PREFACE

This Code constitutes a complete republication of the general and permanent ordinances of the City of Miami, Florida. The republication includes the codification of Ord. No. 13676, the gender neutralization ordinance. Ord. No. 13676, adopted April 27, 2017, amended the City Code to modify any and all masculine and/or feminine language to gender neutral pronouns. The Code Comparative Table for Ord. No. 13676 identifies all of the sections of the City Code that were changed.

Source materials used in the preparation of the Code during the 2018 republication were the 1967 Code as recodified in 1980 and in 1996, and ordinances subsequently adopted by the City Commission. The source of each section is included in the history note appearing in parentheses at the end thereof. The absence of such a note indicates that the section is new and was adopted for the first time with the adoption of this Code. By use of the comparative tables appearing in the back of this Code, the reader can locate any section of the 1967 Code, the 1980 Code, as supplemented, and any subsequent ordinance included herein.

The chapters of the Code have been conveniently arranged in alphabetical order, and the various sections within each chapter have been catchlined to facilitate usage. Notes which tie related sections of the Code together and which refer to relevant state law have been included. A table listing the state law citations and setting forth their location within the Code is included at the back of this Code.

Chapter and Section Numbering System

The chapter and section numbering system used in this Code is the same system used in many state and local government codes. Each section number consists of two parts separated by a dash. The figure before the dash refers to the chapter number, and the figure after the dash refers to the position of the section within the chapter. Thus, the second section of chapter 1 is numbered 1-2, and the first section of chapter 6 is 6-1. Under this system, each section is identified with its chapter, and at the same time new sections can be inserted in their proper place by using the decimal system for amendments. For example, if new material consisting of one section that would logically come between sections 6-1 and 6-2 is desired to be added, such new section would be numbered 6-1.5. New articles and new divisions may be included in the same way or, in the case of articles, may be placed at the end of the chapter embracing the subject, and, in the case of divisions, may be placed at the end of the article embracing the subject. The next successive number shall be assigned to the new article or division. New chapters may be included in the same manner. If the new material is to be included between chapters 12 and 13, it will be designated as chapter 12.5, or new chapters may be included by using one of the reserved chapter numbers. Care should be taken that the alphabetical arrangement of chapters is maintained when including new chapters.

Page Numbering System

The page numbering system used in this Code is a prefix system. The letters to the left of the colon are an abbreviation which represents a certain portion of the volume. The number to the right of the colon represents the number of the page in that portion. In the case of a chapter of the Code, the number to the left of the colon indicates the number of the chapter. In the case of an appendix to the Code, the letter immediately to the left of the colon indicates the letter of the appendix. The following are typical parts of codes of ordinances, which may or may not appear in this Code at this time, and their corresponding prefixes:

CHARTER	CHT:1
SPECIAL ACTS	SA:1
RELATED LAWS	RL:1
CHARTER COMPARATIVE TABLE	CHTCT:1
SPECIAL ACTS COMPARATIVE TABLE	SACT:1
RELATED LAWS COMPARATIVE TABLE	RLCT:1
CODE	CD1:1
CODE APPENDIX	CDA:1
CODE COMPARATIVE TABLES	CCT:1
STATE LAW REFERENCE TABLE	SLT:1
CHARTER AND RELATED LAWS INDEX	CHTi:1
CODE INDEX	CDi:1

Indexes

The indexes have been prepared with the greatest of care. Each particular item has been placed under several headings, some of which are couched in lay phraseology, others in legal terminology, and still others in language generally used by local government officials and employees. There are numerous cross references within the indexes themselves which stand as guideposts to direct the user to the particular item in which the user is interested.

Looseleaf Supplements

A special feature of this publication is the looseleaf system of binding and supplemental servicing of the publication. With this system, the publication will be kept up-to-date. Subsequent amendatory legislation will be properly edited, and the affected page or pages will be reprinted. These new pages will be distributed to holders of copies of the publication, with instructions for the manner of inserting the new pages and deleting the obsolete pages.

Keeping this publication up-to-date at all times will depend largely upon the holder of the publication. As revised pages are received, it will then become the responsibility of the holder to have the amendments inserted

according to the attached instructions. It is strongly recommended by the publisher that all such amendments be inserted immediately upon receipt to avoid misplacing them and, in addition, that all deleted pages be saved and filed for historical reference purposes.

Acknowledgments

The 1996 codification of the Charter and Code publication was under the direct supervision of Alyce A. Whitson, Supervising Editor, and Jody Wilson, Editor, of the Municipal Code Corporation, Tallahassee, Florida. Credit is gratefully given to the other members of the publisher's staff for their sincere interest and able assistance throughout the project.

The publisher is most grateful to Matty Hirai, former City Clerk, Walter Foeman, City Clerk, A. Quinn Jones, City Attorney, Rafael O. Dias, Deputy City Attorney, Warren Bitner, Assistant City Attorney, Lisa Malamud, Ana Maria Pando, Assistant City Attorney, Frank May, Assistant to the City Manager, Jim Kay, Deputy Director of Public Works Department, Lourdes Slazyk, Planner, and the other members of the city staff for their cooperation and assistance during the progress of the work on this publication. It is hoped that their efforts and those of the publisher have resulted in a Code of Ordinances which will make the active law of the city readily accessible to all citizens and which will be a valuable tool in the day-to-day administration of the city's affairs.

Checklist of Up-to-Date Pages

(This checklist will be updated with the printing of each Supplement)

From our experience in publishing Looseleaf Supplements on a page-for-page substitution basis, it has become evident that through usage and supplementation many pages can be inserted and removed in error.

The following listing is included in this Code as a ready guide for the user to determine whether the Code volume properly reflects the latest printing of each page.

In the first column all page numbers are listed in sequence. The second column reflects the latest printing of the pages as they should appear in an up-to-date volume. The letters "OC" indicate the pages have not been reprinted in the Supplement Service and appear as published for the original Code. When a page has been reprinted or printed in the Supplement Service, this column reflects the identification number or Supplement Number printed on the bottom of the page.

In addition to assisting existing holders of the Code, this list may be used in compiling an up-to-date copy from the original Code and subsequent Supplements.

SUPPLEMENT HISTORY TABLE

The table below allows users of this Code to quickly and accurately determine what ordinances have been considered for codification in each supplement. Ordinances that are of a general and permanent nature are codified in the Code and are considered "Included." Ordinances that are not of a general and permanent nature are not codified in the Code and are considered "Omitted."

By adding to this table with each supplement, users of this Code of Ordinances will be able to gain a more complete picture of the Code's historical evolution.

Ord. No.	Date Adopted	Included/ Omitted	Supp. No.
13711	11-16-17	Included	1
13712	11-16-17	Included	1
13733	1-11-18	Included	1
13734	1-25-18	Included	1
13744	2- 8-18	Included	1

Sec. 23.	Department of off-street parking; off-street parking board.
Sec. 24.	Department of public safety.
Sec. 25.	Supervision in divisions of police and fire.

*__Editor's note—__Part I of this volume sets forth, for the reference of the user, the charter and related legislation deemed advisable for inclusion by the city. Also included in this part is a listing of special acts relating to the city.

†__Editor's note—__The present charter of the City of Miami, excepting the later amendments and additions thereto, was prepared and proposed by a charter board of 15 citizens elected at a charter board election, held January 21, 1921. The charter prepared and proposed by such board was adopted by the electors of the city at an election held May 17, 1921; and Laws of Fla., ch. 9024(1921) validated, legalized and confirmed the proceedings in the election of the charter board and the adoption of the city charter, but did not enact the charter in full. The charter was amended by the legislature in its regular session in 1923, and the amendment was confirmed by the electorate of the city at an election held July 17, 1923. At the session of the legislature in 1925, the entire charter was reenacted as contained in Laws of Fla., ch. 10847(1925). The charter as contained in Laws of Fla., ch. 10847(1925) has been amended at subsequent sessions of the legislature, and by the electorate pursuant to the provisions of section 5.03 of the Dade County Charter. This version of the charter represents the text as amended by Ord. No. 9861 and approved by referendum on September 4, 1984, which amended the charter in its entirety, and as approved by final judgment in the case of the Rolle v. City of Miami Circuit Court Case No. 84-07522.

Amendments to the charter are indicated by parenthetical history notes following amended provisions. The absence of a history note indicates that the provision remains unchanged from the original. Obvious misspellings have been corrected without notation. For stylistic purposes, a uniform system of headings, catchlines and citations to state statutes has been used. Additions made for clarity are indicated by brackets.

__County Charter reference__—Municipal charters, § 5.03.

__State law references—__Home rule powers of municipalities generally, F.S. § 166.021; charter amendments, F.S. § 166.031.

Sec. 51. Civilian investigative panel.
Sec. 52. Office of independent inspector general.

Citizens' Bill of Rights

(A) This government has been created to protect the governed, not the governing. In order to provide the public with full and accurate information, to promote efficient administrative management, to make government more accountable, and to insure to all persons fair and equitable treatment, the City of Miami adopts the provisions of the Miami-Dade County Citizens' Bill of Rights as applied to municipal governments located within Miami-Dade County and guarantees the following additional rights to its Citizens:

1. To Be Governed By The Rule of Law. The City of Miami Charter is the Constitution of the City of Miami and the City shall abide by all of its express provisions.

2. Religion and Conscience. The City shall not interfere with the freedom of each person in the city to follow the dictates of his or her own conscience concerning religious worship, nor shall the city support any religion.

3. Speech, Assembly and Press. The City shall not interfere with the rights: (i) of freedom of speech; (ii) of freedom of the press; (iii) to petition the government, or (iv) to peaceable assembly.

4. Unreasonable Searches and Seizures. The City shall not authorize any unreasonable search or seizure.

5. Nondiscrimination. The City shall not, directly or indirectly, discriminate among persons because of race, color, creed, religion, sex, domestic relationship status, parental status, familial status, sexual orientation, national origin, political affiliation, gender identity and expression, or racial profiling. Nothing herein shall prevent the City of Miami from remedying present discrimination or the present effects of past discrimination by a race-conscious affirmative action program which is in compliance with the Constitution and laws of the United States of America and the State of Florida.

6. Environmental Protection. The City shall promote the right of the people to clean air, pure water, freedom from excessive and unnecessary noise, and the natural, scenic, historic and aesthetic qualities of the environment.

7. Natural Resources and Scenic Beauty. It shall be the policy of the City to conserve and protect its natural resources and scenic beauty, which policy shall include the abatement of air and water pollution, and excessive and unnecessary noise.

(B) The foregoing enumeration of citizens' rights vests large and pervasive powers in the citizenry of the City of Miami. Such power necessarily carries with it responsibility of equal magnitude for the successful operation of government in the City. The orderly, efficient and fair operation of government requires the intelligent participation of individual citizens exercising their rights with dignity and restraint so as to avoid any sweeping acceleration in the cost of government because of the exercise of individual prerogatives, and for individual citizens to grant respect for the dignity of public office.

(C) Remedies for violations. Residents of the City shall have standing to bring legal actions to enforce the City Charter, the Citizens' Bill of Rights, and the Miami-Dade County Citizens' Bill of Rights as applied to the City. Such actions shall be filed in Miami-Dade County Circuit Court pursuant to its general equity jurisdiction and, if successful, the plaintiff shall be entitled to recover costs, but not attorney's fees, as fixed by the court. Any public official, or employee who is found by the court to have willfully violated this section shall forthwith forfeit his or her office or employment.

(D) Construction. All provisions of this article shall be construed to be supplementary to and not in conflict with the general laws of Florida or the provisions of the Florida Constitution. If any part of this article shall be declared invalid, it shall not affect the validity of the remaining provisions.

(Res. No. 07-0625, § 2, 10-25-07; Res. No. 16-0352, § 2, 7-29-16)

LAWS OF FLORIDA, CHAPTER 10847

An act to amend and reenact the Charter of the City of Miami, in the County of Dade, and to fix the boundaries and provide for the government, powers and privileges of said city and means for exercising the same; and to authorize the imposition of penalties for the violation of ordinances; and to ratify certain acts and proceedings of the commission and of the officers of the city.

Be It Enacted by the Legislature of the State of Florida:

Sec. 1. Creation and existence.

The inhabitants of the City of Miami, Florida, within the boundaries hereinafter designated, or within such boundaries as may hereafter be established, shall continue to be a body politic and corporate under the name the "City of Miami," and as such shall have perpetual succession and may use a common seal.
(Res. No. 01-843, § 2, 8-9-01)

Editor's note—Res. No. 01-843, § 2, adopted August 9, 2001, amended § 1 in its entirety to read as herein set out. Formerly, § 1 pertained to body politic and corporate; name; seal; right to contract, sue, and be sued, and derived from original codification.

Case law reference—The city is a governmental entity created by the state. It is a public institution designed to promote the common interests of the inhabitants in their organized capacity as a local government, and its objects are governmental, not commercial. Miami Water Works Local No. 654 v. City of Miami, 157 Fla. 445, 26 So. 2d 194, 165 A.L.R. 967.

The city is a municipal corporation and is not exempt from paying interest on its obligations. Highway Construction Co. v. City of Miami, 126 F.2d 777.

Sec. 2. Corporate limits.

The corporate limits of the City of Miami shall include all the territory and inhabitants within the following area, and no other:

[For the latest legal description of the city boundaries, the user is referred to exhibit A of this Charter, on file in the office of the city clerk.]
(Res. No. 01-843, § 2, 8-9-01)

Editor's note—The territorial limits of the City of Miami were fixed pursuant to Laws of Fla., ch. 15687(1931). Further special acts extending, enlarging, or otherwise changing the corporate limits include Laws of Fla., ch. 15821(1931); Laws of Fla., ch. 18685(1937); Laws of Fla., chs. 21393, 21396(1941); Laws of Fla., chs. 23405, 23409(1945); Laws of Fla., ch. 26021(1949); Laws of Fla., ch. 57-1583.

The board of county commissioners of Dade County further extended the boundaries of the city (Primrose Park) by Dade County Ordinance No. 63-6, adopted March 5, 1963.

County Charter reference—Method of changing city boundaries, § 5.04.

State law reference—Municipalities within Dade County to adopt annexation or contraction ordinances pursuant to provisions of county home rule charter, F.S. § 171.071.

Sec. 3. Powers.

The City of Miami shall have the governmental, corporate, and proprietary powers to enable it to conduct municipal government, perform municipal functions and render municipal services and may exercise any power for municipal purposes, except when expressly prohibited by law.

The city shall have the extraterritorial powers granted to the city by general and special law and including Laws of Florida, ch. 10847 (1925), as amended.

The City of Miami shall have power to:

(a)—(e). [Reserved.]

(f) *Acquisition and disposition of property and services:*

(i) To acquire by purchase, gift, devise, condemnation or otherwise, real or personal property or any estate or interest therein, inside or outside the city, for any of the purposes of the city; and to improve, sell, lease, mortgage, pledge, or otherwise dispose of such property or any part thereof.

(ii) To acquire or dispose of services inside or outside the city, by purchase, gift, or otherwise for any purposes of the city.

(iii) To lease to or contract with entities for the management of any of the city's waterfront property, but only in compliance with the other requirements of this charter and on condition that:

(A) the terms of the contract allow reasonable public access to the water and reasonable public use of the

property, and comply with other charter waterfront setback and view-corridor requirements; and

(B) the terms of the contract result in a fair return to the city based on two independent appraisals; and

(C) the use is authorized under the then existing master plan of the city;

(D) the procurement methods prescribed by ordinances are observed;

(E) the contract does not exceed five years and does not contain an automatic renewal or termination penalty.

Any such lease or management agreement or proposed extension or modification of an existing such lease or management agreement which does not comply with each of the above conditions shall not be valid unless it has first been approved by a majority of the voters of the city.

Nothing herein contained shall in any manner affect or apply to any project the financing of which has been provided by the authorization of bonds to be issued by the city.

(g)—(l). [Reserved.]

(m) *Harbor and shipping facilities:* To establish, construct, maintain, and operate, both inside and outside the city, public landings, wharves, docks, and warehouses; to dredge or deepen harbors and rivers, or any branch or portion thereof; to install turning basins, build jetties, and otherwise improve the harbor and shipping facilities of the city, inside and outside the city and inside and outside harbor lines where such improvements outside of harbor lines are approved by the United States Government or its proper agencies; to acquire by condemnation or otherwise all lands, riparian, and other rights and easements [necessary for the purposes aforesaid; to lay and collect] reasonable duties or fees on vessels coming through or using said landings, wharves, docks or warehouses; to regulate the manner of using other landings, wharves, docks, and warehouses within the city; to prescribe and enforce reasonable rules and regulations for the protection and use of said property; to advance to the Government of the United States, with or without interest, funds to be expended in harbor improvements to be made by the government in or near the city, or directly affecting the city within Miami Harbor and the approaches thereto, if such work has been duly authorized by laws of the United States; and to issue bonds or notes to obtain funds for such advances.

(n)—(ll). [Reserved.]

(mm) *Building and zoning:*

(i) To provide by ordinance building, planning, and zoning regulations and restrictions governing the height, number of stories, method of construction, type, and size of buildings and other structures; the percentage and portion of the lot or site that may be occupied; the size of the front, rear, and side yards, courts, and other open spaces; the location, use of buildings, structures, and land for trade, industry, residences, apartment houses, and other purposes; and the widening and future widening of streets in zoned street areas that the city may establish. Such regulations may provide that a board of appeals or the city commission may determine and vary the application of building, planning, or zoning ordinances in harmony with their general purpose and intent.

(ii) In order to preserve the city's natural scenic beauty, to guarantee open spaces, and to protect the waterfront, anything in this Charter or the ordinances of the city to the contrary notwithstanding, neither the city nor any of its agencies shall issue building permits for any surface parking or enclosed structures located on Biscayne Bay or the Miami River from its mouth to the N.W. 5th Street Bridge,

(A) which are not set back at least 50 feet from the seawall (where the

depth of the lot is less than 200 feet, the setback shall be at least 25 percent of the lot depth), and

(B) which do not have average side yards equal in aggregate to at least 25 percent of the water frontage of each lot based on average lot width.

(iii) The above setback and side-yard requirements may be modified by the city commission after design and site-plan review and public hearing only if the city commission determines that the modifications requested provide public benefits such as direct public access, public walkways, plaza dedications, covered parking up to the floodplain level, or comparable benefits which promote a better urban environment and public advantages, or which preserve natural features. Wherever setback, side-yard, or site-plan review requirements of zoning ordinances are greater than the foregoing requirements, such greater requirements shall govern.

(iv) These requirements shall not apply to docks and appurtenant structures, single-family residences and appurtenant structures, and waterfront industrial uses along the Miami River and at the Port of Miami. Nothing herein contained shall in any manner affect or apply to: the City of Miami/University of Miami James L. Knight International Center and hotel facility, including all improvements thereon, or to lands and projects which the city commission has approved prior to September 18, 1979, by development order pursuant to F.S. ch. 380 of a planned area development pursuant to article XXI-1, City of Miami Comprehensive Zoning ordinance or which have received site and development plan approval, including Plaza Venetia, Phase II, Resolution No. 72-113, April 20, 1972; Resolution No. 72-114, April 20, 1972; and Resolution No. 72-416, July 20, 1972.

(Res. No. 01-841, § 2, 8-9-01; Res. No. 01-843, § 2, 8-9-01)

Editor's note—The department of neighborhood rehabilitation of the city and all functions involved therein were abolished pursuant to Ord. No. 7576, § 1, adopted July 17, 1967, and effective on the date of transfer of said department to Dade County. At the direction of the city, § 3(vv), added to the charter by Char. Amend. No. 2, effective Jan. 1, 1963, is not set forth herein.

Sec. 4. Form of government; nomination and election.

(a) *General description.* The form of government of the City of Miami, Florida, provided for under this Charter shall be known as the "mayor-city commissioner plan," and the city commission shall consist of five citizens, who are qualified voters of the city and who shall be elected from districts in the manner hereinafter provided. The city commission shall constitute the governing body with powers (as hereinafter provided) to pass ordinances adopt regulations and exercise all powers conferred upon the city except as hereinafter provided. The mayor shall exercise all powers conferred herein and shall appoint as provided in section 4(g)(6) of this Charter a chief administrative officer to be known as the "city manager."

(b) *Election of mayor and city commission; terms of office; recall.* There shall be elected by the qualified electors of the city at large a mayor who shall be a qualified elector residing within the city at least one (1) year before qualifying as provided in subsection (c) of this section of the Charter and must maintain a residence in the city for the duration of his or her term. The mayor shall not serve as a member of the city commission.

The city commission shall consist of five members who shall be elected from districts within the city, numbered 1 through 5. All persons desiring to run for the office of city commissioner shall file in the district, numbered 1 through 5, for which they are qualified as provided in subsection (c) of this section of the Charter. City commissioners in districts numbered 3 and 5 shall be elected at the general municipal election or runoff election to be held in the year 2001 and at the general municipal election or runoff election each four years thereafter. City commissioners in districts numbered 1, 2, and 4 shall be elected at the general municipal election or runoff election

to be held in the year 2003 and at the general municipal election or runoff election each four years thereafter. The term of office of the City Commissioners shall be four (4) years.

The mayor shall be elected at large by the electors of the city and shall hold office for a term of four years.

The mayor and all city commissioners [are] to hold office from twelve o'clock noon five days after the canvass of the vote by the supervisor of elections and the declaration of the result of either 1) the general municipal election or 2) runoff election and until their successors are elected and qualified. Commencing with the election to be held in November 2001, and all elections subsequent thereto, the lifetime term limit for the Mayor and Commissioners shall be two (2) four-year terms, measured retroactively from their first elections, and said terms shall include any time served as a result of having been appointed to fill a vacancy in the Office of Mayor or Commissioner pursuant to Section 12 of this Charter which such service shall be considered as a full term for purposes of this section. However, said lifetime term shall not include any time served as a result of having been elected to fill a vacancy pursuant to Section 12 of this Charter. The mayor and all other members of the city commission shall be subject to recall. Vacancies shall be filled as provided in section 12 of the Charter.

If a candidate for office of mayor or city commissioner receives a majority of votes in the general municipal election for that office, the candidate shall be considered elected upon and after the canvass of the vote and the declaration of the result of the election as provided. If no candidate receives a majority of the votes for that office, the two candidates for the respective office who received the greatest number of votes for that office in the general municipal election shall be placed on the ballot at the runoff election. The candidate receiving the greatest number of votes in the runoff election, shall be considered elected to the office for which the candidate has qualified.

(c) *Qualifications of mayor and city commission; mayor, city commissioners, and other officers and employees not to be interested in contracts, etc.; franks, free tickets, passes or service.* Candidates for mayor shall be residents of the city and shall have continuously resided in the city for a minimum of one (1) year immediately preceding the date of qualifying and shall be electors therein. Further, candidates for the city commission shall have continuously resided within the district boundaries in effect at the time of qualifying for a minimum of one (1) year immediately preceding the date of qualifying and be electors in that district, and shall maintain residence in that district for the duration of their term of office. The mayor, city commissioners, and other officers and employees shall not be interested in the profits or emoluments of any contract, job, work or service for the municipality. The mayor or any city commissioner who shall cease to possess any of the qualifications herein required shall forthwith forfeit his or her office, and any such contract in which any member is or may become interested may be declared void by the city commission.

No mayor, city commissioner, or other officer or employee of said city shall accept any frank, free ticket, pass or service directly or indirectly, from any person, firm or corporation upon terms more favorable than are granted to the public generally. Any violation of the provisions of this section shall be a misdemeanor. Such prohibition of free service shall not apply to police or fire personnel in uniform or wearing their official badges, where same is provided by ordinance.

(d) *City commission to be judge of its own elections; neither mayor nor city commission nor any committees nor members thereof to dictate appointments by or interfere with city manager.* The city commission shall be the judge of the election and qualifications of the mayor and its own members, subject to review by the courts. Neither the mayor nor the city commission, nor any committees nor members thereof shall direct, request, take part in or dictate the appointment or removal of any person in office or employment by the city manager or subordinates or in any manner interfere with the city manager or prevent

the city manager from exercising his/her own judgment in the appointment of officers and employees in the administrative service. Except for the purpose of inquiry and as may be necessary as provided in section 14, the mayor, the city commission, any committees and members thereof shall deal with the administrative service solely through the city manager, and neither the mayor nor the city commission, nor any committees nor members thereof shall give orders to any of the subordinates of the city manager, city attorney, city clerk, and Independent Inspector General, either publicly or privately. Any such dictation, prevention, orders or other interference or violation of this section on the part of the mayor or a member of the city commission or committees shall be deemed to be violation of the Charter, and upon conviction before a court of competent jurisdiction any individual so convicted shall be subject to a fine not exceeding five hundred dollars ($500.00) or imprisonment for a term of not exceeding sixty days or both, and in the discretion of the court shall forfeit his or her office. Any willful violation of the provisions to this section by the mayor or any city commissioner shall be grounds for his or her removal from office by an action brought in the Circuit Court by the state attorney of this county.

(e) *Election of officers by city commission; rules of city commission; quorum.* The city commission shall elect a city clerk and a city attorney. No member of the city commission or the mayor shall be chosen as city manager or as a member of the civil service board or appointed to any other city office or employment. The city commission may determine its own rules of procedure, may punish its own members for misconduct and may compel attendance of members. A majority of all the members of the city commission shall constitute a quorum to do business, but a smaller number may adjourn from time to time.

(f) *Meetings of city commission; ordinance to be read by title only.* At twelve o'clock noon on the day the mayor or city commissioners take office, they shall meet at the city hall. Thereafter, the city commission shall meet at such time and place as may be prescribed by ordinance or resolution. The meetings of the city commission and all sessions of committees of the city commission shall be public. Ordinances shall be read by title only. No member shall be excused from voting except on matters involving the consideration of his or her own official conduct, or where his or her financial interests are involved.

(g) *Powers and duties of mayor.* The mayor shall serve as the chief executive officer and head of the city government with the following specific powers and duties:

(1) The mayor shall be the presiding officer of the city commission with the authority to designate another member of the city commission to serve as presiding officer.

(2) The mayor shall be recognized as the official head of the city for all ceremonial purposes, by the courts for the purpose of serving civil process, and by the governor for military purposes.

(3) In time of public danger or emergency, the mayor may declare a state of emergency as provided in state law and may with the consent of the city commission, take command of the police and maintain order and enforce the laws.

(4) During the temporary absence or disability, the mayor shall appoint a member of the city commission to perform the duties of the mayor. However, in the event that the mayor does not or is unable to make such designation, the city commission shall designate a member of the city commission to perform the duties of the mayor during the temporary absence or disability of the mayor by a four-fifths vote of the city commissioners then in office.

(5) The mayor shall, within ten days of final adoption by the city commission, have veto authority over any legislative, quasi-judicial, zoning, master plan or land use decision of the city commission, including the budget or any particular component contained therein which was approved by the city commission; provided, however that if any revenue item is vetoed, an expenditure item in the same or greater dollar amount must also be

vetoed. The city commission may, at its next regularly scheduled or special meeting after the veto occurs, override that veto by a four-fifths vote of the city commissioners present, notwithstanding any provisions to the contrary contained in the Charter and city code. Said veto power shall include actions pursuant to sections 29-B through 29-D of the Charter.

(6) When one person succeeds another in the position of mayor, the successor shall have the right to appoint the city manager, subject to the approval within 14 days of a majority of the city commissioners then in office. In the event of a vacancy in the office of city manager, the mayor shall appoint the city manager, subject to the approval within 14 days of a majority of the city commissioners then in office. The mayor may remove the city manager subject to the city commission's conducting a hearing within 10 days of said removal and the city commission's overriding the mayor's action by a four-fifths vote of those city commissioners then in office. Additionally, the city commission by a four-fifths vote of those city commissioners then in office shall be able to remove the city manager.

(7) The mayor shall establish and appoint the members of all standing and special committees of the city commission and the chairperson and vice-chairperson of each committee. There shall be as many standing and special committees of the city commission as deemed necessary by the Mayor. Standing or special committees of the city commission shall mean those comprised of city commission members only.

(8) The mayor shall prepare and deliver a report on the state of the city to the people of the city between November 1 and January 31 annually. Such report shall be prepared after consultation with the city commissioners and the city manager.

(9) The mayor shall prepare and deliver a budgetary address annually to the people of the city between July 1 and September 30. Such report shall be prepared after consultation with the city manager.

(h) *Salaries of the mayor and commission.* Effective on November 4, 2003, there shall be paid to the city commissioners the sum of $58,200, which is equal to sixty percent of the mayor's salary in effect on July 16, 2003. Such salary shall be paid per year for each commissioner, in twelve equal installments. The compensation of the mayor shall be determined by the commission.

(Laws of Fla., ch. 15344(1931); Laws of Fla., ch. 23401(1945); Laws of Fla., ch. 26022(1949); Laws of Fla., ch. 31000(1955); Char. Amend. No. 2, § 1, 1-1-60; Char. Amend. No. 1, 12-1-63; Char. Amend. No. 1, 12-1-65; Ord. No. 88-541, § 2a, 6-9-88/9-6-88; Res. No. 97-447, § 2, 7-3-97; Res. No. 99-613, § 3, 8-2-99; Res. No. 01-843, § 2, 8-9-01; Res. No. 03-918, § 3, 9-5-03; Res. No. 24-0153, § 3, 4-25-24; Res. No. 24-0154, § 3, 4-25-24; Res. No. 24-0283, § 3, 7-25-24; Res. No. 25-0244, § 3, 7-10-25)

Editor's note—Res. No. 01-843, § 2, adopted August 9, 2001, amended § 4 in its entirety to read as herein set out. Formerly, § 4 pertained to form of government. The historical notation has been retained for reference purposes.

Case law reference—Officials provided for in subsection (e) shall be elected and none of them shall hold office at the will of the city commission when elected, but the city manager when appointed shall hold office subject to the will of the commission. State v. Bloodworth, 134 Fla. 369, 184 So. 1.

Where resolution adopted by the city commission appointing the city clerk failed to fix or state the period of time he was to hold the said office, clerk was entitled to hold office until the next regular city election provided for in this charter unless lawfully removed. *Id.* See also, State v. Bloodworth, 135 Fla. 525, 185 So. 339.

Sec. 5. The initiative.

(a) *Power to adopt ordinances.* The electors shall have power at their option to adopt ordinances, excluding ordinances relating to subjects that would be precluded by law and to adopt the same at the polls, such power being known as the "initiative". A petition meeting the requirements hereinafter provided and requesting the city commission to pass an ordinance

therein set forth or attached shall be termed an "initiative petition" and shall be acted upon as hereinafter provided.

Any five registered voters may commence initiative proceedings by filing with the city clerk an affidavit stating they will constitute the committee of the petition and be responsible for circulating the petition and filing it in proper form. The affidavit shall state the names and addresses of the members of the committee of the petition and shall specify the name and address of the member to whom all notices are to be sent. The affidavit shall set out in full the proposed initiative ordinance.

(b) *Preparation of initiative petition; affidavit of genuineness of signatures.* Signatures of 10 percent of the electors of the city registered at the last general municipal election are required for initiative petitions. The signatures need not all be on one paper, but must be in ink or indelible pencil and include the printed name and residence address of each signer and date signed. The proposed ordinance in full should be attached to the petition for review of the signer. The circulator of every such paper shall make an affidavit on each page in substantially the following form:

STATE OF FLORIDA)

ss.

COUNTY OF MIAMI-DADE)

_____ being duly sworn, deposes and says that he or she is the circulator of the foregoing petition paper containing signatures, and that said signatures were made in his or her presence and are the signatures of the persons whose names they purport to be.

Notary Public

All papers pertaining to any one ordinance shall be filed in the office of the City Clerk as one instrument and shall have written or printed thereon the names and addresses of the committee of the petition who shall be officially regarded as filing the petition and who shall constitute the committee of the petition for the purposes hereinafter named.

(c) *Filing of petitions.* Within 20 days after the filing of a petition, the city clerk shall ascertain by examination the number of registered voters in the city whose signatures are appended thereto and whether said number is at least 10 percent of the total number of registered voters as shown by the registration records. The city clerk shall attach to said petition a certificate showing the result of said examination and give notice thereof in writing to one or more of the members of the committee of the petition. If the number of signatures supporting the petition is shown to be insufficient, the petition may be amended once within 10 days from the date of said certificate by the filing of additional signatures.

The city clerk shall, with 10 days after such amendments, make examination of the amended petition. The final finding of the insufficiency of a petition shall not prejudice the filing of a new petition for the same purpose.

(d) *Submission of petition to city commission.* Upon ascertaining that a petition is supported by a sufficient number of signatures, the city clerk shall so certify, and the city clerk shall submit the proposed ordinance to the city commission at its next meeting. Upon receiving the proposed, the city commission shall proceed to consider it and shall take final action thereon within 30 days from the date the petition is certified by the city clerk.

(e) *Election on initiated ordinances.* If the city commission fails to pass the proposed ordinance, or if it passes it in a form different from that set forth in the petition, then the ordinance shall be submitted in its original form by the city commission to the vote of the electors at the next election occurring not fewer than 30 days from the date of the final action by the city commission. If no election is to be held within six months from such date, the city commission

shall call a special election to be held not fewer than 30 days nor more than 120 days from such date.

(f) *Initiative ballots.* The ballots used when voting upon any such proposed ordinance shall state the substance thereof in clear, concise

language, without argument or prejudice, and shall provide only for a vote "for the ordinance" or "against the ordinance". If a majority of the electors voting on any such ordinance vote in favor thereof, it shall thereupon become an ordinance of the city. When a ordinance proposed by initiative petition is passed by the city commission, but not in its original form, the ordinance as passed by the city commission shall not take effect until after the vote of the electors; if the ordinance so submitted is approved by a majority of electors voting thereon, it shall thereupon become an ordinance of the city, and the ordinance as passed by the city commission shall be deemed repealed.

The following title shall be substantially the form of the ballot:

TITLE OF WITH GENERAL
STATEMENT OF SUBSTANCE THEREOF

_____

FOR THE ORDINANCE.

_____

AGAINST THE ORDINANCE.

(g) *Number of ordinances to be initiated.* Any number of proposed ordinances may be voted upon at the same election in accordance with the provisions of this Charter.
(Res. No. 01-843, § 2, 8-9-01)

Sec. 6. The referendum.

(a) *Power of referendum.* The electors shall have power at their option to approve or reject at the polls any measure passed by the city commission or measure submitted by the city commission to a vote of the electors excluding measures relating to subjects that would be precluded by law. Such power shall known as the "referendum". Measures submitted to the city commission by initiative petition and passed by the city commission without change or passed in an amended form shall be subject to the referendum in the same manner as other measures.

Any five registered voters may commence referendum proceedings by filing with the city clerk an affidavit stating they will constitute the committee of the petition and be responsible for circulating the petition and filing it in proper form. The affidavit shall state the names and addresses of the members of the committee of the petition and shall specify the name and address of the member to whom all notices are to be sent. The affidavit shall set out in full the referred measure.

(b) *Referendum petition.* If within not less than ten days nor more than 30 days after the final passage of any measure by the city commission, a petition signed by 15 percent of the total number of voters registered at the last general municipal election as shown by the city registration records, is filed with the city clerk requesting that such measure or any part thereof be repealed or be submitted to a vote of the electors, that measure or part shall not, except in the case of an emergency measure, become operative until the steps indicated herein have been taken.

(c) *Signatures to petition.* The signatures of the 15 percent of the electors of the city registered at the last general municipal election are required for referendum petitions. The referred measure in full shall be attached to the petition for review of the signer. The signatures of referendum petitions need not all be on one paper, but the circulator of every such paper shall make an affidavit that each signature appended thereto is the genuine signature of the person whose name it purports to be. Each signature shall be in ink or indelible pencil and shall include the date signed, the printed name and address of the signer. All such papers shall be filed in the office of the city clerk as one instrument. A referendum petition need not contain the text of the measure or part of which repeal is sought, but shall briefly describe the ordinance or part sought to be repealed and such measure shall be attached to the petition for review of the signer.

The circulator of every such paper shall make an affidavit on each page in substantially the following form:

STATE OF FLORIDA)

ss.

COUNTY OF MIAMI-DADE)

_____ being duly sworn, deposes and says that he (or she) is the circulator of the foregoing petition paper containing _____ signatures, and that said signatures were made in his (or her) presence and are the signatures of the persons whose names they purport to be.

(Signed) _____

Subscribed and sworn to before me this _____ day of _____ 20____.

_____
Notary Public

All papers pertaining to any one measure shall be filed in the office of the city clerk as one instrument and shall have written or printed thereon the names and addresses of the committee of the petition who shall be officially regarded as filing the petition and who shall constitute the committee of the petition for the purposes hereinafter named.

(d) *Certification of petition.* Within 20 days after the filing of the petition, the city clerk shall ascertain by examination the number of registered voters whose signatures are appended thereto and whether said number is at least 15 percent of the total number of registered voters as shown by the city registration records. The city clerk shall attach to such petition his or her certificate showing the result of such examination and give notice thereof in writing to the person designated to receive notices by the committee of the petition. If the number of signatures supporting the petition is shown to be insufficient, the petition may be amended once within 10 days from the date of said certificate by the filing an amended petition with additional signatures. The city clerk shall, within 10 days after such amendment, make examination of the amended petition.

(e) *Referendum election.* If the petition is found sufficient, the city commission shall proceed to reconsider such measure or such section thereof as the petition shall specify. If upon such reconsideration such measure, or such part thereof, is not repealed or amended as demanded in the petition, the city commission shall provide for submitting the same, by the method herein provided, to a vote of the electors at the next general municipal election occurring not less than thirty days after the receipt by the city commission of the city clerk's certificate, and such measure, or such part thereof, shall thereupon be suspended from going into effect until said election and shall then be deemed repealed unless approved by a majority of those voting thereon. The city commission by a four-fifths vote may submit such measure or part thereof with like effect to the electors at a special election to be called by said city commission not less than thirty days after the receipt of the city clerk's certificate.

(f) *Limitations on enforcement of ordinances.* No measure shall go into effect until thirty days after its passage unless it is declared in such ordinance to be an emergency measure on the ground of urgent public need for the preservation of peace, health, safety, or property and the measure being passed by a vote of not less than four-fifths of the members of the city commission. No measure amending or repealing any measure adopted by the people at the polls or by the city commission in compliance with an initiative petition shall be regarded as an emergency measure.

(g) *Form of ballot.* The ballots used when voting upon such referendum shall state the substance of the measure in clear, concise language, without argument or prejudice, and shall specify whether the measure is being submitted for approval or for repeal. If the measure is being submitted for approval, the ballot shall provide only for a vote "for the measure" or "against the measure". If the measure is being submitted for repeal, the ballot shall provide only for a vote "for repeal" or "against repeal".

(h) *Emergency measures.* Measures passed as emergency measures shall be subject to referendum like other measures, except that they shall not be suspended from going into effect while referendum proceedings are pending. An emergency measure subsequently repealed shall be deemed sufficient authority for any payment made or expense incurred in accordance with the measure previous to the repeal.

(i) *Conflict of referred measures.* If two or more measures adopted or approved at the same election conflict with respect to any of their provisions, all nonconflicting provisions shall go into effect. The provisions of the measure receiving the highest affirmative vote shall prevail over the conflicting provisions of other measures.

(j) *Adoption or repeal.* If a majority of the electors voting on any referendum vote to adopt or repeal any measure or part thereof, such measure or part shall thereupon be deemed adopted or repealed, as the case may be.
(Res. No. 01-843, § 2, 8-9-01)

Sec. 7. Election of city commissioners and mayor.

A general municipal election for the mayor and city commissioners shall be held on the first Tuesday after the first Monday in November in odd-numbered years. A runoff election for the mayor and city commissioners shall be held on the second Tuesday in December, in odd-numbered years. All elections held in said city shall be conducted and held according to the provisions of the general election laws of the State of Florida, except as otherwise provided for in the Charter. The name of any person qualified as provided in section 4 of this Charter shall be printed upon the ballot as a candidate for the office of mayor or city commissioner upon paying to the City of Miami the sum as prescribed by ordinance to be accepted by the city clerk as a qualifying fee along with the sum for election assessment as prescribed by state law during the qualifying period as prescribed in this Charter prior to the date of such general municipal election or special election to fill a vacancy. Any person qualified to run for mayor or city commissioner shall file an affidavit of candidacy in the form provided by the city clerk including his or her name, address, occupation and willingness to serve if elected, accompanied by the requisite documents and fees as provided in state law and section 7 of this Charter. An affidavit of candidacy shall be filed not earlier than 60 days and not later than 45 days prior to the date of the general municipal election or during the qualifying period for a special election to fill a vacancy.

All such qualifying documents and fees shall be deposited with the city clerk no later than 6:00 pm. on the forty-fifth day prior to the general municipal election or the last day for qualifying in a special election to fill a vacancy.
(Laws of Fla., ch. 15339(1931); Laws of Fla., ch. 19974(1939); Laws of Fla., ch. 21387(1941); Laws of Fla., ch. 22395(1943); Laws of Fla., ch. 23408(1945); Char. Amend. No. 1, 3-14-72; Char. Amend. No. 6, 11-6-73; Res. No. 97-447, § 2, 7-3-97; Res. No. 01-843, § 2, 8-9-01; Res. No. 16-0350, § 2, 7-29-16; Res. No. 24-0280, § 3, 7-25-24)

Editor's note—Res. No. 01-843, § 1, adopted August 9, 2001, amended § 7 in its entirety to read as herein set out. Formerly, § 7 pertained to regular and primary elections of commissioners. The historical notation has been retained for reference purposes.

Sec. 8. Form of ballots.

All ballots used in any general municipal election, runoff election or special election to fill a vacancy held under authority of this Charter shall be without party mark or designation and without any insignia or mark of any association or organization thereon, and shall be substantially in the same form as the election ballot used in all general state elections.
(Laws of Fla., ch. 15339(1931); Res. No. 97-447, § 2, 7-3-97; Res. No. 01-843, § 2, 8-9-01)

Editor's note—Res. No. 01-843, § 2, adopted August 9, 2001, amended § 8 in its entirety to read as herein set out. Formerly, § 8 pertained to form of ballots; what candidates in primary election for mayor and commissioners placed on ballot. The historical notation has been retained for reference purposes.

Sec. 9. Declaration of election; how tie vote decided.

At any runoff election or special election to fill a vacancy held under the provisions of this Charter, the candidates for the office of city commissioner, who shall have received the greatest number of votes cast, shall be declared elected after the canvass of the vote by the supervisor of elections as provided in section 4. A tie between two or more candidates for the office of city commissioner shall be decided by lot under the supervision of the chair of the canvassing board in the presence of the candidates.

At any runoff election or election to fill a vacancy for the office of mayor held under the provisions of this Charter, the candidate for the office of mayor, who shall have received the greatest number of votes cast, shall be declared elected after the canvass of the vote by the supervisor of elections as provided in Section 4. A tie between the candidates for the office of mayor shall be decided by lot under the supervision of the chair of the canvassing board in the presence of the candidates.
(Res. No. 97-447, § 2, 7-3-97; Res. No. 01-843, § 2, 8-9-01)

Secs. 10, 11. [Reserved.]

Editor's note—Res. No. 01-843, § 2, adopted August 9, 2001, repealed §§ 10, 11 in their entirety. Formerly, §§ 10, 11 pertained to distinction between general and special municipal election and the recall, respectively, and derived from Laws of Fla., ch. 14616(1929); Res. No. 97-47, § 2, adopted July 3, 1997.

Sec. 12. Filling vacancies for mayor and commission.

(a) A vacancy on the city commission or in the office of mayor caused by death, resignation, forfeiture, suspension, removal, or other action or causes shall be filled within ten days after such vacancy occurs by a majority of the remaining city commissioners. The person appointed must meet the qualifications of the office as required in section 4 of this Charter. The term of office of the person so appointed, except in the circumstances detailed in section (c) below, shall be until the successor in office is elected and qualified at whichever of the following occurs first:

(1) the odd-year general municipal election for mayor and city commissioners held pursuant to section 4 of the Charter, or

(2) the even-year State of Florida general election, at which election national, state and county offices are filled,

The candidates for such election shall be qualified as provided in section 4 of this Charter and the qualifying period and requirements for such election shall be as provided in section 7 of this Charter. The person elected as provided in (a)(1) or (a)(2) of this Section shall serve for the remainder of the unexpired term of that office.

(b) If the remaining city commissioners shall fail or refuse to fill such vacancy within ten days after it occurs, as provided herein, the city commission shall call a special election to fill the vacancy to be held at a date not less than thirty-eight or more than forty-five days after the expiration of the ten-day period and the five day qualifying period. The qualifying period for such special election shall be for the five days not including Saturday, Sunday or legal holidays before the thirty-eighth day before the date of the election and the procedure for the election not otherwise provided for in this section shall be as provided in section 7 of this Charter. Except in the circumstances detailed in section (c), effective November 7, 2017, the person who receives the greatest number of votes for the office in said special election is elected to fill the vacancy for the remainder of the unexpired term of that office.

(c) If a vacancy in any elected office is caused by forfeiture, suspension, or removal, the vacancy shall be filled in the same manner as described in sections (a) and (b) above, provided that if the elected official who has so vacated his or her seat is later absolved of the allegations of wrongdoing, that elected official shall be entitled to resume his or her elected position for the remainder of the unexpired term, if any. The term of the individual who assumed the position previously vacated by that elected official shall automatically terminate upon the restoration to office of the original seat-holder.

(d) If the city commissioners shall fail to comply with their duties as set forth in this section, then, and in that event, the court is hereby empowered and authorized to enforce compliance with this act or to call an election itself to fill such vacancy or vacancies on the city commission or in the office of mayor.
(Laws of Fla., ch. 22393(1943); Laws of Fla., ch. 27724(1951); Ord. No. 8287, 11-5-74; Res. No. 97-447, § 2, 7-3-97; Res. No. 01-843, § 2, 8-9-01; Res. No. 17-0318, § 2, 7-13-17)

Sec. 13. Redistricting.

(a) *Appointment.* There shall be a citizens' redistricting committee, which shall be empaneled in each year following the decennial census and at any other time redistricting is required by law. The city clerk shall develop and publish an application for members of the committee and set deadlines for the submission of applications, appointment of committee members, and development and proposal of plans pursuant to subsection (d). The city commissioners and the mayor shall each appoint one committee member.

(b) *Qualifications.* Each committee member shall be a city resident with an outstanding reputation of integrity, responsibility, and commitment to community service. No person may serve on the committee if they have, within two years from the date of application, held or been a candidate for elected office or been a registered lobbyist with the city. No person may serve on the committee if they or an immediate family member have, within two years from the date of application, served as an employee of the city commission, a city commissioner, or the mayor. For the purposes of this section, "immediate family" means a person's spouse or the parent, child, grandparent, grandchild, or sibling of the person or the person's spouse.

(c) *Tenure, Removal, and Vacancies.* Each committee member's term of office expires the later of (1) one year after the committee adopts a redistricting plan, or (2) when all pending legal challenges to the committee's redistricting plan are resolved. A committee member may be removed for good cause and after proper hearing by a three-fourths vote of either the committee or city commission. Vacancies shall be filled by the remaining committee members.

(d) *Duties.*

(1) The committee shall have the power to draw the city commission districts after each decennial census and at any other time required by law, pursuant to this section. The committee shall be staffed by the city attorney, city clerk, and any redistricting experts selected by the committee.

(2) The committee shall conduct an open and transparent process enabling full public consideration of and comment on the drawing of district lines. The committee shall solicit and accept input from the public as part of the drafting process.

(3) The committee shall propose one or more initial redistricting plans to the city commission. The city commission may (a) reject all initial plans and transmit its objections thereto to the committee, (b) adopt an initial plan without changes, (c) adopt an initial plan with changes, provided the changes do not move more than two percent of the population of any proposed district, or (d) after voting on each initial plan and rejecting them all, adopt its own plan by the vote of at least four city commissioners.

(4) If the city commission fails to adopt a redistricting plan pursuant to paragraph (3), the committee shall propose one or more revised redistricting plans to the city commission. The city commission may (a) accept a revised plan without changes, (b) adopt a revised plan with changes, provided the changes do not move more than two percent of the population of any proposed district, or (c) after voting on each revised plan and rejecting them all, adopt its own plan by the vote of at least four city commissioners.

(e) *Standards for Districts.* No redistricting plan or district may be drawn with the intent to favor or disfavor a candidate or incumbent. This subsection shall apply to any districts drawn after it is approved by the voters.

(Res. No. 25-0243, § 3, 7-10-25)

Editor's note—Prior to the reenactment of section 13 by Res. No. 25-0243, adopted July 10, 2025, Res. No. 01-843, § 2, adopted August 9, 2001, repealed section 13 in its entirety. Formerly, section 13 pertained to election when terms of four or more commissioners expire simultaneously, and derived from Laws of Fla., ch. 22393(1943), and Laws of Fla., ch. 27724(1951).

Sec. 14. Commission may investigate official transactions, acts and conduct.

The mayor, city commission, or any committee thereof may investigate the financial transac-

tions of any office or department of the city government and the official acts and conduct of any city official, and by similar investigations may secure information upon any matter. In conducting such investigations the mayor, city commission, or any committee thereof, may require the attendance of witnesses and the production of books, papers and other evidence, and for that purpose may issue subpoenas which shall be signed by the presiding officer of the city commission or the chair of such committee, as the case may be, which may be served and executed by any police officer.
(Res. No. 97-447, § 2, 7-3-97; Res. No. 01-843, § 2, 8-9-01)

Sec. 15. City manager—Qualifications; appointment; term; salary; sickness or absence; removal.

The city manager shall be the head of the administrative branch of the city government. The city commission shall fix the city manager's compensation, and the city manager shall serve as provided in section 4(g). The city manager shall be chosen on the basis of the city manager's executive and administrative qualifications. At the time of the city manager's appointment the city manager need not be a resident of the state. Neither the mayor nor any city commissioner shall be eligible for the position of city manager during or within two years after the expiration of their respective terms.

The mayor, subject to the approval of the city commission, may designate a qualified administrative officer of the city to assume the duties and authority of the city manager during periods of temporary absence or disability of the city manager.

The city manager shall be responsible for the administration of all units of the city government under the city manager's jurisdiction, and for carrying out policies adopted by the city commission. The city manager or designee shall execute contracts and other instruments, sign bonds and other evidences of indebtedness.
(Char. Amend. No. 2, 1-1-62; Res. No. 97-447, § 2, 7-3-97; Res. No. 01-843, § 2, 8-9-01)

Sec. 16. Same—Powers and duties.

The powers and duties of the city manager shall be to:

(a) See that the laws and ordinances are enforced.

(b) Appoint and remove, except as otherwise provided in this Charter, all directors of the departments and all subordinate officers and employees in the departments in both the classified and unclassified service; all appointments to be upon merit and fitness alone, and in the classified service all appointments and removals to be subject to the civil service provisions of this Charter.

(c) Exercise control over all departments and divisions created herein or that may be hereafter created by the city commission.

(d) Attend all meetings of the city commission with the right to take part in the discussion but having no vote.

(e) Recommend to the mayor and city commission for adoption such measures as the city manager may deem necessary or expedient.

(f) Keep the mayor and city commission fully advised as to the financial condition and needs of the city; and

(g) Perform such other duties as may be prescribed by this Charter or be required by the mayor or ordinance or resolution of the city commission.

(Res. No. 97-447, § 2, 7-3-97; Res. No. 01-843, § 2, 8-9-01)

Editor's note—As to removal and suspension of chief of police, see annotation to charter § 26.

Case law reference—It was the intention of the legislature to make the city manager at all times hold office subject to the will of the commission upon whom rested the administrative affairs of the city government, which could be speedily checked and corrected if necessary at the will of the commission by a change in the office of the city manager. State v. Bloodworth, 134 Fla. 369, 184 So. 1.

Subsection (b)—The phrase "except as herein provided," employed in subsection (b) of this section, qualifies or limits every provision of the city charter providing for removals in

specific cases, and such other provisions must be construed with the subsection. Bryan v. Landis, 106 Fla. 19, 142 So. 650.

The city manager has no summary power of appointment under civil service rules, and all appointments and promotions by the city manager must be within the requirements of such rules. Bloodworth v. Suggs, 60 So. 2d 768.

Police officers may be demoted during probationary period after accepting probationary promotion in rank. Clarke v. City of Miami, 81 So. 2d 217.

The city manager is not required as a matter of law to promote civil service employees when a vacancy occurs. His refusal to fill vacancies due to economic conditions is a matter within his discretion. City of Miami v. Elmore, 131 So. 2d 517.

Where city manager opts to utilize advisory group to directly assist him in the decision-making process to select a new police chief, the advisory group is a "board" within the meaning of F.S. § 286.011, the city manager is an "agency" within the meaning of said statute, and meetings of the advisory group must be open meetings pursuant to said statute. State v. Krause, 47 Fla. Supp. 36, *aff'd* Krause v. Reno, 366 So. 2d 1244.

Sec. 17. Same—Examination of affairs of departments, officers or employees.

The city manager may, without notice, cause the affairs of any department or the conduct of any officer or employee to be examined. Any person or persons appointed by the city manager to examine the affairs of any department or the conduct of any officer or employee shall have the same right to require the attendance of witnesses and production of books and papers and other evidence as is conferred upon the mayor and city commission by this Charter.
(Res. No. 01-843, § 2, 8-9-01)

Sec. 18. Departments established.*

The following administrative departments are hereby established by this Charter:

(1) Department of law.

(2) Reserved.

(3) Reserved.

(4) Department of public safety.

(5) Department of finance.
(Res. No. 01-843, § 2, 8-9-01)

*__Note—__Pursuant to authority granted in section 19 of this charter, the departments of public service, public welfare and public safety have been discontinued and numerous new departments have been created by ordinance. The user's attention is directed to ch. 2 of the Code of Ordinances for existing departments and functions thereof.

Sec. 19. Creation of new departments; discontinuance of departments.

The city commission may, by ordinance adopted by vote of at least three members of the city commission, create new departments or discontinue any department and determine, combine, and distribute the functions and duties of departments and subdivisions thereof.
(Laws of Fla., ch. 21391(1941); Res. No. 01-843, § 2, 8-9-01)

Sec. 19-A. [Reserved.]

Editor's note—Res. No. 01-843, § 2, adopted August 9, 2001, repealed § 19-A in its entirety. Formerly, § 19-A pertained to authority to create and discontinue departments by ordinance not limited to other charter provisions and derived from Laws of Fla., ch. 21391(1941).

Sec. 20. Directors of departments.

The city manager shall appoint a director for each department and, in the city manager's discretion, may consolidate two departments under one director. Each such director shall serve until removed by the city manager or until a successor has been appointed and qualified, shall conduct the affairs of his or her department in accordance with rules and regulations made by the city manager, shall be responsible for the conduct of the officers and employees of his or her department, for the performance of its business, and for the custody and preservation of the

books, records, papers and property under its control, and, subject to the supervision and control of the city manager in all matters, shall manage the department. None of the provisions of this section, however, shall be applicable to the department of law, city clerk, or Office of the Independent Inspector General.*
(Laws of Fla., ch. 21388(1941); Res. No. 01-843, § 2, 8-9-01; Res. No. 24-0153, § 4, 4-25-24; Res. No. 24-0154, § 4, 4-25-24)

Sec. 21. Department of law.

The city attorney shall be the director of the department of law and an attorney-at-law admitted to the practice in the State of Florida. The city attorney shall be the legal advisor of and attorney and counsel for the city, and for all officers and departments thereof in matters relating to their official duties. The city attorney shall prosecute and defend all suits for and in behalf of the city, and shall prepare all contracts, bonds and instruments in writing in which the city is concerned and shall endorse on each approval of the form and correctness thereof.

The city attorney shall be the prosecuting attorney of the municipal court. The city attorney shall have such number of assistants as the city commission by ordinance may authorize. The city attorney shall prosecute all cases brought before such court and perform the same duties, so far as they are applicable thereto, as are required of the prosecuting attorney of the county.

When required to do so by the resolution of the city commission, the city attorney shall prosecute or defend for and in behalf of the city all complaints, suits and controversies in which the city is a party, and such other suits, matters and controversies as he shall, by resolution or ordinance, be directed to prosecute or defend.

The mayor, city commission, the city manager, the director of any department, or any officer or board not included within a department, may require the opinion of the city attorney upon any question of law involving their respective powers and duties.

The city attorney shall be a full-time governmental employee; shall not engage in the private practice of law; and upon his or her election by the city commission shall serve until the time for the election of the city officials specified in section 4 of the Charter which follows the next general municipal election.
(Char. Amend. No. 1, 11-6-73; Res. No. 97-447, § 2, 7-3-97; Res. No. 01-843, § 2, 8-9-01)

Secs. 22—22-C. [Reserved.]

Editor's note—Res. No. 01-843, § 2, adopted August 9, 2001, repealed §§ 22—22-C in their entirety. Formerly, §§ 22—22-C pertained to department of public service, department of water and sewers; water and sewer board, department of public welfare, and board of trustees of Jackson Memorial Hospital, respectively.

Sec. 23. Department of off-street parking; off-street parking board.

(a) There is hereby created and established as an agency and instrumentality of the City of Miami, a new department to be named and known as the "Department of Off-Street Parking of the City of Miami" (hereinafter sometimes called the "department of off-street parking" or the "department"), and by that name it may sue and be sued, plead and be impleaded, contract and be contracted with and have an official seal; provided, however, that the department shall not commence business or exercise any of the powers granted by this act unless and until the city commission of the City of Miami shall by ordinance declare the need for the department and for the off-street parking board of the City of Miami hereinafter created. The department, which shall operate and function under the supervisory control of the board created and established in subsection (b) hereof, shall consist of a chief executive officer to be known as the "director of the department of off-street parking" (hereinafter sometimes called the "director of the department" or the "director") and such other officers and employees as shall be necessary to exercise the powers and perform the duties and functions of the department.

(b) There is hereby created and established a board to be known as the "Off-Street Parking Board of the City of Miami" (hereinafter

*__Note—__Transfer of the operations of the city's department of water and sewers to Metropolitan Dade County was authorized by Res. No. 73-225, adopted March 22, 1973.

sometimes called the "off-street parking board" or the "board") which shall consist of five members. Each member of the board shall either reside or have his or her principal place of business in the city and shall be an individual of outstanding reputation for integrity, responsibility and business ability, but no officer or employee of the city shall serve as a member of the board while employed as such officer or employee of the city.

Within thirty days after the city commission shall have adopted an ordinance declaring the need for the department and for the board, it shall appoint the members of the board, two of whom shall hold office for a term of two years, two of whom shall hold office for a term of three years, and one of whom shall hold office for a term of four years, and thereafter each member shall be appointed for a term of five years, as herein provided.

At least twenty days prior to the date of expiration of the term of any member of the board, or within ten days after the death, resignation or removal of any such member, such member's successor shall be named and appointed by the remaining members of the board, subject to confirmation by the city commission of the city. In the event that any appointment so made shall not be confirmed by the city commission within ten days after notice of such appointment has been served upon the city commission, the appointment shall be null and void, and thereupon the remaining members of the board shall make a new appointment, or appointments, which shall likewise be subject to confirmation by the city commission and each member of the board shall be eligible for reappointment. The successor in each case shall be appointed and shall hold office for a term of five years from the date of expiration of the term of his or her predecessor, except that any person appointed to fill a vacancy shall serve only for the unexpired term.

Upon the effective date of his or her appointment, or as soon thereafter as practicable, each member of the board shall enter upon his or her duties, but before doing so he or she shall take the oath prescribed by law and shall execute a bond in the penal sum of ten thousand dollars ($10,000.00) payable to the department and conditioned upon the faithful performance of the duties of his or her office, which bond shall be approved by the city commission of the city and filed with the city clerk, the cost of the premium on any such bond to be treated as part of the cost of operating the department.

The members of the board shall each be paid a salary of fifty dollars ($50.00) per annum, or such larger sum as the city commission may establish by ordinance, payable in monthly installments.

Any member of the board may be removed by the city commission of the city for good cause and after proper hearing by the city commission, but if so removed, may apply to the Circuit Court of the Eleventh Judicial Circuit in and for Dade County, Florida, for a review of the action of the city commission.

(c) The board shall have the powers, duties and responsibilities customarily invested in the board of directors of a private corporation, and shall exercise supervisory control over the operation of the off-street parking facilities of the city, and all acts of the department and of the director with respect to such facilities shall be subject to the approval of the board. The board shall elect one of its members to serve as chair of the board, shall make appropriate rules and regulations for its own government and procedure, and shall hold a regular meeting at least once a month and such special meetings as it may deem necessary, and all such meetings shall be open to the public.

(d) From and after the date of appointment of the first member of the board, the department shall operate, manage and control the off-street parking facilities of the city and all properties pertaining thereto now owned or hereafter acquired or constructed by the city or by the department and shall succeed to and exercise all powers vested in and succeed to and perform all functions and duties imposed upon the department of off-street parking of the city by and under the provisions of this act.

Upon the adoption by the city commission of an ordinance declaring the need for the department and the board, all powers, functions and

duties relating to such off-street parking facilities and properties pertaining thereto then vested in the city or any of its departments officers, including but not limited to the exercise of the power of eminent domain, shall be and are hereby transferred to the department, and all books, records and papers now existing or hereafter acquired in the operation and maintenance of said facilities or relating thereto shall be the property of and under the jurisdiction and control of the department; provided, however, that nothing contained in this section shall be deemed to vest in the department the power to establish and fix rates and charges for off-street parking service furnished by the off-street parking facilities of the city or the power to issue revenue bonds. The department shall have full power and authority to acquire, own, use, hire, lease, operate and dispose of real property and personal property and of any interest therein, including the power to acquire by eminent domain proceedings lands or any interest therein and rights-of-way and easements upon, in, along or across any public street, road or highway for the purpose of constructing, maintaining or operating off-street parking facilities as shall be necessary in the judgment of the off-street parking board, and to make and enter into all contracts necessary or incidental to the exercise of its powers and the performance of its duties and functions with respect to the operation, management and control of said facilities, and to promulgate and enforce appropriate rules and regulations governing the utilization of the services of the off-street parking facilities of the city.

(e) The director shall be appointed by and shall hold office at the will of the board. Such person shall be of good moral character and have an excellent reputation for integrity, responsibility and business ability, but no member of the board shall be eligible for appointment as director. The director shall receive such salary, payable to him or her in equal semi-monthly installments, as shall be fixed by the board. Before entering upon his or her duties, the director shall take any oath and execute any bond prescribed by law. The director shall act as the chief executive officer of the department, shall devote his or her entire time and attention to the duties of his or her office and shall not engage actively in any other business or profession. Subject to the direction and approval of the board, the director shall have general supervision over and be responsible for the operation and maintenance of the off-street parking facilities of the city and shall exercise the powers vested in and perform the functions and duties imposed upon him or her as herein provided. The director shall attend all meetings of the board, shall furnish to the board and the city commission of the city a monthly report with respect to the operation, maintenance and financial condition of the department of off-street parking, and shall from time to time have prepared and shall furnish such reports, audits and other information relating to said facilities as may be required by the board.

In the event that the director shall for any reason be temporarily incapable of exercising the powers and of performing the duties and functions of his or her office, the board may appoint an acting director to exercise such powers and to perform such functions and duties until such incapacity of the director shall be terminated.

(f) Subject to the approval of the board, the director shall employ such additional executive and operating assistance, including engineering and other experts and professional assistance, as shall be necessary to provide for the efficient operation of the department. Included in the personnel to be employed, there shall be the following subordinate officers whose positions shall be in the unclassified service of the city:

(1) A treasurer, who shall perform the functions and duties customarily performed by the treasurer of a private corporation. The treasurer shall be responsible for all funds of the department, for all accounts and accounting records relating to the department and its operation, and for the preparation of all checks and vouchers requisite to the operation of the department.

(2) A secretary, who shall perform the functions and duties customarily performed by the secretary of a private corporation. The secretary shall have charge and custody of the official seal and of all books, records, documents and papers of the department other than those required to be in the custody of the treasurer. He or she shall attend in person all meetings of the board, and shall keep a correct record of all the proceedings of the board, and shall perform such other duties as may be assigned to him or her as secretary by the board.

(g) The city attorney shall act as general counsel for the department and for the board in all matters of law which may arise, and shall prosecute or defend all suits brought by or against the city or the department or the board which relate to the off-street parking facilities of the city. Special counsel as shall be deemed necessary by the city attorney may be employed by the director subject to the approval of the board, city attorney and city commission. Such special counsel shall serve under the direct supervision and control of the city attorney.

(h) All budgets, funds and accounts pertaining to the off-street parking facilities of the city shall be segregated from all other budgets, funds and accounts of the city and shall be so kept that they shall reflect the financial condition and the operation of each off-street parking facility of the city separately. Not later than one month before the end of each fiscal year the director, with the approval of the board, shall prepare and submit to the city commission of the city a budget estimate of expenditures and revenues for the ensuing fiscal year in the same form and like manner as all other departments of the city for approval by the city commission with the exception, however, that such budget estimate will be submitted directly to the city commission of the city for its approval.

(i) All expenses incurred by the department and by the board in exercising their powers and performing their functions and duties shall be paid solely from the revenues of the off-street parking facilities of the city and no liability or obligation not payable from the revenues of said facilities shall at any time be incurred in connection with the operation thereof.

(j) Should there occur in any fiscal year an excess of revenue over expenditures required for operation, maintenance, required reserves and debt service, then such excess revenues shall, subject to the provisions of any ordinance of the city commission of the city authorizing the issuance of parking facilities revenue bonds of the city, and to the provisions of any trust indenture or trust agreement securing such bonds, be paid into the general funds of the city.

(k) All powers and rights conferred by this section shall be in addition and supplemental to those conferred by any other general or special law and shall be liberally construed to effectuate the purposes hereof; and the department and the board shall have power, in addition to exercising the powers expressly conferred in and by this section, to do all things necessary or convenient to carry out the purposes hereof.
(Laws of Fla., ch. 30997(1955); Res. No. 88-535, 6-9-88/9-6-88; Res. No. 01-843, § 2, 8-9-01)

Sec. 24. Department of public safety.

The head of the department of public safety shall be known as the director of public safety.

Subject to the supervision and control of the city manager in all matters, the head of the department of public safety shall be the executive head of the division of police and fire. He or she shall be the chief administrative authority in all matters pertaining to the erection, maintenance, repair, removal, razing, occupancy and inspection of buildings under such regulations as may be ordained by the city commission.

(a) *Division of police.* The police force shall be composed of a chief and such officers and other employees as the city manager may determine. The chief of police shall have the immediate direction and control of the police force, subject to the supervision of the director of public safety, and to such rules, regulations and orders as the said director may prescribe, and through the chief of police, the director of public safety shall promulgate all orders,

rules and regulations for the government of the police force. The chief of police shall devote his or her entire time to the discharge of his or her official duties and shall not be absent from the city except in the performance of his or her official duties, unless granted a written leave of absence by the city manager. His or her office shall be kept open at all hours, day or night, and either the chief of police or a subordinate shall be in constant attendance. In case of the disability of the chief of police by reason of sickness, absence from the city or other cause, the director of public safety shall designate one of the captains or lieutenants of police to act as chief of police during such disability, and the officer so designated shall serve without additional compensation. The members of the police force, other than the chief, shall be selected from the list of eligibles prepared by the civil service board, and in accordance with such rules as the said board may prescribe; provided, that in case of riot or emergency, the director of public safety may appoint additional patrolmen for temporary service, who need not be in the classified service. Each member of the police force, both rank and file, shall have receive a warrant of appointment signed by the city manager, in which the date of the appointment shall be stated, and such shall be that member's commission.

No person, except as otherwise provided by general law or this Charter, shall act as special police or special detective except upon written authority from the director of public safety. Such authority, when conferred, shall be exercised only under the direction and control of the chief of police and for a time specified in the appointment.

The members of the police force of said city shall be invested with all the power and authority necessary for enforcing the ordinances of said city.

The chief of police or any police officer of the City of Miami, may arrest without warrant, any person violating any of the ordinances of the city committed in the presence of such officer, and when knowledge of the violation of any ordinance of said city shall come to the said chief of police or police officer, not committed in his or her presence, he or she shall make affidavit before the judge or clerk of municipal court against the person charged with such violation, whereupon, said judge or clerk shall issue a warrant for the arrest of such person.

(b) *Division of fire.* The fire force shall be composed of a chief and such other officers, firemen and employees as the city manager may determine. The fire chief shall have immediate direction and control of the said department, subject to the supervision of the director of public safety and to such rules, regulations and orders as the said director may prescribe and through the fire chief the director of public safety shall promulgate all orders, rules and regulations for the government of the fire department.

The members of the fire department, other than the chief, shall be appointed from the list of eligibles prepared by the civil service board and in accordance with such rules and regulations as may be prescribed by said board; provided, that in case of riot, conflagration or emergency, the director of public safety may appoint additional firemen and officers for temporary service who need not be in the classified service.

The chief of the fire department and his or her assistants are authorized to exercise the powers of police officers while going to, attending or returning from any fire or alarm of fire. The fire chief and each of his or her assistants shall have issued to him or her a warrant of appointment signed by the city manager, in which the

date of his or her appointment shall be stated, and such warrant shall be his or her commission.

Whenever any building in said city shall be on fire, it shall be lawful for the chief of the fire department to order and direct such building or any other building which he or she may deem hazardous and likely to communicate fire to other buildings, or any part of such buildings, to be pulled down or destroyed and no action shall be maintained against said chief or any person acting under his or her authority therefor.

(Res. No. 01-843, § 2, 8-9-01)

Editor's note—This section and sections 25 and 26 were purportedly repealed by chapter 27719, Special Acts of 1951. However, that act, together with chapters 27720 and 27721, which established the departments of police and fire, was held invalid in the case of City of Miami v. Headley, 61 So. 2d 321, and, consequently, this section and sections 25 and 26 remained in effect. Also, chapter 27722, Special Acts of 1951, which added a section creating the department of communications, is deemed to have been held invalid by implication by the same case and has been omitted.

Although this section has never been expressly repealed, the department of public safety and all divisions thereof were discontinued pursuant to the exercise of the authority contained in the provisions of charter section 19 (Laws of Fla., ch. 21391(1941)) by the adoption of ordinances establishing separate departments of fire, police and communications.

Sec. 25. Supervision in divisions of police and fire.

The chief of police and fire chief shall have the right and power to suspend any of the officers and employees in their respective division who may be under their management and control for incompetence, neglect of duty, immorality, drunkenness, failure to obey orders given by proper authority, or for any other just and reasonable cause. If any officer or employee be suspended as herein provided, the chief of the division concerned shall forthwith in writing certify the fact together with the cause of suspension, to the director of public safety, who shall render judgment thereon, which judgment, if the charge be sustained, may be a reprimand, fine, suspension, reduction in rank or dismissal.

The director of public safety in any investigation shall have the power to administer oaths and secure the attendance of witnesses and the production of books and papers.

The employee shall be allowed the same appeal procedure as set forth in section 36(f) of the Charter, provided, however, in the event the offices of city manager and director of public safety are held by the same person, the city manager-director of public safety, before passing upon the guilt or innocence of the person suspended, may authorize the civil service board to conduct a hearing upon the suspension charges preferred by the chiefs of fire or police and to report its findings and recommendations back to said city manager-director of public safety. The city manager-director of public safety then shall pass judgment upon the person suspended, after considering the findings and recommendations of the civil service board.

(Laws of Fla., ch. 24695(1947); Res. No. 01-843, § 2, 8-9-01)

Editor's note—See the editor's note following § 24. Also, although this section has never been expressly repealed, the department of public safety and all divisions thereof were discontinued pursuant to the exercise of the authority contained in the provisions of charter section 19 (Laws of Fla., ch. 21391(1941)) by the adoption of ordinances establishing separate departments of fire, police and communications.

Case law reference—In Rosenfelder v. Huttoe, 156 Fla. 682, 24 So. 2d 108, a mandamus proceeding by a civil service member of the police force, arising before the amendment, to cancel an order dismissing him from the division of police, it was held that while a court might not under all circumstances substitute its judgment for that of the director, it was competent to determine whether jurisdictional charges were brought against accused and whether or not the requirements of the charter preliminary to his suspension were complied with.

Sec. 26. Suspension and removal of chief of police and fire chief.

The city manager shall have the exclusive right to suspend the chief of police and fire chief for incompetence, neglect of duty, immorality, drunkenness, failure to obey orders given by proper authority, or for any other just and reasonable cause. If either of such chiefs be so suspended the city manager shall forthwith certify the fact, together with the cause of suspension, to the commission who within five (5) days from the

date of receipt of such notice, shall proceed to hear such charges and render judgment thereon, which judgment shall be final.

Editor's note—See note to § 24.

Case law reference—This section provides the sole and exclusive means for suspending and removing the chief of police. Bryan v. Landis, 106 Fla. 19, 142 So. 650, 653.

The chief of police may be suspended by the city manager only for one or more of the causes enumerated in this section, and when such suspension has been certified to the city commission and the cause thereof examined by them and found after a full hearing to be well grounded, then the commission enters its affirmative judgment which is final. When the affirmative judgment of the commission is entered, the suspension of the chief of police *eo instante* becomes a removal, but, if the judgment of the commission is in the negative, the suspension ceases, and he is *eo instante* reinstated. Bryan v. Landis, 106 Fla. 19, 142 So. 650, 653.

The city manager may not summarily remove from office the chief of police without notice or opportunity to be heard in his defense. Bryan v. Landis, 106 Fla. 19, 142 So. 650, 651.

Pursuant to charter section 19 the department of public safety and the divisions thereof, police and fire, were discontinued. Subsequent ordinances established a department of police and department of fire with each department having a director. Section 16 of this charter authorizes the city manager to remove all department directors in accordance with the provisions set forth in this charter.

Sec. 27. Finance, department of finance.

(a) *Department director.* Subject to the supervision and control of the city manager, the director of finance shall have charge of the department of finance and shall administer the financial affairs of the city, including the keeping and supervision of all accounts, the levy, assessment and collection of revenues, the making and collection of special assessments, the custody and disbursement of city funds and monies, the control over expenditures, and such other duties as the city manager may direct.

(b) *Form and manner of keeping accounts and making reports.* Accounts shall be kept by the department of finance showing the financial transactions of all departments and offices of the city. The forms of all such accounts and the financial reports rendered to or by the department of finance shall be prescribed by the director of finance with the approval of the city manager. The accounts and accounting procedure of the city shall be consistent with the pronouncements of the Governmental Accounting Standards Board and accounting principles as generally accepted in the United States.
(Res. No. 01-843, § 2, 8-9-01)

Secs. 27-A—28. [Reserved.]

Editor's note—Res. No. 01-843, § 2, adopted August 9, 2001, repealed §§ 27-A—28 in their entirety. Formerly, §§ 27-A—28 pertained to limitation as to levy of ad valorem taxes for public library and library systems; levy of taxes; tax assessor; board of equalization; assessor to have power of county assessor, general assessment roll; signing and endorsing general assessment roll, return and presumption of validity; copy of assessment roll annexed to warrant commanding collection; state law as to taxes applies; discounts if taxes paid before certain time; when taxes become delinquent, interest rates on delinquent taxes; tax certificates, interest rate thereon; and chief procurement officer, respectively.

Sec. 29-A. Contracts for, unified development projects, and real property; safeguards.

(a) *Unified development projects.* A unified development project shall mean a project where an interest in real property is owned or is to be acquired by the city, is to be used for the development of improvements, and as to which the city commission determines that for the development of said improvements it is most advantageous to the city to procure from a private person, as defined in the Code of the City of Miami, one or more of the following integrated packages:

(1) planning and design, construction, and leasing; or

(2) planning and design, leasing, and management; or

(3) planning and design, construction, and management; or

(4) planning and design, construction, leasing, and management.

So long as the person from whom the city procures one of the above-mentioned integrated packages provides all of the functions listed for that package, such person need not provide each listed function for the entire unified development project nor for the same part of the unified development project.

As many members of the public having expertise in the field of real estate development or in other relevant technical areas or who reside within the vicinity of a proposed unified development project site as deemed appropriate by the city manager shall be invited by the city manager to provide input during the preparation of documents for competitive processes of the unified development project.

If deemed appropriate by the city manager, the unified development project process shall include a request for qualifications process prior to the issuance of a request for proposals. Qualifications shall be evaluated by the city manager or designee(s) and only those deemed qualified in accordance with the specified evaluation criteria shall be invited to participate in the subsequent request for proposal process for said unified development project.

Requests for proposals for unified development projects shall generally define the nature of the uses the city is seeking for the unified development project and the estimated allocations of land for each use. They shall also state the following:

(1) the specific parcel of land contemplated to be used or the geographic area the city desires to develop pursuant to the unified development project;

(2) the specific evaluation criteria to be used by the below-mentioned certified public accounting firm;

(3) the specific evaluation criteria to be used by the below-mentioned review committee;

(4) the extent of the city's proposed commitment of funds, property, and services;

(5) the definitions of the terms "substantial increase" and "material alteration" that will apply to the project pursuant to subsection (e)(4) hereof; and

(6) a reservation of the right to reject all proposals and of the right of termination referred to in subsection (e)(4), below.

After public notice there shall be a public hearing at which the commission shall consider:

(1) the contents of the request for proposals for the subject unified development project;

(2) the selection of a certified public accounting firm, which shall include at least one member with previous experience in the type of development in question; and

(3) the recommendations of the city manager for the appointment of persons to serve on the review committee. Said review committee shall consist of an appropriate number of city officials or employees and an equal number plus one of members of the public, whose names shall be submitted by the city manager no fewer than five days prior to the above-mentioned public hearing.

At the conclusion of the public hearing the city commission shall authorize the issuance of a request for proposals, select a certified public accounting firm, and appoint the members of the review committee only from among the persons recommended by the city manager.

The procedure for the selection of an integrated package proposals shall be as follows:

(1) all proposals shall be analyzed by a certified public accounting firm appointed by the commission based only on the evaluation criteria applicable to said certified public accounting firm contained in the request for proposals. Said certified public accounting firm shall render a written report of its findings to the city manager.

(2) the review committee shall evaluate each proposal based only on the evaluation criteria applicable to said review committee contained in the request for proposals. Said review committee shall render a written report to the city manager of its evaluation of each proposal, including any minority opinions.

(3) taking into consideration the findings of the aforementioned certified public

accounting firm and the evaluations of the aforementioned review committee, the city manager shall recommend one or more of the proposals for acceptance by the city commission, or alternatively, the city manager may recommend that all proposals be rejected. If there are three or more proposals and the city manager recommends only one, or if the city manager recommends rejection of all proposals, the city manager shall state in writing the reasons for such recommendation.

In transmitting his or her recommendation or recommendations to the commission, the city manager shall include the written reports, including any minority opinions, rendered to by the aforementioned certified accounting firm and review committee.

(4) all contracts for unified development projects shall be awarded to the person whose proposal is most advantageous to the city, as determined by the city commission.

The commission may accept any recommendation of the city manager by an affirmative vote of a majority of its members. In the event the commission does not accept a proposal recommended by the city manager or does not reject all proposals, the commission shall seek recommendations directly from the aforementioned review committee, which shall make a recommendation or recommendations to the commission taking into account the report of the aforementioned certified public accounting firm and the evaluation criteria specified for the review committee in the request for proposals.

After receiving the direct recommendations of the review committee, the commission shall, by an affirmative vote of a majority of its members:

(1) accept any recommendation of the review committee; or

(2) accept any previous recommendation of the city manager; or

(3) reject all proposals.

All contracts for unified development projects shall be signed by the city manager or designee after approval thereof by the commission. The city manager or designee shall be responsible for developing a minority procurement program as may be prescribed by ordinance and permitted by law in conjunction with the award of contracts for unified development projects. The provisions of this charter section shall supersede any other charter or code provision to the contrary.

(b) *Sales and leases of real property; prohibition.* Except as otherwise provided in this section, there shall be no sale, conveyance, or disposition of any interest, including any leasehold, in real property owned by the city, the department of off-street parking, or the downtown development authority, unless there has been prior public notice and a prior opportunity given to the public to compete for said real property or interest. Any such sale, conveyance, or disposition shall be conditioned upon compliance with: the provisions of this section; such procurement methods as may be prescribed by ordinance; and any restrictions that may be imposed by the city, the department of off-street parking, or the downtown development authority, as appropriate. Further, no right, title, or interest shall vest in the transferee of such property unless the sale, conveyance, or disposition is made to the highest responsible bidder, as is determined by the city commission, or the off-street parking board, or the downtown development authority board of directors. The city commission or the off-street parking board or the downtown development authority board of directors, as appropriate, may by resolution waive the requirement of sale, conveyance, or disposition to the highest responsible bidder by means of the following procedure: the city manager, the director of the off-street parking authority, or the director of the downtown development authority, as appropriate, must make a written finding that a valid emergency exists, which finding must be ratified by an affirmative vote of two-thirds of the city commission after a properly advertised public hearing. When the requirement of sale, conveyance, or disposition to the highest responsible bidder is waived, other procurement methods as may be prescribed by ordinance shall be fol-

lowed. The city or the department of off-street parking or the downtown development authority shall have the power to reject all offers. All invitations for bids, requests for proposals, or other solicitations shall contain a reservation of the foregoing right to reject all offers. This section shall not apply to transfers to the United States or any department or agency thereof, to the State of Florida, or to any political subdivision or agency thereof.

(c) *Safeguards.*

(1) All persons contracting with the city under this section shall be required to certify their compliance with the antitrust laws of the United States and of the State of Florida and to hold harmless, defend, and indemnify the city for any noncompliance by said persons with the above laws.

(2) All persons contracting with the city under this section shall be obligated to pay whichever is the greater of the following: (i) all applicable ad valorem taxes that are lawfully assessed against the property involved or (ii) an amount to be paid to the city equal to what the ad valorem taxes would be if the property were privately owned and used for a profit-making purpose. Such taxes shall not be credited against any revenues accruing to the city under any contract that may be awarded under this section.

(3) Any proposal by a potential bidder or contractor that contemplates more than the estimated extent of the city's proposed commitment of funds, property, or services shall be ineligible for acceptance by the city commission.

(4) Any substantial increase in the city's commitment of funds, property, or services, or any material alteration of any contract awarded under subsection (c) of this section shall entitle the city commission to terminate the contract after a public hearing. Prior to such public hearing, the city commission shall seek and obtain a report from the city manager and from the review committee that evaluated the proposals for the project, concerning the advisability of exercising that right.

(Char. Amend. No. 3, 11-6-79; Ord. No. 9507, § 1, 10-28-82/11-2-82; Res. No. 86-656, § 2.a, 7-24-86/11-4-86; Res. No. 87-678, § 2(a), 7-9-87/11-3-87; Res. No. 01-841, § 2, 8-9-01; Res. No. 01-843, § 2, 8-9-01)

Editor's note—Res. No. 01-843, § 2, adopted August 9, 2001, amended § 29-A in its entirety to read as herein set out. Formerly, § 29-A pertained to contracts for personal property, public works or improvements, unified development projects, and real property; safeguards. The historical notation has been retained for reference purposes.

Ord. No. 9489, adopted by the commission on Sept. 17, 1982, set forth Charter Amendment No. 1 for approval/rejection at election on Nov. 2, 1982. On Oct. 28, 1982, Ord. No. 9507 amended the language of subsections (a) and (c) of § 53 as proposed by Ord. No. 9489. The election was to approve the language of Charter Amendment No. 1, as amended by Ord. No. 9507. Subsequently, in light of Charter Amendment No. 2 of Nov. 3, 1987, the city attorney directed the codifier to delete paragraph (ii) of subsection (d) as superseded by § 29-B.

Case law reference—For case decided prior to enactment by Charter Amendment No. 3 of 1979 of a competitive-bidding requirement for disposition of city property, see Mahoney v. Givens, 64 So. 2d 926. Said case held that competitive bidding is not required to lease city real estate.

Material variance between plans bid upon and plans submitted and adopted renders contract void, Glatstein v. City of Miami, 399 So. 2d 1005.

Sec. 29-B. City-owned property sale or lease—Generally.

Notwithstanding any provision to the contrary contained in this Charter or the City Code, and except as provided below, the city commission is prohibited from favorably considering any sale or lease of property owned by the city unless there is a return to the city of fair market value under such proposed sale or lease. The city commission is also prohibited from favorably considering any sale or lease of city-owned property unless (a) there shall have been, prior to the date of the city commission's consideration of such sale or lease, an advertisement soliciting proposals for said sale or lease published in a daily newspaper of general paid circulation in the city, allowing not less than ninety (90) days for the city's receipt of proposals from prospective purchasers or lessees, said advertisement to be no less than one-fourth (¼) page and the

headline in the advertisement to be in a type no smaller than 18-point and, (b) except as provided below, there shall have been at least three (3) written proposals received from prospective purchasers or lessees; however, if there are less than three (3) such proposals received and if the guaranteed return under the proposal whose acceptance is being considered is equal to fair market value the city commission determines that the contemplated sale or lease will be in the city's best interest then, subject to the approval of a majority of the votes cast by the electorate at a referendum, the sale or lease may be consummated. Any lease for the development of improvements of city-owned property which has been approved by voter referendum shall require additional voter referendum approval for a development on City-owned property where the developer has not obtained the necessary building permits within four (4) years of the effective date of the lease. Such section shall not be applicable when the delay in the performance of any obligation is as a result of force majeure, or litigation that questions the validity of the vote, or the City Commission action to place the question for referendum, then the performance of such obligation shall be extended by the length of the delay. In the case of city-owned property which is not waterfront, when the value of such property to be sold or leased (individual leaseholds within a single city-owned property shall not be considered as a single parcel of property for such valuation purposes) is five hundred thousand dollars ($500,000) or less, based on an appraisal performed by a state-certified appraiser, the city commission, by a 4/5ths affirmative vote, may sell or lease said city-owned property after compliance with the advertisement requirements set forth above but without the necessity of a referendum.

The above provisions and any other city requirements for competitive bidding shall not apply when:

(a) conveying property to implement housing programs or projects which are intended to benefit persons or households with low and/or moderate income, the criteria of which to be provided for by federal and/or state law or by the city commission;

(b) conveying property to implement projects authorized under the Florida Community Redevelopment Act of 1969, as amended;

(c) conveying property to implement projects of any governmental agency or instrumentality;

(d) disposing of property acquired as a result of foreclosure;

(e) disposing of property acquired in connection with delinquent taxes which properties were conveyed to the city by the Miami-Dade board of county commissioners under the provisions of Section 197.592 Florida Statutes, as amended; and

(f) disposing of non-waterfront property to the owner of an adjacent property when the subject property is 7,500 square feet or less or the subject non-waterfront property is non-buildable.

Notwithstanding anything herein to the contrary, the city commission, by a 4/5ths affirmative vote, may:

(a) grant a lessee of city-owned property a one-time extension during the last five years of its lease, without the necessity of a referendum, for the purpose of funding additional capital improvements. The extended term shall not exceed twenty-five percent of the original term or ten years, whichever is less. The granting of such an extension is subject to the lessee paying fair market rent as determined by the city at the time of such extension and not being in default of its lease with the city nor in arrearage of any monies due the city; and

(b) amend the Lease Agreement between the City of Miami and Biscayne Bay Restaurant Corp., d/b/a Rusty Pelican, dated February 13, 1970, as amended, to (i) extend the lease for an additional term of fifteen (15) years, with the option to renew for two (2) additional five (5) year periods, (ii) increase the amount of

the minimum guarantee to the City to at least $360,000 per lease year effective upon execution of the lease amendment, and (iii) require Rusty Pelican to complete capital improvements to the property, including a public baywalk, in the amount of not less than $3 Million, within twenty-four (24) months of the effective date of the lease amendment; and

(c) waive competitive bidding and execute a lease with Dade Heritage Trust, Inc. for the City-owned building located at 190 Southeast 12th Terrace, for a term of thirty (30) years, with two (2) thirty (30) year renewals, for minimum annual rent of $600.00 with Consumer Price Index adjustments, with restrictions, reversions, and retention by the City of all other rights; and

(d) waive competitive bidding and execute a Fifth Amendment to the Lease Agreement with Aligned Bayshore Marina, LLC, also known as Monty's, to extend the current lease term by an additional term of approximately thirty-two (32) years (to expire May 31, 2067), with two (2) ten (10) year options to renew for a total term of fifty-two (52) years (to expire May 31, 2087); which will increase minimum rent payment by an additional two hundred thousand dollars ($200,000.00) per lease year, for a minimum of ten million dollars ($10,000,000.00) over the base term of the amended Lease Agreement, or one and three quarters percent (1.75%) of gross rent receipts from the Property, whichever is greater, as additional rent due to the City and, commencing January 1, 2019, minimum annual total rent (inclusive of the additional minimum rent) shall be one million five hundred thousand dollars ($1,500,000.00), plus an additional twenty five thousand dollars ($25,000.00) to be paid on an annual basis for the full amended term to a special fund to be established by the City for the benefit of low income housing renovation; further providing capital improvements to the Property of a minimum of seven million five hundred thousand dollars ($7,500,000.00) to be spent within three (3) years of the electorate's approval of the Fifth Amendment to the Lease Agreement; further creating a capital account requiring a minimum additional investment in the Property of four million dollars ($4,000,000.00) over the amended Lease term, inclusive of the renewal options; requiring a Transfer Fee payment to the City if the Property is transferred or assigned; and further requiring a Refinancing Fee payment to the City should the Property be refinanced after the initial refinancing.

(e) waive competitive bidding and approve the Fifth Modification to the Lease with ESJ JI Leasehold, LLC, which modifies the remaining term of approximately forty three (43) years and extends the Term from the year 2060 to the year 2099 and includes a Fifteen (15) year option to extend the Lease to the year 2114; providing an additional annual rent payment of Two Hundred Fifty Thousand Dollars ($250,000.00) increasing, once the proposed hotel has stabilized, to the greater of One Million Two Hundred Twenty Thousand Dollars ($1,220,000.00) or Five Percent (5%) of annual hotel gross revenues from a new privately funded hotel development with a minimum cost of Fifty Million Dollars ($50,000,000.00) with a maximum of Three Hundred (300) rooms and a maximum height of One Hundred Thirty (130) feet, at ESJ's expense and option, and a design subject to City approval and successful land use and zoning changes, as necessary, with said rent being in addition to the currently received greater of annual rent of Five Hundred Two Thousand One Hundred Sixty Eight Dollars ($502,168.00) and percentage rent from Jungle Island revenue; with parking spaces sufficient to meet zoning ordinance requirements; ancillary improvements consisting of retail and/or restaurant space of up to ten thousand (10,000) square feet and meet-

ing room space of up to thirty thousand (30,000) square feet; with an aggregate payment of Seven Hundred Thousand Dollars ($700,000.00) towards the Ichimura-Miami Japanese Gardens for construction of a walkway to Jungle Island and necessary repairs and maintenance of the Ichimura-Miami Japanese Gardens; payments totaling Seven Hundred Fifty Thousand Dollars ($750,000.00) over a ten (10) year period to be used for affordable housing; establishing a reserve account for capital repairs of Two Hundred Thousand Dollars ($200,000.00) per year; implementing a transfer fee of Three Percent (3%) of gross sales proceeds if the Property is transferred or assigned; implementing a refinancing fee of One Percent (1%) of refinancing loan proceeds if the Property is refinanced after the initial refinancing.

(f) waive competitive bidding to negotiate and execute a Ground Lease and Master Development Agreement with Miami Freedom Park, LLC, for a total lease term of ninety-nine (99) years, for approximately seventy-three (73) acres of City-owned property located generally at 1400 Northwest 37th Avenue, Miami, Florida 33125, also known as Melreese County Club, with a minimum annual base rent payable to the City equal to the greater of (a) fair market value as determined by state certified appraisers or (b) five percent (5.0%) of rent from the retail, office, and hotel development within the Demised Property, but annual base rent of no less than three million five hundred seventy-seven thousand three hundred sixty-five dollars ($3,577,365.00), in addition to a contribution to the City of twenty million dollars ($20,000,000.00) payable over thirty (30) years in annual installments, and any rent increases and/or additional rents negotiated by the parties; authorizing the use of the Demised Property for a soccer stadium; with at least one (1) million square feet of art and entertainment center including food and beverage venues, offices, retail, and a hotel with at least 750 units and conference center with ancillary commercial uses, guaranteeing a living wage for all on-site employees, further requiring MFP to undertake the remediation and Site development for a public park of approximately fifty-eight (58) acres to be developed on property adjacent to the Demised Property as MFP's sole cost, with any restrictions, reversions, and retention by the City of all other rights including at least a one (1%) transfer fee payable to the City, with such Lease and Master Development Agreement requiring City Commission approval by a four-fifths (⅘ths) vote.

Note—See editor's note at the end of this section.

(g) waive competitive bidding and approve an amendment to the Lease with Riverside Wharf LLC, to grant Riverside Wharf LLC one or more renewal options to extend the existing term by an additional term not to exceed fifty (50) years, to increase rent by fifty percent (50%) or, if greater, fair market rent, to require a private investment of at least 30 Million Dollars ($30,000,000), and also requiring that the tenant construct the project consistent with zoning, and resiliency requirements and construct a new seawall and publicly accessible riverwalk at its sole expense and at no cost to the city.

(h) waive competitive bidding and approve an amended and restated Lease with HRM Owner LLC, to grant HRM Owner LLC a term not to exceed ninety-nine (99) years, to include the adjacent James L. Knight Center property, for fair market value rent, including the greater of participation rent of 2.5% of gross revenues and increased annual rent from $250,000.00 to $2,500,000.00, and also requiring that the tenant redevelop the property and include, at minimum, a 615-key hotel, 188,000 square feet convention/meeting space, 682 apartments, parking, a $25,000,000.00 affordable housing contribution to the City, additional public

green space and an expanded Riverwalk at its sole expense and at no cost to the City.

Notwithstanding anything in this Charter to the contrary, the City may enter into leases or management agreements, for any City-owned submerged lands, with entities having a possessory or ownership interest in the abutting riparian uplands for building marinas, docks or like facilities, using methods adopted by ordinance on the condition that such leases or management agreements result in a return to the City of at least fair market value.

(Res. No. 87-678, § 2(a), 7-9-87/11-3-87; Res. No. 01-841, § 2, 8-9-01; Res. No. 01-843, § 2, 8-9-01; Res. No. 03-855, § 2, 7-24-03; Res. No. 14-0184, § 1, 5-8-14; Res. No. 14-0225, § 1, 6-12-14; Res. No. 16-0348, § 3, 7-29-16; Res. No. 17-0351, § 3, 7-27-17; Res. No. 18-0232, § 3, 6-8-18; Res. No. 18-0309, § 3, 7-18-18; Res. No. 22-0180, § 3, 5-31-22; Res. No. 22-0262, § 3, 7-28-22)

Editor's note—Res. No. 18-0309, § 3, adopted July 18, 2018, enacted provisions intended for use as subsection (e). Inasmuch as there are already provisions so designated, and at the discretion of the editor, said provisions have been redesignated as subsection (f).

Res. No. 22-0262, § 3, adopted July 28, 2022, enacted provisions intended for use as subsection (g). Inasmuch as there are already provisions so designated, and at the discretion of the editor, said provisions have been redesignated as subsection (h).

Sec. 29-C. Same—Watson Island.

Notwithstanding any provision to the contrary contained in the Charter or Code of the City of Miami, no sale, conveyance, lease or management agreement may be entered into for the management, occupancy or use of the area known as Watson Island for periods greater than one year unless (1) there shall have been, prior to the date of the city commission's consideration of such sale, lease, management agreement, an advertisement soliciting proposals for said sale, lease or management agreement, published in a daily newspaper of general paid circulation in the city, allowing not less than ninety (90) days for the city's receipt of proposals from prospective purchasers or lessees, said advertisement to be no less than one-fourth page and the headline in the advertisement to be in a type no smaller than 18-point; and, (2) the proposed transaction be approved by a majority of the votes cast by the electorate at a referendum. The procedures for selection of proposals shall be those provided by Charter section 29-A(c) or (d) as appropriate and/or by applicable City Code provisions. Nothing herein shall affect the existing rights or privileges, if any, of any lessee, permittee, licensee or concessionaire currently situated in said area; however, any enlargement, amendment, transfer, or increase in those rights or privileges as may be in existence at the time this amendment is adopted shall require compliance with the provisions of this amendment. This Charter Amendment shall not affect the city's use or occupancy of the area, nor shall it apply to contracts for the construction of any city facilities or improvements in the area; further, nothing contained herein shall apply to projects of any governmental agency or instrumentality.

The city commission, by a $^{4}/_{5}^{ths}$ affirmative vote, may authorize issuance of a license or concession agreement for a period not exceeding one (1) year, without the necessity of a referendum, for the use of Watson Island.

Notwithstanding anything herein to the contrary, the City Commission, by a ⅘ths affirmative vote, may:

(a) waive competitive bidding and execute amendments ("Amendments") to certain documents ("Agreements") governing the property on Watson Island located at 888 Macarthur Causeway, Miami, Florida ("Property"), with the existing tenant, BH3 IG Developer LLC and its subsidiaries ("Tenant"), to extend the term of certain of the leases by 24 years, to sell the City's position in certain of the leases to Tenant, consisting of approximately 3.2 acres, for fair market value not less than $25,000,000, to provide additional community benefits including a $9,000,000 contribution to affordable housing, infrastructure improvements, an expanded public waterfront and pedestrian promenade along Biscayne Bay, to permit fee simple condominium form of ownership, and to provide for office

space as a permitted use, and retention by the City of all other existing City rights.

(b) waive competitive bidding and approve the sale and/or lease of approximately 5.4 acres of that certain property located at 1111 Parrot Jungle Trail based upon fair market value of $135,000,000 to Ecoresiliency Miami LLC for residential and commercial uses pursuant to applicable zoning, waiving competitive bidding and requiring cancellation of the existing theme park and hotel lease, reverting approximately thirteen (13) acres to the City to construct a new public waterfront park at no cost to the City, and contributing $15,000,000 for affordable housing, infrastructure, and other public benefits.

(Res. No. 87-677, § 2(a), 7-9-87/11-3-87; Res. No. 01-841, § 2, 8-9-01; Res. No. 01-843, § 2, 8-9-01; Res. No. 24-0281, § 3, 7-25-24; Res. No. 24-0282, § 3, 7-25-24)

Sec. 29-D. City-owned waterfront property; leases with nonprofit organizations; authorization to waive competitive bidding and referendum requirements; terms of lease.

Notwithstanding any provision to the contrary contained in the Charter or Code of the City of Miami, the city commission is authorized to waive all competitive bidding and referendum requirements, if applicable, when entering into a lease or extending an existing lease with a nonprofit, noncommercial, water-dependent organization which provides or seeks to provide marine-recreational services and/or activities to the community at any city-owned waterfront property, provided all of the following conditions are met:

(A) The terms of the lease allow reasonable public access to the water and reasonable public use of the property, and complies with all waterfront setback and view-corridor requirements set forth in the Charter and Code;

(B) The use is authorized under the then existing comprehensive plan of the city;

(C) The terms of the lease require that the property be used for public purposes only;

(D) The terms of the lease result in a return to the city based on fair market value pursuant to two (2) independent appraisals; and

(E) The terms of the lease comply with all requirements pertaining to membership prescribed by ordinance for organizations using city facilities.

(Res. No. 93-485, § 2, 7-22-93; Res. No. 01-841, § 2, 8-9-01; Res. No. 01-843, § 2, 8-9-01)

Secs. 30—35. [Reserved.]

Editor's note—Res. No. 01-843, § 2, adopted August 9, 2001, repealed §§ 30—35 in their entirety. Formerly, §§ 30—35 pertained to local improvements, temporary bonds, general bonds, bond anticipation notes, execution of bonds, and municipal court, respectively.

Sec. 36. Civil service.

(a) *Creation of board; appointment; terms of office; vacancies; rules and regulations.* A civil service board of the city is hereby created and established. There shall be five members constituting the said civil service board. Three shall be appointed by the city commission, and two shall be elected by the employees of the city with civil service status, from said employees with such civil service status. The two so elected shall become members of the board when confirmed by the city commission. All members of the said civil service board shall serve for two years, and they shall take office as soon as appointed and qualified. The city commission may remove any member of the board for cause, upon stating in writing the reasons for the removal, after allowing him or her to be heard by the city commission in his or her own defense. Any vacancy shall be filled by the city commission for the unexpired term. The city manager shall be authorized to prescribe the rules, regulations, and procedure for the holding of election for the purpose of electing the two members of the civil service board by the city employees with civil service status.

(b) *Chairperson; examiner; subordinates.* Immediately after appointment, the board shall organize by electing one of its members chairperson. The board shall appoint a chief examiner who shall be a member of the board and who shall also act as secretary. The board may appoint such other subordinates as may by appropriation be provided for.

(c) *Unclassified and classified service.* The civil service of the city is hereby divided into the unclassified and the classified service.

(1) The unclassified service shall include:

(A) The city manager, his or her assistants, and secretarial staff;

(B) The heads of departments, members of appointive boards, judges of the city court, the city clerk, chief of police, chief of fire division, and the superintendent of communications division;

(C) Assistants to department heads:

Assistant chiefs of the police division;

All ranks in the police division above the classified position of police captain;

Assistant chiefs of the fire division;

Chief of fire prevention;

Director of training in the fire division;

Battalion chiefs;

Chief of fire rescue;

Assistant to the superintendent of the division of communications;

Director of corrections.

(D) All attorneys employed by the city. The city attorney shall be the supervisor of all attorneys employed by the city. The city attorney shall have exclusive authority regarding, but not limited to appointment, removal and salary as to assistant city attorneys. The foregoing provisions of subsection (D) shall not apply to those attorneys in the classified service of the city on November 1, 1972.

Attorneys with permanent civil service rights appointed by the city attorney to any applicable unclassified position above, shall retain civil service rights in the position from which selected as may have accrued.

(E) All employees employed by the City and working within the Office of the Independent Inspector General.

Personnel with permanent civil service rights appointed by the city manager to unclassified positions shall retain said civil [service] rights in the position from which selected as may have accrued.

(2) The classified services shall include all positions not specifically included by this Charter in the unclassified service. There shall be in the classified service three classes, to be known as the competitive class, noncompetitive class, and labor class.

(A) The competitive class shall include all positions and employment for which it is practicable to determine the merit and fitness of applicants by competitive examinations.

(B) The noncompetitive class shall consist of all positions requiring peculiar and exceptional qualifications of a scientific, city managerial, professional, or educational character, as may be determined by the rules of the board.

(C) The labor class shall include ordinary unskilled labor.

(d) *Rules; examinations; eligible lists; certification of vacancies.* Subject to the approval of the city commission, the board shall adopt, amend, and enforce a code of rules and regulations which shall have the force and effect of law providing for appointment and employment in all positions in the classified service, based on merit, efficiency, character, and industry; shall make investigations concerning the enforcement and effect of

this article and of the rules adopted; and shall make an annual report to the city commission. The chief examiner shall provide examinations in accordance with regulations of the board and maintain lists of eligibles of each class of the services of those meeting the requirements of said regulations. Positions in the classified service shall be filled from such eligible lists upon requisition from and after consultation with the city manager. When positions are filled, the employment officer shall so certify, by proper and prescribed form, to the director of finance and to the director of the department in which the vacancy exists.

(e) *Promotion.* The board shall provide uniform rules for promotion to all positions in the classified service.

(f) *Power of suspension, removal, fine, or demotion.*

(1) Any officer or employee in the classified service may be removed, suspended, fined, laid off, or demoted by the city manager or by the head of the department in which such person is employed, for any cause which will promote the efficiency of the service; but such person must be furnished with a written statement of the reasons therefor within five days from the date of the removal, suspension, fine, layoff, or demotion, and be allowed a reasonable time for answering such reasons in writing, which answer shall be made a part of the records of the board, with the suspension to take effect as of the date that such written statement is furnished. No trial or examination of witnesses shall be required except in the discretion of the city manager or the head of the department. Any employee in the classified service who deems that he or she has been suspended, removed, fined, laid off, or demoted without just cause may, within 15 days of such action, request in writing a hearing before the civil service board to determine the reasonableness of the action. The board shall, within 30 days after appeal of the employee disciplined, proceed to hear such appeal. After hearing and considering the evidence for and against the employee, the board shall report in writing to the city manager its findings and recommendations. The city manager shall then sustain, reverse, or modify the action of the department director. Any member of the civil service board and the director of personnel may administer an oath to witnesses appearing before said board or before said director in an investigation, disciplinary or appeal proceedings, and they shall have the power to issue witness subpoenas and to compel the attendance of witnesses.

(2) The civil service board shall also have the right to remove or demote any official or employee in the classified service upon written charges of misconduct made by any citizen, but only after reasonable notice to the officer or employee and after a full hearing. It shall also be the duty of the board to fix a minimum standard of conduct and efficiency for each grade in the service. Whenever it appears from the reports of efficiency made to said board for a period of six months that the conduct or efficiency of any employee has fallen below such minimum standard, that employee shall be called before the board to show cause why he or she should not be disciplined. If upon hearing no reason is shown satisfactory to the board, the employee shall be removed, suspended, or demoted, as the board may determine.

(g) *Present employees.* All persons in the employ of the city holding positions in the classified service, as established by this Charter, at the time it takes effect, shall, unless their position is abolished, retain same until discharged, demoted, promoted, or transferred, in accordance herewith.

(h) *Certificate of board on payroll account necessary before payment of classified service member.* The treasurer or other public disbursing officer shall not pay any salary or compensation for service to any person holding a position in the classified service unless the payroll or account for such salary or compensation bears the certificate of the board, by its secretary, that

the persons named therein have been appointed or employed and are performing service in accordance with the provisions of this Charter and of the rules established thereunder.

(i) *Investigations and hearings.* In any investigation conducted by the board, it shall have the power to subpoena and require the attendance of witnesses and the production thereby of books and papers pertinent to the investigation and to administer oaths to such witnesses.

(j) *No discrimination in classified service.* No person in the classified service or seeking admission thereto shall be appointed, demoted, removed, or in any way favored or discriminated against because of political opinions or affiliations. No person holding a position in the classified service shall take part in political management or affairs or in political campaigns during city working hours or with personal property belonging to the city.

(k) *Penalties.* The civil service board, subject to the approval of the city commission, shall determine the penalties for the violation of the civil service provisions of this Charter.

(l) *Salaries of board and employees.* The salaries of the civil service board and its employees shall be determined by the city commission, and a sufficient sum shall be appropriated each year to carry out the civil service provisions of this Charter.
(Res. No. 01-843, § 2, 8-9-01; Res No. 17-0319, § 2, 7-13-17; Res. No. 24-0153, § 5, 4-25-24; Res. No. 24-0154, § 5, 4-25-24)

Sec. 37. Pension funds.

(a) The city commission shall establish a fund or funds for the relief or pension of persons in the classified service of the city. The city commission, on behalf of the city, may receive gifts, devises, and bequests of money or property for the benefit of such fund or funds; may make contributions of public money thereto on such terms and conditions as it may see fit; and shall make rules and regulations for the management, investment, and administration of such fund or funds.

(b) The city commission shall have power to make contracts of insurance with any insurance company authorized to transact business in this state, insuring its employees or any class or classes thereof under a policy or policies of group insurance covering life or health or accident insurance or any two or more of such classes of insurance and may contract with any company granting annuities or pensions and authorized to transact business within the state for the pensioning of such employees or any class or classes thereof; for any and all such purposes the city commission may appropriate the funds necessary to pay premiums or charges incident to the carrying on of such policies or contracts.
(Res. No. 01-843, § 2, 8-9-01)

Sec. 38. City planning and zoning board.

(a) *Comprehensive planning.* The city commission is empowered to plan for the future development of the city and, as an integral part of the planning process, to take all lawful actions necessary to implement plans made.

In furtherance of this authority, the city commission may undertake continuing comprehensive planning programs and may adopt comprehensive plans to guide the future development of the city in order to preserve and enhance the present advantages of the city, to overcome present handicaps, and to prevent or minimize future problems. Continuing comprehensive planning programs and comprehensive plans that may be adopted may include, but are not to be deemed as limited to:

(1) principles and policies to be followed in future development of the city;

(2) location, relocation, and character of the various uses of land and water;

(3) location, relocation, and character of public and private open spaces for recreation, amenity, and cultural life;

(4) modes and means of travel and transportation;

(5) location and character of public buildings, services, and facilities;

(6) provision of necessary utilities;

(7) conservation, rehabilitation, or replacement of housing;

(8) density of population;

(9) methods and policies for encouragement of cooperation of private persons and groups in the accomplishment of adopted comprehensive plans;

(10) taxing and financial arrangements and long-range capital improvement programs deemed necessary to implement the planning program; and

(11) land-use control and regulatory measures and other instruments deemed necessary to accomplish the aims and objectives of adopted comprehensive plans.

(b) *Authority to implement comprehensive plans.* The city commission is authorized to use all lawful powers conferred upon the city to implement comprehensive plans that may be adopted and to provide for the status of such adopted plans. Particularly, but not in limitation thereof, the city commission is authorized to adopt and enforce:

(1) controls on the use of lands and waters;

(2) zoning of lands and waters;

(3) regulations for the development or subdivision of land;

(4) building, plumbing, electrical, gas, fire, safety, sanitary, and other codes; and

(5) minimum housing codes.

(c) *Creation of implementing boards.* The city commission shall by ordinance create such appropriate board or boards as it may deem necessary to carry out the functions as set out in subsections (a) and (b) above.

The city commission may by ordinance provide for the establishment and method of composition of the board or boards; the number of members; the qualifications of members; the staggering of terms to insure board continuity; the method of filling vacancies; the method of removal; the compensation, if any; the participation of alternate members, if any, in board business; the general rules of organization, procedures, and conduct of business; the giving of notice and necessary public hearings on matters relating to the functions of the board or boards; and other matters deemed necessary by the city commission to the proper functioning of such board or boards.

The city commission may by ordinance make provision for the functions, responsibility, advisory or quasijudicial duties, and authority of the board or boards created by the city commission. The city commission may by ordinance set out the standards and limitations under which such board or boards shall operate; the relationship of the board or boards to each other, to the city commission, or to the courts as provided by law; and the method of review of any decisions of such board or boards.

(d) *Administrative support and appropriations.* The city commission shall provide such administrative arrangements, support, and appropriations as it may deem necessary to enable the board or boards established under this section properly to perform their functions and meet their responsibilities and to insure that proper and necessary liaison is maintained between them and with the city commission.

(e) *Task forces or committees.* The city commission may by resolution appoint task forces or committees to serve as advisory or recommendatory agents to the board or boards established under this section on particular problems relating to the areas of responsibility and authority of the particular board.
(Res. No. 01-843, § 2, 8-9-01)

Sec. 39. [Reserved.]

Editor's note—Res. No. 01-843, § 2, adopted August 9, 2001, repealed § 39 in its entirety. Formerly, § 39 pertained to franchises and public utilities—Ordinance requires four-fifths vote of commission; approval of ordinance by voters; limitation on duration of grant.

Sec. 40. Subdivisions.

(a) *Plat requirements.* Any owner of lots or grounds within the city who subdivides same for sale shall cause to be made an accurate plat of said subdivision describing with certainty all grounds laid out or granted for streets or other public uses. Lots intended for sale shall be numbered by progressive numbers or described

by the squares in which situated, and the precise length and width shall be given of each lot sold or intended for sale; such plat shall be subscribed by the owner, acknowledged before an officer authorized to take the acknowledgement of deeds, approved by the director of public works, and recorded in the office of the clerk of circuit court in and for Dade County, Florida. No such plat shall be approved unless it clearly gives an accurate description of the property showing section corners or quarter-section corners or at least tying the property to one or more sections or quarter-section corners or government monuments.

(b) *Supervisor of plats.* The director of public works shall be supervisor of plats of the city and shall provide regulations governing the platting of all lands so as to require all streets and alleys to be of proper width, to be coterminous with adjoining streets and alleys, and otherwise to conform to the regulations prescribed. Whenever said director shall deem it expedient to plat any portion of territory within the city limits, within which the necessary streets or alleys have not already been accepted by the city, so as to become public streets or alleys, or when any person plats land within the corporate limits or within two miles thereof, the director of public works shall, if such plats are in accordance with the prescribed regulation, endorse his or her written approval thereon. No plat subdividing lands within the corporate limits of the city or within two miles thereof shall be entitled to record in the office of the clerk of the circuit court in and for Dade County, Florida, without such written approval.

(c) *Streets or alleys not accepted unless laid down on plat.* No streets or alleys except those laid down on the plats referred to in this section and bearing the approval of the director of public works, as hereinbefore provided for, shall subsequently in any way be accepted as public streets or alleys by the city, nor shall any public funds be expended in the repair or improvement of streets and alleys subsequently laid out and not on such plat. This restriction shall not apply to a street or alley laid out by the city nor to streets, alleys, or public grounds laid out on a plat by or with the approval of the director of public works.

(d) *Acceptance and confirmation of street or alley dedication.* No streets or alleys hereafter dedicated to public use by the owner of ground in the city shall be deemed a public street or alley, or under the care and control of the city commission, unless the dedication be provided in the plat or by warranty deed or other instrument of grant; unless the grant be accepted and confirmed by resolution passed for that purpose; and unless the provisions of this Charter relating to subdivisions shall have been complied with.
(Res. No. 01-843, § 2, 8-9-01)

Secs. 41, 42. [Reserved.]

Editor's note—Res. No. 01-843, § 2, adopted August 9, 2001, repealed §§ 41 and 42 in their entirety. Formerly, §§ 41 and 42 pertained to conduct of a city business, compensation, duties, and oaths or officers and employees and power to appoint boards or commissions of citizens, respectively, and derived from Res. No. 97-447, § 2, adopted July 2, 1997.

Sec. 43. Continuity.

(a) All city ordinances, resolutions, and regulations in force at the time this Charter takes effect, and not inconsistent with the provisions hereof, are hereby continued in force until the same shall be duly amended or repealed.

(b) *Present officers and powers.* All persons holding office in or employed by the city at the time this charter goes into effect shall continue in such office or employment and in the performance of their duties until provisions shall have been otherwise made in accordance with the provisions of this charter for the performance or discontinuance of the duties of any such office or employment. When such provisions are made the term of any such officer shall expire, and the office shall be abolished. The powers which are conferred and the duties which are imposed upon any officer, board, commission, or department of the city under the laws of the state, shall, if such officer, board, commission, or department is abolished by this charter, be thereafter exercised and discharged by the officer, board, or department upon whom are imposed corresponding functions, duties, and powers under the provisions of this charter.

(c) *Present contracts and proceedings.* All rights, actions, proceedings, prosecutions, and contracts of the city or of any of its departments or officers, pending or unexecuted when this charter goes into effect, and not inconsistent therewith, shall be enforced, continued, or completed, in all respects, as though begun or executed hereunder.

(d) *Present titles and rights.* The title, rights, and ownership of property, uncollected taxes, dues, claims, judgments, decrees, and choses in action held or owned by the city at the time of the adoption of this Charter shall continue.

(e) *Acts under former charters.* All acts and proceedings of the commission or of any officer of the city done or taken pursuant to the provisions of the previous city charter are hereby ratified. (Res. No. 01-843, § 2, 8-9-01)

Sec. 44. [Reserved.]

Editor's note—Res. No. 01-843, § 2, adopted August 9, 2001, repealed § 44. Formerly, § 44 pertained to suits against the city.

Sec. 45. General provisions.

(a) *Codification of ordinances.* The city commission may at any time appoint a person or persons and authorize them to arrange and codify the ordinances of the city and to publish such codification in appropriate volume or volumes, which shall become the laws of the city upon adoption by ordinance; provided, that in the exercise of the power by the city commission to adopt said codification, it shall not be necessary to publish said codification, the publication of the ordinance adopting the same being sufficient to make said publication binding as the law of the city.

(b) *Record of ordinances; evidence.* It shall be the duty of the city clerk to record all ordinances adopted by the city commission within 10 days after their passage in a book kept for that purpose, properly indexed. A copy of any ordinance therefrom, certified by the city clerk under the seal of the city, shall be received in evidence in all courts of this state.

(c) *Ordaining clause.* The ordaining clause of every ordinance shall be as follows: "Be It Ordained by the City Commission of the City of Miami".

(d) *Enumeration of powers not exclusive.* The enumeration of particular powers in this Charter shall not be deemed or held to be exclusive, but additional to the powers enumerated herein, implied thereby, or appropriate to the exercise thereof; the city shall have and may exercise all other powers which are now, or may hereafter be, possessed or enjoyed by cities under the constitution and general laws of this state; and all the powers of the city, whether express or implied, shall be exercised and embraced in the manner prescribed in this Charter, or when not so prescribed, then in such manner as may be provided by ordinance or resolution of the city commission.

(e) *General laws to apply.* All general laws of the state, applicable to municipal corporations, heretofore or hereafter enacted and which are not in conflict with the provisions of this Charter or with ordinances or resolutions hereafter enacted by this city commission pursuant to authority conferred by this Charter shall be applicable to the city; provided, however, that nothing contained in this Charter shall be construed as limiting the power of the city commission to enact any ordinance or resolution not in conflict with the constitution of the state or with the express provisions of this Charter.

(f) *Effect of state law and present ordinances.* Nothing in this act shall be so construed as to alter, abolish, affect or amend any of the laws of this state now in force or which may hereafter be enacted relative to towns and cities of the state incorporated under the general law, nor any of the ordinances of the city now in force, except such as are in conflict with the provisions of this Charter; all such laws and ordinances are hereby declared to be in full force and effect.

(g) *Unconstitutionality of part of Charter.* If any section or part of this Charter is declared invalid or unconstitutional, such declaration shall not be held to invalidate or impair the validity, force, or effect of any other section or part of this Charter, unless it clearly appears that such

other section or part is wholly and necessarily dependent for its operation upon the section or part declared invalid or unconstitutional.

(h) *Effective Date.* This Charter shall take effect immediately upon being approved by a majority of the electors of the city voting at an election called for the purpose of approving this Charter.
(Res. No. 01-843, § 2, 8-9-01)

State law reference—Minimum procedural requirements for adoption of ordinances, F.S. § 166.041.

Sec. 46. Charter Review Commission.

(A) *Creation and Recurrence.* There is established by this Charter a recurring Charter Review Commission ("CRC"). For each federal decennial census, the City Commission shall, by resolution adopted within one (1) year after certification of that census, appoint members to the CRC in accordance with the provisions of this section. A CRC created under this subsection shall stand dissolved upon delivery of its final report to the City Commission. However, nothing herein shall prevent the City Commission from appointing a new CRC following any subsequent decennial census or at any other time the City Commission chooses.

(B) *Composition.* The CRC shall consist of one (1) qualified elector of the City appointed by each of the following internal stakeholders: the Mayor, each City Commissioner then in office, excluding any vacancies that may exist at the time of appointment, and the City Manager. If the number of City Commissioners changes, the size of the CRC shall adjust automatically. Members shall serve without compensation.

(C) *Staffing.* The CRC shall be supported by professional staff as provided by resolution. The City Manager shall provide any necessary administrative assistance, and the City Attorney shall provide legal counsel.

(D) *Powers and Duties.* The CRC is authorized to:

a. Conduct a comprehensive review of the City Charter;

b. Engage the public through publicly noticed hearings and additional outreach, including written surveys or digital platforms to obtain input from residents, community groups, and stakeholders;

c. Request and obtain from City departments any information, documents, or assistance necessary to complete its review; and

d. Submit to the City Commission a final written report containing proposed Charter amendments, explanatory commentary, and recommended implementing ordinances no later than twelve (12) months after its first meeting.

(E) *Dissolution.* The CRC shall dissolve upon delivery of its final report to the City Commission or after 365 days, whichever occurs first. Dissolution of a CRC created for one decennial census shall not affect the automatic creation of a new CRC after each subsequent federal decennial census.

(F) *Implementing Legislation.* The City Commission may adopt such additional ordinances or resolutions necessary to implement this Section.
(Res. No. 25-0322, § 3, 7-24-25)

Sec. 47. [Reserved.]

Editor's note—Res. No. 01-843, § 2, adopted August 9, 2001, repealed § 47 in its entirety. Formerly, § 47 pertained to credit to prisoners for work, costs in criminal prosecutions.

Sec. 48. [Reserved.]

Editor's note—Res. No. 24-0154, § 6, adopted April 25, 2024, repealed the former section 48 in its entirety, which pertained to the office of the independent auditor general and derived from Res. No. 99-608, § 2, adopted August 2, 1999; Res. No. 01-843, § 2, adopted August 9, 2001, and Res. No. 17-0320, § 2, adopted July 13, 2017.

Sec. 49. Office of the City Clerk.

(a) There is established the office of the city clerk. The director of the office of the city clerk shall be the city clerk. The city clerk shall be appointed as provided in Charter section 4(e). The city clerk shall be the custodian of the seal of the city.

(b) The office of the city clerk shall have the following duties:

(1) Prepare and distribute notice of all public meetings as required by law and the minutes of such meetings;

(2) Be custodian of inactive, archived and vital records of the city and maintain a records management system;

(3) Conduct, supervise and certify all city elections;

(4) Be custodian of all legislation, lobbyist registration, contracts and bids;

(5) Perform such other duties as required in this Charter or as directed by the city commission.

(Res. No. 01-843, § 2, 8-9-01)

Sec. 50. Certain former Charter provisions to become ordinances.

All provisions of the present charter, Laws of Florida, ch. 10847 (1925), as amended and as compiled and printed in the Code of Ordinances, 1996, which are not included in this Charter or amended by or inconsistent with this Charter shall become ordinances of the city and continued in effect as ordinances and not new enactments and shall be subject to amendment or repeal in the same manner as other ordinances of the city. The provisions of this Charter where they are the same as the provisions in the former charter are to be considered continuations of the former charter provisions and not new enactments.

(Res. No. 01-843, § 2, 8-9-01)

Sec. 51. Civilian investigative panel.

The city commission shall, by ordinance, create and establish a civilian investigative panel to act as independent citizens' oversight of the sworn police department, to be:

(A) Composed of: (i) twelve (12) civilian members who shall be nominated by the civilian investigative panel and approved by the city commission and (ii) a thirteenth (13th) member who shall be an appointee of the Chief of Police who is not a City of Miami Police Officer;

(B) Staffed with professional personnel, including but not limited to: (i) an executive director who shall serve as chief executive officer and (ii) an independent legal counsel who is an experienced and competent member of the Florida Bar with at least seven years membership in the Florida Bar and is generally knowledgeable in municipal law, both of whom shall be appointed by and subject to removal by the panel with the approval of the City Commission;

(C) Operated on an annual budget established by the City Commission, by ordinance, that will allow the panel to maintain its independence and perform its Charter mandated functions, with sufficient professional staff, while taking into account the City Manager's declaration of a fiscal emergency, a financial urgency, or financial emergency in the City;

(D) Authorized by vote of the CIP and in "consultation" with the state attorney of Miami-Dade County, to issue subpoenas for allegations which are criminal in nature, provided that the CIP may not confer immunity and must advise all city employees appearing before it that no adverse employment consequences will result from the valid exercise of their right to be free from self-incrimination, and, further, that no actions of the CIP may interfere with any pending or potential criminal investigation or prosecution; and

(E) Authorized to:

(1) Conduct independent investigations of allegations of police misconduct and police uses of force resulting in death or great bodily harm to a person;

(2) Conduct independent investigations of other matters pertaining to repeated issues of conduct by City of Miami Police Officers;

(3) Review police department policies and practices; and

(4) Make written requests and recommendations regarding the CIP's reviews and investigations to the city manager and the police chief, to which the Police shall issue a written response within forty-five (45) days.

(Res. No. 01-844, § 2, 8-9-01; Res. No. 16-0351, § 2, 7-29-16)

Sec. 52. Office of independent inspector general.

There is hereby created and established an Office of the Independent Inspector General. The Inspector General shall head the Office of the Inspector General. The minimum qualifications, term, powers, duties and responsibilities of the Inspector General as well as the organization of the Office of the Inspector General shall be set forth by Ordinance. Such Ordinance shall, at a minimum, provide that: (1) the Office of the Independent Inspector General be sufficiently independent to assure that no interference or influence external to the Office adversely affects the independence and objectivity of the Inspector General; (2) the Office of the Independent Inspector General be empowered to perform investigations, audits, reviews and oversight of City contracts, programs, projects, abuse, waste and mismanagement as well as City-funded contracts, programs and projects; (3) the Office of the Inspector General be empowered to provide inspector general services to other City agencies and authorities upon the approval of a request to provide such services by a majority of the of City Commission; and (4) The Inspector General will have the power to issue subpoenas.

(Res. No. 24-0153, § 5, 4-25-24)

Subpart B

SPECIAL ACTS*

Article I. Schedule of Special Acts Relating to City

Article II. City Employees' Pensions

Sec. 1. Authority to create fund; receipt of gifts, etc.; contribution of public funds; rules and regulations for management of fund; taxation for benefit of fund.
Sec. 2. Authority to contract with insurance companies.
Sec. 3. Existing provisions to continue in effect.
Sec. 4. Effective date.

*__Editor's note—__Included in subpart B of part I of this volume are special acts of the legislature, not included in the charter, which the city has deemed advisable for inclusion herein.

ARTICLE I. SCHEDULE OF SPECIAL ACTS RELATING TO CITY*

Year	*Chapter*	*Purpose*
1925	10847	Amends and reenacts the Charter adopted by the electorate of the city on May 17, 1921.
1925	11616	Grants certain submerged lands in Biscayne Bay to the city.
1925	11618	Validates acts and proceedings of city in extending its territorial limits to include the territory within the Town of Buena Vista and validates one hundred thousand dollars ($100,000.00) outstanding bonds of said town.
1927	13095	Validates certain certificates of indebtedness of the city; authorizes refunding of the indebtedness by issuing other certificates of indebtedness; and authorizes exchange of the refunding certificates for the certificates validated by this act.
1927	13096	Authorizes amendment of existing contracts and proceedings for storm sewer construction.
1927	13097	Authorizes borrowing of money in anticipation of collection of delinquent taxes and issuance of "tax secured notes" to evidence loan.
1927	13099	Validates certain local improvement proceedings.
1929	14230	Authorizes extension of certain taxes upon city assessment roll and issuance of notes in anticipation of collection of such taxes.
1929	14231	Validates all permits to Seaboard All-Florida Railway to construct and operate a commercial railway line, in, upon, across and along certain streets in the city.
1929	14232	Validates certain local improvements.
1929	14233	Authorizes settlement and adjustment of tax sale certificates or deeds held by the city for 1927 or earlier.
1929	14235	Ratifies investment of capital funds of the city in bonds of the city and authorizes the sale of said investment.
1931	15338	Creates pension and retirement fund for members of the police and fire divisions of the city.
1931	15340	Provides for establishment of public recreation system of city and creation of park and recreation board.
1931	15342	Authorizes settlement and adjustment of tax liens of 1928 or earlier.
1931	15343	Ratifies, confirms and validates certain refunding bonds and authorizes levy of taxes for payment when due.
1931	15686	Authorizes refunding bonds of the city.
1931	15687	Fixes territorial limits of the city.

*__Editor's note—__Article I of subpart B lists special acts which relate to the City of Miami, beginning with the enactment of the entire city charter by the legislature in 1925, which are not included in the charter as amendments or additions thereto.

Year	*Chapter*	*Purpose*
1931	15821	Extends and enlarges corporate limits of the city and gives jurisdiction over new territory.
1933	16554	Authorizes adjustment of delinquent taxes and improvement liens outstanding and unpaid against any property when it appears that such delinquent taxes and liens, together with outstanding and unpaid state and county taxes, are out of proportion to the values of such property.
1933	16556	Authorizes improvements to waterworks and issuance of bonds of city for cost thereof.
1933	16557	Exempts electors of city from payment of poll taxes for city elections in 1933.
1933	16559	Authorizes city to receive municipal bonds of the city in payment of taxes assessed prior to 1932.
1933	16560	Authorizes municipal improvement liens heretofore assessed by the city to be paid by the surrender and cancellation of any of the bonds of the city previously issued, to be accepted by the city at par value, plus accrued interest.
1935	17594	Grants certain lands submerged and partly submerged in Biscayne Bay to city.
1937	18685	Extends corporate limits of city.
1937	18687	Authorizes new refunding certificates of indebtedness in exchange for like amounts of other certificates heretofore or hereafter issued for refunding interest on bonded indebtedness of the city or issued under or validated by the provisions of this act.
1937	18689	Authorizes establishment of general pension and retirement fund for city employees.
1937	18690	Authorizes exchange of refunding bonds held as an investment of capital funds of the city for new refunding bonds of the city and sale of such new refunding bonds.
1939	19980	Authorizes municipal projects and issuance of self-liquidating bonds for the cost thereof.
1939	19982	Authorizes municipal projects and issuance of self-liquidating bonds for the cost thereof.
1941	21384	Provides for deputy city clerks and fixes their powers.
1941	21386	Relates to procedure in the municipal court.
1941	21392	Exempts property used for water service and airports from all taxes, as being city property.
1941	21393	Extends the corporate limits of the city.
1941	21396	Reduces the corporate limits of the city.

Year	*Chapter*	*Purpose*
1943	22389	Authorizes the construction of a sewage disposal system and other sewer improvements and exempts all bonds and sewers and waterworks system from taxation. (Amended by Laws of Fla., ch. 22397(1943).)
1943	22391	Provides for the publication by the city of notice of sale of real estate for nonpayment of past-due municipal taxes when such sale is otherwise authorized by law.
1943	22394	Authorizes the city to appropriate and maintain postwar public works reserve funds and to formulate and develop schedules for long-range postwar programs of public works projects and to make plans and surveys therefor.
1943	22397	Authorizes the construction of a sewage disposal system and other sewer improvements, and exempts all bonds and sewers and waterworks systems from taxation.
1945	23404	Authorizes lease or sale of Jackson Memorial Hospital.
1945	23405	Extends the corporate limits of the city.
1945	23406	Authorizes construction of sidewalk improvements under section 56 of the city charter and financing of such improvements by issuance of warrants payable from special assessments on abutting property.
1945	23407	Authorizes construction and financing of a sewage disposal system and other sewer improvements.
1945	23409	Extends the corporate limits of the city.
1947	24696	Relates to creation of general pension and retirement fund.
1947	24697	Authorizes ownership and operation of yacht basins and issuance of revenue certificates of indebtedness in payment therefor.
1947	24699	Authorizes acquisition and maintenance of municipal golf courses.
1947	24700	Authorizes acquisition and operation of parking facilities.
1947	24706	Limits number of licenses which may be issued in city for sale of beverages containing alcohol more than fourteen (14) percent by weight.
1947	24707	Authorizes financing of sewer improvements constructed in conformity with Laws of Fla., ch. 23407(1945).
1947	24708	Grants city power of eminent domain over railroad properties.
1949	26017	Provides for disposition of unexpended funds.
1949	26019	Authorizes the city commissioners to fix the compensation to be paid to members of the planning board of the City of Miami.
1949	26021	Extends the corporate limits of the city.

Year	*Chapter*	*Purpose*
1949	26022	Fixes compensation to be paid to the city commissioners and an additional sum to the mayor-commissioner.
1951	27711	Authorizes the City of Miami to maintain hurricane or disaster fund.
1951	27712	Authorizes the director of finance to invest funds of the City of Miami in United States Government and United States Treasury bonds.
1951	27717	Prohibits building or moving into Bayfront Park any additional buildings or structures.
1951	27723	Authorizes the City of Miami to do all things necessary to attract new industries.
1951	27725	Confers additional powers on the City of Miami authorizing the empowering the said city to acquire, construct, improve, extend, enlarge, and reconstruct parking facilities.
1951	27727	Provides for the disposition by the City of Miami of unspent balances remaining in certain bond funds.
1951	27728	Authorizes and empowers the City of Miami to erect, own and operate garbage disposal or incinerator unit.
1953	28997	Provides that no municipal limits of any municipality in Dade County shall be extended, except pursuant to special or local law enacted hereafter.
1955	30683	Provides for the maximum number of one hundred twenty (120) duty hours in any two (2) calendar weeks for municipal firemen of Dade County in cities having a population of ten thousand (10,000) or more according to the 1950 Federal Census.
1955	30684	Provides that any condition or impairment of health of municipal firemen in Dade County, caused by tuberculosis, hypertension or heart disease resulting in total or partial disability or death, shall be presumed to have been accidentally suffered in the line of duty.
1955	30688	Prohibits the pumping of sand, rock or earth from and the construction of islands on Biscayne Bay without expressed authorization from certain authorities.
1955	30989	Provides that police officers shall not be required to remain on duty more than forty (40) hours in one (1) calendar week.
1955	30990	Authorizes the City of Miami to convey or sell the Graves Tract to Inter-American Center Authorities.
1955	30993	Authorizes the City of Miami to replace mutilated, destroyed or lost bonds, notices, certificates of indebtedness or obligations of the City of Miami.
1957	57-1583	Extends and enlarges the corporate limits of the City of Miami.

Year	*Chapter*	*Purpose*
1957	57-1584	Confers additional powers upon the City of Miami with relation to harbor and boat facilities.
1957	57-1585	Authorizes the City of Miami to provide for the acquisition of, and enforcement of liens against, also custody, storage, sale or other disposition of lost, captured, abandoned, stolen or wrecked property.
1957	57-1586	Rectifies and confirms proceedings of the commission of the City of Miami in connection with the construction of local improvements or the making of special assessments therefor.

ARTICLE II. CITY EMPLOYEES' PENSIONS*

LAWS OF FLORIDA, CHAPTER 18689

An act to authorize the commission of the City of Miami, Florida, to establish a fund or funds for the relief or pension of persons in the classified and unclassified service of said city; providing for the receiving of gifts, devises and bequests of money or property for the benefit of such fund or funds; providing for the power to raise by taxation amounts not to exceed two mills on the dollar for such purpose; and to provide that, until the commission shall establish a fund or funds for the relief or pension of persons in the classified or unclassified service as provided in this act, existing laws and existing funds for the relief or pension of persons employed by the City of Miami shall continue in full force and effect.

Be It Enacted by the Legislature of the State of Florida:

Sec. 1. Authority to create fund; receipt of gifts, etc.; contribution of public funds; rules and regulations for management of fund; taxation for benefit of fund.

The commission of the City of Miami, a municipal corporation organized and existing under the laws of the State of Florida, shall establish a fund or funds for the relief or pension of persons in the classified and unclassified service of said city; may receive gifts, devises and bequests of money or property for the benefit of such fund or funds; may make contributions or [of] public moneys thereto on such terms and conditions as it may see fit; and shall make rules and regulations for the management, investment and administration of such fund or funds; and shall have the right to raise by taxation such amount as may be necessary for such purpose, not to exceed four (4) mills on the dollar of the assessed value of all property in said city, both real and personal.
(Laws of Fla., ch. 24696(1947))

Sec. 2. Authority to contract with insurance companies.

The commission of said city shall have power to make contracts of insurance with any insurance company, authorized to transact business in this state, insuring its employees or any class or classes thereof under a policy or policies of group insurance of any two (2) or more of such classes of insurance and may contract with any company granting annuities or pensions and authorized to transact business within the State of Florida, for the pensioning of such employees or any class or classes thereof; and for any and all such purposes may appropriate out of its treasury any money necessary to pay premiums or charges incident to the carrying of such policies or contracts.

*__Editor's note—__Included in subpart C of part I of this volume are general laws of local application which have assumed ordinance status pursuant to the provisions of Laws of Fla., ch. 71-29, and which have been deemed advisable for inclusion herein by the city. For a listing of general laws of local application which have been converted to ordinances of the city, the user is referred to Laws of Fla., ch. 71-29, and to *An Alphabetical Compilation of Population Acts Current Through Special Session, October 9, 1970,* prepared by the Legislative Index Service of the Legislative Service Bureau of the State of Florida. Obvious misspellings have been corrected without notation. For stylistic purposes, a uniform system of headings, catchlines and citations to state statutes has been used. Additions made for clarity are indicated by brackets.

ARTICLE I. DOWNTOWN DEVELOPMENT*

LAWS OF FLORIDA, CHAPTER 65-1090

Sec. 1. Authorization to create downtown development authority.

The governing body having legislative powers, by whatever name known, of every municipality in the state having a population in excess of two hundred fifty thousand (250,000), according to the most recent official census of population, is granted the power to create and establish a downtown development authority, pursuant to the provisions of this act, which authority shall have all the powers herein provided, and which, when established, shall be a body corporate with the power to sue and may be sued in all the courts of this state; and with power to adopt and use a corporate seal.

Sec. 2. Definitions.

As used herein the following terms shall have the meanings herein ascribed to them unless the context shall clearly require otherwise:

Authority: The downtown development authority of the city of its creation, being a municipality of the State of Florida having a population in excess of two hundred fifty thousand (250,000).

Board: The governing body of the authority selected as herein provided.

Director: The chief executive officer of the authority selected by the board as herein provided.

Downtown: A specifically defined area or zone of the city in the central business district, established by the governing body of the municipality.

Planning board: The department or agency of a city creating an authority, by whatever name such department or agency may be known, which is chiefly responsible for community planning, and if no such agency or department exists as such, then "planning board" shall mean the governing body of the municipality.

Central business district: The area in a municipality establishing an authority zoned and used principally for business.

Governing body: The elected body of a municipality, having legislative powers.

Public facility: Any street, park, parking lots, playground, right-of-way, structure, waterway, bridge, lake, pond, canal, utility lines or pipes, building, including access routes to any of the foregoing, designed and dedicated to use by the public generally, or used by any public agency with or without charge, whether or not the same is revenue-producing.

Sec. 3. Determination of necessity; resolution of intent to create authority; publication of resolution; public hearing; adoption of ordinance creating authority and defining downtown district.

Whenever the governing body of a municipality having a population in excess of two hundred fifty thousand (250,000) according to the latest official census shall determine that it is necessary for the public health, safety and welfare that property value deterioration in the principal area or areas of the city zoned for business, and the causes of such deterioration subject to remedy hereunder shall be halted by the use of means authorized in this act, it shall, by resolution, declare its intention to create a downtown development authority for the city, and make provision for its operation.

In the resolution of intent, the governing body shall set a date for the holding of a public hearing on the adoption of an ordinance creating the authority and describing the downtown area. Upon the adoption of the resolution, the governing body shall cause a notice of the public hearing to be published in a newspaper of general circulation published in the city, which notice shall be published one (1) time not less than thirty (30) nor more than sixty (60) days from the date of the hearing. The notice shall set forth the

*__Editor's note—__Included herein as article I of subpart C is Laws of Fla., ch. 65-1090. For purposes of facilitating indexing and reference, catchlines have been added by the editors.

date, time and place of the hearing and shall describe the boundaries of the downtown district. Any citizen, taxpayer or property owner shall have the right to be heard in opposition to the establishment of the authority and the creation of the downtown district. After the public hearing, if the governing body shall intend to proceed with the establishment of a downtown development authority, it shall, in the manner authorized by its Charter, adopt an ordinance establishing the authority and defining the downtown district. The governing body shall not incorporate land into the district not included in the description contained in the resolution and the notice of public hearing, but it may eliminate any lands from the district, as published, in the final determination of the boundaries. From and after the effective date of the ordinance creating the authority, it shall have existence as provided in section 1 hereof. The governing body may from time to time, by the procedure herein provided, alter or amend the boundaries of the downtown district by the inclusion of additional territory or the exclusion of lands from the limits of the district.

Sec. 4. Board—Supervision and control of board; membership; appointment, term of office and filling of vacancies of members.

The affairs of the authority, when created, shall be under the direct supervision and control of a board of five (5) members, four (4) of whom shall be appointed by the governing body to serve for staggered terms. Appointment of the original members to the board shall be recommended by the mayor and subject to approval by the governing body.

The mayor shall be chairperson of the board and the fifth member. One (1) member shall be appointed for a term expiring June 30 of the year following the creation of the authority. One (1) member shall be appointed for a term expiring June 30 of the second year following the creation of this authority; one (1) member shall be appointed for a term expiring June 30 of the third year following the creation of the authority; and one (1) member shall be appointed for a term expiring June 30 of the fourth year following the creation of the authority.

Thereafter, members shall be appointed as herein provided, for terms of four (4) years from the expiration date of the terms of their predecessors. A member shall hold office until his successor has been appointed and qualified. Appointments to fill vacancies shall be for the unexpired term only.

Sec. 5. Same—Qualifications, oath and bond of members; nomination of new members; meetings; adoption of rules and regulations.

Each appointed member of the board shall reside in or have his/her principal place of business in the city. He/she shall be an individual of outstanding reputation for integrity, responsibility, and business ability and acumen. No officer or employee of the city other than the mayor shall be eligible to serve as a member of the board while holding other offices in the city or while employed by the city. Not less than thirty (30) days prior to the expiration of a term, or within thirty (30) days of the existence of a vacancy, the remaining members of the board shall nominate a successor and submit the name to the governing board for its confirmation of appointment.

In the event an appointment is not confirmed by the governing body by the final adjournment of the first regular meeting thereof occurring more than ten (10) days after the submission of the nomination to it, the board shall make a new nomination and submit same to the governing body for confirmation by it within the time limited therein. The making of nominations, as herein provided shall be a continuing obligation of the board until membership on the board is completed by confirmation by the governing body. Before assuming the duties of the office each appointed member shall qualify by taking and subscribing to the oath of office required of officials of the city, and by posting a bond in the penal sum of ten thousand dollars ($10,000.00) payable to the city for use and benefit of the authority, to be approved by the governing body

and filed with the city clerk. The premium on such bond shall be deemed an operating expense of the authority, payable from funds available to it for expenses of operation.

The board shall adopt and promulgate rules governing its procedures subject to approval by the governing body and shall hold regular meetings no less often than one (1) each month. Special meetings may be held when called in the manner provided in the rules of the board. All meetings of the board shall be open to the public. Each member of the board shall serve without compensation.

Pursuant to notice and an opportunity to be heard, an appointed member of the board may be removed for cause by the governing body. Any such removal shall be subject to review by the circuit court of the circuit having jurisdiction.
(Ord. No. 13676, § 2, 4-27-17)

Sec. 6. Description of downtown area under domain of authority; more than one authority permitted; overlapping of authorities prohibited.

In the ordinance creating the authority, the governing body shall in general terms describe the central business district, and shall by metes and bounds, or other method clearly defining the boundaries, establish the downtown area within which the authority shall exercise its powers, and in which a special tax to finance the powers herein authorized shall be assessed, levied and collected by the governing body for the use and benefit of the authority. The governing body shall not be limited to the creation of a single authority to exercise the powers herein conferred; except, that no authority may be created with boundaries that overlap an existing authority.

Sec. 7. Powers of board generally.

The board, subject to the provisions hereof and subject to other applicable provisions of law, shall have all powers customarily vested in the board of directors of a corporation for profit. It shall exercise supervisory control over the activities of the director and the staff of the authority in carrying out the functions authorized hereby.

Sec. 8. Specific powers and duties of board.

It shall be the duty of the board, and it shall have the power to:

(a) Appoint a director and other staff members who shall be employed upon recommendation of the director; prescribe their duties, and fix their compensation which shall be paid from funds available to the authority.

(b) Prepare an analysis of economic changes taking place in the central business district of the city;

(c) Study and analyze the impact of metropolitan growth upon the central business district;

(d) Plan and propose, within the downtown area, public improvements of all kinds, including renovation, repair, remodeling, reconstruction or other changes in existing buildings which may be necessary or appropriate to the execution of any such plan which in the opinion of the board will aid in the economic growth of the downtown area;

(e) To implement as herein provided any plan of development in the downtown area as shall be necessary to carry out its functions, except that when funds are required other than those provided under section 11 of this act, the approval of the governing body is required.

(f) In cooperation with the planning board of the city and the planning department of the city develop long-range plans designed to halt the deterioration of property values in the central business district, and take such steps as may be necessary to persuade property owners to implement such plans to the fullest extent possible;

(g) Retain and fix the compensation of legal counsel to advise the board in the proper performance of its duties. The general counsel of the authority appointed as authorized herein shall be a practicing attorney with not less than ten (10) years' experience in the practice of law in

Florida. He/she shall represent the authority in all suits or actions brought by or against the authority involving the jurisdiction, power, duties, functions or activities of the authority, or of the city, under the terms of this act.

(h) To make and enter into all contracts necessary or incidental to the exercise of its powers and the performance of its duties.

(i) Borrow money on a short-term basis to pay expenses of operation pending the assessment, levy and collection of the tax herein authorized, and to issue evidences of indebtedness for such loans to be signed by the chairperson and the secretary of the authority. The rate of interest to be paid by the authority on any such debt, shall be the lowest rate of interest available not to exceed six (6) percent per annum. The authority shall hold the city harmless with respect to any debt created hereunder.

(Ord. No. 13676, § 2, 4-27-17)

Sec. 9. Employees.

The board shall employ and fix the compensation, subject to the approval of the governing body, of the following who shall serve at the pleasure of the board:

(a) A director, who shall be a person of good moral character and possessed of a reputation for integrity, responsibility and business ability. No member of the board shall be eligible to hold the position of director. Before entering upon the duties of his/her office, the director shall take and subscribe to the oath and furnish bond as required of members of the board. He/she shall be the chief executive officer of the authority and shall devote his/her entire time and attention to the duties of his/her office. He/she shall not while serving as director engage in any other business or profession. Subject to the approval of the board, and direction by it when necessary, he/she shall have general supervision over and be responsible for the preparation of plans and the performance of the functions of the authority in the manner authorized herein. He/she shall attend all meetings of the board and shall render to the board and to the governing body a monthly report covering the activities and financial condition of the authority. In the absence or disability of the director, the board may designate a qualified person to perform the duties of the office as acting director. The director shall furnish the board with such information or reports governing the operation of the authority as the board may from time to time require.

(b) A treasurer, who shall keep the financial records of the authority and who, together with the director, shall approve all vouchers for the expenditure of funds of the authority. He/she shall perform such other duties as may be delegated to him/her by the board.

(c) A secretary, who shall maintain custody of the official seal and of all records, books, documents or other papers not required to be maintained by the treasurer. He/she shall attend all meetings of the board and keep a record of all its proceedings. He/she shall perform such other duties as may be delegated to him/her by the board.

(d) Upon recommendation of the director, such clerical, technical, and professional assistance including but not limited to engineering, planning, economic research and other fields as shall in the opinion of the board be necessary to provide for the efficient performance of the functions of the board.

(Ord. No. 13676, § 2, 4-27-17)

Sec. 10. Annual budget; financing operations of authority.

In time for submission to the governing body as required of all departments of the city, the director shall prepare and submit for the approval of the board a budget for the operation of the authority for the ensuing fiscal year. The budget

shall be prepared in the manner and contain the information required of all departments. However when approved by the board it shall not require approval of any officer or body of the city other than the governing body. No funds of the city may be included in the budget of the authority except those funds herein authorized. The operations of the authority shall be principally financed from the following sources and such other sources as may be approved by the governing body:

(a) Donations to the authority for the performance of its functions.

(b) Proceeds of an ad valorem tax, not exceeding one-half mill per dollar valuation of property in the downtown area designated by the governing body.

(c) Monies borrowed and to be repaid from other funds received under the authority of this act.

Sec. 11. Levy of additional ad valorem taxes in downtown district; limitations on use of additional levy; limitations on use of public funds.

The governing body is authorized to levy an additional ad valorem tax on all real and personal property in the downtown district not exceeding one-half mill on the dollar valuation of such property for the purpose of financing the operation of the authority. This levy of one-half mill per dollar ad valorem tax shall be in addition to the regular ad valorem taxes and special assessments for improvements imposed by the governing body of the city. The tax collector shall transmit funds so collected to the appropriate officer of the city responsible for the handling of the public money, who shall deposit same in the city treasury to the credit of the authority. Such money shall be used for no purpose other than those purposes authorized herein and upon approval of the board, pursuant to vouchers signed by the director and the treasurer of the authority. The funds of the authority shall be secured as other public funds are secured. Other monies received by the authority shall forthwith be deposited in the city treasury to the credit of the authority, subject to disbursement as herein authorized. The city shall not obligate itself nor shall it ever be obligated to pay any sums from general public funds or from any public funds, other than monies received pursuant to section 10, hereof, for or on account of any of the activities of the authority.

Sec. 12. Assessment against funds of authority for handling and auditing of authority's funds by city.

The governing body shall have the power to assess against the funds of the authority for the use and benefit of the general fund of the city, a reasonable pro rata share of such funds for the cost of handling and auditing, which assessment when made shall be paid annually by the board pursuant to an appropriate item in its budget.

Sec. 13. Conflicts of interest by members and employees of board.

No board member nor any employee of the board shall vote or otherwise participate in any matter in which he/she has a financial interest, either direct or indirect. When such interest shall appear, it shall be the duty of the board member, or employee, to make such interest known and he/she shall thenceforth refrain from voting on or otherwise participating in the particular transaction involving such interest. Wilful violation of the provisions hereof shall constitute malfeasance on the part of a member of the board, and shall be grounds for instant dismissal of any employee. The governing body may, in the ordinance, provide for automatic forfeiture of office by a board member for violation hereof. Any transaction involving a conflict of interest, wherein a violation of this section is involved, may be rendered void at the option of the board.
(Ord. No. 13676, § 2, 4-27-17)

Sec. 14. Declaration of policy of state.

In addition to any other methods or procedures authorized, it is the policy of the State of Florida to make it possible for municipal corporations to preserve property values by preventing deterioration found in the central business district of large communities, those having a population in excess of two hundred fifty thousand (250,000)

and by a system of self-help to correct the blight of such deterioration; to provide the vehicle whereby property owners who will benefit directly from the results of such program will bear the cost thereof, and whereby local problems will be solved on the local level through the use of machinery provided by local government.

Sec. 15. Act supplemental to other powers of municipalities.

All powers conferred upon municipal corporations by this act are and shall be supplemental and in addition to those conferred by any other general or special law and shall be liberally construed to effectuate the purposes hereof. This act shall be construed to be an alternative method of accomplishing its purposes independent of any other powers conferred upon municipal corporations electing to exercise the authority herein granted.

Sec. 16. Real property within central business district subject to ad valorem taxes.

All real property located within the central business district shall be subject to ad valorem taxes to pay the principal and interest on all existing general obligation debts of the city and any future debts which may be authorized by law.

Sec. 17. Liberal construction; severability of provisions.

The provisions hereof shall be liberally construed to accomplish the purposes expressed herein and if any section, paragraph, sentence, clause, phrase or word, or the application of any of them to any persons, facts or circumstances, shall be held to be void and unconstitutional, such holding shall not affect the remainder of this act, or the application hereof to other persons, facts or circumstances, it being the intent of the legislature to have enacted this act without such void section, paragraph, sentence, clause, phrase, word or application.

Sec. 18. Effective date.

This act shall take effect immediately upon its becoming a law.

Editor's note—Laws of Fla., ch. 65-1090, became a law without the governor's approval, and was filed in office of the secretary of state June 25, 1965.

ARTICLE II. POLICE POWERS*

LAWS OF FLORIDA, CHAPTER 67-853

An act relating to the police powers of municipalities in all counties of the state having a population of more than four hundred thousand (400,000), according to the latest decennial census; providing that municipal governments are enabled to pass ordinances and impose penalties for the violation thereof; providing the maximum penalty for an offense made punishable by said ordinances; providing for its cumulative effect; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Sec. 1. Certain powers designated, penalty for violations prescribed.

In all counties of the state having a population of more than four hundred thousand (400,000), according to the latest decennial census, the city or town council or the governing body of any municipality whether incorporated under the provisions of F.S. ch. 165 or created by a special or local act of the legislature or incorporated pursuant to the provisions of section 11 of article VIII, of the constitution of this state whether the ratification or approval of the charter of said municipality was the subject of a referendum election, may pass all such ordinances and laws as may be expedient and necessary for the preservation of the public peace and morals, for the suppression of riots and disorderly assemblies and for the order and government of the municipality, for the purpose of exercising the powers conferred by its charter, the constitution of this state or by any general law and to impose

*__Editor's note—__Included herein as article II of subpart C is Laws of Fla., ch. 67-853. For purposes of facilitating indexing and reference, catchlines have been added by the editors.

such pains, penalties and forfeitures as may be needed to carry the same into effect. Provided, that such ordinances shall not be inconsistent with the constitution and laws of the United States or of this state; and provided, further, that for no one (1) offense made punishable by the ordinances and laws of said municipality shall a fine of more than one thousand dollars ($1,000.00) be assessed, nor imprisonment at hard labor in the streets or other works of said municipality for a period of time greater than one (1) year, but said punishment may include both fine and imprisonment.

