imposed by this Chapter who used electric, gas or water services during the preceding calendar year and paid the taxes required in this Chapter either directly or indirectly to the service user rather than the service supplier may file an application for a refund on forms provided by the City Treasurer. The application shall contain a declaration of the facts, under oath, which qualify the applicant for the refund. The application shall be filed on January 1st but not later than March 1st of each year, for the preceding calendar year. Section 3.48.040 of this Title relating to the conditions for payment of refunds shall apply.

B. The refund allowable to applicant under this Section shall be two dollars and twenty-five cents ($2.25) per utility per month, for each full month of service. (ORD-06-0011 § 4, 2006; Ord. 3.80.221 Tax on oil production.

Notwithstanding any other provision of this Chapter 3.80, the provisions of this Section 3.80.221 and Section 3.80.223 shall apply to the business license tax on the business of oil production.

A. Every person conducting, managing or carrying on the business of oil production from any well located in the City, including the City when functioning in the capacity of a unit operator, shall pay an annual maximum business license tax to the City of thirty cents ($0.30) per barrel produced, subject to annual adjustments for inflation/deflation. In the event that the price per barrel on the monthly average of the daily WTI (West Texas Intermediate Crude Index) is reported in an amount less than twenty dollars ($20.00) for any month, the rate of this general tax on oil production as described above shall be temporarily suspended only for that same month. In the event that the WTI ceases to exist or otherwise becomes impractical to use, the City shall substitute an index which is reasonably comparable. For the purposes of this Section, the general tax shall be automatically adjusted on June 1st of each year, upward or downward, equivalent to the most recent change in the annual average of the Consumer Price Index as published by the United States Department of Labor for the Los Angeles-Riverside-Orange County, CA, area ("CPI"). For purposes of calculating the annual inflation/deflation factor under this Section, the base year shall be the year ended December 31, 2019. Rates shall first be adjusted on June 1, 2021, and annually thereafter, based upon the annually calculated change from the base year. The June 1, 2021 adjustment shall be for the change in the CPI for the year ending December 31, 2020, and the adjusted rate shall first be applied to the entire payment due on December 31, 2021.

B. The sum or sums paid shall be on a per fiscal year basis, payable quarterly. Production for the three (3) months immediately prior to the quarter month shall constitute the measurement of the amount due on or before the last day of the quarter month.

The applicant who fails to pay such production tax within the quarter month shall pay in addition to the taxes a penalty for nonpayment in the sum equal to twenty-five percent (25%) of the total amount on the first day of the month following the close of the calendar quarter. Additional penalties will be assessed in the following manner: ten percent (10%)

shall be added on the first day of each calendar month following the month of the imposition of the twenty-five percent (25%) penalty if the tax remains unpaid; up to a maximum of one hundred percent (100%) of the tax payable on the due date.

C. The person subject to the payment of the tax shall, before the business tax for each quarter becomes delinquent, file with the director of financial management a written statement setting forth the number of barrels of oil produced by each well during the pertinent three (3) month period of production upon which the tax due is to be calculated, and such person shall pay at such time the amount of the business tax computed upon the measure of the tax reported in the statement. The written statement shall be made upon a form prescribed by the director of financial management and shall include a declaration substantially as follows:

"I declare under penalty of making a false declaration that I am authorized to make this statement, and that to the best of my knowledge and belief it is a true, correct and complete statement made in good faith for the period stated, in compliance with the provisions of the Long Beach Municipal Code."

Such statements shall not be conclusive against the City as to the information set forth therein, nor shall the filing of a statement preclude the City from collecting by appropriate action any additional tax that is later determined to be due and payable.

D. For the purpose of this Section a well shall be deemed to be located in the City if the surface location of the well or the surface of the well itself, is located in the City regardless of where the hole of the well may be bottomed.

E. For the purpose of this Section "oil" has the meaning as defined in Section 12.04.300.

F. The payment of the license as provided in this Section shall permit the engaging in any of the following businesses without the payment of an additional business license tax: oil well, injection well, or water source well drilling or servicing operations; refining oil or petroleum products and producing the byproducts thereof; marketing, selling and distributing oil or any petroleum products or byproducts thereof at wholesale; or maintaining tankage in connection with any of the above business activities; except that nothing in this Section shall be deemed to apply to the operation of automobile filling/service stations.

G. REPEAL OR AMENDMENT OF SECTION. This Section may be repealed or amended by the City Council without a vote of the People of the City of Long Beach. However, as required by California Constitution Article XIIIC (Proposition 218), voter approval is required for any amendment or provision that would increase the maximum rate or methodology of any tax levied pursuant to this Section. The people of the City of Long Beach affirm that the following actions shall not constitute an increase of the rate or methodology of the general Oil Barrel Production (Barrel) Tax requiring subsequent voter approval:

(a) The restoration of the rate of the tax to a rate that is no higher than the maximum set by this voter-approved section, if the City Council has previously acted to reduce the rate of the tax;

(b) An action that interprets or clarifies the methodology of the tax, or any definition applicable to the tax, so long as interpretation or clarification (even if contrary to some prior interpretation or clarification) is not inconsistent with the language of this section;

(c) The establishment of a class of person or service that is exempt or excepted from the tax or the discontinuation of any such exemption or exception (other than the discontinuation of an exemption or exception explicitly set forth in this section); and

(d) Resuming collection of the tax imposed by this section, even if the City had, for some period of time, either suspended collection of the tax or otherwise failed to collect the tax, in whole or in part. (Measure US § 1, 2020; Ord. C-6751 § 1, 1990; Ord. C-6259 § 1 (part), 1986)

Editor's note—Section 5 of Measure US states: Pursuant to California Constitution Article XIIIC §(2)(b) and California Elections Code §9217, this Ordinance shall take effect only if approved by a

3. For the purposes of this Section, a Marijuana Business is not considered to be a religious or charitable organization as defined in Long Beach Municipal Code Section 3.80.320 (Exemption - Religious and charitable organizations).

4. The business tax set forth in this section is a general tax, the revenues from which shall be deposited into the City's general fund and may be expended for any valid public purpose of the City.

C. Business License Tax Rates.

1. Every medical marijuana business engaged in marijuana retail sale or delivery within the City shall pay a business tax at a rate of up to eight percent (8%) of gross receipts, except equity businesses who meet the eligibility criteria as stated in Section 5.92.1615, shall pay a business tax at half the rate set for non-equity businesses. The tax shall be initially set at a rate of six percent (6%). The tax under this paragraph shall not be increased on medical marijuana businesses unless and until the City Council by ordinance takes action, and the tax rate shall not exceed eight percent (8%) of gross receipts.

2. Every non-medical marijuana business engaged in marijuana retail sale or delivery within the City shall pay a business tax at a rate of up to twelve percent (12%) of gross receipts, except equity businesses who meet the eligibility criteria as stated in Section 5.92.1615, shall pay a business tax at half the rate set for non-equity businesses. The tax under this paragraph shall not be increased on non-medical marijuana businesses unless and until the City Council by ordinance takes action, and the tax rate shall not exceed twelve percent (12%) of gross receipts.

3. If a marijuana business is engaged in retail sales or delivery of both medical marijuana and a non-medical marijuana, it shall pay the business tax set forth in paragraph C.2., unless the marijuana business identifies to the City, by reasonable and verifiable standards, the portions of its retail sales activities that are tied to medical marijuana and those that are tied to non-medical marijuana, through the marijuana business' books and records kept in the regular course of business, and in accordance with generally accepted accounting principles, and not specifically created and maintained for tax purposes. The marijuana business has the burden of proving the proper apportionment of taxes under this paragraph C.3.

4. Every marijuana business, whether medical or non-medical, that is engaged in marijuana distribution, transport, processing, or testing within the City, shall pay business tax at a rate of up to eight percent (8%) of gross receipts. The tax which was initially set at a rate of six percent (6%), is reduced and set at a rate of one percent (1%). The tax under this section shall not be increased on marijuana businesses unless and until the City Council by ordinance takes action, and the tax rate shall not exceed eight percent (8%) of gross receipts. The marijuana business has the burden of proving that the marijuana or marijuana products involved in distribution, transport, processing, or testing are the same.

5. In addition to the taxes set forth in paragraphs C.1., C.2., and C.4., every marijuana business, whether medical or non-medical, engaged in marijuana cultivation shall pay a tax of up to fifteen dollars ($15.00) per square foot under cultivation, except equity businesses who meet the eligibility criteria as stated in Section 5.92.1615, shall pay a business tax at half the rate set for non-equity businesses. The City Council may by ordinance increase any such tax rate from time to time, not to exceed the maximum tax rate of fifteen dollars ($15.00) per square foot under cultivation.

6. Notwithstanding the maximum tax rates imposed in paragraphs C.1., C.2., C.4. and C.5., the City Council may in its discretion at any time by ordinance implement a lower tax rate, as defined in such ordinance, subject to the maximum rates set forth in C.1., C.2., C.4. and C.5. City Council may subsequently in its discretion, at any time by ordinance, implement a higher tax rate, subject to the maximum rates set forth in C.1., C.2., C.4. and C.5., and such increase does not constitute a tax increase for which voter approval is required Article XIII C of the California Constitution.

7. All marijuana businesses shall pay a minimum tax of one thousand dollars ($1,000.00) annually.

D. Modification, Repeal or Amendment. The City Council may repeal the ordinance codified in this Section, or amend it in a manner which does not result in an increase in the tax or taxes imposed herein, without further voter approval. If the City Council repeals said ordinance or any provision of this Section, it may subsequently reenact it without voter approval, as long as the reenacted ordinance or Section does not result in an increase in the tax or taxes beyond the maximum rate or methodology imposed herein.

E. Annual Adjustment. The taxes imposed by paragraph C.5 shall be adjusted annually by the Director of Financial Management. Beginning on October 1, 2018, and on October 1 of each succeeding year thereafter, the amount of each tax imposed by paragraph C.5 shall be adjusted equiv-

alent to the most recent change in the annual average of the Consumer Price Index ("CPI") for all urban consumers in the Los Angeles-Riverside-Orange County areas as published by the United States Government Bureau of Labor Statistics; however no adjustment shall decrease any tax imposed by paragraph C.5. For the purposes of calculating the annual adjustment factor under paragraph C.5, the base year shall be that year ending with December 31, 2016. Rates shall next be adjusted on October 1, 2018, and annually thereafter, based on the annually calculated change from the base year. The October 1, 2018, adjustment shall be the change in the average CPI for the year ending December 31, 2017, compared to the base year ending December 31, 2016.

For purposes of this Section, taxes shall begin to accrue on the date that a person or entity first receives a business license or other permit to operate as a Marijuana Business or Cultivation Site. Square Footage payments shall be made annually at the beginning of the calendar year and should be based on the square footage that the marijuana business is authorized to cultivate by either a City permit or license, or by a state license in the absence of a City permit or license, not deducting for unutilized square footage, pro-rated based on the number of months of operation.

I. Delinquent date—Penalties. L. Application of Provisions. No business license permit issued under the provisions of this Code, or the payment of any tax required under the provisions of this Code shall be construed as

authorizing the conduct or continuance of any illegal business or of a legal business in an illegal manner. Nothing in this Section shall be applied or construed as authorizing the sale of marijuana.

M. Operative Date. This ordinance establishing a marijuana business tax shall only become operative: 1) if Chapter 5.89 of the Long Beach Municipal Code (banning marijuana businesses in the City of Long Beach) is repealed; and 2) if a regulatory scheme to permit marijuana businesses within the City is adopted. The applicant shall pay to the Director at the time of filing the notice of appeal the fee set by resolution of the City Council for appeals hereunder. The Director shall thereupon make a written report to the City Council reflecting such determination denying the business license. The City Council at its next regular meeting following the filing of said appeal, or within ten (10) days following the filing thereof, shall set said appeal for hearing to be held not less than ten (10) days nor more than thirty (30) days thereafter and such hearing may for good cause be continued by the order of the City Council. (Ord. C-6259 § 1 (part), 1986)

3.80.426.5 Mistakes not to prevent collection of proper amount.

A. In no case shall any mistake in the amount collected for any license tax or any penalty prevent the collection of the amount actually due for such license.

B. In case a mistake is made in the issuance of any license in the classification under which such license was issued, then a new license shall be issued in the proper classification in lieu thereof, under the date of the original license, and the licensee shall pay any additional amount required by such a change. (Ord. C-6259 § 1 (part), 1986)

3.80.427.1 Refund—Application.

The amount of the refund shall be computed on the unearned portion of the license tax dating from the time the business or occupation covered by the license actually ceased to be conducted or engaged in; or

The notice shall be served in the same manner as notices of assessment are served under Section 3.80.444. The Director shall not issue a new license after the revocation of a license unless he or she is satisfied that the registrant will thereafter comply with the business license tax provisions of this Chapter and the rules and regulations adopted thereunder, and until the Director collects a fee, the amount of which shall be determined by Director in an amount to recover the actual costs of processing, in addition to any other taxes that may be required under the provisions of this Chapter.

B. Any person who engages in any business after the business license issued therefor has been suspended or revoked, and before such suspended license has been reinstated or a new license issued, shall be guilty of a misdemeanor. (Ord. C-6259 § 1 (part), 1986)

The scope of the Director's delegated authority shall include, but not be limited to, rules and regulations relating to apportionment of the business license tax, computation of the average number of employees for one (1) or more classifications of businesses and defining the nature of a change of business ownership and its impact on any existing business license under this Chapter. (Ord. C-6259 § 1 (part), 1986)

The Director may, in addition, require compliance with any other provision of this Code regulating the imposition of business tax of the particular business or activity determined to be most nearly comparable.

