(2) Where practical, specimen trees or any other tree determined by the department to be of substantial value because of its species, size, age, form and/or historical significance, proposed for removal, shall be relocated on or off-site within the commission district of the subject property. The applicant shall adhere to acceptable tree relocation standards and specifications. The department may require a certified arborist to monitor the root pruning and tree relocation preparation efforts on site and to provide documentation certifying that the work was accomplished according to acceptable standards and specifications.

(3) If it is impractical to relocate said tree(s) either on or off-site, because of age, type or size, the applicant shall be required to replace all trees permitted to be removed in accordance with the tree replacement requirements in section 17-6.

(4) The department may require that the applicant provide a written report from a certified arborist before making any determinations in conjunction with this article. The department may also require monitoring by a certified arborist during construction and/or tree activity requiring a tree permit to assure tree preservation.

(Ord. No. 13670, § 2, 3-23-17)

Sec. 17-6. Tree replacement.

(a) *Tree replacement chart.* The tree replacement chart 17.6.1.1 below, shall be used to determine the total number and size of trees that shall be planted as replacement trees for all trees permitted to be removed. The replacement trees are based on the diameter in inches (DBH) of the trees to be removed. To determine the required replacement trees, calculate the total sum in inches of the diameters of all trees to be removed. This sum will result in one single number in inches that represents the combined total of the diameters of all trees to be removed. Diameter measurement shall be rounded up to the nearest inch.

CHART 17.6.1.1 TREE REPLACEMENT CHART

Total diameter of tree(s) to be removed (sum of inches at DBH)	*Total number of replacement trees required (where each Replacement Tree is a minimum of 2" DBH x 6' spread in Canopy x 12' in height)*	*OR*	*Total number of replacement trees required (where each Replacement Tree is a minimum of 4" DBH x 8' spread in Canopy x 16' in height)*	*Contribution to Tree Trust Fund*
2"—3"	1	or	0	$1,000.00
4"—6"	2	or	1	$2,000.00
7"—12"	4	or	2	$4,000.00
13"—18"	6	or	3	$6,000.00
19"—24"	8	or	4	$8,000.00
25"—30"	10	or	5	$10,000.00
31"—36"	12	or	6	$12,000.00
37"—42"	14	or	7	$14,000.00
43"—48"	16	or	8	$16,000.00
49"—60"	20	or	10	$20,000.00

(1) If the sum of the diameter of trees to be removed exceeds a total of 60 inches, the additional inches shall be added cumulatively from the top of the chart, down to the bottom of the chart, to calculate the number of trees required as replacement trees.

(2) Up to 30 percent of the two-inch DBH replacement tree requirement may be met by native species with a minimum height of ten feet and a minimum DBH of one and one-half inches at time of planting.

(3) The removal of a palm shall be replaced with two palms at 16 feet overall height with a six-inch DBH or one tree at 12 feet overall height with a two-inch DBH. Native palms of a 14-foot minimum overall height and minimum DBH of three inches at time of planting shall count as a required two-inch DBH replacement tree on the basis of two palms per required tree. No more than 30 percent of the required replacement trees shall be palms.

(b) *Tree species.* Tree(s) installed as replacement trees shall be of a native or non-invasive species and shall be planted at grade or ground level according to ANSI A300 best management practices manual, incorporated herein by reference. When more than ten trees are installed as replacement trees, a diversity of species shall be required as per chart 17.6.2.1 tree species diversity chart, below.

CHART 17.6.2.1 TREE SPECIES DIVERSITY

Required Number of Trees	*Required Minimum Number of Species*
11—20	2
21—50	4
51 or greater	6

(c) *Tree replacement alternatives.*

(1) Replacement trees for homestead properties may comply with the following alternatives:

a. The removal of a non-specimen/non-native tree, a controlled tree species

or a palm species shall be replaced with a native species at a one-to-one ratio upon written confirmation from the department. Replacement shall be of minimum replacement size at two inches DBH and 12 feet overall height.

b. Trees authorized for removal from lots that meet the minimum lot tree requirements, as described in Article 9 of the Miami 21 Code, shall be replaced at a one-to-one ratio, excluding specimen trees and trees effectively destroyed as a result of tree abuse.

c. Homestead properties that remove trees without a proper tree permit must comply with the standard replacement tree quantities and requirements and may not avail themselves of these alternatives.

d. Hardship exemption. A person who meet either of the following criteria may be able to apply for a waiver, full or partial, of the requirements for tree replacement on homestead property as set forth in this section and subsection 17-10(a)(2) of the City Code:

1. Persons who qualify for the senior citizen exemption pursuant to F.S. § 196.075.

2. Persons whose total household income is below 80 percent of the area median income ("AMI") of Miami-Dade County as determined by the United States Department of Housing and Urban Development ("HUD") annually.

e. Tree gifting program. The gifting of trees by the city to property owners for the purpose of increasing the city's tree canopy, whenever possible, shall be conducted by the city manager or his designee in a manner that is in accordance with applicable laws.

(2) Prohibited tree species may be removed after obtaining a tree permit. Replacement trees are not required for the removal of any prohibited tree species as listed in current edition of the Miami-Dade County Prohibited Species List, except Lofty Fig (Ficus altissima) and Banyan Tree (Ficus benghalensis) which are subject to the provisions of this article. No fees will be assessed for tree removal of prohibited tree species.

(3) The city manager or designee, after a recommendation of the department, may adjust the requirement of replacement trees for affordable housing developments that are procured by the city and/or funded by the city, regardless of the source of funds.

(d) *Tree quality.* After issuance of a tree permit, replacement trees in accordance with this section shall conform to, or exceed, the minimum standards for Florida Number One as provided in the most current edition of "Florida Grades and Standards for Nursery Plants, Part I and II," prepared by the state department of agriculture and consumer services, and incorporated herein by reference. Trees shall be planted according to sound nursery practices as illustrated in the landscape manual.

(e) *Off-site replacement trees.* If the total number of replacement trees cannot be reasonably planted on the subject property, the applicant may enter into a written agreement with the city, as approved by the department, to plant the excess replacement trees on public property within the city commission district of the subject property. If the department confirms and verifies that replacement trees cannot be planted within the city commission district of the subject property due to capacity issues, the department may approve the planting of the excess replacement trees in other parts of the city. An alternative to off-site replacement is provided in subsection (f), relating to the contribution to the tree trust fund. Applicants may do both to the extent that they should proffer to do so.

(f) *Tree trust fund.* If the department determines that an applicant is not able to comply with the planting of replacement trees

either on-site or off-site as required by this section, then the applicant shall make a financial contribution into the city's tree trust fund prior to issuance of the tree permit as follows:

(1) *Non-homestead properties.* The contribution shall be equal to $1,000.00 for each two-inch DBH tree required in accordance with Chart 17.6.1.1.

(2) *Homestead properties.* The contribution shall be equal to $500.00 for each two-inch DBH tree required in accordance with Chart 17.6.1.1 per calendar year. If additional tree permits are issued in the same calendar year, the subsequent contribution shall be equal to $1,000.00 for each two-inch DBH tree required in accordance with Chart 17.6.1.1.

(3) *Hardship exemption.* A person who meets either of the following criteria may be able to apply for a waiver, full or partial, of the requirements for the tree trust fund on homestead property as set forth in this section and subsection 17-10(a)(2) of the City Code:

a. Persons who qualify for the senior citizen exemption pursuant to F.S. § 196.075.

b. Persons whose total household income is below 80 percent of the AMI of Miami-Dade County as determined by the HUD annually.

(g) *Completion.* The replacement tree process shall be completed prior to the issuance of a certificate of occupancy or temporary certificate of occupancy. Moreover, the approval of a tree permit is contingent on any requirements set forth in subsections (a) through (f) above.

(h) *Maintenance of relocated and replacement trees.* Trees that are relocated or replaced must be maintained in a healthy growing condition and guaranteed for a period of at least one year unless otherwise authorized by the department in writing.

(Ord. No. 13670, § 2, 3-23-17; Ord. No. 13697, § 2, 7-27-17)

Sec. 17-7. Tree protection.

(a) *Tree protection during construction.* Trees shall be protected during construction activity as determined by the department through the use of protective barriers in accordance with the landscape manual. Trees that are to remain shall be clearly identified with tags. Tree protection barriers shall be maintained around the trees in accordance with the tree protection plan approved by the department.

Prior to and during demolition, development, or construction, including installation of irrigation systems or any other underground installations, protective barriers shall be placed around the perimeter of each tree's TPZ and shall remain in place in order to prevent the destruction or damaging of roots, stems or crowns of such trees. The barriers shall remain in place and intact until approved landscape operations begin; however, barriers may be removed temporarily to accommodate construction needs, provided that the manner and purpose for such temporary removal will not harm the trees. The trees shall be properly irrigated throughout the building process. Trees damaged during construction shall be subject to the provisions of section 17-9.

(b) *Other tree requirements.* Property owners shall protect the trees designated for preservation in the approved tree permit from chemical poisoning, excavation, grade changes, and any other potential tree abuse to at least the following minimum standards:

(1) *Utility line trenches.* Utility line trenches and/or directional borings shall be routed away from the trees to an area outside the TPZ to the maximum extent possible.

(2) *Parking on site during construction or development activities.* No parking, vehicle maintenance, storage of construction materials or debris, or cleaning of equipment shall take place within areas marked for preservation specifically including, but not limited to, within the TPZ of any individual trees or cluster of trees.

(Ord. No. 13670, § 2, 3-23-17)

Sec. 17-8. Appeals, appellate fees.

(a) *Appeals to the historic and environmental preservation board ("HEPB").* The property owner, the applicant, or any aggrieved party having standing under state law, may appeal to the HEPB any decision of the department on matters relating to applications for tree permits, except for tree permits granted to the departments of public works or capital improvements program, by filing a written notice of appeal to the preservation officer, as established in chapter 23 of this Code, within ten calendar days after the date of the intended decision. The notice of appeal shall include the decision appealed from and the reasons or grounds for the appeal. A person whose interests in the proceeding are adversely affected in a manner greater than those of the general public may request intervenor status as defined in this chapter. HEPB shall hear and consider all facts material to the appeal. HEPB may affirm, modify or reverse the decision of the department.

All appeals to the HEPB in accordance with this article shall be accompanied by a fee of $315.00, except for appeals initiated by abutting property owners, as defined in the Miami 21 Code, for which a tree permit is sought. Appeals by a nonprofit corporation dedicated to conservation and protection of the natural and physical environment, or appeals by a homeowners association, as defined by F.S. ch. 720, as amended, which has one member who owns property within 500 feet of the subject property shall pay a reduced appeal fee of $157.50.

(b) *Appeals to the city commission.* The property owner, the applicant, the department, or any aggrieved party having standing under state law, may appeal to the city commission any decision of the HEPB on matters relating to applications for tree permits by filing a written notice of appeal with the department of hearing boards within 15 calendar days after the date of the decision. The property owner, the applicant, or any aggrieved party having standing under state law may appeal to the city commission any decision by the department on matters relating to tree permit applications for the departments of public works or capital improvements program or to their contractors, by filing a written notice of appeal with the department of hearing boards, within 15 calendar days after the date of the intended decision. The notice of appeal shall include the decision appealed from and the reasons or grounds for the appeal. The city commission shall conduct a hearing de novo as a body of original jurisdiction, upon any appeal and/or review from an appealable decision under the terms of this article, as amended. A person whose interests in the proceeding are adversely affected in a manner greater than those of the general public may request intervenor status as defined in this chapter. New evidence or materials may be received by the city commission where such evidence or materials are pertinent to a determination of the appeal. The city commission may hear the testimony of witnesses and/or any other evidence offered by any person aggrieved or by any officer, board or agency of the city affected thereby or by any interested party having an interest in the appeal under state law and may, in conformity with this article and other applicable laws, rules and regulations, render its decision. The city commission shall hear and consider all facts material to the appeal and may affirm, modify or reverse, in whole or in part, with or without conditions, HEPB's decision, or may grant or deny the appeal of the tree permit issued to the departments of public works and capital improvements.

All appeals to the city commission in accordance with this section shall be accompanied by a fee of $525.00, plus $4.50 per mailed notice to the adjacent owners within a 500-foot radius. A certified list of said adjacent owners shall be provided with all appeals. However, no fees shall be assessed for appeals initiated by abutting property owners, as defined by the Miami 21 Code, for which a tree permit is sought. Appeals by a nonprofit corporation dedicated to conservation and protection of the natural and physical environment, or appeals by a homeowners association, as that term is defined by F.S. ch. 720, as amended, which has one member who owns property within 500 feet of the subject property shall pay a reduced appeal fee of $262.50.

The decision of the city commission shall constitute final administrative review, and no

petition for rehearing or reconsideration, shall be considered by the city. Appeals from decisions of the city commission may be made to the courts as provided by the Florida Rules of Appellate Procedure.

(c) *Notice.* All public hearings on appeals shall be noticed as follows. Notice of the time and place of the public hearing shall be mailed at least ten calendar days in advance of the hearing to the owner of the subject property and the owners of the adjacent properties. At least ten calendar days in advance of the hearing, a sign, in compliance with the provisions of section 62-19 of this Code, shall be posted on the subject property.

(d) *No tree removal permitted during an appeal.* Upon timely submission of an appeal made pursuant to the requirements of this section, new construction and removal of any trees which could be affected by the subject appeal is prohibited, pending final disposition of the appeal. A violation of this subsection will automatically result in an additional $500.00 fine payable to the city's tree trust fund for each separate violation of this section.
(Ord. No. 13670, § 2, 3-23-17; Ord. No. 13971, § 2, 2-25-21)

Sec. 17-9. Enforcement.

(a) *Jurisdiction.* Code Compliance shall have jurisdiction for the proper and effective enforcement of this article, under chapter 2, article X entitled code enforcement. Code compliance shall have the right to inspect subject properties in accordance with the approved tree permit and the provisions of this article. The department shall work with code compliance to ensure effective enforcement of this article. Upon notification by code compliance and/or the department, the building official may immediately issue a stop work order for any work that contributes to the violation of this article. A stop work order shall remain in effect until the violation has been corrected, including payment of all fines.

(b) *Individual enforcement.* Each tree removed, relocated or illegally pruned without a tree permit shall constitute a separate and distinct violation and shall be the subject of individual enforcement.
(Ord. No. 13670, § 2, 3-23-17)

Sec. 17-10. Penalties, remedies cumulative.

(a) *Fine.* Any property that violates this article shall be subject to the following penalties:

(1) Non-homestead properties. For every tree that has been the subject of tree activity without a tree permit or the subject of tree abuse, a fine of $1,000.00 per tree shall be imposed.

(2) Homestead properties. For every tree that has been the subject of tree activity without a tree permit or the subject of tree abuse, a fine of $500.00 per tree shall be imposed.

(3) Said fines are appealable to the code enforcement board pursuant to chapter 2, article X of this Code.

(4) Any property that has had a previous fine for a violation of this article within the past five years may receive a fine as stated in this section and shall also be automatically referred to the code enforcement board pursuant to chapter 2, article X of this Code and subject to enhanced penalties of $5,000.00 per day per violation pursuant to F.S. § 162.09.

(5) Nothing in this article shall prohibit the city from enforcing this article by any other means. The enforcement procedures outlined herein are cumulative to all others and shall not be deemed to be prerequisites to filing suit for the enforcement of any section of this article.

(6) Hardship exemption. A person who meets either of the following criteria may be able to apply for a waiver, full or partial, of the requirements of this section:

a. Persons who qualify for the senior citizen exemption pursuant to F.S. § 196.075.

b. Persons whose total household income is below 80 percent of the AMI of Miami-Dade County as determined by the HUD annually.

(b) *Tree replacement required.* The planting of replacement trees shall be required, in addition to the monetary fines assessed pursuant to this article. The number of trees required as replacement for each tree that was removed without a permit is provided in Chart 17.10.2.1, the tree replacement chart, for trees removed without a permit, below. If the total number of trees required as replacement trees cannot be reasonably planted on the subject property, the applicant may contribute to the city's tree trust fund in the amount provided in Chart 17.10.2.1.

CHART 17.10.2.1. TREE REPLACEMENT CHART FOR TREES REMOVED WITHOUT A PERMIT

Diameter (DBH of each tree removed without a permit	*Total number of Replacement Trees required (where each Replacement Tree is a minimum of 2" DBH x 6' spread in Canopy x 12' in height)*	*OR*	*Total number of Replacement Trees required (where each Replacement Tree is a minimum of 4" DBH x 8' spread in Canopy x 16' in height)*	*OR*	*Contribution into Tree Trust Fund*
2"—3"	2	or	1	or	$2,000.00
4"—6"	4	or	2	or	$4,000.00
7"—12"	8	or	4	or	$8,000.00
13"—18"	12	or	6	or	$12,000.00
19"—24"	16	or	8	or	$16,000.00
25"—30"	20	or	10	or	$20,000.00
31"—36"	24	or	12	or	$24,000.00
37"—42"	28	or	14	or	$28,000.00
43"—48"	32	or	16	or	$32,000.00
49"—60"	40	or	20	or	$40,000.00

If the sum of the diameter of trees to be removed exceeds a total of 60 inches, the additional inches shall be added cumulatively from the top of the chart, down to the bottom of the chart, to calculate the number of trees required as replacement trees. If the exact DBH cannot be determined for trees removed without a permit, established industry practices shall be used to determine an estimated DBH, as approved by the department.

(c) *High-risk trees.* Trees that are high-risk trees, as a result of tree abuse, are subject to the replacement tree requirements of subsection (b). High-risk trees that result from any other reason are not subject to replacement trees.

(d) *Tree viability after project completion.* If the department determines that any tree is not viable, alive and growing one year after all associated tree activity on the property is completed, the department shall require that said tree be replaced with the same tree species and size which was originally planted or relocated, as per the approved tree permit.

(e) *Withholding of a new building permit.* Any tree activity in violation of this article shall constitute grounds for withholding new building permits directly related to said tree activity until the violation has been corrected, including payment of all fines and planting of all required replacement trees as pursuant to this section.

Alternatively, in order to obtain the new building permit, the person in violation may post a payment and performance bond pursuant to F.S. § 255.05, as amended, naming the city as obligee. The bond shall be in the amount of ten percent of the construction cost or ten percent of the appraised value of the property, if no construction exists. The bond will remain in place until the violation has been corrected, pursuant to this section. In the event a bond is not feasible, the city may accept an irrevocable, unconditional letter of credit, in the previously stated percentages, naming the city as payee.

(f) *Withholding of a certificate of occupancy.* The department shall not approve the zoning inspection required for a temporary or final certificate of occupancy until all tree permits have been finalized and violations of this article have been corrected, including the payment of all fines and the planting of all replacement trees required as mitigation, pursuant to this section.

(g) *Remedies cumulative.* The remedies provided in this section shall be cumulative to all remedies provided by law and/or equity, and the election of one shall not preclude the other.

(h) *Costs and fees.* In the event the city institutes any civil action to enforce the provisions of this article in a court of competent jurisdiction, if the city succeeds as prevailing party, it shall be entitled to recover the fines assessed pursuant to the violation(s), the cost of replacement trees required as mitigation, the costs associated with the investigation and prosecution including reasonable attorney fees, and any equitable and/or legal remedies assigned by the court.
(Ord. No. 13670, § 2, 3-23-17; Ord. No. 13697, § 2, 7-27-17)

Sec. 17-11. Exemptions.

The following are exempt from the provisions of this article:

(1) Any tree growing in a botanical garden, or a licensed plant or tree nursery business.

(2) When the city manager or designee determines, in writing, that tree permitting requirements will impede private or public work to restore city order after a declared state of emergency by the city commission.

(3) The immediate removal of any tree that presents a life safety issue, by demonstrating to the city, following the review and recommendation of the department, which may require photographic proof revised and/or other supporting documentation, to help determine the condition of the tree prior to its removal.

(4) Nothing in this article shall be construed to prevent the pruning or trimming of trees where necessary for proper landscape maintenance and safety, provided that the pruning or trimming of trees is done in accordance with ANSI A-300 Tree Care Standards and the guidelines illustrated in the landscape manual.

(Ord. No. 13670, § 2, 3-23-17)

Secs. 17-12—17-25. Reserved.

ARTICLE II. ENVIRONMENTAL PRESERVATION DISTRICTS*

Sec. 17-26. Definitions.

For the purposes of this article, definitions are found in section 17-2.
(Code 1967, § 64-1; Ord. No. 9769, § 1, 12-15-83; Code 1980, § 17-1; Ord. No. 13174, § 2, 5-13-10; Ord. No. 13971, § 2, 2-25-21)

Sec. 17-27. Intent of article.

The intent of this article shall be as follows:

(1) To preserve and protect trees and other significant environmental features within the city.

(2) To require that the design and construction of all development activity be executed in a manner consistent with the preservation of trees and other significant environmental features to the greatest extent possible.

(3) To provide guidelines and review procedures for controlling development activity which may alter, destroy or be detrimental to existing trees, significant environmental features and scenic areas.

(4) To provide the framework and legal mechanism for publicly identifying and preserving environmentally significant areas or sites.

(Code 1967, § 64-2; Code 1980, § 17-2; Ord. No. 13174, § 2, 5-13-10)

*__Editor's note—__Ord. No. 13174, § 2, adopted May 13, 2010, changed the title of article II from "Districts" to "Environmental preservation districts."

Sec. 17-28. Applicability of article.

The terms and provisions of this article shall apply to real property as follows:

All property located within a designated environmental preservation district, including scenic transportation corridors.

(Code 1967, § 64-3; Ord. No. 9769, § 1, 12-15-83; Code 1980, § 17-3; Ord. No. 13174, § 2, 5-13-10)

Sec. 17-29. Historic and environmental preservation board.

The historic and environmental preservation board (hereinafter referred to as HEPB or the board) as established under section 62-186 shall be responsible for maintaining a record of unique environmentally significant lands or sites within the city. The board shall serve as the quasi-judicial instrument for granting or denying certificates of approval for tree removal and development activity within those areas identified and established as environmental preservation districts under the terms and provisions of this article.

(Ord. No. 9427, § 1(A), 5-27-82; Code 1980, § 17-4; Ord. No. 13174, § 2, 5-13-10)

Sec. 17-30. Preservation officer.

The preservation officer, as provided in section 62-191 shall be responsible to assist HEPB and to carry out the following duties:

(1) Serve as secretary to the board. The appointee shall attend all meetings of the board and maintain a record of the proceedings of the board, showing its action on each application. The appointee shall schedule and provide notification of board meetings to applicants and other department and agency representatives.

(2) Upon receipt of a proper application for tree removal or development activity within the designated environmental preservation districts, review such application, shall include a field check of the site and referral to other departments or agencies as necessary to determine any adverse effect upon the general public welfare and determine whether a standard or special certificate of approval is required.

(3) Maintain and update an official map delineating environmental preservation districts and a photographic documentation of all official designated sites.

(4) Work with other city departments and community environmental groups as required to protect and reserve the natural environment through public education and encouraging sound environmental policies.

(5) Evaluate applications for standard certificates of approval and render a decision based upon the standards and conditions for tree removal and the review standards for tree removal and development activity within environmental preservation districts.

(6) Ensure that notice of the application for a special certificate of approval is given as required in section 17-39.

(7) Prepare summary reports of all decisions on certificate of approval applications. The report shall briefly summarize the conditions and criteria for tree removal and the decision of the board or preservation officer.

(Ord. No. 9427, § 1(B), 5-27-82; Ord. No. 9769, § 1, 12-15-83; Code 1980, § 17-5; Ord. No. 13174, § 2, 5-13-10)

Sec. 17-31. Environmental preservation districts.

(a) *Designation generally; intent.* Certain geographical areas or sites may be designated as environmental preservation districts by action of the city commission, recognizing the need for preservation and protection of such areas because of their educational, economic, environmental or ecological importance to the welfare of the general public and the city. Environmental preservation districts are intended to provide for preservation and protection of trees and other significant environmental and landscape features and to encourage design and development activity which

is sensitive to the natural landscape character of the site. Sites with significant trees and landscape materials may be selected as environmental preservation districts because they provide important environmental functions for the welfare of the community, which include the following: stabilizing the soil, preventing erosion and excessive runoff; giving shade and cooling the land; providing protection from forceful winds; using their leaf surfaces to dilute gaseous pollutants and trap and filter out ash, dust and pollen in the air; absorbing a high percentage of carbon dioxide and returning oxygen to the air; alleviating noise pollution; increasing the value of the property; and adding to the natural scenic beauty of the city. All regulations and review procedures provided for environmental preservation districts are intended to protect the significant environmental features against needless destruction and to present guidelines which will lead to the continuance and enhancement of those features, while at the same time recognizing individual rights to develop property which are not prejudicial to the public interest.

(b) *Natural or manmade environmental features.* The following natural or manmade environmental features may be designated as environmental preservation districts, when one or more such features are located in a geographical area or lot:

(1) Clusters of trees with extensive tree canopy, natural hammock areas and mangrove areas. Land areas which include significant environmental features, outstanding characteristics or meet other professional criteria may be designated as environmental preservation districts by the historic and environmental preservation board.

(2) Exposed geological formations, such as natural rock outcroppings, caves, sinkholes and significant natural topography of the Coastal Atlantic Ridge.

(3) Scenic transportation corridors—those roadway areas which have a unique landscape character and an extensive tree canopy and are of substantial environmental importance to the residents of the city as well as to visitors. Dimensions and extent of scenic transportation corridors shall be determined for each specific area so designated, based upon an analysis of the corridor by qualified professional staff of the appropriate city departments. The boundaries of the scenic transportation corridors may be determined by the following:

a. The extent of roadway right-of-way area.

b. All established yard areas fronting on the transportation corridor.

c. Significant natural features, such as trees, or geological features which are not within the right-of-way or street yard area but are of value as a part of the scene.

d. Principal natural landscape or manmade elements which form the visual boundary or enclosing space of the corridor.

e. Unique botanical features, such as rare, exotic and valuable trees or plant life or examples of excellent landscape design.

(c) *Procedure for designation.*

(1) Areas or sites to be considered as environmental preservation districts may be recommended to HEPB by private individuals and organizations (after providing sufficient evidence that the resource qualifies under the provisions of this Code), all city departments, HEPB and the city commission.

(2) All areas to be considered must be evaluated by the HEPB with the appropriate recommendations conveyed to the city commission.

(3) A letter or invitation shall be delivered to the owners of all property within the boundaries of the proposed environmental preservation district, with a full explanation of the reasons for the environmental significance of the property, the effect of the proposed classification and the process by which environmental preservation

districts are officially designated. The owners will be invited to appear at a public hearing before HEPB to discuss the matter. Should there be more than 50 property owners within the proposed scenic transportation corridor, a notice published in a newspaper of general circulation at least ten days prior to the hearing, stating the aforementioned information and including the date, time, place and reason for the HEPB hearing shall be considered sufficient notice. Following the decision of HEPB, the property may then be recommended by the board to the city commission for designation as an environmental preservation district.

(4) The areas recommended by the HEPB and approved by the city commission are established as environmental preservation districts. These sites or areas are then added to the official map delineating environmental preservation districts on file with the department.

(5) A person whose interests in the proceeding are adversely affected in a manner greater than those of the general public may request intervenor status as defined in this chapter at the hearing(s).

(d) *Effects of designation.*

(1) Once an area or site is officially designated as an environmental preservation district, all development activity or removal of trees within that area must be reviewed by the preservation officer, and a certificate of approval, standard or special, must be granted under the provisions of section 17-32 before a tree removal permit or a building permit will be issued by the department.

(2) When the city commission approves the designation of an area or site as an environmental preservation district, the regulations and review requirements for both the existing transect and the preservation district shall apply.

(Code 1967, § 64-6; Ord. No. 8798, §§ 1, 2, 5-19-78; Ord. No. 9427, § 1(C), 5-27-82; Ord. No. 9769, § 1, 12-15-83; Code 1980, § 17-6; Ord. No. 13174, § 2, 5-13-10; Ord. No. 13971, § 2, 2-25-21)

Sec. 17-32. Removal of trees not located in environmental preservation districts.

The removal of trees not located in environmental preservation districts shall follow the procedures set forth in article I entitled "Tree protection in general."

(Code 1967, § 64-7; Ord. No. 8798, §§ 1, 2, 5-19-78; Ord. No. 9427, § 1(C), 5-27-82; Ord. No. 9769, § 1, 12-15-83; Code 1980, § 17-7; Ord. No. 13174, § 2, 5-13-10)

Sec. 17-33. Removal of trees and development activity within environmental preservation districts.

(a) *Certificate of approval required.* No person, agent or representative thereof, directly or indirectly, shall cut down, destroy, move or effectively destroy through damaging any tree or other environmentally significant feature within an environmental preservation district without first obtaining a certificate of approval and must abide by tree removal as set for in article I. No person, agent or representative thereof shall commence any development activity within an area visible from a public way within an environmental preservation district without first obtaining a certificate of approval, standard and special, as hereinafter provided:

(1) Standard certificates of approval may be issued by the preservation officer, without review and approval by the historic and environmental preservation board, for the following classifications of applications:

a. Applications for development activity where all existing trees are to be preserved or relocated on site.

b. Applications for removal of trees which are diseased, injured, in danger of falling, or interfere with utility service, create unsafe vision clearance, or conflict with other ordinances or regulations.

c. Application for removal of trees which are listed in section 17-37.

d. Applications involving tree removal and additions or modifications to existing building, except where such addition exceeds 50 percent of the existing lot coverage.

e. Applications involving tree removal and site improvements for existing buildings such as but not limited to fences, walls, patios, driveways, pools, etc.

(2) Special certificates of approval require the approval of the historic and environmental preservation board, and include the following classifications of applications:

a. Applications for new development involving removal of existing trees from the site or alteration of other environmentally significant features.

b. Applications for development activity or tree removal not listed in subsection (a)(1) as eligible for a standard certificate of approval.

c. Applications referred to the historic and environmental preservation board on appeal from decisions of the preservation officer, or from the general public as described in section 17-8.

(b) *Applications.* All applications for a certificate of approval within environmental preservation districts shall be initially made to the preservation officer. Applications shall include the following and shall remain on file with the city:

(1) An official application form, including all requested information, signed by the property owner.

(2) Refer to subsection 17-4(b), application requirements, subsections (1), (2), (3), (4), and (5) for the required documentation that shall accompany applications.

(3) Signature of a planning, building and zoning official indicating compliance with applicable zoning regulations or specifying variances necessary for permitting.

(c) *Application review.* The preservation officer shall review the application, which shall include a site inspection or referral to other departments, and determine whether the type and extent of the proposed work falls within the jurisdiction of a standard certificate of approval or a special certificate of approval.

(1) Where an application is eligible for a standard certificate of approval, the preservation officer shall, within 15 days of receipt of a completed application, issue such standard certificate of approval, with or without conditions, or deny such standard certificate of approval with specified reasons therefore.

(2) Where the nature and extent of proposed work requires a special certificate of approval, the historic and environmental preservation board shall hold a public hearing and take action within 45 days of receipt of a completed application. A person whose interests in the proceeding are adversely affected in a manner greater than those of the general public may request intervenor status as defined in this chapter. The board shall either authorize a special certificate of approval, with or without conditions, or deny such special certificate of approval with specified reasons therefore.

(d) *Permits.* No permit for development activity or tree removal within an environmental preservation district shall be issued by the building department until a certificate of approval has been issued pursuant to this article. Such permit applications shall be approved by the preservation officer to verify conformance with the certificate of approval. Tree removal permits authorized by a standard certificate of approval shall be subject to the ten-day delayed effective date and posting requirements of subsection 17-4(d).

(e) *Changes in approved work.* Any change in work proposed subsequent to issuance of a certificate of approval shall be reviewed by the preservation officer to determine whether such change would materially affect the certificate of approval. If so, such change shall require a new certificate of approval pursuant to all standards and procedures in this article.

(Code 1967, § 64-8; Ord. No. 8798, §§ 1, 2, 5-19-78; Ord. No. 9427, § 1(C), (D), 5-27-82; Ord. No. 9769, § 1, 12-15-83; Code 1980, § 17-8; Ord. No. 13174, § 2, 5-13-10; Ord. No. 13971, § 2, 2-25-21)

Sec. 17-34. Criteria and conditions for tree removal.

(a) *Criteria for removal.* No permit shall be issued for tree removal from the site, unless one of the following conditions exists:

(1) The tree is located in the buildable area or yard area where a structure or improvement may be placed and unreasonably restricts the permitted use of the property.

Trees located in the property frontage (within the setback) shall not be considered to be located within the building area or yard. Ingress and egress to garages are not considered the buildable area or yard.

(2) Trees on the public right-of-way shall not be considered for removal as a result of restriction to or from ingress or egress to the garages or parking on the site provided however, that if there is no other reasonable access to and from the structure or to the property from the public right-of-way, this requirement shall be waived by the director of code enforcement when it relates to private property and/or by the director of public works when it relates to the public right-of-way.

(3) The tree is diseased, injured or in danger of falling, interferes with utility service, creates unsafe vision clearance or conflicts with other provisions of this Code or other ordinances or regulations.

(4) The tree is an exotic tree species and will be replaced with a native tree species to promote good forestry practices; creates a health hazard; interferes with native tree species or creates a negative impact on natural land features such as rock outcroppings, sink holes or other geological, historical or archaeological features.

(5) It is in the general welfare of the public that the tree be removed for a reason other than set forth above.

(b) *Conditions for relocation and replacement.* As a condition to the granting of a tree removal permit, any or all of the following may be required:

(1) The applicant may be required to redesign the project to preserve specimen tree(s) or any other tree determined by the historic and environmental preservation board to be of substantial value due to its species, size, age, form and/or historical significance, provide an alternative plan, when feasible, which shall include the preservation of such tree(s) and design alterations within the scope and intent of the initially proposed plan. The applicant shall provide sufficient information, to include a tree survey drawn to scale that illustrates all existing site conditions and a tree disposition plan drawn to scale that superimposes all proposed new construction including all overhead and underground utilities and the new locations of trees over the tree survey plan information. The historic and environmental preservation board will review and analyze the aforementioned information, in order to determine the appropriate course of action.

(2) Where practical, specimen trees, or any other trees determined by the department to be of substantial value due to its species, size, age, form and/or historical significance, that is proposed for removal shall be relocated on or off-site. The applicant shall adhere to acceptable tree relocation specifications.

(3) If it is impractical to relocate and replant such trees of substantial value, either on the site or off the site, the tree may either be removed, or the applicant may be required to demonstrate a "good faith" effort to redesign the project to protect and preserve the trees. The applicant shall be required to replace all trees permitted to be removed in accordance with the tree replacement requirements contained in section 17-1.

(4) The historic and environmental preservation board may require that the applicant provide a written report from a certified arborist before making any determinations in conjunction with this section. The historic and environmental preservation board may also require monitoring by a certified arborist during construction to assure tree preservation.

(5) In determining the required preservation, relocation, or replacement of trees, the following factors shall be considered:

a. Existing tree coverage on the site and in the immediate surrounding area.

b. Number of trees to be removed on the entire site.

c. The type, size and condition of the tree(s) to be removed.

d. The feasibility of relocating the particular tree or trees.

e. Topography and drainage of the site.

f. The extent to which the trees contribute to the aesthetic, economic and environmental integrity of the surrounding area.

g. The nature of the existing and intended use of the property.

(6) Tree replacement. Tree replacement shall be as directed in subsection 17-6(a) which includes tree replacement chart 17.6.1.1 as well as tree species diversity chart 17.6.2.1 in subsection 17-6(b), tree species.

(Code 1967, § 64-9; Ord. No. 8798, §§ 1, 2, 5-19-78; Ord. No. 9769, § 1, 12-15-83; Code 1980, § 17-9; Ord. No. 13174, § 2, 5-13-10)

Sec. 17-35. Tree protection and survival.

(a) During construction, all reasonable steps necessary to prevent the destruction or damaging of trees shall be taken. Trees destroyed or receiving major damage must be replaced by trees of equal environmental value as specified in section 17-6 before occupancy or use unless approval for their removal has been granted under permit.

(1) Trees that are to remain shall be clearly identified with tags.

(2) During construction, protective barriers shall be placed with a radius of ten feet around the trees to remain in accordance with the landscape manual, unless a certified arborist otherwise determines in writing that a smaller or larger protected area is acceptable for each tree, or an alternative tree protection method is recommended.

(3) During demolition and/or development, including installation of irrigation systems or any other underground installations, protective barriers shall be placed around each tree and shall remain in order to prevent the destruction or damage to roots, stems or crowns of such trees. The barriers shall remain in place and intact until such time as approved landscape operations begin; however, barriers may be removed temporarily to accommodate construction needs, provided the manner and purpose for such temporary removal will not harm the trees. The trees shall be properly irrigated throughout the building process. Trees damaged during construction shall be subject to the provisions of section 17-9.

(4) If at all practical, underground utility lines, curbs and other above grade structures should be routed around existing trees to the outside of the drip line of the tree. In the event that this is not feasible, a tunnel made by a power-driven soil auger may be placed under the tree for installation of utility lines, or a trench passing by the side of the tree may be used for construction of curbing or to accommodate the installation of utility lines. If a trench is used, care should be taken that as few roots as possible are cut, that the cuts are made cleanly, and that the root ends are painted with a wound dressing of asphalt base paint and immediately covered with soil.

(5) During construction, unless otherwise authorized by the tree removal permit, no excess soil, additional fill, equipment, liquids, or construction debris shall be placed within the drip line of any tree that is required to be preserved in its present location unless the addition of excess soil or fill is required in order to comply with either the flood criteria requirements contained in chapter 11C of the Code of Metropolitan Dade County, Florida, and/or federal flood regulations in high flood hazard locations.

(6) Unless otherwise authorized by the tree removal permit, no soil is to be removed from within the drip line of any tree that is to remain at its original location.

(7) No wires or utility service attachments, other than those of a protective nature, shall be attached to any tree.

(8) Subsequent to construction or the satisfactory stabilizing of a tree, all protective devices shall be removed. The owner of the project on which the tree is located, the applicant for a tree permit or the individual performing physical moving of a tree, shall be fully liable and responsible for removal of the devices.

(b) All trees transplanted pursuant to this article shall be maintained alive and healthy at the site of the transplant for a period six months following completion of construction work on the site. Any of such trees which die within such six months shall be replaced by the applicant. The code enforcement department shall retain jurisdiction to ensure compliance with this section.

(c) Tree pruning/trimming. The pruning or trimming of any tree shall be done in accordance with ANSI A-300 Tree Care Standards and the guidelines illustrated in the landscape manual, incorporated by reference herein. The practice known as "hatracking" or "topping" is not permitted and shall be considered a violation of this article. The historic and environmental reservation board may require that a certified arborist monitor the trimming and provide the department with photographic documentation following the trimming. Any other tree abuse, or activity that can effectively destroy a tree, shall also be considered a violation of this article.
(Code 1967, § 64-10; Ord. No. 9769, § 1, 12-15-83; Code 1980, § 17-10; Ord. No. 13174, § 2, 5-13-10)

Sec. 17-36. Environmental preservation review standards for tree removal and development activity.

The following standards shall be used by the preservation officer or historic and environmental preservation board in reviewing all site plans, building plans and applications for tree removal within those areas designated as environmental preservation districts. These standards are intended to provide a frame of reference for the applicant, as well as to provide a basis for reviewing plans and proposals. These standards are not to be regarded as inflexible and are not intended to discourage innovation or creativity. Development should:

(1) Preserve the natural environmental character of all sites, insofar as practical, by minimizing removal of trees or other significant environmental features.

(2) Preserve or enhance existing topography and natural land features wherever possible.

(3) Use only those signs for identification of principal use. Signs should be of a size, shape and color which are compatible with the surrounding environment. The size of the signs should bear a direct relationship to the rate of speed of passersby, not exceeding a maximum size necessary for recognition.

(4) Provide visual screening of all parking areas, service areas or storage areas by using landscaping and building materials which are compatible with the surrounding landscape character.

(5) Maintain the continuity of landscape material and spacing characteristic of the surrounding area or scenic corridor. If the development occurs along a designated scenic corridor, the principal natural landscape or manmade elements which form the visual boundaries or enclosing space of the corridor shall be preserved, insofar as possible.

(6) Consider the impact of public and private improvements upon the ecological needs of the area. Roadway improvements within scenic corridors and other unique areas should not disrupt or distract from the existing natural environment.

(Code 1967, § 64-11; Ord. No. 9769, § 1, 12-15-83; Code 1980, § 17-11; Ord. No. 13174, § 2, 5-13-10)

Sec. 17-37. Exceptions and exemptions from article requirements.

(a) During the period of an emergency, such as hurricane, tropical storm, flood or other act of God, or in the event that any tree shall be

determined to be in a hazardous or dangerous condition so as to endanger the public health, welfare or safety of the community, or when the tree prevents a person from the use or enjoyment of the property; or when removal of the tree will prevent further damage and its removal is required, the applicant shall provide photographs and any other supporting materials which will allow a sound judgment to be made. Upon such a finding, the requirements of this article may be waived by the city manager.

(b) Prohibited trees shall be exempt from the replacement requirements of this article, but shall require a tree removal permit. Prohibited trees are those tree species that are detrimental to native plants, native wildlife, ecosystems, and human health, safety or welfare. Prohibited tree species includes those designated in the Miami-Dade County Landscape Manual, incorporated by reference herein, and the Ficus Benjamina/ Weeping Fig. These species must be removed from sites upon site development.

(c) Nothing in this article shall be construed to prevent the pruning of trees where necessary for proper landscape maintenance and safety provided that the pruning and trimming of trees is done in accordance with ANSI A-300 Tree Care Standards and the guidelines illustrated in the landscape manual.

(Code 1967, § 64-12; Ord. No. 8798, §§ 1, 2, 5-19-78; Ord. No. 9427, § 1(D), 5-27-82; Ord. No. 9769, § 1, 12-15-83; Code 1980, § 17-12; Ord. No. 13174, § 2, 5-13-10; Ord. No. 13274, § 2, 6-23-11)

Sec. 17-38. Removal of trees from public lands.

No tree shall be removed from any public land, public park or public right-of-way, except in accordance with article III of this chapter.

(Code 1967, § 64-13; Ord. No. 9769, § 1, 12-15-83; Code 1980, § 17-13; Ord. No. 13174, § 2, 5-13-10)

Sec. 17-39. Public notice of applications for special certificates of approval.

Public notice is required for all applications for a special certificate of approval in environmental preservation districts. The type and manner of notice will be as follows:

(1) *Posted notice.* Property being considered for a permit under this article shall be posted with a sign at least ten days in advance of the public hearing. The sign shall measure at least three square feet in area, shall be of a color and shape distinguishable from the surrounding landscape, and shall contain substantially the following language:

> A public hearing involving approval of a permit for tree removal or development on this property will be held by the historic and environmental preservation board of the City of Miami.
>
> Description of activity:
>
> Place of hearing:
>
> Time:
>
> For additional information call 311.

The sign shall be erected in full view of the public on each street side or side nearest a street of the property being considered for such permit.

(2) *Mailed notice.* Notice of the time and place of the public hearing by the historic and environmental preservation board shall be sent at least ten days in advance of the hearing, by mail, to the owner of the subject property and the owners of the adjacent property and other departments or agencies deemed appropriate by the board.

(3) *Published notice.* The published notice shall contain a description of the activity and the time and place of the hearing. Publication shall be made in the following:

a. A daily newspaper of general circulation in the city;

b. A daily newspaper of general circulation in the city, devoted primarily to reporting of financial, business, industrial and legal information; and

c. A newspaper devoted primarily to reporting information of interest in an area or locality of the city.

Such publications shall be made not less than ten days in advance of the public hearing and shall be prepared and paid for by the city. These publications shall be sent to the city manager's office or its designated city department for distribution to the registered homeowners' associations.

(Code 1967, § 64-14; Ord. No. 9427, § 1(C), 5-27-82; Ord. No. 9769, § 1, 12-15-83; Code 1980, § 17-14; Ord. No. 13174, § 2, 5-13-10; Ord. No. 14138, § 7, 2-9-23)

Sec. 17-40. Appeals.

(a) *Appeals to the historic and environmental preservation board.* Any citizen may appeal any decision of the department of planning, and the code enforcement department of any term or provision of this article to HEPB, by filing, within ten days after the date of the initial decision, a written notice of appeal with the city manager, with a copy to the city clerk and the preservation officer, which shall set forth precisely the decision appealed from and the reasons or grounds for the appeal. Each appeal shall be accompanied by the applicable fee. The enforcement agency shall immediately issue a stop work order for any work which could be affected by the subject appeal, pending final disposition of the appeal. A person whose interests in the proceeding are adversely affected in a manner greater than those of the general public may request intervenor status as defined in this chapter. The historic and environmental preservation board shall hear at a public hearing all facts material to the appeal and render a decision within 45 days of the filing of such appeal. The historic and environmental preservation board may affirm, modify or reverse the decision appealed from, provided that the board shall not take any action which conflicts with or nullifies any of the provisions of this article.

(b) *Appeals to the city commission.* Any citizen may appeal any decision of the historic and environmental preservation board as it relates to this article, to the city commission by filing within ten days after the date of the decision, a written notice of appeal with the city manager, with a copy to the city clerk and the preservation officer, which shall set forth precisely the decision appealed from and the reasons or grounds for the appeal. Each appeal shall be accompanied by the applicable fee. The enforcement agency shall immediately issue a stop work order for any work which could be affected by the subject appeal, pending final disposition of the appeal. A person whose interests in the proceeding are adversely affected in a manner greater than those of the general public may request intervenor status as defined in this chapter. The city commission shall hear and consider all facts material to the appeal and render a decision within 45 days of the filing of such appeal. The city commission may affirm, modify or reverse the board's decision. The decision of the city commission shall constitute final administrative review, and no petition for rehearing or reconsideration shall be considered.

(Ord. No. 9769, § 1, 12-15-83; Code 1980, § 17-15; Ord. No. 13174, § 2, 5-13-10; Ord. No. 13971, § 2, 2-25-21)

Sec. 17-41. Penalties, remedies cumulative.

Any person, or agent thereof, violating the provisions of any section of this article shall upon conviction, be subject to the penalties in this chapter or any other penalties as provided by law. The removal, relocation or destruction of each tree for which a tree removal permit is required-without a proper permit on the job site shall constitute a separate offense under this article.

(Code 1967, § 64-15; Ord. No. 9769, § 1, 12-15-83; Code 1980, § 17-16; Ord. No. 13174, § 2, 5-13-10)

Sec. 17-42. Civil remedies.

In addition to any other remedies provided by law and by this article, the enforcement agency

shall have the following judicial remedies available for violations of this article or any permit condition promulgated under this article:

(1) The enforcement agency may institute a civil action in a court of competent jurisdiction to establish liability and recover liquidated damages for each violation in an amount of not more than $5,000.00 per offense. Each tree unlawfully removed under the provisions of this article shall constitute a separate offense hereunder.

(2) The enforcement agency may institute a civil action in a court relief to enforce compliance with this article to enjoin any violation hereof and to seek injunctive relief to prevent irreparable injury to the trees or properties encompassed by the term of this article.

(Ord. No. 9769, § 1, 12-15-83; Code 1980, § 17-17; Ord. No. 13142, § 7, 2-11-10; Ord. No. 13174, § 2, 5-13-10)

Sec. 17-43. Fees.

(a) Standard certificate of approval: Minimum $26.00 plus $5.00 for every tree to be removed, relocated or newly planted.

(b) Special certificate of approval: $26.00.

(c) All applications for permits for the removal of trees shall be accompanied by a fee, as provided for under section 10-4, as amended, "Building permit fee schedule."

(d) All appeals shall be accompanied by a fee of $300.00, except that no fee shall be charged for such appeals initiated by agencies of the city or by an owner in fact of a property adjacent to the subject property or by a nonprofit corporation dedicated to conservation and protection of the natural and physical environment.

(Code 1967, § 64-16; Ord. No. 8798, §§ 1, 2, 5-19-78; Ord. No. 9769, § 1, 12-15-83; Code 1980, § 17-18; Ord. No. 13142, § 7, 2-11-10; Ord. No. 13174, § 2, 5-13-10)

Sec. 17-44. Enforcement.

(a) The department of code enforcement, its inspectors and the planning department shall have concurrent jurisdiction for the proper and effective enforcement of this article under chapter 2, article X entitled "Code enforcement."

(b) The enforcement agency shall immediately issue an order to cease and desist any work being carried out in violation of this article or any permit conditions promulgated under this article. Upon notice of such violation, no further work shall take place until appropriate remedial action is instituted, as determined by the enforcement agency.

(c) In cases where tree removal is carried out without the necessary permit under the terms and conditions of this article, the property owner shall be required to make application for an after-the-fact tree removal permit and certificate of approval, if applicable. The appropriate reviewing agency may grant an after-the-fact certificate of approval or tree removal permit only if it finds that the same application would have rightfully been approved prior to removal of the tree(s), and that each tree destroyed is to be replaced by trees of equal or greater value. Such replacement trees shall be located on the subject site wherever practical, or they may be required to be located on public property. Such replacement shall be assured by a performance bond or by a cash contribution to a tree planting fund established by the city. If the conditions for an after-the-fact tree removal permit are not fulfilled, the case shall be referred to the law department for appropriate action under sections 17-41 and 17-42.

(Code 1967, § 64-17; Ord. No. 8798, §§ 1, 2, 5-19-78; Ord. No. 9769, § 1, 12-15-83; Code 1980, § 17-19; Ord. No. 13174, § 2, 5-13-10)

Sec. 17-45. Fine.

Any person, or agent thereof, who removes a tree without a tree removal permit, shall be fined a fine of up to $1,000.00 per violation, per day for the first violation, and shall be fined up to $5,000.00 per tree for every repeat violation of this article, or a greater penalty as provided by law, and in addition undergo the tree replacement process in the form of replacement trees pursuant to article I. Each tree removed without a tree removal permit shall constitute a separate and distinct violation, subject to a separate fine and tree replacement pursuant to article I.

(Ord. No. 13174, § 2, 5-13-10)

Sec. 17-46. Tree replacement required.

In addition to the monetary fine established above, the planting of replacement trees shall be required. The number of trees required as replacement for each tree that was removed without a permit shall be based upon chart 17.10.2.1, Tree replacement chart for trees removed without a permit. If the total number of trees required as replacement trees cannot be reasonably planted on the subject property, the applicant may contribute into the city's tree trust fund in an amount based upon chart 17.10.2.1 for the balance number of replacement trees that cannot be planted on the subject property.
(Ord. No. 13174, § 2, 5-13-10)

Sec. 17-47. Tree replacement for trees removed without a permit.

Refer to the tree replacement chart 17.10.2.1 in article I.
(Ord. No. 13174, § 2, 5-13-10)

Sec. 17-48. Withholding of a new building permit.

The removal of any tree in violation of this article shall constitute grounds for withholding new building permits directly related to said tree removal until the violation has been corrected, including the payment of all fines and the planting of all trees required as replacement trees pursuant to this section. Alternatively, in order to obtain the new building permit, the person in violation may post a payment and performance bond pursuant to F.S. § 255.05 naming the city as obligee. The bond shall be in the amount of ten percent of the construction cost or ten percent of the appraised value of the property, if no construction exists. The bond will be maintained in place until the violation has been corrected, pursuant to this section. In the event a bond is not feasible, the city may accept an irrevocable, unconditional letter of credit, in the previously stated percentages, naming the city as payee. This section shall not apply to complete applications submitted to the city on the effective date of Ord. No. 13174.
(Ord. No. 13174, § 2, 5-13-10)

Sec. 17-49. Withholding of a certificate of occupancy.

The department shall not approve the zoning inspection required for a temporary or final certificate of occupancy until all violations of this article have been corrected, including the payment of all fines and the planting of all trees required as replacement tree mitigation, pursuant to this section.
(Ord. No. 13174, § 2, 5-13-10)

Sec. 17-50. Remedies cumulative.

The remedies provided in this section shall be cumulative to all remedies provided by law and/or equity, and the election of one shall not preclude the other.
(Ord. No. 13174, § 2, 5-13-10)

Secs. 17-51—17-70. Reserved.

ARTICLE III. TREES AND SHRUBS ON PUBLIC PROPERTY*

Sec. 17-71. Authority of director of public works.

The director of public works or his/her duly authorized representative, under the city manager, shall have the general management and supervision of all trees, shrubs and plants embraced by this article.
(Code 1967, § 59-1; Code 1980, § 59-21; Ord. No. 13676, § 2, 4-27-17)

Sec. 17-72. Permits—Required to prune, plant or remove from public land.

It shall be unlawful for any person to trim or prune any tree, shrub, or plant or to remove any tree, shrub, or plant from any dedicated street, alley, highway, public right-of-way, or easement, public land lying between property lines on either side of a public street, highway, alley, public parking strip, public street, sidewalk or divider, public median strip or planting strip or

*__City Code cross references__—Parks and recreation, ch. 38; streets and sidewalks, ch. 54; street grades and lines for shade trees, § 54-51.

other land or public place owned by the city without first applying for and obtaining a permit from the director of public works or authorized representative.
(Code 1967, § 59-2; Code 1980, § 59-22; Ord. No. 13087, § 2, 9-10-09; Ord. No. 13676, § 2, 4-27-17)

Case law reference—In suit against city for injuries sustained from electric shock incurred while pruning trees on a city right-of-way for a private individual, where neither the injured party nor his/her employer had acquired a permit as required and where both the injured party and his/her employer knew a permit was required, the injured party was a trespasser as to the city, to whom the city owed no greater duty than to avoid wilful and wanton conduct and, upon discovery of his/her presence, to give warning of known dangers not open to ordinary observation. Norris v. City of Miami, 367 So. 2d 1038.

Sec. 17-73. Same—Required to break, injure, etc., in public highway or park.

No person shall, without a written permit from the director of public works, break, incline or in any way deface any living tree, shrub or vine in a public highway or park, or cut, disturb or interfere in any way with the roots of any tree, shrub or vine in a public highway or park.
(Code 1967, § 59-3; Code 1980, § 59-23)

Sec. 17-74. Same—Issuance; charges.

The director of public works shall issue a written permit required by the two preceding sections to any applicant, without charge, when it is determined that the action proposed is necessary or desirable and not contrary to any city master plan for trees, shrubs or plants, and will be performed satisfactorily.
(Code 1967, § 59-4; Code 1980, § 59-24; Ord. No. 13087, § 2, 9-10-09)

Sec. 17-75. Same—Contents.

A permit issued as provided in the preceding section shall contain the location approved, the action allowed to be performed, the duration of the permit and any other requirements deemed necessary or desirable by the director of public works to regulate the cutting, trimming or removal of any trees, shrubs or plants within the city.
(Code 1967, § 59-5; Code 1980, § 59-25)

Sec. 17-76. Placing guards during construction or repair of buildings.

In the erection or repairing of any building or structure, the owner thereof shall place such guards around all nearby trees, shrubs or vines in a public highway or park as shall effectively prevent injury to them.
(Code 1967, § 59-6; Code 1980, § 59-26)

Sec. 17-77. Placing injurious substances on or near roots.

No person shall throw or allow to be thrown any saltwater, oil or injurious substance upon any public highway or park where such material may enter the ground at the roots of any public tree, shrub or vine.
(Code 1967, § 59-7; Code 1980, § 59-27)

Chapter 18

FINANCE*

Article I. In General

Sec. 18-1. Depositories for city funds to contract by competitive bid for banking services; investment of idle funds.
Sec. 18-2. Depositories of public moneys to pledge assets as security.
Sec. 18-3. Deposit of daily collections, retention of funds for cash needs.
Sec. 18-4. Fees for opening and closing graves at city-owned cemetery.
Sec. 18-5. Reserved.
Sec. 18-6. Safeguards.

Article XIII. Affordable Housing Trust Fund

Sec. 18-628. Affordable housing trust fund.
Sec. 18-629. Established.
Sec. 18-630. Financial report.

ARTICLE I. IN GENERAL

Sec. 18-1. Depositories for city funds to contract by competitive bid for banking services; investment of idle funds.

(a) The director of finance is hereby authorized and directed to request bids from all federal- and Florida-chartered banks located within the city limits for all banking services required by the city for a three-year period. Such banking services required shall be defined by the director of finance in a request for proposals directed to the aforementioned banks. The city commission will award a contract for three years to the bank submitting the best bid upon the recommendation of the city manager.

(b) Pursuant to section 47 of the Charter, the authority to invest and reinvest money of the city, to sell or exchange securities so purchased, and to deposit such securities for safekeeping is hereby delegated to the director of finance. The finance director is hereby authorized to purchase, at their original sale or after they have been issued, securities which are protected by the full faith and credit of the United States government and in bonds and obligations of agencies of the United States, provided such are guaranteed by the United States or by the issuing agency; general obligations of states, counties, municipalities, school districts, or other political subdivisions; revenue and excise tax bonds of the various municipalities of the State of Florida, provided none of such securities have been in default within five years prior to date of purchase; negotiable certificates of deposit; bankers acceptance drafts; or prime commercial paper from money in his/her custody which is not required for the immediate necessities of the city and as he/she may deem wise and expedient, and to sell or exchange for other eligible securities and reinvest the proceeds of the securities so purchased. For the purpose of this section, "prime" commercial paper shall be defined as that commercial paper which has received a Standard and Poor's rating of A-1 or Moody's rating of Prime-1. The city, through its investment policy committee, shall determine what portion of public funds may be deposited in time deposits bearing interest. From time to time the finance director shall redeem the securities in which the city money has been invested pursuant to this subsection so that proceeds may be applied to the purpose for which the original purchase money was designated or placed in the city treasury.
(Code 1967, § 16-2; Ord. No. 8757, § 1, 2-23-78; Ord. No. 10121, § 1, 7-10-86; Code 1980, § 18-2)

Sec. 18-2. Depositories of public moneys to pledge assets as security.

(a) The security to be given by such banks as may be designated under section 18-1 shall consist of any notes, bonds or other securities, other than shares of stock in which a state bank is authorized by applicable law or regulation to invest any of its funds, and shall be accepted as satisfactory security for the safekeeping and prompt payment of moneys deposited.

(b) It shall be the duty of the director of finance to demand increased security from such banks commensurate with the funds on deposit therein at any time, and the director of finance is hereby authorized to reduce the amount of security at any time that the funds on deposit with any bank shall be diminished below the amount of security held by the city from such bank; provided that at no time the amount on deposit at any bank shall exceed the par value of the security furnished by such bank.
(Code 1967, § 16-3; Ord. No. 8757, § 1, 2-23-78; Code 1980, § 18-3)

State law reference—Deposit of public funds, F.S. ch. 280.

Sec. 18-3. Deposit of daily collections, retention of funds for cash needs.

The director of finance is hereby directed to deposit daily all money collected by the city, except such amount as it may be necessary to keep on hand in cash for the expeditious transaction of the city's business.
(Code 1967, § 16-4; Code 1980, § 18-4)

Sec. 18-4. Fees for opening and closing graves at city-owned cemetery.

(a) *Generally.* The schedule of fees for opening and closing graves at the city-owned cemetery is as follows:

	Minimum Notice of 24 Hours	*After 3:00 p.m.*
Weekdays	$184.00	$236.00
Saturdays	210.00	262.50
Sundays and holidays.	289.00	289.00
Double-depth graves:		
First burial	210.00	262.50
Second burial	131.00	184.00
Children's graves up to 36 inches	79.00	105.00
Interment of ashes	79.00	105.00

(b) *Veterans.* The fees for war veterans interred in block 35 and a portion of block 42 and the north and south peripheral area of the city cemetery shall be as follows:

Opening and closing of a grave where casket at outer case is:	
Less than 86 inches	$ 79.00
Over 86 inches	105.00
Double depth (to permit burial of wife in same gravesite)	157.50

Fees for veterans interred in other sections of the city cemetery than those delineated above shall remain the same as heretofore established.
(Code 1967, § 16-5; Ord. No. 9329, § 1, 9-24-81; Ord. No. 9339, § 1, 11-12-81; Code 1980, § 18-5; Ord. No. 13142, § 8, 2-11-10)

Sec. 18-5. Reserved.

Editor's note—Ord. No. 12227, § 1, adopted May 9, 2002, repealed § 18-5 in its entirety, which pertained to the budget and finances review committee and derived from Ord. No. 11130, § 11, adopted March 24, 1994; the Code of 1980, § 18-12; Ord. No. 11564, § 9, adopted October 28, 1997.

Sec. 18-6. Safeguards.

(a) All persons contracting with the city under articles III and V of this chapter shall be required to certify their compliance with the antitrust laws of the United States and of the state and to hold harmless, defend and indemnify the city for any noncompliance by said persons with the above laws.

(b) All persons contracting with the city under articles III and V of this chapter shall be obligated to pay whichever is the greater of the following:

(1) All applicable ad valorem taxes that are lawfully assessed against the property involved; or

(2) An amount to be paid to the city equal to what the ad valorem taxes would be if the property were privately owned and used for a profit-making purpose.

Such taxes shall not be credited against any revenues accruing to the city under any contract that may be awarded under this section.

(c) Any proposal submitted pursuant to articles III and V of this chapter by a potential bidder or contractor that contemplates more than the estimated extent of the city's proposed commitment of funds, property, or services shall be ineligible for acceptance by the city commission.

(d) Any substantial increase in the city's commitment of funds, property or services, or any material alteration of any contract awarded for a unified development project shall entitle the city commission to terminate the contract after a public hearing. Prior to such public hearing, the commission shall seek and obtain a report from the city manager and from the review committee that evaluates the proposals for the project, concerning the advisability of exercising that right.
(Ord. No. 9572, § 1, 2-10-83; Code 1980, § 18-86)

Secs. 18-7—18-35. Reserved.

ARTICLE II. SALE OF CERTIFICATES FOR DELINQUENT LOCAL IMPROVEMENT ASSESSMENT LIENS*

Sec. 18-36. "Director of finance" defined.

For the purposes of this article, the term "director of finance" shall mean the director of

*__Charter reference—__Assessments for local improvements to constitute lien on property assessed, § 30.

State law references—Procedure for foreclosure of municipal special assessment liens, F.S. ch. 173; optional with the municipality, F.S. § 173.13.

the finance department of the city or his/her authorized representative or such other persons as may be authorized by law to perform the duties required by this article.
(Code 1967, § 16-8; Code 1980, § 18-33; Ord. No. 13676, § 2, 4-27-17)

Sec. 18-37. Alternate procedures for delinquent local improvement liens; applicability to all municipal liens.

Unless the city commission shall elect to proceed by foreclosure proceedings in a court of competent jurisdiction, either as to all or any one or more properties on which local improvement assessment liens are delinquent, and shall so order by resolution, all delinquent local improvement assessment liens shall be sold each year in the same manner and under the same provisions of law, both state and local, that govern and prescribe the proceedings and conditions under which certificates for delinquent city taxes are sold, except as to the time of such sale and the manner and method of notice thereof, as provided in this article. For the purposes of this article the term "local improvement assessment lien" shall be synonymous with special assessment lien and shall include all liens provided for by the City Charter or Code of Ordinances, the Metropolitan Dade County Charter or Dade County Code, the South Florida Building Code, Special Acts of the State of Florida and Statutes of the State of Florida as the same create local improvement or special assessment liens against the real property involved in accordance with their provisions.
(Code 1967, § 16-9; Ord. No. 10501, § 1, 10-27-88; Code 1980, § 18-34)

Sec. 18-38. Time and place of sale.

All unpaid balances of local improvement assessment liens which are delinquent on January 1 of any year, together with unpaid accrued interest thereon as hereinafter provided, shall be offered for sale by the director of finance at the same time and place as the sale of certificates for delinquent general city taxes of the immediately preceding year, but the sale of such certificates for local improvement assessment liens may be postponed and adjourned from day to day until the tax certificate sale shall have been completed.
(Code 1967, § 16-10; Code 1980, § 18-35)

Sec. 18-39. Amount for which certificates to be sold; separate certificate for each lien.

The certificate for any delinquent balance of an assessment lien shall be issued and sold for the amount of such balance of the principal amount, plus interest due and unpaid computed to the date on which any such tax sale is scheduled to commence, at the percentage per annum applicable to such lien, plus five percent to provide and defray the cost of such sale and the issuance of the certificate. A separate certificate shall be issued for each such lien.
(Code 1967, § 16-11; Code 1980, § 18-36)

Sec. 18-40. Notice to be mailed to property owner; publication of notice in newspaper; incorporation by reference of statutes and county ordinances providing for the sale of delinquent special improvement or assessment certificates.

(a) The director of finance shall cause to be sent by mail to the last known owner of any lot or parcel of land upon which any such delinquent assessment lien balance exists, at his/her last known address, a written notice of intent to issue and sell a certificate thereon, which notice shall be mailed not more than 60 days and not less than 30 days prior to the date of commencement of such sale. Such notice shall contain and show the legal description of the affected property, the amount of delinquent principal of the lien, the amount for which the certificate is to be issued, the time and place of sale and the penalties and rates of charges which will result from and accrue after such sale. A separate notice shall be made for each property description, but the notice on any property description may include two or more delinquent assessment liens shown separately thereon.

(b) The director of finance shall also cause to be published in the newspaper of general circulation in the city which has been designated by the city commission to publish the notice of delinquent tax and/or special assessment sales, in the manner provided by section 42 of the City Charter, namely that a notice of such sale shall be published in two issues of a newspaper of general circulation in said city, so that at least seven days shall elapse between the two publications, and at least seven days and not more than 28 days shall elapse between the last publication and the day of the sale. The notice shall plainly state that all real estate in the city upon which delinquent assessment liens are past due and unpaid will be sold in conformity with law, and the time and place of such sale shall be clearly stated. The notice need not be in any particular form but shall be brief, simple, plainly state the facts and give fair notice of the sale. It shall not be necessary that it contain the names of the owners of the real estate to be sold, nor state the amount of assessments which are due and unpaid.

(c) This section is supplemental to other laws and shall not repeal any other ordinance relating to the subject matter hereof but shall be an alternative and supplemental method to the publication of notices for the sale of delinquent special assessment liens. The collection, enforcement, publication, sale and foreclosure of special assessment liens may be, at the city's discretion, enforced by any of the methods provided for by section 18-14, Dade County Code, and F.S. chs. 170, 173 and 197, as they currently exist and may hereinafter be amended, and may further be accomplished by any other method established by law.

(Code 1967, § 16-12; Ord. No. 10297, § 1, 7-9-87; Code 1980, § 18-37; Ord. No. 13676, § 2, 4-27-17)

Sec. 18-41. Sale to highest bidder; rights and remedies of purchaser.

The director of finance shall offer and sell each such certificate separately to the bidder offering the best bid under the laws and rules then in force governing the sale of certificates for general city taxes. The purchaser of any such certificates shall be entitled to the same rates of interest from date of purchase to date of redemption, and the same remedies for nonpayment, such as the taking of a deed to the property through foreclosure or otherwise, as are at the time of such sale available to the purchasers of certificates for general city taxes.

(Code 1967, § 16-13; Code 1980, § 18-38)

Sec. 18-42. Right of holder of mortgage or other lien to pay amount due city.

At any time prior to the date of the certificate sale, the owner or the holder of a mortgage or other lien on the affected property may relieve the delinquency by the payment of any and all delinquent installments of principal, if the delinquency has been caused by failure to pay any such installment, and all delinquent interest, or, if no installment payment schedule has theretofore been established and entered upon, by the payment of the entire amount of principal and interest then due, and in either such case the director of finance shall withdraw from the sale the certificate on any such lien.

(Code 1967, § 16-14; Code 1980, § 18-39)

Sec. 18-43. Disposition of proceeds.

The proceeds of any sale under this article shall be used and applied to the reimbursement to the city of the reasonable and necessary costs of preparing, noticing and conducting the sale, to the extent of the five percent as provided by section 18-39, and to such other fund as may be proper for the repayment of the provision of funds by which the local improvement creating the lien was accomplished.

(Code 1967, § 16-15; Code 1980, § 18-40)

Secs. 18-44—18-70. Reserved.

ARTICLE III. CITY OF MIAMI PROCUREMENT ORDINANCE*

Sec. 18-71. Purpose.

The purpose of this article is to prescribe the manner in which the city shall control the purchase of materials, supplies, equipment and services of the city, and to maintain a high ethical standard for all officers and employees of the city in connection therewith; to place city's purchasing function in a centralized system in which the city will be able to establish policies and procedures governing all purchases and contracts; to provide for the fair and equitable treatment of all persons doing business with the city; to maximize the purchasing value of public funds in procurement and to provide safeguards for maintaining a procurement system of quality and integrity.
(Ord. No. 12271, § 2, 8-22-02)

*__Editor's note—__Ord. No. 12271, § 2, adopted August 22, 2002, repealed and reenacted art. III to read as herein set out. Formerly, art. III pertained to purchasing and contracts generally, and derived from the Code of 1980, §§ 18-11, 18-51, 18-51.1—18-51.6, 18-52, 18-52.1—18-52.9, 18-53, 18-54, 18-54.1—18-54.4, 18-55, 18-55.1—18-55.3, 18-56, 18-56.1—18-56.4, 18-57, 18-57; Ord. No. 9572, § 1, adopted February 10, 1983; Ord. No. 10032, §§ 1—4, adopted September 12, 1985; Ord. No. 10231, § 1, adopted March 13, 1987; Ord. No. 10328, § 1, adopted October 22, 1987; Ord. No. 11048, § 2, adopted March 25, 1993; Ord. No. 11072, § 1, adopted July 8, 1993; Ord. No. 11087, § 2, adopted September 27, 1993; Ord. No. 11564, § 9, adopted October 28, 1997; Ord. No. 11657, § 2, adopted May 26, 1998; Ord. No. 11688, § 1, adopted July 21, 1998; Ord. No. 11726, § 1, adopted November 17, 1998; Ord. No. 11727, § 2, adopted November 17, 1998; Ord. No. 11878, § 2, adopted January 13, 2000; Ord. No. 11890, § 3, adopted February 10, 2000; Ord. No. 12103, § 1, adopted September 13, 2001, and Ord. No. 12141, § 1, adopted October 25, 2001.

Charter references—Chief procurement officer, § 28; contracts for public works, improvements, real property, personal property, and unified development projects, § 29.

City Code cross reference—Conflicts of interest, § 2-611 et seq.

Law review references—Articles as to municipal contracts in Florida, 8 Miami L.Q. 257; 16 Miami L. Rev. 513.

State law references—Purchases by municipality under state purchasing agreement, F.S. § 287.042(2); consultant's competitive negotiation act, F.S. § 287.055; preference to Florida business, F.S. § 287.084.

Sec. 18-72. Application and exclusions.

(a) *Application.* Regardless of the source of funds, including state and federal assistance monies, and except as otherwise specified by law, the provisions of this article shall apply to every purchase/procurement by:

(1) All city entities or boards, as hereinafter defined, including the community redevelopment agencies.

(2) The Downtown Development Authority, the department of off-street parking, Liberty City Community Revitalization Trust, Civilian Investigative Panel, Bayfront Park Management Trust, and Virginia Key Beach Park Trust (each referred to herein as the "board" or "city entity," as applicable); provided, however, that:

a. With respect to each board, the following terms shall have the meanings ascribed to them in this section:

1. "City" shall mean the board.

2. "City manager" shall mean the executive director of the board.

3. "Chief procurement officer" shall mean the executive director of the board or his or her designee.

4. "City commission" shall mean the board of directors of the board.

b. The cone of silence shall not apply to any board or city entity set forth in subsection 18-72(2) herein or the community redevelopment agencies.

(b) *Exclusions.* This article shall not apply to:

(1) Procurement of dues and memberships in trade or professional organizations; registration fees for trade and career fairs; subscriptions for periodicals and newspapers; advertisements; postage; abstracts of titles for real property and title searches; title insurance for real property; water, sewer, electrical and gas

utility services; cable television services; internet services; landline voice over internet provider (VOIP) and wireless communication services; alarm monitoring, inspection, and maintenance services; water delivery services; copyrighted materials or patented materials including, but not limited to, technical pamphlets, published books, maps, testing or instructional materials; fees and costs of job-related seminars and training.

(2) The sale or lease of city-owned real property, as these are governed by the provisions of 3f(iii) and Section 29 A-D of the City Charter and chapter 18, article V of the City Code.

(3) Goods purchased with petty cash in accordance with established city procedures.

(4) Items purchased for resale to the general public.

(5) Purchase of groceries.

(6) Artistic services or works of art, including, but not limited to, all performing, fine, and written works of art.

(7) Hotel accommodation and services.

(8) Public-owned transportation.

(9) Purchase of tickets for special events, tourist attractions and amusement parks.

(10) City-sponsored events at hotels, motels, restaurants, or other similar venues not owned by the city.

(11) Entertainment services for city-sponsored events, including performing works of art and disc jockey services.

(12) Purchases of motor vehicle license plates from a governmentally regulated monopoly or a government agency.

(13) Travel on city business as provided in APM-77, as amended.

(14) Persons or firms retained as expert consultants, as defined in section 18-73, "Definitions", and section 18-116, "Persons or firms retained as expert consultants."

(15) Maintenance and licensing agreements and upgrades to support continued, ongoing use of proprietary software applications, the original software purchase of which was procured and approved fully in accordance with chapter 18, article III of the City Code.

(16) Legal services coordinated by and through the office of the city attorney citywide, including, but not limited to, attorney services, paralegals, expert witnesses, jury consultants, legal support services, legal research, court reporters and stenographers.

(17) Water, sewer, electrical, telecommunications or utility relocation agreements within a prior approved easement, the construction relocation of which must be performed by the water, sewer, electrical, telecommunications or a utility owner's representative.

(18) Actuarial services procured in accordance with subsection 40-196(b)(6) of the City Code.

(19) Community Development Block Grant ("CDBG"), Housing Opportunities for People With AIDS ("HOPWA"), Emergency Shelter Grant ("ESG"), Neighborhood Stabilization Program ("NSP"), HOME, and similar programs (collectively "Community and Economic Development Programs"), providing however, that community and economic development programs shall follow 2 CFR part 200, as applicable, and as may be amended and supplemented from time to time.

(20) Aggregate of anti-poverty initiative funds in an amount up to $50,000.00 in any single city fiscal year to any single entity.

(21) Aggregate of Social Service gap funds in an amount up to $50,000.00 in any single city fiscal year to any single entity.

(22) Matching fund grant agreements to the city, inclusive of any city agency or instrumentality.

For purposes of this subsection, matching fund grant agreements shall mean

those eligible matching fund grant agreements, processed through and approved by the city office of grants administration or similar city department, where a grant is provided to the city requiring a city payment of matching funds in an amount or value equal to that of the grant. The grant required city match may be in the form of funds or in-kind goods or services as provided in the matching fund grant agreement. The exclusion to the city's procurement ordinance for matching fund grant agreements, as amended, shall extend to advertising of the same including, but not limited to, social media platforms, press releases, public relations, etc. as required or contemplated by the matching fund grant agreement. The exclusion above for the advertising of matching fund grant agreements shall only apply to the city's procurement ordinance, and any applicable competitive solicitation requirements as imposed by such agreements or federal, state or county laws shall continue to apply.

(23) Aggregate of economic accessibility initiative funds in an amount up to $50,000.00 in any single city fiscal year to any single entity.

(24) Aggregate of Miami For Everyone funds in an amount up to $50,000.00 in any single city fiscal year to any single entity.

(Ord. No. 12271, § 2, 8-22-02; Ord. No. 12354, § 1, 4-10-03; Ord. No. 13380, § 2, 5-9-13; Ord. No. 13586, § 2, 1-28-16; Ord. No. 13744, § 2, 2-8-18; Ord. No. 13773, § 2, 6-28-18; Ord. No. 13801, § 4, 10-25-18; Ord. No. 13934, § 2, 10-22-20; Ord. No. 14068, § 2, 5-12-22; Ord. No. 14086, § 4, 9-13-22; Ord. No. 14165, § 2, 4-27-23)

Sec. 18-73. Definitions.

For the purposes of this article, the following terms shall have the meanings ascribed to them in this section:

Addendum means a formal amendment or supplement to a solicitation document: for example, items or information that have been added to or removed from a solicitation document.

Administrative policies and procedures of purchasing means those appropriately promulgated directives having general or particular applicability designed to implement or interpret policy, or describing organization, procedure, or practice requirements.

Advertise means placement of an electronic notice on the city's procurement website and/or via the city's on-line procurement/bidding platform, as defined in this article and/or other medium, as may be required, regarding a request for proposals ("RFP"), request for qualifications ("RFQ"), request for letters of interest ("RFLI"), invitation for bids ("IFB"), invitation to bid ("ITB"), or any other formal solicitation and public hearings. Advertisement by the city for purposes of this section will be subject to compliance with Florida Statutes which may mandate a specified form of advertising for certain procurements in which case the advertising mandated by Florida Statutes, as amended, shall govern. Said applicable Florida Statutes include, but are not limited to, F.S. §§ 180.24, 255.0525, and 255.065, all as amended from time to time.

Amendment means a modification, deletion, or addition to an executed agreement.

Bid means a formal written price offered by a business to the city to furnish specific goods, equipment and/or contractual services or public works or improvements in response to an invitation for bids or an invitation to bid.

Bid award means award of a bid for which funds have lawfully been appropriated by the city commission.

Bidder means a respondent to an invitation for bids or an invitation to bid.

Blanket purchase order means a purchase order under which a contractual party agrees to provide goods or services to a purchaser on a demand basis; the purchase order generally establishes a maximum dollar limit, prices, terms,

conditions, and the period covered, with no specified quantities; shipments are to be made as required by the purchaser.

Brand name "or equal" specifications means specification(s) limited to one or more items by the manufacturer's names or catalog numbers to describe the standard of quality, performance, and other salient characteristics needed to meet the city's requirements and which provide(s) for the submission of equivalent products.

Business means any corporation, partnership, individual, sole proprietorship, joint stock company, joint venture, or any other private legal entity.

Change order means a written modification to a contract or purchase order, which normally revises the quantities or scope of services, and may include an extension of time to complete the contract.

Chief procurement officer means the person holding the position as the director of the department of purchasing of the city.

City entity(ies) means the city, the office of the mayor, the city commissioners, the city manager, the city clerk, all city departments and offices, the city commission, every city agency, authority, advisory board, regulatory board, quasi-judicial board, semi-autonomous instrumentality, committee, task force, trust, or any group created and/or funded, in whole or in part, by the city commission, provided, and the community redevelopment agencies.

Contract means:

(1) A legally binding promise enforceable by law; a written agreement between two (2) or more competent parties to perform or not perform a specific act or acts;

(2) All types of agreements for the procurement or disposal of goods, services or public works or improvements.

Contractual party means a person or entity that enters into a contract with the city, or supplies goods, equipment or services to the city.

Contractual services means contractual or general services that include, but are not limited to, cleaning and security guard services; grounds maintenance; leasing; and rental, maintenance or repair of equipment, supplies, machinery and other city-owned personal property. The term shall not include professional or other personal services, which are by their nature unique or are not subject to competitive bidding.

Cooperative purchasing means:

(1) Procurement conducted on behalf of two (2) or more public entities;

(2) The combining of requirements of two (2) or more public entities in order to obtain the benefits of volume purchasing and/or reduction in administrative expenses.

Designee means a duly authorized representative of a person holding a superior position.

Electronic means electric, digital, magnetic, optical, electromagnetic, or any other similar technology.

Emergency procurement means a purchase made in response to a need when the delay incident to complying with all governing rules, regulations, and/or procedures would be detrimental to the life, health, welfare, safety or convenience of the city and/or its residents.

Goods means any tangible personal property other than services or real property.

Invitation for bids (IFB), aka *invitation to bid (ITB),* means the solicitation document and all attachments and addenda used for competitive sealed bidding for the procurement of public works or improvements, goods, equipment and/or contractual services. The IFB/ITB is used when the using agency is capable of specifically defining the scope of work for which a contractual or general service is required or when the using agency is capable of establishing precise specifications defining the actual commodity or group of commodities required.

Local office means a business within the city which meets all of the following criteria:

(1) Has had a staffed and fixed office or distribution point, operating within a permanent structure with a verifiable street address that is located within the

corporate limits of the city, for a minimum of twelve (12) months immediately preceding the date bids or proposals were received for the purchase or contract at issue; for purposes of this section, "staffed" shall mean verifiable, full-time, on-site employment at the local office for a minimum of forty (40) hours per calendar week, whether as a duly authorized employee, officer, principal or owner of

the local business; a post office box shall not be sufficient to constitute a local office within the city;

(2) If the business is located in the permanent structure pursuant to a lease, such lease must be in writing, for a term of no less than twelve (12) months, been in effect for no less than the twelve (12) months immediately preceding the date bids or proposals were received, and be available for review and approval by the chief procurement officer or its designee; for recently-executed leases that have been in effect for any period less than the twelve (12) months immediately preceding the date bids or proposals were received, a prior fully-executed lease within the corporate limits of the city that documents, in writing, continuous business residence within the corporate limits of the city for a term of no less than the twelve (12) months immediately preceding the date bids or proposals were received shall be acceptable to satisfy the requirements of this section, and shall be available for review and approval by the chief procurement officer or its designee; further requiring that historical, cleared rent checks or other rent payment documentation in writing that documents local office tenancy shall be available for review and approval by the chief procurement officer or its designee;

(3) Has had, for a minimum of twelve (12) months immediately preceding the date bids or proposals were received for the purchase or contract at issue, a current business tax receipt issued by both the city and Miami-Dade County, if applicable; and

(4) Has had, for a minimum of twelve (12) months immediately preceding the date bids or proposals were received for the purchase or contract at issue, any license or certificate of competency and certificate of use required by either the city or Miami-Dade County that authorizes the performance of said business operations; and

(5) Has certified in writing its compliance with the foregoing at the time of submitting its bid or proposal to be eligible for consideration under this section; provided, however, that the burden of proof to provide all supporting documentation in support of this local office certification is borne by the business applicant submitting a bid or proposal.

Major projects means projects with anticipated costs to the city in excess of $500,000.00 and/or projects involving the sale/lease/rental of city-owned waterfront property.

Most advantageous means a judgmental assessment of what is in the best interests of the city and denotes a condition, which will result in a maximum benefit being conferred upon the city.

On-line procurement / bidding means a procurement process in which the purchasing department receives bids for goods, equipment, and contractual services, electronically transmitted over the internet in a real-time, open, interactive competitive bidding event.

On-line procurement / bidding platform means the platform used by the department of procurement (i.e. Bidsync, Oracle, etc.) to advertise solicitations, submit and receive quotes, bids, proposals, etc., electronically transmitted over the internet in a real-time, open, interactive, and competitive bidding events.

Persons or firms retained as expert consultants means independent contractors retained by the city manager on a contract basis with a specific term for the purpose of performing specialized defined tasks that require knowledge, skills and training not otherwise available to the city by temporary or permanent members of the classified or unclassified service and which tasks, by their nature, require independent and autonomous judgment. Remuneration for the services of such persons or firms shall not exceed one hundred twenty-five thousand dollars ($125,000.00) in any one year, and shall be payable on a per diem basis.

Practicable means that which may be accomplished or put into practical application.

Procurement means buying, purchasing, renting, leasing or otherwise acquiring any goods and/or services for public purposes in accordance with the law, rules, regulations and procedures intended to provide for the economic expenditure of public funds. It includes, but is not limited to, all functions which pertain to the obtaining of any supplies, materials, equipment and/or services, including public works and improvements and capital improvement projects, as defined herein, required by any department or agency of city government, regardless of the source of funds. For the purposes of this article, it excludes those items set forth in subsection 18-72(b).

Professional and personal services means (a) services, the value of which is substantially measured by the professional competence of the person performing them, and which are not susceptible to realistic competition by cost of services alone; (b) services rendered by members of a recognized profession or persons possessing a specialized skill. Such services are generally acquired to obtain information, advice, training or direct assistance.

"Professional and personal services" shall include but not be limited to services customarily rendered by architects, engineers, surveyors, auditors, software and system applications, planning, electronic, technology, technical and management consultants, appraisers, and medical-related providers.

Proposal means an executed formal document submitted by a proposer to the city, stating the goods and/or services offered to satisfy the need as requested in the request for proposals, request for letters of interest or request for qualifications.

Proposer means a respondent to a request for proposals, request for letters of interest or request for qualifications.

Public notice unless otherwise specified herein, or as otherwise required by Florida Statutes, as amended, mandating a specific form of notice for a specified procurement, means publication in the city's website and/or via the on-line procurement/bidding platform and/or other free publication (i.e., Construction Journal) within a reasonable time.

Purchase means the same as procurement, as defined herein.

Purchase order means the city's document used to authorize a purchase transaction with a contractual party. It should contain a description of goods and/or services ordered, applicable terms as to payment, discounts, date of delivery/performance, insurance and other factors or conditions relating to the transaction. Acceptance of a purchase order by a contractual party shall constitute a contract, except in those instances in which a purchase order is used only as an internal encumbrance document.

Quotation or *informal bid* means any oral or written informal offer by an offeror to the city to furnish specific goods and/or services at a stated price.

Request for letters of interest (RFLI) means a solicitation of responses from interested and prospective proposers to submit a summary of their qualifications and/or capabilities and state their interest in performing a specific job or service. Proposers may be given latitude in offering a service that may fulfill the city's need.

Request for proposals (RFP) means all documents, whether attached or incorporated by reference, utilized for soliciting competitive sealed proposals for goods and/or services. Evaluation of a proposal is based on prior established criteria wherein the RFP shall state the relative importance of price and other evaluation factors.

Request for qualifications (RFQ) means a solicitation of responses from interested and prospective proposers in which factors other than price, including but not limited to financial capability, reputation, experience, and business competency, are considered and evaluated in order to develop a list of qualified proposers.

Request or invitation for quotation means a competitive solicitation for an informal bid price for supplies or services that is conveyed by form,

letter, telephone or other means and does not require advertisement or a sealed bid public opening, or public reading of bids.

Responsible bidder, proposer, offeror, or *respondent* means a business which has submitted a bid, offer, proposal, quotation or response, which has the capability, as determined by the city, in all respects to perform fully the contract requirements, and the integrity and reliability of which give reasonable assurance of good faith and performance.

Responsive bidder, proposer, offeror, or *respondent* means a business which has submitted a bid, offer, proposal, quotation or response which conforms in all material respects to the solicitation.

Scope of work means a detailed description of the work set forth in the request for proposals, request for qualifications, or request for letters of interest which the contractual party will be required to perform.

Signature means a manual or electronic identifier, or the electronic result of an authentication technique attached to or logically associated with a record that is intended by the person using it to have the same force and effect as a manual signature.

Sole source means the only existing source of the item or service which meets the needs of the using agency, city department, office, board, city commission, or trust, as determined by a reasonably thorough analysis of the marketplace.

Specifications means a concise statement of a set of requirements to be satisfied by a product, material, or process used in an invitation for bids, invitation to bid, or request or invitation for quotation to describe the goods, equipment, and/or contractual services to be purchased or otherwise acquired.

Surplus personal property means surplus, obsolete or scrap supplies or equipment. "Surplus supplies or equipment" means those which are capable of being used but are in excess of the normal operating requirements of the city. "Obsolete supplies or equipment" means those which may no longer be used for their intended purposes because their use has become economically upgraded. "Scrap supplies or equipment" are those that can no longer be used either safely or economically for any purpose except for their possible salvage value.

Using agency means any city entity which requests and uses goods, equipment and/or services procured pursuant to this article.
(Ord. No. 12271, § 2, 8-22-02; Ord. No. 12354, § 1, 4-10-03; Ord. No. 13380, § 2, 5-9-13; Ord. No. 13667, § 2, 3-9-17; Ord. No. 13934, § 2, 10-22-20; Ord. No. 14068, § 2, 5-12-22)

Sec. 18-74. Cone of silence.

(a) The requirements of subsection 2-11.1(t) ("Cone of Silence Ordinances") of the Code of Miami-Dade County, Florida, as amended, shall not be applicable to the city.

(b) Cone of silence. The cone of silence shall be applicable only to contracts for the provision of goods and services and public works or improvements for amounts greater than $200,000.00; provided, however, that the cone of silence shall not be applicable to the city attorney's office nor to the office of the independent auditor general.

(c) "Cone of silence" is defined to mean a prohibition on:

(1) Any communication regarding a particular request for proposals ("RFP"), request for qualifications ("RFQ"), request for letters of interest ("RFLI"), invitation for bids ("IFB") or any other advertised solicitation between a potential proposer, offeror, respondent, bidder, lobbyist, or

consultant and the city's professional staff including, but not limited to, the city manager and his or her staff;

(2) Any communication regarding a particular RFP, RFQ, RFLI, IFB or any other advertised solicitation between the mayor, city commissioners or their respective staffs and any member of the city's professional staff including, but not limited to, the city manager and his or her staff;

(3) Any communication regarding a particular RFP, RFQ, RFLI, IFB or any other advertised solicitation between a potential proposer, offeror, respondent, bidder, lobbyist, or consultant and any member of the selection/evaluation committee therefor;

(4) Any communication regarding a particular RFP, RFQ, RFLI, IFB or any other advertised solicitation between the mayor, city commissioners or their respective staffs and any member of the selection/evaluation committee therefor; and

(5) Any communication regarding a particular RFP, RFQ, RFLI, IFB or any other advertised solicitation between a potential proposer, offeror, respondent, bidder, lobbyist, or consultant and the mayor, city commissioners, and their respective staffs; and

(6) Any communication regarding a particular RFP, RFQ, RFLI, IFB or any other advertised solicitation between any member of the city's professional staff, including but not limited to the city manager and his or her staff, and any member of the selection/evaluation committee therefor. The city manager and the chairperson of the selection/evaluation committee may communicate about a particular selection/evaluation committee's recommendation but only after the committee has submitted its written recommendation to the city manager and provided that should any change occur in the committee recommendation, the content of the communication and of the corresponding change shall be described in writing and filed by the city manager with the city clerk and be included in any recommendation memorandum submitted by the city manager to the city commission.

Notwithstanding the foregoing, the Cone of Silence shall not apply to:

a. Competitive processes for the award of CDBG, HOME, SHIP, HOPWA, and ESG (emergency shelter grants), Funds issued and administered by the city department of community development, and Law Enforcement Trust Fund (LETF) grants administered by the city police department;

b. Communications between a potential proposer, offeror, respondent, bidder, consultant or lobbyist and city purchasing staff regarding minority/women business and local vendor outreach programs;

c. Duly noticed pre-bid/proposal conferences and site inspections;

d. Duly noticed site visits to determine the competency of bidders/proposers regarding a particular solicitation during the time period between the opening of bids/receipt of proposals and the time the city manager makes his or her written recommendation to the city commission;

e. Emergency procurements;

f. Communications with the city attorney and his or her staff;

g. Communications regarding a particular RFP, RFQ, RFLI, IFB or any other advertised solicitation between a potential proposer, offeror, respondent, bidder, lobbyist or consultant and the chief procurement officer, its staff, or any city purchasing agent, or its staff, responsible for administering the procurement process for such solicitation, prior to bid opening date or receipt of proposals, provided the communication is limited strictly to matters of process or procedure already contained in the corresponding solicitation;

h. Communications regarding a particular RFP, RFQ, RFLI, IFB or any other advertised solicitation between the chief procurement officer, its staff, or any city purchasing agent, or its staff responsible for administering the procurement process for such solicitation and a member of the corresponding selection/evaluation committee, provided the communication is limited strictly to matters of process or procedure already contained in the corresponding solicitation;

i. Sole source procurements;

j. Bid waivers;

k. Oral presentations before selection/evaluation committees and communications occurring during duly noticed meetings of selection/evaluation committees;

l. Competitive negotiations;

m. Public presentations made to the city commission and communications occurring during any duly noticed public meeting;

n. Communications in writing or by e-mail at any time with any city employee, official, mayor, or member of the city commission unless specifically prohibited by the applicable RFP, RFQ, RFLI, IFB or other advertised solicitation. The city shall file a copy of any written communications with the city clerk;

o. Communications in connection with the collection of industry comments or the performance of market research regarding a particular RFP, RFQ, RFLI, IFB or any other advertised solicitation by the chief procurement officer or its staff;

p. Contract negotiations.

q. On-line procurements pursuant to section 18-114.

r. The downtown development authority, the department of off-street parking, the Liberty City Community Revitalization Trust, and the Civilian Investigative Panel.

s. Any portion of meetings that are exempted by and held fully in accordance with the provisions of F.S. § 286.0113.

(d) Procedure.

(1) Imposition. A cone of silence shall be imposed upon each RFP, RFQ, RFLI, IFB or any other advertised solicitation when the solicitation is advertised in a newspaper of general circulation. At the time of imposition of the cone of silence, the city manager or his or her designee shall provide for public notice of the cone of silence. The city manager or his or her designee shall issue a notice thereof to the affected department(s), the city clerk, each commissioner and to the mayor and shall include in any advertised solicitation a statement disclosing that the solicitation is subject to the cone of silence.

(2) Termination. Except as otherwise provided herein, the cone of silence shall terminate at the time the city manager's approval of the award or the city manager's written recommendation to the city commission, as may be applicable, is received by the city clerk, or at such time that bids or proposals are rejected by the city commission or the city manager; provided, however, that if the city commission refers the recommendation back to the city manager for further review, the cone of silence shall be reimposed until such time as the city manager's subsequent written recommendation is received by the city clerk.

(e) Penalties. Violation of the cone of silence by a particular bidder or proposer shall render the award to said bidder or proposer voidable by the city commission. Any person who violates a provision of this ordinance shall be prohibited from serving on a city competitive selection/evaluation committee unless such appointment is approved by a 4/5 vote of the city commission. A violation of this section by a particular bidder, proposer, offeror, respondent, lobbyist or consultant shall subject said bidder, proposer, offeror, respondent, lobbyist or consultant to potential debarment pursuant to this Code.

In addition to any other penalty provided by law, violation of any provision of this article by a city employee shall subject said employee to disciplinary action up to and including dismissal.
(Ord. No. 12271, § 2, 8-22-02; Ord. No. 13439, § 2, 3-13-14; Ord. No. 13801, § 4, 10-25-18)

Sec. 18-75. Organization.

The purchasing department is the centralized organization for all procurement and contracting for goods, material, equipment, contractual services, professional and personal services and consultant services, public works or improvements and/or combination of goods and services; for performance of the city's purchasing functions, and for implementation of the provisions of this article. The chief procurement officer shall be the director of this department.
(Ord. No. 12271, § 2, 8-22-02)

Sec. 18-76. Chief procurement officer.

The city manager shall appoint a chief procurement officer who shall have authority over implementation of policies, procedures, regulations and forms governing city contracting methods and procedures; types of contracts; qualifications and duties; inspections and audits; disputes and remedies; ethics; and public access and information as set forth in this article.
(Ord. No. 12271, § 2, 8-22-02)

Sec. 18-76.1. Duties of the chief procurement officer.

Subject to the provisions of this article, the chief procurement officer shall:

(1) Administer the central purchasing and contracting system for the city;

(2) Procure or supervise the procurement of all goods and services as needed by the city in the manner provided by this article.

(3) Provide for the establishment/promulgation of administrative policies and procedures of purchasing, and its operations manual, which shall be reviewed by the city manager and amended from time to time;

(4) Take all necessary action to further the objectives of the city with regard to the promotion and encouragement of minority and women business participation in the procurement process;

(5) Be responsible for the provisions of the Anti-Deficiency Act contained in this article;

(6) Determine the method of selection for each type of procurement;

(7) Standardize, to the extent possible, contract clauses, terms and conditions, and documents;

(8) Maintain a current list of possible sources of supply for all goods and services purchased by the city;

(9) Have the authority to delegate any or all duties to individual purchasing agents assigned to city departments or offices, subject to the approval of the city manager.

(10) Have the authority to approve the use of a competitive contract for the purchase of necessary goods or services which has been secured by or on behalf of any federal, state, county, or municipal government, or by any other governmental entity or by any not for-profit organization or state-funded institution.

(11) With such submissions as may be required from individual purchasing agents, departments, and offices, keep such records as will adequately reflect leases, specifications, invitations for bids, requests for proposals, requests for quotations, requests for qualifications, requests for letters of interest, bids, quotations, proposals received, actions taken, final dispositions, and the purchase of goods and services and disposal of all supplies, materials, equipment.

(12) Submit an annual report on the operation of the city's procurement system to the city manager, together with recommendations for its improvement.

(13) Sell, trade, exchange, transfer, or otherwise dispose of surplus city-owned personal property;

(14) Perform such other duties as may be provided for in other sections of this chapter, or as directed by the city manager, or its designee.

(Ord. No. 12271, § 2, 8-22-02)

Sec. 18-77. Authority of the chief procurement officer.

All rights, powers, duties, and authority relating to the procurement and contracting of goods and/or services for the city, including the authority.

(1) To approve all purchases and awards up to $25,000.00;

(2) To certify for compliance with applicable procurement methods all purchases and awards not in excess of $50,000.00 for goods and services, and not in excess of $100,000.00 for contracts for public works and improvements, except as otherwise provided in this article; and

(3) To issue those purchase orders and change orders for the purchase of goods and services governed by this article, provided they are in conformance with the law and all applicable rules and regulations.

The city manager retains sole authority to execute contracts and agreements except for purchase orders and change orders.

(Ord. No. 12271, § 2, 8-22-02)

Sec. 18-78. Delegation of authority by the chief procurement officer to other city purchasing agents.

The chief procurement officer may delegate the following duties to city purchasing agents, including those in the purchasing department and those assigned to other departments or offices, which duties shall be performed under the general supervision of and subject to the policies, procedures, regulations and forms issued by the chief procurement officer.

(Ord. No. 12271, § 2, 8-22-02)

Sec. 18-79. General duties of city purchasing agents.

(a) To administer the procurement process for certain procurements as authorized by the applicable administrative policies and procedures of purchasing.

(b) To draft or cause to be drafted invitations for bids, requests for proposals, and other solicitations as may be permitted by law, and to prepare specifications or scope of work for same.

(c) To forecast departmental purchase requirements for future periods and to buy in quantities which are most economical for the city.

(d) To investigate new products and new sources of supply and to maintain, update and promulgate lists of qualified bidders and sources of professional services.

(e) To stimulate maximum competition among qualified suppliers of goods and services for the city's business.

(f) To provide for the inspection and testing of goods delivered in order to determine quantity, quality and adherence to provisions of invitations for bids, requests for proposals, and related specifications.

(g) To make transfers of supplies, materials and equipment which are not needed by a department or office to another department or office which may need them.

(h) To submit recommendations to the chief procurement officer concerning the operation of the city's procurement system.

(i) To take any other action consistent with existing law and with this article to make certain that city purchases, sales and leases are made on the basis of free and open competition, as prescribed in this article.

(j) To perform any other duty not inconsistent with existing law or this article.

(Ord. No. 12271, § 2, 8-22-02)

Sec. 18-80. Responsibilities of the chief procurement officer relating to the Anti-Deficiency Act.

The chief procurement officer shall be responsible for the provisions relating to the Anti-Deficiency Act, set forth in sections 18-500 through 18-503, as follows:

(1) *Requisitions.* Assuring that all requisitions received have been properly authorized.

(2) *Purchase orders.* Assuring that the purchase order is issued for an amount not to exceed the amount set forth in the requisition, a resolution adopted by the city commission and any other legal authorization.

(3) *City-wide contracts.* Assuring that purchase orders authorized by a city-wide contract do not exceed the amount authorized by the city commission and any other legal authorization.

(Ord. No. 12271, § 2, 8-22-02)

Sec. 18-81. Estimates of requirements.

All departments or offices of the city shall file with the chief procurement officer detailed estimates of all their requirements for supplies, materials, equipment and contractual services in such a manner, at such times, and for such future periods as the city manager may prescribe; provided that the length of the periods shall not be less than three months. The requirement for preparing such estimates shall in no way prevent any using department or office from filing with the chief procurement officer, at any time, a requisition for any supplies, materials, equipment or contractual services, the need for which was not foreseen when the detailed estimates were filed.

(Ord. No. 12271, § 2, 8-22-02)

Sec. 18-82. Disposal of surplus city-owned personal property.

(a) When a surplus of city-owned personal property exists, the chief procurement officer may transfer it to any other department or office which has need for it. The chief procurement officer shall also have power to sell all such supplies, materials and equipment which have become unsuitable for city use or to exchange for or trade in the same for new supplies, materials and equipment. When such surplus supplies, material and equipment have a limited use other than by the city, the city commission may classify the same as category "A" or category "B" stock. Category "A" stock shall be available for disposition as the city's contribution or the city's commitment in support of a particular public purpose which may include those community civic or social service programs as may be authorized by the city commission. Category "B" stock shall be that stock of surplus supplies, material and equipment which is available for disposition pursuant to the terms and provisions of subsection (b) hereof; namely, sale to sister cities or municipalities of friendly foreign countries. Not for profit organizations which provide a public purpose shall be offered first consideration as recipients for the disposition of category "A" and "B" surplus stock. Except for category "A" stock or category "B" stock and except in those cases in which the chief procurement officer determines that it is not practical to do so, any department or office that provides surplus stock for any such transfer, sale, exchange or trade-in shall receive credit therefor, based on the fair market value of such surplus; and any department or office receiving such surplus stock shall receive corresponding debit therefor, such credit and debit to be charged to the respective budgets of the departments or offices involved.

(b) Notwithstanding the above provisions, when a foreign city enjoying a current, formally designated status as a "sister city," in accordance with the terms of Resolution No. 78-5, dated January 11, 1978, or a municipality of a friendly foreign country desires to purchase personal property owned by the city, including vehicles and equipment which are no longer needed for public use or which have become unsuitable for further use by the city, and where said property has been categorized as category "B" stock, such sale may be negotiated in accordance with the following procedure and criteria:

(1) All equipment proposed for sale to sister cities or municipalities of friendly foreign

countries must be declared surplus, following then-existing administrative procedures. All such equipment must be offered to sister cities for a period of 30 days before being offered for sale to such municipalities. Note: "Friendly foreign countries" means those countries against which there are no trade embargoes or travel prohibitions imposed by the executive branch of the U.S. government.

(2) The prices negotiated for such sale must be equal to or greater than the prices which would be reasonably anticipated from the sale of such surplus equipment through public auction. This condition may apply to the total sale of a number of pieces of equipment rather than individual piece prices for the aggregate return on a given sale in determining whether the negotiated price is equal to or greater than could be expected at a public auction.

(3) The negotiated unit price shall not include any transportation or shipping costs; these costs will be borne by the sister city or the municipality purchasing said equipment.

(Ord. No. 12271, § 2, 8-22-02)

Sec. 18-83. Availability of funds.

Except in cases of emergency, the chief procurement officer, city manager or purchasing agents shall not issue any order for delivery on a contract or any open-market order unless and until availability of funds have been verified that there is to the credit of the using department or office a sufficient unencumbered appropriation balance, in excess of all unpaid obligations, to defray the cost of such supplies, materials, equipment or contractual services.

(Ord. No. 12271, § 2, 8-22-02)

Sec. 18-84. Methods of source selection.

All purchases of goods, including but not limited to supplies, materials, equipment, printed materials and all purchases of services, including but not limited to personal, professional, management, technical, contractual and general services needed by the city, but not including legal services, may be obtained by contract or through city labor and materials and shall be exclusively made in the manner set forth in this article.

All invitation for bids, request for letters of interest, request for proposals, request for qualifications or any other method of source selection, whether formal or informal, to be issued by the city shall be developed or drafted by city employee(s) and in the event that the same are not developed or drafted by city employee(s), the non-city employee(s) or firm assisting, developing, or drafting any portion of the solicitation document shall be prohibited from competing for the award of any contract resulting from such process and shall be treated as part of the city's professional staff under the cone of silence, when applicable; this provision does not apply to circumstances whereby the city engages non-city employee(s) or firm to collect or provide industry comments, conduct market research, or provide technical data.

Any agreement for purchase entered into in any manner inconsistent with the procedures stated in this article by any person shall be voidable by the city.

(Ord. No. 12271, § 2, 8-22-02; Ord. No. 12949, § 2, 10-11-07)

Sec. 18-85. Competitive sealed bidding.

(a) *Conditions for use.* Competitive sealed bidding shall be used for the award of all contracts for goods, equipment and services over $25,000.00, except as otherwise provided for in this article, where it is both practicable and advantageous for the city to specify all detailed plans, specifications, standards, terms and conditions so that adequate competition will result and award may be made to the lowest responsive and responsible bidder principally on the basis of price; provided, however, when a responsive, responsible non-local bidder submits the lowest bid price, and the bid submitted by one or more responsive, responsible local bidders who maintain a local office, as defined in section 18-73, is within 15 percent of the price submitted by the non-local bidder, then that non-local bidder and each of the

aforementioned responsive, responsible local bidders shall have the opportunity to submit a best and final bid equal to or lower than the amount of the low bid previously submitted by the non-local bidder. Contract award shall be made to the lowest responsive, responsible bidder submitting the lowest best and final bid. In the case of a tie in the best and final bid between a local bidder and a non-local bidder, contract award shall be made to the local bidder. Notwithstanding the foregoing, the city manager may waive competitive sealed bidding methods by making a written finding which shall contain reasons supporting the conclusion that competitive sealed bidding is not practicable or is not advantageous to the city, which finding must be ratified and the award approved by an affirmative vote of four-fifths of the city commission or an unanimous vote of the quorum that exists because of either abstentions or vacancies resulting from resignation, death, suspension, or physical incapacitation after a properly advertised public hearing. When competitive sealed bidding methods are waived, other procurement methods shall be followed except for the cone of silence provisions, which shall not be applicable. This section shall not apply to transfers to the United States or any department or agency thereof, to the state or to any political subdivision or agency thereof.

(b) *Invitation for bids.* An invitation for bids shall be issued and shall include, but not be limited to:

(1) Instructions and information to bidders concerning the bid submission requirements, including the time and date set for receipt of bids, the maximum time for bid acceptance by the city, the right of the city manager to reject all offers or bids, and any other special information;

(2) The purchase description, qualification factors, delivery or performance schedule, and such inspection and acceptance requirements as may not be included in the purchase description;

(3) The contract terms and conditions, including warranty and bonding or other security requirements, as applicable;

(4) The date, time and place at which any prebid conference may be held and whether attendance at such conference is a condition for bidding; and

(5) The place where any documents incorporated by reference may be obtained.

(c) *Bidders lists.* Bidders lists may be compiled to provide the city with the names of businesses which may be interested in competing for various types of city contracts. Unless otherwise provided, inclusion or exclusion of the name of a business does not indicate whether that business is responsible in respect to a particular procurement or otherwise capable of successfully performing a particular city contract.

(d) *Public notice.* Notice inviting bids shall be published in the city's procurement website and/or via the on-line procurement/bidding platform and/or a free online publication, unless a specified form of notice is required otherwise by Florida Statutes, for a reasonable time prior to bid opening. Such notice shall state the general description of the goods or services to be purchased, the place where a copy of the invitation for bids may be obtained, and the time and place for opening of bids. In addition, the chief procurement officer may solicit bids from all responsible prospective suppliers listed on a current bidders list by sending such bidders copies of the notice to acquaint them with the proposed purchase.

(e) *Prebid conferences.* Prebid conferences may be conducted to explain the requirements of the proposed procurement and shall be announced to all prospective bidders known to have received an invitation for bids. Conferences should be held long enough after the invitations for bids have been issued to allow prospective bidders to become familiar with the proposed procurement, but sufficiently before bid submission to allow consideration of the conference results in preparing their bids. Nothing stated at a prebid conference shall change the invitation for bids unless a change is made by written addendum, which shall be supplied to all those prospective bidders known to have received an invitation for bids.

All prebid conferences shall be recorded, and, if a transcript is made, such transcript shall be a public record.

(f) *Bid opening.* All bids shall be submitted through the city's on-line procurement/bidding platform no later than the time and date specified for submission. The amount of each bid and such other relevant information as may be deemed desirable, together with the name of each bidder, shall be recorded by the on-line procurement/bidding platform. The record and each bid shall be open to public inspection, to the extent consistent with applicable state laws.

(g) *Bid acceptance and evaluation.* Bids shall be evaluated based on the requirements set forth in the invitation for bids, which may include criteria to determine acceptability such as inspection, quality, technique, delivery and suitability for a particular purpose. Those criteria that will affect the bid price and be considered in evaluation for award, such as discounts, transportation costs, and total or life cycle costs shall be measured objectively. No criteria may be used in bid evaluation which were not set forth in the invitation for bids. The results of the evaluation and tabulation of bid prices shall be transmitted by the chief procurement officer to the city manager.

(h) *Award.* The procurement shall be awarded with reasonable promptness by written notice to the lowest responsive and responsible bidder, whose bid meets the requirements and criteria set forth in the invitation for bids except as otherwise provided in this section. For any procurement, including contracts, a bid to be awarded which exceeds $25,000.00 shall be awarded by the city manager only upon certification of the results of the evaluation and the bid tabulation by the chief procurement officer as being in compliance with competitive sealed bidding methods, except as otherwise provided in this article. Copies of the city manager's award shall be delivered to the chief procurement officer and all affected department directors.

All bid awards in excess of $50,000.00 must be approved by the city commission upon recommendation by the city manager. The decision of the city commission shall be final. Threshold amounts referenced herein shall include the values associated with potential options of renewal. Awards made by the city manager or by the city commission shall include authority for all subsequent options of renewal, if any. The aforementioned options of renewal shall be exercisable at the option of the city manager if, after review of past performance under the contract, the city manager determines, in his/her sole discretion, that exercise of the option of renewal is in the best interest of the city.

The city commission or the city manager shall have the authority to reject any or all bids or portions of bids, or to negotiate with the lowest bidder for better pricing.

In the event only one bid is received, the city may award to the sole bidder, negotiate for better pricing or may re-bid, whichever is in the best interest of the city.

The city manager shall submit to the city commission on a monthly basis a list of procurements or contracts awarded by the city manager. (Ord. No. 12271, § 2, 8-22-02; Ord. No. 13170, § 2, 5-13-10; Ord. No. 13275, § 2, 7-14-11; Ord. No. 13676, § 2, 4-27-17; Ord. No. 13934, § 2, 10-22-20)

Sec. 18-86. Competitive negotiations/competitive sealed proposals.

(a) *Conditions for use.*

(1) Competitive negotiations/competitive sealed proposals shall be used in those circumstances in which it is both practicable and advantageous for the city to consider a range of competing plans, specifications, standards, terms and conditions so that adequate competition will result and award be made not principally on the basis of price, but to the respondent whose proposal contains the most advantageous combination of price, quality or other features. All contracts shall be signed by the city manager.

(2) A contract may be entered into by use of the competitive negotiation/competitive sealed proposal methods when:

a. The chief procurement officer determines that the complex special-

ized nature or technical details of a particular procurement make the use of competitive sealed bidding either not practicable or reasonable, or not advantageous to the city; or

b. Specifications or scope of work cannot be fairly or objectively prepared so as to permit competition in the invitation for bids; or

c. Technology, electronic, software, and system applications are available from a limited number of sources; or

d. Qualifications and the quality of the service to be delivered can be considered more important than price.

(3) Competitive negotiations/competitive sealed proposals shall be used in the procurement of personal and professional services except for:

a. Professional services as defined in Florida Statute § 287.055, as amended from time to time.

b. Legal services.

c. Services related to the cultural, educational, recreational or park activities provided by non-profit organizations within city parks. These services may be awarded without competitive negotiations if the city manager makes a written finding, supported by reasons, to the city commission that competitive negotiation methods are not practicable or advantageous. Such finding must be ratified and the award approved by an affirmative vote of four-fifths of the commission after a properly advertised public hearing.

d. Maintenance agreements to support proprietary software applications.

(b) *Competitive negotiations method.* Where the contract does not exceed $50,000.00, at least three written proposals shall be sought and the city shall enter into competitive negotiations to determine which proposal is most advantageous to the city. The written proposals received and the results of the evaluation shall be maintained as a public record. The contract may be awarded by the city manager upon certification of compliance with competitive negotiations method by the chief procurement officer. The city manager shall submit to the city commission on an annual basis a list of contracts awarded by the city manager through this method.

(c) *Competitive sealed proposal method.* Where the contract exceeds $50,000.00, the city may utilize the following competitive sealed proposal method:

(1) Request for proposals (RFP) or request for letters of interest (RFLI) or request for qualifications (RFQ) setting forth the terms and conditions of the professional or personal services sought, including but not limited to, scope of work and evaluation factors, shall be issued. The RFP, RFLI or RFQ, as applicable, may, in the exercise of the reasonable professional discretion of the city manager, director of the using agency, and the chief procurement officer, include a five percent evaluation criterion in favor of proposers who maintain a local office, as defined in section 18-73. In such cases, this five percent evaluation criterion in favor of proposers who maintain a local office will be specifically defined in the RFP, RFLI or RFQ, as applicable; otherwise, it will not apply. All RFPs involving major projects must be reviewed by the office of the independent auditor general ("auditor general") prior to submittal to the city commission for consideration. Additionally, after city commission is an award pursuant to a RFP for a major project, all resultant agreements must also be reviewed by the auditor general prior to execution.

(2) Mailing lists. Lists of prospective proposers/respondents may be compiled pursuant to section 18-85 (competitive sealed bidding).

(3) Public notice. Adequate public notice in the city's procurement website and/or via the on-line procurement/bidding platform, unless a specific form of notice is required otherwise by Florida Statutes, shall be provided pursuant to section 18-85.

(4) Pre-proposal conference. A pre-proposal conference may be conducted to explain the requirements of the proposed procurement and shall be announced to all prospective proposers known to have received an RFP, RFLI, or RFQ. Conferences should be held long enough after the RFP, RFLI, or RFQ has been issued to allow prospective proposers to become familiar with the proposed procurement, but sufficiently before receipt of proposal to allow consideration of the conference results in preparing their proposals. Nothing stated at a pre-proposal conference shall change the RFP, RFLI, or RFQ unless a change is made by written addendum, which shall be supplied to all those prospective proposers known to have received an RFP, RFLI, or RFQ. All pre-proposal conferences shall be recorded, and, if a transcript is made, such transcript shall be a public record.

(5) Receipt of proposals. Sealed proposals shall be submitted through the city's on-line procurement/bidding platform no later than the time and date specified for submission in the request for proposals or request for letters of interest or requests for qualifications. The name of each proposer shall be recorded by the on-line procurement/bidding platform, and the record and each proposal, to the extent consistent with applicable state law, shall be open to public inspection.

(6) Proposal evaluation. An evaluation committee shall be appointed by the city manager for the purpose of evaluating proposals based upon the criteria contained in the RFP, RFLI or RFQ. No other factors or criteria shall be used in the evaluation. As may be provided in the RFP, RFLI or RFQ, proposers may be invited to make oral presentations regarding their Proposals. The recommendations of the evaluation committee shall be submitted to the city manager.

In the event only one proposal is received, the evaluation committee may proceed with the evaluation, or request the city manager to reject all proposals, whichever is in the best interests of the city.

a. After reviewing the evaluation committee's recommendation, the city manager may:

    1. Approve the recommendation of the evaluation committee, and the city manager shall then authorize contract negotiations through city staff. Upon completion of contract negotiations, the city manager shall then submit his or her award recommendation and negotiated contract(s) to the city commission for approval, at which time, written notice shall be provided to all proposers;

    2. Approve the recommendation of the evaluation committee, written notice of which shall be provided to all proposers, and the city manager shall then submit his or her recommendation to the city commission;

    3. Reject the evaluation committee's recommendation and instruct the evaluation committee to re-evaluate and make further recommendations;

    4. Reject all proposals; or

    5. Recommend that the city commission reject all proposals.

b. After reviewing the city manager's recommendation, the city commission may:

    1. Approve the city manager's award recommendation and negotiated contract(s);

2. Approve the city manager's recommendation and authorize contract negotiations;

3. Reject all proposals;

4. Reject all proposals and instruct the city manager to reissue a solicitation; or

5. Reject all proposals and instruct the city manager to enter into competitive negotiations with at least three individuals or firms possessing the ability to perform such services and obtain information from said individuals or firms relating to experience, qualifications and the proposed cost or fee for said services, and make a recommendation to the city commission.

(7) Award. Award shall be made to the responsive and responsible proposer whose proposal is most advantageous to the city as determined by the city commission in accordance with the evaluation criteria contained in the RFP, RFLI or RFQ.

The decision of the city commission shall be final. Written notice of the award shall be given to the successful proposer.

Threshold amounts referenced herein shall include the values associated with potential options of renewal. Awards made by the city manager or by the city commission shall include authority for all subsequent options of renewal, if any. The aforementioned options of renewal shall be exercisable at the option of the city manager if, after review of past performance under the contract, the city manager determines in his/her sole discretion that exercise of the option of renewal is in the best interest of the city.
(Ord. No. 12271, § 2, 8-22-02; Ord. No. 13275, § 2, 7-14-11; Ord. No. 13538, § 2, 7-23-15; Ord. No. 13667, § 2, 3-9-17; Ord. No. 13934, § 2, 10-22-20)

Sec. 18-87. Professional services as defined in F.S. § 287.055, as amended from time to time; award of certain professional agreements not exceeding $500,000.00 by the city manager.

(a) In the procurement of professional services covered by the Consultant's Competitive Negotiation Act, the provisions of F.S. § 287.055, as amended, as supplemented by applicable provisions of the procurement ordinance, shall govern.

(b) The city manager is authorized to promulgate and implement administrative procedures not inconsistent with Florida Statutes or the purchasing ordinance.

(c) Definitions. For purposes of this section the following words shall have the meanings ascribed to them in the Consultant's Competitive Negotiation Act, F.S. § 287.055, as amended:

(1) Agency.

(2) Firm.

(3) Compensation.

(4) Agency official.

(5) Project.

(6) Continuing contract.

(7) Design-build firm.

(8) Design-build contract.

(9) Design criteria package.

(10) Design criteria professional.

(11) Professional services.

The following are additional definitions not defined in CCNA that may apply to projects under this section:

(12) Value-analysis means an organized approach to optimizing both cost and performance in a new or existing facility or eliminating items that add cost without contributing to required function.

(13) Life-cycle costing means that process whereby all the expenses associated with the operation, maintenance, repair, replacement, and alteration costs of a facility are included.

(14) Capital Improvements Program (CIP) shall mean the work and materials authorized for construction, rehabilitation, restoration or betterment of streets, avenues and other public thoroughfares, public parks, buildings, and/or other public properties, and other municipal public improvements included within the city's adopted Capital Improvement Program, as amended or modified by the city commission from time to time.

(d) File of qualifications for CCNA firms. In the procurement of professional services covered by CCNA, the chief procurement officer may encourage the firms engaged in the lawful practice of their professions to submit a statement of qualifications and performance data. This information shall be held in the purchasing division and shall become part of the basis for selection of professional firms to serve the city. The list of qualifications shall contain the type of services provided by each firm, the staff available, their areas of specific expertise, and any forms then currently required by the city, the county or the state. The city may request supplemental information from any firm to be kept on file.

(e) Public announcement. The chief procurement officer shall publicly announce as required by the Consultant's Competitive Negotiation Act, F.S. § 287.055, as amended, each such occasion when Professional Services are required. The public announcement shall be made in a uniform and consistent manner.

(f) Review of qualifications. A selection committee appointed by the city manager shall review all qualifications and submittals of those firms responding to the public announcement for professional services issued by the city. As provided by CCNA, the firms desiring to provide professional services must first be certified by the city as fully qualified to provide the required service. Among the factors to be considered in making this finding are the capabilities, adequacy of personnel, past record, and experience of the firm.

(g) Short list. The selection committee shall reduce the number (short-list) at least three firms for further discussion. This requirement is not applicable if fewer than three firms deliver submittals.

(h) The committee shall conduct discussions with, and may require public presentations by, no fewer than three firms. The requirements for the discussion or presentation will be the same for each firm short-listed. The committee shall select, in order of preference, no less than three firms (unless fewer than three firms deliver submittals) determined to be the most highly qualified to perform the required services. In making such determinations the committee shall consider the factors set forth in CCNA, as amended. Any applicable local preference awarded pursuant to law shall not violate the principal of selection of the most qualified firm.

(i) Ranking reported. On completion of the committee selection process the committee shall report the ranking order of the firms to the city manager. The city manager shall immediately advise the mayor and city commission in writing of the three or more firms selected and their ranking order of preference. The city clerk will be provided with a copy of each report and memo referenced in this section.

(j) Negotiations proceed if no concern is expressed. If no commissioner or the mayor individually indicate a concern with the ranking of the selection committee within five working days of the transmittal of the memo reporting the ranking the city manager will proceed with negotiations.

(k) Procedure if a concern is expressed. If the mayor or a commissioner have concerns which cannot be resolved without impacting the order of the ranking or selection, an item shall be placed before the city commission to approve the selection and ranking or, alternatively, to refer the item back to the selection committee.

(l) Negotiations. The city manager may, after five consecutive business days of notification of the ranking to the mayor and the city commission attempt to negotiate with the highest ranked firm to perform services at compensation which is, in the opinion of the city manager, determined to be fair and reasonable. Compensation include all reimbursable expenses. If the city manager is unable to negotiate a satisfactory contract with the firm obtaining the highest-ranking negotiations with that highest ranked firm shall be terminated. The city manager shall then undertake negotiations with the second ranked firm. If these negotiations also prove unsatisfactory, negotiations will again be terminated and the city manager will negotiate, in turn, with each firm in accordance with it's ranking by the committee, until an agreement is reached, or the short list is exhausted. When a short list is exhausted, a new solicitation shall be initiated by the city, unless otherwise decided by the city commission.

(m) Award of contract. Notwithstanding any other provision of the purchasing ordinance, at the successful conclusion of negotiations the city manager may award and execute contracts for professional services, as defined by CCNA, which do not exceed $500,000.00 in total compensation. The decision of the city manager shall be final. Compensation referenced herein shall include all reimbursable expenses and contract values associated with potential options for renewal. All professional service contract awards of $500,000.00, or more in total compensation under this section shall be made by the city commission, whose decision shall be final.

Awards made by the city manager or city commission, as applicable, shall include authority for all subsequent options of renewal, if any.

(n) Report to city commission. The city manager shall submit to the city commission, on a quarterly basis, a listing of any contracts including the names of the firms, the names of the projects, and the amount of compensation of any contracts the city manager has awarded under this section.

All contracts awarded under this section shall be executed by the city manager, approved as to insurance requirements by the risk manager, and approved as to legal form by the city attorney.

(o) Delegation of authority. Excepting the execution of contracts, the city manager may delegate his or her duties under this section to the chief procurement officer or the administrative head of the using agency.

(p) Small business enterprise ("SBE") participation requirements. Except where state or federal laws, regulations, or grant requirements mandate to the contrary, and subject to reservations or limitations provided in state, federal, or city laws, regulations, or grant requirements, firms must assign a minimum of 15 percent of the contract value to firms currently certified by Miami-Dade County as a SBE if it is included in the request for proposals ("RFP"), request for letters of interest ("RFLI"), request for qualifications ("RFQ"), or other solicitation for professional services. Firms shall place a specific emphasis on using SBEs from within the city's municipal boundaries. All RFP's, RFQ's and RFLI's shall include provisions in the evaluation criteria that award five bonus points to firms who meet the SBE participation requirement through use of the firms from within the city's municipal boundaries. The adoption of these provisions in the procurement ordinance by the city will be deemed an adoption by the city, as herein modified, and as may be amended from time to time by the Miami-Dade County SBE Program for Architectural, Landscape Architectural, Engineering, and Surveying and Mapping Professional Services ("SBE A/E") as set forth in Section 2-10.4.01, Miami-Dade County Code. The definitions, program components, certification requirements, sanctions for contractual violations, and administrative penalties, from Section 2-10.4.01 of the Miami-Dade County Code, as amended, are deemed as being incorporated by reference herein.

SBE participation requirements shall apply only to contracts with a professional services contract value greater than $100,000.00 that include such requirement in the RFP, RFQ, RFLI or other solicitation for professional services.

These SBE participation requirements shall apply to any competitively procured contract under this section unless:

(1) It meets one of the exclusion provisions noted above or is not included in the solicitation for professional services;

(2) The city manager or designee deems the requirements unfeasible prior to issuance of the competitive selection document in which case the requirements of this section will be stated as not being applicable in the competitive selection document;

(3) It is disallowed by federal or state law;

(4) Funding sources require alternate, contradictory, or specifically exclude SBE participation requirements;

(5) These requirements are waived by the city commission by resolution, prior to issuance of the competitive solicitation document, upon written recommendation of the city manager or manager's designee, when the commission finds this is to be in the best interest of the city, in which case the requirements of this section will be stated as not being applicable in the competitive selection document.

(q) Consultant qualification process.

(1) This section will establish minimum qualifications for consultants engaged pursuant to F.S. § 287.055, and section 18-87 of the City Code. This section will also apply to consultants performing professional services including, without limitation, a planning or study activity and professional transportation related services, including transportation corridors, transportation facilities, utility, traffic studies, and right-of-way professional services.

(2) Application for qualification. A professional consultant who desires to qualify for either a city prequalification pool for architecture and engineering ("A&E") services or a city project with construction costs exceeding the threshold amounts provided in F.S. § 287.017, in Category Two for a planning or study activity or in F.S. § 287.017, for Category Five for the estimate of the construction costs, will submit a proposal to the city's RFQ for professional consultants through the city's online bidding platform for the specific prequalification A&E, surveying and mapping pool being solicited, or stand-alone project RFQ or RFP for a design build project the city is soliciting.

(3) City staff shall examine the proposal submitted in response to an RFQ or RFP.

(4) City staff shall make such inquiries and/or investigations as deemed necessary to verify and evaluate the proposer's statements and determine competency for qualification.

(5) Information which city staff shall consider in determining whether a professional consultant is qualified to perform the solicited types of work shall include, but not be limited to:

a. Current license or registration as regulated by the State of Florida or national organizations/governmental agencies, as appropriate.

b. Personnel with appropriate experience and training as detailed in the type of work qualifications.

c. Registration, currently in good standing, with the Florida Department of State if the applicant is a corporation, limited partnership, limited liability company, or similar business entity.

d. Past performance on city contracts including city agencies and instrumentalities.

e. Integrity, reliability, and responsibility, which shall include history of debarment or suspension from consideration for work with any governmental entity.

f. History of conviction(s) of a contract crime pursuant to F.S. § 337.165, or of a public entity crime pursuant to

F.S. § 287.133, by the applicant or its affiliate or subsidiary, including reapplication or reinstatement.

g. Any employment or otherwise providing compensation to any employee or officer of the city.

h. History of offering an employee or officer of the city any pecuniary or other benefit with the intent to influence his or her official action or judgment.

i. The acceptability of the supporting reimbursement rate, accounting system, and insurance information.

(6) The consultant shall provide additional/supplemental information and documentation upon the request of city staff.

(7) Notwithstanding the foregoing, the city shall have the right to deem a proposal submitted by a consultant non-responsive based on the criteria in chapter 18 of the City Code and the applicable solicitation document.

(8) Period of validity of qualifications. For prequalification A&E pools, consultants will be renewed annually pursuant to their respective contracts. Sixty days prior to the renewal date, the city's department of procurement will send a notification to the consultants in the pool that will include a renewal application to determine whether there have been significant changes to the consultant's qualifications. The consultant shall have 30 days to submit the renewal application to the city's department of procurement.

(9) Changes in qualification status.

a. A consultant shall submit a revised application in the event of a change in the status of its firm, including a change of ownership, a change in the form of business under which the firm operates, a change in any of the key staff used to qualify the firm to perform the work, or any other change deemed material or substantial by the city's department of procurement when initially qualifying consultants.

b. A consultant need not submit a revised application solely because of any change in the officers or the name of the corporation; however, such information shall be certified and delivered to the city's department of procurement within 15 days of its occurrence.

(r) Consultant work performance evaluation system ("consultant evaluation system").

(1) Firms, entities, or persons as addressed in subsection (q)(1) above who are performing professional services for the city or any city agency or instrumentality shall be subject to the following consultant evaluation system. The using agency, through appropriate staff selected by the city manager or the director of the using agency, shall utilize established regulations to evaluate professional services contracts for all projects subject to competitive solicitations under F.S. § 287.055, as provided herein, including all projects in which the construction cost is estimated to exceed the threshold amount provided in Category Five under F.S. § 287.017. The staff evaluating the contract must include the using agency's project manager(s) and/or task manager(s) and must include any owner's representative who acted on behalf of the city. At the option of the city manager or the director of the using agency, said project manager(s) and/or task manager(s) may also serve on the staff evaluation group. This evaluation system will consider the consultant's performance for the entire length of the contract and goods and professional services provided or produced by the consultant. A copy of the completed evaluation shall be provided to the consultant's project manager and the chief procurement officer or designee and the city manager. A final composite evaluation of the consultant's contract performance shall be developed by combin-

ing all of the consultant's evaluations for the full length (duration) of the contract. The consultant's work performance on each professional services contract must be evaluated by the using agency's project manager(s) and/or task manager(s). A work performance grade of 1 through 5 for each major type of work shall be based on an evaluation of the schedule, including milestone dates, management, and quality. The management rating shall be based on an evaluation schedule, with one evaluation at 50 percent completion and a second evaluation at 100 percent completion. The management rating shall be based on the consultant's ability to manage all necessary project resources. The schedule rating shall be based on the consultant's compliance with the contract schedule. The quality rating shall be based on the consultant's attention to and concern with the established quality control plan and product quality. The project manager shall assign the quality rating to any consultant named in the agreement or its exhibits for any major type of work performed. For all professional services that result in the preparation of construction plans, a constructability rating shall also be assigned. The constructability rating shall be based on the design consultant's ability to develop practical, accurate, complete, and cost-effective construction plans.

(2) The rating system for all work types shall be on a 1 to 5 rating with 1 equating with poor performance and 5 representing outstanding performance.

(3) Each consultant in a prequalified pool will be evaluated at the end of each contract year considering all previous project evaluations and any vendor nonperformance for that contract year.

(4) The chief procurement officer is authorized to administratively promulgate and implement evaluation regulations. Such regulations and any amendments will be reported to the city manager, city attorney, mayor, and members of the city commission in writing. Such regulations may fully effectuate all the procedures for this section and shall be consistent with the city's procurement ordinance.

(5) Consultants with poor project evaluations are subject to the possibility of a suspension, termination, or debarment imposed by the city pursuant to the procedures set forth in section 18-107 of the City Code and the evaluation regulations. Consultant's previous city evaluations for the previous three years shall be considered at the time of prequalification in any city A&E pool or for standalone projects for which the consultant is submitting their qualifications.

(Ord. No. 12349, § 2, 3-27-03; Ord. No. 13331, § 2, 7-26-12; Ord. No. 14007, § 2, 6-10-21)

Editor's note—Ord. No. 12349, § 2, adopted March 27, 2003, amended § 18-87 in its entirety to read as herein set out. Formerly, § 18-87 pertained to professional services as defined in F.S. § 287.055, as amended from time to time, and derived from Ord. No. 12271, § 2, adopted August 22, 2002.

Sec. 18-88. Small purchases.

(a) *Conditions for use.* All purchases of goods, supplies, equipment, and services, the estimated cost of which does not exceed $25,000.00 may be made using the simplified small-purchase procedures prescribed in this section, except as otherwise provided in this article.

(b) *Division of requirements.* Procurement requirements shall not be artificially divided so as to permit use of small-purchase procedures described in this section instead of the methods otherwise applicable.

(c) *Soliciting quotations.* Goods, supplies, equipment and contractual services.

(1) *Small purchases more than $10,000.00.* Insofar as it is practicable, as determined by the chief procurement officer, for small purchases of more than $10,000.00, at least five quotations shall be sought. Award shall be made on the basis of competitive bidding, except as otherwise provided in this article. The names of the offerors submitting written, electronic or facsimile quotations, and the date and

amount of each quotation, shall be recorded and maintained as a public record.

(2) *Small purchases up to $10,000.00.* Insofar as it is practicable, as determined by the chief procurement officer, for small purchases of up to $10,000.00, at least three quotations shall be sought except as otherwise provided in this article. Award shall be made on the basis of competitive bidding. The names of offerors submitting written, electronic or facsimile quotations and the date and amount of each quotation, shall be recorded and maintained as a public record.

(3) *Small purchases up to $5,000.00.* The chief procurement officer shall adopt operational procedures for making small purchases up to $5,000.00. Such procedures shall provide for obtaining adequate and reasonable competition for the goods and services being purchased insofar as it is practicable and shall require the maintenance of adequate written records to document the purchasing decision. Such records shall be open to public inspection.

(d) *Award.*

(1) *Goods, supplies, equipment and contractual services.* Small purchases up to $25,000.00 shall be approved by the chief procurement officer on the basis of competitive bidding methods. However, if the amount of the quotation submitted by an offeror with a local office is not more than ten percent in excess of the lowest other responsive and responsible offeror, such offeror may be offered the opportunity of accepting the contract at the lowest informal bid amount. The chief procurement officer shall have the authority to reject any or all informal bids.

(2) *Professional and personal services.* Except for the performance of legal services, whenever the total cost for a contract for professional or personal services is $25,000.00 or less, one written proposal shall be sought and the award shall be made by the chief procurement officer on the basis of competitive negotiations.

(Ord. No. 12271, § 2, 8-22-02)

Sec. 18-89. Contracts for public works or capital improvements.

(a) Any public work or capital improvement may be executed either by contract or by the city labor force, as may be determined by the city commission. There shall be a separate accounting as to each work or improvement. Before authorizing the execution by the city labor force of any work or improvement or phase thereof, the city manager shall submit to the city commission a description of the anticipated scope of work and related cost estimates.

(b) All contracts for public works or capital improvements in excess of $25,000.00 shall be awarded to the lowest responsive and responsible bidder after public notice on the basis of competitive sealed bidding methods, as provided herein or as provided in applicable Florida Statutes, whichever is determined to be in the best interest of the city. For contracts for public works and improvements in excess of $25,000.00 where it is both practicable and advantageous for the city to specify all detailed plans, specifications, standards, terms and conditions so that adequate competition will result and award may be made to the lowest responsive and responsible bidder principally on the basis of price; provided, however, when a responsive, responsible non-local bidder submits the lowest bid price, and the bid submitted by one or more responsive, responsible local bidders who maintain a local office, as defined in City Code section 18-73, is within 15 percent of the price submitted by the non-local bidder, then that non-local bidder and each of the aforementioned responsive, responsible local bidder(s) shall have the opportunity to submit a best and final bid equal to or lower than the amount of the low bid previously submitted by the non-local bidder. Contract award shall be made to the lowest responsive, responsible bidder submitting the lowest best and final bid. In the

case of a tie in the best and final bid between a local bidder and a non-local bidder, contract award shall be made to the local bidder.

Notwithstanding the foregoing, the city manager may establish a pool of pre-qualified contractors for the city construction projects ("pilot program"). The prequalification pool of contractors for city construction projects pilot program ("pool"), will participate in an expedited, competitive sealed bidding process, as identified in Exhibit "A" [to Ord. No. 13625], which is deemed as being incorporated by reference herein.

Notwithstanding the foregoing, the city manager may waive competitive sealed procurement methods by making a written finding, supported by reasons, that a valid emergency exists or that there is only one reasonable source of supply, which finding must be ratified by an affirmative vote of four-fifths of the city commission after a properly advertised public hearing. When competitive sealed procurement methods are waived, other procurement methods as may be prescribed by ordinance shall be followed, except for the cone of silence provisions.

(c) Public notice shall be in accordance with the applicable Florida Statutes.

(d) Award.

(1) All contracts for public works or capital improvements which do not exceed $25,000.00 shall be awarded on the basis of competitive negotiations.

(2) All contracts for public works or capital improvements of $25,000.00 or more shall be awarded by the city manager only upon certification of the results of the evaluation and the bid tabulation by the chief procurement officer as being in compliance with competitive sealed procurement methods or in accordance with applicable Florida Statutes.

(3) All contracts in excess of $100,000.00 must be approved by the city commission upon recommendation by the city manager. The decision of the city commission shall be final.

(4) The city commission or the city manager shall have the authority to reject any or all bids or portions of bids, and re-bid or elect not to proceed with the project.

(5) When it becomes necessary in the opinion of the city manager to make alterations or modifications in a contract for any public work or improvement which increases the contract to a total amount in excess of $100,000.00, such alterations or modifications shall be made only when authorized by the city commission upon the written recommendation of the city manager. No such alteration shall be valid unless the price to be paid for the work or material, or both, under the altered or modified contract shall have been agreed upon in writing and signed by the contractual party and the city manager prior to such authorization by the city commission.

(6) Copies of the city manager's award shall be delivered to the director of the department of resilience and public works and to the chief procurement officer.

(7) The city manager shall submit to the city commission on a monthly basis a list of contracts for public works or capital improvements awarded by the city manager.

(e) Small business enterprise ("SBE").

(1) Except where state or federal law, regulations, or grant requirements mandate to the contrary, and subject to reservations or limitations provided in state, federal, or city laws, regulations, or grant requirements, respondents must assign a minimum of 15 percent of the contract value to a respondent or to a construction related enterprise currently certified by Miami-Dade County as a Small Business Enterprise ("SBE"). Respondents shall place a specific emphasis on utilizing local small businesses from within the city's municipal boundaries. The adoption of these provisions in the procurement ordinance of the city will be deemed an adoption by the city, as herein modi-

fied, and as may be amended from time to time of the Miami-Dade County SBE Program, as set forth in section 10-33.01, section 10-33.02, Miami-Dade County Code. The definitions, program components, subcontractor goals, contract measures, certification requirements, enforcement and administrative remedies from section 10-33.02, of the Miami-Dade County Code, as amended, are deemed as being incorporated by reference herein.

(2) Five percent of the bid amount shall be retained by the city for the SBE participation requirements until said requirements are fulfilled and verified by the city manager or authorized designee as being fulfilled within six months of contract completion; failure to satisfactorily meet, document, and present to the city manager or authorized designee the SBE requirements within six months of contract completion shall result in the forfeiture of the retained amount to the city. This five percent retainage is included within the ten percent retainage normally withheld by the city.

(3) The respondent selected as the contractor shall have a third party independently verify and certify compliance with these requirements on a quarterly basis. Said third party shall be unaffiliated with the respondent and be properly licensed under the provisions of F.S. chs. 454, 471, 473, or 481. The person performing the verification shall have a minimum of two years of prior professional experience in contracts compliance, auditing, personnel administration, or field experience in payroll, enforcement, or investigative environment. The cost for this verification and certification shall be included in the related contract costs.

SBE requirements shall apply only to contracts with a contract value greater than $100,000.00 and with an on-site labor component greater than or equal to 25 percent of the contract value.

These SBE requirements shall apply to any competitively procured contract under this section unless:

- It meets one of the exclusion provisions noted above;
- The city manager or designee deems the requirements unfeasible prior to issuance of the competitive selection document in which case the requirements of this section will be stated as not being applicable in the competitive selection document;
- It is disallowed by federal or state law;
- Funding sources require alternate, contradictory or specifically exclude SBE participation requirements;
- These requirements are waived by the city commission by resolution, prior to issuance of the competitive solicitation document, upon written recommendation of the city manager or manager's designee, when the commission finds this is to be in the best interest of the city, in which case the requirements of this section will be stated as not being applicable in the competitive selection document.

(f) Local workforce participation requirements.

(1) Except where state or federal law, regulations, or grant requirements mandate to the contrary, and subject to reservations or limitations provided in state, federal, or city laws, regulations, or grant requirements, respondents must employ the following minimum percentage requirements for on-site labor from persons residing within Miami-Dade County (an individual whose primary place of residence is within Miami-Dade County), for the duration of the project. City construction contracts with a construction cost of up to $250,000.00 shall have no local workforce participation requirement. Construction contracts with a construction cost of $250,000.00 or more but less than $500,000.00 shall have a minimum local workforce participation requirement of ten percent. Construction contracts with

a construction cost of $500,000.00 or more but less than $750,000.00 shall have a minimum local workforce participation requirement of 15 percent. Construction contracts with a construction cost of $750,000.00 or more but less than $4,000,000.00 shall have a minimum local workforce participation requirement of 20 percent. Construction contracts with a construction cost of $4,000,000.00 or more shall have a minimum local workforce participation requirement of 40 percent. "Construction costs" as referenced herein shall mean the total or estimated cost to the owner of all elements of the project being awarded, including, at current market rates, (with reasonable and customary allowance for overhead and profit), the costs of labor and materials, and any equipment or supplies that have been specified in the competitive solicitation document, but not including compensation for the architect, engineer, landscape architect, surveyor, mapper, or similar professional consultants. Local workforce participation requirements must be met by new hires and "laborer" as referenced herein shall mean a person as defined by F.S. § 713.01, who is retained by the contractor. All local workforce participation percentage requirements listed above shall be applied on the construction project's on-site labor force. The contractor shall strive to employ a minimum of 50 percent of the aforementioned minimum local workforce participation percentage requirements from within the city commission district where the project is located (e.g. if the project is in District X and the minimum local participation percentage requirement is ten percent then the contractor shall make its best efforts to employ a minimum of five percent of the required local workforce from District X). The county residency of the onsite labor component will be subject to verification by the issuing department.

(2) Five percent of the bid amount shall be retained by the city for the local requirements until said requirements are fulfilled and verified by the city manager or authorized designee as being fulfilled within three months of contract completion. Failure to satisfactorily meet, document, and present to the city manager or authorized designee the local workforce participation requirements within three months completion after the project has reached final completion, shall result in the forfeiture of the retained amount to the city. This five percent retainage is included within the ten percent retainage normally withheld by the city and will comply with percentages specified in F.S. § 218.735.

(3) For contracts with a bid amount between $1,000,000.00 and $2,000,000.00, the contractor shall be required to hold one job fair within the local community for the purpose of encouraging local workforce participation. For contracts with a bid amount greater than $2,000,000.00, the respondent shall be required to hold two job fairs within the local community for the purpose of encouraging local workforce participation. The contractor shall coordinate job fairs and hiring initiatives with South Florida Workforce or a similar state chartered regional workforce development board acceptable to the city manager.

(4) Bid and proposal documents to which a local workforce participation requirement goal has been applied shall require the contractor to develop and submit to the city, within 30 days of notification of award of the construction contract, a workforce plan (plan) outlining how the goal will be met and containing the following information and elements required by this section. The plan shall specify the total number of persons that will be used by the contractor, broken down by trade and labor category, minimum qualifications for each category, and the number of persons to be utilized in each category.

The plan shall identify by name, address, and trade category of all persons proposed to perform work under the contract currently on the contractor's payroll or positions to be hired by the contractor, who reside within Miami-Dade County. The city will not enter into the contract until it receives the contractor's plan and deems the plan acceptable. An updated plan shall be submitted to the city's project manager on a monthly basis. In the event that during the contract period a new hire or a person identified in the plan as meeting the local workforce participation requirement goal is replaced, the city may require the contractor to immediately identify the replacement. Notwithstanding anything to the contrary above, the contractor may be relieved from the requirements of this provision, in part or in whole, if such contractor can demonstrate that it has utilized its best efforts to achieve the goal in accordance with the prescribed provisions under this section.

(5) The respondent shall have a third party independently verify and certify compliance with these requirements on a quarterly basis. Said third party shall be unaffiliated with the respondent and be properly licensed under the provisions of F.S. ch. 454, 471, 473, or 481. The person performing the verification shall have a minimum of two years of prior professional experience in contracts compliance, auditing, personnel administration, or field experience in payroll, enforcement, or investigative environment. The cost for this verification and certification shall be included in the related contract costs.

The city shall consider the contractor's adherence to the city's local workforce participation requirements within the past three years in making any future contract awards to which this section applies. The solicitation documents will include the contractor's past compliance with these requirements of the city.

Local participation requirements shall apply only to public works or capital improvements contracts with a contract value greater than $250,000.00 and with an on-site labor component greater than or equal to 25 percent of the contract value.

These local workforce participation requirements shall apply to any competitively procured contract under this section unless:

- It meets one of the exclusion provisions noted above;
- The city manager or designee deems the requirements unfeasible prior to issuance of the competitive solicitation document, in which case the requirements in this section will be stated as not being applicable in the competitive solicitation document;
- It is disallowed by federal or state law or grant requirements;
- Funding sources require alternate, contradictory or specifically exclude or disallow local workforce participation requirements;
- These requirements are waived by the city commission by resolution, prior to issuance of the competitive solicitation document, upon written recommendation of the city manager or manager's designee, when the commission finds this is to be in the best interest of the city, in which case the requirements of this section will be stated as not being applicable in the competitive selection document.

(g) Contractor work performance evaluation system ("contractor evaluation system").

(1) Firms, entities, or persons addressed in section 18-89 of the City Code who are performing construction work, public works, or capital improvements for the city or any city agency or instrumentality will be subject to the following contractor evaluation system. The city, through appropriate staff selected by the city manager or the city agency or instrumentality through appropriate staff selected by the director of the using agency or instrumentality, will utilize

established regulations to evaluate construction contracts for all projects subject to competitive solicitations under F.S. § 255.20, as provided herein and/or all construction work awarded by the city commission or a using agency or instrumentality pursuant to the City Code. The staff evaluating the contract must include the city's or using agency's project manager(s) and/or task manager(s) and must include any owner's representative who acted for the city or the using agency or instrumentality. At the option of the city manager or the director of the using agency or instrumentality or their designees, the project manager(s) and/or task manager(s) may also serve on the staff evaluation group. This contractor evaluation system will consider the contractor's performance for the entire length of the contract and goods and services provided or produced by the contractor including any change orders. A copy of the completed evaluation shall be provided to the contractor's construction manager or superintendent, the chief procurement officer or designee, and the city manager or using agency or instrumentality director who executed the agreement. A final composite evaluation of the contractor's contract performance shall be developed by combining all the contractor's evaluations for the full length (duration) of the contract. The contractor's work performance on each construction contract must be evaluated by the using agency's project manager(s) and/or task manager(s). A work performance grade of 1 through 5 for each major type of construction project (i.e. vertical, horizontal, electrical, etc.) shall be based on an evaluation of the schedule, including milestone dates, management, and quality. The schedule rating shall be based on contractor's compliance with the contract schedule and contract budget. The management rating shall be based on an evaluation schedule with one evaluation at 50 percent completion, a second evaluation at or about 75 percent substantial completion, and a final evaluation upon contract close out. The management rating shall be based on the contractor's ability to manage all necessary project resources, contract schedule, and contract budget. The quality rating shall be based on the contractor's attention and concern to the established quality control plan and product quality. The project manager shall assign the quality rating to any subcontractor named in the agreement or its exhibits for any major type of work performed. For all construction work that results from construction plans, a constructability rating shall also be assigned. The constructability rating shall be based on the contractor's ability to develop practical, accurate, complete, and cost-effective staffing, materials, supplies, equipment, satisfactory work progress, and scheduling.

(2) The rating system for all work types shall be on a 1 to 5 rating with 1 equating with poor performance and 5 representing outstanding performance.

(3) Each contractor in a prequalified pool will be evaluated at the end of each contract year considering all previous project evaluations and any vendor nonperformance for that contract year.

(4) The chief procurement officer is authorized to administratively promulgate and implement evaluation regulations. Such regulations and any amendments will be reported to the city manager, city attorney, mayor, and members of the city commission in writing. Such regulations may fully effectuate all the procedures for this section and shall be consistent with the procurement code.

(5) Contractors with poor project evaluations are subject to the possibility of a suspension, termination, or debarment imposed by the city in accordance with the procedures set forth in section 18-107 of the City Code and the evaluation regulations.

(6) Furthermore, contractor's previous city evaluations for the prior three years shall be considered at the time of prequalification in any city construction contractor pool or for stand-alone projects for which that contractor is submitting a bid or proposal.

(Ord. No. 12271, § 2, 8-22-02; Ord. No. 12654, § 2, 2-10-05; Ord. No. 12780, § 2, 3-9-06; Ord. No. 13275, § 2, 7-14-11; Ord. No. 13331, § 2, 7-26-12; Ord. No. 13332, § 2, 7-26-12; Ord. No. 13493, § 2, 1-22-15; Ord. No. 13625, § 2, 9-8-16; Ord. No. 13792, § 1, 10-11-18; Ord. No. 14007, § 2, 6-10-21)

Editor's note—Ord. No. 14007, § 2, adopted June 10, 2021, changed the title of section 18-89 from "Contracts for public works or improvements" to "Contracts for public works or capital improvements." The historical notation has been preserved for reference purposes.

Sec. 18-90. Emergency procurements.

In case of emergency, it is not advantageous or practicable for the city to use competitive bidding methods. Therefore, the city may purchase directly those goods or services whose immediate procurement is essential to the life, health, welfare, safety or convenience of the city. Such emergency procurements shall nevertheless be made with such competition as may be practicable under the circumstances.

(1) In seeking a waiver of competitive bidding methods for emergency procurements that do not exceed $25,000.00, the head of the using department or office shall submit to the chief procurement officer in writing a full explanation of the circumstances of the emergency and the reasons for selection of a particular firm, along with a list of others which may have been solicited, with an approved requisition by the director of the requesting department.

(2) In seeking the waiver of competitive sealed bidding methods for emergency procurements exceeding $25,000.00, the head of the using department or office shall submit to the chief procurement officer and the city manager in writing a full explanation of the circumstances of the emergency and the reasons for selection of a particular firm, along with a list of others which may have been solicited, and certification of fund availability from the director of the department of management and budget. The city manager may then waive competitive sealed bidding requirements after making a written finding, supported by reasons, that an emergency exists. Such finding must be ratified by an affirmative four-fifths vote of the city commission or an unanimous vote of the quorum that exists because of either abstentions or vacancies resulting from resignation, death, suspension, or physical incapacitation at the next available city commission meeting.

(3) Notwithstanding anything to the contrary contained in this Code, the city manager may direct the chief procurement officer to purchase directly those goods and/or services required by the urban search and rescue task force when activated to perform its obligations under the existing provisions of the memorandum of understanding with the state and/or the Federal Emergency Management Agency (FEMA). Such emergency procurements shall nevertheless be made with such competition as may be practicable under the circumstances. If necessary, the city manager may waive competitive sealed bidding methods for such emergency procurements, after making a written finding, supported by documentation that the urban search and rescue task force has been officially activated. Such finding and waiver must be ratified by an affirmative four-fifths vote of the city commission or an unanimous vote of the quorum that exists because of either abstentions or vacancies resulting from resignation, death, suspension, or physical incapacitation at the next regularly available city commission meeting for contracts exceeding $25,000.00.

All emergency awards shall be filed and maintained by the purchasing department as a permanent and public record of the purchase.

(Ord. No. 12271, § 2, 8-22-02; Ord. No. 13170, § 2, 5-13-10)

Sec. 18-91. Cancellations.

The city shall have the right to cancel all invitations for bids, requests for proposals, request for quotations, or other solicitations before bid opening, proposal submission, or receipt of quotations and to reject all bids, proposals, quotations, or offers after receipt. All invitations for bids, requests for proposals, request for quotations, or other solicitations shall contain a reservation of the foregoing rights. In the event of such cancellation or rejection, the chief procurement officer shall promptly notify all affected bidders or proposers and make available to them a copy of the written explanation for such cancellation or rejection, which shall be a public record.
(Ord. No. 12271, § 2, 8-22-02)

Sec. 18-92. Sole-source contracts.

(a) *Conditions for use.* Since it is not practicable for the city to use competitive bidding methods to secure goods or services if there is only one reasonable source of supply, sole-source awards may be made as an exception to the other methods prescribed in this section under the following circumstances:

(1) Where the compatibility of equipment, accessories, or replacement parts permits one reasonable source of supply;

(2) Where the goods or services available from a single source are needed for trial use or testing; and

(3) Where the unique and specialized expertise of one source of services is unlikely to be obtained from any other source.

(b) *Determination, approval, and award.* The determination that an award shall be made on a sole-source basis shall be made by the chief procurement officer. Such determination shall be made in writing and provide complete justification as to why no other sources of goods or services could be obtained to meet the city's requirements. The determination shall also certify that the terms and conditions of the award have been negotiated so as to obtain the most favorable terms and conditions, including price, as may be offered to other customers or clients by the proposed contractual party. For all contracts in excess of $25,000.00, such determination shall be submitted to the city manager who may waive competitive sealed bidding after he or she makes a written finding, supported by reasons, that only one reasonable source of supply exists. Such finding must be ratified and the award approved by an affirmative four-fifths vote of the city commission or an unanimous vote of the quorum that exists because of either abstentions or vacancies resulting from resignation, death, suspension, or physical incapacitation after a properly advertised public hearing.

(c) *Public notice and disclosure.* Notice that the city intends to award a sole-source contract exceeding $25,000.00 shall be published at least once in a newspaper of general circulation in the city prior to contract award, but in any event at least 15 calendar days shall intervene between the last date of publication and the date of award. Such notices shall state the intention to award a sole-source contract, the nature of goods or services to be acquired, the name of the

proposed contractual party, and the name and telephone number of a cognizant city official who may be contacted by other potential sources who feel they might be able to satisfy the city's requirements. A record of such notices and responses thereto shall be maintained in the contract file along with the written determination required above, and a compilation of all sole source awards shall be maintained by the chief procurement officer and shall include:

(1) The name of the sole-source contractual party;

(2) The nature of the goods or services procured;

(3) The reasons no other source could satisfy city requirements;

(4) The amount and type of contract; and

(5) The identification number for each contract file.

(Ord. No. 12271, § 2, 8-22-02; Ord. No. 13170, § 2, 5-13-10)

Sec. 18-93. Types of contracts.

Subject to the limitations of this section, any type of contract which will promote the best interests of the city may be used, except that the use of a cost-plus-a-percentage-of-cost contract is prohibited.

(1) *Fixed-price contracts.* Fixed-price contracts shall ordinarily be used for those purchases of goods and services or sales and leases where the terms, conditions, specifications and other factors of the contract can be specified with a high degree of certainty and where use of a fixed-price contract will result in substantial competition between bidders or offerors willing to compete for the contract. Incentives based on various performance factors and escalation clauses or other economic adjustments may be included as appropriate to serve the best interests of the city in achieving the most economical contract performance.

(2) *Cost-reimbursement contracts.* Cost-reimbursement contracts shall ordinarily be used for those purchases of goods and services or sales and leases where the terms, conditions, specifications and other factors of the contract cannot be specified with a high degree of certainty or the use of fixed-price contracts is not likely to result in substantial competition between bidders or offerors willing to compete for the contract. Incentives based on various performance factors and escalation clauses or other economic adjustments may be included as appropriate to serve the best interests of the city in achieving the most economical contract performance.

(3) *Blanket purchase orders.* The chief procurement officer or individual purchasing agents may issue purchase orders for indeterminate amounts of repair parts, supplies and services to the account of any department or office, but only when based upon a definite contract or price agreement which shall be negotiated in the same manner as if the item to be purchased thereunder were to be individually purchased or contracted for under the provisions of article III of this chapter. Such orders shall state a specific monetary limit which may not be exceeded except on written approval by the chief procurement officer.

(4) *Multi-year contracts.*

a. Unless otherwise provided by law, a contract for supplies or services, sales, or leases may be entered into for any period of time deemed to be in the best interests of the city, provided that the term of the contract and conditions for renewal or extension, if any, are included in the invitation for bids or request for proposals, and provided that funds are available for the first fiscal period at the time of contract award. Payment and performance obligations for succeeding fiscal periods shall be subject to the availability and appropriation of funds therefor and shall be so stipulated in the contract.

b. Prior to the utilization of a multiyear contract, it shall be determined in writing by the using department or office and by the chief procurement officer that the estimated requirements over the period of the contract are reasonably firm and continuing; and that such a contract will serve the best interests of the city by promoting more effective competition or otherwise promoting economies to the city.

c. Accounting suitability. Except with respect to firm fixed-price contracts with no provisions for incentives, escalation or any other adjustments, no type of contract shall be used unless it has been determined in writing by individual purchasing agent or the chief procurement officer that:

1. The accounting system of the contractual party will permit timely development of all necessary cost data in the form required by the specific type of contract contemplated; and

2. The accounting system of the contractual party is adequate to allocate costs in accordance with generally accepted accounting principles.

(Ord. No. 12271, § 2, 8-22-02)

Sec. 18-94. Qualifications and duties of contractual parties.

The city shall attempt to secure the most qualified contractual parties in its dealings with the private sector in accordance with the provisions of this article. The chief procurement officer or individual purchasing agent shall determine responsibility as part of the duties and qualifications of prospective contractual parties in accordance with this article and other applicable laws and requirements, provided that the awarding authority may make its own determination.

(Ord. No. 12271, § 2, 8-22-02; Ord. No. 13379, § 2, 4-25-13)

Sec. 18-95. Determination of responsibility.

(a) Prior to contract award, the chief procurement officer or individual purchasing agent shall determine in writing that the bidder or offeror is responsible.

(b) If a prospective contractual party who would otherwise have been awarded a contract is found nonresponsible, a copy of the determination and the reasons therefor shall be sent promptly to such party, which shall be given a reasonable opportunity for rebuttal prior to a final determination of nonresponsibility.

(c) Factors to be considered in determining responsibility of prospective contractual parties shall include but not be limited to:

(1) Availability of appropriate financial, material, equipment, facility, and personnel resources and expertise, or the ability to obtain them, to meet all contractual requirements;

(2) A satisfactory record of performance;

(3) A satisfactory record of integrity;

(4) Qualified legal standing to contract with the city; and

(5) Compliance in supplying all requested information connected with the inquiry concerning responsibility.

(d) Prior to contract award, the city, through the chief procurement officer or individual purchasing agent, shall determine whether a prospective contractual party is a nonresponsible bidder or offeror, and, therefore, ineligible for the pending award when:

(1) The city has terminated, suspended or cancelled a city contract within the past five years, in whole or in part, for cause, due to a default by a bidder or offeror not otherwise formally debarred or suspended from doing business with the city pursuant to the provisions of section 18-107 herein, where a court of competent jurisdiction has not reversed the action on appeal; or

(2) A bidder or offeror has received a formal notice of delinquency by the city in writing of monies owed to the city within the past five years, and thereafter has either withheld payment, failed to pay moneys or is formally disputing the monies allegedly due to the city, unless the full amount of such moneys due the city have been (i) deposited with a court of competent jurisdiction in Miami-Dade County, Florida, pursuant to the provisions of Fla. R. Civ. P. 1.600 titled "Deposits in Court", as amended, or other applicable federal, state or local rules of court; or (ii) are placed in escrow pursuant to an escrow agreement negotiated with the city attorney; and are subject to distribution to the city or withdrawal by the city by order of the court or in accordance with the terms of an escrow agreement.

(e) The prospective contractual party shall provide any information requested by the chief procurement officer or purchasing agent concerning responsibility. If such contractual party fails to provide the requested information, the determination of responsibility may be made upon available information or the prospective contractual party may be found nonresponsible. The prospective contractual party may demonstrate the availability of necessary financial, equipment, facility, and personnel resources by submitting.

(1) Evidence that the contractual party possesses such necessary resources;

(2) Acceptable plans to subcontract for such necessary resources; or

(3) A documented commitment for, or explicit arrangement with, satisfactory sources to provide such necessary resources.

(Ord. No. 12271, § 2, 8-22-02; Ord. No. 13379, § 2, 4-25-13)

Sec. 18-96. Prequalifications.

Prospective contractual parties may be prequalified as part of the process for compiling bidder lists. Such prequalification, however, does not necessarily constitute a finding of responsibility for any particular contract award.

(Ord. No. 12271, § 2, 8-22-02)

Sec. 18-97. Cost or pricing data.

(a) *Contractor certification.* A contractual party shall upon request make available all costs or pricing data supporting the bid or offer and shall certify that, to the best of its knowledge, such data was accurate, complete and current at the time of the submission of bids or offers or at the time of contract modifications.

(b) *Price adjustment.* Any contract, change order or modification shall contain a provision that the price to the city, including profit or fee, shall be adjusted to exclude any sums by which the city finds that such price was increased because the cost or pricing information submitted by the contractual party was inaccurate, incomplete or not current.

(c) *Exclusions.* Contractual parties need not make available costs or pricing data or certify their accuracy, completeness and currency when:

(1) The contract price is based on price competition resulting from sealed bids;

(2) The contract price is based on established catalog or market prices set and offered to the general public or to governmental entities;

(3) The contract price is set by law or regulation; or

(4) The city manager determines that such requirements for cost or pricing data and certification should be waived, and the reasons for such waiver are stated in writing and approved by the city commission.

(Ord. No. 12271, § 2, 8-22-02)

Sec. 18-98. Bond of successful contractual parties.

(a) In the case of contracts for public works or improvements or purchases involving large sums of money, the city manager may provide that the successful bidder shall post a surety bond in any

amount that the city manager or his/her designee deems proper. Each call for bids for any public work or for the furnishing of any material, supplies, equipment or services, as well as any specification documents prepared and issued thereon, shall specify that the bid bond, performance bond, or any other guarantee required in connection therewith shall be accompanied by an affidavit of a qualified officer of the entity tendering such bond or guarantee, or by the attorney in fact of such entity, setting forth the amount of capital and the amount of surplus held by such entity as of its last published report, and the date of such report. The limit of surety acceptable from any one risk shall be ten percent of the combined capital and surplus shown by such affidavit. No bid bond, performance bond, surety bond or other guarantee shall be accepted unless it is signed by a licensed agent of the state as attorney in fact for the entity writing the same and unless the same is written by a properly licensed insurance agent located in the county. The right of rejection of any and all tenders of such surety bonds shall be reserved in all cases, which fact and reservation shall be clearly set forth in the call for bids and specification documents. The city manager shall cause each such surety tendered to the city to be reviewed to determine whether the entity or agency making such tender is qualified to meet the obligation to be assumed, and shall recommend to the city commission the rejection of any such tender from any entity or agency not found to be fully qualified. Notwithstanding the foregoing, the city manager may accept, in lieu of a bid bond, a cashier's check, an irrevocable letter of credit drawn upon a local bank, or cash, upon a finding that the city's interests would be protected by such acceptance.

(b) The director of finance shall cause a list to be kept of all sureties filed with the city, by names of guarantor and amounts, and shall report quarterly to the city manager full details as to bid bonds, performance bonds, or other like bonds then in effect.
(Ord. No. 12271, § 2, 8-22-02)

Sec. 18-99. Inspections and audits for accuracy and accountability.

The city shall be entitled to insist that all parties dealing with it observe the highest degree of accuracy and accountability in all of their dealings with the city.
(Ord. No. 12271, § 2, 8-22-02)

Sec. 18-100. Right to conduct inspections and audits.

(a) The city may, at reasonable times, inspect that part of any contractual party's plant or place of business and audit those books and records which are related to the performance of any contract awarded or to be awarded by the city. Circumstances warranting such inspections and audits shall include, but not be limited to, concern as to whether standards of responsibility specified in section 18-95 have been, are being, or are capable of being met, and concern as to whether the contract is being performed in accordance with its terms and conditions.

(b) The city may enter a contractual party's plant or place of business to:

(1) Inspect goods or services for acceptance by the city pursuant to the terms of the contract.

(2) Audit cost or pricing data or audit books and records.

(3) Conduct investigations of responsibility pursuant to section 18-95 or those related to actions to debar or suspend a contractual party from consideration for award of contracts pursuant to section 18-107.

(c) Books and records relating to performance of city contracts shall be maintained by contractual parties for a period of three years from the date of final payment unless a shorter period is authorized in writing by the city manager.
(Ord. No. 12271, § 2, 8-22-02)

Sec. 18-101. Inspections.

(a) *Solicitations and contractual provisions.* City contracts shall provide that the city may inspect goods or services at the facilities of the

contractual party and perform tests to determine whether they conform to solicitation requirements contained in invitation for bids or requests for proposals or, after award, to the terms and conditions of the contract. Such inspections and tests shall be performed in accordance with the terms and conditions of the solicitation and contract.

(b) *Procedures for tests and inspections.*

(1) The chief procurement officer may specify general operational procedures governing the test and inspection of all goods or services, sales or leases being performed under city contract by city departments, offices and individual purchasing agents.

(2) The chief procurement officer shall inspect or supervise the inspection of all deliveries of supplies, materials, equipment, contractual services or performance under lease agreements to determine conformance with the terms and conditions upon which the order or contract was based. Any purchasing agent or department may be authorized by the chief procurement officer to inspect deliveries or contract performance in the manner stipulated with the approval of the city manager.

(3) The chief procurement officer may prescribe chemical, physical and other performance tests for goods or services, including samples submitted with bids or offers and samples of deliveries and performance to determine their quality and conformance with the terms and conditions of the solicitation or contract. In the performance of such tests or inspections, the chief procurement officer shall have the authority to make use of the laboratory facilities of any department of the city or any outside laboratory or special expertise available to evaluate service performance.

(c) *Conduct of inspections.* Whenever possible, inspections and tests shall be performed so as not to unduly delay or inconvenience the contractual parties. Contractual parties shall make available at no charge to the city all reasonable facilities and assistance, in order to facilitate the performance of inspections or tests by city representative.
(Ord. No. 12271, § 2, 8-22-02)

Sec. 18-102. Audits.

(a) *Solicitations and contractual provisions.* City contracts shall provide that the city may inspect the books and records of contractual parties to determine conformance with the solicitation requirements contained in the invitation for bids or request for proposals or, after award, with the terms and conditions of the contract.

(b) *Procedures for audits.*

(1) The chief procurement officer may specify the general procedures for inspection of books and records and for the conduct of audits of all goods or services, sales or leases under city contracts.

(2) An audit may be required when, in respect to an actual or prospective contractual party, there is:

a. A question as to the adequacy of accounting policies or cost systems;

b. A substantial change in the methods or levels of operations;

c. Previous unfavorable experience indicating doubtful reliability of estimating, accounting or purchasing methods;

d. A lack of cost experience due to the procurement of a new supply or service; or

e. Other evidence that an audit is in the city's best interests as determined by the chief procurement officer, the city manager or the city commission.

(c) *Conduct of audits.* Whenever possible, audits shall be performed so as not to unduly delay or inconvenience the contractual party. Contractual parties shall make available at no charge to the city all reasonable facilities and assistance, for the convenience of the city representatives performing the audit.
(Ord. No. 12271, § 2, 8-22-02)

Sec. 18-103. Disputes and legal remedies.

The following procedure in sections 18-104 through 18-107 shall be used for arriving at early settlement of grievances by interested parties who have participated in the city's procurement process.
(Ord. No. 12271, § 2, 8-22-02)

Sec. 18-104. Resolution of protested solicitations and awards.

(a) *Right to protest.* The following procedures shall be used for resolution of protested solicitations and awards except for purchases of goods, supplies, equipment, and services, the estimated cost of which does not exceed $25,000.00. Protests thereon shall be governed by the administrative policies and procedures of purchasing.

(1) *Protest of solicitation.*

a. Any prospective proposer who perceives itself aggrieved in connection with the solicitation of a contract may protest to the chief procurement officer. A written notice of intent to file a protest shall be filed with the chief procurement officer within three days after the request for proposals, request for qualifications or request for letters of interest is published in a newspaper of general circulation. A notice of intent to file a protest is considered filed when received by the chief procurement officer; or

b. Any prospective bidder who intends to contest bid specifications or a bid solicitation may protest to the chief procurement officer. A written notice of intent to file a protest shall be filed with the chief procurement officer within three days after the bid solicitation is published in a newspaper of general circulation. A notice of intent to file a protest is considered filed when received by the chief procurement officer.

(2) *Protest of award.*

a. Any actual proposer who perceives itself aggrieved in connection with the recommended award of contract may protest to the chief procurement officer. A written notice of intent to file a protest shall be filed with the chief procurement officer within two days after receipt by the proposer of the notice of the city manager's recommendation for award of contract. The receipt by proposer of such notice shall be confirmed by the city by facsimile or electronic mail or U.S. mail, return receipt requested. A notice of intent to file a protest is considered filed when received by the chief procurement officer; or

b. Any actual responsive and responsible bidder whose bid is lower than that of the recommended bidder may protest to the chief procurement officer. A written notice of intent to file a protest shall be filed with the chief procurement officer within two days after receipt by the bidder of the notice of the city's determination of non responsiveness or non responsibility. The receipt by bidder of such notice shall be confirmed by the city by facsimile or electronic mail or U.S. mail, return receipt requested. A notice of intent to file a protest is considered filed when received by the chief procurement officer.

c. A written protest based on any of the foregoing must be submitted to the chief procurement officer within five days after the date the notice of protest was filed. A written protest is considered filed when received by the chief procurement officer.

The written protest may not challenge the relative weight of the evaluation criteria or the formula for assigning points in making an award determination.

The written protest shall state with particularity the specific facts and law upon which the protest of the solicitation or the award is based, and shall include all pertinent documents and evidence and shall be accompanied by the required filing fee as provided in subsection (f). This shall form the basis for review of the written protest and no facts, grounds, documentation or evidence not contained in the protester's submission to the chief procurement officer at the time of filing the protest shall be permitted in the consideration of the written protest.

No time will be added to the above limits for service by mail. In computing any period of time prescribed or allowed by this section, the day of the act, event or default from which the designated period of time begins to run shall not be included. The last day of the period so computed shall be included unless it is a Saturday, Sunday or legal holiday in which event the period shall run until the end of the next day which is neither a Saturday, Sunday or legal holiday. Intermediate Saturdays, Sundays and legal holidays shall be excluded in the computation of the time for filing.

(b) *Authority to resolve protests; hearing officer(s).* Hearing officers appointed by the city shall have authority to resolve protests filed under this chapter of the City Code. The city manager shall appoint a hearing officer, from a separate list of potential hearing officers pre-approved by the city commission, to resolve protests filed in accordance with this section, no later than five working days following the filing of a bid protest. The hearing officer shall have the authority to settle and resolve any written protest. The hearing officer shall submit said decision to the protesting party and to the other persons specified within ten days after he/she holds a hearing under the protest.

(1) *Hearing officer.* The hearing officer may be a special master as defined in chapter 2, article X, section 2-811 of the City Code, or a lawyer in good standing with the Florida Bar for a minimum of ten years with a preference given to a lawyer who has served as an appellate or trial court judge. The hearing officer may be appointed from alternative sources (e.g. expert consulting agreements, piggyback contracts, etc.) where the city commission adopts a recommendation of the city attorney that such action is necessary to achieve fairness in the proceedings. The engagement of hearing officers is excluded from the procurement ordinance as legal services. The hearing officers appointed in the pre-qualified group should be scheduled to hear protests on a rotational basis.

(2) *Right of protest.* Any actual bidder or proposer who has standing under Florida law dissatisfied and aggrieved with the decision of the city regarding the protest of a solicitation or the protest of an award as set forth above in this section may request a protest hearing. Such a written request for a protest hearing must be initiated with a notice of intent to protest followed by an actual protest as provided in subsection 18-104(a). The notice of intent to protest and the actual protest must each be timely received by the chief procurement officer and must comply with all requirements set forth in subsection 18-104(a). Failure to submit the required notice of intent to protest and the actual protest within the specified timeframes will result in an administrative dismissal of the protest.

(3) *Hearing date.* Within 30 days of receipt of the notice of protest, the chief procurement officer shall schedule a hearing before a hearing officer, at which time the person protesting shall be given the opportunity to demonstrate why the decision of the city relative to the solicitation or the award, which may include a recommendation for award by the city manager to the city commission, as applicable, should be overturned. The party recommended for award, if it is a protest of award, shall have a right to intervene and be heard.

(4) *Hearing procedure.* The procedure for any such hearing conducted under this article shall be as follows:

a. The city shall cause to be served by certified mail a notice of hearing stating the time, date, and place of the hearing. The notice of hearing shall be sent by certified mail, return receipt requested, to the mailing address of the protester.

b. The party, any intervenor, and the city shall each have the right to be represented by counsel, to call and examine witnesses, to introduce evidence, to examine opposing or rebuttal witnesses on any relevant matter related to the protest even though the matter was not covered in the direct examination, and to impeach any witness regardless of which party first called him/her to testify. The hearing officer may extend the deadline for completion of the protest hearing for good cause shown, but such an extension shall not exceed an additional five business days. The hearing officer shall consider the written protest and supporting documents and evidence appended thereto, supporting documents or evidence from any intervenor, and the decision or recommendation as to the solicitation or award being protested, as applicable. The protesting party, and any intervenor, must file all pertinent documents supporting his/her protest or motion to intervene at least five business days before the hearing, as applicable. The hearing officer shall allow a maximum of two hours for the protest presentation and a maximum of two hours for the city response. When there is an intervenor, a maximum of two hours will be added for the intervenor. In the event of multiple protests for the same project, the hearing officer shall allocate time as necessary to ensure that the hearing shall not exceed a total of one day.

c. The hearing officer shall consider the evidence presented at the hearing. In any hearing before the hearing officer, irrelevant, immaterial, repetitious, scandalous, or frivolous evidence shall be excluded. All other evidence of a type commonly relied upon by reasonably prudent persons in the conduct of their affairs shall be admissible whether or not such evidence would be admissible in trial in the courts of Florida. The hearing officer may also require written summaries, proffers, affidavits, and other documents the hearing officer determines to be necessary to conclude the hearing and issue a final order within the time limits set forth by this section.

d. The hearing officer shall determine whether procedural due process has been afforded, whether the essential requirements of law have been observed, and whether the decision was arbitrary, capricious, an abuse of discretion, or unsupported by substantial evidence as a whole. Substantial evidence means such relevant evidence as a reasonable mind might accept as adequate to support a conclusion.

e. Within ten days from the date of the hearing, the hearing officer shall complete and submit to the city manager, the city attorney, any intervenor, the chief procurement officer, and the person requesting said hearing a final order consisting of his/her findings of fact and conclusions of law as to the denial or granting of the protest, as applicable.

f. The decisions of the hearing officer are final in terms of city decisions relative to the protest.

Any appeal from the decision of the hearing officer shall be in accordance with the Florida Rules of Appellate Procedure.

(c) *Compliance with filing requirements.* Failure of a party to timely file either the notice of intent to file a protest or the written protest, together with the required filing fee as provided in subsection (f), with the chief procurement officer within the time provided in subsection (a), above, shall constitute a forfeiture of such party's right to file a protest pursuant to this section. The protesting party shall not be entitled to seek judicial relief without first having followed the procedure set forth in this section.

(d) *Stay of procurements during protests.* Upon receipt of a written protest filed pursuant to the requirements of this section, the city shall not proceed further with the solicitation or with the award of the contract until the protest is resolved by the chief procurement officer or the city commission as provided in subsection (b) above, unless the city manager makes a written determination that the solicitation process or the contract award must be continued without delay in order to avoid an immediate and serious danger to the public health, safety or welfare.

(e) *Costs.* All costs accruing from a protest shall be assumed by the protestor.

(f) *Filing fee.* The written protest must be accompanied by a filing fee in the form of a money order or cashier's check payable to the city in an amount equal to one percent of the amount of the bid or proposed contract, or $5,000.00, whichever is less, which filing fee shall guarantee the payment of all costs which may be adjudged against the protestor in any administrative or court proceeding. If a protest is upheld by the chief procurement officer and/or the city commission, as applicable, the filing fee shall be refunded to the protestor less any costs assessed under subsection (e) above. If the protest is denied, the filing fee shall be forfeited to the city in lieu of payment of costs for the administrative proceedings as prescribed by subsection (e) above.
(Ord. No. 12271, § 2, 8-22-02; Ord. No. 13629, § 2, 9-8-16)

Sec. 18-105. Resolution of contract disputes.

(a) *Authority to resolve contract disputes.* The city manager, after obtaining the approval of the city attorney, shall have the authority to resolve controversies between the contractual party and the city which arise under, or by virtue of, a contract between them; provided that, in cases involving an amount greater than $25,000.00, the city commission must approve the city manager's decision. Such authority extends, without limitation, to controversies based upon breach of contract, mistake, misrepresentation or lack of complete performance, and shall be invoked by a contractual party by submission of a protest to the city manager.

(b) *Contract dispute decisions.* If a dispute is not resolved by mutual consent, the city manager shall promptly render a written report stating the reasons for the action taken by the city commission or the city manager which shall be final and conclusive. A copy of the decision shall be immediately provided to the protesting party, along with a notice of such party's right to seek judicial relief, provided that the protesting party shall not be entitled to such judicial relief without first having followed the procedure set forth in this section.
(Ord. No. 12271, § 2, 8-22-02)

Sec. 18-106. Remedies prior to award.

If prior to contract award it is determined that a solicitation or proposed award is in violation of law, then the solicitation or proposed award shall be canceled by the city commission, the city manager or the chief procurement officer, as may be applicable, or revised to comply with the law.
(Ord. No. 12271, § 2, 8-22-02)

Sec. 18-107. Debarment and suspensions.

(a) *Authority and requirement to debar and suspend.* After reasonable notice to an actual or prospective contractual party, and after reasonable opportunity for such party to be heard, the city manager, after consultation with the chief procurement officer and the city attorney, shall have the authority to debar a contractual party, for the causes listed below, from consideration for award of city contracts. The debarment shall be for a period of not fewer than three years. The city manager shall also have the authority to suspend a contractual party from consideration for award of city contracts if there is probable

cause for debarment, pending the debarment determination. The authority to debar and suspend contractors shall be exercised in accordance with regulations which shall be issued by the chief procurement officer after approval by the city manager, the city attorney, and the city commission.

(b) *Causes for debarment or suspension.* Causes for debarment or suspension include the following:

(1) Conviction for commission of a criminal offense incident to obtaining or attempting to obtain a public or private contract or subcontract, or incident to the performance of such contract or subcontract.

(2) Conviction under state or federal statutes of embezzlement, theft, forgery, bribery, falsification or destruction of records, receiving stolen property, or any other offense indicating a lack of business integrity or business honesty.

(3) Conviction under state or federal antitrust statutes arising out of the submission of bids or proposals.

(4) Violation of contract provisions, which is regarded by the chief procurement officer to be indicative of nonresponsibility. Such violation may include failure without good cause to perform in accordance with the terms and conditions of a contract or to perform within the time limits provided in a contract, provided that failure to perform caused by acts beyond the control of a party shall not be considered a basis for debarment or suspension.

(5) Debarment or suspension of the contractual party by any federal, state or other governmental entity.

(6) False certification pursuant to paragraph (c) below.

(7) Found in violation of a zoning ordinance or any other city ordinance or regulation and for which the violation remains noncompliant.

(8) Found in violation of a zoning ordinance or any other city ordinance or regulation and for which a civil penalty or fine is due and owing to the city.

(9) A contractual party who has defaulted under the terms of a contract with the city or any of its boards, agencies, trusts, authorities, councils or committees and has failed to cure such default.

(10) Any other cause judged by the city manager to be so serious and compelling as to affect the responsibility of the contractual party performing city contracts.

(c) *Certification.* All contracts for goods and services, sales, and leases by the city shall contain a certification that neither the contractual party nor any of its principal owners or personnel have been convicted of any of the violations set forth above or debarred or suspended as set forth in paragraph (b)(5).

(d) *Debarment and suspension decisions.* Subject to the provisions of paragraph (a), the city manager shall render a written decision stating the reasons for the debarment or suspension. A copy of the decision shall be provided promptly to the contractual party, along with a notice of said party's right to seek judicial relief.
(Ord. No. 12271, § 2, 8-22-02; Ord. No. 12312, § 1, 1-9-03)

Sec. 18-108. Ethics.

Any attempt by city employees to realize personal gain by conduct inconsistent with proper discharge of their duties is a breach of public trust. The provisions of city ordinances, county ordinances, and state statutes shall be strictly enforced to preserve the public trust.
(Ord. No. 12271, § 2, 8-22-02)

Sec. 18-109. Public access and information.

The public shall have access to all documents and information pertaining to city contracts, subject to the provisions of law.
(Ord. No. 12271, § 2, 8-22-02)

Sec. 18-110. Adoption of Florida Veteran Business Enterprise Opportunity Act.

(a) The city hereby adopts F.S. § 295.187, the "Florida Veteran Business Enterprise Opportunity Act," as amended, and incorporates it by reference into the city procurement ordinance, as such may be modified or amended from time to time.

(b) Definitions. For purposes of this section the following words shall have the same meanings ascribed to them as in "Florida Veteran Business Enterprise Opportunity Act," as amended:

(1) "Certified veteran business enterprise."

(2) "Service-disabled veteran."

(3) "Veteran business enterprise."

(4) "Wartime veteran."

(c) The city, after applying the local preference provided in the city procurement ordinance, when considering two or more bids, proposals or other replies for the procurement of goods, equipment and contractual services, at least one of which is from a certified veteran business enterprise, which are equal with respect to all relevant considerations, including, without limitation, price, quality, and service, shall award such procurement or contract to the certified veteran business enterprise.

(d) If a certified veteran business enterprise entitled to the vendor preference under this section and one or more businesses entitled to this preference as provided in this section or another vendor preference under the city procurement ordinance submit bids, proposals, or replies for procurement of goods, equipment and contractual services which are equal with respect to all relevant considerations, including price, quality, and service, the city shall award the procurement or contract to the business having the smallest net worth.

(Ord. No. 13339, § 2, 9-27-12)

Editor's note—Prior to the reenactment of section 18-110 by Ord. No. 13339, § 2, adopted September 27, 2012, Ord. No. 13332, § 2, adopted July 26, 2012, repealed the former section 18-110 in its entirety, which pertained to first-source hiring agreements, and derived from Ord. No. 12271, § 2, adopted August 22, 2002.

Sec. 18-111. Contracts of other governmental entities.

Notwithstanding all other provisions of this article, in the purchase of necessary goods and/or services the city may, in lieu of other city competitive bidding procedures, accept a competitive bid which has been secured by or on behalf of any federal, state, county or municipal government or from any other governmental entity, state funded institutions and not-for-profit organizations, subject to a determination by the chief procurement officer that the contract was entered into pursuant to a competitive process in compliance with city laws, policies and procedures; provided, however, that in the purchase of goods or services in excess of $25,000.00, such contracts shall be approved by the city manager, and purchases of goods or services in excess of $50,000.00, shall be subject to approval by the city commission.

(Ord. No. 12271, § 2, 8-22-02)

Sec. 18-112. Contracts with other governmental agencies or state funded public institutions.

Notwithstanding all other provisions of this article, the city shall be exempt from all competitive bidding procedures when it enters into an agreement with other governmental agencies or state funded institutions for the purchase or acquisition of goods or services; provided, however, that in the purchase or acquisition of said goods or services in excess of $25,000.00, such agreement shall be approved by the city manager, and purchases of goods or services in excess of $50,000.00 shall be subject to approval by the city commission.