Sec. 2. Provisions cumulative to charter.

This act shall be deemed cumulative and supplemental to the provisions of any municipal charter, whether created by general law or special law or referendum election.

Sec. 3. Effective date.

This act shall take effect immediately upon becoming a law.

Editor's note—Laws of Fla., ch. 67-853, became a law without the governor's approval, and was filed in the office of the secretary of state July 1, 1967.

CHARTER AND RELATED LAWS CASE LAW TABLE

THE CODE*

Chapter 1

GENERAL PROVISIONS

Sec. 1-1. How Code designated and cited.
Sec. 1-2. Definitions.
Sec. 1-3. Catchlines of sections.
Sec. 1-4. History notes.
Sec. 1-5. References to chapters or sections.
Sec. 1-6. References and editor's notes.
Sec. 1-7. Certain ordinances not affected by Code.
Sec. 1-8. Amendments to Code.
Sec. 1-9. Supplementation of Code.
Sec. 1-10. Continuation of prior ordinances; effect of provisions of Code.
Sec. 1-11. Effect of repeal of ordinances.
Sec. 1-12. Severability of parts of Code.
Sec. 1-13. General penalty.
Sec. 1-14. Computation of time.
Sec. 1-15. Public clocks to use official time.
Sec. 1-16. City seal.

*__Charter reference—__Authority for codification of ordinances, § 3(jj).

__Law review references—__Articles as to regulatory ordinances in Florida, 8 Miami L. Q. 264; 10 Miami L. Q. 239.

Sec. 1-1. How Code designated and cited.

The ordinances embraced in the following chapters and sections shall constitute, be designated as, and be cited as the "Code of the City of Miami, Florida, as amended" ("Code").
(Code 1967, § 1-1; Code 1980, § 1-1; Ord. No. 13748, § 2, 3-8-18)

Charter reference—Authority for codification of ordinances, §§ 3(ff), 104.

Sec. 1-2. Definitions.

This section provides definitions of terms to be used throughout the Code, as defined herein, unless inconsistent with the manifest intent of the city commission or the context of this Code:

Charter. The term "Charter" shall mean the Charter of the City of Miami, Florida, as amended, as printed in part I of this Code.

City. The term "city" shall mean the City of Miami, in Miami-Dade County and the State of Florida.

City commission or *commission.* The terms "city commission" or "commission" shall mean the city commission of the City.

City manager. The term "city manager" shall mean the head of the administrative branch of the city government or his or her designee.

Code. The term "Code" shall mean the Code of the City of Miami, Florida, as amended.

County. The term "county" shall mean Miami-Dade County, in the State of Florida.

State law reference—Dade County, F.S. § 7.13.

Following. The term "following" shall mean immediately next.

F.S. The term "F.S." shall mean the official Florida Statutes and all amendments and latest supplements.

Mayor. The term "mayor" shall mean the mayor of the city.

Month. The term "month" shall mean a calendar month.

Office, officer, board, committee, etc. The terms "office", "officer", "board", "committee", and similar terms shall mean of the city and includes any person authorized by law to perform the duties of such office, officer, board, committee, etc.

Owner. the word "owner," shall mean any part owner, joint owner, tenant in common, joint tenant, or tenant by the entirety, of the whole or of a part of such building or land.

Person. The term "person" shall mean a corporation, firm, partnership, association, organization, or any other group acting as a unit, as well as a natural person.

Preceding. The term "preceding" shall mean immediately before.

Rendition. The term "rendition" shall mean the filing of the referenced item with the clerk of the board.

State. The term "state" shall mean the State of Florida.

Tenant; occupant. The terms "tenant" and "occupant," shall mean any person who occupies the whole or a part of such building or land, either alone or with others.

Ways; streets; highways. The terms "ways," "streets," and "highways," shall mean any way, street, and highway and include but not be limited to boulevards, avenues, courts, lanes, alleys, squares, places, terraces, and sidewalks, so far as the same are public; and each of these words includes every other of them.
(Code 1967, § 1-2; Code 1980, § 1-2; Ord. No. 11564, § 3, 10-28-97; Ord. No. 13748, § 2, 3-8-18)

State law reference—State law definitions of terms generally, F.S. § 1.01.

Sec. 1-3. Catchlines of sections.

The catchlines of the several sections of this Code printed in boldface type are intended as mere catchwords to indicate the contents of the sections and shall not be deemed or taken to be the titles of such sections nor as any part of the sections nor, unless expressly so provided, shall they be so deemed when any of such sections, including the catchlines, are amended or reenacted.

Sec. 1-4. History notes.

The history notes appearing in parentheses after sections of this Code are not intended to have any legal effect, but are merely intended to indicate the source of matter contained in the section.

Sec. 1-5. References to chapters or sections.

All references to chapters or sections are to the chapters and sections of this Code, unless otherwise specified.

Sec. 1-6. References and editor's notes.

References and editor's notes following certain sections are inserted as an aid and guide to the reader and are not controlling or meant to have any legal effect.

Sec. 1-7. Certain ordinances not affected by Code.

Nothing in this Code or the ordinance adopting this Code shall be construed to repeal or otherwise affect the validity of any of the following when not inconsistent with this Code:

(1) Any offense or act committed or done or any penalty or forfeiture incurred before the effective date of this Code.

(2) Any ordinance or resolution promising or guaranteeing the payment of money for the city or authorizing the issuance of any bonds of the city or any evidence of the city's indebtedness or any contract, right, agreement, lease, deed or other instrument or obligation assumed by the city.

(3) Any administrative ordinances or resolutions of the city not in conflict or inconsistent with this Code.

(4) Any right or franchise granted by any ordinance.

(5) Any ordinance or resolution dedicating, naming, establishing, locating, relocating, opening, paving, widening, repairing, vacating, etc., any street or public right-of-way in the city.

(6) Any appropriation ordinance.

(7) Any ordinance levying or imposing taxes.

(8) Any ordinances prescribing through streets, parking and traffic regulations, speed limits, one-way traffic, limitations on load of vehicles or loading zones.

(9) Any ordinances regarding building codes, land use, zoning, rezoning, or amendment to the zoning map.

(10) Any ordinance establishing and prescribing the street grades of any street in the city.

(11) Any ordinance providing for local improvements and assessing taxes therefor.

(12) Any ordinance dedicating or accepting any plat or subdivision in the city.

(13) Any ordinance annexing territory or excluding territory or any ordinance extending the boundaries of the city.

(14) Any ordinance establishing positions, classifying positions, or benefits or setting salaries of city officers and employees or any personnel regulations.

(15) Any temporary or special ordinances.

(16) Any ordinance calling elections or prescribing the manner of conducting the election in accordance with state law.

All such ordinances are recognized as continuing in full force and effect to the same extent as if set out at length in this Code and are on file in the city clerk's office.
(Ord. No. 13748, § 2, 3-8-18)

Sec. 1-8. Amendments to Code.

(a) All ordinances passed subsequent to this Code which amend, repeal or in any way affect this Code may be numbered in accordance with the numbering system of this Code and printed for inclusion in the Code. When subsequent ordinances repeal any chapter, article, division, section, subsection or any portion thereof, such repealed portions may be excluded from the Code by omission from reprinted pages.

(b) Amendments to any of the sections of this Code may be made by amending such sections by specific reference to the section number of this Code in substantially the following language: "That section _____ of the Code of the City of Miami, Florida, as amended, is hereby amended to read as follows: . . . ." The new section shall then be set out in full as desired.

(c) If a new section not existing prior to the adoption of this Code is to be added, the following language may be used: "That the Code of the City of Miami, Florida, as amended, is hereby amended by adding a section to be numbered _____, which section reads as follows: . . . ." The new section may then be set out in full as desired.

(d) Every subsection, section, division, article or chapter desired to be repealed must be specifically repealed by subsection, section, division, article or chapter number, as the case may be.
(Ord. No. 13748, § 2, 3-8-18)

State law reference—Minimum procedure and requirements for enactment of ordinances, F.S. § 166.041.

Sec. 1-9. Supplementation of Code.

(a) By contract or by city personnel, supplements to this Code shall be prepared and printed whenever authorized or directed by the city. A supplement to the Code shall include all substantive permanent and general parts of ordinances passed by the city commission during the period covered by the supplement and all changes made thereby in the Code and shall also include all amendments to the Charter during the period. The pages of a supplement shall be so numbered that they will fit properly into the Code and will, where necessary, replace pages which have become obsolete or partially obsolete, and the new pages shall be so prepared that, when they have been inserted, the Code will be current through the date of the adoption of the latest ordinance included in the supplement.

(b) In preparing a supplement to this Code, all portions of the Code which have been repealed shall be excluded from the Code by the omission of the portions from reprinted pages.

(c) When preparing a supplement to this Code, the codifier, meaning the person, agency or organization authorized to prepare the supplement, may make formal, nonsubstantive changes in ordinances and parts of ordinances included in the supplement, insofar as it is necessary to do so to embody them into a unified code. For example, the codifier may:

(1) Organize the ordinance material into appropriate subdivisions;

(2) Provide appropriate catchlines, headings, or titles for sections and other subdivisions of the Code printed in the supplement and make changes in catchlines, headings and titles;

(3) Assign appropriate numbers to sections and other subdivisions to be inserted in the Code and, where necessary to accommodate new material, change existing section or other subdivision numbers;

(4) Change the words "this ordinance" or words of the same meaning to "this chapter," "this article," "this division," etc., as the case may be, or to "sections _____ through _____." The inserted section numbers will indicate the sections of the Code which embody the substantive sections of the ordinance incorporated into the Code; and

(5) Make other nonsubstantive changes necessary to preserve the original meaning of ordinance sections inserted into the Code; but in no case shall the codifier make any change in the meaning or effect of ordinance material included in the supplement or already embodied in the Code.

(Ord. No. 13748, § 2, 3-8-18)

Sec. 1-10. Continuation of prior ordinances; effect of provisions of Code.

So far as the provisions of this Code are the same in effect as those of previously existing provisions of the Code of the City of Miami, Florida, 1980, or other city ordinances, they shall be construed as a continuation of such Code or other ordinances. They shall not affect any act done; any right accrued; any penalty incurred;

any suit, prosecution, or proceeding pending; or the tenure of office of any person holding office at the time they take effect.
(Code 1967, § 1-3; Code 1980, § 1-3; Ord. No. 13748, § 2, 3-8-18)

Sec. 1-11. Effect of repeal of ordinances.

(a) The repeal of an ordinance shall not revive any ordinance in force before or at the time the ordinance repealed took effect.

(b) The repeal of an ordinance shall not affect any punishment or penalty incurred before the repeal took effect, or any suit, prosecution or proceeding pending at the time of the repeal, for an offense committed under the ordinance repealed.
(Code 1967, § 1-4; Code 1980, § 1-4)

Sec. 1-12. Severability of parts of Code.

It is hereby declared to be the intention of the city commission that the sections, paragraphs, sentences, clauses, and phrases of this Code are severable, and, if any phrase, clause, sentence, paragraph, or section of this Code shall be declared unconstitutional or otherwise invalid by the valid judgment or decree of any court of competent jurisdiction, such unconstitutionality or invalidity shall not affect any of the remaining phrases, clauses, sentences, paragraphs or sections of this Code, since the same would have been enacted by the city commission without the incorporation in this Code of any such unconstitutional or invalid phrase, clause, sentence, paragraph or section.
(Code 1967, § 1-5; Code 1980, § 1-5; Ord. No. 13748, § 2, 3-8-18)

Sec. 1-13. General penalty.

Any person violating the provisions of any section of this Code or any other ordinance, where no other penalty is prescribed, shall, upon conviction, be fined not more than $500.00, imprisoned for not more than 60 days, or shall be both fined and imprisoned. Each day that such violation shall continue (or, in the case of shows and exhibitions illegally conducted, each performance) shall constitute a separate offense.
(Code 1967, § 1-6; Code 1980, § 1-6; Ord. No. 13748, § 2, 3-8-18)

Charter reference—Authority to impose penalties for ordinance violations, limitation on penalties, § 3(z).

State law references—Penalty for violation of ordinances, F.S. § 162.22; fines and forfeitures collected in county court for violations of municipal ordinances payable to municipality, F.S. § 34.191; punishment for misdemeanors, F.S. §§ 775.082, 775.083.

Sec. 1-14. Computation of time.

In computing any period of time prescribed or allowed by this Code, the day of the act, event, or default from which the designated period of time begins to run shall not be included. The last day of the period so computed shall be included unless it is a Saturday, Sunday, or legal holiday, in which event the period shall run until the end of the next day which is neither a Saturday, Sunday, nor legal holiday. When the period of time prescribed or allowed is less than seven days, intermediate Saturdays, Sundays, and legal holidays shall be excluded in the computation.
(Ord. No. 13748, § 2, 3-8-18)

Sec. 1-15. Public clocks to use official time.

All clocks or other timepieces in or upon public buildings or other premises maintained at the expense of the city shall be set and run according to the official time as provided by the Congress of the United States, unless otherwise modified by the legislature of the state. It is hereby made the duty of the officer or other person having control and charge of such building or premises to see that such clocks or other timepieces are set and run in accordance with official time.
(Code 1967, § 1-8; Code 1980, § 1-7; Ord. No. 13748, § 2, 3-8-18)

Editor's note—Ord. No. 13748, § 2, adopted March 8, 2018, redesignated the former section 1-14 as section 1-15. The historical notation has been preserved for reference purposes.

Federal law reference—Provisions establishing standard time throughout the United States, but permitting states to exempt themselves from daylight saving time, 15 USC 260—267.

State law reference—Legal time, F.S. § 1.02.

Sec. 1-16. City seal.

(a) City seal. As used herein, the city seal shall mean the graphical seal as depicted below and comprised of a round seal with the words "The City of Miami" and "Florida" arranged in a semicircular form, constituting the border and the design of the Royal Palm Tree in an upright position in the center of the seal, with the inscription "Incorporated 1896" inserted just below the center of the seal. Said city seal shall be the official seal of the city.

(b) Unauthorized use of the city seal. It shall be unlawful and a violation of this section to manufacture, use, display, or otherwise employ any facsimile or reproduction of the city seal, except by city officials or employees in their official duties, without the express approval of the city commission. Such unauthorized use shall constitute a violation of this section and may be punished by a court of competent jurisdiction up to the maximum penalty permitted by law as provided by section 1-13 of this Code and F.S. § 165.043.

(c) Alternate seal. The city commission may approve by resolution, on limited occasions, an alternate city seal or logo. The alternate seal may include modernized design updates or color highlights of the aforementioned seal design.

(d) All seals previously used or adopted by the city are solely reserved for use by the city, its agencies, and instrumentalities, which shall maintain all rights authorized and provided for pursuant to F.S. § 165.043.
(Ord. No. 13750, § 2, 3-22-18; Ord. No. 13930, § 2, 10-8-20)

ARTICLE I. IN GENERAL

Sec. 2-1. City offices to be closed on Saturdays; exceptions.

Saturday of each week is hereby designated a legal holiday, and the public offices of the city shall be closed on Saturday, except those offices whose personnel render services essential to the health, safety, and general welfare of the citizens of the city including but not limited to the police, fire-rescue, and general services administration departments.

(Code 1967, § 2-1; Code 1980, § 2-1; Ord. No. 13749, § 2, 3-8-18)

Charter reference—Authority of city to establish hours for city offices to be open, § 41(b).

State law reference—Holidays, F.S. § 683.01.

Sec. 2-2. Hearings and investigations—Authority of city officers to issue subpoenas, require attendance of witnesses, etc.

Every officer of the city who is authorized in and by any provisions of the City Charter to conduct hearings or investigations is hereby authorized and empowered to issue subpoenas which shall require the attendance of witnesses and the production of books, papers, records, and other evidence, and is further authorized and empowered to administer to any person the oath usually administered to witnesses and to require such person to make a full and fair disclosure of all facts within the witness' knowledge which are properly relevant to the subject matter of any such hearing or investigation.

(Code 1967, § 2-2; Code 1980, § 2-2; Ord. No. 13676, § 2, 4-27-17; Ord. No. 13749, § 2, 3-8-18)

City Code cross reference—Investigations of possible violation of lobbying regulations, § 2-657.

Sec. 2-3. Same—Right of person subject to hearing or investigation to require attendance of witnesses, production of books, papers, etc.

Every person whose conduct or activities are the subject of any hearing or investigation by an officer of the city shall have the right to require subpoenas to be issued in his or her behalf to require the attendance of witnesses and the production of books, papers, records, or other evidence. For the purpose of exercising such right, such person shall file a praecipe for the issuance of witness subpoenas with the officer conducting such hearing or investigation, setting forth in such praecipe the name and the address of each person upon whom a subpoena is to be served and describing with adequate clearness any books, papers, records, or other evidence to be produced at such hearing or investigation, and, contemporaneously with the filing of such praecipe, shall deposit with such officer the amount provided for in section 2-5 as witness fees for one day for each person, other than members of the city commission or officers or employees of the city, upon whom a subpoena is to be served. Upon the filing of such praecipe and the deposit of such witness fees, the subpoenas covered thereby shall be issued forthwith by the officer conducting such hearing or investigation, and they shall be served and returns shall be made in accordance with the provisions of the relevant sections of this article.

(Code 1967, § 2-3; Code 1980, § 2-3; Ord. No. 13676, § 2, 4-27-17; Ord. No. 13749, § 2, 3-8-18)

Sec. 2-4. Same—Contents, service and return of subpoenas.

Each subpoena issued pursuant to sections 2-2 and 2-3 shall set forth the general purpose of the hearing or investigation to which the subpoena pertains; shall bear the signature of the officer issuing the same; shall command the person named therein to be present at the time and place therein stated; and, in the event that such person is to be required to produce books, papers, records, or other evidence at such time and place, shall describe with adequate clearness the books, papers, records, or other evidence to be so produced. The process server charged with the duty of serving any such subpoena shall make a written return to the officer issuing the subpoena, setting forth in such return whether service was duly completed and, if so, the time, place, and manner thereof.

(Code 1967, § 2-4; Code 1980, § 2-4; Ord. No. 13749, § 2, 3-8-18)

Sec. 2-5. Same—Witnesses' fees.

(a) Every person upon whom a subpoena shall be served as provided in sections 2-3 and 2-4, and who is not a member of the city commission

or an officer or an employee of the city shall be entitled to receive, upon demand of the witness and in advance, witness fees at the rate of $3.50 per diem if the witness resides within the municipal boundaries of the city, and at the rate of $4.00 per diem if the witness resides outside the municipal boundaries of the city, for each day upon which the witness' attendance at any such hearing or investigation is required, and it shall be the duty of such person to attend such hearing or investigation from day to day until the witness is discharged from further attendance by the officer conducting the same, provided that, if the witness shall demand payment in advance of such witness fees and such payment is not made in compliance with the witness' demand, the witness shall not be required to attend that session of such hearing or investigation to which such demand applied; and the witness shall not be entitled to demand in advance at any one time payment of an amount in excess of the witness fees payable to the witness under this section for attending the next scheduled daily session of such hearing or investigation.

(b) All amounts paid as witness fees to persons subpoenaed upon the initiative of the officer conducting such hearing or investigation shall constitute and be recognized as municipal expenses and shall be made available and paid in such manner as the city manager shall prescribe.

(c) All amounts paid as witness fees to persons subpoenaed as the result of the filing of the praecipe described in section 2-3 shall be advanced by and shall constitute an expense of the person filing such praecipe, unless the officer conducting such hearing or investigation should otherwise direct.

(Code 1967, § 2-5; Code 1980, § 2-5; Ord. No. 13676, § 2, 4-27-17; Ord. No. 13749, § 2, 3-8-18)

Sec. 2-6. Same—Failure to attend hearing or give testimony.

No person regularly served with a subpoena under the provisions of sections 2-2 through 2-5 shall fail to attend a hearing or investigation as directed in such subpoena; refuse to be sworn as a witness; or refuse to testify, give evidence, or answer fully and fairly any proper question propounded to the witness.

(Code 1967, § 2-6; Code 1980, § 2-6; Ord. No. 13676, § 2, 4-27-17; Ord. No. 13749, § 2, 3-8-18)

Sec. 2-7. Service charge on refused checks.

At any time the city is in possession of a check, draft, or order which has been refused by the drawee because of lack of funds or credit, a service charge for the handling of such instrument is hereby imposed upon the drawer and/or last endorser of the instrument, not to exceed maximum as provided by state law.

(Code 1967, § 2-6.1; Code 1980, § 2-7; Ord. No. 13749, § 2, 3-8-18)

State law reference—Dishonored check fee, F.S. § 166.251.

Sec. 2-8. Disclosure requirement.

(a) Each person or entity requesting approval, relief, or other action from the city commission or any of its boards, authorities, agencies, councils, or committees regarding any issue, shall disclose, at the commencement (or continuance) of the public hearing on the issue, any consideration provided or committed, directly or on its behalf, for an agreement to support or withhold objection to the requested approval, relief, or action.

(b) The disclosure shall:

(1) Be in writing;

(2) Indicate to whom the consideration has been provided or committed;

(3) Describe the nature of the consideration, and specify the amount of any funds paid or committed;

(4) Describe what is being requested in exchange for the consideration; and

(5) Be read into the record by the requesting person or entity prior to submission to the secretary/clerk of the respective board.

(c) Upon determination by the city commission, board, authority, agency, council, or committee as applicable that the foregoing disclosure

requirement was not timely satisfied by the person or entity requesting approval, relief, or other action as provided above, then:

(1) The application or order, as applicable, shall immediately be void without further force or effect, and

(2) No application from said person or entity for the subject of the request shall be reviewed or considered by the applicable board(s) until expiration of a period of one year after the nullification of the application or order.

(d) The validity of any action or determination of the city commission or any of its boards, authorities, agencies, councils, or committees shall not be affected by the failure of any person or entity to comply with the provisions of this section unless a challenge is presented to the city commission or any of its boards, authorities, agencies, councils, or committees at the first regularly scheduled meeting of such board authority agency, council, or committee following the date such violation of the disclosure requirement is alleged to have occurred.

(e) "Consideration" shall be defined to include any gift, payment, contribution, donation, fee, commission, promise, or grant of any money, property, service, credit, or financial assistance of any kind or value, whether direct or implied, or any promise or agreement to provide any of the foregoing in the future.

(f) It shall be unlawful to employ any device, scheme, or artifice to circumvent the disclosure requirements of this section and such circumvention shall be deemed a violation of the disclosure requirements of this section.

(g) The provisions of this article shall not apply to or affect individuals retained or employed by a principal as lobbyist as defined in section 2-653.
(Ord. No. 12918, § 1, 5-10-07; Ord. No. 13749, § 2, 3-8-18)

Secs. 2-9—2-30. Reserved.

ARTICLE II. MAYOR AND CITY COMMISSION*

Sec. 2-31. Election and general powers.

The mayor and members of the city commission shall be elected as provided in Section 4 of the City Charter and shall exercise the powers and duties prescribed in Section 3 and other sections of the Charter.
(Code 1967, § 2-7; Code 1980, § 2-11; Ord. No. 11564, § 4, 10-28-97; Ord. No. 13769, § 2, 6-28-18)

Sec. 2-32. Time and place of meeting.

(a) City hall, located at 3500 Pan American Drive, Miami, Florida, is hereby designated as the meeting place for the city commission. All meetings of the city commission shall be held on the first floor of city hall. The city commission may designate alternate meeting places and times from time to time as may appear appropriate by resolution. Such resolution shall specify the date, time, and place and shall be limited to one city commission meeting per resolution. The date so specified shall be not sooner than 30 days subsequent to the effective date of the resolution.

(b) Regular meetings of the city commission shall be held on the second and fourth Thursdays of each month beginning at 9:00 a.m. except the months of August, November, and December and unless otherwise provided by city commission action. During the month of November, the regular meeting shall be held on the third Thursday at 9:00 a.m. During the month of December, the regular meeting shall be held on the second Thursday at 9:00 a.m. The city commission shall be in recess during the month of August.

(c) The city commission may, by resolution, designate a substitute day or time upon which regular city commission meetings shall be held whenever, in the opinion of a majority of the members of the city commission, there is good cause for such substitution.

*__Editor's note—__Ord. No. 11564, § 4, adopted Oct. 28, 1997, changed the title of art. II from City Commission to Mayor and City Commission.

(d) Notwithstanding the foregoing, the mayor, the presiding officer/chair, or three city commissioners may cancel a regular city commission meeting at any time provided that written notice of the cancellation is delivered to the city clerk at least 72 hours in advance. The city clerk shall then notify the mayor, each member of the commission, the city manager, the city attorney, and the public of the cancellation. Cancelled meetings shall be rescheduled pursuant to subsection 2-33(o) of the City Code.

(Code 1967, § 2-8; Ord. No. 9294, § 1, 7-9-81; Code 1980, § 2-12; Ord. No. 11530, § 2, 7-24-97; Ord. No. 11580, § 1, 12-9-97; Ord. No. 11865, § 2, 11-14-99; Ord. No. 12074, § 1, 5-24-01; Ord. Charter reference—Place and time of commission meetings, § 4(f).

City Code cross reference—Zoning and planning, ch. 62.

Sec. 2-33. Order of business and rules of procedure.

(a) The rules and regulations regarding the procedure of the city commission at all regular meetings are hereby established and adopted.

(b) The first order of business shall be the approval of the minutes of the previous meeting. A copy of said minutes shall be distributed to the mayor and each of the commissioners prior to the meeting to enable the mayor and each commissioner to review the contents thereof.

(c) After approval of the minutes of the previous meeting(s), all business that shall come before the city commission shall be taken up in the order as such items of business appear on the city commission agenda in accordance with the following provisions:

(1) The agenda shall be prepared by the city manager in an appropriate form approved, from time to time, by the city commission. Matters may be placed on the agenda by the mayor, any member of the city commission, the city manager, the city attorney, the city clerk, and a city board as defined in section 2-882 of this Code. Notwithstanding subsections 2-33(d) and 2-33(e) of the City Code, an elected official may place an item on the city commission agenda at any time up to noon seven business days before the city commission meeting. An elected official who desires to sponsor or co-sponsor any such matter must submit such a request in writing to the agenda office or direct his or her chief of staff to do the same.

(2) Any member of the public shall be entitled to speak on any proposition before the city commission in which the city commission may take any action through the presiding officer. Unless further time to speak is granted by the presiding officer of the city commission, any person addressing the commission shall limit his or her address to two minutes. A speaker may receive the donation of speaking time from no more than two members of the public for a total speaking time of five minutes unless extended for a maximum of seven minutes by a supermajority of the city commission members present. However, the chair may allow a representative of a group on a proposition to address the commission, rather than all members of such group, at meetings in which a large number of individuals wish to be heard and grant such group representative a reasonable time to speak. The opportunity to be heard need not occur at the same meeting at which the city commission takes official action on the proposition, if the opportunity occurs at a meeting that is during the decision making process and is within reasonable proximity in time before the meeting at which the city commission takes official action. This does not prohibit the city commission from maintaining orderly conduct or proper decorum in a public meeting.

(3) The requirements of subsection (c)(2) shall not apply to:

a. An official act that must be taken to deal with an emergency situation

affecting the public health, welfare, or safety, if compliance with the above requirements would cause an unreasonable delay in the ability of the city commission to act; or

b. A ministerial act, including but not limited to, approval of minutes and ceremonial proclamations.

(4) Any member of the public shall be entitled to be scheduled on the agenda of a regular meeting of the city commission for presentation of information and material to be considered by the commission within the scope of the jurisdiction of the city commission after the city manager has communicated with the member of the public and reviewed or investigated the member's issue, unless otherwise directed by the mayor or a member of the city commission. If the city manager is able to resolve or remedy the concerns of the member of the public, the member of the public may elect to withdraw the request to appear before the city commission. If the matter is not or cannot be resolved or remedied by the city manager, then, at the will of the member of the public, the request for appearance shall be scheduled on the next available agenda and the city manager shall submit a report in the agenda packet detailing actions taken to resolve or remedy the matter and administrative recommendations.

(5) The total number of items that may be scheduled on a regular city commission agenda shall not exceed 60 items. All matters on the consent agenda shall count as one item.

(6) The lunch recess shall begin:

a. At 12:00 noon;

b. At the conclusion of deliberations of the agenda item being considered at 12:00 noon;

c. At the conclusion of statements made by the person who has been recognized to address the commission immediately prior to 12:00 noon; or

d. At any time deemed appropriate by the city commission.

(7) The city commission meetings, shall adjourn:

a. At the conclusion of deliberation of the agenda item being considered at 10:00 p.m., unless the time is extended by unanimous agreement of the members of the city commission then present, or

b. At the conclusion of the regularly scheduled agenda, whichever occurs first. This rule does not apply to city commission meetings required for annual budget hearings.

(8) Any vote of the city commission pertaining to the establishment of a rescue mission, the continuation of a rescue mission, or action relating to a rescue mission in the city that arises pursuant to the zoning ordinance or comprehensive plan requires the concurrence of four affirmative votes.

(9) The city commission may, when it deems necessary, create legislative pilot programs for a limited period of time not to exceed one year regulating any area within the city commission's powers set forth in Section 4 of the City Charter. Any such pilot program may be reinstated for one additional year. The motorized scooter pilot program established in chapter 8, article II of the City Code is hereby exempted from the duration requirements of this subsection.

(d) A copy of requests, petitions, and applications shall be placed before the mayor and each member of the city commission, supported by administrative memoranda and such information as may be necessary to enable the city commission to reach a decision. All such requests, petitions, and applications, except in cases of extreme emergency, shall be in the hands of the city manager for a period of at least 21 days prior

to a regular meeting, to enable the administration to prepare necessary memoranda, data, or reports.

(e) All resolutions and ordinances except land use changes, zoning changes, board and committee appointments, and election results shall be reviewed by the office of management and budget for any fiscal impact prior to placement on any agenda.

(f) A copy of each agenda item including each resolution and ordinance and all attachments and back-up material shall be furnished to the mayor and members of the city commission at least five full business days before each regular city commission meeting with the exception of veto items. This rule shall be deemed suspended unless invoked by a commissioner before the commission takes action on the resolution or ordinance in question. Once the rule is invoked, no action can be taken on the resolution or ordinance unless the rule is suspended by majority vote of the commissioners present. Nonscheduled ("pocket") items may be introduced for consideration at a city commission meeting by the mayor, a commissioner, the city manager, or the city attorney provided that the city commission by a majority vote deems such resolution or ordinance to be of an emergency nature.

(g) Consistent with the time frame requirements set forth in subsection (e) above, the following shall be posted on the internet:

(1) The city commission agenda simultaneous with its distribution;

(2) The supplemental agenda and any information related to the upcoming agenda simultaneous with its distribution; and

(3) The city clerk's report and annotations to the agenda immediately after its release by the city clerk subsequent to the city commission meeting to which it applies.

(h) All notices of all intentions to ask questions, together with a copy of such questions, shall be given to the city manager five days before each regular meeting. In all questions of policy presented to the city commission by the mayor, the city manager, or any departmental head, notice thereof, together with a copy of questions supported by memorandum setting forth the rules of action by the city commission, shall be filed three days before the meeting and given to the mayor and each member of the city commission.

(i) All ordinances shall be read by title only prior to passage by the city attorney. All resolutions shall be briefly described upon a printed agenda.

(j) The agenda portion entitled "consent agenda" shall be scheduled among the initial items for city commission consideration. Consent agenda items that are removed from the agenda prior to city commission consideration shall automatically be scheduled as a regular agenda item at the next regularly scheduled meeting of the city commission, unless, by an unanimous vote of all commissioners present, the city commission considers such consent item as a regular item at the same meeting.

(k) Any scheduled agenda item not considered prior to the adjournment of a city commission meeting shall be perfunctorily regarded as a deferred item and scheduled on the next regular city commission agenda.

(l) Nothing in this section shall prohibit either the mayor, the commissioner designated as the presiding officer of the city commission, or three city commissioners from calling special meetings at any time provided that written notice of the request for a special meeting is delivered to the city clerk at least 72 hours in advance. The city clerk shall then notify the mayor, each member of the commission, the city manager, the city attorney, and the public of the special meeting including the business to be considered at the special meeting. No business shall be conducted or a vote taken at a special city commission meeting on business other than the subject(s) for which the special meeting is called unless the city commission by a majority vote deems such resolution or ordinance to be of an emergency nature and such resolution or ordinance has been reviewed by the office of management and budget for any fiscal impact.

(m) Any commissioner who so desires may be a signatory on city proclamations. Any such proclamations or other protocol items may be presented at a city commission meeting or, in the discretion of the presiding officer, may be presented prior to the commencement of any city commission meeting. Nothing herein shall prevent a proclamation from being presented at a non-city commission meeting.

(n) If the engagement of an executive director, regardless of title, of any board as defined in section 2-882 of this chapter, is required to be approved, ratified, or confirmed by the city commission, prior to such approval, ratification, or confirmation, the individual proposed to be engaged by a board shall make every reasonable attempt to meet with each member of the city commission.

(o) Whenever a scheduled city commission meeting is cancelled or is not held due to a lack of a quorum or other emergency, a special city commission meeting will be automatically scheduled for the Tuesday immediately following the cancelled meeting. All of the scheduled agenda items from that cancelled meeting shall automatically be scheduled as an agenda item at the special city commission meeting. The city clerk shall then notify the mayor, each member of the city commission, the city manager, and the city attorney. The city clerk shall also notify the public of the special meeting that is to take place by placing a notice of the special city commission meeting at the entrance of city hall and the city's main administrative building, placing a notice on the city's website, and, if feasible, placing an ad in a newspaper of general circulation before the special meeting on the immediately following Tuesday. There shall be no additional notice by publication required for any such scheduled agenda item that is moved to the special city commission meeting.

Editor's note—Ord. No. 12498, § 1, adopted February 26, 2004, enacted provisions intended for use as subsection (c)(7). Inasmuch as there are already provisions so designated, and at the discretion of the editor, said provisions have been redesignated as subsection (c)(8).

Charter reference—Authority of commission to determine its own rules of procedure, § 4(e).

Editor's note—Ord. No. 12352, § 1, adopted April 10, 2003, enacted provisions intended for use as subsection (m). Inasmuch as there are already provisions so designated, and at the discretion of the editor, said provisions have been redesignated as subsection (n).

Sec. 2-34. Presiding officer; vacancy.

(a) In accordance with provisions of Section 4(g)(1) of the City Charter, the mayor shall be the presiding officer of the city commission unless the mayor designates another member of the city commission to serve as presiding officer.

(b) The mayor, as presiding officer, shall not move, second, debate, or vote on any matter that comes before the city commission. If the presiding officer is a member of the city commission, the presiding officer, upon relinquishing the chair, may move, second, debate, and vote on any matter that comes before the city commission, subject only to such limitations as are imposed on all members of the city commission.

(c) In the event of a vacancy in the office of mayor as contemplated in Section 12 of the City Charter, the city commissioner designated as the presiding officer/chair, or, in the absence of same, the city commissioner designated as the vice chair, or, in the absence of both, a city commissioner appointed by a majority vote of the city commission then in office shall serve as the

ceremonial head of city government until the mayoral vacancy is filled pursuant to the provisions of the City Charter.
(Code 1967, § 2-10; Ord. No. 10927, § 1, 10-3-91; Code 1980, § 2-14; Ord. No. 11564, § 4, 10-28-97; Ord. No. 11642, § 2, 4-14-98; Ord. No. 13769, § 2, 6-28-18)

Charter reference—Duties of mayor to be performed by member of city commission elected for that purpose during disability or absence of mayor, § 4(g).

Sec. 2-35. Terms of elected officials as members of any authority, board, or committee; annual review.

In accordance with the provisions of law and with the provisions of this section, the appointment of the mayor and/or any city commissioner currently serving as a member of any authority, board, or committee created by resolution or ordinance shall be subject to the review of the city commission on an annual basis at the commission's first meeting in February. It is the intent of the city commission that the mayor and each commissioner be considered for appointment to an authority, board, or committee before the mayor or any one commissioner shall have served a consecutive term; however, there shall be no prohibition against the mayor or any commissioner from being reappointed to serve consecutive terms.
(Ord. No. 10715, § 1, 3-8-90; Code 1980, § 2-15; Ord. No. 11564, § 4, 10-28-97; Ord. No. 13769, § 2, 6-28-18; Ord. No. 14414, § 2, 11-20-25; Ord. No. 14414, § 2, 11-20-25)

Sec. 2-36. Mayoral veto and commission override.

The veto provisions of Section 4(g)(5) of the City Charter shall be exercised exclusively in accordance with the terms and conditions herein:

(1) Each ordinance and resolution adopted by the commission shall contain a place for noting mayoral approval or veto, and commission override, if applicable. The mayor may indicate approval of any ordinance or resolution by signing it in the place provided, or the mayor may permit the item to become effective in accordance with its terms by allowing ten days to elapse without exercising a veto.

(2) If the mayor determines to veto an ordinance, resolution, motion, or budget line item, the mayor shall personally sign a copy of the form set forth herein in the place so provided and shall indicate with specificity the reason(s) for the veto. The form shall be stated substantially as follows:

OFFICE OF THE MAYOR
MIAMI, FLORIDA
VETO AND VETO MESSAGE

To:

Honorable Members of the City Commission
Miami, Florida

From:

[Signature of the Mayor] Mayor,
Miami, Florida

Pursuant to the authority vested in me under the provisions of Section 4(g)(5) of the Charter of the City of Miami, Florida, I hereby veto:

[State ordinance, resolution, motion, or budget line item]

Veto message:

(3) The completed form shall be submitted to the city clerk on or before 4:30 p.m. on the tenth calendar day following final commission enactment or adoption thereof. The city clerk's official date and time recorder stamp on the completed form shall conclusively determine compliance or noncompliance within the ten-day time frame.

(4) The city clerk shall place any item(s) vetoed by the mayor, together with the completed veto forms, on the next regularly scheduled commission agenda as the first substantive item(s) for commission consideration.

(5) Notwithstanding any other rule of the commission, items vetoed by the mayor shall not be subject to the "5 day rule" as provided in section 2-33; not be deferred to a future meeting; not require committee review; not be subject to a motion to reconsider, except at the same meeting; not require first reading; not require publication or additional public hearings; or not be amended if the item required special publication or a public hearing to be originally adopted or enacted. Members of the public shall have a reasonable opportunity to speak on vetoed items consistent with F.S. § 286.0114, and subsection 2-33(c)(2) of the City Code.

(6) A motion to override a mayoral veto shall be stated substantially as follows:

a. "I move that [the ordinance, resolution, or motion] be adopted and become effective notwithstanding the veto of the mayor"; or

b. "I move that [the specific line item in the budget] be restored and become effective notwithstanding the veto of the mayor."

(7) If four-fifths of all commissioners present vote in favor of a resolution to override a mayoral veto as provided in subsection (6) above, the commission action in question shall be deemed enacted or adopted and effective in accordance with its terms; otherwise, the mayoral veto shall be deemed sustained.

(8) The provisions of this rule shall not be waived.

(Ord. No. 11564, § 4, 10-28-97; Ord. No. 13646, § 2, 11-17-16; Ord. No. 13769, § 2, 6-28-18)

Sec. 2-37. Removal of the city manager by mayor; effective date.

The removal of the city manager by the mayor, pursuant to section 4(g)(6) of the City Charter shall take effect at 5:00 p.m. on the tenth day after the manager is notified of said removal by the mayor unless said removal is overridden by a four-fifths vote of the commissioners then in office.

(Ord. No. 11851, § 2, 10-26-99; Ord. No. 13769, § 2, 6-28-18)

Sec. 2-38. Ethics requirement.

The mayor, city commissioners, city manager, chief of operations, chief financial officer, chief information officer, chief of fire, chief of police, department directors and those with equivalent positions, executive directors of boards or committees and all appointed board members are required to have completed an ethics course within 90 days of taking office or within at least one year prior to taking office or employment. The city manager, city attorney, and city clerk shall coordinate and present or cause to be presented an ethics course and make such course available at least quarterly. Any person in violation of this section shall be subject to the penalties provided in section 1-13.

(Ord. No. 13125, § 2, 1-14-10; Ord. No. 13769, § 2, 6-28-18)

Sec. 2-39. Recall of elected officials.

No recall petition may be certified for the recall of an elected official in the city within one year after a recall petition against him/her is defeated.

(Ord. No. 13898, § 2, 3-12-20)

Secs. 2-40—2-60. Reserved.

ARTICLE III. OFFICERS*

DIVISION 1. CITY MANAGER

Sec. 2-61. Powers and duties in general.

The city manager shall be appointed pursuant to and shall have the powers and duties enumerated in the laws of the state, the City Charter, and this Code.
(Ord. No. 13770, § 2, 6-28-18)

Sec. 2-62. Assistant city manager and administrative assistant to the city manager—Positions created.

The city manager shall employ such number of assistant city managers and administrative assistants necessary for the city manager to perform his/her duties as required by the laws of the state, the City Charter, and this Code.
(Ord. No. 13770, § 2, 6-28-18)

DIVISION 2. CITY ATTORNEY

Sec. 2-63. Supervision and control of attorneys employed by city.

(a) All attorneys at law retained or employed by the city including all boards, authorities, and agencies, regardless of the nature or kind of service performed or the title or designation under which such attorney renders legal service for the city, are hereby placed under the direct supervision and control of the city attorney.

(b) The city attorney may engage such outside counsel necessary to ensure compliance with the Rules Regulating The Florida Bar.

(c) The mayor may engage special counsel for the specific purpose of providing advice to the mayor and the mayor's office. The compensation and funding for such engagement shall be subject to the advice, consent, and approval of the city commission. Any subsequent special counsel vacancy shall be filled in this manner and subject to the advice, consent, and approval of the city commission.
(Ord. No. 13770, § 2, 6-28-18)

Sec. 2-64. Charter amendments, method of drafting; approval by city commission; submission to electorate.

(a) The city attorney shall draft, with the assistance of any individual the city attorney deems necessary, a Charter amendment within 120 days after the city commission adopts a resolution directing the city attorney to prepare such amendment or after the certification of a petition of ten percent of the qualified electors of the city requesting such amendment.

(b) The Charter amendment drafted by the city attorney shall be approved in final form by the city commission in a resolution calling for a special election upon the amendment. The resolution calling for the special election shall include the text of the amendment draft approved by the city commission, and such draft shall be deemed submitted to the electorate by the adoption of said resolution.

(c) A special election upon said amendment shall occur not less than 60 nor more than 120 days after the draft is submitted.
(Ord. No. 13770, § 2, 6-28-18)

Sec. 2-65. Public records.

(a) The city attorney shall act as the public records coordinator for all public records requests submitted to the city.

*__Editor's note—__Ord. No. 13770, § 2, adopted June 28, 2018, amended article III in its entirety to read as herein set out. Formerly, article III pertained to similar subject matter, and derived from the Code of 1967, §§ 2-11—2-13, 2-15—2-17; Ord. No. 9638, § 1, adopted June 9, 1983; the Code of 1980, §§ 2-31—2-33, 2-41, 2-46—2-48; Ord. No. 10116, § 1, adopted June 12, 1986; Ord. No. 11159, § 1, adopted June 9, 1994; Ord. No. 11564, § 4, adopted October 28, 1997; Ord. No. 11575, § 1, adopted November 26, 1997; Ord. No. 12106, § 2, adopted September 13, 2001; Ord. No. 12154, § 1, adopted November 15, 2001; Ord. No. 12175, § 1, adopted January 10, 2002; Ord. No. 12431, § 1, adopted November 13, 2003; Ord. No. 12893, § 2, adopted March 8, 2007; Ord. No. 13142, § 2, adopted February 11, 2010; Ord. No. 13289, § 1, adopted October 13, 2011, and Ord. No. 13676, § 2, adopted April 27, 2017.

(b) For purposes of this section, the following definitions shall apply:

Exemption means a provision of general law which provides that a specified record, or portion thereof, is not subject to the access requirements of F.S. § 119.07(1) or § 286.011, as amended, or Section 24, Article I of the Florida Constitution.

Public records means any and all documents, papers, letters, maps, books, tapes, photographs, sound recordings, data processing software, or other material, regardless of the physical form, characteristics, or means of transmission, made or received pursuant to law or ordinance or in connection with the transaction of official business of the city.

(c) In accordance with the provisions of F.S. § 119.07, as may be amended or revised from time to time, with respect to public records requests, the city is permitted and may charge the following fees:

(1) The city may collect a "per copy" fee or the actual cost for materials and supplies used to duplicate public records as established in F.S. § 119.07, as may be amended or revised from time to time.

(2) The city may charge an "extensive use fee" whenever extraordinary time constraint is designated by the person requesting copies or research of public records requiring extraordinary expenditure of time by the applicable records custodian. To comply with the request, the records custodian may collect the cost of providing such extraordinary services (i.e. the "extensive use fee") in advance and in addition to the fees set forth in this section. For purposes of this section, "extraordinary expenditure of time" shall mean 20 minutes or more. The extensive use fee shall be calculated using the hourly wage of the employee performing such services and shall not exceed the amounts permitted by law.

(3) For the certification of any public record, the city may collect a fee of $1.00 for each document certified plus the maximum fee(s) as provided pursuant to Florida Statutes for duplication of the public record.

(d) All city officials and department directors shall:

(1) Manage all record management functions within their respective departments and act in close coordination with the city attorney.

(2) With the advice and assistance of the city attorney, inventory all public records for disposition scheduling and transfer action in accordance with all applicable laws.

(3) Consult with any other personnel responsible for creation or maintenance of specific records within his/her department regarding records retention and transfer recommendations.

(4) Review established record retention schedules at least annually to ensure compliance.

(e) City officials and city department directors shall annually certify and file with the city clerk the departmental/office records disposition compliance authorization form provided by the city clerk within seven days after the end of each fiscal year. The foregoing procedure is established to ensure compliance with the provisions of F.S. §§ 119.041(1) and 257.36(6), as may be amended or revised from time to time, and Rule 1B-24.002, Florida Administrative Code, as may be amended or revised from time to time.
(Ord. No. 13770, § 2, 6-28-18)

DIVISION 3. INDEPENDENT AUDITOR GENERAL

Sec. 2-66. Appointment, qualifications of the independent auditor general.

The city commission shall appoint an independent auditor general ("IAG") pursuant to Section 48(b) of the City Charter. The IAG shall be qualified by education and have broad experience in auditing, accounting, and management.
(Ord. No. 13770, § 2, 6-28-18)

Sec. 2-67. Duties and powers of the independent auditor general.

(a) The IAG, subject to the control and direction of the city commission, pursuant to Section 48(c) of the City Charter, and upon requests from the city manager or any elected official shall be empowered to perform all internal audit functions.

(b) The IAG shall file written reports pursuant to Section 48(c) of the City Charter with the city commission reporting the results of individual audits undertaken in conformity with this section with copies to the mayor, city manager, and city attorney. Said reports shall, at a minimum, state:

(1) The subject of the audit;

(2) The findings of the audit; and

(3) The recommendations for action as a result of the audit, if any.

(c) The IAG shall file the annual audit report within 30 days from the end of the third quarter of the fiscal year.
(Ord. No. 13770, § 2, 6-28-18)

Sec. 2-68. Staffing.

The IAG shall employ such professional assistants and support personnel as shall be designated by the IAG and as are approved in the city's annual budget, as may be amended from time to time by the city commission. All employees of the IAG are placed under the direct supervision and control of the IAG.
(Ord. No. 13770, § 2, 6-28-18)

Sec. 2-69. Operating procedures and responsibilities.

Audits to be performed by the IAG shall be requested by the city commission, any member of the city commission, the mayor, the city manager, the city attorney, or the city clerk at a public meeting. The city commission may, by majority vote, direct the IAG not to conduct any such requested audit.
(Ord. No. 13770, § 2, 6-28-18)

Sec. 2-70. Special assignments.

The IAG, subject to specific authorization and direction by the city commission, is authorized to execute special audits and assignments in matters not expressly set forth herein including, but not limited to:

(1) Assistance to any independent auditor of the city, and

(2) Cooperation with the city's audit advisory committee.

(Ord. No. 13770, § 2, 6-28-18)

Secs. 2-71—2-140. Reserved.

DIVISION 4. CITY CLERK

Sec. 2-141. Recordation and indexing of ordinances.

The city clerk shall procure a suitably bound book, in which the city clerk shall record, within ten days after their passage, all ordinances adopted by the city commission, and the city clerk shall make and keep a proper index to such ordinance book.
(Ord. No. 13770, § 2, 6-28-18)

Sec. 2-142. Fees for copies of ordinances and other records.

(a) For the preparation and issuance of photocopies of resolutions, ordinances, and all other official records of the city prepared and issued through the city clerk's office, the city clerk shall collect the maximum fee as provided by law.

(b) For the preparation and issuance of copies of resolutions, ordinances, and all other official records on microfilm, the city clerk shall collect the maximum fee as provided by law.

(c) For the service of duplicating cassette tapes from original tapes used by the city clerk in the voice recording of city commission meetings, the city clerk shall collect a fee as provided by law for such service, provided the person requesting such service furnishes his or her own cassette; if the city clerk furnishes the cassette, the city clerk shall collect a fee of $8.50. For the

service of duplicating digital voice recordings in compact disc form of city commission proceedings, the city clerk shall collect a fee not greater than $15.75 to cover the costs associated with providing such service.

(d) For the certification of any document, the city clerk shall collect a fee of $1.00 for each document certified, plus the maximum fee(s) as provided pursuant to Florida Statutes for duplication of the public record.
(Ord. No. 13770, § 2, 6-28-18)

Secs. 2-143—2-159. Reserved.

DIVISION 5. OFFICE OF THE INSPECTOR GENERAL

Sec. 2-160. Office of the inspector general.

(a) *Created and established.* There is hereby created and established the office of the inspector general. The inspector general shall head the office. The organization and administration of the office of the inspector general shall be sufficiently independent to assure that no interference or influence external to the office adversely affects the independence and objectivity of the inspector general.

(b) *Minimum qualifications, appointment and term of office.*

(1) Minimum qualifications. The inspector general shall be a person who:

a. Has at least ten years of experience in any one, or combination of, the following fields:

1. As a federal, state or local law enforcement officer;

2. As a federal or state court judge;

3. As a federal, state or local government attorney;

4. Progressive supervisory experience in an investigative public agency similar to an inspector general's office;

b. Has managed and completed complex investigations involving allegations of fraud, theft, deception and conspiracy;

c. Has demonstrated the ability to work with local, state and federal law enforcement agencies and the judiciary;

d. Has broad experience in auditing, accounting, and management;

e. Has a four-year degree from an accredited institution of higher learning; and

(2) The applicant shall pass a level II background screening and financial background check.

(3) Appointment. The inspector general shall be appointed by the ad hoc inspector general selection committee ("selection committee"), except that before any appointment shall become effective, the appointment must be approved by a majority of the city commission at the next regularly scheduled city commission meeting after the appointment. In the event that the appointment is disapproved by the city commission, the appointment shall become null and void, and the selection committee shall make a new appointment, which shall likewise be submitted for approval by the city commission. The selection committee shall be composed of five members selected as follows:

a. The State Attorney of the Eleventh Judicial Circuit for Miami-Dade County or a designee of the office;

b. The Public Defender of the Eleventh Judicial Circuit for Miami-Dade County or a designee of the office;

c. The chairperson of the Miami-Dade Commission on Ethics and Public Trust or a designee of the office;

d. The president of the Miami-Dade Police Chief's Association or a designee of the office; and

e. The special agent in charge of the Miami Field Office of the Florida Department of Law Enforcement or a designee of the office.

The members of the selection committee shall elect a chairperson who shall serve as chairperson until the inspector general is appointed. The selection committee shall select the inspector general from a list of qualified candidates submitted by the city human resources department.

(4) Term. The inspector general shall be appointed for a term of four years. In case of a vacancy in the position of inspector general, the chairperson of the city commission may appoint the deputy inspector general, assistant inspector general, or other inspector general's office management personnel as interim inspector general until such time as a successor inspector general is appointed in the same manner as described in subsection (b)(2) above. The city commission may, by majority vote of members present, disapprove of the interim appointment made by the chairperson at the next regularly scheduled city commission meeting after the appointment. In the event such appointment shall be disapproved by the city commission, the appointment shall become null and void and, prior to the next regularly scheduled commission meeting, the chairperson shall make a new appointment which shall likewise be subject to disapproval as provided in this subsection (3). Any successor appointment made by the selection committee as provided in subsection (b)(2) shall be for a full four-year term.

Upon expiration of the term, the city commission may, by majority vote of members present, reappoint the inspector general to another term. In lieu of reappointment, the city commission may reconvene the selection committee to appoint a new inspector general in the same manner as described in subsection (b)(2). The incumbent inspector general may submit his or her name as a candidate to be considered for selection and appointment.

(5) Staffing of selection committee. The city human resources department shall provide staffing to the selection committee and, as necessary, will advertise the acceptance of resumes for the position of inspector general and shall provide the selection committee with a list of qualified candidates. The city human resources department shall also be responsible for ensuring that background checks are conducted on the slate of candidates selected for interview by the selection committee. The city human resources department may refer the background checks to another agency or department. The results of the background checks shall be provided to the selection committee prior to the interview of candidates.

(c) *Contract.* The director of the human resources department shall, in consultation with the city attorney, negotiate a contract of employment with the inspector general, except that before any contract shall become effective, the contract must be approved by a majority of commissioners present at a regularly scheduled commission meeting.

(d) *Functions, authority and powers.*

(1) The office shall have the authority to make investigations of city affairs and the power to review past, present and proposed city programs, accounts, records, contracts and transactions.

(2) The office shall have the power to require reports from the mayor, city commissioners, manager, city agencies and instrumentalities, city officers and employees and any independent agencies with ties to the city and its officers and employees regarding any matter within the jurisdiction of the inspector general.

(3) The office shall have the power to subpoena witnesses, administer oaths and require the production of records. In the case of a refusal to obey a subpoena

issued to any person, the inspector general may make application to any circuit court of this state which shall have jurisdiction to order the witness to appear before the inspector general and to produce evidence if so ordered, or to give testimony touching on the matter in question. Prior to issuing a subpoena, the inspector general shall notify the State Attorney and the U.S. Attorney for the Southern District of Florida. The inspector general shall not interfere with any ongoing criminal investigation of the State Attorney or the U.S. Attorney for the Southern District of Florida where the State Attorney or the U.S. Attorney for the Southern District of Florida has explicitly notified the inspector general in writing that the inspector general's investigation is interfering with an ongoing criminal investigation;

(4) The office shall have the power to report and/or recommend to the board of city commissioners whether a particular project, program, contract or transaction is or was necessary and, if deemed necessary, whether the method used for implementing the project or program is or was efficient both financially and operationally. Any review of a proposed project or program shall be performed in such a manner as to assist the city commission in determining whether the project or program is the most feasible solution to a particular need or problem. Monitoring of an existing project or program may include reporting whether the project is on time, within budget and in conformity with plans, specifications and applicable law;

(5) The office shall have the power to analyze the need for, and the reasonableness of, proposed change orders. The inspector general shall also be authorized to conduct any reviews audits, inspections, investigations or analyses relating to departments, offices, boards, activities, programs and agencies of the city or with ties to the city.

(6) The inspector general may, on a random basis, perform audits, inspections and reviews of all city contracts. The cost of random audits, inspections and reviews shall, except as provided in subsections a.—n. in this subsection (6) be incorporated into the contract price of all contracts and shall be one-quarter of one percent of the contract price (hereinafter "IG contract fee"). The IG contract fee shall not apply to the following contracts:

a. IPSIG contracts;

b. Contracts for legal services;

c. Contracts for financial advisory services;

d. Auditing contracts;

e. Facility rentals and lease agreements;

f. Concessions and other rental agreements;

g. Insurance contracts;

h. Revenue-generating contracts;

i. Contracts where an IPSIG is assigned at the time the contract is approved by the commission;

j. Professional service agreements under $1,000.00;

k. Management agreements;

l. Small purchase orders;

m. Federal, state and local government-funded grants; and

n. Interlocal agreements.

Notwithstanding the foregoing, the commission may by resolution specifically authorize the inclusion of the IG contract fee in any contract. Nothing contained in this subsection (c)(6) shall in any way limit the powers of the inspector general provided for in this section to perform audits, inspections, reviews and investigations on all city contracts including, but not limited to, those contracts specifically exempted from the IG contract fee.

(7) Where the inspector general detects corruption or fraud, he or she must notify

the appropriate law enforcement agencies. Subsequent to notifying the appropriate law enforcement agency, the inspector general must assist the law enforcement agency in concluding the investigation. When the inspector general detects a violation of the Miami-Dade Code of Ethics, he or she may file a complaint with the Miami-Dade Commission on Ethics and Public Trust.

(8) The inspector general shall have the power to audit, investigate, monitor, oversee, inspect and review the operations, activities and performance and procurement process including, but not limited to, project design, establishment of bid specifications, bid submittals, activities of the contractor, its officers, agents and employees, lobbyists, city staff and elected officials in order to ensure compliance with contract specifications and detect corruption and fraud.

(9) The inspector general shall have the power to review and investigate any sworn, non-anonymous complaints, on a form acceptable to the inspector general, regarding city programs, agencies, contracts or transactions, officials or employees. Such sworn complaint must be based upon personal knowledge or information other than hearsay and signed under oath or affirmation by any person.

(10) The inspector general may exercise any of the powers contained in section 2-160 upon his or her own initiative.

(11) The inspector general shall be notified in writing prior to any meeting of a selection or negotiation committee where any matter relating to the procurement of goods or services by the city is to be discussed. The notice required by this subsection (11) shall be given to the inspector general as soon as possible after a meeting has been scheduled, but in no event later than 24 hours prior to the scheduled meeting. The inspector general may, at his or her discretion, attend all duly noticed city meetings relating to the procurement of goods or services as provided herein, and, in addition to the exercise of all powers conferred by section 2-160, may pose questions and raise concerns consistent with the functions, authority and powers of the inspector general. An audio recorder shall be utilized to record all selection and negotiation committee meetings.

(12) The inspector general shall have the authority to retain and coordinate the services of Independent Private Sector Inspectors General (IPSIG) or other professional services, as required, when in the inspector general's discretion he or she concludes that such services are needed to perform the duties and functions enumerated in subsection (d) herein.

(13) Examine city audit functions and accounting systems, provide budget and legislative analysis, conduct financial, operational, compliance, single act and performance audits of city government, officials, and independent agencies, with reports submitted to the city commission as deemed necessary by the inspector general, from time to time, and copied to the administration.

(14) Review and approve outside employment requests for the mayor, commissioners, and appointed officers of the city. The office shall also review and provide comments on outside employment requests of employees prior to final approval by the city manager.

(15) Perform spot reviews of financial disclosure forms and gift disclosure forms.

(16) Upon receipt of a sworn written statement challenging the qualifications of a candidate for election, the office shall have ten days to conduct an investigation as to the allegations in the statement. If the inspector general determines that the candidate does not meet the qualifications of the office for which he or she has qualified, the inspector general is authorized and directed to file and

prosecute an appropriate action in circuit court with an attorney other than the city attorney.

(e) *Physical facilities and staff.*

(1) The city shall provide the office of the inspector general with appropriately located office space and sufficient physical facilities together with necessary office supplies, equipment and furnishings to enable the office to perform its functions.

(2) The inspector general shall have, subject to budgetary allocation by the city commission, the power to appoint, employ, and remove such assistants, employees and personnel and establish personnel procedures as deemed necessary for the efficient and effective administration of the activities of the office.

(f) *Audit reports.* The inspector general shall file written reports reporting the results of individual audits undertaken in conformity with this section with copies to the city commissioners, the mayor, the city manager, and the city attorney. Said reports shall, at a minimum, state:

(1) The subject of the audit;

(2) The findings of the audit; and

(3) The recommendations for action as a result of the audit, if any.

(g) *Procedure for finalization of reports and recommendations which make findings as to the person or entity being reviewed or inspected.* Notwithstanding any other provision of this Code, whenever the inspector general concludes a report or recommendation which contains findings as to the person or entity being reported on or who is the subject of the recommendation, the inspector general shall provide the affected person or entity a copy of the report or recommendation and such person or entity shall have 15 working days to submit a written explanation or rebuttal of the findings before the report or recommendation is finalized, and such timely submitted written explanation or rebuttal shall be attached to the finalized report or recommendation. The requirements of this subsection (f) shall not apply when the inspector general, in conjunction with the state attorney, determines that supplying the affected person or entity with such report will jeopardize a pending criminal investigation.

(h) *Reporting.* The inspector general shall annually prepare and submit to the mayor and city commission a written report concerning the work and activities of the office including, but not limited to, statistical information regarding the disposition of closed investigations, audits and other reviews. The audit report shall be filed within 30 days from the end of the third quarter of the fiscal year.

(i) *Removal.* The inspector general may be removed from office upon the affirmative vote of four-fifths of the city commission.
(Ord. No. 14320, § 2, 10-15-24)

Secs. 2-161—2-180. Reserved.

ARTICLE IV. DEPARTMENTS*

DIVISION 1. GENERALLY

Secs. 2-181—2-200. Reserved.

DIVISION 2. PLANNING, BUILDING AND ZONING DEPARTMENT

Sec. 2-201. Created.

There is hereby created a department to be known as the planning, building and zoning department.
(Code 1967, § 2-19; Ord. No. 8742, § 1, 1-11-78; Ord. No. 10089, § 2, 3-27-86; Code 1980, § 2-69)

Sec. 2-202. Director—Appointment.

The city manager is hereby authorized to appoint the director of the planning, building and zoning department.
(Code 1967, § 2-20; Ord. No. 10089, § 2, 3-27-86; Code 1980, § 2-70)

---

*__Charter references__—Authority of city commission to create new departments or change duties or discontinue existing departments, §§ 19, 19-A; department of law, § 21.

__City Code cross references__—Downtown development authority, § 14-26 et seq.; police department, ch. 42.

Sec. 2-203. Same—Supervision and control of department.

Subject to the supervision and control of the city manager in all matters, the director shall administer the affairs of the planning, building and zoning department.
(Code 1967, § 2-21; Ord. No. 10089, § 2, 3-27-86; Code 1980, § 2-71)

Sec. 2-204. Functions of department.

The functions of the planning, building and zoning department shall include the management and supervision of all functions and personnel of the planning, building, electrical, plumbing, and zoning functions, and boiler and elevator inspection.
(Code 1967, § 2-22; Ord. No. 10089, § 2, 3-27-86; Code 1980, § 2-72)

Sec. 2-205. Divisions of department; directors.

(a) The planning, building and zoning department shall have two divisions, the division of planning and zoning and the building division. Each division shall have a director.

(b) Under the supervision of the city manager, the director of the planning and zoning division shall be responsible for, among other things:

(1) Preparation of neighborhood plans in order to complement the metropolitan master planning responsibilities.

(2) Conducting studies of the city's population, land use, facilities, resources, needs and other factors which influence the city's development and redevelopment, and, on the basis of such studies, prepare official and other maps and reports.

(3) Preparation for the review and public hearing by the department of administration for planning advisory board and zoning board, and for adoption by the city commission of zoning, subdivision and related regulations for the city.

(4) Conducting special surveys and studies and reporting thereon, at the direction of the mayor, city commission and the city manager.

(5) Promoting public understanding of an interest in the master plan and orderly community development.

(6) Sitting on and cooperating with the plat committee of the city and making recommendations on all proposed plats and local area developments.

(7) Coordinating planning activities with the county's planning department so as to complement the efforts of that agency as the agencies may overlap or affect each other with regard to urban renewal, redevelopment, public housing and related matters.

(8) Formulating city guides and standards establishing minimum guidelines and standards for the administrative review of off-street parking lots, garages and related landscaping; landscaping generally; urban plazas, throughout the city; Latin Quarter district, all in conjunction with the zoning ordinance; and bay/riverwalks in conjunction with the zoning ordinance and section 3(mmm) of the Charter. The city guides and standards, upon approval by the city commission, shall be administered by the planning, building and zoning department and recorded and kept on file for public inspection in the city clerk's office.

(c) The functions of the planning and zoning division shall include, but not to be limited to, the following:

(1) Reviewing and making recommendations regarding the city capital improvements program, but shall not assume the responsibility of the financial planning to fund the program.

(2) Preparation and making of staff findings and recommendations for the planning advisory board and zoning board for those requests that are scheduled for public hearing.

(3) Providing staff support for the planning advisory board and zoning board.

(4) Preparation of the comprehensive plan for the welfare, recreational, economic and physical development of the city pursuant to F.S. ch. 163 and under the direction of the city manager and with the advice of the planning advisory board and zoning board.

(Code 1967, §§ 2-61—2-69; Ord. No. 9612, § 1, 4-28-83; Ord. No. 10430, § 1, 4-28-88; Code 1980, §§ 2-135—2-139; Ord. No. 11564, § 4, 10-28-97)

Sec. 2-206. Fees for extraordinary services in connection with reproduction of records, plans and maps, including those on microfilm.

A fee is established for furnishing services in connection with the reproduction of records, plans and maps, including those on microfilm, of the planning, building and zoning department. The fee shall be the maximum permitted in state law, if applicable, and is on file in the offices of the department.

(Code 1967, § 2-24; Ord. No. 8866, § 1, 10-24-78; Ord. No. 9615, § 1, 5-12-83; Ord. No. 10089, § 4, 3-27-86; Ord. No. 10452, § 1, 7-14-88; Code 1980, § 2-74)

State law reference—Cost of duplicating public records, F.S. § 119.07(1).

Sec. 2-207. Zoning certificate of use required; annual reinspection of buildings and premises; fees for inspections and issuance of certificates.

(a) *Inspection and service fees for certificate of use.* All persons applying for a certificate of use shall pay a $50.00 application fee, which shall be credited towards any final fees upon completion of the certificate of use application process, as well as the following inspection and service fees:

(1) *Residential, other than single-family residence or two-family housing, as defined by Miami 21.*

a. Three to 12 units: $313.00

b. Each additional unit: $25.00

(2) *Lodging as defined by Miami 21.*

a. First 12 units or less: $313.00

b. Each additional unit: $25.00

(3) *Office as defined by Miami 21.*

a. First 2,000 square feet or less: $313.00

b. Each additional 1,000 square foot or part thereof in excess 2,000 square feet: $63.00

(4) *Commercial as defined by Miami 21.*

a. First 2,000 square feet or less: $313.00

b. Each additional 1,000 square foot or part thereof in excess of 2,000 square feet: $63.00

(5) *Civic as defined by Miami 21.*

a. First 1,000 square feet or less: $63.00

b. Each additional 1,000 square foot or part thereof in excess 2,000 square feet: $31.00

(6) *Civil support as defined by Miami 21.*

a. First 2,000 square feet or less: $313.00

b. Each additional 1,000 square foot or part thereof in excess 2,000 square feet: $63.00

(7) *Educational as defined by Miami 21.*

a. First 1,000 square feet or less: $125.00

b. Each additional 1,000 square foot or part thereof in excess 2,000 square feet: $31.00

(8) *Industrial as defined by Miami 21.*

a. First 2,000 square feet or less: $313.00

b. Each additional 1,000 square foot or part thereof in excess 2,000 square feet: $63.00

(9) *Miscellaneous.* All uses not previously covered by this section shall be assessed a fee as provided for in "Commercial," subsection (a)(4).

(10) *Sharing by a sublessee office space approved under an existing certificate of use (excluding sharing a coworking or virtual office):* $125.00

(11) *Amendment to an existing CU not requiring inspections:* $125.00

(12) If a certificate of use is revoked, the building, unit or space in which the revocation occurs is subject to a fee of $500.00 prior to approval of a new certificate of use.

(13) Certificates of use shall include the following information: the specific address, business name, corporate name, and the type(s) of business for which it was issued.

In the event of a new certificate of use, which requires city field inspections, the full fees outlined in City Code, section 2-207 shall apply. These fees are applicable in the following circumstances:

a. Changes in the business name, ownership, use, address, folio number, or Federal Employer Identification Number (FEIN).

b. Expansion or reduction of the square footage occupied by the business.

c. Inclusion of additional uses or the exclusion of previously approved uses, regardless of any approved use that still remains.

d. Any changes to the structure that have been approved by a final building inspection.

(14) Issuance of a temporary certificate of use shall be subject to a fee of $250.00. Renewal of a temporary certificate of use shall be subject to a fee of $50.00 per renewal.

(b) *Certificates of use for new buildings and premises and for change of use.*

(1) No new buildings or premises or part thereof and no existing building or premises when there has been a change of use in said building or premises, except one- and two-family residences, shall be occupied until a zoning certificate of use shall have been issued by the zoning office. Certificates of use shall not be issued until the premises have been inspected and found to comply with all code requirements of the zoning office, fire-rescue department and such other agencies as may have jurisdiction. All applications for certificates of use shall expire 90 working days from the date of application if approval is not received for issuance of a certificate, unless the space is under construction with a valid building permit and approvals cannot be made until work is completed.

a. Buildings designed or proposed to be used as office buildings shall require one zoning certificate of use for each separate office tenant and one for each commercial use activity contained therein, provided that for coworking or virtual offices, only one certificate of use is required. Each separate office tenant in existing office buildings not having an individual certificate of use on the effective date of this section must obtain one prior to the renewal of its city local business tax receipt.

b. Apartment buildings, hotels, and other multiple-residential occupancies containing three or more units and occupied only by residential tenants shall require one zoning certificate of use per building.

c. Apartment buildings, hotels, and other residential occupancies containing commercial tenants shall require additional zoning certificates of use for each commercial use activity contained therein.

d. Industrial buildings containing one tenant shall require a single zoning certificate of use.

e. Industrial and commercial buildings containing more than one tenant shall require a zoning certificate of use for each tenant.

f. Buildings with common areas including, but not limited to, hallways, elevators, and lobbies, shall have a separate shell certificate of use.

(2) Upon the issuance of a zoning certificate of use for a building or premises, an annual inspection schedule will be established and annual inspections will be conducted thereafter.

(3) Annual inspections will be conducted to determine that each building or premises complies with the regulations established in the city zoning ordinance, building code, fire code, health regulations, and such other regulations that may apply to the particular building or premises.

(c) *Annual reinspection of buildings and premises.*

(1) Annual reinspection certificates will be issued, and each existing use or premises shall be inspected annually to determine that it complies with the provisions of applicable ordinances and regulations.

(2) The owner will be notified of any deficiencies noted, and appropriate reinspections may be made to determine that the deficiencies have been corrected.

(3) With the exception of life-safety facilities (which may be from time to time required to be upgraded by the provisions of the Florida Building Code or the Florida Fire Prevention Code), only those regulations which were in effect at the time a particular occupancy or use was established will be applicable.

(4) The invoice for the issuance of the annual reinspection certificate will be billed during the fiscal year and said fees are herein fixed as follows:

a. *Residential, other than single-family residence and two-family housing, as defined by Miami 21:*

1. Three to 12 units: $63.00
2. 13 to 50 units: $88.00
3. Each additional unit: $3.00

b. *Lodging as defined by Miami 21:*

1. First 12 units or less: $63.00
2. 13 to 50 units: $88.00
3. Each additional unit: $3.00

c. *Office as defined by Miami 21:*

1. Less than 500 square feet: $50.00
2. 500 square feet or more but less than 2,500 square feet: $63.00
3. 2,500 square feet or more but less than 5,000 square feet: $75.00
4. 5,000 square feet or more but less than 15,000 square feet: $88.00
5. 15,000 square feet or more but less than 25,000 square feet: $100.00
6. 25,000 square feet or more but less than 50,000 square feet: $113.00
7. 50,000 square feet or more: $125.00

d. *Commercial as defined by Miami 21:*

1. Less than 500 square feet: $50.00
2. 500 square feet or more but less than 2,500 square feet: $63.00
3. 2,500 square feet or more but less than 5,000 square feet: $75.00
4. 5,000 square feet or more but less than 15,000 square feet: $88.00
5. 15,000 square feet or more but less than 25,000 square feet: $100.00
6. 25,000 square feet or more but less than 50,000 square feet: $113.00
7. 50,000 square feet or more: $125.00

e. *Civic as defined by Miami 21:* $94.00

f. *Civil support, other than hospitals, as defined by Miami 21:*

1. Less than 20,000 square feet: $63.00
2. 20,000 square feet or more but less than 50,000 square feet: $75.00
3. 50,000 square feet or more: $125.00

g. *Hospitals:*

1. 100 beds or less: $156.00
2. Each bed over 100: $2.10

h. *Educational as defined by Miami 21:*

1. Less than 10,000 square feet: $94.00
2. 10,000 square feet or more but less than 50,000 square feet: $125.00
3. 50,000 square feet or more: $156.00

i. *Industrial as defined by Miami 21:*

1. Less than 500 square feet: $50.00
2. 500 square feet or more but less than 2,500 square feet: $63.00
3. 2,500 square feet or more but less than 5,000 square feet: $75.00
4. 5,000 square feet or more but less than 15,000 square feet: $88.00
5. 15,000 square feet or more but less than 25,000 square feet: $100.00
6. 25,000 square feet or more but less than 50,000 square feet: $113.00
7. 50,000 square feet or more: $125.00

j. *Miscellaneous.* All uses not previously covered by this section shall be assessed a fee as provided for under "Commercial," subsection (c)(4)d.

(5) When a reinspection is required due to continued life safety violations after the second inspection by the department of fire-rescue, there shall be charged a fee of $63.00.

(6) Any renewal fee specified in subsection (c)(4) above, which is not paid by the due date specified, will be considered delinquent and assessed a penalty of ten percent of the current renewal fee plus an additional five-percent penalty for each month of delinquency thereafter, until paid. However, the total delinquency penalty shall not exceed 25 percent of the certificate of use fee for any annual period.

(d) *Fees for accessory use certificates.*

(1) All persons desiring to have a home office as defined in Miami 21 shall apply to the zoning office for an accessory use certificate, which shall be granted upon payment of an annual fee of $94.00 to the city and when issued shall be valid through the following September 30. In instances where a person 65 years of age or over is engaged in the conduct of home occupation, there shall be no required payment of an accessory fee in conjunction with the issuance of an accessory use certificate or the subsequent renewal of such certificate. All renewals of accessory use certificates shall be made on the subsequent renewal of such certificate or before October 1 of each calendar year.

(2) Those owners of private pleasure craft and housebarges on the Miami River shall apply to the zoning office for a housebarge/private pleasure craft accessory use certificate, which subject to inspection and compliance with applicable regulations, shall be granted upon the payment of an annual fee of $313.00; all required renewals shall be made on or before October 1 of each year hereafter.

(e) *Zoning inspection.*

(1) The city will provide, upon request of the owner or owner's agent, an on-site inspection of properties within the city by the code compliance department to ascertain whether zoning violations openly exist on the real property.

(2) The following fee shall be paid prior to each such inspection for each folio number: zoning inspection fee, $100.00.

(3) A report on the results of each such inspection will be issued to the owner or owner's agent and shall only constitute prima facie evidence of compliance/noncompliance with the city's zoning ordinance and shall not be conclusive proof of compliance/noncompliance with said zoning ordinance.

(4) Should a zoning violation be observed by a city zoning inspector during the course of an on-site inspection, the property owner will be required to appear before the code enforcement board of the city in regard to such violation no sooner than 30 days after said inspection, except as provided in subsection 2-814(c).

(f) There is hereby established a schedule of fees for reviewing plans on new construction and inspecting new construction performed by the department of fire-rescue, except for single-family and duplex residents:

(1) *Minimum fee:* $63.00

(2) *New building or additions:*

Each 100 square feet or fractional part of floor area: $1.80

(3) *New construction other than as specified herein (water towers, pylons, bulk storage-tank foundations, seawalls, bulkheads, unusual limited-use buildings, freestanding rigid canopies, marquees and similar construction):*

Each $1,000.00 of estimated cost or fractional part: $1.80

(4) *Alterations and repairs to buildings and other structures:*

Up to $1,000.00 of estimated cost or fractional part: $6.00

Each additional $1,000.00 of estimated cost or fractional part: $1.80

(5) *Expedited plan review service:*

Reviews conducted by external entity: Actual cost plus 20 percent.

Reviews conducted internally: Per every four hours of review or fraction thereof: $313.00

City Code cross reference—Schedule of zoning and planning fees, § 62-22.

Sec. 2-208. New permits prohibited, non-homestead properties.

Permits may not be issued for a non-homestead property with any outstanding building department violations except that permits required to cure life safety issues, permits which are required to bring outstanding violations into compliance, permits for units within buildings to which such violations or monies owed are not attributable to the permit applicant or permits for any properties owned by a governmental entity are exempted from this prohibition. If a permit required to cure an existing violation has been applied for, with a complete application that is being reviewed by the appropriate department, additional permits

may be issued for the property that is the subject of violations or monies owed. Additional permits issued are conditioned to prohibit the issuance of a certificate of occupancy or completion (including temporary or partial certificates of occupancy or completion) until the permit to cure the original outstanding building violation has been finalized and closed and all monies owed, inclusive of costs, to the city are paid. Any exemption listed herein may not be utilized for multi-unit structures wherein the violation has created a life safety issue for either the adjacent units or the structure in its entirety.

(Ord. No. 13717, § 2, 12-14-17; Ord. No. 14078, § 2, 7-28-22; Ord. No. 14283, § 2, 5-23-24)

Editor's note—Prior to the reenactment of section 2-208 by Ord. No. 13717, § 2, adopted December 14, 2017, Ord. No. 13311, § 2, adopted February 23, 2012, repealed the former section 2-208 in its entirety, which pertained to the fee for inspections and examinations of plans for compliance with the provisions of the City of Miami zoning ordinance, and derived from the Code of 1967, § 2-24.2; Ord. No. 8687, § 1, adopted September 8, 1977; Ord. No. 9189, § 1, adopted October 30, 1980; Ord. No. 9345, § 1, adopted November 12, 1981; Ord. No. 10089, § 6, adopted March 27, 1986; Ord. No. 10158, § 1, adopted October 7, 1986; Ord. No. 10397, § 1, adopted March 10, 1988; Ord. No. 10453, § 1, adopted July 14, 1988; Ord. No. 11007, § 1, adopted October 8, 1992; Ord. No. 11077, § 3, adopted July 22, 1993; the Code of 1980, § 2-76; Ord. No. 11353, § 3, adopted April 25, 1996, and Ord. No. 13108, § 2, adopted October 8, 2009.

Sec. 2-209. Bond required for the moving of buildings.

(a) *Authorization.* The director of the planning, building and zoning department is authorized to require that a bond be posted in connection with the moving of buildings to assure that any property damage caused during transportation is repaired.

(b) *Amount of bond.* Amount of required bond will be determined as follows: $0.50 per square foot of building to be moved. Bond may be from a surety company or a cashier's check, payable to the "City of Miami," or cash.

(c) *Release of bond.*

(1) When the moving of any building for which a permit has been granted is completed and all damage, if any, to public streets or other public property has been repaired to the satisfaction of the director of the resilience and public works department and all costs of repairing the damages have been paid, any portion of the bond then remaining shall be returned. Should the cost, however, of repairing damages and/or performing other work as may be required hereunder exceed the total amount of the bond, the person or firm to whom said permit was granted shall be held liable for the amount of damages and/or other costs which are in excess of the bond proceeds.

(2) Prior to release of bond or return of unused monies, the fee set forth in the then-existing permit fee schedule for reinspections shall be paid or deducted from said bond proceeds for each required inspection or reinspection.

(d) *Retention of unclaimed bond.* All right, title and interest in bond proceeds which have been or which may be deposited with the city by reason of building moving activity, unless claimed by the person or firm submitting the same within 90 days from the date that notice has been sent by the city via certified mail to the last known address of the said person or firm, shall be vested in the city, and shall be promptly paid into the city treasury.

(Ord. No. 9466, § 1, 7-22-82; Ord. No. 10089, § 7, 3-27-86; Code 1980, § 2-89; Ord. No. 13792, § 1, 10-11-18)

Sec. 2-210. Phased design and construction (east track).

(a) *Procedures and guidelines.* Procedures and guidelines for requests by owner/developer or owner shall be in accordance with those maintained as required by the department of fire-rescue, and the planning, building and zoning department, and attached hereto, but not reproduced at length herein and on file in the offices of the respective departments.

(b) *Application and agreements.* Application for approval and required agreement of design and construction procedure shall be as outlined in the aforementioned procedures and guidelines.

(c) *Fees.* Fees shall be as paid in accordance with fee schedule as provided in Ordinance No. 6145 as amended, section 5d.(24) [adopting the South Florida Building Code, on file in the office of the city clerk].
(Ord. No. 9913, § 1, 10-10-84; Code 1980, § 2-90)

Sec. 2-211. Denial or revocation of certificate of use.

(a) The zoning administrator may deny the issuance or renewal of a certificate of use when there are any outstanding city liens or invoices due and owing.

(b) Denial or revocation of certificate of use. The zoning administrator may deny the issuance or renewal, or revoke a certificate of use only for any of the following reasons:

(1) The applicant provided a material false statement in the application or in the supplemental or additional statements of fact or studies required by the city.

(2) There is a failure to comply with the terms or conditions of the certificate of use.

(3) There is a violation of the provisions of this division.

(4) The certificate of use holder subsequent to being issued a certificate of use, has been convicted of, or has pled guilty to, a violation of a law of Florida, or ordinance of Miami-Dade County or the city, which violation resulted from actions relating to the terms or conditions of the certificate of use.

(5) The certificate of use holder is engaging or has engaged in an activity from the proposed premises that is not in compliance with a zoning ordinance or other city ordinance.

(6) The business tax receipt ("BTR") for the certificate of use holder has been denied, suspended or revoked.

(7) In the event that the unsafe structures panel determines the existence of an unsafe structure violation pursuant to chapter 10 of the City Code, any occupied structure which requires a certificate of use for itself and/or tenants shall be required to provide a letter from a Florida licensed engineer or architect stating the structure is safe for occupancy in order to obtain and/or maintain a certificate of use. Without such letter, a certificate of use shall be revoked or denied. This letter must be updated a minimum of every 12 months until the violation has been complied. If there is an order to demolish the structure by the unsafe structure panel or it is determined by the building official that there is actual or immediate danger of the failure or collapse of a structure, the building official or designee shall refer the violation to the zoning department and the zoning administrator shall then initiate the revocation of any active certificates of use and deny any subsequent applications for a certificate of use until such time as the violation has been complied.

(c) The zoning administrator shall send written notice of the revocation, reason for the revocation and the effective date of the revocation to the holder of the certificate of use at the address of record on file with the city.

(d) Appeal. If a certificate of use is denied or revoked, the applicant or an aggrieved party who resides, occupies, or owns property within 500 feet of the property may file an appeal with the office of hearing boards within 15 days of the decision to deny or revoke the certificate of use. The appeal shall be heard at the next available regular meeting of the planning, zoning and appeals board. The decision of the planning, zoning and appeals board regarding a certificate of use may be appealed to the city commission by an applicant, an aggrieved party who resides, occupies or owns property within 500 feet of the affected property, or the planning and zoning department.
(Ord. No. 13264, § 2, 5-12-11; Ord. No. 13587, § 2, 1-28-16; Ord. No. 13612, § 2, 6-23-16; Ord. No. 13936, § 2, 10-22-20; Ord. No. 14283, § 2, 5-23-24; Ord. No. 14383, § 2, 7-24-25)

Sec. 2-212. Reserved.

Editor's note—Pursuant to Ord. No. 13280, adopted July 28, 2011; modified by Ord. No. 13539, adopted July 23, 2015; modified by Ord. No. 13660, adopted February 23, 2017; and modified by Ord. No. 13684, adopted May 25, 2017; the program previously known as the "Nonconforming Use Pilot Program" codified in section 2-212 was to automatically terminate on August 1, 2017. Accordingly, the language for this program was deleted from the Code in September 2017.

Sec. 2-213. Reserved.

Editor's note—Pursuant to Ord. No. 13468, adopted July 24, 2014, the program previously known as the "Pilot Program for Distressed Development Sites" codified in section 2-213 was to automatically terminate on August 1, 2015. Accordingly, the language for this program was deleted from the Code in September 2017.

Sec. 2-214. Ancillary dwelling unit (ADU) compliance.

(a) *Registration process for rented ADUs.*

(1) *Registration requirements.* In order to rent an ADU, the property owner or their authorized agent shall obtain:

a. An approved building permit, including a notarized "ADU owner disclosure statement"; and

b. An approved "certificate of occupancy (CO)"; and

c. An approved "ADU registration certificate".

(2) *Initial registration process.*

a. At the time of building permit, the property owner or their authorized agent shall submit a notarized "ADU owner disclosure statement" to the office of zoning. The statement describes the terms of the ADU program, owner responsibilities, and rental provisions.

1. Structures that were legally permitted prior to the establishment of this section and are intended to be rented ADUs shall provide the disclosure statement at registration.

2. If a change in ownership occurs, the new owner or authorized agent will be required to submit an "ADU owner disclosure statement".

b. Once a valid "certificate of occupancy (CO)" has been obtained, the property owner or their authorized agent shall, prior to renting, register the ADU with the office of zoning and obtain an "ADU registration certificate".

c. The property owner or their authorized agent shall provide proof of homestead exemption for the property.

d. The registration process shall include a virtual or physical inspection of the ADU for compliance with any applicable codes and regulations.

(3) *Annual renewal process.*

a. The "ADU registration certificate" shall be renewed on an annual basis.

b. As part of the renewal process, the property owner or their authorized agent shall provide proof of current homestead exemption for the property.

c. The renewal process shall include a virtual or physical inspection of the ADU for compliance with any applicable codes and regulations.

d. The office of zoning shall have the authority to revoke any "ADU registration certificate" if there is evidence of non-compliance with the provisions of this section or the Miami 21 Zoning Code or failure to pay the associated fee.

(b) *Homestead exemption requirement.*

(1) Homestead means the property is designated as the primary residence of the owner and qualifies for a homestead exemption under Florida law.

(2) If homestead status lapses or changes, the property owner shall notify the office

of zoning within 30 days. Failure to maintain or disclose changes in homestead status may result in denial or revocation of the ADU registration certificate and/or shall result in a violation of the Miami 21 Zoning Ordinance and penalties applied to the property pursuant to article X of chapter 2 of the City Code.

(c) *Predominately permanent housing.* In accordance with the provision stated in the Miami 21 Zoning Code, ADUs shall only be used as predominately permanent housing.

(d) *Time periods.*

(1) An "ADU registration certificate" remains valid for the fiscal year in which it is issued unless otherwise stated in the provisions of this section.

(2) An application for an "ADU registration certificate" shall expire 90 business days after submission, if not approved. An application may continue beyond 90 days if a valid building permit with an active process number is submitted to address any deficiencies found at the time of inspection. In such cases, the period may extend until work is completed. Applications without a permit shall be deemed abandoned and require reapplication with all necessary fees.

(3) "ADU registration certificate" renewals are issued at the start of the fiscal year.

(e) *Inspections.*

(1) *General requirements.*

a. All initial ADU registration applications and annual renewals shall include an inspection to ensure ongoing compliance with applicable regulations.

b. The purpose of the inspection is to verify compliance with the ADU standards as set forth in the Miami 21 Zoning Ordinance and other applicable codes. The inspection shall include a virtual assessment of the interior and exterior of the ADU, or alternatively, an in-person inspection at the request of the city.

(2) *Annual renewal inspection requirements.*

a. Annual inspections shall be completed within eight months of the most a recently renewed ADU registration certificate.

b. It shall be the responsibility of the property owner to ensure that the inspection is completed within the required timeframe.

c. Failure to complete the annual inspection may result in the expiration or revocation of the ADU registration certificate and may result in a violation of the Miami 21 Zoning Ordinance.

(3) *Notification of deficiencies and re-inspection.*

a. In the event the property fails an inspection, the property owner or authorized agent shall be provided with a notice of deficiency.

b. The owner shall have 60 days from the date of the notice to correct all deficiencies and schedule a re-inspection. If a valid building permit has been applied for and an active process number has been issued to address the deficiencies, the 60-day period may be extended until the permitted work is completed and finalized.

c. Re-inspections shall be subject to the applicable reinspection fees as outlined in this section. No more than three re-inspections shall be permitted. If, after the third re-inspection, the property remains noncompliant, the application shall be administratively closed, and any pending renewal of the "ADU registration certificate" shall be revoked.

d. The property owner or authorized agent shall be required to submit a new application and pay all associated fees in order to start a new registration process.

(f) *Fees.*

(1) The following fees are hereby established:

a. Initial registration and inspection: $300.00

b. Annual renewal and inspection: $250.00

c. Subsequent re-inspections: $75.00

(2) Fees shall be paid prior to inspection for each ADU.

(3) Properties which are found to be operating an ADU without an approved ADU registration certificate shall be subject to double the fees specified as well as a violation of the Miami 21 Zoning Code.

(g) *Denials and revocations.* The zoning administrator may deny the initial registration or subsequent renewals, or revoke an ADU registration certificate at any time for any of the following reasons:

(1) Failure to comply with Article 3, Section 3.18, titled "Ancillary Dwelling Unit (ADU) Standards" of the Miami 21 Zoning Code or the requirements of the City Code related to ADUs. (Property owners must remain up to date with the registration process and requirements of the City Code, the Miami 21 Zoning Code standards, and any other associated regulations).

(2) The property owner or authorized agent fails to provide access to the premises for a requested inspection within the required time.

(3) The property has lost its homestead status but the owner continues to rent the ADU.

(4) The ADU is rented as transient or temporary lodging if it is not used as predominately permanent housing.

(5) The applicant provided a materially false statement or supporting evidence in the ADU initial registration or renewal process.

(6) If there is an order to demolish the structure by the unsafe structure panel or it is determined by the building official or designee that there is actual or immediate danger of failure or collapse of a structure, the building official or designee shall refer the violation to zoning. Zoning shall then initiate the revocation of any active ADU registration certificate(s) and deny any subsequent ADU registration certificate until such time as the violation has been rectified.

(7) Failure to register, renew, or maintain or disclose changes in status may result in denial or revocation of the ADU registration certificate and/or shall result in a violation of the Miami 21 Zoning Ordinance.

(h) *Appeals.*

(1) If an ADU registration certificate is denied or revoked, the owner or authorized agent may file an appeal with the office of hearing boards within 15 days of the decision.

(2) The appeal shall be heard at the next available regular meeting of the planning, zoning and appeals board ("PZAB"). The decision of the PZAB regarding an ADU registration certificate may be appealed to the city commission by an applicant; an aggrieved party who resides, occupies, or owns property within 500 feet of the affected property; or the planning department and office of zoning.

(3) Revocation shall be effective upon written notice to the property owner and shall remain in effect until all violations are corrected and the owner or authorized agent submits a new application and pays all associated fees in order to reinitiate the registration process.

(i) *Enforcement.* Any violation of this section shall be subject to enforcement proceedings as provided for in chapter 2, article X of the City Code. No one method of enforcement shall preclude another.
(Ord. No. 14377, § 2, 7-10-25)

Secs. 2-215—2-230. Reserved.

DIVISION 3. DEPARTMENT OF FIRE-RESCUE*

Sec. 2-231. Established.

There is hereby established a department to be known as the department of fire-rescue.
(Ord. No. 10744, § 3, 6-28-90; Ord. No. 11101, § 1, 11-23-93; Code 1980, § 2-81)

Sec. 2-232. Director—Appointment.

(a) The city manager is hereby authorized to appoint a director of the department of fire-rescue who shall serve subject to the supervision and control of the city manager. The fire chief shall be the director of the department of fire-rescue, and appointed in accordance with the provisions set forth in the City Charter.

(b) The city manager shall have the exclusive right to suspend the fire chief for incompetence, neglect of duty, immorality, drunkenness, failure to obey orders given by proper authority, or for any other just and reasonable cause. If such chief be so suspended, the city manager shall forthwith certify the fact, together with the cause of suspension, to the commission who, within five days from the date of receipt of such notice, shall proceed to hear such charges and render judgment thereon, which judgment shall be final.

(c) If the chief is arrested for felony or for a misdemeanor related to the duties of office or is indicted or informed against for the commission of a federal felony or misdemeanor or state felony or misdemeanor, the provisions of F.S. § 112.51(2) shall apply.
(Ord. No. 10744, § 3, 6-28-90; Code 1980, § 2-82)

Sec. 2-233. Same—Powers and duties, functions.

Subject to the supervision and control of the city manager in all matters, the director of the department of fire-rescue shall administer the affairs of the department, which shall include the immediate direction and control of the fire force, and is charged with responsibilities for the prevention, control and suppression of fire, and providing emergency medical and rescue service in the city. The responsibilities of the department shall include, but not be limited to, the activities of fire administration, fire training, fire prevention, firefighting, maintenance and operation of fire equipment and coordination of the installation of new fire hydrants as well as maintenance of existing fire hydrants.
(Ord. No. 10744, § 3, 6-28-90; Code 1980, § 2-83)

Sec. 2-234. Emergency medical transportation service fee.

(a) There is hereby established a schedule of fees for use of the emergency medical transportation services of the department of fire-rescue. Such fees shall be charged to each person receiving basic and advance life support transportation service and shall be collected according to a procedure recommended by the city manager and approved by the city commission; such schedule of fees being as follows:

(1)	Basic life support—Base rate	$135.00
(2)	Advance life support—Base rate	235.21
(3)	Oxygen	22.00
(4)	Mileage, per mile	6.60
(5)	IV solution	22.00
(6)	Cardiac monitoring	22.00
(7)	Cervical collar	22.00
(8)	Special handling (extrication, antishock trousers, non-breathing patients and hare-	

*__Charter reference—__Authority of city to establish, regulate and control a fire department or division, § 3(r).

__City Code cross reference—__Fire protection, ch. 19.

traction splints) 22.00

(9) Nonresidents of the City of Miami will be assessed a surcharge of. 100.00

(b) The city manager shall increase the charges for services as set forth in this section when necessary to reasonably cover the cost of providing such services. Whenever such charges are to be increased, the city manager shall file a list of the new charges which shall become effective no earlier than 30 days after such filing with the city clerk.
(Ord. No. 10079, § 1, 2-13-86; Ord. No. 10596, § 1, 6-7-89; Ord. No. 10767, § 1, 7-26-90; Ord. No. 11007, § 1, 10-8-92; Code 1980, § 2-83.1)

City Code cross reference—Vehicles for hire, ch. 57.

Sec. 2-235. Fire prevention bureau.

(a) The fire code of the city shall be enforced by the fire prevention bureau in the department of fire-rescue, which is hereby established and which shall be operated under the supervision of the director of the department of fire-rescue.

(b) The chief in charge of the fire prevention bureau shall be appointed from the officers of the department of fire-rescue by the director of the department of fire-rescue subject to the approval of the city manager, and such chief of fire prevention shall be known as the fire marshal. The position of fire marshal shall be a noncompetitive position in the city, and the holder thereof, while so engaged, shall not forfeit the civil service status which he/she held prior to such appointment.

(c) The director of the department of fire-rescue may detail such members of the department of fire-rescue as inspectors as shall from time to time be necessary.

(d) A report of the fire prevention bureau shall be made annually and transmitted to the city manager. It shall contain all proceedings under this chapter and the fire code, with such statistics as the director of the department of fire-rescue may wish to include therein. The director of the department of fire-rescue shall also recommend any amendments to the fire code which, in his/her judgment, shall be desirable.
(Code 1967, § 2-36; Code 1980, § 2-84; Ord. No. 13676, § 2, 4-27-17)

Secs. 2-236—2-260. Reserved.

DIVISION 4. RESILIENCE AND PUBLIC WORKS DEPARTMENT*

Sec. 2-261. Created.

There is hereby created a department to be known as the resilience and public works department.
(Code 1967, § 2-79; Code 1980, § 2-91; Ord. No. 13792, § 1, 10-11-18)

Sec. 2-262. Director—Head of department.

The head of the resilience and public works department shall be known as the director of resilience and public works.
(Code 1967, § 2-80; Code 1980, § 2-92; Ord. No. 13792, § 1, 10-11-18)

Sec. 2-263. Same—Appointment.

The city manager is hereby authorized to appoint the director of resilience and public works.
(Code 1967, § 2-81; Code 1980, § 2-93; Ord. No. 13792, § 1, 10-11-18)

Sec. 2-264. Same—Duties generally.

Subject to the supervision and control of the city manager in all matters, the director of resilience and public works shall administer the affairs of the resilience and public works department.
(Code 1967, § 2-82; Code 1980, § 2-94; Ord. No. 13792, § 1, 10-11-18)

---

*__Editor's note—__Ord. No. 13792, § 1, adopted October 11, 2018, changed the title of division 4 from "Public works department" to "Resilience and public works department."

Cross references—Trees and shrubs on public property, § 17-71 et seq.; landfills and waterfront improvements, ch. 29; sewers and sewage disposal, ch. 49; streets and sidewalks, ch. 54.

Sec. 2-265. Same—Duty to establish minimum standards for public works.

The director of resilience and public works is hereby authorized and directed to promulgate rules and regulations establishing minimum standards pertaining to the construction, improvement, repair, maintenance of streets, sidewalks, alleys, lanes, bridges, viaducts and other public highways, stormwater management system, drains, ditches, culverts, canals, streams, watercourses, seawalls, boulevards, squares and other public places and grounds belonging to the city or dedicated to public use or owned by the city as an easement or any other right of use whatsoever, and to establish, amend, publish and enforce uniform and comprehensive minimum standards, plans, drawings, specifications and control of the design, construction, development, improvement, repair and location of all public works under his/her authority, whether on or above or below the surface of the land or water, whether financed or constructed by any federal or state political subdivision or private person, firm or corporation.
(Code 1967, § 2-82.1; Code 1980, § 2-95; Ord. No. 13676, § 2, 4-27-17; Ord. No. 13792, § 1, 10-11-18; Ord. No. 13915, § 2, 9-24-20)

Sec. 2-266. Functions of department—Generally.

The functions of the department of resilience and public works shall include the permitting, oversight, inspection, management, and supervision of all public works, including those public works projects carried on in the public right-of-way, right-of-way permitting, transit and mobility functions, and all duties and functions heretofore a part of the department of engineering and the division of streets, bridges and sewers heretofore a part of the department of public service. These functions and duties are hereby transferred to the department of resilience and public works and shall be carried on by such department.
(Code 1967, § 2-83; Code 1980, § 2-96; Ord. No. 13792, § 1, 10-11-18; Ord. No. 13915, § 2, 9-24-20)

Sec. 2-267. Same—Enumeration.

Subject to the supervision and control of the city manager in all matters, the director of resilience and public works shall administer the affairs of the department, which shall include reviewing proposed street developments and improvements to determine their adequacy as to traffic safety and capacities, performing additional duties in traffic planning as assigned from time to time, and determining the best routings and terminal locations for buses to serve the community needs and to coordinate these with other traffic.

The director of the resilience and public works department is authorized to execute and issue license agreements, without the necessity of further approvals, in a form acceptable to the city attorney, with willing property owners to allow the city, itself or by a duly licensed contractor, to make minimal improvements, such as sloping, grading, and tying-in, on such private property when required for transition or harmony with city right-of-way improvements.
(Code 1967, § 2-84; Code 1980, § 2-97; Ord. No. 12616, § 1, 11-18-04; Ord. No. 13792, § 1, 10-11-18)

Sec. 2-268. Fee for preparation of documents containing covenants to run with the land, right-of-way dedication deeds, quitclaim deeds, waiver of fee; fee for preparation of documents allowing the use of public right-of-way by private entities; recording fee.

(a) For the preparation and processing of any legal document running with the land covenanting the construction or postponement of construction of a public works improvement either in the public right-of-way or on private property, a fee of $495.00 shall be collected by the director of resilience and public works. The fee required under this subsection may be waived for governmental entities and agencies.

(b) Except as more specifically described in this section, for the preparation and processing of legal documents, including, but not limited to,

subdivision improvement bonds and hold harmless agreements, quitclaim deeds with the city as grantor, and any agreement allowing the use of public right-of-way by private entities, excluding permits, a fee of $3,375.00 shall be collected by the director of resilience and public works.

(c) For the preparation and processing of a right-of-way dedication deed, the fee shall be as follows:

(1)	Properties that receive a homestead exemption pursuant to Article VII, Section 6(a) of the Florida Constitution with the right-of-way being enlarged by the dedication not part of the county or state road system	$0.00
(2)	All other properties	$1,125.00

(d) Review of covenant in-lieu of unity of title or unity of title for a project pursuant to article 7 of the Miami 21 Zoning Code $350.00

(e) For the preparation and processing of a right-of-way dedication waiver $150.00

(f) In addition to the above fees, the party proffering the legal document shall also pay the recording fee, as established by Miami-Dade County.

(Code 1967, § 2-82.C2; Ord. No. 9004, § 1, 10-17-79; Ord. No. 9513, § 1, 11-4-82; Ord. No. 10658, § 1, 10-12-89; Code 1980, § 2-98; Ord. No. 13108, § 2, 10-8-09; Ord. No. 13195, § 2, 9-27-10; Ord. No. 13792, § 1, 10-11-18; Ord. No. 13798, § 2, 10-25-18; Ord. No. 13915, § 2, 9-24-20; Ord. No. 14193, § 2, 7-27-23; Ord. No. 14433, § 2, 1-8-26)

Editor's note—Ord. No. 13915, § 2, adopted September 24, 2020, changed the title of section 2-268 from "Fee for preparation of documents containing covenants to run with the land, waiver of fee; fee for preparation of documents allowing the use of public right-of-way by private entities; recording fee" to "Fee for preparation of documents containing covenants to run with the land, right-of-way dedication deeds, quitclaim deeds, waiver of fee; fee for preparation of documents allowing the use of public right-of-way by private entities; recording fee." The historical notation has been preserved for reference purposes.

Sec. 2-269. Checking and recording plats and alley closures and vacations—Fee schedule; waiver of fee.

(a) The fees to be charged by the resilience and public works department for platting determinations, processing tentative plats, reviewing and processing certain platting exception approvals, and recording plats submitted for approval of the city, including the inspection of the permanent reference monuments set in the field, are hereby fixed as follows:

(1)	Platting determination or determination on folio separation	$1,100.00
(2)	Platting exception submittal pursuant to subsection 55-10(c) of the City Code ...	$1,100.00
(3)	Recording plat.	
	a. For submittal of tentative plat without closure and vacation/release of one or more right(s)-of-way or easement(s)	$3,200.00
	b. For submittal of tentative plat with closure and vacation/release of one or more right(s)-of-way or easement(s) ...	$5,500.00
	c. For resubmittal of tentative plat for an extension of time	$2,400.00
	d. For resubmittal of tentative plat by different owner	$2,400.00
	e. For resubmittal of tentative plat with new boundary without closure and vacation/release of one or more right(s)-of-way or easement(s)	$3,200.00
	f. For resubmittal of tentative plat with new boundary with closure	

and vacation/release of one or more right(s)-of-way or easement(s) . . . $5,000.00

g. To accompany final plat when submitted for recording. $3,700.00

(4) Extending subdivision improvement time limit. For each time limit extension granted for completion of subdivision improvements required in conjunction with a recorded plat $295.00

or, five percent of the subdivision improvement bond amount, whichever is greater.

(b) The processing fees required by subsection (a) may be waived for governmental entities and agencies.

(c) The fees to be charged for an expedited review for processing final plats and recording plats submitted for approval of the city, including inspection of the permanent reference monuments set in the field, are fixed as follows*:

Final plat review expedite fee (in addition to final plat submittal fee):

List of requirements	Base fee $250.00	Plus fee per tract/ lot	$100.00
Mylar review	Base fee $1,000.00	Plus fee per tract/ lot	500.00

* Expedited review is within the sole discretion of the director of resilience and public works to authorize, subject to staff availability.

(d) Fees to be charged pursuant to subsections 55-15(i) and 55-15(j) providing for an alternative method for the closure and vacation of alleys which abut parcels of land zoned solely residential.

Application fee $2,350.00

Recording fee . . . . . ***

Publication fee . . . . . ***

Vacation and alley closure fee pursuant to subsection 62-156(6): Not applicable

*** These fees shall be contingent upon fees charged by the newspaper and Miami-Dade County recorder's office at time of publication and recordation.

(e) Notwithstanding the above, combined resubmittal, tentative plat, and final plat fees pursuant to subsection 2-269(a)(3) to be charged for a plat consisting solely of property or properties that receive a homestead exemption(s) pursuant to Article VII, Section 6(a) of the Florida Constitution shall not exceed $1,800.00

(f) Fees to be charged pursuant to subsection 55-15(e) providing for an alternate method for the closure or vacation of a platted easement . . $2,000.00

(g) Fees to be charged pursuant to subsection 55-15(l) providing for an alternate method for the closure or vacation of emergency access easement. $2,350.00

(h) Fees to be charged pursuant to subsection 54-4.1(b) providing for a release of utility easement reservation $2,350.00

(i) Processing fee for tolling and extensions of tentative plat approvals $275.00

(Code 1967, § 2-85; Ord. No. 9004, § 2, 10-17-79; Ord. No. 9513, § 1, 11-4-82; Ord. No. 10658, § 1, 10-12-89; Code 1980, § 2-99; Ord. No. 12453, § 2, 12-18-03; Ord. No. 12643, § 1, 1-13-05; Ord. No. 13108, § 2, 10-8-09; Ord. No. 13195, § 2, 9-27-10; Ord. No. 13792, § 1, 10-11-18; Ord. No. 13798, § 2, 10-25-18; Ord. No. 13915, § 2, 9-24-20; Ord. No. 14193, § 2, 7-27-23; Ord. No. 14433, § 2, 1-8-26)

Editor's note—Ord. No. 14433, § 2, adopted Jan. 8, 2026, amended § 2-269 and in doing so changed the title of said section from "Checking and recording plats and alley closures or vacations—Fee schedule; waiver of fee" to "Checking and recording plats and alley closures and vacations—Fee schedule; waiver of fee," as set out herein.

Sec. 2-270. Same—Finding material errors, additional fee; waiver of fee.

(a) If, in the process of the first check of a proposed record plat, material errors are found, the plat shall be returned to the engineer or surveyor who made it, for correction without

further checking by the resilience and public works department. For all subsequent office checking, the director of resilience and public works shall collect a fee of $21.00 per man-hour.

(b) The fee required under this section shall be waived for governmental entities and agencies.
(Code 1967, § 2-86; Ord. No. 9513, § 1, 11-4-82; Code 1980, § 2-100; Ord. No. 13142, § 2, 2-11-10; Ord. No. 13792, § 1, 10-11-18; Ord. No. 13798, § 2, 10-25-18)

Sec. 2-271. Same—Permanent reference monuments not properly placed, additional fee; waiver of fee.

(a) If, in the process of the first check of a proposed plat, it is found that the permanent reference monuments are not properly placed on the ground, the engineer or surveyor who made the plat shall be notified, and all subsequent trips to the subdivision for the purpose of checking permanent reference monuments shall be charged for at the rate of $21.00 per hour, such charges to be collected by the director of resilience and public works. If it should be necessary to use a survey party in such subsequent checking of permanent reference monuments, the director of resilience and public works shall collect a fee of $52.50 for each hour such survey party is used.

(b) The fee required under this section may be waived by the director of resilience and public works for governmental entities and agencies.
(Code 1967, § 2-87; Ord. No. 9513, § 1, 11-4-82; Ord. No. 10658, § 1, 10-12-89; Code 1980, § 2-101; Ord. No. 13142, § 2, 2-11-10; Ord. No. 13792, § 1, 10-11-18; Ord. No. 13798, § 2, 10-25-18)

Sec. 2-272. Plan review fee.

(a) The fees to be charged by the department of resilience and public works for processing and reviewing private development plans submitted for approval of the city are hereby fixed as follows:

(1)	Fence, wall, slab, or sign . . .	$50.00

(3)	Single-family or duplex residential construction, reconstruction, remodeling, renovation, repair, or addition.	$268.00
(4)	Multi-family residential and all nonresidential construction, reconstruction, remodeling, renovation, repair, or addition:	
	New multi-family residential (<½ acre)	$1,335.00
	New commercial (<½ acre) .	$1,535.00
	New multi-family residential (≥½ acre and <1 acre)	$1,995.00
	New commercial (≥½ acre and <1 acre)	$2,155.00
	Large development (residential/commercial ≥1 acre).	$3,500.00
(5)	Subdivision improvement engineering plan	$2,500.00
(6)	Review and marking of base building line.	
	On signed/sealed boundary survey	$125.00
	For planning/zoning applications.	$285.00
(7)	Underground utility installation	$295.00
(8)	Underground utility service connection, utility structure placement.	$95.00
(9)	Monitoring wells, soil borings, coring/sampling, utility locates, minor non-utility excavations	$420.00
(10)	Building construction/ maintenance (scaffolding, crane, dumpster)	$265.00
(11)	Interim parkin	$650.00
(12)	Right-of-way closure (temporary traffic control, temporary construction	

fence) $75.00

(13) As-built plan.

a. Stormwater $750.00

b. Line and grade, pavement, sidewalk, curb, and gutter $480.00

c. Underground utilities . $800.00

d. Above ground utilities $430.00

e. Non-standard improvements (pavers, lighting, irrigation, tree grates, etc.). $430.00

(14) Dry run plan.

a. Stormwater $585.00

b. Line and grade, pavement, sidewalk, curb, and gutter $585.00

c. Underground utilities . $585.00

d. Aboveground utilities . $430.00

e. Non-standard improvements (pavers, lighting, irrigation, tree grates, etc.)$355.00

(b) The fees to be charged by the department of resilience and public works for processing and reviewing plans for work in the right-of-way that is not related to a private development submitted for approval of the city are hereby fixed as follows:

(1) Underground utility installation $295.00

(2) Underground utility service connection, utility structure placement. $75.00

(3) Monitoring wells, soil borings, coring/sampling, utility locates, minor non-utility excavations $350.00

(4) Street construction (sidewalk repair, sidewalk construction, curb and gutter, roadway paving, roadway resurfacing) $225.00

(5) Building construction/ maintenance (scaffolding, crane, dumpster) $225.00

(6) Right-of-way closure (temporary traffic control, temporary construction fence) $105.00

(7) As-built plan.

a. Stormwater $750.00

b. Line and grade, pavement, sidewalk, curb, and gutter $480.00

c. Underground utilities . $800.00

d. Aboveground utilities . $430.00

e. Non-standard improvements (pavers, lighting, irrigation, tree grates, etc.). $430.00

(8) Dry run plan.

a. Stormwater $585.00

b. Line and grade, pavement, sidewalk, curb, and gutter $585.00

c. Underground utilities . $585.00

d. Aboveground utilities . $430.00

e. Non-standard improvements (pavers, lighting, irrigation, tree grates, etc.). $355.00

(c) Expedited plan review service for special projects. A "special project" is defined as a project having a development order, or any other project as determined by the city manager, or designee, as having special interest to the city. The services will cover the resilience and public works department expedited review and shall be in addition to any and all other applicable permit fees. Outside source review will be the preferred method.

Outside source review fee: Actual cost plus 15 percent*

*Fifteen percent is the administrative fee to cover the cost of processing.

In-house review fee not to exceed four hours: $350.00

(d) Trip generation statement fee pursuant to comprehensive plan policy.

Policy TR-1.3.3: $1,350.00

(e) The administrative fee in connection with the administration of the independent traffic studies shall be in the amount of 15 percent of the estimated expenses for the services of the provider set to perform the independent study. The nonrefundable administrative fee is in addition to and shall be paid separately from expenses for the services of the provider and will be due at time of contract execution with the independent traffic engineering study provider.

(f) The fee required under this section may be waived by the city manager for governmental entities and agencies.
(Ord. No. 10658, § 1, 10-12-89; Code 1980, § 2-102; Ord. No. 12642, § 1, 1-13-05; Ord. No. 13142, § 2, 2-11-10; Ord. No. 13195, § 2, 9-27-10; Ord. No. 13792, § 1, 10-11-18; Ord. No. 13798, § 2, 10-25-18; Ord. No. 13915, § 2, 9-24-20; Ord. No. 14139, § 2, 2-9-23; Ord. No. 14433, § 2, 1-8-26)

Editor's note—Ord. No. 13915, § 2, adopted September 24, 2020, changed the title of section 2-272 from "Construction plan checking fee" to "Plan review fee." The historicl notation has been preserved for reference purposes.

Sec. 2-273. Turning money over to finance department.

All money so collected by the director of resilience and public works pursuant to sections 2-269, 2-270, 2-271 and 2-272 shall be turned over to the finance department.
(Code 1967, § 2-88; Ord. No. 10658, § 1, 10-12-89; Code 1980, § 2-103; Ord. No. 13792, § 1, 10-11-18; Ord. No. 13798, § 2, 10-25-18)

Secs. 2-274—2-300. Reserved.

DIVISION 5. OFF-STREET PARKING DEPARTMENT*

Sec. 2-301. Determination of need for department and board; ratification of acts and proceedings of department and board.

(a) The city commission has determined and does hereby declare that there is an urgent need for the department of off-street parking of the city and for the off-street parking board of the city which were created and established by section 23 of the Charter.

(b) All acts and proceedings of the department of off-street parking and of the off-street parking board which were created and established by Ordinance Number 5461, passed and adopted by the city commission on November 2, 1955, as amended by Ordinance Numbers 5556 through 5560, inclusive, all passed and adopted on March 7, 1956, are hereby validated, ratified and confirmed.
(Code 1967, § 2-55; Code 1980, § 2-110)

Secs. 2-302—2-325. Reserved.

DIVISION 6. GENERAL SERVICES ADMINISTRATION DEPARTMENT†

Sec. 2-326. Created.

There is hereby created a department to be known as the general services administration department.
(Code 1967, § 2-89; Ord. No. 8742, § 1, 1-11-78; Ord. No. 10068, § 2, 1-9-86; Code 1980, § 2-116)

Sec. 2-327. Director—Appointment.

(a) The head of the general services administration department shall be known as the director of the general services administration department.

***Charter reference—**Department of off-street parking, off-street parking board, § 23.

City Code cross reference—Public off-street facilities, § 35-121 et seq.

†**City Code cross reference—**Garbage and other solid waste, ch. 22.

(b) The city manager is hereby authorized to appoint the director of the general services administration department.
(Code 1967, §§ 2-90, 2-91; Ord. No. 10068, § 2, 1-9-86; Code 1980, §§ 2-117, 2-118)

Sec. 2-328. Same—Duties generally.

Subject to the supervision and control of the city manager in all matters, the director of the general services administration department shall administer the affairs of the general services administration department which shall include the immediate direction and control of all staff personnel; management and supervision of all functions and responsibilities, including functions and personnel of the garage, motor pool, property maintenance, print shop, communication services, including telecommunication systems, purchasing, including an "office of minority and women business affairs and procurement" which office is to be created by the city manager, and including property and lease management.
(Code 1967, §§ 2-92, 2-93; Ord. No. 10068, § 2, 1-9-86; Code 1980, §§ 2-119, 2-120, 2-263)

City Code cross reference—City manager's office to implement minority and women business affairs and procurement program, § 18-138.

Secs. 2-329—2-355. Reserved.

DIVISION 7. REAL ESTATE AND ASSET MANAGEMENT DEPARTMENT*

Sec. 2-356. Created.

There is hereby created a department to be known as the real estate and asset management department.
(Ord. No. 8741, § 1, 1-11-78; Code 1980, § 2-166; Ord. No. 13818, § 2, 1-10-19)

*__Editor's note—__Ord. No. 13818, § 2, adopted January 10, 2019, changed the title of division 7 from "Conferences and conventions and public facilities department" to "Real estate and asset management department."

City Code cross references—Downtown development, ch. 14; stadiums and convention centers, ch. 53.

Sec. 2-357. Appointment, duties of director.

The city manager is hereby authorized to appoint a director of the real estate and asset management department. The director shall administer the affairs of the department subject to the supervision and control of the city manager in all matters. The director of the department will be the director of the City of Miami/University of Miami James L. Knight International Center.
(Ord. No. 8741, § 2, 1-11-78; Code 1980, § 2-167; Ord. No. 13818, § 2, 1-10-19)

Sec. 2-358. Organization of department.

The functions and duties of the real estate and asset management department are to be carried out by the office of the director of the department and the following divisions:

(1) *Conference center development division.* The conference center development division shall complete the development and construction process of the City of Miami/University of Miami James L. Knight International Center (sometimes referred to as the city's "downtown convention center"). The aforesaid division shall also forthwith begin the process of booking

conventions into the facility in conjunction with the University of Miami's Conference Center.

(2) *Convention services division.* The convention services division shall henceforth perform, for the entire community, the activities of convention research, solicitation and servicing.

(3) *Public facilities division:* The public facilities division shall have the planning, development, management, maintenance and supervision of the day-to-day operations of the city marinas and the Miami Marine Stadium, including the coordination and management of planning, development, and construction efforts at all city facilities. The division shall have the duty of planning and management of promotions, negotiations, and bookings of special events such as concerts, sports, and other exhibitions and competitions, and other forms of entertainment as appropriate in those public facilities.

(Ord. No. 8740, § 3, 1-11-78; Ord. No. 10125, § 4, 7-10-86; Code 1980, §§ 2-168, 2-189(b); Ord. No. 11998, § 2, 11-16-00; Ord. No. 12184, § 2, 2-14-02; Ord. No. 13818, § 2, 1-10-19)

Secs. 2-359—2-380. Reserved.

DIVISION 8. DEPARTMENT OF DEVELOPMENT AND HOUSING CONSERVATION

Sec. 2-381. Created.

A department to be known as the department of development and housing conservation is hereby created.

(Ord. No. 10105, § 2, 5-22-86; Code 1980, § 2-171)

Sec. 2-382. Appointment, duties of director.

(a) The city manager is hereby authorized to appoint a director of the department of development and housing conservation. The director shall administer the affairs of the department subject to the supervision and control of the city manager in all matters.

(b) The department director, subject to specific authorization by the city manager, is also empowered to carry out special assignments in matters not expressly set forth in this division.

(c) The city manager may, from time to time, issue directives setting forth operating procedures to be followed and responsibilities to be discharged by the department director.

(Ord. No. 10105, § 2, 5-22-86; Code 1980, §§ 2-172, 2-174, 2-175)

Sec. 2-383. Division of housing conservation created, functions, duties.

The division of housing conservation, hereby created, subject to the control and direction of the city manager, shall be empowered to perform the following duties:

(1) Develop, implement and manage all programs related to providing housing assistance initiated by the city commission, not including public housing;

(2) Evaluate and recommend priorities for an annual housing assistance plan, provide for staff review and the evaluation and coordination of said review;

(3) Plan and implement projects to preserve, improve and expand the city's housing stock including but not limited to the utilization of resources provided by the federal, state and county government;

(4) Assist private developers in preserving, improving and expanding the city's housing stock; and

(5) Develop and coordinate the implementation of citywide housing improvement strategies and recommend programs to further the goals of the strategy.

(Ord. No. 10105, § 2, 5-22-86; Code 1980, § 2-173)

Sec. 2-384. Division of development created, functions, duties.

(a) *Created.* A division to be known as the division of development is hereby created.

(b) *Appointment, duties of director.* The city manager is hereby authorized to appoint a director of the division of development. The director shall administer the affairs of the division subject to the supervision and control of the city manager in all matters. The director, subject to specific authorization by the city manager, is also empowered to carry out special assignments in matters not expressly set forth herein. The city manager may, from time to time, issue directives setting forth operating procedures to be followed and responsibilities to be discharged by the director.

(c) *Functions, duties.* The division of development, subject to the control and direction of the city manager, shall be empowered to perform the following duties:

(1) Development implementation, project management, and construction administration of major development projects initiated by the city commission, administration and departments;

(2) Evaluate and recommend priorities for major capital improvement projects, provision of staff review, evaluation and coordination of same;

(3) Plan and implement community redevelopment and revitalization projects;

(4) Facilitate and administer programs for expansion, attraction and retention of local businesses and business investments;

(5) Facilitate and administer programs to attract international businesses and business investments in the city; and

(6) Promote the city as a trade center.

(Ord. No. 10070, § 2, 1-23-86; Code 1980, §§ 2-206—2-210)

Secs. 2-385—2-410. Reserved.

DIVISION 9. HOUSING AND COMMUNITY DEVELOPMENT*

Sec. 2-411. Created.

A department to be known as housing and community development is hereby created.

(Ord. No. 13491, § 2, 11-20-14; Ord. No. 14338, § 2, 12-12-24)

Sec. 2-412. Appointment, duties of director.

The city manager is hereby authorized to appoint a director of housing and community development. The director shall administer the affairs of the department subject to the supervision and control of the city manager in all matters.

(Ord. No. 13491, § 2, 11-20-14; Ord. No. 14338, § 2, 12-12-24)

Sec. 2-413. Functions and duties of the department.

The functions and duties of housing and community development are to:

(1) Provide or cause to be developed programs designed to identify and remove physical, social, economic, employment and cultural barriers which preclude vulnerable persons from enhancing the quality of their lives.

(2) Provide recommendations for funding and/or coordinate services to city citizens and neighborhood-based organizations of a social service, economic or community development nature, which funding may

*__Editor's note—__Ord. No. 13491, § 2, adopted November 20, 2014, amended division 9 in its entirety to read as herein set out. Formerly, division 9, §§ 2-411—2-413 pertained to the community development department, and derived from Ord. No. 8740, §§ 1—3, adopted January 11, 1978; Ord. No. 9034, § 1, adopted December 5, 1979; the Code of 1980, §§ 2-176—2-178; Ord. No. 10105, § 1, adopted May 22, 1986, and Ord. No. 11904, § 2, adopted March 9, 2000.
Subsequently, Ord. No. 14338, § 2, adopted December 12, 2024, changed the title of division 9 from "Community and economic development department" to "Housing and community development."

be allocated after an advertised public hearing and authorization by the city commission.

(3) Administer the community development block grant and adult/youth job training programs, recommend projects for funding and coordinate the planning and implementation of such projects which funding may be allocated only after an advertised public hearing and authorization by the city commission.

(4) Establish, maintain, and administer programs that will ensure grassroots citizen participation.

The advertisements required by subsections (2) and (3) above shall include the time, date, and place of the meeting and a description of the proposed funding allocation and shall be published in a newspaper of general paid circulation in the city.
(Ord. No. 13491, § 2, 11-20-14; Ord. No. 14338, § 2, 12-12-24)

Sec. 2-414. Affordable housing notice to residents of the city and city elected and appointed officials.

Legislative intent. Any developer with a project that receives affordable or workforce housing incentives or benefits from the city, its departments, instrumentalities or community redevelopment agencies, including but not limited to, financing, grants in kind or other grants, impact fee waivers or deferrals, parking waivers or reductions, etc., shall provide notice to residents of the city and elected and appointed officials simultaneous to their regular notices of lease outs, sales, conveyances, or similar dispositions.
(Ord. No. 13491, § 2, 11-20-14)

Sec. 2-415. Notice.

Prior to the initial leasing and/or sales period, developers shall deliver written notice to the directors of housing and community development and the planning and zoning department, respectively, simultaneous to their regular notices of the availability of these affordable units so that city elected and appointed officials can notify residents of the city of the availability of these units. The notice shall include the number of available units, street address, and contact information for the development.
(Ord. No. 13491, § 2, 11-20-14; Ord. No. 14338, § 2, 12-12-24)

Sec. 2-416. Definitions.

Affordable housing, solely for purposes of this article, shall mean owner-occupied and/or rental housing with a purchase cost, value, or monthly rental, as applicable, equal to or less than the amounts established by the applicable standards for those individuals whose income is between 30 percent to 80 percent of area median income as published annually by the United States Department of Housing and Urban Development ("HUD").

City resident(s), solely for purposes of this article, shall mean an individual or household which has resided within the City of Miami designated boundaries for the immediate past 12 consecutive months.

Preference, solely for purposes of this article, shall mean the developer, manager, operator, or owner of units shall make all reasonable efforts to first enroll eligible city residents prior to leasing or selling to non-city residents. If there are no city residents available to lease or sell preference units, then the developer, manager, operator or owner of the units may lease or sell units to non-city residents.

Restricted unit, solely for purposes of this article, shall mean housing made only available to individuals or household families which meet the income and sale/rent qualifications respective to the applicable area median income as published annually by HUD.

Workforce housing, solely for purposes of this article, shall mean owner-occupied and/or rental housing with a purchase cost, value, or monthly rental, as applicable, equal to or less than the amounts established by the applicable standards for those individuals whose income is between 80 percent to 140 percent of area median income as published annually by HUD.
(Ord. No. 13645, § 2, 10-27-16)

Sec. 2-417. City resident preference.

(a) *Affordable housing developments.* Affordable housing developments receiving any city benefits, including but not limited to financing, density bonuses, impact fee deferrals, parking waivers or reductions, building permit fee deferrals, or any funds provided by the city, regardless of the source of such funds, shall first provide city residents preference to all restricted units, unless otherwise prohibited by law.

(b) *Workforce housing developments.* Workforce housing developments receiving any city benefits, including but not limited to financing, density bonuses, impact fee deferrals, parking waivers or reductions, building permit fee deferrals, or any funds provided by the city, regardless of the source of funds, shall first provide city residents, or those employed within the city's boundaries. Preference to all restricted units, unless otherwise prohibited by law.
(Ord. No. 13645, § 2, 10-27-16)

Sec. 2-418. City sole local government lender preference.

Notwithstanding any of the provisions in this article, developments in which the city is the sole local government lender to develop affordable housing and/or workforce housing through financing, regardless of the source of said funds, shall provide city residents preference to all restricted units of the development.
(Ord. No. 13645, § 2, 10-27-16)

Secs. 2-419—2-435. Reserved.

DIVISION 10. DEPARTMENT OF PARKS AND RECREATION

Sec. 2-436. Created.

There is hereby created a department to be known as the department of parks and recreation.
(Ord. No. 10125, § 1, 7-10-86; Code 1980, § 2-186)

Sec. 2-437. Appointment of director.

The city manager is hereby authorized to appoint a director of the department of parks and recreation. The director shall administer the affairs of the department subject to the supervision and control of the city manager in all matters.
(Ord. No. 10125, § 3(a), 7-10-86; Code 1980, § 2-188)

Sec. 2-438. Functions, duties and responsibilities of department.

The functions, duties and responsibilities of the department of parks and recreation shall include the following:

(1) Planning, development, maintenance, management and supervision of the operations of the city parks, cemetery, and golf courses, including the coordination and management of planning and development efforts at said city properties.

(2) Management, supervision, and provision of recreation activities and programs for all age groups within the community emphasizing educational, cultural and recreational activities.

(3) Such other duties as may be prescribed by ordinance, and the enforcement of all laws, ordinances, and regulations relative to the above powers and duties.

(Ord. No. 10125, § 4, 7-10-86; Code 1980, § 2-189)

Secs. 2-439—2-465. Reserved.

DIVISION 11. FINANCE DEPARTMENT*

Sec. 2-466. Director as disbursing officer.

The director of finance is hereby declared to be the disbursing officer in the paying of salaries or compensation to all employees of the city, and in addition to his/her other duties he/she shall arrange for the payment of salaries and compensa-

*__Charter reference—__Department of finance generally, § 27 et seq.

__City Code cross references—__Finance, ch. 18; local business tax receipts, ch. 31; taxation, ch. 56.

tion to all employees of the city through the department of finance, in accordance with the provisions of the Charter.
(Code 1967, § 2-32; Code 1980, § 2-218; Ord. No. 11727, § 2, 11-17-98)

Sec. 2-467. Responsibilities of the director relating to the Anti-Deficiency Act.

The director of finance shall be responsible for the provisions relating to the Anti-Deficiency Act, in sections 18-500 through 18-503, as follows:

(1) To provide monthly reports to department directors reflecting actual year-to-date and month-to-date expenditures by line item, annual budget per line item, percentage of budget used by line item and remaining balance per line item.

(2) To provide monthly notification in writing to the city manager and department directors of any over expenditure by line item.

(3) To provide monthly reports to the city manager and department directors of overtime expenditures for each department.

(4) To prepare portions of the monthly status report and any other requested information to the city manager and department directors.

(5) To implement procedures necessary to assist the departments in reducing the potential of over expending line items as it relates to the disbursing function.

(6) To assist and respond to questions from departments and offices as it relates to the disbursing function.

(7) To assist the director of management and budget with the roll forward of prior year fund balance to appropriate these funds for open encumbrances and/or purchase orders which exist at year end and payable in the following year.

(8) To establish a financial account structure software package in accordance with generally accepted accounting principles.

(9) To provide regularly scheduled accounts payable check run along with procedures to facilitate the departments in expediting the payment of obligations originated by said departments.

(Ord. No. 11727, § 2, 11-17-98; Ord. No. 11890, § 3, 2-10-00)

Secs. 2-468—2-490. Reserved.

DIVISION 12. MANAGEMENT AND BUDGET DEPARTMENT*

Sec. 2-491. Created.

There is hereby created a department to be known as the management and budget department.
(Code 1967, § 2-98; Ord. No. 8742, § 1, 1-11-78; Code 1980, § 2-226)

Sec. 2-492. Director—Head of department.

The head of the management and budget department shall be known as the director of management and budget.
(Code 1967, § 2-99; Code 1980, § 2-227)

Sec. 2-493. Same—Appointment; duties generally.

The city manager is hereby authorized to appoint the director of the management and budget department, who shall administer the affairs of such department, subject to the supervision and control of the city manager in all matters.
(Code 1967, § 2-100; Code 1980, § 2-228)

Sec. 2-494. Same—Management, supervision and control of department; services provided by department generally.

Subject to the supervision and control of the city manager, the director of the management

*__City Code cross references—__Finance, ch. 18; local business tax receipts, ch. 31; taxation, ch. 56.

and budget department shall manage, supervise, control and administer the affairs of the department. The department shall provide revenue/grants management services, budget management services, and such other similar services as the city manager may direct.
(Code 1967, § 2-100.1; Code 1980, § 2-229)

Sec. 2-495. Department organization; assistant department head and revenue administrator to head each section.

There shall be included in the management and budget department a budget management section, and a revenue/grants management section. Each section shall be headed by an assistant department head and a revenue administrator.
(Code 1967, §§ 2-100.2, 2-100.7; Ord. No. 8742, § 1, 1-11-78; Ord. No. 9467, § 1(b), 7-22-82; Code 1980, §§ 2-230, 2-241)

Sec. 2-496. Duties of revenue administrator—Revenue/grants management section.

Subject to the supervision and control of the director of the management and budget department, the revenue administrator shall forecast actual and projected revenue, identify potential new sources of revenue and perform the city's grant management function by establishing a comprehensive citywide grants management system.
(Code 1967, § 2-100.3; Code 1980, § 2-231)

Sec. 2-497. Same—Budget management section.

Subject to the supervision and control of the director of the management and budget department, the assistant department director in charge of budget services shall provide the services of a budget office, which shall include the formulation, preparation and evaluation of the city budget; the provision of budgetary control through constant monitoring of current fiscal operations, and the forecasting of future fiscal operations for all funds; and the functions which shall include: expenditure control of the financial management information system; citywide position control; monitoring all legislation authorizing appropriations through its verification of the availability of funds; undertaking special fiscal management studies as requested by the mayor, city commission and/or by the city manager; written analysis of the budgetary impact of all proposed legislation prior to consideration by the city commission; providing through the city manager to the city commission a written budget impact analysis for all "pocket" agenda items; and performing such allied duties and functions as the department director may specify.
(Code 1967, § 2-100.4; Code 1980, § 2-232; Ord. No. 11564, § 4, 10-28-97; Ord. No. 11727, § 2, 11-17-98)

Sec. 2-497.1. Responsibilities of the director of management and budget relating to the Anti-Deficiency Act.

The director of management and budget shall be responsible for the provisions relating to the Anti-Deficiency Act, as set forth in sections 18-500 through 18-503, as follows:

(1) To prepare a written budgetary impact analysis for city commission review prior to adoption of a resolution presented for changes or deviations of the approved budget.

(2) To prepare a written budgetary impact analysis for city commission review prior to adoption of a resolution presented for ratification, approval and confirmation as a result of an emergency.

(3) To monitor departmental overtime budgets and provide monthly status reports to assist departments in verifying the availability of funds.

(4) To monitor departmental budgets and provide monthly status reports to assist departments in verifying the availability of funds.

(5) To notify the department director and the city manager in writing of any deficiency, the cause of the deficiency, the amount of the deficiency and the recommended remedial action to cure the

deficiency. The city manager shall, within 24 hours, transmit copies to the mayor, the city commission, city clerk and city attorney.

(6) To submit a comprehensive monthly status report, for distribution to the mayor and members of the city commission.

(Ord. No. 11727, § 2, 11-17-98; Ord. No. 11890, § 3, 2-10-00)

Sec. 2-498. Duties of computers division.

Subject to the supervision and control of the city manager in all matters, the deputy director of computers shall manage, supervise, control and administer the affairs of the computers division. The computers division shall assist and support city departments by providing and coordinating computer-based, integrated information systems, planning and development services and assist and support city departments in the monitoring of the operations of such systems. The computers division shall coordinate the acquisition of hardware and software to develop such systems and shall prepare capital budgets and administer the capital funds from whatever sources for such acquisition and administer all contracts and agreements related to such acquisitions. Coordination and review of the computers division services shall be with such persons, departments or groups as the city manager may direct. The computers division shall also provide such other allied services to support and assist city departments as the city manager may direct.

(Code 1967, §§ 2-100.8—2-100.11; Ord. No. 9467, § 1, 7-22-82; Code 1980, §§ 2-242—2-245)

Sec. 2-499. Service fees.

Expenses to be incurred by the city in connection with the administration of local business tax receipts and permits have been determined and shall be reimbursed to the city through the imposition of a service charge in the amount of $3.50. This nonrefundable service charge is in addition to and shall be paid separately from any assessment, and shall be payable at the time of application or request for services provided pursuant to the following sections of the City Code: 2-207; 2-234; 2-269; 3-23; 3-29; 3-59; 18-4; 18-40; 18-293; 19-2; 19-6; 22-12; 31-50; 38-11; 38-12; 42-6; 54-3; 54-43; 54-305; and 62-156.

(Ord. No. 11287, § 4, 7-13-95; Ord. No. 12885, § 1, 2-8-07; Ord. No. 13142, § 2, 2-11-10)

Secs. 2-500—2-525. Reserved.

DIVISION 13. DEPARTMENT OF ECONOMIC INNOVATION AND DEVELOPMENT*

Sec. 2-526. Created.

There is hereby created a department to be known as the department of economic innovation and development.

(Ord. No. 14338, § 2, 12-12-24)

Sec. 2-527. Director—Appointment and duties.

(a) The head of the department of economic innovation and development shall be known as the director of the department of economic innovation and development.

(b) The city manager is hereby authorized to appoint the director of the department of economic innovation and development.

(c) Subject to the supervision and control of the city manager in all matters, the director of the department of economic innovation and development shall administer the affairs of the department of economic innovation and development.

(Ord. No. 14338, § 2, 12-12-24)

Sec. 2-528. Functions of the department generally.

The department shall develop and implement policies, programs, and strategies for the retention, expansion, and relocation of existing business and industry and for the attraction of new industry; coordinate, monitor and evaluate all

*__Editor's note—__Prior to the reenactment of division 13 by Ord. No. 14338, § 2, adopted December 12, 2024, Ord. No. 13770, § 2, adopted June 28, 2018, repealed the former division 13, sections 2-526—2-531 in its entirety, which pertained to the office of independent auditor general, and derived from Ord. No. 12351, § 3, adopted April 10, 2003.

municipal programs and procedures relating to economic innovation and development; and provide technical assistance to business, industry, and local organizations regarding the availability of sites for development, public and private financing for development, and municipal procedures and programs regarding land use and land assembly for economic innovation and development.
(Ord. No. 14338, § 2, 12-12-24)

Secs. 2-529—2-555. Reserved.

DIVISION 14. HUMAN RESOURCES*

Sec. 2-556. Created.

There is hereby created a department to be known as human resources.
(Ord. No. 8526, § 1, 2-26-76; Ord. No. 10076, § 1, 1-23-86; Code 1980, § 2-266; Ord. No. 14338, § 2, 12-12-24)

Sec. 2-557. Appointment, duties of director.

The city manager is authorized to appoint a director of human resources. The director shall administer the affairs of the department subject to the supervision and control of the city manager in all matters.
(Ord. No. 8526, § 2, 2-26-76; Ord. No. 10076, § 1, 1-23-86; Code 1980, § 2-267; Ord. No. 14338, § 2, 12-12-24)

Sec. 2-558. Functions and duties of department.

The functions and duties of human resources are to:

(1) Provide basic personnel information and support services to all city employees.

(2) Identify, design and administer training courses and formal educational programs for the development of employees in their current or potential positions.

(3) Review and evaluate the manpower requirements necessary to perform the assigned functions of the various departments in an efficient and effective manner, assist the department directors and the civil service board to define and identify the skills needed to satisfy the requirements, perform the administrative procedures and fieldwork required to define and keep current data on position descriptions.

(4) Establish procedures and facilities for the creation, retrieval and preservation of employee personnel records; maintain records of all personnel actions, including, but not limited to, those related to employment or promotion processing.

(5) Establish and maintain medical services which shall include medical examination of employees and potential employees, a preventive medical program and liaison with the medical profession.

(6) In coordination and cooperation with the civil service board, establish and maintain a program to ensure recruitment of an adequate supply of qualified applicants for employment by the city.

(7) Develop job-related standards of efficiency for submission to the civil service board for their consideration.

(8) Ensure that standards of efficiency fixed by the civil service board are applied to employees and that reports of employee performance are prepared and submitted in accordance with civil service rules and regulations.

(Ord. No. 8526, § 3, 2-26-76; Ord. No. 10076, § 1, 1-23-86; Code 1980, § 2-268; Ord. No. 14338, § 2, 12-12-24)

Sec. 2-559. Department not to abridge civil service board authority or interfere with civil service policies in specified areas.

It is declared to be the legislative intent of this body that implementation of human resources shall not abridge the policy-making authority of

*__Editor's note—__Ord. No. 14338, § 2, adopted December 12, 2024, changed the title of division 14 from "Personnel management department" to "Human resources."

__Cross reference—__Personnel, ch. 40.

the civil service board and shall not impede, deter or interfere with civil service policies in the areas of establishing, maintaining and enforcing in-hiring standards and qualifications; preparation, administration, certification, and supervision of all in-hiring and promotional examinations; judicial review of all disciplinary actions and procedures; approval of employee performance evaluation standards, and review of all personnel actions pursuant to civil service board rules.
(Ord. No. 8526, § 4, 2-26-76; Ord. No. 10076, § 1, 1-23-86; Code 1980, § 2-269; Ord. No. 14338, § 2, 12-12-24)

Secs. 2-560—2-580. Reserved.

DIVISION 15. EQUAL OPPORTUNITY AND DIVERSITY PROGRAMS*

Sec. 2-581. Creation of the office of equal opportunity and diversity programs.

(a) Notwithstanding any provision in this Code to the contrary, the office of equal opportunity and diversity programs is created. The management, supervision, and control of the equal opportunity function to be performed on behalf of the city shall be the responsibility of the office of equal opportunity and diversity programs.

(b) All funds, personnel, records, and equipment currently budgeted in the department of employee relations for the division of equal opportunity and diversity programs are transferred and assigned to the office of equal opportunity and diversity programs.
(Ord. No. 13086, § 2, 9-10-09)

Sec. 2-582. Appointment, reporting and qualifications of the administrator.

The equal opportunity and diversity programs administrator, shall be appointed by and report to the city manager, and the position shall be in the unclassified service. The administrator shall be responsible for the functions of the city office of equal opportunity and diversity programs and shall be qualified by education and experience in the area of equal opportunity compliance as determined by generally accepted standards within the field of practice. The equal opportunity and diversity programs administrator is also designated as the city's equal employment opportunity (EEO) officer, also known as affirmative action officer.
(Ord. No. 13086, § 2, 9-10-09)

Sec. 2-583. Staffing.

The office of equal opportunity and diversity programs shall be staffed by professional and support personnel as designated by the city manager and approved by the city commission in the city's budget process, as may be amended periodically by the city commission, upon recommendation by the city manager.
(Ord. No. 13086, § 2, 9-10-09)

Sec. 2-584. General duties, powers and responsibilities.

Subject to the direction of the city manager, the equal opportunity and diversity programs administrator shall:

(1) Represent the city manager in all matters of affirmative action, and equal opportunity in employment;

(2) Monitor compliance with the city's administrative policies and laws related to the prohibition of employment discrimination including, but not limited to the following:

a. Title VII of the Civil Rights Act of 1964 with amendments;

b. Civil Rights Act of 1991;

c. Pregnancy Discrimination Act;

d. Family Medical Leave Act;

e. Equal Pay Act;

f. Age Discrimination in Employment Act;

g. Florida Civil Rights Act;

*__Editor's note—__Ord. No. 13086, § 2, adopted September 10, 2009, amended division 15 in its entirety to read as herein set out. Formerly, division 15, §§ 2-581 and 2-582, pertained to similar subject matter, and derived from the Code of 1980, §§ 2-235, 2-236.1, and Ord. No. 10071, §§ 2, 4(b), adopted January 23, 1986.

h. Americans with Disabilities Act of 1990 with amendments;

i. Vocational Rehabilitation Act of 1973.

(3) Investigate complaints involving employment discrimination;

(4) Prepare reports to internal and external sources relevant to compliance with EEO laws, and issues involving diversity and equal employment opportunity;

(5) Develop and implement instructional programs relevant to equal employment opportunity and diversity issues for city employees;

(6) Work in direct coordination with the EEO advisory board in the preparation, conduct, review, and implementation of the city's continuing affirmative action program;

(7) Provide staff support to the EEO advisory board thus empowering the board to:

a. Review and recommend to the city commission, through the appropriate administrative channels, the adoption of, amendment and revisions to the city's affirmative action plan, for meeting present and possible future requirements;

b. Review employment policies and practices of the city and make recommendations to the department of employee relations that will serve to ensure the city's compliance with EEO laws, guidelines and best practices;

c. Conduct monthly meetings, open to the public, for discussion of the city's affirmative action program, review of specific complaints of alleged discrimination properly brought before the board, and receipt of reports from the office of equal opportunity and diversity programs.

(Ord. No. 13086, § 2, 9-10-09)

Secs. 2-585—2-590. Reserved.

DIVISION 16. RESILIENCE AND SUSTAINABILITY*

Sec. 2-591. Created.

There is hereby created a department to be known as resilience and sustainability.
(Ord. No. 12910, § 2, 4-26-07; Ord. No. 14338, § 2, 12-12-24)

Sec. 2-592. Appointment, duties of director.

The city manager is authorized to appoint a director of resilience and sustainability. The director shall administer the affairs of the department subject to the supervision and control of the city manager in all matters.
(Ord. No. 12910, § 2, 4-26-07; Ord. No. 14338, § 2, 12-12-24)

Sec. 2-593. Functions and duties of the department.

The functions and duties of the office of resilience and sustainability are to:

(1) Establish and maintain programs that provide the city and its residents with economic and quality of life benefits such as reduced energy bills, green space preservation, air quality improvements, reduced traffic congestion, improved transportation choices, and economic development and job creation through energy conservation and new energy technologies.

(2) Develop and administer a baseline emissions inventory and timetable by calculating greenhouse gas emissions for a base year and a forecast year, capturing emissions levels from all municipal operations and from all community related activities.

(3) Propose resolutions establishing emission reduction targets for the city.

*__Editor's note—__Ord. No. 14338, § 2, adopted December 12, 2024, changed the title of division 16 from "Miami office of sustainable initiatives" to "Resilience and sustainability."

(4) Coordinate the cooperation of city departments to take action to reduce global warming pollution by striving to meet or exceed Kyoto Protocol targets.

(5) Ensure that sustainable initiatives set by this department are administered and followed by city departments.

(6) Facilitate communication between environmental experts and city departments for the adoption and enforcement of environmentally sustainable initiatives.

(Ord. No. 12910, § 2, 4-26-07; Ord. No. 14338, § 2, 12-12-24)

ARTICLE V. CONFLICTS OF INTEREST*

Sec. 2-611. Applicability of article.

This article shall be applicable to and binding upon every officer, official and employee of the city, including every member of any board, commission or agency of the city.

(Code 1967, § 2-101; Code 1980, § 2-301)

Sec. 2-612. Transacting business with city; appearances before city boards; post-employment restrictions; participation in the award of certain contracts under the procurement ordinance; penalties, etc.

(a) No person included in section 2-611 shall enter into any contract or transact any business with the city or any person or agency acting for the city, or shall appear in representation of any third party before any board, commission or agency of which such person is a member. No employee shall appear in any capacity on behalf of any third party before any board, commission or agency of the city. Any such contract or agreement entered into or appearance made in violation of this section shall render the transaction voidable. However this section shall not apply to an employee participating in federal economic development programs, the community development block grant assisted single family rehabilitation loan program, or the various affordable housing programs assisted through the home investment partnership program and state housing initiatives partnership program administered by the department of community development provided that the employee meets all criteria of the program and provided that the city manager approves the participation of the employee and that the employee is identified as being an employee of the city in applicable documents.

(b) The word "person" appearing in subsection (a) of this section shall include officers, officials and employees as set forth in section 2-611 hereof and the following family members of such "person": spouse, son, daughter, parent, brother or sister.

(c) The prohibition upon activity which is set forth in subsections (a) and (b) of this section shall remain in effect for a period of two years after the officer, official, or employee has left city service or terminated city employment.

(d) The director of the department and/or his/her designee and/or the members of the selection committee who are city employees recommending a contract award of not less than $500,000.00, shall be restricted for a two-year period, after the director and/or his/her designee and/or the member has left city service or terminated city employment, from receiving compensation or employment from any contractual party when the director and/or his/her designee and/or the member participated in the award of the contract subject to the procurement ordinance of the city, including without limitation waivers, with the following conditions and definitions:

(1) The word "member" as used in this section shall include all city employees who are members of the selection committee which has recommended a contract award;

---

*__Charter reference—__City officers and employees prohibited from having interest in profits, etc., of contracts, jobs, etc., performed for the city, § 4(c).

__City Code cross reference—__Conflicts of interest in regard to members, employees, etc., of downtown development board, § 14-62.

__Law review reference—__Note as to conflicts of interest of municipal officers, 20 Miami L. Rev. 472.

(2) The word "director" shall mean the director, or his/her designee, of any city department, division, authority, board, or office recommending a contract award, and with respect to the boards referenced in section 18-72, the executive director of such board, or his/her designee, providing, however, that this section shall not apply to the community redevelopment agency;

(3) The word "director" shall exclude the city manager and the chief procurement officer as defined in section 18-73;

(4) This section shall not preclude the member or director, or his/her designee, from working for the contractual party on an entirely unrelated contract. The phrase "contractual party" is defined in section 18-73. The employment or contractual relationship cannot relate directly to the contract that was recommended by the selection committee in which the member participated and/or that was recommended by the director or his/her designee.

(e) Penalties. A violation of this ordinance may be punished by imposition of the maximum fine and/or penalties allowed by law. Additionally, violations may be considered by and subject to action by the Miami-Dade County Commission on Ethics.

(Code 1967, § 2-102; Ord. No. 9015, § 1, 11-8-79; Ord. No. 10823, § 2, 1-10-91; Code 1980, § 2-302; Ord. No. 11755, § 2, 2-9-99; Ord. No. 11816, § 2, 7-13-99; Ord. No. 11908, § 2, 4-13-00; Ord. No. 12401, § 1, 9-11-03; Ord. No. 12892, § 2, 3-8-07; Ord. No. 13676, § 2, 4-27-17)

Editor's note—Ord. No. 12892, § 2, adopted March 8, 2007, changed the title of § 2-612 from "Transacting business with the city; appearances before city boards, etc." to "Transacting business with city; appearances before city boards; post-employment restrictions; participation in the award of certain contracts under the procurement ordinance; penalties, etc."

State law reference—Doing business with one's agency, F.S. § 112.313(13), (14).

Sec. 2-613. Accepting gifts, etc., from persons contracting, etc., with city.

Every officer, official or employee of the city, including every member of any board, commission or agency of the city, is expressly prohibited from accepting, directly or indirectly, from any person, company, firm or corporation to which any purchase order or contract is or might be

deficiency. The city manager shall, within 24 hours, transmit copies to the mayor, the city commission, city clerk and city attorney.

(6) To submit a comprehensive monthly status report, for distribution to the mayor and members of the city commission.

(Ord. No. 11727, § 2, 11-17-98; Ord. No. 11890, § 3, 2-10-00)

Sec. 2-498. Duties of computers division.

Subject to the supervision and control of the city manager in all matters, the deputy director of computers shall manage, supervise, control and administer the affairs of the computers division. The computers division shall assist and support city departments by providing and coordinating computer-based, integrated information systems, planning and development services and assist and support city departments in the monitoring of the operations of such systems. The computers division shall coordinate the acquisition of hardware and software to develop such systems and shall prepare capital budgets and administer the capital funds from whatever sources for such acquisition and administer all contracts and agreements related to such acquisitions. Coordination and review of the computers division services shall be with such persons, departments or groups as the city manager may direct. The computers division shall also provide such other allied services to support and assist city departments as the city manager may direct.
(Code 1967, §§ 2-100.8—2-100.11; Ord. No. 9467, § 1, 7-22-82; Code 1980, §§ 2-242—2-245)

Sec. 2-499. Service fees.

Expenses to be incurred by the city in connection with the administration of local business tax receipts and permits have been determined and shall be reimbursed to the city through the imposition of a service charge in the amount of $3.50. This nonrefundable service charge is in addition to and shall be paid separately from any assessment, and shall be payable at the time of application or request for services provided pursuant to the following sections of the City Code: 2-207; 2-234; 2-269; 3-23; 3-29; 3-59; 18-4; 18-40; 18-293; 19-2; 19-6; 22-12; 31-50; 38-11; 38-12; 42-6; 54-3; 54-43; 54-305; and 62-156.
(Ord. No. 11287, § 4, 7-13-95; Ord. No. 12885, § 1, 2-8-07; Ord. No. 13142, § 2, 2-11-10)

Secs. 2-500—2-525. Reserved.

DIVISION 13. DEPARTMENT OF ECONOMIC INNOVATION AND DEVELOPMENT*

Sec. 2-526. Created.

There is hereby created a department to be known as the department of economic innovation and development.
(Ord. No. 14338, § 2, 12-12-24)

Sec. 2-527. Director—Appointment and duties.

(a) The head of the department of economic innovation and development shall be known as the director of the department of economic innovation and development.

(b) The city manager is hereby authorized to appoint the director of the department of economic innovation and development.

(c) Subject to the supervision and control of the city manager in all matters, the director of the department of economic innovation and development shall administer the affairs of the department of economic innovation and development.
(Ord. No. 14338, § 2, 12-12-24)

Sec. 2-528. Functions of the department generally.

The department shall develop and implement policies, programs, and strategies for the retention, expansion, and relocation of existing business and industry and for the attraction of new industry; coordinate, monitor and evaluate all

*__Editor's note—__Prior to the reenactment of division 13 by Ord. No. 14338, § 2, adopted December 12, 2024, Ord. No. 13770, § 2, adopted June 28, 2018, repealed the former division 13, sections 2-526—2-531 in its entirety, which pertained to the office of independent auditor general, and derived from Ord. No. 12351, § 3, adopted April 10, 2003.

municipal programs and procedures relating to economic innovation and development; and provide technical assistance to business, industry, and local organizations regarding the availability of sites for development, public and private financing for development, and municipal procedures and programs regarding land use and land assembly for economic innovation and development.
(Ord. No. 14338, § 2, 12-12-24)

Secs. 2-529—2-555. Reserved.