B. In any case, where a licensee or applicant for a license believes that he is placed in the wrong business or class of businesses, he may apply to the Director for a change in his classification. Such application may be made before, at, or within three (3) months after payment of the prescribed business tax. The applicant shall, by affidavit and supporting testimony, show such information as the Director may deem necessary in order to determine the proper classification. If the Director of Financial Management is not satisfied that any statement filed as required under the provisions of this Chapter is correct, or that the amount of tax is correctly computed, he may compute and determine the amount to be paid and make a deficiency determination upon the basis of the facts contained in the statement, or upon the basis of any information in his possession or that may come into his possession. One (1) or more deficiency determinations of the amount of tax due for a period or periods may be made. When a person discontinues engaging in a business, a deficiency determination may be made at any time within three (3) years thereafter as to any liability arising from engaging in such business whether or not a deficiency determination is issued prior to the date the tax would otherwise be due. B. The notice of assessment shall separately set forth the amount of any tax known by the Director to be due or estimated by the Director, after full consideration of all information within his knowledge concerning the business and activities of the person assessed, to be due under each applicable section of this Chapter, and shall in-

Notice of such hearing shall be given by the Director to the person requesting such hearing not later than five (5) days prior to such hearing. At such hearing said applicant may appear and offer evidence why the assessment, as made by the Director, should not be confirmed and fixed as a license tax. After such hearing the Director shall determine and reassess the proper tax to be charged and shall forthwith give written notice thereof to the licensee in the manner prescribed in Section 3.80.444 for giving notice of assessment. (Ord. C-6259 § 1 (part), 1986)

3.94.010 Establishment of the fund.

There is hereby established within the City of Long Beach the "Budget Stabilization Fund", which

shall be either a subfund within the City's General Fund or in a separate fund (the "Budget Stabilization Fund"). (Measure B § 1, 2016)

3.94.020 Purpose.

The Budget Stabilization Fund shall be used to fund future City operations and activities that would otherwise be reduced in scope, suspended or eliminated due to unanticipated shortfalls in General Fund structural revenues, whether caused by economic recession or other financial hardship of the City. For purposes of this Subsection, the phrase "General Fund structural revenues" means on-going revenues which are available to fund on-going General Fund operations. (Measure B § 1, 2016)

3.94.030 Transfers into and from the Budget Stabilization Fund.

A. Automatic Deposit of New General Tax Revenues into the Budget Stabilization Fund. The Budget Stabilization Fund shall be funded by an automatic deposit/transfer of one percent (1%) of any new general tax revenues generated each year, commencing with Fiscal Year 2017. For purposes of this subsection, the phrase "new general tax revenues" means all revenues generated from any new or increased general tax which has been approved by the voters of the City on or after the effective date of this Chapter including, but not limited to revenues from the Transactions and Use Tax which was submitted to the voters concurrently with this ordinance.

B. Discretionary Deposits into Budget Stabilization Fund not Prohibited. Nothing in this Chapter shall prohibit the City Council, as part of the budgeting process, from contributing additional revenues to the Budget Stabilization Fund, as determined in the City Council's sound legislative discretion.

C. Expenditures from the Budget Stabilization Fund. The City Council may expend up to fifty percent (50%) of funds available from the Budget Stabilization Fund in any single fiscal year if the City Council declares a fiscal hardship requiring the use of such resources to maintain current levels of City services and programs. For purposes of this section, a "fiscal hardship" shall be deemed to occur whenever the City Manager, in the proposed budget for a fiscal year, projects a level of General Fund structural revenues that will result in a two percent (2%) or greater reduction in funding for general City services, as compared to the base budget that would be needed to maintain existing services. For purposes of this subsection, the phrase "base budget" means the projected on-going costs needed to maintain the same level of General Fund operations as the prior fiscal year's budget. The City Council may not draw down from the Budget Stabilization Fund more than three (3) consecutive years, after which the City Council must consider alternative revenue sources or permanent reductions in general City services for the ensuing fiscal year. An assessment of the City's long-term financial outlook should be considered when making decisions about how much to expend from the Budget Stabilization Fund, including a projection of how Budget Stabilization Fund resources are expected to be used and at least partially replenished over the following years.

D. Maximum balance for Budget Stabilization Fund. At no time shall the balance of the Budget Stabilization Fund exceed five percent (5%) of the City's General Fund structural revenues forecast in the adopted budget for the subsequent fiscal year. Automatic transfers of revenues into the Budget Stabilization Fund as required by Subsection A shall be made only to the extent that the Fund balance does not exceed the five percent (5%) threshold, as calculated above, and any automatic transfer that would result in such an excess balance shall be suspended.

E. Suspension of automatic transfer. The automatic transfer described in Subsection A shall be temporarily suspended when revenue forecasts underlying the adopted budget anticipate a decline in General Fund structural revenues, as compared to the structural revenue underlying the adopted or amended budget, whichever is greater, for the fiscal year immediately prior. Automatic transfers shall remain suspended until positive revenue growth is reflected in the structural revenue

forecasts underlying the adopted budget. The automatic transfer described in Subsection A shall also be temporarily suspended in any year where the Council authorizes an expenditure from the Budget Stabilization Fund.

F. Resumption of automatic transfer. In the first fiscal year during which positive General Fund structural revenue growth is again forecast, and during which the Council does not authorize an expenditure from the Budget Stabilization Fund, the automatic transfer shall resume, and shall continue in each fiscal year thereafter, unless (i) the City again forecasts a nominal decline in General Fund structural revenues, (ii) the Budget Stabilization Fund reaches five percent (5%) of the City's General Fund revenues, or (iii) the City Council again authorizes an expenditure from the Budget Stabilization Fund. (Measure B § 1, 2016)

PART I. GENERAL PROVISIONS

CHAPTER 5.02 PURPOSE AND DEFINITIONS

5.02.010 Purpose.

The purpose of this Title 5 is to identify those businesses, trades and professions conducted and carried on in the City of Long Beach that require local regulation in order to promote and protect the public health, safety and welfare of Long Beach and its citizens. It is the further purpose of this Title 5 to set forth the specific standards and criteria under which such businesses, trades and professions shall be conducted and regulated within the City and, as to those businesses, trades and professions for which a permit is required hereunder, to set forth the procedures and conditions for applying for such a permit.

The provisions of this Title 5 are regulatory, and all requirements set forth, including those for a permit hereunder, if any, and any regulatory fees levied pursuant to this Title 5, are in addition to any other requirements, monetary or otherwise, that may be applied to any business, trade or professions by any other provision of law, including, but not limited to, Chapter 3.80 of the Long Beach Municipal Code. (Ord. C-6260 § 1 (part), 1986)

5.02.020 Definitions.

For the purpose of this Title 5, certain words and phrases are defined and certain words and phrases shall be construed as set forth in this Section 5.02.020, unless it is apparent from their context that a different meaning is intended or unless they or any other terms are specifically defined in one (1) or more of the Chapters of this Title, in which case the Chapter definitions shall be controlling in such Chapters.

PART II. ADMINISTRATION, ENFORCEMENT AND PENALTIES

CHAPTER 5.04 ADMINISTRATION

5.04.010 Application—Required.

A. Each applicant for a permit pursuant to this Title 5 shall file a written statement with the City upon prescribed forms indicating the type of activity to be conducted, officers of the firm and sufficient information as requested by the City to enable determination as to issuance or nonissuance of the permit, and a separate permit shall be obtained for each branch establishment or separate office or place for carrying on any business or pursuit within the City.

B. If applicant has not provided all required information and paid the necessary application fees within sixty (60) days, the application will be deemed void and of no further force and effect. (Ord. C-7423 § 13, 1996: Ord. C-6260 § 1 (part), 1986)

5.04.020 Application—Investigation.

The Director of Financial Management shall thereupon refer such application to the appropriate departments of the City in order that it may be ascertained whether or not the business proposed to be conducted or the premises in which it is proposed to locate such business, will comply with applicable laws and ordinances. (Ord. C-7423 § 13, 1996: Ord. C-6260 § 1 (part), 1986)

5.04.030 Application—Rejection.

In the event that a particular department of the City rejects an application for the reason that such business or the location at which it is proposed to be conducted will not comply with applicable laws and ordinances, no permit shall be issued, and the application shall be denied. (Ord. C-7461 § 10, 1997)

5.04.040 Fees.

A. Each applicant for a business permit shall pay a permit fee as set forth in the business permit fee schedule established by resolution of the City Council. Such fees are imposed for the purpose of reimbursing the City for the costs incurred in investigating, issuing and administering the permits issued pursuant to this Title 5, and they shall be nonrefundable if any costs in connection with the application/permit have been incurred by the City.

B. All permit fees provided for in this Title 5 shall be due and payable in advance. The applicant or permittee who fails to pay regulatory or investigation fees within thirty (30) days of the due date shall be subject to penalty fees in the same manner as in Section 3.80.422 of the Long Beach Municipal Code. (Ord. C-7423 § 13, 1996: Ord. C-6260 § 1 (part), 1986)

C. The permit and the health inspection fees required to be paid by this Section with respect to a classification listed for which a business license fee is also required by this Code may be prorated in the same manner as the fee for such business license. In all cases where a business license fee is not required to be paid for the carrying on of a classification listed in this Section, the permit and health inspection fee may be prorated in the same manner as that specified for license issued on a fiscal year basis as provided in this Code.

D. All fees provided for in this Section shall be due and payable in advance, and any person who fails to pay any such fee provided in this Section within thirty (30) days after the same has become due must pay, in addition thereto, a sum equal to twenty-five percent (25%) of the amount of the original fee.

E. The fees referred to in this Section shall be established by a resolution of the City Council which may be consolidated with that provided for in Section 5.04.040.

F. After building plans or compact mobile food facility (as defined by the California Health and Safety Code) plans have been checked and are subsequently so revised as to necessitate rechecking, the Health Officer shall require the applicant to pay a rechecking fee of fifty percent (50%) of the plan check fee set forth in this Section.

G. Every person engaging in, conducting, managing or carrying on at the same time more than one (1) of the businesses, occupations, institutions or acts mentioned in Subsection 5.04.050.A, whether located at the same place or not, shall be required to pay the fee and obtain a permit to operate for each such business, occupation, institution or act unless exempted by the Health Officer or by resolution of the City Council.

H. The permit to operate shall not be issued to a fictitious name. All permits must be issued in the true name of the individual, in the true names of the persons in a partnership or the exact name which appears in the articles of incorporation.

I. The permit to operate required by this Section shall not be issued for a period greater than one (1) year. A permit to operate shall not be issued for less than one-fourth (¼) of a year.

Fees required by this Section for ten dollars ($10.00) or less shall not be prorated. The fee for a public swimming pool which operates five (5) months or more of a year shall not be prorated.

When prorating for more than one-quarter (¼), the quarters shall run concurrently.

J. Every permit to operate required by this Section shall be conspicuously displayed on the compact mobile food facility (as defined by the California Health and Safety Code) or in the place of business, occupation, institution or act as approved by the Health Officer.

K. A fee or penalty fee shall not be refunded if the business, occupation, institution or act, required by this Section to pay such fees, operates for twenty-four (24) hours or more.

No fee shall be refunded for the following businesses, occupations, institutions, or acts:

(ORD-24-0002 § 5, 2024; Ord. C-7799 § 1, 2002; Ord. C-7423 § 13, 1996: Ord. C-6260 § 1 (part), 1986)

5.04.055 Permit identification card.

A. Every person issued a permit pursuant to this Title 5 may be required to display a permit identification card in a visible position upon his/her person when working and produce the card for inspection upon request. In the event of loss of the card, the City may charge a replacement or reissuance fee in an amount established by the City Council by resolution to recover its cost of replacement.

B. No person shall reproduce, duplicate, copy or alter a permit identification card for the purpose of circumventing the display requirement of this Section or for giving a false or misleading impression that any duplication of an original identification card is valid. The permit identification card shall be maintained in good condition or it shall be replaced.

C. The permit identification card is not transferable and is only valid when presented with an official California identification card.

D. Every person holding a permit identification card required by this Title 5 who changes the location of his/her place of business shall, prior to engaging in such business at the new location, apply for and receive a new permit identification card.

E. Every person holding a permit identification card shall immediately surrender it to the Chief of Police, upon termination of employment, expiration of the card or suspension or revocation of the permit.

A. Upon receipt of written notice from the departments, pursuant to Section 5.04.020, that the business and the location at which the business will be conducted comply with applicable laws and ordinances, a permit may be issued by the Director of Financial Management.

B. Concerned departments shall render a recommendation to the Commercial Services Bureau to approve, conditionally approve, or deny the application within sixty (60) days after a completed application has been filed. Where a background investigation is required and where circumstances beyond the control of the City justifiably delay approval or denial within the prescribed period, the Chief of Police may provisionally approve a temporary permit conditioned as the Chief of Police deems necessary if he/she finds that a prolonged pending delay in permanent permit approval is to be anticipated, and it appears likely that a permit will be granted at the end of that period. (Ord. C-7423 § 13, 1996: Ord. C-6260 § 1 (part), 1986)

5.04.090 Bond—Termination.

Termination is to become effective thirty (30) days from and after the day upon which the notice of intention to terminate liability is filed with the Director of Financial Management; provided, however, that in no case shall the termination of liability by the surety on any bond affect any liability incurred prior to the date of termination thereof. (Ord. C-7423 § 13, 1996: Ord. C-6260 § 1 (part), 1986)

5.04.100 Use of permit by unauthorized person.

If such business is operated from a vehicle or a boat, the vehicle or boat shall have affixed thereon an identifying decal issued by the City. In the event of loss of such decal, the City shall charge a replacement fee in an amount established by the City Council by resolution.