(Ord. No. 12271, § 2, 8-22-02)

Sec. 18-113. Cooperative purchasing.

Notwithstanding all other provisions of this article, the city's purchasing department may either participate in, sponsor, conduct, or administer a cooperative purchasing agreement

for the procurement of any goods or services with one or more public entities. Such cooperative purchasing may include, but is not limited to joint or multiparty contracts between public entities.
(Ord. No. 12271, § 2, 8-22-02)

Sec. 18-114. Online procurement.

(a) *Conditions for use.* Notwithstanding the foregoing, the city may engage in electronic on-line bidding to obtain competitive bids from bidders for the purchase of goods and services whenever the chief procurement officer determines that electronic on-line bidding is more advantageous than other procurement methods provided by this article.

(b) *Bidding process.* The solicitation must designate an opening date and time. The closing date and time may be fixed or remain open, depending on the structure of the item being bid on-line. Information regarding the closing date and time must also be included in the solicitation. At the opening date and time, the chief procurement officer or its designee must begin accepting on-line electronic bids, and must continue accepting bids until the bid is officially closed. Bidders will be required to register before the opening date and time and, as part of that registration, bidders must agree to any terms, conditions, or other requirements of the solicitation. The chief procurement officer may also pre-qualify bidders and allow only those bidders who are pre-qualified to submit bids on-line.

(c) *Provisions of section 18-85 of this Code do not apply.* Provisions of section 18-85 "competitive sealed bidding" shall not apply to solicitations issued pursuant to this section. However, requirements for contract awards shall be consistent with those set forth in subsection (h) of section 18-85, subject to a certification by the chief procurement officer that the contract was entered into pursuant to a competitive process in compliance with the provisions of this section 18-114.

(d) *Bid results public information.* All bids submitted electronically through an on-line bidding process are public information and subject to the State of Florida Public Records Act, as amended.

(e) *Remedies.* All remedies available to bidders through the sealed bidding process under section 18-104 of this Code, resolution of protested solicitations and awards, are available to bidders in an on-line bidding process in accordance with section 18-114.
(Ord. No. 12271, § 2, 8-22-02)

Sec. 18-115. Acceptance of donations.

The city manager is authorized to accept donations up to an estimated value of $50,000.00 on behalf of the city.
(Ord. No. 12271, § 2, 8-22-02; Ord. No. 13772, § 2, 6-28-18)

Sec. 18-116. Persons or firms retained as expert consultants.

The city manager shall have the authority and sole discretion to contract with persons or firms retained as expert consultants, without city commission approval. No employment emoluments shall be provided to persons or firms retained as expert consultants.
(Ord. No. 12271, § 2, 8-22-02; Ord. No. 14068, § 2, 5-12-22)

Editor's note—Ord. No. 14068, § 2, adopted May 12, 2022, changed the title of section 18-116 from "Persons retained as expert consultants" to "Persons or firms retained as expert consultants." The historical notation has been preserved for reference purposes.

Sec. 18-117. Economic stimulus awards and agreements.

(a) This section, to be known as the economic stimulus awards and agreements, is intended to provide an expedited process to award contracts related to certain capital construction projects, identified in Attachment "A," as amended from time to time by city commission resolution, with the express purpose of stimulating the local economy.

(b) The expedited process set forth herein, shall be applicable to the processing, design, and construction of capital improvement projects identified in Attachment "A," as amended from time to time by city commission resolution. The city commission may, from time to time, by

passage of resolutions, add or delete projects from the list of economic stimulus projects to which this section applies.

(c) All actions taken under this section shall be subject to review by the office of management and budget to ensure funding is available for each project.

(d) Notwithstanding any other provision of the City Code, including, without limitation, the city procurement ordinance to the contrary, the city manager or his/her designee shall have the following authority only with respect to the identified economic stimulus projects:

(1) To issue solicitation documents including addenda thereto;

(2) To receive, open, review, and evaluate bids and proposals;

(3) To appoint evaluation, selection, and negotiation committees to obtain professional services as defined by and in accordance with F.S. § 287.055 ("The Consultant's Competitive Negotiation Act or CCNA") as amended, eliminating the requirements of subsection 18-542(12) requiring that the majority of evaluation committee be from the public and provided that each such committee should contain, whenever possible, representation from the user department;

(4) To reject bids and proposals for contracts including, but not limited to, professional service agreements, construction contracts, and contracts for the purchase of goods and services, as applicable.

(e) The city manager may award and execute contracts, contract amendments, and change orders, including professional services agreements and construction contracts in accordance with F.S. § 255.20 ("Local bids and contracts for public construction works") as amended, and F.S. § 287.055 (CCNA), as amended, without city commission approval and issue a notice to proceed on each where:

(1) The award value of the contract has been reviewed and approved by the office of management and budget;

(2) The value of the recommended award does not exceed the estimated cost of construction by more than ten percent;

(3) Three or more bids or proposals are received from responsive and responsible bidders or proposers, unless fewer than three bids or proposals are received after customary public announcement and qualification procedures have been used;

(4) The contractor, vendor or consulting firm receiving the award is in good standing with the city including, but not limited to, having no outstanding debts to the city and proves demonstrated acceptable past performance;

(5) The contractor has submitted required insurance, bonds, affidavits, and documentation required by the solicitation;

(6) None of the bidders or proposers have timely filed a bid protest; and

(7) The contract amendment, change order, or claim does not increase the contract amount, including any dedicated and contingency allowances, by more than ten percent. This limitation shall not apply to any contract amendment or change order resulting from emergency actions impacting environmental remediation, public safety, health requirements, or recovery from natural disaster or any other act of God.

(f) The city manager shall submit to the city commission, on a quarterly basis, a listing of any contracts including the names of the firms, the names of the projects, and the amount of compensation of any contracts the city manager has awarded under this section.

(g) Except for the execution of contracts, the city manager may delegate his or her duties under this section to the director of the office of capital improvements, the chief procurement officer, or the administrative head of the user agency. All contracts awarded under this section shall be in a form acceptable to the city attorney.

(h) A contract contingency allowance of up to ten percent for economic stimulus projects will be utilized to minimize disruptions in the flow of the work. Change orders shall be submitted to replenish a contingency allowance upon 50 percent depletion of its initial amount. Such change orders will include a report on the draws against the initial contingency.

(i) The authority delegated to the city manager or his/her designee pursuant to this section shall be in addition to and not in derogation of any and all other delegations of authority set forth elsewhere in the City Code.

(j) This section shall sunset upon completion and acceptance of the approved list of projects, as may be amended unless this section is earlier repealed by the city commission.
(Ord. No. 13045, § 2, 12-11-08; Ord. No. 13991, § 2, 4-22-21)

Editor's note—The attachment referred to in this section is not set out at length herein, but is on file in the office of the city clerk.

Sec. 18-118. Public-private partnerships.

(a) The city hereby adopts F.S. § 255.065, as amended, and expressly incorporates it by reference into the city procurement ordinance.

(b) Definitions. For purposes of this section, the words defined in F.S. § 255.065(1), as amended, including, without limitation, "qualifying project," shall have the same meaning in this section.

(c) Conditions for use.

(1) Competitive negotiations/competitive sealed proposals may be used for a qualifying project in which it is both practicable and advantageous for the city to consider a range of competing plans, specifications, standards, terms and conditions so that adequate competition will result and award be made not principally on the basis of price, but to the respondent whose proposal contains the most advantageous combination of price, quality or other features. All contracts shall be signed by the city manager.

(2) A contract may be entered into by use of the competitive negotiation/competitive sealed proposal methods when:

a. The chief procurement officer determines that the complex specialized nature or technical details of a particular procurement make the use of competitive sealed bidding either not practicable or unreasonable, or not advantageous to the city;

b. Specifications or scope of work cannot be fairly or objectively prepared so as to permit competition in the invitation for bids; or

c. Qualifications and the quality of the service to be delivered can be considered more important than price.

(d) Competitive sealed proposal method. Where the contract exceeds $50,000.00, the city may utilize the following competitive sealed proposal method:

(1) Request for proposals (RFP), request for letters of interest (RFLI), or request for qualifications (RFQ) setting forth the terms and conditions of the professional or personal services sought for the qualifying project, including but not limited to, scope of work and evaluation factors, shall be issued. The RFP, RFLI, or RFQ, as applicable, may, in the exercise of the reasonable professional discretion of the city manager, director of the using agency, and the chief procurement officer, include a five percent evaluation criterion in favor of proposers who maintain a local office, as defined in section 18-73. In such cases, where applicable, this five percent evaluation criterion in favor of proposers who maintain a local office will be specifically defined in the RFP, RFLI or RFQ.

(2) Financing. Public-private partnerships traditionally involve long-term financing agreements between the parties. RFPs, RFLIs or RFQs for a qualifying project that contemplate long-term financing

wherein the city would incur a debt obligation must be reviewed and approved in advance of advertisement as to form by the finance committee of the city.

(3) Mailing lists. Lists of prospective proposers/respondents may be compiled pursuant to section 18-85 (Competitive sealed bidding).

(4) Public notice. Adequate public notice in the city's procurement website and/or via the on-line procurement/bidding platform shall be provided pursuant to section 18-85; provided, however, that all such public notices must also comply with F.S. § 255.065, as amended.

(5) Pre-proposal conference. A pre-proposal conference may be conducted to explain the requirements of the proposed procurement and shall be announced to all prospective proposers known to have received an RFP, RFLI, or RFQ. Conferences should be held long enough after the RFP, RFLI, or RFQ has been issued to allow prospective proposers to become familiar with the proposed procurement, but sufficiently before receipt of proposal to allow consideration of the conference results in preparing their proposals. Nothing stated at a pre-proposal conference shall change the RFP, RFLI, or RFQ unless a change is made by written addendum, which shall be supplied to all those prospective proposers known to have received a RFP, RFLI, or RFQ. All pre-proposal conferences shall be recorded and be maintained as a public record.

(6) Receipt of proposals. Sealed proposals shall be submitted through the city's on-line procurement/bidding platform no later than the time and date specified for submission in the RFP, RFLI, or RFQ. The name of each proposer shall be recorded by the on-line procurement/bidding platform, and the record and each proposal, to the extent consistent with applicable state law, shall be open to public inspection.

(7) Proposal evaluation. An evaluation committee shall be appointed by the city manager for the purpose of evaluating proposals based upon the criteria contained in the RFP, RFLI or RFQ. This evaluation committee shall be comprised predominantly of individuals who are not city personnel and which are deemed subject matter experts in the project areas concerned (for example: an architect, engineer, certified public accountant, financial advisor, etc. who are certified or registered as required by the law). No other factors or criteria shall be used in the evaluation. As may be provided in the RFP, RFLI or RFQ, proposers may be invited to make oral presentations regarding their proposals. The recommendations of the evaluation committee shall be submitted to the city manager.

In the event only one proposal is received, the evaluation committee may proceed with the evaluation, or request the city manager to reject all proposals, whichever is in the best interests of the city.

a. After reviewing the evaluation committee's recommendation, the city manager may:

1. Approve the recommendation of the evaluation committee, written notice of which shall be provided to all proposers, and the city manager shall then submit his/her recommendation to the city commission;
2. Reject the evaluation committee's recommendation and instruct the evaluation committee to re-evaluate and make further recommendations;
3. Reject all proposals; or
4. Recommend that the city commission reject all proposals.

(8) Award. For agreements that involve long-term financing wherein the city would incur a debt obligation, the city manager's award recommendation shall be reviewed and approved by the finance committee

of the city before being submitted for consideration by the city commission. Award shall be made to the responsive and responsible proposer whose proposal is most advantageous to the city as determined by the city commission in accordance with the evaluation criteria contained in the RFP, RFLI or RFQ.

a. After reviewing the city manager's recommendation, the city commission may:

    1. Approve the city manager's recommendation and authorize contract negotiations;

    2. Reject all proposals;

    3. Reject all proposals and instruct the city manager to reissue a solicitation; or

    4. Reject all proposals and instruct the city manager to enter into competitive negotiations with at least three individuals or firms possessing the ability to perform such services and obtain information from said individuals or firms relating to experience, qualifications and the proposed cost or fee for said services, and make a recommendation to the city commission.

The decision of the city commission shall be final. Written notice of the award shall be given to the successful proposer.

Threshold amounts referenced herein shall include the values associated with potential options of renewal. Awards made by the city manager or by the city commission shall include authority for all subsequent options of renewal, if any. The aforementioned options of renewal shall be exercised at the option of the city manager, subject to confirmation by the city commission if, after review of past performance under the contract, the city manager determines in his/her sole discretion that exercise of the option of renewal is in the best interest of the city.

(Ord. No. 13447, § 2, 4-10-14; Ord. No. 13676, § 2, 4-27-17; Ord. No. 13934, § 2, 10-22-20)

Sec. 18-119. Unsolicited proposals.

(a) The city hereby adopts F.S. § 255.065, as amended, and expressly incorporates it by reference into the city procurement ordinance, as such may be modified.

(b) Definitions. For purposes of this section, the following words shall have the same meanings ascribed to them as in F.S. § 255.065, as amended:

(1) "Qualifying project";

(2) "Private entity";

(c) Conditions for use. The city may receive unsolicited proposals for a qualifying project and may thereafter enter into an agreement with a private entity, or a consortium of private entities, for said qualifying project, subject to the procedures and conditions set forth herein. Any unsolicited proposal shall include sufficient detail and information for the city to evaluate the proposal in an objective and timely manner.

(d) Application fee. Any private entity or consortium of private entities desiring to submit an unsolicited proposal for a qualifying project shall submit to the city an application fee of $25,000.00 payable to the city in the form of a money order or cashier's check at the time of unsolicited proposal submittal. If the cost of evaluating the unsolicited proposal exceeds $25,000.00 the application fee shall be increased to a reasonable fee to pay the costs of evaluating the unsolicited proposal. The proposer will be notified and will promptly pay the balance of the application fee needed to pay the costs of evaluating the unsolicited proposal. As provided for in F.S. § 255.065, as amended, the purpose of this application fee is to pay the costs of evaluating the unsolicited proposal. The city may need to engage the services of a private consultant to assist in the evaluation of the unsolicited proposal.

The city shall refund any portion of the initial application fee paid in excess of its direct costs associated with evaluating the proposal.

(e) Public notice. If the city receives an unsolicited proposal for a qualifying project pursuant to this section and the city desires to enter into an agreement with the private entity or consortium of private entities submitting same, the city shall first notify the commission of the receipt of said unsolicited proposal by placement of a discussion item on the next available commission meeting agenda. Upon the commission's approval to proceed with said unsolicited proposal project, the city shall publish public notice in the Florida Administrative Register, on the city's procurement website and/or via the on-line procurement/bidding platform, and a newspaper of general circulation at least once a week for a minimum of two weeks stating that the city has received an unsolicited proposal and that the city will accept other proposals for the same qualifying project. The city shall additionally furnish a copy of the same notice to any homeowners or neighborhood associations currently registered with the city in the designated area. The city shall set forth in each such request for proposals the criteria to be evaluated and how such private partner shall be selected from the proposals submitted. The entity submitting the original unsolicited proposal may submit a more detailed proposal in response to the city's notice. The timeframe for allowing other proposals shall be no fewer than 21 days but no more than 120 days after the initial date of publication. A copy of the notice must be mailed to each local government in the affected area of the qualifying project which shall mean Miami-Dade County and/or any municipality and/or special district in which all or a portion of the qualifying project is located.

(f) Receipt of proposals. Sealed proposals shall be submitted through the city's on-line procurement/bidding platform no later than the time and date specified. The name of each proposer shall be recorded by the on-line procurement/bidding platform, and the record and each proposal, to the extent consistent with applicable state law, shall be open to public inspection.

(g) Proposal evaluation. An evaluation committee shall be appointed by the city manager for the purpose of evaluating and ranking the proposals based upon factors that include, but are not limited to: professional qualifications and experience, general business terms, innovative design techniques or cost-reduction terms, and finance plans. Proposers may be invited to make oral presentations regarding their proposals. The recommendations of the evaluation committee shall be submitted to the city manager.

In the event only one proposal is received, the evaluation committee may proceed with the evaluation, or request the city manager to reject all proposals, whichever is in the best interests of the city.

(1) After reviewing the evaluation committee's recommendation, the city manager may:
   a. Approve the recommendation of the evaluation committee, written notice of which shall be provided to all proposers, and the city manager shall then submit his or her recommendation to the city commission;
   b. Reject the evaluation committee's recommendation and instruct the evaluation committee to re-evaluate and make further recommendations;
   c. Reject all proposals; or
   d. Recommend that the city commission reject all proposals.

(h) Award. For agreements that involve long-term financing wherein the city would incur a debt obligation, the city manager's award recommendation shall be reviewed and approved by the finance committee of the city before being submitted for consideration by the city commission. Award shall be made to the highest-ranked responsible proposer whose proposal is most advantageous to the city as determined by the city commission in accordance with the criteria the evaluation committee used in evaluating and ranking the proposals.

(1) After reviewing the city manager's recommendation, the city commission may:
   a. Approve the city manager's recommendation and authorize contract negotiations;

b. Reject all proposals;

(2) The decision of the city commission shall be final. Written notice of the award shall be given to the successful proposer.

Unsolicited proposals may only be awarded by the city commission subject to the procedures set forth herein. Awards made by the city commission shall include authority for all subsequent options of renewal, if any. The aforementioned options of renewal shall be exercised at the option of the city manager, subject to confirmation by the city commission if, after review of past performance under the contract, the city manager determines in his/her sole discretion that exercise of the option of renewal is in the best interest of the city. All agreements shall be in a form acceptable to the city commission or city manager, as applicable, and are subject to approval as to legal from by the city attorney. The chief financial officer or his/her designee shall review all finance plans and documents related to the private entity's performance, payment of subcontractors and similar responsibilities. The director of risk management shall review all insurance and related requirements. (Ord. No. 13447, § 2, 4-10-14; Ord. No. 13676, § 2, 4-27-17; Ord. No. 13934, § 2, 10-22-20; Ord. No. 14138, § 8, 2-9-23)

Sec. 18-120. Responsible wage construction contracts.

(a) In addition to the other elements of the term "responsible bidder" in law or in the discretion of the city commission, as defined per section 18-73 of the City Code, and as applies to competitively bid city contracts in excess of $250,000.00 for the construction, alteration, and/or repair, including painting or decorating, of public buildings or public works, shall mean a bidder who provides documented proof in its bid that the various classes of laborers and mechanics will be paid no less than the specified overall hourly rates as set forth in the contract specifications. All leases and contracts entered into after the effective date of this section derives which provide for privately funded construction, alteration or repair of buildings or improvements located on city-owned land shall require laborers and mechanics performing such work be paid no less than the overall hourly rates required on competitively bid city construction contracts under this section unless specifically exempted below. Fees for monitoring compliance with this section shall be charged as provided in the most current city-wide budget as follows: for city construction contracts, the department of capital improvements and transportation projects ("CITP") shall charge the using department therefor; for leases and contracts which provide for privately funded construction, alteration or repair of buildings or improvements on city-owned land, the party contracting with the city shall be charged therefor.

(b) The specifications for each competitively bid city contract in excess of $250,000.00 for the construction, alteration and/or repair, including painting or decorating, of public buildings or public works shall specify an initial overall per hour rate to be paid to each craft or type of employee necessary to perform the contract work as listed in local area nondiscriminatory negotiated contracts (hereinafter referred to for purposes of this subsection (b) as "negotiated contracts") between organizations which represent employees and contractors. In ascertaining the initial overall per hour rate to be paid, the minimum standard shall be the combined overall dollar value on an hourly basis of the wages (paid as set forth below) and of the hospitalization, medical, pension and life insurance benefits (paid as set forth below) for such craft or type of employee under negotiated contracts in effect as of January 1st of the calendar year in which said proposal bid is expected to be advertised, or, in the case of a lease or contract providing for privately funded construction on city-owned land subject to this section, under the negotiated contracts in effect as of January 1st of the calendar year in which said proposed lease or contract is expected to be executed. Thereafter, the specifications shall provide that the overall per hour rate to be paid for work performed under the contract during each subsequent calendar year shall be the overall per hour rate in effect as of January 1st, of the year in which the work is performed. If a particular craft or type of employee is not listed in such negotiated contracts, in ascertaining the initial overall per hour rate to be paid those employees, the minimum standard shall be the

combined overall dollar value on an hourly basis of the "basic hourly rate of pay" (as defined in 29 CFR 5.24) (paid as set forth below) and of the fringe benefits payments (paid as set forth below) for hospitalization, medical pension and life insurance benefits for such craft or type of employee under the secretary of labor's wage determination (made pursuant to the provisions of the Davis-Bacon Act) in effect for the city, as of the end of the calendar year in which the proposed bid is expected to be advertised. The foregoing and the provisions of subsection (e) notwithstanding, where not otherwise precluded by state or federal law, the overall per hour rate shall be the higher rate under this section 18-120 or the rate of wages to be paid under the requirements of the Davis-Bacon Act; provided, further, that the overall per hour rate shall not be the higher rate if the federal government requires the city as a condition of receiving federal funds for a project to pay no more than the wages as determined by the U.S. Department of Labor under the Davis-Bacon Act on project contracts. The specifications for such contracts shall:

(1) Include a sum certain in dollars and cents as an initial overall per hour rate for each craft or type of employee to be paid for work performed during the period commencing on the date of issuance of the notice to proceed and continuing through the calendar year (or, in the case of a lease or contract providing for privately funded construction on city-owned land subject to this section, ending the last day of the calendar year in which the lease or contract was executed). The specifications shall further provide that the overall per hour rate to be paid for work performed during the year period commencing the next January 1st after the date of issuance of the notice to proceed (or, in the case of a lease or contract providing for privately funded construction on city-owned land subject to this section after the date of execution of such lease or contract) shall be such rate (as determined in accordance with subsection (b) above) for that calendar year and shall be updated thereafter on each subsequent January 1st to the rate (as determined in accordance with subsection (b) above) for the ensuing calendar year until completion of the contract work; and

(2) Mandate the contractor to whom the contract is awarded, and any of its subcontractors performing any of the contract work, pay not less than the specified overall per hour rate adjusted over the term of the contract as provided in subsection (1) above; and

(3) Provide that the contractor, and any of its subcontractors, may fulfill the obligation to pay such specified overall per hour rate by payment to the employee of the hourly wage rate listed in the negotiated contracts (or, if applicable, under subsection (1) above, the "basic hourly rate of pay" as defined in 29 CFR 5.24 contained in the secretary of labor's wage determination) for such craft or type of employee plus either: (a) payment on the employee's behalf of the cost (on an hourly basis) of the hospitalization, medical, pension and life insurance benefits specified for such craft of type of employee; or, (b) payment to the employee (in addition to the listed hourly wage rate, or "basic hourly rate of pay" if applicable) of an amount equal to the hospitalization, medical, pension and life insurance benefits (on an hourly basis) contractors are required to provide under the negotiated contracts (or, if applicable, under subsection (1) above, an amount equal to the fringe benefit payments on an hourly basis for hospitalization, medical, pension and life insurance benefits contained in the secretary of labor's wage determination) for such craft of type of employee. Payments to employees shall be counted towards fulfillment of the above obligation only to the extent that such payments are made by check or money order; and

(4) Provide that the contractor, and each subcontractor under the contractor, shall post in a conspicuous place on the site where such contract work is performed:

(a) the schedule of the specified overall per hour rate for each applicable classification specified by such negotiated contracts; (b) the amount of liquidated damages for any failure to pay such rates; and (c) the name and address of the responsible official in the city to whom complaints should be given; and

(5) Provide that there may be withheld from the contractor so much of accrued payments as may be considered necessary by the contracting officer to pay to employees employed by the contractor (or any subcontractor under the contractor) in the performance of the contract work the difference between the overall per hour rate required by the contract to be paid employees on the work and the amounts received by such employees and not refunded to the contractor, and any of its subcontractors or their agents; and

(6) Require the contractor and each subcontractor under the contractor to keep, or cause to be kept, accurate written records signed under oath as true and correct showing the names, Social Security numbers, and craft classifications of all employees performing work on said contract, the hours and fractions of hours for every type of work performed by each employee, the combined dollar value of all wages, any contributions to benefit plans and payments made to each employee of the overall per hour rate required by this section and further require the contractor to submit to the city a list of all subcontractors and the names and Social Security numbers of all employees thereof who performed work each day on the contract and further require each subcontractor to also submit to the city a list of the names and Social Security numbers of its employees who performed work each day on the contract; and

(7) Provide that no contractor (or subcontractor under the contractor) may terminate an employee performing work on the contract because of the employee's filing a complaint regarding payment of required overall per hour rates.

(c) City shall periodically examine the records required to be kept under subsection (6) of subsection (b) of this section.

(d) The city manager shall establish an administrative procedure for monitoring compliance with and enforcement of the requirements of this section. Such procedure shall provide that:

(1) CITP may conduct investigations of compliance with the requirements of this section and issue written notices to a contractor (or subcontractor under the contractor) when it determines based on such investigation that the contractor (or subcontractor) has not complied herewith;

(2) The contractor or subcontractor shall respond in writing to the notice of noncompliance;

(3) Based on the response, CITP may determine to rescind the notice of noncompliance or to conduct a compliance meeting with the affected contractor or subcontractor at which any additional evidence may be presented;

(4) CITP shall make a written compliance determination following any compliance meeting. A determination that the contractor or subcontractor has not complied with the requirements of this section shall state the basis therefore and shall advise the contractor or subcontractor of its right to file a written request with the city manager within 30 calendar days to schedule an administrative hearing before a hearing officer to appeal the determination as provided below; and

(5) A contractor or subcontractor who fails to respond to a notice of noncompliance, fails to attend a compliance meeting, or who does not timely request an administrative hearing from an adverse compliance determination made by CITP after a compliance meeting shall be

deemed not to have complied with the requirements of this section as stated in the notice or determination of non-compliance and, in the case of underpayment of the required overall per hour rate, an amount sufficient to pay any underpayment shall be withheld from contract proceeds and remitted to the employee and the contractor or subcontractor shall be fined the applicable penalty for such underpayment as provided in this subsection (d). A contractor or subcontractor who does not make the required payment of the underpaid wages or who does not pay any fine imposed hereunder shall not be deemed responsible to perform subsequent city construction contracts and shall be ineligible to be awarded such contracts for so long as the identified underpayment or any penalties imposed therefor remain outstanding, not to exceed three years.

Upon timely receipt of a request for an administrative hearing before a hearing officer to appeal a determination of non-compliance, the city manager shall appoint a hearing officer and fix a time for an administrative hearing thereon. A notice of hearing (together with a copy of CITP's determination of non-compliance) shall be served upon the contractor (or subcontractor). Upon completion of the hearing, the hearing officer shall submit proposed written findings and recommendations together with a transcript of the hearing to the city manager within a reasonable time. The city manager shall determine whether the contractor (or subcontractor) failed to comply with the requirements of this section. If the manager's determination is that the contractor (or subcontractor) failed to comply, and that such failure was pervasive, the manager may order that the contract work be suspended or terminated, and that the noncomplying contractor (or subcontractor) and the principal owners thereof be prohibited from bidding on or otherwise participating in city contracts for the construction, alteration and/or repair, including painting or decorating of public buildings or public works for a period of up to three years. In addition, in the case of underpayment of the required overall per hour rate, an amount sufficient to pay any underpayment shall be withheld from contract proceeds and remitted to the affected employees and the contractor or subcontractor shall be fined the penalties provided below. If the manager's determination is that the contractor (or subcontractor) failed to comply and that such failure was limited to isolated instances and was not pervasive, the city manager may, in the case of underpayment of the required overall per hour rate, order an amount equal to the amount of such underpayment be withheld from the contractor and remitted to the employee, and may also fine the contractor or subcontractor for such noncompliance as follows: for the first underpayment, a penalty in an amount equal to ten percent of the amount thereof; for the second underpayment, a penalty in an amount equal to 20 percent thereof; for the third and successive underpayments, a penalty in an amount equal to 30 percent thereof. A fourth violation shall constitute a default of the subject contract and may be cause for suspension or termination in accordance with the contract's terms and debarment in accordance with the debarment procedures of the city. Monies received from payment of penalties imposed hereunder shall be deposited in a separate account and shall be utilized solely to defray CITP's costs of administering this section. If the required payment is not made within a reasonable period of time, the noncomplying contractor (or subcontractor) and the principal owners thereof shall be prohibited from bidding on or otherwise participating in city contracts for the construction, alteration, and/or repair, including painting or decorating of public buildings or public works for a period of three years.

(e) This section shall not apply to city contracts for construction or alteration which are federally funded or which are otherwise subject to the provisions of the Davis-Bacon Act (40 U.S.C. 276(a)).

(f) This section shall not apply to any contract for which authority to advertise for bids has been obtained prior to the effective date of this section.

(g) This section shall not apply to contracts designed to consolidate an indeterminate number of individual smaller construction, repair/replacement or alteration activities which may be needed over a fixed period of time throughout the city's facilities and which are addressed by building specialty/trades contractors pre-qualified to provide such services to the city.

(h) As used in the construction of this section, references to the masculine shall include the feminine and references to the singular shall include the plural, and vice-versa.

(i) Exemption for certain privately funded construction. This section shall not apply to leases and contracts entered into after the effective date of this section which provide for privately funded construction, alteration or repair of buildings or improvements located on city-owned lands whose estimated cost is equal to or less than $5,000,000.00 which are financed:

(1) Solely through private sources, without $1.00 or more of financing provided through any federal, state, county, city, local governmental entity or bond sources; or

(2) By entities which meet all three of the following conditions: exemption from federal income taxes pursuant to Section 501(c)(3) of the Internal Revenue Code, not-for-profit status and community-based.

(j) The foregoing notwithstanding, any lease or contract entered into after the effective date of this section which provides for privately funded construction, alteration or repair of buildings or improvements located on county-owned land whose estimated cost is equal to or less than $5,000,000.00, receives bond financing and also receives state and/or local development incentives (including but not limited to: waiver of or reduced impact or permit fees and reduced property or other taxes) based on job creation shall not require payment of the overall hourly rates provided by this section. Such lease or contract shall provide that in the event the job creation requirements on which the foregoing development incentives were conditioned are not fulfilled, the lessee shall be required to pay a penalty of up to 20 percent of the cost of such construction, alteration or repair. Said penalty shall be in addition to any rental or other payments required in each lease or contract to which this subsection applies. Said penalty shall be paid to the City of Miami and shall be used to cover the costs of monitoring compliance with this section.
(Ord. No. 13500, § 2, 2-26-15)

Sec. 18-121. Procurements, grants, subgrants, and compliance utilizing requirements for federal disaster assistance.

(a) Notwithstanding any conflicting provisions in the City Code and/or the laws of the state, as amended, all procurements of goods, services, equipment, projects, personnel, grants, subgrants, or other resources for which the city intends to seek federal disaster assistance (as defined below) shall follow the federal disaster requirements (as defined below).

(b) As used herein:

Federal disaster assistance means the collective multiple types of major disaster assistance in funding, personnel, equipment, facilities, goods, services, projects, grants, processes, coordination, resources, and other recovery assistance and efforts created and authorized from time to time by the federal government.

Federal government means the government of the United States of America.

Federal requirements means collectively, the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S. C. 5121 et seq., as amended ("Stafford Act"), and all other federal rules, procurement thresholds, compliance, audit and reporting procedures, regulations, and guidelines established for federal disaster assistance from time to time.

(c) The city commission delegates authority to and authorizes the city manager or designee to procure, negotiate, execute, and approve, in a form acceptable to the city attorney, all necessary procurements, awards, and purchases for the city's recovery from any federally declared disaster for which the city intends to seek federal

disaster assistance. The city manager shall provide to the city commission on a bi-monthly basis a report of such procurements, awards, and purchases through the recovery period and until the completion of recovery, including but not limited to all audit periods related to such federal disaster assistance.
(Ord. No. 13783, § 2, 7-26-18)

Sec. 18-122. Independent external auditor selection procedures pursuant to F.S. § 218.391, as amended.

The city hereby adopts F.S. § 218.391, titled "Auditor Selection Procedures," in its entirety and expressly incorporates it into the city's procurement ordinance. The audit selection committee shall require in all solicitations that responses from qualified independent auditors to perform annual independent external audit services for the city as required by F.S. § 218.391, must meet all requirements of F.S. § 218.391(3)(a), as amended, and all additional specifications and performance standards as approved or revised by the audit selection committee and the city commission. Such responses may be sought for a period of more than one year if, in the opinion of the audit selection committee and of the city commission, such extended period is in the best interests of the city and if a provision to discontinue the audit services in the event of unsatisfactory services is specifically stated in the contract for independent external auditing services.
(Ord. No. 13899, § 3, 4-9-20)

Sec. 18-123. Quality control plan for consultants and contractors.

(a) *Consultants.*

(1) Quality control is the process performed to ensure conformance by consultants to valid requirements by industry standards. This process includes quality planning, training, providing clear decisions and directions, constant supervision, immediate review of completed activities for accuracy and completeness, and documenting all decisions, assumptions, and recommendations. There are three main objectives of a quality control plan ("QCP"):

a. To provide a mechanism by which all products of consultants, as applicable, will be subject to a systematic and consistent review to ensure that the final product will be substantially error free.

b. To provide for a well-documented design process. A properly documented project file should support major decisions made during the project development and design as well as provide a record of the QCP.

c. To provide feedback from the reviews and communication that will assist consultants in improving the design process.

(2) All plans, specifications, and estimates for city public works or capital improvement projects prepared by either in-house city professional staff or by external consultants will be prepared in accordance with a documented QCP.

(3) The city's department of resilience and public works and the office of capital improvements are authorized to administratively develop and promulgate a QCP.

(4) This QCP will provide guidance to the architect or engineer of record and promote communication between consultants, contractors, and vendors, as applicable, and the city's staff.

(5) The architect or engineer of record, in conjunction with the city's project managers, is responsible for ensuring all project components are economical, accurate, coordinated, checked, and in conformity with valid requirements pursuant to industry standards. City project managers are encouraged to randomly visit their consultants' offices for unannounced quality assurance reviews to ensure

compliance with the consultant's project specific QCP. Consultants shall be cooperative during any such visits.

(6) Any failures by the consultant in the QCP shall be noted by the city's project manager in the consultant's work performance evaluation. Pursuant to subsection 18-87(r) of the City Code, consultants with poor project evaluations are subject to the possibility of a suspension, termination, or debarment imposed by the city in accordance with the procedures set forth in section 18-107 of the City Code and the evaluation regulations.

(b) *Contractors.*

(1) During the construction phase of capital improvement projects, contractors in coordination with city project managers and the architect/engineer of record will develop a QCP. This plan will detail the qualified personnel, facilities, production facilities, and the means and methods the contractor intends to use to ensure that the work complies with the contract documents. The contractor's QCP will follow the basic guidelines established by the city's staff from the department of resilience and public works and/or the office of capital improvements that are generally applicable to any public works or capital improvement projects.

(2) The contract documents will dictate the requirements of the contractor's QCP. As a result, the contractor shall be responsible for all quality control-related inspections over applicable materials. The construction engineering and inspection ("CEI") personnel, therefore, shall have the primary function of monitoring the contractor's level of compliance with the contract documents.

(3) The city's department of resilience and public works and the office of capital improvements are authorized to administratively develop and promulgate a QCP.

(4) In-person quality assurance inspections of work in progress are also required. These inspections should be on an as-needed basis and as required by the QCP. These inspections are typically less frequent than quality control inspections. Quality control inspections of materials or inspection activities not covered by the contractor's QCP must be performed by CEI personnel.

(5) Quality assurance. CEI personnel must determine the adequacy of the contactor's QCP in meeting the requirements of the contract documents. If the requirements of the contract are not being met by the contractor's QCP, the city's project manager and/or other city staff involved in the project must be notified. The CEI should always document instances of QCP failures in meeting the requirements of the contract documents. These instances should also be discussed at work progress meetings.

(6) Quality control. It is the CEI's responsibility to ensure compliance with the contract documents through direct observation of construction operations, examination of completed construction, sampling and testing of materials, and review of records to verify compliance with instructions for those records. It is also the CEI's responsibility to produce the required performance records. Performance of these responsibilities requires training, preparation, observation of field operations, and record keeping.

(7) Any failures by the contractor in the QCP shall be noted by the city's project manager in the contractor's work performance evaluation. Pursuant to subsection 18-89(g) of the City Code, contractors with poor project evaluations are subject to the possibility of a suspension, termination, or debarment imposed by the city in accordance with the procedures set forth in section 18-107 of the City Code and the evaluation regulations.

(Ord. No. 14007, § 2, 6-10-21)

Secs. 18-124—18-138. Reserved.

ARTICLE IV. GRANTS*

Sec. 18-139. Anti-poverty initiative—Established.

The Anti-Poverty Initiative ("API") is hereby established to reduce poverty within Miami communities and funding shall be utilized to meet the needs of at-risk/poverty-stricken residents. The API shall address poverty based on a strategy of focusing the provision of support towards the city's residents achieving self-sufficiency.

API encompasses the five city districts being allocated funds proportionate to the percentage of poverty levels in said district, based upon the five-year poverty rate determined by the American Community Survey, as established annually.

(1) *Funding.* API Funding is to be allocated and utilized per the API Program Guidelines, which may be amended from time-to-time, by Resolution adopted by the city commission.

Any disbursement of API funds in excess of $50,000.00 in any single city fiscal year to any single entity or organization shall require approval by resolution of the city commission by a four-fifths affirmative vote.

(2) *Eligibility of entities.* The following criteria shall be utilized when determining the eligibility of entities and organizations which may receive API funds:

Any eligible entity or organization who engages primarily in the following activities shall be eligible to receive and expend API funds:

- Educational programs for children, youth, and adults;
- Crime prevention programs;
- Elderly meals, transportation, recreational and health/wellness related activities;
- At-risk youth or summer job programs;
- Transportation services and programs;
- Job development, retentions, and training programs;
- Homeless services;
- Food distribution;
- Essential supplies during a state of emergency, natural disaster, economic crisis, or pandemic;
- Any programs deemed by the city to have a focus on promoting social, emotional, and academic success of impoverished residents of the city.

(3) API funds may be allocated to a city department for the purpose of affordable housing or park initiatives, including the purchase of land by the city for said initiatives, and for the aforementioned eligible activities.

Any entity or organization considered for or selected to receive API funds must complete a funding request form, funding agreement, and a close out report.

Any entity or organization considered for or selected to receive API funds must comply with any and all local, state and federal laws, rules, regulations, or guidelines associated with the programs funded, and such allocations may be revoked at the sole discretion of the city.
(Ord. No. 14131, § 2, 1-12-23; Ord. No. 14395, § 2, 9-25-25)

Secs. 18-140—18-145. Reserved.

Sec. 18-146. Economic accessibility initiative—Established.

The Economic Accessibility Initiative ("EAI") is hereby established to support the rapid increase of activity in the technology industry by providing accessibility into new opportunities for long-term residents to benefit from new career paths,

*__Editor's note—__Prior to the reenactment of article IV by Ord. No. 14086, § 4, adopted September 13, 2022, Ord. No. 13031, § 2, adopted October 16, 2008, repealed article IV, §§ 18-136—18-146 in its entirety, which pertained to the minority and women business affairs and procurement program, and derived from the Code of 1980, §§ 18-67—18-77; Ord. No. 10062, §§ 1—7, adopted December 19, 1985; Ord. No. 10332, §§ 1, 2, adopted October 22, 1987; Ord. No. 10538, §§ 1—5, adopted January 12, 1989; Ord. No. 11272, § 2, adopted June 1, 1995.

increasing small business support, access to greater entrepreneurship resources, and increased education for the youth to be better prepared for the ever-changing future.
(Ord. No. 14086, § 4, 9-13-22)

Sec. 18-147. Expenditures.

(a) The expenditure of economic accessibility initiative funds shall only be expended to benefit the interest of disadvantaged residents of the city.

(b) Eligible entities and organizations of the EAI include:

(1) For-profit organizations;

(2) Not-for-profit organizations (501(c)(3));

(3) Governmental agencies;

(4) Educational and academic institutions;

(5) City departments;

(6) Offices of city elected officials;

(7) City agencies or boards/committees.

(Ord. No. 14086, § 4, 9-13-22)

Sec. 18-148. Acceptance of grant funds.

The city manager is authorized to accept grant funds up to $50,000.00.

Any grant requiring a city match of funding and/or in-kind contribution shall be subject to commission approval. Any allocation of grant funds is subject to any other applicable sections of this Code. This section of the City Code does not apply to grants administered by the department of housing and community development.
(Ord. No. 14403, § 3, 10-23-25)

Secs. 18-149—18-175. Reserved.

ARTICLE V. SALE OR LEASE OF CITY'S REAL PROPERTY*

Sec. 18-176. Methods and procedures for sales and leases.

(a) Any sale, conveyance or disposition of any interest, including any leasehold in real property, owned by the city, the off-street parking department, or the downtown development authority shall be made in the manner set forth in this article, and said sale, conveyance or disposition shall be conditioned upon compliance with the provisions of this article V. Nothing in this section shall be construed to waive the special requirements for leases and contracts of waterfront property provided elsewhere in this Code or in the City Charter.

(b) In order to facilitate the implementation of a city policy before considering proposals requiring deferrals, abatements, credits or other reductions in payments to the city for leases and any other agreements for the use of the city's real property, including but not limited to license agreements, permits, use agreements and other related agreements, four affirmative votes of the city commission shall be required for approval of any such deferrals, abatements, credits or other reductions in payments.

(c) Before the city considers proposals requiring deferrals, abatements, credits or other reductions in payments to the city for leases and any all other agreements for the use of the city's real property, the lessee or party using the city's property shall provide an audited financial statement. Audited financial statements shall:

(1) Be prepared in accordance with generally accepted accounting principles (GAAP) in the United States;

(2) Be complete and include all notes to the statements and any auditor's reports associated with the audited financial statements; and

(3) Include, if associated with the financial statement, an auditor's opinion.

(Ord. No. 9572, § 1, 2-10-83; Code 1980, § 18-78; Ord. No. 13151, § 2, 4-8-10)

Sec. 18-176.1. Unified development projects.

Unified development projects shall be as set forth in Charter Section 29-A.
(Ord. No. 12271, § 3, 8-22-02)

*__Charter references__—Powers with respect to acquiring and disposing of property, § 3(f); contracts for sales or lease of real property, §§ 29-A(d), 29-B.

Sec. 18-176.2. Cone of silence; exceptions.

The cone of silence shall be as set forth in section 18-74, except that, in the case of unified development projects or other matters governed by this article, the cone of silence shall be applicable only to contracts for amounts in excess of $500,000.00.
(Ord. No. 12271, § 3, 8-22-02)

Sec. 18-176.3. Procedures for resolution of protested UDP's and awards.

Procedures for resolution of protested UDP's and solicitations, awards, or recommendations for awards, shall be as set forth in section 18-104 of the City Code.
(Ord. No. 12271, § 3, 8-22-02; Ord. No. 13629, § 2, 9-8-16)

Sec. 18-177. Competitive sealed bidding.

(a) *Conditions for use.* Competitive sealed bidding shall be used in those circumstances in which it is practicable and advantageous for the city to specify all detailed plans, specifications, standards, terms and conditions relating to a property interest already owned by the city or to be acquired and disposed of by the city, so that adequate competition will result and award may be made to the highest responsible and responsive bidder. In all other instances there shall be a public notice required prior to the sale or disposition of city-owned property in order to allow potential purchasers to compete.

(b) *Invitations for bids.* An invitation for bids shall include, but not be limited to, all relevant items stipulated in section 18-79(b), as well as all information necessary to describe the particular property interest owned or to be acquired and disposed of, including any conditions or restrictions upon the use of such property.

(c) *Public notice.* Notice inviting bids shall be in accordance with the provisions of section 18-79(d).

(d) *Prebid conferences.* Prebid conferences to discuss the contemplated purchase or disposition of property interest may be held in accordance with provisions of section 18-79(e).

(e) *Bid opening.* Bid opening shall be in accordance with the provisions of section 18-79(f).

(f) *Bid acceptance and evaluation.* Bid acceptance and evaluation shall be in accordance with the procedures established by the chief procurement officer.

(g) *Award.* The city manager shall submit recommendations as to the award to the city commission, which may reject all bids. The contract shall be awarded with reasonable promptness by written notice to the responsible and responsive bidder whose bid offers the city the highest total compensation from the proposed sale, lease, conveyance or other disposition, as the case may be. The decision of the city commission shall be final. All contracts shall be approved as to form and correctness by the city attorney, and a copy shall be filed with the city clerk.
(Ord. No. 9572, § 1, 2-10-83; Code 1980, § 18-78.1)

City Code cross reference—Competitive sealed bidding generally, § 18-79.

Sec. 18-178. Emergency conveyances.

The city commission or department of off-street parking board or the downtown development authority board of directors, as appropriate, may by resolution waive the requirement of sale, conveyance or disposition to the highest responsible bidder by means of the following procedure: The city manager, the director of the off-street parking department, or the director of the downtown development authority, as appropriate, must make a written finding, supported by reasons, that a valid emergency exists. Such finding must be ratified by an affirmative vote of two-thirds of the city commission or applicable board, after a properly advertised public hearing. In such event the city manager, the director of the off-street parking department, or the director of the downtown development authority, as appropriate shall solicit as many proposals as practicable for the sale, lease or conveyance or disposition of the property. The commission or applicable board, as appropriate, shall accept the proposal that is most advantageous.
(Ord. No. 9572, § 1, 2-10-83; Code 1980, § 18-78.2)

Sec. 18-179. Sales to only possible bidder.

The requirement of competitive bidding may be dispensed with upon a written finding by the city manager that such methods would be futile for the reason that only one possible bidder could be chosen. In those instances the property shall be sold for the amount and in accordance with the procedure outlined in section 18-182(a)(3) of this article.
(Ord. No. 9572, § 1, 2-10-83; Code 1980, § 18-78.2.1)

Sec. 18-180. Cancellations.

The city, the off-street parking authority, and the downtown development authority shall have

the right to cancel all invitations for bids or requests for proposals before bid opening or proposal submission and to reject all bids or proposals after receipt. All invitations for bids and requests for proposals shall contain a reservation of the foregoing rights. In the event of such a cancellation or rejection, the city manager or its designee shall promptly notify all affected bidders or offerors and make available to them a copy of the written explanation for such cancellation or rejection, which shall be a public record.
(Ord. No. 9572, § 1, 2-10-83; Code 1980, § 18-78.3; Ord. No. 12271, § 3, 8-22-02)

Sec. 18-181. Applicability to off-street parking/downtown development authorities.

With the exception of the requirement for advertisement prior to sale of real property, as contained in subsection 18-85(d) of this article, the provisions contained elsewhere in this article are not required to be followed in effecting the sale, conveyance or disposition of real property owned by the Miami Parking Authority or the Downtown Development Authority.
(Ord. No. 9572, § 1, 2-10-83; Code 1980, § 18-79)

Sec. 18-182. Authority to sell.

(a) The city manager is hereby authorized to sell any real property owned by the city not needed for public use or that may have become unsuitable for use by any city department, provided that:

(1) Such property cannot be leased so as to produce revenue to the city.

(2) Such property shall not be sold for less than its appraised or assessed value, unless express authority is given by the city commission.

(3) The deed of conveyance for such property shall contain a provision which requires that in the event the property is ever immune or exempt from the payment of ad valorem taxes, the grantee, or any of the grantee's assigns, heirs, or successors, shall pay to the city an annual payment which shall be equal to what the city would have received as ad valorem taxes based on the valuation method employed by the county property appraiser pursuant to F.S. ch. 193, as amended.

(b) For purposes of this section, appraised values shall be those determined by at least two independent appraisers, both of whom shall be members of the American Institute of Real Estate Appraisers, unless said appraisers cannot agree on value, in which case the higher value shall be deemed the appraised value.

(c) The city commission may declare an exemption from the restrictions contained in subsection (a) above and declare them inapplicable by resolution provided that the city manager has made a written finding that it is in the best interest of the city, which findings must be ratified by an affirmative vote of of the commission after a properly advertised public hearing.
(Ord. No. 9572, § 1, 2-10-83; Code 1980, § 18-80; Ord. No. 11422, § 2, 12-12-96; Ord. No. 11640, § 2, 4-14-98)

Sec. 18-183. Commission on sale.

The city will pay a real estate percentage commission of five percent on all real estate sold by the city whenever a bid is made at a private sale through the efforts of a broker and the party making such bid is the purchaser of the property. The director of finance is hereby authorized to pay the same out of the proceeds of the sale.
Ord. No. 9572, § 1, 2-10-83; Code 1980, § 18-81)

Sec. 18-184. Expenses of abstract of title.

The director of finance is authorized to pay for the expense of updating or obtaining an abstract of title on all property sold by the city, to be paid out of the sale price of the property.
(Ord. No. 9572, § 1, 2-10-83; Code 1980, § 18-82)

Sec. 18-185. Payment to be in cash, certified check.

Terms are deemed to be all cash at time of closing. All costs involved in the sale of the property shall be the responsibility of the buyer, with the exception of the abstract and all custom-

ary prorations of prepaid or delinquent costs. Buyer may pay cash, by cashier's check, by certified check, or by a combination thereof.
(Ord. No. 9572, § 1, 2-10-83; Code 1980, § 18-83)

Sec. 18-186. City attorney responsible for closing of sale.

It shall be the responsibility of the city attorney to effect the closing of any city property which is sold under this article.
(Ord. No. 9572, § 1, 2-10-83; Code 1980, § 18-84)

Sec. 18-187. Disposition of proceeds from sale.

All money received from sales under this article shall be delivered over to the director of finance in accordance with the City Charter.
(Ord. No 9572, § 1, 2-10-83; Code 1980, § 18-85)

Sec. 18-188. Discrimination by lessees of city-owned property—Prohibited.

The lessee of any property of which the city is the owner shall not discriminate against or refuse or deny to any person or persons, guests or permittees the use of the facilities leased from the city because of race, creed, religion, color or national origin.
(Code 1967, § 38-9.1; Code 1980, § 37-13)

Sec. 18-189. Same—Requirements for organizations using city facilities.

In order to facilitate the implementation of the policy of the city as set forth in section 18-188, in instances wherein leases are entered into between the city and organizations or clubs for the use of city property or city facilities by the members thereof, such organizations or clubs shall comply with the following requirements:

(1) *Membership.*

a. Membership in the club or organization shall be available to all persons without discrimination as defined in section 18-188.

b. There shall be no requirement that applicants for enrollment be sponsored by anyone as a condition to such applicant being processed or accepted for membership.

c. The club or organization shall make a minimum of five percent of existing enrollment of the various types of membership in such club or organization available for new enrollment for a minimum period of 30 days of each year. The enrollment period shall commence July 1 of each year. In the event there is more than one type of membership available, this shall mean five percent of each type of membership shall be open to the general public.

d. Acceptance into membership shall be determined by simple majority vote of the general membership at a meeting designated for such purpose, and there shall be no secret ballot for admission to membership.

e. In the event there are a greater number of applicants than there are openings available for membership under the annual five percent of enrollments as set forth above, then, and in that event, new members in this enrollment period shall be selected by lot.

f. Within the 30-day period prior to the date of the commencement of the enrollment period described above in subparagraph (1)c, the club or organization shall advertise twice in two daily newspapers of general circulation published in the city a notice of the acceptance of new members as hereinabove provided, and notice of the purposes of the club or organization and of the programs offered by the club or organization to the public. The notice shall be printed on June 1 and June 14 of each year.

(2) *Dues.* All members in each of the various categories of membership shall pay equal dues, if any, within such categories.

(3) *Minutes of meetings.* All minutes of meetings, whether regular meetings or special meetings, or however designated, of such club or organization shall be posted upon the bulletin board upon the club premises within 30 days after the date of such meetings, and a copy thereof shall be forwarded to the city manager, or his/her designee.

(4) *Privileges.* All members in each category shall have equal rights and privileges.

(Code 1967, § 38-9.2; Code 1980, § 37-14; Ord. No. 13676, § 2, 4-27-17)

Sec. 18-190. Same—Provisions of sections 18-188 and 18-189 to be part of lease.

The foregoing matters as set forth in sections 18-188 and 18-189 being an implementation of the provisions of the Constitution of the United States of America and the constitution of the state, such provisions are to be considered a part of every such lease as described above entered into between the city and any person, firm, corporation, club or organization, regardless of the specific written terms of any lease now existing or to be entered into in the future.

(Code 1967, § 38-9.3; Code 1980, § 37-15)

Sec. 18-191. Same—Termination of lease for violations.

Any person, firm, corporation, club or organization violating the terms and conditions of sections 18-188 through 18-190 shall be subject to having its lease forthwith terminated by the city for such violation, upon due notice to the violator and upon an opportunity to be heard before the city commission concerning such violation.

(Code 1967, § 38-9.4; Code 1980, § 37-16)

Secs. 18-192—18-220. Reserved.

ARTICLE VI. SELF-INSURANCE AND INSURANCE TRUST FUND

Sec. 18-221. Created; sources.

(a) There is hereby created a city self-insurance and insurance trust fund, the fund to which shall be credited all money deposited in the city treasury by appropriation or from any other source, together with any unexpended balance of any appropriation heretofore made for the expenditure of public funds, for or accruing from:

(1) The payment of claims and judgments against the city involving the acts of officers or employees of the city or property belonging to the city.

(2) Insuring or providing for the insurance of any real or personal property or operation of the city against risks or hazards.

(3) The maintenance of hurricane disaster funds.

(4) The recovery of tort claims against other parties.

(5) Fines and forfeitures levied against employees as a result of being found responsible for preventable accidents.

(6) Amounts received from parties contracting with the city for providing insurance coverage to protect the parties for any and all risks involving activities or property associated with the contracts.

(7) Income accruing from the investment of the trust funds.

(b) Such funds are to be expended in accordance with the provisions and for the purposes stated in this article. The fund shall be segregated from other funds in the city treasury and shall be administered by the board of trustees appointed for that purpose.

(Code 1967, § 16-47; Code 1980, § 18-93)

Sec. 18-222. Appropriation of money.

All money accumulated in the fund is hereby appropriated for the purposes for which designated, to be expended in accordance with the provisions and procedures established by this article.

(Code 1967, § 16-48; Code 1980, § 18-94)

Sec. 18-223. Board of trustees—Composition; discharge of duties; compensation; powers.

(a) The board of trustees for the city self-insurance and insurance trust fund, referred to as "the trustees," shall be composed of the city manager as chairman, the director of finance and the insurance manager. The trustees shall discharge their duties during normal duty hours and shall not be entitled to additional compensation by reason of their services as trustees. However, they shall be reimbursed for any expenses incurred. The trustees shall invest all the trust funds to the fullest extent consistent with the cash requirements and investment objectives of the fund.

(b) The trustees shall have the power to make purchases, sales, exchanges, investments and reinvestments for and on behalf of the fund. It shall be the duty of the trustees to see that the money invested is at all times handled in the best interest of the city.
(Code 1967, § 16-49; Code 1980, § 18-95)

Sec. 18-224. Same—Oath of office.

Each trustee shall take an oath of office and make written acknowledgment of his/her acceptance of the duty, responsibility and authority of a trustee.
(Code 1967, § 16-50; Code 1980, § 18-96; Ord. No. 13676, § 2, 4-27-17)

Sec. 18-225. Same—Meetings.

The board of trustees shall hold regular meetings at least quarterly each year and special meetings at such time as the chairperson may deem necessary.
(Code 1967, § 16-51; Code 1980, § 18-97; Ord. No. 13676, § 2, 4-27-17)

Sec. 18-226. Disbursement of money.

The trustees shall disburse money from the fund to the director of finance upon his/her requisition and certification that the expenditure of the funds so requisitioned is to accomplish the purpose of the self-insurance and insurance program. The receipt for such funds shall constitute a full acquittance to the trustees.
(Code 1967, § 16-52; Code 1980, § 18-98; Ord. No. 13676, § 2, 4-27-17)

Sec. 18-227. Sale or exchange of securities and investments.

Securities or investments purchased or held under the provisions of this article may be sold or exchanged for other securities or investments, provided that no sale or exchange shall be at a price less than the market price of the securities or investments to be sold or exchanged.
(Code 1967, § 16-53; Code 1980, § 18-99)

Sec. 18-228. Investment of funds.

Trust funds may be invested without limitation in:

(1) Bonds, notes or other obligations of the United States or those guaranteed by the United States or for which the credit of the United States is pledged for the payment of the principal and interest or dividends thereof.

(2) Certificates of deposit of any bank incorporated under the laws of this state or any national bank organized under the laws of the United States to do business and situated in this state, to the extent that such savings accounts are insured with the federal government or any agency thereof, and if the certificates of deposit are secured by the deposit of securities of the United States government.

(Code 1967, § 16-54; Code 1980, § 18-100)

Sec. 18-229. Self-insurance and insurance committee—Appointment; composition; chairperson.

There shall be appointed annually by the city manager a committee to be known a the city self-insurance and insurance committee. The committee shall be composed of three members who shall be selected from among the officers or employees of the city. The city manager shall designate one of the members to act as

chairperson. The committee shall administer the self-insurance program and maintain appropriate records which shall reflect the status of the program and be in such detail as required to enable the committee to determine appropriate reserves. The committee shall determine and recommend to the city commission the amount of reserves to be accumulated and maintained and the amount to be appropriated annually to finance the self-insurance and insurance program.
(Code 1967, § 16-55; Code 1980, § 18-101; Ord. No. 13676, § 2, 4-27-17)

Sec. 18-230. Same—Responsibilities.

The committee shall, as expeditiously as possible, with due regard to the financial security of the city, proceed to establish the means whereby the city shall become self-insured in primary insurance coverage while maintaining umbrella coverage to insure against catastrophic losses. The means contemplated include the establishment of financial reserves and securing adequate qualified personnel, supplies and equipment to perform required services in an economical and efficient manner. The committee is specifically authorized and directed to ascertain that the city's financial interest is fully protected at all times. Any provisions of this article to the contrary notwithstanding, in the event that adequate financial reserves have not been provided or an analysis of the costs involved demonstrates that it is more economical for the city to maintain coverage for certain specific risks through commercial insurance policies, the committee is authorized and directed to procure such coverage. The premiums shall be paid from trust funds unless the city commission shall have directed otherwise and provided funds for that purpose. The committee shall utilize the services of regular city employees to the greatest extent practical, but may procure specialized services on a fee basis from independent contractors when such action is not prohibited by law. Where personal services for the program rendered by regular city employees require the expenditure of a substantial portion of the employees' working time on a regular or recurring basis the pro rata costs of such time, including all emoluments, shall be charged as an expense of the program. The commission may provide for the payment of such expenses during the regular budgeting process by providing funds for the payment of such personnel in the appropriate departmental budget with a corresponding reduction in the amount appropriated directly to the trust fund. In the event that the program shall require personnel services, payment for which shall not have been provided in the budget, the trustees shall provide funds expended or to be expended for such services.
(Code 1967, § 16-56; Code 1980, § 18-102)

Sec. 18-231. Operation and function of insurance program.

It is the intention of the commission of the city that the insurance program shall operate and function in a manner similar to a commercial insurance company. Accordingly, all expenses arising from the operation of the program shall be paid from the fund to the same extent as similar expenses would be discharged by the payment of premiums to a commercial insurance carrier.
(Code 1967, § 16-57; Code 1980, § 18-103)

Sec. 18-232. Responsibilities of city attorney.

(a) The city attorney shall perform or supervise the performance of all legal services required to accomplish the purposes of the self-insurance and insurance program. Legal services shall include, but not be limited to, the defense or prosecution or negotiation of settlement agreements of all claims or suits, the investigation of all claims and settlement of those claims found to be well founded for which the amounts claimed are payable from the trust fund.

(b) The city attorney and such of his/her assistants and claims adjusters as he/she may designate may compromise, settle and pay all claims which may be discharged by payment of an amount not to exceed $25,000.00 for each individual claim. Such settlements or compromises shall be for all damages claimed for personal injury, property damage, or both.

(c) Proposed settlements in excess of $25,000.00 shall be submitted to the city commission for its approval prior to acceptance. The city commission shall waive its attorney-client privilege of confidentiality for said settlements for purposes of review by the Financial Emergency Oversight Board.

(d) Upon approval by the city commission or the city attorney, as specified in the two preceding paragraphs [subsections (b) and (c) of this section], the city attorney shall authorize the payment of the claim by the finance director and provide such documents as the finance director may require.

(e) The city attorney shall render such report or reports for the settlement of claims to the committee and the city commission as they shall require.

(Code 1967, § 16-58; Ord. No. 8718, § 1, 10-26-77; Ord. No. 10072, § 1, 1-23-86; Code 1980, § 18-104; Ord. No. 11583, § 1, 12-30-97; Ord. No. 13676, § 2, 4-27-17)

Secs. 18-233—18-260. Reserved.

ARTICLE VII. REDEVELOPMENT TRUST FUND*

Sec. 18-261. Payments into fund by city.

There shall be paid into the fund, and the city hereby appropriates, commits and sets over for payment into the fund, a sum equal to that increment from the income proceeds, revenues and funds of the city derived from, or held in connection with the project area, and the city's undertaking and carrying out of the project area therein. Such increment shall be determined and appropriated annually, and shall be an amount equal to the difference between:

(1) That amount of general operating and debt service ad valorem taxes levied each year by the city on taxable real property contained within the geographic boundaries of the project area; and

(2) That amount of operating and debt service ad valorem taxes which would have been produced by the rate upon which the tax is levied each year by or for the city upon the total of the assessed value of the taxable property in the project area as shown upon the assessment roll used in connection with the taxation of such property by the city, last equalized January 1, 1982.

(Ord. No. 9590, § 1(1), 4-6-83; Code 1980, § 18-111)

Sec. 18-262. Annual appropriations by city.

The city will annually appropriate to the fund the aforestated sum at the beginning of the city's fiscal year. The fund shall receive the tax increment above described only as, if and when such taxes may be collected by the city. The city's obligation to annually appropriate to the fund shall commence immediately upon the effective date of this article and continue until all loans, advances and indebtedness, if any, and interest thereon incurred by the city as a result of the project have been paid and only to the extent that the tax increment recited above accrues.

(Ord. No. 9590, § 1(2), 4-6-83; Code 1980, § 18-112)

Sec. 18-263. Rules and regulations.

The city manager is directed to develop and promulgate rules, regulations and criteria whereby the fund may be promptly and effectively administered, including the establishment and the maintenance of books and records and adoption of procedures whereby the city may, expeditiously and without undue delay, utilize such funds for their allocated statutory purpose.

(Ord. No. 9590, § 1(3), 4-6-83; Code 1980, § 18-113)

Sec. 18-264. Responsibility for fund monies.

The city accepts full responsibility for the receipt, custody, disbursement, accountability, management and proper application of all monies paid into the fund.

(Ord. No. 9590, § 1(6), 4-6-83; Code 1980, § 18-114)

*__Editor's note—__The project referred to herein is the "Southeast Overtown/Park West Community Redevelopment Plan."

Secs. 18-265—18-290. Reserved.

ARTICLE VIII. STORMWATER UTILITY FEES*

Sec. 18-291. Authority.

The city is authorized by the provisions of F.S. ch. 166 and the Florida Constitution to construct, reconstruct, improve, and extend stormwater utility systems and to issue revenue bonds and other debts if needed to finance in whole or part the cost of such system and to establish just and equitable rates, fees, and charges for the services and facilities provided by the system.
(Ord. No. 10395, § 1, 3-10-88; Code 1980, § 53.5-21)

Sec. 18-292. Findings and determinations.

It is hereby found, determined, and declared as follows:

(1) Those elements of the system which provide for the collection of and disposal of stormwater and surface water and regulation of groundwater are of benefit and provide services to all property within the city including property not presently served by the storm elements of the system.

(2) The cost of operating and maintaining the city stormwater management system and financing necessary repairs, replacements, improvements, and extension thereof should, to the extent practicable, be allocated in relationship to the benefits enjoyed and services received therefrom.

(Ord. No. 10395, § 2, 3-10-88; Code 1980, § 53.5-22)

Sec. 18-293. Stormwater utility fee for the stormwater management system.

(a) A stormwater utility fee is hereby imposed upon each developed lot and parcel within the city for services and facilities provided by the stormwater management system. For purposes of imposing the stormwater utility fee, all lots and parcels within the city are classified into the following two customer classes:

(1) Residential.

(2) Nonresidential.

The city manager or his/her designee is directed to prepare a list of lots and parcels within the city and assign a classification of residential or nonresidential to each lot or parcel.

(b) There are hereby established the following procedures and criteria used to determine rates for the services and facilities of the municipal stormwater management system:

(1) Hereby established are reasonable rates for stormwater management systems for each residential dwelling unit, i.e., single-family detached home, condominium unit, apartment or townhouse unit, or mobile home unit shall be billed at a flat fee as established herein for an equivalent residential unit. An equivalent residential unit is hereby defined as the statistical average horizontal impervious area of all residences in the city which have been appraised as residences by the county property appraiser's office. The total impervious area of each residence includes all areas covered by structures and impervious amenities such as, but not limited to, rooftops, patios, porches, and driveways. In the city an equivalent residential unit (ERU) equals 1,191 square feet.

(2) For all nonresidential properties, i.e., enterprise, business establishment, building, or other occupancy not covered by subsection (b)(1) of this section, the rate shall be computed based on the total impervious area of the property divided by the average impervious area of an equivalent residential unit times the rate established for an equivalent residential unit. The billing amount shall be updated

*__Editor's note—__Ord. No. 13366, § 2, adopted March 14, 2013, changed the title of article VIII from "Stormwater Utility Fees and Fund" to "Stormwater utility fees."

__City Code cross references__—Environmental preservation, ch. 17; landfills and waterfront improvements, ch. 29; sewers and sewage disposal, ch. 49; subdivisions, ch. 55.

by the department of resilience and public works based on any additions to the impervious areas.

(Ord. No. 10395, § 3, 3-10-88; Ord. No. 10616, § 1, 7-13-89; Code 1980, § 53.5-23; Ord. No. 11282, § 2, 7-13-95; Ord. No. 13366, § 2, 3-14-13; Ord. No. 13676, § 2, 4-27-17; Ord. No. 13792, § 1, 10-11-18)

Editor's note—Ord. No. 13366, § 2, adopted March 14, 2013, changed the title of section 18-293 from "Stormwater management system fee" to "Stormwater utility fee for the stormwater management system." The historical notation has been preserved for reference purposes.

Sec. 18-294. Schedule of rates.

(1) The rates to be charged for stormwater management for each residence or dwelling unit shall be the base rate per month in the amount of $7.00.

(2) The rates to be charged for nonresidential properties, i.e., all occupancies other than provided for in subsection (1) of this section, shall be the rate established in subsection (1) (the current base rate per month) multiplied by the number of equivalent residential units. The number of equivalent residential units equals the total square footage of impervious area of the property divided by 1,191 square feet (statistically developed average for a residence in the city). Equivalent residential units will be rounded to the nearest tenth of a unit. A minimum charge based on one-half of one equivalent residential unit (0.5 ERU) will be assigned to any property calculated to be less than 0.5 ERU.

The base rate per month shall increase each year by $0.50 and shall be reviewed every five years by the department of resilience and public works, providing a report to the city manager to determine if any revision of the base rate per month is appropriate.

(Ord. No. 10395, § 4, 3-10-88; Ord. No. 10616, § 1, 7-13-89; Code 1980, § 53.5-24; Ord. No. 11282, § 2, 7-13-95; Ord. No. 13792, § 1, 10-11-18; Ord. No. 14432, § 2, 1-8-26)

Sec. 18-295. Collection of charge.

The stormwater utility fee is to be paid as billed by the owner, tenant, or occupant of each lot or parcel which is subject to the stormwater utility fee. Persons using the services and facilities of the stormwater management system shall be rendered bills or statements for the use of these services and facilities of said system by one of the following methods:

(1) By the Miami-Dade Water and Sewer Department of Miami-Dade County, which said bills or statements shall be payable at the same time and in the same manner and subject to the same discontinuance of service of said system of the Miami-Dade Water and Sewer Department as set forth under the terms and conditions of sections 2-340 and 2-341 of the Code of Miami-Dade County as amended.

(2) The owner, tenant, or occupant of lots or parcels subject to the stormwater utility fee and not otherwise charged shall receive an annual or semiannual bill or statement directly from the city, which said bills or statements shall be payable within the same time limits and in the same manner and subject to the same penalties as prescribed for waste fees under sections 22-88 and 22-89 of this Code, except that the nonpayment of the stormwater utility fee shall not cause the unpaid amount to become a lien against all improved real property subject to the stormwater utility fee.

(Ord. No. 10395, § 5, 3-10-88; Code 1980, § 53.5-25; Ord. No. 11282, § 2, 7-13-95; Ord. No. 13366, § 2, 3-14-13)

Sec. 18-296. Adjustment of stormwater utility fees.

(a) Requests for adjustment of the stormwater utility fee shall be submitted through the director of the department of resilience and public works, herein referred to as director, who shall be given authority to administer the procedures and standards and review criteria for

the adjustment of fees as established herein. The following procedures shall apply to all adjustment requests of the stormwater utility fee:

(1) Any owner, tenant or occupant who has paid his/her stormwater utility fees and who believes the contribution rate component of his/her stormwater utility fee to be unjust or inequitable may, subject to the limitations set forth in this article, submit his/her adjustment request to the director.

(2) Adjustment requests for stormwater utility fees paid by an owner, tenant or occupant making the request shall be in writing and set forth, in detail, the grounds upon which relief is sought.

(3) Adjustment requests made during the first calendar year that the stormwater utility fee is imposed will be reviewed by the director within a one-year period from the date of filing of the adjustment request. Adjustments resulting from such request shall be retroactive to the beginning of billing, but shall not exceed three years.

(4) All adjustment requests for the stormwater utility fee shall be reviewed by the director within a four-month period from the date of filing of the adjustment request. Adjustments resulting from such requests shall be retroactive to the date of filing of the request. Under no circumstances will the city be financially liable beyond the time limits set forth herein.

(5) The owner, tenant or occupant requesting the adjustment may be required, at his/her own cost, to provide supplemental information to the department of resilience and public works including, but not limited to, survey, data and engineering reports, approved by either a registered professional land surveyor (R.P.L.S.) or professional engineer (P.E.). Failure to provide such information may result in the denial of the adjustment request.

(6) Adjustments to the stormwater utility fee will be made upon the granting of the adjustment request, in writing, by the director. All adjustments will be prorated in accordance with the established procedures of the Miami-Dade Water and Sewer Department. Denials of adjustment requests shall be made in writing by the director.

(b) The following standards and review criteria shall apply to all adjustment requests of the stormwater utility fee:

(1) Existing or special characteristics of the site or parcel for which the adjustment request is made will be considered.

(2) The amount of on-site impervious area.

(3) The design storm frequency and storm duration criteria currently in use by the department of resilience and public works at the time of the adjustment request will be the minimum accepted and the standard recognized by the director for stormwater management systems draining the public right-of-way.

(4) Ponds, exfiltration systems or positive drainage facilities accepting stormwater from the public right-of-way must meet applicable city, state, and federal requirements including groundwater protection devices and outfall treatment and conveyance systems required by all governing bodies.

(5) Ponds, exfiltration systems or positive drainage facilities accepting stormwater from the public right-of-way must be maintained according to city standards and must function in accordance with required city design standards.

(6) Adjustments will not be granted for swimming pools, reflecting pools, existing open ditch systems, and swales.

(7) Adjustments will not be granted for compliance with on-site storm drainage/retention rules and regulations for private property development.

(c) Upon receipt of the written denial of the adjustment request, the owner, tenant or occupant who initially requested the adjustment may, within 30 days of receipt of such denial, apply to the director for review of the denial.

(1) The director, exclusive of his/her designee, shall complete his/her review within 60 days of receipt of said request for review. The director's determination on the review shall be in writing and set forth, in detail, the reasons for his/her decision.

(2) In reviewing denials of adjustment requests, the director, exclusive of his/her designee, shall apply the standards and review criteria contained in this section. In the event of a hardship the director, exclusive of his/her designee, may base his/her determination on written grounds other than those contained herein.

(3) All determinations of the director arising out of this section will be final.

(Ord. No. 10395, § 6, 3-10-88; Ord. No. 11076, § 1, 7-22-93; Code 1980, § 53.5-26; Ord. No. 13366, § 2, 3-14-13; Ord. No. 13676, § 2, 4-27-17; Ord. No. 13792, § 1, 10-11-18)

Editor's note—Ord. No. 13366, § 2, adopted March 14, 2013, changed the title of section 18-296 from "Adjustment of fees" to "Adjustment of stormwater utility fees." The historical notation has been preserved for reference purposes.

Sec. 18-297. City manager to keep records.

It shall be the duty of the city manager to keep an accurate record of all persons using the services and facilities of the said municipal stormwater management system of the city and to make changes in accordance with the rates and charges established in this article.

(Ord. No. 10395, § 7, 3-10-88; Code 1980, § 53.5-27)

Sec. 18-298. Stormwater utility fee account.

There shall be established a stormwater utility fee account(s), in lieu of a trust fund, for the deposit of all fees and charges collected by the stormwater utility fee. These funds shall be for the exclusive use of the stormwater management system for the following expenditures:

(1) Operation and maintenance of the stormwater management system.

(2) Funding of pollution abatement devices constructed on stormwater systems discharging to Biscayne Bay and its tributaries.

(3) Administrative costs associated with the management of the stormwater management system.

(4) Debt service financing.

(5) Expansion of the existing storm drainage system.

(6) Annual fair share funding support for the Miami River commission.

(7) Compliance with federal, state and county regulations.

(Ord. No. 10395, § 8, 3-10-88; Ord. No. 10616, § 1, 7-13-89; Code 1980, § 53.5-28; Ord. No. 11282, § 2, 7-13-95; Ord. No. 11996, § 2, 11-16-00; Ord. No. 13366, § 2, 3-14-13)

Editor's note—Ord. No. 13366, § 2, adopted March 14, 2013, changed the title of section 18-298 from "Stormwater utility trust funds" to "Stormwater utility fee account." The historical notation has been preserved for reference purposes.

ARTICLE IX. FINANCIAL POLICIES

DIVISION 1. ANTI-DEFICIENCY ACT*

Sec. 18-500. Established.

Regulations, to be known as the Anti-Deficiency Act, are hereby established to provide mandatory procedures to be used by department directors, the city manager, city attorney, city clerk, mayor, commissioners, and executive directors of agencies, authorities, trusts, boards, or commissions funded in whole or in part by the city, with authority to direct obligation or disbursement of city funds. However, the herein regulations shall

*__Note—__See the editor's note to Ch. 2, Art. XII.

not apply to the three City of Miami Retirement Trusts which are the City of Miami Firefighters' and Police Officers' Retirement Trust, the City of Miami General Employees' and Sanitation Employees' Retirement Trust, and the City of Miami Elected Officers' Retirement Trust.
(Ord. No. 11727, § 2, 11-17-98; Ord. No. 11890, § 2, 2-10-00; Ord. No. 12026, § 2, 2-22-01)

Sec. 18-501. Definitions.

As used in this article:

Agency or agencies shall mean, including, but not limited to, any agency(s), authority(s), trust(s), board(s), or commission(s) funded in whole or in part by the city, except the City of Miami Firefighters' and Police Officers' Retirement Trust, the City of Miami General Employees' and Sanitation Employees' Retirement Trust, and the City of Miami Elected Officers' Retirement Trust.

Authority to direct obligation or disbursement shall mean any permission, approval, consent, or signature from a department director or executive director of an agency, authority, trust, board, or commission funded in whole or in part by the city, except for the City of Miami Firefighters' and Police Officers' Retirement Trust, the City of Miami General Employees' and Sanitation Employees' Retirement Trust, and the City of Miami Elected Officers' Retirement Trust (the "Retirement Trusts"), or a single individual, specifically designated in writing by a department director or executive director of an agency, authority, trust, board, or commission funded in whole or in part by the city, except for the Retirement Trusts, and acknowledged and accepted in writing by the designee, and kept on file within the department, agency, authority, trust, board, or commission funded in whole or in part by the city, except for the Retirement Trusts, regardless of form, which permits or authorizes expenditure of funds, excluding documents or forms which process such authority.

Department directors shall mean directors of all departments of the city including heads of offices and shall include persons responsible for individual budgets as set forth in the annual appropriations ordinance. Notwithstanding any delegation of authority for the act of budget oversight, heads of departments or offices shall not be relieved of responsibility related to this act.

Executive director shall mean the executive directors of all agencies, authorities, trusts, boards, or commissions, including heads of offices, funded in whole or in part by the city, and shall include persons responsible for the individual annual budgets for each agency, authority, trust, board or commission approved by the city commission, except for the City of Miami Firefighters' and Police Officers' Retirement Trust, the City of Miami General Employees' and Sanitation Employees' Retirement Trust, and the City of Miami Elected Officers' Retirement Trust. Notwithstanding any delegation of authority for the act of budget oversight, the executive director shall not be relieved of responsibility related to this Act.

Obligational authority shall mean any document, ordinance, resolution or paper, regardless of form, which grants permission for an expenditure.
(Ord. No. 11727, § 2, 11-17-98; Ord. No. 11890, § 2, 2-10-00; Ord. No. 12026, § 2, 2-22-01)

Sec. 18-502. Procedures and implementation.

The procedures set forth herein apply where a continuing ordinance or resolution of the city commission which specifically directs an expenditure of funds, and identifies a source of funds to increase the obligation/expenditure authority has not been enacted, extended, or renewed by the city commission to provide temporary obligational authority. Notwithstanding the adoption of an ordinance or resolution by the city commission expending funds, any ordinance or resolution which exceeds an approved departmental or agency budget may be considered voidable and shall be placed on the next regular city commission agenda by the city manager or executive director for budget approval and adjustments as deemed appropriate. Nor may any individual in authority instruct an employee of the city to exceed, without legal authority, the annual budget appropriation for any department

or agency. This following Anti-deficiency Act is hereby enacted and regulations set forth as follows:

(1) This section applies to all obligations chargeable to annual appropriations, and prior year billing, or multiple-year appropriations which have expired, and for which the obligational authority has not been extended. This section shall additionally apply to the city manager, department directors, and executive directors with authority to approve overtime budgets.

(2) The city manager, assistant city managers, department directors, and executive directors with authority to direct obligation or disbursement of city funds may not enter into contracts or any other agreements for the future payment of money in excess of those funds approved in the current year budget by ordinance or resolution. However, the terms and conditions set forth in the document related to debt issuance and long-term capital improvement projects and other approved multi-year agreements shall be controlling.

(3) Any obligation incurred in excess of an annual departmental or agency appropriation represents a violation of the Anti-Deficiency Act. No such obligation shall be incurred unless the city commission or city manager through emergency powers, has enacted legislation or exercised authority extending a department's or agency's obligational authority of a department or agency. However, should an emergency, defined under state law as any occurrence, or threat thereof, whether natural, technological, or manmade, in war or in peace, which results or may result in substantial injury or harm to the population or substantial damage to or loss of property, occur and temporary obligation authority is authorized, said obligations and authority shall require an ordinance or resolution for the ratification, approval and confirmation of said action together with such other necessary actions to ensure a balanced year-end budget by an affirmative majority vote of the members of the city commission at the next immediate regularly scheduled meeting of the city commission or special meeting called for that purpose.

(4) The prohibitions contained herein are applicable to the city manager, department directors, or executive directors with the authority to verify and/or approve the availability of funds, disburse or obligate funds for the city. The provisions contained herein apply to the offices of the mayor, city clerk, city attorney, city commission, the city manager, all departments and agencies budgets which incorporate overtime budgets and prior year billings, and funds, including but not limited to non-departmental accounts and the capital improvements program.

(5) The city manager shall promulgate policies which instruct department directors with authority to direct obligation or disbursement of city funds to assure compliance with this act.

(6) The city commission shall promulgate policies which instruct executive directors with authority to direct obligation or disbursement of city funds to assure compliance with this act.

(7) The official or employee verifying the availability of funds, and/or approving budget authority and/or certifying a voucher, purchase order or any other paper indicating availability of funds is responsible for ensuring that the expenditure will not exceed the department's or agency's current year budget appropriations for that line item.

(8) Any employee of the city who has knowledge or a reasonably based belief that a budget of the city may be in violation of this act shall have the right to be heard under the provisions for a monthly status of the city budget set

forth below. Any such person shall not be penalized in any manner for actions taken to report violation of this act.

(9) A department director or executive director with obligation or disbursement authority shall be in violation of this act if he/she willfully withholds invoices, payments, settlement, or any other instrument of city debt which were incurred and due in the current fiscal year in an effort to avoid exceeding the approved current year budget.

(10) The city manager shall have the authority to adjust line items in an amount not to exceed ten percent of a department's budget so long as the total annual projected expenditures of a department do not exceed the department's current budget, and said adjustment is verified by the department of management and budget. Additionally, all proposed budget adjustments between departments, including capital improvements projects shall require approval by city commission ordinance or resolution. During the fourth quarter of the fiscal year, any changes or deviations in excess of $5,000.00 per transaction from the current approved budget for those departments under the authority of the city manager shall require city manager approval, with the advice and written concurrence of the member of the city commission designated as the presiding officer, a copy of which shall be provided to the city clerk.

(11) The executive director shall have the authority to adjust line items in an amount not to exceed ten percent of an agency's budget so long as the total annual projected expenditures of the agency does not exceed the agency's current budget, and said adjustment is verified in a manner using acceptable accounting principles. During the fourth quarter of the fiscal year, any changes or deviations in excess of $5,000.00 per transaction from the current approved budget for those agencies shall require written concurrence of the member of the city commission designated as the presiding officer, a copy of which shall be provided to the city clerk.

(12) Notification of possible deficiency. Any department director, executive director or individual with authority to verify the availability of funds, or direct obligation or disbursement of city funds who anticipates or has reason to believe that the annual budget of a department or agency may exceed the sum appropriated in the approved budget ordinance or resolution (a "deficiency") shall immediately provide written notification to the mayor, the city commission, city manager, city attorney, city clerk, and the director of the department of management and budget. Said notification shall include the cause of the deficiency, the amount of the deficiency and the recommended remedial action to cure the deficiency.

(13) The city manager shall present monthly, except during the month of September, a written report on the status of the city budget at a city commission meeting. The executive directors of all agencies shall each present quarterly, except during the month of September, a written report on the status of the individual agency's budget at a city commission meeting. At a minimum, this report should generally include, but not be limited to, the following information in a form acceptable to the city commission: fund summary, revenues by category and expenditures by major object, revenues by category and expenditure by department, or revenues by minor object-recurring/non-recurring, expenditures by minor object-recurring/non-recurring, revenues by minor object-recurring, revenues by minor object-non-recurring, expenditures by minor object-recurring, expenditures by minor object-non-recurring, bank reconciliation memo, cash positions for all funds, investments outstanding as of the preceding month, cash received year to date, cash received for the current month or

preceding month, cash received year to date, cash received for the current month or preceding month, human resource personnel reports, including computation which details sworn or unsworn personnel. The city external auditor shall present the comprehensive annual financial report or status thereof no later than the end of the second quarter of each fiscal year. The external auditors engaged by the individual agencies shall each present the agencies' comprehensive annual financial reports or status thereof no later than the end of the second quarter of each fiscal year.

(Ord. No. 11727, § 2, 11-17-98; Ord. No. 11890, § 2, 2-10-00; Ord. No. 12026, § 2, 2-22-01)

Sec. 18-503. Violations of act; penalties.

(1) A duly adopted ordinance or resolution shall provide obligational authority and if enacted will not constitute a violation of this act.

(2) No provision contained in this section shall be construed to violate fair labor laws or any provision of the current, approved union contracts, or any other legally binding issues which have been the subject of collective bargaining.

(3) Effective January 1, 2000, the violation of any provisions of this act shall constitute a civil offense and be punishable by civil penalty in an amount not to exceed $500.00, in a court of competent jurisdiction. Without regard to culpability, violation of this law may serve as one element of a basis for employment termination.

(Ord. No. 11727, § 2, 11-17-98; Ord. No. 11890, § 2, 2-10-00)

Secs. 18-504—18-540. Reserved.

DIVISION 2. FINANCIAL INTEGRITY PRINCIPLES

Sec. 18-541. Established; implementation; review; reports.

(a) Financial integrity principles and policies to assure and maintain financial integrity in the city are hereby established and shall be implemented immediately upon adoption of this division.

(b) The financial integrity principles as set forth herein shall be reviewed and updated as necessary, at least every three years. The city's independent auditor general shall be responsible for preparation of a written report to be transmitted to the mayor and the members of the city commission by July 1 of each year as to compliance with the principles and policies set forth in this division. The report shall include recommendations for additional policies or actions, to be considered for action after reviewing the latest annual audit comprehensive annual financial report (CAFR), single audit report, and management letter comments.

(Ord. No. 11890, § 4, 2-10-00; Ord. No. 12276, § 2, 9-11-02; Ord. No. 12727, § 2, 9-22-05; Ord. No. 13767, § 2, 5-10-18; Ord. No. 13899, § 4, 4-9-20)

Sec. 18-542. Financial integrity principles.

The following financial integrity principles are hereby adopted:

(1) *Structurally balanced budget.* The city shall maintain a structurally-balanced budget. Recurring revenues will fund recurring expenditures.

(2) *Revenue estimating conference process.* The city shall adopt budgets and develop its long and short-term financial plans utilizing a professional revenue estimating conference process. Conference principals shall include, but not be limited to one principal from the city's budget office; one principal from the city's finance department; and two non-staff principals with public finance expertise.

(3) *Interfund borrowing.* The city shall not borrow or use internal fund transfers to obtain cash from one fund type or reserve to fund activities of another fund type or reserve unless such use is deemed lawful, and unless the revenue estimating conference has determined that (a) the funds to be loaned will not be needed during the lending period, and (b) the funds for repayment will be available within a two-year period. Any actions taken to borrow funds under these conditions must

be separately presented to and approved by the city commission and the term of such borrowing shall not extend beyond the last day of the subsequent fiscal year.

Recognizing that some programs are funded by grants or other entities on a reimbursement basis, the city shall apply for such reimbursements on a timely basis to minimize the period that city funds are used as float. In the event loans/float for these reimbursements extend beyond the end of a fiscal year, such reimbursements shall be reflected as receivables in the annual comprehensive financial report (ACFR) to the extent allowed under accounting principles generally accepted in the United States of America (GAAP). The department of finance shall make a quarterly determination of the amount of expenses incurred which may not be reimbursable under these programs. A quarterly report of expenses incurred but not reimbursable shall be presented to the city commission, together with the actions needed to avoid project deficits.

(4) For purposes of this section: "city-wide surplus for any fiscal year" is defined as the increase in unreserved general fund balance as reflected in the city's ACFR; "city-wide deficit for any fiscal year" is defined as the decrease in unreserved general fund balance as reflected in the city's ACFR; and "budget surplus of any office, department or elected official" is defined as the excess of budgeted expenses over actual expenses in any fiscal year.

Notwithstanding anything to the contrary in this section, the total amount of budget surplus to be added to designated reserves and special revenue funds pursuant to this section (together, the "rollover amounts") is limited to city-wide surplus for any fiscal year. In the event the rollover amounts would result in a city-wide deficit, then each budget surplus within the rollover amounts shall be reduced proportionately so the city's ACFR) will reflect no change in undesignated, unreserved general fund balance. In the event that a city-wide deficit would result before effecting the rollover amounts in any fiscal year, then no rollover amounts shall be available.

a. Budget surpluses in an elected official's budget in any fiscal year shall be reflected as designated reserves at the end of the fiscal year in which such surplus arose and be appropriated for discretionary use of such elected official for the following fiscal year.

b. Budget surpluses of the parks and recreation department shall be allocated, as of the end of the fiscal year in which such surplus arose, to a parks and recreation department special revenue fund. Allowed expenditures from the parks and recreation department special revenue fund shall be limited to the purchase of parks recreational and maintenance equipment, capital improvements for the city's parks, and the direct operations of recreational programs in and for the city's parks, subject to appropriation by the city commission.

c. Budgeted surpluses of the department of real estate and asset management shall be allocated, as of the end of the fiscal year in which such surplus arose, to a public facilities special revenue fund. Allowed expenditures of the public facilities special revenue fund shall be limited to capital improvements for the city's public facilities, subject to appropriation by the city commission.

d. Budgeted surpluses of the department of innovation and technology shall be allocated, as of the end of the fiscal year in which such surplus arose, to an IT strategic plan special revenue fund. Allowed expenditures of the IT strategic plan special revenue fund shall be limited to expenditures, excluding those related

to permanent city staff, necessary for the implementation of the city's information technology strategic plan, subject to appropriation by the city commission.

Department names may change from time to time. This section shall be applicable to those departments regardless of its designation in a given fiscal year.

(5) *Reserve policies.* The following three reserve policies categories are established for the general operating fund of the city:

a. *Current fiscal year contingency.* A "contingency" reserve level of $5,000,000.00 shall be budgeted annually. Such contingency reserve shall be available for use, with city commission approval, during the fiscal year, to fund unanticipated budget issues which arise or potential expenditure overruns which cannot be offset through other sources or actions. The unused portion of the budgeted contingency reserve in any fiscal year shall be reflected as unassigned fund balance reserves until such time as the city has funded 50 percent of the liabilities of the long-term liabilities (excluding bonds, loans, and capital lease payables) as reflected in the city's ACFR). Amounts not needed to satisfy the 50 percent requirement shall be considered general fund unassigned fund balance reserve and be treated in accordance with subsection (5)b below.

b. *General fund unassigned fund balance reserves.* The city shall retain unassigned fund balance reserves equal to a threshold ten percent of the prior three years' average of general revenues (excluding transfers). Amounts designated as "contingency" reserve in subsection 5a. above shall be included in the calculation of meeting the ten percent of the prior three years average of general revenues for the unassigned fund balance category. Such reserves may only be used for offsetting an unexpected mid-year revenue shortfall or for funding an emergency such as a natural or man-made disaster, which threatens the health, safety and welfare of the city's residents, businesses or visitors. Any time these reserve funds fall below the ten percent threshold, the city commission shall adopt a plan to achieve the threshold within two fiscal years and the city manager shall present an oral report at the second commission meeting of every month, except during the month of September, regarding: i) the status of the current fiscal year budget, and ii) the proposed budget for the subsequent fiscal year. Such oral report shall appear on the city commission agenda as a discussion item under the agenda category titled "Budget." Amounts in excess of the ten percent threshold may be used for capital improvements, unanticipated expenditures necessary to assure compliance with legal commitments, and for expenditures that will result in the reduction of recurring costs or the increase in recurring revenues of the city.

c. *General fund designated fund balance reserves.* The city shall retain designated fund balance reserves equal to ten percent of the prior three years average of general revenues (excluding transfers). The designated fund balance reserves shall be classified as either nonspendable, restricted, committed, or assigned and such designation shall be based on standards and guidance established, and amended from time to time, by the Governmental Accounting Standards Board (GASB). Such reserves shall be used for funding long-term liabilities and commitments of the city such as:

1. Compensated absences and other employee benefit

liabilities, including liabilities related to post-retirement benefits;

2. Self-insurance plan deficits (including workers compensation, liability claims and health insurance);

3. Anticipated adjustments in pension plan payments resulting from market losses in plan assets and other unanticipated payments necessary to maintain compliance with contractual obligations.

Payment for compensated absences and other employee benefit liabilities and self-insurance plan deficits may be drawn from this reserve during the fiscal year and shall be replenished each year until 50 percent of such the liabilities are funded. Other designated reserves may be drawn upon without the need for replenishment.

(6) *Proprietary funds.* The city shall establish proprietary funds only if the costs to provide the service are fully funded from the charges for the service.

(7) *Multi-year financial plan.* The city commission shall annually adopt a five-year financial plan by September 30 of each year, reflecting as the base year, the current year's budget. For fiscal year 2004 the multi-year financial plan will be adopted no later than 30 days after the completion of labor negotiations. Such plan will include cost estimates of all current city operations and pension obligations, anticipated increases in operations, debt service payments, reserves to maintain the city's officially adopted levels of reserves and estimated recurring and non-recurring revenues. This plan will be prepared by fund and reflect forecasted surpluses or deficits and potential budget balancing initiatives, where appropriate.

(8) *Multi-year capital improvements plan.*

a. *Annual review and adoption.* The city commission shall annually adopt a capital improvements plan ("CIP") simultaneously with the adoption of the city's final budget pursuant to F.S. § 200.065. The CIP shall address cost estimates for all necessary infrastructure improvements needed to support city services, including information technology, with an adequate repair and replacement ("R&R") component. Funded, partially funded and unfunded projects shall be clearly delineated. The CIP shall be detailed for the current fiscal year and for five additional years and, if practicable, additional required improvements aggregated for two additional five-year periods. To the extent feasible, department heads shall be required to submit independent needs assessments for their departments for use in preparing the CIP. The CIP will include and identify revenue sources and unfunded projects. The CIP shall include estimates of the operational (including maintenance) impacts produced for the operation of the capital improvements upon their completion. The CIP shall include a component reflecting all on-going approved capital projects of the city, amount budgeted, amount spent since the start date, remaining budget, and estimated completion date. Approved projects shall be reviewed and addressed in the CIP annually. Beginning in fiscal year 2019-2020, all future capital project funding amounts shall be budgeted and reflected in the CIP in $1,000.00 increments.

b. *Delegation of authority to city manager regarding completed projects and cancelled projects; quarterly reporting.* The city commission hereby delegates to the city manager the authority, on a quarterly basis, to sweep funds from the project accounts of all completed projects and all cancelled projects

with remaining fund balances of less than $100,000.00 in unexpended funds into the citywide non-departmental capital outlay reserve accounts. The city manager shall endeavor to move such funds into active, capital projects with current shortfalls within the same commission district from which the funds had previously been budgeted. The city manager and the budget director shall provide written quarterly reports for the previous quarter just ended to the city commission of all such amounts of unexpended funds from the project accounts of all completed projects and all cancelled projects that have been swept from such project accounts into the citywide non-departmental capital outlay reserve accounts.

(9) *Debt management.* The city shall manage its debt in a manner consistent with the following principles:

a. Capital projects financed through the issuance of bonded debt shall be financed for a period not to exceed the estimated useful life of the project.

b. The net direct general obligation debt shall not exceed five percent and the net direct and overlapping general obligation debt shall not exceed ten percent of the taxable assessed valuation of property in the city.

c. The weighted average general obligation bond maturity shall be maintained at 15 years or less.

d. Special obligation debt service shall not exceed 20 percent of non-ad valorem general fund revenue.

e. Revenue based debt shall only be issued if the revenue so pledged will fully fund the debt service after operational costs plus a margin based on the volatility of the revenues pledged.

(10) *Financial oversight and reporting.* The city shall provide for the on-going generation and utilization of financial reports on all funds comparing budgeted revenue and expenditure information to actual on a quarterly and year-to-date basis. The finance department shall be responsible for issuing the monthly reports to departments, the mayor, and city commission, and any information regarding any potentially adverse trends or conditions. These reports should be issued within 30 days after the close of each month.

The independent external auditor shall prepare the city's ACFR by March 31st of each year. The single audit and management letter of the city shall be prepared by the independent external auditor by April 30th of each year. The independent external auditor shall present the findings and recommendations of the audit, single audit, and management letter, to the mayor and city commission at a scheduled commission meeting prior to July 30th of each year.

Financial reports, offering statements, and other financial related documents issued to the public, shall provide full and complete disclosure of all material financial matters.

(11) *Basic financial policies.* The city shall endeavor to maintain formal policies, that shall be reviewed and updated as necessary, which reflect "best practices" in the areas of:

a. *Debt.* Such policy shall address affordability, capacity, debt issuance, and management.

b. *Cash management and investments.* Such policy shall require 24-month gross and net cash-flow projections by fund and address adequacy, risk, liquidity, and asset allocation issues.

c. *Budget development and adjustments.* Such policy shall establish proper budgetary preparation procedures and guidelines, calendar of events, planning models by fund,

budget adjustment procedures, establishment of rates and fees, indirect costs/interest income and the estimating conference process. The proposed budget should be scheduled to allow sufficient review by the mayor and city commission while allowing for sufficient citizen input.

The city budget document reflecting all final actions as adopted by the city commission on or before September 30th of each year, shall be printed and made available within 60 days of such adoption.

d. *Revenue collection.* Such policy shall provide for maximum collection and enforcement of existing revenues, monitoring procedures, the adequacy level of subsidy for user fees, and write-offs of uncollectible accounts.

e. *Purchasing policy.* Such policy shall establish departmental policies and procedures and provide appropriate checks and balances to ensure that city departments adhere to the city's purchasing policies.

(12) *Evaluation committees.*

a. *Solicitations.*

(i) The city commission, as the governing body of the city, shall establish an independent external auditor selection committee in accordance with the requirements of, to undertake, and to follow the processes and procedures required by F.S. § 218.391, as amended, and by section 18-122 of this Code, for solicitations through requests for proposals, evaluations, rankings, and recommendations to the city commission for the city's independent external auditors to conduct the city's annual financial audit required by F.S. § 218.39, as amended. On each occasion that there is a competitive solicitation for selection of an independent external auditor pursuant to this section, the city commission will appoint one of its members, on a rotating basis, to serve as the chair of the selection/evaluation committee.

(ii) For all other solicitations, an evaluation committee, consisting of a majority of citizen and/or business appointees from outside city employment, shall be created, to the extent feasible, to review city solicitations ("requests for proposals," "requests for qualifications," etc.). The recommendation(s) of the evaluation committee shall be provided to the mayor and city commission on all such solicitations prior to presentation to the city commission for official action.

b. *Collective bargaining agreements.* The city's finance committee, established pursuant to city commission Resolution Nos. R-98-631, R-98-767, and R-03-1216, and the budget director shall review and provide recommendations to the city manager regarding all memorandums of understanding (M.O.U.) entered into between the city and any collective bargaining unit that amend, alter, or modify any existing collective bargaining agreement and that may have a fiscal impact of $500,000.00 or more, and all collective bargaining agreements. The finance committee shall provide its recommendations regarding such M.O.U.s and collective bargaining agreements to the city manager not less than 14 days prior to consideration by the city commission of any said M.O.U. or collective bargaining agreement for ratifica-

tion. In the event that the finance committee is unable to meet within the timeframes provided herein, then the city manager shall proceed to the city commission for ratification.

(13) *Full cost of service.* The city shall define its core services and develop financial systems that will determine on an annual basis the full cost of delivering those services. This information shall be presented as part of the annual budget and financial plan.

ARTICLE X. LIVING WAGE REQUIREMENTS FOR SERVICE CONTRACTS AND CITY EMPLOYEES*

Sec. 18-556. Definitions.

City means the government of the City of Miami or any authorized agents, any board, agency, commission, department, or other entity thereof, or any successor thereto.

Contract means any contract to provide services to the city in which the total value of the contract exceeds $100,000.00 per year.

Contractor means any "for profit" individual, business entity, corporation, partnership, limited liability company, joint venture, or similar business entity which meets the following criteria:

(1) The contractor is paid in whole or part from one or more of the city's general funds, capital project funds, special revenue funds, or any other funds, including, but not limited to, grants, donations, and the like, whether by competitive bid process, requests for proposals, or some other form of competitive solicitation, negotiation, or agreement, or any other decision to enter into a contract; and

(2) The contractor is engaged in the business of or part of a contract to provide services for the benefit of the city. This section shall apply to employees of the contractor who spend the majority of their time on covered City of Miami service contracts. If the contract is for both goods and services it shall only apply to the services portion of such contract. This section shall not apply to

*__Note—__**Section 5 of Ord. No. 12787 states that this article shall be effective October 1, 2006.

Editor's note—Prior to the adoption of Ord. No. 12787, Ord. No. 12623, § 2, adopted December 9, 2004, repealed article X, divisions 1—4, in its entirety, which pertained to the economic development financing authority and derived from Ord. No. 12062, § 3, adopted May 10, 2001.

contracts which are primarily for the sale or leasing of goods. Goods are defined in section 18-73 of the City Code.

Covered employee means anyone employed by the city working more than 35 hours per week or any service contractor employee, working full or part-time, with or without benefits, that is involved in providing services under the service contractor's contract with the city.

Covered employer means the city and any and all service contractors and subcontractors of a service contractor.

Living wage means a wage that is as defined in section 18-557 of this Code. The living wage may be adjusted once annually by an amount equivalent to the cost of living adjustment for Miami-Dade County as published by the United States Department of Labor, Bureau of Labor Statistics. Language so stating will be included in all request for proposals, or other competitive solicitation documents, issued by the city for the procurement of services (unless the living wage provisions are excluded as provided in section 18-557 herein).

New service contracts means those having contracts competitively solicited and awarded on or after January 1, 2017.

Service contract means a contract to provide services to the city excluding, however, professional services as defined by the "Consultants Competitive Negotiation Act" set forth in F.S. § 287.055, and section 18-87 of the City Code and/or the other exclusions provided by section 18-557 of the City Code.
(Ord. No. 12787, § 2, 4-6-06; Ord. No. 13648, § 2, 11-17-16)

Sec. 18-557. Living wage.

(a) *Living wage paid.*

(1) New service contractors. All new service contracts shall pay to all its employees who provide covered services a living wage of no less than $15.00 per hour without health benefits; or a wage of no less than $13.19 an hour with health benefits as defined in this section unless otherwise excluded pursuant to this article.

(2) Existing service contracts. Service contracts awarded and effective or competitively solicited prior to January 1, 2017, shall not be subject to the payment of the living wage set forth in this section and shall continue to be governed by the terms and conditions of the respective solicitation and resulting contractual documents, when applicable.

(3) The living wage provisions shall apply to all contracts covered by this section unless specifically excluded by one or more subsections below:

a. The living wage provision is disallowed by a federal or state law or regulation, grant requirements, or by a contract the city is accessing by "piggybacking", and which contract does not include a living wage provision;

b. Funding sources for the contract disallow the living wage provision or provide contradictory funding requirements, or are contained in a contract awarded or solicited prior to the effective date of January 1, 2017, and which contract includes renewals or extensions;

c. Professional service contracts awarded under the "Consultants Competitive Negotiation Act", F.S. § 287.055, for the professional services within the scope of the practice of architecture, professional engineering, landscape architecture, registered surveying, and/or mapping;

d. The living wage provision is waived by the city commission by resolution, prior to issuance of the competitive solicitation document, upon written recommendation of the city manager or authorized designee, when the city commission finds it is in the best interest(s) of the city to

approve such waiver, in which case the living wage provision shall not apply in the competitive solicitation document; or

e. All responsible wage construction contracts covered by section 18-120 of this Code.

(4) *City employees.* For covered employees of the city, the city will begin to pay the living wage on a phase-in basis over a nine-year period beginning with the 2006-2007 city budget year to be implemented in the 2014-2015 fiscal year. The city manager, in his/her sole discretion, without further city commission approval, shall have the option to consider whether it is in the city's best interest to complete the phase-in payment of living wage to city employees on a four-year period. Thereafter, the living wage to be paid by the city shall be subject to negotiations within the collective bargaining structure.

(b) *Health benefits; eligibility period.* For a covered employer to comply with this article by choosing to pay the lower wage scale available when a covered employer also provides a standard health benefit plan, such health benefit plan shall consist of a payment of at least $1.81 per hour toward the provision of health benefits for covered employees and their dependents and shall be approved by the city.

If the health benefit plan of the covered employer requires an initial period of employment for a new employee to be eligible for health benefits (the "eligibility period"), a covered employer may qualify to pay the $13.19 per hour wage scale for a term not to exceed the new employee's eligibility period, provided the new employee will be paid health benefits upon completion of the eligibility period, which period shall not exceed 90 days.

(c) *Certification required before payment.* Any and all service contracts subject to this article shall be void, and no funds may be released, unless prior to entering any such contract with the city, the service contractor certifies to the city that it will pay each of its covered employees no less than the living wage. A copy of this certificate must be made available to the public upon request. The certificate, at a minimum, must include the following:

(1) The name, address, and phone number of the employer, a contact person, and the specific project for which the service contract is sought;

(2) The amount of the service contract and the city department the contract will serve.

(3) A brief description of the project or service provided;

(4) A statement of the wage levels for all covered employees; and

(5) A commitment to pay all covered employees the living wage.

(d) *Observation of other laws.* Every covered employee shall be paid without subsequent deduction or rebate on any account (except as such payroll deductions as are directed or permitted by law or by a collective bargaining agreement). The service contractor shall pay covered employees wage rates in accordance with federal and all other applicable laws such as overtime and similar wage laws.

(e) *Posting.* A copy of the living wage rate shall be kept posted by the service contractor subject to this article, at the site of the work in a prominent place where it can easily be seen and read by the covered employees and shall be supplied to such employees within a reasonable time after a request to do so. Additionally, service contractors subject to this article, shall furnish a copy of the requirements of this article to any entity submitting a bid for a subcontract on any service contract subject to this article.

Posting requirements will not be required where the service contractor subject to this article, prints the following statements on the front of the covered employee's first paycheck and every six months thereafter. "You are required by the City of Miami Living Wage Ordinance to be paid a living wage. If you do not believe you are being paid at the living wage rate, contact

your employer, an attorney, or the City of Miami." All notices will be printed in English, Spanish and Creole.

(f) *Collective bargaining.* Nothing in this article shall be read to require or authorize any service contractor subject to this article, to reduce wages set by a collective bargaining agreement or as required under any prevailing wage law.
(Ord. No. 12787, § 2, 4-6-06; Ord. No. 13110, § 2, 10-22-09; Ord. No. 13405, § 2, 9-26-13; Ord. No. 13648, § 2, 11-17-16; Ord. No. 13676, § 2, 4-27-17)

Sec. 18-558. Implementation.

(a) *Maintenance of payroll records.* Each service contractor to which living wage requirements apply, as described in this article, shall maintain payroll record for all covered employees and basic records relating thereto and shall preserve them for a period of three years from the date of termination or expiration of the service contract. The records shall contain:

(1) The name and address of each covered employee;

(2) The job title and classification;

(3) The number of hours worked each day;

(4) The gross wages earned and deductions made;

(5) Annual wages paid;

(6) A copy of the social security returns and evidence of payment thereof;

(7) A record of fringe benefit payments including contributions to approved plans; and

(8) Any other data or information the city shall require from time to time.

(b) *Reporting payroll.* Every six months, the service contractor to which living wage requirements apply, as described in this article, shall file with the city's procurement director a listing of all covered employees together with a certification of compliance with this article. Upon request from the city, the service contractor shall produce for inspection and copying its payroll records for any or all of its covered employees for any period covered by the service contract. The city may examine payroll records as needed to ensure compliance.
(Ord. No. 12787, § 2, 4-6-06; Ord. No. 13110, § 2, 10-22-09)

Sec. 18-559. Compliance and enforcement.

(a) *Service contractor to cooperate.* The service contractor shall permit city employees, agents, or representatives to observe work being performed at, in or on the project or matter for which the service contractor has a contract. The city representatives may examine the books and records of the service contractor relating to the employment and payroll of covered employees and may survey covered employees to determine if the service contractor is in compliance with the provisions of this article.

(b) *Complaint procedures and sanctions.* An employee who believes that he/she is a covered employee of a service contractor and that the service contractor is or was not complying with the requirements of this article has a right to file a complaint with the procurement director of the city. Such complaints may be made at any time and shall be investigated within a reasonable period of time by the city. Written and oral statements by any such employee shall be treated as confidential and shall not be disclosed without the written consent of the employee to the extent allowed by the Florida Statutes.

(c) *Private right of action against service contractor.* Any covered employee or former covered employee of a service contractor may, instead of utilizing the city administrative procedure set forth in this article, but not in addition to such procedure, bring an action by filing suit against the service contractor in any court of competent jurisdiction to enforce the provisions of this article and may be awarded back pay, benefits, attorney's fees, and costs. The applicable statute of limitations for such a claim will be two years as provided in F.S. § 95.11(4)(c) as may be amended from time to time for an action for payment of wages. The court may also impose sanctions on the service contractor, including those persons or entities aiding or abetting the service contractor, to include wage restitu-

tion to the affected covered employee and damages payable to the covered employee in the sum of up to $500.00 for each week the service contractor is found to have violated this article.

(d) *Sanctions against service contractors.* For violations of this article, the city shall sanction a service contractor by requiring the service contractor to pay wage restitution at its expense for each affected employee. The city may also sanction the service contractor in at least one of the following additional ways:

(1) The city may impose damages in the sum of $500.00 for each week for each covered employee found to have not been paid in accordance with this article;

(2) The city may suspend or terminate payment under the service contract or terminate the contract with the service contractor; and

(3) The city may declare the service contractor ineligible for future service contracts for three years or until all penalties and restitution have been paid in full, whichever is longer. In addition, any employer shall be ineligible for a service contract where principal officers of such employer were principal officers of a service contractor who has been declared ineligible under this article.

(4) If the contract has been awarded under the city procurement ordinance, the city may debar or suspend the contractor as provided therein.

(e) *Public record of sanctions.* All such sanctions recommended or imposed shall be a matter of public record.

(f) *Sanctions for aiding and abetting.* The sanctions contained in this article shall also apply to any party or parties aiding and abetting in any violation of this article.

(g) *Retaliation and discrimination barred.* A service contractor shall not discharge, reduce the compensation, or otherwise discriminate against any covered employee for making a complaint to the city, or otherwise asserting his or her rights under this article, participating in any of its proceedings or using any civil remedies to enforce his or her rights under this article. Allegations of retaliation or discrimination, if found true in a city administrative proceeding or by a court of competent jurisdiction, shall result in an order of restitution and reinstatement of a discharged covered employee with back pay to the date of the violation or such other relief as deemed appropriate.

(h) *Remedies herein non-exclusive.* No remedy set forth in this article is intended to be exclusive or a prerequisite for asserting a claim for relief to enforce the rights under this article or in a court of law. This article shall not be construed to limit an employee's right to bring a common law cause of action for wrongful termination.
(Ord. No. 12787, § 2, 4-6-06; Ord. No. 13648, § 2, 11-17-16)

Sec. 18-560. Employers receiving direct tax abatement or subsidy.

The city reserves the right to impose the living wage requirements of this article on or after January 1, 2017 on any employer as a condition of that employer receiving a direct tax abatement or subsidy from the city.
(Ord. No. 13648, § 2, 11-17-16)

Secs. 18-561—18-599. Reserved.

ARTICLE XI. LEASES OF CITY-OWNED SUBMERGED LANDS

Sec. 18-600. Statement of purpose.

The purpose of this article is to provide the methods for the city to directly negotiate and enter into leases or management agreements for city-owned submerged lands with entities having a possessory or ownership interest in the abutting riparian uplands. These methods and procedures will also ensure that any such leases or management agreements result in a return to the city of at least fair market value and will also be in compliance with article XII below regarding time limitations for the development of improvements on city-owned property.
(Ord. No. 13540, § 2, 9-10-15)

Sec. 18-601. Definitions.

When used in this article, the following definitions shall apply:

Activity or *activities* means any use of city-owned submerged lands which requires proprietary authorization from the city. Such activities specifically include, but are not limited to, construction of docks, piers, marinas, boat ramps, board walks, baywalks, riverwalks, and mooring pilings, This definition shall also include activities as defined in the applicable section of the Florida Administrative Code, Chapter 18-21, entitled "Sovereign Submerged Lands Management," as the term may have been interpreted or modified by administrative or other case law.

Preempted area means an area of city-owned submerged lands from which any traditional public uses will be excluded by an activity, such as the area occupied by docks, piers, marinas, and other structures; the area between a dock and the shoreline where access is not allowed, between docks, or areas where mooring routinely occurs that are no longer reasonably accessible to the general public; permanent mooring areas not associated with docks; and swimming areas enclosed by nets, buoys, or similar marking systems.

Upland owner means the holder of a possessory or ownership interest in the riparian uplands abutting city-owned submerged lands and the holder of riparian rights necessary to conduct the proposed activities in a preempted area.
(Ord. No. 13540, § 2, 9-10-15)

Sec. 18-602. Scope of article.

(a) The city may enter into a lease or management agreement with an upland owner to conduct an activity in a preempted area pursuant to methods established in this article and in compliance with article XII below regarding time limitations for the development of improvements on city-owned property. There shall be no further proprietary authorization required by the city for the particularly city commission approved upland owner to conduct an activity in a preempted area as long as such activity in a preempted area continues to comply with article XII below, regarding time limitations for the development of improvements on city-owned property, and the approved upland owner remains the same.

(b) The methods established in this article are intended to be an alternative procedure to those set forth in article V of this chapter, entitled "Sale or Lease of City's Real Property," for those cases in which an upland owner seeks to conduct an activity on city-owned submerged lands. For all other cases, the procedures and provisions set forth in article V of this chapter, and elsewhere in the Code and Charter of the city, shall continue to apply.

(c) The methods established in this article shall not supersede any local, state, or federal regulations or laws relating to construction or navigation within state or federal waters, nor shall this article be interpreted in any way to alter, amend, or supersede any local, state, or federal permitting requirements. The provisions of this article shall be used solely for proprietary authorization on city-owned submerged lands, and will be cumulative along with those regulatory or proprietary requirements established by local, state, or federal law.
(Ord. No. 13540, § 2, 9-10-15)

Sec. 18-603. Application for lease or management agreement.

The city shall require all upland owners to submit an application for a lease or management agreement on city-owned submerged lands, which shall include the following:

(1) Name, address, and telephone number of applicant and applicant's authorized agent, if applicable;

(2) Description of the proposed activities;

(3) At least two independent appraisals and/or brokers' opinions of value and reliance letters of the fair market value for conducting the activities in the preempted area performed by a certified general appraiser approved by the city;

(4) Satisfactory evidence that applicant is an upland owner; such evidence may be in the form of a deed or title insurance policy;

(5) Two prints of a legal description and survey of the proposed preempted area where the activities will be conducted. The survey shall be prepared, signed, and sealed by a person properly licensed by the State Florida Board of Professional Land Surveyors, with the following requirements:

a. Utilizing an appropriate scale on 8½ x 11" size paper (unless a larger size is necessary to provide sufficient clarity and detail);

b. Showing the location of ordinary or mean high water;

c. Showing the location of the shoreline vegetation, if existing;

d. Showing the location of proposed structures and any existing structures;

e. Showing the applicant's upland parcel property lines;

f. Including a legal description of the preempted area to be leased;

g. Showing the bulkhead line.

(6) Current local zoning and a statement on the status of any local, state, federal permitting, licensing, or other approvals necessary for the activities;

(7) An explanation of the city's ownership interest in the submerged lands proposed to accommodate the activities, including the deed or other conveyance instrument which vests title in such submerged lands to the city.

(8) Payment of a $500.00 non-refundable processing fee.

(Ord. No. 13540, § 2, 9-10-15)

Sec. 18-604. Application materials.

The application materials, including the survey, the appraisals, brokers' opinion of values and reliance letters, and title insurance policy, must be current to within six months of the date that the application is submitted.

(Ord. No. 13540, § 2, 9-10-15)

Sec. 18-605. Required provisions.

All leases or management agreements with upland owners on city-owned submerged lands shall be subject to the following provisions:

(1) The effective date of the lease or management agreement shall be the latter of the dates of execution by the city or the upland owner, or the date on which construction of the activities is authorized to commence by the appropriate federal, state, and/or local regulatory agencies.

Payments for a lease or management agreement shall be assessed beginning on the effective date. New construction, new activities, or new preemption cannot begin until the effective date. The first payment for new or modified leases or management agreements shall be made within 30 days of the effective date.

(2) The term for any instrument for use of the submerged lands used by the abutting upland property owner shall be determined by the city. The lease or management agreement may include provisions for annual payment adjustments. If included, such adjustments shall correspond with the greater of the percentage change in the consumer price index, or a percentage negotiated by both parties and shall be adjusted on an annual basis.

(3) Leases and management agreements may be renewable, modifiable, and amended, subject to approval by the city manager, which shall not be unreasonably withheld, delayed or conditioned. In accordance with article XII, assignments shall require city commission approval should the upland owner change; however referendum requirements are not applicable. Any upland owner seeking to renew, modify, or assign a lease or management agreement must follow the

procedures for applications as set forth in this article. No application to renew, modify, or assign a lease or management agreement shall be approved unless any existing non-compliance with a material term or condition of the existing lease or management agreement is corrected.

(4) At least annually, the lessee or user shall submit an annual report to the city. The annual report shall describe the status of the activities on the preempted area and shall certify compliance with the terms and conditions of the lease or management agreement and of the requirements of this article and article XII regarding time limitations for the development of improvements on city-owned property.

(5) At least once every five years, sites subject to a lease or management agreement shall be inspected by the city to determine compliance with the terms and conditions of the lease or management agreement and of this article and article XII regarding time limitations for the development of improvements on city-owned property. Noncompliance with any material term or condition, or evidence of trespass, damage, or depredation to city-owned submerged lands or the products thereof caused by the facility or use, may be grounds for cancellation of the lease or management agreement.

(6) Upon expiration or cancellation of a lease or management agreement, the city may require lessee or user to remove all structures and equipment from the preempted area at the expense of the lessee or user. The city must deliver notice to remove all structures and equipment within 180 days after such expiration or cancellation, and the notice shall set forth a reasonable time period within which removal should be complete; provided however that any such time period shall be sufficient to account for federal, state, and/or local permitting requirements which may be necessary to authorize removal of the structures and equipment. If the lessee or user fails to remove the structures and equipment thereon, the city shall, at its option, and after ten days from receipt of written notice by certified mail to lessee or user, have the structures and equipment removed at the expense of the lessee or user.

(7) The lessee or user shall provide insurance for the activities in the manner and at the level prescribed by the city's director of risk management.

(Ord. No. 13540, § 2, 9-10-15)

Sec. 18-606. Criteria for approval.

The city manager shall have the authority to conduct negotiations with and enter into leases or management agreements with upland owners who submit an application pursuant to the terms of this article and pursuant to the terms of article XII regarding time limitations for the development of improvements on city-owned property. The city manager shall present the terms and conditions of such leases or management agreements to city commission for approval and the authority to execute such leases or management agreements in the name of the city. No leases or management agreements shall be approved unless the following criteria are met:

(1) The lease or management agreement provides a sufficient explanation of the activities permitted and includes a legal description and sketch of the preempted area where the activities will be conducted; and

(2) The terms of the lease or management agreement result in a return to the city of at least fair market value, pursuant to at least two independent appraisals and/or brokers' opinions of value and reliance letters of the fair market value for conducting the activities in the preempted area performed by a certified general appraiser approved by the city; and

(3) The lease or management agreement complies with all of the required provisions stated in this article and in article

XII regarding time limitations for the development of improvements on city-owned property.
(Ord. No. 13540, § 2, 9-10-15)

Secs. 18-607—18-625. Reserved.

ARTICLE XII. TIME LIMITATIONS REGARDING DEVELOPMENT OF IMPROVEMENTS TO CITY-OWNED PROPERTY

Sec. 18-626. Purpose.

The purpose of this article is to provide protections for the timely use and development of improvements to city-owned property.

Any lease for the development of improvements on city-owned property which has been approved by voter referendum shall require additional voter referendum approval for a development on city-owned property where the developer has not obtained the necessary building permits within four years of the effective date of the lease. Such section shall not be applicable when the delay in the performance of any obligation is as a result of force majeure, or litigation that questions the validity of the vote, or the city commission action to place the question for referendum; then the performance of such obligation shall be extended by the length of the delay.
(Ord. No. 13540, § 2, 9-10-15)

Sec. 18-627. Leases and management agreements.

Pursuant to article XI above, leases and management agreements with the upland owner for activities in pre-empted city-owned submerged lands shall not require the necessity of a referendum but shall be subject to all the requirements of this article regarding time limitations for the development of improvements on city-owned property.
(Ord. No. 13540, § 2, 9-10-15)

ARTICLE XIII. AFFORDABLE HOUSING TRUST FUND

Sec. 18-628. Affordable housing trust fund.

The "Affordable Housing Trust Fund" ("trust fund") is a distinct fund that has been established to receive dedicated revenues, which can only be spent on affordable housing, by providing financial resources to facilitate the development or maintenance of housing for low to moderate income households within the City of Miami.
(Ord. No. 14116, § 2, 10-27-22)

Sec. 18-629. Established.

(a) The trust fund is hereby established into which funds shall be deposited pursuant to this article.

(b) Upon receipt of funds as described herein, the city's department of finance shall deposit such funds into the trust fund.

(c) The trust fund, and the programs established in connection therewith, shall be managed, administered, and maintained by the department of housing and community development ("department").

(d) The trust fund shall be used solely for affordable housing programs and the trust fund's administrative support. Housing programs will include providing financial assistance to for-profit and not-for-profit developers, existing homeowners, first-time homebuyers, and to the city for properties owned or to be acquired and developed by the city as affordable housing projects, as more particularly set forth in Ordinance No. 14116, which may be amended from time to time ("programs"). Said programs shall be made available to the public by the department. All multifamily and/or single-family affordable housing developments requesting trust fund funding assistance must be approved by the Housing and Commercial Loan Committee ("HCLC") prior to city commission action. In order to utilize trust fund funds to support the first-time homebuyer and existing

homeowner programs, city commission must appropriate funds to be used and must approve such programs' guidelines.

(e) Due to the cost it requires to manage the trust fund, the department will utilize ten percent of the trust fund for administrative costs. Administrative staff is responsible for: developing request for proposals, document preparation, loan underwriting, determining eligibility and affordability, loan monitoring, and servicing, marketing and providing education to developers and beneficiaries of the trust funds. The administrative staff will work closely with local banking institutions, as well as for-profit and not-for-profit developers in the implementation of the trust fund requirements.

(f) In order to ensure the on-going solvency, the trust fund receives revenue from dedicated sources including but not limited to principal and/or interest paid on trust fund loans, from appropriations as determined by legislative action of the city commission, from 25 percent of rental income received by the city from Miami Freedom Park commencing on date that the city receives its first rental payment, from fees and financial contributions pursuant to the city zoning ordinance, and as described in sections 62-663 and 62-641—62-643 of the City Code.

(g) The department will award trust fund funding through one of the following two processes:

(1) Through the issuance of a request for proposals, or

(2) Through city commission action.

Regardless of the process, all project funding must obtain approval by the HCLC as to the terms and conditions of the loan.

(h) Expenditure of funds and any actions in furtherance of the expenditure shall be consistent with this article, and all applicable criteria and guidelines set forth in the programs; shall comply with city procedures and laws for the acquisition of goods and services; and shall be approved within the annual budget by the city commission.

(i) The trust fund shall be established for a period of five years and shall be reviewed by the city commission upon expiration of the five years and every ten years thereafter to determine whether the purposes of the trust fund has been satisfied and upon such finding in the negative, the trust fund shall sunset and any funds to be collected and allocated pursuant to this article shall revert to the public benefits trust fund established in section 62-641 of the City Code.
(Ord. No. 14116, § 2, 10-27-22)

Sec. 18-630. Financial report.

A financial report on trust fund receipts and expenditures shall be prepared annually at the close of the fiscal year by the city manager for review and approval by the city commission and filed with the city clerk.
(Ord. No. 14116, § 2, 10-27-22)

Chapter 19

FIRE PROTECTION*

Sec. 19-1. Building permits and plans examination.
Sec. 19-2. Charges for permitting, inspections and testing of fire suppression detection and systems, charges for reinspection tests.
Sec. 19-2.1. Fire safety permit required; issuance; fees; annual renewal; revocation and penalties; use of fees.
Sec. 19-3. Places of assembly; permit required; fees.
Sec. 19-4. Obstructions to means of egress.
Sec. 19-5. Flammable and combustible liquids; permits; fees; inspections.
Sec. 19-6. Explosives.
Sec. 19-7. Manufacture, sale, time of display and discharge of fireworks.
Sec. 19-8. Bond and responsibility for fireworks display required.
Sec. 19-9. Special off-duty fire-rescue services.
Sec. 19-10. Unlawful to tamper with official seal, utility service, etc.
Sec. 19-11. False emergency calls; delay in reporting fires.
Sec. 19-12. Investigation of fire.
Sec. 19-13. Use of photographs, etc., for proof of violations.
Sec. 19-14. Fire records, reports and photographs.
Sec. 19-15. Guidelines containing administrative orders and procedures.
Sec. 19-16. Strict liability.
Sec. 19-17. Enforced removal of violative conditions.
Sec. 19-18. Remedies cumulative and independent.
Sec. 19-19. Nonliability for damages.
Sec. 19-20. Criminal penalty.
Sec. 19-21. Attorney's fees.

Sec. 19-1. Building permits and plans examination.

Prior to the issuance of any permit for building construction and alterations, the director of the department of fire-rescue shall designate one or more plans examiners for the purpose of reviewing all building plans submitted in accordance with the currently adopted and approved building code. Members of the department of fire-rescue's plans examination section shall identify requirements for fire suppression and life safety systems, vertical separations, means of egress, flame spread and combustibility of materials, and exit lighting. Single-family residences and duplexes are exempt from this requirement, unless the owner or builder requests a department of fire-rescue evaluation.

(1) The department of fire-rescue's plans examiners shall identify requirements such as vertical separation and means of egress regarding fire safety and fire protection.

(2) The department of fire-rescue's plans examiners shall identify requirements for life safety systems such as smoke detectors, voice communication systems and emergency lighting and shall designate placement of required exits and directional lights. The electrical plans examiner and the electrical inspection division of the planning, building and zoning department shall be responsible for proper evaluation, and application of these requirements.

(3) The department of fire-rescue's plans examiners shall identify requirements for fire suppression systems, such as sprinkler and standpipe installations, and designate placement of required department of fire-rescue connections and hose cabinets. The plumbing plans examiner and the plumbing inspection division of the planning, building and zoning department shall be responsible for proper evaluation and application of these requirements.

(4) The department of fire-rescue's plans examiners shall identify requirements for life safety systems, such as smoke control, ventilation and emergency elevators. The mechanical plans examiner and the mechanical inspection division of the planning, building and zoning department shall be responsible for proper evaluation and application of these requirements.

(Ord. No. 10824, § 2, 1-10-91; Code 1980, § 19-1)

Sec. 19-2. Charges for permitting, inspections and testing of fire suppression detection and systems, charges for reinspection tests.

(a) All new buildings and all existing buildings being altered to increase the area or height (with the exception of residential buildings which contain one or two units) which have available fire hydrants shall be in compliance with chapter 2, article XIVA, "Water Supply for Fire Suppression," of the Metropolitan Dade County Code. The inspection fee for a fire flow test shall be $250.00.

(b) The fee for standpipe pressure tests, as required by the Florida Building Code, shall be $250.00.

(c) All new and existing buildings having fire alarm or sprinkler systems installed as required by the Florida Building Code or the Florida Fire Code shall be inspected and tested by the department of fire-rescue. The fee for these tests shall be as follows:

(1) Sprinklers rough including underground, flush, pressure test, location 0 to 20 heads	$210.00
Rough inspection 21 to 49 heads an additional	210.00
Rough inspection over 49 heads, per head	0.40
Fire suppression system test and inspection/recertification:	
Acceptance test up to 20 heads	175.00
Acceptance test 21 to 49 heads an additional	250.00

Acceptance test over 49 heads, per additional heads	0.40
Fire alarm acceptance test and inspection/recertification:	
One to six devices	150.00
Seven to 100 devices an additional	250.00
Each device over 100	1.40
(2) Reinspection for alarm acceptance	$105.00
(3) Third or more reinspections, each	$138.00

(d) When a reinspection is required due to system failure the fees shall be as follow:

First reinspection	$70.00
Second reinspection	80.00
Third or more reinspections	138.00

(e) In the event of a vehicle fire, a fee of $158.00 shall be assessed to any non-city resident to whom said vehicle is registered.

(f) Permit application fee (nonrefundable)	$104.00

(g) Fire flow, pump and generator test departmental section involved in test	$250.00

(h) Fee for each inspection for tests conducted after normal working hours (example: smoke-removal system test):

(1) Up to four hours minimum for each test	$416.00
(2) After four hours (each inspector), per hour	104.00

(i) Fire protection:

(1) Jockey pump	$32.00
(2) Water supply to fire sprinkler system	32.00
(3) Fire pump or domestic pump (new or replacement)	37.00
(4) Each standpipe	32.00
(5) Each hose rack or fire department outlet	11.00
(6) Each Siamese or roof manifold	26.00
(7) Each sprinkler head	1.50
(8) Each fire flow test	42.00
(9) Each fire hydrant (Miami standard only)	42.00
(10) Minimum fire sprinkler permit fee	63.00
(11) Backflow preventer (fireline)	63.00

(j) Fire suppression system:

(1) CO_2, halon and dry powder systems and other piped fire extinguishing systems, including reinstallation, modification, or alternation, (full installation including discharge test):	
Up to 20 heads	$175.00
21 to 49 heads	250.00
50 heads and above, per head	0.40

(Ord. No. 10824, § 2, 1-10-91; Ord. No. 11007, § 1, 10-8-92; Code 1980, § 19-2; Ord. No. 11434, § 2, 1-16-97; Ord. No. 12056, § 2, 4-26-01; Ord. No. 13108, § 4, 10-8-09; Ord. No. 13201, § 2, 9-27-10)

Sec. 19-2.1. Fire safety permit required; issuance; fees; annual renewal; revocation and penalties; use of fees.

(a) *Permit required.* No person shall operate, utilize or occupy any facility, instrumentality or real property, or any part thereof, or cause, allow, let, or permit to be operated, utilized, or occupied any facility, instrumentality or real property, or any part thereof, or undertake any activity or cause to be undertaken any activity which requires a fire safety permit without obtaining such a valid fire safety permit. Fire safety permits shall be kept at the building or on the premises, and shall be subject to inspection by any representative of the department of fire-rescue. Fire safety permits shall not be transferable, and any change

in use, or occupancy of the facility, instrumentality or real property, or any part thereof or premises shall require the issuance of a new fire safety permit. All applications for fire safety permits shall set forth in detail the full name and address of the applicant, and such other information as may be required by the department of fire-rescue, and the required fee. All applications for fire safety permits will be reviewed by the fire marshal's office. If an application for a fire safety permit is rejected, the applicant shall be advised of the reasons for such rejection. Fire safety permits shall be issued by the fire marshal's office, and shall bear the name and signature of the fire marshal or his/her designated representative. Fire safety permits shall contain the following information:

(1) Address of the building or premises and/or part thereof for which the fire safety permit is issued and name, address, and telephone number of the permittee.

(2) Address or location and telephone number where the operation or activity requiring the issuance of a fire safety permit is to be conducted and name, address, and telephone number of the permittee.

(3) Fire safety permit number and date of issuance.

(4) Period of validity of the fire safety permit.

(5) Such special conditions as are necessary to protect life and property.

(b) *Fire safety permits issued for occupancy of buildings or premises or part thereof.*

(1) Persons holding certificates of use. Within 30 days of the effective date of this ordinance the city shall mail an invoice requiring the payment of the fire safety permit fee, in accordance with the fee schedule set forth in this subsection, to all persons holding a certificate of use issued by the city's building and zoning department. Upon payment of the required fee the department of fire-rescue shall issue the fire safety permit.

(2) Persons applying for certificates of use. All persons applying for a certificate of use shall concurrently with such application make an application for a fire safety permit to the department of fire-rescue. The fire safety permit shall not be issued until the building, or premises, or part thereof have been inspected and the use thereof is found to comply with the Florida Fire Prevention Code, county fire prevention ordinances and this chapter.

The fees for the issuance of the fire safety permit for occupancy of buildings, or premises or part thereof, and the issuance of the annual renewal certificate, are herein fixed as follows:

(1) Place of assembly (including but not limited to theaters, restaurants, bars, lounges, stores, terraces, viewing towers, etc.).

Occupant load

50 to 99	$95.00
100 to 300	125.00
301 to 1000	158.00
1001 to 10,000	315.00
Over 10,000	442.00

(2) Residential (apartments and condominiums):

Buildings less than 75 feet (3—50 dwelling units): $79.00.

Buildings less than 75 feet (more than 50 dwelling units): $131.00 plus $1.30 per unit over 50 units, maximum fee $525.00.

Buildings 75 feet and over but less than 275 feet: $131.00 plus $1.30 per unit maximum fee $525.00.

Buildings 275 feet and over: $131.00 plus $1.30 per unit over 50, maximum fee $525.00.

(3) Hotel, motel, rooming house, etc.:

Buildings less than 75 feet (3—50 rental sleeping units): $125.00.

Buildings less than 75 feet (more than 50 rental sleeping units): $125.00 plus $1.25 per unit above 50.

Buildings 75 feet and over but less than 275 feet: $125.00 plus $1.25 per unit above 50.

	Buildings 275 feet and over: $125.00 plus $1.25 per unit above 50.	
(4)	Retail sales:	
	All square footage	$150.00
(5)	Wholesale and storage use:	
	Not exceeding 3,000 square feet	$53.00
	3001 to 5000 sq/ft	79.00
	5001 to 10,000 sq/ft	105.00
	10,001 to 25,000 sq/ft	158.00
	25,001 to 50,000 sq/ft	210.00
	50,001 to 100,000 sq/ft	263.00
	Over 100,000 sq/ft	315.00
	Common areas	68.00
(6)	Office buildings:	
	Not exceeding 3,000 square feet (under 75 feet)	$53.00
	3,001 to 5,000 sq/ft	65.00
	5,001 to 10,000 sq/ft	105.00
	10,001 to 50,000 sq/ft	131.00
	50,001 to 100,000 sq/ft	184.00
	100,001 to 150,000 sq/ft	231.00
	150,001 to 200, 000 sq/ft	289.00
	Over 200,000 sq/ft	341.00
	Common areas up to two floors	50.00
	Each additional floor	25.00
(7)	Manufacturing:	
	0 to 1,000 sq/ft	$65.00
	1,001 to 5,000 sq/ft	95.00
	5001 to 10,000 sq/ft	131.00
	10,001 to 50,000 sq/ft	200.00
	50,001 to 200,000 sq/ft	263.00
	Over 200,000 sq/ft	331.00
(8)	Parking structures.	
	0 to 3,000 sq/ft	$53.00
	3001 to 5000 sq/ft	79.00
	5001 to 10,000 sq/ft	105.00
	10,001 to 25,000 sq/ft	158.00
	25,001 to 50,000 sq/ft	210.00
	50,001 to 100,000 sq/ft	263.00
	Over 100,000 sq/ft	315.00
	Common areas	68.00
(9)	Amusement parks, dog tracks, and front ons, including all retail outlets located at the principal building structure:	
	50 to 99 persons	$105.00
	100 to 300 persons	125.00
	301 to 1,000 persons	158.00
	1,001 to 10,000 persons	315.00
	Over 10,000 persons	442.00
(10)	Arenas, bowling lanes, dance halls, banquet facilities	$210.00
(11)	Hospitals and nursing homes:	
	Hospitals not exceeding 100 beds: $500.00, each additional bed $1.25, maximum total $1,000.00.	
	Nursing homes not exceeding 100 beds: $210.00, each additional bed $1.30, maximum total $ 924.00	
(12)	Community-based residential facilities (ALF):	
	1 to 16 beds	$105.00
	Over 16 beds	131.00
	Each additional client over 16	1.30
(13)	Private schools (grades pre-k-12 or any combination thereof), day care centers, and nursery schools: $68.00, plus $1.30 per student, maximum total $698.00.	
(14)	Marinas:	
	25 or less boatslips	$125.00
	Additional per slip over 25	1.25
(15)	Hi-rise buildings (shell):	
	Buildings 75 feet and over but less than 275 feet	$105.00
	Buildings 275 feet and over	315.00

(16) Miscellaneous. All uses not previously covered by this section shall be assessed the fee provided under "retail sales."

(17) Welding or cutting (exception: job sites) $158.00

(18) All other uses not listed. . . . $250.00

(c) Fire safety permits issued for activities as set forth in this subsection (c). Application for a fire safety permit shall be made to the department of fire-rescue by all persons who are not required to hold a certificate of use who are utilizing, or occupying any facility, instrumentality or real property or any part thereof, or undertaking any activity or causing to be undertaken any activity which requires a fire safety permit as provided below. All applications for fire safety permits shall set forth in detail the full name and address of the applicant and such other information as may be required by the department of fire-rescue and the required fee. The fees for the issuance of the fire safety permit for the operations and activities set forth below, and the issuance of the annual renewal certificate, if applicable, are herein fixed as follows:

(1) Turbine fire wells $250.00

(2) Hydrant use test, construction meters. Pest control, lawn spraying, etc. (fees are annual per meter) $175.00

(3) Tents (circus, carnival, etc.) having an area in excess of 1,200 square feet, each use. $65.00

50 to 300 persons. 95.00

301 to 1,000 persons 125.00

All other uses over 400 sq/ft or any size tent using hazardous materials processes or open flames . . . 65.00

(4) Sparkler sales. Sale of sparklers requires submittal of inventory and site plan (fees are annual) $125.00

(5) Open burning permits $95.00

(6) Liquefied petroleum gas. Each installation of liquefied petroleum gas employing a container or an aggregate of interconnected containers of over 2,000 gallons outside of a building (fees are annual) $158.00

(7) Tank removal fee $105.00

(8) Drilling of groundwater monitor or compliance wells at all existing or abandoned underground flammable liquid storage sales $105.00

(d) *Annual renewal.* All buildings and premises or part thereof shall be inspected from time to time to insure compliance with the provisions of all applicable fire codes, county fire prevention ordinances, regulations, and this chapter. Invoices for the issuance of the annual fire safety permit renewal certificate will be billed during the year. Upon payment of the fee, the annual fire safety permit renewal certificates will be issued by the department of fire-rescue. The owner of the building or the premises or part thereof, and/or the permit holder shall be notified of any deficiencies noted, and appropriate reinspection may be made to determine whether or not the deficiencies have been corrected. When a reinspection is required due to continuing life safety violations after the second inspection by the department of fire-rescue, there shall be charged a reinspection fee of $53.00.

(e) *Revocation, penalties.* The fire marshal may revoke the fire safety permit, if upon inspection, any violation of any applicable fire code, county fire prevention ordinances, or this chapter is found, and not corrected within a reasonable amount of time. Revocation shall be effective when the owner of the building or premises or part thereof, and/or the permit holder is duly notified by the fire marshal. Any person who uses any building or premises or part thereof, or who allows any building or premises or part thereof to be utilized after the fire safety permit has been revoked shall be in violation of this chapter and shall be subject to civil and/or criminal penalties in accordance with the provi-

sions of sections 19-16 through 19-20 of this chapter and sections 2-239 and 2-409 of article X of this code.

(f) *Use of fire safety permit fee funds.* The fire safety permit fees payable hereunder shall be deposited in a separate city fund to be used exclusively by the department of fire-rescue to pay for the costs of the following:

(1) Investigation, preparation, and prosecution of civil and criminal actions, pursuant to this chapter, county ordinances or the Florida Fire Prevention Code, to enforce the provisions of this chapter, county fire prevention ordinances, the Florida Fire Prevention Code, or the rules and regulations of the state fire marshal, as all of same may be amended from time to time.

(2) Monitoring, permitting, and inspection of facilities, instrumentalities, and real property to determine and seek to insure compliance with this chapter, county fire prevention ordinances, the Florida Fire Prevention Code, or the rules and regulations of the state fire marshal, as all of the same may be amended from time to time.

(3) Responding to and attempting to resolve citizen complaints against violations or possible violations of this chapter, county fire prevention ordinances, the Florida Fire Prevention Code, or the rules and regulations of the state fire marshal, as all of the same may be amended from time to time.

(4) Fire safety and prevention planning, protection, and programming.

(Ord. No. 11434, § 3, 1-16-97; Ord. No. 13108, § 4, 10-8-09; Ord. No. 13201, § 2, 9-27-10)

Sec. 19-3. Places of assembly; permit required; fees.

(a) No place of assembly, as defined below, shall be maintained, operated or used as such without a permit, except that no permit shall be required for any place of assembly used solely as a place of religious worship. A valid certificate of use and local business tax receipt will constitute an adequate permit hereunder.

Place of assembly means a room or space used for assembly or educational occupancy for 100 or more occupants or which has a floor area of 1,500 square feet or more used for such purposes. Such room or space shall include any similar occupied connecting room or space in the same story, or in a story or stories above or below, where entrance is common to the rooms or spaces.

(b) No place of assembly which has received approval and local business tax receipts to operate for one purpose shall change the use of the occupancy for any other assembly purpose without first obtaining a permit from the department of fire-rescue for such use. The cost of the permit shall be $104.00.

(Ord. No. 10824, § 2, 1-10-91; Ord. No. 11007, § 1, 10-8-92; Code 1980, § 19-3; Ord. No. 12885, § 1, 2-8-07; Ord. No. 13108, § 4, 10-8-09; Ord. No. 13201, § 2, 9-27-10)

Sec. 19-4. Obstructions to means of egress.

(a) No person shall, at any time, place an encumbrance or obstruction of any kind in front of or upon any fire escape, balcony or ladder intended as a means of escape from a fire.

(b) In other than dwellings, no person shall place, store or keep, or permit to be placed, stored or kept, on or under or at the bottom of any exit stairway, inside or outside, exit hallway, elevator or other means of egress any materials, the presence or the burning of which would obstruct or render a hazard to egress of persons from the building.

(c) No aisle, passageway or stairway in any mercantile occupancy shall be obstructed with tables, showcases or other obstruction during the hours such occupancy is open to the public.

(d) All doors in or leading to required exitways shall be kept unlocked at all times when the building or floor area served thereby is occupied. It shall be the duty of the person in

charge of the building or floor, at the time the building is occupied, to make actual inspection to verify the fact that such doors are unlocked.

(e) Where sliding or overhead doors are allowed as fire exits a legible sign stating "this is a fire exit door and shall remain open at all times this building is occupied," shall be posted on such doors.
(Ord. No. 10824, § 2, 1-10-91; Code 1980, § 19-4)

Sec. 19-5. Flammable and combustible liquids; permits; fees; inspections.

(a) *Definitions.* As used in this section, the following terms shall have the following meanings:

Combustible liquid means any liquid having a flashpoint at or above 140 degrees Fahrenheit and below 200 degrees Fahrenheit, and shall be known as class III liquids.

Flammable liquid means any liquid having a flashpoint below 140 degrees Fahrenheit and having a vapor pressure not exceeding 40 pounds per square inch (absolute) at 100 degrees Fahrenheit. Flammable liquids shall be divided into two classes of liquids as follows:

(1) *Class I liquids* shall include those having flashpoints below 100 degrees Fahrenheit and may be subdivided as follows:

a. *Class IA* shall include those having flashpoints below 73 degrees Fahrenheit and having a boiling point below 100 degrees Fahrenheit.

b. *Class IB* shall include those having flashpoints below 73 degrees Fahrenheit and having a boiling point at or above 100 degrees Fahrenheit.

c. *Class IC* shall include those having flashpoints at or above 73 degrees Fahrenheit and below 100 degrees Fahrenheit.

(2) *Class II liquids* shall include those having flashpoints at or above 100 degrees Fahrenheit and below 140 degrees Fahrenheit.

When artificially heated to temperatures equal to or higher than their flashpoints, class II and III liquids shall be subject to the applicable provisions for class I and II liquids. The provisions of this section shall also be applied to high flashpoint liquids when heated to temperatures equal to or higher than their flashpoints even though these same liquids would be outside the scope of this section when they are not heated.

Liquid, when not otherwise identified, means both flammable and combustible liquid.

(b) *Permit required.* A permit shall be obtained before any of the following acts can be conducted within the city:

(1) Storage, handling or use of class IA and IB liquids in excess of one gallon in a dwelling or other place of human habitation, or in excess of six gallons in any other building or other occupancy, or in excess of ten gallons outside of any building; except that no permit shall be required for the following:

a. Storage or use of flammable or combustible liquids in the fuel tank of a motor vehicle, aircraft, motorboat, mobile power plant or mobile heating plant.

b. Storage or use of paints, oils, varnishes or similar flammable mixtures when such liquids are stored for maintenance, painting or similar purposes for a period of not more than 30 days.

(2) Storage, handling or use of class II or III liquids in excess of 25 gallons in a building or in excess of 60 gallons outside of a building.

(3) Manufacturing, processing, blending or refining of flammable or combustible liquids.

(4) Storage of flammable or combustible liquids in stationary tanks.

(c) *Permit fee.* The permit fee shall be $ 104.00 per tank for all tanks of 60 gallons capacity installed aboveground or belowground up to $1,000 dollars of estimated cost of the work.

For each additional $1,000 dollars of estimated cost or fractional part thereof: $2.00.

(d) *Inspections.* An inspection of all installations made under the permit provision shall be made within 30 days of issuance. It shall be the duty of the permit holder to notify the fire prevention bureau when ready for inspection. Failure of the permit holder to request such inspection within 30 days shall result in automatic revocation of the permit.

(e) *Dispensing devices.* A permit shall be required for any dispensing device remote from the tank supplying it; a pump directly over the tank will not require a separate permit. The permit fee and inspection procedure for dispensing devices shall be the same as for a tank. A new and separate permit shall be required for any additions, alterations, revamping, replacement or any other work which entails the breaking of the integrity of the system; this includes the removal of dispensing devices at the time of closing out the system.
(Ord. No. 10824, § 2, 1-10-91; Ord. No. 11007, § 1, 10-8-92; Code 1980, § 19-5; Ord. No. 13108, § 4, 10-8-09; Ord. No. 13201, § 2, 9-27-10)

Sec. 19-6. Explosives.

(a) *Definitions.* For the purposes of this section, the following terms are defined as follows:

Blaster: A person employed or designated by a user to detonate or otherwise effect the explosion of an explosive or who is in immediate personal charge and supervision of one or more other persons engaged in such activity.

Dealer: A person engaged in the wholesale or retail business of buying and selling explosives, provided that should a manufacturer-distributor make sales to users, such manufacturer shall not be required to obtain an additional permit as a dealer.

Explosive: Any mixture, compound or material capable of producing an explosion, including, but not limited to, dynamite, nitroglycerine trinitrotoluene, ammonium nitrate, blasting caps and detonators, but not including cartridges for firearms, and not including fireworks as defined in F.S. ch. 791.

Manufacturer-distributor: A person engaged in the manufacture, production and distribution of explosives to others for resale or use.

User: The person who, as an ultimate consumer of an explosive, purchases same from a dealer or manufacturer-distributor, or acquires the possession of any explosive by any other means.

(b) *Registration; site inspection.* No person shall detonate or otherwise effect an explosion within the city without first having registered with the department of fire-rescue, qualifying for, and having a separate site inspection and approval for each proposed blasting location within the city. The director of the department of fire-rescue or designated agent thereof shall be notified at least 24 hours prior to a proposed blasting operation so that a representative can effect an on-the-site inspection.

(c) *Permit required.* For each proposed blasting that takes place at a single location, a permit shall be required from the department of fire-rescue when [sic] "manufacturer-distributors," "dealers," "users" and "blasters" within the city. Such permit forms shall be furnished by the department.

(d) *Permit fees.* The cost of the permit fee for explosive demolition of any structure shall be $347.00 and shall be paid at least 30 days in advance of any such proposed blasting at a single location.
(Ord. No. 10824, § 2, 1-10-91; Ord. No. 11007, § 1, 10-8-92; Code 1980, § 19-6; Ord. No. 13108, § 4, 10-8-09)

Sec. 19-7. Manufacture, sale, time of display and discharge of fireworks.

(a) *Manufacture prohibited.* The manufacture of fireworks is prohibited within the city.

(b) *Permits required for supervised public displays.* Except as hereinafter provided, it shall be unlawful for any person to store, to offer for sale, expose for sale, sell at retail, use or explode fireworks within the city, provided that the director of the department of fire-rescue may adopt reasonable rules and regulations for the granting of permits for supervised public displays

of fireworks by municipalities, organizations or groups of individuals. Such permits may be granted upon:

(1) Application to the director of the department of fire-rescue to be held as provided herein; and

(2) The filing of a bond by the applicant as provided herein.

Every such display shall be handled by a competent operator licensed or certified as to competency by an acceptable reference and shall be of such composition, character and so located, discharged or fired as, in the opinion of the director of the department of fire-rescue after proper inspection, not to be hazardous to property or as not to endanger any persons. The director of the department of fire-rescue is authorized to refuse to issue any permit when he/she finds the public safety would be endangered. The cost of the permit fee shall be $390.00. Shooter certification requires an applicant to apply in person to determine compliance with state regulations. Annual certifications: $125.00.

Sale of sparkler requires submittal of a completed application package including site plan (30-day permit): $125.00.

(c) *Permit application, issuance.*

(1) Application for permits shall be made, in writing, at least ten (10) days in advance of the display. The director of the department of fire-rescue may shorten the ten day period, if approval can be processed in a shorter period of time. After such privilege has been granted, the sale, possession, use and distribution of fireworks for such display shall be lawful for that purpose only. No permit granted hereunder shall be assigned or transferred, but a permit may be revoked for committing any prohibited act(s) or for other just cause.

(2) Permits sought hereunder for pyrotechnic displays (fireworks) shall not be granted for displays to take place between the hours of 11:00 p.m. and 9:00 a.m. on Fridays and Saturdays. On all other days of the week permits shall not be granted between the hours of 9:30 p.m. and 9:00 a.m. The duration of displays shall not exceed 30 minutes from start to completion. There shall not be more than one display per event.

(3) The restrictions contained in paragraph (c)(2) of this section shall not be applicable six days each year, including January 1, January 15, July 4 and December 31.

(4) The city commission may relax the restrictions contained in paragraph (c)(2) of this section or declare them inapplicable on special occasions by resolution. The city commission may prohibit the display of fireworks at certain locations to improve quality of life for residents by resolution.

(d) *Sale, possession, use, distribution of fireworks.* The sale, possession, use and distribution of fireworks for display purposes shall be conducted so as to be reasonably safe to persons and property. Evidence that the sale, possession, use and distribution of fireworks for display purposes has been conducted in accordance with the applicable standard, NFPA no. 1123, as amended, and F.S. ch. 791, as amended, shall be evidence that such sale, possession, use and distribution of fireworks for display purposes provide reasonable safety guidelines to adequately protect persons and property.
(Ord. No. 10824, § 2, 1-10-91; Ord. No. 11007, § 1, 10-8-92; Code 1980, § 19-7; Ord. No. 12105, § 2, 9-13-01; Ord. No. 13108, § 4, 10-8-09; Ord. No. 13201, § 2, 9-27-10)

Sec. 19-8. Bond and responsibility for fireworks display required.

(a) The city commission or city manager may require a bond from the licensee in a sum not less than $1,000.00 conditioned on compliance with the provisions of this chapter.

(b) Before any permit for a pyrotechnic display shall be issued, the person making application therefor shall furnish proof of financial responsibility to satisfy claims for damages to property or personal injuries arising out of any act or omission on the part of such person or any agent or employee thereof in such amount, character and form as the city commission or city manager

determines to be necessary for the protection of the public. If the city commission or the city manager also require that a policy of liability insurance be obtained before such permit is issued, the city shall be named as the insured in the policy.
(Ord. No. 10824, § 2, 1-10-91; Code 1980, § 19-8)

Sec. 19-9. Special off-duty fire-rescue services.

(a) The director of the department of fire-rescue, and the fire marshal, or their designees, shall cause the requests for off-duty fire-rescue personnel to provide services to persons or businesses requesting the same to be evacuated on the basis of the reasonableness thereof, included in such evaluation, factors of existing laws, ordinances, rules and regulations, personnel scheduling availability, risk of harm to personnel and department efficiency.

(b) As a fee payable to the city to offset the costs of administering the herein off-duty fire-rescue services program, the director of the department of fire-rescue shall cause to be collected and shall establish procedures for the collection by the city of a sum of $65.77 per hour for a firefighter, $77.29 per hour for a fire lieutenant, $84.25 per hour for a fire captain and $92.67 per hour for a chief fire officer, for one location. Multiple fire-rescue personnel, days or locations shall be assessed on a per person, per job, per day basis for contractual employment of off-duty fire-rescue personnel by private persons or firms. This fee shall be in addition to the hourly compensation rate payable by such private persons or firms to the individual fire-rescue representative. The monies received hereunder by the city shall be placed in the general fund except that $2.40 of each fee collected shall be placed in the city self-insurance and insurance trust fund.

(c) The city expressly recognizes its ongoing responsibility to its employees by providing self-insurance coverage, subject to the maximum amounts provided in F.S. § 768.28, for tort liability and worker's compensation claims arising out of and in the course and scope of assigned off-duty fire-rescue personnel performing fire safety duties during the period of such assignment. Nothing contained herein shall be deemed to limit the tort liability or subrogation rights of parties for or on behalf of whom off-duty fire-rescue services are rendered or upon whose property these services are performed. Furthermore, nothing contained herein shall be deemed as a waiver by the city of any defense or denial of coverage permitted by law. Liability for all civil actions and judgments (excluding individual punitive damages) arising out of claims resulting from the performance of duties unrelated to fire safety during the period of such assigned off-duty fire-rescue services, shall be borne by the party requesting such off-duty fire-rescue services. The party for or on whose behalf such duties unrelated to fire safety have been rendered shall hold the city, its officers, agents and employees harmless for any and all claims, demands, actions, causes of action, suits, damages, losses and expenses, judgments, and attorney's fees and costs expended in defense of same.

(d) Parties receiving off-duty fire-rescue services shall not offer, nor shall off-duty fire-rescue personnel accept, any compensation for such off-duty fire-rescue services or other services above that specified by the director of the department of fire-rescue.
(Ord. No. 10824, § 2, 1-10-91; Ord. No. 11007, § 1, 10-8-92; Code 1980, § 19-9; Ord. No. 13108, § 4, 10-8-09)

Sec. 19-10. Unlawful to tamper with official seal, utility service, etc.

(a) It shall be unlawful to remove or tamper with any seal, warning tag or lock placed on any article, appliance, vehicle, meter, tank, or building by the department of fire-rescue without first obtaining permission to do so from the authority having jurisdiction to remove same.

(b) It shall be unlawful for any person to tamper with or change the position of any utility valve, switch, wiring, piping meter or connection, or alter any utility service in any way unless approval is granted by a duly authorized person having jurisdiction to install said valve, switch, wiring, meter, connection or service or

from the director of the department of fire-rescue, or duly authorized representative thereof.
(Ord. No. 10824, § 2, 1-10-91; Code 1980, § 19-10)

Sec. 19-11. False emergency calls; delay in reporting fires.

(a) It shall be unlawful for any person without reasonable cause to summon by outcry, ringing of bell, or otherwise make or circulate, or cause to be made or circulated, a false alarm of fire, or to summon a fire-rescue emergency medical unit, when such person knows or has reason to know that services of the department of fire-rescue or the fire-rescue emergency medical unit are not needed.

(b) It shall be unlawful of any person to knowingly aid or abet the commission of any act resulting in the services of the department of fire-rescue or fire-rescue emergency medical unit being summoned when their services are not required.

(c) It shall be unlawful for any person to delay reporting immediately any fire discovered to the department of fire-rescue or the police department so that firefighting and rescue apparatus may be dispatched.
(Ord. No. 10824, § 2, 1-10-91; Code 1980, § 19-11)

Sec. 19-12. Investigation of fire.

The fire prevention bureau shall investigate the cause, origin and circumstances of every fire occurring in the city which is of suspicious nature or which involves loss of life or injury to persons or by which property has been destroyed or substantially damaged. Such investigations shall begin immediately upon the occurrence of such a fire, and the director of the department of fire-rescue shall be immediately notified of the facts; he/she shall take charge immediately of the physical evidence, notify the proper authorities designated by law to pursue the investigation of such matters, and shall further cooperate with the designated official authorities in the collection of evidence or in the presentation of testimony in the prosecution of the case should the same be requested by such authorities.
(Ord. No. 10824, § 2, 1-10-91; Code 1980, § 19-12)

Sec. 19-13. Use of photographs, etc., for proof of violations.

When the director of the department of fire-rescue, or duly authorized representative thereof, has cause to believe that any requirement of the Florida Fire Prevention Code, the City Code and/or Florida Building Code is being violated, he/she is hereby authorized to gather any evidence or take photographs necessary to secure proof that a violation of such fire code exists.
(Ord. No. 10824, § 2, 1-10-91; Code 1980, § 19-13; Ord. No. 13201, § 2, 9-27-10)

Sec. 19-14. Fire records, reports and photographs.

(a) The director of the department of fire-rescue shall keep a record of all fires and of all the facts concerning the same, including statistics as to the extent of such fires and the damage caused thereby, and whether such losses were covered by insurance and, if so, in what amount. Such record shall be made daily from the reports made by the department of fire-rescue officers and inspectors, and the record shall be kept on file in the office of the fire prevention bureau.

(b) Fire reports and rescue reports that are public records may be purchased from the department of fire-rescue in accordance with the schedule established by F.S. § 119.07 as follows: Charges for one-sided copies shall be $0.15 per page and $0.20 per page for a two-sided copy, maximum size approximately 8½ inches by 14 inches. This does not prohibit the exchange of reports and information between governmental investigative agencies.

(c) Fire photographs that are public records may be purchased from the department of fire-rescue for $12.00 per print for black-and-white prints, and $15.00 per print for color prints. This does not prohibit the exchange of photographs between governmental investigative agencies.

(d) Any public record such as incident reports or photographs may be copied onto a DVD or CD provided by the city for a fee of $10.00 per DVD/CD. The department of fire-rescue does not provide DVDs for this purpose to the public. This does not prohibit the exchange of reports and information between governmental investigative agencies.
(Ord. No. 10824, § 2, 1-10-91; Ord. No. 11007, § 1, 10-8-92; Code 1980, § 19-14; Ord. No. 12805, § 2, 5-11-06)

Sec. 19-15. Guidelines containing administrative orders and procedures.

From time to time, and when deemed appropriate, the director of the department of fire-rescue and/or the chief of fire prevention may prepare a set of advisory guidelines containing administrative orders and procedures pertaining to specific occupancies or operations under the provisions of this chapter and the Florida Fire Prevention Code. Such guidelines, when drafted, shall be a matter of public record and kept on file in the office of the fire prevention bureau. The intent of the guidelines is to clarify the requirements of this chapter and the Florida Fire Prevention Code and to maintain a consistent enforcement and public education program.
(Ord. No. 10824, § 2, 1-10-91; Code 1980, § 19-15; Ord. No. 13201, § 2, 9-27-10)

Sec. 19-16. Strict liability.

Whenever a violation of this chapter or of the Florida Fire Prevention Code occurs or exists, any person, individually or otherwise, who has a legal, beneficial or equitable interest in the facility or instrumentality causing or contributing to the violation or who has a legal, beneficial or equitable interest in the real property upon which such violations exist shall be jointly and severally strictly liable for the violation. Liability shall be construed as imposing joint and several strict liability upon all persons, individually or otherwise, who, although no longer having any such legal, beneficial or equitable interest in said facility or instrumentality or real property, did have such an interest at any time during which such violation existed or occurred or continued to exist or occur. This provision shall be liberally construed and shall be retroactively applied to protect the public health, safety, and welfare and to accomplish the purposes of the chapter and the Florida Fire Prevention Code.
(Ord. No. 10824, § 2, 1-10-91; Code 1980, § 19-16; Ord. No. 13201, § 2, 9-27-10)

Sec. 19-17. Enforced removal of violative conditions.

The application of any penalty for the violation of this chapter shall not be held to prevent the enforced removal of the condition(s) giving rise to the violation.
(Ord. No. 10824, § 2, 1-10-91; Code 1980, § 19-17)

Sec. 19-18. Remedies cumulative and independent.

All the judicial and administrative remedies in this chapter, the Florida Fire Prevention Code, municipal ordinances, state laws, and rules and regulations, as all of same may be amended from time to time, are independent and cumulative. Violations may also be enforced through chapter 2, article X, Code enforcement.
(Ord. No. 10824, § 2, 1-10-91; Code 1980, § 19-18; Ord. No. 13201, § 2, 9-27-10)

Sec. 19-19. Nonliability for damages.

This chapter shall not be construed to hold the city responsible for any damage to persons or property by reason of the inspection or reinspection authorized herein or failure to conduct such authorized inspection or reinspection or by reason of the issuance of the permit as herein provided or by reason of the approval of any equipment as authorized herein.
(Ord. No. 10824, § 2, 1-10-91; Code 1980, § 19-19)

Sec. 19-20. Criminal penalty.

If any person shall fail or refuse to obey or comply with or violates any provisions of this chapter or of the Florida Fire Prevention Code or any lawful order of the city's chief fire code enforcement official or designee thereof or any lawful order rendered pursuant to the Florida

Fire Prevention Code or any condition, limitation or restriction which is part of a permit issued or rendered under and pursuant to this chapter of the City Code or the Florida Fire Prevention Code, then such person, upon conviction in county court of such offense, shall be punished pursuant to section 1-13, in the discretion of the court. Each day of each continued violation shall be considered as a separate offense and fines may accrue cumulatively.
(Ord. No. 10824, § 2, 1-10-91; Code 1980, § 19-20; Ord. No. 13201, § 2, 9-27-10)

Sec. 19-21. Attorney's fees.

Upon the rendition of a judgment or decree by any court of competent jurisdiction in this state, against any person which results in favor of the city's chief fire code enforcement official, or designee thereof, in proceedings seeking to enforce any of the provisions of this chapter or the Florida Fire Prevention Code, the trial court shall adjudge or decree against the person and in favor of the city's chief fire code enforcement official, or designee thereof, a reasonable sum as costs and fees or compensation for the attorney representing the city's chief fire code enforcement official, or designee thereof, who prosecuted the suit in which the recovery was had. Where so awarded, compensation or fees of the attorney shall be included in the judgment or decree rendered in the case. This provision shall apply to all pending or prospective civil actions, legal or equitable, filed by the city's chief fire code enforcement official, or designee thereof, to enforce the provisions of this chapter or the Florida Fire Prevention Code. In the event of an appeal from a judgment rendered in proceedings seeking to enforce any provisions of this chapter or the Florida Fire Prevention Code and where the city's chief fire code enforcement official prevails, the appellate court shall award the city's chief fire code enforcement official, or designee thereof, a reasonable sum as costs and fees or compensation for the attorney representing the question in the appeal. Cessation, correction or remediation of any violation of the provisions of this chapter or the Florida Fire Prevention Code prior to a rendition of judgment or of a temporary or final decree, or prior to execution of a negotiated settlement, but after an action is filed by the city's chief fire code enforcement official, or his/her designee, to enforce the provisions of this chapter or the Florida Fire Prevention Code, shall be deemed the functional equivalent of an admission of guilt or verdict in favor of the city's chief fire code enforcement official, or designee thereof, for which attorneys' fees may be awarded by the trial court as set forth hereinabove.
(Ord. No. 10824, § 2, 1-10-91; Code 1980, § 19-21; Ord. No. 13201, § 2, 9-27-10; Ord. No. 13676, § 2, 4-27-17)

Sec. 19-22. Enforcement, procedure; remedies.

(a) It shall be unlawful for any person to violate or to permit, allow, let or suffer any violation of any of the provisions of this chapter, and/or the Florida Fire Prevention Code, as all of same may be amended from time to time; any condition, limitation or restriction which is part of a permit issued pursuant to this chapter or the Florida Fire Prevention Code, as all of the same may be amended from time to time; lawful orders of the city's chief fire code enforcement official, or designee thereof, and consent agreements. In addition to any other judicial or administrative remedies provided by this chapter or by the Florida Fire Prevention Code, the city's chief fire code enforcement official, or designee thereof, shall have the following judicial remedies:

(1) To institute a civil action in a court of competent jurisdiction to seek temporary or permanent, prohibitory or mandatory injunctive relief to enforce compliance with or prohibit the violation of any of the provisions of this chapter or of the Florida Fire Prevention Code, as all of same may be amended from time to time; any lawful order of the city's chief fire code enforcement official, or designee thereof, any condition, limitation, or restriction which is part of a permit issued pursuant to this chapter or the Florida Fire Prevention Code, as all of same may be amended from time to time; or any consent agreement.

(2) To institute a civil action in a court of competent jurisdiction to impose and

recover a civil penalty in an amount of not more than $25,000.00 for each violation of: any of the provisions of this chapter or of the Florida Fire Prevention Code, as all of same may be amended from time to time; any lawful order of the city's chief fire code enforcement official, or designee thereof; any condition, limitation, or restriction which is part of a permit issued pursuant to this chapter or the Florida Fire Prevention Code, as all of same may be amended from time to time; or any consent agreement.

(3) To institute a civil action in a court of competent jurisdiction to seek restitution and other equitable relief to recover any sums expended and costs incurred for:

a. Tracing, investigating, preventing, controlling, abating or remedying violations of this chapter or the Florida Fire Prevention Code, as all of same may be amended from time to time; or any lawful order of the city's chief fire code enforcement official, or designee thereof, or any condition, limitation, or restriction which is a part of a permit issued pursuant to this chapter or the Florida Fire Prevention Code, as all of same may be amended from time to time; or any consent agreement.

b. Restoration of the air, water, property, animal life, aquatic life and plant life within the city to their former condition due to any violation of this chapter, the Florida Fire Prevention Code or any lawful order of the city's chief fire enforcement official, or designee thereof, or any condition, limitation or restriction which is part of a permit issued pursuant to this chapter or the Florida Fire Prevention Code as all of same may be amended from time to time.

(b) Each day during any portion of which such violation occurs or continues to occur constitutes a separate violation. The right of trial by jury shall be available in any court of competent jurisdiction as provided by law.
(Ord. No. 10824, § 2, 1-10-91; Code 1980, § 19-22; Ord. No. 13201, § 2, 9-27-10)

Sec. 19-23. Civil penalty and restitution fund.

(a) The sums recovered by the city's chief fire code enforcement official, or designee thereof, pursuant to any section of this chapter or the Florida Fire Prevention Code shall be deposited in a separate city fund as provided herein.

(b) The aforesaid separate city fund shall only be used to pay for the following:

(1) Tracing, investigating, controlling, abating and remedying violations of this chapter and the Florida Fire Prevention Code, as all of same may be amended from time to time.

(2) Restoration of the air, water, property, animal life, aquatic life and plant life within the city to their former condition.

(3) Fire safety prevention and education, planning, protection and programming.

(4) Responding to and attempting to resolve citizen complaints against violations or possible violations of this chapter and the Florida Fire Prevention Code, as all of same may be amended from time to time.

(5) Investigation, preparation, and prosecution of civil and criminal actions, pursuant to this chapter, the Florida Fire Prevention Code, and Florida Statutes, seeking to enforce the provisions of this chapter, and the Florida Fire Prevention Code, as all of same may be amended from time to time.

(c) No part of such separate city fund shall be used for purposes other than the aforesaid.
(Ord. No. 10824, § 2, 1-10-91; Code 1980, § 19-23; Ord. No. 13201, § 2, 9-27-10)

Sec. 19-24. Search warrants.

The city's fire code enforcement official, or designee thereof, having fire safety responsibilities, is hereby authorized and empowered to seek out search warrants reasonable and necessary to carry out the respective responsibilities, powers and duties set forth in this chapter and the Florida Fire Prevention Code, in accordance with the requirements of the Constitutions of the State of Florida and the United States of America. (Ord. No. 10824, § 2, 1-10-91; Code 1980, § 19-24; Ord. No. 13201, § 2, 9-27-10)

State law reference—Inspection warrants, F.S. § 933.20 et seq.

Sec. 19-25. Inspections; inspection warrants.

(a) Any duly authorized representative of the city's chief fire code enforcement official, or designee thereof, may, at any reasonable time, enter, monitor, sample, test and inspect, as often as may be necessary, any public or private, residential or nonresidential, owner-occupied or nonowner-occupied building for the purpose of:

(1) Ascertaining and/or causing to be corrected any conditions which may contribute to a fire or any conditions which may endanger life and property due to fire;

(2) Enforcing the provisions of this chapter, the Florida Fire Prevention Code, the rules and regulations of the state fire marshal; and

(3) Investigating the cause, origin, circumstances of every fire occurring which is suspicious in nature or which involves the loss of life or injury to persons or by which property has been damaged.

(b) No person shall refuse reasonable entry or access to a duly authorized representative of the fire prevention bureau who requests entry for any of the purposes set forth in subsection (a), above, and who presents appropriate credentials identifying himself/herself as such representative.

(c) No person shall obstruct, hamper or interfere with any such inspection, entry, monitoring, testing or sampling.

(d) An inspection, entry, monitoring, testing and sampling, pursuant to this section may be conducted only after the following:

(1) Consent for the entry, inspection, testing, monitoring and sampling is received from the owner or person in charge of the property, place, dwelling, item, structure or premises.

(2) An inspection warrant as provided in this section or by law is obtained.

(e) An inspection warrant as authorized by this chapter may be issued by a judge of any county court or circuit court of this state which has jurisdiction of the property, place, dwelling, item, structure or premises to be searched.

(f) Upon proper presentation by affidavit, an inspection warrant may be secured/issued pursuant to the provisions of this chapter and/or for the following causes shown:

(1) When it is reasonable to believe that the property or item(s) to be inspected may be connected with or contain evidence of a violation of any of the provisions of this chapter, the Florida Fire Prevention Code, and the rules and regulations of the state fire marshal; or

(2) When the inspection sought is an integral part of a scheme of systematic routine or area inspections or investigations based upon reasonable legislative or administrative standards and neutral criteria.

(g) Prior to determining grounds for an inspection, the judge shall examine under oath or affirmation the applicant and any other witness(es) and shall satisfy himself or herself of the existence of cause as set forth in subsection (f) above, before granting such application.

(h) If the judge is satisfied that cause for the inspection warrant exists, he or she may issue authorization for the inspection in writing, describing with particularity the property, place, dwell-

ing, item, structure or premises to be inspected and designating on the warrant the purpose and limitations of the inspection.

(i) An inspection warrant shall be effective for the time specified therein, but not for a period of more than 14 days unless it is extended or renewed by the judge who signed and issued the original warrant, upon satisfying himself or herself that such extension or renewal is in the public interest. Such inspection warrant must be executed and returned to the judge by whom it was issued within the time specified in the warrant or within the extended or renewed time. After the expiration of such time, the warrant, unless executed or extended, is void.

(j) An inspection pursuant to an inspection warrant shall not be made by means of forcible entry, except that the judge may expressly authorize a forcible entry when facts are shown which are sufficient to create a reasonable suspicion of a violation which, if such violation existed or continued to exist, would be an immediate threat to life, health or safety, or when facts are shown establishing that reasonable attempts to serve a previous warrant have been unsuccessful.
(Ord. No. 10824, § 2, 1-10-91; Code 1980, § 19-25; Ord. No. 13201, § 2, 9-27-10; Ord. No. 13676, § 2, 4-27-17)

Sec. 19-26. Orders.

(a) When evidence has been received establishing that a violation of this chapter, the Florida Fire Prevention Code, or any rule and regulation of the state fire marshal, has occurred or may reasonably be expected to occur, the city's chief fire code enforcement official, or designee thereof, may issue, in his/her discretion, a notice to correct the violation or a citation to cease the violation and cause the same to be served upon the violator by personal service or certified mail to the violator's last known address or post office box or by posting a copy in a conspicuous place at the premises of the violation. Once posting has occurred, failure to claim the certified mail shall be at no consequence, and service shall be deemed to be complete and proper. Such notice or citation shall briefly set forth the general nature of the violation and specify a reasonable time within which the violation shall be rectified or stopped. Reasonable time herein means the shortest practicable time to rectify or stop the violation. Such notice or citation may require the violator to restrict, cease or suspend use or operation of the facility or premises. Any orders hereunder may be enforced as provided in section 19-22 of this chapter. This provision shall not be construed to require the issuance or service of a notice of violation or citation to cease or other order prior to initiating proceedings against a violator pursuant to section 19-22 of this chapter.

(b) For the purpose of this chapter, a violator shall mean the owner, lessee and any other person responsible for the condition of the premises. In the case of a corporation it shall also mean the resident agent, any director or officer. In the case of a partnership it shall also mean any partner.
(Ord. No. 10824, § 2, 1-10-91; Code 1980, § 19-26; Ord. No. 13201, § 2, 9-27-10)

Sec. 19-27. Correction of violations.

(a) When a violation of this chapter, the Florida Fire Prevention Code, or any rule or regulation of the state fire marshal, has occurred or continues to exist or when there is a reasonable likelihood of imminent endangerment to life, health or property because of a threatened violation of any of the foregoing provisions, the city's chief fire code enforcement official, or designee thereof, in his/her discretion, may do any of the following:

(1) Take any action necessary to prevent such a violation;

(2) Trace, investigate, control, abate and remedy such a violation; and

(3) Restore the air, waters, property, animal life, aquatic life and plant life within the city to their former condition.

(b) This section shall not be construed to provide a defense to or otherwise relieve or limit the liability or responsibility of any person who violated or is violating the particular provisions

of law or ordinance aforesaid. Any sums expended by the city in an effort to effect a remedy may be recovered as provided by section 19-22.
(Ord. No. 10824, § 2, 1-10-91; Code 1980, § 19-27; Ord. No. 13201, § 2, 9-27-10; Ord. No. 13676, § 2, 4-27-17)

Sec. 19-28. Liens.

Owners of real property shall be liable for the sums expended by the city pursuant to section 19-23 of this chapter when the violation has occurred or continued to exist or appeared imminent upon the real property aforesaid, regardless of fault and regardless of knowledge of the aforesaid violation. All sums expended by the city pursuant to sections 19-22 and 19-23 of this chapter shall constitute and are hereby imposed as special assessment liens against the real property aforesaid, and until fully paid and discharged or barred by law, shall remain liens equal in rank and in dignity with the lien of county and city ad valorem taxes and superior in rank and dignity to all other liens, encumbrances, titles and claims in, to or against the real property involved. All such sums shall become immediately due and owing to the city upon expenditure by the city and shall become delinquent if not fully paid within 60 days after the due date. All such delinquent sums shall bear a penalty of 15 percent per annum. Unpaid and delinquent sums, together with all penalties imposed thereon, shall remain and constitute special assessment liens against the real property involved for the period of five years from the due date thereof. The special assessment liens may be enforced by the city by any of the methods provided in F.S. ch. 85, or, in the alternative, foreclosure proceedings may be instituted and prosecuted by the city pursuant to the provisions of F.S. ch. 173, or the collection and enforcement of payment thereof may be accomplished by any other method provided by law. All sums recovered by the city pursuant to this provision shall be deposited by the city into the fund from which said sums were expended.
(Ord. No. 10824, § 2, 1-10-91; Code 1980, § 19-28)

ARTICLE I. IN GENERAL

Sec. 19.5-1. Definitions.

As used in this chapter, the following words and terms shall have the following meanings, unless the context clearly otherwise requires:

Annual rate resolution means the resolution described in section 19.5-28, establishing the rate at which a fire rescue assessment for a specific fiscal year will be computed. The final assessment resolution shall constitute the annual rate resolution for the initial fiscal year in which a fire rescue assessment is imposed or reimposed.

Assessed property means all parcels of land included on the assessment roll that receive a special benefit from the delivery of the fire rescue services, programs or facilities identified in the initial assessment resolution or the preliminary rate resolution.

Assessment roll means the special assessment roll relating to a fire rescue assessment approved by a final assessment resolution pursuant to section 19.5-26 or an annual rate resolution pursuant to section 19.5-28.

Building means any structure, whether temporary or permanent, built for support, shelter or enclosure of persons, chattel, or property of any kind. This term shall include mobile homes or any vehicles serving in any way the function of a building.

Certificate of occupancy means the written certification issued by the city that a building is ready for occupancy for its intended use. For the purposes of this chapter, a set up permit or its equivalent issued for a mobile home shall be considered a certificate of occupancy.

City means the City of Miami, Florida.

City commission means the governing body of City of Miami, Florida.

City manager means the head of the administrative branch of the city as defined in the City Charter, or his/her designee.

Final assessment resolution means the resolution described in section 19.5-26 which shall confirm, modify, or repeal the initial assessment resolution and which shall be the final proceeding for the initial imposition of fire rescue assessments.

Fire rescue assessed cost means the amount determined by the city commission to be assessed in any fiscal year to fund all or any portion of the cost of the provision of fire rescue services, facilities, or programs which provide a special benefit to assessed property, and shall include, but not be limited to, the following components:

(1) The cost of physical construction, reconstruction or completion of any required facility or improvement;

(2) The costs incurred in any required acquisition or purchase;

(3) The cost of all labor, materials, machinery, and equipment;

(4) The cost of fuel, parts, supplies, maintenance, repairs, and utilities;

(5) The cost of computer services, data processing, and communications;

(6) The cost of all lands and interest therein, leases, property rights, easements, and franchises of any nature whatsoever;

(7) The cost of any indemnity or surety bonds and premiums for insurance;

(8) The cost of salaries, workers, compensation insurance, or other employment benefits;

(9) The cost of uniforms, training, travel, and per diem;

(10) The cost of construction plans and specifications, surveys and estimates of costs;

(11) The cost of engineering, financial, legal, and other professional services;

(12) The costs of compliance with any contracts or agreements entered into by the city to provide fire rescue services;

(13) All costs associated with the structure, implementation, collection, and enforcement of the fire rescue assessments, including any service charges of the tax collector, or property appraiser and

amounts necessary to offset discounts received for early payment of fire rescue assessments pursuant to the uniform assessment collection act or for early payment of fire rescue assessments collected pursuant to section 19.5-52;

(14) All other costs and expenses necessary or incidental to the acquisition, provision, or construction of fire rescue services, facilities, or programs, and such other expenses as may be necessary or incidental to any related financing authorized by the city commission by subsequent resolution;

(15) A reasonable amount for contingency and anticipated delinquencies and uncollectible fire rescue assessments; and

(16) Reimbursement to the city or any other person for any moneys advanced for any costs incurred by the city or such person in connection with any of the foregoing components of fire rescue assessed cost.

Fire rescue assessment means a special assessment lawfully imposed by the city against assessed property to fund the fire rescue assessed cost imposed to fund all or any portion of the cost of the provision of fire rescue services, facilities, or programs providing a special benefit to property as a consequence of possessing a logical relationship to the value, use, or characteristics of property identified in the initial assessment resolution or the preliminary rate resolution.

Fiscal year means that period commencing October 1 of each year and continuing through the next succeeding September 30, or such other period as may be prescribed by law as the fiscal year for the city.

Government property means property owned by the United States of America or any agency thereof, a sovereign state or nation, the State of Florida or any agency thereof, a county, a special district or a municipal corporation.

Initial assessment resolution means the resolution described in section 19.5-22 which shall be the initial proceeding for the identification of the fire rescue assessed cost for which an assessment is to be made and for the imposition of a fire rescue assessment.

Ordinance means this fire rescue assessment chapter.

Owner shall mean the person reflected as the owner of assessed property on the tax roll.

Person means any individual, partnership, firm, organization, corporation, association, or any other legal entity, whether singular or plural, masculine or feminine, as the context may require.

Preliminary rate resolution means the resolution described in section 19.5-28 initiating the annual process for updating the assessment roll and directing the reimposition of fire rescue assessments pursuant to an annual rate resolution.

Property appraiser means the property appraiser of the county.

Tax collector means the Department of Finance and Administrative Services as described in article IV of the Dade County Charter.

Tax roll means the real property ad valorem tax assessment roll maintained by the property appraiser for the purpose of the levy and collection of ad valorem taxes.

Uniform assessment collection act means F.S. §§ 197.3632 and 197.3635, or any successor statutes authorizing the collection of non-ad valorem assessments on the same bill as ad valorem taxes, and any applicable regulations promulgated thereunder.
(Ord. No. 11584, § 1, 12-30-97; Ord. No. 13676, § 2, 4-27-17)

Sec. 19.5-2. Interpretation.

Unless the context indicates otherwise, words importing the singular number include the plural number, and vice versa; the terms "hereof," "hereby," "herein," "hereto," "hereunder" and similar terms refer to this chapter; and the term "hereafter" means after, and the term "heretofore" means before the effective date of the ordinance from which this chapter derives (January 13,

1998). Words of any gender include the correlative words of the other genders, unless the sense indicates otherwise.
(Ord. No. 11584, § 1, 12-30-97)

Sec. 19.5-3. Findings.

It is hereby ascertained, determined, and declared that:

(1) Pursuant to Article VIII, section 2(b) of the Florida Constitution, and F.S. §§ 166.021 and 166.041, the city commission has all powers of local self-government to perform municipal functions, render municipal services except when prohibited by law, and such power may be exercised by the enactment of legislation in the form of city ordinances.

(2) The city commission may exercise any governmental, corporate, or proprietary power for a municipal purpose except when expressly prohibited by law, and the city commission may legislate on any subject matter on which the state legislature may act, except those subjects described in F.S. § 166.021(3)(a), (b), (c), and (d). The subject matter of F.S. § 166.021(3)(a), (b), (c), and (d) are not relevant to the imposition of assessments related to fire rescue services, facilities or programs of the city.

(3) The purpose of this chapter is to:

a. Provide procedures and standards for the imposition of city-wide fire rescue assessments under the general home rule powers of a municipality to impose special assessments;

b. Authorize a procedure for the funding of fire rescue services, facilities, or programs providing special benefits to property within the city; and

c. Legislatively determine the special benefit provided to assessed property from the provision of combined fire control and emergency medical services by the city under its consolidated fire rescue program.

(4) The annual fire rescue assessments to be imposed pursuant to this chapter shall constitute non-ad valorem assessments within the meaning and intent of the Uniform Assessment Collection Act.

(5) The fire rescue assessment imposed pursuant to this chapter is imposed by the city commission, not the county board of county commissioners, property appraiser or tax collector. Any activity of the property appraiser or tax collector under the provisions of this chapter shall be construed as ministerial.

(Ord. No. 11584, § 1, 12-30-97)

Sec. 19.5-4. Legislative determinations of special benefit.

It is hereby ascertained and declared that the fire rescue services, facilities, and programs of the city provide a special benefit to property within the city that is improved by the existence or construction of a dwelling unit or building based upon the following legislative determinations:

(1) Fire rescue services, which include the combined fire control and emergency medical services of the city under its existing consolidated fire rescue program, possess a logical relationship to the use and enjoyment of improved property by:

a. Protecting the value of the improvements and structures through the provision of available fire rescue services;

b. Protecting the life and safety of intended occupants in the use and enjoyment of improvements and structures within improved parcels;

c. Lowering the cost of fire or other insurance by the presence of a professional and comprehensive fire rescue program within the city; and

d. Containing the spread of fire incidents occurring on vacant

property with the potential to spread and endanger the structures and occupants of improved property.