DIVISION 14. HUMAN RESOURCES*

Sec. 2-556. Created.

There is hereby created a department to be known as human resources.
(Ord. No. 8526, § 1, 2-26-76; Ord. No. 10076, § 1, 1-23-86; Code 1980, § 2-266; Ord. No. 14338, § 2, 12-12-24)

Sec. 2-557. Appointment, duties of director.

The city manager is authorized to appoint a director of human resources. The director shall administer the affairs of the department subject to the supervision and control of the city manager in all matters.
(Ord. No. 8526, § 2, 2-26-76; Ord. No. 10076, § 1, 1-23-86; Code 1980, § 2-267; Ord. No. 14338, § 2, 12-12-24)

Sec. 2-558. Functions and duties of department.

The functions and duties of human resources are to:

(1) Provide basic personnel information and support services to all city employees.

(2) Identify, design and administer training courses and formal educational programs for the development of employees in their current or potential positions.

(3) Review and evaluate the manpower requirements necessary to perform the assigned functions of the various departments in an efficient and effective manner, assist the department directors and the civil service board to define and identify the skills needed to satisfy the requirements, perform the administrative procedures and fieldwork required to define and keep current data on position descriptions.

(4) Establish procedures and facilities for the creation, retrieval and preservation of employee personnel records; maintain records of all personnel actions, including, but not limited to, those related to employment or promotion processing.

(5) Establish and maintain medical services which shall include medical examination of employees and potential employees, a preventive medical program and liaison with the medical profession.

(6) In coordination and cooperation with the civil service board, establish and maintain a program to ensure recruitment of an adequate supply of qualified applicants for employment by the city.

(7) Develop job-related standards of efficiency for submission to the civil service board for their consideration.

(8) Ensure that standards of efficiency fixed by the civil service board are applied to employees and that reports of employee performance are prepared and submitted in accordance with civil service rules and regulations.

(Ord. No. 8526, § 3, 2-26-76; Ord. No. 10076, § 1, 1-23-86; Code 1980, § 2-268; Ord. No. 14338, § 2, 12-12-24)

Sec. 2-559. Department not to abridge civil service board authority or interfere with civil service policies in specified areas.

It is declared to be the legislative intent of this body that implementation of human resources shall not abridge the policy-making authority of

*__Editor's note—__Ord. No. 14338, § 2, adopted December 12, 2024, changed the title of division 14 from "Personnel management department" to "Human resources."

__Cross reference—__Personnel, ch. 40.

the civil service board and shall not impede, deter or interfere with civil service policies in the areas of establishing, maintaining and enforcing in-hiring standards and qualifications; preparation, administration, certification, and supervision of all in-hiring and promotional examinations; judicial review of all disciplinary actions and procedures; approval of employee performance evaluation standards, and review of all personnel actions pursuant to civil service board rules.
(Ord. No. 8526, § 4, 2-26-76; Ord. No. 10076, § 1, 1-23-86; Code 1980, § 2-269; Ord. No. 14338, § 2, 12-12-24)

Secs. 2-560—2-580. Reserved.

DIVISION 15. EQUAL OPPORTUNITY AND DIVERSITY PROGRAMS*

Sec. 2-581. Creation of the office of equal opportunity and diversity programs.

(a) Notwithstanding any provision in this Code to the contrary, the office of equal opportunity and diversity programs is created. The management, supervision, and control of the equal opportunity function to be performed on behalf of the city shall be the responsibility of the office of equal opportunity and diversity programs.

(b) All funds, personnel, records, and equipment currently budgeted in the department of employee relations for the division of equal opportunity and diversity programs are transferred and assigned to the office of equal opportunity and diversity programs.
(Ord. No. 13086, § 2, 9-10-09)

Sec. 2-582. Appointment, reporting and qualifications of the administrator.

The equal opportunity and diversity programs administrator, shall be appointed by and report to the city manager, and the position shall be in the unclassified service. The administrator shall be responsible for the functions of the city office of equal opportunity and diversity programs and shall be qualified by education and experience in the area of equal opportunity compliance as determined by generally accepted standards within the field of practice. The equal opportunity and diversity programs administrator is also designated as the city's equal employment opportunity (EEO) officer, also known as affirmative action officer.
(Ord. No. 13086, § 2, 9-10-09)

Sec. 2-583. Staffing.

The office of equal opportunity and diversity programs shall be staffed by professional and support personnel as designated by the city manager and approved by the city commission in the city's budget process, as may be amended periodically by the city commission, upon recommendation by the city manager.
(Ord. No. 13086, § 2, 9-10-09)

Sec. 2-584. General duties, powers and responsibilities.

Subject to the direction of the city manager, the equal opportunity and diversity programs administrator shall:

(1) Represent the city manager in all matters of affirmative action, and equal opportunity in employment;

(2) Monitor compliance with the city's administrative policies and laws related to the prohibition of employment discrimination including, but not limited to the following:

a. Title VII of the Civil Rights Act of 1964 with amendments;

b. Civil Rights Act of 1991;

c. Pregnancy Discrimination Act;

d. Family Medical Leave Act;

e. Equal Pay Act;

f. Age Discrimination in Employment Act;

g. Florida Civil Rights Act;

*__Editor's note—__Ord. No. 13086, § 2, adopted September 10, 2009, amended division 15 in its entirety to read as herein set out. Formerly, division 15, §§ 2-581 and 2-582, pertained to similar subject matter, and derived from the Code of 1980, §§ 2-235, 2-236.1, and Ord. No. 10071, §§ 2, 4(b), adopted January 23, 1986.

h. Americans with Disabilities Act of 1990 with amendments;

i. Vocational Rehabilitation Act of 1973.

(3) Investigate complaints involving employment discrimination;

(4) Prepare reports to internal and external sources relevant to compliance with EEO laws, and issues involving diversity and equal employment opportunity;

(5) Develop and implement instructional programs relevant to equal employment opportunity and diversity issues for city employees;

(6) Work in direct coordination with the EEO advisory board in the preparation, conduct, review, and implementation of the city's continuing affirmative action program;

(7) Provide staff support to the EEO advisory board thus empowering the board to:

a. Review and recommend to the city commission, through the appropriate administrative channels, the adoption of, amendment and revisions to the city's affirmative action plan, for meeting present and possible future requirements;

b. Review employment policies and practices of the city and make recommendations to the department of employee relations that will serve to ensure the city's compliance with EEO laws, guidelines and best practices;

c. Conduct monthly meetings, open to the public, for discussion of the city's affirmative action program, review of specific complaints of alleged discrimination properly brought before the board, and receipt of reports from the office of equal opportunity and diversity programs.

(Ord. No. 13086, § 2, 9-10-09)

Secs. 2-585—2-590. Reserved.

DIVISION 16. RESILIENCE AND SUSTAINABILITY*

Sec. 2-591. Created.

There is hereby created a department to be known as resilience and sustainability.
(Ord. No. 12910, § 2, 4-26-07; Ord. No. 14338, § 2, 12-12-24)

Sec. 2-592. Appointment, duties of director.

The city manager is authorized to appoint a director of resilience and sustainability. The director shall administer the affairs of the department subject to the supervision and control of the city manager in all matters.
(Ord. No. 12910, § 2, 4-26-07; Ord. No. 14338, § 2, 12-12-24)

Sec. 2-593. Functions and duties of the department.

The functions and duties of the office of resilience and sustainability are to:

(1) Establish and maintain programs that provide the city and its residents with economic and quality of life benefits such as reduced energy bills, green space preservation, air quality improvements, reduced traffic congestion, improved transportation choices, and economic development and job creation through energy conservation and new energy technologies.

(2) Develop and administer a baseline emissions inventory and timetable by calculating greenhouse gas emissions for a base year and a forecast year, capturing emissions levels from all municipal operations and from all community related activities.

(3) Propose resolutions establishing emission reduction targets for the city.

*__Editor's note—__Ord. No. 14338, § 2, adopted December 12, 2024, changed the title of division 16 from "Miami office of sustainable initiatives" to "Resilience and sustainability."

(4) Coordinate the cooperation of city departments to take action to reduce global warming pollution by striving to meet or exceed Kyoto Protocol targets.

(5) Ensure that sustainable initiatives set by this department are administered and followed by city departments.

(6) Facilitate communication between environmental experts and city departments for the adoption and enforcement of environmentally sustainable initiatives.

(Ord. No. 12910, § 2, 4-26-07; Ord. No. 14338, § 2, 12-12-24)

DIVISION 17. GRANTS DEPARTMENT

Sec. 2-594. Created.

A department to be known as the grants department is hereby created.
(Ord. No. 14403, § 2, 10-23-25)

Sec. 2-595. Purpose.

The grants department (grants) identifies funding and partnership opportunities from federal, state, local governments, foundations, and private funding sources to maximize revenue generating opportunities. Grants' purpose is to complete and submit high-quality competitive grant applications that enhance the quality of life of residents and promote city initiatives and priorities.

Grants coordinates and oversees all aspects related to the writing, planning, proposal writing, application preparation, and submission of grant applications and funding applications. Grants provides technical support to facilitate the implementation of policies and practices in compliance with federal, state, and local laws, regulations, and contract stipulations. In addition, grants provides expertise in assessing changes, regulatory compliance, and grant management that may impact funding. These functions advance the city's strategies to enhance services for residents and businesses.
(Ord. No. 14403, § 2, 10-23-25)

Sec. 2-596. Director—Appointment and duties.

(a) The city manager shall appoint a grants director as the authorized official designated with the purpose of applying, drafting applications and completing necessary forms and documents required for the submittal of federal, state, local or other grants on behalf of the city. The grants director shall administer the affairs of the department subject to the supervision and control of the city manager in all matters. The grants director provides leadership, direction and operational oversight of the department.

(b) The grants director shall coordinate and oversee all aspects of the development of grant proposals and submittals to maximize revenue-generating opportunities; provide technical assistance to ensure that the city maintains compliance with applicable programmatic and administrative federal, state, and local grant requirements; offers leadership and direction to departmental staff; prepares and manages the departmental budget; performs administrative functions as required; and, directs the implementation of citywide initiatives. The grants director is the authorized official designee to submit grant applications on behalf of the City of Miami.
(Ord. No. 14403, § 2, 10-23-25)

Sec. 2-597. Functions and duties.

Functions and duties of the department:

(1) Review and identify funding opportunities from federal, state, local governments, foundations, and private funding sources.

(2) Collaborate with city departments to disseminate information on grant opportunities aligning with city priorities.

(3) Identify projects and initiatives to align them with funding opportunities.

(4) Develop and submit grant applications on behalf of the city.

(5) Facilitate communication between administration, departments, and external partners for the purpose of preparing and submitting grant applications.

(6) Provide technical support and expertise on grant requirements, regulations, allowable expenditures and regulations.

(7) Grants shall also manage and administer grant funded programs for citywide initiatives.

(Ord. No. 14403, § 2, 10-23-25)

Secs. 2-598—2-610. Reserved.

ARTICLE V. CONFLICTS OF INTEREST*

Sec. 2-611. Applicability of article.

This article shall be applicable to and binding upon every officer, official and employee of the city, including every member of any board, commission or agency of the city.

(Code 1967, § 2-101; Code 1980, § 2-301)

Sec. 2-612. Transacting business with city; appearances before city boards; post-employment restrictions; participation in the award of certain contracts under the procurement ordinance; penalties, etc.

(a) No person included in section 2-611 shall enter into any contract or transact any business with the city or any person or agency acting for the city, or shall appear in representation of any third party before any board, commission or agency of which such person is a member. No employee shall appear in any capacity on behalf of any third party before any board, commission or agency of the city. Any such contract or agreement entered into or appearance made in violation of this section shall render the transaction voidable. However this section shall not apply to an employee participating in federal economic development programs, the community development block grant assisted single family rehabilitation loan program, or the various affordable housing programs assisted through the home investment partnership program and state housing initiatives partnership program administered by the department of community development provided that the employee meets all criteria of the program and provided that the city manager approves the participation of the employee and that the employee is identified as being an employee of the city in applicable documents.

(b) The word "person" appearing in subsection (a) of this section shall include officers, officials and employees as set forth in section 2-611 hereof and the following family members of such "person": spouse, son, daughter, parent, brother or sister.

(c) The prohibition upon activity which is set forth in subsections (a) and (b) of this section shall remain in effect for a period of two years after the officer, official, or employee has left city service or terminated city employment.

(d) The director of the department and/or his/her designee and/or the members of the selection committee who are city employees recommending a contract award of not less than $500,000.00, shall be restricted for a two-year period, after the director and/or his/her designee and/or the member has left city service or terminated city employment, from receiving compensation or employment from any contractual party when the director and/or his/her designee and/or the member participated in the award of the contract subject to the procurement ordinance of the city, including without limitation waivers, with the following conditions and definitions:

(1) The word "member" as used in this section shall include all city employees who are members of the selection committee which has recommended a contract award;

(2) The word "director" shall mean the director, or his/her designee, of any city department, division, authority, board, or office recommending a contract award, and with respect to the boards referenced in section 18-72, the executive director of such board, or his/her designee, provid-

__Law review reference—__Note as to conflicts of interest of municipal officers, 20 Miami L. Rev. 472.

ing, however, that this section shall not apply to the community redevelopment agency;

(3) The word "director" shall exclude the city manager and the chief procurement officer as defined in section 18-73;

(4) This section shall not preclude the member or director, or his/her designee, from working for the contractual party on an entirely unrelated contract. The phrase "contractual party" is defined in section 18-73. The employment or contractual relationship cannot relate directly to the contract that was recommended by the selection committee in which the member participated and/or that was recommended by the director or his/her designee.

(e) Penalties. A violation of this ordinance may be punished by imposition of the maximum fine and/or penalties allowed by law. Additionally, violations may be considered by and subject to action by the Miami-Dade County Commission on Ethics.
(Code 1967, § 2-102; Ord. No. 9015, § 1, 11-8-79; Ord. No. 10823, § 2, 1-10-91; Code 1980, § 2-302; Ord. No. 11755, § 2, 2-9-99; Ord. No. 11816, § 2, 7-13-99; Ord. No. 11908, § 2, 4-13-00; Ord. No. 12401, § 1, 9-11-03; Ord. No. 12892, § 2, 3-8-07; Ord. No. 13676, § 2, 4-27-17)

Editor's note—Ord. No. 12892, § 2, adopted March 8, 2007, changed the title of § 2-612 from "Transacting business with the city; appearances before city boards, etc." to "Transacting business with city; appearances before city boards; post-employment restrictions; participation in the award of certain contracts under the procurement ordinance; penalties, etc."

State law reference—Doing business with one's agency, F.S. § 112.313(13), (14).

Sec. 2-613. Accepting gifts, etc., from persons contracting, etc., with city.

Every officer, official or employee of the city, including every member of any board, commission or agency of the city, is expressly prohibited from accepting, directly or indirectly, from any person, company, firm or corporation to which any purchase order or contract is or might be awarded, any rebate, gift, money or anything of value whatsoever, except where given for the use and benefit of the city.
(Code 1967, § 2-103; Code 1980, § 2-303)

Sec. 2-614. Waiver of requirements of article.

(a) The requirements of this article may be waived for a particular transaction or transactions only by an affirmative vote of four-fifths of the members of the city commission or an unanimous vote of the quorum that exists because of either abstentions or vacancies resulting from resignation, death, suspension, or physical incapacitation after public hearing. Such waiver may be effected only after findings by four-fifths of the members of the city commission, or an unanimous vote of the quorum that exists because of either abstentions or vacancies resulting from resignation, death, suspension, or physical incapacitation as follows:

(1) An open-to-all sealed competitive bid has been submitted by a city person as set forth in section 2-611 hereof; or

(2) The bid has been submitted by a person or firm offering services within the scope of practice of architecture, landscape architecture, professional engineering or registered land surveying, as defined by the laws of the state and pursuant to provisions of the Consultant's Competitive Negotiation Act as are now in force and as may be hereinafter enacted, and when the bid has been submitted by a city person as set forth in section 2-611 hereof; or

(3) The property or services to be involved in the proposed transaction are unique and the city cannot avail itself of such property or services without entering into a transaction which would violate this section but for waiver of its requirements; and

(4) The proposed transaction will be to the best interest of the city.

(b) Such findings shall be spread on the minutes of the commission. This section shall be applicable only to prospective transactions, and the commission may in no case ratify a transaction entered in violation of this section.

(c) This section shall be taken to be cumulative and shall not be construed to amend or repeal any other section or ordinance pertaining to the same subject matter.
(Code 1967, § 2-104; Code 1980, § 2-304; Ord. No. 13170, § 1, 5-13-10)

State law reference—Consultants' competitive negotiation, F.S. § 287.055.

Sec. 2-615. List of real estate owned—Required of certain officials.

(a) All the following enumerated elective and appointive officers or employees of the city:

Mayor;

City commissioners;

City attorney;

City clerk;

City manager;

Civil service board;

Retirement plan board;

Retirement system board;

Members of planning, zoning and appeals board;

Members of the nuisance abatement board;

Executive director of downtown development authority;

Director of off-street parking department;

Executive secretary of civil service board;

Fire chief;

Chief of police;

Members of downtown development authority;

Members of off-street parking board;

Directors of all departments;

shall, within 30 days from the effective date of sections 2-615 through 2-617, submit to the city clerk a complete itemized list of all real property owned by he or she, whether the title be either legal or equitable, whether owned in whole or in part, including corporate real property in which he/she has a controlling interest or is an officer of such corporation, and shall include the following information as to each parcel of land:

(1) The legal description and common address;

(2) The municipal or county zoning classification wherein the property is located;

(3) The manner in which the property is presently being utilized.

(b) The itemized list shall be verified under oath. Only those real properties that are located within the corporate limits of the city or those properties located 500 feet beyond the corporate limits of the city are required to be listed on a form provided by the city clerk.

(c) All the elective and appointive officers or employees enumerated in subsection (a) who are currently appointed or appointed subsequent to the effective date of amended sections 2-615 through 2-617 shall, within 30 days of their election or appointment, submit an itemized list verified under oath of real estate holdings as provided herein.
(Code 1967, § 2-105; Ord. No. 10966, § 2, 4-2-92; Code 1980, § 2-305; Ord. No. 13245, § 1, 1-13-11; Ord. No. 13676, § 2, 4-27-17)

Sec. 2-616. Same—To be renewed annually.

All those elective and appointive officers and employees as described in section 2-615 shall, between November 1 and December 1, 1967, and each succeeding year thereafter, submit new itemized lists of real estate holdings as required under section 2-615 subject to the terms and conditions as contained in section 2-615.
(Code 1967, § 2-106; Code 1980, § 2-306)

Sec. 2-617. Same—Penalty for violation of sections 2-615, 2-616.

Any elective or appointive officer or employee violating sections 2-615 and 2-616 shall be removed from office in accordance with the law.
(Code 1967, § 2-108; Code 1980, § 2-307)

Sec. 2-618. Disclosure of parties in interest by persons making presentations, requests, etc., to city commission or boards.

(a) All parties making any presentation, formal request or petition to the city commission or any city board with respect to any real property are required to make full disclosure in writing, on a form supplied by the clerk of the city commission or secretary to the board, of all parties having a financial interest, either direct or indirect, in the subject matter of said presentation, formal request or petition. Such disclosure shall include, but not be limited to, disclosure of all natural persons having an ownership interest, direct or indirect, in the subject real property.

(b) The disclosure required by subsection (a) hereof must be made or updated, as may be necessary, in order to ensure that the information disclosed is accurate at the time of filing and at all times thereafter within a reasonable time after any change in the disclosure information required and is accurate as of the time of each vote by the city commission or applicable board.

(c) Where the disclosure required by subsection (a) hereof is not made, the city commission or applicable board shall not consider the presentation, formal request or petition nor shall such petition be accepted for filing.
(Ord. No. 9419, §§ 1, 2, 5-27-82; Ord. No. 9798, § 1, 2-9-84; Code 1980, § 2-308)

Sec. 2-619. Financial disclosure.

(a) Reporting requirement:

(1) In addition to the financial disclosure requirements of state law and county Code, the mayor and city commissioners are required to provide the following information to the city clerk in writing by July 1 of each year:*

a. Description of all assets which have a value in excess of $5,000.00 including household goods.

b. All liabilities which exceed $5,000.00 including the name and address of all creditors including debts or money owed in excess of $5,000.00 including credit card and retail installment accounts, taxes owed, indebtedness on a life insurance policy and accrued income taxes on net unrealized appreciation.

c. All sources of income due a business entity in excess of ten percent of the gross income of a business entity in which the reporting person held a material interest and from which he/she received an amount which was in excess of ten percent of his/her gross income during the disclosure period and which exceeds $1,500.00. The period for computing the gross income of the business entity is the fiscal year of the business entity which ended on, or immediately prior to, the end of the preceding calendar year.

d. Net worth, i.e., the difference between total assets and total liabilities.

(2) An affidavit of the person reporting shall be executed attesting to the accuracy of the disclosures.

(b) As an alternative to the requirements set forth in subsection (a) above, a copy of the reporting person's filed return for the current year's federal income tax return may be provided.

(c) Any elected official who is a partner in a law firm or a stockholder in a professional association must disclose, in writing, to the city clerk the name of any client whose representation results in a contribution of ten percent or more of the gross income:

(1) To the law firm in which said official is a partner;

*__Note—__The reporting requirement applies to all persons serving in the designated capacities on December 31, 1986 and on December 31 of succeeding years. Information required to be reported by July 1 shall be the information in existence as of December 31 of the preceding calendar year.

(2) To the professional association in which said official is a stockholder or has an ownership interest; or

(3) To the elected official directly.

(d) Every person who is convicted of a violation of this section shall be punished as provided in section 1-13.
(Ord. No. 10219, § 1, 2-12-87; Code 1980, § 2-309)

Secs. 2-620—2-650. Reserved.

ARTICLE VI. LOBBYISTS

Sec. 2-651. Reserved.

Editor's note—Ord. No. 14399, § 2, adopted October 9, 2025, repealed the former section 2-651 in its entirety, which pertained to applicability and derived from Ord. No. 10087, § 1, adopted March 18, 1986; the Code of 1980, § 2-311, and Ord. No. 13718, § 2, adopted December 14, 2017.

Sec. 2-652. Penalty.

Violations of this section shall be enforced by the Miami-Dade County Commission on Ethics and Public Trust ("COE"). A finding by the COE that a person has violated this chapter shall subject the person to a $500.00 civil penalty. The COE may additionally provide other penalties such as admonition and public reprimand, as well as prohibitions from registering as a lobbyist or engaging in lobbying activities before the city.
(Ord. No. 10087, § 3, 3-18-86; Code 1980, § 2-312; Ord. No. 14399, § 2, 10-9-25)

City Code cross reference—General penalty, § 1-13.

Sec. 2-653. Definitions and exceptions.

The definitions and exceptions used in Section 2-11.1(s)(1), (2) and (5) of the Code of Ordinances of Miami-Dade County, Florida, as amended ("County Code") shall be applicable to this article. References in Section 2-11.1 of the County Code to county personnel shall, therefore, be applicable to city personnel who serve in comparable capacities to the county personnel referred to therein.
(Ord. No. 10087, § 2(a)(1), (2), 3-18-86; Ord. No. 10181, § 1, 11-13-86; Ord. No. 10478, § 1, 9-8-88; Code 1980, § 2-313; Ord. No. 11469, § 2, 3-20-97; Ord. No. 11527, § 2, 7-24-97; Ord. No. 11564, § 4, 10-28-97; Ord. No. 13718, § 2, 12-14-17; Ord. No. 14399, § 2, 10-9-25)

City Code cross references—Code enforcement board, § 2-812 et seq.; civil service board, § 40-66 et seq.

Sec. 2-654. Registration; ethics; fee; disclosure requirements; log of registered lobbyists; exemptions from payment of fee; failure to register.

(a) A person may not lobby a city official, a city board member, the city manager, or city staff, until such person has registered as a lobbyist with the city clerk and submitted a certificate of completion, of an ethics course provided by the Miami-Dade County Commission on Ethics Public Trust completed within 60 days after registering. Such registration shall be due within five business days of being retained as a lobbyist by a principal, prior to engaging in any type of lobbying activities, and shall be renewed on a yearly basis thereafter. The annual registration fee for each lobbyist shall be $525.00 as an initial registration fee, plus an additional fee of $105.00 for each principal represented for each issue lobbied on behalf of any one principal. The registration fees required by this section shall be deposited by the city clerk into a separate account and shall be expended for purposes of recording, transcription, administration, and/or any other associated costs incurred in maintaining these records for availability to the public. Any person who is required to pay the registration fee and who is unable to pay the registration fee without imposing an undue burden on personal resources or on resources otherwise available to him or her shall, upon written certification of such inability given under oath to the city clerk, be exempt from paying the registration fee. Regardless of the date of the initial registration, all lobbyists' registrations shall expire December 31 of each calendar year, and shall be renewed on a calendar year basis.

(b) Each lobbyist shall, within 60 days after registering as a lobbyist, submit to the city clerk a certificate of completion of an ethics course offered by the Miami-Dade County Commission on Ethics and Public Trust ("ethics course").

Lobbyists who have completed the initial ethics course mandated by the preceding sentence and who have continuously registered as a lobbyist thereafter shall be required to complete a refresher ethics course every two years. Each lobbyist who has completed a refresher ethics course shall submit to the city clerk a certificate of completion within 60 days after registering as a lobbyist.

(c) Within five business days of being retained as a lobbyist or before engaging in any lobbying activities, whichever comes first, every person required to register as a lobbyist shall:

(1) Register on forms prepared by the city clerk;

(2) Pay an initial registration fee of $525.00, plus an additional fee of $105.00 for each principal represented and for each issue the lobbyist has been retained to lobby on behalf of any one principal; and

(3) Disclose, under oath, the following information:

a. Lobbyist's name and business address;

b. Name and business address of each principal represented;

c. The specific issue on which he or she has been retained to lobby; and

d. If the lobbyist represents a corporation, partnership or trust, the name and business address of the chief officer, partner or beneficiary of the corporation, partnership or trust and the names and addresses of all persons holding, directly or indirectly, at least five percent ownership interest in said corporation, partnership or trust. A separate registration form shall be filed by the lobbyist and an additional fee of $105.00 shall be paid for each principal represented and for each issue the lobbyist has been retained to lobby on behalf of any one principal. Such issue shall be described with as much detail as is practical, including, though not limited to: a specific description (where applicable) of a pending request for proposals, invitation to bid, ordinance, resolution, or a given item on the agenda. The city clerk or the clerk's designee shall reject any registration statement which does not provide a clear description of the specific issue on which such lobbyist has been retained to lobby.

(4) Submit a certificate of completion of the ethics course as provided under subsection 2-654(b).

(d) In addition, every registrant shall be required to state under oath the existence of any direct or indirect business association, partnership, or financial relationship with the mayor, any member of the city commission, any member of a city board, the city manager, or a member of the city staff before whom he or she lobbies, or intends to lobby.

(e) Lobbyists shall file amendments to their registration forms within 15 days of any change of information required to be set forth on their registration forms.

(f) The city clerk shall maintain a log, which shall be updated on a quarterly basis by April 15, July 15, October 15 and January 15 of each year, reflecting the lobbyist registrations filed in accordance with this section and shall be distributed to the mayor, the city commission, and the city manager.

(g) The mayor, all members of the city commission, all members of city boards, the city manager, and city staff shall be diligent to ascertain that persons required to register pursuant to this section have complied, and if necessary, request a record of compliance from the city clerk. The mayor, members of the city commission, of city boards, the city manager, and city staff may not knowingly permit a person who is not registered pursuant to this section to lobby.

(h) Each person who withdraws as a lobbyist for a particular principal shall file an appropriate notice of withdrawal concerning representa-

tion for that principal within 30 days after ceasing lobbying activities. There shall be no fee required for filing a notice of withdrawal.

(i) The validity of any action or determination of the city commission or any other city board or committee shall not be affected by the failure of any person to comply with the provisions of this section.

(j) The following persons shall be required to register but will be exempt from paying the registration fee:

(1) A person who, pursuant to the terms of a collective bargaining agreement, has been designated and is so recognized by the city as a representative of a collective bargaining unit composed of city employees;

(2) Those persons identified in Section 2-11.1(s) of the County Code.

(k) All registration forms shall be open to the public upon the filing thereof.
(Ord. No. 10087, § 2(a)(3), (b)—(d), 3-18-86; Ord. No. 10181, § 1, 11-13-86; Code 1980, § 2-314; Ord. No. 11469, § 2, 3-20-97; Ord. No. 11564, § 4, 10-28-97; Ord. No. 13125, § 2, 1-14-10; Ord. No. 13141, § 1, 2-11-10; Ord. No. 13142, § 2, 2-11-10; Ord. No. 13718, § 2, 12-14-17; Ord. No. 14399, § 2, 10-9-25)

Editor's note—Ord. No. 13718, § 2, adopted December 14, 2017, changed the title of section 2-654 from "Registration; fee; disclosure requirements; log of registered lobbyists; exemptions from payment of fee; failure to register" to "Registration; ethics; fee; disclosure requirements; log of registered lobbyists; exemptions from payment of fee; failure to register." The historical notation has been preserved for reference purposes.

Sec. 2-655. Annual expenditures report.

A lobbyist shall annually submit to the city clerk's office a signed statement under oath, as provided herein, listing all lobbying expenditures and the sources from which funds for making lobbying expenditures have come. The lobbying expenditures shall include, but not be limited to: meals, entertainment, travel, lodging, and gifts for public officers and employees for the preceding calendar year. Lobbying expenditures shall not include the lobbyist's own personal expenses for lodging, meals, travel, salary, and office expenses. Such statement of expenditures for the preceding calendar year, entitled "Annual Expenditures Report" shall be due on January 15 of each year. Such statement shall be rendered on the form provided by the city clerk's office and shall be open to public inspection. If the lobbyist had no expenditures in the preceding calendar year, then he or she shall not be required to submit an annual expenditures report.
(Ord. No. 10087, § 2(e), 3-18-86; Ord. No. 10611, § 1, 7-13-89; Code 1980, § 2-316; Ord. No. 11469, § 2, 3-20-97; Ord. No. 13718, § 2, 12-14-17)

Sec. 2-656. Advisory opinions.

(a) A lobbyist, when in doubt about the applicability and interpretation of this article in a particular context, shall submit in writing the facts for an advisory opinion by the city attorney. The city attorney shall render advisory opinions to any lobbyist who seeks advice as to whether the facts in a particular case would constitute a violation of this section. All advisory opinions of the city attorney shall be numbered, dated and furnished to the city clerk's office and shall be open to public inspection.

(b) The city clerk's office shall keep all advisory opinions of the city attorney relating to lobbyists and lobbying activities, as well as a current list of registered lobbyists and their respective reports required under this article, all of which shall be open for public inspection.
(Ord. No. 10087, § 2(f), (g), 3-18-86; Code 1980, § 2-317)

Sec. 2-657. Penalties for violations.

(a) Any lobbyist who fails to file the annual expenditures report by the January 15 deadline each calendar year shall be subject to a fine of $50.00 per day for reports filed after the due date.

(b) The city clerk shall notify any lobbyist who fails to timely file an expenditure report, and said lobbyist shall be subject to the fine imposed in subsection 2-657(a) of this Code. The name of any lobbyist who fails to comply with said requirement shall be automatically removed from the list of active lobbyists. Should said

person wish to re-register as a lobbyist, he or she shall submit a new registration form accompanied by a $525.00 registration fee plus any and all outstanding fines accrued prior to re-registration.

(c) The city clerk shall submit a report to the city commission as to those lobbyists who have failed to comply with registration and/or the annual filing requirement of this section.
(Ord. No. 10087, § 2(h), 3-18-86; Code 1980, § 2-318; Ord. No. 11469, § 2, 3-20-97; Ord. No. 13246, § 2, 1-13-11; Ord. No. 13718, § 2, 12-14-17; Ord. No. 14399, § 2, 10-9-25)

Sec. 2-658. Contingency fees.

(a) No person shall retain or employ a lobbyist for compensation based on a contingency fee, and no person shall accept any such employment or render any service for compensation based on a contingency fee.

(b) As used herein, "contingency fee" means a fee, bonus, commission, or nonmonetary benefit as compensation which is dependent on or in any way contingent on the lobbying activities.
(Ord. No. 11469, § 2, 3-20-97; Ord. No. 14399, § 2, 10-9-25)

Secs. 2-659—2-690. Reserved.

ARTICLE VII. AFFIRMATIVE ACTION POLICY*

Sec. 2-691. Definitions.

For the purpose of this article, the following terms, phrases, words and their derivatives shall have the following meanings:

Affirmative action means all actions in recruitment, hiring, upgrading and other areas which are designed to eliminate the effects of past discrimination.

Affirmative action plan means the written plan by which the city sets forth the specific affirmative actions by which it will eliminate and remedy the underrepresentation and/or underutilization of minorities and women. The affirmative action plan shall contain goals and timetables.

Discrimination means any act or acts which may adversely affect the employment opportunities of individuals because of race, color, religion, sex, national origin or other factors that, by law, may not be considered as a basis for employment actions.

Goals and timetable means the projections an employer makes of the numerical representation of minorities and women likely to be achieved in those positions in which they have been underutilized.

Labor market means the standard by which the employment participation of women and

*__City Code cross references—__Affirmative action advisory board, § 2-976 et seq.; affirmative action plan required of bidders on city contracts, § 18-136 et seq.

minorities is measured, based upon their respective incidence in the City of Miami civilian labor force.

Underrepresentation means the condition which exists when the participation rate of a group by number and/or percentage of an employer's work force is substantially less than the representation of said group in the relative labor market.

Underutilization means the condition which results from the employment participation rate of a group by job category being considerably less than the availability of said group in the labor market.
(Ord. No. 10111, § 2, 6-12-86; Code 1980, § 2-321)

Sec. 2-692. Declaration of policy.

(a) The City of Miami hereby adopts an affirmative action policy recognizing not only an obligation, but also an ethical and moral responsibility to provide fair and equitable consideration of applicants and employees, without regard to race, color, religion, sex, age, national origin, place of birth, marital status or physical or mental handicap.

(b) The City of Miami hereby publicly reaffirms its commitment to a policy of nondiscrimination and affirmative action in all agencies of city government in order to enlarge and expand the employment opportunities of all qualified persons.
(Ord. No. 10111, § 1, 6-12-86; Code 1980, § 2-322)

Secs. 2-693, 2-694. Reserved.

Editor's note—Ord. No. 13086, § 2, adopted September 10, 2009, repealed the former sections 2-693 and 2-694 in their entirety, which pertained to the implementation of plan; affirmative action division established; designation of officer, and duties and powers of officer, respectively, and derived from the Code of 1980, §§ 2-323, 2-234; Ord. No. 10111, §§ 3, 4, adopted June 12, 1986; Ord. No. 11564, § 4, adopted October 28, 1997, and Ord. No. 11995, § 2, adopted November 16, 2000.

Sec. 2-695. Policy objective; promotional goals for minorities and women; clause in city contracts, lease agreements, etc.

(a) Until changed by ordinance, the objective of the city is to achieve as its long-term goal the participation at all levels throughout its work force of blacks, Hispanics and women approximating their respective proportions in the city's labor force as determined by the United States Bureau of the Census.

(b) Promotional goals shall be established for minorities and women on a departmental basis, with each department having as its yearly goals, either parity with the Miami city government work force population statistics or the percentage of minorities currently employed in the department, whichever is smaller.

(c) All City of Miami contracts, lease agreements, use permits or subcontractual arrangements shall contain an affirmative action clause prohibiting discrimination on the basis of race, sex, national origin or handicap.
(Ord. No. 10111, § 5, 6-12-86; Code 1980, § 2-325)

Sec. 2-696. Term of policy; annual review.

The affirmative action policy established hereby shall be in effect until such time as the effects of prior discrimination against minorities and women have been compensated for, and parity achieved, at which time the goals provided for herein shall no longer be observed. There shall be a yearly review by the city commission to determine the continued need for said affirmative action policy.
(Ord. No. 10111, § 6, 6-12-86; Code 1980, § 2-326)

Secs. 2-697—2-725. Reserved.

ARTICLE VIII. IMPROVEMENT DISTRICTS

DIVISION 1. GENERALLY

Secs. 2-726—2-745. Reserved.

DIVISION 2. SAFE NEIGHBORHOOD IMPROVEMENT DISTRICTS

Sec. 2-746. Creation approved.

The creation of one or more safe neighborhood improvement districts within the city by three

optional methods: a local government neighborhood improvement district per F.S. § 163.506; a property owners' association neighborhood improvement district per F.S. § 163.508; a special neighborhood improvement district per F.S. § 163.511; all in accordance with the provisions of F.S. §§ 163.501—163.522, referred to as the "Safe Neighborhood Act," as hereby authorized.
(Ord. No. 10405, § 1, 11-12-88; Code 1980, § 2-346)

Secs. 2-747—2-775. Reserved.

ARTICLE IX. CITY-OWNED PROPERTY*

Sec. 2-776. Rental of city-owned equipment.

(a) The city manager is hereby authorized to rent any city-owned equipment which may be spared from city departments, at fair and adequate rental rates, and all revenues derived from the rental of the equipment herein referred to shall be deposited in a special fund.

(b) All revenues derived from rental of equipment, as referred to in the preceding paragraph, are hereby appropriated for the purchase of replacements or new equipment or for repairs which may be needed from time to time by the city departments.
(Code 1967, § 2-14; Code 1980, § 2-361)

Sec. 2-777. Investigation of applicants for use, lease, rental, etc., of city-owned facilities and other municipal property.

(a) The commission finds that in order to protect the morals, health, safety and welfare of the citizens of the city, prior to the use of any city-owned facility or other municipal property for events, an investigation shall be made to properly determine the fitness of the event activities to be presented and of the promoters, including, but not limited to, the moral character and the type of events previously promoted or participated in, to ensure that there will be no corruption of the morals of the community and that when minors are admitted to these events no immoral, lewd or lascivious acts will be viewed.

Prior to any person, firm, partnership or organization using any facility or property of the city for events, the applicant, lessee, designee, on an appropriate form prepared by the city manager, shall supply such information as the city manager deems in the best interest of the city to require for the protection of the morals, health, safety and welfare of its inhabitants; and the use of, license, permit, lease or contract for the facility shall be authorized and/or issued by the facility manager only after approval for such use or issuance is given by the city manager following a recommendation for the use and/or issuance to the city manager by the facility manager. To allow the city manager adequate time for careful consideration of the facts presented in the application forms submitted in requests for use of city-owned facilities or property, and to provide time for responses to the facility manager or operator of the city facility or property, application forms must be submitted to the facility manager a minimum of 20 days prior to the proposed commencement date and must be then submitted to the city manager a minimum of ten days prior to the proposed commencement date of the event or events described by the application forms. Such application shall contain the following:

(1) The name, address, place of birth and date of birth of the person making the application and the name of the person, firm, corporation or organization he/she represents.

(2) The names, addresses, places of birth and dates of birth of the persons who are to appear at such facility for the purpose of staging such event (in the case of performers).

(3) The names, addresses, places of birth and dates of birth of the owners or corporate officers of the organization requesting use of the facility.

*__City Code cross references—__Finance, ch. 18; sale or lease of realty, § 18-176 et seq.; public off-street parking facilities, § 35-121 et seq.; parks and recreation, ch. 38; city golf courses, § 38-176 et seq.; stadiums and convention centers, ch. 53.

(4) Will solicitation of contributions be made at any time in connection with this event?

(5) The name of the state or states in which the corporation is chartered.

(6) The names and addresses of the locations where the performers have appeared for the five performances immediately prior to the performance to be booked at the city-owned facility.

(7) Have any of the performers or applicants ever been denied use of any other public or private facilities? If so, where, when and what were the circumstances?

(8) State approximately how long the performers have been engaged in such profession, and whether they operate under any other name, and if so, give the other name.

(9) Has the applicant, any officer of the corporation or organization represented by the applicant, or any persons either presenting or performing in the event applied for, ever been convicted in any court of record of an offense or crime involving moral turpitude or any violation, other than traffic offenses, under either the name being used in connection with this event or any other name previously used? If yes, what name or names and what crime or crimes?

(10) A copy of the contract between the promoter and performers shall be submitted to the city manager upon request.

(11) Explain briefly the nature of the event and the actions to take place in the facility for which application is being made.

(12) What is the estimated number of persons expected to attend each performance? State the number of performances each day, the hours at which each performance will take place, and the dates.

(13) Has the applicant or promoter of the event obtained a city local business tax receipt as required by City Code section 31-26?

Yes _____ No _____

(14) Has it been necessary in the past performances to provide police protection at the facility used? If so, why? Explain briefly.

(b) The above application shall be required prior to use of any facilities or properties of the city for events, including those facilities which are either under a long-term or short-term lease. Such form shall contain the following verbiage:

"The permit, lease or contract for the use of the facility or other municipal property for which this application is being made shall not be effective or of any force and effect until this form is completed to the satisfaction of the city manager or his/her designee. The use of, license, permit, lease, or contract for the facility shall be authorized and/or issued by the facility manager only after approval for such use or issuance is given by the city manager following a recommendation for the use and/or issuance to the city manager by the facility manager. The decision of the city manager, or his/her designee, shall be final and conclusive."

(c) Such application shall be signed, and the address of the applicant, both as to his/her business and residence, shall be given, and he/she shall state that the information contained in such application is true and correct.

(d) The city manager, or his/her designee, may waive the requirement of completing the application if he, after necessary information is obtained from the applicant, promoter, performer, lessee, user or licensee, finds that such event applied for does not involve immoral acts and is not lewd or lascivious, nor is to be presented nor performed by any person having a prior conviction in any court of record of an offense or crime involving moral turpitude.

(e) Any person who falsifies the information required in subsection (a) of this section shall, upon conviction, be punished as provided in section 1-13.

(Code 1967, § 39-37; Code 1980, § 2-362; Ord. No. 12885, § 1, 2-8-07; Ord. No. 13676, § 2, 4-27-17)

City Code cross references—Amusements, ch. 5; parks and recreation, ch. 38; application form to be completed by applicants for certain park permits, § 38-73; stadiums and convention centers, ch. 53.

Sec. 2-778. Affirmative action clause and minority procurement clause to be part of lease of city-owned property.

(a) Notwithstanding any City Code provision to the contrary, in all future leases of city-owned property to private clubs and organizations, the lease agreements shall contain the following language that mandates adoption and implementation of an affirmative action plan by such club or organization:

AFFIRMATIVE ACTION PLAN

An affirmative action plan requires that action be taken to provide equal opportunity, as in hiring or admission, for members of previously disadvantaged groups, such as women and minorities, and often involves specific goals and timetables.

Lessee, in furtherance of providing equal opportunity for previously disadvantaged groups such as minorities, shall institute an affirmative action plan. The minority membership of the lessee club or organization representative of the City of Miami's population shall consist of no less than ten percent of the total membership after the first year of this lease agreement.

Lessee shall then increase its minority membership five percent per year thereafter until such time as said total club or organization membership reflects the minority percentages representative of the City of Miami's population.

Lessee shall provide a minimum of six public service functions for minorities at the club or organization facilities, which shall include three for Hispanics and three for Blacks. Four of the six public service functions shall be scheduled during the summer months of June, July, and August of each year and shall include two for Hispanics and two for Blacks.

(b) There shall also be a provision in every such lease agreement referring to Ordinance No. 10062 related to minority procurement [codified as section 18-136 et seq.] and incorporating such Ordinance No. 10062 within all such agreements thereby mandating the adoption and implementation of the annual goal of 51 percent minority/women business participation in the procurement of goods and services by lessees; further, every such lease agreement shall contain a provision requiring that lessees report annually to the city's office of minority/women business affairs on the attainment of such goals.

(Ord. No. 10540, § 1, 1-12-89; Code 1980, § 2-363)

City Code cross reference—Discrimination by lessees of city-owned property, §§ 18-188—18-190.

Sec. 2-779. Outdoor advertising signs on city-owned property.

(a) Notwithstanding any provision to the contrary elsewhere in the Code or the zoning ordinance of the city, as amended, a permit may be obtained for the erection of outdoor advertising signs on a principal building located on certain city-owned properties identified in this section. Currently, these properties identified herein are venues for large assemblies, performances, exhibitions, or events, having a capacity in excess of 1,000 patrons, and are operated by the city or a 501(c)(3) corporation in which the revenues generated by the activities held at the venue and support its operation. Subject to compliance with any applicable federal, state or county, regulations, or restriction and as may be permitted under any existing lease or management agreement, outdoor advertising signs as described in this section, shall be allowed only at the following three venues:

(1) The James L. Knight Center (400 Southeast 2nd Avenue, Miami, Florida);

(2) The Olympia Theater and Building/Gusman Center for the Performing Arts (174 East Flagler Street, Miami, Florida); and

(3) Miami Children's Museum (980 MacArthur Causeway, Miami, Florida).

(b) Definitions.

Outdoor advertising signs: Sign, in which the size of the sign shall not exceed 672 square feet plus embellishment for a total of 750 square feet per sign, where the sign copy does not pertain solely to the use of the property, a product sold,

or the sale or lease of the property on which sign is displayed and which does not solely identify the place of business as purveyor of the merchandise or services advertised on the sign.

Outdoor advertising sign operator: Entity that constructs and/or operates the outdoor advertising sign.

Permit holder: Permit holder is the outdoor advertising sign operator and the lessee in the case of city-owned property that is subject to a leasehold interest or a licensee in the case of a city-owned property that is subject to a license agreement, or the property manager in the case of city-owned property that is subject to a management agreement.

Sign: A sign, for purposes of this section, is any identification, description, illustration, or device, illuminated or non-illuminated, that is visible from a public right-of-way or is located on city-owned property and visible to the public and which directs attention to a product, place, activity, person, institution, business, message or solicitation, including any permanently installed or situated merchandise, with the exception of window displays, and any letter, numeral, character, figure, emblem, painting, banner, pennant, placard, or temporary sign designed to advertise, identify or convey information.

For purposes of this section, a sign can be an outdoor advertising sign where the sign copy does not pertain to the use of the property, a product sold, or the sale or lease of the property on which the sign is displayed and which does not identify the place of business as purveyor of the merchandise or services advertised. Any sign authorized pursuant to this section is permitted as an accessory use to a principal commercial use.

Sign, animated: Any sign or part of a sign which changes physical position by any movement, or rotation, or which gives the visual impression of such movement or rotation.

Sign face: The entire face(s) of the sign including all text, artwork, and commercial sponsorship messages incorporated into a sign.

Sign, flashing: A sign which gives the effect of constant intermittent movement, or which changes to give more than one visual effect in less than eight seconds.

Sign, ground or freestanding: Any non-movable sign not affixed to a building, a self-supporting sign. Ground signs shall be construed as including signs mounted on poles, or posts in the ground, signs on fences, signs on walls other than the walls of buildings, signs on sign vehicles, portable signs for placement on the ground (A-frame, inverted T-frame and the like), signs on or suspended from tethered balloons or other tethered airborne devices, and signs created by landscaping.

Sign, revolving or whirling: A revolving or whirling sign is an animated sign, which revolves and turns, or has external sign elements that revolve or turn. These signs may be power-driven or propelled by the force of wind or air.

(c) Criteria for approving the erection of outdoor advertising signs on city-owned property. Signs authorized under this section may be internally illuminated, but shall not be animated, revolving, whirling, or flashing signs. Moreover, any change of copy must not take place at intervals more frequent than eight seconds. The sign shall be integrated into the architecture or wall of the building, and shall not be a ground or freestanding sign or cantilever from the building. The design of the sign shall be consistent with the operation of the underlying venue, as determined by the directors of planning and zoning.

Spacing between signs on city-owned [property]. A sign shall not be located within 1,000 feet of another legally permitted sign oriented towards the same side of a street or the state highway, as applicable. The distance shall be measured in accordance with Rule 14-10.006(4), Florida Administrative Code ("F.A.C.")(2012) (i.e. measured along the edge of pavement of the main traveled way).

Illumination on Virginia Key Beach Park. The illumination of a sign on Virginia Key Beach Park shall only be by indirect lighting and shall only be permitted from 6:00 p.m. to midnight

Standard Time and 7:00 p.m. to midnight Day Light Savings Time, and only in accordance with Miami-Dade County Code Sections 33-96 and 33-107, as amended. Lumens need to be compliant with environmental standards for nesting sea turtles and other endangered animals.

(d) Process for obtaining an outdoor advertising sign permit for city-owned property. Locations listed in subsection 2-779(a) are appropriate for an outdoor advertising sign. If under the existing lease, management agreement or license, the lessee, property manager and/or licensee is authorized under the existing agreement to erect a sign, such permit shall be reviewed and approved and a permit issued by the directors of planning and zoning, pursuant to the criteria stated herein:

(1) The size of any outdoor advertising sign will comply with the size limitations placed by the Miami-Dade County Code, as amended, and shall not exceed 672 square feet plus embellishment for a total of 750 square feet per sign.

(2) Outdoor advertising signs may be internally illuminated, but flashing, intermittent, rotating, or moving lights are prohibited. Lighting which causes glare or impairs the vision of the driver of any motor vehicle, or which otherwise interferes with any driver's operation of a motor vehicle is prohibited. Furthermore, a sign may not be illuminated so that it interferes with the effectiveness of, or obscures, an official traffic sign, signal or device.

(3) Mechanically changeable and digital display panels are allowed provided the static display time is at least eight seconds, and the time to change from one message to another is no greater than two seconds.

(4) The specific size, configuration and location of the sign and its supporting structure must comply with all criteria set forth above and the director of planning and zoning shall also evaluate the proposed sign for compliance with the criteria set forth herein and in Article 4, Table 12, design review criteria of the zoning ordinance of the city, as applicable.

(5) The outdoor advertising sign operator must be a co-applicant with the lessee, manager, or licensee.

(6) In addition to a permit issued pursuant to this section, the permit holder must obtain all other necessary permits to construct and operate the sign in compliance with City Code and state and federal law.

(e) Permit fee for the erection of an outdoor advertising sign on city-owned property.

(1) Permit fee. Any entity that collects rent, fees, or income from a sign on city property, including, but not limited to the permit holder and the outdoor advertising sign operator, shall pay to the city the permit fee described herein.

The annual permit fee shall be an amount equal to $7.00 per square foot of sign face multiplied by 12 months per year for each sign, provided that such annual permit fee shall be no less than the minimum $48,000.00 or greater than $63,000.00 per annum (the "permit fee"). The initial permit fee shall be due in its entirety upon the issuance of a temporary certificate of occupancy or certificate of occupancy for the structure upon which the sign is to be erected, whichever is issued first. In any event, the annual permit fee must be paid prior to placing any advertising on the sign. In the event any permit fee is not paid in its entirety, the city may exercise any of the remedies set forth in subsection 2-779(f). Fees shall be prorated based on the date of issuance of the TCO or CO, or in any event, no later than the date of the first advertisement on the sign, calculated by calendar year.

(2) Renewal of permit fees. The permit holder shall pay or cause the annual permit fee to be paid in quarterly installments until such time it is paid in full. Sign permits shall be void if quarterly payments are not received within ten business days

after each quarterly payment is due. The payment year shall run on a calendar year.

Along with the first quarter permit fee each permit holder shall submit demonstration of up to date documentation of public liability insurance as approved by the department of risk management, and continued effectiveness of a bond or letter of credit in the amount of $50,000.00. Any payments made more than ten days after the date due shall be considered late and shall accrue interest at the rate of 18 percent for 45 days. If payment is not received by the 45th day, the city shall immediately rescind the sign permit.

(3) Revenue sharing agreements allowing for a percentage of gross revenues between the city as one party and any lessee, manager or licensee of a city-owned property or the outdoor advertising sign operator must be approved by the city commission.

(f) Termination, revocation, or rescission of outdoor advertising sign permit.

(1) Any sign permit issued under this section constitutes the exercise by the city of its proprietary authority, and is subject to termination and revocation for any cause in the best interest of the city. Any sign that is permitted on city-owned property under this section which is found to be in violation of the conditions of the sign permit or any federal, state, or county regulation or restriction is subject to removal by the city at the permit holder's expense.

(2) The issuance of a sign permit under this section shall be conditioned upon the permit holder, or in the case of city-owned property that is subject to a management agreement, the sign company, executing a hold-harmless and indemnification, approved by the office of the city attorney, that will acknowledge that the sign permit does not confer any vested rights and hold the city and its officials, employees, contractors, agents or assigns harmless from any loss or damage to the sign if it is removed by the city. The permit holder will expressly agree as a condition of the permit that the sole recourse against the city and its officials, employees, contractors, agents or assigns will be the return of the sign, if available, in whatever condition it is found.

(3) If in any event the outdoor advertising sign operator fails to utilize the permitted structure for outdoor advertising for a period of more than six months, the city manager shall rescind the outdoor advertising sign permit.

(4) The city may immediately rescind a sign permit for non-compliance with any provision of the City Code, including but not limited to, subsection 2-779(e).

(5) Upon rescission of a sign permit, if the permit holder fails to remove the sign, the city may:

a. Remove the structure, equipment or improvements related to the sign and may draw upon the bond or letter of credit to ensure the same; or

b. Retain ownership of any sign or structure on the property.

(g) Opt-out provision. The city opts out of Chapter 33, Article 6 of the Miami-Dade County Code of Ordinances, as amended, per Section 33-121.11 as applicable to these signs. The city has adopted the rules contained in this article, to regulate these signs in proximity to expressways.

(h) Restrictions on signs.

(1) *Hours of operation*. The sign face may operate only during the hours of 6:00 a.m. to 11:00 p.m. Notwithstanding the foregoing, if an event is taking place in Downtown Miami, the sign face may operate only during the hours of 6:00 a.m. to 12:00 a.m. When the sign face is not in operation, the screen shall be

black but an unobtrusive logo listing the name of the venue located at the site can be present.

(2) *Modulation and ambient lighting.*

a. From sunset to sunrise, sign face shall be modulated so that the brightness does not exceed 500 nits.

b. The time of sunset to sunrise shall be established by the Miami Office of the National Weather Service.

c. The sign face must have ambient light monitors to automatically adjust the brightness level of the sign face based upon the ambient lighting conditions.

d. The maximum increase to ambient lighting shall be less than 0.3 footcandles at 250 feet from the sign face.

(Ord. No. 13321, § 2, 5-24-12; Ord. No. 13536, § 2, 7-23-15; Ord. No. 14128, § 2, 1-12-23; Ord. No. 14140, § 2, 2-9-23; Ord. No. 14284, § 2, 5-23-24)

Editor's note—Prior to the reenactment of section 2-779 by Ord. No. 13321, § 2, adopted May 24, 2012, Ord. No. 12623, § 4, adopted December 9, 2004, repealed section 2-779 in its entirety, which pertained to the property and asset review committee and derived from Ord. No. 11130, § 7, adopted March 24, 1994; the Code of 1980, § 2-364, and Ord. No. 11564, § 4, adopted October 28, 1997.

Subsequently, Ord. No. 14284, § 2, adopted May 23, 2024, changed the title of section 2-779 from "Outdoor advertising signs and on-site signage on government-owned property" to "Outdoor advertising signs on city-owned property." The historical notation has been preserved for reference purposes.

Sec. 2-780. Gambling prohibition required in leases of city-owned property.

For purposes of this section, the following word shall be defined as provided herein:

Gambling shall be the act of playing or engaging in any game of cards, keno, roulette, faro or other game of chance, at any place, by any device whatsoever, for money or any other thing of value.

The city commission is prohibited from favorably considering any lease or proposed amendment of an existing lease of city-owned property if the lease or lease amendment does not contain language prohibiting gambling and other games of chance from occurring on the property. Nothing in this section shall be construed as altering or impairing existing leases of city-owned property that contain language contemplating the possibility of future gambling on the leased property. (Ord. No. 13417, § 2, 11-21-13)

Secs. 2-781—2-810. Reserved.

ARTICLE X. CODE ENFORCEMENT*

Sec. 2-811. Definitions.

For the purposes of this article, the following terms shall have the meanings respectively ascribed to them by this section:

Board means any of the code enforcement boards or special magistrate(s), when serving in lieu of the board, appointed pursuant to the applicable provisions of this Code.

Code means the provisions of technical codes in the city, including but not limited to local business tax receipts, fire, building, zoning and sign codes. "Code" also includes past and future duly adopted amendments to existing city technical codes and also includes technical codes and standards which have been or may be expressly incorporated, approved or adopted by reference in any city technical code together with all past and future duly amended provisions of such technical codes and standards.

Code inspector means the authorized agent or employee of the city so designated in section 2-813 whose duty it is to ensure code compliance.

Petitioner means the city.

Repeat violation means a violation of a provision of a code or ordinance by a person who has been previously found through a code enforcement board or any other quasi-judicial or judicial process, to have violated or who has admitted

*__County Code cross references—__Code enforcement, ch. 8cc.

State law reference—Municipal code enforcement boards act, F.S. §§ 162.01—162.12.

violating the same provision within five years prior to the violation, notwithstanding the violations occur at different locations.

Special magistrate(s) means a person(s) appointed by the city commission, or pursuant to city commission authorization, to preside over the code enforcement hearings in the same capacity as the code enforcement board. As many special magistrates as deemed necessary by the city manager shall be appointed. The special magistrate(s) shall have the same status as an enforcement board, pursuant to Florida Statute Chapter 162. The special magistrate(s) shall be an attorney at law admitted to the practice law in the state, a member in good standing of the Florida Bar, shall possess outstanding reputations for civic pride, interest, integrity, responsibility and business or professional ability, and have significant knowledge of the City Code enforcement matters and City Code. For purposes of this chapter, and all actions taken pursuant to its provisions, whenever a special magistrate serves, instead of the enforcement board, including, but not limited to, holding hearings and assessing fines, costs, and liens, the terms "special magistrate" shall be synonymous with the term "board."

(Ord. No. 9224, § 1, 12-17-80; Ord. No. 9470, § 1, 7-29-82; Ord. No. 10720, § 1, 3-22-90; Code 1980, § 2-391; Ord. No. 11722, § 2, 11-17-98; Ord. No. 12547, § 2, 6-24-04; Ord. No. 12885, § 1, 2-8-07; Ord. No. 12902, § 2, 3-22-07; Ord. No. 13881, § 2, 12-12-19)

Sec. 2-812. Code enforcement board composition; terms; organization; role of city attorney.

(a) The city commission may appoint one or more seven-member code enforcement boards. The city commission may appoint up to two alternate members for each code enforcement board to serve on the board in the absence of board members and to assure a quorum at every meeting. Members of the boards shall be residents of the city. Appointments shall be made in accordance with the City Charter on the basis of experience or interest in the subject matter jurisdiction of the boards. The membership of the boards shall whenever possible consist of an architect, a businessperson, an engineer, a general contractor, a subcontractor, and a realtor.

(b) The initial appointments to each code enforcement board shall be as follows:

(1) Two members appointed for a term of one year.

(2) Three members appointed for a term of two years.

(3) Two members appointed for a term of three years.

(4) One alternate member shall be appointed to each code enforcement board for an initial term of two years, the other alternate member shall be appointed to an initial term of one year. Thereafter all members and alternate members shall serve terms of three years each.

Any member or alternate member may be reappointed from term to term upon approval of a majority vote of the city commission. Appointments to fill any vacancy on any code enforcement board shall be for the remainder of the unexpired term of office. If a member fails to attend three successive meetings or a total of more than four meetings within a calendar year, the member shall automatically forfeit his/her appointment. The city clerk shall inform the city commission in writing of such forfeiture, and the city commission shall promptly fill such vacancy. The members shall serve in accordance with the City Charter and may be suspended and removed by the city commission for good cause shown. An alternate member may be reappointed from term to term by a majority vote of the city commission. Any alternate may be appointed as a member of the seven member board upon the expiration of the term of a full-time member, or may be appointed to fill the remainder of the unexpired term of a full-time board member should a vacancy be created. When a vacancy is created for an alternate position, a new alternate member shall be promptly appointed to fill such vacancy for the remainder of the alternate term or for an initial term if the alternate term has expired.

(c) The members of the board shall elect a chairperson, who shall be a voting member, from among the members of the board. The presence of four or more members shall constitute a quorum of the board, and said four members may include alternate board members. Members shall serve without compensation, but may be reimbursed for such travel, mileage, and per diem expenses as may be authorized by the city commission or as otherwise provided by law.

(d) The city attorney, an assistant city attorney or the city attorney's designee acting by and through the city attorney shall represent the city by presenting cases before the board.

(e) No certificate of use shall be issued or renewed for a specific location or unit thereof which is the subject of an ongoing enforcement procedure pursuant to sections 2-814 and 2-823, if the subject violation is for illegal construction activity at said specific site. The certificate of use shall be withheld by the zoning administrator until such time as said violation is corrected and all attendant fines are paid in full, or the code enforcement board or special magistrate or a court of competent jurisdiction issues an order determining that the subject construction activity is not illegal under applicable law. For purposes of this section, illegal construction activity shall mean the construction, erection, alteration, or repair of any building, structure, or property, including signage, demolition, excavation, or removal of any element thereof, without first obtaining the requisite permit therefor from the city.

(Ord. No. 9224, § 2, 12-17-80; Ord. No. 9470, § 1, 7-29-82; Ord. No. 10370, § 1, 1-14-88; Ord. No. 10720, § 1, 3-22-90; Ord. No. 11130, § 8, 3-24-94; Ord. No. 11148, § 2, 5-5-94; Code 1980, § 2-392; Ord. No. 11722, § 2, 11-17-98; Ord. No. 12230, § 1, 5-9-02; Ord. No. 12547, § 2, 6-24-04; Ord. No. 13676, § 2, 4-27-17; Ord. No. 13881, § 2, 12-12-19)

Sec. 2-813. Code inspector.

The city manager and his/her designated agents, acting by and through him/her, are hereby authorized and it is his/her duty to ensure code compliance.

(Ord. No. 9224, § 3, 12-17-80; Ord. No. 9470, § 1, 7-29-82; Ord. No. 10370, § 1, 1-14-88; Ord. No. 11213, § 2, 2-9-95; Code 1980, § 2-393)

Sec. 2-814. Enforcement procedure.

(a) It shall be the duty of the individuals designated in section 2-813 to initiate enforcement proceedings of the various code violations. Neither the board, nor any individual member of the board, nor a special magistrate shall have the power to initiate such enforcement proceedings.

(b) Except as provided in subsection (c) hereof, if a violation of the code is found, the code inspector shall notify the violator in writing and give him or her a reasonable time to correct the violation. Should the violation continue beyond the time specified for correction, the code inspector shall request a hearing in writing pursuant to the procedure outlined in section 2-815 hereof. If approved by the city attorney, the violation will be scheduled for a hearing and written notice shall be given to said violator as provided herein. If the violation is corrected and then recurs or if the violation is not corrected by the time specified for correction by the code inspector, the case may be presented to the board or special magistrate, even if the violation has been corrected prior to the hearing, and notice shall so state.

(c) If a violation is found to have been repeated by a violator pursuant to F.S. § 162.04(5), or who admitted to violating the same provision within five years prior to the violation, the code inspector shall notify the violator that the violation must be cured immediately. The code inspector, upon notifying the violator of the repeated violation, shall then notify the code enforcement board or special magistrate by requesting an immediate hearing. The code enforcement board or special magistrate, through its clerical staff, shall promptly schedule a hearing before the board or special magistrate and shall provide notice pursuant to F.S. § 162.12. The case may then be presented to and sanctioned by the enforcement board or special magistrate even if the repeated violation has been corrected prior to the hearing, and notice shall so state. Upon finding that the same violation has been repeated by the same violator(s), the board or special magistrate may order the violator(s) to pay a fine of not more than provided for in section 2-817 for each day the repeated violation continues beginning with the date the repeat violation is found to have occurred by the code inspector.

(d) If the code inspector has reason to believe that a violation presents a serious threat to the public health, safety and welfare or if the violation is irreparable or irreversible in nature, the code inspector shall make a reasonable effort to notify the violator and may immediately notify

the board or special magistrate and request a hearing. The code inspector, with the approval of the city attorney, may proceed directly with the procedure outlined in section 2-815 without following the procedures of subsection (b), above.
(Ord. No. 9224, § 4, 12-17-80; Ord. No. 9470, § 1, 7-29-82; Ord. No. 10370, § 1, 1-14-88; Ord. No. 10720, § 1, 3-22-90; Code 1980, § 2-394; Ord. No. 12547, § 2, 6-24-04; Ord. No. 12902, § 2, 3-22-07; Ord. No. 12984, § 2, 4-10-08; Ord. No. 13103, § 2, 10-8-09; Ord. No. 13881, § 2, 12-12-19; Ord. No. 13992, § 2, 4-22-21)

Sec. 2-815. Conduct of hearing.

(a) The chairperson of the board or special magistrate may call hearings. Hearings may also be called by written notice signed by at least three members of the seven-member enforcement board or by two members of the board and one alternate member or by the special magistrate. The board or special magistrate at any hearing may set a future hearing date. The board shall meet at least once every month, but may meet more often as the demand necessitates. The special magistrate shall hold hearings as necessary. Minutes shall be kept of all hearings. All hearings and proceedings shall be open to the public. The city commission, by and through the city manager, shall provide all necessary clerical and administrative staff support to the board or special magistrate, including space and necessary expenses which may be reasonably required by the board or special magistrate for the proper performance of its duties.

(b) The chairperson of the board or special magistrate, prior to hearing the cases on the agenda of the day shall entertain special business or announcements forthcoming from the city attorney. Announcements or special business may include a request to reopen a case over which the board or special magistrate still retains jurisdiction, and/or a request for an extension of time on a compliance date. All special business cases presented to the board or special magistrate shall be reviewed by the city attorney or his/her assistants prior to the hearing.

(c) Each case before the board or special magistrate shall be presented by the city attorney, an assistant city attorney or the city attorney's designee acting by and through the city attorney after he/she determined that there is a legally sufficient case to be presented. If the city attorney or assistant city attorney or the city attorney's designee prevails in prosecuting the case before the board or special magistrate, the city attorney may be entitled to recover all prosecution costs incurred and such costs may be included in the lien authorized under section 2-817.

(d) The board or special magistrate shall proceed to hear the cases on the agenda for that day. All testimony shall be under oath and shall be recorded by a video or audio recording device. The board or special magistrate shall take testimony from the code inspector and other witnesses necessary to the case. The alleged violator(s) and owner(s) of the subject property shall be given an opportunity to testify if desired but may not be compelled to offer testimony or any evidence whatsoever. As in any administrative hearing, formal rules of evidence shall not apply but fundamental due process shall be observed and govern said proceedings.

(e) At the conclusion of the hearing, the board or special magistrate shall issue findings of fact, based upon the evidence presented and made part of the record and conclusions of law, and shall issue an order affording the proper relief consistent with the powers granted herein. If the hearing is before the board, the findings shall be by motion approved by a majority of those members and alternate members present and voting, except that at least four members of the board must vote in order for the action to be official, and said four members may include alternate board members. Any motion failing to obtain the above-required vote shall preclude the relief requested by the petitioner before the board as to the administrative remedies afforded in this article. If the hearing is before the special magistrate, the special magistrate shall issue the findings at the time of the hearing or within 15 days of the hearing. If an appeal is taken, the record shall be presented to the court on appeal and shall be subject to review. The order may include a notice that it must be complied with by a specified date and that a fine may be imposed if the order is not complied with by said date. If the order is not complied with by said date, a

certified copy of such order shall be recorded in the public records of the county and shall constitute notice to any subsequent purchasers, successors in interest, or assigns that the violation concerns real property, and the findings therein are binding upon them as well as the violator and as such, constitutes a lien on said property. If an order is issued pursuant to this subsection and is complied with before or by the date specified in the order, the enforcement board or special magistrate shall acknowledge compliance with such order and no notice shall be recorded in the public records. An affidavit acknowledging compliance shall be issued to the violator and to the board or special magistrate. No hearing shall be required by the board or special magistrate to acknowledge compliance.

(f) Once the alleged violator(s) has been properly noticed as to the hearing before the board or special magistrate and if the violator(s) fails to appear, the board or special magistrate may proceed with a hearing on the merits of the alleged violation. Any findings or orders resulting from such hearing are valid and binding upon said violator(s) if a violation is found to exist.

(g) Once the owner(s) of the property at which the alleged violation has occurred has been properly notified of the hearing before the board or special magistrate and fails to appear, the board or special magistrate may proceed with a hearing on the merits of the alleged violation and any findings or orders are valid and binding against said owner(s).

(h) If a corporation is either the violator or the owner of the property, notice as outlined herein shall be effected upon the designated registered agent. If the corporation is a foreign corporation that has failed to comply with F.S. § 48.091, notice shall be permitted to be served upon any employee at the corporation's place of business or any agent transacting business for it in this state.

(Ord. No. 9224, § 5, 12-17-80; Ord. No. 9470, § 1, 7-29-82; Ord. No. 10370, § 1, 1-14-88; Ord. No. 10720, § 1, 3-22-90; Code 1980, § 2-395; Ord. No. 12230, § 1, 5-9-02; Ord. No. 12547, § 2, 6-24-04; Ord. No. 13323, § 1, 6-14-12; Ord. No. 13676, § 2, 4-27-17; Ord. No. 13881, § 2, 12-12-19)

Sec. 2-816. Powers of the code enforcement board and special magistrate; miscellaneous administrative directions.

(a) The board and the special magistrate shall have the power to:

(1) Adopt rules for the conduct of hearings pursuant to this article.

(2) Subpoena witnesses and documents to appear at its hearings; notify violators to appear before the board or special magistrate. Subpoenas may be served by the sheriff of the county or the police department of the city.

(3) Subpoena evidence.

(4) Take testimony under oath.

(5) Issue orders having the force of law commanding whatever steps are necessary to bring a violation into compliance.

(b) At the hearing before the board or the special magistrate, the alleged violator and owner of the subject property shall be given the opportunity to be represented by an attorney, to call witnesses, to present documentary evidence, and to otherwise properly present his/her position or defense.

(c) All forms, notices, etc., required by this article are to be drawn up and approved by the city attorney.

(d) All initial notices to violators and owners pursuant to this article shall be sequentially numbered by the clerk of the board or special magistrate. Each department shall keep records of all cases initiated by that department.

(e) The board or special magistrate shall have a clerk appointed by the city manager who shall be designated clerk of the code enforcement board or special magistrate. Among other duties, the clerk shall be custodian of all cases and documents pertaining thereto and shall have the authority to certify orders and other documents

issued by the board or special magistrate and to issue subpoenas in the name of the board or special magistrate for service of process. The clerk shall ensure that fines are recorded in the public record, if they are not timely paid, and shall notify the city attorney of any lien that has not been paid after the expiration of two years from the date of filing such lien. The clerk may notify the city attorney that a lien has not been paid at any time after a lien has been filed.
(Ord. No. 9224, § 6, 12-17-80; Ord. No. 9470, § 1, 7-29-82; Ord. No. 10370, § 1, 1-14-88; Code 1980, § 2-396; Ord. No. 12547, § 2, 6-24-04; Ord. No. 13676, § 2, 4-27-17; Ord. No. 13881, § 2, 12-12-19)

Editor's note—Ord. No. 13881, § 2, adopted December 12, 2019, changed the title of section 2-816 from "Powers of the code enforcement board and special master; miscellaneous administrative directions" to "Powers of the code enforcement board and special magistrate; miscellaneous administrative directions." The historical notation has been preserved for reference purposes.

Sec. 2-817. Administrative costs, fines; liens.

(a) The board or special magistrate, upon notification by the code inspector that an order has been complied with within the time specified in the order, shall accept such notification as acknowledgment of compliance and no fines shall be imposed.

(b) The board or special magistrate, upon notification by the code inspector or city attorney that an order of the board or special magistrate has not been complied with by the set time for compliance, may order the violator(s) to pay a fine as follows:

(1) Residential properties. By the board and/or special magistrate for not more than $250.00 per day that continues past the date of the order for compliance by the notice of violation and not more than $500.00 per day for a repeat violator.

(2) Non-residential/commercial properties. By the board only for not more than $1,000.00 per day per violation that continues past the date of the order for compliance and not more than $5,000.00 per day per violation for a repeat violator. Non-residential shall also mean any residential property being used outside the scope of its allowable use pursuant to Ordinance No. 13114, the zoning ordinance of the city, as amended ("Miami 21 Code").

(3) If the violation, whether the property is homestead, non-homestead, or commercial and is a violation of chapter 4 of the City Code, titled "Alcoholic beverages," chapter 17, article I of the City Code, titled "Environmental protection/tree protection in general," chapter 22 of the City Code, titled "Garbage and other solid waste," or chapter 62, article XIII, division 5 of the City Code, titled "Planning and zoning/planning and zoning approval for temporary uses and occupancies; permit required/murals," then the fine issued by the board shall not exceed $1,000.00 per day per violation for a first time offender and not more than $5,000.00 per day per violation for a repeat violator, and up to $15,000.00 per violation if the code enforcement board or special magistrate finds the violation to be irreparable or irreversible in nature in accordance with the criteria set forth in subsection (c) below.

(c) In determining the amount of the fine, if any, the board or special magistrate shall consider the following factors:

(1) The gravity of the violation.

(2) Any actions taken by the violator to correct the violation; and

(3) Any previous violations committed by the violator.

(d) Upon request by a property owner/violator, an outstanding fine/lien imposed by the code enforcement board or special magistrate may be mitigated based upon the chart below.

(1) The code enforcement board or special magistrate may consider any other criteria it deems relevant other than as listed in subsection 2-816(c) to determine whether the mitigated amount will be no less

than the minimum or no more than a maximum amount as stated in the chart below:

Minimum Mitigation Amount	Property Type/Use
$5,000.00	Single Family—Homestead/Owner Occupied
$5,000.00	Duplex—Homestead/Owner Occupied
$7,500.00	Vacant Lot
$10,000.00	Single Family—Non Homestead
$10,000.00	Duplex—Non Homestead
$15,000.00	Triplex/Fourplex; Apartment Building, Condominium, all other Commercial
Reduction to $0.00	May only be accomplished through Unanimous Vote at a Hearing by the Code Enforcement Board for Single-Family or Duplex Properties
Maximum Mitigation Amount	**Type of Violation**
20% of total fine/lien	Non-Repeat Violation
30% of total fine/lien	Repeat Violation

(2) If the subject fine/lien is reduced and a violator fails to pay said reduced fine no later than 30 days from the date the mitigation order is entered, then the original fine/lien shall be reinstated. In addition to daily fines, violators shall pay cost(s) of prosecution as ordered by the code enforcement board, if any, which have been incurred by the city with respect to such violation. The mitigated amount may not be paid installments.

(3) Exceptions. The above chart and restrictions shall not apply to:

a. 501(c)(3) and eleemosynary organizations and single-family and duplex residential properties which are now vacant land but whose past, immediate use was as a single family or duplex residential property shall be allowed to obtain mitigation in the same manner as properties under subsection (d)(1). Eleemosynary is defined as a private corporation created for charitable and benevolent purposes, and

b. Vacant land whose immediate, past use was as a single-family or duplex residential property shall be allowed to obtain mitigation in the same matters as properties pursuant to subsection (d)(1).

A maximum mitigation percent greater than 31 percent or denial of mitigation by the code enforcement board or special magistrate shall be made with specific findings as it relates to a repeat violation, or a violation that created a danger to the health, safety and welfare of persons or property, or a flagrant, intentional violation of the City Code.

(4) Any property owner may request in writing to the city manager or designee the ability to mitigate to the maximum amount as prescribed in the subsection 2-817(d)(1) chart. The request shall state with specificity the reason for the request. The request shall be presented to the code enforcement board or special magistrate at a regularly scheduled meeting for approval. If the code enforcement board or special magistrate denies the request, the property owner may still seek a mitigation hearing before the code enforcement board or special magistrate as set forth herein.

(e) A certified copy of an order imposing a fine shall be recorded in the public records and thereafter shall constitute a lien against the land on which the violation exists and upon any other real or personal property owned by the violator and upon petition to the circuit court such order may be enforced in the same manner as a court judgment by the sheriffs of this state, including levy against personal property, but

shall not be deemed otherwise to be a judgment of a court except for enforcement purposes. Any fine imposed pursuant to this part shall continue to accrue until the violator comes into compliance or until judgment is rendered in a suit to foreclose on a lien filed pursuant to this section, whichever occurs first. After three months from filing of any such lien which remains unpaid, the city attorney shall be automatically authorized by the board or the special magistrate to foreclose on the lien and the city shall make a determination within 45 days whether to proceed with foreclosure action. Once a determination to foreclose has been made, the city attorney shall promptly institute foreclosure proceedings. No lien created pursuant to F.S. ch. 162 may be foreclosed on real property which is a homestead under section 4, article X of the state constitution. The city attorney shall report to the board or special magistrate at each meeting with respect to any foreclosure actions that have been instituted as well as any decision not to foreclose with respect to a lien.

(f) No lien provided by the Local Government Code Enforcement Boards Act shall continue for a longer period than 20 years after the certified copy of an order imposing a fine has been recorded, unless within that time an action to foreclose on the lien is commenced in a court of competent jurisdiction. In an action to foreclose a lien, the prevailing party is entitled to recover all costs, including a reasonable attorney's fee, that it incurs in the foreclosure. The continuation of the lien affected by the commencement of the action shall not be good against creditors or subsequent purchasers for valuable consideration without notice, unless a notice of lis pendens is recorded.

(g) The board or special magistrate may issue an order requiring payment of such administrative costs not to exceed $52.50 when said costs are found to have been incurred as a result of necessary actions taken by the petitioner to bring about code compliance.

(h) (1) Notwithstanding any other provision contained in the Code, the city manager may authorize a subordinate lien position on loans for the finance or refinance of construction improvements, or release or satisfy any lien placed on a property by the city or by any of its agencies and instrumentalities if:

(i) The property is used for the development or rehabilitation of affordable homeownership or rental housing projects by a project sponsor that has been allocated funds by the city commission or the city housing and commercial loan committee for such project, or

(ii) The property is located in a neighborhood development zone or its equivalent as defined within the effective community development block grant program approved by the city and accepted by the United States Department of Housing and Urban Development, as may be amended, and is used for the development or rehabilitation of affordable homeownership or rental housing projects in accordance with the city's five-year consolidated plan, as amended.

(2) City liens which may be subordinated, released or satisfied include but are not limited to: demolition liens, lot clearing liens, solid waste liens, code enforcement liens and nuisance abatement liens.

(3) (i) The lien or liens on the property shall not be released or satisfied, but may be subordinated, unless all certificates of occupancy required for the project, or their equivalent, are issued. The lien or liens on the property shall not be subordinated, released or satisfied if, in the judgment of the city manager, circumstances relating to the project make the release or satisfaction inappropriate or unwarranted.

(ii) If a certificate of occupancy for an affordable housing project is not issued within 24 months of the lien or liens being subordinated, the subordination of the lien or liens shall become null and void unless

the city manager approves an extension for the certificate of occupancy to be issued.

(4) The city shall record any subordination, release or satisfaction in the public records of the county.

(5) The city shall not release or satisfy any lien on a property owned by the person whose actions resulted in the lien being placed on the property. The city shall not release or forgive any lien on a property owned by an immediate family member or a firm, corporation, partnership or business entity of a person whose actions resulted in the lien being placed on the property. For purposes of this section, the term "person" shall mean any individual, business, corporation partnership, firm, organization or other type of entity or association. For purposes of this section, the term "immediate family member" shall mean spouse, child, parent, niece, nephew, aunt, uncle, grandparent, grandchild or anyone having one of these relationships by law.

(6) Release or subordination of a lien under this section shall not prohibit the city from collecting the underlying fine/sum due by other legal means. Release of a lien pursuant to this section shall not be deemed to mean that a violation underlying the lien has been cured.

(Ord. No. 9224, § 7, 12-17-80; Ord. No. 9470, § 1, 7-29-82; Ord. No. 10370, § 1, 1-14-88; Ord. No. 10720, § 1, 3-22-90; Ord. No. 11214, § 2, 2-9-95; Code 1980, § 2-397; Ord. No. 12272, § 2, 8-22-02; Ord. No. 12360, § 1, 5-8-03; Ord. No. 12500, § 2, 3-11-04; Ord. No. 12547, § 2, 6-24-04; Ord. No. 12902, § 2, 3-22-07; Ord. No. 12984, § 2, 4-10-08; Ord. No. 13103, § 2, 10-8-09; Ord. No. 13142, § 2, 2-11-10; Ord. No. 13225, § 1, 11-18-10; Ord. No. 13881, § 2, 12-12-19; Ord. No. 13950, § 2, 12-10-20; Ord. No. 13992, § 2, 4-22-21; Ord. No. 14017, § 2, 9-13-21; Ord. No. 14057, § 2, 3-10-22; Ord. No. 14123, § 2, 11-17-22; Ord. No. 14319, § 2, 10-15-24)

Sec. 2-818. Appeal.

An aggrieved party, including the city, may appeal a final administrative order of the board or special magistrate to the circuit court of the eleventh judicial circuit of Florida. Such an appeal shall not be a hearing de novo but shall be limited to appellate review of the record created before the board or special magistrate. An appeal shall be filed within 30 days of the execution of the order to be appealed.

(Ord. No. 9224, § 8, 12-17-80; Ord. No. 9470, § 1, 7-29-82; Ord. No. 10370, § 1, 1-14-88; Code 1980, § 2-398; Ord. No. 12547, § 2, 6-24-04; Ord. No. 13881, § 2, 12-12-19)

Sec. 2-819. Notices.

(a) All notices required by this article shall be in writing and furnished by certified mail, return receipt requested or by hand delivery by the sheriff or other law enforcement officer, code inspector, or designated agent acting by and through the code inspector. In all cases the owner of the subject property may be notified in addition to anyone else anyone else also charged with an alleged violation occurring on the subject property. If notice is furnished by hand delivery, the notice can be left at the violator's usual place of abode with any person residing therein who is 15 years of age or older and informing that person of its contents. If the violator is a corporation, the notice can be delivered to the registered agent.

(b) In addition to providing notice as set forth in subsection (a) hereof, at the option of the code enforcement board or special magistrate, notice may also be served by publication, or posting, as follows:

(1) Such notice shall be published once during each week for four consecutive weeks (four publications being sufficient) in a newspaper of general circulation in Miami-Dade County. The newspaper shall meet such requirements as are prescribed under F.S. ch. 50, for legal and official advertisements.

(2) Proof of publication shall be made as provided in F.S. §§ 50.041 and 50.051.

(3) Proof of posting shall be verified by affidavit of the person posting the notice, which affidavit shall include a copy of the notice posted and the date and places of

its posting. Such notice shall be posted for at least ten days in at least two locations, one of which shall be the property upon which the violation is alleged to exist and the other of which shall be City Hall.

(4) Notice by publication or posting may run concurrently with, or may follow, an attempt or attempts to provide notice by hand delivery or by mail as required under subsection (a).

(c) Evidence that an attempt has been made to hand deliver or mail notice as provided in subsection (a), together with proof of publication or posting as provided in paragraphs (2) and (3) of subsection (b) hereof, shall be sufficient to show that the notice requirements of this article have been met, without regard to whether or not the alleged violator actually received such notice.
(Ord. No. 9224, § 9, 12-17-80; Ord. No. 10370, § 1, 1-14-88; Ord. No. 10798, § 1, 10-18-90; Code 1980, § 2-399; Ord. No. 12547, § 2, 6-24-04; Ord. No. 13881, § 2, 12-12-19)

Sec. 2-820. Non-exclusivity of remedy.

The provisions of this article are not the exclusive remedy or means for enforcement of the Code of the city. The city's access to the courts of the state is neither precluded nor prohibited by the enactment of this article.
(Ord. No. 9224, § 10, 12-17-80; Code 1980, § 2-400; Ord. No. 13881, § 2, 12-12-19)

Sec. 2-821. Civil offenses and penalties.

The violation of any provision of any city ordinance or City Code section shall constitute a civil offense and be punishable by civil penalty in the amount as prescribed in section 2-829, or in an amount deemed appropriate by a special magistrate upon review and a finding that the violation exists or existed.
(Ord. No. 10954, § 1, 3-12-92; Code 1980, § 2-401; Ord. No. 12547, § 2, 6-24-04; Ord. No. 13881, § 2, 12-12-19)

Sec. 2-822. Reserved.

Editor's note—Ord. No. 12547, § 2, adopted June 24, 2004, repealed § 2-822 in its entirety, which pertained to qualifications, appointment and removal of hearing officers and derived from Ord. No. 10954, § 1, adopted March 12, 1992; the Code of 1980, § 2-402, and Ord. No. 12230, § 1, adopted May 9, 2002.

Sec. 2-823. Civil infraction enforcement procedures.

(a) Code inspectors shall have the authority to initiate enforcement proceedings as listed below. No special magistrate shall have the power to initiate such proceedings.

(b) Prior to issuing a citation, a code inspector who after personal investigation, finds a violation of the sections of this Code as amended and/or other ordinances adopted by this Code as amended, from time to time, shall provide written notice of violation to the person that the person has committed a violation of a code or ordinance and shall establish a reasonable time period within which the person must correct the violation. Such time period shall be no more than 30 days. If the inspector has reason to believe that the violation presents a serious threat to the public health, safety, or welfare, or if the violation is irreparable or irreversible, the code inspector does not have to provide the person with a reasonable time period to correct the violation.

(c) If, upon personal investigation an inspector finds that the person has not corrected the violation within the time period, the inspector shall issue a civil infraction notice to the violator. Service shall be effected by delivering the civil infraction notice to the violator, or his/her agents, or by leaving the civil infraction notice at the violator's usual place of abode with any person residing therein who is 15 years of age or older and informing that person of its contents, or the civil violation notice may be sent by certified mail, return receipt requested. In addition to providing notice as set forth above, at the option of the inspector, notice may be served by posting. Such notice shall be posted for at least ten days in at least two locations, one of which shall be the property upon which the violation is alleged to exist and the other of which shall be City Hall. Proof of posting shall be verified by affidavit of the agent who posted the notice. Evidence that an attempt has been made to hand deliver or

mail notice together with proof of posting shall be sufficient that notice requirements have been met.

(d) The civil infraction notice shall include but not be limited to the following:

(1) Date and time of issuance.

(2) Name of code inspector and division or department issuing the notice.

(3) Name and address of the violator.

(4) Section number of the code section or city ordinance that has been violated.

(5) Brief description of the nature of the violation, including location, date, and time of violation.

(6) The applicable civil penalty if the person elects to contest the violation.

(7) The applicable civil penalty if the person elects not to contest the violation.

(8) Instructions and due date for paying the civil fine or filing for an administrative hearing before a special magistrate to appeal the civil fine.

(9) Notice that failure to request an administrative hearing within ten days after service of the civil infraction notice shall constitute a waiver of the violator's right to an administrative hearing before the special magistrate, and that such waiver shall constitute an admission of violation and that a penalty may be entered against the violator for an amount up to maximum civil penalty.

(10) Notice that the violator may be liable for the reasonable costs of the administrative hearing should he/she be found guilty of the violation.

(Ord. No. 10954, § 1, 3-12-92; Ord. No. 11213, § 2, 2-9-95; Code 1980, § 2-403; Ord. No. 12547, § 2, 6-24-04; Ord. No. 13881, § 2, 12-12-19)

Sec. 2-824. Civil penalties.

(a) Penalties for violations of the provisions of any city ordinances or City Code section, as amended, enforced by this article shall be in the amount as prescribed in the schedule of civil penalties in section 2-829 or in an amount deemed appropriate by a special magistrate.

(b) Civil penalties assessed pursuant to this article are due and payable to the city on the last day of the period allowed for the filing of an administrative hearing before a special magistrate, or if proper appeal is made, when the appeal has been finally decided adversely to the named violator.

(Ord. No. 10954, § 1, 3-12-92; Ord. No. 11213, § 2, 2-9-95; Code 1980, § 2-404; Ord. No. 12547, § 2, 6-24-04; Ord. No. 13881, § 2, 12-12-19)

Sec. 2-825. Rights of violators; payment of fine; right to appeal; failure to pay and correct.

(a) A violator who has been served with a civil infraction notice shall elect either to:

(1) Pay the civil penalty in the manner indicated on the infraction notice, and correct the violation; or

(2) Request an administrative hearing before a special magistrate to appeal the determination of the inspector which resulted in the issuance of the civil infraction notice.

(b) An appeal for administrative hearing shall be accomplished by filing a request in writing to set the hearing for review and mailing to the address indicated on the notice or online via the city website, as available, not later than 30 days after the posting of the civil infraction on the property cited or receipt, in person, by those cited for non-folio related violations or from date of mailing for non-folio related violations for those not present when the violation is observed.

(c) If the named violator, after notice, fails to pay the civil penalty and correct the violation (within the time specified), or fails to timely request an administrative hearing before a special magistrate, such failure shall constitute a waiver of the violator's right to an administrative hearing before a special magistrate. A waiver of the right to administrative hearing shall be treated as an admission of the violation and penalties may be assessed accordingly.

(d) Failure to correct the violation or file for an appeal as provided for in subsection (b) will result in the case being forwarded to the code enforcement board or appropriate special magistrate for further action.
(Ord. No. 10954, § 1, 3-12-92; Ord. No. 11213, § 2, 2-9-95; Code 1980, § 2-405; Ord. No. 12547, § 2, 6-24-04; Ord. No. 13881, § 2, 12-12-19; Ord. No. 14308, § 2, 9-26-24)

Sec. 2-826. Conduct of administrative hearing.

(a) Upon receipt of a named violator's timely request for an administrative hearing, the code enforcement clerk or his/her designee shall set the matter down for hearing on the next available regularly scheduled hearing date or as soon as possible.

(b) The code enforcement clerk or his/her designee shall send a notice of hearing by certified mail to the violator at his/her last known address. The notice of hearing shall include but not be limited to the following:

(1) Name of the inspector who issued the notice;

(2) Factual description of the alleged violation;

(3) Date of alleged violation;

(4) Section of the Code allegedly violated;

(5) Place, date and time of hearing;

(6) Right of violator to be represented by an attorney;

(7) Right of violator to present witnesses and evidence; and

(8) Notice that failure of violator to attend a hearing may result in civil penalty being assessed against him/her.

(c) The special magistrate shall conduct hearings on a regularly scheduled monthly basis or more frequently upon request of the city manager or his/her designee. No hearing shall be set sooner than 20 days from the date of service of the civil infraction.

(d) All hearings before the special magistrate shall be open to the public. All testimony shall be under oath. Upon proper notice, a hearing may proceed in the absence of the named violator.

(e) The proceedings at the hearing shall be recorded electronically and/or by a stenographer, and if recorded by a stenographer, such recording may be transcribed at the expense of the party requesting the transcript.

(f) The city manager, or his/her designee, shall provide clerical and administrative personnel to facilitate the proper issuance of civil infraction notices, processing and review of cases as may be reasonably required, and for the proper performance of clerical and special magistrate's duties.

(g) Each case before a special magistrate shall be presented by the inspector or representative of the department which issued the violation.

(h) The hearing need not be conducted in accordance with formal rules of evidence and those relating to witnesses. Any relevant evidence shall be admitted if the special magistrate finds it competent and reliable, regardless of the existence of any common law or statutory rule to the contrary.

(i) Each party shall have the right to call and examine witnesses, to introduce exhibits, to cross examine opposing witnesses on any matter relevant to the issues even though that matter was not covered in the direct examination, to impeach any witness regardless of which party first called him/her to testify, and to rebut the evidence against him.

(j) The special magistrate shall make findings of fact based on the evidence in the record alone. In order to make a finding upholding an inspector's determination that a violation exists, the special magistrate must find that a preponderance of the evidence indicates that the violator was legally responsible for the infraction of the relevant section of the city ordinance or City Code as cited, and that a violation does/did in fact exist.

(k) The prescribed time for correction of the violation given to the named violator and contained in the notice of violation shall be

presumed to have been a reasonable time for correction. Upon presentation of relevant evidence by the named violator that the time for correction was not reasonable, the special magistrate may make a redetermination as to the reasonableness of the time for correction contained in the notice of violation, if the time was less than 30 days.

(l) If the named violator is found guilty of the violation, he/she may be held liable for the costs of the prosecution.

(m) The fact-finding determination of the special magistrate shall be limited to whether the alleged violation did in fact occur and, if so, whether the person named in the civil infraction is legally responsible for that violation. The special magistrate shall either affirm or reverse the determination of the inspector as to the responsibility of the named violator for the correction of the city ordinance or City Code violation. If the special magistrate reverses the determination of the inspector and finds the named violator not responsible for the alleged violation in the civil infraction, absent a successful appeal of the special magistrate's ruling by the city, the named violator shall not be liable for the payment of any civil penalty. If the decision of the special magistrate is to affirm the inspector's determination of violation, then the following elements shall be included in the decision.

(1) Amount of civil penalty; and

(2) Costs of prosecution.

(3) Verbal warning that failure to comply with date by which violation must be corrected will result in an automatic referral to the code enforcement board or appropriate special magistrate.

(n) The special magistrate shall have the power to:

(1) Adopt procedures for the conduct of hearings;

(2) Subpoena alleged violators and witnesses for hearings; subpoenas may be served by either the city police department or by the staff of the special magistrate;

(3) Subpoena evidence;

(4) Take testimony under oath; and

(5) Assess and order the payment of civil penalties as provided herein.

(o) A special magistrate shall not conduct a hearing if the named violator, prior to the scheduled hearing date, properly files, with a duly authorized city or county board of appropriate jurisdiction for an administration interpretation of the legal provision(s) on which the alleged violation was based. Upon exhaustion of the administrative review, finalization of the administrative order by such board or body, and the lapse of time for review of said interpretation, the special magistrate may exercise all powers granted to him/her by this article.

(p) The special magistrate shall be bound by the interpretations and decisions of the duly authorized city and county boards of appropriate jurisdiction concerning the provisions within their respective jurisdictions. In the event that such a board or body finds that the cited violation of the city ordinance or City Code has not been properly interpreted, that provision upon which the violation is based, shall prohibit a special magistrate from proceeding with the enforcement of the alleged violation.
(Ord. No. 10954, § 1, 3-12-92; Ord. No. 11213, § 2, 2-9-95; Code 1980, § 2-406; Ord. No. 12547, § 2, 6-24-04; Ord. No. 13676, § 2, 4-27-17; Ord. No. 13881, § 2, 12-12-19)

Sec. 2-827. Recovery of unpaid civil penalties; penalty to constitute a lien; foreclosure.

The city may institute proceedings in a court of competent jurisdiction to compel payment of civil penalties.
(Ord. No. 10954, § 1, 3-12-92; Ord. No. 11213, § 2, 2-9-95; Code 1980, § 2-407)

Sec. 2-828. Appeals of orders of hearing officers.

(a) The violator or the city may appeal an order of a special magistrate by filing a petition for appeal with the Eleventh Judicial Circuit in and for Miami-Dade County. Such appeal shall be filed within 30 days of the issuance of the order by the special magistrate. A violator shall have the right to a de novo appeal provided that all other administrative remedies have been exhausted.

(b) In the absence of reversal of a special magistrate's ruling by an appellate court of competent jurisdiction, the findings of the special magistrate shall be conclusive as to a determination of responsibility for the city ordinance or City Code violation, and such findings shall be admissible in any proceeding not to collect unpaid penalties. If the violation is not corrected within ten days of the final order of the court, the case will be forwarded to the code enforcement board or appropriate special magistrate.

(c) Nothing contained in this article shall prohibit the city from enforcing its city ordinance or City Code by any other means. The enforcement procedures outlined herein are cumulative to all others and shall not be deemed to be prerequisites to filing suit for the enforcement of any section of this Code.
(Ord. No. 10954, § 1, 3-12-92; Ord. No. 11213, § 2, 2-9-95; Code 1980, § 2-408; Ord. No. 12547, § 2, 6-24-04; Ord. No. 13881, § 2, 12-12-19)

Sec. 2-829. Schedule of civil penalties.

(a) The table contained herein in subsection (b) lists the sections of city ordinances or the City Code, as they may be amended, from time to time, which may be enforced pursuant to the

provisions of this article; and prescribes the dollar amount of civil penalty for the violation of these sections. For all contested tickets, an additional ten percent will be charged.

(b) The "descriptions of violations" below are for informational purposes only and the civil penalties attached are meant only as proposed figures not intended to limit the nature, number of or amount of fines to be imposed for the violations which may be cited in this section. To determine the exact nature of the activity prescribed or required by this Code, the relevant Code section, ordinance or treatise cited in the specific violation must be examined.

CITY CODE OF THE CITY OF MIAMI, FLORIDA, AS AMENDED

Sec. 2-830. Alternate code enforcement board system.

(a) The city establishes, pursuant to F.S. § 162.03(2), which is deemed as being incorporated by reference herein, an alternate code enforcement system which gives code enforcement boards, special magistrates designated by the local governing body, or both the authority to hold hearings and assess fines, costs, liens, and other noncriminal penalties against violators of the City Code and/or zoning ordinance.

(b) In appointing special magistrates, the city commission will consider the qualified applicants submitted from the city manager who shall meet the criteria for their selection as set forth in section 2-811 of the City Code and through a request for qualifications issued by the procurement department.

(c) The special magistrate(s) will serve for a term of two years with the reappointment of one additional one-year term upon approval of the majority vote of the city commission. The special magistrate(s), if they have a residence in the city,

shall not have any open code violations; shall possess such qualifications as required by this chapter; shall be subject to appointment and removal, with or without cause, by the city commission; and shall be compensated as set forth by city commission resolution. Any of these requirements may be waived through a four-fifths affirmative vote of the city commission.

(d) The city attorney, an assistant city attorney, or the city attorney's designee acting by and through the city attorney shall represent the city by presenting cases before the special magistrate.

(e) Commencing with the calendar year 2020 and in coordination with the city attorney's office and the office of management and budget, each special magistrate shall prepare bi-annual reports to the city manager and to the city commission in the following manner: By January 15, 2021, and thereafter by January 15 and July 15 of each subsequent year, each special magistrate shall submit a report setting forth the following information regarding the meetings over which the special magistrate presided: (1) number of cases heard by case type and the dates heard; (2) dollar amount of mitigations, as applicable; (3) average length of extensions of time provided; (4) list of the special magistrate's accomplishments, trainings, and continuing education that assists the special magistrate with carrying out his or her duties; and (5) whether the ordinance creating the alternate enforcement system should be amended to better enable the special magistrate(s) to serve for the purpose for which it was created.

(f) The following time-sensitive violations will be set for a hearing before a special magistrate only in the event that the code enforcement board cannot hear the case within 30 days from the date of the violation being issued: Failure to maintain a lot in a safe, clean condition, not allowing accumulation of debris, trash, or dense growth of grass; use not allowed in transect zone; vacant, blighted, unsecured or abandoned structure; illegal rooming house; failure to obtain a warrant; obstruction of required vision clearance at an intersection; failure to protect a tree during development.

(g) The special magistrate(s) shall have the authority to hear all cases in the same manner as the board; however, the city, through the city manager, shall have the authority to set the parameters of the types of cases to be heard by the special magistrates based upon the type and current number of cases and motions pending. These parameters may be updated from time to time as necessary.

(h) This section shall automatically sunset on December 31, 2021 unless earlier repealed by the city commission.
(Ord. No. 13881, § 2, 12-12-19; Ord. No. 13950, § 2, 12-10-20)

Secs. 2-831—2-860. Reserved.

Editor's note—Ord. No. 13774, § 2, adopted July 12, 2018, repealed the former section 2-830 in its entirety, which pertained to alternate code enforcement system created, and derived from Ord. No. 12547, § 2, adopted June 24, 2004.

ARTICLE XI. BOARDS, COMMITTEES, COMMISSIONS

DIVISION 1. GENERALLY

Sec. 2-861. Administrative support services to be provided by the office of the city clerk.

The office of the city clerk shall provide administrative services to boards, committees, and commissions ("boards") at varying levels of support as set forth, delineated and categorized hereinbelow. The assignment of the specific category for each board, committee, and commission shall be determined and designated by resolution of the city commission based upon the level of services required.

(1) Support services to be provided by the city clerk for "Category A" designated boards:

Post action reports of all meetings; audio record meeting proceedings, set-up communication equipment, provide meeting proceedings support, including audio tape inventory, verbatim transcripts, proofreading and corrections for same, maintain

attendance logs, provide for public notices and financial reporting, mark and number official actions, and prepare special transcripts upon request.

(2) Support services to be provided by the city clerk for "Category B" designated boards:

Coordinate and assist with the conduct of board elections, election manual document preparation, etc. for advisory boards only; provide for public notices, provide record keeping (filing of bond indenture requirement, if legally imposed), maintain attendance logs and minutes book; verify residency status, monitor address/ telephone confidentiality status of certain board members, advise members of appropriate requirements for each board (financial disclosures pursuant to state law, Sunshine Law, dual office prohibitions, oaths, residency and/or employment requirements), serve as custodian of records for filing of said forms (including statement of financial interest, source of income, corporate real property, real property disclosures), provide notary services, provide filing and applicable rules and regulations governing Government in the Sunshine, and pertinent advisory legal opinions affecting appointed officials, notify the commission of vacancies, administer required "oaths of office," and update the state commission on ethics regarding boards' status, and prepare minority composition.

(3) Support services to be provided by the city clerk for "Category C" designated boards:

Public notices for meetings, provide record keeping services (filing of bond indenture requirement, if legally imposed), maintain attendance logs and minutes book, verify residency status, monitor address/ telephone confidentiality status of certain board members, advise members of appropriate requirements of each board (financial disclosures pursuant to state law, Sunshine Law, dual office prohibitions, oaths, residency and/or employment requirements), serve as custodian of records for filing of said forms (including Statement of financial interest, source of income, corporate real property, real property disclosures), provide notary services, provide filing and applicable rules and regulations governing Government in the Sunshine, and pertinent advisory legal opinions affecting appointed officials, administer required "oaths of office", update the state commission on ethics regarding boards' status and prepare minority composition reports.

(Ord. No. 11915, § 2, 4-13-00)

Sec. 2-862. Funding; revenue-producing boards, committees and commissions.

(a) *Funding.* A portion of revenues generated by revenue-producing boards, committees, and commissions shall be dedicated to the general operating budget of the office of the city clerk to defray operational expenses for the provision of administrative support to boards, committees and commissions as designated in section 2-861 herein, in an amount not to exceed the cost of providing such administrative support.

(b) *Definitions.* The term "revenue-producing boards, committees, and commissions" shall mean every agency, advisory board, regulatory board, quasi judicial board, or semi-autonomous entity committee that derives, directly or indirectly, any and all revenue from any source determined according to general accepted accounting principles.

(Ord. No. 11915, § 2, 4-13-00)

Sec. 2-863. City staff attendance.

(a) Whenever the city commission adopts legislation requiring the city manager or designee to attend public hearings or meetings of a city board, commission, or committee, the city manager shall require the appropriate designee to attend such public hearing or meeting. The city manager's designee shall be prepared to furnish relevant information to the board, commission, or committee; make a presentation as may be

warranted or requested; and answer questions related to the agenda item(s) posed by the board members.

(b) This attendance requirement is an essential duty and responsibility of the city manager including the following instances:

(1) When a quasi-judicial board is deciding on a land development permit, violation, or other approval or will be making a recommendation to the city commission regarding any application, violation, or approval in any instance where the city is an owner, the applicant, or is among the applicants or owners;

(2) A project, development, financing, borrowing, or similar matter that will have a significant financial, fiscal, or budgetary impact on the city; or

(3) A contract, borrowing, purchase, or sale is involved in which the city is a party or will be a party to such contract, borrowing, purchase, or sale or the board, committee, or commission will make an official recommendation to the city commission regarding any of these transactions.

(Ord. No. 13904, § 2, 6-11-20)

Secs. 2-864—2-880. Reserved.

DIVISION 2. STANDARDS FOR CREATION AND REVIEW OF BOARDS GENERALLY

Sec. 2-881. Requirements.

All of the requirements contained in this division shall apply to all boards of the City of Miami unless there is any statutory or City Charter provision to the contrary, or unless otherwise specifically provided in this article.

(Ord. No. 11130, § 5, 3-24-94; Ord. No. 11188, § 2, 10-27-94; Code 1980, § 2-425; Ord. No. 11538, § 2, 9-9-97)

City attorney's note—As of the effective date of Ord. No. 11188 (30 days from Oct. 27, 1994), the following city boards are governed by City Charter or statutory provisions; therefore, application of the standards contained in this article shall be limited by said provisions:

1. Civil service board.
2. Off-street parking board of the City of Miami.
3. Code enforcement board.
4. Planning advisory board.
5. Zoning board.

Sec. 2-882. Definition of board.

The term "board" is defined to include every agency, authority, advisory board, regulatory board, quasijudicial board, semiautonomous instrumentality, committee, task force or any other citizens' group created and funded in whole or in part by the city commission. The foregoing notwithstanding, this division shall not apply to citizen groups created for specific advisory purposes where such group's existence is limited to a period of less than one year nor to the firefighters' and police officers' retirement trust or the general employees' and sanitation employees' retirement trust boards. Except as otherwise provided herein or in the City Charter, city boards and citizens' advisory groups shall only be created by action of the city commission, and only the city commission, as a body, may appoint the members to such boards and groups.

(Ord. No. 11130, § 5, 3-24-94; Code 1980, § 2-426)

Sec. 2-883. Creation of new boards.

(a) All city boards created after the effective date of this division shall be created by ordinance or resolution. Such ordinance or resolution shall set forth the board's purpose, function, power, responsibility, jurisdiction, membership requirements and restrictions, terms and conditions of appointment to or removal from the board, and the specific staff support, if any, to be provided to the board. The ordinance or resolution shall also provide for an annual report, either oral or written, to the city commission.

(b) After passage on first reading of an ordinance creating a new board and prior to the second reading of said ordinance, or prior to the presentation of a resolution creating a board to the city commission, the city manager shall

submit to the city commission a report setting forth the following information concerning the proposed new board:

(1) For boards other than advisory boards, whether the establishment of the board will create sufficient betterment to the community to justify the city commission's delegation of a portion of its authority.

(2) Whether another board or agency, either public or private, which is already in existence could serve the same purpose.

(3) The costs, both direct and indirect, of establishing and maintaining the board.

(4) Whether the board is necessary to enable the city to obtain state or federal grants or other financing.

(5) For boards other than advisory boards, whether the board should have bonding authority.

(6) For boards other than advisory boards, whether the board should have the final authority to enter into contracts and spend city funds, or whether its contracts and expenditures must be ratified by the city commission.

(7) Whether the creation of a new board is the best method of achieving the benefit desired.

For boards created by ordinance, the second reading shall be held no earlier than 15 days after passage on first reading of the ordinance creating said board.

(d) All boards existing prior to the effective date of this amendment, and which meet the definition of a board in section 2-882, regardless of the manner in which said board was created, shall continue to be a city board under this division.
(Ord. No. 11130, § 5, 3-24-94; Code 1980, § 2-427; Ord. No. 13502, § 1, 3-12-15)

Sec. 2-884. Membership on boards.

(a) Unless otherwise specifically provided in the Charter or the Code, all members of city boards shall be permanent residents of the city, or own real property in the city, or work or maintain a business in the city, and shall have good reputations for integrity and community service. In addition, all board members should have demonstrated an interest in the field, activity or sphere covered by the board. Each board shall include at least one member whose livelihood does not depend on the area regulated, administered or dealt with by the board.

(b) Unless the city commission by four-fifths vote of its membership or an unanimous vote of the quorum that exists because of either abstentions or vacancies resulting from resignation, death, suspension, or physical incapacitation waives the requirement that board members either reside in the city, own real property in the city or maintain a business in the city, any member of a city board who ceases to be a resident of the city and/or ceases to work, own real property or maintain a business in the city during the term of his or her office shall immediately advise the city clerk. The city clerk shall inform the city commission whenever a board member has ceased to be in compliance with said eligibility requirements for board membership and said board member shall be automatically removed from the board. The city clerk shall then inform the city commission in writing that the position has been declared vacant. Upon being advised by the city clerk of such circumstances, the city commission shall promptly fill the vacant position.

(c) The primary consideration in appointing board members shall be to provide the board with the needed technical, professional, financial, business or administrative expertise. The membership of each board should be representative of the community at large and should reflect the racial, ethnic and cultural makeup of the community.

(d) No member of any city board shall become a candidate for elective political office during his or her term. Should any member of a city board become a candidate for elective political office, as detailed in subsections (1), (2), or (3), below, such action shall be deemed a tender of resignation

from such board. The board member's resignation shall be effective upon whichever occurs first:

(1) At the time such board member receives contributions or makes expenditures, or gives his or her consent for any other person to receive contributions or make expenditures, with a view to bringing about his or her nomination or election to public office;

(2) At the time such board member appoints a campaign treasurer and designates a primary depository; or

(3) At the time such board member files qualification papers and subscribes to a candidate's oath as required by law.

However, any individual that is required to resign from a city board under the circumstances described above may be reappointed to his or her city board position by a simple majority vote of the city commission.

None of the above provisions in subsection 2-884(d), relating to resignation from city boards upon candidacy for elective office, shall apply to a sitting city commissioner or mayor.

When a sitting city commissioner or mayor becomes a candidate for office, and is, therefore, required to resign from his or her presently held seat under state law, if the city commission appoints that individual to serve the remainder of the term for his or her presently held seat until the election, then that individual shall also automatically be deemed reappointed to his or her position(s) on any city board. If, however, that individual is not appointed by the city commission to serve the remainder of his or her presently held seat until the election, then that individual's resignation from his or her presently held seat shall be deemed a tender of resignation for his or her position(s) on any and all city boards.

The provisions of subsection 2-884(d), as detailed above, shall not apply in the event of any conflict with state law.

(e) Except as specifically provided in the Charter or the Code, an employee of Miami-Dade County, Florida, or any municipality therein other than a city employee, shall not serve on or be appointed to any board of the city, unless the city commission waives this restriction by a four-fifths affirmative vote of its membership and the employee is a resident of the city.
(Ord. No. 11130, § 5, 3-24-94; Ord. No. 11188, § 3, 10-27-94; Code 1980, § 2-428; Ord. No. 11538, § 2, 9-9-97; Ord. No. 11581, § 1, 12-30-97; Ord. No. 11619, § 1, 3-10-98; Ord. No. 12059, § 1, 5-10-01; Ord. No. 12906, § 2, 4-12-07; Ord. No. 13170, § 1, 5-13-10; Ord. No. 13618, § 1, 7-14-16; Ord. No. 14060, § 2, 4-28-22)

Sec. 2-885. Terms of office; term limit waiver.

(a) Unless otherwise specifically provided in the charter or the Code, the terms of office of the members of each board shall be:

(1) One year;

(2) Until the nominating commissioner leaves office; or

(3) Until recommended for removal, at the will of the nominating commissioner, voted upon by the members of the city commission, whichever occurs first. When the nominating commissioner leaves office the board member's term shall expire. Vacancies on boards shall be filled by the commission for the unexpired term. Board members shall continue to serve until their successors have been appointed and qualified. The provisions of this section shall not apply to the downtown development authority.

(b) Unless otherwise specifically provided in the Charter or the Code, no board member shall serve more than eight consecutive years on any one board. The provisions of this section shall be applied prospectively to current board members. Nothing set forth in the subsection above shall prohibit any individual from being reappointed to a city board after a hiatus of two years.

(c) Unless otherwise specifically provided in the Charter or the Code, the eight-consecutive-years limitation contained in subsection (b) of this section may be waived for a particular board member who has completed eight consecutive years to permit such board member to be reconsidered annually for an additional one-year term by a unanimous vote of the members of the city commission.

(Ord. No. 11130, § 5, 3-24-94; Code 1980, § 2-429; Ord. No. 11373, § 5, 6-27-96; Ord. No. 11538, § 2, 9-9-97; Ord. No. 12016, § 1, 1-11-01; Ord. No. 12378, § 2, 6-12-03; Ord. No. 12695, § 1, 6-9-05; Ord. No. 12906, § 2, 4-12-07)

Editor's note—Ord. No. 12378, § 2, adopted June 12, 2003, changed the title of § 2-885 from "Terms of office" to "Terms of office; term limit waiver." The historical notation has been retained for reference purposes.

Sec. 2-886. Attendance requirement.

(a) Notwithstanding any other provision of this Code, any board member shall be automatically removed if, in a given calendar year:

(1) He or she is absent from three consecutive meetings;

(2) He or she is absent from four of the board's meetings; or

(3) Provided that regardless of their compliance with subsection (a)(1) and (2) hereinabove, members must attend at least 50 percent of all the board meetings held during a year.

(b) A member of a city board shall be deemed absent from a meeting when he or she is not present at the meeting at least 75 percent of its duration.

(c) The provisions of this section may only be waived once by a four-fifths vote of the members of the full city commission.

(d) The provisions of this section shall not apply to municipal board members, as defined in F.S. § 112.501, as amended, and to those individuals who are members of city boards and who are:

(1) Reservists in the United States Armed Forces or members of the Florida National Guard, and have been ordered to active military duty for national, state, or homeland defense and due to such duty cannot attend board meetings;

(2) Employees of agencies whose services are considered essential for national, state, or homeland defense and due to such services cannot attend board meetings;

(3) Employees who have taken a leave of absence from their employment pursuant to the terms of the Family Medical Leave Act (FMLA); or

(4) Granted an absence waiver by a supermajority of the municipal board members present at the meeting.

(Ord. No. 11130, § 5, 3-24-94; Code 1980, § 2-430; Ord. No. 12201, § 1, 3-14-02; Ord. No. 12906, § 2, 4-12-07; Ord. No. 13608, § 1, 5-12-16)

Sec. 2-887. Quorum requirements; exceptions.

(a) Except for those boards listed in subsection (b) hereinbelow or where provided elsewhere in this Code, a quorum for all boards' meetings, shall consist of fifty percent (50%) plus one of the board's total membership. The decision of a majority of the board members present and voting at a meeting at which a quorum is present shall be the decision of the board.

(b) The following boards are subject to quorum requirements as provided for elsewhere in this Code.

Affordable Housing Advisory Committee

Audit Advisory Committee

Bayfront Park Management Trust

Downtown Development Authority

Equal Opportunity Advisory Board

Historic and Environmental Preservation Board

Miami Arts and Entertainment Council

Miami Forever Bond Program Citizens' Oversight Board

Parks and Recreation Advisory Board

Urban Development Review Board

(Ord. No. 11130, § 5, 3-24-94; Code 1980, § 2-431; Ord. No. 11348, § 2, 3-14-96; Ord. No.

11801, § 2, 6-8-99, Ord. No. 11833, § 2, 9-21-99; Ord. No. 11850, § 2, 10-26-99; Ord. No. 11982, § 2, 10-26-00; Ord. No. 11995, § 2, 11-16-00; Ord. No. 12179, § 1, 1-10-02; Ord. No. 12364, § 1, 5-8-03; Ord. No. 12386, § 2, 7-17-03; Ord. No. 12471, § 2, 1-8-04; Ord. No. 12519, § 2, 4-8-04; Ord. No. 12623, § 7, 12-9-04; Ord. No. 12743, § 2, 11-17-05; Ord. No. 12906, § 2, 4-12-07; Ord. No. 12967, § 3, 2-14-08; Ord. No. 13172, § 1, 5-13-10; Ord. No. 13517, § 3, 5-14-15; Ord. No. 13752, § 2, 3-22-18; Ord. No. 13801, § 2, 10-25-18; Ord. No. 13863, § 2, 10-10-19; Ord. No. 13965, § 2, 2-11-21; Ord. No. 13967, § 2, 2-25-21; Ord. No. 14074, § 2, 6-23-22; Ord. No. 14351, § 2, 2-13-25)

Sec. 2-888. Notice to city clerk of board meetings.

All city boards shall provide the city clerk written notice of their meetings at least seven days prior to such meetings, except in the case of emergency meetings.
(Ord. No. 11130, § 5, 3-24-94; Code 1980, § 2-432)

Sec. 2-889. City clerk to keep records of boards.

The city clerk or his/her designee shall serve as liaison between the city commission and all city boards. He/she shall prepare a standard form to be used by all boards to report their members' attendance to their meetings. All city boards shall submit copies of the minutes of their meetings and records of their members' attendance to said meetings to the city clerk within five days after each meeting. The city clerk shall inform the city commission whenever a board member has resigned from a board or has exceeded the number of permissible absences and said board member will be automatically removed from the board. The city clerk shall then inform the city commission in writing that the position has been declared vacant and a successor member must be promptly appointed to fill the vacancy.
(Ord. No. 11130, § 5, 3-24-94; Ord. No. 11188, § 4, 10-27-94; Code 1980, § 2-433)

Sec. 2-890. Annual report.

Commencing with the year 1995, each city board and committee shall report in the following manner: By January 15, 1995, and thereafter by January 15 of each subsequent year, its chairperson shall submit a report, approved by the board, to the city manager setting forth the following information concerning the board:

(1) Whether the board is serving the purpose for which it was created.

(2) Whether the board is serving current community needs.

(3) A list of the board's major accomplishments.

(4) Whether there is any other board, either public or private, which would better serve the function of the board.

(5) Whether the ordinance creating the board should be amended to better enable the board to serve the purpose for which it was created.

(6) Whether the board's membership requirements should be modified.

(7) The cost, both direct and indirect, of maintaining the board.

(Ord. No. 11130, § 5, 3-24-94; Code 1980, § 2-434)

Sec. 2-891. Reserved.

Editor's note—Ord. No. 14138, § 2, adopted February 9, 2023, repealed the former section 2-891 in its entirety, which pertained to the NET administrator as liaison to boards, and derived from Ord. No. 11130, § 5, adopted March 24, 1994; Ord. No. 11888, § 5, adopted October 27, 1994, and the Code of 1980, § 2-435.

Sec. 2-892. "Sunset" review of boards.

Commencing with the year 1995, each city board shall be reviewed in the following manner:

(1) By February 15 of the year in which a board is to be reviewed, the city manager shall deliver to the city commission the report submitted by the chairperson of each board pursuant to section 2-890

hereinabove, together with any recommendation or comments the city manager desires to submit.

(2) During the month of March of each year in which a board is to be reviewed, the chairperson shall make an oral presentation to the city commission. Said presentation shall be based on the report set forth in section 2-890 above. At the conclusion of the oral presentation by the board's chairperson, any individual commissioner may request the formation of a special purpose board, (hereinafter referred to as the "SPB"), consisting of five members appointed by the city commission. The SPB shall evaluate the chairperson's report, the city manager's recommendations and any other information it deems relevant to determine whether the board being reviewed shall continue in its present form. The SPB shall make a report to the full commission within 90 days.

(3) At the conclusion of this review process, the city commission shall determine whether to abolish, continue, consolidate or modify the board for the ensuing four years thereafter. Nothing contained herein shall be construed to authorize the abolition, consolidation or modification of any multijurisdictional board.

(4) The following boards shall initially be reviewed in the following years and shall be reviewed every four years thereafter:

a. 1995:
   1. Bayfront Park management trust.
   2. Citywide community development advisory board.
   3. Civil service board.
   4. Code enforcement boards.
   5. Equal opportunity advisory board.

b. 1996:
   1. Committee on ecology and beautification.

c. 1997:
   1. Reserved.
   2. Audit advisory committee.
   3. Urban development review board.
   4. Nuisance abatement board.

d. 1998:
   1. Historical and environmental preservation board.
   2. Waterfront advisory board.

e. 1999:
   1. Little Havana Special Events District.

f. 2000:
   1. Reserved.
   2. Virginia Key Beach Park trust.

g. 2002:
   1. Reserved.
   2. City of Miami arts and entertainment council.

h. Reserved.

i. Reserved.

j. Reserved.

k. Reserved.

l. 2010:
   1. Overtown Advisory Board/Overtown Community Oversight Board.
   2. Liberty City Community Revitalization Trust.
   3. Education advisory board.
   4. Planning, zoning, and appeals board.

m. 2011:
   1. Parks and recreation advisory board.

n. Reserved.

o. 2013:
   1. Housing and commercial loan committee.

p. Reserved.

q. 2019:

1. Senior citizens' advisory board.

(5) All boards created after the effective date of this division shall be placed in the appropriate area under subsection (4) hereinabove, and shall be reviewed in accordance therewith.

(Ord. No. 11130, § 5, 3-24-94; Code 1980, § 2-436; Ord. No. 11722, § 3, 11-17-98; Ord. No. 11716, § 2, 10-27-98; Ord. No. 11710, § 2, 10-13-98; Ord. No. 11735, § 2, 12-8-98; Ord. No. 11742, § 2, 1-12-99; Ord. No. 11797, § 2, 5-11-99; Ord. No. 11800, § 2, 6-8-99; Ord. No. 11833, § 2, 9-21-99; Ord. No. 11849, § 2, 10-26-99; Ord. No. 11857, § 2, 11-16-99; Ord. No. 11982, § 2, 10-26-00; Ord. No. 11995, § 2, 11-16-00; Ord. No. 11998, § 3, 11-16-00; Ord. No. 12003, § 2, 12-14-00; Ord. No. 12077, § 2, 6-14-01; Ord. No. 12082, § 2, 7-10-01; Ord. No. 12086, § 2, 7-10-01; Ord. No. 12177, § 2, 1-10-02; Ord. No. 12192, § 4, 3-7-02; Ord. No. 12227, § 1, 5-9-02; Ord. No. 12234.1, § 2, 6-13-02; Ord. No. 12235, § 2, 6-13-02; Ord. No. 12356, § 2, 4-10-03; Ord. No. 12386, § 2, 7-17-03; Ord. No. 12404, § 3, 9-11-03; Ord. No. 12408, § 2, 9-25-03; Ord. No. 12564, § 1, 7-22-04; Ord. No. 12623, § 7, 12-9-04; Ord. No. 12698, § 1, 6-23-05; Ord. No. 12748, § 2, 12-15-05; Ord. No. 12858, § 3, 10-12-06; Ord. No. 12859, § 3, 10-12-06; Ord. No. 12938, § 2, 8-1-07; Ord. No. 12967, § 4, 2-14-08; Ord. No. 12982, § 2, 4-10-08; Ord. No. 12994, § 2, 5-8-08; Ord. No. 13012, § 2, 7-24-08; Ord. No. 13030, § 2, 10-16-08; Ord. No. 13059, § 2, 3-12-09; Ord. No. 13066, § 3, 5-14-09; Ord. No. 13296, § 1, 12-15-11; Ord. No. 13322, § 1, 6-14-12; Ord. No. 13376, § 2, 4-11-13; Ord. No. 13419, § 1, 12-12-13; Ord. No. 13476, § 3, 9-11-14; Ord. No. 13497, § 2, 2-26-15; Ord. No. 13517, § 4, 5-14-15; Ord. No. 13534, § 2, 7-9-15; Ord. No. 13801, § 2, 10-25-18; Ord. No. 13863, § 2, 10-10-19; Ord. No. 13965, § 2, 2-11-21; Ord. No. 14351, § 2, 2-13-25)

Sec. 2-893. Oath of office.

All members of the city boards who receive remuneration from the city shall, before entering upon the duties of office, take and subscribe to an oath or affirmation, to be filed and kept in the office of the city clerk, that he or she will support, protect and defend the constitution and laws of the United States of America and of the State of Florida.

(Ord. No. 11356, § 2(2-437), 4-25-96)

Sec. 2-894. Meetings.

Notwithstanding any other provisions to the contrary contained in this Code and absent express approval of the city commission, no meetings of any city boards, commissions, committees, or task forces shall occur on any holiday recognized by the city or by the Florida Supreme Court.

(Ord. No. 13895, § 2, 2-13-20)

Sec. 2-895. Continuances/deferrals by city boards.

Notwithstanding anything to the contrary in the City Code or Ordinance No. 13114, the Zoning Ordinance of the City of Miami, Florida, as amended, any board as defined in section 2-882 of the City Code, other than the city commission, acting in its advisory capacity and making recommendations to the city commission that has the authority to continue or defer an item may only defer or continue an item as follows:

The board may defer an item to the next scheduled meeting date, which at no time will be more than 30 days, with a simple majority vote.

The board must specify reasons for the deferral or continuance. If a board does not or is unable to act on an item within the above time period, the item shall be considered a denial and/or will result in the item moving on to the city commission with a recommendation of denial from the lower board, as applicable.

This requirement may be waived by mutual consent of the board and the applicant, whether the applicant is the city, a private party, or any other applicant. The above time period shall not apply if the board meeting is cancelled due to an emergency, such as a state of emergency due to a

natural disaster. The board shall be afforded one meeting cancellation due to quorum that will not count toward the above time period.
(Ord. No. 14012, § 2, 7-22-21; Ord. No. 14122, § 2, 11-17-22)

Sec. 2-896. Appointment of members.

(a) Unless otherwise specifically provided in the Charter or the City Code, appointment of board members shall be placed on a city commission agenda on a quarterly basis. The placement shall occur on the first regular scheduled city commission meeting for the months of March, June, September, and December, respectively.

(b) Subsection (a) above shall apply to all board member appointments, unless, a written request is submitted to the city clerk for a time-sensitive appointment. Should such request be made, the board appointment shall be placed on the next available city commission agenda, pursuant to the procedures for appointment of members.
(Ord. No. 14361, § 2, 4-10-25)

Secs. 2-897—2-920. Reserved.

DIVISION 3. RESERVED*

Secs. 2-930—2-945. Reserved.

DIVISION 4. AUDIT ADVISORY COMMITTEE†

Sec. 2-946. Created; number of members; function.

A Miami audit advisory committee is hereby created consisting of five persons. The basic function of the committee is to assist the mayor, city commission and the city manager in fulfilling their fiduciary responsibilities relating to accounting, auditing and financial reporting. The committee shall:

(1) Review the annual audit of city accounts performed by the independent external auditor.

(2) Review the annual management letter developed by the independent external auditor.

(3) Review the systems of internal controls utilized by the city.

(4) Review the city's compliance with the GASB (Government Accounting Standards Board) guidelines and requirements.

(5) Review internal audit reports where it is felt by the internal auditor that fraud or criminal conduct may be involved, to the extent that it does not compromise criminal investigations.

(6) Review the audit selection committee's recommendations for selection of an independent external auditor if requested by or directed by the city commission.

(7) Review such other financial matters as requested by the city manager or as directed by resolution of the city commission.

(Ord. No. 9245, § 1, 2-26-81; Ord. No. 9575, § 1, 3-18-83; Ord. No. 9699, § 2, 10-25-83; Code 1980, § 2-237; Ord. No. 11564, § 4, 10-28-97; Ord. No. 11979, § 2, 10-12-00; Ord. No. 13899, § 2, 4-9-20)

Sec. 2-947. Composition; terms.

(a) The composition of the Miami audit advisory committee shall be as follows:

(1) Each city commissioner shall recommend one member subject to appointment by the city commission.

(2) All members appointed by the city commission shall serve for a period of one year or until the nominating commissioner leaves office, whichever occurs first.

*__Editor's note—__Ord. No. 14351, § 2, adopted February 13, 2025, repealed the former division 3, sections 2-921—2-929 in its entirety, which pertained to the mayor's council on global competitiveness and derived from Ord. No. 12386, § 4, adopted July 17, 2003; Ord. No. 12520, § 1, adopted April 8, 2004; Ord. No. 12743, § 2, adopted November 17, 2005; Ord. No. 13147, § 2, adopted March 11, 2010; Ord. No. 13532, § 2, adopted July 9, 2015, and Ord. No. 13863, § 2, adopted October 10, 2019.

†__County Code cross reference—__Audit review committee to work with Miami-Dade Water and Sewer Authority Department, § 2-346.

(3) The independent auditor general and the director of finance shall not be members of the committee but shall be informed of and invited to attend each committee meeting.

(4) All members shall be qualified and distinguished by their education, experience and attainments in the accounting profession, the practice of law, banking or business management. Members of the committee shall be selected from among the following:

a. A controller or chief financial officer of a large commercial enterprise (with size measured by dollar sales/revenue volume).

b. A commercial or investment banker associated with a large financial institution.

c. A practicing certified public accountant (if not a certified public accountant, then an accountant who shall have managed an accounting practice employing at least ten individuals).

(b) All committee members shall continue to serve until their successors are duly appointed.
(Ord. No. 9245, § 2, 2-26-81; Ord. No. 9575, § 1, 3-18-83; Ord. No. 9699, § 2, 10-25-83; Ord. No. 11130, § 6, 3-24-94; Code 1980, § 2-238; Ord. No. 11373, § 2, 6-27-96; Ord. No. 13899, § 2, 4-9-20)

Sec. 2-948. Organization; quorum.

(a) The committee shall be convened for its first organizational meeting by the city manager as soon as is practical after designation of its members by the city commission. At that meeting, the committee shall:

(1) Elect a chairperson for a two-year term from the date of such election.

(2) Establish operating procedures to govern the committee's operations and deliberations.

(3) Establish an annual work program and schedule of actions to be accomplished.

(4) Conduct such other business as is deemed necessary to carry out the committee's duties and obligations.

Subsequent annual organizational meetings shall be convened by the chairperson, for the above purposes, prior to the expiration of his or her term as chairperson.

(b) The committee shall elect its own chairperson who shall:

(1) Call and conduct all meetings.

(2) Be responsible to ensure that notes of all meetings are maintained.

(3) Be responsible that the notes of all meetings are forwarded to the mayor, the city commission and the city manager in a timely fashion.

(c) Quorum. Three members constitute a quorum to convene a meeting of the audit advisory committee. An affirmative vote of the majority of the members present and voting at a meeting at which a quorum is present is required for any action to be taken by the members.
(Ord. No. 9245, § 3, 2-26-81; Ord. No. 9575, § 1, 3-18-83; Ord. No. 9699, § 2, 10-25-83; Code 1980, § 2-239; Ord. No. 11564, § 4, 10-28-97; Ord. No. 12471, § 2, 1-8-04)

Sec. 2-949. Liaison and support services.

It shall be the duty of the city manager to provide liaison with the committee and support service from the administration.
(Ord. No. 9245, § 4, 2-26-81; Ord. No. 9575, § 1, 3-18-83; Ord. No. 9699, § 2, 10-25-83; Code 1980, § 2-239.1)

Sec. 2-950. Duties.

The duties of the committee shall include but not be limited to:

(1) Recommending to the mayor and city commission specifications and performance standards to be utilized in the audit selection committee's issuing of solicitations pursuant to sections 18-122 and 18-542(12)(a) of the City Code to qualified independent external auditors

to perform annual independent audit services for the city pursuant to F.S. § 218.39, as amended.

(2) Assisting the city by having one or more members of the committee serve on the audit selection committee for the independent external auditor as requested by the chair of the audit selection committee or his or her designee.

(3) Recommending selection of an independent auditor general to the city commission. Such selection shall be based upon a review and analysis of responses to invitations issued by the committee on behalf of the city. Review and analysis by the committee shall consist of such measures as are considered appropriate by the committee including, but not limited to, interviews, negotiations and investigation of prior audit engagements.

(4) Maintaining liaison with the selected respective independent external auditor and the independent auditor general including, but not limited to, monitoring of both the independent external auditor's and independent auditor general's respective work progress, and reviewing preliminary and final reports issued by the independent external auditor and the independent auditor general.

(Ord. No. 9245, § 5, 2-26-81; Ord. No. 9575, § 1, 3-18-83; Ord. No. 9699, § 2, 10-25-83; Code 1980, § 2-239.2; Ord. No. 11564, § 4, 10-28-97; Ord. No. 13899, § 2, 4-9-20)

Sec. 2-951. Factors for consideration in decisions.

In its deliberations and actions, the committee shall be guided by the following:

(1) The requirements of the statutes of the state as they now, or in the future may, pertain to annual audit services for the city.

(2) Accounting and auditing standards as they are now, or in the future may be, issued by the National Council on Governmental Accounting, the Governmental Accounting Standards Board, and the American Institute of Certified Public Accountants.

(3) Quarterly closings of the city's financial books and records.

(4) Quarterly audit reviews by the independent auditor general.

(Ord. No. 9245, § 6, 2-26-81; Code 1980, § 2-239.3; Ord. No. 13899, § 2, 4-9-20)

Secs. 2-952—2-975. Reserved.

DIVISION 5. EQUAL OPPORTUNITY ADVISORY BOARD*

Sec. 2-976. Established; members, terms of office.

(a) There is hereby established a board to be known as the city equal opportunity advisory board, hereinafter called the "board." The board shall consist of 14 members, ten members to be appointed by the city commission, and four members, one each, to be selected by each certified bargaining representative of city employees, as follows:

(1) Fraternal Order of Police, Miami Lodge No. 20.

(2) International Association of Firefighters, Local No. 587.

(3) Laborers' International Union of North America, Local No. 800.

(4) Miami General Employees, American Federation of State and County Municipal Employees, Local No. 1907.

(b) Persons so selected shall become members of the board when confirmed by the city commission.

(c) The terms of the board members shall be of one year or until the nominating commissioner leaves office, whichever occurs first.

*__Note—__Ord. No. 11995, § 2, adopted Nov. 16, 2000, changed the title from Affirmative Action Advisory Board to Equal Opportunity Advisory Board.

(d) The city commission may remove any member of the board for cause, upon stating in writing the reasons for removal, allowing him or her to be heard by the city commission in his or her own defense.

(e) Any vacancy on the board shall be filled by the commission for the unexpired term; provided, however, that members of the board shall continue to serve until their successors have been selected and qualified.
(Ord. No. 8725, § 1(1), 11-10-77; Ord. No. 9139, § 1(1), 7-24-80; Ord. No. 11130, 3-24-94; Code 1980, § 2-276; Ord. No. 11373, § 3, 6-27-96; Ord. No. 11995, § 2, 11-16-00)

Sec. 2-977. Election of officers; establishment, availability of rules of procedure.

(a) The board shall choose from among themselves a chairperson and vice-chairperson to serve for terms of one year each, and shall choose other officers as they deem appropriate.

(b) The board shall establish rules of procedure for governing and conducting its affairs. These rules should be available in writing upon request from the public.
(Ord. No. 8725, § 1(4), 11-10-77; Ord. No. 9139, § 1(4), 7-24-80; Code 1980, § 2-277)

Sec. 2-978. Designation of executive secretary.

The director of equal opportunity diversity programs, hereinafter referred to as "director" in this division, shall be the executive secretary for the board.
(Ord. No. 8725, § 1(5), 11-10-77; Ord. No. 9139, § 1(5), 7-24-80; Code 1980, § 2-278)

Sec. 2-979. Meetings—Generally.

(a) *Scheduling.* The board shall hold at least one regularly scheduled meeting each month, except during the month of August, on days to be determined by the board. Upon ten days' notice, the chairperson of the board may cancel and/or reschedule any meeting. Other meetings may be scheduled by the board or be held at the call of the chairperson; however, ten days' written notice to each member is required, except where the city manager and board chairperson agree to call an emergency meeting. The board, its established committees, and specially appointed officers shall have the power to take testimony under oath.

(b) *Minutes.* The board shall keep minutes of its proceedings, showing the vote of each member, or his or her absence or failure to vote.

(c) *Quorum, majority vote requirement.* A majority of the members present shall constitute a quorum for the purpose of convening any meeting of the board. A majority vote of those present and voting shall decide any question properly brought before the board.
(Ord. No. 8725, § 1(6)—(8), 11-10-77; Ord. No. 9139, § 1(6)—(8), 7-24-80; Ord. No. 10160, § 1, 10-7-86; Code 1980, § 2-279; Ord. No. 11801, § 2, 6-8-99)

Sec. 2-980. Same—Authority to require attendance of department representatives.

Upon a minimum of ten days' notice from the executive secretary of the board, a city department head requested to attend a meeting of the board shall so attend or may appoint and direct a representative of that department to attend.
(Ord. No. 8725, § 1(10), 11-10-77; Ord. No. 9139, § 1(10), 7-24-80; Code 1980, § 2-280)

Sec. 2-981. Disqualification of members.

(a) *Residency.* With the exception of those board members selected by certified bargaining representatives of city employees, all board members shall be permanent residents of the city in order to serve on the board.

(b) *Conflicts of interest.* Board members shall not vote on matters which involve their personal or private interests. If a majority of the other board members sitting vote to disqualify a member from voting on a given matter because they determine that a conflict of interest exists, that member shall not be permitted to vote. No board member shall be permitted to represent any other person before the board or the city commission in any matter concerning employment or affirmative action.

(c) *Nonattendance of meetings.* Failure of a board member to attend three consecutive meetings, as determined and recorded by the chairperson, shall automatically disqualify said member from holding office.
(Ord. No. 8725, § 1(9), 11-10-77; Ord. No. 9139, § 1(9), 7-24-80; Ord. No. 9348, § 1, 11-12-81; Code 1980, § 2-281)

Sec. 2-982. Duties generally.

The board shall provide advice and recommendations regarding affirmative action. The director or his or her designee shall represent the city manager in all matters of affirmative action and shall provide all staff support to the board. With the assistance of the director, the board shall perform the following duties and functions:

(1) Review and recommend to the mayor and the city commission the adoption of amendments and revisions to the city's affirmative action program plan, for meeting present and possible future requirements.

(2) Review employment policies and practices of the city and make recommendations to the personnel management department through the director.

(3) Conduct monthly meetings, open to the public, for discussion of the city's affirmative action program, review of specific complaints of alleged discrimination properly brought before the board, and receipt of reports from the director.

(4) Recommend to the mayor and city commission ordinances, resolutions, and other proposals relating to the affirmative action program.

(5) Serve with the director and the personnel management department as an instrument for informing the mayor, city commission, city departments and agencies and the public of the continuing affirmative action program and its purposes.

(6) Make recommendations or reports to the mayor and city commission directly as deemed appropriate by the board.

(Ord. No. 8725, § 1(3), 11-10-77; Ord. No. 9139, § 1(3), 7-24-80; Ord. No. 10076, § 1, 1-23-86; Code 1980, § 2-282; Ord. No. 11564, § 4, 10-28-97)

Sec. 2-983. Formulation, adoption of affirmative action plan.

(a) *Coordination by director.* Under the authority of the city manager, the director shall work in direct coordination with the board and other city boards and departments in the preparation, conduct, review, and implementation of the continuing affirmative action program.

(b) *Review, submission by board for commission approval.* The board shall review any plan relating to the city's affirmative action program as prepared and submitted by the director. This review shall be conducted in meetings open to the public and in full compliance with F.S. ch. 286, the government-in-the-sunshine law. Upon completion of public hearings and review by the board, the board shall submit to the commission through the director and the city manager its comments and recommendations concerning the plan or modifications to the plan. The civil service board of the city shall receive a copy of the plan and the board's recommendations at the same time they are submitted to the city manager.

(c) *Consideration by city commission.* The city commission, upon receiving the proposed affirmative action plan or any changes thereto, shall set a date for a public hearing, said date not being less than 30 days from the date the commission received the report from the board through appropriate administrative channels. At the conclusion of this public hearing, the city commission may adopt, reject or modify the plan or any portion thereof. No affirmative action program or plan shall become effective until its adoption by the city commission. The city commission's adoption of the plan or modifications to the plan shall take the form of a resolution wherein the commission resolves to concur with the city manager's adoption of the plan and/or modifications thereto. The city commission may, from

time to time, resolve to concur with or support statements of policy formulated by the board and/or the city administration.
(Ord. No. 8725, § 1(11)—(13), 11-10-77; Ord. No. 9139, § 1(11)—(13), 7-24-80; Ord. No. 10076, § 1, 1-23-86; Code 1980, § 2-283)

Sec. 2-984. Periodic review of affirmative action plan.

The board shall review and make comments or recommendations annually, or as directed by the city commission, concerning the city's affirmative action plans and programs. These comments and recommendations shall be presented to the city commission.
(Ord. No. 8725, § 1(14), 11-10-77; Ord. No. 9139, § 1(14), 7-24-80; Code 1980, § 2-284)

Sec. 2-985. Hearing and review of discrimination complaints.

(a) The board may hear or review grievances concerning alleged discrimination in employment policies and practices of the city when a specific grievance or complaint is referred by the director to the board.

(b) Following such referral by the director, the board may appoint a committee or a single hearing officer to hear these complaints and to report findings and make recommendations to the full board.
(Ord. No. 8725, § 1(2), 11-10-77; Ord. No. 9139, § 1(2), 7-24-80; Ord. No. 9348, § 2, 11-12-81; Code 1980, § 2-285)

Secs. 2-986—2-1010. Reserved.

DIVISION 6. EDUCATION ADVISORY BOARD

Sec. 2-1011. Education advisory board establishment; purpose.

There is hereby created and established the education advisory board, and herein referred to as "board," to function as a forum for dialogue among community-based education stakeholders, city officials, and Miami-Dade County Public School District representatives to identify needs, concerns, and opportunities for collaboration. The board may be presented with requests, by Miami-Dade County public schools located within the City of Miami for official city support through funding, sponsorships regarding public events, public programming, capital improvements, and other non-curriculum assistance.

The board will also serve as a venue for issues requiring intergovernmental coordination, including public facility conditions, safety concerns, and proposed capital projects and long-term capital plans to facilitate timely communication, responsiveness, and advisory input by appropriate school district and city personnel.
(Ord. No. 14449, § 2, 3-12-26)

Sec. 2-1012. Powers and duties.

(a) *Powers and duties.* The board shall:

(1) Hold public hearings to receive public and expert input regarding: public programming of joint use public facilities, public events involving Miami-Dade County Public Schools located within city geographical boundaries, coordinate and advise on conditions of public facilities and capital improvement projects;

(2) Encourage the fullest and most active participation and coordination of intergovernmental agencies for capital improvement needs of Miami-Dade County Public Schools' public facilities located within the city's geographical limits;

(3) Create, coordinate, and manage policies and procedures for events related to the board's purpose;

(4) The education advisory board may, by majority vote, sponsor advisory items for placement on the city commission agenda, provided such items are sponsored by a city commissioner, the mayor, or the city manager and are submitted in accordance with established city commission agenda procedures. All sponsored city commission agenda items shall be advisory in

nature and shall have no binding effect unless formally adopted by the city commission;

(5) Make recommendations to the Mayor, the city commission, and the city manager regarding public education needs of Miami-Dade County Public Schools located within the city's limits;

(6) Any resolution of the board making recommendations to the city commission shall be submitted to all city commissioners by the board liaison and liaison shall solicit sponsorship by city commissioner for the item to be placed on the next feasible city commission agenda as a discussion item with the board resolution and any corresponding supporting documentation approved by the board at the time the resolution was adopted by the board.

(7) Notwithstanding any provisions to the contrary, the board shall exercise only such powers and duties as are granted pursuant to this article.

(Ord. No. 14449, § 2, 3-12-26)

Sec. 2-1013. Composition; appointment and terms of office of members; filling of vacancies.

(a) *Composition and qualifications.* The board shall consist of seven voting members, who shall be city residents and must either: have a child attending a Miami-Dade County Public School located within the City of Miami or serve as a member of a Parent Teacher Advisory Board of a Miami-Dade County Public School located within the City of Miami. In addition, there shall be one non-voting member that must be an employee of Miami-Dade County Public Schools. The board shall be comprised of eight members in total.

(b) *Appointment of members.* The eight members shall be appointed to the Board as follows:

(1) Each of the five city commissioners shall appoint one voting member.

(2) The mayor shall appoint one voting member

(3) The city manager shall appoint one voting member.

(4) The Miami-Dade County Public School Superintendent, or their designee, shall appoint one non-voting member.

(5) No alternates shall be appointed.

(c) *Term.* The terms of office for board members shall be for two years from the date of appointment.

(d) *Minimum attendance requirements.* The minimum attendance requirements as provided in section 2-886 of the City Code shall apply.

(e) *Removal.* The mayor and each city commissioner shall have the power to remove, at any time and for any reason, his/her respective appointee without a finding of cause. The city commission shall have the power to remove, at any time, any board member by a majority vote of the city commission without a finding of cause.

(f) *Resignation.* Members may resign by submitting a signed letter of resignation to the city clerk. The city clerk shall immediately notify the appointing official of the vacancy. It shall be the obligation of each board member to notify the city clerk if the member ceases to meet the qualification criteria set forth in subsection (a) above.

(g) *Vacancies.* In the event a vacancy occurs on the board, whether automatically, by vote of the city commission, by removal by the mayor or the city commissioner who appointed such member, by resignation of the member, or for any other reason, the mayor for mayoral appointees and the city commissioner for their respective appointees may appoint a qualified person to fill the remaining term of the vacant position. Only notice of such appointment by the appointing city official on the agenda of the next regularly scheduled meeting of the city commission or as soon as practicable thereafter is required and no action is required of the city commission except for the at-large member. All such appointments shall be consistent with the membership requirements stated in subsection (a) above.

(h) *Waiver.* The city commission shall have the power to waive any of the requirements of subsection (a) above by four-fifths vote of the members of the full city commission.
(Ord. No. 14449, § 2, 3-12-26)

Sec. 2-1014. Officers.

(a) The board shall have a chair and vice-chairperson of the board.

(b) At the first meeting of each calendar year for the board, the members of the board shall select and designate a chairperson and vice-chairperson from among the members of the board. Chairperson and vice-chairperson shall serve one-year terms as those respective officers of the board.
(Ord. No. 14449, § 2, 3-12-26)

Sec. 2-1015. Meetings; parliamentary authority; rules and regulations; quorum.

(a) *Procedure.* The board may adopt its own order of business, rules of procedure, and bylaws to govern its meetings and actions not inconsistent with the provisions set forth herein, which shall be filed with the city clerk. Unless and until the board adopts its own rules of procedure, it shall follow Robert's Rules of Order (current edition) except that the provisions set forth herein shall control in case of conflict.

(b) *Notice and public participation.* All meetings and workshops of the board shall be noticed and open to the public as required by the State of Florida's Sunshine Law. In addition, the public shall be encouraged to submit oral and written comments to the board at all meetings.

(c) *Minutes.* The minutes of each meeting and workshop shall be taken by applicable staff and shall promptly be provided to the city clerk as the official record of each such meeting. Such records shall be open to public inspection. Copies of minutes of all board meetings shall be furnished to the mayor, city commissioners, city attorney, and city manager.

(d) *Quorum.* A minimum of three of the members shall constitute a quorum for the purpose of convening any meeting. An affirmative vote of no fewer than two of the members present at any meeting is required for any action to be taken by the board.
(Ord. No. 14449, § 2, 3-12-26)

Sec. 2-1016. Legal counsel.

The office of the city attorney shall provide an attorney to serve as legal counsel to the board and shall provide legal advice on all matters considered by the board.
(Ord. No. 14449, § 2, 3-12-26)

Sec. 2-1017. Liaisons to board and assignment of staff.

Notwithstanding any provisions to the contrary contained in the City Code, the city manager shall designate the administration's liaison to the board, at least one of which shall be from the city's department of innovation and technology. It shall be the duty of the city manager to provide administrative support to the board, which shall include the services of an individual to maintain board correspondence, post meeting notices with the city clerk, file reports, and perform all other necessary administrative support functions. In addition to any administration liaisons assigned to the board, the city manager shall designate representatives from the departments of housing and economic development and finance and the offices of management and budget and city manager to attend all meetings. Upon the board's request, the mayor and the city manager may also participate in deliberations of the board and may offer technical and policy advice.
(Ord. No. 14449, § 2, 3-12-26)

Secs. 2-1018—2-1050. Reserved.

DIVISION 7. OVERTOWN ADVISORY BOARD/OVERTOWN COMMUNITY OVERSIGHT BOARD*

Sec. 2-1051. Establishment and purpose.

There is hereby created and established the Overtown Advisory Board/Overtown Community Oversight Board, to be known as the Overtown Community Oversight Board, to encourage and support housing, job creation, economic and business development, educational opportunities and historic and cultural preservation. The board shall provide written recommendations to the city commission regarding activities, developments and improvements within, or substantially impacting the residents of, the Overtown Area. As used herein, the "Overtown area" is that area approximately bounded on the north by Northwest 20th Street from Florida East Coast Railroad to Northwest 3rd Avenue to Northwest 5th Avenue; on the west by I-95 Expressway from Northwest 21st Terrace to 836 Expressway and State Road 836 (East-West) Expressway from I-95 to the Miami River; on the south by Northwest 3rd Street from Florida East Coast Railroad to Northwest 7th Avenue and the Miami River from Northwest 7th Avenue to 836 Expressway; and on the east by Florida East Coast Railroad right-of-way. (Note: All boundaries are to be construed expansively, incorporating the breadth of described streets, avenues, expressways, and railroad property.)
(Ord. No. 12858, § 2, 10-12-06)

Sec. 2-1052. Membership.

(a) *Generally.* The Overtown Community Oversight Board shall consist of five voting members (other than youth board members), all of whom shall be appointed, as hereinafter set forth. In addition, there shall be one non-voting youth member of the Overtown Community Oversight Board, to be appointed by the commissioner representing district five.

(b) *Qualifications.* Members of the Overtown Community Oversight Board shall be persons of knowledge, experience, mature judgment and background, having ability and desire to act in the public interest in order to make informed and equitable decisions concerning the Overtown area.

(1) Each person seeking membership on the Overtown Community Oversight Board who is not seeking appointment as a youth board member shall be deemed qualified if he/she is 18 years of age or older, and:

   a. Resides in the Overtown area;

   b. Owns property in the Overtown area;

   c. Is an employee or board member of a community based organization or community development corporation located in or providing services to the Overtown area; or

   d. Owns or is an employee of a business in the Overtown area.

(2) Each person seeking membership on the Overtown Community Oversight Board who is seeking appointment as a youth board member shall be deemed qualified if he/she is more than 14 and less than 19 years of age; and

   a. Resides in the Overtown area, and

   b. Attends an accredited educational institution in the Overtown area.

(c) *Procedure for appointment of members.*

(1) The district five city commissioner shall appoint four members to the Overtown Community Oversight Board, and the city manager shall appoint one member, all of whom shall be confirmed by the city commission. In addition, the district five city commissioner shall appoint one youth board member and preference shall be given to qualified youth board member candidates attending Booker T. Washington Senior High School.

---

*__Editor's note—__Ord. No. 12858, § 2, adopted October 12, 2006, amended division 7, §§ 2-1051—2-1056, in its entirety to read as herein set out. Formerly, division 7 pertained to the Overtown Advisory Board and derived from the Code of 1980, §§ 2-451—2-456; Ord. No. 11211, §§ 1—6, adopted January 12, 1995; Ord. No. 11326, § 2, adopted November 16, 1995; Ord. No. 11403, § 2, adopted October 10, 1996; Ord. No. 11605, § 2, adopted February 10, 1998; Ord. No. 11681, § 2, adopted July 14, 1998.

__Cross reference—__Historic preservation, ch. 23.

(2) No appointment shall be made until notice has been given in a newspaper of general circulation in the city of the appointments to be made to the Overtown Community Oversight Board at least 30 days prior to the making of an appointment, which shall have solicited and encouraged the public and professional or citizen organizations within the Overtown area having interest in and knowledge of the Overtown area to submit names of persons and their qualifications for consideration as prospective appointees of the Overtown Community Oversight Board. At least ten days prior to the making of any appointment, the district five city commissioner and city manager shall cause to have available to the public, and shall publicly make announcement, that the list of names thus submitted, together with a short statement of the qualifications of each person, is prepared and available for public inspection and consideration. In reaching decision on appointments, the district five city commissioner and the city manager shall give due consideration to the names thus submitted.

(3) In addition, the district five city commissioner and the city manager shall, at least ten days prior to the making of any appointment, cause to have available to the public, and shall publicly make announcement that the names of prospective appointees submitted by the district five city commissioner and the city manager and a short statement of qualifications of such persons are available for public inspection and consideration. No person shall be appointed to membership on the Overtown Community Oversight Board whose name and qualifications have not been made publicly available in the manner set out herein.

(d) *Terms of office.* The members of the Overtown Community Oversight Board shall serve for two-year terms, expiring during the month of September. Notwithstanding the above, members of the board may continue to serve until the city commission's ratification of the new board members held following the expiration of a term.