B. No person shall reproduce, duplicate, copy or alter an original business permit for the purpose of circumventing the prominent display requirement of this Section or giving a false or misleading impression that any duplication of an original business permit is valid and that the appropriate business permit fee therefor has been paid.

C. No person who has a valid permit issued by the City in his/her possession or under his/her control shall fail to exhibit the same on demand. (Ord. C-7423 § 13, 1996: Ord. C-6260 § 1 (part), 1986)

CHAPTER 5.06 CANCELLATIONS, SUSPENSIONS, REVOCATIONS, DENIALS AND APPEALS

5.06.010 Identification of controlling procedures.

A business permit may be suspended, revoked or denied for any reason stated in Section 5.06.020

of the Long Beach Municipal Code or within the specific section of this Title 5 pertaining to the business. (Ord. C-7423 § 14, 1996: Ord. C-6325 § 13 (part), 1986: Ord. C-6260 § 1 (part), 1986)

5.06.020 Suspension/Revocation/Denial.

A. Any permit to do business in the City issued pursuant to this Title 5 may be suspended, revoked or denied in the manner provided in this Section upon the following grounds:

1. The permittee or any other person authorized by the permittee has been convicted of violation of any provision of this Code, State or Federal law arising out of or in connection with the practice and/or operation of the business for which the permit has been granted. A plea or verdict of guilty, or a conviction following a plea of nolo contendere is deemed to be a conviction within the meaning of this Section. The City Council may order a permit suspended or revoked, following such conviction, when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal, or an order granting probation is made suspending the imposition of sentence, irrespective of a subsequent order under the provisions of Section 1203.4 of the California Penal Code allowing such a person to withdraw his/her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information or indictment;

2. For any grounds that would warrant the denial of the issuance of such permit if application therefore was being made;

3. The permittee or any other person under his/her control or supervision has maintained a nuisance as defined in Section 21.15.1870 of the Long Beach Municipal Code which was caused by acts committed on the permitted premises or the area under the control of the permittee;

4. The permittee, his/her employee, agent or any person connected or associated with permittee as partner, director, officer, stockholder or manager has knowingly made any false, misleading or fraudulent statement of material fact in the application for the permit required under the provisions of this Code;

5. The permittee has failed to comply with any condition which may have been imposed as a condition of operation or for the issuance of the permit required under the provisions of this Code;

6. The permittee has failed to pay any permit fees that are provided for under the provisions of this Code within sixty (60) days of when the fees are due.

B. Upon receipt of satisfactory evidence that any of the above grounds for suspension or revocation of said permit exist, the permittee shall be notified in writing that a hearing on suspension or revocation shall be held before the City Council, the grounds of suspension or revocation, the place where the hearing will be held, and the date and time thereof which shall not be sooner than ten (10) days after service of such notice of hearing.

C. All notices provided for in this Section shall be personally served upon the permittee or left at the place of business or residence of such permittee with some person over the age of eighteen (18) years having some suitable relationship to the permittee. In the event service cannot be made in the foregoing manner, then a copy of such notice shall be mailed, postage fully prepaid, addressed to the last known address of such permittee at his/her place of business or residence at least ten (10) days prior to the date of such hearing.

D. Whenever a business permit has been revoked/or denied under the provisions of this Section, no other application by such permittee for a business permit to conduct a business or operate in the City shall be considered for a period of one (1) year from the date of such revocation or denial. (Ord. C-7423 § 14, 1996: Ord. C-6325 § 13 (part), 1986: Ord. C-6260 § 1 (part), 1986)

5.06.025 Cancellation.

Any permit issued pursuant to an application made under this Title 5 may be cancelled by the Director of Financial Management, without hearing, if:

A. The permittee permanently discontinues business operations under the permit; or

B. The permittee requests cancellation; or

C. The business operated under the permit is abandoned for a period in excess of six (6) months. Cancellation pursuant to this Subsection shall be made only after notice of cancellation has been mailed to the permittee at the address shown on the most recent permit application, thirty (30) days has elapsed from the date of such mailing and permittee has failed to respond to said notice with a statement setting forth a valid reason why such permit should not be cancelled. (Ord. C-7423 § 14, 1996)

5.06.030 Appeals from permit denial.

An applicant for a business permit whose application for such permit has been denied shall be notified of the denial in writing. Within ten (10) days after such denial, the applicant may appeal therefrom to the Council by filing with the Director of Financial Management a notice of such appeal setting forth the decision and the grounds upon which he/she deems himself/herself aggrieved thereby. Said applicant shall pay to the Director of Financial Management at the time of filing said notice of appeal a filing fee in an amount to be set by resolution of the City Council. The Director of Financial Management shall thereupon make a written report to the Council reflecting such determination denying the permit. The Council shall, within thirty (30) days following the filing of said appeal, set said appeal for hearing to be held not less than ten (10) days nor more than thirty (30) days thereafter and such hearing may for good cause be continued by the order of the Council. Upon the hearing of the appeal the Council may overrule or modify the decision appealed from and enter any such order or orders as are in harmony with this Title 5, and such disposition of the appeal shall be final. (Ord. C-7423 § 14, 1996: Ord. C-6325 § 13 (part), 1986: Ord. C-6260 § 1 (part), 1986)

In the event the decision of the City Manager is reversed, the Council shall direct the City Manager to issue, or reinstate, as the case may be, such certificate.

5.28.110 Bond cancellation.

Such cancellation shall not affect any liability incurred or accrued thereunder prior to the effective date thereof. (Ord. C-6260 § 1 (part), 1986)

5.28.120 Solicitation regulations.

A. Unless the requirement is waived by the City Manager as provided in this Section, no person shall make any solicitation as defined in this Chapter unless such person exhibits to every person solicited a true and correct copy of an information card which shall be issued by the City Manager whenever he issues a solicitation permit.

This information card shall state that it is issued for public information purposes only and that it is not the City's endorsement of the solicitation. The information card shall include the following:

1. The name and address of the combined campaign, each organization, or fund on behalf of which all or any part of the money collected will be utilized for charitable purposes;

2. If there is no organization or fund, the manner in which the money collected will be utilized for charitable purposes;

3. The amount, stated as a percentage of the total gift or purchase price, that will be used for charitable purposes;

4. If paid fundraisers are paid a set fee rather than a percentage of the total amount raised, the card shall show the total cost that is estimated will be used for direct fundraising expenses;

5. If the solicitation is not a sale solicitation, the card may state, in place of the amount of fundraising expenses, that an audited financial statement of such expenses may be obtained by contacting the organization at the address disclosed;

6. The nontax-exempt status of the organization or fund, if the organization or fund for which the money or funds are being solicited does not have a charitable tax exemption under both federal and State law;

7. The percentage of the total gift or purchase price which may be deducted as a charitable contribution under both federal and State law. If no portion is so deductible the card shall state that "This contribution is not tax deductible";

8. If the organization making the solicitation represents any nongovernmental organization by any name which includes, but is not limited to, the term, "officer", "peace officer", "police", "law enforcement", "reserve officer", "fireman", "firefighter", "deputy", "deputy sheriff", which would reasonably be understood to imply that the organization is composed of law enforcement or safety personnel, the solicitor shall give the total number of members in the organization and the number of members working or living within the County where the solicitation is being made and if the solicitation is for advertising, the State-wide circulation of the publication in which the solicited ad will appear.

When making any solicitation, the solicitor shall read the information card to the person solicited, or present it to such person for his perusal and allow him sufficient opportunity to read it, before accepting any contribution.

B. In each instance where more than one (1) person solicits contributions under one (1) solicitation permit, each such person shall be supplied with a true and correct or facsimile copy of the information card issued by the City Manager. It shall be the responsibility of the organization or person to whom the solicitation permit has been issued to supply each such solicitor with such copy of the information card, unless the requirement for exhibiting such cards is waived by the City Manager as elsewhere provided in this Chapter.

C. When a campaign or drive for raising funds for any philanthropic purpose is given general publicity through the press, or otherwise, and when more than twenty-five (25) persons serve as solicitors without compensation for their services, the City Manager may, upon application by the person filing the notice of intention, waive the requirements of this Chapter with respect to information cards and the filing of copies of written authorizations of the solicitors serving without compensation, if it is established to the satisfaction of the City Manager and he finds that the publicity concerning the solicitation fully informs the general public and the persons to be solicited as to the facts required in this Section to be set forth on the information card.

D. Upon receipt of additional information which, in the opinion of the City Manager, may render incorrect any statement set forth in the information card, the City Manager shall recall every such information card and amend or correct the same and shall issue in lieu thereof a new information card amended or corrected in accordance with such additional information. Upon receipt of notification to return any information card for amendment or correction and new issue, as provided in this Section, the person who filed the notice of intention for the solicitation for which such card was issued shall present such recalled information card to the Police Department within twenty-four (24) hours from the time of receipt of said notification.

E. Upon request of the City Manager all information cards issued pursuant to this Chapter shall be returned to the Police Department upon completion of the solicitation for which they are issued, or at the expiration of the period for which they are valid. This disclosure requirement shall not apply to any radio or television solicitation of sixty (60) seconds or less.

If the charitable gift or sale is subsequently consummated, the information card required by Subsection 5.28.120.A shall be mailed to or otherwise delivered to the donor or buyer with a receipt and with items purchased or otherwise relevant to the solicitation. (Ord. C-6385 § 2, 1987)

5.28.130 Solicitation box or receptacle.

A. No person shall solicit, nor authorize any other person to solicit, any contribution for any purpose whatever by means of any box or receptacle unless a notice of intention, as required by this Chapter, has first been filed with the Police Department, except where such solicitation is made upon the privately owned or controlled premises of the solicitor not open or accessible to the general public; nor shall any such solicitation be made upon or in any public park, street, or any place or premises owned or controlled by the City, unless written permission therefor first has been obtained from the City Manager.

B. In every solicitation by box or receptacle where notice is required to have been given to the Police Department and an information card issued by the City Manager, an inscription shall be conspicuously placed on or attached to each box or receptacle containing a legible and true copy of such information card and an identification mark or number. A written list showing the number or identification mark of each receptacle or box and the location thereof shall be maintained by the permittee and shall be available upon demand of the City Manager. (Ord. C-6260 § 1 (part), 1986)

5.28.140 Receipt for contribution.

No person shall solicit any contribution of money for any charitable purpose unless such person tenders to each person making such contribution a written receipt signed by the solicitor, except that no receipt need be tendered if a donation of money is made by placing of same in a locked receptacle of a type approved by the City Manager or the donation of money is in an amount less than one dollar ($1.00). Such receipt shall include the name of the person upon whose behalf the solicitation is made, the amount of the contribution, the name of the donor and a statement, if so requested by donor, of any limitations on the use of the donation or special purposes to which the donation is to be applied. (Ord. C-6260 § 1 (part), 1986)

5.28.150 Accounting.

No persons shall solicit any contribution for any charitable purpose unless such person is maintaining a system of accounting whereby all contributions and all disbursements therefrom are entered upon the books or records of its Treasurer or other financial officer. (Ord. C-6260 § 1 (part), 1986)

5.28.160 Report.

Every person soliciting any contribution pursuant to a permit issued under this Chapter shall file with the City Manager within thirty (30) days after the close of any such solicitation, or within thirty (30) days after a demand therefor, a report stating the contributions secured from, or as a result of, any such solicitation, and in detail all expenses of, or connected with, such solicitation, and showing exactly for what uses and in what manner all such contributions were or are to be disbursed or distributed, including the distribution of contributions disbursed, or to be disbursed, for philanthropic purposes within the City. Every such report shall be made on forms to be furnished by the Police Department and signed by the person filing the notice of intention for such solicitation as provided in this Chapter. Such report, if made by any such corporation or association, shall be signed by at least two (2) officers thereof, provided that such report need be filed only on behalf of the permittee and not by an individual soliciting on behalf thereof. (Ord. C-6260 § 1 (part), 1986)

5.48.020 Payment of minimum compensation and sick days to hotel workers.

A. Except as otherwise provided in this Section, each hotel employer shall pay hotel workers a minimum hourly wage of not less than the following hourly rates:

1. On July 1, 2024, twenty-three dollars ($23.00) per hour.

2. On July 1, 2025, twenty-five dollars ($25.00) per hour.

B. The City Manager, or their designee, shall publish a bulletin by April 1 of each year announcing the adjusted rates, which shall take effect the following July 1. Such bulletin will be made available to all hotel employers and to any other person who has filed with the City Manager, or their designee, a request to receive such notice but lack of notice shall not excuse noncompliance with this Subsection. A hotel employer shall provide written notification of the rate adjustments this Section to each of its hotel workers and make the necessary payroll adjustments by July 1 following the publication of the bulletin. Other forms of compensation, such as, service charges, commissions, bonuses, tips or gratuities, received by hotel workers shall not be credited as being any part of or offset against the wage rates required by this Section.

C. Service charges shall not be retained by a hotel employer but shall be paid in the entirety by the hotel employer to the hotel worker(s) performing services for the customers from whom the service charges are collected. Service charges, or any part thereof, shall not be paid to supervisory or managerial employees. Service charges shall be paid to the hotel worker(s) in the next payroll following collection of a service charge from the customer. Without limitation of the foregoing:

2. Service charges collected for room service shall be paid to the hotel worker(s) who actually deliver food and beverage associated with the charge; and

3. Service charges collected for porterage service shall be paid to the hotel worker(s) who actually carry the baggage associated with the charge.

This Subsection does not apply to any tip, gratuity, money, or part of any tip, gratuity, or money that has been paid or given to or left for a hotel worker by customers over and above the actual amount due for services rendered or for goods, food, drink, or articles sold or served to the customer.