(2) The combined fire control and emergency medical services of the city under its existing consolidated fire rescue program enhance and strengthens the relationship of such services to the use and enjoyment of buildings within improved parcels of property within the city.

(3) The combined fire control and emergency medical services of the city under its existing consolidated fire rescue program enhance the value of business and commercial property that is improved by the existence or construction of a building which enhanced value can be anticipated to be reflected in the rental charge or value of such business or commercial property.

(Ord. No. 11584, § 1, 12-30-97)

Sec. 19.5-5. Applicability.

This chapter and the city's authority to impose assessments pursuant hereto shall be applicable throughout the city.
(Ord. No. 11584, § 1, 12-30-97)

Sec. 19.5-6. Alternative method.

(a) This chapter shall be deemed to provide an additional and alternative method for the doing of the things authorized hereby and shall be regarded as supplemental and additional to powers conferred by other laws, and shall not be regarded as in derogation of any powers now existing or which may hereafter come into existence. This chapter, being necessary for the welfare of the inhabitants of the city, shall be liberally construed to effect the purposes hereof.

(b) Nothing herein shall preclude the city commission from directing and authorizing, by resolution, the combination with each other of:

(1) Any supplemental or additional notice deemed proper, necessary, or convenient by the city;

(2) Any notice required by this chapter; or

(3) Any notice required by law, including the Uniform Assessment Collection Act.

(Ord. No. 11584, § 1, 12-30-97)

Secs. 19.5-7—19.5-20. Reserved.

ARTICLE II. ANNUAL ASSESSMENTS

Sec. 19.5-21. General authority.

(a) The city commission is hereby authorized to impose an annual fire rescue assessment to fund all or any portion of the fire rescue assessed cost upon benefitted property at a rate of assessment based on the special benefit accruing to such property from the city's provision of fire rescue services, facilities, or programs. All fire rescue assessments shall be imposed in conformity with the procedures set forth in this article.

(b) The amount of the fire rescue assessment imposed in a fiscal year against a parcel of assessed property shall be determined pursuant to an apportionment methodology based upon a classification of property designed to provide a fair and reasonable apportionment of the fire rescue assessed cost among properties on a basis reasonably related to the special benefit provided by fire rescue services, facilities, or programs funded with assessment proceeds. Nothing contained in this chapter shall be construed to require the imposition of fire rescue assessments against government property.
(Ord. No. 11584, § 1, 12-30-97)

Sec. 19.5-22. Initial proceedings.

The initial proceeding for the imposition of a fire rescue assessment shall be the adoption of an initial assessment resolution by the city commission which:

(1) Contains a brief and general description of the fire rescue services, facilities, or programs to be provided;

(2) Estimates the fire rescue assessed cost to be assessed;

(3) Describes the method of apportioning the fire rescue assessed cost and the computation of the fire rescue assessment for specific properties;

(4) Provides a summary description of the parcels of property (conforming to the description contained on the tax roll) located within the city that receive a special benefit from the provision of fire rescue services, facilities, or programs or describing a specific geographic area in which such service, facility, or program will be provided;

(5) Establishes an assessment rate for the upcoming fiscal year; and

(6) Directs the city manager to:

a. Prepare the initial assessment roll, as required by section 19.5-23;

b. Publish the notice required by section 19.5-24; and

c. Mail the notice required by section 19.5-25 using information then available from the tax roll.

(Ord. No. 11584, § 1, 12-30-97)

Sec. 19.5-23. Initial assessment roll.

(a) The city manager shall prepare, or direct the preparation of, the initial assessment roll, which shall contain the following:

(1) A summary description of all assessed property conforming to the description contained on the tax roll.

(2) The name of the owner of the assessed property.

(3) The amount of the fire rescue assessment to be imposed against each such parcel of assessed property.

(b) The initial assessment roll shall be retained by the city manager and shall be open to public inspection. The foregoing shall not be construed to require that the assessment roll be in printed form if the amount of the fire rescue assessment for each parcel of property can be determined by use of a computer terminal available to the public.

(Ord. No. 11584, § 1, 12-30-97)

Sec. 19.5-24. Notice by publication.

Upon completion of the initial assessment roll, the city manager shall publish, or direct the publication of, once in a newspaper of general circulation within the city, a notice stating that at a meeting of the city commission on a certain day and hour, not earlier than 20 calendar days from such publication, which meeting shall be a regular, adjourned, or special meeting, the city commission will hear objections of all interested persons to the final assessment resolution which shall establish the rate of assessment and approve the aforementioned initial assessment roll. The published notice shall conform to the requirements set forth in the Uniform Assessment Collection Act. Such notice shall include:

(1) A geographic depiction of the property subject to the fire rescue assessment;

(2) A brief and general description of the fire rescue services, facilities, or programs to be provided;

(3) The rate of assessment;

(4) The procedure for objecting provided in section 19.5-26;

(5) The method by which the fire rescue assessment will be collected; and

(6) A statement that the initial assessment roll is available for inspection at the office of the city manager and all interested persons may ascertain the amount to be assessed against a parcel of assessed property at the office of the city manager.

(Ord. No. 11584, § 1, 12-30-97)

Sec. 19.5-25. Notice by mail.

(a) If the city decides to collect the fire rescue assessments on the same bill as ad valorem taxes in the manner provided in the uniform assessment collection act, the city manager shall additionally provide notice, or direct the provi-

sion of notice, of the proposed fire rescue assessment by first class mail to the owner of each parcel of property (except government property) subject to the fire rescue assessment. Such notice shall include:

(1) The purpose of the fire rescue assessment;

(2) The rate of assessment to be levied against each parcel of property;

(3) The unit of measurement applied to determine the fire rescue assessment;

(4) The number of such units contained in each parcel of property;

(5) The total revenue to be collected by the city from the fire rescue assessment;

(6) A statement that failure to pay the fire rescue assessment will cause a tax certificate to be issued against the property or foreclosure proceedings to be instituted, either of which may result in a loss of title to the property;

(7) A statement that all affected owners have a right to appear at the hearing and to file written objections with the city commission within 20 days of the notice; and

(8) The date, time, and place of the hearing.

Such mailed notice shall conform to the requirements set forth in the Uniform Assessment Collection Act. Notice shall be mailed at least 20 calendar days prior to the hearing to each owner at such address as is shown on the tax roll. Notice shall be deemed mailed upon delivery thereof to the possession of the United States Postal Service. The city manager may provide proof of such notice by affidavit. Failure of the owner to receive such notice due to mistake or inadvertence, shall not affect the validity of the assessment roll nor release or discharge any obligation for payment of a fire rescue assessment imposed by the city commission pursuant to this chapter.

(b) No individually mailed notice to affected owners, in addition to the published notice in section 19.5-24, shall be required in the event the city employs an alternative method of collection and chooses not to collect the fire rescue assessments on the same bill as ad valorem taxes.

(Ord. No. 11584, § 1, 12-30-97)

Sec. 19.5-26. Adoption of final assessment resolution.

At the time named in such notice, or to which an adjournment or continuance may be taken by the city commission, the city commission shall receive any written objections of interested persons and may then, or at any subsequent meeting of the city commission adopt the final assessment resolution which shall:

(1) Confirm, modify, or repeal the initial assessment resolution with such amendments, if deemed appropriate the rate of any, as may be by the city commission;

(2) Establish assessment to be imposed in the upcoming fiscal year;

(3) Approve the initial assessment roll, with such amendments as it deems just and right; and

(4) Determine the method of collection.

The final assessment resolution, or any subsequent annual rate resolution, may modify, ratify or confirm the initial assessment resolution, or any subsequent preliminary rate resolution. The adoption of the final assessment resolution by the city commission shall constitute a legislative determination that all parcels assessed derive a special benefit from the fire rescue services, facilities, or programs to be provided or constructed and a legislative determination that the fire rescue assessments are fairly and reasonably apportioned among the properties that receive the special benefit. All objections to the final assessment resolution shall be made in writing, and filed with the city manager at or before the time or adjourned time of such hearing. The final assessment resolution shall constitute the annual rate resolution for the initial fiscal year in which fire rescue assessments are imposed or reimposed hereunder.

(Ord. No. 11584, § 1, 12-30-97)

Sec. 19.5-27. Effect of final assessment resolution.

The fire rescue assessments for the initial fiscal year shall be established upon adoption of the final assessment resolution. The adoption of the final assessment resolution shall be the final adjudication of the issues presented (including, but not limited to, the determination of special benefit and fair apportionment to the assessed property, the method of apportionment and assessment, the initial rate of assessment, the initial assessment roll, and the levy and lien of the fire rescue assessments), unless proper steps shall be initiated in a court of competent jurisdiction to secure relief within 20 days from the date of the city commission action on the final assessment resolution. The initial assessment roll, as approved by the final assessment resolution, shall be delivered to the tax collector, as required by the Uniform Assessment Collection Act, or if the alternative method described in section 19.5-52 is used to collect the fire rescue assessments, such other official as the city commission by resolution shall designate.
(Ord. No. 11584, § 1, 12-30-97)

Sec. 19.5-28. Adoption of annual rate resolution.

(a) The city commission shall adopt an annual rate resolution during its budget adoption process for each fiscal year following the initial fiscal year for which a fire rescue assessment is imposed hereunder.

(b) The initial proceedings for the adoption of an annual rate resolution shall be the adoption of a preliminary rate resolution by the city commission which:

(1) Contains a brief and general description of the fire rescue services, facilities, or programs to be provided;

(2) Estimates the fire rescue assessed cost to be assessed for the upcoming fiscal year;

(3) Establishes the assessment rate for the upcoming fiscal year;

(4) Authorizes the date, time, and place of a public hearing to receive and consider comments from the public and consider the adoption of the annual rate resolution for the upcoming fiscal year;

(5) Directs the city manager to update the assessment roll, and provide notice by publication and first class mail to affected owners in the event circumstances described in subsection (f), below, so require; and

(6) Directs and authorizes any supplemental or additional notice deemed proper, necessary or convenient by the city.

(c) The annual rate resolution shall establish the rate of assessment to be imposed in the upcoming fiscal year, and approve the assessment roll for the upcoming fiscal year with such adjustments as the city commission deems just and right. The assessment roll shall be prepared in accordance with the method of apportionment set forth in the initial assessment resolution together with modifications, if any, and as confirmed in the final assessment resolution or as provided in the preliminary rate resolution.

(d) Nothing herein shall preclude the city commission from providing annual notification to all owners of assessed property in the manner provided in either or both sections 19.5-24 or 19.5-25.

(e) Nothing herein shall preclude the city commission from establishing by resolution a maximum rate of assessment provided that notice of such maximum assessment rate is provided pursuant to sections 19.5-24 and 19.5-25.

(f) In the event (1) the proposed fire rescue assessment for any fiscal year exceeds the maximum rate of assessment adopted by the city commission and included in notice previously provided to the owners of assessed property pursuant to sections 19.5-24 and 19.5-25, (2) the method of apportionment is changed or the purpose for which the fire rescue assessment is imposed is substantially changed from that represented by notice previously provided to the owners of assessed property pursuant to sections 19.5-24 and 19.5-25, (3) assessed property is reclassified in a manner which results in an increased fire rescue assessment from that

represented by notice previously provided to the owners of assessed property pursuant to sections 19.5-24 and 19.5-25, or (4) an assessment roll contains assessed property that was not included on the assessment roll approved for the prior fiscal year, notice shall be provided to affected owners in substantial conformance with the notice requirements set forth in sections 19.5-24 and 19.5-25 and inform the owner of the date, time, and place for the adoption of the annual rate resolution. The failure of the owner to receive such notice due to mistake or inadvertence, shall not affect the validity of the assessment roll nor release or discharge any obligation for payment of a fire rescue assessment imposed by the city commission pursuant to this chapter.

(g) As to any assessed property not included on an assessment roll approved by the adoption of the final assessment resolution or a prior year's annual rate resolution, the adoption of the succeeding annual rate resolution shall be the final adjudication of the issues presented as to such assessed property (including, but not limited to, the determination of special benefit and fair apportionment to the assessed property, the method of apportionment and assessment, the rate of assessment, the assessment roll, and the levy and lien of the fire rescue assessments), unless proper steps shall be initiated in a court of competent jurisdiction to secure relief within 20 days from the date of the city commission action on the annual rate resolution. Nothing contained herein shall be construed or interpreted to affect the finality of any fire rescue assessment not challenged within the required 20 day period for those fire rescue assessments imposed against assessed property by the inclusion of the assessed property on an assessment roll approved in the final assessment resolution or any subsequent annual rate resolution.

(h) The assessment roll, as approved by the annual rate resolution, shall be delivered to the tax collector as required by the Uniform Assessment Collection Act, or if the alternative method described in section 19.5-52 is used to collect the fire rescue assessments, such other official as the city commission by resolution shall designate. If the fire rescue assessment against any property shall be sustained, reduced, or abated by the court, an adjustment shall be made on the assessment roll.
(Ord. No. 11584, § 1, 12-30-97)

Sec. 19.5-29. Lien.

Upon the adoption of the assessment roll, all fire rescue assessments shall constitute a lien against assessed property equal in rank and dignity with the liens of all state county, district, or municipal taxes and special assessments. Except as otherwise provided by law, such liens shall be superior in dignity to all other period liens, mortgages, titles, and claims until paid. The lien for a fire rescue assessment shall be deemed perfected upon adoption by the city commission of the final assessment resolution, whichever is applicable. The lien for a fire rescue assessment shall be deemed perfected upon adoption by the city commission of the final assessment resolution or the annual rate resolution, whichever is applicable. The lien for a fire rescue assessment collected under the Uniform Assessment Collection Act shall attach to the property included on the assessment roll as of the prior January 1, the lien date for ad valorem taxes imposed under the tax roll. The lien for a fire rescue assessment collected under the alternative method of collection provided in section 19.5-52 shall be deemed perfected upon adoption by the city commission of the final assessment resolution or the annual rate resolution, whichever is applicable, and shall attach to the property on such date of adoption.
(Ord. No. 11584, § 1, 12-30-97)

Sec. 19.5-30. Revisions.

If any fire rescue assessment made under the provisions of this chapter is either in whole or in part annulled, vacated, or set aside by the judgment of any court, or if the city commission is satisfied that any such fire rescue assessment is so irregular or defective that the same cannot be enforced or collected, or if the city commission has omitted any property on the assessment roll which property should have been so included, the city commission may take all necessary steps to impose a new fire rescue assessment against any property benefitted by the fire rescue assessed

costs, following as nearly as may be practicable, the provisions of this chapter and in case such second fire rescue assessment is annulled, vacated, or set aside, the city commission may obtain and impose other fire rescue assessments until a valid fire rescue assessment is imposed.
(Ord. No. 11584, § 1, 12-30-97)

Sec. 19.5-31. Procedural irregularities.

Any informality or irregularity in the proceedings in connection with the levy of any fire rescue assessment under the provisions of this chapter shall not affect the validity of the same after the approval thereof, and any fire rescue assessment as finally approved shall be competent and sufficient evidence that such fire rescue assessment was duly levied, that the fire rescue assessment was duly made and adopted, and that all other proceedings adequate to such fire rescue assessment were duly had, taken, and performed as required by this chapter; and no variance from the directions hereunder shall be held material unless it be clearly shown that the party objecting was materially injured thereby. Notwithstanding the provisions of this section, any party objecting to a fire rescue assessment imposed pursuant to this chapter must file an objection with a court of competent jurisdiction within the time periods prescribed herein.
(Ord. No. 11584, § 1, 12-30-97)

Sec. 19.5-32. Correction of errors and omissions.

(a) No act of error or omission on the part of the property appraiser, tax collector, city manager, city commission, or their deputies, employees, agents or designees shall operate to release or discharge any obligation for payment of a fire rescue assessment imposed by the city commission under the provision of this chapter.

(b) When it shall appear that any fire rescue assessment should have been imposed under this chapter against a parcel of property specially benefitted by the provision of fire rescue services, facilities, or programs, but that such property was omitted from the assessment roll or was not listed on the tax roll as an individual parcel of property as of the effective date of the assessment roll approved, by the annual rate resolution for any upcoming fiscal year, the city commission may, upon provision of a notice by mail provided to the owner of the omitted parcel in substantially the manner and form provided in section 19.5-25, impose the applicable fire rescue assessment for the fiscal year in which such error is discovered, in addition to the applicable fire rescue assessment due for the prior two fiscal years. Such fire rescue assessment shall constitute a lien against assessed property equal in rank and dignity with the liens of all state, county, district, or municipal taxes and special assessments, and superior in rank and dignity to all other prior liens, mortgages, titles, and claims in and to or against the real property involved, shall be collected as provided in article III, and shall be deemed perfected on the date of adoption of the resolution imposing the omitted or delinquent assessments.

(c) Prior to the delivery of the assessment roll to the tax collector in accordance with the Uniform Assessment Collection Act, the city manager shall have the authority at any time, upon his or her own initiative or in response to a timely filed petition from the owner of any property subject to a fire rescue assessment, to reclassify property based upon presentation of competent and substantial evidence, and correct any error in applying the fire rescue assessment apportionment method to any particular parcel of property not otherwise requiring the provision of notice pursuant to the Uniform Assessment Collection Act. Any such correction shall be considered valid ab initio and shall in no way affect the enforcement of the fire rescue assessment imposed under the provisions of this chapter. All requests from affected property owners for any such changes, modifications or corrections shall be referred to, and processed by, the city manager and not the property appraiser or tax collector. Any property owner unsatisfied with the decision of the city manager may seek review by a hearing officer in the manner provided in section 19.5-54.

(d) After the assessment roll has been delivered to the tax collector in accordance with the Uniform Assessment Collection Act, any changes, modifications, or corrections thereto shall be made in

accordance with the procedures applicable to correcting errors and insolvencies on the tax roll upon timely written request and direction of the city manager.
(Ord. No. 11584, § 1, 12-30-97)

Sec. 19.5-33. Interim assessments.

(a) An interim fire rescue assessment shall be imposed against all property for which a certificate of occupancy is issued after adoption of the annual rate resolution. The amount of the interim fire rescue assessment shall be calculated upon a monthly rate, which shall be one-twelfth of the annual rate for such property computed in accordance with the annual rate resolution for the fiscal year in which the certificate of occupancy is issued. Such monthly rate shall be imposed for each full calendar month remaining in the fiscal year. In addition to the monthly rate, the interim fire rescue assessment shall also include an estimate of the subsequent fiscal year's fire rescue assessment. No certificate of occupancy shall be issued until full payment of the interim fire rescue assessment is received by the city. Issuance of the certificate of occupancy by mistake or inadvertence, and without the payment in full of the interim fire rescue assessment, shall not relieve the owner of such property of the obligation of full payment. For the purpose of this provision, such interim fire rescue assessment shall be deemed due and payable on the date the certificate of occupancy was issued and shall constitute a lien against such property as of that date. Said lien shall be equal in rank and dignity with the liens of all state, county, district or municipal taxes and special assessments, and superior in rank and dignity to all other liens, encumbrances, titles and claims in and to or against the real property involved and shall be deemed perfected upon the issuance of the certificate of occupancy.

(b) Any property owner unsatisfied with the imposition of an interim fire rescue assessment may seek review by a hearing officer in the manner provided in section 19.5-54.
(Ord. No. 11584, § 1, 12-30-97)

Secs. 19.5-34—19.5-50. Reserved.

ARTICLE III. COLLECTION AND USE

Sec. 19.5-51. Method of collection.

(a) Unless otherwise directed by the city commission, the fire rescue assessments shall be collected pursuant to the uniform method provided in the Uniform Assessment Collection Act, and the city shall comply with all applicable provisions of the Uniform Assessment Collection Act. Any hearing or notice required by this chapter may be combined with any other hearing or notice, required by the Uniform Assessment Collection Act.

(b) The amount of a fire rescue assessment to be collected using the uniform method pursuant to the Uniform Assessment Collection Act for any specific parcel of benefitted property may include an amount equivalent to the payment delinquency, delinquency fees and recording costs for a prior year's assessment for a comparable service, facility, or program, provided:

(1) The collection method used in connection with the prior year's assessment did not employ the use of the uniform method of collection authorized by the Uniform Assessment Collection Act;

(2) Notice is provided to the owner as required under the Uniform Assessment Collection Act; and

(3) Any lien on the affected parcel for the prior year's assessment is supplanted and transferred to such fire rescue assessment upon certification of a non-ad valorem roll to the tax collector by the city.

(Ord. No. 11584, § 1, 12-30-97)

Sec. 19.5-52. Alternative method of collection.

In lieu of utilizing the Uniform Assessment Collection Act, the City may elect to collect the Fire Rescue Assessments by any other method which is authorized by law or under the alternative collection method provided by this section:

(1) The city shall provide fire rescue assessment bills by first class mail to the owner of each affected parcel of property, other

than government property, at any time prior to or during the fiscal year for which such fire rescue assessments are imposed. The bill or accompanying explanatory material shall include:

a. A brief explanation of the fire rescue assessment;

b. A description of the unit of measurement used to determine the amount of the fire rescue assessment;

c. The number of units contained within the parcel;

d. The total amount of the fire rescue assessment imposed against the parcel for the appropriate period;

e. The location at which payment will be accepted;

f. The date on which the fire rescue assessment is due; and

g. A statement that the fire rescue assessment constitutes a lien against assessed property equal in rank and dignity with the liens of all state, county, district or municipal taxes and other non-ad valorem assessments.

(2) A general notice of the lien resulting from imposition of the fire rescue assessments shall be recorded in the official records of the county. Nothing herein shall be construed to require that individual liens or releases be filed in the official records.

(3) The city shall have the right to foreclose and collect all delinquent fire rescue assessments in the manner provided by law for the foreclosure of mortgages on real property or appoint or retain an agent to institute such foreclosure and collection proceedings. A fire rescue assessment shall become delinquent if it is not paid within 30 days from the date any installment is due. The city or its agent shall notify any property owner who is delinquent in payment of his or her fire rescue assessment within 60 days from the date such assessment was due. Such notice shall state in effect that the city or its agent will either:

a. Initiate a foreclosure action or suit in equity and cause the foreclosure of such property subject to a delinquent fire rescue assessment in a method now or hereafter provided by law for foreclosure of mortgages on real property; or

b. Cause an amount equivalent to the delinquent fire rescue assessment, not previously subject to collection using the uniform method under the Uniform Assessment Collection Act, to be collected on the tax bill for a subsequent year.

(4) All costs, fees and expenses, including reasonable attorney fees and title search expenses, related to any foreclosure action as described herein shall be included in any judgment or decree rendered therein. At the sale pursuant to decree in any such action, the city may be the purchaser to the same extent as any person. The city or its agent may join in one foreclosure action the collection of fire rescue assessments against any or all property assessed in accordance with the provisions hereof. All delinquent owners whose property is foreclosed shall be liable for an apportioned amount of reasonable costs and expenses incurred by the city and its agents, including reasonable attorney fees, in collection of such delinquent fire rescue assessments and any other costs incurred by the city as a result of such delinquent fire rescue assessments and the same shall be collectible as a part of or in addition to, the costs of the action.

(5) In lieu of foreclosure, any delinquent fire rescue assessment and the costs, fees and expenses attributable thereto, may be collected pursuant to the Uniform Assessment Collection Act; provided however, that:

a. Notice is provided to the owner in the manner required by the Uniform Assessment Collection Act and this chapter; and

b. Any existing lien of record on the affected parcel for the delinquent fire rescue assessment is supplanted by the lien resulting from certification of the assessment roll, as applicable, to the tax collector.

(6) Notwithstanding the city's use of an alternative method of collection, the city manager shall have the same power and authority to correct errors and omissions as provided to him/her or county officials in section 19.5-32.

(7) Any city commission action required in the collection of fire rescue assessments may be by resolution.

(Ord. No. 11584, § 1, 12-30-97; Ord. No. 13676, § 2, 4-27-17)

Sec. 19.5-53. Government property.

(a) If fire rescue assessments are imposed against government property, the city shall provide fire rescue assessment bills by first class mail to the owner of each affected parcel of government property. The bill or accompanying explanatory material shall include:

(1) A brief explanation of the fire rescue assessment;

(2) A description of the unit of measurement used to determine the amount of the fire rescue assessment;

(3) The number of units contained within the parcel;

(4) The total amount of the parcel's fire rescue assessment for the appropriate period;

(5) The location at which payment will be accepted; and

(6) The date on which the fire rescue assessment is due.

(b) Fire rescue assessments imposed against government property shall be due on the same date as all other fire rescue assessments and, if applicable, shall be subject to the same discounts for early payment.

(c) A fire rescue assessment shall become delinquent if it is not paid within 30 days from the date any installment is due. The city shall notify the owner of any government property that is delinquent in payment of its fire rescue assessment within 60 days from the date such assessment was due. Such notice shall state that the city will initiate a mandamus or other appropriate judicial action to compel payment.

(d) All costs, fees and expenses, including reasonable attorney fees and title search expenses, related to any mandamus or other action as described herein shall be included in any judgment or decree rendered therein. All delinquent owners of government property against which a mandamus or other appropriate action is filed shall be liable for an apportioned amount of reasonable costs and expenses incurred by the city, including reasonable attorney fees, in collection of such delinquent fire rescue assessments and any other costs incurred by the city as a result of such delinquent fire rescue assessments and the same shall be collectible as a part of or in addition to, the costs of the action.

(e) As an alternative to the foregoing, a fire rescue assessment imposed against government property may be collected as a surcharge on a utility bill provided to such government property in periodic installments with a remedy of a mandamus action in the event of nonpayment. The city commission may contract for such billing services with any utility, whether or not such utility is owned by the city.

(Ord. No. 11584, § 1, 12-30-97)

Sec. 19.5-54. Appeals.

(a) A hearing officer shall be appointed by the city manager to hear appeals from affected property owners concerning:

(1) The classification, size, or use of the owner's parcel or any other factual matter related to the application of the method of apportionment employed in imposing the fire rescue assessment;

(2) The imposition of an interim assessment; or

(3) The correction of an error or omission.

(b) The aggrieved property owner shall file a written notice of appeal with the city manager's office within 20 days following the effective date of the assessment or action by the city manager under sections 19.5-32 or 19.5-33. The filing of an appeal at any point in time shall not stay the collection of the fire rescue assessment.

(c) An appeal to the hearing officer shall be made within 20 days after the effective date of the fire rescue assessment or action by the city manager under sections 19.5-32 or 19.5-33 by filing a notice of appeal or letter of appeal with the city manager stating therein the basis for such appeal.

(d) No hearing shall be heard by the hearing officer unless the respective appeals have been filed within the time and at the place provided in this chapter.

(e) All decisions of the hearing officer made under this section shall be deemed final.

(f) All such requests for review by the city under this chapter shall be subject to the disclosure requirements set forth in section 2-618 of this Code.

(g) The city manager shall give the appealing party at least ten days' notice of the time and place of such hearing. The notice shall be in a form acceptable to the city attorney. No public or published notice is required.

(h) The aggrieved property owner shall, at his/her own cost, provide supplemental information in advance to the city manager including, but not limited to, relevant data, consulting or expert reports or opinions, or other information to be used or relied upon at the hearing. Failure to timely provide such information shall preclude the use and consideration of same at the hearing and may result in the denial of the appeal.

(i) At the time and place set for the hearing the hearing officer shall give the appealing party a reasonable opportunity to be heard. Parties may present evidence to support their position; however, no economic or technical reports, studies, appraisals or other information, expertise or opinions shall be considered by the hearing officer unless the same shall have been disclosed to the city and filed with the city manager at least ten days prior to that hearing. All exhibits presented to the hearing officer shall become part of the record and shall remain so until the determination of the hearing officer or the expiration of any administrative or judicial appeal period.

(Ord. No. 11584, § 1, 12-30-97; Ord. No. 13676, § 2, 4-27-17)

Chapter 20

FLOOD DAMAGE PREVENTION*

Sec. 20-1.	Definitions.
Sec. 20-2.	Intent of chapter.
Sec. 20-3.	Development in special flood hazard areas and nonspecial flood hazard areas.
Sec. 20-4.	Development within special flood hazard areas.
Sec. 20-5.	Development within coastal high hazard areas.
Sec. 20-6.	Accessory structures.
Sec. 20-7.	Basis for establishing areas of special flood hazard.
Sec. 20-8.	Enforcement.
Sec. 20-9.	Rules for interpreting area boundaries.
Sec. 20-10.	Effect of provisions on ordinances, building code, other regulations.
Sec. 20-11.	Interpretation.
Sec. 20-12.	Variances and appeals.
Sec. 20-13.	Warning and disclaimer of liability.
Sec. 20-14.	Penalties for violation.
Sec. 20-15.	Reserved.
Sec. 20-16.	Schedule of fees.
Sec. 20-17.	Fill prohibition for areas not covered by structures.

*__Editor's note—__Ord. No. 14039, § 2, adopted December 9, 2021, amended chapter 20 in its entirety to read as herein set out. Formerly, chapter 20 pertained to similar subject matter and derived from Ord. No. 11029, §§ 1—16, adopted December 10, 1992; Ord. No. 11077, § 4, adopted July 22, 1993; the Code of 1980, §§ 19.5-1—19.5-16; Ord. No. 12802, § 1, adopted May 11, 2006; Ord. No. 13142, § 9, adopted February 11, 2010; Ord. No. 13574, § 1, adopted November 19, 2015; Ord. No. 13676, § 2, adopted April 27, 2017; Ord. No. 13792, § 1, adopted October 11, 2018, and Ord. No. 13980, § 2, adopted March 25, 2021.

__City Code cross references—__Buildings, ch. 10; environmental preservation, ch. 17; stormwater utility fees and fund, § 18-291 et seq.; landfills and waterfront improvements, ch. 29; subdivision regulations, ch. 55; planning and zoning, ch. 62.

Sec. 20-1. Definitions.

For the purpose of this chapter, the following words and phrases shall have the meanings respectively ascribed to them by this section:

Accessory use or structure. A use or structure customarily incidental and subordinate to the principal use or structure and, unless otherwise specifically provided, located on the same premises. "On the same premises" shall be construed as meaning on the same lot or on a contiguous lot in the same ownership. Where a building is attached to the principal building, it shall be considered part thereof, and not an accessory structure.

Addition. An extension or increase in floor area, number of stories, or height of a building or structure.

Base flood elevation (BFE). The flood having a one-percent chance of being equaled or exceeded in a given year. The elevation of surface water resulting from a flood that has a one-percent chance of equaling or exceeding that level in any given year. The BFE is shown on the flood insurance rate map (FIRM) for zones AE, AH, A1-A30, AR, AR/A, AR/AE, AR/A1-A30, AR/AH, AR/AO, V1-V30, and VE.

Basement. That portion of a building having its floor subgrade (below ground level) on all sides.

Breakaway wall. A wall that is not part of the structural support of the building and is intended through its design and construction to collapse under specific lateral loading forces without causing damage to the elevated portion of the building or the supporting foundation system.

Building. Any structure built for support, shelter, or enclosure for any occupancy or storage.

Building site. The ground area of a property occupied by buildings and other enclosed structures.

Coastal high hazard area. The area within the area of special flood hazard extending from offshore to the inland limit of a primary dune along an open coast and any other area that is subject to high-velocity wave action from storms or seismic sources and shown on a flood insurance rate map (FIRM) or other flood hazard map as velocity Zone V, VO, VE, or V1-30.

Crown of road (centerline). A line running parallel with the highway right-of-way which is one-half the distance between the extreme edges of the official right-of-way width as shown on a map approved by the department of resilience and public works.

Development. Any manmade change to improved or unimproved real estate, including, but not limited to, buildings or other structures, mining, dredging, filling, grading, paving, excavating, drilling operations, or permanent storage of materials or equipment.

Drainage systems. The surface and subsurface system for the removal of water from or control of water on the land, including both the natural elements of streams, marshes, swales and ponds, whether of an intermittent or continuous nature, and man-made elements which include culverts, drains, ditches, channels, piping, drainage wells and storage facilities. Any system which collects, conveys, channels, holds, inhibits, diverts or treats stormwater from a given area either by drains, grading or other artificial or natural means thru the use of a drainage structure, including but not limited to a culverts, storm drains, stormwater retention or detention ponds with side slopes that must be stabilized by artificial means, French drains, or exfiltration trench/systems, which convey stormwater into the underlying soil.

Elevated building. A non-basement building built to have the lowest floor elevated above the ground level by means of fill, solid foundation, perimeter walls, pilings, columns (posts and piers), shear walls, or breakaway walls.

Existing construction. Any structure for which the "start of construction" commenced before September 29, 1972.

Existing manufactured home parks and subdivisions. A manufactured home park or subdivision for which the construction of facilities for servicing the lots on which the manufactured homes are to be affixed (including, at a minimum, the

installation of utilities, the construction of streets, and either final site grading or the pouring of concrete pads) is completed before September 29, 1972.

Flood or *flooding*. A general and temporary condition of partial or complete inundation of normally dry land areas from:

(1) The overflow of inland or tidal waters.

(2) The unusual and rapid accumulation or runoff of surface water from any source.

Flood damage-resistant materials. Any construction material capable of withstanding direct and prolonged contact with floodwaters without sustaining any damage that requires more than cosmetic repair.

Flood hazard area. The greater of the following two areas:

(1) The area within a flood plain subject to a one-percent or greater chance of flooding in any year, or

(2) The area designated as a flood hazard area on a community's flood hazard map or otherwise legally designated.

Flood insurance rate map (FIRM). An official map of a community on which the Federal Emergency Management Agency has delineated both the areas of special flood hazard and the risk premium zones applicable to the community.

Flood insurance study. The official report provided by the Federal Emergency Management Agency containing the flood insurance rate map (FIRM), the flood boundary and floodway map (FBFM), the water surface elevation of the base flood, and supporting technical data.

Floodproofing. Structural and nonstructural additions, changes, or adjustments (other than elevating) to nonresidential structures, and utilities which reduce or eliminate flood damage to water supply and sanitary sewage facilities, structures and contents of buildings. Floodproofing includes, by way of illustration and not limitation, the following measures:

(1) Anchorage to resist flotation and lateral movement.

(2) Installation of watertight doors, bulkheads, and shutters, or similar methods of construction to protect against winds, wave action, or floodwaters.

(3) Reinforcement of walls to resist water pressures.

(4) Use of paints, membranes, or mortars to reduce seepage of water through walls.

(5) Addition of mass or weight to structures to resist flotation.

(6) Installation of sump pumps operating at permitted specification to remove water accumulated due to any passage of vapor and seepage of water during the flooding event.

(7) Construction of water supply and wastewater treatment and disposal systems to prevent the entrance or infiltration of floodwaters.

(8) Pumping facilities or comparable practices for subsurface drainage systems for buildings to relieve external foundation wall and basement flood pressures.

(9) Construction to resist rupture or collapse caused by water pressure or flooding debris.

(10) Installation of valves or controls of sanitary and storm drains which will permit the drain to be closed to prevent backup of sewage and stormwaters into the buildings or structures. Gravity draining of basements may be eliminated by mechanical devices.

(11) Location of all electrical equipment, circuits and installed electrical appliances in a manner which will assure they are not subject to flooding and to provide protection from inundation by the regulatory flood.

(12) Location of all main electrical and mechanical equipment, structures, storage facilities for chemicals, explosives, buoyant materials, flammable liquids or other toxic materials which could be hazardous to the public health, safety, and welfare in a manner which will

assure that the facilities are situated to or above the base flood elevation, plus one foot of freeboard.

Freeboard. An additional amount of height above the base flood elevation used as a factor of safety in determining the level at which a structure's lowest floor must be elevated or floodproofed.

Functionally dependent facility. A facility which cannot be used for its intended purpose unless it is located or carried out in close proximity to water. The term only includes a docking or port facility necessary for the loading and unloading of cargo or passengers, shipbuilding, or ship repair. The term does not include long-term storage, manufacture, sales, or service facilities.

Highest adjacent grade. The highest finished grade elevation of the ground surface next to the proposed walls of a structure. For purposes of the National Flood Insurance Program (NFIP) this term shall mean the highest natural elevation of the ground surface prior to construction next to the proposed walls of a structure.

Historic structure. Any structure that is:

(1) Listed individually in the National Register of Historic Places (a listing maintained by the department of the interior) or preliminarily determined by the secretary of the interior as meeting the requirements for individual listing on the National Register;

(2) Certified or preliminarily determined by the secretary of the interior as contributing to the historical significance of a registered historic district or a district preliminarily determined by the secretary to qualify as a registered historic district;

(3) Individually listed on a state inventory of historic places in states with historic preservation programs which have been approved by the secretary of the interior; or

(4) Individually listed on a local inventory of historic places in communities with historic preservation programs that have been certified either:

a. By an approved state program as determined by the secretary of the interior, or

b. Directly by the secretary of the interior in states without approved programs.

Lowest floor. The lowest floor of the lowest enclosed area (including basement). An unfinished or flood resistant enclosure, usable solely for parking of vehicles, building access or storage in an area other than a basement area is not considered a building's lowest floor; provided that such enclosure is not built so as to render the structure in violation of the applicable non-elevation design requirements of this chapter.

Mangrove stand. An assemblage of mangrove trees which are mostly low trees noted for a copious development of interlacing adventitious roots above the ground and which contain one or more of the following species: black mangrove (Avicennia germinans); red mangrove (Rhizophora mangle); white mangrove (Laguncularia racemosa); and buttonwood (Conocarpus erectus).

Manufactured home. A structure, transportable in one or more sections, which is built on a permanent chassis and designed to be used with or without a permanent foundation when connected to the required utilities. The term "manufactured home" does not include a "recreational vehicle."

Manufactured home park or subdivision. A parcel (or contiguous parcels) of land divided into two or more manufactured home lots for rent or sale.

Market value. The value of buildings and structures, excluding the land and other improvements on the parcel. Market value is the actual cash value (like-kind replacement cost depreciated for age, wear and tear, neglect, and quality of construction) determined by a qualified independent appraiser or tax assessment value adjusted to approximate market value by a factor provided by the Miami-Dade County Property Appraiser.

Miami-Dade County flood criteria maps. The official maps of Miami-Dade County showing the required minimum finished grade elevation of the ground surface within a development site as

adopted by the Board of County Commissioners and recorded in the official records of Miami-Dade County, as amended from time to time.

Minimum finished grade. The elevations established in the Miami-Dade County flood criteria maps at a specific development site or the crown of an existing adjacent road, whichever is higher.

NAVD 88. The North American Vertical Datum of 1988 is the vertical control datum established in 1991 by the minimum-constraint adjustment of the Canadian-Mexican-United States leveling observations which was affirmed in 1993 as the official vertical datum in the National Spatial Reference System ("NSRS") for the Conterminous United States and Alaska.

New construction. Any structure for which the "start of new construction" commenced on or after September 29, 1972.

Nonspecial flood hazard area (NSFHA). Area that is in a moderate-to-low risk flood zone (Zones B, C, X). A NSFHA is not in any immediate danger from flooding caused by overflowing rivers or hard rains.

Recreational vehicle. A vehicle which is:

(1) Built on a single chassis;

(2) Four hundred square feet or less when measured at the largest horizontal projection;

(3) Designed to be self-propelled or permanently towable by a light-duty truck; and

(4) Designed primarily not for use as a permanent dwelling but as temporary living quarters for recreational, camping, travel, or seasonal use.

Residential or *residence.* Any lot, plot, parcel, tract, area, piece of land or building used for family dwelling purposes or intended to be so used.

Sand dunes. Naturally occurring accumulations of sand in ridges or mounds landward of the beach.

Special flood hazard areas. An area in the floodplain subject to a one percent or greater chance of flooding in any given year. Special flood hazard areas are shown on FIRMs as Zone A, AO, A1-A30, AE, A99, AH, V1-V30, VE or V.

Start of construction. The date of permit issuance for new construction and substantial improvements to existing structures, provided the actual start of construction, repair, reconstruction, rehabilitation, addition, placement, or other improvement commences within 180 days after the date of issuance. The actual start of construction means the first placement of permanent construction of a building (including a manufactured home) on a site, such as the pouring of a slab or footings, installation of pilings, or construction of columns. Permanent construction does not include land preparation (such as clearing, excavation, grading, or filling); the installation of streets or walkways; excavation for a basement, footings, piers, or foundations; or the erection of temporary forms or the installation of accessory buildings such as garages or sheds not occupied as dwelling units or not part of the main building. For a substantial improvement, the actual start of construction means the first alteration of any wall, ceiling, floor, or other structural part of a building, whether or not that alteration affects the external dimensions of the building.

Structure. A walled and roofed building that is principally aboveground, a manufactured home, a gas or liquid storage tank, or other manmade facilities or infrastructures.

Substantial damage. Damage of any origin sustained by a structure whereby the cost of restoring the structure to its before damaged condition would equal or exceed 50 percent of the market value of the structure before the damage occurred.

Substantial improvement. Any combination of repair, reconstruction, rehabilitation, alteration, addition or other improvement of a building or structure, the cumulative cost of which equals or exceeds, over a two-year period, 50 percent of the market value of the structure before the improvement or repair is started. However, the accumulation period for a substantial improvement within

a coastal high hazard area shall be five years. If the structure has sustained substantial damage, any repairs are considered substantial Improvement regardless of the actual repair work performed. The term does not, however, include either:

(1) Any project for improvement of a structure to correct existing violations of state or local health, sanitary, or safety code specifications which have been identified by the local code enforcement official and which are the minimum necessary to assure safe living conditions, or

(2) Any alteration of a "historic structure," provided that the alteration will not preclude the structure's continued designation as a "historic structure."

Variance. A grant of relief from the requirements of this chapter which permits construction in a manner otherwise prohibited by this chapter where specific enforcement would result in unnecessary hardship.
(Ord. No. 14039, § 2, 12-9-21; Ord. No. 14295, § 2, 7-11-24)

Sec. 20-2. Intent of chapter.

The areas of the City of Miami, Florida, are subject to flooding resulting in danger to life, loss of property, health and safety hazards, disruption of commerce and governmental services, extraordinary public expenditures for flood protection and relief, and impairment of the tax base, all of which adversely affect the public health, safety and general welfare. Congress established the National Flood Insurance Program with the passage of the National Flood Insurance Act of 1968. The National Flood Insurance Program is a federal program enabling property owners to purchase insurance protection against losses from flooding. This chapter is adopted to ensure that the residents of the city qualify for the sale of federally assisted flood insurance under the National Flood Insurance Program and to comply with federally imposed requirements for participation in said program. The purposes of this chapter and the flood load and flood resistant construction requirements of the Florida Building Code are to establish minimum requirements to safeguard the public health, safety, and general welfare and to minimize public and private losses due to flooding through regulation of development in flood hazard areas to:

(1) Minimize unnecessary disruption of commerce, access, and public service during times of flooding;

(2) Require the use of appropriate construction practices in order to prevent or minimize future flood damage;

(3) Manage filling, grading, dredging, mining, paving, excavation, drilling operations, storage of equipment or materials, and other development which may increase flood damage or erosion potential;

(4) Manage the alteration of flood hazard areas, watercourses, and shorelines to minimize the impact of development on the natural and beneficial functions of the floodplain;

(5) Minimize damage to public and private facilities and utilities;

(6) Help maintain a stable tax base by providing for the sound use and development of flood hazard areas;

(7) Minimize the need for future expenditure of public funds for flood control projects and response to and recovery from flood events; and

(8) Meet the requirements of the National Flood Insurance Program for community participation as set forth in Title 44 Code of Federal Regulations, Section 59.22.
(Ord. No. 14039, § 2, 12-9-21)

Sec. 20-3. Development in special flood hazard areas and nonspecial flood hazard areas.

For all development within special flood hazard areas and nonspecial flood hazard areas, the building official or his/her designee shall:

(1) Require permits for all proposed construction, development or other improvements within said areas; and

(2) Review permit applications for construction, development or other improvements within said areas to determine that the proposed activities:

a. Use flood damage-resistant materials and have utility equipment which are resistant to flood damage; and

b. Have drainage that demonstrate retention of rainwater within surrounding property lines. The drainage calculations shall be based on a 100-year storm, per design standards of the Miami-Dade County Public Works Manual - Part 2 - Design and Construction - WC 1.1 Rainfall Intensities - 5 min. to 24 hrs. (Rainfall intensities) from the Miami-Dade County Public Works Manual with concentration times described below:

1. For residential use, with fewer than four dwelling units, the drainage calculation must be based on a eight-hour time of concentration.

2. For residential use, with four or more dwelling units, and all other uses, the drainage calculation must be based on a one-half-hour time of concentration.

(3) Review permit applications for new construction or substantial improvements within said areas to assure that the proposed construction:

a. Is protected against flood damage;

b. Is designed (or modified) and anchored to prevent flotation, collapse or lateral movement of the structure resulting from hydrodynamic and hydrostatic loads, including the effects of buoyancy;

c. Uses flood damage-resistant materials and has utility equipment which are resistant to flood damage, and also uses construction methods and practices which will minimize flood damage;

d. Provides in the plans part of the permit application the appropriate floodplain information including Miami-Dade County flood criteria, crown of road information, flood hazard area and base flood elevation;

e. Electrical, heating, ventilation, plumbing, air conditioning equipment, and other service facilities are designed and/or located to prevent water entry or accumulation; and

f. In nonspecial flood hazard areas, the basement:

1. Shall be usable solely for storage, parking, or access;

2. Shall not contain either main electrical or mechanical equipment; and

3. Require installation of sump pumps to collect and discharge the flow rate of the basement area multiplied by the rainfall intensity per hour required for the structure.

(4) Review subdivision proposals and other proposed new developments to assure that:

a. All such proposals minimize flood damage;

b. All public utilities and facilities, such as sewer, gas, electrical, and water systems are constructed to minimize or eliminate flood damage.

(5) Require new and replacement water supply systems and treatment plants and sanitary sewage plants and systems to be designed to minimize or eliminate infiltration of floodwaters into the systems and plants, minimize discharges from sanitary systems into floodwaters, and require on-site wastewater disposal

systems to be located so as to avoid impairment of them or contamination from them during flooding.

(6) Require a lowest floor elevation certificate or floodproofing certification, after the lowest floor is completed, and the as-built before final inspection, or in instances where the structure is subject to the regulations applicable to coastal high hazard areas, after placement of the horizontal structural members of the lowest floor. Upon placement of the lowest floor, or floodproofing by whatever construction means, or upon placement of the horizontal structural members of the lowest floor, whichever is applicable, it shall be the duty of the permit holder to submit to the city a certification of the lowest floor, floodproofed elevation, or the elevation of the lowest horizontal structural members of the lowest floor, whichever is applicable, as built and as measured in reference to NAVD 88. Said certification shall be prepared by or under the direct supervision of a registered land surveyor or professional engineer and certified by same. When floodproofing is utilized for a particular building, said certification shall be prepared by or under the direct supervision of a professional engineer or architect and certified by same. Any work undertaken prior to submission of the certification shall be at the permit holder's risk. The city shall review the floor elevation survey data submitted. Deficiencies detected by such review shall be corrected by the permit holder immediately and prior to further progressive work being permitted to proceed. Failure to submit the survey or failure to make said corrections required hereby, shall be cause to issue a stop work order for the project.

(7) Require that all new subdivision proposals and other proposed developments include within such proposals base flood elevation data according to the city's flood insurance rate map (FIRM) information, and existing grade and crown of adjacent road elevation information according to Miami-Dade County flood criteria information.

(8) Obtain, review and utilize any base flood elevation and floodway data available from federal, state, or other sources when base flood elevation data are not shown on the FIRM.

(9) Review proposed development to assure that all necessary permits have been received from those governmental agencies from which approval is required by federal or state law, including Section 404 of the Federal Water Pollution Control Act amendments of 1972, 404 USC 1334.

(10) In coastal high hazard areas, review plans for adequacy of breakaway walls in accordance with subsections 20-5(e), (f) and (g) herein.

(11) For the purpose of this section, "base elevation" shall be defined as the elevation established by the Miami-Dade County flood criteria map, or the elevation of the crown of road or street abutting such building site, or existing and proposed grade elevations within the lot(s), whichever is higher. In cases where the base elevation fronting the land vary greater than one foot along the frontage of the lot(s), then an alternative engineered solution for flood protection may be presented to the building official or his/her designee in consultation with the director of resilience and public works.

a. Unless otherwise required by sections 20-4 or 20-5, for uses other than residential requiring a floor, the floor elevation shall be a minimum of four inches above the base elevation, including the entrance of a basement. For all areas that serve a residential use, including, mail rooms, lobbies and entrances to a basement, the floor elevation shall be a minimum of eight inches above the base elevation.

b. The provisions of this subsection shall not apply to off-street parking facilities constructed underground and other similar types of below grade areas within a building which are not lowest floor and contain neither electrical nor mechanical equipment. All such facilities constructed below grade shall be designed and constructed and contain essential equipment, if necessary, to prevent infiltration and accumulation of water or to provide for immediate and continuous elimination of water. A Florida-registered engineer or architect shall submit data and a floodproofing certificate to assure that the design complies with all guidelines of subsection 20-5(b) herein.

c. If in the review of a permit application it is determined that in the application of the provisions of this section the building applicant would be required to provide flood protection in excess of the requirements of this chapter, then it shall be the responsibility and authority of the building official or his/her designee to review such plans and may grant a waiver of the requirements of this section to provide flood protection which is no less than the flood protection required by this chapter based upon good engineering practice. Said decision shall be subject to appeal in accordance with subsection 20-12(i) of this chapter.

(12) Maintain, for public inspection, in the planning, building and zoning office all records pertaining to the provisions of this chapter.

(13) Notify adjacent communities and the Florida Division of Emergency Management prior to the alteration or relocation of a waterway.

(14) Assure that maintenance is provided within the altered or relocated portion of said watercourse so that the flood-carrying capacity is not diminished.

(15) Drainage systems as defined herein shall require re-certification every 120 months from the date of final inspection as set forth herein. The property owner shall be notified of the required re-certification 60 days in advance of their due date. Properties with three dwelling units or fewer are exempt from this section. Residential properties with four dwelling units or more, or where the drainage systems are comprised of five or more drainage structures on the property shall require that the drainage re-certification be completed by a registered professional engineer.

a. All relevant information on the existing drainage system, including, but not limited to, the approved as-built drawings and a detailed description of the existing drainage, including the intent of the system.

b. A site inspection of the entire drainage system to determine what, if any, maintenance and repair work is required in order to re-certify the drainage system in accordance with the following items:

1. Catch basin grates, manhole covers and outfalls are to be free of obstructions.

2. Probe catch basins for mud, debris, silt, etc. (depth of material in a pipe shall not exceed five percent of the diameter of the pipe and the depth of material in a catch basin sump shall not exceed five percent of the distance from the bottom of the structure to the lowest pipe invert).

3. Check headwalls for deterioration and any signs of erosion.

4. Check for broken grates.

5. Check weirs and baffles installation (12 inches minimum sump clearance from bottom of structure to bottom of baffle, if applicable).

6. Check for areas of sunken or deteriorated pavement which may be a sign of a drainage problem.
7. Check for modifications to swales and retention areas.
8. Check for proper maintenance of swale and retention areas.
9. Check for alterations to original design and construction of drainage system.
10. Check for alterations to original design and construction of drainage system.
11. Verify that no vegetation exists over drainage system.

c. All pumps shall be inspected by a registered professional engineer irrespective of property type. All drywells, including injection wells, shall be inspected by a certified well driller irrespective of property type. Pressurized system with wells and/or pumps shall be certified that it continues to function as designed and constructed. A gravity type drainage system, such as exfiltration systems shall require re-certification as per this section 1. through 11. These systems shall be required to function as designed, constructed and/or permitted. A detailed report of inspection and proper function from a registered professional engineer or certified well driller (as applicable) shall be required for re-certification.

d. Completion of all necessary required maintenance and/or repair work as denoted by the registered professional engineer as performed by a licensed contractor and verified by the certifying engineer.

e. All copies of plans and drawings, together with supporting calculations and documentation submitted must be signed, sealed, and dated by a registered professional, as required by F.S. chs. 471, 472, 481 or 492, as applicable, when the design of the system requires the services of a registered professional.

f. A maintenance log, if not already kept by the property owner, will be required for any future drainage re-certifications. The maintenance log shall include records related to the operation of the drainage system, including but not limited, to an estimate of the stormwater volume passing through the system in a year, dates of inspection and copies of any associated documents that evidence inspection, and dates of repairs and/or replacements of parts with type of maintenance and parts replaced, if any.

g. Existing drainage shall be inspected within 24 months of the adoption of this ordinance

h. Should property owner be unable to meet the requirements set forth in this section then an alternative engineered solution for flood protection may be presented to the building official or his/her designee in consultation with the director of resilience and public works.

i. Drainage systems subject to the requirements in subsection 20-3(15) of this chapter where the owner fails to timely respond to the notice of required recertification or fails to make all required repairs or modifications found to be necessary by the deadline specified in the Code or any written extension granted by the building official, or designee, shall result in enforcement as provided in chapter 2, article X of the City Code in addition to any other enforcement provided in section 20-14.

(Ord. No. 14039, § 2, 12-9-21; Ord. No. 14295, § 2, 7-11-24)

Sec. 20-4. Development within special flood hazard areas.

(a) No new construction or substantial improvement of any residential structure shall be permitted in special flood hazard areas, and no permit referred to in section 20-3 of this chapter shall be issued therefor, unless said new construction or substantial improvement has the lowest floor (including basement) elevated to or above the level of the base flood elevation (100-year flood) plus one foot of freeboard

(b) No new construction or substantial improvement of any nonresidential structure shall be permitted in special flood hazard areas, and no building permit referred to in section 20-3 of this chapter shall be issued therefor, unless said new construction or substantial improvement has the lowest floor (including basement) elevated to or above the level of the base flood elevation (100-year flood) plus one foot of freeboard, or if the lowest permitted floor level of such nonresidential structure (including basement) is below the base flood elevation level then such nonresidential structure together with attendant utility and sanitary facilities shall be designed with dry floodproofing to or above the level of the base flood elevation (100-year flood) plus one foot of freeboard; provided that the lowest floor of such nonresidential structure is in compliance with subsection 20-3(11) (excluding basement). Where floodproofing is utilized for a particular structure, a registered professional engineer or architect shall certify that the floodproofing methods are adequate to withstand the flood depth, pressures, velocities, impact and uplift forces associated with the base flood elevation, and a record of such certificates indicating the specific elevation as measured in reference to NAVD 88 to which such structure is floodproofed shall be maintained with the building official or his/her designee.

(1) Direct access to the common areas for dwelling units or dwelling units shall be elevated to above the level of the base flood elevation (100-year flood) plus one foot of freeboard and dry flood proofing shall be restricted to independent commercial areas.

(2) Designs shall not prevent access to the common areas of dwelling units, and designs for dry floodproofing shall require measures or system components that do not require human intervention or action before the onset of flooding to be effective.

(3) The lowest point of a basement entrance shall be at a minimum above the base elevation or the level of the base flood elevation (100-year flood), whichever is higher plus one foot of freeboard.

(c) All electrical, heating, air conditioning equipment, ventilation, plumbing, and other service facilities, including duct work, shall be elevated to or above the base flood elevation plus one foot.

(d) All manufactured homes placed, replaced, or substantially improved shall be elevated so that:

(1) The bottom of the frame of the manufactured home is elevated to or above the base flood elevation plus one foot of freeboard;

(2) The manufactured home chassis is supported by reinforced piers or other foundation elements of at least an equivalent strength; and

(3) The manufactured home shall be securely anchored to the adequately anchored foundation system to resist flotation, collapse and lateral movement.

(e) All recreational vehicles placed on sites shall meet the requirements of subsection 20-5(k) herein.

(f) Elevated buildings. New construction and substantial improvements that include fully enclosed areas formed by foundations and other exterior walls below the lowest floor shall have the enclosed areas designed only for parking, limited storage, and building access and the walls shall have openings to allow for the entry and exit of floodwaters to automatically equalize hydrostatic flood forces on exterior walls. Designs

for complying with this requirement must either be certified by a professional engineer or architect or meet the following minimum criteria:

(1) Provide a minimum of two openings having a total net area of not less than one square inch for every square foot of enclosed area subject to flooding;

(2) The bottom of all openings shall be no higher than one foot above grade;

(3) Openings may be equipped with screens, louvers, valves or other coverings or devices provided they permit the automatic flow of floodwaters in both directions; and

(4) Access to the enclosed area shall be the minimum necessary to allow for parking of vehicles (garage door) or limited storage of maintenance equipment used in connection with the premises (standard exterior door) or entry to the living area (stairway or elevator).

(Ord. No. 14039, § 2, 12-9-21; Ord. No. 14295, § 2, 7-11-24)

Sec. 20-5. Development within coastal high hazard areas.

(a) Existing uses located on land in a coastal high hazard area which is below the elevation of the base flood shall not be expanded and no building permit referred to in section 20-3 of this chapter may be issued therefor unless the provisions of subsection (b) hereof are complied with.

(b) No new construction or substantial improvement shall be undertaken, and no permit referred to in section 20-3 of this chapter may be issued therefor upon any lands within coastal high hazard areas which are below the level of the base flood elevation unless said new construction or substantial improvement:

(1) Is located landward of the reach of the mean high tide;

(2) Is securely anchored on pilings or columns and elevated so that the bottom of the lowest horizontal supporting member (excluding pilings or columns) is elevated to or above the base flood elevation level plus one foot of freeboard, with all space below the lowest supporting member open so as not to impede the flow of water; and

(3) All pile and column foundations and structures attached thereto shall be anchored to resist flotation, collapse and lateral movement due to the effects of wind and water loads acting simultaneously on all building components.

(c) There shall be no fill used as structural support. Noncompacted fill may be used around the perimeter of a building for landscaping or aesthetic purposes provided the fill will wash out from storm surge (thereby rendering the building free of obstruction) prior to generating excessive loading forces, ramping effects, or wave deflection. The building official or his/her designee shall approve design plans for landscaping or aesthetic fill only after the applicant has provided an analysis by an engineer, architect, or soil scientist, which demonstrates that the following factors have been fully considered:

(1) Particle composition of fill material does not have a tendency toward excessive natural compaction;

(2) Volume and distribution of fill will not cause wave deflection to adjacent properties; and

(3) Slope of fill will not cause wave runup or ramping.

(d) No manmade alteration of sand dunes or mangrove stands which will increase potential flood damage shall be permitted.

(e) Latticework, mesh screening, or decorative screening shall be allowed below the lowest floor provided it is not part of the structural support of the building and is designed to break away under abnormally high tides or wave action without damage to the structural integrity of the building on which it is to be used and provided the following design specification is met:

For the purposes of this section, a non-load bearing wall is a breakaway wall and shall have a design safe loading resistance of not less than ten and no more than 20 pounds per square foot. Use of breakaway walls which

exceed a design safe loading resistance of 20 pounds per square foot (either by design or when so required by local or state codes) may be permitted only if a registered professional engineer or architect certifies that the designs proposed meet the following conditions:

(1) Breakaway wall collapse shall result from a water load less than that which would occur during the base flood elevation; and

(2) The elevated portion of the building and supporting foundation system shall not be subject to collapse, displacement, or other structural damage due to the effects of wind and water loads acting simultaneously on all building components (structural and nonstructural). Water loading values used shall be those associated with the base flood elevation. Wind loading values used shall be those required by applicable state or local building standards.

(f) If aesthetic lattice-work screening, mesh screening, decorative screening, or concrete block is utilized, such enclosed space shall not be designed for human habitation but shall be designed to be used only for parking of vehicles, building access, or limited storage of maintenance equipment used in connection with the premises.

(g) Prior to construction, plans for any structures that will have latticework or decorative screening or breakaway walls shall be submitted to the building official or his/her designee for approval.

(h) Any alteration, repair, reconstruction or improvement to a structure shall not enclose the space below the lowest floor except with latticework, decorative screening, or concrete in accordance with the definition of breakaway walls.

(i) A registered professional engineer or architect shall certify that the design, specifications and plans for construction are in compliance with the provisions contained in this section.

(j) No manufactured homes, except in existing manufactured home parks and subdivisions and provided all anchoring and elevation standards of subsections (b)(2) and (i) herein are met, shall be placed within this zone.

(k) All recreational vehicles placed within this area must either:

(1) Be fully licensed and ready for highway use;

(2) The recreational vehicle shall meet all the requirements for new construction, including anchoring and elevation requirements of this chapter; or

(3) Be on the site for fewer than 180 consecutive days. A recreational vehicle is ready for highway use if it is on its wheels or jacking system, is attached to the site only by quick-disconnect-type utilities and security devices and has no permanently attached structures.

(Ord. No. 14039, § 2, 12-9-21; Ord. No. 14295, § 2, 7-11-24)

Sec. 20-6. Accessory structures.

Accessory structures are permitted below the base flood elevation provided the accessory structures are used only for parking or storage and:

(1) If located in areas of special flood hazard (Zone A/AE) other than coastal high hazard areas, are one-story and not larger than 600 square feet and have flood openings in accordance with Section R322.2 of the Florida Building Code, Residential;

(2) If located in coastal high hazard areas (Zone V/VE), are not located below elevated buildings and are not larger than 100 square feet;

(3) Are anchored to resist flotation, collapse, or lateral movement resulting from flood loads;

(4) Have flood damage-resistant materials used below the base flood elevation plus one foot; and

(5) Have mechanical, plumbing and electrical systems, including plumbing fixtures, elevated to or above the base flood elevation plus one foot.

(Ord. No. 14039, § 2, 12-9-21)

Sec. 20-7. Basis for establishing areas of special flood hazard.

The areas of special flood hazard identified by the Federal Emergency Management Agency in its flood insurance study for Miami-Dade County, Florida, and incorporated areas dated September 11, 2009, with accompanying flood insurance rate maps and other supporting data, and any amendment and revision thereto, are adopted by reference and declared to be part of this chapter. The study and maps shall be kept on file, available to the public, in the office of the building official.

(Ord. No. 14039, § 2, 12-9-21)

Sec. 20-8. Enforcement.

The building official or his/her designee shall administer and enforce the provisions of this chapter within the corporate limits of the City of Miami, Florida and as provided for in section 20-14.

(Ord. No. 14039, § 2, 12-9-21)

Sec. 20-9. Rules for interpreting area boundaries.

The boundaries of the flood hazard areas shown on the official flood insurance rate maps may be determined by scaling distances. Required interpretations of those maps for precise locations of said boundaries shall be made by the building official. Said interpretations shall be subject to review in accordance with the provisions of subsection 20-12(i) of this chapter.

(Ord. No. 14039, § 2, 12-9-21)

Sec. 20-10. Effect of provisions on ordinances, building code, other regulations.

This chapter shall supersede any conflicting city ordinance, building code, or any other regulation to the extent that this chapter imposes more stringent requirements for the use or development of any lands or structures within areas of special flood hazard. It is not intended to repeal, modify, or change any ordinance, building code or other regulation except as herein stated.

(Ord. No. 14039, § 2, 12-9-21)

Sec. 20-11. Interpretation.

The provisions of this chapter shall be liberally construed in favor of the city in order to effectuate the purposes herein stated.

(Ord. No. 14039, § 2, 12-9-21)

Sec. 20-12. Variances and appeals.

(a) Authority of the variance review committee. The variance review committee shall be comprised of the building official, and the directors of resilience and public works, building, planning, and zoning. The variance review committee, acting by majority vote, and pursuant to this section, shall have the authority and duty to consider and act upon applications for a variance from these regulations for properties located within the corporate limits of the City of Miami, Florida. The variance review committee is hereby advised that in granting any variances hereunder, said official shall consider the purposes of the National Flood Insurance Program as specified in 44 CFR 60 et seq. Furthermore, the variance review committee shall consider the fact that an annual report on variances granted shall be submitted to the National Flood Insurance Administration, which report is the basis for continued availability of flood insurance to the inhabitants of the city, and therefore variances shall be granted with extreme caution.

(b) The variance review committee may grant variances from the terms of this chapter as will not be contrary to the public interest, where owing to special conditions, a literal enforcement of the provisions hereof will result in exceptional hardship, and so the spirit of the regulations shall be observed and substantial justice done; provided, that the variance will be in harmony with the general purpose and intent of this chapter and that the same is the minimum variance that will permit the reasonable use of the premises. Upon receipt of all necessary information including a staff report, the vari-

ance review committee shall review the information and render their decision, either approving, modifying or denying the request. The decision and supporting documentation shall be reviewed by the director of the building department who shall document concurrence as part of the record. A copy of said decision shall be published via the city's website at www.miamigov.com. All approvals or modifications shall not be effective until ten days after the variance review committee decision is published on the city's website at www.miamigov.com. A courtesy notice containing the decision of the variance review committee may be mailed to adjacent and abutting property owners of record, their tenants, or their agents, that are duly noted on the application. The failure to mail or receive such courtesy notice shall not affect any action or proceedings taken hereunder.

(c) Designated historic buildings. A variance is authorized to be issued for repair, improvement, or rehabilitation of a historic building that is determined eligible for the exception to the flood-resistant construction requirements of the Florida Building Code, Existing Building, Chapter 12 Historic Buildings, upon a determination that the proposed repair, improvement, or rehabilitation will not preclude the building's continued designation as a historic building and the variance is the minimum necessary to preserve the historic character and design of the building. If the proposed work precludes the building's continued designation as a historic building, a variance shall not be granted and the building and any repair, improvement, and rehabilitation shall be subject to the requirements of the Florida Building Code.

(d) In passing upon all such applications except those pursuant to subsection (c) herein, the variance review committee shall consider all technical evaluations, all relevant factors, all standards specified in other sections of this chapter, and:

(1) The danger that material may be swept onto other lands to the injury of others;

(2) The danger to life and property due to flooding or erosion damage;

(3) The susceptibility of the proposed facility and its contents to flood damage and the effect of such damage on the individual owner;

(4) The importance of the services provided by the proposed facility to the community;

(5) The necessity of the facility to be located on the waterfront;

(6) The availability of alternative locations, not subject to flooding or erosion damage, for the proposed use;

(7) The compatibility of the proposed use with existing and anticipated development;

(8) The relationship of the proposed use to the comprehensive plan and floodplain management program for that area;

(9) The safety of access to the property in times of flood for ordinary and emergency vehicles;

(10) The expected heights, velocity, duration, rate of rise and sediment transport of the floodwaters and the effects of wave action, if applicable, expected at the site; and

(11) The costs of providing governmental services during and after flood conditions including maintenance and repair of public utilities and facilities such as sewer, gas, electrical and water systems, and streets and bridges.

(e) Upon consideration of the factors listed above, and the purposes of this chapter, the variance review committee may attach such conditions, limitations, and restrictions to any variance as the variance review committee deems necessary to further the purposes of this chapter.

(f) Criteria for variances.

(1) Variances shall only be granted upon a determination that the variance is the minimum necessary, considering the flood hazard, to afford relief; and in the instance of a historical building, a determination

that the variance is the minimum necessary in order not to destroy the historic character and design of the building.

(2) Variances shall only be granted upon (i) a showing of good and sufficient cause, (ii) a determination that failure to grant the variance would result in exceptional hardship, and (iii) a determination that the granting of a variance will not result in increased flood heights, additional threats to public safety, extraordinary public expense, create nuisance, cause fraud on or victimization of the public, or conflict with existing local laws or ordinances.

(g) Any applicant to whom a variance is granted shall be given written notice specifying:

(1) That the issuance of a variance to construct a structure below the base flood elevation level will result in increased premium rates for flood insurance up to amounts as big as $25.00 for $100.00 of insurance coverage, and

(2) Such construction below the base flood elevation level increases risks to life and property.

(h) The variance review committee shall maintain the records of all variance actions, including justification for their issuance, and report such variances to the Federal Emergency Management Agency.

(i) Review and appeal. Any person aggrieved by any decision of the variance review committee may appeal to the city manager or their designees within 15 days after the date of the decision complained of, a written notice of appeal which shall set forth concisely the decision appealed from and the reasons or grounds for appeal. The building director is required to schedule the appeal for hearing at the earliest possible date, and cause notice thereof to be served upon the appellant and the variance review committee. The appellant shall have the right to present their position to the city manager or their designees which shall hear and consider all facts material to the appeal. The city manager or their designees pursuant to the criteria set forth in subsection (f), shall either affirm the variance review committee refusal to grant a variance or reverse the refusal and grant the variance. The decision of the city manager or their designees which shall be rendered within 15 days after conclusion of the hearing, shall constitute final administrative review. Any person aggrieved by any decision of the review committee on an appeal shall be entitled to judicial review in accordance with the Florida Rules of Appellate Procedure.

(Ord. No. 14039, § 2, 12-9-21; Ord. No. 14295, § 2, 7-11-24)

Sec. 20-13. Warning and disclaimer of liability.

The degree of flood protection required herein is considered reasonable for regulatory purposes and is based on scientific studies. Larger floods may occur. This chapter shall not be deemed to imply that the areas inside or outside designated flood hazard areas will be entirely free from flooding or flood damages, and shall not create liability on the part of the city or any officer or employee thereof for any flood damages that result from reliance on this chapter or any administrative decision lawfully made thereunder.

(Ord. No. 14039, § 2, 12-9-21)

Sec. 20-14. Penalties for violation.

(a) Violations of the provisions of this chapter or failure to comply with any requirements hereunder (including violations of conditions, restrictions, or limitations established in connection with any variances) shall constitute an offense punishable as provided in section 1-13. Each day such violation continues shall be considered as a separate offense.

(b) Notwithstanding the provisions of subsection (a) above, the building official or his/her designee may secure enforcement hereof by any legal action necessary, including but not limited to chapter 2, article X of the City Code, application to any court for injunctive relief, revocation of any permit issued hereunder or other appropriate means allowed by law.

(c) Violation of this chapter may result in suspension or revocation of certificate of occupancy. (Ord. No. 14039, § 2, 12-9-21; Ord. No. 14295, § 2, 7-11-24)

Sec. 20-15. Reserved.

Sec. 20-16. Schedule of fees.

(a) *Application for waiver from subsection 20-3(11)(a).*

(1)	Residential.	$210.00
	Each additional structure . .	26.25
(2)	Commercial	394.00
	Each additional structure . .	26.25

(b) *Application filing fee for variance from sections 20-4 and 20-5.*

(1)	Single-family residential (per house)	$420.00
(2)	Commercial, industrial or other (per building).	840.00

(c) *Appeal to decision of the building official.*

(1)	Residential (per house)	$473.00
(2)	Commercial (per building) .	840.00

(d) *Application fees for variances (after the fact).* Application fees for variances (after the fact) shall be assessed at double the amount indicated above.
(Ord. No. 14039, § 2, 12-9-21)

Sec. 20-17. Fill prohibition for areas not covered by structures.

With the exception of any legally permitted building or accessory structure, no other portion of a lot, as defined by the Miami 21 Code, the zoning ordinance of the City of Miami, Florida, as amended, that is below the crown of road or Miami-Dade County flood criteria maps, whichever is lower, may be elevated or filled so as to obliterate the natural contour of the lot. This section shall not apply to any work necessary to provide reasonable vehicular access to the lot, existing grade elevations, below 6.00' NAVD 88, or for any filling required immediately adjacent and in connection with construction or reconstruction of a seawall. Elevated or filled lots are required to meet the following requirements:

(1) Be enclosed by a perimeter retaining wall, minimum elevated 12 inches above highest existing and proposed grade elevations.

(2) Provide a drainage calculation that demonstrates retention of rainwater within surrounding property lines based on 100-year storm, 20 minutes time of concentration, per design standards - Miami Dade County - Public Works Manual - Part 2 - Design and Construction - WC 1.1 Rainfall Intensities—5 min. to 24 hrs.

(Ord. No. 14039, § 2, 12-9-21; Ord. No. 14295, § 2, 7-11-24)

GARBAGE AND OTHER SOLID WASTE*

Article I. In General

Sec. 22-1. Definitions.
Sec. 22-2. Collection services, container usage, condition and requirements for placement location; city and commercial solid waste services.
Sec. 22-3. Accumulation of waste; proof.
Sec. 22-4. Plans for waste storage on certain premises to be approved before issuance of building permit; proof of commercial solid waste service before issuance of certificates of use or occupancy.
Sec. 22-5. Duty to dispose of trash and prevent accumulations.
Sec. 22-6. Littering and dumping prohibited; dumping or burying waste without proper authorization; illegal dumping in area bulky waste transfer stations; engaging in business of solid waste collection without franchise; declared public nuisance; presumption.
Sec. 22-7. Method of transporting waste.
Sec. 22-8. Manner of handling garbage and trash; placing dangerous materials in waste containers prohibited.
Sec. 22-9. Responsibility of persons other than owners of premises for violations and for noncompliance.
Sec. 22-10. Operation of business where wind regularly carries solid waste into street; fencing requirements.
Sec. 22-11. Dumping on public right-of-way prohibited.
Sec. 22-12. Waste fees.
Sec. 22-13. Emergency powers of the director.
Sec. 22-14. City and commercial collection of solid waste.
Sec. 22-15. Educational trust fund established from recycling program for scholarships to children of certain city employees; conditions for implementation and scholarship committee.
Sec. 22-16. Special collections, fees, extra charges.
Sec. 22-17. Private disposal of waste.
Sec. 22-18. Responsibility for removal of certain waste; collection and disposal of furniture, appliances, etc.
Sec. 22-19. Recycling programs required for multi-family residences of four units or more.
Sec. 22-20. Recycling programs required for commercial property; joint and several liability.
Sec. 22-21. Modified recycling programs allowed.
Sec. 22-22. Landscaper permit required.
Sec. 22-23. Prohibited disposition and raking of yard waste, dirt or debris when raking or using leaf blowers.
Secs. 22-24—22-45. Reserved.

Article II. Regulation of Persons Engaged in Commercial Waste Collection

Sec. 22-46. Engaging in business of solid waste collection and disposal; issuance of franchise agreement to private solid waste collectors.
Sec. 22-47. Application for franchise.

***Charter references—**Authority of city to collect and dispose of garbage, etc., § 3(o); nuisances generally, § 3(p).

City Code cross references—General services administration department, § 2-326 et seq.; throwing or depositing substances, etc., within city stadiums, parks and adjacent grounds, § 38-17; disposal of trash in city parks, § 38-63; control of marine pollution, § 50-96 et seq.; disposal of garbage, waste and refuse into marinas or yacht basins, § 50-237.

Sec. 22-48. Denial of application.
Sec. 22-49. Appeal from the recommended denial of franchise; appeal from revocation of franchise.
Sec. 22-50. Annual franchise fees; franchise fees.
Sec. 22-51. Recycling and bulky trash requirements for franchisees.
Sec. 22-52. Identification of equipment.
Sec. 22-53. Information required of franchisees.
Sec. 22-54. Change in required information..
Sec. 22-55. Disposal required at city- and/or county-approved facilities.
Sec. 22-56. Franchise fee requirement; monthly franchise fee payment; approval by city commission as a prerequisite to issuance; financial statements, list of accounts; account permit fees; roll-off permit fees.
Sec. 22-57. List of qualifications for franchises; term; nontransferability; rules and regulations; tests, inspections and audits.
Sec. 22-58. Revocation of franchise.
Sec. 22-59. Procedure upon violation of sections 22-46 through 22-58.
Secs. 22-60—22-85. Reserved.

Article III. Enforcement and Administration

Sec. 22-86. Waste fees; implementation.
Sec. 22-87. Schedule of waste collection and disposal fees; records to be kept.
Sec. 22-88. Payment of waste fees.
Sec. 22-89. Waste and right-of-way cleaning fees shall constitute special assessment liens against all improved real property.
Sec. 22-90. Waste fee receipts.
Sec. 22-91. Multiple occupancy of premises.
Sec. 22-92. Certain exemptions from payment of waste fees.
Sec. 22-93. Enforcement and administrative fees.
Sec. 22-94. Hearings.
Sec. 22-95. Appeal.
Secs. 22-96—22-112. Reserved.

Article IV. Maintenance of Lots

Sec. 22-113. Intent.
Sec. 22-114. Definitions.
Sec. 22-115. Registration.
Sec. 22-116. Prohibitions.
Sec. 22-117. Lot clearance; failure to comply; notice to owner.
Sec. 22-118. Cost of clearing as lien on property—collection, foreclosure and sale.
Sec. 22-119. Exemptions.
Sec. 22-120. Alternative procedures.
Secs. 22-121—22-145. Reserved.

Article V. Removal of Abandoned Property

Sec. 22-146. Removal from private property.
Sec. 22-147. Owner responsible for costs of removing abandoned property.
Sec. 22-148. Obstruction of enforcement officer.
Sec. 22-149. Enforcement officer immune from prosecution.
Sec. 22-150. Enforcement officers designated.
Sec. 22-151—22-160. Reserved.

Article VI. Donation Collection Bins

Sec. 22-161. Donation bins prohibited.
Secs. 22-162—22-169. Reserved.

Article VII. Reserved

Secs. 22-170—22-179. Reserved.

Article VIII. Handbills

Sec. 22-180. Definitions.
Sec. 22-181. Throwing or discarding handbills prohibited.
Sec. 22-182. Distribution of commercial handbills during certain events prohibited; penalty; enforcement.
Sec. 22-183. Enforcement by code inspectors/enforcement officers; civil infraction notice.
Sec. 22-184. Fines.
Sec. 22-185. Recovery of unpaid fines; unpaid fines to constitute a lien; foreclosure.

ARTICLE I. IN GENERAL

Sec. 22-1. Definitions.

For the purpose of this chapter, the definitions contained in this section shall apply unless otherwise specifically stated.

Additional leased garbage container(s). The words "additional leased garbage container(s)" shall mean one or more additional garbage container(s) leased by an assessed property owner pursuant to sections 22-2 and 22-12 of the City Code.

Annual franchise fee. The words "annual franchise fee" shall mean the yearly fee charged by the City of Miami ("city") to each franchisee who operates within the city limits and collects garbage and trash. See subsection 22-50(b) of the City Code.

Annual specialized waste handling fee. The words "annual specialized waste handling fee" shall mean the yearly fee charged by the city to each franchisee which operates within the city limits and collects trash, excluding garbage. See subsection 22-50(c) of the City Code.

Biological waste. The words "biological waste" shall mean solid waste that causes or has the capability of causing disease or infection and includes, but is not limited to, biomedical waste, diseased or dead animals, and other wastes capable of transmitting pathogens to humans or animals. The term does not include human remains that are disposed of by persons licensed under F.S. ch. 470.

Biological waste collector. The words "biological waste collector" shall mean any private solid waste contractor who collects, transports or disposes of biological waste.

Biomedical waste. The words "biomedical waste" shall mean any solid waste or liquid waste which may present a threat of infection to humans. The term includes, but is not limited to, nonliquid human tissue and body parts; laboratory and veterinary waste which contain human-disease-causing agents; discarded disposable sharps; human blood, and human blood products and body fluids; and other materials which in the opinion of the department of health and rehabilitative services of the state represent a significant risk of infection to persons outside the generating facility.

Biomedical waste collector. The words "biomedical waste collector" shall mean any private solid waste contractor who collects, transports or disposes of biomedical waste.

Bulky waste. The words "bulky waste" shall mean, but not be limited to, large items of household refuse such as appliances, furniture, accumulations from major tree cutbacks (exceeding ten inches in diameter and four feet in length and weighing more than 50 pounds), large crates and like articles which shall be placed out for city collection by residential unit owners paying for city service on a weekly basis.

Certified recovered materials dealer. The words "certified recovered materials dealer" shall mean a dealer certified under F.S. § 403.7046, who handles, purchases, receives, recovers, sells or is an end user of recovered materials as defined herein.

Collection area. The words "collection area" shall mean the entire boundary of the city at all times.

Commercial business. The words "commercial business" shall mean and include all retail, professional, wholesale, and industrial facilities and any other commercial enterprises, for profit or not for profit, offering goods or services to the public.

Commercial hauler. The words "commercial hauler" shall mean a licensed city franchisee that operates within the city limits and provides certain services to multi-family and commercial businesses including but not limited to garbage, trash, recycling, roll-off, and specialized waste handling service.

Commercial landscaper. The words "commercial landscaper" shall mean an individual or organization registered with the city (see section 22-10 of the City Code) to provide grounds and landscaping services to residences and/or commercial properties within the city for grounds up-keep and maintenance.

Commercial property. The words "commercial property" shall mean any hotel, motel, rooming-house, tourist court, trailer park, bungalow court, apartment building with rental apartments, cooperative apartments, and/or multiple-story condominium buildings and any other business or establishment of any nature or kind whatsoever other than a residential unit as defined in this section.

Commercial solid waste. The words "commercial solid waste" shall mean every waste accumulation, including but not limited to, dust, paper, paper cartons, cardboard cartons, excelsior, rags, garbage, plastics, metal containers, recyclable material, garden and yard clippings and cuttings, bulky waste and other waste which is usually attendant to the operations of commercial businesses or multifamily residences.

Commercial solid waste and recycling advisory committee. The words "commercial solid waste and recycling advisory committee" shall be defined as an elected/appointed/selected body created for the purpose of providing advice and recommendations on commercial solid waste issues within the city in conjunction and cooperation with the department of solid waste.

Commercial solid waste service. The words "commercial solid waste service" shall mean the collection and disposal of garbage, trash, recycling, solid and processable waste for all business, commercial, industrial, religious, health, educational, governmental and quasi-governmental establishments, including the collection and disposal of construction and demolition debris.

Condominiums. The words "condominiums" or "condominium buildings" shall be deemed to mean any building or structure that evidences that form of ownership of real property which is created pursuant to the State of Florida Condominium Act, which is comprised of units that may be owned by one or more persons, and in which there is appurtenant to each unit an undivided share in common elements, except for properties excluded by City Resolution No. 11807, adopted on June 22, 1999. Any condominiums with three or more dwelling units therein shall be classified as commercial establishments for purposes of this chapter.

Construction and demolition debris. The words "construction and demolition debris" shall mean materials generally considered to be not water soluble and nonhazardous in nature, including, but not limited to, steel, glass, brick, concrete, asphalt roofing material, pipe, gypsum wallboard, and lumber, from the construction or destruction of a structure as part of a construction or demolition project, and including rocks, soils, tree remains, trees, and other vegetative matter which normally results from land clearing or land development operations for a construction project, including such debris from construction of structures at a site remote from the construction or demolition project site. Mixing of construction and demolition debris with other types of solid waste, including material from a construction or demolition site which is not from the actual construction or destruction of a structure, will cause it to be classified as other than construction and demolition debris. The term also includes:

(1) Clean cardboard, paper, plastic, wood, and metal scraps from a construction project;

(2) Except as provided in F.S. § 403.707(12)(j), unpainted, non-treated wood scraps from facilities manufacturing materials used for construction of structures or their components and unpainted; non-treated wood pallets provided the wood scraps and pallets are separated from other solid waste where generated and the generator of such wood scraps or pallets implements reasonable practices of the generating industry to minimize the commingling of wood scraps or pallets with other solid waste; and

(3) De minimis amounts of other nonhazardous wastes that are generated at construction or destruction projects, provided such amounts are consistent with best management practices of the industry.

Construction and demolition debris collector. The words "construction and demolition debris

collector" shall mean any commercial solid waste franchisee who collects, transports or disposes of construction and demolition debris and shall be subject to a registration fee as provided for F.S. § 403.7046.

Construction dumpster or roll-off. The words "construction dumpster or roll-off" shall mean an approved open metal container without wheels, with capacity up to 40 cubic yards, used at construction sites for the purpose of removing construction and demolition debris, which includes rock, metal and other materials which are heavy in weight or substantial in size, used in connection with a construction and/or demolition project.

Container-on-wheels. The words "container-on-wheels" shall refer to the 96-gallon containers issued to residences by the city for automated garbage collection and are required to be used, once issued.

Containerized waste. The words "containerized waste" shall mean and include refuse, not to include garbage as defined herein, which is placed in containers, plastic bags, and/or bulk containers not exceeding three feet in length or weighing more than 50 pounds.

Curbside. The word "curbside" shall mean the area between the sidewalk and the street edge or, in areas without sidewalks, the area between the edge of the traveled portion of any public or private street and the property line.

Department. The word "department" shall mean the city department of solid waste.

Director. The word "director" shall mean the director of the department of solid waste.

Dumping. The word "dumping" shall mean to throw, discard, place, deposit or bury any litter and/or refuse except where permitted.

Dumpster. The word "dumpster" shall mean an approved metal container on wheels with a tightfitting solid top and a minimum capacity of one cubic yard or 202 gallons.

Enforcement officer. The words "enforcement officer" shall mean designated agents of the city manager, acting by and through him/her, including but not limited to, sanitation inspectors, code enforcement inspectors, and police officers.

Fiscal year. The words "fiscal year" shall mean the 12-month period beginning October 1.

Franchisee. The word "franchisee" shall mean a private commercial solid waste/firm that is granted a nonexclusive franchise by the city, to remove and dispose of solid waste from commercial properties, which is required to pay a percentage of its gross monthly earnings to the city pursuant to the provisions of this chapter.

Franchise agreement. The words "franchise agreement" shall mean a non-exclusive agreement between the city and a qualified firm to provide commercial solid waste services, as defined in this chapter, within the city.

Franchise fees. The words "franchise fees" shall mean the monthly percentage of gross receipts remitted to the city by each franchisee. See section 22-56 and section 22-50 of the City Code, as amended.

Garbage. The word "garbage" shall mean every refuse accumulation of animal, fruit or vegetable matter that attends the preparation, use, cooking and dealing in, or storage of edibles, and any other matter, of any nature whatsoever, which is subject to decay, putrefaction and the generation of noxious or offensive gases or odors, or which, during or after decay, may serve as breeding or feeding material for flies or other germ-carrying insects.

Garbage container. The words "garbage container" shall mean a galvanized metal, durable plastic or other suitable material container of the type commonly sold as a garbage container, including wheeled containers, of a capacity not less than 20 gallons and not to exceed 96 gallons, sufficiently strong to be emptied conveniently, or a bail by which it may be lifted, and a tightfitting metal or plastic top with handle, and so constructed as to permit the free discharge of its contents. The container must not have any inside structures such as inside bands and reinforcing angles or anything within the

container to prevent the free discharge of the contents. The container shall be free of jagged or sharp edges.

Gross receipts. The words "gross receipts" shall mean all monies, whether paid by cash, check, debit, credit, or any other legal form of payment, resulting from all transactions and activities in the franchisee's regular course of business and trade including administrative fees, garbage, industrial, solid waste, used cooking oil waste, environmental charges and fees, containerized waste services, fuel surcharge, construction and demolition debris, roofing materials, trash, litter, maintenance, compactors, refuse and/or rubbish collection removal and disposal services rendered, hand bag collection, recycling (excluding recovered materials at commercial establishments as defined by F.S. § 403.703), or from any other source related directly or indirectly from waste collection services, including, but not limited to, all income derived from the use of dump trucks, grappling trucks, roll-off trucks, trailers, roll-offs, boxed in, framed, fenced in, or otherwise designated storage areas, etc., containers, bagsters, chutes, and any other vehicles and equipment used for collection and disposal of any debris by the franchisee, exclusive of Franchise Fees herein and taxes as provided by law, whether wholly or partially collected within the city, less bad debts. Gross receipts shall not include income derived from the transportation, storage, treatment, collection, and removal of biomedical, biological, or hazardous waste as herein defined.

Hazardous waste. The words "hazardous waste" shall mean solid waste, or a combination of solid wastes, which because of its quantity, concentration, or physical, chemical or infectious characteristics may cause, or significantly contribute to, an increase in mortality or an increase in serious irreversible or incapacitating reversible illness or may pose a substantial present or potential hazard to human health or the environment when improperly transported, disposed of, stored, treated or otherwise managed.

Hazardous waste collector. The words "hazardous waste collector" shall mean any private solid waste contractor who collects, transports or disposes of hazardous waste and shall be subject to a registration fee as provided for in F.S. § 403.7046.

Health and safety concern. The words "health and safety concern", for purposes of this chapter, shall mean any inefficient and improper method of managing solid waste collection which creates a hazard to the public health, causes pollution of air and water resources, constitutes a waste of natural resources, has an adverse effect on land values and creates public nuisances.

Industrial wastes. The words "industrial wastes" shall mean the waste products of canneries, slaughterhouses or packing plants; condemned food products; wastes and debris from brick, concrete block, roofing shingle or tile plants; debris and wastes accumulated from land clearing, excavating, building, rebuilding and altering of buildings, structures, roads, streets, sidewalks, or parkways; and any waste materials which, because of their volume or nature, do not lend themselves to collection and incineration commingled with ordinary garbage and trash, or which, because of their nature or surrounding circumstances, should be, for reasons of safety or health disposed of more often than the city collection service schedule provided for in this chapter.

Industrial waste collector. The words "industrial waste collector" shall mean any private solid waste contractor who collects, transports or disposes of industrial waste and shall be subject to a registration fee as provided for in F.S. § 403.7046.

In-kind services. The words "in-kind services" shall mean those services for which no fees or charges are assessed, including service to city facilities and neighborhood cleanups as defined by the director.

Landscape firm. The words "landscape firm" shall mean landscape architects, landscape contractors, landscape maintenance firms and all others doing work similar to that performed by landscape architects, landscape contractors and landscape maintenance firms doing business within the city.

Large residential trash. The words "large residential trash" shall mean yard and garden trash weighing more than 50 pounds, bulky and noncombustible materials which cannot be containerized and weigh over 50 pounds, and other non-hazardous, non-construction, non-demolition, non-biomedical or non-industrial material too large to be bagged, bundled or containerized and weighing over 50 pounds. Large trash shall be placed out along with bulky waste for once per week collection.

Litter. The word "litter" shall mean any garbage, rubbish, can, bottle, box, container, tobacco product, tire, appliance, mechanical equipment or part, building or construction material, tool, machinery, wood, motor vehicle or motor vehicle part, vessel, aircraft, farm machinery or equipment, trash, refuse and paper.

Local government registration fee. The words "local government registration fee" shall mean the annual, October 1st through September 30th, charge assessed by the city to recovered materials dealers and other businesses deemed as being required to register with the City as a service provider in the designated category, commensurate with and no greater than the cost incurred to establish and operate a registration and reporting process limited to the regulations, reporting format and reporting frequency pursuant to F.S. § 403.7046, with regard to recovered materials, and other businesses of a designated category, their collection and disposal of same from commercial properties within the city.

Minidump. The word "minidump" shall mean a disposal site, maintained by the department, where householders of the city may deposit trash and small trash.

Modified recycling program. The words "modified recycling program" shall mean an operation approved by the department which provides for the recycling of recyclable material by a method varying from the requirements of section 22-19 or section 22-20 of the City Code.

Mow. The word "mow" shall mean to cut down grass or similar growth with a mechanical device such as lawn mower.

Multifamily residence. The words "multifamily residence" shall mean and include any building or structure containing four or more contiguous living units and intended exclusively for residential purposes.

Neighborhood cleanups. The words "neighborhood cleanups" shall mean periodic intensive removal of litter, debris and other solid waste material from a designated area of the city, initiated or approved by the city and/or recognized community based organizations or associations including special event activities citywide.

Noncombustible refuse. The words "noncombustible refuse" shall mean refuse materials that are unburnable at ordinary incinerator temperatures (800 degrees to 1,800 degrees Fahrenheit) such as metals, mineral matter, large quantities of glass or crockery, metal furniture, auto bodies or parts, and other similar material or refuse not usual to housekeeping or to the operation of stores or offices.

Nonexclusive franchise. The words "nonexclusive franchise" shall mean a non-exclusive right and privilege granted to a qualified firm to contract to provide solid waste, construction and demolition material, and recyclable collection and disposal services to commercial and non-residential properties, as defined in this chapter, in, upon, over and across the present and future streets, alleys, easements and other public places of the city.

Organic waste. The words "organic waste" shall mean a type of waste material which can be broken down into its base compounds by micro-organisms and other living things, regardless of what those compounds may be, and can be commonly found in municipal solid waste such as green waste, food waste, paper waste, and biodegradable plastics. The words "organic waste" specifically do not include waste as defined by the recoverable materials definition and the associated exemption under F.S. § 403.7046.

Permit per account fee. The words "permit per account fee" shall mean the charge assessed by the city to a franchisee, for every account with

whom it acquires or maintains an agreement during the fiscal year for purposes of providing commercial solid waste services.

Plastic bag. The words "plastic bag" shall mean a polyethylene or other heavy-duty plastic bag meeting the National Sanitation Foundation standard of one and one-half mils and not exceeding a 32-gallon capacity with a securing twist tie.

Portable container. The words "portable container" shall mean dumpster, roll-away or other similar container designed for mechanized collection.

Posting. The word "posting" shall mean to display by putting up on property in a public place of view.

Produce market. The words "produce market" shall mean the area in which produce vendors congregate and sell their products bounded by NW 10th Avenue to the east, NW 22nd Avenue to the west, NW 23rd Street to the north, and NW 20th Street to the south.

Public nuisance. The words "public nuisance," for purposes of this chapter, shall mean a container or roll-off/container which appears to be utilized for commercial solid waste collection with or without a city franchise agreement and poses a threat to the health and safety of the community.

Recovered materials. The words "recovered materials" shall mean metal, paper, glass, plastic, textile, or rubber materials that have known recycling potential, can be feasibly recycled, and have been diverted and source separated or have been removed from the solid waste stream for sale, use, or reuse as raw materials, whether or not the materials require subsequent processing or separation from each other, but does not include materials destined for any use that constitutes disposal. Recovered materials as described above are not solid waste.

Recyclable material. The words "recyclable material" shall mean those materials which are capable of being recycled and which would otherwise be processed or disposed of as solid waste.

Recycling. The word "recycling" shall mean any process by which solid waste, or materials which would otherwise become solid waste, are collected, separated, or processed and reused or returned to use in the form of raw materials or products.

State law reference—F.S. Ch. 403, Environmental Control Part IV—Resource Recovery and Management, as may be amended from time to time.

Refuse. The word "refuse" shall mean any garbage, garden trash, industrial waste, noncombustible refuse, rubbish, waste, bulk waste, containerized waste and/or solid waste.

Residential unit. The words "residential unit" shall mean any structure used or constructed or modified or adopted for use as a single-family dwelling, duplex, cluster housing, townhouse or multiple-family apartment building or other similar structure containing three or fewer residential units, and which is located on a single lot, parcel or tract of land. Each dwelling unit of a duplex, cluster housing, townhouse, or multiple-family building or other similar structure shall be deemed a separate residence.

Roll-off/container. The words "roll-off/container" shall mean a metal container, compacted or open, with or without wheels, designed and used by nonexclusive commercial solid waste haulers and/or other companies for the collection and disposal of construction debris, demolition debris and/or large quantities of trash and/or bulky waste, but not garbage or commercial refuse.

Roominghouses/boardinghouses. The word "roominghouse" shall mean any legal nonconforming residential building used, or intended to be used, as a place where sleeping or housekeeping accommodations are furnished or provided for pay to transient or permanent guests or tenants which does not maintain a public dining room or cafe in the same building or in any building in connection therewith. The word "boardinghouse" shall mean an establishment where meals are regularly prepared and served for compensation for five or more persons, and where most of the food is placed upon the table family style without service or ordering of individual portions from a menu. Boardinghouses may also provide lodging for compensation. The proprietor of a roominghouse or boardinghouse may receive or reject

whom he/she wishes and usually makes special oral or written contracts with each of his/her lodgers concerning compensation and length of stay.

Rubbish. The word "rubbish" shall mean refuse accumulation of paper, excelsior, rags or wooden or paper boxes or containers, sweepings and all other accumulations of a nature other than garbage, which are usual to housekeeping and to the operation of stores, offices and other business places, and also any bottles, cans or other containers which, due to their ability to retain water may serve as breeding places for mosquitoes or other water breeding insects; rubbish shall not include noncombustible refuse, as defined above.

Safety inspection fee. The words "safety inspection fee" shall mean a regulatory fee pursuant to F.S. § 166.221, imposed by the solid waste director upon a franchisee for inspection of substandard, unsafe, or inoperable vehicles and/or equipment.

Screening. The word "screening" shall mean a landscaped area with shrubs three feet in height at time of planting to form a continuous, unbroken solid buffer, or a five-foot-high fence or C.B.S. wall finished and painted on both sides to provide a visual barrier.

Service unit. The words "service unit" shall mean four sleeping rooms or a fraction thereof, where no cooking privileges are provided, located in any commercial establishment.

Small trash. The words "small trash" shall mean bundled and clean yard and garden trash, including shrubbery, vines, and branches capable of being gathered into bundles and tied securely so that each bundle does not exceed three feet in length or weigh more than 50 pounds; all accumulations of lawn, grass or shrubbery cuttings or clippings and leaf rakings, free of dirt, rock, large branches and bulky or noncombustible materials which can be containerized and not weigh over 50 pounds, per container; and accumulations of tree branches, tree limbs, parts of trees, bushes and shrubbery which are up to three inches in diameter and do not exceed four feet in length, do not weigh over 50 pounds, are too large to be containerized, but require and can be bundled and tied, and other non-hazardous, non-construction, non-demolition, non-biomedical material small enough to be bagged, bundled, or containerized or does not exceed three feet in length or weigh more than 50 pounds. Small trash shall be placed out along with garbage for twice per week collection.

Solid waste. The words "solid waste" shall mean garbage, rubbish, refuse, or other discarded material, including solid, liquid, semisolid, or contained gaseous material resulting from domestic, industrial, commercial, mining, agricultural or governmental operations.

Solid waste disposal and resource recovery facility. The words "solid waste disposal and resource recovery facility" shall mean any solid waste disposal area, volume reduction plant, transfer station or other facility, the purpose of which is resource recovery or the disposal, recycling, processing, transfer or storage of solid waste.

Source separated. The words "source separated" shall mean the recovered materials are separated from solid waste where the recovered materials and solid waste are generated. The term does not require that various types of recovered materials be separated from each other and recognizes de minimis solid waste, in accordance with industry standards and practices, may be included in the recovered materials. Materials are not considered source separated when two or more types of recovered materials are deposited in combination with each other in a commercial collection container located where the materials are generated and such materials contain more than ten percent solid waste by volume or weight. For purposes of this subsection, the term "various types of recovered materials" means metals, paper, glass, plastic, textiles, and rubber.

Special events. The words "special events" shall mean events as delineated in subsection 22-171(a)(7) of the City Code and any other designated event designated as a special event by the city commission, city manager and/or designee.

Special non-residential trash collection. The words "special non-residential trash collection" shall mean yard and garden trash weighing more than 50 pounds, too large to be containerized for commercial collection, clean and free of dirt, rocks, trash and any other debris. It includes accumulations from major tree cutbacks (exceeding ten inches in diameter and four feet in length and weighing more than 50 pounds). Collection by the city must be approved and scheduled by department prior to set out or fines will be incurred.

Special residential collection. The words "special residential collection" shall mean a collection of non-hazardous, non-industrial, waste beyond the normal city garbage, trash, and recycling, including bulky waste and large trash, for which residents or property owners will be charged the cost of collection, disposal and the appropriate administrative fees. Such collection excludes asbestos, whole or used tires, oil, lead-acid batteries, mercury lights, combustible, hazardous, biomedical and biological waste.

Specialized waste handler. The words "specialized waste handler" shall mean those companies whose primary business is limited to collecting and disposing of solid waste that requires special handling and management, including, but not limited to white goods, waste tires, used oil, lead-acid batteries, construction and demolition debris, ash residue and biomedical and biological waste.

Specialized waste. The words "specialized waste" shall mean solid waste that requires special handling and management, including, but not limited to white goods, waste tires, used oil, lead-acid batteries, construction and demolition debris, ash residue, biomedical and biological waste.

Specialized waste handling nonexclusive fee. The words "specialized waste handling nonexclusive fee" shall mean the annual fee paid to the city for the right to conduct specialized waste handling services in the city.

Subcontractor. The word "subcontractor" shall mean a private commercial solid waste hauling company that is subcontracted or otherwise used by a franchisee of the city for the servicing of a commercial property within the city for removal and disposal of solid waste pursuant to the provisions of this chapter. Franchisees and subcontractors shall be jointly and severally responsible for compliance with this article. The city may revoke franchises as provided in this article and pursue all remedies allowed by the laws of the State of Florida and the city for violations of this article. Subcontractors used by franchisees to perform commercial solid waste hauling services including, but not limited to, use of their equipment and/or servicing of commercial properties within the city shall be required to have a city commission awarded franchise.

Swale area. The words "swale area" shall mean the paved or unpaved area between the edge of the sidewalk or property line and the edge of the street.

Temporary roll-off/container permit fee. The words "temporary roll-off/container permit fee" shall mean the charge paid every 90 days the account remains active, per account to the city for each large container and/or roll-off utilized by franchisees to provide contracted removal and disposal of waste from commercial constructions and demolition, renovation and other similar accounts which are of a temporary nature.

Trash. The word "trash" shall mean garden, tree and shrubbery trash that is too large to be bagged, bundled or containerized, wooden or paper boxes or containers, and other accumulations of a nature other than garbage and bulky waste as defined herein which cannot be bagged, bundled or containerized for weekly collection.

Waste broker. The word "waste broker" shall mean an individual, including a natural person or entity, who serves as a middle person between other parties within the commercial solid waste hauling industry. The services of a waste broker who utilize city franchisees and/or Subcontractors who have a city commission awarded franchisee for servicing of commercial properties within the city are allowed under this chapter.

Waste-to-energy facility. The words "waste-to-energy facility" shall mean a facility which uses conversion technology such as thermal, biologi-

cal or biochemical processes to breakdown raw feedstock to produce a beneficial by-product and/or digestate. In general, the primary objective of the conversion technologies is to convert waste into useful energy products that can include synthetic or synthesis gas (syngas), biogas, petroleum, commodity chemicals, or compost in order to support waste diversion from landfills and to reduce carbon emissions.

(Ord. No. 10128, § 1, 7-10-86; Ord. No. 10232, § 1, 3-13-87; Ord. No. 10371, § 1, 1-14-88; Ord. No. 10887, § 1, 6-20-91; Ord. No. 11184, § 2, 10-27-94; Code 1980, § 22-1; Ord. No. 14138, § 9, 2-9-23)

Sec. 22-2. Collection services, container usage, condition and requirements for placement location; city and commercial solid waste services.

(a) Garbage from single and multifamily residences of three units or less shall be collected, conveyed and disposed of by the city twice a week. Hours and days on which containers are to be collected shall be as prescribed by the director. All small trash, containerized waste, and garbage to be removed by the city shall be placed at curbside in front of the property for removal by the city as scheduled by the director, in such a manner as not to obstruct pedestrian passage or impede collection by city forces. The director may make exceptions to these rules to accommodate disabled and elderly persons. Each residence in the city shall be provided with one city issued garbage container per each residential unit to accommodate all garbage, small trash or rubbish to be removed by the city. Garbage and small trash will be placed only in the container provided by the city for this purpose. Containerized garbage shall be placed at curbside no later than 6:00 a.m. the morning of scheduled collection and no sooner than the night before and containers shall be picked up at the end of the collection day. Single and multifamily residences receiving solid waste services by the city may elect to lease additional city issued garbage containers for an annual fee equivalent to 20 percent of the annual solid waste assessment fee set forth by resolution of the city commission. The leased garbage containers will be assessed on the property owner's tax bill on an annual basis, except as provided for in subsection 22-12(b)(2) of the City Code. Should the request for an additional garbage container occur after the annual assessment has been issued, payment must be made by check on a prorated basis. The lease shall be for a one-year period and cannot be prorated.

(b) Every commercial property shall utilize the waste collection services of a franchisee authorized to perform such services by the city commission. It shall be the responsibility of the owner, occupant, tenant or lessee of the commercial establishment to properly dispose of all trash, waste and garbage generated by such commercial property. Each commercial property in the city shall have a sufficient number of scheduled collections, garbage containers, plastic bags or portable containers to accommodate all garbage, bundled garden trash or rubbish to be removed by the franchisees. Franchisees shall be required to remove all refuse placed or spilled within a ten-foot radius of the container being serviced.

Any franchisee providing waste collection services who will be discontinuing its collection service to a commercial property shall give the department of code enforcement and the city manager's office or its designated city department at least seven business days' prior notice of its intention to discontinue such service. The franchisee shall additionally mail to the owner, occupant, tenant or lessee of the commercial property a notice that it is discontinuing waste collection services for that commercial property. Duplicate copies of this notice shall be simultaneously mailed by the franchisee to the department and the city manager's office or its designated city department. A commercial property which does not have current waste collection services

being furnished shall be subject to having an administrative service fee imposed pursuant to section 22-93.

All food service properties producing raw or processed organic waste matter as a major portion of their waste stream shall provide for the removal of such material a minimum of three times per week.

(c) The garbage or trash container site for commercial properties shall:

(1) Be situated in an easily accessible location for collectors;

(2) Be a platform constructed of concrete above ground level in the case of a commercial property, and shall be large enough to accommodate an appropriately sized dumpster for the facility being serviced;

(3) Be constructed in such a manner as to discourage or eliminate the possibility of rodents breeding under the platform; and

(4) Be screened from any street, alley, sidewalk or adjacent property. Such screening shall be maintained in perpetuity by the property owner. Screening shall be constructed of chain link fencing with slats (cyclone fencing) or wood picket fencing.

Sunken containers are hereby declared to be hazardous to the health, welfare and safety of the residents of and visitors to the city and to the city's waste collection personnel. Accordingly, such containers shall immediately be replaced with approved containers and the holes where they were previously sunk shall be filled with clean, solid fill.

Franchisees will be responsible for servicing of containers until such time as they have been removed. Commercial multifamily properties without service will be subject to administrative and service fees imposed pursuant to section 22-93 herein, should the city be required to provide service the property owner will be invoiced for service as required and at the cost associated with the unit structure provided in (b) of this section.

(d) All new commercial properties and/or structures, as defined in this chapter, shall provide a garbage and/or trash room as required and provided for in Ordinance No. 11000, the zoning ordinance of the city. Any existing structure, legally established but currently nonconforming with regard to Ordinance No. 11000, upon expansion of the existing structure by 25 percent or more of its existing floor area, or its repair or renovation at cost exceeding 50 percent of its current value as established in the assessment made by the Miami-Dade County property appraiser, shall be required to comply with the requirements of this chapter; any series of repairs and/or renovations during any five-year period shall require the property to conform to the requirements of this chapter. Additionally, a change in the use of any legally established, but nonconforming structure shall require such structure's compliance with the requirements of this chapter prior to the issuance of a certificate of use and/or occupancy by the building and zoning department.

(e) At no time shall any garbage containers, dumpsters or any containers, whether such containers are approved or not approved, be placed upon any street, alley, sidewalk, right-of-way, or in any public area or upon any property used by the public not owned or occupied by the person(s) placing such garbage containers, dumpsters or containers.

(f) The director or director's designee is hereby required and granted full power and authority to designate the location of containers and the number of containers to be kept at each location. Any waste containers which do not conform to the provisions of this chapter or which contain other defects likely to hamper the collection of or injure the person collecting the contents thereof are illegal. Such containers shall be promptly replaced by the owner or user of the container upon receipt of written notice of said defect. All containers shall contain identification of the private hauling company providing the service, and must be clean, kept closed, and free of

graffiti. At no time will the department service any such illegal containers. Portable containers declared a public nuisance or to be unserviceable with no identifying marks visible to the code enforcement inspectors shall be removed at the discretion of the director.

(g) Newspapers and other salvageable materials defined as aluminum cans, glass bottles, metal and tin cans, shall be separated from all other solid waste material and may be placed in the container provided by the city for these materials or otherwise be recycled.

(h) Commercial containers located on public property shall be deemed abandoned and will be removed by the city at the owner's expense, pursuant to this chapter of the Code. Service is to be made from streets and driveways and trucks used for this purpose shall not be driven or parked on sidewalks at any time.

(i) Commercial property owners may request special collection of large yard and garden trash as defined herein by the department by calling for approval and scheduling, prior to setting out material. No approval by the department director or designee will be issued for said premise until the director has made a finding of compliance with the terms of this and all other chapters of this Code and other applicable regulations and laws.

(Ord. No. 10128, § 1, 7-10-86; Ord. No. 10535, § 1, 1-12-89; Ord. No. 10654, § 1, 10-12-89; Ord. No. 11122, § 2, 2-17-94; Ord. No. 11184, § 3, 10-27-94; Code 1980, § 22-2; Ord. No. 11352, § 2, 4-25-96; Ord. No. 11703, § 2, 9-28-98; Ord. No. 11837, § 2, 9-28-99; Ord. No. 12258, § 2, 7-25-02; Ord. No. 12400, § 2, 9-11-03; Ord. No. 13194, § 2, 9-27-10; Ord. No. 13531, § 2, 7-9-15; Ord. No. 13693, § 2, 7-13-17; Ord. No. 14138, § 9, 2-9-23)

Sec. 22-3. Accumulation of waste; proof.

The fact that any residential unit or any commercial property located in the city is occupied shall be proof that garbage or other refuse is being produced or accumulated upon such premises. However, a temporary residential vacancy, regardless of duration, shall not authorize a refund or excuse the nonpayment of any waste fee. Waste fees shall be chargeable on a pro rata basis on new residential units immediately following the building and zoning department's issuance of a temporary or final certificate of occupancy, or whenever the first waste is picked up from such unit by the city, whichever shall occur first.

(Ord. No. 10128, § 1, 7-10-86; Code 1980, § 22-3; Ord. No. 11703, § 3, 9-28-98)

Sec. 22-4. Plans for waste storage on certain premises to be approved before issuance of building permit; proof of commercial solid waste service before issuance of certificates of use or occupancy.

Before building permits may be issued for construction of commercial property, as defined in this chapter, plans for storage of refuse must be approved by the director or his/her designee as to location, accessibility, and number or adequacy and the permittee has provided proof of a contract with an approved commercial solid waste franchisee for construction debris containers to store and remove debris.

Failure to have or renew a certificate of use will be enforced pursuant to chapter 2, article X and nothing contained in this article shall prohibit the city from enforcing the City Code by any other means. The enforcement procedures outlined herein are cumulative to all others and shall not be deemed to be prerequisites to filing suit for the enforcement of any section of this Code.

For any location with a previously issued certificate of use, which expires on an annual basis, the certificate of use holder must show evidence of a contract for commercial solid waste services with an approved commercial solid waste franchisee at the time of the annual renewal due date. Failure of the applicant to obtain a valid certificate of use will result in the following:

After 45 calendar days after re-issuance of a certificate of use, a $262.50 penalty violation will be issued for non-compliance.

After 90 calendar days after re-issuance of a certificate of use, a $525.50 penalty violation will be issued for non-compliance.

After 120 calendar days after re-issuance of a certificate of use, a $1,050.00 penalty violation will be issued for non-compliance.

Each additional 120 calendar days, a $1,050.00.00 penalty violation will be issued for non-compliance.

(Ord. No. 12258, § 2, 7-25-02; Ord. No. 13693, § 2, 7-13-17)

Editor's note—Ord. No. 12258, § 2, adopted July 25, 2002, amended § 22-4 in its entirety to read as herein set out. Formerly, § 22-4 pertained to plans for waste storage on certain premises to be approved before issuance of building permit and derived from The Code of 1980, § 22-4; Ord. No. 10128, § 1, adopted July 10, 1986, and Ord. No. 11703, § 4, adopted September 28, 1998.

Sec. 22-5. Duty to dispose of trash and prevent accumulations.

(a) It shall be unlawful for the owner, manager, occupant, lessee of, or other person responsible for any lot, parcel or tract of land on which residential units or commercial properties are located within the city to deposit, store, keep, or maintain, or permit to be deposited, stored, kept or maintained bulky or industrial waste, refuse attending the care of lawns, shrubbery, vines, and trees, except for the purpose of composting; rubbish including uncontainerized garbage, beer and soft drink containers, empty or broken bottles, and metal containers; and any other uncontainerized solid waste whatsoever upon such property, adjoining rights-of-way, easements or alleys, except as specifically authorized in this chapter. Property owners of unimproved property or owners, occupants, tenants and lessees of improved property shall be responsible for keeping the area around the dumpster(s) or container(s) in a clean and presentable condition as well as keeping the sidewalk, side parkway and swale area and other public rights-of-way clear of all trash and litter, and shall maintain their property in a clean, mowed, cut and litter-free manner, including sidewalks, grass strips, swale area or rights-of-way up to the edge of the pavement of any public street. Every merchant, storekeeper or operator of a business in the city shall sweep or cause to be swept the sidewalks adjoining his/her respective place of business before 10:00 a.m. every morning, or as often as necessary to keep the area clean, on each day that such business shall be operated. Said sweepings shall be picked up and not swept in the gutter. Failure to comply with the provisions of this section shall constitute a violation of this chapter: such failure may also serve as the basis for assessment of an administrative fee.

(b) Whenever it is evident that there is a violation of this section, the enforcement officer may do one or more of the following:

Serve a notice of noncompliance, in a form prescribed by the director and approved by the city commission, upon the owner, manager, occupant, resident, lessee, franchisee or other responsible person by personal service, mail or by posting a copy in a conspicuous place on the premises where the violation exists. The enforcement officer may proceed with direct removal as outlined below. The enforcement officer may:

(1) Cause a code enforcement sanitation civil violation notice to be issued, in a form prescribed by the director and approved by the city manager, upon the owner, manager, occupant, resident, lessee, franchisee or other responsible person by personal service, certified mail, or by posting a copy in a conspicuous place on the premises where the noncompliance exists. If said noncompliance has been found to exist by the city manager, or the city manager's designee, such finding and determination shall result in an administrative service fee being assessed for such noncompliance in the amount set forth in section 22-93 hereof, with said fee being assessable for each day the noncompliance exists until the condition or conditions resulting in such noncompliance no longer exist.

(2) Direct the department to remove, remedy or eliminate the noncompliance and charge the property owner for a special collection service in accordance with the provisions of this chapter.

(Ord. No. 10128, § 1, 7-10-86; Code 1980, § 22-5; Ord. No. 11352, § 3, 4-25-96; Ord. No. 11703, § 5, 9-28-98; Ord. No. 11837, § 2, 9-28-99; Ord. No. 13676, § 2, 4-27-17)

Sec. 22-6. Littering and dumping prohibited; dumping or burying waste without proper authorization; illegal dumping in area bulky waste transfer stations; engaging in business of solid waste collection without franchise; declared public nuisance; presumption.

(a) Intent. It is the intent of the city commission to prevent, in whatever way possible, the abuse of the environment of the city through acts of any persons that are generally classified under the headings of "dumping" and "littering," which acts severely burden the taxpayers of the city and adversely affect the attractiveness, public health, safety and welfare of the community for its residents and visitors.

(b) The city will provide sufficient litter containers to be placed in strategic locations throughout the city, with special consideration to be given to high density populations and heavily traveled areas, to be used for the deposit of litter by pedestrians only and not by abutting store owners or vendors.

(c) Prohibited act(s). The following shall be unlawful:

(1) Dumping litter and/or refuse in any manner or amount whatsoever in or on

any public highway, road, street, alley, thoroughfare or any other public lands, except in containers or areas lawfully provided therefor. The provisions of F.S. § 403.413, as amended, shall apply to all public rights-of-way within the city.

(2) Dumping litter and/or refuse in or on any freshwater lakes, canals, rivers or streams or tidal or coastal waters of the city.

(3) Dumping litter and/or refuse and burying waste in any manner or amount whatsoever on any private property, unless prior written consent of the owner has been given, and such disposal has been authorized via permit by the county health department, provided said litter and/or refuse will not cause a public nuisance or be in violation of any other state or local laws or regulations.

(4) Sweeping, blowing by mechanical means or dumping litter and/or refuse including stagnant water or dead animals into, upon or along the drain, gutter, alley, lane, sidewalk, street or vacant lot, or in any public or private premises within the municipal limits of the city.

(5) Causing, maintaining, permitting or allowing the accumulation of any litter or refuse on any construction or building site before, during or after completion of said construction or building. It shall be the duty of the owner, or the owner's agent, of the property in question to make adequate provisions for the disposing of debris and litter and to have on the construction or building site adequate facilities for the disposing of said litter and refuse and to make appropriate arrangements for the collection thereof. Said arrangements and/or methods for disposing litter and debris shall be approved by the director prior to the issuance of a building permit.

(6) Disposing of the carcass of any dead animal, domestic or otherwise, by the throwing, discarding, placing or depositing of said carcass in or on any of the locations noted in subsections (c)(1) through (3) of this section.

(7) Discarding of garbage, fruit, or other matter subject to putrefaction, rotting or decay at minidumps shall constitute a violation of this chapter. Minidumps are restricted to use by residents of the city for the deposit of bulky waste from residential properties. The method of transporting this waste shall be as prescribed in section 22-7 herein.

(8) Obstructing use of public facility, salvaging or vandalism by any person on the premises at which minidumps are located constitutes a violation of this chapter.

(d) It shall be unlawful for any owner, occupant, lessee, employee, franchisee or other person from any commercial property to dump or cause to be dumped any material whatsoever from such commercial property at or upon any minidumps, public rights-of-way, city property or any unauthorized disposal location.

(e) It shall be unlawful for any person, franchisee, firm, corporation or other legal entity to collect, remove or transport any solid waste material for compensation from any location or premises within the city without first having been granted a nonexclusive franchise by the city.

(f) It shall be unlawful for any person, firm, corporation or other legal entity to utilize the services of any commercial solid waste collector who does not have a valid city solid waste nonexclusive franchise.

(g) It shall be unlawful for a franchisee to contract or subcontract with another commercial solid waste hauling company, also referred to as a subcontractor, for the servicing of a commercial property within the city that does not have a city commission awarded franchise.

(h) It shall be unlawful for a franchisee to utilize or have any equipment that is owned by another commercial solid waste hauling company, also referred to as a subcontractor, for the servic-

ing of a commercial property within the city that does not have a city commission awarded franchise.

(i) It shall be unlawful for a franchisee to have a business arrangement with another commercial solid waste hauling company, also referred to as a subcontractor, or waste broker for the servicing of a commercial property within the city by a solid waste hauling company that does not have a city commission awarded franchise.

(j) Declared public nuisance. In addition to, and not in limitation upon any enforcement action for violation of this section, it is the intent of the city commission to declare the dumping of litter and/or refuse in the city, as hereinbefore described and prohibited, a public nuisance and to subject violators of this section to the provisions of this chapter calling for removal of such a public nuisance through notice, hearing and a lien enforcement procedure if the city so chooses to remedy the prohibited condition. Any action taken pursuant to this section in enforcing the provisions of this chapter shall be considered cumulative and in addition to penalties and other remedies provided elsewhere in this chapter.

(k) Applicability of state and county laws. In addition to, and not in limitation of the provisions of this section, the provisions of F.S. § 403.413, also known as the "Florida Litter Law," and chapter 15 of the Code of Metropolitan Dade County, as amended from time to time, are hereby added to this Code of Ordinances and incorporated by reference herein. The city commission also respectfully suggests to any court finding persons guilty of violations of the "Florida Litter Law" that the provisions of F.S. ch. 948, "Probation," be utilized liberally in order to require such persons to expend appropriate amounts of time and effort gathering up litter and refuse at places within the city as may be designated by the court.

(l) Noncompliance with any section shall be punishable in a manner as provided in sections 22-6 and 22-93. Noncompliance may result in the city's taking such action as it deems appropriate under the circumstances, and a lien shall be imposed against the property for recovery of all costs involved.

(m) A civil fine of $500.00 per occurrence shall be imposed for littering and for illegal dumping by individuals and a fine of $1,050.00 per occurrence for littering and for illegal dumping when being done using a private vehicle.

(n) Pursuant to the provisions of § 403.413, Fla. Stat., the Florida Litter Law, the sanitation inspectors are designated as litter enforcement officers of the city, for the purposes of enforcing F.S. § 403.413, and section 22-6 herein. Such employees are designated and appointed as litter enforcement officers.

(Ord. No. 10128, § 1, 7-10-86; Code 1980, § 22-6; Ord. No. 11703, § 6, 9-28-98; Ord. No. 11837, § 2, 9-28-99; Ord. No. 12258, § 2, 7-25-02; Ord. No. 12835, § 2, 10-12-06; Ord. No. 13194, § 2, 9-27-10; Ord. No. 13693, § 2, 7-13-17; Ord. No. 13889, § 2, 1-23-20)

Sec. 22-7. Method of transporting waste.

It shall be unlawful for any person to haul, convey, or cause to be hauled or conveyed, any solid waste including discarded building matter or discarded furniture upon or along public streets, roads or alleys except when the material transported is adequately secured in such manner as to prevent the material from falling or being blown from the transporting vehicles. No person shall drive or move any vehicle or truck within the city, the wheels or tires of which carry onto or deposit in any street, alley or other public place, mud, dirt, sticky substances, waste or foreign matter of any kind. It shall be a violation of this chapter for any person, firm or corporation not holding a valid nonexclusive commercial solid waste franchise permit issued pursuant to the provisions of article II of this chapter to haul for hire any garbage or rubbish as defined herein within any area of the city.

(Ord. No. 10128, § 1, 7-10-86; Code 1980, § 22-7; Ord. No. 12258, § 2, 7-25-02)

Sec. 22-8. Manner of handling garbage and trash; placing dangerous materials in waste containers prohibited.

Proper handling shall mean the following:

(1) Garbage shall be drained of excess liquid and well-wrapped before being deposited in an approved container.

(2) All paper cartons and boxes shall be torn or broken down and flattened out by the depositor.

(3) All dangerous material such as broken glass, lightbulbs, razor blades, fluorescent tubes and all other hazardous material shall be considered as causing or likely to cause personal injury to collectors, and all such material shall be kept separate from other garbage and trash and deposited in a cardboard container and placed alongside the approved containers.

(4) It shall be a violation of this chapter to place or cause to be placed in any regulation garbage or refuse container for collection any acid, explosive material, inflammable liquids, hot ashes, tar, grease, chemicals, poisons or other hazardous, infectious, including animal or human

waste matter (feces) or any other dangerous or highly corrosive material of any kind. The city will not be responsible for the collection or disposal of any such materials.

(Ord. No. 10128, § 1, 7-10-86; Code 1980, § 22-8; Ord. No. 11703, § 7, 9-28-98)

Sec. 22-9. Responsibility of persons other than owners of premises for violations and for noncompliance.

The owners or agents, management firms, managers, supervisors, janitors, rental agents, tenants or lessees of all residential homes, rental units and commercial properties shall be responsible under the law for complying with the provisions of this chapter. In every multiple dwelling occupied by three or more families, in which the owner does not reside, there shall be a responsible person designated in writing as such by the owner. These persons: the management firm, manager, supervisor, janitor, rental agent or the owner shall be severally and jointly responsible for seeing that the entire premises as well as the yards, sidewalks, grass strips, swale areas or rights-of-way up to the edge of the pavement of any public street, and one-half of the alley or easement adjoining such dwelling are free from garbage, trash, litter, overgrowth, or any foreign material which constitutes a violation of this chapter.

(Ord. No. 10128, § 1, 7-10-86; Code 1980, § 22-9; Ord. No. 11352, § 4, 4-25-96; Ord. No. 11703, § 8, 9-28-98)

Sec. 22-10. Operation of business where wind regularly carries solid waste into street; fencing requirements.

It shall be unlawful for the owner, tenant, or occupant of any parcel of land to operate or permit the operation of any business upon such parcel of land when and where, by reason of the combined effect of the prevailing winds and the location, configuration, and size of the structures thereon, solid waste generated by the operation of the business or the customers or patrons thereof is regularly driven, carried, or conveyed by such winds in appreciable quantities into or upon any public street, unless and until such owner, occupant, or tenant shall have erected on each boundary of such parcel of land a proper fence to retain such material with only such openings for ingress and egress of a size and number as shall be necessary. It is specifically the responsibility of the owner, tenant, and occupant of any parcel of land to ensure that commercial landscapers and any other types of businesses and/or services that may generate solid waste of any form or description not be deposited in or upon the public right-of-way.

(Ord. No. 10128, § 1, 7-10-86; Code 1980, § 22-10; Ord. No. 13693, § 2, 7-13-17)

Sec. 22-11. Dumping on public right-of-way prohibited.

(a) It shall be unlawful for any person to dump or cause to be dumped or place or cause to be placed any refuse or rubbish of any kind whatsoever including tires, construction and demolition debris, biological or biomedical waste and hazardous material along the rights-of-way of the public streets, highways and roads of the city, regardless of whether such dumping is from a dolly, wagon, wheelbarrow, noncommercial flatbed, truck, van, car or any commercial vehicle. All such debris generated shall be removed by the premises owner at the property owner's sole expense and are specifically excluded from the regular bulky trash service provided by the department of solid waste.

(b) The provisions of F.S. § 403.413 shall apply to all public rights-of-way within the city.

(c) The following civil fines shall be imposed for violations of this section:

(1) By any person, $500.00 fine.

(2) From any commercial vehicle, $1,050.00 fine.

(Ord. No. 10128, § 1, 7-10-86; Code 1980, § 22-11; Ord. No. 11703, § 9, 9-28-98; Ord. No. 12835, § 2, 10-12-06; Ord. No. 13693, § 2, 7-13-17)

Sec. 22-12. Waste fees.

(a) An annual waste fee, per residential unit, is hereby assessed upon all city serviced residential units as defined in section 22-1 and

as set forth by resolution of the city commission. These fees shall apply to all single and multifamily residences of three units or less within the city and shall serve to defray the cost of waste collection and disposal. Effective October 1, 1999, the city may utilize the uniform method of collection pursuant to F.S. ch. 197, whereby residential unit owners shall pay for residential solid waste collection services on the tax bill, in accordance with the provisions of F.S. ch. 197, as amended. If the city elects not to use the tax bill collection method then one-half of said annual fee amount shall be due and collectible on January 1 and on July 1 of each calendar year, beginning January, 1999.

(b) (1) All fees billed shall be due and collectible upon receipt. The fact that any residential unit or any commercial establishment located in the city is occupied shall be prima facie evidence that garbage and other refuse is being accumulated or produced upon such premises; and temporary vacancy shall not authorize a refund or excuse the nonpayment of the applicable fee. In the event the city elects to use the tax bill collection method and upon the adoption of the assessment roll, all solid waste assessments shall constitute a lien against assessed property equal in rank and dignity with the liens of all state county, district, or municipal taxes and special assessments. Except as otherwise provided by law, such liens shall be superior in dignity to all other period liens, mortgages, titles, and claims until paid. The lien for a solid waste assessment shall be deemed perfected upon adoption by the city commission of the final assessment resolution, whichever is applicable. The lien for a solid waste assessment shall be deemed perfected upon adoption by the city commission of the final assessment resolution or the annual rate resolution, whichever is applicable. The lien for a solid waste assessment collected under the Uniform Assessment Collection Act shall attach to the property included on the assessment roll as of the prior January 1, the lien date for ad valorem taxes imposed under the tax roll.

(2) Separate billing for additional leased garbage container(s) for the fiscal year beginning October 1, 2017. For the fiscal year beginning October 1, 2017, the owner of an assessed property which leases one or more additional leased garbage containers from the city for solid waste shall be charged the additional fee(s) per each additional leased garbage container as set forth in sections 22-2 and 22-12, which fee(s) shall be charged separately and billed separately to the owner by the city's department of solid waste; for the fiscal year(s) beginning October 1, 2018 and thereafter, the fee(s) charged for any additional leased garbage container(s) shall be charged and collected for each one year period by using the tax bill collection method as set forth in sections 22-2 and 22-12 of the City Code.

(c) Notwithstanding any Code provision to the contrary, commencing effective October 1, 1987, said date reflecting the date when the city was fully performing the services set forth below, an annual fee, termed supplemental waste fee, is hereby assessed against all provision of public right-of-way cleaning services by the city in accordance with the following schedule of services set forth below. "Daily" as used in this subsection means weekdays, Monday through Friday.

(1) Removal of illegally dumped materials or debris.

(2) Main thoroughfares and designated residential corridors in the city will be swept on a on a scheduled or as needed basis, as determined by the director of the department.

(3) Litter containers will be serviced, repaired or replaced and cleaned on a scheduled or as needed basis, as determined by the director of the department.

(4) Sidewalks in the city will be cleaned as needed.

(5) Approved special non-residential trash collection services will be collected by the city if cleaned, bundled and/or bagged and placed at curbside in front of the property that generated it on the scheduled residential trash collection day.

(d) The following annual fees are hereby assessed against all commercial establishments except residential condominium units and residential condominium associations as defined in F.S. § 718.103 (1997), and except cooperatives and cooperative associations as defined in F.S. § 719.103. For purposes of this section, residential condominiums and cooperative units shall not be considered commercial establishments. These fees are in addition to all existing fees contained in this chapter for the above cleaning services and are to be billed annually in advance in accordance with the fee schedule as set forth below:

Usage Code	Description	Units Up To	Unit	Base Rate	RatePer Unit

Sec. 22-13. Emergency powers of the director.

In the event of a state of emergency declared by the mayor, in accordance with the provisions of the Charter, the director, with the concurrence of the city manager, shall have the authority to suspend, modify or expand services provided by the department, as enumerated herein, in such emergency circumstances as national disasters, civil disorders or other circumstances as directed by the city manager.
(Ord. No. 10128, § 1, 7-10-86; Code 1980, § 22-12.1; Ord. No. 11564, § 10, 10-28-97)

Sec. 22-14. City and commercial collection of solid waste.

(a) It is the function exclusively of the department to collect and dispose of all wastes in the city except as authorized by the director and/or by law. The director shall have the power to establish the type, frequency and amount of solid waste collection service needed and to be rendered to all areas of the city and to promulgate rules and regulations not inconsistent herewith.

In the event that a location has constrained space and/or topographical limitations, the director shall have the discretion to waive the requirements for minimum size or frequency of collection and impose requirements and frequencies better suited for the location in question. Such a waiver must be accompanied by adding recycling requirements where necessary at the same location.

(b) The city commission may authorize the collection of solid waste by commercial solid waste collectors if it is a commercial account as defined in this chapter. If private collection is authorized, the contract with the commercial solid waste collector shall be non-exclusive and include, but not limited to, garbage, trash and bulky waste collection and the number of collection days per week. In addition, for multi-family dwellings the contract must specify a minimum of a two cubic yard (2 CY) container or containers of sufficient capacity so as to avoid overflowing conditions with a minimum twice per week collection; two true and accurate copies of said contract shall be furnished to the director or his/her designee. The container must be capable of holding a minimum of one week's collection of solid waste for the number of units or size and activity of business establishment being served.

The following standards for dumpster size and frequency of collection will be enforced. (7-30 gallon containers = 1 cubic yard):

# of Units	*Container Capacity*	*Minimum Frequency*
1—4	2 CY	2 x week
5—8	3 CY or	2 x week
	2 CY	3 x week
9—12	4 CY	2 x week
13—16	4 CY or	3 x week
	3 CY	5 x week
17—32	6 CY	3 x week
33—48	8 CY	3 x week
Over 48	8 CY	5 x week

Note: Frequency will increase depending on amount of garbage generated. All equipment utilized by a franchised private hauler shall comply with the requirements and provisions of this chapter. All containers shall be screened from the direct view of the adjacent property owner. The department reserves exclusively the right to collect solid waste from any city governmental facility, or any facility constructed or erected on city-owned or leased property, regardless of location.

(c) The director and the director's designated representatives are assigned the responsibility for enforcement of solid waste collection procedures enumerated herein. The city manager or designee has the authority to require the increase of frequency and/or size of a solid waste bin/container at solid waste generating dining establishments/restaurants or produce dispensing places if he/she determines that such locations pose an imminent hazard to the public health, safety, and welfare including but not limited to the presence of insects, rodents, continuous overflowing trash, and/or other potential health risks.

(d) Newspapers or other salvageable solid waste materials defined as aluminum cans, glass and plastic bottles, metal and tin cans, and which shall be separated from all solid waste materials as provided for herein shall be placed

at the curb in a container provided by the city on the regularly scheduled recycling collection day or otherwise recycled unless otherwise designated by the director. It shall be unlawful for any person, firm or corporation not licensed therefor, other than the owner, lessee, or occupant of that residential building, except city personnel to collect or otherwise remove any newspapers or other salvageable materials which have been specifically placed for collection in the recycling collection program. The penalty as contained in section 1-13 is hereby applicable to violations of this section.

(Ord. No. 10128, § 1, 7-10-86; Ord. No. 10440, § 1, 5-19-88; Ord. No. 10654, § 2, 10-12-89; Code 1980, § 22-13; Ord. No. 11703, § 11, 9-28-98; Ord. No. 11837, § 2, 9-28-99; Ord. No. 12258, § 2, 7-25-02; Ord. No. 12400, § 2, 9-11-03; Ord. No. 13194, § 2, 9-27-10; Ord. No. 13531, § 2, 7-9-15; Ord. No. 13693, § 2, 7-13-17)

Sec. 22-15. Educational trust fund established from recycling program for scholarships to children of certain city employees; conditions for implementation and scholarship committee.

(a) The moneys received by the city from the recycling of newspapers and other salvageable materials ("recycling program") shall be separately received, maintained and accounted for in an independent fund account to be held in the same manner as a trust account by the city for an educational fund hereby established upon the conditions as set forth in this section. The funds received, pursuant to the city's recycling program, shall be the subject of a separate appropriations ordinance to be adopted by the city commission and separately awarded and approved by the city manager through his/her designee. Upon the accumulation of $1,000,000.00 in funds received through this recycling program, all interest, as it accrues upon such principal amount, shall be utilized, subject to the sufficient accrual of interest, to pay for up to 15 scholarships, awarded annually, to educational institutions for the employees of the department to attend educational programs or F.A.C.E. Code Enforcement certification, or for commercial drivers license certification; in addition up to 15 scholarships shall be awarded annually to college level educational institutions for the children or legal dependents of the employees of the department, as determined by the designated scholarship committee to have met the established requirements for such scholarships; each scholarship award shall not exceed $3,000.00 annually per person, per award. In the event the interest accrued upon the $1,000,000.00 in this fund is insufficient to pay for the full amount of each scholarship, a lesser amount of scholarship will be awarded by the scholarship committee.

(b) The scholarship committee will be comprised of three members—one member from the department of human resources; one member from American Federation of State, County, and Municipal Employees, Local 871; and one member from the department of solid waste staff. The scholarship committee will create the criteria for qualification for the awards which shall be approved by the city manager or his/her designee.

(Ord. No. 10654, § 3, 10-12-89; Code 1980, § 22-13.1; Ord. No. 12258, § 2, 7-25-02; Ord. No. 13194, § 2, 9-27-10; Ord. No. 13318, § 2, 3-8-12; Ord. No. 13330, § 2, 7-26-12; Ord. No. 13693, § 2, 7-13-17)

Sec. 22-16. Special collections, fees, extra charges.

(a) Special collections by the department or waste services not expressly provided for in this chapter may be performed upon payment of reasonable fees and pursuant to such conditions as may be specified by the director, such fees to be reviewed annually by the city commission. Whenever noncompliance of this chapter occurs, which necessitates the department to remove, rectify or remedy said noncompliance, the fee for such services, as indicated in section 22-93, shall be assessed upon the person responsible for the conditions which give rise to and cause the noncompliance.

(b) Refusal or delay in rendering payment for any special collection performed as outlined in this chapter shall constitute the basis for adding such unpaid charges to the regular waste fee

assessment accruing against the property where such special collections are made, and are hereby imposed as special assessment liens against the real property aforesaid, and until fully paid and discharged, or barred by law, shall remain liens equal in rank and dignity with the lien of ad valorem taxes and superior in rank and dignity to all other liens, encumbrances, titles and claims in, to or against the real property involved, and when delinquent shall bear interest and may be enforced and collected together with reasonable attorney's fees for such collection pursuant to the provisions of section 22-89 herein, when applicable.

(c) Free service. There shall be no free service rendered by the department for the collection, transportation, or disposal of solid waste.

(d) Governmental agencies. For any premises owned, leased or occupied by the United States of America or any agency thereof, the State of Florida or any political subdivision thereof, including any body politic and corporate created under the laws of the United States of America or of the State of Florida, the city may enter into contracts, negotiated by the city manager and approved by the city commission, with any such body or agency for the collection, transportation and disposal of solid waste, prescribing rates and charges to be paid by such body or agency in lieu of the rates herein prescribed; provided, however, that the charges to be paid by such body or agency shall not be less than an amount which is fair and equitable taking into account the cost to the city of such collection, transportation and disposal.
(Ord. No. 10128, § 1, 7-10-86; Code 1980, § 22-14)

Sec. 22-17. Private disposal of waste.

Any person may be issued a permit by the Dade County health department to dispose of garbage or solid waste materials accumulated upon his or her own premises by burial, provided that such method meets all specifications of the director of the Dade County health department and evidence is presented of compliance with zoning regulations, but such permit and the disposal thereby authorized shall not relieve the owner or occupant of the premises from payment of regular waste fees.
(Ord. No. 10128, § 1, 7-10-86; Code 1980, § 22-15)

Sec. 22-18. Responsibility for removal of certain waste; collection and disposal of furniture, appliances, etc.

(a) Industrial waste, hazardous waste, and noncombustible waste shall be disposed of in the manner and at such locations as are prescribed by the director of the county public works department. Removal of industrial waste, hazardous waste and noncombustible waste shall be the responsibility of the owner, occupant, operator or contractor creating or causing the accumulation of such material. Upon approval of the director, collection of the aforementioned waste may be undertaken by the department at the expense of the owner, occupant, operator or contractor, provided that such collection and disposal does not interfere with other waste collection operations. The department shall not be responsible for collection or hauling of discarded building material, dirt or rock, nor shall it be responsible for collection or hauling of trees, bushes or other vegetation cut on private property before a certificate of occupancy is issued, except as otherwise provided for in this chapter.

(b) Special residential collection material shall not be permitted at curbside until advance arrangements have been made with the department for its removal. The cost of any special collection will be provided by the department and any legal form of payment must be received prior to the collection and shall be charged to the property from which the additional collection is made.

During the week of, and not prior to the evening before the scheduled special residential collection date, all large trash and/or bulky waste shall be placed on the parkway between the sidewalk and the street pavement or along the curbline when it is immediately adjacent to the sidewalk in front of the property from which the trash originates where it will be easily

accessible to the trash collection trucks of the city, but not in the traveled way on the street, road or alley. The city manager or designee shall have the full authority to designate the location or time of placement of large and small trash, bulky waste, clean vegetative bulky waste and special residential collections other than as described in this section, whenever unusual circumstances arise or, in the director's discretion, it is believed that additional or alternate areas or times are necessary.

Trash or bulky waste shall not be placed adjacent to or within five feet of buildings, fences, utility, telephone or electric poles, fire hydrants, or in any other area that would make it inaccessible to trash collection equipment.

For the collection of clean vegetative materials only, property owners or occupants shall also be subject to the provisions of subsection 12-15(7) of the City Code.

(c) All property owners or occupants serviced by the city shall have two options for disposal of their small trash and tree shrubbery trash. Owners or occupants of property may either containerize garden trash or bundle tree and shrubbery trash for city collection along with garbage or the owner or occupants may transport such material to the solid waste minidump facility. Bulky material which is containerized or bundled shall be placed at curbside no sooner than the evening prior to the scheduled bulk trash pickup day.

(d) City pickup procedures for small trash are as follows:

(1) Small trash items as defined herein shall be placed curbside for the city to pick up on the regularly scheduled bulk trash pickup day.

(2) Small trash as defined herein shall be tied in bundles (where possible) with material strong enough to support the weight of the bundle, such bundle not to exceed 50 pounds and be placed curbside for the city to pick up on regularly scheduled bulk trash pickup day.

(e) City pickup procedure for bulky waste and special residential collections. Bulky waste as defined herein will be collected by the department only from city-serviced accounts scheduled on a weekly basis. Special residential collections will be scheduled on a mutually agreed date with the account and in accordance with subsection (f)(4) below.

(f) Use of minidumps by property owners, or occupants:

(1) Minidumps are restricted to use by property owners or occupants.

(2) Dumping at the city minidumps of any material other than garden trash, shrubbery trash, small trash and other materials are designated by the department director.

(3) Loitering, salvaging and vandalism by any person at minidumps is prohibited.

(4) Special handling trash is prohibited from being dumped at minidumps. Special handling trash generated by property owners or occupants will be scheduled for pickup by the department. Special handling trash generated by landscape firms shall not be disposed of by such firm at a minidump.

(5) Any single dumping of garden trash and tree and shrubbery trash at a minidump in excess of five cubic yards is prohibited.

(6) Decal permits will be issued free of charge on an annual basis. The decal permits shall be conspicuously affixed to all vehicles used by landscape firms in transporting trimmings and cuttings. Landscape firms shall register annually with the department for completion and updating of permit application which will require: number of city accounts, identification of accounts, vehicles being used, and applicable local business tax receipt. Permits shall be revocable by the director for violations of ordinances and policies. Penalties shall range from temporary to permanent suspension of the issued decal permit dependent on the nature and frequency of violations or as

necessary pursuant to chapter 31 of the City Code, for operating in violation of the city's business tax receipt ordinance.

(7) Landscape firms and gardeners are required to dispose of all garden and related vegetative materials only generated by them while doing business in the city to an approved disposal or transfer site. Landscape firms and gardeners providing services at single family homes and dwellings of three units or fewer, shall only be allowed to leave clean vegetative waste on the public right-of-way adjacent to property in front of the residential property, excluding alleys that is generated by the property, while they perform work on behalf of the resident. This will be allowed in front of the residence for no more than two days for clean vegetative bulky waste prior to collection day. Large vegetative waste and tree stumps are excluded from the above. Vegetative waste that results from the trimming or cutting of trees resulting in larger than 100 cubic feet (or a maximum size for clean vegetative waste piles is approximately 5' x 5' x 4' (five feet long, five feet high and four feet deep)) in volume shall not be left on the public right-of-way or in front of the resident's property. The property owner or occupant shall have the responsibility to haul away and dispose of said vegetative waste in a legal manner.

(g) It shall be unlawful for any person to place discarded household furniture or furnishings, stoves, refrigerators and like articles at any place visible from the street, on either publicly or privately owned property, at any time under any conditions other than as set forth above.

(h) Until further noticed the department will collect special non-residential trash as defined herein from commercial properties, as defined herein, that are under contract for regular garbage and trash collection services with a nonexclusive commercial solid waste hauler.

(i) For special events, event organizers shall be required to obtain a permit from the city and make available garbage and recycling collection containers to be used at the event. The amount of collection containers will be determined based upon the expected attendance to the event.
(Ord. No. 10128, § 1, 7-10-86; Ord. No. 10371, § 3, 1-14-88; Code 1980, § 22-16; Ord. No. 11703, § 12, 9-28-98; Ord. No. 11837, § 2, 9-28-99; Ord. No. 12258, § 2, 7-25-02; Ord. No. 12885, § 1, 2-8-07; Ord. No. 13693, § 2, 7-13-17)

Sec. 22-19. Recycling programs required for multi-family residences of four units or more.

(a) From the effective date of Ord. No. 13194, a multi-family residence of four units or more shall provide for a recycling program which shall be serviced by a permitted franchisee as determined by the city commission or a Florida recovered materials dealer with the authorization of the director of solid waste, and shall include, at a minimum, the following five listed materials:

Recyclable materials: multi-family

(1) Mixed-paper, cardboard.

(2) Glass (flint, emerald, amber).

(3) Aluminum cans.

(4) Steel cans.

(5) Plastics, coded 1—7, see section 22-20 of the City Code.

(b) The failure of a multi-family residential establishment to provide a recycling program pursuant to subsection (a) or a modified recycling program pursuant to section 22-21 shall constitute a violation of this section, for which the property owner(s) shall be liable, provided, however, that in the case of a condominium or cooperative apartment, having a condominium association or cooperative apartment association, said association, rather than individual unit owners, shall be liable for any such violation.
(Ord. No. 13194, § 2, 9-27-10; Ord. No. 13693, § 2, 7-13-17)

Sec. 22-20. Recycling programs required for commercial property; joint and several liability.

(a) It shall be the responsibility of the owner, occupant, tenant, or lessee of the commercial establishment to properly dispose of all recyclable material generated by such commercial property. From the effective date of Ord. No. 13194, every commercial property shall provide for a recycling program which shall be serviced by a franchisee, as determined by the city commission or a Florida state certified recovered materials dealer with the authorization of the director of solid waste, and shall include a minimum of three materials of its choice selected from the following list:

Recyclable material: commercial property

(1) High grade office paper.

(2) Mixed paper.

(3) Corrugated cardboard.

(4) Glass (flint, emerald, amber).

(5) Aluminum (cans, scrap).

(6) Steel (cans, scrap).

(7) Other metals/scrap production materials.

(8) Plastics (PETE, HDPE-natural, HDPE-colored).

(9) Textiles.

(10) Wood.

(b) The failure of a commercial property to provide a recycling program pursuant to section 22-19 or a modified recycling program pursuant to section 22-21 shall constitute a violation of this section for which the property owner(s) shall be liable, and the commercial business owner(s) and operator(s) of this commercial property shall be jointly and severally liable. Any penalties imposed pursuant to this section may include an administrative fee imposed pursuant to section 22-93.

(Ord. No. 13194, § 2, 9-27-10; Ord. No. 13693, § 2, 7-13-17)

Sec. 22-21. Modified recycling programs allowed.

(a) Recycling programs which incorporate modifications substitutions, or reductions to the requirements of section 22-19 and 22-20 may be submitted to the department for approval. Approval, rejection, or approval with conditions of the proposed modified recycling program shall be determined by the department. The department shall consider the following factors in evaluating the proposed modified recycling program:

(1) Whether the establishment operates a recycling program, and is self-hauling the materials to a recyclable vendor.

(2) Whether the establishment generates a lesser number of recyclable materials than the required minimum.

(3) Whether the establishment generates and recycles materials not listed in section 22-19 or section 22-20 above, as applicable.

(4) Whether the establishment is contracting with a franchisee for collection services, which provide for a post-collection separation of recyclable material, and which:

a. Generate recyclable materials which comply, in kind and quantity, with the recycling requirements provided for in section 22-19 or section 22-20 hereof, as applicable; and

b. Utilize a materials separation facility which is permitted in accordance with all applicable federal, state, and local laws.

(b) Any person seeking approval of a modified recycling program shall submit an application in such a form as is prescribed by the department. All modified recycling programs shall be reviewed on a semiannual basis and applicants shall be required to confirm or revise the information contained in their applications at that time.

An application for approval of a modified recycling program shall include but not be limited to, the following documentation, as appropriate to the specific application:

(1) Supporting documentation to evidence self-hauling, activities, which shall include

proof of source-separation activities and copies of receipts from recyclable material purchasers.

(2) A waste composition study of the waste generated by the applicant, which shall cover a representative time period of not less than two weeks.

(3) A copy of the applicable contract with a post collection separation facility, specifying materials and volumes recycled which are attributable to the applicant.

(Ord. No. 13194, § 2, 9-27-10)

Sec. 22-22. Landscaper permit required.

In order to operate within the city limits, all commercial landscapers/gardeners must register with the city by October 1st of each year (or within 60 days of their inception) and are required to obtain a city landscaping permit and display a decal on their front windshield. In order to maintain their annual permit in good standing, commercial landscapers/gardeners are required to abide by the rules and regulations set forth in chapter 22 of the City Code regarding solid waste collection and disposal as outlined in sections 22-10, 22-11 and other sections of chapter 22 of the City Code. operating without the city landscaper permit will result in a fine of $262.50, per occurrence. No renewal landscape permit will be issued if there is an open violation or unpaid balance from a prior violation.

(Ord. No. 13693, § 2, 7-13-17)

Sec. 22-23. Prohibited disposition and raking of yard waste, dirt or debris when raking or using leaf blowers.

(a) It shall be unlawful for any person to rake yard waste and debris into a city right-of-way, specially inside a stormwater catch basin, and to use a leaf blower to cause yard waste, dirt of debris to be deposited or blown into or upon any city stormwater catch basin, street, plaza, alley, park, parkway or neighboring property. All yard waste, dirt or debris collected using a rake or a leaf blower shall be properly disposed of in accordance with this chapter and the City Code.

(b) The fine shall be issued to the individual performing the raking or using the leaf blower in violation of this section, inclusive of property owners. However, should the individual violating the code section be acting in the scope of their employment by a contractor, landscaper, homeowners' association, or other entity, that entity will receive the fine, not the individual employee.

(c) The penalties shall be included in section 22-93.

(Ord. No. 14172, § 2, 5-25-23)

Secs. 22-24—22-45. Reserved.

ARTICLE II. REGULATION OF PERSONS ENGAGED IN COMMERCIAL WASTE COLLECTION

Sec. 22-46. Engaging in business of solid waste collection and disposal; issuance of franchise agreement to private solid waste collectors.

(a) No person, firm or corporation shall remove or transport any solid waste material over the streets or public rights-of-way of the city or its real property for hire or salvage without first applying for and receiving a franchise from the department to carry on such a business. The franchise required by this section shall be in addition to any local business tax receipt and other license(s) which otherwise may be required by law, including F.S. § 403.4046. A franchise will not be granted to a commercial property for the sole purpose of hauling the solid waste material of its own tenants or occupants.

(b) It shall be unlawful for any commercial solid waste collector/franchisee to provide service to any property within 100 feet of a residential district between the hours of 11:00 p.m. and 7:00 a.m.

(c) It shall be unlawful for a franchisee to contract or subcontract with another commercial solid waste hauling company, also referred to as

a subcontractor, for the servicing of a commercial property within the city that does not have a city commission awarded franchise.

(d) It shall be unlawful for a franchisee to utilize or have any equipment that is owned by another commercial solid waste hauling company, also referred to as a subcontractor, for the servicing of a commercial property within the city that does not have a city commission awarded franchise.

(e) It shall be unlawful for a franchisee to have a business arrangement with another commercial solid waste hauling company, also referred to as a subcontractor, or a waste broker for the servicing of a commercial property within the city by a solid waste hauling company that does not have a city commission awarded franchise.

(f) No franchise granted pursuant to this chapter shall be deemed the property of the holder thereof.

(g) The city reserves unto itself the power to revoke all franchises granted pursuant to this chapter, to change or limit the rights granted, or to otherwise modify the franchises, in its sole discretion, by ordinance duly enacted by it. Such action shall not be deemed a taking of a property, contract, or other right of any franchisee, it being the express intention of this chapter to reserve unto the city, the power, in its sole discretion, to alter the methods of solid waste collection employed in the city, and the manner in which to provide for solid waste services delivered within the city.

(h) The city commission is authorized, from time to time, to grant one or more franchise(s) granting the right and privilege to operate a commercial garbage and trash collection and disposal system in, upon, over and across the present and future streets, alleys, easements and other public places of the city for the purpose of collecting all solid waste from commercial and multifamily establishments as defined in this chapter.

(i) The franchise(s) shall be granted only after the applicant for the franchise has responded successfully to the request for qualifications and filed with the purchasing department, an application, and such other documentation as may reasonably by required to establish that the applicant meets all of the requirements delineated in this chapter.

(j) The franchise(s) shall initially be granted for a period of five years, with three one-year options to renew, upon approval of the application by the city commission. The option to renew any franchise(s) for the additional three one-year periods shall be at the sole discretion of the city.

(k) Franchise agreements shall be inclusive of the requirements of chapter 22 of the City Code, as amended. A commercial solid waste hauling company's servicing of a commercial property within the city without a city commission awarded franchise pursuant to chapter 22 of the City Code, as amended, shall be presumed a public nuisance and deemed damaging to the public health, safety, and general welfare.

(l) All amendments to chapter 22 of the City Code, shall be deemed applicable to and a part of all franchise agreements, by operation of law, without need for execution of an amendment. For additional clarity, the department and each franchisee shall enter into and execute an amendment to the franchise agreement for addition of the requirements of this section, as amended.
(Ord. No. 10128, § 1, 7-10-86; Code 1980, § 22-18; Ord. No. 11703, § 13, 9-28-98; Ord. No. 11837, § 2, 9-28-99; Ord. No. 12258, § 2, 7-25-02; Ord. No. 12599, § 2, 10-14-04; Ord. No. 12885, § 1, 2-8-07; Ord. No. 13194, § 2, 9-27-10; Ord. No. 13531, § 2, 7-9-15; Ord. No. 13889, § 2, 1-23-20)

Editor's note—Ord. No. 12599, § 2, adopted October 14, 2004, changed the title of § 22-46 from "Engaging in business of solid waste collection and disposal; issuance of nonexclusive franchise agreement to private solid waste collectors" to "Engaging in business of solid waste collection and disposal; issuance of franchise agreement to private solid waste collectors."

Sec. 22-47. Application for franchise.

Applications for a franchise shall be made to the purchasing department upon such form and in such manner as shall be prescribed by the director of purchasing to elicit the following information and to be accompanied by support-

ing documents and such other information as may be required by the purchasing department:

(1) *Name of applicant.* If the applicant is a partnership or corporation, the names and business addresses of the principal officers and stockholders and other persons having any financial or controlling interest in the partnership or corporation. Provided, however, that if the corporation is a publicly owned corporation having more than 25 shareholders, then only the names and business addresses of the local managing officers shall be required.

(2) *Character of applicant.* The applicant for a franchise under this section, if an individual, or in the case of a firm, corporation, partnership, association or organization, any person having any financial, controlling or managerial interest therein, shall be of good moral character. In making such determination the following information, which shall be submitted by applicant, shall be considered:

a. *Penalty history.* If the applicant is an individual, a record of all convictions and the reasons therefore shall be provided by the applicant. If the applicant is other than an individual, then the record of all convictions and the reasons therefore of the principal controlling officers of applicant shall be provided. Provided, however, that in the case of a publicly held corporation having 25 or more shareholders, then only the aforementioned information applicable to its local managing officers shall be required.

b. *Fingerprints.* The fingerprints of the persons mentioned in this subsection, a full set of which, for each of such persons shall accompany the application. Such service shall be obtained from a public agency.

c. *Business history.* Whether such applicant has operated a solid waste collection removal business in this or another state under a franchise, permit or license and if so, where and whether such franchise, permit or license has ever been revoked or suspended and the reasons therefore.

d. *Existence of business entity.* If the applicant is a corporation, applicant shall submit proof of incorporation in good standing in the state of incorporation and, if a foreign corporation, applicant shall provide information certifying that applicant is qualified to do business in the state. If applicant is operating under a fictitious name, applicant shall be required to submit information that such fictitious name is registered and held by applicant.

(3) *Equipment and method of operation.* The applicant for a franchise shall possess equipment capable of providing safe and efficient service. In making such a determination and approving the method of operation for each applicant, the department shall require the following information:

a. The type, number and complete description of all equipment to be used by the applicant for providing service pursuant to this chapter.

b. A statement that applicant will use only city- and/or county-approved disposal sites for disposing of all garbage, garden trash, industrial waste, and solid waste material which applicant collects and removes, except those sites which heretofore have been approved by the State of Florida department of environmental protection.

c. The names of customers and the addresses of each location served by the company.

(4) *Insurance requirements.*

a. The applicant for a franchise shall maintain insurance as specified

herein and shall furnish a public liability policy to the department and also file with the department a certificate of insurance for the policy written in the applicant's name. The certificate shall provide that the policy contain an endorsement requiring that the department shall be furnished with ten days' notice by registered mail prior to cancellation or material changes in the policies. The applicant shall carry in the applicant's own name an automobile liability insurance policy covering the applicant's operations with a combined single limit of $1,000,000.00 per occurrence for bodily injury and property damage liability. The city shall be listed as an additional insured for liability.

b. A performance bond or an acceptable alternative in an amount equal to the contractor's previous 12-month franchise fee(s) paid to the city or a minimum of $25,000.00, whichever is greater, as security for any fee(s) due to the city under the franchise agreement(s) with good and sufficient sureties conditioned upon the compliance of the terms of this chapter in such form as required by the city attorney. Said performance bond, or alternative acceptable by the department, shall not expire prior to six months from the commencement of the term of the franchise agreement and any extensions thereof.

(5) *Liability of the city and the department.* The above insurance requirements shall not be construed as imposing upon the city or the department or any official or employee thereof any liability or responsibility for injury to any person or damage to any property by the insured, the insured's agents or employees.

(6) *Limitation on hours of operation.* Private waste collection operators franchised by the city shall service their accounts, located within 100 feet of residential districts only between the hours of 7:00 a.m. and 11:00 p.m., except as determined and defined by the director. Commercial corridors as determined by the director.

(7) *Application form.* Each application for a franchise shall be made on a standard form promulgated by the director of purchasing and shall include an affirmation that the applicant will comply with this chapter in all respects.

(8) *Review and issuance.* The completed application shall be submitted to the purchasing department. Upon receipt of a completed application, the director of purchasing shall consult with the director of solid waste to jointly review said application and, if satisfactory in all respects, shall make recommendations to the city commission.

(Ord. No. 10128, § 1, 7-10-86; Ord. No. 10440, § 2, 5-19-88; Ord. No. 11184, § 5, 10-27-94; Code 1980, § 22-18.1; Ord. No. 11837, § 2, 9-28-99; Ord. No. 12258, § 2, 7-25-02; Ord. No. 12599, § 2, 10-14-04; Ord. No. 13194, § 2, 9-27-10; Ord. No. 13316, § 2, 3-8-12; Ord. No. 13693, § 2, 7-13-17)

Editor's note—Ord. No. 12599, § 2, adopted October 14, 2004, changed the title of § 22-46 from "Application for nonexclusive franchise" to "Application for franchise."

Sec. 22-48. Denial of application.

Should the director of purchasing propose denying an application for a franchise, the applicant shall be notified of such denial by certified mail not later than 14 days prior to the director of purchasing making such recommendation to the city commission. The notice of denial shall contain a statement of the reasons why the application is being recommended for denial.

(Ord. No. 10128, § 1, 7-10-86; Code 1980, § 22-18.2; Ord. No. 11837, § 2, 9-28-99; Ord. No. 13194, § 2, 9-27-10)

Sec. 22-49. Appeal from the recommended denial of franchise; appeal from revocation of franchise.

(a) The recommended denial of a franchise by the director of purchasing may be appealed to the city commission. The notice of appeal shall

be filed in writing with the purchasing department no later than 14 days after the receipt of the certified letter advising applicant of the proposed denial.

(b) The director of purchasing shall schedule a public hearing for the appeal. Said hearing shall be held not less than 14 nor more than 60 days after receipt of the notice of appeal. The city commission shall either affirm the decision of the purchasing director or direct the purchasing director to issue the franchise.

(c) The revocation of a franchise by the director of solid waste may be appealed to the city manager or the city manager's designee. The notice of appeal shall be filed in writing with the city manager with a copy addressed to the director of solid waste no later than 14 days after the receipt of the certified letter advising franchisee of the revocation.

(d) The city manager or the city manager's designee shall fix the date and time for hearing the appeal. Said hearing shall be held not less than 14 nor more than 60 days after receipt of the notice of appeal. The city manager or the city manager's designee shall either affirm the decision of the director of solid waste or direct the director of solid waste to reinstate the franchise. Should a revocation and/or reduction in the number of franchisees occur, the city commission may add additional qualified applicants to the approved franchisee list provided that said list does not exceed the number of previously approved franchisees.

(Ord. No. 13194, § 2, 9-27-10)

Editor's note—Ord. No. 13194, § 2, adopted September 27, 2010, amended section 22-49 in its entirety to read as herein set out. Formerly, section 22-49 pertained to appeal from the departmental denial of franchise; appeal from revocation of franchise, and derived from Ord. No. 10128, § 1, adopted July 10, 1986; the Code of 1980, § 22-18.3, and Ord. No. 11837, § 2, adopted September 28, 1999.

Sec. 22-50. Annual franchise fees; franchise fees.

(a) Commencing October 1 of every new fiscal year, each and every franchisee shall pay an annual permit per account fee of $75.00, payable in October and prorated as provided by the schedule below for the first year only, for each account that was acquired or maintained through the fiscal year for purposes of providing commercial solid waste services.

Month of	*Applicable Fee*
October	$75.00
November	68.75
December	62.50
January	56.25
February	50.00
March	43.75
April	37.50
May	31.25
June	25.00
July	18.75
August	12.50
September	6.25

(b) Beginning October 8, 2009, each and every franchisee shall pay an annual franchise fee by October 1 each year of the franchise term (and of any extension thereof) in the amount of $7,500.00, with such franchise fee being increased by $500.00 per year beginning October 1, 2010. Failure to remit the required annual franchise fee by the due date shall result in a one and one-half percent penalty per month on the balance due.

(c) Beginning October 8, 2009, each and every franchisee whose primary business is limited to solid waste that requires special handling and management shall pay an annual specialized waste handling permit fee by October 1 each year of the franchise term (and of any extension thereof) in the amount of $3,500.00 for the right to provide only specialized waste handling services within the city limits. If a franchisee is providing only specialized waste handling services within the city, then annual franchise fee will increase by $500.00 per year beginning October 1, 2010. Failure to remit the required annual franchise fee by the due date shall result in a one and one-half percent penalty per month on the balance due.

(d) Beginning October 1, 2015, each and every franchisee shall pay the city a $500.00 safety inspection fee if a franchisee's vehicle(s) or equipment is believed to be defective, inoperable, substandard, or potentially unsafe as determined

by the director of solid waste. This is a regulatory fee as referenced in F.S. § 166.221. This fee is for the municipal inspection of the vehicles being used by franchisee within the city. The applicable vehicles are those operated by franchisee within the city boundaries. The vehicles will include, but are not limited to, roll-offs, grapple trucks, front and rear end loaders, vactor trucks, dump trucks, trailers, and any other vehicles used for business, collection and disposal of any debris by the franchisee.

(e) Certified recovered materials dealers excluded from local franchise requirements pursuant to F.S. § 403.7046 shall be required to submit an annual registration form and pay a $100.00 registration fee per year beginning October 1st, 2015, to the city for an annual period which will begin October 1st and end September 30th of the following year. (See certified recovered materials dealer registration form).

(f) The franchise fee may be amended or adjusted from time to time. Any monthly percentage of gross receipts payable, as amended, or adjusted, will automatically apply to the franchise agreement. The city and franchisee will promptly execute any addendum or amendment recognizing the franchisee's obligation to pay such adjusted or amended fee as of the effective date of such amendment. If the franchisee fails to pay the adjusted franchise fee, or fails to comply with any addendum or amendment to the franchise agreement, the franchisee shall be deemed in default of the franchise agreement.

(Ord. No. 10128, § 1, 7-10-86; Ord. No. 10440, § 3, 5-19-88; Code 1980, § 22-18.4; Ord. No. 11837, § 2, 9-28-99; Ord. No. 12258, § 2, 7-25-02; Ord. No. 12599, § 2, 10-14-04; Ord. No. 12835, § 2, 10-12-06; Ord. No. 13108, § 5, 10-8-09; Ord. No. 13194, § 2, 9-27-10; Ord. No. 13316, § 2, 3-8-12; Ord. No. 13531, § 2, 7-9-15; Ord. No. 13693, § 2, 7-13-17)

Editor's note—Ord. No. 13316, § 2, adopted March 8, 2012, changed the title of section 22-50 from "Franchise fees; permit per account fee(s); annual franchise fee; annual specialized waste handling fee; annual safety inspection fee(s)" to "Franchise fees." The historical notation has been preserved for reference purposes.

Sec. 22-51. Recycling and bulky trash requirements for franchisees.

(a) Each and every recycle franchisee shall submit the following to the solid waste director at the following intervals:

(1) Annually, an "annual recycling plan" that describes recycling activities and services available to commercial and residential establishments in the city that are offered by the franchisee.

(2) Annually, an "annual recycling report" that describes resources and money of the franchisee utilized in connection with the recycling program, a list of recycling accounts, and a list of accounts that do not avail themselves of the franchisee's recycling opportunities and reasons for same.

(3) Quarterly, a report describing recycling and diversion goals and recycling/diversion accomplishments.

(4) Annually, copies of literature provided to each customer in English, Spanish, and Creole describing the franchisee's recycling programs and services available.

(b) Bulky trash requirement for franchisees. All city solid waste franchisees are required to offer bulky trash in each franchise agreement or in service contracts for each and every customer they service.

(1) For purposes of this subsection and franchisees, bulky trash shall be defined as trash including, but not be limited to, large items of refuse such as appliances, furniture, accumulations from major tree cutbacks (exceeding ten inches in diameter and four feet in length and weighing more than 50 pounds), large crates and like articles. This excludes biomedical and other wastes not accepted at local facilities.

(2) Bulky trash pickup by franchisee shall:

a. Be completed in an "on demand" manner requiring the customer to request the pick up from the solid

waste franchisee and such pickup shall be accomplished within 48 hours, excluding Sundays and holidays.

b. The bulky trash may only be placed on site and not in any public right-of-way or swale area, and the site of placement must be placed in a mutually agreed predetermined location which could be the franchise container or other such similar container. The signage placed by the solid waste franchisee will be with the following or similar language:

1. Solid Waste Bulky Trash Pick-Up Site;
2. NO Bulky Trash May be Placed Here Until an On-Demand Request for Pick-Up has been made;
3. Please Call your Association Office or Manager to make an On-Demand Request;
4. Any Bulky Trash Left Out for More than 48 Hours will cause the Property and/or any identifiable Person to be ticketed up to $500.00 pursuant to Chapter 22 of the City Code; and
5. This Bulky Trash Pick-Up Site is Authorized pursuant to Section 22-51 of the Code of the City of Miami.

Solid waste franchises can opt to add any other relevant language that is in compliance the City Code, as necessary.

c. A solid waste franchisee may use a subcontractor for bulky trash pickup however, that subcontractor is required to be approved by the city and any subcontractor truck being used will be required to obtain a city provided front windshield decal. This decal shall be renewed each year at a cost of $5.00 per truck and coincide with the city's fiscal year. Any approved subcontractor will be required to have a valid city issued business tax receipt and, if offices are located in the city, a valid certificate of use. Subcontractor approval is further subject to any other necessary requirements as determined by the city manager or designee.

(c) Any franchisee servicing an address that engages in the sale of produce located within the produce market shall, no later than October 1, 2016, offer an organic waste recycling program. Said program shall utilize composting and/or any other organic waste recycling program which diverts organic waste from a disposal site to a city waste-to-energy facility.

All franchisees shall divert, at a minimum, a portion of organic waste collected to the city's waste-to-energy facility, should said facility become available in the future. The minimum required organic waste contribution to the city's waste-to-energy facility shall be set by the solid waste director as a percentage of the franchisee's total solid waste tonnage each year, effective October 1 of that year. Said percentage formula shall be uniform for all franchisees.

(Ord. No. 13531, § 2, 7-9-15; Ord. No. 14356, § 2, 3-13-25)

Editor's note—Ord. No. 14356, § 2, adopted March 13, 2025, changed the title of section 22-51 from "Recycling requirements for franchisees" to "Recycling and bulky trash requirements for franchisees." The historical notation has been preserved for reference purposes.

Note—Section 4 of Ord. No. 14356 states the following: "This Ordinance shall become effective with the next set of Franchise agreements due in 2025 but no later than January 31, 2026, whichever is sooner, after its adoption and signature of the Mayor."

Sec. 22-52. Identification of equipment.

All equipment utilized to collect and transport solid waste in the city must be conspicuously marked on both sides of the automotive unit with the name of the hauler, tare weight, cubic yard capacity, and a decal issued by the city. Identification information must also be marked on all

trailer and container units. All markings must be in letters and numerals at least two inches in height.
(Ord. No. 10128, § 1, 7-10-86; Code 1980, § 22-18.8; Ord. No. 12258, § 2, 7-25-02; Ord. No. 13531, § 2, 7-9-15)

Sec. 22-53. Information required of franchisees.

(a) At least annually or as determined by the director, each franchisee shall supply the following information on a form, format, and in the manner prescribed by the director:

(1) A listing, as of the reporting date, of the names and addresses of customers and the addresses and folio numbers of each location served.

(2) An accounts receivable aging report for each customer within the city.

(3) The number and capacity of each dumpster and compactor per account.

(4) The address serviced by each dumpster and compactor.

(5) The list of accounts within the city for which hand collection of bags/containers is provided.

(6) The listing of city accounts that were charged-off as bad debts.

(7) A list of vehicles and equipment to be used in the city.

(b) No property owner may share an account with another property owner.
(Ord. No. 10128, § 1, 7-10-86; Code 1980, § 22-18.9; Ord. No. 11837, § 2, 9-28-99; Ord. No. 12258, § 2, 7-25-02; Ord. No. 13194, § 2, 9-27-10; Ord. No. 13531, § 2, 7-9-15; Ord. No. 13693, § 2, 7-13-17)

Sec. 22-54. Change in required information.

Each franchisee shall file any change in its required information with the director in writing on a form prescribed by the director prior to becoming effective.
(Ord. No. 12258, § 2, 7-25-02)

Editor's note—Ord. No. 12258, § 2, adopted July 25, 2002, amended § 22-54 in its entirety to read as herein set out. Formerly, § 22-54 pertained to a change in rates and derived from the Code of 1980, § 22-18.10 and Ord. No. 10128, § 1, adopted July 10, 1986.

Sec. 22-55. Disposal required at city- and/or county-approved facilities.

(a) Any and all solid waste material collected by a franchisee within the city shall be disposed of only at the solid waste disposal facilities provided, operated and designated or approved by the department and/or the county public works department and at no other location or facility except those which have heretofore been approved by the State of Florida department of environmental protection.

(b) All franchisees shall comply with the provisions of this chapter and all implementing resolutions of the city commission. The city shall use the reports required in this chapter and other information available to determine compliance of permit holders.
(Ord. No. 10128, § 1, 7-10-86; Code 1980, § 22-18.11; Ord. No. 12258, § 2, 7-25-02)

Sec. 22-56. Franchise fee requirement; monthly franchise fee payment; approval by city commission as a prerequisite to issuance; financial statements, list of accounts; account permit fees; roll-off permit fees.

(a) No person shall engage in the business of removing or disposing of garbage, trash, or waste from any premises in the city or transport garbage, trash or waste through the public rights-of-way of the city without first having secured a franchise for such activities and paying all fees associated with the operation of the franchise as determined by the city. All persons shall be required to obtain a franchise from the city in order to engage in commercial solid waste collection and disposal from any streets, public rights-of-way or property in the city. These fees shall be in addition to the occupational permit tax ordinance of the city.

(b) Effective October 1, 1994, all city-franchised commercial solid waste haulers will be required to pay to the city a franchise fee of eight percent of the franchisee's monthly total gross receipts. Said franchise fee shall be increased to 12 percent effective October 1, 1995, and to 15 percent effective October 1, 1996. Said franchise fee shall be further increased to 22 percent, effective October 1, 2004. Said franchise fee shall be further increased to 24 percent, effective October 8, 2009. The franchisee shall, on or before the last day of each month, deliver to the solid waste department a true and correct statement of gross receipts generated during the previous month from its services rendered within the city on or before the last day of each month. Payments of said fee shall be made on a monthly basis to the solid waste department, on or before the last day of each month, representing gross receipts collected the previous month. The franchisee shall on or before 90 days following the close of each fiscal year deliver to the director a certified statement of its annual gross receipts and charge-offs generated from accounts within the city prepared by an independent certified public accountant ("CPA"), admitted to practice in the state, reflecting gross receipts within the city for the preceding fiscal year. The CPA statement shall render an unqualified opinion, based on the result of the audit, relative to the franchisee's accounting of all revenues, fees and charge-offs generated from accounts and activities within the city limits. The franchisees will allow city auditors, during regular business hours after reasonable notice, to audit, inspect and examine the franchisees' fiscal books and records and tax returns, insofar as they relate to city accounts, to confirm the franchisees' compliance with this section. In the event the franchisee fails to pay the full franchise fee percentage of the franchisee's total monthly gross receipts, the city shall charge a penalty of one and one half percent per month on the outstanding balance until paid and additionally the franchisee shall have to pay all expenses of collection, including court costs and reasonable attorneys' fees.

(c) To effectively provide for the payment of said franchise fee by the franchisees to the city, any person seeking to renew his/her annual local business tax receipt pursuant to the provisions of chapter 31 of this Code shall, in addition to the requirements set forth therein, provide the city finance department with evidence of all fees imposed by the provisions of this chapter as a condition to reissuance or renewal of said business permit.

(d) Issuance of a franchise shall require city commission approval for the franchise referenced in section 22-47 of this chapter.

(e) The director is authorized to suspend, revoke, or cancel any such franchise for failure to comply with any of the terms hereof, in accordance with the same practice and procedures as are set forth in section 22-48 of this chapter; providing, however, that the director shall afford an existing franchisee a written notice reasonably specifying the reason(s) for the proposed revocation or suspension of an existing franchise, and the franchisee shall be afforded 14 business days to cure the noncompliance stated in such notice.

(f) Any decision of the director under the terms of this section may be reviewed, upon written request of the aggrieved franchisee made to the city manager in accordance with the same time period and procedure as are set forth by section 22-49, City Code.

(Ord. No. 10440, § 7, 5-19-88; Ord. No. 11184, § 6, 10-27-94; Code 1980, § 22-18.12; Ord. No. 11444, § 2, 2-20-97; Ord. No. 11634, § 1, 4-14-98; Ord. No. 11837, § 2, 9-28-99; Ord. No. 12258, § 2, 7-25-02; Ord. No. 12599, § 2, 10-14-04; Ord. No. 12885, § 1, 2-8-07; Ord. No. 13108, § 5, 10-8-09; Ord. No. 13194, § 2, 9-27-10; Ord. No. 13531, § 2, 7-9-15; Ord. No. 13676, § 2, 4-27-17; Ord. No. 13693, § 2, 7-13-17)

Editor's note—Ord. No. 13194, § 2, adopted September 27, 2010, changed the title of section 22-56 from "Franchise fee requirement; monthly franchise fee payment; approval by director as a prerequisite to issuance; financial statements, list of accounts; account permit fees; roll-off permit fees" to "Franchise fee requirement; monthly franchise fee payment; approval by city commission as a prerequisite to issuance; financial statements, list of accounts; account permit fees; roll-off permit fees." The historical notation has been preserved for reference purposes.

Sec. 22-57. List of qualifications for franchises; term; nontransferability; rules and regulations; tests, inspections and audits.

(a) The city may franchise commercial solid waste haulers as defined herein to provide service to commercial establishments as set forth in this article. The franchises issued, however, shall not limit the right to renew local business tax receipts prior to the effective date of this amendment and, further, will not impair existing written contracts between a franchisee and that of a commercial establishment which are in full force and effect on the effective date hereof and said contract does not exceed the effective date of the franchise. Each applicant for the franchise shall respond to a request for qualifications issued by the procurement department. The request for qualifications shall include, as minimum qualifications to be considered in the granting of such franchise:

(1) Certification that the applicant has satisfied all requirements of chapter 22 of the Code of the City of Miami.

(2) Certification that the applicant has never defaulted on any governmental franchises, contracts, permits or bid awards.

(3) Certification that no subsidiary affiliate, or parent corporation or business entity of the applicant already has, or has applied for, an existing franchise. Franchises will not be issued to a subsidiary, affiliate or parent company of an existing franchisee, or any franchisee.

(4) Certification that the applicant (or, if renewal, the franchise) is not and will not be, throughout the term that it has a franchise, affiliated with an affiliated entity of any existing franchisee, or any applicant for a franchise under this article, as a parent, or subsidiary, or by virtue of an interlocking directorate or otherwise.

(b) Term. Said franchise shall be valid for a period of five years from date of issuance with three one-year options to renew, and, at the expiration or earlier cancellation or revocation thereof, the city may choose to accept applications for a new franchise conditioned and limited as noticed above or, in the alternative, renew the permit issued for an additional three one-year option periods. The option to renew said franchise for the additional three-year period shall be at the sole discretion of the city. In deciding to issue a new franchise and/or accepting applications from applicants for a franchise, the city will consider the following factors:

(1) The franchisee's full and faithful compliance with the terms of this chapter;

(2) The franchisee's and/or applicants who best meet the qualifications established by this section for the issuance of the franchise; and

(3) The current garbage, trash and waste disposal needs of the city, including, without limitation, population, demographic and geographic needs.

(c) Transferability. The franchises granted pursuant to this section shall not be transferable by way of assignment, sale, pledge, or other conveyance. Upon change of ownership, including transference of a majority (51 percent or more) of stock and/or partnership shares, of any company to which a franchise has been issued, a new franchise will be granted by the city commission if the new owner satisfies the requirements of this article.

(d) The franchise provided for by this article is to ensure and facilitate a minimum standard of municipal regulation of commercial waste collection within the city, to provide uniformity and quality of service from the franchises granted hereunder, and to assure that the citizens of Miami have safe, efficient, sanitary, permitted regulated and qualified solid waste, garbage and trash disposal contractors.

(e) The city may, at reasonable times during the term hereof, inspect any franchisee's facilities and perform such test, as the city deems reasonably necessary, to determine whether the goods or services required to be provided by franchisee under its franchise conform to the terms thereof, if applicable. Each franchisee shall make available to the city reasonable facilities and render assistance to facilitate the

performance of all tests and/or inspections by city representatives. All tests and inspections shall be subject to, and made in accordance with the provisions of this Code, as the same may be amended or supplemented from time to time. Each franchisee shall allow city auditors, during regular business hours and after reasonable notice, to audit, inspect and examine the franchisee's financial records (as they relate to city revenue) including all fiscal books and records, sales tax returns, bank statements, general ledger (vouching city revenue to the general ledger) contract(s)/agreement(s) between franchisee and customer(s) and any other financial information deemed necessary, in so far as such other financial information relates to city accounts, as well as the franchisee's entire customer base, in order to confirm the franchisee's compliance with its franchise agreement. Each franchisee shall pay a one and one-half percent penalty per month on any monies due and owing to the city, as a direct result of an audit, from whatever applicable revenue stream during the term of the franchise agreement. If a city audit reveals that a franchisee under-reported gross receipts, and the audit shows additional revenue due to the city in an amount per fiscal year of $20,000.00 or more, franchisee shall pay to the city the cost of conducting the audit. Upon audit notification, a franchisee shall deliver all financial and other books and records to the city at no cost to the city. Each franchisee shall allow city auditors to copy any financial related source documents when deemed necessary to substantiate an audit finding.

(Ord. No. 10440, § 7, 5-19-88; Code 1980, § 22-18.13; Ord. No. 12258, § 2, 7-25-02; Ord. No. 12599, § 2, 10-14-04; Ord. No. 12885, § 1, 2-8-07; Ord. No. 13194, § 2, 9-27-10; Ord. No. 13693, § 2, 7-13-17)

Editor's note—Ord. No. 12599, § 2, adopted October 14, 2004, changed the title of § 22-57 from "List of qualifications for franchises; term; nontransferability; rules and regulations" to "List of qualifications for franchises; term; nontransferability; rules and regulations; tests, inspections and audits."

Sec. 22-58. Revocation of franchise.

(a) The city reserves unto itself the power to revoke all franchises pursuant to this chapter of the Code.

(b) The violation of any of the terms and conditions of this Code which endanger the public health, safety and welfare or the violation of any of the terms and conditions of the franchise shall be cause for revocation of a franchise.

(c) The director may revoke a franchise for a violation or violations as aforementioned and may immediately declare such franchise null and void, and upon such declaration, franchisee shall immediately cease all operations, and shall be considered to have forfeited said franchise and the rights acquired thereunder. Should the director decide to revoke a franchise, he/she shall provide the franchisee with notice of such revocation and the reasons therefore. Upon receipt of such notice, the franchisee may appeal said revocation to the city manager or the city manager's designee and the appeal and hearing thereon shall be conducted in accordance with the procedures set forth in section 22-49.

(Ord. No. 10128, § 1, 7-10-86; Code 1980, § 22-18.14; Ord. No. 11837, § 2, 9-28-99; Ord. No. 12599, § 2, 10-14-04; Ord. No. 13194, § 2, 9-27-10)

Sec. 22-59. Procedure upon violation of sections 22-46 through 22-58.

Any violation of sections 22-46 through 22-58 herein may result in action taken by the director pursuant to section 22-93 herein, and such action shall be cumulative in nature and not the exclusive action available to the director.

(Ord. No. 10128, § 1, 7-10-86; Code 1980, § 22-18.15)

Secs. 22-60—22-85. Reserved.

ARTICLE III. ENFORCEMENT AND ADMINISTRATION

Sec. 22-86. Waste fees; implementation.

(a) It shall be the duty of the owner of each lot, tract or parcel of land in the city having a residential unit situated thereon, except as may otherwise be provided herein, to pay or cause to be paid the waste fee or fees due for each residential unit or commercial establishment, as the case may be, as provided for in section 22-12

and section 22-87 herein, and failure on the part of such owner to make such payment shall constitute a violation of this chapter.

(b) Each person, firm, corporation, partnership or other entity who is the owner of each lot, tract or parcel of land in any area in the city shall pay for residential waste collection service as billed directly by the city or, at the discretion of the city, on the tax bill to and in accordance with the provisions of F.S. ch. 197. Other special collection billings will be billed as authorized by the city commission.
(Ord. No. 10128, § 1, 7-10-86; Ord. No. 11184, § 7, 10-27-94; Code 1980, § 22-23)

Sec. 22-87. Schedule of waste collection and disposal fees; records to be kept.

(a) Any special collections which exceed the normal weekly trash collection will be charged according to equipment and manpower usage.

(b) The department shall maintain complete and accurate records of the costs and expenditures for providing waste collection services, and shall provide the city manager and the city commission with periodic statements and reports showing such costs and expenditures. The city commission shall make periodic adjustment of the fees, assessments and charges for waste collection and disposal services in accordance with the cost analysis of providing such services.
(Ord. No. 10128, § 1, 7-10-86; Ord. No. 11184, § 8, 10-27-94; Code 1980, § 22-24; Ord. No. 12258, § 2, 7-25-02)

Sec. 22-88. Payment of waste fees.

(a) All payment of waste fees shall be payable in advance on or before the due date annually based on the method deemed most appropriate and cost effective by the city manager. In the event that payment of said waste fees is by check made payable to the city and said check is returned by the bank due to insufficient funds or any other reason not the fault of the bank or the city, a charge of $20.00 shall be added to the waste fee due to cover administrative costs incurred by the city. In addition, late charges and interest on past due accounts shall be charged as provided in this chapter.