(e) *Vacancies.* Vacancies in the membership of the Overtown Community Oversight Board shall be filled in the manner set forth in subsection (c).

(f) *Removal.* Members of the Overtown Community Oversight Board may be removed for cause by vote of not less than three members of the city commission upon written charges after a public hearing, unless the member charged waives such public hearing in writing. However, whenever any member has had within a calendar year, three consecutive absences or four absences within a calendar year from the regularly scheduled meetings, the chairperson of the board shall certify same to the city clerk. The city clerk shall then inform the district five city commissioner and the city manager in writing that the position has been declared vacant and a successor member must be appointed to fill the vacancy.

(h) *Disqualification of members.* If any member has a conflict of interest on a particular matter coming before the Overtown Community Oversight Board, he/she shall, prior to the opening of the discussion on the matter, disqualify himself/herself from all participation whatsoever in the cause; or he/she may be disqualified by a vote of not less than a majority of the voting membership of the Overtown Community Oversight Board present, not including the member about whom the question for disqualification has been raised.

(i) *Assignment of tasks.* The city manager shall provide for necessary staffing to assist the Overtown Community Oversight Board. Such staff shall:

(1) Provide and perform necessary administrative duties including providing assistance to the Overtown Community Oversight Board regarding the scheduling of meetings of the Overtown Community Oversight Board, preparing agendas, and ensuring that proper notice is provided for such meetings.

(2) Work with other city departments, public agencies, and private groups, as required,

to provide information to the Overtown Community Oversight Board on activities, developments, or improvements in, or substantially impacting the residents of, the Overtown Area.

(3) Submit the adopted minutes of each Overtown Community Oversight Board meeting to the city clerk and the district five city commissioner.

(4) Prepare summary reports of board actions for review by the board prior to delivery of the same to the city manager or his/her designee for delivery to the city commission.

(5) Review the board's budgets.

(6) Coordinate the research, development and preparation of reports and policies for projects initiated by the Overtown Community Oversight Board.

(7) Serve as the community liaison between the city, the Overtown Community Oversight Board and the residents of the Overtown area.

(8) Channel the issues and concerns of Overtown area residents, businesses and community groups to the attention of the Overtown Community Oversight Board or the appropriate city department for resolution, or to the appropriate public or private agency for action.

(9) Reestablish and maintain the Overtown resource directory.

(10) Follow through with the implementation of all decisions and actions approved by the Overtown Community Oversight Board.

(11) Share information with community organizations and receive input regarding ongoing or proposed projects and activities in the Overtown area.

(12) Schedule the use of the Overtown Community Oversight Board facilities by community organizations.

(13) Reestablish and coordinate publication and distribution of the Overtown newsletter.

(14) Coordinate projects of the Overtown Community Oversight Board with other community organizations and governmental agencies.

(15) Coordinate with the Southeast Overtown/Park West Community redevelopment agency to relate its activities to the community and community organizations, public agencies and the private business sector.

(16) Coordinate his/her activities and the activities of the Overtown Community Oversight Board with the activities of the Southeast Overtown/Park West Community redevelopment agency.

(Ord. No. 12858, § 2, 10-12-06; Ord. No. 12885, § 1, 2-8-07; Ord. No. 13273, § 1, 6-9-11; Ord. No. 13676, § 2, 4-27-17; Ord. No. 14011, § 2, 7-8-21; Ord. No. 14138, § 2, 2-9-23)

Sec. 2-1053. Proceedings.

(a) *Officers.* The Overtown Community Oversight Board shall select a chairperson and vice-chairperson from among its members to serve for a one-year term and may create and fill such other offices as it may deem necessary or desirable.

(b) *Rules of procedure.* The Overtown Community Oversight Board shall establish rules of procedure necessary to its governing and the conduct of its affairs, in keeping with the applicable provisions of the City Charter, ordinances and resolutions. Such rules of procedure shall be available in written form to persons appearing before the board and to the public upon request.

(c) *Meetings.* A regular meeting of the Overtown Community Oversight Board shall convene at least once per month, except during the month of August. All meetings shall be open to the public.

(d) *Voting; quorum.* At all meetings of the Overtown Community Oversight Board, a majority of the voting membership (excluding vacan-

cies) shall constitute a quorum. All recommendations of the Overtown Community Oversight Board shall require a concurring vote of a majority of the members present. In case of a tie vote such vote shall be construed as a denial.
(Ord. No. 12858, § 2, 10-12-06; Ord. No. 14011, § 2, 7-8-21)

Sec. 2-1054. Compensation.

Members of the Overtown Community Oversight Board shall serve without compensation but shall be reimbursed for expenses necessarily incurred in the performance of their duties, subject to the prior approval of the city manager.
(Ord. No. 12858, § 2, 10-12-06)

Sec. 2-1055. Financial disclosure.

All members of the Overtown Community Oversight Board shall file annual financial disclosure reports pursuant to law.
(Ord. No. 12858, § 2, 10-12-06)

Sec. 2-1056. Functions, powers and duties generally.

The Overtown Community Oversight Board is hereby authorized to:

(1) Review and recommend to the city commission approval, approval with conditions or disapproval of activities, developments, or improvements in, or substantially impacting the residents of, the Overtown area.

(2) Require submission to the Overtown Community Oversight Board of any information requested for the Overtown Community Oversight Board to evaluate activities, developments, or improvements, including eminent domain, in, or substantially impacting the residents of, the Overtown area.

(3) Recommend from time to time to the city commission and the Southeast Overtown/Park West Community Redevelopment Agency, modifications and/or amendments to the Southeast Overtown/Park West Community Redevelopment Plan.

(4) Recommend to the Community Development Citywide Advisory Board activities, developments, or improvements for the Overtown area.

(5) Adopt and amend its rules and procedures.
(Ord. No. 12858, § 2, 10-12-06)

Secs. 2-1057—2-1100. Reserved.

DIVISION 8. AFFORDABLE HOUSING ADVISORY COMMITTEE*

Sec. 2-1101. Establishment and purpose.

Pursuant to F.S. § 420.9076, there is hereby created and established a board to be known as the "Affordable Housing Advisory Committee" ("advisory committee") for the following purposes:

(1) To serve as the advisory committee required by the Florida State Housing Initiatives Partnership ("SHIP") Program; and

(2) To provide oversight and ongoing recommendations on affordable housing issues.
(Ord. No. 13967, § 3, 2-25-21)

Sec. 2-1102. Functions, powers, and duties generally.

The advisory committee is hereby authorized to:

(1) Review the established policies, procedures, ordinances, land development regulations, and Miami Comprehensive Neighborhood Plan ("MCNP") of the city on an annual basis and recommend specific actions or initiatives to encourage or facilitate affordable housing while protecting the ability of the property to appreciate in value. The

*__Editor's note—__Prior to the reenactment of division 8 by Ord. No. 13967, § 3, adopted February 25, 2021, Ord. No. 13864, § 3, adopted October 10, 2019, repealed the former division 8, sections 2-1101—2-1105 in its entirety, which pertained to the Miami commission on the status of women, and derived from Ord. No. 11982, § 2, adopted October 26, 2000.

For current provisions pertaining to similar subject matter, the user's attention is directed to division 6 of this article.

recommendations of the advisory committee may include the modification or repeal of existing policies, procedures, ordinances, regulations, or plan provisions; the creation of exceptions applicable to affordable housing; or the adoption of new policies, procedures, regulations, ordinances, or plan provisions, including recommendations to amend the MCNP and corresponding regulations, ordinances, and other policies. At a minimum, the advisory committee shall submit an annual report to the city commission and to the entity providing statewide training and technical assistance for the affordable housing catalyst program which includes recommendations on the implementation of affordable housing incentives in the following areas:

a. The processing of approvals of development orders or permits for affordable housing projects is expedited to a greater degree than other projects as provided in F.S. § 163.3177(6)(f)(3);

b. All allowable fee waivers provided for the development or construction of affordable housing;

c. The allowance of flexibility in densities for affordable housing;

d. The reservation of infrastructure capacity for housing for very-low-income persons, low-income persons, and moderate-income persons;

e. Affordable accessory residential units;

f. The reduction of parking and setback requirements for affordable housing;

g. The allowance of flexible lot configurations, including zero-lot-line configurations for affordable housing;

h. The modification of street requirements for affordable housing;

i. The establishment of a process by which the city considers, before adoption, policies, procedures, ordinances, regulations, or plan provisions that increase the cost of housing;

j. The preparation of a printed inventory of locally owned public lands suitable for affordable housing; and

k. The support of development near transportation hubs and major employment centers and mixed-use developments.

(2) The advisory committee's recommendations may also include other affordable housing incentives identified by the advisory committee. The advisory committee may perform other duties at the request of the city commission, including:

a. The provision of mentoring services to affordable housing partners including developers, banking institutions, employers, and others to identify available incentives, assist with applications for funding requests, and develop partnerships between various parties, and

b. The creation of best practices for the development of affordable housing in the community.

(3) The approval by the advisory committee of its local housing incentive strategies recommendations and its review of the city's implementation of previously recommended strategies must be made by affirmative vote of a majority of the membership of the advisory committee taken at a public hearing. Notice of the time, date, and place of the public hearing of the advisory committee to adopt its evaluation and final local housing incentive strategies recommendations must be published in a newspaper of general circulation in Miami-Dade County. The notice must contain a short and concise summary of the evaluation and local housing incentives strategies recommendations to be considered by the advisory committee. The notice must state the public place where a copy of the

evaluation and tentative advisory committee's recommendations can be obtained by interested persons. The final report, evaluation, and recommendations shall be submitted to the Florida Housing Finance Corporation ("corporation").

(4) Within 90 days after the date of receipt of the evaluation and local housing incentive strategies recommendations from the advisory committee, the city commission shall adopt an amendment to its local housing assistance plan to incorporate the local housing incentive strategies to be implemented by the city. The amendment must include, at a minimum, the local housing incentive strategies required by F.S. § 420.9071(16). The city commission must consider the strategies specified in subsections (1)a.—k. above as recommended by the advisory committee.

(5) The city shall notify the corporation by certified mail of its adoption of an amendment of its local housing assistance plan to incorporate local housing incentive strategies, which shall include a copy of the approved amended plan.

(6) The city commissioner serving on the advisory committee, or a locally elected designee, must attend biannual regional workshops convened and administered under the Affordable Housing Catalyst Program as provided for in F.S. § 420.531(2).

(Ord. No. 13967, § 3, 2-25-21)

Sec. 2-1103. Governing body—Composition and appointments; terms of office and vacancies; membership qualifications; procedures for appointment of members including the public advocate; officers; quorum and voting; meetings; and attendance requirements.

(a) *Governing body—Composition and appointments.* The advisory committee shall consist of 11 members. Pursuant to F.S. § 420.9076, the advisory committee shall consist of one city commissioner serving in an ex officio capacity and the remaining ten members shall be appointed by the city commission with one representative from at least six of the categories below:

(1) An individual who is actively engaged in the residential home building industry in connection with affordable housing.

(2) An individual who is actively engaged in the banking or mortgage banking industry in connection with affordable housing.

(3) An individual who is a representative of those areas of labor actively engaged in home building in connection with affordable housing.

(4) An individual who is actively engaged as an advocate for low-income persons in connection with affordable housing.

(5) An individual who is actively engaged as a for-profit provider of affordable housing.

(6) An individual who is actively engaged as a not-for-profit provider of affordable housing.

(7) An individual who is actively engaged as a real estate professional in connection with affordable housing.

(8) An individual serving in an ex officio capacity who actively serves on the local planning agency pursuant to F.S. § 163.3174.

(9) An individual who resides within the jurisdiction of the city.

(10) An individual who represents employers within the city.

(11) An individual who represents essential services personnel as defined in the local housing assistance plan.

(b) *Terms of office and vacancies.* Members shall be appointed for a term of four years. Except as hereinafter provided, the city commission shall appoint an individual to fill a vacancy due to the death, resignation, or removal of any member of the advisory committee, which person shall serve only for the remainder of the unexpired

term. A vacancy in the chairperson shall be filled in the same manner as provided above for the appointment of those advisory committee members. Nothing set forth herein shall prohibit any individual from being reappointed subject to the provisions of section 2-885 of the City Code.

(c) *Membership qualifications.* All advisory committee members shall be 18 years of age or older.

Each member of the advisory committee shall be an individual of outstanding reputation for integrity, responsibility, and commitment to serving the community and is expected to participate actively in the functioning of the advisory committee.

Except as provided in subsection (a)(1), members of the advisory committee shall not be required to be permanent residents of the city, own real property in the city, or work or maintain a business in the city.

(d) *Procedure for appointment of members.* No appointment to the advisory committee shall be made until notice has been given in a newspaper of general circulation in the city of the appointments to be made at least 15 days prior to making the appointment, which notice shall have solicited and encouraged the public and organizations within the city having interest to submit names of persons and their qualifications for consideration. The qualifications of those to be considered as prospective members of the advisory committee, except for the chairperson and the city commissioner, shall be evaluated by the department of housing and community development. The department of housing and community development shall recommend appointees to the city commission for final appointment, except for the chairperson and the city commissioner.

(e) *Officers.* The chairperson shall be nominated by the mayor and appointed by city commission. The advisory committee shall elect from its members a vice-chairperson and may designate a secretary and such other officers as deemed necessary. The chairperson of the advisory committee shall have the power to appoint all members serving on the various subcommittees which the advisory committee may establish from time to time.

(f) *Quorum and voting.* At all meetings of the advisory committee, a minimum of five members shall constitute a quorum for the transaction of business and each member shall have one vote on every issue submitted to a vote of the advisory committee. The act of a majority of the members present at a meeting at which a quorum is present shall be the act of the advisory committee. The members of the advisory committee may make and adopt bylaws and rules for the advisory committee's governance which much be filed with the office of the city clerk.

(g) *Meetings.* The advisory committee shall hold meetings on an as-needed basis in the sole discretion of the director of the department of housing and community development or his/her designee. All meetings of the advisory committee shall be public meetings. Written minutes of the proceedings of all actions taken at the meetings of the advisory committee shall be properly recorded and maintained.

(h) *Attendance requirements.*

(1) Any advisory committee member shall be automatically removed if:

   a. He or she is absent from three consecutive meetings; or

   b. He or she is absent from four of the advisory committee's meetings;

   c. Provided that regardless of their compliance with subsections (1)a. and b., members must attend at least 50 percent of all the advisory committee meetings held during each calendar year.

(2) A member of the advisory committee shall be deemed absent from a meeting when he or she is not present at the meeting at least 75 percent of its duration.

(3) The provisions of this section may be waived by a vote of the members of the advisory committee if, prior to removal for failing to meet the attendance require-

ments hereinabove, a member requests a waiver of the same providing the member's reasons supporting such request.

(i) Members of the advisory committee may be removed with or without cause by a vote of not less than three members of the city commission. Following said removal, the city commission shall fill the vacancy pursuant to subsection (b) above.
(Ord. No. 13967, § 3, 2-25-21)

Sec. 2-1104. Staff liaison; assignment, qualifications, general powers, and responsibilities.

There shall be an individual or individuals who shall be specifically assigned to the advisory committee by the city manager to facilitate the advisory committee's activities. The employee assigned by the city manager shall act as the liaison to the advisory committee and the city's administration and shall have general supervision over and be responsible for the management and operation of all advisory committee activities. The employee shall attend all meetings of the advisory committee and shall, from time to time, prepare and furnish such reports, audits, and other information relating to the duties of the advisory committee as may be requested by the advisory committee, the city's administration, or the department of housing and community development. In the event that the employee is for any reason temporarily incapable of exercising the powers and performing the duties and assigned functions, the city manager shall designate an employee to perform such functions and duties until such incapacity of the permanently assigned employee ceases.
(Ord. No. 13967, § 3, 2-25-21)

Sec. 2-1105. Counsel.

The city attorney's office shall provide legal counsel to the advisory committee as may be necessary and requested by the advisory committee.
(Ord. No. 13967, § 3, 2-25-21)

Sec. 2-1106. Administrative support services.

The advisory committee is hereby designated as a category "C" advisory committee as it relates to the administrative support services to be provided by the office of the city clerk.
(Ord. No. 13967, § 3, 2-25-21)

Sec. 2-1107. Sunset review of the advisory committee.

Notwithstanding the provisions contained in section 2-892 of the City Code, the advisory committee shall be initially reviewed in 2025. Thereafter, the advisory committee shall be reviewed every four years.
(Ord. No. 13967, § 3, 2-25-21)

Sec. 2-1108. Abolition of the advisory committee.

The city commission may, by an affirmative four-fifths vote, abolish the advisory committee, at which time the powers and duties of the advisory committee shall revert to the city.
(Ord. No. 13967, § 3, 2-25-21)

Secs. 2-1109—2-1120. Reserved.

DIVISION 9. INTERFAITH ADVISORY COUNCIL

Sec. 2-1121. Interfaith advisory council establishment; purpose.

There is hereby created and established the interfaith advisory council, and herein referred to as "council," to function as an advisory forum for dialogue among faith leaders, religious professionals, community stakeholders, and city officials to identify opportunities for collaboration, address community needs, and provide guidance on matters where faith-based institutions intersect with public life. The council may consider and provide feedback and policies on legislative and policy matters that may impact faith-based communities, including, but not limited to, zoning, land use, housing, community development, public safety, and social service coordination.

The council is a venue for the exchange of ideas and information related to community services, emergency response coordination, social support networks, cultural understanding, and initiatives that promote unity, compassion, and mutual respect across all faiths, denominations, and spiritual traditions. Through this council, faith-based organizations may present recommendations, share community concerns, and collaborate with city leadership on initiatives that enhance quality of life for residents while fostering inclusivity and shared civic responsibility.
(Ord. No. 14450, § 2, 3-12-26)

Sec. 2-1122. Powers and duties.

(a) *Powers and duties.* The council shall:

(1) Hold public hearings to receive public and expert input regarding: community services (faith-based or secular), emergency response coordination, support networks among the city, cultural understanding and initiatives that promote unity and respect across all faith traditions;

(2) Encourage the fullest and most active participation and coordination of interfaith agencies for capital improvement needs of Miami-Dade County Public Schools' public facilities located within the city's geographical limits;

(3) Create, coordinate, and manage policies and procedures for events related to the council's purpose;

(4) The interfaith advisory council may, by majority vote, sponsor advisory items for placement on the city commission agenda, provided such items are sponsored by a city commissioner, the mayor, or the city manager and are submitted in accordance with established city commission agenda procedures. All sponsored city commission agenda items shall be advisory in nature and shall have no binding effect unless formally adopted by the city commission;

(5) Make recommendations to the mayor, the city commission, and the city manager regarding policies that may affect any faith-based organizations, congregations, and surrounding communities such as zoning, housing, community development, social service coordination, and safety;

(6) Any resolution of the council making recommendations to the city commission shall be submitted to all city commissioners by the council liaison, the council liaison shall solicit sponsorship by city commissioner for the item to be placed on the next feasible city commission agenda as a discussion item with the council resolution and any corresponding supporting documentation approved by the council at the time the resolution was adopted by the council; and

(7) Notwithstanding any provisions to the contrary, the council shall exercise only such powers and duties as are granted pursuant to this article.
(Ord. No. 14450, § 2, 3-12-26)

Sec. 2-1123. Composition; appointment and terms of office of members; filling of vacancies.

(a) *Composition and qualifications.* The council shall consist of seven voting members, with seven alternates, who shall be city residents and must be employed or involved in the religious or theological field representing any faith tradition or city residents that have a demonstrable interest in religious or interfaith engagement, not specific to any one religion or denomination. The council shall have non-sectarian and inclusive of all faith traditions and spiritual communities represented within the city.

(b) *Appointment of members.* The seven voting members shall be appointed to the council as follows:

(1) Each of the five city commissioners shall appoint one voting member.

(2) The mayor shall appoint one voting member

(3) The city manager shall appoint one voting member.

(4) Each city commissioner, the mayor, and the city manager may appoint one non-voting alternate to serve in addition to their voting appointee. The non-voting alternates may participate in discussions and serve in the absence of the voting member but shall not vote unless formally designated to serve in the absent member's place by a simple majority of the council members present.

(c) *Term.* The terms of office for council members shall be for two years from the date of appointment.

(d) *Minimum attendance requirements.* The minimum attendance requirements as provided in section 2-886 of the City Code shall apply.

(e) *Removal.* The mayor and each city commissioner shall have the power to remove, at any time and for any reason, his/her respective appointee without a finding of cause. The city commission shall have the power to remove, at any time, any council member by a majority vote of the city commission without a finding of cause.

(f) *Resignation.* Members may resign by submitting a signed letter of resignation to the city clerk. The city clerk shall immediately notify the appointing official of the vacancy. It shall be the obligation of each council member to notify the city clerk if the member ceases to meet the qualification criteria set forth in subsection (a) above.

(g) *Vacancies.* In the event a vacancy occurs on the council, whether automatically, by vote of the city commission, by removal by the mayor or the city commissioner who appointed such member, by resignation of the member, or for any other reason, the mayor for mayoral appointees and the city commissioner for their respective appointees may appoint a qualified person to fill the remaining term of the vacant position. Only notice of such appointment by the appointing city official on the agenda of the next regularly scheduled meeting of the city commission or as soon as practicable thereafter is required and no action is required of the city commission except for the at-large member. All such appointments shall be consistent with the membership requirements stated in subsection (a) above.

(h) *Waiver.* The city commission shall have the power to waive any of the requirements of subsection (a) above by four-fifths vote of the members of the full city commission.
(Ord. No. 14450, § 2, 3-12-26)

Sec. 2-1124. Officers.

(a) The council shall have a chair and vice-chairperson of the council.

(b) At the first meeting of each calendar year for the council, the members of the council shall select and designate a chairperson and vice-chairperson from among the voting members of the council. Chairperson and vice-chairperson shall serve one-year terms as those respective officers of the council.
(Ord. No. 14450, § 2, 3-12-26)

Sec. 2-1125. Meetings; parliamentary authority; rules and regulations; quorum.

(a) *Procedure.* The council may adopt its own order of business, rules of procedure, and bylaws to govern its meetings and actions not inconsistent with the provisions set forth herein, which shall be filed with the city clerk. Unless and until the council adopts its own rules of procedure, it shall follow Robert's Rules of Order (current edition) except that the provisions set forth herein shall control in case of conflict.

(b) *Notice and public participation.* All meetings and workshops of the council shall be noticed and open to the public as required by the State of Florida's Sunshine Law. In addition, the public shall be encouraged to submit oral and written comments to the council at all meetings.

(c) *Minutes.* The minutes of each meeting and workshop shall be taken by applicable staff and shall promptly be provided to the city clerk as the official record of each such meeting. Such records shall be open to public inspection.

(d) *Quorum.* A minimum of three of the voting members shall constitute a quorum for the purpose of convening any meeting. An affirmative vote of no fewer than two of the members present at any meeting is required for any action to be taken by the council.
(Ord. No. 14450, § 2, 3-12-26)

Sec. 2-1126. Legal counsel.

The office of the city attorney shall provide an attorney to serve as legal counsel to the council and shall provide legal advice on all matters considered by the council.
(Ord. No. 14450, § 2, 3-12-26)

Sec. 2-1127. Liaisons to council and assignment of staff.

Notwithstanding any provisions to the contrary contained in the City Code, the city manager shall designate the administration's liaison to the council, at least one of which shall be from the city's department of innovation and technology. It shall be the duty of the city manager to provide administrative support to the council, which shall include the services of an individual to maintain council correspondence, post meeting notices with the city clerk, file reports, and perform all other necessary administrative support functions. In addition to any administration liaisons assigned to the council, the city manager shall designate representatives from the departments of housing and economic development and finance and the offices of management and budget and city manager to attend all meetings. Upon the council's request, the mayor and the city manager may also participate in deliberations of the council and may offer technical and policy advice.
(Ord. No. 14450, § 2, 3-12-26)

Secs. 2-1128—2-1139. Reserved.

DIVISION 10. CITY OF MIAMI ARTS AND ENTERTAINMENT COUNCIL*

Sec. 2-1140. Created and established.

A limited agency and instrumentality of the city to be known as the "City of Miami Arts and Entertainment Council ("council") is created and established.
(Ord. No. 12192, § 3, 3-7-02)

Sec. 2-1141. Purpose, powers and duties.

The purpose, powers and duties of the council are:

(1) To serve in an advisory capacity and make recommendations and guide the mayor, city commission and city manager regarding endorsement or support of specific art and entertainment special events, performance and productions.

(2) To make recommendations and guide the mayor, city commission and city manager in their determinations as to whether any specific art shall be accepted or acquired by the city by:

a. Evaluating the appropriateness of the design of proposed art;

b. Determining a proper location for such art;

c. Evaluating the costs for erection, construction, or installation and annual maintenance costs of such art;

***Editor's note—**Ord. No. 12192, §§ 2, 3, adopted March 7, 2002, repealed and reenacted div. 10 to read as herein set out. Formerly, div. 10 pertained to the cultural and fine arts board and derived from Ord. No. 11716, § 3, adopted October 27, 1998.

d. Determining responsibility for provision of indemnification and acquisition of permits for erection, construction, installation and maintenance;

e. Providing information to those making donations of the technical standards and types of permits required by the city for the erection, construction, or installation of such art;

f. Recommending acquisition of works of art by the city to be used and made available for the cultural betterment of the city; and

g. Coordinating activities with programs and support of museums in the city.

(3) To coordinate with city departments, as appropriate;

(4) To coordinate and originate cultural and entertainment activities within the city, and to approve the expenditure of funds in furtherance thereof;

(5) To qualify community events as being officially recognized;

(6) To advocate, seek and encourage public participation in all cultural, fine arts and entertainment events;

(7) To solicit and accept grants, contributions and financial and non-financial support from individuals, private business interests, the general public, governmental entities, corporations and organizations, foundations and other philanthropic entities;

(8) To appoint artists, entertainers or other knowledgeable individuals as honorary council members, who shall advise and assist the council in the furtherance of its duties.

(9) To serve as the city's official liaison with major arts and entertainment facilities and organizations to attract art and entertainment programs of other governmental, private or public agencies to the city, including, but not limited to:

a. Gusman Center for the Performing Arts

b. James L. Knight Center

c. Tower Theater

d. Manuel Artime Center

e. Coconut Grove Playhouse

f. New World School of the Arts

g. Miami Film Festival

h. Performing Arts Center

i. Miami City Ballet

j. Florida Philharmonic

k. New World Symphony

l. Florida Grand Opera

(Ord. No. 12192, § 3, 3-7-02; Ord. No. 12976, § 2, 3-13-08; Ord. No. 13309, § 2, 2-9-12; Ord. No. 14074, § 2, 6-23-22)

Sec. 2-1142. Membership and appointments; qualifications; officers; terms of office and vacancies.

(a) *Membership and appointments.* The council shall consist of 11 members who shall serve without compensation, but shall be reimbursed for necessary expenses incurred in official duties, as may be determined and approved by the city commission, composed as follows:

(1) Six members appointed by the mayor;

(2) Five members appointed by each city commissioner.

(b) *Qualifications.*

(1) The provisions set forth in section 2-884 of this article shall apply to all members of the council.

(2) In addition, each member of the council must possess some specific knowledge, experience, training or teaching in the field of art or entertainment; and

(c) *Officers.* The mayor may appoint the council's chairperson. If the mayor does not appoint the chairperson, the chairperson of the

city commission shall make such appointment. A chairperson of the council shall not serve more than four years as council chairperson. The chairperson of the city commission shall select and designate a vice-chairperson from among the council's members. The vice-chairperson shall serve as chairperson of the council during the chairperson's absence. Other officers as deemed necessary shall be designated and serve at the pleasure of the council.

(d) *Terms of office and vacancies.* The provisions set forth in section 2-885 of this article shall apply to all members of the Council.
(Ord. No. 12192, § 3, 3-7-02; Ord. No. 12976, § 2, 3-13-08)

Sec. 2-1143. Meetings; quorum and voting; attendance requirements; parliamentary authority; rules of procedure; minutes; assignment of staff; legal counsel; and notices and filing of records.

(a) *Meetings.* The council shall hold at least one regularly scheduled meeting each month, except during the month of August. Other meetings of the council may be scheduled at the call of the council's chairperson. All meetings shall be open to the public and are subject to the Florida Sunshine Law or Florida Public Records Law. The meetings shall be held at City Hall, located at 3500 Pan American Drive, Miami, Florida, unless the council elects to hold a meeting at another location and such location has been duly noticed.

(b) *Quorum and voting.* Three members present shall constitute a quorum for the purpose of convening a meeting. A majority of those present and voting is required for any action to be taken by the members.

(c) *Attendance requirements.* The provisions set forth in section 2-886 of this article shall apply to all members of the council.

(d) *Parliamentary authority; rules of procedure.* The council shall use Roberts Rules of Order (current edition) as its parliamentary authority, or may adopt its own order of business and rules of procedure governing its meetings, and actions on matters within its jurisdiction, not inconsistent with the provisions set forth herein, which rules of procedure shall be filed with the city clerk.

(e) *Minutes.* Copies of minutes of all council meetings shall be furnished to the mayor, commissioners and the city manager.

(f) *Assignment of staff.* It shall be the duty of the city manager to provide administrative support to the council, which shall include the services of an individual to keep minutes of meetings, maintain council correspondence, post meeting notices, file reports and perform all other necessary support functions.

(g) *Legal counsel.* The city attorney shall serve as legal counsel to the council.

(h) *Notices and filing of records.* The provisions set forth in section 2-888 of the City Code shall apply to the council. Notice of meetings shall be posted by the city clerk at city hall and other appropriate locations after being apprised by the council of an upcoming meeting(s). Advertised public notice of meetings are not required. It shall be the duty of the city clerk to comply with applicable laws related to filing of records and section 2-889 of the City Code.
(Ord. No. 12192, § 3, 3-7-02; Ord. No. 14074, § 2, 6-23-22)

Sec. 2-1144. Budget and finance.

(a) Effective immediately, the council shall establish a fiscal year which coincides with that of the city. The council shall submit to the city commission a budget, in a form acceptable to the city manager as soon as possible for the fiscal year beginning October 1, 2021, and no later than April 1 for fiscal years after 2021-2022, preceding the commencement of each subsequent fiscal year. Nothing contained herein shall be construed to prohibit the council from submitting a supplemental budget to the commission for approval. All funds not expended within a particular fiscal year shall rollover to the next fiscal year.

(b) No expenditure shall be made in any given year without approval by the city commission of the council's budget and any supplemental budget

thereto for that year and all expenditures shall comply with city procedures for acquisition of goods and services pursuant to the City Code.

(c) In conjunction with the submission of the budget, the council shall submit an annual master plan reflecting the proposed operations and activities for the forthcoming fiscal year in accordance with the council's purposes, powers, and duties as outlined in section 2-1141. Nothing contained herein shall be construed to prohibit the council from submitting a supplemental annual master plan to the city commission for approval. The city commission may review and deny any item contained in the annual master plan and in any supplemental annual master plan within 30 days from the date of its submission by the council.

(d) No provision contained in this division shall be construed to violate the Anti-Deficiency Act, as set forth in sections 18-500—18-503.

(e) There is hereby established a special revenue fund account line titled "City of Miami Arts and Entertainment Council" to be maintained and administered by the city.
(Ord. No. 14074, § 2, 6-23-22)

DIVISION 13.5. VIRGINIA KEY ADVISORY BOARD**

Sec. 2-1190. Established.

There is hereby established a board to be known as the "Virginia Key Advisory Board" which shall be hereinafter referred to as the "board."
(Ord. No. 13583, § 2, 1-14-16)

Sec. 2-1191. Membership, composition, appointments, qualifications, minimum attendance requirements, removal, appointment to fill vacancies, and term.

(a) *Membership, composition, appointment, and qualifications.* The board shall consist of 13 members as follows:

(1) The city commissioner of District 2 shall appoint one person to serve. Such person shall be a city resident, work in the city, or own real property in the city.

(2) One person shall be designated by the mayor. Such person shall be a city resident, work in the city, or own real property in the city.

(3) One person shall be the director of the department of real estate and asset management.

(4) One person shall be the director of the department parks and recreation.

‡__Editor's note—__Ord. No. 13864, § 5, adopted October 10, 2019, repealed the former division 13, sections 2-1175—2-1179 in its entirety, which pertained to the Miami beautification committee, and derived from Ord. No. 13557, § 2, adopted September 24, 2015, and Ord. No. 13792, § 1, adopted October 11, 2018.

**__Editor's note—__Prior to the reenactment of division 13.5 by Ord. No. 13583, § 2, adopted January 14, 2016, Ord. No. 12408, § 1, adopted September 25, 2003, repealed division 13.5 in its entirety, which pertained to the City of Miami district five historic preservation advisory board and derived from Ord. No. 12077, § 2, adopted June 14, 2001.

(5) One person shall be designated by the Village of Key Biscayne Village Council.

(6) One person shall be designated by the Miami-Dade County Commissioner for District 7.

(7) One person shall be designated by the Dade Heritage Trust.

(8) One person shall be designated by the National Trust for Historic Preservation.

(9) One person shall be appointed by the city commission at-large. In addition to the membership criteria in subsection 2-1191(a), such person shall have a demonstrable interest or expertise in recreational boating.

(10) One person shall be designated by the Urban Environment League of Greater Miami.

(11) One person shall be designated by the Tropical Audubon Society.

(12) One person shall be designated by the Sierra Club.

(13) One person shall be designated by the Historic Virginia Key Beach Park Trust.

All members, with the exception of those members appointed pursuant to subsections 2-1191(a)(3) and (4), shall be voting members and be invested or interested in the city and in Virginia Key and serve without compensation. With the exception of those members appointed pursuant to subsections 2-1191(a)(3) and (4), persons so selected shall become members of the board when confirmed by the city commission. Those enumerated city employee members in subsections 2-1191(a)(3) and (4) shall serve in an ex-officio capacity. No alternates shall be appointed.

(b) *Minimum attendance requirements.* It is expected that all members of the board shall attend every meeting. Absences and attendance requirements for city appointees shall be governed by section 2-886. The board shall meet every other month unless required to meet on a more frequent basis to fulfill the requirements of subsections 2-1192(i) or (j).

(c) *Removal.* The city commission shall have the power to remove any member by majority vote without a finding of cause.

(d) *Vacancies.* Any vacancy that occurs on the board, whether automatically, by vote of the city commission, or by resignation of the member, shall be filled pursuant to the terms of section 2-1191(a).

(e) *Waiver.* The city commission shall have the power to waive any of the requirements of section 2-1191 of this Code, as amended, by four-fifths vote of its membership or a unanimous vote of the quorum that exists because of either abstentions or vacancies resulting from resignation, death, suspension, or physical incapacitation.

(f) *Term.* With the exception of the director of the department of real estate and asset management and the director of the department of parks and recreation, all members shall serve a term of two years. Board members shall continue to serve until their successors have been appointed and qualified.
(Ord. No. 13583, § 2, 1-14-16)

Sec. 2-1192. Purpose, powers, and duties.

The purpose, powers, and duties of the board, relative to the entirety of Virginia Key, are:

(1) To review any and consider all available information pertaining to the best mode of governance for Virginia Key;

(2) To review and consider what the short and long term vision will be for the Marine Stadium as to its restoration, development, function, use, role and contribution to the city and the community in general;

(3) To oversee and guide all island wide land in relation to recreation , thematic integration, sustainable transportation, impact of climate change, as well as natural and manmade features following the 2010 Master Plan;

(4) To review and consider the best business model for the Marine Stadium to operate in a manner which enriches the city and

the community in the arts, recreation, culture, sports and education while operating sustainably and generating sufficient revenues over expenses so that it will function like an enterprise fund which will not need to access the general operating budget of the city on a recurring basis;

(5) To review and consider the planning, maintenance, and operational challenges for Virginia Key in terms of the kinds of open spaces, events, shows, features, goals, objectives and promotions that are consistent with the 2010 Master Plan;

(6) To hold public hearings, public meetings or public workshops to receive and to discuss public input, and to formulate any recommendations, findings or recommendations of the board;

(7) To issue a written report that is made available to the public and make a presentation before the city commission by the board's chairperson at least once per year making recommendations regarding all or any of the foregoing matters and related issues and concerns;

(8) To serve in an advisory capacity to the city commission and recommend any changes to city laws, rules, regulations, practices, policies, or to help the city better promote the restoration, reopening, and success of Marine Stadium and Virginia Key;

(9) To review and recommend to the director of the planning and zoning department for approval or disapproval of applications for any zoning change or future land use plan ("FLUM") amendment to the comprehensive plan on Virginia Key; and

(10) Notwithstanding anything contrary in chapter 18 of the City Code, to review and recommend to the city manager for approval or disapproval of any procurement, as defined in section 18-73, as amended, that exclusively affects Virginia Key.

(Ord. No. 13583, § 2, 1-14-16)

Sec. 2-1193. Officers; rules of procedure; meeting; quorum; and public notice.

(a) At the initial organizational meeting, the members of the board shall select and designate a chairperson and vice-chairperson from among the members of the board who shall serve at the pleasure of the board. The chairperson shall reserve the right to appoint an executive committee and to delegate tasks to various subcommittees of the whole.

(b) The board shall use Robert's Rules of Order as the rules for the conduct of their official business, provided, that in addition, the Board may adopt its own order of business and rules of procedure governing its meetings, and take actions on matters within its jurisdiction, not inconsistent with the provisions set forth herein, which rules of procedure, if adopted, shall be filed with the city clerk. The board and any executive committee or subcommittee, if applicable, shall comply with all requirements of F.S. ch. 119 (Public Records) and F.S. ch. 286 (Sunshine Law). The minutes of each meeting shall be promptly made available by the city clerk and such records shall be open to public inspection.

(c) All meetings of the board shall be noticed and open to the public. The public shall be encouraged to submit oral and written comments to the board. At all meetings, a minimum of 50 percent plus one of the members who are present shall constitute a quorum for the purpose of convening any meeting or conducting any business. An affirmative vote of not less than 50 percent plus one of the members present at any meeting is required for any action to be taken by the members.

(Ord. No. 13583, § 2, 1-14-16)

Sec. 2-1194. Legal counsel.

The city attorney shall serve as legal counsel to the board and shall provide legal advice on all matters considered by the board.

(Ord. No. 13583, § 2, 1-14-16)

Sec. 2-1195. City manager.

It shall be the duty of the city manager to provide full cooperation and sufficient personnel for administrative necessary support to the board, including assignment of a particular person to act as liaison and secretary to the board. The city manager may participate in deliberations of the board and may give technical and policy advice to the board as requested.

DIVISION 17. COCONUT GROVE BUSINESS IMPROVEMENT DISTRICT BOARD (BID BOARD)**

Sec. 2-1250. Establishment and purpose.

The "Coconut Grove Business Improvement District Board" of the city ("BID board") is re-established to stabilize and improve retail and other business in the areas described in sections 35-221 and 54-341 of the Code of the City of Miami, as amended ("Code"), and the assessed area known as the BID more particularly described in Resolution No. 18-0294 adopted on July 12, 2018, and later confirmed in Resolution No. 19-0024 adopted on January 10, 2019, through promotion, management, marketing, and other similar services, including but not limited to, coordination, funding, implementation and maintenance of infrastructure improvements, and other projects. These areas shall collectively be described herein as the "area."
(Ord. No. 13059, § 2, 3-12-09; Ord. No. 13833, § 2, 4-25-19)

Sec. 2-1251. Composition; appointment and terms of office of members; filling of vacancies.

(a) The BID board shall have nine voting members appointed as follows:

(1) The commissioner for district 2 shall be a voting member who shall not require confirmation.

(2) The chief executive officer of the Miami Parking Authority, or his/her designee, shall be a voting member who shall not require confirmation.

(3) One voting member shall be nominated by the owners of the property located at CocoWalk, 3015 Grand Avenue, Coconut Grove, FL 33133 and submitted to the district 2 commissioner for appointment and confirmation.

(4) One voting member shall be nominated by the owners of the property located at Mayfair in the Grove, 3390 Mary Street, Coconut Grove, FL 33133 and submitted to the district 2 commissioner for appointment and confirmation.

*__Editor's note—__Ord. No. 13517, § 2, adopted May 14, 2015, repealed the former division 14, §§ 2-1201—2-1207 in its entirety, which pertained to the homeland defense/neighborhood improvement bond program oversight board, and derived from Ord. No. 12177, § 3, adopted January 10, 2002; Ord. No. 12299, §§ 1, 2, adopted November 19, 2002; Ord. No. 12739, § 2, adopted November 3, 2005, and Ord. No. 13172, § 1, adopted May 13, 2010.

†__Editor's note—__Ord. No. 12408, § 1, adopted September 25, 2003, repealed division 15 in its entirety, which pertained to the City of Miami district three historic preservation advisory board and derived from Ord. No. 12234.1, § 2, adopted June 13, 2002.

‡__Editor's note—__Ord. No. 12386, § 3, adopted July 17, 2003, repealed division 16 in its entirety, which pertained to the sister cities coordinating council and derived from Ord. No. 12251, § 3, adopted July 9, 2002.

**__Editor's note—__Ord. No. 13059, § 2, adopted March 12, 2009, repealed and reenacted division 17 in its entirety to read as herein set out. Formerly, division 17, §§ 2-1250—2-1256, pertained to the Coconut Grove Business Improvement Committee (BIC), and derived from Ord. No. 12564, § 4, adopted July 22, 2004; Ord. No. 12781, § 1, adopted March 9, 2006; Ord. No. 12908, § 1, adopted April 12, 2007, and Ord. No. 12931, § 1, adopted July 10, 2007.

(5) The remaining five voting members will be seated through the following elective process enumerated in subsection (6). The remaining five voting members shall, to the extent practical, represent an area hotel, restaurant, office, retail, or property owner.

(6) The five voting members cited in subsection (5) above, will in accordance with the BID board by-laws, be selected for a slate created by the nominating committee of the board, then confirmed by the board by a 51 percent vote of approval, then elected by more than 50 percent of votes cast by the property owners of the BID for approval of the slate. Subsequent to election, the commissioner of district 2 will confirm the five new voting members.

(7) The commissioner for district 2 may appoint non-voting members as may be necessary from time to time, at the discretion of the district 2 commissioner, who shall not require confirmation.

(8) Nomination of initial members of the re-established BID board. The district 2 commissioner shall appoint a BID board nominating committee to solicit and screen applications, interview candidates and submit nominations to the district 2 commissioner for appointment to the initial term of the re-established BID board.

(9) Initial terms. The initial nine voting members shall serve terms as follows:

1	Commissioner district 2	No Term Limit
2	MPA Chief Executive Officer or designee	No Term Limit
3	CocoWalk representative	3 years
4	Mayfair representative	2 years
5	Representative of an area hotel, restaurant, office, retail property, or property owner(s)	1 year
6	Representative of an area hotel, restaurant, office, retail property, or property owner(s)	3 years
7	Representative of an area hotel, restaurant, office, retail property, or property owner(s)	2 years
8	Representative of an area hotel, restaurant, office, retail property, or property owner(s)	1 year
9	Representative of an area hotel, restaurant, office, retail property, or property owner(s)	3 years

(b) After the initial term as identified in subsection (a)(9) above, members shall serve terms of three years expiring on August 31 of the third year following their appointment. Members shall serve a maximum of nine consecutive years, provided that upon the unanimous vote of the BID board, the city commission may, by unanimous vote, extend the term of a member for one additional period of three years. Notwithstanding the foregoing, the initial nine voting members, or anyone appointed to fill a vacancy of a voting member during the initial term, shall not have their initial term, as identified in subsection (a)(9) above, counted against the maximum nine consecutive years. Members shall continue to serve until their successors have been nominated and appointed. Appointments to fill vacancies shall be for the unexpired term only. This subsection shall be inapplicable to the members identified in subsections 2-1251(a)(1) and (2).

(c) Quorum shall consist of a majority of the then appointed/elected voting members.

(d) The chairperson of the BID board shall have the power to appoint the members to the various committees which the chairperson shall have the power to establish from time to time.

(e) Protection from personal liability. The BID board shall maintain officers and director's liability insurance coverage at all times, in an amount and in a form satisfactory to the city's director of risk management. Nothing in this section shall be construed in any way to limit or waive sovereign immunity.

(Ord. No. 13059, § 2, 3-12-09; Ord. No. 13171, § 2, 5-13-10; Ord. No. 13255, § 2, 3-10-11; Ord. No. 13833, § 2, 4-25-19)

Sec. 2-1252. Qualifications of members.

(a) All members of the BID board shall:

(1) Reside;

(2) Work;

(3) Own (or be the designated representative of the owner of) a business; or

(4) Own (or be the designated representative of the owner of) real property in the city.

For purposes of this section, a person shall be deemed to "own real property" where the person is the owner of the fee simple title, or owns the leasehold interest on the property under a lease having an original term of at least 30 years. All members of the BID board shall be individuals of outstanding reputation for integrity, responsibility and business ability and acumen. No officer or employee of the city, other than the district 2 commissioner, shall be a member of the BID board.

(b) Before assuming the duties of the office, each member shall take and subscribe to the oath of office required of officials of the city.
(Ord. No. 13059, § 2, 3-12-09)

Sec. 2-1253. Meetings; parliamentary authority, rules and regulations; compensation of members.

The parliamentary authority of the BID board shall be Robert's Rules of Order (current edition) unless the BID board adopts its own order of business and rules of procedure governing its meetings, and actions, not inconsistent with the provisions set forth herein, which rules of procedure shall be filed with the city clerk. The BID board shall hold regular meetings no less often than once each quarter. Special meetings may be held when called in the manner provided in the rules of the BID board. All meetings of the BID board shall be open to the public. Each member of the BID board shall serve without remuneration.
(Ord. No. 13059, § 2, 3-12-09)

Sec. 2-1254. Removal of members.

Notwithstanding anything in the Code to the contrary, by resolution specifying facts sufficient to advise a BID board member as to the basis for his or her removal and after reasonable notice to the BID board member and an opportunity for the member to be heard, the BID board, by a 51 percent vote of the board, may remove a board member:

(1) For cause as defined in F.S. ch. 112;

(2) If the member ceases to meet the qualification criteria set forth in section 2-1252 or any additional qualifications set forth in the current BID board by-laws; or

(3) As otherwise provided by law.

For purposes of this section, being absent from three consecutive regular BID board meetings or committee meetings or from four regular BID board meetings or committee meetings during a calendar year shall constitute good cause for removal.
(Ord. No. 13059, § 2, 3-12-09; Ord. No. 13171, § 2, 5-13-10)

Sec. 2-1255. Powers and duties.

(a) The BID board shall have the power to:

(1) Subject to city commission approval, which approval shall not be unreasonably withheld, appoint an executive director and fix the terms of engagement and compensation of the executive director, which shall be paid from funds available to the BID board.

(2) Prepare an annual budget to be presented to the city commission for approval.

(3) Plan, propose, and implement programs and services for the purpose of stabilizing and improving the BID through promotion, management, marketing, and other similar services, such as streetscape improvements.

(4) Plan and propose to the city and the city commission, within the area, public improvements, including but not limited to renovation, repair, remodeling, reconstruction or other changes in existing buildings and streetscape which in the opinion of the BID board will aid in the economic growth of the area.

(5) Recommend to the city commission or the department of off-street parking, the acquisition by purchase or otherwise, of

any land and any other property, real or personal, or any rights or interests therein, which it may determine is reasonably necessary for any project or purpose of this article.

(6) Cooperate with any governmental agency or public body for the purposes authorized herein.

(7) Determine the appropriate expenditures from the Coconut Grove business district improvement trust fund as defined in section 35-221 of the City Code.

(8) Review special event applications in the Coconut Grove special events district and approve or reject such applications as set forth in section 54-341 of the City Code.

(9) Solicit and accept grants in cooperation with the city office of grants administration. The BID board shall contact the office of grants administration for assistance in project planning, proposal writing, application assembly, and monitoring financial and budgetary compliance with grantor agency guidelines. All grant applications shall be submitted to the office of grants administration for review and coordination prior to submission. The BID board shall be responsible for implementing and managing all of its grants. Any and all other contributions and financial support from individuals, private business interests, the general public, governmental entities, corporations and organizations, foundations and other philanthropic entities shall follow the approvals established by the city.

(10) Exercise all powers incidental to the effective and expedient exercise of the foregoing powers to the extent not in conflict or inconsistent herewith.

(b) The city manager retains sole authority to execute contracts and agreements subject to the limitations of chapter 18, article III, of the City Code. However, the city manager may delegate to the executive director the authority to execute contracts consistent with the provisions of chapter 18, article III, of the City Code, subject to BID board approval.

(Ord. No. 13059, § 2, 3-12-09; Ord. No. 13833, § 2, 4-25-19)

Sec. 2-1256. Employees generally.

(a) *Executive director.* The executive director shall serve at the pleasure of the BID board and shall be a person of good moral character and have a reputation for integrity, responsibility and business ability. No member of the BID board shall be eligible to hold the position of executive director. Before entering upon the duties of his/her office, the executive director shall take and subscribe to the oath as required of members of the BID board. He/she shall be the chief executive officer of the BID board and shall not, while serving as executive director, actively engage in any other business or profession. Subject to the approval of the BID board, and direction by it when necessary, he/she shall have general supervision over and be responsible for the preparation of plans and the performance of the functions of the BID board in the manner authorized in this article. He/she shall attend all meetings of the BID board and shall render to the BID board and the city manager a monthly report covering the activities and financial condition of the BID board. In the temporary absence or disability of the executive director, the BID board may designate a qualified person to perform the duties of the office as acting executive director. The executive director shall furnish the BID board with such information or reports governing the operation of the BID board as the board may from time to time require. At the time of the re-establishment of the BID, the executive director of the BID shall continue to be the individual the city commission approved in Resolution No. 18-0323 with the salary and benefits currently provided. The executive director shall have no civil service rights or privileges.

(b) *Staff.* Subject to the policy directives of the BID board and budget limitations, the executive director may engage such staff members as are necessary for the efficient operation of the BID board. Staff members shall have no civil service rights or privileges.

(Ord. No. 13059, § 2, 3-12-09; Ord. No. 13833, § 2, 4-25-19)

Sec. 2-1257. Annual budget; source of funds.

(a) The city commission approved the fiscal year 2018-2019 BID budget in Resolution No. R-18-0392 adopted on September 13, 2018. Commencing fiscal year 2019-2020, consistent with the city's budget process, the BID Board shall submit to the city manager a BID budget request pertaining to management, operation, and maintenance expenditures and delineating the financial responsibility of the city for certain categories including but not limited to insurance, security, utilities, and maintenance to be approved by the city commission. Nothing contained herein shall be construed to prohibit the BID board from submitting a supplemental budget to the city commission for approval.

(b) No expenditure shall be made in any given year without approval by the city commission of the BID board budget for that year and all expenditure shall comply with city procedures for acquisition of goods and services.

(c) In conjunction with the submission of the budget, the BID board shall submit a plan reflecting the proposed operations, activities, improvements, and maintenance plans for the forthcoming fiscal year. The city commission may review and deny any item contained in the plan within 30 days from the date of its submission by the BID board.

(d) No provision contained in this division shall be construed to violate the Anti-Deficiency Act, as set forth in sections 18-500—18-503 of the City Code.

(e) The operations of the BID board shall be principally financed from the following sources and such other sources as may be approved by the city commission:

(1) Contributions, gifts, and/or donations to the BID board for the performance of its functions.

(2) Proceeds of a special assessment as authorized by Resolution No. 18-0294, adopted July 12, 2018, and later confirmed in Resolution No. 19-0024, adopted on January 10, 2019.

(3) Parking waiver fees as authorized by section 35-224 of the City Code.

(4) Parking surcharge fees as authorized by section 35-342 of the City Code.

(5) Sidewalk cafe fees as authorized by section 54-223 of the City Code.

(6) Event supplemental fees as authorized by section 54-343 of the City Code.

(7) Banner fees as authorized by section 54-344 of the City Code.

(8) Grant proceeds.

(Ord. No. 13059, § 2, 3-12-09; Ord. No. 13833, § 2, 4-25-19)

Sec. 2-1258. Annual report and audit.

(a) The BID board shall submit to the mayor and city commission an annual report and an annual audit. The audit shall be performed by an external auditor who is a certified public accountant.

(b) Additionally, the city shall have the right to audit any books, accounts, expenditures, receivables, and contracts of the BID board at any time.

(Ord. No. 13059, § 2, 3-12-09)

Sec. 2-1259. Notices and filing of records.

The provisions set forth in section 2-888 of the City Code shall apply to the BID board.

(Ord. No. 13059, § 2, 3-12-09; Ord. No. 13833, § 2, 4-25-19)

Sec. 2-1260. Participation in BID programs.

Notwithstanding anything to the contrary, the members of the BID board and any of its committees shall have the right to participate in programs intended to comply with the requirements, purposes and reasons for the special assessment, including but not limited to cooperative advertising opportunities in the same way as may be available to their commercial peers in the Coconut Grove business community.

(Ord. No. 13059, § 2, 3-12-09)

Sec. 2-1261. Inapplicability of sunset provision.

The BID board shall not be subject to the provisions of section 2-892 of the City Code.
(Ord. No. 13059, § 2, 3-12-09; Ord. No. 13833, § 2, 4-25-19)

Sec. 2-1262. Transfer of assets.

Any and all personalty under the control of the Coconut Grove business improvement committee, shall transfer upon the creation of the BID board, to the BID board.
(Ord. No. 13059, § 2, 3-12-09)

Sec. 2-1263. Counsel.

The office of the city attorney shall provide legal services to the BID board as may be necessary and requested by the BID board.
(Ord. No. 13059, § 2, 3-12-09)

Secs. 2-1264—2-1270. Reserved.

DIVISION 18. CLIMATE RESILIENCE COMMITTEE*

Sec. 2-1271. Establishment and purpose.

The "Climate Resilience Committee" ("committee") shall serve in an advisory capacity to the city commission and shall have the following specific duties:

(1) The committee shall recommend changes to the City Code and any city policy necessary to help the city, its residents, businesses, institutions, and natural systems adapt to, prepare for, and thrive in the various stresses related to climate change, including but not limited to emissions of greenhouse gases, increasing flood risks, increasing groundwater levels, more intense storms resulting in high tides and storm surges, increasing high heat days, salt water intrusion, drought, extreme weather events, and water and vector-borne illnesses.

(2) The committee shall have the responsibility to review and evaluate issues related to the use, disposition, and/or development of city-owned waterfront property and shall provide advice to the city commission concerning those issues and only such other matters as are referred to it by the city commission in regard to city or public land abutting water. The city commission shall not be bound by any recommendation or advice received from the committee. The committee is expected to be aware of city policies concerning development and coordinate its endeavors with other city committees and boards which will be affected by the committee's recommendations. Nothing herein is intended to interfere with or conflict with any existing provisions in the City Charter or City Code setting forth procedures concerning the development and/or disposition of city-owned waterfront property.

(Ord. No. 13640, § 2, 10-13-16; Ord. No. 13857, § 2, 9-12-19)

Sec. 2-1272. Composition; appointment and terms of office of members; filling of vacancies.

Members of the committee formerly known as the sea level rise committee serving at the time of the establishment of the committee shall be appointed to serve as members of the committee subject to the terms contained herein.

(a) *Composition and qualifications.* The committee shall consist of nine voting members who shall be city residents, work in the city, own a business in the city, or own real property in the city. All voting members shall be invested in the city and serve without compensation. In addition:

(1) At least one member shall possess an expertise in civil engineering or architecture with a focus on infrastructure;

*__Editor's note—__Ord. No. 13857, § 2, adopted September 12, 2019, changed the title of division 18 from "Sea level rise committee" to "Climate resilience committee."

Prior to the reenactment of division 18 by Ord. No. 13640, § 2, adopted October 13, 2016, Ord. No. 13476, § 2, adopted September 11, 2014, repealed the former division 18, §§ 2-1271—2-1284 in its entirety, which pertained to the community technology advisory board, and derived from Ord. No. 12748, § 3, adopted December 15, 2005.

(2) At least one member shall possess an expertise in community and real estate development;

(3) At least one member shall possess an expertise in one or more of the following areas: climatology, geophysics, coastal management, oceanography, or coastal ocean science;

(4) At least one member shall possess an expertise in emergency management;

(5) At least one member shall possess an expertise in economics; and

(6) At least one member shall possess an expertise in advocating for vulnerable low-income communities.

(7) At least two members shall be 18 to 25 years of age and possess a strong interest in and background or education in climate resilience including but not limited to impacts on infrastructure, water supply and quality, ecosystem health, housing, socioeconomics, or advocacy for vulnerable low-income communities. Members appointed pursuant to this subsection may, but are not required to, satisfy one of the above categories. Notwithstanding any language to the contrary, the members appointed pursuant to this subsection shall be city residents.

(b) *Appointment of voting members.* The nine members shall be appointed to the committee as follows:

(1) Each of the five city commissioners shall appoint one voting member to be ratified by majority vote of the city commission;

(2) The mayor shall appoint one voting member to be ratified by majority vote of the city commission;

(3) The city manager shall appoint one voting member to be ratified by majority vote of the city commission;

(4) The city commission at-large shall appoint two members; and

(5) No alternates shall be appointed.

(c) *Automatic waiver for special counsel to the city and local government employees.* Any appointee contemplated in subsection (b) above (appointment of voting members) who may be currently serving as special counsel to the city by performing basic non-litigation legal services for the city may continue to do so and receive an automatic waiver from the commission to sit on the committee and continue assisting the city pursuant to City Code sections 2-612 and 2-614, as amended. Similarly, any appointee contemplated in subsection (b) above (appointment of voting members) who may be currently employed by Miami-Dade County, Florida, or any municipality therein, may receive an automatic waiver from the commission to sit on the committee and continue his or her government employment pursuant to section 2-884 of the City Code, as amended.

(d) *Term of voting members.* The voting members shall serve for a two-year term, but may continue to serve beyond the two-year term until a successor has been appointed and qualified. Membership shall be limited to three full, consecutive terms; however, this limitation shall not prohibit any individual from being reappointed to the committee after a hiatus of two years. Likewise, the limitation of membership to three full, consecutive terms may be waived for a particular voting member by a unanimous vote of the members of the city commission to permit the voting member to be reconsidered annually for an additional one-year term.

(e) *Minimum attendance requirements.* Voting members should attend each meeting. Any voting member who is absent from more than three meetings in a given calendar year shall automatically be deemed to have vacated his or her position, except that absences allowed pursuant to subsection 2-886(d) of the City Code shall not be counted. A voting member shall be deemed absent from a meeting when the member is not present at the meeting at least 75 percent of its duration. Nevertheless, the provisions of this subsection may be waived by a four-fifths vote of the members of the full city commission pursuant to subsection 2-886(c).

(f) *Removal.* The city commission shall have the power to remove any member by majority vote without a finding of cause. The voting members appointed by the mayor and the city manager may also be removed by the appointing official without a finding of cause subject to ratification by majority vote of the city commission.

(g) *Resignation.* Voting members may resign by submitting a signed letter of resignation to the city clerk. The city clerk shall immediately notify the appointing official of the vacancy. It shall be the obligation of each voting member to notify the city clerk if the member ceases to meet the qualification criteria set forth in subsection (a) above (composition and qualifications).

(h) *Vacancies.* In the event a vacancy occurs on the committee, whether automatically, by vote of the city commission, or by resignation of the member, the city commission may, by majority vote, appoint a qualified person to fill the remaining term of the vacant position. The appointment may be made at the next regularly scheduled meeting of the city commission or as soon as practicable thereafter. All such appointments shall be consistent with the membership requirements stated in subsection (a) above (composition and qualifications).

(i) *Waiver.* The city commission shall have the power to waive any of the requirements of subsection (a) above (composition and qualifications) by four-fifths vote of the members of the full city commission, or a unanimous vote of the quorum that exists because of either abstentions or vacancies resulting from resignation, death, suspension, or physical incapacitation.
(Ord. No. 13640, § 2, 10-13-16; Ord. No. 13857, § 2, 9-12-19; Ord. No. 14067, § 2, 5-12-22)

Sec. 2-1273. Officers and subcommittees.

(a) At the initial organizational meeting, the members of the committee shall select and designate a chairperson and vice-chairperson from among the members of the committee who shall serve at the pleasure of the committee. The chairperson shall reserve the right to appoint an executive committee and to delegate tasks to various subcommittees of the whole.

(b) Subcommittees. The chairperson may establish subcommittees from time to time. Decisions of all subcommittees are subject to ratification by majority vote of the full committee, or a unanimous vote of the quorum that exists because of either abstentions or vacancies resulting from removal, resignation, death, suspension, or physical incapacitation.
(Ord. No. 13640, § 2, 10-13-16)

Sec. 2-1274. Meetings, parliamentary authority, rules and regulations.

(a) *Procedure.* The committee shall adopt its own order of business, rules of procedure, and bylaws to govern its meetings and actions not inconsistent with the provisions set forth herein, which shall be filed with the city clerk. Until the committee adopts its own rules of procedure, it shall follow Robert's Rules of Order (current edition) except that the provisions set forth herein shall control in case of conflict.

(b) *Notice and public participation.* All meetings and workshops of the committee and any of its subcommittees shall be noticed and open to the public as required by the state's Sunshine Law. In addition, the public shall be encouraged to submit oral and written comments to the committee.

(c) *Minutes.* The minutes of each meeting and workshop shall be taken by applicable staff and promptly made available by the city clerk. Such records shall be open to public inspection.

Copies of minutes of all committee meetings shall be furnished to the mayor, city commissioners, city attorney, and city manager upon request.

(d) *Quorum.* A minimum of 50 percent plus one of the Committee's total voting members shall constitute a quorum for the purpose of convening any meeting. An affirmative vote of not less than 50 percent plus one of the voting members present at any meeting is required for any action to be taken by the members.
(Ord. No. 13640, § 2, 10-13-16; Ord. No. 13857, § 2, 9-12-19)

Sec. 2-1275. Powers.

(a) The committee shall have the power to:

(1) Hold public meetings to receive public and expert input;

(2) Review any and all available information pertaining to climate resilience, including but not limited to its impacts on infrastructure, public health, water supply and quality, ecosystem health, housing, and socioeconomics;

(3) Review any and all issues related to the use, disposition, and/or development of city-owned waterfront property. Nothing herein is intended to interfere or conflict with any existing provisions in the City Charter or City Code setting forth procedures concerning the development and/or disposition of city-owned waterfront property.

(4) Request reports regarding the above from city departments through the city manager's office or designee;

(5) Comment on reports from city departments through the city manager's office or designee regarding updates to city infrastructure that may relate to the city's ability to adapt to increasing flood, heat, and storm risks and mitigate causes of climate change;

(6) Comment on reports from city departments through the city manager's office or designee concerning changes to the city's zoning ordinance and other land development regulations, flood damage prevention, or historic or environmental preservation regulations that may relate to the city's ability to adapt to sea level rise and its adverse impacts;

(7) Review city recommendations for investment priorities related to city infrastructure, including but not limited to roads, transportation, solid waste facilities, storm water facilities, buildings, and communities and residences most at risk from climate change, sea level rise, and their adverse impacts;

(8) Review recommendations for applicable resilient design standards and best practices for adaptation, mitigation, and other considerations related to climate change, sea level rise, and their adverse impacts;

(9) Review staff recommendations for appropriate climate change and sea level rise projections to be used in city infrastructure projects and planning;

(10) Recommend, from time to time, matters pertaining to the city's ability to adapt to climate change, sea level rise, and their adverse impacts to be considered by the city's planning, zoning and appeals board; the city's historic and environmental preservation board; or other relevant city boards, committees, or commissions;

(11) Recommend any changes to the City Code, policies, guides, and standards, including but not limited to the matters listed herein, necessary to help the city and its residents adapt to and prepare for the adverse impacts of climate change and sea level rise;

(12) Undertake joint investigations or alliances regarding the above with educational, academic, not-for-profit, and other governmental entities and offices;

(13) Subject to city commission approval, which approval shall not be unreasonably withheld, engage experts who, as independent contractors, will provide analyses, reports, recommendations, and other resources, which shall be paid from funds available to the committee; and

(14) Prepare an annual budget to be presented to the city commission for approval.

(b) The city manager shall retain sole authority to execute contracts and agreements subject to the limitations of City Charter and City Code.

(c) Any resolution of the committee recommending changes to city policy to the city commission shall be placed on the next feasible city commission agenda as a discussion item.

(Ord. No. 13640, § 2, 10-13-16; Ord. No. 13857, § 2, 9-12-19)

Sec. 2-1276. Annual budget.

(a) *Procedure.* Upon the effective date of the enactment of the ordinance from which this division derives, the committee shall establish a fiscal year which coincides with that of the city. Within 60 calendar days following the effective date of the enactment of the ordinance from which this division derives, the committee shall submit to the city commission, in a form acceptable to the city manager, a mandatory annual budget for adoption and ratification by majority vote of the city commission. Nothing contained herein shall be construed to prohibit the committee from submitting a supplemental budget to the city commission for approval. All expenditures shall comply with city procedures for acquisition of goods and services.

(b) *Expenditures.* No expenditure shall be made in any given year without approval by the city commission of the committee budget for that year. In addition, the following shall apply:

(1) Expenditures shall primarily be made for the engagement of experts and consultants to provide analyses, reports, recommendations, and other resources or to implement programs to help the city and its residents adapt to and prepare for the adverse impacts related to sea level rise.

(2) No more than ten percent of the committee's budget shall be used to reimburse voting members or city employees for attendance at various conferences, seminars, and events. Voting members of the committee shall comply with the state's Sunshine Law when attending such conferences, seminars, and events.

(c) *No conflicts of interest.* Voting members of the committee shall comply with the conflict of interest provisions of the City Code, the conflict of interest and ethics ordinance of Miami-Dade County, and all other laws that may apply when preparing the annual budget and expenditures of the committee.

(d) *No deficiencies.* No provision contained in this division shall be construed to violate the Anti-Deficiency Act, as set forth in sections 18-500—18-503 of the City Code, as amended.
(Ord. No. 13640, § 2, 10-13-16)

Sec. 2-1277. Annual and quarterly reports.

(a) *Annual report.* The chairperson shall submit an annual report to the city manager on January 15 of each year pursuant to section 2-890 of the City Code, as amended.

(b) *Quarterly report.* The committee shall submit reports to the city commission and present the findings and recommendations of said reports at a meeting of the city commission on at least a quarterly basis.

(c) *Copies.* Copies of the committee's reports shall be made available online.
(Ord. No. 13640, § 2, 10-13-16)

Sec. 2-1278. Legal counsel.

The office of the city attorney shall provide an attorney to serve as legal counsel to the committee and shall provide legal advice on all matters considered by the committee.
(Ord. No. 13640, § 2, 10-13-16)

Sec. 2-1279. Liaison(s) to committee and assignment of staff.

Notwithstanding any provisions to the contrary contained in this Code, the city manager shall designate the administration's liaison(s) to the committee.
(Ord. No. 13640, § 2, 10-13-16; Ord. No. 13857, § 2, 9-12-19)

Secs. 2-1280—2-1300. Reserved.

Editor's note—Ord. No. 13857, § 2, adopted September 12, 2019, repealed the former section 2-1280 in its entirety, which pertained to the inapplicability of the sunset provision, and derived from Ord. No. 13640, § 2, adopted October 13, 2016.

DIVISION 19. HOUSING AND COMMERCIAL LOAN COMMITTEE

Sec. 2-1301. Establishment and purpose.

There is hereby created and established a board, to be known as the housing and commercial loan committee, for the following purposes:

(1) Approving or disapproving housing and commercial loans and grants to be provided by the city through any funds administered by the department of housing and community development, and

(2) Performing such other duties and responsibilities relative to affordable housing and small business development as may be set forth herein or incident thereto.

(Ord. No. 13030, § 3, 10-16-08; Ord. No. 13967, § 4, 2-25-21)

Sec. 2-1302. Functions, powers and duties generally.

The housing and commercial loan committee is hereby authorized to:

(1) Approve or disapprove housing and commercial loans and grants to be provided by the city through any funds administered by the department of housing and community development. Those funds include, but are not limited to, the following: Community Development Block Grant ("CDBG"), HOME Investment Partnerships ("HOME"), Housing Opportunities for People with AIDS ("HOPWA"), Florida State Housing Initiatives Partnership ("SHIP"), and the Affordable Housing Trust Fund ("AHTF").

In addition to the authority granted to the housing and commercial loan committee in subsection (1) of this section 2-1302 to approve, disapprove and restructure housing and commercial loans and grants, the city manager is also authorized to approve or disapprove housing loans and grants, and subordination agreements, restructuring plans and repayment plans for loans and grants, provided under the city's single family rehabilitation and homebuyers financing programs.

(Ord. No. 13030, § 3, 10-16-08; Ord. No. 13124, § 2, 1-14-10; Ord. No. 13967, § 4, 2-25-21)

Sec. 2-1303. Governing body-composition and appointments; terms of office and vacancies; membership qualifications; procedures for appointment of members including the public advocate; officers; quorum and voting; meetings; and attendance requirements.

(a) *Governing body-composition and appointments.* The board shall consist of 13 members.

(1) The following ten members shall be appointed by the city commission:

a. One member who is actively engaged in the residential home building industry in connection with affordable housing;

b. One member who is actively engaged in the banking or mortgage banking industry in connection with affordable housing;

c. One member who is a representative of those areas of labor actively engaged in home building in connection with affordable housing;

d. One member who is actively engaged as an advocate for low-income persons in connection with affordable housing;

e. One member who is actively engaged as a for-profit provider of affordable housing;

f. One member who is actively engaged as a not-for-profit provider of affordable housing;

g. One member who is actively engaged as a real estate professional in connection with affordable housing;

h. One member who resides within the city limits of the city;

i. One member who represents employers within the city; and

j. One member who represents essential services personnel, as defined in the local housing assistance plan;

If the city is unable to appoint a member actively engaged in these activities in connection with affordable housing, a member engaged in the activity without regard to affordable housing may be appointed.

(2) The following three members shall be appointed as follows:

a. One chairperson nominated by the mayor and appointed by city commission;

b. Two members from city administration nominated by the city manager and appointed by city commission. One of these two members shall actively serve on the city's planning department;

(b) *Terms of office and vacancies.* Members shall be appointed for a term of four years. Except as hereinafter provided, the city commission shall appoint an individual to fill a vacancy due to the death, resignation or removal of any member of the board, which person shall serve only for the remainder of the unexpired term. A vacancy in the chairperson or any of the two members appointed from city administration shall be filled in the same manner as provided above for the appointment of those board members. Nothing set forth herein shall prohibit any individual from being reappointed, subject to the provisions of section 2-885.

(c) *Membership qualifications.* All board members shall be 18 years of age or older.

Each member of the board shall be an individual of outstanding reputation for integrity, responsibility and commitment to serving the community, and is expected to participate actively in the functioning of the board.

Except as provided in subsection (a)(1), members of the board shall not be required to be permanent residents of the city, own real property in the city, or work or maintain a business in the city.

(d) *Procedure for appointment of members.* No appointment to the board shall be made until notice has been given in a newspaper of general circulation in the city of the appointments to be made at least 15 days prior to making the appointment, which notice shall have solicited and encouraged the public and citizen organizations within the city having interest to submit names of persons and their qualifications for consideration. The qualifications of those to be considered as prospective members of the board, except for the chairperson, shall be evaluated by the department of housing and community development. The department of housing and community development shall recommend appointees to the city commission for final appointment, except for the chairperson.

(e) *Officers.* The chairperson shall be appointed by the mayor. The board shall elect from its members a vice-chairperson, and may designate a secretary and such other officers as deemed necessary. The chairperson of the board shall have the power to appoint all members serving on the various committees which the board may establish from time to time.

(f) *Quorum and voting.* At all meetings of the board, a minimum of five members shall constitute a quorum for the transaction of business, and each member shall have one vote on every issue submitted to a vote of the board. The act of a majority of the members present at a meeting at which a quorum is present shall be the act of the board. The members of the board may make and adopt bylaws and rules for the board's governance.

(g) *Meetings.* The board shall hold regular monthly meetings, except in the month of August, and may hold such other meetings as it deems necessary. All meetings of the board shall be public meetings. Written minutes of the proceedings of all actions taken at the meetings of the board shall be properly recorded and maintained.

(h) *Attendance requirements.*

(1) Any board member shall be automatically removed if, in a given calendar year:

a. He or she is absent from three consecutive meetings; or

b. He or she is absent from four of the board's meetings;

c. Provided that regardless of their compliance with subsections (1)a. and b., members must attend at least 50 percent of all the board meetings held during each calendar year.

(2) A member of the board shall be deemed absent from a meeting when he or she is not present at the meeting at least 75 percent of its duration.

(3) The provisions of this section may be waived by a vote of the members of the board if, prior to removal for failing to meet the attendance requirements hereinabove, a member requests a waiver of the same providing the member's reasons supporting such request.

(Ord. No. 13030, § 3, 10-16-08; Ord. No. 13967, § 4, 2-25-21)

Sec. 2-1304. Staff liaison; assignment, qualifications, general powers and responsibilities.

There shall be an individual or individuals who shall be specifically assigned to the board by the city manager to facilitate its activities. The employee assigned by the city manager shall act as the liaison to the board and the administration and shall have general supervision over and be responsible for the management and operation of all board activities. The employee shall attend all meetings of the board, and shall from time to time prepare and furnish such reports, audits and other information relating to the duties of the board as may be requested by the board, the administration or the community development department. In the event that the employee is for any reason temporarily incapable of exercising the powers and performing the duties and assigned functions, the city manager shall designate an employee to perform such functions and duties until such incapacity of the permanently assigned employee ceases.
(Ord. No. 13030, § 3, 10-16-08)

Sec. 2-1305. Counsel.

The city attorney's office shall provide legal counsel to the board as may be necessary and requested by the board.
(Ord. No. 13030, § 3, 10-16-08)

Sec. 2-1306. Administrative support services.

The board is hereby designated as a category "C" board as it relates to the administrative support services to be provided by the office of the city clerk.
(Ord. No. 13030, § 3, 10-16-08)

Sec. 2-1307. Sunset review of the board.

Notwithstanding the provisions contained in section 2-892, the board shall be initially reviewed in 2013. Thereafter the board shall be reviewed every four years.
(Ord. No. 13030, § 3, 10-16-08)

Sec. 2-1308. Abolition of the board.

The city commission may, by an affirmative four-fifths vote, abolish the board, at which time the powers and duties of the board shall revert to the city.
(Ord. No. 13030, § 3, 10-16-08)

DIVISION 20. RESERVED*

Secs. 2-1309—2-1315. Reserved.

*__Editor's note—__Ord. No. 13864, § 6, adopted October 10, 2019, repealed the former division 20, sections 2-1309—2-1315 in its entirety, which pertained to the education advisory board, and derived from Ord. No. 13066, § 2, adopted May 14, 2009, and Ord. No. 13676, § 2, adopted April 27, 2017.

DIVISION 21. WYNWOOD BUSINESS IMPROVEMENT DISTRICT BOARD

Sec. 2-1316. Establishment and purpose.

The Wynwood Business Improvement District Board of the city ("BID board") is herewith established for a period of ten years to improve and strengthen the area known as the Wynwood Arts District as more particularly described in Resolution No. 13-0228 adopted on June 13, 2013 through promotion, management, marketing, and other similar services, including but not limited to, coordination, funding, implementation and maintenance of infrastructure improvements, and other projects. The Wynwood Arts District shall be described herein as the "area." The BID board shall be the board charged with managing the Wynwood Business Improvement District ("BID").
(Ord. No. 13404, § 2, 9-12-13; Ord. No. 13453, § 2, 5-8-14)

Sec. 2-1317. Composition of board; terms, filling of vacancies.

(a) The BID board shall have nine members, seven of which are voting members, two of which are non-voting. The seven voting BID board members must be commercial property owners in the district. Beyond the first year, all terms will be for two years. To ensure a voice for North Miami Avenue, at least one of the nine board seats shall be dedicated to a property owner from North Miami Avenue. The two non-voting members shall be either retail, cultural arts, office, or restaurant established business owners in the district.

(1) The BID board, on the recommendation of the current chair, will form a slate selection committee which will formulate a slate from among property owners who have been self-nominated or nominated by other property owners. After approval by the BID board, the slate will be put to an up-or-down as a whole vote by the commercial property owners of the BID, with one vote allowed per assessed folio. Guidelines will be issued by the BID staff which will give deadlines and acceptable manner for casting votes. The board shall be sworn and seated on or about the first day of the month of October.

(2) Selecting and seating of future board members beyond the first year of the BID. The BID board will finalize and establish the method for electing and seating of future BID board members in the by-laws developed by them for the BID in the first year of operations.

(b) At the first meeting of the BID board, the members will determine lengths of terms for the initial BID board. Three of the seven members will serve initial terms of one year. Four members will serve initial terms of two years. In years "two" and beyond of the BID, all terms will be for two years. Among the members of the board who serve an initial one-year term, the maximum time they may serve, if re-elected, is a total of seven years—either consecutively or intermittently. Among the members of the board who serve an initial two-year term, the maximum time they may serve, if elected, is a total of six years—either consecutively or intermittently.

(c) Members shall continue to serve until their successors have been elected and seated. Appointments to fill board vacancies shall be made by the chair and confirmed by a majority of the board for the unexpired term only.

(d) Quorum shall consist of a majority four of voting members.

(e) The BID board shall have the power to establish committees and appoint the members to the various committees, consistent with any standards for standing committees provided for explicitly in sections herein.

(f) Protection from personal liability. The BID board shall maintain officers and director's liability insurance coverage at all times, in an amount and in a form satisfactory to the city's director of risk management. Nothing in this section shall be construed in any way to limit or waive sovereign immunity.
(Ord. No. 13404, § 2, 9-12-13; Ord. No. 13453, § 2, 5-8-14; Ord. No. 13554, § 2, 9-24-15; Ord. No. 13835, § 2, 4-25-19)

Sec. 2-1318. Qualifications of members.

(a) All members of the BID board shall be "affected commercial property owners" in the area.

(b) All members of the BID board shall be individuals of outstanding reputation for integrity, responsibility and business ability and acumen.

(c) Convicted felons may not serve on the BID board.

(d) Before assuming the duties of the office, each member shall take and subscribe to the oath of office required of officials of the city.
(Ord. No. 13404, § 2, 9-12-13)

Sec. 2-1319. Meetings; parliamentary authority, rules and regulations; compensation of members.

The parliamentary authority of the BID board shall be Robert's Rules of Order for Small Boards and Associations. The BID board shall hold regular meetings no less often than once each quarter. Special meetings may be held when called in the manner provided in the by-laws of the BID. All meetings of the BID board shall be open to the public. Each member of the BID board shall serve without remuneration.
(Ord. No. 13404, § 2, 9-12-13)

Sec. 2-1320. Removal of members.

Notwithstanding anything in the Code to the contrary, by resolution specifying facts sufficient to advise a BID board member as to the basis for his or her removal and after reasonable notice to the BID board member and an opportunity for the member to be heard, the BID board, by a 51 percent vote of the board, may remove a board member, so long as the reason for removal is one or more of the following:

(1) If the member ceases to meet the qualifications and integrity criteria set forth herein or any additional qualifications set forth in the BID board by-laws;

(2) If the member is not current with timely payment of BID assessment(s) due;

(3) For purposes of this section, being absent from three regular BID board meetings or committee meetings—or a combination thereof—during a calendar year shall constitute good cause for removal; or

(4) For one or more violations of the Sunshine Law, as reviewed by the Board and the Miami-Dade County Commission on Ethics.

(Ord. No. 13404, § 2, 9-12-13)

Sec. 2-1321. Powers and duties.

(a) The BID board shall have the power to:

(1) Subject to city commission approval, which approval shall not be unreasonably withheld, appoint an executive director and fix the terms of engagement and compensation of the executive director.

(2) Prepare an annual budget to be presented to the city commission for approval.

(3) Plan, propose, and implement programs and services for the purpose of stabilizing and improving the BID through promotion, management, marketing, and other similar services, such as streetscape improvements.

(4) Plan and propose to the city and the city commission, within the area, land use and zoning policies, public improvements, including but not limited to renovation, repair, remodeling, reconstruction or other changes in existing buildings and streetscape which in the opinion of the BID board will aid in the economic growth of the area.

(5) Recommend to the city commission the acquisition by purchase or otherwise, of any land and any other property, real or personal, or any rights or interests therein, which it may determine is reasonably necessary for any project or purpose of this article.

(6) Cooperate with any governmental agency or public body for the purposes authorized herein.

(7) Solicit and accept grants in cooperation with the city office of grants administration. The BID staff shall contact the office of grants administration for assistance in project planning, proposal writing, application assembly, and monitoring financial and budgetary compliance with grantor agency guidelines. All grant applications shall be submitted to the office of grants administration for review and coordination prior to submission. The BID board shall be responsible for implementing and managing all of its grants. Any and all other contributions and financial support from individuals, private business interests, the general public, governmental entities, corporations and organizations, foundations and other philanthropic entities shall follow the approvals established by the city.

(8) Exercise all powers incidental to the effective and expedient exercise of the foregoing powers to the extent not in conflict or inconsistent herewith.

(9) The city manager may delegate to the executive director the authority to execute contracts consistent with the provisions of chapter 18, article III, subject to BID board approval.

(Ord. No. 13404, § 2, 9-12-13; Ord. No. 13554, § 2, 9-24-15)

Sec. 2-1322. Employees generally.

(a) *Executive director.* The executive director shall serve at the pleasure of the BID board and shall be a person of good moral character and have a reputation for integrity, responsibility and business ability. No member of the BID board shall be eligible to hold the position of executive director. Before entering upon the duties of his/her office, the executive director shall take and subscribe to the oath as required of members of the BID board. Subject to the approval of the BID board, and direction by it when necessary, he/she shall have general supervision over and be responsible for the preparation of plans and the performance of the functions of the BID in the manner authorized in this article. He/she shall attend all meetings of the BID board and shall render periodic reports covering the activities and financial condition of the BID. The executive director shall have no civil service rights or privileges.

(b) *Staff.* Subject to the specific policy directives and goals of the BID board, budget limitations, and the approval of the board, the executive director may engage such staff members as are necessary for the efficient operation of the BID. Staff members shall have no civil service rights or privileges.

(Ord. No. 13404, § 2, 9-12-13)

Sec. 2-1323. Annual budget; source of funds.

(a) The BID board shall establish a fiscal year which coincides with that of the city. Within 60 days following the effective date of the enactment of the ordinance from which this division derives, the BID board shall submit to the city commission, in a form acceptable to the city manager, a BID board budget for adoption and ratification by the city commission. Commencing with fiscal year 2014-2015, consistent with the city's budget process, the BID board shall submit to the city manager, a BID board budget pertaining to management, operation and maintenance expenditures and delineating the financial responsibility of the city for certain categories including but not limited to: insurance, security, utilities and maintenance to be approved by the city commission. Nothing contained herein shall be construed to prohibit the BID board from submitting a supplemental budget to the city commission for approval.

(b) As needed, the BID will revise budgets and submit these revisions to the city commission for approval. BID expenditures shall comply with city procedures for acquisition of goods and services.

(c) In conjunction with the submission of the budget, the BID board shall submit a plan reflecting the proposed operations, activities, improvements, and maintenance plans for the forthcoming fiscal year.

(d) No provision contained in this division shall be construed to violate the Anti-Deficiency Act, as set forth in sections 18-500—18-503.

(e) The operations of the BID board shall be principally financed from the following sources and such other sources as may be secured:

(1) Proceeds of a special assessment as authorized by resolution.

(2) Contributions, gifts, and/or donations to the BID board for the performance of its functions.

(3) Such parking waiver fees as are authorized.

(4) Such parking surcharge fees as are authorized.

(5) Such sidewalk cafe fees as are authorized.

(7) Such other fees as are authorized.

(8) Grant funds.

(Ord. No. 13404, § 2, 9-12-13)

Sec. 2-1324. Annual report and audit.

The BID board shall submit to the mayor and city commission an annual report and an annual audit. The audit shall be performed by an external auditor who is a certified public accountant.
(Ord. No. 13404, § 2, 9-12-13)

Sec. 2-1325. Notices and filing of records.

The BID shall publicly notice meetings of board and committees at the city. The BID shall keep a record of all motions passed at board and committee meetings.
(Ord. No. 13404, § 2, 9-12-13)

Sec. 2-1326. Sunshine.

The BID will be governed by the Sunshine Law and will schedule appropriate training for each member of the board and staff in this regard.
(Ord. No. 13404, § 2, 9-12-13)

Sec. 2-1327. Counsel.

The office of the city attorney shall provide legal services to the BID board as may be necessary and requested by the BID board.
(Ord. No. 13404, § 2, 9-12-13)

Sec. 2-1328. Inapplicability of sunset provision.

The BID board shall not be subject to the provisions of section 2-892 of the Code.
(Ord. No. 13404, § 2, 9-12-13)

Sec. 2-1328.1. Wynwood design review committee.

(a) *Establishment.* There is hereby established a standing committee of the BID, to be known as the Wynwood Design Review Committee ("WDRC"), for the purpose of recommending to the director of planning, the zoning administrator, and the Urban Development Review Board ("UDRB"), pursuant to the Wynwood NRD-1 and Miami 21, the zoning ordinance of the city, as amended or superseded. whether the design of developments and/or improvements to properties within the boundaries of the Wynwood NRD-1 are compatible with the cultural and architectural character of the Wynwood Arts District and guidelines that may be adopted from time to time.

(b) *Membership.*

(1) *Composition; appointment.* The WDRC shall consist of seven members and one alternate, to be appointed by the BID board, or any successor body designated by the city commission.

(2) *Qualifications.* It is intended that members of the WDRC shall be persons of experience, mature judgment and background; having knowledge of the Wynwood Arts District; and having the ability, special professional training and interest to act in the public interest in order to make informed and equitable decisions concerning art, architecture, urban, physical and site design for developments within the Wynwood NRD-1 boundaries. To that end, members shall

meet at least one of the following qualifications and each of the following qualifications shall be represented on the committee by at least one member:

a. BID members. At least one member shall be an individual who is a member of the BID. Each member shall have been living or working within the Wynwood NRD-1 boundaries for at least two years.

b. Professional members. At least two members shall be professionals, licensed by the State of Florida (or professional equivalent) as an architect, landscape architect, urban designer, planner, engineer, general contractor or attorney. Each member shall have been living or working in the city for at least two years.

c. Tenant/cultural member. At least one member shall be a tenant with an active lease within the Wynwood NRD-1 boundaries, artist, or cultural institution representative.

d. Alternate. The alternate member shall satisfy the qualifications set forth either in subsection (2)a. or b. above.

e. During the qualification process, members of the BID shall be encouraged to submit names of persons and their qualifications to the BID board through the BID's executive director.

(3) *Terms of office.* Members of the WDRC shall be appointed for a term of one year. Notwithstanding the above, individual WDRC members may serve until his/her successor is appointed. No member shall serve for more than four consecutive one-year terms.

(4) *Vacancies.* Vacancies in the membership of the WDRC shall be filled by the BID board, and shall be only for the unexpired term of the member affected.

(5) *Removal.* Members of the WDRC may be removed with or without cause by vote of not less than three members of the BID board; however, any member or alternate member of the WDRC who fails to comply with the attendance requirements contained in section 2-886 of this Code shall be automatically removed in the manner prescribed under section 2-889 of this Code. Following said removal, the BID board shall fill the vacancy pursuant to subsection (4) above.

(c) *Functions, powers and duties generally.* In addition to such other powers, duties and authority as may be set forth elsewhere in this City Code and in the zoning ordinance, the WDRC is hereby authorized to:

(1) Review and recommend to the director of planning and the zoning administrator for approval, approval with conditions, or disapproval of all applications within the Wynwood NRD-1 boundaries for which the WDRC is specifically designated for such role. Said review shall consider whether the design of developments and improvements to properties within the boundaries of the Wynwood NRD-1 are compatible with the cultural and architectural character of the Wynwood neighborhood and guidelines that may be adopted from time to time. In addition to Article 4; Table 12 "Design Review Criteria" of Ordinance No. 13114, the Zoning Ordinance of the City of Miami, as amended ("Miami 21 Code"), the WDRC shall emphasize the following design elements in their review purview:

a. Architectural styles and details including materials, colors and art that is reflective of the culture and character of the Wynwood neighborhood;

b. Articulated building facades including a pattern of doors, windows, architectural design treatments, and art that activates the street level, recognizes pedestrian continuity, and, at the upper levels, acknowledges long views of buildings;

c. Open space and cross-block connectivity that is usable, inviting, safe, and has convenient pedestrian access from the public realm;

d. Landscaping and hardscape that is in accordance with the Wynwood Streetscape Master Plan and enhances the building design, creates inviting open spaces, and contributes to a high-quality, pedestrian-friendly streetscape;

e. Signage design that integrates with and complements the building architecture and Wynwood neighborhood character.

(2) Require submission to the WDRC of all information as may be reasonably necessary for the WDRC to evaluate completely the proposed structure of improvement.

(3) To recommend, from time to time, to the director of planning and zoning amendments to the city guides and standards applicable to the Wynwood Arts District.

(4) Adopt and amend rules of procedure.

(5) Where the UDRB has jurisdiction to review projects, review and recommend to the Urban Design Review Board ("UDRB") such projects for approval, approval with conditions, or disapproval, with reasons for such recommendation stated in writing.

(6) In conformity with chapter 10 of the City Code, and other applicable regulations, recommend legislation for security screens and shutters in the Wynwood Arts District.

(d) *Proceedings.* The WDRC shall meet at least once each month, except for August, and all meetings shall be open to the public. The WDRC shall establish rules of procedure necessary to its governing and the conduct of its affairs, in keeping with the applicable provisions of the City Charter and City Code. Such rules of procedure shall be available in written form to persons appearing before the WDRC and to the public upon request. The WDRC shall not defer or continue an item before taking affirmative action to recommend approval, approval with conditions or disapproval, unless requested by an applicant or the director of planning and zoning.

(e) *Voting; quorum.* All decisions and recommendations of the WDRC shall require a concurring vote of a majority of the members present, except if the WDRC's action results in a tie vote, and there are no further motions put forth, the recommendation to the director of planning and zoning or UDRB, as applicable, shall reflect a tie vote. Three members shall constitute a quorum.
(Ord. No. 13554, § 2, 9-24-15; Ord. No. 14089, § 2, 9-13-22)

Editor's note—Ord. No. 13554, § 2, adopted September 24, 2015, enacted provisions intended for use as section 2-1329. Inasmuch as there are already provisions so designated, and at the discretion of the editor, said provisions have been redesignated as section 2-1328.1.

DIVISION 22. RESERVED*

DIVISION 23. RESERVED†

Secs. 2-1332—2-1337. Reserved.

DIVISION 24. MIAMI FOREVER BOND PROGRAM CITIZENS' OVERSIGHT BOARD

Sec. 2-1338. Established; sunset date.

There is hereby established for a period of ten years a city board to be known as the "Miami Forever Bond Program Citizens' Oversight Board," which shall hereinafter be referred to as the "board".
(Ord. No. 13752, § 3, 3-22-18)

***Editor's note—**Ord. No. 14351, § 2, adopted February 13, 2025, repealed the former division 22, sections 2-1329—2-1331 in its entirety, which pertained to the Stars of Calle Ocho advisory committee and derived from Ord. No. 13497, § 3, adopted February 26, 2105, and Ord. No. 13792, § 1, adopted October 11, 2018.

†**Editor's note—**Ord. No. 13864, § 7, adopted October 10, 2019, repealed the former division 23, sections 2-1332—2-1337 in its entirety, which pertained to the senior citizens' advisory board, and derived from Ord. No. 13534, § 3, adopted July 9, 2015, and Ord. No. 13676, § 2, adopted April 27, 2017.

Sec. 2-1339. Purpose, powers, and duties.

(a) The purpose, powers, and duties of the board are:

(1) To serve in an advisory capacity to the mayor, city commission, and city administration related to the monitoring of the expenditure of bond proceeds derived from the issuance of the general obligation bonds approved by the electorate on November 7, 2017 for capital projects to reduce flooding risks; improve stormwater infrastructure; enhance public safety; and improve affordable housing, economic development, parks, cultural facilities, streets, and infrastructure, commonly referred to as the "Miami Forever Bond" ("bond");

(2) To review and report to the mayor, city commission, and city administration on the proper and efficient use of all bond proceeds and request that vendors, contractors, consulting project managers, and any other entity or person receiving bond funding to appear before the board to answer questions regarding the status of such funded projects; and

(3) To review quarterly expenditure reports produced by the city to ensure that bond proceeds are expended on time, on schedule, and only for the purposes set forth in the ballot measure.

(b) The establishment of priorities, determinations of specific projects to be financed and constructed, and order of financing and construction for all projects shall be made by the city commission in its sole discretion.
(Ord. No. 13752, § 3, 3-22-18)

Sec. 2-1340. Membership; qualifications; terms of office and vacancies; officers.

(a) *Membership.* The board shall consist of seven voting members who shall serve without compensation or benefits, shall be confirmed by the city commission, and shall be composed as follows:

(1) One regular member nominated by the mayor;

(2) One regular member nominated by each of the five commissioners for a total of five regular members; and

(3) One at-large member nominated by each of the five commissioners for a one-year term, with nominations in rotating years in the following order: district 1, district 5, district 2, district 4, district 3. Thereafter, all members shall be appointed in the same order as above first established by appointments from commissioner districts.

(b) *Qualifications.*

(1) All members shall be permanent residents of the city and shall have good reputations for integrity and community service. In addition, all board members should have demonstrated an interest in the field, activity, or sphere covered by the board. All members shall also comply with the provisions of subsections 2-884(b), (c), (d), and (e) of this article.

(2) All members shall be qualified and distinguished by their education; experience; community advocacy or involvement; or attainments in public or private finance, professional engineering, project management, affordable housing, or resiliency and sustainability.

(3) No member shall have a conflict of interest with any project, vendor, contractor, consultant, or other entity or person receiving funding from the proceeds of the bond issuance or interest derived therefrom.

(c) *Terms of office and vacancies.* The provisions set forth in section 2-885 of this article shall apply to all members of the board except that the terms of office for each regular member of the board shall be two years, unless appointed pursuant to subsection (a)(3), with the terms of office for said at-large member being one year. There shall be no limitation on the number of consecutive years served.

(d) *Officers.* The mayor shall designate the chairperson of the board. The board shall elect from its members a vice-chairperson and such

other officers as may be deemed necessary who shall serve at the pleasure of the board. No chairperson shall serve more than two years. The vice-chairperson shall serve as chairperson in the absence of the chairperson.
(Ord. No. 13752, § 3, 3-22-18)

Sec. 2-1341. Meetings; quorum; attendance requirements; parliamentary authority; rules of procedure.

(a) *Meetings; quorum.* All meetings of the board shall be open to the public. A majority of the board's appointed and qualified members at such time shall constitute a quorum for the purpose of convening any meeting. An affirmative vote of not less than 50 percent plus one of the members present and voting at any meeting is required for any action to be taken by the members. The board shall hold regular quarterly meetings and may hold such other meetings as it deems necessary.

(b) *Attendance requirement.* The provisions set forth in section 2-886 of this article shall apply to all members of the board.

(c) *Parliamentary authority; rules of procedure.* The board shall use Roberts Rules of Order (current edition) as its parliamentary authority or may adopt its own order of business and rules of procedure governing its meetings and actions on matters within its jurisdiction not inconsistent with the provisions set forth herein, which rules of procedure shall be filed with the city clerk. Copies of minutes of all board meetings shall be furnished to the mayor, commissioners, and city manager.
(Ord. No. 13752, § 3, 3-22-18)

Sec. 2-1342. Assignment of staff.

(a) It shall be the duty of the city manager to provide full cooperation and sufficient personnel for necessary administrative support to the board including assignment of an individual to act as a liaison and secretary to the board as well as the assignment of individuals from city departments and offices, as may be necessary, to advise the board about ongoing and pending projects. It shall be the duty of the board liaison to keep minutes or cause said minutes to be taken at all meetings, maintain committee correspondence, post meeting notices with the city clerk, file reports, and perform all other necessary support functions.

(b) The city attorney shall serve as legal counsel to the board.
(Ord. No. 13752, § 3, 3-22-18)

Sec. 2-1343. Annual reports.

The provisions set forth in section 2-890 of this article shall apply related to the submittal of annual reports.
(Ord. No. 13752, § 3, 3-22-18)

Sec. 2-1344. Sunset provision.

The board shall not be subject to the provisions of section 2-892 of this article; however, the board shall sunset ten years after it is established.
(Ord. No. 13752, § 3, 3-22-18)

Secs. 2-1345—2-1349. Reserved.

DIVISION 25. LESBIAN, GAY, BISEXUAL, TRANSGENDER, QUEER ("LGBTQ") ADVISORY BOARD

Sec. 2-1350. Creation.

There is hereby created and established the Lesbian, Gay, Bisexual, Transgender, Queer ("LGBTQ") advisory board.
(Ord. No. 13891, § 2, 2-13-20)

Sec. 2-1351. Composition; membership.

(a) *Composition.* The LGBTQ advisory board shall be composed of seven voting members appointed by the mayor and city commissioners. Each city commissioner and the mayor may appoint one person to the LGBTQ advisory board. The city commission will make one at-large appointment.

(b) *Qualifications.* Each member of the LGBTQ advisory board shall be a permanent resident and duly qualified elector of the city, unless the city commission waives the residency requirement by a two-thirds vote of its membership, and shall be of an outstanding reputation of integrity,

responsibility, and commitment to serving the community. The membership of the LGBTQ advisory board shall be broadly representative of the various social, racial, religious, linguistic, cultural, economic, national origin and geographic groups comprising the population of the city. Each member shall have an outstanding reputation for community pride, interest, integrity, responsibility, and business or professional ability and a documented commitment to the LGBTQ community.

(c) *Vacancies.* Vacancies shall be filled in the same manner by which the original members were appointed, with a special emphasis on choosing persons who represent the demographic composition of the entire community.

(d) *Terms of office.* The provisions set forth in section 2-885 of this article shall apply to all members of the board.
(Ord. No. 13891, § 2, 2-13-20)

Sec. 2-1352. Meetings; quorum and voting; attendance requirements; parliamentary authority; rules of procedure; minutes; assignment of staff; legal counsel; and notices and filing of records.

(a) *Meetings.* The board shall hold at least one regularly scheduled meeting each month, except during the month of August. Other meetings of the board may be scheduled at the call of the board's chairperson. All meetings shall be open to the public and are subject to the Florida Sunshine Law or Florida Public Records Law. The meetings shall be held at City Hall, located at 3500 Pan American Drive, Miami, Florida, unless the board elects to hold a meeting at another location and such location has been duly noticed.

(b) *Quorum and voting.* The provisions set forth in section 2-887 of this article shall apply to all meetings of the board.

(c) *Attendance requirements.* The provisions set forth in section 2-886 of this article shall apply to all members of the board.

(d) *Parliamentary authority; rules of procedure.* The board shall use Roberts Rules of Order (current edition) as its parliamentary authority, or may adopt its own order of business and rules of procedure governing its meetings, and actions on matters within its jurisdiction, not inconsistent with the provisions set forth herein, which rules of procedure shall be filed with the city clerk.

(e) *Minutes.* Copies of minutes of all board meetings shall be furnished to the mayor, commissioners and the city manager.

(f) *Assignment of staff.* It shall be the duty of the city manager to provide administrative support to the board, which shall include the services of an individual to keep minutes of meetings, maintain board correspondence, post meeting notices, file reports and perform all other necessary support functions.

(g) *Legal counsel.* The city attorney shall serve as legal counsel to the board.

(h) *Notices and filing of records.* The provisions set forth in section 2-888 of the City Code shall apply to the board. Notice of meetings shall be posted by the city clerk at City Hall and other appropriate locations after being apprised by the board of an upcoming meeting(s). Advertised public notice of meetings are not required. It shall be the duty of the city clerk to comply with applicable laws related to filing of records and section 2-889 of the City Code.

(i) *Election of officers.* The board shall choose from among themselves a chairperson and vice-chairperson to serve for terms of one year each, and shall choose other officers as they deem appropriate.
(Ord. No. 13891, § 2, 2-13-20)

Sec. 2-1353. Powers and duties.

The LGBTQ advisory board shall have the following powers, duties, functions, and responsibilities:

(1) To serve as a vehicle for a systematic and periodic assessment of the quality of life of LGBTQ residents of and visitors to the city;

(2) To foster mutual understanding, tolerance, and respect for the LGBTQ community in the city;

(3) To cooperate in the development of educational programs dedicated to the improvement of the lives of LGBTQ residents and visitors by eliciting support from public and private entities engaged in the inculcation of ideals of tolerance, mutual respect and understanding for the LGBTQ community;

(4) To make recommendations to the city commission with respect to all issues affecting or relating to the LGBTQ community;

(5) To recommend solutions to the social, economic, cultural and political problems in the LGBTQ community, as well as to serve as liaison between the LGBTQ community and the city community at large;

(6) To encourage and attract LGBTQ businesses to the city, to assist LGBTQ businesses located in the city, and to promote economic development, especially job creation in the city;

(7) To promote positive images and concepts of the LGBTQ community as well as promote their many contributions to our society;

(8) To conduct studies through fact-finding and analysis of problems encountered by the LGBTQ community;

(9) To examine and recommend revisions in Miami policies and procedures having potentially negative consequences for LGBTQ individuals;

(10) To serve as a forum to which individuals and groups can express concerns related to issues of homophobia and transphobia;

(11) To continue to strengthen ties with the larger Miami community;

(12) To conduct outreach to other entities and the community, including but not limited to the city's LGBTQ community;

(13) To perform such other duties as may from time to time be assigned to it by the city commission.

ARTICLE I. IN GENERAL

Secs. 3-1—3-20. Reserved.

ARTICLE II. BURGLARY AND ROBBERY ALARMS*

Sec. 3-21. Title.

This article shall be known as the "burglary and robbery alarm ordinance."
(Ord. No. 9203, § 1, 11-26-80; Code 1980, § 3.5-21)

Sec. 3-22. Definitions.

Unless it is apparent from the context that another meaning is intended, the following words when used in this article shall have the meanings attributed to them by this section:

Alarm business means the business of any individual, partnership, corporation or other entity engaged in selling, leasing, maintaining, servicing, repairing, altering, replacing, moving or installing any alarm system or in causing any alarm system to be sold, leased, maintained, serviced, repaired, altered, replaced, moved or installed in or on any building, structure or facility. An alarm business shall be a burglar alarm specialty electrical contractor which shall have, as a qualifying agent, a State of Florida or Dade County company qualifier, meaning a person licensed as a Dade County master or journey-level burglar alarm specialty electrical contractor, Dade County master electrician, State of Florida alarm contractor, or State of Florida electrical contractor. An alarm business shall have a local business tax receipt issued by the city.

Alarm permit means a permit issued by the city allowing the operation of an alarm system within the city.

Alarm system means any assembly of equipment, mechanical or electrical, arranged to signal the occurrence of an illegal entry or other activity requiring urgent attention and to which the police department is expected to respond, but does not include alarms installed in conveyances or fire alarms.

Alarm user means the person, firm, partnership, association, corporation, company or organization of any kind in control of any building, structure or facility or portion thereof wherein an alarm system is maintained.

Automatic telephone dialing alarm system means the automatic dialing device or an automatic telephone dialing alarm system and shall include any system which, upon being activated, automatically transmits by telephone or telephone line to the Miami police department, a recorded message or code signal indicating a need for emergency response; or a system which, upon activation, connects to an answering service whose function it is to transmit to the Miami police department a need for emergency response.

False alarm means an alarm signal eliciting a response by police when a situation requiring a response by the police does not in fact exist; but this definition does not include an alarm signal caused by unusually violent conditions of nature nor does it include other extraordinary circumstances not reasonably subject to control by the alarm user.

Hearing officer means an employee of the city designated by the chief of police to act as an impartial arbitrator at hearings related to the enforcement of this article.
(Ord. No. 9203, § 1(2), 11-26-80; Ord. No. 10988, § 2, 6-11-92; Code 1980, § 3.5-22; Ord. No. 12885, § 1, 2-8-07; Ord. No. 13676, § 2, 4-27-17)

Sec. 3-23. Alarm permits required; fee; renewal; enforcement provisions.

(a) It shall be unlawful for any person to operate an alarm system without a valid alarm user permit. Violation of this section shall be a misdemeanor of the second degree, punishable as provided for in F.S. ch. 775.

*__City Code cross reference__—Cable TV auxiliary service defined to include burglar alarm service, § 11-2.

__County Code cross references__—Automatic telephone dialing alarm system prohibited, § 8A-163; intrusion and burglary security generally, ch. 8C.

(b) Applications must be made to the City of Miami Alarm Unit which will issue permits to alarm users after payment of a $79.00 application fee.

(c) All alarm user permits will expire on September 30 of each year and must be renewed not later than October 1 of renewal year. Renewal permits will be issued after completion of an application form and the payment of a $79.00 renewal fee or a $26.50 renewal fee provided there have been no false alarms.

(d) Whenever the police respond to a location where no alarm permit has ever been issued or the alarm permit has expired for the alarm system generating a false alarm, a copy of section 3-23 entitled "Alarm permits required; fee; renewal; enforcement provisions," shall be sent to the alarm user along with written notification as follows:

(1) On nonpermitted accounts, a $79.00 renewal fee will be required, plus a $210.00 fine for a total of $289.00. There will be no police response to subsequent alarms until the fine and the permit fee are paid.

(2) A response to an alarm system where the permit has expired will result in a $79.00 renewal fee, plus a $157.50 fine for a total of $236.50. There will be no police response to subsequent alarms until the fine and the permit fee are paid.

(3) All expired permits will be charged a $26.50 late fee, plus a $79.00 renewal fee. All expired permits with no false alarms will require a $26.50 late fee, plus a $26.50 renewal fee.

(e) If a business has one or more alarm systems protecting two or more separate structures having different addresses, a separate permit will be required for each structure.

(f) To reinstate police service the alarm user must obtain a valid alarm permit pursuant to section 3-23(b) or (c) and pay all outstanding fines.

(g) Subsections (b) through (f) of this section shall not apply in those situations where alarm use permits have been revoked under section 3-29.

(Ord. No. 9203, § 1(3), 11-26-80; Ord. No. 10948, § 1, 2-13-92; Ord. No. 10988, §§ 1, 2, 6-11-92; Code 1980, § 3.5-23; Ord. No. 11424, § 1, 12-12-96; Ord. No. 13142, § 3, 2-11-10)

Sec. 3-24. Application for alarm permit; emergency notification and reporting service information.

(a) *Applications.* Applications for alarm permits shall be made on forms provided by the police department. The initial application shall be accompanied by a fee of $79.00. The application shall state the name, address and telephone number of the location where the alarm is installed. If the applicant's alarm is installed and serviced by an alarm company, then the alarm company must provide the city with their company name, address and telephone number and obtain the alarm user permit for the applicant prior to the installation of the alarm system. Noncompliance by the alarm company will incur a $262.50 fine. Each permit shall be valid until September of the renewal year. The permit will be valid for one year.

(b) *Emergency notification.* Each application shall list an emergency telephone number of the user or his/her representative to permit prompt notification of alarm calls and facilities assisting the police in the inspection of the property. Changes in emergency telephone numbers shall be kept current, and failure to provide updated information may constitute grounds for revocation of the permit.

(c) *Reporting service information.* Each holder of an alarm user permit shall immediately notify the police department in writing of any and all changes in the information on file with the city regarding such permit. Failure to do so shall constitute grounds for revocation of the permit.

(Ord. No. 9203, § 1(4), 11-26-80; Code 1980, § 3.5-24; Ord. No. 11424, § 1, 12-12-96; Ord. No. 13142, § 3, 2-11-10; Ord. No. 13676, § 2, 4-27-17)

Sec. 3-25. Issuance of permit decals.

A decal with the alarm user's permit number, name of business or residence owner's name, and permit address will be issued with the alarm user permit. This decal must be prominently posted on or near the front entrance to the premises so that the information provided on the decal is visible from the outside of the structure.
(Ord. No. 9203, § 1(5), 11-26-80; Code 1980, § 3.5-25)

Sec. 3-26. Necessary items for alarm systems to qualify for an alarm user permit.

(a) All alarm systems shall have a backup power supply that will become effective in the event of power failure or outage in the source of electricity from the utility company.

(b) All alarm systems will have an automatic reset which silences the annunciator within 30 minutes after activation and which will not sound again as a result of the same event that resulted in the original activation.
(Ord. No. 9203, § 1(6), 11-26-80; Code 1980, § 3.5-26)

Sec. 3-27. Response to alarm; determination of validity.

(a) Whenever an alarm is activated in the city, thereby requiring an emergency response to the location by the police department, and the police department does respond, a police officer on the scene of the activated alarm system shall inspect the area protected by the system and shall determine whether the emergency response was in fact required as indicated by the alarm system or whether in some way the alarm system malfunctioned and thereby activated a false alarm.

(b) If the police officer at the scene of the activated alarm system determines the alarm to be false, said officer shall cause a report to be generated of the false alarm. A notification shall be mailed or delivered to the alarm user, at the address of the said alarm system installation, advising the alarm user of the false alarm.

(c) The chief of police, or his/her designee, shall have the right to inspect any alarm system on the premises to which a response has been made and he/she may cause an inspection of such system to be made at any reasonable time thereafter to determine whether it is being used in conformity with the terms of this article.
(Ord. No. 9203, § 1(7), 11-26-80; Code 1980, § 3.5-27; Ord. No. 11424, § 1, 12-12-96; Ord. No. 13676, § 2, 4-27-17)

Sec. 3-28. Appeals.

(a) A hearing officer shall be appointed by the chief of police to hear appeals from alarm users on the issue of whether the alarm system in question activated a false alarm, as determined by a police officer at the scene of such activated alarm.

(b) Upon receipt of any false alarm report from the city, the alarm user shall have ten days, orally or in writing, to request a hearing before the said hearing officer.

(c) At the hearing, which must be scheduled and concluded within 15 days from the date the request for same is received, the alarm user shall have the right to present evidence and testimony.

(d) The hearing officer shall make written findings available to the alarm user and the chief of police within ten days from the date the hearing is concluded.

(e) A decision by the chief of police, or his/her designee, to uphold or to cancel the false alarm report which is the subject of the herein section must be made within ten days from the receipt of the above findings by the chief of police.

(f) Until all of the steps set forth in this section have been completed, the false alarm in question will be considered to have been genuine and will not be considered the basis for the prima facie presumption that the involved alarm system is malfunctioning.
(Ord. No. 9203, § 1(8), 11-26-80; Code 1980, § 3.5-28; Ord. No. 13676, § 2, 4-27-17)

Sec. 3-29. False alarm service charges; enforcement provisions.

(a) It is hereby found and determined that more than six false alarms within any permit year is excessive and constitutes a public nuisance.

(b) The activation of false alarms within a permit year will be handled according to the following escalating service fee schedule:

(1) The first and second false alarms will not be billed a service charge. The third false alarm will be billed a $52.50 service charge that shall be considered a bill owed by the alarm user to the city. Failure to make payment within 15 days of receipt of the bill shall result in a discontinuance of police response to alarms that may occur at the premises described in the alarm user's permit until payment is received. The fourth false alarm will be billed a $105.00 service charge and must be paid within 15 days of receipt or there will be no further police response. The fifth false alarm will be billed a $157.50 service charge and must be paid within 15 days of receipt or there will be no further police response. The sixth false alarm will be billed a $210.00 service charge and must be paid within 15 days of receipt or there will be no further police response.

(2) The seventh false alarm shall result in no police response and shall also result in revocation of the alarm user's permit in the following manner:

a. The alarm user shall be given ten days' advance written notification that the alarm user's permit will be revoked, which written notice shall set forth the reasons for such revocation.

b. The notice shall specify the specific date of revocation, and that the police department will discontinue responding to alarms that occur at the premises described in the revoked permit after the date of revocation.

c. False alarms occurring before the effective date of police response termination or while an appeal is pending pursuant to section 3-28 hereof, will continue to accumulate service charges which will be billed and handled in accordance with the provisions hereof.

d. Reinstatement of the permit and police service will be made upon receipt of a letter from an alarm company licensed in accordance with section 3-22 hereof [to the effect] that the alarm system is operating properly, that the permit holder has received alarm system user's retraining on how to properly operate the alarm system, and payment of a $157.50 reinstatement fee and all outstanding service charges.

(c) For the purposes of this section a permit year will extend from October 1 to September 30 of the following calendar year.
(Ord. No. 10988, §§ 1, 2, 6-11-92; Code 1980, § 3.5-29; Ord. No. 11424, § 1, 12-12-96; Ord. No. 13142, § 3, 2-11-10)

Sec. 3-30. Automatic telephone dialing alarm systems prohibited.

(a) It shall be unlawful for any person, natural or corporate, to sell, offer for sale, install, maintain, lease, operate or assist in the operation of an automatic telephone dialing alarm system over any telephone lines exclusively used by the public to directly request emergency service from the Miami police department.

(b) The chief of police, or his/her designee, when he/she has knowledge of the unlawful maintenance of an automatic telephone dialing alarm system, installed or operated in violation of subsection (a) of this section, shall, in writing, order the owner, operator or lessee to disconnect and cease operation of the system within 72 hours of receipt of the order.

(c) Any automatic telephone dialing system installed unlawfully, as set forth in subsection (a) hereof prior to the effective date of this article

January 1, 1981, shall be removed within 30 days of the order as contained in subsection (b) hereof.
(Ord. No. 9203, § 1(10), 11-26-80; Code 1980, § 3.5-30; Ord. No. 13676, § 2, 4-27-17)

Secs. 3-31—3-55. Reserved.

ARTICLE III. FIRE ALARMS

Sec. 3-56. Definitions.

Unless it is apparent from the context that another meaning is intended, the following words when used in this article shall have the following meanings:

Alarm system means any assembly of personnel or equipment, mechanical or electrical, so arranged to signal the occurrence of a possible fire requiring urgent attention, and to which the fire-rescue department is expected to respond, but does not include either alarms installed in conveyance or burglar alarms.

Alarm user means the person, firm, partnership, association, corporation, company organization of any kind in control of any building, structure or facility or portion thereof wherein an alarm system is maintained.

Automatic telephone dialing alarm system means an automatic dialing device or an automatic telephone dialing alarm system and shall include any system which, upon being activated, automatically transmits, by telephone or telephone line to the city fire-rescue department, a recorded message or code signal indicating a need for emergency response; the term also means a system which, upon activation, automatically connects with an answering service whose function it is to transmit to said department a need for emergency response.

Certified fire alarm company means fire alarm specialty electrical contractors or electrical contractors certified by the county or by the state, or individuals who are so certified.

False alarm means an electrical signal eliciting a response by the fire-rescue department when a situation requiring a response by the fire-rescue department does not in fact exist.

Hearing officer means an employee of the city designated by the city manager to act as an impartial arbitrator at hearings related to the enforcement of this article.
(Ord. No. 10073, § 1, 1-23-86; Code 1980, § 3.5-41)

Sec. 3-57. Response to alarm; determination of validity.

(a) Whenever an alarm system is activated, thereby requiring an emergency response to a location in the city by the fire-rescue department, and said department does respond, the fire officer in charge on the scene at said location shall inspect the area protected by the system and shall determine whether the emergency response was in fact required as indicated by the alarm system or whether the alarm system malfunctioned and thereby activated a false alarm.

(b) If the fire officer at the location of the activated alarm system determines the alarm to be false, said officer shall make a report of the false alarm, a notification of which shall be mailed or delivered to the alarm user, at the address of the said alarm installation location, advising the alarm user of the false alarm. A copy of this article shall also be included with the false alarm notification to the user.

(c) The director of the fire-rescue department, or designee thereof, shall have the right to inspect any alarm system on the premises to which a response has been made, and he/she may cause an inspection of such system to be made at any reasonable time thereafter to determine whether it is being used in conformity with the terms of this article.
(Ord. No. 10073, § 2, 1-23-86; Code 1980, § 3.5-42; Ord. No. 13676, § 2, 4-27-17)

Sec. 3-58. Appeals.

(a) A hearing officer shall be appointed by the city manager to hear appeals from alarm users on the issue of whether the alarm system in question activated a false alarm, as initially determined by a fire officer after his/her inspection at the location of a response to such activated alarm.

(b) Upon receipt of any false alarm report from the city, the alarm user shall have ten days, orally or in writing to request a hearing before the said hearing officer; if the request is in writing, said writing is to be mailed or delivered to the fire prevention bureau, 444 SW 2nd Avenue, 10th Floor.

(c) At the hearing, which must be scheduled within 15 days from the date the request for same is received, the alarm user shall have the right to present evidence and testimony.

(d) The hearing officer shall make written findings available to the alarm user, and to the chief of the fire prevention bureau, within ten days from the date the hearing is concluded.

(e) A decision by said bureau chief, or his/her designee, to uphold or to cancel the false alarm report which is the subject of the hearing, shall be made within ten days, from the receipt of the above findings by said bureau chief or designee.

(f) Pending completion of all of the steps set forth in this section, each fire alarm in question will be presumed to have been genuine.
(Ord. No. 10073, § 3, 1-23-86; Code 1980, § 3.5-43; Ord. No. 13196, § 2, 9-27-10; Ord. No. 13676, § 2, 4-27-17)

Sec. 3-59. Fee assessment for false alarms.

Notwithstanding references in this section to false alarms being activated within a period of 12 consecutive months, there shall be a six-month grace period following the issuance of an initial or temporary certificate of occupancy by the department of fire-rescue. Computation of the period of 12 consecutive months shall not include this initial grace period in order to permit the correction or adjustment of a newly installed alarm system in a building which has just been constructed. Following the completed installation of a new alarm system in a previously constructed building, there likewise shall be a six-month grace period commencing on the date such newly completed installation, after inspection by the department of fire-rescue, receives final approval of said department.

(1) It is hereby found and determined that more than two false alarms within a period of 12 consecutive months is excessive and constitutes a public nuisance and creates a prima facie presumption that the involved alarm system is malfunctioning.

(2) The activation of three or more false alarms in a period of 12 consecutive months will result in the following:

a. The third and fourth false alarms shall result in a charge of $250.00 per incident. This fee shall be payable to the city upon receipt of said invoice by the alarm user. The alarm user shall submit, within 30 days from the invoice date is mailed to the alarm user, a letter from a certified fire alarm company to the fire prevention bureau, certifying the alarm system is operating properly.

b. The fifth and any subsequent false alarm after that shall result in a charge of $500.00 per incident. This fee shall be payable to the city upon receipt of said invoice by the alarm user. The alarm user shall also submit, within 30 days from the date the herein charge invoice is mailed to the alarm user, a letter from a certified fire alarm company to the fire prevention bureau, certifying that the alarm system is operating properly. The alarm user will also be given written notice that the occurrence of another false alarm may be cause for revocation of any certificate of occupancy issued in connection with said building.

c. If there is a sixth or subsequent false alarm, the certificate of occupancy may be revoked unless an inspection of the alarm system by a fire prevention bureau representative, and a certified fire alarm company representative results in the finding by the chief of the fire prevention bureau that the alarm system is working properly.

(Ord. No. 10073, § 4, 1-23-86; Code 1980, § 3.5-44; Ord. No. 13142, § 3, 2-11-10; Ord. No. 13196, § 2, 9-27-10)

Sec. 3-60. Automatic telephone dialing alarm systems prohibited.

(a) It shall be unlawful for any person, natural or corporate, to sell, offer for sale, install, maintain, lease, operate or assist in the operation of an automatic telephone dialing alarm system over any telephone lines exclusively used by the public to directly request emergency service from the department of fire-rescue.

(b) The director of said department or his/her designee, when he/she has knowledge of the installation or operation of an automatic telephone dialing alarm system installed or operated in violation of subsection (a) of this section shall, in writing, order the alarm user to disconnect and cease operation of said system within 72 hours after service of the order, said service to be effected pursuant to chapter 19 of this Code.
(Ord. No. 10073, § 5, 1-23-86; Code 1980, § 3.5-45; Ord. No. 13676, § 2, 4-27-17)

Chapter 4

ALCOHOLIC BEVERAGES*

Sec. 4-1.	Consumption restricted.
Sec. 4-2.	Definitions.
Sec. 4-3.	Hours during which sales allowed; permits and public hearing required.
Sec. 4-4.	Distance separation.
Sec. 4-5.	Specialty districts.
Sec. 4-6.	Entertainment districts.
Sec. 4-7.	Permits and public hearings.
Sec. 4-8.	Certificate of use.
Sec. 4-9.	Employees not to mingle with customers.
Sec. 4-10.	Prohibiting sales, etc., during emergency.
Sec. 4-11.	Nightclub.
Sec. 4-12.	Violation of state law.
Sec. 4-13.	Enforcement.
Sec. 4-14.	Duty to report violations of chapter and law.

*__Editor's note—__Ord. No. 13734, §§ 2, 3, adopted January 25, 2018, repealed and reenacted chapter 4 in its entirety to read as herein set out. Formerly, chapter 4, articles I, II, pertained to similar subject matter. See the Code Comparative Table for a complete derivation.

__Case law references—__Any provisions of this chapter which attempt to exercise any power over those who obtain state or city licenses to engage in the businesses defined in F.S. chs. 561 and 562 are void, except those provisions which regulate the hours of business, regulate the location of the places of business and prescribe sanitary regulations for such places of business. City of Miami v. Kinchinko, 156 Fla. 128, 22 So. 2d 627; City of Miami v. State, 158 Fla. 56, 27 So. 2d 829.

City may regulate other phases of alcoholic beverage control which have not been preempted by state statutes. Nelson v. State, 157 Fla. 412, 26 So. 2d 60.

__City Code cross references—__Service to female employees of dancehalls, ballrooms, §§ 5-42, 5-43; minors prohibited in dancehalls and ballrooms when alcoholic beverages sold, § 5-46; possession and consumption of alcoholic beverages in city parks, § 38-69; special event wine/beer permit in city parks, § 38-70; consumption of alcoholic beverages on city marina premises, § 50-229; alcoholic and intoxicating beverages in Orange Bowl Stadium, § 53-87.

__State law references—__Liquors and beverages generally, F.S. § 561.01 et seq.; municipal taxation of alcoholic beverages prohibited, F.S. § 561.342(3); authority of municipality to regulate hours of sale, location of business, etc., F.S. §§ 562.14(1), 562.45(2); sales of malt beverages for off-premises consumption not subject to municipal zoning, F.S. § 563.02(1)(a).

Sec. 4-1. Consumption restricted.

Consuming alcoholic beverages on the public streets, in vacant lots, or in places solely licensed to vend alcoholic beverages for consumption off the premises is unlawful and strictly prohibited.

The city manager may declare an exemption from the prohibition of consuming alcoholic beverages as stated herein and declare the prohibitions inapplicable on special occasions. Such special occasions shall require a special event permit or temporary use permit, as applicable, with any associated notice and fees that may be required.
(Ord. No. 13734, § 3, 1-25-18)

Sec. 4-2. Definitions.

(a) For the purposes of this section, the following words and phrases shall have the meanings ascribed to them.

Alcoholic beverages means beer, wine, liquor, and any other beverage as defined in and regulated by Title XXXIV of the Florida Statutes, as amended.

Alcohol service establishment means any establishment that sells or offers for sale alcoholic beverages for consumption on the premises as a principal use. Alcohol service establishments may include, but are not limited to, bars, taverns, cocktail lounges, nightclubs, supper clubs, and microbreweries. Food service establishments where the sale of food is the primary use are excluded from the definition of alcohol service establishment.

Ancillary use means any use which is not the primary use of the establishment.

Bottle club means an establishment with a valid "bottle club" license issued by the state and where alcoholic beverages are not sold but where patrons are allowed to consume alcoholic beverages on the premises.

Cafe means an establishment in which coffee and light meals are served along with the sale of beer or wine for consumption on the premises and that may seat fewer than 20 patrons pursuant to a valid license issued by the state in connection with the operation of said food service establishment. Cafes must derive at least 60 percent of its gross food and beverage revenue from the sale of food and non-alcoholic beverages during the first 60-day operating period and each six-month operating period thereafter. Cafes may include, but are not limited to, Cafes, coffee shops, sandwich shops, and cafeterias. Cafes shall not sell alcoholic beverages after the hours of serving or consumption of food have elapsed.

Convenience store means a retail business opened primarily for the sale of products other than beer or wine and which may sell beer or wine in sealed containers only for consumption off premises. Grocery stores are considered to be convenience stores for purposes of this chapter.

Districts—Industrial. The following transect zones shall be considered districts—industrial for purposes of this chapter: D1, D2, and D3.

Districts—Mixed-use. The following transect zones shall be considered districts—mixed-use for purposes of this chapter: T4-L, T4-O, T5-L, T5-O, T6-L, T6-O, and CI-HD.

Districts—Residential. The following transect zones shall be considered districts—residential for purposes of this chapter: T3-R, T3-L, T3-O, T4-R, T5-R, and T6-R.

Entertainment district means a district within the Urban Central Business District ("UCBD") of the city which allows a high concentration of specialized entertainment alcohol service establishments.

Liquor package store means an establishment licensed by the state to sell alcoholic beverages in sealed containers only for consumption off the premises. Consumption on the premises is strictly prohibited.

Miami 21 Code means the zoning ordinance of the City of Miami, Florida, as amended.

Nightclub means an alcoholic service establishment where such business serves as a place of entertainment open at night providing music and space for dancing and often having a floor show. A nightclub shall provide floor space of at least 400 square feet located in one unit and on the same floor, suitably prepared for dancing,

free from tables, chairs, or other obstructions at all times, and generally exceeds 5,000 square feet of total gross floor area.

Pattern of racketeering activity means engaging in at least two incidents of racketeering conduct that have the same or similar intents, results, accomplices, victims, or methods of commission or that otherwise are interrelated by distinguishing characteristics and are not isolated incidents, provided that the last of such incidents occurred within five years after a prior incident of racketeering conduct.

Private club means a non-profit establishment whose character is that of a fraternal or social nature and that sells or offers to sell alcoholic beverages by the drink for consumption on the premises pursuant to a valid license issued by the state.

Racketeering activity means to commit, to attempt to commit, to conspire to commit, or to solicit, coerce, or intimidate another person to commit a violation of this chapter or a violation of F.S. ch. 562, relating to alcoholic beverages.

Restaurant means a food service establishment that meets all of the following requirements:

(1) Derives at least 51 percent of its gross food and beverage revenue from the sale of food and non-alcoholic beverages during the first 60-day operating period and each 12-month operating period thereafter;

(2) Licensed by the state's division of hotels and restaurants;

(3) Sells or offers for sale alcoholic beverages for consumption on the premises pursuant to a valid license issued by the state permitting such activity;

(4) Equipped to seat at least 20 patrons at one time; and

(5) Does not sell alcoholic beverages after the hours of serving or consumption of food have elapsed.

Retail specialty center means aa mixed-use development with a minimum of 50,000 square feet of net leasable area made up of a retail mixture of general commercial establishments and Restaurants. In addition to the above, the following are required:

(1) At least one of the following types of uses: lodging, residential, assembly hall, or office use;

(2) A unified plan of development which shall include, but not be limited to, plans providing for the different uses in the development to be physically integrated through direct access from one to the other;

(3) Parking provided by an on-site enclosed garage; and

(4) All project uses under common management.

Sale and *sell* means any transfer of an alcoholic beverage for consideration; any gift of an alcoholic beverage in connection with, or as a part of, a transfer of property other than an alcoholic beverage for a consideration; or the service of an alcoholic beverage pursuant to any license issued by the state pursuant to Florida Statutes.

Schools mean any elementary school, middle school, or secondary school.

Shopfront means a frontage of a building that is aligned close to the frontage line with the building entrance opening to the sidewalk or street.

Specialty district means a district within a unique and distinctive neighborhood in the city which allows a high concentration of alcohol service establishments.

Waterfront specialty center means a building or buildings with adjacent on-site parking spaces, under common ownership or common management, abutting or linked to a navigable water body, having a unified commercial plan of development, with a minimum of 50,000 square feet of leasable area, and containing a mixture of restaurants, entertainment facilities, and general commercial establishments.

(b) None of the preceding provisions shall be deemed to modify, repeal, amend, or supersede any of the provisions in the Miami 21 Code. (Ord. No. 13734, § 3, 1-25-18; Ord. No. 13995, § 2, 5-13-21)

Sec. 4-3. Hours during which sales allowed; permits and public hearing required.

(a) It shall be unlawful to sell, serve, offer to sell, allow to consume, or deliver any alcoholic beverage to any person, except during the following hours:

Establishment Type	*Hours of Operation*	*Notes*
Alcohol Service Establishment	Mon—Sat: 11:00 a.m.—3:00 a.m. Sun: 12:00 noon—3:00 a.m. Nightclub: 7:00 p.m.—3:00 a.m.	Extension of hours to 5:00 a.m. allowed by exception as outlined in section 4-7. Extension of hours to 5:00 a.m. allowed by right if located within the UCBD, Omni CRA, Central Design District, or Southeast Overtown/Park West CRA. Consumption on premises.
Bottle Club	Mon—Sun: 11:00 a.m.—3:00 a.m.	Consumption on premises.
Liquor Package Store	Mon—Sat: 9:00 a.m.—12:00 midnight. Sun: 9:00 a.m.—7:00 p.m.	Hours automatically extended to 10:00 p.m. on Sundays in December. Consumption off premises.
Convenience Store	Mon—Sun: 11:00 a.m.—10:00 p.m.	Convenience stores with a gross floor area that exceeds 10,000 square feet and/or that are ancillary uses to the sale of gasoline may sell beer or wine in sealed containers for consumption off the premises during such hours as the stores legally remain open for the sale of other goods. Consumption off premises.
Lodging (Ancillary Use)	Mon—Sun: 7:00 a.m.—3:00 a.m.	Consumption on premises.
Private Club	Mon—Sun: 7:00 a.m.—3:00 a.m.	Consumption on premises.
Restaurant	Mon—Sun: 7:00 a.m.—3:00 a.m.	Consumption on premises.
Cafe	Mon—Sun: 11:00 a.m.—10:00 p.m.	Consumption on premises.
Other Establishments	Mon—Sun: 7:00 a.m.—3:00 a.m.	Consumption on premises.

*Closing hours may be modified by sections 4-5 and 4-6 of this chapter.

(b) The city commission may extend the hours of sale for any alcohol service establishment for consumption on or off the premises on special occasions by resolution. The city manager shall have the authority to waive, until 12:00 a.m., alcohol consumption for events held in establishments or on private property where such consumption is required to end prior to and those same events shall have the ability to seek waiver from the city commission, by resolution, until 3:00 a.m.

(c) In the Coconut Grove Central Commercial District, the hours of sale for alcoholic service establishments are weekdays, including Saturday, from 11:00 a.m. to 3:00 a.m. on the following day and on Sunday, from 12:00 noon to 3:00 a.m. on the following day. The boundaries for the Coconut Grove Central Commercial District are set forth in Exhibit "P".
(Ord. No. 13734, § 3, 1-25-18; Ord. No. 14256, § 2, 2-8-24)

Sec. 4-4. Distance separation.

(a) For alcohol service establishments, liquor package stores, and bottle clubs. For purposes of this chapter, any distancing requirements set forth shall be measured from the front door of a licensed establishment to the front door of a proposed establishment with the same license type along the route of ordinary pedestrian traffic.

(b) From alcohol service establishments, liquor package stores, and bottle clubs to districts—residential, religious facilities, or schools. For purposes of this chapter, any distancing requirements set forth shall be measured from the front door of a licensed establishment to the nearest point on a parcel of land along the route of ordinary pedestrian traffic.

(c) Distance separation within the city's boundaries in districts—mixed-use and districts—industrial for licensed establishments under the laws of the state that allow for the consumption or sale of liquor on or off the premises and/or beer or wine for consumption on the premises shall be a minimum of 1,500 feet from a license of the same type.

(d) The specified districts as set forth below are subject to the following modifications to distancing and use requirements for alcohol service establishments only:

District	*Minimum Distance*	*Notes*
UCBD Exhibit "A"	500 feet	Restaurants and cafes are allowed by right. Alcohol service establishments are allowed by right in T6 transect zones.
Central Design District Exhibit "B"	500 feet	Restaurants and cafes are allowed by right.
Midtown Exhibit "C"	1,500 feet	Alcohol service establishments are allowed by right.
Omni CRA Exhibit "D"	1,500 feet unless within the UCBD where 500 feet shall apply	Alcohol service establishments are allowed by right in T6 transect zones.
Southeast Overtown/Park West CRA Exhibit "E"	1,500 feet unless within the UCBD where 500 feet shall apply	Alcohol service establishments are allowed by right in T6 transect zones.

(e) Existing establishments requiring distance requirements as set forth above may be moved to a distance not greater than 300 feet from the original location by right. If the alcohol service establishment prior to being moved is legal nonconforming to the provisions set forth under the section

identifying distancing requirements from specified uses to a school or a religious facility, the proposed location shall be located at a greater distance from a school or religious facility than the previous location of the alcohol service establishment.

(f) Distancing requirements from specified uses.

Specified Use	*Minimum Distance*	*Notes*
District—Residential	500 feet	Unless so constructed, arranged, or controlled as to prevent the emission of sounds, vibration, and odors. For consumption on premises only.
Religious facilities in UCBD*	300 feet	Does not apply to any licensed alcohol service establishment that precedes the establishment of a religious facility.
Schools in UCBD*	300 feet	Does not apply to any licensed alcohol service establishment that precedes the establishment of a school.
Religious facilities in districts—mixed-use* and districts—industrial*	300 feet	Does not apply to any licensed alcohol service establishment that precedes the establishment of a religious facility.
Schools in districts—mixed-use* and districts—industrial*	1,000 feet	Does not apply to any licensed alcohol service establishment that precedes the establishment of a school.

* Distance requirements may be modified by sections 4-5 and 4-6 of this chapter.

(g) Reductions in distance set forth above for consumption on premises establishments may be reduced by up to 50 percent by exception issued by the planning, zoning and appeals board ("PZAB") with approval by the city commission pursuant to criteria set forth in section 4-10 of this chapter and the requirements of the Miami 21 Code.

(h) The requirements as to distance limitations set forth above shall not apply to the following specified uses nor shall establishments meeting the following requirements count as distance impacts to other establishments:

Specified Use	*Notes*
Restaurants	• Restaurants that meet the state requirement for the issuance of a 4COP SFS license. A restaurant meeting the requirements of a 4COP SFS license may substitute said license with a 4COP quota license. • Restaurants not meeting the requirements set forth above shall be allowed the allocation of a 4COP quota license by warrant. • Restaurants with a 2COP license. • Restaurants shall have no signs advertising the sale of alcoholic beverages visible from the exterior. • Restaurants shall always be subject to audit and inspection by the city for the purpose of determining that such establishments are complying with the requirements set forth in this Code.
Cafes	• Cafes shall be allowed the use of a 2COP license by warrant. • Cafes shall always be subject to audit and inspection by the city for the purpose of determining that such establishments are complying with the requirements set forth in this Code.

Specified Use	*Notes*
Residential or Mixed-Use Buildings	• For mixed-use buildings with 100—299 dwelling units, one alcohol service establishment is allowed by exception. • For mixed-use buildings with 300—399 dwelling units, one alcohol service establishment is allowed by right and one additional alcohol service establishment is allowed by exception. • For mixed-use buildings with 400 or more dwelling units, two alcohol service establishments are allowed by right and one additional alcohol service establishment is allowed by exception. • Alcohol service establishments with shopfronts are not exempt from distance separation requirements.
Lodging	• One alcohol service establishment per 50 or more guestrooms or historic structures with one or more rooms as provided by Florida Statutes. • Alcohol service establishments with shopfronts not exempt from distance separation requirements.
Office or Work/Live	• One alcohol service establishment per 60,000 square feet devoted to and maintained for office space. • Alcohol service establishments with shopfronts are not exempt from distance requirements.
Private Clubs	• Must be chartered in the county for not less than three months.
Waterfront Specialty Center	• Must be located on city-owned property. • Allowed by exception with city commission approval. • Within any one waterfront specialty center, not more than 50 percent of the waterfront specialty center's establishments shall be issued certificates of use or temporary certificates of use as an alcohol service establishment. • If a waterfront specialty center is located within a specialty district or entertainment district, the alcohol service establishments within the waterfront specialty center shall not be counted against the total number of alcohol service establishments allowed within the specialty district or entertainment district.
Retail Specialty Center	• Shall not exceed one alcohol service establishment per 20,000 gross square feet of the retail component. • Shall not exceed five total alcohol service establishments. • If a retail specialty center is located within a specialty district or entertainment district, the alcohol service establishments within the retail specialty center shall not be counted against the total number of alcohol service establishments allowed within the specialty district or entertainment district. • One security guard per 100 seats when alcoholic beverages are served for consumption on the premises is required. • Retail specialty centers are designated by development agreement approved by the city commission or by determination of the zoning administrator as to the requirements set forth in section 4-2 of this chapter.

Specified Use	*Notes*
Special Uses for which special Alcoholic Beverage Licenses are issued by the State but for which Uses are not otherwise addressed herein	• Must meet state requirements for the corresponding license type. • Allowed as an ancillary use to the respective principal use with an active certificate of use or temporary certificate of use. • Including, but not limited to, the following state licenses: H, HBX, SBX, SPX, SAL, SCX, SCC, SA, IX, X, SL, PVP, 11-PA-C, 11PA-P, FEX, SWP, 11C, 11CG, 11CGPC, 13CT.

(Ord. No. 13734, § 3, 1-25-18)

Sec. 4-5. Specialty districts.

The restrictions as to distances between alcohol service establishments herein shall not be applicable within a specialty district as defined in section 4-2 of the City Code as designated by the city commission and pursuant to F.S. § 562.45(2)(a). Location of alcohol service establishments within a specialty district shall not be utilized when calculating distance requirements of religious facilities and alcohol service establishments located outside the specialty district, whether existing or new. The following specialty districts within the city are described below:

Specialty District	*Permit and Cap*	*Hours of Closing*	*Notes*
8th Street Exhibit "F"	Warrant No Cap	3:00 a.m.	• Shall not be located less than 500 feet from a school. • Shall not be located less than 300 feet from a religious facility.
Liberty City Exhibit "G"	Warrant 30 Total	3:00 a.m.	• Shall be closed during school hours. • Shall not be located less than 300 feet from a school. • Shall have no distance separation requirements from a religious facility.
Little Haiti Exhibit "H"	Warrant 20 Total	3:00 a.m.	• Shall be closed during school hours. • Shall not be located less than 300 feet from a school. • Shall have no distance separation requirements from a religious facility.
Orange Bowl Exhibit "I"	Warrant 8 Total	3:00 a.m.	• Shall not be located less than 1,000 feet from a school. • Extension of hours to 5:00 a.m. allowed by exception as outlined in section 4-7.
Wynwood Cafe Exhibit "J"	Warrant No Cap	3:00 a.m.	• Shall be closed during school hours. • Shall not be located less than 500 feet from a school. • Shall not be located less than 500 feet between other alcohol service establishments.
Flagler Exhibit "R"	By Right No Cap	5:00 a.m.	• Shall have no distance separation requirements from a School or religious facility.
Miami Riverside Exhibit "S"	Warrant 7 Total	5:00 a.m.	• Shall be closed during school hours.

(Ord. No. 13734, § 3, 1-25-18; Ord. No. 13886, § 2, 12-12-19)

Sec. 4-6. Entertainment districts.

The restrictions as to distances between alcohol service establishments herein shall not be applicable within entertainment districts as defined in section 4-2 of the City Code and as designated by the city commission. Location of alcohol service establishments within entertainment districts shall not be utilized when calculating distance requirements of religious facilities and alcohol service establishments located outside the entertainment district, whether existing or new. The following entertainment districts within the city are described below:

Entertainment District	*Permit and Cap*	*Hours of Closing*	*Notes*
Brickell Village Exhibit "K"	Warrant 6 Total	5:00 a.m.	• Shall not be located less than 300 feet from a religious facility or a school.
Brickell Riverside Exhibit "L"	Warrant 5 Total	5:00 a.m.	• Shall not be located less than 300 feet from a religious facility or a school.
Park West Exhibit "M"	Warrant 11 Total	N/A	• Shall not be located less than 300 feet from a religious facility or a school.
Media Exhibit "N"	Warrant 7 Total	5:00 a.m.	• Shall not be located less than 300 feet from a religious facility or a school.
Overtown Exhibit "O"	Warrant 12 Total	5:00 a.m.	• Shall not be located less than 300 feet from a school.

(Ord. No. 13734, § 3, 1-25-18; Ord. No. 14222, § 2, 10-26-23)

Sec. 4-7. Permits and public hearings.

(a) *Alcohol reservation.* Any applicant who wishes to open an alcohol service establishment within the city may submit an alcohol reservation letter request identifying the proposed location to the office of zoning for analysis along with a distance survey from a licensed and certified surveyor which addresses all distancing requirements from the proposed location within this chapter if necessary to establish the use and provide payment of $200.00 for processing. If the requirements as set forth in this chapter are met, an alcohol reservation letter may be issued by the zoning administrator. Said alcohol reservation letter shall be valid for three months from the date of issuance with the possibility of one-year extensions if the zoning administrator is presented with active building permits, submission of a warrant application, lease agreement, or any other documentation which the zoning administrator deems to be evidence of reasonable progress in acquiring a certificate of use for an alcohol service establishment at the proposed location. Each extension requires a letter of intent, the proposed evidence of reasonable progress, and $200.00 for processing. The alcohol reservation letter will reserve the location during the approved amount of time from encroachment of newly-proposed alcohol service establishments, religious facilities, or schools until the acquisition of a certificate of use from the office of zoning.

(b) *Warrant.* Where denoted in this chapter as necessary for approval, the property owner/applicant shall obtain a warrant as specified in the Miami 21 Code. In reviewing a warrant application, the director of planning shall apply the following supplemental review criteria in

addition to the standard criteria for warrants as specified in Article 4, Table 12 of the Miami 21 Code:

(1) Operational plan. An operational/business plan that addresses hours of operation, number of employees, menu items, business goals, and other operational characteristics pertinent to the application.

(2) Parking. Regardless of parking requirements specified in the Miami 21 Code, adaptive re-use of existing buildings for the use requested in the warrant shall not require any additional parking; however, new buildings utilizing this exemption shall be required to provide a parking plan which fully describes where and how the parking is to be provided and utilized, e.g., valet, self-park, shared parking, after-hour metered spaces, and the manner in which the parking is to be managed. By a separate warrant (in addition to the warrant required for the subject alcohol service establishment), 100 percent of the required parking may be located offsite within a distance of 600 feet from the subject alcohol service establishment if the proposed parking is to be "self-park" and a distance of 1,000 feet from the subject alcohol service establishment if the proposed parking is to be by "valet".

(3) For alcohol service establishments proposing capacities over 300 persons, an indoor/outdoor crowd control plan that addresses how large groups of people waiting to gain entry into the alcohol service establishment and already on the premises will be controlled.

(4) A security plan for the alcohol service establishment and any parking facility.

(5) For alcohol service establishments proposing capacities over 300 persons, a traffic circulation analysis and plan that details the impact of projected traffic on the immediate neighborhood and how this impact is to be mitigated.

(6) A sanitation plan which addresses on-site facilities as well as off-premises issues resulting from the operation of the alcohol service establishment.

(7) A plan depicting proximity of the proposed alcohol service establishment to districts—residential.

(8) If the proposed alcohol service establishment is within 200 feet of any residential use, a noise attenuation plan that addresses how noise will be controlled shall be required.

(c) *Exception.* Pursuant to the Miami 21 Code, all alcohol service establishments that require an exception shall be subject to approval by the PZAB, and when required, final approval by city commission. Alcohol service establishments requesting extensions of hours of operations or variance from distance requirements shall only be permitted by process of exception with final approval by the city commission.

In determining the appropriateness of such request, the PZAB and the city commission, as applicable, shall take into consideration the recommendation of the department of planning based on the following materials to be submitted by the applicant as criteria as well as the criteria listed in the Miami 21 Code:

(1) An operational/business plan that addresses hours of operation, number of employees, menu items, business goals, and other operational characteristics pertinent to the application.

(2) A parking plan which fully describes where and how the parking is to be provided and utilized, e.g., valet, self-park, shared parking, after-hour metered spaces, and the manner in which the parking is to be managed. The city commission or the PZAB, as applicable, may grant approval for 100 percent of the required parking to be located offsite within a distance of 600 feet from the subject alcohol service establishment if the proposed parking is to be "self-park"

and a distance of 1,000 feet from the subject alcohol service establishment if the proposed parking is to be by "valet."

(3) For alcohol service establishments proposing capacities over 300 persons, an indoor/outdoor crowd control plan that addresses how large groups of people waiting to gain entry into the alcohol service establishment and already on the premises will be controlled.

(4) A security plan for the alcohol service establishment and any parking facility.

(5) For alcohol service establishments proposing capacities over 300 persons, a traffic study and traffic circulation analysis and plan that details the impact of projected traffic on the immediate neighborhood and how this impact is to be mitigated.

(6) A sanitation plan which addresses on-site facilities as well as off-premises issues resulting from the operation of the alcohol service establishment.

(7) Proximity of the proposed alcohol service establishment to districts—residential.

(8) If the proposed alcohol service establishment is within 200 feet of any residential use, a noise attenuation plan that addresses how noise will be controlled shall be required, especially in the case of indoor/outdoor uses.

(Ord. No. 13734, § 3, 1-25-18)

Sec. 4-8. Certificate of use.

In addition to the requirements under chapter 2 of the City Code and Article 7 of the Miami 21 Code, if upon request by the city proof of an alcohol license issued by the state is not submitted to the city's zoning administrator within 60 days of the request, the alcohol service establishment's certificate of use, temporary certificate of use, and any approvals obtained under chapter 4 of the City Code or the Miami 21 Code may be revoked by the zoning administrator.

If it is found that an alcohol service establishment is in violation of any laws regarding health, safety, and welfare including but not limited to building codes, fire codes, the Miami 21 Code, or any health department regulations, the certificate of use or temporary certificate of use shall be suspended for a period of 30 days to allow the alcohol service establishment to come into compliance. If the alcohol service establishment fails to come into compliance within 30 days, the certificate of use or temporary certificate of use shall be revoked.

(Ord. No. 13734, § 3, 1-25-18)

Sec. 4-9. Employees not to mingle with customers.

It shall be unlawful for employees or entertainers in places dispensing alcoholic beverages for consumption on the premises to mingle or fraternize with the customers or patrons of such alcohol service establishment.

(Ord. No. 13734, § 3, 1-25-18)

Sec. 4-10. Prohibiting sales, etc., during emergency.

Whenever in the opinion and judgment of the Mayor, a public emergency shall be created or exist in the city causing or tending to cause public disorder, lawbreaking, and confusion, the city manager is hereby authorized and empowered to prohibit by and through the issuance of his official decree the sale, serving, or consumption of alcoholic beverages for and during a period of 24 hours or such longer period of time as may be described in such decree at all commercial establishments and at all other places in the city where alcoholic beverages are licensed to be sold, served, or otherwise dispensed. In the issuance of such decree, the city manager shall have the fact of the issuance and the contents of such decree broadcast by law enforcement communication device and by commercial radio stations and otherwise given publicity as quickly and as widely as shall be feasible. It is hereby declared to be illegal for any person operating, employed at, or otherwise controlling any of the establishments or other places described in this section to sell, serve, or permit the consumption on the premises of alcoholic beverages during the period described in the decree of the city manager provided for in this section. Each violation of or

noncompliance with any of the provisions of this section shall constitute a separate offense and shall subject every person guilty thereof to the penalty prescribed in section 1-13 of the City Code.
(Ord. No. 13734, § 3, 1-25-18)

Sec. 4-11. Nightclub.

The additional regulations set forth below shall be applicable to all alcoholic service establishments that have been designated as nightclubs.

(1) It shall be unlawful for any person to refuse or prevent or attempt to prevent reasonable inspection of any portion of any nightclub premises by any city official during any hour in which a nightclub is open for business.

(2) A nightclub business tax receipt issued by the city manager's designee is required in addition to any other requirement to qualify that the applicant is of good moral character. In making such determination, the applicant shall present to the city manager's designee the following qualifications:

a. *Certificate of use.* Issued by the office of zoning.

b. *State licensure.* Issued by the Florida Department of Business and Professional Regulation, Division of Alcoholic Beverages and Tobacco.

c. *Business tax receipt history.* Whether such applicant in previously operating in this or another state under a business tax receipt has had such business tax receipt revoked or suspended, and the reasons therefor.

d. *General personal history.* Such other facts relevant to the general personal history of the applicant as necessary to make a fair determination of the eligibility of the applicant.

(3) Nonrenewal for certain convictions during a preceding year.

a. No nightclub business tax receipt shall be issued, renewed, or allowed a business name change at any time during a business tax receipt year at the location of any nightclub that previously possessed a nightclub business tax receipt when the holder or any managing agent or employee of the holder of a nightclub business tax receipt at such location has been convicted of a violation of this chapter or the alcoholic beverage laws of the state during the then-current business tax year or during a one-year period to any application request therefor or during the city's tax year immediately preceding such new licensing year.

b. A designation of the conviction relied upon by the city under the foregoing paragraph may be obtained at or before the start of the business tax year or prior to the date such business tax receipt is sought by request made to the city manager or designee.

c. Any person subject to the foregoing provision may request and obtain a hearing before the city commission. After a public hearing, the city commission may authorize or deny the issuance or renewal of new nightclub business tax receipt to such person or grant or refuse the request for a change of name on a nightclub business tax receipt providing any applicable provision of section 31-35 is fulfilled relative to such request. A holder of a nightclub business tax receipt for the year preceding the new business tax year, subject to the provisions of this section, shall not be considered to be operating without a current nightclub business tax receipt pending the hearing.

(Ord. No. 13734, § 3, 1-25-18)

Sec. 4-12. Violation of state law.

It is intended that the provisions of this chapter shall apply solely to those beverages constituting alcoholic beverages under the laws

of the state. Every violation of the laws of the state relating to the sale of alcoholic beverages is hereby specifically made a violation of this chapter with the same force and effect as if the provisions of such laws were fully set forth herein.
(Ord. No. 13734, § 3, 1-25-18)

Sec. 4-13. Enforcement.

No alcohol service establishment shall be entitled to the waiver of any distance requirements provided in sections 4-4 through 4-6 of this City Code when the owner, agent, or employee of the alcohol service establishment has provided to the city an alcohol survey that is fraudulent or false.
(Ord. No. 13893, § 2, 2-13-20)

Sec. 4-14. Duty to report violations of chapter and law.

It shall be the duty of all employees of the city who are responsible for performing inspections of businesses licensed to serve alcoholic beverages to document and report to the city manager, or designee, and the chief of police, or designee any seeming violation of this chapter. Any such employees of the city who suspect or become aware of any violation of F.S. ch. 562, Alcoholic Beverages: Enforcement, as amended (chapter 562), or any racketeering activity or pattern of racketeering activity as proscribed in F.S. ch. 895, Offenses Concerning Racketeering and Illegal Debts, as amended, shall immediately report such activity to the chief of police, or designee. Persons committing violations of F.S. ch. 562, relating to alcoholic beverages, shall be arrested and prosecuted pursuant to F.S. ch. 562, as amended. Further investigation, as required by this section, shall determine the filing of felony racketeering charges.
(Ord. No. 13995, § 2, 5-13-21)

Chapter 5

AMUSEMENTS*

Article I. In General

Sec. 5-1. Pool rooms—Midnight closing; exceptions.
Sec. 5-2. Same—Minors prohibited; exceptions; permits for minors.

ARTICLE I. IN GENERAL

Sec. 5-1. Pool rooms—Midnight closing; exceptions.