D. A hotel employer shall pay every hotel worker sick pay out of the employer's general assets as follows:

1. At least five (5) compensated days off per calendar year for sick leave at the hotel worker's request. The hotel worker need not present certification of illness to claim compensated time off, provided that such hotel worker has accrued the requested days of compensated time at the time of the request. A hotel worker shall be paid his or her normal daily compensation for each compensated day off;

2. A hotel worker shall accrue five-twelfths (5/12) of a day of compensated time for each full month in a calendar year that the hotel worker has been employed by the hotel employer. A hotel worker is entitled to use any accrued days of compensated time as soon as those days have accrued;

3. If any hotel worker has not utilized all of his or her accrued compensated time by the end of any calendar year, the hotel employer shall pay that hotel worker a lump sum payment at the end of the calendar year equivalent to the compensation due for any unused compensated time.

E. The provisions of this Section may not be waived by agreement between an individual hotel worker and a hotel employer. All of the provisions of this Section, or any part hereof, may be waived in a bona fide collective bargaining agreement, but only if the waiver is explicitly set forth in such agreement in clear and unambiguous terms. Unilateral implementation of terms and conditions of employment by either party to a collective bargaining relationship shall not constitute, or be permitted, as a waiver of all or any part of the provisions of this Section. A hotel employer shall not discharge, reduce the compensation of or otherwise discriminate against any hotel worker for using any civil remedies to enforce this Section or otherwise asserting his or her rights under this Section.

F. A hotel worker claiming violation of this Section may bring an individual or class action against his or her employer in Superior Court to enforce the provisions of this Section and shall be entitled to all remedies available under the law or in equity appropriate to remedy any violation of this Section, including but not limited to lost compensation, damages, reinstatement or injunctive relief. A hotel worker who prevails in any action to enforce this Section shall be awarded his or her reasonable attorney's fees and costs.

G. If any provision of this Section is declared illegal, invalid or inoperative, in whole or in part, by the final decision of any court of competent jurisdiction, the remaining provisions and all portions not declared illegal, invalid or inoperative shall remain in full force or effect, and no such determination shall invalidate the remaining provisions or portions of the provisions of this Section.

H. This Section may be amended from time to time by ordinance adopted by a two-thirds (2/3) vote of the members of the City Council upon a finding by the City Council that such amendment is consistent with and in furtherance of the purposes of this Section to ensure hotel workers receive fair compensation and benefits, such as, wages, service charges, and sick pay, for the work they perform. However, no action shall be taken by the City Council to increase the wages of hotel workers in this Section until on or after June 1, 2029. Thereafter, the City Council may amend this Section to increase the hourly wages of hotel workers five (5) years from the date of the last amendment by the City Council to increase such wages and after consideration of a labor market analysis.

CHAPTER 5.49 HOTEL WORKING CONDITIONS

5.49.010 Purpose.

The purpose of this initiative is to protect the safety and improve working conditions of hotel employees in the City.

Hotel employees who work by themselves are vulnerable to crimes and other threatening behavior, including sexual assault. This Chapter enables hotel workers to protect their safety by, among other measures, requiring that hotel employers provide workers who clean guest rooms with panic buttons which they may use to report threatening conduct by a hotel guest and other emergencies. Many instances of sexual assault go unreported to the police. This Chapter also includes provisions that support hotel employees' ability to report criminal and threatening guest behavior to the proper authorities.

Hotel employees who clean guest rooms are also frequently assigned overly burdensome room cleaning quotas and unexpected overtime, which undermines the public interest in ensuring that hotel room cleaners can perform their work in a manner that adequately protects public health and interferes with their ability to meet family and personal obligations. This Chapter includes provisions to assure that workers receive fair compensation when their workload assignments exceed proscribed limits and to prohibit hotel employers from assigning employees overtime work when their shifts exceed 10 hours in a day, except in emergency situations, without obtaining workers' informed consent. (Measure WW § 1, 2018)

"Hotel" means structures as defined by Long Beach Municipal Code section 9.02.080, and containing 50 or more guest rooms, or suites of rooms. "Hotel" also includes any contracted leased, or sublet premises connected to or operated in conjunction with the building's purpose, or providing services at the building.

"Hotel employee" means any individual: (1) who is employed directly by the hotel employer or by a person who has contracted with the hotel employer to provide services at a hotel in the City of Long Beach; and (2) who was hired to or did work an average 5 hours/week for 4 weeks at one or more hotels.

"Hotel employer" means a person who owns, controls, and/or operates a hotel in the City of Long Beach, or a person who owns, controls, and/or operates any contracted, leased, or sublet premises connected to or operated in conjunction with the hotel's purpose, or a person, other than a hotel employee, who provides services at the hotel.

"Workday" means a 24-hour period beginning at 12:00 a.m. and ending at 11:59 p.m. (Measure WW § 1, 2018)

5.49.030 Measures to protect hotel employees from harassment and assault.

A. Panic Buttons. A hotel employer shall provide a panic button to each hotel employee assigned to work in a guest room without other hotel employees present, at no cost to the hotel employee. A hotel employee may use the panic button if the hotel employee reasonably believes there is an ongoing crime, threatening behavior, or other emergency in the hotel employee's presence. The hotel employee may cease work and leave the immediate area of danger to await the arrival of assistance.

B. Notice in Guest Rooms. Each hotel employer shall place a sign on the back of each guest room door, written in a font size of no less than 18 points, that includes the heading "The Law Protects Hotel Housekeepers and Hotel Employees From Threatening Behavior," a citation to this Chapter of the Long Beach Municipal Code, and notice of the fact that the hotel is providing panic buttons to its housekeepers, room servers, and other hotel employees assigned to work in guest rooms without other hotel employees present, in compliance with this Chapter.

C. Hotel Employees' Rights. A hotel employee who brings to the attention of a hotel employer the occurrence of violence or threatening behavior, including but not limited to, indecent exposure, solicitation, assault, or coercive sexual conduct by a guest shall be afforded the following rights:

1. If the hotel employee reasonably believes that his or her safety is at risk and so requests, the hotel employee shall be reassigned to a different floor, or, if none is available for his or her job classification, a different work area, away from the

person who is alleged to have engaged in the violence or threatening behavior, for the entire duration of the person's stay at the hotel;

2. The hotel employer shall immediately allow the affected hotel employee sufficient paid time to contact the police and provide a police statement and to consult with a counselor or advisor of the hotel employee's choosing; the hotel employer will permit, but may never require, the complaining hotel employee to report an incident involving alleged criminal conduct by a guest to the law enforcement agency with jurisdiction; and

3. The hotel employer shall cooperate with any investigation into the incident undertaken by the law enforcement agency and/or any attorney for the complaining hotel employee. (Measure WW § 1, 2018)

5.49.040 Humane Workload.

A hotel employer shall not require a room cleaner to clean rooms amounting to more than 4,000 square feet of floorspace, or more than the maximum floor space otherwise specified in this Section, in any one, eight-hour workday unless the hotel employer pays the room cleaner twice his or her regular rate of pay for all hours worked by the room cleaner during the workday. If a room cleaner works fewer than eight hours in a workday, the maximum floor space shall be reduced on a prorated basis. When a room cleaner during a workday is assigned to clean any combination of seven or more checkout rooms or additional-bed rooms, the maximum floorspace to be cleaned shall be reduced by 500 square feet for each such checkout or additional-bed room over six. The limitations contained herein apply to any combination of spaces, including guest rooms and suites, meeting rooms or hospitality rooms, and apply regardless of the furniture, equipment or amenities in any rooms. (Measure WW § 1, 2018)

5.49.050 Voluntary overtime.

A hotel employer shall not suffer or permit a hotel employee to work more than 10 hours in any workday unless the hotel employee consents. Consents must be written and signed by the hotel employee or communicated electronically through an account or number particular to the hotel employee. No consent is valid unless the hotel employer has advised the hotel employee in writing not more than 30 days preceding the consent that the hotel employee may decline to work more than 10 hours in any workday and that the hotel employer will not subject the hotel employee to any adverse action for declining. An assignment in excess of 10 hours in a work day due to an emergency shall not violate this section. (Measure WW § 1, 2018)

5.49.060 Preservation of records.

Each hotel employer shall maintain for at least two years for each room cleaner a record of his or her name, pay rates received, and the rooms (or at the hotel employer's option, total amount of square footage) each room cleaner has cleaned on each workday. Each hotel employer shall preserve for at least two years a record of the written consents it received from hotel employees to work more than ten hours during a shift. The hotel employer shall make such records available to employees of the hotel or their representatives for inspection and copying except the hotel employees' names (and any addresses and social security numbers) shall be redacted unless the requester is a hotel employee requesting records concerning herself. Failure of the hotel employer to provide a copy of such records will result in a penalty of at least one hundred dollars ($100.00) per day up to one thousand dollars ($1,000.00) per day, the amount to be set by the court. (Measure WW § 1, 2018)

5.49.070 No retaliation.

No person shall discharge, reduce in compensation, increase workload, impose fees or charges, change duties or otherwise take adverse action against any hotel employee for opposing any practice proscribed by this article, for participating in proceedings related to this article, for seeking to enforce his or her rights under this article by any lawful means, or for otherwise asserting rights under this article. A person terminating or taking any other adverse action against any hotel em-

ployee who has engaged in any of the foregoing activities within one year preceding the termination or other adverse action shall provide to the hotel employee at or before the time of the termination or other adverse action a detailed written statement of the reason or reasons for the termination or other adverse action including all the facts substantiating the reason or reasons and all facts known to the person that contradict the substantiating facts. (Measure WW § 1, 2018)

5.49.080 Waiver.

The provisions of this Chapter may not be waived by agreement between an individual hotel employee and a hotel employer. All of the provisions of Sections 5.49.040 and 5.49.050, or any part thereof, may be waived in a bona fide collective bargaining agreement but only if the waiver is explicitly set forth in such agreement in clear and unambiguous terms. Unilateral implementation of terms and conditions of employment by either party to a collective bargaining relationship shall not constitute, or be permitted, as a waiver of all or any part of the provisions of this Section. (Measure WW § 1, 2018)

5.49.090 Enforcement.

A. A hotel employee or representative of hotel employees claiming violation of this chapter may bring an action in the Superior Court and shall be entitled to all remedies available under the law or in equity appropriate to remedy any such violation, including but not limited to injunctive relief or other equitable relief, including reinstatement, and compensatory damages and other relief provided in this subsection. In addition to any other remedy to which a hotel employee is entitled under this section, a hotel employer that violates Subsection A of Section 5.49.030 shall be liable to each affected hotel employee for statutory damages in the amount of fifty dollars ($50) for each day on which a violation occurred; a hotel employer that violates Section 5.49.040 shall be liable to each affected hotel employee for statutory damages in the amount of fifty dollars ($50) for each day on which a violation occurred; and a hotel employer that violates Section 5.49.050 shall be liable to each affected hotel employee for statutory damages in the amount of fifty dollars ($50) for each day on which a violation occurred. In the event of a willful violation of Section 5.49.070, the amount of damages attributable to lost income due to the violation shall be trebled. If a hotel employee is the prevailing party in any legal action taken pursuant to this article, the court shall award reasonable attorney's fees and costs as part of the costs recoverable.

B. Each hotel employer shall give written notification to each current hotel employee, and to each new hotel employee at time of hire, of his or her rights under this Section. The notification shall be in each language spoken by more than ten (10) hotel employees.

C. A hotel employer that contracts with another person, including, without limitation, another hotel employer, a temporary staffing agency, employee leasing agency or professional employer organization, to obtain the services of hotel employees shall share all civil legal responsibility, and civil liability for violations of this Chapter by that person for hotel employees performing work pursuant to the contract. For the purposes of this subsection, the term "person" shall not include: (1) A bona fide nonprofit, community-based organization that provides services to workers; (2) A bona fide labor organization or apprenticeship program or hiring hall operated pursuant to a collective bargaining agreement. (Measure WW § 1, 2018)

5.49.100 Severability.

If any provision or application of this chapter is declared illegal, invalid or inoperative, in whole or in part, by any court of competent jurisdiction, the remaining provisions and portions thereof shall remain in full force or effect. The courts are hereby authorized to reform the provisions of this chapter in order to preserve its maximum permissible effect. (Measure WW § 1, 2018)

5.49.110 No Preemption of Higher Standards.

This Chapter does not preempt or prevent the establishment of superior standards or the expan-

sion of coverage by ordinance, resolution, contract, or any other action of the City of Long Beach. This Chapter shall not be construed to limit a discharged hotel employee's right to bring a common law cause of action for wrongful termination. (Measure WW § 1, 2018)

5.49.120 Regulations.

The City shall have authority to adopt rules and regulations consistent with and necessary for the implementation of this Chapter. Such rules and regulations shall have the force and effect of law, and may be relied upon by hotel employers, hotel employees and other parties to determine their rights and responsibilities under this Chapter. (Measure WW § 1, 2018)

CHAPTER 5.53 COVID-19 CITYWIDE WORKER RETENTION

5.53.010 Purpose.

As a result of the COVID-19 pandemic, many workers in the City of Long Beach are facing significant job and economic insecurity. The COVID-19 pandemic has caused hospitality and janitorial service employers in the City to discharge, layoff and furlough workers at a massive scale. Many hotel and janitorial service workers have been separated from their jobs as a result of the pandemic, and thousands more are still experiencing economic hardship. This has caused a sense of uncertainty with these workers. While federal, state and local programs, and efforts by certain non-profits, have provided some support to hotel and janitorial service workers in the short-term, what these workers need most is the continuing opportunity of retaining their jobs during business transfers of ownership. To ensure fair employment practices, provide some security during times of economic upheaval and protect against dangers posed by future pandemics, including future COVID-19 variants and surges, the City hereby enacts legal protections for workers when a business changes ownership. (ORD-22-0009 § 1, 2022; ORD-20-0016 § 1, 2020)

2. The Successor Business Employer shall maintain a preferential hiring list of Workers identified by the Incumbent Business Employer as set forth in Subsection A.1 of this Section, and shall be required to hire from that list for a period beginning upon the execution of the Transfer Document and continuing for six (6) months after the Business is open to the public under the operation of the Successor Business Employer.