(b) The finance director shall give notice to the owner of the property at the owner's last known mailing address, as disclosed by city records or by the county tax rolls, or at the property's address, or upon any occupant thereof. If the address of the owner is unknown to the finance director, and if the property is unoccupied and the owner thereof has no agent or employee available for service of such notice, the posting of a notice upon such property by the finance director shall constitute and be sufficient notice to the owner thereof. All methods of giving notice as provided for herein are cumulative and independent of the other, and the finance director may use one or all of the same as the finance director may deem necessary.
(Ord. No. 10128, § 1, 7-10-86; Ord. No. 11184, § 9, 10-27-94; Code 1980, § 22-26; Ord. No. 11276, § 2, 7-13-95)

Sec. 22-89. Waste and right-of-way cleaning fees shall constitute special assessment liens against all improved real property.

(a) Except as otherwise provided by this chapter, all owners of improved real property in the city are required to have accumulations of garbage, bulky waste, and solid waste removed by the department, and for such governmental service of garbage, bulky waste and solid waste collection, or the availability of such service, all such improved real property shall be liable for the payment of the waste and right-of-way cleaning fees set forth in this chapter. All such fees becoming due and payable on and after January 1, 1983, shall constitute, and are hereby imposed as, special assessment liens against the real property aforesaid, and until fully paid and discharged, or barred by law, shall remain liens equal in rank and dignity with the lien of city and county ad valorem taxes and superior in rank and dignity to all other liens, encumbrances, titles and claims in, to or against the real property involved. Such fees shall become delinquent if not fully paid within 60 days after

the due date. Total outstanding balance for delinquent fees and related charges shall bear an interest charge of one percent per month, on any and all of the outstanding balance of such fees due, and if not fully paid with all accrued interest by the due date of the next succeeding waste fee payment, will continue to accrue interest at the rate of one percent per month. Unpaid and delinquent fees, together with accrued interest, shall remain and constitute special assessment liens against the real property involved. Such special assessment liens for waste and right-of-way cleaning fees and interest and costs may be enforced by any of the methods provided in F.S. ch. 85, or in the alternative, foreclosure proceedings may be instituted and prosecuted under the provisions of F.S. ch. 173, or the collection and enforcement of payment thereof may be accomplished by any other method authorized by law. The owner and/or operator shall pay all costs of collection, including reasonable attorney fees, court costs, and abstracting and related lien expenses imposed by virtue of this chapter.

(b) (1) Except as otherwise provided by this chapter, all waste fees due and unpaid for the period from January 1, 1981, until December 31, 1982, shall constitute special assessment liens against all improved real property for which waste collection and disposal services were provided or made available.

(2) Except as otherwise provided by this chapter, all waste fees due and unpaid for the period from March 1, 1980, until January 1, 1981, shall constitute special assessment liens against all improved real property for which waste collection and disposal services were provided or made available, unless the present owner and record title holder of the particular real property involved shall fully pay all waste fees maturing since such owner acquired title, including current waste fees, and shall file with the finance department a verified statement showing that the property involved was purchased in good faith for valuable consideration and that a transfer of title was not accomplished for the purpose of avoiding payment of delinquent waste fees, on a date subsequent to March 1, 1980, and giving the full and correct legal description and street address of the property involved, and the name and address of the former owner, if known, and such other information as may be reasonably required by the finance department. Thereupon, such present owners shall be required to pay such waste fees for the period from March 1, 1980, until January 1, 1981, during which period they were the record title holders of the property involved, and current waste fees. Provided further, that waste fees becoming due and unpaid prior to January 1, 1981, shall constitute special assessment liens only if the finance department shall cause to be filed in the office of the clerk of the circuit court of Dade County, Florida, on or before December 31, 1983, a notice of lien or statement showing a legal description of the real property against which the lien is claimed and its location by street and number, and the name of the owner as reflected by the records of the finance department, and an accurate statement of the total amount of unpaid and delinquent waste fees claimed to be due as of January 1, 1981, and a copy of such notice of lien shall be mailed to the owner of the property involved, as shown by the records of the finance department. Such notices of liens shall be filed in a special waste lien docket book maintained by the clerk of the circuit court for such purpose, which shall contain such liens as have been filed. In the event the department fails to file a notice of lien as aforesaid on or before December 31, 1983, no special assessment lien shall exist for any waste fees becoming due prior to January 1, 1981. Such liens, if filed, may be discharged and satisfied by payment to the city of the aggregate amounts specified in the notice of liens together with interest thereon from the date of filing of the lien computed at the rate of 18 percent per annum, together with the

administrative costs, filing and recording fees. When any such lien has been fully paid or discharged, the finance department shall promptly cause evidence of the satisfaction and discharge of such lien to be entered in said waste lien docket book. Delinquent waste fees accruing during the period from March 1, 1980, until January 1, 1981, shall not in any event become special assessment liens against improved real property unless the finance department shall comply with the requirements of this paragraph (2), subsection (b). Where the record title to improved real property was acquired after March 1, 1980, and prior to January 1, 1981, in good faith for good and valuable consideration and not for the purpose of avoiding payment of delinquent waste fees, the present owner and record title holder of the involved property shall be liable only for waste fees due for the time period within which the record title was acquired and subsequent periods. Where the record title is so acquired after January 1, 1981, and prior to the filing of the notice of lien or statement required under the provisions of this paragraph (2) of subsection (b), the property shall not be liable for any delinquent waste fees accruing to January 1, 1981. In such instances, the former record title holder shall be personally liable for the delinquent waste fees, and not the property.

(c) (1) Where property owners have paid delinquent waste fees for which they are not liable, a refund or credit, if presented within the time period permitted by Florida Statutes, shall be given for such payments in accordance with the provisions of this subsection upon written request and delivery of all receipts evidencing payment of the delinquent waste fees for which a refund or credit is sought. It shall be the duty and responsibility of the record title holder to furnish the finance department with the information required by this subsection in order to release the property from liability for such delinquent waste fees.

(2) Any person, firm, corporation or legal entity, other than the present owner of the property involved, who pays any herein listed special assessment liens shall be entitled to receive an assignment of the lien held by the city and shall be subrogated to the rights of the city in respect to the enforcement of such lien.

(3) The finance department is authorized and directed to execute and deliver, upon request, written certificates certifying the amount of waste fees due upon any parcel of real property subject to payment of waste fees, or certifying that no waste fees are due, which certificates shall be binding upon the city. The finance department shall make rules and regulations prescribing procedures governing the administration of the provisions of this chapter and providing procedures for the payment of waste liens in periodic installments and the cancellation of waste liens, which rules and regulations when approved by resolution of the city commission and filed in accordance with the requirements of this chapter shall have the force and effect of law.

(Ord. No. 10128, § 1, 7-10-86; Ord. No. 10371, § 4, 1-14-88; Ord. No. 10475, § 1, 9-8-88; Ord. No. 10600, § 1, 7-13-89; Code 1980, § 22-28)

Sec. 22-90. Waste fee receipts.

Receipts evidencing the payment of waste fees, in such form as may be approved by the finance director, shall be retained by the occupant of the premises covered thereby, and shall be exhibited upon demand of any employees of the finance department. Failure to exhibit such receipt upon demand shall constitute a violation of this chapter.

(Ord. No. 10128, § 1, 7-10-86; Code 1980, § 22-29)

Sec. 22-91. Multiple occupancy of premises.

A commercial establishment and a residential establishment under the same ownership located

in separate buildings on the same parcel of property in which the owner has a separate collection point for residential and commercial solid waste shall have the option of having separate collection points, in which case the refuse for the residential portion may be billed as a residential account. The commercial refuse shall be the responsibility of a private hauler commercial account. Cans must be separated on multiple occupancy properties and placed in separate locations. Cans must be marked for separate identification.
(Ord. No. 10128, § 1, 7-10-86; Ord. No. 11184, § 10, 10-27-94; Code 1980, § 22-30)

Sec. 22-92. Certain exemptions from payment of waste fees.

Commercial establishments actually employing and using the services of a private waste collector holding a valid franchise provided for in article II of this chapter shall not be liable for the payment of waste fees otherwise required to be paid hereunder so long as such employment and use continues.
(Ord. No. 10128, § 1, 7-10-86; Code 1980, § 22-31; Ord. No. 12258, § 2, 7-25-02)

Sec. 22-93. Enforcement and administrative fees.

(a) The director of solid waste, or designee, shall have the authority to initiate enforcement proceedings, against any person, franchisee, firm, corporation or other legal entity who has not strictly complied with the provisions of this chapter.

(1) If an inspector finds a violation of this chapter, a violation shall be issued pursuant to section 2-814 and/or section 2-823 of this Code. Enforcement pursuant to chapter 2 does not preclude enforcement pursuant to any other means allowable by law.

(2) A non-franchisee roll-off/container shall be subject to seizure and impoundment. Written notice of the department's intent to seize the roll-off/container shall be posted to the roll-off/container which is subject to seizure and impoundment. The department shall not seize any roll-off/container within 24 hours from the posting of the written notice. In addition to posting notice, the department shall also provide written notice of such seizure and impoundment to all persons or other legal entities who have a legal interest in the subject roll-off/container by certified mail, return receipt requested, within 24 hours of posting notice. The written notice shall include the following:

a. The name of the city department or division issuing such notice.

b. The date upon which the notice was issued.

c. The date that the notice was posted to the roll-off/container.

d. The section number of the City Code or ordinance that has been violated.

e. Notice that the department will seize and impound the roll-off/container in the event that the roll-off/container is not removed from the premises within 24 hours from the date of the posting of the written notice.

f. Notice of the right to request a preliminary hearing, pursuant to section 22-94, to contest the seizure and impoundment of the roll-off/container.

g. Notice of the right to request a preliminary hearing, pursuant to section 22-94, to contest the seizure and impoundment of the roll-off/container and immediately retrieve the roll-off/container from the department upon the posting with the department a cash bond in the amount of $500.00, plus costs incurred by the department.

h. Notice of the right to waive the preliminary hearing and immediately retrieve the roll-off/container from the department upon

the payment of a $500.00 administrative penalty, plus costs incurred by the department.

i. Notice that the failure to request a preliminary hearing within ten days after the notice was mailed shall constitute a waiver of the right to a preliminary hearing pursuant to section 22-94.

A roll-off/container that has been seized and impounded, which has not been returned to the owner or interested party by virtue of a preliminary hearing, final hearing, appeal, or payment of an administrative penalty, shall become the property of the city.

(3) The department is authorized to seize and impound a roll-off/container, after the 24-hour notification, in the event the department determines that said roll-off/container constitutes a public nuisance and poses a health and safety concern. Written notice of the department's action shall be posted at the site where the roll-off/container was located. In addition to posting notice, the department shall also provide written notice of such seizure and impoundment to all persons, firms, corporations, or other legal entities, whom the department knows, or with reasonable investigation should know, to have a legal interest in the subject roll-off/container by certified mail, return receipt requested, within 24 hours of posting notice. The written notice shall include the following:

a. The name of the city department or division issuing such notice.

b. The date upon which the notice was issued.

c. The date that the notice was posted at the location where the roll-off/container was found.

d. The section number of the City Code or ordinance that has been violated.

e. Notice of the right to request a hearing, pursuant to section 22-94, to contest the seizure and impoundment of the roll-off/container.

f. Notice of the right to request a hearing, pursuant to section 22-94, to contest the seizure and impoundment of the roll-off/container and immediately retrieve the roll-off/container from the department upon the posting with the department a cash bond in the amount of $500.00, plus costs incurred by the department.

g. Notice of the right to waive the hearing and immediately retrieve the roll-off/container from the department upon the payment of a $500.00 fine, plus costs incurred by the department.

h. Notice that the failure to request a hearing within ten days after the notice was mailed shall constitute a waiver of the right to a preliminary hearing pursuant to section 22-94.

A roll-off/container that has been seized and impounded, which has not been returned to the owner or interested party by virtue of a preliminary hearing, final hearing, appeal, or payment of an administrative penalty, shall become the property of the city.

(b) Appointment and qualifications of sanitation inspectors, powers and duties.

(1) The city manager is hereby authorized to designate and appoint, as sanitation inspectors, certain city employee(s), normally trained and assigned to inspection functions for the purpose of enforcing this chapter and the rules and regulations pertaining thereto.

(2) Sanitation inspectors shall have the following qualifications:

a. A high school diploma or its equivalent.

b. Satisfactory completion of a course of at least 40 hours' duration pertain-

ing to the duties of sanitation inspectors, which course shall be jointly given by the directors of the city police department, department of general services administration, department of resilience and public works, law department and other relevant departments.

c. Approval and certification by the city police chief as persons of good moral character and standing in the community suited by temperament and learning to be sanitation inspectors of the city.

(3) Sanitation inspectors shall, while on duty:

a. Issue notices of noncompliance and perform such other acts pursuant to section 22-5(b) for enforcement of this chapter.

b. Perform such additional duties as may be prescribed by ordinance or by administrative orders, regulations and directives as may be issued by the city manager.

(4) Sanitation inspectors shall be identified either by special uniform or badge or both. Sanitation inspectors shall not carry firearms.

(c) Obstructing sanitation inspector in the performance of duties.

(1) Whoever opposes, obstructs, or resists the sanitation inspector or other person authorized by the sanitation inspector, in the discharge of his or her duty, as provided in this section, shall be guilty of a violation of this chapter, and, upon conviction thereof, shall be punished as provided in section 1-13.

(2) Sanitation inspectors shall notify the city police department immediately when in their judgment an arrest or forcible restraint becomes the appropriate response to a situation.

(d) Civil penalties assessed pursuant to this article are due and payable to the city on the last day of the period allowed for the filing of an administrative hearing before a hearing officer, or if proper appeal is made, when the appeal has been finally decided adversely to the named violator. The amount of such penalty assessed shall constitute and is hereby imposed as a lien against the subject property with equal rank and dignity of any other special assessment liens. Penalties for violations of the provisions of this article shall be assessed in accordance with the minimum administrative fee schedule as set forth below:

Acts/Conditions of Noncompliance	*Fee*	*Section (Subsection)*
1st offense:	$262.50	22-46(b) and 22-47(6)
2nd offense:	500.00	22-46(b) and 22-47(6)
Each additional offense:	1,050.00	22-46(b) and 22-47(6)
Container(s), Garbage/Trash/Industrial/other waste placed on public rights-of-way (Residential 1st offense, tag; 2nd offense, tag and warning; 3rd offense, Fine). Commercial 1st offense, $262.50; 2nd offense and thereafter, $525.00.	262.50	22-2(e) 4404
Residential and/or commercial dumpster(s) not kept in approved garbage enclosure	158.00	22-2(f)
Failure of commercial property to have adequate Solid Waste contract for service, 1st offense, $262.50; 2nd offense and thereafter, $525.00.	262.50	22-14(b) 4406
Failure of Commercial Hauler/Solid Waste of intent to discontinue service, 1st offense, $75.00; 2nd offense, $150.00; 3rd offense, $250.00.	75.00	22-2(a) 4435
Commercial container violation (construction, placement, accessibility, not screened from public view) 1st offense, $75.00; 2nd offense, $150.00; any additional offenses, $300.00.	75.00	22-2(c) 1-4 4401
Failure to remove raw or processed organic waste matter from food service establishment, 1st offense, $262.50; 2nd offense and thereafter, $525.00.	262.50	22-2(b) 4432

Acts/Conditions of Noncompliance	*Fee*	*Section (Subsection)*
Failure to maintain property/adjoining public areas, easements, alleys free of industrial Bulky Waste, Garbage, Trash or other waste, or failure to mow grass to curbside (residential, $75.00), commercial 1st offense, $75.00; 2nd offense, $150.00; 3rd offense, $250.00.	75.00	22-5(a) 22-9 4410
Failure to properly mark container	52.50	22-2(f) 4409
Disposal of trash or other waste materials placed in right-of-way at other than authorized time	79.00	22-18(b) 4419
Illegal dumping by a person or business	500.00	22-11
Littering	500.00	22-6(l)
Illegal dumping from any commercial vehicle	500.00	22-11 4411
Illegal dumping of waste tires (per tire)	500.00	22-11 4408
Unauthorized bulky waste on right-of-way	79.00	22-18(b)
Garbage not containerized	79.00	22-8(1)
Sunken containers in ground of property	105.00	22-2(c)(4)
Operating a Commercial Solid Waste vehicle without a valid registration	262.50	22-50 4423
All other Chapter 22 violations, 1st offense, $262.50; 2nd offense, $525.00; 3rd offense, $1,050.00.	262.50	ch. 22
Failure of franchisee to remove container(s) from discontinued accounts	79.00	22-2(b)
Failure of commercial property to have sufficient service, 1st offense, $262.50; 2nd offense, $525.00.	262.50	22-2(b) 4434
Engaging in commercial solid waste collection without city Franchise Agreement, each offense, $500.00; and all equipment subject to seizure and impoundment procedures as set forth in section 22-93	500.00	22-6(e) and 22-46
Failure of commercial Solid Waste hauler to properly identify equipment/container, 1st offense, $262.50; 2nd offense, $525.00.	262.50	22-52 4402
Failure of commercial Solid Waste hauler to provide Recycling program, 1st offense, $262.50; 2nd offense, $525.00; 3rd offense, $1,050.00.	262.50	22-20 and 22-93
Failure of property owner to provide Recycling program, 1st offense, $262.50; 2nd offense, $525.00; 3rd offense, $1,050.00.	262.50	22-20 and 22-93

(e) If the owner, agent, or occupant of any property within the city shall fail to comply with any determination of the city manager, or his/her designee, the director shall cause such work to be done and shall keep an accurate accounting of the costs thereof, whereupon the amount of such costs and the interest thereon shall constitute and is hereby imposed as a lien against the subject property with equal rank and dignity of any other special assessment liens. An aggrieved party may appeal both the fees and costs imposed under this section to a court of competent jurisdiction in accordance with the Florida Rules of Appellate Procedure.

(f) Failure by an occupant of any commercial property other than multifamily residential property to comply with the regulations set forth in this chapter shall cause the city to revoke the certificate of use and local business tax receipt for said business.

(g) In addition to any other remedies provided by this chapter or any other city ordinance, the director and the director of the department of resilience and public works shall have judicial remedies available to them for violations of this chapter or any other lawful rule or regulation promulgated hereunder as enumerated below but not limited to:

(1) They may institute a civil action in a court of competent jurisdiction to establish liability and to recover damage for any costs incurred by the city in conjunction with the abatement of any condition prohibited by the provisions of this chapter.

(2) They may institute a civil action in a court of competent jurisdiction to seek

injunctive relief to enforce compliance with the terms of this chapter or any rule or regulation promulgated hereunder, to enjoin and prohibit said violation or to compel the performance of actions which will result in compliance with the terms of this chapter.

(h) These remedies are cumulative and the use of any appropriate remedy shall not constitute an election of remedies by the departments. The use of one remedy shall not preclude the use of any others.

(i) The city may enforce all violations of this chapter before the code enforcement board or through any other legal remedy available at law.

(j) Exemption for residential properties (transect zones T3, T4R, T5R and T6R). Any property owner who has been cited pursuant to this chapter shall have their citation voided if the following criteria are met:

(1) Proof of complaint to 311 or their city commissioner district office at the time the illegal dumping became known, with photographic or other evidence if possible; and

(2) A review by the director of the city department who issued the citation, or their designee, which determines that the property in question was the site of illegal dumping by a party unrelated to the property owner.

(k) Penalties for prohibited disposition and raking of yard waste, dirt or debris when raking or using leaf blowers. A violation of section 22-23 of the City Code shall be punishable as follows:

(1) First violation within a six-month period: Warning, no fine;

(2) Second violation withing a six-month period: $100.00 fine;

(3) Third or subsequent violation within a six-month period: $200.00 fine per incident.

The fine shall be issued to the individual performing the raking or using the leaf blower in violation of section 22-23 of the City Code, inclusive of property owners. However, should the individual violating section 22-23 of the City Code be acting in the scope of their employment by a contractor, landscaper, homeowners' association, or other entity, that entity will receive the fine, not the individual employee.

(Ord. No. 10128, § 1, 7-10-86; Ord. No. 10535, § 2, 1-12-89; Ord. No. 11184, § 11, 10-27-94; Code 1980, § 22-32; Ord. No. 11352, § 5, 4-25-96; Ord. No. 11703, § 15, 9-28-98; Ord. No. 11837, § 2, 9-28-99; Ord. No. 12258, § 2, 7-25-02; Ord. No. 12400, § 2, 9-11-03; Ord. No. 12599, § 2, 10-14-04; Ord. No. 12835, § 2, 10-12-06; Ord. No. 12885, § 1, 2-8-07; Ord. No. 13142, § 9, 2-11-10; Ord. No. 13194, § 2, 9-27-10; Ord. No. 13317, § 2, 3-8-12; Ord. No. 13676, § 2, 4-27-17; Ord. No. 13693, § 2, 7-13-17; Ord. No. 13792, § 1, 10-11-18; Ord. No. 14017, § 3, 9-13-21; Ord. No. 14141, § 2, 2-9-23; Ord. No. 14172, § 3, 5-25-23)

Sec. 22-94. Hearings.

(a) The owner, or authorized representative, of a roll-off/container that has been seized and impounded pursuant to subsections 22-93(a)(2) or 22-93(a)(3) of this chapter, may file a written request with the department of hearing boards for a preliminary hearing within ten days from the date the department's notice is mailed.

(1) The hearing shall be scheduled before a special master of the city within ten days of receipt of the written request, excluding Saturdays, Sundays, and legal holidays.

(2) At the hearing, the city shall have the burden to show that probable cause existed to believe that the roll-off/container constituted a public nuisance under chapter 22 of the City Code and was subject to seizure and impoundment pursuant to subsection 22-93(a)(2). If the roll-off/container was immediately seized and impounded pursuant to subsection 22-93(a)(3), the city shall have the burden of showing that probable cause existed to believe that the roll-off/container constituted a public nuisance under chapter 22 of the City Code and posed a health and safety concern.

(3) The formal rules of evidence shall not apply at the hearing and hearsay and circumstantial evidence is admissible.

(4) If, after the hearing, the special master determines that the city has met its burden, as set forth by subsection (a)(2), the special master shall order the continued impoundment of the roll-off/container, if applicable, and set the date for a final hearing. The owner, or authorized representative, may immediately retrieve the roll-off/container from the department upon the posting of a cash bond with the department in the amount of $500.00 without impairing the right to a final hearing.

(5) If, after the hearing, the special master determines that probable cause did not exist, the roll-off/container shall be released forthwith to the owner, or authorized representative, without the imposition of the administrative civil penalty. If the owner, or authorized representative, has already posted a bond for the immediate release of the roll-off/container, the bond shall be refunded to the owner or authorized representative.

(b) The final hearing shall be scheduled and held, unless continued by order of the special master, no later than 30 days after the date that the roll-off/container was seized and impounded. At the final hearing, the city shall have the burden of showing by clear and convincing evidence that the roll-off/container constituted a public nuisance under chapter 22 of the City Code. If the roll-off/container was seized and impounded pursuant to subsection 22-93(a)(3), then the city must also show by clear and convincing evidence that the roll-off/container posed a health and safety concern. If, after the hearing, a finding is made that the roll-off/container was properly impounded and seized, then the special master shall enter an order finding the owner of the roll-off/container civilly liable to the city for an administrative civil penalty of up to $500.00, as outlined in subsections 22-93(a)(2)h. or 22-93(a)(3)g., plus costs incurred by the department. If, after the hearing, a finding is made that the city did not meet its burden of proof as set forth in this subsection, the roll-off/container shall be returned to the owner along with any cash bond posted.
(Ord. No. 13317, § 2, 3-8-12)

Sec. 22-95. Appeal.

The city or the owner of the roll-off/container that has been the subject of a seizure and impoundment pursuant to subsections 22-93(a)(2) or 22-93(a)(3) may, after a hearing pursuant to section 22-94, appeal the final ruling and decisions of the special master to the appellate division of the circuit court of the Eleventh Judicial Circuit of Miami-Dade County, Florida, within 30 days of the date of the final order being appealed. The city may charge the appellant a reasonable fee for preparation of the record for purposes of making the appeal.
(Ord. No. 13317, § 2, 3-8-12)

Secs. 22-96—22-112. Reserved.

ARTICLE IV. MAINTENANCE OF LOTS*

Sec. 22-113. Intent.

The purpose of this article is to protect the public health, safety and welfare by:

(1) Establishing a program for identification and registration of vacant lots.

(2) Establishing the responsibilities of owners of lots.

(3) Providing for administration, enforcement and penalties.

(4) Allowing the city police department to enforce the trespassing penalties described in F.S. § 810.08 on lots.

(5) Providing a fair, equitable, and efficient method of allocating and apportioning the assessed service costs, which constitute

*__Editor's note—__Ord. No. 13044, § 2, adopted December 11, 2008, amended article IV, §§ 22-116—22-118 in its entirety to read as herein set out. Formerly, article IV pertained to lot clearing, and derived from the Code of 1980, §§ 22-36, 22-37; Ord. No. 10128, § 1, adopted July 10, 1986; Ord. No. 11746, § 1, adopted January 12, 1999.

a special benefit to residential and commercial properties, among property owners within the city.

(Ord. No. 13044, § 2, 12-11-08)

Sec. 22-114. Definitions.

Unless otherwise expressly stated, the following terms shall, for the purpose of this article, have the meanings indicated in this section:

Owner means any person, legal entity or other party having any ownership interest in real property, including but not limited to, owners identified on the vacant lot registration form; or a purchaser, devisee, lessee, fiduciary, or holder of an unrecorded deed. This term shall also apply to any person, legal entity or agent responsible for the construction on or maintenance of the lot involved, as well as any person, legal entity or agent authorized to initiate a foreclosure or collection proceeding against the property, whether or not such proceeding has in fact been initiated. This term shall not apply to the city.

Structure means a structure or building as defined by the Florida Building Code.

Vacant lot means a lot, tract, or other parcel of land in the city that does not have a structure or building on the land.

(Ord. No. 13044, § 2, 12-11-08)

Sec. 22-115. Registration.

(a) Every owner of a vacant lot shall, at no cost to the owner, register said vacant lot with the city. Such registration shall include:

(1) A description of the lot including address, legal description, and folio number;

(2) The names, addresses, and contact numbers of the owner, or agents, that can be contacted within 24 hours; and

(3) Written consent by the owner allowing the city police department to enforce the trespassing penalties described in F.S. § 810.08.

(b) This registration must be done upon any transfer of the property and every October 1st thereafter.

(c) Failure to comply with the requirements of this section shall subject the owner to code enforcement action, pursuant to F.S. § 162.06 and chapter 2, article 10, as amended and specifically section 2-814.

(Ord. No. 13044, § 2, 12-11-08)

Sec. 22-116. Prohibitions.

It shall be unlawful for the owner or any other persons in possession of any lot, tract, or other parcel of land in the city, improved or unimproved, to allow on any lot, tract, or parcel of land within the city to such an extent that it constitutes a menace to life, property, the public health, public welfare or creates a fire hazard the accumulation of any of the following: solid waste, biological, hazardous or industrial waste, as described herein; tires; stagnant water; a dense growth of trees, vines and underbrush; or to allow a growth of grass, weeds or bushes over one foot in height; or to allow the existence of depressions or excavations wherein water may accumulate. Any owner of any lot, tract or parcel of land in the city who violates any provision set forth in this article shall, upon conviction thereof, be punished as provided by law.

(Ord. No. 13044, § 2, 12-11-08)

Sec. 22-117. Lot clearance; failure to comply; notice to owner.

(a) The owners or agents of all rental units, including multiple apartments, and the owners of all structures, either residential or commercial, shall be responsible at all times for keeping their premises clean and free from all trash and litter, including the sidewalks and swales on which the buildings or lands front. It shall be the duty of all owners of lots, parcels and tracts of land within the city to keep such property in a safe clean and presentable condition, and to remove therefrom all garbage, surplus grass, saplings, weeds and other growths, and all trash, and to fill in all excavations and depressions thereon, and to limit the growth of grass, weeds, or bushes to no more than 12 inches in height.

(b) In the event the owners of lots, tracts or parcels of land within the city fail or refuse to keep such property in a safe, clean and presentable condition, the code enforcement inspector shall provide notice to the owner that the owner has committed a violation of this chapter and shall establish a reasonable time period within which the owner must correct the violation.

(c) The code inspector, as defined in section 2-811, shall give the notice by registered or certified mail to the owner of the property at the owner's last known mailing address, as disclosed by the city records or by county tax rolls, or at the property's street address, or upon any occupant thereof, or upon any agent or employee of the owner thereof. Said notice shall be deemed sufficient when so addressed and deposited in the United States mail with proper postage prepaid. If the address of the owner is unknown to the code inspector, as defined in section 2-811, and if the property is unoccupied and the owner thereof has no agent or employee available for service of such notice, the posting of a notice upon such property by the code inspector, as defined in section 2-811, shall constitute and be sufficient notice to the owner thereof. All methods of giving notice as provided for herein are cumulative and independent of the other, and the code inspector, as defined in section 2-811, may use one or all of the same as may be deemed necessary. The notice shall include an opportunity for a hearing as provided in section 22-93.

(d) In the event the owner of any lot, parcel or tract of land shall fail to remove therefrom all surplus grass, saplings, weeds, trash or garbage, or fail to fill in all excavations and depressions thereon, or allow the growth of grass, weeds, or bushes to exceed 12 inches in height after notice has been given by the code inspector, as defined in section 2-811, the city may clean or cause to be cleaned such lot, tract or parcel of land and place it in a safe and sanitary condition.

(e) Any actions taken by the city to bring a lot into compliance does not create a continuing obligation on the part of the local governing body to maintain the lot and does not create any liability against the local governing body for any damages to the property if such actions were completed in good faith.

(f) Vacant lots that are not maintained in a clean and sanitary manner and are in repeated violation of this section shall be subject to the city's Continual Maintenance Program ("CMP") and shall be notified of such by certified mail and posting on the property. The CMP will allow city employees and/or vendors to enter upon the vacant land for maintenance and lot clearing purposes after due notice is provided.
(Ord. No. 13044, § 2, 12-11-08; Ord. No. 13647, § 2, 11-17-16)

Sec. 22-118. Cost of clearing as lien on property—collection, foreclosure and sale.

(a) In case the work is done or caused to be done by the city, the code inspector, as defined in section 2-811, shall keep an itemized accounting of expenses of the work done and the cost thereof including an administrative charge of $150.00 and mail the statement to the owner of the property. The owner shall have ten days from the date the request for payment has been served to appeal the lot clearing process and/or the amount of the expenses and costs. If the statement is not paid or appealed within ten days, the amount shall bear interest at the maximum statutory rate allowable by law until paid. Such amounts, together with all penalties imposed thereon, shall constitute, and are hereby imposed as special assessment liens against the real property aforesaid, and until fully paid and discharged, or barred by law, shall remain liens equal in rank and dignity with the line of city and county ad valorem taxes and superior in rank and dignity to all other liens, encumbrances, titles and claims in, to or against the real property involved. Such liens shall be enforced by any of the methods provided in F.S. ch. 86 or, in the alternative, foreclosure proceedings may be instituted and prosecuted under the provisions applicable to practice, pleading and procedure for the foreclosure of mortgages on real estate set forth in state statutes, or may be foreclosed pursuant to F.S. ch. 173, or the collection and enforcement of payment thereof may be accomplished by any

other method authorized by law. The payment of all costs of collection, including reasonable attorney's fees, penalties, administrative charges, and lien amounts is required before said lien shall be discharged or satisfied. All delinquent liens may be offered for sale at the annual lien sale of the city next following the date of delinquency as provided by law. Costs associated with CMP lot maintenance and lot clearing will be considered as a special assessment on the property as with all other lot clearing and maintenance expenses pursuant to F.S. § 170.201 and F.S. ch. 173.

(b) This notice will be the only notice given within a one-year period of time. Any subsequent violations occurring under this section shall be remedied by the city without further notice.

(c) The filing of an appeal from the city's determination of the need for lot clearance by the city shall not delay action by the city as described in section 22-117. The hearing will be conducted in accordance with the procedures set forth in section 22-93.4.

(d) The notice shall be in substantially the following form:

Date: _____

Name of owner: _____

Address of owner: _____

As the registered property owner per Miami-Dade County tax rolls of the above described property, you are hereby notified that an inspection discloses that you are in violation of the Code of the City of Miami, Florida, as amended, Sections 22-116 through 22-118 because (state why property is in violation.)

Chapter 22, Garbage and Other Solid Waste, of the Code of the City of Miami, Florida, as amended requires that your property be kept in a safe, clean condition, not allowing the accumulation of any of the following: solid waste, biological, hazardous or industrial waste, as defined herein, tires, stagnant water; a dense growth of trees, vines and underbrush; or to allow a growth of grass, weeds or bushes over one foot (1 ft.) in height; or to allow the existence of depressions or excavations wherein water may accumulate on any lot, tract or parcel of land within the City to such an extent that it constitutes a menace to life, property, the public health, and public welfare or creates a fire hazard.

You are directed to correct said violation within _____ (_____) days of receipt of this notice and to notify this office that the violation has been corrected. Failure to do so will cause the City to clean the property therefore imposing a special assessment lien against the property including the payment of all costs of collection, penalties, lien amounts and administrative fees. The City may also exercise the option of foreclosure on your property.

This notice, which shall be recorded in the official records of Miami-Dade County will be the only notice given to you in a period of one (1) year from this date. Any other violations occurring under this section shall be remedied by the City without further notice. City of Miami Code Enforcement Official.

(Ord. No. 13044, § 2, 12-11-08; Ord. No. 13647, § 2, 11-17-16)

Sec. 22-119. Exemptions.

This article shall not apply to any lots protected by federal, state, or local law or any lots owned by the federal government, state government, Miami-Dade County, or the city.

The requirement that all subcontractors have and maintain city franchises shall not apply during a declared state of emergency pursuant to the provisions of chapter 45 of the City Code, as amended.

(Ord. No. 13044, § 2, 12-11-08; Ord. No. 13889, § 2, 1-23-20)

Sec. 22-120. Alternative procedures.

Nothing in this chapter shall be deemed to preempt existing remedies of the city authorized under existing law.

(Ord. No. 13044, § 2, 12-11-08)

Secs. 22-121—22-145. Reserved.

ARTICLE V. REMOVAL OF ABANDONED PROPERTY*

Sec. 22-146. Removal from private property.

(a) It shall be unlawful to park, place, store or leave any abandoned property on private property in the city, unless it is in connection with a purpose or business enterprise lawfully situated and licensed; any article of abandoned property parked and/or stored in connection with a legitimate business enterprise shall be parked and/or stored in complete compliance with the city's zoning ordinance.

(b) Whenever the code inspector, as defined in section 2-811, shall ascertain that an article or articles of abandoned property are present on private property within the limits of the city in violation of the zoning ordinance or regulation, the antilitter ordinance or regulation, or other similar ordinance or regulation of the city, the enforcement officer shall cause a notice to be placed upon such article in substantially the following form:

> NOTICE TO THE OWNER AND ALL PERSONS INTERESTED IN THE ATTACHED PROPERTY. This property, to wit: (setting forth brief description) located at (setting forth brief description of location) is improperly stored and is in violation of (setting forth ordinance or regulation violated) and must be removed within ten days or, if the property is a boat, 30 days from date of this notice; otherwise it shall be presumed to be abandoned property and will be removed and destroyed by order of _____ (enforcement officer) unless a request for hearing as provided in Code of the City of Miami section 22-93 is filed by owner with the enforcement officer within the specified timeframe for removal of the property as set forth herein, thereby staying the enforcement officer's action pending the outcome of the hearing. If no hearing is requested the property will be removed and destroyed. If the property is a motor vehicle or boat, the owner will be liable for the costs of removal and destruction. Dated this: (setting forth date of posting of notice). Signed: (setting forth name, title, address and telephone number of enforcement officer).

(c) Such notice shall not be less than eight inches by ten inches and shall be sufficiently weatherproof to withstand normal exposure to the elements for a period of ten days. In addition to posting the notice, and on or before the date of posting, the enforcement officer shall make a reasonable effort to ascertain the name and address of the owner. If such is reasonably available to the officer, he/she shall mail a copy of such notice to the owner on or before the date of posting. If the property is a motor vehicle as defined in F.S. § 320.01(1) or a vessel as defined in F.S. § 327.02(27), the law enforcement agency shall contact the state department of highway safety and motor vehicles or the state department of environmental protection, respectively, in order to determine the name and address of the owner and any person who has filed a lien on the vehicle or vessel as provided in F.S. § 319.27(2) or (3) or F.S. § 328.15(1). On receipt of this information, the enforcement agency shall mail a copy of the notice by certified mail, return receipt requested, to the owner and to the lienholder, if any.

(d) If, at the end of ten days or if the property is a boat, at the end of 30 days after posting such notice, the owner or any person interested in the abandoned article described in such notice has not removed the article and has not requested a hearing in compliance with the ordinance or regulation cited in the notice, the enforcement officer may cause the article of abandoned property to be removed and destroyed. The salvage value, if any, of such article shall be retained by the city to be applied against the cost of removal and destruction thereof, unless the costs of removal and destruction are paid by the owner as provided in section 22-147 hereof, in which case the salvage value may be deposited in the city's general fund.

(Ord. No. 10128, § 1, 7-10-86; Code 1980, § 22-40; Ord. No. 13676, § 2, 4-27-17)

*__State law reference—__Junked, abandoned property on public property, F.S. § 705.101 et seq.

Sec. 22-147. Owner responsible for costs of removing abandoned property.

The owner of any abandoned motor vehicle or boat who, after notice as provided in this section, does not remove the vehicle or boat within the specified period shall be liable to the city for all costs of removal and destruction of such property, less any salvage value received by the city. Upon such removal and destruction, the enforcement officer shall notify the owner of the amount owed and of the penalty provisions of this section. In the case of an abandoned boat, any person who neglects or refuses to pay such amount shall not be entitled to be issued a certificate of registration for any boat until such costs have been paid. The enforcement officer shall supply the state department of environmental protection with a list of persons whose boat registration privileges have been revoked under this section. In the case of an abandoned motor vehicle, any person who neglects or refuses to pay such amount shall be subject to a fine of $100.00.
(Ord. No. 10128, § 1, 7-10-86; Code 1980, § 22-41)

Sec. 22-148. Obstruction of enforcement officer.

Whoever opposes, obstructs, or resists any enforcement officer, or any person authorized by the enforcement officer, in the discharge of his/her duties as provided in this section, upon conviction, shall be punished as provided by law.
(Ord. No. 10128, § 1, 7-10-86; Code 1980, § 22-42; Ord. No. 13676, § 2, 4-27-17)

Sec. 22-149. Enforcement officer immune from prosecution.

Any enforcement officer, or any person authorized by the enforcement officer, shall be immune from prosecution, civil or criminal, for reasonable, good faith trespass upon real property while in the discharge of duties imposed by this chapter.
(Ord. No. 10128, § 1, 7-10-86; Code 1980, § 22-43)

Sec. 22-150. Enforcement officers designated.

The designated enforcement officers for the purpose of enforcing the provisions of this article are the city manager, the chief of police, the director of the department of general services administration and the director of the department of planning, building and zoning or their designees and the code inspectors as defined in section 2-811.
(Ord. No. 10128, § 1, 7-10-86; Code 1980, § 22-44)

Secs. 22-151—22-160. Reserved.

ARTICLE VI. DONATION COLLECTION BINS

Sec. 22-161. Donation bins prohibited.

(a) *Generally.* It shall be unlawful to deposit, store, keep or maintain or to permit to be deposited, stored, kept or maintained a donation collection bin in or on any lot, parcel or tract of land or body of water in any zoning district. A donation collection bin is hereby defined as a receptacle designed with a door, slot or other opening and which is intended to accept and store donated items; provided, however, the definition of donation collection bins shall not include trailers, where personnel are present to accept donations.

(b) *Designation of enforcement officer.* The director shall designate an enforcement officer who shall be responsible for the removal of donation collection boxes.

(c) *Notification.* Whenever the enforcement officer ascertains that a donation collection bin is present on any property within unincorporated Dade County, the officer shall cause a notice to be placed on such bin in substantially the following form:

NOTICE

This donation collection bin is unlawfully upon property known as (setting forth brief description of location) and must be removed within 72 hours from the time of this notice. Failure to

remove the bin shall result in the removal and destruction of the bin by order of the City of Miami.

Date this: (setting forth the date, time of posting of the notice)

Signed: (setting forth name, with the address and telephone number of the enforcement officer).

Such notice shall be not less than eight inches by ten inches and shall be sufficiently weatherproof to withstand normal exposure to the elements.

(d) *Removal of donation collection bin.* If at the end of 72 hours after posting of such notice, the donation collection bin has not been removed from the property, the enforcement officer shall cause the bin to be removed.

(e) *Assistance of city police department.* If the enforcement officer is unable to successfully remove a donation collection bin subject to seizure under this section, the enforcement officer or his/her designated representatives may secure the assistance of the City of Miami police department to effect the removal of said bin.

(f) *Obstructing an enforcement officer in the performance of duties.* Whoever opposes, obstructs or resists the enforcement officer in the discharge of duties as provided in this section, upon conviction, shall be guilty of a misdemeanor of the second degree and shall be subject to punishment as provided by law.

(g) *Destruction of donation collection bin.* Whenever a donation collection bin remains unclaimed as provided in subsection (d) above, it shall be destroyed by order of Dade County. The contents of the bin may be destroyed or donated to charity.

(h) *Recovery of costs.* All costs incurred pursuant to this section shall be paid by the owner of the donation collection bin. The enforcement officer may institute a suit to recover such expenses against the bin owner.

(i) *Responsibility for compliance.* The owner of the donation collection bin and the tenant and/or owner of the property on which the bin is maintained shall be responsible for compliance with this chapter.

(Ord. No. 11531, § 2, 7-24-97; Ord. No. 13676, § 2, 4-27-17)

Secs. 22-162—22-169. Reserved.

ARTICLE VII. RESERVED*

Secs. 22-170—22-179. Reserved.

ARTICLE VIII. HANDBILLS

Sec. 22-180. Definitions.

Benefactor means the owner of the business advertised in the commercial handbill whose agent, employee, contractor, promoter, or other representative did or caused the throwing, discarding, placing or depositing.

Business means any commercial or industrial activity, entity, or event in or for which any goods or services are made, sold or offered for sale or other consideration, pecuniary or otherwise.

Commercial handbill means any handbill that conveys any information about any good or service provided by a business.

Handbill means any flyer, paper, document, dodger, circular, folder, booklet, letter, card, pamphlet, sheet, poster, sticker, banner, notice or other written, printed or painted matter or object that conveys any information, except that "handbill" shall not include a newspaper or its contents.

Litter means any paper, handbill, garbage, or other waste that has been placed or deposited and left on a public sidewalk, street, road, avenue, beach, swale, median, building, fence, wall, boardwalk, park, or any other public area, or on any object located on public property, or on the kneewall, window ledge or sill of any public or private building, or on a motor vehicle or private property. Handbills attached to a trash receptacle, but not within the trash receptacle in the usual manner, shall also be considered litter.

---

*__Editor's note—__Ord. No. 14351, § 3, adopted February 13, 2025, repealed the former article VII, sections 22-170—22-174 in its entirety, which pertained to the commercial solid waste and recycling management advisory committee and derived from Ord. No. 11849, § 3, adopted October 26, 1999, and Ord. No. 13693, § 2, adopted July 13, 2017.

One day means a 24-hour period from noon to noon.

Person, benefactor, or *owner* include, within their respective meanings, either an individual or an entity.
(Ord. No. 12972, § 2, 2-14-08)

Sec. 22-181. Throwing or discarding handbills prohibited.

(a) It shall be unlawful for any person, business or benefactor to throw, discard, place or deposit, scatter, cast or cause to be thrown, discarded, placed, or deposited, scattered or cast handbills or commercial handbills in any manner or amount whatsoever in or on any public highway, sidewalk, road, street, alley, thoroughfare or any other public place, except in containers or areas lawfully provided therefore.

(b) It shall be unlawful for any person, business or benefactor to throw, discard, place or deposit, scatter, cast or cause to be thrown, discarded, placed, or deposited, scattered or cast handbills or commercial handbills in any manner or amount whatsoever on any private property, unless prior consent of the owner has been given and the owner is willing to receive the handbill and unless such handbills or commercial handbills will not cause a public nuisance or be in violation of any other state or local laws, rules or regulations. Nothing herein shall relieve the property owner's responsibility of maintaining the property in a safe and clean condition.
(Ord. No. 12972, § 2, 2-14-08)

Sec. 22-182. Distribution of commercial handbills during certain events prohibited; penalty; enforcement.

(a) It shall be unlawful for any person, firm, corporation or other legal entity to post, display or distribute any commercial circulars, handbills, printed or written matter relating to any business or commercial activities at any event with an attendance of 15,000 or more persons, on any property or facilities owned or operated by or for the city, or within a 1,000-foot radius in or around the property, facility or venue, without first obtaining a written permit issued or authorized by the city manager's office or its designated city department, provided that the provisions of this section shall not be applicable to licensees, concessionaires, lessees or agencies of the city.

(b) Each person who distributes permitted commercial circulars, handbills, printed or written matter relating to any business or commercial activities must:

(1) Provide the name and date of birth of the person seeking such permit, the name of the business represented, the business address, the business telephone number, a valid business tax receipt or similar licensure from another jurisdiction and a non-refundable fee of $150.00;

(2) Provide a copy of the printed material intended for distribution; and

(3) Provide for the proper removal of any of the above-described materials discarded and left as litter in the surrounding event area.

(c) Any person, firm, corporation or other legal entity violating any provisions of this section shall, upon conviction thereof, be punished by a fine not to exceed $500.00, or by imprisonment in the county jail for a period not to exceed 60 days, or by both such fine and imprisonment, in the discretion of the county court.

(d) It shall be the duty of the city police to enforce the provisions of this section against any person, firm, corporation or other legal entity found violating the same within the city.
(Ord. No. 13503, § 2, 3-12-15; Ord. No. 14138, § 9, 2-9-23)

Sec. 22-183. Enforcement by code inspectors/enforcement officers; civil infraction notice.

(a) Enforcement of this section may be enforced by either a code enforcement inspector or sanitation enforcement officer as follows:

(1) If a code inspector as defined in section 2-813 finds a violation of this article, such code inspector shall issue a civil

infraction notice to the violator pursuant to the provisions in sections 2-823 through 2-830.

(2) If an enforcement officer as defined in section 22-1 finds a violation of this article, such code inspector shall issue a civil infraction notice to the violator pursuant to the provisions in section 22-93.

(b) At any prosecution for violation of this section when the litter involved is a commercial handbill, if ten or more commercial handbills advertising the same business or benefactor are found in plain view as litter under circumstances that make it more likely than not that the commercial handbills were placed there, or caused to be placed there, by an agent, employee, contractor, promoter, or other representative of the business or benefactor advertised on the face of the handbills, the special master shall apply a rebuttable presumption that the business or benefactor advertised on the face of the handbills threw, discarded, placed or deposited the commercial handbills as litter.

(c) If a person is found littering with commercial handbills, the code inspector is authorized to seize, for use as evidence in the prosecution of the person, business or benefactor before the special master, all commercial handbills in the possession of the person.

(d) The city may cause the removal, at the violator's expense, of all litter distributed or placed in violation of this section.

(Ord. No. 12972, § 2, 2-14-08; Ord. No. 13503, § 2, 3-12-15)

Editor's note—Ord. No. 13503, § 2, adopted March 12, 2015, redesignated the former sections 22-182—22-184 as sections 22-183—22-185. The historical notation of the former sections has been preserved for reference purposes.

Sec. 22-184. Fines.

The following civil fines shall be imposed for violations of this section:

(1) If the offense is the first offense, $100.00 fine plus $50.00 per handbill or commercial handbill;

(2) If the offense is the second offense within the preceding 12 months, $250.00 fine plus $50.00 per handbill or commercial handbill;

(3) If the offense is the third or subsequent offense within the preceding 12 months, $500.00 fine plus $50.00 per handbill or commercial handbill;

(4) Notwithstanding subsections (1)—(3), no person, business or benefactor shall receive more than one offense within any one-day period, however, the $50.00 per handbill or commercial handbill fine shall apply to all littered handbills or commercial handbills found during that one-day period.

(Ord. No. 12972, § 2, 2-14-08; Ord. No. 13503, § 2, 3-12-15)

Note—See editor's note at section 22-183.

Sec. 22-185. Recovery of unpaid fines; unpaid fines to constitute a lien; foreclosure.

(a) The city may institute proceedings in a court of competent jurisdiction to compel payment of civil fines.

(b) A certified copy of an order imposing a civil fine may be recorded in the public records and thereafter shall constitute a lien upon any other real or personal property owned by the violator and it may be enforced in the same manner as a court judgment by the sheriffs of this state, including levy against the personal property, but shall not be deemed to be a court judgment except for enforcement purposes. After two months from the filing of any such lien which remains unpaid, the city may foreclose or otherwise execute upon the lien.

(Ord. No. 12972, § 2, 2-14-08; Ord. No. 13503, § 2, 3-12-15)

Note—See editor's note at section 22-183.

ARTICLE I. GREEN FLEETS

Sec. 22.5-1. Definitions.

Biodiesel means diesel fuel derived from a renewable resource such as plants, waste oils, and animal fats.

Emergency response vehicle means any vehicle used to respond to imminent threats to public health or safety.

Fuel economy means the estimated miles a vehicle can travel for each gallon of fuel consumed. For vehicles 8,500 pounds or less, this value is determined by the EPA's Corporate Average Fuel Economy (CAFE) standards.

Greenhouse gases mean gases which will likely contribute to global warming, as identified by the US Environmental Protection Agency (EPA). Currently, the EPA lists carbon dioxide, methane, nitrous oxide, and fluorinated gases as the primary greenhouse gases of concern. For the purposes of this ordinance, the primary greenhouse gas of concern is carbon dioxide produced by the combustion of fossil fuels such as gasoline and diesel.

Heavy duty vehicle means any wheeled motor vehicle, licensed for use on roadways, having a manufacturer's gross vehicle weight rating greater than 14,000 pounds.

Idling means:

(1) Where the engine is running and in park or neutral in vehicles with automatic transmissions;

(2) Where the engine is running but not in gear for vehicles with manual transmissions.

Light duty truck means any wheeled motor vehicle, with a manufacturer's gross vehicle weight rating of 6,000 pounds or less, which is designed primarily for purposes of transportation of property or is a derivative of such a vehicle, or is available with special features enabling off-street or off-highway operation and use.

Medium duty vehicle means any wheeled motor vehicle having a manufacturer's gross vehicle weight rating of 14,000 pounds or less and which is not a light-duty truck or passenger vehicle.

Passenger vehicle means any wheeled motor vehicle designed primarily for the transportation of persons and having a design capacity of 12 persons or less.

Vehicle means any device powered by an engine and used for the transportation of persons or property upon roadways, excluding aircraft.
(Ord. No. 13001, § 2, 6-12-08)

Sec. 22.5-2. Intent.

The intent of the green fleet ordinance is to reduce vehicle fuel consumption by five percent per year and reduce greenhouse gas emissions from the fleet by at least five percent per year to a total of at least 25 percent by 2015. The city will accomplish this goal by:

(1) Optimizing the fleet size and operation by eliminating unnecessary vehicles.

(2) Increasing the fleet's average fuel economy to be consistent with operational needs. These standards will be included in each department's green fleets plan and reviewed and approved by the green fleets committee (the "review committee").

(3) Minimizing fuel usage by eliminating unnecessary or redundant trips, by increasing efficiency of routes and by minimizing idling.
(Ord. No. 13001, § 2, 6-12-08)

Sec. 22.5-3. Fleet inventory.

In order to establish a baseline of data showing vehicle specifics so that a green fleet plan ("GFP") can be established, implemented, and monitored, each department director or designee shall develop an inventory and analysis of the fleet vehicles at least once annually and submit to the city manager or designee before July 1. This inventory shall include, but not be limited to:

(1) Number of vehicles classified by the model year, make, model, engine size, vehicle identification number (VIN), and drivetrain type (two-wheel drive or four-

wheel drive), and the rated vehicle weight and classification (light-duty, medium-duty, heavy-duty);

(2) Miles per gallon (or gallon equivalent) per vehicle;

(3) Type of fuel (or power source, e.g., electricity) used;

(4) Average cost per gallon (or gallon equivalent) of fuel;

(5) Annual miles driven per vehicle;

(6) Fuel (or power) consumption per vehicle;

(7) Vehicle function (i.e., the tasks associated with the vehicle's use);

(8) Total fuel consumption of each fuel type (or power source used) for the fleet.

City department directors or designees shall be responsible for providing the baseline data in a uniform, reliable and verifiable manner. Annually, the data will be compiled and submitted to the review committee as described herein.

The Miami Office of Sustainable Initiatives (MSI) will compute fleet greenhouse gas emissions, fleet fuel efficiency, and average fuel cost per mile based on the data reported above.
(Ord. No. 13001, § 2, 6-12-08)

Sec. 22.5-4. Department green fleet plans.

Annually, the GSA, fire, police and solid waste departments shall prepare a written GFP describing the implementation of the policies described below. The general services administration ("GSA") GFP shall address GSA vehicles and all other department vehicles not addressed by other GFPs. Copies of each plan will be submitted to the review committee as referenced.

Each department plan shall summarize their fleet inventory and fleet greenhouse gas emissions as described in this ordinance. The plan shall describe how fuel consumption compares to the city's goal of five percent reduction per year and how greenhouse gas emissions compares to the city's goal of at least five percent reduction per year.

Departments that provide emergency response functions shall develop an independent GFP and calculate fuel consumption for emergency response and non-emergency response vehicles. In their annual report, departments will identify all emergency response vehicles and the emergency response role of each designated vehicle. The goal for fuel consumption of emergency response vehicles shall be to reduce fuel consumption to the extent feasible without compromising emergency effectiveness or preparedness. Reduction of fuel consumption in emergency response vehicles may include, but are not limited to, purchasing new vehicles that have increased fuel efficiency and reducing fuel consuming activities during non-emergency operations. For all departments, the fuel consumption goal for non-emergency response vehicles remains five percent.

Each department shall establish a minimum fuel efficiency standard in miles per gallon (or gallon equivalent), as defined herein, for each vehicle class that is purchased or leased by the department. The initial standard will be set at a minimum five percent greater than the current fleet average for the vehicle class. That standard will be mandated to be increased by five percent annually. Exceptions to this policy may be allowed by the green fleets committee if the fuel efficiency standard does not allow vehicles that meet the operational needs of the department.

The GSA department shall review all vehicle procurement specifications and modify them to allow the purchase or lease of alternatively fueled or powered vehicles.

Each department shall review its operational use of vehicles and identify for elimination uses of vehicles which are operationally unnecessary and inefficient.

Each department shall review every new vehicle purchase request and modify them as necessary to ensure that the vehicle is appropriate for its performance requirements.

Each department shall review usage of vehicles and schedule the elimination or replacement of vehicles that are unused or inefficient compared to current fuel economy standards for the department and vehicle class and complies with the approved GFP.

Each department shall develop and implement an anti-idling policy prohibiting city employees from idling city-owned or operated vehicles for an excessive period of time.

Each department shall review fleet maintenance needs and plan to maintain vehicles at optimal efficiency by reviewing current maintenance schedules for all fleet vehicles and increasing maintenance wherever cost-effective benefits will accrue as a result.

The solid waste department and other such route intensive departments shall implement a route optimization program using applicable software and consultations to determine the most efficient routes for waste collection, recycling and street sweeping.
(Ord. No. 13001, § 2, 6-12-08)

Sec. 22.5-5. Monitoring of the green fleet article.

There shall be created a green fleet review committee to ensure goal compliance and monitor departmental responsibilities. The city manager will appoint a five-member review committee, which may include one of the following departments:

Purchasing department;

General services administration;

Police department;

Fire department;

Solid waste department;

Office of sustainable initiatives.

The review committee's responsibilities shall be to:

(1) Review the progress towards the goals of this article and the city's climate action plan.

(2) Recommend new policies or ordinances to improve the city's progress towards its goals of reducing vehicle fuel consumption by five percent per year and reducing greenhouse gas emissions from the fleet by at least five percent per year.

(3) Review the status of use of biodiesel and the biofuel content of biodiesel where appropriate. In addition, the review committee shall evaluate the overall environmental impact of the fuels entire life cycle as compared to fossil fuels, other biodiesel fuels, and other alternative fuels. Based on these reviews, the committee may recommend changes in the sources and/or quantities of biofuels purchased.

(4) Review new fuels and technologies that may be incorporated in the city's green fleet program.

On an annual basis, the departmental directors shall submit a draft green fleet plan to the review committee. The GFP will also include, as an appendix or addendum, an updated fleet vehicle inventory list in the same format as the fleet vehicle inventory completed in section 22.5-4.

Each GFP shall be reviewed by the review committee for overall conformity with the green fleet policy and for completeness in addressing the green fleet goals as outlined in section 22.5-3. Inadequate plans shall be returned to the submitting department for revisal and discussion with the review committee.

Any appeal of the review committee's decisions must be made in writing to the city manager accompanied by appropriate documentation of the reason and justification for the appeal. Valid reasons for an appeal include unavailability of appropriate fleet vehicles, incremental costs in excess of the full life-cycle savings that would accrue from the acquisition of a given vehicle and the primacy of a given vehicle's mission to public safety or a similar area judged to be applicable by the prior acting review committee.

Approval of vehicle procurement requests for each department is contingent upon a satisfactory recommendation from the review committee as to the merit of the department's green fleet plan. Final approval of individual purchases will be made by the GSA director.

The department submitting and implementing the most innovative green fleet plan shall

receive an annual award. The review committee shall determine the recipient of the award during the annual green fleet plan review process.
(Ord. No. 13001, § 2, 6-12-08)

Secs. 22.5-6—22.5-25. Reserved.

ARTICLE II. GREENSPACE MANAGEMENT FUND

Sec. 22.5-26. Definitions.

The following terms shall have the assigned definitions for all purposes under this article:

Greenspace means The interconnected network of landscapes that serve the residents, businesses, visitors, and future generations of the city by providing natural drainage, clean water, wildlife habitat, and passive recreational opportunities to the city.
(Ord. No. 13002, § 2, 6-12-08)

Sec. 22.5-27. Intent.

The greenspace management fund (the "fund") will serve as an account for the receipt of voluntary contributions and funds appropriated from the city each fiscal year which will be used to acquire, improve, and preserve the city's public greenspace.
(Ord. No. 13002, § 2, 6-12-08)

Sec. 22.5-28. Established.

There shall be established the greenspace management fund. It will be maintained and administered by the city pursuant to this article and used to fund the acquisition, improvement, and preservation of greenspace in the city, for activities such as:

(1) Planting or maintaining trees on city-owned property;

(2) Developing multi-use trails to connect city parks, points of interest and existing or proposed trails in adjoining communities;

(3) Preserving watersheds, wildlife corridors and other essential components of the natural environment;

(4) Restoring the integrity of natural resources in areas that have been degraded or damaged;

(5) Maximizing the ability of natural resources to control run-off and flooding;

(6) Providing environmental education that promotes the preservation and acquisition of greenspace;

(7) Promoting public and private participation in the stewardship of resources such as forests, watersheds, bays, wetlands, floodplains, groundwater recharge areas, wildlife habitats, urban trees, and open spaces; and

(8) Acquiring additional greenspace.
(Ord. No. 13002, § 2, 6-12-08)

Editor's note—Ord. No. 13002, § 2, adopted June 12, 2008, enacted provisions intended for use as subsections a.—h. To preserve the style of this Code, and at the discretion of the editor, said provisions have been redesignated as subsections (1)—(8).

Sec. 22.5-29. Payments to fund.

Payments into the fund shall include appropriations from the city general revenue fund, voluntary contributions, including any federal or state moneys, money awarded through grants, fundraising or promotions, including all accumulated interest.
(Ord. No. 13002, § 2, 6-12-08)

Sec. 22.5-30. Management.

The fund will be managed by the city manager or designee, whose duties shall include:

(1) Accounting for deposits and accrued interest and expenditures from the fund; and

(2) Allocating at least 80 percent of the fund to greenspace management during each fiscal year; and

(3) Limiting expenditures from the fund to no more than five percent of each fiscal year for administrative costs related to reporting and management of the fund; and

(4) Seeking additional funding resources; and

(5) Presenting to the city commission an annual financial report at the close of each fiscal year.

(Ord. No. 13002, § 2, 6-12-08)

Editor's note—Ord. No. 13002, § 2, adopted June 12, 2008, enacted provisions intended for use as subsections a.—e. To preserve the style of this Code, and at the discretion of the editor, said provisions have been redesignated as subsections (1)—(5).

Sec. 22.5-31. Allowable expenditures.

(a) All fund transactions shall be made by the city manager or designee, in accordance with this chapter;

(b) Before funds are dispersed, due consideration must be given to written recommendations from the directors of sustainable initiatives and resilience and public works;

(c) The city commission may approve, deny or expedite any expenditure under this chapter; and

(d) Approval by the city commission will be required for those transactions in excess of $50,000.00.

(Ord. No. 13002, § 2, 6-12-08; Ord. No. 13792, § 1, 10-11-18)

Secs. 22.5-32—22.5-50. Reserved.

ARTICLE III. ENVIRONMENTALLY PREFERABLE PURCHASING

Sec. 22.5-51. Intent.

The purpose of this article is to provide the framework to reduce negative impacts to human health and the environment through environmentally preferable purchasing in order to:

(1) Increase purchases of environmentally preferable products and services to achieve the city's mission, while maintaining performance and availability and remaining cost effective, with continual improvement.

(2) Reduce occupational health hazards for city staff and reduce exposure of city residents and visitors to potentially toxic chemicals by purchasing environmentally sensitive, sustainable goods for use or identifying products to be used by service providers that do not harm human health or the environment.

(3) Reduce the city's contribution to global climate change by purchasing goods and services that lead to a reduction in greenhouse gas emissions from commodities.

(4) Improve the air quality for city residents and visitors by purchasing commodities that minimize emissions of air pollutants.

(5) Protect the quality of the city's ground and surface waters by eliminating the use of chemicals known to contaminate local water resources and ecological systems through toxicity, bioaccumulation or persistence.

(6) Preserve resources locally and globally through purchasing practices that include:

a. Maximizing the use of water and energy efficient products;

b. Maximizing post-consumer recycled content and readily recyclable or compostable materials;

c. Reducing the use or creation of landfilled materials;

d. Favoring long-term product use through durability, repairability, and reuse;

e. Considering life-cycle analysis of products consisting of, but not limited to, manufacture, transportation, use, and disposal;

f. Supporting strong recycling markets;

g. Creating a model for successfully purchasing environmentally preferable products that encourages other purchasers or consumers in our community to adopt similar practices.

(Ord. No. 13003, § 2, 6-12-08)

Sec. 22.5-52. Definitions.

Environmentally preferable products and services means products or services, including construction and professionally related services, that have a lesser or reduced deleterious effect on human health and the environment when compared with competing products or services that serve the same purpose. This comparison may consider raw materials acquisition, production method or location, manufacturing, packaging, distribution method, reuse, operation, maintenance, or disposal of the product or service.

Environmental violations means violations of federal, state, county, and city laws, codes, and ordinances instituted to protect the environment, including but not limited to, Titles 33 and 42, of the United States Code, as amended, chapter 62 of the Florida Administrative Code, as amended, chapter 24 of the Code of Miami-Dade County, Florida, as amended, and chapters 10, 14, 22, 35, and 49, of this Code, as amended.

Life cycle analysis means the comprehensive examination of the environmental and economic aspects of a product and potential impacts throughout its lifetime, including raw material extraction, transportation, manufacturing, use, and disposal.

Post-consumer recycled material means only those by-products generated by a business or consumer after a desired material or product has served its intended use, and which has been separated or diverted from the solid waste stream for the purposes of collection, recycling and disposition. This does not include newsstand returns and printers' overruns.

Practical or *practicable* means in compliance with local, state, and federal laws, rules, and regulations; without reducing safety, quality, or effectiveness; and sufficient in performance and available at a reasonable price.

Price premium differential is the difference in price between the environmentally preferable product or service and the non-environmentally preferable product or service.
(Ord. No. 13003, § 2, 6-12-08)

Sec. 22.5-53. Responsibilities of city offices, departments, and agencies.

(a) The city manager or designee shall:

(1) Develop a list of approved environmentally preferable products or services designated the approved alternatives list, which shall contain:

a. Environmentally preferable products and services based on life cycle analysis, environmental impact, cost, availability, price-premium differential, performance and safety. The list shall include to the maximum extent practicable, but not be limited to, specifications for: paper products, wood products, furniture, toner cartridges, plastic bags, electronics, batteries, appliances, lighting, exit signs, traffic signals, construction products, landscaping, janitorial products, food containers, chemicals, packaging, meeting accommodations, thermostats, ventilation, and air conditioning systems, building insulation, playfield surfaces, landscaping, vehicles and reusable products.

b. For products for which the U.S. Environmental Protection Agency has adopted a comprehensive procurement guideline (CPG) under the Resource Conservation and Recovery Act (RCRA), the minimum recycled content standard for products on the approved alternatives list shall not be less than the content standards specified in the most recent CPG.

c. The approved alternatives list shall include products for which the U.S. Environmental Protection Agency Energy Star® program provides ratings, such as for any equipment that uses electricity, natural gas, or fuel oil as well as products that

indirectly impact energy use, such as, but not limited to, windows, doors and skylights.

(2) Develop and maintain achievable practicable standards, for all products on the approved alternatives list. The standards shall include, but not be limited to: energy efficiency, contribution to greenhouse gas emissions, depletion of natural resources, reusability, waste generation, potential impact on human health and the environment, recycled content, water efficiency, and life-cycle.

(b) All city offices, departments, and agencies shall:

(1) Purchase and use environmentally preferable products and services on the approved alternatives list, when practicable.

(2) Institute practices that reduce waste and result in the purchase of fewer products whenever practicable, without reducing performance or safety.

(3) Consider short-term and long-term costs (life-cycle analysis) in comparing product alternatives, when practicable. This includes evaluation of total costs expected during the time a product is owned, including, but not limited to, acquisition, extended warranties, operation, supplies, maintenance, disposal costs and expected lifetime compared to other alternatives.

(4) Purchase products that are durable, long lasting, reusable or refillable whenever practicable.

(5) Explore the elimination of packaging or minimize the amount necessary for product protection to the greatest extent practicable.

(6) Identify or use packaging that is reusable, recyclable or compostable, when suitable uses and programs exist.

(7) Reuse pallets and packaging materials, whenever possible.

(8) Require suppliers of electronic equipment, including, but not limited to, computers, monitors, printers, and copiers, to reuse or safely recycle the products upon discarding or replacing such equipment.

(9) Incorporate training on environmentally preferable products and services into existing procurement training programs and supplier and vendor outreach programs to encourage contractors, consultants, sponsors, suppliers, and vendors to use environmentally preferable products and services with the maximum amount of post-consumer recycled material and certify that products and services are environmentally preferable.

(10) Insure all specifications, standards, scope of work, or scope of services, drawings, or work statements incorporate the purchase of environmentally preferable products or services as required in this article and eliminate any standards or specifications that create artificial barriers to the purchase of environmentally preferable products and services.

(c) Procurement pursuant to the procurement code of the city, as amended, more specifically, issued invitation for bids (IFB), request for proposals (RFP), request for qualifications (RFQ), and request for letters of interest (RFLI) shall reference the ordinance from which this article derives, define environmentally preferable products and services, and reference the approved alternatives list when applicable.

Environmental compliance history shall be considered during procurement. Bidders with three or more environmental violations within a one-year period shall not be considered.

Additional environmental violations may include:

(1) Neglecting to institute or maintain best management practices (BMPs), as described in the environmental protection agency's Storm Water Management for Industrial Activities: Developing Pollution Prevention Plans and Best Management Practices Summary Guidance Manual (1992), in order to reduce or

prevent unfavorable environmental impact to the maximum extent practicable.

(2) Illicit discharges and connections, or illegal dumping as defined by the city's national pollutant discharge elimination system (NPDES) permit, issued by the Florida Department of Environmental Protection, for which the resilience and public works, building, solid waste, and code enforcement departments or any other city, county, or federal department or agency of competent jurisdiction have issued a citation, notice of violation (NOV) or other written notice of non-compliance.

Bidders that have committed environmental violations while contracted by the city, Miami-Dade County, the state, or the United States government shall be excluded from consideration on future city projects for at least one year from the date of the most recent violation. If a contractor or consultant commits an environmental violation while performing work for the city, payment shall be withheld until the contractor or consultant, at its own expense, completely corrects and mitigates the environmental violation to the satisfaction of the city and any other applicable regulatory agencies. The violator, its agents, servants, affiliates, or representatives shall fully hold harmless the city, its officers, agents, directors, and employees, from liabilities, penalties, damages, losses, and costs, including, but not limited to the correction and remediation of an environmental violation and reasonable attorney's fees, to the extent caused by the environmental violation.

(d) Upon the recommendation of the chief procurement officer, the budget director, or the chief financial officer, the city manager or designee may waive the requirement to purchase environmentally preferable products and services on the approved alternatives list based on the following:

(1) When the price premium differential is over ten percent;

(2) A finding is made that the city is at a financial deficit and the purchase of environmentally preferable products or services would be cost-prohibitive;

(3) The product or service is not available;

(4) The product or service is unsafe; or

(5) The product or service does not have adequate competition.

The city manager or designee will periodically issue reports detailing the implementation status of this article, review product standards, make recommendations for raised standards, and total quantities by volume and dollar amount of environmental preferable products or services purchased.
(Ord. No. 13003, § 2, 6-12-08; Ord. No. 13792, § 1, 10-11-18)

Secs. 22.5-54—22.5-70. Reserved.

ARTICLE IV. WATER CONSERVATION*

Sec. 22.5-71. Intent.

The intent of the water conservation ordinance [this article] is to implement procedures to protect the water resources of the City of Miami ("city") and to promote water conservation through the efficient use of landscape irrigation and consistency with the South Florida Water Management District's ("district") mandatory year-round landscape irrigation conservation measures under Chapter 40E-24, Florida Administrative Code ("F.A.C."). This article will increase water use efficiency; prevent and curtail wasteful irrigation practices by providing mandatory landscape irrigation conservation measures; and prohibit the operation of irrigation systems in a manner causing water to be wasted.
(Ord. No. 14038, § 2, 12-9-21)

*__Editor's note—__Ord. No. 14038, § 2, adopted December 9, 2021, amended article IV in its entirety to read as herein set out. Formerly, article IV, sections 22.5-71—22.5-75, pertained to similar subject matter, and derived from Ord. No. 13071, § 2, adopted June 11, 2009.

Sec. 22.5-72. Definitions.

Address means the "house number" (a numeric alphanumeric designation) that, together with the street name, describes the physical location of a specific property. This includes "rural route" numbers but excludes post office box numbers. If a lot number in a mobile home park or similar community is used by the United States Postal Service to determine a delivery location, the lot number shall be the property's address. If a lot number in a mobile home park or similar residential community is not used by the United States Postal Service (e.g. the park manager sorts incoming mail delivered to the community's address), then the community's main address shall be the property's address. If a property has no address it shall be considered "even-numbered."

Athletic recreation area means all golf course fairways, tees, roughs and greens and other athletic play surfaces; including, football, baseball, soccer, polo, tennis and lawn bowling fields, rodeo, equestrian and livestock arenas.

City means the City of Miami.

City manager means the city manager or designee.

Code inspector means any code inspector or agent authorized to ensure code compliance as defined in section 2-813 of the City Code, as may be amended from time to time.

Consumptive use permit ("CUP") means a permit issued pursuant to Chapter 40E-2, F.A.C., authorizing the consumptive use of water.

District means the South Florida Water Management District (SFWMD), a government entity created under F.S. ch. 373, as may be amended from time to time.

Even-numbered address means an address ending in the numbers 0, 2, 4, 6, 8 or the letters A—M, or locations with no address, such as rights-of-way.

Existing landscape means any landscaping which has been planted and in the ground for more than 90 days.

Irrigation systems means equipment and devices which deliver water to the landscape being irrigated including, but not limited to, pumping stations, controls, main and submain pipelines, lateral pipelines, emitters, valves, fittings, and safety devices.

Landscape means all residential, commercial, institutional, industrial, or governmental areas which are ornamentally planted including, but not limited to, turf, ground covers, flowers, shrubs, trees, sand, mulch, hedges and similar plant materials, lawns, sod, grass, and such other flora, not intended for resale, which are situated in such diverse locations as residential landscapes, recreation areas, cemeteries, public, commercial, and industrial establishments, public medians, and rights-of-way except athletic play areas as defined in this section.

Landscape irrigation means the outside watering of shrubbery, trees, lawns, sod, grass, ground covers, plants, vines, ornamental gardens, and such other flora not intended for resale, which are planted and are situated in such diverse locations as residential landscapes, recreation areas, cemeteries, public, commercial, and industrial establishments, public medians, and rights-of-way except athletic play areas as defined in this section.

Low volume hand watering means the watering of landscape by one person, with one hose, fitted with a self-canceling or automatic shutoff nozzle.

Low volume irrigation means the use of equipment and devices specifically designed to allow the volume of water delivered to be limited to a level consistent with the water requirement of the plant being irrigated and to allow that water to be placed with a high degree of efficiency in the root zone of the plant. The term also includes water used in mist houses and similar establishments for plant propagation. Overhead irrigation and flood irrigation are not included.

Micro-irrigation means the application of small quantities of water on or below the soil surface as drops or tiny streams of spray through emitter or applicators placed along a water delivery

line, including methods or concepts such as bubblers, drips, trickles, mists or microsprays, and subsurface irrigation.

New landscaping means any landscaping which has been planted and in the ground for 90 days or less.

Odd-numbered address means an address ending in the numbers 1, 3, 5, 7, 9, or the letters N—Z.

Reclaimed water means wastewater that has received at least secondary treatment and basic disinfection and is reused after flowing out of a wastewater treatment facility as defined by Rule 62-40.210, F.A.C.

User means any person, individual, firm, association, organization, partnership, business trust, corporation, company, agent, employee or other legal entity whether natural or artificial, the United States of America, and the State of Florida and all political subdivisions, regions, districts, municipalities, and public agencies thereof, which directly or indirectly takes water from the water resource, including uses from private or public utility systems, uses under water use permits issued pursuant to Chapter 40E-2 or 40E-20, F.A.C., or uses from individual wells or pumps.

Wasteful and unnecessary means allowing water to be dispersed without any practical purpose; for example, excessive landscape irrigation, leaving an unattended hose on a driveway with water flowing, allowing water to be dispersed in a grossly inefficient manner, regardless of the type of water use; for example, allowing landscape irrigation water to unnecessarily fall onto pavement, sidewalks and other impervious surfaces; allowing water flow through a broken or malfunctioning water delivery or landscape irrigation system.

Water resource means water on or beneath the surface of the ground including, but not limited to, natural or artificial watercourses, lakes, ponds, or diffused surface water, and water percolating, standing, or flowing beneath the surface of the ground.

Water shortage means when the district determines there is the possibility that insufficient water will be available to meet the present and anticipated needs of the users or when conditions are such as to require a temporary reduction in total use within a particular area to protect water resources from serious harm. A water shortage usually occurs due to drought.

Water shortage emergency means when the district determines the provisions listed in Part II of Chapter 40E-21, F.A.C., are not sufficient to protect the public health, safety, or welfare; the health of animals, fish, or aquatic life; a public water supply; or commercial, industrial, agricultural, recreational, or other reasonable-beneficial uses.
(Ord. No. 14038, § 2, 12-9-21)

Sec. 22.5-73. Application.

The provisions of this Code shall apply to each user providing landscape irrigation from all water resources within the boundaries of the city. The provisions of this article shall not apply to athletic play areas or agricultural operations (including nurseries) and irrigation accomplished using reclaimed water or saltwater.
(Ord. No. 14038, § 2, 12-9-21)

Sec. 22.5-74. Water shortage emergency.

(a) *Water shortage guidelines.*

(1) The declaration of a water shortage condition and/or water shortage emergency in accordance with Part II of Chapter 40E-21, F.A.C., within all or parts of the city by the district's governing board or executive director shall supersede this Code for the duration of the applicable declaration.

(2) A water shortage or water shortage emergency order shall supersede mandatory year-round water irrigation measures until the more restrictive measure is rescinded by the district.

(3) Upon the district issuing a water shortage order, all water use restrictions or other measures adopted by the district applicable to the city or any portion

thereof shall be enforced pursuant to subsection (b). Any violation of the provisions of Chapter 40E-21, F.A.C. as amended, or any order issued pursuant thereto, shall be a violation of this section.

(4) Such a declaration would apply to all users using the water resource within the geographical areas subject to a water shortage or water shortage emergency as determined by the district, whether from public or privately-owned water utility systems, private wells, or private connections with surface water bodies, but shall not apply to users using reclaimed water or saltwater.

(b) *Enforcement.* Every code inspector or other designee of the city manager shall, in connection with all other duties imposed by law, diligently enforce the provisions of this section.

(c) *Penalty.*

(1) Violations of the provision of this article may be punished pursuant to F.S. ch. 162, as amended and the code enforcement ordinance of the city, as amended with a civil infraction.

(2) Violations of any provision of this section shall be subject to chapter 2, article 10, and to the following penalties:

a. First violation: Written warning.

Second violation: Fine not to exceed $75.00.

Subsequent violations: Fine not to exceed $500.00.

b. Each day in violation of this section shall constitute a separate offense. For purposes of this article, no person shall be found to have committed a repeat violation of the provisions of this article that occurred during a prior water shortage or water shortage emergency which is no longer in effect.

(3) The provisions of this article are not the exclusive remedy or means for enforcement of the Code of the city and do not precluded any other remedies available by law.

(Ord. No. 14038, § 2, 12-9-21)

Sec. 22.5-75. Year-round water conservation.

(a) *Intent.*

(1) To assist in reducing overall per capita water use in the city in accordance with the goals established by MDWASD.

To reduce landscape irrigation and irrigation-related to Wasteful and Unnecessary water use by residents and other entities that receive water from MDWASD as well as water from other ground water and surface water sources for landscape irrigation.

(2) To reduce water waste, i.e., overwatering, inefficient watering.

(b) *Year-round watering restrictions.* These restrictions apply to all property owners within the city, unless otherwise specified.

(1) Irrigation of existing landscaping is allowed two days a week, on the following schedule:

a. Landscape irrigation of existing landscaping shall be prohibited between the hours of 10:00 a.m. and 4:00 p.m.

b. Residents and businesses with an odd-numbered properties. Landscape irrigation is permitted on Wednesdays and Saturdays only. Residents and businesses with odd-numbered addresses may accomplish necessary landscape irrigation only on Wednesdays, and/or Saturdays.

c. Residents and businesses with even-numbered properties. Landscape irrigation is permitted on Thursdays and Sundays. Residents and businesses with even-numbered addresses and rights-of-way, or other locations without an address, may

accomplish necessary landscape irrigation only on Thursdays, and/or Sundays.

(2) Irrigation of new landscaping shall comply with the following provisions:

a. Irrigation of new landscaping shall be prohibited between the hours of 10:00 a.m. and 4:00 p.m. daily, except as otherwise provided herein.

b. On the day the new landscaping is installed, the new landscaping may be irrigated once without regard to the normally allowable watering days and times. Irrigation of the soil immediately prior to the installation of the new landscaping is also allowable without regard to the normal allowable watering days and times.

c. A 90-day establishment period begins the day the new landscaping is installed. The new landscaping shall be installed within a reasonable time from the date of purchase which may be demonstrated with a dated receipt or invoice.

d. Irrigation of new landscaping which has been in place for 30 days or less may be accomplished on Monday, Tuesday, Wednesday, Thursday, Saturday and/or Sunday.

e. Irrigation of new landscaping which has been in place for 31 to 90 days may be accomplished on Monday, Wednesday, Thursday, and/or Saturday.

f. Irrigation of the new landscaping is limited to areas containing the new landscaping only. An entire zone of an irrigation system shall only be utilized for landscape irrigation under this paragraph if the zone in question is for an area that contains at least 50 percent new landscaping. If a zone contains less than 50 percent new landscaping, or if the new landscaping is in an area that will not typically be irrigated by an irrigation system, only the individual new plantings are eligible for additional irrigation under this paragraph. Targeted watering may be accomplished by low volume hand watering, or any appropriate method which isolates and waters only the new landscaping.

(3) Irrigation systems may be operated outside restricted days and/or times for cleaning, maintenance, and repair purposes with an attendant on site in the area being tested. Landscape irrigation systems may routinely be operated for such purposes no more than once per week, and the run time for any one test should not exceed ten minutes per zone.

(4) Landscape irrigation for the purpose of water-in fertilizers, insecticides, pesticides, fungicides and herbicides, where such watering-in is required by the manufacturer, or by federal, state or local law, shall be allowed under the following conditions:

a. Such watering-in shall be limited to one application in the absence of specific alternative instructions from the manufacturer; and

b. Such watering-in shall be accomplished during normally allowable watering days and times set forth in subsections (b)(1) and (2) unless a professional licensed applicator has posted a temporary sign containing the date of application and the date(s) of needed watering in activity.

(5) Any plant material may be watered using low volume irrigation, micro-irrigation, low-volume hand watering methods, and rain barrels, cisterns, or other rain harvesting devices without regard to the watering days or times allowed pursuant to this section.

(6) Reserved.

(7) In addition to the specific listed measures, all wasteful and unnecessary water use is prohibited.

(8) In the event the district imposes restrictions on landscape irrigation for new and existing installations which are more restrictive than those imposed by this Code such as under the declaration of a water shortage or water shortage emergency, the more restrictive regulations shall apply for the applicable duration of the more restrictive regulations.

(9) It shall be the duty of each user to keep informed as to the landscape irrigation conservation measures within this Code, which affect each particular water use.

(10) Any user who purchases and installs an automatic landscape irrigation system shall properly install, maintain, and operate technology that inhibits or interrupts operation of the system during periods of sufficient moisture in accordance with F.S. § 373.62, and section 22.5-75 of the City Code.

(Ord. No. 14038, § 2, 12-9-21)

Sec. 22.5-76. Requirements for plumbing fixtures.

(a) *Intent.* To require reduced flow rates and consumption for plumbing fixtures, fixture fittings, and appliances installed within the city. Such high efficiency plumbing fixtures, fixture fittings, and appliances shall comply with the specifications below or with the United States. Environmental Protection Agency (EPA) WaterSense Program, where applicable.

(b) *Requirements for plumbing fixtures.*

(1) The city hereby adopts Section 8-31(A) of the Code of Miami-Dade County, Florida, which consists of the following local technical amendments to Table 604.4 of Chapter 6 (Plumbing) of the Florida Building Code.

604.4 Maximum flow and water consumption.

The maximum water consumption flow rates and quantities for all plumbing fixtures and fixture fittings shall be in accordance with Table 604.4. Permit applications for new residential and commercial structures shall include high efficiency plumbing fixtures, fixture fittings and appliances as provided in Table 604.4. Such high efficiency plumbing fixtures, fixture fittings and appliances shall comply with the specifications in Table 604.4 or have received the U.S. Environmental Protection Agency (EPA) WaterSense Label.

Exceptions:

1. Blowout design water closets having a maximum water consumption of three and one-half gallons (13 L) per flushing cycle.
2. Vegetable sprays.
3. Clinical sinks having a maximum water consumption of four and one-half gallons (17 L) per flushing cycle.
4. Service sinks.
5. Emergency showers.

TABLE 604.4 MAXIMUM FLOW RATES AND CONSUMPTION FOR PLUMBING FIXTURES AND FIXTURE FITTINGS

PLUMBING FIXTURE OR FIXTURE FITTING	*MAXIMUM FLOW RATE OR QUANTITY (b)*
Lavatory, private	1.5 gpm at 60 psi

PLUMBING FIXTURE OR FIXTURE FITTING	*MAXIMUM FLOW RATE OR QUANTITY (b)*
Lavatory, public, (metering)	0.25 gallon per metering cycle
Lavatory, public (other than metering)	0.5 gpm at 60 psi
Shower head (a)	1.5 gpm at 80 psi
Sink faucet	1.5 gpm at 60 psi
Urinal	Waterless or 0.5 gallon per flushing cycle
Water closet	1.28 gallons per flushing cycle (effective 1.28 gpf for dual flush systems)
Dishwasher (residential)	6.5 gallons per cycle or less (Energy Star/Water Sense Certified) (c)
Dishwasher (commercial)	Less than 1.2 gallons per rack for fill and dump machines and less than 0.9 gallons per rack for all other types of machines
Dishwasher (under the counter machines)	1.0 gallon or less per rack for high-temperature machines and 1.7 gallons per rack for low temperature machines.
Washing machine	Water factor of 8 or lower (Energy Star/Water Sense Certified) (c)
gpm: gallons per minute psi: pounds per square inch For SI: 1 gallon = 3.785 L 1 gallon per minute = 3.785 L/m 1 pound per square inch = 6.895 kPa. (a) A handheld shower spray is a showerhead. (b) Consumption tolerances shall be determined from referenced standards. (c) Water factor in gallons per cycle per cubic foot.	

(2) The city hereby adopts Section 8-31(B) of the Code of Miami-Dade County, Florida, which consists of the following local technical amendments to Table P2903.2a of Chapter 29 (Residential) of the Florida Building Code.

P2903.2a Maximum flow and water consumption.

The maximum water consumption flow rates and quantities for all plumbing fixtures, fixture, fittings and appliances shall be in accordance with Table P2903.2a. Permit applications for new residential structures shall include high efficiency plumbing fixtures, fixture fittings and appliances as provided in Table P2903.2a. Such high efficiency plumbing fixtures, fixture fittings and appliances shall comply with the specifications in Table P2903.2a or have received the U.S. Environmental Protection Agency (EPA) WaterSense Label.

TABLE P2903.2a
MAXIMUM FLOW RATES AND CONSUMPTION FOR PLUMBING FIXTURES, FIXTURE FITTINGS AND APPLIANCES

PLUMBING FIXTURE OR FIXTURE FITTING	*PLUMBING FIXTURE OR FIXTURE FITTING MAXIMUM FLOW RATE (b)*
Lavatory faucet	1.5 gpm at 60 psi
Shower head (a)	1.5 gpm at 80 psi
Sink faucet	1.5 gpm at 60 psi

PLUMBING FIXTURE OR FIXTURE FITTING	*PLUMBING FIXTURE OR FIXTURE FITTING MAXIMUM FLOW RATE (b)*
Water closet	1.28 gallons per flushing (gpf) cycle (effective 1.28 gpf for dual flush systems)
Dishwasher (residential)	6.5 gallons per cycle or less (Energy Star/Water Sense Certified) (c)
Washing machine	Water factor of 8 or lower (Energy Star/Water Sense Certified) (c)

(Ord. No. 14038, § 2, 12-9-21)

Sec. 22.5-77. Variances.

(a) *Variances.*

(1) Any user affected by this Code may apply for a variance to the city manager's designee. A variance from specific day or days identified in section 22.5-75 may be granted if strict application of the restrictions would lead to unreasonable or unfair results, provided the applicant demonstrates with particularity that compliance with the schedule will result in substantial economic, health, or other hardship on the applicant or those the applicant serves. Relief may be granted only upon a demonstration that such hardship exists, is peculiar to the person or the affected property, is not self-imposed, and further demonstrates that granting the variance would be consistent with the general intent and purpose of this Code. Examples of circumstances for a variance include, but are not limited to:

a. Two or more properties which share a common source of water;

b. A public or private water system experiencing or anticipating distribution problems;

c. A user maintains an irrigation system that uses soil moisture sensors or weather-based irrigation controllers;

d. Where a contiguous property is divided into different zones, a variance may be granted so that each zone may be irrigated on days different than other zones of the property; or

e. Where a user maintains, manages, or owns a non-residential property, such as a house of worship or weekly market (farmer/flea), where the primary day of use, operation, or attendance for the property coincides with the prescribed watering day for the address.

(2) If a variance is approved in accordance with subsection 22.5-76(1), no single zone may be irrigated more than two days per week unless a user maintains an irrigation system that uses soil moisture sensors or weather-based irrigation controllers.

(3) If a variance is granted, the user shall be required to post a notice at each parcel to which the variance pertains.

(4) A variance is invalid if it has expired or if the user or its agent violates the terms of the variance.

(5) Recognition of district variances. The city recognizes and adopts all irrigation variances or waivers issued by the district.

(Ord. No. 14038, § 2, 12-9-21)

Sec. 22.5-78. Enforcement and penalties.

(a) *Enforcement.* Every code inspector or designee of the city manager shall, in connection with all other duties imposed by law, diligently enforce the provisions of this article.

(b) *Penalties.* Violations of any provision of this section shall be subject to chapter 2, article 10, and to the following penalties:

(1) First violation: Written warning.

Second violation: Fine not to exceed $75.00.

Subsequent violations: Fine not to exceed $500.00.

(2) Each day in violation of this section shall constitute a separate offense.

(3) The provisions of this article are not the exclusive remedy or means for enforcement of the Code of the city and do not precluded any other remedies available by law.

(Ord. No. 14038, § 2, 12-9-21)

Secs. 22.5-79—22.5-90. Reserved.

ARTICLE V. CONSTRUCTION INDOOR ENVIRONMENTAL AIR QUALITY (IAQ) MANAGEMENT PLAN DURING CONSTRUCTION

Sec. 22.5-91. Intent.

The city is committed to minimizing short and long term negative impacts that construction may have on the environment. The intent of this article is to increase indoor air quality in buildings for the benefit of its occupants.
(Ord. No. 13080, § 2, 7-9-09)

Sec. 22.5-92. Applicability.

This article shall apply to all construction sites under the authority and within the limits of the city which meet the criteria below.

(1) Construction of a new residential building with three or more units.

(2) Construction of a new non-residential building, for projects of more than 4,000 total square feet.

(3) Any substantial rehabilitation of a structure where the estimated construction cost exceeds 50 percent of the value of said structure.

(Ord. No. 13080, § 2, 7-9-09)

Sec. 22.5-93. Standards and requirements: Construction.

Construction IAQ Management Plan. Prior to the issuance of a building permit, a statement of the plans detailing the Construction IAQ Management actions to be implemented during the construction and pre-occupancy phases of the building shall be submitted to the city and shall include:

(1) Construction IAQ Management plan that shall be based upon the recommended Control Measures of the Sheet Metal and Air Conditioning National Contractors Association (SMACNA) IAQ Guidelines for Occupied Buildings Under Construction, 2nd Edition 2007, ANSI/SMACNA 008-2008, Chapter 3; and

(2) Proof that on-site or installed absorptive materials will be protected from moisture damage; and

(3) If permanently installed air handlers are used during construction, proof that filtration media with a Minimum Efficiency Reporting Value (MERV) of 8 will be used at each return air grille. In addition, all filtration media shall be replaced immediately prior to occupancy.

(Ord. No. 13080, § 2, 7-9-09)

Sec. 22.5-94. Compliance.

Prior to the issuing of a final zoning inspection, a statement of substantial compliance will be submitted by the contractor.
(Ord. No. 13080, § 2, 7-9-09)

Secs. 22.5-95—22.5-120. Reserved.

ARTICLE VI. SOIL EROSION, WATERWAY SEDIMENTATION, AND AIRBORNE DUST GENERATION CONTROL

Sec. 22.5-121. Intent.

The intent of this article is to locally implement F.S. § 403.0885 and Florida Administrative Code Chapter 62-621.300, known as the "generic permit for stormwater discharge from large and small construction activities" (the permit") by providing the City of Miami with improved water and air quality. Preventive jobsite practices can minimize environmental risks from the erosion, air pollution, and sedimentation on sites with disturbed soil.
(Ord. No. 13081, § 2, 7-9-09)

Sec. 22.5-122. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Applicant means any individual, firm, limited liability company, association, partnership, political subdivision, government agency, municipality, industry, public or private corporation, or any other entity whatsoever who applies to the

city for the applicable permits or approvals to undertake construction, demolition or renovation projects within the city. Best management practices ("BMPs") means schedules of activities, prohibitions of practices, maintenance procedures, and other management practices to prevent or reduce to the maximum extent practicable erosion, dust generation, off-site sedimentation, and pollution of City of Miami waterways and storm drainage systems. BMPs also include treatment requirements, operating procedures, and practices to control site runoff, spillage or leaks, sludge or waste disposal, or drainage from material storage.

Construction means the act of creating or maintaining stockpiles of soil or other material which are erodible if exposed to water or wind and are capable of generating dust; or developing or improving public or private land which involves the removal of surface cover or disturbance of soils and includes clearing, grading, demolition, and excavation.

Dust control means providing temporary fencing to mitigate the effects of dust upon the surrounding community in accordance with Ordinance 12930.

Erosion means the detachment, transport, and deposition of particulate matter by the action of wind, water, and gravity.

Stormwater means the flow of water which results from, and which occurs immediately following, a rainfall event.

Stormwater discharge facility means a stormwater management system which discharges stormwater into surface waters of the state.

Stormwater Management System means the designed features of the property which collect, convey, channel, hold, inhibit or divert the movement of stormwater.

Stormwater pollution prevention plan (the "plan") means a written plan, approved by the city submitted by the applicant which identifies a strategy to minimize stormwater runoff that will be generated. The SWPPP shall follow the guidelines of the Florida Stormwater, Erosion, and Sedimentation Control Inspector's Manual published by the Florida Department of Environmental Protection.
(Ord. No. 13081, § 2, 7-9-09)

Sec. 22.5-123. Applicability.

This article shall apply to all construction and demolition sites and activities under the authority of the City of Miami. All such sites and activities within the authority of the City of Miami shall be required to contain and control all sediment and sediment-laden water on-site.
(Ord. No. 13081, § 2, 7-9-09)

Sec. 22.5-124. Stormwater pollution prevention plan (the "plan").

To obtain a permit for construction projects which will disturb over one acre of soil, the applicant must develop and implement a plan in accordance with the requirements the "permit" or local erosion and sedimentation control standards and codes, whichever is more stringent. Construction sites with areas of disturbed soil between 0.5 acres and one acre may use an alternative format, approved by the city, provided it supplies all the information required by the permit. The plan must be approved by the City of Miami Department of Resilience and Public Works National Pollution Discharge Elimination System section prior to the commencement of construction activities.

The plan shall describe the current and final conditions of the construction site, the nature of the work to be performed, the BMPs to be implemented to prevent stormwater pollution, control erosion and prevent off-site sedimentation, who will implement these measures, the schedule of implementation, and include a narrative section; site plan; details, specifications, and notes; and calculations. The plan must include the following:

(1) Name of the person who is responsible should the site fall out of compliance.

(2) Narrative description of the procedures to be used to control erosion, sedimentation and air pollution.

(3) Site map indicating locations of disturbed soil and control methods.

(4) Inspection schedule for all erosion, stormwater, and sediment control measures or best management practices (BMPs): A qualified person procured by the applicant must perform erosion, sediment and stormwater pollution prevention inspections at least weekly and within 24 hours after every rain event of one-half inch or more for sites less than five acres. Sites greater than five acres must be inspected at least weekly and within 24 hours after every rain event of one-quarter-inch or more. Maintenance must be performed within one week of the first inspection that indicates such maintenance is required.

(5) Method to be instituted to ensure that all parties who engage in activities which disturb soil or have the potential to cause stormwater pollution engage in such activities in a manner that minimizes erosion, off-site sedimentation, dust migration, and stormwater pollution to the maximum extent practicable.

(6) Identify how materials on the construction site which are capable of causing stormwater pollution will be handled and stored in order to prevent such pollution. Such materials include, but are not limited to: paint, concrete, aggregates, fertilizers, pesticides, and fuels.

If the approved plan is found to be ineffective in controlling erosion, stormwater pollution, or off-site sedimentation, the site shall be deemed out of compliance with this section. The construction site operator is responsible to amend the plan to ensure compliance. In such cases where off-site sedimentation or turbidity originates from a different site, then the property owner of that site shall be in violation of this section.
(Ord. No. 13081, § 2, 7-9-09; Ord. No. 13792, § 1, 10-11-18)

Sec. 22.5-125. Plan management.

The approved plan as amended and documentation of all inspections must be kept on the construction site until a final certificate of occupancy is issued. Within 30 days after the completion of construction for any covered project, the applicant shall submit official documentation that the applicant has complied with the plan requirement for the project. Commercial properties are further required to submit the environmental resource permit approved by the South Florida Water Management District (SFWMD) or any successor agency for the property's stormwater management system.

The documentation for the plan shall include the following:

(1) The steps taken to remove sludge and waste;

(2) Documentation of all construction site inspections and modifications to BMPs;

(3) The plan, including any amendments made during the course of construction; and

(4) Any additional information that the applicant believes is relevant to determining its efforts to comply in good faith with this chapter.

The documentation submitted with the environmental resource permit shall contain:

(1) A construction certification affidavit signed by a registered professional engineer; and

(2) A maintenance schedule plan for the onsite stormwater management system. Subsequent to the issuance of the certificate of occupancy, the property owner shall be held responsible for compliance with the environmental resource permit.
(Ord. No. 13081, § 2, 7-9-09)

Sec. 22.5-126. Failure to submit documentation.

If the documentation is submitted after the required 30-day time period, there will be a fee of $100.00. A city official shall evaluate whether

the applicant has otherwise complied with the stormwater pollution prevention requirement for the project.
(Ord. No. 13081, § 2, 7-9-09)

Sec. 22.5-127. Administrative fee.

As a condition precedent to the issuance of any resilience and public works, zoning, planning, building, or demolition permit for a construction project which will disturb 0.5 acres or more of soil, the applicant shall pay the city a stormwater utility fee of $595.00. All fees and fines generated as a result of this article shall be deposited into the stormwater utility fee account in the general fund for the stormwater management system and shall be used to administer this program and to further the city's efforts prevent pollution of stormwater systems.
(Ord. No. 13081, § 2, 7-9-09; Ord. No. 13195, § 3, 9-27-10; Ord. No. 13366, § 3, 3-14-13; Ord. No. 13792, § 1, 10-11-18;m Ord. No. 13798, § 3, 10-25-18; Ord. No. 13915, § 4, 9-24-20)

Sec. 22.5-128. Compliance and enforcement.

The code enforcement department and resilience and public works department shall evaluate compliance with this article during the course of their regular inspections. Additional inspections may be conducted by other city departments as needed, to ensure compliance with this section. If the city inspector finds that the applicant does not comply with the requirements of this article, the violated portions of this article shall be noted in the inspection report and a hold may be placed on future inspections or the temporary or final certificate of occupancy may be withheld, as appropriate.

The certificate of occupancy for a project subject to this section shall be withheld until the applicant both (A) submits the required documentation, including, where applicable, proof that any fine due under this subsection has been paid in full, and (B) performs any actions required by the resilience and public works department, building department, code enforcement department, the Miami-Dade County Department of Environmental Resource Management (DERM), or any other agency of competent jurisdiction in order to correct erosion, sediment control, or stormwater violations observed at the construction site.

Applicants and property owners whose sites fail to meet the stormwater pollution prevention criteria identified shall be subject to the following fines by code enforcement:

(1) Failure to implement or properly maintain sufficient erosion, sediment, or airborne dust controls: $1,000.00 per violation per day.

(2) Causing off-site sedimentation or turbidity to waterways, private or public property, or the storm sewer system: $1,000.00 per violation per day.

(3) Discharging water containing sediments or other substances to waterways, the storm sewer system, public, or private property: $1,000.00 per violation per day.

(4) Causing the off-site migration of airborne dust: $1,000.00 per violation.

(5) Failure to obtain or comply with the environmental resource permit subsequent to the issuance of a certificate of occupancy which results in the discharge of sediment, turbidity or stormwater from private property to adjacent private or public property: $1,000.00 per violation.

(Ord. No. 13081, § 2, 7-9-09; Ord. No. 13792, § 1, 10-11-18)

ARTICLE VII. FLORIDA-FRIENDLY FERTILIZER USE ON URBAN LANDSCAPES

Sec. 22.5-129. Purpose and intent.

This article regulates the proper use of fertilizers by any applicator; requires proper training of commercial and institutional fertilizer applicators; establishes training and licensing requirements; establishes a prohibited application period; and specifies allowable fertilizer application rates and methods, fertilizer-free zones, low maintenance zones, and exemptions. This article

requires the use of best management practices which provide specific management guidelines to minimize negative secondary and cumulative environmental effects associated with the misuse of fertilizers. These secondary and cumulative effects have been observed in and on the city's natural and constructed stormwater conveyances, rivers, creeks, canals, springs, lakes, estuaries, and other water bodies. Collectively, these water bodies are an asset critical to the environmental, recreational, cultural, and economic well-being of the city's residents and the health of the public. Overgrowth of algae and vegetation hinder the effectiveness of flood attenuation provided by natural and constructed stormwater conveyances. Regulation of nutrients, including both phosphorus and nitrogen contained in fertilizer, will help improve and maintain water and habitat quality.
(Ord. No. 13896, § 2, 4-9-20)

Sec. 22.5-130. Definitions.

For the purposes of this article, the following words and phrases shall have the meanings respectively ascribed to them by this section unless the context clearly indicates otherwise.

Application [or] *apply*, or variants thereof means the actual physical deposit of fertilizer to turf or landscape plants.

Applicator means any person who applies fertilizer on turf and/or landscape plants in the city.

Best management practices means turf and landscape practices or combination of practices based on research, field-testing, and expert review determined to be the most effective and practicable on-location means, including economic and technological considerations, for improving water quality, conserving water supplies, and protecting natural resources.

Commercial fertilizer applicator or *commercial applicator* means any person who applies fertilizer on turf and/or landscape plants in the city in exchange for money, goods, services, or other valuable consideration.

Department means the Miami-Dade County Division of Environmental Resources Management.

Fertilize, fertilizing, or *fertilization* means the act of applying fertilizer to turf, specialized turf, or landscape plants.

Fertilizer means any substance or mixture of substances that contains one or more recognized plant nutrients and promotes plant growth, controls soil acidity or alkalinity, provides other soil enrichment, or provides other corrective measures to the soil.

Green infrastructure means a management approach engineered-as-natural ecosystems such as green roofs, porous pavement, swales, and rain gardens that largely rely on using soil and vegetation to infiltrate, evapotranspirate, or harvest stormwater runoff and reduce flows to drainage collection systems. This practice aims to preserve, restore, and create green space using soils, vegetation, and rainwater harvest techniques.

High-impact areas in public parks means turf grass areas that are heavily utilized by pedestrian traffic year-round. High-impact areas in public parks within the city will be identified by the director of the parks and recreation department or successor department.

Institutional applicator means any person other than a non-commercial or commercial applicator (unless such definitions also apply under the circumstances) that applies fertilizer for the purpose of maintaining turf and/or landscape plants. Institutional applicators shall include, but shall not be limited to, owners and managers of public lands, schools, parks, religious institutions, utilities, industrial or business sites, and any residential properties maintained in condominium and/or common ownership.

Landscape plant means any native or exotic tree, shrub, or groundcover (excluding turf).

Low impact development ("LID") means the systems and practices that use or mimic natural processes that result in the infiltration, evapotranspiration, or use of stormwater in order to protect water quality and associated aquatic

habitat. LID is an approach to land development or redevelopment that works with nature to manage stormwater as close to its source as possible.

Low maintenance zone means an area a minimum of ten feet wide adjacent to watercourses which is planted and managed in order to minimize the need for fertilization, watering, mowing, etc.

Pasture means land used for livestock grazing that is managed to provide feed value.

Person means any natural person, business, corporation, limited liability company, partnership, limited partnership, association, club, organization, or group of people acting as an organized entity.

Prohibited application period means the time period during which a flood watch or warning, a tropical storm watch or warning, a hurricane watch or warning is in effect for any portion of the city issued by the National Weather Service, if rain greater than or equal to two inches in a 24-hour period is forecasted, or if heavy rain is likely.

Restricted application period means May 15 through October 31.

Saturated soil means soil in which the voids are filled with water. Saturated soil does not require flow. For the purposes of this chapter, saturated soil includes standing water present or if the pressure of a person standing on the soil causes the release of free water.

Specialized turf means areas of grass used for golf courses, athletic fields, high impact areas, and other similar activities.

Slow release, controlled release, timed release, slowly available, or *water insoluble nitrogen* means nitrogen in a form which delays its availability for plant uptake and use after application or which extends its availability to the plant longer than a reference rapid or quick release product.

Turf, sod, or *lawn* means a piece of grass-covered soil held together by the roots of the grass.

(Ord. No. 13896, § 2, 4-9-20; Ord. No. 14006, § 2, 6-10-21)

Sec. 22.5-131. Reserved.

Sec. 22.5-132. Applicability.

This article shall be applicable to and shall regulate any and all applicators of fertilizer and areas of application of fertilizer within the city unless such applicator is specifically exempted by the terms of this article from the regulatory provisions of this article or an existing contract in effect at the time this article passes which provides other regulatory provisions that shall govern only until such existing contract terminates, expires, or is amended or during any declared state of emergency pursuant to chapter 45 of the City Code. This article shall be prospective only and shall not impair any existing contracts.

(Ord. No. 13896, § 2, 4-9-20)

Sec. 22.5-133. Time of fertilizer application.

(a) No applicator shall apply fertilizers containing nitrogen and/or phosphorus to turf and/or landscape plants during the prohibited application period or to saturated soils. In addition, fertilizer containing nitrogen or phosphorus shall not be applied to turf or landscape plants during the restricted application period.

(b) Fertilizer containing nitrogen or phosphorus shall only be applied to actively growing turf. Fertilizer containing nitrogen or phosphorus shall not be applied to turf that is dead.

(c) Fertilizer containing nitrogen or phosphorus shall not be applied before seeding or sodding a site and shall not be applied for the first 60 days after seeding or sodding except when hydroseeding for temporary or permanent erosion control in an emergency situation (wildfire, etc.) or in accordance with the stormwater pollution prevention plan for that site.

(Ord. No. 13896, § 2, 4-9-20; Ord. No. 14006, § 2, 6-10-21)

Sec. 22.5-134. Fertilizer free zones.

Fertilizer shall not be applied within 20 feet from the top of the bank of any pond, stream, watercourse, lake, canal, or wetland as defined by the Florida Department of Environmental Protection ("FDEP"), currently codified in Fla. Admin. Code 62-340, from the top of a seawall, or Biscayne Bay. If more stringent County Code regulations apply, this provision does not relieve the requirement to adhere to the more stringent regulations. Newly planted turf and/or landscape plants may be fertilized in this zone only for a 60-day period beginning 30 days after planting if needed to allow the plants to become well established. Caution shall be used to prevent direct deposition of nutrients into the water.
(Ord. No. 13896, § 2, 4-9-20; Ord. No. 14006, § 2, 6-10-21)

Sec. 22.5-135. Low maintenance zones.

A voluntary ten-foot low maintenance zone is strongly recommended, but not mandated, from any pond, stream, water course, lake, wetland, Biscayne Bay or from the top of a seawall. A swale/berm system is recommended for installation at the landward edge of this low maintenance zone to capture and filter runoff. If more stringent County Code regulations apply, this provision does not relieve the requirement to adhere to the more stringent regulations. No mowed or cut vegetative material should be deposited or left remaining in the low maintenance zone or deposited in the water. Care should be taken to prevent the over-spray of aquatic weed products in the low maintenance zone. Care must be taken to ensure erosion of the surface soil does not occur. Excessive erosion may result in additional pollution hazard.
(Ord. No. 13896, § 2, 4-9-20; Ord. No. 14006, § 2, 6-10-21)

Sec. 22.5-136. Fertilizer content and application rates.

(a) Fertilizers applied to turf and/or landscape plants within the city shall be applied to turf and/or landscape plants at the lowest recommended rate according to the "Florida Green Industries Best Management Practices for Protection of Water Resources in Florida, December 2008", as updated, with no more than four pounds of nitrogen per 1,000 square feet applied in any calendar year.

(b) Liquid fertilizers containing nitrogen applied to turf and/or landscape plants within the city shall not be applied at a rate that exceeds 0.5 pounds per 1,000 square feet per application.

(c) Solid fertilizers containing nitrogen applied to turf and/or landscape plants within the city shall not be applied at a rate that exceeds one pound per 1,000 square feet per application.

(d) Granular fertilizers containing nitrogen applied to turf and/or landscape plants within the city shall contain at least 65 percent slow release, controlled release, timed release, slowly available, or water insoluble nitrogen per guaranteed analysis label. Caution should be used to prevent direct deposition of nutrients in the water.

(e) No fertilizer containing phosphorus shall be applied to turf and/or landscape plants within the city, except where a phosphorus deficiency has been demonstrated in the soil underlying the turf and/or landscape plants by a soil analysis test performed by a State of Florida certified laboratory. Any person who obtains a soil analysis test showing a phosphorus deficiency and who wishes to apply phosphorus to turf and/or landscape plants shall provide a copy of the test results to the city prior to the application of phosphorus. Phosphorus shall not be applied in excess of the amount needed to correct the deficiency as indicated by said test results. Where a deficiency has been verified, phosphorus fertilizer shall not be applied at application rates that exceed 0.25 pounds of phosphorus per 1,000 square feet per application and not to exceed 0.50 pounds of phosphorus per 1,000 square feet per year.

(f) Fertilizers labeled for sports turf at golf courses, parks, and athletic fields shall:

(1) Have directions for use not to exceed rates recommended in the document titled SL191 "Recommendations for N, P, K and Mg for Golf Course and Athletic Field

Fertilization Based on Mehlich I Extractant" dated March 2007, as amended from time to time, which is hereby adopted and incorporated by reference into this article.

(2) Have directions for use in accordance with the recommendations in "BMP's for the Enhancement of Environmental Quality on Florida Golf Courses" published by FDEP dated October 2012. This does not exempt applicators at these sites from the required basic green industry BMP training.

(Ord. No. 13896, § 2, 4-9-20; Ord. No. 14006, § 2, 6-10-21)

Sec. 22.5-137. Application practices.

(a) Spreader deflector shields are required when fertilizing via rotary (broadcast) spreaders. Deflectors must be positioned such that fertilizer granules are deflected away from all impervious surfaces, fertilizer-free zones, and water bodies including wetlands.

(b) Fertilizer shall not be applied, spilled, or otherwise deposited on any impervious surfaces.

(c) Any fertilizer applied, spilled, or deposited, either intentionally or accidentally, on any impervious surface shall be immediately and completely removed to the greatest extent practicable.

(d) Fertilizer released on an impervious surface must be immediately contained and either legally applied to turf or any other legal site or returned to the original or other appropriate container.

(e) In no case shall fertilizer be washed, swept, or blown off impervious surfaces into stormwater drains, ditches, conveyances, or water bodies.

(Ord. No. 13896, § 2, 4-9-20)

Sec. 22.5-138. Management of grass clippings and vegetative matter.

In no case shall grass clippings, vegetative material, and/or vegetative debris, either intentionally or accidentally, be washed, swept, or blown off into stormwater drains, ditches, conveyances, water bodies, wetlands, sidewalks, or roadways. Any material that is accidentally so deposited shall be immediately removed to the maximum extent practicable.

(Ord. No. 13896, § 2, 4-9-20)

Sec. 22.5-139. Exemptions.

The provisions set forth in this article shall not apply to:

(1) Bona fide farm operations as defined in the Florida Right to Farm Act, F.S. § 823.14, provided that fertilizers are applied in accordance with the appropriate best management practices manual adopted by the Florida Department of Agriculture and Consumer Services, Office of Agricultural Water Policy for the crop in question, if applicable in the city.

(2) Other properties not subject to or covered under the Florida Right to Farm Act that have pastures used for grazing livestock provided that fertilizers are applied in accordance with the appropriate best management practices manual adopted by the Florida Department of Agriculture and Consumer Services, Office of Agricultural Water Policy for the crop in question, if applicable in the city.

(3) Fruit trees and shrubs provided that fertilizer application rates do not exceed University of Florida Institute of Food and Agricultural Sciences (UF/IFAS) recommendations.

(4) Vegetable gardens, owned by individual property owners or a community, provided that fertilizer application rates do not exceed UF/IFAS recommendations per SP 103 Florida Vegetable Gardening Guide, December 2008, as amended.

(5) Yard waste compost, mulches, or other similar materials that are primarily organic in nature and are applied to improve the physical condition of the soil.

(6) Tree trunk injection fertilization treatments that are performed by a certified arborist.

(Ord. No. 13896, § 2, 4-9-20; Ord. No. 14006, § 2, 6-10-21)

Sec. 22.5-140. Requirements related to golf courses, athletic fields, specialized turf, and parks.

(a) New and renovated golf courses. All new golf courses, all existing golf courses where more than 50 percent of the total golf course turf has been renovated or redesigned after January 1, 2022, and all portions of golf course turf which are renovated or redesigned after January 1, 2022 shall meet all of the following requirements. These requirements shall apply to both public and private golf courses.

(1) Best management practices are encouraged to be incorporated as provided in "Best Management Practices for the Enhancement of Environmental Quality on Florida Golf Courses" published by the Florida Department of Environmental Protection, as may be amended.

(2) Golf courses shall submit design plans to the department that minimize areas that require golf course turf and maximize the use of (i) native trees, shrubs, or groundcover landscaping; (ii) Florida-friendly trees, shrubs, or groundcover landscaping; or (iii) wetlands or other stormwater retention areas.

(3) A certified turfgrass species such as Bermuda, Paspalum, St. Augustine, Zoysia, or other certified turfgrass species in consultation with the director that requires a comparably low amount of fertilization and water consumption shall be used for all golf course turf areas.

(4) Green infrastructure elements or LID design shall be incorporated into the design of the golf course's drainage system and in allowing ample, uncompacted areas for tree root growth.

(5) Fertilizer shall not be applied within 20 feet of any of the following, which area shall be referred to as a "fertilizer-free zone":

a. From the top of the bank of any pond, stream, watercourse, lake, surface waterbody, stormwater drain, or canal;

b. Any wetland as defined in Chapter 62-340 of the Florida Administrative Code;

c. From the top of a seawall; or

d. Biscayne Bay.

(b) New and renovated athletic fields. All new athletic fields and all existing athletic fields where more than 50 percent of the total athletic field has been renovated or redesigned after January 1, 2022 shall meet all the following requirements:

(1) Best management practices shall be incorporated for landscaping through the use of native and Florida-friendly trees, shrubs, and ground cover landscaping.

(2) Green infrastructure elements or LID design shall be incorporated into the design of the athletic field's drainage system and in allowing ample, uncompacted areas for tree root growth.

(3) Fertilizer shall not be applied within 20 feet of any of the following, which area shall be referred to as a "fertilizer-free zone":

a. From the top of the bank of any pond, stream, watercourse, lake, surface waterbody, stormwater drain, or canal;

b. Any wetland as defined in Chapter 62-340 of the Florida Administrative Code;

c. From the top of a seawall; or

d. Biscayne Bay.

(c) Renovated parks. All existing parks where more than 50 percent of the total park has been renovated or redesigned after January 1, 2022 shall meet all the following requirements:

(1) Best management practices for landscaping shall be incorporated through the use of native and Florida-friendly trees, shrubs, and ground cover landscaping.

(2) Green infrastructure elements or LID design shall be incorporated into the

design of the park's drainage system and in allowing ample, uncompacted areas for tree root growth.

(3) Fertilizer shall not be applied within 20 feet of any of the following, which area shall be referred to as a "fertilizer-free zone":

a. From the top of the bank of any pond, stream, watercourse, lake, surface waterbody, stormwater drain, or canal;

b. Any wetland as defined in Chapter 62-340 of the Florida Administrative Code;

c. From the top of a seawall; or

d. Biscayne Bay.

(d) Fertilizer management plan for renovations. All renovations to any golf course, athletic field, or park shall require preparation of a management plan with fertilization strategies, chemical-mixes, and distribution/utilization regimes to reduce nitrogen and phosphorus-related nutrient load and said management plan shall be provided to the department upon request. Said management plans may be modified, with notice to the department, and modified management plans shall be provided to the department upon request.

(e) Fertilizers applied to parks and athletic fields shall be formulated and applied in accordance with requirements and directions provided by Rule 5E-1.003(3)(b), Florida Administrative Code, as may be amended.

(f) Fertilizers applied to turf and landscape plants shall be formulated and applied in accordance with requirements and directions provided by Rule 5E-1.003(4), Florida Administrative Code, Labeling Requirements For Urban Turf Fertilizers, as may be amended.

(g) Fertilizers labeled for sports turf at golf courses, parks, and athletic fields shall:

(1) Have directions for use not to exceed rates recommended in the document titled SL 191 "Recommendations for N, P, K, and Mg for Golf Course and Athletic Field Fertilization Based on Mehlich III Extractant," dated March 2007, as may be amended; and

(2) Have directions for use in accordance with the recommendations in "BMPs for the Enhancement of Environmental Quality of Florida Golf Courses" published by the Florida Department of Environmental Protection, dated October 2012. This does not exempt applicators at these sites from the required basic green industry BMP training.

(h) Soil tests and records. All public and private golf courses, public athletic fields, public parks with specialized turf, and high-impact areas in public parks shall administer a nutrient soil test at least once every six months and shall maintain records of monthly fertilizer usage. For the required nutrient soil tests, golf courses shall test at least three greens and three fairways and if a golf course abuts or is intersected by a water body, at least one test shall be from the area abutting or intersected by the water body. Nutrient soil test results and monthly fertilizer-use for the preceding 12-month period shall be provided to the director upon request.

(i) Quarterly reports for golf courses. Beginning on January 1, 2022, all public and private golf courses are required to submit quarterly reports to the department in a form approved by the director, which shall address fertilizer usage, low-maintenance landscaping, compliance with the requirements of this chapter, fertilizer-related training, actions taken to voluntarily reduce fertilizer usage beyond the requirements of this chapter, and incidents such as algae blooms or fish kills.

(j) All public and private golf courses are encouraged to follow the provisions of the Florida Department of Environmental Protection document titled "BMPs for the Enhancement of Environmental Quality on Florida Golf Courses, January 2012," as may be amended.

(k) High impact areas in public parks and athletic fields are encouraged to follow the provisions of the "Florida Green Industries Best

Management Practices for Protection of Water Resources in Florida, December 2008," as may be amended.

(l) Waivers. The city may approve limited waivers of the requirements set forth in this section in accordance with all of the following:

(1) The request is submitted in writing.

(2) The request details the project's design, details, and what unnecessary hardship or practical difficulty the applicant would incur from compliance with the requirements.

(3) The city determines that the applicant made a good faith effort to achieve substantial compliance with the applicable requirements and that the applicant would incur an unnecessary hardship or practical difficulty from compliance with the requirements.

(Ord. No. 14006, § 2, 6-10-21)

Sec. 22.5-141. Training.

(a) All commercial and institutional applicators of fertilizer within the city shall abide by and successfully complete the six-hour training program in the "Florida-Friendly Best Management Practices for Protection of Water Resources by the Green Industries" offered by FDEP through the University of Florida Extension "Florida-Friendly Landscapes" program.

(b) Private, non-commercial applicators are required to follow the recommendations of the University of Florida Institute of Food and Agricultural Sciences (UF/IFAS) Florida Yards and Neighborhoods program when applying fertilizers.

(Ord. No. 13896, § 2, 4-9-20; Ord. No. 14006, § 2, 6-10-21)

Editor's note—Ord. No. 14006, § 2, adopted June 10, 2021, redesignated the former sections 22.5-140—22.5-143 as sections 22.5-141—22.5-144. The historical notation of said sections has been preserved for reference purposes.

Sec. 22.5-142. Licensing of commercial applicators.

(a) All commercial applicators of fertilizer within the city shall abide by and successfully complete training and continuing education requirements in the "Florida-friendly Best Management Practices for Protection of Water Resources by the Green Industries" offered by FDEP through the University of Florida Institute of Food and Agricultural Sciences (UF/IFAS) "Florida-Friendly Landscapes" program prior to obtaining a city local business tax receipt ("BTR") for any category of occupation which may apply any fertilizer to turf and/or landscape plants. Commercial fertilizer applicators shall provide proof of completion of the program to the department of code compliance when applying for the BTR within 180 days of the effective date of this article.

(b) All businesses of any category of occupation who may apply fertilizer to turf and/or landscape plants (including but not limited to residential lawns, golf courses, commercial properties, and multi-family and condominium properties) must ensure that at least one employee has an appropriate "Florida-Friendly Best Management Practices for Protection of Water Resources by the Green Industries" training certificate prior to the business owner obtaining a BTR.

(Ord. No. 13896, § 2, 4-9-20; Ord. No. 14006, § 2, 6-10-21)

Note—See editor's note at section 22.5-141.

Sec. 22.5-143. Enforcement.

Funds generated by penalties imposed under this article shall be used by the city for the administration and enforcement of F.S. § 403.9337, and the corresponding sections of this article and to further water conservation and nonpoint pollution prevention activities.

(Ord. No. 13896, § 2, 4-9-20; Ord. No. 14006, § 2, 6-10-21)

Note—See editor's note at section 22.5-141.

Sec. 22.5-144. Penalties.

A violation of any provision of this article shall be punishable by a fine of $250.00 for a first offense and $500.00 for each offense thereafter and shall be enforced pursuant to the provisions of chapter 2, article X of the City Code. The city, including its departments, boards, and agencies, may take any and all appropriate action to enforce the provisions of this article, including but not limited to code enforcement action pursu-

ant to chapter 2, article X of the City Code, emergency injunctive action, and any other action permitted by law, including but not limited to F.S. ch. 162. The use of one remedy shall not preclude the use of another.
(Ord. No. 13896, § 2, 4-9-20; Ord. No. 14006, § 2, 6-10-21)

Note—See editor's note at section 22.5-141.

ARTICLE I. HISTORIC PRESERVATION*

Sec. 23-1. Intent and purpose.

(a) The intent of this chapter is to preserve and protect the heritage of the city through the identification, evaluation, rehabilitation, adaptive use, restoration, and public awareness of Miami's historic, architectural, and archaeological resources. This chapter is further intended to:

(1) Effect and accomplish the protection, enhancement, perpetuation, and use of structures, landscape features, archaeological and pale ontological resources, areas, neighborhoods, and scenic vistas which represent distinctive elements of the city's historic, cultural, archaeological, pale ontological, aesthetic, and architectural heritage.

(2) Foster civic pride in the accomplishments of the past.

(3) Protect and enhance the aesthetic and environmental character, diversity, and interest of neighborhoods.

(4) Stabilize and improve property values in neighborhoods and in the city.

(5) Protect and enhance the city's attraction to residents, tourists, and visitors and thereby serve as a support and stimulus to the economy.

(6) Promote the use of historic resources, historic districts, and archaeological sites and zones for the education, pleasure, and welfare of the people of the city.

(b) The purpose of this chapter is to:

(1) Provide the framework and legal mechanism for identifying and designating those properties that have major significance in the city's historic, cultural, archaeological, paleontological, aesthetic, and architectural heritage.

(2) Provide a mechanism whereby the HEPB may, in the interest of historic preservation, waive certain zoning requirements for those existing structures deemed individually significant, or "contributing" within a designated historic district, or a thematically-related historic resource within a multiple property designation.

(3) Provide a mechanism whereby the historic and environmental preservation board may, in the interests of historic preservation, allow signage which has been deemed "historic" to remain, and be repaired, restored, relocated, structurally altered, or reconstructed.

(4) Through the historic preservation exception or exclusion, provide mechanisms for the granting of certain uses when the granting of such use is necessary to encourage or assure the continued preservation of the individually designated historic resource, or "contributing" building within a historic district, or a thematically-related historic resource within a multiple property designation.

(5) Provide an incentive for historic resources, and those deemed "eligible" by the city HEPB for historic designation, known as "Transfer of Development Rights and Density for Historic Resources."

(6) Establish minimum standards to qualify eligible resources, that while not yet officially locally designated under the provisions of this chapter, qualify as eligible for listing and thereby may apply for transfer of development rights and density, provided that the resource is formally listed in the city register of historic places within one year from the

---

***Editor's note—**Ord. No. 13008, § 2, adopted June 26, 2008, amended article I in its entirety to read as herein set out. Formerly, article I pertained to similar subject matter, and derived from the Code of 1980, §§ 23.1-1—23.1-6; Ord. No. 10875, § 1, adopted April 25, 1991; Ord. No. 11200, § 3, adopted November 17, 1994; Ord. No. 11564, § 11, adopted October 28, 1997; Ord. No. 12195, § 2, adopted March 7, 2002; Ord. No. 12496, § 2, adopted February 26, 2004.

Ord. No. 13008 enacted provisions intended for use as sections 23-7—23-9. Inasmuch as there are already provisions so designated, and at the discretion of the editor, said provisions have been redesignated as sections 23-6.1—23-6.3.

date of the historic and environmental preservation board's review of the application.

(7) Establish procedures for the review of nominations to the national register of historic places as governed by the requirements of the state division of historical resources.

(8) Assure that alterations and new construction within designated historic sites, historic districts, multiple property designations, and archaeological zones are compatible with the property's historic character.

(c) Pursuant to subsection 16A-3(2)(c) of the Code of Miami-Dade County, Florida, the city expressly reserves and retains jurisdiction over archaeological zones and sites within the city.
(Ord. No. 13008, § 2, 6-26-08; Ord. No. 13116, § 2, 10-22-09; Ord. No. 13180, § 2, 5-27-10; Ord. No. 13537, § 2, 7-23-15; Ord. No. 13712, § 2, 11-16-17; Ord. No. 13785, § 2, 9-13-18)

Sec. 23-2. Definitions.

The following definitions shall apply only to this chapter; undefined terms shall be defined as set forth in the National Historic Preservation Act of 1966, as amended, or as commonly used:

Accelerated certificate of appropriateness. A review of proposed physical changes to a historic resource that is conducted by the board concurrently with a request for historic designation.

Adaptive reuse. The process of converting a building to a use other than that for which it was designed.

Addition. A construction project physically connected to the exterior of a building.

Alteration. Any change affecting the exterior appearance of a structure or its setting by additions, reconstruction, remodeling, or maintenance involving change in color, form, texture, signs, or materials, or any such changes in appearance of designated interiors.

Applicant. The owner of record of a property and/or structures located thereon, or their authorized representative.

Application, complete. An application for approval sought pursuant to this chapter shall be deemed complete if it is on a form approved by the city and all applicable information is provided by the applicant on the form, or attachment(s), as applicable or necessary, at the time of its filing and all required fees are paid.

Archaeological conservation area. A geographically defined area delineated in the Miami comprehensive neighborhood plan on the future land use plan map series entitled "Historic District Boundaries and Historically Significant Properties Meriting Protection" where the probability of sub-surface artifacts is considered likely.

Archaeological site. A single specific location which has yielded or is likely to yield information on local history, prehistory, or paleontology, and which has been designated as such through the provisions of this chapter.

Archaeological zone. A geographically defined area which may reasonably be expected to yield information on local history, prehistory, or paleontology based upon broad prehistoric or historic settlement patterns, and which has been designated as such through the provisions of this chapter.

Certificate of appropriateness. A written document, issued pursuant to this article, permitting specified alterations, demolitions, or other work; or to allow certain waivers from the criteria set forth in the zoning ordinance and this chapter.

Certificate of approval. A written document permitting tree removal or development activity within those areas identified and established as environmental preservation districts or scenic transportation corridors.

Certificate of eligibility. A written document issued by the planning director or designee to the eligible historic resource (sending site), stipulating the amount of area and/or density available for transfer.

Certificate of transfer. A document issued by the planning director or designee that authorizes the transfer of specified undeveloped rights from a historic resource (sending property) to a receiving site. Certificates of transfer shall comply

with all applicable land development regulations as that term is defined by F.S. § 163.3164, as amended, "Community Planning Act; definitions".

Certificate to dig. A written document permitting certain ground disturbing activities, such as filling, grading, swimming pool excavation and the removal of vegetation or trees that may involve the discovery of as yet unknown or known archaeological resources within a designated archaeological site or zone.

Certified local government. A government satisfying the requirements of the U.S. National Historic Preservation Act amendments of 1980 (Public Law 96-515) and the implementing of applicable regulations of the department of the interior and the state.

Contributing resource/landscape feature. A building, landscape feature, site, structure or object that adds to the historical/architectural qualities, historic associations, or archaeological values for which a district is significant because: it was present during the period of significance of the district, and possesses historic integrity, reflecting its character at that time; or it is capable of providing important information about the period; or it independently meets the National Register of Historic Places criteria for evaluation set forth in 36 CFR Part 60.4 incorporated by reference.

Cultural facility. A place established for the advancement of culture, including but not limited to: art, dance, music, literature and other intellectual and performance activities.

Demolition. The complete destruction of a structure, or any part thereof.

Demolition by neglect. The deliberate or inadvertent failure to maintain minimum maintenance standards for those properties designated historic either individually or as a contributing property within a historic district or as a thematically-related historic resource within a multiple property designation by action of the historic and environmental preservation board.

Density. Density will be as defined by Article 1 of Miami 21 and by F.S. § 163.3164, as amended, "Community Planning Act; definitions," which provides that it means an objective measurement of the number of people or residential units allowed per unit of land, such as residents or employees per acre.

Eligible historic resource. A term used to describe archaeological sites and individual buildings, which have not yet been locally designated under the provisions under this chapter but have met the eligibility criteria and been certified by the historic and environmental preservation board as having met that criteria; so that they may take advantage of the transfer of development and density rights programs, providing that their owners commit to the official local designation within a period of one year from the board's approval of the determination of eligibility.

Environmental preservation district. Geographical areas, parcels or corridors, which have been or may be identified in the future, established by the city commission as having significant natural or landscape attributes in need of preservation and control because of their educational, economic, ecological and environmental importance to the welfare of the general public and the city as a whole, and identified in the official atlas of environmental preservation districts and scenic transportation corridors.

Existing conditions report. A report prepared by a registered architect or engineer that describes the current general condition of an eligible historic resource that is applying for a certificate of transfer.

Florida master site file (FMSF). The list, or catalog, maintained by the division of historical resources, of those recorded historical and archaeological sites and properties in the state, usually the result of a systematic survey.

Ground disturbing activity. Any excavation, filling, digging, removal of trees, or any other activity that may alter or reveal an interred archaeological or pale ontological site.

Historic district. A geographically defined area possessing a significant concentration, linkage,

or continuity of sites or structures united historically or aesthetically by plan or physical development.

Historic and environmental preservation atlas. The official historic and environmental preservation atlas of the city, as amended, which shows all designated historic sites, historic districts, multiple property designations, and archaeological zones.

Historic preservation exception. When used in this chapter, an exception allows for a certain use to be allowed in specifically identified transects, when such use results in significant preservation strategies.

Historic preservation exclusion. When used in this chapter, an exclusion allows for a cultural facilities use in medium and high density multifamily (general urban) zones, when such use results in significant preservation objectives.

Historic preservation waiver. When used in this chapter, a difference from what is required under the underlying transect provisions and what may be allowed when used to promote historic preservation.

Historic resource. An overarching term used to describe the various categories of properties which have demonstrated significance in the history of the city, the county, the state and/or the nation. These properties include landscape features, archaeological sites and zones, structures, buildings, districts, multiple property designations, and objects.

Historic sign. A sign that has demonstrated artistic, historic, cultural, and/or aesthetic value, as determined by resolution of the HEPB.

Historic site. The location of a significant event, a prehistoric or historic occupation or activity, or a vanished structure, where the location itself possesses historic, cultural, archaeological, or pale ontological value.

Infill. New construction that has been designed and built to replace missing structures or otherwise fill gaps in the streetscape of a historic district.

Interim protection measure. The interim period of time needed to protect a property building, structure, object and/or landscape feature from demolition, relocation, alteration, or new construction until such period of time provided by law passes for the property to be considered for designation as a historic site, historic district, multiple property designation, or archaeological zone.

Intervenor. A person whose interests in the proceeding are adversely affected in a manner greater than those of the general public. A person shall be entitled to the presumption of intervenor status if the person owns the subject property or owns property abutting the subject property. Furthermore, a person shall be entitled to intervenor status if the person owns property within a 500-foot radius from the subject property but is not the property owner or abutting property owner and has a particular interest in the application that is different in kind and degree than the general public. Abutting shall mean to reach or touch; to touch; to touch at the end or be contiguous with; join at a border or boundary; terminate on; and includes properties across a street or alley. A person recognized by the decision-making body, including the historic and environmental preservation board and the city commission, as an intervenor may make a presentation, call and examine witnesses, conduct cross-examinations of witnesses, introduce exhibits, rebut evidence, and make final arguments in the order as decided by the chair of the body to effectuate orderly and efficient proceedings.

Landscape feature. Vegetation, geological features, ground elevation, bodies of water or other natural or environmental features.

Locally designated historic resource. Any archaeological site or zone; individual building; structure, object, landscape feature, historic district, or multiple property designation that has been approved for designation by the city's HEPB, as prescribed by the provisions of this chapter, and shown in the historic and environmental preservation atlas.

Maintenance plan. A written document submitted by the owner of an eligible historic resource

for the transfer of development rights program, that identifies any existing deficiencies in the building along with a remediation plan for the short term, and which further identifies a plan for the cyclical maintenance of the building for the long term.

Miami register of historic places. The list of locally designated historic resources that have met the criteria for significance and have been designated by the HEPB, pursuant to the provisions of this chapter.

Multiple property designation. A collection of two or more historic resources related by a common theme, general geographical area, and period of time that has been designated by the HEPB pursuant to the provisions of this chapter. A group of historic resources shall qualify for designation as a multiple property designation when each historic resource meets the designation criteria set forth in section 23-4. Each property in a multiple property designation shall be evaluated and reviewed individually even though it is included in the multiple property designation. Multiple property designation(s) including thematically-related multiple property designation(s) may only be made or considered in the following Neighborhood Conservation Districts ("NCD") as set forth in Appendix A to the Miami 21 Code: (i) NCD-2: Village West Island District and Charles Avenue; (ii) NCD-3: Coconut Grove Neighborhood Conservation District.

National register of historic places. The list of historic properties significant in American history, architecture, archaeology, engineering and culture, maintained by the Secretary of the Interior, as established by the National Historic Preservation Act of 1966, as amended.

Non-contributing resource. A building, landscape feature, object, structure, or archaeological resource that does not add to the historic architectural qualities, historic associations, or archaeological values for which a district is significant because it was not present during the period of significance of the district; due to alterations, disturbances, additions or other changes, it no longer possesses historic integrity reflecting its character at that time, or is incapable of yielding important information about the period; or does not independently meet the national register of historic places criteria for evaluation.

Ordinary maintenance or repair. Any work, the purpose and effect of which is to correct any deterioration or decay of a structure or landscape feature, or any part thereof, by restoring it, as nearly as may be practicable, to its condition prior to such deterioration or decay, using the same materials or those materials available which are as close as possible to the original.

Preservation. The act or process of applying measures to sustain the existing form, integrity, and material of a building or structure. It may include initial stabilization work as well as ongoing maintenance of the historic building.

Receiving site. A parcel or parcels that have increased their development rights and/or density through the purchase and application of a historic TDR and/or TDD purchase.

Reconstruction. The act or process of reproducing by new construction the exact form and detail of a vanished structure as it appeared at a specific period of time.

Rehabilitation. The act or process of returning a property to a state of utility through repair or alteration which makes possible an efficient contemporary use while preserving those portions or features of the property which are significant to its historical, architectural, and cultural values.

Relocation. Any change of the location of a structure in its present setting or to another setting.

Restoration. The act or process of accurately recovering the form and details of a property and its setting as it appeared at a particular period of time by means of the removal of later work or by the replacement of missing earlier work.

Scenic transportation corridor. Those roadways that have been identified as having a unique landscape character and/or an expansive tree canopy that is of substantial environmental importance to the city, as described in subsection 17-31(3).

Sending property. The qualifying historic resource that is selling its unused base development rights and/or development density to the receiving site.

Structure. Anything constructed or erected, the use of which requires a fixed location on the ground or attachment to something having fixed location on the ground.

Thematically-related. A group of historic resources related by a common theme.

Transfer of development density (TDD). The sale of the unused development density to another party upon a binding written commitment that results in the restoration, rehabilitation, and/or preservation of the historic resource for the public benefit. A TDD shall comply with all applicable land development regulations as that term is defined by F.S. § 163.3164, as amended, "Community Planning Act; definitions".

Transfer of development rights (TDR) for historic resources. The sale of the unused development rights to another party upon a binding written commitment that results in the restoration, rehabilitation and/or preservation of the historic resource for the public benefit.

Unreasonable or undue economic hardship. An onerous and excessive financial burden that destroys reasonable and beneficial use of property and that would amount to the taking of property without just compensation, or failure to achieve a reasonable economic return in the case of income-producing properties.
(Ord. No. 13008, § 2, 6-26-08; Ord. No. 13116, § 2, 10-22-09; Ord. No. 13133, § 1, 1-28-10; Ord. No. 13180, § 2, 5-27-10; Ord. No. 13537, § 2, 7-23-15; Ord. No. 13712, § 2, 11-16-17; Ord. No. 13785, § 2, 9-13-18; Ord. No. 13971, § 3, 2-25-21)

Sec. 23-3. Historic and environmental preservation board; preservation officer.

The historic and environmental preservation board (hereinafter referred to as the "board") and the preservation officer, as established pursuant to sections 62-186 and 62-191, as amended, shall carry out the duties as assigned by this chapter and other applicable laws.
(Ord. No. 13008, § 2, 6-26-08)

Sec. 23-4. Designation of historic resources, historic districts, multiple property designations, and archaeological sites and zones.

(a) *Criteria for designation.* Properties may be designated as historic resources, historic districts, multiple property designations, or archaeological sites and zones only if they have significance in the historical, cultural, archaeological, paleontological, aesthetic, or architectural heritage of the city, state, or nation; possess integrity of design, setting, materials, workmanship, feeling, and association; and meet one or more of the following criteria:

(1) Are associated in a significant way with the life of a person important in the past;

(2) Are the site of a historic event with significant effect upon the community, city, state, or nation;

(3) Exemplify the historical, cultural, political, economic, or social trends of the community;

(4) Portray the environment in an era of history characterized by one or more distinctive architectural styles;

(5) Embody those distinguishing characteristics of an architectural style, or period, or method of construction;

(6) Are an outstanding work of a prominent designer or builder;

(7) Contain elements of design, detail, materials, or work of outstanding quality or which represent a significant innovation or adaptation to the South Florida environment; or

(8) Have yielded, or may be likely to yield, information important in prehistory or history.

(b) *Criteria exceptions.* Ordinarily cemeteries, birth places, or graves of historical figures, properties owned by religious institutions or used for religious purposes, structures that have been moved from their original locations, reconstructed historic buildings, properties primarily commemorative in nature and properties that have achieved significance within the past 50 years shall not be considered eligible for listing in the Miami register of historic places. However, such properties will qualify for designation if they are integral parts of districts or multiple property designations that do meet the criteria, or if they fall within the following categories:

(1) A building or structure that has been removed from its original location but is significant primarily for architectural value, or is the surviving structure most importantly associated with a historic person or event;

(2) A birthplace or grave of a local historical figure of outstanding importance if no appropriate site or building exists directly associated with his or her productive life;

(3) A cemetery that derives its primary significance from graves of persons of outstanding importance, from age, from distinctive design features, or from association with historic events;

(4) A reconstructed building when accurately executed in a suitable environment and presented appropriately as part of a restoration master plan and no other building or structure with the same association has survived;

(5) A property primarily commemorative in intent if design, age, tradition, or symbolic value has invested it with its own exceptional significance;

(6) A property achieving significance within the past 50 years if it is exceptionally important; or

(7) A religious property deriving primary significance from architectural or artistic distinction or historical importance.

(c) *Procedures for designation.* Properties which meet the criteria set forth in section 23-4 may be designated as historic resources, historic districts, multiple property designations, and archaeological sites and zones according to the following procedures:

(1) *Proposals and preliminary evaluation.* Proposals for designation may be made to the board by a supermajority vote of its members present after one or more members of the board request it to be placed on a board agenda, by the mayor, by the city manager, by resolution of the planning, zoning and appeals board approved by a supermajority vote of the members present, by resolution of the city commission approved by a supermajority vote of the members present, by the property owner, by resolution of the county historic preservation board approved by a supermajority vote of the members present, by resolution of any organization that has been a registered non-profit corporation in the state for at least five years with a recognized interest in historic preservation approved by a supermajority vote of the members present, or by the preservation officer. In those instances when a historic district or multiple property designation is being considered, the preservation office shall conduct outreach involving all relevant homeowner associations and neighborhood associations, ultimately ascertaining their level of support by way of resolution or vote. Said level of support shall be taken into consideration by staff and members of the HEPB when evaluating any proposed historic district or multiple property designation. The board shall conduct a preliminary evaluation of the data provided in the proposal for conformance with criteria set forth in subsection (a); and shall, if appropriate, direct the planning department to prepare a designation report. The board may require the party initiating such proposal to provide any necessary documentation, and to pay any applicable fees.

a. *Notification.* At least ten days prior to the meeting at which the board

will consider the preliminary evaluation, the owner of property or his designated agent or attorney, on file with the city, which is the subject of said proposal for designation shall be notified by certified mail of the board's intent to consider the preliminary evaluation of the property. Should the applicant be a person other than the property owner or designated agent or attorney on file with the city, the applicant shall be notified and the owner of record of the subject property shall be notified. For historic districts or multiple property designations where there are more than 50 properties to be considered, for designation, the owners shall be notified by first class mail and by the published notice.

The notice sent by certified mail of the board's intent to consider the preliminary evaluation of the property, when sent to the property owners of involuntarily designated residentially zoned properties in a T3-O designated transect zone that are not the applicants, will state the right to appeal the board's final decision regarding designation to the city commission, and will include in the notification a statement of the fee waiver provision contained in subsection (c)(7) herein.

b. *Interim protection measures.* From the date said notice of the preliminary evaluation is mailed, no building permit for any new construction, alteration, relocation, or demolition that may affect the property proposed for designation shall be issued until one of the following occurs:

1. The board finds that the property does not appear to meet the criteria for designation and votes not to direct the planning department to prepare a designation report in accordance with subsection (c)(1);
2. The board approves or denies the designation in accordance with this section, or 120 days have elapsed, whichever shall occur first, unless this time limit is waived on the record by mutual consent of the owner and the board; or
3. The owner applies for an accelerated certificate of appropriateness prior to final action on the designation by the board, and such certificate of appropriateness has been issued in accordance with the provisions of section 23-6.2. The preservation office shall place said application for a certificate of appropriateness on the next available agenda of the board. Any owner who carries out or causes to be carried out any work without the required certificate of appropriateness shall be subject to the provisions of subsection 23-6.2(f).

(2) *Preparation of designation report.* For every proposed historic site resource, historic district, multiple property designation, and archaeological zone, the planning department shall prepare a designation report containing the following information:

a. *Designation report.* The designation report shall contain a statement of the historic, architectural, and/or archaeological significance of the proposed historic resource, historic district, multiple property designation, or archaeological site or zone; the criteria upon which the designation is based; a physical description of the property; an identification of contributing structures, landscape features, and/or thematically-related historic resources; present trends

and conditions; and incentives to encourage preservation, rehabilitation, or adaptive use.

b. *Boundaries.* The designation report shall include a map or maps indicating proposed boundaries. Boundaries for historic resources shall generally include the entire property or tract of land, unless such tract is so large that portions thereof are visually and functionally unrelated to any contributing structure or landscape feature. Historic district boundaries shall in general be drawn to include all contributing structures reasonably contiguous within an area and may include properties which individually do not contribute to the historic character of the district, but which require regulation in order to control potentially adverse influences on the character and integrity of the district. Multiple property designation boundaries shall, in general, be drawn to include all historic resources related by a common theme and may include properties which individually have no relation to the theme. Properties within the boundary that have no relation to the theme will not require regulation under this chapter of the City Code unless they are individually designated historic resources or included within a historic district or archaeological zone. Archaeological zone boundaries shall generally conform to natural physiographic features which were the focal points for prehistoric and historic activities or may be drawn along property lines, streets, or geographic features to facilitate efficient management.

c. *Interiors.* Interior spaces that have exceptional architectural, artistic, or historic importance and that are regularly open to the public may be subject to regulation under this chapter. The designation report shall describe precisely those features subject to review and shall set forth standards and guidelines for such regulations. Interior spaces not so described shall not be subject to review under this chapter.

(3) *Notice and public hearing.* The board shall conduct a public hearing to determine whether the proposed historic resource, historic district, multiple property designation, archaeological site or zone meets the criteria set forth in subsection (a) and shall approve, amend, or deny the proposed designation. A person whose interests in the proceeding are adversely affected in a manner greater than those of the general public may request intervenor status as defined in this chapter. All approvals or amendments of designations by the board shall require an affirmative vote of a supermajority of the board members present. The board may rehear proposals based upon policies set forth in its rules of procedure. All public hearings on designations conducted by the board, except as provided in subsection (c)(1)a., and hearings on appeals of board decisions to the city commission regarding designations shall be noticed as follows:

a. The owner of property or his/her designated agent or attorney, if any, which is the subject of such designation shall be notified by mail at least 30 days prior to the board's meeting and 15 days prior to subsequent administrative appellate hearings. The owner shall receive a copy of the designation report unless there are more than 20 owners, in which case the notice shall state that a copy is available and where it may be obtained.

b. An advertisement shall be placed in a newspaper of general circulation at least ten days prior to the hearing.

c. Signs shall be posted pursuant to subsection 62-129(2)a., as amended.

d. Notice of the time and place of the public hearing by the board, or city commission, as the case may be, shall be sent at least ten days in advance of the hearing by mail to all owners of property within 500 feet of the property lines of the land for which the hearing is required. The applicant, or the appellant as applicable, shall be charged the appropriate fee established for this purpose.

e. For the purpose of this chapter, the names and addresses of property owners shall be deemed those appearing on the latest tax rolls of Miami-Dade County. The preservation officer, or his/her designee, shall certify at the time of the public hearing that notice as herein required was given to the persons as named and with addresses shown on his/her certification by the placing in the mail system of the United States on the date certified the herein required notice, the certification shall be conclusive of the giving of such notice; in the case of condominiums, notice will be sent solely to the condominium association. No action taken by the board, or the city commission, shall be voided by the failure of an individual property owner or property owners to receive notice pursuant to this chapter.

(4) *Historic and environmental preservation atlas.* Historic sites, historic districts, multiple property designations, and archaeological zones designated pursuant to section 23-4 shall be shown in the "Official Historic and Environmental Preservation Atlas of the City of Miami, Florida," as amended.

(5) *Electronic building records.* Following the designation of a resource, the historic preservation officer shall note the property as a historic resource in the city's building department records.

(6) *Notifications.* Following the designation of a resource, the historic preservation officer shall notify the following parties with a copy of the resolution:

a. The owner(s) of record. The notification to the owner(s) of record shall clearly state that the property has been designated and such designation may be appealed to the city commission within 60 days. The notification shall also summarize the procedure for appeals to the city commission as detailed in subsection (7) below.

b. The Miami-Dade County Clerk of the Courts.

(7) *Appeals.*

a. The property owner, any one member of the city commission, the planning department, or any aggrieved party that has standing under Florida law may appeal to the city commission any decision of the board on matters relating to designations by filing within 60 calendar days after the date of the decision a written notice of appeal with the hearing boards department, with a copy to the preservation officer. Such notice of appeal shall set forth concisely the decision appealed from and the reasons or grounds for the appeal. Appellate fees for property owners of involuntarily designated residentially zoned properties in a T3-O designated transect zone that are not the applicants, are waived. The city shall bear the cost prescribed by chapter 62 for each mailed notice required pursuant to this section. Except as appellate fees and mailed notice costs are expressly waived above, each appeal shall be accompanied by a fee of $525.00, plus the cost prescribed by chapter 62 for each mailed notice required pursuant to this section. A person whose interests in the proceeding are adversely affected in

a manner greater than those of the general public may request intervenor status as defined in this chapter. The city commission shall hear and consider all facts material to the appeal and render a decision as promptly as possible. The city commission may affirm, modify, or reverse the board's decision. Any decision to reverse the board's decision shall require a three-fifths vote of all members of the city commission. Appeals from decisions of the city commission may be made to the courts as provided by the Florida Rules of Appellate Procedure. The provisions of this section shall remain in effect during the entire appeal process, unless stayed by a court of competent jurisdiction. The appeal shall be a de novo hearing and the city commission may consider new evidence or materials in accordance with the zoning ordinance. Appeals concerning designations shall be made directly to the city commission, within 60 calendar days after the date of the decision, and follow the procedures described herein. The office of hearing boards shall schedule the appeal on the next available city commission meeting following receipt of the appeal.

(8) *Amendments.* The board may amend any designation by following the same procedures as set forth in this section. The board may likewise rescind any designation if the structure or feature of principal historic significance has been demolished or destroyed.

(d) *Reserved.*

(e) *Effect of designation.* Upon designation, and thereafter, the provisions of section 23-6.2 shall apply.

(Ord. No. 13008, § 2, 6-26-08; Ord. No. 13116, § 2, 10-22-09; Ord. No. 13142, § 10, 2-11-10; Ord. No. 13512, § 2, 4-9-15; Ord. No. 13676, § 2, 4-27-17; Ord. No. 13712, § 2, 11-16-17; Ord. No. 13777, § 2, 7-26-18; Ord. No. 13912, § 2, 7-23-20; Ord. No. 13971, § 3, 2-25-21)

Sec. 23-5. Nomination to the national register of historic places.

(a) *Responsibilities under the certified local government program.* As part of the duties under the certified local government program, the HEPB shall receive all nominations to the national register of historic places for any properties located within the city, following the regulations of the state division of historical resources.

(b) *Notice requirements.* The HEPB shall give notice to the owners of the property at least 30 days but not more than 75 days prior to the historic preservation board meeting at which the

nomination will be considered. The HEPB shall also obtain a written recommendation from the city commission and the Miami-Dade Board of County Commissioners whether each property should be nominated to the National Register, and these recommendations shall be given to the HEPB within 30 days.

(c) *Owner notification and requirements for comment.* The HEPB shall obtain comments from the public that shall be included in the report making a recommendation. Objections to being listed in the national register by property owners must be notarized and filed with the historic preservation office. Within 30 days after its meeting, the HEPB shall forward to the state historic preservation officer its action on the nomination and the recommendations of the local officials. Appropriate local officials, the owner and the applicant shall be notified of the HEPB's actions.

(d) *Referral to the state historic preservation officer.* The state historic preservation officer will take further steps on the nomination in accordance with federal and state regulations. If either the HEPB or local officials, or both, support the nomination, the state historic preservation officer will schedule the nomination for consideration by the state review board for the national register at its next regular meeting. If both the HEPB and the local officials recommend that a property not be nominated to the national register, the state historic preservation officer will take no further action on the nomination unless an appeal is filed with the state historic preservation officer.
(Ord. No. 13008, § 2, 6-26-08)

Sec. 23-6. Transfer of development rights and density for historic resources; provision for a determination of eligibility process, and special provisions for resources within the Miami Modern (MiMo)/Biscayne Boulevard Historic District; prohibiting certain uses; and establishing a 35-foot height limit.

It is the intent of this section to encourage the preservation of historic resources by creating a process whereby the otherwise unusable development and density rights for historic resources may be converted into an asset that may be sold to a receiving site. Receiving sites for unused development rights will be located within a T-6 transect, where a public benefits bonus may be used. Receiving sites for unused development density will be located near a Transit Oriented Development ("TOD") pursuant to Article 4 of Miami 21, the zoning ordinance of the City of Miami, Florida, as amended or superseded. Publicly owned sending properties may transfer density at a discounted rate for use as affordable housing. Owners of eligible properties shall be issued a "certificate of eligibility" following confirmation that the property meets the criteria established in subsection (1) or has been determined eligible under the process described in subsection (3).

(1) *Eligible properties (sending sites).*

a. Under the TDR and TDD provisions described in this section, a property owner is automatically eligible to apply to sell their unused development rights if the property is located in a T3-O transect zone or higher, and is classified as one or more of the following:

1. Individually listed in the national register of historic places;
2. Listed as a contributing property within a national register district;
3. Individually listed in the Miami register of historic places under the provisions of section 23-4;
4. Listed as a contributing property within a local historic district under the provisions of section 23-4;
5. Listed as a thematically-related historic resource within a multiple property designation under the provisions of section 23-4 of the City Code.
6. Qualified as an "eligible historic resource," after having met the

criteria for eligibility set forth in subsection (3), and so determined by the HEPB.

7. Otherwise qualifies as a historic resource, but that has lost its historic integrity because of major alterations and/or additions; provided that it can be shown to the HEPB that:
   A. The building's original appearance can be documented;
   B. The owner applies for and receives a special certificate of appropriateness, detailing the steps to be taken to restore the original appearance of the building;
   C. The owner substantially completes the proposed restoration activity before an application for transfer of development rights is submitted.
8. A multi-family residential structure in a T4-R transect, shall be eligible for the TDR and TDD programs, only in the event it is:
   A. Individually listed in the national register of historic places; and/or
   B. Individually listed in the Miami register of historic places.
   C. Qualified as an "eligible historic resource" by the HEPB after having met the criteria for eligibility set forth in subsection (3), for an individually significant resource.

   For those individual buildings that are locally designated historic resources on the Miami register of historic places and deemed eligible by the preservation officer to participate in the transfer of development rights or density ("TDR or TDD") programs under the terms of section 23-6, the zoning administrator or his/her designee shall calculate the unused development potential (base development rights) that may be transferred to a receiving property at 225 percent per square foot of the available square feet permitted by the underlying transect zone. The zoning administrator or designee shall also calculate the unused density potential that may be transferred to a receiving site rounding up to the nearest hundredth, thereby recognizing the significance of Miami's locally designated historic resources and the additional requirements associated with the rehabilitation of a historic property.
9. A contributing or non-contributing resource contained within the boundaries of the Miami Modern (MiMo)/Biscayne Boulevard Historic District shall be eligible for the TDR and TDD incentive as further described in subsection (2).

(2) *Miami Modern (MiMo)/Biscayne Boulevard historic district.* On June 6, 2006, the HEPB designated that portion of Biscayne Boulevard from NE 50th Street on the South to NE 77th Street on the north, as a historic district. Historically, Biscayne Boulevard was a premier shopping destination, and later the principal corridor leading tourists to the spectacular attractions in the Miami area.

As the MiMo/Biscayne Boulevard historic district is the only overwhelmingly commercial historic district in the city that has been listed in the Miami register of

historic places, it is deemed deserving of special considerations not applicable to the residential historic districts.

Over the years, inappropriate infill construction changed the character of Biscayne Boulevard, resulting in a less-than-cohesive character. It is the desire of the city to encourage new construction and improvements or remodelings to existing structures so that they either return to the classic types prevalent during the historic periods of significance, or represent an improvement that maintains the high standards of appearance for the entire historic district, as determined by the HEPB.

Further, the TDR and TDD incentives shall be available to the structures judged as non-contributing only in the MiMo/Biscayne Boulevard historic district and only when the proposed work will bring the property closer to becoming a contributing structure as determined by the HEPB. The incentive for non-contributing buildings is intended to promote reinvestments within the overall area encompassed by the historic district leading to its betterment.

a. *Permitted uses.* In a further effort to maintain a balance of retail, entertainment, lodging and services uses, any commercial, civic, civil support, and educational use within the MiMo Biscayne historic district shall be limited to only those permitted under the T4-O transect zone.

b. *Calculations of available development rights and development density (sending property) for the MiMo (Miami Modern)/Biscayne Boulevard Historic District.*

   1. For those contributing properties contained within the Miami Modern (MiMo)/Biscayne Boulevard Historic District deemed eligible by the preservation officer to participate in the TDR and TDD programs under the terms of section 23-6, the zoning administrator or their designee shall calculate the unused development potential (base development rights) that may be transferred to a receiving property at 225 percent per square foot of the available square feet permitted by the underlying transact. The zoning administrator or designee shall also calculate the unused density potential that may be transferred to a receiving site rounding to the nearest hundredth unit, thereby recognizing the additional requirements associated with the rehabilitation of a historic property. Notwithstanding these calculations, based on the allowable development rights prescribed by the Miami 21 Code transects for this historic district, no building or structure contained within the boundaries of the Miami Modern (MIMO)/Biscayne Boulevard historic district shall exceed 35 feet in height. Buildings existing at the time of passage of the ordinance from which this section derives shall be grandfathered and allowed to remain.

   2. For those non-contributing properties contained within the Miami Modern (MiMo)/Biscayne Boulevard Historic District as described in section 23-6, the zoning administrator or their designee shall calculate the base unused development rights at 175 percent per square foot of the total available square feet permitted by the underlying transect which shall be available for transfer (sale). The lot itself may be developed

at 100 percent of its capacity under the requirements of the historic district guidelines, and the Miami 21 Code. Notwithstanding these calculations, based on the allowable development rights prescribed by the Miami 21 Code transects for this historic district, no building or structure contained within the boundaries of the Miami Modern (MIMO)/Biscayne Boulevard historic district shall exceed 35 feet in height. Buildings existing at the time of passage of the ordinance from which section derives shall be grandfathered and allowed to remain.

(3) *Standards for the improvements to non-contributing structures.* When improvements to non-contributing buildings are made, the following guidelines shall be implemented:

a. Use of building materials commonly found in the construction of the "contributing" structures within the historic district;

b. Installation of signage that is in keeping with the periods of significance represented in the district (1924-1956);

c. Architectural design that complements the historic building types and vocabulary which include:

i. Mediterranean Revival;

ii. Art Moderne;

iii. Art Deco;

iv. Miami Modern (MiMo);

v. South Florida Regional Vernacular, e.g. a style or type of building that represents the local or indigenous adaptations of design resultant from the climate, traditions, and available building materials in the region.

Nothing in these standards shall be construed to encourage a false sense of historical appearance. Replications or reconstructions shall be permitted only as specifically allowed by the HEPB, and under the provisions of subsection (1)a.6.

(4) *Qualification as an eligible historic resource—Requirements and certification process.* A property may be determined eligible for local historic designation in order receive a "certificate of eligibility," and therefore take advantage of the transfer of development rights and density provisions, provided that the building meets certain eligibility criteria; and that a formal application for local historic designation is submitted to the planning department within one year from the date the eligibility application is approved by the historic and environmental preservation board. The time period may be extended by HEPB. If the application is not received within one year of the period of extension, the "certificate of eligibility" will be withdrawn. If sale of development rights or density has taken place without designation, proceeds must be paid to the city for the historic preservation trust fund. If proceeds are not paid to the city, a lien on the property equal in value to the proceeds plus a five percent administrative fee will be placed on the property.

a. Criteria for eligibility. In general, the resource must be at least 50 years old and maintain its physical integrity so that it sufficiently conveys its original character; possess integrity of design, setting, material, technique, feeling and association, and meet at least one of the following criteria:

1. Is associated in a significant way with the life of a person important in the past;

2. Is the land or location of a historic event with significant effect upon the community, city, state, or nation;

3. Exemplifies the historical, cultural, political, economic, or social trends of the community;
4. Portrays the environment in an era of history characterized by one or more distinctive architectural styles;
5. Embodies the distinguishing characteristics of an architectural style, or period, or method of construction;
6. Is an outstanding work of a prominent designer or builder; and
7. Contains elements of design, detail, materials, or work of outstanding quality or which represents a significant innovation or adaptation to the South Florida environment.

(5) *Application process and documentation required to qualify as an "eligible historic resource."* Applications for a determination of eligibility in connection with the transfer of development rights program will contain the information required within a local historic designation report, and sufficient supporting documentation to enable the HEPB to make a valid conclusion. The application will include:

1. Photographs of all elevations illustrating the existing conditions;
2. Most recently available copy of the Miami-Dade County assessor's office record for the property;
3. Affidavit for proof of ownership;
4. Written description of the property, noting architectural style, building materials, roof shapes, and ornament, as applicable;
5. Written description of the changes to the property that have occurred over time, as applicable;
6. Results of Miami City Directory search to identify original resident/business establishment, as applicable;
7. Bibliography of historical records used in the research, as applicable;
8. Written evaluation of the property's significance using the criteria established in subsections 23-4(a)(1—8);
9. Other information as deemed necessary by the planning director; and
10. Any fees specified for this purpose.

(6) *Review for certification of an eligible historic resource.* Once the application for a determination of eligibility has been deemed complete, the preservation officer shall schedule the application before the next regularly scheduled meeting of the HEPB. At least ten days prior to the meeting at which the application will be heard, the owner or their designated agent or representative, shall be notified of the board's intent to consider the application. A person whose interests in the proceeding are adversely affected in a manner greater than those of the general public may request intervenor status as defined in this chapter.

In making its decision as to whether to certify the resource, the board shall consider:

a. Whether the resource is of such interest or quality that it meets one or more of the criteria established by subsections 23-4(a)(1—8);
b. Whether the resource maintains its physical integrity, or whether it has been altered to such a degree that it no longer conveys the qualities for which it was deemed historically significant;
c. Whether the preservation of the resource will promote the general welfare of the city by providing an opportunity for the study of local history, architectural and design, or develop an understanding of the importance and value of a particular culture and heritage;

d. Whether or not the resource is one of the last remaining examples of its kind in the city, region, or state.

e. Should the HEPB find that the proposed resource meets the criteria and considerations to be deemed an eligible historic resource; within 30 days of that decision, a "certificate of eligibility" will be prepared by the historic preservation officer, and mailed (via certified mail) to the applicant.

f. Appeals from the decision of the HEPB. The property owner, any one member of the city commission, the planning department, or any aggrieved party may appeal to the city commission any decision of the board on matters relating to such certifications by filing within 15 calendar days after the date of the decision a written notice of appeal with the hearing boards department, with a copy to the preservation officer. Such notice of appeal shall set forth concisely the decision appealed from and the reasons or grounds for the appeal. Each appeal shall be accompanied by a fee of $500.00, plus the cost prescribed by chapter 62 for each mailed notice required pursuant to subsection 23-4(c)(3). The city commission shall hear and consider all facts material to the appeal and render a decision as promptly as possible. A person whose interests in the proceeding are adversely affected in a manner greater than those of the general public may request intervenor status as defined in this chapter. The city commission may affirm, modify, or reverse the board's decision. Any decision to reverse the board's decision shall require a three-fifths vote of all members of the city commission. Appeals from decisions of the city commission may be made to the courts as provided by the Florida Rules of Appellate Procedure. The provisions of subsection 23-4(c) shall remain in effect during the entire appeal process insofar as they do not conflict with this section, unless stayed by a court of competent jurisdiction. The appeal shall be a de novo hearing and the city commission may consider new evidence or materials. Appeals shall be made directly to the city commission, within 15 calendar days after the date of the decision, and follow the procedures described herein.

g. Requirement for local historic designation, "eligible historic resources."

1. A resource classified as an "eligible historic resource" may apply for a certificate of transfer following the determination of eligibility.

2. Should the applicant apply for and receive a certificate of eligibility the eligible historic resource will be required to be locally designated through the formal process described in this chapter, within one year following the HEPB's determination.

h. Conditions and safeguards—"Eligible historic resources."

1. Upon the determination of eligibility by the HEPB, the owner shall be subject to the restrictions concerning the requirement for the issuance of a certificate of appropriateness for changes made to the building. The owner is prohibited from demolishing a structure deemed an eligible historic resource, until such time as an application for a special certificate of appropriateness for demolition under the process contained in section 23-6 is adjudicated by the HEPB.

2. The "certificate of eligibility" will expire within one year from the HEPB's determination, at which time, the property owner must have applied for local historic designation of the resource which had been determined eligible.

(7) *Calculations of available development rights (sending property).* For those properties deemed eligible to participate in the TDR program under the terms of section 23-6, the zoning administrator or their designee shall calculate the unused development potential (base development rights) that may be transferred to a receiving property at 100 percent of the available square feet permitted by the underlying transect, thereby recognizing the additional requirements associated with the rehabilitation of a historic property.

(8) *Requirements for the preservation of eligible historic resources (sending properties) using the provisions of the TDR and TDD—Application process.* The purpose of this incentive is to ensure that historic resources are preserved for the public benefit, public welfare, conservation, and aesthetics. The requirements that follow apply to all buildings which make use of the TDR and TDD programs. The use of the TDR and TDD resource will be tied to capital improvements on the sending property. The quantity of TDD and TDR value available for sale will be tied to the value set out in the building permit application for large scale work or a signed contract for smaller scale improvements at a ratio specified below. A restrictive covenant to maintain the property is also required, must be in a form acceptable to the city attorney, and must be recorded in the public records of Miami-Dade County. Any work approved by a certificate of appropriateness with an active building permit or issued a certificate of occupancy after April 1, 2012, shall qualify if it meets the criteria specified below.

Therefore, following the qualification of any eligible historic resource, the applicant requesting the certificate of transfer shall provide the planning department with:

a. A copy of the building permit application which lists the estimated cost of construction or a signed contract with a licensed and insured contractor for work approved by a certificate of appropriateness.

b. A determination of the maximum value of the saleable TDR and TDD resource. The applicant will determine the maximum value of the proposed sale of the combined transferable development rights and transferable development density. The value will equal the following:

   1. The expenses directly related to the construction of the building (hard costs such as materials, supplies, and equipment) as determined in the building permit application construction cost estimate or by providing a signed contract for work. Soft costs such as professional costs are excluded.

   2. An additional percent over the hard cost value, with the 30 percent broken down as follows:

      A. Twenty percent of the value of capital improvements for use by the applicant for fees associated with design, financing, legal, and other pre- and post-construction expenses (soft costs).

      B. Ten percent of the value of the capital improvements to be retained temporarily by the city in the form of either a letter

of credit or a bond after the sale of the resource. The bond will be released back to the applicant upon confirmation of the completion of the work as outlined in subsection (11) below.

(9) *Requirements for the issuance of TDRs for "non-contributing" properties within the Miami Modern (MiMo)/Biscayne Boulevard historic district.* "Non-contributing" properties. The intent of the special incentives along Biscayne Boulevard is to provide capital for improvements to buildings that may have fallen into disrepair, and thus contribute to the overall appearance and stability of the boulevard as a whole. Therefore, following the qualification of a non-contributing property as eligible for the TDR and TDD benefits, the owner/applicant shall provide the planning department with:

1. All materials as laid out in subsection (8) above.
2. A special certificate of appropriateness application for the improvements to be made to the structure, noting the improvements designed specifically to promote a harmonious relationship with other structures within the boulevard historic district.
3. The special certificate of appropriateness will be processed in accordance with the provisions contained in section 23-6.2.

(10) *Release of conditional certificate of transfer.* The planning director, or his/her designee, will prepare the conditional certificate of transfer for the unused development rights and density upon receipt of an approved building permit for the historic resource or an executed contract for work approved by a certificate of appropriateness. The conditional certificate of transfer will allow for sale of unused development rights and density, but will expire within a set period of time and render all transactions void unless additional criteria are met as described below in subsection (11). The conditional certificate of transfer will be released when:

1. A building permit for the historic resource has been issued or a copy of an executed contract, including proof of applicable bonding, funding, and insurance requirements, for work approved via a certificate of appropriateness has been submitted in the event the work does not require a building permit.

   The approved building permit must be for work reviewed by the HEPB.

   The approved building permit must match that permit applied for and used for calculating the value of the sale pursuant to subsection (8).

   When an executed contract is provided rather than a building permit, proof of licensure and insurance for the contractor shall be provided.

(11) *Release of certificate of transfer.* The planning director, or designee, will prepare the non-conditional certificate of transfer for the unused development rights and density for historic resources upon completion of the following:

1. Filing of a restrictive covenant with the city by the sending property. The restrictive covenant shall be in a form acceptable to the city attorney and be recorded at the owner's expense in the public records of Miami-Dade County within 30 days of its acceptance by the city. The original restrictive covenant or a certified copy of the recorded restrictive covenant to be furnished to the planning director within 30 days of it being recorded will be maintained by the planning department. The restrictive covenant shall provide:
   A. That the eligible historic resource will be maintained to

a standard consistent with the building department's standards for "Forty (40) year recertification";

B. That the requirement for long-term maintenance will follow the title to the property through any subsequent owners;

C. That the city will be advised of any change in property ownership.

2. A bond or irrevocable letter of credit representing a minimum of ten percent of the value of the improvements proposed in the building permit has been posted with the city's planning department to be used in the event the owner defaults from the owner's promise to make the improvements. A bond shall be written by an approved surety company and shall comply with state law so as to be substantially in the form provided by F.S. § 255.05, and shall carry the name and address of a local representative. Any irrevocable letter of credit shall be drawn on a local bank, which means a national bank authorized to transact business in Florida and maintaining an office in Miami-Dade County. Any bond or irrevocable letter of credit shall be in a form acceptable to the city's risk management department and city attorney and must name the city as the sole beneficiary/oblige/payee as applicable.

A. A bond or irrevocable letter of credit will be released back to the owner following the full completion and acceptance of the work and the issuance of a certificate of occupancy and/or a review of the work by the historic preservation officer or the historic preservation officer's designee.

B. In the case where a cost-of-work estimate was provided rather than a building permit, the historic preservation officer or the historic preservation officer's designee will review proof of payment and the contractors and/or sub-contractor's final release(s) and waiver(s) of lien prior to release of the bond or letter of credit.

C. If the historic preservation officer or historic preservation officer's designee determines that the work is not completed pursuant to the approved plans and standards reviewed by the HEPB, the city will collect on the bond or letter of credit and deposit funds into the historic preservation trust fund.

D. An owner may appeal the decision to collect on the bond to the HEPB.

3. Submission to the city's department of planning of a copy of the sales contract for the TDD and/or TDR between the buyer and seller of the resources.

4. Submission to the city's department of planning of an affidavit stating that the buyer and seller of the TDR and TDD resources are acting independently and have no other relationship to each other; that both parties in the transaction are acting in their own self-interest and are not subject to any pressure or duress from the other party; and that there is no collusion between the buyer and seller (a.k.a. an arm's length transaction).

(Ord. No. 13008, § 2, 6-26-08; Ord. No. 13116, § 2, 10-22-09; Ord. No. 13512, § 2, 4-9-15; Ord. No. 13676, § 2, 4-27-17; Ord. No. 13712, § 2, 11-16-17; Ord. No. 13785, § 2, 9-13-18; Ord. No. 13912, § 2, 7-23-20; Ord. No. 13971, § 3, 2-25-21)

Editor's note—Ord. No. 13116, § 2, adopted October 22, 2009, changed the title of section 23-6 from "Transfer of

development rights for historic resources; provision for a determination of eligibility process, and special provisions for resources within the Miami Modern (MiMo)/Biscayne Boulevard Historic District" to "Transfer of development rights for historic resources; provision for a determination of eligibility process, and special provisions for resources within the Miami Modern (MiMo)/Biscayne Boulevard Historic District; prohibiting certain uses; and establishing a 35-foot height limit."

Sec. 23-6.1. Waivers, exceptions and exclusions for locally designated historic resources.

In an effort to promote and encourage the preservation and adaptive reuse of locally designated resources, so designated pursuant to the provisions of section 23-4, the HEPB may grant a certain exception to a use permitted in specific zoning designations, or an exclusion to allow a cultural facility as an allowable use in medium and high density multifamily (general urban) zones, and/or may grant certain waivers to the zoning code provided that it will result in the preservation of a locally designated property.

Historic preservation waivers. The board may authorize certain waivers to the requirements of the underlying zoning district, to the extent indicated herein.

(1) *Waivers concerning designated historic resources.*

a. Any building that is individually locally designated or is classified as a contributing building within a local historic district or is classified as a thematically-related historic resource within a multiple property designation, as identified in the designation report, shall be permitted to be repaired, restored, structurally altered, or reconstructed, notwithstanding any conflicts with provisions of the underlying zoning district requirements. However, the board shall not have the authority to grant any waivers of density, intensity and building height requirements.

b. In cases where the size or configuration of a locally designated property, a contributing property within a locally designated historic district or a thematically-related historic resource within a multiple property designation is such that compliance with off-street parking requirements would destroy the historic character of the property, the board may authorize a reduction of up to 100 percent of the number of parking spaces that would ordinarily be required for a new structure of equivalent use and floor area and/or a waiver of loading requirements.

Such waivers will be granted only when it can be demonstrated that:

1. Granting the waiver will further the preservation of the historic and architectural character of the historic resource, or of the historic district in which the proposal is located.

2. Granting the waiver would promote the preservation of the historic resource or historic district while reducing nonconformities.

3. Granting the waiver would help minimize or mitigate any potential adverse effect of a specific proposal whose implementation promotes the preservation of the historic resource or historic district.

4. Special circumstances exist such as adjacencies or shared parking that will practically alleviate concerns for off-street parking.

5. The HEPB shall make specific findings that establish how the criteria have been met. Additionally, the board may impose any conditions, restrictions, or limitations deemed appropriate in order to ensure compliance with the criteria set forth above.
6. The waiver shall be the minimum necessary to assure the continued preservation of the historic structure.

(2) *Waivers concerning additions.* Waivers for additions to existing buildings may also be authorized by the board when necessary to assure the preservation of historic resources and historic districts, subject to the limitations described in section 23-6.1.

(3) *Historic preservation exceptions.* Unless otherwise authorized by Article 4, Table 3, of the Miami 21 Code, the board may authorize certain exceptions to the requirements of the underlying zoning to the extent indicated herein. Bed and breakfast uses complying with applicable codes may be permissible as an exception in low, medium and high density multifamily residential (general urban, urban center and urban core) zones. Additional allowable uses which include professional offices, and museums will be classified as exceptions and may be allowed except in T3 transect zones. Additional allowable uses which include restaurants and private clubs, as they are respectively defined in section 4-2 of the City Code, will also be classified as exceptions and may be allowed except in T3 and T4 transect zones. Such uses shall be permissible only within existing structures that are individually designated or contributing resources within a designated historic district or thematically-related historic resources within a multiple property designation as identified in the designation report prepared pursuant to chapter 23; and shall not be permissible in any case where the structure(s) of principal historic significance has (have) been destroyed or damaged beyond repair, unless such structure(s) is (are) reconstructed in accordance with a certificate of appropriateness approved by the board pursuant to the provisions of chapter 23. Any use authorized pursuant to this section shall comply with all regulations applicable to the same or similar use in the most restrictive zoning designation permitting such use; to the extent such regulations have not been modified pursuant to this section.

a. *Exclusion.* In an effort to provide even greater flexibility in the adaptive use of locally designated historic resources, and to recognize the concomitant relationship of historic preservation and the cultural arts, the HEPB is authorized to grant an exclusion for a cultural facilities as an allowable use in medium and high density multifamily (general urban) zones; such uses may include:
    1. Rehearsal/studio space(s);
    2. Gallery space(s);
    3. Performance workshop areas;
    4. Classrooms for arts education.

    (a) The HEPB shall review each application for an exclusion that would permit the conversion of a locally designated historic resource for use as a cultural facility through the process for a special certificate of appropriateness as defined in this chapter. The special certificate of appropriateness may include requests for both additions and/or new construction in order to meet the programming requirements of the cultural facility.

(b) Adjacent land, owned or leased by the facility may be used to provide required parking.

(c) The HEPB may concurrently review a waiver of certain zoning requirements in conjunction with a request for an exclusion, provided that the request is the minimum necessary to successfully accomplish the project; and that the impact to the surrounding areas is minimal.

(4) *Procedures for granting exceptions, waivers and exclusions.* An application for a special certificate of appropriateness shall be submitted pursuant to the provisions of section 23-8. In addition, the application shall contain a written statement justifying the requested exception, or waiver or exclusion and provide evidence that the exception, or waiver or exclusion is necessary to assure the continued preservation of the designated historic structure.

(5) *Notice and hearings, generally.* The board shall notice the public hearing at which the waiver, and/or exception or exclusion is requested, following the same procedures as is required for a special certificate of appropriateness.

(6) *Decision of the board.* The board shall make findings based upon the standards set forth in section 23-6.2, as amended, and shall take one of the following actions:

a. Issue the special certificate of appropriateness for the waiver proposed by the applicant;

b. Issue the special certificate of appropriateness with specific modifications and conditions; or

c. Deny the special certificate of appropriateness.

(7) *Standards.* In addition to the guidelines and standards for issuing certificates of appropriateness as set forth in section 23-6.2, as amended, the board shall determine that the following standards have been met before reaching a decision to grant a special certificate of appropriateness:

a. The exception, or waiver or exclusion shall be the minimum necessary to assure the continued preservation of the historic structure; and

b. The exception, or waiver or exclusion shall be in harmony with the general intent and purpose of this chapter.

c. For restaurants and private clubs the property shall be located in a T5-R Transect Zone or higher. Prior to the issuance of a certificate of use for any such use, a parking plan must be approved by process of warrant pursuant to the provisions of Miami 21. A parking plan for purposes of this section is a written plan or graphic depiction presented by the applicant providing for traffic control and parking accommodations for the property.

(8) *Conditions and safeguards.* In granting any exception, or waiver or exclusion, the board may prescribe appropriate conditions and safeguards necessary to protect and further the interest of the area and abutting properties, including, but not limited to, landscape materials, walls, and fences as required buffering; modifications of the orientation of any openings; modification of site arrangements; and control of manner or hours of operation.

(9) *Requirements for substantial rehabilitation.* As a condition of granting an exception, or waiver or exclusion, as determined by the board at the time of granting the special certificate of appropriateness, the board may require that the structure(s) for which the exception or waiver is (are) requested be substantially rehabilitated in accordance with the Florida Building Code, the National Fire Prevention Code,

the U.S. Secretary of the Interior's "Standards for Rehabilitation," and any other applicable codes and regulations.

(10) *Requirements concerning time limitations.* Any certificate of appropriateness issued under this section shall be governed by the time limitations stipulated in subsection 23-6.2(g).

(Ord. No. 13008, § 2, 6-26-08; Ord. No. 13116, § 2, 10-22-09; Ord. No. 13180, § 2, 5-27-10; Ord. No. 13429, § 2, 2-13-14; Ord. No. 13537, § 2, 7-23-15; Ord. No. 13712, § 2, 11-16-17)

Editor's note—Ord. No. 13180, § 2, adopted May 27, 2010, changed the title of section 23-6.1 from "Waivers and exceptions for locally designated historic resources" to "Waivers, exceptions and exclusions for locally designated historic resources."

Sec. 23-6.2. Certificates of appropriateness.

(a) *Certificates of appropriateness, when required.* A certificate of appropriateness shall be required for any new construction, alteration, relocation, or demolition within a designated historic site or historic district or for thematically-related historic resources within a multiple property designation. A certificate of appropriateness shall also be required for exceptions, or waivers or exclusion from the provisions of the zoning code, or any successor zoning code. A certificate to dig shall be required for any ground disturbing activity within a designated archaeological site or archaeological zone or within an archaeological conservation area. All certificates of appropriateness and certificates to dig shall be subject to the applicable criteria in this section and any other applicable criteria specified in this chapter, as amended. No permits shall be issued by the building department for any work requiring a certificate of appropriateness unless such work is in conformance with such certificate.

(b) *Procedures for issuing certificates of appropriateness.*

(1) *Pre-application conference(s).* Before submitting an application for a certificate of appropriateness, an applicant is encouraged to confer with the preservation officer to obtain information and guidance before entering into binding commitments or incurring substantial expense in the preparation of plans, surveys, and other data. At the request of the applicant, the preservation officer, or any member of the board, an additional pre-application conference shall be held between the applicant and the board or its designated representative. The purpose of such conference shall be to further discuss and clarify preservation objectives and design guidelines in cases that may not conform to established objectives and guidelines. In no case, however, shall any statement or representation made prior to the official application review be binding on the board, the city commission, or any city department.

(2) *Application for certificate of appropriateness.* The applicant shall submit to the preservation officer an application together with supporting exhibits, other materials, and any applicable fees as required by the rules of procedure of the board. No application shall be deemed to be complete until all supporting materials required have been provided and any established fees paid.

(3) *Standard certificates of appropriateness.* Where the action proposed in the application is a minor improvement, as specified by the rules of procedure or the board, and is in accord with the guidelines for issuing certificates of appropriateness as set forth subsection 23-7(c), the preservation officer shall, within ten calendar days of receipt of the complete application, issue a standard certificate of appropriateness with or without conditions, indicating in writing, conformity with said guidelines. Following such approval, permits dependent upon it may be issued if otherwise lawful. An applicant may request that the application be initially classified as a special certificate of appropriateness if they wish to have the matter heard by the HEPB.

(4) *Special certificates of appropriateness.* Where the action proposed in an applica-

tion involves a major addition, alteration, relocation, or demolition, as specified by the rules of procedure of the board; where the preservation officer finds that the action proposed in an application involving a minor alteration is not clearly in accord with the guidelines as set forth in subsection (c); or when the applicant is requesting a waiver, or exception or exclusion from the requirements of the zoning code the application shall be classified as a special certificate of appropriateness, and the following procedures shall govern:

a. *Public hearing.* When a complete application is received, the preservation officer shall place the application on the next regularly scheduled meeting of the board. The board shall hold a public hearing to review the application. A person whose interests in the proceeding are adversely affected in a manner greater than those of the general public may request intervenor status as defined in this chapter. All public hearings on all certificates of appropriateness conducted by the board and hearings on appeals of board decisions to the city commission regarding certificates of appropriateness shall be noticed as follows:

1. The applicant shall be notified by mail at least ten calendar days prior to the hearing.
2. Any individual or organization requesting such notification and paying any established fees therefore shall be notified by mail at least ten calendar days prior to the hearing.
3. Notice shall also be sent by mail to all owners of property within 500 feet of the property lines of the subject property at least ten calendar days prior to the hearing.
4. An advertisement shall be placed in a newspaper at least ten calendar days prior to the hearing.
5. Any additional notice deemed appropriate by the board.

b. *Decision of the board.* The decision of the board shall be based upon the guidelines set forth in subsection (c), as well as the general purpose and intent of this chapter and any specific design guidelines officially adopted for the particular historic resource, historic district, multiple property designation, or archaeological site or zone. No decision of the board shall result in an unreasonable or undue economic hardship for the owner. The board may seek technical advice from outside its members on any application. The decision of the board shall include a complete description of its findings, and shall direct one of the following actions:

1. Issuance of a special certificate of appropriateness for the work proposed by the applicant;
2. Issuance of a special certificate of appropriateness with specified modifications and conditions;
3. Denial of a special certificate of appropriateness, including denial of a special certificate of appropriateness for demolition; or
4. Issuance of a special certificate of appropriateness with a deferred effective date of up to six (6) months in cases of demolition or relocation of a contributing structure or landscape feature, pursuant to the provision of special certificates of appropriateness for demolition in this section or up to forty-five (45) calendar

days for any work potentially affecting an archaeological site, archaeological zone, or archaeological conservation area, pursuant to the provisions of special certificates of appropriateness for demolition in this section.