It shall be unlawful for any person to keep open, between the hours of 12:01 a.m. and 8:00 a.m. of any day, a room or saloon containing any billiard or pool tables, except such a room operated in conjunction with and incidental to a bowling establishment, or as a principal use in conjunction with an accessory restaurant (1,500 square foot minimum restaurant area) and where the main entrance is through the restaurant, and the billiard or pool room is not to be open for play unless the requisite restaurant is also open and serving food at the same time.
(Code 1967, § 4-1; Ord. No. 10640, § 1, 9-28-89; Code 1980, § 5-1)

City Code cross reference—License tax for poolrooms, § 31-50.

Sec. 5-2. Same—Minors prohibited; exceptions; permits for minors.

It shall be unlawful for any person, his/her servant or employee to permit anyone under the age of 18 years to visit or frequent or play in any billiard parlor in the city, provided that this shall not apply to any person on active duty in the armed services of the United States, or who has a written permit or card signed and notarized by his/her parent or guardian and filed in the establishment to which the permit or card is given by the parent or guardian of the minor involved, or a married minor, or when accompanied by parent or guardian. Such permit card shall be valid only in the establishment to which it is issued, and such permit card may be revoked at any time by the parent or guardian, or by the operator of such billiard parlor by returning the card to the parent or guardian, or by any law enforcement officer upon conviction of the party of a crime. No written permit shall be valid in any establishment which sells or permits consumption on its premises of intoxicating or alcoholic beverages.
(Code 1967, § 4-2; Code 1980, § 5-2; Ord. No. 13676, § 2, 4-27-17)

Sec. 5-3. Same—Order to minor to leave; calling police.

(a) In case any minor shall enter any pool or billiard room or parlor in violation of section 5-2, it shall be the duty of the person in charge of or owning or operating any such pool or billiard room or parlor to order such minor to vacate such place, and, in case the minor refuses to vacate such place, it shall be the duty of such person in charge of or owning or operating such pool or billiard room or parlor to call a police officer, whose duty it shall be to take such minor out of such place.

(b) In case any such minor is directed or ordered to vacate or move out of any such pool room or parlor by the person in charge of or owning or operating the same, unless such minor shall be excepted by the provisions of section 5-2, it shall be the duty of such minor to comply immediately with the order, direction or request of such person.
(Code 1967, § 4-3; Code 1980, § 5-3)

Secs. 5-4—5-30. Reserved.

ARTICLE II. DANCEHALLS AND BALLROOMS*

Sec. 5-31. Definitions.

For the purposes of this article, the following words and phrases shall have the meanings respectively ascribed to them by this section:

Dancehall or ballroom: Any room, place or space in which a public dance or public ball shall be held, and any room, hall or academy in which classes in dancing are held and instruction in dancing is given for hire.

Public dance or public ball: Any dance or ball conducted in connection with instruction in dancing for hire, and any dance or ball to which admission may be had by the payment of a fee or by the purchase, possession or presentation of a ticket or token, or in connection with which a charge is made for caring for clothing or other

*__County Code cross reference—__Public dancehalls, § 21-30.1.

property, and any dance or ball to which the public generally may gain admission with or without the payment of a fee.
(Code 1967, § 4-32; Code 1980, § 5-67)

Sec. 5-32. Permit required for public dances; permit fee.

(a) No person, society, club or corporation shall hold a public dance or public ball within the city without having first obtained a permit therefor from the chief of police, provided that such permit shall not be required for dances held and conducted by regularly established instructors in dancing in connection with such instruction.

(b) The fee for such permit, which shall be paid at the time of the issuing thereof, shall be $5.00 for each public dance or ball.
(Code 1967, § 4-33; Code 1980, § 5-68)

Sec. 5-33. License for dances, dancehalls, etc.—Required.

It shall be unlawful to hold or conduct any public dance or public ball, or to hold or conduct classes in dancing, or to give instructions in dancing for hire, in any hall, ballroom, studio or academy within the city, unless the dancehall, ballroom, studio or academy is duly licensed for such purpose, and the fee provided in chapter 31 has been paid.
(Code 1967, § 4-34; Code 1980, § 5-69)

City Code cross reference—License fees for dancehalls and ballrooms, § 31-50.

Sec. 5-34. Same—Application; issuance.

Application for licenses required by this article shall be made by the proprietor of such dancehall, ballroom, studio or academy to the chief of police, who is hereby authorized to issue the same.
(Code 1967, § 4-35; Code 1980, § 5-70)

Sec. 5-35. Same—Revocation or refusal of renewal.

The license of any public dancehall, ballroom, studio, or academy may be forfeited, revoked or annual renewal may be refused by the chief of police for disorderly or immoral conduct or ordinance violations on the premises, or upon proof that the dancehall, ballroom, studio or academy was frequented by disorderly or immoral persons, or for the violation of any of the rules, regulations, ordinances and laws governing or in any way applying to public dancehalls, ballrooms, studios, academies or public dances. If at any time the license of a public dancehall, ballroom, studio, or academy shall be forfeited or revoked or annual renewal shall be refused, at least three months shall elapse before another license or permit shall be granted for dancing on the same premises.
(Code 1967, § 4-36; Code 1980, § 5-71)

Sec. 5-36. Compliance with other laws, ordinances and regulations.

No license for a public dancehall, ballroom, studio or academy shall be issued until it shall be ascertained that the place for which it is issued complies with and conforms to all laws, ordinances, health and fire regulations applicable thereto, and is a safe and proper place for the purpose for which it is to be used.
(Code 1967, § 4-37; Code 1980, § 5-72)

Sec. 5-37. Cleanliness, sanitation, lighting and windows.

All public dancehalls, ballrooms, studios or academies shall be kept at all times in a clean, healthful and sanitary condition, and all stairways and other passages and all rooms connected with public dancehalls, ballrooms, studios or academies shall be kept open and well lighted. All windows shall, at all times, be clean and the glass shall be clear and transparent. The only thing that shall appear on such windows shall be the name and address of the dancehall in letters or figures not higher than eight inches.
(Code 1967, § 4-38; Code 1980, § 5-73)

Sec. 5-38. Inspection by police.

All public dancehalls, ballrooms, studios and academies shall be subject to inspection by the police department at all reasonable times and whenever they are open for dancing, instruction in dancing or for any other purpose.
(Code 1967, § 4-39; Code 1980, § 5-74)

Sec. 5-39. Authority of police to order premises vacated for violations of law, etc.

Any police officer of the city shall have the power to cause the place, hall or room where any public dance or ball is given to be vacated whenever any provision of any law or ordinance with regard to public dances and public balls is being violated, whenever any indecent act shall be committed or when any disorder of a gross, violent or vulgar character shall take place therein.
(Code 1967, § 4-40; Code 1980, § 5-75)

Sec. 5-40. Closing hours.

All public dances shall be discontinued and all dancehalls shall be closed between 12:01 a.m. and 8:00 a.m. on weekdays and between 1:00 a.m. and 9:00 p.m. on Sundays and holidays, provided that upon application of a bona fide organization or society and upon investigation, the chief of police may grant such organization or society a permit to continue a dance until 2:00 a.m.
(Code 1967, § 4-41; Code 1980, § 5-76)

Sec. 5-41. Solicitation agreements with taxicab owners, drivers prohibited.

It shall be unlawful for any taxicab owner or driver to have or make any contract or agreement with any dancehall owner, or with the agent or employee of such owner, by which such taxicab owner or driver agrees to solicit the patronage of any passenger for such dancehall.
(Code 1967, § 4-42; Code 1980, § 5-77)

Sec. 5-42. Employees not to be served drinks purchased by customers.

It shall be unlawful for any hostess, waitress, entertainer or employee in a dancehall or ballroom to be served any beverage, whether an alcoholic beverage or otherwise, for which a customer or patron in such establishment pays.
(Code 1967, § 4-43; Code 1980, § 5-78)

City Code cross reference—Employees in alcoholic beverage establishments not to mingle with customers, § 4-4.

Sec. 5-43. Solicitation of dancing partners or purchase of refreshments prohibited.

It shall be unlawful for any person in or about any dancehall or ballroom to solicit dancing partners on a commission basis, directly or indirectly, or to solicit the purchase of refreshments on a commission basis, directly or indirectly. It shall be unlawful for the owner, manager or other person connected with the operation of any dancehall or ballroom to permit or allow any such solicitation therein.
(Code 1967, § 4-44; Code 1980, § 5-79)

Sec. 5-44. Sale of time by employees to customers prohibited; exception.

It shall be unlawful for an employee in a dancehall or ballroom to sell time to a customer, other than for the purpose of giving dance instruction to such customer. It shall be unlawful for the owner, manager or other person connected with the operation of any dancehall or ballroom to permit or allow any sale of time by an employee to a customer other than for the purpose of giving dance instruction to such customer.
(Code 1967, § 4-45; Code 1980, § 5-80)

Sec. 5-45. Employees mingling with customers.

It shall be unlawful for employees or entertainers in dancehalls or ballrooms to mingle or fraternize with the customers or patrons of such establishments, except when actually providing dance instruction to such customers or patrons.
(Code 1967, § 4-46; Code 1980, § 5-81)

City Code cross references—Employees or entertainers in alcoholic beverage establishments not to mingle with customers, § 4-4; nightclub license holders not to permit entertainers to contact or associate with patrons, § 4-76.

Sec. 5-46. Minors prohibited where alcoholic beverages are available for sale.

It shall be unlawful for any owner, manager or person in charge of any dancehall or ballroom which provides hostesses or dance partners and has beverages, alcoholic or otherwise, available

for sale, to employ or permit any minor under the age of 18 years to frequent or be in or about such place.
(Code 1967, § 4-47; Code 1980, § 5-82)

Sec. 6-71. Citation system for animal control.

***Charter references—**Authority of city to collect and dispose of carcasses of dead animals, § 3(o); authority to regulate or prohibit the keeping of animals, poultry or other fowl, § 3(p); power to declare city a bird sanctuary, § 3(ff).

City Code cross references—Regulation of domestic animals in parks, § 38-57; restrictions on domestic pets in city marinas, § 50-234.

County Code cross reference—Animals and fowl, ch. 5.

ARTICLE I. IN GENERAL

Sec. 6-1. Restrictions on keeping poultry, fowl or grazing animals.

(a) For the purpose of this section, the terms hereinafter set forth shall be defined as follows:

Fowl: Live guineas, pea fowls, pheasants and pigeons, except carrier and racing pigeons, kept, harbored, bred and maintained exclusively for such purpose.

Grazing animals: Horses, cows, goats, sheep and rabbits.

Poultry: Live chickens, turkeys, ducks and geese.

Poultry markets: Commercial establishments or places properly zoned and licensed where live poultry or fowl are kept temporarily for the purposes of sale.

(b) Live poultry, fowl or grazing animals may be kept, harbored, bred or maintained in the city, subject to the following limitations and restrictions:

(1) No live poultry, fowl or grazing animals shall be kept, harbored, bred or maintained unless the person owning or leasing or occupying the premises on which the same are kept, harbored, bred or maintained secures, possesses and maintains a permit from the county health unit, authorizing the use of the premises for such purpose.

(2) In no event shall the owner or lessee or occupant of any premises keep, harbor, breed or maintain at any one time more than 15 hens and 30 growing chicks. No roosters shall be kept, harbored, bred or maintained at any time.

(3) No poultry, fowl or grazing animal pens or houses shall be situated less than 100 feet from any human dwelling, and no poultry, fowl or grazing animal shall be permitted to run at large.

(4) Poultry, fowl and grazing animal pens shall be kept free from odors and free from fly breeding.

(5) All food used for poultry, fowl and grazing animals shall be kept in suitable containers with tightfitting covers, so as to be inaccessible to rats.

(6) All poultry or fowl droppings shall be removed from the pens at least twice weekly, wrapped in paper and placed in covered garbage cans for removal. Droppings shall not be used for fertilizer unless first treated so as to destroy fly maggots.

(c) The limitations and restrictions set out in subsection (b) of this section shall not be applicable to poultry markets, provided that nothing herein contained shall be construed so as to authorize the operation of a poultry market in an insanitary manner and nothing contained in this section shall be construed to allow or permit the violation of any zoning ordinance of the city or to be in conflict therewith or prevent the rezoning of any property, provided the zone requirements are met and complied with.

(d) The limitations and restrictions contained in this section shall not be applicable to premises upon which guinea pigs, rabbits or chickens are kept, harbored, bred or maintained exclusively for clinical and medical research purposes, but this subsection shall not be construed so as to authorize the use of such premises in an unsanitary manner.

(Code 1967, § 5-1; Code 1980, § 6-1)

Case law reference—Case raising, but not deciding, the constitutionality of this section, Bratley v. Nelson, 67 F. Supp. 272. Section held valid, State ex rel. Lockwood v. Nelson, 28 So. 2d 264.

Sec. 6-2. Animals not to run at large; exceptions.

(a) No animal kept, harbored, maintained or possessed by any person in the city shall be permitted to run at large or to remain in or upon public or private property unless the animal is under the actual or direct control of its keeper by a rope, chain, leash or suitable device, or is kept within an enclosed area capable of preventing the animal from escaping therefrom. Any person owning, possessing or having control or custody of any animal shall be held strictly responsible for compliance with this section, and it shall be

no defense to a prosecution under this section that the defendant did not personally allow, permit or countenance the animal to run at large or roam in the city.

(b) This section shall have no application to dogs and cats, except as limited by section 38-57.
(Code 1967, § 5-2; Code 1980, § 6-2; Ord. No. 14206, § 2, 9-28-23)

State law reference—Livestock at large, F.S. § 588.12 et seq.

Sec. 6-3. Bird sanctuary established.

It is hereby declared that all territory embraced within the city shall be a bird sanctuary.
(Code 1967, § 5-7; Code 1980, § 6-3)

Charter reference—Authority of city to establish bird sanctuary, § 3(ff).

Sec. 6-4. Shooting, trapping, etc., birds prohibited; exception.

(a) It shall be unlawful for any person to shoot, trap, or in any manner kill or destroy birds within the city, except as provided in subsection 6-4(b).

(b) Nothing in this section shall prevent the following:

(1) The city shall have the authority to take any and all necessary remedial actions to address the proliferation of peafowl located within the city.

(2) Any peafowl trapped or relocated pursuant to subsection 6-4(b)(1) of the City Code from within the city shall be done so in a humane manner and be relocated to an appropriate sanctuary or other facility by a licensed trapper to ensure the safety of the peafowl.

(3) No trapped or relocated peafowl shall be released into the wild in another part of the state.

(4) The city shall implement a peafowl management plan to address the relocation of peafowl. The peafowl management plan shall be as described in Exhibit "A" to Ord. No. 13892, which may be amended by resolution of the city commission as needed from time to time.

(Code 1967, § 5-8; Code 1980, § 6-4; Ord. No. 13892, § 2, 2-13-20)

Sec. 6-5. Cruelty to animals; penalties.

(a) The following acts and all related acts as set forth in F.S. Ch. 828 and all amendments thereto, shall be as deemed cruelty to animals:

(1) Any person who shall overload, overdrive, torture, torment or deprive of necessary sustenance, or unnecessarily or cruelly beat or mutilate or kill any domestic animal, or cause or permit either of such offenses to be permitted within the city.

(b) An individual found to be in violation of this section shall be subject to all enforcement regulations as contained in this chapter and all penalties as set forth in F.S. Ch. 828, and all amendments thereto.
(Code 1967, § 5-9; Code 1980, § 6-5; Ord. No. 12092, § 1, 7-26-01)

City Code cross reference—Cruelty to dogs, § 6-41.

State law reference—Cruelty to animals, F.S. ch. 828.

Secs. 6-6—6-35. Reserved.

ARTICLE II. DOGS AND CATS*

Sec. 6-36. Definitions.

For the purpose of this article, the following words and phrases shall have the meanings respectfully ascribed to them by this section:

Animal rescue organization: A not for profit organization devoted to the rescue, care, or adoption of stray, abandoned, injured, or surrendered animals and which does not breed animals.

Animal shelter: A public animal shelter or duly incorporated not for profit organization,

---

*__Editor's note—__**Editor's note—**Ord. No. 13696, § 2, adopted July 27, 2017, changed the title of article II from "Dogs" to "Dogs and cats."

County Code cross references—Dogs generally, § 5-3 et seq.; county license tags required, conditions for issuance, § 5-8.

operated as a bona-fide charitable organization under Section 501(c)(3) of the Internal Revenue Code, devoted to the rescue, care, or adoption of stray, abandoned, injured, or surrendered animals and which does not breed animals.

Breeder: Any person or entity that causes dogs or cats to reproduce regardless of the size or number of litters produced. Any person or entity offering male dogs or cats for stud purposes shall be classified as a breeder. It is provided, however, that this classification shall not apply to a hobby breeder as defined in this section or to a pet owner who breeds his or her own pet and keeps all of the offspring so long as the total number of dogs kept on the premises does not constitute a kennel. Any establishment used by a breeder for the breeding of dogs, except for a hobby breeder as defined in this section, shall be regulated as a kennel. Breeders that sell directly to the public shall also be subject to regulation as pet dealers.

Cat: An animal of the Felidae family of the order Carnivora.

Certificate of source: A document from the source declaring the origin of the dog or cat on

the premises to be sold or transferred, or offered for sale or transfer, by the pet store. The certificate of source shall include, at minimum:

(1) The name, address, telephone number, and electronic mail address of the source of the dog or cat;

(2) A brief description of the dog or cat, the original source of the dog or cat, and license information if the original source breeder is licensed by the United States Department of Agriculture; and

(3) Shall be signed by both the pet store certifying the accuracy of the certificate of source and by the purchaser or transferee of the dog or cat acknowledging receipt of the certificate of source.

Dog: An animal of the Canidae family of the order Carnivora.

Hobby breeder: A person or entity that is an active member of a national, state, or local breeder organization and that houses or breeds dogs or cats at or adjoining a private residence for the purpose of improving the breed; exhibiting dogs or cats at shows operated by a national, state, or local breeder organization; or raising service animals or animals used for law enforcement or other types of work. A hobby breeder may sell no more than two litters of puppies or kittens per year per household so long as the total number of dogs kept on the premises does not constitute a kennel as defined in this section. A hobby breeder that sells more than two litters per year per household shall be deemed to be a pet dealer.

Kennel: The following uses shall constitute a kennel:

(1) The keeping of any dog or dogs, regardless of number, for sale, boarding, or treatment purposes, except by a hobby breeder as defined in this section or as provided by law, in a dog hospital, dog beauty parlor, pet care center, pet shop, dog racing establishment, governmental agency, laboratory, or facility housing animals for medical research that is approved by a federal agency;

(2) The keeping of dogs six months of age or older on premises used for residential purposes in excess of:

a. Four dogs on property that is less than one acre in gross area or in any individual residence unit in a transect zone that allows multifamily uses;

b. Six dogs on property that is at least one acre but less than two acres in gross area; and

c. Eight dogs on property that is two acres or more in gross area; or

(3) The keeping of more than four guard dogs on vacant property or on property used for business or industrial purposes.

Owner: Any person owning, harboring, or keeping a dog or cat within the city.

Pet dealer: Any person that engages in the sale to the public of dogs or cats regardless of number. This classification shall include pet stores as well as breeders who sell directly to the consumer. Animal rescue organizations and hobby breeders shall be exempt from this classification.

Pet store: A pet shop, pet beauty parlor, animal grooming establishment, pet hospital, or other retail establishment open to the public and engaging in the business of selling pet supplies, services, or animals at retail or wholesale prices.

Pet store operator: A person who owns or operates a pet store.

Retail sale: The display, offer for adoption, barter, auction, give away, or other transfer of any dog or cat.
(Code 1967, § 5-10; Code 1980, § 6-20; Ord. No. 13696, § 2, 7-27-17)

Sec. 6-37. Maintenance of kennels.

Any owner of six or more dogs, each of which is not less than six months in age, and which are held for profit, breeding or exhibition purposes shall be deemed the operator of a commercial dog kennel. Such dog kennel shall be kept in a clean and sanitary condition at all times. The owner thereof shall operate the premises whereon dogs are held in such manner as to prevent annoyance

to the neighborhood or the general public created by reason of odors or loud, frequent, habitual barking, yelping or howling emanating therefrom.
(Code 1967, § 5-11; Code 1980, § 6-21)

Sec. 6-38. Prohibited in food establishments.

No dog, whether on leash or without leash, muzzled or unmuzzled, except a guide or service dog accompanying a physically impaired person, shall be permitted at any time to enter a store in the city where food for human consumption is sold or held for sale, and it shall be the duty of the owner or manager of such store to post a sign in a conspicuous place and manner apprising dog owners that no dogs are permitted within the premises.
(Code 1967, § 5-12; Code 1980, § 6-22)

State law reference—Right of physically impaired persons to be accompanied by guide dog when utilizing public facilities, F.S. § 413.08.

Sec. 6-39. Noisy dogs.

No person shall keep or harbor or own any dog in the city which indulges or engages in frequent or habitual barking, yelping or howling, thereby creating annoyance to the inhabitants of the neighborhood in which the dog is kept or to people passing to and fro upon the public streets.
(Code 1967, § 5-13; Code 1980, § 6-23)

Sec. 6-40. Vicious dogs.

It shall be unlawful for any person to keep or harbor any dog which is mean or vicious. Upon the conviction of any person owning or harboring a mean or vicious dog, the county judge may order the proper agency to destroy such dog.
(Code 1967, § 5-14; Code 1980, § 6-24)

Sec. 6-41. Cruelty to dogs; penalties.

(a) It shall be unlawful for any person keeping, harboring or owning a dog to be cruel and inhumane to the animal. "Cruelty" and "inhumaneness" shall include all provisions as set forth in F.S. Ch. 828, and all amendments thereto, including unnecessarily beating or torturing or mutilating or cruelly killing or failing or neglecting to provide suitable food or drink in sufficient quantities, together with adequate shelter for such dog.

(b) Tethering means to restrain a dog by tying the dog to any object or structure, including, but not limited to a house, tree, fence, post, garage, or shed, by any means, including, but not limited to a chain, rope, cord, leash or running line. This shall not include using a leash for walking purposes.

(c) It shall be unlawful for a responsible party to tether a dog while outdoors, except when all of the following conditions are met:

(1) The dog is visible to the responsible party at all times and the responsible party is outside with the dog;

(2) The tether is connected to the dog with a buckle-type collar or a body harness made of nylon or leather, not less than one inch in width;

(3) The tether has the following properties:

a. It must be at least five times the length of the dog's body, as measured from the tip of the nose to the base of the tail;

b. It terminates at both ends with a swivel;

c. It does not weigh more than one-eighth of the dog's weight; and

d. It is free of tangles.

(4) The dog is tethered so as to prevent injury, strangulation, or entanglement.

(5) The dog is not outside during extreme weather, including, but not limited to, extreme heat or near-freezing temperatures, thunderstorms, tornadoes, tropical storms, or hurricanes.

(6) The dog has access to water, shelter and dry ground.

(7) The dog is a least six months of age.

(8) The dog is not sick or injured.

(9) Pulley, running line or trolley systems are at least 15 feet in length and are less than seven feet above ground.

(10) If there are multiple dogs, each dog is tethered separately.

(d) An individual found to be in violation of this section shall be subject to all enforcement regulations as contained in this chapter and all penalties as set forth in F.S. Ch. 828, and all amendments thereto.
(Code 1967, § 5-15; Code 1980, § 6-25; Ord. No. 12092, § 1, 7-26-01; Ord. No. 12995, § 2, 5-8-08)

City Code cross reference—Cruelty to animals generally, § 6-5.

Sec. 6-42. Abandonment of dogs prohibited.

It shall be unlawful for any person to abandon an aged, sick, disabled or otherwise unwanted dog.
(Code 1967, § 5-16; Code 1980, § 6-26)

Sec. 6-43. Stealing dogs.

It shall be unlawful for any person to steal a dog within the city.
(Code 1967, § 5-17; Code 1980, § 6-27)

Sec. 6-44. Refusal to surrender dog.

It shall be unlawful for any person to refuse to deliver his/her dog to the proper agency when requested to do so under the provisions of this article.
(Code 1967, § 5-18; Code 1980, § 6-28; Ord. No. 13676, § 2, 4-27-17)

Sec. 6-45. Removal and proper disposition of animal fecal matter required when dog defecates on public and private property and fine schedule for violation.

(a) It shall be unlawful for any person owning, possessing, having the care, charge, control or custody of any dog(s) to not immediately remove and thereafter dispose of any fecal matter deposited by the dog(s) on public property or private property other than the private property of the owner or responsible party of the dog(s) unless the owner or person in lawful possession of the property has consented to such deposit. Public property includes, but is not limited to, parks, sidewalks, swales, and streets. For the purposes of this section, dog fecal matter shall be immediately removed by placing the matter in a closed or sealed container and thereafter disposing of it by depositing the matter in a trash receptacle, sanitary disposal unit, or other closed or sealed container. This section shall not apply to blind persons accompanied by a dog used for their assistance.

(b) Each violation of this section is a civil infraction. Each violation of this section shall constitute a separate offense and be punishable by civil penalty in the amount as prescribed in section 6-71.
(Ord. No. 12189, § 1, 2-14-02)

Sec. 6-46. Sale or transfer of dogs and cats.

(a) No pet store shall offer for retail sale any dogs or cats in the city on or after the effective date of this section unless the pet store is exempt pursuant to subsection 6-46(b).

(b) This section shall not apply to:

(1) A publicly operated animal control facility or animal shelter;

(2) A private, charitable, not for profit animal rescue organization;

(3) A publicly operated animal control agency or not for profit animal rescue organization that operates out of or in connection with, a pet store;

(4) A pet store that transitions into the sale of pets formerly from an animal shelter or a pet store that sells those pets acquired from an animal shelter or a locally regulated Miami-Dade County hobby breeder; or

(5) A hobby breeder.

(c) Certificate of source.

(1) A pet store shall post and maintain in a conspicuous place on or within three feet of each dog's or cat's kennel, cage, or enclosure a certificate of source of each dog or cat offered for retail sale and shall provide a copy of such certificate of source to the purchaser or transferee of any dog or cat offered for retail sale.

(2) Falsification of a certificate of source is hereby unlawful. A violation of this section shall be enforced pursuant to the provisions of section 6-71 below.

(d) Nothing in this section shall prevent a pet store, pet store operator, or employees of a pet store from providing space and appropriate care for animals owned by a publicly operated animal control agency or animal rescue organization and maintained at the pet store for the purpose of adopting or selling those animals to the public.

(e) Any person who violates this section shall be punished as provided in section 6-71 of the City Code; chapter 2, article X of the City Code; or any other remedy as provided by law.
(Ord. No. 13696, § 2, 7-27-17)

Secs. 6-47—6-70. Reserved.

ARTICLE III. ENFORCEMENT

Sec. 6-71. Citation system for animal control.

(a) For the purposes of this article, the terms hereinafter set forth shall be defined as follows:

Animal means any living dumb creature.

Animal control officer means any person employed or appointed by the city who is authorized to investigate, on public or private property, civil infractions relating to animal control or cruelty and to issue citations as provided in this article. An animal control officer is not authorized to bear arms or make arrests.

Citation means a written notice, issued to a person by an officer, that the officer has probable cause to believe that the person has committed a civil infraction in violation of this chapter and that the county court will hear the charge. The citation shall contain:

(1) The date and time of issuance.

(2) The name and address of the person.

(3) The date and time the civil infraction was committed.

(4) The facts constituting probable cause.

(5) The ordinance violated.

(6) The name and authority of the officer.

(7) The procedure for the person to follow in order to pay the civil penalty or to contest the citation.

(8) The applicable civil penalty if the person elects to contest the citation.

(9) The applicable civil penalty if the person elects not to contest the citation.

(10) A conspicuous statement that if the person fails to pay the civil penalty within the time allowed, or fails to appear in court to contest the citation, he/she shall be deemed to have waived his/her right to contest the citation and that, in such case, judgment may be entered against the person for an amount up to the maximum civil penalty.

Control means the regulation of the possession, ownership, care, and custody of animals.

Cruelty means any act of neglect, torture, or torment that causes unjustifiable pain or suffering of an animal.

Officer means any law enforcement officer defined in F.S. § 943.10 or any veterinarian defined in F.S. § 474.202.

(b) Any person violating any of the provisions of this chapter shall be deemed guilty of a civil infraction. During a one-year period, each violation of this chapter shall constitute a separate offense. Violations of this chapter shall be enforced as follows:

(1) For the first violation, by a civil penalty of $50.00, if the person who has committed the civil infraction does not contest the citation.

(2) For the first violation, by a civil penalty of $100.00, if the person who has committed the civil infraction does contest the citation and is found to have committed the violation.

(3) For the second violation, by a civil penalty of $200.00, if the person who has committed the civil infraction does not contest the citation.

(4) For the second violation, by a civil penalty of $300.00, if the person who has committed the civil infraction does contest the citation and is found to have committed the violation.

(5) For the third violation and each additional violation thereafter, by a civil penalty of $400.00, if the person who has committed the civil infraction does not contest the citation.

(6) For the third violation and each additional violation thereafter, by a civil penalty of $500.00, if the person who has committed the civil infraction does contest the citation and is found to have committed the violation.

(7) Any person who fails to pay the appropriate civil penalty within the time provided on the citation or who fails to appear in county court to contest the citation, shall be deemed to have waived his/her right to contest the citation and judgment may be entered against the person for an amount not to exceed $500.00.

(c) An officer may issue a citation if he/she has probable cause to believe that a person has committed an act in violation of a section in this chapter.

(d) Any person who has been issued a citation for committing an act in violation of a section of this chapter may contest the citation in the county court.

(e) Any person who willfully refuses to sign and accept a citation issued by an officer shall be guilty of a misdemeanor of the second degree, punishable as provided by F.S. § 775.082, 775.083, or 775.084.

(Ord. No. 10508, § 1, 11-3-88; Code 1980, § 6-29; Ord. No. 13676, § 2, 4-27-17)

*__Editor's note—__Ord. No. 12452, § 1, adopted December 18, 2003, changed the title of Chapter 8 from "Bicycles" to "Bicycles, Skateboards, Scooters and Other Similar Devices."

__City Code cross reference—__Motor vehicles, traffic control and parking generally, ch. 35.

__County Code cross references—__Bicycle regulations, §§ 30-263, 30-264; voluntary registration of bicycles, §§ 30-264.1—30-264.6; use of bicycle paths and bikeways by motor vehicles, etc., § 30-273.

__State law references—__Power of local authorities to regulate operation of bicycles, F.S. § 316.008(1)(h); bicycle regulations, F.S. § 316.2065; driving motor vehicles upon sidewalks or bicycle paths, F.S. § 316.1995, bicycle trails and footpaths along state roads, F.S. § 335.065.

ARTICLE I. IN GENERAL

Sec. 8-1. Definitions.

For the purposes of this chapter, the term "bicycle," "bicycle path," "moped," "pedestrian," "motorized scooter," "sidewalk," "street," and "vehicle," shall have the meanings ascribed to them in F.S. § 316.003, as amended. "Scooter" or "skateboard" shall mean any vehicle not having a seat or saddle for the use of the rider, designed for travel by human propulsion and "other similar devises" shall refer to any vehicle or apparatus intended to propel a person by either human power or an electrical, mechanical or other power source.

(Ord. No. 12452, § 1, 12-18-03)

Editor's note—Ord. No. 12452, § 1, adopted December 18, 2003, amended § 8-1 in its entirety to read as herein set out. Formerly, § 8-1 pertained to "Bicycle" defined, and derived from the Code of 1967, § 8-1, and the Code of 1980, § 8-1.

Sec. 8-2. Applicability of chapter.

This chapter shall apply whenever a bicycle, moped, motorized scooter, scooter, skateboard, or other similar devises are operated on specifically designated areas of the city set forth below and to the operation of bicycles upon any street, or upon any public path set aside for the exclusive use of bicycles, subject to those exceptions stated in this chapter.

(Code 1967, § 8-2; Code 1980, § 8-2; Ord. No. 12452, § 1, 12-18-03)

Sec. 8-3. Bell or other warning device.

No person shall operate a bicycle unless it is equipped with a bell or device capable of giving a signal audible for a distance of at least 100 feet, but no bicycle shall be equipped with, nor shall any person use upon a bicycle, any siren or whistle.

(Code 1967, § 8-3; Code 1980, § 8-3)

Sec. 8-4. Not to be rented unless chapter complied with.

No rental agency shall rent or offer any bicycle for rent unless such bicycle is as provided in this chapter.

(Code 1967, § 8-4; Code 1980, § 8-4)

Sec. 8-5. Parents and guardians not to permit violations of chapter; safe driving.

No parent of any minor child and no guardian of any minor ward shall authorize or knowingly permit any such minor child or ward to violate any of the provisions of this chapter.

All operators of motorized scooters as referenced in this chapter shall abide by applicable laws, ordinances, and regulations governing their operation. Motorized scooters will be operated in a safe and prudent manner and shall be operated defensively to avoid bicyclists, pedestrians, and any items, such as bus benches or trash receptacles, in the sidewalk furniture zone.

(Code 1967, § 8-5; Code 1980, § 8-5; Ord. No. 13795, § 2, 10-11-18)

Sec. 8-6. Prohibitions on the sidewalks of Southwest 8th Street between 4th Avenue and Tamiami Canal Road.

To continue to encourage a pedestrian friendly environment and provide for the safety of pedestrians using the sidewalks, it shall be unlawful for any person to operate a bicycle, moped, motorized scooter, scooter, skateboard, vehicle, or other similar devises, unless such devices are used to assist in transport of physically handicapped person, on the sidewalks of Southwest 8th Street between 4th Avenue and Tamiami Canal Road.

(Ord. No. 12452, § 1, 12-18-03)

Editor's note—See note at § 8-7.

Sec. 8-7. Penalties for violation of this chapter.

Every person guilty of a violation of any provisions of this chapter shall be punishable by a fine of not more than $25.00.

(Ord. No. 12452, § 1, 12-18-03)

Editor's note—Ord. No. 12452, § 1, adopted December 18, 2003, amended § 8-7 (formerly § 8-6) in its entirety to read as herein set out. Formerly, § 8-6 pertained to similar subject matter and derived from the Code of 1967, § 8-6, and the Code of 1980, § 8-6.

ARTICLE II. MOTORIZED SCOOTERS

Sec. 8-8. Applicability, policy statement and purpose.

This article is supplemental to the general laws of the State of Florida, including F.S. ch. 316, entitled "State Uniform Traffic Control." All definitions from F.S. §§ 316.003 and 316.2128, are incorporated herein by reference, including the definitions of "bicycle" and "motorized scooter." This article shall apply to any and all motorized scooters and motorized scooter services operating within the corporate limits of the City of Miami ("city"), as permitted. This article is intended to govern the operation of motorized scooters and motorized scooter services within the city to ensure that they are consistent with the safety and well-being of all bicyclists, pedestrians, and other users of the public rights-of-way. This article shall not apply to any sidewalk/sidewalk area funded by the Federal Government except as expressly allowed by United States Department of Transportation Secretary or as expressly allowed by 23 United States Code Section 217(h). The pilot program under this article shall apply to the area of the city within city commission district 2. Motorized scooters are not authorized by the pilot program under this article in any area of the city other than city commission district 2.
(Ord. No. 13795, § 2, 10-11-18; Ord. No. 13862, § 2, 9-26-19)

Sec. 8-9. Definitions.

As used in this article the following definitions apply:

Applicable state laws shall mean all general laws of the State of Florida relating to mobility devices and motorized scooters. This pilot program will operate in a manner consistent with and subject to applicable general laws of the state including, without limitation, F.S. §§ 316.003, 316.008, 316.2065, and 316.2128, and the entirety of F.S. ch. 316, the "Florida Uniform Traffic Control Law", as amended. The city in this article reserves all municipal home rule powers to impose more restrictive public safety, insurance, licensing, data sharing, parking, and similar requirements.

Application programming interface key (API Key) shall mean a code passed in by computer programs calling an application programming interface ("API") to identify the calling program, its developer, or its user to the web site.

Bicycle shall have the meaning ascribed to it in F.S. § 316.003, as amended.

Bicycle path (bike path) shall generally mean a bikeway separated from motorized traffic and dedicated to cycling or shared with pedestrians or other users, and additionally have the same meaning ascribed to it in F.S. § 316.003, as amended.

Bike lane shall mean a part of the road which is intended to be used in part by people riding bicycles.

License shall mean the document by which a privilege is granted by the city to authorize a person to operate a motorized scooter service within its corporate limits. Any license issued in accordance with this article shall be nonexclusive.

Micromobility device shall have the same meaning ascribed to it in F.S. § 316.003, as amended.

Motorized scooter(s) shall have the meaning ascribed to it in F.S. § 316.003, as amended. Motorized scooter(s) are further defined, in the context of this article, as a device, with an electric motor, designed to transport only one person, exclusively or in combination with the application of human power, which cannot attain a speed of more than 15 miles per hour in bike lanes or streets without the application of human power on a level surface; or more than seven miles per hour on any sidewalk, baywalk, or in parks.

Motorized scooter user shall mean a person driving a motorized scooter.

Motorized scooter service shall mean a system in which motorized scooters are made available for shared use to individuals on a short-term basis for a price or fee.

Operator shall mean an individual or company that has been issued a license pursuant to this article and/or pursuant to any appropriate procurement process, if approved by the city commission, as may be later determined by the city commission to be applicable, as outlined in chapter 18 of this Code.

Rebalance shall mean moving motorized scooters from an area of low demand to an area of high demand.

Sidewalk means that portion of the public right-of-way between the back of curb lines or the lateral lines of a non-driving lane separated by curb and the adjacent property lines, where a three-foot minimum clearance is available to pedestrians and intended for public use. There may also be a median strip or road verge (a strip of vegetation, grass or bushes or trees or a combination of these) either between the sidewalk and the roadway or between the sidewalk and the adjacent property line (also described as "right-of-way line" or "building baseline").

Sidewalk area includes bike lanes and bike path, as well as the sidewalk width perpendicular to the road times the sidewalk length along and parallel to the road.

Transit facility means a facility providing accommodations by public, private, or nonprofit entities for the conveyance of persons from one place to another by means of a transportation system, including but not limited to: bus terminal, railroad station, freight terminal, airport, helistop or seaport.
(Ord. No. 13795, § 2, 10-11-18; Ord. No. 13862, § 2, 9-26-19)

Sec. 8-10. Rules and regulations.

(a) The city manager, or his or her designee, may administratively issue, promulgate and establish additional rules and regulations, consistent with this article and applicable state and federal laws, as determined to affect the policy of this article. The rules may include standard operating procedures ("SOP") addressing issues with persons under the age of 18 operating motorized scooters in violation of this article. All additional rules and regulations shall be made available on the city's website.

(b) Pilot program. The city hereby continues the pilot program (the "pilot term"), as may be extended subject to section 2-33 of the City Code, for the continued operation of temporary pilot program licenses within the boundaries of commission district 2 or as authorized by ordinance.

(1) Operators shall have a maximum initial fleet of 100 motorized scooters. Operators participating in the first six months of the pilot program enacted by Ordinance 13795 may retain their current fleet size. operators commencing the pilot program on or after November 1, 2019 will have a maximum fleet size of 50 motorized scooters during the first two weeks of their participation, and thereafter 100 motorized scooters.

(2) The city shall allow operators to increase their fleet size on a monthly basis by a maximum of 25 percent if operator's usage data demonstrates that their fleet provides on average more than three rides per motorized scooter per day. The increase in vehicles on the street or sidewalk/sidewalk area shall not exceed the amount required to keep usage rates at or above three rides per motorized scooter per day. The city may also require operators to reduce their fleet size on a monthly basis by 25 percent if operator's usage data demonstrates that their fleet provides on average less than two rides per motorized scooter per day.

(3) Notwithstanding subsection (2), the city retains the right to require operators to reduce their fleet size, to impose a cap on fleet sizes or on the number of operators as is warranted, or cease operations in the event that operators repeatedly fail to timely rebalance or remove vehicles blocking the right of way or provide timely responses to complaints received by the city, each as may be warranted.

(4) During the duration of the pilot program, operators shall designate two local

operational staff who will be responsible for fielding complaints, addressing technical difficulties, coordinating the rebalancing and removal of scooters parked illegally, and providing public education.

(5) On or before the expiration of this pilot program, the city manager or his designee shall report to the city commission on the status of the pilot program. Following the city manager's report, the city commission will consider the city's options relative to the pilot program including: discontinuing, reinstating, or expanding the pilot program, authorizing the city manager to issue a competitive solicitation for a more permanent motorized scooter license program, or such other measures as determined to be in the city's best interests.

(Ord. No. 13795, § 2, 10-11-18; Ord. No. 13862, § 2, 9-26-19)

Sec. 8-11. Application for pilot program license.

(a) A person may not operate, or cause or permit the operation of, a motorized scooter service for the duration of the pilot program without first having obtained a valid pilot program license issued under this article.

(b) A person desiring to obtain a license shall make a written application in a form prescribed by the city manager, or his or her designee, with the applicant being the person who will own, control, or operate the proposed motorized scooter service.

(c) An applicant shall file with the city a verified application statement that, at a minimum, contains the following:

(1) The address of the applicant's operations center within the city, and the address of the applicant's corporate headquarters, if different from the address of the operations center;

(2) A witnessed signature of the applicant;

(3) Documentary evidence from an insurance company indicating that such insurance company has bound itself to provide the applicant with the insurance required by the article;

(4) Documentary evidence from a bonding or insurance company or a bank indicating that the bonding or insurance company or bank has bound itself to provide the applicant with the payment and performance bond or irrevocable letter of credit required by this article;

(5) Documentary evidence indicating that the applicant has applied for and received a current certificate of use, business tax receipt, occupational license, and similar permits and approvals, as applicable;

(6) An agreement to indemnify, hold harmless, and defend the city and the department of off-street parking, also referred to as the Miami Parking Authority ("MPA"), in a form acceptable to the city;

(7) The name of the person designated to receive any and all notices sent by the city to the operator, including their mailing address, telephone number, and e-mail address; and

(8) The name of the person designated to rebalance, remove, and/or relocate motorized scooter(s), including their mailing address, telephone number, and e-mail address.

(d) The application, including new applications and all applications in relation to any extension(s), renewal(s), or reinstatements of the pilot program, shall be accompanied by a non-refundable licensing fee of $50,000.00, which shall be used to offset any costs to the city and/or the department of off-street parking, also referred to as the MPA, related to enforcement of this section. Any excess licensing fees shall be designated for sidewalk/sidewalk area and/or street improvements within the pilot program area. Any extension, renewal or reinstatement of the pilot program will require all operators to comply with all requirements of the pilot program license, including payment of the fee, required insurance and bond.

(e) A pilot program license shall expire at the conclusion of the applicable pilot program.

(f) In the event that the pilot program is reinstated by vote of the city commission, pilot program license(s) may be renewed following the same process set forth in this section.

(g) The city manager, or his or her designee, reserves the right to cancel any license, if there is a violation of the article, violations involving public health, safety or general welfare, failure to maintain the required insurance or bonding or otherwise comply with this article, or for other good and sufficient cause as determined by the city manager in his or her sole discretion.
(Ord. No. 13795, § 2, 10-11-18; Ord. No. 13862, § 2, 9-26-19)

Sec. 8-12. Motorized scooter fee.

In addition to the non-refundable licensing fee set forth in section 8-11, operators shall remit to the city a motorized scooter fee in an amount of $1.00 per motorized scooter per day. The motorized scooter fee shall be calculated monthly based on the number of scooters authorized by the city of the current period. Payments shall be paid in full by the operators and received from the city within 30 days of when invoiced. During the duration of the pilot program, this motorized scooter fee shall be designated for sidewalk/sidewalk area, and/or street improvements within pilot program area.
(Ord. No. 13795, § 2, 10-11-18; Ord. No. 13862, § 2, 9-26-19)

Sec. 8-13. Motorized scooter parking.

(a) Motorized scooters must be parked on a sidewalk or other hard surface, beside a bicycle rack, or at a city-owned location. Motorized scooters may only be parked on private property with the permission of the property owner.

(b) Motorized scooters may not be parked at bicycle docking stations located on city and/or MPA property with an existing agreement.

(c) Motorized scooters must be upright while parked.

(d) Motorized scooters may not be parked in a manner that would impede normal and reasonable pedestrian access on a sidewalk or in any manner that would reduce the minimum clear width of a sidewalk to less than three feet.

(e) Motorized scooters may not be parked in a manner that would impede vehicular traffic.

(f) Motorized scooters may not be parked in a manner that would impose a threat to public safety or security.

(g) Motorized scooters may not be parked on a block where the sidewalk is at any point less than six feet in width, or on a block that does not have sidewalks.

(h) Motorized scooters may not be parked in a visibility triangle as defined in section 54-1 of this Code, measured in accordance with Section 3.8.4 of Miami 21 Code, the zoning ordinance of the City of Miami, Florida, as amended.

(i) Motorized scooters must be parked in a manner that is compliant with the applicable provisions of the Americans with Disabilities Act of 1990.

(j) Motorized scooters may not be parked in a way that blocks:

(1) Fire hydrants call boxes or other emergency facilities;

(2) Transit facilities;

(3) Loading spaces or zones;

(4) Passenger loading spaces or zones, or valet parking service areas;

(5) Railroad tracks or crossings;

(6) Disabled or prohibited parking zones;

(7) Street furniture that requires pedestrian access (for example, benches, parking pay stations, or bicycle/news racks);

(8) Window displays;

(9) Building entryways; or

(10) Vehicular driveways.

(k) Motorized scooters that are parked in an incorrect manner must be re-parked, removed and/or relocated by an operator within two hours of receiving notification from the city.

(l) The city or the MPA may identify designated motorized scooter parking zones in order to guide riders to preferred parking zones and assist with the orderly parking of motorized vehicles throughout the city.

(m) Motorized scooter users should provide a picture of the parked scooters at the end of their use so as to assure they are not blocking pedestrian walkways, parked in a hazardous manner, etc. In the event the city established any marked and designated motorized scooter parking corrals, scooters shall park in available spaces within such corrals.

(n) Parking violations, including disabled parking space violations, will be subject to remedies as are provided by state uniform traffic control laws, this article, and section 1-13 of the City Code, titled "General penalty." Violations may be issued to motorized scooter drivers or operators. Remedies are cumulative and not exclusive.
(Ord. No. 13795, § 2, 10-11-18; Ord. No. 13862, § 2, 9-26-19)

Sec. 8-14. Operations; remedies.

(a) No one under the age of 18 shall operate a motorized scooter. Persons under 18 years of age may not be motorized scooter users or passengers. No more than one person, 18 years of age or older, may ride a motorized scooter at any one time. There shall be a fine of $100.00 imposed for each instance that an unregistered person is found to be a user or passenger.

(b) Operators shall comply with all applicable rules, regulations, and laws, including any additional rules and regulations promulgated by the city manager, or his or her designee. Operators should encourage the use of a bicycle helmet that is properly fitted and is fastened securely upon the passenger's head by a strap, and that meets the federal safety standard for bicycle helmets, Final Rule, 16 C.F.R. Part 1203.

Motorized scooter users shall be subject to all rules, regulations, and laws, including any additional rules and regulations promulgated by the city manager, or his or her designee, applicable to motorized scooter user, except those which, by their very nature, can have no application. The city manager may consider the following factors in promulgating the rules: The National Association of City Transportation Officials recommendations, inclusive of, cities should require licensees/operators to come to agreement with the city on procedures and protocols for:

- Extreme weather (e.g. blizzards, hurricanes, floods)
- Emergencies (e.g. earthquakes, fires, etc.)
- Special events (e.g. marathons, events, parades, film shoots, etc.)
- Maintenance (e.g. debris and trash removal) for small vehicle parking zones. Operators shall at all times maintain a staffed operations center within the city;

(c) Operators shall maintain a 24-hour customer service phone number prominently posted on each motorized scooter for customers and citizens to report safety concerns, make complaints, ask questions, or request that a motorized scooter(s) be relocated.

(d) Operators shall provide the city with the contact information for someone who can rebalance, remove, and/or relocate motorized scooter(s). The operator shall rebalance, remove, and/or relocate a motorized scooter(s) within two hours of receiving notification from the city. An operator shall notify the city within 24 hours of a change in contact information.

(e) Any motorized scooter that is removed due to maintenance or safety issues shall be repaired before being returned to service.

(f) The city and/or MPA may, without prior notice to the operator or motorized scooter user, remove any motorized scooter(s) that is/are visibly damaged or non-functional, or blocking the public right-of-way, or located outside the pilot program area, and take it to a MPA or other city facility for storage, at the sole expense of an operator. The city and/or MPA shall charge a fee of not to exceed $25.00 per scooter for removal and storage. The city and/or the MPA shall

invoice the operator for the cost of removal and storage. Any motorized scooter that remains unclaimed with the city and/or MPA for five days is subject to sale pursuant to the procedures for abandoned or lost property set forth in F.S. § 705.103, or by any other method allowed by the laws of the State of Florida or the city.

(g) Motorized scooters must be well maintained and in good operating condition.

(h) Motorized scooters must be of a high quality and sturdily built to withstand the effects of weather and constant use for a period of no less than five years.

(i) Motorized scooters must be rebalanced on a daily basis.

(j) Motorized scooters shall not display any third-party advertising.

(k) Each motorized scooter shall be equipped with active global positioning system (GPS) technology.

(l) Each motorized scooter shall display the name of the operator, (and if it can be accommodated the local business address) along with a unique identification number. Each motorized scooter shall have an identification number ("ID NO. #") matching motorized scooter "QR code" and each digit within the ID NO. # must be at least two inches in height. Each ID NO. # must be placed on both sides of the vertical post of the scooter. This will aid reporting, monitoring, and compliance issues.

(m) Operators shall educate persons operating motorized scooters regarding the rules, regulations, and laws applicable to riding, operating, and parking a motorized scooter. An operator's mobile application must provide information notifying a motorized scooter user that:

(1) Motorized scooters may be operated on bike paths, bike lanes, including those within city parks, and the baywalk, streets, or sidewalks/sidewalk areas in a manner similar to bicycles;

(2) Motorized scooters are to be operated at a person's own risk, and that no representation is being made by the city as to the condition of any sidewalk, street, road, bike path, lane, baywalk, or sidewalk area;

(3) Motorized scooter users shall at all times yield to pedestrians and shall give an audible signal before overtaking and passing such pedestrian;

(4) The use of helmets while operating a motorized scooter is strongly encouraged;

(5) Operators will require every motorized scooter user to pass a motorized scooter safety education training as is provided by the operator;

(6) Operators will require every motorized scooter user to show or scan a photographic identification, which shall be a driver's license, a state identification, or a passport, which must indicate that every motorized scooter user is at least 18 years old;

(7) Operators must show every motorized scooter user a clear and legible map of the mandated geofenced areas within the city. For purposes of this article a geofenced area is simply a virtual fence or a perimeter around a physical location where motorized scooters are allowed to operate pursuant to this article; and

(n) Operators will implement marketing and targeted community outreach plans, at their own expense, and to the satisfaction of the city, to promote the use of motorized scooters, particularly in low-income communities, and provide education regarding the rules, regulations and laws applicable to riding, operating, and parking a motorized scooter, as well as safe, prudent, defensive, and courteous operation.

(o) Operators shall work with local businesses or other organizations to promote the use of helmets by persons operating motorized scooters through partnerships, promotional credits, and other incentives.

(p) Operators shall not place or attach any fixtures, structures, or personal property, other than a motorized scooter, in the public right-of-

way without the written permission of the city manager or his or her designee. Permission to place any items in the public right-of-way must be incorporated into the license.

(q) If the city, or MPA, incurs a cost in addressing or abating any violation of this article, or incurs any cost of repair or maintenance of any public property resulting from the use of motorized scooters, the operator shall reimburse the city for the full cost within 30 days of receiving written notification from the city.

(r) Motorized scooter users shall have all of the rights and duties applicable to a rider of a bicycle riders under F.S. § 316.2065, titled "Bicycle regulations," except the duties imposed by F.S. §§ 316.2065(2), (3)(b), and 3(c), which by their nature do not apply. However, this section may not be construed to prevent the city, through the exercise of its powers under F.S. § 316.008, from adopting an ordinance such as this article governing the operation of micromobility devices, motorized scooters on streets, highways, sidewalks, and sidewalk areas under the city's jurisdiction.

(s) Motorized scooter users, pursuant to subsection (r) above, who are in violation of this article, or in violation of applicable state laws including State Uniform Traffic Control Laws, will be subject to enforcement as provided by applicable Florida Laws, this article, and as set forth section 1-13 of the City Code, titled "General penalty." Remedies are cumulative and are not exclusive.

(Ord. No. 13795, § 2, 10-11-18; Ord. No. 13862, § 2, 9-26-19)

Sec. 8-15. Data sharing.

(a) Operators shall cooperate with the city in the collection and analysis of aggregated data concerning its operations. All data furnished under section 8-15 will be in a form reasonably acceptable to the chief information officer of the city. Operators shall provide the city with real-time information on all motorized scooters operating within its boundaries through a documented API. Operators shall provide the city manager, and his or her designee under section 8-15, the chief information officer, with the procedure and credentials to authenticate to the API.

(b) Operators shall publish to the API (1) the point location, and (2) identification number for each motorized scooter. The city shall be permitted to display real-time data provided via the API and may publish real-time motorized scooter availability data to the public.

(c) Operators shall also provide the following anonymized data for each trip record through the API:

Field Name	Format	Description
Company Name	[Company Name]	N/A
Trip Record Number	XXX0001, XXX0002, XXX0003, …	3-Letter Company Acronym + Consecutive Trip Number
Trip Duration	MM:SS	N/A
Trip Distance	Feet	N/A
Start Date	MM/DD/YYYY	N/A
Start Time	HH:MM:SS (00:00:00 -	N/A
End Date	MM/DD/YYYY	N/A
End Time	HH:MM:SS (00:00:00 -	N/A
Start Location	XY or Lat/Lon Coordinates XY or Lat/Lon Coordinates	N/A
End Location	XY or Lat/Lon Coordinates	N/A
Identification Number	xxxx1, xxxx2, …	Unique Identification for Every Motorized Scooter

Route: Licensee will create a GeoJSON Feature Collection where every observed point in the route, plus a time stamp, should be included. The route must include at least two points, a start point and end point. Additionally, it must include all possible GPS samples collected by a provider.

Standard Cost: The cost, in cents that it would cost to perform that trip in the standard operation of the system.

Actual Cost: The actual cost in cents paid by the user for the trip.

(d) Operators shall provide the city's department of innovation and technology with well-developed data through the mobility data standard ("MDS") in two different feeds: real-time/current information; and historical information. In-trip, route telemetry data is required for analysis in MDS Historical feeds, but may be excluded from the MDS Realtime feed. However, operators must provide scooter availability in real-time for enforcement purposes.
(Ord. No. 13795, § 2, 10-11-18; Ord. No. 13862, § 2, 9-26-19)

Sec. 8-16. Insurance requirements.

(a) An operator shall procure and keep in full force and effect no less than the insurance coverage required by this section through a policy or policies written by an insurance company or companies authorized to do business in Florida, who are rated A- (V) or better per A.M. Best's Key Rating Guide.

(b) The insured provisions of the policy or policies must list the city, the MPA, their officers and employees as additional insureds, and the coverage provisions must provide coverage for any loss or damage that may arise to any person or property by reason of the operation of a motorized scooter.

(c) An operator shall maintain the following insurance coverages:

(1) Commercial general liability with limits of $2,000,000.00 per occurrence, $5,000,000.00 policy aggregate affording coverage for claims resulting from bodily injury (including death) and property damage. The policy shall be written on a primary and noncontributory basis, and should insure against premises and operations, personal injury, and contingent and contractual exposures.

(2) Automobile/motorcycle liability affording coverage on all motor vehicles/scooters used in connection with the operations or activities contemplated under this article. The operator should furnish the city with a policy affording coverage on all owned autos and scooters, including coverage for hired and non-owned auto exposures, with a combined single limit for bodily injury (including death) and property damage of $2,000,000.00 per accident.

(3) Workers compensation subject to the statutory limits of the State of Florida.

(4) The city retains the right to require additional insurance coverage in connection with the activities performed by the operator under this article as may be determined by the city risk management director, considering the size of the fleet and other liability insurance related factors.

(5) Failure to maintain required insurance coverage is cause for immediate cancellation of the license by the city manager or his or her designee.

(d) Any insurance policy required by this section must be on file with the risk management department, in a form acceptable to the city manager, or his or her designee, prior to the issuance of a License under this article.

(e) Insurance required under this section must include a cancelation provision in which the insurance company is required to notify both the operator and city manager, or his or her designee, in writing not fewer than 30 days before cancelling any insurance policy or before making a reduction in coverage. An operator, upon receiving said notice, shall file with the risk management department, in a form acceptable to the city manager, or his or her designee, any and all replacement insurance policies prior to the cancelation or reduction of the same.

(f) An operator may not be self-insured.
(Ord. No. 13795, § 2, 10-11-18)

Sec. 8-17. Payment and performance bond or irrevocable letter of credit.

(a) An operator shall submit to the risk management department a payment and performance bond, in a format as prescribed in F.S. § 255.05, and in a form acceptable to the city manager, or his or her designee, prior to the issuance of a license under this article.

(b) Alternatively, an operator may post an irrevocable letter of credit issued by a bank authorized to transact business in Florida.

(c) The payment and performance bond or irrevocable letter of credit shall be in the sum of $50,000.00, and must list the operator as principal and be payable to the city.

(d) The payment and performance bond or irrevocable letter of credit must remain in effect for the duration of the license.

(e) Cancellation of the payment and performance bond or irrevocable letter of credit does not release the operator from the obligation to meet all requirements of this article and license. If the payment and performance bond or irrevocable letter of credit is cancelled, the license shall be suspended on the date of cancelation and the operator shall immediately cease operations until the operator provides the city manager, or his or her designee, with a payment and performance bond or irrevocable letter of credit that meets the requirements of this section.
(Ord. No. 13795, § 2, 10-11-18; Ord. No. 13862, § 2, 9-26-19)

Sec. 8-18. Indemnification.

Operators shall indemnify, defend, and hold harmless the city, the MPA, jointly and severally, and their respective officers, employees, agents and instrumentalities from any and all liability, losses or damages, including any and all attorneys' fees and costs of defense, which the city and its officers, employees, agents and instrumentalities may incur as a result of claims, demands, suits, causes of actions or proceedings of any kind or nature including, but not limited to, personal injury or wrongful death, property loss or damage, the conditions and features on all sidewalks and sidewalk areas, bike lanes or bike paths, streets, bay walks, or other areas within the city on which a motorized scooter is operated, to the extent arising out of or in any way connected with the operation of the motorized scooter service or use of a motorized scooter. Operators shall pay all claims and losses in connection therewith and shall investigate and defend all claims, suits or actions of any kind or nature in the name of the city, where applicable, including administrative, trial, and appellate proceedings, and shall pay all costs, judgments, and attorneys' fees which may issue thereon. Operators shall expressly understand and agree that any insurance protection required by this article, or otherwise provided or secured by an operator, shall in no way limit the responsibility to indemnify, defend and hold harmless the city, the MPA, or their officers, employees, agents and instrumentalities as required by this section. The obligation to indemnify, defend, and hold harmless will survive the revocation, cancellation, or expiration of a license. The operators will acknowledge on the license application form, which will include this indemnification in substantially the language provided by this section, that the granting of the license is, in part, conditioned on the granting of this indemnification which is knowingly and voluntarily given by the operators.

Motorized scooters are only authorized to be used in the pilot program area of commission district 2. Motorized scooter use outside the pilot program area is not lawful, is not authorized and operators shall defend, hold harmless and indemnify the city and MPA for every, any, and all liabilities, losses or damages, including any and all attorneys' fees and costs of defense, which the city and its officers, employees, agents and instrumentalities may incur as a result of claims, demands, suits, causes of actions or proceedings of any kind or nature for motorized scooters operating outside the pilot program area including, without limitation, those listed in this section and the impoundment, seizure, and possible sale of motorized scooters operating anywhere outside of the pilot program area in

the city. In addition to other remedies available the city may make a claim against the payment and performance bond or letter of credit submitted by the operator and/or effectuate a revocation of their license.
(Ord. No. 13795, § 2, 10-11-18; Ord. No. 13862, § 2, 9-26-19)

Sec. 8-19. Expiration.

The motorized scooter pilot program will, by virtue of this two-month extension, commence on November 1, 2019 and automatically terminate on January 1, 2020. Any further extension of this pilot program may be approved by resolution, subject to pilot program limitations set forth in section 2-33 of the City Code, as amended. This will not preclude the city from making this a permanent program.
(Ord. No. 13795, § 2, 10-11-18; Ord. No. 13862, § 2, 9-26-19)

Article XIII. Reserved

ARTICLE I. IN GENERAL*

DIVISION 1. BUILDING CODE

The "South Florida Building Code" and the "South Florida Building Code, Dade County edition", will remain in effect, and enforced in the city, for all plans submitted and pending prior to the date the Florida Building Code was implemented. All plans submitted after the Florida Building Code was implemented shall be governed by the "Florida Building Code, as amended" and Chapter 8 of the Code of Ordinances of Miami-Dade County, Florida, as amended (hereinafter referred to as "Chapter 8 of the County Code"). Following implementation of the "Florida Building Code," the "Florida Building Code, as amended" and "Chapter 8 of the County Code" shall be enforced in the city. A copy of this Building Code is on file in the City Clerk's office.

Any and all liens referenced or imposed based on the foregoing provision or Chapter 8 of the County Code shall be treated as special assessment liens against the subject real property, and until fully paid and discharged, shall remain liens equal in rank and dignity with the lien of ad valorem taxes, and shall be superior in rank and dignity to all other liens, encumbrances, titles and claims in, to or against the real property involved. Interest at the rate of 8% per annum shall accrue to such delinquent accounts. Such liens shall be enforced by any of the methods provided in Chapter 86, Florida Statutes, in the alternative, foreclosure proceedings may be instituted and prosecuted under the provisions applicable to practice, pleading and procedure for the foreclosure of mortgages on real estate set forth in state statutes, or may be foreclosed pursuant to Chapters 170 and 173, Florida Statutes, or the collection and enforcement of payment thereof may be accomplished by any other method authorized by law. The property owner shall pay all costs of collection, including reasonable attorney fees, incurred in the collection of fees, service charges, penalties and liens imposed by virtue of this Section.

This Division, as adopted, shall be construed as amended for purposes of application and incorporation by reference of to the Florida Building Code, as amended. All references to administrative codes shall be presumed to be as amended.

Sec. 10-1. Scope and application.

The provisions of this Code Division shall apply to the construction, alteration, relocation, enlargement, replacement, repair, equipment, use and occupancy, location, maintenance, removal and demolition of every building or structure or any appurtenances connected or attached to such buildings or structures.

Exceptions: Detached one-and two-family dwellings and multiple single-family dwellings (townhouses) not more than three stories above grade plane in height with a separate means of egress, and their accessory structures not more than three stories above grade plane in height, shall comply with the Florida Building Code,

*__Editor's note—__Ord. No. 14279, § 2, adopted May 9, 2024, repealed and reenacted article I in its entirety to read as herein set out. Formerly, article I, sections 10-1-10-10-9 pertained to similar subject matter, and derived from the Code of 1967, §§ 9-1, 9-2; the Code of 1980, §§ 10-1, 10-2; Ord. No. 11633, § 2, adopted March 31, 1998; Ord. No. 11725, § 1, adopted November 17, 1998; Ord. No. 11795, § 2, adopted May 11, 1999; Ord. No. 12030, § 2, adopted March 8, 2001; Ord. No. 12155, § 1, adopted November 15, 2001; Ord. No. 12237, § 1, adopted June 13, 2002; Ord. No. 12663, § 1, adopted March 10, 2005; Ord. No. 12834, § 2, adopted September 12, 2006; Ord. No. 12950, § 2, adopted October 25, 2007; Ord. No. 12978, § 2, adopted May 8, 2008; Ord. No. 13009, § 2, adopted July 10, 2008; Ord. No. 13036, § 2, adopted November 13, 2008; Ord. No. 13108, § 3, adopted October 8, 2009; Ord. No. 13200, § 2, adopted September 27, 2010; Ord. No. 13313, § 2, adopted February 23, 2012; Ord. No. 13365, § 2, adopted March 14, 2013; Ord. No. 13391, § 2, adopted June 13, 2013; Ord. No. 13569, § 1, adopted October 22, 2015; Ord. No. 13595, § 2, adopted February 11, 2016; Ord. No. 13630, § 2, adopted September 8, 2016; Ord. No. 13658, § 2, adopted February 9, 2017; Ord. No. 13717, § 2, adopted December 14, 2017; Ord. No. 13762, § 2, adopted April 12, 2018; Ord. No. 13784, § 2, adopted September 13, 2018; Ord. No. 13800, § 2, adopted October 25, 2018; Ord. No. 13929, § 2, adopted October 8, 2020; Ord. No. 13935, § 2, adopted October 22, 2020; Ord. No. 13951, § 2, adopted December 10, 2020; Ord. No. 13969, § 2, adopted February 25, 2021; Ord. No. 13970, § 2, adopted February 25, 2021; Ord. No. 14062, § 2, adopted April 28, 2022; Ord. No. 14192, § 2, adopted July 27, 2023; Ord. No. 14207, § 2, adopted September 28, 2023, and Ord. No. 14240, § 2, adopted December 14, 2023.

The text of article I, divisions 1 and 2, sections 10-1—10-18, has been codified as it appears in Ord. No. 14279, § 2, adopted May 9, 2024.

Residential. Code requirements that address snow loads and earthquake shall not be utilized or enforced.

a. Provisions in the appendices shall not apply unless specifically adopted. Florida Building Code, Residential Construction standards or practices which are not covered by Florida Building Code, Residential volume shall be in accordance with the provisions of Florida Building Code, Building.

b. Intent. The purpose of this Code is to establish the minimum requirements to provide a reasonable level of safety, public health and general welfare through structural strength, means of egress facilities, stability, sanitation, adequate light and ventilation, energy conservation, and safety to life and property from fire and other hazards attributed to the built environment and to provide a reasonable level of safety to fire fighters and emergency responders during emergency operations.

c. Quality Control. Quality control of materials and workmanship is not within the purview of this Code except as it relates to the purposes stated herein.

d. Warranty and Liability. The Permitting, plan review or inspection of any building, system or plan by this jurisdiction, under the requirements of this Code, shall not be construed in any court as a warranty of the physical condition of such building, system or plan or their adequacy. This jurisdiction shall not be liable in tort for damages or hazardous or illegal condition or inadequacy in such building, system or plan, nor for any failure of any Component of such, which may occur subsequent to such inspection or Permitting.

e. Referenced Codes. The other Codes listed in this Section and referenced elsewhere in this Code shall be considered part and parcel of the requirements of this Code to the prescribed extent of each such reference.

f. Gas. The provisions of the Florida Building Code, Fuel Gas shall apply to the installation of gas piping from the point of delivery, gas appliances and related accessories as covered in this Code. These requirements apply to gas piping systems extending from the point of delivery to the inlet connections of appliances and the installation and operation of residential and commercial gas appliances and related accessories.

g. Mechanical. The provisions of the Florida Building Code, Mechanical shall apply to the installation, alterations, repairs and replacement of mechanical systems, including equipment, appliances, fixtures, fittings and/or appurtenances, including ventilating, heating, cooling, air-conditioning and refrigeration systems, incinerators and other energy related systems.

h. Plumbing. The provisions of the Florida Building Code, Plumbing shall apply to the installation, alteration, repair and replacement of plumbing systems, including equipment, appliances, fixtures, fittings and appurtenances, and where connected to a water or sewage system and all aspects of a medical gas system.

i. Property maintenance: Reserved

j. Fire prevention. For provisions related to fire prevention, refer to the Florida Fire Prevention Code. The Florida Fire Prevention Code shall apply to matters affecting or relating to structures, processes and premises from the hazard of fire and explosion arising from the storage, handling or use of structures, materials or devices; from conditions hazardous to life, property or public welfare in the occupancy of structures or premises; and from the construction, extension, repair, alteration or removal of fire suppression, automatic sprinkler systems and alarm systems or fire hazards in the structure or on the premises from occupancy or operation.

k. Energy. The provisions of the Florida Building Code, Energy Conservation shall

apply to all matters governing the design and construction of buildings for energy efficiency.

l. Existing Buildings. The provisions of the Florida Building Code, Existing Building shall apply to matters governing the repair, alteration, change of occupancy, addition to and relocation of existing buildings.

m. Accessibility. For provisions related to accessibility, refer to the Florida Building Code, Accessibility.

n. Manufactured buildings. For additional administrative and special Code requirements, see Section 458, Florida Building Code, Building, and Rule 61-41 F.A.C.

o. Construction Safety Standards. OSHA standards, as amended, are herein incorporated by reference. The Building Official may issue a Stop-Work Order or deny the issuance of a Certificate of Completion or Temporary Certificate of Completion upon the discovery of any violations of Occupational Safety and Health Administration standards or Chapter 33, Florida Building Code.

(Ord. No. 14279, § 2, 5-9-24)

Sec. 10-2. Applicability in general.

Where there is a conflict between a general requirement and a specific requirement, the specific requirement shall be applicable. Where, in any specific case, different Sections of this Code specify different materials, methods of construction or other requirements, the most restrictive shall govern.

a. The Florida Building Code does not apply to, and no Code Enforcement action shall be brought with respect to, zoning requirements, land use requirements and owner specifications or programmatic requirements which do not pertain to and govern the design, construction, erection, alteration, modification, repair or demolition of public or private buildings, structures or facilities or to programmatic requirements that do not pertain to enforcement of the Florida Building Code. Additionally, this Division may not administer or enforce the Florida Building Code, Building to prevent the citing of any publicly owned facility, including, but not limited to, correctional facilities, juvenile justice facilities, or state universities, community colleges, or public education facilities, as provided by law.

b. Building. The provisions of the Florida Building Code shall apply to the construction, erection, alteration, modification, repair, equipment, use and occupancy, location, maintenance, removal and demolition of every public and private building, structure or facility or floating residential structure, or any appurtenances connected or attached to such buildings, structures or facilities. Additions, alterations, repairs and changes of use or occupancy group in all buildings and structures shall comply with the provisions provided in the Florida Building Code, Existing Building. The following buildings, structures and facilities are exempt from the Florida Building Code as provided by law, and any further exemptions shall be as determined by the legislature and provided by law:

1. Building and structures specifically regulated and preempted by the federal government.

2. Railroads and ancillary facilities associated with the railroad.

3. Nonresidential farm buildings on farms.

4. Temporary buildings or sheds used exclusively for construction purposes.

5. Mobile or modular structures used as temporary offices, except that the provisions of Part II (Sections 553.501-553.513, Florida Statutes) relating to accessibility by persons with disabilities shall apply to such mobile or modular structures. Permits shall be required for structural support and tie-down, electric supply and all other such

utility connections to such mobile or modular structures as required by this jurisdiction.

6. Those structures or facilities of electric utilities, as defined in Section 366.02, Florida Statutes, which are directly involved in the generation, transmission, or distribution of electricity.

7. Temporary sets, assemblies, or structures used in commercial motion picture or television production, or any sound-recording equipment used in such production, on or off the premises.

8. Chickees constructed by the Miccosukee Tribe of Indians of Florida or the Seminole Tribe of Florida. As used in this paragraph, the term "chickee" means an open-sided wooden hut that has a thatched roof of palm or palmetto or other traditional materials, and that does not incorporate any electrical, plumbing, or other non-wood features.

9. Family mausoleums not exceeding 250 square feet (23 m^2) in area which are prefabricated and assembled on site or preassembled and delivered on site and have walls, roofs, and a floor constructed of granite, marble, or reinforced concrete.

10. Temporary housing provided by the Department of Corrections to any prisoner in the state correctional system.

11. A building or structure having less than 1,000 square feet (93 m^2) which is constructed and owned by a natural person for hunting and which is repaired or reconstructed to the same dimension and condition as existed on January 1, 2011, if the building or structure:

    A. Is not rented or leased or used as a principal residence;

    B. Is not located within the 100-year flood plain according to the Federal Emergency Management Agency's current Flood Insurance Rate Map;

    C. Is not connected to an off-site electric power or water supply; and

    D. A drone port as defined in Section 330.41(2), Florida Statutes.

c. In addition to the requirements of Sections 553.79 and 553.80, Florida Statutes, facilities subject to the provisions of Chapter 395, Florida Statutes, and Part II of Chapter 400, Florida Statutes, shall have facility plans reviewed and construction surveyed by the state agency authorized to do so under the requirements of Chapter 395, Florida Statutes, and Part II of Chapter 400, Florida Statutes, and the certification requirements of the federal government.

d. Residential buildings or structures moved into or within a County or Municipality shall not be required to be brought into compliance with the state minimum building Code in force at the time the building or structure is moved, provided:

    1. The building or structure is structurally sound and in occupiable condition for its intended use;

    2. The occupancy use classification for the building or structure is not changed as a result of the move

    3. The building is not substantially remodeled;

    4. Current Fire Code requirements for ingress and egress are met;

    5. Electrical, gas and plumbing systems meet the codes in force at the time of construction and are operational and safe for reconnection; and

    6. Foundation plans are sealed by a professional engineer or architect licensed to practice in this state, if required by the Florida Building

Code, Building for all residential buildings or structures of the same occupancy class.

e. The Building Official shall apply the same standard to a moved residential building or structure as that applied to the remodeling of any comparable residential building or structure to determine whether the moved structure is substantially remodeled. The cost of the foundation on which the moved building or structure is placed shall not be included in the cost of remodeling for purposes of determining whether a moved building or structure has been substantially remodeled.

f. This Section does not apply to the jurisdiction and authority of the Department of Agriculture and Consumer Services to inspect amusement rides or the Department of Financial Services to inspect state-owned buildings and boilers. See Section 102.2.2, Florida Building Code.

1. This Section does not apply to swings and other playground equipment accessory to a one- or two-family dwelling except for electrical service to such playground equipment shall be in accordance with Chapter 27, Florida Building Code. Application of references. References to Chapter or Section numbers, or to provisions not specifically identified by number, shall be construed to refer to such Chapter, Section or provision of this Code.

2. Referenced Codes and standards. The Codes and standards referenced in this Code shall be considered part of the requirements of this Code to the prescribed extent of each such reference and as further regulated in Sections 102.4.1 and 102.4.2, Florida Building Code.

3. Conflicts. Where conflicts occur between provisions of this Division and referenced standards, the provisions of the Florida Building Code or other National and State Codes shall apply.

g. Existing structures. The legal occupancy of any structure existing on the date of adoption of this Division shall be permitted to continue without change, except as otherwise specifically provided in this Division, the Florida Building Code, Existing Building, or the Florida Fire Prevention Code.

1. Buildings not previously occupied. A building or portion of a building that has not been previously occupied or used for its intended purpose in accordance with the laws in existence at the time of its completion shall comply with the provisions of the Florida Building Code, Building or Florida Building Code, Residential, as applicable, for new construction or with any current Permit for such occupancy.

2. Buildings previously occupied. The legal occupancy of any building existing on the date of adoption of this Division shall be permitted to continue without change, except as otherwise specifically provided in this Division, the Florida Fire Prevention Code, or as is deemed necessary by the Building Official for the general safety and welfare of the occupants and the public.

h. Relocation of manufactured buildings. Relocation of an existing manufactured building does not constitute an alteration.

1. A relocated building shall comply with wind speed requirements of the new location, using the appropriate wind speed map. If the existing building was manufactured in compliance with the Standard Building Code (prior to March 1, 2002), the wind speed map of the Standard Building Code shall be applicable. If the existing building was

manufactured in compliance with the Florida Building Code (after March 1, 2002), the wind speed map of the Florida Building Code shall be applicable.

2. A relocated building shall comply with the flood hazard area requirements of the new location, if applicable.

i. Existing mechanical equipment. This Division may not require that existing mechanical equipment located on or above the surface of a roof be installed in compliance with the requirements of the Florida Building Code except during reroofing when the equipment is being replaced or moved and is not in compliance with the provisions of the Florida Building Code relating to roof-mounted mechanical units.

(Ord. No. 14279, § 2, 5-9-24)

Sec. 10-3. Administration and enforcement.

a. For the purposes of this Division, the Building Department shall be comprised of the Director of Building, Building Official, Deputies and all other employees who have the authority to enforce the Florida Building Code.

b. The City of Miami Department charged with the enforcement of this Division and Code is the City of Miami Building Department. The official in charge of Building Code enforcement is the Building Official.

c. Appointment. The Building Official shall be appointed by the City Manager or Designee.

(Ord. No. 14279, § 2, 5-9-24)

Sec. 10-4. Duties of the building official.

The Building Official is hereby authorized and directed to enforce the provisions of this Code and shall faithfully perform these duties without interference; further, shall not be threatened, coerced or otherwise influenced by any person pursuant to applicable Florida law, including but not limited to Section 468.604, Florida Statutes. The Building Official shall have the authority to render interpretations of the Building Code, this Chapter and to adopt policies and procedures in order to clarify the application of its provisions. Such interpretations, policies and procedures shall be in compliance with the intent and purpose of this Division. Such policies and procedures shall not have the effect of waiving requirements specifically provided for by City or State law.

Deputies and employees so designated under Section 10.3.3 of the Code by the Building Official will be referred to in this Section interchangeably using the term Building Official for purposes of plans review, inspections and other functions. The Building Official or Designee shall remain the only parties to have authority to interpret enforcement requirements under this Code and the Florida Building Code and determine procedures which shall be carried out by designated staff.

a. Departmental operations. The Building Official is authorized to establish policies and procedures deemed necessary for general business operations for enforcement; for the processing of Permit applications; for the scheduling and performance of inspections; and for any other purpose consistent with the enforcement of the Florida Building Code or any federal, state or local regulations.

b. Applications and Permits. The Building Official shall receive applications, review construction documents and issue Permits for the erection, and alteration, demolition and moving of buildings and structures, inspection of the premises for which such Permits have been issued and enforce compliance with the provisions under the Florida Building Code and this Code.

1. Determination of substantially improved or substantially damaged existing buildings and structures in flood hazard areas. For applications for reconstruction, rehabilitation, repair, alteration, addition or other improvement of existing buildings or structures located in flood hazard

areas, the Building Official shall determine if the proposed work constitutes substantial improvement or repair of substantial damage. Where the Building Official determines that the proposed work constitutes substantial improvement or repair of substantial damage, and where required by this Code, the Building Official shall require the building to meet the requirements of Section 1612, Florida Building Code or R322 of the Florida Building Code, Residential, as applicable.

c. Notices and orders. The Building Official shall issue all necessary notices or orders to ensure compliance with this Code and Florida law. Notices and orders may be sent via electronic mail or United States Postal Service to the owner of the property and the Contractor listed on the Permit, or as otherwise provided with more specificity by the Code. It is the responsibility of the Permit holder to keep contact information up to date. Non-receipt of notices or orders due to incorrect or outdated contact information shall not exempt compliance with nor extend prescribed deadlines.

d. Inspections. The Building Official shall make all of the required inspections, or the Building Official shall have the authority to accept reports of inspections by approved agencies or individuals. Reports of such inspections shall be in writing and be certified by a responsible officer of such approved agency or by the responsible individual. The Building Official is authorized to engage such expert opinion as deemed necessary to report upon unusual technical issues that arise, subject to the approval of the appointing authority.

e. Identification. The Building Official shall carry proper identification when inspecting structures or premises in the performance of duties under this Code.

f. Right of entry. Where it is necessary to make an inspection to enforce the provisions of this Code, or where the Building Official has reasonable cause to believe that there exists in a structure or upon a premises a condition which is contrary to or in violation of this Code which makes the structure or premises unsafe, dangerous or hazardous, the Building Official is authorized to enter the structure or premises at reasonable times to inspect or to perform the duties imposed by this Code, provided that if such structure or premises be occupied that credentials be presented to the occupant and entry requested. If such structure or premises is unoccupied, the Building Official shall first make a reasonable effort to locate the owner or other person having charge or control of the structure or premises and request entry. If entry is refused, the Building Official shall have recourse to the remedies provided by law to secure entry.

g. Department records. The Building Official shall keep official records of applications received, Permits and certificates issued, fees collected, reports of inspections, and notices and orders issued. Such records shall be retained in the official records for the period required for retention of public records per Chapter 119, Florida Statutes.

h. Liability. The Building Official, member of the board of appeals or employee charged with the enforcement of this Code, while acting for the jurisdiction in good faith and without malice in the discharge of the duties required by this Code or other pertinent law or ordinance, shall not thereby be civilly or criminally rendered liable personally and is hereby relieved from personal liability for any damage accruing to persons or property as a result of any act or by reason of an act or omission in the discharge of official duties. Any suit instituted against an officer or employee because of an act performed by that officer or employee in

the lawful discharge of duties and under the provisions of this Code shall be defended by legal representative of the jurisdiction until the final termination of the proceedings. The Building Official or any subordinate shall not be liable for cost in any action, suit or proceeding that is instituted in pursuance of the provisions of this Code.

i. Approved materials and equipment. Materials, equipment and devices approved by the Building Official shall be constructed and installed in accordance with such approval. The use of used materials that meet the requirements of this Code for new materials is permitted. Used equipment and devices shall not be reused unless approved by the Building Official.

j. Modifications. Wherever there are practical difficulties involved in carrying out the provisions of this Code, the Building Official shall have the authority to grant modifications for individual cases, upon application of the owner or owner's representative, provided the Building Official shall first find that the individual special request makes the strict letter of this Code impractical and the modification is in compliance with the intent and purpose of this Code and that such modification does not lessen health, accessibility, life and fire safety, or structural requirements. The details of action granting modifications shall be recorded and entered in the files of the department of building safety.

Flood hazard areas. The Building Official shall coordinate with the floodplain administrator to review requests submitted to the Building Official that seek approval to modify the strict application of the flood resistant construction requirements of the Florida Building Code to determine whether such requests require the granting of a variance pursuant to Section 117, Florida Building Code, also see Chapter 20 of this Code.

k. Alternative materials, design and methods of construction and equipment.

The provisions of this Code are not intended to prevent the installation of any material or to prohibit any design or method of construction not specifically prescribed by this Code, provided that any such alternative has been approved. An alternative material, design or method of construction shall be approved where the Building Official finds that the proposed alternative meets all of the following:

1. The alternative material, design or method of construction is satisfactory and complies with the intent of the provisions of this Code; and
2. The material, method or work offered is, for the purpose intended, not less than the equivalent of that prescribed in this Code as it pertains to the following:
   A. Quality.
   B. Strength.
   C. Effectiveness.
   D. Fire resistance.
   E. Durability.
   F. Safety.

   Where the alternative material, design or method of construction is not approved, the Building Official shall respond in writing, stating the reasons why the alternative was not approved.
3. Research reports. Supporting data, where necessary to assist in the approval of materials or assemblies not specifically provided for in this Code, shall consist of valid research reports from approved sources.
4. Tests. Whenever there is insufficient evidence of compliance with the provisions of this Code, or evidence that a material or method does not conform to the requirements of this Code, or in order to substantiate claims for alternative

materials or methods, the Building Official shall have the authority to require tests as evidence of compliance to be made at no expense to the jurisdiction. Test methods shall be as specified in this Code or by other recognized test standards. In the absence of recognized and accepted test methods, the Building Official shall approve the testing procedures. Tests shall be performed by an approved agency. Reports of such tests shall be retained by the Building Official for the period required for retention of public records.

l. Requirements not covered by Code. The Building Official shall have the authority to establish requirements necessary for strength, stability, or proper operation of an existing or proposed building, structure, electrical, gas, mechanical or plumbing system, or for the public safety, health and general welfare, if they are not specifically covered by this or other technical Codes.

(Ord. No. 14279, § 2, 5-9-24)

Sec. 10-5. Permits.

Permits Required. Any owner or owner's authorized agent who intends to construct, enlarge, alter, repair, move, demolish or change the occupancy of a building or structure, or to erect, install, enlarge, alter, repair, remove, convert or replace any impact-resistant coverings, electrical, gas, mechanical or plumbing system, the installation of which is regulated by this Code, or to cause any such work to be performed, shall first make application to the Building Official and obtain the required Permit.

a. Annual Facility Permit. In lieu of an individual Permit for each alteration to an existing electrical, gas, mechanical, plumbing or interior nonstructural office system(s), the Building Official is authorized to issue an annual Permit for any occupancy to facilitate routine or emergency service, repair, refurbishing, minor renovations of service systems or manufacturing equipment installations/relocations. The Building Official shall be notified of major changes and shall retain the right to make inspections at the facility site as deemed necessary. An Annual Facility Permit shall be assessed with an annual fee and shall be valid for one year from date of issuance. A separate Permit shall be obtained for each facility and for each construction trade, as applicable. The Permit application shall contain a general description of the parameters of work intended to be performed during the year.

1. Annual Facility Permit records. The person to whom an annual Permit is issued shall keep a detailed record of alterations made under such annual Permit. The Building Official shall have access to such records at all times or such records shall be filed with the Building Official as designated.

2. Food Permit. In accordance with Section 500.12, Florida Statutes, a food Permit from the Department of Agriculture and Consumer Services is required of any person who operates a food establishment or retail store.

3. Public swimming pool. The Department may not issue a building Permit to construct, develop, or modify a public swimming pool without proof of application, whether complete or incomplete, for an operating Permit pursuant to Section 514.031, Florida Statutes. A Certificate of Completion or Occupancy may not be issued until such operating Permit is issued. The Department shall conduct their review of the building Permit application upon filing and in accordance with Chapter 553, Florida Statutes. The Department may confer with the Department of Health, if necessary, but may not delay the building Permit applica-

tion review while awaiting comment from the Department of Health.

b. Work exempt from Permit. Exemptions from Permit requirements of this Code shall not be deemed to grant authorization for any work to be done in any manner in violation of the provisions of this Code or any other laws or ordinances of this jurisdiction, to include work in any special flood hazard area. Exemptions granted under this Section do not relieve the owner or Contractor from their duty to comply with applicable provisions of the Florida Building Code, and requirements of the local floodplain management ordinance.

1. Ordinary Minor repairs. Ordinary minor repairs may be made with the approval of the Building Official without a Permit, provided the repairs do not include the cutting away of any wall, partition or portion thereof, the removal or cutting of any structural beam or load-bearing support, or the removal or change of any required means of egress, or rearrangement of parts of a structure affecting the egress requirements; nor shall ordinary repairs include addition to, alteration of, replacement or relocation of any standpipe, water supply, sewer, drainage, drain leader, gas, soil, waste, vent or similar piping, electric wiring systems or mechanical equipment or other work affecting public health or general safety, and such repairs shall not violate any of the provisions of the technical Codes

   Permits shall not be required for the following:

   A. Building:
      i. Wallpapering and similar finish work on interior vertical surfaces.
      ii. Painting one- and two-family dwellings and buildings not more than three stories in height.
      iii. Floor finishes in one- and two-family dwellings.
      iv. Cabinets and countertops in one- and two-family dwellings.
      v. Shade cloth structures constructed for nursery or agricultural purposes, not including service systems.
      vi. Swings and other playground equipment accessory to detached one- and two-family dwellings.
      vii. Non fixed and movable interior fixtures, cases, racks, counters and partitions not over 5 feet 9 inches (1753 mm) in height.
      viii. Ordinary minor repairs (defined in Section 105.2.2, Florida Building Code), provided that such repairs shall not violate any of the provisions of the technical Codes.

   B. Electrical: Repairs and maintenance, including the replacement of lamps or the connection of approved portable electrical equipment to approved permanently installed receptacles are exempt from Permit requirements.

      The following work is also exempt from Permit requirements:

      i. Replacement of lamps/ bulbs.
      ii. Replacement of damaged receptacles outlets, switches lights, circuit breakers by licensed electrical Contractors.
      iii. Replacement of electrical cord equipment with male attachment plug.

iv. Events portable generators 5kw or less.

v. Radio antenna.

vi. Wireless burglar alarm system / cameras.

vii. Trouble shooting interior/ exterior electrical wiring or equipment.

viii. Wireless smoke detectors with a 10- year life lithium battery.

ix. Courtesy inspection to reactivate power disconnected by FPL.

x. Ceiling fans installed or replaced by a licensed Contractor.

xi. Decorative/temporary lighting & displays for no more than 90 days.

xii. Above ground prefabricated whirlpool tubs.

xiii. Ordinary minor repairs (defined in Section 105.2.2, Florida Building Code), provided that such repairs shall not violate any of the provisions of the technical Codes.

Radio and television transmitting stations: The provisions of this Code shall not apply to electrical equipment used for radio and television transmissions but do apply to equipment and wiring for a power supply and the installations of towers and antennas.

Temporary testing systems: A Permit shall not be required for the installation of any temporary system required for the testing or servicing of electrical equipment or apparatus.

C. Gas:

i. Portable heating appliance.

ii. Replacement of any minor part that does not alter approval of equipment or make such equipment unsafe.

D. Mechanical:

i. Portable heating appliance.

ii. Portable ventilation equipment.

iii. Portable cooling unit.

iv. Steam, hot or chilled water piping within any heating or cooling equipment regulated by this Code.

v. Replacement of any part that does not alter its approval or make it unsafe.

vi. Portable evaporative cooler.

vii. Self-contained refrigeration system containing 10 pounds (4.54 kg) or less of refrigerant and actuated by motors of 1 horsepower (0.75 kW) or less.

viii. The installation, replacement, removal or metering of any load management control device.

ix. Repair work performed by licensed mechanical.

x. Contracts that do not exceed $2,500.00 in value of materials and labor.

xi. The following work is also exempt from Permit requirements regardless of the value of materials and

labor when performed by a licensed mechanical Contractor:

1. Repair of air conditioning duct.
2. Repair or replacement of coil, compressor or refrigerant piping by licensed air conditioning or mechanical Contractor.
3. Repair or replacement of non-combustion heating by licensed air conditioning or mechanical Contractors.
4. Repair or replacement ventilation fans.
5. Ordinary minor repairs (defined in Section 10.5 of this Code), provided that such repairs shall not violate any of the provisions of the technical codes.

E. Plumbing:

i. The stopping of leaks in drains, water, soil, waste or vent pipe, provided, however, that if any concealed trap, drainpipe, water, soil, waste or vent pipe becomes defective and it becomes necessary to remove and replace the same with new material, such work shall be considered as new work and a Permit shall be obtained and inspection made as provided in this Code.

ii. The clearing of stoppages or the repairing of leaks in pipes, valves or fixtures and the removal and reinstallation of water closets, provided such repairs do not involve or require the replacement or rearrangement of valves, pipes or fixtures.

iii. Repair work performed by licensed plumbing contracts that does not exceed $2,500.00 in value of materials and labor.

iv. The following work is also exempt from Permit requirements regardless of the value of materials and labor when performed by a licensed plumbing Contractor:

1. Repair or replacement of gas appliances, other than water heater, by licensed plumbing Contractors.
2. Exact change out of an above ground LP tank by LPG licensed Contractor.
3. Repair irrigation system.
4. Repair/replacement of faucets in one- and two-family dwellings.
5. Repair/replacement of water closet/bidet/ fixtures only in one- and two-family dwellings.
6. Repair/replacement of sink/lavatory/ fixtures only in one- and two-family dwellings.

7. Repair/replacement of residential pool equipment other than a pool heater.
8. Repair/replacement of shut off valve on a domestic water line.
9. Repair/replacement of residential sink garbage disposal in one- and two-family dwellings.
10. Repair/replacement of residential dishwasher.
11. Above ground prefabricated whirlpool tubs.
12. Ordinary minor repairs (defined in this Subsection), provided that such repairs shall not violate any of the provisions of the technical codes.

F. Emergency repairs. Where equipment replacements and repairs must be performed in an emergency situation, the Permit application shall be submitted within the next working business day to the Building Official.

G. Public service agencies. A Permit shall not be required for the installation, alteration or repair of generation, transmission, distribution or metering or other related equipment that is under the ownership and control of public service agencies by established right.

c. Application for Permit.

1. To obtain a Permit, the applicant shall first file an application in writing on a form furnished by the Building Department for that purpose.
2. Permit application forms shall be in the format prescribed by a local administrative board, if applicable, and must comply with the requirements of Sections 713.135(5) and (6), Florida Statutes.
3. Each application shall be inscribed with the date of application, and the Code in effect as of that date. For a building Permit for which an application is submitted prior to the effective date of the Florida Building Code, the state minimum building Code in effect in the Permitting jurisdiction on the date of the application governs the permitted work for the life of the Permit and any extension granted to the Permit.
4. Effective October 1, 2017, the Department shall post each type of building Permit application on its website. Completed applications must be able to be submitted electronically to the appropriate building department. Accepted methods of electronic submission include, but are not limited to, e-mail submission of applications in portable document format or submission of applications through an electronic fill-in form available on the building department's website or through a third-party submission management software. Payments, attachments, or drawings required as part of the application may be submitted in person in a nonelectronic format, at the discretion of the Building Official.

d. Action on application. The Building Official shall examine or cause to be examined applications for Permits and amendments thereto within a reasonable time after filing. If the application or the construction documents do not conform to the requirements of pertinent laws,

the Building Official shall reject such application in writing, stating the reasons therein. If the Building Official is satisfied that the proposed work conforms to the requirements of this Code and laws and ordinances applicable thereto, the Building Official shall issue a Permit as soon as practicable. When authorized through contractual agreement with a school board, in acting on applications for Permits, the Building Official shall give first priority to any applications for the construction of, or addition or renovation to, any school or educational facility.

If a state university, Florida college or public school district elects to use the Department's enforcement division, fees charged by the Department for enforcement of the Florida Building Code on buildings, structures, and facilities of state universities, state colleges, and public school districts shall not be more than the actual labor and administrative costs incurred for plans review and inspections to ensure compliance with the Code.

e. Design professional required. No Permit may be issued for any building construction, erection, alteration, modification, repair, or addition unless the following documents (if applicable to the construction for which the Permit issued) are prepared by or under the direction of an engineer registered under Chapter 471. Florida Statutes, or an architect registered under Chapter 481, Part I Florida Statutes:

1. Plumbing documents for any new building or addition which requires a plumbing system with more than 250 fixture units, or which costs more than $125,000.
2. Fire sprinkler documents for any new building or addition which includes a fire sprinkler system which contains 50 or more sprinkler heads. Personnel as authorized by Chapter 633 Florida Statutes, may design a new fire protection system of 49 or fewer sprinklers; may design the alteration of an existing fire sprinkler system if the alteration consists of the relocation, addition or deletion of 249 or fewer sprinklers and the addition of up to 49 sprinklers, as long as the cumulative total number of fire sprinklers being added, relocated, or deleted does not exceed 249 notwithstanding the size of the existing fire sprinkler system; or may design the alteration of an existing fire sprinkler system if the alteration consists of the relocation or deletion of 249 or fewer sprinklers, notwithstanding the size of the existing fire sprinkler system, if there is no change of occupancy of the affected areas, as defined in this Code and the Florida Fire Prevention Code, and there is no change in the water demand as defined in NFPA 13, "Standard for the Installation of Sprinkler Systems," and if the occupancy hazard classification as defined in NFPA 13 is reduced or remains the same as a result of the alteration.
3. Heating, ventilation, and air-conditioning documents for any new building or addition which requires more than a 15-ton-per-system capacity, and which is designed to accommodate more than 100 persons, or for which the system costs more than $125,000. This paragraph does not include any document for the replacement or repair of an existing system in which the work does not require altering a structural part of the building, or for work on a residential one-, two-, three-, or four-family dwelling. The limiting criteria of 100 persons applies to the building occupancy load, and $125,000 applies to the cost for the total air-conditioning system of the building.
4. An air-conditioning system may be designed by an air-conditioning

Contractor certified under Chapter 489, Florida Statutes, to serve any building or addition which is designed to accommodate no more than 100 persons and requires an air-conditioning system with a value of $125,000 or less, provided that the same air-conditioning Contractor performs the installation; and when a 15-ton-per system or less is designed for a singular space of a building and each 15-ton system or less has an independent duct system. Systems not complying with the above require design documents that are to be sealed by a professional engineer.

Example 1: When a space has two 10-ton systems with each having an independent duct system, the installing Contractor may design these two systems since each unit (system) is less than 15 tons.

Example 2: Consider a small single-story office building which consists of six individual offices where each office has a single three-ton package air conditioning heat pump. The six heat pumps are connected to a single water-cooling tower. The cost of the entire heating, ventilation and air-conditioning work is $47,000 and the office building accommodates fewer than 100 persons. Because the six mechanical units are connected to a common water tower, this is considered to be an 18-ton system.

5. Any specialized mechanical, electrical, or plumbing document for any new building or addition which includes a medical gas, oxygen, steam, vacuum, toxic air filtration, halon, or fire detection and alarm system which costs more than $5,000.
6. Electrical documents for any new building or addition which:
   A. Requires an electrical system with a value of more than $125,000, or
   B. Requires an aggregate service capacity of more than 600 amperes (240 volts) on a residential electrical system, or
   C. Requires an aggregate service capacity of more than 800 amperes (240 volts) on a commercial or industrial electrical system, or
   D. Requires a voltage higher than 240 volts.
7. Exception: Simplified Permitting processes. As used in this Section, the term:

   Component means valves, fire sprinklers, escutcheons, hangers, compressors, or any other item deemed acceptable by the local enforcing agency. For purposes of this paragraph, a valve does not include pressure-regulating, pressure-reducing, or pressure-control valves.

   Contractor means a person who Is qualified to engage in the business of electrical or alarm system contracting pursuant to a certificate or registration issued by the department under part II of Chapter 489, Florida Statutes; or Is qualified to engage in the business of fire protection system contracting pursuant to a license or certificate issued by the State Fire Marshal.

   Fire Alarm System Project means a fire alarm system alteration of a total of 20 or fewer initiating devices and notification devices, or the installation or replacement of a fire communicator connected to an existing fire alarm control panel in an existing commercial, residential, apartment, cooperative, or condominium building.

   Fire Sprinkler System Project means a fire protection system alteration of a total of 20 or fewer fire sprinklers

in which the sprinklers are of the same K-factor and located in spaces where there is no change of hazard classification or increased system coverage area, or the installation or replacement of an equivalent fire sprinkler system Component in an existing commercial, residential, apartment, cooperative, or condominium building. For purposes of this paragraph, a Component is equivalent if the Component has the same or better characteristics, including electrical, hydraulic, pressure losses, and required listings and spacing as the Component being replaced.

f. Applications.

1. The Department may require a Contractor, as a condition of obtaining a Permit for a Fire Alarm System Project or Fire Sprinkler System Project, to submit a completed application and payment.
2. A Department may not require a Contractor to submit plans or specifications as a condition of obtaining a Permit for a Fire Alarm System Project or Fire Sprinkler System Project.
3. The Department must issue a Permit for a Fire Alarm System Project or Fire Sprinkler System Project in person or electronically.
4. The Department must require at least one (1) inspection of a Fire Alarm System Project or Fire Sprinkler System Project to ensure compliance with applicable Codes and standards. If a Fire Alarm System Project or Fire Sprinkler System Project fails an inspection, the Contractor must take corrective action as necessary to pass inspection.
5. Documents on site:
   i. For a a Fire Alarm System Project or Fire Sprinkler System Project, a Contractor must keep a copy of the plans and specifications at the Fire Alarm System Project or Fire Sprinkler System Project worksite and make such plans and specifications available to the Inspector at each Inspection.
   ii. For a a Fire Alarm System Project or Fire Sprinkler System Project to alter an existing fire protection system, a Contractor must keep a copy of the plans and specifications at the Fire Alarm System Project or Fire Sprinkler System Project worksite and make such plans and specifications available to the Inspector at each Inspection.
   iii. For a Fire Alarm System Project or Fire Sprinkler System Project to install or replace a Component, a Contractor must keep a copy of the manufacturer's installation instructions and any pertinent testing instructions needed to certify or accept the Component at the Fire Alarm System Project or Fire Sprinkler System Project worksite and make such documents available to the Inspector at each Inspection.

g. All public swimming pools and public bathing places as defined by and regulated under Chapter 514, Florida Statutes.

h. Time limitation of application. An application for a Permit for any proposed work shall be deemed to have been abandoned becoming null and void 180 days after the date of filing, unless such application has been pursued in good faith or a Permit has been issued; except that the Building Official is authorized to grant one or more extensions of time for additional periods not exceeding 90 days

each. The extension shall be requested in writing and justifiable cause demonstrated.

1. The Building Official may not issue a building Permit for any building construction, erection, alteration, modification, repair or addition unless the Permit either includes on its face or there is attached to the Permit the following statement: "NOTICE: In addition to the requirements of this Permit, there may be additional restrictions applicable to this property that may be found in the public records of this county, and there may be additional Permits required from other governmental entities such as water management districts, state agencies, or federal agencies."
2. A building Permit for a single-family residential dwelling must be issued within 30 working days of application therefor unless unusual circumstances require a longer time for processing the application or unless the Permit application fails to satisfy the Florida Building Code or the enforcing agency's laws or ordinances, as amended.
3. Identification of minimum premium policy. Except as otherwise provided in Chapter 440, Florida Statutes, Workers' Compensation, every employer shall, as a condition to receiving a building Permit, show proof that it has secured compensation for its employees as provided in Sections 440.10 and 440.38, Florida Statutes.
4. Asbestos removal. Moving, removal or disposal of asbestos-containing materials on a residential building where the owner occupies the building, the building is not for sale or lease, and the work is performed according to the owner-builder limitations provided in this paragraph. To qualify for exemption under this paragraph, an owner must personally appear and sign the building Permit application. The Permitting agency shall provide the person with a disclosure statement in substantially the following form:

   Disclosure Statement: State law requires asbestos abatement to be done by licensed Contractors. You have applied for a Permit under an exemption to that law. The exemption allows you, as the owner of your property, to act as your own asbestos abatement Contractor even though you do not have a license. You must supervise the construction yourself. You may move, remove or dispose of asbestos-containing materials on a residential building where you occupy the building and the building is not for sale or lease, or the building is a farm outbuilding on your property. If you sell or lease such building within 1 year after the asbestos abatement is complete, the law will presume that you intended to sell or lease the property at the time the work was done, which is a violation of this exemption. You may not hire an unlicensed person as your Contractor. Your work must be done according to all local, state and federal laws and regulations which apply to asbestos abatement projects. It is your responsibility to make sure that people employed by you have licenses required by state law and by county or municipal licensing ordinances.
5. Applicable Code for Manufactured Buildings. Manufacturers should be permitted to complete all buildings designed and approved prior to the effective date of a new Code edition, provided a clear signed contract is in place. The contract shall provide specific data mirroring that required by an application for Permit, specifi-

cally, without limitation, date of execution, building owner or dealer, and anticipated date of completion. However, the construction activity must commence within 6 months of the contract's execution. The contract is subject to verification by the Department of Business and Professional Regulation.

6. The Department may not require a contract between a builder and an owner for the issuance of a building Permit or as a requirement for the submission of a building Permit application.

7. Public right of way. A Permit shall not be given by the Building Official for the construction of any building, or for the alteration of any building where said building is to be changed and such change will affect the exterior walls, bays, balconies, or other appendages or projections fronting on any street, alley or public lane, or for the placing on any lot or premises of any building or structure removed from another lot or premises, unless the applicant has received a right of way Permit from the authority having jurisdiction over the street, alley or public lane.

   i. Conditions of the Permit. The issuance or granting of a Permit shall not be construed to be a Permit for, or an approval of, any violation of any of the provisions of this Code or of any other ordinance of the jurisdiction. Permits presuming to give authority to violate or cancel the provisions of this Code or other ordinances of the jurisdiction shall not be valid. The issuance of a Permit based on construction documents and other data shall not prevent the Building Official from requiring the correction of errors in the construction documents and other data. The Building Official is also authorized to prevent occupancy or use of a structure where in violation of this Code or of any other ordinance of this jurisdiction.

   1. Permit intent. A Permit issued shall be construed to be a license to proceed with the work and not as authority to violate, cancel, alter or set aside any of the provisions of the technical Codes, nor shall issuance of a Permit prevent the Building Official from thereafter requiring a correction of errors in plans, construction or violations of this Code.

      A. If work has commenced and the Permit is revoked, becomes null and void, or expires because of lack of progress or abandonment, a new Permit covering the proposed construction shall be obtained before proceeding with the work.

      B. If a new Permit is not obtained within 180 days from the date the initial Permit became null and void, the Building Official is authorized to require that any work which has been commenced or completed be removed from the building site. Alternately, a new

Permit may be issued on application, providing the work in place and required to complete the structure meets all applicable regulations in effect at the time the initial Permit became null and void and any regulations which may have become effective between the date of expiration and the date of issuance of the new Permit.

C. Work shall be considered to be in active progress when the Permit has received an approved inspection within 180 days. This provision shall not be applicable in case of civil commotion or strike or when the building work is halted due directly to judicial injunction, order or similar process.

D. Pace of Construction. Construction shall proceed at a pace consistent with projects within the jurisdiction that are comparable in scope and complexity. If the Building Official determines that an unusually extended construction period has willfully occurred with no appreciable attempt to advance the construction, they are authorized to impose fines and penalties as proscribed by law. The practice of repetitively scheduling inconsequential inspections to obtain an approval within 180 days, thereby maintaining the Permit active, and/or failure to proceed at a consistent and comparable pace shall be deemed a lack of progress for purposes of revocation of the issued Permit.

E. The fee for renewal reissuance and extension of a Permit shall be set forth by the administrative authority.

F. After the local enforcing agency issues a Permit, the local enforcing agency may not make or require any substantive changes to the plans or specifications except changes required for compliance with the Florida Building Code, the Florida Fire Prevention Code, or the Life Safety Code, or local amendments thereto. If a local enforcing agency makes or requires substantive changes to the plans or specifications after a Permit is issued,

the local enforcing agency must identify the specific plan features that do not comply with the applicable Codes, identify the specific Code, Chapters, Divisions and Sections upon which the finding is based, and provide the information to the Permit holder in writing.

j. Expiration. Every Permit issued shall become invalid unless the work on the site authorized by such Permit is commenced within 180 days after its issuance, or if the work authorized on the site by such Permit holder and property owner shall be responsible to either complete all work in accordance with the permitted plans and inspection or remove any partially completed work in a safe and Code compliant manner. The Building Official is authorized to grant, in writing, one or more extensions of time, for periods not more than 180 days each. The extension shall be requested in writing and justifiable cause demonstrated as determined by the Building Official.

1. Additional options for closing a Permit. Pursuant to Section 553.79(15), Florida Statutes, a property owner, regardless of whether the property owner is the one listed on the application for the building Permit, may close a building Permit by complying with the following requirements.

2. The property owner may retain the original Contractor listed on the Permit or hire a different Contractor appropriately licensed in this state to perform the work necessary to satisfy the conditions of the Permit and to obtain any necessary inspection in order to close the Permit. If a Contractor other than the original Contractor listed on the Permit is hired by the property owner to close the Permit, such Contractor is not liable for any defects in the work performed by the original Contractor and is only liable for the work that they perform.

3. The property owner may assume the role of an owner- builder, in accordance with Sections 489.103(7) and 489.503(6), Florida Statutes.

4. If a building Permit is expired and its requirements have been substantially completed, as determined by the Department, the Permit may be closed without having to obtain a new building Permit, and the work required to close the Permit may be done pursuant to the Building Code in effect at the time the Department received the application for the Permit, unless the Contractor has sought and received approval from the Department for an alternative material, design or method of construction.

5. A Department may close a building Permit six (6) years after the issuance of the Permit, even in the absence of a final inspection, if the Department determines that no apparent safety hazard exists.

A. For purposes of this Section, the term "close" means that the requirements of the Permit have been satisfied.

B. For the purposes of this Subsection, a closed Permit shall mean a Permit for which all requirements for completion have been satisfied or a Permit that has been administratively closed by the Building Official.

C. For the purposes of this Subsection, an open Permit shall mean a Permit that has not satisfied

all requirements for completion as defined in 105.5.1.1, Florida Building Code.

k. Denial or revocation. Whenever a Permit required under this Section is denied or revoked because the plan, or the construction, erection, alteration, modification, repair, or demolition of a building, is found by the local enforcing agency to be not in compliance with the Florida Building Code, the local enforcing agency shall identify the specific plan or project features that do not comply with the applicable Codes, identify the specific Code Chapters, Divisions and Sections upon which the finding is based, and provide this information to the Permit applicant. If the local building Code administrator or inspector finds that the plans are not in compliance with the Florida Building Code, the local building Code administrator or inspector shall identify the specific plan features that do not comply with the applicable Codes, identify the specific Code Chapters, Divisions and Sections upon which the finding is based, and provide this information to the local enforcing agency. The local enforcing agency shall provide this information to the Permit applicant.

1. Pursuant to Section 553.79(16), Florida Statutes, a Local Enforcement Agency may not deny issuance of a building Permit to issue a notice of violation, to fine or penalize, to sanction or assess fees against an arm's-length purchaser of a property for value solely because a building Permit applied for by a previous owner of the property was not closed. The Local Enforcement Agency shall maintain all rights and remedies against the property owner and Contractor listed on the Permit.

2. Pursuant to Section 553.79(16), Florida Statutes, the Local Enforcement Agency may not deny issuance of a building Permit to a Contractor solely because the Contractor is listed on other building Permits that were not closed. The Local Enforcement Agency has the authority to deny a new Permit application from an applicant for other reasons.

3. Fraudulent submittals. Upon discovery of falsified or forged documents, or misrepresentation of material facts on applications, the Building Official shall deny or revoke applications and/or Permits and shall require corrections to same in order to restore the application and/or Permit to good standing. Any violations under this Section shall be subject to penalties as prescribed by law.

4. Violation of Code provisions. The Building Official may require the correction or revocation of a Permit upon their determination that any work performed pursuant to that Permit is in violation of the provisions of this Code. The Building Official may elect to refer violations to the appropriate licensing or enforcement division or board for disciplinary action.

5. Permit Expediter(s) means independent agents and/or personnel hired by the fee owner ("Property Owner"), the fee owner's Contractor, the fee owner's design professional, or any other person in connection with the project may initiate an application for Permit, submit all documentation for review by the enforcement agency, and pursue the processing of the application in accordance with the provisions of this Section. The Building Official shall establish a system of registration for Permit Expediters, requiring that they provide all relevant contact information and proof of valid Business Tax Receipts from the City of Miami and Local Busi-

ness Tax Receipts from Miami-Dade County as required by law. There shall be no charge for registration of Permit Expediters. Permit Expediters operating within the jurisdiction shall be registered prior to engaging in any business activity in connection with the processing of a Permit through the building Local Enforcement Agency.

The Building Official is authorized to establish operational and ethical guidelines for expediters. Permit Expediters shall not:

A. Act as a surrogate for registered design professionals in discussions of technical matters.

B. Submit documents known or suspected to be falsified or otherwise deficient in content, formatting, and/or completeness.

C. Offer any form of compensation, incentive, or gift to department personnel in exchange for preferential treatment as prohibited by law.

D. Engage in tactics designed to bypass the department's normal sequence of priorities in the processing of applications and Permits.

l. Placement of Permit. The building Permit or copy shall be kept on the site of the work until the completion of the project. The Permit shall be readily available for viewing at any time by the Building Official.

m. Notice of commencement. In accordance with Section 713.135, Florida Statutes, when any person applies for a building Permit, the authority issuing such Permit shall print on the face of each Permit card in no less than 14-point, capitalized, boldfaced type: "WARNING TO OWNER: YOUR FAILURE TO RECORD A NOTICE OF COMMENCEMENT MAY RESULT IN YOUR PAYING TWICE FOR IMPROVEMENTS TO YOUR PROPERTY. A NOTICE OF COMMENCEMENT MUST BE RECORDED AND POSTED ON THE JOB SITE BEFORE THE FIRST INSPECTION. IF YOU INTEND TO OBTAIN FINANCING, CONSULT WITH YOUR LENDER OR AN ATTORNEY BEFORE RECORDING YOUR NOTICE OF COMMENCEMENT."

n. Asbestos. The enforcing agency shall require each building Permit for the demolition or renovation of an existing structure to contain an asbestos notification statement which indicates the owner's or operator's responsibility to comply with the provisions of Section 469.003, Florida Statutes, and to notify the Department of Environmental Protection of their intentions to remove asbestos, when applicable, in accordance with state and federal law.

o. Certificate of protective treatment for prevention of termites. A weather-resistant job-site posting board shall be provided to receive duplicate treatment certificates as each required protective treatment is completed, providing a copy for the person the Permit is issued to and another copy for the building Permit files. The treatment certificate shall provide the product used, identity of the applicator, time and date of the treatment, site location, area treated, chemical used, percent concentration and number of gallons used, to establish a verifiable record of protective treatment. If the soil chemical barrier method for termite prevention is used, final exterior treatment shall be completed prior to final building approval.

p. Notice of termite protection. A permanent sign which identifies the termite treatment provider and need for reinspection and treatment contract renewal shall be provided. The sign shall be posted near the water heater or electric panel.

q. Work starting before Permit. Strictly upon written approval of the Building Official

work may start before Permit is issued. The scope of work delineated in the building Permit application and plan may be started prior to the final approval and issuance of the Permit, provided any work completed is entirely at risk of the Permit applicant and the work does not proceed past the first required inspection. Work performed and/or installed without written approval shall be deemed non-compliant, and shall be subject to removal or demolition, and any additional penalties deemed appropriate by the Building Official.

r. Phased Permit approval. After submittal of the appropriate construction documents, the Building Official is authorized to issue a Permit for the construction of foundations or any other part of a building or structure before the construction documents for the whole building or structure have been submitted. The holder of such Permit for the foundation or other parts of a building or structure shall proceed at the holder's own risk with the building operation and without assurance that a Permit for the entire structure will be granted. Corrections may be required to meet the requirements of the technical Codes.

s. Permit issued on basis of an affidavit. Whenever a Permit is issued in reliance upon an affidavit or whenever the work to be covered by a Permit involves installation under conditions which, in the opinion of the Building Official, are hazardous or complex, the Building Official shall require that the architect or engineer who signed the affidavit or prepared the drawings or computations shall supervise such work. In addition, they shall be responsible for conformity to the Permit, provide copies of inspection reports as inspections are performed, and upon completion make and file with the Building Official written affidavit that the work has been done in conformity to the reviewed plans and with the structural provisions of the technical Codes. In the event such architect or engineer is not available, the owner shall employ in his stead a competent person or agency whose qualifications are reviewed by the Building Official. The Building Official shall ensure that any person conducting plans review is qualified as a plans examiner under Part XII of Chapter 468, Florida Statutes, and that any person conducting inspections is qualified as a building inspector under Part XII of Chapter 468, Florida Statutes.

Permit issued on basis of an affidavit shall not extend to the flood load and flood resistance requirements of the Florida Building Code.

t. Opening protection. When any activity requiring a building Permit, not including roof covering replacement or repair work associated with the prevention of degradation of the residence, that is applied for on or after July 1, 2008, and for which the estimated cost is $50,000 or more for a site built single-family detached residential structure that is located in the wind-borne debris region as defined in this Code and that has an insured value of $750,000 or more, or, if the site built single-family detached residential structure is uninsured or for which documentation of insured value is not presented, has a just valuation for the structure for purposes of ad valorem taxation of $750,000 or more; opening protections as required within this Code or Florida Building Code, Residential for new construction shall be provided.

1. Exception: Where defined wind-borne debris regions have not changed, single family detached residential structures permitted subject to the Florida Building Code are not required to comply with this Section.

u. Inspection of existing residential building not impacted by construction.

1. A local enforcing agency, and any local building Code administrator,

inspector, or other official or entity, may not require as a condition of issuance of a one- or two-family residential building Permit the inspection of any portion of a building, structure, or real property that is not directly impacted by the construction, erection, alteration, modification, repair, or demolition of the building, structure, or real property for which the Permit is sought.

2. This subSection does not apply to a building Permit sought for:

   A. A substantial improvement as defined in s. 161.54, Florida Statutes or as defined in the Florida Building Code.

   B. A change of occupancy as defined in the Florida Building Code.

   C. A conversion from residential to nonresidential or mixed use pursuant to s. 553.507(2)(a), Florida Statutes or as defined in the Florida Building Code.

   D. A historic building as defined in the Florida Building Code.

3. This subSection does not prohibit a Local Enforcing Agency, or any local building code administrator, inspector, or other official or entity, from:

   A. Citing any violation inadvertently observed in plain view during the ordinary course of an inspection conducted in accordance with the prohibition in this Code.

   B. Inspecting a physically nonadjacent portion of a building, structure, or real property that is directly impacted by the construction, erection, alteration, modification, repair, or demolition of the building, structure, or real property for which the Permit is sought in accordance with the prohibition in paragraph (a).

   C. Inspecting any portion of a building, structure, or real property for which the owner or other person having control of the building, structure, or real property has voluntarily consented to the inspection of that portion of the building, structure, or real property in accordance with the prohibition in paragraph (a).

   D. Inspecting any portion of a building, structure, or real property pursuant to an inspection warrant issued in accordance with ss. 933.20-933.30, Florida Statutes.

v. Streamlined Low-Voltage Alarm System installation Permitting.

1. As used in this Section, the term:

   Contractor means a person who is qualified to engage in the business of electrical or alarm system contracting pursuant to a certificate or registration issued by the department under Part II of Chapter 489, Florida Statutes.

   Low-Voltage Alarm System project means a project related to the installation, maintenance, inspection, replacement, or service of a new or existing alarm system, as defined in s. 489.505, Florida Statutes, that is hardwired and operating at low voltage, as defined in the National Electrical Code Standard 70, Current Edition, or a new or existing Low-Voltage Electric Fence, and ancillary Components or equipment attached to such a system, or fence, including, but not limited to, home-automation equipment, thermostats, closed-circuit television systems, access controls, battery recharging devices, and video cameras.

Low-Voltage Electric Fence means an alarm system, as defined in s. 489.505, that consists of a fence structure and an energizer powered by a commercial storage battery not exceeding 12 volts which produces an electric charge upon contact with the fence structure.

Wireless Alarm System means a burglar alarm system or smoke detector that is not hardwired.

2. Notwithstanding any provision of this Code, this Section applies to all Low-Voltage Alarm System projects for which a Permit is required by the Local Enforcement Agency. However, a Permit is not required to install, maintain, inspect, replace, or service a Wireless Alarm System, including any ancillary Components or equipment attached to the system.

3. A Low-Voltage Electric Fence must meet all of the following requirements to be Permitted as a Low-Voltage Alarm System project and no further Permit shall be required for the Low-Voltage Alarm System project other than as provided in this Section:

   A. The electric charge produced by the fence upon contact must not exceed energizer characteristics set forth in paragraph 22.108 and depicted in Figure 102 of International Electrotechnical Commission Standard No. 60335-2-76, Current Edition.

   B. A nonelectric fence or wall must completely enclose the Low-Voltage Electric Fence. The low-voltage electric fence may be up to 2 feet higher than the perimeter nonelectric fence or wall.

   C. The Low-Voltage Electric Fence must be identified using warning signs attached to the fence at intervals of not more than 60 feet.

   D. The Low-Voltage Electric Fence shall not be installed in an area zoned exclusively for single- family or multi-family residential use.

   E. The Low-Voltage Electric Fence shall not enclose the portions of a property which are used for residential purposes.

4. This Section does not apply to the installation or replacement of a fire alarm if a plan review is required.

5. The Local Enforcement Agency shall make uniform basic Permit labels available for purchase by a Contractor to be used for the installation or replacement of a new or existing alarm system at a cost as indicated in s. 553.793, Florida Statutes. The Local Enforcement Agency may not require the payment of any additional fees, charges, or expenses associated with the installation or replacement of a new or existing alarm.

   A. The Local Enforcement Agency may not require a Contractor, as a condition of purchasing a label, to submit information other than identification information of the licensee and proof of registration or certification as a Contractor.

   B. A label is valid for 1 year after the date of purchase and may only be used within the jurisdiction of the Local Enforcement Agency that issued the label. A Contractor may purchase labels in bulk for one or more unspecified current or future projects.

6. A Contractor shall post an unused uniform basic Permit label in a conspicuous place on the premises

of the Low-Voltage Alarm System project site before commencing work on the project.

7. A Contractor is not required to notify the Local Enforcement Agency before commencing work on a Low-Voltage Alarm System project. However, a Contractor must submit a Uniform Notice of a Low-Voltage Alarm System Project as provided under Subsection (7) to the Local Enforcement Agency within 14 days after completing the project. The Local Enforcement Agency may take disciplinary action against a Contractor who fails to timely submit a Uniform Notice of a Low-Voltage Alarm System Project.

8. The Uniform Notice of a Low-Voltage Alarm System Project may be submitted electronically or by facsimile if all submissions are signed by the owner, tenant, Contractor, or authorized representative of such persons. The Uniform Notice of a Low-Voltage Alarm System Project shall be in the format prescribed by the Local Enforcement Agency and must comply with the requirements of s. 553.793(7), Florida Statutes.

9. The Local Enforcement Agency may coordinate directly with the owner or customer to inspect a Low-Voltage Alarm System to ensure compliance with applicable Codes and standards. If a Low-Voltage Alarm System project fails an inspection, the Contractor must take corrective action as necessary to pass inspection.

10. A municipality, county, district, or other entity of local government may not adopt or maintain in effect any ordinance or rule regarding a Low-Voltage Alarm System project that is inconsistent with this Section.

11. A uniform basic Permit label shall not be required for the subsequent maintenance, inspection, or service of an alarm system that was permitted in accordance with this Section.

12. The provisions of this Section are not intended to impose new or additional licensure requirements on persons licensed in accordance with the applicable provisions of Chapter 489, Florida Statutes.

(Ord. No. 14279, § 2, 5-9-24)

Sec. 10-6. Floor and roof design loads.

a. Live loads posted. In commercial or industrial buildings, for each floor or portion thereof designed for live loads exceeding 50 psf (2.40 kN/m^2), such design live loads shall be conspicuously posted by the owner or the owner's authorized agent in that part of each story in which they apply, using durable signs. It shall be unlawful to remove or deface such notices.

b. Issuance of Certificate of Occupancy. A Certificate of Occupancy, required by Section 111, Florida Building Code, shall not be issued until the floor load signs, required by Section 106.1, Florida Building Code, have been installed.

c. Restrictions on loading. It shall be unlawful to place, or cause or Permit to be placed, on any floor or roof of a building, structure or portion thereof, a load greater than is permitted by this Code.

(Ord. No. 14279, § 2, 5-9-24)

Sec. 10-7. Submittal documents.

Submittal documents consisting of construction documents, statement of Special Inspections, geotechnical report and other data shall be submitted in two or more sets with each Permit application. The construction documents shall be prepared by a registered design professional where required by Chapter 471, Florida Statutes & 61G15 Florida Administrative Code or Chapter 481, Florida Statutes and 61G1 Florida Administrative Code. Where special conditions exist, the Building Official is authorized to require additional construction documents to be prepared by a registered design professional.

Exception: The Building Official is authorized to waive the submission of construction documents and other data not required to be prepared by a registered design professional if it is found that the nature of the work applied for is such that review of construction documents is not necessary to obtain compliance with this Code. Permits issued under the City of Miami's Easy Permit Program do not require review of plans.

a. Construction documents. Construction documents shall be in accordance with Sections 107.2.1 through 107.2.6 of this Section.

1. Information on construction documents. Construction documents shall be dimensioned and drawn upon suitable material. Electronic media documents are permitted to be submitted where approved by the Building Official. Construction documents shall be of sufficient clarity to indicate the location, nature and extent of the work proposed and show in detail that it will conform to the provisions of this Code and relevant laws, ordinances, rules and regulations, as determined by the Building Official. Such drawings and specifications shall contain information, in the form of notes or otherwise, as to the quality of materials, where quality is essential to conformity with the technical Codes. Such information shall be specific, and the technical Codes shall not be cited as a whole or in part, nor shall the term "legal" or its equivalent be used as a substitute for specific information. All information, drawings, specifications and accompanying data shall bear the name and signature of the person responsible for the design.

2. Fire protection system shop drawings. Shop drawings for the fire protection system(s) shall be submitted to indicate conformance to this Code and the construction documents and shall be approved prior to the start of system installation. Shop drawings shall contain all information as required by the referenced installation standards in Chapter 9, Florida Building Code.

3. Means of egress. The construction documents shall show in sufficient detail the location, construction, size and character of all portions of the means of egress including the path of the exit discharge to the public way in compliance with the provisions of this Code. In other than occupancies in Transect Zones T3, T4, and Industrial, the construction documents shall designate the number of occupants to be accommodated on every floor, and in all rooms and spaces.

4. Exterior wall envelope. Construction documents for all buildings shall describe the exterior wall envelope in sufficient detail to determine compliance with this Code. The construction documents shall provide details of the exterior wall envelope as required, including flashing, intersections with dissimilar materials, corners, end details, control joints, intersections at roof, eaves or parapets, means of drainage, water-resistive membrane and details around openings.

The construction documents shall include manufacturer's installation instructions that provide supporting documentation that the proposed penetration and opening details described in the construction documents maintain the weather resistance of the exterior wall envelope. The supporting documentation shall fully describe the exterior wall system that was tested, where applicable, as well as the test procedure used.

5. Exterior balcony and elevated walking surfaces. Where balcony or other elevated walking surfaces are

exposed to water from direct or blowing rain or irrigation, and the structural framing is protected by an impervious moisture barrier, the construction documents shall include details for all elements of the impervious moisture barrier system. The construction documents shall include manufacturer's installation instructions.

6. Site plan. The construction documents submitted with the application for Permit shall be accompanied by a site plan showing to scale the size and location of new construction and existing structures on the site, distances from lot lines, the established street grades and the proposed finished grades and, as applicable, flood hazard areas, floodways, and design flood elevations; and it shall be drawn in accordance with an accurate boundary line survey. In the case of demolition, the site plan shall show construction to be demolished and the location and size of existing structures and construction that are to remain on the site or plot. The Building Official is authorized to waive or modify the requirement for a site plan where the application for Permit is for alteration or repair or where otherwise warranted.

   A. Design flood elevations. Where design flood elevations are not specified, they shall be established in accordance with Section 1612.3.1, Florida Building Code.

   B. For the purpose of inspection and record retention, site plans for a building may be maintained in the form of an electronic copy at the worksite. These plans must be open to inspection by the Building Official or a duly authorized representative, as required by the Florida Building Code.

7. Structural information. The construction documents shall provide the information specified in Section 1603, Florida Building Code.

b. Examination of documents. The Building Official shall examine or cause to be examined the accompanying submittal documents and shall ascertain by such examinations whether the construction indicated and described is in accordance with the requirements of this Code and other pertinent laws or ordinances.

Exceptions:

Building plans approved pursuant to Section 553.77(5), Florida Statutes, and state-approved manufactured buildings are exempt from local Codes enforcing agency plan reviews except for provisions of the Code relating to erection, assembly or construction at the site. Erection, assembly and construction at the site are subject to local permitting and inspections. Photocopies of plans approved according to Rule 61-41.009, Florida Administrative Code, shall be sufficient for local Permit application documents of record for the modular building portion of the Permit project.

Industrial construction on sites where design, construction and fire safety are supervised by appropriately licensed design and inspection professionals and which contain adequate in-house fire departments and rescue squad are exempt, subject to approval by the Building Official, from review of plans and inspections, providing the appropriate licensed design and inspection professionals certify that applicable Codes and standards have

been met and supply appropriate approved drawings to local building and fire-safety inspectors.

1. Approval of construction documents. When the Building Official issues a Permit, the construction documents shall be approved, in writing or by stamp, as "Reviewed for Code Compliance." One set of construction documents reviewed shall be retained by the Building Official. The other set shall be returned to the applicant, shall be kept at the site of work and shall be open to inspection by the Building Official or a duly authorized representative.

2. Previous approvals. This Code shall not require changes in the construction documents, construction or designated occupancy of a structure for which a lawful Permit has been heretofore issued or otherwise lawfully authorized, and the construction of which has been pursued in good faith within 180 days after the effective date of this Code and has not been abandoned.

3. Phased approval. The Building Official is authorized to issue a Permit for the construction of foundations or any other part of a building or structure before the construction documents for the whole building or structure have been submitted, provided that adequate information and detailed statements have been filed complying with pertinent requirements of this Code. Design professionals willfully signing and sealing incomplete, underdeveloped and/or uncoordinated construction documents as a means to circumvent the traditional Permit process, and expedite their project may be subject to referral to their respective professional board. The holder of such Permit for the foundation or other parts of a building or structure shall proceed at the holder's own risk with the building operation and without assurance that a Permit for the entire structure will be granted. Permits issued in this manner shall be administered through the City of Miami's Phased Permit Program and are issued at the sole discretion of the Building Official. Pursuant to Section 10-5 of the City Code, Phased Permits shall expire in 180 days. The Building Official is authorized to establish and modify administrative policies and procedures for the Phased Permit Program at any time.

4. Design professional in responsible charge. Where it is required that documents be prepared by a registered design professional, the Building Official shall be authorized to require the owner or the owner's authorized agent to engage and designate on the building Permit application a registered design professional who shall act as the registered design professional in responsible charge. If the circumstances require, the owner or the owner's authorized agent shall designate a substitute registered design professional in responsible charge who shall perform the duties required of the original registered design professional in responsible charge. The Building Official shall be notified in writing by the owner or owner's authorized agent if the registered design professional in responsible charge is changed or is unable to continue to perform the duties. Successor registered design professional in responsible charge licensed under Chapter 471 Florida Statutes shall comply with Section 471.025(4) Florida Statute and the procedure set forth in 61G15-27.001 Florida Administrative Code; or licensed under Chapter 481 Florida Statutes shall comply with Section

481.221(6) Florida Statute and the procedure set forth in 61G1-18.002 Florida Administrative Code.

Such written notification shall be in accordance with procedures established by the Building Official. The registered design professional in responsible charge shall be responsible for reviewing and coordinating submittal documents prepared by others, including phased and deferred submittal items, for compatibility with the design of the building.

A. Deferred submittals. For the purposes of this Section, deferred submittals are defined as those portions of the design that are not submitted at the time of the application and that are to be submitted to the Building Official.

Deferral of any submittal items shall have the prior approval of the Building Official. The registered design professional in responsible charge shall list the deferred submittals on the construction documents for review by the Building Official.

Documents for deferred submittal items shall be submitted to the registered design professional in responsible charge who shall review them and forward them to the Building Official with a notation indicating that the deferred submittal documents have been reviewed and found to be in general conformance to the design of the building. The use of "Reviewed" or similar notation without qualifying language to indicate that the drawings were found to be in general conformance to the design of the building shall not be accepted. The deferred submittal items shall not be installed until the deferred submittal documents have been approved by the Building Official and all respective Permits have been issued.

B. Certifications by Contractors authorized under the provisions of Section 489.115(4)(b), Florida Statutes, shall be considered equivalent to sealed plans and specifications by a person licensed under Chapter 471, Florida Statutes, or Chapter 481, Florida Statutes, by local enforcement agencies for plans review for permitting purposes relating to compliance with the wind-resistance provisions of the Code or alternate methodologies approved by the Florida Building Commission for one- and two-family dwellings. Local enforcement agencies may rely upon such certification by Contractors that the plans and specifications submitted conform to the requirements of the Code for wind resistance. Upon good cause shown, local government code enforcement agencies may accept or reject plans sealed by persons licensed under Chapters 471, 481 or 489, Florida Statutes.

5. Minimum plan review criteria for buildings. The examination of the documents by the Building Official shall include the following minimum criteria and documents: a floor plan; site plan; foundation plan; floor/roof framing plan or truss layout; all fenestration and building envelope

penetrations; flashing; and rough opening dimensions; and all exterior elevations:

Commercial Buildings:

A. Building:

1. Site requirements:
   - Parking Fire access
   - Vehicle loading
   - Driving/turning radius
   - Fire hydrant/water supply/post indicator valve (PIV)
   - Set back/separation (assumed property lines)
   - Location of specific tanks, water lines and sewer lines
   - Flood hazard areas, flood zones, and design flood elevations
2. Occupancy group and special occupancy requirements shall be determined (with cross check with the energy code submittal).
3. Minimum type of construction shall be determined (see Table 503, FBC).
4. Fire-resistant construction requirements shall include the following Components:
   - Fire-resistant separations
   - Fire-resistant protection for type of construction
   - Protection of openings and penetrations of rated walls
   - Fireblocking and draftstopping and calculated fire resistance
5. Fire suppression systems shall include:
   - Early warning smoke evacuation systems
   - Schematic fire sprinklers
   - Standpipes
   - Pre-engineered systems
   - Riser diagram.
6. Life safety systems shall be determined and shall include the following requirements:
   - Occupant load and egress capacities
   - Early warning
   - Smoke control
   - Stair pressurization
   - Systems schematic
7. Occupancy load/egress requirements shall include:
   - Occupancy load
   - Gross
   - Net
   - Means of egress
   - Exit access
   - Exit
   - Exit discharge
   - Stairs construction/ geometry and protection
   - Doors
   - Emergency lighting and exit signs
   - Specific occupancy requirements
   - Construction requirements
   - Horizontal exits/exit passageways
8. Structural requirements shall include:
   - Soil conditions/analysis
   - Termite protection
   - Design loads
   - Wind requirements
   - Building envelope compliance statement
   - Impact resistant coverings or systems

Structural calculations (if required)

Foundation

Flood requirements in accordance with Section 1612, including lowest floor elevations, enclosures, flood damage-resistant materials

Wall systems

Floor systems

Roof systems

Threshold inspection plan (if required)

Special Inspector request form

Stair systems

9. Materials shall be reviewed and shall at a minimum include the following:

Wood

Steel

Aluminum

Concrete

Plastic

Glass

Masonry

Gypsum board and plaster Insulating (mechanical)

Roofing

Insulation

Building envelope portions of the Energy Code (including calculation and mandatory requirements)

10. Accessibility requirements shall include the following:

Site requirements

Accessible route

Vertical accessibility

Toilet and bathing facilities

Drinking fountains

Equipment

Special occupancy requirements

Fair housing requirements

Interior requirements shall include the following:

Interior finishes (flame spread/smoke development)

Light and ventilation (including corresponding portion of the energy Code)

Sanitation

11. Special systems:

Elevators

Escalators

Lifts

12. Swimming pools:

Barrier requirements

Spas

Wading pools

13. Location and installation details. The specific location and installation details of each fire door, fire damper, ceiling damper and smoke damper shall be shown and properly identified on the building plans by the designer.

14. Miscellaneous drainage: balconies, decks

B. Electrical:

1. Electrical:

Wiring

Services

Feeders and branch circuits

Overcurrent protection

Grounding

Wiring methods and materials

GFCIs

Electrical portions of the Energy Code (including calculation and mandatory requirements)

2. Equipment
3. Special occupancies
4. Emergency systems
5. Communication systems
6. Low voltage
7. Load calculations
8. Design flood elevation

C. Plumbing:
1. Minimum plumbing facilities
2. Fixture requirements
3. Water supply piping
4. Sanitary drainage
5. Water heaters
6. Vents
7. Roof drainage
8. Back flow prevention
9. Irrigation
10. Location of water supply line
11. Grease traps
12. Environmental requirements
13. Plumbing riser
14. Design flood elevation
15. Water/plumbing portions of the Energy Code (including calculation and mandatory requirements)

D. Mechanical:
1. Mechanical portions of the Energy calculations
2. Exhaust systems: clothes dryer exhaust, kitchen equipment exhaust, specialty exhaust systems
3. Equipment
4. Equipment location
5. Make-up air
6. Roof-mounted equipment
7. Duct systems
8. Ventilation
9. Combustion air
10. Chimneys, fireplaces and vents
11. Appliances
12. Boilers
13. Refrigeration
14. Bathroom ventilation
15. Laboratory
16. Design flood elevation
17. Smoke and/or Fire Dampers

E. Gas:
1. Gas piping
2. Venting
3. Combustion air
4. Chimneys and vents
5. Appliances
6. Type of gas
7. Fireplaces
8. LP tank location
9. Riser diagram/shutoffs
10. Design flood elevation
11. Gas portions of the Energy Code (including calculation and mandatory requirements)

F. Demolition: Asbestos removal

G. Residential (one- and two-family):
1. Site requirements:

Set back/separation (assumed property lines)

Location of septic tanks

2. Fire-resistant construction (if required)
3. Fire
4. Smoke and/or carbon monoxide alarm/detector locations
5. Egress: egress window size and location, stairs construction requirements

6. Structural requirements shall include:

   Wall Section from foundation through roof, including assembly and materials connector tables wind requirements structural calculations (if required)

   Termite protection

   Design loads

   Wind requirements

   Building envelope

   Foundation

   Wall systems

   Floor systems

   Roof systems

   Flood hazard areas, flood zones, design flood elevations, lowest floor elevations, enclosures, equipment, and flood damage- resistant materials

7. Accessibility requirements: show/identify accessible bath

8. Impact resistant coverings or systems

9. Residential Energy Code submittal (including calculation and mandatory requirements)

H. Manufactured buildings/housing:

1. Site plan requirements:

   Setback/separation (assumed property lines)

   Location of septic tanks (if applicable)

   ADA accessibility features

   Location of water source and supply line

   Location of sanitary sewer line

   Location of electric utility power in relation to service point connection

2. Structural:

   Manufacturer's (DCA) certification letter

   Wind zone

   Anchoring.

   Blocking

3. Plumbing:

   List potable water source and meter size (if applicable)

4. Mechanical:

   Exhaust systems

   Clothes dryer exhaust

   Kitchen equipment exhaust

5. Electrical:

   Exterior disconnect location

I. Exemptions: Plans examination by the Building Official shall not be required for the following work:

1. Replacing existing equipment such as mechanical units, water heaters, etc.

2. Minor electrical, plumbing and mechanical repairs for one- and two-family dwellings

3. Annual maintenance Permits

4. Prototype plans: except for local site adaptations, siding, foundations and/or modifications and except for structures that require waiver.

5. Manufactured buildings plan except for foundations and modifications of buildings on site and as listed above in manufactured buildings/housing.

6. Permits issued under the City of Miami's Easy Permit Program do not require review of plans.

7. Scope of work statement. Plans for new construction, additions, and alterations exceeding $25,000 construction cost or as required by the Building Official, shall include a detailed scope of work statement positioned prominently on the drawings, reflecting the work for each trade. The statement shall be in narrative form, or a combination of tabular form and narrative, and shall describe, in detail, the major Components of the proposed work. The Building Official shall be entitled to rely on the accuracy and completeness of the statement and shall compare it to the plans as part of the plan review criteria.

8. Labeling of documents. To provide consistency across all drawings submitted to the Local Enforcement Agency, drawings shall be labeled in accordance with the following standards:

   A. Drawings shall not be labeled "Not For Construction" or with any other phrase conveying the same meaning.

   B. Drawings shall not be labeled "For Reference Only" unless they are intended for one of the following purposes:

      i. To serve as a key plan, identifying the location of the proposed work within the site.

      ii. To provide contextual information, such as relating a shop drawing to a master plan.

      iii. To indicate that a portion of the proposed work was previously approved.

9. Design professional's response narrative.

   Upon examination and disapproval of the plans and/or documents, the Building Official may require from the design professional in responsible charge a written response to address each specific reason for the disapproval. This itemized, written response shall be submitted signed, sealed and dated by the professional on the professional's official stationery.

   Failure to submit the response narrative, if required to do so, will be cause for a subsequent rejection of the plans.

   Replies submitted by anyone through or within the City of Miami's electronic plan review platform shall not be a substitute for this requirement.

c. Amended construction documents. Work shall be installed in accordance with the approved construction documents, and any changes made during construction that are not in conformance with the approved construction documents shall be resubmitted for approval as an amended set of construction documents. Should such changes to the approved construction documents be found to be in violation of the Florida Building Code or any federal, state, or local regulations, the work depicted by said changes shall be removed.

d. Retention of construction documents. One set of approved construction documents shall be retained by the Building Official for a period of not less than 180 days from date of completion of the permitted work, or as required by state or local laws.

e. Affidavits. The Building Official may accept a sworn affidavit from a registered architect or engineer stating that the plans submitted conform to the technical codes. For buildings and structures, the

affidavit shall state that the plans conform to the laws as to egress, type of construction and general arrangement and, if accompanied by drawings, show the structural design and that the plans and design conform to the requirements of the technical codes as to strength, stresses, strains, loads and stability. The Building Official may without any examination or inspection accept such affidavit, provided the architect or engineer who made such affidavit agrees to submit to the Building Official copies of inspection reports as inspections are performed and upon completion of the structure, electrical, gas, mechanical or plumbing systems a certification that the structure, electrical, gas, mechanical or plumbing system has been erected in accordance with the requirements of the technical codes. Where the Building Official relies upon such affidavit, the architect or engineer shall assume full responsibility for compliance with all provisions of the technical codes and other pertinent laws or ordinances. The Building Official shall ensure that any person conducting plans review is qualified as a plans examiner under Part XII of Chapter 468, Florida Statutes, and that any person conducting inspections is qualified as a building inspector under Part XII of Chapter 468, Florida Statutes.

1. Building Permits issued in flood hazard areas on the basis of an affidavit. Pursuant to the requirements of federal regulation for participation in the National Flood Insurance Program (44 C.F.R. Parts 59 and 60), the authority granted to the Building Official to issue Permits, to rely on inspections, and to accept plans and construction documents on the basis of affidavits and plans submitted pursuant to Sections 105.14 and 107.6, shall not extend to the flood load and flood-resistance construction requirements of the Florida Building Code.

f. If the local Building Official or inspector finds that the plans are not in compliance with the Florida Building Code, the local Building Official or inspector shall identify the specific plan features that do not comply with the applicable Codes, identify the specific Code Chapters, Divisions and Sections upon which the finding is based, and provide this information to the local enforcing agency. If the Building Official, plans examiner, or inspector requests another local enforcing agency employee or a person contracted by the local enforcing agency to review the plans and that employee or person identifies specific plan features that do not comply with the applicable Codes, the Building Official, plans examiner, or inspector must provide this information to the local enforcing agency. The local enforcing agency shall provide this information to the Permit applicant.

(Ord. No. 14279, § 2, 5-9-24)

Sec. 10-8. Temporary structures and uses.

a. General. The Building Official is authorized to issue a Permit for temporary structures and temporary uses. Such Permits shall be limited as to time of service but shall not be permitted for more than 180 days. The Building Official is authorized to grant extensions for demonstrated cause.

b. Conformance. Temporary structures and uses shall comply with the requirements in Section 3103, Florida Building Code.

c. Temporary power. The Building Official is authorized to give permission to temporarily supply and use power in part of an electric installation before such installation has been fully completed and the final Certificate of Completion has been issued. The part covered by the temporary certificate shall comply with the requirements specified for temporary lighting, heat or power in NFPA 70.

d. Termination of approval. The Building Official is authorized to terminate such Permit for a temporary structure or use and to order the temporary structure or use to be discontinued.

(Ord. No. 14279, § 2, 5-9-24)

Sec. 10-9. Fees.

a. Payment of Fees. A Permit shall not be valid until the fees prescribed by law have been paid, nor shall an amendment to a Permit be released until the additional fee, if any, has been paid.

b. Schedule of Permit fees. On buildings, structures, electrical, gas, mechanical, and plumbing systems or alterations requiring a Permit, a fee for each Permit shall be paid as required, in accordance with the schedule as established by the applicable governing authority.

1. Types of Fees Enumerated. Fees may be charged for but not limited to the following:
   - A. Permits;
   - B. Plans examination;
   - C. Certificates of competency (including fees for applications, examinations, renewal, late renewal, and reciprocity);
   - D. Re-inspections;
   - E. Administrative fees (including fees for investigative and legal costs incurred in the context of certain disciplinary cases heard by the professional disciplinary board);
   - F. Variance requests;
   - G. Administrative appeals;
   - H. Violations; and
   - I. Other fees as established by local resolution or ordinance.

c. Building Permit valuations. The applicant for a Permit shall provide an estimated Permit value at time of application. Permit valuations shall include total value of work, including materials and labor, for which the Permit is being issued, such as electrical, gas, mechanical, plumbing equipment and permanent systems. If, in the opinion of the Building Official, the valuation is underestimated on the application, the Permit shall be denied, unless the applicant can show detailed estimates to meet the approval of the Building Official. Final building Permit valuation shall be set by the Building Official.

d. Additional Fees for Work Commencing Prior to Permit. Any person who commences any work on a building, structure, electrical, gas, mechanical or plumbing system before obtaining the necessary Permits or without prior approval from the Building Official as permitted in Section 10.5.2.2 or 10.5.12, are subject to additional fees pursuant to Section 10-18 of the City Code. The payment of the fees shall not relieve any person, firm, or corporation from fully complying with all the requirements of all applicable regulations and Codes, nor shall it relieve them from being subject to any of the penalties therein. The fee requirement shall apply to all trade divisions of the Building Department. This provision shall not apply to emergency work when delay would clearly have placed life or property in imminent danger. But in all such cases the required Permit(s) must be applied for within three (3) business days. The payment of the aforementioned fees shall not preclude or be deemed a substitute for prosecution for commencing work without first obtaining a Permit. The Building Official may grant extensions of time or waive fees when justifiable cause has been demonstrated in writing, or as provided by local ordinance.

e. Related fees. The payment of the fee for the construction, alteration, removal or demolition for work done in connection to or concurrently with the work authorized by a building Permit shall not relieve the applicant or holder of the Permit from the payment of other fees that are prescribed by law.

f. Refunds. The Building Official is authorized to establish a refund policy.
(Ord. No. 14279, § 2, 5-9-24)

Sec. 10-10. Inspections.

a. In General. Construction or work for which a Permit is required shall be subject to inspection by the Building Official and such construction or work shall remain exposed and provided with access for inspection purposes until approved. Approval as a result of an inspection shall not be construed to be an approval of a violation of the provisions of this Code or of other ordinances of the jurisdiction. Inspections presuming to give authority to violate or cancel the provisions of

this Code or of other ordinances of the jurisdiction shall not be valid. It shall be the duty of the owner or the owner's authorized agent to cause the work to remain exposed and provided with access for inspection purposes. The Building Official shall be permitted to require a boundary line survey prepared by a Florida licensed professional surveyor and mapper whenever the boundary lines cannot be readily determined in the field. Neither the Building Official nor the jurisdiction shall be liable for expense entailed in the removal or replacement of any material required to allow inspection.

1. Manufacturers and fabricators. When deemed necessary by the Building Official, they shall make, or cause to be made, an inspection of materials or assemblies at the point of manufacture or fabrication. A record shall be made of every such examination and inspection and of all violations of the technical codes.

2. Preliminary inspection. Before issuing a Permit, the Building Official is authorized to examine or cause to be examined buildings, structures and sites for which an application has been filed.

b. Pre-construction meeting. The Building Official may require a pre-construction meeting as a pre-requisite to the issuance of a Permit for any building or project, at their discretion. The Permit shall not be issued until this requirement has been satisfied. The time and location of the meeting shall be established by the Building Official, and shall include, at a minimum, the design professionals in responsible charge, the qualifying general Contractor, qualifying subContractors, the owner or their corporate representatives, and if applicable, Private Providers performing inspections under Section 553.791, Florida Statutes, and the threshold building inspector. If authorized in advance by the Building Official. The above-mentioned attendees may be substituted with approved surrogates.

The purpose of the pre-construction meeting is to:

1. Establish a clear understanding of the duties and responsibilities of all parties.

2. Review the Building Official's performance expectations for the project.

3. Formally review the department's inspections scheduling procedures.

4. Explain and reinforce department guidelines for Special Inspectors and Private Providers.

5. Discuss other matters as appropriate.

c. Required inspections. The Building Official upon notification from the Permit holder or their agent shall make the following inspections, or any other such inspection as deemed necessary and shall either release that portion of the construction or shall notify the Permit holder or their agent of any violations which must be corrected in order to comply with the technical Codes. The Building Official shall determine the timing and sequencing of when inspections occur and what elements are inspected at each inspection. Under no conditions can an inspection occur without a valid Permit in place for the work or Components of work to be inspected. It is the responsibility of the approved inspection agency to ensure compliance.

d. Building

1. Foundation inspection. To be made after trenches are excavated, any required reinforcing steel is in place, forms erected and shall at a minimum include the following building Components:

   A. Stem-wall

   B. Monolithic slab-on-grade

   C. Piling/pile caps

   D. Footers/grade beams

      i Slab Inspection: Concrete slab and under-floor inspections shall be made after in-slab or under-floor reinforcing steel and building service equipment, conduit, piping accessories and other ancillary equipment items are in place, but before any concrete is placed or floor sheathing installed, including the subfloor.

ii A foundation/form board survey prepared and certified by a Florida licensed professional surveyor and mapper may be required, prior to approval of the slab inspection. The survey shall certify placement of the building on the site, illustrate all surrounding setback dimensions and shall be available at the job site for review by the building inspector. In lieu of providing a survey, the Contractor may elect to uncover all property line markers and string-up all property lines in preparation for inspection.

iii. In flood hazard areas, upon placement of the lowest floor, including basement, and prior to further vertical construction, the elevation certification shall be submitted to the authority having jurisdiction.

2. Framing inspection. To be made after the roof, all framing, fireblocking and bracing is in place, all concealing wiring, all pipes, chimneys, ducts and vents are complete and the rough electrical, plumbing, heating wires, pipes and ducts are approved and shall at a minimum include the following building Components:

   A. Window/door framing

   B. Window U-factor/SHGC (as indicated on approved energy calculations)

   C. Vertical cells/columns

   D. Lintel/tie beams

   E. Framing/trusses/bracing/connectors (including truss layout and engineered drawings

   F. Draftstopping/fireblocking

   G. Curtain wall framing

   H. Energy insulation (Insulation R-factor as indicated on approved energy calculations)

   I. Accessibility

   J. Verify rough opening dimensions are within tolerances.

   K. Window/door buck attachment

      i. Insulation Inspection: To be made after the framing inspection is approved and the insulation is in place, according to approved energy calculation submittal. Includes wall and ceiling insulation.

      ii. Lath and gypsum board inspection for fire-resistance rated or shear assemblies. Lath and gypsum board inspections shall be made after lathing and gypsum board, interior and exterior, is in place, but before ant plastering is applied or gypsum board joints and fasteners are taped and finished.

3. Sheathing inspection. To be made either as part of a dry-in inspection or done separately at the request of the Contractor after all roof and wall sheathing and fasteners are complete and shall at a minimum include the following building Components:

   A. Roof sheathing

   B. Wall sheathing

   C. Continuous air barrier

   D. Exterior siding/cladding

   E. Sheathing fasteners

   F. Roof/wall dry-in

   NOTE: Sheathing fasteners installed and found to be missing the structural member (shiners) shall be removed and properly reinstalled prior to installation of the dry-in material.

4. Exterior wall coverings. Shall at a minimum include the following building Components in progress inspections:

   A. Exterior wall coverings and veneers

   B. Soffit coverings

5. Roofing inspection. Shall at a minimum be made in at least two inspections and include the following building Components:
   A. Dry-in
   B. Insulation
   C. Roof coverings (including In Progress as necessary)
   D. Insulation on roof deck (according to submitted energy calculation)
6. Flashing
   A. Re-roof sheathing inspection. An affidavit with a notarized signature of a state or locally licensed roofing Contractor for the installation of additional sheathing fasteners as required by the Existing Building Code may be accepted at the discretion of the Building Official.
7. Final inspection. To be made after the building is completed and ready for occupancy. In flood hazard areas, as part of the final inspection, a final certification of the lowest floor elevation or the elevation to which a building is dry floodproofed, as applicable, shall be submitted to the authority having jurisdiction.
8. Swimming pool inspection. First inspection to be made after excavation and installation of reinforcing steel, bonding and main drain and prior to placing of concrete.
   A. Steel reinforcement inspection
   B. Underground electric inspection
   C. Underground piping inspection including a pressure test.
   D. Underground electric inspection under deck area (including the equipotential bonding)
   E. Underground piping inspection under deck area
   F. Deck inspection: to be made prior to installation of the deck material (with forms, deck drains, and any reinforcement in place.
   G. Safety Inspection; Made prior to filling the pool with the bonding connections made, the proper drain covers installed and the final barriers installed.
   H. Final pool piping
   I. Final Electrical inspection
   J. Final inspection to be made when the swimming pool is complete and all required enclosure requirements are in place.