The Successor Business Employer shall retain a record of the written performance evaluation period of no fewer than three years.

C. Notice of change in control.

1. The Incumbent Business Employer shall post written notice of the Change in Control at the location of the affected Business within five (5) business days following the execution of the Transfer Document. Notice shall remain posted during any closure of the Business and for six (6) months after the Business is open to the public under the Successor Business Employer.

Workers, other employees, and applicants for employment. (ORD-22-0009 § 1, 2022; ORD-20-0016 § 1, 2020)

5.53.040 Enforcement.

A. A Worker may bring a private right of action in the Superior Court of the State of California against an Incumbent Business Employer or the Successor Business Employer for violations of this Chapter and may be awarded:

1. Hiring and reinstatement rights pursuant to this Chapter. For a Worker, the ninety (90)-day transition employment period begins on the Worker's Employment Commencement Date with the Successor Business Employer.

3. Value of the benefits the Worker would have received under the Successor Business Employer's benefits plan.

B. A civil action brought by a Worker alleging a violation of any provision of this Chapter shall commence only after the following requirements have been met:

D. Notwithstanding any provision of this Code, or any other ordinance to the contrary, no criminal penalties shall attach for violation of this Chapter. (ORD-22-0009 § 1, 2022; ORD-20-0016 § 1, 2020)

5.53.050 Retaliatory action prohibited.

No Incumbent or Successor Business Employer employing a Worker shall discharge, reduce in compensation, or otherwise discriminate against any Worker for opposing any practice proscribed by this Chapter, for participating in proceedings related to this Chapter, for seeking to exercise their rights under this Chapter by any lawful means, or for otherwise asserting rights under this Chapter. (ORD-22-0009 § 1, 2022; ORD-20-0016 § 1, 2020)

5.53.060 Exemption for collective bargaining agreement.

All of the provisions of this Chapter, or any part thereof, may be expressly waived in a collective bargaining agreement, but only if the waiver is explicitly set forth in the agreement in clear and unambiguous terms. Unilateral implementation of terms and conditions of employment by either party to a collective bargaining relationship shall not constitute a waiver of all or any of the provisions of this Chapter. (ORD-22-0009 § 1, 2022; ORD-20-0016 § 1, 2020)

5.53.070 No waiver of rights.

Except for a collective bargaining agreement provision made pursuant to Section 5.543.060, any waiver by a Worker of any or all provisions of this Chapter shall be deemed contrary to public policy and shall be void and unenforceable. Other than in connection with the bona fide negotiation of a collective bargaining agreement, any request by an Employer to a Worker to waive rights given by this Chapter shall be a violation of this Chapter. (ORD-22-0009 § 1, 2022; ORD-20-0016 § 1, 2020)

5.53.080 Severability.

If any section, subsection, sentence, clause or phrase of this Ordinance is for any reason held to be invalid or unconstitutional by a court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this Ordinance. The City Council hereby declares that it would have adopted this Ordinance and each and every section, subsection, sentence, clause and phrase thereof not declared invalid or unconstitutional, without regard to whether any portion of the Ordinance would be subsequently declared invalid or unconstitutional. (ORD-22-0009 § 1, 2022; ORD-20-0016 § 1, 2020)

5.53.090 Reserved.

Editor's note—ORD-22-0009 § 2, adopted Mar. 8, 2022, repealed § 5.53.090 entitled "City Manager report," which derived from ORD-20-0016 § 1, 2020.

CHAPTER 5.54 HOTEL WORKER SAFETY PRECAUTIONS

5.54.010 Purpose.

The purpose of this Chapter is to protect the safety of hotel employees in the City. Hotel employees who work by themselves are vulnerable to crimes and other threatening behavior, including sexual assault. This Chapter enables hotel workers to protect their safety by requiring that hotel employers provide workers who clean guest rooms with panic buttons which they may use to report threatening conduct by a hotel guest and other emergencies. Many instances of sexual assault go unreported to the police. This Chapter also includes provisions that support hotel employees' ability to report criminal and threatening guest behavior to the proper authorities. (ORD-18-0028 § 1, 2018)

5.54.020 Definitions.

A. "Emergency" means an immediate threat to public safety or of substantial risk of property loss or destruction.

B. "Guest" means registered guests, others occupying guest rooms with registered guests, and visitors invited to guest rooms by a registered guest or other occupant of a guest room.

C. "Guest room" means a room made available by a hotel for transient occupancy, consistent with Long Beach Municipal Code section 18.70.030.

D. "Hotel" means structures as defined by Long Beach Municipal Code section 9.02.080, or suites of rooms, and includes motels as defined by Long Beach Municipal Code section 21.15.1800. "Hotel" also includes any contracted, leased, or sublet premises connected to or operated in conjunction with the building's purpose, or providing services at the building. However, "hotel" shall not include short-term residential rentals (such as AirBnb, VRBO, Homeaway, Flipkey, and others), or bed and breakfast establishments meeting the conditions set forth in Section 21.52.209 of this Code.

E. "Hotel employee" means any individual: (1) who is employed directly by the hotel employer or by a person who has contracted with the hotel employer to provide services at a hotel in the City; and (2) who was hired to or did work an average 5 hours/week for 4 weeks at one or more hotels.

F. "Hotel employer" means a person who owns, controls, and/or operates a hotel in the City of Long Beach, or a person who owns, controls, and/or operates any contracted, leased, or sublet premises connected to or operated in conjunction with the hotel's purpose, or a person, other than an hotel employee, who provides services at the hotel.

G. "Panic button" means an emergency electronic contact device carried by a hotel employee by which the hotel employee may summon immediate on-scene assistance from a security guard or other person employed by the hotel.

H. "Person" means an individual, corporation, partnership, limited partnership, limited liability partnership, limited liability company, business trust, estate, trust, association, joint venture, agency, instrumentality, or any other legal or commercial entity, whether domestic or foreign. (ORD-19-0005 § 1, 2019; ORD-18-0028 § 1, 2018)

5.54.030 Measures to protect hotel employees from harassment and assault.

A. Panic buttons. A hotel employer shall provide a panic button to each hotel employee as-

signed to work in a guest room without other employees present, regardless of job classification, at no cost to the hotel employee. It is recognized that because of the varying size and physical layout of each hotel, different devices may be appropriate for different hotels. A hotel employee may use the panic button if the hotel employee reasonably believes there is an ongoing crime, threatening behavior, or other emergency in the hotel employee's presence. The hotel employee may cease work and leave the immediate area of danger to await the arrival of assistance.

B. Hotel employees' rights.

1. The hotel employer must allow guest room doors to be left open during cleaning. Nothing herein shall prevent a hotel employee from voluntarily electing to keep a guest room door closed during cleaning as the hotel employee sees fit.

2. A hotel employee who brings to the attention of a hotel employer the occurrence or violence or threatening behavior, including but not limited to indecent exposure, solicitation, assault, or coercive sexual conduct by a guest shall be afforded the following rights:

a. If the hotel employee reasonably believes that his or her safety is at risk and so requests, the hotel employee shall be reassigned to a different work area, away from the person who is alleged to have engaged in the violence or threatening behavior for the duration of any continued occupancy by the person at the hotel;

b. The hotel employer shall immediately allow the affected hotel employee sufficient time to contact the police and provide a police statement; and

c. The hotel employer shall cooperate with any investigation into the incident undertaken by the law enforcement agency with jurisdiction.

d. No person shall discharge, reduce in compensation, increase workload, impose fees or charges, change duties or otherwise take adverse action against any hotel employee for opposing any practice proscribed by this Chapter, for participating in proceedings related to this Chapter, for seeking to enforce his or her rights under this Chapter by any lawful means, or for otherwise asserting rights under this Chapter. A person terminating or taking any other adverse action against any hotel employee who has engaged in any of the foregoing activities within one (1) year preceding the termination or other adverse action shall provide to the hotel employee at or before the time of the termination or other adverse action a detailed written statement of the reason or reasons for the termination or other adverse action including all the facts substantiating the reason or reasons and all facts known to the person that contradict the substantiating facts.

e. Each hotel employer shall give written notification to each current hotel employee, and to each new hotel employee at the time of hire, of his or her rights under this Section. The notification shall be in each language spoken by more than ten (10) hotel employees. (ORD-19-0005 § 2, 2019; ORD-18-0028 § 1, 2018)

5.54.040 Application to existing hotels.

Any hotel containing fifty (50) or more guest rooms, or suites of rooms, operating under an existing business license on the effective date of this Chapter shall be brought into full compliance with the provisions of this Chapter, not later than six (6) months following the effective date of this Chapter. All other hotels containing less than fifty (50) guest rooms, or suites of rooms, operating under an existing business license on the effective date of this Chapter shall be brought into full compliance with the provisions of this Chapter, not later than twelve (12) months following the effective date of this Chapter. (ORD-18-0028 § 1, 2018)

5.54.050 Severability.

If any provision or application of this Chapter is declared illegal, invalid or inoperative, in whole or in part, by any court of competent jurisdiction, the remaining provisions and portions thereof shall remain in full force or effect. The courts are hereby authorized to reform the provisions in this Chapter in order to preserve its maximum permissible effect. (ORD-18-0028 § 1, 2018)

5.54.060 Relationship to other ordinances.

These provisions are not intended to abrogate or impair the provisions of any other section of this Code which is not in conflict with the provisions of this Chapter. However, in the event of a conflict between the provisions of this Chapter and the provisions of any other ordinance, the provisions of the Code that establish the more stringent, superior or higher standards shall control. (ORD-18-0028 § 1, 2018)

CHAPTER 5.55 COVID-19 CITYWIDE WORKER RECALL

5.55.010 Purpose.

As a result of the COVID-19 pandemic, many workers in the City of Long Beach are facing significant job and economic insecurity. The COVID-19 pandemic has caused hospitality and janitorial service employers in the City to discharge, layoff and furlough workers at a massive scale. Many hotel and janitorial service workers have already been separated from their jobs as a result of the pandemic, and thousands more are still experiencing economic hardship. This has caused a sense of uncertainty with these workers. While federal, state, and local programs, and efforts by certain non-profits, have provided some support to hotel and janitorial service workers in the short-term, what these workers need most is the promise of a return to their previous jobs as the pandemic begins to recede and business activity resumes. To ensure fair employment practices, provide some security during times of economic upheaval and protect against dangers posed by future pandemics, including future COVID-19 variants and surges, the City hereby enacts legal protections for workers laid-off due to the COVID-19 pandemic. (ORD-22-0010 § 1, 2022; ORD-20-0015 § 1, 2020)

5.55.020 Definitions.

The following definitions shall apply to this Chapter:

A. "City" means the City of Long Beach.

B. "Commercial Property Employer" means an owner, operator, manager or lessee, including a contractor, subcontractor, or sublessee, of a non-residential property in the City that provides janitorial services and employs twenty-five (25) or more employees.

C. "Employer" means a Commercial Property Employer or Hotel Employer.

D. "Hotel" has the same meaning as in Section 9.02.080 of the Long Beach Municipal Code.

E. "Hotel Employer" means any person who owns, controls, or operates a hotel in the City and employs twenty-five (25) or more employees who provide services at a hotel in conjunction with the hotel's purpose. A "Hotel Employer" includes any contracted, leased or sublet premises connected to or operated in conjunction with the building's purpose, or providing services at the building.

F. "Laid-off Employee" means a Hotel or Commercial Property employee who, in a particular week, performed at least two (2) hours of work within the geographical boundaries of the City for an Employer, had a Length of Service with the Employer of six (6) months or more, and whose most recent separation from active employment occurred on or after March 4, 2020, as a result of a lack of business, a reduction in work force, bankruptcy, or other economic, non-disciplinary reason. This Section creates a rebuttable presumption that any termination occurring on or after March 4, 2020, was due to a non-disciplinary reason. For purposes of this Chapter, a Laid-off Employee does not include any person employed as a manager, supervisor, or confidential employee.

G. "Length of Service" means the total of all periods of time during which a Laid-off Employee has been in active service, including periods of time when the Laid-off Employee was on leave or on vacation. (ORD-22-0010 § 1, 2022; ORD-20-0015 § 1, 2020)

5.55.030 Right of recall.

A. Priority for Laid-off Employees. An Employer shall offer its Laid-off Employees in writing, to their last known mailing address, electronic

mail and text message to the extent the Employer possesses such information, all job positions which become available after the effective date of this Chapter for which the Laid-off Employee is qualified. A Laid-off Employee is qualified for a position if the Laid-off Employee:

1. held the same or similar position at the site of employment at the time of the Laid-off Employee's most recent separation from active service with the Employer; or

2. is or can be qualified for the position with the same training that would be provided to a new employee hired into that position.

The Employer shall offer positions to Laid-off Employees in an order of preference corresponding to categories (1) and (2) above. Where more than one (1) Laid-off Employee is entitled to preference for a position, the Employer shall offer the position to the Laid-off Employee with the greatest Length of Service with the Employer.