5. Issuance of a written communication prepared by the preservation officer to the director of the planning department and the zoning administrator that sets out the exact parameters for the waiver (s) from the provisions of the Miami 21 code and the reasons wherefore, and/or their decision as to the exception allowed within a certain transect, and their reasons wherefore.

6. Accelerated certificate of appropriateness. There are occasions when an applicant is proposing physical changes to a resource that is simultaneously being considered for local historic designation. Under those circumstances, and only if the proposed changes are of a substantial nature, the historic preservation officer shall follow the procedures specified for a special certificate of appropriateness. A hearing for an accelerated certificate of appropriateness will be preceded by the preliminary designation report, in order to establish whether or not the resource appears to meet the criteria for local historic designation.

(5) *Accelerated certificate of appropriateness.* When an applicant is proposing physical changes to a resource that is simultaneously being considered for local historic designation, if the proposed changes are of a substantial nature, the preservation officer shall follow the procedures specified for a special certificate of appropriateness. A hearing for an accelerated certificate of appropriateness will be preceded by the preliminary designation report, in order to establish whether the resource appears to meet the criteria for local historic designation.

(c) *Time limitations.* If no action is taken upon an application by the board within 60 calendar days, excluding those days within the month of August, from the receipt of a complete application, such application shall be deemed to have been approved, and the preservation officer shall authorize issuance of any permit dependent upon such certification, if otherwise lawful, recording as authorization the provisions of this section. This time limit may be waived at any time by mutual consent of the applicant and the board. However, should in the opinion of the preservation officer or the historic and environmental preservation board such delays be attributable to the applicant and/or their agent, this time limitation shall not apply, nor shall the application be considered approved.

(d) *Records.* Written copies of all decisions and certificates of appropriateness shall be filed with the planning department.

(e) *Appeals.* The applicant, the planning department, or any aggrieved party may appeal to the city commission any decision of the board on matters relating to certificates of appropriateness by filing within 15 calendar days after the date of the decision a written notice of appeal with the hearing boards department, with a copy to the preservation officer. The notice of appeal shall set forth concisely the decision appealed from and the reasons or grounds for the appeal. Each appeal shall be accompanied by a fee of $525.00, plus the cost prescribed by chapter 62 for each mailed notice required. A person whose interests in the proceeding are adversely affected in a manner greater than those of the general public may request intervenor status as defined in this chapter. The city commission shall hear and consider all facts material to the appeal and render a decision as promptly as possible. The

appeal shall be de novo hearing and the city commission may consider new evidence or materials. The city commission may affirm, modify, or reverse the board's decision. The decision of the city commission shall constitute final administrative review, and no petition for rehearing or reconsideration shall be considered by the city. Appeals from decisions of the city commission may be made to the courts as provided by the Florida Rules of Appellate Procedure.

(f) *Changes in approved work.* Any change in work proposed subsequent to the issuance of a certificate of appropriateness shall be reviewed by the preservation officer. If the preservation officer finds that the proposed change does not materially affect the property's historic character or that the proposed change is in accord with approved guidelines, standards, and certificates of appropriateness, the officer may issue a supplementary standard certificate of appropriateness for such change. If the proposed change is not in accord with guidelines, standards, or certificates of appropriateness previously approved by the board, a new application for a special certificate of appropriateness shall be required.

(g) *Expiration of certificates of appropriateness.* Any certificate of appropriateness issued pursuant to the provisions of this section shall expire 12 months from the date of issuance, unless the authorized work is commenced within this time period, or a building permit has been obtained. The preservation officer may grant an extension of time not to exceed 12 months upon written request by the applicant, unless the board's guidelines as they may relate to the authorized work have been amended.

(h) *Guidelines for issuing certificates of appropriateness.*

(1) *Alteration of existing structures, new construction.* Generally, for applications relating to alterations or new construction as required in subsection (a) the proposed work shall not adversely affect the historic, architectural, or aesthetic character of the subject structure or the relationship and congruity between the subject structure and its neighboring structures and surroundings, including but not limited to form, spacing, height, yards, materials, color, or rhythm and pattern of window and door openings in building facades; nor shall the proposed work adversely affect the special character or special historic, architectural or aesthetic interest or value of the overall historic site, historic district, or multiple property designation. Except where special standards and guidelines have been specified in the designation of a particular historic resource, historic district, or multiple property designation, or where the board has subsequently adopted additional standards and guidelines for a particular designated historic resource, historic district, or multiple property designation, decisions relating to alterations or new construction shall be guided by the U.S. Secretary of the Interior's "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings."

(2) *Replacement of existing structures.* It is presumed that a building demolished without obtaining a certificate of appropriateness from the board or was demolished pursuant to an order of the unsafe structure panel or whose property structure was determined to be an immediate threat of danger required to be demolished by order of the building official or that is the subject of a demolition by neglect adjudication by the code enforcement board or magistrate, shall only be replaced with a new structure that incorporates the same height, massing and square footage of the previous structure on site, not to exceed the floor area ratio (FAR) of the demolished structure, and not to exceed the maximum FAR and height permitted under the City Code, with no additional square footage added. This presumption shall be applicable in the event a building permit for new construction or for repair or rehabilitation is issued, and demolition occurs for any reason, including, but not limited to, an order of the building official or the unsafe structure panel.

a. This presumption shall also be applicable to any request for an

"after-the-fact" certificate of appropriateness. This presumption may be rebutted, and the board may allow for the addition of more square footage, where appropriate, not to exceed the maximum permitted under the City Code, if it is established to the satisfaction of the board that the following criteria have been satisfied:

1. The proposed new structure is consistent with the context and character of the immediate area, and
2. The property owner made a reasonable effort to regularly inspect and maintain the structure free of structural deficiencies and in compliance with the minimum maintenance standards of this Code.

b. *Reconstruction of demolished contributing structures.* The board shall determine, on a case-by-case basis, whether the reconstruction of an original, contributing structure is warranted. The requirement to be reconstructed in an original manner is applicable in the event that a contributing building is demolished without obtaining a certificate of appropriateness from the board or was demolished pursuant to an order of the unsafe structure panel or whose property structure was determined to be an immediate threat of danger required to be demolished by order of the building official or that is the subject of a demolition by neglect adjudication by the code enforcement board or magistrate. This shall be applicable in the event a building permit for new construction or for repair or rehabilitation is issued, and demolition occurs for any of the reasons listed.

For purposes of this subsection, reconstruction shall be defined as the act or process of depicting, by means of new construction, the form, features, and detailing of a non-surviving site, building, structure for the purpose of replicating its appearance at a specific period of time and in its historic location. The board shall have full discretion as to the exact level of demolition and reconstruction is required.

The requirement for reconstruction may be rebutted, and the board may allow for a new design in accordance with subsection (b)(3) below, if it is established to the satisfaction of the board that any of the following criteria are satisfied:

1. The proposed new structure is consistent with the context and character of the immediate area; or
2. Other properties with the same associative value have survived; or
3. Sufficient historical documentation does not exist to ensure an accurate reproduction.

(3) *Applications for a waiver, or exception or exclusion.* An application for a waiver(s), or exception or exclusion from the provisions of the Miami 21 Code will be made on forms provided by the planning department, and will be processed and noticed in accordance with the procedures for a special certificate of appropriateness.

(4) *Ground disturbing activity in archeological zones, archeological sites, or archeological conservation areas.*

a. No certificate of appropriateness shall be issued for new construction, excavation, tree removal, or any other ground disturbing activity until the city's archeologist has reviewed the application and made his/her recommendation concerning

the required scope of archeological work. The board may require any or all of the following:

1. Scientific excavation and evaluation of the site at the applicant's expense by an archeologist approved by the board.
2. An archeological survey at the applicant's expense conducted by an archeologist approved by the board containing an assessment of the significance of the archeological site and an analysis of the impact of the proposed activity on the archeological site.
3. Proposal for mitigation measures.
4. Protection or preservation of all or part of the archaeological site for green space, if the site is of exceptional importance and such denial would not unreasonably restrict the primary use of the property.

b. The board may issue a certificate to dig with a delayed effective date of up to 45 calendar days to allow any necessary site excavation or assessment.

(5) *Unreasonable or undue economic hardship.*

a. Where strict enforcement of the provisions of this section would result in an unreasonable or undue economic hardship to the applicant, the board shall have the power to vary or modify the provisions of this section, including adopted guidelines. The fact that compliance would result in some increase in costs shall not be considered unreasonable or undue economic hardship if the use of the property is still economically viable.

b. Any applicant wishing to assert unreasonable or undue hardship must submit as a part of the application for a certificate of appropriateness a written statement presenting the factual data establishing such economic hardship. The written statement presenting factual data shall be in the form of a sworn affidavit containing the following information:

1. The amount paid for the property, the date of purchase and the party from whom purchased, including a description of the relationship, whether business or familial, if any, between the owner and the person from whom the property was purchased;
2. The assessed value of the land and improvements thereon according to the three most recent assessments;
3. The amount of real estate taxes for the previous three years;
4. All appraisals obtained by the owner or applicant within the previous three years in connection with the potential or actual purchase, financing or ownership of the property;
5. All listings of the property for sale or rent within the previous three years, prices asked and offers received, if any;
6. For income producing property only, a profit and loss statement for the property containing the annual gross income for the previous three years; itemized expenses, including operating and maintenance costs, for the previous three years; annual cash flow for the previous three years; and proof that the owner has made reasonable efforts to obtain a

reasonable rate of return on the owner's investment and labor;

7. Any consideration by the applicant as to uses or adaptive uses of the property;

c. In the event that any of the required information is not reasonably available to the applicant or cannot be obtained, the applicant shall file with the affidavit a statement of the information that cannot be obtained and shall described the reasons why such information is unavailable.

d. Notwithstanding the submission of the above information, the board may require, at the applicant's expense, additional evidence, including, but not limited to, architectural, structural and/or financial evaluations or studies as are reasonably necessary in the opinion of the board to determine the economic feasibility of rehabilitation of the structure.

(i) *Demolition by neglect.*

(1) *Demolition by neglect prohibited; affirmative maintenance required.* The owner(s) of a property designated historic pursuant to this chapter, which includes a property either individually designated, designated as a contributing property within a historic district or designated as a thematically-related historic resource within a multiple property designation as defined by this chapter, shall comply with all applicable codes, laws, and regulations governing the maintenance of the property. It is the intention of this section to preserve from deliberate negligence, or inadvertent neglect the exterior features of property designated historic and the interior portions thereof when maintenance is necessary to prevent deterioration and decay of the property. All such properties shall be preserved against such decay and deterioration and shall be free from structural defects through prompt corrections of any of the following defects:

a. Facades which may fall or damage the subject property, adjoining property, or injure members of the public.

b. Deteriorated or inadequate foundation, defective or deteriorated flooring or floor supports, deteriorated walls, or other vertical structural supports.

c. Members of ceilings, roofs, or other horizontal members which sag, split, or buckle due to defective material or deterioration.

d. Deteriorated or ineffective waterproofing of exterior walls, roofs, foundations, or floors, including broken or missing windows or doors.

e. Any fault or defect in the property which renders it structurally unsafe, insufficiently protected from weathering, or not properly watertight.

f. Defective or insufficient weather protection which jeopardizes the integrity of exterior or interior walls, roofs, or foundation, including lack of paint or weathering due to lack of paint or protective covering.

g. Any structure designated historic which is not properly secured under the Florida Building Code or other technical codes and is accessible to the general public; or, any fault or defect on the property designated historic that renders it structurally unsafe or not properly watertight.

h. Spalling of the concrete of any portion of the interior or exterior of the structure designated historic.

(2) *Unreasonable or undue economic hardship.* A property owner who believes that application of this section creates an unreasonable or undue economic hardship, as that term is defined by this

chapter, may apply for a special certificate of appropriateness to the board within 15 days of having notice or knowledge of any defect(s) referred to in this section. The procedure employed by the board shall be the same as for the consideration of a special certificate of appropriateness under this chapter. The board may grant the owner an extension of time to comply with corrective work or limit the scope of the corrective work.

(3) *Enforcement.*

a. *Notice of administrative enforcement*. Enforcement shall be as provided pursuant to Chapter 2, Article X, entitled "Code Enforcement," of the City of Miami Code, as amended.

b. *Civil actions for injunction and remedial relief; lien on property.* In addition to code enforcement remedies, if the property owner fails to take corrective action within the time prescribed, the city may file any civil action ordering the property owner to take corrective actions and the city may seek damages and seek any other relief available under Florida Law. The court may order an injunction providing such remedies if the city proves that the owner has violated this ordinance and such violation threatens the integrity or existence of a designated historic property. In the event that a court order authorizes that the city enter into the property and take corrective action, the cost of the corrective action incurred by the city shall be a municipal special assessment lien against the property. Such lien shall, until fully paid and discharged, be of equal rank and dignity with the lien of ad valorem taxes, and shall be superior in rank and dignity to all other liens, encumbrances, titles, claims in, to or against the real property involved. Such liens may be instituted and enforced pursuant to Chapter 173, Florida Statutes, as amended, or the collection and enforcement of payment thereof may be accomplished by any other method authorized by law. The property owner shall pay all costs of collection, including reasonable attorney's fees, service charges, civil penalties, and liens imposed by virtue of this ordinance.

(Ord. No. 13008, § 2, 6-26-08; Ord. No. 13116, § 2, 10-22-09; Ord. No. 13133, § 1, 1-28-10; Ord. No. 13142, § 10, 2-11-10; Ord. No. 13180, § 2, 5-27-10; Ord. No. 13676, § 2, 4-27-17; Ord. No. 13712, § 2, 11-16-17; Ord. No. 13912, § 2, 7-23-20; Ord. No. 13971, § 3, 2-25-21; Ord. No. 14118, § 2, 10-27-22)

Sec. 23-6.3. Administration, enforcement, violations, and penalties.

(a) *Ordinary maintenance and repair.* Nothing in this article shall be construed to prevent or discourage the ordinary maintenance or repair of any structure when such maintenance or repair does not constitute an alteration, or to prevent the ordinary maintenance of landscape features.

(b) *Enforcement of maintenance and repair provisions.* When the board or preservation officer determines that any designated property is endangered by lack of maintenance and repair, or that any other property in visual proximity to a designated property lacks maintenance and repair to such an extent as to detract from the character of the designated property, the board or officer may request appropriate officials or agencies of the city to require correction of such deficiencies under authority of applicable laws and regulations.

(c) *Unsafe structures.* In the event the building official of the city determines that any designated property is unsafe pursuant to chapter 8.5 of the Code of Miami-Dade County, Florida, as amended, he/she shall immediately notify the board with copies of such findings. Where reasonably feasible within applicable laws and regulations, the building official shall endeavor to have

the structure repaired rather than demolished and shall take into consideration any comments and recommendation of the board. The board may take appropriate actions to effect and accomplish preservation of such structure, including, but not limited to, negotiations with the owner and other interested parties, provided that such actions do not interfere with the procedures in chapter 8.5 of the Code of Miami-Dade County, Florida, as amended.

(d) *Emergency conditions.* For the purpose of remedying emergency conditions determined to be imminently dangerous to life, health, or property, nothing contained herein shall prevent any temporary construction, reconstruction, demolition, or other repairs to a designated property, pursuant to an order of a government agency or a court of competent jurisdiction, provide that only such work as is reasonably necessary to correct the emergency condition may be carried out. The owner of structure damage by fire or natural calamity may stabilize the structure immediately and rehabilitate it later under the provisions of this chapter.

(e) *Enforcement.* The building department and the code inspectors as defined in section 2-813 shall assist the board by making necessary inspections in connection with the enforcement of this chapter. The building department shall be responsible for promptly stopping any work attempted to be done without or contrary to any certificate of appropriateness required under this article; and shall further be responsible for ensuring that any work not in accordance with a certificate of appropriateness is voluntarily corrected to comply with said certificate.

(f) *Violations and penalties.* Any person who carries out or causes to be carried out any work in violation of this article shall be required to restore the locally designated property either to its appearance prior to the violation or in accordance with a certificate of appropriateness approved by the board. The following procedures shall govern:

(1) *Referral to preservation board.* The building department and code inspectors as defined in section 2-813 shall refer all violations to the board, unless such violation is voluntarily corrected to comply with a previously issued certificate of appropriateness.

(2) *Preservation board public hearing.* The board shall conduct public hearing with notice as set forth in this chapter.

(3) *Decision of preservation board.* The board shall make findings based upon the provisions of this section and the guidelines set forth in this article and shall take one of the following actions:

a. Reaffirmation of a previously issued certificate of appropriateness;

b. Issuance of an amended special certificate of appropriateness with specified modifications and conditions; or

c. Issuance of a new special certificate of appropriateness with specified conditions.

The board may specify a reasonable limitation of time within which the work authorized by the certificate of appropriateness shall be commenced or completed, or both. Appeals of any decision of the board related to certificates of appropriateness shall follow the same procedures as set forth in subsection 23-6.

(4) *Referral to code enforcement board.* If the work authorized by any certificate of appropriateness issued pursuant to this article is not commenced and/or completed within the time specified, or if a subsequent violation of a certificate of appropriateness issued pursuant to this section is found, the building department or code inspectors as defined in section 2-813 shall initiate enforcement proceedings before the code enforcement board pursuant to the provisions of section 2-814. This remedy shall be in addition to and not in lieu of any criminal or civil prosecution and penalty that may be provided.

(g) *Conflicts.* Where there are conflicts between the requirements of this chapter and provisions of the zoning ordinance or other codes covering the same subject, the most restrictive requirements shall apply.

(h) *Application equally to private parties and public bodies.* The provisions of this chapter shall apply equally to plans, projects, or work executed or assisted by any private party, governmental body or agency, department, authority, or board of the city, county, or state.
(Ord. No. 13008, § 2, 6-26-08; Ord. No. 13116, § 2, 10-22-09; Ord. No. 13676, § 2, 4-27-17)

Sec. 23-6.4. Signage.

(a) *Historic signs.* Historic signs shall be permitted to remain and to be repaired, restored, structurally altered, reconstructed, or relocated utilizing the certificate of appropriateness process. Historic signs may possess intrinsic importance, or acquire that importance as a result of their association with the historic resource through which they have become associated.

In determining whether a sign is "historic," the HEPB shall consider whether it is:

(1) Associated with historic figures, events, or places.

(2) Significant as evidence of the history of the product, business, or service advertised.

(3) Significant as reflecting the history of the building or the development of the historic district or multiple property designation (a sign may be the only evidence of a building's historic use).

(4) Characteristic of a special historic period, such as gold leaf on glass, neon, or stainless steel lettering.

(5) Integral to the building's design or physical fabric; as when a sign is a part of a storefront made of Carrara glass or enamel panels, or when the name of the historic firm or the date is rendered in stone, metal or tile, (in such cases, removal can

cause damage to the materials; or affect the integrity of the building's original design);

(6) Outstanding examples of the sign maker's art. Whether because of their excellent work, use of materials or design;

(7) Recognized as a local landmark because of its prominence and popular recognition as a focal point in the community;

(8) Assists in defining the character of a district as for example marquees in theater districts, or prominent neon signs associated with the proliferation of motels dependent on the tourism industry.

In conjunction with allowing the retention, restoration, rehabilitation, and/or reconstruction of a historic sign, the HEPB shall make specific findings establishing how the subject sign meets these established criteria.

(b) *District marker signs.*

(1) *Definitions.*

District marker sign is an artistic sign that has been in existence for at least 20 years which is painted on the side of a building and marks the entrance to a neighborhood, park, or other designated historic, public or geographical area that serves to identify the area, mark a historic destination for visitors, and reinforce the neighborhood's character as a destination for art, culture, dining, and entertainment.

(2) *Exemptions.* In areas designated cultural specialty district, art and theater cultural specialty district pursuant to chapter 4, or historic districts or multiple property designations designated pursuant to chapter 23 of the City Code that are located in a T-5 or less restrictive zoning transect, the city manager, or his/her designee, may permit one district marker sign of not greater than 5,000 square feet in size nor greater than 80 percent of the area of a building wall oriented to face major traffic thoroughfares that serve as the entrance to the district or area.

Each district or area marker sign shall be comprised solely of "Welcome to [the district or area]," and a commercial message related to the unique character of the district or area and recognizing the district or area marker sign sponsor, whose commercial message shall be limited to no more than 15 percent of the area of the district or area marker sign. The "Welcome to [the district or area]" portion of the district or area marker sign shall not contain any point of sale signage or commercial message related to the donor or sponsor. District and area marker signs as set forth in this paragraph shall be exempt from the general provisions of chapter 62, but for uniformity, all district and area marker signs are subject to compliance with county, state and federal laws.

No district or area marker sign shall contain adult content as defined in the Miami 21 zoning ordinance.

(Ord. No. 13116, § 2, 10-22-09; Ord. No. 13518, § 2, 5-14-15; Ord. No. 13676, § 2, 4-27-17; Ord. No. 13712, § 2, 11-16-17)

ARTICLE II. AD VALOREM TAX EXEMPTION

DIVISION 1. GENERALLY

Sec. 23-7. Short title.

This article shall be known and may be cited as the "Historic Tax Exemption Ordinance."
(Ord. No. 12927, § 2, 6-14-07)

Sec. 23-8. Purpose.

The provisions of this article shall create a method that provides the city commission to allow tax exemptions for the taxes levied by the city for the restoration, rehabilitation or renovation of historic properties.
(Ord. No. 12927, § 2, 6-14-07)

Sec. 23-9. Definitions.

For the purposes of this article, the following words and phrases shall have the meanings respectively ascribed to them by this section:

Assessed value means the total value of a tax parcel, excluding the value of the land, as determined by the county property appraiser, and shown on the property tax bill sent to the owner of record by the county.

Board means the historic and environmental preservation board.

Contributing resource means a building, landscape feature, site, structure, or object that adds to the historical architectural qualities, historic associations, or archaeological values for which a district is significant because:

(1) It was present during the period of significance of the district, and possessed historic integrity reflecting its character at that time;

(2) It is capable of providing important information about the period; or

(3) It independently meets the National Register of Historic Places criteria for evaluation set forth in 36 CFR Part 60.4, incorporated by reference.

Historic property means a building, site, structure, or object that is:

(1) Individually listed in the National Register of Historic Places;

(2) A contributing property in a National Register listed historic district;

(3) Designated as a historic property or landmark under the provisions of chapter 23;

(4) A contributing property in a historic district designated under the provisions of chapter 23; or

(5) A thematically-related historic resource within a multiple property designation.

Historic property tax exemption covenant means a form that complies with applicable state Statutes and accompanying rules, and is an agreement made between the property owner and the city, indicating that the owner agrees to maintain and repair the property so as to retain the architectural and historical integrity of the property during the exemption period.

Improvement means any change in the condition of any eligible real property brought about by the expenditure of money on labor or materials for the restoration, renovation, or rehabilitation of such property. Expenditures for interior or exterior work, including construction of additions or accessory structures, shall be included in the meaning of improvements (i.e., garage, cabana, guest cottage, storage/utility structure) so long as the new construction is compatible with the historic character of the building and site in terms of size, scale, mass, design and materials, and preserves the historic relationship between a building or buildings, landscape features and open space.

National Register of Historic Places means the list of historic properties significant in American history, architecture, archaeology, engineering and culture, maintained by the secretary of the interior, as established by the National Historic Preservation Act of 1966 (Public Law 89-665; 80 STAT 915, 16 U.S.C. 470), as amended.

Noncontributing resource means a building, landscape feature, site, structure, or object that does not add to the historic architectural qualities, historic associations, or archaeological values for which a district is significant because:

(1) It was not present during the period of significance of the district;

(2) Due to alterations, disturbances, additions, or other changes, it no longer possesses historic integrity reflecting its character at that time or is incapable of yielding important information about the period; or

(3) It does not independently meet the National Register of Historic Places criteria for evaluation.

Officer means the historic preservation officer.

Renovation or *rehabilitation* means, for historic properties or portions thereof that are of historical or architectural significance, "renovation" or

"rehabilitation," the act or process of returning a property to a state of utility through repair or alteration that makes possible an efficient contemporary use, while preserving those portions or features of the property that are significant to its historical, architectural, cultural and archaeological values. For historic properties or portions thereof that are of archaeological significance or are severely deteriorated, "renovation" or "rehabilitation" means the act or process of applying measures designed to sustain and protect the existing form and integrity of a property, or reestablish the stability of an unsafe or deteriorated property while maintaining the essential form of the property as it presently exists.

Restoration means the act or process of accurately recovering the form and details of a property and its setting as it appeared at a particular period of time by means of the removal of later alterations or by the replacement of missing earlier work.
(Ord. No. 12927, § 2, 6-14-07; Ord. No. 13712, § 2, 11-16-17)

Sec. 23-10. Historic tax exemption.

This exemption shall apply to 100 percent of the assessed value of all improvements to eligible historic properties that result from restoration, renovation or rehabilitation made on or after the effective date of this ordinance. The exemption applies only to taxes levied by the city. The exemption does not apply to taxes levied for the payment of bonds or to taxes authorized by a vote of the electors pursuant to section 9(b) or section 12, article VII of the Florida Constitution.

Eligible properties. A property is qualified for an exemption under this section if at the time the exemption is granted the property is:

(1) Individually listed in the National Register of Historic Places, pursuant to the National Historic Preservation Act of 1966, as amended;

(2) A contributing property within a National Register listed district;

(3) Individually listed in the city register of historic places;

(4) Identified as a contributing structure within a historic district listed in the city register of historic places; or

(5) A thematically-related historic resource within a multiple property designation.

(Ord. No. 12927, § 2, 6-14-07; Ord. No. 13712, § 2, 11-16-17)

Sec. 23-11. Completely exempt from property taxes.

If an eligible property is used for a non-profit or governmental purpose and is regularly and frequently open for the public's visitation, use and benefit, the city may exempt 100 percent of the assessed value of the property, as improved, from ad valorem taxes levied by the city provided that the assessed value of the improvement is equal to at least 50 percent of the total assessed value of the property as improved. This section applies only if the improvements are made by or for the use of the then existing property owner. An eligible property is considered used for non-profit or governmental purposes if the occupant or user of at least 65 percent of the usable space of the building is an agency of the federal, state or local government or a non-profit corporation whose articles of incorporation have been filed by the Florida department of state in accordance with F.S. § 617.0125. Usable space means that portion of the space within a building that is available for assignment or rental to an occupant. A property is considered regularly and frequently open to the public if the public has access to the property not less than 52 days a year on an equitably spaced basis, and other times by appointment. This exemption does not prohibit the owner from charging a reasonable, non-discriminatory admission fee. If a property that qualifies for this exemption is no longer used for non-profit or governmental purposes or is no longer regularly and frequently open to the public or if ownership is transferred, this exemption shall no longer be effective and the property shall, instead, be subject to the exemption provided for by section 23-10.
(Ord. No. 12927, § 2, 6-14-07)

Sec. 23-12. Term of exemption.

Any exemption granted shall remain in effect for up to ten years with the effective date being October 1, of the year that the applicant and the city have entered into the exemption covenant, and following the county property appraiser's formal evaluation of the completed improvements, and their subsequent valuation. The city commission shall have the discretion to set a lesser term for the duration of the exemption. The exemption shall continue in force if the authority of the city to grant exemptions changes or if ownership of the property changes, including any change from a tax exempt entity to a tax paying entity except as set forth in section 23-10. In order to retain an exemption the historic character of the property, and improvements that qualify the property for an exemption, must be maintained in the historic state over the period for which the exemption was granted.
(Ord. No. 12927, § 2, 6-14-07)

DIVISION 2. APPLICATION PROCESS FOR EXEMPTION

Sec. 23-13. Forms/fees.

Any person, firm, or corporation which desires a tax exemption for historic properties shall, in the year the exemption is desired to take effect, file a completed application on the appropriate forms obtained from the city historic preservation officer. The forms shall contain all the information required by the division of historical resources, Florida department of state, and promulgated in accordance with Rule 1A-38, F.A.C., but may also contain additional information as determined necessary by the board application forms and summaries of deadlines and application procedures shall be maintained by the officer and shall be made available to the general public upon request. A non-refundable fee of $262.50 will be payable upon submission of the application, with the check made payable to the "City of Miami."
(Ord. No. 12927, § 2, 6-14-07; Ord. No. 13142, § 10, 2-11-10)

Sec. 23-14. Preconstruction application (Part I).

Only expenditures made to an eligible property after the effective date of this article may be reviewed by the officer for approval. Work that has already been completed before an application is approved may not be considered eligible for inclusion in the tax exemption. The board may consider applications of non-eligible properties if the proposed work would restore the building to its original appearance, thus making it an eligible property.

(1) Applications for the ad valorem tax exemption may be reviewed concurrently with an application for a special certificate of appropriateness; however, all additional materials, the non-refundable application fee, the specific forms and additional submittal requirements for the historic tax exemption must accompany the request.

(2) The application will be made on forms approved by the Florida department of state, and all applicable fees shall be paid at the time the application is submitted. The application must include the following information:

   a. The name of the property owner and the location of the historic property.

   b. A description of the real property for which an exemption is requested and the anticipated date of commencement of such improvements.

   c. Proof to the satisfaction of the Board that the property that is to be rehabilitated or renovated is an eligible property under this section.

   d. Proof to the satisfaction of the board that the improvements to the property will be consistent with the secretary of the interior's standards for rehabilitation, and any other design guidelines previously promulgated by the board.

(Ord. No. 12927, § 2, 6-14-07)

Sec. 23-15. Review of preconstruction application by officer.

(a) Upon receipt of the completed preconstruction application and all required materials, the Officer shall conduct a review to determine:

(1) Whether the property for which an exemption has been requested is or is not a historic property pursuant to section 23-10;

(2) Whether the proposed, in progress, or completed improvements are consistent with the secretary of interior's standards for rehabilitation and guidelines for rehabilitating historic buildings and any other design guidelines previously promulgated by the board; and

(3) For applications claiming a 100 percent exemption as a qualifying non-profit or governmental agency, the officer shall verify the specified conditions under section 23-11.

(b) The officer shall complete their review of the preconstruction application within 15 days following receipt of the completed application and all required supporting materials.

(c) The officer shall submit the preconstruction application to the board that shall contain copies of the preconstruction application, reviews by the officer, and the officer's recommendation for approval, denial, or approval with conditions.
(Ord. No. 12927, § 2, 6-14-07)

Sec. 23-16. Project amendments.

If changes to a project are planned at any time after submission of the preconstruction application, an amendment sheet must be submitted for review. This amendment sheet will allow an applicant to indicate planned changes in project improvements, giving the originally proposed treatment and the amended work item description.
(Ord. No. 12927, § 2, 6-14-07)

Sec. 23-17. Request for review of completed work (Part II).

(a) A request for review of completed work shall be submitted by the applicant upon substantial completion of the improvements as represented in the preconstruction application and any amendments. The request for review must provide a comprehensive photographic description of the completed improvements. Photographs of the completed improvements should show the same views as the "before" photographs included in the preconstruction application. All photographs should be numbered, dated and labeled with the property name or

address, the view, and a brief description of what is shown. The review shall also provide information on project budgets and what portion of the budget went to historical renovations.

(b) Upon receipt of a request for review of the substantially completed work and all required supporting materials, the officer shall conduct a review to determine whether or not the completed improvements are in compliance with the renovation, restoration, or rehabilitation described in the preconstruction application, subsequent approved amendments, if any, and the secretary of the interior's standards for rehabilitation. The officer reserves the right to inspect the completed improvements to verify such compliance.
(Ord. No. 12927, § 2, 6-14-07)

Sec. 23-18. Time of completion.

An applicant must substantially complete all renovation, restoration or rehabilitation within two years following the date of approval of a preconstruction application and the approval of a special certificate of appropriateness by the board. A preconstruction application approval shall automatically be void in the event the applicant fails to submit a Part II request for review of completed work within two years following the date of approval of a preconstruction application and special certificate of appropriateness, except that the officer may, in his/her discretion, extend such period of time not to exceed one year.
(Ord. No. 12927, § 2, 6-14-07)

Sec. 23-19. Completed work application (Part II).

Once an applicant has filed a request for review of the substantially completed work application with the officer, the officer will prepare a completed work report to submit to the board. The completed work application will include a discussion on the project as completed and a recommendation from the officer to approve or deny the application. The completed work application should also include copies of the preconstruction application, any amendments, the request for review of completed work, and photographs of the project conditions before and after the improvements.
(Ord. No. 12927, § 2, 6-14-07)

Sec. 23-20. Review by the board.

The city's historic and environmental preservation board is designated to review applications for exemptions. The board must recommend to the city commission that it either grant or deny the exemption. Such reviews must be conducted in accordance with the rules adopted by the Florida department of state. The recommendations and the reasons, therefore, must be provided to the applicant and to the city commission before consideration of the application at an official commission meeting. The commission shall also be furnished with a covenant executed between the property owner and the city, confirming their intent to maintain the qualifying improvements for the duration of the tax exemption granted by the city commission. The applicant shall also be advised of his/her right to a fair hearing pursuant to F.S. § 120.57, and procedures set forth by the city commission.
(Ord. No. 12927, § 2, 6-14-07)

Sec. 23-21. Appeals.

Following the board's denial of the preconstruction application, and the officer's notification by mail, the applicant shall have 30 days from the date of the mailing to file an appeal of the determination to the city commission. The written notice of appeal shall be filed with the hearing boards department, with a copy to the historic preservation officer. The appeal shall set forth precisely the reasons or grounds for the appeal, and shall be accompanied by the applicable fee.
(Ord. No. 12927, § 2, 6-14-07)

Sec. 23-22. Final review.

(a) The city commission shall grant or deny the tax exemption based on the recommendations of the board. A vote of the commission shall be required to adopt a motion.

(b) If the final application is granted, the city commission shall adopt a resolution granting the historic tax exemption to the property owner. The resolution shall contain the following:

(1) The name of the owner and the street address and legal description of the historic property that the exemption is granted to;

(2) The period of time that the exemption shall remain in effect; and

(3) A finding that the historic property meets the requirements of this article.

(c) Upon adoption of the resolution, and following the Officer's receipt of the executed historic property tax exemption covenant, the officer shall record the covenant, along with any supporting documents, with the deed for the property in the official records of the county. The applicant will be responsible for payment of all fees associated with the recording of the documents. Following the recording of the covenant, the officer will transmit to the property appraiser a copy of the city commission resolution granting the exemption, with instructions to provide the historic tax exemption to the applicant as provided for in the resolution. A copy of the officer's letter of transmittal to the property appraiser shall be furnished to the applicant.
(Ord. No. 12927, § 2, 6-14-07)

Sec. 23-23. Covenant.

(a) To qualify for an exemption, the property owner must enter into a covenant or agreement with the city for the term for which the exemption is granted. The form of the covenant shall be approved by the Florida department of state and will require that the character of the property and the qualifying improvements to the property be maintained during the period that the exemption is granted.

(b) The covenant shall be binding on the current property owner, transferees, and their heirs, successors, or assigns.
(Ord. No. 12927, § 2, 6-14-07)

DIVISION 3. ADMINISTRATIVE PROVISIONS

Sec. 23-24. Revocation.

(a) The following conditions shall provide justification for removal of a property from eligibility for the property tax exemption by the city commission, provided under this code:

(1) The owner is in violation of the provisions of the historic preservation tax exemption covenant, or

(2) The property has been damaged by accidental or natural causes to the extent that the historic integrity of the features, materials, appearance, technique and environment, or archaeological integrity that made the property eligible for listing in the National Register or designation under the provisions of chapter 23 have been lost or so damaged that restoration is not feasible.

(b) For the exemption granted for non-profits and governmental agencies, the circumstances have changed and the property no longer meets the tests established in section 23-11.

(c) Proceedings under this section may also be initiated following a finding by the code enforcement board that a housing code violation has occurred. The board shall provide notice to the current owner of record to the property and hold a hearing in the same manner as in a review of a certificate of appropriateness as specified in section 23-5 before forwarding their recommendation to the city commission.

(d) Upon a determination by the city commission that the historic tax exemption is to be revoked, the officer shall provide written notice of the commission's decision to the applicant and the property owner of record, if different, as well as to the property appraiser. The notice to the applicant, or owner of the property, if different, shall be accompanied by reasons and recommendations for changes to the property that may result in reinstatement of the exemption.

(e) Upon receipt of a notice of revocation, the property appraiser shall discontinue the historic tax exemption on the property as of October 1, of the year following receipt of the notice of revocation.

(f) The notice of revocation shall include a statement that a penalty equal to the total amount of taxes that would have been due in March and each of the previous years in which the historic preservation exemption covenant was in effect had the property not received the exemption, less the total amount of taxes actually paid in those years, plus interest calculated as provided in F.S. § 212.12(3), shall be imposed by the tax collector for violation of the terms, conditions, and standards of the historic preservation exemption covenant.
(Ord. No. 12927, § 2, 6-14-07; Ord. No. 13676, § 2, 4-27-17)

Sec. 23-25. Reinstatement.

A property may be reinstated for the historic tax exemption upon satisfactory submission of evidence that the recommendations for changes to the property previously made by the officer and board, and which have been approved by the city commission, have been completed. The process for reinstatement shall be the same as the process for revocation proceedings. Upon reinstatement by the city commission of the exemption, the officer shall notify the property appraiser and the historic tax exemption shall then be reinstated for the remaining unexpired term of the initial exemption.
(Ord. No. 12927, § 2, 6-14-07)

Sec. 23-26. Reapplication.

An applicant previously granted a historic tax exemption by the city commission may undertake an additional substantial improvement project during the exemption period, or following its expiration, and may reapply for additional historic tax exemption for such subsequent work.
(Ord. No. 12927, § 2, 6-14-07)

Sec. 23-27. Annual report.

The officer shall prepare an annual report to the city commission concerning the historic preservation tax exemption program. The report shall be filed at least 30 days before the commission adopts a budget for the following fiscal year, and shall summarize activities of the officer and the board related to the historic tax exemption program during the previous fiscal year. The information contained in the annual report shall include, but not be limited to, the following:

(1) A list of the properties that preconstruction applications and completed work applications were made for during the preceding year;

(2) An explanation of the disposition of each application;

(3) The total exempted amount for each completed project during the preceding year;

(4) The total number of properties currently participating in the historic tax exemption program as of the end of the previous year;

(5) The total expenditure on all improvement projects currently participating in the program; and

(6) Any other information requested by the commission or considered significant by the officer.

(Ord. No. 12927, § 2, 6-14-07)

Sec. 23-28. Reserved.

Sec. 23-29. Judicial review.

Judicial review of decisions made by the board or the city commission shall be by certiorari in accordance with state rules of appellate procedure.
(Ord. No. 12927, § 2, 6-14-07)

Sec. 23-30. Classification and assessment of historic property used for commercial or certain nonprofit purposes.

(a) The city hereby elects, pursuant to the provisions of F.S. § 193.503, as currently enacted or as may be amended from time to time, to provide for the assessment of historic property used for commercial or certain nonprofit purposes

as described therein solely on the basis of character or use as provided in F.S. § 193.503. The character or use assessment shall apply only to eligible properties within the city limits.

(b) A taxpayer claiming the reduction must comply with each and every provision of F.S. § 193.503, as currently enacted or as may be amended from time to time.
(Ord. No. 13010, § 1, 7-10-08)

HUMAN RELATIONS

Article I. Domestic Partnerships and Benefits

Sec. 25-1. Legislative findings and purpose.
Sec. 25-2. Definitions.
Sec. 25-3. Extension of benefits to domestic partners of city employees.
Secs. 25-4—25-24. Reserved.

Article II. Public Feeding

Sec. 25-25. Regulations for large group feedings.

ARTICLE I. DOMESTIC PARTNERSHIPS AND BENEFITS

Sec. 25-1. Legislative findings and purpose.

(a) The city recognizes that a significant number of city employees establish and maintain important personal, emotional, and economic relationships with persons to whom they are not married; that individuals forming such domestic partnerships live in a committed family relationship; and that city employees in domestic partner relationships should be granted employment benefits through a system for the city to provide benefits to domestic partners of city employees.

(b) The implementation of the provisions of this article shall be liberally construed to accomplish the policies and purposes of the article. However, no construction of this article shall supersede any federal, state, or city laws or regulations, nor be interpreted in a manner as to bring it into conflict with federal, state, or other city laws. Nothing in this article shall be construed as recognizing or treating a domestic partnership as a marriage or the substantial equivalent of a marriage.
(Ord. No. 13073, § 2, 6-11-09)

Sec. 25-2. Definitions.

For the purpose of this article:

City employee means any employee of the City of Miami.

Domestic partners means:

(1) Adults who have registered their domestic partnership pursuant to Miami-Dade City Code section 11A-72, or

(2) Adults whose relationship has been formalized in another locality, state, or county through a marriage, civil union, domestic partnership, or the like, that is authorized by law in that jurisdiction but that is not recognized under state law.
(Ord. No. 13073, § 2, 6-11-09)

Sec. 25-3. Extension of benefits to domestic partners of city employees.

(a) Any city employee who has a domestic partner shall be entitled to elect insurance coverage for his or her domestic partner or the children of such domestic partner in the same way any city employee may elect insurance coverage for his or her spouse or children. A city employee's right to elect insurance coverage for his or her domestic partner, or the partner's children, shall extend to all forms of insurance provided to the spouses and children of city employees, unless such coverage is prohibited by state or federal law or the terms of a collective bargaining agreement. All elections of coverage shall be made in accordance with the requirements of applicable city ordinances, administrative rules, city policies and applicable collective bargaining agreements. However, in no event may an employee make an election for coverage of a domestic partner more than two times in a plan year.

(b) Any city employee who has a domestic partner shall be entitled to use all forms of leave provided by the city including, but not limited to, sick leave, annual leave, funeral leave and family leave to care for his or her domestic partner or the children or parents of the domestic partner, as applicable. The use of leave authorized in this section shall be consistent with the applicable requirements in city ordinances, administrative rules, and collective bargaining agreements.

(c) Unless prohibited by state or federal law or the terms of a collective bargaining agreement, all other benefits available to the spouses and children of city employees shall be made available on the same basis to the domestic partner, or child of such domestic partner, of a city employee who has a domestic partner.

(d) Notwithstanding the benefits provided for in this article, all non-inconsistent provisions of applicable state, federal or other laws or policies shall apply.

(e) Any city employee who obtains or attempts to obtain benefits fraudulently or who fails to notify the city of any termination of the domestic partnership under this provision shall be subject to:

(1) Recovery of any benefits improperly paid, and

(2) Disciplinary action which may include termination.

Further, the city may bring a civil action against either or both of the parties to the domestic partnership to recover any losses, including attorneys fees, borne by the city as a result of fraudulent request for domestic partnership benefits or because of failure to notify of the termination of the domestic partnership.
(Ord. No. 13073, § 2, 6-11-09)

Secs. 25-4—25-24. Reserved.

ARTICLE II. PUBLIC FEEDING

Sec. 25-25. Regulations for large group feedings.

(a) Definitions. The following words, terms, and phrases, when used in this section, shall have the meanings ascribed to them except where the context clearly indicates a different meaning:

Director means the director of the city's department of human services including his/her designee.

Large group feeding means an event intended to attract, attracting, or likely to attract 25 or more people, including distributors and servers for the delivery or service of food in a public space. Excluded from this definition are activities of city permitted, licensed, or contracted concessionaires, lessees, or licensees.

Public space means any dedicated or undedicated public street, highway, sidewalk, park, parkway, right-of-way, alley, public ways, or any other public places within the city, including city-owned buildings or city-property. Public space shall also include the buildings of any governmental agency within the city including federal, state, and county owned buildings.

Street or *streets* means the surface, the air space above the surface, and the area below the surface of any public street, highway, road, boulevard, concourse, driveway, freeway, thoroughfare, parkway, sidewalk, bridge, tunnel, park, waterway, dock, bulkhead, wharf, pier, court, lane, path, alley, way, drive, circle, easement, or any other public right-of-way or public place, including public utility easements dedicated for compatible uses, or any other property in which the city holds any kind of property interest or over which the city exercises any type of lawful control, and any temporary or permanent fixtures or improvements located thereon including city-owned buildings or city-property.

(b) Except for activities of a governmental agency within the scope of its governmental authority or unless specifically permitted to do so by a permit or approval issued pursuant to this section by the city commission or the city manager, as applicable, it shall be unlawful to undertake large group feedings in public spaces unless the person(s) serving the food:

(1) Obtains a large group feeding permit issued by the director. The director shall issue a large group feeding permit based upon the following criteria:

a. The application must be submitted at least two business days prior to the planned large group feeding event.

b. The application must contain the following information:

1. The name of the individual(s) or organization that will be serving or distributing food;

2. The date(s) when food is anticipated to be served or distributed;

3. The times of day when food service and distribution is anticipated to be served or distributed on each date listed in the notice;

4. Identification of one of the permitted large group feeding locations designated by the city

manager, as specified herein, at which the applicant desires to serve or distribute food; and

5. The approximate or expected number of food preparers and servers on the site where the food is anticipated to be served or distributed and the approximate or expected number of individuals that will be served.

c. Large group feeding permits will be limited to one per day for any given designated feeding location and permits will be issued on a first come, first served basis, based on the availability of the desired designated feeding location.

d. Any individual or organization is permitted a maximum of one large group feeding permit per week regardless of which designated feeding location is utilized. Individuals associated with an organization must indicate such association on any application for a large group feeding permit and this limitation will apply to the organization even if multiple individuals may desire to apply for a permit on behalf of the organization.

e. Organizations who submit applications for a large group feeding permit through individuals without those individuals disclosing their association with the organization will be subject to being precluded from receiving large group feeding permits for a period of up to 12 months.

(2) The permit holder shall remove or cause the removal of substantially all trash or debris from the feeding site that was generated by the service or distribution of food and deposit the trash or debris in the provided public trash receptacle(s) or in a private trash receptacle if permission from the receptacle owner was obtained.

The city will use its best efforts to provide support services at designated feeding locations for any permitted large group feeding, including, but not limited to containers or receptacles for disposal of waste; restroom facilities; handwashing stations; and the availability of city staff to assist with outreach to the homeless.

(c) Designated feeding locations. The city manager shall identify at least five designated feeding locations within the city at which large group feedings are permitted to take place that have the following characteristics:

(1) Within easy walking distance to locations where large groups of homeless are known to congregate;

(2) Paved;

(3) Adequate parking for those conducting the large group feedings; and

(4) Adequate lighting for the large group feeding activities.

The city manager is authorized to amend the designated feeding locations from time to time and as needed, within the city manager's sole discretion, to best balance the needs of all parties involved in large group feedings.

(d) Penalties. A violation of this section shall be enforced against the individual or organization by the issuance of a civil code enforcement fine in the amount of $250.00 for a first occurrence and a civil fine in the amount of $500.00 for each subsequent occurrence in accordance with chapter 2, article X of the City Code. Repeat violations in any one calendar year may also subject the repeat violator to being precluded from receiving large group feeding permits for a period of up to 12 months.

Article IV. Reserved

ARTICLE I. IN GENERAL

Sec. 29-1. Fill permits—Required.

(a) No submerged land or low-lying land within the city for which a design grade has been or later may be established by the county shall be filled until a permit authorizing the filling has been obtained from the resilience and public works department. Such permit shall be obtained by the owner of the land or by a qualified contractor having a bona fide contract with the owner to perform the work.

(b) A fill permit issued by the resilience and public works department shall be required when the elevation of the land to be filled is two feet or more below the design grade established by the county and the areas to be filled consist of 10,000 square feet or more. On land requiring a fill permit, the application for a building permit shall not be made before the fill permit is obtained. The fact that a fill permit may not be required does not lessen the responsibility of the owner or developer to comply with the intent of this article. If, in the opinion of the director of resilience and public works, unsuitable materials are being used for fill, the director of resilience and public works may stop the work and require that a fill permit be obtained.
(Code 1967, § 27-1; Code 1980, § 29-1; Ord. No. 13792, § 1, 10-11-18)

Sec. 29-2. Same—Application.

When applying for a fill permit, the applicant shall submit a plan view of the areas to be filled with notations on the plan as follows:

(1) It shall show legal boundaries of the tract or plat and areas to be dedicated for public use.

(2) It shall show the area to be filled (crosshatched).

(3) It shall show the approximate average depth of the fill.

(4) It shall show the approximate existing land elevation on the area to be filled, and areas immediately adjacent to the area to be filled, including the elevation of neighboring land.

(5) It shall show the name and address of the owner of the property to be filled.
(Code 1967, § 27-2; Code 1980, § 29-2)

Sec. 29-3. Same—Fees; expiration; renewal.

(a) The permit fee for filling upland property that is below the design grade shall be $180.00 for the first 5,000 square feet of area to be filled, and $120.00 for each additional 5,000 square feet of area or fraction thereof. The permit fee for filling submerged land shall be $425.00 for each acre or fraction thereof. Permits issued for filling shall be in effect for only one year from the date of issuance. Such fill permits may be renewed annually for a fee of $115.00.

(b) The fee required under this section shall be waived for governmental entities and agencies.
(Code 1967, § 27-3; Ord. No. 9005, § 1, 10-17-79; Ord. No. 9513, § 1, 11-4-82; Code 1980, § 29-3; Ord. No. 13142, § 11, 2-11-10; Ord. No. 13195, § 4, 9-27-10)

Sec. 29-4. Requirements for fill material.

The type and quality of materials which may be used for the filling of land shall be free of undecomposed organic matter, wood, tree stumps, roots or branches and other extraneous matter, and shall comply with the following:

(1) *Acceptable materials.*

a. Normally acceptable fill shall be a sand and rock mixture.

b. Reinforced concrete masonry, rock and stone may be placed as fill; provided that no piece measures more than five feet in its largest dimension and no more than two feet in any other direction, with any encased reinforcing steel protruding not more than 18 inches. No fabricated metal products shall be placed as fill without specific written approval of the director of resilience and public works.

(2) *Unstable materials.* Unstable soils such as muck and fine sand shall not be used

as fill material without the written approval of the director of resilience and public works.

(3) *Stockpiled materials.* Materials stockpiled at the site shall be placed and leveled within a reasonable period of time. If, in the opinion of the director of resilience and public works, stockpiled material is not placed and leveled without undue delay or is deemed to be unsafe or subject to shifting, the stockpiled material shall be placed and leveled immediately upon the order of the director of resilience and public works.

(4) *Finish fill.* The top three feet of finish shall consist of material suitable for creating natural surface seepage. Marl clay rock-pit washings, high-clay-content bay bottom and other impervious soils, or soils of low porosity shall not be placed in such a manner as to cause a complete impervious seal.

(5) *Fill protection.* Banks along the edges of a fill, not protected by bulkheading, shall be protected against excess erosion by riprapping or other containment acceptable to the director of resilience and public works.

(6) *Areas dedicated for public use.* Portions of filled land to be dedicated as public rights-of-way or areas to be dedicated for public use shall comply with the following:

a. No materials defined in paragraph (2) of this section shall be used as fill.

b. Only those materials defined in paragraph (1) of this section shall be used as fill, except that in the top four feet no such fill material shall be larger than 12 inches in any direction.

c. In areas dedicated for street purposes, fill materials to be used in the top two feet shall be limited to a sand and rock mixture and shall conform to the following:

1. All rock used as fill in the top two feet shall pass through a six-inch ring.

2. All rock used as a fill in the top 12 inches shall pass through a 3½-inch ring.

(Code 1967, § 27-4; Code 1980, § 29-4; Ord. No. 13792, § 1, 10-11-18)

Sec. 29-5. Supervision of work by resilience and public works department.

Filling of all submerged or low-lying land within the city, for which a permit under this article has been issued by the resilience and public works department, shall be done under the supervision of the resilience and public works department.

(1) *Continuous operation.* If filling is to be continuous, either by hydraulic or other means, notice shall be given to the resilience and public works department not less than 24 hours prior to the start of such fill.

(2) *Elimination of voids.* Care shall be exercised to insure that during the fill operation no voids are created. If voids are created they shall be filled to the satisfaction of the resilience and public works department.

(Code 1967, § 27-5; Code 1980, § 29-5; Ord. No. 13792, § 1, 10-11-18)

Editor's note—Ord. No. 13792, § 1, adopted October 11, 2018, changed the title of section 29-5 from "Supervision of work by public works department" to "Supervision of work by resilience and public works department." The historical notation has been preserved for reference purposes.

Secs. 29-6—29-40. Reserved.

ARTICLE II. FILLING OF LAND IN BISCAYNE BAY

Sec. 29-41. Definitions.

For the purposes of this article, the following words and phrases shall have the meanings respectively ascribed to them by this section:

Applicant: Any person, principal on a performance bond, depositor of a cashier's check, or agent thereof, applying for a construction permit under this article.

Attorney: Attorney at law licensed to practice in the state.

Bay: That portion of Biscayne Bay lying within the city.

Board: The zoning board of the city, or the secretary thereof, used interchangeably.

Department: The resilience and public works department of the city or the director thereof, used interchangeably.

Material: Sand, rock or earth.

Trustees: Trustees of the internal improvement fund of the state.

Unplatted land: Land created or otherwise coming under the provisions of this article.

Work: Any activity or result of such activity set forth in section 29-42, or the area or location where such activity takes place.
(Code 1967, § 27-6; Code 1980, § 29-16; Ord. No. 13792, § 1, 10-11-18)

Sec. 29-42. Purpose of article.

This article is for the express purpose of prescribing an orderly procedure for the construction, addition or extension of all lands or islands bordering upon or lying in Biscayne Bay within the city; for the pumping or other removal of sand, rock or earth from lands, submerged or otherwise, also lying in Biscayne Bay within the city; and the incidental construction of bulkheads, fill, excavation or extension of sanitary or storm sewer outfalls, relocation of any existing utilities, extension or construction of pavement, curbs, gutters, sidewalks or other utilities which the director may require, all to the effect that the public's interest be best served through strict adherence by all persons to the provisions of this article and to the laws of the state.
(Code 1967, § 27-7; Code 1980, § 29-17)

Sec. 29-43. Construction permit—Petition to zoning board—Filing.

Each applicant for a construction permit to perform work in the bay shall file a notarized petition with the zoning board in a form and manner prescribed by the secretary thereof. Such petition shall set forth in detail the nature and scope of the work proposed to be done by the applicant; shall contain a notarized statement as to the intended use of the land after completion of the filling, such statement to be made by a person of authority whose statement constitutes a binding commitment upon the applicant, owners, lessors, lessees, mortgagees or others having an interest in the land as filled and improved; shall include a certified list of all real property located in whole or in part within a 375-foot radius, and all riparian upland real property lying within 1,000 feet of the boundaries of the proposed work, together with the names and addresses of the owners of such property; and also written permission from the holder of the fee simple title of the real property from which any material is to be pumped or otherwise taken.
(Code 1967, § 27-8; Code 1980, § 29-18)

Sec. 29-44. Same—Same—Notice of hearing.

The zoning board, after the filing of a petition under this article, shall set and publish a legal notice of a public hearing on the proposed work in a daily newspaper of general circulation at least ten days prior to the date of hearing. The board may, in its discretion, send by regular United States mail a copy of such notice to each owner of real property within the prescribed 375-foot radius, and to each owner of riparian upland property lying within 1,000 feet of the proposed work.
(Code 1967, § 27-9; Code 1980, § 29-19)

Sec. 29-45. Same—Same—Hearing; determinations.

(a) At the set time and place, the zoning board shall conduct a public hearing pursuant to this article for the general purpose of hearing out the public on the proposed work, and specifically to determine whether or not:

(1) The provisions of F.S. ch. 253 (F.S. § 253.124 thereof, in particular), as such chapter and section are worded on the effective date of this section and as they may be amended, supplemented, changed, reworded, redesignated or renumbered thereafter, have been fulfilled;

(2) There is any conflict with the Miami plan or any other officially adopted plan; or

(3) There is any conflict with any other statute, law, ordinance, regulation, rule or restriction that may be applicable thereto.

(b) The board shall hear all parties interested in any manner in the granting or denial of the petition, and may continue or recess such hearing as right and justice shall require.
(Code 1967, § 27-10; Code 1980, § 29-20)

Sec. 29-46. Same—Same—Recommendations of board; decision of city commission; issuance of petition.

Based on a review of the statements of all interested parties, and after due consideration of all testimony, information and other data presented at the public hearing held pursuant to this article, the zoning board shall promptly make its recommendation in the form of a resolution prepared by the law department to the city commission. The board shall recommend either approval or disapproval of the applicant's petition, and shall accompany such resolution with all written testimony, and oral testimony reduced to narrative form, data and other exhibits adduced at the public hearing. The city commission shall review such recommendation, receiving such additional testimony or evidence as may be deemed appropriate, and shall render its decision approving or disapproving the applicant's petition. In the event the decision is favorable to the applicant, the city commission shall direct that a construction permit for the work be issued by the resilience and public works department after the applicant has further complied with the provisions of this article.
(Code 1967, § 27-11; Code 1980, § 29-21; Ord. No. 13792, § 1, 10-11-18)

Sec. 29-47. Same—Application; prerequisites to issuance; bond or deposit required.

The applicant for a construction permit under this article shall apply therefor in the form and manner prescribed by the director of resilience and public works. The application shall include, but not be limited to, the following items of data, information and documentation:

(1) A legal description of the property and the applicant's interest therein.

(2) An attorney's opinion of title, the same showing that fee simple title to the specific submerged land to be filled or improved is vested in the applicant.

(3) Written permission obtained from the trustees for the removal or use by the applicant of any material contemplated by the work.

(4) Written permission obtained from the United States Army Corps of Engineers for the removal or use by the applicant of any material contemplated by the work.

(5) A plan or drawing showing the proposed construction, as required by the laws of the state.

(6) Elevation of the completed project, which shall be not less than six feet above mean low water in any area south from Rickenbacker Causeway to the southerly limits of the city and not less than 5½ feet above mean low water in any other part of the bay.

(7) Construction plans showing the location of any proposed bulkhead, fill or excavation, the same to show a detail of the bulkhead and quantities of fill and excavation which shall comply in all respects

with the specifications for filling submerged land and bulkhead construction heretofore prepared or hereafter modified by the resilience and public works department.

(8) A contract or agreement entered into by the applicant with the director of resilience and public works on behalf of the city, the same providing for the construction of bulkheads, fill, excavation, extension of sanitary or storm sewer outfalls, relocation of any existing utilities, extension of or construction of pavement, curbs and gutters, sidewalks or other utilities which the director may require, if conditions encountered at the work make such additional construction desirable.

a. Such contract or agreement shall be accompanied by a good and sufficient performance bond in the amount of 110 percent of the total estimated cost of the work, which estimated cost shall have first been approved by the director. The conditions of the performance bond will be such that if the applicant shall fully and faithfully perform the work in accordance with the terms of the contract or agreement, then the performance bond shall be considered complied with. Otherwise the surety thereon, within 30 days after written notice from the director of the failure or neglect of the applicant to perform, construct or cause to be constructed the work set forth in the contract or agreement, shall pay the city such sums as the director estimates necessary to construct or complete such work; and the surety shall also pay to the city any engineering and contingent costs, and any damages, direct or indirect, not to exceed ten percent thereof, such ten percent not to include reasonable attorney's fees, such attorney's fees to be in addition to the ten percent which the city may suffer on account of the failure of the applicant to carry out and execute all of the provisions of the contract or agreement. The city commission shall have the right to construct or cause to be constructed, after public advertisement and receipt of bids, the work provided for in the contract or agreement, and in the event the city commission exercises such right, the applicant and the surety shall be jointly and severally liable to pay the city the final cost of the work, together with any engineering and contingent costs, and any damages, direct or indirect, not to exceed ten percent thereof, such ten percent not to include reasonable attorney's fees, such attorney's fees to be in addition to the ten percent which the city may suffer on account of the failure of the applicant to carry out and execute the provisions of the contract or agreement. Upon completion of construction of the work by the applicant or surety, or payment to the city of the estimated or actual cost thereof, the director shall release the performance bond.

b. A cashier's check in the amount of 110 percent of the total estimated cost of the work may be deposited with the city in lieu of the performance bond, the conditions of the deposit thereof to be such that if the applicant shall fully and faithfully perform the work in accordance with the terms of the contract or agreement, the amount of the check shall be returned to the depositor. Otherwise, in the event of the failure or neglect of the applicant to meet his/her obligations under the contract or agreement, the check may be applied by the city to the cost of constructing or completing the work, including any engineering or contingent costs, and any damages, direct or indirect, not to exceed ten percent thereof, such ten percent

not to include reasonable attorney's fees, such attorney's fees to be in addition to the ten percent which the city may sustain on account of the failure of the applicant to carry out and execute all of the provisions contracted for or agreed upon.

c. The performance bond or cashier's check may be reduced in amount as the works secured thereby are constructed, provided that the amount of the performance bond or cashier's check shall at all times be sufficient to cover the estimated cost of the uncompleted part of the work.

(Code 1967, § 27-12; Code 1980, § 29-22; Ord. No. 13676, § 2, 4-27-17; Ord. No. 13792, § 1, 10-11-18)

Sec. 29-48. Same—Issuance.

Upon the completion of the conditions and requirements of this article, and after ascertaining that any unplatted land filled or extended under a permit issued under this article shall be subject to the provisions of all regulations pertaining to the erection or construction of buildings on such unplatted land, and that all agreements, contracts and covenants required by this article have been executed and delivered to the city, the director of resilience and public works shall thereupon issue to the applicant a construction permit for the approved work.

(Code 1967, § 27-13; Code 1980, § 29-23; Ord. No. 13792, § 1, 10-11-18)

Sec. 29-49. Same—Appeals.

In the event the city commission shall deny a petition applied for under this article, the applicant shall have 60 days within which to appeal, in writing, to the city commission for reconsideration of the zoning board's ruling. The city manager shall set and notify the applicant of the time and place of rehearing. In addition, the city manager shall have published a legal notice of a public hearing of the proposed work in a daily newspaper of general circulation at least ten days prior to the date of the rehearing. After such rehearing, the city commission shall review its previous ruling and announce a decision thereon.

(Code 1967, § 27-14; Code 1980, § 29-24)

Sec. 29-50. Same—Renewal.

All construction work under this article shall be completed within two years from the date of issuance of the permit, but for good cause shown, such permit may be renewed for an additional two years upon application to the director of resilience and public works, in writing.

(Code 1967, § 27-15; Code 1980, § 29-25; Ord. No. 13792, § 1, 10-11-18)

Sec. 29-51. Same—Revocation.

(a) The city commission may summarily revoke a construction permit under this article for cause, including, but not limited to, fraud in the petition or application for a permit, damage, trespass, depreciation or unlawful use by the applicant, or construction not in accordance with the plans submitted and approved by the resilience and public works department.

(b) In addition to the above summary revocation, any construction permit provided for may be revoked by the city commission for a departure from or violation of any of its terms, after written notice of intention to do so has been sent to the applicant by certified mail and an opportunity for a hearing before the city commission has been made available to him/her.

(Code 1967, § 27-16; Code 1980, § 29-26; Ord. No. 13676, § 2, 4-27-17; Ord. No. 13792, § 1, 10-11-18)

Sec. 29-52. Fees and charges.

(a) The following schedule of fees shall be charged in connection with this article:

(1) For publication and notification of property owners, payable at the time of filing a petition, a minimum of $90.00.

(2) For removal of sand, rock or earth by pumping or otherwise, from lands submerged, or otherwise, as estimated by the director of resilience and public works and payable upon issuance of a

permit, $425.00 for the first 1,000 cubic yards or fraction thereof, and $125.00 for each additional 1,000 cubic yards or fraction thereof.

(b) The processing fees required by paragraphs (a)(1) and (2) of this section shall be waived for governmental entities and agencies.
(Code 1967, § 27-17; Ord. No. 9005, § 2, 10-17-79; Ord. No. 9513, § 1, 11-4-82; Code 1980, § 29-27; Ord. No. 13142, § 11, 2-11-10; Ord. No. 13195, § 4, 9-27-10; Ord. No. 13792, § 1, 10-11-18)

Sec. 29-53. Standards and inspections.

All work under this article shall be performed in strict accordance with the application for a construction permit and other data, information and representations furnished and made by the applicant, the requirements and conditions of the construction permit, applicable provisions of this Code and other city ordinances and the laws of the state, and shall be in compliance with the resilience and public works department's standards and specifications. All work shall be subject to periodic and final inspection and approval by the resilience and public works department.
(Code 1967, § 27-18; Code 1980, § 29-28; Ord. No. 13792, § 1, 10-11-18)

Sec. 29-54. Stopping of noncomplying work.

Upon the violation of any of the provisions of this article, the director of resilience and public works shall stop the work and shall forthwith notify the city manager of such action.
(Code 1967, § 27-19; Code 1980, § 29-29; Ord. No. 13792, § 1, 10-11-18)

Sec. 29-55. Remedies cumulative.

Any stoppage of the work under this article by the director of resilience and public works, or any revocation of the construction permit therefor, either summarily or after due notice and hearing, shall be independent of the penalty for a violation of this article, and neither the acts of stoppage or revocation, nor the imposition of a fine or imprisonment, or both, shall act as a bar or preclusion of one to the other.
(Code 1967, § 27-20; Code 1980, § 29-30; Ord. No. 13792, § 1, 10-11-18)

Secs. 29-56—29-80. Reserved.

ARTICLE III. BULKHEADS, SEAWALLS, LIVING SHORELINES, PIERS, DOCKS, GROINS, MARINE RAILWAYS, AND OTHER SIMILAR STRUCTURES*

Sec. 29-81. Definitions.

For the purposes of this article, the following words and phrases shall have the meanings respectively ascribed to them by this section. Definitions other than those given herein shall be as set forth in the Florida Building Code.

Building code: The most current adopted version of the Florida Building Code at the time of permit application.

Building department: The building department of the city, or the director of such department, used interchangeably.

Bulkhead: A vertical or near-vertical, substantially impermeable structure erected along water or a waterway, designed and constructed in such manner as to be substantially impermeable and safely sustain any loads, both vertical and lateral, that may come upon it, such as earth fill, water, moving traffic, storage of materials alongside, and the like. Coastal bulkheads are most often referred to as seawalls; however, by definition, they are intended to act as a shoreline stabilization structure that primarily retains soil and provides minimal protection from waves.

Bulkhead line: An official line established by a governmental agency along or near the shore for the purpose of controlling the waterfront alignment of structures.

---

*__Editor's note—__Ord. No. 13980, § 3, adopted March 25, 2021, changed the title of article III from "Bulkheads, seawalls, piers, docks, groins, marine railways, and other similar structures" to "Bulkheads, seawalls, living shorelines, piers, docks, groins, marine railways, and other similar structures."

Department of resilience and public works: The resilience and public works department of the city, or the director of such department, used interchangeably.

Engineer: A professional engineer certified competent and licensed by the state.

Gravity-type wall: A structure whose resultant of acting forces falls within the middle third of the base. Rock-type or riprap walls shall be included in this category when the base width equals or exceeds the height of the wall.

Living shoreline: A green infrastructure technique using native vegetation alone or in combination with low sills (such as low elevation seawalls or bulkheads) to stabilize the shoreline as a natural alternative to "hard" shoreline stabilization methods like riprap or bulkheads. Living shorelines may be more resilient than bulkheads in protecting against the effects of hurricanes. A living shoreline may have its waterside face consist of plants and other natural elements that improve water quality, provide additional fish habitat, and fosters increased biodiversity provided that the landside interface of a living shoreline be substantially impermeable and constructed to a finished elevation that meets current requirements as set by the department of resilience and public works. The landside interface may be located anywhere on an existing property fronting the living shoreline, as long as it is constructed in a manner and location that ensures any habitable structures on that property are protected from flooding from tidal waters and it prevents flooding of adjacent properties and the public right-of-way.

NAD 83 (2011): A geometric datum/coordinate system for collection of positions relative to an ellipsoid model of the Earth. The current horizontal datum for the United States and its territories is effectively part of a geometric datum and it is called the North American Datum of 1983. The current realizations of NAD 83 were adopted in 2012 following the completion of the National Adjustment of 2011 (i.e. "NAD 83 (2011)").

NAVD 88: The North American Vertical Datum of 1988 is the vertical control datum established in 1991 by the minimum-constraint adjustment of the Canadian-Mexican-United States leveling observations which was affirmed in 1993 as the official vertical datum in the National Spatial Reference System ("NSRS") for the Conterminous United States and Alaska.

Riprap: A foundation of unconsolidated boulders, stone, concrete, or similar materials placed on or near a shoreline to mitigate wave impacts and prevent erosion.

Seawall: A vertical or near-vertical, substantially impermeable structure that provides shoreline protection from waves while retaining upland soils. Seawalls are typically located on the coast fronting beaches or other tidally-influenced waterways and are subject to storm surges with pounding surf, eroding shorelines, and wave overtopping from coastal storm or extreme high tide events. The elevation of the top of a seawall must comply with the current minimum finished elevation requirements as set by the department of resilience and public works to ensure protection of the surrounding properties and the public right-of-way from flooding associated with currently realized and expected future sea level rise.

Substantially impermeable: Any shoreline protection constructed, repaired, or reconstructed pursuant to this section in a manner that prevents groundwater on the landward side of the structure from being affected by tidal waters passing through the wall. As tidal waters rise, the groundwater elevation behind the wall shall remain relatively static in order to be considered substantially impermeable.

Tidal waters: Any water that alternately rises and falls in a predictable and measurable rhythm or cycle due to the gravitational attraction of the moon and sun, including seasonal tide events such as king tides. Extreme tidal elevation changes caused by a storm event (i.e. storm surge) is not to be used as a determining factor of whether or not an existing shoreline protection structure is in violation of the city's maintenance requirements.

Tidally-influenced or *tidally-influenced areas:* Any water-fronting land area where water levels

change in response to daily changes in tidal waters or the change in the water levels itself in response to daily changes in tidal waters.
(Code 1967, § 27-21; Code 1980, § 29-41; Ord. No. 13315, § 2, 3-8-12; Ord. No. 13980, § 3, 3-25-21)

Sec. 29-82. Purpose of article.

The purpose of this article is to protect the public's health, welfare and safety by setting minimum standards to be used in the design, construction and maintenance of waterfront structures; further, to accomplish this purpose by requiring such design, construction and maintenance to be acceptable in all respects and particulars to the building and resilience and public works departments; and lastly, to ascertain that all physical improvements included herein are subject to and admit of rational analysis in accordance with established principles of mechanics and accepted engineering practices. This article shall be deemed to supplement the provisions of the South Florida Building Code.
(Code 1967, § 27-22; Code 1980, § 29-42; Ord. No. 13315, § 2, 3-8-12; Ord. No. 13980, § 3, 3-25-21)

Sec. 29-83. Permits for waterfront improvements—Required.

No waterfront improvement or structure shall be constructed, reconstructed or repaired until a permit authorizing such construction, reconstruction or repair has been obtained from the building department. No such permit shall be issued for any new construction or improvement or repair to an existing improvement or structure which is deemed, by the director of the building department to be substandard or not in compliance with the department of resilience and public works' design and construction standards. If a property owner who is required to repair or replace a seawall, bulkhead, living shoreline, or other shoreline protection structure/element due to the existing structure being in disrepair or allowing tidal waters to flood the public right-of-way and/or neighboring properties can demonstrate an extreme financial hardship related to the costs associated with such work, then the city manager's designee may consider such hardship on a case-by-case basis and elect to waive a portion of or all fees associated with the permitting required by the city for such construction taking into account the following criteria:

(1) The property owner's income as evidenced by prior years' income tax returns for as many years as requested by the city manager's designee, and

(2) The property owner's general ability to pay or finance the required improvements without causing an undue economic hardship.

(Code 1967, § 27-23; Ord. No. 10658, § 2, 10-12-89; Code 1980, § 29-43; Ord. No. 13315, § 2, 3-8-12; Ord. No. 13980, § 3, 3-25-21)

Sec. 29-84. Same—Application.

(a) *Generally.* Permits required by this article shall be applied for either by the owner-builder or by a licensed contractor certified in a proper category and having a bona fide contract with the owner to perform such work.

(b) *For improvements of $5,000.00 or more.* For new construction or repairs amounting to $5,000.00 or more in value, certified/signed and sealed plans shall be submitted with the application, which plans shall include the following information, at a minimum, except as to any item which may be waived in writing by the building department:

(1) A current (less than one year old) certified/signed and sealed survey drawing of the property upon which the improvement is to be made, generated based on NAD 83 (2011) and NAVD 88 horizontal and vertical datums and showing sufficient topographic information to determine the impacts of the proposed improvements to the adjacent private and public lands.

(2) A plot plan, showing the relation of the proposed improvement to the site and to adjoining land or areas.

(3) Arrangement and structural details in the plan, section and elevation views sufficiently expanded to serve as construction drawings.

(4) The type and character of the soil substrata which will bear the improvement or structure. When required by the building department, core borings shall be taken to a depth ten feet deeper than the proposed base of construction or to a depth below the deepest piling, and the findings of the same shall be made a part of the permit application.

(5) Soundings and pertinent elevations and horizontal locations of the proposed structures shall be shown and referred to using NAVD 88 for vertical and NAD 83 (2011) for the horizontal datums.

(6) Seawalls, bulkheads, and living shorelines must be provided with specific purpose surveys certifying the alignment and elevation of the top of wall or bulkhead line with elevations spaced at a maximum of ten-foot intervals showing the highest and lowest elevations of the barrier and clearly identifying the location and elevation of the structure/barrier at each property corner. Elevations of adjacent properties and public rights-of-way must also be provided to ensure proper harmonization is provided between the proposed barrier with the surrounding lands.

(7) The name and address of the owner and property tax folio number(s) of the property(ies) upon which the improvement(s) is(are) to be made or constructed.

(8) A construction cost estimate of the proposed improvement substantiated by a fully executed construction contract or validated and attested to by a licensed professional engineer.

(9) The signature and seal of the engineer designing the improvements.

(10) The engineer's design computations, when required by the building department.

(c) *For improvements less than $5,000.00.* For construction or repairs less than $5,000.00 in value, certified/signed and sealed plans shall be submitted with the application, which plans shall include the following information, at a minimum, except as to any item which may be waived in writing by the building department:

(1) A current (less than one year old) certified/signed and sealed survey drawing of the property upon which the improvement is to be made, generated based on NAD 83 (2011) and NAVD 88 horizontal and vertical datums and showing sufficient topographic information to determine the impacts of the proposed improvements to the adjacent private and public lands.

(2) A plot plan, showing the relation of the proposed improvement to the site and to adjoining land or areas.

(3) The name and address of the owner of the property upon which the improvement is to be made.

(4) Arrangement and structural details in the plan, section, and elevation views sufficiently expanded to serve as construction drawings.

(5) A cost estimate of the proposed improvement substantiated by a fully executed construction contract or validated and attested to by a licensed professional engineer.

(6) The signature and seal of the engineer designing the improvement(s).

(7) The engineer's design computations, when required by the building department.

(Code 1967, § 27-24; Ord. No. 10658, § 2, 10-12-89; Code 1980, § 29-44; Ord. No. 13315, § 2, 3-8-12; Ord. No. 13980, § 3, 3-25-21)

Sec. 29-85. Same—Certain title and permits to accompany application.

As part of a request for a permit under this article, the applicant shall obtain and present the following title and permits, except for any such title proved not to be required:

(1) The title to bay-bottom lands from the internal improvement fund.

(2) Preliminary approval from Miami-Dade County Department of Permitting, Environment and Regulatory Affairs (PERA).

(Code 1967, § 27-25; Code 1980, § 29-45; Ord. No. 13315, § 2, 3-8-12)

Sec. 29-86. Same—Fees.

(a) The permit fee for the construction of any new structural improvement covered by this article, excluding the cost of any electrical, mechanical and plumbing work requiring separate permits, shall be based upon the estimated construction costs and shall be a flat fee of $300.00 plus two percent of the estimated construction cost. An after-the-fact permit fee, for any improvements covered by this article on which construction was performed without proper permits and inspection, shall be quadruple the above fee.

(b) The permit fee for the repair or reconstruction of any existing structural improvement covered by this article, excluding the cost of any separate permits, shall be based upon the estimated cost of repair or reconstruction and shall be a flat fee of $90.00 or ten percent of the estimated cost of repair/reconstruction up to $525.00, whichever is greater. An after-the-fact permit fee, for any improvements covered by this article on which repairs/reconstruction were performed without proper permits and inspection, shall be quadruple the above fee.

(c) The expense of any inspection by the building department shall be in accordance with chapter 10 of the City Code.

(d) The fee required under this section may be waived by the director of building for governmental entities and agencies.

(Code 1967, § 27-26; Ord. No. 9005, § 3, 10-17-79; Ord. No. 9513, § 1, 11-4-82; Ord. No. 10658, § 2, 10-12-89; Code 1980, § 29-46; Ord. No. 13142, § 11, 2-11-10; Ord. No. 13195, § 4, 9-27-10; Ord. No. 13315, § 2, 3-8-12)

Sec. 29-87. Same—Refund of fees; time limitations.

The building department shall be governed, in the matters of permit fee refunds and time limitations of permits, by chapter 10 of the City Code and the Florida Building Code.

(Code 1967, § 27-27; Code 1980, § 29-47; Ord. No. 13315, § 2, 3-8-12)

Sec. 29-88. Same—Revocation.

Any permit issued under this article shall be revocable for good cause, which cause may include, but is not limited to, failure, refusal or neglect by the owner, contractor or engineer to fulfill any of the provisions of this article or the Florida Building Code.

(Code 1967, § 27-28; Code 1980, § 29-48; Ord. No. 13315, § 2, 3-8-12)

Sec. 29-89. Design.

(a) *Design analysis.* Responsibility for proper design rests with the engineer who prepares the plans. Each improvement shall be designed to support all loads that may come upon it, to withstand the forces of water, wind and usage; and to meet the specific requirements of the building department and/or department of resilience and public works for location, elevation, and construction.

(1) *General.* Any improvement, bulkhead, seawall, pier, wharf, dock, groin, cut, marine, railway or other related structure included in this article shall admit of rational analysis in accordance with well-established principles of mechanics and sound engineering practices, and without exceeding the allowed stresses for the various materials as specified in the Florida Building Code.

(2) *Bulkheads and seawalls.* Bulkheads and seawalls and all parts thereof must be designed to support the estimated or actual imposed load, either dead, live or any other, both during construction and after the completion of such bulkhead or seawall. Seawalls, bulkheads, and any other shoreline protection structures or elements shall be designed and built in a

substantially impermeable manner pursuant to the current department of resilience and public works' design and construction standards to prevent water from flowing through or over the seawall/shoreline protection while still allowing for the release of hydrostatic pressure from the upland direction. The elevation of the top of a bulkhead must comply with the current minimum finished elevation requirements as set by the department of resilience and public works. In cases where the proximity of an existing structure/building or functional requirement prevents the ability of an existing bulkhead or seawall to be raised to current minimum finished elevation requirements, an alternate method of constructing a wall or other substantially impermeable protection structure/element may be proposed to and considered for acceptance by the department of resilience and public works pursuant to the variance process outlined in subsection 29-89(a)(6) of the City Code. Any alternative to constructing a bulkhead or seawall at the current property/shoreline interface must be designed for and constructed on the same property fronting the shoreline in a manner and location that prevents flooding from tidal waters to adjacent properties and the public right-of-way.

(3) *Terrace-type wall.* Subject to certain types of conditions of the site or location of the improvement, step-type bulkheads or terrace-type walls will be permitted.

(4) *Waterfront properties.* For all tidally-influenced areas and waterfront properties, except those fronting the Miami River and its tributaries, the top elevation of seawalls, bulkheads, living shorelines, or other shoreline protection structures or elements shall be constructed to a minimum elevation of six feet NAVD 88. The top elevation of new seawalls, bulkheads, living shorelines or other shoreline protection structures or elements fronting the Miami River or its tributaries shall be constructed to a minimum elevation of four feet NAVD 88 with the same being designed and constructed with the ability to be incrementally raised a minimum of two feet above their initial designed and constructed elevation to mitigate high tide flooding associated with realized and additional sea level rise through the year 2070. An application for a permit required by this article shall be accompanied by a proposed plan for incremental improvements through the year 2070 demonstrating the ability for the permitted improvement to be incrementally raised through 2070 as well as appropriate modification details, to include load calculations, demonstrating the capability of being raised a minimum of two feet above the minimal elevations. All such structures or elements must be designed and constructed in accordance with the department of resilience and public works' design and construction standards. This criteria applies to new construction or when substantial improvements to a property are performed. This subsection is not to be interpreted to impair the obligation of contracts, including without limitation, restrictive covenants or deed restrictions, under the Constitution of the state.

(5) *Substantial repairs/improvements of seawalls and bulkheads.* Seawall and bulkhead improvements meeting the substantial repair threshold at the time of permit application must meet the requirements of subsection 29-89(a)(4) of the City Code and the department of resilience and public works' current design and construction standards and minimum finished elevation requirements for the length of the property. For the purposes of this section, the substantial repair threshold shall be defined as any seawall or bulkhead repair consisting of 50 percent or more of the current length of the existing barrier, any repairs that are 50 percent or more of the cost of a new seawall or bulkhead along the length of

the existing barrier or property shoreline, or any improvement to the seawall or bulkhead which results in an elevation change along 50 percent or more of the length of the structure.

(6) *Requests for finished elevation variance.* Property owners may request a variance to the following:

a. The requirement that seawalls, bulkheads, living shorelines, and other shoreline protection structures be elevated to the current minimum elevation requirements in subsection 29-89(a)(4) of the City Code by using an alternative method of construction pursuant to subsection 29-89(a)(2) of the City Code;

b. The requirement for incremental raising of seawalls, bulkheads, living shorelines, and other shoreline protection structures be able to be incrementally raised, including furnishing the required report demonstrating the same pursuant to subsection 29-89(a)(4); and/or

c. The requirement that that seawalls, bulkheads, living shorelines, and other shoreline protection structures be elevated to the current minimum elevation requirements in subsection 29-89(a)(4) of the City Code by using an alternative method of construction pursuant to subsection 29-89(a)(2) of the City Code for single-family homes to ensure the safe dockage of boats.

Said variances may be granted due to extenuating conditions or circumstances peculiar to their properties provided the property owner can demonstrate that a proposed new or reconstructed seawall, bulkhead, living shoreline, or other shoreline protection structure/element is capable of preventing flooding of the public right-of-way or the neighboring public or private properties despite issuance of the variance. The city manager's designee may consider such request for a variance and impose such conditions as needed to prevent any potential present or future adverse effects from the granting of the same. A variance, if approved, does not absolve a property owner from responsibility to prevent tidal waters from flowing overland or through the above-mentioned improvements to adjacent properties or the public right-of-way pursuant to section 29-95 of the City Code.

The denial of any variance may be appealed within 30 days after receipt of written request from the applicant to a review committee which shall be comprised of the director of the department of resilience and public works, the director of the department of planning, the director of the department of building, and an assistant city manager. The applicant shall have the right to present its position to the review committee which shall review the city manager's designee's denial of the variance. The committee, by a three-fourths vote, shall either affirm the city manager's designee's denial of the variance or reverse the decision. The committee shall, in determining whether city manager's designee's denial was reasonable, determine if the denial of the variance was necessary to meet the intent of the article. If the review committee votes to reverse the decision of the city manager's designee and grant the variance, the review committee may impose any conditions necessary to meet the intent of this article in the same manner in which the city manager's designee could have had the variance been initially approved. The decision of this committee, which shall be rendered within 30 days after conclusion of the hearing, shall be final.

(b) *Lateral support from fills.* No fill deposited as a berm on the water side of the bulkhead shall be considered as offering any lateral support to the bulkhead, without approval by the building department.

(Code 1967, § 27-29; Code 1980, § 29-49; Ord. No. 12926, § 2, 6-14-07; Ord. No. 12959, § 2, 1-10-08; Ord. No. 13315, § 2, 3-8-12; Ord. No. 13980, § 3, 3-25-21)

Sec. 29-90. Loads.

All improvements shall be proportioned for the following loads and forces:

(1) Dead load.

(2) Live load or surcharge including ordinary impact, except where loading involves unusual impact requiring increased assumed loads. Live loads may consist of material, goods or equipment stored or operated alongside the bulkhead, or any structure adjoining the same, the foundations of which may exert pressure on the bulkhead, or sidewalks, highway or street traffic loads. A sidewalk live load shall be taken as 100 pounds per square foot of sidewalk area, and the highway or street traffic loads shall be in accordance with the Standard Specifications for Highway Bridges adopted by the American Association of State Highway and Transportation Officials. Unless otherwise indicated by field conditions, the minimum highway or street traffic load shall consist of a two-axle truck of gross weight 20 tons, designated as class H-20 loading in such standard specifications.

(3) Impact and dynamic effect of live load.

(Code 1967, § 27-30; Code 1980, § 29-50; Ord. No. 13315, § 2, 3-8-12)

Sec. 29-91. Construction.

(a) *General.* Each waterfront improvement shall be permanent in nature, and the character of its soil or fill shall be accurately determined, as shall also its weight and angle of repose. Gravity structures may be constructed of a combination of rocks and concrete, and the minimum percentage of cross sectional area of concrete to the total cross sectional area of the structure shall be 40 percent, excluding concrete used for copings or decorative purposes.

(b) *Alignment.* The alignment of a bulkhead or seawall shall be closely controlled. The bulkhead or seawall shall be constructed entirely on privately owned property unless otherwise approved by the entity or agency controlling the property upon which the bulkhead or seawall is to be constructed, and the alignment shall not deviate more than two inches from the designated alignment. The face of the bulkhead or seawall shall not in any case protrude beyond the established bulkhead line or the line shown on the plan approved by the building department.

(c) *Supporting piling.* Supporting piles on any improvement constructed shall be driven to a bearing capacity as shown on the plans. These bearing capacities shall be computed in accordance with the driving load formula given in the Florida Building Code.

(d) *Concrete anchors.* Concrete anchors shall be used only where approved by the building department.

(e) *Precast concrete piles.* Precast concrete piles shall conform to the requirements of the Florida Building Code.

(f) *Steel sheet piles.* Steel sheet piling shall be of the continuous-interlock type of approved form. All steel sheet piling and accessories shall conform to the requirements of the Specifications for Steel Sheet Piling of the American Society for Testing and Materials, ASTM A328. The minimum thickness of web and flange metal shall be three-eighths of an inch, unless effectively protected from corrosion in the area extending from one foot below mean low water to the top of the exposed steel.

(g) *Wood piles.* Wood piles shall conform to the requirement of the Florida Building Code.

(h) *Caps.* Bulkheads and seawalls shall be capped. The cap shall be reinforced concrete. The use of the cap as a street curb shall be avoided, but if such function is permitted by the building department, the cap shall be designed for a live load of 500 pounds (minimum) per lineal foot of cap, applied laterally, in addition to any other loads, dead or live, that may come upon it, and shall have a guardrail where required by the building department.

(i) *Special piles or special conditions.* The use of types of piles or conditions not specifically covered herein may be permitted, subject to the approval of the building department, upon the submission by the engineer of acceptable test

data, calculations or other information relating to the properties and load-carrying capacity of such piles.
(Code 1967, § 27-31; Code 1980, § 29-51; Ord. No. 13315, § 2, 3-8-12; Ord. No. 13676, § 2, 4-27-17; Ord. No. 13980, § 3, 3-25-21)

Sec. 29-92. Materials.

Permanent materials shall include concrete, steel, stone masonry construction, fiber reinforced or high-performance plastics, or any combination of the same. Other materials not specifically covered herein may be permitted, subject to the approval of the building department. Reinforced concrete shall be of the materials, proportions, strength and consistency set forth in the Florida Building Code, as also shall the materials, design and fabrication in the erection of steel.
(Code 1967, § 27-32; Code 1980, § 29-52; Ord. No. 13315, § 2, 3-8-12; Ord. No. 13980, § 3, 3-25-21)

Sec. 29-93. Review of plans; duty to inspect.

The building department shall review all plans and inspect all construction to insure that minimum standards set forth in this article are met, and shall require corrections in plans or construction when indicated.
(Code 1967, § 27-33; Code 1980, § 29-53; Ord. No. 13315, § 2, 3-8-12)

Sec. 29-94. Procedure for inspections.

(a) Inspection of work in progress on waterfront improvements shall be carried out as set forth in the building code, according to the following sequence:

(1) Layout inspection after survey for location and before excavation is begun.

(2) Pile inspection during the driving of piles and after all piles are driven, but before placing of any concrete.

(3) Foundation inspection after necessary excavations have been made, forms erected and reinforcing steel placed, but before concrete is placed.

(4) Reinforcing inspection after any reinforcing steel is in place and tied, but before the placing of any concrete.

(5) Electrical, mechanical or plumbing inspections after installation of such named equipment, but before any part of such installation is covered or concealed from view.

(6) Sheet pile or pre-cast wall panel installation for bulkheads or seawalls after placement of sheet piling/wall panels, joint water proofing materials, and weep hole one-way valves (where applicable) but before the voids behind the wall are filled and concealed from view.

(b) In the event the waterfront improvement includes any electrical, mechanical and plumbing work, a permit for such work shall be required in addition to the permit covered by this article, and the permit fee for such electrical, mechanical and plumbing work shall be as set forth in chapter 10 of the City Code.
(Code 1967, § 27-34; Code 1980, § 29-54; Ord. No. 13315, § 2, 3-8-12; Ord. No. 13980, § 3, 3-25-21)

Sec. 29-95. Maintenance.

All property owners must maintain their seawalls, bulkheads, living shorelines, or other shoreline protection structures or elements in good repair. A shoreline protection structure is presumed to be in disrepair if it allows for upland erosion, transfer of material through the barrier/wall, or allows tidal waters to flow unimpeded over or through the barrier/wall to adjacent properties or the public right-of-way. Property owners with seawalls, bulkheads, living shorelines, or other shoreline protection structures or elements below the minimum required finished elevation, with permeable erosion barriers such as riprap or a land/water interface of another nature, are prohibited from allowing tidal waters entering their property to flow to adjacent properties or public rights-of-way. Privately owned waterfront improvements shall be privately maintained, even though a portion of the improvement may extend into publicly owned land. Failure by the owner to keep the above-mentioned improvements in a state of repair acceptable to

the building department or failure to prevent tidal waters from flowing overland or through the above-mentioned improvements to adjacent properties or the public right-of-way shall be subject to enforcement as set forth in chapter 2, article X of the City Code, entitled "Code enforcement," and may be brought for further proceedings before the code enforcement board. Repairs or construction of improvements to correct any violation of this article must meet the requirements of subsection 29-89(a)(4) of the City Code and the department of resilience and public works' current design and construction standards and minimum finished elevation requirements for the length of the property. Upon citation for noncompliance of this section, the owner of the property on which the improvements that are in disrepair or are allowing the flow of tidal waters over or through it to adjacent properties or public rights-of-way is required to begin abating such condition within 180 days by retaining a licensed contractor to apply for a building permit and diligently pursue issuance of the same to begin repairs within 18 months and to complete repairs with all applicable permits finalized within 24 months from the date of the citation. However, for those improvements designed to be incrementally raised in accordance with subsection 29-89(a)(4) of the City Code, it is required to begin repairs within 12 months and to complete repairs with all applicable permits finalized within 18 months from the date of the citation.

The department of resilience and public works is permitted to extend these timelines in six-month increments upon good cause shown and reasonable progress towards compliance being diligently pursued by the property owner. Reasonable progress towards compliance may include, but is not limited to, hiring a licensed contractor, submitting a building permit application, diligently pursuing the issuance of a building permit with the applicable departmental disciplines charged with review of the same, and any acts evidencing progress towards the actual construction of the repaired or new improvements. Should the property owner adhere to the timeframes set forth in this section (including any extensions granted by the department of resilience and public works), then notwithstanding the provisions of subsection 2-817(d) of the City Code, the property owner shall be entitled to a complete mitigation of any fines accrued pursuant to this section. The foregoing shall not be an exclusive remedy and the city may at its option additionally institute a civil action to enforce the provisions in this chapter.

Sec. 31-122. Penalties.
Sec. 31-123. Cumulative remedies.

ARTICLE I. IN GENERAL

Secs. 31-1—31-25. Reserved.

ARTICLE II. LOCAL BUSINESS TAX (BTR)*

Sec. 31-26. Required; separate locations to comply with BTR; doing business with the City of Miami or its agencies.

(a) As a condition precedent to engaging in or operating in the city any business, profession or occupation referred to expressly or otherwise in section 31-50 herein, whether as owner, agent, employee, manager or operator, a BTR shall be procured from the city as provided in this article, on or before October 1 of each year. Any individual, partnership, or other incorporated or unincorporated business entity conducting any business, profession or occupation referred to in section 31-50 herein, whether as owner, agent, employee, manager or operator, who does not possess a valid and current BTR and display the same as required by section 31-27 herein, shall be guilty of a misdemeanor, and upon conviction shall be punished as provided in section 1-13. Each day the above-described violation occurs shall constitute a separate offense.

(b) Such conditions precedent shall apply, separately and severally, to each place or location where any such business, profession or occupation will be engaged in or operated regardless of the capacity in which the person or legal entity engaging in or operating such business, profession or occupation shall act, whether as owner, agent, manager or operator.

(c) Except where specifically contrary to general law, any person doing business with the City of Miami and/or any of its agencies shall obtain a City of Miami BTR for the type of business they are contracting.

(Ord. No. 10303, § 1, 7-23-87; Code 1980, § 31-1; Ord. No. 11287, § 2, 7-13-95; Ord. No. 12885, § 1, 2-8-07; Ord. No. 13106, § 2, 10-8-09)

Editor's note—Ord. No. 13106, § 2, adopted Oct. 8, 2009, changed the title of § 31-26 from "Required; separate locations licensed separately; doing business with the City of Miami and/or its agencies" to "Required; separate locations to comply with BTR; doing business with the City of Miami or its agencies." The historical notation has been preserved for reference purposes.

Case law reference—The owner of apartment houses who delegated all management duties in regard thereto to a corporation was not "engaged in or operating any business, profession or occupation" for which a license is required under this section. City of Miami v. Schonfeld, 197 So. 2d 559.

Sec. 31-27. Display.

All BTR issued by the city, unless otherwise provided by law, shall be displayed in the office or some other conspicuous place within the complying establishment or on the premises thereof and shall be displayed to the general public or any police department personnel, BTR inspector, code enforcement inspector, or other official of the city upon request during normal business hours. If the business does possess a valid and current BTR but fails to display the same as required by this section, said BTR may be suspended by the city manager or designee upon notification of said refusal by the city attorney. Upon said notification, the city manager or designee shall schedule a hearing as mandated by subsection 31-49(b) herein. A suspension for failure to display shall extend for a period of 30 days.

(Ord. No. 10303, § 1, 7-23-87; Code 1980, § 31-2; Ord. No. 12885, § 1, 2-8-07; Ord. No. 13106, § 2, 10-8-09)

Sec. 31-28. Definitions.

Other definitions are contained within section 31-50 herein, pertaining to particular occupational classifications. For the purposes of this article, the following definitions apply:

Agency for Health Care Administration (AHCA) is the agency referred to in F.S. § 402.03 or its statuary successor, administrative department or division.

*__Editor's note—__*Ord. No. 13106, § 2, adopted Oct. 8, 2009, changed the title of article II from "Local Business Tax" to "Local Business Tax (BTR)."

Business, profession and occupation do not include customary religious, charitable or educational activities, or nonprofit religious, nonprofit charitable or nonprofit educational institutions.

Charitable institutions shall mean only nonprofit corporations operating physical facilities in Florida at which are provided charitable services, a reasonable percentage of which shall be without cost to those unable to pay.

Department of Business and Professional Regulation (DBPR) is the state agency referred to in F.S. § 20.165 or its statutory successor, administrative department or division.

Department of Health and Rehabilitative Services (HRS) is the state agency referred to in F.S. § 20.19 or its statutory successor, administrative department or division.

Department of Highway Safety and Motor Vehicles (DMV) is the state agency referred to in F.S. § 20.24 or its statutory successor, administrative department or division.

Educational institutions shall mean state tax-supported or parochial, church and nonprofit private schools, colleges or universities conducting regular classes and courses of study required for accreditation by or membership in the Southern Association of Colleges and secondary schools, department of education or the Florida Council of Independent Schools. Non-profit libraries, art galleries and museums open to the public are defined as educational institutions and eligible for exemption.

Local business tax receipt (BTR) document shall mean the document that is issued by the city which bears the words "local business tax receipt" and evidences that the person in whose name the document is issued has complied with the provisions of this article and F.S. ch. 205, relating to the business tax.

Local business tax receipt (BTR) fee shall mean the fees charged and the method by which the city grants the privilege of engaging in or managing a business, profession, or occupation within its jurisdiction. It does not mean any fees or licenses paid to any board, commission, or officer for permits, registration, examination, or inspection.

Merchandise shall mean goods, wares, articles, stock, and other things of value, including goods on consignment.

Merchant retailer shall mean an individual, company, co-partnership, corporation, other business entity or agent who acquires for the purpose of sale, keeps for sale, offers or exposes for sale or sells individual units of merchandise to an ultimate consumer and not for resale.

Merchant wholesaler, distributor, jobber or consignment shall mean an individual, company, co-partnership, corporation, other business entity or agent who may or may not maintain a fixed place of business in the city who sells or offers to sell merchandise for resale to a merchant retailer or any other party for resale. A wholesale BTR does not cover anyone who sells directly to the consuming public.

Religious institutions shall mean churches and ecclesiastical or denominational organizations, or established physical places for worship in this state at which non-profit religious services and activities are regularly conducted and carried on and shall also mean church cemeteries.
(Ord. No. 10303, § 1, 7-23-87; Code 1980, § 31-3; Ord. No. 12885, § 1, 2-8-07; Ord. No. 13106, § 2, 10-8-09)

State law reference—Definitions, F.S. § 205.022.

Sec. 31-29. Exemptions; motor vehicles.

Vehicles used by any person in compliance with this article for the sale and delivery of tangible personal property at either wholesale or retail from his/her place of business on which a BTR is paid shall not be construed to be separate places of business, and no BTR may be levied on such vehicles or the operators thereof as sales associates.
(Ord. No. 10303, § 1, 7-23-87; Code 1980, § 31-4; Ord. No. 12885, § 1, 2-8-07; Ord. No. 13106, § 2, 10-8-09; Ord. No. 13676, § 2, 4-27-17)

State law reference—Similar provisions, F.S. § 205.063.

Sec. 31-30. Exemption allowed certain disabled persons, the aged, and widows with minor dependents.

(a) All disabled persons physically incapable of manual labor, widows with minor dependents, and persons 65 years of age or older, with not more than one employee or helper, and who use their own capital only, not in excess of $1,000.00, shall be allowed to engage in a business, profession or occupation without being required to pay for a BTR. The exemption provided by this section shall be allowed only upon the certification of a reputable physician, currently admitted to the practice of medicine in the State of Florida, that the applicant claiming the exemption is disabled, the nature and extent of the disability being specified therein; and in case the exemption is claimed by a widow with minor dependents or a person over 65 years of age, proof of the right to the exemption shall be made. Any person entitled to the exemption provided by this section shall, upon application and furnishing of the necessary proof as aforesaid, be issued a BTR which shall have plainly stamped or written across the face thereof the face that it is issued under this section, and the reason for the exemption shall be written thereon.

(b) In no event under this or any other law shall any person, veteran or otherwise, be allowed any exemption whatsoever from the payment of any amount required by law for the issuance of a BTR to sell intoxicating liquors or malt and vinous beverages.

(Ord. No. 10303, § 1, 7-23-87; Code 1980, § 31-5; Ord. No. 12885, § 1, 2-8-07; Ord. No. 13106, § 2, 10-8-09)

State law reference—Similar provisions, F.S. § 205.162.

Sec. 31-31. Exemptions allowed disabled veterans of any war or their unremarried spouses.

(a) Any bona fide, permanent resident elector of the state who served as an officer or enlisted person during any of the periods specified in F.S. § 1.01(15) in the armed forces of the United States, National Guard, or United States Coast Guard or Coast Guard Reserve, or any temporary member thereof, who has actually been, or may hereafter be, reassigned by the Air Force, Army, Navy, Coast Guard, or Marines to active duty during any war, declared or undeclared, armed conflicts, crises, etc., who was honorably discharged from the service of the United States, and who at the time of his or her application for a BTR as hereinafter mentioned shall be disabled from performing manual labor shall, upon sufficient identification, proof of being a permanent resident elector of the State of Florida, and production of an honorable discharge from the military service of the United States:

(1) Be granted a BTR to engage in any business, profession or occupation in the city which may be carried on mainly through the personal efforts of the complyee as a means of livelihood and for which the BTR does not exceed the sum of $50.00 for each without payment of any BTR otherwise provided for by law;

(2) Be entitled to an exemption to the extent of $50.00 on any BTR to engage in any business, profession or occupation in the state which may be carried on mainly through the personal efforts of the BTR holder as a means of livelihood when the state, county, or municipal BTR for such business, profession or occupation shall be more than $50.00. The exemption heretofore referred to shall extend to and include the right of BTR holder to operate an automobile for hire of not exceeding five-passenger capacity, including the driver, when it shall be made to appear that such automobile is bona fide owned or contracted to be purchased by the BTR holder and is being operated by him or her as a means of livelihood and that the proper BTR for the operation of such motor vehicle for private use has been applied for and attached to said motor vehicle and the proper fees therefore paid by the BTR Holder.

(b) When any such person shall apply for a BTR to conduct any business, profession or occupation for which the BTR shall exceed the sum of $50.00, the remainder of such BTR in excess of $50.00 shall be paid by him/her.

(c) Reasonable proof not inconsistent with F.S. § 205.171(3) shall be shown to establish the fact that the applicant is disabled.

(d) BTRs issued under this section shall be in the same general form as other BTR issued under this article and shall expire at the same time as such other BTR issued under this article.

(e) All BTRs obtained under the provisions of this section by the commission of fraud shall be deemed null and void. Any person who has fraudulently obtained any such BTR, or who has fraudulently received any transfer of a BTR issued to another, and has thereafter engaged in any business, profession or occupation requiring a BTR under color thereof shall be subject to prosecution as for engaging in a business, profession or occupation without having the required BTR under the laws of this state and of the city. Such BTR shall not be issued in any county other than the county wherein the veteran is a bona fide resident citizen elector, unless such veteran applying therefore shall produce to the tax collecting authority in such county a certificate of the tax collector of his or her home county to the effect that no exemption from BTR has been granted to such veteran in his or her home county under the authority of this section.

(f) In no event, under this or any other law, shall any person, veteran or otherwise, be allowed any exemption whatsoever from the payment of any amount required by law for the issuance of a BTR to sell intoxicating liquors or malt and vinous beverages.

(g) The unremarried spouse of the deceased disabled veteran of any war in which the United States armed forces participated will be entitled to the same exemptions as the disabled veteran.
(Ord. No. 10303, § 1, 7-23-87; Code 1980, § 31-6; Ord. No. 12885, § 1, 2-8-07; Ord. No. 13106, § 2, 10-8-09; Ord. No. 13676, § 2, 4-27-17)

State law reference—Similar provisions, F.S. § 205.171.

Sec. 31-32. Charitable, etc., organizations; occasional sales, fundraising; exemption.

No BTR shall be required of any charitable, religious, fraternal, youth, civic, service, or other such organization when the organization makes occasional sales or engages in fundraising projects when the projects are performed exclusively by the members thereof and when the proceeds derived from the activities are used exclusively in the charitable, religious, fraternal, youth, civic and service activities of the organization.
(Ord. No. 10303, § 1, 7-23-87; Code 1980, § 31-7; Ord. No. 12885, § 1, 2-8-07; Ord. No. 13106, § 2, 10-8-09)

State law reference—Similar provisions, F.S. § 205.192.

Sec. 31-33. Religious tenets; exemption.

Nothing in this article shall be construed to require a BTR for practicing the religious tenets of any church.
(Ord. No. 10303, § 1, 7-23-87; Code 1980, § 31-8; Ord. No. 12885, § 1, 2-8-07; Ord. No. 13106, § 2, 10-8-09)

State law reference—Similar provisions, F.S. § 205.191.

Sec. 31-34. Governmental agency, entity or employee; exemption.

(a) No federal, state, county or municipal governmental agency or entity shall be required to obtain a BTR.

(b) A member of one of the professions who is employed by the United States government, State of Florida, or one of its political subdivisions, and practices his/her profession solely as an employee thereof shall not be required to obtain a BTR.
(Ord. No. 10303, § 1, 7-23-87; Code 1980, § 31-9; Ord. No. 12885, § 1, 2-8-07; Ord. No. 13106, § 2, 10-8-09; Ord. No. 13676, § 2, 4-27-17)

State law reference—Exemptions and requirements, F.S. § 205.193 et seq.

Sec. 31-35. Application procedure; grounds for denial.

(a) *Form.* No BTR shall be issued or granted to any applicant to engage in any business or in the practice or pursuit of any profession or occupation coming within the categories mentioned in section 31-50 herein, unless the applicant shall first make application and complete an application form stating the following:

(1) The name of the applicant.

(2) Where applicable, the business address where the applicant has obtained a valid and current certificate of use from the office of zoning for the business activity which the applicant seeks to engage in.

(3) The name of the business, including, without limitation any fictitious name issued under the fictitious name statute of the State of Florida.

(4) In the initial application state whether the applicant has ever had any BTR issued under this article revoked or suspended.

(5) The application form shall have the following language:

STATEMENT: This information is given freely and voluntarily, and all the facts, figures, statements contained in this application are true and correct.

(6) The applicant shall sign the application.

(7) The application shall contain a section designated "emergency locator." The applicant shall fill out as part of the BTR application the resident address and resident phone number of the owner and manager or other local persons to be notified in case of fire or other emergencies. Any changes in such information during the period for which the BTR Holder is issued shall be made to the BTR division, in writing.

(8) The applicant shall furnish all other information requested by the city manager or designee as deemed necessary for its determination of the appropriate BTR and the amount of said BTR applicable thereto.

(b) *Grounds for denial.* Grounds for denial of the issuance of a BTR shall include:

(1) The applicant has materially misrepresented or failed to include the information mandated by this article in the application.

(2) The applicant, individual, partnership, or other incorporated or unincorporated business entity desiring to engage in the business applied for in this application currently has that BTR under suspension or revocation.

(3) The applicant, individual, partnership or other incorporated or unincorporated business entity desiring to engage in the business as described in the application has not provided the city manager or designee with a valid and current certificate of use from the office of zoning.

(4) The applicant, individual, partnership or other incorporated or unincorporated business entity desiring to engage in the business as described in the application is the subject of code enforcement procedures, a state law or county violation, or a violation of the zoning ordinance or other city ordinance, where the applicant's business enterprise is located or is to be located. Said BTR shall be withheld by the city manager or designee until such time as said violation is corrected and all attendant fines are paid in full, or the code enforcement board, a special master, or a court of competent jurisdiction issues an order directing the issuance of the BTR.

(c) Any person whose application for a BTR has been denied by the city manager or designee under this section or under section 31-41 may, by appropriate written petition to the department of hearing boards, seek a hearing pursuant to section 31-49. The request for a hearing must be made within 30 days after the notice of denial by the city manager or designee, is submitted to the applicant.

(d) BTR issued. The BTR shall have the name of the city manager or designee imprinted thereon. (Ord. No. 10303, § 1, 7-23-87; Ord. No. 11148, § 3, 5-5-94; Code 1980, § 31-10; Ord. No. 12499, § 2, 2-26-04; Ord. No. 12683, § 2, 5-12-05; Ord. No. 12885, § 1, 2-8-07; Ord. No. 13106, § 2, 10-8-09; Ord. No. 13745, § 2, 2-22-18)

State law references—Fictitious name, F.S. § 205.023; prerequisites for issuance, F.S. § 205.194 et seq.

Sec. 31-36. Application notarization required.

Where the application is made for the following BTR local business tax receipts, the signature

of the applicant shall be notarized: nonmotorized vehicles for hire, bankruptcy and closing-out-sales and automobile or vehicle towing from private property.
(Ord. No. 10303, § 1, 7-23-87; Code 1980, § 31-11; Ord. No. 12885, § 1, 2-8-07; Ord. No. 13106, § 2, 10-8-09)

Sec. 31-37. Duration.

No BTR under this article shall be issued for more than one year. The city manager or designee shall not issue a BTR to any individual, partnership, or other incorporated or unincorporated business entity whose local BTR for a specified business activity at a particular location has been suspended during such period nor to any individual, partnership, or other incorporated or unincorporated business entity whose BTR for a specified business activity at a particular location has been revoked until the expiration of such revocation imposed under the provisions of this article.
(Ord. No. 10303, § 1, 7-23-87; Code 1980, § 31-12; Ord. No. 12885, § 1, 2-8-07; Ord. No. 13106, § 2, 10-8-09; Ord. No. 13745, § 2, 2-22-18)

Sec. 31-38. Due date and proration of BTR.

(a) Except as otherwise provided, BTR under this article shall be due and payable on September 30 of each year. If September 30 falls on a weekend or holiday, it shall be due on or before the first working day following September 30.

(b) Unless otherwise provided, for each local business tax receipt obtained between October 1 and the succeeding March 31, the full tax for one year shall be paid. For each license obtained between April 1, and the succeeding September 30, one-half the full tax for one year shall be paid.
(Ord. No. 10303, § 1, 7-23-87; Code 1980, §§ 31-13, 31-14; Ord. No. 12885, § 1, 2-8-07; Ord. No. 13106, § 2, 10-8-09)

Editor's note—Ord. No. 13106, § 2, adopted Oct. 8, 2009, changed the title of § 31-38 from "Due date and proration of local business tax receipt" to "Due date and proration of BTR" The historical notation has been preserved for reference purposes.

State law reference—Authority, F.S. § 205.053(1).

Sec. 31-39. Penalty, late payment of local business tax or original local business tax receipt.

(a) BTR that are not renewed when due and payable are delinquent and subject to a delinquency penalty of ten percent for the month of October, plus an additional five percent penalty for each subsequent month of delinquency until paid. However, the total delinquency penalty may not exceed 25 percent of the BTR for the delinquent establishment.

(b) Any person engaging in, managing, or operating any business, profession, or occupation without first obtaining a BTR shall be subject to a penalty of 25 percent of the amount due, in addition to the penalty provided by section 31-26 herein, and in addition to any penalty provided by law or ordinance.

(c) Any person who engages in any business, occupation, or profession covered by this article, who does not pay the required BTR within 150 days after the initial notice of tax due, and who does not obtain the required BTR is subject to civil actions and penalties, including court costs, reasonable attorneys' fees, additional administrative costs incurred as a result of collection efforts, and a penalty of up to $250.00.
(Ord. No. 10303, § 1, 7-23-87; Code 1980, § 31-15; Ord. No. 12885, § 1, 2-8-07; Ord. No. 13106, § 2, 10-8-09)

Editor's note—Ord. No. 12885, § 1, adopted February 8, 2007, changed the title of § 31-39 from "Penalty, late payment of occupational license tax or original license" to "Penalty, late payment of local business tax or original local business tax receipt." The historical notation has been preserved for reference purposes.

State law reference—Similar provisions, F.S. § 205.053.

Sec. 31-40. Renewal of BTR.

(a) BTR renewals shall be due and payable and expire on September 30. Those BTR not renewed by September 30 shall be considered delinquent and subject to a delinquency penalty as provided in subsection 31-39(a).

(b) The city manager or designee is authorized to renew BTR upon receipt of a substantially completed renewal application form, certificate of use issued by the office of zoning; with or

without the applicant's signature, provided that payment of the necessary BTR accompanies the renewal form.
(Ord. No. 10303, § 1, 7-23-87; Code 1980, § 31-16; Ord. No. 12885, § 1, 2-8-07; Ord. No. 13106, § 2, 10-8-09; Ord. No. 13745, § 2, 2-22-18)

Editor's note—Ord. No. 13106, § 2, adopted Oct. 8, 2009, changed the title of § 31-40 from "Renewal of local business tax receipt" to "Renewal of BTR." The historical notation has been preserved for reference purposes.

Sec. 31-41. Grounds for nonrenewal.

The following constitute adequate grounds for the city manager or designee to deny renewal of a BTR:

(1) The BTR holder has an unpaid balance for the previous year's or years' BTR;

(2) The BTR holder has materially misrepresented or failed to include the information required by this article to be included in the BTR application form;

(3) The BTR holder subsequent to being issued a has been convicted of, or has pled guilty to, a violation of a law of this state, or ordinance of the county or ordinance of the city, which violation occurred as a part of the main business activity approved and not merely incident thereto;

(4) The BTR holder is conducting business from premises which do not possess a valid and current certificate of occupancy issued by the planning, building and zoning department;

(5) The BTR holder is conducting business from premises which do not possess a valid and current certificate of use issued by the office of zoning;

(6) The BTR holder is conducting business from the proposed premises and is not in compliance with a zoning ordinance or other city ordinance.

(7) The BTR holder has obtained a permit, certificate or BTR, including a BTR issued pursuant to this article, by misleading, and/or deceptive information or making false statements that were relied upon by the city or an employee operating in an official capacity in issuing the above-mentioned permit(s), certificate(s) or BTR(s); or

(8) There is a pending judgment, order, injunction or decree entered by a court or tribunal of competent jurisdiction against said from engaging in the activity for which he/she seeks a BTR renewal.

(Ord. No. 10303, § 1, 7-23-87; Code 1980, § 31-17; Ord. No. 12885, § 1, 2-8-07; Ord. No. 13106, § 2, 10-8-09; Ord. No. 13676, § 2, 4-27-17; Ord. No. 13745, § 2, 2-22-18)

Sec. 31-42. Refunds.

(a) The city manager or designee is hereby authorized and empowered to refund any money paid for a BTR under this article only when an overpayment is found to exist or there has been payment for a BTR.

(b) All requests for refunds must be in writing and may be granted upon presentation of the original BTR in question when applicable and documenting evidence supporting the request for refund as may be required by the city manager or designee.

(c) All refunds applied for pursuant to this section may be requested within one year from the date the original BTR became due and shall be barred if not so presented.
(Ord. No. 10303, § 1, 7-23-87; Code 1980, § 31-18; Ord. No. 12885, § 1, 2-8-07; Ord. No. 13106, § 2, 10-8-09; Ord. No. 13745, § 2, 2-22-18)

Sec. 31-43. Transferability.

(a) Upon payment of a transfer fee up to ten percent of the annual BTR but less than $3.00 or not more than $25.00, all BTRs issued by the city shall be transferable with the approval of the city manager or designee, except as otherwise prohibited by this chapter, when there is a bona fide sale and transfer of the property used and employed in the business as stock in trade, and not otherwise; provided that the seller of the business shall present the local BTR to the city manager or designee with an endorsement assigning all right, title and interest to the purchaser, and the purchaser shall produce a properly

executed bill of sale showing the transfer of stock from the person licensed to the purchaser. Upon payment of a transfer fee of up to ten percent of the annual licensed tax, but not less than $3.00 or not more than $25.00, BTR may be transferred from one location to another, provided that a written request for such transfer and the BTR to be transferred shall first be presented to the city manager or designee for approval of such transfer along with a current and valid certificate of use for the complying activity at the new location.

(b) This section shall not apply to cabaret and nightclub BTRs, and such BTRs shall be issued as new or original BTR upon a change of complyee, without requiring payment of new BTR taxes.

(Ord. No. 10303, § 1, 7-23-87; Code 1980, § 31-19; Ord. No. 11287, § 2, 7-13-95; Ord. No. 12885, § 1, 2-8-07; Ord. No. 13106, § 2, 10-8-09; Ord. No. 13676, § 2, 4-27-17; Ord. No. 13745, § 2, 2-22-18)

State law reference—Authority, F.S. § 205.043(2), (3).

Sec. 31-44. Replacing lost or destroyed BTR.

For the purpose of replacing any mutilated, destroyed or lost BTR granted by the city, the city manager or designee is hereby authorized to issue an appropriate duplicate BTR upon the submittal of evidence satisfactory to the director that the original BTR was mutilated, destroyed or lost and upon the payment to the city by the holder of the sum of $1.00 for each such duplicate BTR issued.

(Ord. No. 10303, § 1, 7-23-87; Code 1980, § 31-20; Ord. No. 12885, § 1, 2-8-07; Ord. No. 13106, § 2, 10-8-09; Ord. No. 13745, § 2, 2-22-18)

Editor's note—Ord. No. 13106, § 2, adopted Oct. 8, 2009, changed the title of § 31-44 from "Replacing lost or destroyed local business tax receipts" to "Replacing lost or destroyed BTR." The historical notation has been preserved for reference purposes.

Sec. 31-45. Authority to request proof of inventory; inspection; estimates.

(a) The city manager or designee, including BTR inspectors, is hereby allowed to request from a BTR holder or applicant proof of his/her inventory, including an affidavit or notarized statement from the BTR holder or applicant of the value of his/her inventory, for purposes of compliance by the BTR holder or applicant, as applicable, with this article.

(b) The city manager or designee, including BTR inspectors, is authorized to inspect the business premises and business books and records of a BTR holder or applicant in the event they determine, in their reasonable discretion, that they need to estimate the amount of inventory or determine its value for purposes of compliance with this article and to determine the type of business being conducted.

(Ord. No. 10303, § 1, 7-23-87; Code 1980, §§ 31-21, 31-22; Ord. No. 12885, § 1, 2-8-07; Ord. No. 13106, § 2, 10-8-09; Ord. No. 13676, § 2, 4-27-17; Ord. No. 13745, § 2, 2-22-18)

Sec. 31-46. Reciprocity between cities as to merchants and business firms located in the state.

(a) The provisions of this article and other BTR regulations of this city shall not apply to or operate against merchants and business firms located and complying to do business in other cities, villages and towns of this state and distributing goods and merchandise in the city, provided that such merchants and business firms shall have complied with the provisions of the laws or ordinances imposing BTR in the city, village or town in which same are located, and provided, further, that the provisions of this section shall be operative as to such merchants and business firms located and complying in other cities, villages and towns of this state only to the extent that, under the laws and ordinances of such other cities, villages and towns, like exemptions and privileges are granted to merchants and business firms located and complying in and by the city.

(b) Such exemption shall not apply to street or sidewalk vendors or to other businesses, professions or occupations not having an established place of business in any city, village or town in this state.

(Ord. No. 10303, § 1, 7-23-87; Code 1980, § 31-23; Ord. No. 12885, § 1, 2-8-07; Ord. No. 13106, § 2, 10-8-09)

Editor's note—Ord. No. 13106, § 2, adopted Oct. 8, 2009, repealed former § 31-46 which pertained to food establishments and derived from § 18-33 of the 1967 Code; § 20-48 of the 1980 Code; and Ord. No. 12885, § 1, adopted Feb. 8, 2007. Further, said ordinance renumbered §§ 31-47—31-49 as §§ 31-46—31-48 as set out herein. The historical notation has been retained with the amended provisions for reference purposes.

Sec. 31-47. Compliance with article required; effect of BTR obtained.

No BTR shall be granted until there has been full compliance with the applicable provisions of this article, and no BTR receipt granted without full compliance shall be a protection to the applicant in any civil, criminal or administrative proceeding.

(Ord. No. 10303, § 1, 7-23-87; Code 1980, § 31-24; Ord. No. 12885, § 1, 2-8-07; Ord. No. 13106, § 2, 10-8-09)

Editor's note—Ord. No. 13106, § 2, adopted Oct. 8, 2009, changed the title of § 31-47 from "Reciprocity between cities as to merchants and business firms located in the state" to "Compliance with article required; effect of BTR obtained." The historical notation has been preserved for reference purposes. See also the editor's note to § 31-46.

Sec. 31-48. Revocation; suspension.

(a) The city manager or designee shall deny the application for a BTR, or revoke the BTR of any individual, partnership, or other incorporated or unincorporated business entity holding a BTR under this article where it is determined by the city manager or designee that:

(1) The BTR holder and/or owner of the property has materially misrepresented or failed to include the information required by this article to be included in the BTR application form;

(2) The BTR holder and/or owner of the property, subsequent to being issued a BTR, has been convicted of or has pled guilty to a violation of a law of this state, or ordinance of the county or ordinance of the city, which violation occurred as a part of the main business activity of the BTR holder and/or owner of the property and not merely incident thereto;

(3) The BTR holder and/or owner of the property is conducting business from premises which do not possess a valid and current certificate of occupancy issued by the department of planning, building and zoning;

(4) The BTR holder and/or owner of the property is conducting business from premises which do not possess a valid and current certificate of use issued by the department of planning, building and zoning;

(5) The BTR holder and/or owner of the property is conducting business from the proposed premises and is not in compliance with a zoning ordinance or other city ordinance;

(6) Conduct is occurring at the premises, which conduct constitutes a breach of the peace by threatening the safety and welfare of the patrons at said premises or the general public and which conduct is recurring;

(7) The BTR holder and/or owner of the property has obtained a permit, certificate or BTR for the premises, including a BTR issued pursuant to this article, by misleading and/or deceptive information or making false statements that were relied upon by the city or an employee operating in an official capacity in issuing the above-mentioned permit(s), certificate(s), or BTR; or

(8) The BTR holder and/or owner of the property, subsequent to being issued a BTR, has had a permanent injunction in the form of an order and final judgment entered against said BTR holder and/or owner of the property enjoining restraining or preventing the BTR holder and/or owner of the property from exhibiting, showing, selling, lending, or transmitting any motion picture film(s), book(s), magazine(s), videotape(s) or other material that has been found to be obscene, lewd, lascivious, filthy or indecent pursuant to F.S. ch. 847, or construed, after said material(s) has undergone an adversary judicial hearing as required by law.

(b) (1) Upon issuance of a code enforcement citation alleging a violation affecting the health and safety of the community, the code compliance director shall notify in writing the city manager or designee of any violation of the enumerated grounds for revocation of a BTR contained in the ordinance from which this section derives. Upon said notification, the city manager or designee shall schedule an appellate hearing for the BTR holder and/or owner of the property within ten days of the date of such notification to the city manager or designee. The city manager or designee shall notify in writing, at least five days in advance of the appellate hearing, the BTR holder and owner of the property of the date, time and place of said appellate hearing and the specific charges that have caused the said revocation notice to be sent. Said revocation notice and notice of appellate hearing shall be sent to the BTR holder and owner of the property by registered mail, return receipt requested, to the property owner's address and the business address listed on the BTR, or said revocation notice and notice of appellate hearing may be perfected upon any employee of said business by any city police officer, BTR inspector or authorized process server at the business address listed on the BTR. At said appellate hearing, the BTR holder and/or owner of the property shall be given the opportunity to be represented by an attorney, to make a record of the hearing by the use of a court reporter, to call witnesses, to present documentary evidence, and to otherwise properly prove their appeal as to why the BTR should not remain in a revoked status.

(2) Upon the receipt of the registered mail notice of the appellate hearing as described in subsection (b)(1) to the BTR holder (or upon perfecting notice upon any employee of the BTR holder's business) and owner of the property, the BTR shall be considered revoked or suspended as designated in the notice from the city manager or designee.

(c) A revocation under this section shall extend for the BTR duration of the period, at which time a new application must be submitted. Said revocation shall begin to run from the date the revocation notice was sent by the city manager or designee.

(d) All appellate revocation hearings shall be conducted in the following manner before a special master:

(1) The proceedings shall be as informal as is compatible with the essential requirements of the law.

(2) The admission of evidence shall be governed by the special master. Evidence is to be admitted at the discretion of the special master consistent with generally accepted legal principles governing the admission of evidence in administrative proceedings.

(3) The BTR holder and/or owner of the property may be represented by counsel; the city may be represented by the city attorney or other counsel retained at the discretion of the city attorney.

(4) The burden of proof being on the BTR holder and/or owner of the property, the order of presentation of evidence shall be as follows:

a. The parties shall be entitled to present oral argument at the opening and at the closing of the hearing.

b. The BTR holder and/or owner of the property, as appellant, has the burden of proof and shall produce such evidence as it may wish to offer in opposition to the continued revocation of the BTR.

c. The city shall have the opportunity to present any evidence in support of maintaining the revocation of the BTR.

d. The BTR holder and/or owner of the property may offer rebuttal testimony.

(5) At the close of the hearing, the special master shall render the determination stating whether the BTR shall remain revoked or suspended or not. The decision must be based on competent substantial evidence and otherwise consistent with principles of law.

(6) Upon rendition of the determination in any appellate revocation or suspension hearing, the special master shall file the determination with the office of hearing boards and shall cause a true and correct copy of the order to be sent by regular mail to the business address listed on the BTR and the owner of the property. The order may also be served upon any employee of said business by any city police officer, BTR receipt inspector or authorized process server at the business address listed on the BTR. It may also be handed to the BTR holder and/or owner of the property at the hearing.

(e) If a BTR revocation or suspension is upheld under this section the city shall be entitled to recover its reasonable attorneys' fees and any costs of the hearing such as court reporters and transcription charges expended by the city.
(Ord. No. 10303, § 1, 7-23-87; Code 1980, § 31-25; Ord. No. 12683, § 2, 5-12-05; Ord. No. 12885, § 1, 2-8-07; Ord. No. 13106, § 2, 10-8-09; Ord. No. 13611, § 2, 6-23-16; Ord. No. 13676, § 2, 4-27-17)

Note—See the editor's note to § 31-46.

Case law references—License revocation proceeds directly from the finding that there has been a violation of city ordinances. The intent of the ordinances, read as a whole, is easily determined to be a violation by the licensee or his/her agent. Berman v. City of Miami, 17 Fla. Supp. 72; *aff'd* 127 So. 2d 683.

The city may revoke a nightclub license on a more strict basis than the state can revoke a liquor license. Sawyer v. City of Miami, 172 So. 2d 481; *cert. den'd* 177 So. 2d 476.

Revocation of the license of an adult theater for one year under paragraph (a)(8) is incompatible with the First Amendment because it imposes a prior restraint on presumptively protected expression. Gayety Theatres, Inc., v. City of Miami, 719 F.2d 1559 (1983).

Sec. 31-49. BTR enforcement.

(a) Any entity who has not strictly complied with the provisions of this chapter shall be subject to the enforcement procedures as set forth herein:

Enforcement may be made in accordance with City Code chapter 2, article X, Code enforcement and any other remedies as provided by law, including but not limited to, an action in the circuit court.

(b) Obstructing a revenue collections inspector in the performance of duties.

(1) Whoever opposes, obstructs, or resists the BTR inspector or other person authorized by the city manager or designee, in the discharge of his or her duty, as provided in this section, shall be guilty of a violation of this chapter, and, upon conviction thereof, shall be punished as provided in section 1-13.

(2) BTR inspectors may notify the city police department immediately when in their judgment they feel threatened.

(c) In addition to any other remedies provided by this chapter or any other city ordinance, the city manager or designee shall have judicial remedies available for violations of this chapter or any other lawful rule or regulation promulgated hereunder as enumerated below but not limited to:

(1) Institution of a civil action in a court of competent jurisdiction to establish liability and to recover damages for any costs incurred by the city in conjunction with the abatement of any condition prohibited by the provisions of this chapter.

(2) Institution of a civil action in a court of competent jurisdiction to seek injunctive relief to enforce compliance with the terms of this chapter or any rule or regulation promulgated hereunder, to enjoin and prohibit said violation or to compel the performance of actions which will result in compliance with the terms of this chapter.

(d) These remedies are cumulative and the use of any appropriate remedy shall not constitute an election of remedies by the city manager or designee. The use of one remedy shall not preclude the use of any others.

(Ord. No. 13106, § 2, 10-8-09; Ord. No. 13611, § 2, 6-23-16; Ord. No. 13745, § 2, 2-22-18)

See the editor's note to § 31-46.

Sec. 31-50. Schedule of established BTRs.

The assessments of BTRs are hereby fixed as follows:

Code	*BTR Category: Name, Description and Requirement(s)*	*Rate ($)*
0010	*Abstract and/or title company.* Requires License from the Florida Department of Financial Services if selling insurance.	236.00
0040	*Accountant, certified public (CPA).* Requires License from DBPR.	116.00
0030	*Accounting and/or bookkeeping service.* Does not apply to BTR Codes: "0040" and "0020."	116.00
0020	*Accounting professional association (PA), corporation (Corp) or firm.*	116.00
0050	*Acupuncturist.* Requires License from DOH.	116.00
0060	*Addressing, mailing, and sorting services.*	99.00
0070	*Administrative office.* When sole functions are administrative in nature and not applicable to any other BTR category.	131.00
0080	*Adult care facility.* License from AHCA is required.	99.00
0090	*Adult congregate living facility.* License from AHCA is required.	99.00
0100	*Advertising agency or trade inducement company.* Each company or individual as provided.	667.00
0110	*Advertising, aircraft (per aircraft).*	120.00
0160	*Advertising, outdoors:*	
	Not exceeding 50 displays.	236.00
	More than 50 displays, each display thereafter.	2.00
0120	*Advertising, street.* Each person advertising on the streets with banners, floats or by other means: Where no vehicle is used.	120.00
0130	*Advertising, street.* Each person advertising on the streets with banners, floats or by other means: Where vehicle is used, each vehicle.	120.00
0140	*Advertising, street.* Each person advertising on the streets with banners, floats or by other means: Contracting advertising in/or on buses and other motor vehicles.	120.00
0150	*Advertising, street.* Each person advertising on the streets with banners, floats or by other means: distributing circulars, pamphlets and other advertising matter (not to apply to merchants in compliance, advertising their own goods and merchandise).	120.00
0170	*Advertising, theater screens.* Per screen on which advertising is shown.	120.00
0180	*Aircraft brokers or dealers.*	120.00
1820	*Air guns dealers.* A separate BTR is not required of dealers who have a firearms ammunition dealer's BTR. Requires Federal License from Department of Alcohol, Tobacco and Fire Arms for Firearms.	296.00
0190	*Ambulance service or business.* Not operating as an undertaker, operating ambulances as follows:	
	Not exceeding one ambulance.	42.00
	For each additional ambulance.	27.00
0210	*Amusement park.*	1,332.00
0220	*Answering service.*	120.00
0230	*Apartment houses.* An apartment house BTR does not permit a public dining room without a restaurant BTR. Requires license from DBPR for five or more units. Tax based on number of rooms, not including: bathrooms, kitchen or closets. An apartment house is defined as three or more dwelling under same roof units:	
	Up to ten rooms.	27.00

Code	*BTR Category: Name, Description and Requirement(s)*	*Rate ($)*
	More than ten rooms, for each additional room.	2.00
0240	*Appraiser.* Other than for real property.	116.00
0250	*Architect.*	116.00
2330	*Architect, landscape.*	116.00
0260	*Architectural firm, partnership, PA or Corp.*	116.00
0270	*Armored car service.*	99.00
0280	*Artist, all types.* Commercial, graphic, or noncommercial, each.	116.00
0290	*Art galleries.* When only displaying. If selling; and not incidental, as outlined in the Certificate of Use issued by the City of Miami Zoning Department, a Merchant Retail BTR is required.	99.00
0310	*Attorney who is not a PA or Corp.* Requires membership in Florida BAR. BTR is not prorated.	116.00
0300	*Attorney; Firm, PA, Corp. or Partnership.* BTR is not prorated.	116.00
0350	*Auction business.* Requires license from DBPR.	1,826.00
0360	*Auctioneer.* Requires license from DBPR.	667.00
0370	*Auctioneer, apprentice.* Apprentice means any person who is being trained as an Auctioneer by a State of Florida licensed Auctioneer. Requires License from DBPR.	667.00
0380	*Auction:* in addition, for each day or fraction thereof, at each location where an auction is held of goods, wares, merchandise, or real estate vehicles.	45.00
0390	*Audio visual production services.*	120.00
0395	*Automated teller machines (ATM).* Not required if in same location or building structure as Banking Institution, that is owner thereof.	99.00
0400	*Automobile, new motorized vehicles dealers.* Dealers, agencies or persons engaged in the sale of automobiles, trucks or tractors or other motor driven vehicles may be permitted to deal in secondhand vehicles taken in exchange on sales of new vehicles without securing a Secondhand Dealers BTR; provided that the entire operation is conducted from one location. (Ord. No. 10303, § 1, 7-23-87; Ord. No. 10387, § 1, 2-18-88; Ord. No. 10991, § 1, 6-11-92; Ord. No. 11086, § 1, 9-27-93; Code 1980, § 31-35; Ord. No. 11287, § 3, 7-13-95; Ord. No. 11825, § 2, 7-27-99; Ord. No. 12885, § 1, 2-8-07; Ord. No. 13106, § 2, 10-8-09; Ord. No. 13140, § 2, 2-11-10; Ord. No. 13213, § 3, 10-14-10; Ord. No. 13230, § 2, 11-18-10; Ord. No. 13336, § 2, 7-26-12; Ord. No. 13676, § 2, 4-27-17)

Editor's note—Ord. No. 13106, § 2, adopted Oct. 8, 2009, changed the title of § 31-50 from "Schedule of established local business taxes established" to "Schedule of established BTRs." The historical notation has been preserved for reference purposes.

Case law reference—Imposition of large penalty upon nonpayment of tax constitutes conditions that would render payment of unfairly assessed taxes under Ord. No. 9188 (predecessor to 10303) involuntary, thus rendering the necessity to protest unfair taxes unnecessary, thereby allowing grounds for suit to reimburse merchants for amount of excess tax and attorneys' fees. City of Miami v. Florida Retail Federation, Inc., 423 So. 2d 991.

Sec. 31-51. Food trucks operating on private land.

(a) Intent. It is the intent of this section to regulate the use of food trucks and their gatherings throughout the city as it pertains to private land. This section does not supplant or replace the requirements of chapter 39, article II, titled, "Sidewalk and Street Vendors."

(b) Definitions.

App-based meal production means the preparation of food ordered electronically (via a smartphone or other web-based application) in advance for pick-up or delivery solely for consumption off-premises.

Food truck means the preparing, cooking, serving, or selling of food performed from a movable stand, cart, vehicle, truck, van, or trailer. Each movable stand, cart, vehicle, truck, van, or trailer shall be considered a food truck for purposes of this section. It does not include movable stands, carts, vehicles, trucks, vans, or trailers that are engaged in app-based meal production.

Food truck gatherings means events consisting of a gathering of three or more food trucks.

Intermodal transportation Area ("I.T.A.") shall be defined as the area generally located from NW 6 Street to the North and NW 3 Street to the South and NW 1 Avenue to the East and the overhead Metrorail lines to the West.

I.T.A. Operator means the operator of the passenger rail train or the private property owner immediately adjacent to the public right-of-way located within an intermodal transportation area.

Patron means a person purchasing food from a food truck.

Rail station or *station* means any structure or transportation facility that is part of a rail system designed to accommodate the movement of passengers from one mode of transportation to another at which passengers board or disembark from transportation conveyances and transfer from one mode of transportation to another.

Truck means any of the various forms of vehicles used for carrying goods and materials, usually consisting of a single self-propelled unit, but also often composed of a trailer vehicle hauled by a tractor unit. A vehicle much larger than a cart or a car.

Van means a boxlike vehicle that resembles a panel truck, often has double doors both at the rear and along the curb side, and that can be used as a truck.

(c) Requirements for food trucks.

(1) In addition to all other city, county, and state requirements, food trucks shall receive a business tax receipt ("BTR") as listed in chapter 31 of the City Code upon the showing of:

a. A certificate of inspection by the Miami-Dade County Department of Health;

b. A certificate of inspection by the Florida Department of Business and Professional Regulation, Division of Hotels and Restaurants;

c. Proof of valid insurance;

d. Vehicle identification number; and

e. A valid peddler's BTR from Miami-Dade County.

(2) Food trucks that are present in the same location more than three times per week and/or park on site overnight shall, prior to receiving a BTR, also provide a:

a. Notarized letter and/or affidavit from the property owner authorizing the food truck to be located on the property; and

b. Site plan approved by the office of zoning indicating the proposed location.

(3) Food trucks must have a peddler's type BTR pursuant to chapter 31 of the City Code approved by the city manager or designee and must comply with the requirements of that BTR.

(4) Food trucks may only be operated with a clear space distance of no fewer than ten feet from a gasoline, natural gas, or other combustible energy source or similar type establishment pursuant to Section 50.8.2, Florida Fire Prevention Code.

(5) The property in which a food truck is parked must have an active certificate of use ("CU"). If there are no more than two food trucks present, such activities will be considered ancillary to the current CU if the food truck use is allowed in the transect zone.

(6) Food trucks shall not:

a. Be located in any driveway aisles, no parking zones, landscaped areas, loading areas, or parking lanes;

b. Impede the on-site circulation of motor vehicles;

c. Be located in a T3 or T4-R transect zone; or

d. Be located on the public right-of-way.

(7) Food trucks that are present in the same location more than three times per week and/or park on site overnight shall:

a. Not be located in parking spaces required by the other uses on the property unless the number of spaces exceeds the minimum amount required for other uses on the property. The utilization of an off-street parking space for the operation of a food truck must not cause the site to become deficient in required off-street parking; and

b. Have a public restroom available on site if food or beverages are being served for consumption on site.

(8) If parked on property that is vacant, the property owner must follow the temporary use of vacant land process and obtain a temporary use permit ("TUP") as delineated in chapter 62 of the City Code, if a TUP is allowed in the district.

(9) A site map for location and/or placement of food truck(s), occupied or vacant, show-

ing the property is outside the 500-foot radius as required by subsection (c)(4) of this Code.

(10) All food trucks must provide waste disposal for patrons and must keep the area surrounding the food truck(s) clear of waste and debris resulting from their services.

(11) All food trucks must display, at all times, a copy of their city affidavit attesting to the operating requirements issued by the regulating department of the city as approved by the city manager or designee.

(d) Requirements for food truck gatherings. Food truck gatherings shall be permitted without the need for a public hearing and by a special event permit for food truck gatherings issued by the city manager or designee pursuant to chapter 52 of the City Code, provided the food truck gatherings shall:

(1) Be limited to one food truck gathering at the same location only once per calendar month, for a maximum of three consecutive days;

(2) Be strictly prohibited in T3 and T4-R Transect Zones;

(3) Not permit the sale of alcoholic beverages from any food truck; and

(4) Acquire a building permit from the building department in the event of the erection of temporary structures or stages. All fire safety code requirements must be similarly met.

(e) A special event permit for food truck gatherings shall be obtained for each special event site on an annual basis. A special event permit for food truck gatherings application shall be obtained, completed, and submitted to the city manager or designee prior to operating a food truck gathering. The completed package shall include all documents pursuant to chapter 52 of the City Code and in addition, all of the following:

(1) A notarized letter from the property owner of record authorizing the food truck gathering indicating the amount of food trucks and the date and time(s) of the food truck gathering as described in the application package.

(2) A schedule of events for the food truck gathering.

(3) Notification and sign-off from the Miami Police Department and solid waste department.

(4) A traffic safety and security plan.

(5) A narrative from the applicant describing the hours of operation, estimated public attendance, amount of food trucks, and a description of any other amenities or services provided.

(6) Copies of all state and county licenses of each of the individual food trucks participating.

(7) The maximum number of individual food trucks which may be present at the food truck gathering at any one time. This maximum number shall be indicated on the special event permit if granted by the city.

(8) A site plan or survey indicating the following information, which shall consider the food truck gathering's estimated public attendees and the maximum number of individual food trucks on the site:

a. General placement of the individual food trucks (i.e. a map drawing of food trucks as they would be situated on the site).

b. Location of refuse and recycling facilities or receptacles.

c. Location of sanitation facilities.

d. Handling and disposal plans for fats, oils, and grease ("FOG").

e. Location of on-site and off-site parking areas.

f. Location of any lighting fixtures, if applicable.

g. Location of rights-of-way, internal circulation of vehicles and people, and of ingress and egress areas.

(f) Exemptions; waivers; prohibitions.

(1) *Exemptions.*

a. Private property with over 250,000 square feet of usable land shall be exempt from subsection (c)(4) of this section.

b. Intermodal transportation area ("I.T.A."): Notwithstanding any other section of the City Code, the I.T.A. operator may operate or cause to be operated food trucks at an intermodal transportation area if the following requirements are met:

i. The I.T.A. operator is required to set apart, create, and maintain the food truck area to be used in accordance with this subsection.

ii. A maximum of five adjoined spaces to be used by food trucks.

iii. Food truck space must be operated in such a manner as to provide a clear and unobstructed pedestrian path that is a minimum of five feet wide and must not create any impediment to pedestrian or vehicular occupation or use of a street, sidewalk, or roadway;

iv. Food trucks can only be operated during the hours of 7:00 a.m. to 10:00 p.m. and may only be occupied as directed by the I.T.A. operator (with hours of operation allowed to be extended for certain special events upon approval of the city manager).

v. No food truck operation may occur unless there is a public bathroom facility within 500 feet of the designated parking area in compliance with Section 403.3.3 of the Florida Building Code and all other requirements for sanitation, disposal of oil, recycling and lighting in subsection 31-51(e)(8) are required to be met and it cannot be located within a 500-foot radius of a gasoline or natural gas or other combustible energy source establishment;

vi. Any required building permits shall have to be submitted and finalized prior to any operation of the food trucks.

vii. In addition to all other city, county, and state requirements, food trucks shall receive a business tax receipt ("BTR") as listed in chapter 31 of the City Code upon the showing of:

a. A certificate of inspection by the Miami-Dade County Department of Health;

b. A certificate of inspection by the Florida Department of Business and Professional Regulation, Division of Hotels and Restaurants;

c. Proof of valid insurance;

d. Vehicle identification number; and

e. A valid peddler's BTR from Miami-Dade County.

viii. No alcohol sales are allowed.

(2) *Waivers.* Property owned and operated by a religious institution, educational institution, or the city shall not be subject to this section; however, food truck gatherings on city property shall be limited to one time per month unless waived by the city commission at a duly noticed public meeting.

(3) *Prohibitions.* Food truck usage is prohibited in district 3.

(g) Enforcement. Any violation of this section is punishable by a fine of $250.00 for a first offense and $500.00 for each offense thereafter under the provisions of chapter 2, article X of the City Code, and any other remedies as provided

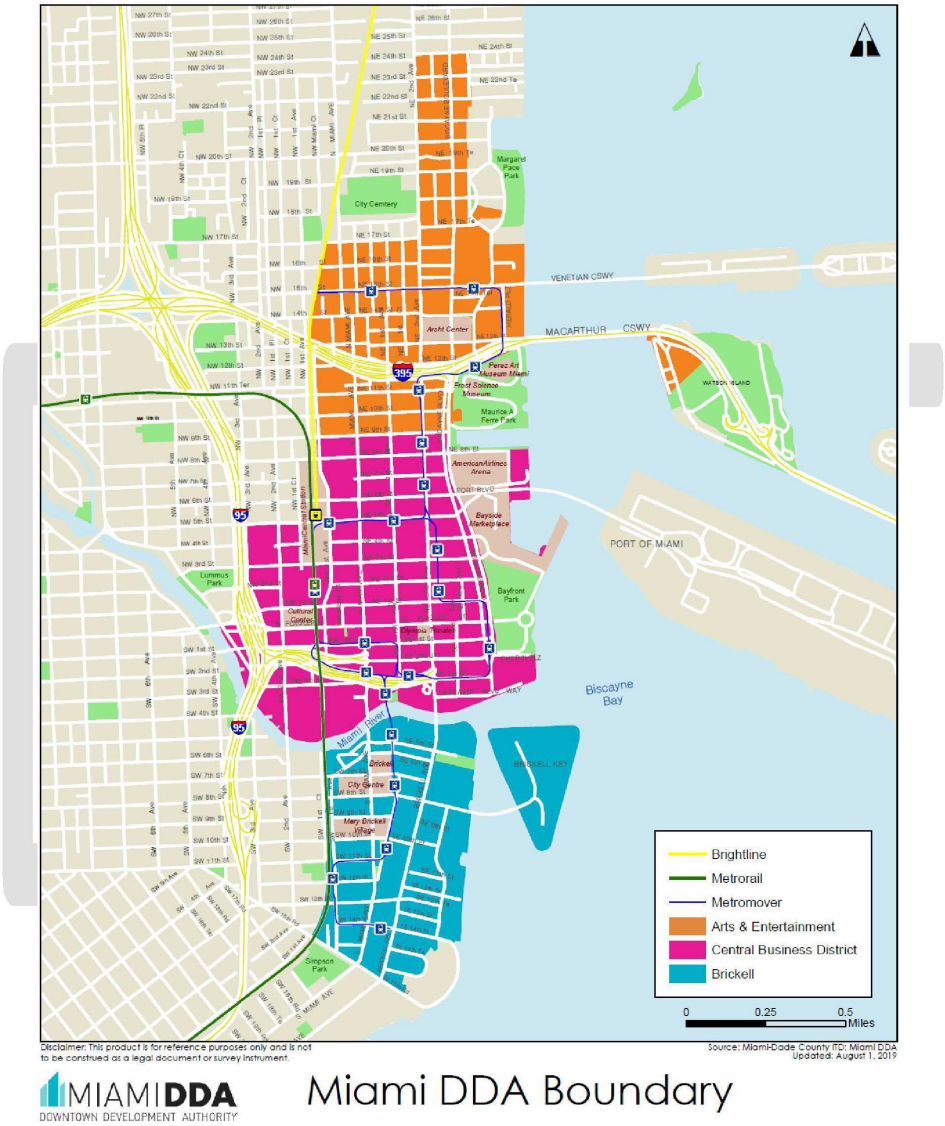
by law, jointly and severally, including, but not limited to, suspension or revocation of a CU, BTR, permit, or any other legal remedy as deemed appropriate by the city. The use of one remedy shall not preclude the use of another.

(h) App-based mobile operations.

(1) *Definitions in addition to those provided in subsection 31-51(b).*

Delivery food vehicle means any vehicle used as or in conjunction with a mobile operation unit operating with app-based meal production for delivery only to be consumed off-premises.

Mobile operation unit means the movable stand, cart, vehicle, truck, van, or trailer through which mobile operations are performed on a parking lot site or on vacant land. Shipping containers do not qualify as a mobile operations unit and require necessary building permits in order to be securely left in any space.



Mobile operations mean the operation of food trucks and delivery food vehicles and fulfillment operations performed from a movable stand, cart, vehicle, truck, van, or trailer.

(2) *Requirements for operation.*

a. The mobile operation will be allowed to operate on private property in Districts 1, 2 (excluding the Central Business District ("CBD") as described in herein), and 5 only.

b. No mobile operation shall be located within the CBD, generally identified as the area bound by Biscayne Boulevard to the East, the Miami River to the South, Northeast 9th Street to the North, and Interstate 95 ("I-95") to the West, as illustrated by the map provided in Exhibit "A", attached and incorporated.

EXHIBIT A

c. Mobile operations are permissible only on private properties within T5, T6, CS, CI, D1, D2, and D3 transect zones where the use category of food service establishment is allowed.

d. Mobile operations, mobile operation units, or food delivery vehicles shall not be located on public right-of-way, required parking spaces, driveway aisles, no-parking zones, unpaved areas, loading areas, or parking lanes and may not impede the on-site circulation of pedestrians or traffic flow.

e. The utilization of an off-street parking space for mobile operations shall not cause the abutting site to become deficient in required off-street parking.

f. Mobile operations shall not be located on private properties that houses gas stations, natural gas distributors, or other combustible energy sources.

g. Mobile operations shall be located a minimum of 25 feet from the property line of an existing residential use, except that mobile operations may be located at a minimum of ten feet from the property line if the residential use is separated by a six foot high masonry wall but may not abut a T3 transect zone.

h. Electric service connection of mobile operations to an on-site electrical outlet is permitted; however, all approved electrical services, panels, and outlet connections to a permanent enclosure or outlet box shall require an electrical permit from the building department prior to installation. Installation of electrical wiring and equipment must meet the provisions of the most recently adopted edition of the National Electrical Code. No wiring or cables may run beyond the vending area or pose any danger to the patrons or operators, either from being exposed or not properly installed to avoid a tripping hazard or life safety issues. For purposes of this requirement, the vending area includes the space taken up by a mobile operation unit; equipment; products; and any tents, tarpaulins, canopies, or awnings; and

i. All mobile operations must provide to the city their contract for servicing all grease-traps, as applicable, and said contract must remain valid or the BTR holder will be in violation of this section.

j. All mobile operations shall acquire any and all necessary permits required by the building, planning and zoning and any other departments or regulatory agencies prior to starting any business operations as allowed by this section.

(3) *Application and requirements to obtain a business tax receipt ("BTR").*

a. All mobile operations must comply with subsections 31-51(c)(1)—(3);

b. All applications shall be approved by the city manager or designee;

c. All applications will be reviewed by the city manager or designee and a determination provided within 15 days of receipt;

d. All applications shall be required to provide a site map, abutting zoning designations, the active and valid certificate of use of the private property to be used, and proof of compliance with subsection 31-51(h)(2); and

e. A notarized letter from the owner of the private property that the applicant has the authority to seek a BTR to occupy the property.

(4) *Enforcement; penalties.*

a. Any violation of this section is punishable by a fine of $250.00 for a first offense and $500.00 for each offense thereafter or as a notice of violation under the provisions of chapter 2, article X of the City Code and any other remedies as provided by law, jointly and severally, including, but not limited to, suspension or revocation of the relevant BTR or any other legal remedy as deemed appropriate by the city. The use of one remedy shall not preclude the use of another.

b. If the app-based mobile operations site converts from a mobile operation unit(s) to a permanent structure(s), compliance with the Florida Building Code and local amendments as well as Miami 21,

including but not limited to, issuance of a certificate of use, shall be required.

(Ord. No. 13796, § 2, 10-11-18; Ord. No. 13901, § 2, 5-14-20; Ord. No. 13993, § 2, 4-22-21; Ord. No. 14115, § 2, 10-13-22; Ord. No. 14249, § 2, 1-11-24; Ord. No. 14402, § 2, 10-9-25)

Secs. 31-52—31-75. Reserved.

ARTICLE III. CONVENIENCE STORE SECURITY*

Sec. 31-76. Definitions.

The city adopts by reference the definitions provided in F.S. § 812.171, as if fully set forth herein, as that statute may be amended from time to time.

(Ord. No. 10817, § 1, 12-6-90; Code 1980, § 12.1-1; Ord. No. 13256, § 1, 3-10-11)

State law reference—Similar definitions, F.S. § 817.171.

Sec. 31-77. Security requirements.

The city adopts by reference the convenience business security requirements provided in F.S. § 812.173, as if fully set forth herein, as that statute may be amended from time to time. All code compliance inspectors, as defined in this Code, may act as BTR inspectors and are authorized and directed to enforce the provisions of said statute and the provisions of this article.

(Ord. No. 10817, § 2, 12-6-90; Code 1980, § 12.1-2; Ord. No. 13256, § 1, 3-10-11; Ord. No. 13745, § 2, 2-22-18)

State law reference—Similar provisions, F.S. § 812.173.

Sec. 31-78. Training of employees.

The city adopts by reference the training requirements provided in F.S. § 812.174, as if fully set forth herein, as that statute may be amended from time to time. All code compliance inspectors, as defined in this Code, may act as BTR inspectors and are authorized and directed to enforce the provisions of said statute and the provisions of this article.

(Ord. No. 10817, § 3, 12-6-90; Code 1980, § 12.1-3; Ord. No. 13256, § 1, 3-10-11; Ord. No. 13745, § 2, 2-22-18)

State law reference—Similar provisions, F.S. § 812.174.

Sec. 31-79. Noncompliance fees.

Violations of the provisions of this article shall be cited by the city and the violator shall be given 30 days after receipt of the citation within which to correct the violation. If the violation continues beyond the time specified for correction, the violator shall be notified to appear before the code enforcement board. If the violator is found to have violated this article, the code enforcement board may impose a fine not to exceed $250.00 per day per violation for a first occurrence. The code enforcement board may impose a fine not to exceed $500.00 per day, per violation for each repeated violation. Such fines shall continue to accrue so long as the violation continues to exist on the property as per the provisions of sections 2-811 through 2-820 of this Code, but shall not exceed a total of $5,000.00.

(Ord. No. 10817, § 4, 12-6-90; Code 1980, § 12.1-4)

State law reference—Enforcement, F.S. § 812.715.

Sec. 31-80. Civil fines.

Any owner or principal operator of a convenience store, as defined in section 31-76, and located within the city who willfully and deliberately violates the requirements of this article or who deliberately fails to initially implement the requirements of this article shall be required to pay to the city, upon complaint filed by the city, a civil fine of up to $5,000.00.

(Ord. No. 10817, § 5, 12-6-90; Code 1980, § 12.1-5)

State law reference—Enforcement, civil fine, F.S. § 812.715.

ARTICLE IV. SHOPPING CARTS

Sec. 31-81. Definitions.

As used in this article, the following terms are defined as set forth below:

Cart means a shopping cart or basket which is mounted on wheels or a similar device generally

*__State law reference—__Convenience store security, F.S. § 812.171 et seq.

provided by a commercial establishment for use by a customer or an employee of said establishment for the purposes of transporting goods of any kind for any purpose.

Owner means any individual or entity, who in connection with the conduct of a business, owns, possesses, or makes any cart available to customers or the public. For purposes of this article, owner shall also include the owner's on-site or designated store manager or agent that provides the carts for use to its customers.

Premises means the entire area owned and utilized by the commercial establishment that provides carts for use by customers, including any parking lot or other property provided by the owner for customer parking.
(Ord. No. 13788, § 2, 9-27-18)

Sec. 31-82. Administration and enforcement.

The provisions of this article shall be administered and enforced by the city manager or designee.
(Ord. No. 13788, § 2, 9-27-18; Ord. No. 14138, § 10, 2-9-23; Ord. No. 14173, § 2, 5-25-23)

Sec. 31-83. Methods of compliance.

(a) An owner may comply with this article by creating and carrying out a plan to address the retention or collection of carts ("plan") using any one or more of the following methods:

(1) An electronic wheel locking mechanism;

(2) A physical barrier to prevent the removal of carts from the premises;

(3) An alarm mechanism attached to each cart to prevent removal from the premises;

(4) Implementation of a policy of not allowing the customer to exit the store with a cart;

(5) Providing an employee to carry or wheel the customer merchandise to the customer's vehicle;

(6) Implementation of a daily program for the collection of carts that are illegally removed; and/or

(7) Any other measure approved by the city as a means of preventing carts from being removed from the premises.

(b) In addition, the owner shall provide a sign in a visible location on the premises notifying cart users of the retention system and how it works. Such sign shall state the following in English, Spanish, and Creole:

Warning

Any person who removes a shopping cart from the premises without the written consent of the owner of the shopping cart or the retailer shall be presumed to be in possession of stolen property and is guilty of a misdemeanor of the first degree punishable by a term of imprisonment of up to (1) year as provided by Sections 506.509 and 506.513, Florida Statutes.

Advertencia

Se presupondrá que cualquier persona que retire un carro de compras de las instalaciones sin el consentimiento escrito del propietario del carro de compras o el minorista está en posesión de propiedad robada, y es culpable de un delito menor de primer grado punible con una pena de hasta (1) año en prisión, según lo dispuesto en las Secciones 506.509 y 506.513 de los Estatutos de Florida.

Avètisman

Depi yon moun wete charyo sou pwopriyete a san l pa gen pèmisyon alekri pwopriyetè charyo a oubyen magazen an, l ap rekonèt kòm yon moun ki gen nan men l atik ki vòlè e alò l ap koupab yon deli nan premye degre e l ap pini avèk yon pèn nan prizon pou jouk yon (1) lane konfòm ak Atik 506.509 ak 506.513 lalwa Florida.

(c) Such language shall be visible in the public area where carts are stored and legible from a distance of not less than five feet.

(d) A copy of the plan shall be submitted to the city manager or designee for review and approval.
(Ord. No. 13788, § 2, 9-27-18; Ord. No. 14138, § 10, 2-9-23; Ord. No. 14173, § 2, 5-25-23)

Sec. 31-84. Identification markings on carts.

Any owner that utilizes carts shall place readily identifiable markings on the carts which include the name and address or store number of the particular commercial establishment which owns the cart. Contact information including the manager's name, phone number, mailing address, and electronic mail address shall be provided to the city in the plan and the owner shall update the contact information within ten business days of any changes to such information.
(Ord. No. 13788, § 2, 9-27-18)

Sec. 31-85. Violations.

Any owner failing to submit a plan or failing to properly install and maintain an approved on-site cart retention system pursuant to the plan is in violation of this article.
(Ord. No. 13788, § 2, 9-27-18; Ord. No. 14173, § 2, 5-25-23)

Sec. 31-86. Uncollected carts.

(a) The city may collect any cart found off the premises and on public property. The city shall notify the owner of a cart, as designated on the shopping cart's identification markings, in writing when the city has secured an uncollected cart. After notice has been provided, any uncollected carts with owner markings may be held by the city for a period of up to 90 days pursuant to F.S. § 705.103(2).

(1) Marked carts. If the marked cart, as required in section 31-84, is not claimed by the owner within the time specified in subsection (a), then such carts shall be considered abandoned and may be disposed or declared surplus and sold if still uncollected in accordance with the City Code and/or F.S. ch. 705.

(2) Unmarked carts. Any unmarked carts shall be tagged pursuant to subsection 31-86(b), and then considered abandoned and may be disposed or declared surplus and sold if still uncollected in accordance with the City Code and/or F.S. ch. 705.

(3) All proceeds of the sale of such carts shall be the sole property of the city.

(b) If the owner is not identified on the cart, then before collecting the cart, an agent or employee of the city will place notice on the cart stating:

NOTICE TO THE OWNER AND ALL PERSONS INTERESTED IN THE ATTACHED PROPERTY

This property, to wit: (setting forth brief description) is unlawfully upon public property known as (setting forth brief description of location) and must be removed within eighteen (18) hours. Failure to remove this property will result in disposal pursuant to the City Code and/or Chapter 705, Florida Statutes.

Dated this: (setting forth the date of posting of notice) at (setting forth time). Signed (setting forth name, title, address, and telephone number of the City official to contact).

(c) The owner of a cart without identification markings shall have 18 hours from the date and time of the notice to retrieve the cart.

(d) A cart without identification markings and which has been noticed pursuant to the requirements of this section shall be considered abandoned after 18 hours from the date and time of the notice to retrieve the cart and the abandoned cart may be sold if still uncollected in accordance with the City Code and F.S. ch. 705, or may be disposed of in any manner (including discarded) as determined by the city manager or designee.
(Ord. No. 13788, § 2, 9-27-18; Ord. No. 14138, § 10, 2-9-23; Ord. No. 14173, § 2, 5-25-23)

Sec. 31-87. Exemptions.

(a) Any owner desiring an exemption from the identification markings requirements of subsection 31-84(a) shall file a petition for exemption with the city manager or designee. The filing fee for a petition for exemption shall be $500.00 per year for each premises and due on or before October 1 of each year. A petition for exemption shall be valid for a period of no more than one year.

(b) Upon such filing, the city manager or designee shall issue the owner an exemption from the requirements of subsection 31-84(a) if:

(1) Physical barriers exist to prevent the removal of the cart(s) from the premises or the parking lot where utilized, which conform to all applicable building code requirements;

(2) Electronic wheel locking mechanism, alarms, or other security devices (such as wheel locking mechanisms to be used in conjunction with an electronic barrier or protruding arms or similar devices prohibiting the cart from being removed from the interior of the premises) are attached to the carts to prevent its removal from the premises or the parking lot where utilized;

(3) A system has been established, which may be mechanical in nature, requiring a deposit to use the cart in an amount which would not deter the use of the cart but would encourage the return of the cart; or

(4) Similar methods have been adopted that would prevent the removal of a cart from the premises where utilized.

(c) Any exemption granted under this article shall expire if the grounds for the exemption cease to be maintained or used.

(d) Any owner with a commercial establishment who provide carts for use by a customer prior to the effective date of this article, shall have a period of one year from the effective date of this article to come into compliance with this article.

(e) The owners of a premises of under 5,000 square feet with a maximum of 15 carts or less for use by a customer of the premises shall be exempt from the requirements of this article.
(Ord. No. 13788, § 2, 9-27-18; Ord. No. 14173, § 2, 5-25-23)

Sec. 31-88. Removal, storage, and disposal of carts found on public property.

(a) The city may remove and place into storage all carts found on public property.

(b) After the city has removed identifiable carts from public property, the city manager or designee shall promptly provide written notice by regular mail to the owner at the address designated on the cart's identification markings. If the cart has no identification markings but the owner can otherwise be readily determined by other distinguishing characteristics or notice to the city, the code compliance department shall mail the notice to the determined owner. The notice shall be deemed complete upon mailing and posting by the code compliance department and receipt of the notice by the owner is not required.
(Ord. No. 13788, § 2, 9-27-18; Ord. No. 14138, § 10, 2-9-23; Ord. No. 14173, § 2, 5-25-23)

Sec. 31-89. Enforcement.

Notwithstanding the provisions of F.S. § 506.5131, any owner violating the provisions of this article shall be subject the penalties as provided by chapter 2, article X, which includes the issuance of a $500.00 citation or notice of violation, as allowed by law. No one form of enforcement shall preclude use of another.
(Ord. No. 14173, § 2, 5-25-23)

Secs. 31-90—31-93. Reserved.

ARTICLE V. HOTEL/MOTEL REGULATIONS

Sec. 31-94. Hotel/motel rentals—Prohibition of human trafficking; definitions; required minimum requirements and standards, violations, and penalties.

(a) *Definitions.* As used in this section, the following words will have the following definitions:

Hotel(s)/motel(s) shall mean hotels, motels, inns, bed and breakfasts, and all other lodging uses as set forth in Article 1 of Ordinance No. 13114, the Zoning Ordinance for the City of Miami, Florida, as amended ("Miami 21"), and the laws of the State of Florida, regardless of size and number of units.

Human trafficking shall mean the same as is set forth in F.S. § 787.06.

Labor trafficking shall mean the recruitment, harboring, transportation, provision, or obtaining of a person for labor or services through the use of force, fraud, or coercion pursuant 22 United States Code Section ("USC") 7102.

Sex trafficking shall mean the recruitment, harboring, transportation, provision, obtaining, patronizing, or soliciting of a person for the purposes of a commercial sex act in which the commercial sex act is induced by force, fraud, or coercion pursuant to 22 USC Section 7102.

(b) *Minimum requirements, standards.* To eradicate the scourge of human trafficking, hotels/motels in the city will adhere to and comply with the following minimum requirements and standards.

(1) *Rental.* No rentals to minors. Room rentals shall be limited to persons over the age of 18 years old.

(2) *Photographic identification ("ID") required.* Rentals shall only be permitted to those persons over the age of 18 with a government issued photographic identification that establishes the name, age, and address of the person registering.

(3) *Check-in and check-out procedure, information, and hotel/motel log.* Hotels/motels shall keep the information provided in the ID of the party registering for the room(s) referenced above along with the following information in a log to be kept on the premises: number of person(s) occupying the room(s); automobile tag number, if applicable; dates when room will be occupied; rate charged; and any other information as required by F.S. § 509.101. The log shall be kept for inspection by the hotel/motel for two calendar years as required by state statute and for inspection by the Miami Police Department.

(4) *CCTV.* Hotels/motels shall install and maintain a closed-circuit TV or cloud-based video surveillance system ("CCTV") which films the front entrance or any other entry or exit, the check-in desk area, any open-air breezeways, and any parking area of the hotel/motel. The CCTV shall have at least a 30-day memory and a camera that is a minimum of 1080 HD with a frame rate of 15 frames per second.

a. *City access to CCTV.* Each hotel/motel shall have the option to voluntarily participate with and allow access to the stored video based upon a mutually agreed upon process or a lawful request from the Miami Police Department. This access shall not be construed as the Miami Police Department providing any surveillance, security, or any other manner of assistance with security and safety on the premises.

b. *CCTV Warning.* Every hotel/motel shall provide warning notices prominently displayed at all entrances and exits that CCTV cameras are operational and recording the check-in area, entrances, exits, parking areas, and open-air breezeways. No CCTV camera shall be specifically set to record a hotel/motel room door but rather general entry, exit, check-in desk area, parking area, and open-air breezeway views. CCTV cameras set in any area where there may be hotel/motel room entry door shall not be in violation of this article so long as the camera focus is the general area as described herein.

(5) *Cause for warrants.* Probable cause for criminal search warrants and cause for civil inspection warrants to search any hotel/motel believed to be in violation of federal, state, or local law shall be done in accordance with F.S. ch. 933.

(6) *Minimum hours of room rentals.* Hotel/motel rooms must be rented for a minimum time of four consecutive hours.

This is the minimum stay period. No room may be rented more than six times in a 24-hour period.

(7) *Advertising, signage.*

a. No advertising or signage of fractional room rentals is permitted on premises.

b. The hotel/motel shall post a human trafficking public awareness sign in a conspicuous area as specified and required in F.S. § 509.096, including the National Human Trafficking Hotline Number and the Miami Human Trafficking Hotline with the Miami-Dade State Attorney's Office 305-FIX-STOP (305-349-7867).

(8) *Annual human trafficking awareness training.* The hotel/motel shall provide annual human trafficking awareness training to its employees as is specified and required in F.S. § 509.096.

(9) *Reporting of human trafficking.* The hotel/motel shall be responsible to report all human trafficking as required by F.S. § 509.096, and the Miami Human Trafficking Hotline with the Miami-Dade State Attorney's Office 305-FIX-STOP (305-349-7867).

(10) *Fire-rescue, building, and city code compliance.* At the time the hotel/motel applies for the annual business tax receipt ("BTR") or certificate of use ("CU") including the renewal of the BTR or the CU, the hotel/motel shall allow inspection by the fire-rescue and building departments to assure compliance with all fire, building, and city codes, as applicable.

(11) *Crime mitigation plan.* At the time a hotel/motel applies for its annual BTR or CU from the city, each hotel/motel shall include a crime mitigation plan, which shall be approved by the chief of police and shall at minimum attest to the following:

a. Each employee has complied as required by the State of Florida with the annual human traffic awareness training set forth in F.S. § 509.096, or the employee is currently undergoing such training and provide proof of such compliance;

b. Hotels/motels shall have a duty to report any illegal activity observed on the premises to the Miami Police Department; and

c. Hotels/motels shall fully cooperate with the Miami Police Department and the prosecuting agency or agencies regarding any investigation or subsequent arrest made on the premises.

(12) *Lighting.* Hotels/motels shall install and maintain lighting as required by chapter 10, article XI of the City Code in good operational condition in the main entrance and parking area.

(13) *Security.* Hotels/Motels shall hire at least one full time security guard or off-duty city certified law enforcement officer to patrol the premises from 9:00 p.m. to 5:00 a.m. seven days a week.

(14) *Installation of lighting and CCTV.* Installation or upgrading of lighting or CCTV as required by this article shall be required to be completed within six months of the date of the article's adoption unless the hotel/motel is found in violation of any other requirement of this article, in which case, compliance shall be immediate.

(c) *Remedies; penalties.* Hotels/motels violating this article will be subject to one or more of the remedies provided for in this section as decided by the city and/or any other public agency having jurisdiction over the premises. All remedies are cumulative and do not preclude or impede in any way a law enforcement officer to investigate and effectuate an arrest for related criminal conduct or activity on the premises.

(1) Legal action in a court of competent jurisdiction for violation of the City Code as provided for in section 1-13 of the City Code and/or other civil action deemed to be in the city's best interests.

(2) Denial, suspension, or revocation of a BTR in accordance with applicable provisions of the City Code.

(3) Denial, suspension, or revocation of a CU in accordance with chapter 2 of the City Code.

(4) Proceedings before the city's nuisance abatement board and all remedies available under such proceedings.

(5) Remedies under the Florida Contraband Forfeiture Act as provided in F.S. §§ 932.701—932.7062.

(6) Code enforcement proceedings pursuant to chapter 2, article X of the City Code:

a. First violation shall be punishable with a $1,000.00 per diem fine.

b. Second violation shall be punishable with a $2,500.00 per diem fine.

c. Third and subsequent violations shall be punishable with a $5,000.00 per diem fine.

d. Any hotel/motel found to have facilitated prostitution, human trafficking, or other illegal criminal acts is subject to a fine of up to $15,000.00 as a code enforcement matter if the code enforcement board or special master finds the violation to be irreparable or irreversible in nature in accordance with the criteria set forth in section 2-817 of the City Code.

(Ord. No. 14014, § 2, 7-22-21)

Secs. 31-95—31-99. Reserved.

ARTICLE VI. MASSAGE ESTABLISHMENTS

Sec. 31-100. Definitions.

The following words, terms, and phrases, when used in this article, shall have the meanings ascribed to them in this section:

(1) *Employees* shall mean and shall encompass those persons in direct employ and those persons acting as independent contractors.

(2) *Establishment* shall mean a site or premises, or portion thereof, wherein a massage therapist, Employee, masseur, or masseuse practices massage.

(3) *Establishment owner* shall mean a person who has ownership interest in a massage establishment. The term includes but is not limited to an individual who holds a massage establishment license, a general partner of a partnership, an owner or officer of a corporation, and a member of a limited liability company and its subsidiaries who holds a massage establishment license.

(4) *Fee* or *gratuity* shall mean and include payment by money, check, credit card, or any combination thereof or anything of value in exchange for services under this article.

(5) *Massage* shall mean the manipulation of the soft tissues of the human body by the hand, foot, arm, or elbow of an employee of a massage establishment, whether or not such manipulation is aided by hydrotherapy, including colonic irrigation, or thermal therapy; any electrical or mechanical device; or the application to the human body of a chemical or herbal preparation.

(6) *Massage establishment* shall mean and includes any health spas, health studios, exercise salons, relaxation spas, health salons, health clubs and adult relaxation spas, shops, parlors, Establishments, or places of business wherein all or any one or more of the named subjects and methods of treatments, as defined in subsection (1), are administered or practiced.

(7) *Massage therapist* shall mean the same as set forth in F.S. § 480.033.

(8) *Masseur* and *masseuse* shall mean and include a person who practices, administers, or teaches all or any one or more of the following subjects and methods of treatments:

a. A person who administers or teaches treatments with any mechanical or

electrical apparatus for the purpose of body slenderizing, body reducing, or body contouring.

b. A person who has studied the underlying principles of anatomy and physiology, including the theory of massage, its indications and contra-indications, and administers or teaches all or any one or more of the following subjects and methods of treatments: oil rubs, salt glows, hot or cold packs, all kinds of baths including steam rooms, cabinet baths, sitz baths, color irrigations, body massage either by hand or by any mechanical or electrical apparatus or device (excluding fever therapy), applying such movements as stroking, friction, rolling, vibration, kneading, cupping, petrissage, rubbing, effleurage, or tapotement.

c. Nothing in this article shall be construed as applying to State of Florida licensed barbers, cosmetologists, manicurists, pedicurists, physical therapists, physical therapist assistants, midwives, practical nurses, agents, servants, or employees in licensed hospitals or nursing homes or other licensed medical institutions, licensed physicians, osteopaths, chiropractors, podiatrists, naturopathic physicians, other licensed medical practitioners, or their agents, servants, or employees acting in the course of such agency, service, or employment.

(9) *Premises* shall mean the real property, or portion thereof, upon which the massage establishment is located, including, but not limited to, the establishment and the grounds, private walkways, parking lots, and/or parking garages under the ownership or control of the establishment.

(Ord. No. 14013, § 2, 7-22-21)

Sec. 31-101. Massage establishments—Prohibited practices.

An establishment owner and/or its employees may not operate or provide massage services at a massage establishment in the city between the hours of 10:00 p.m. and 8:00 a.m. daily. This subsection does not apply to a massage establishment:

(1) Located on the premises of a health care facility as defined in F.S. § 408.07; a health care clinic as defined in F.S. § 400.9905(4); a hotel as defined in F.S. § 509.242; a timeshare property as defined in F.S. § 721.05; or a pari-mutuel facility as defined in F.S. § 550.002;

(2) In which every massage performed between the hours of 10:00 p.m. and 8:00 a.m. is performed by a massage therapist acting under the prescription of a physician or physician assistant licensed under F.S. ch. 458; an osteopathic physician or physician assistant licensed under F.S. ch. 459; a chiropractic physician licensed under F.S. ch. 460; a podiatric physician licensed under F.S. ch. 461; an advanced practice registered nurse licensed under F.S. ch. 464, pt. I; or a dentist licensed under F.S. ch. 466.

(Ord. No. 14013, § 2, 7-22-21)

Sec. 31-102. Physical contact.

It shall be unlawful for any person in any of the establishments described in subsections 31-100(2) and 31-100(6) hereof, or other similar type of business, to provide any type of physical contact, touching, or massage for a fee or gratuity unless the person providing the service is a masseur or masseuse duly licensed in accordance with the provisions of F.S. ch. 480.

(Ord. No. 14013, § 2, 7-22-21)

Sec. 31-103. Removing clothing.

It shall be unlawful for any person in any of the establishments described in subsections 31-100(2) and 31-100(6) hereof to request another person to remove his or her clothing, unless the person making the request is a masseur or masseuse duly licensed in accordance with the provisions of F.S. ch. 480.

(Ord. No. 14013, § 2, 7-22-21)

Sec. 31-104. Presence of licensed masseur or masseuse required.

It shall be unlawful to operate any of the establishments described in subsections 31-100(2) and 31-100(6) hereof unless there shall be in its employ and on duty full-time during the hours open for business at least one licensed masseur or licensed masseuse.
(Ord. No. 14013, § 2, 7-22-21)

Sec. 31-105. Presence of person in charge.

It shall be unlawful for any person, firm, or corporation who shall be the owner of any of the establishments described in subsections 31-100(2) and 31-100(6) hereof to operate that establishment unless the owner shall be present upon the premises or, in the event of the absence of the owner from the premises, unless the owner designates, in a signed writing to be left on the premises, a person to be in charge of the premises who shall also be a masseur or masseuse licensed in accordance with the provisions of F.S. ch. 480.
(Ord. No. 14013, § 2, 7-22-21)

Sec. 31-106. Responsibility of owner and manager.

It shall be unlawful for any person owning or managing or otherwise controlling any place of business located in the city to cause or to knowingly permit any agent, servant, employee, or other person under his control or supervision to participate in the conduct prohibited in sections 31-102 or 31-103 hereof.
(Ord. No. 14013, § 2, 7-22-21)

Sec. 31-107. Human trafficking awareness signs at adult entertainment, massage, and bodywork services establishments.

(a) The employer at each massage establishment shall display public awareness signs in a conspicuous location that is clearly visible to the public and employees of the establishment.

(b) The required public awareness sign must be at least 8.5 inches by 11 inches in size, must be printed in at least 16-point type, and must state substantially the following in English, Spanish, and Creole:

> If you or someone you know is being forced to engage in an activity and cannot leave—whether it is prostitution, housework, farm work, factory work, retail work, restaurant work, or any other activity—call the National Human Trafficking Resource Center at 1-888-373-7888 or text INFO or HELP to 233-733 to access help and services. Victims of slavery and human trafficking are protected under United States and Florida Law.

(c) The required public awareness sign must be posted pursuant to F.S. § 787.29, section 21-31.5 of the Miami-Dade County Code, and section 31-107 of the City Code.
(Ord. No. 14013, § 2, 7-22-21)

Sec. 31-108. Window.

A massage establishment shall maintain window signage so that there is a clear and unobstructed view of the interior of the reception area from the exterior of the establishment.
(Ord. No. 14013, § 2, 7-22-21)

Sec. 31-109. Penalties.

(a) Any person who violates any provision of this article commits a municipal ordinance violation and may be punished as provided in section 1-13 of the City Code. Each instance of the above-described prohibited practices constitutes a violation and shall constitute a separate offense.

(b) The establishment owner or operator of any massage establishment found to be in violation of this article or allowing an employee of the establishment to preform Massage services is subject to the following penalties:

(1) First violation shall be subject to a $1,000.00 per diem fine.

(2) Second and subsequent violations shall be subject to a fine of up to $5,000.00 per day as a repeat violator and a revocation of the certificate of use for the business establishment.

(c) Any individual or establishment found to have facilitated prostitution, human sex trafficking, or other illegal conduct in a massage establishment is subject to a fine of up to $15,000.00 as a code enforcement matter if the code enforcement board or special master finds the violation to be irreparable or irreversible in nature in accordance with the criteria set forth in subsection 2-817(c) of the City Code, revocation of the certificate of use for the business, and forfeiture of the premises pursuant to the Florida Contraband Forfeiture Act of F.S. §§ 932.701—932.7062.
(Ord. No. 14013, § 2, 7-22-21)

Sec. 31-110. Cumulative remedies.

Remedies provided under this article are cumulative and do not preclude in any way a law enforcement officer's right to effectuate an arrest for related criminal conduct or the city from seeking an injunction or other appropriate remedies. The city attorney is authorized to file a civil action to enforce and collect attorneys' fees and costs and such proceedings shall be expedited by the court.
(Ord. No. 14013, § 2, 7-22-21)

Sec. 31-111. Immunity.

The city and its elected and appointed officials, employees, and agents are immunized from civil or criminal liability for actions taken in accordance with this article.
(Ord. No. 14013, § 2, 7-22-21)

ARTICLE VII. RETAIL HEMP ESTABLISHMENTS AND SMOKE SHOPS

Sec. 31-112. Definitions.

As used in this section, the following words will have the following definitions:

Hemp shall mean the plant Cannabis sativa L. and any part of that plant, including the seeds thereof, and all derivatives, extracts, cannabinoids, isomers, acids, salts, and salts of isomers thereof, whether growing or not, that has a total delta-9 tetrahydrocannabinol concentration that does not exceed 0.3 percent on a dry-weight basis as defined in F.S. § 581.217. Hemp does not include extraction of marijuana psychoactive components, to include tetrahydrocannabinol ("THC") in any form and is strictly prohibited.

Hemp extract products shall mean any products containing hemp, any byproducts of hemp to include CBD derivatives of any kind derived, or any other cannabinoids extracted from hemp or flower that is an ingredient of any foods, sugars, solvents intended for ingestion or inhalation and is allowed to be distributed and sold in Florida if it meets the requirements of the State hemp program pursuant to F.S. § 581.217, as amended.

Retail hemp establishment shall mean establishments that dedicate more than 20 percent of their tenant floor space square footage to the sale, offering, and/or furnishing of prepacked food consisting of or containing hemp, hemp extract products, or cannabidiol ("CBD") products including delta-8 tetrahydrocannabinol to the end consumer. These food establishments must have a hemp food establishment permit from the Department of Agriculture and Consumer Services, Division of Food Safety.

Smoke shop shall mean commercial retail sales or wholesale establishments primarily engaged in selling tobacco and/or tobacco products, where 20 percent or more of the tenant floor space of the business is dedicated to any combination of the following activities, or related activities:

(1) Retail sale, offering, and/or furnishing of cigarettes, pipes, and/or electronic cigarette devices and/or the retail sale of related paraphernalia including but not limited to pipes, punctured metal bowls, bongs, water bongs, electric pipes, e-cigarettes, e-cigarette juice, vaporizers, hookahs, and devices for holding burning material; or

(2) Storage, mixing, rolling, display of products including nicotine-enriched solutions or other liquid products that are manufactured for use with vaping or e-cigarettes; or

(3) A retail hemp establishment as defined in this section.

Smoking lounge shall mean an establishment that is dedicated primarily to the on-premises consumption of hemp and hemp extract products, electronic cigarettes, or other smoked or vaporized substances, and/or the use of hookahs. Smoking lounge includes but is not limited to establishments known, advertised, or represented as smoke lounges, hookah lounges, vape lounges, tobacco clubs, tobacco bars, smoke shops as defined in this section, and similar terminology. Cigar shops and smoking lounges of a retail cigar shop are not subject to the provisions of this article.
(Ord. No. 14180, § 2, 6-8-23)

Sec. 31-113. Minimum requirements and standards.

To promote the general public welfare and safety by imposing and enforcing reasonable and necessary restrictions on hemp and hemp extract products sold and/or distributed for ingestion or consumption in the city, a retail hemp establishment, including smoke shops and smoking lounges in the city shall adhere to and comply with the following minimum requirements and standards.
(Ord. No. 14180, § 2, 6-8-23)

Sec. 31-114. Labeling requirements for hemp extract products pursuant to Florida Statutes.

(a) Pursuant to F.S. § 581.217(7), as amended, and the rules adopted by the Florida Department of Agriculture and Consumer Services pursuant thereto, hemp extract products may only be distributed and/or sold in the city if the product:

(1) Has a certificate of analysis prepared by an independent testing laboratory that states:

a. The hemp extract is the product of a batch tested by the independent testing laboratory;

b. The batch contained a total delta-9-tetrahydrocannabinol concentration that did not exceed 0.3 percent pursuant to the testing of a random sample of the batch; and

c. The batch does not contain contaminants unsafe for human consumption.

(2) Is distributed or sold in a container that includes:

a. A scannable barcode or quick response code linked to the certificate of analysis of the hemp extract batch by an independent testing laboratory;

b. The batch number;

c. The internet address of a website where batch information may be obtained;

d. The expiration date; and

e. The number of milligrams of each marketed cannabinoid per serving.

(3) Hemp extract distributed or sold in violation of this section shall be considered adulterated or misbranded pursuant to F.S. chs. 500, 502, or 580, as amended.
(Ord. No. 14180, § 2, 6-8-23)

Sec. 31-115. Distribution and sales of products to customers.

(a) Any product sold by a retail hemp establishment, smoke shops, and/or available in smoking lounges intended for inhalation and is a hemp extract product may not be sold to a person who is under 21 years of age.

(b) Sales shall only be permitted to those persons over the age of 21 with a government issued photographic identification that establishes the name, age, and address of the purchaser.

(c) All retail hemp establishments and smoke shops shall post a clear and conspicuous sign which substantially states the following: "The sale of hemp and hemp extract products to persons under 21 years of age is against Florida law. Proof of age is required for purchase."

(d) The owner or manager of a retail hemp establishment or smoke shop shall provide at the point-of-sale counter, in a location clearly visible to the dealer or the dealer's agent or employee, instructional material in a calendar format or

similar format to assist in determining whether a customer is of legal age to purchase hemp extract products.

(e) A retail hemp establishment or smoke shop shall not be located within:

(1) One thousand-foot radius of an existing public or private preschool, elementary school, middle school, high school, park, playground, or place of worship or institutional facility.

(2) The distances specified in this section shall be determined by the horizontal distance measured in a straight line from the closest property line to the closest property line of the lot on which the establishment is located, without regard to intervening structures. In the case of a multi-use building located upon a single tract of land, the distance shall be measured by drawing a straight line between the outermost exterior wall of the unit within the multi-use building intended for use as a commercial retail establishment and the closest property line of the nearest school, park, or place of worship or institutional facility.