   In order to pass final inspection and receive a certificate of completion, a residential swimming pool must meet the requirements relating to pool safety features as described in Section 454.2.17, Florida Building Code.
9. Demolition inspections. First inspection to be made after all utility connections have been dis-connected and secured in such manner that no unsafe or unsanitary conditions shall exist during or after demolition operations. Final inspection to be made after all demolition work is completed.
10. Manufactured building inspections. The building department shall inspect construction of foundations; connecting buildings to foundations; installation of parts identified on plans as site installed items, joining the modules, including utility cross- overs; utility connections from the building to utility lines on site; and any other work done on site which requires compliance with the Florida Building Code. Additional inspections may be required for public educational facilities (see Section 453.27.20 of this Code).
11. Where impact-resistant coverings or impact-resistant systems are installed, the Building Official shall schedule adequate inspections of impact- resistant coverings or impact-resistant systems to determine the following:
   A. The system indicated on the plans was installed.

B. The system is installed in accordance with the manufacturer's installation instructions and the product approval.

e. Electrical

1. Underground inspection. To be made after trenches or ditches are excavated, conduit or cable installed, and before any backfill is put in place.

2. Rough-in inspection. To be made after the roof, framing, fireblocking and bracing is in place and prior to the installation of wall or ceiling membranes.

3. Final inspection. To be made after the building is complete, all required electrical fixtures are in place and properly connected or protected, and the structure is ready for occupancy.

4. Existing Swimming Pools. To be made after all repairs or alterations are complete, all required electrical equipment, GFCI protection, and equipotential bonding are in place on said alterations or repairs.

f. Plumbing

1. Underground inspection. To be made after trenches or ditches are excavated, piping installed, and before any backfill is put in place.

2. Rough-in inspection. To be made after the roof, framing, fireblocking and bracing is in place and all soil, waste and vent piping is complete, and prior to this installation of wall or ceiling membranes.

   Includes plumbing provisions of the energy Code and approved energy calculation provisions.

3. Final inspection. To be made after the building is complete, all plumbing fixtures are in place and properly connected, and the structure is ready for occupancy.

   Note: See Section 312 of the Florida Building Code, Plumbing for required tests.

g. Mechanical

1. Underground inspection. To be made after trenches or ditches are excavated, underground duct and fuel piping installed, and before any backfill is put in place.

2. Rough-in inspection. To be made after the roof, framing, fireblocking and bracing are in place and all ducting, and other concealed Components are complete, and prior to the installation of wall or ceiling membranes.

   Includes mechanical provisions of the energy code and approved energy calculation provisions.

3. Final inspection. To be made after the building is complete, the mechanical system is in place and properly connected, and the structure is ready for occupancy.

h. Gas

1. Rough piping inspection. To be made after all new piping authorized by the Permit has been installed, and before any such piping has been covered or concealed or any fixtures or gas appliances have been connected.

   Includes gas provisions of the energy Code and approved energy calculation provisions.

2. Final piping inspection. To be made after all piping authorized by the Permit has been installed and after all portions which are to be concealed by plastering or otherwise have been so concealed, and before any fixtures or gas appliances have been connected. This inspection shall include a pressure test.

3. Final inspection. To be made on all new gas work authorized by the Permit and such portions of existing systems as may be affected by new work or any changes, to ensure compliance with all the requirements of this Code and to assure that the

installation and construction of the gas system is in accordance with reviewed plans.

i. Site Debris: The Contractor and/or owner of any active or inactive construction project shall be responsible for the clean-up and removal of all construction debris or any other miscellaneous discarded articles during the course of the construction project and prior to receiving final inspection approval. Construction job sites must be kept clean and in a safe condition at all times; including, but not limited to, the proper storage and removal of human excreta as defined under Chapter 49 of the City Code. Any violation thereof may result in the issuance of a Stop Work Order or denial of the issuance of a Certificate of Completion or Temporary Certificate of Completion. All debris shall be kept in such a manner as to prevent it from being spread by any means.

j. Footing and foundation inspection. Footing and foundation inspections shall be made after excavations for footings are complete and any required reinforcing steel is in place. For concrete foundations, any required forms shall be in place prior to inspection. Materials for the foundation shall be on the job site, except where concrete is ready mixed in accordance with ASTM C 94, the concrete need not be on the job.

k. Concrete slab and under-floor inspection. Concrete slab and under-floor inspections shall be made after in-slab or under-floor reinforcing steel and building service equipment, conduit, piping accessories and other ancillary equipment items are in place, but before any concrete is placed or floor sheathing installed, including the subfloor.

l. Lowest floor elevation. In flood hazard areas, upon placement of the lowest floor, including the basement, and prior to further vertical construction, the elevation certification required in Section 1612.4, Florida Building Code and Section R322 of the Florida Building Code, Residential, shall be submitted to the Building Official.

m. Frame inspection. Framing inspections shall be made after the roof deck or sheathing, all framing, fireblocking and bracing are in place and pipes, chimneys and vents to be concealed are complete and the rough electrical, plumbing, heating wires, pipes and ducts are approved.

n. Lath, gypsum board and gypsum panel product inspection. Lath, gypsum board and gypsum panel product inspections shall be made after lathing, gypsum board and gypsum panel products, interior and exterior, are in place, but before any plastering is applied or gypsum board and gypsum panel product joints and fasteners are taped and finished.

Exception: Gypsum board and gypsum panel products that are not part of a fire-resistance-rated assembly or a shear assembly.

o. Weather-exposed balcony and walking surface waterproofing. Where balcony or other elevated walking surfaces are exposed to water from direct or blowing rain, or irrigation, and the structural framing is protected by an impervious moisture barrier, all elements of the impervious-moisture-barrier system shall not be concealed until inspected and approved.

p. Fire and smoke-resistant penetrations. Protection of joints and penetrations in fire-resistance-rated assemblies, smoke barriers and smoke partitions shall not be concealed from view until inspected and approved.

q. Energy efficiency inspections. Inspections shall be made to determine compliance with FBC, Energy Conservation and confirm with the approved energy code submittal (by appropriate trade) and corresponding mandatory requirements and shall include, but not be limited to, inspections for: corresponding envelope insulation R- and U-values, fenestration U-value, and Solar Heat Gain Coefficient, duct system R-value, and HVAC, lighting, electrical and water-heating equipment efficiency.

r. Other inspections. In addition to the inspections specified in Sections 110.3 through 110.3.8, Florida Building Code or Sections 10-10(j) through (q) of this Code, the Building Official is authorized to make or require other inspections of any construction work to ascertain compliance with the provisions of this Code and other laws that are enforced by the Department.

s. Special Inspections. For the purpose of this Section, a Special Inspection is defined as the inspection of construction requiring the expertise of an approved Special Inspector in order to ensure compliance with this Code and the approved construction documents. Special Inspections fall into two categories:

1. Continuous Special Inspection, for which the Special Inspector must be present continuously when and where the work to be inspected is being performed.
2. Periodic Special Inspection, for which the Special Inspector may be intermittently present where the work to be inspected has been or is being performed. The nature of the work inspected shall dictate the method of inspection to be performed by the Special Inspector.
3. Special Inspector: A Florida-registered architect or engineer retained by the owner to provide professional services consisting of observation and inspection of construction for conformance with the Permit documents and the Florida Building Code.
4. The Building Official shall require Special Inspections for the following:
   A. The compaction of fill under slabs on grade.
   B. The installation of structural piles.
   C. The construction of reinforced masonry structures.
   D. Welding and high-strength bolting.
   E. The fabrication and installation of curtain wall systems on threshold buildings.
   F. The fabrication and installation of structural glazed panels.
   G. Hoisting, erection and bracing of trusses over 35 feet in length or 6 feet in height.
   H. Structural inspections on threshold buildings pursuant to Section 110.8, Florida Building Code or Section 10-10(20) of this Code.
5. When one or more of the following conditions exist the Building Official is authorized to require a Special Inspector for the inspection of the exterior cladding, firestopping, railings and safeguards, framing, roofing or any part of the building, except that inspections of plumbing, electrical or mechanical systems, inspections of required features of handicap accessibility and final inspections shall not be performed by a Special Inspector:
   A. The building is of unusual size or height, or
   B. The method of design or construction is unusual or complex, or
   C. The method or pace of the construction requires continuous inspection, or the construction item to be inspected requires specialized expertise, or
   D. In the opinion of the Building Official, additional inspections are required in order to ensure compliance with the Florida Building Code.
6. Prior to issuance of the Permit and for cases governed by this Section above, the Building Official shall require that each Special Inspector be certified by the Miami-Dade County Board of Rules and Appeals as a Special Inspector in compliance with Section 8-4 of the Miami-Dade County Code. Such Special Inspector(s) shall be a Florida-registered architect or engineer and shall be qualified by training and experience to perform the inspections for which they will be retained. Any and all inspections required and authorized to be performed by a Special Inspector pursuant to this Section shall be performed by persons who shall have the knowledge, expertise, and if required the appropriate licensing board's certification related to the specialty or discipline involved in the inspection.
7. The Building Official shall specify the scope and nature of the inspections to be performed or shall require that the Architect or Engineer of Record submit

an inspection plan for approval. The Special Inspector or their duly authorized representative shall make all inspections in accordance with the approved inspection plan.

8. The Building Official shall be promptly informed of the results of all inspections in reports signed by the Special Inspector(s). Prior to the issuance of a Certificate of Occupancy, each Special Inspector shall submit to the Building Official a statement indicating the scope of his inspections and attesting that, to the best of his knowledge, belief and professional judgment, the work is in substantial compliance with the Permit documents.

9. Special Inspectors shall be responsible to the Building Official. The Building Official shall periodically visit the construction site to monitor, review, evaluate and approve the work of the Special Inspector(s). The Building Official is empowered to direct, as necessary, the work of the Special Inspector(s) and may, at any time, remove a Special Inspector for failure to perform their duties in accordance with the provisions of this Section. In that event, the Building Official may also require or Permit the owner, within such time as the Building Official may reasonably establish, to employ an alternate Special Inspector.

10. The Building Official may conduct mandatory inspections as required herein through a Special Inspector subject to the limitations given in Section 110.3.10, Florida Building Code.

11. Duties and responsibilities. The Special Inspector shall not perform inspections for any work, or any component of the work, that does not have a valid Permit. If unpermitted construction is discovered, the Special Inspector shall notify the Building Official immediately as a matter of public safety, and inspection services shall cease until the proper Permits have been acquired. Any Special Inspector knowingly conducting inspections on projects without the requisite Permits may be referred to their respective professional board for disciplinary review in accordance with Section 553.79, Florida Statutes. Any safety issues shall immediately be reported to the Building Official, and any other enforcement agency having jurisdiction over the matter.

12. Inspection documents. The Special Inspector shall maintain at the job site a complete record of all inspections performed and shall make it available at all times for review by the Building Official. The collective record of inspections shall be known as the inspection log.

    A. Inspection reports shall be legible and shall clearly identify, in detail, the exact areas and/or items inspected.

    B. Each individual inspection report shall be signed by the person who performed the inspection. Example: If the Special Inspector performs the inspection, then they must sign the report. If the Special Inspector's duly authorized representative performs the inspection, then they shall be the party to sign the inspection report, but the Special Inspector may also co-sign the document at their discretion.

    C. The inspection log shall be maintained in good condition, in one or more binders, and shall be organized by date and separated by trade. Individual reports must be numbered sequentially or otherwise labeled to follow a chronological order. As the construction progresses, and upon completion of the project, the Building Official shall be able to determine from the inspection log itself that all areas and/or Components of the project that were completed have been inspected and approved.

13. Final inspection. The final inspection shall be made after all work required by the building Permit is completed.
    A. Flood hazard documentation. If located in a flood hazard area, documentation of the elevation of the lowest floor as required in Section 1612.5, Florida Building Code and Section R322 of the Florida Building Code, Residential, shall be submitted to the Building Official prior to the final inspection.
    B. Commercial Energy Code documentation. If required by energy code path submittal, confirmation that commissioning result requirements have been received by building owner.
    C. Residential Energy Code documentation. If required by energy Code path submittal (R405), confirmation that the duct test requirements shall be received by Building Official.
14. Termites. Building Components and building surroundings required to be protected from termite damage in accordance with Section 1503.7, Section 2304.12.9 or Section 2304.12.4, Florida Building Code, specifically required to be inspected for termites in accordance with Section 2114, Florida Building Code, or required to have chemical soil treatment in accordance with Section 1816, Florida Building Code, shall not be covered or concealed until the release from the Building Official has been received.
15. Impact-resistant coverings or systems. Where impact-resistant coverings or systems are installed to meet requirements of this Code, the Building Official shall schedule adequate inspections of impact-resistant coverings or systems to determine the following:
    A. The system indicated on the plans was installed.
    B. The system is installed in accordance with the manufacturer's installation instructions and the product approval.
16. Inspection agencies. The Building Official is authorized to accept reports of approved inspection agencies, provided such agencies satisfy the requirements as to qualifications and reliability.
17. Inspection requests. It shall be the duty of the holder of the building Permit or their duly authorized agent to notify the Building Official when work is ready for inspection. It shall be the duty of the Permit holder to provide access to and means for inspections of such work that are required by this Code.
18. Approval required. Work shall not be done beyond the point indicated in each successive inspection without first obtaining the approval of the Building Official. The Building Official, upon notification, shall make the requested inspections and shall either indicate the portion of the construction that is satisfactory as completed, or notify the Permit holder or their agent wherein the same fails to comply with this Code. Any portions that do not comply shall be corrected and such portion shall not be covered or concealed until authorized by the Building Official. The Building Official is authorized to order the removal of work that conceals other work not having obtained prior approval.
19. Shoring. For threshold buildings, shoring and associated formwork or falsework shall be designed and inspected by a Florida licensed professional engineer prior to any required mandatory inspections by the threshold building inspector.
20. Threshold building.
    A. During new construction or during repair or restoration projects in which the structural system or structural loading of a building is being modified, the enforcing agency shall require a Special Inspector to perform structural inspections on a threshold building pursuant to a structural inspection plan prepared by the engineer or architect of record.

The structural inspection plan must be submitted to the enforcing agency prior to the issuance of a building Permit for the construction of a threshold building. The purpose of the structural inspection plans is to provide specific inspection procedures and schedules so that the building can be adequately inspected for compliance with the permitted documents, and with specific requirements of the City of Miami. The Special Inspector may not serve as a surrogate in carrying out the responsibilities of the Building Official, the architect, or the engineer of record. The Contractor's contractual or statutory obligations are not relieved by any action of the Special Inspector.

B. The Special Inspector shall determine that a professional engineer who specializes in shoring design has inspected the shoring and reshoring for conformance with the shoring and reshoring plans submitted to the enforcing agency. A fee simple title owner of a building, which does not meet the minimum size, height, occupancy, occupancy classification, or number-of-stories criteria which would result in classification as a threshold building under s. 553.71(7), Florida Statutes, may designate such building as a threshold building, subject to more than the minimum number of inspections required by the Florida Building Code.

C. The fee owner of a threshold building shall select and pay all costs of employing a Special Inspector, but the Special Inspector shall be responsible to the enforcement agency. The inspector shall be a person certified, licensed or registered under Chapter 471, Florida Statutes, as an engineer or under Chapter 481, Florida Statutes, as an architect.

D. Each enforcement agency shall require that, on every threshold building:

i. The Special Inspector, upon completion of the building and prior to the issuance of a Certificate of Occupancy, file a signed and sealed statement with the enforcement agency in substantially the following form: "To the best of my knowledge and belief, the above described construction of all structural load- bearing Components complies with the Permitted documents, and the shoring and reshoring conforms to the shoring and reshoring plans submitted to the enforcement agency."

ii. Any proposal to install an alternate structural product or system to which building codes apply be submitted to the enforcement agency for review for compliance with the codes and made part of the enforcement agency's recorded set of Permit documents.

iii. All shoring and reshoring procedures, plans and details be submitted to the enforcement agency for recordkeeping. Each shoring and reshoring installation shall be supervised, inspected and certified to be in compliance with the shoring documents by the Contractor.

iv. All plans for the building which are required to be signed and sealed by the architect or engineer of record contain a statement, on each drawing page, that, to the best of the architect's or engineer's knowledge, the plans and specifications comply with the applicable minimum building Codes and the applicable fire-

safety standards as determined by the City of Miami in accordance with Section 110.8.4.4, Florida Building Code and Chapter 633, Florida Statutes.

E. No enforcing agency may issue a building Permit for construction of any threshold building except to a licensed general Contractor, as defined in Section 489.105(3)(a), Florida Statutes, or to a licensed building Contractor, as defined in Section 489.105(3)(b), Florida Statutes, within the scope of her or his license. The named Contractor to whom the building Permit is issued shall have the responsibility for supervision, direction, management and control of the construction activities on the project for which the building Permit was issued.

F. The building department may allow a Special Inspector to conduct the minimum structural inspection of threshold buildings required by this Code and Section 553.73, Florida Statutes, without duplicative inspection by the building department. However, the building department may duplicate any inspection for quality assurance, or for any other purpose as determined by the Building Official.

The Building Official is responsible for ensuring that any person conducting inspections is qualified as a building inspector under Part XII of Chapter 468, Florida Statutes, or certified as a Special Inspector under Chapter 471 or 481, Florida Statutes. Inspections of threshold buildings required by Section 553.79(5), Florida Statutes, are in addition to the minimum inspections required by this Code.

t. Mandatory structural inspections for condominium and cooperative buildings.

a. General. The Legislature finds that maintaining the structural integrity of a building throughout the life of the building is of paramount importance in order to ensure that buildings are structurally sound so as to not pose a threat to the public health, safety, or welfare. As such, the Legislature finds that the imposition of a statewide structural inspection program for aging condominium and cooperative buildings in this state is necessary to ensure that such buildings are safe for continued use.

b. As used in this Section, the terms:

Milestone Inspection means a structural inspection of a building, including an inspection of load-bearing elements and the primary structural members and primary structural systems as those terms are defined in Section 627.706, Florida Statutes, by an architect licensed under Chapter 481, Florida Statutes, or engineer licensed under Chapter 471, Florida Statutes, authorized to practice in this state for the purposes of attesting to the life safety and adequacy of the structural Components of the building and, to the extent reasonably possible, determining the general structural condition of the building as it affects the safety of such building, including a determination of any necessary maintenance, repair, or replacement of any structural Component of the building. The purpose of such inspection is not to determine if the condition of an existing building is in compliance with the Florida Building Code or the firesafety Code. The Milestone Inspection services may be provided by a team of professionals with an architect or engineer acting as a

registered design professional in responsible charge with all work and reports signed and sealed by the appropriate qualified team member.

Substantial Structural Deterioration means substantial structural distress or substantial structural weakness that negatively affects a building's general structural condition and integrity. The term does not include surface imperfections such as cracks, distortion, sagging, deflections, misalignment, signs of leakage, or peeling of finishes unless the licensed engineer or architect performing the phase one or phase two inspection determines that such surface imperfections are a sign of Substantial Structural Deterioration.

c. Inspection Phases.

1. An owner or owners of a building that is three stories or more in height as determined by the Florida Building Code and that is subject, in whole or in part, to the condominium or cooperative form of ownership as a residential condominium association under Chapter 718, Florida Statutes, or a cooperative association under Chapter 719, Florida Statutes, must have a Milestone Inspection performed for each building that is three (3) stories or more in height by December 31 of the year in which the building reaches thirty (30) years of age, based on the date the Certificate of Occupancy for the building was issued, and every ten (10) years thereafter. If a building reached thirty (30) years of age before July 1, 2022, the building's initial Milestone Inspection must be performed before December 31, 2024. If a building reaches thirty (30) years of age on or after July 1, 2022, and before December 31, 2024, the building's initial Milestone Inspection must be performed before December 31, 2025. If the date of issuance for the Certificate of Occupancy is not available, the date of issuance of the building's Certificate of Occupancy shall be the date of occupancy evidenced in any record of the local Building Official.

2. The Department may determine that local circumstances, including environmental conditions such as proximity to salt water as defined in Section 379.101, Florida Statutes, require that a Milestone Inspection must be performed by December 31 of the year in which the building reaches twenty-five (25) years of age, based on the date the Certificate of Occupancy for the building was issued, and every ten (10) years thereafter.

3. The Department may extend the date by which a building's initial Milestone Inspection must be completed upon a showing of good cause by the owner or owners of the building that the inspection cannot be timely completed if the owner or owners have entered into a contract with an architect or engineer to perform the Milestone Inspection and the inspection cannot reasonably be completed before the deadline or other circumstance to justify an extension.

4. The Department may accept an inspection report prepared

by a licensed engineer or architect for a structural integrity and condition inspection of a building performed before July 1, 2022, if the inspection and report substantially comply with the requirements of this Section. Notwithstanding when such inspection was completed, the condominium or cooperative association must comply with the unit owner notice requirements in Section 110.9.9, Florida Building Code. The inspection for which an inspection report is accepted by the Department under this paragraph is deemed a Milestone Inspection for the applicable requirements in Chapters 718 and 719, Florida Statutes. If a previous inspection and report is accepted by the Department under this paragraph, the deadline for the building's subsequent ten (10) year Milestone Inspection is based on the date of the accepted previous inspection.

d. The Milestone Inspection report must be arranged by a condominium or cooperative association and any owner of any portion of the building which is not subject to the condominium or cooperative form of ownership. The condominium association or cooperative association and any owner of any portion of the building which is not subject to the condominium or cooperative form of ownership are each responsible for ensuring compliance with the requirements of this Section. The condominium association or cooperative association is responsible for all costs associated with the Milestone Inspection attributable to the portions of a building which the association is responsible to maintain under the governing documents of the association. This Section does not apply to a single-family, two-family, or three-family dwelling with three or fewer habitable stories above ground.

e. Upon determining that a building must have a Milestone Inspection, the Department must provide written notice of such required inspection to the condominium association or cooperative association and any owner of any portion of the building which is not subject to the condominium or cooperative form of ownership, as applicable, by certified mail, return receipt requested. The condominium or cooperative association must notify the unit owners of the required Milestone Inspection within fourteen (14) days after receipt of the written notice from the Department and provide the date that the Milestone Inspection must be completed. Such notice may be given by electronic submission to unit owners who consent to receive notice by electronic submission or by posting on the association's website.

f. Phase one of the Milestone Inspection must be completed within 180 days after the owner or owners of the building receive the written notice under Section 110.9.5, Florida Building Code or Section 10-10 of this Code. For purposes of this Section, completion of phase one of the Milestone Inspection means the licensed engineer or architect who performed the phase one inspection submitted the inspection report by e-mail, United States Postal Service, or commercial delivery service to the Department.

g. A Milestone Inspection consists of two phases:

   A. For phase one of the Milestone Inspection, a licensed architect

or engineer authorized to practice in this state shall perform a visual examination of habitable and non-habitable areas of a building, including the major structural Components of a building, and provide a qualitative assessment of the structural conditions of the building. If the architect or engineer finds no signs of Substantial Structural Deterioration to any building Components under visual examination, phase two of the inspection, as provided in Section 110.9.7.2, Florida Building Code, or Section 10-10(g) of this Code, is not required. An architect or engineer who completes a phase one Milestone Inspection shall prepare and submit an inspection report pursuant to Section 110.9.8, Florida Building Code, or Section 10-10 of this Code.

B. Phase two of the Milestone Inspection must be performed if any Substantial Structural Deterioration is identified during phase one. A phase two inspection may involve destructive or non-destructive testing at the inspector's direction. The inspection may be as extensive or as limited as necessary to fully assess areas of structural distress in order to confirm that the building is structurally sound and safe for its intended use and to recommend a program for fully assessing and repairing distressed and damaged portions of the building. When determining testing locations, the inspector must give preference to locations that are the least disruptive and most easily repairable while still being representative of the structure. If a phase two inspection is required, within 180 days after submitting a phase one inspection report the architect or engineer performing the phase two inspection must submit a phase two progress report to the Department with a timeline for completion of the phase two inspection. An inspector who completes a phase two Milestone Inspection shall prepare and submit an inspection report as required in this Section.

C. Upon completion of a phase one or phase two Milestone Inspection, the architect or engineer who performed the inspection must submit a sealed copy of the inspection report with a separate summary of, at minimum, the material findings and recommendations in the inspection report to the condominium association or cooperative association, to any other owner of any portion of the building which is not subject to the condominium or cooperative form of ownership, and to the Building Official of the local government which has jurisdiction. The inspection report must, at a minimum, meet all of the following criteria:

i. Bear the seal and signature, or the electronic signature, of the licensed engineer or architect who performed the inspection.

ii. Indicate the manner and type of inspection forming the basis for the inspection report.

iii. Identify any Substantial Structural Deterioration, within a reasonable

professional probability based on the scope of the inspection, describe the extent of such deterioration, and identify any recommended repairs for such deterioration.

iv. State whether unsafe or dangerous conditions, as those terms are defined in the Florida Building Code, were observed.

v. Recommend any remedial or preventive repair for any items that are damaged but are not Substantial Structural Deterioration.

vi. Identify and describe any items requiring further inspection.

D. Within 45 days after receiving the applicable inspection report, the condominium or cooperative association must distribute a copy of the inspector-prepared summary of the inspection report to each condominium unit owner or cooperative unit owner, regardless of the findings or recommendations in the report, by United States mail or personal delivery at the mailing address, property address, or any other address of the owner provided to fulfill the association's notice requirements under Chapter 718 or Chapter 719, Florida Statutes, as applicable, and by electronic transmission to the e-mail address or facsimile number provided to fulfill the association's notice requirements to unit owners who previously consented to received notice by electronic transmission; must post a copy of the inspector-prepared summary in a conspicuous place on the condominium or cooperative property; and must publish the full report and inspector prepared summary on the association's website, if the association is required to have a website.

E. The Department may prescribe timelines and penalties with respect to compliance with this Section.

F. A Board of County Commissioners or Municipal governing body may adopt an ordinance requiring that a condominium or cooperative association and any other owner that is subject to this Section schedule or commence repairs for Substantial Structural Deterioration within a specified timeframe after the Department receives a phase two inspection report; however, such repairs must be commenced within 365 days after receiving such report. If an owner of the building fails to submit proof to the Department that repairs have been scheduled or have commenced for Substantial Structural Deterioration identified in a phase two inspection report within the required timeframe, the Department must review and determine if the building is unsafe for human occupancy.

G. Cleanup of site. Upon completion of the proposed work, the Permit holder shall leave the site cleared of rubbish, debris, construction sheds or materials of construction. In the event there has been damage to public property or that rubbish, debris, construction sheds or materials of construction have been left at the site, then the Build-

ing Official shall refuse to make final inspection and shall notify the Permit holder to correct the condition of violation within five (5) days. For failure to comply with such notice after such period of five (5) days, the Permit holder is subject to the penalties specified herein, and the Building Official shall have the cleanup work done and public property restored and shall notify the legal authority, who shall institute the necessary action to have the costs placed as a lien against the property in relation to which the Permit was issued, as allowed by law, and any other requirements mandated by local law.

(Ord. No. 14279, § 2, 5-9-24)

Sec. 10-11. Certificates of occupancy/use and occupancy.

A building or structure shall not be used or occupied, and a change in the existing use or occupancy classification of a building or structure or portion thereof shall not be made, until the Building Official has issued a Certificate of Occupancy therefor as provided herein. Issuance of a Certificate of Occupancy shall not be construed as an approval of a violation of the provisions of this Code or of other ordinances of the jurisdiction.

Exception: Certificates of Occupancy are not required for work exempt from Permits in accordance with Section 105.2, Florida Building Code or Section 10-5 of this Code.

a. Certificate issued. After the Building Official inspects the building or structure and does not find violations of the provisions of this Code or other laws that are enforced by the Department, the Building Official shall issue a Certificate of Occupancy that contains the following:

1. The building Permit number.
2. The address of the structure.
3. The name and address of the owner or the owner's authorized agent.
4. A description of that portion of the structure for which the certificate is issued.
5. A statement that the described portion of the structure has been inspected for compliance with the requirements of this Code for the occupancy and division of occupancy and the use for which the proposed occupancy is classified.
6. For buildings and structures in flood hazard areas, a statement that documentation of the as-built lowest floor elevation has been provided and is retained in the records of the authority having jurisdiction.
7. The name of the Building Official.
8. The edition of the Code under which the Permit was issued.
9. The use and occupancy, in accordance with the provisions of Chapter 3, Florida Building Code.
10. The type of construction as defined in Chapter 6, Florida Building Code.
11. The design occupant load.
12. If an automatic sprinkler system is provided, whether the sprinkler system is required.
13. Any special stipulations and conditions of the building Permit.

b. Temporary occupancy. The Building Official is authorized to issue a Temporary Certificate of Occupancy before the completion of the entire work covered by the Permit, provided that such portion or portions shall be occupied safely. The Building Official shall set a time period during which the Temporary Certificate of Occupancy is valid.

1. Premature occupancy. Occupying a building or structure before authorization is obtained from all required departments or agencies shall subject the Permit holder to

additional fines as applicable and/or penalties. The Building Official is authorized to remove all occupants until full authorization is obtained.

c. Revocation. The Building Official is authorized to, in writing, suspend or revoke a Certificate of Occupancy or completion issued under the provisions of this Code wherever the certificate is issued in error, or on the basis of incorrect information supplied, or where it is determined that the building or structure or portion thereof is in violation of any ordinance or regulation or any of the provisions of this Code.

d. Certificate of completion. A certificate of completion is proof that a structure or system is complete and for certain types of Permits is released for use and may be connected to a utility system. This certificate does not grant authority to occupy a building, such as shell building, prior to the issuance of a Certificate of Occupancy.

(Ord. No. 14279, § 2, 5-9-24)

Sec. 10-12. Service utilities.

a. Connection of service utilities. A person shall not make connections from a utility, source of energy, fuel or power to any building or system that is regulated by this Code for which a Permit is required, until released by the Building Official.

b. Temporary connection. The Building Official shall have the authority to authorize the temporary connection of the building or system to the utility, source of energy, fuel or power.

c. Authority to disconnect service utilities. The Building Official shall have the authority to authorize disconnection of utility service to the building, structure or system regulated by this Code and the referenced Codes and standards set forth in Section 101.4, Florida Building Code, or Section 10-1 of this Code, in case of emergency where necessary to eliminate an immediate hazard to life or property or where such utility connection has been made without the approval required by Section 112.1 or 112.2, Florida Building Code or Section 10-12 of this Code. The Building Official shall notify the serving utility, and wherever possible the owner and occupant of the building, structure or service system of the decision to disconnect prior to taking such action. If not notified prior to disconnecting, the owner or occupant of the building, structure or service system shall be notified in writing, as soon as practical thereafter.

(Ord. No. 14279, § 2, 5-9-24)

Sec. 10-13. Stop work order.

a. Authority. Where the Building Official finds any work regulated by this Code being performed in a manner either contrary to the provisions of this Code or dangerous or unsafe, the Building Official is authorized to issue a stop work order.

b. Issuance. The stop work order shall be in writing and shall be given to the owner of the property involved, the owner's authorized agent or the person performing the work. Upon issuance of a stop work order, the cited work shall immediately cease. The stop work order shall state the reason for the order and the conditions under which the cited work will be Permit to resume.

c. Unlawful continuance. Any person who shall continue any work after having been served with a stop work order, except such work as that person is directed to perform to remove a violation or unsafe condition, may be subject to the revocation of any active Permits and shall be subject to any additional penalties as proscribed by law.

(Ord. No. 14279, § 2, 5-9-24)

Sec. 10-14. Unsafe structures and equipment.

Any activities related to or involving unsafe structures as defined shall conform with the requirements of Chapter 10, Article VI of the City Code, as amended.

(Ord. No. 14279, § 2, 5-9-24)

Sec. 10-15. Variances in flood hazard areas.

Pursuant to Section 553.73(5), Florida Statutes, the variance procedures adopted in the local

flood plain management ordinance shall apply to requests submitted to the Building Official for variances to the provisions of Section 1612.4 of the Florida Building Code, Building or, as applicable, the provisions of Section R322 of the Florida Building Code, Residential. This Section shall not apply to Section 3109 of the Florida Building Code, Building.
(Ord. No. 14279, § 2, 5-9-24)

Sec. 10-16. Alternative plans review and inspection.

a. Private Provider election. For the purpose of this Section the term Private Provider shall be the same as defined in Section 553.791, Florida Statutes. The fee owner of a building or structure may choose to use a Private Provider to provide building code inspection services with regard to such building or structure. Upon written authorization from the fee owner, the election to use a Private Provider may also be made by the fee owner's Contractor or by the lessee in the fee owner's building or structure, with written consent from the fee owner.

b. Scope of service. The Private Provider may provide plans review or required building inspections, or both. However, if the Private Provider provides plans review services, they shall also provide required building inspections. The Building Official shall not allow plans review only. Private Providers may review the following disciplines only: Building, Roofing, Structural, Electrical, Mechanical and Plumbing. All other disciplines (Zoning, Fire, Public Works, etc.) will be reviewed by the City.

c. Registration. Private Provider firms operating within the jurisdiction of the City of Miami shall be registered prior to engaging in any business activity in accordance with 553.791, Florida Statutes. The registration system shall be established by the Building Official and shall be accessible from the jurisdiction's website. There shall be no cost associated with the registration of Private Providers or their business entities.

d. Changing the Private Provider during plans review. If the Private Provider is terminated, or otherwise fails to complete the plans review process and issue the appropriate affidavits, a substitute Private Provider may finish the plans review and assume all responsibility. The Building Official, at their discretion, may opt to take over the responsibility for plans review, provided that approval of the construction documents is based strictly upon review by the enforcement agency, and not by the Private Provider.

e. Changing the Private Provider during inspections. If the Private Provider is terminated, or otherwise fails to complete the inspections and issue the final compliance documents, the fee owner must secure another Private Provider to take over the inspection duties until the completion of the project and assume all responsibility. The Building Official will not take over inspection duties.

f. Quality Assurance. The Building Official is authorized to establish a program of quality assurance to verify the proper performance of the Private Provider's building Code inspection services.

g. Fee adjustments. A reduction in Permit fees for the use of Private Providers shall be as set forth in Section 10-18, City Code or as required by Florida law.

h. Submittal documents. Only official forms approved by the Building Official shall be submitted to the jurisdiction. Plans and other documents approved by the Private Provider shall be stamped with the language "REVIEWED for Code Compliance in accordance with Section 553.791, FLORIDA STATUTES". The language shall appear on each page of the drawings, and on the front page of multi-page documents such as calculations and reports. All documents submitted to the jurisdiction shall be prescreened for sufficiency and completeness.

i. Duties and responsibilities. The Private Provider shall not perform inspections for any work, or any Component of the work, that does not have a valid Permit. If unpermitted construction is discovered, the Private Provider shall notify the Building Official immediately as a matter of public safety, and inspection services shall cease until the proper Permits have been acquired. Any Private Provider or their duly

authorized representative knowingly conducting inspections on projects without the requisite Permits may be referred to their respective professional board for disciplinary review in accordance with Section 553.791, Florida Statutes. Any safety issues shall immediately be reported to the Building Official, and any other enforcement agency having jurisdiction over the matter.

j. Inspection documents. The Private Provider shall maintain at the job site a complete record of all inspections performed and shall make it available at all times for review by the Building Official. The collective record of inspections shall be known as the inspection log.

k. Inspection reports shall be legible and shall clearly identify, in detail, the exact areas and/or items inspected.

l. Each individual inspection report shall be signed by the person who performed the inspection. Example: If the Private Provider performs the inspection, then they must sign the report. If the provider's duly authorized representative performs the inspection, then they shall be the party to sign the inspection report, but the Private Provider may also co-sign the document at their discretion.

m. The inspection log shall be maintained in good condition, in one or more binders, and shall be organized by date and separated by trade. Individual reports must be numbered sequentially or otherwise labeled to follow a chronological order. As the construction progresses, and upon completion of the project, the Building Official shall be able to determine from the inspection log itself that all areas and/or Components of the project that were completed have been inspected and approved.
(Ord. No. 14279, § 2, 5-9-24)

DIVISION 2. BUILDING ADMINISTRATION, FEES, AND WAIVERS

Sec. 10-17. Postings and reports of dangerous buildings by firefighters and police officers.

a. It shall be unlawful to post advertising matter on any unoccupied building or on any temporary structure in this city. This Section shall not apply to any owner or to any person acting under authority of the owner of such building.

b. The employees of the department of fire-rescue and police department shall make a report, in writing, to the director of the Planning, Building and Zoning Departments of all buildings or structures which are, may be or are suspected to be dangerous buildings. Such reports shall be delivered to the Planning, Building and Zoning Department within 24 hours of the discovery of such building by such employee.
(Ord. No. 14279, § 2, 5-9-24)

Sec. 10-18. Building permit fee schedule; waivers; elevator, escalator, boiler etc.

Fees and Fines.

a. Definitions

Affordable Housing Development is owner-occupied and/or rental housing with a purchase cost, value, or monthly rental, as applicable, equal to or less than the amounts established by the applicable standards for those individuals whose income is between 30 percent to 80 percent of the area median income as published annually by the United States Department of Housing and Urban Development ("HUD").

Community Redevelopment Agency ("CRA") is a public entity created pursuant to F.S. § 163.356, as amended.

Dry Run is defined as the process of plans signed and sealed by the design team submitted for building permit but with a building permit application without having a contractor.

Income Restricted Units is a project whose development or refurbishment has resulted and benefited, in whole or in part, from any of the city's programs for low income, affordable, or workforce housing and are accordingly restricted by the requisite covenant(s).

Master Permit is a building permit obtained for the complete work on any project.

Private Provider means a person who can provide alternate plans review under F.S.

§ 553.791 and is licensed as an engineer under F.S. Ch. 471 or as an architect under F.S. Ch. 481, as amended.

Stand-alone Permit is any trade (electrical, mechanical or plumbing) permit pulled for a single category without the need for a Master Permit.

Trade Permit is a subsidiary building, electrical, mechanical or plumbing permit that requires a Master Permit associated with it to be pulled prior to issuance.

Up-front Fee is the fee associated and charged at the time of submittal of a set of plans and building permit application.

Workforce Housing Development is owner-occupied and/or rental housing with a purchase cost, value, or monthly rental, as applicable, equal to or less than the amounts established by the applicable standards for those individuals whose income is between 80 percent to 140 percent of the Area Median Income as published annually by HUD.

b. General Fee information

1. Building, Plumbing, Mechanical and Electrical Permit Fees.

   a. Residential (up to three dwelling units): For all residential properties, any Trade or Master building Permit will be charged 0.50 of the estimated construction cost (including labor and materials) for new construction or additions, and 0.50 of the estimated construction cost for all remodeling permits. Notwithstanding the foregoing, the building Permit fee for residential improvements where the amount of estimated construction is less than $2,500.00 shall be fixed at $45.00.

   b. Commercial and Multifamily Master Permit, Trade Permit and Stand-alone Permit fee: For a building whose estimated construction cost is equal to or less than $30,000,000.00 is one percent of the cost of construction as per the declared cost by the Contractor. For projects were the construction cost exceeds $30,000,000.00, the fee will be the same as above up to $30,000,000.00, plus one-half percent of the amount in excess of the $30.000,000.00.

   c. Minimum Permit fee, applicable to any building Permit, shop drawing, or revision of any category regardless of construction cost or number of pages: $110.00.

   d. Phased Permit fee: Any Phased Permit issued in accordance with the Florida Building Code (FBC 105.13) will be valid for six months from the issuance date. No extensions will be issued to the Phased Permits by the Building Official. These Permits will be charged a $1,500.00 fee, plus any other applicable surcharges as defined or required by the surcharges section.

   e. Fee for work started without Permits: When work is commenced prior to obtaining a required Permit, a fee of two times that specified in this Section, plus a $110.00 fee shall be paid for Homestead properties, and a fee of four times that specified in this Section, plus a $110.00 fee shall be paid for non-Homestead/commercial properties. The payment of such fees shall not relieve any person, firm, or corporation from fully complying with all of the requirements of all applicable regulations and codes, nor shall it relieve them from being subject to any of the penalties therein. The fee requirement shall be applicable to all trade divisions of the building department.

   f. The building department will modify the Permit fee calculation using the Engineering News Record-Building Cost Index (ENR-BCI) published each January. A credit will be applied

to the total cost of the building Permit fee using the ENR-BCI should the ENR-BCI increase.

2. Surcharges. For all Permits issued, the building department will collect the following surcharges for the State of Florida, Miami-Dade County and other City departments:

   a. State of Florida Surcharges.

      1. State of Florida Department of Business and Professional Regulation (DBPR).

      2. State of Florida Building Code Administrators and Inspectors (BCAI).

   b. Miami-Dade County Code Compliance Surcharges.

   c. City Solid Waste Surcharge.

      1. Residential. $0.22 per $100.00 of the estimated cost of construction with a minimum fee of $26.00 and a maximum fee of $600.00.

      2. Commercial. Permits for all building a surcharge of two and one-half percent of the cost of construction with a minimum of $57.00 and a maximum of $10,500.00.

      3. Exemptions. The following are exempt from this surcharge: signs, landscaping, elevators, revisions, subsidiary Permits, roofing, awning, windows and doors, shed, flooring, driveways, solar panel installations, and any affordable housing Permit that the City Director of Community Development exempts in writing prior to the issuance of the Permit.

      4. Automatic Deferral. The City Manager, or Designee, shall defer the surcharge for Affordable Housing Developments and workforce housing developments for as long as the development remains affordable or workforce housing. The Permit applicant shall provide the City the Community Redevelopment Agency board's resolution approving or authorizing the project and a covenant running with the land, or a deed restriction, which ensures that the development conforms to the requirements of an Affordable Housing Development or workforce housing development. Upon the project ceasing to be an Affordable Housing Development or a workforce housing development, the solid waste surcharges that were deferred shall become due and payable to the city within 30 days.

      5. Petition for Refund of Solid Waste Surcharge.

         (a) Petitions for refund of the Solid Waste surcharge shall be submitted to the City Manager or Designee, for their review. The City Manager or Designee shall provide a form for the Petition that is to be submitted by all eligible parties. The criteria for granting any such petition is as follows:

            (1) The Petition shall be filed within ninety (90) days after finalization of the relevant permit. Any party who has the right to file a Petition and who fails to do so within the required timeframe shall be deemed to have waived their right.

(2) Only the party who paid the surcharge, hereinafter referred to as Petitioner, and who believes the contribution rate component of their surcharge to be inequitable based upon actual construction completed or lack thereof, subject to the limitations set forth in this Section, may file a Petition;

(3) The Petition shall state with detailed specificity the reason for the request and the amount of refund being sought, and shall include:

i. All submitted plans and modification;

ii. Any and all refuse and debris removal contracts in place on the permit site;

iii. Any and all charges for the refuse and debris removed incurred from the final recycle or dumping station; and

iv. Any other item, document, contract, agreement or writing that has direct bearing on the requested adjustment.

(4) The Petitioner requesting the adjustment may be required, at their own cost, to provide supplemental information as requested by the City Manager or Designee, including, but not limited to, a full set of building (permit) plans, proof of finalization of relevant permit, copies of hauler agreements, copies of container removal service agreements or removal billing. Failure to provide such information may result in the denial of the refund request; and

(b) The City Manager or Designee will review the Petition and based upon the totality of information provided, which may include requests for information from the relevant City departments, determine whether the refund is granted and the amount therein, as necessary.

(c) The City Manager or Designee will have one hundred twenty (120) days from the date of receipt of the Petition for Refund to provide a determination in writing. The determination shall include a recitation of the facts and the basis for the granting or denying of the Petition and if granting, the reason for the amount of refund.

(d) Appeals. All determinations by the City Manager or Designee are final.

(e) This Section does not apply to a class member (as defined in the trial court's order certifying the class in *RT&S Investment Group, LLC v. City of Miami,* Miami Dade Circuit Court Case No.: 14-32239 CA 27) who does not opt out of the class.

d. City Energy Conservation Surcharge.

1. This charge encompasses energy conservation plan review and field inspections for such energy conservation.

2. For each square foot of new construction or an addition, $0.11.

3. Miscellaneous permits and inspections fees.

a. Private Provider fee. When a property owner uses the services of a licensed private company for plan review and inspections services (a private provider under F.S. § 553.791), the fee will be assessed as a regular building permit with a credit of one-third of the original building/Trade Permit fee line. If only the plan review or the inspections are done by the private provider, then the fee will be one-half of the one-third credit stipulated above.

b. Dry Run/Up-Front Fees. At the time of issuance of the Permit application process number assigned by the building department, the projects will be charged $2.80 per $1,000.00 of the estimated construction value. Eighty percent of the total collected amount for this item, will be credited towards the building Permit fee line when issued. No credit will be issued if there is no issuance of a Permit, a substantial design is submitted, or the Permit is not issued after 180 days of the last review. Dry Run and Up-front fees are not refundable, however they will be fully credited towards the cost of the building permit.

c. Joint Plan Reviews.

1. Each meeting with staff from Building, Zoning, Planning, or Resilience and Public Works, $276.00 per each requested discipline for a maximum of two hours each.

2. If additional disciplines are required based on the scope of work, additional charges for each discipline will apply. This fee does not apply to affordable housing projects qualified as such under the City Code.

3. This shall only apply to commercial projects that are over 20,000 square feet in size.

d. Revision of Plans and Re-works. Revision of plans (per discipline) and reworks, after the second review, $56.00.

e. Recertification. Recertification of buildings are required pursuant to the requirements of the Miami-Dade County Board of Rules and Appeals (BORA) standing order, and Miami-Dade County Code Chapter 8 and the Florida Building Code Administrative Rules. Recertification review for compliance with recertification, $276.00 fee. Any extension request by the owner of a property after receipt of a notification letter from the City that the property must prove they are in compliance with Recertification will be assessed a $500.00 for each additional three-month extension, with a maximum of two possible extensions after the original notification letter.

f. Permit by Affidavit, and Legalization of Existing Structures. The Permits issued by affidavit and legalizations of structures built without Permits before the year 2002, will be charged a fee of $250.00, in addition to any other applicable enforcement fee, building and Trade Permit fee. For those structures built after 2002, they will be charged with a double permit fee and fine where applicable using subsection 10-18(b)(1) above.

g. Annual facility Permit Fee. These Permits will be issued with a two percent fee based on the intended annual work schedule cost per building or trade.

h. Commercial Engineered or Structural Glazing and Curtain Walls. A $150.00 fee for compliance with the recertification, every six months for the first year after receiving the Certificate of Occupancy (C.O.), and a fee of $300.00 every five years after that date in accordance with the Florida Building Code.

i. Certificate of Occupancy (C.O.) and Certificate of Compliance (C.C.). In accordance with the requirements of the Florida Building Code.

1. Residential (single family/duplex, triplex or multifamily condominium): $105.00 per unit.

2. Commercial (including multifamily rentals): $0.10 per square feet of space with a minimum of $250.00 for a C.O. and $150.00 for a C.C.

3. Extensions of T.C.O. or T.C.C.: The T.C.O. or T.C.C. extension can be requested through the Building Official or Designee. Any extensions shall be charged as follows:

A. First request. May request an extension of up to 270 days in 90-day increments. The cost per square foot shall increase by $0.10 per 90 days for commercial properties or $105.00 per 90 days for residential properties;

B. Second request. May request an extension of up to 270 days in 90-day increments. The cost per square foot shall increase by $0.10 per 90 days for commercial properties or $105.00 per 90 days for residential properties;

C. Third request. May request an extension of up to 270 days in 90-day increments. The cost shall be charged at a rate equal to 50 percent of the building/Trade Permit line.

D. *Exemption.* Income Restricted Units certified by the City with a recorded covenant may be exempted from the additional Permit fee charged beyond the second time pursuant to this section by the City Manager or Designee based upon a showing that all Permits are currently active and/or no prior Permit and/or code violations have occurred at the project site. The exemption shall only be allowed for the applicable Income Restricted Units.

I. Should an exemption to the fee be granted, it may be renewed for the extension times as provided for in Subsection 10-18(b)(3)(i).

II. The exemption from the additional fee charged beyond the second time is retroactive to any active permit for a qualifying Income Restricted Unit.

4. For projects qualifying as a phased project as defined in Section 55-1 of the City Code, the T.C.O. may be issued as follows:
   A. T.C.O. may be issued for an initial period of 365 days at the original rate charged;
   B. T.C.O. may be extended for an additional 365 days at the same original rate charged;
   C. T.C.O. may be extended a second time for an additional 180 days at double the original rate charged; and
   D. T.C.O. may be extended a third and final time for an additional 180 days at a rate equal to 50 percent of the building/Trade Permit line.

j. *Expired and Inactive Permit Applications (NAC).* For those expired applications where 180 days have passed from the original application date, in accordance with the Florida Building Code (FBC105.13), the Building Official may extend for periods not exceeding 90 days the expiration date, if requested by the applicant in writing, explaining the need and circumstances for the extension. Every extension will be charged $100.00 for residential single family, duplex/triplex and $500.00 for commercial and multifamily applications. For those inactive applications (NAC), if authorized by the Planning Director, they will be reactivated in the system after payment of a $1,500.00, for a period of six additional months. If a Permit is not obtained and construction starts within this extension time, the process number will be voided and the applicant will need to re-apply for a new application number. All fees are non-refundable if the process number is voided.

k. *Expired/completion Permits.* Any building/Trade Permit may be extended once by the Building Official if requested prior to the Permit expiration date. If the building/Trade Permit is expired, a completion Permit will be required.

1. *Extension of Permit:* $100.00.
2. *Completion of any type of Permit:* For the first $1,000.00 of value of the remaining work, $32.00, plus any additional $1,000.00 or fraction, $16.00.

l. *Re-inspection Fees.* Re-inspection fees will be charged in instances where the inspector is scheduled to visit a site, and any of the included, but not limited to the following issues occur: a Contractor or builder owner receives a rejection of an inspection because a notice of commencement is not posted at the site and a copy is not provided to the inspector; the wrong address was given to visit the site to inspect; work was incomplete or not ready for inspection; the corrections given in the previous inspections were not completed; the approved set of plans or required certifications are not at the site; or no arrangement was made to allow the inspector to gain entry to the area of inspection, a fee of $57.00 will be assessed and no further inspections will be scheduled until the re-inspection fee is paid.

m. Expedited Plans Review of Green Building Permit Applications. Green buildings are defined as those with resource efficient design, construction, and operation by employing environmentally sensible construction practices, systems, and materials and defined as residential or commercial buildings that are registered Leadership in Energy and Environmental Design ("LEED") projects, or any equivalent Green rating system. LEED is defined as the most recent Leadership in Energy and Environmental Design Rating System of the U.S. Green Building Council. Expedited priority review of Permit applications shall be defined as those to be reviewed prior to non-green building applications, in the order received, within the building Permit review

process. A non-refundable deposit, described in Subsection 10-18(b)(3)(m)(2)(D). below will be required.

1. Green buildings eligible for priority permitting will be:
   A. For buildings in excess of 50,000 square feet, and that exceed the requirements of LEED Silver certification.
   B. For buildings below 50,000 square feet, and that meet or exceed the requirements for any level of LEED certification.
2. To qualify for expedited priority review and approval of permit applications, buildings meeting the criteria above must submit to the building department:
   A. A LEED registration form;
   B. A LEED scorecard indicating all expected rating points;
   C. The name and contact information for a LEED accredited professional on the project team; and
   D. A non-refundable deposit of $500.00.

n. Expedited Overnight Review Projects. The expedited service will cover all review disciplines within the Building, Zoning, Planning, and Resilience and Public Works Departments. Outside source review will be the preferred method.

1. Outside source review fee. Actual cost plus ten percent. These ten (10) percent is the administrative fee to cover the cost of the processing.
2. In-house review fee: $350.00. The fee is per discipline, with a maximum of one review per fee, per discipline for a maximum of four hours each.
3. Plans review or inspections shall not begin until after 4:30 p.m. Monday through Friday. No plans or inspection requests will be accepted on Saturday, Sunday or holidays when City offices are closed. Scanning and printing fees for electronic plan review: The fee shall be based on the same cost charged by the printing company to the City.
4. This shall only apply to commercial projects over 20,000 square feet in size.

o. Application Fee. All Permits will be charged a non-refundable $40.00 application fee.

p. Change of Architect, Engineer, or Contractor for any Type of Permit. $100.00.

q. Recertification of Plans and Revised Plans Fee, and Permit Card Replacement.

1. When plans are lost by the owner or Contractor, a recertification fee is required for a new set of plans: Thirty percent of the original fee. Minimum fee for residential/commercial uses: $100.00.
2. Revised plans and shop drawings (after approval of initial plans):
   A. Per sheet revised and reviewed: $20.00.
   B. Minimum fee: $100.00.
   C. Maximum fee: $5,000.00.
3. Replacement of lost permit card or replacement or duplication of plans (per sheet): $17.00.

r. Administrative Services Fees.

1. Computer print-out of property information, Permits, inspections, etc.: $2.00 per sheet.
2. File search for every request of building department services, including notice of violations: $44.00.
3. Notarization of any document, including building Permit application: $2.00.
4. Sending and receiving faxes (not related to the permitting process):
   A. Local, per page: $2.00.
   B. Long distance, per page: $2.50.
5. City certification of plans: Cost of reproduction of plans plus $1.00 per page.
6. Folio change: $26.00.

s. Refunds, Time Limitations, Revocation, Etc. The fees charged pursuant to this Section, provided the same are for a Permit required by the Florida Building Code, may be refunded by the Building Department Director, subject to the following:

1. No refunds shall be made where any work has commenced, except where duplicate Permits are issued for the same work, in which case a refund in accordance with Subsection 4. below may be granted to the original Permit Holder providing that the duplicate Permits were issued within 90 days of each other and the request for the refund is received within 90 days of the issuance of the latter Permit.
2. No refunds shall be made where a Permit has become void or revoked as provided by Section 304.3(a) of the Florida Building Code.
3. No refunds shall be made on Permit fees of $110.00 or less.
4. Refunds on Permits or any item thereon, will be on a basis of 50 percent of the balance over $110.00; such refunds shall be made to the closest dollar.
5. Bonds may be required for unfinished work on Temporary Certificates of Occupancy (T.C.O). The amount is to be established by the chief of the section(s) involved and shall be 100 percent of estimated cost of the required work. Cash bond will be refunded, less $100.00 or other bonds discharged, upon completion of required work by owner.
    A. Methods for placing bonds may be:
        i. Surety company issuance of bond.
        ii. Cash bond. Payable by cash, or certified cashier's check. A copy of signed contract with a Contractor to do the work is also required.
        iii. Letter of credit from a guaranteed insured state certified bank. The letter shall indicate the purpose of the line of credit. A copy of signed contract with a Contractor to do the work is also required.
    B. If work is done within specified time, the city will proceed to have the work done (1) through the bonding company if Method No. 1. was used; (2) through the contractor specified in the contract if Method No. 2 or Method No. 3 was used, using the proceeds from the cash bond or from the bank letter of credit.
4. Building Department Enforcement Fees. In compliance with the Florida Building Code, National Electrical Code, and Miami-Dade County Code Chapter 8, the following expenses will be recovered from necessary Building Department enforcement and/or demolitions:
    a. Initiation and processing fee for all work without a Permit and all unsafe structures cases after notice of violation is given: $500.00.
    b. Digital pictures: $1.00 each.
    c. Additional inspection of open non-compliant cases after being given a notice of violation and either being provided time to comply to either repair or demolish the property structure: $150.00.
    d. Posting of notices: $50.00.
    e. Unsafe structures panel fee: $200.00.
    f. Title search will be charged: Actual cost.
    g. Court reporting will be charged: Actual cost.
    h. Legal advertisement will be charged: Actual cost.
    i. Lien/recordation/cancellation of notices-each will be charged actual cost plus a $1.00 administrative fee per every ten pages.

j. Bid processing fee and Contractor Notice to Proceed (NTP) administrative cost: $150.00.

k. Demolition/secure services will be charged actual cost.

l. Asbestos and lead environmental sampling and abatement: Actual cost.

m. Corporate information and lenders search: $25.00.

n. Extension fee (initial or Unsafe Structure Panel Order requested): $150.00.

5. Waiver of permitting fees. All city building permit fees related to the installation of solar panels are hereby waived for residential and commercial properties. The building department will process all building permit applications for solar panels within three business days. That portion of city building permit fees attributable to compliance with Chapter 10, Article XI of the City Code are hereby waived for structures existing on or before October 8, 2020. These waivers do not include any surcharges, fees, or costs required by federal, state, or county governments.

6. New permits prohibited, non-homestead properties. Permits shall not be issued for a non-homestead property with any outstanding code enforcement violations, building violations, or any relevant city lien or invoice due and owing to the city. Permits required to cure life safety issues, Permits which are required to bring outstanding violations into compliance, or Permits for any properties owned by a governmental entity are exempted from this prohibition.

c. Elevator/Escalator/Boiler and Unfired Pressure Vessel Fees and Fines for Non-Compliance.

a. Recurring/Annual fees.

Certificate of operation per elevator	$200.00
Elevator/escalator duplicate certificate per elevator/escalator	$100.00
Elevator/escalator delinquent certificate per elevator/escalator	$50.00
Temporary certificate of operations per elevator/escalator	$100.00
Elevator/escalator annual inspection per elevator/escalator	$200.00
Elevator/escalator re-inspection fee per elevator/escalator	$100.00
Elevator witness one-year test	$200.00
Elevator witness five year test	$250.00
Elevator emergency power/fire recall test per test	$1,000.00
Elevator/escalator removal fee per elevator/escalator	$500.00
High pressure boiler annual inspection per boiler	$135.00
Low pressure boiler annual inspection per boiler	$85.00
Water heater annual inspection per heater	$85.00
Pool heater annual inspection per heater	$85.00
Miniature boiler annual inspection per boiler	$85.00
Kettles annual inspection per kettle	$85.00
Unfired pressure vessel (air compressor) annual inspection per vessel	$85.00

2. *Elevator inspection fees for new construction/alterations.*

Escalator final inspection	$1,200.00
Hydraulic elevator final inspection	$600.00
Traction elevator final inspection	$600.00
Traction elevator final inspection (more than 20 landings)	$750.00
Initial temporary use inspection	$600.00
Temporary use renewal inspection	$200.00
Overtime inspections rate per hour	$225.00
Overtime inspections rate per hour (minimum four-hour block)	$900.00
Wheelchair lift	$300.00
Robotic parking	$1,200.00

Generator/Fire recall test	$1,000.00
Reinspection/Finals	$400.00
Minor Repairs/DLM/Cab interiors/etc.	$300.00

3. *Fines for non-compliance.*

a. *Elevator/escalator non-compliance fines:*

First offense per elevator/escalator	$250.00
Second offense per elevator/escalator	$500.00
Third offense per elevator/escalator	$750.00
Fourth offense per elevator/escalator	$1,000.00

b. *Boiler, heater and unfired pressure vessel non-compliance fines:*

Re-inspection fee for every two consecutive failed inspections	$50.00
Late fee for past due amounts	$40.00

(Ord. No. 14279, § 2, 5-9-24; Ord. No. 14439, § 2, 1-22-26)

Sec. 10-19. Waiver and deferral of fees and senior citizens or low-income waivers.

a. The fees required under this article may be waived by the City Manager for entities and agencies of the City.

b. The City Manager is authorized, and shall, upon a properly submitted application, defer those fees required pursuant to this article, except for those surcharges listed in subsection 10-18(b)(2) of the City Code, as amended, for extremely low income affordable housing, as defined annually by the United States Department of Housing and Urban Development and as determined by the department of community and economic development. Applicants for such deferrals shall utilize the same petition process and covenant requirement as the affordable and workforce housing impact fee deferral program described in Sections 13-8 and 13-16 of the City Code, as amended. The fees deferred pursuant to this article shall remain deferred so long as the property or extremely low income housing units, as applicable, do not change affordability status. Fees deferred under this section shall be due and payable for those properties that no longer qualify as extremely low income affordable housing as determined by the department of community and economic development. The covenant required by this section shall at a minimum:

1. Run with the land;

2. Clearly explain the rights and obligations of building unit(s) owner(s) to maintain the same as ELI affordable housing; and

3. Provide remedies for the city to secure the owners obligations under this section.

For projects that do not exclusively contain extremely low income housing units, deferral of fees shall be on a pro-rata basis utilizing the percentage of extremely low income housing units as compared to the number of total residential units. In no event shall this deferral program exceed $250,000.00 in total deferred fees each fiscal year. Any individual application for deferral that would exceed said limitation shall be denied only as to the portion thereof that would exceed said limitation.

c. Notwithstanding any provisions of this Code or the Florida Building Code to the contrary, all fees and charges assessed by the City departments, including impact fees, which are required to be paid as a condition of the issuance of a building Permit, shall not be charged if all the following conditions are met for senior citizens:

1. The Permit to be obtained will correct a violation for work without Permit or for work with an expired Permit for which the property owner has been cited by Code Compliance Department or any section of the Building Department.

2. The work performed without a Permit commenced prior to March 1, 2002 (Florida Building Code entered in effect March 1, 2002), or the Permit which expired was issued under the South Florida Building Code.

3. The work for which the building permit is requested is for an improvement to a single-family or duplex residence, townhouse or condominium which is occupied by the property owner who is a senior citizen and who has had a valid Homestead Exemption for the past five years for that property.
4. If more than one person owns the property, each person must qualify for the senior citizen exemption, except if the joint owners are married, only one of the owners must meet the qualifications for the senior citizen exemption pursuant to F.S. § 196.075.

d. Notwithstanding Subsection (c), permit fees will be waived for those with a household income below 80 percent of the area median income of Miami-Dade County as determined by the United States Department of Housing and Urban Development ("HUD") annually, upon providing proof of the same to the City, for work that improves the resilience of the exterior shell, such as roofing, doors, windows, shutters, and structural repairs, on Homesteaded properties for up to $50,000.00 of the cost of construction work.

e. Each development department of the City will track the amount of Permit fees and charges affected by this exemption each fiscal year. The general fund shall reimburse each of the development departments the amount of Permit fees and charges exempted as part of the following fiscal year's budget.

f. This Subsection is not intended to waive any Permit fees or charges assessed by the departments or instrumentalities of the state, the county or federal government.
(Ord. No. 14279, § 2, 5-9-24)

Sec. 10-20. Sustainable improvements pilot program.

(a) The storm-proof assistance and value enhancements program ("SAVE") is a pilot program to incentivize residential storm-proofing and future-proofing upgrades. These upgrades shall include, but not be limited to:

(1) Impact-resistant windows;
(2) Reinforced roofs;
(3) Flood protection measures;
(4) Energy-efficient HVAC systems and appliances;
(5) Upgraded insulation;
(6) Low-flow toilets and water-saving fixtures;
(7) Smart thermostats;
(8) Living seawalls;
(9) Permeable pavement; and
(10) Other sustainable and resilient improvement as determined by the city manager or designee.

Through SAVE, all city building permit fees shall be reduced by 50 percent for qualifying improvements. The building department shall process all qualifying applications within three business days, provided that all applicable city and outside agency requirements are complied.

(b) *Qualifying applicants.* A qualified applicant is any owner of a residential property in the city, this includes condominiums and similar residential buildings.

(c) The pilot program shall sunset one year from the date of its adoption on February 12, 2027. The city commission may extend for one more additional year by resolution.
(Ord. No. 14442, § 2, 2-12-26)

ARTICLE II. EXTERIOR FACADE CODE

Sec. 10-21. Title.

This chapter shall be known and may be cited as the "City of Miami exterior facade code for residential and commercial properties."
(Ord. No. 11603, § 2, 1-27-98)

Sec. 10-22. Definitions.

For the purposes of this chapter, the following terms, phrases, words and their derivations shall have the meaning given in this section, unless the context clearly indicates that another meaning is intended. When not inconsistent with the context, words used in the present tense include the future, words in the plural number include the singular number, and words in a singular number include the plural number. The word "shall" is always mandatory and not merely directory.

Event shall, for the purpose of this chapter, mean any media related occurrence such as photo shoot, movie shoot, video shoot or other similar happening.

Fire Station No. 2 Motion Picture and Media district shall mean and is designated as that area bounded by Northeast 15th Street on the north, the FEC right-of-way on the west, I-395 on the south, and Northeast 1st Avenue on the east.

Media district shall be defined as an area within the city which is designated as being of aesthetic value for the media/entertainment industry.

Nonresidential/commercial property means any business or establishment of any nature or kind whatsoever other than a residential unit as defined in the zoning ordinance.

Residential property shall include any and all property of a residential use or nature as defined in the zoning ordinance.

Zoning ordinance shall mean the City of Miami Zoning Ordinance No. 11000, as amended.
(Ord. No. 11603, § 2, 1-27-98; Ord. No. 12052, § 2, 4-26-01; Ord. No. 12207, § 1, 4-11-02)

Sec. 10-23. Conditions of nonresidential/commercial properties.

The exterior of all commercial property shall be maintained so as to prevent deterioration or blight from inadequate maintenance.

(1) All exterior building surfaces shall be free of chipping, pitting, cracking, peeling, fading or discoloration.

(2) All exterior signs shall be in good repair and free of chipping, pitting, cracking, peeling, fading or discolorations. Lighted signs shall have all lights working.

(3) Doors and windows shall be free of cracked or discolored glass or corroded frames.

(4) All awnings shall be without tears and holes and be free of dirt, discoloration, fading or cracking. Any lettering or painted surfaces on awnings shall conform to subsection (2) above. All hardware, supports and poles shall be straight, free of rust, and if painted shall be free of chipping, pitting, cracking, peeling, fading or discoloration, and in good condition.

(5) All building surfaces shall be free of any advertising signs, or posters, painted or attached to the walls unless a permit has been acquired.

(6) If any commercial property is vacant for more than 15 days, all glass surfaces visible to the public shall be kept clean and the interior of such vacant store shall be screened from public view in one of the following ways until the property is occupied:

a. All glass surfaces visible to the public shall be covered with white 60-pound weight paper.

b. Decorative displays of merchandise currently available within the city, merchandise of the future tenant of the vacant store, public service displays or festival and current holiday displays extending as much as three feet into the vacant store shall be located in display windows, provided that screening of the remainder of the vacant store shall be placed immediately behind the decorative display. All sidewalk overhangs attached to commercial buildings shall be structurally sound and free of rust, discoloration, peeling, chipping, cracking, fading, sagging or dirt. All lettering or signage

on overhangs shall conform to the requirements provided in subsection (2) above.

(7) Construction sites shall provide temporary fencing to secure the site during construction and non-construction hours to mitigate the effects of vagrant activity, noise and dust upon the surrounding community.

"Construction sites" shall include all sites where demolition (except city unsafe structures demolitions), new construction take place, other than just interior work which is not visible to the exterior of the premises. This shall not include affordable housing residential units as defined by the United States Department of Housing and Urban Development for rental projects and the city first-time homebuyer program using the area media income as published annually by the state housing finance corporation for homeownership projects.

"Secure," as applied to site access, includes protecting the construction site, during construction and non-construction hours by way of a locked fence surrounding the perimeter of the site. These sites must also have posted and visible "No Trespassing" signs:

a. If any commercial property is vacant for more than 15 days, all glass surfaces visible to the public shall be kept clean and the interior of such vacant store shall be screened from public view in one of the following ways until the property is occupied.

b. All glass surfaces visible to the public shall be covered with white 60-pound weight paper.

c. Decorative displays of merchandise currently available within the city, merchandise of the future tenant of the vacant store, public service displays or festival and current holiday displays extending as much as three feet into the vacant store shall be located in display windows, provided that screening of the remainder of the vacant store shall be placed immediately behind the decorative display. All sidewalk overhangs attached to commercial buildings shall be structurally sound and free of rust, discoloration, peeling, chipping, cracking, fading, sagging or dirt. All lettering or signage on overhangs shall conform to the requirements provided in subsection (2).

(8) Signage. A sign shall be placed on the construction site with the following language:

"This area is a designated construction site. Anyone who trespasses on this property commits a third degree felony pursuant to Florida Statutes 810.09."

(Ord. No. 11603, § 2, 1-27-98; Ord. No. 12930, § 2, 7-10-07)

Sec. 10-24. Conditions of residential properties.

The exterior of every structure used for human habitation shall be so maintained with reasonable attractiveness so as not, in the case of scaling of paint or excessive mildew, to cause or contribute to a depreciation in property values in the immediate neighborhood.

(1) The exterior wall surfaces shall be kept free from materials, objects, and conditions which will have an adverse effect on adjacent premises.

(2) All exterior building surfaces shall be free of chipping, pitting, cracking, discoloration, peeling or fading.

(3) All awnings shall be without tears or holes and be free of dirt, discoloration, fading or cracking.

(4) All walls or fences shall be maintained in good condition, free of cracking, discoloration, peeling or fading.

(5) All awnings, walls or fences shall be kept free of debris, clothes, and/or any other material that may have an adverse effect on adjacent properties.

(Ord. No. 11603, § 2, 1-27-98)

Sec. 10-25. Enforcement.

All violations of this chapter shall be subject to enforcement as set forth in chapter 2, article X, entitled "Code Enforcement," and may be brought for further proceedings before the Code Enforcement Board.

(Ord. No. 11603, § 2, 1-27-98)

Sec. 10-26. Exceptions.

The restrictions as set forth herein, may be modified by the director of the department of planning and zoning, subject to the issuance of a Class II Special Permit as required by Zoning Ordinance No. 11000, as amended, the Zoning Ordinance of the City of Miami, for properties lying within a designated media district. In determining the issuance of a Class II Special Permit, the director shall review and make findings based upon the following criteria:

(1) The structure/building is of significant value to the media district; and

(2) The Class II Special Permit shall expire one year after its issuance; annual renewals shall be required; and

(3) The application fee for the Class II Special Permit shall be $420.00; and

(4) The owner of the property shall comply with the following:

a. The owner shall submit an engineering report, certifying that the subject structure is safe for the public and safe for the limited use of the media industry; and

b. Provide insurance coverage holding the city harmless from any liability, as required by the risk management division; and

c. Events, as required by the Class II Special Permit; and

d. Any other requirement that the director of planning and zoning may deem necessary for the safety of the proposed use and the public; and

(5) The director of planning and zoning shall review and approve any proposed aesthetic changes or modifications to the structure which are visible from the public right-of-way.

Such finding shall be incorporated as part of the final decision of the Class II Special Permit. Decisions of the planning and zoning director are final, unless appealed according to the procedures set forth in article 18 of the Zoning Ordinance No. 11000, as amended, the zoning ordinance of the city.

(Ord. No. 12052, § 2, 4-26-01; Ord. No. 13142, § 5, 2-11-10)

ARTICLE III. LEAD-BASED PAINT ON BUILDING EXTERIORS

DIVISION 1. WORK PRACTICES FOR EXTERIOR LEAD-BASED PAINT

Sec. 10-27. Definitions.

Accredited laboratory means a laboratory, which operates within the EPA National Lead Laboratory Accreditation Program.

Adjacent properties means properties that adjoin the regulated area of the property in question, including at the corners of lot lines.

Certified means a process used by the state and/or Miami-Dade County DERM and the US Environmental Protection Agency (EPA) to identify individuals who have completed training and other requirements to permit the safe execution of lead risk assessments and inspections, or lead hazard reduction and control work. Certified includes current "interim certification" by DHS, unless and until this status is modified by state legislation.

Containment barriers means measures that prevent the migration of lead paint contaminants. Containment barriers shall be at least as effec-

tive at protecting human health and the environment as those contained in the most current HUD guidelines.

Contractor means any person, whether or not in possession of a valid state contractor's license, which undertakes to or offers to undertake to or purports to have the capacity to undertake to or submits a bid to, or does by himself or herself or by or through others, any action that may or will disturb or remove paint. For purpose of this chapter, contractor shall also include subcontractors.

Disturb or remove paint" means any action that creates friction, pressure, heat or a chemical reaction upon any lead-based paint on an exterior surface so as to abrade, loosen, penetrate, cut through or eliminate paint from that surface. This term shall include all demolition and surface preparation activities that are performed upon an exterior surface containing lead-based paint.

Exterior means the outside of a building or steel structure and the areas around it within the boundaries of the property, including the outside of any detached structures, including but not limited to, outside and common walls, stairways, fences, light wells, breezeways, sheds and garages.

HEPA means a high efficiency particulate air filter.

HUD guidelines means the most recent "Guidelines for Evaluation and Control of Lead-Based Paint Hazards" promulgated by the United States Department of Housing and Urban Development (HUD).

Landlord means an owner, lessor, or sublessor who receives or is entitled to receive rent for the use or occupancy of any commercial or residential rental property in the city, and the agent, representative or successor of any of the foregoing.

Lead means metallic lead and all inorganic and organic compounds of lead.

Lead-based paint or *lead paint* means any paint, varnish, shellac or other coating on surfaces with lead in excess of 1.0 mg/cm2 (milligrams per square centimeter) as measured by x-ray fluorescence (XRF) detector or laboratory analysis or in excess of 0.5 percent by weight, also expressed as 5,000 ppm (parts per million), 5,000 µg/g (micrograms per gram), or 5,000 mg/kg (milligrams per kilogram) as measured by laboratory analysis.

Lead-based paint testing means testing of surfaces to determine the presence of lead-based paint performed by an independent certified risk assessor/inspector, in accordance with the HUD guidelines, and where testing includes bulk paint samples, such an accredited laboratory analyzes samples.

Lead-contaminated dust means surface dust that contains an area or mass concentration of lead in excess of 100 µg/ft^2 (micrograms per square foot) on uncarpeted floors, 500 µg/ft^2 on interior window sills, and 800 µg/ft^2 on exterior window sills and exterior horizontal surfaces.

Lead dust testing means tests conducted in accordance with the most recent federal guidelines to determine the presence or absence of lead-contaminated dust within a defined area.

Lead-contaminated soil means areas that contain total lead in excess of 400 ppm (parts per million) in bare soil.

Lead soil testing means tests conducted in accordance with the most recent federal guidelines to determine the presence or absence of lead-contaminated soil within a defined area.

Lead paint contaminants means substances containing lead paint which are potentially hazardous to human health or the environment, including but not limited to paint chips and paint-containing soil, debris, dust, abrasives, fumes and water.

Owner means the owner of a property or the owner's authorized agent.

Person means a natural person, his or her heirs, executors, administrators or assigns, and also includes a municipal or state agency to the extent allowable by law, a firm, joint stock company, business concern, association, partnership or corporation, its or their successors or assigns, or the agent of any of the aforesaid.

Prohibited practices means work practices prohibited under this chapter.

Responsible party means either:

(1) The owner of the property where the owner or the owner's employees or persons otherwise under the control of the owner are performing the activities regulated under this chapter, or

(2) The owner and the contractor where the owner has entered into a contract with another to carry out (contractor is performing) the activities regulated under this chapter.

Regulated area means an area in which work is being performed that disturbs or removes paint, and to which access is restricted in order to prevent migration of paint contaminants. Regulated area shall also include any area contaminated with lead paint contaminants as a result of a breach or lack of containment barriers or a violation of the containment requirement set forth in this chapter.

Steel structure means any structure that is not a building and which has exterior surfaces made of steel or other metal, such as bridges, billboards, walkways, water towers, steel tanks and roadway or railway overpasses.
(Ord. No. 12804, § 2, 5-11-06)

Sec. 10-28. Prohibitions.

No person shall disturb or remove lead paint, or in any other way generate lead paint contaminants during demolition or work on the exterior of any existing (residential, commercial or public) building(s) or steel structure, except in accordance with the requirements of this chapter.
(Ord. No. 12804, § 2, 5-11-06)

Sec. 10-29. Exemptions.

This chapter shall not apply to activities that disturb or remove paint where those activities are being performed on buildings or steel structures on which construction was completed after 1950, or on new construction. For purposes of this chapter, all paint on the exterior of any building or steel structure on which the original construction was completed prior to December 31, 1950, shall be presumed to be lead-based paint. Any person seeking to rebut this presumption shall establish through lead-based paint testing, or other means satisfactory to the city, that the paint on the building or steel structure in question is not lead-based paint.
(Ord. No. 12804, § 2, 5-11-06)

Sec. 10-30. De minimis notification exemption.

Any person performing work subject to this chapter who disturbs or removes less than ten square feet of lead-based paint in total shall not be required to comply with the notification requirements set forth in this chapter.
(Ord. No. 12804, § 2, 5-11-06)

Sec. 10-31. Containment barriers.

Any person performing work subject to this chapter shall establish containment barriers at least as effective at protecting human health and the environment as those contained in the HUD guidelines or the lead paint removal guide published by the steel structure painting council, whichever is applicable.
(Ord. No. 12804, § 2, 5-11-06)

Sec. 10-32. Prohibited practices.

No person performing work subject to this chapter shall use prohibited practices, including but not limited to

(1) Acetylene or propane burning and torching;

(2) Scraping, sanding or grinding without containment barriers or a HEPA local vacuum exhaust tool;

(3) Hydroblasting or high-pressure wash without containment barriers;

(4) Abrasive blasting or sandblasting without containment barriers or a HEPA local vacuum exhaust tool; and

(5) Heat guns operating above 1,100 degrees Fahrenheit.

(Ord. No. 12804, § 2, 5-11-06)

Sec. 10-33. Migration.

Any person performing work subject to this chapter shall make all reasonable efforts to prevent migration of lead paint contaminants beyond containment barriers during the course of the work.
(Ord. No. 12804, § 2, 5-11-06)

Sec. 10-34. Visible lead paint contaminants.

The responsible party performing work subject to this chapter shall make all reasonable efforts to remove all visible lead paint contaminants from all regulated areas of the property prior to completion of the work.
(Ord. No. 12804, § 2, 5-11-06)

DIVISION 2. NOTIFICATION REQUIREMENTS

Sec. 10-35. Notifying bidders.

In any instance where an owner or a contractor is requesting bids for work subject to this chapter, the owner or contractor shall notify all bidders of any paint inspection reports disclosing the presence (or absence) of any lead-based paint in the regulated area of the proposed project.
(Ord. No. 12804, § 2, 5-11-06)

Sec. 10-36. Contents of notice.

Prior to the commencement of work expressly subject to this chapter, the responsible party (owner or contractor) shall provide written notice to the city manager's office or its designated city department of the following:

(1) The location of the project;

(2) The (nature and approximate square footage of the painted surface being disturbed and/or removed)) scope of work;

(3) The methods and tools for paint disturbance and/or removal;

(4) The approximate age of the building;

(5) The anticipated job start and completion dates for work subject to this chapter;

(6) Whether the responsible party has reason to know or presume that lead-based paint is present;

(7) Whether the building is residential or non-residential, and whether it is owner-occupied or rental property, and the approximate number of dwelling units, (if any), on the property;

(8) The dates by which the responsible party has or will fulfill any tenant or adjacent property notification requirements as described in the applicable sections of this chapter below;

(9) The name, address, telephone number, and

(10) If available, pager number, of the party who will perform the specified work.

(Ord. No. 12804, § 2, 5-11-06; Ord. No. 14138, § 3, 2-9-23)

Sec. 10-37. Contents of notice.

The city shall make available to the public a form that complies with the requirements of section 10-36 and contains blank spaces for the required information.
(Ord. No. 12804, § 2, 5-11-06)

Sec. 10-38. Notice (by landlord) to tenants.

Where (the responsible party is a landlord, a person or persons in the employ of a landlord, or where a landlord has entered into a contract with a contractor to perform work subject to the requirements of this chapter) work subject to this chapter is to be performed on a residential property occupied by one or more tenants, not less than three business days before the work is to commence, the landlord shall provide written notice to the tenant(s) of the building on which the work is being performed that lead-related work is being performed. This notice shall be in the form of a sign, letter or memorandum, and shall prominently state the following:

"Work is scheduled to be performed on this property starting [date]. This work may or Remove Lead-Based Paint. The persons performing this work are required to follow federal, state and local laws regulating work

with Lead-Based Paint. You may obtain information regarding these laws, or report any violation concerning these laws, by calling the City Manager's Office or its designated City Department. The Owner of this property is also required to provide tenants with a copy of the U.S. Environmental Protection Agency pamphlet entitled *Protect Your Family From Lead-Based Paint in Your Home*."

The city shall make available to the public a form containing this required information in English, Spanish and Creole.
(Ord. No. 12804, § 2, 5-11-06; Ord. No. 14138, § 3, 2-9-23)

Sec. 10-39. Availability of pamphlet.

The owner shall provide to all tenants in the building, the U.S. Environmental Protection Agency pamphlet entitled *Protect Your Family From Lead-Based Paint in Your Home,* except that an owner (landlord) shall not be required to comply with this requirement with respect to tenants to whom the owner (landlord) has previously provided a copy of the pamphlet.
(Ord. No. 12804, § 2, 5-11-06)

Sec. 10-40. Notice of lead-contaminated dust or soil.

Except as may be otherwise inconsistent with state law, any property owner who has performed lead dust testing or lead soil testing in a regulated area shall provide written notice to tenants of the property of the presence of any lead-contaminated dust or lead-contaminated soil verified by the test results within five business days of receipt of written results. The city shall make available to the public a form that complies with the above requirements and restates the generic information required by the notice in English, Spanish and Creole.
(Ord. No. 12804, § 2, 5-11-06)

Sec. 10-41. Removal of notice of lead-contaminated dust or soil.

The owner may remove such signs when:

(1) All visible lead paint contaminants have been removed from the regulated area in accordance with this chapter, prior to the completion of the work, or

(2) Upon receipt of results of additional lead dust or lead soil testing indicating that no lead-contaminated dust or lead-contaminated soil remains in the regulated area.

(Ord. No. 12804, § 2, 5-11-06)

Sec. 10-42. Authority of the building official to sample.

The city and the building official of the department of public health may also collect paint, dust, and soil samples from the property where the work is being performed and from adjacent properties in order to determine whether the work is being carried out in accordance with the requirements of this chapter.
(Ord. No. 12804, § 2, 5-11-06)

Sec. 10-43. Enforcement in general.

The city is authorized to make use of all enforcement authority authorized by law, including, but not limited to, the authority set forth in sections 1-13 and/or 10-25 to enforce against any violation of this chapter. Where the owner and the contractor are both responsible parties, the city may proceed against either the owner or the contractor, or against both. The city is further authorized, pursuant to chapter 2, article X, following issuance of a notice of violation, to require as a condition of resuming work, that the responsible party conduct a special inspection by a certified risk assessor in order to establish that the regulated area is in compliance with this chapter.
(Ord. No. 12804, § 2, 5-11-06)

Sec. 10-44. Stop work orders.

The city shall have the power to stop any work that is disturbing or removing lead paint or otherwise generating lead paint contaminants in violation of this chapter or the construction, alteration or repairs of any steel structure or building subject to the requirements of this chapter when such work is being done in violation of any of the provisions of this chapter and to order all work to be stopped upon notice to any persons engaged in the doing or causing such

work to be done. The work shall be stopped immediately and shall not be resumed without authorization.
(Ord. No. 12804, § 2, 5-11-06)

Sec. 10-45. No obligation by city.

In undertaking the enforcement of this article, the city is assuming an undertaking only to promote the general welfare. It is not assuming, nor is it imposing on its officers and employees, an obligation for breach of which it is liable in money damages to any person who claims that such breach proximately caused injury.
(Ord. No. 12804, § 2, 5-11-06)

Sec. 10-46. Discretionary duty.

Subject to the limitations of due process, notwithstanding any other provision of this Code, whenever the words "shall" or "must" are used in establishing a responsibility or duty of the city, its elected or appointed officers, employees, or agents, it is the legislative intent that such words establish a discretionary responsibility or duty requiring the exercise of judgment and discretion.
(Ord. No. 12804, § 2, 5-11-06)

Secs. 10-47—10-60. Reserved.

ARTICLE IV. REGISTRATION OF VACANT, BLIGHTED, UNSECURED OR ABANDONED STRUCTURES, AND OF DEFAULTED MORTGAGED PROPERTIES*

Sec. 10-61. Intent.

The purpose of this article is to protect the public health, safety and welfare by:

(1) Establishing a program for identification and registration of vacant, blighted, unsecured and abandoned structures.

(2) Establishing the responsibilities of owners of vacant, blighted, unsecured and abandoned structures.

(3) Providing for administration, enforcement and penalties.

(4) Allowing the city police department to enforce the trespassing penalties described in F.S. § 810.08 on vacant, blighted, unsecured, and abandoned structures.

(5) Providing a fair, equitable, and efficient method of allocating and apportioning the assessed service costs, which constitute a special benefit to residential and commercial properties, among property owners within the city.

(6) Declaring vacant, blighted, unsecured or abandoned real property, which are unmaintained or unsecured to be a public nuisance, the abatement of which pursuant to the city's police power is hereby declared to be necessary for the health, safety and welfare of the residents of the City of Miami.

(Ord. No. 13032, § 2, 10-16-08; Ord. No. 14281, § 2, 5-9-24)

Sec. 10-62. Definitions.

Unless otherwise expressly stated, the following terms shall, for the purpose of this article, have the meanings indicated in this section:

Abandoned structures means a structure or building, as defined herein, or portion thereof, which may have multiple housing, code enforcement and/or building code violations, or may be illegally occupied and is:

(1) Unsecured;

(2) Unsafe as defined herein or as in the Miami-Dade County, Florida Code of Ordinances, Chapter 8 entitled Building Code, as amended;

(3) Condemned as defined by Miami-Dade County, Florida Code of Ordinances, as amended;

(4) Vacant for over a 30-day period of time, commencing with the date of city inspection and during which time an order to

*__Editor's note__—Ord. No. 13599, § 2, adopted April 14, 2016, changed the title of article IV from "Registration of vacant, blighted, unsecured or abandoned structures" to "Registration of vacant, blighted, unsecured or abandoned structures, and of defaulted mortgaged properties."

correct violations, abate a nuisance, or remove an attractive nuisance has been issued;

(5) Vacant for over a 30-day period of time without evidence of functioning water, electric and/or gas utilities;

(6) Boarded up, partially destroyed, or partially constructed or incomplete after the building permit authorizing its construction has expired;

(7) Accessible to trespassers, criminals or other unauthorized persons; or

(8) Currently the subject of mortgage or tax foreclosure proceedings, delinquent in mortgage or tax payments and vacant for at least 90 days.

Accessible property / structure means a property that is accessible through a compromised/ breached gate, fence, wall, etc., or a structure that is unsecured and/or breached in such a way as to allow access to the interior space by unauthorized persons.

Annual registration means 12 months from the date of the first action that required registration, as determined by the city, or its authorized designee, and every subsequent 12 months. The date of the initial registration may be different than the date of the first action that required registration.

Applicable codes means the city's zoning ordinance, City Code, and the state and county building and fire codes.

Approved materials means all city approved materials used to secure a structure.

Blighted property means:

(1) Structures that have broken or severely damaged windows, doors, walls, or roofs which create hazardous conditions and encourage trespassing or malicious mischief;

(2) Structures whose maintenance is so out of harmony and conformity with the maintenance and quality of adjacent or nearby properties as to cause substantial diminution in the use or property value of such adjacent or nearby properties;

(3) A structure defined as a public nuisance pursuant to section 46-1, as amended or pursuant to state statute;

(4) Any individual, commercial, industrial, or residential structure or improvement that endangers the public's health, safety or welfare because the structure or improvement upon the property is dilapidated, deteriorated, or violates minimum health and safety standards, and lacks maintenance as defined by the Florida Building Code; or

(5) A structure which exhibits objectively determinable signs of deterioration sufficient to constitute a threat to human health, safety, and public welfare.

Codes means all applicable codes, including but not limited to, National Fire Prevention Code, Florida Building Code, the Miami-Dade County Code and the City Code.

Code violations means violations of any codes adopted and enforced by the city, which may include but not be limited to, the National Fire Prevention Code, Florida Building Code, the Miami-Dade County Code and the City Code.

Default means that the mortgagor has not complied with the terms of the mortgage on the property, or the promissory note, or other evidence of the debt, referred to in the mortgage.

Enforcement officer means code enforcement inspector, building inspector, or manager's designee.

Evidence of vacancy means any condition that, on its own or combined with other conditions present, would lead a reasonable person to believe that the property is vacant. Such conditions may include, but are not limited to: Overgrown and/or dead vegetation; electricity, water or other utilities turned off; a stagnant swimming pool; statements by neighbors, passers-by, delivery agents, or government agents; accumulation of abandoned

personal property; and/or a readily accessible residence, structure and/or building on the property.

Foreclosure means the legal process by which a mortgagee, or other lien holder, terminates a property owner's equitable right of redemption to obtain legal and equitable title to the real property pledged as security for a debt or the real property subject to the lien. This definition shall include, but is not limited to, public notice of default, a deed-in-lieu of foreclosure, sale to the mortgagee or lien holder, certificate of title and all other processes, activities and actions, by whatever name, associated with the described process. The process is not concluded until the property obtained by the mortgagee, lien holder, or their designee, by certificate of title, or any other means, is sold to a non-related bona fide purchaser in an arm's length transaction to satisfy the debt or lien.

Local property management company means a property manager, property management company or similar entity responsible for the maintenance and security of registrable property located within Miami-Dade County or within 20 driving miles of the county limits. Upon review of credentials, the city, or its designee, may allow a non-local property manager to be listed.

Manager shall mean the city manager of the City of Miami or the manager's authorized designee.

Mortgage servicer means a company to which some borrowers pay their mortgage loan payment and which performs other services in connection with mortgages and mortgage-backed securities.

Mortgagee means the creditor, including but not limited to. trustees; mortgage service companies; lenders in a mortgage agreement; any agent, servant, or employee of the creditor; any successor in interest; or any assignee of the creditor's rights, interests or obligations under the mortgage agreement.

Notice of lis pendens means the lis pendens as identified and described in F.S. § 48.23, as amended.

Occupied means any building or structure used or intended to be used by persons. The term shall be construed as though followed by the words, "or intended, arranged, or designed to be occupied."

Operator means any person who has charge, care or control of a building.

Owner means any person, legal entity or other party having any ownership interest in real property, including but not limited to, owners identified on the blighted, unsecured or abandoned structures registration form; or a purchaser, devisee, lessee, fiduciary, or holder of an unrecorded deed. This term shall also apply to any person, legal entity or agent responsible for the construction, maintenance or operation of the structure involved, as well any person, legal entity or agent authorized to initiate a foreclosure or collection proceeding against the property, whether or not such proceeding has in fact been initiated. This term shall not apply to the city.

Plan means a city approved proposal required to be submitted by the owner to bring a structure into compliance pursuant to all applicable codes.

Property management company means a local property manager, property maintenance company, or similar entity responsible for the maintenance of registrable property.

Premises means any occupied or unoccupied building, accessory structure, lot or parcel of land or any part thereof, used or intended to be used for stores, commercial or office buildings, or residential purposes, including multiple-family dwelling, single-family dwelling, two-family dwelling, condominium and cooperative.

Registrable property means any real property located in the city, whether vacant or occupied by trespassers or persons with no legal authority to be present on the property, that is encumbered by a mortgage in default, for which a notice of lis pendens has been filed and recorded; is subject to an ongoing foreclosure action by the mortgagee or trustee; is subject to an application for a tax deed or pending tax assessor's lien sale; or has been the subject of a foreclosure sale where the title was transferred to the beneficiary of a

mortgage involved in the foreclosure; and/or any properties transferred under a deed in lieu of foreclosure/sale.

The designation of a "default/foreclosure" property as "registrable" shall remain in place until such time as the property is sold to a non-related bona fide purchaser in an arm's length transaction or the foreclosure action has been dismissed and any default on the mortgage has been cured. Non-related in this instance shall mean not related by blood or marriage to the seller in terms of natural persons and not affiliated, parent, or subsidiary companies, or a company with related natural persons as officers, directors, or as owners of more than five percent of the stock or other equivalent ownership, in terms of a business entity.

Rental dwelling unit means any real property that is provided to an individual or entity for residential purposes upon payment of rent or any other consideration in lieu of rent, regardless of relationship between lessor and lessee.

Rental property means property that contains a single-family rental dwelling unit or multi-family rental dwelling units for use by residential tenants including, but not limited to, the following: mobile homes, mobile home spaces, town homes, and condominium unit(s).

Structure means a structure or building as defined by the Florida Building Code.

Unauthorized person(s) means a person or persons who do not have legal authority to be present on the property such as a right of ownership or lease or similar agreement conveying a right of occupancy.

Unsafe structure means a structure or building which is potentially hazardous to persons or surrounding structures, including, but not limited to:

(1) A structure which has collapsed, is in danger of partial or complete collapse, or unable to support the weight of normally imposed loads;

(2) A structure with any exterior parts which are loose or in danger of failing;

(3) A structure which is vacant, unguarded and open at doors or windows;

(4) A structure with an accumulation of debris or other material therein representing a hazard of combustion;

(5) A structure in a condition that creates hazards with respect to means of ingress and egress and fire protection as provided herein for the particular occupancy;

(6) A structure or structural parts that are in deterioration;

(7) A structure that is partially destroyed;

(8) A structure with electrical or mechanical installations or systems creating a hazardous condition contrary to the standards of the Florida Building Code; or

(9) A structure that by reasons of use or occupancy, the area, height, type of construction, fire-resistivity, means of ingress and egress, electrical equipment, plumbing, air conditioning or other features regulated by this Code do not comply with this Code for the use and group of occupancy.

Unsecured means an unoccupied structure or a structure without a lawful tenant or occupant which is open to entry by unauthorized persons or covered with unapproved materials and that are not in conformity with the nearby structures or materials not in compliance with the Florida Building Code.

Vacant means a structure that is empty and unoccupied and is not actively used as a place of residence or business. Actively used shall not include occupancy or use by persons with no legal authority to be present on the property.
(Ord. No. 13032, § 2, 10-16-08; Ord. No. 13599, § 2, 4-14-16; Ord. No. 14281, § 2, 5-9-24)

Sec. 10-63. Responsibilities of owners of vacant, blighted, unsecured or abandoned structures.

No owner shall maintain a blighted, unsecured or abandoned structure.

(1) An owner of a blighted, unsecured or abandoned structure shall comply with the requirements of subsections (2) through (6).

(2) An owner of a blighted, unsecured or abandoned structure shall secure and maintain all entrances and all other openings of the structure, including but not limited to windows and doorways. Such blighted, unsecured or abandoned structure shall be secured as follows:

a. All entrances, windows and other openings shall be secured with approved materials, provided that such materials completely seal all entrances, windows and other openings, thereby protecting the interior of the structure from wind, rain, and other naturally occurring elements. Entrances and windows above the ground floor shall be regarded as secure if the entrances and windows are locked and not otherwise open to entry and the windows contain glass that is not cracked or broken or shutters that prevent entry.

b. If a violation of this section is discovered by a code enforcement officer, said officer is authorized to issue a notice of violation (NOV) requiring the structure to be secured within the time period enumerated in the NOV. If the structure remains unsecured after the time period enumerated in the notice, the city, at its option, shall present a case based on the violation to the code enforcement board as defined per section 2-811 of the City Code, as amended, which is inclusive of the special master, pursuant to chapter 2, article X of this Code. As part of its case, or at any subsequent properly noticed hearing, the city may present evidence showing that criminal activities or incidents presenting a threat to life and safety are occurring on the property where the unsecured structure is located. If such evidence is presented and the code enforcement board or special master determines that this section has been violated, the owner of the structure at issue may be required to secure all openings with commercial quality, 14-gauge, rust proof metallic coverings.

c. Such metallic coverings shall consist of steel sheet metal, excluding aluminum and copper, which allow for ventilation. Said metallic coverings must have an exterior finish that allows for easy graffiti removal, and be designed to prevent removal from the exterior with a crowbar or other prying device. In addition, the metallic coverings must consist of threaded rods or cables attached on the interior of the structure to a steel cross-brace that spans the opening.

d. Failure to comply with the requirements of this section of this article shall subject the owner to code enforcement action, as provided in section 10-66 of this article.

(3) All owners of a vacant, blighted, unsecured or abandoned structure shall be responsible for removing unauthorized signs, posters and graffiti from the structure's exterior unless exempted by this article or the city's zoning ordinance.

(4) Every owner of a vacant, blighted, unsecured or abandoned structure shall keep the premises free from rodents, insects, vermin, and other wild animals.

(5) The roof of every structure shall be well drained of rain water.

(6) All materials used to secure blighted, unsecured or abandoned structures shall be painted in a skillful fashion in the same color as its other exterior walls.

(Ord. No. 13032, § 2, 10-16-08; Ord. No. 13320, § 1, 5-10-12; Ord. No. 13599, § 2, 4-14-16; Ord. No. 13676, § 2, 4-27-17)

Sec. 10-64. Vacant structure registration.

(a) Every owner of a commercial or single-family vacant structure, which is not in default as defined in this article, shall register said

structure with the city. The registration fees for a commercial or single-family structure are set forth in section 10-65. Such registration shall include:

(1) A description of the premises including address, legal description, and folio number;

(2) The names, addresses, and contact numbers of the owner, or agents, that can be contacted within 24 hours; and

(3) Written consent by the owner allowing the city police department to enforce the trespassing penalties described in F.S. § 810.08.

(b) Owners of vacant structures located within a multi-family building shall not have to comply with this section if:

(1) The multi-family structure has a property manager on the premises;

(2) The multi-family structure has a homeowners' association responsible for the management and maintenance of the property;

(3) The multi-family structure has security located on or responsible for the property; and

(4) The property manager of the multi-family building, at no costs to the property manager, registers the following information with the city:

a. A description of the property including address and unit number of all vacant structures within the multi-family building;

b. The names, addresses, and contact number of the property manager or agent who can be contacted within 24 hours;

c. Written consent by the owner allowing the city police department to enforce the trespassing penalties described in F.S. § 810.08.

(c) If any of the requirements of subsections (b)(1)—(4) are not complied with, the individual owner of the vacant structure located within a multi-family building shall register pursuant to subsection 10-65(a).

(d) This registration must be done upon any transfer of the property and every October 1st thereafter.
(Ord. No. 13032, § 2, 10-16-08; Ord. No. 13599, § 2, 4-14-16)

Sec. 10-65. Blighted, unsecured, vacant or abandoned structure registration.

(a) After any structure in the city becomes a blighted, unsecured, vacant or abandoned structure which is in default and for which a notice of lis pendens, is filed and recorded, as defined in this article, the owner shall register the property as provided in this section and section 10-66.

(b) The registration shall be submitted on designated forms and shall, at a minimum, include the following information supplied by the owner:

(1) A description of the premises, including address, legal description and folio number;

(2) The names, addresses and contact numbers of the owner, or agents, that can be contacted within 24 hours;

(3) The names, addresses and contact numbers of all known lien holders and all other parties with an ownership interest in the structure;

(4) A plan and timeline for bringing the structure into compliance; and

(5) Written consent by the owner allowing the city police department to enforce the trespassing penalties described in F.S. § 810.08.

(c) The owner shall comply with all applicable laws and codes and close all outstanding City Code violations, unless waived by the appropriate department or agency.

(d) The owner shall submit a plan and timeline, as described in subsection (b)(4) to be approved by the enforcement officer. The enforcement officer shall require completion of the plan within a reasonable time, not to exceed ninety (90) days. Any repairs, improvements or alterations to structures must comply with any applicable housing and/or building codes.

(e) The owner shall notify the enforcement officer of any changes to the information supplied on the registration immediately. All plan and timeline revisions and extensions must be approved by the enforcement officer or the city manager's designee.

(f) The owner of a blighted, unsecured, vacant or abandoned structure shall pay a registration fee:

(1) The owner of a blighted, unsecured, vacant or abandoned structure shall initially register the property with the city and pay an annual registration fee. The schedule is as follows:

a. $262.50 for the first year.

b. $394.00 for the second year.

c. $525.00 for the third and each subsequent consecutive year the building remains a blighted, unsecured, vacant or abandoned structure.

d. If the property structure is three stories or higher, a nonrefundable annual fee of $0.30 per square foot of the structure shall be paid.

(2) The fee for the first year of registration shall be due and payable, in full, 30 days after the structure is registered as a blighted, unsecured, vacant, or abandoned structure. If the fee is not paid within 30 days of being due, the owner shall be subject to prosecution as prescribed in section 10-66. In addition, interest at the statutory rate per annum shall accrue on fees which are not timely paid.

(3) The registration fee shall be paid in full prior to the issuance of any permits to repair or rehabilitate with the exception of a demolition permit.

(4) All delinquent registration fees, including interest, shall be paid by the owner prior to any transfer of ownership interest. If the fees are not paid prior to transfer, the new owner shall be responsible for all outstanding fees no later than 30 days after the transfer of ownership and subsequent registration fees shall be due and payable in accordance with this article.

(5) The registration fee is reasonably related to the administrative costs for processing the registrations and monitoring of the blighted, unsecured, vacant, or abandoned structures. Increasing fees reflect the growing costs of identifying, regulating, monitoring and policing of deteriorating structures. In registering property as blighted, unsecured, vacant, or abandoned, the form will indicate that submission grants the city's police department the authority to issue trespass warnings to individuals who cannot demonstrate written authorization to be on the property. The mortgagee or owner can opt out of or revoke the department's authority to issue a trespass warning by notifying the police department on the registration form or in writing directed to the chief of police.

(g) The enforcement officer shall keep a file for all registered blighted, unsecured or abandoned structures, which shall include any information from interested parties or citizens regarding the history, problems, status or blighting influence of such structure.

(Ord. No. 13032, § 2, 10-16-08; Ord. No. 13142, § 5, 2-11-10; Ord. No. 13599, § 2, 4-14-16; Ord. No. 14281, § 2, 5-9-24)

Sec. 10-66. Defaulted mortgage real property registration.

(a) Any mortgagee who holds a mortgage on real property located within the city shall perform an inspection of the property to determine vacancy

or occupancy, upon default by the mortgagor for which a notice of lis pendens has been filed and recorded. The mortgagee shall, within ten days of the inspection, register the property with the city, or its designee, on forms or other manner as directed, and indicate whether the property is vacant or occupied. A separate registration is required for each property, whether it is found to be vacant or occupied.

(b) Registration pursuant to this section shall contain the name, direct mailing address, direct contact name, telephone number, and e-mail address for the mortgagee/trustee, the servicer, and the name and 24-hour contact phone number of the local property management company responsible for the security and maintenance of the property, who has the authority to make decisions concerning the abatement of nuisance conditions at the property as well as any expenditure in connection therewith.

(c) Mortgagees who have existing registrable property on the effective date of this section have 30 calendar days from the effective date to register the property with the city, or its designee, on forms or other manner as directed, and indicate whether the property is vacant or occupied. A separate registration is required for each property, whether it is vacant or occupied.

(d) If the mortgage on a registrable property is sold or transferred, the new mortgagee is subject to all the terms of this article and within five days of the transfer, must register the property and pay a registration fee in accordance with this article. Any previous unpaid annual registration fees are the responsibility of the new mortgagee or trustee and are due and payable with the initial registration.

(e) If the mortgagee owner of a foreclosed real property sells or transfers the property to a non-arm's length related person or entity, the transferee is subject to all the terms of this article and within five days of the transfer, must register the property and pay a registration fee in accordance with this article. Any previous unpaid annual registration fees are the responsibility of the new registrable property owner and are due and payable with their initial registration.

(f) As long as the property is registrable, it shall be inspected by the mortgagee, or designee, on a monthly basis. If an inspection shows a change in the property's occupancy status, the mortgagee shall, within ten days of that inspection, update the occupancy status of the property registration.

(g) A non-refundable annual registration fee as established in this article, as amended, and as applicable, shall accompany each registration pursuant to this section.

(h) All registration fees must be paid directly from the mortgagee, trustee, servicer, or owner. Third party registration fees are not allowed without the written consent of the city manager and/or the city manager's authorized designee.

(i) Properties subject to this section shall remain under the annual registration requirement, and the inspection, security and maintenance standards of this section as long as they are registrable.

(j) Until the mortgage or lien on the property in question is satisfied, or legally discharged, the desire to no longer pursue foreclosure, the filing of a dismissal of lis pendens and/or final judgment and/or certificate of title, voluntary or otherwise, does not exempt any mortgagee holding the defaulted mortgage, from all the requirements of this article as long as the borrower is in default.

(k) Any person or legal entity that has registered a property under this section must report any change of information contained in the registration within ten days of the change.

(l) Failure of the mortgagee to properly register or to modify the registration form from time to time to reflect a change of circumstances as required by this article is a violation of the article and shall be subject to enforcement and any resulting monetary penalties.

(m) Pursuant to any administrative or judicial finding and determination that any property is in violation of this article, the city may take the necessary action to ensure compliance with and,

thereafter place, a lien on the property for the cost of the work performed to benefit the property and bring it into compliance.

(n) Properties subject to these sections shall be maintained in a secure manner so as not to be accessible to unauthorized persons. A "secure manner" shall include, but not be limited to, the closure and locking of windows, doors, gates and other openings of such size that may allow a child to access the interior of the property or structure. Broken windows, doors, gates and other openings of such size that may allow a child to access the interior of the property or structure must be repaired. Broken windows shall be secured by re-glazing of the window. All such costs shall be borne by the owner(s). If the city or its agents decide to undertake repairs, the costs shall be subject to administrative costs, fines and liens as provided in chapter 2, article 10 of the City Code.

(o) If a property is registrable, and the property has become vacant or blighted, a local property manager shall be designated by the mortgagee or owner to perform the work necessary to bring the property into compliance with the applicable code(s), and the local property manager must perform regular inspections to verify compliance with the requirements of this article, and any other applicable laws.

(p) All registrable property is hereby declared to be a public nuisance, the abatement of which, pursuant to the police power, is hereby declared to be necessary for the health, welfare and safety of the residents of the city.

(q) Any property structure that qualifies under this article for registry is required to keep posted as sign, no less than eight inches by ten inches which expressly provides the following information:

THIS PROPERTY IS MANAGED BY:
(Name of property management company)
TO REPORT PROBLEMS OR CONCERNS CALL:
(Telephone number of property management company)

The posting is required to be in English, Spanish and Creole and placed in a visible area, preferable an interior window, or secured to an exterior wall at the structure main entrance. The local property manager shall be required to inspect weekly to ensure the sign remains intact and legible. Exterior posting shall be constructed of and printed with weather-resistant materials. (Ord. No. 13599, § 2, 4-14-16; Ord. No. 14281, § 2, 5-9-24)

Sec. 10-67. Enforcement.

Failure to comply with the requirements of this article shall subject the owner to code enforcement action, pursuant to F.S. ch. 162, as well as chapter 2, article X of the City Code, and specifically section 2-814.

If the owner fails to comply with the requirements of this article, the city may, pursuant to F.S. ch. 170, secure or cause to be secured and make all reasonable repairs to such blighted, unsecured or abandoned structures, which are required to bring the property into compliance and charge the violator with the reasonable cost of the repairs along with the fine imposed pursuant to this article. Making such repairs does not create a continuing obligation on the part of the local governing body to make further repairs or to maintain the property and does not create any liability against the local governing body for any damages to the property if such repairs were completed in good faith.

If the work is done or caused to be done by the city, the enforcement officer shall keep an itemized accounting of expenses of the work done and the cost thereof and notify the owner of said expenses. If the statement is not paid within ten days after the owner is notified, interest shall begin to accrue annually at the statutory rate until paid in full.

Under the lawful authority granted to municipalities pursuant to F.S. chs. 170 and 166, the city hereby authorizes the levy and collection of special assessments to fund the costs of any work done by the city to enforce compliance with the requirements of this article.

Costs resulting from any work undertaken by the city pursuant to this section shall be levied as a special assessment lien against the real

property where the violation existed. Said special assessment lien, until fully paid and released, shall remain a lien equal in rank and dignity with the lien of ad valorem taxes, and shall be superior in rank and dignity to all other liens, encumbrances, titles and claims in, to or against the real property involved. Interest upon such special assessment liens shall accrue pursuant to F.S. § 170.09, as amended. Special assessment liens shall be enforced by any method authorized by law to enforce payment thereof with all accrued interest and costs, including legal costs, or may be subject to foreclosure, pursuant to F.S. ch. 173, as amended. The property owner shall pay all costs of collection, including reasonable attorney's fees, incurred by the collection of fees, service charges, penalties and liens imposed by virtue of this section. Additionally, the city may elect to utilize the uniform method for the levy, collection and enforcement of this non-ad valorem assessment pursuant to F.S. § 197.3632, as amended.

(Ord. No. 13032, § 2, 10-16-08; Ord. No. 13319, § 2, 4-12-12; Ord. No. 13599, § 2, 4-14-16)

Editor's note—Ord. No. 13599, § 2, adopted April 14, 2016, renumbered the former sections 10-66—10-68 as sections 10-67—10-69. The historical notation of these sections has been preserved for reference purposes.

Sec. 10-68. Exemptions.

This article shall not apply to any structures protected by federal, state, or local law or any structures owned by the federal government, state government, Miami-Dade County, or the city.

(Ord. No. 13032, § 2, 10-16-08; Ord. No. 13599, § 2, 4-14-16)

Note—See editor's note at section 10-67.

Secs. 10-69, 10-69.5. Reserved.

Editor's note—Ord. No. 14281, § 2, adopted May 9, 2024, repealed the former sections 10-69 and 10-69.5 in their entirety, which pertained to penalties and alternative procedures, respectively, and derived from Ord. No. 13032, § 2, adopted October 16, 2008, and Ord. No. 13599, § 2, adopted April 14, 2016.

ARTICLE V. CODE RELIEF PROGRAM

Sec. 10-70. City code relief program for structures built under prior building codes and zoning ordinances.

Intent: This article concerns the legalization of remodeling work and additions to existing buildings or structures located on homestead and

owner-occupied property constructed prior to March 1, 2002. Minimal life-safety requirements must be met, including but not limited to, side and rear setbacks.
(Ord. No. 13304, § 2, 1-26-12; Ord. No. 13411, § 2, 10-10-13; Ord. No. 13799, § 2, 10-25-18; Ord. No. 13933, § 2, 10-22-20; Ord. No. 14022, § 2, 9-23-21; Ord. No. 14121, § 2, 11-17-22)

Sec. 10-71. Definitions.

Administrative variance (as to set-backs) means minor deviation of any zoning regulation other than height, density, intensity, or use by up to 25 percent granted by the zoning director, in order to relieve practical difficulties with strict compliance with the zoning ordinance. An administrative variance may not be granted if it conflicts with the City Code, Florida Building Code, fire code, or any other life-safety requirement.

Applicant means one who applies and wishes to participate in the code relief program.

As-built certificates mean documents provided by a professional Florida licensed architect or engineer including a notarized affidavit, stating that the plans and the work completed on the structure complies with the building code for Miami-Dade County in effect at the time of construction. The architect or engineer will specify the methodology used to inspect the areas not readily visible (foundation, wall reinforcement, etc.).

As-built plans means the set of drawings and calculations required for permits at the time of construction. The plans must be prepared by a professional Florida licensed architect or engineer who shall sign and seal the documents and insert a statement in the first page stating that the work complies with the building code for Miami-Dade County in effect at the time of the construction, and indicating in the drawings any work that will need to be done for compliance.

Code relief program means a program pursuant to this article concerned with the legalization of structures constructed prior to March 1, 2002.

Existing buildings mean those buildings constructed prior to March 1, 2002, as defined in Chapter 8-11 of Miami-Dade County Code and the Florida Building Code.

Legalization permits mean building or zoning permits issued pursuant to this article.

Owner-occupied means any residential home that is occupied by the owning party for which homestead exemption is not attainable. The owner-occupied owner shall also provide a sworn affidavit specifically stating, "I hereby certify that I live at this residence, and I do not declare my Homestead elsewhere" along with a copy of a federal or state government issued identification showing the property as their residency.

Participant means an applicant who has participated and completed the code relief program.

Permit issued by affidavit means permits will be issued by the city's building official in accordance with the Florida Building Code § 105.14, as amended. Thus, when a permit is issued relying upon an affidavit or when work to be covered by a permit involves installation under conditions which the building official opines are hazardous or complex, the building official shall require that the architect or engineer who signed the affidavit or prepared the drawings or computations must supervise such work. In addition, the architect or engineer shall be responsible for conformity to the permit, provide copies of inspection reports as inspections are performed, and upon completion, make and file with the building official written affidavits that the work has been done in conformity to the reviewed plans and with the structural provisions of the technical codes.
(Ord. No. 13304, § 2, 1-26-12; Ord. No. 13799, § 2, 10-25-18; Ord. No. 14121, § 2, 11-17-22)

Sec. 10-72. Criteria and process.

Existing remodeling work and additions located on homestead and owner-occupied property may be granted a permit for legalization under this article. The legalization may be for any structure, including any part thereof, or for any addition or repair work, built without proper permits, if the

work performed commenced prior to March 1 2002, under any prior building or zoning code, or any permits obtained under the South Florida Building Code, which expired without certificates of completion or occupancy having been issued. Any work that is required to be legalized that was built after March 1, 2002 shall have to follow the Florida Building Code as required by law.

The legalization permits will be issued by the building official in accordance with the Florida Building Code § 105.14, as amended, and by fulfilling the following conditions:

(1) The applicant shall furnish a set of as-built plans, as defined in this article, of the building or structure;

(2) The applicant shall furnish an as-built certificate satisfactory to the building official issued by a Florida registered engineer or architect. The Florida registered engineer or architect will attest via affidavit based on knowledge, belief and professional judgment, and based on an inspection of the structure, that the structure can be legalized. The as-built certificate shall contain a narrative description of the methodology used by the engineer or architect tendering the certificate to make the determination that the structure can be legalized. In issuing the certificate of completion or occupancy, the building official shall be entitled to rely on the accuracy of the as-built certificate provided by an engineer or architect. More particularly, the affidavit will attest that the structure:

a. Is structurally sound, and complies with the FEMA zone requirements for minimum floor elevation;

b. Satisfies the requirements of the building and zoning code(s) in effect at the time the work was commenced, indicating the date the work on the structure was commenced from the best available records and the requirements of the building and zoning code(s) in effect on that date provided that an adjustment pursuant to section 10-75 may be made notwithstanding meeting the requirements of the applicable zoning code but must be fully compliant with the current building code;

c. Complies with all safety minimum requirements identified below;

d. Complies with the permit application and any plans approved by the building official; and

(3) The as-built certificate and plans must indicate that the structure will comply with all of the following life-safety minimum requirements of the current Florida Building Code (FBC):

a. Means of egress or escape;

b. Requirement of shutters;

c. Residential single station smoke detectors - installed in accordance with NFPA (1999 edition);

d. Requirement for ground fault interrupters, bathroom and kitchen;

e. Requirement for full size pressure and temperature relief valve lines on all water heaters;

f. Handicapped access requirements;

g. All gas piping systems shall be bonded to ground;

h. Handrails shall be inspected and replaced, if necessary, in full compliance with requirements of the current building code.

(4) Prior to issuing the certificate of completion or occupancy, the building official shall conduct an inspection to determine whether:

a. The plans submitted reflect the present state of the structure; and

b. The structure complies with all requirements of the current building code identified above; and

c. The as-built certificate represents accurately the condition of the structure.

(Ord. No. 13304, § 2, 1-26-12; Ord. No. 13799, § 2, 10-25-18; Ord. No. 14121, § 2, 11-17-22; Ord. No. 14223, § 2, 10-26-23)

Sec. 10-73. Enforcement and mitigation.

(a) Notwithstanding the provisions of this article, the building official may at all times continue enforcement of this Code or any local (city or county) ordinances or technical codes through any authorized means, including issuance of a notice of violation pursuant to chapter 2, article X, Code enforcement; recording of lien for same; commencement of a case before the unsafe structures board or panel; or the issuance of a civil citation. This section shall not be construed or serve as a defense against any enforcement action brought by the building official based on the current requirements of the ordinance, nor shall this article preclude the city from enforcing local (city or county) ordinances or technical codes through any means provided by law.

(b) Notwithstanding the provisions of chapter 2, article X, Code enforcement with regard to the mitigation of fines, the mitigation of code enforcement per diem fines shall be abated. Upon completion of the program, the director of code enforcement will advise the city manager, or designee, of the eligibility of the participant to have the fines abated. The code compliance department shall comply the open code compliance case and the planning department shall cause any recorded lien to be released based upon abatement as provided in this section.

(Ord. No. 13304, § 2, 1-26-12; Ord. No. 13327, § 2, 6-28-12; Ord. No. 13799, § 2, 10-25-18; Ord. No. 14121, § 2, 11-17-22)

Sec. 10-74. Building fees.

The building official shall establish a fee schedule for processing applications and costs to conduct any testing done pursuant to this section. The city will waive the "double permit fee plus fine" in section 10-4 for all the permits issued under this article.

(Ord. No. 13304, § 2, 1-26-12)

Sec. 10-75. Administrative variance.

(a) Pursuant to review by the zoning director, an administrative variance of up to 25 percent may be granted for setbacks as long as minimal life-safety requirements are met. However, such a variance will not in any event legalize that which cannot be legalized or allowed in a particular transect with respect to uses.

(b) The zoning director may grant an administrative variance of up to 50 percent for one of a lot's side setback area provided the unpermitted work, excluding unpermitted work addressed in section 10- 76, in said setback area commenced prior to September 23, 1982 and the current homeowner applies under this subsection prior to [90 days from adoption of ordinance]. For the purpose of this subsection (b), the time of application shall be deemed the day the building permit legalizing such work receives prescreen approval in the city's permitting systems, this shall also include scope of work approval for any property with an open and pending unsafe structure violation pursuant to section 10-101. This subsection (b) shall sunset on to [90 days from adoption of ordinance].

(Ord. No. 13304, § 2, 1-26-12; Ord. No. 13799, § 2, 10-25-18; Ord. No. 14223, § 2, 10-26-23)

Sec. 10-76. Driveway amnesty program.

(a) To qualify for the driveway amnesty program a property owner must show:

(1) Ownership of the property for the past five years; and

(2) Proof public street abutting property has been repaved within the past five years; and

(3) Property is a single-family home or legal duplex located in a T3 or T4 transect zone.

(b) Requirements of green space to be located on frontage and swale, notwithstanding the requirements of the Miami 21 Code shall be:

(1) Yard set back on private property at driveway location shall be no less than three feet from the property line; and

(2) The public right-of-way or swale shall constitute 34 percent green space as required by the department of resilience and public works.

(c) Plans shall be submitted and permits approved and issued as provided for in chapter 10 of the City Code including, but not limited to, required fees for legalization for unpermitted work and approval by all relevant state and local departments. If the property is currently subject to an unsafe structure case, the owner shall follow the requirements of permitting as it pertains to those cases, but should they be in good standing with the unsafe structure panel order they may avail themselves of this program.

(d) This program shall expire one year from the date of passage of the enacting ordinance. (Ord. No. 14223, § 2, 10-26-23)

Sec. 10-77. Ancillary dwelling unit (ADU) amnesty program.

(a) *Definitions.* ADU amnesty program ("the program") means a program pursuant to this article concerned with the legalization of ADUs.

(b) *Purpose and intent.* The ADU amnesty program outlines a procedure for bringing properties into compliance with the Miami 21 Zoning Code relating to the construction and operation of an ADU. The program offers a pathway, including the relaxation of fees and fines related to unpermitted work or illegal ADU conversions.

(c) *Applicability.* This program applies to properties with existing code violations. It also allows for properties that have not received a violation to voluntarily disclose potential issues and to come into compliance.

(d) *Procedure.*

(1) *Pre-submittal meeting with the office of zoning (optional).*

a. Approval of unpermitted work is not guaranteed, nor is the construction of an ADU assured.

b. Before submitting a building permit application, the applicant may schedule a meeting with the office of zoning to review the feasibility of legalizing the existing ADU on the property.

(2) *Initial registration process.* The ADU amnesty program shall then follow the steps outlined for the "initial registration process" and "annual renewal process" as described in section 2-214, titled "Ancillary dwelling unit (ADU) compliance" of the City Code.

(3) *Building permit fees.* The city will waive the associated "double permit fee plus fine" per chapter 10, article V, titled "Code relief program", as provided in section 10-4.

(e) *Non-compliance.* Non-compliance with the terms and procedures outlined here will lead to the property's removal from the ADU amnesty program and shall be subject to applicable code compliance procedures.

(f) *Fees.*

(1) *Pre-submittal meeting.* $250.00. (Ord. No. 14377, § 2, 7-10-25)

Secs. 10-78—10-100. Reserved.

ARTICLE VI. UNSAFE STRUCTURES

Sec. 10-101. Unsafe structures and unsafe structures panel.

(a) General.

(1) Unsafe structures panel(s) shall hear unsafe structures cases, and appeals of decisions, of the city building official, or designee, declaring properties and their structures and accessory structures to be unsafe where there is a danger to the health, safety, and welfare of the citizens in the community, all in the manner prescribed in this article. If such structure has been designated historic and is under the city's historic preservation jurisdiction, demolition procedures shall, whenever possible, abide by the process as set out in the city's historic preservation ordinance as found in chapter 23 of

this Code, unless there is an immediate threat of danger, as determined by the building official, or designee.

(2) Buildings or structures that are, or hereafter shall become, unsafe, unsanitary or deficient, and dilapidated facilities, with inadequate means of egress, or which constitute a fire or windstorm hazard, or are otherwise dangerous to human life or public welfare by reason of illegal or improper use, occupancy or maintenance, or which have been substantially damaged by the elements, acts of God, fire, explosion or otherwise, shall be deemed unsafe structures and a permit shall be obtained to demolish the structure, or where specifically allowed by this article, to bring the building into compliance with the applicable codes as provided herein.

(3) Incomplete buildings commenced without a permit or for which the permit has expired, or completed buildings commenced without a permit or for which the permit has expired, prior to completion and no certificate of occupancy has been issued, shall be presumed and deemed unsafe and a permit shall be obtained to demolish the structure or bring the building into compliance with the applicable codes as provided herein.

(4) Buildings which meet the physical criteria of unsafe structures, set forth in this section, and are ordered to be repaired by the building official, or designee, or the unsafe structures panel, in the manner more particularly set forth below, which are not completed or repaired and brought into full compliance with the building code within the reasonable time allowed by the building official, or designee, or the unsafe structures panel, will be demolished.

(5) Swimming pools that contain stagnant water are deemed unsanitary and dangerous to human life and the public welfare. If the stagnant water is not removed and all repairs made and brought into full compliance with the building code within a reasonable time, as allowed by the building official, then these swimming pools will be demolished and filled in.

(6) Buildings or structures subject to the recertification requirements in subsection 8-11(f) of the Miami-Dade County Code which the owner fails to timely respond to the notice of required inspection or fails to make all required repairs or modifications found to be necessary resulting from the recertification inspection by the deadline specified in the Code or any written extension granted by the building official, or designee, will be demolished.

(b) Physical criteria.

(1) A building shall be deemed a fire hazard or unsafe when any of the following criteria are met:

a. It is vacant, unguarded and open at doors or windows.

b. There is an accumulation of debris or other material therein representing a hazard of combustion.

c. The building condition creates hazards with respect to means of egress and fire protection as provided herein for the particular occupancy.

d. It meets the criteria of a vacant and abandoned property under chapter 10 of this Code or under chapter 8 of the Miami-Dade County Code.

(2) A building, or part thereof, shall be presumed to be unsafe if:

a. There is a falling away, hanging loose or loosening of any siding, block, brick, or other building material.

b. There is a deterioration of the structure or structural parts.

c. The building is partially destroyed.

d. There is an unusual sagging or leaning out of plumb of the building or

any parts of the building and such effect is caused by deterioration or over-stressing.

e. The electrical or mechanical installations or systems create a hazardous condition contrary to the standards of the building code.

f. An unsanitary condition exists by reason of inadequate or malfunctioning sanitary facilities or waste disposal systems.

g. By reasons of use or occupancy the area, height, type of construction, fire-resistivity, means of egress, electrical equipment, plumbing, air conditioning or other features regulated by this Code do not comply with this Code for the use and group or occupancy.

h. The construction, installation of electrical, plumbing or other equipment therein or thereon, or the partial construction or installation of electrical, plumbing or other equipment has been commenced or completed without a permit therefore having been obtained or where the permit has expired prior to completion and the issuance of a certificate of occupancy or certificate of completion.

i. The construction, installation of electrical, plumbing or other equipment therein or thereon, or the partial construction or installation of electrical, plumbing or other equipment has not been completed.

j. The building or structure is vacant and abandoned, and covered at doors or windows with materials not previously approved by the building official, or designee, or for a period exceeding the maximum limitations set forth in this article.

k. By reason of illegal or improper use, occupancy or maintenance does not comply with the building code, or the code in effect at the time of construction.

l. The building or part thereof meets the physical criteria of an unsafe structure set forth above and has not been repaired and brought into compliance with the building code following the expiration of the reasonable periods allowed by the building official, or designee, or an unsafe structures panel for such repairs.

(3) Grow houses. A building or structure that has been identified by any law enforcement officer as being used to grow or manufacture controlled substances as defined by F.S. ch. 893 or any drugs, as defined in F.S. ch. 499 (a "grow house") shall be presumed to be unsafe if any one of the following criteria has been satisfied:

a. There is an open and obvious modification or addition to any of the structure's electrical wiring or electrical components, or there exists any exposed wires or exposed electrical components;

b. There is an open and obvious modification or addition to any of the structure's plumbing, and/or any discharge of water or other effluent that is not into an ordinarily available drain;

c. The structure's interior walls have been destroyed, moved, or modified in any way. This may be evidenced by marks on the ceiling and/or floor that are indicative of a wall having been moved or removed, holes or passages in a wall that are not ordinary, and may be unfinished in appearance. This list shall not be considered exhaustive such that any other evidence of walls being destroyed, moved or modified shall be proper;

d. Any exterior window has been modified or covered in such a way, so as to inhibit or reduce egress or which inhibits or prevents normal use for

ventilation purposes; this shall not include curtains and other ordinary window coverings; or

e. Any of the structure's exterior or interior doors have been modified or covered in such a way to prevent or inhibit ingress or egress.

(c) Upon observation of any one of the above criteria in subsection (b), any city enforcement personnel shall be authorized to post and shall post a notice in a conspicuous location on the building or structure that has been determined to be unsafe.

(1) The posted shall read substantially as follows:

(i) Unsafe structure(s) meeting criteria for immediate or emergency demolition: "UNSAFE BUILDING. This building or structure is, in the opinion of the City of Miami, unsafe. THIS BUILDING SHALL BE VACATED-SHALL NOT BE OCCUPIED. The owner should contact the City of Miami Building Department immediately. THIS NOTICE SHALL NOT BE REMOVED EXCEPT BY THE BUILDING OFFICIAL OR DESIGNEE. DATE (insert date posted)." This notice shall also apply to any structure(s) where it is determined by the Building Official or Designee that it is not safe for occupancy until required repairs are completed. This Notice may be appealed to the Unsafe Structure Panel within twenty (20) days of posting."

(ii) Unsafe structure(s) not meeting criteria for immediate demolition: "UNSAFE BUILDING. This building or structure is, in the opinion of the City of Miami unsafe due to conditions or unpermitted work but is not determined to meet criteria for immediate or emergency demolition. The owner should contact the City of Miami Building Department immediately. THIS NOTICE SHALL NOT BE REMOVED EXCEPT BY THE BUILDING OFFICIAL OR DESIGNEE. If the structure(s) are not brought into compliance, the structure(s) may be ordered vacated and demolished. DATE (insert date posted). This Notice may be appealed to the Unsafe Structure Panel within twenty (20) days of posting."

(2) Entry to any structure posted with such a notice under subsection (c)(1)(i) shall be prohibited except by an order issued by a court of competent jurisdiction, until such time as all necessary inspections listed in subsection (4) have been completed.

(3) Within 24 hours of the notice being posted by the building official, or designee, the Miami Police Department shall notify the building department of any trespass violations pursuant to subsection (c)(1)(i). Upon receiving such notification from the Miami Police Department the building department shall immediately send a notice of violation in accordance with the provisions of this article. This notice shall also state that building official, or designee, will conduct an inspection of the structure and issue a notice of violation within five business days.

(4) All structures that meet any of the criteria from subsection (c)(1) above and have been posted with the requisite notice, must be approved by the building department based upon all of the following inspections before the structure can be deemed safe for use:

a. An electrical inspection;

b. A plumbing inspection;

c. An inspection by a certified mold inspector; and

d. An inspection by a structural engineer.

Upon completion of the inspections described herein, an inspection report shall be filed with the building depart-

ment for approval. The building director shall proscribe the forms to be used for the inspections described herein and shall be authorized to charge a fee for the review of the inspection reports. Each inspection report shall certify that there is currently no unsafe or hazardous conditions currently existing in the structure, all building code violations corrected and the structure is safe for occupancy. No building deemed unsafe and meeting criteria for immediate or emergency demolition pursuant to this section shall be occupied. Nothing herein shall relieve the owner from the requirement to obtain permits for any repairs required to meet the requirements of this section.

(d) Valuation criteria.

(1) If the cost of completion, alteration, repair and/or replacement of an unsafe building or structure or part thereof exceeds 50 percent of its value, such building shall be demolished and removed from the premises. If the cost of completion, alteration, repair and/or replacement of an unsafe building or structure or part thereof does not exceed 50 percent of its value, such building or structure may be repaired and made safe, as provided herein.

(2) For purposes of application of this formula, value shall be the estimated cost to replace the building in kind, excluding depreciation. The estimate shall be derived from multiplying the value of the square footage of construction used by the building department to calculate the applicable permit fee. That estimate shall be broken down on a percentage basis into an estimate of the following critical elements of construction, as applicable: structural, roofing, electrical, plumbing and mechanical, and other building components ("valuation of construction components"). The cost of completion, alteration, repair or replacement shall be estimated by application of the percentage of deterioration found on site for each of the critical elements of construction to the valuation of construction components for the structure, to arrive at an overall estimated cost to repair the affected structure. The appointing authority shall by administrative order provide a form for the application of the formula set forth above for the various types of construction.

(3) If a building or structure may be repaired and made safe pursuant to the valuation criteria set forth above, and the building or structure is otherwise unsafe in accordance with the physical criteria set forth in this article, the building official or designee may order such building or structure to be temporarily secured in the manner and subject to the limitations set forth in this article. Such building must be completed and brought into full compliance with the building code within such time as the building official, or designee, or unsafe structures panel may determine to be reasonable for such completion. If the building or structure is not temporarily secured, completed and brought into full compliance with the building code within the reasonable periods allowed, such building or structure shall be demolished and removed from the premises.

(4) When any electrical or structural repairs or modifications are required, the responsible engineer or architect who has performed the inspection must provide the building official or designee with a letter indicating whether or not the building or structure may continue to be occupied while the building or structure is undergoing repairs. Such letter shall be valid for no more than 180 days, and a new letter must be issued if repairs or modifications remain ongoing.

(e) Inspection of unsafe buildings and structures. The building official, or designee, on their own initiative or as a result of reports by others, shall examine or cause to be examined every building or structure appearing or reported to be unsafe, and if such is found to be an

unsafe building or structure as defined in this article, the building official or designee shall proceed in the manner set forth in this article.

(f) Emergency action.

(1) When in the opinion of the building official, or designee, there is actual or immediate danger of the failure or collapse of a building or structure, or there is a health, windstorm or fire hazard, he may order the occupants to vacate, temporarily close for use or occupancy the rights-of-way thereto, sidewalks, streets or adjacent buildings or nearby area and institute such other temporary safeguards, including securing the building or structure, as he may deem necessary under the circumstances, and may employ the necessary labor and materials to perform the required work as expeditiously as possible. In such event, the operation of the notice and hearing requirements of this section shall be suspended as reasonably necessary in the opinion of the building official, or designee, to redress the emergency situation. Costs incurred in the performance of such emergency work shall be paid by the appropriate governmental authority and upon the recording in the public records of this county a certificate executed by the building official, or designee, certifying the amount so expended, the same shall become a lien against the property involved.

(2) For purposes of subsection (f), "owner" shall mean the owner of an apartment building or a condominium/condominium unit.

When the building official or designee orders an occupied residential building, either apartment or condominium, with four or more units to be vacated, as authorized in subsection 10-101(f)(1), and deems that there is an actual or immediate danger of the failure or collapse of a building or structure, or health, windstorm, or fire hazard, which is a result of the negligent or intentional act or failure to act by the owner(s), the owner shall, after posting, within 24 hours make, or cause to be made, all necessary arrangements to relocate the residents of the building into housing that is safe, sanitary, and secure, and the owner shall pay, or cause to be paid, all of the reasonable expenses involved in such relocation. If the owner fails to timely relocate displaced residents, city personnel shall be empowered to assist in the relocation, and the owner shall pay all reasonable expenses incurred by the city, in accordance with the following:

a. Service of a notice of required payment of costs of resident relocation shall be made upon the owner by posting the notice in a conspicuous location at the premises ordered to be vacated and by mailing the notice certified, return receipt requested through the USPS to the address listed in the records of the property appraiser's office for tax notices for the property and in the case of a condominium, to the condominium board and board president.

b. The notice of required payment of costs of resident relocation shall include:

i. An affidavit itemizing the city's expenses incurred in the relocation;

ii. The date of issuance;

iii. The name of the department or division issuing the notice;

iv. The obligation to relocate a resident or residents pursuant to subsection 10-101(f) of the City Code;

v. The amount of relocation costs for which reimbursement is sought, up to three months, the financial assistance shall be in an amount not to exceed three months' fair market rent,

as defined by the United States Department of Housing and Urban Development;

c. With respect to apartment rental units, the obligations of owners under this subsection shall only apply to tenancies entered into after the effective date of this subsection.

d. Once notice requiring payment of costs accomplished, owner shall have 30 days to pay.

(g) Unsafe structures meeting valuation criteria for immediate demolition.

(1) The provisions below shall apply to buildings or structures meeting the valuation criteria for demolition.

(2) The building official, or designee, shall prepare a notice of violation. The building official, or designee, shall prepare a notice of violation. This written notice shall state in summary form:

(i) The nature of defects which constitute a violation of this section; and

(ii) In such time not to exceed ten days to secure an open structure to the reasonable satisfaction of the building official and time to comply by obtaining an approved permit within 30 days. Failure to comply with any portion of the timeframe provided can result in the matter being set for hearing before the unsafe structure panel;

(iii) This notice shall also state that the specific details concerning the violations can be obtained in writing from the building official on request. In addition, this notice will explain the right of appeal of the decision of the building official, or designee, to the unsafe structures panel, in its appellate capacity and also advise that unless there is compliance with the directions of the building official, or designee, a case will be commenced before the unsafe structures panel with the city seeking demolition without further notice.

(3) The notice of violation shall be affixed to the structure concerned. The building official, or designee, shall also affix to the structure notice of the hearing of the unsafe structures panel scheduled to consider any appeal of the decision of the building official in connection with the structure. The notice of hearing shall be issued by the director of the building department or his/her designee for appeals to an unsafe structures panel advising persons to appear before the panel to show cause why the decision of the building official should not be carried out. The hearing shall not be scheduled earlier than 30 days following the date of posting of the notice of hearing and notice of violation.

(4) The building official, or designee, shall post a notice bearing his or her signature in a conspicuous location on the building or structure that has been determined to be unsafe. The posted notice shall read as provided for in subsection (c)(1).

(5) Within ten working days of posting the notice of violation and/or notice of hearing, the building official or designee, shall send written notice of violation to the owner. For hearings, notice shall go to both the owner and any interested party. For these purposes, the owner shall be the taxpayer as reflected in the most recently certified real property ad valorem tax roll of Miami-Dade County; provided however, where the records of the Dade County Property Appraiser indicate that ownership has changed, the owner shall be the taxpayer as reflected in those records. An interested party shall be the owner and any other person or entity who has previously requested real property ad valorem tax notices with respect to the subject property in accordance with F.S. § 197.344, as the same may be renumbered or amended from time to time. The notice of violation

and notice of hearing shall be sent by certified or first class mail to all such parties' last known addresses as reflected in the records of the Miami-Dade County Property Appraiser. Failure to receive such notice, or the lack of a signed return receipt shall not invalidate the notice.

(6) Upon expiration of the period of appeal provided in the notice of violation, the building official, or designee, may file an appropriate instrument in the office of the clerk of the circuit court to be recorded in the public records of this county, indicating that the property is in violation of the building code and subject to a pending lien. The recording of the notice shall constitute constructive notice of the violation to all concerned, subsequent purchasers, transferees, mortgagees, lessees, grantees and all persons claiming or acquiring interest in the property. In the event that the violation is corrected, the building official, or designee, shall file proof of the same upon payment for fees incurred.

(7) The building official, or designee, shall publish a notice for two consecutive weeks online via the city's website at www.miamigov.com. The published notice shall contain the address of the subject property and the names of the owner and any interested party, and state that the subject property has been cited for violations of the building code and subject to demolition. The published notice shall also state the time and place of the hearing scheduled before the unsafe structures panel.

(8) The notices provided in this section are intended to serve as full and effective notice of the hearing and the violations related to the structure. Failure of one form of notice shall not invalidate or impair the full effectiveness of notice provided by other means pursuant to this section.

(9) The city may seek collections of any money expended to rehouse occupants of a structure under this subsection pursuant to subsection (f)(2).

(h) Unsafe structures not meeting the valuation criteria for immediate demolition.

(1) If a building or structure may be repaired and made safe pursuant to the valuation criteria set forth above, and the building or structure is otherwise unsafe in accordance with the physical criteria set forth in this section, the building official, or designee, may order such building or structure to be temporarily secured in the manner and subject to the limitations set forth in this section. Such building must be completed and brought into full compliance with the building code within such time as the building official, or designee, or the unsafe structures panel may determine to be reasonable for such completion. If the building or structure is not temporarily secured, or once served, not completed and brought into compliance with the building code within the reasonable periods allowed, such building or structure shall be demolished and removed from the premises.

(2) The building official, or designee, shall prepare a notice of violation. This written notice shall state in summary form:

(i) The nature of defects which constitute a violation of this section and shall prescribe the action to be taken to comply and the time within which compliance must be accomplished;

(ii) In such time not to exceed ten days to secure an open structure to the reasonable satisfaction of the building official, or designee, and 60 days to submit plans, 90 days to obtain permits and 120 days to complete and finalize the permit obtained. Failure to comply with any portion of the timeframe provided can result in the matter being set for hearing before the Unsafe Structure Panel;

(iii) This notice shall also state that the specific details concerning the violations can be obtained in writing

from the building official on request. In addition, this notice will explain the right of appeal of the decision of the building official, or designee, to the unsafe structures panel, in its appellate capacity and also advise that unless there is compliance with the directions of the building official, or designee, a case will be commenced before the unsafe structures after time for compliance has expired, or that the building official's order will be enforced.

(3) The notice of violation shall be affixed to the structure concerned.

(4) Within ten working days of posting the notice of violation, the building official, or designee, shall send the written notice of violation to the owner, in the same manner provided in above.

(5) In the event that the building or structure is not secured or brought into compliance with the requirements of the building code within the periods specified in the notice of violation, the building official, or designee, may schedule the case for hearing before the unsafe structures panel to secure an order for demolition of the building or structure or to obtain any other appropriate remedy.

(6) In the event that the building official, or designee, requests that the director of the building department or his/her designee schedule a hearing, or in the event that the owner or interested party files a timely appeal of the decision of the building official, the director of the building department or his/her designee shall issue a notice of hearing which shall be affixed to the property, mailed to the owner and interested party, in the same manner provided in subsection (g) above. Notice of the hearing shall be published in the same manner provided in subsection (g) above.

(7) If the property has not been secured or permits for repair obtained in the manner stipulated in the notice, the building official, or designee, may file an appropriate instrument and notice of pending lien in the public records in the manner provided in subsection (g) above. The city may seek collections of any money expended to rehouse occupants of a structure under this subsection pursuant to subsection (f)(2).

(8) Pre-hearing extension of time. Homestead exempt and/or owner-occupied residential properties may be allowed to request from the building official, prior to hearing before the unsafe structure panel, one extension of time from the original notice of violation compliance requirements. Extensions shall only be provided for those properties who have shown good cause, meaning submission of plans and active participation in the processing of the permits to repair the deficiencies. Extensions shall not apply to structures that meet criteria for immediate demolition. The extension may be no longer than 180 days in total. Governmental owned properties shall also be allowed to request extensions pursuant to this subsection. This subsection shall apply retroactively to all similarly situated properties.

(i) Public hearing—Unsafe structure panel.

(1) On the day established in the notice of public hearing the unsafe structures panel shall review all pertinent evidence and hear all testimony from the building official (or designee), the owner and other parties in interest and their respective witnesses.

(2) The unsafe structures panel may order repair, securing, and/or demolition of the structure upon application of the standards set forth in this article. The unsafe structures panel may modify, rescind, or uphold the decision of the building official as recited in the notice of violation. The unsafe structures panel shall modify or rescind a decision of the building official only upon a finding that the building official was in error in the

interpretation or application of the building code. The unsafe structures panel shall not exceed the time frames allowed for repair and completion of buildings and structures specifically set forth in this article, except where the work involved reasonably requires such additional time.

(3) A copy of the order shall be forwarded to the owner, and all interested parties by U.S. mail, and a copy thereof posted on the property.

(4) If the owner or interested party fails to comply with the order of the unsafe structures panel within the time stipulated therein and such order is to repair, complete or secure the building to make safe, then the building official, or designee, shall cause such building to be vacated, if occupied; and shall through his/her employees or through a contractor enforce the order of the unsafe structures panel or building official. Buildings shall be secured with concrete block or other materials of the same durability as determined by the building official. Swimming pools shall be secured by fencing or by using another approved method as determined by the building official. For failure to comply with the order of the unsafe structure panel, which includes requesting a timely extension of time under subsection 10-101(m), as applicable, the city shall have the authority to move forward with demolition of the property structure, if so ordered by the unsafe structure panel, as it has already been deemed unsafe and in need of immediate repair. The city shall follow the process set forth through subsection (5) below.

(5) If the order of the unsafe structures panel is to demolish the building or structure and to remove or salvage contents, debris and abandoned property from the premises, and the owner or those responsible shall have failed to comply with such order, then the building official, or designee, may do so. Swimming pools shall be demolished by removal of any stagnant water and any above ground parts of the structure, breaking open the bottom and filling with sand or clean fill level to the existing grade.

(j) Multi-unit structures.

(1) This subsection shall be applicable to all multi-unit structures. As used in this subsection, the term multi-unit structures means all townhouses and other structures which contain units divided by one or more common walls, where the structural integrity of any component unit depends upon the structural integrity of one or more other units in the same structure. In the event that the owner or other interested party fails to comply with any order of the unsafe structures panel in connection with any multi-unit structure, then in addition to any other right or remedy contained in this section, the city shall be authorized, but not required, to secure the structure in the manner set forth in this subsection. In addition, and not in derogation of the use of other methods contemplated by this section for enforcing the building code with respect to any structure, multi-unit structures may be secured by performing whatever work the building official may determine is reasonably necessary to preserve the structural integrity, watertightness, or safety of adjacent units or the surrounding community which work may include, but no b limited to roofing, windows, and electrical.

(2) The procedure for enforcement of this Code set forth above shall be in addition to, and not in derogation of, other procedures available to the building official pursuant to the building code. The provisions of this subsection are not intended to exonerate any owner or other interested party from compliance with the building code or any order of an unsafe structures panel.

(k) Recovery of cost.

(1) All costs incurred pursuant to any of the provisions of this section shall be paid by

the owner, interested party, or occupant of the premises on which the violation occurred.

(2) The building official, or designee shall file among their records an affidavit stating with fairness and accuracy the items of expense and the date of execution of actions authorized by this section.

(3) Any other employee, official or agency who incurs costs while executing any provision within this article shall create an affidavit stating with fairness and accuracy the items of expense and the date of execution of actions authorized by this section. That affidavit shall be given to the building official, or designee, responsible for the unsafe structure at issue and filed among his/her records for that property.

(4) The enforcing agency may institute a suit to recover such expenses against any liable person or may cause such expenses to be charged against the property on which the violation occurred as a lien or as a special assessment lien collectible according to established procedures.

(5) Any lien imposed pursuant to this article shall be a lien greater in dignity to all liens, excepting IRS tax liens.

(6) Liens created pursuant to this section may be discharged and satisfied by paying to the city the amount specified in the notice of lien, together with interest thereon from the date of the filing of the lien computed at the maximum statutory interest rate, together with the administrative costs, filing and recording fees and fees paid to file a satisfaction of the lien in the public records. When any such lien has been discharged, the city shall promptly cause evidence of the satisfaction and discharge of such lien to be recorded in the public records.

(7) The remedies and procedures for recovery of costs provided in this article shall be in addition to and not in derogation of other provided in the building code or otherwise provided by law.

(l) Unsafe structure panels. Unsafe structures panels are hereby created to conduct hearings as provided for under this section.

(1) *Composition*. Unsafe structures panel(s) shall consist of three members from the list of panel members provided for under subsection (2). A building department representative will serve as an ex-officio, non-voting member of each panel, to act as a liaison. The ex-officio member shall not count toward a quorum of the panel.

(2) *Appointment of members to the unsafe structure panel*. The appointment of unsafe structure panel members shall be done through a request for qualifications process or in the alternative, by agreement with Miami-Dade County, Florida and use of their vetted pool of hearing officers. The director of the building department shall not have any input into which members are designated to comprise a particular panel.

The following criteria shall be used to select member of the unsafe structure panel as part of the RFQ:

a. The unsafe structure panel shall consist of three members. The chair shall be required to be a Florida-licensed architect, engineer or licensed construction industry related contractor with five or more years experience.

b. The available unsafe structure panel member pool shall, if possible, include at least two persons who qualify for position of chair at any given time.

c. Panelists shall not be current employees of the city notwithstanding any other provision in the City Code and former city employees must be separated from the city for two or more years, having left in good standing.

d. Panelists shall not be involved in the construction trade as it pertains to active business in the city from the time of application through time as part of the unsafe structure panel pool.

e. All applicants will be required to provide a full financial history as part of the application process, including but not limited to sources of income and debt, as well as proof of certifications, educational background. In addition, all applicants must be able to certify that they have no prior criminal history and provide a list of any past code violations issued whether in the city or not with their outcome as it relates to personal or professional matters.

f. Applicants with certification(s) in the building related trades or licensed attorneys in the state shall be given preference to appointment to the panel pool.

g. The panel pool shall consist, as possible, of four general panelists and two chair panelists.

h. Payment for panelists shall be consistent or greater to that as provided for in Miami-Dade County Administrative Order No. 2-5, as amended.

i. Any panelist selected who fails to appear more than two times for a scheduled hearing in one calendar year shall be removed from the panel and shall not be reconsidered in future panel applications. Excused absences for emergency circumstances shall not apply.

j. Each procured panel pool shall be for two-year cycles.

k. Panelists must sign an affidavit attesting to having no conflict of interest in their service as an unsafe structure panelist and be in compliance with state and local ethics codes and shall participate in required yearly local ethics training.

Other criteria may be considered as relevant and necessary.

(3) *Organization of the unsafe structures panels.*

a. The director of the building department may utilize one or more unsafe structures panel(s) as needed to conduct hearings.

b. Quorum. Three unsafe structures panel members must be present to conduct a hearing or take any action, including a qualified chair.

c. A majority vote of unsafe structures panel members present and voting shall be sufficient to overrule, modify or affirm any action or decision of the building official or to take any action within the scope of the powers and duties of the panel.

d. No member of an unsafe structures panel shall sit as a voting member in any hearing on a matter in which he/she has a personal or financial interest.

e. The director of the city building department, or his/her designee, shall assist the unsafe structures panel as needed, but shall have no vote.

f. The director of the city building department or his/her designee may call and schedule unsafe structures hearings.

g. An audio or video record shall be kept of all unsafe structures hearings and all hearings shall be public.

h. All hearings shall be open to the public, and any person whose interest may be affected by the matter shall be given an opportunity to be heard in person, or through his/her attorney, or legally authorized representative.

i. Witnesses may be sworn and subpoenaed by the unsafe structures panel in a like manner as they are subpoenaed by the court or courts in Miami-Dade County.

j. The hearings shall be informal and need not be conducted according to technical rules relating to evidence and witnesses. Any relevant evidence shall be admitted if it is the type of evidence on which responsible persons are accustomed to rely in the conduct of serious affairs regardless of the existence of any common law or statutory rules which might make improper the admission of such evidence over objection in civil actions.

k. Hearsay evidence may be used for the purpose of supplementing or explaining any direct evidence but shall not be sufficient in itself to support a finding unless it would be admissible over objection in civil actions.

l. The rules of privilege shall be effective to the same extent that they are now, or hereafter may be, recognized in civil actions; and irrelevant and unduly repetitious evidence shall be excluded.

m. The director of the city building department shall provide adequate and competent clerical and administrative personnel and such technical or scientific personnel as may be reasonably required by the unsafe structures panels for the proper performance of their duties, subject to budget limitations.

n. The director of the city building department shall provide a regular meeting place for the panel.

(4) *Duties, powers of the unsafe structures panels.* The unsafe structures panels and shall have the following duties, functions, powers and responsibilities:

a. Hear and determine appeals from actions and decisions of the building official pursuant to the provisions of this section.

b. Hear and review the application of the building official for the review of his or her action where his or her decision as indicated in a notice of violations has not been complied with.

c. Affirm, modify or reverse the decision of the building official upon appeal or on application for review.

d. In the event of judicial review of an unsafe structure panel order, the director of the city building department or his/her designee shall transmit the records with all exhibits, instruments, and papers of the proceedings to the reviewing authority if so requested.

e. The appealing party is responsible for the production of any transcript from the hearing at issue necessary for judicial review.

(5) *Duties of the city attorney.* The city attorney shall either be counsel to the unsafe structures panel or shall represent the city by presenting cases to the unsafe structures panel, but in no case shall the city attorney serve in both capacities.

(m) Post-hearing extension of time; amnesty program.

(1) Requests for extensions of time from unsafe structure panel orders. Any owner or interested party may seek an extension of the timeframes set forth in an order of the unsafe structures panel. Such request for a hearing to seek such extension must be in writing, directed to the unsafe structures panel clerk. The unsafe structures panel shall not be authorized to extend any deadline for

compliance, set forth in the order, unless the unsafe structures division of the building department, unsafe structure panel clerk receives the written request for extension prior to the deadline specified in the initial order. For example, in the event the unsafe structures panel order states that a permit must be obtained within a specified period, the request for extension of the deadline to obtain the permit must be received prior to the expiration of that specified period. If the same order provides a deadline for completion of the structure, the request for the extension for the deadline of completion must be received prior to the deadline for completion, provided that the applicant has complied with the permit deadline.

(2) To obtain an extension, the owner or interested party must demonstrate to the reasonable satisfaction of the unsafe structures panel that the structure that is the subject of the order is secure at the time the extension is sought and that the owner or applicant has made a good faith attempt to comply with the order which has been impeded by changed circumstances or other circumstances outside of the owner or applicant's control. As a further condition of the extension, the owner or interested party must submit in writing, together with the petition for an extension, a written timetable for compliance with the substantive provisions of the order and for completion of all necessary repairs. The unsafe structures panel shall not reconsider the order, limiting its consideration of the petition to deciding whether the grounds for an extension have been satisfied in the manner set forth in this subsection.