B. Time Limit. A Laid-off Employee who is offered a position pursuant to this Chapter shall be given no less than five (5) business days in which to accept or decline the offer of re-employment. A "business day" is any day except Saturday, Sunday or official state holidays. (ORD-22-0010 § 1, 2022; ORD-20-0015 § 1, 2020)

5.55.040 Enforcement.

A Laid-off Employee may bring a private right of action in the Superior Court of the State of California against an Employer for violations of this Chapter and may be awarded:

A. Hiring and reinstatement rights pursuant to this Chapter.

B. All actual damages (including, but not limited to, lost pay and benefits) suffered by the Laid-off Employee and for statutory damages in the sum of one thousand dollars ($1,000), whichever is greater.

C. Punitive damages, pursuant to California Civil Code Section 3294.

D. Reasonable attorney's fees and costs, as determined by the court, if the Laid-off Employee is the prevailing party in the action; or

E. To an Employer who prevails and obtains a court determination that the worker's lawsuit was frivolous.

F. A civil action by a Laid-off Employee alleging a violation of any provision of this Chapter shall commence only after the following requirements have been met:

1. The Laid-off Employee provides written notice to the Employer of the provisions of this Chapter alleged to have been violated and the facts to support the alleged violation; and

2. The Employer is provided fifteen (15) days from receipt of the written notice to cure any alleged violation.

G. Notwithstanding any other provision of this Code, or any other ordinance to the contrary, no criminal penalties shall attach for a violation of this Chapter. (ORD-22-0010 § 1, 2022; ORD-20-0015 § 1, 2020)

5.55.050 Retaliatory action prohibited.

No employer shall terminate, reduce in compensation, or otherwise discriminate against any worker for seeking to enforce their rights under this Chapter by any lawful means, for participating in proceedings related to this Chapter, for opposing any practice proscribed by this Chapter, or for otherwise asserting rights under this Chapter. (ORD-22-0010 § 1, 2022; ORD-20-0015 § 1, 2020)

5.55.060 Exemption for collective bargaining agreement.

All of the provisions of this Chapter, or any part of the Chapter, may be waived in a bona fide collective bargaining agreement, but only if the waiver is explicitly set forth in that agreement in clear and unambiguous terms. Unilateral implementation of terms and conditions of employment by either party to a collective bargaining relationship shall not constitute or be permitted as a waiver of all or any part of the provisions of this Chapter. (ORD-22-0010 § 1, 2022; ORD-20-0015 § 1, 2020)

5.55.070 No waiver of rights.

Except for a collective bargaining agreement provision made pursuant to Section 5.55.060, any

waiver by a worker of any or all provisions of this Chapter shall be deemed contrary to public policy and shall be void and unenforceable. Other than in connection with the bona fide negotiation of a collective bargaining agreement, any request by an Employer to a worker to waive rights given by this Chapter shall constitute a violation of this Chapter. (ORD-22-0010 § 1, 2022; ORD-20-0015 § 1, 2020)

5.55.080 Severability.

If any section, subsection, sentence, clause or phrase of this Ordinance is for any reason held to be invalid or unconstitutional by a court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this Ordinance. The City Council hereby declares that it would have adopted this Ordinance, and each and every section, subsection, sentence, clause and phrase thereof not declared invalid or unconstitutional, without regard to whether any portion of the Ordinance would be subsequently declared invalid or unconstitutional. (ORD-22-0010 § 1, 2022; ORD-20-0015 § 1, 2020)

5.55.090 Reserved.

Editor's note—ORD-22-0010 § 2, adopted Mar. 8, 2022, repealed § 5.55.090 entitled "City Manager report," which derived from ORD-20-0015 § 1, 2020.

CHAPTER 5.56 LOCKSMITHS

5.56.010 Applicability.

This Chapter shall apply to "locksmiths" as that term is defined in California Business and Professions Code Section 6980(j). This Chapter shall not apply to those persons set forth in California Business and Professions Code Section 6980.12. (Ord. C-7423 § 22, 1996: Ord. C-6260 § 1 (part), 1986)

5.56.020 Permit and license required.

A. The person has paid any business license tax required pursuant to Chapter 3.80 herein; and

B. The person holds a valid locksmith license in accordance with the provisions of California Business and Professions Code Section 6980.10, and exhibits a copy of said license. (Ord. C-7423 § 22, 1996: Ord. C-6260 § 1 (part), 1986)

CHAPTER 5.57 NUISANCE MOTEL REGULATION

The Downtown Dining and Entertainment District (the "DDED") shall be established to provide consistent standards for the co-existence of residential and entertainment uses in Downtown Long Beach.

The DDED's boundaries are set forth in Long Beach Municipal Code Section 5.72.210.

Portions of the DDED are within the boundaries of PD 30 (Downtown Plan), which establishes a mix of uses, including residential, office, commercial, restaurant, retail and entertainment uses (the "DT Plan").

A. Definitions.

"Ambient Music" shall mean low-level background music, whether amplified or not amplified, which is audible from a distance of no more than ten feet (10') from any portion of the exterior of the premises, and which is intended to create ambiance and is not intended to entertain. Ambient Music does not include music played by a disc jockey or DJ. An entertainment permit is not required for Ambient Music.

"Amplified Music" shall mean electronically enhanced music which is audible from a distance of no more than fifty feet (50') from any portion of the exterior of the premises, and which is intended to entertain.

"Entertainment" as used here shall have the same definition as "entertainment activity" contained in Long Beach Municipal Code Section 5.72.115.

"Nightclub" shall have the same definition as "nightclub" contained in Long Beach Municipal Code Section 21.15.1855. A "nightclub" in the DT area within the DDED must apply for and obtain a Conditional Use Permit as required by Long Beach Municipal Code Section 21.25.206 and consistent with the Downtown Plan. This does not include nightclubs south of Ocean Boulevard as they are not in PD 30.

All other establishments desiring entertainment permits in the DDED must, in addition to the requirements of Sections 5.72 and 21.15.110, agree in writing to comply with the conditions of the DDED as set forth below.

B. Standard Conditions.

1. Individuals and business entities who apply for and obtain entertainment permits ("Permittees") shall comply with all applicable laws, regulations, ordinances and stated conditions. If Permittee fails to comply with the conditions of this permit, or if his or her operations result in excessive police service as defined below, Permittee will be required to operate under the more restrictive conditions described in Paragraph C, "Tiered Conditions," without further hearing.

2. When the Chief of Police determines that excessive police services are required as the result of any incident or nuisance arising out of or in connection with Permittee's operations, the cost of such services shall be billed to Permittee as an expense of an emergency response. "Expense of an emergency response" means those costs incurred by the City of Long Beach in making any appropriate emergency response to the incident, and shall be comprised of all costs directly arising because of the response to the particular incident, including, but not limited to, the costs of providing police, firefighting, rescue, and emergency med-

ical services at the scene of the incident, as well as the salaries of the personnel responding to the incident.

3. Indoor entertainment and outdoor Ambient Music that otherwise conforms with the requirements of state and local laws and regulations may be offered until 2:00 a.m., seven (7) days a week.

4. Outdoor Amplified Music, including entertainment activity on rooftop patios or areas with sidewalk-occupancy permits, must be applied for and will be considered separately from indoor entertainment. Outdoor amplified entertainment, if permitted, will be subject to the following restrictions: a) sound amplifying equipment may be used only between 10:00 a.m. and 10:00 p.m. Sunday through Thursday, and 10:00 a.m. and midnight Friday and Saturday; b) in conjunction with an Occasional Event Permit, pursuant to Long Beach Municipal Code section 5.72.130; or c) in conjunction with a special events permit. Permittee agrees that the following standard is reasonable: Noise emanating from Permittee's premises shall not be unreasonably loud or disturbing in light of the facts and circumstances then prevailing within fifty feet (50') of the perimeter of the premises in all directions.

5. Permittees shall place or post conditions on the premises in a place easily accessible by City staff, including law enforcement personnel.

6. Each holder of an existing entertainment permit within the DDED and each new applicant for a DDED, including an applicant who acquires an existing business through a change of ownership, shall, within ninety (90) days of application, be required to acknowledge that he or she has read, understood and agreed to the conditions of the permit. Each new applicant for a DDED permit, including an applicant who acquires an existing business through a change of ownership, shall, within ninety (90) days of application, submit proof of attending the LEAD program offered by the Department of Alcoholic Beverage Control.

7. Permittees shall be responsible for all entertainment activities at the location, including those conducted by promoters. Each Permittee and promoter conducting business within the City of Long Beach shall obtain a City of Long Beach Business License prior to conducting entertainment activities governed by a DDED permit. Permittee shall provide all promoters and agents hired to conduct entertainment activities with a copy of the approved permit, which shall include a copy of the approved conditions of operation. In addition, promoters must have or obtain a Promoter's License. Once the Promoter's License has been approved, the promoter will be added to a list of approved promoters in the City of Long Beach.

8. If Permittee utilizes an independent third party event promoter to provide entertainment related services resulting in any public safety call for service, the City reserves the right to remove and/or restrict the use of independent third party promoters.

9. The operation of the establishment shall be limited to those activities expressly indicated on the entertainment permit application and approved by the City Council. Any change in the operation that exceeds the conditions of the approved permit will require approval by City Council.

10. Permittee shall conduct all aspects of his or her operation, including before- and after-hours deliveries and maintenance, in consideration of residences located nearby.

11. Permittee agrees that the following standard is reasonable: Noise emanating from Permittee's premises shall not be unreasonably loud or disturbing in light of the facts and circumstances then prevailing within fifty feet (50') of the perimeter of the premises in all directions. Sound and amplification equipment shall be monitored during business hours to ensure that audible noise remains at acceptable levels in accordance with Long Beach Municipal Code Chapter 8.80.

12. On and after the date this ordinance takes effect, applicants for new entertainment permits in the DDED must cause an acoustical study to be prepared by a qualified, certified acoustical engineer, hired by the applicant and acceptable to the City, which shall demonstrate the sound emanating from the applicant's establishment meets the

sound standards described in Long Beach Municipal Code Chapter 8.80. The study shall be reviewed and confirmed by the Health Department and the Development Services Department during their review of the permit application.

13. A new applicant for an entertainment permit in the DDED, including an applicant who acquires an existing business through a change of ownership, may be eligible to request a waiver of the requirement to conduct a sound study if the applicant meets one of the following criteria:

a. The location had an entertainment permit, and no more than twelve (12) months have elapsed since the permitted entertainment at that location ceased; or

b. Verifiable evidence that best sound mitigation practices were used in the construction or retrofitting of the location.

14. The waiver request shall be presented to a committee comprised of representatives of the City's noise office, business license bureau and zoning administration, who will conduct a hearing to determine if the sound study waiver is appropriate for the location. The committee shall consider but not be limited to the following: the previous use of the location, the history of sound-related complaints and violations at the location, proximity to residential development and the age and condition of the building, including sounds mitigation efforts. The committee shall determine if the waiver request shall be granted or denied.

15. Denial of a waiver request may be appealed to a City hearing officer pursuant to Long Beach Municipal Code Section 2.93.050.

16. No adult entertainment, as defined by Long Beach Municipal Code Subsection 5.72.115.B, shall be conducted on the permitted premises. Permittees shall not allow, permit, procure, or encourage, anyone to expose male or female genitals, cleft of the buttocks, the areola or any portion of the female breast below the areola, while at or inside the business.

17. Current occupancy loads shall be posted at all times, and Permittee shall have an effective system to keep count of the number of occupants present at any given time and provide that information to public safety personnel upon request, as required by Long Beach Municipal Code Section 18.48.200.

18. If Permittee's operations give rise to a substantial increase in complaints/calls for police service, Permittee shall increase security staff, implement the use of electronic metal detection equipment, increase outside lighting, or make other changes to the premises or operation as the Chief of Police determines are necessary to protect the safety of the public. In the event of a conflict on this issue between the requirements of this permit and any permit issued by the Alcoholic Beverage Commission, the more stringent regulation shall control.

19. Permittee shall be responsible for maintaining an adequate security staff to supervise patrons and those waiting to enter. Potential patrons awaiting entry in a defined "queue" shall be counted toward the calculation of required security staffing levels. For up to fifty (50) people inside (or in a defined queue waiting to enter) an establishment, the Permittee shall provide a minimum of one (1) uniformed licensed security guard per floor. There shall be one (1) additional guard for each subsequent increment or each partial increment of fifty (50), plus one (1) guard per each additional floor. The Chief of Police may relax these staffing levels during daylight hours, or during hours in which the primary activity in the establishment is dining, if he determines that a lower level of security staffing is consistent with the protection of public health and safety. 32. Permits may be administratively reviewed by the City within six (6) months from the date of issuance to monitor compliance with permit conditions.

C. Tiered Conditions. "Tiered Conditions" as set forth below consist of progressively more stringent regulations on entertainment and related activities in the DDED. By applying for an entertainment permit in the DDED, the applicant must agree to the conditions set forth below and must agree to waive a hearing if these conditions are applied. The City Council may add further conditions not listed here, or revoke the permit, if Permittee does not comply with the conditions imposed in this permit. These conditions do not modify or limit in any way the authority of the Chief of Police to enforce Penal Code Section 415 (disturbing the peace) against any person, or of the Chief of Police or the Fire Marshal to immediately take action in the event of an imminent threat to public health or safety.

1. Tier 1 Conditions:

a. Permittee may have entertainment on the premises during the maximum hours permitted in

the DDED, consistent with the conditions imposed in the entertainment permit, ABC requirements and with conditions imposed under a Conditional Use Permit (if applicable). As long as the primary requirements for safety and noise are met (Conditions 1-29), Permittee may choose the methods of meeting those requirements.

b. Noncompliance with Tier 1 conditions: When the City determines that Permittee has violated the terms of the permit, including Permittee's obligation to comply with all other laws and regulations, he or she may require Permittee to attend a meeting with the involved departments to address community concerns and discuss how the implementation of Tier 2 Conditions can be avoided.