(f) Dispensing of, payment for, and receipt of a hemp extract product is prohibited anywhere outside the retail hemp establishment or smoke shop.
(Ord. No. 14180, § 2, 6-8-23)

Sec. 31-116. Distance requirements.

Retail hemp establishments, smoke shops and smoking lounges in the city as a primary use shall be located no closer than one mile from another such use as measured from property line to property line in a straight line from the nearest point of the subject property to the nearest point of the existing retail hemp establishment, smoke shop, or smoking lounge, inclusive of such locations that may be outside of the city limits.
(Ord. No. 14180, § 2, 6-8-23)

Sec. 31-117. Windows.

Retail hemp establishments, smoke shops and smoking lounges shall keep all doors and windows clear and unobstructed and free of any signage, screening or tinting so as to not obscure visibility of the interior point of sales counter from the exterior of the establishment.
(Ord. No. 14180, § 2, 6-8-23)

Sec. 31-118. Signage.

Retail hemp establishments, smoke shops and smoking lounges shall not display smoking devices, or any branding, images or insignias of a cannabis leaf or emblems in the likeness of a cannabis leaf on any form of storefront signage in any format including neon, electrical, or LED lighting. Furthermore, no sign shall bear any image depicting or describing a marijuana leaf or the combustion of plant material, whether by means of display, decoration, sign, window or any other means. No hemp or hemp extract products or pictures of the products in the premises of the establishment shall be displayed on signs, in window areas or any area where they can be viewed from the sidewalk or street in front of the establishment.
(Ord. No. 14180, § 2, 6-8-23)

Sec. 31-119. Lighting.

Retail hemp establishments, smoke shops and smoking lounges shall install and maintain lighting as required by chapter 10, article XI of the City Code in good operational condition in the main entrance and parking area.
(Ord. No. 14180, § 2, 6-8-23)

Sec. 31-120. Closed-circuit video surveillance system.

(a) Retail hemp establishments, smoke shops and smoking lounges shall install and maintain a closed-circuit TV or cloud-based video surveillance system ("CCTV") which films the front entrance or any other entry or exit, the point-of-sales counter, and any parking area of the establishment. The CCTV shall have at least a 30-day memory and a camera that is a minimum of 1080 HD with a frame rate of 15 frames per second.

(b) Each establishment shall have the option to voluntarily participate with and allow access to the stored video based upon a mutually agreed upon process or a lawful request from the Miami Police Department. This access shall not be construed as the Miami Police Department providing any surveillance, security, or any other manner of assistance with security and safety on the premises.
(Ord. No. 14180, § 2, 6-8-23)

Sec. 31-121. Cause for warrants.

It shall be unlawful for any retail hemp establishments, smoke shops and smoking lounges to refuse or prevent reasonable inspection by police officers during any time in which the establishment is open for business. Probable cause for criminal search warrants and cause for civil inspection warrants to search any establishments believed to be in violation of federal, state, or local law shall be in accordance with F.S. ch. 933.
(Ord. No. 14180, § 2, 6-8-23)

Sec. 31-122. Penalties.

Any retail hemp establishment, smoke shop or smoking lounge in violation of this article will be subject to one or more of the remedies provided for in this section as decided by the city and/or any other public agency having jurisdiction over the establishments.

(1) Legal action in a court of competent jurisdiction for violation of the City Code as provided for in section 1-13 of the City Code and/or other civil action deemed to be in the city's best interests.

(2) Denial, suspension, or revocation of a BTR in accordance with applicable provisions of the City Code.

(3) Denial, suspension, or revocation of a CU in accordance with chapter 2 of the City Code.

(4) Code enforcement proceedings pursuant to chapter 2, article X of the City Code:

   a. First violation shall be punishable with a $1,000.00 per diem fine.

   b. Second violation shall be punishable with a $2,500.00 per diem fine.

   c. Third and subsequent violations shall be punishable with a $5,000.00 per diem fine.

(Ord. No. 14180, § 2, 6-8-23)

Sec. 31-123. Cumulative remedies.

Remedies provided under this article are cumulative and do not preclude in any way a law enforcement officer's right to effectuate an arrest for related criminal conduct or the city from seeking an injunction or other appropriate remedies. The city attorney is authorized to file a civil action to enforce and collect attorneys' fees and costs and such proceedings shall be expedited by the court.
(Ord. No. 14180, § 2, 6-8-23)

ARTICLE I. IN GENERAL

Secs. 32-1—32-25. Reserved.

ARTICLE II. BANKRUPTCY AND CLOSING-OUT SALES*

Sec. 32-26. Definitions.

For the purpose of this article, the following words and phrases shall have the meanings ascribed to them by this section:

Director of finance: The term "director of finance" shall include his/her authorized deputy, assistant or agent.

Publish, advertisement, etc.: The words "publish," "publishing," "advertising," and "advertisement" shall include all means of conveying to the public notice of a sale or notice or intention to conduct a sale whether by word of mouth, newspaper advertisement, magazine advertisement, handbill, written notice, printed display, billboard display, poster, radio announcement and all means, including oral, written or printed.

Sale, sales: The words "sale" and "sales" are defined to be the sale, or an offer to sell, to the public goods, wares and merchandise of any and all kinds and descriptions on hand and in stock in connection with a declared purpose, as set forth by advertising on the part of the seller and anticipatory to the termination, closing, liquidation, revision, winding-up, discontinuance, conclusion or abandonment of the business in connection with such sale. They shall also include any sale advertised to be a "bankruptcy sale" or any sale in which the terms "bankrupt" or "bankruptcy" are used in connection with advertising pertaining to such sale. They shall also include "adjustment sale," "creditor's sale," "liquidation sale," "reorganization sale," "alteration sale," "executor's sale," "administrator's sale," "insolvency sale," "fire sale," "insurance salvage sale," "mortgage sale," "assignee's sale," "adjuster's sale," "receiver's sale," "loss-of-lease sale," "closing-out sale," "wholesaler's closing-out sale," "creditor's committee sale," "forced-out-of-business sale" and all sales advertised in such a manner as reasonably to convey to the public that, upon the disposal of the stock of goods on hand, the business will cease and be discontinued.

(Code 1967, § 31-9; Code 1980, § 32-29; Ord. No. 13676, § 2, 4-27-17)

Sec. 32-27. License—Required.

No person shall publish or conduct any sale of the type defined in section 32-26 without first having obtained a license as provided in this article.

(Code 1967, § 31-10; Code 1980, § 32-30)

Sec. 32-28. Same—Application; inventory of stock.

(a) Any person desiring a license to conduct any sale of the type defined in section 32-26 shall make a written application in a form approved by the director of finance and verified by the person or, if a corporation, an officer thereof who intends to conduct the sale. Such application shall contain a description of the place where such sale is to be held, the nature of the occupancy, whether by lease or sublease, and the effective date of termination of such occupancy, the means to be employed in publishing such sale, together with the proposed language to be contained in any advertisements.

(b) Such application shall further contain, as part thereof, an inventory containing a complete and accurate list of the stock of goods, wares and merchandise upon the premises to be sold at such sale. Such verified application shall include the names and addresses of the persons, such as the partners, officers and directors, and the principal stockholders and owners of the business and the inventoried merchandise.

(c) The mentioned inventory shall contain the cost price of the respective articles enumerated therein, together with the date of such purchase and the identity of the seller. If the goods, wares and merchandise were purchased by the applicant or the person for whom he/she is acting as agent for a lump sum, or if there are other circumstances that make the listing of the cost price for each article impracticable, such inventory shall state

*__State law reference—__Fire and going-out-of-business sales, F.S. § 559.20 et seq.

the lump sum paid for such goods, wares and merchandise, and the circumstances of the purchase of the same.

(d) The application shall further state the effective date of the beginning of such sale.
(Code 1967, § 31-11; Code 1980, § 32-31; Ord. No. 13676, § 2, 4-27-17)

Sec. 32-29. Same—Investigation fee.

Upon filing an original application or renewal application for a license to advertise and conduct a sale or special sale, as defined in section 32-26, the applicant shall pay to the director of finance a fee of $26.25. If an application or renewal application is disapproved, such payment shall be forfeited to the city for the cost of investigating the statements contained in such application or renewal application.
(Code 1967, § 31-12; Code 1980, § 32-32; Ord. No. 13142, § 11, 2-11-10)

Sec. 32-30. Same—Inspection of application; issuance; surrender of existing local business tax receipt.

Upon receipt of the application required by section 32-28 and the payment of the fee prescribed in section 32-29, the director of finance shall cause the same to be examined and inspected. If, after such inspection, the director of finance is satisfied as to the truth of the statements contained in such application and as to the form and content of the advertising to be used in connection with such sale, he/she shall issue a license permitting the publication and conduct of such sale; provided that, prior to or at the time of the issuance of such license, the applicant therefor shall surrender for cancellation his/her existing local business tax receipt for the business involved without refund of the fee or any portion thereof paid for the local business tax receipt.
(Code 1967, § 31-13; Code 1980, § 32-33; Ord. No. 12885, § 1, 2-8-07; Ord. No. 13676, § 2, 4-27-17)

Editor's note—Ord. No. 12885, § 1, adopted February 8, 2007, changed the title of § 32-30 from "Same—Inspection of application; issuance; surrender of existing license" to "Same—Inspection of application; issuance; surrender of existing local business tax receipt." The historical notation has been preserved for reference purposes.

Sec. 32-31. Same—Term; supplemental licenses.

(a) The license provided for in this article shall be for a period of time not exceeding 30 calendar days. The period of time during which a sale may be conducted under a license issued under the provisions of this article may be extended by the director of finance if, at any time during the term of the license, a written application for such extension, duly verified by affidavit of the applicant, shall be filed by such licensee with the director of finance. The application for an extension of such license shall state the amount of the goods, wares and merchandise listed in the original inventory, which shall have been sold since the issuance of the license, and the amount of goods, wares and merchandise contained in such original inventory which still remain in the possession of the applicant for sale. No extension of the license shall be granted if any goods, wares or merchandise shall have been added to the stock of merchandise listed in the inventory filed as required by section 32-28 since the date of the issuance of the license, and the applicant shall satisfy the director of finance by affidavit or otherwise, as directed by him/her, that no goods, wares or merchandise have been added to such stock since the date of issuance of the license. The director of finance may, in consideration of the facts, upon hearing such petition, grant or deny a supplemental license, and, if such supplemental license is granted, the period of the extension shall not exceed 15 calendar days from the expiration of the original license and only one supplemental license shall be granted.

(b) The fee to be collected by the director of finance for the issuance of such supplemental license shall be the same as the fee collected for a "closing-out sale" license.
(Code 1967, § 31-14; Code 1980, § 32-34; Ord. No. 13676, § 2, 4-27-17)

Sec. 32-32. Same—Display; inspection of duplicate of application and stock list.

Upon commencement of any sale, as defined in section 32-26, the license issued by the direc-

tor of finance shall be prominently displayed in its original form near the entrance to the premises. No copy of such license shall be otherwise displayed or utilized in any advertisement. A duplicate original of the application and stock list, pursuant to which such license was issued, shall at all times be available to the director of finance and to inspectors of the division of trade standards, and the licensee shall permit such officers to examine all merchandise in the premises for a comparison with such stock list.
(Code 1967, § 31-15; Code 1980, § 32-35)

Sec. 32-33. Supervision and rules and regulations of director of finance.

The director of finance is authorized and empowered to supervise all sales or special sales defined in section 32-26. He/she is further empowered to make such rules and regulations for the conduct and advertisement of such sales as in his/her opinion will serve to prohibit deception and to protect the public. In this connection, inspectors of the division of trade standards shall be deemed to be the duly authorized agents of the director of finance.
(Code 1967, § 31-16; Code 1980, § 32-36; Ord. No. 13676, § 2, 4-27-17)

Sec. 32-34. Advertising—Generally.

All advertisements or advertising and the language contained therein, in reference to a sale conducted under the provisions of this article, shall be in accordance with the purpose of the sale as stated in the application pursuant to which a license was issued, and the wording of such advertisements shall not vary from the wording as indicated in the application.
(Code 1967, § 31-17; Code 1980, § 32-37)

Sec. 32-35. Same—Not to imply city sanction or approval.

No advertising of any sale pursuant to this article shall be so worded or drafted as to indicate that such sale is being conducted under the sanction or with the approval of the city.
(Code 1967, § 31-18; Code 1980, § 32-38)

Sec. 32-36. Books and records; revision of stock list.

Suitable books and records, as prescribed by the director of finance, shall be kept by the licensee and shall at all times be available to his/her inspection. At the close of business each day, the stock list attached to the application shall be revised and those items disposed of during such day shall be so marked thereon.
(Code 1967, § 31-19; Code 1980, § 32-39; Ord. No. 13676, § 2, 4-27-17)

Sec. 32-37. Increase of stock prohibited.

It shall be unlawful for the holder of any license issued under the provisions of this article to bring upon or cause to be brought upon the premises for which the mentioned license is issued any goods, wares or merchandise not shown or otherwise accounted for in the application for such license with intent to advertise, sell or offer for sale such goods, wares or merchandise to the public.
(Code 1967, § 31-20; Code 1980, § 32-40)

State law reference—Similar provisions, F.S. § 559.22.

Sec. 32-38. Inventory.

For identification and checking purposes, all goods, wares and merchandise suitable for tagging or labeling shall be serially numbered and such numbers be recorded in the inventory. Small items or group items may be identified by lot or group number.
(Code 1967, § 31-21; Code 1980, § 32-41)

Sec. 32-39. Sales slip.

Except for inexpensive group items, a sales slip shall be issued to the purchaser and contain thereon the name and address of the business or firm, the date of purchase, and the list of items with prices and corresponding inventory identification numbers. Also, when delivery or shipment is made, the sales slip shall contain the name and address of the purchaser and the name of the salesperson.
(Code 1967, § 31-22; Code 1980, § 32-42)

Sec. 32-40. Certain persons exempt from article.

The provisions of this article shall not apply to or affect the following persons:

(1) Persons acting pursuant to an order or process of a court of competent jurisdiction.

(2) Persons acting in accordance with their powers and duties as public officers, such as sheriffs and marshals.

(3) Duly licensed auctioneers, selling at auction.

(Code 1967, § 31-23; Code 1980, § 32-43)

Secs. 32-41—32-65. Reserved.

ARTICLE III. REFUNDS AND EXCHANGES

Sec. 32-66. Statement of purpose.

This article is designed to protect city consumers, residents and visitors alike, from unfair practices by retail merchants. The primary purpose of this measure is to ensure that establishments which provide for no refund or exchange policy, conspicuously disclose such restrictions. (Ord. No. 10533, § 1, 1-12-89; Code 1980, § 32-81)

Sec. 32-67. Definitions.

For the purpose of this article:

Legal name means the true corporate name of a corporation, or the name of at least one partner of a partnership, or the name of at least one owner of a business that is not a corporation or a partnership.

Point of sale means all cash registers in a retail establishment.

Retail establishment means any store, merchant or organization, excluding not-for-profit organizations, selling merchandise at retail to the general public, but shall not include restaurants.

Sale of merchandise includes the sale, lease or other disposition for profit of goods or products of any type, but shall not include the sale, lease or other disposition of food, perishable goods, goods which are custom made or custom altered at the request of the customer or goods which cannot be resold by the merchant because of any law, rule or regulation adopted by a governmental body. (Ord. No. 10533, § 2, 1-12-89; Code 1980, § 32-82)

Sec. 32-68. Enforcement and penalties.

(a) *Civil enforcement.* To the extent permitted by law and in addition to the provisions of subsection (b) below, the following civil actions may be brought by the city and/or the injured consumer, and shall not be mutually exclusive:

(1) *By city.* Upon recommendation from the city manager that a retail establishment has violated this article, the city attorney may initiate an equity or other action against the owners and/or principal officers of the retail establishment to compel its compliance with this article. In the event there is found to be a violation of this article, the city may recover court costs and reasonable attorney's fees. In any civil action based on this article, if the city proves that the violation occurred after one or more written warnings or notices of violation to the defendant(s), or that the violation was especially offensive or egregious, the court may award punitive damages not exceeding $1,050.00 per violation or three times the price of the merchandise that is the subject of the sale in question, whichever is greater.

(2) *By consumers.* Any person injured by a violation of this article shall have the right to bring a civil action and if he or she prevails shall be awarded compensatory damages and reimbursements of attorney fees and costs. In any civil action based on this article, if the injured consumer proves that the violation occurred after one or more written warnings or notices of violation to the defendant(s), or that the violation was especially offensive or egregious, the court may award punitive damages not exceed-

ing $1,050.00 per violation or three times the price of the merchandise that is the subject of the sale in question, whichever is greater.

(b) *Penalties.* A person, firm or corporation violating or failing to comply with any of the provisions hereof shall, upon conviction, be fined not more than $105.00 for the first offense and not more than $525.00 for the second and each subsequent offense. In addition, the court may, at its discretion, impose on the owner or principal officers of the offending retail establishment a term of imprisonment for up to 60 days for the second or subsequent offense.

(c) *License may be affected.* In addition to the enforcement measures and penalties set forth in subsections (a) and (b) above which are cumulative, the city may take such measures as are lawfully permitted under chapter 31 of the Code of the City of Miami, as amended, dealing with the issuance, renewal, revocation, or suspension of local business tax receipts.
(Ord. No. 10533, § 4, 1-12-89; Code 1980, § 32-83; Ord. No. 12885, § 1, 2-8-07; Ord. No. 13142, § 11, 2-11-10)

Sec. 32-69. Requirements.

(a) *Signs required.* Every retail sales establishment within the city offering goods for sale to the general public that offers no cash refund, credit refund, or exchange or merchandise, must post a sign so stating, at the point of sale.

(b) *Specifications for sign.* The lettering on the posted sign must be at least three-fourths inch in height and three-fourths inch in width. The sign must be posted in a visible and conspicuous place near the point of sale.

(c) *Failure to post sign.* Failure of a retail sales establishment to exhibit a "no refund" sign under such circumstances at the point of sale shall mean that a refund or exchange policy exists, and the policy shall be presented in writing to the consumer upon request.

(d) *Failure to comply.* Any retail establishment failing to comply with the provisions of this article shall grant to the consumer, upon request and proof of purchase, a cash refund, credit refund or exchange of merchandise for the merchandise that is the subject of the sale in question, within seven days of the date of purchase, provided the merchandise is unused and in the original carton, if one was furnished. Nothing herein shall prohibit a retail sales establishment from having a refund policy which exceeds the number of days specified herein.

(e) *When establishment grants refunds or exchanges.* Any retail establishment which has disclosed a policy of offering refunds or exchanges shall promptly grant refunds or exchanges to customers in accordance with said disclosed policies, and no additional conditions shall be imposed on such refunds or exchanges except as disclosed to the customer.

(f) *Sales slips.*

(1) All sales of merchandise in excess of $1.00 but not exceeding $50.00 by a retail establishment shall be accompanied by a receipt disclosing the date of sale, sales price, and the legal name and address of the seller.

(2) Merchandise sold for over $50.00 by a retail establishment shall be accompanied by a written invoice or receipt containing the date of sale, the purchase price, the identification number or description of the merchandise sold, including the model and the manufacturer thereof, the name of the salesperson and the legal name and address of the seller.

(3) A retail establishment using cash registers producing automated sales receipts furnished to the customer simultaneously with the receiving and recording of the consideration involved in the sale or transaction shall be deemed in compliance with the provisions of subsection (f)(2), provided that such sales receipt bears a printed legend or symbols which will enable the customer, upon request made of the retail establishment, to be furnished the information in identifiable form that is required to be furnished as set forth in the preceding paragraphs (1) and (2) of this subsection (f).

(Ord. No. 10533, § 3, 1-12-89; Code 1980, § 32-84)

Chapter 35

MOTOR VEHICLES AND TRAFFIC*

Article I. In General

Sec. 35-1. Definitions.
Sec. 35-2. Applicability of chapter generally.
Sec. 35-3. Placing advertising in or on vehicles.
Sec. 35-4. Hitchhiking.
Sec. 35-5. Play streets.
Sec. 35-6. Obedience to official traffic control devices.
Sec. 35-7. Interference with traffic control devices, etc.; driving around or over barricade.
Sec. 35-8. Disabled pedestrians—Generally.
Sec. 35-9. Same—Right-of-way; precautions to avoid injury.
Sec. 35-10. Parking for certain purposes prohibited.
Sec. 35-11. Immobilization/booting of motor vehicles.
Sec. 35-12. Parking for homestead exempt properties.
Secs. 35-13—35-35. Reserved.

Article II. Administration and Enforcement

Sec. 35-36. Duties of police department.
Sec. 35-37. Storage charges at auto pound.
Secs. 35-38—35-95. Reserved.

Article III. Parking Meter Zones

Division 1. Generally

Sec. 35-96. Designation of certain zones; installation of meters.
Secs. 35-97—35-120. Reserved.

Division 2. Public Off-Street Parking Facilities

Sec. 35-121. Definitions.
Sec. 35-122. Applicability of division.
Sec. 35-123. General duties of director of off-street parking.
Secs. 35-124—35-150. Reserved.

***Editor's note—**Chapter 30 of the Code of Metropolitan Dade County contains traffic regulations applicable throughout the county, including the municipalities in the county. The validity of these regulations was upheld in Miami Shores Village v. Board of County Commissioners, 12 Fla. Supp. 168, and was affirmed by the state supreme court in Miami Shores Village v. Board of County Commissioners, 108 So. 2d 468. Most of the traffic regulations applicable within the city are, therefore, found in or adopted or promulgated pursuant to chapter 30 of the Metropolitan Dade County Code. The regulations contained in this chapter are those permitted by chapter 30 of the county Code or not covered by such chapter.

Charter reference—Powers as to regulation of use of streets generally, § 3(b), (gg).

City Code cross references—Bicycles, ch. 8; dumping on public right-of-way prohibited, § 22-11; living or sleeping in vehicle, § 37-4; cars, trucks, buses or similar vehicles in parks, § 38-50; bicycles, motor bikes, etc., in parks, § 38-51; police, ch. 42; motorized vehicles on piers at city marinas, § 50-227; streets and sidewalks, ch. 54; permit required for parades and processions, § 54-6; vehicles for hire, ch. 57.

Case law reference—A police officer has the right to search the person of a defendant who has been lawfully arrested for a violation of a city traffic ordinance committed in the presence of the officer. City of Miami v. Clay, 14 Fla. Supp. 117.

State law references—Motor vehicles, F.S. ch. 316 et seq.; motor vehicle noise, F.S. §§ 316.293, 403.415 et seq.; identification of vehicles, F.S. § 316.3027; custody and detention of minors, traffic offenders, F.S. § 316.635; vehicle identification, F.S. § 319.33; offenses concerning motor vehicles, F.S. ch. 860.

Division 3. Regulations

Sec. 35-151. Parking when meter shows violation.
Sec. 35-152. Parking longer than maximum time shown on meter.
Sec. 35-153. Parking longer than time indicated on signs.
Sec. 35-154. Manner of parking in metered spaces.
Sec. 35-155. Vehicles to be parked at angle indicated.
Sec. 35-156. Obstructing traffic.
Sec. 35-157. Parking time limit for certain designated areas.
Sec. 35-158. Parking prohibited in certain places.
Sec. 35-159. Deposit of slugs, etc., in meters.
Sec. 35-160. Tampering with, damaging, etc., meters, or signs.
Sec. 35-161. Use of revenue.
Sec. 35-162. Form of notice of violation; monthly report on disposition of notices issued.
Secs. 35-163, 35-164. Reserved.
Sec. 35-165. Invoice and citations by mail.
Secs. 35-166—35-190. Reserved.

Article IV. Parking Rates

Sec. 35-191. On-street parking meters, monthly on-street permit program, and loading zones.
Sec. 35-192. Municipal parking garages.
Sec. 35-193. Municipal off-street parking lots.
Sec. 35-194. On-street parking space rental.
Sec. 35-195. Parking space closures.
Sec. 35-196. Restricted residential parking program.
Secs. 35-197—35-219. Reserved.

Article V. Coconut Grove Business District, Design District, Wynwood, Wynwood Norte, and Downtown Flagler District Parking Improvement Trust Funds

Sec. 35-220. Required off-street parking and payment in lieu of required off-street parking.

Sec. 35-373. Reserved.

Article XIII. Forklift Zone

Sec. 35-374. Intent; establishing and authorizing forklift zones within the city.
Sec. 35-375. Definitions.
Sec. 35-376. Requirements to operate a commercial forklift on public right-of-way within the forklift zone.
Sec. 35-377. Enforcement.

ARTICLE I. IN GENERAL

Sec. 35-1. Definitions.

The following words and phrases, when used in this chapter, shall, for the purpose of this chapter, have the meanings respectively ascribed to them in this section, except where the context clearly indicates a different meaning:

Alley: Every street or way within a block, set apart for public use, vehicular travel and location convenience, except footpaths.

Authorized emergency vehicle: Vehicles of the fire-rescue department, police vehicles and such ambulances and emergency vehicles of city departments, public service corporations or private ambulance companies or such others as are designated or authorized by the city commission, by the chief of police or by other governmental agency.

Bus: Every public motor vehicle designed for carrying more than ten passengers and used for the transportation of persons, and every motor vehicle, other than a taxicab, designed and used for the transportation of persons for compensation.

Bus stand: A fixed area in the roadway parallel and adjacent to the curb to be occupied exclusively by buses, for layover in operating schedules or waiting for passengers.

Commercial vehicle: Every vehicle designed, used or maintained primarily for the transportation of property.

Crosswalk: That portion of a roadway ordinarily included within the prolongation or connection of the lateral lines of sidewalks at intersections, or a portion of a roadway distinctly indicated for pedestrian crossing by lines or other markings on the surface.

Curb loading zones: A space adjacent to a curb reserved for the exclusive use of vehicles during the loading or unloading of passengers or materials.

Department: As used herein this chapter 35 of the City Code, means the Department of Off-Street Parking ("DOSP"), also known as the Miami Parking Authority ("MPA").

Double parking, double standing or double stopping: The parking, standing or stopping of a vehicle upon the roadway side of another vehicle parking, standing or stopping, but not legally within or adjacent to an open parking space.

Driver: Every person who drives or is in actual physical control of a vehicle or who is exercising control of a vehicle or steering a vehicle being towed by a motor vehicle.

Freight, or commercial curb loading zone: A space adjacent to a curb for the exclusive use of commercial vehicles during the loading or unloading of freight, that may be metered.

Holidays: Where used in this chapter or on official signs erected by authorized official agencies shall, in addition to Sundays, mean those entire days declared holidays by this Code or any other ordinance of the city.

Homestead exempt property/resident: A property that receives a homestead exemption or person(s) living in a residence that receives homestead exemption as determined and listed by the Miami-Dade County property appraiser's office. This exemption must be current to be applicable.

Intersection: The area embraced within the prolongation of the lateral curblines or, if none, then the lateral boundary lines of two or more roadways which join one another at an angle, whether or not one such roadway crosses the other. Where a street includes two roadways 30 feet or more apart, then every crossing of each roadway of such divided street by an intersecting street shall be regarded as a separate intersection. In the event such intersecting street also includes two roadways 30 feet or more apart, then every crossing of two roadways of such streets shall be regarded as a separate intersection.

Juveniles: For the purpose of this chapter, all persons under the age of 17 years shall be known and referred to as a "juveniles."

Motor-driven cycle: Every motorcycle, including every motor scooter, with a motor which produces not to exceed five brake horsepower, and every bicycle with motor attached.

Motor vehicle: All vehicles propelled by power (other than muscular power), trailers, semitrailers, trailer coaches and trolley coaches, excepting, however, road rollers and vehicles which operate only upon rails or tracks in place on the ground or that travel through the air or that derive that motive power from overhead electric lines, farm tractors, farm trailers and other machines and tools used in the production, harvesting and care of farm products.

Motorcycle: Every motor vehicle having a seat or saddle for the use of the rider and designed to travel on not more than three wheels in contact with the ground, but excluding a tractor.

Official traffic control devices: All signs, signals, markings and devices not inconsistent with this chapter or prohibited by statute, placed or erected by authority of a public body or official having jurisdiction, for the purpose of regulating, warning or guiding traffic.

Official traffic control signal: Any device, whether manually, electrically or mechanically operated, by which traffic is alternately directed to stop and to proceed.

Owner: Any person, association of persons, firm or corporation in whose name the title to a motor vehicle is registered.

Park or *parking:* The standing of a vehicle, whether occupied or not, otherwise than temporarily for the purpose of and while actually engaged in loading or unloading merchandise, prepared food, groceries, or passengers as may be permitted by this chapter or other applicable law.

Parking Access and Revenue Control Systems ("PARCS"): Real-time, self-service parking systems for transient and credentialed customers. PARCS automates the entry, exit, and payment of all customers accessing a parking facility.

Parking enforcement specialist: A parking enforcement specialist employed by the Department of Off-Street Parking ("DOSP"), also known as the Miami Parking Authority ("MPA"), whom is authorized to enforce all state, county, and municipal laws and ordinances governing parking within the boundaries of the municipality and the county, pursuant to F.S. § 316.640(3)(c), as amended from time to time.

Parking meter: A mechanical timing device, or virtual meter, used for the purpose of regulating parking, and which is actuated by the insertion of a coin and the operation of a lever or cranking device, or otherwise operated electronically with or without an online application.

Passenger curb loading zone: An area adjacent to a curb reserved for the exclusive use of vehicles during the loading or unloading of passengers only.

Pedestrian: Any person afoot.

Police officer: Every officer of the police department or any officer authorized to direct or regulate traffic or to make arrests.

Public right-of-way: That land held in trust by the city between the base building lines, including the sidewalk, swale and parkway area, and the roadway, street and highway.

Right-of-way: The privilege of the immediate use of the street.

Roadway: Those portions of a street or highway improved, designed or ordinarily used for vehicular travel.

Semitrailer: Every vehicle of the trailer type, so designed and used in conjunction with a motor vehicle that some part of its own weight and that of its load rests upon or is carried by another vehicle.

Sidewalk: That portion of a street between the curblines, or the lateral lines of a roadway, and the adjacent property lines, intended for the use of pedestrians.

Smart loading zone: A designated space along the curb dedicated to loading and unloading passengers, food, or goods, regulated, and metered, in part, by sensor, GIS, camera, or software technology.

Stop: When required, means complete cessation of movement.

Stop, stopping or standing: When prohibited, means any halting of a vehicle, even momentarily, whether occupied or not, except when necessary to avoid conflict with other traffic or in compliance with the directions of a police officer or traffic control sign or signal.

Street or highway: Every way or place of whatever nature open to the use of the public, as a matter of right, for purposes of vehicular travel. The term "street" shall not be deemed to include a roadway or driveway upon grounds owned by private persons, colleges, universities or institutions.

Taxi, taxicab: A licensed public motor vehicle for hire designated and constructed to seat not more than seven persons and operating as a common carrier on call or demand.

Taxicab stand: A fixed area in the roadway parallel and adjacent to the curb set aside for taxicabs to stand or wait for passengers.

Trailer: Every vehicle without motive power, designed to carry property or passengers wholly on its own structure and to be drawn by a motor vehicle.

Transportation Network Company ("TNC"): Businesses that connect passengers with drivers for prearranged trips using an online platform or application. TNC's are also known as rideshare companies, i.e. Uber.

Truck: Any motor vehicle which is used for the transportation or delivery of goods, with a body built and designed for that purpose.

Zoned residential district: Those geographical areas as depicted in the zoning atlas, which is a part of the zoning ordinance of the City of Miami, Florida.

(Code 1967, § 34-1; Ord. No. 10667, § 1, 11-30-89; Code 1980, § 35-1; Ord. No. 14340, § 2, 12-12-24; Ord. No. 14397, § 2, 9-25-25)

County Code cross reference—Similar provisions, § 30-202.

State law reference—Similar provisions, F.S. § 316.003.

Sec. 35-2. Applicability of chapter generally.

This chapter applies to every street, loading zone, alley, sidewalk, driveway, park area and every other way or public property, either within or outside the city, the use of which the city and/or the Department, has jurisdiction and authority to regulate.

(Code 1967, § 34-2; Code 1980, § 35-2; Ord. No. 14340, § 2, 12-12-24)

Sec. 35-3. Placing advertising in or on vehicles.

It shall be unlawful for any person to throw into or upon any bus or automobile or other vehicle any handbill, dodger or advertising notice without the consent of the owner or operator thereof.

(Code 1967, § 38-21; Code 1980, § 37-29)

County Code cross reference—Throwing advertising materials in motor vehicles, § 30-258.

State law reference—Throwing advertising materials in motor vehicles, F.S. § 316.2055.

Sec. 35-4. Hitchhiking.

No person shall stand in a roadway for the purpose of soliciting a ride from anyone other than a ride-hailing service.

(Code 1967, § 38-22; Code 1980, § 37-30; Ord. No. 14340, § 2, 12-12-24)

State law reference—Power of local authorities to control, regulate, or prohibit hitchhiking, F.S. § 316.008(1)(u).

Sec. 35-5. Play streets.

(a) The city manager is hereby authorized to declare and to establish, whenever he/she shall find that the public safety and convenience are best served thereby, any street or part thereof a play street and to place appropriate signs and barricades enclosing the roadway indicating and helping to protect the same.

(b) Whenever authorized signs and barricades are erected enclosing any street or part thereof as a play street, no person shall drive a vehicle upon any such street or portion thereof.

(Code 1967, § 34-6; Code 1980, § 35-6; Ord. No. 13676, § 2, 4-27-17)

State law reference—Power of local authorities to designate and regulate traffic on play streets, F.S. § 316.008(1)(p).

Sec. 35-6. Obedience to official traffic control devices.

(Code 1967, § 34-6; Code 1980, § 35-7)

County Code cross reference—Obedience to official traffic control devices, § 30-217(1).

State law reference—Obedience to official traffic control devices, F.S. § 316.074.

Sec. 35-7. Interference with traffic control devices, etc.; driving around or over barricade.

(Code 1967, § 34-6; Code 1980, § 35-8)

County Code cross references—Interference with traffic control devices, etc.; driving around or over barricade, § 30-217(2); detour signs to be respected, § 30-220.

State law references—Interference with official traffic control devices or railroad signs or signals, F.S. § 316.0775; detour signs to be respected, F.S. § 316.078.

Sec. 35-8. Disabled pedestrians—Generally.

(Code 1967, § 34-6; Code 1980, § 35-9)

State law reference—Disabled pedestrians, F.S. § 316.1301.

Sec. 35-9. Same—Right-of-way; precautions to avoid injury.

(Code 1967, § 34-6; Code 1980, § 35-10)

State law reference—Disabled pedestrians, F.S. § 413.08.

Sec. 35-10. Parking for certain purposes prohibited.

(a) No person shall park a vehicle upon any street or within the public right-of-way for the principal purpose of:

(1) Displaying such vehicle for sale.

(2) Washing, greasing or repairing such vehicle, except repairs necessitated by an emergency.

(3) Displaying advertising.

(4) Selling merchandise from such vehicle, except in a duly established marketplace, or when so authorized or licensed under this Code or other ordinances of the city.

(5) Storage, or as junkage or dead storage for more than 24 hours.

(b) No person shall park a commercial vehicle, bus, trailer or semitrailer upon any street or within the public right-of-way in any zoned residential district of the city.

(c) No person shall park upon any street or within the public right-of-way in any zoned residential district of the city a truck with any of the following characteristics:

(1) The weight is one-ton capacity or more.

(2) The height is eight feet or taller, including ladders or other attachments to the top of the vehicle.

(3) The width exceeds six feet ten inches, excluding mirrors.

(4) The overall length exceeds 18 feet six inches.

(5) Open trucks having load space exceeding nine feet six inches in length.

(6) It has dual wheels.

(7) It has more than two axles.

(d) Except in conjunction with authorized active continuing construction on the abutting premises, no person shall park construction equipment such as earth moving machines, excavators cranes and the like, within the public right-of-way in any zoned residential district.

(e) No person shall park major recreational equipment such as travel trailers, pickup campers, motorized homes, tent campers, tents, boats and boat trailers, combinations thereof, and other similar equipment, cases or boxes for transporting such equipment, whether occupied by such equipment or not, upon any street or within the public right-of-way in any zoned residential district, except for a period not to exceed one hour for the purpose of loading and unloading.

(f) The enforcement of this section may be initiated by city personnel listed in City Code section 2-813 in accordance with the procedure set forth in the City Code section 2-814, or by enforcement specialists from the Department of Off-Street Parking ("DOSP"), also known as the

Miami Parking Authority ("MPA"), pursuant to F.S. § 316.640(3)(c), as amended from time to time.

(Code 1967, § 34-25; Ord. No. 10667, § 1, 11-30-89; Code 1980, § 35-11; Ord. No. 14340, § 2, 12-12-24)

County Code cross reference—Similar provisions, § 30-388.15.

State law reference—Similar provisions, F.S. § 316.1951.

Sec. 35-11. Immobilization/booting of motor vehicles.

(a) Notwithstanding anything to the contrary under division 3, chapter 35 of the City Code, the MPA may immobilize/boot a motor vehicle which is parked within an MPA owned and/or operated parking facility for any of the following reasons:

(1) Vehicles parked or stored for more than 72 consecutive hours without MPA authorization.

(2) After the third tailgating violation within a one-year period.

(3) Vehicles deemed by the MPA as abandoned and/or inoperable.

(b) Procedure for immobilization/booting of vehicles.

(1) Identify vehicles and provide reason for immobilization/booting.

(2) For vehicles parked over 72 consecutive hours and deemed to be abandoned or inoperable, the MPA may attempt to notify the owner, operator, or person legally in control of the vehicle to promptly retrieve said vehicle before MPA commits to any immobilization/booting activity. A verbal warning to the owner, operator, or person legally in control of the vehicle shall also satisfy this requirement.

(3) MPA authorized personnel will place the immobilization apparatus/boot once the reason for immobilization/booting is approved and confirmed by an MPA senior manager or director of operations.

(4) Immobilization/booting shall be accomplished by placing one steel boot on the wheel of the motor vehicle, or similar immobilization apparatus.

(5) Upon immobilization/booting, MPA will immediately affix a warning notice in English, Spanish, and Creole on the driver's side window of the vehicle indicating: (i) the immobilization/booting of the vehicle, (ii) that any attempt to move such immobilization apparatus/boot will cause damage to the vehicle, (iii) showing the telephone number to contact MPA personnel for release of the immobilization apparatus/boot, and (iv) the fee required for the removal of the immobilization apparatus/boot.

(6) The customer must pay the amount due and an administrative fee to MPA, in accordance with the rates under subsection (c) below, as may be amended from time to time.

(7) Once payment is finalized, the immobilization apparatus/boot will be removed by MPA authorized personnel.

(c) Fees.

(1) Amount due for either tailgating or extended stay (facility daily rates will apply).

(2) Administrative fee: $50.00.

(d) Facilities subject to immobilization/booting under this section are as follows:

(1) Courthouse Center Garage (40 NW 3rd Street Miami, FL 33128)

(2) Cultural Arts Garage (90 SW 1st Street Miami, FL 33130)

(3) College Station Garage (190 NE 3rd Street Miami, FL 33132)

(4) James L. Knight Center Garage (100 SE 2nd Street Miami, FL 33131)

(5) Regatta Harbour Garage (3351 Pan American Dr. Miami, FL 33133)

(6) Lot 18 (1320 NW 12th Street Miami, FL 33125)

(7) Lot 26 (1355 NW 12th Street Miami, FL 33125)

(8) Lot 72 (2600 S. Bayshore Dr. Miami, FL 33133)

(e) Signage requirements.

(1) Signs shall be placed visibly at each vehicle entry point.

(Ord. No. 14340, § 2, 12-12-24)

Sec. 35-12. Parking for homestead exempt properties.

Notwithstanding any other City Code provision, city guideline, or city policy, a resident of a homestead exempt property may use the adjacent green space, if any, to an improved parking surface accessible through a driveway and/or driveway approach as additional parking for a maximum of two motor vehicles. The motor vehicle(s) must be operable with a current registration and an unexpired tag and must not otherwise be prohibited from parking at a residence as set forth in section 35-10 herein. The motor vehicle(s) parked on green space may not impede on-site drainage. This subsection does not eliminate or modify any parking requirement or parking regulation and/or required accommodation set forth in the Miami 21 Code. Code enforcement shall have jurisdiction for the proper and effective enforcement of this section, under chapter 2, article X.

(Ord. No. 14397, § 2, 9-25-25)

Secs. 35-13—35-35. Reserved.

ARTICLE II. ADMINISTRATION AND ENFORCEMENT*

Sec. 35-36. Duties of police department.

It shall be the duty of the chief of police and other members of the police department to enforce the provisions of this chapter and the state and county vehicle laws applicable to traffic in the city, to make arrests for traffic violations, to assist in the prosecution of persons charged with such violations, to investigate accidents, to cooperate with the officials of the city and the county in the administration of this chapter and county traffic ordinances and in developing ways and means to improve traffic conditions, and to carry out those duties especially imposed by this chapter and the traffic ordinances of the county.

(Code 1967, § 34-11; Code 1980, § 35-21)

State law reference—Obedience to police and fire department officials, F.S. § 316.072(3).

Sec. 35-37. Storage charges at auto pound.

(a) The commission hereby establishes the following daily charges at the city auto pound for the storage of motor vehicles as follows:

	Daily Fee
Motorcycles	$ 6.00
Passenger vehicles	8.00
Trucks	10.50

(b) With respect to stolen motor vehicles, the above daily charges shall not commence until either: (a) 24 hours after the owner of said vehicle has been personally notified that the vehicle is impounded and the location of its impoundment; or (b) seven days after notice of such impoundment and location has been sent via regular mail and via certified mail, return receipt requested, to the address of the owner as reflected on the registration or title records of the state agency having custody of such records, whichever occurs earlier.

(Code 1967, § 34-21.1; Ord. No. 9201, § 1, 11-26-80; Ord. No. 9268, § 1, 5-15-81; Code 1980, § 35-33)

Secs. 35-38—35-95. Reserved.

*__County Code cross reference—__Enforcement of traffic laws within the county, § 30-204.

__State law reference—__Enforcement of state traffic laws, hot pursuit, F.S. § 316.640.

ARTICLE III. PARKING METER ZONES*

DIVISION 1. GENERALLY

Sec. 35-96. Designation of certain zones; installation of meters.

(a) The director of the department of off-street parking is hereby authorized to determine and designate metered parking zones and to install and maintain upon any of the streets or parts of streets as many parking meters as necessary in such metered parking zones, where it is determined that the installation of parking meters shall be necessary to aid in the regulation, control, and inspection of the parking of vehicles. For purposes of this section metered parking zones and paid parking zones shall have the same meaning.

(b) Except where proposed paid parking zone(s) will be within 250 feet of a T3-R, T3-L or T3-O transect zone, a notice as provided herein of the proposed paid parking zone(s) is not required. In areas within 250 feet of a T3-R, T3-L or T3-O transect zone, notice must be provided along with an opportunity for submittal of written comments from property owners and/or registered associations as defined in this section in the affected area(s). Such notice shall be sent via certified mail return receipt requested and regular mail prior to any new installation of the paid parking zone(s).

(1) For purposes of this section, *owners in the affected area(s)* shall mean persons who are the fee simple owners of the properties in the affected areas. For purposes of this section, affected area(s) shall mean properties who are located within 250 feet of the property lines of the land for which the notice under the provisions of this section is being

---

***County Code cross reference—**Authority of municipalities within county to establish parking meter zones, subject to approval of county traffic director, § 30-383.

State law reference—Power of local authorities to regulate or prohibit parking, F.S. § 316.008(1)(a).

requested, as applicable. The public notice will be afforded only when the proposed paid parking zones are to be located within 250 feet of a T3-R, T3-L or T3-O transect zone and shall consist of notice by certified mail, return receipt requested to the affected owners at least 30 days before any paid parking zone(s) installation. The applicant for the paid parking zone placement shall be charged the cost of the appropriate fee for the notices. The applicant shall be the public agency or instrumentality who is seeking the designation of a paid parking zone within 250 feet of the above listed T3 transect zones. Additionally, the applicant shall obtain a list from the city manager's office or its designated city department of the registered neighborhood and/or homeowners associations ("registered association(s)") applicable to the property for the application in question and shall notify the official representative of such registered association(s). Registered associations who wish to receive such notice must register on an annual basis at the city manager's office or its designated city department.

(2) The owners and/or the representative of the registered association in the affected areas upon the receipt of notice may provide written input or comment to the director of the department of off-street parking and the director of the department of resilience and public works, or their respective designees, as to why the paid parking zones are not necessary or not viable considering the impact of the paid parking zones on the parking needs, availability, accessibility, convenience, and suitability in the affected area as well as the need for the paid parking zones in the affected area. The owners in the affected areas may present information relative to the impact of the proposed paid parking zone on their residences or businesses, as applicable.

(c) Prior to final designation of any proposed paid parking zone and/or the installation of parking meters therein, the proposed zones and the proposed installation of the proposed paid parking zone and/or parking meters therein shall first be submitted to the city manager or their designee for approval thereof. All existing paid parking and/or metered parking zones shall be subject to review by the city manager or their designee and modifications thereto, including, but not limited to, additions, removals and relocations shall be subject to the approval of the city manager or their designee.

(Code 1967, § 34-26; Ord. No. 10243, § 1, 3-13-87; Code 1980, § 35-46; Ord. No. 13659, § 2, 2-9-17; Ord. No. 13792, § 1, 10-11-18; Ord. No. 14138, § 11, 2-9-23)

Secs. 35-97—35-120. Reserved.

DIVISION 2. PUBLIC OFF-STREET PARKING FACILITIES*

Sec. 35-121. Definitions.

The following words and phrases, when used in this division, shall have the meanings respectively ascribed to them in this section, except where the context clearly indicates a different meaning:

Off-street parking lots: Any parking facility owned and/or managed and operated by the department of off-street parking and used for the purpose of permitting the general public to park their motor vehicles either at a meter parking zone or at a designated parking space or area.

Parking facilities: Any parking facility owned and/or managed and operated by the department of off-street parking for the use of the general public to park motor vehicles.

(Code 1967, § 34-33; Code 1980, § 35-63; Ord. No. 14340, § 2, 12-12-24)

*__Charter reference—__Department of off-street parking, off-street parking board, § 23-A.1.

__City Code cross references—__Off-street parking department, § 2-301; parking charges at Orange Bowl Memorial Stadium, § 53-86.

__County Code cross reference—__Applicability of county Code to parking, standing or nonmoving traffic violations in municipal off-street parking lots, § 30-203.

__State law references—__Special act authorizing city to acquire, construct, etc., parking facilities, Laws of Fla. (1951), ch. 27725; power of local authorities to regulate or prohibit parking, F.S. § 316.008(1).

Sec. 35-122. Applicability of division.

The provisions of this division shall be applicable to any parking, standing or nonmoving traffic violation promoted within the boundaries of any off-street parking lots or parking facilities owned and/or managed, and operated by the department of off-street parking.
(Code 1967, § 34-34; Code 1980, § 35-64; Ord. No. 14340, § 2, 12-12-24)

Sec. 35-123. General duties of director of off-street parking.

It is the general duty of the director of off-street parking to plan and determine the installation of parking meters and parking spaces and to plan and direct the operation of traffic on off-street parking lots within their jurisdiction, including parking areas and loading and unloading zones. The director of off-street parking is authorized to designate crosswalks, mark traffic lanes for movement of traffic, designate traffic control signs and devices and lane markings, and determine the hours and days during which any traffic control devices, including the use of license plate recognition systems (LPR), shall be in operation or be in effect; shall determine the location of angle parking zones, restrict parking in hazardous places designated by proper signs in which the stopping or parking of vehicles would create an especially hazardous condition or cause unusual delay in moving of traffic (e.g., parking on loading zones); prescribe parking in designated areas; and shall cause to be erected signs in areas limiting the parking time and giving notice thereof.
(Code 1967, § 34-35; Code 1980, § 35-65; Ord. No. 14340, § 2, 12-12-24)

Secs. 35-124—35-150. Reserved.

DIVISION 3. REGULATIONS

Sec. 35-151. Parking when meter shows violation.

No person shall park any vehicle or permit any vehicle to remain parked in any parking meter space when the parking meter for the space occupied by such vehicle shows a violation.
(Code 1967, § 34-40; Code 1980, § 35-75)

Sec. 35-152. Parking longer than maximum time shown on meter.

No person shall park any vehicle or permit any vehicle to remain parked in any parking meter space for a continuous period of time greater than the maximum provided for on the meter.
(Code 1967, §§ 34-27, 34-41; Code 1980, §§ 35-47, 35-76)

Sec. 35-153. Parking longer than time indicated on signs.

When signs are erected giving notice thereof, no person shall stop, stand or park a vehicle in any parking meter zone for a continuous period of time longer than that period of time designated by such signs, or on the online application, on any day including Saturdays, Sundays and all legal holidays, unless otherwise posted.
(Code 1967, §§ 34-29, 34-42; Code 1980, §§ 35-49, 35-77; Ord. No. 14340, § 2, 12-12-24)

Sec. 35-154. Manner of parking in metered spaces.

Every vehicle shall be parked wholly within the metered parking space for which the meter shows a parking privilege has been granted, and with the front end of such vehicle immediately opposite the parking meter for such space.
(Code 1967, §§ 34-28, 34-43; Code 1980, §§ 35-48, 35-78)

Sec. 35-155. Vehicles to be parked at angle indicated.

All vehicles shall be parked at the prescribed angle to the curb or edge of roadway that may be indicated by signs or markings.
(Code 1967, § 34-44; Code 1980, § 35-79)

Sec. 35-156. Obstructing traffic.

No vehicle shall be parked so as to obstruct traffic, including without limitations, parking in

loading zones beyond the prescribed time period allocated to the permit holder per vehicle operator.
(Code 1967, § 34-45; Code 1980, § 35-80; Ord. No. 14340, § 2, 12-12-24)

Sec. 35-157. Parking time limit for certain designated areas.

When signs authorized by the director of off-street parking are erected giving notice thereof, no person shall stop, stand or park a vehicle in the area designated by such sign for longer than the time provided by such sign.
(Code 1967, § 34-46; Code 1980, § 35-81)

Sec. 35-158. Parking prohibited in certain places.

When signs authorized by the director of off-street parking are erected prohibiting parking in a place designated by such sign, no person shall stop, stand or park a vehicle in such designated place.
(Code 1967, § 34-47; Code 1980, § 35-82)

Sec. 35-159. Deposit of slugs, etc., in meters.

It shall be unlawful for any person to deposit or attempt to deposit in any parking meter anything other than a credit card or lawful coin of the United States, or any coin that is bent, cut, torn, battered or otherwise misshapen.
(Code 1967, §§ 34-30, 34-38; Code 1980, §§ 35-50, 35-68; Ord. No. 14340, § 2, 12-12-24)

Sec. 35-160. Tampering with, damaging, etc., meters, or signs.

It shall be unlawful for any unauthorized person to remove, deface, tamper with, open, willfully break, destroy or damage any parking meter, PARCS equipment, or sign, and no person shall willfully manipulate any parking meter in such a manner that the indicator will fail to show the correct amount of unexpired time before a violation.
(Code 1967, §§ 34-31, 34-36, 34-37; Code 1980, §§ 35-51, 35-66, 35-67; Ord. No. 14340, § 2, 12-12-24)

Sec. 35-161. Use of revenue.

All revenue collected regardless the manner or form, including coins deposited in parking meters, shall be used to provide for the proper regulation and control of traffic upon the public streets, insofar as the city is authorized to exercise such authority, and to cover the cost of the supervision, inspection, installation, operation, maintenance, control and use of parking spaces and parking meters, together with the cost of supervising and regulating the parking of vehicles in parking meter zones.
(Code 1967, §§ 34-32, 34-38; Code 1980, §§ 35-52, 35-68; Ord. No. 14340, § 2, 12-12-24)

Sec. 35-162. Form of notice of violation; monthly report on disposition of notices issued.

The city shall provide suitably serial-numbered forms for notifying alleged violators to appear in answer to charges violating the regulations contained in this division. Such forms shall be issued and receipted for by the chief or police officer.
(Code 1967, § 34-48; Code 1980, § 35-83)

Secs. 35-163, 35-164. Reserved.

Editor's note—Ord. No. 14340, § 2, adopted December 12, 2024, repealed the former sections 35-163 and 35-164 in their entirety. Formerly, sections 35-163 and 35-164 pertained to failure to appear and pay fine within prescribed time and penalty for violations of division, respectively, and derived from the Code of 1967, §§ 34-49, 34-50; the Code of 1980, §§ 35-84, 35-85, and Ord. No. 13676, § 2, adopted April 27, 2017.

Sec. 35-165. Invoice and citations by mail.

(a) An invoice for parking charges issued for failure to pay metered parking for motor vehicle parking must be placed on the motor vehicle in a prominent location or mailed within five business days of the violation. A late fee may not be assessed until expiration of the 15-day period following the denial of any appeal filed pursuant to subsection (b) or for a period of at least 30 days after the invoice is placed on the motor vehicle or the postmarked date of the mailing, whichever is later.

(b) An invoice for parking charges issued under this Section must include a method to dispute and appeal the invoice by a party who believes they have received the invoice in error. Such dispute must be filed within 15 days after the invoice is placed on the motor vehicle or after the postmarked date of the mailing of the invoice. Within five business days a decision shall be rendered on the filed dispute. The party may then, within ten days after receipt of the owner's or operator's decision, appeal such decision. As stated in the decision and provided by the invoice issuer, the appeal must be determined by a neutral third-party adjudicator, with the authority to review and approve or deny the appeal. If the appeal is approved, the invoice shall be dismissed. If the appeal is denied, the party shall pay the original invoice within 15 days after the decision of the adjudicator.

(c) In the event that an invoice remains unpaid following the issuance of a final notice to the violator regarding the failure to remit payment, a Miami Dade County parking citation may be issued. The issuance date of said citation shall correspond to the postmarked date of the notice. (Ord. No. 14340, § 2, 12-12-24)

Secs. 35-166—35-190. Reserved.

ARTICLE IV. PARKING RATES*

Sec. 35-191. On-street parking meters, monthly on-street permit program, and loading zones.

On-street parking meters:

(a) The maximum hourly rate of charge, and fees for parking in metered spaces in on-street parking meter zones, and on-street monthly permit zones, except as otherwise provided herein, are as follows:

Central Business District:

All streets and avenues in the area bounded by N.W./N.E. 5 Street to S.E. 4 Street between N.W. N. River Drive/S.W. N. River Drive to Biscayne Boulevard including Chopin Plaza and Old Port Boulevard:

Resident rate per hour.....	$1.40
Non-resident rate per hour.	$3.25
Monthly permit for residents (after 5:00 p.m. and before 7:00 a.m.).....	$70.00
Monthly permit for non-residents (after 5:00 p.m. and before 7:00 a.m.).....	$90.00

Arena area:

All streets and avenues in the area bounded by N.E./N.W. 5 Street to N.W./N.E. 14 Street between N.W. 7 Avenue and Biscayne Boulevard:

Resident rate per hour.....	$1.40
Non-resident rate per hour.	$3.00
Monthly permit for residents	$70.00
Monthly permit for non-residents.....	$90.00

Omni/Edgewater area:

All streets and avenues in the area bounded by N.E. 14 Street to N.E. 87 Terrace between Miami Avenue and N.E. 5 Avenue including McArthur Causeway:

Resident rate per hour.....	$1.40
Non-resident rate per hour.	$3.00
Monthly permit for residents	$70.00
Monthly permit for non-residents.....	$90.00

Coconut Grove:

S. Dixie Highway/US1 to S. Bayshore Drive/Main Highway between Le Jeune Road to S.W. 22 Avenue:

Resident rate per hour.....	$1.40
Non-resident rate per hour.	$3.00

*__City Code cross reference__—Parking rates at convention center, § 53-181.

County Code cross reference—Metrorail parking, § 30B-6.

Monthly permit for residents	$70.00
Monthly permit for non-residents	$90.00

Civic Center area:

All streets and avenues in the area bounded by N. River Drive/ N.W. 12 Street/N.W. 13 Street to N.W. 20 Street between N.W. 17 Avenue and N.W. 12 Avenue:

Resident rate per hour	$1.40
Non-resident rate per hour	$3.00
Monthly permit for residents	$70.00
Monthly permit for non-residents	$110.00

Jackson Memorial area:

All streets and avenues in the area bounded by N.W. 12 Avenue, to N.W. 7 Avenue and N.W. 20 Street to N.W. 14 Street:

Resident rate per hour	$1.40
Non-resident rate per hour	$3.00
Monthly permit for residents	$70.00
Monthly permit for non-residents	$90.00

Design District:

All streets and avenues in the area bounded by N.W./N.E. 36 Street and N.W./N.E. 54 Street between N.E. 5 Avenue/Biscayne Boulevard and N.W. 7 Avenue:

Resident rate per hour	$1.40
Non-resident rate per hour	$3.25
Monthly permit for residents	$75.00
Monthly permit for non-residents	$110.00

Little River area:

All streets and avenues in the area bounded by N.W./N.E. 54 Street to N.W./N.E. 87 Terrace between N.E. Bayshore Court and N.W. 7 Avenue:

Resident rate per hour	$1.40
Non-resident rate per hour	$2.50
Monthly permit for residents	$70.00
Monthly permit for non-residents	$90.00

Wynwood / Garment Center area:

All streets and avenues in the area bounded by N.W. 6 Avenue and N. Miami Avenue between N.W. 20 Street and N.W. 29 Street:

Resident rate per hour	$1.40
Non-resident rate per hour	$3.25
Monthly permit for residents	$70.00
Monthly permit for non-residents	$90.00

Midtown area:

NW 6 Avenue to NE 2 Avenue between NE/NW 29 Street to 36 Street:

Resident rate per hour	$1.40
Non-resident rate per hour	$3.00

S.W. 8 Street area:

All Avenues in the area bounded by S.W. 8 Street from Brickell Avenue to S.W. 74 Court:

Resident rate per hour	$1.40
Non-resident rate per hour	$3.25
Monthly permit for residents	$55.00
Monthly permit for non-residents	$70.00

27th Avenue area:

N.W./S.W. 27 Avenue between US1 and N.W. 20 Street including all side streets:

Resident rate per hour	$1.40
Non-resident rate per hour	$1.75
Monthly permit for residents	$60.00
Monthly permit for non-residents	$70.00

West Flagler Street and S.W. 1 Street area:

All streets and avenues in the area bounded by West Flagler Street S./N. River Drive to S.W./N.W. 72 Avenue:

Resident rate per hour.....	$1.40
Non-resident rate per hour.	$1.75
Monthly permit for residents	$45.00
Monthly permit for non-residents.....	$60.00

S.W. 1 Street between 5 and 22 Avenues:

Resident rate per hour.....	$1.40
Non-resident rate per hour.	$1.75
Monthly permit for residents	$45.00
Monthly permit for non-residents.....	$60.00

N.W. 7 Street between 10 Avenue and 57 Avenue:

Resident rate per hour.....	$1.40
Non-resident rate per hour.	$1.75
Monthly permit for residents	$45.00
Monthly permit for non-residents.....	$60.00

Brickell area:

All streets and avenues in the area bounded by S.W. 32 Road and S.W. 5 Street between Brickell Bay Drive/I-95/S.W. 4 Avenue:

Resident rate per hour.....	$1.40
Non-resident rate per hour.	$3.25
Monthly permit for residents	$110.00
Monthly permit for non-residents.....	$200.00

Coral Way area:

All streets and avenues in the area bounded by S.W. 12 Avenue and 37 Avenue between S.W. 21-22 Terrace, S.W. 37 Avenue to US1 from S.W. 36 Avenue to S.W. 39 Avenue. Bird Avenue to US1 from S.W. 37 Avenue to S.W. 39 Avenue:

Resident rate per hour.....	$1.40
Non-resident rate per hour.	$1.75
Monthly permit for residents	$75.00
Monthly permit for non-residents.....	$90.00

Allapattah area:

All streets and avenues in the area bounded by I-95 and N.W. 27 Avenue from N.W. 19 Street and N.W. 38 Street and from N.W. 36 Street to N.W. 34 Avenue:

Resident rate per hour.....	$1.40
Non-resident rate per hour.	$1.75
Monthly permit for residents	$70.00
Monthly permit for non-residents.....	$90.00

Loading zones:

(1) A smart loading zone is defined as a designated space along the curb dedicated to loading and unloading passengers, food, or goods, regulated, and metered, in part, by sensor, GIS, camera, or software technology.

(2) The director, or their designee, is hereby authorized to determine the location and effective hours of smart loading zones by the placement of appropriate signs.

a. Sign will have hours of operation posted (Example: 8AM to 6PM)

b. Sign will have maximum time limit allowed to park (Example: 60 Minute Max Time)

c. Signs will describe the type of use, example Freight, Parcel, TNC (Ride-share or ride hailing), Micro delivery, and food pick up drop off delivery.

(3) The maximum continuous legal time a vehicle may be parked in the same location within a smart loading zone shall not exceed one hour.

(4) The director shall cause appropriate signage to be installed and maintained in any location designated as a smart loading zone pursuant to this section.

(5) All smart loading zones shall be accompanied by signage advising the public of the presence of the sensor, camera, Global Positioning Systems (GPS), Global Information Systems (GIS), or software technology monitoring the smart loading zone.

(6) Any smart loading zone established by this section shall be subject to the parking rates as follows:

Minutes	Rate Per Minute	Total Maximum Cost
0—5	$ 0.00	$ 0.00
6—15	0.05	0.45
16—30	0.16	4.80
30—60	0.26	15.60

(7) Vehicle operators parked in any smart loading zone shall deposit payment in the manner prescribed on smart loading zone signage.

a. This includes but is not limited to invoices by U.S. Mail.

Vehicles may be billed for the time they parked plus an administrative fee via regular U.S. Mail.

b. Vehicles can register for the smart loading zone program and will receive a monthly invoice for the time vehicle occupied the smart loading zone.

8. The director is authorized to oversee regulations as are deemed necessary or appropriate for the proper administration and enforcement of this section.

9. Whoever violates or fails to comply with any provision of this section may be subject to a citation under Chapter 30 of the Miami Dade County Traffic and Motor Vehicles Code, as amended.

(b) Demand base pricing. The department of off-street parking ("DOSP") may implement demand based pricing from time to time, based on demand and special events. Average occupancy for each zone may be evaluated to adjust pricing to fluctuating demand. Pricing will be adjusted accordingly, using the following criteria:

Zones that show occupancy greater than 75 percent increase by $1.00 from the then existing rate until the maximum rate is in effect.

Areas that have wide variations throughout the day may be split into peak and off-peak pricing tiers. Rate changes may be applied to peak and off-peak times independently. The maximum rate will be set at $6.00. This pricing may apply during special events.

(c) The following fees will be assessed during special events, film production, and construction uses for on-street parking space rental:

(1) Fifty dollar administrative fee per event assessed for any parking space rental.

(2) The rental rate of $30.00 per on-street parking space per day will be assessed during special events and construction uses.

(3) The rental rate of $30.00 per on-street parking space per day will be assessed during film production, in addition to a $2,000.00 flat fee, plus all other applicable fees.

(d) Monthly on-street permit program. The monthly on-street permit program is available, in certain areas of the city, pursuant to this chapter, on a first-come, first-serve space available basis. Permits are to be issued by DOSP. The chief executive officer ("director") is expressly authorized to implement this program and shall oversee and develop these special on-street parking permit areas as they are deemed necessary by the director where the director determines that sufficient off-street parking facilities are not available in an area to accommodate monthly parking demand. Such areas will be subject to all applicable laws, resolutions, rules and guidelines governing their operation established by the city commission and/or board/DOSP. Monthly parking patrons may not pre-purchase on-street permits for more than one month at a time. On-street permits can only be purchased on a month to month basis and payment is due

on the first of the month. DOSP will strictly enforce correct usage of permits, not allowing for any grace period.

(e) City employees who reside within the city will be able to receive a 20 percent discount towards the purchase of one monthly permit [(one permit)], as long as they remain eligible. Each additional permit will be sold at regular price.

(f) On-street parking spaces, loading zones, and monthly permit rates may be increased by resolution of the off-street parking board to a maximum of three percent annually in any individual fiscal year, or at an accrued annual rate of up to three percent.

(Ord. No. 9053, § 1, 1-10-80; Ord. No. 9213, § 1, 12-17-80; Ord. No. 9308, § 1, 9-10-81; Ord. No. 9377, § 1, 3-11-82; Ord. No. 9450, § 1(a), 6-17-82; Ord. No. 9632, § 1, 6-9-83; Ord. No. 9917, § 1, 10-10-84; Ord. No. 10027, § 1, 7-25-85; Ord. No. 10460, § 1, 7-14-88; Ord. No. 10641, § 1, 9-28-89; Code 1980, § 35-91; Ord. No. 11298, § 1, 9-14-95; Ord. No. 11871, § 2, 12-14-99; Ord. No. 12438, § 2, 11-13-03; Ord. No. 12644, § 2, 1-13-05; Ord. No. 13108, § 6, 10-8-09; Ord. No. 13368, § 2, 3-14-13; DOSP Res. No. 14-03, § 1 (Exh. A), 7-31-14; Ord. No. 13814, § 2, 12-13-18; Ord. No. 14340, § 2, 12-12-24)

Editor's note—Per Miami City Code, on-street parking meters and monthly permit rates may be increased by resolution of the Department of Off-Street Parking Board (DOSP).

Ord. No. 12438, § 2, adopted November 13, 2003, changed the title of § 35-191 from "On-street parking meters" to "On-street parking meters and monthly on-street permit program."

Sec. 35-192. Municipal parking garages.

(a) The rates charged for parking in off-street municipal garages are as follows (all rates include parking surcharge and all applicable sales tax):

(1)	*Municipal Garage No. 1 (Courthouse Center Garage):*	
	Half-hour	$5.00
	Early bird (in by 9:00 a.m., out between 2:00 p.m.—6:00 p.m.)	$10.00
	Maximum (within 24 hours)	$30.00
	Special event	$50.00
	Weekend special, per day	$10.00
	Monthly	$200.00
(2)	*Municipal Garage No. 2 (Cultural Center Garage):*	
	Half-hour	$5.00
	Early bird (in by 9:00 a.m., out between 2:00 p.m.—6:00 p.m.)	$10.00
	Maximum (within 24 hours)	$30.00
	Special event	$50.00
	Weekend special, per day	$7.00
	Monthly	$200.00
(3)	*Municipal Garage No. 3 (College Station Garage):*	
	Half-hour	$5.00
	Early bird (in by 9:00 a.m., out between 2:00 p.m.—6:00 p.m.)	$10.00
	Maximum (within 24 hours)	$30.00
	Special event	$50.00
	Monthly	$200.00
(4)	*Municipal Garage No. 4 (James L. Knight Center Garage):*	
	Half-hour	$5.00
	Early bird (in by 9:00 a.m., out between 2:00 p.m.—6:00 p.m.)	$10.00
	Maximum (within 24 hours)	$30.00
	Special event	$50.00
	Monthly	$200.00
	Reserved monthly	$275.00
(5)	*Municipal Garage No. 9 (Allapattah Parking Garage):*	
	Daily, per hour	$1.00
	Maximum:	$5.00
	Monthly	$50.00

(6) *Grove Bay Garage (3385 Pan American Drive):*

Per hour	$4.00
Maximum	$20.00
Maximum (within 24 hours)	$30.00
Special event	$50.00
Monthly	$200.00

(7) *Marlins Park Garages:*

Daily, per hour	$1.00
Maximum, per hour	$5.00
Monthly parking	$100.00

Rates not applicable during "MLB Events", "Other Events" or "Stadium Events" as defined by, and subject to any additional provisions of, the City Parking Agreement entered into on or about April 15, 2009, by and among the City of Miami, Miami-Dade County and Marlins Stadium Operator, LLC.

(b) These parking garage rates may be increased by resolution of the off-street parking board to a maximum of three percent annually in any individual fiscal year, or at an accrued annual rate of three percent.

(c) The following fees will be assessed during special events, film production, and construction uses for off-street parking garage rental within the above garages:

(1) Fifty dollar administrative fee per event assessed for any parking space rental.

(2) The rental rate of $50.00 per off-street parking space per day will be assessed during special events and construction uses.

(3) The rental rate of $50.00 per off-street parking space per day will be assessed during film production in addition to a $2,000.00 flat fee.

(d) Locations and applicable parking rates of new parking garages, and other parking facilities including parking lots which are not currently listed above, may be added by resolution of the off-street parking board.

(Code 1967, § 34-50.1; Ord. No. 9053, § 1, 1-10-80; Ord. No. 9213, § 2, 12-17-80; Ord. No. 9308, § 2, 9-10-81; Ord. No. 9450, § 2(a), 6-17-82; Ord. No. 9632, § 1, 6-9-83; Ord. No. 11871, § 2, 12-14-99; Ord. No. 12438, § 2, 11-13-03; Ord. No. 12644, § 2, 1-13-05; Ord. No. 13108, § 6, 10-8-09; Ord. No. 13368, § 2, 3-14-13; DOSP Res. No. 14-03, § 1 (Exh. A), 7-31-14; Ord. No. 13814, § 2, 12-13-18; Ord. No. 14340, § 2, 12-12-24)

Editor's note—Per Miami City Code, on-street parking meters and monthly permit rates may be increased by resolution of the Department of Off-Street Parking Board (DOSP).

Sec. 35-193. Municipal off-street parking lots.

(a) The rates of charge for parking in municipal off-street parking lots are as follows:

Central Business District:

Lot No. 19, Biscayne Boulevard between S.E. 1 and N.E. 5 Street:

Per hour	$5.00
Special event	$50.00

Lot No. 20, Chopin Plaza, S.E. 2 Street and Biscayne Boulevard:

Per hour	$5.00
Special event	$50.00

Lot No. 43, 56 S.W. 1 Street:

Per hour	$5.00
Daily max.	$20.00

Coconut Grove Area:

Lot No. 1, South Dixie Highway and S.W. 27 Avenue:

Per hour	$2.50
Per month	$50.00

Lot 62, Pan American Drive:

Per hour	$2.50
Per month	$150.00

Lot No. 71, 2710 South Bayshore Drive:

Flat rate	$20.00

Lot No. 72, South Bayshore Drive and Aviation Ave:

Per hour	$4.00
Max rate	$20.00

Little River Area:

Lot No. 7, Martin Luther King, N.W. 7 Avenue and 62 Street:

Per hour	$1.00
Per month	$35.00

Allapattah Area:

Lot No. 40, 17 Avenue and 35 Street N.W.:

Per hour	$1.00
Per month	$45.00

Lot No. 68, Children's Museum:

Per hour	$2.00
Per month	$75.00

Lot No. 70 Watson Island Boat Ramp:

Vehicles	$15.00
Boat ramp	$20.00

Lot 82 (901 S.W. 15 Avenue):

Daily, per hour	$2.00

Marine Stadium:

3501 Rickenbacker Causeway:

Per hour (daily including weekends)	$10.00

Rates for special events shall vary depending on the event.

Rates for boat trailers, (including trailers for motorized, and non-motorized watercrafts), will vary based on demand, size, and number of parking spaces being occupied.

Maximum rate shall not exceed $50.00 per day (as measured by consecutive 24 hours).

(b) All off-street parking lot rates include parking surcharge and all applicable sales taxes. These rates may be increased by resolution of the off-street parking board to a maximum of three percent annually in any individual fiscal year.

(c) City employees who reside within the city will be able to receive a 20 percent discount for the purchase of one monthly parking permit, as long as they remain eligible. Each additional permit will be purchased at the regular price. City residents are eligible to receive a 20 percent discount when using the mobile payment platform, where applicable.

(d) The following fees will be assessed during special events, film production, and construction uses for off-street parking lots:

(1) Fifty dollar administrative fee per event assessed for any parking space rental.

(2) The rental rate of $50.00 per off-street parking space per day will be assessed during special events and construction uses for parking lots.

(3) The rental rate of $50.00 per off-street parking space per day will be assessed during film production in addition to a $2,000.00 flat fee.

(e) New off-street parking lots which are not currently listed above, may be added by resolution of the DOSP board.

(Code 1967, § 34-50.1; Ord. No. 9053, § 1, 1-10-80; Ord. No. 9213, § 3, 12-17-80; Ord. No. 9308, § 3, 9-10-81; Ord. No. 9377, § 2, 3-11-82; Ord. No. 9450, §§ 3(a), 4(a), 6-17-82; Ord. No. 9632, § 1, 6-9-83; Ord. No. 9917, § 1, 10-10-84; Ord. No. 10027, § 1, 7-25-85; Ord. No. 10460, § 1, 7-14-88; Ord. No. 10641, § 1, 9-28-89; Code 1980, § 35-93; Ord. No. 11298, § 1, 9-14-95; Ord. No. 11871, § 2, 12-14-99; Ord. No. 12186, § 2, 2-14-02; Ord. No. 12438, § 2, 11-13-03; Ord. No. 12644, § 2, 1-13-05; Ord. No. 13108, § 6, 10-8-09; Ord. No. 13368, § 2, 3-14-13; DOSP Res. No. 14-03, § 1 (Exh. A), 7-31-14; Ord. No. 13814, § 2, 12-13-18; Ord. No. 14340, § 2, 12-12-24)

Editor's note—Per Miami City Code, on-street parking meters and monthly permit rates may be increased by resolution of the Department of Off-Street Parking Board (DOSP).

Sec. 35-194. On-street parking space rental.

The rates charged for parking space rentals, are as follows (all rates include parking surcharge and all applicable sales tax):

(1) *Administrative processing fees.* The administrative fee of $50.00 shall be assessed for any parking space rental for the processing of all metered parking space rental permits are set forth herein and may be amended from time to time, by the city commission. The administrative fee is in addition to any fee paid for parking stalls, meter bags, or linear curb space.

(2) *Parking space rental fee.* The rate is $30.00 per parking space, or for every 20 linear feet, per day. The fees are set forth herein and may be amended from time to time by the city commission.

(3) *Parking space rental for production and film use.* DOSP may provide parking space rental on an as-needed basis within the sole discretion of DOSP, taking into account the parking needs of the city, and parking space rental to accommodate production, staff, and film needs. A copy of a valid, city issued production/film permit must accompany each application for parking space rental. Only essential vehicles shall be allowed to park at parking spaces. Crew parking can be arranged with DOSP. Parking space rental for production and film use shall be red in color and shall state, "No Parking/Tow Away", and shall be strictly enforced. The fee per parking space, or for every 20 linear feet, is $30.00 per day, payable 24 hours in advance. The fees are set forth herein and may be amended from time to time by the city commission.

(4) *Parking space rentals for special events/construction.* DOSP may provide on an as-needed basis, at the sole discretion of DOSP, taking into account the parking needs of the city, and parking space rental to accommodate special events, construction, and staff. A copy of a valid, city issued special event permit and/or building permit, as applicable, must accompany each application for a parking space rental. Only essential vehicles used for the special event and/or construction shall be allowed to park at the parking space. Parking spaces for special event or construction staff, can be arranged with DOSP. Parking space rental for special events and construction shall be red in color and shall state, "No Parking/Tow Away". Parking space rental may only be issued by DOSP, and shall be strictly enforced. The rate is $30.00 per parking space, or for every 20 linear feet, per day, payable 24 hours in advance. The fees are set forth herein and may be amended from time to time, by the city commission.

(5) *Valet space rental and on-street space rental.* Those companies with a valid parking service permit issued by DOSP shall pay the following fee per parking space used for the ramping of valet services:

		Per space
Zone 1:	*Coconut Grove*	$20.00
Zone 2:	*Brickell Area*	$20.00
Zone 3:	*Central Business District* From SE 4 St. to North East/West 5 St.	$20.00
Zone 4:	*Little Havana/West Flagler*	$20.00
Zone 5:	*Coral Way*	$20.00
Zone 6:	*Spring Garden*	$20.00
Zone 7:	*Omni*	$20.00
Zone 8:	*Arena Area*	$20.00
Zone 9:	*Design District*	$20.00
Zone 10:	*Little River*	$20.00

There is a non-refundable, one-time application fee of $250.00 per valet location before

DOSP may approve the initial permit. After DOSP approves the initial application, the fee for the six-month, renewable, permit is $700.00. (Ord. No. 12438, § 2, 11-13-03; Ord. No. 12644, § 2, 1-13-05; Ord. No. 13108, § 6, 10-8-09; Ord. No. 13368, § 2, 3-14-13; Ord. No. 13814, § 2, 12-13-18)

Editor's note—Ord. No. 13814, § 2, adopted December 13, 2018, changed the title of section 35-194 from "Metered space rentals; bagged meter fees; on street non-metered space rental" to "On-street parking space rental." The historical notation has been preserved for reference purposes.

Sec. 35-195. Parking space closures.

(a) *Temporary parking space closures.* DOSP may provide for the temporary closure of parking spaces to accommodate construction and other limited needs. A $50.00 administrative fee will be assessed for any temporary parking space closure. The rate of $30.00 for the temporary closure of the parking space shall be assessed on a per space, per day basis, payable in advance, until such time as the parking space is re-installed.

No such closure shall last for a cumulative period of more than 90 days during any calendar year.

(b) *Permanent parking space removal.* Permanent parking space removal or loading zone removal requests are strongly discouraged and are granted at the sole discretion of DOSP's chief executive officer, consistent with the parking needs of the city. The monetization period for removal of a regulated parking space or loading zone parking space (20 feet of curb-line) will be ten years assuming a three percent annual growth for years two through ten. The fee for the removal of a parking space is to be paid in advance in a single lump sum fee. The monetized fee shall be the average annual system wide revenue generated by a single parking space or highest annual revenue generated by a single parking space in the area where removal is requested, whichever is greater. Monetization value of the ten years of income at the above described highest annual revenue amount is calculated by street or parking zone, based upon the most accurate revenue data available and maintained by DOSP.

If the applicant anticipates the creation of additional, new or replacement parking spaces or loading zones, it shall provide DOSP with any and all information regarding the number and location of these spaces or loading zones. Once the applicant has completed the project, it may request from DOSP a refund for the specific number of spaces or curbline not permanently removed from the public parking inventory. Any refund will be calculated based upon the total number of replacement parking spaces returned to the public right of way, and the prorated balance of time remaining, after subtracting the total time the parking space was removed from the public inventory, from the ten-year period of the pre-paid parking space monetization fee.

(c) *Parking infrastructure reserve fund (PIRF).* When a request for the removal of a parking space is made, as defined above, all fees collected in accordance with the process shall be held in a parking infrastructure reserve fund. DOSP shall use the monies in the PIRF for the acquisition and installation of automated parking meters, automation of existing facilities, expansion of the centralized operation capabilities, future development projects, land acquisition and other improvements to the public parking system.
(Ord. No. 12438, § 2, 11-13-03; Ord. No. 13368, § 2, 3-14-13; Ord. No. 13814, § 2, 12-13-18)

Editor's note—Ord. No. 13814, § 2, adopted December 13, 2018, changed the title of section 35-195 from "Meter removal" to "Parking space closures." The historical notation has been preserved for reference purposes.

Sec. 35-196. Restricted residential parking program.

(a) The city commission hereby establishes the following restricted residential parking (RRP) zones. These zones are created to protect the quality of life of the city's residents in areas where residential parking is severely impacted by competing uses. DOSP's chief executive officer or designee shall have the authority to create rules, regulations, and guidelines in conformity with this section for the parking of vehicles and the issuance of resident, visitor, or temporary permits within the RRP zones. The RRP zones are hereby established in conjunction with, and following the location of, the city commission districts.

(b) Resident parking permits. A restricted, residential zone resident must purchase restricted residential permits from DOSP. Residents can purchase up to three parking permits per household. Parking spaces within the RRP zones are not guaranteed and are restricted to a specific RRP zone. The fee for these zones will be as follows:

(1) Twenty-five dollars per year for one vehicle.

(2) Fifty dollars per year for two vehicles.

(3) Seventy-five dollars per year for three vehicles.

(c) Temporary residential guest parking hang tag permits. Temporary residential guest parking hang tag permits are available to each participating residence at a price of $1.00 per permit, per day for a maximum of 15 hang tags per calendar year. Temporary guest parking hang tag permits are only valid within the restricted residential zone of the resident purchasing the guest permit, and are not valid at any parking meter, municipal parking lot, garage, or other restricted residential parking ("RRP") zone.

(d) Creation of additional RRP zones. Requests for the creation of new RRP zones shall be submitted to the DOSP by the residents (property owner or current tenant of the property). Upon approval by DOSP's chief executive officer, or designee, DOSP shall create a new RRP zone. RRP zones only apply to single-family homes, duplexes, condominiums and apartment complexes with ten or fewer units, which contain habitable rooms for non-transient occupancy. Hotels, suite hotels, motels, apartment complexes with 11 or more units, boardinghouses, and day care centers shall not be considered for an RRP zone. In order to receive an RRP zone permit, residents must provide copies of the following documents: current driver's license, current motor vehicle registration, current utility bill, and fully executed current lease of property located within the program area. The RRP zone will be implemented if the petition is signed by at least 60 percent of the residents.

(Ord. No. 12438, § 2, 11-13-03; Ord. No. 13368, § 2, 3-14-13; Ord. No. 13814, § 2, 12-13-18)

Secs. 35-197—35-219. Reserved.

ARTICLE V. COCONUT GROVE BUSINESS DISTRICT, DESIGN DISTRICT, WYNWOOD, WYNWOOD NORTE, AND DOWNTOWN FLAGLER DISTRICT PARKING IMPROVEMENT TRUST FUNDS*

Sec. 35-220. Required off-street parking and payment in lieu of required off-street parking.

The minimum off-street parking requirements shall be as depicted herein and/or in the zoning ordinance of the city. Parking requirements may be satisfied by providing the parking as stated in the zoning ordinance or by payment in lieu of required off-street parking, as described herein. Parking reductions, off-site parking, or any other relaxation of parking requirements allowed pursuant to the Miami 21 Code shall not be made available within areas unless otherwise provided for within this chapter, established Special Area Plans (SAPs) or Neighborhood Revitalization Districts of the city for which a parking trust fund has been established and is in effect pursuant to this chapter.

(1) Upon application to the planning director, the owner of a property may request a waiver of any or all of the eligible parking spaces, as specified in the zoning

*__Editor's note—__Ord. No. 14036, § 2, adopted November 18, 2021, changed the title of article V from "Coconut Grove Business District, Design District, Wynwood, and Wynwood Norte Parking Improvement Trust Funds" to "Coconut Grove Business District, Design District, Wynwood, Wynwood Norte, and Downtown Flagler District Parking Improvement Trust Funds."

Ord. No. 12851, § 2, adopted September 28, 2006, amended article V in its entirety to read as herein set out. Formerly, article V pertained to the Coconut Grove business district improvement trust fund, and derived from the Code of 1980, §§ 35-191, 35-192, 35-194; Ord. No. 11052, § 2, adopted March 25, 1993; Ord. No. 11329, § 2, adopted December 7, 1995; Ord. No. 11415, § 2, adopted November 21, 1996; Ord. No. 11931, § 2, adopted May 25, 2000; Ord. No. 12163, § 2, adopted November 15, 2001; Ord. No. 12277, § 2, adopted September 11, 2002; Ord. No. 12435, § 2, adopted November 13, 2003, and Ord. No. 12564, § 2, adopted July 22, 2004.

ordinance by substituting the payment of a fee per space in lieu of providing the required parking spaces.

(2) If the application for the waiver of required off-street parking is approved by the planning director, the property owner shall pay the required fee per space to the department of off-street parking for deposit in a special fund, depending on the area for which the parking is located.

(3) Except as otherwise permitted for required supplemental parking for those uses specified in the minimum required parking charts included the zoning ordinance, payment of the required fee per space shall be made in the form of a payment of a fixed amount. The rental fee in lieu of required supplemental parking shall be paid in accordance with section 35-224, as long as the supplemental parking spaces for the specified use are required.

(4) Fees for the parking waiver shall be as established by this chapter and the zoning ordinance.

(5) If a property owner is entitled to pay a fee in lieu of providing required parking or loading as provided for in this section, the initial payment, shall be made in advance to the Coconut Grove parking improvement trust fund, the design district parking improvement trust fund, the Wynwood parking improvement trust fund, the Wynwood Norte parking improvement trust fund, or the Downtown Flagler District parking improvement trust fund, as applicable, as specified in the letter granting the waiver, and as a condition precedent to the issuance of a parking waiver certificate, and of a certificate of use. Failure to make any required payment shall cause the parking waiver and the certificate of use to be revoked.

(6) Evidence of issuance of a waiver of required off-street parking shall be in the form of a certificate of waiver, recorded in the public records of Miami-Dade County, at property owner's expense issued in the name of the owner of the property for which the waiver is granted. The date on the certificate shall be the effective date of the waiver thereby granted. Such certificate shall carry a statement allowing the waiver to be transferred by the planning director to a new owner within 90 days of a written request to the director. Said transfer shall be granted, provided that all fees are current and other requirements have been satisfied. A certificate of use shall not be issued for the use of any property for which the parking requirements have not been satisfied as provided for herein.

(7) The waiver of required off-street parking shall be applicable only to the structure and use for which it is issued. New development or additions, or any construction generating additional square footage of floor space or increasing the floor lot ratio, shall be required to comply with the parking requirements for said additions or obtain proper parking approvals. Certificates of parking waiver may be modified to include new square footage as long as the overall thresholds as specified in the zoning ordinance or as provided in this chapter are not exceeded.

(8) A waiver of required supplemental off-street parking issued under the provisions of this section shall be revoked if any required fees remained unpaid for more than 90 days after the date due.

(Ord. No. 13185, § 2, 6-24-10; Ord. No. 13455, § 2, 5-22-14; Ord. No. 13520, § 2, 5-28-15; Ord. No. 13556, § 2, 9-24-15; Ord. No. 13771, § 2, 6-28-18; Ord. No. 13996, § 2, 5-13-21; Ord. No. 14036, § 2, 11-18-21)

Sec. 35-221. Coconut Grove Parking Improvement Trust Fund—Established.

(a) There is hereby established a trust fund to be titled the Coconut Grove parking improvement trust fund, (the "Coconut Grove parking trust fund") to be maintained and administered by the department of off-street parking into which funds shall be deposited and from which

funds shall be withdrawn pursuant to sections 35-221 through 35-224 to facilitate public off-street parking, transportation infrastructure improvements, and maintenance and marketing, inclusive of wayfinding signage, to serve the area referred to herein as "Coconut Grove Village Center" generally bound by Oak Avenue and Tiger Tail Avenue to the North, S.W. 27th Avenue, South Bayshore Drive, both sides of McFarlane from Grand Avenue to South Bayshore Drive, both sides of Grand Avenue from Margaret Street to Mary Street, both sides of Grand Avenue from Hibiscus Street to Margaret Street, both sides of Main Highway from Grand Avenue to Commodore Plaza, both sides of Commodore Plaza, and the North side of Main Highway from Commodore Plaza to Franklin Avenue consisting of that portion of the area formerly known as the SD-2 zoning district east of Margaret Street, that portion of the area formerly known as of the SD-17 zoning district west of S.W. 27th Avenue, and that zone designated G/I in the city's official zoning atlas and bounded by Charles Avenue on the south and Main Highway on the east and presently occupied by the Coconut Grove Playhouse through means which may include, but are not limited to, the following activities:

(1) Acquire fee simple or other interest in land, and other real property for parking purposes;

(2) Construct, maintain, operate, lease, manage, or otherwise provide off-street parking facilities for public use;

(3) Provide public information to enhance parking utilization including publicity campaigns, graphics and wayfinding signage, and other informational devices;

(4) Coordinate plans for parking facility improvements or expansion in conjunction with public transportation plans and operations in the vicinity;

(5) Conduct studies, surveys, and data collection and prepare plans and specifications for complete streets and alternative right-of-way sections, including in conjunction with city, county, and/or state planning, engineering, and implementation of capital projects;

(6) Provide accessibility to off-street parking facilities or alternative transportation facilities by suitable means such as public shuttle, tram or trolley service, or related physical improvements such as bus shelters and right-of-way modifications which may include, but is not limited to, the area from Bayshore Boulevard to the Coconut Grove Village Center;

(7) Perform such other related activities as may be appropriate to carry out the intent of this article including, but not limited to, infrastructure improvements in the public right-of-way, contributing to maintenance of the public sidewalks within the Coconut Grove Village Center defined herein, supporting alternative transportation facilities and operations, and marketing related to promoting any of the aforementioned activities in this section;

(b) Coconut Grove parking trust fund recipients may be public entities or public-private partnerships.

(c) It is the intent of this section that at least 90 percent of the funds, as determined at the beginning of each fiscal year shall be allocated for purposes consistent with subsections (a)(1)—(7). At least ten percent of the funds must be maintained as reserves, inclusive of any administrative expenses;

(d) Any such shuttle, tram or trolley service as mentioned in subsection (a)(6) shall be subject to yearly evaluation of the Coconut Grove business improvement district board.

(e) Parking calculations for new and adaptive developments shall be according to the Miami 21 Code if all parking is to be provided on site. If parking is to be provided by payment in lieu of required off-street parking, the Miami 21 Code shall be followed except for food service establishments as defined in the Miami 21 Code. Food service establishments shall have an additional supplemental parking space requirement of 1:150 per square foot and for sidewalk cafes, there shall be a supplemental parking space requirement of 1:100 per square foot. Payment into the

trust fund of the supplemental parking is required prior to obtaining a certificate of use or temporary certificate of use.
(Ord. No. 12851, § 2, 9-28-06; Ord. No. 13059, § 3, 3-12-09; Ord. No. 13185, § 2, 6-24-10; Ord. No. 13771, § 2, 6-28-18; Ord. No. 14340, § 2, 12-12-24)

Sec. 35-222. Same—Funds made available; financial report.

(a) Funds deposited in the Coconut Grove parking trust fund shall be made available to the Coconut Grove Business Improvement District ("BID") Board ("BID board") for the purposes set forth in section 35-221 and for administrative expenses after approval by the BID board. BID shall submit financial reports to the city commission on an annual basis.

(b) A financial report on trust fund receipts and expenditures shall be prepared annually at the close of the fiscal year by the BID and presented to the BID board for its review and approval prior to filing with the city clerk.
(Ord. No. 12851, § 2, 9-28-06; Ord. No. 13059, § 3, 3-12-09; Ord. No. 13185, § 2, 6-24-10; Ord. No. 14340, § 2, 12-12-24)

Sec. 35-223. Parking waiver certificates; revocation.

(a) Certificates of waiver shall not be issued without full payment and only issued after verification by the zoning administrator, by or with any other applicable city departments, that such certificate of waiver is in compliance with the Miami 21 Code and the applicable parking requirements.

(b) Failure to make any payment required by this article shall cause the zoning administrator to revoke the parking waiver certificate and the certificate of use. The zoning administrator shall revoke a parking waiver certificate and a certificate of use if any required fees remain unpaid for more than 60 days after the date due. Said revocation of the parking waiver certificate and certificate of use shall be effective immediately upon the department of off-street parking's notification to the zoning administrator that the required fees remain unpaid for more than 60 days after the date due. The department of off-street parking shall notify the parking waiver certificate holder and certificate of use holder of the pending revocation by posting notice at the property, hand delivering a notice, or mailing a notice. A parking waiver certificate holder or certificate of use holder may reinstate the certificates by paying any unpaid fees. A parking waiver certificate holder or certificate of use holder may challenge the revocation by requesting a hearing with the zoning administrator within ten days of receiving notice. Upon presenting such evidence to the zoning administrator of proper payment, the zoning administrator shall immediately reinstate any revoked certificates.

(c) Failure to maintain a building permit as required in this article shall cause the zoning administrator to revoke the certificate of waiver. Any building permit procured as specified in this section must remain active at all times. If a building permit becomes inactive or is otherwise abandoned, a revocation of the certificate of waiver shall be initiated.

(d) The city shall not issue a certificate of use for the use of any property for which the parking requirements have not been satisfied as provided herein.

(e) In the event that a certificate of waiver is revoked by the zoning administrator or released in writing by the property owner prior to issuance of a certificate of occupancy, temporary certificate of occupancy, certificate of completion, certificate of use, or temporary certificate of use for the improvements that generated the parking requirements for which the certificate of waiver was issued, the BID shall apply a credit to run with the property and be available to apply towards a future certificate of waiver.
(Ord. No. 13185, § 2, 6-24-10; Ord. No. 14340, § 2, 12-12-24)

Editor's note—Ord. No. 14340, § 2, adopted December 12, 2024, changed the title of section 35-223 from "Revocation of certificate of use for non-payment of parking waivers" to "Parking waiver certificates; revocation." The historical notation has been preserved for reference purposes.

Sec. 35-224. Schedule of fees and charges for Coconut Grove parking trust fund.

The schedule of fees and charges to be assessed and paid into the Coconut Grove parking trust fund is as follows:

(1) Fee in lieu of providing required off-street parking for sidewalk cafes. In addition to the $20.00 per square foot permit fee required by the resilience and public works department, as specified in section 54-223, there shall be paid an additional fee as set forth in subsections (3)c. and (3)e., in lieu of providing required off-street parking, said funds shall be paid monthly into the Coconut Grove parking trust fund.

(2) All property owners in possession of base parking space waivers as provided in Ordinance 11052 as of December 1, 2024 shall pay $540.00, per space per year, payable monthly (the "annual payment"). The annual payment shall be inflation adjusted once at the end of each five-year period. The first inflation adjustment commenced on January 1, 2007, reflecting the change from the prior year only, using the consumer price index urban consumers (CPI-U). All property owners currently in possession of base parking space waivers shall have the option of converting the existing waivers to conform to the provisions set forth in subsection (3). This option shall not be available to property owners not in possession of such base parking space waivers as of December 1, 2024. Certificate of waiver holders as of December 1, 2024 participating in the installment payment program option must (i) procure a building permit process number on or before September 1, 2025 and subsequently obtain a building permit for construction within one year of procuring the process number or (ii) pay the balance on the installment agreement on or before September 1, 2025 and obtain a building permit within three years of paying the outstanding balance. Failure to procure a building permit process number, a building permit, or pay the balance on the installment agreement as specified in this subsection shall render the certificate of waiver null and void. If a certificate of waiver is rendered null and void, a credit will be given for any payments made minus any administrative costs incurred by the city and/or the BID.

(3) Fee in lieu of providing required off-street parking for the area formerly known as the SD-2 zoning district herein described as the "Coconut Grove Central Commercial District," which consists of three general areas. Area A generally consists of both sides of S.W. 37th Avenue from Oak Avenue to Grand Avenue, and both sides of Grand Avenue from Brooker Street to Hibiscus Street. Area B is generally bound to the North by Oak Avenue from Allamanda Street to Mary Street, Mary Street to the East, includes both sides of Grand Avenue from Margaret Street to Mary Street, both sides of McFarlane Road from Grand Avenue to South Bayshore Drive, both sides of Main Highway from Grand Avenue to Commodore Plaza including both sides of Commodore Plaza and Fuller Street. Area C includes the North Side of Main Highway from Charles Avenue to Franklin Avenue, shall be as follows:

a. A purchase price of $8,500.00 per half-space parking (residential) waiver and $17,000.00 per full-space parking (commercial or residential) waiver ("purchase price"). The purchase price shall be inflation adjusted once at the end of each five-year period. using the consumer price index urban consumers (CPI-U).

b. Permanent certificate of waiver. Upon receipt of the full purchase price and any reasonable applicable fees for administrative expenses as set by the BID from time to time in accordance with the provisions of this article, the city shall issue a

permanent certificate of waiver in lieu of providing physical parking spaces ("certificate waiver"), which shall be recorded by the property owner at the property owner's expense in the public records of Miami-Dade County, Florida. The certificate of waiver shall run with the land.

c. Payment as set forth in subsection 35-224(3)a. shall be due and payable prior to issuance of a building permit, including a phased permit; revisions to an existing building permit for any new construction or addition that generates additional required parking spaces; issuance of a certificate of use or temporary certificate of Use for any new construction or addition that generates additional required parking spaces; or substitution for parking previously to be provided on-site or off-site, whichever is earlier.

d. Reserved.

e. Reserved.

f. All payments set forth in this subsection (3) shall be inflation-adjusted once at the end of each five-year period, reflecting the change from the prior year only, through the consumer price index-urban consumers (CPI-U).

g. Payment of the fees set forth in this subsection (3) shall exempt the respective property from the corresponding parking requirement for such use as specified in the certificate of waiver.

(4) The City shall grant parking credit for buildings built prior to 1960 that have been demolished or may be demolished.

(5) Upon enactment of a city ordinance pursuant to F.S. § 166.271, authorizing the collection and disbursement of parking surcharge fees for infrastructure and other purposes defined therein, the Coconut Grove business improvement trust fund would receive not more than 40 percent and not less than 20 percent of the parking surcharge fees derived from parking surcharge revenues from Coconut Grove (defined as that portion of the city bounded by the Rickenbacker Causeway and US-1 to the north and west, and the city limits to the west, south and east). Said distributions would be retained in a separate account to be used exclusively for the purposes set forth in the ordinance governing the use of parking surcharge funds.

(6) Fees generated by the use of Coconut Grove sidewalks for sidewalk cafes for the purpose of contributing to the maintenance of the public sidewalks and infrastructure within those sidewalks in the business district as defined herein.

(Ord. No. 12851, § 2, 9-28-06; Ord. No. 13059, § 3, 3-12-09; Ord. No. 13185, § 2, 6-24-10; Ord. No. 13792, § 1, 10-11-18; Ord. No. 14340, § 2, 12-12-24)

Editor's note—Subsections 35-224(6)—(10) were inadvertently omitted from the Code in August of 2010, and subsequently restored in June of 2016.

Sec. 35-225. Design District Parking Improvement Trust Fund—Established.

(a) There is hereby established a trust fund to be entitled the design district parking improvement trust fund, ("trust fund") to be maintained and administered by the department of off-street parking ("DOSP") into which funds shall be deposited and from which funds shall be withdrawn pursuant to sections 35-226 and 35-227 to facilitate parking purposes within the area including but not limited to public off-street parking, infrastructure improvements and maintenance and marketing to serve the area consisting of the zoning districts as depicted herein, in Exhibit A, and any abutting properties or properties partly within the boundaries depicted in Exhibit A ("Design District") through means which may include, but are not limited to the following activities:

(1) Acquire fee simple or other interest in land, and other real property for parking purposes;

(2) Construct, maintain, operate, lease, manage, or otherwise provide off-street parking facilities for public use;

(3) Provide public information to enhance parking utilization including publicity campaigns, graphics and signage, and other informational devices;

(4) Coordinate plans for parking facility improvements or expansion in conjunction with public transportation plans and operations in the vicinity, particularly, but not limited to, the joint facilities that might be operated in connection with Metrorail and any feeder services existing or developed in the future;

(5) Provide accessibility to off-street parking facilities by suitable means such as public shuttle, tram or trolley service or related physical improvements such as bus shelters and right-of-way modifications;

(6) Perform such other related activities as may be appropriate to carry out the intent of this article including, but not limited to, infrastructure improvements in the public right-of-way, contributing to maintenance of the public sidewalks within the business district defined herein, as well as marketing.

(b) It is the intent of this article that at least 90 percent of the funds, as determined at the beginning of each fiscal year, in the trust fund shall be utilized for subsections (a)(1)—(6). At least ten percent of the funds must be maintained as reserves.

(c) Any such shuttle, tram or trolley service, as mentioned in subsection (a)(5), shall be subject to yearly evaluation of the design district improvement committee.

(d) There is hereby created a design district improvement committee ("committee") that shall consist of seven voting members and as many non-voting members, as may be necessary from time to time, at the discretion of the chief executive officer ("CEO") of DOSP, appointed as follows:

(1) The CEO shall be a non-voting member.

(2) The District 5 commissioner shall appoint two voting members, who shall not require DOSP Board confirmation.

(3) The director of planning and zoning of the city, or his/her designee, shall be a voting member who shall not require DOSP Board confirmation.

(4) Two voting members who shall be unassociated property owners of any assessed property within the boundaries of the design district, who shall be subject to DOSP Board confirmation and shall serve two-year terms.

(5) Two voting members who shall represent unassociated retail and/or restaurant/bar establishments within the boundaries of the design district, who shall be subject to DOSP Board confirmation and shall serve three-year terms.

(6) At the discretion of the CEO, the CEO shall appoint non-voting members as may be necessary from time to time, who shall not require DOSP Board confirmation.

(7) Nomination of initial members. The CEO shall appoint a committee nominating commission to solicit and screen applications, interview candidates, and submit nominations to the CEO for appointment to the initial committee.

(8) Subsequent nominations and vacancies. A selection committee, chosen by the remaining committee members, shall be formed and shall make nominations for filling these seats upon expiration of a term or in the event of any vacancy, and the DOSP Board shall confirm the nominees.

(9) Quorum. Quorum shall consist of the presence of four voting members.

(Ord. No. 12851, § 2, 9-28-06; Ord. No. 13455, § 2, 5-22-14)

Note—Exhibit "A" as referenced in this section is not set out at length herein, but is on file in the offices of the city.

Sec. 35-226. Same—Funds made available; financial report.

(a) Funds deposited in the trust fund shall be made available to DOSP for the purposes set forth in section 35-225 and for administrative

expenses after review and recommendation by the committee to DOSP and approval by the DOSP Board following receipt and consideration of the committee's recommendation. DOSP shall submit annual financial reports to the city commission on an annual basis.

(b) A financial report on trust fund receipts and expenditures shall be prepared annually at the close of the fiscal year by the off-street parking department and presented to the committee for its review and approval prior to filing with the city clerk.
(Ord. No. 12851, § 2, 9-28-06; Ord. No. 13455, § 2, 5-22-14)

Sec. 35-227. Revocation of parking waivers.

(a) Certificate of waiver holders as of February 23, 2014, participating in the installment payment program option must (i) procure a building permit process number on or before November 22, 2014 and subsequently obtain a building permit for construction within one year of procuring the process number or (ii) pay the balance on the installment agreement on or before November 22, 2015 and obtain a building permit within three years of paying the outstanding balance. Failure to procure a building permit process number, a building permit, or pay the balance on the installment agreement as specified in this subsection shall render the certificate of waiver null and void. If a certificate of waiver is rendered null and void, a credit will be given for any payments made minus any administrative costs incurred by the city and/or DOSP.

(b) Certificate of waiver holders participating in the trust fund after May 22, 2014, participating in the installment payment program option must procure a building permit for construction within one year from the date of issuance of the certificate of waiver. Failure to procure a building permit within one year from the date of issuance of the certificate of waiver under the installment payment program option shall render the certificate of waiver null and void.

(c) Certificate of waiver holders as of February 23, 2014, who paid in full and received a permanent certificate of waiver are vested and not subject to revocation of the permanent certificate of waiver. However, any change to plans on file with the planning department which requires additional certificates of waiver for a project will be purchased at the current rate and according to current provisions established after May 22, 2014 as further clarified herein.

(d) Certificate of waiver holders participating in the trust fund after May 22, 2014, who paid in full and received a permanent certificate of waiver must procure a building permit for construction no later than one year from the date of issuance of the permanent certificate of waiver. Failure to procure a building permit within one year from the date of issuance of the permanent certificate of waiver shall render the permanent certificate of waiver null and void and all payments shall be held as a credit for a future project as described in subsection (g) below. Such credit shall not be transferrable to another owner of real property within the design district or any subsequent buyer of the subject property and as further clarified in subsection 35-228(2)(b).

(e) Changes in plans. Any substantial changes in plans on file with the planning department shall result in a review of the existing certificate of waiver. If a certificate of waiver is to be modified due to an increase in parking requirements, the additional certificates of waiver shall be purchased at the rate in existence at the time of the substantial modification. A substantial modification includes, but is not limited to, (i) a change in the footprint of a building by more than ten feet in any horizontal direction, (ii) an increase in building height by more than five feet or five percent of the height of the building, whichever is greater; or (iii) a change in the proposed use.

(f) Building permit. Any building permit procured as specified in this section must remain active at all times. If a building permit becomes inactive or is otherwise abandoned, a revocation of the certificate of waiver shall be initiated as described in subsection (g) below. Any appeal of a building permit or similar development permit shall toll the time period specified in this section until a final decision is rendered on the appeal.

(g) Revocation process. Upon notice that the parking waiver certificate holder has not complied with the above requirements, the zoning administrator shall revoke the parking certificate waiver and certificate of use. The certificate of waiver holder and certificate of use holder shall be notified of the revocation by posting of the notice at the property, hand delivering of the notice, or mailing of the notice. A parking waiver certificate holder or certificate of use holder may challenge the revocation by requesting a hearing through the office of hearing boards within ten days of the revocation. If a parking waiver certificate is being revoked for timeliness issues, the parking waiver certificate holder may present evidence to the planning, zoning and appeals board ("PZAB") of considerable delay due to the fault of the city, other governmental entity, or an act of God. If the PZAB so determines, the zoning administrator shall immediately reinstate any revoked certificates. If the PZAB approves the revocation of a certificate of waiver, the certificate of waiver holder shall receive credit for the future purchase of a certificate of waiver, minus three percent of monies paid, to represent an administrative fee. This amount will be in addition to the 50 percent non-refundable deposit referenced below and any filing fees. In the event of a revocation, DOSP shall record an instrument revoking rights to the permanent certificate of waiver.
(Ord. No. 13455, § 2, 5-22-14)

Sec. 35-228. Same—Schedule of fees and charges.

The schedule of fees and charges to be assessed and paid into the trust fund is as follows:

(1) Fee in lieu of providing required off-street parking for sidewalk cafes: in addition to the $20.00 per square foot permit fee required by the resilience and public works department, as specified in section 54-223, there shall be paid an additional fee as set forth in subsections (2)c. and (2)e., in lieu of providing required off-street parking, said funds shall be paid monthly into the design district improvement trust fund.

(2) Fee in lieu of providing required off-street parking for the Design District shall be as follows:

a. A purchase price of $45,000.00 shall apply per parking space waiver (the "purchase price.") The purchase price shall be inflation adjusted once at the end of each five-year period. The first such adjustment shall occur on January 1, 2019, reflecting the change from the prior year only, using the consumer price index urban consumers (CPI-U).

b. Payment of the purchase price shall be made at the time of application for a permanent certificate of waiver. Upon receipt of the full purchase price, the city shall issue a "permanent certificate of waiver," recorded at the property owner's expense in the public records of Miami-Dade County, Florida, to the property owner. A permanent certificate of waiver issued prior to February 23, 2014, shall run with the land, and may be leased to another owner of real property within the design district. A certificate of waiver issued prior to February 23, 2014, under an installment program shall run with the land, and may be leased to another owner of real property within the design district, unless revoked as set forth above. A certificate of waiver, either permanent or obtained through the installment program issued after May 22, 2014, shall not run with the land and may not be leased. No certificate of waiver issued after May 22, 2014, shall vest unless the permanent certificate of waiver is paid in full and the owner procures a building permit for construction no later than one year from the date of issuance of the permanent certificate of waiver.

c. Installment payment program. A non-refundable 50 percent deposit

along with a $500.00 application fee shall be paid to DOSP upon filing the request for the installment payment program. The purchase price, minus the 50 percent deposit, shall then be paid in installments over a self-amortizing period of five years, with a balloon payment after three years from date of execution of an installment payment agreement for permanent certificate of waiver (the "agreement"), with interest at one percent below the bank prime rate. Each installment shall be referred to as a "payment." Bank prime rate shall refer to the rate set by the banking institution used by the department of off-street parking (the "department"). Payments shall be due and payable on the 1st of each month (the "due date"). The property owner shall pay a late fee of five percent of each payment which is not received within 15 days of the due date. Payments not made within 30 days after the due date shall be charged interest at the rate of ten percent per annum calculated monthly on the unpaid balance, including applicable late fees. If any payment is returned because of insufficient or uncollected funds in addition to any other fee or charge due, the property owner shall be liable for a returned check charge in the amount of five percent of the amount of the check; in such event, DOSP may require that all future payments be made by cashier's check. In the event any returned payment is not repaid and received by DOSP within 90 days of the due date, the applicable certificate(s) of waiver shall be revoked by the zoning administrator, and the property owner shall forfeit any and all rights thereunder, and any amounts paid pursuant to the agreement, and shall not be entitled to participate further in the installment payment program, unless its to avail themselves of an alternate installment payment program that becomes available. Notwithstanding the foregoing, the property owner shall remain responsible for providing parking as required by the Miami 21 Code, or apply and pay for the necessary monthly parking space waivers or make full payment.

d. Supplemental off-street parking spaces may be purchased for a fee, as set forth in subsection (3)a.1., as may be applicable.

e. All payments set forth in this subsection (2) shall be inflation-adjusted once at the end of each five-year period, the first such adjustment shall commence on January 1, 2019, reflecting the change from the prior year only, through the consumer price index-urban consumers (CPI-U).

(3) Upon enactment of a city ordinance pursuant to F.S. § 166.271, authorizing the collection and disbursement of parking surcharge fees for infrastructure and other purposes defined therein, the trust fund would receive the same percentage as derived from parking surcharge revenues from the design district. Said distributions would be retained in a separate account to be used exclusively for the purposes set forth in the ordinance governing the use of parking surcharge funds.

(4) Fees generated by the use of design district sidewalks for sidewalk cafes for the purpose of contributing to the maintenance of the public sidewalks and infrastructure within those sidewalks in the business district as defined herein.

(5) Such other fees as may from time to time be authorized by the city commission.

(Ord. No. 12851, § 2, 9-28-06; Ord. No. 13455, § 2, 5-22-14; Ord. No. 13792, § 1, 10-11-18)

Editor's note—Ord. No. 13455, § 2, adopted May 22, 2014, redesignated the former section 35-227 as section 35-228. The historical notation has been preserved for reference purposes.

Sec. 35-229. Wynwood parking improvement trust fund—Established.

(a) There is hereby established a trust fund to be entitled the Wynwood Parking Improvement Trust Fund, ("Wynwood Parking Trust Fund") to be maintained and administered by the Wynwood Business Improvement District ("BID"), or any successor body designated by the city commission, into which funds shall be deposited and from which funds shall be withdrawn pursuant to sections 35-229 through 35-232 to facilitate parking purposes, the creation of publicly accessible off-street parking, infrastructure improvements and maintenance and marketing to serve the area consisting of the properties within the Wynwood NRD-1 boundaries, through means which may include but are not limited to the following activities, subject to review by the city attorney for consistency with all applicable local, state and federal laws:

(1) Acquire fee simple or other interest in land, and other real property for parking purposes;

(2) Construct, maintain, operate, lease, manage, fund or otherwise provide off-street parking facilities for public use;

(3) Provide public information to enhance parking utilization including publicity campaigns, graphics and signage, and other informational devices;

(4) Coordinate plans for parking facility improvements or expansion in conjunction with public transportation plans and operations in the vicinity;

(5) Provide accessibility to off-street parking facilities or alternative transportation facilities by suitable means such as public shuttle, tram or trolley service or related physical improvements such as bus shelters and right-of-way modifications;

(6) Perform such other related activities as may be appropriate to carry out the intent of this article including, but not limited to, infrastructure improvements in the public right-of-way, contributing to maintenance of the public sidewalks within the Wynwood District defined herein, supporting alternative transportation facilities and operations, as well as marketing related to promoting any of the aforementioned activities.

(b) Wynwood parking trust fund recipients may be privately-owned entities or individuals, public entities, or public-private partnerships.

(c) The BID shall only make funds available from the Wynwood parking trust fund to projects meeting the qualifications as set forth herein, as approved by the BID board ("project").

(d) For each project approved by the BID board, the BID shall pledge funds available and allocated as of the date of BID approval of the project and reserved for a period of three years, unless extended by the BID for a period not to exceed an additional one year, and shall transfer pledged funds to the project at such time as the project is deemed substantially completed.

(e) It is the intent of this section that at least 90 percent of the funds, as determined at the beginning of each fiscal year, shall be allocated for purposes consistent with subsections (a)(1)—(6) of this section. At least ten percent of the funds must be maintained as reserves, inclusive of any administrative expenses.
(Ord. No. 13556, § 2, 9-24-15)

Sec. 35-230. Funds made available; financial report.

(a) Funds deposited in the Wynwood parking trust fund shall be made available to the Wynwood BID board of directors for the purposes set forth in section 35-229 and for administrative expenses incurred in connection with the collection or expenditure of funds within the Wynwood parking trust funds, which shall not exceed three percent of the funds.

(b) A financial report on Wynwood parking trust fund receipts and expenditures shall be prepared annually at the close of the fiscal year by the BID for review and approval by the city commission prior to filing with the city clerk.
(Ord. No. 13556, § 2, 9-24-15)

Sec. 35-231. Schedule of fees and charges for Wynwood parking trust fund.

(a) Fee in lieu of providing required off-street parking for the area described as the Wynwood district shall be as follows:

(1) A purchase price of $6,000.00 per half-space ("residential") and $12,000.00 per full space (commercial or residential) per parking space waiver (the "purchase price"). The purchase price shall be inflation adjusted once at the end of each five-year period. The first such adjustment shall occur on October 1, 2020, reflecting the change from the prior year only, using the consumer price index urban consumers ("CPI-U").

(2) Permanent certificate of waiver. Upon receipt of the full purchase price and any applicable fees for administrative expenses as set by the BID from time to time in accordance with the provisions of this article, the city shall issue a permanent certificate of waiver in lieu of providing physical parking spaces ("certificate of waiver"), which shall be recorded at the property owner's expense in the public records of Miami-Dade County, Florida, to the property owner. The certificate of waiver shall run with the land.

(3) Payment, as set forth in subsections 35-231(a)(1) and (2), shall be due and payable prior to issuance of a building permit or revisions to an existing building permit for any new construction or addition that generates additional required parking spaces, or issuance of a certificate of use for any new construction or addition that generates additional required parking spaces, or substitution for parking previously to be provided on-site or off-site, whichever is earlier.

(b) Payment of the fees and issuance of the certificate of waiver set forth in subsections hereinabove shall permanently exempt the respective property from the corresponding parking requirement for such use as specified in the certificate of waiver, unless and until such certificate of waiver is revoked as set forth in section 35-232.
(Ord. No. 13556, § 2, 9-24-15)

Sec. 35-232. Parking waiver certificates; revocation; refunds.

(a) Certificates of waiver shall not be issued without full payment and after verification by the planning department, and with any other applicable city departments, that such certificate of waiver is in compliance with the city's zoning ordinance, the Miami 21 Code, and the parking requirements applicable through the Wynwood NRD-1, as amended.

(b) Failure to maintain a building permit as required in this article shall cause the zoning administrator to revoke the parking waiver certificate. Any building permit procured as specified in this section must remain active at all times. If a building permit becomes inactive or is otherwise abandoned, a revocation of the certificate of waiver shall be initiated. Any appeal of a building permit or similar development permit shall toll the time period specified in this section until a final decision is rendered on the appeal.

(c) In the event that a certificate of waiver is revoked by the zoning administrator or released in writing by the property owner prior to issuance of a certificate of occupancy, certificate of completion, or certificate of use for the improvements that generated the parking requirements for which the certificate of waiver was issued, the BID shall apply a credit to run with the property and be available to apply towards a future certificate of waiver.
(Ord. No. 13556, § 2, 9-24-15)

Sec. 35-233. Wynwood Norte parking improvement trust fund—Established.

(a) There is hereby established a trust fund titled the Wynwood Norte parking improvement trust fund to be maintained and administered by the department of off-street parking ("DOSP") into which funds shall be deposited and from which funds shall be withdrawn pursuant to

sections 35-233 through 35-236 to facilitate public off-street parking, transportation infrastructure improvements, and maintenance and marketing, inclusive of wayfinding signage, to serve the area generally bounded by Interstate 195 on the north, Interstate 95 on the west, Northwest 29th Street on the south, and North Miami Avenue on the east ("NRD-2 boundary") through means which may include but are not limited to the following activities, subject to review by the city attorney for consistency with all applicable local, state, and federal laws:

(1) Acquire fee simple or other interest in land and other real property for parking purposes;

(2) Construct, maintain, operate, lease, manage, fund, or otherwise provide off-street parking facilities for public use;

(3) Provide public information to enhance parking utilization including publicity campaigns, graphics and wayfinding signage, and other informational devices;

(4) Coordinate plans for parking facility improvements or expansion in conjunction with public transportation plans and operations in the vicinity;

(5) Conduct studies, surveys, and data collection and prepare plans and specifications for complete streets and alternative right-of-way sections, including in conjunction with city, county, and/or state planning, engineering, and implementation of capital projects;

(6) Provide accessibility to off-street parking facilities or alternative transportation facilities by suitable means such as public shuttle, tram or trolley service, or related physical improvements such as bus shelters and right-of-way modifications; and

(7) Perform such other related activities as may be appropriate to carry out the intent of this article including, but not limited to, infrastructure improvements in the public right-of-way, contributing to maintenance of the public sidewalks within the NRD-2 boundary, supporting alternative transportation facilities and operations, and marketing related to promoting any of the aforementioned activities in this section.

(b) Wynwood Norte parking trust fund recipients may be public entities or public-private partnerships.

(c) It is the intent of this section that at least 90 percent of the funds as determined at the beginning of each fiscal year shall be allocated for purposes consistent with subsections (a)(1)—(7) of this section. At least ten percent of the funds must be maintained as reserves, inclusive of any administrative expenses.

(d) Any such shuttle, tram, or trolley service as mentioned in subsection (a)(6) shall be subject to yearly evaluation of the Wynwood Norte improvement committee.

(e) There is hereby created a Wynwood Norte improvement committee ("committee") that shall consist of seven voting members and as many non-voting members, as may be necessary from time to time at the sole discretion of the chief executive officer ("CEO") of DOSP, appointed as follows:

(1) The CEO shall be a non-voting member.

(2) The district 5 city commissioner shall appoint two voting members who are electors in the NRD-2 boundary who shall not require DOSP board confirmation.

(3) The director of planning of the city, or his/her designee, shall be a voting member who shall not require DOSP board confirmation.

(4) Two voting members that are property owners of any assessed property within the NRD-2 boundary who shall be subject to DOSP board confirmation and shall serve three-year terms. Such members shall not be associated with each other.

(5) Two voting members who shall represent commercial establishments or businesses within the NRD-2 boundary who shall be subject to DOSP board confirmation and

shall serve two-year terms. Such members and establishments shall not be associated with each other.

(6) At the discretion of the CEO, the CEO shall appoint non-voting members as may be necessary from time to time, who shall not require DOSP board confirmation.

(7) City commission approval shall not be required for any appointments.

(f) Nomination of initial members. The CEO shall appoint a committee nominating commission to solicit and screen applications, interview candidates, and submit nominations to the CEO for appointment to the initial committee.

(g) Subsequent nominations and vacancies. For any future vacancies that require DOSP board approval, a selection committee, chosen by the remaining committee members, shall be formed and shall make nominations for filling seats, subject to DOSP board approval, upon expiration of a term or in the event of any vacancy.

(h) Quorum. Quorum shall consist of the presence of four voting members.
(Ord. No. 13996, § 2, 5-13-21)

Sec. 35-234. Funds made available; financial report.

(a) Funds deposited into the Wynwood Norte parking trust fund shall be made available to the DOSP for the purposes set forth in section 35-233 and for administrative expenses after review and recommendation by the committee to DOSP and approval by the DOSP board following receipt and consideration of the committee's recommendation. DOSP shall submit financial reports to the city commission on an annual basis.

(b) A financial report on trust fund receipts and expenditures shall be prepared annually at the close of the fiscal year by DOSP and presented to the committee for its review and approval prior to filing with the city clerk.
(Ord. No. 13996, § 2, 5-13-21)

Sec. 35-235. Schedule of fees and charges for the Wynwood Norte parking trust fund.

(a) Fees in lieu of providing required off-street parking for the NRD-2 boundary shall be as follows:

(1) As outlined in the NRD-2 appendix of the Miami 21 Code, purchase price of $8,750.00 per half-space (residential) and $17,500.00 per full space (commercial or residential) per parking space waiver ("purchase price"). The purchase price shall be inflation adjusted once at the end of each five-year period.

(2) Permanent certificate of waiver. Upon receipt of the full purchase price and any reasonable applicable fees for administrative expenses as set by the DOSP from time to time in accordance with the provisions of this article, the city shall issue a permanent certificate of waiver in lieu of providing physical parking spaces ("certificate of waiver"), which shall be recorded at the property owner's sole expense in the public records of Miami-Dade County, Florida. The certificate of waiver shall run with the land.

(3) Payment as set forth in subsections 35-235(a)(1) and (2) shall be due and payable prior to issuance of a building permit, including a phased permit; revisions to an existing building permit for any new construction or addition that generates additional required parking spaces; issuance of a certificate of use or temporary certificate of Use for any new construction or addition that generates additional required parking spaces; or substitution for parking previously to be provided on-site or off-site, whichever is earlier.

(b) Payment of the fees and issuance of the certificate of waiver set forth in subsections hereinabove shall permanently exempt the respective property from the corresponding parking requirement for such use as specified in the

certificate of waiver, unless and until such certificate of waiver is revoked as set forth in section 35-236.
(Ord. No. 13996, § 2, 5-13-21)

Sec. 35-236. Parking waiver certificates; revocation; refunds.

(a) Certificates of waiver shall not be issued without full payment and only issued after verification by the zoning administrator, by or with any other applicable city departments, that such certificate of waiver is in compliance with the Miami 21 Code and the parking requirements applicable through the NRD-2 boundary.

(b) Failure to maintain a building permit as required in this article shall cause the zoning administrator to revoke the certificate of waiver. Any building permit procured as specified in this section must remain active at all times. If a building permit becomes inactive or is otherwise abandoned, a revocation of the certificate of waiver shall be initiated.

(c) In the event that a certificate of waiver is revoked by the zoning administrator or released in writing by the property owner prior to issuance of a certificate of occupancy, temporary certificate of occupancy, certificate of completion, certificate of use, or temporary certificate of use for the improvements that generated the parking requirements for which the certificate of waiver was issued, the DOSP shall apply a credit to run with the property and be available to apply towards a future certificate of waiver.
(Ord. No. 13996, § 2, 5-13-21)

Sec. 35-237. Downtown Flagler District Parking and Loading Improvement Program and Trust Fund—Established.

(a) There is hereby established a program known as the Downtown Flagler District Parking and Loading Improvement Program ("program"). The Department of Off-Street Parking ("DOSP"), also known as the Miami Parking Authority, or any successor agency designated by the city commission shall administer and oversee the program and provide an annual report to the city commission.

(b) The program shall include a trust fund known as the Downtown Flagler District Parking and Loading Improvement Trust Fund ("trust fund") to be maintained and administered by DOSP into which funds shall be deposited and from which funds shall be withdrawn pursuant to sections 35-237 through 35-240 to facilitate the creation of publicly accessible on-street and off-street parking and loading and enable a centralized valet system consistent with the City Code including, without limitation, chapter 9 within the boundaries consistent with the Downtown Flagler District as provided for in Exhibit "A", attached and incorporated, through means which may include but are not limited to the following activities:

(1) Acquire fee simple or other possessory interest in land and other real property for parking and loading purposes;

(2) Construct, maintain, operate, lease, manage, enforce (non-exclusive), fund, or otherwise provide off-street and on-street parking facilities for public use;

(3) Construct, maintain, operate, lease, manage, enforce (non-exclusive), fund, or otherwise provide off-street and on-street loading facilities for public use;

(4) Construct, maintain, operate, lease, manage, enforce (non-exclusive), fund, or otherwise provide a uniform on-street valet system for public use;

(5) Construct, maintain, operate, lease, manage, enforce (non-exclusive), fund, or otherwise provide for supplemental and/or alternative public mobility options within the Downtown Flagler District area, provided public mobility options shall be subject to yearly evaluation of the Downtown Flagler District Improvement Committee as established and constituted by this section;

(6) Provide public information to enhance parking, loading, valet, and mobility utilization including personnel, graphics and signage, and other informational devices;

(7) Coordinate plans for parking and loading facility improvements or expansion in conjunction with public transportation plans and operations in the vicinity;

(8) Provide accessibility to off-street parking facilities or alternative transportation facilities by suitable means such as public shuttle, tram or trolley service, or related physical improvements such as bus shelters and right-of-way modifications;

(9) Perform such other related activities as may be appropriate to carry out the intent of this article including, but not limited to, infrastructure improvements in the public right-of-way, contributing to maintenance of the public sidewalks within the Downtown Flagler District as defined herein, supporting alternative transportation facilities, operations, and marketing related to promoting any of the aforementioned activities;

(10) Purchase necessary technology to manage loading and valet zones, including but not limited to closed circuit television ("CCTV"), software, and sensors.

(c) It is the intent of this section that at least 90 percent of the funds as determined at the beginning of each fiscal year shall be allocated for purposes consistent with this section. At least ten percent of the funds must be maintained as reserves, inclusive of any administrative expenses.

(d) DOSP shall create, manage, and enforce (non-exclusive) a centralized loading program within the Downtown Flagler District subject to the following:

(1) DOSP shall have the authority to limit the size and weight of trucks, timing of deliveries, stopping, standing, and location of loading within the Downtown Flagler District.

(2) Each block face along Northeast/Northwest 1 Street and Southeast/Southwest 1 Street within the Downtown Flagler District may have at least one DOSP managed on-street commercial loading area. DOSP managed on-street loading areas shall be no more than 300 feet apart based on a DOSP commercial loading zone plan approved by the city commission.

(3) DOSP managed loading, valet, and ride-share areas shall be designated by signage and for limited intervals during specified hours.

(e) DOSP may charge fees in its proprietary capacity in addition to the fees stated in sections 35-237—35-240 or any other regulatory fees for the use of DOSP-managed loading facilities.

(f) Notwithstanding Article 7, Section 7.2.8.b of the Miami 21 Code, it is the intent of this section that the Downtown Flagler District, as defined herein, may be granted the general parking reductions and other relaxations of parking requirements allowed pursuant to the Miami 21 Code.

(g) There is hereby created a Downtown Flagler District Improvement Committee ("DFD committee") that shall consist of five voting members and as many non-voting members as may be necessary from time to time at the sole discretion of the chief executive officer ("CEO") of DOSP appointed as follows:

(1) The CEO or designee shall be a non-voting member.

(2) The executive director of the Miami Downtown Development Authority ("Miami DDA") or designee shall be a voting member who shall not require DOSP board confirmation.

(3) The District 2 Commissioner shall appoint one voting member who resides within the boundaries of the Downtown Flagler District who shall be subject to DOSP board confirmation and shall serve a two-year term.

(4) The city's planning director or designee shall be a voting member who shall not require DOSP board confirmation.

(5) One voting member who shall be a property owner of any assessed property within the boundaries of the Downtown

Flagler District who shall be subject to DOSP board confirmation and shall serve a two-year term.

(6) One voting member who shall represent retail and/or restaurant/bar establishments within the boundaries of the Downtown Flagler District who shall be subject to DOSP board confirmation and shall serve a two-year term.

(7) At the sole discretion of the CEO, the CEO may appoint non-voting members as may be necessary from time to time who shall not require DOSP board confirmation.

(8) Nomination of initial members. The CEO shall appoint a committee nominating commission to solicit and screen applications, interview candidates, and submit nominations to the CEO for appointment to the initial committee.

(9) Subsequent nominations and vacancies. A selection committee chosen by the remaining committee members shall be formed and shall make nominations for filling seats upon expiration of a term or in the event of any vacancy and the DOSP board shall confirm the nominees, as applicable.

(10) Quorum. Quorum shall consist of the physical presence of three voting members.

(11) The DFD committee shall be subject to all applicable ethics, public records, and Sunshine laws and all applicable federal, state, and local laws and regulations.

(Ord. No. 14036, § 2, 11-18-21)

Sec. 35-238. Funds made available; financial report.

(a) Funds deposited into the trust fund shall be made available to DOSP for the purposes set forth in section 35-237 and for administrative and regulatory expenses after review and recommendation by the DFD committee to DOSP and approval by the DOSP board following receipt and consideration of the DFD committee's recommendation. DOSP shall submit annual financial reports to the city commission on an annual basis.

(b) A financial report on trust fund receipts and expenditures shall be prepared annually at the close of the fiscal year by DOSP and presented to the DFD committee for its review and approval prior to filing with the city clerk.

(Ord. No. 14036, § 2, 11-18-21)

Sec. 35-239. Schedule of fees and charges for Downtown Flagler parking and loading improvement trust fund.

(a) Fees in lieu of providing required off-street parking and loading for the area described as the Downtown Flagler District shall be a purchase price of $8,500.00 per half-space and $17,000.00 per full space per parking space waiver ("parking purchase price"). The DFD committee will evaluate every two years whether the parking purchase price is meeting the needs of and appropriate for the Downtown Flagler District and will provide a report and recommendation regarding the parking purchase price to the DOSP. The DOSP shall present the DFD committee report and recommendation to the city commission. Every five years, the DFD committee shall also evaluate and make a recommendation whether the parking purchase price shall be inflation adjusted to be presented to the city commission by DOSP.

Fees in lieu of providing required off-street loading for the area described as the Downtown Flagler District shall be as follows:

(1) A purchase price of $20,000.00 per 200 square feet of loading area, $40,000.00 per 420 square feet of loading area, and $60,000.00 per 660 square feet of loading space per loading space waiver ("loading purchase price"). Only properties described in Article 4, Table 4 of the Miami 21 Code are eligible to participate in this fee-in-lieu of loading program. The loading purchase price shall be inflation adjusted once at the end of each five-year period.

(2) Notwithstanding the fee in lieu of off-street loading, the required number of loading spaces pursuant to Article 4, Table 5 of the Miami 21 Code must be provided off-site as described in Article 4, Table 4 of the Miami 21 Code.

(b) Permanent certificate of waiver. Upon receipt of the full parking purchase price or full loading purchase price, as applicable, and any applicable fees for administrative expenses set by DOSP from time to time in accordance with the provisions of this article, the city shall issue a permanent certificate of waiver in lieu of providing physical parking or loading, as applicable ("certificate of waiver"), which shall be recorded at the property owner's sole expense in the public records of Miami-Dade County, Florida. The certificate of waiver shall run with the land.

(c) Payment as set forth in subsections 35-239(a) and (b) shall be due and payable prior to issuance of a building permit or revisions to an existing building permit for any new construction or addition that generates additional required parking spaces or loading, as applicable; issuance of a certificate of use or temporary certificate of use for any new construction or addition that generates additional required parking spaces or loading, as applicable; or substitution for parking or loading, as applicable, previously to be provided on-site or off-site, whichever is earlier.

(d) Payment of the fees and issuance of the certificate of waiver set forth in the subsections hereinabove shall permanently exempt the respective property from the corresponding parking or loading requirements, as applicable, for such use as specified in the certificate of waiver unless and until such certificate of waiver is revoked as set forth in section 35-240.
(Ord. No. 14036, § 2, 11-18-21)

Sec. 35-240. Parking and loading waiver certificates; revocation; refunds.

(a) Certificates of waiver shall not be issued without full payment and after verification by DOSP, the planning department, and with any other applicable city departments that such certificate of waiver complies with the Miami 21 Code and all parking and loading conditions.

(b) Failure to maintain a building permit as required in this article shall cause the zoning administrator to revoke the certificate of waiver. Any building permit procured as specified in this article must remain active at all times. If a building permit becomes inactive or is otherwise abandoned, a revocation of the certificate of waiver may be initiated. Any appeal of a building permit or similar development permit shall toll the time period specified in this section until a final decision is rendered on the appeal.

(c) In the event that a certificate of waiver is revoked by the zoning administrator or released in writing by the property owner prior to issuance of a certificate of occupancy, temporary certificate of occupancy, certificate of completion, certificate of use, or temporary certificate of use for the improvements that generated the parking or loading requirements, as applicable, for which the certificate of waiver was issued, DOSP shall apply a credit to run with the property and the credit will be available to apply towards a future certificate of waiver for a period not exceeding five years. After five years, the unused credit is deemed abandoned and is forfeited unless the applicant applies in writing for a credit with the planning director anytime during the five-year period in which case the city will approve the timely credit request within 90 days of when the request is made and will credit the entire sum.
(Ord. No. 14036, § 2, 11-18-21)

Secs. 35-241—35-250. Reserved.

ARTICLE VI. SILVER BLUFF COMMERCIAL PARKING IMPROVEMENT TRUST FUND

Sec. 35-251. Established.

There is hereby established a trust fund to be entitled the Silver Bluff commercial parking improvement trust fund (the "trust fund") to be maintained and administered by the department of off-street parking for the purpose of receiving

and expending funds to facilitate public off-street parking to serve the Silver Bluff commercial overlay district through means which may include, but are not limited to the following:

(1) Acquire fee simple or other interest in land and other real property for parking purposes;

(2) Construct, maintain, operate, lease, manage, or otherwise provide off-street parking facilities for public use in conjunction with the Silver Bluff commercial off-street parking program;

(3) Provide public information to enhance parking utilization including publicity campaigns, graphics and signage, and similar information devices;

(4) Enter into agreements with owners of private off-street parking facilities for the use of such facilities when not needed by the owners;

(5) Coordinate plans for parking facility improvements and expansion with public transportation plans and operations in the vicinity, particularly the joint facilities that might be operated in connection with Metrorail and any feeder services existing or future;

(6) Perform such other related activities as may be appropriate to carry out the intent of this article.

(Ord. No. 11104, § 1, 11-23-93; Code 1980, § 36-196)

Sec. 35-252. Schedule of fees and charges.

The schedule of fees and charges to be assessed and paid into the trust fund is as follows:

(1) Fee in lieu of providing required off-street parking for the SD-21 zone, as provided for in article 6 of zoning Ordinance No. 11000 of the City of Miami: $1,500.00 per space, which fee shall be inflation adjusted annually through the consumer price index—urban consumers (CPI-U). The fee may be paid either by a one-time payment, or by periodic payments calculated to yield the principal sum of the required fee in five years at the current DOSP interest rate.

(2) Fees shall be payable to DOSP by lump sum or by execution of a periodic payment agreement in advance of the issuance of a certificate of occupancy or certificate of use, as applicable. If the applicant already holds a valid certificate of occupancy or certificate of use, payment shall be made within 30 days of approval of the requested waiver.

(3) Fees in subsections (1) through (2) above shall be invoiced and payable either once, or at intervals, as appropriate. Fees not paid within 15 days of the due date shall be charged a late fee of five percent of the amount due. Fees not paid within 30 days of the due date shall be charged interest at the rate of ten percent per annum calculated monthly on the unpaid balance including applicable late fees.

(Ord. No. 11104, § 1, 11-23-93; Code 1980, § 35-197; Ord. No. 11329, § 2, 12-7-95)

ARTICLE VII. TRANSPORTATION TRUST FUND

Sec. 35-253. Intent.

It is intended that the "Transportation Trust Fund" be established in order to facilitate the creation, operation, and maintenance, including capital and operating costs, of mass transit and other transportation facilities within the city, including, but not limited to, fixed mass transit routes, the city's trolley system, waterborne mass transit, and public parking garages for transit enhancement purposes. It is further intended that the transportation trust fund money may be expended as the city's share of the cost of an eligible project undertaken or developed by other governmental entities or through a public-private partnership.

(Ord. No. 13568, § 1, 10-22-15)

Sec. 35-254. Trust fund payments.

(a) *Capital contribution.* No less than 20 percent of any unrestricted one-time cash payments to the city of $500,000.00 or more, includ-

ing, but not limited to, payments received through lease re-negotiations, money judgments from lawsuits, audit findings, or any other lump sum payments, shall be reserved in this trust fund for capital or acquisition costs associated with mass transit. The one-time payments for purposes of this section shall not include reasonable costs and any capital replacement costs associated with the transaction that resulted in the receipt of the one-time cash payment. Additionally, 20 percent of all unrestricted cash contributions to the public benefits trust fund, as defined in chapter 62, article XIV of the City Code and Section 3.14 of the Miami 21 Code, the zoning ordinance of the city, as amended, shall be reserved for the same trust fund purpose, with the exception of the cash contributions to the public benefit trust fund for affordable/workforce housing as defined in subsection 62-642(c) of the City Code and Section 3.14.4(a)(3) of the Miami 21 Code. If any unrestricted one-time cash payment to the city of $500,000.00 or more is to be paid in installments, the capital contribution shall be no less than 20 percent of each installment as it is received by the city. These funds may be carried over to the succeeding fiscal year. The total amount of funds deposited into this trust fund shall be capped at $10,000,000.00. Any unrestricted cash payments, or portions thereof, paid into the trust fund in excess of the $10,000,000.00 cap shall be deposited into the city's general fund.

(b) *Operation and maintenance contribution.* Each fiscal year, no less than one-quarter of one percent (0.25%) of the city's general fund operating budget shall be reserved in this trust fund for operation and maintenance costs associated with mass transit. These funds shall, to the extent possible to meet the one-quarter of one percent (0.25%) minimum, primarily consist of transportation related restricted funds eligible for said purpose not already allocated for other expenditures. The administration shall look to earmarked transportation funding, inclusive of Local Option Gas Tax ("LOGT") funding. These funds may be carried over to the succeeding fiscal year.

(c) *Garage contribution.* All funds collected through parking ratio reductions pursuant to Article 4, Table 4 of the Miami 21 Code, as amended, shall be reserved in this trust fund for capital or acquisition costs associated with the creation of new public parking garages operated by the department of off-street parking. These funds may be carried over to the succeeding fiscal year. The purchase price is $10,000.00 per half-space (residential) and $20,000.00 per full space (commercial or residential) per parking space waiver ("purchase price"). The purchase price shall be adjusted for inflation at the end of each five-year period, as approved by the city manager or his/her designee.

(d) *Expenditures.* Nothing in this section shall be construed as limiting the ability to reserve funds in excess of the abovementioned minimums. Expenditures from this trust fund shall require a ⅘ths vote of the entire membership of the city commission upon a written recommendation from the city manager. This article shall not be construed to take funds from any of the established parking trust funds in this article.
(Ord. No. 13568, § 1, 10-22-15; Ord. No. 13908, § 2, 6-25-20; Ord. No 14331, § 2, 11-21-24)

Sec. 35-255. Declared state of emergency.

During a declared federal, state, or local state of emergency for all or a portion of the city, the city manager is authorized to suspend the requirements of subsection 35-254(a) of this article in order to ensure the continuity of services for the city's residents, to preserve and maintain the financial integrity of the city, and for the preservation of the health, safety, welfare, and property of the public and the city. The city manager may suspend the requirements of subsection 35-254(a) retroactively to the date of the earliest declaration of a federal, state or local state of emergency. Said authority shall terminate upon the termination or expiration of the federal, state, and local state of emergency.
(Ord. No. 13908, § 2, 6-25-20)

Secs. 35-256—35-280. Reserved.

ARTICLE VIII. PRIVATE PARKING LOTS*

Sec. 35-281. City authorization required.

(a) It shall be unlawful for any person or entity to engage in the operation or maintenance of a parking lot for a fee or charge, unless such person or entity is authorized by the city and has paid the appropriate fee in accordance with the provisions of this Code or other ordinances.

(b) All private pay meters, pay stations or similar payment devices shall prominently display the name of the lot owner or operator and the lot owner or operator's phone number and email. The operator name and logo, if applicable, shall not resemble the type or logo of the Miami Parking Authority.
(Ord. No. 13427, § 2, 1-9-14; Ord. No. 14340, § 2, 12-12-24)

Sec. 35-282. Permit, certificate of use and a business tax receipt, records required.

(a) No person or entity shall engage in the operation or maintenance of a parking lot for a fee or charge unless such person holds a valid permit, certificate of use and a business tax receipt.

(b) Such permit shall serve as evidence of the operator's compliance with all building, zoning, finance, and lighting requirements the Florida Building Code, the Florida Building Code- Accessibility and the Miami-Dade County Code, Chapter 8C.

(c) Copies of the permit, certificate of use and business tax receipt must be displayed, or available, on the premises for ease of inspection by the city and at the office of the owner or operator. If no booth is available on-site, such documentation shall be displayed, or available for review, at the office of the owner or operator.
(Ord. No. 13427, § 2, 1-9-14)

Sec. 35-283. Signs indicating charges.

(a) All operators shall erect signs, one at each entrance of the parking lot, or if only one entrance exists, then one sign at such entrance. Such signs are not to be smaller in size than two square feet, with letters not less than six inches in size printed or painted thereon, indicating the price and fee charged for automobile parking and the period of time for which such fee or price is charged. Such signs are not to be smaller in size than two square feet, with letters not less than six inches in size printed or painted thereon, indicating the price and fee charged for automobile parking and the period of time for which such fee or price is charged. The sign shall be displayed not less than five feet from the ground nor more than eight feet above the ground. If lots are not being attended and are run electronically or by multi-space, pay and display equipment, rate information and company contact information shall be prominently displayed on the machine.

(b) Signage for private owners and operators must also include: hours of operation, owner or operator name, and owner or operator address and phone number and email. It shall also include a statement disclosure: *Operated by a private company.*

(c) All signage shall be in compliance with the Miami 21 Code, as amended.

(d) Any parking lot advertisement must be accurate and not false or deceptive in any manner.

(e) It shall be unlawful to place any temporary signs, such as "A" frame signs or any such similar signs outside the parking lot property, on the streets or sidewalks as prescribed by chapter 54 of the City Code.
(Ord. No. 13427, § 2, 1-9-14; Ord. No. 14340, § 2, 12-12-24)

Sec. 35-284. Alteration of charges; charges in excess of published rate.

It shall be unlawful for any such licensee or his/her agent or employee to charge a rate or fee

*__Editor's note—__Ord. No. 13568, § 1, adopted October 22, 2015, redesignated the former article VII as article VIII. Ord. No. 13427, § 2, adopted January 9, 2014, amended article VII in its entirety to read as herein set out. Formerly, article VII, §§ 35-281—35-287, pertained to similar subject matter, and derived from the Code of 1967, §§ 38-51—38-56, 38-177; the Code of 1980, §§ 35-111—35-116, and Ord. No. 11325, § 1, adopted November 16, 1995.

higher than the rate published on the signs erected on the parking lot or displayed on any pay and display equipment as provided for in section 35-283.
(Ord. No. 13427, § 2, 1-9-14; Ord. No. 13676, § 2, 4-27-17)

Sec. 35-285. Revocation of license for violations.

(a) Conviction of the violation of any of the provisions of sections 35-281 through 35-291 shall subject the violator to fines and/or the revocation of his/her certificate of use and business tax receipt by the city manager or his/her designee. The violator may request an appeal of the revocation of each to the department of hearing boards, within 15 days of receipt of the revocation notice.

(b) The city manager, or his or her designee, may order the immediate cessation of the use of the parking lot for any violation of this article where, in the opinion of the city manager or his or her designee, the parking lot constitutes an immediate hazard to the health, safety, or welfare of the public, causing potential immediate harm to the users of said parking lot.

(c) Any certificate of use revoked under subparagraph (a) above may be reinstated within 30 days following the completion of any and all required inspections. No such parking lot or part thereof shall be allowed to open if there is a violation outstanding.
(Ord. No. 13427, § 2, 1-9-14; Ord. No. 13676, § 2, 4-27-17)

Sec. 35-286. Barriers at off-street parking areas adjacent to sidewalk or roadway; closures; entrance or exit.

(a) All owners or operators of off-street parking areas adjacent to any sidewalk or roadway shall have a permanent-type barrier not less than four feet in height at all places where such parking area is bounded by sidewalks or roadways, except at permanently designated entrances and exits.

(b) Barriers shall be made of aluminum or galvanized picket and shall be placed so as to prevent any vehicle from entering or leaving a parking area except at a permanently designated entrance or exit and so as to prevent any portion of a parked vehicle from extending beyond the boundary of the parking area.

(c) The hours of operation of a parking lot shall be placed prominently displayed at each entrance or exit. When a parking lot is full, the employees of the owner or operator shall direct traffic to an adjacent parking lot with capacity or away from the parking lot entrance so as to prevent vehicles from obstructing travel on the adjacent right-of-way travel lanes.

(d) Employees utilizing flags to facilitate ingress and egress from a parking lot are prohibited from standing in the public right-of-way, i.e. streets or sidewalks other than on the sidewalk immediately adjoining the parking lot within 20 feet of the parking lot entrance or exit. At no time shall any such employee: (i) obstruct the flow of traffic within vehicular travel lanes; (ii) impede the full use and enjoyment of the adjoining sidewalk by public; or (iii) solicit business from the sidewalk for the parking lot of their owner operator by standing on the sidewalk adjoining a parking lot or business establishment by which they are not employed. Employees or licensees may receive traffic citations for obstructing traffic or further fines as allowed by this article.
(Ord. No. 13427, § 2, 1-9-14)

Sec. 35-287. Temporary use of parking lots for special events.

All private owners, operators, permit holders or affiliated entities operating one or more parking lots servicing special events at arenas, stadiums or other similar facilities within 500 feet of the property in which the special event occurs must provide uniformed security for one hour prior to such events and for a minimum of 45 minutes after the event has concluded. A minimum of one off-duty or reserve police officer must be used as uniformed security by those private owners, operators, permit holders and their affiliated entities operating one or more

parking lots which, in the aggregate, have capacity for 125 or more vehicles during special events. (Ord. No. 13427, § 2, 1-9-14)

Sec. 35-288. Continuous duty to maintain adequate lighting for parking lots; maintain parking lot in a clean condition.

(a) All person(s) engaged in the operation or maintenance of a parking lot shall have a continuous, uninterrupted duty to maintain adequate lighting in said parking lot. The duty shall extend over all portions of the property being used for parking, including any ancillary landscaping features and all points of vehicular and pedestrian ingress and egress.

(1) Open parking lots and access thereto shall be provided with a maintained minimum of 1.0 foot-candle on the parking surface from dusk until dawn; provided, however, the lighting level may be reduced by 50 percent on non-business days and commencing 30 minutes after the termination of business on each operating day. The uniformity ratio shall not exceed a twelve to one ratio (12:1) maximum to minimum foot-candles.

(2) Alleys shall be provided with a maintained minimum of one-third foot-candle on the alley surface from dusk to dawn. The uniformity ratio shall not exceed a twelve to one (12:1) maximum to minimum foot-candles. This provision shall not apply to governmental facilities not generally open to the public, and shall apply to those governmental facilities that are generally open to the public only during the dusk-to-dawn hours such facilities are open.

(3) Parking and non-enclosed areas under or within buildings shall be maintained a minimum of one foot-candle of light on the walking and parking surfaces from dusk until dawn, and the ratio of maximum to minimum illumination in foot-candles shall not exceed twelve to one (12:1); provided, however, the lighting level may be reduced by 50 percent on non-business days and commencing 30 minutes after the termination of business on each operating day. It is provided that this provision shall not apply to governmental facilities not generally open to the public, and shall apply to those governmental facilities that are generally open to the public only during the dusk-to-dawn hours such facilities are open.

(4) The area immediately outside of exterior doors shall have security illumination and shall be activated during the dark period of every day.

(b) In addition to lighting, the parking lot must be free from hazardous conditions such as broken glass, debris, and pot holes. The lot must be kept in a safe and clean condition.

(c) Each parking lot must have a dumpster or provide trash receptacles or be serviced by a commercial solid waste franchisee such that the property is free and clear of debris or litter. (Ord. No. 13427, § 2, 1-9-14)

Sec. 35-289. Owner, operator, and employee requirements.

(a) Employees must wear a uniform shirt with the parking lot owner or operator's company name and logo printed on it.

(b) The name of all employees shall be listed by shift in the company records available for inspection at the parking lot location during its hours of operation or at the owner or operator's office during regular business hours.

(c) Employees must be paid wages pursuant to state and federal law.

(d) No individual owner or operator, or shareholder or member of an ownership or operating entity, of any parking lot shall have a controlling financial interest in any booting or tow company servicing a parking lot for the same owner or operator. All parking lots must follow state and county towing and booting guidelines. (Ord. No. 13427, § 2, 1-9-14)

Sec. 35-290. Compliance with the interim parking in chapter 62, article XIII, division 4.

(a) All parking lots in the interim temporary parking pilot program authorized pursuant to subsection 62-543(4) prior to January 9, 2014 must immediately come into full compliance with the Florida Building Code, the Florida Building Code-Accessibility and the Miami-Dade County Code, Chapter 8C, including, but not limited to, the requirements for landscaping, lighting, asphalt, fencing, etc., based on the date set for compliance in the original application or as set forth in subsection (b) below, whichever is shorter.

(b) Any parking lot owner or operator of a lot who has received an approval after January 9, 2014 but prior to July 25, 2019 and that meets all permit and City Code requirements shall be allowed to operate pursuant to its permit provided that the all interim parking lots must come into full compliance with all state, county, and local laws, rules, and regulations regarding the permitting, operation, and maintenance of parking lots within one year from obtaining a temporary certificate of occupancy or within one year from 120 days from passage of the ordinance from which this section derives, whichever is shorter. Nothing herein shall be deemed to preclude the continued use and permitting of conditionally improved, unimproved, and partially improved temporary parking lots as authorized pursuant to any other subsection of section 62-543. No parking lot that has previously received approval pursuant to section 62-543 of the City Code may receive a subsequent new approval for the same property so as to prevent temporary parking lots from remaining in such a state on a permanent basis. Notwithstanding the above, any parking lot currently operating pursuant to a valid permit may receive further renewals subject to compliance with the requirements set forth in section 62-543 of the City Code.

(Ord. No. 13427, § 2, 1-9-14; Ord. No. 13854, § 2, 7-25-19; Ord. No. 14069, § 2, 6-9-22)

Sec. 35-291. Enforcement of this article; penalties.

A violation of this section may be enforced pursuant to the provisions of prescribed in chapter 2, article X—Code enforcement, section 31-48 of the City Code, or under any other provisions allowed by law. The City of Miami Police may enforce the provisions of this article pursuant to the above-cited provisions.

Violations of this article shall be cited in accordance with the schedule of civil penalties set forth in section 2-289 of the City Code and as allowed by law.

(Ord. No. 13427, § 2, 1-9-14)

Secs. 35-292—35-300. Reserved.

Editor's note—Ord. No. 14340, § 2, adopted December 12, 2024, repealed the former section 35-292 in its entirety, which pertained to the prohibition of the issuance of private parking violations and derived from Ord. No. 13840, § 2, adopted May 23, 2019; Ord. No. 13842, § 2, adopted June 13, 2019, and Ord. No. 13990, § 2, adopted April 22, 2021.

ARTICLE IX. VALET PARKING*

Sec. 35-301. Purpose; permit and license required.

(a) The purpose of this article is to:

(1) Reduce the disruption of vehicular and pedestrian traffic that valet parking service operations may create;

(2) Minimize hazardous conditions that valet parking service operations may create in order to protect the health, safety and welfare of the public;

(3) Promote the safe and legal operation of valet parking services for the use and convenience of businesses and the general public.

(b) No person, establishment or entity shall conduct valet parking service on public right-of-way as herein defined without first obtaining a permit from the director of the department of

*__Editor's note—__Ord. No. 13568, § 1, adopted October 22, 2015, redesignated the former article VIII as article IX.

Ord. No. 12588, § 1, adopted September 23, 2004, amended article VIII in its entirety to read as herein set out. Formerly, article VIII pertained to similar subject matter and derived from Ord. No. 11483, § 2, adopted April 10, 1997; Ord. No. 11678, § 2, adopted June 23, 1998; Ord. No. 11812, § 2, adopted July 13, 1999.

off-street parking and paying the fee therefor to the chief financial officer of DOSP or his/her designee.
(Ord. No. 12588, § 1, 9-23-04; Ord. No. 13676, § 2, 4-27-17)

Sec. 35-302. Definitions.

Department or *DOSP* means the city department of off-street parking also known as Miami Parking Authority ("MPA").

Director means chief executive officer of the city department of off-street parking, or designee.

Officer means police, parking enforcement specialist, code enforcement officer.

Permit means the receipt of a valet parking permit under the terms and provisions of this article.

Permittee/operator means valet company and its employees.

Tandem parking means the storage of vehicles, irrespective of how configured, that requires moving at least one other vehicle to reach the vehicle sought.

Valet parking service area or ramping means the public right-of-way to be utilized for the valet parking service. This excludes the use of the T3 transect zone right-of-way areas unless associated with an accompanying T3 transect zone special event permit as contemplated in section 35-303.
(Ord. No. 12588, § 1, 9-23-04; Ord. No. 14138, § 11, 2-9-23; Ord. No. 14142, § 2, 2-9-23; Ord. No. 14340, § 2, 12-12-24)

Sec. 35-303. Boundaries.

Valet parking service shall only be permitted within transect zones T4-L and O, T5-L and O, T6-L and O, C, and D. Furthermore, a valet parking service shall only be permitted within all T3, T4-R, T5-R and T6-R transect zones by obtaining a special event temporary permit as referred to in section 35-315. Valet parking services shall not use the right-of-way in T3 transect zones for the parking of any vehicles from their stands located in other transect zones unless associated with a special event permit issued for a T3 transect zone event.
(Ord. No. 12588, § 1, 9-23-04; Ord. No. 14142, § 2, 2-9-23)

Sec. 35-304. Permit fee; exceptions.

The annual, non-refundable permit fee for establishing or maintaining a valet parking service shall be $1,400.00 from the effective date, paid to the department, in addition to the following ramping fees:

Ramping fee:

(1) If the operation of the valet parking service requires the rental of metered or non-metered parking spaces or area, the permittee/operator shall also pay a ramping fee of the rate established by DOSP per metered parking space or the rate for every 20 linear feet per day to the department. All rates are stated in section 35-194 of the parking rate ordinance.

(2) The city manager, the director, or their designees, may waive said permit fee and ramping fee for valet parking service exclusively serving a city-owned and operated facility.

(Ord. No. 12588, § 1, 9-23-04; Ord. No. 14340, § 2, 12-12-24)

Sec. 35-305. Permit application.

(a) Application for a permit to conduct a valet parking service shall be made at the department in a form deemed appropriate by the director and city attorney. Such application shall include, but not be limited to, the following information:

(1) Name and address of the proposed permittee/operator. If incorporated, permittee/operator must provide copies of the articles of incorporation and bylaws;

(2) Copy of a valid certificate of use and local business tax receipt issued by the city;

(3) Copy of current liability insurance in accordance with the provisions of section 35-308 of this code;

(4) Site plan (at an appropriate scale) showing the proposed tandem parking arrangement, if any, the lay-out and dimensions of the existing public right-of-way and adjacent private property, proposed location, size of proposed mobile stands, tables, chairs, umbrellas, keybox, location of doorways, location of trees, parking meters, bus shelters, sidewalk benches, trash receptacles, driveways, and any other sidewalk obstruction either existing or proposed within the pedestrian areas. Under no circumstances shall permanent structures or equipment be permitted. The site plan shall clearly identify the valet parking service area, and shall also show the proposed location, number of parking stalls and distance to the off-street parking facility providing the parking spaces for the valet parking service;

(5) Photographs, drawings, or manufacturers' brochures fully describing the appearance of all proposed mobile stands, tables, chairs, umbrellas, keybox or other objects related to the valet parking service; and

(6) Copy of the agreement/contract for the provision of the off-street parking spaces that includes identification of the location of vehicle storage spaces.

(b) Applications shall be accompanied by an annual nonrefundable application fee of $250.00.

(c) Applications shall be forwarded by the director to all city departments which may be affected by the granting of the permit, including but not limited to, resilience and public works, building planning and zoning, police, and risk management. The city departments shall review and submit comments on the application(s) to the department within 45 calendar days.

(d) Within 50 calendar days of receipt of a completed application, the director shall issue a letter of intent to approve or deny the permit. The director shall provide a copy of the permit approval or denial to the finance department when the decision is made.

(Ord. No. 12588, § 1, 9-23-04; Ord. No. 12885, § 1, 2-8-07; Ord. No. 13792, § 1, 10-11-18; Ord. No. 14138, § 11, 2-9-23; Ord. No. 14340, § 2, 12-12-24)

Sec. 35-306. Permit requirements, restrictions and when not permitted.

(a) Permits shall be issued only for pedestrian areas and public right-of-way under the maintenance jurisdiction of the city.

(b) Valet parking service shall be operated only by commercially licensed and insured vendors of parking services holding valid city local business tax receipts.

(c) Permits shall be issued only to permittees/operators that provide certification, in a format approved by the director and city attorney, that they have procured sufficient accessible off-street parking spaces for their valet parking services. On-street parking spaces shall not be included in the computation of sufficient parking spaces for valet parking.

(d) A permit shall not be issued when another valet parking permit has already been issued for a valet parking area immediately adjacent to the proposed permit area. Furthermore a permit shall not be issued when the proposed permit area is on the same side of one city block of another valet parking area, unless authorized by the director.

(e) Permits or a copy of a valid permit must be at valet ramping area at all times.

(Ord. No. 12588, § 1, 9-23-04; Ord. No. 12885, § 1, 2-8-07; Ord. No. 13792, § 1, 10-11-18; Ord. No. 14340, § 2, 12-12-24)

Sec. 35-307. Standards and criteria for application review.

The following standards and criteria shall be used in reviewing the application required in section 35-305:

(1) The location of the valet parking service area is restricted to existing designated on-street parking spaces.

(2) The width of the valet parking service area shall comprise a minimum of three parking spaces (approximately 60 linear feet).

(3) Mobile stands, tables, chairs, umbrellas, keyboxes and any other objects neces-

sary for the operation of the valet parking service shall be located on the sidewalk in such a manner that a minimum six-foot wide clear pedestrian path is maintained at all times. In areas of congested pedestrian activity, the director is authorized to require a wider pedestrian path, as circumstances dictate. Under no circumstances shall permanent structures or equipment be permitted, unless authorized by the director.

(4) Mobile stands, tables, chairs, umbrellas, keyboxes and any other objects necessary for the operation of the valet parking service shall be of quality, design, materials, and technique, both to ensure the safety and convenience of users, and to enhance the visual and aesthetic quality of the urban environment. Design, materials, and colors shall be sympathetic and harmonious with an urban environment. The city manager's office or its designated city department and the director of the city planning and zoning department shall be responsible for the review and approvals required by this subsection.

(5) Permits will not be issued where the drop-off and pick-up of vehicles interferes with the safe operation of driveways, street intersections, crosswalks or other prohibited areas.

(6) Permits will not be issued where stacking of drop-off and pick-up of vehicles interferes with the safe traffic operation on adjacent streets or unduly delays normal traffic operations.

(7) Tandem storage of vehicles arrangements will be evaluated for meeting technical standards.

(8) The permittee/operator shall abide by the terms and conditions set forth in the guides and standards developed by the department, as amended. The entire permitting process shall be completed within 50 calendar days.

(Ord. No. 12588, § 1, 9-23-04; Ord. No. 13676, § 2, 4-27-17; Ord. No. 13792, § 1, 10-11-18; Ord. No. 14138, § 11, 2-9-23; Ord. No. 14340, § 2, 12-12-24)

Sec. 35-308. Liability and insurance.

(a) Prior to the issuance of a permit, the permittee/operator shall furnish the director with a signed statement, approved by the city attorney, that the permittee/operator shall hold-harmless, indemnify and defend the city, its officers and employees and the department and board of directors, their officers and employees for any claims for damages to property or injury to persons which may be occasioned by any activity carried on under the terms of the permit.

(b) Permittee/operator shall furnish and maintain such public liability and property damage insurance to protect from all claims and damage to property or bodily injury, including death, which may arise from operations under the permit or in connection therewith. Such insurance shall be provided from an insurance company with an A.M. Best rating of not less than "A" and a financial strength rating of not less than "X," acceptable to the risk management division, and shall provide coverage of not less than $1,000,000.00 for bodily injury, and property damage respectively per occurrence. Such insurance shall be without prejudice to coverage otherwise existing therein and shall name as additional insured the city, DOSP and board of directors, its officers and employees, and shall further provide that the policy shall not terminate or be canceled prior to the completion of the permit period without 45 days written notice to the risk management division and the director at the address shown in the permit. Additionally, permittee/operator shall provide "garage keepers" legal liability insurance providing collision and comprehensive coverage for vehicles under the control of the valet parking operator with a minimum of $500.000 per location with a maximum self-insured retention (SIR) or deductible of $1,000.00.

(c) The permittee/operator shall provide proof of all required insurance prior to receiving the permit.

(Ord. No. 12588, § 1, 9-23-04; Ord. No. 14340, § 2, 12-12-24)

Sec. 35-309. Form and conditions of permit.

The permit shall be issued on a form deemed suitable by the director and city attorney. In

addition to naming the permittee/operator, the conditions set forth in preceding sections of this article, and any other information deemed appropriate by the director, the permit shall also contain, the following conditions:

(1) Each permit shall be in effect for one-year, subject to annual renewal. Any renewal of a permit shall require compliance with all requirements for permits in the same manner as an original application.

(2) The permit issued shall be personal to the permittee/operator only and shall not be transferable or refundable in any manner.

(3) The permit may be temporarily suspended by the director for a "community" or "special event." The permittee/operator shall be entitled to a pro rata credit on the next permit payment due for any permit suspended a full business day or longer pursuant solely to this subsection. Advance notice will be provided to permittees/operators whenever practical.

(4) The director may require the temporary removal or relocation of valet parking service when street, sidewalk, or utility repairs necessitate such action; if not able to relocate, DOSP will credit the permittee/operator for number of days out of service.

(5) The department of fire-rescue or the police department may immediately remove or relocate all or parts of the valet parking service in emergency situations. Officers of the police department, or such special officers as are assigned by the chief of police or DOSP, are hereby authorized to direct traffic, including drop-off and pick-up vehicles, as conditions may require, notwithstanding the provisions of this chapter or other applicable traffic ordinances.

(6) Under no circumstances shall the city, the department and the board of directors, and its officers and employees be deemed responsible or liable in any way for any damage or loss resulting from the removal of the permittee/operator equipment and other objects necessary for the operation of the valet parking service during emergencies. Furthermore, the permittee/operator agrees and acknowledges by accepting a permit issued pursuant to this article that the city, the department and the board of directors are to be held harmless in connection with its actions under this section.

(7) The permit shall be specifically limited to the area shown on the approved site plan attached to and made part of the permit.

(8) The permittee/operator shall use positive action to assure that its use of the sidewalk in no way interferes with sidewalk users or limits their free unobstructed passage.

(9) Mobile stands, tables, chairs, umbrellas, keyboxes and any other objects necessary for the operation of the valet parking service shall be maintained with a clean and attractive appearance and shall be in good repair at all times and removed at the close of business each day.

(10) The sidewalk area covered by the permit shall be maintained in a neat and orderly appearance at all times and the area shall be cleared of all debris on a periodic basis during the day, and again at the close of each business day.

(11) No advertising signs shall be permitted on the sidewalk or in the public right-of-way, this shall not prohibit the use of one business identification sign located on the sidewalk, bearing no advertising and not exceeding five square feet in area, to be affixed to the valet parking service stand to identify "Valet Parking."

(12) No mobile stands, tables chairs, umbrellas, keyboxes nor any other objects necessary for the operation of the valet parking service shall be attached, chained, or in any manner affixed to any tree, post, sign, or other fixtures, curb or sidewalk within or near the permitted area. All

valet parking service objects necessary for the operation of the valet parking service, other than required traffic cones, shall be located no closer than 30 inches behind the face of curb on the sidewalk.

(13) The permit covers only the pedestrian and public right-of-way. Valet parking services and objects necessary for the operation of the valet parking service located on private property shall be governed by other applicable city regulations.

(14) The permittee/operator shall provide written notification to the director and the chief of police when operation of the valet parking service begins. Said notice shall be delivered within 24 hours of such commencement.

(15) Tandem parking of vehicles shall be limited to a maximum of three vehicles (i.e. a maximum of two vehicles shall be required to be moved to reach the vehicle sought).

(16) The permittee/operator shall have available on-site for display upon request a valid local business tax receipt and valet parking permit issued pursuant to this article.

(Ord. No. 12588, § 1, 9-23-04; Ord. No. 12885, § 1, 2-8-07; Ord. No. 14340, § 2, 12-12-24)

Sec. 35-310. Valet permittees/operators code of conduct; required customer protection regulations.

Permittees/operators shall require their employees and independent contractors to meet the following requirements:

(1) All employees who operate motor vehicles shall have in their possession a valid Florida Driver's License in good standing and shall abide by all city, Miami-Dade County and state traffic regulations.

(2) All employees shall be in similar uniforms.

(3) All employees shall wear on their uniform a name tag identifying the employee's name and the name of the valet operator/company.

(4) All employees shall perform their duties in a courteous and professional manner.

(5) All employees must comply with the requirements of this article and all applicable laws, statutes, ordinances, rules and regulations relating to traffic safety.

(6) Pricing for services shall be identified on any "signage" used by the valet operator. The size print of the foregoing information shall be equal to the largest size print used on any "signage" used to identify the service or valet operator. Claim tickets shall also indicate the price for the service. The print size of the foregoing shall be equal to that used for any other information displayed on the ticket.

(7) The claim ticket shall identify the valet operator's company name, correspondence address and a phone number for questions/complaints. All of the foregoing print shall be of equal size.

(Ord. No. 12588, § 1, 9-23-04)

Sec. 35-311. Operational regulations and restrictions for valet parking service.

(a) The public on-street/curbside parking spaces, metered or non-metered, shall only be used for ramping of vehicles. Ramping of vehicles shall consist of allowing the customer to enter or exit a vehicle and to turn it over to or retrieve it from a valet parking operator employee. Ramping shall only be permitted and operated in the public on-street/curbside spaces provided by the department for ramping. There shall be no storage of vehicles in the area used for ramping. A vehicle will be considered stored if it remains in the ramping area for more than ten minutes. Ramping spaces shall not be blocked by any type of sign, structure or other type of object. These spaces shall not be cordoned off by any type of signage, rope or barrier of any kind;

(b) The permittee/operator shall possess a valid local business tax receipt to operate the valet parking service within the city;

(c) The permittee/operator shall maintain a key control booth at all valet parking locations until all cars have been claimed; or the permittee/operator shall have a 24 hour phone number for after hours vehicle pick up information.

(d) The permittee/operator shall not load or unload passengers within traffic lanes that are open to through traffic;

(e) The valet parking service shall not interfere with the regular flow of vehicular or pedestrian traffic.

(Ord. No. 12588, § 1, 9-23-04; Ord. No. 12885, § 1, 2-8-07; Ord. No. 14340, § 2, 12-12-24)

Sec. 35-312. Department denial, revocation, or suspension of permit; removal of equipment or personal property of the permittee/operator and storage fees.

(a) The director may deny, revoke, or suspend a permit for any valet parking service authorized in the city if it is found that:

(1) The permittee/operator has not maintained required insurance;

(2) The director determines that the operation of a valet parking service, due to changing or changed conditions of pedestrian or vehicular traffic, cause congestion necessitating removal of valet parking service which endangers the health, safety or welfare of persons or property; unreasonably interferes with pedestrian or vehicular traffic; unreasonably interferes with the use of any pole, sign, fire hydrant, traffic signal or other object already permitted at or near the valet parking service area; or otherwise not in the public interest; or

(3) The permittee/operator has failed to correct violations of this article or conditions of the permit within three days of the director's notice of same being delivered in writing to the permittee/operator at the address shown on the permit application;

(4) If permittee/operator is found in violation of the same offense three times within a permit period;

(5) The permittee/operator made any false statements or omission of material fact on the application, site plan or elsewhere in connection with securing a permit.

(6) The permittee/operator failed to properly pay and/or report operational, administrative, rental fees, and/or parking facility surcharges pursuant to sections 35-194, 35-311, and 35-346 herein or any other applicable section of this Code.

(b) Stands, tables, chairs, umbrellas, key boxes and other objects necessary for the operation of the valet parking service may be removed by the department or city, and a reasonable fee charged for labor, transportation, and storage, should the permittee/operator fail to remove said items at the close of business on a daily basis. Under no circumstances shall the city, the department and the board of directors, and its officers and employees be deemed responsible or liable in any way for any damage or loss resulting from the removal of the permittee/operator equipment and other objects necessary for the operation of the valet parking service. Furthermore, the permittee/operator agrees and acknowledges by accepting a permit issued pursuant to this article that the city, the department and the board of directors are to be held harmless in connection with its actions under this section.

(c) Upon a finding of a violation by the director based on subsection (a)(6) herein and a finding of guilt after a hearing by the code enforcement board pursuant to chapter 2, article X of the City Code, the permittee/operator shall pay treble fees; shall have its permit, certificate of use, temporary certificate of use, and/or business tax receipt denied, revoked, or suspended for a period of two years; be subject to any penalties applicable pursuant to section 35-347 herein; and/or be subject to debarment pursuant to section 18-107 of the City Code. Payment of parking surcharge must be current and up to

date, otherwise the permit is subject to revocation and the immediate suspension of valet services.

(d) Upon denial or revocation, the director shall give notice of such action to the applicant or the permittee/operator in writing stating the action which has been taken and the reason thereof. If the action of the director is based on subsection(s) (a)(1) or (2) of this section, the action shall be effective upon giving such notice to permittee/operator. Otherwise, such notice application shall become effective within ten calendar days unless appeal to the city commission is made.
(Ord. No. 12588, § 1, 9-23-04; Ord. No. 13809, § 2, 11-15-18; Ord. No. 14340, § 2, 12-12-24)

Sec. 35-313. Appeals of permit denial or revocation by permittee/operator.

(a) Appeals shall be initiated within ten business days of a permit denial or revocation by filing a written notice of appeal with the city manager, and a copy of same delivered the same day to the director. Any revocation effective immediately may also be appealed to the city commission by such filing within ten calendar days.

(b) The city manager shall place the appeal on the first non-planning and zoning city commission agenda for which proper notice can be given to the permittee/operator and shall notify the director thereof. At the hearing the city commission may modify, grant or deny the appeal, and the decision of the city commission shall be final subject to appeal to the appropriate court of competent jurisdiction, according to the Florida Rules of Civil Procedure.

(c) The filing of a notice of appeal by a permittee/operator shall not stay an order by the director to remove valet parking service or parts thereof. Vestiges of the valet parking service shall be removed immediately, pending disposition of the appeal and final decision of the city commission.
(Ord. No. 12588, § 1, 9-23-04; Ord. No. 14340, § 2, 12-12-24)

Editor's note—Ord. No. 14340, § 2, adopted December 12, 2024, changed the title of section 35-313 from "Appeals of permit denial or revocation" to "Appeals of permit denial or revocation by permittee/operator." The historical notation has been preserved for reference purposes.

Sec. 35-314. Enforcement; fine schedule and penalty provisions.

(a) *Enforcement.* The officers shall enforce the provisions of this article. This shall not preclude other enforcement agencies or regulatory bodies from any action as necessary to ensure compliance with this article and all applicable laws. For any violation of a provision of this article the officer shall issue a notice of violation/citation to the permittee/operator. The notice shall state the nature of the violation, amount of fine, instructions and due date for paying the fine, notice that the violation may be appealed by requesting an administrative hearing within ten calendar days after service of the notice and that failure to appeal the violation within the ten calendar days, shall constitute an admission of the violation and a waiver of the right to appeal.

(b) *Additional enforcement.* As an additional means of enforcement, the department may seek injunctive relief and/or the city may follow procedures to revoke local business tax receipts as set forth elsewhere in the City Code when there are repeat violations of this article. Additionally, the department, may withhold issuance of any new valet permits and suspend current valet parking permits until past due violations are paid in full.

(c) *Rights of violator: payment of fine; right to appeal.* For civil infractions or notice of violations pursuant to section 2-811 et seq., of the City Code, the citing officer shall issue either a civil infraction or a notice of violation which, upon adjudication by the code enforcement board, can lead to daily fines of up to $1,000.00 per diem for a first-time offender or up to $5,000.00 per diem for a repeat violator.

(d) *Recovery of unpaid fines.* The department may institute proceedings in a court of competent jurisdiction to compel payment of civil penalties. A certified copy of an order imposing a fine may be recorded in the public records.

(e) *Civil fines.* The following civil fines shall be imposed for each violation unless a notice of violation is issued. Fines will be paid to the department with one-third remaining with the department and two-thirds being forwarded to the city finance department. To determine the exact nature of the activity prescribed or required the specifics of this article must be examined The below table does not reflect possible per diem fine amounts based upon the issuance of a notice of violation under section 2-814 through 2-820 of the City Code. Civil fines shall issue in the amount as follows and may be issued every 24 hours should the violation remain outstanding:

(1) Unauthorized/illegal ramping	$500.00 per offense
(2) Unauthorized/illegal storage	$500.00 per offense
(3) Lapse of insurance (from date of lapse)	$150.00 per day
(4) Operation without permit	$500.00 per day
(5) No name tag	$100.00 per offense
(6) No uniform	$100.00 per offense
(7) No valid FL drivers license	$500.00 per offense and immediate removal of the employee from service.
(8) Violation of guides and standards	$250.00 per offense
(9) Other violation of this article	$250.00 per offense.

(Ord. No. 12588, § 1, 9-23-04; Ord. No. 12885, § 1, 2-8-07; Ord. No. 14142, § 2, 2-9-23)

Sec. 35-315. Special events and residential areas.

(a) *Valet service—special event.* Valet services operating for a special event may apply for a special event permit at DOSP. Special event parking shall be restricted to any event occurring no more than twice per year and lasting no longer than three days in length. The special event permit will allow the valet operator to request from the department, additional ramping and/or storage space, if available, as long as it does not reduce the number of parking spaces needed to serve the general public in the area of the request.

(b) *Valet service—residential.* Valet service may be provided for non-commercial uses, including private functions in residentially zoned areas for a one day. Valet operators must meet the same criteria as a regular day to day valet operation as referenced in the permit application (see section 35-305). Valet operators must complete a temporary valet parking permit form and submit this form to DOSP 14 days prior to the scheduled event.

Note: Temporary valet parking permit requests submitted within less than 14 working days of a scheduled event will only be accepted for situations deemed as an emergency. An emergency is defined as a situation or occurrence of a serious nature, developing suddenly and unexpectedly within less than 14 working days of the event and demanding immediate attention.

The following requirements must be satisfied:

(1) *Ramping.* Valet ramping may be provided either on private property at the location to be serviced or on public property but not in a T3 transect zone. Ramping on public property shall not occur in any other location than the public on-street/curbside parking spaces provided for ramping. Ramping from a moving lane of traffic is strictly prohibited unless authorized by the city. The ramping area shall be determined as stated in section 35-304, unless specified otherwise in this article.

(2) *Storage.* Storage of vehicles must be in compliance with section 35-305. Storage of vehicles on public right-of-way is strictly prohibited, unless authorized by DOSP.

a. *Storage on public right-of-way.* Valet operators may request the use of public right-of-way for storage under the following conditions:

1. Private or public storage (parking lot and/or garage) is not available within 2,500 feet of the location to be serviced.

2. All prohibited parking regulations (fire hydrants, crosswalks, etc.) are strictly enforced.

3. T3 transect zones may not be used for temporary or permanent storage of vehicles.

(Ord. No. 12588, § 1, 9-23-04; Ord. No. 14142, § 2, 2-9-23)

Secs. 35-316—35-340. Reserved.

ARTICLE X. PARKING FACILITIES SURCHARGE*

Sec. 35-341. Short title.

This article shall be known and cited as the *"City of Miami Parking Facilities Surcharge Ordinance."*
(Ord. No. 12563, § 3, 7-22-04)

Sec. 35-342. Intent.

This article is intended to impose and levy a surcharge on the sale, lease or rental of space at parking facilities in the city at the rate of 15 percent of the revenues derived from any fee, charge or exchange for the parking of a motor vehicle in or on any parking facility in the city for which a fee, charge or exchange is made on an hourly, daily, weekly, monthly, yearly, event, validation programs, valet or any other basis. Revenues received as part of a daily, weekly, monthly, yearly, or event based rent without a separate parking fee designation are also subject to this article. The net proceeds of the surcharge collected shall be deposited in the general fund subject to appropriation pursuant to the budget and fiscal provisions of the annual budget process.
(Ord. No. 12563, § 4, 7-22-04; Ord. No. 13063, § 2, 5-14-09)

Sec. 35-343. Authority.

The city commission is authorized to establish and adopt a surcharge pursuant to the authority granted by F.S. § 166.271. The provisions of this article shall not be construed to limit the power of the city to adopt such ordinance pursuant to any other source of local authority nor to utilize any other methods or powers otherwise available for accomplishing the purposes set forth herein, either in substitution of or in conjunction with this article.
(Ord. No. 12563, § 5, 7-22-04)

Sec. 35-344. Definitions.

As used in this article the following words and terms shall have the following meanings, unless another meaning is plainly intended:

City means the City of Miami, Florida.

Daily means the operation of a facility on any or all of the seven (7) days of the week, inclusive of holidays.

Fee, charge or exchange means the consideration paid including any and all compensation received or costs imposed, collected or exacted by the operator for parking in a parking facility including exchange, credit or otherwise. Fee, charge or exchange also means the consideration paid to the operator for goods and services ancillary to parking, if payment for such goods and services is mandatory and not optional to the user entering into a parking transaction. Examples of goods and services that may be considered ancillary to parking include, but are not limited to, food, beverages, air fresheners, windshield cleaning, car wash, tire pressure checks, jump starts, and emergency phone services. The intent of this definition is to impose the surcharge on all consideration paid by the user as a condition of entering into a parking transaction, irrespective of whether particular components of such consideration are characterized as compensation received or cost imposed for goods and services separate and apart from parking in an attempt to evade the surcharge.

Garage means any building or other structure in which motor vehicles may be parked, stored, housed, or kept for a fee, charge or exchange.

Manager means the city manager of the city or his or her designee.

*__Editor's note__—Ord. No. 13568, § 1, adopted October 22, 2015, redesignated the former article IX as article X.

Ord. No. 12563, adopted July 22, 2004, repealed article IX in its entirety, and §§ 3—9 of said ordinance reenacted provisions to read as herein set out. Formerly, article IX pertained to similar subject matter and derived from Ord. No. 11813, §§ 3—9, adopted July 13, 1999.

Motor vehicle means any self propelled vehicle operated or suitable for operation in a parking facility.

Net proceeds means the amount of the surcharge remitted to the city less the allocable cost of procedures used and expenses incurred by the city to enforce collection of the surcharge in an amount not to exceed five percent (5%).

Open to the general public means a facility which charges a fee, charge or exchange for the use of any parking space therein regardless of when or how the fee, charge or exchange is collected. The intent of this definition is to include all parking facilities including parking facilities that are used by anyone, including but not limited to any private tenant, who must pay a fee, charge or exchange to the operator of the parking facility except for those facilities described in section 35-345.

Operator means any individual, partnership, association, corporation, or other entity which owns, controls, conducts, leases, operates, or causes to be operated a parking facility which offers parking accommodations for a fee, charge or exchange. The intent of this definition is to place the burden for collection of the surcharge on the owner of the facility and not the entity which operates the facility if different from the owner.

Parking means the parking, storing, housing or keeping of a motor vehicle.

Parking facility means any use in whole or in part of any space, plot, place, lot, parcel, yard, enclosure, parking lot, garage, street, building or structure that is open to the general public at which motor vehicles may be housed, stored, kept, or parked for which any fee, charge or exchange is made, no matter how the fee, charge or exchange is collected.

Parking lot means any outdoor area or space motor vehicles may be parked, stored, housed or kept for a fee, charge or exchange.

Revenues means, any and all revenue, to include the entire amount of compensation in whatever form, exchange or otherwise, to be determined according to generally accepted accounting principles, derived directly or indirectly from or in connection with the parking operation of the parking facility.

Surcharge means the parking facility's surcharge expressed as a percentage or in dollars.

Transaction means the parking, storing, housing or keeping of a motor vehicle in a parking facility, in the city, for a fee, charge or exchange.
(Ord. No. 12563, § 6, 7-22-04; Ord. No. 13063, § 2, 5-14-09)

Sec. 35-345. Applicability of parking facilities surcharge.

This article shall be uniformly applicable to all parking in parking facilities in the city, exclusive of residential parking of tenants or residents, in apartments, condominiums or cooperatives where parking is provided pursuant to a lease or in a separate writing between the apartment building owner, condominium or cooperative and the tenants or residents, whether a parking charge is payable to the apartment owner, condominium or cooperative or to the operator of a residential parking facility. This article shall not apply to any parking facilities located in any airports, seaports, county administration buildings or other projects defined under F.S. §§ 125.011 and 125.015.
(Ord. No. 12563, § 7, 7-22-04; Ord. No. 13063, § 2, 5-14-09)

Sec. 35-346. Collection of the parking facilities surcharge.

(a) Surcharge amounts due pursuant to this article shall be collected by the operator of a parking facility at the time of, and in addition to, collection of any other amounts for the parking of a motor vehicle in a parking facility, whether charge is made on an hourly, daily, weekly, monthly, yearly, event, validation programs, valet or any other basis. All operators shall be required to maintain a valid operational license. The local business tax receipt of an operator shall be revoked upon the failure to remit the surcharge amounts for three (3) consecutive months. No operator shall be permitted to operate the parking facility until all arrears are paid.

(b) The operator of every parking facility shall remit funds collected pursuant to this surcharge, net of refunds, for the preceding calendar month; payments must be received by the city by the 20th day of each calendar month. Each monthly remittance will be accompanied by such reports as may be prescribed by the manager on forms identifying for each parking facility, the name, address, account number, capacity, parking charges or fees, or rate schedule, number and type of transactions and such other information as may be necessary or convenient to fully calculate the surcharge.

(c) Every operator of a parking facility shall keep complete and accurate records, in a manner as set forth by the manager, pursuant to subsection 35-346(f)(1) of this Code, of all motor vehicles parked on an hourly, daily, weekly, monthly, yearly, event, validation programs, valet or any other basis in the parking facility, together with the amount of surcharge collected from all transactions, and shall keep all pertinent records and documents as are necessary to determine the amount of surcharge due for a period of three (3) years subsequent to the year of the transaction. Such records and other pertinent data shall be available for inspection and examination upon the request of and with reasonable notice by the manager. Every operator shall provide access to the parking facility to the manager so the manager can survey the parking activity of said facility.

(d) Whenever any operator fails to keep records from which the surcharge may be accurately computed, the manager may make use of a factor developed by surveying the operator or other operators of a similar type parking facility, or otherwise compute the amount of surcharge due, and this computation shall be prima facie correct.

(e) Whenever any operator fails to collect or remit to the manager the surcharge imposed within the time limit therefor, the manager shall assess the operator the amount of surcharge due, plus interest at the rate of one percent (1%) per month or any fraction thereof, and a penalty of ten percent (10%) of the surcharge due on uncollected or unremitted amounts.