(3) Amnesty program for single-family residence or duplex properties and pilot program for commercial properties.

a. Any single-family residence or duplex properties currently in default of an order of the unsafe structure panel that was issued prior to April 15, 2022, and who has not already sought and obtained an extension of time or breach hearing, may request a one-time post-hearing extension of time or breach hearing before the unsafe structure panel if the following conditions are met:

1. Owner has made a good faith attempt to comply with the order; and
2. Owner has been impeded by changed circumstances or other circumstances outside of the owner's control; and
3. Owner has been an active participant in the process of legalizing or repairing the determined deficiencies; and
4. Owner provides, in writing, what has been done since the date of the unsafe structure panel order, a timetable for compliance of all required repairs and a Florida licensed architect or engineer has certified the safety of the structure with a letter provided to the city under seal; and
5. The date to appear before the unsafe structure panel does not insure the owner will be provided more time to repair the property structure and does not estop the city from recommending either repair or demolition of the property structure based on the facts and circumstances of the case.

b. Any new purchaser of a commercial property, who purchases a property that has an order of the unsafe structure panel requiring demolition of the property structure due to the prior owner's failure to comply with the required repair timelines provided, may request a breach hearing under the following circumstances:

1. The new purchaser shall have no familial, economic, business

or other related interests to any prior owner of the violating property. The sale must be an arm's length transaction. An affidavit under oath attesting to same must be provided along with the request for breach hearing; and

2. The new purchaser shall make the request for hearing, in writing, via email to the unsafe structure clerk; and

3. The new purchaser shall provide a full set of plans for the necessary scope of repairs to be reviewed by the unsafe structures section no later than 30 days before the hearing date; and

4. If a full set of plans are not provided and all other conditions are not met, the matter will be removed from the scheduled hearing agenda; and

5. This subsection shall apply retroactively to new purchasers prior to the passage of Ordinance No. 14307.

(n) Judicial review.

(1) Any owner or interested party aggrieved by a decision of the unsafe structures panel may seek judicial review of that decision in accordance with Rule 9.110(c) of the Florida Rules of Appellate Procedure. Accordingly, any order, requirement, decision, denial of a request for extension of time, or determination of the unsafe structures panel shall be reviewed by the filing of a notice of appeal in the circuit court appellate division of the Eleventh Judicial Circuit in and for Miami-Dade County, Florida, within 30 days of rendition of the order.

(2) The use of one method of enforcement shall not preclude the use of another method of enforcement including, but not limited to, legal actions filed with the Eleventh Judicial Circuit Court whether the actions are done in a consecutive or concurrent manner.

(o) Definitions.

Building or *structures* shall be synonymous.

Building code shall be the Florida Building Code, as amended from time to time.

Interested parties shall be defined as stated in chapter 10 of this Code.

All other definitions shall be defined as stated in chapter 10 of this Code or chapter 8 of the Miami-Dade County Code.
(Ord. No. 13295, § 2, 12-15-11; Ord. No. 13422, § 2, 12-12-13; Ord. No. 13580, § 2, 12-10-15; Ord. No. 13676, § 2, 4-27-17; Ord. No. 14085, § 2, 9-13-22; Ord. No. 14194, § 2, 7-27-23; Ord. No. 14208, § 2, 9-28-23; Ord. No. 14278, § 2, 4-25-24; Ord. No. 14307, § 2, 9-26-24; Ord. No. 14443, § 2, 2-12-26)

Sec. 10-102. Maintenance of vacant lots after demolition of structures.

(a) *Intent.* It is the intent of this section to regulate an improved or unimproved lot that has become vacant or the ground has been left in disarray or excavated due to demolition of a structure(s) on the lot and to implement regulations to:

(1) Ensure the lot is rehabilitated in a park-like appearance;

(2) Reduce neighborhood blight and its negative effects by regulating the aesthetic character of vacant lots, formerly improved lots; or

(3) Ensure the lot does not have portions of land which have been excavated and not returned to a uniform and level grade after a demolition.

(b) *Definitions.* For the purpose of this section, the following words and phrases shall have the meaning respectively ascribed to them by this subsection:

(1) *Vacant lot:* As defined in City Code section 22-114, as amended, a lot, tract, or

other parcel of land in the city that does not have a structure or building on the land.

(2) *Structure:* As defined in City Code section 22-114, as amended, a structure or building as defined by the Florida Building Code, as amended.

(3) *Tree:* As defined in City Code section 17-2, as amended, any self-supporting woody plant or palm which usually has a single main axis or trunk, with a minimum trunk diameter at breast height of two inches and a minimum overall height of 12 feet. This definition excludes plants which are defined as shrubs, hedges, vines, or ground covers. Palms shall have a minimum height of 14 feet in order to be classified as a tree.

(4) *Lot:* A parcel of land; a portion of land; property.

(c) *Minimum requirements.* When a structure has been demolished and real property has become a vacant lot or a portion of a lot has been left in disarray or excavated because of a demolition, the owner of the lot shall, at a minimum:

(1) Remove all debris resulting from the demolition of the structure, along with any other garbage from the lot.

(2) Refill and grade the lot in accordance with subsection (d), and lay down sod or hydroseed on any exposed dirt on the lot. Nothing in this section shall be construed to require the removal of trees from the lot.

(3) If the owner, fails to comply with the provisions of this section, the city, may issue a notice of violation. Moreover, after proper notice to the owner of record as listed in the Miami-Dade tax roll, certified mail return receipt requested, the city may refill, grade, and sod the lot and impose a lien on the property for the work done.

(d) *Fill requirements.* The re-filling, grading, and sodding of the lot shall comply with the Florida Building Code, as amended.

(e) *Enforcement provision.* This section may be enforced in accordance with chapter 2, article X, Code enforcement. Nothing in this section precludes the city from enforcing this section by any and all means provided by law, including but not limited to, any actions in the circuit court.

(f) *Special assessment provision.*

(1) Under the lawful authority granted to municipalities pursuant to F.S. chs. 170 and 166, the city hereby authorizes the levy and collection of special assessments to the fund the costs of any work done by the city to enforce compliance with the requirements of this section.

(2) Any work undertaken by the city under this section shall be treated as special assessment liens against the subject real property, and until fully paid and discharged, shall remain liens equal in rank and dignity with the lien of ad valorem taxes, and shall be superior in rank and dignity to all other liens, encumbrances, titles and claims in, to or against the real property involved. Interest at the rate of 12 percent per annum shall accrue to such delinquent accounts. Such liens shall be enforced by any of the methods provided in F.S. ch. 85, as amended, or, in the alternative, foreclosure proceedings may be instituted and prosecuted under the provisions applicable to practice, pleading and procedure for the foreclosure of mortgages on real estate set forth in state statutes, or may be foreclosed pursuant to F.S. ch. 173, as amended, or the collection and enforcement of payment thereof may be accomplished by any other method authorized by law. The property owner shall pay all costs of collection, including reasonable attorney fees, incurred in the collection of fees, service charges, penalties and liens imposed by virtue of this section. Additionally, the city may elect to utilize the uniform method for the levy, collection and enforcement of this non-ad valorem assessment pursuant to F.S. § 197.3632. as may be amended from time to time.

(g) *[Best efforts.]* The city, when at all possible, will use best efforts to comply with the provisions of this section when demolishing property within the city, regardless of ownership.
(Ord. No. 13310, § 2, 2-9-12)

Sec. 10-103. Maintenance of lots or property containing excavated construction sites or excavated sites in considerable non-compliance with the Florida Building Code.

(a) *Intent.* It is the intent of this section to regulate property containing excavated construction sites or excavated sites that have become a nuisance or a danger to the community and are in considerable non-compliance with the Florida Building Code, pursuant to the building official. This section seeks to implement regulations to:

(1) Reduce neighborhood blight and its negative effects by regulating the aesthetic character of lots or property containing excavated construction sites or excavated sites; or

(2) Ensure the lots or property containing excavated construction sites or excavated sites do not have portions of land which have been excavated are returned to a uniform and level grade.

(b) *Definitions.* For the purpose of this section, the following words and phrases shall have the meaning respectively ascribed to them by this subsection:

(1) *Construction site:* A lot or site on which a structure is being built or constructed.

(2) *Excavation; excavated site:* A site that has been unearthed; a site made hollow by removing the inner part; a site which has a hole or cavity in or formed into a hollow, as by digging.

(3) *Excavated construction site:* A construction site which has an excavation or hole.

(4) *Lot:* A parcel of land; a portion of land; property.

(c) *Minimum requirements.* When an excavated construction site or an excavated site has been left derelict and in disarray for more than three months, to the point that the property is deteriorating and poses a danger to the community, the building official shall make a determination as to whether the property is in substantial non-compliance with the Florida Building Code and Chapter 8 of the Miami-Dade County Code and at such time, order the property owner, via a notice of violation, that such violations must be corrected within the time set on the notice.

(1) If the property owner refuses to correct the violations on the property, as stated in subsection (d) below or commence construction on the property, the building official shall be authorized to return the property to a uniform and level grade.

(2) The building official shall order the property to be refilled and graded in accordance with subsection (d) below. Moreover, the building official shall order sod or hydroseed on any exposed dirt on the property.

(3) Nothing in this section shall be construed to require the removal of trees from the lot. Nothing in this section shall prevent the property owner from performing this re-filling on his/her own.

(d) *Fill requirements.* The re-filling, grading, and sodding of the lot shall comply with the Florida Building Code, as amended.

(e) *Enforcement provision.* This section may be enforced in accordance with chapter 2, article X, Code enforcement. Nothing in this section precludes the city from enforcing this section by any and all means provided by law, including but not limited to, any actions in the circuit court.

(f) *Special assessment provision.*

(1) Under the lawful authority granted to municipalities pursuant to F.S. chs. 170 and 166, the city hereby authorizes the levy and collection of special assessments to the fund the costs of any work done by the city to enforce compliance with the requirements of this section.

(2) Any work undertaken by the city under this section shall be treated as special assessment liens against the subject real property, and until fully paid and discharged, shall remain liens equal in rank and dignity with the lien of ad valorem taxes, and shall be superior in rank and dignity to all other liens, encumbrances, titles and claims in, to or against the real property involved. Interest at the rate of 12 percent per annum shall accrue to such delinquent accounts. Such liens shall be enforced by any of the methods provided in F.S. ch. 85, as amended, or, in the alternative, foreclosure proceedings may be instituted and prosecuted under the provisions applicable to practice, pleading and procedure for the foreclosure of mortgages on real estate set forth in state statutes, or may be foreclosed pursuant to F.S. ch. 173, as amended, or the collection and enforcement of payment thereof may be accomplished by any other method authorized by law. The property owner shall pay all costs of collection, including reasonable attorney fees, incurred in the collection of fees, service charges, penalties and liens imposed by virtue of this section. Additionally, the city may elect to utilize the uniform method for the levy, collection and enforcement of this non-ad valorem assessment pursuant to F.S. § 197.3632. as may be amended from time to time.

(Ord. No. 13312, § 2, 2-23-12)

Sec. 10-104. Vacant lot fencing.

(a) *Intent.* It is the intent of this section to regulate an improved or unimproved lot that has become vacant to reduce neighborhood blight and its negative effects by regulating the fencing of the lot while allowing for necessary enforcement.

(b) *Definitions.* For the purpose of this section, the following words and phrases shall have the meaning respectively ascribed to them by this subsection:

(1) *Lot:* A lot is any individual lot, tract or parcel of land, intended as a single building site or unit, having an assigned number or numbers, letters or letters, or other name through which it may be identified for development purposes. A lot may also be any combination of lots, tracts, parcels or other areas of land established by acceptable legal joinder, delineated by a closed boundary and assigned a number, letter or other name through which it may be identified, intended as a single unit for development purposes.

(2) *Lot area:* Lot area shall be the area withing the lot property lines, excluding any portions of street rights-of-way or other required dedications.

(3) *Vacant lot:* As defined in City Code section 22-114, as amended, a lot, tract, or other parcel of land in the city that does not have a structure or building on the land.

(c) *Fences and "No Trespassing" signage required.*

(1) All vacant lots may be enclosed with a six-foot high fence without screening notwithstanding any conflicting provision in the City Code and/or Miami 21 Code, the zoning ordinance of the City of Miami, Florida, as amended. Except, any vacant lots located within a historic district must comply with the requirements of chapter 23 of the City Code. The vacant lots must be visible from and including adjacent rights-of-way, alleys and frontage. All such fences shall be erected with a permit.

(2) "No Trespassing" signs shall be posted on all vacant lots.

(3) The property owner shall:

a. Keep the lot clear of any and all material, overgrowth, or any other such visual or public nuisance debris; and

b. Sign a consent at the time of permitting for the fence installation to allow the city to enter upon the lot, locked or unlocked, should the lot

become overgrown in violation of the City Code. The city shall provide 15 days notice via US Mail and posting to the address provided on the consent as well as the mailing address provided to the Miami-Dade County Property Appraiser prior to entering the lot; and

c. Sign a consent at the time of permitting for the fence installation allowing the Miami Police Department to enforce the trespassing penalties described in F.S. § 810.08; and

d. Register the lot with the city as a vacant lot pursuant to section 22-115; and

e. Vacant lot fence permits shall be issued for a period of one year and may be renewed; and

f. The building official or their designee may revoke any active vacant lot fence permit if any construction and/or development is sought on the property and the fence does not comport to the requirements of subsection 10-23(7) of the City Code.

g. The fence, if any, shall be removed upon the completion of any construction and/or development on the lot.

h. Failure to maintain the vacant lot registration may lead to the revocation of the vacant lot fence permit.

(d) *Enhanced penalties; appeals.*

(1) If the owner or agent of any property within the city fails to maintain a vacant lot fence as set forth herein it shall be a violation and will cause the city to remove the derelict fence and vacant fence permit shall be revoked. The city shall keep an accurate accounting of the costs thereof, whereupon the amount of such costs and the interest thereon shall constitute and is hereby imposed as a lien against the subject property with equal rank and dignity of any other special assessment liens.

(2) Any violation of the provisions of this article may be cited pursuant to chapter 2, article X of the City Code and shall result in a civil citation of $500.00 and/or a notice of violation to be brought before the code enforcement board.

(3) Any property for which the city is required to enter onto and remove overgrowth, materials, or other debris shall be subject to a lien against the property with equal rank and dignity of any other special assessment liens and enforced as provided for in section 22-118 of the City Code.

(4) These penalties shall not preclude any other remedies available at law or in equity, including but not limited to, injunctive relief in the circuit court and special assessments for fencing the property or other work done by the city.

(5) An aggrieved party may appeal both the fees and costs imposed under this section to a court of competent jurisdiction in accordance with the Florida Rules of Appellate Procedure.

(Ord. No. 14229, § 2, 11-16-23)

Secs. 10-105—10-110. Reserved.

ARTICLE VII. SECURITY SCREENS AND SHUTTERS

Sec. 10-111. Transparency of windows in Coconut Grove, the Downtown Development District and the Neighborhood Revitalization District 1.

Applicability: This article shall apply to commercial buildings in the following areas: the Coconut Grove Central Commercial District, described pursuant to chapter 35, article V, as amended, and the Coconut Grove Business Improvement District, more particularly described in Resolution No. 08-0455 adopted July 24, 2008, and later confirmed in Resolution No. 09-0076 adopted February 12, 2009 (collectively, "Coconut Grove"), the boundaries of the Downtown Development District, described pursuant to section

14-27 of the City Code, as amended, more particularly described in Ordinance No. 12307, adopted December 12, 2002, and the boundaries of the Neighborhood Revitalization District 1, more particularly described in Ordinance No. 13561, adopted September 24, 2015, all incorporated by reference.
(Ord. No. 13412, § 2, 10-10-13; Ord. No. 13454, § 2, 5-8-14; Ord. No. 13555, § 2, 9-24-15)

Sec. 10-112. Definitions.

Clear glass means glass in windows, doors, and display windows shall be transparent to insure a safe, pedestrian-oriented environment, and to maintain the historic charm of the areas. Glass shall be clear in appearance at the street level.

Decorative shutter is a usually lightweight louvered or flush wood or non-wood frame in the form of a thin door located at each side of any opening of a building, such as a window or door. Most decorative shutters are fastened or painted onto a wall as a decorative device.

Reflective surfaces. Highly reflective surfaces are those surfaces that include reflective glass and mirrors.

Security screens and shutters shall be defined as any exterior barrier or covering (made of any material, including but not limited to, aluminum, metal, steel, plastic, etc.) which may cover any opening on the ground floor of a building such as a window or door. Security screens and shutters may include, but are not limited to, hurricane shutters or curtains, rolling or retracting metal flexible shutters, and other security devices. This definition applies to non-decorative shutters as distinguished from decorative shutters above.

Other types of security screens and shutters are as follows:

(1) Permanent security screens and shutters are those which remain affixed to the building and are not of a temporary nature.

(2) Temporary security screens and shutters are those which are affixed to the building for a limited duration.

(3) Opaque security screens and shutters are not transparent or translucent and are impenetrable to light.

(4) Transparent security screens and shutters are those which you can see through and are 70 percent open pursuant to the Miami 21 Zoning Ordinance, as amended.

(Ord. No. 13412, § 2, 10-10-13; Ord. No. 13454, § 2, 5-8-14)

Sec. 10-113. Security screens and shutters not allowed.

(a) Permanent security screens and shutters are not allowed pursuant to this article, except as described below:

(1) Hurricane shutters or curtains may be installed temporarily when there is a tropical storm warning, hurricane warning, hurricane, or other similar large-scale weather event provided that said hurricane curtains are removed no later than 72 hours after the dissipation of said weather condition.

(2) Security screens and shutters may be allowed when remodeling or repairing windows or entrances damaged by an accident. The length of time for the remodeling or repair shall be no longer than one month or the length of time described in the building permit. These would be considered temporary security screens and shutters.

(3) Permanent security screens and shutters may be allowed for an outdoor use, in limited circumstances, in conjunction with a cafe, restaurant, terrace, porch, or recessed retail area or alcove. Said square-footage of outdoor private property area may be screened, provided it is not opaque, using ornate and decorative permanent security screens and shutters or transparent security screens and shutters, as defined above, pursuant to review by the planning department.

(b) Permanent security screens and shutters shall not be permitted on the exterior of any building. They may be located in the interior of a building only if they are transparent security screens and shutters.

(c) Opaque security screens and shutters are not permitted on the exterior of any building.

(d) Transparent security screens and shutters. Only transparent security screens and shutters in compliance with the Miami 21 Zoning Ordinance are permitted on the exterior of any building.
(Ord. No. 13412, § 2, 10-10-13; Ord. No. 13454, § 2, 5-8-14)

Editor's note—Ord. No. 13454, § 2, adopted May 8, 2014, changed the title of section 10-113 from "Permanent security screens and shutters not allowed" to "Security screens and shutters not allowed." The historical notation has been preserved for reference purposes.

Sec. 10-114. Compliance with this article in Coconut Grove.

(a) All properties with opaque security screens and shutters not in compliance with this article shall come into compliance on or before October 15, 2015.

(b) All properties with transparent security screens and shutters not in compliance with this article shall come into compliance on or before October 15, 2016.

(c) However, any issuance of a building permit for the exterior remodeling of a building or replacement of windows will trigger immediate compliance with this article.

(d) The city shall not issue a building permit for any new construction which uses permanent security screens and shutters to comply with wind loads and impact tests, as defined and described in Chapter 16 of the Florida Building Code, as amended.

(e) Once nonconforming security screens and shutters are removed, the use of highly reflective surfaces, including reflective glass and mirrors, is prohibited on the ground floor. Windows shall be clear glass and allow only those coverings or percentage of window covering as approved in the Miami 21 Zoning Ordinance, as amended.

(f) All nonconforming security screens and shutters, shall be subject to enforcement via chapter 2, article X, entitled "Code enforcement" and any other remedy as provided by law.
(Ord. No. 13412, § 2, 10-10-13; Ord. No. 13454, § 2, 5-8-14)

Editor's note—Ord. No. 13454, § 2, adopted May 8, 2014, changed the title of section 10-114 from "Compliance with this article" to "Compliance with this article in Coconut Grove." The historical notation has been preserved for reference purposes.

Sec. 10-115. Compliance with this article in the Downtown Development District.

(a) All properties with opaque security screens and shutters not in compliance with this article shall come into compliance on or before May 1, 2016.

(b) The city shall not issue a building permit for new construction which uses permanent security screens and shutters to comply with wind loads and impact tests, as defined and described in Chapter 16 of the Florida Building Code, as amended.

(c) However, any issuance of a building permit for the exterior remodeling of a building or replacement of windows will trigger immediate compliance with this article.

(d) Once nonconforming security screens and shutters are removed, the use of highly reflective surfaces, including reflective glass and mirrors, is prohibited on the ground floor. Windows shall be clear glass and allow only those coverings or percentage of window covering as approved in the Miami 21 Zoning Ordinance, as amended.

(e) Legally installed transparent security screens and shutters as of the date of this ordinance located in the Downtown Development District that do not otherwise comply with the Miami 21 Zoning Ordinance are exempt from enforcement for failure to comply with this article. All other nonconforming security screens and shutters, shall be subject to enforcement via chapter 2, article X, entitled "Code enforcement" and any other remedy as provided by law.
(Ord. No. 13454, § 2, 5-8-14)

Sec. 10-116. Compliance with this article in the Neighborhood Revitalization District 1.

(a) Any issuance of a building permit for exterior remodeling of a building that exceeds 50 percent of the facades along the frontage of the existing building or replacement of windows will trigger immediate compliance with this article.

(b) The city shall not issue a building permit for any new construction which uses permanent security screens and shutters to comply with wind loads and impact tests, as defined and described in Chapter 16 of the Florida Building Code, as amended.

(c) Once nonconforming security screens and shutters are removed, the use of highly reflective surfaces, including reflective glass and mirrors, is prohibited on the ground floor. Windows shall be clear glass and allow only those coverings or percentage of window covering as approved in the Miami 21 Code, the zoning ordinance, as amended.

(d) Legally installed transparent security screens and shutters as of the date of the ordinance from which this section derives located in the Neighborhood Revitalization District 1 that do not otherwise comply with the Miami 21 Code, the zoning ordinance, are exempt from enforcement for failure to comply with this article. All other nonconforming security screens and shutters, shall be subject to enforcement via chapter 2, article X, entitled "Code Enforcement" and any other remedy as provided by law.
(Ord. No. 13555, § 2, 9-24-15)

Secs. 10-117—10-119. Reserved.

ARTICLE VIII. SQUATTERS

Sec. 10-120. Definitions.

Unless otherwise expressly stated, the following terms shall, for the purpose of this article, have the meanings indicated in this section:

Dwelling means a building or structure of any kind, including any attached porch, whether such building or structure is temporary or permanent, mobile or immobile, which has a roof over it and is designed to be occupied by people lodging therein at night, together with the curtilage thereof.

Lessee is defined to include the lessee, any sublessee, or any other legal occupant of the property.

Owner is defined as the person(s), legal entity, or other party having any legal ownership interest in real property, including but not limited to, owners identified on the blighted, unsecured or abandoned structures registration form; or a purchaser, devisee, lessee, fiduciary, or holder of an unrecorded deed. This term shall not apply to the city.

Property is defined as any "structure" or "dwelling" as defined by this section of the City Code.

Squatting is defined as the occupation of private property, a structure, or a dwelling without authorization from the owner or lessee.

Squatters are defined as occupants of private property, a structure, or a dwelling without authorization from the owner or lessee.

Structure means a building of any kind, either temporary or permanent, which has a roof or partial roof over it, together with the curtilage thereof.
(Ord. No. 13479, § 2, 9-29-14)

Sec. 10-121. Squatting prohibited.

Squatting is a public nuisance and is strictly prohibited in the city.
(Ord. No. 13479, § 2, 9-29-14)

Sec. 10-122. Action to remove squatters.

A property owner or lessee is required to take all lawful measures to prevent or remove squatters from their property.
(Ord. No. 13479, § 2, 9-29-14)

Sec. 10-123. Penalties.

Any violation of the provisions of this section may be cited pursuant to chapter 2, article X of the City Code and shall result in a fine of $500.00 for each day the violation remains

uncured. These penalties shall not preclude any other remedies available at law or in equity, including, injunctive relief in the circuit court.
(Ord. No. 13479, § 2, 9-29-14)

Sec. 10-124. Notice and hearing.

The city, through its code enforcement or police personnel, shall post a notice at the property indicating its intent to remove squatters and secure the property at least five days in advance of any such action. The city shall also make reasonable efforts to separately notify the property owner or lessee via certified and regular mail. The city may provide shorter notice, or act immediately without prior notice, where warranted by an emergency, such as a danger to the occupants or threat to public safety. Any appeal of the notice must be received by the city within three days of posting. The failure to appeal constitutes an admission that the occupants are squatters and an agreement to the remedy of removal. If an appeal is timely received, the city shall set an administrative hearing before a special master, and the matter shall be heard on an expedited basis prior to the removal of the occupants, unless such prior removal is warranted by an emergency, such as a danger to the occupants (unsafe structure or dwelling) or a threat to public safety and welfare, in which event the hearing shall be held on an expedited basis following the removal.
(Ord. No. 13479, § 2, 9-29-14)

Sec. 10-125. Removal of squatters and special assessment lien for costs of removal.

The city is authorized to remove squatters from private property and to secure the property. The property owner or lessee shall pay the city an administrative fee in the amount of $500.00 for the expenses incurred in removing the squatters and securing the property. If the property owner or lessee does not pay said fee within 30 days of the date the city sends an invoice, then the city may lien the property with such fee. The lien created shall be considered a special assessment lien that may be recorded in the public records of Miami-Dade County. The lien shall accrue interest at the maximum legal rate allowed by law from the date of the city's invoice until the costs and administrative fee are paid. The city may foreclose on such lien pursuant to section 2-827 of this City Code. Such lien shall have equal dignity with a tax lien.
(Ord. No. 13479, § 2, 9-29-14)

Sec. 10-126. Presumption.

Squatting may be presumed where the occupant of the property is unable to produce a written document, such as a lease, license, or other written proof of authorization from the property owner or lessee, demonstrating that the occupant has permission to be on the property. Squatting may also be presumed where a property is listed on the vacant, blighted, unsecured or abandoned structure registry pursuant to section 10-63 and 10-64 of the City Code and yet is occupied. Such presumptions may be rebutted if the occupant provides competent, substantial evidence demonstrating authorization to occupy the property. The presumptions stated herein are not the exclusive method for determining whether squatting is occurring on a specific property.
(Ord. No. 13479, § 2, 9-29-14)

Sec. 10-127. Other remedies.

The remedies referenced in this division are cumulative with other available remedies pursuant to state law, including but not limited to an arrest and prosecution pursuant to criminal statutes, civil remedies, and fines, and are not exclusive. The city may remove trespassers from a property pursuant to state laws, including in cases where a lawful trespass warning has been provided and the occupants refuse to vacate the property.
(Ord. No. 13479, § 2, 9-29-14)

Sec. 10-128. Liability.

Law enforcement officers and code enforcement officers, as well as city staff and agents, are immune from civil or criminal liability for actions taken to remove squatters and secure property pursuant to the authority provided herein.
(Ord. No. 13479, § 2, 9-29-14)

ARTICLE IX. CONTRACTOR CODE OF ETHICS; EMERGENCY PLANS FOR CERTAIN BUILDINGS; CERTAIN PERMIT REQUIREMENTS, ENVIRONMENTAL VIOLATIONS; SECURING OF SITES IN EMERGENCIES*

Sec. 10-129. Minimum requirements for contractors.

(a) Prior to the issuance of a building permit for a structure to be built, constructed, or demolished, except for city unsafe structure demolitions, the contractor for such construction or demolition shall, prior to the commencement of any work, sign a contractor's code of ethics which shall be affixed to the building permit and shall read in substantially the attached form:

(1) I will be fair, honest, impartial, respectful and professional, and act in good faith in all my business relationships with my clients and the public, including employees, subcontractors and suppliers.

(2) I will always act in the interests of the client unless doing so violates an ordinance, statute or this code of ethics.

(3) I will not discriminate in any business activities on the basis of race, national origin, religion, gender, sexual orientation, familial status or handicap, and will comply with all federal, state and local laws concerning discrimination and fair housing.

(4) I will be truthful regarding my training, experience, qualifications and services.

(5) I will be truthful regarding my licenses and certifications, and will provide documentation upon request.

(6) I will be truthful regarding my bonding and insurance coverage.

(7) I will accept only assignments and projects for which my skills and licensing are commensurate.

(8) I will uphold and comply with all applicable statute, laws, ordinances, codes, and professional licensing requirements of the jurisdiction in which I conduct business, especially those related to safety.

(b) For any lot or site on which a structure is being built, constructed, or demolished, except for city unsafe structure demolitions, the contractor for such construction or demolition, prior to the commencement of any work, shall provide the following:

A posted notice, not to exceed four square feet, attached to a temporary construction fence, or staked into the ground, and visible from the public right-of-way, at a minimum 168-point type that shall read in substantially the attached form:

THIS IS AN ACTIVE CONSTRUCTION SITE. THE CONTRACTOR IS [insert contractor]. FOR ANY COMPLAINTS OR CONCERNS PLEASE CALL [insert telephone number] OR E-MAIL [insert e-mail address].

(1) A contractor may incorporate this required language into an already existing sign at the lot or site provided the requirements above are followed.

(2) The contractor, if a corporate entity, shall provide its registered name, and not a fictitious name on the notice.

(3) The telephone number provided must be active and answered by a live person from 9:00 a.m. to 5:00 p.m. on weekdays, or at any time during active construction activity, whichever is greater.

(4) The e-mail address provided must be active and all complaints or concerns regarding the site acknowledged within 24 hours of receipt.

(5) Enforcement of this section shall be as proscribed by chapter 2, article X, Code

*__Editor's note—__Ord. No. 14279, § 2, adopted May 9, 2024, repealed and reenacted article IX in its entirety to read as herein set out. Formerly, article IX, sections 10-129—10-134 pertained to fence requirements for Miami City Commission District 5, and derived from Ord. No. 13637, § 2, adopted October 13, 2016, and Ord. No. 13983, § 2, adopted March 25, 2021.

enforcement or by any other remedies as provided by law. Once form of enforcement shall not preclude another.

(Ord. No. 14279, § 2, 5-9-24)

Sec. 10-130. Emergency plans and emergency preparedness measures required for certain buildings.

(a) For purposes of this section, the term "facility" shall mean community residential homes licensed under F.S. ch. 419, assisted living facilities licensed under F.S. ch. 429, and nursing homes licensed under F.S. ch. 440, which caterer to the elderly.

(b) Any facilities located in the city shall prepare and annually update a comprehensive emergency management plan ("plan"). At a minimum, the plan must provide for components that address emergency evacuation transportation; adequate shelter arrangements; post-disaster activities, including provisions for emergency power generators with sufficient capacity to power the facility's fixed or portable heating, ventilation and air conditioning ("HVAC") system in order to maintain an ambient temperature of 81 degrees or less in one or more designated rooms for a period of a minimum of 96 hours in the event of the loss of electrical power after the foreseeable disaster passes; fuel to run the generator(s) for a minimum of 72 hours, whether stored entirely on site or provided for by periodic deliveries contracted for in advance of the start of hurricane season each year; bottled or potable water; food when the facility provides food to its residents on a daily basis in the normal course of the facility's operations; staffing; and when the facility provides custodial care, medical, or assisted living services, it shall provide for individual identification of residents, transfer of records, and communication with families (subject to residents' written consent and controlling regulations ((e.g. HIPAA)). The plan is subject to review and approval by the city's emergency manager which shall not be unreasonably withheld. During the review of the plan, the emergency manager will complete his or her review within 60 days and either approve the plan or advise the facility of necessary revisions.

(c) Any existing facility shall comply with the provisions of this section within 90 days of the effective date of the ordinance from which this section derives. Commercially reasonable efforts to retrofit existing facilities shall be made. Notwithstanding the foregoing, if it is not practicable or feasible to install the required generator(s) on-site of an existing facility, then the operator may contract with a third-party vendor for a portable generator(s) in the event of a foreseeable disaster. The foregoing provision for the installation and/or placement of the temporary and/or permanent generator(s) are subject to approval by all appropriate governmental agencies and/or departments.

(d) After the effective date of this section, any new facility shall not receive a certificate of use or a temporary certificate of use until the provisions of this section have been satisfied.

(e) Compliance with these requirements for such facilities shall be mandatory.

(f) Facilities shall be equipped with generators that are able to power essential services as set forth in subsection (a), including but not limited to, elevators, lights, emergency alarms, and air conditioning ("A.C.") in one or more designated room(s) within the facility. Designated room(s) means a public, common, or private space which can safely and lawfully house residents in an appropriate fashion pre- and post-foreseeable disaster.

(g) Notwithstanding any requirement mentioned herein, facility staff are to be on site within 24 hours of a foreseeable disaster, or as soon as safely possible, unless they are required to remain at the facility. This does not negate the requirement to have staff on site and available to run the required generator(s) and other life safety necessities.

(h) If the facility requires additional time to process and submit all the requested information above, the reservation or application must be renewed for an additional 180 days. If the process is not completed within the two 180-day

periods provided above, the reservation or application will expire and a new reservation or application cannot be processed on that property for 30 days.

(i) Such review costs shall be as stated by the City Code, as amended.

(j) A violation of this section may be enforced pursuant to the provisions proscribed in chapter 2, article X of the City Code, and any other remedies as provided by law, including but not limited to, an action for injunctive relief in the circuit court. The use of one remedy shall not preclude the use of another.

(1) If the violator is found to have violated this section, the code enforcement board may impose a fines as proscribed in section 2-817 of the City Code and such fines shall continue to accrue so long as the violation continues to exist on the property.

(2) The code enforcement board is authorized to make a finding of irreparable/irreversible harm pursuant to chapter 2, article X and assess a one-time fine as allowed by law.

(3) A property in violation may also be subject to losing its certificate of use and/or business tax receipt pursuant to sections 2-211, 31-48, 31-49 of the City Code, as amended.

(Ord. No. 14279, § 2, 5-9-24)

Sec. 10-131. Failure to acquire required permit(s); securing of constructions sites when under emergency weather warning(s) or watch(es); environmental violations; stop work order; penalties.

(a) *Stop work order.* A stop work order shall be issued by the building official when the building official or designee or a city department director or designee recommends same based upon violations of the City Code, the Miami 21 Code, or any other law. This may include, but is not limited to, work without a permit, work done contrary to approved plans, and work that is being conducted in a dangerous or unsafe manner.

(b) *City permit holders.*

(1) It is a condition of every permit issued by the city that the permit site be maintained free from any violations of the City Code.

(2) All city permit holders are required to secure their construction sites when an emergency warning or watch as is relates to weather phenomena or any other warning or watch for which an unsecured construction site could become detrimental to the health, safety, and welfare of the community has been declared affecting the city.

(3) All city permit holders are required to secure the construction sites and surrounding areas as required by the department of resilience and public works from actions including, but not limited to, soil erosion, discharge of water or sediments into the storm drains or waterways, discharge of waste water from excavations into the storm drains or waterways, and discharge of oils or oil compounds into the storm drains or waterways.

(c) *Penalties.* Violator(s) are subject to any or all of the following:

(1) A stop work order shall be issued by the building official until such time as the violation has been remedied.

(2) Enforcement pursuant to chapter 2, article X of the City Code wherein each violation shall carry with it a ticketed fine of up to $500.00, or as determined by the city manager, plus costs as determined by the city manager for each day the permitted property is in violation and/or may also be issued a notice of violation pursuant to chapter 2, article X of the City Code to be assess per diem fines and an irreparable/irreversible harm fine for such violation(s).

(3) No permit application will be approved unless the applicant and/or owner have no open cases or pending fines, debts, or

delinquencies related to City Code violations unless the open cases will be cured by the provided plans submitted for permit.

(4) Enforcement by one method does not preclude enforcement by any other means allowable by law.

(5) Exemption. Governmental departments, agencies, or entities are exempt from this section; however, the exemption shall not apply to any independent contractor or vendor working on their behalf.

(Ord. No. 14279, § 2, 5-9-24)

Secs. 10-132—10-134. Reserved.

ARTICLE X. MICROWAVE PATH

Sec. 10-135. Title.

This article shall be known and may be cited as the City of Miami's ("city") microwave path ordinance.

(Ord. No. 13746, § 2, 2-22-18)

Sec. 10-136. Intent.

(a) It is the intent of this article to ensure the uninterrupted operation of the city's public safety services, Miami Police Department ("MPD"), fire-rescue department ("fire-rescue"), other agency's related personnel, and county operational telecommunications networks by requiring that persons or entities constructing or erecting structures in the city do so in a manner which does not interfere with the city's telecommunications networks, provide an approved remedy, or provide the appropriate facilities necessary to eliminate such interruption.

(b) The city's telecommunications networks are essential to the health, safety, and welfare of the city as it provides communications for law enforcement activities, emergency management, fire suppression, carrying on the business of government, and communications in time of hurricanes and other disasters.

(Ord. No. 13746, § 2, 2-22-18)

Sec. 10-137. Procedure.

(a) To ensure compliance with this section, any person, entity, or designee for all new buildings or structures 60 feet or higher or any existing buildings or structures 60 feet or higher that undergo any modification that encompasses 25 percent or more of its square footage shall be responsible for supplying a microwave path study to the city's general services administration communications division ("GSA") during the earliest application phase (i.e. the first land development or building permit to be applied for and processed, as applicable) of the project.

(b) The city's GSA will provide a determination as to whether a proposed building or structure will interfere with the city's microwave path. Such determination will be made depending on the height of the building or structure and the distance the proposed building or structure is from the microwave path and/or radio site.

(c) Should the city's GSA identify a building or structure that does not conform with the above criteria for a microwave path study and has due cause to believe that said new building or structure will potentially impact the city's microwave path or system, the city shall have the sole discretion to request the owner/applicant/designee to provide a microwave path study during the application phase of the project.

(d) The city's microwave path, graphically described in Exhibit "A," attached and incorporated, as may be amended from time to time, defines and informs building permit applicants of the buildings or structures covered by this section.

(Ord. No. 13746, § 2, 2-22-18)

Note—Exhibit A is not set out at length herein, but may be found on file in the office of the city clerk.

Sec. 10-138. Microwave path study.

The microwave path study shall include (1) the proximity of the new construction to the city's microwave path or radio site; (2) a tangential distance to the nearest microwave segment with a diagram delineating the locations of the new construction and of said closest microwave segment; and (3) calculations for the probability of interruption to the system. The microwave path

study shall be certified by an electronic engineer who is a holder of a State of Florida Professional Engineer license.

(1) In the case where the city's radio communications liaison ("RCL") agrees to the microwave path study's findings of non-impact, the city shall proceed with the application and permitting process and grant approval of the land development or building permit, as applicable, subject to compliance with all other laws and regulations.

(2) If the microwave path study's findings indicate that there is an interruption or blockage of the microwave path, corrective action by the owner/applicant/designee will be required to assure microwave system reliability is retained. This shall include interruptions that are determined despite a non-impact result from the microwave path study.

(Ord. No. 13746, § 2, 2-22-18)

Sec. 10-139. Remedies.

Proposed remedy provisions (remedies for interruption or blockage to the microwave loop infrastructure), as outlined herein, shall be agreed upon and accepted by the owner/applicant/designee and the city within the application phase and shall be adhered to during and after completion of construction. The owner/applicant/designee may opt for either of the following remedies:

(1) At no cost to the city, the owner/applicant/designee shall be responsible for:

a. The installation and operation of communications antennas, microwave, and transmission lines, as required, and the roof top space for said equipment. The roof top space shall have an area of no less than ten feet by ten feet (10' x 10'). All communications antennae and transmission line requirements shall be determined by the city's RCL, as per industry standards, and shall meet all federal, state, and local requirements. All proposed roof top space shall be reviewed by the city's RCL to ensure that the space is adequate for the restoration of the microwave system.

b. Providing no less than 200 square feet of enclosed air-conditioned space adjacent to the antennae installations for the city to place, install, and operate communications radio equipment. This room shall have at least 200 amperes electrical capacity. Electricity for said enclosed area will be on a separate meter and billed to the city. The building owner or designee shall be responsible for maintaining the air conditioning, space, and providing the city with access to all meters. The building owner or designee shall provide emergency backup power as specified by the city's RCL. The building owner or designee shall be responsible for meeting manufacturer's environmental requirements for all equipment located in said enclosed space (e.g. temperature, humidity, etc.). If the environmental requirements are not met and damage is caused to the equipment located within the space, the building owner or designee may be liable for damages caused to the equipment.

c. Reimbursing the city for any and all transmission equipment, installation, licensing, permitting, etc. (e.g. radios, antennae, cable trays, generators, UPS, etc.) needed for the city's microwave signals to continue to its original destination at the original signal strength (i.e. with no loss in signal or degradation), as determined necessary by the city. The equipment may be passive or active microwave systems (limited to the restoration of the microwave levels). The city reserves the right to replace or upgrade all equipment as required at the city's expense and the build-

ing owner or designee shall provide access to city personnel for such replacement or upgrade.

d. Providing an alternate signal routing either by using a local provider T1 or fiber-type service, during the construction and prior to interruption of microwave signals, to maintain or restore service to the city's communication sites. Alternative signal routing proposals must be reviewed and authorized by the city's RCL prior to implementation.

(2) At no cost to the city, the owner/applicant/designee shall be responsible for providing alternative solutions by either reducing the obstructing height, relocating the obstruction elsewhere, or other solutions acceptable to the city's RCL.

(Ord. No. 13746, § 2, 2-22-18)

Sec. 10-140. Failure to comply.

Non-compliance with the requirements and failure to adhere to the aforementioned remedies shall result in either the city's (1) denial of land development or building permit issuance, as applicable; (2) withholding or revoking an issued land development or building permit, as applicable; or (3) loss of occupancy certification which shall withhold the building and/or fire code inspector's permission to allow any habitation until the building passes communication's system inspection, as required by this article.
(Ord. No. 13746, § 2, 2-22-18)

Sec. 10-141. Fee assessment.

(a) After a microwave path interruption has been determined, the owner/applicant/designee has 60 days to implement the chosen remedy. Within said 60-day period, the owner/applicant/designee shall submit a letter of intent as to which remedy was selected and an invoice showing proof of the remedy.

(b) Failure to submit the letter of intent and detailed invoice shall constitute a civil offense and be punishable by an administrative civil penalty in the amount as prescribed in section 2-829 of the City Code, or in an amount deemed appropriate by the special magistrate or code enforcement board, as applicable, upon review of the violation. This remedy shall be cumulative and supplemental and not exclusive.
(Ord. No. 13746, § 2, 2-22-18)

Sec. 10-142. Compliance with Ordinance No. 13114, the zoning ordinance of the City of Miami, Florida, as amended ("Miami 21 Code").

The city's microwave path ordinance does not repeal, supersede, or remove any permitting requirements applicable under the Miami 21 Code, as amended.
(Ord. No. 13746, § 2, 2-22-18)

ARTICLE XI. CITYWIDE ILLUMINATION STANDARDS

Sec. 10-143. Application and incorporation by reference of the County Code.

Chapter 8C of the Code of Miami-Dade County, Florida, as amended ("County Code"), is hereby incorporated by reference. Unless otherwise stated in this article, terms provided for in Chapter 8C of the County Code shall apply. The additional provisions provided herein are intended to be more restrictive as allowed by the County Code. The provisions of this article apply to transect zones T5-L and higher as well as CS, CI, CI-HD, D1, D2, and D3.
(Ord. No. 13929, § 2, 10-8-20)

Sec. 10-144. Right-of-way illumination standard.

In addition to the lighting required by Section 8C-3 of the County Code and irrespective of Florida Building Code occupancy type, as a condition precedent to the issuance of a building permit (with the exception of a demolition permit) for all applicable properties subject to this article, all rights-of-way that are not alleys shall be provided with a maintained minimum of one foot-candle or the minimum found in the Florida Department of Transportation's Manual of Uniform Minimum Standards for Design,

Construction, and Maintenance for Streets and Highways, whichever is greater, on the right-of-way surface from dusk until dawn; provided, however, the lighting level may be reduced by 50 percent on non-business days and commencing 30 minutes after the termination of business on each operating day.

Properties in CI or CS transect zones that abut a T3 or T4 transect zone shall provide a maintained minimum of six-tenths foot-candles; provided, however, that those properties in CS transect zone of one acre or more (regardless of abutting transect zone) are exempt from these requirements.

The uniformity ratio shall not exceed a ten to one ratio (10:1) maximum to minimum foot-candles. This provision shall also apply to governmental facilities regardless of whether they are generally open to the public. In addition to failing to provide the illumination as described herein, it shall also be a violation of this article for any property owner to maintain any awning, canopy, arcade, overhang, or other projection that prevents the lighting of the right-of-way as required herein.
(Ord. No. 13929, § 2, 10-8-20)

Sec. 10-145. Enforcement.

Enforcement of this article shall be as prescribed by chapter 2, article X of the City Code and any other remedies as provided by law, which use of one remedy shall not preclude the use of another, solely against the owner of the property in violation. A violation of this article shall be punishable by a fine of $250.00 for a first offense and $500.00 for each offense thereafter. The building official may fulfill the responsibility for enforcement of this article and Section 8C-3 of the County Code by referral to any other city department, including but not limited to code compliance.
(Ord. No. 13929, § 2, 10-8-20)

Sec. 10-146. Expedited review of permits.

Any such permit required by this article shall be processed by the city on an expedited basis.
(Ord. No. 13929, § 2, 10-8-20)

ARTICLE XII. BUILDING ENERGY AND WATER CONSUMPTION BENCHMARKING AND RETUNING

Sec. 10-147. Building energy and water consumption benchmarking and retuning ordinance.

Intent. This article shall be known and may be cited as the City of Miami's ("city") building energy and water consumption benchmarking and retuning ordinance and is intended to allow a data-based approach to analyze future energy needs, improve future usages, eliminate waste, and reduce costs.
(Ord. No. 14005, § 2, 6-10-21)

Sec. 10-148. Definitions.

Unless otherwise expressly stated, the following terms shall, for the purpose of this article, have the meanings indicated in this section:

Aggregated, whole-building data means energy or water data that has been summed for an entire property, which may include a single occupant or a group of separately metered tenants.

Base building systems mean the systems or subsystems of a building that use or distribute energy, water, impact energy, and/or water consumption, including, but not limited to the building's envelope as well as its HVAC systems, conveying systems, electrical and lighting systems, on-site generation systems, domestic hot water systems, water distribution systems, plumbing fixtures and other water-using equipment, and landscape irrigation systems and water features, including fountains and excluding systems or subsystems that operate industrial applications or processes or any systems or subsystems in a multifamily residential building appurtenant only to the specific dwelling unit for which the occupant of that unit bears responsibility for its maintenance and such usage is measured by a meter or submeter.

Benchmark means to input and submit the total energy and water consumed for a property for the previous calendar year and other descriptive information for such property as required by

the benchmarking tool. Total energy and water consumption shall not include separately metered uses that are not integral to building operations as determined by the director.

Benchmarking submission means a subset of information input into the benchmarking tool and benchmarking information generated by the benchmarking tool as determined by the director.

Benchmarking tool means the United States Environmental Protection Agency's ("EPA") ENERGY STAR® Portfolio Manager or any additional or alternative tool adopted by the director used to track and assess the energy and water use of certain properties relative to similar properties.

Covered private property means a property, other than a covered city property, or any property owned or operated by Miami-Dade County, the State of Florida, or the federal government with a building or buildings that exceed 20,000 square feet of gross floor area.

Covered public property means a property with a building or buildings that exceed 20,000 square feet of gross floor area and is owned, leased, or managed by the city and where the city regularly pays all or part of the annual energy and/or water bills.

Covered property means any covered public property or covered private property except for any property with a single-family home or duplex, a solely residential multi-family building of five units or less, or any building with an industrial use per designated Standard Industrial Classification (SIC) codes 20 through 39.

Department means the city's building department.

Director means the director of the department or designee.

Energy means electricity, natural gas, steam, or other product sold by a utility to a customer of a property or renewable on-site electricity generation for purposes of providing heating, cooling, lighting, water heating, or for powering or fueling other end-uses as recorded in the benchmarking tool.

ENERGY STAR® Score means the 1—100 numeric rating generated by the ENERGY STAR® Portfolio Manager tool as a measurement of a building's energy efficiency.

ENERGY STAR® Portfolio Manager means the tool developed and maintained by the EPA to track and assess the relative energy performance of buildings.

Financial hardship (of a property) means that a property:

(1) Had arrears of property taxes or special assessments that resulted in the issuance of a tax certificate against the property within the prior two years;

(2) Has a court appointed receiver in control of the asset due to financial distress;

(3) Is owned by a financial institution through default by the borrower;

(4) Has been acquired by a deed in lieu of foreclosure; or

(5) Has a senior mortgage subject to a notice of default.

Gross floor area means floor area as defined in Article I, Section 1.2 of Ordinance No. 13114, the Zoning Ordinance of the City of Miami, Florida, as amended ("Miami 21 Code"), or as defined in any successor zoning ordinance.

Shared benchmarking information means information generated by the benchmarking tool and descriptive information about the physical property and its operational characteristics, which is shared with the public. The information as defined by the ENERGY STAR® Portfolio Manager glossary, includes, but is not limited to, descriptive information such as the property's address, primary use, gross floor area, number of floors, number of years the property has been ENERGY STAR® Certified, the last approval date, if applicable, and energy-related output information such as site and source energy use intensity, weather normalized site and source energy use intensity, the ENERGY STAR® score (where available), total annual greenhouse gas emissions, monthly energy use by fuel type, indoor water use and water use intensity (consumption per gross square foot), outdoor

water use (where available), total water use, the property's ENERGY STAR® water score (where available), and any other general comments required to explain said ENERGY STAR® scores.

System or *subsystem* means a building assembly made up of various components that serve a specific function including but not limited to exterior walls, windows, doors, roofs, ceilings, floors, lighting, piping, ductwork, insulation, heating, ventilation, and air conditioning ("HVAC") system equipment or components, electrical appliances, and plumbing appliances.

Utility means an entity that distributes and/or sells natural gas, electric, water, or thermal energy services for buildings.
(Ord. No. 14005, § 2, 6-10-21)

Sec. 10-149. Applicability.

This article shall apply to all new and existing covered properties in accordance with the initial compliance timetable set forth in section 10-152 of the City Code so long as the benchmarking tool as selected by the director remains free to use by members of the general public.
(Ord. No. 14005, § 2, 6-10-21)

Sec. 10-150. Procedures.

The owner of each covered property shall collect and enter data for the previous calendar year into the benchmarking tool. Unless otherwise defined in this article, the owner of each covered property shall input all data into the benchmarking tool in a manner that conforms to latest guidance provided by the EPA for use of the benchmarking tool. Whole-building utility data for the property's energy water and energy use shall be compiled using one or more of the following methods:

(1) Obtaining aggregated, whole-building data from a utility company;

(2) Collecting data from, all tenants for nonresidential properties; or

(3) Reading a master meter.

If the owner of a covered property does not otherwise have access to whole-building energy and water data, such property owner shall request aggregated, whole-building data from each utility that provides energy or water service to the property and that has made aggregated utility data available to owners before the reporting date of that calendar year. When a utility does not provide whole-building energy or water data, the owner of a nonresidential covered property shall request energy and water data from tenants or occupants.

Each non-residential tenant located in a covered property shall, within 30 days of a request by the owner and in a form to be determined by the director, provide all information that cannot otherwise be acquired by the owner and that is needed by the owner to comply with the requirements of this article.

When the owner of a covered property receives notice that a nonresidential tenant intends to vacate a space within such property and the utilities do not provide aggregated, whole-building data, the owner shall request information relating to such tenant's energy and water use for any period of occupancy relevant to the owner's obligation to benchmark.

When a covered property changes ownership, the previous owner shall provide the new owner with all information needed to benchmark for the period during which the previous owner was in possession of the property.
(Ord. No. 14005, § 2, 6-10-21)

Sec. 10-151. Duty to report benchmarking.

There shall be no city fees associated with the submission of benchmarking reports or retuning reports. For every covered property subject to this chapter, the owner shall annually submit to the director an energy and water benchmarking report in an electronic format as established by the director by the date specified in section 10-152 of the City Code.

The information included in the annual energy and water benchmarking report shall include, at a minimum, the shared benchmarking information for the previous calendar year.

The owner of each covered property shall enter data into the benchmarking tool so that the energy and water benchmarking report shall

be based on an assessment in the benchmarking tool of the aggregated total energy and water consumed by the whole property for the entire calendar year being reported.

Before submitting a benchmarking submission, the owner shall run all automated data quality checker functions available within the benchmarking tool and shall verify that all data has been accurately entered into the benchmarking tool. In order for the benchmarking report to be considered in compliance with this article, the owner shall correct all missing or incorrect information as identified by the benchmarking tool prior to submitting the benchmarking report to the director.

Where the current owner learns that any information reported as part of the benchmarking submission is inaccurate or incomplete, the owner shall amend the information so reported within the benchmarking tool and shall provide the director with an updated benchmarking submission within 30 days of learning of the inaccuracy.
(Ord. No. 14005, § 2, 6-10-21)

Sec. 10-152. Benchmarking requirements.

(a) The owner of a covered property shall ensure that for each such property, a benchmarking report is generated, completed, and submitted to the director annually.

(b) The benchmarking reports for each covered property shall be due by the dates as defined in the following table. Subsequent benchmarking reports for each covered property shall be due by June 30 of each year thereafter.

Table 1

Size (Gross Floor Area)	*Initial Compliance Required by:*
Buildings 200,000 square feet or larger	June 30, 2023
Buildings between 100,000 square feet and 199,999 square feet	October 1, 2023
Buildings between 50,000 and 99,999 square feet	October 1, 2024
Buildings between 20,000 and 49,999 square feet	October 1, 2025

(Ord. No. 14005, § 2, 6-10-21)

Sec. 10-153. Benchmarking exemptions.

(a) Benchmarking is not required for a covered public property for the current reporting year if the owner submits documentation to the director establishing that the property has met one of the following conditions:

(1) The property does not have a certificate of occupancy or temporary certificate of occupancy for all 12 months of the calendar year being benchmarked;

(2) A demolition permit for the entire building was issued for the calendar year being benchmarked, provided that demolition work has commenced and legal occupancy was no longer possible prior to end of that year;

(3) The property did not receive energy or water services for the entire calendar year to be benchmarked; or

(4) The covered property had average physical occupancy of less than 50 percent throughout the calendar year for which benchmarking is required.

(b) Benchmarking is not required for a covered private property for the current reporting year if an owner submits documentation with the director in such form and with such evidence as required by the director establishing that the property has met one of the following conditions:

(1) It meets any of the exemptions defined for a covered public property;

(2) The director determines that due to special circumstances unique to the applicant's facility and not based on a condition caused by actions of the applicant, strict compliance with provisions of this article would cause undue hardship or would not be in the public's best interest;

(3) The owner notifies the director that the property is under financial hardship and provides proof of the same; or

(4) The covered property may be exempted from electricity benchmarking if more than 50 percent of gross floor area is used for residential purposes and:

a. The property is not master metered or the owner does not have access to master meters or other means to obtain whole-building electricity data; and

b. The serving electric utility does not provide data aggregation services or access to whole-building utility data. Once such services are available from the utility as determined by the director, such properties will no longer be exempt from benchmarking requirements and shall file initial benchmarking reports in the first required reporting year following such data availability.

(c) Any entity or owner requesting an exemption from benchmarking shall submit an annual benchmarking exemption request form to the director by April 1 in the year for which the exemption is being requested. Any exemption granted will be limited to the benchmarking submission for which the request was made and does not extend to past or future submittals.

(d) For each reporting year in which an owner files a request for an exemption, the director shall determine whether that exemption is approved. Appeal of a determination that a property is not exempt shall be made within 15 days of such determination to a review committee comprised of the director of the departments of resilience and public works (or the supervisor of plats in lieu thereof), zoning, and planning, the director, and an assistant city manager as designated by the city manager. The review committee, acting by majority vote, shall either affirm the director's denial or reverse his/her denial and grant the requested exemption.
(Ord. No. 14005, § 2, 6-10-21)

Sec. 10-154. Energy and water retuning requirements.

(a) The owner of each covered property 50,000 square feet or above shall ensure that retuning is performed on the base building systems of each such property in accordance with the schedule requirements of section 10-156 to ensure that base building systems are maintained, cleaned, and repaired.

(b) Retuning shall be performed by or under the supervision of a qualified retuning professional in accordance with industry standard practices including ASHRAE Guideline 1.2 Commissioning Process for Existing Systems and Assemblies, ASHRAE Standard 0.2 Commissioning Process for Existing Systems and Assemblies, and other standards as may be defined by the director.

(c) The owner shall correct, through low-cost adjustments and minor repairs to the property's energy and water systems, all deficiencies identified by the retuning professional as having a simple payback of three years or less. However, a retuning measure is not required if such retuning measure would necessitate a building permit other than an electrical, plumbing, or mechanical permit.

(d) The cost estimates for recommended improvements to covered properties that are regulated by any city, county, state, or federal law regulating landmarks and historic buildings shall include all additional costs necessary for the proposed retuning work to comply with such law.

(e) Unless otherwise restricted by statute or contract, tenants shall allow property owners reasonable access to systems and utility information, if necessary, to comply with the terms of this article.
(Ord. No. 14005, § 2, 6-10-21)

Sec. 10-155. Energy and water retuning reports.

(a) For each covered property, a retuning professional shall complete, physically or digitally sign, and electronically submit an on-line retun-

ing report on behalf of the property owner in accordance with the schedule requirements of section 10-156.

(b) Before submitting the retuning report, the qualified retuning professional shall verify that the energy and water consumption reported in the annual benchmarking reports for the five previous years are accurate. If found to be inaccurate, the qualified professional must identify inaccuracies in the reports and ensure that the data entered in the benchmarking tool and reported to the director is updated prior to submitting the retuning report so that it reflects correct historical electricity and water consumption data.
(Ord. No. 14005, § 2, 6-10-21)

Sec. 10-156. Retuning schedule.

(a) The owner of a covered property shall ensure that for each such property retuning is performed, a retuning report is completed and submitted to the director once every five years with a start date commencing pursuant to Table 2.

(b) The retuning reports for each covered property shall be due prior to December 30 of the calendar year shown in Table 2 as determined by the building's square footage.

Table 2

Size	*Retuning*
Buildings 200,000 square feet or larger	December 1, 2028 and every five years thereafter
Buildings between 100,000 and 199,000 square feet	December 1, 2029 and every five years thereafter
Buildings between 50,000 [and] 99,999 square feet	December 1, 2030 and every five years thereafter
Buildings between 20,000 and 49,999 square feet	Optional

(c) An owner may apply for an extension of time to file a retuning report if, despite such owner's good faith efforts documented in such application, the owner is unable to complete the required retuning prior to the scheduled due date for such report. The director may grant no more than one such extension for no more than one year.

(d) The owner of a property that is in financial hardship may apply for and be granted annual extensions of time to file a retuning report.

(e) Extensions granted pursuant to this section shall not extend the scheduled due dates for subsequent retuning reports. The property owner acknowledges that by requesting and receiving an extension, the period of time before the property's next compliance date will be less than the typical schedule.
(Ord. No. 14005, § 2, 6-10-21)

Sec. 10-157. Retuning exemption.

(a) A retuning report is not required for a covered property for the current reporting cycle if a qualified professional submits documentation to the department in such form and with such certifications as required by the director establishing that the property has met one of the following conditions:

(1) The property is exempt from benchmarking requirements pursuant to the provisions of section 10-153.

(2) The initial certificate of occupancy for the property was issued less than five years prior to the date when the first retuning would otherwise be due.

(3) The property has undergone substantial rehabilitation, as certified by a registered design professional, within the five-year period prior to the calendar year in which a retuning is due such that at the commencement of such calendar year, all of the base building systems of such property are in compliance with energy conservation and efficiency codes of the state, county, and city as applicable, and any state, county, and city codes impacting water consumption in existence at the time this article takes effect.

(4) If over 25 percent of the dwelling units within the property qualify as affordable housing, the property owner or representative may request an exemption.

(b) The energy portion of the retuning is not required for the current reporting cycle if a qualified professional submits documentation with the department in such form and with such certifications as required by the director. For each reporting cycle, the department shall determine whether an exemption under this subsection applies to a property. Appeal of a determination that a property is not exempt shall be made according to the procedures set forth by the director.
(Ord. No. 14005, § 2, 6-10-21)

Sec. 10-158. Permit fee credit.

(a) All covered properties that are in good standing with submitting benchmarking submissions, retuning reports, (as reflected in subsection 10-157(a)(3)) and have not been found in violation of either benchmarking submissions as required by section 10-152 or retuning reporting as required by section 10-155 within the past five calendar years shall be granted a maximum one-time, non-transferrable credit per building every retuning period, up to the amount provided in Table 3, for city's building permit fees related to professional service/"soft costs", incurred for retuning purposes pursuant to this chapter. The credit expires if unused in that period. A property that has been found to have any code violations shall not qualify.

Table 3

Size	*Maximum Credit of Building-Efficiency Related Permit Fees*
Buildings 500,000 square or larger	Up to $25,000.00
Buildings between 100,000 and 499,999 square feet	$10,000.00
Buildings between 20,000 and 99,999 square feet	$5,000.00

(Ord. No. 14005, § 2, 6-10-21)

Sec. 10-159. Sharing of data.

(a) The director shall make available on a publicly accessible website the shared benchmarking information as defined in section 10-148 for the previous calendar year for each covered property.

(b) The shared benchmarking information for each covered property shall be made available to the public beginning one year after each such property is first required to submit a benchmarking report.

(c) The director will determine if any benchmarking shared summary data shall be excluded from publishing because it is not in the public's best interest.

(d) The city may provide non-anonymized data from benchmarking or retuning submissions to any utility serving a covered property or to any federal, state, county, or city-managed energy efficiency program, provided that the data will be used only for purposes of targeting incentives provided through energy and water efficiency programs and provided that the city has first obtained the covered property owner's written or electronic permission to share the data with the utility or energy efficiency program. Where the property owner's permission can be granted electronically through acceptance of a default option, the city shall provide a clearly delineated option for owners of covered properties to choose to opt out of granting such permission.

(e) The city may disclose any retuning data or data from benchmarking submissions to a third party for academic or other non-commercial research purposes provided that such data is anonymized.

(f) All third parties receiving data from benchmarking or retuning submissions shall sign a non-disclosure agreement with the city stipulating terms for acceptable use of the data, including assurances that such data shall not be disclosed to other entities, before receiving such data.
(Ord. No. 14005, § 2, 6-10-21)

Sec. 10-160. Annual report and analysis.

(a) The director shall make available on a publicly accessible website and update annually the following information:

(1) No later than December 1, 2023, a report on the benchmarking of all available covered properties, including an assessment of accuracy and issues affecting accuracy, summary energy and water consumption statistics, trends observed, and an assessment of changes across the portfolio over time, and

(2) No later than December 1, 2024, a report on the benchmarking of all available covered properties, including an assessment of compliance rates, an assessment of accuracy and issues affecting accuracy, summary energy and water consumption statistics, trends observed, and an assessment of changes across the portfolio over time.

(b) Beginning in 2029 and every three years thereafter, the director shall make available on a publicly accessible website a report on the progress of retuning for all covered properties, including but not limited to, compliance rates, trends observed, correlations of benchmarking scores and retuning measures completed, the impact of retuning on EUIs and ENERGY STAR® scores, and recommendations on how the uptake of energy and water conservation measures could be increased or the implementation of retuning could be improved.

(c) Nothing in this article shall prevent the director from including all such information in a combined annual energy and water efficiency report covering the progress of all of the city's energy and water efficiency ordinances and programs.
(Ord. No. 14005, § 2, 6-10-21)

Sec. 10-161. Enforcement.

(a) It shall be unlawful for any entity or person to fail to comply with the requirements of this article or misrepresent any material fact in a document required to be prepared or shared by this article. The director may request an audit to confirm the utility data for any building or submission for compliance. The director shall then have the authority to verify the report's amended data by:

(1) City personnel to inspect and audit the building on-site.

(2) Reject amended reports based on the city audit.

(b) If the director determines that a property owner has failed to report benchmarking or returning information as required under this article or the owner has submitted incomplete or false benchmarking or retuning information, the director may refer the owner for enforcement as set forth in chapter 2, article X of the City Code, titled "Code enforcement," and may be brought for further proceedings before the code enforcement board. A property owner in violation of this article may be fined $250.00 per day for a first-time offense or $500.00 per day for a repeat violation of this article. The city may also avail itself of any other legal remedy available and the use of one enforcement option shall not preclude the use of another.

(c) No violation shall be issued for non-compliance or failure to submit to the director a benchmarking report until one year from the first compliance date for benchmarking reports as defined in section 10-152.
(Ord. No. 14005, § 2, 6-10-21)

County Code cross reference—Cable television regulations, § 8A-125 et seq., ch. 8AA.

Sec. 11-1. Short title.

This chapter shall be known and may be cited as the "City of Miami Cable Systems Ordinance." (Ord. No. 11936, § 3, 6-8-00)

Sec. 11-2. Definitions.

For the purposes of this chapter, the following terms, phrases, words and derivations shall have the meanings given herein. When not inconsistent with the context, words used in the present tense include the future, words in the plural number include the singular number, and words in the singular number include the plural number. The words "shall" and "will" are mandatory, and "may" is permissive. Words not otherwise defined herein or in any license agreement that might be granted hereunder shall be given the meaning set forth in the Communications Act of 1934, 47 U.S.C. § 521 et seq., and the Cable Communications Policy Act of 1984, as amended by the Cable Television Consumer Protection and Competition Act of 1992, and as amended by the Telecommunications Act of 1996, and as those Acts may hereinafter be amended (collectively the "Cable Act"), and, if not defined therein, the common and ordinary meaning.

Activated channel means those channels engineered at the headend of a cable system for the provision of services generally available to subscribers of the cable system, regardless of whether such services actually are provided, including any channel designated for public, educational, or governmental use. Channels on which signals flow in the direction from the headend to the subscriber are referred to as "downstream channels." Where the signal flows to the headend for redistribution, it shall be referred to as an "upstream channel."

Access channel means any channel on a cable system set aside without charge by the licensee for public, educational and/or local governmental use.

Affiliate means any person who directly or indirectly owns or controls, is owned or controlled by, or is under common ownership or control with a licensee.

Analog channel means no less than six MHz of bandwidth.

Applicant means any person submitting an application within the meaning of this chapter.

Application means any proposal, submission or request to (1) construct and operate a cable system within the city; (2) transfer a license or control of the license or the licensee; (3) renew a license; (4) modify a license; or (5) seek any other relief from the city pursuant to this chapter, a license agreement, the Cable Act, or other applicable law.

Basic cable service or basic service means any service tier which includes the retransmission of local television broadcast signals, and public, educational, or governmental access channels and such services as may be defined as basic by applicable law, as otherwise provided in the license agreement, during the term of any license granted pursuant to this chapter.

Cable Act means the Communications Act of 1934, 47 U.S.C. § 521 et seq., as that Act has and may hereinafter be amended.

Cable operator means any person or group of persons who provides cable service over a cable system and directly or through one or more affiliates owns a significant interest in such cable system, or who otherwise controls or is responsible for, through any arrangement, the management and operation of such a cable system.

Cable service means the transmission of video or other programming services over a cable system to subscribers together with subscriber interaction, if any, which is required for the selection or use of such video programming or other programming services. To the extent not prohibited by applicable law, a licensee agrees that cable internet services, including, but not limited to @Home, Roadrunner and MediaOne Express, or other similar services, provided by a licensee, its parent, affiliates or subsidiaries, over the cable system shall be deemed "cable services" as permitted under Title VI of the Communications Act of 1934, as amended.

Cable system, or *system* means any facility consisting of a set of closed transmission paths

or other transmission lines and associated signal generation, reception and control equipment that is designed to provide cable service which includes video programming and which is provided to multiple subscribers within the city. Such term does not include (1) a facility that serves only to retransmit the television signals of one or more television broadcast stations; (2) a facility that serves subscribers without using any public rights-of-way; (3) a facility of a common carrier that is subject, in whole or in part, to the provisions of Title II of the Communications Act of 1934, 47 U.S.C. § 201 et seq., except that such facility shall be considered a cable system (other than for purposes of Section 621(c) of the Cable Act) to the extent it is used in the transmission of video programming directly to subscribers, unless the extent of such use is solely to provide interactive on demand services; (4) an open video system that complies with Section 653 of the Telecommunications Act of 1996; or (5) any facilities of any electric utility used solely for operating its electric utility systems. The foregoing definition of "cable system" shall not be deemed to circumscribe the valid authority of the city to regulate the activities of any other communications system or provider of communications services, including but not limited to telephony and open video systems.

City means the City of Miami, a municipal corporation of the State of Florida, in its present incorporated form or in any later reorganized, consolidated, enlarged or reincorporated form.

Commission means the city commission of the City of Miami, Florida.

Control of a licensee or applicant means possession of the ability to direct or cause the direction of the management or policies of a licensee or applicant, or the operation of the licensee's system, whether through operational control in whatever manner exercised or ownership of voting securities, by contract or understanding, or in any other manner.

Fair market value means the price that a willing buyer would pay to a willing seller for a going concern but with no value allocated to the license itself.

FCC means the Federal Communications Commission, or any successor governmental entity thereto.

Gross revenues means all revenues recognized in accordance with Generally Accepted Accounting Principles (GAAP) generated directly or indirectly by the licensee and, any affiliates, subsidiaries or parent of the licensee, provided that such entities are considered cable operators as such term is defined herein, from any source whatsoever arising from, attributable to, or in any way derived from the operation of the cable system to provide cable services in the city. Notwithstanding anything to the contrary contained in this subparagraph, gross revenues include, but are not limited to, fees charged subscribers for basic service; fees charged subscribers for any optional, premium, per-channel or per-program service; fees charged subscribers for any tier of service other than basic service; installation, disconnection, reconnection and change-in-service fees; late fees; leased access fees; revenue from converter, remote, modem or any other equipment rentals; revenues from installation, service and content enhanced internet products and services including, but not limited to, access services and content enhanced services to the extent said services may be considered Title VI services according to applicable law; revenues from cable guides; advertising revenues allocable to the city based on a percentage of subscribers in the city divided by the subscribers in the system (such percentage shall then be multiplied by the total advertising revenue of the system to determine the allocable gross revenue stemming from advertising); and revenues from home shopping channels or other sources allocable to the city, provided that where certain home shopping channel or other such revenue is allocable to more than one license area due to common zip codes, the licensee shall allocate the percentage of revenue to the city which is equivalent to the percentage of the population of the city divided by the total population for the allocable license areas in question. Gross revenues shall be the basis for computing the license fee imposed pursuant to section 11-16 hereof. Gross revenues shall not include revenues received from programmers and used by licensee to market

or promote a programming service; any revenue received by licensee for payment in connection with PEG access or facilities as required by subsection 11-15(b); any taxes on services furnished by the licensee which are imposed upon any subscriber or user by the state, county, city or other governmental unit and collected by the licensee on behalf of said governmental unit and which the licensee passes on in full to the applicable tax authority. However, it is hereby expressly provided that license fees shall be included in the calculation of gross revenues. Further, license fees shall not be paid on subscriber deposits unless and until said deposits are applied to a customer account for services rendered. Notwithstanding anything herein to the contrary, a licensee shall include in gross revenues, subject to license fees, revenues received from any and all cable services for which such licensee, or any affiliate, subsidiary or parent of the licensee pays a license fee to any other jurisdiction, provided that such cable service is offered over the cable system in the city, unless the city and licensee otherwise agree to exclude certain revenues from license fees.

Institutional network means a dedicated closed network, or an alternative acceptable to the city, for use by the city to provide cable services and non-cable services for public, educational and governmental use within the city. The network shall be capable of providing one-way, two-way, interactive, and machine-to-machine transfer of audio, video, voice and data signals within the network as designated by the city.

Interconnection means the electronic connection of two or more cable systems for the purpose of sharing public, education and government access programming or transmissions.

Law means all duly enacted and applicable federal, state, county and city laws, ordinances, codes, rules, regulations and orders.

Leased access channel means a channel designated in accordance with Section 612 of the Communications Act, 47 U.S.C. § 532, for commercial use by persons unaffiliated with the licensee.

License means the nonexclusive right granted by the city to a licensee in a license agreement to construct, maintain and operate a cable system under, on, and over streets, roads and any other public ways, rights-of-ways, or easements within the city. The term does not include any license or permit that may be required by this chapter or other laws, ordinances or regulations of the city for the privilege of transacting and carrying on a business within the city or for disturbing or carrying out any work on any street.

License agreement means a contract entered into in accordance with the provisions of this chapter between the city and a licensee that sets forth the terms and conditions under which the license shall be exercised.

License area means that territory within the corporate limits of the city, as those limits may change from time to time through annexation or contraction, over which the terms of a license agreement shall extend.

Licensee means any person granted a license pursuant to this chapter who has entered into a license agreement with the city.

Overbuild means a cable system constructed to serve subscribers already served by an existing cable system.

Person means any individual, corporation, partnership, association, joint venture, organization or legal entity of any kind, and any lawful trustee, successor, assignee, transferee or personal representative thereof, but shall not mean the city.

Service tier means a category of cable service provided by a licensee and for which a separate charge is made by the licensee.

State-of-the-art means that level of technical performance, equipment, components and services more modern than that which has been developed and demonstrated to be generally accepted and used in the cable industry, excluding "tests" involving new products offered for one year or less. The system shall have, at a minimum, the capability of no less than the channel capacity, products and services available from a system serving any similarly sized city or other com-

munity in the state, or other such system owned and operated by the licensee, its parent, affiliates or subsidiaries outside the state, except as otherwise set forth in a license agreement. In no event shall a system having a bandwidth of less than 750 MHZ be considered "state-of-the-art." Nothing herein shall be construed to require a licensee to employ any specific transmission technology.

Street or *streets* means the surface, the air space above the surface and the area below the surface of any public street, highway, road, boulevard, concourse, driveway, freeway, thoroughfare, parkway, sidewalk, bridge, tunnel, park, waterway, dock, bulkhead, wharf, pier, court, lane, path, alley, way, drive, circle, easement, or any other public right-of-way or public place, including public utility easements dedicated for compatible uses, or any other property in which the city holds any kinds of property interest or over which the city exercises any type of lawful control, and any temporary or permanent fixtures or improvements located thereon, as may be ordinarily necessary and pertinent to construct and operate a cable system; but shall not include city-owned buildings or city private property.

Subscriber means any person who lawfully receives cable service delivered over the cable system.

Subscriber base means the total number of subscribers who receive cable service delivered to individual homes, dwelling units or multiple dwelling units, excluding such multiple dwelling units billed on a bulk-billing basis.

System malfunction means any cable system equipment, facility or signal failure or malfunction that results in the loss of satisfactory service on one or more channels to one or more subscribers. A malfunction is major if it affects 50 or more subscribers.

Transfer of a license means any transaction in which (1) any ownership or other interest in a licensee or its cable system is transferred from one person or group of persons to another person or group of persons so that control of a licensee or control of licensee's system is transferred; or (2) the rights and/or obligations held by a licensee under a license agreement are transferred or assigned to another person, group of persons or business entity. A transfer shall be considered "pro forma" only when it involves a transfer to a person, group of persons or business entity wholly owned or controlled by the licensee and shall not result in a change in the control or ownership of the licensee or licensee's system.

Two-way capability means the incorporation into a cable system of all appropriate design and engineering characteristics and features, including all necessary equipment, which shall be installed and operational, so that two-way transmission, including but not limited to addressability, over the system can be implemented and activated.

Video channel or *channel* means a portion of the electromagnetic frequency spectrum which is used in a cable system and which is capable of delivering a television channel, including the associated audio signal.
(Ord. No. 11936, § 3, 6-8-00)

Sec. 11-3. Intent and purposes.

(a) It is the intent of the city and the purpose of this chapter to promote the public health, safety, and general welfare by providing for the grant of one or more licenses for the construction and operation of a cable system, and the provision of cable service, within the city; to provide for the regulation, to the extent provided for by law, of each cable system within the city in the public interest; to provide for the payment of fees and other valuable consideration by a licensee to the city for the use of streets and rights-of-way by its cable system; to promote the widespread availability of quality cable service to city residents and businesses, the city, and other public institutions; to encourage the development of cable and other communications technologies and cable systems as a means of communication between and among members of the public, city businesses, the city, and other public institutions; to promote competitive cable rates and services; to promote the safe and efficient use of city streets; to enhance and maximize the full potential of streets used by cable systems; and to encourage

the provision of a diversity of information sources to city residents, businesses, the community, the city, and other public institutions by cable technology.

(b) Recognizing the continuing development of communications technology and uses, it is the policy of the city to encourage experimentation and innovation in the development of cable system uses, services, programming and techniques that shall be of general benefit to the community to the extent all such experiments and innovations are consistent with applicable laws.
(Ord. No. 11936, § 3, 6-8-00)

Sec. 11-4. Grant of authority; license required.

(a) The city may grant one or more licenses in accordance with this chapter.

(b) No person may construct or operate a cable system over, on, or under public streets, or provide cable service, in the city without a license granted by the city unless otherwise permitted to do so by law, and no person may be granted a license without having entered into a license agreement with the city pursuant to this chapter and other such ordinance of the city as may be applicable.

(c) Unless otherwise authorized by law, any license granted pursuant to this chapter is solely for the provision of cable service. The city's authority to regulate and/or authorize the use of the streets of the city for the provision of non-cable video or other telecommunications services (including the offering of dark fiber or connectivity) and/or any service not included under Title VI of the Communications Act of 1934, as amended, as of the effective date of this chapter, shall not be waived, nor shall such authorization to use the streets of the city for the provision of other than cable services be granted, under a license granted pursuant to this chapter. Licensee's failure to comply with this subsection shall result in imposition of fines to be paid by the licensee to the city in the amount of not less than $2,000.00 per violation, per day or part thereof that the violation continues.
(Ord. No. 11936, § 3, 6-8-00)

Sec. 11-5. License characteristics.

(a) A license authorizes use of city streets and rights-of-way, for installing, on poles or underground, cables, wires, lines, optical fiber, underground conduit, ducts, conductors, amplifiers, vaults, and other facilities as necessary and pertinent to operate a cable system to serve subscribers within the city, but does not expressly or implicitly authorize the licensee to provide service to, or install cables, wires, lines, underground conduit, or any other equipment or facilities upon private property without owner consent (except for use of compatible easements pursuant to Section 621 of the Cable Act, 47 U.S.C. § 541(a)(2)), or to use publicly or privately owned conduits without a separate agreement with the owners.

(b) A license is nonexclusive, and shall not expressly or implicitly preclude the issuance of other licenses to operate cable systems within the city, or affect the right of the city to authorize use of city streets to other persons to operate cable systems or for other purposes as it determines appropriate.

(c) All privileges prescribed by a license shall be subordinate to any prior lawful occupancy of the streets, and the city reserves the right to reasonably designate where a licensee's facilities are to be placed within the streets. Such designation may include, but not be limited to, consideration of the availability of space in the rights of way.

(d) No transfer of a license shall occur without the prior consent of the city and unless application is made by the licensee, and city approval obtained, pursuant to section 11-24 hereof.

(e) A license granted to an applicant pursuant to this chapter to construct, operate and maintain a cable system within the city, shall be deemed to constitute both a right and an obligation on the part of the licensee to provide the services and facilities of a cable system as required by the provisions of this chapter and the license agreement. The license agreement shall constitute all of the terms and conditions of the license that are finally negotiated and agreed upon by the city and licensee. Licensee shall be bound by all

documents or other portions of an application, including oral representations made by an applicant, or its representatives, before the city commission, which the city relies upon as inducement to granting an initial, renewal, transfer or modification of a license, or taking other action relating to the license, and which are integrated by the city and licensee as an exhibit to the license or amendment thereof.

(f) Notwithstanding anything to the contrary, in the event that licensee, its parent, affiliate or subsidiary elects to offer to subscribers video programming services through an "open video system", licensee shall remain subject to all terms and conditions of a license granted pursuant to this chapter.
(Ord. No. 11936, § 3, 6-8-00)

Sec. 11-6. Licensee subject to other laws, police power.

(a) A licensee shall at all times be subject to and shall comply with all applicable and lawful federal, state and local laws. A licensee shall at all times be subject to all lawful exercise of the police power of the city.

(b) Subject to applicable law, except as may be specifically provided in this chapter or under the terms of a license agreement and subject to the Cable Act, the failure of the city, upon one or more occasions, to exercise a right or to require compliance or performance under this chapter or a license agreement shall not be deemed to constitute a waiver of such right or a waiver of compliance or performance.
(Ord. No. 11936, § 3, 6-8-00)

Sec. 11-7. Interpretation of license terms; conflicts.

(a) The provisions of this chapter at the time of the grant of a license (initial or renewal) shall apply to a license agreement as if fully set forth in the license agreement, and the express terms of this chapter shall prevail over conflicting or inconsistent provisions in a license agreement unless such license agreement expresses an intent to amend or modify a requirement of this chapter.

(b) Except as to matters which are governed by federal law or regulation, a license agreement shall be governed by and construed in accordance with the laws of the state.
(Ord. No. 11936, § 3, 6-8-00)

Sec. 11-8. Applications for grant, renewal, modification or transfer of licenses.

(a) A written application shall be filed with the city for:

(1) Grant of an initial license;

(2) Renewal of a license in accordance with section 626(a)—(g) of the Communications Act, 47 U.S.C. 546;

(3) Modification of a license agreement;

(4) Transfer or change of control of a license; or

(5) Any other relief from the city pursuant to this chapter or a license agreement.

(b) To be acceptable for filing, a signed original of the application shall be submitted together with seven copies, be accompanied by the required non-refundable application filing fee as set forth in subsection 11-8(i) hereof, conform to any applicable request for proposals, and contain all required information. All applications shall include the names and addresses of persons authorized to act on behalf of the applicant with respect to the application.

(c) All applications accepted for filing shall be made available by the city for public inspection.

(d) An application for the grant of an initial license may be filed pursuant to a request for proposals issued by the city or on an unsolicited basis. The city, upon receipt of an unsolicited application, may issue a request for proposals. If the city elects to issue a request for proposals upon receipt of an unsolicited application, the applicant may submit an amended application in response to the request for proposals, or may inform the city that its unsolicited application should be considered in response to the request for proposals, or may withdraw its unsolicited application. An application which does not

conform to the reasonable requirements of a request for proposals may be considered nonresponsive and denied on that basis.

(e) An application for the grant of an initial license shall contain, at minimum, the following information:

(1) Name and address of the applicant and identification of the ownership and control of the applicant, including: the names and addresses of all persons with five percent or more ownership interest in the applicant, including the names and addresses of parents or subsidiaries holding such ownership interests directly or indirectly; the persons who control the applicant; all officers and directors of the applicant; and any other cable system ownership or other communication ownership interest of each named person; provided that in the case of an application for a renewal or transfer of a license, the information regarding cable system ownership or other communication ownership interest shall be provided upon written request of the city;

(2) An indication of whether the applicant, or any person controlling the applicant, or any officer, or director or person with five percent or more ownership interest in the applicant, has been adjudged bankrupt, had a cable license revoked, or been found by any court or administrative agency to have violated a security or antitrust law, or to have committed a felony, or any crime involving moral turpitude; and, if so, identification of any such person and a full explanation of the circumstances; provided that in the case of an application for renewal or transfer of a license, a licensee shall provide such information upon written request;

(3) A demonstration of the technical, legal and financial ability of the applicant to construct and/or operate the proposed cable system, including identification of key personnel;

(4) A copy of any agreement covering the license area, if existing, between the applicant and any public utility providing for the use of any facility of the public utility, including, but not limited to, the use of utility poles, lines or conduits. In the case of a transfer pursuant to section 11-24 hereof, licensee shall only be required to provide evidence of the assignability of such agreements;

(5) In the case of an application for an initial license, a statement prepared by a certified public accountant or duly authorized financial officer of the applicant regarding the financial ability of the applicant to complete the construction and operation of the cable system proposed;

(6) A description of the prior experience of the applicant in cable system ownership, construction and operation, and identification of communities in which the applicant or any person having a controlling interest in the applicant or having more than a ten percent ownership interest in the applicant has, or has had, a cable franchise or license or any interest therein; provided that in the case of an application for a transfer of a license, a licensee shall provide such information upon written request;

(7) Upon reasonable request of the city, the applicant shall provide copies of any franchise or license agreements entered into by applicant, its parent, affiliate or subsidiary;

(8) A description of the physical facilities proposed, including channel capacity, performance characteristics, headend, and access facilities; upon request, the applicant shall provide information on technical design;

(9) In the case of an application for an initial grant of a license, where applicable, a description of the construction of the proposed cable system, including an estimate of plant mileage and its location, the proposed construction schedule, a description, where appropriate, of how services shall be converted from existing facilities to new facilities, and informa-

tion on the availability of space in conduits including, where appropriate, an estimate of the cost of any necessary rearrangement of existing facilities;

(10) For informational purposes, the proposed rate structure, including projected charges for each service tier, installation, converters, and other equipment or services, and the ownership interest of the applicant in any proposed program services to be delivered over the cable system;

(11) A demonstration of how the proposal of the applicant shall reasonably meet the future cable-related needs and interests of the community;

(12) A description of any cable services offered by the applicant or its parent, affiliate or subsidiary, and applicant's plan with respect to the availability of services to subscribers in the city;

(13) Upon request, for information purposes only, a description of any non-cable services offered by the applicant or its parent, affiliate or subsidiary and plan of the licensee with respect to the availability of such services to subscribers in the city;

(14) Upon request, for information purposes only, a description of any non-cable services offered by the applicant or its parent, affiliate or subsidiary in any other community and a copy of the terms and conditions pursuant to which applicant offers such non-cable services in any other community;

(15) A proposal by applicant to offer discount rates to qualified senior citizens, consistent with Section 623(e)(1) of the Cable Act;

(16) In the case of an application for an initial license or the transfer of a license, where the transferee is not a publicly traded company, pro forma financial projections for the first five years of the license term, including a statement of projected income, and a schedule of planned capital additions, with all significant assumptions explained in notes or supporting schedules;

(17) If an applicant proposes to provide cable service to an area already served by an existing cable licensee, the identification of the area where the overbuild would occur, the potential subscriber density in the area which would encompass the overbuild, and the ability of the streets to accommodate an additional system;

(18) In the case of a renewal or transfer application, any other information as may be reasonably necessary to demonstrate compliance with the requirements of this chapter and information that the city may reasonably request of the applicant that is relevant to the consideration of the city of the application; and

(19) An affidavit or declaration of the applicant or authorized officer certifying the truth and accuracy of the information in the application, acknowledging the enforceability of application commitments, and certifying that the proposal meets all federal and state law requirements.

(f) An application for modification of a license agreement shall include, at minimum, the following information:

(1) The specific modification requested;

(2) The justification for the requested modification, including the impact of the requested modification on subscribers and others;

(3) A statement whether the modification is sought pursuant to Section 625 of the Cable Act, 47 U.S.C. § 545, and, if so, a demonstration that the requested modification meets the standards set forth in 47 U.S.C. § 545;

(4) Any other reasonable information necessary for the city to make an informed determination on the application for modification; and

(5) An affidavit or declaration of the applicant or authorized officer certifying the truth and accuracy of the information in the application, and certifying that the application is consistent with all federal and state law requirements.

(g) An application for renewal of a license shall comply with the requirements of section 11-23 hereof.

(h) An application for approval of a transfer of a license shall comply with the requirements of section 11-24 hereof.

(i) To be acceptable for filing, an application shall be accompanied by a non-refundable filing fee in the following amount, as appropriate:

(1) For a new or initial license: $26,250.00

(2) For renewal of a license: $10,500.00

(3) For a transfer of a license (other than a pro forma transfer): $10,500.00

(4) For a pro forma transfer of a license: $5,250.00

(5) For modification of a license agreement pursuant to 47 U.S.C. § 545: $10,500.00

(6) For any other relief: $5,250.00

The purpose of the filing fee is to defray a portion of the cost to the city in processing an application. Such fee shall be credited against amounts due under section 11-9(f) herein. The filing fee is therefore intended to be a charge incidental to the awarding or enforcing of a license within the meaning of Section 622(g)(2)(D) of the Cable Act, 47 U.S.C. § 542(g)(2)(D), and may not be deducted from the license fee imposed in a license agreement and shall not be passed through to subscribers.
(Ord. No. 11936, § 3, 6-8-00; Ord. No. 13142, § 6, 2-11-10)

Sec. 11-9. Grant of licenses.

(a) The city may grant a license for a period not to exceed ten years.

(b) The city may make the grant of a license conditioned upon the completion of construction within a reasonably prescribed time or upon the performance of other specific obligations which are to be set forth in the license agreement, specifying that failure to comply with the condition shall cause the license to become null and void or may require the licensee to pay liquidated damages to the city as specified in a license agreement.

(c) In evaluating an application for a license, the city may consider, among other things, the following factors: the technical, financial, and legal qualifications of the applicant to construct and operate the proposed system; the adequacy of the proposed construction arrangements, facilities, equipment, and services based on the public convenience, safety and welfare; the experience of the applicant in constructing and operating cable systems and providing cable service in other communities, if any; the ability of city streets to accommodate the proposed system; the potential disruption to users of city streets and any resultant inconvenience to the public; and whether the proposal shall meet reasonably anticipated community needs and serve the public interest. evaluation by the city shall not be based on the content of the programming the applicant proposes to provide.

(d) The city shall hold a public hearing to consider an application or applications for a license. The applicant(s) shall be notified of the hearing and shall be given an opportunity to be heard. Based upon the application(s), the testimony presented at the public hearing, any recommendations of the city or staff, and any other information relevant to the application(s), the city shall decide by resolution whether to grant or deny a license application(s) and decide the terms and conditions of any license(s) granted.

(e) After complying with the above requirements, the city commission shall approve or disapprove the proposed license agreement by resolution, or may direct that it be subject to further negotiation.

(f) An applicant for an initial license hereunder shall reimburse the city for all reasonable expenses incurred by the city in considering and processing the application, including but not limited to costs and expenses resulting from accrued city in-house staff time, out of pocket expenses or

administrative costs, and consulting and legal costs, less the amount of the filing fee set pursuant to section 11-8(i). Within 30 calendar days from the date of the resolution approving or denying the initial grant of the license thereof by the city commission, the city shall bill the applicant for the amount of the processing fee and its method of calculation. If the processing fee is not received by the city within 30 calendar days of date of the bill, the city shall notify such applicant and the applicant shall pay a late fee at the rate of 18 percent per annum of the amount of the unpaid or underpaid fee provided, however, that such rate does not exceed the maximum amount allowed under applicable law. If said fee is not received in total by the city within 60 calendar days of the date of the bill, the city shall notify such applicant and, if applicable, the license shall be revoked. This processing fee is intended to be a charge incidental to the awarding or enforcing of a license within the meaning of Section 622(g)(2)(D) of the Cable Act, 47 U.S.C. § 542(g)(2)(D), and may not be deducted from the license fee imposed in a license agreement and shall not be passed through to subscribers.
(Ord. No. 11936, § 3, 6-8-00)

Sec. 11-10. Insurance; surety; indemnification.

(a) A licensee shall be required by the city to maintain, and by its acceptance of the license, specifically agrees that it shall maintain, throughout the entire term of the license including any renewals thereof, insurance coverage insuring the licensee with respect to the construction, operation and maintenance of the cable system, and the conduct of the licensee's business in the city, as described below and as required to satisfy all requirements of Florida law.

(1) Comprehensive general liability insurance including contractual liability, explosion, collapse and underground property damage, bodily injury and broad form property damage, personal and advertising injury and products/completed operations coverage. The licensee shall carry limits with a combined single limit of no less than $3,000,000.00 per occurrence naming the city as an additional insured. The licensee shall require any subcontractors to provide adequate insurance and provide proof of insurance to the city as well.

(2) The licensee shall carry workers compensation and employers liability insurance in compliance with Florida statute. The licensee shall require any subcontractors to provide workers compensation insurance for all of the subcontractors' employees.

(3) Automobile liability insurance covering all owned, hired and non-owned vehicles used in connection with any activities arising out of this agreement. Such insurance shall afford coverage with a combined single limit of no less than $1,000,000.00 per occurrence. The licensee shall require any subcontractors to provide automobile liability insurance for all of the vehicles used by subcontractors arising out of the license.

(b) All insurance policies shall be with insurance companies authorized to do business in the state and shall be with insurance companies with a minimum Best's Rating of AV11, or an equivalent rating, and financial size category rating of X (ten).

(c) A licensee shall keep on file with the city certificates of insurance which certificates shall indicate evidence of payment of the required premiums and shall indicate that the city, its officers, boards, commission, commissioners, agents and employees are listed as additional insureds, and that this insurance is primary over any other insurance or self-insurance program available to the city whether collectible or not. In the event of a potential claim such that the city claims insurance coverage, licensee shall immediately respond to all reasonable requests by the city for information with respect to the scope of the insurance coverage.

(d) All insurance policies shall name the city as additional insured and shall further provide that any cancellation or reduction in coverage shall not be effective unless 60 calendar days

prior written notice thereof has been given to the city. A licensee shall not cancel any required insurance policy without submission of proof that the licensee has obtained alternative insurance satisfactory to the city which complies with this chapter.

(e) A licensee shall, at its sole cost and expense, indemnify, hold harmless, waive subrogation against and defend the city, its officials, boards, commissions, commissioners, agents, and employees, against any and all third party claims, suits, causes of action, proceedings, judgments for damages or equitable relief, and costs and expenses arising out of the construction, maintenance or operation of its cable system by the licensee, its agents or employees in the city, or the granting of a license agreement to the licensee or in any way arising out of the licensee's enjoyment or exercise of a license granted hereunder, regardless of whether the act or omission complained of is authorized, allowed or prohibited by this chapter or a license agreement. This provision includes, but is not limited to, the reasonable attorneys' fees of the city incurred in defending against any such claim, suit or proceedings; and claims arising out of copyright infringements or a failure by the licensee to secure consents from the owners, authorized distributors, or providers of programs to be delivered by the cable system, claims arising out of Section 638 of the Cable Act, 47 U.S.C. § 558, and claims against the licensee for invasion of the right of privacy, defamation of any person, firm or corporation, or the violation or infringement of any copyright, trade mark, trade name, service mark or patent, or of any other right of any person, firm or corporation. The city shall give the licensee written notice of any claim or of the commencement of any action, suit or other proceeding covered by the indemnity in this section. In the event any such claim arises, the licensee shall have the obligation and duty to defend the city and any other indemnified party hereunder; provided, however, licensee may not agree to any settlement of claims affecting the city without the city attorney's approval. If the city attorney finds that separate representation to fully protect the interests of the city is necessary, licensee shall consult with the city attorney on counsel that is acceptable to the city attorney. If licensee is unwilling or unable to select counsel acceptable to the city attorney, licensee shall pay all expenses incurred by the city in defending itself with regard to any action, suit or proceeding subject to this indemnification. The city's expenses shall include all out of pocket expenses, attorney's fees and costs of the city attorney or his/her assistants, or any employees of the city, outside attorneys, or other agents. Not withstanding anything to the contrary contained in this subparagraph, the obligation of the licensee shall not extend to any claims caused by the gross negligence of the city, its officials, boards, commissioners, agents or employees, or to claims arising from licensee's provision of access channels for public, educational and/or governmental use pursuant to section 11-15 hereof and a license agreement, to the extent such claims relate to programming and content on such channels, over which licensee has no editorial control nor exercises administrative control.

(f) Notwithstanding anything to the contrary, a licensee shall be responsible for all actions of the subcontractors and shall agree to indemnify and hold harmless the city for any and all claims against the city or arising out of the activity of such subcontractors.
(Ord. No. 11936, § 3, 6-8-00)

Sec. 11-11. Security fund.

(a) The city shall require in a license agreement that, prior to the license becoming effective, the licensee shall post with the city a security fund. Such fund may be in the form of a cash deposit, letter of credit, or performance bond as determined by the city in its sole discretion or as set forth in a license agreement. The security fund shall be used to ensure the licensee's faithful performance of and compliance with all provisions of this chapter, the license agreement, and other applicable law, and compliance with all orders, permits and directions of the city, and the payment by the licensee of any claims, liens, fees, or taxes due the city which arise by reason of the construction, operation or maintenance of the system. The amount of the security fund shall be the amount that the city determines, under circumstances existing at the time, that is

necessary to protect the public, to provide adequate incentive to the licensee to comply with this chapter and the license agreement, and to enable the city to effectively enforce compliance therewith, but in no event less than $2,000,000.00. The license agreement shall provide for the procedures to be followed with respect to the security fund. Neither the posting of the cash deposit or filing of an indemnity bond or any form of performance bond with the city, nor the receipt of any damages recovered by the city thereunder, shall be construed to excuse faithful performance by the licensee or limit the liability of the licensee under the terms of its license for damages, either to the full amount of the fund or otherwise.

(b) The rights reserved to the city with respect to the security fund are in addition to all other rights of the city, whether reserved by this chapter or authorized by other law or the license agreement, and no action, proceeding or exercise of a right with respect to such security fund shall affect any other right the city may have.
(Ord. No. 11936, § 3, 6-8-00)

Sec. 11-12. Construction bond.

(a) The city shall require in a license agreement that, prior to any cable system construction, upgrade, rebuild or other significant work in the streets a licensee shall establish in the favor of the city a construction bond in an amount specified in the license agreement or other authorization as necessary to ensure the faithful performance of the licensee of the construction, upgrade, rebuild or other work, but in no event shall the amount of the bond be less than $500,000.00. Licensee shall at all times comply with chapter 54 of this Code.

(b) In the event a licensee subject to such a construction bond fails to complete the cable system construction, upgrade or other work in the streets in a safe, timely and competent manner in accord with the provisions of the license agreement, there shall be recoverable, jointly and severally from the principal and surety of the bond, any damages or loss suffered by the city as a result, including the full amount of any compensation, indemnification or cost of removal or abandonment of any property of the licensee, or the cost of completing or repairing the system construction, upgrade or other work in the streets, plus a reasonable allowance for attorneys' fees, up to the full amount of the bond. The city may also recover against the bond any amount recoverable against the security fund pursuant to section 11-11 hereof where such amount exceeds that available under the security fund.

(c) The license agreement may specify that upon completion of the cable system construction, upgrade, rebuild or other work in the streets and payment of all construction obligations of the cable system to the satisfaction of the city, the city may eliminate the bond or reduce its amount. However, the city may subsequently require an increase in the bond amount for any subsequent construction, upgrade, rebuild or other work in the streets.

(d) The construction bond shall be issued by a surety having a minimum rating of A-1 in Best's Key Rating Guide, Property/Casualty Edition, or an equivalent rating acceptable to the city; shall be subject to the approval of the city attorney; and shall provide that this bond may not be canceled, or allowed to lapse, until 60 calendar days after receipt by the city, by certified mail, return receipt requested, of a written notice from the issuer of the bond of intent to cancel or not to renew.

(e) The rights reserved by the city with respect to any construction bond established pursuant to this section are in addition to all other rights and remedies the city may have under this chapter, the license agreement, or at law or equity.
(Ord. No. 11936, § 3, 6-8-00)

Sec. 11-13. Minimum facilities and services.

(a) The following minimum requirements for facilities and services apply to all licenses granted by the city. The city may require in a license agreement that a licensee exceed these minimum requirements where it determines, under circumstances existing at the time of the grant of the license, that the additional requirements are

necessary to meet the future cable related needs of the city and interests or to serve the public interest.

(1) Any cable system that commences construction, including but not limited to initial construction, rebuild, upgrade, or reconstruction after the effective date of this chapter shall have a minimum capacity of at least 750 MHZ providing no less than 78 activated video channels or its digital equivalent, including two-way capability as defined in subsection 11-2 hereof. The construction, rebuild, upgrade or reconstruction of any cable system must be completed within a 24-month construction schedule. A license agreement may provide for a larger minimum channel capacity requirement as well as upgrades during the term of a license. Licensee's failure to comply with this subsection shall result in imposition of fines to be paid by the licensee to the city in the amount of not less than $1,050.00 per violation, per day or part thereof that the violation continues.

(2) The city may require in a license agreement that a licensee provide access channels, facilities and other support for public, educational and/or governmental use, in excess of the minimum requirement of this chapter. Licensee's failure to comply with the terms of a license agreement with respect to the provision of access channel facilities and other support for public, educational and/or governmental use shall result in imposition of fines to be paid by the licensee to the city in the amount of not less than $1,575.00 per violation, per day or part thereof that the violation continues.

(3) A cable system shall provide leased access channels as required by federal law.

(4) If required by the terms of a license agreement, a licensee shall, at minimum, provide at least one cable outlet and shall provide cable service, including basic and cable programming service tier, with the exception of digital and premium/pay-per-view, or its equivalent, without charge, to each and every floor of all public buildings including, but not limited to city buildings, parks, community and day-care centers, and any other public building designated by resolution of the city commission. In addition, licensee agrees to provide one outlet of cable service without charge to each and every floor of all buildings of the city that may be constructed, opened or annexed within the city after the effective date of the license agreement, subject to the service policy set forth below. In new locations and remodels of existing locations, licensee shall have access to "pre-wire." Such cable service shall at a minimum include the basic cable service tier, and all programming offered without additional charge on the cable programming service tier offered by licensee over the cable system. Licensee's failure to comply with this subsection shall result in imposition of fines to be paid by the licensee to the city in the amount of not less than $525.00 per violation, per day or part thereof that the violation continues.

(5) If required by the terms of a license agreement, licensee shall, upon request, provide to each and every floor of all public buildings including, but not limited to city buildings, parks, community and day-care centers, and any other public building designated by resolution of the city commission, with, at minimum, one free connection to an on-line service provided by licensee. Such on-line service will provide access to the Internet. Upon request, each city building, park, community center and daycare center within the city, and any other public building designated by resolution of the city commission, shall receive, at minimum, one free cable modem which will be allowed to be networked, and free, unlimited access to the on-line service. All services requested shall be provided not later than one year after licensee makes commercially available an on-line service for personal computers within the city.

Licensee's failure to comply with this subsection shall result in imposition of fines to be paid by the licensee to the city in the amount of not less than $525.00 per violation, per day or part thereof that the violation continues.

(6) Licensee shall, at a minimum, provide at least one cable outlet and shall provide cable service, including basic and cable programming service tier, with the exception of digital and premium/pay-per-view, or its equivalent, without charge, to each floor, not to exceed three floors, in all public and private schools (as defined by, and which receives funding pursuant to, Title I of the Elementary and Secondary Education Act of 1965, 20 U.S.C. § 421(a) et seq., as amended), (grades K—12). Licensee will make arrangements for each school to receive school materials for teachers and other facility administrators, to the extent they are available, that explain the educational applications of the broadband cable systems and services offered on the cable system. The materials will be provided to all connected schools. Licensee's failure to comply with this subsection shall result in imposition of fines to be paid by the licensee to the city in the amount of not less than $525.00 per violation, per day or part thereof that the violation continues.

(7) Licensee shall, upon written request from the school, provide all schools (as defined in subsection (6) above) within the city which receive cable service with, at minimum, one free connection to an on-line service provided by licensee. Such on-line service will provide access to the Internet. Upon request, each connected school shall receive, at minimum, one free cable modem which will be allowed to be networked, and free, unlimited access to the on-line service. All services requested shall be provided not later than one year after licensee makes commercially available an on-line service for personal computers within the city. Additional cable modems and operational support and services (for example, assisting schools in setting up and maintaining reliable Internet connections) shall be provided to connected schools upon written request and at the actual and direct costs of licensee. In addition, licensee shall sponsor local workshops in each region to educate teachers and other facility administrators about its on-line service and to provide connected schools, city parks, community centers and day-care centers with an opportunity for hands-on training. Licensee's failure to comply with this subsection shall result in imposition of fines to be paid by the licensee to the city in the amount of not less than $525.00 per violation, per day or part thereof that the violation continues.

(8) A cable system shall include an "emergency alert" capability, which shall permit the city manager or designated representative, to the extent permitted by applicable law, to remotely override the audio of all channels on the cable system or to allow for video crawl over all channels.

(9) The city may seek the use of a portion of the cable system's bandwidth for collecting data from subscribers for purposes including but not limited to a fire, police or other alarm system, or reading water meters, provided that the following conditions are met:

a. Licensee has excess capacity on its system, at each location the city wishes to utilize at the time of the request and, as of the date of the city's request, has not allocated such excess capacity, as evidenced by a written agreement with a third party for such bandwidth for provision of services during the 12 months following the date of city's request;

b. The city purchases the necessary equipment according to the reasonable technical specifications provided by licensee;

c. Attachment of the necessary equipment is performed by the licensee owning the cable system, and the city reimburses the labor and material cost of such attachment to said licensee at the direct, actual costs to licensee;

d. The city pays to the licensee the direct and actual costs of the bandwidth usage, but in no event to exceed the lowest rate offered by the licensee to an unaffiliated third party for similar bandwidth usage; and

e. No sooner than one year after city commences use of the bandwidth, a licensee may thereafter reclaim the excess bandwidth, upon no less than 120 calendar days notice, if it plans to provide an additional product or service to its customers utilizing said bandwidth within six months of reclaiming the bandwidth, provided that city shall have a right of first refusal for use of the bandwidth on terms and conditions equal to those at which the licensee proposes to offer the capacity to a third party. To the extent a licensee is providing an institutional network for the city, at no cost to the city, such provision may be in lieu of the licensee's obligations under this section.

(10) A licensee shall make available to its subscribers equipment capable of decoding closed circuit captioning information for the hearing impaired.

(11) The cable system operator shall maintain equipment capable of providing standby powering for headend transportation and trunk amplifiers for a minimum of two hours. The equipment shall be constructed so as to automatically notify the cable office when it is in operation and to automatically revert to the standby mode when the AC power returns. All utility safety regulations must be followed to prevent a standby generator from powering the "dead" utility line, with possible injury to an unwitting lineman.

(b) Most favored nation.

(1) Pursuant to the requirements of a license agreement, a licensee shall provide, at a minimum, the same facilities, services, products and benefits available on any system serving any other similarly sized city or other community in the state, or other such communities outside the state, owned and operated by the licensee, its parent, affiliate or subsidiary.

(2) Licensee's failure to comply with this subsection shall result in imposition of fines to be paid by the licensee to the city in the amount of not less than $1,575.00 per violation, per day or part thereof that the violation continues.

(c) Universal service. Upon request and payment of all applicable charges and provided that the requesting person grants the licensee access to his or her premises in order to furnish, maintain, and continue to offer cable service to that person, a licensee shall, throughout the term of a license, offer any person at his or her place of residence or place of business within the license area, all cable services distributed over the cable system, except as otherwise set forth in a license agreement. Licensee's failure to comply with this subsection shall result in imposition of fines to be paid by the licensee to the city in the amount of not less than $525.00 per violation, per day or part thereof that the violation continues.

(d) Upon licensee's acquisition of facilities in any city right-of-way, or upon the annexation to the city of any area in which licensee owns or operates any facility, licensee shall, at the city's request, submit to the city a statement describing all facilities involved, whether authorized by license, permit, franchise or other prior right, and specifying the location of all such facilities to the extent licensee has possession of such information. Such facilities shall immediately be subject to the terms of licensee's license granted pursuant to this chapter.

(e) Pursuant to the requirements of a license agreement, in the event licensee offers cable Internet services over its cable system in the city, it shall, taking into account technical feasibility, provide access to its cable modem platform to providers of Internet access and on-line services on comparable terms and conditions to those terms and conditions on which access is provided by licensee, its parent, affiliate or subsidiary in any other community. Licensee shall comply with all lawful requirements with respect to access to licensee's cable modem platform for providers of Internet access and on-line services.

(f) A licensee granted a license under this chapter shall make a proposal to the city for the installation, operation and maintenance of or provide funding for an institutional network ("I-NET"). The I-NET shall, at minimum, take into consideration the interconnection of all government and other public buildings, schools, or persons as designated by the city, with minimum technical facilities as shall be specified subject to negotiation between the city and the licensee. A licensee may provide the city, subject to city approval, with an equivalent of an I-NET, based on current technology, in lieu of the obligation set forth herein.

(g) Where an I-NET already exists in the city, an applicant for a license shall provide the city with a capital grant in an amount which represents the cost of an institutional network, or, at the city's sole option, alternative facilities, equipment and support, including but not limited to a new institutional network, in satisfaction of licensee's obligation to provide the city with an I-NET pursuant to this chapter.
(Ord. No. 11936, § 3, 6-8-00; Ord. No. 13142, § 6, 2-11-10)

Sec. 11-14. Technical standards.

(a) Any cable system within the city shall at minimum meet the technical standards of the FCC or other applicable federal, state, county or city technical standards, including any and all applicable rules, regulations, codes, and standards as hereinafter amended or adopted. All television signals transmitted on a cable system shall include any closed circuit captioning information for the hearing impaired. Antennas, supporting structures, and outside plants used in the system shall be designed to comply with all generally accepted industry practices and standards and with all federal, state, county and city ordinances, rules and regulations, including but not limited to the city zoning code.

(b) All construction, installation and maintenance of the cable system shall comply with federal and state codes, as well as the National Electrical Safety Code, the National Electric Code, the South Florida Building Code, all local codes and ordinances and any and all applicable rules, regulations and codes, as hereinafter may be amended or changed.

(c) At the times specified in the license agreement or as required by FCC rules, the licensee shall perform, at its expense, proof of performance tests designed to demonstrate compliance with the requirements of this chapter, the license agreement, and FCC requirements. The licensee shall provide, upon written request, the proof of performance test results to the city within ten (10) calendar days after completion. The city shall have the right to inspect the cable system facilities during and after construction to ensure compliance with the requirements of the license agreement, this chapter, and FCC standards.

(d) The city may require any other tests as specified in a license agreement, or required by applicable law or regulation, or where there have been extensive complaints made, or where there exists other demonstrative evidence which in the reasonable judgment of the city casts doubt upon the reliability or technical quality of the cable system to be performed at the expense of the licensee; provided that if the results of such tests indicate that licensee is in compliance with the requirements of this chapter and/or the license agreement, the expenses incurred by the licensee in conducting said tests shall be borne by the city. The licensee shall provide the test results to the city within ten calendar days of completion of the proof of performance or other tests.

(e) The licensee shall provide the city ten calendar days advance written notice when a proof of performance test required in subsections (c) and (d) above is scheduled, in order that the city may have an observer present.

(f) A licensee shall not design, install or operate its facilities in a manner that shall interfere with the signals of any broadcast station, the facilities of the city, the facilities of any public utility, the cable system of another licensee, or individual or master antennas used for receiving television or other broadcast signals. In the event any such interference is discovered, licensee shall take all actions necessary to remedy the problem as quickly as is technically feasible.

(g) In any license granted pursuant to this chapter, a licensee shall agree to maintain that level of technology to satisfy the state-of-the-art as defined in subsection 11-2, subject to qualifications, conditions, and terms that may be expressly identified in a license agreement, if any. Licensee's failure to comply with this subsection shall result in imposition of fines to be paid by the licensee to the city in the amount of not less than $1,575.00 per violation, per day or part thereof that the violation continues.

(h) Licensee shall provide access channels, equipment and facilities, and capital support, in accordance with section 11-15, as well as such other benefits and services required by a license agreement. Licensee's failure to comply with this subsection shall result in imposition of fines to be paid by the licensee to the city in the amount of not less than $1,575.00 per violation, per day or part thereof that the violation continues.

(i) In the event that the city commission determines that it is in the public interest of the residents of the city to renew or approve the transfer of a license where the licensee is not in compliance with the requirements of this section at the time of the grant, the city may agree in an agreement, or an amendment to a license agreement, to a program whereby the licensee is permitted a specified period of time, not to exceed 24-months, to come into compliance. However, the city's approval of any such plan shall be contingent upon licensee's agreement to provide the city and any subscribers with fines, refunds, credits or service vouchers as liquidated damages for the harm suffered due to licensee's non-compliance. The city may grant extension of the time period herein, for good cause shown.
(Ord. No. 11936, § 3, 6-8-00; Ord. No. 13142, § 6, 2-11-10)

Sec. 11-15. Public education and government support.

(a) It is the purpose and intent of the city to require that all licensees provide access channels, facilities, equipment and support sufficient to meet the needs and interests of the community with respect to public, education and government activities.

(b) A licensee granted a license pursuant to this chapter shall provide to the city, a grant per subscriber, as represented in the subscriber base as defined in subsection 11-2, per month for PEG capital support, as set forth in a license agreement. The actual amount of the per subscriber, per month charge shall be determined based upon the city's needs as identified in a projected budget to be prepared by the city manager and submitted to licensee not later than September 30 of each year during the term of the license agreement.

(c) A licensee shall provide a minimum of one access channel, and facilities dedicated to the exclusive use of the city and such other capital support for public, educational and/or governmental use as required in a license agreement and allocated at the sole discretion of the city. The licensee shall provide one upstream channel for each access channel then used by the city to the headend, as technically necessary for the operation of access channels referred to herein or as otherwise required by a license agreement. The city may increase the number of PEG channels to a number not to exceed five, so long as a threshold use requirement is met for each channel the city then utilizes. In order to request an additional PEG access channel, the existing PEG access channel(s) must be programmed at least eight hours a day with non-repetitive, locally produced programming, Monday through Friday, for a minimum of six consecutive weeks. For purposes of calculating the eight hour programming requirement, the live cablecast of all commission and board meetings, in their entirety, shall be included for not more than one channel. Character-generated programming shall not be included for purposes of calculating the programming requirement. Once the threshold is met and an additional

access channel given, the initial access channel(s) must maintain the threshold requirement. After attaining the threshold requirement, if the initial access channel fails to meet the threshold for four consecutive months, the additional access channel may be reclaimed by licensee upon 60 calendar days written notice. Under no circumstances shall the city lose the right to its first initial access channel. However, at all times after a second access channel is provided to the city, the initial access channel shall maintain the threshold requirement a minimum of 50 percent of the time, to be measured every four months based on usage for the preceding 12 months. In addition, a licensee shall cablecast to all subscribers in the city, all Miami-Dade County public, educational, and/or government channels provided however that the total number of access channels shall not exceed the number set forth in a license agreement.

(d) During the term of the license, the licensee shall provide, as specified in a license agreement or otherwise agreed to, such equipment, facilities and technical support as the city commission may determine is useful for the production and cable casting of programming on the public, education and government channels. Applications for initial grants, renewals or transfers of licenses shall include a proposal to provide such support.

(e) As may be required in a license agreement, a licensee shall tape or cablecast live events held in the city as may be designated by the city subject to no less than four weeks advance notice in writing to the licensee. The number of events designated by the city hereunder shall be no less than 24 in any given calendar year. A license agreement may provide for a maximum number of designated events. Unless specified by the city, the live cablecast of a commission or board meeting shall not be counted as a designated event.

(f) Applications for an initial or renewed license may, and at the request of the city, shall include proposals for the provision of an institutional network interconnecting city, educational institutions, and/or other public facilities as designated by the city from time to time.

(g) Applications for an initial license shall include a proposal for the interconnection of licensee to any or all other cable systems operating within the county for purposes of providing or sharing PEG access channels. In the case of an application for renewal or transfer of a license, applicant shall include in its application a statement outlining the status of the interconnection of licensee's cable system to any and all cable systems operating within Miami-Dade county.

(h) A license may provide for additional financial grants in lieu of or in addition to some or all of the facilities, equipment, and services referenced in this section.

(i) A licensee shall agree that the facilities, equipment, monetary grant, and all other support to be provided by a licensee pursuant to this section, and as set forth in a license agreement constitute capital costs which are required by the license to be incurred by licensee for public, educational, or government access facilities within the meaning of Section 622(g)(2)(C) of the Cable Act, 47 U.S.C. § 542(g)(2)(C), that such grant does not constitute a license fee or tax within the meaning of Cable Act, state law, this Code, or a license agreement; and that the licensee shall waive, and will not assert in any proceeding, any claim to the contrary. The city shall use the facilities, equipment, monetary grant and all other support to be provided by licensee pursuant to this section in a manner consistent with Section 622(g)(2)(C) of the Cable Act.
(Ord. No. 11936, § 3, 6-8-00)

Sec. 11-16. License fee.

(a) A licensee, as compensation for the privilege granted under a license for the use of the streets of the city to construct and operate a cable system to provide cable services in the city, shall pay to the city a license fee in an amount up to a maximum of either:

(1) Five percent of the licensee's gross revenues derived directly or indirectly from the operation of its cable system within the city during the term of its license pursuant to section 11-2 hereof; or

(2) In the event the Cable Act or other applicable law is amended to permit the city to assess a license fee of a greater amount than that specified in subsection (1) above, the licensee agrees to pay to the city the new amount after a public hearing in which the public and licensee are given an opportunity to comment on the impact of the higher fee. Moreover, licensee shall conclude any such agreement with respect to a fee increase with the city prior to finalizing an agreement with Miami-Dade County.

(b) Licensee's payment of the license fee to the city shall be reduced only by that amount the licensee is required to pay Miami-Dade County pursuant to any cable license, license or ordinances of the county. Notwithstanding anything to the contrary, licensee shall pay to the city the full amount of all fees to which it is entitled pursuant to part a of this section, on revenues not expressly included in the definition of "gross revenues" pursuant to chapter 8 of the Code of Miami-Dade County, or as such chapter may be amended.

(c) A licensee shall pay the license fee due to the city on a quarterly basis. Payment for each quarter shall be made to the city not later than 30 calendar days after the end of each calendar quarter.

(d) A licensee shall file with the city, on a quarterly basis with the payment of the license fee, a financial statement setting forth the computation of gross revenues used to calculate the license fee for the preceding quarter and a detailed explanation of the method of computation. The statement shall include but not be limited to identification of all revenue streams directly or indirectly connected with the cable system, in accordance with the definition of gross revenues, section 11-2, whether or not involved in license fee computation. The statement shall be certified by a certified public accountant or the chief financial officer or other duly authorized officer of the licensee. The licensee shall bear the cost of the preparation of such financial statements.

(e) Subject to applicable law, no acceptance by the city of any license fee payment shall be construed as an accord that the amount paid is in fact the correct amount, nor shall such acceptance of payment be construed as a release of any claim the city may have for additional sums payable.

(f) The license fee payment is not a payment in lieu of any other tax, fee or assessment.

(g) The city may, from time to time, and upon reasonable notice, inspect and audit any and all books and records of the licensee relevant to the determination of gross revenues and the computation of license fees due, and may recompute any amounts determined to be payable under the license. If, as a result of the audit, the city determines that the licensee has underpaid the quarterly license fees owed in an amount equal to or exceeding two percent of the license fees actually paid based on components of gross revenues as specifically defined herein, the cost of the audit shall be paid by the licensee to the city within 30 calendar days of receipt of demand for payment, unless licensee can show the audit is materially incorrect. A licensee shall make all books and records necessary to satisfactorily perform the audit readily available to the auditors in Miami-Dade county, for inspection and copying or in the alternative, licensee shall pay all incremental costs and fees incurred by the city for the city to perform the audit at a location outside of Miami-Dade county. A licensee shall provide any and all materials within 30 calendar days of receipt of a request from the city.

(h) In the event that a license fee payment is not received by the city on or before the due date set forth in subsection (c) above, or is underpaid, the licensee shall pay a late charge of 18 percent per annum of the amount of the unpaid or underpaid license fee payment, provided, however, that such rate does not exceed the maximum amount allowed under Florida law. Any such failure to remit payment on a timely basis, after written notice and failure to cure, shall be considered a material violation of this chapter and any license granted pursuant hereto. Any interest and/or late charges paid by licensee is intended to be a charge incidental to the enforc-

ing of a license within the meaning of Section 622 (g)(2)(D) of the Cable Act, 47 U.S.C. § 542 (g)(2)(D), and may not be deducted from the license fee imposed by this chapter or any license agreement nor passed through to subscribers.

(i) When a license terminates for any reason, the licensee shall file with the city within 90 calendar days of the date its operations in the city cease, a financial statement, certified by the chief financial officer of the licensee, showing the gross revenues received by the licensee since the end of the previous fiscal year. Adjustments shall be made at that time for license fees due to the date that the licensee's operations ceased.

(j) The licensee's use of city private property for the placement or attachment of equipment used in the provision of cable services (e.g., generators, power supply units, concrete environmental closures (CEC), etc.) shall be in accordance with city policies and procedures.
(Ord. No. 11936, § 3, 6-8-00)

Sec. 11-17. Reports and records.

(a) The licensee shall submit reports to the city quarterly according to the following schedule: January through March are due on or before April 25; April through June are due on or before July 25; July through September are due on or before October 25; and October through December are due on or before January 25 of each year. The quarterly report shall include, but not be limited to:

(1) Number of homes passed, number of cable plant miles, number of new installs, number of disconnects, and net result of new installs and disconnects.

(2) Customer service and repair telephone statistics, broken down by month, indicating the number of calls received, number of calls abandoned, number of calls receiving a busy signal, percentage of total calls for which a busy signal was received, average duration of each call handled by a customer service representative, average length of time each caller waits before speaking directly to a customer service representative and number of customer service representatives staffed to handle telephone calls.

(3) To the extent compiled by the licensee in the normal course of its business, statistics by month for the number of total standard installations performed, number of standard installations performed within seven calendar days, number of service interruptions, number of planned service interruptions, number of service interruptions by day part (1:00 a.m. to 6:00 a.m., 6:00 a.m. to 6:00 p.m., 6:00 p.m. to 1:00 a.m., or, upon request of the city, based on shorter measurement intervals as licensee has available), number of service interruptions by duration, number of service interruptions responded to within 24 hours, number of other service problems responded to within 36 hours, preventative measures to reduce or eliminate service interruptions, and any other information which may be reasonably required to monitor the licensee's compliance with this chapter. A licensee may comply with the requirements of this subsection by providing to the city a copy of the actual complaint and/or service interruption log(s) kept by licensee.

(4) Revenue information, including, but not limited to: number of subscribers for each type of cable service offered, and the gross revenue from all sources attributable to the operations of the cable system by the licensee, its parent, affiliate or subsidiary in the city, stating separately by category each source and the amount of revenue attributable thereto.

(b) Within six months of the close of its fiscal year, the licensee shall provide an annual report to the city that includes the following information:

(1) A summary of the activities of the previous year in development of the system, including but not limited to, products and services, video and nonvideo, initiated or discontinued, policy changes enacted during the previous year, number

of cable subscribers for each tier or type of service or product (including gains and losses), homes passed, and miles of cable distribution plant in service. The summary shall also include a comparison of any construction, including system upgrades, during the year with any projections previously provided to the city, as well as rate and charge increases and/or decreases for the previous fiscal year. The report shall provide a comparison to other systems operated by licensee, its parent, affiliate, or subsidiary sufficient to determine licensee's compliance with its obligation pursuant to this chapter and the license agreement.

(2) An annual financial report to include a statement of sources of revenues for the licensee, or the smallest operational unit closest to the level of the licensee for which data is available, and licensee's parent; provided that the city may request, in writing, and licensee shall provide, additional information at the system or license level, as reasonably necessary. The licensee shall provide an audited financial report if licensee has a report in its normal course of business. If not, the statements shall be certified by the chief financial officer of the licensee. The financial report shall include notes to the financial statements that specify all significant accounting policies and practices upon which it is based.

(3) Where applicable, a copy of updated maps depicting the location of all trunk lines and feeder lines and associated devices in the city to the extent such locations have changed. Upon request of the city, such maps shall be provided in digitized form at the expense of the licensee.

(4) A summary of written subscriber or resident complaints, identifying the number and nature of complaints and their disposition, including an annual summary of statistics provided in the quarterly report. Where complaints involve recurrent system problems, the nature of each problem and the corrective measures taken shall be identified. More detailed information concerning complaints shall be submitted upon written request of the city.

(5) Upon written request, a summary of the number of service interruptions, number of planned service interruptions, and number of service interruptions by duration, along with preventative measures to eliminate reoccurrence.

(6) Upon written request, if the licensee is a corporation, a list of officers and members of the board of directors; the officers and members of the board of directors of any parent corporation; and if the licensee or parent corporation stock or ownership interests are publicly traded, a copy of its most recent annual report.

(7) Upon written request, if the licensee is a partnership, a list of the partners, including any limited partners, and addresses; and if the general partner is a corporation, a list of officers and members of the board of directors or the corporate general partner, and the officers and directors of any parent corporation; and where the general partner or parent corporation ownership interests are publicly traded, a copy of its most recent annual report.

(8) Upon written request, a list of all persons holding five percent or more ownership or otherwise cognizable interest in the licensee pursuant to the Cable Act and 47 CFR 76.501.

(9) A copy of the rules and regulations of the licensee applicable to subscribers of the cable system.

(10) A report on the number of senior citizen, economically disadvantaged or disabled subscribers receiving any rate discounts pursuant to subsection 11-20(a) hereof, and the amount of any such discounts for specific services if licensee offers separate rates or discounts for those categories of subscribers.

(11) A report on the number of multiple dwelling buildings and units therein receiving service under bulk agreements pursuant to subsection 11-20(a) hereof.

(12) A full schedule and description of services, service hours and location of the customer service office of the licensee or offices available to subscribers, and a schedule of all rates, fees and charges for all services provided over the cable system.

(13) Upon written request, a report on the number of total subscribers served by the licensee in the cable system, with a breakdown by the types of services received by the subscribers.

(14) Upon written request, a report on the number of personnel employed by the licensee by area of responsibility, including any ethnic reporting pursuant to equal employment opportunity commission requirements.

(c) Upon each written request by the city made not more than once annually, a licensee shall within 45 calendar days of receipt of the request, provide the following documents to the city, without regard to whether the documents are filed by the licensee or an affiliate:

(1) Annual financial report of the licensee or its parent or any affiliate of licensee which controls licensee and issues an annual financial report.

(2) Copyright filings reflecting the operation of the system;

(3) Any pleadings, petitions, applications, communications, reports and documents (collectively referred to as "filings") submitted within the previous 12 months by or on behalf of the licensee to the FCC, SEC or any state or federal agency, court or regulatory commission which filings may adversely impact the operation of the cable system of the licensee in the city or that may impact the rights or obligations of the city under this chapter or the license agreement issued pursuant to this chapter and any and all responses, if any, to the above mentioned filings.

(4) Any and all notices of deficiency, forfeiture, or documents instituting any investigation, civil or criminal proceeding issued by any state or federal agency regarding the system, licensee, or any affiliate of licensee, provided, however, that any such notice or documents relating to an affiliate of licensee need be provided only to the extent the same may directly or indirectly affect or bear on operations of the licensee in the city. For example, a notice that an affiliate which has a management contract for the city's system was not in compliance with FCC EEO requirements would be deemed to affect or bear on operations in the city.

(5) A copy of any cable licenses or franchises entered into by licensee, its parent, affiliate or subsidiary. A licensee shall provide a copy of such documents as soon as reasonably possible but no later than within 30 calendar days of such request.

(d) Notwithstanding anything to the contrary, the licensee agrees to provide the city, within ten calendar days of filing or receipt of such, any document that may, in the reasonable judgment of the licensee, adversely impact the construction, operation or maintenance of the cable system of the licensee.

(e) The licensee shall furnish to the city such additional reports as a licensee may prepare as a customary business practice with respect to its operations, which in the discretion of the city manager are reasonable and necessary for the administration and/or enforcement of this chapter.

(f) Within ten calendar days of filing by licensee, its parent, subsidiary, or affiliate, licensee shall provide notice to the city manager of any petitions, filings, reports and correspondence filed with any federal, state, or local agencies or courts, which may, in the reasonable judgment of the licensee, adversely affect city and/or subscribers with regard to the chapter or a license agreement, including, but not limited to, any request for protection under bankruptcy laws, or any judgment related to a declaration of bankruptcy. In any administrative or legal proceeding in which licensee is a party, licensee

shall provide a copy of any filed document, upon written request of the city, within five calendar days. To the extent the city desires and may properly participate in the proceeding, licensee agrees that it will not oppose any necessary extension or tolling of time which may allow the city's participation in said matter. However, the licensee may oppose or object to any extension of time that exceeds the period of time used by licensee to provide a copy of the requested filing to the city.

(g) A licensee shall make a complete set of books and records available for inspection, copying and audit by the city in Miami-Dade county, for purposes of ascertaining compliance with requirements of this chapter and the license agreement, subject to subsection (h) below. Such inspection, copying and audit shall be upon reasonable notice and during normal business hours.

(h) The city shall accord all books and records that it inspects under this section the degree of confidentiality such books and records are entitled to under federal and state law. A licensee's books and records shall not constitute public records, except to the extent required by federal and state law. To the extent a licensee considers any books or records that it is required to produce to be confidential or otherwise protected from public disclosure, licensee shall designate which documents it views as protected and provide a written explanation to the city of the legal basis for licensee's claim of protection.

(i) Notwithstanding anything to the contrary in this section, within 30 calendar days of the third annual anniversary of the effective date of a license agreement and no more often than every two years thereafter, the licensee shall upon written notice of the city, submit a report to the city, in a form reasonably acceptable to the city, discussing technological advances and other information necessary to evaluate licensee's compliance with state-of-the-art obligations under a license agreement or this chapter, except as otherwise set forth in a license agreement.
(Ord. No. 11936, § 3, 6-8-00)

Sec. 11-18. Customer service requirements.

(a) A licensee shall at a minimum maintain all parts of its system in good condition and in accordance with FCC standards. Sufficient employees shall be retained to provide safe service for all of its customers and facilities as set forth in this chapter and a license agreement. The customer service requirements set forth herein are applicable to all services subject to the chapter. Licensee's failure to comply with this subsection shall result in a refund order in the amount of a subscriber's monthly bill, and a fine in the amount of $525.00, per violation, per day or part thereof that the violation continues.

(b) A licensee shall maintain at least two conveniently located business offices and/or service centers within the city limits, unless licensee offers free pick-up and delivery of rental equipment, in which case licensee shall maintain at least one such location. This business office shall be open at minimum from 8:00 a.m. to 6:00 p.m., Monday through Friday, and 8:30 a.m. to 5:00 p.m. on Saturday. Further, licensee shall locate, staff, operate and maintain said office(s) so as to provide all subscribers, including but not limited to those subscribers who may be elderly, disabled or otherwise impaired, with access to its office. The office shall make available for all customers 1) parking within reasonable proximity of the office and 2) sufficient covered waiting areas and adequate seating capacity in an air-conditioned space. Such office must have adequate counter personnel to keep wait time to an average of ten minutes or less. Licensee's failure to comply with this subsection, under normal operating conditions, shall result in a fine in the amount $315.00 per violation, per day or part thereof that the violation continues.

(c) Licensee shall maintain a listed local, toll-free telephone number under the name by which licensee is doing business in the city, and employ a sufficient number of telephone lines, personnel and answering equipment or service to allow reasonable access by subscribers and members of the public to contact the licensee on a full-time basis, 24 hours per day, seven calendar days per week including holidays. Knowledgeable, qualified licensee representatives shall be

available to respond to customer telephone inquiries, 24 hours per day, seven days per week including holidays in, at minimum, English, Spanish and Creole languages. Licensee's failure to comply with this subsection shall result in a refund order in the amount of a subscriber's monthly bill, and a fine in the amount of $315.00, per violation, per day or part thereof that the violation continues.

(d) Licensee shall answer all customer service and repair telephone calls made under normal operating conditions within 30 seconds, including wait time and within an additional 30 seconds to transfer the call. Customers shall receive a busy signal less than three percent of the time. These standards shall be met no less than 90 percent of the time under normal operating conditions except for the period from 12:00 a.m. to 6:00 a.m., where a licensee and the city have mutually agreed in writing to an alternative standard measured on a quarterly basis. Licensee shall employ automatic call distribution technology, or its equivalent, to compile and generate the information required to establish compliance with these standards. Licensee's failure to comply with this subsection shall result in a fine in the amount of $315.00 per violation, per day or part thereof that the violation continues.

(e) A licensee shall employ and maintain sufficient qualified personnel and equipment to be available to:

(1) Accept payments;

(2) Exchange or accept converters or other equipment;

(3) Receive subscriber complaints or requests for service or repairs on a full-time basis, 24 hours per day, seven days per week;

(4) Initiate service installations, undertake normal repairs, initiate action with respect to any subscriber service complaints within 24 hours;

(5) Enable a service technician to respond to service calls 24 hours per day, seven days a week including holidays when more than 25 subscribers served from the same nearest active electronic device, such as an amplifier or node, call with the similar complaint.

Licensee's failure to comply with this subsection shall result in a fine in the amount of $315.00 per violation, per day or part thereof that the violation continues.

(f) Licensee must meet each of the following standards no less than 95 percent of the time under normal operating conditions as measured on a quarterly basis:

(1) Standard installation work shall be performed within seven calendar days after an order has been placed except in those instances where a subscriber specifically requests an installation date beyond the seven calendar day period. If scheduled installation is neither started nor completed as scheduled, the subscriber shall be telephoned by an employee of the licensee the same day. Evening personnel shall also attempt to call subscribers at home between the hours of 5:30 p.m. and 8:00 p.m. on the day prior to any appointment as a reminder of scheduled installation work. If the call to the subscriber is not answered, an employee of the licensee shall telephone the subscriber the next day.

(2) Licensee shall respond to service interruptions promptly and in no event later than 24 hours after the interruption becomes known to licensee. Other service problems shall be responded to promptly and in no event later than 48 hours after the problem becomes known to licensee. All service interruptions, and service problems within the control of licensee, shall be corrected within 48 hours after receipt of a complaint.

(3) The appointment window alternatives made available for installations, service calls, repairs, and other installation activities shall be either a specific time, a four-hour time block during normal business hours, or at the election and discre-

tion of the subscriber, "all day." These options shall be clearly explained to the customer at the time of scheduling.

(4) Licensee may not cancel an appointment with a subscriber after the close of business on the business day prior to the scheduled appointment.

(5) If at any time an installer or technician is running late for a scheduled appointment, an attempt to contact the customer shall be made and the appointment rescheduled as necessary at a time which is convenient for the customer.

(6) Licensee's failure to comply with this subsection shall result in a bill credit in an amount prorated on a daily basis, with a minimum of one day, and a fine in the amount of $315.00, per violation, per day or part thereof that the violation continues.

(g) Subscribers who have experienced two missed installation or service appointments due to the fault of licensee shall receive installation free of charge. If the installation was to have been provided free of charge or if the appointment was for service or repair, the subscriber shall receive a credit on the next bill of not less than $20.00. Licensee's failure to comply with this subsection shall result in a fine in the amount of $105.00 per violation, per day or part thereof that the violation continues.

(h) Disconnection.

(1) Voluntary disconnection.

a. A subscriber may terminate service at any time.

b. A licensee shall promptly disconnect any subscriber who so requests from the cable system of the licensee. No period of notice prior to voluntary termination of service may be required of subscribers by any licensee. So long as the subscriber returns equipment within five business days of the disconnection, no charge may be imposed by any licensee for such voluntary disconnection, or for any cable services delivered after the date of disconnect request.

c. A subscriber may be asked, but not required, to disconnect the equipment of the licensee and return it to the business office, subject to subsection b. above.

d. Any security deposit and/or other funds due the subscriber shall be refunded on disconnected accounts after any customer premises equipment including all converters but excluding wiring have been recovered by the licensee. The refund process shall take a maximum of 45 calendar days from the date equipment is returned to licensee to the date the customer receives the refund.

(2) Involuntary disconnection. If a subscriber fails to pay a monthly subscriber or other fee or charge, the licensee may disconnect the service outlet of the subscriber; however, such disconnection shall not be effected until 35 calendar days after the due date of the monthly subscriber fee or other charge, and ten calendar days advance written notice of intent to disconnect to the subscriber in question. If the subscriber pays within 35 calendar days of the due date and after notice of disconnection has been given, the licensee shall not disconnect. After disconnection, upon payment by the subscriber in full of all proper fees or charges, including the payment of the reconnection charge, if any, the licensee shall reinstate service as soon as practicable. Licensee reserves the right to deny service to any customer who has been repeatedly disconnected for non-payment of services to the extent such rights are consistent with applicable state and federal law.

(3) With respect to any disconnection, whether requested or involuntary, a licensee shall comply with the rules and regulations of the FCC and applicable law with respect to ownership, sale,

removal and abandonment of home wiring. Failure to comply with such rules including, but not limited to providing applicable notice to subscribers and property owners shall be considered a violation of this chapter.

(4) Licensee's failure to comply with this subsection shall result in a fine in the amount of $315.00 per violation, per day or part thereof that the violation continues.

(i) Licensee shall intentionally interrupt service only for good cause and for the shortest time possible and shall use its best efforts to minimize the number of service interruptions between 6:00 p.m. and 11:00 p.m. Licensee shall maintain a written log for all intentional service interruptions and all other service interruptions. Licensee's failure to comply with this subsection shall result in a fine in the amount of $315.00 per violation, per day or part thereof that the violation continues.

(j) Licensee shall notify the city manager or designee immediately if a service interruption affects fifty or more subscribers for a time period greater than one hour. The city manager, in his or her discretion, shall establish appropriate methods for the notification required herein, including any procedures for notification after normal business hours. Licensee's failure to comply with this subsection shall result in a fine in the amount of $210.00 per violation, per day or part thereof that the violation continues.

(k) Licensee shall cause all of its field employees to wear a picture identification badge indicating employment by licensee. This badge shall be clearly visible to the public. All company vehicles shall display the company name, telephone number and logo, if any, in a manner clearly visible to the public. Contractor vehicles shall display the contractor name, telephone number, contractor license number, if applicable, as well as the cable operator's name. Licensee's failure to comply with this subsection shall result in a fine in the amount of $210.00 per violation, per day or part thereof that the violation continues.

(l) A licensee shall develop written procedures for the investigation and resolution of all subscriber or city resident complaints, including, but not limited to, those regarding the quality of service and equipment malfunction, which procedures shall be subject to the review and approval by the city manager. A subscriber or city resident who has not been satisfied by following the procedures of the licensee may file a written complaint with the office of the city manager, who shall investigate the matter and, in consultation with the licensee as appropriate, attempt to resolve the matter. The good faith or lack thereof of the licensee in attempting to resolve subscriber and resident complaints in a fair and equitable manner shall be considered in connection with the renewal application of the licensee. Licensee shall maintain a complete list of all complaints not resolved within three calendar days of receipt and the measures taken to resolve those complaints. This list shall be compiled in a form to be approved by the city. It shall be compiled on a monthly basis. The list for each calendar month shall be supplied to the city no later than the 15th day of the next month. Licensee shall also maintain a list of all complaints received, which list shall be provided to the city within three calendar days of request by the city manager or designee, as part of an inquiry by the city regarding licensee's compliance with this section. Licensee's failure to comply with this subsection shall result in a fine in the amount of $525.00 per violation, per day or part thereof that the violation continues.

(m) Licensee shall permit the city designee to inspect and test the technical equipment and facilities of the system upon reasonable notice not to be less than 72 hours, except in an emergency. Licensee's failure to comply with this subsection shall result in a fine in the amount of $525.00 per violation, per day or part thereof that the violation continues.

(n) Licensee shall abide by the following requirements governing communications with customers, bills and refunds:

(1) Each licensee shall provide to subscribers written information in each of the following areas at the time of installa-

tion, at least once annually, and at any future time upon request by the subscriber:

a. How to use the cable service;

b. Installation and service maintenance policies;

c. All products and services offered;

d. Prices and service options;

e. Channel positions of programming carried on the system;

f. The procedures of the licensee for the receipt and resolution of customer complaints, the address of the licensee and telephone number to which complaints may be reported, and the hours of operation;

g. The telephone number and address of the city, and as required by county ordinance, the county office designated to handle cable complaints and inquiries shall be printed on the back of the bill. The information shall be placed so as to not be confused with similar information for licensee or the county;

h. The availability and costs of a "lock-out" device and other parental control mechanisms;

i. The information of the licensee, collection, and disclosure policies for the protection of the privacy of the subscriber.

j. Licensee's failure to comply with this subsection shall result in a fine in the amount of $210.00 per violation, per day or part thereof that the violation continues.

(2) In addition, each licensee shall provide written notice in its monthly billing, at the request of the city, of any events or public service announcements. The city shall make such a request in writing, with reasonable notice prior to the mailing of any billing by licensee, such that licensee's regular billing cycle shall not be interrupted. City shall pay printing costs and incremental postage expenses for said notices. Licensee's failure to comply with this subsection shall result in a fine in the amount of $525.00 per violation, per day or part thereof that the violation continues.

(3) Licensee bills shall be clear, concise and understandable to subscribers. Licensee's failure to comply with this subsection shall result in a fine in the amount of $210.00 per violation, per day or part thereof that the violation continues.

(4) Credits for service shall be issued no later than the next billing cycle of the customer following the determination that a credit is warranted. Licensee's failure to comply with this subsection shall result in a fine in the amount of $210.00 per violation, per day or part thereof that the violation continues.

(5) A licensee shall provide subscribers, the city commission, and the city manager with at least 30 calendar days advance written notice of any changes in rates, charges, channel lineup, or initiations or discontinuations or changes of service or services offered over the cable system whenever practicable. Licensee's failure to comply with this subsection shall result in a fine in the amount of $210.00 per violation, per day or part thereof that the violation continues.

(o) Upon a subscriber's request, a licensee shall provide a credit to the account of the subscriber, prorated on a daily basis, with a minimum of one day, for any period of two hours or more within a 24 hour period during which a subscriber experienced an interruption of service or substantial impairment of service, whether due to a system malfunction or other cause within the licensee's control. No refunds shall be due for service interruptions directly related to a rebuild, upgrade or routine maintenance of the cable system which is planned, noticed properly to the city and subscribers, and occurs during a time other than between 6:00 p.m. and 11:00 p.m. and lasts for four hours or less. Licensee's failure to comply with this subsection shall

result in a fine in the amount of $315.00 per violation, per day or part thereof that the violation continues.

(p) Billing.

(1) The first billing statement of the licensee after a new installation or service change shall be pro-rated as appropriate and shall reflect any security deposit.

(2) The billing statement of the licensee must be fully itemized, with itemizations including, but not limited to, basic and premium service charges and equipment charges. Invoices shall also clearly delineate all activity during the billing period, including optional charges, rebates and credits.

(3) Any balance not received within ten calendar days after the due date may be assessed an administrative charge not to exceed the average actual fixed and variable cost to administer a delinquent account, subject to applicable law, except that a late charge of not more than five dollars shall be presumed to comply with this subsection. The charge shall appear on the billing statement of the following month. In the event it is determined that a licensee has assessed a late fee in violation of this section, licensee shall pay to subscribers that amount which is ordered by a governmental or judicial body which has properly asserted jurisdiction. Subscribers shall not be charged an administrative fee, a late fee or otherwise penalized for any failure by the licensee, its employees, or contractors, including failure to timely or correctly bill the subscriber, or failure to properly credit the subscriber for a payment timely made.

(4) The licensee must notify the subscriber that payment can be remitted in person at the office of the licensee in the city and inform the subscriber of the address of that office where payment can be made.

(5) Licensee's failure to comply with this subsection shall result in a fine in the amount of $315.00 per violation, per day or part thereof that the violation continues.

(q) Except as incident to a rebuild of the cable system, a licensee may not substantially alter the service being provided to a subscriber (including by retiering, restructuring a tier or otherwise) without the express permission of such subscriber, unless it complies with this subsection.

(1) If a licensee wishes to alter the service being provided to a subscriber (including by retiering, restructuring a tier or otherwise) in such a way that the subscriber shall no longer be able to obtain the same package of services, then the licensee must provide the subscriber with 30 calendar days notice of such alteration, explain the substance and the full effect of the alteration, and provide the subscriber the right within the 30-day period following notice, to opt to receive within the same 30 calendar days any combination of services offered by the licensee.

(2) Except as provided under applicable federal, state, or local law, no charge may be made for any service or product which the subscriber has not affirmatively indicated, in a manner separate and apart from payment of the regular monthly bill, that the subscriber wishes to receive.

(3) Licensee's failure to comply with this subsection shall result in a fine in the amount of $315.00 per violation, per day or part thereof that the violation continues.

(r) If the city reasonably questions a licensee's compliance with any provision of this section, the city may request that the licensee certify in writing to the city, based upon internal due diligence by the licensee, that to the best of knowledge of the licensee it is in compliance with the standards set forth in this section; provided, however, that the city specifically shall identify the performance of licensee that is questioned, and requests certification not more often than semi-annually. At the request of the city, in the

event of a discrepancy between the reports provided to the city pursuant to this section and the certification required herein, the licensee shall submit such documentation as may be required to demonstrate compliance with this section. This documentation shall be submitted within 30 calendar days of the receipt by the licensee of the city's request.

(s) Responsibility for the administration of this chapter, and any license granted pursuant to this chapter, and for the resolution of all complaints against a licensee regarding the quality of service, equipment malfunctions, and related matters, including the authority to order refunds or fines, is hereby delegated to the city manager, who is empowered, among other things, to settle, or compromise any controversy arising from operations of the licensee, on behalf of the city, in accordance with the best interests of the public. In cases where requests for service have been ignored or in cases where the service provided is unsatisfactory for whatever reason, the city manager or designee, hereafter referred to jointly as city manager, shall have the power to require the licensee to provide service, if in the opinion of the city manager or designee such request for service is reasonable. Any person aggrieved by a decision of the city manager, including the licensee, may appeal the matter to the city commission for hearing and determination. The city commission may accept, reject or modify the decision of the city manager. No adjustment, settlement, or compromise, whether instituted by the city manager or by the city commission shall be contrary to the provisions of this chapter or any license agreement issued pursuant to this chapter, and neither the city manager nor the city commission, in the adjustment, settlement, or compromise of any controversy shall have the right or authority to add to, modify or delete any provision of this chapter or of the license, or to interfere with any rights of subscribers or any licensee under applicable federal, or state law or private contract.

(t) (1) In addition to the powers delegated in subsection 11-18(s) above, the city manager shall have the authority to order credits from a licensee to individual cable subscribers who have submitted a written complaint to the city and to assess fines against a licensee for any violation of this chapter or any license issued pursuant to this chapter, which fines shall be paid to the city.

(2) In ordering credits to cable subscribers, the city manager shall be governed as set forth throughout this section, in which the refund indicated is expressed as a percentage of the monthly bill of the subscriber. The credits set forth are to be made on a per violation basis with each day of a continuing violation constituting a separate violation. The credit ordered by the city manager pursuant to this section shall not exceed 100 percent of a monthly bill of the subscriber, unless a violation has continued at least 30 calendar days from the date first reported to the licensee.

(3) The fines set forth in this section are to be assessed on a per violation basis, with each day of a continuing violation constituting a separate violation. Where a credit required by this section is not possible because service has been terminated, licensee shall issue a refund to the former subscriber for the appropriate amount, provided that the licensee can locate the former subscriber after using reasonable efforts to do so.

(4) Prior to ordering any credit and/or assessing a fine pursuant to this chapter, the city manager shall mail to the licensee a written notice, by hand delivery or certified or registered mail, of the proposed credit and/or fine, specifying the violation at issue. The licensee shall have ten calendar days from the date of receipt of the written notice to demonstrate the violation has been cured or to file a written response to the notice of the city manager describing the plan to cure. In the sole discretion of the city manager, a fine, credit or refund may be waived, if the issue has been cured or the city manager believes the issue will be cured according to the proposed plan. Written response of the licensee shall be signed

by management level personnel of licensee and all statements contained therein shall be regarded as material representations of the licensee to the city.

(5) Prior to ordering a credit, refund and/or assessing a fine, the city manager shall consider any justification or mitigating factor advanced in the written response of the licensee, including but not limited to rebates or credits to the subscriber or a cure of the violation. The city manager may, after consideration of the response of the licensee, waive or reduce any proposed credit, refund and/or fine. In the case of a complaint from a single subscriber or a violation of this chapter or any license issued pursuant to this chapter in which only a single subscriber has been affected, the city manager may not assess any fine if the licensee has reasonably resolved the complaint or cured the violation within a reasonable time frame not to exceed ten calendar days. However, said subscriber may be entitled to a credit as provided herein.

(6) Subsequent to the notice of proposed credit, refund and/or fine to licensee and consideration of the response of the licensee, if any, the city manager may issue an assessment of credit, refund and/or fine. The credit, refund and/or fine shall be paid within 30 calendar days of written notice to the licensee. If said credit, refund and/or fine is not paid by licensee in the next bill cycle or within such 30-day period, as the case may be, the city may, at its discretion, withdraw immediately the amount thereof from the security fund. Upon such withdrawal, the city shall notify licensee of the withdrawal amount, after which licensee shall have ten calendar days from the date of such notice to deposit in the security fund an amount sufficient to restore the security fund to the amount specified in the license agreement. This credit, refund and/or fine shall constitute liquidated damages to the subscriber and city for the violation and the city may enforce payment of the credit, refund and/or fine in any court having jurisdiction. It is the intent of the city to determine fines as a reasonable estimate of the damages suffered by the city and/or its subscribers, whether actual or potential, and may include without limitation, increased costs of administration and other damages difficult to measure.

(7) Licensee may appeal any decision of the city manager directly to the city commission within 30 calendar days of notice of the decision to the licensee.

(8) Intentional misrepresentation by a licensee in any response to a notice of proposed credit, refund and/or fine, whether oral or written, shall be considered a material breach of the license agreement, subject to a penalty of no less than $5,250.00 in liquidated damages to the city, and shall be grounds for license revocation.

(9) In addition to complying with the customer service standards set forth in this chapter or in any license issued pursuant to this chapter, a licensee shall, at minimum, comply with all customer service standards applicable to cable systems of the FCC and any other applicable federal, state or county law concerning customer service standards, consumer protection, and unfair or deceptive trade practices.

(10) The city expressly reserves the right to consider violations of the customer service requirements in evaluating any renewal, modification or transfers of any license agreement.

(Ord. No. 11936, § 3, 6-8-00; Ord. No. 13142, § 6, 2-11-10)

Sec. 11-19. Subscriber privacy.

(a) A licensee shall at all times protect the privacy of all subscribers to the full extent required by section 631 of the Cable Act, 47 U.S.C. § 551, and state law. A licensee shall not condition subscriber or other service on the grant of permission of the subscriber to disclose information which, pursuant to federal or state

law, cannot be disclosed without the explicit consent of the subscriber. No penalties or extra charges may be invoked by the licensee for a failure of the subscriber to grant consent.

(b) Unless otherwise permitted by federal or state law, neither the licensee nor its agents or employees shall, without the prior and specific written authorization of the subscriber involved, sell, or otherwise make available for commercial purposes the names, addresses or telephone numbers of any subscriber or subscribers, or any information which identifies the individual viewing habits of any subscriber or subscribers.
(Ord. No. 11936, § 3, 6-8-00)

Sec. 11-20. Discrimination prohibited.

(a) No licensee may, in its rates or charges, or in the availability of the services or facilities of its system, or in any other respect, make or grant undue preferences or advantages to any subscriber, potential subscriber, or group of subscribers or potential subscribers, nor subject any such persons or group of persons to any undue prejudice or any disadvantage. A licensee shall not deny, delay, or otherwise burden service or discriminate against subscribers or users on the basis of age, race, creed, religion, color, sex, handicap, national origin, marital status, or political affiliation, except for discounts for senior citizens, the economically disadvantaged or disabled that are applied in a uniform and consistent manner. A licensee may also offer bulk discounts to multiple dwelling buildings to the extent such discounts are otherwise permissible by law.

(b) A licensee shall not deny cable service to any potential subscriber because of the income of the residents of the area in which the subscriber resides.

(c) A licensee shall not refuse to employ, nor discharge from employment, nor discriminate against any person in compensation or in terms, conditions or privileges of employment because of age, race, creed, religion, color, sex, disability, national origin, marital status, or political affiliation. The licensee shall comply with federal, state and local laws and regulations governing equal employment opportunities, as the same may be from time to time amended.
(Ord. No. 11936, § 3, 6-8-00)

Sec. 11-21. Use of streets.

(a) A licensee shall, at all times, comply with other applicable provisions of this Code, or as such may hereafter be amended.

(b) Any pavements, sidewalks, curbing or other paved area taken up or any excavations made by a licensee shall be done under the supervision and direction of the city under permits issued for work by the proper officials of the city, and shall be completed in such manner as to give the least inconvenience to the inhabitants of the city. A licensee shall, at its own cost and expense, and in a manner approved by the city, replace and restore any such pavements, sidewalks, curbing or other paved areas in as good a condition as before the work involving such disturbance was done, and shall also prepare, maintain and provide to the city's resilience and public works department full and complete plats, maps and records showing the exact locations of its facilities located within the public streets, ways, and easements of the city. A construction plan with strand maps is required 30 calendar days prior to commencement of construction in a particular area.