2. Tier 2 Conditions:

a. Noise: Following the receipt of three (3) or more noise complaints that require a response by the Police Department within a 30-day period and which are found to violate the noise standard prohibiting unreasonably loud sound fifty feet (50') from the perimeter of the premises, Permittee will be notified that his or her premises must comply with those Tier 2 Noise Conditions which the City determines are necessary to protect the public peace and to comply with the City's noise ordinance, from among the following list:

(i) Permittee must keep all doors and windows closed except while patrons are entering or exiting;

(ii) Permittees shall submit an acoustical study, performed by a qualified, certified acoustical engineer, hired by the applicant and acceptable to the City. The study shall be reviewed and confirmed by the Health Department and the Development Services Department. Based on the results of the acoustical study, appropriate mitigation measures may be required so that the noise emanating complies with the sound ordinance. Such measures must be completed and approved by the City before outdoor amplified entertainment will be permitted. If the Permittee did not previously perform and submit such an acoustical study and mitigation measures, the Permittee shall do so. Once a Permittee has been notified of Tier 2 status, the Permittee can no longer qualify for a waiver pursuant to Paragraph 13;

(iii) Sound and amplification equipment shall be monitored during business hours to ensure that audible noise remains at acceptable levels in accordance with Long Beach Municipal Code Chapter 8.80;

(iv) No entertainment of any kind will be permitted after 1:00 a.m.;

(v) No outdoor entertainment of any kind (amplified or non-amplified) will be permitted after 10:00 p.m.;

b. Security/Public Safety: For the purposes of this Section, an "incident" means a complaint or occurrence that requires a Police or Fire Marshal response to Permittee's premises due to Permittee's noncompliance with the terms and conditions of the Entertainment Permit. Following three (3) or more incidents within a 30-day period, or a single incident involving violence, the Chief of Police or Fire Marshal may notify Permittee of additional measures and conditions to be implemented. These additional measures will be some or all of the following:

(i) Additional security personnel at hours determined necessary by the Chief of Police to prevent Permittee's operations from creating a public nuisance;

(ii) Additional security checks on incoming patrons;

(iii) No entertainment of any kind will be permitted after 1:00 a.m.;

(iv) No queue after midnight. Any persons gathering outside the establishment shall be considered to be loitering;

(v) Any additional measures deemed necessary by the Chief of Police or the Fire Marshal to protect health and safety;

(vi) Upon the request of a Permittee who has been required to implement Tier 2 conditions, the Chief of Police, in consultation with the Fire Marshal and the Health Department, shall review Per-

mittee's recent compliance history and determine whether some or all conditions can be returned to Tier 1 levels consistent with the protection of public health and safety.

3. Tier 3 Conditions: The failure of a permittee to resolve noise and/or security/public safety issues as directed by the City within a period not to exceed thirty (30) days shall result in the implementation of Tier 3 conditions:

a. Noise:

(i) No outdoor entertainment of any kind will be permitted at any time;

(ii) Only Ambient Music will be permitted at any time OR Amplified Music will only be permitted until 10:00 p.m. any night;

(iii) All noise must be contained within the premises. No noise shall be audible outside the establishment;

(iv) Implement Health Department recommendations to mitigate noise, including pre- and post-implementation monitoring data collected by a certified noise expert approved by the Health Department.

b. Security/Public Safety:

(i) Entertainment must cease not later than 10:00 p.m. on Sunday through Wednesday nights and no later than midnight on Thursday through Saturday nights. The Chief of Police is authorized to make adjustments of up to one (1) hour in these times to protect the public peace;

(ii) Permittee shall limit the queue outside the establishment to no more than twenty (20) people. There shall be no queue within two (2) hours of the lawful closing time. Any persons gathering outside the establishment shall be considered to be loitering;

(iii) Any additional measures determined necessary by the Chief of Police or the Fire Marshal may be imposed to protect health and safety.

If the City determines that Permittee has not modified his or her operations in compliance with Tier 3 conditions and Permittee continues to violate the terms and conditions of the Entertainment Permit, the City shall begin revocation or suspension proceedings. Permittee is entitled to a hearing to contest such revocation or suspension. In the event of a conflict between the requirements of the downtown program and the more general provisions of this Chapter, the requirements of the downtown program shall control within the program area. In the event of a conflict between a downtown entertainment permit and a license issued by the department of alcoholic beverage control, the more stringent regulation shall govern. Restrictive covenants or CC&Rs proposed subsequent to the effective date of the Coastal Act (January 1, 1977) that restrict short-term rentals in the Coastal Zone shall require a Local Coastal Development Permit (LCDP) under the certified provisions of Division IX of Section 21.25 (Specific Procedures) of the Municipal Code to authorize the restriction for specific buildings. If such a LCDP is approved, the City shall comply with Section 5.77.050.O of these regulations.

5.77.030 Registration required.

A. No person or entity shall advertise, rent, or operate a short-term rental in the City unless a short-term rental (STR) registration has been issued by the City pursuant to this Chapter. An operator of the STR shall register with the City and shall be responsible for all requirements of this Chapter. Application for a STR shall be in a form prescribed by the Director with all information determined by the Director to be necessary to evaluate the eligibility of the operator, consistent with this Chapter.

B. Eligibility requirements. The following requirements must be met at the time of submitting a STR registration application:

1. The dwelling unit shall not be an accessory dwelling unit, a junior accessory dwelling unit, a deed restricted affordable housing unit, in a special group residence, a single room occupancy, or included on the prohibited buildings list.

2. The STR operator shall not operate more than one (1) primary residence STR and more than one (1) non-primary residence STR in the City.

3. The number of STRs in residential development projects shall not exceed the number of dwelling units identified in the Table below:

Number of dwelling units in a residential development project	Number of STRs allowed per residential development project
2 to 10	1
11 to 50	10%
51 to 100	12%
101 or more	15%

4. The total number of non-primary residence STR registrations allocated shall not exceed eight hundred (800) dwelling units, unless otherwise directed by the City Council by ordinance or resolution. In the coastal zone, the maximum number of non-primary dwelling units registered as STRs is three hundred fifty (350). The Citywide cap on STRs shall not be applied to prohibit additional STRs in the coastal zone until the three hundred fifty (350) STR units in the coastal zone are exhausted. The total number of non-primary residence STR registrations allocated shall be reviewed by the City Council on an annual basis.

5. The STR operator shall identify, to the satisfaction of the City, an emergency contact person who shall be available twenty-four (24) hours per day, seven (7) days a week for: (1) responding within one (1) hour to complaints forwarded from the City or its agent regarding the condition, operation, or conduct of the STR or its guests; and (2) taking any remedial action necessary to resolve such complaints.

6. A signed and notarized property owner consent form shall be provided if the STR operator is not the property owner. A property manager may submit this form on behalf of the property owner with a fully executed and current property management agreement.

7. The dwelling unit or property shall not be the subject of any active or pending code enforcement actions or violations pursuant to the City's Municipal Code.

8. No STR registration for the dwelling unit has been revoked or disallowed within the last twelve (12) months.

9. If the dwelling unit is subject to the rules of a homeowners' or condominium association or non-discriminatory restrictive covenant that restricts STRs or their equivalent, allowance to engage in short-term rental activity through this Chapter shall not be inferred to grant any permission that invalidates or supersedes any provisions in those documents. In the Coastal zone, this provision only applies to the rules of a homeowners' or condominium association or non-discriminatory restrictive covenant recorded prior to the Coastal Act (January 1, 1977).

10. The operator shall sign an indemnification and hold harmless agreement in a form approved by the City Attorney, agreeing to indemnify, save, protect, hold harmless, and defend the City of Long Beach, the City Council of the City of Long Beach, individually and collectively, and the City of Long Beach representatives, officers, officials, employees, agents, and volunteers from any and all claims, demands, damages, fines, obligations, suits, judgments, penalties, causes of action, losses, liabilities, or costs at any time received, incurred, or accrued as a result of, or arising out of the operator's actions or inaction in the operation, occupancy, use, and/or maintenance of the short-term rental.

11. The unit shall be legally permitted as a dwelling unit.

12. The STR operator shall state whether the STR has Americans with Disabilities Act (ADA)-accessible features.

13. After the submission of an application, the property shall receive an inspection to determine the presence of any hazardous or unsafe conditions and document the areas that will be advertised for STR occupancy by guests. If the City determines corrective action is needed as a result of the inspection, the owner shall resolve these issues prior to the issuance of a STR registration.

14. After the approval of a STR registration, City Councilmembers' offices in that district shall be notified by the Director or their designee.

15. There shall be no outstanding code enforcement citation fees owed against the property.

16. If the STR operator fails to obtain within forty-five (45) days after the application has been reviewed by the City, such application shall become invalid and no registration shall be issued unless a new application is submitted and a new fee paid.

(ORD-25-0001 § 1, 2025)

5.77.040 Expiration and renewal.

A. A STR registration is valid for one (1) year from the date of issuance. It may not be transferred or assigned and does not run with the land.

A STR registration may be renewed annually if the operator: (1) pays the renewal fee; (2) provides information concerning any changes to the previous application for, or renewal of, the STR registration; (3) submits records described in Section 3.64.080 for the last year to demonstrate compliance with this Chapter; (4) provides updated written documentation as applicable; and (5) is not the subject of any active or pending criminal or civil investigations, or actions involving violence pursuant to the City's Municipal Code and/or the California Penal Code.

B. Upon review of a STR renewal application, the City may require a re-inspection of the property as a condition of STR renewal registration approval.

C. In order for a STR registration to be eligible for renewal, the dwelling unit or property owner and/or operator shall not be the subject of any active or pending code enforcement actions or violations, criminal or civil investigations, or actions involving violence pursuant to the City's Municipal Code and/or the California Penal Code.

D. A STR registration shall not be renewed if the STR owner or operator has accumulated three (3) or more citations during any contiguous eighteen (18) month timeframe.

E. Should the number of non-primary residence STR registrations reach the amount listed in Section 5.77.030(B)(4), failure to submit a renewal application to the City at least thirty (30) days prior to the expiration of the registration shall render the registration and permission to operate a STR null and void at the expiration of the registration.

F. If the STR operator fails to obtain approval within forty-five (45) days after the renewal application has been reviewed by the City, such renewal application shall become invalid and no registration shall be issued unless a new application is submitted and a new fee paid.

G. A STR registration shall not be renewed if there are outside code enforcement citation fees owed against the property.

(ORD-25-0001 § 1, 2025)

5.77.050 Short-term rental regulations.

A. All marketing and advertising of a STR, including any listing on a hosting platform, shall clearly list the City-issued STR registration number and expiration date.

Accessory dwelling units (ADU) and junior accessory dwelling units (JADU) are approved for residential use but are prohibited from use as a STR.

C. Un-hosted stays in a primary residence STR shall be limited to a maximum of ninety (90) days per the annual term of registration.

D. Un-hosted stays shall be prohibited in census tract block groups in the City where such stays are prohibited in accordance with Section 5.77.080 or any successor Section.

E. Each STR shall have a notice posted within the unit in a location clearly marked and accessible to the guest (e.g., posted on the refrigerator, included within a binder with additional information on the unit, etc.), containing the following information:

1. The maximum number of occupants permitted in the unit;

2. Parking capacity, location of parking spaces, and parking rules, if any;

3. Trash and recycling pickup information;

4. The name of the emergency contact person and a telephone number at which that person may be reached on a twenty-four (24) hour basis;

F. The maximum number of persons who may be present on the STR property at one (1) time shall be limited to two (2) persons per bed-

room, plus two (2) up to an absolute maximum of eight (8). This calculation shall be inclusive of children. A studio unit shall be considered to have no bedrooms and a maximum occupancy of two (2). Lofts that meet California Building Code egress requirements are considered a bedroom for the purposes of this occupancy calculation. At no time during a short-term rental stay may the maximum occupancy exceed eight (8) persons in any STR. Large-scale events (i.e., exceeding maximum allowed occupancy) such as commercial parties, weddings, fundraisers, and conferences, are prohibited as part of the short-term rental use, unless a STR occasional event permit has been issued. The maximum number of occasional event permits that can be issued during the annual term of registration per STR is four (4), and any application for an occasional event permit thereafter and within the same registration term shall automatically be deemed null and void by the City.

G. Use of all outdoor pools, spas and hot tubs shall be prohibited between the hours of 10:00 p.m. and 7:00 a.m.

H. All activities shall comply with all provisions of the Municipal Code, including, but not limited to Chapter 9.31 (Loud Parties on Private Property) and Chapter 8.60 (Solid Waste, Recycling and Litter Prevention).

I. No STR shall be used for filming or special events unless the STR operator possesses a valid STR registration, in addition to a Special Events Permit, as applicable.

J. No registered STR operator shall offer or provide hourly rentals to a paying guest at the residence, property, or any other portion thereof where the unit is registered.

K. No sign shall be posted on the exterior of the STR premises to advertise the availability of the STR rental unit to the public.

L. No person shall offer, advertise, book, facilitate, or engage in short-term rental activity in a manner that does not comply with this Chapter.

M. The STR operator shall not knowingly book, transfer, or facilitate the booking to any person banned or removed from any STR in the previous five (5) years.

N. No STR advertisement shall offer a unit, bedroom, or any other area not documented during an inspection(s) described in Section 5.77.030(B)(13) or Section 5.77.040(B), whichever is more recent.

O. Short-term rentals shall comply with all applicable laws and regulations of the City including those pertaining to health, safety, building, and fire protection.

P. The STR operator shall pay all applicable fees and charges set by the City Council by resolution as may be necessary to effectuate the purpose of this Chapter.