(f) In addition to the powers granted to the manager in connection with the collection of the surcharge, the manager is authorized and empowered:

(1) To make, adopt and amend such forms, rules and regulations as may be deemed necessary or proper to fully collect the surcharge and to define any terms used in connection with the imposition and collection of the surcharge;

(2) To compromise disputed claims in connection with the surcharge and for good and sufficient cause shown to waive interest and penalty;

(3) To delegate any of the duties and functions in connection with the collection of the surcharge and the enforcement of the provisions relating to the manager, provided however, that all regulations promulgated shall be issued by the manager.

(4) To extend, for good cause shown, the time for remitting any surcharge required to be paid for such period of time as may be deemed reasonable by the manager.

(5) To retain the services of persons or entities with parking related collection experience to collect the surcharge subject to competitive procurement procedures.

(6) To enforce any of the penalties described in section 35-347 when an operator of a parking facility fails, neglects or refuses to pay penalties and interest.

(Ord. No. 12563, § 8, 7-22-04; Ord. No. 12885, § 1, 2-8-07; Ord. No. 13063, § 2, 5-14-09; Ord. No. 13257, § 2, 3-10-11)

Sec. 35-347. Failure to comply; penalties.

(a) The operator of a parking facility who:

(1) Fails, neglects or refuses to collect the surcharge;

(2) Fails, neglects or refuses to remit the surcharge;

(3) Fails, neglects or refuses to keep accurate records;

(4) Submits any incomplete, false or fraudulent return;

(5) Refuses to permit the manager to examine books, records and papers relating to the surcharge; or

(6) Fails to fully comply with any or all rules or regulations promulgated by the manager pursuant to the authority contained herein, or to keep complete and proper records as required, shall be subject to the following penalties for each offense:

(i) Have his or her local business tax receipt revoked;

(ii) Have a lien placed upon the parking facility for the sums owed plus interest pursuant to law;

(iii) Be subject to an administrative fine in the amount of $500.00;

(iv) Be required to comply with stricter reporting requirements; and/or

(v) In addition to any other penalties provided in this section, upon the finding of a violation based on this section, the operator shall pay treble fees; be subject to denial, revocation, or suspension of its permit, certificate of use, temporary certificate of use, and/or business tax receipt for a time period not to exceed two years after a hearing before the code enforcement board pursuant to chapter 2, article X of the City Code; and/or debarment pursuant to section 18-107 of the City Code.

(b) The operator of a parking facility who:

(1) Has outstanding surcharge payments for three months;

(2) Has outstanding penalty and interest payments for three months;

(3) Fails to maintain complete and accurate records as stipulated by the ordinance;

(4) Fails to comply after receiving two notifications regarding compliance with the ordinance; or

(5) Fails to comply with an audit request after the manager has reasonably attempted to schedule such audit shall be subject to additional reporting requirements including:

(i) The operator of the parking facility will be required to register parking slips, receipts, chits, tickets or the like with the manager.

(ii) The operator of the parking facility will be required to complete and submit a "Parking Surcharge Recap Monthly Report."

(iii) The operator of the parking facility may be required to install parking revenue control equipment in said facility, as approved by the city manager or city commission.

(iv) The operator of the parking facility may be required to cease operation for a period of 30 days.

(v) In addition to any other penalties provided in this section, upon the finding of a violation based on this section, the operator shall pay treble fees; be subject to denial, revocation, or suspension of its permit, certificate of use, temporary certificate of use, and/or business tax receipt for a time period not to exceed two years after a hearing before the code enforcement board pursuant to chapter 2, article X of the City Code; or debarment pursuant to the City Code.

(c) Repeat operator violations. The operator of the parking facility who:

(1) Has been found to have underreported parking revenue or parking surcharge amounts;

(2) Has been found to not maintain complete and accurate records as stipulated by the ordinance;

(3) Has been assessed an administrative fine more than once; or

(4) Has been found violating any part of this section more than once shall be subject to:

(i) The operator shall continue to be subject to all remedies noted in subsection (a)(6).

(ii) The operator of the parking facility shall be required to cease operation for a period of 30 days.

(iii) The operator of the parking facility shall be required to install parking revenue control equipment which will monitor and count the number of vehicles admitted to and leaving from a parking facility. This equipment shall be approved by the city manager or city commission. This type of equipment shall have entrance and exit counters that count every vehicle that enters and exits a parking facility and shall include non-resettable, continuous counters. The equipment shall be used and effective during operating hours.

(d) Further, the city is authorized to seek injunctive or other equitable relief to enforce compliance with this article.
(Ord. No. 12563, § 9, 7-22-04; Ord. No. 12885, § 1, 2-8-07; Ord. No. 13063, § 2, 5-14-09; Ord. No. 13257, § 2, 3-10-11; Ord. No. 13806, § 2, 11-15-18)

ARTICLE XI. RESERVED*

Secs. 35-348—35-364. Reserved.

*__Editor's note—__Ord. No. 13811, § 2, adopted December 13, 2018, repealed the former article XI, sections 35-348—35-350 in its entirety, which pertained to dangerous intersection safety, and derived from Ord. No. 13236, § 2, adopted December 16, 2010, and Ord. No. 13400, § 2, adopted July 25, 2013.

ARTICLE XII. COMMERCIAL VEHICLE WEIGHT RESTRICTIONS†

Sec. 35-365. Purpose.

The purpose of this section is to promote the public health, safety and general welfare upon the streets, roadways and highways of the city by regulating the wheel and axle loads and gross vehicle weights of certain vehicles; to provide for the assessment of fees; and to provide penalties for the violation of this chapter.
(Ord. No. 13198, § 2, 9-27-10)

Sec. 35-366. Adoption.

Except as otherwise provided in this section, the city expressly adopts the weight and load restrictions and enforcement procedures for commercial vehicles as promulgated in F.S. ch. 316, Rules and Regulations contained in Chapter 49 CFR 390-397 and North American Driver Out-of-Service Criteria, as amended from time to time.
(Ord. No. 13198, § 2, 9-27-10)

Sec. 35-367. Jurisdiction.

The jurisdiction for determining restrictions as to oversize/overweight vehicles is given to the city by the state through the provisions of F.S. §§ 316.006 and 316.555.
(Ord. No. 13198, § 2, 9-27-10)

Sec. 35-368. Definitions.

The following definitions shall apply to this article:

Axle load shall be defined as the total load transmitted to the road by all wheels whose centers are included between two parallel transverse vertical planes 40 inches apart, extending across the full width of the vehicle.
(Ord. No. 13198, § 2, 9-27-10)

Sec. 35-369. Violation.

It is a violation of this chapter for any person to drive or move, or for the owner to cause or

†__Editor's note—__Ord. No. 13568, § 1, adopted October 22, 2015, redesignated the former article XI as article XII.

knowingly permit to be driven or moved, on any street, roadway or highway in the city, any vehicle or vehicles of a size or weight exceeding the limitations stated in this chapter or otherwise in violation of this chapter.
(Ord. No. 13198, § 2, 9-27-10)

Sec. 35-370. Maximum weights.

(a) The gross weight imposed on the street, roadway or highway by the wheels of any one axle of a vehicle shall not exceed the maximum weight allowable as calculated per the most current edition of the Florida Department of Transportation Commercial Motor Vehicle Manual.

(b) With respect to those highways not in the Interstate Highway System, in all cases in which it exceeds state law in effect on January 4, 1975, the overall gross weight on the vehicle or combination of vehicles, including all enforcement tolerances, shall be as determined by the following formula:

$$W = 500((LN \div (N - 1)) + 12N + 36)$$

Where W = overall gross weight of the vehicle to the nearest 500 pounds; L = distance in feet between the extreme of the external axles; and N = number of axles on the vehicle. However, such overall gross weight of any vehicle or combination of vehicles may not exceed 80,000 pounds including all enforcement tolerances.

(c) The city shall adopt rules consistent with the department of transportation to implement this section, shall enforce this section and the rules adopted hereunder, and shall publish and distribute tables and other publications as deemed necessary to inform the public. In addition, tables will be posted at the Miami Police Department Traffic Unit.

(d) Except as hereinafter provided, no vehicle or combination of vehicles exceeding the gross weights specified in subsections (a) and (b) shall be permitted to travel on the public streets, roadways or highways within the city.
(Ord. No. 13198, § 2, 9-27-10)

Sec. 35-371. Weight and load unlawful; special fuel and motor fuel tax enforcement; inspection; penalty; review.

(a) Any designated police officer of the city having reason to believe that the weight of a vehicle and load is unlawful is authorized to require the driver to stop and submit to a weighing of the same by means of either portable or fixed scales and may require that such vehicle be driven to the nearest weigh station or public scales, provided such a facility is within five miles. Anyone who refuses to submit to such weighing obstructs an officer pursuant to F.S. § 843.02, and is guilty of a misdemeanor of the first degree, punishable as provided in F.S. § 775.082 or 775.083. Anyone who knowingly and willfully resists, obstructs or opposes an officer while refusing to submit to such weighing by resisting the officer with violence to his/her person pursuant to F.S. § 843.01, is guilty of a felony of the third degree, punishable as provided in F.S. §§ 775.082, 775.083 or 775.084.

(b) (1) Whenever an officer, upon weighing a vehicle or combination of vehicles with load, determines that the axle weight or gross weight is unlawful, the officer may require the driver to stop the vehicle in a suitable place and remain standing until a determination can be made as to the amount of weight thereon and, if overloaded, the amount of penalty to be assessed as provided herein. However, any gross weight over and beyond 6,000 pounds beyond the maximum herein set shall be unloaded and all material so unloaded shall be cared for by the owner or operator of the vehicle at the risk of such owner or operator. For enforcement purposes, all scaled weights of the gross or axle weight of vehicles and combinations of vehicles shall be deemed to be not closer than ten percent to the true gross weight. However, if the driver of any vehicle can comply with the requirements of this chapter by shifting or equalizing the load on all wheels or axles and

does so when requested by the proper authority, the driver shall not be held to be operating in violation of this chapter.

(2) The officer shall inspect the license plate or registration certificate of the commercial vehicle, as defined in F.S. § 316.003(66), to determine if its gross weight is in compliance with the declared gross vehicle weight. If its gross weight exceeds the declared weight, the penalty shall be $0.05 per pound on the difference between such weights. In those cases when the commercial vehicle, as defined in F.S. § 316.003(66), is being operated over the streets, roadways or highways of the city with an expired registration or with no registration from this or any other jurisdiction or is not registered under the applicable provisions of F.S. ch. 320, the penalty herein shall apply on the basis of $0.05 per pound on that weight which exceeds 35,000 pounds on laden truck tractor-semitrailer combinations or tandem trailer truck combinations, 10,000 pounds on laden straight trucks or straight truck-trailer combinations, 10,000 pounds on any unladen commercial motor vehicle. If the license plate or registration has not been expired for more than 90 days, the penalty imposed under this paragraph may not exceed $1,000.00. A vehicle found in violation of this section may be detained until the owner or operator produces evidence that the vehicle has been properly registered. Any costs incurred by the retention of the vehicle shall be the sole responsibility of the owner. A person who has been assessed a penalty pursuant to this paragraph for failure to have a valid vehicle registration certificate pursuant to the provisions of F.S. ch. 320, is not subject to the delinquent fee authorized in F.S. § 320.07, if such person obtains a valid registration certificate within ten working days after such penalty was assessed.

(c) Any person who violates the overloading provisions of this chapter shall be conclusively presumed to have damaged the streets, roadways or highways of this city by reason of such overloading, which damage is hereby fixed as follows:

(1) When the excess weight is 200 pounds or less than the maximum herein provided, the penalty shall be $10.00;

(2) Five cents per pound for each pound of weight in excess of the maximum herein provided when the excess weight exceeds 200 pounds. However, whenever the gross weight of the vehicle or combination of vehicles does not exceed the maximum allowable gross weight, the maximum fine for the first 600 pounds of unlawful axle weight shall be $10.00;

(3) An apportioned motor vehicle, as defined in F.S. § 320.01, operating on the streets, roadways or highways of this city without being properly licensed and registered shall be subject to the penalties as herein provided;

(4) Vehicles operating on the streets, roadways, or highways of this city from nonmember International Registration Plan jurisdictions which are not in compliance with the provisions of F.S. § 316.605, shall be subject to the penalties as herein provided.

(d) Any person aggrieved by the imposition of penalties pursuant to this subsection may apply to the review board, as provided for in subsection (j), for modification, cancellation, or revocation of the penalty, and the review board is authorized to modify, cancel, revoke or sustain such penalty.

(e) Whenever any person violates the provisions of this chapter and becomes indebted to the city because of such violation in the amounts aforesaid and refuses to pay said penalty, such penalty shall become a lien upon the motor vehicle, and the same may be foreclosed by the city in a court of equity. It shall be presumed that the owner of the motor vehicle is liable for the sum. Any person, firm, or corporation claiming an interest in the seized motor vehicle may, at any time after the lien of the city attaches to the motor vehicle, obtain possession of the seized vehicle by filing a good and sufficient forthcom-

ing bond with the officer having possession of the vehicle, payable to the city in twice the amount of the city's lien, with a corporate surety duly authorized to transact business in the state as surety, conditioned to have the motor vehicle or combination of vehicles forthcoming to abide the result of any suit for the foreclosure of such lien. It shall be presumed that the owner of the motor vehicle is liable for the penalty imposed under this section. Upon the posting of such bond with the officer making the seizure, the vehicle shall be released and the bond shall be forwarded to the city for safekeeping. The lien of the city against the motor vehicle aforesaid shall be foreclosed in equity, and the ordinary rules of court relative to proceedings in equity shall control. If it appears that the seized vehicle has been released to the defendant upon his/her forthcoming bond, the city shall take judgment of foreclosure against the property itself, and judgment against the defendant and the sureties on the bond for the amount of the lien, including cost of proceedings after the rendition of the decree, the city may, at its option, proceed to sue out execution against the defendant and his/her sureties for the amount recovered as aforesaid or direct the sale of the vehicle under foreclosure.

(f) Any officer or agent collecting the penalties herein imposed shall give to the owner or driver of the vehicle an official receipt for all penalties collected. Such officers or agents shall cooperate with the owners or drivers of motor vehicles so as not to delay unduly the vehicles.

(g) Pursuant to F.S. §§ 316.302 and 316.545, penalties and fees are due and payable at the time of issuance and shall be remitted to the officer or traffic enforcement officer of the city police department who assessed the penalty. Payment shall be made for the exact amount of the assessment in cash, money order, or cashier's check and shall be made payable to the city.

(h) All penalties and fines collected pursuant to this chapter shall be placed in a separate commercial vehicle account. This account shall be created solely for the collection of penalties and fines resulting from violations of this chapter.

(i) The city shall create a commercial motor vehicle review board consisting of three members who shall be the police traffic supervisor or designee, the city manager or designee, and a community representative chosen by the police traffic supervisor and the city manager. The review board may review any penalty imposed upon any vehicle or person under the provisions of this chapter relating to weights imposed on the streets, roadways, or highways by the axles and wheels of motor vehicles, to special fuel and motor fuel tax compliance, or to violations of safety regulations.

(1) The police traffic supervisor or authorized representative shall be the chairman of the review board.

(2) The chairman of the review board is responsible for the administrative functions of the review board.

(j) Any person aggrieved by the imposition of a civil penalty pursuant to this section or F.S. § 316.3025, may apply to the commercial motor vehicle review board for a modification, cancellation, or revocation of the penalty; and the review board is authorized to modify, cancel, revoke, or sustain such penalty.
(Ord. No. 13198, § 2, 9-27-10; Ord. No. 13676, § 2, 4-27-17)

Sec. 35-372. Damage to streets, roadways, highways; liability of driver and owner.

Any person driving or moving any vehicle or combination of vehicles, object, or contrivance upon any street, roadway, highway or highway structure shall be liable for all damages which the highway or structure may sustain as a result of any illegal operating, driving, or moving of such vehicle or combination of vehicles, object, or contrivance, whether or not such damage is a result of operating, driving, or moving any vehicle or combination of vehicles, object, or contrivance weighing in excess of the maximum weights or exceeding the maximum size as provided in this chapter but authorized by special permit issued pursuant to F.S. § 316.550. Whenever the driver is not the owner of the vehicle or combination of vehicles, object, or contrivance but is so operat-

ing, driving, or moving the same with the express or implied permission of the owner, then the owner and driver shall be jointly and severally liable for any such damage. Such damage may be recovered in any civil action brought by the authorities in control of the street, roadway, highway or highway structure.
(Ord. No. 13198, § 2, 9-27-10)

Sec. 35-373. Reserved.

ARTICLE XIII. FORKLIFT ZONE

Sec. 35-374. Intent; establishing and authorizing forklift zones within the city.

(a) In accordance with the provisions of this chapter, the city wishes to establish the Allapattah Produce Market Area "Forklift Zone" allowing for the use of commercial forklifts as specified in the area bounded by Northwest 12th Avenue on the East, Northwest 17th Avenue on the West, Northwest 20th Street on the South, Northwest 23rd Street on the North, and the intersections therein as indicated in Exhibit "A", attached [to Ord. No. 13627] and incorporated.

(b) These forklift zones within the city are hereby created by maps designating the areas and public right-of-way as such, as amended by the city commission, from time to time.
(Ord. No. 13627, § 2, 9-8-16)

Sec. 35-375. Definitions.

Commercial forklift, as used in this article, means a forklift utilized by personnel of the businesses located within the Allapattah Market Area.

Forklift, as used in this article, means any vehicle with a prolonged lift device in the front of the vehicle for lifting and carrying heavy loads.
(Ord. No. 13627, § 2, 9-8-16)

Sec. 35-376. Requirements to operate a commercial forklift on public right-of-way within the forklift zone.

(a) In order to operate a commercial forklift on public right-of-way within the forklift zone, the following criteria must be met:

(1) Maintenance of insurance by the owner of the business using the forklift of no less than $100,000.00/$300,000.00 in insurance coverage per vehicle, per person, per incident.

(2) Submit a hold harmless and indemnification agreement in favor of the city for any and all bodily injuries and/or property damage that may be caused by the operation of a commercial forklift within the boundaries of the forklift zone.

(b) Operation of a commercial forklift on public right-of-way within the forklift zone in excess of 15 miles an hour is prohibited.

(c) The use of a mobile phone or any hand held device is strictly prohibited; eating while operating a forklift is also prohibited.

(d) Forklift operators traveling on public right-of-way in the forklift zone must have a valid Florida driver's license.

(e) A Florida tag is preferred, but not mandatory, as long as the above requirements are met.

(f) Operation of a commercial forklift on public right-of-way can only be within the forklift zone for business purposes relating to the Allapattah Produce Market Area.

(g) Each forklift operating on public right-of-way within the forklift zone shall be equipped with the following equipment:

(1) The owner's company name and telephone number(s) shall be affixed on both sides of the forklift in letters and numbers measuring no less than two inches in height.

(2) A minimum of two running headlights must be operable on the front of the forklift.

(3) A minimum of two brake lights must be operable on the rear of the forklift.

(4) An overhead warning light must be activated when the forklift is in operation and an audible reverse warning system must be available.

(Ord. No. 13627, § 2, 9-8-16)

Sec. 35-377. Enforcement.

The implementation and use of the traffic infraction system for the enforcement of violations within this area shall be in accordance with the provisions of F.S. ch. 316, and/or chapter 2, article X of this Code, as may be amended from time to time, when strict compliance with the requirements of the forklift zone regulations is not met.

(Ord. No. 13627, § 2, 9-8-16)

Chapter 36

NOISE*

Sec. 36-1.	Unnecessary, excessive or unusual noises—Generally.
Sec. 36-2.	Same—Near hospitals and schools.
Sec. 36-3.	Loud or boisterous noises generally.
Sec. 36-4.	Operation of radios, phonographs, or other sound-making devices; bands, orchestras, and musicians—Generally; exemption.
Sec. 36-5.	Same—Hours of operation of jukeboxes, radios, etc.; exemption for events on city-owned property; relaxation.
Sec. 36-6.	Construction equipment.
Sec. 36-7.	Emission of steam and other gases.
Sec. 36-8.	Mechanical and fire equipment.
Sec. 36-9.	Off-street freight and commercial delivery hours.

*__City Code cross references—__Noisy dogs, § 6-39; bicycle bells or other warning devices, § 8-3; noise from ships, boats, etc., § 50-7.

__County Code cross references—__Railroad train whistle and horn noise pollution prohibited, § 21-27.3; excessive and unnecessary noises prohibited, § 21-28.

__Law review references—__Comments on sound amplifiers, 2 Fla. L. Rev. 103,257.

__State law reference—__Motor vehicle noise, F.S. §§ 316.293, 403.415 et seq.

Sec. 36-1. Unnecessary, excessive or unusual noises—Generally.

It shall be unlawful to make any loud, unnecessary, excessive or unusual noise in the city.
(Code 1967, § 36-1; Code 1980, § 36-1)

Sec. 36-2. Same—Near hospitals and schools.

It shall be unlawful for any person, by himself/herself or by the operation of any instrument, agency or vehicle, to make any unnecessary noises within 100 feet of any portion of the grounds and premises on which is located a hospital or other institution reserved for the sick, or any school during school hours. The city manager shall place as many signs as he/she may deem proper within or near zones hereby created, calling attention to the prohibition against unnecessary noises within such zones.
(Code 1967, § 36-2; Code 1980, § 36-2; Ord. No. 13676, § 2, 4-27-17)

Sec. 36-3. Loud or boisterous noises generally.

No person shall create any loud or boisterous noise which may annoy persons on any street or sidewalk or in any building adjacent thereto.
(Code 1967, § 36-3; Code 1980, § 36-3)

Sec. 36-4. Operation of radios, phonographs, or other sound-making devices; bands, orchestras, and musicians—Generally; exemption.

(a) It shall be unlawful for any person owning, occupying or having charge of any building or premises or any part thereof, in the city, at any time to cause or suffer or allow any loud, unnecessary, excessive or unusual noises in the operation of any radio, phonograph or other mechanical sound-making device or instrument, or reproducing device or instrument, or in the playing of any band, orchestra, musician or group of musicians, or in the use of any device to amplify the music of any band, orchestra, musician or group of musicians, where the noise or music is plainly audible at a distance of 100 feet from the building, structure, vehicle or premises in which or from which it is produced. The fact that the noise or music is plainly audible at a distance of 100 feet from the vehicle or premises from which it originates constitutes prima facie evidence of a violation of this chapter.

(b) It shall be unlawful for any person owning, occupying, or having charge of any business, including but not limited to an entertainment establishment, alcohol service establishment, food service establishment, etc., or any part thereof, that shares a property line with any property that has a residential use as defined by Article 1 of the Miami 21 Code to cause or suffer to cause the playing or operating of any such noise or such similar music of the following, which is not an exhaustive list: music, music boxes, jukeboxes, radios, musical instruments, any other musical devices; phonograph or other mechanical sound-making device or instrument; reproducing device or instrument; the playing of any band, orchestra, musician, or group of musicians; or the use of any device to amplify the music of any band, orchestra, musician, or group of musicians on or about the premises in any of its outdoor spaces between the hours of 10:00 p.m. and 8:00 a.m. the following day. The playing or operating of any noise or such similar music, including but not limited to music, music boxes, jukeboxes, radios, musical instruments, any other musical devices; phonograph or other mechanical sound-making device or instrument; reproducing device or instrument; the playing of any band, orchestra, musician, or group of musicians; or the use of any device to amplify the music of any band, orchestra, musician, or group of musicians between the hours of 10:00 p.m. and 8:00 a.m. in such manner shall be prima facie evidence of a violation of this section.

(c) All of the above and foregoing shall not apply to city-sponsored activities and events held in or upon any city-owned facility or city-owned property.

(1) The city commission may also declare an exemption from the prohibitions contained in this subsection and declare them inapplicable on special occasions by resolution.

(2) The above exemption shall not apply to tenants of city-owned property or facilities, such tenants shall be required to seek a waiver pursuant to subsection 36-4(c)(1) of the City Code.

(d) Any establishment operating a sound making device shall be exempted from subsection (b) if said establishment had an approval prior to the adoption of this section; is operating completely within a structure; is located within the Downtown Development Authority, Omni Redevelopment Area, Coconut Grove Business Improvement District, or the Wynwood Neighborhood Revitalization District; abuts an area zoned T-6 or above; has a sound making device located on the primary frontage; is located and operating on the outside of a structure on or above the fifth floor of a structure; or is located on a property zoned D1, D2, or T-6-24 or above.

(e) Pilot program for the NRD-1.

(1) The NRD-1 District as defined in section 4-5 of the City Code is exempt from subsection (a) of this section throughout the duration of the herein created pilot program. The NRD-1 is generally bounded by Interstate 95 ("I-95") on the west, Northwest 29th Street on the north including parcels fronting Northwest 29th Street on the north between I-95 and Northwest 5th Avenue and between Northwest 2nd Avenue and North Miami Avenue, the FEC Corridor on the east, and Northwest 20th Street between North Miami Avenue and Northwest 1st Place, and Northwest 22nd Street between Northwest 1st Place and I-95 on the south.

(2) Within the NRD-1 District, it shall be unlawful for any person owning, occupying, or having charge of any building or premises or any part thereof at any time to cause or suffer or allow any loud, unnecessary, excessive, or unusual noises in the operation of any radio, phonograph, or other mechanical sound-making device, instrument, or reproducing device; in the playing of any band, orchestra, musician, or group of musicians; or in the use of any device to amplify the music of any band, orchestra, musician, or group of musicians where the noise or music:

a. Exceeds 80 dB(A) at a distance of greater than 25 feet from the property line of the property on which or from which it is produced;

b. The bass level exceeds 68 dB(C) when measured from within an enclosed structure with all windows, doors and other openings closed; or

c. Exceeds 65 dB(A) when measured from within an enclosed structure with all windows, doors, and other openings closed.

d. The city manager shall have the authority to decrease the allowable decibel levels by up to 10dB(A) and/or 10dB(C) during the pilot program based upon the recommendation of the Wynwood Business Improvement District and after 30 days' notice has been posted and sent via certified US Mail to all affected business.

(3) The fact that the noise or music emanating from the property on which or from which it is produced exceeds the dB(A) sound level referenced in subsection (e)(2)a., b. and c. above constitutes prima facie evidence the violation has occurred. Any violation of this subsection is punishable as follows:

a. For a first offense, warning shall be issued and posted;

b. For a second offense, a fine of $250.00;

c. For a third and subsequent violation, a fine of $500.00.

d. Violations may also be enforced pursuant to section 2-817, et seq. of the City Code with a fine in an amount of up to $1,000.00 per diem for a first offense and a fine in an amount of up to $5,000.00 per diem for a repeat violator to be assessed by the code enforcement board. The

code enforcement board may also find the violation to be irreparable or irreversible in nature and assess a fine in an amount of up to $15,000.00 for each violation in accordance with subsection 2-817 of the City Code.

Violations shall be enforced against the property owner and/or violator under the provisions of chapter 2, article X of the City Code and any other remedies as provided by law including, but not limited to, revocation of certificate of use and/or business tax receipt, and actions for injunctive relief in the circuit court.

(4) The city commission may also declare an exemption from the prohibitions contained in this subsection and declare them in applicable on special occasions by resolution for private property.

(5) The pilot program shall sunset on November 21, 2025. The city commission may extend for one more additional year by resolution.

(f) Pilot program for the Overtown Entertainment District.

(1) The Overtown Entertainment District, as defined in section 4-6 of the City Code is exempt from subsection (a) of this section throughout the duration of the herein created pilot program. The Overtown Entertainment District is generally bounded by Northwest 2 Avenue on the east, I-95 on the west, Northwest 11 Terrace on the north and Northwest 8 Street on the south.

(2) Within the Overtown Entertainment District, it shall be unlawful for any person owning, occupying, or having charge of any building or premises or any part thereof at any time to cause or suffer or allow any loud, unnecessary, excessive, or unusual noises in the operation of any radio, phonograph, or other mechanical sound-making device, instrument, or reproducing device; in the playing of any band, orchestra, musician, or group of musicians; or in the use of any device to amplify the music of any band, orchestra, musician, or group of musicians where the noise or music:

a. Exceeds 80 dB(A) at a distance of greater than 25 feet from the property line of the property on which or from which the noise is produced;

b. Exceeds 68 dB(C), bass level, when measured from within an enclosed structure with all windows, doors and other openings closed; or

c. Exceeds 65 dB(A) when measured from within an enclosed structure with all windows, doors, and other openings closed.

The city manager shall have the authority to decrease the allowable decibel levels by up to 10 dB(A) and/or 10 dB(C) during the pilot program based upon the recommendation of the code compliance director and after 30 days' notice has been posted and sent via certified US Mail to all affected business.

(3) The fact that the noise or music emanating from the property on which or from which the noise is produced exceeds the dB(A) sound level referenced in subsection (f)(2)a., b., and c. above constitutes prima facie evidence that a violation has occurred. Any violation of this subsection is punishable as follows:

a. For a first offense, warning shall be issued and posted;

b. For a second offense, a fine of $250.00 shall be imposed;

c. For a third and subsequent violation, a fine of $500.00 shall be imposed.

d. Violations may also be enforced pursuant to section 2-814, et seq. of the City Code with a fine in an amount of up to $1,000.00 per diem for a first offense and a fine in an amount of up to $5,000.00 per diem for a repeat violation to be assessed

by the code enforcement board. The code enforcement board may also find the violation to be irreparable or irreversible in nature and assess a fine in an amount of up to $15,000.00 for each violation in accordance with subsection 2-817(c) of the City Code.

e. For venues with open-air areas, subsection (f)(2) shall only be applicable for those venues who have code compliance department approved necessary directional speakers, sound limiting devices or other such necessary equipment installed so as to lessen sound emanations based upon a plan signed and sealed by an acoustic engineer. Open-air venues without approved sound tampering devices shall not be eligible for the pilot program.

Violations shall be enforced against the property owner and/or violator under the provisions of chapter 2, article X of the City Code and any other remedies as provided by law including, but not limited to, revocation of certificate of use and/or business tax receipt, and actions for injunctive relief in the circuit court.

(4) The city commission may also declare an exemption from the prohibitions contained in this subsection and declare them applicable on special occasions by resolution for private property.

(5) All days recognized by the Florida Supreme Court as holidays shall be exempted from compliance with this section of the City Code.

(6) The pilot program shall sunset on October 9, 2026. The city commission may extend for one more additional year by resolution.

(g) Miami Riverside Specialty District. The Miami Riverside Specialty District, as defined in chapter 4 of the City Code, is exempt from subsection (a) of this section and shall be governed by subsection 36-5(e).

(Code 1967, § 36-4; Ord. No. 10797, § 1, 10-18-90; Code 1980, § 36-4; Ord. No. 13941, § 2, 11-19-20; Ord. No. 14020, § 2, 9-23-21; Ord. No. 14037, § 2, 11-18-21; Ord. No. 14117, § 2, 10-27-22; Ord. No. 14153, § 2, 2-23-23; Ord. No. 14256, § 3, 2-8-24; Ord. No. 14330, § 2, 11-21-24; Ord. No. 14358, § 2, 3-13-25; Ord. No. 14369, § 2, 6-17-25; Ord. No. 14401, § 2, 10-9-25)

Sec. 36-5. Same—Hours of operation of jukeboxes, radios, etc.; exemption for events on city-owned property; relaxation.

(a) It shall be unlawful for any person owning, occupying or having charge of any business establishment, or any part thereof, in the city, to cause or suffer to cause the playing or operating of music boxes, jukeboxes, radios, musical instruments or any other musical devices on or about the premises between the hours of 11:00 p.m. and 7:00 a.m. the following day, unless such music boxes, jukeboxes, radios, musical instruments and other devices are played or operated in a closed building and the sound is not audible from outside the building so as to disturb the quiet, comfort or repose of persons in any dwelling, hotel or other type of residence. Upon a second conviction of violation of this section, the city manager or designee, may at their discretion, revoke any business tax receipt issued under chapter 31 to the business.

(b) All of the above and foregoing shall not apply to activities and events held in or upon any city-owned facility or city-owned property. This exemption shall not apply to any tenant of a city-owned facility or city-owned property.

(c) The city commission may relax the time restrictions contained in paragraphs (a) above or declare them inapplicable on special occasions by resolution.

(d) Pilot program for the NRD-1.

(1) The NRD-1 District as defined in section 4-5 of the City Code is exempt from subsection (a) of this section through the duration of the pilot program. The NRD-1 boundaries are generally described as bounded by I-95 on the west, Northwest 29th Street on the north including parcels fronting Northwest 29th Street on the north between I-95 and Northwest 5th

Avenue and between Northwest 2nd Avenue and North Miami Avenue, the FEC Corridor on the east, and Northwest 20th Street between North Miami Avenue and Northwest 1st Place and Northwest 22nd Street between Northwest 1st Place and I-95 on the south.

(2) Within the NRD-1 District, it shall be unlawful for any person owning, occupying, or having charge of any business establishment or any part thereof to cause or suffer to cause the playing or operating of music boxes, jukeboxes, radios, musical instruments, or any other musical devices on or about the premises between the hours of 1:00 a.m. to 9:00 a.m., Monday through Wednesday and the hours of 3:00 a.m. to 9:00 a.m., Thursday through Sunday, unless such music boxes, jukeboxes, radios, musical instruments, and other devices are played or operated in a closed building and the sound is not plainly audible from outside the building so as to disturb the quiet, comfort, or repose of persons in any dwelling, hotel, or other type of residence. Any violation of this subsection is punishable as follows:

a. For a first offense, a warning shall be issued and posted;

b. For a second offense, a fine of $250.00;

c. For a third and subsequent violations a fine of $500.00 or violations may also be enforced pursuant to section 2-817, et seq. of the City Code with a fine in an amount of up to $1,000.00 per diem for a first offense and a fine in an amount of up to $5,000.00 per diem for a repeat violator to be assessed by the code enforcement board. The code enforcement board may also find the violation to be irreparable or irreversible in nature and assess a fine in an amount of up to $15,000.00 for each violation in accordance with section 2-817 of the City Code.

d. The city may also enforce this subsection pursuant to any other remedies as provided by law including, but not limited to, revocation of certificate of use and/or business tax receipt, and actions for injunctive relief in the circuit court.

(3) For venues with open-air areas, subsection (d)(2) shall only be applicable for those venues who have code compliance department approved directional speakers and sound limiting devices installed so as to lessen sound emanations. Should such venues receive more than three violations for which they are found guilty after appeal or fail to appeal, this pilot program shall not be applicable.

(4) The city commission may also declare an exemption from the prohibitions contained in this subsection and declare them inapplicable on special occasions by resolution for private property.

(5) The pilot program shall sunset on November 21, 2025. The city commission may extend for one more additional year by resolution.

(e) Pilot program for the Overtown Entertainment District.

(1) The Overtown Entertainment District as defined in section 4-6 of the City Code is exempt from subsection (a) of this section through the duration of the pilot program. The Overtown Entertainment District boundaries are generally described as bounded by Northwest 2 Avenue on the east, I-95 on the west, Northwest 11 Terrace on the north and Northwest 8 Street on the south.

(2) Within the Overtown Entertainment District, it shall be unlawful for any person owning, occupying, or having charge of any business establishment or any part thereof to cause or suffer to cause the playing or operating of music boxes, jukeboxes, radios, musical instruments, or any other musical devices on or about the premises between the hours of

1:00 a.m. to 9:00 a.m., Monday through Wednesday and the hours of 3:00 a.m. to 9:00 a.m., Thursday through Sunday, unless such music boxes, jukeboxes, radios, musical instruments, and other devices are played or operated in a closed building and the sound is not plainly audible from outside the building so as to disturb the quiet, comfort, or repose of persons in any dwelling, hotel, or other type of residence. Any violation of this subsection is punishable as follows:

a. For a first offense, a warning shall be issued and posted;

b. For a second offense, a fine of $250.00 shall be imposed;

c. For a third and subsequent violations a fine of $500.00 or violations may also be imposed pursuant to section 2-814, et seq. of the City Code with a fine in an amount of up to $1,000.00 per diem for a first offense and a fine in an amount of up to $5,000.00 per diem for a repeat violation to be assessed by the code enforcement board. The code enforcement board may also find the violation to be irreparable or irreversible in nature and assess a fine in an amount of up to $15,000.00 for each violation in accordance with section 2-817 of the City Code.

d. The city may also enforce this subsection pursuant to any other remedies as provided by law including, but not limited to, revocation of certificate of use and/or business tax receipt, and actions for injunctive relief in the circuit court.

(3) For venues with open-air areas, subsection (e)(2) shall only be applicable for those venues who have code compliance department approved necessary directional speakers, sound limiting devices or other such necessary equipment installed so as to lessen sound emanations based upon a plan signed and sealed by an acoustic engineer. Open-air venues without approved sound tampering devices shall not be eligible for the pilot program.

(4) The city commission may also declare an exemption from the prohibitions contained in this subsection and declare them inapplicable on special occasions by resolution for private property.

(5) All days recognized by the Florida Supreme Court as holidays shall be exempted from compliance with this section of the City Code.

(6) The pilot program shall sunset on October 9, 2026. The city commission may extend for one more additional year by resolution.

(f) Miami Riverside Specialty District.

(1) The Miami Riverside Specialty District, as defined in section 4-5 of the City Code, is exempt from subsection (a) of this section.

(2) Within the Miami Riverside Specialty District, it shall be unlawful for any person owning, occupying, or having charge of any building or premises or any part thereof during the hours of 8:00 p.m.—11:00 a.m. to cause or suffer or allow any loud, unnecessary, excessive, or unusual noises in the operation of any radio, phonograph, or other mechanical sound-making device, instrument, or reproducing device; in the playing of any band, orchestra, musician, or group of musicians; or in the use of any device to amplify the music of any band, orchestra, musician, or group of musicians where the noise or music is directly audible at a distance of 100 feet from the building, structure, vehicle, or premises in which, or from which, it is produced. The fact that the noise or music is directly audible at a distance of 100 feet from the vehicle or premises from which it originates constitutes prima facie evidence of a violation of this chapter.

(Code 1967, § 36-5; Ord. No. 8660, § 1, 6-9-77; Ord. No. 10797, § 1, 10-18-90; Code 1980, § 36-5;

Ord. No. 13676, § 2, 4-27-17; Ord. No. 14020, § 3, 9-23-21; Ord. No. 14037, § 2, 11-18-21; Ord. No. 14117, § 2, 10-27-22; Ord. No. 14153, § 3, 2-23-23; Ord. No. 14256, § 3, 2-8-24; Ord. No. 14330, § 2, 11-21-24; Ord. No. 14369, § 2, 6-17-25; Ord. No. 14401, § 2, 10-9-25)

Sec. 36-6. Construction equipment.

(a) *Prohibition; definitions.* Operating or permitting the operation of any tools or equipment used in construction, drilling, or demolition work such as pile drivers, steam shovels, pneumatic hammers, pumps, or other like equipment is prohibited:

(1) Between the hours of 6:00 p.m. and 8:00 a.m. the following day on weekdays, or at any time on Sundays or holidays, such that the sound therefrom creates a noise disturbance across and at a residential district boundary or within a noise sensitive zone, except for emergency work of public service utilities or by special permission issued pursuant to subsection (c).

(2) At any other time such that the sound level at or across a real property boundary exceeds a reading of 0.79 weighted average dBA for the daily period of operation. Such sound levels shall be measured with a sound level meter manufactured according to standards prescribed by the American National Standards Institute.

(b) *Definitions.*

Holidays, as used herein, shall mean those days designated by the United State Congress as legal public holidays, except that whenever any such day shall fall upon a Sunday, the Monday next following shall be deemed a public holiday for purposes of this section.

Noise disturbance as used herein, shall mean any sound which (a) endangers or injures the safety or health of humans or animals, or (b) annoys or disturbs a reasonable person of normal sensitivities, or (c) endangers or injures personal or real property.

Noise sensitive zone, as used herein, shall mean existing quiet zones, if any, and those areas containing noise sensitive activities including, but not limited to, operations of schools, libraries open to the public, houses of worship, hospitals, and nursing homes.

Residential districts, as used herein, shall mean any residential district as set forth in the city's zoning ordinance, as amended, or as may be hereafter amended.

Weighted average dBA, as used herein, means the 24-hour energy average of the sound pressure level in decibels (dB), as measured on a sound level meter using the A-weighted network; any readings taken during the period 10:00 p.m. to 7:00 a.m. the following day are increased by ten dBA before averaging the other readings. The A-weighted network (dBA) is recommended by the U.S. Environmental Protection Agency as a means of describing environmental noise because it most closely mimics the human ear by weighting the frequency spectrum to give greater weight to the frequencies between 1,000 and 6,000 hertz (cycles per second).

(c) *Exception.* The city manager is hereby authorized to permit the operation and use of any of the above construction machinery during the aforesaid prohibited periods of time in the event that such operation or use is required to eliminate or reduce any dangerous or hazardous condition which endangers life or property.

(d) *Violation; penalty.* Any person who shall violate any provision of this section shall, upon conviction thereof, be punished as provided in section 1-13. Each 24-hour day is to be considered a separate violation.
(Code 1967, § 36-13; Ord. No. 9063, § 1, 1-24-80; Ord. No. 10754, § 1, 6-28-90; Code 1980, § 36-13)

Sec. 36-7. Emission of steam and other gases.

It shall be unlawful to permit or cause the emission of steam or other gases if such emission cannot be done without the production of disturbing noises.
(Code 1967, § 36-14; Ord. No. 10754, § 1, 6-28-90; Code 1980, § 36-14)

Sec. 36-8. Mechanical and fire equipment.

It shall be unlawful to operate mechanical and fire equipment, including air conditioning compressors, pumps, blowers, exhaust fans, filters and other similar noise-producing equipment, in all residential, institutional, commercial and industrial zoned property, when such equipment emits noise which exceeds the following noise levels, measured at the receiving property line nearest to the source; such sound levels shall be measured with a sound level meter manufactured according to standards prescribed by the American National Standards Institute:

	Maximum Permitted Sound Level in Decibels dBA	
Receiving Land Use	*At Property Line or Beyond Between 10:00 p.m. and 7:00 a.m.*	*At Property Line or Beyond Between 7:00 a.m. and 10:00 p.m.*
Single-family	5 dBA above ambient or maximum of 55 dBA	10 dBA above ambient or maximum of 60 dBA
Multifamily, institutional, parks and noise-sensitive zones	5 dBA above ambient or maximum of 60 dBA	10 dBA above ambient or maximum of 65 dBA
Retail commercial (offices, retail, restaurants and movies)	5 dBA above ambient or maximum of 65 dBA	10 dBA above ambient or maximum of 65 dBA
Wholesale commercial and industrial	5 dBA above ambient or maximum of 70 dBA	10 dBA above ambient or maximum of 75 dBA

(Code 1967, § 36-15; Ord. No. 10754, § 1, 6-28-90; Code 1980, § 36-15)

Sec. 36-9. Off-street freight and commercial delivery hours.

(a) In order to alleviate the continued freight and commercial delivery noise that occurs between the hours of 11:00 p.m. and 7:00 a.m. on weekdays and between the hours of 8:00 p.m. and 8:00 a.m. on weekends in commercial areas abutting residential T3 transect zones, the following shall apply city wide. All delivery vehicles are required to comply with F.S. § 316.1975, during the delivery process. Due to their uniqueness, the following areas shall be exempted from this section: District 5, Coconut Grove Business Improvement District as defined in section 2-1250 of the City Code, the Downtown Development District as defined by section 14-27 of the City Code, and the Allapattah Produce Market as defined by section 35-374 of the City Code, all as delineated in Exhibit "A," attached and incorporated, and as amended from time to time.

(b) It shall be unlawful for any freight or commercial deliveries to be received or staged on a property that is within 100 feet of a T-3 transect zone between the hours of 11:00 p.m. and 7:00 a.m. on weekdays and between the hours of 8:00 p.m. and 8:00 a.m. on weekends. Any violation of this subsection is punishable by a fine of $250.00 for a first offense, and $500.00 for each offense thereafter and shall be enforced against the property owner under the provisions of chapter 2, article X of this Code, and any other remedies as provided by law including, but not limited to, an action for injunctive relief in the circuit court. The use of one remedy shall not preclude the use of another.

(c) In the case of a declared state of emergency affecting the city and for its duration, this section shall not be in force and effect.

(Ord. No. 13616, § 2, 7-14-16; Ord. No. 13671, § 2, 3-23-17; Ord. No. 13677, § 2, 4-27-17; Ord. No. 13775, § 2, 7-26-18)

Note—Exhibit A is not set out at length herein, but may be found on file in the office of the city clerk.

Chapter 37

OFFENSES—MISCELLANEOUS*

Sec. 37-1. Reserved.
Sec. 37-2. Malicious defacement, marking, etc., of real property.
Sec. 37-3. Sleeping on streets, sidewalks, etc.
Sec. 37-4. Living or sleeping in vehicles.
Sec. 37-5. Securities for loans and conditional sales agreements from minors.
Sec. 37-6. Aggressive or obstructive panhandling prohibited.
Sec. 37-7. Sex offenders and sexual predators.
Sec. 37-8. Reserved.
Sec. 37-9. Sale or display of bath salts prohibited.
Sec. 37-10. Sale of nicotine vaporizers (e-cigarettes) and liquid nicotine to minors, prohibited.
Sec. 37-11. Public urination or defecation prohibited; exceptions; penalties.
Sec. 37-12. Public safety and unmanned aircraft systems, commonly known as drones.
Sec. 37-13. Conversion therapy.
Sec. 37-14. False or fraudulent claims for payment or approval.
Sec. 37-15. Enforcement of emergency orders issued by the city; penalties.
Sec. 37-16. Encampments on public property prohibited.
Sec. 37-17. Smoking and vaping including, but not limited to, tobacco and cannabis, in all of their forms and extract products, in public parks and beaches prohibited.

*__Cross references—__Alcoholic beverages, ch. 4; amusements, ch. 5; animals, ch. 6; amusement games or machines not to be used for gambling, § 12-6; motor vehicles and traffic, ch. 35; noise, ch. 36; rules and regulations for use of city parks, etc., § 38-46 et seq.; police, ch. 42; public order, ch. 45; operations of vessels, § 50-36 et seq.; weapons, ch. 61.

__County Code cross reference—__Adoption of state law misdemeanors as uniform penal code for county, applicability, enforcement, etc., § 21-80 et seq.

__Law review reference—__Note on criminal laws of political subdivisions, 14 Fla. L. Rev. 294.

Sec. 37-1. Reserved.

Editor's note—Ord. No. 12884, § 1, adopted February 8, 2007, repealed § 37-1 in its entirety, which pertained to state misdemeanors adopted by reference, and derived from the Code of 1967, § 38-50, and the Code of 1980, § 37-1.

Sec. 37-2. Malicious defacement, marking, etc., of real property.

(a) Notwithstanding any City Code provision to the contrary, it shall be unlawful for any person to willfully and maliciously or without the knowledge and consent of the owner to mar, deface, damage or destroy by writing, painting or drawing any inscription, figure or mark of any type on public or private property.

(b) Notwithstanding any City Code provision to the contrary, no person shall intentionally deface without authorization of the owner or tenant any private or public premises or property primarily used for religious, educational, residential, memorial, recreational, charitable, cemetery or utilitarian purposes, or for assembly by persons of a particular race, color, creed or religion, by placing material thereon, including symbols, objects, caricatures, an appellation, a burning cross or a Nazi swastika, or graffiti thereby exposing or tending to expose another to risk of violence, contempt or hatred on the basis of race, color, creed or religion.

(c) A violation of subsection (a) or (b) of this section shall be punishable as provided by F.S. § 806.13.

(d) In addition to any punishment, the court shall order the defendant to make restitution to the victim or the city if the city cures the damage pursuant to subsection (i) for damage or loss caused directly or indirectly by the defendant's offense in a reasonable amount or manner to be determined by the court. In the case of a minor, the parents or legal guardian shall be ordered jointly and severally liable with the minor to make such restitution.

(e) In addition to any punishment, the court may, in its discretion, order the defendant to perform monitored community service.

(f) Whenever the city becomes aware of the existence of graffiti on any property, including structures or improvements within the city, a code enforcement officer is authorized, upon such discovery, to give, or cause to be given, notice to remove or effectively obscure such graffiti within the time period enumerated in the notice, to the owner, agent or manager who shall cause the graffiti to be removed or effectively obscured by any means so long as it is completely obliterated, painted or touched up with the same or substantially similar color of existing paint or texture of the original wall, fence, siding or part of the structure afflicted. The time period enumerated in the notice shall not be less than ten days. Persons needing information or assistance in curing a graffiti violation may contact the code compliance department graffiti mitigation program. The phone number to the code compliance department graffiti mitigation program shall appear conspicuously in bold numerals on the notice issued pursuant to this subsection for purposes of providing assistance to those who receive such notice. Persons not responsible for causing graffiti but responsible for curing it, who cannot afford to obliterate, paint or touch up such graffiti with the same color of existing paint of the original wall, fence, siding or part of the structure affected and who receive paint or assistance from the code compliance department graffiti mitigation program shall obliterate, paint or touch up graffiti on the property with paint as substantially similar in color as can be provided to the wall, fence, siding or part of the structure afflicted. No penalties, fines, or costs shall be imposed on persons owning property, acting as manager or agent for the owner of property, or in possession or control of property who utilize the code compliance department graffiti mitigation program to remove or effectively obscure such graffiti. Persons who request to receive assistance from the code compliance department graffiti mitigation program and are qualified to receive such assistance, shall not be subjected to penalties, fines, or costs pursuant to this section. The requirements for the code compliance department graffiti mitigation program are:

(1) Only ground floor areas of structures that abut the public rights-of-way;

(2) The city will clean/obscure the graffiti affecting the qualifying non-violating owners' property structure a maximum of two occasions in one calendar year (at least two weeks apart) of the first violation without penalty if the property owner contacts code compliance department within ten days of the issuance of the violation;

(3) If the graffiti is visible from the public rights-of-way but not accessible due to height of graffiti or other barriers, the qualifying non-violating property owner shall be required to sign a release authorizing city employees entry upon the property to clean/obscure the graffiti; if owner complies with said requirement, the city's assistance will count towards the maximum of two as indicated above in above subsection (f)(2). To receive assistance without penalty, the qualifying owner will be required to provide the release within ten days of receiving the request for authorization;

(4) A qualifying non-violating property may be eligible for a third cleaning/obscuring by the city without penalty if the property owner can show they have taken steps to mitigate the ability of third-party(s) to graffiti the property by the deployment of security cameras, security personnel, or other actions to deter further acts.

(g) It shall be unlawful for any person or firm owning property, acting as manager or agent for the owner of property, or in possession or control of property, to fail to remove or effectively obscure any graffiti from such property within the time period enumerated in the notice, as described in subsection (f). If the person or firm owning such property, acting as manager or agent for the owner of such property, or in possession or control of such property, fails to remove or effectively obscure the graffiti within the time period enumerated above, the city shall present a case to the code enforcement board or special master and fines shall be assessed against the property until it comes into compliance.

(h) The property owner has five business days from receipt or posting of the notice to file for an appeal hearing before a special master.

(i) The appeal hearing referenced in subsection (h) shall be scheduled for the first available appeal hearing before a special master.

(j) Appeal hearings shall be conducted by a special master in accordance with article X, section 2-826.

(k) If the property is found guilty by the special master, the property owner or designee must remove or effectively obscure the graffiti within the time period ordered by the special master.

(l) If the property continues to be in violation after the time period referred to in subsection (f) or the time period referred to in subsection (k), whichever is later, the city manager or designee shall cause corrective action to take place at the property owner's expense.

(m) The city manager or designee shall have the right to enter upon private property to the extent necessary to take corrective action. No person shall obstruct, impede, or interfere with the city manager or designee whenever the city manager or designee is engaged in the work of corrective action pursuant to this section or in performing any necessary act preliminary to or incidental to such work pursuant to this section. Entry into any dwelling or structure is expressly prohibited.

(n) Public right-of-way. Whenever the city becomes aware of the existence of graffiti on any property, including any structure or improvement, that abuts the public right-of-way within the city, the city manager or designee is authorized to immediately remove or obscure such graffiti.

(1) *Definition.* For purposes of subsection (n), property that abuts the public right-of-way shall only be property that is easily accessible to the city Manager or designee and does not substantially encroach on private property.

(2) *Objection.* Property owners are hereby put on notice of the requirements of this section and the city's intention to

immediately remove or obscure graffiti placed on walls, buildings, and other surfaces that abut the public right-of-way. The city shall publish notice of this section once during each week for four consecutive weeks in a local newspaper pursuant to F.S. ch. 50. Any property owner who objects to graffiti being removed or obscured on property abutting the public right-of-way shall file a statement of objection with the city manager or designee within 30 days of the date of the final published notice. Such objection shall be effective for one year. A new objection must be filed each year thereafter to preserve the objection. If an objection is filed by a property owner, subsection (n) shall not apply to that property owner's property. The property owner who objects pursuant to this subsection shall still be subject to the remaining subsections of this section.

(3) *Notice.* The appearance of graffiti on a wall, building, or other surfaces abutting the public right-of-way shall serve as notice to the property owner that the graffiti is subject to being obscured or removed by the city. Any property owner who has not filed an objection under subsection (n)(2) and who desires to obscure or remove the graffiti himself/herself shall (i) immediately remove the graffiti or (ii) notify the city manager or designee immediately of his/her intention to remove or obscure the graffiti within 48 hours. Graffiti not removed or obscured within 48 hours is subject to removal by the city manager or designee.

(o) After taking corrective action, including any corrective action taken on property abutting the public right-of-way pursuant to subsection (n), the city manager or designee shall file a code enforcement lien in the amount of all expenses incurred in correcting the condition, including all fines, continuing penalties, and actual administrative costs.

(p) Such code enforcement liens pursuant to this section shall be treated as special assessment liens against the subject real property, and until fully paid and discharged, shall remain liens equal in rank and dignity with the lien of ad valorem taxes, and shall be superior in rank and dignity to all other liens, encumbrances, titles, and claims in, to, or against the real property involved. The maximum rate of interest allowable by law shall accrue to such delinquent accounts. Notice of such lien shall be filed in the office of the clerk of the circuit court and recorded in the public records of Miami-Dade County, Florida. Once recorded, such lien shall constitute a lien against the property on which the graffiti existed and upon any other real or personal property owned by the property owner. Such liens shall be enforced by any of the methods provided by F.S. ch. 86, or, in the alternative, foreclosure proceedings may be instituted and prosecuted under the provisions applicable to practice, pleading, and procedure for the foreclosure of mortgages on real estate set forth in the Florida Statutes, or may be foreclosed pursuant to F.S. ch. 173, or the collection and enforcement of payment thereof may be accomplished by any other method authorized by law. The property owner shall pay all costs of collection, including reasonable attorney fees, incurred in the collection of fees, service charges, penalties, and liens imposed by virtue of this section.

(q) Alternatively, code enforcement proceedings pursuant to chapter 2, article X may be brought against the property upon which the graffiti exists.

(r) If code enforcement proceedings are initiated, any person or firm owning property, acting as agent or manager for the owner of such property, or in possession or control of such property, who commits a violation of subsection (g), shall be punished by a fine as determined by the code enforcement board. When determining the amount of fine to impose, the code enforcement board shall consider the efforts taken by the violator, if any, to remove or effectively obscure the subject graffiti in a timely manner and how often the violator has been victimized by graffiti during the preceding calendar year.

The provisions of this section shall not apply to a property owner, manager, agent, or possessor or property if, in the sole determination of the city manager or designee, or the code enforcement board, such property owner, agent, manager, or possessor has been victimized two or more times by graffiti within any calendar year, and, during such time, has removed or effectively obscured such graffiti from the property in a timely manner.

(s) The city may institute a civil action in a court of competent jurisdiction to recover compensatory and punitive damages, including reasonable costs and expenses, for any damage caused to city-owned property located within the city limits as a result of violations of subsection (a) or (b).

(Ord. No. 10958, §§ 1—10, 4-2-92; Code 1980, § 37-36.1; Ord. No. 13148, § 2, 3-11-10; Ord. No. 13676, § 2, 4-27-17; Ord. No. 14292, § 2, 6-27-24)

County Code cross reference—Similar provisions, § 21-30.01.

Sec. 37-3. Sleeping on streets, sidewalks, etc.

It shall be unlawful for any person to sleep on any of the streets, sidewalks, public places or upon the private property of another without the consent of the owner thereof.

(Code 1967, § 38-49; Code 1980, § 37-63)

State law reference—Trespass, F.S. § 810.08 et seq.

Sec. 37-4. Living or sleeping in vehicles.

Other than the area at the Marine Stadium designated for use by self-contained camper trailers, it shall be unlawful for any person within the city to park any vehicle on public rights-of-way, public properties or private parking lots, for the purposes of:

(1) Living;

(2) Sleeping;

(3) Cooking;

(4) Bathing; or

(5) Housekeeping.

(Code 1967, § 38-54.1; Code 1980, § 37-69)

City Code cross reference—Marine Stadium, § 53-51 et seq.

Sec. 37-5. Securities for loans and conditional sales agreements from minors.

(a) It shall be unlawful for any person to purchase or receive possession for security of a loan or any conditional sales agreement from any minor person under the age of 18 years, any personal property of any nature whatsoever, whether new or used, without first having obtained the written consent of the parents or legal guardian of such minor person. The written consent of the parents or legal guardians to such a sale shall contain the name of the minor child offering the property for sale, the name and address of the parents or legal guardians, the business or occupation of the father, if signing, otherwise the business or occupation of the mother, if any, the names of two other persons as references and a description of the property to be sold, including identifying numbers thereof, if any, otherwise a description of property in detail sufficient to readily identify the same.

(b) It shall be the duty of any person so purchasing or receiving possession for security of a loan or any conditional sales agreement, any personal property from a minor, as described herein, to preserve and keep on file, open to inspection of the circuit court or any officer thereof, of the county, the written instrument signed by the parents or legal guardian of the minor person, giving consent to the sale of the property.

(Code 1967, § 38-29; Code 1980, § 37-38)

County code reference—Offenses involving minors, § 21-6 et seq.

State law references—Removal of disabilities of nonage of married minors, F.S. § 743.01; removal of disabilities of persons entitled to benefits under the Home, Farm and Business Loans Act, F.S. § 743.04; removal of disabilities of minors borrowing money for educational purposes, F.S. § 743.05; rights, privileges and obligations of persons 18 years of age or older, F.S. § 743.07.

Sec. 37-6. Aggressive or obstructive panhandling prohibited.

(a) *Definitions.* As used in this section, the following words and terms shall have the following meanings:

Aggressively beg means to beg with the intent to intimidate another person into giving money or goods.

Beg means to ask or solicit for money or goods as a charity, whether by word, bodily gestures, signs, or other means.

Intimidate means to engage in conduct which would make a reasonable person fearful or feel compelled to react. Among the circumstances which may be considered in determining whether the conduct is intended to intimidate another person into giving money or goods are:

(1) Touching the person solicited;

(2) Following the person solicited, or persisting in begging after the person solicited has declined the request;

(3) Using profane or abusive language toward the person solicited; or

(4) Using violent or threatening gestures toward the person solicited.

Obstruct pedestrian or vehicular traffic means to walk, stand, sit, lie, or place an object in such a manner as to block passage by another person or a vehicle, or to require another person or a driver of a vehicle to take unreasonable evasive action to avoid physical contact.

Public place means an area generally visible to public view and includes alleys, bridges, buildings, driveways, parking lots, parks, plazas, sidewalks and streets open to the general public, including those that serve food or drink or provide entertainment, and the doorways and entrances to buildings or dwellings and the grounds enclosing them.

Unreasonable evasive action means causing a vehicle to depart from the lane of traffic in which it is traveling to change lanes, to straddle lanes, or to enter onto a swale to obtain passage; it also means causing a pedestrian to leave the sidewalk or to make contact with a wall or fence bordering the sidewalk.

(b) *Prohibited acts.* It shall be unlawful for a person to intentionally:

(1) Aggressively beg; or

(2) Obstruct pedestrian or vehicular traffic while begging.

(c) *Permitted activities.* Acts authorized as an exercise of one's constitutional rights include picketing, legal protest, and acts authorized by a permit duly issued by a lawful authority which do not constitute obstruction of pedestrian or vehicular traffic.

(d) *Penalties.* The first violation of this provision shall be punishable by a fine of not more than $100.00 and 30 days imprisonment; second and subsequent violations shall be punishable by a fine of not more than $200.00 and 60 days imprisonment.

(e) *Alternative programs.* Nothing herein shall limit the discretion of the police, court personnel, and judges from referring individuals suspected, charged, or convicted of a violation of this provision to treatment programs or facilities as an alternative to prosecution or imprisonment, provided that the individual freely consents. For homeless individuals, such alternative programs shall include, but not be limited to, the Miami-Dade County Homeless Assistance Project.
(Ord. No. 12006, § 2, 12-14-00)

Sec. 37-7. Sex offenders and sexual predators.

(a) Findings and intent.

(1) This section is to be known as "Lauren's Law."

(2) Repeat sexual offenders, sexual offenders who use physical violence, and sexual offenders who prey on children are sexual predators who present an extreme threat to the public safety. Sexual offenders are extremely likely to use physical violence and to repeat their offenses, and most sexual offenders commit many offenses, have many more victims than are ever reported, and are prosecuted for only a fraction of their crimes. This makes the cost of sexual offender victimization to society at large, while incalculable, clearly exorbitant.

(3) It is the intent of this article to serve the city's compelling interest to promote, protect and improve the health, safety and welfare of the citizens of the city by

creating areas around locations where children regularly gather and can be stalked or observed in concentrated numbers wherein certain sexual offenders and sexual predators are prohibited from establishing temporary or permanent residence.

(b) Definitions. The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning.

Permanent residence means a place where the person abides, lodges, or resides for 14 or more consecutive days.

Temporary residence means a place where the person abides, lodges, or resides for a period of 14 or more days in the aggregate during any calendar year and which is not the person's permanent address, or a place where the person routinely abides, lodges, or resides for a period of four or more consecutive or nonconsecutive days in any month and which is not the person's permanent residence.

(c) Sexual offender and sexual predator residence prohibition, penalties, exceptions.

(1) It is unlawful for any person who has been convicted of a violation of F.S. §§ 794.011, 800.04. 827.071, or 847.0145, regardless of whether adjudication has been withheld, in which the victim of the offense was less than 16 years of age, to establish a permanent residence or temporary residence within 2,500 feet of any school, designated public school bus stop, day care center, park, or playground.

(2) For purposes of determining the minimum distance separation, the requirement shall be measured by following a straight line from the outer property line of the permanent residence or temporary residence to nearest outer property line of a school, designated public school bus stop, day care center, park, or playground.

(d) Penalties.

(1) A person who violates this section and whose conviction under F.S. §§ 794.011, 800.04, 827.071, or 847.0145, was classified as a felony of the third degree, second degree, first degree, or higher, shall be punished by a fine not to exceed $500.00 or by imprisonment for a term not to exceed 60 days, or by both such fine and imprisonment.

(e) This section applies to any person convicted of a violation of F.S. §§ 794.011, 800.04, 827.071, or 847.0145, for offenses that occur on or after October 1, 2004.

Exceptions. A person residing within 2,500 feet of any school, designated public school bus stop, day care center, park, or playground does not commit a violation of this section if any of the following apply:

(1) The person established the permanent residence prior to July 1, 2005.

(2) The person was a minor when he/she committed the offense and was not convicted as an adult.

(3) The person is a minor.

(4) The school, designated public school bus stop or day care center within 2,500 feet of the persons permanent residence was opened after the person established the permanent residence.

(Ord. No. 12691, § 2, 6-9-05; Ord. No. 12713, § 2, 7-7-05)

Sec. 37-8. Reserved.

Editor's note—Ord. No. 14264, § 2, adopted April 11, 2024, repealed the former section 37-8 in its entirety, which pertained to panhandling prohibited in certain areas, and derived from Ord. No. 12997, § 2, adopted May 22, 2008, and Ord. No. 13232, § 2, adopted November 18, 2010.

Sec. 37-9. Sale or display of bath salts prohibited.

(a) It shall be unlawful to sell or display for sale bath salts within the city. For purposes of this section, "bath salt" and "bath salts" are defined as any item labeled, marketed or sold using the term "bath salt" or "bath salts" and

which is packaged in quantities of less than 16 ounces or in pill, tablet or capsule form. Such "bath salts" shall be presumed as intended for human consumption notwithstanding any labeling to the contrary. This section shall not apply to ordinary baking soda or Epsom salts.

(b) It shall be unlawful to sell or display for sale any bath salts within ten feet of any tobacco products or smoking paraphernalia.

(c) Enforcement. This section may be enforced by any police officer or code inspector of the city.

(d) Penalties. Any person who violates any provision of this section commits a municipal ordinance violation and may be punished as provided in section 1-13 of the Code. Alternatively, a violation of this section may be enforced by a civil penalty of $500.00 pursuant to the provisions of section 2-823 through 2-830 of this Code.
(Ord. No. 13324, § 2, 6-28-12)

Sec. 37-10. Sale of nicotine vaporizers (e-cigarettes) and liquid nicotine to minors, prohibited.

(a) *Definitions.*

Liquid nicotine means any liquid product composed either in whole or in part of pure nicotine which can be used with nicotine vaporizers.

Minor means a person under the age of 18.

Nicotine vaporizer means any electronic or battery-operated device that can be used to deliver an inhaled dose of nicotine or other substance and includes those composed of a mouthpiece, heating element, and battery or electronic circuits that provide a vapor of liquid nicotine or other substances to the user. This term shall include such devices whether they are manufactured, distributed, marketed, or sold as an electronic cigarette, an electronic cigar, an electronic cigarillo, an electronic pipe, an electronic hookah, an e-cigarette, an e-cigar, e-cigarillo, an e-pipe, an e-hookah, or under any other product name.

(b) *Prohibitions.*

(1) It shall be unlawful to sell, give, furnish, barter or make available directly or indirectly a nicotine vaporizer or liquid nicotine to a person under the age of 18 years old. The buyer or recipient's identification shall be examined to confirm that the buyer or recipient is at least 18 years of age.

(2) In order to minimize the physical accessibility to minors, no person shall offer nicotine vaporizers or liquid nicotine in vending machines.

(c) *Penalties.* Any person who violates any provision of this section commits a municipal ordinance violation and may be punished as provided in section 1-13 of the Code of the City of Miami, Florida, as amended.
(Ord. No. 13437, § 2, 2-27-14)

Sec. 37-11. Public urination or defecation prohibited; exceptions; penalties.

(a) *Purpose.* Public urination and/or defecation is found to be a public nuisance and detrimental to the health, safety, and welfare of the city and its inhabitants. It is the intent of this section to protect and preserve the health, safety, and welfare of the citizens of the city by prohibiting urination and/or defecation by any person in any public place as defined herein.

(b) *Definitions.* For purposes of this section, the following words shall be defined as provided herein:

Defecate or *defecation,* as used in this section, means to excrete waste from the body from a person's bowels.

Persons with impairments means a disability, unrelated to the ingestion of alcohol, illegal substances, or substances not prescribed to the

particular person ingesting them, which renders a person unable to control his or her bodily functions of urination and/or defecation.

Public place means any street, highway, right-of-way, alley, parking lot, driveway, sidewalk, boulevard, park, beach, wharf, pier, bridge, or other place, whether public or private, which is open to the public. As used in this section, "public place" does not include a place designated for use as a urinal or a toilet such as, but not limited to, a restroom or portable toilet.

Urinate or *urination,* as used in this section, means to pass or discharge urine excreted by the kidneys from the body.

(c) *Prohibited acts.* It is unlawful for any person:

(1) To urinate in any public place that has not been designated for use as a urinal or toilet.

(2) To defecate in any public place that has not been designated for use as a toilet.

(3) Exceptions. Subsections (c)(1) and (c)(2) shall not apply to children under five years old or to persons with impairments as defined in this section.

(d) *Penalty.* Any person violating any of the provisions of this section shall be subject to the penalty as provided in section 1-13 of the City Code.
(Ord. No. 13495, § 2, 2-12-15)

Sec. 37-12. Public safety and unmanned aircraft systems, commonly known as drones.

(a) *Purpose and intent.* This section is intended to promote public safety and protect people attending large venue public events from the flying of unmanned aircraft systems ("UAS") in and over such large public events. The city commission wishes to regulate the use of UAS within a half-mile radius around stadiums and sport facilities when these devices are in use, and over other large venue special events in public parks, public facilities, streets, plazas, open spaces and the like that will attract large groups of people. All restrictions are intended to protect persons gathered in groups where a UAS incident would cause greater harm and risk of injury due to a greater number of people gathered in a close proximity. It is not intended to restrict legitimate hobbyists operating UAS in compliance with FAA rules and any other applicable laws, and outside of the prohibited areas. This Section is not intended to preempt FAA rules, but rather to operate in conjunction with those rules to promote public safety while recognizing the limitation in the FAA's enforcement capabilities.

(b) *Definitions.*

Applicant shall mean the person or corporation that registers their UAS provided all the requirements in the code have been met.

Large venue special event shall mean any event held in a public space, open space, plaza, street, park, stadium, or any open-air facility or closed-air facility that is open to the public, ticketed and/or non-ticketed audience and is an event intended to attract people. A large venue special event includes but is not limited to, a sporting event, concert, festival, protest, etc.

Unmanned aircraft systems (UAS) shall mean an unmanned aircraft or unmanned aircraft system that can fly under the control of a remote pilot or by global positioning system (GPS) guided autopilot mechanism. UAS are more commonly known as "drones."

(c) *Prohibitions.*

(1) Unless otherwise exempt under this section, UAS are prohibited from being deployed, launched or flown in any airspace within or over any sporting and/or large venue special event, including but not limited to, over and within a half-mile radius of Bayfront Park, Marlins Ballpark, Miami Marine Stadium, or the Calle Ocho Festival when it is in use during a large venue special event, and over public parks and public facilities during large venue special events.

(2) In all other areas of the city, the following restrictions shall apply:

a. UAS may not be larger than five pounds including any attachments, and may not be equipped with detachable cargo, releasable payload, or any device equipped to carry a weapon. Any modifications to a UAS must be pursuant to FAA approval and registered via the city's application process.

b. UAS over five pounds may be operated only by a registered member of the Academy of Model Aeronautics (AMA), if the operator is subjected to and compliant with AMA rules. Notwithstanding the weight limit, all other provisions of this section shall apply.

c. Conditions in subsections (2)a. and b. above shall be included as conditions in the application process.

(d) *Application.*

(1) An application is required for certain activities so that city officials and employees can regulate activities which would tend to damage private/public property, endanger the public or event attendees, or which are likely to create an atmosphere which would discourage use of city-owned property, other locations or venues for their intended purpose.

a. The application form shall be completed by the applicant.

b. The application shall be processed and approved by the appropriate city official (s) and departments as is accustomed through the city's regular special event and temporary event process as established in the City Code in chapters 54 and 62 prior to allowing the use of a UAS pursuant to this article.

c. The applicant's form shall require the name of applicant, valid governmental issued identification, current address and phone number(s) of applicant, photograph of UAS to be registered, UAS name and serial number or product number, and statement of purpose for use of the UAS.

d. Applications must be made at least 14 days prior to requested usage time of UAS to ensure proper review of application by city officials.

e. The city manager is authorized to establish fees for the processing of applications pursuant to this article. Thereafter, the city manager shall set and annually revise and adjust said fees, if necessary, prior to the first day of September, and such revised fees shall become effective the first day of October of each fiscal year via an administrative memorandum. In reviewing the existing schedule of fees to determine whether or not to revise and adjust the same, the city manager shall take into consideration any one, or all of the following criteria: (i) purpose and type of event(s) or program(s) conducted at the city-owned properties or at the large venue special events, including benefits to the community; (ii) operating expenses of the application process described herein; (iii) and/or other factors deemed appropriate by the city manager. At any time, the city manager shall be authorized to negotiate the fee for all applications to use UAS above should it be determined that the current schedule of fees does not properly address a particular type of event.

f. Same—Rules and conditions. The following rules and conditions shall apply to applications sought pursuant to this section:

1. UAS activity described in this article is allowed on a first come, first served basis.

2. Applications are nontransferable, and are valid only on the date specified thereon.
3. The applicant shall be held responsible for any damage and be liable to any third party.
4. The applicant shall observe, obey and comply with the rules and regulations established by this section, as well as all applicable city, county, state and federal laws, rules and regulations.
5. The applicant shall assume all risk in the use of the UAS and shall be solely responsible and answerable in damages for all accidents and injury to person or property, as well as fines in connection with violations of this section or other applicable law.
6. Special conditions related to safety may be imposed for particular large venue special events depending upon occupancy or other safety considerations.

(e) *Exemptions.* This section shall not prohibit the use of UAS by an applicant under this section or by any law enforcement or fire rescue agency for lawful purposes and operated in a lawful manner. Notwithstanding the prohibitions set forth in this section, nothing in this section shall be construed to prohibit, limit, or otherwise restrict any person who is authorized by the Federal Aviation Administration to operate small unmanned aircraft in any city air space, pursuant to Sections 331—336 of the FAA Modernization and Reform Act of 2012 or certificate of waiver, certificate of authorization, or airworthiness certificate under section 44704 of Title 49 of United States Code or other Federal Aviation Administration grant of authority for a specific flight operation or operations, from conducting such operation(s) in accordance with the authority granted by the Federal Aviation Administration.

(f) *Enforcement.*

(1) *Penalty.* Any person in violation of any provision of this section shall be subject to the penalty as provided in section 1-13; however, in addition to, or in lieu of any criminal prosecution, the city shall have the power to sue in civil court and to enforce the provisions of this article before its code enforcement board established in chapter 2, article X of the Code of the City of Miami as amended. In addition to the penalties referenced above, a UAS operated in violation of this chapter will be impounded and held until the conclusion of the court or code enforcement proceedings.

(2) *Release and disposal.* Following the city's receipt of the request for an adversarial hearing by the owner of the UAS, the city shall schedule such hearing to take place before a hearing officer within 45 days. The hearing officer shall conduct a full adversarial hearing, and will render a decision in writing at the conclusion of the hearing. At the hearing, it shall be the city's burden to demonstrate a violation of this section. If the hearing officer finds that the city has not met this burden, it shall relinquish possession of the UAS to the owner. Formal rules of evidence shall not apply at the hearing and hearsay and circumstantial evidence shall be admissible. Title to any unclaimed UAS lawfully impounded pursuant to this section in the custody of the city shall vest permanently in the city 60 days after the conclusion of the proceeding in accordance with F.S. § 705.105, as amended.

(g) *Liability and insurance.*

(1) Prior to the finalization of the application, the applicant/operator shall furnish to the city a signed statement, approved by the city attorney, that the applicant/operator shall hold-harmless, indemnify and defend the city, its elected officials, officers, and employees for any claims for damages to property or injury to persons

which may be occasioned by any activity carried on under the terms of the application.

(2) Applicant shall furnish and maintain such public liability and property damage insurance to protect from all claims and damage to property or bodily injury which may arise from operations under the application or in connection therewith subject to an assessment by risk management.

(Ord. No. 13581, § 2, 12-10-15)

Sec. 37-13. Conversion therapy.

(a) *Definitions.* Unless otherwise expressly stated, the following terms shall, for the purpose of this section, have the meanings indicated in this section:

Conversion therapy, also referred to as "reparative therapy," means any counseling, practice, or treatment performed with the goal of changing a person's sexual orientation or gender identity including, but not limited to, efforts to change behaviors, gender expression, or to reduce or eliminate sexual or romantic attraction or feelings toward a person of the same gender. "Conversion therapy" does not include counseling that:

(1) Provides support to a person undergoing gender transition; or

(2) Provides acceptance, support, or understanding of a person, or facilitates a person's coping, social support, identity exploration, and development, including sexual orientation-neutral interventions to prevent or address unlawful conduct or unsafe sexual practices, if such counseling is not conducted with the goal of changing the person's sexual orientation or gender identity.

Minor means a person less than 18 years of age.

(b) *Conversion therapy prohibited.* A person who is licensed by the state to provide professional counseling, or who performs counseling as part of his or her professional training under F.S. ch. 458, 459, 490, or 491, as such chapters may be amended, including, but not limited to, medical practitioners, osteopathic practitioners, psychologist, psychotherapists, social workers, marriage and family therapists, and licensed counselors, may not engage in conversion therapy or reparative therapy with a minor.

(c) *Enforcement; penalties.* A violation of the provisions of this section may be cited pursuant to chapter 2, article X of this Code and shall result in a fine of $500.00. Each day that a violation occurs constitutes a separate offense. These penalties shall not preclude any other remedies available at law or in equity, including, injunctive relief in the circuit court.

(Ord. No. 13638, § 2, 10-13-16)

Sec. 37-14. False or fraudulent claims for payment or approval.

(a) *Short title, purpose, and definitions.* This section shall be known as and may be cited as the "Miami False Claims Ordinance."

The purpose of the Miami False Claims Ordinance is to deter persons from knowingly causing or assisting in causing the city to pay claims that are false, fraudulent, or inflated, to provide remedies for obtaining damages and civil penalties for the city when money is sought or obtained from the city by reason of a false claim. The provisions of this section are not exclusive, and the remedies provided for in this section shall be in addition to any other remedies provided for in any other law, available under common law, or otherwise. This section shall be liberally construed and applied to promote the public interest.

For the purposes of this section, the following terms, phrases, and words shall have the following meanings:

Bid takeoff means the final estimate, tabulation, or worksheet prepared by the contractor in anticipation of the bid submitted and which shall reflect the final bid price.

Certified claim means a claim made under oath by a person duly authorized by the claimant and shall contain a statement that:

(1) The claim is made in good faith;

(2) The claim's supporting data are accurate and complete to the best of the person's knowledge and belief;

(3) The amount of the claim accurately reflects the amount that the claimant believes is due from the city; and

(4) The certifying person is duly authorized by the claimant to certify the claim.

City means the City of Miami, its departments, officials, officers, employees, consultants, and agents. It shall also include any instrumentality, authority, agency, board, district, committee, or commission of the city including its members, officials, officers, employees, consultants, and agents.

Claim means any invoice, statement, request, reimbursement, demand, proceeding, lawsuit, complaint, or action under contract or otherwise for money, property, or services made to any employee, officer, or agent of the city, or to any contractor, grantee, or other recipient if any portion of the money, property, or services requested or demanded from, or provided by, the city; withholding any money, property, or services from the city; any costs incurred by the city in defense of any claim as defined herein.

Claimant means any person who brings, submits, files, maintains, or pursues a claim.

Extended overhead means the amount of a claim relating to an increase in overhead costs resulting from a delay in contract performance that is not compensated by a markup of direct costs.

Knowing or *knowingly* means that a person, with respect to information:

(1) Has actual knowledge of the information;

(2) Acts in deliberate ignorance of the truth or falsity of the information; or

(3) Acts in reckless disregard of the truth or falsity of the information.

Original source means a person who has direct and independent knowledge of the information on which the allegations are based and has voluntarily provided the information to the city manager before filing an action under this section based on the information.

Overhead per diem means the amount calculated by dividing the total overhead costs set forth in the final bid takeoff by the number of days for substantial completion of the work set forth in the contract.

Person means any natural person, corporation, firm, association, organization, partnership, agency, limited liability company, business, trust, or any other group acting as a unit.

(b) *Certification of claims.* Upon the request of the city, the person submitting a claim shall, within 30 days, including Saturdays, Sundays, and legal holidays, submit a certified claim as defined herein. Failure to provide the requested certification within the prescribed 30-day period shall constitute a forfeiture of the entire claim.

(c) *Liability for false claims.*

(1) The following action(s) shall constitute a violation of this section:

a. Any person who knowingly, deliberately, and/or under the penalty of perjury presents or causes to be presented to the city a false or fraudulent claim for payment or approval;

b. Any person who knowingly, deliberately, and/or under the penalty of perjury makes, uses, or causes to be made or used a false record or statement to get a false, fraudulent, or inflated claim paid or approved by the city;

c. Any person who conspires to defraud the city by facilitating the payment of a false, fraudulent, or inflated claim allowed or paid by the city;

d. Any person who delivers, with the intent to defraud the city, goods or services of a different quality or quantity than that specified in the applicable contract or specification;

e. Any person who intentionally buys, or receives as a pledge of an obliga-

tion or debt, public property from an officer, employee, or agent of the city who the person knows may not lawfully sell or pledge the property; or

f. Any person who knowingly, deliberately, and/or under the penalty of perjury makes, uses, or causes to be made or used a false record or statement to conceal, avoid, or decrease an obligation to pay or transmit money or property to the city.

g. Subject to the limitations and restrictions of § 768.295, Florida Statutes (F.S.), any person who knowingly, deliberately, and/or under the penalty of perjury makes, uses, or causes to be presented to the city, a judicial body, or a quasi-judicial body a false or fraudulent statement, charge, allegation, or testimony against the city, its departments, officials, officers, employees, or agents.

(2) Any beneficiary of an inadvertent submission of a false claim to the city, who subsequently discovers the falsity of the claim, and who fails to disclose the falsity of the claim to the city within 30 days of discovering the error shall also be found to have submitted a false claim to the city.

(d) *Penalties.*

(1) Any person found to have submitted a false claim to the city shall:

a. Be liable to the city for an amount equal to three times that part of the claim which is false, fraudulent, or inflated;

b. Immediately, fully, and irrevocably forfeit the entire amount of the claim;

c. Return to the city any and all funds disbursed and/or paid by the city on that part of the claim which is false, fraudulent, or inflated;

d. Be liable to the city for all costs and fees (including, without limitation, reasonable legal, expert, and consulting fees) incurred by the city to review, initiate proceedings, defend, and/or evaluate the claim; and

e. Be subject to debarment from city contracting for a period not to exceed five years. Additionally, any person who certified a claim later found to be false shall be subject to debarment from city contracting for a period not to exceed five years.

(2) Liability under this section shall be joint and several for any act committed by two or more persons.

(3) Any person who is found to have only violated subsection (c)(1)g. shall only be liable to the city for all costs and fees (including, without limitation, reasonable legal, expert, and consulting fees) incurred by the city to review, initiate proceedings, defend, and/or evaluate the violation.

(e) *Civil actions for false claims.*

(1) The city manager may investigate a violation under subsection (c) of the City Code. If the city manager finds that a person has violated or is violating subsection (c), he or she may, upon city commission approval, request that the city attorney bring a civil action against the person on behalf of the city.

(2) A person may bring a civil action for a violation of subsection (c) for the person and for the city. Civil actions instituted under this subsection shall be governed by the Florida Rules of Civil Procedure and shall be brought in the name of the city.

a. The complaint shall be identified on its face as a qui tam action and shall be filed under seal in the circuit court of the Eleventh Judicial Circuit, in and for Miami-Dade County. Immediately upon filing of a complaint by a person, a copy of

the complaint and written disclosure of substantially all material evidence and information the person possesses shall be served on the city manager by registered mail, return receipt requested. The city manager may elect, upon city commission approval, to proceed with the action, in lieu of the qui tam plaintiff, on behalf of the city, within 180 days after he or she receives both the complaint and the material evidence and information.

b. The city manager, for good cause shown, may petition the court to extend the time during which the complaint remains under seal under subsection (e)(2)a. Any such motion may be supported by affidavits or other submissions in camera. The defendant is not required to respond to any complaint filed under this section until 20 days after the complaint is unsealed and served upon the defendant in accordance with law.

c. Before the expiration of the 180-day period or any extensions obtained under subsection (e)(2)b., the city manager shall:

1. Upon city commission approval, proceed with the action, in which case the action is conducted by the city attorney on behalf of the city; or

2. Notify the court that the city declines to take over the action, in which case the person bringing the action has the right to conduct the action.

d. When a person files an action under the Miami False Claims Ordinance, no person other than the city manager, upon city commission approval and on behalf of the city, may intervene or bring an action under the Miami False Claims Ordinance based on the facts underlying the pending action.

(f) *Rights of the parties in civil actions.*

(1) If the city manager, upon city commission approval and on behalf of the city, elects to proceed with the action, he or she has the primary responsibility for prosecuting the action and is not bound by any prior or subsequent act(s) of the person bringing the action. The city may also voluntarily dismiss the action notwithstanding the objections of the person bringing the action.

(2) If the city manager and/or the city commission elects not to proceed with the action, the person bringing the action has the right to conduct the action. If the city manager and/or the city attorney so requests, he or she shall be served with copies of all pleadings and motions filed in the action and copies of all deposition transcripts. When the person bringing the action proceeds with the claim, the court may permit the city to take over the action on behalf of the city at a later date upon a showing of good cause.

(3) Nothing in this section shall be construed to limit the authority of the city, or the qui tam plaintiff proceeding pursuant to subsection (e)(2), to compromise a claim brought in a complaint filed under the Miami False Claims Ordinance if the court determines, after a hearing, that the proposed settlement is fair, adequate, and reasonable under all the circumstances.

(g) *Awards to plaintiffs bringing civil actions.*

(1) If the city proceeds with and prevails in an action brought by a person under the Miami False Claims Ordinance, except as provided in subsection (g)(2), the court shall order the distribution to the person of ten percent of the proceeds recovered under any judgment obtained by the city in an action under subsection (b) or of the proceeds of any settlement of the claim.

(2) If the city proceeds with an action which the court finds to be based primarily on disclosures of specific information, other than that provided by the Person initiating the action, relating to allegations or transactions in a criminal, civil, or administration hearing; a legislative or administrative action; a report, hearing, audit, or investigation by the city's independent auditor general; or from the news media, the court may award such sums as it considers appropriate, but in no case not more than five percent of the proceeds recovered under a judgment or received in settlement of a claim under this section taking into account the significance of the information and the role of the person bringing the action in advancing the case to litigation.

(3) If the city does not proceed with an action under this section, the person bringing the action or settling the claim shall receive 25 percent of the proceeds recovered under a judgment rendered in an action or in settlement of a claim under the Miami False Claims Ordinance.

(4) Any payment under this section to the person bringing the action shall be paid only out of the proceeds recovered from the defendant.

(5) Whether or not the city proceeds with the action, if the court finds that the action was brought by a person who planned, initiated, or furthered the violation of subsection (c) upon which the action was brought, the person shall be dismissed from the civil action and shall not receive any share of the proceeds of the action. Such dismissal shall not prejudice the right of the city to continue the action.

(h) *Expenses, attorney's fees, and costs.*

(1) If the city initiates an action under the Miami False Claims Ordinance or assumes control of an action brought by a person under the Miami False Claims Ordinance and the city prevails in such action, the city shall be awarded its reasonable attorneys' fees, expenses, and costs.

(2) If the court awards the person bringing the action under the Miami False Claims Ordinance, the person shall also be awarded an amount for reasonable attorneys' fees and costs. Payment for reasonable attorneys' fees and costs shall be made from the recovered proceeds before the distribution of any award.

(3) If the city does not proceed with an action under the Miami False Claims Ordinance and the defendant is the prevailing party, the court shall award the defendant reasonable attorneys' fees and costs against the person bringing the action.

(4) No liability shall be incurred by the city for any expenses, attorneys' fees, or other costs incurred by any person in bringing or defending an action under this section, except as otherwise specifically provided by law.

(i) *Exemptions to civil actions.*

(1) In no event may a person bring an action under the Miami False Claims Ordinance based upon allegations or transactions that are the subject of a civil action or an administrative proceeding in which the city is already a party.

(2) No court shall have jurisdiction over an action brought under the Miami False Claims Ordinance based upon the public disclosure of allegations or transactions in a criminal, civil, or administrative hearing; in a legislative or administrative action; in a report, hearing, audit, or investigation by the city's independent auditor general; or from the news media unless the action is brought by the city or unless the person bringing the action is an original source of the information.

(3) No court shall have jurisdiction over an action where the person bringing the action under the Miami False Claims Ordinance is:

a. Acting as an attorney for the city; or

b. An employee or former employee of the city,

and the action is based, in whole or in part, upon information obtained in the course or scope of city employment.

(4) No court shall have jurisdiction over an action where the person bringing the action under the Miami False Claims Ordinance obtained the information from an employee or former employee of the city.

(j) *Protection for participating employees.* Any employee who is discharged, demoted, suspended, threatened, harassed, or in any other manner discriminated against in the terms or conditions of employment by his or her employer because of lawful acts done by the employee in furtherance of an action under the Miami False Claims Ordinance, including investigation for, initiation of, testimony for, or assistance in an action filed or to be filed under this section shall have a cause of action under the State of Florida "Whistleblower's Act," F.S. § 112.3187.

(k) *Burden of proof; presumption of false claim.*

(1) Whenever practicable, bid specifications for city contracts shall contain a requirement that the successful bidder maintain, as a condition precedent to submitting a claim against the city, a final bid takeoff. The final bid takeoff shall contain a line item for allocation of overhead costs.

(2) Upon request from the city, a contractor making a claim against the city for delay or other damages shall submit, within 20 days of the city's request, a copy of the final bid takeoff, certified pursuant to this subsection. Failure to provide the requested certification shall constitute a forfeiture of the claim for delay or other damages. The certification shall be submitted under oath by a person duly authorized by the claimant and shall contain a statement that:

a. The final bid takeoff was prepared contemporaneously with the bid and in anticipation of the bid for the project;

b. The contractor relied on the final bid takeoff to prepare the bid and the original schedule of values; and

c. The final bid takeoff has not been altered in any way.

(3) Any claim for extended overhead costs that exceeds, on a per diem basis, more than ten percent of the overhead per diem contained in the final bid takeoff shall be presumed to be a false claim and the contractor shall have the burden of proving that any such claim for extended overhead is not false.

(l) *Innocent claimant affirmative defense.* The provisions of the Miami False Claims Ordinance shall not apply if the claimant can demonstrate by a preponderance of the evidence each of the following facts:

(1) The claimant submitted or caused to have submitted the claim to or against the city reasonably believing that such claim was free of any material misstatements, or any exaggerated, inflated, or unsubstantiated assertions or damages;

(2) The claimant had no reasonable basis to doubt the truth, veracity, or accuracy of such claim at the time it was submitted;

(3) Prior to submitting the claim, the claimant diligently investigated the facts underlying such claim and prepared the claim in a reasonable manner given all the relevant information available; and

(4) When information indicating that any element, statement, or allegation in the claim was false or misleading first became available, such claimant, within five business days of discovering the falsity of the claim, took immediate steps to modify, correct, or withdraw such claim and provided the city with immediate notice thereof.

(Ord. No. 13786, § 2, 9-13-18)

Sec. 37-15. Enforcement of emergency orders issued by the city; penalties.

(a) *Prohibited acts.* It shall be unlawful and a violation of the City Code for any person or property to violate any provision of an emergency

order promulgated by the city or the mayor of Miami-Dade County or an executive order issued by the governor of the state. In addition, any violation of F.S. § 252.50, as amended, may be enforced as a noncriminal civil infraction pursuant to this section.

(b) *Enforcement, penalties.* A violation of the provisions of this section shall be a noncriminal civil infraction, enforceable under the provisions of chapter 2, article X of the City Code. Each violation shall carry with it a fine of up to $500.00 for each incident, which amount shall be set by the city manager. Enforcement under this section shall not preclude enforcement action by any other means allowed by law.
(Ord. No. 13909, § 2, 6-25-20)

Sec. 37-16. Encampments on public property prohibited.

(a) *Definitions.* Unless the particular provisions or the context otherwise requires, the definitions contained in this section shall govern the construction, meaning, and application of words and phrases used in this chapter.

Code inspector means the authorized agent or employee of the city so designated in chapter 2, article X of the City Code whose duty it is to ensure Code compliance.

Encampment means any one or more of the following:

(1) The unauthorized use of fabric, metal, cardboard, or other materials as a tent or other temporary structure for living accommodation purposes or human habitation;

(2) The unauthorized use of a bed mattress or bedroll in a public place;

(3) The unauthorized use of a heating device in an area; or

(4) The unauthorized accumulation of personal property (other than durable medical equipment) that would not fit in a container three feet high, three feet wide, and three feet deep.

Department means the department of human services.

Durable medical equipment means equipment customarily used for medical purposes, able to withstand repeated use, and generally not useful to a person in the absence of illness or injury. Non-exclusive examples of such equipment include wheelchairs, canes, crutches, and portable oxygen tanks.

Heating device means a camp stove, grill, heater, or other container or device capable of generating or containing an open flame.

Police officer means a law enforcement officer as defined in F.S. § 943.10(1), as amended.

Public place means an outdoor area owned, managed or controlled by the city to which the public has access, including but not limited to public rights-of-way, parks, streets, sidewalks, hiking and biking trails, transit facilities, underpasses, and parking lots.

(b) *Prohibitions.*

(1) Encampment in a public place in the city is unlawful.

(2) Any person who violates this section shall be punished as provided in section 1-13 of the Code or as a civil violation as set forth in chapter 2, article X of the Code.

(c) *Procedure for enforcement.*

(1) A police officer or code inspector may issue a citation for a violation of this article if prior to issuing the citation:

a. The police officer or code inspector has tendered a written warning to the person maintaining an encampment stating that a failure to comply with the city's prohibition against encampments may result in the issuance of a citation to the person or in the person's arrest; and

b. The police officer or code inspector has provided a reasonable time for the person to pick up his or her belongings and comply with the prohibition, yet the person has not complied.

c. The written warning required by subsection (c)(1)a. may be accompanied by written information regarding the availability of medical treatment (including mental health treatment) or social services (including temporary shelter or drug or alcohol rehabilitation).

(2) A police officer may arrest a person for a violation of this article if prior to the arrest:

a. The police officer has tendered the written warning required by subsection (c)(1)a. of [this section] and has provided a reasonable time for the person to pick up his or her belongings and comply with the prohibition, yet the person has not complied;

b. The police officer has verified that there is an available shelter bed for the person and the person has refused the offer of shelter; and

c. In the event of an arrest pursuant to this section, the police officer and the department will follow the established city policies for the handling and storage of the person's property.

(Ord. No. 14032, § 2, 10-28-21; Ord. No. 14296, § 2, 7-11-24)

Sec. 37-17. Smoking and vaping including, but not limited to, tobacco and cannabis, in all of their forms and extract products, in public parks and beaches prohibited.

(a) *Definitions.*

Cannabis means the cannabis plant, in its different forms, and any part of the same, including seeds, derivatives, extracts, cannabinoids, isomers, acids, salts, and salts of isomers thereof, whether growing or not, with a delta-8 tetrahydrocannabinol ("THC") concentration that does not exceed 0.3 percent on a dry weight basis.

Smoke or *smoking* means inhaling, exhaling, burning, carrying, or possessing any lighted tobacco or cannabis product, in all of their forms and extracts, including cigarettes, cigars (except unfiltered cigars as that term is used in F.S. § 386.209, as amended), pipes, and any other lighted tobacco or cannabis product, in all of their forms and extracts.

Vape or *vaping* means to inhale or exhale vapor produced by a vapor-generating electronic device or to possess a vapor-generating electronic device while that device is actively employing an electronic, a chemical, or a mechanical means designed to produce vapor or aerosol from a nicotine or cannabis product, in all of their forms and extracts, or any other substance. The term does not include mere possession of a vapor-generating electronic device.

Vapor means aerosolized or vaporized nicotine, cannabis, in all of their forms and extract products, or other aerosolized or vaporized substance produced by a vapor-generating electronic device or exhaled by a person using such a device.

(b) *Prohibition.* It shall be unlawful for any person to smoke or vape including, but not limited to, tobacco or cannabis, in all of their forms and extract products, in public parks or public beaches.

(c) *Penalties.* The following penalties shall be imposed for violations of this section:

(1) First offense within a 12-month period: Punishable by a $100.00 civil fine.

(2) Second offense within a 12-month period: Punishable by a $200.00 civil fine.

(3) Third or subsequent offense(s) within a 12-month period: Punishable by a $500.00 civil fine.

(4) In addition to the civil fines outlined above, any person who continues to smoke or vape after being issued a warning or civil fine may be subject to removal from the public park or beach premises for a period not exceeding 24 hours.

(d) *Enforcement.* This section shall be enforced pursuant to chapter 2, article X—Code enforcement of the City Code, as amended, or any other enforcement mechanism as provided by law. Use of one means of enforcement shall not preclude

the use of any other remedies. Civil fines issued pursuant to this article are appealable to a special magistrate. Civil citations may also be issued by City of Miami Police.
(Ord. No. 14174, § 2, 5-25-23)

Chapter 38

PARKS AND RECREATION*

Article I. In General

Sec. 38-1. Children's creative experience program.
Sec. 38-2. Liability for damages from use of recreational facilities.
Sec. 38-3. Closing hours for parks and playgrounds—Generally.
Sec. 38-4. Same—Notice in main entrances.
Sec. 38-5. Scenic parks—Designation.

ARTICLE I. IN GENERAL

Sec. 38-1. Children's creative experience program.

The city manager is hereby authorized to organize and conduct children's creative experience programs in city parks and to charge a fee of $16.00 per child, with such preschool activities to commence in the month of October and conclude in the month of May, and such fee, to provide specialized instruction and supplies, to be payable upon registration or in a maximum of three installments.
(Code 1967, § 39-9; Ord. No. 8790, § 1, 4-27-78; Code 1980, § 38-1; Ord. No. 13142, § 11, 2-11-10)

Sec. 38-2. Liability for damages from use of recreational facilities.

Any person or organization using the community buildings or any other recreational facility of the city shall be responsible for any damage that may occur during the use of the premises, either to the premises or to a person using the same, and such person or organization using city recreational facilities shall indemnify and hold harmless the city from any liability whatever arising out of the use of the buildings or facilities by any such person or organization.
(Code 1967, § 39-10; Code 1980, § 38-2)

Sec. 38-3. Closing hours for parks and playgrounds—Generally.

(a) Except as otherwise provided in this chapter, all municipally owned parks and playgrounds of the city and all similar real property owned by the city, not directly engaged in the operation of facilities which require that the general public have access to such premises during the hours hereinafter recited, shall be closed to the general public from 10:00 p.m. until 7:00 a.m., daily, except when kept open for special events sponsored by, or operated by, the city. Any person found in, on or about such premises during the hours herein set forth, unless such person is actually engaged at such time in official business for the city, the county, the state or the United States, shall be deemed to have violated this section. The prohibition herein contained shall not extend to any public meeting, exercise or exhibition held upon any such municipal properties which shall extend beyond 10:00 p.m., unless the person attending such public meeting, exercise or exhibition shall have been allowed a reasonable time in which to leave the premises, and nothing contained in this section shall interfere with the closing hours of any city department or division thereof and the use of its own facilities in the public interest, but this section is designed to prevent persons entering or loitering upon municipally owned real estate referred to herein during the prohibited hours when such entering or loitering is not connected with official business.

(b) The city manager may in his/her discretion change hours of closing in any park where he/she deems it necessary.
(Code 1967, § 39-11; Code 1980, § 38-3; Ord. No. 13676, § 2, 4-27-17)

Sec. 38-4. Same—Notice in main entrances.

The police department shall cause proper notice to be placed in the main entrances to the city parks, playgrounds and properties referred to in the preceding section, warning the general public that such properties are closed during the hours therein recited.
(Code 1967, § 39-12; Code 1980, § 38-4)

Sec. 38-5. Scenic parks—Designation.

The city shall designate such parks within its park system that it determines to be a "scenic park" by publicly exposing a sign with the words "SCENIC PARK."
(Code 1967, § 39-14; Code 1980, § 38-5)

Sec. 38-6. Same—Closing hours.

The city shall establish and expose upon scenic parks, painted in letters at least four inches high, designating therein the time of closing of the park with the following language: "THIS PARK IS CLOSED AFTER 7:00 P.M." Any person who shall thereafter enter into or upon the premises after such time designated on such sign and before 7:00 a.m. shall be deemed a trespasser and shall be guilty of a violation of

this section, provided that the city shall establish a fence separating any building or hall which may be owned or maintained by the city in any scenic park, and this section shall not be applicable to any person who may go into and upon the portion of the premises leading into and upon, or from, such building.
(Code 1967, § 39-15; Code 1980, § 38-6)

Sec. 38-7. Rental fees for special events or social functions in open areas of city parks.

(a) The city manager shall establish the schedule of facility rental fees for special events, (i.e. festivals) or social functions, (i.e. birthday parties) in open areas of city parks charges by January 1, 1997. Thereafter, the city manager shall review, and revise the schedule of facility rental fees annually prior to the first day of September, and such revised fees shall become effective the first day of October. In reviewing the existing schedule of facility rental fees to determine whether or not to revise and adjust the same, the city manager shall take into consideration any one, or all of the following criteria: (i) city financial needs; (ii) operating expenses; (iii) marker conditions; (iv) purpose and type of event(s) or program(s) conducted at the recreational facilities, including benefits to the community; (v) estimated revenues to be generated; (vi) and/or other factors deemed appropriate by the city manager. At any time, if the city manager determines that the current schedule of facility rental fees does not properly address a particular type of event or social function, the city manager shall be authorized to negotiate the facility rental fee, in the case of such specific event or function, or establish a facility rental fee, in the case of a type of event or function which is likely to reoccur.

(b) The parks and recreation department director shall establish the rules (including complimentary ticket policy), regulations and procedures pertaining to special events (i.e. festivals) or social functions, (i.e. birthday parties) in open areas of city parks, subject to the review and approval of the city manager and city attorney. Special event applications, permits and contracts shall be conditioned upon: (i) review and approval of the city manager and city attorney; (ii) the permittee agreeing to hold harmless the city, its agents, officers and employees, against all liabilities, judgments, costs, damages and expenses incurred by the city as a consequence of the granting of the permit; and (iii) the permittee providing proof of adequate liability insurance in a form and in amounts acceptable to the city's risk management division or its successor.
(Code 1967, § 39-16.2; Code 1980, § 38-7; Ord. No. 11411, § 2, 11-21-96)

Sec. 38-8. Use of Manuel Artime Community Center.

(a) *Rates.* Rates for the use of the following areas at the city facility known as the Manuel Artime Community Center are hereby established, which rates include normal janitorial service, air conditioning, normal use of houselights, and such other items that are available at the facility for use, but do not include event personnel or support services such as police officers, firefighters, ushering staff, ticket sellers and ticket takers, stagehands, spotlight operators, sound and lighting technicians, musicians, projectionists, booth equipment and installing and dismantling electrical installations, and insurance. The use rates established are as follows; however, nothing contained in the provisions of this section shall limit or restrict the right of the city commission to establish and fix special charges or special terms and conditions for the use of the Manuel Artime Community Center of Little Havana:

(1) Manuel Artime Performing Arts Center, Theater, First Floor (900 S.W. First Street):

a. Performances:

1. With no ticket sales:

i. Two hours or less	$367.50
ii. More than two hours, but less than four hours . .	577.50
Each additional hour over four hours . .	52.50

iii. Daily rental at eight hours maximum .. 787.50

2. With ticket sales:

i. Profit organizations, four hours or less 682.50

ii. Non-profit organizations, four hours or less 630.00

iii. For profit or non-profit organizations, two hours or less 420.00

b. Rehearsals:

1. During a nonperformance date before 5:00 pm, four hours or less 105.00

2. During a nonperformance date after 5:00 pm, four hours or less 210.00

3. During a performance date, four hours or less 105.00

4. Rehearsals with no performance .. 577.50

5. Each additional hour over four hours, for any rehearsal stated above 52.50

c. Filming:

1. Daily rental rate, four hours or less 735.00

2. Daily rental rate, eight hours or less 892.50

3. Daily rental rate, more than eight hours 1,050.00

d. Setup time and dismantle time for performances, rehearsals, and filming:

1. A total combination of eight hours or less..... No charge

2. Each additional hour over eight hours hours 52.50

(2) Choir room (third floor):

a. For non-tenants:

1. Two hours minimum..... 16.00

2. Daily rental, eight hours maximum . 79.00

b. For tenants of the Manuel Artime Community Center with current leases and with current insurance policies ..... No charge

(3) Mini-plaza:

a. Daily rental of eight hours or less 157.50

b. Daily rental of eight hours or less in addition to the rental of Manuel Artime Performing Arts Center, Building A, first floor . 52.50

c. Each additional hour over eight hours 52.50

(4) Mini-park:

a. Daily rental between the hours of 8:00 a.m. and 5:00 p.m..... 157.50

b. Daily rental in conjunction with, and in addition to the rental of Manuel Artime Performing Arts Center, first floor..... 52.50

(b) *Special rates for frequent non-profit users.* For those non-profit organizations sponsoring four or more events in one fiscal year the rate

shall be $420.00 per event so long as the promoter, producer, sponsor, or organizer of the event is directly and legally connected to said non-profit organization.

(c) *Special rates.* In addition to those rates set forth herein, special rates or fee waivers at the Manuel Artime Community Center facilities upon user request and recommendation by the administration may be approved by the city commission.

Except for the theater, use of all areas of this city facility is gratuitous for tenants of the Manuel Artime Community Center who have executed current lease agreements, subject to securing insurance as required in subsection (d) of this section, if non-tenants are invited upon the premises of the facility or if the presence of non-tenants is reasonably anticipated.

(d) *Insurance.* In addition to the rate(s) charged, insurance coverage, at the sole cost and expense of the user, is required for all performances, rehearsals, and filming as a prior condition of use. The insurance requirements shall be satisfied and approved by the department of risk management prior to the date of the performance, rehearsal, or filming. Use of the premises is prohibited unless the required insurance coverage is obtained. All policies written must name the city as an additional insured.

The city may be able to obtain special-events insurance for those events that meet certain prerequisites. The city, at its sole option, may determine that the event qualifies for said special-events insurance. If so qualified, the user may comply with the insurance requirement by obtaining said insurance through the city at the user's expense.

(e) *Reservation deposit payment of fee.* Persons or organizations wishing to use the above-designated areas at the Manuel Artime Community Center shall be required to make a payment in the amount of $105.00 per day, as a nonrefundable cash deposit, seven days from the date of notification by the city that the requested date(s) has been reserved. The cash deposit will be forfeited if the user cancels the event any time after the payment of the said cash deposit. User must pay the city the total use fee no less than ten days prior to the reserved date(s), as well as provide insurance certificate(s) as set forth in subsection (b) of this section and copyright licenses, if applicable, at this time.

(f) *Compliance with applicable requirements.* User must produce satisfactory evidence of the following, where applicable:

(1) Compliance with all zoning ordinance requirements.

(2) Compliance with all county and state health requirements.

(3) Compliance with all applicable state licensing requirements.

(4) Compliance with federal copyright laws, rules and regulations.

(5) Compliance with all provisions of this Code.

(Ord. No. 12403, § 3, 12403, § 3, 9-11-03; Ord. No. 13142, § 11, 2-11-10)

Editor's note—Ord. No. 12403, §§ 2, 3, adopted September 11, 2003, repealed and reenacted § 38-8 in its entirety to read as herein set out. Formerly, § 38-8 pertained to similar subject matter and derived from Ord. No. 8961, §§ 1—3, adopted July 11, 1979; Ord. No. 9898, § 1, adopted September 20, 1984; Ord. No. 10694, § 1, adopted January 11, 1990; the Code of 1980, § 38-8; Ord. No. 11750, § 2, adopted January 12, 1999; Ord. No. 11881, § 2, adopted January 13, 2000; Ord. No. 11913, § 2, adopted April 13, 2000.

Sec. 38-9. Park fees for use of Virginia Key Park.

"Park fees" for use of the beach facilities are hereby established for the City of Miami's Virginia Key Park and shall be assessed upon park users for entry to the park, as follows:

(1) Daily pass:

a. Three dollars for city residents and $5.00 for nonresidents per automobile or van (a passenger-carrying vehicle designed for a capacity of not more than 16 passengers).

b. One dollar for city residents and $2.00 for nonresidents per individual/walk-in. (This shall also allow entry of a person on a nonmotorized vehicle, such as a bicycle.)

c. Ten dollars per bus or recreational vehicle (a passenger-carrying vehicle designed for a capacity of more than 16 persons).

(2) Fees for use of any designated picnic areas by groups shall be established by the city manager.

(3) Terms, fees and conditions shall be negotiated and established by the city manager for the use, by park permit only, of the southern park area which is serviced by a public bathroom and food service concession facility.

(Ord. No. 10120, § 1, 7-10-86; Code 1980, § 38-9; Ord. No. 11273, § 1, 7-13-95; Ord. No. 11820, § 2, 7-27-99)

Sec. 38-10. Annual review and adjustment of Virginia Key Park fees.

Beginning April 1, 1996, park fees for use of Virginia Key Park shall be adjusted annually, if necessary, by the city manager prior to April 1 and shall become effective May 1, conditioned upon the following criteria:

(1) Operating expenses.

(2) Reserve for improvements and major maintenance.

(3) Other city financial needs.

(Ord. No. 11273, § 2(28-10), 7-13-95)

Sec. 38-11. Charges for use of recreational facilities generally.

(a) *Definitions.* For purposes of this chapter the following terms are defined as:

City resident means a person who can prove that their place of residency is in the city corporate limits. As for organizations, city residency means that the organization can prove that its principal office is located within the city corporate limits, or in the event that the organization does not have an office, the person who applies for a permit on behalf of the organization, and who is authorized to act on behalf of the organization, can prove that his or her residency is located within the city corporate limits. Acceptable documentation to prove city residency for individuals shall include driver's licenses, voter's registration, official identification card, utility invoices, current tax bill, military documentation (for active military individuals currently residing in city corporate limits), etc. With respect to minors, the residence of such individuals shall be established by proof provided by such individual's guardian, parent or parents. Businesses can also furnish copies of occupational licenses, certificates of use, etc.

Day use means the period of time when park sport lights are not used.

Night use means the period of time when park sports lights need to be used.

(b) *Application.* Written applications for the use of desired park facilities on a specific date shall be submitted to the office of the director of the parks and recreation department by the established deadlines.

(c) *Use charges.* Charges for use of recreations facilities shall be as follows:

(1) *City-sponsored activities.* There shall be no charge to all city-sponsored activities, including city-recreation-sponsored programs, for use of the following recreational facilities: play area; picnic area; camping area; community building; track meet (three-hour limit); softball field (two-hour limit); baseball field (three-hour limit); football/soccer field (four-hour limit).

(2) *Schedule of use charges; generally.* The city manager shall establish the schedule of recreational facility use charges by March 27, 1997. Thereafter, the city manager shall review and revise the schedule of use charges, annually, prior to the first day of September, and such use charges, if revised, shall become effective the first day of October. In reviewing the existing schedule of use charges to determine whether or not to revise and adjust the same, the city manager shall take into consideration any one, or all of the following: (i) operating expenses; (ii) city financial needs; (iii) market conditions; (iv) purpose and type of event(s) or

program(s) conducted at the recreational facility, including benefits to the community; (v) estimated revenues to be generated; (vi) and/or other factors deemed appropriate by the city manager. At any time, if the city manager determines that the then current schedule of charges does not properly address a particular type of usage, the city manager shall be authorized to negotiate the recreational facility use charge, in the case of a specific event or use, or establish a use charge in the case of a type of event or use which is likely to reoccur.

(d) *Rules and regulations.* The parks and recreation department director shall establish the rules, regulations and procedures (including cancellation fees, deposits, etc.) for the usage of recreational facilities in city parks, subject to review and approval of the city manager and the city attorney. Recreational facility usage applications, permits and contracts shall be subject to review and approval of the city manager and the city attorney. All users shall be required to provide the necessary insurance, indemnification, etc., as required by the city's risk management division or its successor.

(e) *Personnel costs.* Any additional personnel costs deemed necessary by the parks and recreation department shall be added to the facility rental fee.

(f) *Fee reductions.* The city manager may establish a fee reduction program to encourage more participation in the city-sponsored summer, holiday, and spring recreation camps.
(Code 1967, § 39-1; Ord. No. 9031, § 1, 12-5-79; Code 1980, § 30-1; Ord. No. 11447, § 2, 2-27-97)

Sec. 38-12. Use of showmobiles, bleachers and public address system.

(a) Written application for the use of the desired equipment on a specific date shall be submitted to the office of the director of parks and recreation department by established deadlines.

(b) Showmobiles, bleachers and public address system:

(1) No charge for city-sponsored activities.

(2) Rental fee rates for city residents/organizations:

a. *Hourly rate (based on minimum rental period of four hours).* Included in these hourly rates is the basic setup of from one to 24 chairs one podium:

Showmobile	$ 20.00
Bleachers	20.00
Public address system, per event.	25.00

b. *Direct costs (labor).* Direct costs will be determined as follows: Monday through Friday (8:00 a.m. through 4:00 p.m.), no charge; evenings, weekends and holidays, the appropriate special event hourly rate.

(3) Rental fee rates for non-city residents/organizations:

a. *Hourly rate:* Same as for city residents/organizations, plus 25 percent.

b. *Direct costs:* Same as for city residents/organizations.

(4) A surcharge shall be assessed, in addition to the above-described fees, for showmobile bookings outside the city's corporate limits:

a.	Showmobile	$ 20.00
b.	Bleachers	200.00

All charges are exclusive of the appropriate tax and do not include, if required by the parks and recreation department, the cost of such additional recreational personnel as may be designated by the director of said department.

(5) The city manager shall annually review and adjust the schedule of rental fees for showmobile, bleachers, and public address system, established herein, prior to the first day of September, and if adjusted, such adjusted fees shall be effective the

first day of October. In reviewing the existing schedule of rental fees to determine whether or not to revise and adjust the same, the city manager shall take into consideration any one, or all of the following criteria: (i) city financial needs; (ii) operating expenses; (iii) market conditions; (iv) purpose and type of event(s) or program(s) conducted at the recreational facilities, including benefits to the community; (v) estimated revenues to be generated; (vi) and/or other factors deemed appropriate by the city manager.

(Code 1967, § 39-2; Ord. No. 9032, § 1, 12-5-79; Ord. No. 9054, § 1, 1-10-80; Ord. No. 10662, § 2, 10-26-89; Code 1980, § 30-2; Ord. No. 11411, § 2, 11-21-96; Ord. No. 11447, § 2, 2-27-97)

Editor's note—Ord. No. 11447, § 2, adopted February 27, 1997, changed the title of section 30-12 from "Use of community buildings, showmobiles, bleachers and public address system, etc." to "Use of showmobiles, bleachers and public address system." The historical notation has been preserved for reference purposes.

City Code cross reference—Police, ch. 42.

Sec. 38-13. Reserved.

Note—See editor's note at section 38-14.

Sec. 38-14. Disorderly conduct in parks prohibited.

(a) *Definitions.*

City park(s) means any park or other recreational area owned or operated by the City of Miami, Florida.

Disorderly conduct means any act, conduct, or behavior that directly tends to or does cause public danger, alarm, disorder, nuisance, a disturbance of the peace, or interferes with the public's use and enjoyment of a city park, and by such act, conduct, or behavior the perpetrator knowingly:

(1) Creates a disturbance of the public order by an act of violence or by an act which directly tends to or does produce violence, or makes, aids, assists in making an improper noise, riot, disturbance, breach of the peace or diversion which directly tends to or does create a breach of the peace;

(2) Engages in fighting or in violent, threatening or tumultuous behavior, or aids, incites, or abets any fight, quarrel, or other disturbance;

(3) Engages in intentional or reckless conduct in such a manner as to cause another person to be in reasonable fear that a person or property in a person's immediate possession is likely to be harmed or taken;

(4) Directs abusive or offensive language or gestures at another person, including law enforcement officers while acting in their official capacity, in a manner likely to provoke immediate physical retaliation or violence by that person or another person;

(5) Engages in disruptive conduct, including, but not limited to, loud and aggressive behavior, physical altercations, or persistent and excessive shouting, with the intent and effect of impeding or disrupting the lawful use of a city park by one or more other persons; or

(6) Intentionally or recklessly damaging or destroying public or private property.

(b) *Prohibition.* It shall be unlawful for any person to commit an act of disorderly conduct in the city parks.

(c) *Penalties.* Any person found to have violated this section shall be punished in accordance with section 1-13 of the City Code.

(d) *Enforcement.* This section shall be enforced pursuant to section 1-13 of the City Code, or any other enforcement mechanism as provided by law.

(Ord. No. 14181, § 2, 6-8-23)

Editor's note—Ord. No. 11447, § 3, adopted February 27, 1997, repealed the former sections 38-13 and 38-14 in their entirety, which pertained to charges for use of designated tennis facilities, and swimming pools; supervision, respectively, and derived from the Code of 1967, §§ 39-3—39-5; Ord. No. 8717, § 1, adopted October 26, 1977; Ord. No. 8847, § 1, adopted September 14, 1978; the Code of 1980, §§ 30-3—30-5.

Sec. 38-15. Specialized instruction and programs.

(a) *Fee formula.* The following formula for determining fees for specialized instruction and programs of the recreation department is hereby established:

$$C_p = \frac{P+S+Rx1.20}{N}$$

Where:

C = Cost per participant for said specialized instruction or program

P = Salary (exclusive of fringes) cost to conduct instruction or program

S = Supplies and materials necessary to conduct instruction or program, i.e., books, paper, crafts, equipment, etc.

R = Rental cost of facility if it has to be especially opened for specialized instruction or programs

N = Number of participants

1.20 = Represents a 20 percent charge for overhead

For a proposed specialized arts and crafts instruction for two hours a week for ten weeks, or a total of 20 hours' instruction, taught by a specialist costing $5.00 per hour; requiring craft materials costing $60.00; incurring no rental costs; and with 20 participants, the cost (exclusive of applicable taxes) would be:

$$C_p = \frac{\$100 + \$60 + \$0}{20} = \frac{\$160}{20} = \$8 \times 1.20 = \$9.60$$

(b) *Reserved.*

(Code 1967, § 39-1; Ord. No. 8899, § 1, 7-26-79; Ord. No. 9030, § 1, 12-5-79; Code 1980, § 30-6; Ord. No. 11447, § 4, 2-27-97)

Sec. 38-16. Reserved.

Editor's note—Ord. No. 11447, § 3, adopted February 27, 1997, repealed the former section 38-16 in its entirety, which pertained to the park club annual registration fee, and derived from Ord. No. 9270, § 1, adopted May 28, 1981, and the Code of 1980, § 30-7.

Sec. 38-17. Throwing or depositing substances, etc., within stadiums, parks and adjacent grounds.

It shall be unlawful for any person to throw, drop or deposit any substance or tangible thing or matter within or upon any municipal stadium or park or grounds adjacent thereto and composing a part thereof so as to soil or damage any property or endanger, injure or harm any person within such area.

(Code 1967, § 39-16; Code 1980, § 37-64)

State law reference—Florida litter law, F.S. § 403.413.

Sec. 38-18. Naming of facilities at Hadley Park.

(a) The youth center located at Hadley Park shall be named the "Samuel K. Johnson Youth Center."

(b) The swimming pool complex at Hadley Park shall be known as The Miller J. and Nancy S. Dawkins Olympic Swimming Pool Complex.

(c) The football field located at Hadley Park shall be named the "Luther Campbell Football Field."

(Ord. No. 13575, § 2, 11-19-15; Ord. No. 13576, § 1, 11-19-15; Ord. No. 13964, § 1, 2-11-21)

Sec. 38-19. Naming of facilities on Virginia Key.

The walking trail at Virginia Key North Point Park shall be known as the "Mabel Fentress Miller Walking Trail."

(Ord. No. 13584, § 2, 1-14-16)

Sec. 38-20. Naming of Maurice A. Ferré Park.

The park located at 1095 Biscayne Boulevard, Miami, Florida shall be named the "Maurice A. Ferré Park."

(Ord. No. 13813, § 2, 12-13-18)

Sec. 38-21. Naming of facilities at Moore Park.

The track and field at Moore Park shall be known as Jesse L. Holt, Jr. Track and Field Complex.

(Ord. No. 13812, § 2, 12-13-18)

Sec. 38-22. Naming of Swannanoa Mini Park.

The park located at 1301 Southwest 21st Avenue, Miami, Florida, shall be named the "Swannanoa Mini Park."

(Ord. No. 13820, § 2, 1-10-19)

Sec. 38-23. Naming of South Shenandoah Mini Park.

The park located at 1197 Southwest 19th Avenue, Miami, Florida, shall be named the "South Shenandoah Mini Park."
(Ord. No. 13819, § 2, 1-10-19)

Sec. 38-24. Naming of Charlie DeLucca Park.

The park located at 455 Northwest 47 Avenue, Miami, Florida, formerly known as Kinloch Park, shall be named "Charlie DeLucca Park".
(Ord. No. 13882, § 2, 12-12-19)

Sec. 38-25. Naming of Gold Star Family Memorial Mini Park.

The park located at 2300 Southwest 22nd Terrace, Miami, Florida shall be named "Gold Star Family Memorial Mini Park."
(Ord. No. 13920, § 2, 9-24-20)

Sec. 38-26. Naming of Officer Manuel Gomez Mounted Patrol Facility at Lummus Park.

The facility located at 360 Northwest 3rd Street, Miami, Florida shall be named the "Officer Manuel Gomez Mounted Facility."
(Ord. No. 14164, § 2, 4-27-23)

Sec. 38-27. Naming of José Milton Park at the E. Albert Pallot Green Space.

The park located at 3805 Northeast 6 Avenue, Miami, Florida shall be named the "José Milton Park at the E. Albert Pallot Green Space."
(Ord. No. 13994, § 2, 5-13-21)

Sec. 38-28. Naming of General José Francisco Morazán Quesada Park.

The park located at 342 Southwest 7 Avenue, Miami, Florida shall be named the "General José Francisco Morazán Quesada Park."
(Ord. No. 14021, § 2, 9-23-21)

Sec. 38-29. Naming of Manolo Reyes Park.

The parcel of land consisting of approximately seven acres located at 6030 Southwest 2 Street, Miami, Florida shall be named the "Manolo Reyes Park."
(Ord. No. 14364, § 2, 4-24-25)

Editor's note—Prior to the reenactment of section 38-29 by Ord. No. 14364, § 2, adopted April 24, 2025, Ord. No. 14359, § 3, adopted March 13, 2025, repealed the former section 38-29 in its entirety, which pertained to the naming of Rubén Darío Park, and derived from Ord. No. 14028, § 2, adopted October 14, 2021. For current provisions pertaining to Rubén Darío Park, the user's attention is directed to section 38-38.

Sec. 38-30. Naming of Fisherman's Park.

The parcel of land consisting of approximately 8,219 square feet located at 1 Southwest South River Drive, Miami, Florida shall be named "Fisherman's Park."
(Ord. No. 14033, § 2, 11-18-21; Ord. No. 14445, § 2, 2-26-26)

Editor's note—Ord. No. 14445, § 2, adopted Feb. 26, 2026, amended § 38-30 and in doing so change the title of said section from "Naming of Simón Bolívar Park" to "Naming of Fisherman's Park," as set out herein.

Sec. 38-31. Naming of Ronald W. Reagan Park.

The parcel of land consisting of approximately 261,360 square feet located at 2304 Northwest 14th Street, Miami, Florida shall be named the "Ronald W. Reagan Park."
(Ord. No. 14075, § 2, 6-23-22)

Sec. 38-32. Naming of Thelma Gibson Heritage Garden.

The parcel of land consisting of approximately 20,037 square feet located at 3275 Margaret Street, Miami, Florida, shall be named the "Thelma Gibson Heritage Garden."
(Ord. No. 14076, § 2, 7-28-22)

Sec. 38-33. Naming of Jorge Mas Canosa Park.

The land consisting of approximately 58 acres of land contained within properties located at 1400, 1500, 1550, 1600, 1800, and 1822 Northwest 37 Avenue, Miami, Florida, as more particularly

described in Exhibit "A," attached to Ord. No. 14112 and incorporated, shall be named the "Jorge Mas Canosa Park." The boundaries of the park may be subject to change based on the city's needs.
(Ord. No. 14112, § 2, 10-13-22)

Sec. 38-34. Naming of Tibor & Sheila Hollo Park.

The parcel of land consisting of approximately 35,500 square feet located at 1814 Brickell Avenue, Miami, Florida shall be named the "Tibor & Sheila Hollo Park."
(Ord. No. 14129, § 2, 1-12-23)

Sec. 38-35. Naming of Children's Park.

The parcels of land consisting of approximately 16,222 square feet located at 1320 Southwest 12 Avenue, 1330 Southwest 12 Avenue, and 1211 Southwest 14 Street, and other contiguous parcels that may be added in the future shall be named "Children's Park."
(Ord. No. 14353, § 2, 2-13-25)

Sec. 38-36. Naming of Woodside Park.

The parcels of land consisting of approximately 37,500 square feet located at 3701 Southwest 1st Avenue, 3699 Southwest 1st Avenue, and 3691, 3693, and 3695 Southwest 1 Avenue, Miami, Florida, and other contiguous parcels that may be added in the future shall be named "Woodside Park".
(Ord. No. 14220, § 2, 10-26-23)

Sec. 38-37. Naming of East Shenandoah Park.

The parcel of land consisting of approximately 7,692 square feet located at 1320 Southwest 21 Street, Miami, Florida, and other contiguous parcels that may be added in the future shall be named "East Shenandoah Park."
(Ord. No. 14289, § 2, 6-18-24)

Sec. 38-38. Naming of Rubén Darío Park.

The parcel of land consisting of approximately 155,700 square feet located at 971 Northwest 2 Street, Miami, Florida shall be named "Rubén Darío Park."
(Ord. No. 14359, § 2, 3-13-25)

Sec. 38-39. Naming of Rebeca Sosa Park.

The parcel of land consisting of approximately 40,749 square feet located at 7121 Southwest 3rd Street, Miami, Florida shall be named "Rebeca Sosa Park."
(Ord. No. 14405, § 2, 10-23-25)

Sec. 38-40. Naming of Superhero Park.

The assemblage of land consisting of approximately 14,200 square feet located at 235 Northwest 26 Avenue, Miami, Florida shall be named "Superhero Park."
(Ord. No. 14438, § 2, 1-22-26)

Sec. 38-41. Naming of facilities at Elizabeth Virrick Park.

The aquatic facility located at Elizabeth Virrick Park shall be named the "Verneka Sturrup Silva Aquatic Facility."
(Ord. No. 14448, § 2, 3-12-26)

Secs. 38-42—38-45. Reserved.

ARTICLE II. USE REGULATIONS

Sec. 38-46. Purpose.

The rules and regulations established by this article are not to hamper and restrict citizens and guests, but are adopted so as to allow citizens and guests maximum use and enjoyment of the facilities without annoyance and discomfort by others.
(Code 1967, § 39-38; Code 1980, § 38-26)

Sec. 38-47. Applicability.

The rules and regulations established by this article apply to all park areas which have been assigned to the department of parks and

recreation. State laws, county ordinances and city ordinances also apply to the city's parks and are in addition to these rules and regulations.
(Code 1967, § 39-39; Ord. No. 10125, § 6, 7-10-86; Code 1980, § 38-27)

Sec. 38-48. Enforcement.

The rules and regulations established by this article will be enforced by the department of parks and recreation personnel of the city and the city police department.
(Code 1967, § 39-40; Ord. No. 10125, § 6, 7-10-86; Code 1980, § 38-28)

Sec. 38-49. Dangerous and hazardous activities.

No activity which is likely to result in injury or loss of life is permitted. The various sports and activities are to be played in the locations provided for them and in open areas when such sport or activity will not create a hazard to others.
(Code 1967, § 39-41; Code 1980, § 38-29)

Sec. 38-50. Cars, trucks, buses or similar vehicles.

Cars, trucks, buses or similar vehicles are allowed only in those parks where roadways are provided. Vehicles must stay on paved roadways and park only in areas provided and designated for vehicle parking. City vehicles, when engaged in official business which necessitates the vehicle being in the park, are excepted from this section.
(Code 1967, § 39-42; Code 1980, § 38-30)

Sec. 38-51. Bicycles, tricycles, motorbikes, scooters or similar vehicles.

(a) Bicycles and tricycles are restricted to designated bicycle paths but may be ridden in other areas upon approval of the department of parks and recreation.

(b) Motorcycles, motorbikes, scooters or similar motorized vehicles are restricted to the paved roadways for cars, trucks and buses.

(c) When the motors of vehicles in subsection (b) above are not operating, such vehicles, as well as bicycles and tricycles, may be walked in grassy areas and along pedestrian walkways and may be parked any place where they will not inconvenience others.
(Code 1967, § 39-43; Ord. No. 10125, § 6, 7-10-86; Code 1980, § 38-31)

Sec. 38-52. Damaging, removing, etc., park property; climbing trees.

All property in park areas belongs to the citizens. No property, animate or inanimate, shall be damaged, destroyed or removed from the park or moved from the location where it is installed or planted. No holes shall be dug and no structures, either temporary or permanent, shall be erected unless authorized by the city manager or his/her designated representative. No climbing of trees is permitted within park limits.
(Code 1967, § 39-44; Code 1980, § 38-32; Ord. No. 13676, § 2, 4-27-17)

Sec. 38-53. Fires.

No fires are permitted in the parks, except in the grills provided. Charcoal is the only fuel permitted for use in the grills, and use of any other fuel is prohibited. Special rules for fires at the Robert King High Park group camping facility are listed on the permit to use that facility.
(Code 1967, § 39-45; Code 1980, § 38-33)

Sec. 38-54. Use of facilities generally.

(a) It is intended that all facilities be on a first come, first served basis. It is also intended that no group or organization be permitted to monopolize any area or facilities to the exclusion of all others. Whenever the situation warrants, use of a facility will be regulated by use of permits. Terms and forms of permits will be formulated and regulated by the director of the department of parks and recreation to obtain the results intended as expressed above. Those activities which require permits are listed in section 38-74.

(b) In general, the facilities and equipment are to be used for the purposes for which they were designed: benches to sit on, picnic tables to eat on, tennis courts to play tennis on, etc.

(c) Use of facilities and equipment for purposes other than for which they were designed is prohibited.
(Code 1967, § 39-46; Ord. No. 10125, § 1, 7-10-86; Code 1980, § 38-34)

Sec. 38-55. Reserved.

Editor's note—Ord. No. 13293, § 2, adopted November 17, 2011, repealed the former section 38-55 in its entirety, which pertained to firearms, explosives or air-powered weapons and derived from the Code of 1967, § 39-47, and the Code of 1980, § 38-35.

Sec. 38-56. Hunting or molesting wildlife.

No person shall molest, hunt, kill or frighten any wildlife creature in any manner whatsoever.
(Code 1967, § 39-48; Code 1980, § 38-36)

Sec. 38-57. Domestic animals in parks.

Subject to the following exceptions, no person having the control or care of a domestic animal shall cause or permit such animal to enter or remain in a public park. Any person violating this section shall be fined for each such violation, as follows:

(1)	First offense	$ 50.00
(2)	Second offense	250.00
(3)	Third and subsequent offense.....	500.00

This subsection shall be enforceable pursuant to section 38-48 as well as chapter 2, article X of the City Code.

The above prohibition shall not apply to a dog if:

(1) The dog is only allowed within such areas as have been designated or approved by the department of parks and recreation; or

(2) The dog is kept securely fastened to a leash strong enough to prevent its running free of the leash.

(Code 1967, § 39-49; Ord. No. 10125, § 6, 7-10-86; Code 1980, § 38-37; Ord. No. 14137, § 2, 1-26-23)

Sec. 38-58. Fishing.

Fishing is permitted only in designated areas of park waters.
(Code 1967, § 39-50; Code 1980, § 38-38)

Sec. 38-59. Swimming.

City pools are open seven days each week for recreational swimming. No swimming is permitted in any other water in or immediately adjacent to any park area.
(Code 1967, § 39-51; Code 1980, § 38-39)

Sec. 38-60. Boating, vessels, and other watercraft.

(a) Boats may be launched only where ramps have been provided. Anchoring, mooring, or docking of boats on any city park's property shoreline, other than at established ramps, is prohibited.

(b) Exclusion/safety zone and no wake zone for Virginia Key, Atlantic Beach Area and Historic Virginia Key Beach Park area Northeast of Bear Cut.

The buoy line for the exclusion/safety zone off the waters of city-owned Property of Virginia Key, Atlantic beach area and Historic Virginia Key Beach Park, Northeast of Bear Cut is hereby established as set forth in the legal description and the attendant sketch of the legal description attached hereto as "Composite Exhibit A", incorporated hereby, and made a part hereof, and such exclusion/safety zone is also designated a "no wake zone".

(c) Operation of vessels, boats, and other watercraft in marked swimming area, bathing areas, or exclusion/safety zone of Virginia Key Atlantic beach area Northeast of Bear Cut.

(1) No person shall operate any motorized vessel, motorized boat, or other motorized watercraft within a swimming area, bathing area, or exclusion/safety area within the Virginia Key Atlantic beach area Northeast of Bear Cut which has been clearly marked by duly authorized buoys or other alternative permitted regulatory markers. Hand-propelled or foot-propelled vessels without motors and other hand-propelled or foot-propelled

watercraft without motors, such as canoes, kayaks, surf boards, sail boards, kite boards, and wind-surfing boards, are permitted to be operated in a safe manner within such designated swimming area, bathing area or exclusion/safety zone within the Virginia Key Atlantic beach area Northeast of Bear Cut.

(2) The provisions of this section shall not apply to film productions that specifically request a waiver from the city manager on their film permit applications as long as such film productions:

a. Take adequate safety precautions;

b. Specify in their waiver requests such precautions to be taken; and (

c. Indemnify the city and its officers, directors, and employees for such waiver.

(3) The provisions of this section shall not apply to a "special event" (as defined in section 38-74 and section 54-1) for which a special events permit is obtained from the director of the parks and recreation department.

(d) Speed of vessels, boats and other watercraft off Virginia Key Atlantic beach area Northeast of Bear Cut.

(1) No person shall operate any vessel, boat or other watercraft off the waters of Virginia Key Atlantic beach area Northeast of Bear Cut at a speed greater than five miles per hour within 100 feet of any person in the water.

(2) No person operating a vessel, boat or other watercraft off any part of Virginia Key Atlantic beach area Northeast of Bear Cut shall engage in a race or contest of speed with another boat, vessel, or other watercraft at any time.

(3) The provisions of this section shall not apply to races or regattas when the city commission has given permission for such races or regattas to be held.

(4) The provisions of this section shall not apply to film productions that specifically request a waiver from the city manager on their film permit applications as long as such film productions:

a. Take adequate safety precautions;

b. Specify in their waiver requests such precautions to be taken; and

c. Indemnify the city and its officers, directors, and employees for such waiver.

(5) The provisions of this section shall not apply to a "special event" (as defined in section 38-74 and section 54-1) for which a special events permit is obtained from the director of the parks and recreation department.

State law reference—Reckless or careless operation of vessels, F.S. § 327.33.

(e) Careless operation of vessel, boat or other watercraft. Every person operating or navigating any vessel, boat or other watercraft in, on or under the waters off Virginia Key Atlantic beach Northeast of Bear Cut shall do so in a careful

and prudent manner, taking into consideration the weather conditions and range of visibility, water turbulence, current, closeness to swimmers, bathers, water skiers and other boats, vessels and watercraft, and all other attendant circumstances so as not to endanger the life, limb or property of any person. Failure to operate a vessel, boat or other watercraft in such a careful and prudent manner shall constitute careless boating and a violation of this section.

State law references—Similar provisions, F.S. § 327.33; operating a vessel under the influence of drugs or alcohol, F.S. § 327.35 et seq.

(f) Operation or use of towed flying devices, towed sailing devices or towed parachutes near beaches.

(1) It shall be unlawful for any person to tow or manipulate any person attached to any towed flying device, towed sailing device or towed parachute through or over an area within 500 feet either side of the water's edge of Virginia Key Atlantic beach area Northeast of Bear Cut below an altitude of 500 feet above the surface of the water.

(2) It shall be unlawful for any person to operate, engage in, be a passenger in or control any towed flying device, towed sailing device, or towed parachute carrying a person through or over an area within 500 feet each side of the water's edge of Virginia Key Atlantic beach area Northeast of Bear Cut below an altitude of 500 feet above the surface of the water.

(3) The provisions of this section shall not apply to film productions that specifically request a waiver from the city manager on their film permit applications as long as such film productions:

a. Take adequate safety precautions;

b. Specify in their waiver requests such precautions to be taken; and

c. Indemnify the city and its officers, directors, and employees for such waiver.

(4) The provisions of this section shall not apply to a "special event" (as defined in section 38-74 and section 54-1) for which a special events permit is obtained from the director of the parks and recreation department.

(Ord. No. 13004, § 3, 6-12-08)

Editor's note—Ord. No. 13004, § 3, adopted June 12, 2008, amended § 38-60 in its entirety to read as herein set out. Formerly, § 38-60 pertained to boating, and derived from the Code of 1967, § 39-52, and the Code of 1980, § 38-40.

Sec. 38-61. Picnicking.

Picnicking without fires may be done in any area where it will not interfere with other recreational activities. Fires are only permitted in park grills, and charcoal is the only fuel permitted. The grills and picnic facilities are for family and group picnics. Use of these facilities as a "fire kitchen," "soup line," restaurant or similar activity is expressly prohibited.

(Code 1967, § 39-53; Code 1980, § 38-41)

Sec. 38-62. Water fountains.

Fountains are provided to provide drinking water. Use of water fountains for bathing, washing or cleaning cooking utensils is prohibited.

(Code 1967, § 39-54; Code 1980, § 38-42)

Sec. 38-63. Disposal of trash.

Trash is to be deposited in trash containers. Nothing herein, including penalties for violation, shall be construed to be in conflict with the provisions of F.S. § 403.413, as may be amended or revised from time to time, pertaining to the Florida Litter Law.

(Code 1967, § 39-55; Code 1980, § 38-43; Ord. No. 11815, § 2, 7-13-99)

Sec. 38-64. Card games, bingo, raffles and similar activities.

No person or organization shall conduct raffles, bingo games, card games for money or drawings for prizes, or participate in any other form of gambling within park limits, whether they are for charity or otherwise.

(Code 1967, § 39-56; Code 1980, § 38-44)

Sec. 38-65. Peddling, vending and merchandising.

(a) *Prohibitions:* No person, organization or firm, other than the parks and recreation department, or duly authorized concessionaires, shall expose or offer for sale, rent, or trade, any article or service, or station or place any stand, cart or vehicle for the transportation, sale or display of any merchandise, within the limits of any park.

(b) *Grant of concession privilege:*

(1) The city may authorize concessions in city parks by means of contractual agreement(s) or concession permit(s). Wherever practicable, and unless otherwise provided herein, concession privileges shall be granted by the city manager to particular vendors on the basis of a request for proposals, competitive bid or other competitive method.

(2) Contractual agreements shall be executed to affect day-to-day, weekly, and/or other concession privileges of a regular, ongoing or continuous nature to private, for-profit, and/or commercial operators. Permits shall be issued to affect concession privileges for either programs of nonprofit organizations, under the conditions prescribed herein, or for special events. "Nonprofit concession permits" may be issued for a maximum term of one year by the parks and recreation department director or designee for such privileges granted to qualified nonprofit organizations only in connection with regular ongoing weekly programs operated in city parks by said organizations for youth, elderly or disabled persons. "Special event concession permits" may be issued by the director or his/her designee for such privileges granted only in connection with special events, activities and/or programs of limited duration, not to exceed ten days' total operation. The form of all permits shall have the prior review and approval of the city attorney.

(3) Nonprofit concession privileges shall be of a limited and nonexclusive nature. Said privileges may be granted by permit issued by the director to such nonprofit organizations as are deemed qualified and which provide and operate ongoing weekly programs in city parks, pursuant to the promulgated rules and procedures for same. Said privileges are to be granted for the sole purpose of affording said nonprofit organizations a means of raising funds for eligible programs. Eligible programs shall be identified as and limited to those which principally serve youth, elderly and/or disabled persons as program participants.

(4) Special event concession permits may be issued directly to vendors authorized to operate in a park in connection with said event, or may be issued to the sponsor(s) or organizer(s) of a given event or activity, who may in turn subcontract to licensed vendors. Where subconcessionaires are allowed, the city's rights and responsibilities shall remain in full force and effect.

(c) *Limitations to concession privilege:*

(1) Concessionaires and/or subconcessionaires shall be properly licensed and shall comply with all applicable laws, ordinances, regulations, and/or administrative directives governing their specific operations, sales, rentals and/or trades. No privilege granted pursuant to the authority of this section shall infringe upon the rights or privileges of existing authorized concessionaires, if any.

(2) The director of the parks and recreation department or designated selection committee shall have the authority to review all list(s) of items for sale, rent and/or trade and to deny concession privileges for any item(s) deemed inappropriate for a city park.

(3) No event sponsor or organizer shall be issued more than three special event concession permits in a calendar year. Nonprofit concession permits may be issued for a maximum term of one year

and shall be subject to annual review and reissuance by the parks and recreation department director.

(4) The parks and recreation department director shall establish the rules, regulations and procedures for special event and nonprofit concession permits, subject to the review and approval of the city manager and city attorney, at least on an annual basis. All concessionaires shall be required to indemnify and hold harmless the city, its agents, officers and employees, and to provide and maintain liability insurance in a form and in amounts acceptable to the city's risk management division or its successor.

(d) *Fees and compensation:* Concession fees and compensation shall not be the subject of waiver by the city commission or the city manager or designee thereof. Concessionaire(s) shall remit to the city a given fee and/or percentage of revenue accrued as a result of the privilege granted. The amount of the fee or percentage shall be as established as a result of the request for proposal, bid or competitive process, if such process is required, or for special events and nonprofit concession permits, by the current schedule of concession fees and compensation which shall be established by the city manager by January 1, 1997. Thereafter, the city manager shall annually revise and adjust such schedule of concession fees and compensation prior to the first day of September, and such revised schedule shall become effective the first day of October. In reviewing the existing schedule of concession fees and compensation to determine whether or not to revise and adjust the same, the city manager shall take into consideration any one, or all of the following criteria: (i) city financial needs; (ii) operating expenses; (iii) market conditions; (iv) purpose and type of event(s) or program(s) conducted in connection with the concession, including benefits to the community; (v) estimated revenues to be generated; (vi) and/or other factors deemed appropriate by the city manager. At any time, if the city manager determines that the current schedule of concession fees and compensation does not properly address a particular type of special event or social function, the city manager shall be authorized to negotiate the concession fee and compensation, in the case of specific event or function, or establish a concession fee and compensation, in the case of a type of event or function which is likely to reoccur.

(Code 1967, § 39-57; Ord. No. 10123, § 1, 7-10-86; Ord. No. 11196, § 2, 10-27-94; Code 1980, § 38-45; Ord. No. 11411, § 2, 11-21-96; Ord. No. 13676, § 2, 4-27-17)

Sec. 38-66. Advertising and signs.

No signs or advertising shall be posted within park limits other than those erected by the parks and recreation department, except signs authorized or required by the city, or by the laws of the United States, the state, or the city, or as approved by the city commission. Prior to city commission consideration of a request to post a sign or advertisement within park limits, the request shall be presented to the parks and recreation advisory board for its consideration. Bulletin boards are exclusively for official park business. Items not related to the park or recreational programs shall not be placed on the bulletin boards.

(Code 1967, § 39-58; Ord. No. 10125, § 6, 7-10-86; Code 1980, § 38-46; Ord. No. 13005, § 2, 6-12-08)

Sec. 38-67. Naming rights.

(a) The naming rights policy contained in this section is established to provide guidance in approving naming rights for city-owned facilities in parks within the city.

(b) Definitions relevant to this section:

City property shall mean a city-owned or controlled public facility such as buildings or features such as a pool, meeting space, gymnasium or the like.

Honorary naming rights shall mean the naming of city property to honor the service, commitment, or other type of participation by an individual, or civic or charitable group.

Naming rights shall mean a mutually beneficial business arrangement between the city and an external entity (individual, for-profit, or not-for-

profit organization), where the external entity provides goods, services, or financial support to the city in return for the public display of the external entity's name on city property.

(c) A naming rights plan shall be established to review a process, either by a standing committee (the composition shall be identified in the plan) or by department employee(s), and shall be approved by the city manager before implementation of the plan, and specific grants of naming rights under the terms of this section shall be accomplished by naming rights resolution of city commission made in consideration of the review committee's recommendations.

(d) The review committee established in the plan shall consider compliance with an established naming rights policy; whether the donation is from a potentially controversial source (e.g. tobacco, alcohol, etc.); appropriate signage; compliance with the required approval process for accepting donations; whether a donor contract is appropriate, and if so, the terms of the contract; citizen input; and any other relevant factors.

(e) The director of parks shall solicit a "request for sponsorship (RFS)" using an open and competitive process for third parties to express their interest in participating in naming rights opportunities with the city. Requests for sponsorship should include a summary of the sponsorship opportunity, the facility to be named, benefits for participation, and a description of the open and competitive procedure for expressing interest in participating in sponsorship opportunities. The parks advisory board shall review said RFSs and make a recommendation to the city commission.

(f) A "naming rights agreement" which shall be a contract evidencing the right to name or re-name city-owned facilities, shall be entered into which contains terms acceptable to the city and approved by the city commission.

(g) Indemnification and termination clauses are required as part of the agreement. All such agreements are to be reviewed by the city attorney prior to finalization. Dates indicating the term of the agreement should be indicated but shall be for five-year increments with an option to continue for an additional five years at the discretion of the city.

(h) (1) In general, the following industries and products are not eligible for sponsorships with the city: police-regulated businesses; faith-based and political organizations; companies whose business is substantially derived from the sale of alcohol, tobacco, firearms or adult use. Applications by sponsors that fall into one of the above-stated categories shall be subject to review and approval by the city.

(2) The city shall reject sponsorship that does not comply with the standards set forth in this policy. All full advertising graphic designs must be submitted in sufficient detail to determine content, size, and final general appearance.

(3) Solicitation and negotiation of sponsorships will be conducted by the directors of parks and purchasing, who shall be responsible for ensuring that staff understand the requirements of this policy and that they are provided with appropriate guidance and training related to sponsorship practices.

(4) All funds generated by naming rights agreements shall be allocated to programs in parks where the facilities are located. No reduction in budgetary funding levels shall occur because of revenues generated by naming rights agreements.

(5) Naming rights agreements shall not be solicited for any city property that the city commission has determined to be appropriate for honorary naming rights.

(Ord. No. 12986, § 2, 4-10-08)

Sec. 38-68. Restrooms.

No person shall loiter in or around any restroom facility. Children over five years of age shall not go into restrooms designated for the opposite sex.

(Code 1967, § 39-60; Code 1980, § 38-48)

Sec. 38-69. Alcoholic beverages; intoxicated persons.

(a) Possession or consumption of alcoholic beverages within park limits of any public park is prohibited except as follows:

(1) Alcoholic beverages may be sold and consumed at Fort Dallas Park, Bicentennial Park, the FEC Property, Jose Marti Park, Maximo Gomez "Domino" Park, Bayfront Park, Allen Morris Brickell Park, and the 32,090 square foot platted parcel containing restaurant facilities at Peacock Park as follows:

a. On a regular basis within city restaurant facilities by properly licensed operators therein during hours allowed by this Code and in accordance with all ordinances and state laws presently applicable and which may be applicable in the future.

b. In connection with special events and programs, by individuals or groups that have been issued a wine/beer permit in accordance with section 38-70 of this Code, or by individuals or groups that have been issued a separate permit for full beverage service by the city manager or designee, upon the recommendation of director and upon the approval of the city commission. Said permits shall be issued in accordance with all laws presently applicable and which may be applicable in the future.

c. Notwithstanding any provision in the city code of the City of Miami, Florida, to the contrary, alcoholic beverages may be sold, dispensed, possessed or consumed on a regular basis on the FEC Property, legally described in Exhibit A attached hereto and by this reference made a part hereof and located in the city clerk's office, Miami, Florida.

(2) No alcoholic beverages may be brought into the aforesaid parks by anyone except licensed operators of city restaurant facilities therein, or their designated representatives, or individuals or groups that have been issued authorized permits in connection with special events and programs.

(b) Intoxicated persons will not be permitted on park property, or if found thereon, shall be ejected forthwith.

(Code 1967, § 39-61; Ord. No. 9573, § 1, 2-24-83; Ord. No. 10343, § 1, 11-19-87; Code 1980, § 38-49; Ord. No. 11563, § 2, 10-28-97; Ord. No. 11983, § 2, 10-26-00; Ord. No. 12024, § 2, 2-8-01; Ord. No. 13487, § 2, 10-23-14)

Sec. 38-70. Sale or dispensing of beer and/or wine for special events or programs in city parks.

(a) Notwithstanding any provision in the city Code of the City of Miami, Florida, to the contrary, the city manager or his/her designee, on special occasions and for special events or programs, may permit by special permit the dispensing of wine or beer in soft containers in any city park. Such special permit shall establish any special conditions which shall apply to said dispensing which shall be cumulative and in addition to all other conditions imposed by state and local laws and regulations.

(b) Notwithstanding any provision in the city Code of the City of Miami, Florida, to the contrary, the city manager or his/her designee, on special occasions and for special events or programs, is hereby authorized upon execution of the application/permit form as attached (note: the form is not set out in this Code), to permit the sale or dispensing of wine or beer in soft containers in the following city parks:

(1) Bayfront Park.

(2) Bicentennial Park.

(3) Jose Marti Park.

(4) Peacock/Myers Park.

(5) Watson Island Park.

(6) Virginia Key Park.

(c) Unless approved by the city commission, there shall be no permits issued in connection with any musical event or program of the type which historically requires extraordinary security measures, based upon prudent police protection (commonly referred to as "rock concerts").

(d) The city manager or his/her designee is further authorized to permit the dispensing of beer and wine in soft containers at no charge during social functions in Wainwright Park.

(e) The city manager or his/her designee is authorized to permit the sale or dispensing of wine or beer in soft containers in additional city parks, on special occasions and for special events or programs, upon execution of the application/permit form and upon the review, recommendation and written approval of the departments of police and parks and recreation. Unless approved by the commission, not more than three permits will be issued during the calendar year for any given park, with the exception of those specific sites listed in subsection (b).

(f) Such sales or dispensing of beer and wine are subject to compliance with all applicable state laws and the criteria set forth on the attached form (note: the form is not set out in this Code).

(g) The city manager shall establish fees for all permits to sell beer and wine in city parks by January 1, 1997. Thereafter, the city manager shall annually revise and adjust said fees, if necessary, prior to the first day of September, and such revised fees shall become effective the first day of October. In reviewing the existing schedule of fees to determine whether or not to revise and adjust the same, the city manager shall take into consideration any one, or all of the following criteria: (i) city financial needs; (ii) operating expenses; (iii) market conditions; (iv) purpose and type of event(s) or program(s) conducted at the city parks, including benefits to the community; (v) estimated revenues to be generated; (vi) and/or other factors deemed appropriate by the city manager. At any time, the city manager shall be authorized to negotiate the fee for all permits to sell beer and wine in city parks should it be determined that the current schedule of fees does not properly address a particular type of event. Said fee shall be paid for all permits obtained from the city commission or the city manager or his/her designee. The existing fee shall be utilized should a permit be issued before the effective date of this section. The permit fee shall not apply where beer and/or wine are dispensed at no charge for social functions in open areas of city parks.

(Ord. No. 9818, § 1, 4-5-84; Ord. No. 10085, §§ 1, 2, 3-18-86; Ord. No. 10162, § 1, 10-7-86; Ord. No. 10241, § 1, 3-13-87; Ord. No. 11045, § 2, 3-11-93; Code 1980, § 38-49.1; Ord. No. 11411, § 2, 11-21-96; Ord. No. 11563, § 2, 10-28-97)

City Code cross reference—Alcoholic beverages, ch. 4.

Sec. 38-71. Camping.

The city has no facility for trailers, campers and similar wheeled vehicles in any city park. Facilities for overnight camping in tents or on the ground are available for groups, such as scout troops, at Robert King High Park. A permit is required in order to use these facilities.

(Code 1967, § 39-62; Code 1980, § 38-50)

Sec. 38-72. Use of parks for movies, television or commercial photography.

All use of parks for movies, television or commercial photography will be by written permission only. Such permission will not normally be granted if the activities will interfere with normal park use and recreational programs.

(Code 1967, § 39-64; Code 1980, § 38-52)

City Code cross reference—Photography, ch. 41.

Sec. 38-73. Permits—Purpose; application.

Permits are required for certain activities so that park personnel can limit or eliminate activities which would tend to damage the park, or which are likely to create an atmosphere which would discourage use of the park for its intended purpose, or which, if not eliminated, would allow monopolizing of a park or some facilities in a park by one group to the exclusion of other groups or individuals. The application form shall be completed by the applicant and approved by appropriate city officials prior to issuance of any permit referred to by this article.

(Code 1967, § 39-65; Code 1980, § 38-53)

Sec. 38-74. Same—Activities for which a permit is required.

(a) Permits are required for the following activities:

(1) Use of group camping areas.

(2) Use of large (group-size) cooking grills.

(3) Use of community building.

(4) Use of baseball or softball diamond.

(5) Use of a football, soccer or cricket field.

(6) Concerts involving 50 for more persons and meeting the definition of "assembly" in section 54-1. An "assembly permit" defined in section 54-1, obtained under section 54-6.2, fully satisfies the requirement for a permit herein;

(7) Musical events or dances of 50 or more persons and meeting the definition of "assembly" in section 54-1. An "assembly permit" defined in section 54-1, obtained under section 54-6.2, fully satisfies the requirement for a permit herein;

(8) Parades or Assemblies as defined in section 54-1 of this Code of 50 or more persons. A "parade permit" or "assembly permit" defined in section 54-1, obtained under section 54-6 or section 54-6.2, fully satisfies the requirement for a permit herein;

(9) Any other activity, not sponsored by the city, substantially similar to those listed in paragraphs (a)(1) through (5) that is reasonably anticipated to obstruct or prevent the general public from using a park in whole or in part; and

(10) A "special event" as defined in section 54-1. A permit obtained under section 54-6.3 fully satisfies the requirement for a permit herein.

(11) Erection of a tent or other temporary structure.

(b) Except for "parades" and "assemblies" requiring a permit, nothing in this section shall be construed to prevent members of the public from assembling in the parks for the purpose of making any speech, engaging in "spontaneous expression," or conveying any message to the public or government without holding a permit pursuant to this article.

(c) No activity requiring a permit under subsection (a) shall be conducted or proceed within any park except in accordance with a permit issued either by the chief of police for a "parade," "assembly," or "special event," or by the director of parks and recreation for all other listed activities.

(Code 1967, § 39-66; Code 1980, § 38-54; Ord. No. 12506, § 3, 3-25-04; Ord. No. 12546, § 2, 6-10-04; Ord. No. 12583, § 2, 9-9-04; Ord. No. 12641, § 2, 1-13-05)

Editor's note—Ord. No. 12546, § 2, adopted June 10, 2004, changed the title of § 38-74 from "Same—Activities for which required" to "Same—Activities for which a permit is required."

Sec. 38-75. Same—Rules and conditions.

The following rules and conditions shall apply to permits issued pursuant to this article:

(1) They are issued on a first come, first served basis.

(2) Permits are nontransferable, and are good only on the date specified.

(3) The permittee will be held responsible for the conduct of the entire group.

(4) The permittee shall observe, obey and comply with the rules and regulations established by this article, as well as all applicable city, county, state and federal laws, rules and regulations.

(5) The permittee shall assume all risk in the use of the facility and shall be solely responsible and answerable in damages for all accidents and injury to person or property.

(6) A deposit will be required for certain activities when the permit is granted. The deposit will be returned upon inspection by park personnel verifying that the facility has been cleaned up.

(7) Special conditions related to the various types of facilities are printed on the permit forms.

(Code 1967, § 39-67; Code 1980, § 38-55)

Sec. 38-76. Restrictions for use—Watson Island.

All land located on Watson Island that is not subject to a lease or authorized development shall remain as open greenspace and park use.

(Ord. No. 12131, § 1, 10-11-01)

Sec. 38-77. Designated children play areas.

Areas designated within parks by city commission resolution(s), may be designated children play areas which are exclusive playgrounds for children. Adults are allowed in designated children play areas in parks only when supervising a child. Designated children play areas will be posted with signs informing the public of the designation.

(Ord. No. 13229, § 2, 11-18-10)

Sec. 38-78. Prohibitions regarding expanded polystyrene products in city parks and recreation facility/facilities, including beaches therein.

(a) *Legislative intent.* The city owns, operates, manages, and strives to preserve the positive environmental qualities of numerous city parks and recreation facility/facilities, including beaches therein, which are important to the public health, safety, welfare, and economy of the city and the surrounding communities. Additionally, the city desires to further preserve the positive environmental qualities of its city parks and recreation facility/facilities, including its beaches therein, by encouraging the use of reusable, recyclable, and compostable alternatives to polystyrene containers.

(b) *Definitions.* For purposes of this section only, the following definitions shall apply:

City contractor means a contractor, vendor, lessee, user, licensee, concessionaire, manager, operator, subcontractor, sub-vendor, sub-lessee, additional user, sub-user, sub-licensee, sub-concessionaire, sub-manager, or sub-operator of a city parks and recreation facility/facilities, including beaches therein, including any of the same with Virginia Key Beach Park Trust.

City contractor(s) currently under contract means a city contractor currently under contract with the city or with Virginia Key Beach Park Trust on the effective date of this section.

City parks and recreation facility/facilities, including beaches therein means any land, building, structure, pavilion, gazebo, hut, park, playground, open space, greenway, bikeway, trail, golf course, playing field, recreation field, beach, picnic area, concession stand, kitchen area, outdoor grill area, museum, auditorium, range, natural area, forest, preserve, hammock, lake, stream, canal, lagoon, waterway, swimming pool, splash pool, splash area, restroom, public service facility, maintenance facility, storage facility, and grounds owned, operated, or managed by or under the control of or assigned for upkeep, maintenance, or operation by:

(1) The city and all related air rights owned, operated, or managed by the city, or

(2) The Virginia Key Beach Park Trust and all related air rights owned, operated, or managed by the Virginia Key Beach Park Trust.

Expanded polystyrene means blown polystyrene and expanded and extruded foams that are thermoplastic petrochemical materials utilizing a styrene monomer and processed by any number of techniques including, but not limited to, fusion of polymer spheres (expandable bead foam), injection molding, foam molding, and extrusion-blown molding (extruded foam polystyrene).

Expanded polystyrene product(s) means signs, boards, containers, plates, bowls, cups, lids, trays, coolers, ice chests, food containers, and all similar articles that consist of expanded polystyrene.

Polystyrene means a polymer of styrene, especially a rigid transparent thermoplastic that has good physical and electrical insulating properties and is used especially in molded products, foams, and sheet materials.

Special event permittee means any person or entity issued a special event permit by:

(1) The city for a special event in any city parks and recreation facility/facilities, including beaches therein, or

(2) The Virginia Key Beach Park Trust for a special event in Historic Virginia Key Beach parks and recreation facility/facilities, including beaches therein.

(c) *Prohibitions effective July 1, 2017; 12-month temporary grace period for city contractors currently under contract.*

(1) It shall be unlawful for any person or any special event permittee to use, offer the use of, carry, place, sell, distribute, provide, provide food or drink in, or discard any expanded polystyrene product(s) in any city parks and recreation facility/facilities, including beaches therein. These prohibitions also apply to Historic Virginia Key Beach Park.

(2) It shall be unlawful for any city contractor to use, offer the use of, carry, place, sell, distribute, provide, provide food or drink in, or discard any expanded polystyrene product(s) in any city parks and recreation facility/facilities, including beaches therein. A violation of this section shall be deemed a default under the terms of the city contract, vending agreement, lease, use agreement, revocable license, concession agreement, management agreement, or operating agreement. Any city contract, lease, use agreement, revocable license, concession agreement, management agreement, or operating agreement entered into prior to the effective date of this section shall not be subject to the requirements of this section until 12 months after such effective date. Nothing prohibits such city contractor(s) currently under contract from voluntarily agreeing in writing to comply with this section on an earlier date and voluntarily foregoing the 12-month temporary grace period.

(d) *Delegation of authority for enforcement; penalties.*

(1) The city manager is hereby delegated and shall have the full authority of the city commission to promulgate rules and regulations to enforce and administer the provisions of this section. Additionally, the city manager and the executive director of the Virginia Key Beach Park Trust shall work together to promulgate rules and regulations to enforce and administer the provisions of this section 38-78 and section 38-248 of the City Code in Historic Virginia Key Beach Park.

(2) Any person or city contractor violating any provision of this section shall, upon conviction, be punished by a fine not to exceed $50.00. This section shall be enforced against the violator under the provisions of chapter 2, article X of this Code, and any other remedies as provided by law including, but not limited to, an action for injunctive relief in the Circuit Court. The use of one remedy shall not preclude the use of another.

(3) Notwithstanding provisions of subsections (1) and (2) above, a fine of $100.00 per violation may be imposed for violations of the provisions of this section 38-78 of the City Code if the violation is irreparable or irreversible in nature. In determining the amount of the fine, if any, the city shall consider the following factors:

a. The gravity of the violation;

b. Any actions taken by the violator to correct the violation; and

c. Ay previous violations committed by the violator.

(4) A violation of this section 38-78 shall constitute a City Code violation and may result in the revocation of the special events permit and fines, and may be grounds for the placement of conditions upon or for denial of one or more future special events permits. Nothing herein, including penalties for violation, shall be

construed to be in conflict with the provisions of F.S. § 403.413, as may be amended or revised from time to time, pertaining to the Florida Litter Law.

(Ord. No. 13681, § 2, 5-25-17)

Secs. 38-79—38-100. Reserved.

ARTICLE III. BAYFRONT PARK MANAGEMENT TRUST

Sec. 38-101. Bayfront Park Management Trust created.

There is hereby created and established a limited agency and instrumentality of the city to be known as the "Bayfront Park Management Trust." Use of the term "trust" in this article shall mean the Bayfront Park Management Trust.

(Ord. No. 10348, § 1(1), 11-19-87; Code 1980, § 38-71)

Sec. 38-102. Purpose.

The trust shall direct, operate, manage and maintain all aspects of the city-owned property known as Bayfront Park (hereinafter referred to as "park"), for the purposes of ensuring maximum community utilization and enjoyment. The trust shall endeavor to attract organized activities and functions to the park consistent with this purpose.

(Ord. No. 10348, § 1(2), 11-19-87; Code 1980, § 38-72)

Sec. 38-103. Governing body.

(a) *Composition; appointments; term of office.*

(1) The trust shall consist of nine members appointed by the city commission. A member of the city commission shall be the chairperson of the trust and the ninth member thereof; five members shall be nominated individually, one each by the city commissioners and four members shall be appointed at large by the city commission. Each member of the trust shall reside, work, own real property or own a business in the city and shall be an individual of outstanding reputation for integrity, responsibility and commitment to serving the community. The chairperson of the trust shall have the power to appoint all members serving on the various committees which the trust shall establish from time to time.

(2) The term of the city commissioner serving as the ex officio voting member and chairperson of the trust shall be reviewed by the city commission on or about June 1 of each calendar year resulting in the selection of a new chairperson or the reappointment of the existing chairperson to serve as the chairperson of the trust.

(3) Each member shall be named and appointed by the city commission for a term of one year or until the nominating commissioner leaves office, whichever occurs first, except that any person appointed to fill a vacancy due to the death, resignation or removal of any member of the trust shall serve only for the unexpired term.

(4) The city commission shall appoint all other officers, including a secretary, from among the trust's members. The chairperson shall serve for one year, and each successor chairperson shall be appointed by the city commission in the manner set forth in subsection (a)(1) of this section.

(5) Duly appointed members of the trust may be referred to from time to time as trustees.

(b) *Oath.* Upon the effective date of his/her appointment, or as soon thereafter as practicable, each member of the trust shall enter upon his/her duties but before doing so he/she shall take the oath prescribed by section 41(e) and (f) of the city Charter.

(c) *Organization; indemnification.*

(1) *Quorum and voting.* At all meetings of the trust, a majority of those present at a properly noticed meeting shall constitute a quorum for the transaction of business, and each trustee shall have one vote on every issue submitted to a vote of the

trust. The act of a majority of the trustees present at a meeting at which a quorum is present shall be the act of the trust. The members of the trust shall make and adopt bylaws and rules and regulations for the trust's governance and for the operation, management and maintenance of the park.

(2) *Meetings.* The trust shall hold regular quarterly meetings and may hold such other meetings as it deems necessary. All meetings of the trust shall be public, and written minutes of the proceedings thereof shall be maintained by the trust. All actions taken at the meetings of the trust shall be promptly and properly recorded. The official city policies relating to the attendance of regular board meetings shall be applicable to members of the trust.

(3) *Protection from personal liability.* The trust shall maintain officers and directors liability insurance coverage at all times, in an amount and in a form satisfactory to the city's insurance manager. To the extent such coverage does not apply, the city shall indemnify the trustees in the same manner and to the same extent that it indemnifies all other city advisory boards. Nothing in this section shall be construed in any way to affect the laws relating to sovereign immunity.

(Ord. No. 10348, § 1(3), 11-19-87; Ord. No. 11044, § 1, 3-11-93; Ord. No. 11107, § 1, 12-16-93; Ord. No. 11130, § 14, 3-24-94; Ord. No. 11151, § 2, 5-23-94; Ord. No. 11189, § 4, 10-27-94; Code 1980, § 38-73; Ord. No. 11348, § 2, 3-14-96; Ord. No. 11373, § 9, 6-27-96; Ord. No. 11564, § 14, 10-28-97; Ord. No. 13676, § 2, 4-27-17)

Sec. 38-104. Powers, purposes and duties of the trust.

The trust shall have the power to do all things necessary to direct, manage and maintain Bayfront Park, subject at all times to city commission approval and any existing contractual obligations.

(Ord. No. 10348, § 1(4), 11-19-87; Code 1980, § 38-74)

Sec. 38-105. Appointment, term, qualifications, compensation, general powers and responsibilities of the executive director.

There shall be an executive director who shall be appointed by the trust subject to city commission approval. Additionally, each successor executive director shall be similarly appointed and approved. After hiring an executive director, the trust shall submit monthly written status reports on the trust's operations and expenses to the city commission. The executive director shall be a person of good moral character and have an excellent reputation for integrity, responsibility, and business ability, but no trust member shall be eligible for appointment as executive director. The executive director shall receive such salary as shall be fixed by the trust, and approved by the city commission. The executive director shall take an oath before entering upon any duties. The executive director shall act as the chief executive officer of the trust. Subject to the policy directives of the trust, the executive director shall have general supervision over and be responsible for the management and operation of all trust properties, activities, and facilities. The executive director shall execute all contracts in behalf of the trust after approval by the board. The executive director shall attend all meetings of the trust, shall furnish the trust a quarterly report with respect to the management, operation, and maintenance of the park, and the financial condition of the trust, and shall from time to time have prepared and shall furnish such reports, audits and other information relating to the park and to said trust as may be required by the trust or the city. In the event that the executive director shall for any reason be temporarily incapable of exercising the powers and performing the duties and functions of his/her office, the city commission may appoint an acting executive director to exercise such powers and to perform such functions and duties until such incapacity of the executive director shall be terminated.

(Ord. No. 10348, § 1(5), 11-19-87; Code 1980, § 38-75; Ord. No. 13676, § 2, 4-27-17)

Sec. 38-106. Employment of assistants.

Subject to the policy directives of the trust and budget limitations, the executive director shall employ such assistants as are necessary to provide for the efficient operation of the trust.
(Ord. No. 10348, § 1(6), 11-19-87; Code 1980, § 38-76)

Sec. 38-107. Encouragement of private enterprise.

The trust shall, to the greatest extent it determines to be feasible, implement the exercise of its powers in a manner which utilizes and encourages the fullest and most active participation and cooperation of private enterprise.
(Ord. No. 10348, § 1(7), 11-19-87; Code 1980, § 38-77)

Sec. 38-108. Counsel.

The city attorney's office shall provide legal services to the trust as may be necessary and requested by the trust.
(Ord. No. 10348, § 1(8), 11-19-87; Code 1980, § 38-78)

Sec. 38-109. Approval of budget.

(a) Effective immediately, the trust shall establish a fiscal year which coincides with that of the City of Miami. The trust shall submit to the city commission, in a form acceptable to the city manager, and no later than April 1 next preceding each fiscal year, a trust budget request pertaining to management, operation, maintenance and capital expenditures and delineating the financial responsibility of the city for certain categories including but not limited to: insurance, security, utilities, capital improvements and maintenance. Nothing contained herein shall be construed to prohibit the trust from submitting a supplemental budget to the commission for approval.

(b) No expenditure shall be made in any given year without approval by the city commission of the trust budget for that year.

(c) In conjunction with the submission of the budget, the trust shall submit a master plan showing the proposed operations, activities, improvements, and maintenance plans for the forthcoming fiscal year. The city commission may review and deny any item contained in the master plan within 30 days from date of its submission by the trust.
(Ord. No. 10348, § 1(9), 11-19-87; Code 1980, § 38-79)

Sec. 38-110. Charge for use of park equipment in Mildred and Claude Pepper Bayfront Park.

An equipment use charge is hereby assessed on all private promoters of events or activities held in Mildred and Claude Pepper Bayfront Park. Revenues from such charge shall be used to partially defray operational costs of the Mildred and Claude Pepper Fountain. The herein charge for use of park equipment shall be established by the Bayfront Park Management Trust executive director at fair market value and may be a separate charge or may be incorporated as part of an unapportioned park user fee. This equipment use charge shall not be applicable for those events for which prior contractual relationships exist which have been approved by the city manager, or his/her designee, or the Bayfront Park Management Trust executive director.
(Ord. No. 10928, § 2, 10-3-91; Code 1980, § 38-79.1; Ord. No. 13676, § 2, 4-27-17)

Sec. 38-111. Annual report and audit.

(a) The trust shall submit to the mayor and city commission an annual report and an annual audit. The audit shall be performed by an external auditor who is a certified public accountant.

(b) Additionally, the city shall have the right to audit any books, accounts, expenditures, receivables, and contracts of the trust at any time.
(Ord. No. 10348, § 1(10), 11-19-87; Code 1980, § 38-80; Ord. No. 11564, § 14, 10-28-97)

Sec. 38-112. Contributions.

It is the intention of the city commission that the trust actively solicit contributions and financial support from private business interests and any other governmental authorities.
(Ord. No. 10348, § 1(11), 11-19-87; Code 1980, § 38-81)

Sec. 38-113. Reservation of park use.

Bayfront Park shall be reserved 85 percent of the days of each fiscal year for free access and use by the general public. This reservation of park use applies to Bayfront Park but not to any special purpose facility within it such as the amphitheater or vessel docks. This increase in reservation of park use shall not impair previously executed contracts. This reservation of park use may be reduced or waived by the city commission for temporary events or for specific events when the city commission determines such reduction or waiver is in the city's best interests.
(Ord. No. 10348, § 1(12), 11-19-87; Ord. No. 10571, § 1, 4-13-89; Code 1980, § 38-82; Ord. No. 13810, § 2, 11-15-18)

Sec. 38-114. Abolition of trust.

The city commission, by an affirmative vote of three commissioners, may abolish the trust, at which time the powers and duties of the trust shall revert to the city and the city shall resume responsibility for the maintenance, operation and management of Bayfront Park.
(Ord. No. 10348, § 1(13), 11-19-87; Code 1980, § 38-83)

Sec. 38-115. Authorization of the Bayfront Park Management Trust to allow the sale and/or dispensing of alcoholic beverages for special events, performances or programs.

(a) Notwithstanding any provision in the City Code to the contrary, the Bayfront Park Management Trust, or its executive director, on such special occasions and for such special events, performances or programs as deemed appropriate by said trust, or its executive director, may permit, upon execution of an application/permit form and upon payment in full of the permit fee specified in City Code subsection 38-70(g), the sale or dispensing of alcoholic beverages in soft containers in the Claude and Mildred Pepper Bayfront Park.

(b) Such sales or dispensing of alcoholic beverages are subject to compliance with all applicable state and local laws, rules, regulations and with any special conditions set forth on the application/permit form.
(Ord. No. 10688, § 1, 1-11-90; Code 1980, § 38-49.2; Ord. No. 13751, § 2, 3-22-18)

Editor's note—Ord. No. 13751, § 2, adopted March 22, 2018, changed the title of section 38-115 from "Authorization of the Bayfront Park Management Trust to allow the sale and/or dispensation of alcoholic beverages, including beer and wine, for special events, performances or programs" to "Authorization of the Bayfront Park Management Trust to allow the sale and/or dispensing of alcoholic beverages for special events, performances or programs." The historical notation has been preserved for reference purposes.

Sec. 38-116. Criteria for denial of permits for use of Bayfront Park and its facilities.

To the extent permitted by law, the trust may deny a permit for the use of its facilities if the applicant, or the person on whose behalf the application is made, has on prior occasions made material misrepresentations regarding the nature or scope of an event or activity previously permitted or has violated the terms of prior permits issued to or on behalf of the applicant.

The trust may also deny a permit on any of the following grounds:

(1) The application for permit (including any required attachments and submissions) is not fully completed and executed;

(2) The applicant has not tendered the required application fee with the application or has not tendered the required user fee, use-agreement or other type of agreement, insurance certificate, or security deposit within the times prescribed by the executive director;

(3) The application contains a material falsehood or misrepresentation;

(4) The applicant is legally incompetent to contract or to sue and be sued;

(5) The applicant or the person on whose behalf the application was made has on prior occasions damaged trust property

and has not paid in full for such damage, or has other outstanding and unpaid debts to the trust;

(6) A fully executed prior application for the same time and place has been received, and an agreement has been or will be granted to a prior applicant authorizing uses or activities which do not reasonably permit multiple occupancy of the particular park or part hereof;

(7) The use or activity intended by the applicant would conflict with previously planned programs organized and conducted by the trust and or the city and previously scheduled for the same time and place;

(8) The proposed use or activity is prohibited by or inconsistent with the classifications and uses of the park or part thereof designated pursuant to this chapter;

(9) The use or activity intended by the applicant would present an unreasonable danger to the health or safety of the applicant, or other users of the park, of trust employees or of the public;

(10) The applicant has not complied or cannot comply with applicable licensure requirements, ordinances or regulations of the trust and or city concerning the sale or offering for sale of any goods or services; and

(11) The use or activity intended by the applicant is prohibited by law, by the City Charter, this Code, the zoning code and ordinances of the city, or by the regulations of the trust.

(Ord. No. 12439, § 1, 11-13-03)

Secs. 38-117—38-145. Reserved.

ARTICLE IV. DAY CARE PROGRAM*

Sec. 38-146. Definitions.

For the purposes of this article, the following terms shall have the following meanings:

Day care facility means a facility in which children are cared for outside the home by a person or persons who are unrelated to the child, while the child's parents work or attend school on a full-time basis. The ages of the children attending this type of facility range between six weeks to five years. Care is provided for ten or more hours per day. Developmental activities are presented to the children on a daily basis by persons specifically trained in early childhood care.

Preschool facility means a child care facility in which care is provided for children outside the home by a person or persons unrelated to the child, for the purpose of engaging the child in socialization and interaction with other children in the same age group between three to five years of age. Parents of these children may not necessarily work nor be enrolled in school. The hours of desired care may range from three to nine hours per day and from two to five days per week.

(Ord. No. 11279, § 1(30-25), 7-13-95)

Sec. 38-147. Day care fee schedule.

The following fees shall apply to the use of the child day care facilities of the parks and recreation department:

(1) *Registration fee.* A nonrefundable registration fee of $60.00 annually is required at the time of initial enrollment, and thereafter, annually upon the anniversary of the enrollment. Each additional child in a family will be charged a $30.00 nonrefundable registration fee at said time.

(2) *Weekly or daily fee:*

*__State law reference__—Child care facilities, F.S. § 402.301 et seq.

Income Category	Weekly One Child	Half Day
$ 0.00—$20,000.00	$52.00	$40.00
20,001.00— 25,000.00	56.00	40.00
Income Category	One Child	Half Day
25,001.00— 30,000.00	67.00	40.00
30,001.00— 35,000.00	70.00	40.00
35,001.00— 40,000.00	73.00	40.00
40,001.00—Over	75.00	40.00

A ten percent discount is available for each additional child.

Income Category	Daily	Yearly Slot*
$ 0.00—$20,000.00	$10.40	$2,600.00
20,001.00— 25,000.00	11.20	2,800.00
25,001.00— 30,000.00	13.40	3,350.00
30,001.00— 35,000.00	14.00	3,500.00
35,001.00— 40,000.00	14.60	3,650.00
40,001.00—Over	15.00	3,750.00

*A reserved opening for service from September through June.

a. The above fees are due the Monday or the first day of each week. A $10.00 late charge will be assessed for fees submitted on the second day of each week or thereafter. Alternative payment plans are available upon request.

b. Infant care, for children six weeks to 18 months of age, is available for $80.00 per week.

c. Toddler care is available for children 18 to 24 months of age at $65.00 per week.

d. Drop-in care for unregistered children for day care when regular school is not in session is available at $20.00 per day for first child, and $15.00 daily for each additional child.

e. Fees are based on a 50-week per year operation.

f. Hours of operation shall be determined by the city manager or designee thereof.

g. For the purpose of discouraging late pickup of children, a $10.00 charge per child will be assessed for each 15-minute period beyond the designated closing time of each center. Under emergency circumstances affecting a family, fees may be adjusted for a designated period of time, subject to the approval of the director of the parks and recreation department, in order to maintain continuity of services.

(3) *After-school care.* The after-school care fee shall be $25.00 weekly, with no discounts regarding family income, for children through age nine.

(4) *Summer program.* Available for 11 weeks June through August. Standard weekly fees for use of facilities shall apply.

(5) *Conditions for the purchase of a slot.* Applicants agree to purchase a slot for enrollment for the operating year September—June, and agree that said fees are not subject to adjustments or refunds because of absence, illness or withdrawal of the child from the center for any reason after the program has accepted the child for enrollment.

(6) *Enrollment limited to city residents; exception.* Enrollment is limited to city residents only except that consideration may be given to nonresidents only if it has been determined that there are no pending applications by city residents to fill existing vacancies and only if such consideration will not result in the denial of any service to city residents.

(7) *Annual fees.* Beginning June 1, 1996, fees and the income category ranges on which they are based for the use of the child day care facilities of the parks and recreation department shall be established annually by the city manager prior to June 1 and assessed effective July 1 upon consideration of the following criteria:

a. Operating expenses.

b. Reserve for improvements and major maintenance.

c. Other city financial needs.

The child day care fees shall not exceed those charged by other child day care facilities in Dade County.

(Code 1967, § 39-16.1; Ord. No. 8682, § 1, 7-28-77; Ord. No. 9035, § 1, 12-27-79; Ord. No. 9324, § 1, 9-24-81; Ord. No. 9520, § 1, 11-4-82; Ord. No. 9893, § 1, 9-18-84; Ord. No. 10033, § 1, 9-12-85; Ord. No. 10317, § 1, 9-8-87; Code 1980, § 30-26; Ord. No. 11279, § 1(30-26), 7-13-95)

Sec. 38-148. Preschool fee schedule.

The city manager may offer a preschool program at designated city parks if sufficient levels of enrollment required to meet operating expenses are achieved.

(1) *Registration fee.* A nonrefundable registration fee of $55.00 annually is required at the time of initial enrollment, and, thereafter, annually upon the anniversary of the enrollment. Each addition child in a family will be charged a $25.00 nonrefundable registration fee at said time.

(2) *Weekly fee.* Forty-nine dollars per week per child, excluding the Douglas Park preschool program, where the fee shall be $40.00 per week per child.

a. The above fees are due the Monday or the first day of each week. A $10.00 late charge will be assessed for fees submitted on the second day of each week or thereafter. Alternative payment plans are available upon request.

b. Drop-in care for unregistered children for preschool when regular school is not in session is available at $20.00 per day for first child, and $15.00 daily for each additional child.

c. Fees are based on a 48-week per year operation at the West End and Grapeland Parks preschool facilities and on a 35-week per year operation at the Douglas Park preschool facility.

d. Hours of operation shall be determined by the city manager or designee thereof.

e. For the purpose of discouraging late pickup of children, a $10.00 charge per child will be assessed for each 15-minute period beyond the designated closing time of each center. Under emergency circumstances affecting a family, fees may be adjusted for a designated period of time, subject to the approval of the director of the parks and recreation department, in order to maintain continuity of services.

(3) *After-school care.* For after-school care, a nonrefundable registration fee of $25.00 annually is required at the time of initial enrollment, and, thereafter, annually upon the anniversary of the enrollment. The weekly fee shall be $25.00, with no discounts regarding family income, for children through age nine.

(4) *Summer program.* Depending on enrollment, an eight-week summer program may be offered.

(5) *Conditions for the purchase of a slot.* Applicants agree to purchase a slot for enrollment for the operating year September—June, and agree that said fees are not subject to adjustments or refunds because of absence, illness or withdrawal of the child from the center for any reason after the program has accepted the child for enrollment.

(6) *Enrollment limited to city residents; exception.* Enrollment is limited to city residents only except that consideration may be given to nonresidents only if it has been determined that there are no pending applications by city residents to fill existing vacancies and only if such consideration will not result in the denial of any service to city residents.

(7) *Annual fees.* Beginning June 1, 1996, fees for the use of the preschool facilities of the parks and recreation department shall be established annually by the city

manager prior to June 1 and assessed effective July 1 upon consideration of the following criteria:

a. Operating expenses.

b. Reserve for improvements and major maintenance.

c. Other city financial needs.

The preschool fees shall not exceed those charged by other preschool facilities in Dade County.
(Ord. No. 11279, § 2(30-27), 7-13-95)

Secs. 38-149—38-175. Reserved.

ARTICLE V. GOLF COURSES*

DIVISION 1. GENERALLY

Sec. 38-176. Unauthorized use.

(a) No person shall enter into or upon the premises of any city-operated golf course without first having paid a greens fee or obtained written authorization from the golf course starter. Any person entering upon such golf course in violation of this section shall be deemed a trespasser, and shall be guilty of a violation of this section.

(b) The provisions of this section shall not apply to any person actually engaged at such time in official business for the city, the county, the state or the United States, nor to spectators upon a golf course during tournament play when authorized in writing by the director of the parks and recreation department or the supervisor of the golf course.
(Code 1967, § 39-13(a), (b); Code 1980, § 30-41)

Sec. 38-177. Closing hours.

(a) The closing hours for city-operated golf courses shall be from sunset in the evening to sunrise the following morning. Any person who shall enter into or upon city golf courses after such designated closing times shall be deemed a trespasser and shall be guilty of a violation of this section.

(b) The city shall establish and expose at such golf courses signs designating: "No trespassing—This golf course closed from sunset to sunrise."

(c) The provisions of this section shall not apply to any person actually engaged at such time in official business for the city, the county, the state or the United States, nor to spectators upon a golf course during tournament play when authorized in writing by the director of parks and recreation or the supervisor of the golf course.
(Code 1967, § 39-13(b)—(d); Code 1980, § 30-42)

Secs. 38-178—38-200. Reserved.

DIVISION 2. RATES AND CHARGES†

Sec. 38-201. Greens and cart fees.

(a) Any and all fees charged in connection with the use of a city-owned golf course shall be established from time to time by the city manager upon consideration of the following criteria:

(1) Current bond debt service requirements.

(2) Return on proposed or previously completed, nonbonded, capital improvement.

(3) Operating expenses.

(4) Reserve for improvements and major maintenance.

(5) Other city financial needs.

*__State law reference—__Authority of municipality to construct, maintain, operate, etc., golf courses, F.S. § 180.06(7).

†__Editor's note—__Ord. No. 12738, § 2, adopted November 3, 2005, amended division 2 in its entirety to read as herein set out. Formerly, division 2 pertained to similar subject matter and derived from the Code of 1967, § 39-13.1; Ord. No. 8728, § 1, adopted October 26, 1977; Ord. No. 8846, § 1, adopted September 28, 1978; Ord. No. 9033, § 1, adopted December 5, 1979; the Code of 1980, §§ 30-53—30-57; Ord. No. 9164, §§ 1, 2, adopted September 15, 1980; Ord. No. 9302, § 1, adopted July 23, 1981; Ord. No. 9487, § 1, adopted September 9, 1982; Ord. No. 9761, § 1, adopted December 8, 1983; Ord. No. 9895, § 1, adopted September 18, 1984; Ord. No. 9982, § 1, adopted April 11, 1985; Ord. No. 10064, § 1, adopted December 19, 1985; Ord. No. 10122, § 1, adopted July 10, 1986; Ord. No. 10178, § 1, adopted November 13, 1986; Ord. No. 10238, § 1, adopted March 13, 1987; Ord. No. 10331, § 1, adopted October 22, 1987; Ord. No. 10809, § 1, adopted November 8, 1990; Ord. No. 11331, § 2(30-57), adopted January 25, 1996.

(6) Market rates and fees charged at similar golf course facilities in the Miami-Dade County area.

(b) The schedule of fees established by the city manager as provided above may include varied pricing strategies to encourage growth of the sport.

(c) Resident discount. City residents shall be entitled to a minimum of 40 percent discount on full regular greens fees, upon presentation of identification showing city residency at the time of reservation, based upon availability of starting times. Said resident discount shall not apply in conjunction with other applicable discounts, or with special rates, or during prime starting times, which shall be posted at the golf courses, and at other such times as may be determined by the director or designee.

State tax is to be added to the fees specified above.
(Ord. No. 12738, § 2, 11-3-05)

Sec. 38-202. Exempt facilities.

The provisions contained in section 38-201, hereinabove shall not apply to those city golf course facilities operated and managed by private parties pursuant to agreements approved by the city commission. The rates, charges and discounts applicable to said facilities, or the criteria for establishing same, shall be as established by said agreements providing for the management of said facilities; said fees shall include a discount for city residents.
(Ord. No. 12738, § 2, 11-3-05)

Secs. 38-203—38-229. Reserved.

ARTICLE VI. VIRGINIA KEY BEACH PARK TRUST

Sec. 38-230. Virginia Key Beach Park Trust created.

A limited agency and instrumentality of the city to be known as the "Virginia Key Beach Park Trust" is hereby created and established. Use of the term "trust" in this article shall mean the Virginia Key Beach Park Trust.
(Ord. No. 12003, § 3, 12-14-00)

Sec. 38-231. Jurisdictional authority.

The Trust shall exercise the powers and duties set forth in this chapter over the land area described in "Attachment A," attached hereto and incorporated herein.
(Ord. No. 12003, § 3, 12-14-00)

Sec. 38-232. Purpose; powers and duties.

(a) Purpose. The trust, in cooperation with the department of parks and recreation and other city departments, shall be guided by its vision to preserve the Historic Virginia Key Beach Park (the "park") property in a manner consistent with the environmental health, public use, historical importance of the park and the aspirations of the African American community and shall propose policy, planning, and design to ensure maximum community utilization, enjoyment, and maintenance of the park as an open greenspace compatible with its historical and recreational characteristics and accessible to the public. The trust shall endeavor to promote activities and functions at the park consistent with this purpose and with the nature of the park.

(b) Powers and duties. Subject to city commission approval and compliance with the terms and conditions of any existing contractual obligations, the trust shall be empowered to take all actions necessary including, but not limited to, activities which:

(1) Protect, preserve, advocate for and ensure the retention of the deed restriction imposed upon the property known as Old County Park when deeded to the City of Miami by Miami-Dade County, which ensures public access and restricts the "land" to public park uses;

(2) Assist and advise the city commission, the department of parks and recreation, other departments and other public officials and entities concerning the park;

(3) Promote, oversee and assist in the activities of private persons and other organizations concerned for the park, and develop increased public awareness, use, and interest in Historic Virginia Key Beach Park;

(4) Assist in providing services, group tours, and information to visitors of the park, environmental and historical education, food, cultural and recreational activities and other special events;

(5) Increase public consciousness about the historic and environmental significance of the park and assist in the park's application for historic designation locally, within the state and nationally;

(6) Solicit and accept grants, contributions and financial and non-financial support from individuals, private business interests, the general public, governmental entities, corporations and organizations, foundations and other philanthropic entities;

(7) Establish partnerships and associations with other entities for the purpose of collecting and preserving historical data, memorabilia, artifacts and other material in furtherance of the trust's purpose;

(8) Implement full and active participation and cooperation with public and private entities in furtherance of the trust's purpose and the desires of the community; promote the stabilization, preservation, and restoration of existing structures; conduct land and archeological surveys; and establish historic marker designations of lost or removed structures and equipment located at the park;

(9) Participate in any other fundraising activity, whether solely involving the trust or involving partnerships with other persons or public or private organizations, which furthers the trust's purpose.

(c) Notwithstanding any provisions to the contrary, the trust shall exercise only such powers as are granted pursuant to this article.
(Ord. No. 12003, § 3, 12-14-00; Ord. No. 12857, § 2, 10-12-06)

Sec. 38-233. Governing body: composition and appointments; terms of office and vacancies; membership eligibility requirements; oath; quorum and voting; meetings; attendance requirements; indemnification.

(a) *Composition and appointments.* The trust shall consist of seven members comprised as follows:

(1) The five members of the city commission shall serve as board members ex officio.

(2) Two members appointed by the district 5 commissioner;

(3) The district 5 commissioner shall be the chair of the trust.

(4) The trust members shall be committed to its vision to preserve the Historic Virginia Key Beach Park (the "park") property in a manner consistent with the environmental health, public use, historical importance of the park and the aspirations of the African American community and shall propose policy, planning, and design to ensure maximum community utilization, enjoyment, and maintenance of the park as an open greenspace compatible with its historical and recreational characteristics and accessible to the public. The trust shall endeavor to promote activities and functions at the park consistent with this purpose and with the nature of the park.

(b) *Terms of office and vacancies.* Each member shall be the city commissioners themselves and, the D5 appointees for a term of two years or until the nominating commissioner leaves office, whichever occurs first, except that any person appointed to fill a vacancy due to the death, resignation or removal of any member of the trust shall serve only for the remainder of the unexpired term. No member shall serve more than eight consecutive years on the trust. Nothing set forth herein shall prohibit any individual from being reappointed after a hiatus of two years.

(1) The eight-consecutive year limitation contained in this subsection may be

waived for a particular trust member who has completed eight consecutive years to permit such board member to be reconsidered annually for an additional one-year term by a unanimous vote of the members of the city commission.

(c) *Membership eligibility requirements.*

(1) Each member of the trust shall reside, work, own real property or maintain a business in the city and shall be an individual of outstanding reputation for integrity, responsibility and commitment to serving the community and have a demonstrated interest in the future of the park and in implementing the vision of the trust. Appointed members are expected to participate actively in the functioning of the trust. the chairperson of the trust shall have the power to appoint all members serving on the various committees which the trust shall establish from time to time.

(2) Unless the city commission by four-fifths vote of its membership or an unanimous vote of the quorum that exists because of either abstentions or vacancies resulting from resignation, death, suspension, or physical incapacitation waives the requirement that trust members either reside in the city, own real property in the city or maintain a business in the city, any member of the trust who ceases to be a resident of the city and/or ceases to work, own real property or maintain a business in the city during the term of his or her office shall immediately advise the city clerk. The city clerk shall inform the city commission and the trust whenever a trust member has ceased to be in compliance with said membership eligibility requirements and the trust member shall be automatically removed from the trust. The city clerk shall then inform the city commission in writing that the position has been declared vacant. Upon being advised by the city clerk of such circumstances, an appointment to fill the vacancy shall be made in accordance with subparagraph (b) hereinabove.

(3) No member of the trust shall become a candidate for elective political office during his or her term. Should any member of the trust qualify as a candidate for elective political office, such qualification shall be deemed a tender of resignation from the trust, except sitting commissioners.

(4) No employee of Miami-Dade County, Florida, or any municipality therein other than city employees, shall serve on or be appointed to the trust.

(d) *Oath.* Upon the effective date of appointment, or as soon thereafter as practicable, each member of the trust shall assume the duties of a member of the trust, but before doing so, shall take the oath prescribed by section 41(e) and (f) of the City Charter.

(e) *Quorum and voting.* At all meetings of the trust, a majority of the then appointed members shall constitute a quorum for the transaction of business, and each member shall have one vote on every issue submitted to a vote of the trust. The act of a majority of the members present at a meeting at which a quorum is present shall be the act of the trust. The members of the Trust shall make and adopt bylaws and rules and regulations for the trust's governance and for the operation, management and maintenance of the park.

(f) *Meetings.* The trust shall hold regular quarterly meetings and may hold such other meetings as it deems necessary. All meetings of the trust shall be public. Written minutes of the proceedings of all actions taken at the meeting of the trust shall be maintained by the trust and shall be promptly and properly recorded and submitted to the city clerk.

(g) *Attendance requirements.*

(1) A member shall be automatically removed if, (a) in a given calendar year he or she is absent from three consecutive meetings; or (b) he or she is absent from four properly noticed meetings within eight-month period without an excused absence.

(2) The provisions of this subsection shall not apply to those individuals who are

members of city boards and who are (1) reservists in the United States Armed Forces or members of the Florida National Guard, and have been ordered to active military duty for national, state, or homeland defense and due to such duty cannot attend board meetings, or (2) employees of agencies whose services are considered essential for national, state, or homeland defense and due to such services cannot attend board meetings.

(h) *Indemnification.* The trust shall maintain officers and directors liability insurance coverage at all times, in an amount and in a form satisfactory to the city's insurance manager. To the extent such coverage does not apply, the city shall indemnify the members in the same manner and to the same extent that it indemnifies all other city advisory boards. Nothing in this section shall be construed in any way to affect the laws relating to sovereign immunity.
(Ord. No. 12003, § 3, 12-14-00; Ord. No. 12201, § 1, 3-14-02; Ord. No. 13065, § 2, 5-14-09; Ord. No. 13170, § 3, 5-13-10; Ord. No. 14114, § 2, 10-13-22)

Sec. 38-234. Executive director; appointment, term, qualifications, compensation, general powers and responsibilities.

There shall be an executive director who shall be appointed by the trust subject to city commission approval. Additionally, each successor executive director shall be similarly appointed and approved. After hiring an executive director, the trust shall submit monthly written status reports on the trust's operations and expenses to the city commission. The executive director shall be a person of good moral character and have an excellent reputation for integrity, responsibility, and business ability, but no trust member shall be eligible for appointment as executive director. The executive director shall receive such salary as shall be fixed by the trust, and approved by the city commission. The executive director shall take an oath before assuming any duties. The executive director shall act as the chief executive officer of the trust. Subject to the policy directives of the trust, the executive director shall have general supervision over and be responsible for the management and operation of all trust activities, and facilities. The executive director shall execute all contracts on behalf of the trust after approval by the trust. The executive director shall attend all meetings of the trust, shall furnish the trust a quarterly report with respect to the management, operation, and maintenance of the park, and the financial condition of the trust, and shall from time to time have prepared and shall furnish such reports, audits and other information relating to the park and to the trust as may be required by the trust or the city. In the event that the executive director is for any reason temporarily incapable of exercising the powers and performing the duties and functions of the office, the city commission may appoint an acting executive director to exercise such powers and to perform such functions and duties until such incapacity of the executive director ceases.
(Ord. No. 12003, § 3, 12-14-00)

Sec. 38-235. Employment of assistants.

Subject to the policy directives of the trust and budget limitations, the executive director may employ such assistants as are necessary to provide for the efficient operation of the trust.
(Ord. No. 12003, § 3, 12-14-00)

Sec. 38-236. Counsel.

The city attorney's office shall provide legal services to the trust as may be necessary and requested by the trust.
(Ord. No. 12003, § 3, 12-14-00)

Sec. 38-237. Approval of budget.

(a) Effective immediately, the trust shall establish a fiscal year which coincides with that of the city. The trust shall submit to the city commission, in a form acceptable to the city manager, and no later than April 1 preceding the commencement of each fiscal year, a trust budget request pertaining to management, operation, maintenance and capital expenditures and delineating the financial responsibility of the city for certain categories including but not limited to: insurance, security, utilities, capital improvements and maintenance. Nothing

contained herein shall be construed to prohibit the trust from submitting a supplemental budget to the commission for approval.

(b) No expenditure shall be made in any given year without approval by the city commission of the trust budget for that year and all expenditure shall comply with city procedures for acquisition of goods and services.

(c) In conjunction with the submission of the budget, the trust shall submit a master plan reflecting the proposed operations, activities, improvements, and maintenance plans for the forthcoming fiscal year. The city commission may review and deny any item contained in the master plan within 30 days from the date of its submission by the trust.

(d) No provision contained in this article shall be construed to violate the Anti-Deficiency Act, as set forth in sections 18-500 through 18-503 of this Code.
(Ord. No. 12003, § 3, 12-14-00)

Sec. 38-238. Annual report and audit.

(a) The trust shall submit to the mayor and city commission an annual report and an annual audit. The audit shall be performed by an external auditor who is a certified public accountant.

(b) Additionally, the city shall have the right to audit any books, accounts, expenditures, receivables, and contracts of the trust at any time.
(Ord. No. 12003, § 3, 12-14-00)

Sec. 38-239. Charge for rental of park or use of park equipment.

A charge for rental of the park or equipment use is hereby assessed on all private promoters of events or activities held at the park. Revenues from such charge shall be used to partially defray operational costs of the park. Notwithstanding any Charter or Code provision to the contrary, the trust, after consultation with the city manager, shall establish apportioned or unapportioned user fees for use of the park or park equipment. These charges shall not be applicable for those events for which contractual relationships preexist this article which have been approved by the city manager or designee.
(Ord. No. 12003, § 3, 12-14-00)

Sec. 38-240. Reservation of park use.

The park shall be reserved for community use 50 percent of the days of each fiscal year. An additional 30 days each year are reserved for use by the trust, unless the trust has existing commitments for scheduled events on the requested day(s). The trust shall be empowered to waive the park rental fee during portion(s) of such 30-day period when the park user is a bona fide nonprofit group, pursuant to Florida's General Nonprofit Corporation Act, which is exempt from federal taxation by virtue of section 501(c)(3) of the Internal Revenue Code, as amended, as being organized and operated exclusively for cultural charitable, scientific, environmental historical, testing for public safety, literary or educational purposes, or to foster national or international amateur sports competition, or for the prevention of cruelty to children or animals.
(Ord. No. 12003, § 3, 12-14-00)

Sec. 38-241. Authorization of the trust to allow the sale and/or dispensation of alcoholic beverages, including beer and wine, for special events, performances or programs; issuance of permits for special events which require extraordinary security measures or extraordinary amplification, prohibited.

(a) Notwithstanding any provision in this Code to the contrary, the trust, or its executive director, on such special occasions and for such special events, performances or programs as deemed appropriate by the trust, or its executive director, may permit, upon execution of an application/permit form and upon payment in full of the permit fee specified in section 38-70(g), the sale or dispensing of alcoholic beverages, including beer and wine, in soft containers at the park.

(b) Such sales or dispensing of alcoholic beverages, including beer and wine, are subject to compliance with all applicable state and local laws, rules, regulations and with any special conditions set forth on the application/permit form.

(c) No such permits shall be issued in connection with events of the type which requires extraordinary security measures or extraordinary amplification.
(Ord. No. 12003, § 3, 12-14-00)

Sec. 38-242. Abolition of trust.

The city commission, by an affirmative vote of three commissioners, may abolish the trust, at which time the powers and duties of the trust shall revert to the city and the city shall resume responsibility for the maintenance, operation and management of the park.
(Ord. No. 12003, § 3, 12-14-00)

Sec. 38-243. Operation of vessels, boats, and other watercraft in marked swimming area, bathing area, or exclusion/safety zone of Historic Virginia Key Beach Park.

(a) An exclusion/safety zone and "no wake zone" has been established for the designated waters of and off of Historic Virginia Key Beach Park pursuant to subsection 38-60(b).

(b) No person shall operate any motorized vessel, motorized boat, or other motorized watercraft within a swimming area, bathing area, or exclusion/safety zone area within the Historic Virginia Key Beach Park beach area which has been clearly marked by duly authorized buoys or other alternative permitted regulatory markers. Hand-propelled or foot-propelled vessels without motors and other hand-propelled or foot-propelled watercraft without motors, such as canoes, kayaks, surf boards, sail boards, kite boards, and wind-surfing boards, are permitted to be operated in a safe manner within such designated swimming area, bathing area or exclusion/safety zone within the Historic Virginia Key Beach Park beach area.

(c) The provisions of this section shall not apply to film productions that specifically request a waiver from the executive director of the Virginia Key Beach Park Trust on their film permit applications as long as such film productions:

(1) Take adequate safety precautions;

(2) Specify in their waiver requests such precautions to be taken; and

(3) Indemnify the Virginia Key Beach Park Trust, the city and their respective officers, directors, and employees for such waiver.

(4) The provisions of this section shall not apply to a "special event" (as defined in section 38-74 and section 54-1) for which a special events permit is obtained from the executive director of the Virginia Key Beach Park Trust.
(Ord. No. 13004, § 4, 6-12-08)

Sec. 38-244. Speed of vessels, boats, and other watercraft off Historic Virginia Key Beach Park.

(a) No person shall operate any vessel, boat or other watercraft off the waters of Historic Virginia Key Beach Park at a speed greater than five miles per hour within 100 feet of any person in the water.

(b) No person operating a boat, vessel or other watercraft off any part of Historic Virginia Key Beach Park beach area shall engage in a race or contest of speed with another boat, vessel, or other watercraft at any time.

(c) The provisions of this section shall not apply to races or regattas when the city commission has given permission for such races or regattas to be held.

(d) The provisions of this section shall not apply to film productions that specifically request a waiver from the executive director of the Virginia Key Beach Park Trust on their film permit applications as long as such film productions:

(1) Take adequate safety precautions;

(2) Specify in their waiver requests such precautions to be taken; and

(3) Indemnify the Virginia Key Beach Part Trust, the city, and their respective officers, directors, and employees for such waiver.

(e) The provisions of this section shall not apply to a "special event" (as defined in section 38-74 and section 54-1) for which a special events permit is obtained from the Executive Director of the Virginia Key Beach Park Trust.
(Ord. No. 13004, § 4, 6-12-08)

State law reference—Reckless or careless operation of vessels, F.S. § 327.33.

Sec. 38-245. Careless operation of vessel, boat or other watercraft.

Every person operating or navigating any vessel, boat or other watercraft in, on or under the waters off Historic Virginia Key Beach Park shall do so in a careful and prudent manner, taking into consideration the weather conditions and range of visibility, water turbulence, current, closeness to swimmers, bathers, water skiers and other boats, vessels and watercraft, and all other attendant circumstances so as not to endanger the life, limb or property of any person. Failure to operate a vessel, boat or other watercraft in such a careful and prudent manner shall constitute careless boating and a violation of this section.
(Ord. No. 13004, § 4, 6-12-08)

State law references—Similar provisions, F.S. § 327.33; operating a vessel under the influence of drugs or alcohol, F.S. § 327.35 et seq.

Sec. 38-246. Operation or use of towed flying devices, towed sailing devices or towed parachutes near beaches.

(a) It shall be unlawful for any person to tow or manipulate any person attached to any towed flying or towed sailing device or towed parachute through or over an area within 500 feet each side of the water's edge of the Historic Virginia Key Beach Park beach area below an altitude of 500 feet above the surface of the water.

(b) It shall be unlawful for any person to operate, engage in, be a passenger in or control any towed flying device, towed sailing device, or towed parachute carrying a person through or over an area within 500 feet each side of the water's edge of the Historic Virginia Key Beach Park beach area below an altitude of 500 feet above the surface of the water.

(c) The provisions of this section shall not apply to film productions that specifically request a waiver from the executive director of the Virginia Key Beach Park Trust on their film permit applications as long as such film productions:

(1) Take adequate safety precautions;

(2) Specify in their waiver requests such precautions to be taken; and

(3) Indemnify the Virginia Key Beach Park Trust, the city and their respective officers, directors, and employees for such waiver.

(d) The provisions of this section shall not apply to a "special event" (as defined in section 38-74 and section 54-1) for which a special events permit is obtained from the executive director of the Virginia Key Beach Park Trust.
(Ord. No. 13004, § 4, 6-12-08)

Sec. 38-247. Launching of motorized vessels, motorized boats and motorized other watercraft from Historic Virginia Key Beach Park property.

It shall be unlawful for any person to launch any motorized vessel, motorized boat or other motorized watercraft into the waters of and off of Historic Virginia Key Beach Park, unless the launching takes place at a marina, or from a boat ramp provided by Historic Virginia Key Beach Park.
(Ord. No. 13004, § 4, 6-12-08)

Sec. 38-248. Establishing an environmental education zone in connection with prohibitions regarding expanded polystyrene products in Historic Virginia Key Beach Park.

(a) Legislative intent. The city owns and the Virginia Key Beach Park Trust operates, manages, and strives to preserve the positive

environmental qualities of Historic Virginia Key Beach Park, including its recreation facilities, open spaces, trails, parking facilities, bath houses, concession facilities, other amenities, and beaches therein, which are important to the public health, safety, welfare, and economy of the city and the surrounding communities. The city and the Virginia Key Beach Park Trust desire to further preserve the positive environmental qualities of its parks and recreation facilities, including its beaches therein, by encouraging the use of reusable, recyclable, or compostable alternatives to polystyrene containers.

(b) Section 38-78 of this Code shall apply to Historic Virginia Key Beach Park and the city manager and the executive director of the Virginia Key Beach Park Trust shall work together to promulgate rules and regulations to enforce and administer the provisions of section 38-78 and this section 38-248 of the Code.

(c) An upland "environmental education zone" is hereby established throughout Historic Virginia Key Beach Park to facilitate the education of visitors regarding environmental considerations and the prohibitions regarding expanded polystyrene products and to encourage the use of reusable, recyclable, or compostable alternatives to polystyrene containers. The city manager, the Virginia Key Beach Park Trustees, and the executive director of the Virginia Key Beach Park Trust shall work together to develop educational programs and projects for the environmental education zone.
(Ord. No. 13681, § 2, 5-25-17)

ARTICLE VII. MIAMI BAYWALK GREENWAY ALONG BISCAYNE BAY

Sec. 38-249. Miami Baywalk Greenway along Biscayne Bay.

(a) The designation of the "Miami Baywalk Greenway along Biscayne Bay" (sometimes referred to as "Baywalk Greenway") creates and identifies the waterfront baywalk along Biscayne Bay, as well as recognizes the Baywalk Greenway as a linear public-private park under the city's park inventory, subject to certain restrictions and in no way impacting private property rights consistent with all applicable laws and existing regulations. The Miami Baywalk Greenway along Biscayne Bay is to be located on public lands and, as described herein, on private lands.

(b) Public rights-of-way may be included within the Baywalk Greenway, but not part of the city's park inventory.

(c) Public access on the designated Baywalk Greenway will be provided as agreed to and determined by the city and consistent with all established laws and regulations.

(d) Inclusion of land within the Baywalk Greenway shall not affect or change the taxable nature of the land.

(e) The land within the Baywalk Greenway shall not be utilized towards the city's no net loss policy for public park land.

(f) Park impact fees shall not be used for the Baywalk Greenway.

(g) The planting of mangroves along the Baywalk Greenway is prohibited.
(Ord. No. 14059, § 2, 4-14-22)

Sec. 38-250. Same—Boundary.

The boundary of the Miami Baywalk Greenway along Biscayne Bay shall include that portion of land of participating properties immediately abutting and contiguous to Biscayne Bay starting at the northern city limit at approximately Northeast 87th Street to a point of connection to the state established Miami River greenway, then south along Biscayne Bay to the southwestern city limit along North Prospect Drive. The boundary width of the Baywalk Greenway shall be the entire waterfront setback as described in the City Charter.
(Ord. No. 14059, § 2, 4-14-22)

Sec. 38-251. Applicable law and existing regulations.

The Miami Baywalk Greenway along Biscayne Bay waterfront standards and design regulations are governed by the following established law:

(1) Subsection 3(mm) of the Charter of the City of Miami, Florida, as amended; and

(2) The Miami Comprehensive Neighborhood Plan ("MCNP"), including but not limited to the goals and policies contained within the Parks, Recreation and Open Space; Transportation; and Coastal Management; and

(3) Section 3.11 of the Miami 21 Code, titled "Waterfront Standards"; and

(4) Appendix B of the Miami 21 Code, titled "Waterfront Design Guidelines"; and

(5) Article III, Section 33D-38 of the Miami-Dade County Code of Ordinances, as amended; and

(6) Any other law applicable to the Baywalk Greenway area.

(Ord. No. 14059, § 2, 4-14-22)

Sec. 38-252. Private lands within the Miami Baywalk Greenway along Biscayne Bay.

In accordance with those authorities granted in the City Code, the city manager is hereby authorized to seek to acquire by gift or purchase the fee simple interest or any lesser interest in land, including easement(s), agreement(s), covenant(s), or such other legal instrument(s), in a form acceptable to the city attorney, from a private landowner for that portion of land included within the boundaries of the Miami Baywalk Greenway along Biscayne Bay. Compliance with this section does not negate compliance with the regulations enumerated in section 38-251 above.
(Ord. No. 14059, § 2, 4-14-22)

Sec. 38-253. Voluntary proffer by private landowner.

Any new development of a property subject to the regulations described in section 38-251 that seeks permitted modification(s) from any of the established design standards related to the regulations enumerated in section 38-251 shall provide to the city, prior to issuance of any building permit, an agreement, covenant, easement, or other legal instrument approved by the city attorney, acknowledging the applicable local ordinances, requirements to maintain such area, the requirement to provide public access during codified time periods, and that said area is deemed part of the Miami Baywalk Greenway along Biscayne Bay. In the event that an existing development subject to the regulations described in section 38-251 obtained the necessary approvals for any modification(s) from any of the established design standards related to the regulations enumerated in section 38-251 and the improvements have been completed where public access along the waterfront pathway already exists, said area shall be included in the Miami Baywalk Greenway along Biscayne Bay and the city manager shall seek to acquire an agreement, covenant, easement, or other legal instrument approved by the city attorney. Compliance with this section does not negate compliance with the regulations enumerated in section 38-251 above.
(Ord. No. 14059, § 2, 4-14-22)

Sec. 38-254. Identification signage.

Any identification signage which is required as part of the design regulations shall identify the Miami Baywalk Greenway along Biscayne Bay.
(Ord. No. 14059, § 2, 4-14-22)

Sec. 38-255. Enforcement.

The rules and regulations established by this article will be enforced by the department of parks and recreation, the police department, the department of resilience and public works, and pursuant to the provisions established in chapter 2 of the City Code. Use of one means of enforcement shall not preclude the use of any other remedies.
(Ord. No. 14059, § 2, 4-14-22)

ARTICLE I. IN GENERAL

Secs. 39-1—39-25. Reserved.

ARTICLE II. SIDEWALK AND STREET VENDORS

Sec. 39-26. Definitions.

For the purposes of this article:

Business tax receipt (BTR) as defined in Chapter 31 of the City of Miami Code.

Civic center special vending district is defined as all public rights-of-way within that area bound by and including both sides of Northwest 12th Avenue on the east, Northwest 14th Street on the north, Northwest 12th Street on the south, and Northwest 14th Avenue on the west.

Department of health is defined as the Dade County department of public health.

DDA is defined as being the Downtown Development Authority of the City of Miami.

Director is defined as the director of the department of resilience and public works.

Downtown Miami special vending district is defined as all public rights-of-way within that area generally commensurate with the boundaries of the Miami Downtown Development Authority, but more specifically described as that area bounded on the east by Biscayne Bay, except between Northeast 17th Street and Northeast 24th Street; on the north by the commercial corridors along Biscayne Boulevard from Northeast 17th Street to Northeast 24th Street; on the west by the Florida East Coast Railway from Northwest 17th Street, Northwest Fifth Street, then west along Northwest Fifth Street to Northwest Third Avenue to West Flagler Street, then west along Flagler Street to the Miami River, then east to the Metrorail guideway; and on the south by Southeast 15th Road; but shall exclude the area comprising the Miami Arena Special Vending District. Said district shall be subdivided into three areas for purposes of awarding franchises and setting franchise fees: area A, which shall consist of Flagler Street between Biscayne Bay and the Miami River; area B, which shall consist of Northeast/Northwest First Street and Southeast/Southwest 1st Street between Biscayne Bay and the Miami River; and area C, which shall include those areas north and south of areas B as follows: the northern segment of area C shall consist of that area bounded on the south by Northeast/Northwest Second Street, on the North by Northeast/Northwest 24th Street, on the west by the Miami River and on the east by Biscayne Bay, but shall not include the area comprising the Miami Arena Special Vending District; the southern segment of area C shall consist of that area bounded on the North by Southeast/Southwest Second Street, on the east by Biscayne Bay, on the west by the Miami River and Southwest Third Street, and on the south by Southeast/Southwest 15th Road.

Executive director is defined as the executive director of the Downtown Development Authority of the City of Miami.

Extended sidewalk is defined as sidewalk either at an intersection or midblock which has been approximately doubled in width to occupy a former parking lane.

Flowers, plants and produce means freshly cut flowers and fresh fruits and vegetables but does not include consumable hemp or cannabis products.

Food is defined as solid food and beverages allowed to be sold in accordance with this article.

Franchise is defined as the exclusive right to vend in a special vending district pursuant to the provisions of sections 39-33, 39-34, and 39-37.1.

Franchise document or *franchise permit* is defined as a document provided by the executive director or director to evidence the right granted pursuant to sections 39-33, 39-34, and 39-37.1 to exclusively vend in a specified vending zone.

Franchise period is defined as the time, which shall be one year, (except for the inaugural franchise period for the Biscayne Boulevard special vending district, which shall be until September 30, 2001), a vendor may be granted the franchise for a specific vending zone.

Licensee is defined as any person or business entity which has been issued or controls one or more licenses to conduct vending activity in the city.

Mobile food dispensing vehicle means any vehicle that is a public food service establishment and that is self-propelled or otherwise movable from place to place and includes self-contained utilities, including, but not limited to, gas, water, electricity, or liquid waste disposal or as defined in F.S. § 509.102, as amended.

Mobile sales vendor means any person engaged in retail sales from a motor vehicle, other than a mobile food dispensing vehicle, that sells consumer products and is self-propelled or otherwise movable from place to place and includes self-contained utilities, including, but not limited to, gas, water, electricity, or liquid waste disposal.

Motor vehicle is defined as any vehicle used for the displaying, storing, or transporting of articles offered for sale by a vendor, which is required to be licensed and registered by the department of highway safety and motor vehicles.

Open flame is defined as being a heat source which consists of a visible flame or which produces smoke at any time.

Open flame cooking is defined as the cooking of food utilizing a heat source which consists of a visible flame or which produces smoke during the cooking process.

Person is defined as any natural individual, firm, trust, partnership, association, or corporation, in his/her or its own capacity or as administrator, conservator, executor, trustee, receiver, or other representative appointed by a court. Whenever the word "person" is used in any section of this article prescribing a penalty or fine as applied to partnerships or associations, the word shall include the partners (both general and limited) or members thereof, and such word as applied to corporations shall include the officers, agents, or employees thereof who are responsible for any violation of said section.

Planning sticker is defined as the sticker issued by the planning, building and zoning department pursuant to section 39-34(7).

Posted notice lottery is defined as a lottery with notice to be given solely by the posting of at least four signs in each of the city's special and restricted zoning districts, with the exception of the arcade and Miami Arena vending districts, at least 30 days prior to the lottery date.

Pushcart is defined as a wheeled vehicle propelled solely by a single human.

Qualified vendor is defined as any vendor who successfully completes prequalification of his, her or its application for a vending zone; including pushcart certification and proof of all required licenses and permits.

Restaurant arcade vending zone is defined as the ground level public right-of-way sidewalk area under a restaurant arcade, and shall include any widened area of such sidewalk which may extend beyond and parallel to the street side of such restaurant arcade.

Right-of-way is defined as land dedicated, deeded, used or to be used for a street, alley, walkway, sidewalk, boulevard, drainage facility, access for ingress or egress, or other purpose by the public, certain designated individuals of governing bodies.

Special vending districts are designated pursuant to the provisions of section 39-33 and 39-35.

Stand is defined as any table, showcase, bench, rack, pushcart, or any other wheeled vehicle or device which may be moved without the assistance of a motor and which is not required to be licensed and registered by the department of highway safety and motor vehicles, used for displaying, storing, or transporting of articles offered for sale by a vendor.

Stationary vending is defined as any vending from a fixed location using a stand.

Street as used herein includes any primary accessway such as a street, road, lane, highway, avenue, boulevard, parkway, circle, court, terrace, place, or cul-de-sac, and also includes all of the land lying between the right-of-way lines as delineated on a plat showing such streets, whether improved or unimproved.

Vending is defined as the act of selling, offering for sale, transferring, or offering to transfer food, merchandise or services to another for pecuniary gain including, but not limited to, in a special vending district or vending district.

Vending year is defined as the one-year calendar period from October 1 to September 30.

Vending zone is defined as a rectangular area within a restricted vending district where vending is permitted pursuant to this article; said vending zone to be delineated by markings on the sidewalk delineating a rectangle within the limits of which a vending pushcart may be placed.

Vendor is defined as any person engaged in the selling, or offering for sale, of food, beverages, services, or merchandise on the public streets, or sidewalks from a stand or motor vehicle or from his/her person.

Vendor location is defined as a sidewalk area, within a vending zone, which has been selected and identified by the resilience and public works department as the specific vendor site(s) at which all vending in that zone shall occur.

Wholesale peddler is defined as any person who sells or offers for sale any goods, wares, or merchandise to any person engaged in the business of selling at retail in the city, or to any person for the purpose of resale within the city, or to any drugstore, soda fountain, restaurant, cafeteria, hotel, club or tearoom within the city, from a wagon, truck, auto, pushcart or by any other means, operating in or upon the streets of the city in other than a licensed place of business. Such term shall not apply to a wholesale automobile accessories dealer.

Written matter is defined as newspapers, periodicals, books, pamphlets or other similar written matter.

(Ord. No. 9880, § 1, 9-13-84; Ord. No. 10045, § 1, 9-26-85; Ord. No. 10479, § 1, 9-8-88; Ord. No. 10499, § 1, 10-27-88; Ord. No. 10660, § 1, 10-12-89; Ord. No. 10855, § 1, 3-14-91; Ord. No. 10891, § 1, 6-20-91; Ord. No. 11169, § 2, 7-26-94; Ord. No. 11212, § 3(39-11), 1-12-95; Ord. No. 11249, § 2, 4-27-95; Code 1980, § 39-11; Ord. No. 12002, § 2, 12-14-00; Ord. No. 13105, § 2, 10-8-09; Ord. No. 13676, § 2, 4-27-17; Ord. No. 13792, § 1, 10-11-18; Ord. No. 13947, § 2, 12-10-20; Ord. No. 14163, § 2, 4-27-23; Ord. No. 14182, § 2, 6-8-23; Ord. No. 14282, § 2, 5-9-24)

Sec. 39-27. Intent of article.

The intent of this article is to regulate vending on streets, rights-of-way and publicly owned parking facilities within the corporate limits of the city.

(Ord. No. 10891, § 1, 6-20-91; Code 1980, § 39-11.1)

Sec. 39-28. BTR required.

It shall be unlawful to sell, or offer for sale, any food, beverage, service or merchandise on any street, alley, sidewalk, or public park within the city from any wagon, truck, auto, pushcart, vehicle or by any other means upon the streets, sidewalks, or alleys of the city until the proper BTR has been issued by the city manager or designee, at which time a metal or plastic tag shall be furnished, upon which tag shall be the words describing the kind of vendor, and the year for which the BTR is paid. Such tag shall be, at all times during the period for which the BTR is paid, securely affixed and attached in a conspicuous place on the left side and upon the stand, wagon, truck, auto, pushcart, or other vehicle used in the business by the vendor or wholesale peddler.

(Ord. No. 9880, § 1, 9-13-84; Code 1980, § 39-12; Ord. No. 13105, § 2, 10-8-09; Ord. No. 13745, § 3, 2-22-18)

Editor's note—Ord. No. 13105, § 2, adopted Oct. 8, 2009, changed the title of § 39-28 from "License required" to "BTR required." The historical notation has been preserved for reference purposes.

Charter reference—Authority of city to license, regulate peddlers, § 3(gg).

City Code cross reference—License fees for peddlers, § 31-50.

Sec. 39-29. License not applicable in certain areas of the city during certain time periods.

BTR issued under the provisions of chapter 31 to vendors shall not be applicable within certain areas of the city designated by the city manager during specific time periods designated for

authorized special events. The areas so designated shall not encompass more than five percent of the total land area of the city; the total of the time periods so specified shall not exceed 30 days in any fiscal year.
(Ord. No. 9880, § 1, 9-13-84; Code 1980, § 39-13; Ord. No. 13105, § 2, 10-8-09)

Sec. 39-30. Applications.

The BTR required by section 39-28 shall be issued in accordance with chapter 31, of the City Code. The initial application for a vendor's BTR shall include, in addition to the information required in section 31-35:

(1) Name, home and business address of the applicant and the name and address of the owner, if other than the applicant, of the vending business, stand, or motor vehicle to be used in the operation of the vending business.

(2) A description of the type of food, service, or merchandise to be sold.

(3) A description and photograph of any stand or motor vehicle to be used in the operation of the business, including the license and registration number of any motor vehicle used in the operation of the business. Photograph shall be of standard motor vehicle in operational mode.

(4) Three two-inch by two-inch prints of a full-face photograph, taken not more than 30 days prior to the date of the application, of any person who will sell, or offer for sale, any food, service, or merchandise on any street or sidewalk within the city.

(5) A certificate of inspection, as required by section 39-42.

(6) No BTR is allowed for stationary vending in the in the public right-of-way except for applicants who will be operating in a defined special vending district.

(Ord. No. 9880, § 1, 9-13-84; Code 1980, § 39-14; Ord. No. 13105, § 2, 10-8-09; Ord. No. 14163, § 2, 4-27-23)

Sec. 39-31. Issuance.

Not later than 30 days after the filing of a completed application for a vendor's license, the applicant shall be notified by the city manager or designee for the decision on the issuance or denial of the BTR. Failure of the city manager or designee to place notification of said decision in the mail or personally notify the applicant with acknowledgment shall require immediate issuance of the requested license to the applicant. The resilience and public works director or designee shall consider the standards set forth in sections 39-32 through 39-43, in determining whether to recommend to the city manager or designee that a BTR be issued. If the issuance of the BTR is approved, the city manager or designee shall issue the BTR. If the BTR is denied, the applicant shall be provided with a statement of the reasons therefor, which reasons shall be entered in writing on the application. The applicant shall be entitled to a hearing, pursuant to section 39-46. A BTR issued pursuant to this action is valid for a period as prescribed in section 31-37.
(Ord. No. 9880, § 1, 9-13-84; Code 1980, § 39-15; Ord. No. 13105, § 2, 10-8-09; Ord. No. 13745, § 3, 2-22-18; Ord. No. 13792, § 1, 10-11-18)

Sec. 39-32. Vending prohibited in certain locations.

Vending, but not peddling, is prohibited in the following locations:

(1) Within special vending districts except within designated vending zones of said areas.

(2) From a public parking lot, metered or unmetered parking space, on-street parking space, or loading zone.

(3) Within 500 feet of any property used for school purposes (preschool, elementary, secondary) on all school days between the hours of 7:00 a.m. and 4:30 p.m.*

(4) On any combination sidewalk and curb width less than six feet in width.

*__County Code cross reference—__Similar provisions, § 21-27.1.

(5) Within five feet of the entranceway to any building.

(6) Within 100 feet of any driveway entrance to a police or fire station, or within 20 feet of any other driveway.

(7) Within 20 feet of any bus stop zone.

(8) Within five feet of the pedestrian crosswalk at any intersection, or designated pedestrian crossing point.

(9) Within ten feet of any handicapped parking space, or access ramp.

(10) Within 20 feet of a sidewalk cafe permitted pursuant to chapter 54 of the City Code.

(11) Within the boundaries of the Wynwood Business Improvement District.

(12) Within the boundaries of the Coconut Grove Business Improvement District.

(13) Within the right-of-way abutting a T3 transect zone.

(14) Stationary vending is prohibited on any public right-of-way other than those located and licensed in a defined special vending district, as allowed.

(15) Within the right-of-way abutting properties located in the Miami Design District Retail Street Special Area Plan, except when expressly permitted by Appendix F of the Miami 21 Code, including any associated development agreements, and following the issuance of any required permits.

(Ord. No. 9880, § 1, 9-13-84; Ord. No. 10045, § 1, 9-26-85; Ord. No. 10499, § 1, 10-27-88; Ord. No. 10660, § 1, 10-12-89; Ord. No. 10891, § 1, 6-20-91; Ord. No. 11212, § 3(39-16), 1-12-95; Code 1980, § 39-16; Ord. No. 13947, § 2, 12-10-20; Ord. No. 14163, § 2, 4-27-23; Ord. No. 14282, § 2, 5-9-24)

Sec. 39-33. Limitations within the Downtown Miami special vending district.

Vending within the Downtown Miami vending district shall be subject to all generally applicable rules and regulations in this article except as contrarily and specifically provided below:

(1) No merchandise shall be vended or displayed other than:

a. Prepackaged foods, as defined by 61C-4.009, Florida Administrative Code (1994), as amended, of the snack food type.

b. Prepared foods including, but not limited to: ice cream, baked goods, fresh fruit and the like.

c. Unprepared foods including, but not limited to: hot dogs, crepes and the like.

d. Plants and flowers including, but not limited to: fresh cut or dried flowers or potted plants and the like.

(2) Vending of merchandise shall be prohibited from any type of vehicle or stand other than a pushcart of the specific types and construction shown and described on composite "exhibit B," attached to Ordinance No. 11212. Pushcarts satisfying said criteria may be purchased by the DDA utilizing fees collected from vending zone franchises and may be leased to the franchisees at lease rates to be determined by the DDA. Vendors shall not be precluded from using non-DDA provided equipment or pushcarts. However, said materials shall satisfy the above criteria and be inspected and certified by DDA as having complied with this section.

(3) No merchandise, supplies, containers or any other items related to the vendor shall be placed anywhere within the public right-of-way other than on or concealed within the pushcart, with the exception of one folding chair or wooden stool of a type approved by the DDA.

(4) No vendor or entity shall own, operate, hold or control a local business tax receipt for more than one pushcart in the herein district.

(5) Vending zones.

a. Assignment of vendors to specific vending zones.

1. Franchise rights.

i. Vending in vending zones within the Downtown Miami special vending district shall be the subject of inquiries from duly licensed vendors willing to pay for the franchise right to vend exclusively from a specifically identified vending zone, subject to applicable rules, regulations, ordinances and statutes governing vending. There shall be a monthly franchise fee of $100.00 for area A, $50.00 for area B, and $20.00 for area C. As a condition precedent to the granting of a franchise, the first full monthly payment and any partial month preceding the first full month, pro rated, shall be paid at the time the franchise is granted. Each succeeding monthly payment shall be paid by the franchisee, at the office of the DDA, on the first day of each month (on the following Monday if the first is on weekend, and the next day if the first is on a national holiday which closes City of Miami offices on such Monday). Payments shall be made by cashier's check, bank-certified funds, or money order payable to the City of Miami.

Failure to tender required payments on the dates specified shall invalidate said franchise award and vacate the vending zone.

b. Location of vending zones.

1. There shall be a maximum of 75 vending zones in this district, with 25 allotted to each of those areas to be known as A, B, and C. Vending zones shall be delineated by the DDA in cooperation with the resilience and public works department based upon the following criteria:

i. Vending zones shall be located in areas where the sidewalk width is sufficient to accommodate regular daily peak-hour pedestrian flow plus the six-foot sidewalk width necessary for the vending zone, with a minimum of friction and pedestrian inconvenience.

ii. Vending zones shall, whenever possible, be located where the sidewalk and curb have been extended into the street forming a pedestrian peninsula.

iii. Along the streets, where the sidewalk does not meet the above criteria, vending zones may be located in areas of the sidewalk constricted in width by existing utility poles, benches, signposts, trees, and similar permanent obstructions.

iv. Vending zones shall conform to all limitations listed in section 39-32 except as contravened in this section.

v. Vending zones shall be limited to no more than ten percent of the linear frontage of each block. Priority shall be given to qualified areas near street corners and major nonresidential building entrances. Said zones shall have a minimum distance separation from one another of 50 feet.

2. No vending shall be permitted within the Downtown Miami special vending district except within the sidewalk areas specifically designated on the official map attached to Ordinance No. 11212 as composite "Exhibit A." Said vending maps, as amended, shall be the official vending zone locator for this district and shall be kept in the office of the city clerk with certified copies being furnished to the executive director, the director, and the city manager's office or its designated city department.

3. Substitute locations amending said map may be considered and approved by the executive director on a case-by-case basis if such locations are in compliance with all the provisions of this article and other applicable regulations. The revised location map shall be immediately filed with the city clerk and copies sent to the director and the city manager's office or its designated city department.

4. Vending zones may also be eliminated.

5. Eliminations or substitutions shall be based on findings by the executive director or director that such action is war-

ranted on health and safety grounds, or necessitated by rights-of-way improvement or private or public construction activity.

c. Lottery.

1. The DDA shall establish and the executive director shall supervise a lottery system whereby those persons possessing, as conditions precedent to participating in the lottery, valid and appropriate state licenses (upon required inspections, from the state department of business and professional regulation for the sale of prepared food, and/or the state department of agriculture for the sale of prepackaged food, or their successor agencies), an local business tax receipt, appropriate state and local sales tax certificates and DDA pushcart certification shall be publicly chosen by chance for vending zones in this district. The executive director, the city manager's office or its designated city department shall assign each vending zone a number corresponding to a location on the appropriate vending map. All qualified vendors shall have their names placed into containers for a public drawing by the executive director or his or her designee to determine which location shall serve as the vending zone for each vendor for the franchise period. At the conclusion of the franchise period all franchise rights shall end and all franchises shall be subject to a new lottery.

2. The DDA is authorized and directed to annually issue a "Notice of Street Vending Franchise Opportunities in Downtown Miami." Said notice for each franchise period shall be publicly advertised in a newspaper of general circulation approximately 60 days prior to each franchise period and shall indicate the pending availability of exclusive vending zones in the district, and the terms of such availability, including the date, place and time of the lottery. Notices as for a posted notice lottery may also be given, but shall be considered courtesy notice only.

3. Utilizing the standards and criteria set forth in this article, the DDA may promulgate such reasonable supplementary rules, regulations and/or procedures as are necessary to implement and effectuate the herein lottery and vending zone assignment process, which shall include participation by a representative of the Downtown Miami Partnership. Said supplementary rules, regulations and procedures shall be filed with the city clerk, and also made available at the DDA and the city manager's office or its designated city department.

4. For vending zones which may become available during the franchise period due to vacancy, abandonment or executive director's or director's action, the executive director may specify the date, time and place for the holding of a special lottery for such designated vending zone(s), and shall publicly advertise said information as for a posted notice lottery.

5. All franchise documents are nontransferable. Sale of a majority of stock in a corporate franchise by stockholders listed on the franchise application or sale of a majority interest in a partnership as listed on the franchise application shall be deemed a transfer of the franchise, which is prohibited. The franchise document shall be in the possession of the vendor and immediately accessible at all times, and shall be displayed to a police officer or code enforcement officer upon request. Failure to immediately provide this document, along with a valid local business tax receipt, the pushcart certification required by subsection (2) of this section, sales tax certificate(s) required by subsection (16) of this section, and appropriate current state inspection license(s) shall be grounds for immediate removal of the pushcart from the vending zone and district, suspension of the franchise and initiation of local business tax receipt and franchise revocation proceedings by the executive director or city manager's office or its designated city department.

6. Franchises awarded pursuant to this section shall be subject to section 39-29. Furthermore, the award of a franchise pursuant to this section does not grant or infer vested rights to the use of the public rights-of-way by the franchisee.

7. Any vending zone or franchise document issued pursuant to this section shall be subject to modification by ordinance at any time deemed necessary by the city commission. Vending in any vending zone may be temporarily suspended or relocated by the director upon reasonable notice when private or public construction or activities or health and safety concerns of the director make it unsafe or impractical to allow vending in that vending zone. Such suspension(s) which last for a continuous or cumulative period in excess of five days of a franchise period shall result in a pro rata refund of the lottery franchise fee paid by the franchisee who is the subject of such suspension. No other payments or compensation shall be owed by the city or due the franchisee as a result of such suspension(s). A vendor so dispossessed may, if possible, be offered a substitute vending zone by the executive director without the necessity of lottery proceedings. Said new location shall be valid for the balance of the time remaining on the vendor's franchise document for that franchise period, or until the vendor's original franchise is again available, whichever date or event occurs first. If a substitute location is accepted by the vendor the refund shall be only for the actual days of suspended operation, and shall not include the assigned day(s) of operation in the substitute location.

8. Vending activity voluntarily terminated, or suspended or revoked due to unauthorized absence or other violations of this article or otherwise violating the Code of the City of Miami, Dade County or general law shall not be the basis for any pro rata refund of a

franchise fee. Revocation of franchise documents based on voluntary termination, unauthorized absences or violations shall result in a forfeiture of the entire franchise fee.

d. Limitations within vending zones.

1. There shall be no more than one vendor permitted to operate within each vending zone.
2. Each vendor shall be permitted to operate within only one vending zone.
3. Each vending zone shall approximate the size of the specific pushcart permitted within said vending zone and shall be clearly marked on the sidewalk.
4. Vending pushcarts shall be, at all times, positioned so that their longest side is parallel to the street curb.

e. All participants in lottery proceedings pursuant to this section shall submit, as a condition precedent to participating, a copy of an appropriate valid local business tax receipt, certification from the DDA that the pushcart which is to be used in this district has been issued a document evidencing compliance pursuant to subsection (2) of this section, sales tax certification pursuant to subsection (16) of this section and the appropriate state license pursuant to subsection (20) of this section.

f. Unauthorized absence from a designated vending zone shall constitute a basis for suspension and revocation of a franchise document. Upon certification by the executive director or the city manager's office or its designated city department that a vending zone has been unoccupied for a continuous period of 15 days for reasons other than those mentioned in subsection (5)c.5 of this section or section 39-29, the executive director or city manager's office or its designated city department shall notify the vendor of the intent to revoke the vendor's franchise unless clear evidence of vending activity during the 15-day period in question is provided to the executive director or city manager's office or its designated city department. Subsequent to ten-day notice mailed by certified mail to the address shown on the vendor's lottery application form, the executive director shall conduct a hearing and may revoke the vending franchise and reward the franchise to a different vendor, pursuant to a posted notice lottery, for the balance of that franchise period. The vendor subject to such revocation may appeal said decision in the same manner provided in section 54-230. An appeal shall not stay an order banishing a pushcart or franchisee.

g. Any franchisee incurring three written notices of violation of this article within a two-year period shall be the subject of the following franchise revocation proceedings:

1. When violations occur, the franchisee shall be notified by the executive director, his/her designee, or the city manager's office or its designated city department in person or via certified mail. The first violation notice or citation shall be a reprimand; the second violation notice or citation shall be a warning; the third violation notice or citation shall result in an automatic revocation of franchise document, immediate removal of the franchisee's pushcart from the district, and banishment of the violator from the district for a period of one calendar year.

2. Revocations may be appealed in the same manner provided in section 54-230. An appeal shall not stay an order to remove a pushcart or banish a franchisee from the district.

h. A franchisee may voluntarily relinquish a franchise through written, notarized notification to the executive director, specifying an effective date. On said date the subject vending zone shall be automatically reclassified as vacant, and subject to reassignment in a special lottery. The relinquishing franchisee shall be ineligible to participate in any lottery in that specific special vending district for the balance of that franchise period.

(6) All goods for sale other than those on display must be stored within the structure of the pushcart and shall not be visible to the general public.

(7) It shall be unlawful for any vendor to use any noise making device to solicit customers.

(8) Pushcarts shall not be chained or otherwise affixed to trees, lightpoles, sign stanchions or any other object in the right-of-way.

(9) Pushcarts shall be required to be in their vending zone between the hours of 9:00 a.m. and 6:00 p.m. on a weekday and between the hours of 10:00 a.m. and 6:00 p.m. on a Saturday or Sunday.

(10) Vending shall be prohibited within eight feet of the entranceway to any building, and within 50 feet of the entranceway to any church, synagogue or other place of worship.

(11) No open flame cooking shall be permitted.

(12) Vending zones shall not be occupied exclusively by a selected vendor pursuant to this section until July 1, 1995. Said date shall initiate the inaugural franchise period for the Downtown Miami special vending district.

(13) Fees collected under this subsection are for franchises granted for the exclusive right to use a portion of the public right-of-way, and are in addition to other permit fees and local business taxes imposed by law.

(14) All franchise fees collected pursuant to this section shall be placed in a special account established for the Downtown Miami special vending district by the City of Miami's director of finance, and shall be utilized exclusively by the executive director, upon approval of the DDA board of directors, for the administration of this district, its management services and purchase or replacement of pushcarts and/or related equipment.

(15) The executive director shall design and distribute to those awarded a vending zone a franchise document identifying the person or entity chosen by lottery, the specific location where said person or entity is to be allowed to vend exclusively during the vending period, and the duration of such entitlement.

(16) Except as otherwise provided in this section all franchise documents issued for vending activity within the district shall be valid for a period of one year or, in the case of special lottery franchisees, the balance of the franchise period. Prior to the expiration date (September 30 of each year), vending zones shall once again be awarded pursuant to the lottery requirements of this section. The reallocation and assignment of vending zones shall become effective on October 1 of each year and no vendor shall be allowed to occupy the same vending zone for two consecutive franchise periods.

(17) All franchise documents issued for vending activity in this district shall only be valid during one franchise period, and shall expire on the expiration date shown on the franchise document and records of

the executive director. Upon such expiration the vendor's exclusive right to such vending zone shall terminate, and vending rotation rights shall once again be awarded pursuant to the lottery procedures of this section.

(18) Liability and insurance.

a. Prior to the issuance of a franchise document, the vendor shall furnish the executive director with a signed statement that said vendor shall hold harmless and indemnify the city and DDA and their officers and employees for any claims for damages to property or injury to persons which may be occasioned by any activity carried on under the terms of the franchise document and associated local business tax receipt.

b. Prior to the issuance of a franchise document, said vendor shall also furnish proof of and maintain such public liability and property damage from all claims and damage to property or bodily injury, including death, which may arise from or in connection with operations under the franchise document and associated local business tax receipt. Such insurance shall provide coverage of not less than $500,000.00 for bodily injury, and property damage respectively per occurrence. Such insurance shall be without prejudice to coverage otherwise existing and shall name as additional insured the city and DDA and their officers and employees, and shall further provide that the policy shall not terminate or be canceled for any reason, prior to the completion of the franchise period without 45 days' written notice to the risk management division of the department of fire-rescue or its successor, the executive director and the director of resilience and public works of the city at the addresses shown in the franchise document.

(19) Sales tax certification. Prior to the issuance of a franchise document, the vendor shall also furnish original evidence of a valid certificate of resale or equivalent document from the Florida Department of Revenue and Metropolitan Dade County, if applicable, evidencing that the vendor and the specific vending activity authorized by said franchise document have been permitted by said tax collection entities to the extent mandated by law. Franchisee(s) shall furnish upon demand, evidence that the herein requested certificate of resale or equivalent document is current. Failure to maintain said certification shall constitute a basis for suspension and/or revocation of a franchise document.

(20) State license inspection and certification. Prior to issuance of a franchise document, the vendor shall also furnish original evidence of a valid license issued, upon inspection, by the state department of business and professional regulation (for vending prepared food, as defined by state regulations) and/or the state department of agriculture (for vending prepackaged food, as defined by state regulations).

(Ord. No. 9880, § 1, 9-13-84; Ord. No. 10479, § 1, 9-8-88; Ord. No. 10633, § 1, 9-14-89; Ord. No. 10805, § 1, 10-25-90; Ord. No. 10891, § 1, 6-20-91; Ord. No. 11212, § 3(39-17), 1-12-95; Ord. No. 11249, § 2, 4-27-95; Code 1980, § 39-17; Ord. No. 11288, § 2, 7-13-95; Ord. No. 12885, § 1, 2-8-07; Ord. No. 13676, § 2, 4-27-17; Ord. No. 13792, § 1, 10-11-18; Ord. No. 14138, § 12, 2-9-23)

Sec. 39-34. Reserved.

Editor's note—Ord. No. 13947, § 2, adopted December 10, 2020, repealed the former section 39-34 in its entirety, which pertained to limitations within the Coconut Grove special vending district, and derived from Ord. No. 10499, § 1, adopted October 27, 1988; Ord. No. 11169, § 2, adopted July 26, 1994; the Code of 1980, § 39-17.1; Ord. No. 11288, § 2, adopted July 13, 1995; Ord. No. 11800, § 3, adopted June 8, 1999; Ord. No. 12885, § 1, adopted February 8, 2007; Ord. No. 13676, § 2, adopted April 27, 2017, and Ord. No. 13792, § 1, adopted October 11, 2018.

Sec. 39-35. Limitations within the Civic Center special vending district.

Vending within the Civic Center special vending district shall be subject to all rules and regulations in this article, including section 39-33, except as contrarily and specifically provided below:

(1) No merchandise shall be vended or displayed other than food and fresh cut flowers.

(2) No licensee shall operate or hold an occupational license for more than one pushcart in the herein regulated district.

(3) Vending zones.

a. Location of vending zones. Vending shall be prohibited in the Civic Center special vending district except within the sidewalk areas generally designated on the graphic attached hereto as "attachment A," which is not reproduced herein. The specific vending locations shall be the responsibility of the department of resilience and public works using the standards and criteria contained in this article. Vending zones and vendor locations may be deleted by the director of the department of resilience and public works upon a finding that the existence of such zone or location creates an obstruction to pedestrian or vehicular traffic or otherwise creates a threat to the public health, safety, or general welfare. Additional locations may be approved by the director of the department of resilience and public works upon a finding that such vending location is in a generally designated area, and otherwise satisfies all provisions of this article and other applicable regulations.

b. Limitations within vending zones.

1. There shall be no more than one vendor permitted to operate from each vending location and such vendor may not move from location to location on the same day.

2. Each vending location shall approximate the size of one permitted pushcart and shall be clearly marked on the sidewalk by the department of resilience and public works.

3. All vending locations shall be spaced a distance of not less than 50 feet from any other vending location.

(4) All goods for sale other than those on display must be stored within the structure of the pushcart and shall not be visible to the general public.

(5) It shall be unlawful for any vendor to use any noise-making device to solicit customers.

(6) Vending pushcarts may not be chained or otherwise affixed to trees, light poles, sign stanchions or other stationary entities on the sidewalk.

(7) Vending is prohibited within the herein vending district between the hours of 7:00 p.m. to 7:00 a.m., and pushcarts shall not be located in this district during these hours.

(8) Open flame cooking shall not be permitted.

(Ord. No. 10660, § 1, 10-12-89; Code 1980, § 39-17.2; Ord. No. 13792, § 1, 10-11-18)

Secs. 39-36—39-37.1. Reserved.

Editor's note—Ord. No. 13947, § 2, adopted December 10, 2020, repealed the former sections 39-36—39-37.1 in their entirety, which pertained to limitations within restaurant arcade vending zones, limitation within Miami Arena special vending district, and limitations within Biscayne Boulevard special vending district, respectively, and derived from Ord. No. 10855, § 1, adopted March 14, 1991; the Code of 1980, §§ 39-17.3, 39-17.4; Ord. No. 12002, § 2, adopted December 14, 2000; Ord. No. 12885, § 1, adopted February 8, 2007; Ord. No. 13676, § 2, adopted April 27, 2017, and Ord. No. 13792, § 1, adopted October 11, 2018.

Sec. 39-38. Prohibited conduct.

No vendor shall:

(1) Leave any stand or motor vehicle unattended.

(2) Store, park, or leave any stand overnight on any street or sidewalk, or park any motor vehicle other than in a lawful parking space, in conformance with city and state parking regulations.

(3) Sell food for immediate consumption unless he/she has available for public use his/her own litter receptacle, which is available for his/her patrons' use.

(4) Allow or keep any animals in motor vehicles or stands.

(5) Leave any location or vending zone without first picking up, removing, and disposing of all trash and refuse remaining within a 15-foot radius. Each vendor shall be responsible for maintaining a 15-foot radius trash and refuse clear area around himself/herself. Said area shall overlap other vendor cleanup areas and no vendor shall leave a location, or vending zone, without cleaning up as required.

(6) Allow any items relating to the operating of the vending business to be placed anywhere other than in, on, or under the stand or motor vehicle.

(7) Set up, maintain, or permit the use of any table, crate, carton, rack, or any other device to increase the selling or displaying capacity of his/her stand, or motor vehicle, where such items have not been described in his/her application.

(8) Solicit or conduct business with persons in motor vehicles located on traffic lanes of public streets and highways.

(9) Sell anything other than that for which he/she is licensed to vend.

(10) Use any noise-making device after 9:00 p.m., except during special events, and at no time shall such a vendor use his/her traffic warning device on any vehicle, except to give necessary signals while in traffic. It shall be unlawful for any vendor to use any noise-making device that either annoys, disturbs, injures, or endangers the comfort, repose, health, peace, or safety of others within the city. Any vendor who violates this section shall upon written notice from the city manager or his/her authorized representative remove said noise-making device from the vehicle or reduce the volume of such noise-making device so that the same shall not be in violation of this section. Failure to comply with such notice shall subject such a vendor to the penalties as set forth in section 39-50.

(11) Allow the stand or any other item relating to the operation of the vending business to lean against or hang from any building or other structure lawfully placed on public property.

(12) Allow any animals to remain within 25 feet of a stand for a period longer than necessary to complete a sale to the person having possession, or control of said animals.

(13) No vendor or mobile sales vendor vending from a motor vehicle shall:

a. Conduct his/her business in such a way as would restrict or interfere with the ingress or egress of the abutting property owner or tenant, or create or become a public nuisance, increase traffic congestion or delay, or constitute a hazard to traffic, life or property, or an obstruction to adequate access to fire, police or sanitation vehicles.

b. Stop, stand, or park his/her motor vehicle upon any street, or permit it to remain there except on the roadway at the curb for the purposes of vending therefrom or in instances where there is no curb, off the roadway. In either instance, sales shall be to occupants of abutting property only.

c. Stop, stand, or park his/her motor vehicle upon any street for the purpose of selling, or sell on any street under any circumstances during the hours when parking, stopping or standing has been prohibited by signs or curb markings or is prohibited by statute or ordinance.

d. Remain in any one place for a period longer than necessary to make a sale after having been approached or stopped for that purpose.

e. Stop, stand, or park his/her motor vehicle within 20 feet of any intersection, except that vehicles vending products likely to attract children as customers shall park curbside when stopping to make a sale, as close as possible to a pedestrian crosswalk without entering the intersection or otherwise interfering with the flow of traffic.

f. Vend within a restricted or special vending district.

g. Vend anywhere prohibited by subsections 39-32(2) through (9) or engage in right-of-way stationary vending anywhere in the city other than a special vending district under the applicable special vending district requirements.

h. Vend any product other than flowers, plants, or produce.

(Ord. No. 9880, § 1, 9-13-84; Ord. No. 10045, § 1, 9-26-85; Ord. No. 10499, § 1, 10-27-88; Code 1980, § 39-18; Ord. No. 13676, § 2, 4-27-17; Ord. No. 14163, § 2, 4-27-23; Ord. No. 14182, § 2, 6-8-23)

City Code cross references—Parking for purpose of selling merchandise from vehicle generally prohibited, § 35-10(a)(4); towing of vehicles, § 42-101 et seq.

Sec. 39-39. Open flame cooking.

Open flame cooking is prohibited; except that such activity may take place as an integral part of a public assembly as permitted by the fire-rescue department, or in conjunction with the street festival, as approved by city commission resolution. The permitted public assembly or street festival exception shall be subject to the festival organizers obtaining permits from the fire-rescue department and such other departments or agencies as may be required by law.
(Ord. No. 10869, § 2, 4-11-91; Ord. No. 10891, § 1, 6-20-91; Code 1980, § 39-18.1)

Sec. 39-40. Open flame use.

Open flame use is prohibited; except that such activity may take place as an integral part of a public assembly as permitted by the fire-rescue department, or in conjunction with a street festival, as approved by city commission resolution. The permitted public assembly or street festival exception shall be subject to the festival organizers obtaining permits from the fire-rescue department and such other departments or agencies as may be required by law.
(Ord. No. 10891, § 1, 6-20-91; Code 1980, § 39-18.2)

Sec. 39-41. Size requirements for vending stands.

No stand shall exceed three feet in width and six feet in length and five feet in height exclusive of the height of umbrellas, canopies, and similar devices, except that stands within the Downtown Miami special vending district shall not exceed three and one-half feet in width. Canopies and umbrellas shall have a minimum seven-foot clearance above ground level.
(Ord. No. 9880, § 1, 9-13-84; Code 1980, § 39-19; Ord. No. 13947, § 2, 12-10-20)

Sec. 39-42. Health and sanitation requirements for food vending.

Vendors of food shall comply with the requirements and standards of the department of health and the following:

(1) The equipment used in vending food shall be inspected by department of health upon application for a license and receive a certificate of inspection upon compliance with this section.

(2) Each food vending business shall be so inspected at least twice a year.

(Ord. No. 9880, § 1, 9-13-84; Code 1980, § 39-20)

Sec. 39-43. Safety requirements.

All motor vehicles in or from which food is prepared or sold shall comply with the following requirements:

(1) All equipment installed in any part of the vehicle shall be secured in order to prevent movement during transit and to prevent detachment in the event of a collision or overturn.

(2) All utensils shall be stored in order to prevent their being hurled about in the event of a sudden stop, collision or overturn. A safety knife holder shall be provided to avoid loose storage of knives. Any glass must be safety plate clearly identified by its manufacturer as such.

(3) Compressors, auxiliary engines, generators, batteries, battery chargers, gas-fueled water heaters, and similar equipment shall be installed so as to be accessible only from outside the vehicle.

(4) All heated stands shall have an easily accessible fire extinguisher with a valid inspection sticker.

(Ord. No. 9880, § 1, 9-13-84; Code 1980, § 39-21)

Sec. 39-44. Advertising.

No advertising, except the posting of prices, shall be permitted on or attached to any stand or motor vehicle, except to identify the name of the product. This section does not prohibit the use of umbrellas bearing logos of products sold at the stand or motor vehicle to which it is attached.
(Ord. No. 9880, § 1, 9-13-84; Code 1980, § 39-22)

Sec. 39-45. Renewal.

Subject to the provisions of section 39-29, all licenses are valid for the entire licensing period unless revoked or suspended prior to expiration. Application to renew a BTR shall be made not later than 30 days before the expiration of the current BTR in accordance.
(Ord. No. 9880, § 1, 9-13-84; Code 1980, § 39-23; Ord. No. 13105, § 2, 10-8-09)

Sec. 39-46. Denial, suspension, revocation.

Any license or permit may be denied, suspended or revoked in accordance with the procedures contained in chapter 31 for any of the causes set forth in said chapter 31 in addition to the following causes:

(1) Fraud or misrepresentation contained in the application for the BTR or permit.

(2) Fraud or misrepresentation made in the course of carrying on the business of vending.

(3) Carrying or possessing dangerous weapon.

(4) Conduct of the BTR holder permitted business in such manner as to create a public nuisance, or constitute a danger to the public health, safety, welfare or morals.

(5) Conduct which is contrary to the provisions of this article.

(6) Right-of-way stationary vending in an area other than a defined special vending district, as allowed.

Continued operation following denial, suspension or revocation shall not be allowed.
(Ord. No. 9880, § 1, 9-13-84; Code 1980, § 39-24; Ord. No. 13105, § 2, 10-8-09; Ord. No. 14163, § 2, 4-27-23)

Sec. 39-47. Notice on premises that uninvited vendors, solicitors, peddlers, etc., are not wanted.

(a) It shall be the duty of the person in possession of any premises who desires that the occupants of the premises remain unmolested by the visits of uninvited solicitors, peddlers, vendors, itinerant merchants, door-to-door canvassers or hawkers to post in a conspicuous place near the door or on the premises a sign in letters at least one and one-half inches high with the words "no peddlers," "no solicitors," "no trespassing" or otherwise signifying externally the wish for the occupants of the premises to remain unmolested by such visitors.

(b) It shall be unlawful for any uninvited solicitors, peddlers, vendors, itinerant merchants, door-to-door canvassers or hawkers to visit or go

upon any premises which have been posted with a notice as prescribed in this section, to the effect that the person in possession or the occupants of the premises desire to remain unmolested.
(Ord. No. 9880, § 1, 9-13-84; Code 1980, § 39-25)

Sec. 39-48. Exemptions as to farm products.

(a) Nothing contained in sections 39-28 or 39-32(3) shall be construed to affect or apply to the producer of farm or grove products where the same are being offered for sale or sold by the farmer or grower producing such products.

(b) The farmer or grower offering for sale or selling in the city the farm or grove products produced by such farmer or grower shall furnish satisfactory evidence that such products being sold or offered for sale have been grown by him/her.

(c) The members of the police department, as well as the license inspectors, are authorized and directed to obtain affidavits or written statements from such grower or producer of the farm or grove products when the same are being offered for sale or sold by him/her in the city, such affidavit or written statement showing and stating that the farm or grove products have been grown by such farmer or grower.
(Ord. No. 9880, § 1, 9-13-84; Code 1980, § 39-26; Ord. No. 13676, § 2, 4-27-17)

Sec. 39-49. Exemptions for vendors who exclusively vend written matter.

Vendors who exclusively vend written matter are exempt from the following provisions of this article: sections 39-28 through 39-33, 39-38(1) and (2), 39-38(11), and 39-41.
(Ord. No. 10045, § 1, 9-26-85; Code 1980, § 39-26.1)

Sec. 39-50. Penalty.

Except as may be provided in section 39-51, any person violating any provision of this article shall be punished as provided in section 1-13, or pursuant to chapter 2, article X of the City Code. These penalties shall not preclude any other remedies available at law or in equity, including, injunctive relief in the circuit court.
(Ord. No. 9880, § 1, 9-13-84; Code 1980, § 39-27; Ord. No. 14182, § 2, 6-8-23)

Sec. 39-51. Violation a nuisance; summary abatement.

(a) The placement of any stand or device on any sidewalk or street in violation of the provisions of this article is declared to be a public nuisance. The police department may cause the removal of any stand or device found on a sidewalk or street in violation of this article and is authorized to store such stand or device until the owner thereof shall redeem it by paying the removal and storage charges therefor to be established by the police department.

(b) Any motor vehicle operated by a mobile sales vendor in violation of this article may be seized and impounded by the city. The motor vehicle will be returned to the mobile sales vendor after any towing and storage fees have been satisfied.
(Ord. No. 9880, § 1, 9-13-84; Code 1980, § 39-27.1; Ord. No. 14182, § 2, 6-8-23)

Sec. 39-52. Enforcement of article.

(a) It shall be the duty of the members of the police department, BTR inspectors, and code inspectors of the city, to enforce the terms and conditions of this article, and if any person is found violating the provisions of this article to arrest such person and hold such violator for proper legal action in the county court or cite such person for appearance before, and action by, the city's code enforcement board.

(b) All issued BTRs being misused for stationary vending in the right-of-way prior to the adoption of Ordinance [14163] are revoked unless issued for an area located in a defined special vending district in compliance with the applicable requirements of the defined special vending district. This does not include BTRs issued to peddlers.
(Ord. No. 9880, § 1, 9-13-84; Code 1980, § 39-27.2; Ord. No. 13105, § 2, 10-8-09; Ord. No. 14163, § 2, 4-27-23)

ARTICLE I. IN GENERAL

Sec. 40-1. Registration and fingerprinting—Generally.

(a) All temporary and permanent employees of the city, inclusive of both the classified and unclassified services thereof, shall submit themselves to the police department for registering and fingerprinting. All persons whose names shall appear upon any eligible list for employment in the classified service of the city shall register and shall be fingerprinted by the police department before appointment to any position in such service. All persons filing applications for employment in the classified service of the city shall register and shall be fingerprinted by the police department before such persons shall be eligible for examination or for appointment to the position with the city for which the applications shall have been made. No person shall be employed by the city without such person first having been registered and fingerprinted by the police department.

(b) The provisions of this section shall not apply to those employees registered and fingerprinted by the city prior to July 30, 1941.

(c) Failure to comply with this section shall constitute grounds for the immediate dismissal of any present or future employee of the city, and the civil service code of rules and regulations of the city is hereby amended so as to make such noncompliance a ground for dismissal from municipal employment.

(d) Elected officials are prohibited from hiring or retaining the services of any person/employee who is on probation and/or under criminal investigation. Likewise, elected officials are prohibited from hiring or retaining the services of any consultant on probation and/or under criminal investigation.

(e) Pursuant to F.S. § 166.0442, as amended, state and national criminal history record checks shall be required for all firefighter applicants for the city.

(1) All prospective firefighter applicants shall be required to authorize the city to conduct all appropriate background screening procedures as a condition of employment with the city, including but not limited to obtaining fingerprints.

(2) Fingerprints obtained pursuant to this section shall be submitted to Florida Department of Law Enforcement for state criminal history record check and to the Federal Bureau of Investigations for a national criminal history record check, or in accordance with policies and procedures promulgated by the Florida Department of Law Enforcement and the Federal Bureau of Investigations.

(3) The information obtained for each criminal history record check conducted under this section shall be used to determine an applicant's eligibility for employment in the city.

(4) This section is not intended to preempt or prevent any other background screening, including but not limited to, criminal background checks that the city may lawfully undertake.

(Code 1967, § 41-1; Code 1980, § 40-1; Ord. No. 13979, § 2, 3-25-21; Ord. No. 14248, § 2, 1-11-24)

Sec. 40-2. Same—Supervision.

The civil service board shall supervise the registering and fingerprinting of all employees. The city manager shall arrange for the registering and fingerprinting as required in section 40-1 in a manner which will create a minimum amount of confusion and loss of time among employees.

(Code 1967, § 41-2; Code 1980, § 40-2)

Sec. 40-3. Physical examinations required for membership in retirement system or plan; medical requirements for membership.

(a) All city employees shall submit to an employment physical examination by the city-designated physician or some other physician authorized by the retirement board, before such employees may be accepted into membership in the city employees' retirement system or plan.

(b) Any employee with a specific disability at the time of his/her employment by the city shall waive, in writing, his/her right to any claim for accidental or service-incurred pension based upon such preemployment disability or any aggravation thereof, upon his/her entrance into the retirement system or plan. Any employee with a preemployment disability shall be eligible for accidental disability retirement allowance only if it can be shown to the satisfaction of the retirement board that he/she would have been entitled to an accidental disability retirement allowance notwithstanding the preemployment disability. An employee may only benefit from the city employees' retirement system or plan if such disability is the proximate result of an accident occurring while in the actual performance of duty at a definite time and place as is otherwise provided in the city employees' retirement system or plan.
(Code 1967, § 41-3; Code 1980, § 40-3; Ord. No. 13676, § 2, 4-27-17)

Secs. 40-4—40-30. Reserved.

ARTICLE II. OLD-AGE AND SURVIVORS INSURANCE*

Sec. 40-31. Purpose and applicability of article.

(a) It is hereby declared to be the policy and purpose of the city to extend, effective as of January 1, 1955, to the employees and officials of the city, not excluded by law or excepted in this article, the benefits of the system of old-age and survivors insurance as authorized by the federal social security act and amendments thereto, and by F.S. ch. 650, and to cover by such plan all services which constitute employment as defined in F.S. § 650.02, performed in the employ of the city by employees and officials thereof, except the following:

(1) Service of an emergency nature.

(2) Service in any class of positions the compensation for which is on a fee basis.

(3) Service performed by employees who are members of the city employees' retirement system.

(4) Service in any class of part-time positions, a "part-time position" being defined as one which does not normally require more than 500 hours of work in any 12-month period.

(b) Effective as of January 1, 1975, the aforesaid benefits of the system of old-age and survivors insurance as authorized by the federal social security act and amendments thereto and hereafter and by F.S. ch. 650 are extended to city officials performing services in the employ of the city in elective positions.
(Code 1967, § 41-4; Ord. No. 9209, § 1, 11-26-80; Code 1980, § 40-19)

Sec. 40-32. Execution of agreements.

(a) The city manager is hereby authorized and directed to execute all necessary agreements and amendments thereto with the state agency,† and to request the governor of the state to authorize an employee referendum, for the purpose of extending the benefits provided by the system of old-age and survivors insurance to the employees and officials of this city, as provided in the preceding section, which agreement shall provide for such methods of administration of the plan by the city as are found by the state agency to be necessary and proper, and, subject to employee referendum, shall be effective with respect to services in employment covered by such agreement performed on and after January 1, 1955.

(b) There is hereby excluded from this section any authority to include in any agreement entered into any firefighter's or police officer's position now covered by a retirement system.
(Code 1967, § 41-5; Code 1980, § 40-20)

Sec. 40-33. Withholdings and appropriations.

(a) Withholdings from salaries, wages or other compensation of employees and officials for the purpose provided in section 40-31 are hereby

*__State law references—__Social security for public employees, F.S. ch. 650; plans for coverage of employees of political subdivisions, F.S. § 650.05.

†__Note—__Following amendments by Laws of Fla., chs. 69-106 and 73-326, "state agency" for purposes of F.S. § 650.0214, means the division of retirement of the department of administration.

authorized to be made, and shall be made, in the amounts and at such times as may be required by applicable state or federal laws or regulations, and shall be paid over to the state agency designated by such laws or regulations to receive such amounts.

(b) There shall be appropriated from available funds derived from ad valorem taxes and other revenues such amounts, at such times, as may be required to pay promptly the contributions, assessments and referendum costs required of the city as applicant or employer by state or federal laws or regulations, which shall be paid over to the lawfully designated state agency at the times and in the manner provided by law and regulation.
(Code 1967, § 41-6; Code 1980, § 40-21)

Sec. 40-34. Adoption of federal law.

The city hereby adopts the terms, conditions, requirements, reservations, benefits, privileges and other conditions thereunto appertaining of title II of the federal social security act, as amended, for and on behalf of all officers and employees of its departments and agencies to be covered under the agreement provided for in section 40-32.
(Code 1967, § 41-7; Code 1980, § 40-22)

Sec. 40-35. Records, reports, etc.

The city shall keep such records and make such reports as may be required by applicable state or federal laws or regulations, and shall adhere to the regulations of the state agency.
(Code 1967, § 41-8; Code 1980, § 40-23)

Sec. 40-36. Duties of director of finance.

The director of finance is hereby designated the custodian of all sums withheld from the compensation of officers and employees and of the appropriated funds for the contribution of the city under this article, and the director of finance of the city is hereby made the withholding and reporting agent and charged with the duty of maintaining personnel records for the purposes of this article.
(Code 1967, § 41-9; Code 1980, § 40-24)

Secs. 40-37—40-60. Reserved.

ARTICLE III. CIVIL SERVICE RULES AND REGULATIONS*

Sec. 40-61. Definitions.

For purposes of this article:

Advancement means a transfer made in accordance with this article to a classification which has a higher salary range and for which there is no requirement that the employee must have first held status in a lower classification.

Age limit is the established limit on age. An applicant will be deemed to be within the age limit for examination if the anniversary of his/her birth date falls within one month of the date of the examination.

Board when used by itself refers to the civil service board of the city.

Change in classification is a change to a different classification with no change in pay range or a change to a classification with a lower pay range in which the employee held no previous status. A change in classification is based on a voluntary request or other reason not involving discipline.

Civil service shall comprise all positions of trust, skill or employment, including all employees, whether permanent or temporary, in the service of the city, except as otherwise provided by the City Charter.

Classified service comprises all positions not exempted by the Charter in accordance with this article. The Charter shall be interpreted broadly to include employees in federal grant programs whenever the director of the personnel management department determines that it is feasible to select such employees in accordance with the selection requirements of these rules. The classified service shall be divided into three classes, to be designated "competitive," "noncompetitive" and "labor."

Competitive class shall include all positions and employment for which it is practicable to determine the merit and fitness of applicants by competitive examinations as determined by the director of the personnel management department.

Demotion is a reduction in classification and status. A demotion is used when an employee is found to be unsatisfactory in the employee's higher level or for disciplinary reasons.

Eligible register is a list of persons who have qualified through suitable examination for employment in positions allocated to a specified class or to a limited number of clearly defined positions within a class.

Labor class shall include unskilled labor.

New position means a position created either by:

(1) An authorized addition of a position to an organization unit;

(2) Creation of a position not previously existing; or

(3) Reclassification of a previous position.

Noncompetitive class shall include all positions requiring peculiar and exceptional qualifications of a scientific, managerial, professional or

*__Charter references__—Civil service, § 36; civil service board to adopt, amend and enforce a code of rules and regulations, § 36(d).

educational character as may be determined by the director of the personnel management department in accordance with the City Charter.

Permanent employee means any employee in the classified service who has been regularly appointed, after serving a probationary period, to a position which normally involves continuous year-round service.

Position is a group of current duties and responsibilities assigned, or delegated by competent authority, requiring the full-time or part-time employment of one person.

Probationary employee means any employee in the classified service who has been regularly appointed to a position but who has not completed the required probationary period. A "probationary employee" is an employee initially employed in a classified position, or an employee who is in the classified service, but who has been promoted, advanced, demoted or changed in classification and who has not completed the probationary period provided in sections 40-96 and 40-97 hereof. A probationary employee has no civil service rights and may be returned to a former classification in which the employee held permanent status, or be discharged if in an entrance position, upon being notified in writing, but shall not be accorded a hearing before the civil service board.

Probationary period is that period of service which an employee must complete prior to obtaining permanent appointment.

Promotion means a transfer made in accordance with this article from a lower to a higher classification in the same job family, involving a requirement that the employee must have first held status in the lower classification to be eligible for promotion.

Return to former classification is a reversion to a classification in which the employee held status prior to promotion, advancement, change in classification, or appointment to the unclassified service, due to voluntary request or other reason not involving discipline.

Temporary employee means any employee appointed for a special period, for a special project, or to replace a regular employee on leave. Temporary employees accrue no civil service rights in their temporary classifications.

Unclassified service comprises those positions specified in section 36 of the City Charter, which shall be interpreted in accordance with the following:

(1) The city manager's "assistants and secretarial staff" shall include all members of the city manager's personal staff. Such positions also shall include assistants and secretarial staff positions authorized in the city budget for the mayor and each member of the city commission, provided that employees of such positions shall be nominated by the mayor or each commissioner, who shall determine the salary and tenure of such employees, subject to budgetary allocation by the city commission and provided that any benefits afforded to such employees by a commissioner or the mayor are consistent with benefits provided by the city generally to other city employees based on the employee's position and/or title, and which employees shall be appointed by the city manager. The mayor or a member of the city commission may authorize extra compensation for their assistants and secretarial staff positions including a lump-sum bonus payment to reward outstanding employees whose performance exceeds standards, provided that such bonus payment may not be included in an employee's regular base rate of pay and may not be carried forward in subsequent years.

Upon leaving office the mayor or a member of the city commission is authorized to provide a one time lump-sum bonus payment to an employee provided that:

a. The employee's performance has exceeded standards;

b. The payment does not exceed the elected official's current year budget appropriations for that item; and

c. The city commission approves such payment.

The city manager shall place such one time lump-sum bonus payment request on the next available city commission agenda for consideration by the city commission.

(2) The "heads of departments" shall include the directors of all departments, agencies and offices created by the City Charter, city ordinance or city budget under the direction of the city manager.

(3) "Assistants to department heads" shall include not to exceed five positions in each city department, agency or office as authorized by the city manager. Such positions shall be in addition to those positions specified by title in section 36 of the City Charter.

(4) Positions funded under federal grant programs shall be unclassified only when the director of the personnel management department determines that it is not feasible to select employees for such positions in accordance with the selection requirements of these rules.

Personnel with permanent civil service rights appointed to unclassified positions shall retain and continue to accrue civil service rights in the classified position from which the appointment was made.
(Ord. No. 8977, § 2 (rule 1 (1.1—1.19), rule 9 (9.1)), 7-24-79; Code 1980, § 40-36; Ord. No. 12907, § 1, 4-12-07)

City Code cross reference—Provisions relative to change of status to unclassified service, § 40-94.

Sec. 40-62. Repeal of, transition from prior civil service rules and regulations.

(a) All previous ordinances and rules for admission to the classified service of the city, tenure of employment and promotion therein, and to any branch thereof, and for appointment of examiners thereunder, are hereby annulled and repealed.

(b) All persons in the employ of the city holding positions in the classified service at the time of adoption and approval of these rules shall, unless their positions be abolished, retain same until discharged, reduced, promoted, laid off, or transferred, in accordance herewith. (This is not to be interpreted to mean those employees who have been put to work in contradiction to these rules and regulations.)
(Ord. No. 8977, § 2 (rule 19 (19.1, 19.3)), 7-24-79)

Sec. 40-63. Actions in conflict with rules and regulations; correction of errors.

Any act or resolution of the board that may subsequently be found to be not in accordance with the rules and regulations of this article shall, immediately upon discovery of such nonconformity, be declared null and void and of no effect. The board shall have the power to correct by proper resolution any error of whatever nature, immediately upon the discovery of same.
(Ord. No. 8977, § 2 (rule 19 (19.1)), 7-24-79; Code 1980, § 40-38)

Sec. 40-64. Change of rules and regulations.

The rules contained in this article may be amended, repealed or supplemented by the board at any time, and new rules adopted; provided that no such amendment, repeal or supplement shall be adopted in less than 15 days after its proposal and that it shall not become operative until approved by the city commission.
(Ord. No. 8977, § 2 (rule 18 (18.1)), 7-24-79; Code 1980, § 40-39)

Sec. 40-65. Department rules.

The director of each department shall make the rules for the conduct of his/her department. Such rules shall be subject to the approval of the city manager, shall be filed with the board, and shall not be in conflict with the civil service rules.
(Ord. No. 8977, § 2 (rule 2 (2.4)), 7-24-79; Code 1980, § 40-40)

Sec. 40-66. Organization of civil service board; duties generally; funding.

(a) *Organizational meeting.* Immediately after appointment, the board shall elect one of its members as chairperson, then elect one of its

members to serve as chief examiner and secretary. The board shall next appoint an executive secretary. Any three members of the board shall constitute a quorum. Selection of the chairperson, the chief examiner-secretary and the executive secretary shall be by majority vote of the board members present.

(b) *Duties generally.* After the chairperson, chief examiner and executive secretary have been chosen, the new board will next adopt the existing rules of the board with such amendments as it may elect to make or it may adopt an entirely new set of rules, subject to the approval of the city commission. The board shall perform such other functions as may be delegated by the city commission.

(c) *Funding.* The salaries of the board and its employees shall be determined by the city commission, and a sufficient sum shall be appropriated each year to carry out the civil service provisions of the City Charter.
(Ord. No. 8977, § 2 (rule 2 (2.1, 2.6)), 7-24-79; Code 1980, § 40-41; Ord. No. 13676, § 2, 4-27-17)

Editor's note—The city has advised that internal rules and regulations relative to conduct of the affairs of the board, when and if adopted, are to be considered a separate and distinct body of rules from the general civil service rules and regulations as contained in this article.

Sec. 40-67. Duty of board to review personnel policies.

It shall be the duty of the civil service board to review and recommend new and improved personnel policies to the city commission, the city manager, the director of the personnel management department and other departments and agencies of the city government. In fulfilling this responsibility, the board may, from time to time, conduct public hearings and may, in its discretion, take testimony under oath from city officials, residents of the city, city employees and their representatives, and experts in the field of personnel administration. The board may place its findings and recommendations in the minutes of the board or in written reports which the board may submit to the city commission, the city manager and the director of the personnel management department.
(Ord. No. 8977, § 2 (rule 4 (4.1)), 7-24-79; Code 1980, § 40-42)

Sec. 40-68. Conduct of board meetings.

(a) *Arranging appearance.* Anyone desiring an appearance before the board shall confer with the executive secretary who will make the necessary arrangements or consult with the board.

(b) *Accessibility to public.* All meetings of the board shall be open to the general public. Equipment necessary to transmit board meetings shall be set up prior to the time scheduled for the board to meet.

(c) *Majority vote.* In all questions coming before the board, a majority vote shall control.

(d) *Quorum.* Three members shall constitute a quorum.
(Ord. No. 8977, § 2 (rule 2 (2.7, 2.8), rule 19 (19.2)), 7-24-79; Code 1980, § 40-43)

Sec. 40-69. Duties of chief examiner.

(a) It shall be the duty of the chief examiner to verify all minutes and records of the board. The chief examiner shall provide examinations in accordance with regulations of the board and maintain lists of eligibles of each class of the services of those meeting the requirements of said regulations. Positions in the classified service shall be filled by him/her from such eligible lists upon requisition from and after consultation with the city manager. These Charter functions shall be interpreted in accordance with the provisions of this article. The purpose of such interpretation is to assure compliance with court decrees, federal selection guidelines, grant requirements and other governing regulations. These functions shall be performed in accordance with the following interpretations:

(1) The phrase "provide examinations" means to assure that examinations are prepared by the director of the personnel management department under the provisions of sections 40-76 and 40-79 through 40-83.

(2) The phrase "maintain lists of eligibles" means to assure that eligible registers are established by the director of the personnel management department under the provisions of section 40-85.

(3) The phrase stating that positions "shall be filled by him/her" means the chief examiner shall assure that positions are filled in accordance with the provisions of sections 40-77, 40-86 through 40-98, and 40-127.

(b) The chief examiner bears ultimate responsibility to assure that these functions are performed in accordance with the rules and regulations of the board.

(Ord. No. 8977, § 2 (rule 2 (2.3), 7-24-79; Code 1980, § 40-44)

City Code cross reference—Authority of chief examiner to review applicant complaints, etc., § 40-129.

Sec. 40-70. Duties of executive secretary.

It shall be the duty of the executive secretary to keep minutes of all meetings of the board, to appoint other members of the staff in accordance with the provisions of these rules and the City Charter, to supervise all activities of the staff and to serve as the chief executive officer of the board. He/she shall be ex officio director of personnel for purposes of section 36(f) of the City Charter.

(Ord. No. 8977, § 2 (rule 2 (2.2)), 7-24-79; Code 1980, § 40-45)

City Code cross reference—Official board minutes, § 40-72.

Sec. 40-71. Official signatures.

The executive secretary or his/her designee shall sign all vouchers involving the expenditure of funds appropriated to the board. The chairperson of the board and the chief examiner-secretary shall sign the official minutes involving acts of the board. The chief examiner or the director of the personnel management department shall sign all payrolls certifying that each person named thereon holding a position in the classified service has been appointed or employed in accordance with the provisions of the City Charter and of the rules established thereunder.

(Ord. No. 8977, § 2 (rule 2 (2.5)), 7-24-79; Code 1980, § 40-46; Ord. No. 13676, § 2, 4-27-17)

Sec. 40-72. Official records.

(a) *Board minutes.* The executive secretary shall keep a minute record of the official proceedings of the board as required in section 40-70. The board's minutes shall record all official actions of the board.

(b) *Personnel records.* The director of the personnel management department shall maintain official personnel records of classified employees and shall establish procedures necessary to protect the privacy and confidentiality of such records, consistent with the provision of law. The director shall also establish a records management program for the maintenance and disposition of official personnel records consistent with the provisions of state law and local ordinances.

(Ord. No. 8977, § 2 (rule 3 (3.1, 3.2)), 7-24-79; Code 1980, § 40-47)

City Code cross reference—Notification of and recording of departmental personnel changes by personnel management department, § 40-127.

Sec. 40-73. Announcements of examinations.

All announcements of examinations for positions in the classified service shall be issued by the director of the personnel management department and shall be posted in the civil service office, in the city employment office and in such other places as the director of the personnel management department deems advisable. This will include necessary advertising in the ethnic media and in the general press when outside advertising is desirable. The announcements shall specify the title and salary range of the classification or positions for which the examination is announced, the nature of the work to be performed, the qualifications necessary or desirable for the performance of the work; the time, place and manner of making application; whether recruitment will have a fixed or flexible closing date for receiving applications; and other pertinent information.

(Ord. No. 8977, § 2 (rule 5 (5.1)), 7-24-79; Code 1980, § 40-48)

Sec. 40-74. Application forms.

Applications shall be made on forms prescribed by the director of the personnel management department. Such forms shall require information covering training, experience, references and other pertinent information. The categorization of persons on the basis of race, color or national origin with respect to their identifica-

tion for certification for employment or promotion under this section must be established at the time of application. The ethnic category marked on the application form at the close of recruitment must remain in force for the duration of the register. Each application must be signed by the person applying. Such forms shall comply with federal requirements.
(Ord. No. 8977, § 2 (rule 5 (5.2)), 7-24-79; Code 1980, § 40-49; Ord. No. 12226, § 2, 5-9-02)

Sec. 40-75. Residency of applicants.

All applicants must be residents of the city, except when the director of the personnel management department determines that prior recruitment experience or other relevant factors make broader recruitment necessary in order to attract qualified applicants or to comply with federal requirements or court orders.
(Ord. No. 8977, § 2 (rule 5 (5.3)), 7-24-79; Code 1980, § 40-50)

Sec. 40-76. Types of, eligibility for examinations generally.

(a) *Open examinations.* All open examinations shall be open to all persons who possess the minimum qualification requirements as established by the director of the personnel management department. Such examinations may be competitive or noncompetitive and may be restricted to employees in the service of the city or to applicants who meet eligibility criteria for grant programs.

(b) *Promotional examinations.* Advancement within the classified service shall be through promotional examinations which shall be open to all employees who meet the necessary requirements and who are serving in an appropriate class as determined by the director of the personnel management department. Promotional examinations may be competitive or noncompetitive and may be limited to a single department or subdivision thereof. While vacancies in higher positions shall, as far as practicable, be filled by promotion or advancement from lower positions, the director of the personnel management department, on recommendation of the city manager, may direct that such positions shall be filled by examinations open not only to city employees, but also to other qualified persons.
(Ord. No. 8977, § 2 (rule 6 (6.1, 6.2)), 7-24-79; Code 1980, § 40-51)

Sec. 40-77. Eligibility of police officers and firefighters for promotional examinations.

(a) *Police officers.* Eligibility to take the promotional examination for sergeant of police shall be limited to those employees holding permanent status as police officer, and who also meet the following time-in-grade and educational requirements:

(1) Thirty-six months, high school or equivalent;

(2) Thirty-two months, associate's degree;

(3) Twenty-eight months, bachelor's degree; or

(4) Twenty-four months, master's, doctor's or law degree.

All of the above-mentioned time-in-grade shall be actual continuous satisfactory service in the classification of police officer. All of the college degrees mentioned above shall be from accredited colleges or universities and shall be in the fields of police science, police administration, public administration, business administration, criminology, psychology, sociology, law, or such similar or related fields as approved by the city manager and the director of the personnel management department. Employees with two years of actual continuous satisfactory service in the classification of sergeant of police shall be considered eligible to take a competitive promotional examination for lieutenant of police. Employees with two years of actual continuous satisfactory service in the classification of lieutenant of police shall be considered eligible to take a competitive promotional examination for captain of police. Any person promoted to these classifications may be assigned anywhere in the police department without the consent of the person so promoted. Personnel who were not promoted to these classifications, but received them as a result of reclassification from the old classifica-

tion of police sergeant, police detective, police lieutenant, police detective sergeant, police detective lieutenant, and police captain shall not be interchanged between any former uniform or detective positions except with the approval of the persons concerned. Only employees qualified as set forth in this section and in the other pertinent sections of this article shall be eligible to hold such promotional positions.

(b) *Firefighters.* Employees with four years of actual continuous satisfactory service in the classification of firefighter shall be considered eligible to take a competitive promotional examination for fire lieutenant. Employees with two years of actual continuous satisfactory service in the classification of fire lieutenant shall be considered eligible to take a competitive promotional examination for fire captain. Employees with two years of actual continuous satisfactory service in the classification of fire captain shall be considered eligible to take a competitive promotional examination for chief fire officer. Only employees qualified as set forth in this section and in the other pertinent sections of this article shall be eligible to hold such promotional positions.
(Ord. No. 8977, § 2 (rule 8 (8.15, 8.16)), 7-24-79; Code 1980, § 40-52)

Sec. 40-78. Grounds for, notice of rejection of applications.

(a) The director of the personnel management department shall reject an application which does not indicate on its face that the applicant possesses the minimum qualifications required for the position or who fails to file by the announced closing date for receiving applications, unless prior to such date an extension has been publicly posted. Applications also shall be rejected if the applicant is physically unfit for the performance of the duties of the position to which he/she seeks appointment; is addicted to the habitual excessive use of drugs or intoxicating liquor; has made any false statement of any material fact or practiced, or attempted to practice, any deception or fraud in his/her application. Applications may be rejected if the applicant has been convicted of a crime or is guilty of any disgraceful conduct.

(b) Whenever an application is rejected, notice of such rejection with statement of reason shall be mailed to the applicant by the director of the personnel management department; provided, however, that applications more than two years old may be destroyed without notification, if otherwise authorized by law.
(Ord. No. 8977, § 2 (rule 5 (5.4)), 7-24-79; Code 1980, § 40-53)

Sec. 40-79. Contents of examinations.

All selection procedures shall be practical in character, and shall relate directly to those matters which will fairly determine the relative capacity of the person examined to discharge the particular duties of the classification or position to which appointment is sought. Examinations may be assembled or unassembled and may include written, oral, physical, medical or performance tests, apprenticeship or on-the-job training programs, or any combination of these or other recognized selection procedures. They may take into consideration reasonable factors such as education, experience, aptitude, knowledge, character, physical fitness or any other qualifications which in the judgment of the director of the personnel management department enter into the determination of relative fitness of applicants.
(Ord. No. 8977, § 2 (rule 6 (6.3)), 7-24-79; Code 1980, § 40-54)

Sec. 40-80. Methods of rating examination results and ranking candidates; determination of minimum eligibility ratings.

Sound measurement, techniques and procedures shall be used in rating the results of examinations and determining the relative ranking of candidates. In all examinations, the minimum rating by which eligibility may be achieved shall be established by the director of the personnel management department, who may also determine a minimum rating or standard for progression to successive steps in a total selection procedure.
(Ord. No. 8977, § 2 (rule 6 (6.5)), 7-24-79; Code 1980, § 40-55)

Sec. 40-81. Establishing passing examination grades; names of persons passing to be placed on eligible register.

Passing grades for each examination shall be established by the director of the personnel management department. The names of applicants receiving a passing grade shall be entered on the appropriate eligible register and a copy shall be submitted to the chief examiner. (Ord. No. 8977, § 2 (rule 6 (6.6)), 7-24-79; Code 1980, § 40-56)

Sec. 40-82. Examination grade credit for seniority of police officers and firefighters.

(a) Credit for seniority shall be given only for actual service in the classification in the police or fire service from which promotion is sought whether such service has been continuous or not. This shall not apply in reemployment. Seniority shall be computed as of the date of original appointment according to the following table:

For the first six months	0
For each full month of the second six months	⅓
For the second full year	2
For the third full year	2
For the fourth full year	2
For the fifth full year	2
For the sixth full year	2
For the seventh full year	2
For the eighth full year	3
For the ninth full year	3
For the tenth full year	3
For each additional year after ten years	½
Maximum 14 years	½

(b) In department of fire-rescue promotional examinations, the number of points earned under subsection (a) shall be added to the standard minimum passing score and shall have a weight of two out of ten in determining the final grade excluding veteran's preference, if due.

(c) Police sergeant, police lieutenant, and police captain. The promotional examinations prepared and administered by an independent testing agency, as required by court order in Cohen v. City of Miami, Case No. 71-1887-CIV-CA, S.D. Fla., shall compute seniority in accordance with the table below:

For the first six months	0
For each full month of the second six months	½
For the second full year	3
For the third full year	3
For the fourth full year	2
For the fifth full year	2
For the sixth full year	2
For the seventh full year	2
For the eighth full year	2
For the ninth full year	2
For the tenth full year	2
For each additional year after ten years	½
Maximum 14 years	½

The number of points earned shall be multiplied by two and divided by ten, with the product then added to the examination score to adjust the grade earned. Upon release from the subject court order, promotional examinations listed in this subsection shall be computed as outlined in subsections (a) and (b) hereof.
(Ord. No. 8977, § 2 (rule 6 (6.7)), 7-24-79; Ord. No. 9123, § 1 (rule 6 (6.7)), 6-26-80; Code 1980, § 40-57)

Sec. 40-83. Preferences in ranking candidates—Veterans' preference.

In certification for appointment, in appointment, in reemployment, and in promotion, preference shall be given to veterans in accordance with the state statutes, as amended. (Veterans'

preference in retention shall be given in accordance with the provisions of section 40-117.)
(Ord. No. 8977, § 2 (rule 6 (6.4)), 7-24-79; Code 1980, § 40-58)

State law reference—Veterans' reemployment or reinstatement and preference in appointment and retention, F.S. § 295.07 et seq.

Sec. 40-84. Same—Preference based on residency.

Preference in certification may be given to residents of the city or of specific neighborhoods when such preference will serve the best interests of the city or will assist in achieving compliance with applicable laws or regulations.
(Ord. No. 8977, § 2 (rule 5 (5.3)), 7-24-79; Code 1980, § 40-59)

Sec. 40-85. Eligible registers.

(a) *Establishment.* The director of the personnel management department shall establish and maintain such promotional and open registers for the various classes or positions as he/she deems necessary or desirable to meet the needs of the service.

(b) *Order of names.* Names of eligibles shall be placed on competitive registers in the order of their final earned rating. In case of ties in the final ratings, names shall be placed on the registers in alphabetical order; when one such eligible candidate is certified, all such eligible candidates with tied scores shall be certified for interviews. Names of eligibles shall be placed on noncompetitive registers as determined by the director of the personnel management department. In the case of open continuous or intermittent recruitment, names of eligibles shall be added to competitive registers in accordance with their scores and to noncompetitive registers as determined by the director of the personnel management department.

(c) *Duration.* The term of eligibility of each register and of the names appearing thereon shall be fixed by the director of the personnel management department at not less than one year nor more than two years. Whenever, for economic purposes, the city manager by memorandum delays the filling of a promotional vacancy, the life of the subject register and all other promotional registers affected thereby shall be extended for a period of time equal to that time occasioned by the delay. Any register that has been in effect for more than one year may be abolished or extended at any time by the director of the personnel management department. For the purpose of this rule, the life of an eligible register begins on the date the eligible register is established.

(d) *Changes in availability of eligibles.* It shall be the responsibility of eligibles to notify the director of the personnel management department in writing of any change of address or other change affecting availability for employment.

(e) *Removal of names.* The names of any person appearing on a register may be removed by the director of the personnel management department if the eligible requests in writing that his/her name be removed or if he/she cannot be located by postal authorities or other means of ordinary, communication within five days following the date of notification. The name of any eligible may also be removed if the name has been certified for appointment three separate times and has not been appointed, or if the eligible has waived appointment twice in the same class of position. Any cause specified in these rules for the rejection of applications may likewise be cause for the removal of the name of an eligible from the register on which it appears.
(Ord. No. 8977, § 2 (rule 7 (7.1—7.5)), 7-24-79; Ord. No. 10163, § 1, 10-7-86; Code 1980, § 40-60)

Sec. 40-86. Vacancies to be filled by appointments from eligible registers.

Except as otherwise provided in this article, every vacancy in the classified service shall be filled by appointment from the appropriate eligible register. Appointments shall be made to, or employment shall be given in, all positions in the classified service by selection of persons certified by the director of the personnel management department.
(Ord. No. 8977, § 2 (rule 8 (8.1)), 7-24-79; Code 1980, § 40-61)

Sec. 40-87. Request for certification of eligibles for appointments (requisition).

Whenever the city manager shall request certification from the director of the personnel management department for appointment to, or employment in, any position in the classified service, he/she shall specify the title and duties for such position, so that certification may be made from the appropriate eligible register, or, when necessary, a proper eligible register may be prepared as the result of an examination held for that purpose.
(Ord. No. 8977, § 2 (rule 8 (8.2)), 7-24-79; Code 1980, § 40-62)

Sec. 40-88. Manner of certification of eligibles for appointment.

(a) *From open competitive registers.* The director of the personnel management department shall certify from the appropriate eligible register the five persons who stand the highest thereon. Eligibles not selected shall be returned to the register in accordance with their relative grades. Only under unusual and exceptional conditions satisfactory to the board shall the names of eligibles be passed over.

(b) *From promotional competitive registers.* The director of the personnel management department shall certify from the appropriate register for each vacancy the names of the five persons who stand highest thereon. Only under unusual conditions, satisfactory to the board, shall the names of eligibles be passed over.

(c) *From noncompetitive registers.* The director of the personnel management department shall certify a list of candidates which may be limited to those whom he/she deems most qualified.

(d) *From labor registers.* The director of the personnel management department shall certify from an established eligible register a list of candidates which may be limited to those he/she deems most qualified.
(Ord. No. 8977, § 2 (rule 8 (8.3—8.7)), 7-24-79; Ord. No. 10282, § 1, 6-11-87; Code 1980, § 40-63; Ord. No. 11667, § 2, 6-23-98; Ord. No. 11844, § 2, 10-12-99)

Sec. 40-89. Selection of eligibles for appointments.

Appointments, promotions and advancements shall be made from a list of names certified by the director of the personnel management department, except as otherwise provided in this article or approved by the board.
(Ord. No. 8977, § 2 (rule 8 (8.8)), 7-24-79; Code 1980, § 40-64)

Sec. 40-90. Temporary appointments in absence of eligible registers.

In the absence of an eligible register and whenever there are urgent reasons for filling a vacant position in the classified service, the director of the personnel management department may refer from the applicants who have applied for the subject classification those he/she deems most qualified. Applicants not coming from eligible registers shall meet the minimum requirements for competition in the examination for the position being filled. A temporary appointment may be authorized by the director of the department of personnel management for a specified period of not more than 90 days, or to replace an employee on leave of absence, or to fill a temporary position established for a period of less than one year. The appointee may hold the position until an eligible register is established.
(Ord. No. 8977, § 2 (rule 8 (8.9)), 7-24-79; Code 1980, § 40-65)

Sec. 40-91. Emergency, interim or temporary promotions.

An emergency, interim or temporary promotion from a lower to a higher classification, made necessary by reason of illness, disability or other cause for absence of the regular employee, may be authorized by the director of the personnel management department, upon written request, with full information from the director of the department of the involved employee. Said promotion will terminate with the return of the regular employee or upon appointment from an eligible register. No seniority rights in the higher classification shall accrue to said employee.
(Ord. No. 8977, § 2 (rule 8 (8.10)), 7-24-79; Code 1980, § 40-66)

Sec. 40-92. Reclassification of position.

(a) Whenever an occupied position has been allocated to a new or different class, the incumbent thereof shall be qualified for the new class in one of the following manners:

(1) If the incumbent has been performing satisfactorily in the position reclassified at the new or higher level for a period of four years or more and has held permanent status in the previous classification, he/she shall receive the new or higher classification with permanent status, without further examination; or

(2) If the incumbent has been performing satisfactorily in the position reclassified at the new or higher level for a period of two years or more and less than four years, and has held permanent status in the previous classification, he/she shall be given a qualifying examination, the scope of which shall be at the same level of difficulty as normally given for the same or like classification, and, if successful therein, he/she shall receive the new or higher classification with permanent status.

(b) In the event the incumbent does not qualify under subsection (a)(1) or (2) above, he/she shall be processed in accordance with the layoff procedures, and the position filled from the appropriate eligible register.

(Ord. No. 8977, § 2 (rule 8 (8.11)), 7-24-79; Code 1980, § 40-67)

Sec. 40-93. Details to duties of higher responsibility during departmental reorganizations.

Whenever a department is being reorganized, pursuant to a survey approved by the city commission or when amendments to the City Charter become necessary, a department director, during the transitional period of reorganization, shall have a right to detail personnel within a department to duties of a higher responsibility, with or without salary adjustment, for a period not to exceed 120 days and subject to review every 60 days by the director of the personnel management department, which period may be renewed at the discretion of the department director for additional periods of 120 days or until the next general election, whichever comes first. Employees so detailed shall not accrue any civil service status while performing these duties during the transitional period of reorganization but shall continue to accrue civil service rights in their permanent civil service classification.

(Ord. No. 8977, § 2 (rule 8 (8.12)), 7-24-79; Code 1980, § 40-68)

Charter reference—Creation, continuance of city departments, §§ 19, 19-A.

Sec. 40-94. Change of status to unclassified service.

Any employee of the city who holds permanent civil service status and is appointed or assigned as a director of a department, or to any other position in the unclassified service, shall be returned to the rank from which said employee has been promoted under personal request of the employee or when said unclassified service employment ceases, or when said employee is removed from said unclassified service employment. Seniority credits in the permanent civil service classification held by such employee shall accrue to said employee while assigned to such unclassified service employment. A probationary employee who has been appointed to a position in the unclassified service may accrue civil service credits with the approval of the civil service board upon completion of the normal probationary period. Application for such rights must be requested by the probationary employee and approved by the director of the department in which he/she held his/her classified position. Such unclassified employment shall not bar employees holding permanent civil service status from qualifying for promotional examination to the classification next higher to their permanent civil service classification.

(Ord. No. 8977, § 2 (rule 8 (8.14)), 7-24-79; Code 1980, § 40-69)

Charter reference—Unclassified and classified civil service, § 36(c).

Sec. 40-95. Promotions of police officers and firefighters upon retirement.

Any officer of the police department or uniformed member of the fire-rescue department

may, upon retirement, be promoted without examination, to the next higher rank in the service. This promotion is to be based entirely upon the recommendation of the directors of the fire-rescue and police departments and is an honorary promotion, carrying no civil service rights or status.
(Ord. No. 8977, § 2 (rule 8 (8.17)), 7-24-79; Code 1980, § 40-70)

Sec. 40-96. Probationary service in position required.

No initial appointment, advancement, promotion, demotion or change in classification in the classified service shall be deemed complete until a probation period of actual service in the position to which appointed, advanced, promoted, or changed in classification shall have been completed.
(Ord. No. 8977, § 2 (rule 9 (9.2)), 7-24-79; Code 1980, § 40-71)

Sec. 40-97. Length of probation.

(a) *Specified.* The required period of probationary service shall be as follows:

(1) *Police officer.* Upon initial appointment or advancement to the position of police officer, the period of probationary service shall be not less than 18 months nor more than 24 months.

(2) *Identification technician I or firefighter.* Upon the initial appointment or advancement to the position of identification technician I or firefighter, the period of probationary service shall be 12 months.

(3) *All others.* Upon the initial appointment, advancement, or change in classification to any other position, the period of probationary service shall be not less than six months nor more than 12 months.

(b) *Extension.* No probationary period shall be extended beyond the time limit set forth in subsection (a), except upon approval of the board.
(Ord. No. 8977, § 2 (rule 9 (9.3, 9.6)), 7-24-79; Code 1980, § 40-72; Ord. No. 11822, § 2, 7-27-99)

City Code cross reference—Extension of probationary period by leave of absence without pay, § 40-110(b).

Sec. 40-98. Removal from position prior to completion of probation.

(a) *Actions authorized.* A probationary employee may be returned to his/her former classification or, in the event he/she holds no permanent status in any class, may be discharged or reduced in rank at any time prior to the expiration of the probationary period upon receipt by said probationary employee of a written notice of discharge or reduction in rank from the director of the department, approved by the director of the personnel management department.

(b) *Procedure for return of employees to permanent civil service classification.* No employee serving a probationary period in a position to which he/she has been promoted shall be discharged within such probationary period, but shall only be reduced to the classification in which he/she has permanent civil service status. Such employee shall first be given an opportunity to fill any vacant position in the subject classification, and, if there is no such vacancy in that classification, he/she shall be permitted to replace, citywide, that person with the lowest layoff score in that classification, layoff score to be computed in the manner described in section 40-117.

(c) *Review of dismissal from entrance position; return of dismissed employee's name to eligible register.* A probationer who is dismissed from an entrance position may submit a statement in writing to the director of the personnel management department in which case his/her statement and that of the director of the department concerned shall be reviewed. If, in the opinion of the director of the personnel management department, it is in the best interest of the city to permit the individual another opportunity for employment, said individual's name shall be returned to the eligible register of the classification concerned, in its original position on the said eligible register.
(Ord. No. 8977, § 2 (rule 9 (9.4, 9.5, 9.7)), 7-24-79; Code 1980, § 40-73)

Case law reference—Invalid notice of dismissal by distant department head, rather than department head, of probationary employee not sufficient cause to claim resignation under duress. City of Miami v. Kory, 394 So. 2d 494.

Sec. 40-99. Probationary status of appointments to temporary positions and positions funded by special grants.

When an employee is appointed from an eligible register to a permanently budgeted entrance or promotional position of a temporary nature, to replace a permanent employee on leave of absence without pay or a permanent employee who is serving on a special project, or when an employee is appointed from an eligible register to a position funded by special grants, he/she will be appointed in probationary status unless the department director, in writing, recommends against it and the director of the personnel management department approves the concerned department director's recommendation.
(Ord. No. 8977, § 2 (rule 9 (9.8)), 7-24-79; Code 1980, § 40-74)

Sec. 40-100. Interdepartmental transfers; transfers between classifications.

(a) Any employee in the classified service who has served the probationary period required in sections 40-96 and 40-97 may be transferred from a position in one department to a position of the same class in another department, upon approval of the directors of the two departments concerned and with the consent of the employee to be transferred, without having to serve an additional probationary period. Nothing herein shall be construed to interfere with the right of the city manager to assign or reassign employees within a given class among the various departments as he/she deems in the best interests of the service, irrespective of consent of employee assigned.

(b) The board may also authorize the transfer of an employee from one class to another in the same salary range when the minimum qualifications are equivalent.
(Ord. No. 8977, § 2 (rule 11 (11.1)), 7-24-79; Code 1980, § 40-75)

Sec. 40-101. Assignment to other work.

Any employee in the classified service may be assigned to work other than that described in the description of the classification of the position held for a period not exceeding 30 working days in any one calendar year without permission of the board. No person shall be employed for more than 30 working days on duties other than those described or implied by the class specification unless said employee has been qualified therefor by examination and is appointed in accordance with this article, or unless said employee has received an emergency, interim or temporary promotion in accordance with this article, or unless said employee has been detailed under a reorganization plan in accordance with this article, or unless approved by the board. Assignments of employees in the fire-rescue department and the police department to perform the same duties in various districts, and to assist each other, and similar changes in other departments of the location of the employment and not of the position held, but where there is no change in salary, are not to be construed as transfers but as routine details. Notwithstanding the provisions of this section, employees in a bargaining unit may be assigned to work out of their classification in accordance with provisions of the appropriate labor agreement.
(Ord. No. 8977, § 2 (rule 11 (11.2)), 7-24-79; Code 1980, § 40-76)

City Code cross references—Emergency, interim or temporary promotion, § 40-91; details to duties of higher responsibility during departmental reorganizations, § 40-93.

Sec. 40-102. Residency of employees.

Employees must maintain residence in accordance with requirements established by the city manager.
(Ord. No. 8977, § 2 (rule 5 (5.3)), 7-24-79; Code 1980, § 40-77)

Sec. 40-103. Hours of work generally.

The city manager shall prescribe by regulation the actual hours of employment for any or all employees in the city service whenever such action, in his/her opinion, is in the best interests of the city service.
(Ord. No. 8977, § 2 (rule 15 (15.1)), 7-24-79; Code 1980, § 40-78)

Sec. 40-104. Overtime.

Overtime must be kept to the minimum. When overtime becomes necessary, unless paid for in cash it may be repaid in the form of time off, to be taken as soon as practical.
(Ord. No. 8977, § 2 (rule 15 (15.11(c))), 7-24-79; Code 1980, § 40-79)

Sec. 40-105. Vacation with pay.

(a) *Eligibility.* Employees are allowed vacation with pay after completion of six months of actual continuous service.

(b) *Scheduling dates of vacations.* Vacation with pay shall be taken at the convenience of the department director.

(c) *Number of days available:*

(1) *Vacation-with-pay schedule.* Calculated on actual service in the previous calendar year, the vacation-with-pay schedule is as follows:

a. When working five days per week, the vacation is ten working days per annum.

b. When working five and one-half days per week, the vacation is 14 working days per annum.

c. When working six days per week, the vacation is 18 working days per annum.

d. When working seven days per week, which time includes Sundays or holidays, or both, vacation is 21 days per annum.

e. Firefighters, when working a 49.8-hour week, vacation is ten hours per month.

Where employees have not qualified by a full year's employment for the entire annual vacation, vacation time earned shall be on the basis of $^{10}/_{12}$ day for each month worked on a five-day-per-week schedule, $^{11}/_{12}$ days on a $5^{1}/_{2}$-day-per-week schedule, $^{18}/_{12}$ days on a six-day-per-week schedule, $^{21}/_{12}$ days on a seven-day-per-week schedule, and ten hours per month for firefighters working a 49.8-hour week.

(2) *Extra vacation days for years of service.* Extra vacation days for years of service shall be allowed upon the completion of the required years of actual continuous service as shown below:

a. Permanent employees after completion of six years of service shall be allowed one extra working day of vacation annually and firefighters on a 49.8-hour week shall be allowed ten hours.

b. After completion of seven years, two working days of vacation or 20 hours for firefighters.

c. After completion of eight years, three working days of vacation or 30 hours for firefighters.

d. After completion of nine years, four working days of vacation or 40 hours for firefighters.

e. After completion of ten years, five working days of vacation or 50 hours for firefighters.

f. Each year thereafter employees will be allowed one-half working day of vacation, or five hours for firefighters.

If the only break in an employee's service has been a layoff, the extra vacation time shall cover the period worked during the years of service. If a person enters the employ of the city prior to the 15th of the month, it shall be considered as a full month of service. If the only break in an employee's service occurred due to an employee being required to resign in order to accept employment in the police or fire-rescue department, as reflected by the employee's personnel file, then both periods of service shall be counted in computing vacation time.

(d) *Accumulation, carryover of vacation time.* It is generally intended that vacations will be taken within the calendar year in which they are

due. Employees may, however, accumulate a total of not more than ten days of vacation or six tours of duty, to be carried over for future use. Vacation carryovers in excess of ten days or six tours of duty must have the prior approval of the department director, the city manager, and the executive secretary.
(Ord. No. 8977, § 2 (rule 15 (15.2)), 7-24-79; Code 1980, § 40-80)

Sec. 40-106. Sick leave with pay.

(a) *Eligibility.*

(1) *Generally.* New employees are allowed sick leave with pay on the basis of one day for each full month's service during the first 12 months of employment, but none may be used until the employee has successfully completed three months of service. After one year of service, said employees are considered for sick leave on the basis outlined in paragraph (e)(1) of this section.

(2) *Temporary appointees to full-time positions.* Employees appointed to full-time positions in temporary status are eligible for sick leave, accruing from the date of their full-time temporary appointment.

(3) *Employees recalled after layoff.* Employees who have been laid off and then recalled to service shall be given regular sick leave less one day for each full month they were laid off.

(4) *Employees returning from military service.* Employees returning from military service will receive one day's sick leave for each month of city service anticipated in the calendar year of their return. Their accumulated sick leave will be determined on the basis of their annual city service, omitting military service.

(b) *Abuse prohibited.* Care and discretion shall be exercised by the department directors to prevent the abuse of these liberal sick leave privileges. Absences on account of trivial indispositions must be discouraged. Sickness, disease or physical disability, the result of intemperate habits or immoral conduct, cannot be paid for. To determine the extent of an employee's absence on sick leave, the supervisor shall visit the home of the employee. In cases where the supervisor suspects that an employee is malingering, sick leave with pay shall not be granted.

(c) *Requirements generally.* In order to receive compensation while absent on sick leave, the employee must take steps to notify the immediate supervisor of the illness within 30 minutes after the time set for the beginning of the daily duties, except in the police department, wherein departmental rules will apply. In addition:

(1) Absentees of more than three days or two tours of duty in the fire-rescue department are to complete absence reports and check with the city physician for approval before returning to work.

(2) Absentees of ten days or more are to complete absence forms, including signature of physician treating them, and check with the city physician for approval before returning to work.

(3) Any injury, surgery, or illness of serious nature, causing any absence, shall be checked by the city physician for approval before an employee returns to work.

(d) *Allowance for family illness.* An employee may be granted leave of absence with pay for illness of any actual member of the employee's household under the following conditions:

(1) Employee must have sick leave to his/her credit.

(2) No more than four days will be granted in any calendar year.

(3) Time absent will be charged against his/her sick leave credits.

(e) *Amount of leave time available:*

(1) *Rate of accrual.* Employees may be allowed to accrue 12 working days of sick leave with pay per calendar year. Firefighters may be allowed to accrue ten hours of sick leave per month. Sick leave time covers working days only.

(2) *Accumulation from year to year.* Sick leave with pay is automatically cumulative from year to year.

(3) *Conversion to vacation time; credit for unused balance.* After the accumulation of 60 days' sick leave, further accumulation shall be credited to an employee's vacation leave at a rate of one day of vacation for every two days of sick leave earned in accordance with the provisions of paragraph (e)(1) hereof. The balance of the unused sick leave shall be credited to the employee's sick leave bank to an unlimited maximum accumulation.

(f) *Assessment of leave against leave time.* The department director should not grant sick leave for any employee for time that would exceed the earned sick leave allowance mentioned below:

(1) Any employee should be allowed 12 days a year of sick leave, with a maximum accumulation of 60 days. Any balance of accumulated leave at the end of the current year shall be brought forward to the employee's credit for the next year. The employee shall first use up the regular sick leave allowance for the next year. Then the employee may be allowed the credit for the accumulated sick leave from the year before.

(2) When an employee has used up the accumulated sick leave allowed him/her and he/she is still unable to resume his/her duties, the excess time absent will automatically be charged to the vacation leave due him/her rather than drop him/her from the payroll. In the event, however, that an employee is unable to return to work, and has exhausted both sick leave and vacation due him/her, his/her request for advance leave must be approved by the board and the city manager.

(g) *Reporting use of leave.* Sick leave with pay in excess of 12 days in any one calendar year shall be reported on attendance records as per instructions from the paymaster.

(h) *Compensation for unused leave on termination of employment.*

(1) *Generally.* All unused sick leave to the credit of an employee who is being retired on service retirement shall be compensated for at time of retirement by payment for each day of such unused sick leave to a maximum of 120 days.

(2) *After ten or more years' service.* Employees with ten or more years' service who terminate employment with the city under honorable conditions shall receive cash payment equal to one-fourth of their unused accumulated sick leave as defined in this article, unless the department director in writing recommends against it and the civil service board approves the department director's recommendation.

(3) *After 15 or more years' service.* Employees with 15 or more years' service who terminate employment with the city under honorable conditions shall receive cash payment equal to one-half of their unused accumulated sick leave as defined in this article, unless the department director in writing recommends against it and the civil service board approves the department director's recommendation.

(i) *Sanitation employees' special provisions.* The provisions of this section concerning sick leave accrual, compensation for unused sick leave, and the conversion of sick leave to vacation time for employees in the Sanitation Employees Association's bargaining unit shall be in accordance with the provisions of the current labor agreement.

(Ord. No. 8977, § 2 (rule 15 (15.3)), 7-24-79; Code 1980, § 40-81)

Sec. 40-107. Civil leave.

(a) Upon approval of his/her department director and the city manager, any employee holding a position in the classified service shall be granted a leave of absence with pay for:

(1) Service upon any jury other than those for which an employee has voluntarily registered for jury duty.

(2) Appearance before a court, legislative committee, or other judicial or quasijudicial body as a witness in an action involving the federal government, the State of Florida, a political subdivision thereof, or the city, in response to a subpoena or other direction by proper authority.

(3) Attendance in court in connection with an employee's official duty; such attendance shall include the time required in going to the court and returning to the employee's place of duty.

(b) Any absence, however, whether voluntary or in response to a legal order to appear and testify in private litigation, not as an officer or employee of the city but as an individual, shall be taken as annual leave, as leave of absence without pay, or as a deduction from authorized accumulated overtime.
(Ord. No. 8977, § 2 (rule 15 (15.4)), 7-24-79; Code 1980, § 40-82)

Sec. 40-108. Personal leave.

(a) *National holidays.* The following and any other days designated by the city commission or under its authority are holidays: New Year's Day, Washington's Birthday, Memorial Day, Independence Day, Labor Day, Columbus Day/ Indigenous Peoples' Day, Armistice Day, Thanksgiving Day, and Christmas Day. Compensatory time off shall be allowed for work done on these days. When a holiday falls on the regularly assigned day off for an employee, such employee shall be compensated by another day off. In order to be eligible for holiday pay, the employee must be in "with pay" status on the working day preceding and the working day following the subject holiday.

For purposes of this section, as of October 1, 2009, furlough days (as defined via administrative policy or collective bargaining agreement) may be used on the working day preceding or the working day following the subject holiday without affecting the employee's holiday pay.

(b) *Religious holidays.* There is no official observance of religious holidays, except such as may also be national holidays. It is the policy of the city to permit absence from work to those employees who desire to spend certain holidays in religious devotion. Whenever circumstances permit, work schedules should be arranged so as to provide substituted work time (compensatory time). Where no such arrangements can be made, the absence will be charged against vacation leave to the employee's credit. If the employee has no vacation to his/her credit, his/her absence will be charged as leave without pay with no prejudice to his/her standing.

(c) *Conventions or conferences.* Attendance at a convention or at meetings of like character, for the purpose of professional improvement pertaining to the individual's particular area of operation as a public employee, shall not be considered as leave from duty but shall be noted on the payroll as "professional improvement" leave, and said absence must be authorized by the city manager.

(d) *Civil service examinations.* Employees participating in promotional examinations or open competitive city civil service examinations for their present jobs prior to the establishment of a register will be granted time off without charge against leave for the time necessary to complete the examination. Employees participating in examinations for classifications for which the pay range is the same or less than their present classification will not be granted leave with pay in accordance with this subsection.

(e) *Blood donations.* Employees who volunteer as blood donors to contribute to the John Elliot Blood Bank will be authorized the absence necessary to accomplish this purpose. Particular care will be taken to see the employees take sufficient time from their duties to recuperate. Except in unusual circumstances, a maximum of four hours' authorized absence should be allowed.

(f) *Medical examinations.* Employees will be excused for the purpose of taking a medical examination to determine their physical fitness for employment in the service of the city. This shall apply to both entrance and promotion examinations at the discretion of the board.

(g) *Death in family.* Any employee may, in case of death in the immediate family, be authorized a maximum of four days' leave with

pay. The immediate family is defined as father, mother, sister, brother, husband, wife, child, father-in-law and mother-in-law, stepfather and/or stepmother if they have raised the employee from infancy, regardless of place of residence, and may include any other person who is an actual member of the employee's household. The circumstances of the employee's personal leave shall be endorsed by the department director and submitted by letter to the board.
(Ord. No. 8977, § 2 (rule 15 (15.5(a)—(g)), 7-24-79; Code 1980, § 40-83; Ord. No. 13126, § 1, 1-14-10; Ord. No. 14266, § 2, 4-11-24)

Sec. 40-109. Terminal leave with pay.

Any employee, upon retiring from city service or separating under honorable conditions, who has served for a period of 25 years or more, shall be granted, at the time of his/her service retirement or honorable separation, an additional month's pay, in addition to his/her regularly earned pay, vacation pay and other legal benefits.
(Ord. No. 8977, § 2 (rule 15 (15.5(h)), 7-24-79; Code 1980, § 40-84)

Sec. 40-110. Leave of absence without pay generally.

(a) *Permissible reasons.* The director of a department, with the approval of the city manager, may grant leaves of absence without pay for the following causes, and not otherwise; viz, that the employee:

(1) Has a temporary physical disability; provided, however, that no such leave shall be initially given for a period to exceed 90 days. The period of leave may be extended with the approval of the city manager.

(2) Requests leave of absence for the purpose of entering upon a course of training or study or to engage in an investigation calculated to improve the quality of the employee's service, but no leave shall be granted for a period to exceed six months, with the right to extend for another six months, if approved by the city manager and the department director.

(3) Has a good reason other than mentioned above, which shall be sufficient to warrant granting said leave; provided, however, that said leave shall not exceed 90 days, and provided, further, that the employee shall understand that the acceptance of another position or engaging in other employment while on said leave shall be deemed a resignation from the service of the city. Any vacancy from said cause shall be filled by a temporary employee for the duration of not more than 90 days.

(b) *Probationary employees; employees returning from leave.* Leave of absence during the required probationary period of service of an employee shall extend the probationary period for the length of time used during the leave of absence. In no case shall leave of absence be given within 90 days of the employee's appointment; neither shall leave of absence be granted within six months after the return of the employee from a leave of 15 days or more, except in the case of physical disability. At the expiration of a leave of absence, the employee shall be returned to the position vacated when said leave of absence was granted.

(c) *Reporting grant of leave.* Whenever leave of absence without pay is granted, it shall be promptly reported in writing to the board.
(Ord. No. 8977, § 2 (rule 15 (15.6)), 7-24-79; Code 1980, § 40-85)

Sec. 40-111. Military service.

(a) *Permanent employees.* Whenever an employee in permanent status shall enter into the military service of the United States government and, upon application to the civil service board, he/she shall be given a leave of absence without pay from the service of the city during the period of such military service, not to exceed four years unless such service shall be extended by law, no loss of civil service rights shall operate against him/her as a result thereof and he/she shall be given credit for the time spent in the armed forces of the United States in actual service rendered in the employ of the city as

though said employment had not been interrupted by the military leave of absence, with the exception that military service time will not be

counted toward time in grade needed for eligibility for promotional examinations; provided such employee shall offer himself/herself for reemployment with the city within 90 days after discharge from such military service, unless such time shall be extended for reasons of health or physical unfitness after application to and approval of the civil service board, and provided, further, that the benefits extended under the provisions of this section shall not include any employee who has received a dishonorable discharge from the service. In instances in which the discharge from the military service shall be other than honorable or dishonorable, the reasons for such discharge shall be subject to review by the board, and it is hereby vested with the power to consent to, or to refuse reemployment to any employee receiving such discharge.

(b) *Probationary employees.* The provisions concerning permanent employees shall also apply to probationary employees; provided, however, that said service credit shall not accrue to the veteran who was in probationary status at the time of entrance into the military service of the United States government until said veteran shall have satisfactorily completed his/her probationary period after return as an employee of the city.

(Ord. No. 8977, § 2 (rule 15 (15.7)), 7-24-79; Code 1980, § 40-86)

Sec. 40-112. Peace Corps service.

Whenever any employee with permanent status shall enter into the Peace Corps of the United States government, upon application to the civil service board, he/she shall be given a leave of absence, without pay, from the service of the city, not to exceed two years, unless the civil service board extends the time. Employees granted such leave shall be given credit for the time in the service of the Peace Corps as actual service rendered in the employ of the city, provided that said employee shall offer himself or herself for reemployment with the city within 90 days after discharge from such Peace Corps service, unless such time shall be extended for reasons of health or physical unfitness after application to and approval of the civil service board.

(Ord. No. 8977, § 2 (rule 15 (15.8)), 7-24-79; Code 1980, § 40-87)

Sec. 40-113. Military training leave.

(a) All employees of the city who are either reserve officers or enlisted personnel in the Florida state guard, the national guard, naval militia, marine corps, unorganized militia, United States army reserve, United States naval reserve, United States marine corps reserve, United States coast guard reserve, United States air force reserve, or officers or enlisted personnel in any other class of the militia shall be entitled to leave of absence from their respective duties without loss of pay, time, efficiency rating, or civil service seniority credits on all days during which they shall be engaged in field or coast guard defense exercises or other training ordered under the provisions of the United States military or naval training regulations or under the provisions of the Florida state guard or the national guard; provided that leaves of absence granted as a matter of legal right under the provisions of this section shall not exceed the provisions cited in F.S. § 115.07.

(b) Requests for military leave shall be made as early as possible but at least two weeks prior to the date such leave is desired.

(c) Employees who take the military leave provided in this section shall be credited with that time on their seniority status in the city civil service records.

(Ord. No. 8977, § 2 (rule 15 (15.9)), 7-24-79; Code 1980, § 40-88; Ord. No. 13466, § 2, 6-12-14)

Sec. 40-114. Absence from duty, irregularity in attendance, tardiness, etc.

(a) All branches of the service are required to maintain a permanent record of every absence from duty of employees.

(b) The payroll clerk, or other responsible employee, shall be charged with maintaining accurate attendance records, on which tardiness of the employee shall also be noted. Said record shall be open to inspection by the representative of the board. Absences, irregular attendance of any kind, and tardiness, shall be taken into consideration when making the efficiency or service rating of employees, and when said conditions are persistently indulged in, they shall

justify disciplinary action against the employee. It shall be the duty of supervisors to report promptly to the board all absences from duty without pay and cause of same. Failure to make said report shall be cause for disciplinary action against the supervisor by the city manager, the department director and/or the board.

(c) All absences of one-half day or more shall be reported to the department of finance on the attendance records on forms provided for the purpose. Time off allowed for overtime worked by an employee at the request of the department director shall not be regarded as absence from duty and shall be noted on the attendance record as earned time off.
(Ord. No. 8977, § 2 (rule 15 (15.11)), 7-24-79; Code 1980, § 40-89)

City Code cross reference—Requirement that sick leave in excess of 12 days per year be reported, § 40-106(g).

Sec. 40-115. Failure to return from leave.

Any employee who fails to report for duty at the expiration of a leave of absence, without the consent of the director of the department, shall automatically be removed from the rolls. Personnel records will indicate "separation—failure to return from leave."
(Ord. No. 8977, § 2 (rule 15 (15.10)), 7-24-79; Code 1980, § 40-90)

Sec. 40-116. Employee organizations.

(a) *Right of employees to affiliate.* In accordance with the June 3, 1959 act by the legislature of the State of Florida,* classified city employees are assured the right and freedom of association, self-organization and the right to join or to continue as members of any employee or labor organization complying with the above-mentioned act and shall have the right to present to the board proposals relative to this article or other matters which come under the jurisdiction of the board through representatives of their own choosing. No such employee shall be discharged or discriminated against because of his/her exercise of such right, nor shall any person or group of persons, directly or indirectly, by intimidation or coercion, compel or attempt to compel any employee to join or refrain from joining an employee or a labor organization.

(b) *Denial of the right to strike.* Any classified employee who participates in any strike or who asserts the right to strike, or who is a member of an organization of government employees that asserts the right to strike against the city, knowing that such organization asserts such right, is subject to dismissal or suspension from the classified service, or to demotion to a lower rank, if in a promotional position.
(Ord. No. 8977, § 2 (rule 10 (10.1, 10.2)), 7-24-79; Code 1980, § 40-91)

Sec. 40-117. Layoff and reinstatement generally.

(a) *Citywide layoff procedures.* Layoff shall first be restricted to the classification in which there is a surplus of employees within the department. The person who is found to have the lowest layoff score within the department and classification shall be entitled to fill any existing vacancy in such classification in any department of the city. Should there be no vacancy, the employee with the lowest layoff score shall be entitled to replace the employee with the lowest layoff score citywide. That employee in turn will have the same rights starting within his/her department to replace another employee, providing that he/she held a permanent status in some lower subordinate classification.

(b) *Departmental layoff procedures.* Whenever it becomes necessary to reduce the number of employees within a given classification in any department through lack of work funds or other causes or when a position is abolished, employees shall be laid off as follows: first, duration, emergency or temporary employees; second, probationary employees; third, permanent employees.

(1) *Probationary employees.* The names of persons who hold probationary status in the classified service in positions which have been abolished or have become unnecessary shall be placed on the current eligible register of their classifica-

*__Note—__The June 3, 1959 act referred to above would appear to be Laws of Fla., ch. 59-223. The provisions of Laws of Fla., ch. 59-223, were formerly codified as F.S. § 839.221, which section has been repealed by Laws of Fla., ch. 74-100.

tion in the order of their earned score; provided, however, that police officers who have completed at least 12 months but less than 18 months of probationary service shall be eligible for reemployment in accordance with subsection (c) hereof and shall be required to serve the balance of their probation upon reemployment.

(2) *Permanent employees.* The order of layoff of permanent employees shall be determined by a layoff score computed in the following manner: A credit for seniority computed at the rate of one-tenth of one point shall be given to all employees in the particular classification for each full month's service within his/her particular classification in which his/her efficiency rating has been reported as other than unsatisfactory; provided, however, that in the case of veterans, one point or ten months of seniority shall be added to the total layoff score. No seniority credits for the purpose of determining the layoff score shall be granted for those months within a service rating period wherein an employee's service has been reported as unsatisfactory. A tie in said score shall be broken in favor of the employee with the longest service rating reported as other than unsatisfactory. Should a tie still exist, it shall be decided in favor of the employee who filed the first work application with the city. The employee with the lowest layoff score shall then be laid off. The civil service board or the executive secretary may refer the employee laid off to a vacancy in a lower entrance level which has similar requirements. It shall not be binding on a department director to accept the employee referred to a like or similar classification.

a. If said employee has progressed in continuous and uninterrupted service through and holds permanent classification in each of several job classifications in the same job family, he/she shall hold job seniority in any one of the several job classifications as follows:

1. In the highest job classification, only seniority actually accrued in that classification shall apply.
2. In any lower job classification, all seniority accrued in said lower classification, together with all seniority accrued in the several higher classifications, shall comprise the total seniority in the aforesaid lower job classification.

No employee shall have any right or title in a job classification in which he/she was never employed and held a permanent appointment except as provided in subsection (e) of section 40-120 hereof.

b. Any employee holding a permanent or probationary status in one job classification and elevated to a higher position for the good of the service on a temporary or probationary status shall continue to accrue seniority in the former classification vacated.

c. Employees who have "advanced" but are not in the same job family will maintain seniority in their previous status as of the date they advanced from that status, but they will not accrue further seniority in their previous status.

(c) *Reinstatement from layoff registers.* The names of police officers who have completed at least 12 months but less than 18 months of probationary service and the names of the persons who held permanent status in the classified service in positions which have been abolished or have become unnecessary shall be placed on an appropriate layoff register in the order of their layoff score, the highest being first, for a period not to exceed 36 months, during which time said persons may be certified for reemployment. Such employees shall be reemployed with seniority

accrued prior to the layoff but will not accrue seniority during the period of layoff. Layoff registers shall take priority over all registers, including promotional.

(1) Reemployment shall be subject to such person's passing a satisfactory physical examination by the city physician. This rule shall be applied to all layoff registers.

(2) The director of the department of personnel management may, at his/her discretion, certify for vacancies in entrance positions individuals on layoff registers of like or similar classifications.

(d) *Declining of positions offered.* Should an employee laid off under this section, who is eligible for immediate placement, decline to accept the opportunity, his or her name shall be placed on the appropriate layoff register in the order of his or her layoff score. A refusal of the subject employee to be selected from the layoff register shall result in his or her removal from that register. He/she therefore forfeits any future rights for consideration in the subject classification.

(Ord. No. 8977, § 2 (rule 12 (12.1(a), (c)—(f), 12.2, 12.3, 12.5, 12.6)), 7-24-79; Code 1980, § 40-92)

Sec. 40-118. Intergovernmental transfers of departmental functions.

Employees in a department, division, section, etc., whose functions are to be transferred to any other government agency shall have the right to elect to remain with the city, provided they hold permanent status in a classification that is utilized in any other department, and, further, provided that they have sufficient seniority in the classification held or previous classifications. Employees subject to any other government transfer shall be processed in the same manner as outlined in section 40-117.

(Ord. No. 8977, § 2 (rule 12 (12.1(b))), 7-24-79; Code 1980, § 40-93)

Sec. 40-119. Resignation.

(a) *Generally.* Any employee in the classified service who desires to resign shall do so in writing to the director of the department in which he/she is employed. The department director shall thereupon report such resignation to the civil service board. An employee who resigns relinquishes all rights recognized under civil service status.

(b) *Subsequent renewal of employment.* Any employee who resigns with a satisfactory record of service may apply to his or her employing department to be placed on a reemployment list. If the director of the employing department endorses the request, said director may submit the request to the civil service board. If the request is approved by the civil service board, the director of personnel management shall certify the name together with other names certified under section 40-88. Subject to the provisions of existing labor agreements, in computing sick leave, vacation, and promotions, no credit shall be given for service rendered prior to reappointment. The civil service board shall only grant previous seniority credit for the purpose of meeting the time-in-grade requirement necessary for taking a promotional examination. The granting of such previous seniority credit shall not be used for augmenting the examination score or any other scores. Any such former employee who had not completed the probationary period will be required to serve a full probationary period as provided in sections 40-96 and 40-97. Eligibility for reemployment shall be limited to two years following approval by the civil service board; provided, however, that in the case of police and fire jobs requiring state certification, reemployment shall be limited to two years following the effective date of resignation.

(Ord. No. 8977, § 2 (rule 12 (12.4), rule 14 (14.11)), 7-24-79; Ord. No. 9184, § 1, 10-9-80; Code 1980, § 40-94; Ord. No. 11666, § 2, 6-23-98)

Sec. 40-120. Medical examinations.

(a) *To be provided periodically.* The city manager shall provide periodic, uniform medical examinations for all employees in the classified service for the purpose of determining the employee's physical ability to perform his/her duties of the position held. The frequency of examinations for various age groups and classifications shall be determined by the city manager.

(b) *Duties of city physician.* The city physician shall conduct and pass upon all medical examinations required under the provisions of this section and shall report in writing his/her findings, conclusions, and recommendations to the director of the department in which the employee is hired, with copies to the employee, the city manager and the civil service board. The city physician's report shall indicate whether or not the employee is capable of performing his/her duties in the position held.

(c) *Dismissal of employees unable to perform duties.* Should it be determined that the employee is unable to continue in the performance of his/her duties, the director of the department in which the employee is employed shall dismiss the employee. Employees dismissed because of physical incapacitation, and who are not under the retirement system or plan, shall be granted as severance pay an amount equal to 120 work hours if their employment has been for ten years or less, or 240 work hours if their employment has been in excess of ten years. (The above services are not required to be continuous.)

(d) *Transfers because of physical disabilities generally.* When an employee, because of a non-service-connected disability, becomes physically incapacitated for the performance of the duties of a particular classification, the city manager, with the consent of the board, may transfer said employee to a vacant position in the same or lower classification within the employee's capabilities; provided, however, that the city physician shall certify to the civil service board the employee's physical ability to perform in the new position.

(e) *Transfers to entrance-level classifications because of physical disabilities.* Any employee who has been determined by the city physician to be physically unable to continue in his/her present classification, providing that the subject employee is in accordance with the reassignment, may be transferred by the city manager to any vacant entrance-level classification if, in the manager's judgment, the employee' can fulfill the duties of the new classification. An employee who has been determined by the retirement board to be disabled in the line of duty, and who cannot perform the duties of his/her regular classification, may, if he/she so elects, subject to the approval of the director of the personnel management department and the city physician, be transferred by the city manager to any vacant entrance level position for which said employee meets the minimum requirements. Both of these actions would be without requirement of further written examination or having to serve an additional probationary period.

(f) *Appeals from retirement or removal orders based on physical disabilities.* Any employee holding permanent status in the classified service who deems that he/she has been retired or removed from the payroll for medical reasons without just cause may, within 15 days of such action by the department director, request in writing a hearing before the civil service board to determine the reasonableness of the action. If, in considering testimony during such hearing, the board deems it necessary or advisable to seek additional professional opinion as to the continued employability of the employee, the board may require said employee to submit to a medical examination by another qualified physician or physicians. Such examination shall be made without benefit of the city physician's findings, and the report thereof shall include the opinion of the physician or physicians conducting the reexamination as to the employee's future employability, based upon the findings of the examination. All examinations shall be without cost to the employee. The board shall then, in consideration of all testimony offered, render its recommendation to the city manager who, after consideration, shall enter an order affirming, reversing, or modifying the recommendation of the board.

(Ord. No. 8977, § 2 (rule 12 (12.7), rule 14 (14.9)), 7-24-79; Code 1980, § 40-95)

City Code cross references—Physical examination required for membership in retirement system, etc., §§ 40-3, 40-198, 40-248.

Sec. 40-121. Service ratings.

(a) *Required; forms.* Service ratings relative to the ability and conduct of employees in the classified service shall be made by the department director on forms prescribed by the director of the personnel management department.

(b) *Hearing on unsatisfactory rating.* Whenever it shall appear from the reports of efficiency that the conduct and/or efficiency of any employee has fallen below an acceptable level, that employee shall be called before the board to show cause why he/she should not be removed; and if, upon hearing, no reason is shown satisfactory to the board, he/she shall be removed, suspended or reduced in grade, as the board shall determine.

(1) *Conduct of hearing.* Whenever it becomes necessary to call before the board any employee whose conduct and/or efficiency has fallen below an accepted level, the hearing shall be scheduled as soon as practical. Both the employee and the department director shall be notified, reasonably in advance, of the time and place of hearing and shall have the right to present witnesses and give evidence in accordance with the rules and regulations* as established by the board.

(2) *Decision of board final; notification of employee.* The board, after hearing, shall make its decision, which shall be final and which shall be duly recorded in the permanent records of the concerned department and the board. The executive secretary shall, in writing, properly notify the employee of the board's decision.

(Ord. No. 8977, § 2 (rule 13 (13.1—13.3)), 7-24-79; Code 1980, § 40-96)

Sec. 40-122. Disciplinary actions generally.

(a) *Authority of city manager, department director; appeals to board; investigatory, evidentiary powers of board.* Any officer or employee in the classified service may be removed, fined, laid off, or reduced in grade by the city manager or by the director of the department in which he/she is employed, for any cause which will promote the efficiency of the service; but he/she must be furnished with a written statement of the reasons therefor within five days from the date of the removal, suspension, fine, layoff, or reduction in grade, and be allowed a reasonable time for answering such reasons in writing, which shall be made a part of the records of the board; and he/she may be suspended from the date when such written statement of reason is furnished him/her. No trial or examination of witnesses shall be required in such case except at the discretion of the city manager or the department director.

Any employee in the classified service who deems that he/she has been suspended, removed, fined, reduced in grade or demoted without just cause may, within 15 days of such action by the department director, request in writing a hearing before the civil service board to determine the reasonableness of the action. The board shall, within 30 days after appeal of the employee disciplined, proceed to hear such appeal. After hearing and considering the evidence for and against the employee, the board shall report in writing to the city manager its findings and recommendations. The city manager shall then sustain, reverse, or modify the action of the department director.

In the event the city manager shall not have completed his/her action to sustain, reverse, or modify the action of the department director within 60 days of the receipt by the city manager of the report of the determination of the civil service board of an appeal of a disciplinary matter filed by an employee of the city, the city manager shall report in writing to the city commission the reason for the delay. If the delay continues thereafter, the city manager shall file a supplemental report, setting forth the reasons for the continuing delay on each tenth day following, during which he/she shall have failed to take the final action required.

Any member of the civil service board and the director of personnel† may administer an oath to witnesses appearing before said board or said director in an investigation, disciplinary or appeal proceedings, and shall have the power to issue witness subpoenas and to compel the attendance of witnesses.

*__Note—__See editor's note, § 40-66.

†__Editor's note—__Pursuant to section 40-70, the executive secretary of the civil service board shall be ex officio director of personnel for purposes of section 36(f) of the City Charter.

(b) *Charges preferred by citizens.* The civil service board shall also have the right to remove or reduce any official or employee in the classified service upon written charges of misconduct preferred by any citizen, but only after reasonable notice to the accused and full hearing.
(Ord. No. 8208, § 1, 10-19-73; Ord. No. 8977, § 2 (rule 14 (14.1)), 7-24-79; Code 1980, § 40-97; Ord. No. 13676, § 2, 4-27-17)

Sec. 40-123. Grounds for dismissal, suspension and demotion.

(a) *Generally.* The following are declared to constitute a breach of duty and to be grounds for dismissal or suspension from the classified service or grounds for demotion, though charges may be based upon causes other than those enumerated; viz, that any employee has been guilty of conduct unbecoming any employee of the city who:

(1) Has been convicted of a felony, or of a misdemeanor or offense against the dignity of the city;

(2) Has been guilty of misuse of sick leave privilege or excessive tardiness or absenteeism without good cause;

(3) Has willfully, wantonly, or through culpable negligence been guilty of brutality or cruelty to an inmate or prisoner of a city institution or to a person in custody;

(4) Has willfully violated any of the provisions of the civil service law or rules of the board*;

(5) Has violated any lawful and reasonable official regulation or order, or failed to obey any lawful or reasonable direction made and given by his/her superior, where such violation or failure to obey amounts to:

a. An act of insubordination; or

b. A serious breach of proper discipline; or

c. Resulted, or reasonably might be expected to result, in loss or injury to the city or to the public or to the prisoners or wards of the city;

(6) Has been under the influence of alcoholic beverages, on duty or off, his/her conduct while under said influence bringing reproach upon the city; or has been under the influence of drugs, narcotics, barbiturates or central nervous system stimulants as defined in F.S. ch. 893 on duty or off, his/her conduct while under said influence bringing reproach upon the city;

(7) Has contracted a venereal disease and refuses to seek treatment therefor, or a physical ailment or defect, which incapacitates the employee for properly performing the duties of the position held;

(8) Has been guilty of actions which amount to insubordination or disgraceful conduct, whether committed on duty or off;

(9) Has been wantonly offensive in conduct or language toward the public or city officers or employees;

(10) Has solicited the vote of a member of the city commission for or against a proposed ordinance or resolution or a proposed item in a budget, or an appropriation ordinance concerning the employee's department, where such solicitation is charged and established to have been made elsewhere than at a public hearing of the city commission or a committee thereof, unless the employee is an authorized representative and is presenting the opinion of an organization of city employees;

(11) Is incompetent, negligent, or inefficient in the performance of the duties of the position held;

(12) Is careless or negligent of the property of the city;

(13) Has used, or threatened, or attempted to use political influence in securing promotion, leaves of absence, transfer, change in pay, change in character of work, or revision of examination grade;

*__Note—__See editor's note, § 40-66.

(14) Has guided or in any manner has been concerned in assessing, soliciting, or collecting money from any officer or employee in the service of the city for the purpose of making a gift to a public officer;

(15) Has been induced, has induced, or has attempted to induce an officer or employee in the service of the city to commit an unlawful act, or to act in violation of a lawful and reasonable departmental or official regulation or order; or has taken any fee, gift, or other valuable thing in the course of his/her work or in connection with it for his/her personal use from any citizen, when said contribution is made with the hope or expectation of receiving a favor or better treatment than is accorded to other citizens;

(16) Has intentionally falsified a time record or failed to report absence from duty to superiors; or if, after employment, it is found that an employee has made a false statement in the application for employment or has given false information on his/her preemployment medical examination;

(17) Has been absent from duty without leave, or has failed to report for work after the leave of absence has expired or after the said leave of absence has been disapproved or revoked and cancelled;

(18) Is antagonistic toward superiors and fellow employees, criticizing orders, rules and policies, and whose conduct interferes with the proper cooperation of employees and impairs the efficiency of the public service;

(19) Has been refused a surety bond by the surety company then carrying the city fidelity bonds on all city employees when such bond is applied for as qualifications for employment, or has been refused continuance of coverage under such surety bonds;

(20) Has accepted or received any gift, reward, present, donation, gratuity, or other thing of value for the performance of any duty imposed upon him/her by virtue of his/her office aside from his/her official capacity; provided, however, that this subsection does not apply in cases of meritorious service rendered by a member of a classified service of the civil service of the city when a member of said service has been specially authorized by the city manager in each instance to receive such reward, gift, present, donation, gratuity, or other thing of value and when a permanent record shall be kept in each such instance in the office of the city manager;

(21) Has, without the permission of the city manager and/or the chief of the police department, been found to have in his/her possession and using any recording instrument or device to secretly record conversations without the knowledge or consent of the person or persons whose conversation may be recorded;

(22) Has participated in any strike or has asserted the right to strike against the city or who is a member of an organization of government employees that asserts the right to strike against the city, knowing that such organization asserts such right; or

(23) Has, in his/her official capacity, solicited or recommended attorneys to persons or employees involved in accidents, in injuries sustained by employees in the course of their employment, in property damage, or in any litigation involving the city.

Note: Nothing contained in any of these subsections shall interfere with the right and duty of the city manager, the department directors, chiefs of the police and fire-rescue departments, or a citizen to file charges on any grounds which he/she considers justifiable against any employee.

(b) *Additional grounds for dismissal:*

(1) Should any officer or employee in the classified service of the city appear before a grand jury or juries and refuse to sign an immunity waiver in advance of

testimony before such grand jury or juries and/or refuse to testify fully on all matters concerning the property, government, or affairs of the city, such conduct shall constitute a breach of duty and that employee shall be dismissed from the classified service of the city.

(2) Failure of a city employee to maintain duly established standards of physical fitness shall be grounds for dismissal.

(3) No city employee shall be excused on plea of self-incrimination, or for any other reason, from giving information which may bear on his/her own fitness to hold a job; he/she shall be dismissed for refusing to give such information.

(Ord. No. 8977, § 2 (rule 14 (14.2, 14.12)), 7-24-79; Code 1980, § 40-98; Ord. No. 11419, § 2, 12-12-96)

City Code cross references—Medical examinations, dismissal of employees unable to perform duties, § 40-120(c); dismissal of employees refusing to testify in disciplinary appeals proceedings, § 40-124(b)(6).

Sec. 40-124. Appeals from disciplinary actions.

(a) *Generally.* When any employee in the classified service with permanent civil service status who has been suspended, reduced in rank, or dismissed appeals to the board, the appeal must be made in writing within 15 days from the effective date of the suspension, reduction, or dismissal; and the board within 30 days shall proceed to hear such appeal. The board, recognizing the disciplinary authority of the administrative head and ready at all times to improve the relationship between employer and employee, shall make its findings in writing to the city manager for his/her consideration, who shall enter an order affirming, reversing, or modifying the disciplinary action of the department director. Whenever formal charges are brought against any employee in the classified service before the board, no individual member of the board shall discuss the case with the employee concerned, or his/her authorized agent, or any witness, prior to the hearing.

(b) *Conduct of hearings generally.* The concept of administrative law under which the board holds appeal proceedings is this: that the matter at issue is the appellant's fitness to hold employment in the classified service of the city, based upon the charges presently before them; that therefore the rules of criminal and civil proceedings shall not apply in hearings before the board.

(1) The board shall give written notice of the time and place of hearing the appeal to the appellant, to the city manager, and to the director of the department.

(2) The proceedings shall be as informal as is compatible with the essential requirements of law.

(3) The admission of evidence shall be governed by the board's rulings, with the advice of the board's counsel, if such be available. Strict rules of evidence, as in courts of law, shall not apply. Evidence is to be admitted at the discretion of the board and pertinent information considered for the purpose of substantial justice for all parties.

(4) The appellant may be represented by counsel; the director of the department may be represented by the city attorney or other counsel.

(5) Admissible as evidence shall be written statements made by the appellants and others, transcripts of oral statements made by the appellants and others, and hearsay evidence, for whatever these may be worth. This shall not be considered a limitation as to the admission of other types of evidence, or as to the consideration by the board of any and all pertinent information.

(6) Appellants and all other classified employees of the city may be required to testify. Refusal to testify shall be grounds for dismissal. Admissions against interest may be admitted as evidence. A plea of self-incrimination by a witness shall constitute grounds for dismissal.

(7) The board shall be free to make its determination of appellant's innocence

or guilt in keeping with the public interest, based solely on the board's reasonable interpretation of all the pertinent information available. The board shall not be bound by a presumption of the appellant's innocence or guilt; such presumption does not prevail in administrative law. The findings of the board shall be based on competent substantial evidence before it.

(8) In considering the appellant's fitness to hold employment in the classified service of the city, the board shall not be bound by the strict letter of the charges as drawn. The board may allow the charges to be amended at any time, as long as the amendment is material to the charges. In general, the board in its findings shall be guided, not by technicalities, but by the substance of the information developed in its hearings.

(9) The board has full power to prescribe the manner of conduct of its hearings.

(10) After due consideration of the evidence and other pertinent information, the board shall render its findings to the appellant and to the city manager.

(c) *Order of proof.* The board shall hear the evidence upon the charges and specifications as filed with it by the director of the department. The order of proof shall be as follows:

(1) The director of the department or his/her appointed representative shall present his/her evidence in support of the charges.

(2) The appellant shall then produce such evidence as he/she may wish to offer in his/her defense. The director of the department may offer rebuttal evidence, and the board at its discretion may hear arguments.

(d) *Failure of parties to appear.* If the employee notified shall fail to appear at the time fixed for the hearing, the board shall hear the evidence and render judgment thereon. If the department director shall fail to appear, and if no evidence be offered in support of the charges made, the board may render judgment as by default or may hear evidence offered by the removed employee and render judgment thereon, and the board shall forthwith notify the city manager, the department director and the removed employee of its decision.

(e) *Appeals from orders of reduction in pay or position, layoff or suspension.* Hearings on appeal from employees reduced in pay or position, laid off, or suspended by the department director shall be conducted generally in the same manner as hearings on appeal from orders of discharge.
(Ord. No. 8977, § 2 (rule 14 (14.3—14.5, 14.7, 14.10)), 7-24-79; Code 1980, § 40-99)

Sec. 40-125. Resignation before final action on appeal from disciplinary action.

The acceptance by a department director of the resignation of an employee suspended, reduced in rank, or dismissed, before final action on the part of the board, shall be considered a withdrawal of the charges and the separation of the employee concerned shall be recorded as a resignation, and the proceedings shall be dismissed without judgment. A copy of the dismissal charge shall remain in the personnel file of the employee, and a notation shall be made on the copy of the dismissal charge to the effect that charges were withdrawn pursuant to this section.
(Ord. No. 8977, § 2 (rule 14 (14.6)), 7-24-79; Code 1980, § 40-100)

Sec. 40-126. Limitation on reappointment of employees dismissed for misconduct, etc.

Any employee who is dismissed for misconduct, delinquency, or who resigns while not in good standing, shall be disqualified from taking any examination for at least two years thereafter, unless in the judgment of the board the charges will not affect the employee's usefulness in some other occupation.
(Ord. No. 8977, § 2 (rule 14 (14.8)), 7-24-79; Code 1980, § 40-101)

Sec. 40-127. Notification of and recording of departmental personnel changes by personnel management department.

Immediate notice in writing shall be given by the department director to the director of the personnel management department of all appointments (permanent and temporary), transfers, promotions, resignations, suspensions and vacancies from any cause, and the date thereof, and a record of same shall be kept by the director of the personnel management department. Whenever a new position is created or an old one abolished or consolidated with another of different classification, the department director interested shall immediately report same in writing to the director of the personnel management department.

(Ord. No. 8977, § 2 (rule 8 (8.13)), 7-24-79; Code 1980, § 40-102)

City Code cross reference—Official personnel records, § 40-72.

Sec. 40-128. Grievances and abuses generally.

(a) *Investigations by the board.* Whenever the board has reason to believe that this article has been violated by the abuse of power in recommending or making an appointment to any position, or in a layoff, demotion, suspension, or removal without justification, or in any other manner, it shall be the duty of the board to investigate. If, in making this investigation, the board shall find that said violations were contrary to the intent and spirit of this article, it shall make a report thereof to the director of the department involved and to the city manager.

(b) *Complaint by employee.* Any employee who is aggrieved by reason of what he/she considers a violation of this article to his/her detriment, or who has a grievance concerning his/her employment under this article, and who desires redress, shall notify the executive secretary in writing, stating the nature of his/her grievance and requesting a hearing by the board.

(1) Upon receipt of such notice, the executive secretary shall promptly inform the board, and the board shall schedule the matter for a hearing within 30 days of the date of receipt of the notice by the executive secretary, who shall notify the employee of the time, date, and place of hearing.

(2) If the board so desires, it may make a preliminary investigation of the matter before the hearing.

(3) The employee shall appear before the board at the scheduled time and place, and shall present pertinent information to the board concerning his/her grievance.

(4) The board shall consider the matter, and promptly present its findings and recommendations to the city manager for his/her consideration of a proper remedy, if a remedy is necessary.

(Ord. No. 8977, § 2 (rule 16 (16.1, 16.2)), 7-24-79; Code 1980, § 40-103)

Sec. 40-129. Authority of chief examiner to review applicant complaints, make recommendations.

The chief examiner may review any complaint of an applicant for employment or promotion and may make recommendations to the city manager and the director of the personnel management department for resolution of such complaints in accordance with the provisions of this article.

(Ord. No. 8977, § 2 (rule 4 (4.2)), 7-24-79; Code 1980, § 40-104)

Sec. 40-130. Discriminatory practices, fraudulent statements, improper solicitations, etc., prohibited; penalties.

Except as required by statute or by a court of competent jurisdiction, no person in the classified service or seeking admission thereto shall be favored or discriminated against in any way because of his/her race, color, national origin, marital status or political or religious opinions or affiliations, or because of age or sex, or physical or mental handicap, as prohibited by statute. No person shall willfully or corruptly make or cause to be made any false statement, certificate, mark, rating or report in regard to any test, certification, promotion, demotion,

removal or appointment held or made under the provisions of this article or in any manner commit or attempt to commit any fraud preventing the impartial execution of the provisions of this article. No person shall either directly or indirectly solicit, pay, render, receive, or give any money, service or other valuable thing to any person for, or on account of, or in connection with any test, appointment, promotion, demotion, layoff, or dismissal. Any person who violates the provisions of this section, besides the legal penalties provided, shall be ineligible for appointment or employment in a classified position for such period as may be determined by the board; and any classified employee of the city found guilty of violating this section by the board may be dismissed, suspended or demoted as the board may determine.

(Ord. No. 8977, § 2 (rule 17 (17.1)), 7-24-79; Ord. No. 10051, § 1, 10-24-85; Code 1980, § 40-105)

DIVISION 2. CITY OF MIAMI FIREFIGHTERS' AND POLICE OFFICERS' RETIREMENT TRUST

Sec. 40-191. Definitions.

Unless a different meaning is plainly required by the context, the following words and phrases as used in this division shall have the following meanings:

Accumulated contributions shall mean the sum of all amounts deducted or picked up from a member's compensation plus all other amounts contributed to the retirement system by a member pursuant to this division, together with regular interest thereon as provided in section 40-197(b).

Active membership shall mean membership in the retirement system as an employee.

Actuarial assumptions shall mean the benefit of equal value as determined using the RP 2000 Projected to 2020 Scale AA and an interest rate of 7.42 percent compounded annually.

Actuarial equivalent shall mean a benefit having the same present value as the benefit it replaces, using the actuarial assumptions listed above.

Average final compensation shall mean the annual earnable compensation of a member during either the last one year or the highest one year of membership service, whichever is greater.

BACDROP shall mean Benefit Actuarially Calculated Deferred Retirement Option Program.

Beneficiary shall mean any person receiving a retirement allowance or other benefit from the retirement system.

Benefit shall mean a retirement allowance or other payment provided by the retirement system.

Board or board of trustees shall mean the board of trustees of the retirement system.

City employee shall mean any person employed by the city.

COLA shall mean cost-of-living allowance.

Creditable service shall mean membership credit upon which a member's eligibility to receive benefits under the retirement system is based or upon which the amount of such benefits is determined.

DROP shall mean Deferred Retirement Option Program and shall include a Forward DROP and a BACDROP.

DROP account shall mean the account established for each DROP participant.

DROP participant shall mean a beneficiary participating in the DROP.

Early service retirement shall mean a member's withdrawal from service under circumstances permitting payment of a retirement allowance before such member is eligible for normal service retirement.

Earnable compensation for police officers shall mean an employee's base salary, including pickup contributions, for all straight time hours worked, plus assignment pay and payments received for vacation and sick leave taken, jury duty, and death-in-family leave taken, and any other items, if any, currently included in the calculation of average final compensation. Earnable compensation shall not include overtime pay except as indicated at the end of this paragraph; payments for accrued sick leave, or accrued vacation leave, or accrued compensatory leave; holiday pay; premium pay for holidays worked; the value of any employment benefits or nonmonetary entitlements; or any other form of remuneration. As of August 1, 2024, a member may elect a maximum of 200 total overtime hours to be used in calculating the average earning for pension benefits.

Earnable compensation for firefighters shall mean an employee's base salary, including pickup contributions, for all straight time hours worked, plus assignment pay and payments received for vacation and sick leave taken, jury duty, and death-in-family leave taken, and any other items, if any, currently included in the calculation of average final compensation. Earnable compensation shall not include overtime pay; payments for accrued sick leave, accrued vacation leave, or accrued compensatory leave; holiday pay; premium pay for holidays worked; the value of any employment benefits or nonmonetary entitlements; or any other form of remuneration.

Employee shall mean a firefighter or police officer presently employed by the city as a firefighter or police officer, whether in the classified or unclassified service of the city. Any member of the retirement system who becomes employed by the Dade County metropolitan government by virtue of the merger, transfer or assignment of governmental units or functions and who does not elect within six months thereafter to become a member of the state and county officers' and employees' retirement system shall, so long as such employment continues, be deemed an employee within the meaning of this section. In its capacity as the employer of such member, the Dade County metropolitan government shall be deemed to be included with the term "city" as such term is used herein to refer to the city in its capacity as the employer of a member.

Excess interest earnings shall mean the difference between the return on the actuarial market value of the average assets (investment and noninvestment) of the City of Miami firefighters' and police officers' retirement trust fund, as calculated in accordance with F.S. ch. 112 and the assumed return on the actuarial market value of such assets for active members on the current actuarial valuation report.

Firefighter shall mean any person initially employed as a full-time professional firefighter by the city, whose primary responsibility is the prevention and extinguishment of fires, the protection of life and property, and the enforcement of any law pertaining to the prevention and control of fires.

FOP shall mean The Fraternal Order of Police, Lodge #20.

Forward DROP shall mean a Deferred Retirement Option Program where benefit is equal to the regular retirement allowance the member would have received had the member separated from service and commenced the receipt of benefits from the system.

Fund shall mean the City of Miami firefighters' and police officers' retirement trust fund.

IAFF shall mean the International Association of Fire Fighters, AFL-CIO, Local 587.

ICA shall mean an individual contribution account.

Investment expenses shall mean the cost of money management fees.

Member or *member in service* shall mean an employee for whom contributions to the retirement system are made as required by this division.

Member absent from service shall mean any member ceasing to be a city employee who is absent from service less than three years in a period of five consecutive years after last becoming a member and who does not withdraw his or her accumulated contributions. In order for a member absent from service to be entitled to receive a benefit during the period before membership elapses, the benefit must have vested prior to the member's ceasing to be a city employee.

Member not in service shall mean any member who exercises a vested right to retirement pursuant to section 40-203(e).

Membership credit shall mean credit received by a member for time spent in membership service or for such time as is otherwise authorized by this division.

Membership service shall mean service as an employee on account of which contributions to the retirement system are made as required by this division.

Miami city employees' retirement system shall mean the city pension system which was established effective January 1, 1940, pursuant to Ordinance No. 2230, enacted December 6, 1939.

Noninvestment expenses shall mean the costs of administering the retirement system. Salaries for office staff, overhead, professional fees for actuaries, accountants, and attorneys, and other similar costs are examples of noninvestment expenses.

Normal costs shall mean the cost of benefits attributable to the current year under the frozen entry-age actuarial costs method.

Option shall mean one of several choices available to members with respect to the manner in which a retirement allowance may be paid.

Payback shall mean a member's contribution to the retirement system for membership credit for which other than regular contributions may be made pursuant to this division. Contributions permitted for paybacks shall not be picked up by the city but may be deducted from a member's compensation.

Pension shall mean a series of periodic payments usually for life, payable in monthly installments.

Pickup amounts shall mean employer contributions derived from a member's earnable compensation through a reduction in the member's earnable compensation.

Police officer shall mean any person employed by the city who is vested with authority to bear arms and make arrests, and whose primary responsibility is the prevention and detection of crime or the enforcement of the penal, criminal, traffic, or highway laws of the State of Florida.

Regular contributions shall mean amounts picked up by the city from the earnable compensation of a member. Regular contributions shall not include payback contributions of any kind or nature or any other amounts which may be deducted from a member's compensation pursuant to this division.

Regular interest shall mean interest at the rate determined by the board of trustees pursuant to section 40-197(b).

Retirement shall mean a member's withdrawal from service with a benefit granted to the member pursuant to the provisions of this division.

Retirement allowance shall mean a pension provided by the retirement system.

Retirement system shall mean the City of Miami firefighters' and police officers' retirement trust.

Rule of 64 shall mean a computation consisting of the sum of a member's age and length of creditable service, which sum shall permit normal service retirement upon the member's combined age and creditable service equaling at least 64. The rule of 64 shall apply to all police officer members. The rule of 64 shall also apply to any firefighter member whose combined age and length of creditable service is equal to or greater than 64 on or before September 30, 2009.

Rule of 68 shall mean a computation consisting of the sum of a member's age and length of creditable service, which sum shall permit normal service retirement upon the member's combined age and creditable service equaling at least 68. The rule of 68 shall only apply to firefighter members whose combined age and length of creditable service are less than 64 on September 30, 2009.

Service shall mean active service as an employee.

Service retirement shall mean a member's retirement from service under circumstances permitting payment of a retirement allowance without reduction because of age or length of creditable service and without special qualifications such as disability. Service retirement shall be considered normal retirement.

Trustee shall mean a member of the board of trustees of the retirement system.

Unfunded liability shall mean "unfunded actuarial liability" which is the excess of the actuarial accrued liability of the retirement system over the value of its present assets. The term "unfunded liability" shall include the frozen unfunded liability of the retirement system.

Vested benefit shall mean an immediate or deferred benefit to which a member has gained a nonforfeitable right under the provisions of this division. Minimum vesting shall mean ten years of creditable membership before the member is entitled to retirement benefits except accidental disability retirement, service incurred disability retirement, and ordinary death benefits.

(Ord. No. 10002, § 1, 6-13-85; Ord. No. 10910, § 1, 9-5-91; Ord. No. 11235, § 1, 3-27-95; Code 1980, § 40-200; Ord. No. 11300, § 1, 9-14-95; Ord. No. 11752, § 2, 1-26-99; Ord. No. 13091, § 1, 9-24-09; Ord. No. 13202, § 2, 9-27-10; Ord. No. 13551, § 2, 9-24-15; Ord. No. 14066, § 2, 5-12-22; Ord. No. 14299, § 2, 7-25-24)

Sec. 40-192. Retirement system established; purpose; name; date operative.

A retirement system is hereby established and placed under the administration and management of a board of trustees for the purpose of providing retirement benefits pursuant to the provisions of this division. The retirement system established herein shall be known as the "City of Miami firefighters' and police officers' retirement trust" and shall be effective as of June 13, 1985.
(Ord. No. 10002, § 1, 6-13-85; Code 1980, § 40-201)

Sec. 40-193. Board of trustees.

(a) *Selection.*

(1) The board of trustees of the retirement system shall consist of nine persons selected as follows:

a. One trustee selected by the city manager, which trustee shall not be the mayor, a city commissioner, the city manager, the city finance director, or an assistant finance director;

b. Two trustees selected by the firefighters, which trustees shall belong to the bargaining unit represented by the IAFF and shall be elected and serve according to the constitution and bylaws of the IAFF;

c. Two trustees selected by the police officers, which trustees shall belong to the bargaining unit represented by the FOP and shall be elected and serve according to the constitution and bylaws of the FOP; and

d. Four independent trustees, which trustees shall not be city employees, selected by the commission. Two such trustees shall be selected from a list of six persons submitted by the IAFF according to its constitution and bylaws, and two such trustees shall be selected from a list of six persons submitted by the FOP according to its constitution and bylaws. Each of the lists submitted to the commission shall not contain any name which duplicates a name appearing on the other lists. In the event a duplication of names does occur, both lists shall be returned by the commission for resubmission without duplication. An independent trustee shall have at least the following qualifications:

1. Be presently employed or self-employed on a full-time basis, or be retired from such;
2. Have resided in Miami (or its immediate environs) for the past five years;
3. Be able to attend board meetings if scheduled well enough in advance and agree to resign from the board if meeting attendance is less than 75 percent in a one-year period; however, the provisions of this subsection shall not apply to those individuals who are members of city boards and who are (1) reservists in the United States Armed Forces or members of the Florida National Guard, and have been ordered to active military duty for national, state, or homeland defense and due to such duty cannot attend board meetings, or (2) employees of agencies whose services are considered essential for national, state, or homeland defense and due to such services cannot attend board meetings.

4. Have been involved in, within the last five years, and be knowledgeable about, employee pension or similar fringe benefits;
5. Have knowledge of, be familiar with, and have had exposure to labor/management relations;
6. Have knowledge of and be familiar with business principles;
7. Have not been, within the last five years, a public employee union representative nor a representative of management for the city;
8. Not be actively involved in nor aspire to be actively involved in city, county or state politics.

(2) A trustee shall take an oath of office within ten days following selection as a member of the board.

(b) *Term of office.*

(1) The term of office for each trustee shall be two years except for the initial trustees who shall serve as follows:

a. Of the trustees selected by the firefighters, one shall serve for a one-year term and the other for a two-year term;

b. Of the trustees selected by the police officers, one shall serve for a one-year term and the other for a two-year term;

c. Of the two independent trustees appointed by the commission from the list submitted by the IAFF, one shall serve for a one-year term and the other for a two-year term;

d. Of the two independent trustees appointed by the commission from the list submitted by the FOP, one shall serve for a one-year term and the other for a two-year term; and

e. The trustee appointed by the city manager shall serve for a two-year term.

(2) Trustees may serve as many consecutive terms as those participating in the respective selection processes deem appropriate.

(c) *Fiduciary responsibility.* Members of the board of trustees shall be the named fiduciaries of the retirement system. As named fiduciaries, the trustees shall discharge their duties and responsibilities solely in the interest of members and beneficiaries of the retirement system:

(1) For the exclusive purpose of providing benefits to members and their beneficiaries and defraying reasonable expenses of administering the retirement system;

(2) With the care, skill, prudence and diligence under the circumstances then prevailing that a prudent person acting in a like capacity and familiar with such matters would use in the conduct of an enterprise of a like character and with like aims; and

(3) In accordance with ordinances and other applicable law, documents and other instruments governing the retirement system.

(d) *Compensation.* Trustees who are employees of the city, whether firefighters, police officers, or otherwise, shall be granted leave with full pay when functioning as a trustee during their normal working hours. Such trustees shall not otherwise be paid for their services as trustees. All other trustees shall be compensated at any given time in the same manner as are members of the city's civil service board.

(e) *Meetings; voting; quorum; officers.*

(1) The board shall meet at least once every two months following appropriate public notice and shall meet and conduct the business of the retirement system in accordance with F.S. ch. 286.

(2) As a member of the board, each trustee shall be entitled to one vote, and five

concurring votes shall be necessary for a decision by the board. Five trustees shall constitute a quorum for the purpose of meeting and transacting the business of the board.

(3) The board shall elect a trustee as chairperson and a trustee as vice-chairperson of the board.

(f) *Vacancies; removal.*

(1) If a vacancy occurs on the board due to resignation, death, removal or otherwise, the vacancy shall be filled for the unexpired term of the departing trustee in accordance with the provisions of this section for selection of the trustee who has vacated the office.

(2) The board may remove a trustee prior to completion of his or her designated term of office for proper cause only, which cause shall be stated in writing. Notwithstanding any provision of this division to the contrary, six concurring votes shall be necessary to effect such removal. Proper cause shall mean a trustee's failure to satisfactorily discharge his or her fiduciary duties and responsibilities, including, but not limited to, failure to attend 75 percent or more board meetings in a one-year period.

(Ord. No. 10002, § 1, 6-13-85; Code 1980, § 40-202; Ord. No. 11564, § 15, 10-28-97; Ord. No. 12201, § 1, 3-14-02; Ord. No. 13676, § 2, 4-27-17)

Sec. 40-194. Administration of retirement system.

(a) *Plan administrator.* The board shall serve as plan administrator of the retirement system.

(1) The general administrative duties of the board shall be:

a. To maintain such records as are necessary for calculating and distributing retirement system benefits;

b. To maintain such records as are necessary for financial accounting and reporting of retirement system funds;

c. To maintain such records as are necessary for actuarial evaluation of the retirement system, including investigation into the mortality, service and compensation experience of its members and beneficiaries;

d. To compile such other administrative or investment information as is necessary for the management of the retirement system;

e. To process, certify and/or respond to all correspondence, bills and statements received by the retirement system, as well as all applications submitted to the board for retirement system benefits;

f. To establish and maintain communication with city departments and other local, state and federal governmental units as is necessary for the management of the retirement system, including preparing, filing, and distributing such reports and information as are required by law to be prepared, filed or distributed on behalf of the retirement system;

g. To establish and maintain such other functions as are necessary to administer, manage and operate the retirement system, or as otherwise required by law.

(2) The board shall submit the following information annually to the commission no later than July 1 of each year: (a) a report showing the fiscal transactions of the retirement system for the year ending on the preceding September 30 as well as the amount of accumulated cash, securities, and other property of the retirement system on that date and (b) the current actuarial valuation of the assets and liabilities of the system. The actuarial value of assets held by the retirement system shall be designated as the lower of moving market value average (three years) or statement value. The board

may approve other methods of determining the actuarial value of retirement system assets if such other methods are recommended by the actuary retained by the board and found by the Florida bureau of local retirement systems, division of retirement, department of administration, or its successor, to be in compliance with state law. Prior to the first meeting of the board to consider a change in the method of determining the actuarial value of retirement system assets, the board shall give timely, written notice to the city of the proposed change.

(3) At least once in each three-year period, the board shall cause an actuarial investigation to be made into the mortality, service and compensation experience of the members and beneficiaries of the retirement system. Taking into account the result of this investigation, the board shall adopt for the retirement system such mortality, service and other tables as are necessary and proper. On the basis of these tables, an annual actuarial valuation of the assets and liabilities of the funds of the retirement system shall be made. Actuarial assumptions based on three-year experience analyses may be modified by the board at such times as it deems appropriate. When a change in actuarial assumptions is considered by the board, 60 days' notice shall be given to the city prior to the first meeting of the board to consider any such change or any proposal or recommendation related thereto. Thereafter, reasonable notice shall be given to the city of any and all subsequent meetings at which the issue of a change in actuarial assumptions or a related proposal or recommendation is to be considered.

(b) *Pension administrator; board physician; advisors.*

(1) The board shall employ a pension administrator to assist the board in the performance of its administrative duties. The pension administrator may, subject to the approval of the board, employ such staff as is necessary for the proper administration of the retirement system.

a. The pension administrator selected by the board shall have at least the following qualifications:

1. Have an accounting or pension administration background;
2. Have managerial experience including hiring, directing and motivating a small staff;
3. Have sufficient knowledge or experience to supervise data processing operations;
4. Have experience with filing government forms (including those related to federal and state compliance requirements) and have the initiative to obtain resource data when specific information is not readily available;
5. Be capable of using benefit formulas to calculate and pay benefits;
6. Be capable of prudent financial management and obeying guidelines established by the board;
7. Be capable of developing cash flow projections;
8. Be capable of preparing financial reports reflecting the activity of the trust and financial trends;
9. Be capable of maintaining an investment schedule;
10. Be capable of maintaining minutes of meetings of the board of trustees;
11. Be capable of preparing correspondence, issuing forms, receiving and processing benefit claims, and expressing ideas in writing;
12. Be able to insist upon, and actively pursue delivery of, all

reports and other documents required for efficient operation of the retirement system;

13. Have effective oral communications skills;
14. Have a good employment attendance record;
15. Be efficient, practical and committed to responsible and effective operation of the retirement system, its finances and expenses;
16. Be able to remain neutral on decisions to be made by the board and serve all board members in an impartial and arms-length fashion, giving due recognition to the ultimate fiduciary obligation to members and beneficiaries of the retirement system.

b. The board shall have a continuing duty to observe and evaluate the performance of any pension administrator employed by the board. The board shall, in selecting any such pension administrator, exercise all judgment and care under the circumstances then prevailing which persons of prudence, discretion and intelligence exercise in the management of their own affairs.

(2) The board shall retain a physician to assist the board in the performance of its administrative duties. The physician shall conduct or otherwise provide for any medical examination required under the provisions of this division and may refer any examinee to a specialist or specialists. Following any medical examination required by this division, and after taking into consideration the reports of specialists, if any, the physician shall submit written conclusions and recommendations regarding the examinee to the board.

(3) The board shall have authority to retain its own legal counsel, accountants, actuaries, and other professional advisors to assist the board in the performance of its administrative duties. The board may act without independent investigation upon the professional advice of advisors so retained.

(4) The board shall, consistent with its independence from the board of trustees of the City of Miami general employees' and sanitation enforcement retirement trust, endeavor to share personnel, services and facilities with the latter board.

(c) *Public records; board documents; written communication to and from city; commission agenda.*