Q. It is unlawful for any STR host, operator, occupant, renter, lessee, person present upon, or person having charge or possession of the STR premises, to make or continue to cause to be made or continued any loud, unnecessary or unusual noise which disturbs the peace and quiet of any neighborhood, or which causes discomfort or annoyance to any reasonable person of normal sensitivities residing in the area, or which violates any provision of Chapter 8.80 ("Noise") of this Code.

R. The appearance of the STR premises shall not conflict with the residential character of the neighborhood. All applicable development, design, and landscaping standards, including, but not limited to, those contained in Title 21 of this Code, are expressly made applicable to any premises used for STR purposes.

S. In the coastal zone, upon City or Coastal Commission approval of the first Coastal Development Permit that restricts STRs in the coastal zone, which shall include the required findings in Division IX of Section 21.25 (Specific Procedures) of the Municipal Code for LCDPs related to short-term rentals, the City shall prepare and submit to the Coastal Commission, within one (1) year of the final action on the LCDP, a report that evaluates the required findings for LCDPs that restrict STRs (Section 21.25.904 of the certified Zoning Code) and the cumulative impacts of such restrictions on coastal resources, including but not limited to public access and recreation. After the first report, new reports shall be submitted to the Commission every five (5) years from the date of the

first submittal. If the City or the Commission's Executive Director identifies adverse impacts to coastal resources or inconsistencies with the City's certified LCP resulting from restrictions on STRs in the coastal zone, then the City shall submit within one (1) year a Local Coastal Program Amendment (LCPA) request to the California Coastal Commission that addresses any identified adverse impacts to coastal resources by amending the LCP to mitigate for any adverse impacts identified and modify the certified short-term rental regulations to avoid such impacts in the future.
(ORD-25-0001 § 1, 2025)

5.77.060 Short-term rental operator requirements.

A. The operator shall provide information on the maximum allowed number of occupants, parking capacity and location of parking spaces, noise regulations, and trash and recycling disposal requirements to prospective guests, prior to their occupancy of the unit.

B. Any issues raised by the City to the STR operator must be resolved within the timeframe set by the City when notified by a Notice of Violation or citation issued, and failure to do so may result in penalties, fines, and/or fees.

C. The operator shall provide and maintain working fire extinguishers, smoke detectors, and carbon monoxide detectors, in compliance with life, fire, and safety codes; and information related to emergency exit routes on the property, emergency contact, and emergency response contact information.

If a Hosting Platform does not collect payment for the rental, operators are solely responsible for the collection of all applicable TOT and remittance of the collected tax to the City in accordance with Chapter 3.64 (Transient Occupancy Tax). If a Hosting Platform does collect payment for the rentals, then it and the operator shall both have legal responsibility for the collection and remittance of the TOT.

F. The operator and property owner shall be jointly responsible for any nuisance violations arising at a property during short-term rental activities.

G. The operator shall authorize any hosting platform on which his or her STR(s) is listed to provide to the City the operator listing and other information to demonstrate compliance with all provisions of this Chapter.

H. The operator must consent to receive all City notices and fines regarding STR registration by U.S. mail.
(ORD-26-0004 § 1, 2026; ORD-25-0001 § 1, 2025)

5.77.070 Hosting platform responsibilities.

A. Hosting platforms shall not process or complete any booking transaction for any STR if notified by the City that a valid current STR registration number has not been issued by the City to the operator. Hosting platforms are required to list the STR registration number and expiration date. Hosting platforms shall not process or complete any booking transaction for any property located in the City that would exceed the limit of days as set forth in Section 5.77.050(C).

B. Within forty-five (45) days of the effective date of this Ordinance, hosting platforms with listings located in the City shall provide to the City contact information for an employee or representative of the hosting platform that will be responsible for responding to requests for information from the City, including requests related to possible violations of this Chapter.

C. Subject to applicable laws, a hosting platform with listings located in the City shall provide to the City on a monthly basis, in a format specified by the City, the STR registration number of each listing, the name of the person responsible for each listing, the address of each such listing,

and, for each booking that occurs within the reporting period, the number of days booked, and the total price paid for each rental.

D. In the event a hosting platform has entered into a platform agreement, and an operator has assigned the responsibilities for the collection and remittance of transient occupancy tax to the hosting platform, then the hosting platform and the operator shall have the same duties and liabilities, including but not limited to the collection and remittance of transient occupancy tax to the City in compliance with this Chapter and Chapter 3.64 (Transient Occupancy Tax) of this Code.

E. The provisions of this Section shall be interpreted in accordance with otherwise applicable State and Federal law(s) and will not apply if determined by the City to be in violation of, or preempted by, any such law(s).

F. Hosting platforms shall remove any listings for STRs, including those on the City's prohibited buildings list, from the platform upon notification by the City. The City Manager shall develop, by administrative regulation, processes and procedures for the removal of any listing.

G. Hosting platforms shall inform all operators who use the platform of the operator's responsibility to collect and remit all applicable local, state, and federal taxes, unless the platform has a platform agreement.

H. It is unlawful to be a hosting platform operating in the City unless the responsibilities in this Section are fully complied with.
(ORD-25-0001 § 1, 2025)

5.77.080 Request to Petition to restrict un-hosted short-term rentals within a geographical census tract block group.

A. The property owners of residential property in any census tract block group within the City may request the City to initiate a petition process, using a form provided by the Director, to prohibit un-hosted STRs within that census tract block group.

Exception. In the Coastal Zone, the petition process shall follow the procedures below and requires a Coastal Development Permit under the certified provisions of Division IX of Section 21.25 (Specific Procedures) of the Municipal Code to authorize the restriction pursuant to Section 5.77.080(D).

B. A successful petition must include the signatures, printed names, and addresses of a majority of the property owners of residential real property that received petition forms located within the boundaries of the census tract block group. The petition process shall in all cases be initiated within one hundred and eighty (180) days after the effective date of this Chapter, and a new one hundred and eighty (180) day petition process period shall be established annually thereafter from January 1 through June 30. The petitioning process will be completed by the City via U.S. mail, and the requestor(s) shall be responsible for the cost of initiating and completing the petition process, which cost will be established by the City Council by resolution. All petition signatures shall be collected by the City, and shall include the street address of each signer, and shall indicate and set forth the positive desire of all those signing the petition to prohibit un-hosted stays within the boundaries of the census tract block group. Each census tract block group shall be limited to the submission of one (1) request to initiate a petition process during any one hundred eighty (180)-day petition process period, on a first come, first served basis. Any second or subsequent petition request for the same census tract block group during the annual one hundred eighty (180)-day petition process period shall automatically be deemed null and void by the City without opportunity for an administrative appeal.

C. For undelivered petitions, the City shall date stamp all undelivered petition documents returned to the City by the U.S. Post Office on the day received by the City. Undelivered petition documents with a City date stamp of five (5) or more days prior to the postmark date indicated on the petition form, inclusive of the postmark date, and with a forwarding address for the owner provided by the U.S. Post Office, shall be re-mailed to the

forwarding address provided via regular mail and shall include copies of all originally mailed petition documents.

D. To the extent a petition seeks to prohibit un-hosted STRs within the Coastal Zone boundaries of the City, and the petition process is successful, it shall have no effect on properties within the Coastal Zone boundaries until the California Coastal Commission or City approves a Coastal Development Permit in conformance with the required findings of the Coastal Act. Any petition to restrict un-hosted short-term rentals shall adhere to the certified provisions of Division IX of Section 21.25 (Specific Procedures) of the Municipal Code for procedures for LCDPs related to short-term rentals. A LCDP approving a petition to prohibit un-hosted STRs in a census tract block group shall remain in effect subject to the expiration time limit established under the approved LCDP.

E. For purposes of the petition, each residential property within the census tract block group shall be represented by the signature of at least one (1) property owner and multiple signatures for the same property shall count as one (1) signature.

F. The Director shall develop, and make publicly available, the process for conducting petitions in accordance with this Chapter.

G. Following approval of an un-hosted restriction by the Director, the City shall provide notice of the restriction to all residential property owners within the boundaries of the affected census tract block group.

H. Once approved, a restriction on un-hosted STRs shall remain in effect for a minimum of three (3) years following the effective date of such restriction. After the initial three (3) year restriction period, the restriction shall remain in effect indefinitely unless and until such restriction(s) are prohibited by law; or a request to initiate a petition to eliminate the restriction is filed with the City and a majority of the property owners within the restricted census tract block group sign the petition reflecting the positive desire of all those signing the petition to remove the restriction on un-hosted stays.

I. The Department of Community Development shall cause to be posted online a list or map of the current census block groups where un-hosted STRs are prohibited.

J. Any fees associated with the filing of the petition, or the removal of a restriction once adopted, shall be established by the City Council by resolution.

K. Upon the filing of a petition in a census tract block group, the City Councilmember's office in that district must be notified of all petitions that have been circulated in their respective district.

(ORD-26-0004 § 2, 2026; ORD-25-0001 § 1, 2025)

3. Violation of the STR maximum occupancy, noise, or other requirements as set forth in this Chapter;

4. Providing false or misleading information on a STR registration application or other documentation required by this Chapter;

5. Any attempt to rent an unregistered STR by advertising the property for short-term rental purposes;

8. Violations of state, county, or City health, building, or fire regulations;

10. Conduct or activities that constitute a public nuisance as determined by the City or which otherwise constitute a hazard to public peace, health, or safety.

B. Violations of this Chapter may not need a cure period and will result in an immediate citation issued to the STR owner or operator, upon City's verification of the violation.

C. Any and all violations involving violence on the STR property or by STR guests shall receive an immediate citation and shall count as double towards the three (3) citations for non-renewal of the STR registration.

D. Any and all violations of Chapter 5.77 of the Long Beach Municipal Code, or the California Penal Code, shall count as violations toward the three (3) citations required for non-renewal of the STR registration.

E. The Director shall have the ability to cancel or suspend a STR registration if the STR owner or operator fails to timely respond to or remedy an incident involving violence on the STR property or by STR guests.

F. Unless otherwise described in this Section, enforcement of this Chapter shall be subject to the processes and procedures in Chapter 1.32 of the Municipal Code.

G. Notwithstanding anything to the contrary in Chapter 1.32, the fine shall be one thousand dollars ($1,000) for each violation. A STR owner or operator may receive multiple citations for a single event, if it violates multiple provisions of the Municipal Code and/or California Penal Code, or if the violations continue for multiple days without successful resolution.

H. If three (3) citations have been issued against a STR property, registered or unregistered, within an eighteen (18) month period, the STR registration may be revoked, suspended, disallowed, or additional conditions may be imposed by the Director by providing written notice to the STR property owner setting forth the basis of the intended action and giving the owner an opportunity, within fourteen (14) calendar days, to present responding information to the Director. After the fourteen (14) day period, the Director shall determine whether to revoke the registration, suspend the registration, disallow the registration, or impose additional conditions upon the registration and thereafter give written notice of the decision to the owner. If a STR registration is revoked or disallowed, no dwelling unit on that parcel may be registered with the City for a minimum period of twelve (12) months, regardless of who is the STR operator, and may only be registered thereafter upon request and review by the Director or their designee.

I. The City hereby finds and declares that repeated violations of this Chapter constitute a public nuisance which may be enjoined under all applicable laws including Code of Civil Procedure Section 731.

J. Any person, hosting platform, or STR owner or operator convicted of violating any provision of this Chapter in a criminal case or found to be in violation of this Chapter in a civil or administrative action brought by the City shall be ordered to reimburse the City its full investigative and enforcement costs, pay back all unpaid TOT if applicable, and remit all illegally obtained rental related revenue to the City.

K. If any violation of this Chapter is found to exist, the City may recover attorneys' fees, court costs, fees, and other reasonable costs in any civil or criminal action necessary to enforce the provisions of this Chapter.

L. If any violation of this Chapter is found to exist, the City may issue an administrative citation to any operator pursuant to Chapter 9.65 of this Code.

M. The City may take any other action permitted by law or equity to ensure compliance with this Chapter, including, but not limited to, general code enforcement procedures set forth in Titles 5, 9, 18 and 21 of this Code.

N. The City may issue and serve administrative subpoenas as necessary to obtain specific information regarding STR listings located in the

City, including, but not limited to, the names of the persons responsible for each such listing, the address of each such listing, the length of stay for each such listing, and the price paid for each stay, to determine whether the STR listings comply with this Chapter. Any subpoena issued pursuant to this Section shall not require the production of information sooner than thirty (30) days from the date of service. A person, hosting platform, or STR owner or operator that has been served with an administrative subpoena may seek judicial review during that thirty (30) day period.

O. Any person, hosting platform, or STR owner or operator aggrieved by a decision of the Director with respect to the provisions of this Chapter may appeal the decision to the Board of Examiners Appeals and Condemnation ("BEAC"). The decision of the BEAC shall be final, subject to judicial review pursuant to Code of Civil Procedure Sections 1094.5 and 1094.6.

P. The remedies provided in this Section are cumulative and not exclusive, and nothing in this Section shall preclude the use or application of any other remedies, penalties, or procedures established by law. (ORD-25-0001 § 1, 2025)

5.77.100 Fees.

The City Council may establish and set by resolution all fees and charges as may be necessary to effectuate the purpose of this Chapter. (ORD-25-0001 § 1, 2025)

5.77.120 Severability clause.

If any provision or clause of this Chapter or the application thereof to any person or circumstances is held to be unconstitutional or to be otherwise invalid by any court of competent jurisdiction, such invalidity shall not affect other section provisions or clauses or applications, and to this end the provisions, sections and clauses of this ordinance are declared to be severable. (ORD-25-0001 § 1, 2025)