(c) A licensee shall, at its expense, protect, support, temporarily disconnect, relocate, or remove, any of its property when required by the city by reason of traffic conditions, public safety, street construction, street resurfacing or widening, change of street grade, installation of sewers, drains, water pipes, power lines, signal lines, tracks, or any other type of municipal or public utility improvements.

(d) A licensee shall, on the request of any person holding a building moving permit issued by the city, temporarily raise or lower its wires to permit the moving of buildings. The expense of such temporary removal or raising or lowering of wires shall be paid by the person requesting same, and the licensee shall have the authority to require such payment in advance, except in the case where the requesting person is the city or other government agency, in which case no

such payment shall be required. The licensee shall be given not less than five calendar days advance notice to arrange for such temporary wire changes.

(e) A licensee shall, upon notice to the city of not less than seven calendar days, emergency situations excepted, have the authority to trim the trees or other natural growth upon and overhanging the streets so as to prevent the branches of such trees from coming in contact with the wires, cables and other equipment of the licensee, except that, at the option of the city, such trimming may be done by it or under its supervision and direction at the expense of the licensee.

(f) A licensee shall use, with the permission of the owner, existing underground conduits (if applicable) or overhead utility facilities whenever and wherever practicable as determined by the city, provided that nothing herein shall constitute a waiver of licensee's obligations under other applicable sections of the Code. Copies of agreements between a licensee and third party for use of conduits or other facilities shall be filed with the city, provided that the licensee shall have the right to redact proprietary and confidential information in such agreements as it pertains to financial arrangements between the parties.

(g) All wires, cable lines, and other transmission lines, equipment and structures shall be installed and located to cause minimum interference with the rights of property owners. The city may issue such rules and regulations concerning the installation and maintenance of a cable system installed in, on, or over the streets, as may be consistent with this chapter and the license agreement.

(h) All safety practices required by law shall be used during construction, maintenance and repair of a cable system. A licensee shall not place facilities, equipment or fixtures where any gas, electric, telephone, water, sewer or other utility facilities shall interfere, or obstruct or hinder in any manner the various utilities serving the residents of the city.

(i) A licensee shall, at all times:

(1) Install and maintain its wires, cables, fixtures and other equipment in an orderly and workmanlike manner and in accordance with the requirements of federal, state, county and city laws, as well as the South Florida Building Code and Electrical Safety Ordinances and any other applicable building or electrical safety code, and all other applicable rules, regulations, and orders, as they may be hereinafter amended or enacted, and in such manner that the installations of the city shall not receive interference.

(2) Keep and maintain in a safe, suitable, substantial condition, and in good order and repair, all structures, lines, equipment, and connections in, over, under, and upon the streets, sidewalks, alleys, and public ways or places of the city, wherever situated or located.

(j) On streets where both electrical and telephone utility wiring are located underground, either at the time of initial construction of a cable system or at any time thereafter, the cable of a licensee shall also be located underground at the expense of the licensee, consistent with chapter 54 of this Code, as amended. Between a street and a residence of a subscriber, the cable of the licensee must be located underground if both electrical and telephone utility wiring are located underground. The city shall encourage, to the extent feasible, that the public utility and the licensee cooperate in opening of trenches and making such trenches available to all parties with the understanding that the costs of opening and refilling of such trenches would be shared equally by all users of such trenches.

(k) In the event the use of any part of a cable system is discontinued for any reason for a continuous period of six months, or in the event such system or property has been installed in any street without complying with the requirements of this chapter or a license agreement, or the license has been terminated, canceled, or expired, the licensee, within 30 calendar days

after written notice by the city, shall commence removal from the streets of all such property as the city may require.

(l) The city may extend the time for the removal of equipment of the licensee and facilities for a period not to exceed 180 calendar days, and thereafter such equipment and facilities may be deemed abandoned.

(m) In the event of such removal or abandonment, the licensee shall restore the area to as good a condition as prior to such removal or abandonment.

(n) All licensee cable system distribution devices to be located on streets or private city property shall be installed, pursuant to this Code, in such a way as to eliminate or minimize any potentially adverse impact. All proposed locations shall be reviewed by the city manager's office or its designated city department to ensure compliance with these and all other applicable policies and procedures relating to the placement of distribution devices on streets or city private property. Proposed locations may require review and approval by various city departments, as appropriate.

(o) In no case shall distribution devices be placed in the following locations:

(1) Within scenic transportation corridors.

(2) Within historical preservation districts.

(3) Within a specified 25-foot corner visibility triangle.

(4) Within a specified ten-foot driveway visibility triangle.

(5) Within 15 feet of any fire hydrant, fire callbox, police callbox, or other emergency facility.

(p) The city may require that these distribution devices located on streets and city private property be installed with the following:

(1) Landscaping.

(2) Visual screening.

(3) Fencing, barriers, or other security features.

When required, the licensee shall ensure that all landscaping, visual screening, fencing, barriers, or other security features are compatible with the characteristics of the surrounding landscape and architectural features and require minimal maintenance. The city shall not unreasonably require landscaping, visual screening, fencing, barriers, or other security features that are inconsistent with the character of the immediate area in which the distribution devices are to be installed.

Recognizing that even minimal landscaping, visual screening, fencing, barriers, or other security features may be susceptible to overgrowth, disease, decay and disrepair, the city shall require the licensee to maintain and/or repair/replace this landscaping, visual screening, fencing, barriers, or other security features.

(q) Placement of distribution devices on city private property shall conform to all city Charter, Code, and administrative requirements.
(Ord. No. 11936, § 3, 6-8-00; Ord. No. 13792, § 1, 10-11-18; Ord. No. 14138, § 4, 2-9-23)

Sec. 11-22. Enforcement remedies.

(a) In addition to any other remedies available at law or in equity, except as otherwise specifically provided in this chapter, or in any license agreement, the city may impose a fine in the amount of $500.00 per violation per day or part thereof for any violation of this chapter.

(b) In addition to any other remedies available at law or in equity or provided in this chapter or in any license agreement, the city may apply any one or combination of the following remedies in the event a licensee violates this chapter, its license agreement, applicable state or federal law, or applicable local law or order:

(1) Revoke the license pursuant to the procedures specified in section 11-25 hereof.

(2) In addition to or instead of any other remedy, the city may seek legal or equitable relief from any court of competent jurisdiction.

(c) Before imposing any fine pursuant to this section or any other section herein, the city shall give licensee written notice of the violation and its intention to assess such damages, which notice shall contain a specific description of the alleged violation. Following receipt of such notice, licensee shall have 30 calendar days to cure the violation, or to reach agreement with city manager or designee on a program to cure the violation, and the city shall make good faith reasonable efforts to assist the licensee in resolving the violation. If the violation is not cured, or an agreement to cure is not reached, within that 30 day period, the city may collect all fines owed, beginning with the date of the notice of violation by the city, either by removing such amount from the security fund or through any other means allowed by law.

(d) In determining which remedy or remedies are appropriate, the city shall take into consideration the nature of the violation, the person or persons bearing the impact of the violation, the nature of the remedy required in order to prevent further violations, and such other matters as the city determines are appropriate in the public interest.

(e) Failure by the city to enforce any requirements of a license agreement or this chapter shall not constitute a waiver of the city's right to enforce that violation or subsequent violations of the same type or to seek appropriate enforcement remedies.

(f) In any proceeding wherein there exists an issue, properly noticed by the city pursuant to the terms of this chapter, with respect to a licensee's performance of its obligations pursuant to this chapter or a license agreement, the licensee has, throughout any such proceedings and appeals thereof, the burden of proof that said licensee is in compliance with the terms of the chapter. The city commission may find a licensee that does not demonstrate compliance with the terms and conditions of this chapter in default and apply any one or combination of the remedies otherwise authorized by this chapter.
(Ord. No. 11936, § 3, 6-8-00)

Sec. 11-23. Renewal of license.

Renewal shall be conducted in a manner consistent with Section 626 of the Cable Act, 47 U.S.C. 546. To the extent such additional requirements are consistent with applicable law, the following requirements shall apply:

(a) Upon completion of the review and evaluation process set forth in Section 626(a)(1), (2) of the Cable Act, 47 U.S.C. 546, should that process be invoked, the city shall notify the licensee, by certified or registered mail that it may file a formal renewal application including a renewal proposal. The notice shall specify the minimum information to be included in the renewal application and the deadline for filing the application, which shall be no earlier than thirty (30) calendar days following the date of the notice.

(1) The application shall comply with the requirements of section 11-8 hereof and provide the specific information requested in the notice or such other information as is designated by the city in the notice requesting a formal renewal proposal. If the licensee does not submit a formal renewal application by the date specified in the notice to the licensee by the city, given pursuant to this subsection, the licensee shall be deemed not to be seeking renewal of its license.

(2) Upon receipt of the formal renewal application, the city shall publish notice of its receipt and make copies available to the public. The city, following public notice of no less than ten calendar days, may hold one or more public hearings on the renewal application.

(b) With regard to any renewal application, in the event a public hearing on such application is held, or in the event that the city commission considers such application without a public hearing, the city commission shall either:

(1) Pass a resolution agreeing to renew the license; or

(2) Pass a resolution that makes a preliminary assessment that the license should not be renewed; or

(3) In the case of an informal proposal, pass a resolution to enter into informal negotiations of a license agreement.

(c) If a preliminary assessment is made that a license should not be renewed, at the request of the licensee or on its own initiative, the city shall commence a proceeding in accordance with Section 626(c) of the Cable Act, 47 U.S.C. § 546(c) to address the issues set forth in Section 626(c)(1)(A)—(D) of the Cable Act, 47 U.S.C. § 546(c)(1)(A)—(D). Any denial of a proposal for renewal that has been submitted in compliance with subsection (b) of § 546 shall be based on one or more adverse findings made with respect to the factors described in § 546(c)(1)(A)—(D), pursuant to the record of proceedings under § 546(c). The city shall not base a denial of renewal on a failure to substantially comply with the material terms of the license under § 546(c)(1)(A) or on events considered under § 546(c)(1)(B) unless the city has provided the licensee with notice and opportunity to cure, or in any case in which it is documented that the city has waived its right to object, or the licensee gives written notice of a failure or inability to cure and the city fails to object within a reasonable time after receipt of such notice.

(d) Any request to initiate a renewal process or proposal for renewal not submitted within the time period set forth in Section 626(a) of the Cable Act, 47 U.S.C. § 546(a), or submitted within such time frame and the parties agree that the informal process shall be first initiated, shall be deemed an informal proposal for renewal and shall be governed in accordance with Section 626(h) of the Cable Act, 47 U.S.C. § 546(h). The city may hold one or more public hearings or implement other procedures under which comments from the public on an informal proposal for renewal may be received. Following such public hearings or other procedures, the city commission shall determine whether the license should be renewed and the terms and conditions of any renewal.

(e) If the city commission grants a renewal application, the city and the licensee shall agree on the terms of a license agreement, pursuant to the procedures specified in section 11-9 of this chapter, before such renewal becomes effective.

(f) If renewal of a license is lawfully denied, the city may acquire ownership of the cable system or effect a transfer of ownership of the system to another person upon approval of the city commission. Any such acquisition or transfer shall be at fair market value, determined on the basis of the cable system valued as a going concern but with no value allocated to the license itself. The city may not acquire ownership of the system while an appeal of a denial for renewal is pending in any court pursuant to the Cable Act, 47 U.S.C. § 546(e).

(g) If renewal of a license is lawfully denied and no appeal to a court is pending, and the city does not purchase the cable system or approve or effect a transfer of the cable system to another person, the city may require the former licensee to remove its facilities and equipment at the expense of the former licensee. If the former licensee fails to do so within a reasonable period of time, the city may have the removal completed at the expense of the former licensee and/or surety.
(Ord. No. 11936, § 3, 6-8-00)

Sec. 11-24. Transfer, sale, and assignment.

(a) No transfer, sale or assignment of any interest in a license shall occur without prior approval of the city.

(b) An application for a transfer, sale or assignment of any interest of a license shall meet the requirements of section 11-8 hereof, and provide complete information on the proposed transaction, including but not limited to details on the legal, financial, technical and other qualifications of the transferee, and on the potential impact of the transfer on subscriber rates and service. Except in the case of a pro forma transfer as defined in section 11-2, the application shall provide, at a minimum, the information required in section 11-8 or such other information as is specified in a license agreement in lieu of the information required in section 11-8. In addition, the applicant shall provide to the city any and all information provided to Miami-Dade County in connection with the transfer.

(c) An application for approval of a pro forma transfer of a license shall be considered granted on the 61st calendar day following the filing of such application with the city unless, prior to

that date, the city notifies the licensee to the contrary. An application for approval of a pro forma transfer of a license shall clearly identify the application as such, describe the proposed transaction, and explain why the applicant believes the transfer is pro forma. Unless otherwise requested by the city within 30 calendar days of the filing of an application for a pro forma transfer, the applicant shall be required only to provide the information required in subsections 11-8(e)(1), (3), (12) and (14) with respect to the proposed transferee.

(d) In making a determination on whether to grant an application for a transfer of a license, the city commission shall consider the legal, financial, technical and other qualifications of the transferee to operate the system; whether the incumbent cable operator is in substantial compliance with the material terms of its license agreement and this chapter and, if not, the proposed commitment of the transferee to cure such noncompliance; and whether operation by the transferee would adversely affect cable services to subscribers, or otherwise be contrary to the public interest.

(e) No application for a transfer of a license shall be granted unless the transferee, if the holder of the license, agrees in writing to abide by and accept all terms of this chapter, as amended, and the license agreement, and to assume all obligations and liabilities of the previous licensee, whether known or unknown, under this chapter, as amended, and the license agreement. If such transferee will not be the holder of the license, such transferee will sign an acknowledgment ensuring compliance by the licensee with the license agreement and the chapter. The city shall certify to licensee, upon request, all issues of licensee's performance which are known and pending.

(f) Subject to applicable law, approval by the city of a transfer of a license does not constitute a waiver or release of any of the rights of the city under this chapter or the license agreement, whether arising before or after the date of the transfer.
(Ord. No. 11936, § 3, 6-8-00)

Sec. 11-25. Revocation or termination of license.

(a) A license may be revoked by the city commission for failure of the licensee to construct, operate or maintain the cable system as required by this chapter or the license agreement, or for any other material violation of this chapter or material breach of the license agreement. To invoke the provisions of this subsection (a), the city shall give the licensee written notice, by certified mail at the last known address, that licensee is in material violation of this chapter or in material breach of the license agreement and describing the nature of the alleged violation or breach with specificity. If within 30 calendar days following receipt of such written notice from the city to the licensee, the licensee has not cured such violation or breach, or has not entered into a written agreement with the city manager or designee on a program to cure the violation, or has not demonstrated that the violation cannot be cured, the city may give written notice to the licensee of its intent to revoke the license, stating reasons.

(b) Prior to revoking a license under subsection (a) hereof, the city commission shall hold a public hearing, upon no less than ten calendar days written notice to the licensee, at which time the licensee and the public shall be given an opportunity to be heard. Following the public hearing the city commission may determine whether to revoke the license based on the evidence presented at the hearing, and other evidence of record. If the city commission determines to revoke a license, it shall issue a written decision setting forth the reasons for its decision. A copy of such decision shall be transmitted to the licensee.

(c) Notwithstanding subsections (a) and (b) hereof, any license may, at the option of the city following a public hearing before the city commission, be revoked 120 calendar days after an assignment for the benefit of creditors or the appointment of a receiver or trustee to take over the business of the licensee, whether in a receivership, reorganization, bankruptcy assignment for the benefit of creditors, or other action or proceeding, unless within that 120-day period:

(1) Such assignment, receivership or trusteeship has been vacated; or

(2) Such assignee, receiver or trustee has fully complied with the terms and conditions of this chapter and the license agreement and has executed an agreement, approved by a court having jurisdiction, assuming and agreeing to be bound by the terms and conditions of this chapter and the license agreement.

(d) In the event of foreclosure or other judicial sale of any of the facilities, equipment or property of a licensee, the city may revoke the license, following a public hearing before the city commission, by serving notice upon the licensee and the successful bidder at the sale, in which event the license and all rights and privileges of the license shall be revoked and shall terminate 30 calendar days after serving such notice, unless:

(1) The city has approved the transfer of the license to the successful proposer; and

(2) The successful proposer has covenanted and agreed with the city to assume and be bound by the terms and conditions of the license agreement and this chapter.

(e) If the city revokes a license, or if for any other reason a licensee abandons, terminates or fails to operate or maintain service to its subscribers for a period of six months, the following procedures and rights are effective:

(1) The city may require the former licensee to remove its facilities and equipment at the expense of the former licensee. If the former licensee fails to remove facilities and/or equipment within a reasonable period of time, the city may have the removal done at the expense of the former licensee and/or surety.

(2) The city, by resolution of the city commission, may acquire ownership, or effect a transfer, of the cable system at an equitable price.

(3) If a cable system is abandoned by a licensee, the city may sell, assign or transfer all or part of the assets of the system.

(f) Where the city has issued a license specifically conditioned in the license agreement upon the completion of construction, system upgrade or other specific obligation by a specified date, failure of the licensee to complete such construction or upgrade, may result in the revocation of the license as set forth in this section, unless the city, at its discretion and for good cause demonstrated by the licensee, grants an extension of time.

(g) No adverse action against a licensee may be taken by the city pursuant to this section except after a noticed public hearing at which the licensee is given an opportunity to participate. (Ord. No. 11936, § 3, 6-8-00)

Sec. 11-26. Continuity of service mandatory.

(a) It is the right of all subscribers to receive all available services requested from the licensee as long as all financial and other obligations to the licensee are satisfied.

(b) In the event of a termination or transfer of a license for whatever reason, the licensee shall ensure that all subscribers receive continuous, uninterrupted service regardless of the circumstances. The licensee shall cooperate with the city to operate the system for a temporary period following termination or transfer as necessary to maintain continuity of service to all subscribers. The temporary period shall not exceed 12 months without the written consent of the licensee. During such period the cable system shall be operated under such terms and conditions as the city and the licensee may agree, or such other terms and conditions that shall continue, to the extent possible, the same level of service to subscribers and provide reasonable compensation to the cable operator.

(c) In the event a licensee fails to operate the system for seven consecutive calendar days without prior approval of the city or without just cause, the city may, at its option, operate the system or designate an operator until such time as the licensee restores service under conditions acceptable to the city or until a permanent operator is selected. If the city is required to fulfill this obligation for the licensee, the licensee

shall reimburse the city for all costs or damages resulting from the failure of the licensee to perform, including city's costs for city staff, consultants and other professionals necessary to continue operation of the system. Additionally, the licensee shall cooperate with the city to allow city employees and/or city agents free access to the facilities and premises of the licensee for purposes of the licensee of continuing system operation. To the extent that revenues are collected as a result of operation of the system under this subsection, the city shall have the right to collect license fees on such revenues subject to the terms and conditions of this chapter.
(Ord. No. 11936, § 3, 6-8-00)

Sec. 11-27. Rates.

(a) Nothing in this chapter shall prohibit the city from regulating rates for cable services to the full extent permitted under federal law, as it may be amended in the future. The city reserves the right to implement future legislation consistent with applicable law, and to petition the FCC for relief as may be permitted by law.

(b) Any rate or charge established for cable service, equipment, repair and installation shall be reasonable to the public and, to the extent applicable, in compliance with FCC guidelines. Where FCC guidelines exist, licensee's compliance with such guidelines shall be considered reasonable. Upon written request from the city or its agent, licensee shall provide all requested data, records and documentation to show the reasonableness of the rates so long as such requests comply with FCC guidelines or other applicable law.

(c) Should a licensee desire to change any rate or charge, it shall submit a written notice of the amounts and effective date of such changes to the city manager in a manner consistent with Federal Communications Commission cable rate regulation standards or other applicable law in effect at the time. Prior to the implementation of a change in rates, the city may require the licensee to notify each subscriber, by (1) placing an announcement of not less than one quarter page in a newspaper(s) of general circulation, (2) via the cable system, or (3) through bill inserts, of the proposed rate change and the date the new rates will be effective.

(d) A licensee granted a license pursuant to this chapter may provide reasonable discount rates consistent with section 623(e)(1) of the Cable Act, in a manner acceptable to the city, for qualified subscribers over 62 years of age and/or residing in government funded housing pursuant to 42 U.S.C. 1437f.
(Ord. No. 11936, § 3, 6-8-00)

Sec. 11-28. Area-wide interconnection.

(a) Upon request of the city, a licensee shall interconnect with any or all other cable systems located within the city or serving subscribers within the city. Interconnection of systems shall be for the sole purpose of permitting interactive transmission and reception of public, government and education program material, and may be done by direct cable connection, microwave link, satellite, or other appropriate method, as mutually agreed by the affected cable operators and approved by the city manager.

(b) Licensee shall, where it does not own the affected system or systems, immediately initiate good faith negotiations with the operators of the other affected system or systems in order to facilitate the construction and operation of the interconnection link and the equitable sharing of costs among the participants. Licensee shall report to the city the results of such negotiation no later than 30 calendar days after the date of receipt of request from the city. Where licensee owns the affected system, licensee shall report to the city on the timing and, method of interconnection within 15 calendar days of receipt of the city's request.

(c) The licensee may be granted reasonable extensions of time to interconnect if the city finds that:

(1) The licensee has negotiated in good faith and has failed to obtain an approval from the system or systems of the proposed interconnection; or

(2) The cost of the interconnection would be unreasonably high.

(Ord. No. 11936, § 3, 6-8-00)

Sec. 11-29. Performance evaluation.

(a) The city may conduct periodic performance evaluations of a licensee as the city determines is necessary. A licensee shall fully cooperate with these evaluations in good faith. Evaluation session shall be properly noticed and open to the public.

(b) Topics which may be discussed at any evaluation session may include, but are not limited to, cable service; application of new technologies; cable system performance; cable services provided; programming offered; subscriber complaints; privacy; modifications to license; judicial and FCC rulings; and the city or licensee rules; provided that nothing in this subsection shall be construed as requiring the renegotiation of a license.

(c) If the city implements a survey of cable subscribers in connection with a performance evaluation, the city may require a licensee to distribute a city questionnaire to its subscribers at licensee's expense, provided however that such distribution at licensee's expense shall not occur more than once every two years. The city shall provide a licensee with no less than four months notice of its intent to implement a survey as set forth herein. The city and a licensee shall cooperate and mutually agree on the content of such a survey.

(d) Upon request and upon reimbursement of the city's copying costs, the licensee may receive copies of all responses.

(Ord. No. 11936, § 3, 6-8-00)

Sec. 11-30. Administration.

(a) The city manager, either directly or through a duly appointed designee, shall have the responsibility for overseeing the day-to-day administration of this chapter and license agreements. The city manager shall be empowered to take all administrative actions on behalf of the city, except for those actions specified in this chapter that are reserved to the city commission. The city manager may recommend that the commission take certain actions with respect to the license. The city manager shall keep the commission updated of developments in cable technology and provide the city commission with assistance, advice and recommendations as appropriate.

(b) Subject to federal and state law, the city commission shall have the sole authority to regulate rates for cable services, grant licenses, authorize the entering into of license agreements, modify license agreements, renew or deny renewal of licenses, revoke licenses, and authorize the transfer of a license.

(Ord. No. 11936, § 3, 6-8-00)

Sec. 11-31. Force majeure.

In the event the performance of the licensee of, or compliance with, any of the provisions of this chapter or the license agreement is prevented by a cause or event not within the control of the licensee, such inability to perform or comply shall be deemed excused and no fines or sanctions shall be imposed as a result thereof, provided, however, that licensee uses all practicable means to expeditiously cure or correct any such inability to perform or comply. For purposes of this chapter and any license agreement granted or renewed hereunder, causes or events not within the control of the licensee shall include, without limitation, acts of God, floods, earthquakes, landslides, hurricanes, fires and other natural disasters, acts of public enemies, riots or civil disturbances, sabotage, strikes and restraints imposed by order of a governmental agency or court. Causes or events within control of the licensee, and thus not falling within this section, shall include, without limitation, the financial inability of the licensee to perform or comply, economic hardship, and misfeasance, malfeasance or nonfeasance by any of directors, officers, employees, contractors or agents of the licensee.

(Ord. No. 11936, § 3, 6-8-00)

Sec. 11-32. Applicability.

This chapter shall be applicable to all cable licenses granted, renewed or transferred on or after the effective date of this chapter, and shall

apply to all cable licenses granted prior to the effective date of this chapter, to the full extent permitted by state and federal law.
(Ord. No. 11936, § 3, 6-8-00)

Sec. 11-33. Municipal cable system ownership authorized.

(a) To the full extent permitted by law, the city may acquire, construct, own, and/or operate a cable system.

(b) Nothing in this chapter shall be construed to limit in any way the ability or authority of the city to acquire, construct, own, and/or operate a cable system to the full extent permitted by law.
(Ord. No. 11936, § 3, 6-8-00)

Sec. 11-34. Reservation of rights.

(a) The city reserves the right to amend this chapter as it shall find necessary in the lawful exercise of its police powers.

(b) Any additional regulations adopted by the city shall be incorporated into this chapter and complied with by all licenses within 30 calendar days of the date of adoption of such additional regulations unless imposition of such regulations would be otherwise prohibited by applicable law or the regulation provides for a longer time to comply.

(c) The city reserves the right to exercise the power of eminent domain to acquire the property of the cable system of the licensee, consistent with applicable federal and state law. Notwithstanding anything to the contrary, this section shall not enlarge or restrict the exercise of eminent domain of the city except to the extent provided by applicable law.

(d) The city shall at all times have the right, upon reasonable notice and during normal business hours, to examine records and to inspect the facilities of the licensee to the extent needed to monitor the compliance of the licensee with and performance under this chapter and the license agreement.
(Ord. No. 11936, § 3, 6-8-00)

Sec. 11-35. Florida Consumer Choice Act of 2007.

This chapter shall be construed in accordance with the Florida Consumer Choice Act of 2007 ("the Act") so that the city shall retain all rights and obligations permitted by the Act to be retained by the city as of June 30, 2007, and so that the obligations and rights of all persons which have previously obtained permits and previously entered into agreements with the city and all persons which shall obtain permits in the future and enter into agreements with the city in the future for work to be performed or conducted within and any related maintenance and restoration of the city's public right-of-way as defined in section 54-1, as amended, and for any other continuing obligation to the city as permitted by law, shall be construed as in force as of June 30, 2007, and so as to comply with the nondiscriminatory mandate of the Act.
(Ord. No. 12928, § 2, 6-28-07)

*__Editor's note—__Ord. No. 12188, § 1, adopted February 14, 2002, enacted provisions intended for use as §§ 11.5-1—11.5-12. To preserve the style of this Code, and at the discretion of the editor, said provisions have been redesignated as §§ 11.5-25—11.5-37.

ARTICLE I. IN GENERAL

Secs. 11.5-1—11.5-25. Reserved.

ARTICLE II. THE CITY OF MIAMI CIVILIAN INVESTIGATIVE PANEL

Sec. 11.5-26. Created; established.

The Civilian Investigative Panel ("CIP") is hereby created and established.
(Ord. No. 12188, § 1, 2-14-02)

Sec. 11.5-27. Purposes, powers and duties.

The purpose, powers and duties of the CIP are to:

(1) Act as independent civilian oversight of the sworn officers of the city's police department;

(2) Exercise its powers so as to not interfere with any pending or potential criminal investigations or prosecutions and conduct its activities consistent with applicable law, including but not limited to the Florida Government in the Sunshine Law, and with applicable labor contracts;

(3) Engage the services of trained investigators and secure adequate training for its members, including training in police policies and practices;

(4) Conduct investigations consistent with the procedures set forth in section 11.5-31, reviews, inquiries, audits, and public hearings to make factual determinations, facilitate resolutions, and propose recommendations as to disposition or other outcome to the police chief, city manager, or, where appropriate, other city officials regarding:

a. Allegations of misconduct by officers of the city's police department;

b. Incidents of uses of force by officers of the city's police department resulting in death or great bodily harm to a person, with the mandatory duty to automatically investigate police shootings or other uses of force resulting in the death of a person; and

c. incidents, events, or systemic problems involving officers of the city's police department that affect the community.

(5) Promote community understanding and utilization of the process by which complaints are submitted and reviewed or investigated by the CIP and/or the city's police department;

(6) Forward complaints alleging criminal activity to the city's police department;

(7) Request issuance of subpoenas after consultation with the state attorney of the Eleventh Judicial Circuit in and for Miami-Dade County for the purpose of obtaining evidence from witnesses and production of books, papers, and other evidence, which subpoenas shall be signed, served, and enforced pursuant to applicable law, provided that no immunity be conferred by the CIP, and further, that no actions of the CIP may interfere with any pending or potential criminal investigation or prosecution;

(8) Make written recommendations to the police chief as to current and proposed city police department policies, procedures, and practices concerning but not limited to training, recruitment, and disciplinary procedures;

(9) Issue reports, requests, and recommendations to the mayor, city commission, city attorney, city manager, police chief, and the public concerning any matter within the CIP's authority;

(10) Establish, in collaboration with the executive director, written rules and standard operating procedures for internal governance and standards for training for CIP members and staff; and

(11) Evaluate the performance of the executive director and of the independent counsel annually pursuant to written criteria established by the CIP.

(Ord. No. 12188, § 1, 2-14-02; Ord. No. 13688, § 2, 6-8-17)

Sec. 11.5-28. Membership; qualifications; nomination of members; nominating committee; appointment and filling vacancies; terms of office.

(a) *Membership.* The CIP shall consist of 13 members who should reflect the diversity of the city.

These 13 members shall be selected, approved, and appointed as follows:

(1) The city commissioners shall approve the appointment of ten members from a pool of nominees selected and submitted by the CIP. These ten members shall include at least two members from each of the five city commission districts who permanently reside in, own real property in, or work or maintain a business in that city commission district.

(2) The mayor shall recommend two members from a pool of nominees selected and submitted by the CIP for approval and appointment by the city commission. These two members shall permanently reside in, own real property in, or work or maintain a business in the city;

(3) The police chief shall appoint one member, who shall serve at the will of the police chief.

(b) *Qualifications for members of the CIP.*

(1) All members of the CIP shall be either permanent residents of the city, own real property in the city, or work or maintain a business in the city, except for the appointee of the police chief, and shall have good reputations for integrity and community service and shall have no record of a felony conviction.

(2) No appointee to the CIP, nor any member of the appointee's immediate family, except for the appointee of the police chief, shall be currently employed by the city nor be a sworn former employee of the city's police department. No person who is currently, or has been previously, a party or party's legal representative in litigation against the city may serve on the CIP for at least two years from the conclusion of such litigation, including any appeals. The filing of a legal claim or lawsuit against the city alleging liability of the city through actions of any police or other sworn or enforcement personnel shall disqualify any person from serving on the CIP.

(3) Upon assuming their duties, all members of the CIP shall complete training in ethics, conflicts of interest, and the Florida Sunshine Law. All members of the CIP, except the appointee of the police chief, shall also commit to complete Citizens Police Academy Training or approved training through NACOLE (National Association of Citizens' Oversight of Law Enforcement) or equivalent programs, unless the member has completed such training within one year prior to appointment to the CIP.

(c) *Nomination of members to fill vacancies.*

(1) The CIP shall appoint a CIP nominating committee to solicit and screen applications for vacancies, interview candidates, and select nominee(s) to submit to the CIP, which shall, upon majority vote, submit nominations to the city commission for approval and appointment to fill vacancies on the CIP pursuant to subsection 11.5-28(a) of the City Code.

(2) The CIP nominating committee shall solicit applications for vacancies on the CIP by disseminating public notices in English, Spanish, and Creole throughout the community and through the media. In addition, applications may be submitted to the CIP directly by members of the city commission and community based, civic, and social service groups, leagues, and organizations, provided that any such application shall be evaluated without regard to the individual or entity that solicited or submitted the application.

(d) *Appointment of the CIP nominating committee.*

(1) The CIP nominating committee shall be composed of five members of the CIP,

with one member representing each of the five city commission districts, except as set forth in subsection (2)a. below. The nominating committee shall be appointed annually by the chairperson, subject to approval by a majority vote of the CIP, to serve a one-year term, which term may be extended if necessary to permit completion of the process described in subsection (c)(2) with respect to a given set of vacancies.

(2) The CIP nominating committee shall reflect the diversity of the city.

a. In the event the CIP does not include at least one member representing each of the five city commission districts, then the CIP shall fill vacancies on the nominating committee with members of the general public who permanently reside in, own real property in, or work or maintain a business in the unrepresented districts. To fill such vacancies, the CIP shall solicit applications by disseminating public notices in English, Spanish, and Creole throughout the community and through the media with an emphasis on the unrepresented district or districts. In addition, applications may be submitted by community based, civic, and social service groups, leagues, and organizations.

b. When the composition of the CIP includes at least two members from each of the five city commission districts, any member of the nominating committee who is serving pursuant to subsection (2)a. shall be replaced by a CIP member representing the same city commission district.

(3) No CIP member shall serve on more than two consecutive nominating committees.

(e) *Appointment and filling vacancies by majority vote.* The city commission shall approve and make all appointments to fill any vacancies on the CIP (except the appointee of the police chief) by majority vote exclusively from the nominations submitted to it by the CIP.

(f) *Terms of office.* The terms of office of the members of the CIP appointed by the city commission shall be for three years and shall be unaffected by the terms of the mayor and city commissioners. No CIP member shall serve more than two consecutive three-year terms, provided that such CIP members may continue to serve until their successors have been appointed but in no event for more than two additional months.
(Ord. No. 12188, § 1, 2-14-02; Ord. No. 12315, § 1, 1-23-03; Ord. No. 12379, § 1, 6-12-03; Ord. No. 13186, § 1, 6-24-10; Ord. No. 13688, § 2, 6-8-17; Ord. No. 14138, § 5, 2-9-23)

Sec. 11.5-29. Officers.

The CIP shall elect, by majority vote, from its members, a chairperson, vice-chairperson, and such other officers as deemed necessary. The chairperson of the CIP shall have the power to appoint, with the approval by majority vote of the CIP, all members serving on the various committees that the CIP may establish from time to time.
(Ord. No. 12188, § 1, 2-14-02; Ord. No. 13688, § 2, 6-8-17)

Sec. 11.5-30. Meetings, quorum and voting; attendance requirements; parliamentary procedures and rules of procedure; recordation.

(a) *Meetings, quorum and voting.* All meetings of the CIP shall be open to the public. The chairperson or three members of the CIP may call a meeting, provided that the meeting is noticed for at least seven days prior to the meeting date and pursuant to the provisions set forth in section 11.5-36. A quorum shall consist of seven members of the CIP. An affirmative vote of not less than 51 percent of the members present and voting at any meeting is required for any action to be taken by the CIP unless otherwise set forth herein.

(b) *Attendance requirements.* The provisions set forth in section 2-886 of this Code shall apply to all members of the CIP.

(c) *Parliamentary authority and rules of procedure.* The parliamentary authority of the CIP shall be Robert's Rules of Order (Current Edition) unless the CIP adopts its own order of business and rules of procedure governing its meetings, and actions on matters within its jurisdiction, not inconsistent with the provisions set forth herein, which rules of procedure shall be filed with the city clerk. Copies of minutes of all CIP meetings shall be furnished to the mayor, commissioners, city manager, city attorney and chief of police.

(d) *Recordation.* The CIP shall be responsible for the recordation and transmittal of its minutes and may request the city clerk to carry out recordation functions.
(Ord. No. 12188, § 1, 2-14-02; Ord. No. 13688, § 2, 6-8-17)

Sec. 11.5-31. Procedures for investigation of direct filed cases, investigation, or review of internal affairs' closed cases; timeframes for and completion of investigations and reviews; review of police policies, procedures, and practices; and issuance of reports.

The following procedures shall be followed:

(1) *Directly filed cases.* Complaints concerning allegations of police misconduct, police uses of force, or other matters pertaining to repeated issues of police misconduct may be directly filed with the CIP by anyone, including a member of the CIP or its staff.

a. All complaints shall be reduced to writing using a form approved by the CIP for that purpose;

b. The police department shall be notified of complaints received by the CIP within two working days;

c. All complaints must be submitted within a year of the date of the incident or event, or within one year of the complainant becoming aware of the systemic problem, giving rise to the complaint. Complaints filed more than one year thereafter may, however, be accepted by the CIP only if approved by a majority vote of its members.

(2) *Investigation or review of CIP cases.*

a. *Investigation of directly filed cases.* Investigation of complaints directly filed with the CIP shall proceed as follows:

1. Where a directly filed complaint involves potentially criminal conduct by a police officer, the CIP may proceed with an investigation upon receipt of a written determination by its independent counsel, who shall be required to consult with the appropriate prosecutorial agencies, that such an investigation will not interfere with any pending or potential criminal investigation or prosecution. A decision of the CIP to proceed with such an investigation may be challenged by any prosecutorial agency engaged in investigating or prosecuting the same matter by seeking a judicial order. Written notification of such a legal challenge shall stay the CIP's investigation for 48 hours permitting the prosecuting agency to obtain such a judicial order.

2. Upon determination by the executive director, in consultation with the independent counsel as needed, that a directly filed complaint does

not involve potentially criminal conduct by a police officer, or upon the independent counsel's written determination that a CIP investigation will not interfere with any pending or potential criminal investigation or prosecution, the CIP may proceed with an independent investigation of the complaint in accordance with the time frames specified in subsection (3) below.

b. *Police use of force involving death or great bodily harm to a person.* Upon a written determination by the independent counsel that an investigation will not interfere with any pending or potential criminal investigation, and without waiting for the conclusion of any internal affairs' investigation, and, further, regardless of whether any allegation of misconduct is made, the CIP must automatically commence an independent investigation into any incident in which a police shooting or other uses of force resulted in death of a person and may commence an independent investigation into any use of force resulting in great bodily harm to a person.

c. *Investigation or review of internal affairs closed cases.* The close-out reports of all investigations of police misconduct conducted by internal affairs of the city's police department shall be transmitted to the CIP within three working days of the police chief's final decision. Thereupon, internal affairs shall make its entire investigative file available to CIP staff for inspection and copying. The CIP may then proceed to conduct either an independent investigation of the matter or a review of the internal affairs' file, in accordance with the time frames specified in subsection (3) below.

d. *Notice of commencement.* Affected officers, and complainants shall be notified of the commencement of the CIP's investigation or review.

(3) *Timeframes for investigations and reviews.* The following timeframes shall govern the investigation or review process:

a. Upon determination that a directly filed complaint does not involve potentially criminal conduct by a police officer, the CIP's investigation must commence within ten working days of the filing of the complaint and must be completed and presented to the members of the CIP for their final consideration at a regular or special meeting within 180 days of the investigation's commencement.

b. With respect to directly filed complaints that involve potentially criminal conduct by a police officer, the following timeframes shall apply:

1. Within three working days of the filing of such complaint, the CIP shall forward the complaint to the city's police department.

2. Within three working days of the filing of such complaint, the CIP shall forward the complaint to its independent counsel.

3. The independent counsel shall, within ten working days of receiving the complaint, provide the CIP with a written determination as to whether its independent investigation of the complaint will interfere with a pending or potential criminal investigation or prosecution.

4. If the independent counsel's written determination is that the CIP's independent investigation will not interfere with a pending or potential

criminal investigation or prosecution, the CIP's investigation must commence within seven working days of the receipt of that determination and must be completed and presented to the members of the CIP for their final consideration at a regular or special meeting within 180 days of the investigation's commencement.

c. With respect to internal affairs' closed cases, the following timeframes shall apply:

1. The executive director must decide within ten working days of receipt of the internal affairs' close-out report and access to the internal affairs' investigative file whether to conduct an independent investigation of the matter or a review of that file.

2. Where the executive director's decision is to independently investigate the matter, such investigation must be completed and presented to the CIP for its final consideration at a regular or special meeting of the CIP within 180 days of the investigation's commencement.

3. Where the executive director's decision is to review the file, such review must be concluded and presented to the CIP for its final consideration at a regular or special meeting of the CIP within 60 days of the review's commencement.

d. If the CIP fails to complete its investigation or review within these timeframes, the CIP's file on the complaint shall be closed as out-of-time. However, in the case of a directly filed complaint, the CIP may extend the timeframe for the investigation to be completed and presented to the CIP for its final consideration by 60 days after receipt of the internal affairs' investigative file.

(4) *Standards for CIP consideration of completed investigation or review.* In its consideration of a completed investigation or review, the CIP's proceedings shall be as informal as is compatible with the essential requirements of law, and shall not be governed by courtroom rules and procedures. Further, strict rules of evidence, as in courts of law, shall not apply and evidence is to be admitted at the discretion of the chairperson. However, fundamental due process shall be observed and shall govern the proceedings and pertinent information shall be considered for the purposes of providing substantial justice for all parties.

(5) *Results of investigation or review.* Upon presentation to the CIP of the results of an investigation or review, the CIP may:

a. Remand the matter to the executive director for further investigation or review, the results of which are to be presented to the CIP for its consideration at its next regular meeting.

b. Render one of the following findings based on the preponderance of evidence:

1. *Unfounded* where the investigation or review shows that the act or acts that provide the basis for the complaint did not occur or were misconstrued;

2. *Exonerated* where the act or acts that provide the basis for the complaint occurred, but the investigation or review shows that such acts were proper;

3. *Not sustained* where the investigation or review fails to disclose sufficient facts to prove or disprove the claim(s) made in the complaint;

4. *Sustained* where the investigation or review discloses sufficient facts to prove the claim(s) made in the complaint;
5. *No finding* where the executive director recommends summary disposition of the complaint for such reasons as the complainant failed to produce information to further the investigation; the investigation or review revealed that another agency was responsible and the complaint has been referred to that agency; the complainant withdrew the complaint; the complainant is unavailable to clarify the complaint; or the officer is no longer employed by the city.

c. Formulate recommendations to the police chief as to disposition, including recommendations as to training of police officers, revision of city police department policies or procedures, or where a complaint has been sustained, consequences for the subject officer(s).

d. Place an officer who has been the subject of three or more complaints within the past year on a monitoring list accessible to the public.

(6) *Notification of results of investigation or review.* At the conclusion of its investigation or review, the CIP shall forward its findings and recommendations in writing to the police chief, all affected officers, and complainants and, where appropriate, to the mayor, city manager, and/or city commission, to which the police chief must respond to the CIP in writing within 45 days, explaining why the CIP's recommendations were or were not accepted.

(7) *Review of police policies, procedures, and practices.*

a. The CIP may, at any time, review and make written recommendations to the police chief as to current city police department policies, procedures, and practices concerning but not limited to training, recruitment, and disciplinary procedures to which the police chief must respond to the CIP in writing within 45 days explaining why the CIP's recommendations were or were not accepted.

b. Whenever the police chief proposes to revise established city police department policies, procedures, or practices, the police chief must transmit the proposed revisions to the CIP 45 days prior to implementation, except if an emergency requires a more expeditious implementation. Within 30 days of the receipt of the proposed revisions, the CIP may make written recommendations to the police chief as to those revisions, to which the police chief must respond to the CIP in writing within 45 days, explaining why the CIP's recommendations were or were not accepted.

(8) *Issuance of reports.* The CIP may, when appropriate, issue reports, which may contain requests and recommendations, concerning any matter within the CIP's authority, to the mayor, city commission, city attorney, city manager, police chief, and the public, to which the appropriate official must respond in writing within 45 days, explaining why the CIP's requests or recommendations were or were not accepted.

(Ord. No. 12188, § 1, 2-14-02; Ord. No. 13688, § 2, 6-8-17)

Sec. 11.5-32. Subpoena power.

(a) The CIP may subpoena witnesses and documents as part of any independent investigation, review, inquiry, audit, or public hearing it conducts, as follows:

(1) A request for a subpoena must be reviewed by the CIP independent counsel; for compliance with legal requirements,

including but not limited to federal and state statutes and prevailing case law, and the appropriateness of issuance of the subpoena. Further, in cases that involve criminal conduct by a police officer, the independent counsel must consult with the state attorney of the Eleventh Judicial Circuit in and for Miami-Dade County as to whether the issuance of the subpoena will interfere with any pending criminal investigation or prosecution.

(2) After receiving advice from its independent counsel as to whether a requested subpoena complies with legal requirements and is appropriate to issue, and in cases that involve potentially criminal conduct of a police officer, after receiving the independent counsel's advice as to whether the subpoena will interfere with any pending or potential criminal investigation or prosecution, the CIP may issue the subpoena upon approval of a majority of its seated members.

(3) However, nothing herein authorizes the CIP to issue a subpoena to a law enforcement officer(s) who is the subject of an investigation, review, inquiry, audit, or public hearing.

(b) The subpoena shall be valid only within the jurisdictional limits of the city. However, the CIP may seek enforcement and extraterritorial domestication of its subpoenas in accordance with general law.
(Ord. No. 12188, § 1, 2-14-02; Ord. No. 13688, § 2, 6-8-17; Ord. No. 13719, § 2, 12-14-17)

Sec. 11.5-33. Procedures related to city employees and witnesses.

(a) When a city employee appears before the CIP in response to a subpoena, such employee shall be formally advised prior to the commencement of testimony that if the employee has a good-faith belief that the testimony would tend to be self-incriminating, and if, in reliance upon that good-faith belief, the employee declines to answer any question, that the employee's decision not to provide testimony will not subject him or her to any adverse employment consequences. Any employee who, after receiving such advice, decides to testify or provide evidence, must sign a statement acknowledging that the employee understands the advice and is testifying or providing evidence voluntarily and knowingly.

(b) A police officer who is the subject of an investigation shall be informed of the nature of the investigation and provided with a copy of the complaint prior to being interrogated.

(c) A person who appears before the CIP in response to a CIP request for testimony may be represented by counsel or any other representative of his or her choice, which representative may be present at all times during the subject's appearance before the CIP.

(d) The CIP may hold evidentiary hearings requiring witnesses in the manner set forth in section 11.5-30. Only the subject of the complaint, witnesses, their attorneys or representatives and CIP members may participate in evidentiary hearings.

(e) Policies and procedures shall be established to ensure compliance with Chapters 112 and 119 of the Florida Statutes and any other applicable laws.
(Ord. No. 12188, § 1, 2-14-02; Ord. No. 13688, § 2, 6-8-17)

Sec. 11.5-34. Executive director; independent counsel; assistance from city officials.

(a) *Executive director.*

(1) The CIP office shall be headed by a full-time professional executive director with education or experience in criminal justice who is appointed by and subject to removal by the CIP, with the approval of the city commission. The executive director, serving as the CIP's chief executive officer, shall oversee the operations of the CIP and shall perform the following specific duties:

a. Recruit, hire, supervise, terminate, and make all other employment decisions regarding investigators and administrative staff;

b. Ensure that all members of the CIP receive training in ethics, conflicts of interest, the Florida Sunshine Law, and the opportunity to attend a police policies and procedures program as set forth in subsection 11.5-28(b)(3);

c. Establish priorities and objectives for the CIP;

d. Manage the implementation and evaluation of the CIP's functions;

e. In collaboration with the members of the CIP, establish written rules and standard operating procedures for internal governance and standards for training for CIP members and staff; and

f. In collaboration with the members of the CIP, promote community understanding and utilization of the process by which complaints are submitted and reviewed or investigated.

(2) The executive director's performance shall be evaluated annually by the CIP pursuant to written criteria established by the CIP.

(b) *Independent counsel.*

(1) The CIP shall hire an experienced and competent attorney-at-law in good standing admitted to the practice of law in the State of Florida for at least seven years and generally knowledgeable in municipal law as independent counsel with the approval of the city commission. The CIP shall have the power to remove the independent counsel with the approval of the city commission. The independent counsel shall provide legal advice and assistance to the CIP as requested and shall perform the following specific duties:

a. Issue written determinations, after consulting with the appropriate prosecutorial agencies, as to whether an investigation by the CIP of a directly filed complaint involving potential criminal conduct will interfere with any pending or potential criminal investigation or prosecution;

b. Review CIP requests for subpoenas for compliance with legal requirements, including but not limited to federal and state statutes and prevailing case law, and the appropriateness of issuance of the subpoena; in cases that involve potentially criminal conduct by a police officer, issue written determinations after consultation with the appropriate prosecutorial agencies as to whether the issuance of the subpoena will interfere with any pending or potential criminal investigation or prosecution; and advise the CIP of the results of such review and consultation.

c. Prepare subpoenas as directed by the CIP in accordance with subsection 11.5-32.

(2) The independent counsel's performance shall be evaluated annually by the CIP pursuant to written criteria established by the CIP.

(c) *Assistance from city officials.* When requested by the CIP, the city manager, city attorney, and city clerk shall provide full cooperation and assistance to the CIP, but are not required to attend its meetings. The city clerk and the city attorney may conduct annual workshops to advise the CIP of the procedural laws and regulations related to public records, the Sunshine Law, and any other requirements. (Ord. No. 13688, § 2, 6-8-17; Ord. No. 13719, § 2, 12-14-17)

Editor's note—Ord. No. 13688, § 2, adopted June 8, 2017, amended section 11.5-34 in its entirety to read as herein set out. Formerly, section 11.5-34 pertained to administrative assistance; independent counsel, and derived from Ord. No. 12188, § 1, adopted February 14, 2002.

Sec. 11.5-35. Review and approval of annual budget.

(a) The CIP shall be operated on an annual budget that shall be no less than one percent of the approved regular salaries and wages line

item of the city's police department general fund budget except as otherwise required by the city manager's declaration of a fiscal emergency, financial urgency, or financial emergency. The CIP shall submit to the city commission, in a form acceptable to the city manager, and no later than April 1 preceding the commencement of each fiscal year, a CIP budget request detailing how the CIP will spend its budgeted allotment. The city manager shall assign appropriate personnel to assist in the preparation of the budget for the CIP and provide administrative support to the CIP. Nothing contained herein shall be construed to prohibit the CIP from submitting a supplemental budget and appearing before the city commission to request approval.

(b) No expenditure shall be made in any given year without approval by the city commission of the CIP budget for that year and all expenditures shall comply with city procedures for acquisition of goods and services.

(c) No provision contained in this chapter shall be construed to violate the Anti-Deficiency Act, as set forth in sections 18-500 through 18-503 of this Code.
(Ord. No. 12188, § 1, 2-14-02; Ord. No. 13688, § 2, 6-8-17)

Sec. 11.5-36. Notices and filing of records.

Notice of meetings shall be posted by the city clerk at city hall and other appropriate locations after being apprised by the CIP of an upcoming meeting(s). Advertisements of meetings shall be posted on the city's website no less than seven days prior to the meeting. It shall be the duty of the city clerk to comply with applicable laws related to filing of records.
(Ord. No. 12188, § 1, 2-14-02; Ord. No. 13688, § 2, 6-8-17)

Sec. 11.5-37. Annual reports.

The CIP shall, at least annually, provide a report in writing to the city manager, the city commission, the police chief and the mayor, to include statistics and summaries of the results of the CIP's investigations and reviews, a comparison of those results with the actions taken by the police chief, any recommendations related to changes in policies and procedures and any recommended changes to this chapter.
(Ord. No. 12188, § 1, 2-14-02; Ord. No. 13688, § 2, 6-8-17)

Sec. 12-1. Definitions.

The following words, terms, and phrases, when used in this section, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning. Nothing in this section may be construed contrary to state law.

Amusement game or machine means any machine, game, contrivance, or device that provides for the bona fide entertainment or amusement of the public and that, as a result of the payment of a fee, money, compensation, or exchange of anything of value or insertion of a coin, slug, token, credit card, or paper currency, the machine, game, contrivance, or device is set in motion, permitted to function or operate and that by application of skill, may entitle the person playing or operating the machine to receive points or coupons that may be exchanged for merchandise only, (limited to noncash prizes, toys, or novelties, excluding cash, alcoholic beverages, beer, or wine), provided the cost value of the merchandise or prize awarded in exchange for such points or coupons does not exceed $0.75 on any game played.

The definition of amusement game or machine shall not be interpreted to include:

(1) Any game, machine, contrivance or device whose content, theme, design, or graphics depict, exhibit, illustrate, describe, or relate to sexual conduct or specified anatomical areas;

(2) Pool or billiard tables, vending machines, laundry machines, kiddie rides, and automatic music machines;

(3) Any game, machine, contrivance, or device that may be construed as a gambling device under state law, including any amusement game or machine that includes an element of chance and may allow the user to become entitled to receive any money, credit, allowance, or additional chance to use the game or machine.

Arcade amusement center means a place of business that has at least 50 amusement games or machines on premises which are operated for the entertainment of the general public and tourists as a bona fide amusement facility. Examples of such facilities include, but are not limited to, Chuck E. Cheese, Gameworks, or Dave and Busters.

Mini-arcade amusement center means a place of business accessory or incidental to another business (i.e. a restaurant, theater, bowling alley, billiards, etc.) that has ten to 49 amusement games or machines on premises which are operated for the entertainment of the general public and tourists as a bona fide accessory amusement facility.

Operator means any person, firm, corporation, association, owner or agent, who shall own, operate, or otherwise control an amusement game or machine; an arcade amusement center; or a mini-arcade amusement center.
(Ord. No. 13213, § 2, 10-14-10)

Sec. 12-2. Location of amusement games or machines; exception required.

(a) An operator shall not locate and operate an amusement game or machine within a room or enclosed area not open to the general public. If a room where an amusement game or machine is being operated is locked or barricaded, a rebuttable presumption is created that the area is not open to the general public in violation of this section.

(b) There shall be no more than four amusement games or machines issued to an operator per location. More than four amusement games or machines at a particular location will require further review from the planning and zoning departments. Moreover, the location shall require approval by the city commission by a four-fifths vote.

(c) Amusement games or machines, up to four per location, shall only be allowed in zoning transects T5-O and above, as of right. More than four machines at a location are only allowed in zoning transects T6-O or above, and must obtain city commission approval as described above.
(Ord. No. 13213, § 2, 10-14-10)

Sec. 12-3. Business tax receipts (BTR).

In addition to the requirements of chapter 31 of this Code, the following shall apply:

(1) Prior to being issued a BTR from the city, the operator must present a state amusement game or machine certificate from the department of revenue and any applicable county BTR for each amusement game or machine in operation at every location. Operator will need to provide the city with proof of a certificate issued by the department of revenue for an arcade amusement center or a mini-arcade amusement center and any applicable county BTRs for such use.

(2) The operator of a one BTR per amusement game or machine at each location shall be issued in the name of the operator. The operator must provide to the city a notarized affidavit from the business owner and the property owner allowing operation of amusement games or machines within the business and property, respectively. Prior to the issuance of the BTR, the operator shall provide the city the affidavits of consent from the business owner and the property owner. All BTRs must be displayed within public view and accessible in an area within five feet from the physical site of the amusement game or machine. BTRs for amusement games or machines are not transferable from one operator to another. If an operator wishes to relocate an amusement game or machine covered under a current BTR from one location to another, then the operator must submit a new application together with the corresponding transfer fee to change locations. A new business tax receipt will be issued identifying the new location of that amusement game or machine and a corrected BTR shall be issued reflecting the removal of the amusement game or machine at the previous location. The name, address, and telephone number of the operator must be attached to the front of the amusement game or machine in a location easily read by amusement game or machine users with the size of lettering equal to or greater than 12-point type.

(3) It shall be unlawful for the owner, lessor, manager, or person in charge of any business premises to permit any such amusement game or machine upon such premises unless such amusement game or machine has the BTR required by this Code displayed thereon.

(4) For purposes of this subsection, each individual animated screen shall constitute one amusement game or machine regardless of whether the screen is encased in a console, cabinet, or other fixture, with other screens which receive electric power, through one source or cord, or are set into motion or permitted to function through the use of one bill acceptor, where the player may select a game at any one screen, such that at any one time you may have more than one person playing or operating games, at different screens independently from another. No artifice or scheme shall be used to circumvent the intent of this subsection.

(5) City staff shall be responsible for the placement of a BTR on each individual amusement game of machine. The BTR shall be of a material approved by the city that cannot be tampered with or removed once affixed to the amusement game or machine and will self-destruct, pull apart, or become void upon removal from any amusement game or machine. No BTR may be transferred from any one amusement game or machine to another amusement game or machine. Any operator who attempts to remove a BTR from an amusement machine or game without prior authorization from the city shall be subject to the provisions described in section 12-6.

(6) No BTR shall be issued for any machine, contrivance, or device that may be construed as a gambling device under state law, including any amusement game

or machine that simulates a slot machine, casino card game, or any electronic casino game, if such game or machine includes an element of chance and may entitle the user to receive any money, credit, allowance, or additional chance to use the amusement game or machine.

Notwithstanding the language in this provision, paragraph (6) shall not apply to paramutual facilities properly allowed under referendum or federal law. Moreover, paragraph (6) shall not apply to children's amusement games or machines located in bona fide arcade amusement centers and allowable under F.S. ch. 849.
(Ord. No. 13213, § 2, 10-14-10)

Sec. 12-4. Failure to obtain a business tax receipt (BTR); seizure and disposition of machines.

(a) In the event of nonpayment of the fee for a BTR required for any amusement game or machine, authority is hereby given and granted to the city manager or his/her designee to seize the amusement game or machine, and, in the event any amusement game or machine is seized for the nonpayment of any BTR, there shall be added, charged and collected by the city an additional hauling fee of $125.00 for each amusement game or machine seized and an additional storage fee of $10.00 per day for each amusement game or machine stored. In the event any amusement game or machine has been seized for the nonpayment of any BTR, such amusement game or machine shall not be released or returned until and unless the operator thereof has paid to the city the necessary BTR, storage fee, and hauling charges.

(b) The city manager or his/her designee is hereby authorized and directed, in all cases where there has been a seizure made for the nonpayment of the BTR for amusement games or machines, to notify the operator, where possible, that the same are being retained under the provisions of this Code, and he/she shall, within 90 days from the date of seizure, permit the operator to regain possession thereof by submission of proof of ownership and the payment of all charges connected with seizure and storage of the machines.

(c) After the expiration of such 90-day period, the city manager or designee shall sell any such amusement games or machines not claimed or reduced to possession by the operator thereof at public sale after ten days' notice in writing to the operator, if he/she can be found, and by advertisement in a newspaper of general circulation in the city.

(d) Out of the proceeds of the sale of any such amusement games or machines, all costs and storage shall be first paid, and any balance remaining shall be retained by the city in a fund in possession of the city for a period of one year in order to enable the operator to prove ownership of the amusement games or machines so sold, and when such ownership is proven, such surplus fund shall be paid to the operator.

(e) After the expiration of one year, as provided in this section, any sums arising from the sale of the amusement games or machines in accordance with the provisions of this section, if unclaimed by the operator, shall be transferred to the general fund of the city.
(Ord. No. 13213, § 2, 10-14-10; Ord. No. 13676, § 2, 4-27-17)

Sec. 12-5. Payment of certificate of authorization fee.

An operator shall obtain a certificate of authorization from the city for one year by submitting a payment of a regulatory fee in the amount of $500.00 per amusement game or machine. Each year, the operator shall obtain a new certificate of authorization from the city by submitting a renewal fee in the amount of $500.00 per amusement game or machine. No BTR shall be issued until the certificate of authorization has been obtained, including the payment of any other outstanding regulatory fees.
(Ord. No. 13213, § 2, 10-14-10)

Sec. 12-6. Prohibited uses and enforcement.

(a) Amusement games or machines shall not be used for gambling or as a game of chance as stated in F.S. §§ 849.15—849.22. Violations of

these provisions shall be subject to penalties stated in F.S. § 849.23 and to a city-imposed fine in the amount of $500.00.

(b) No amusement game or machine shall depict, exhibit, illustrate, describe, or otherwise relate to sexual conduct, specified anatomical areas, or other adult entertainment as further defined in the city zoning ordinance. Such an amusement game or machine is strictly prohibited in the city.

(c) No amusement game or machine shall allow replays without the exchange of anything of value or insertion of a coin, slug, token, credit card, or paper currency. Such an amusement game or machine is strictly prohibited in the city.

Notwithstanding the language in this section, paragraph (c) shall not apply to para-mutual facilities properly allowed under referendum or federal law. Moreover, paragraph (c) shall not apply to children's amusement games or machines located in bona fide arcade amusement centers and allowable under F.S. ch. 849.

(d) Violations of this section shall be prosecuted pursuant to this section and any other remedy available by law, including but not limited to, chapter 2, article X, Code enforcement, of this Code. No amusement game or machine shall operate at a particular business location or site for one year from the date of any court order, order of the city commission, order of a code enforcement board, or order of a special master that determines or upholds that a business owner at any location or operator operates, allows to be operated, or causes to be placed or operated an amusement game or machine at that particular location or site in violation of any city, county, state, or federal statute, rule, regulation, or ordinance.
(Ord. No. 13213, § 2, 10-14-10)

ARTICLE I. COMMUNITY REVITALIZATION DISTRICTS

DIVISION 1. GENERALLY

Sec. 12.5-1. Intent.

The community redevelopment strategy is to ensure a comprehensive revitalization in city neighborhoods to establish quality of life standards for residents of each community revitalization district through various methods including, but not limited to, the support of commercial redevelopment. The defined perimeters of the revitalization initiatives may be expanded to create social, housing and economic opportunities within contiguous commercial corridors to better serve the redevelopment area and neighboring communities.
(Ord. No. 12082, § 3, 7-10-01)

Secs. 12.5-2—12.5-25. Reserved.

DIVISION 2. LIBERTY CITY COMMUNITY REVITALIZATION TRUST*

Sec. 12.5-26. Liberty City Community Revitalization Trust created.

A limited agency and instrumentality of the city to be known as the "Liberty City Community Revitalization Trust" is created and established. Use of the term "Liberty City Trust" in this division shall mean the Liberty City Community Revitalization Trust.
(Ord. No. 12859, § 4, 10-12-06)

Sec. 12.5-27. Liberty City Trust—Jurisdictional authority.

The Liberty City Trust shall exercise the powers and duties for the area in Liberty City ("area") described as follows: Using the City of Miami Boundary on the north and I 95 as a point of beginning ("POB"), running south on I 95, to SR 112, west on SR 112 to NW 17th Avenue, north on NW 17th Avenue to NW 58 Street, west on NW 58 Street to the City of Miami Municipal Boundary, then running along the City of Miami Municipal Boundary north, then east, then north then east to I95, POB, all in the City of Miami, Miami-Dade County, Florida as depicted in attachment "A". Additionally, in connection with city commission Ordinance No. 13758, adopted March 22, 2018, the Liberty City Trust is hereby designated as the recipient neighborhood revitalization organization and community revitalization trust thereunder serving District 5 and shall exercise the powers and duties for the District 5 neighborhoods owner-occupied affordable housing improvements grant program ("Grant Program") throughout District 5 and especially in the neighborhoods of said District located within Block 17 of the Wynwood Park Plat at approximately 3043 Northwest 3rd Avenue, 3040 Northwest 2nd Avenue, and 224, 234, 244, 252, 262, 268, 276, and 284 Northwest 31st Street, and approximately 221, 229, 237, 243, 251, 267, 269, 275, 285, and 291 Northwest 30th Street (collectively, "District 5 Grant Program Area") in order to assist homeowners of owner-occupied dwellings in District 5, and especially within the area of the properties to be developed, with life safety, resiliency, sustainability, hurricane hardening, and other necessary affordable housing improvements such as, but not limited to installations of high-impact windows and doors, new energy efficient HVAC systems, new efficient electrical and plumbing systems, new or repaired roofs, and other necessary repairs for dwellings owned and occupied by low income homeowners.
(Ord. No. 12859, § 4, 10-12-06; Ord. No. 13859, § 2, 9-12-19)

Editor's note—Attachment "A" referenced above may be found in the office of the city clerk.

Sec. 12.5-28. Purpose; powers and duties.

(a) *Purpose.* The Liberty City Trust, in cooperation with the city manager, the department of community development and other city departments, shall be responsible for oversight of and shall facilitate, the city's revitalization efforts for

*__Editor's note—__**Editor's note—**Ord. No. 12859, § 4, adopted October 12, 2006, repealed and reenacted division 2, §§ 12.5-26—12.5-39 to read as herein set out. Formerly, division 2 pertained to the model city community revitalization district trust, and derived from Ord. No. 12082, § 3, adopted July 10, 2001; Ord. No. 12110, § 2, adopted September 13, 2001; Ord. No. 12139, § 2, adopted October 11, 2001; Ord. No. 12201, § 1, adopted March 14, 2002; Ord. No. 12222, § 1, adopted April 18, 2002; Ord. No. 12257, § 1, adopted July 9, 2002; Ord. No. 12806, §§ 1, 2, adopted May 11, 2006.

the redevelopment of the area in a manner consistent with the strategy identified in the Five Year Consolidated Plan, as amended, and adopted by the city commission from time to time. The Liberty City Trust shall promote economic development, business and commerce in the area. The Liberty City Trust shall develop and execute a plan to create jobs, attract industry and facilitate the production of goods and services in the area for residents and non-residents. It will facilitate the development of affordable housing, engage in homebuyer assistance programs and market the area to encourage former residents and others to locate to the area. Further the Liberty City Trust will facilitate the creation, undertakings, guidelines, operations, activities, improvements, and monitoring of the Grant Program in the District 5 Grant Program Area.

(b) *Powers and duties.* Subject to city commission approval and compliance with the terms and conditions of any existing contractual obligations, the Liberty City Trust shall be empowered to take all actions necessary including, but not limited to, the following activities:

(1) Establish policy for the revitalization efforts in the area;

(2) Advocate the purposes of the Liberty City Trust;

(3) Assist and advise the city commission, the department of community development; other departments and other public officials and entities concerning the revitalization initiative in the area;

(4) Promote, oversee and assist in the redevelopment activities and develop increased public awareness and interest in the area;

(5) Solicit and accept grants in cooperation with the office of grants administration. The Liberty City Trust shall contact the office of grants administration for assistance in project planning, proposal writing, application assembly, and monitoring financial and budgetary compliance with grantor agency guidelines. All grant applications shall be submitted to the office of grants administration for review, and will subsequently be forwarded to the director of grants administration for approval, and final signature. The Liberty City Trust shall be responsible for implementing and managing all of its grants. Any and all other contributions and financial support from individuals, private business interests, the general public, governmental entities, corporations and organizations, foundations and other philanthropic entities shall require city commission approval;

(6) Implement full and active participation and cooperation with public and private entities in furtherance of the Liberty City Trust's purpose to oversee and facilitate the revitalization of the area to improve the quality of life for residents of this neighborhood;

(7) Participate in any other fundraising activity, whether solely involving the Liberty City Trust or involving partnerships with other persons or public or private organizations, which furthers the Liberty City Trust's purpose, with the approval of the city commission; and

(8) In addition to complying with subsection 18-85(h) of the City Code, the Liberty City Trust shall contract and be contracted with, for administrative purposes only, not to exceed $5,000.00 per item, goods, services, and/or anything of value in one transaction or multiple transactions concerning the same subject matter. Any and all contracts above $5,000.00 shall require city commission approval.

(9) To sue and be sued, plead and implead.

(10) Facilitate the creation, guidelines, operations, activities, improvements, and monitoring of the grant program in the District 5 Grant Program Area in cooperation with the office of grants administration and any other city department that the trust determines would be best able to assist with establishing best practices for the grant program in the District 5 Grant Program Area. The Liberty City

Trust shall contact the office of grants administration and the city department of housing and economic development for assistance in grant program funding planning, grant application form creation, applications reviews, grant awards implementation and funding, grant project management, completion, and monitoring financial and budgetary compliance with city guidelines. All grant funding applications shall be submitted to the office of grants administration for joint review by the Liberty City Trust and the office of grants administration, and will subsequently be forwarded to the executive director of the Liberty City Trust and the director of grants administration for joint approval, and final signatures by both. The Liberty City Trust shall be responsible for implementing and managing all of its grant awards and the improvement projects for all owner recipients for owner-occupied dwellings under the grant program. After the receipt by the trust of all of the required contributions pursuant to Ordinance No. 13758, any and all other contributions and financial support for the Grant Program in the District 5 Program Area from individuals, private business interests, the general public, governmental entities, corporations and organizations, foundations and other philanthropic entities shall require city commission approval;

(11) Notwithstanding any provisions to the contrary, the Liberty City Trust shall exercise only such powers as are expressly granted pursuant to this division.

(Ord. No. 12859, § 4, 10-12-06; Ord. No. 13859, § 2, 9-12-19)

Sec. 12.5-29. Scope.

(a) The Liberty City Trust may review and evaluate issues related to the major development of real property in the area and may provide recommendations and advice to the city commission concerning those issues and only such other matters as are referred to it by the city commission in regard to real property in the area. The city commission shall not be bound by any recommendation or advice received from the Liberty City Trust. The Liberty City Trust is expected to be aware of city policies concerning the major development of real property in the area and coordinate its endeavors with city departments, committees and boards which will be affected by the Liberty City Trust's recommendations and advice.

(b) The Liberty City Trust may be informed of issues concerning the major development of real property in the area for its input and advice at the conceptual planning stage for such development, "major development" shall be defined as such activities that require public notice and hearings pursuant to the city Charter and Code and shall not encompass minor changes, renovations and/or alterations to any existing real property in the area. Nothing herein is intended to interfere or conflict with any existing provisions in the city Charter and Code setting forth procedures concerning the development of real property.

(Ord. No. 12859, § 4, 10-12-06)

Sec. 12.5-30. Governing body-composition and appointments; terms of office and vacancies; membership qualifications; procedures for appointment of members; oath; quorum and voting; meetings; attendance requirements; indemnification.

(a) *Governing body-composition and appointments.* The Liberty City Trust shall consist of five voting members and one youth, non-voting member. The voting members shall consist of individuals from professional disciplines. Four of the voting members shall be appointed by the district five commissioner and one to be appointed by the city manager and confirmed by the city commission, as hereinafter set forth. The one youth, non-voting member shall be appointed by the members of the Liberty City Trust, and confirmed by the city commission, as hereinafter set forth.

(b) *Terms of office and vacancies.* Four voting members and one youth, non-voting member shall be appointed by the district five commissioner for a term of two years or until the nominating commissioner leaves office, whichever occurs first. One voting member shall be appointed by the city manager for a term of one year or until the city manager leaves office, whichever occurs first. The district five commissioner shall appoint an individual to fill a vacancy due to the death, resignation or removal of his or her appointees to the Liberty City Trust, which person shall serve only for the remainder of the unexpired term. The city manager shall appoint an individual to fill a vacancy due to the death, resignation or removal of his or her appointee to the Liberty City Trust, which person shall serve only for the remainder of the unexpired term. No member shall serve more than four consecutive years on the Liberty City Trust. Nothing set forth herein shall prohibit any individual from being reappointed after a hiatus of two years.

(c) *Membership qualifications.*

(1) The Liberty City Trust voting members shall be 18 years of age or older and broadly reflect the diversity of the community and share technical, professional expertise or experiential knowledge and interest in the following areas, residential construction, development, architecture and engineering, planning, zoning and land use law, economic development, historic preservation and restoration, administration, fiscal management, and community involvement.

(2) The Liberty City Trust youth, non-voting member shall be no less than 15 and no more than 18 years of age.

(3) Each member of the Liberty City Trust shall be an individual of outstanding reputation for integrity, responsibility and commitment to serving the community, have a demonstrated interest in the revitalization of the area and the vision of the Liberty City Trust, and is expected to participate actively in the functioning of the Liberty City Trust.

(4) No member of the Liberty City Trust shall become a candidate for elective political office during his or her term. Should any member of the Liberty City Trust qualify as a candidate for elective political office, such qualification shall be deemed a tender of resignation from the Liberty City Trust.

(e) *Procedure for appointment of members.*

(1) No appointment shall be made until notice has been given in a newspaper of general circulation in the city of the appointments to be made to the Liberty City Trust at least 30 days prior to the making of an appointment, and shall have solicited and encouraged the public and professional or citizen organizations within the area having interest in and knowledge of the area to submit names of persons and their qualifications for consideration as prospective appointees of the Liberty City Trust. At least ten days prior to the making of any appointment, the appointing party shall cause the city clerk to have available to the public, and shall publicly make announcement of the fact, that the list of names thus submitted, together with a short statement of the qualifications of each person, is prepared and available for public inspection and consideration. In reaching a decision on appointments, the appointing party shall give due consideration to the names submitted.

(2) In addition, the appointing party shall, at least ten days prior to the making of any appointment, direct the city clerk to have available to the public, and shall publicly announce that the names of prospective appointees a short statement of qualifications of such persons are available for public inspection and consideration. No person shall be appointed to membership on the Liberty City Trust whose name and qualifications have not been made publicly available in the manner set out.

(f) *Oath.* Upon the effective date of appointment, or as soon thereafter as practicable, each member of the Liberty City Trust shall assume the duties of a member of the Liberty City Trust, but before doing so, shall take an oath or affirmation, to be filed and kept in the office of the city clerk, that he or she will support, protect and defend the constitution and laws of the United States of America and of the state.

(g) *Officers.* The voting members of the Liberty City Trust shall elect from its voting members a chairperson and vice-chairperson, and designate a secretary and such other officers deemed necessary. The chairperson of the Liberty City Trust shall have the power to appoint all members serving on the various committees which the Liberty City Trust shall establish from time to time.

(h) *Quorum and voting.* At all meetings of the Liberty City Trust, a majority of the then appointed voting members shall constitute a quorum for the transaction of business, and each voting member shall have one vote on every issue submitted to a vote of the Liberty City Trust. The act of a majority of the voting members present at a meeting at which a quorum is present shall be the act of the Liberty City Trust. The voting members of the Liberty City Trust shall make and adopt bylaws and rules and regulations for the Liberty City Trust's governance and for the operation and management of the revitalization initiative.

(i) *Meetings.* The Liberty City Trust shall hold regular quarterly meetings and may hold such other meetings as it deems necessary. At least one of the meetings of the Liberty City Trust per year shall be held in the area. All meetings of the Liberty City Trust shall be public. Recorded minutes of the proceedings of all actions taken at the meeting of the Liberty City Trust shall be maintained by the Liberty City Trust and shall be promptly and properly recorded and submitted to the city clerk. The city clerk shall transcribe the recorded minutes of the meetings of the Liberty City Trust and provide a copy of the transcribed minutes to the president/chief executive officer of the Liberty City Trust.

(j) *Attendance requirements.* A member shall be automatically removed if:

(1) In a given calendar year he or she is absent from three consecutive meetings, or

(2) He or she is absent from four properly noticed meetings within an eight-month period without an excused absence.

(k) *Insurance.* The Liberty City Trust shall maintain officers and directors liability insurance coverage at all times, in an amount and in a form satisfactory to the city's insurance manager. (Ord. No. 12859, § 4, 10-12-06; Ord. No. 12887, § 1, 2-8-07)

Sec. 12.5-31. President/chief executive officer; appointment, term, qualifications, compensation, general powers and responsibilities.

At its inception, the president/chief executive officer of the Model City Trust, approved by the city commission on June 22, 2006, shall serve as the president/chief executive officer of the Liberty City Trust, commencing from the date of the final approval of this division. Each successor president/chief executive officer shall be appointed by the Liberty City Trust and approved by the city commission, and receive such salary and benefits as shall be fixed by the Liberty City Trust, and approved by the city commission. The Liberty City Trust shall have the option of appointing a president/chief executive officer who is not affiliated with the city or they may appoint, with the written approval of the city manager, a city employee who is assigned by the city to the Liberty City Trust for the purpose of managing the revitalization initiative. After the hiring of the president/chief executive officer, the Liberty City Trust shall submit monthly quarterly status reports on the Liberty City Trust's operations and expenses to the city commission. The president/chief executive officer shall be a person of good moral character and have an excellent reputation for integrity, responsibility, and business ability, but no Liberty City Trust member shall be eligible for appointment as president/chief executive officer. The president/chief execu-

tive officer shall receive such salary as shall be fixed by the Liberty City Trust, and approved by the city commission. The president/chief executive officer shall take an oath before assuming any duties. The president/chief executive officer shall act as the chief executive officer of the Liberty City Trust. Subject to the policy directives of the Liberty City Trust, the president/chief executive officer shall have general supervision over and be responsible for the management and operation of all Liberty City Trust activities, and facilities. The president/chief executive officer shall execute all contracts on behalf of the Liberty City Trust after approval by the Liberty City Trust. The president/chief executive officer shall attend all meetings of the Liberty City Trust, shall furnish the Liberty City Trust a quarterly report with respect to the management and operation of the revitalization initiative, and the financial condition of the Liberty City Trust, and shall from time to time have prepared and shall furnish such reports, audits and other information relating to the revitalization initiative to the Liberty City Trust as may be required by the Liberty City Trust or the city. In the absence or disability of the president/chief executive officer or if no president/chief executive officer is currently employed by the Liberty City Trust, the Liberty City Trust may designate a qualified person as interim president/chief executive officer on a part-time temporary basis for a period of time less than six months, subject to city commission approval. The president/chief executive officer may be removed at any time by the liberty city trust or the city commission in their sole discretion and without notice. If the president/chief executive officer is removed, the city manager is hereby authorized to execute contracts and other documents on behalf of the Liberty City Trust until such time that a president/chief executive officer or an interim president/chief executive officer is appointed by the Liberty City Trust, and approved by the city commission.
(Ord. No. 12859, § 4, 10-12-06)

Sec. 12.5-32. Employment of assistants.

Subject to the policy directives of the Liberty City Trust and budget limitations, the president/chief executive officer may employ such assistants as are necessary to provide for the efficient operation of the Liberty City Trust.
(Ord. No. 12859, § 4, 10-12-06)

Sec. 12.5-33. Compliance with federal, state and local laws.

The Liberty City Trust shall comply with and observe all applicable federal, state and local laws, rules, regulations, codes and ordinances, as may be amended from time to time.
(Ord. No. 12859, § 4, 10-12-06)

Sec. 12.5-34. Counsel.

The city attorney's office shall provide legal counsel to the Liberty City Trust as may be necessary and requested by the Liberty City Trust.
(Ord. No. 12859, § 4, 10-12-06)

Sec. 12.5-35. Transfer of assets.

Any and all personal property under the control of the Model City Trust, shall transfer, upon the creation of the Liberty City Trust, to the Liberty City Trust. Any and all real property under the control of the Model City Trust shall transfer, upon the creation of the Liberty City Trust, to the city.
(Ord. No. 12859, § 4, 10-12-06)

Sec. 12.5-36. Approval of budget.

(a) Effective immediately, the Liberty City Trust shall establish a fiscal year which coincides with that of the city. The Liberty City Trust shall submit to the city commission a budget, in a form acceptable to the city manager, and no later than April 1 preceding the commencement of each fiscal year. Nothing contained herein shall be construed to prohibit the Liberty City Trust from submitting a supplemental budget to the commission for approval.

(b) No expenditure shall be made in any given year without approval by the city commission of the Liberty City Trust budget for that year and all expenditure shall comply with city procedures for acquisition of goods and services.

(c) In conjunction with the submission of the budget, the Liberty City Trust shall submit an annual master plan reflecting the proposed operations, activities, and improvements of the revitalization initiative for the forthcoming fiscal year in accordance with the Liberty City Trust's purposes, powers, and duties as outlined in section 12.5-28 above. Nothing contained herein shall be construed to prohibit the Liberty City Trust from submitting a supplemental annual master plan to the commission for approval. The city commission may review and deny any item contained in the annual master plan and in any supplemental annual master plan within 30 days from the date of its submission by the Liberty City Trust.

(d) No provision contained in this division shall be construed to violate the Anti-Deficiency Act, as set forth in sections 18-500—18-503.
(Ord. No. 12859, § 4, 10-12-06; Ord. No. 13859, § 2, 9-12-19)

Sec. 12.5-37. Annual report and audit.

(a) The Liberty City Trust shall submit to the mayor and city commission an annual report and an annual audit. The audit shall be performed by an external auditor who is a certified public accountant.

(b) The city commission and/or the city manager shall have the right to audit any books, accounts, expenditures, receivables, and contracts of the trust at any time.
(Ord. No. 12859, § 4, 10-12-06)

Sec. 12.5-38. Sunset review of trust.

Notwithstanding the provisions contained in section 2-892, the trust shall be initially reviewed in 2010. Thereafter the trust shall be reviewed every four years.
(Ord. No. 12859, § 4, 10-12-06)

Sec. 12.5-39. Abolishment of the Liberty City Trust.

The city commission may, by an affirmative vote of three commissioners, abolish the Liberty City Trust, at which time the powers and duties of the Liberty City Trust shall revert to the city and the city shall resume responsibility for the revitalization initiative.
(Ord. No. 12859, § 4, 10-12-06)

DIVISION 3. LITTLE HAITI REVITALIZATION TRUST*

Sec. 12.5-40. Little Haiti Revitalization Trust created.

A limited agency and instrumentality of the city to be known as the "Little Haiti Revitalization Trust" is created and established. Use of the term "Little Haiti Trust" in this division shall mean the Little Haiti Revitalization Trust.
(Ord. No. 13834, § 2, 4-25-19)

Sec. 12.5-41. Little Haiti Trust—Jurisdictional authority.

The Little Haiti Trust shall exercise the powers and duties for the area in Little Haiti ("area") described as follows: beginning at the intersection of Northeast 54th Street and Northeast 4th Avenue, traveling westward along the midblock line between Northeast 54th Street and the street parallel to the south until it meets Interstate I-95, then traveling northward along the center line of Interstate I-95 until meeting the boundary of the city, then turning and traveling eastward along the midblock line to include the frontage of

*__Editor's note—__Prior to the reenactment of division 3 by Ord. No. 13834, § 2, adopted April 25, 2019, Ord. No. 12982, § 1, adopted April 10, 2008, repealed the former division 3, §§ 12.5-56—12.5-65 in its entirety, which pertained to the Little Havana homeownership advisory board, and derived from Ord. No. 12404, § 4, adopted September 11, 2003.

Northwest 79th Street until reaching North Miami Avenue, then traveling northward along North Miami Avenue until it reaches the Little River, then traveling eastward following the northern boundary of the city along the Little River until reaching Northeast 2nd Avenue, then traveling southward along the midblock line between Northeast 2nd Avenue and the street running parallel to the east including the eastern frontage of Northeast 2nd Avenue until reaching the northern boundary of Little Haiti Park, then following the park boundary until reaching Northeast 4th Avenue, then traveling south along the center line of Northeast 4th Avenue until reaching the beginning, all as further described in Exhibit "A," attached and incorporated.
(Ord. No. 13834, § 2, 4-25-19)

Note—The exhibit referred to in this section is not set out at length herein, but may be found in the offices of the city.

Sec. 12.5-42. Purpose; powers and duties.

(a) *Purpose.* The Little Haiti Trust, in cooperation with the city manager, the department of housing and community development and other city departments shall be responsible for oversight of and shall facilitate, the city's revitalization efforts for the redevelopment of the area. The Little Haiti Trust shall promote economic development, business and commerce in the area. The Little Haiti Trust shall develop and execute a plan to create jobs, attract industry and facilitate the production of goods and services in the area for residents and non-residents. It will facilitate the development of affordable housing, engage in homebuyer assistance programs and market the area to encourage former residents and others to locate to the area.

(b) *Powers and duties.* Subject to city commission approval and compliance with the terms and conditions of any existing contractual obligations, the Little Haiti Trust shall be empowered to take all actions necessary including, but not limited to, the following activities:

(1) Establish policy for the revitalization efforts in the area; and

(2) Advocate the purposes of the Little Haiti Trust; and

(3) Assist and advise the city commission, the department of housing and community development, other departments and other public officials and entities concerning the revitalization initiative in the area; and

(4) Promote, oversee and assist in the redevelopment activities and develop increased public awareness and interest in the area; and

(5) Solicit and accept grants in cooperation with the office of grants administration. The Little Haiti Trust shall contact the office of grants administration for assistance in project planning, proposal writing, application assembly, and monitoring financial and budgetary compliance with grantor agency guidelines. All grant applications shall be submitted to the office of grants administration for review and will subsequently be forwarded to the director of grants administration for approval, and final signature. The Little Haiti Trust shall be responsible for implementing and managing all of its grants. Any and all other contributions and financial support from individuals, private business interests, the general public, governmental entities, corporations and organizations, foundations and other philanthropic entities shall require city commission approval; and

(6) Implement full and active participation and cooperation with public and private entities in furtherance of the Little Haiti Trust's purpose to oversee and facilitate the revitalization of the area to improve the quality of life for residents of this neighborhood; and

(7) Participate in any other fundraising activity, whether solely involving the Little Haiti Trust or involving partnerships with other persons or public or private organizations, which furthers the Little Haiti Trust's purpose, with the approval of the city commission; and

(8) Establish independent city line items in the budget for deposit of revenues generated by the Little Haiti Trust and for disbursement of trust expenses; and

(9) The Trust shall comply with the procurement code of the city.

(10) To sue and be sued, plead and implead;

(11) Notwithstanding any provisions to the contrary, the Little Haiti Trust shall exercise only such powers as are expressly granted pursuant to this division.

(Ord. No. 13834, § 2, 4-25-19; Ord. No. 14221, § 2, 10-26-23)

Sec. 12.5-43. Scope.

(a) The Little Haiti Trust may review and evaluate issues related to the major development of real property in the area and may provide recommendations and advice to the city commission concerning those issues and only such other matters as are referred to it by the city commission in regard to real property in the area. The city commission shall not be bound by any recommendation or advice received from the Little Haiti Trust. The Little Haiti Trust is expected to be aware of city policies concerning the major development of real property in the area and coordinate its endeavors with city departments, committees and boards which will be affected by the Little Haiti Trust's recommendations and advice.

(b) The Little Haiti Trust may be informed of issues concerning the major development of real property in the area for its input and advice at the conceptual planning stage for such development; "major development" shall be defined as such activities that require public notice and hearings pursuant to the City of Miami Charter and Code and shall not encompass minor changes, renovations and/or alterations to any existing real property in the area. Nothing herein is intended to interfere or conflict with any existing provisions in the City of Miami Charter or Code setting forth procedures concerning the development of real property.

(Ord. No. 13834, § 2, 4-25-19)

Sec. 12.5-44. Governing body-composition and appointments; terms of office and vacancies; membership qualifications; procedures for appointment of members; oath; quorum and voting; meetings; attendance requirements; indemnification.

(a) *Governing body-composition and appointments.* The Little Haiti Trust shall consist of five voting members. Four of the voting members shall be appointed by the district 5 commissioner and confirmed by the city commission. One voting member shall be appointed by the city manager and confirmed by the city commission.

(b) *Terms of office and vacancies.* Four voting members shall be appointed by the district 5 commissioner for a term of two years or until the nominating commissioner leaves office, whichever occurs first. One voting member shall be appointed by the city manager for a term of one year or until the city manager leaves office, whichever occurs first. The district 5 commissioner shall appoint an individual to fill a vacancy due to the death, resignation, or removal of his or her appointees to the Little Haiti Trust, which person shall serve only for the remainder of the unexpired term. The city manager shall appoint an individual to fill a vacancy due to the death, resignation, or removal of his or her appointee to the Little Haiti Trust, which person shall serve only for the remainder of the unexpired term. Members shall continue to serve until their successors have been appointed and confirmed. No member shall serve more than four consecutive years on the Little Haiti Trust. Nothing set forth herein shall prohibit any individual from being reappointed after a hiatus of two years.

(c) *Membership qualifications.*

(1) The Little Haiti Trust voting members shall be 18 years of age or older and broadly reflect the diversity of the community and share technical, professional expertise, or experiential knowledge and interest in the residential construction, development, architecture and engineering, planning, zoning and land use law,

economic development, historic preservation and restoration, administration, fiscal management, or community involvement. Members shall be subject to section 2-884 of the City Code. Notwithstanding the requirements herein this section or subsection 2-884(e) of the City Code, fire fighters and law enforcement officers may be appointed to the Little Haiti Revitalization Trust.

(2) Each member of the Little Haiti Trust shall be an individual of outstanding reputation for integrity, responsibility, and commitment to serving the community, have a demonstrated interest in the revitalization of the area and the vision of the Little Haiti Trust, and is expected to participate actively in the functioning of the Little Haiti Trust.

(3) No member of the Little Haiti Trust shall become a candidate for elective political office during his or her term. Should any member of the Little Haiti Trust qualify as a candidate for elective political office, such qualification shall be deemed an immediate resignation from the Little Haiti Trust.

(4) No employee of Miami-Dade County or any municipality therein other than city employees shall serve on or be appointed to the Little Haiti Trust.

(d) *Procedure for appointment of members.* No appointment shall be made until notice has been given in a newspaper of general circulation in the city of the appointments to be made to the Little Haiti Trust at least 30 days prior to the making of an appointment and shall have solicited and encouraged the public and professional or citizen organizations within the area having interest in and knowledge of the area to submit names of persons and their qualifications for consideration as prospective appointees of the Little Haiti Trust. At least ten days prior to the making of any appointment, the appointing party shall cause the city clerk to have available to the public and the city clerk shall publicly make announcement of the fact that the list of names thus submitted, together with a short statement of the qualifications of each nominee, is prepared and available for public inspection and consideration. In reaching a decision on appointments, the appointing party shall give due consideration to the names submitted.

(e) *Oath.* Upon the effective date of appointment, or as soon thereafter as practicable, each member of the Little Haiti Trust shall assume the duties of a member of the Little Haiti Trust but before doing so, shall take an oath or affirmation to be filed and kept in the Office of the city clerk that he or she will support, protect, and defend the constitution and laws of the United States of America and of the State of Florida.

(f) *Officers.* The voting members of the Little Haiti Trust shall elect from its voting members a chairperson and vice-chairperson and designate a secretary and such other officers deemed necessary. The chairperson of the Little Haiti Trust shall have the power to appoint all members serving on the various committees which the Little Haiti Trust shall establish from time to time. All officers shall serve a term of one year or until a successor is elected.

(g) *Quorum and voting.* All meetings of the Little Haiti Trust shall be open to the public. Quorum shall consist of three members. The voting members of the Little Haiti Trust shall make and adopt bylaws and rules and regulations for the Little Haiti Trust's governance and for the operation and management of the revitalization initiative.

(h) *Meetings.* The Little Haiti Trust shall hold regular quarterly meetings and may hold such other meetings as it deems necessary. At least one of the meetings of the Little Haiti Trust per year shall be held in the area. All meetings of the Little Haiti Trust shall be public. Recorded minutes of the proceedings of all actions taken at the meeting of the Little Haiti Trust shall be maintained by the Little Haiti Trust and shall be promptly and properly recorded and submitted to the city clerk. A designee of the Little Haiti Trust shall transcribe the recorded minutes of the meetings of the Little Haiti Trust and provide a copy of the transcribed minutes to the president/chief executive officer of the Little Haiti Trust.

(i) *Attendance requirements.* It is expected that members of the Little Haiti Trust attend each and every meeting. Members shall be subject to the attendance requirements of section 2-886 of the City Code.

(j) *Insurance.* The Little Haiti Trust shall maintain officers and director's liability insurance coverage at all times in an amount and in a form satisfactory to the city's director of risk management.

(Ord. No. 13834, § 2, 4-25-19; Ord. No. 14109, § 2, 10-13-22; Ord. No. 14221, § 2, 10-26-23)

Sec. 12.5-45. President/chief executive officer; appointment, term, qualifications, compensation, general powers, and responsibilities.

The president/chief executive officer shall be appointed by the Little Haiti Trust and approved by the city commission and receive such salary and benefits as shall be fixed by the Little Haiti Trust and approved by the city commission. The Little Haiti Trust shall have the option of appointing a president/chief executive officer who is not affiliated with the city or they may appoint, with the written approval of the city manager, a city employee who is assigned by the city to the Little Haiti Trust for the purpose of managing the revitalization initiative. After the hiring of the president/chief executive officer, the Little Haiti Trust shall submit quarterly status reports on the Little Haiti Trust's operations and expenses to the city commission. The president/chief executive officer shall be a person of good moral character and have an excellent reputation for integrity, responsibility, and business ability, but no Little Haiti Trust member shall be eligible for appointment as president/chief executive officer. The president/chief executive officer shall take an oath before assuming any duties. Subject to the policy directives of the Little Haiti Trust, the president/chief executive officer shall have general supervision over and be responsible for the management and operation of all Little Haiti Trust activities and facilities. The president/chief executive officer shall execute all contracts on behalf of the Little Haiti Trust after approval by the Little Haiti Trust. The president/chief executive officer shall attend all meetings of the Little Haiti Trust, shall furnish the Little Haiti Trust a quarterly report with respect to the management and operation of the revitalization initiative and the financial condition of the Little Haiti Trust, and shall from time to time have prepared and shall furnish such reports, audits, and other information relating to the revitalization initiative to the Little Haiti Trust as may be required by the Little Haiti Trust or the city. In the absence or disability of the president/chief executive officer or if no president/chief executive officer is currently employed by the Little Haiti Trust, the Little Haiti Trust may designate a qualified person as interim president/chief executive officer on a part-time temporary basis for a period of time less than six months subject to city commission approval. The president/chief executive officer may be removed at any time by the Little Haiti Trust or the city commission in their sole discretion and without notice. If the president/chief executive officer is removed, the city manager is hereby authorized to execute contracts and other documents on behalf of the Little Haiti Trust until such time that a president/chief executive officer or an interim president/chief executive officer is appointed by the Little Haiti Trust and approved by the city commission pursuant to this section.

(Ord. No. 13834, § 2, 4-25-19; Ord. No. 14221, § 2, 10-26-23)

Sec. 12.5-46. Employment of assistants.

Subject to the policy directives of the Little Haiti Trust and budget limitations, the president/chief executive officer may employ such assistants as are necessary to provide for the efficient operation of the Little Haiti Trust.
(Ord. No. 13834, § 2, 4-25-19)

Sec. 12.5-47. Compliance with federal, state, and local laws.

The Little Haiti Trust shall comply with and observe all applicable federal, state, and local laws, rules, regulations, codes, and ordinances.
(Ord. No. 13834, § 2, 4-25-19)

Sec. 12.5-48. Counsel.

The city attorney shall provide legal counsel to the Little Haiti Trust as may be necessary and requested by the Little Haiti Trust and shall designate attorney(s) to act on his or her behalf.
(Ord. No. 13834, § 2, 4-25-19)

Sec. 12.5-49. Approval of budget.

(a) Effective immediately, the Little Haiti Trust shall establish a fiscal year which coincides with that of the city. The Little Haiti Trust shall submit to the city commission a budget, in a form acceptable to the city manager, no later than April 1 preceding the commencement of each fiscal year. Nothing contained herein shall be construed to prohibit the Little Haiti Trust from submitting a supplemental budget to the commission for approval.

(b) No expenditure shall be made in any given year without approval by the city commission of the Little Haiti Trust's budget for that year and all expenditures shall comply with the city's procedures for acquisition of goods and services.

(c) In conjunction with the submission of the budget, the Little Haiti Trust shall submit a master plan reflecting the proposed operations, activities, and improvements of the revitalization initiative for the forthcoming fiscal year. The city commission may review and deny any item contained in the master plan within 30 days from the date of its submission by the Little Haiti Trust.

(d) Pursuant to subsection 12.5-42(b)(8), the Little Haiti Trust shall establish an independent line item in the city's budget for the deposit of revenues generated by the Little Haiti Trust and for disbursement of Trust expenses.

(e) No provision contained in this division shall be construed to violate the Anti-Deficiency Act as set forth in sections 18-500 through 18-503 of the City Code.
(Ord. No. 13834, § 2, 4-25-19)

Sec. 12.5-50. Annual report and audit.

(a) The Little Haiti Trust shall submit to the mayor and city commission an annual report and an annual audit. The audit shall be performed by an external auditor who is a certified public accountant.

(b) The city commission and/or the city manager shall have the right to audit any books, accounts, expenditures, receivables, and contracts of the Little Haiti Trust at any time.
(Ord. No. 13834, § 2, 4-25-19)

Sec. 12.5-51. Sunset review of Trust.

Notwithstanding the provisions contained in section 2-892 of the City Code, the Little Haiti Trust shall be initially reviewed in 2023 for possible sunset. Thereafter, the Little Haiti Trust shall be reviewed every four years for possible sunset.
(Ord. No. 13834, § 2, 4-25-19)

Sec. 12.5-52. Abolishment of the Little Haiti Trust.

The city commission may, by an affirmative vote of three commissioners, abolish the Little Haiti Trust, at which time the powers, duties, and all responsibilities of the Little Haiti Trust shall revert to the city and the city shall resume responsibility for the revitalization initiative.
(Ord. No. 13834, § 2, 4-25-19)

ARTICLE I. IN GENERAL*

Sec. 13-1. Short title.

This article shall be known and cited as the "City of Miami development impact fee ordinance." (Ord. No. 12750, § 2, 12-15-05)

Sec. 13-2. Findings.

(a) The city commission (hereinafter "commission") hereby finds and declares that:

(1) New development generates increased demands upon city public facilities and services and requires additional facilities, facility capacity, and capital equipment in order to accommodate those demands.

(2) The potential for development of properties is a direct result of city policy as expressed in the city comprehensive plan and as implemented via the city zoning ordinance and map.

(3) New development should bear its share of the costs of providing public facilities, facility capacity, and capital equipment needed to accommodate the demand generated by new development.

(4) The amount of the "impact fee" to be imposed shall be based upon the average amount of public facility capacity demand attributable to new development and the average cost of additional capital facilities, capital improvements, and capital equipment needed to provide additional capacity.

(5) The impact fees established in this article applicable to development submitting building permit applications accepted as complete by the city on or after January 15, 2006 are based on the methodology and data presented in "Growth-Related Capital Improvements & Impact Fees" by TischlerBise, Fiscal, Economic & Planning Consultants, dated September 16, 2005 (hereinafter "impact fee report - 2005"). The city commission hereby adopts and incorporates by reference the impact fee report - 2005. A copy of the impact fee report - 2005 was submitted as part of the record of the public hearings on the ordinance, and a copy of the impact fee report - 2005 shall be maintained on file in the office of the city clerk.

(b) The city commission hereby finds and declares that the impact fees imposed herein upon new development as further described below, in order to finance public facilities and capital equipment needed to accommodate the demand created by new development are in the best interest of the city and its residents, are equitable, and do not impose an unfair burden on such development. The city commission hereby finds and declares that all new development, as defined herein, within the city generates an increased demand for system improvements for police, fire-rescue and general services facilities and that all new residential development within the city also generates an increased demand for parks and recreation facilities. The city commission hereby finds and declares that the system improvements to be funded by the impact fees imposed herein will provide benefit to all new development in the city.

(c) The city commission hereby finds and declares that there is a long-term need to encourage the provision and retention of owner-occupied and rental affordable housing throughout the city. To encourage such development, the city commission hereby finds and determines that an impact fee deferral program for affordable housing within the city fulfills a public purpose and will help advance the provision of owner-occupied and rental affordable housing. The city commission declares its intent that the affordable housing deferral program not significantly delay the provision of public facilities funded in whole or in part by impact fees.
(Ord. No. 12750, § 2, 12-15-05)

*__Editor's note—__Ord. No. 12750, § 2, adopted December 15, 2005, amended article I in its entirety to read as herein set out. Formerly, article I pertained to similar subject matter and derived from Ord. No. 10426, § 2, adopted April 28, 1988; the Code of 1980, §§ 13-1—13-22; Ord. No. 11814, § 2, adopted July 13, 1999; Ord. No. 12295, § 2, adopted November 19, 2002; Ord. No. 12311, § 2, adopted December 12, 2002; Ord. No. 12542, § 1, adopted June 10, 2004, and Ord. No. 12589, § 2, adopted September 23, 2004.

Sec. 13-3. Intent.

This article is intended to impose impact fees, payable at the time of building permit issuance, in order to fund capital improvements capital facility capacity, and capital equipment needed to address demand for public facilities attributable to new development. This article is not intended to authorize imposition of fees related to capital facility or equipment needs attributable to existing development. This article is intended to allow new development in compliance with the comprehensive plan and to provide a mechanism for new development to help address the burdens created by new development. It is the city commission's intent to suspend imposition of the street impact fee to provide for coordination with Miami-Dade County regarding transit-related transportation system improvements and the development of an appropriate city transportation/transit impact fee.
(Ord. No. 12750, § 2, 12-15-05)

Sec. 13-4. Authority.

The city commission is authorized to establish and adopt an impact fees pursuant to the authority granted by the Florida Constitution, article VII, sections 1(f), 1(g) and 2(b), the Municipal Home Rule Powers Act, F.S. ch. 166, as amended, the City of Miami Charter, and the Local Government Comprehensive Planning and Land Development Regulation Act (F.S. § 163.3161 et seq., as amended). In addition, the Local Government Comprehensive Planning and Land Development Regulation Act. F.S. § 163.3202(3), as amended, encourages the use of innovative land development regulations, including impact fees. The provisions of this article shall not be construed to limit the power of the city to adopt such ordinance pursuant to any other source of local authority nor to utilize any other methods or powers otherwise available for accomplishing the purposes set forth herein, either in substitution of or in conjunction with this article.
(Ord. No. 12750, § 2, 12-15-05)

Sec. 13-5. Definitions.

As used in this article, the following words and terms shall have the following meanings, unless another meaning is plainly intended:

Affordable housing shall mean, solely for purposes of this article, owner-occupied and/or rental housing with a purchase cost, value, or monthly rental, as applicable, equal to or less than the amounts established by the applicable standards as determined by the department of community and economic development in relation to the affordable housing and workforce housing impact fee deferral program provided for in this article.

Applicant shall mean the property owner, or duly designated agent of the property owner, of land on which an application for a building permit is submitted and impact fees are due pursuant to this article, or shall mean the property owner or duly designated agent of the property owner of land identified in a credit agreement pursuant to subsection 13-16(e) where such property owner or agent is responsible for the provision of system improvement(s).

Appropriation shall mean, for purposes of this article, funds identified in the capital budget related to a system improvement.

Building permit shall mean the permit required for new construction and additions pursuant to this Code. The term "building permit," as used herein, shall not be deemed to include permits required for demolition of an existing structure. For purposes of this article, a building permit application shall be considered complete and accepted by the city as of the date and time of original submittal if complete building plans have been filed as prescribed by the city's zoning ordinance, as amended, and as specified in a November 30, 2005 Memorandum regarding Building Permit Application from Jose L. Ferras, City Building Official, to the Director of the City Building Department, or as described in [subsection] 13-8.1 for affordable and workforce housing projects, a permit by any government agency or entity and not limited to a permit by the City of Miami.

Capital budget shall mean the city's current fiscal year capital budget which is the first year of the six-year capital improvements program and which identifies capital projects that are proposed to be initiated in that fiscal year or to receive any changes in funding in that fiscal year.

Capital improvement program (CIP) shall mean the city's current six-year program of proposed capital improvements which identifies all capital projects that are proposed to be initiated during the six-year period.

Capital improvement projects shall mean all projects for which funds are appropriated in the CIP. Capital improvement projects, including, but not limited to, capital equipment, land, facilities and site improvements, that are funded in whole or in part with impact fee funds must cost at least $13,000.00 and have a useful life of at least five years.

Central business district means properties having the zoning classification of "CBD" (Central business district) as of November 19, 2002.

City shall mean the City of Miami, Florida.

Commission shall mean the city commission of Miami, Florida.

Comprehensive plan shall mean the city's plan for future development adopted by city ordinance number 10544, and as may be amended and updated from time to time, and any successor comprehensive plan.

Development shall have the meaning given it in F.S. § 380.04, subject to exclusions contained herein.

Dwelling unit shall mean one or more interconnected rooms with a single kitchen facility and sanitary facilities provided for the exclusive use of a single household. The term dwelling unit as used in this article shall be deemed to include mobile home and manufactured home dwellings.

Fire-rescue system improvement means system improvements that add capacity to the city's fire and rescue system, including facilities, fire suppression vehicles and equipment, and emergency medical services vehicles and equipment.

General Services System Improvement means system improvements that add capacity to the city's administrative office space capital equipment and vehicle fleets for the following departments: Building, code enforcement, economic development, city attorney, CIP, GSA, innovation and technology, parks, public works and solid waste.

Governmental uses shall mean buildings or facilities owned and operated by the United States of America or any agency thereof, a sovereign state or nation, the state or any agency thereof, a county, a special district, a school district, a municipal corporation, or a charter school organized and approved as a public school under F.S. § 228.056.

Gross floor area (GFA) shall mean the total square footage of a building measured in feet from the exterior faces of exterior walls or other exterior boundaries of the building, excluding parking areas within the interior of the building. If a site contains multiple buildings, the gross floor area shall be computed separately for each building. The definition of gross floor area in the ITE Trip Generation Manual shall be used to resolve any questions regarding calculation of gross floor area.

High rise residential development shall mean development of residential buildings with ten or more dwelling units per building.

Impact fee shall mean a fee imposed at building permit issuance and calculated based upon a new development's proportionate share of the average cost of new development.

Impact fee coefficient shall mean the charge per square foot of development applicable to development for which a building permit application is submitted to and accepted as complete by the city prior to 5:00 p.m. on January 15, 2006 and imposed pursuant to section 13-7 and sections 13-22 through 13-27.

ITE Trip Generation Manual shall mean and refer to the report entitled "Trip Generation" (Seventh Edition, 2003) of the Institute of Transportation Engineers, and any official updates thereto, as approved and accepted by the city.

Low rise residential development shall mean development of residential buildings with two to nine dwelling units per building.

New development shall mean the carrying out of any building activity or the making of any material change in the use of a structure or land that requires the issuance of a building permit and which generates demand for capital facilities and equipment over and above the previously existing documented use of the structure or land, but excluding governmental uses and de minimis development under section 13-6.

Nonresidential development shall mean all new development other than residential development and governmental uses, as herein defined, and including, but not limited to, industrial, manufacturing, warehousing, mini-warehousing, lodging, schools and daycare, hospital, nursing home, general office, medical-dental office, business park, and commercial uses, and which includes those uses specified in the ITE Trip Generation Manual under Land Use Code Series 100, 300, 400, 500, 600, 700, 800 and 900.

Owner-occupied units means dwelling units for individual sale by a developer and intended for occupancy by an owner, as opposed to rental residential development.

Parks and recreation system improvement means land, capital improvements, capital facilities, and capital equipment that add capacity to the city-wide park system, waterfront park system or public pools/gymnasiums, including, but not limited to, improvements to city-wide parks that will enhance and/or expand park use to all residents, site improvements that encourage self-directed use of passive parks, and recreation based improvements that enhance community parks and allow expansion of programming led by the parks department. Capital improvements can include, but are not limited to, new playground equipment; ball fields for league play; swimming pools and buildings used for recreation programs; site furnishings such as benches, picnic tables, and shade structures; and program equipment such as computers, water sport equipment, soccer goals, and fitness equipment. City-wide parks include those parks that have capital improvements that draw patrons from the entire geographic area of the city, including, but not limited to, ball fields used for league play, swimming pools, and buildings used for recreation programs. Waterfront parks are city-wide parks, generally passive recreation areas, which provide public access to the bay, the Miami River and other bodies of water, including linear improvements or trails that connect waterfront parks.

Police system improvement means land, capital improvements, capital facilities, and capital equipment that add capacity to the city's police system.

Rental residential development shall mean dwelling units intended for long-term rental occupancy, as opposed to short-term rentals such as hotel/motel development.

Single-family residential development shall mean development of detached buildings with one dwelling unit per building intended for occupancy by a single household.

System improvements shall mean capital improvement projects in the CIP, with a cost of at least $13,000.00 and a useful life of at least five years, that provide additional capacity serving multiple development projects, multiple neighborhoods or the entire city. System improvements may include, but are not limited to, land, facilities, site improvements, furnishings, park program equipment, capital equipment, and vehicles. System improvements shall not include property dedications, capital facilities or capital equipment needed solely to serve a specific development. System improvements shall not include replacement, rehabilitation, operations or maintenance of land, facilities or equipment.

System improvement cost shall mean amounts spent or appropriated in connection with the planning, financing, acquisition, construction and development of a system improvement including, without limitation, the costs of land acquisition and development, surveying, site testing, construction, design, engineering, construction management and inspection, permitting, legal services, financial services and administrative costs. Ancillary improvements directly related to a system improvement, including, but not limited to, parking, drainage improvements, landscaping, and capital equipment and furnishings shall be

considered part of the cost of the system improvement. System improvement costs shall not include costs related to operations, maintenance, rehabilitation or replacement of capital facilities or equipment.

Site shall mean a legally described property capable of development pursuant to applicable city ordinances and regulations.

Workforce housing shall mean, solely for purposes of this article, owner-occupied and/or rental housing with a purchase cost, value, or monthly rental, as applicable, equal to or less than the amounts established by the applicable standards for those individuals whose income is between 80 percent to 140 percent of area median income as determined by the department of community and economic development in relation to the affordable housing and workforce housing impact fee deferral program provided for in this article.
(Ord. No. 12750, § 2, 12-15-05; Ord. No. 12929, § 2, 7-10-07; Ord. No. 13475, § 2, 7-24-14; Ord. No. 13564, § 1, 10-22-15; Ord. No. 13792, § 1, 10-11-18; Ord. No. 14138, § 6, 2-9-23; Ord. No. 14415, § 2, 11-20-25)

Sec. 13-6. Applicability of impact fee.

This article shall be uniformly applicable to all new development, and the appropriate impact fees shall be collected prior to issuance of a building permit except where a building permit is issued for:

(1) Additions, remodels, rehabilitation or other improvements to an existing structure and reconstruction of a demolished structure which result in:

a. Net increase of less than 1,000 square feet for a nonresidential structure which development is deemed to have a de minimis impact on the need for pubic facility capacity, or

b. No net increase in the number of residential dwelling units for residential structures.

(2) Any development which is a government-owned and -operated facility.

(3) Any development of regional impact (DRI) (excluding the downtown DRI and the Southeast Overtown/Park West area-wide DRI), for which a development order has been issued by the city before the effective date of this chapter, providing that the building permit for such DRI is obtained within 15 months of the initial effective date of this chapter.

(Ord. No. 12750, § 2, 12-15-05)

Sec. 13-7. Imposition of impact fees and establishment of impact fee benefit districts.

(a) Except as set forth in sections 13-6 and 13-8, no building permit shall be issued for a new development as herein defined unless the applicant therefor has paid the impact fees imposed by and calculated pursuant to this article. Building permit applications submitted to and accepted as complete by the city prior to 5:00 p.m. on January 15, 2006, shall pay the impact fees calculated by the zoning department pursuant to sections 13-24—13-27. Building permit applications submitted to and accepted as complete by the city after 5:00 p.m. on January 15, 2006, shall pay the impact fees calculated by the zoning department pursuant to sections 13-7 through 13-12. Should a valid building permit issued by the city for an application submitted prior to 5:00 p.m. on January 15, 2006, expire after that time, the impact fees set forth in sections 13-7—13-12 shall apply to the subsequent issuance of any building permit for that development.

(b) Impact fees shall be calculated by the zoning department based on the development included in the building permit application using:

(1) The land use category or categories applicable to the development,

(2) The number of dwelling units for residential, the gross square footage for nonresidential, or the specific units of development for certain types of nonresidential development, and

(3) The applicable impact fee in each sections 13-9—13-12.

If the land use applicable to a development is not listed in the fee schedules in sections 13-9—13-12, the fees for the most appropriate land use in the fee schedules, based on the characteristics of the proposed development, shall be imposed. When multiple types of development are included in a building, the impact fees shall be calculated for each type of development and included in the total impact fees due. When multiple buildings are included in a building permit application, the impact fees shall be calculated individually for each building and included in the total impact fees due. Where a final petition determination has been made by the city manager or a final decision issued by the city commission after a timely appeal, the impact fees due shall be calculated based on the petition determination or city commission decision.

(c) In furtherance of the implementation of this article, the city commission hereby establishes the following benefit districts and subdistricts for the identified impact fees:

(1) Police impact fee benefit district which boundary is identical with the boundary of the city, as may be adjusted from time to time;

(2) Fire-rescue impact fee benefit district, which boundary is identical with the boundary of the city, as may be adjusted from time to time, with two subdistricts for collection, accounting and expenditures. Fire-Rescue Impact Fee North Subdistrict, defined by the Miami River and the boundary of the city lying northward of the Miami River and Fire-Rescue Impact Fee South Subdistrict, which boundary is defined by the Miami River and the boundary of the city, lying southward of the Miami River;

(3) General services impact fee benefit district which boundary is identical with the boundary of the city, as may be adjusted from time to time; and

(4) Parks and recreation impact fee benefit district which boundary is identical with the boundary of the city, as may be adjusted from time to time.

(Ord. No. 12750, § 2, 12-15-05)

Sec. 13-8. Deferral of impact fees for affordable housing and workforce housing; waivers of contributions into the Affordable Housing Trust Fund.

13-8.1 Deferral of impact fees for affordable housing.

(a) In order to encourage the provision and retention of affordable housing and workforce housing for owner-occupancy and for rental, the city commission hereby establishes a program for the deferral of impact fees due on affordable housing and workforce housing dwelling units developed within the city. The city may require, under the program, annual reporting and any other requirements deemed necessary or appropriate for participation in the affordable housing and workforce housing impact fee deferral program. An applicant shall submit a petition for affordable housing and workforce housing deferral program determination under section 13-16 for a determination of eligibility under this program prior to or in conjunction with the submittal of an application for a building permit. If the petition for affordable housing and workforce housing deferral program determination is submitted incomplete and/or too close in time to allow determination prior to issuance of the building permit, then the total impact fees due shall be paid prior to issuance of the building permit, and a petition for refund under subsection 13-16(d) may be submitted if the development is approved for the deferral program.

(b) Affordable housing or workforce housing impact fee deferral shall apply only to the dwelling units that qualify as affordable housing or workforce housing. Impact fees due on all portions of the development that do not qualify for deferral shall be paid in full prior to issuance of a building permit. A covenant running with the land or a deed restriction, shall be recorded on each dwelling unit by the applicant, or by the current property owner if the applicant is not the owner, which confirms to the requirements of the resolution establishing the affordable housing and workforce housing impact fee deferral program. The city may use all available legal mechanisms for collection of the impact fees due.

The covenant or deed restriction language and form shall be acceptable to the office of the city attorney, which office may provide standardized forms for use in the affordable housing and workforce housing deferral program. Notwithstanding any other provision in this Code to the contrary, the deferral and refund of impact fees for affordable housing and workforce housing described in this article shall apply to affordable and workforce housing dwelling units that submit for a building permit to the city or any other government agency or entity provided that the development complies with all other requirements provided in this article, including, but not limited to, the recorded covenant running with the land in a form acceptable to the city attorney.

13-8.2 Waiver of contribution into affordable housing trust fund for affordable housing. In addition to the program for deferral of impact fees for qualified affordable housing established in subsection 13-8.1, the city manager is hereby authorized to approve a waiver of contribution into the city's affordable housing trust fund as set forth in section 914 of the city's zoning ordinance, for affordable housing development that complies with the following requirements:

(1) Such development shall consist of 100 percent affordable housing units for families and/or individuals;

(2) If the project is providing affordable rental housing, then such development shall have secured its necessary low-income housing tax credits from Florida Housing Finance Corporation and shall submit proof of such to the city manager or his designee; and

(3) If the project is providing affordable home ownership, then, prior to the issuance of building permits, the applicant shall provide the city with a covenant and deed restrictions, in forms acceptable to the city attorney, which assure that such units remain affordable for a period of at least 30 years and that the home owner(s) be responsible for submitting proof of such to the city manager, or his designee, on an annual basis, the required covenants shall include enforcement and penalty language to address non-compliance.

(Ord. No. 12929, § 2, 7-10-07; Ord. No. 13564, § 1, 10-22-15; Ord. No. 14415, § 2, 11-20-25)

Editor's note—Ord. No. 12929, § 2, adopted July 10, 2007, amended § 13-8 in its entirety to read as herein set out. Formerly, § 13-8 pertained to deferral of impact fees for affordable housing, and derived from Ord. No. 12750, § 2, adopted December 15, 2005.

Sec. 13-9. Police impact fee schedule.

(Ord. No. 12750, § 2, 12-15-05)

Sec. 13-13. Administration of impact fee.

(a) *Collection of impact fee.* Impact fees due pursuant to this article shall be collected by the building department prior to issuance of a building permit.

(b) *Transfer of funds to finance department.* Upon receipt of impact fees, the building department shall transfer such funds to the city finance department which shall be responsible for placement of such funds into the appropriate separate accounts by type of impact fee and applicable benefit district, or applicable subdistrict for fire-rescue impact fees. All such funds shall be deposited in interest-bearing accounts in a bank authorized to receive deposits of city funds. Interest earned by each account shall be credited to that account and shall be used solely for the purposes specified for funds of such account. The funds of these accounts shall not be commingled with other funds or revenues of the city.

(c) *Establishment and maintenance of accounts.* The city finance department shall establish separate accounts and maintain records for each such account, whereby impact fees collected are segregated by type of impact fee and by benefit district or applicable subdistrict. A separate account shall be maintained for each type of impact fee by benefit district or subdistrict as follows: fire-rescue impact fee north subdistrict, fire-rescue impact fee south subdistrict, police impact fee district, general services impact fee district and parks and recreation impact fee district. Accounts established in 1988 for the original impact fee benefit/planning districts shall be maintained through FY2008. The city shall use its best efforts to appropriate and expend those funds within the appropriate benefit/planning district, however, the fund balances for the fire-rescue. Police, general services, solid waste, and parks and recreation impact fee funds remaining at the end of FY2008 may be transferred to the appropriate impact fee benefit district or subdistrict established in subsection 13-7(c) and expended within that district or subdistrict.

(d) *Maintenance of records.* The city finance department shall maintain and keep adequate financial records for each such account which shall show the source and disbursement of all revenues, which shall account for all moneys received, including revenue by building permit, and which shall document and ensure that the disbursement of funds from each account shall be used solely and exclusively in accordance with provisions of this article. For purposes of petitions for refunds under section 13-16 of this article, the expenditure and appropriation of impact fees shall be deemed to occur in the same sequential order as the collection of impact fees, in other words, the first fee in shall be the first fee out.

(e) *Impact fee expenditures.* Impact fees collected pursuant to this article shall be expended only for the type of system improvements for which the impact fee was imposed and only within the impact fee benefit district or subdistrict where the impact fee was collected, except as provided in subsection (c) above. Impact fees shall not be expended to eliminate any deficiencies in facilities, land or equipment that may result from adoption of an increased level of service.

(f) *Annual review and modification.* The city, acting through appropriate staff or agents, shall annually, no later than 120 days after the annual capital budget and capital improvements program adoption process, review the impact fee ordinance procedures, assumptions, formulas, benefit district and subdistrict designations, and fee calculations, and issue an annual report. The first annual report shall be issued after September 2006. The annual report shall be distributed to the city commission by the city manager. The annual report should, at a minimum, include information by individual benefit district or subdistrict for the fire-rescue impact fee, on account balances, annual collections annual expenditures and system improvement projects funded in whole or in part with impact fees. The annual report should provide information on the number of owner-occupied units and rental units participating in the affordable housing and workforce housing impact fee deferral program, the number of units added annually, and the number of units no longer meeting the affordable housing and workforce housing deferral program criteria. The report should evaluate the effectiveness of the deferral program in encouraging the provision and retention of affordable housing and workforce housing and the effect, if any, of the deferral program on the provision of impact fee funded public facilities. The annual report should present any recommendations related to

the impact fee system including but not limited to, the need for any updates to the impact fee calculations district boundaries and ordinance. In reviewing the impact fee system, the city may consider:

(1) Development occurring in the prior year;

(2) Construction of proposed public facilities;

(3) Changing facility needs;

(4) Inflation and other economic factors;

(5) Revised cost estimates for public facilities, land and/or improvements;

(6) Changes in the availability of other funding sources applicable to impact-fee-related capital improvements; and

(7) Such other factors as may be relevant. The data in the annual report may be organized based on the city's fiscal year or calendar year. Nothing in this article shall be construed to limit the city commission's authority to amend this article at any time.

(g) *Triennial review and modification.* The city shall conduct a complete review of the impact fees every three years to determine if changes in costs, facility needs, development patterns, demographics and any other relevant factors indicate a need to update the impact fee calculations, data, methodology or other components of the impact fee system. The triennial report issued based on this review shall be distributed to the city commission by the city manager. Changes to the impact fee system, including updated fee calculations, should be adopted within a year of completion of the triennial report.
(Ord. No. 12750, § 2, 12-15-05; Ord. No. 13564, § 1, 10-22-15)

Sec. 13-14. Administrative fees.

Expenses to be incurred by the city in connection with the administration of the development impact fee ordinance have been estimated and budgeted and have been determined to be of benefit to the properties therein and shall be reimbursed to impact fee administration fund of the city out of the revenues accruing through the imposition of a service charge in the amount of three percent of the impact fee due. The nonrefundable service charges are in addition to and shall be paid separately from the impact fees but shall be payable at the time of application for the building permit and shall be for the sole purpose of defraying expenses as provided herein.
(Ord. No. 12750, § 2, 12-15-05)

Sec. 13-15. Bonding of capital improvement projects.

The city may issue bonds, revenue certificates and other obligations of indebtedness in such manner and subject to such limitations as may be provided by law, in furtherance of the provision of impact fee funded projects. Funds pledged toward retirement of bonds, revenue certificates or other obligations of indebtedness for such projects may include impact fees and other city revenues as may be allocated by the city commission. Impact fees paid pursuant to this article, however, shall be restricted to use solely and exclusively for financing, directly, or as a pledge against bonds, revenue certificates and other obligations of indebtedness for, the cost of system improvements.
(Ord. No. 12750, § 2, 12-15-05)

Sec. 13-16. Administrative procedures for petitions for impact fee determinations and affordable housing and workforce housing deferrals, refunds and credits.

(a) *Petition process.*

(1) Petitions for an impact fee determination and affordable housing or workforce housing impact fee deferral refund of impact fees and/or credit against impact fees shall be submitted using the petition process, requirements and time limits provided herein. All petition requests except petitions for refunds under subsections (c) and (d), shall be accompanied by a fee of $250.00. Any officer department board commission or agency of the city (collectively referred to as city "entities") submitting a petition shall not be required to pay said fee.

(2) All petitions shall be submitted to the city manager's designee for processing and preparation of a staff report and recommendations on the petition, and the final determination on the petition shall be issued by the city manager. The city manager's designee is authorized to request analysis of the petition request by any and all appropriate city departments and staff in order to provide a complete and detailed review of and recommendations on the petition request to the city manager. The staff report and recommendations shall be forwarded to the city manager no later than 60 days after filing of a complete petition. The city manager shall, no later than 90 days of filing of the complete petition issue a written determination on the petition, with the reasoning for the determination based upon the petition data, the provisions of this article and applicable laws, and, if needed, direct the appropriate city staff to take the actions necessary to implement the determination.

(3) Upon written agreement by the city manager's designee and the petitioner the time limits in this section may be waived for any reason, including, but not limited to, the submittal of additional data and supporting statements by the petitioner. The city manager's designee is authorized to determine whether a petition is complete and whether additional data or supporting statements by appropriate professionals are needed. If the city manager's designee determines that the petition is not complete, a written statement detailing the insufficiencies of the petition shall be provided to the petitioner within 30 days of initial filing of the petition. The date of such written determination of insufficiency shall toll the time limits established in the section until submittal of a complete petition. Any insufficiency not corrected during such time will cause the petition to not be considered, and it will be returned without the necessity of further action.

(4) The filing of a petition shall stay action by the city on the application for building permit and any other city action related to the development. No building permit shall be issued for development for which a petition has been filed and is pending unless the total impact fees due have been paid in full or a sufficient bond or letter of credit satisfactory to the city attorney has been filed with the city.

(b) *Petitions for impact fee determination.* Any applicant, prior to in conjunction with the submission of an application for a building permit, or within 30 days of the date of payment of impact fees, may petition the city manager for a determination that the amount of the impact fees imposed on the new development is inappropriate based on any or all of the following factors the specific land use category applied to the residential or nonresidential development and the amount of development (dwelling units and/or gross square footage). The petition shall specify in detail the basis on which the applicant asserts that the amount of the impact fees is inappropriate. The petition shall be on a form provided by the city and shall, at a minimum, include identification of the disputed factor(s), a detailed statement asserting the basis for the dispute, the data relied upon by the petition and a detailed statement by a qualified professional engineer, planner or other appropriate professional, and, if filed after payment of impact fees, a dated receipt for payment of the impact fees issued by the city's building department. Failure to timely file a petition for impact fee determination shall waive any right to review or recalculation to decrease the impact fee payment.

(c) *Petitions for affordable housing and workforce housing deferral program determinations.* Any applicant for deferral of impact fees pursuant to the affordable housing and workforce housing impact fee deferral program established in section 13-8 shall submit a petition prior to or with submittal of a building permit application. Failure to timely file a petition for affordable housing and workforce housing deferral program determination shall waive any right to participation in the affordable housing and workforce

housing deferral program. Such petition shall be on a form provided by the city and shall at a minimum include the following:

(1) A list of all affordable and workforce housing unit numbers by building with the total number of dwelling units for each building and the anticipated sales price or rental amount for each affordable housing unit.

(2) A list of all anticipated affordable and workforce housing unit owner names and current addresses and other contact information. If such information is available, if the information is not available the petition may be processed without it.

(3) A covenant running with the land, previously recorded by the applicant in the public records of the county for each affordable or workforce housing unit. The recorded covenant shall be on a form provided by the city and shall be in a form acceptable to the office of the city attorney. A deed restriction, in a form acceptable to the office of the city attorney may be submitted in lieu of a covenant as long as it accomplishes the same goal as the covenant.

(4) Any other information deemed relevant by city staff to a determination of eligibility under the affordable housing and workforce housing deferral program, including criteria established in this article and the applicable city commission resolution.

(d) *Petitions for refund of impact fees.*

(1) The current owner of property on which an impact fee has been paid may apply for a refund of such fee if the city has failed to appropriate or spend the collected fees by the end of the calendar quarter immediately following six years of the date of payment of the impact fee, if the building permit for which the impact fee has been paid has lapsed for noncommencement of construction, if the project for which a building permit has been issued has been altered resulting in a decrease in the amount of the impact fee due, or if the project has been approved for the affordable housing and workforce housing deferral program.

(2) Only the current owner of property may petition for a refund. A petition for refund must be filed within 90 days of any of the above-specified events giving rise to the right to claim a refund. Failure to timely file a petition for refund shall waive any right to an impact fee refund.

(3) The petition for refund shall be submitted to the city manager's designee on a form provided by the city for such purpose. The petition shall contain a notarize affidavit that petitioner is the current owner of the property, a certified copy of the latest tax records of Miami-Dade County showing the owner of the subject property, a copy of the dated receipt for payment of the impact fee issued by the city's building department and a statement of the basis upon which the refund is sought.

(4) If a building permit applicant has paid impact fees and withdraws the building permit application, then the actual payor may petition for a refund within 90 days of the withdrawal of the building permit application that caused the impact fee to be due, if and only if the building permit has not been approved and issued. Failure to timely file a petition for refund shall waive any right to an impact fee refund. The petition for refund shall be submitted to the city manager's designee on a form provided by the city for such purpose. The petition shall contain (i) a notarized affidavit that the petitioner is the actual and only payor of the impact fees for the withdrawn building permit application; (ii) a copy of the dated receipt for payment of the impact fee issued by the city's building department; and (iii) a statement of the basis upon which the refund is sought. The city manager's designee shall have authority to request additional documents necessary to confirm the petitioner is the actual and only

payor of the impact fees subject to refund and confirm that no impact requiring impact fees has occurred.

(5) Any money refunded pursuant to this subsection shall be returned with interest at a rate of three percent per annum.

(e) *Petition for credits against impact fees.*

(1) Any applicant as defined in this article who elects to construct or dedicate all or a portion of a system improvement as defined in this article, or, who escrows money with the city for the construction of a system improvement may, if all criteria in this article and this subsection (e) are fulfilled, be granted a credit for such contribution against the impact fees otherwise due for the same type of system improvement. The applicant must, prior to the applicant's construction, dedication or escrow of the system improvement, submit a petition on a form provided by the city, obtain a determination of credit eligibility and the amount of any credit, and enter into a credit agreement with the city. The petition for credit shall contain, at a minimum, the following a certified copy of the most recently recorded deed for the subject property preliminary engineering plans and certified costs estimates by an architect, engineer or other appropriate professional for the proposed improvement legal description of any land proposed to be contributed, proposed schedule for completion of any construction/dedications identification of the proposed improvement in the current adopted CIP and the amount of impact fee funding for the improvement and identification in detail of the development against which the credits are to apply or which will pay the impact fees to be used for the credit including the land use type(s), number of units/gross floor area, anticipated development schedule, and legal descriptions of the subject property. Any appeal of petition determinations on credits must be filed, heard, and determined prior to the applicant's construction, dedication or escrow for which the credit is requested. Failure to timely file a petition for impact fee credits shall waive any right to impact fee credits.

(2) A credit shall be granted and the amount of the credit shall be determined by the city manager if it is determined that the system improvement is in the adopted, current capital improvements plan and is funded in whole or in part with impact fee revenue. The amount of the credit shall be based on actual costs certified by a professional engineer or architect submitted by the applicant and reviewed and approved by the appropriate city department. In no event shall the credit exceed the amount of impact fees budgeted for that system improvement or the amount of the impact fees for the same type of system improvements that are due from the development requesting the credit whichever amount is smaller. If the impact fees due exceed the amount of credit the applicant shall pay the impact fees due less the credit at the time of issuance of the building permit.

(3) If a credit petition is approved the applicant and the city shall enter into a credit agreement which shall provide for, but is not limited to the following the process to be used to verify actual costs the value of any dedicated land or methodology to determine the value of any dedicated land the obligations and responsibilities of the applicant, including but not limited to:

a. Public bidding or solicitation requirements;

b. Engineering, design and construction standards and requirements to be complied with;

c. Insurance bonding and indemnification requirements;

d. Project inspection standards and responsibilities;

e. Timing of the actions to be taken by the applicant;

f. Transfer of title to land and improvements;

g. Process for submittal of credit payment requests; and

h. Timing of payments by the city.

No impact fee credits shall be paid or provided until any land has been dedicated and conveyed to the city and/or the facilities have been constructed and accepted or alternatively until a bond has been posted to ensure the conveyance and/or construction. Any bond shall be issued by a state surety and in a form acceptable to the city attorney and risk manager. The city's obligation to pay impact fee credits shall be limited to the impact fees collected from the development for a period not to exceed ten years from the date of approval of the agreement. The credit agreement shall provide for forfeiture of any impact fee credit remaining at the end of such ten—year period. The credit applicant shall agree to provide recorded notice to subsequent purchasers/owners of the property regarding the credit, if any, that may be available to such purchasers and shall agree to indemnify the city for any and all costs and liabilities arising from any claims by others related to the impact fee credit.

(Ord. No. 12750, § 2, 12-15-05; Ord. No. 12929, § 2, 7-10-07; Ord. No. 13564, § 1, 10-22-15; Ord. No. 13601, § 2, 4-28-16; Ord. No. 14061, § 2, 4-28-22)

Sec. 13-17. Appeal to city commission.

(a) A petition determination by the city manager shall be final unless a written notice of appeal to the city commission is filed with the director of the department of zoning within 20 days of the date of the written determination by the city manager, together with payment of a $500.00 fee. Such appeal may be filed by the applicant, the petitioner, or by any officer, department, board, commission, or agency of the city. All such appeals to the city commission shall be subject to the disclosure requirements of section 2-618. The above-specified city entities shall not be required to pay said fee. Failure to timely file a request for review of a petition determination shall waive any right to any further review of the petition determination.

(b) The director of zoning shall then certify such appeals through the office of the city manager.

(c) Appeals shall be filed on a form provided by the city and accompanied by ten copies of all documents for consideration by the city commission including but not limited to the petition submittal and all accompanying documents, the petition determination and any additional documents, exhibits, technical reports, or other written evidence the appellant wants the city commission to consider. Should the appellant want to submit additional written material after the initial filing of notice of appeal ten complete copies of such material shall be submitted to the director of zoning no later than 30 days prior to the hearing date. If any material is submitted after that date the city commission shall reschedule the hearing to a later date to provide adequate time for review of the material by city staff and the city manager notwithstanding the 90-day period established under subsection (d).

(d) The city commission on review shall have full power to affirm, reverse, or modify the action of the city manager so long as such commission action is based on applicable law and the provisions of this article. The appeal shall be heard by the city commission not more than 90 days after the appeal is filed by the appellant.

(Ord. No. 12750, § 2, 12-15-05)

Sec. 13-18. Judicial review.

Any request for review of a decision by the city commission under this article shall be made by filing an appeal within 30 days of said decision with the circuit court in accordance with the Florida Rules of Appellate Procedure.

(Ord. No. 12750, § 2, 12-15-05)

Sec. 13-19. Effect of impact fee on planning, zoning, subdivision, and other regulations.

This article shall not affect, in any manner, the permissible use of property, density of develop-

ment, design and improvement standards and requirements or any other aspect of the development of land or provision of public improvements subject to the city's comprehensive plan, zoning regulations, subdivision regulations, or other regulations of the city, all of which shall be operative and remain in full force and effect without limitation with respect to all such development.
(Ord. No. 12750, § 2, 12-15-05)

Sec. 13-20. Impact fee as additional and supplemental requirement.

The payment of impact fees imposed pursuant to this article is additional and supplemental, and not in substitution, any other requirements imposed by the city on the development of land or the issuance of building permits. It is intended to be consistent with and to further the objectives and policies of the comprehensive plan, the zoning ordinance, and to be coordinated with the city's capital improvement program, and other city policies, ordinances and resolutions by which the city seeks to ensure the provision of public facility improvements in conjunction with the development of land. In no event shall a property

owner be required to pay impact fees for the same improvements in an amount in excess of the amount calculated pursuant to this article, provided, however, that a property owner may be required to provide or pay, pursuant to Miami-Dade County, state and/or city ordinances, policies or regulations, for public facility improvements in addition to payment of impact fees pursuant to this article. Nothing in this article shall be construed as a guarantee of adequate public facilities at the time of development of any particular property.
(Ord. No. 12750, § 2, 12-15-05)

Sec. 13-21. Alternative collection method.

In the event that the appropriate amount of impact fees due pursuant to this article are not paid prior to the issuance of a building permit, the city may elect to collect the impact fees due by any other method which is authorized by law.
(Ord. No. 12750, § 2, 12-15-05)

Sec. 13-22. Previous impact fee schedules.

The language presented in sections 13-22—13-27 is retained from previous sections 13-8—13-12 for the purpose of imposition of impact fees on development with building permit applications submitted and accepted as complete by the city prior to 5:00 p.m. on January 15, 2006. Sections 13-23—13-27 are applicable only to development with building permit applications submitted and accepted as complete by the city prior to 5:00 pm on January 15, 2006 which development proceeds to issuance of certificate of occupancy without lapse or expiration of the original building permit.
(Ord. No. 12750, § 2, 12-15-05)

Sec. 13-23. Establishment of development subareas.

Development subareas are established as shown on the "City of Miami Planning District Maps" attached hereto and incorporated herein but not printed in the Code by reference as appendix A.
(Ord. No. 12750, § 2, 12-15-05)

Sec. 13-24. Development potential by subarea.

Planning District	*Residential*	*Nonresidential*	*Total*
Edison	772,320	1,289,836	2,062,156
Downtown	20,006,667	10,493,783	30,500,450
Coconut Grove	3,099,000	1,057,868	4,156,868

Virginia Key	0.283	0.000	0.000	0.000	0.000	0.119	0.102	0.504

The derivation of impact fee coefficients by type of service is as follows:

a. Police—Residential

Planning District	*Edison*	*Downtown*	*Coconut Grove*	*Little Havana*	*Flagami*	*Allapattah*	*Virginia Key*
Estimated cost of improvements	$ 14,767	$ 289,863	$ 53,524	$ 26,232	$ 11,565	$ 13,079	$ 0
Projected residential growth (sq. ft.)	772,320	20,006,667	3,099,000	1,371,840	604,800	684,000	0
Impact fee coefficient ($/sq. ft.)	$0.019	$0.014	$0.017	$0.019	$0.019	$0.019	$0.000

b. Police—Nonresidential

Planning District	*Edison*	*Downtown*	*Coconut Grove*	*Little Havana*	*Flagami*	*Allapattah*	*Virginia Key*
Estimated cost of improvements	$ 364,631	$ 2,966,562	$ 299,054	$ 913,440	$143,361	$ 701,331	$ 87,635
Projected nonresidential growth (sq. ft.)	1,289,836	10,493,783	1,057,868	3,231,166	507,128	2,480,863	310,000
Impact fee coefficient ($/sq. ft.)	$0.283	$0.283	$0.283	$0.283	$0.283	$0.283	$0.283

c. Fire and rescue—Residential

Planning District	*Edison*	*Downtown*	*Coconut Grove*	*Little Havana*	*Flagami*	*Allapattah*	*Virginia Key*
Estimated cost of improvements	$ 9,654	$ 394,357	$ 20,969	$ 11,602	$ 0	$ 0	$ 0
Projected residential growth (sq. ft.)	772,320	20,006,667	3,099,000	1,371,840	604,800	684,000	0

Planning District	*Edison*	*Downtown*	*Coconut Grove*	*Little Havana*	*Flagami*	*Allapattah*	*Virginia Key*
Impact fee coefficient ($/sq. ft.)	$0.013	$0.020	$0.007	$0.008	$0.000	$0.000	$0.000

d. Fire and rescue—Nonresidential

Planning District	*Edison*	*Downtown*	*Coconut Grove*	*Little Havana*	*Flagami*	*Allapattah*	*Virginia Key*
Estimated cost of improvements	$ 25,926	$ 705,248	$ 26,441	$ 56,972	$ 0	$ 0	$ 0
Projected nonresidential growth (sq. ft.)	1,289,836	10,493,783	1,057,868	3,231,166	507,128	2,480,863	310,000
Impact fee coefficient ($/sq. ft.)	$0.020	$0.067	$0.025	$0.018	$0.000	$0.000	$0.000

e. Parks and recreation—Residential

Planning District	*Edison*	*Downtown*	*Coconut Grove*	*Little Havana*	*Flagami*	*Allapattah*	*Virginia Key*
Estimated cost of improvements	$168,205	$ 3,137,360	$ 539,964	$ 298,781	$131,721	$148,970	$ 0
Projected residential growth (sq. ft.)	772,320	20,006,667	3,099,000	1,371,840	604,800	684,000	0
Impact fee coefficient ($/sq. ft.)	$0.218	$0.157	$0.174	$0.218	$0.218	$0.218	$0.000

f. Parks and recreation—Nonresidential

Planning District	*Edison*	*Downtown*	*Coconut Grove*	*Little Havana*	*Flagami*	*Allapattah*	*Virginia Key*
Estimated cost of improvements	$ 0	$ 4,237,727	$ 0	$ 0	$ 0	$ 0	$ 0
Projected nonresidential growth (sq. ft.)	1,289,836	10,493,783	1,057,868	3,231,166	507,128	2,480,863	310,000
Impact fee coefficient ($/sq. ft.)	$0.000	$0.404	$0.000	$0.000	$0.000	$0.000	$0.000

g. Streets—Residential

Planning District	*Edison*	*Downtown*	*Coconut Grove*	*Little Havana*	*Flagami*	*Allapattah*	*Virginia Key*
Estimated cost of improvements	$227,938	$ 5,639,665	$1,388,362	$ 286,107	$328,308	$227,698	$ 0
Projected residential growth (sq. ft.)	772,320	20,006,667	3,099,000	1,371,840	604,800	684,000	0
Impact fee coefficient ($/sq. ft.)	$0.295	$0.282	$0.448	$0.209	$0.543	$0.333	$0.000

h. Streets—Nonresidential

Planning District	*Edison*	*Downtown*	*Coconut Grove*	*Little Havana*	*Flagami*	*Allapattah*	*Virginia Key*
Estimated cost of improvements	$ 380,675	$ 2,958,085	$ 473,926	$ 673,886	$275,287	$ 825,864	$ 0
Projected nonresidential growth (sq. ft.)	1,289,836	10,493,783	1,057,868	3,231,166	507,128	2,480,863	310,000
Impact fee coefficient ($/sq. ft.)	$0.295	$0.282	$0.448	$0.209	$0.543	$0.333	$0.000

i. Storm sewers—Residential

Planning District	*Edison*	*Downtown*	*Coconut Grove*	*Little Havana*	*Flagami*	*Allapattah*	*Virginia Key*
Estimated cost of improvements	$113,967	$ 2,819,831	$ 694,179	$ 143,052	$164,153	$113,848	$ 0
Projected residential growth (sq. ft.)	772,320	20,006,667	3,099,000	1,371,840	604,800	684,000	0
Impact fee coefficient ($/sq. ft.)	$0.148	$0.141	$0.224	$0.104	$0.271	$0.166	$0.000

j. Storm sewers—Nonresidential

Planning District	*Edison*	*Downtown*	*Coconut Grove*	*Little Havana*	*Flagami*	*Allapattah*	*Virginia Key*
Estimated cost of improvements	$ 190,336	$ 1,479,040	$ 236,962	$ 336,941	$137,641	$ 412,930	$ 0
Projected nonresidential growth (sq. ft.)	1,289,836	10,493,783	1,057,868	3,231,166	507,128	2,480,863	310,000
Impact fee coefficient ($/sq. ft.)	$0.148	$0.141	$0.224	$0.104	$0.271	$0.166	$0.000

k. Solid waste—Residential

Planning District	*Edison*	*Downtown*	*Coconut Grove*	*Little Havana*	*Flagami*	*Allapattah*	*Virginia Key*
Estimated cost of improvements	$ 46,964	$ 875,977	$ 150,762	$ 83,421	$36,776	$ 41,593	$ 0
Projected residential growth (sq. ft.)	772,320	20,006,667	3,099,000	1,371,840	604,800	684,000	0
Impact fee coefficient ($/sq. ft.)	$0.061	$0.044	$0.049	$0.061	$0.061	$0.061	$0.000

l. Solid waste—Nonresidential

Planning District	*Edison*	*Downtown*	*Coconut Grove*	*Little Havana*	*Flagami*	*Allapattah*	*Virginia Key*
Estimated cost of improvements	$ 154,030	$ 1,253,161	$ 126,328	$ 385,863	$ 60,559	$ 296,262	$ 37,019
Projected nonresidential growth (sq. ft.)	1,289,836	10,493,783	1,057,868	3,231,166	507,128	2,480,863	310,000
Impact fee coefficient ($/sq. ft.)	$0.119	$0.119	$0.119	$0.119	$0.119	$0.119	$0.119

m. General services administration—Residential

Planning District	*Edison*	*Downtown*	*Coconut Grove*	*Little Havana*	*Flagami*	*Allapattah*	*Virginia Key*
Estimated cost of improvements	$ 18,679	$ 351,309	$ 61,194	$ 33,178	$ 14,627	$ 16,543	$ 0
Projected residential growth (sq. ft.)	772,320	20,006,667	3,099,000	1,371,840	604,800	684,000	0
Impact fee coefficient ($/sq. ft.)	$0.024	$0.018	$0.020	$0.024	$0.024	$0.024	$0.000

n. General services administration—Nonresidential

Planning District	*Edison*	*Downtown*	*Coconut Grove*	*Little Havana*	*Flagami*	*Allapattah*	*Virginia Key*
Estimated cost of improvements	$ 132,053	$ 1,074,372	$ 108,305	$ 330,810	$ 51,918	$ 253,993	$ 31,737
Projected nonresidential growth (sq. ft.)	1,289,836	10,493,783	1,057,868	3,231,166	507,128	2,480,863	310,000
Impact fee coefficient ($/sq. ft.)	$0.102	$0.102	$0.102	$0.102	$0.102	$0.102	$0.102

(Ord. No. 12750, § 2, 12-15-05)

Sec. 13-27. Calculation of impact fee.

(a) Upon receipt and acceptance by the city of a complete application for a building permit for a new development prior to 5:00 p.m. on January 15, 2006, the zoning department shall determine the amount of the impact fee due pursuant to the following procedure:

(1) Determine whether the development is exempt as follows:

a. Single-family residential development.

b. Development of less than 1,000 square feet not resulting in a net increase in the number of residential dwelling units.

c. Duplex in multiple family residential development located in the city's designated neighborhood development zones or their equivalent as defined within the effective community development block grant program approved by the city and accepted by the U.S. Department of Housing and Urban Development, as may be amended.

d. Duplex and multiple family residential development, outside of neighborhood development zones or their equivalent as stipulated hereinabove which is certified by the department of community development as affordable housing with the waiver calculated as a pro rata amount represented by the relationship of the number of affordable housing units in such development, as certified by the department of community development to the total number of units in such development.

e. Any development which is a nonprofit joint venture with the city, or city-owned or -operated facility.

f. Any development of regional impact (DRI) (excluding the downtown DRI and the Southeast Overtown/Park West areawide DRI) for which a development order has been issued by the city before the effective date of this article, providing that the building permit for such DRI is obtained within 15 months of the effective date of this article.

g. As of November 19, 2002, the first three residential development projects that include 201 or more units of multiple family owner-occupied housing valued for purchase by middle-income families located within the downtown central business district, for which a building permit for construction not merely for demolition or foundation work, is issued by the city no later than December 31, 2005 which development shall have at least 70 percent of the units in such development priced for purchase at a value not less than 121 percent and not more than 300 percent of the median value of owner-occupied dwelling units in the city as listed in the 2000 U.S. Census the exemption shall apply only to the residential portion of the development and only to the portions of the development for which the specified building permit is issued prior to December 21, 2005.

(2) Identify the property's development subarea (i.e., the planning district wherein it falls).

(3) Calculate the gross square footage of floor area of the building for residential and nonresidential, excluding any exempt portions of the development pursuant to subsection (a)(1).

(4) Multiply the gross square footage of the development by the appropriate subarea impact fee coefficients in section 13-26.

(5) Review and, if appropriate, reduce, upon written request of the applicant and verification by the zoning department, the amount of impact fee calculated and otherwise due, by the value to the city of any capital improvements provided by the applicant which are listed in the impact-fee-related capital improvement program. Evidence of capital improvement provision cost shall be submitted by the applicant and shall be subject to review by the city. In no event, however, shall a credit be given for that specific category of projects for more than the amount of the impact fee otherwise due pursuant to this article.

(b) Prior to making an application for a building permit, an applicant may request a nonbinding good-faith impact fee estimate from the zoning department. The estimate shall be based upon the development potential of the particular site as measured by either:

(1) The maximum allowable gross square footage permitted by existing zoning, or

(2) The total gross square footage indicated in the applicant's building plan. The square footage thus determined is then multiplied by the applicable impact fee coefficient.

(Ord. No. 12750, § 2, 12-15-05)

Secs. 13-28—13-50. Reserved.

ARTICLE II. DOWNTOWN DEVELOPMENT SUPPLEMENTAL FEE*

Sec. 13-51. Short title.

This article shall be known and cited as the "City of Miami downtown development supplemental fee ordinance."
(Ord. No. 12678, § 2, 4-28-05)

Sec. 13-52. Intent.

(a) This article is intended to impose the downtown development supplemental fee as a supplemental fee on new development within the downtown DRI project area, utilizing the defined terms in section 13-53. The downtown development supplemental fee comprises three components including a transportation mitiga-

*__Editor's note—__Ord. No. 12678, § 2, adopted April 28, 2005, amended article II in its entirety to read as herein set out. Formerly, article II pertained to similar subject matter and derived from Ord. No. 10461, § 1, adopted July 14, 1988; the Code of 1980, §§ 13-41—13-55; Ord. No. 12295, § 3, adopted November 19, 2002. The exhibits referred to in this article are not reproduced in the Code; they can be found on file in city records in the office of the city clerk.

tion fee, a DRI/master plan recovery fee and an administration fee. The downtown development supplemental fee is payable prior to the time of building permit issuance or upon application for certain permits, as provided for herein, in an amount based upon the appropriate units of land use, in order to mitigate the impacts of the proposed development in the project area, as set forth in Exhibit E of Ordinance No. 13704 since the demand for the mitigation is uniquely attributable to such net new development on an area-wide basis.

(b) This article shall be uniformly applicable to all net new development within the project area. This fee shall not be applicable to any activity which is not classified as "net new development" as defined in section 13-53 or which has, on the effective date of the master and Increment I downtown DRI development orders, a valid building permit or currently effective DRI development order.
(Ord. No. 12678, § 2, 4-28-05; Ord. No. 13703, § 2, 10-26-17)

Sec. 13-53. Definitions.

As used in this article, the following words and terms shall have the following meanings, unless another meaning is plainly intended.

ADA or *application for development approval* shall mean the original application for development approval for the downtown Miami project area filed by the DDA on November 25, 1986, pursuant to F.S. § 380.06 (1987), as amended by the Increment II ADA filed by the DDA on February 13, 2002.

Administration fees shall mean a fee charged to all new development to pay for the city's administrative costs for enforcing the terms and conditions of the downtown development orders, including but not limited to preparation of ordinances and procedures, review of permit applications, monitoring compliance with requirements, and enforcing violations, and which shall be a component of the downtown development supplemental fee.

Air quality fees shall mean a fee charged to all net new development to pay for the for the city's costs for air quality monitoring, modeling and mitigation measures as required in the Increment I and II development orders for downtown Miami; and which shall be a component of the downtown development supplemental fee through in Increment I and Increment II.

Applicant shall mean an individual, corporation, business trust, estate, trust, partnership, association, two or more persons acting as coapplicants, any county or state agency, any other legal entity, or the authorized representative of any of the aforementioned, signing an application for a building permit.

Attractions/recreation use shall mean theaters, performance halls, sports arenas, museums, and similar cultural, entertainment, or recreational facilities.

Building permit shall mean any permit required for new construction and additions pursuant to the Florida Building Code.

By-right project shall mean a project that is designed to conform to all the applicable standards of the Ordinance No. 13114, the Zoning Ordinance of the City of Miami, Florida, as amended ("Miami 21 Code"), and any other specific requirements that may be enumerated elsewhere in the City Code.

CADA or *consolidated application for development approval* shall mean the revised ADA prepared pursuant to the requirements of F.S. § 380.06 (2017).

Central business district shall be as defined in section 13-5.

Certificate of occupancy shall mean a permanent or temporary and/or partial certificate of occupancy issued, pursuant to the Florida Building Code.

City shall mean the City of Miami, Florida.

Class II special permit shall mean a special permit issued by the planning director pursuant to Ordinance No. 11000, the previous zoning ordinance of the city, as amended, and the Miami 21 Code, as amended and as applicable.

Commission shall mean the city commission of Miami, Florida.

Comprehensive plan shall mean the city's plan for future development adopted by city Ordinance Number 10544, and as may be amended and updated from time to time.

Convention use shall mean meeting rooms, banquet halls, exhibition halls, auditoriums, and their auxiliary spaces intended for use by conventions, seminars, exhibitions, and the like, which shall exceed the minimum standard for ancillary facilities within the definition of "hotel use".

DDA or *downtown development authority* shall mean the downtown development authority of the city.

DO or *downtown development order* shall mean orders granting with conditions for a development permit, as defined by F.S. § 163.3164 (2017), for the Downtown DRI. The master development order was approved by Resolution No. 87-1148, Increment I was established by Resolution No. 87-1149, Increment II was established by Resolution No. 02-1307, and Increment III was established by Ordinance No. 13704.

Downtown development supplemental fee shall mean a fee charged to net new development in the project area comprised of components including a transportation mitigation fee, an administration fee, and a DRI/master plan recovery fee which are assessable to the net new development according to the provisions of this article.

Downtown development supplemental fee coefficient shall mean the charge per unit of land use as calculated for each component of the downtown development supplemental fee.

DRI shall mean "development of regional impact" as defined by F.S. § 380.06 (2017), and includes any development which, because of its character, magnitude, or location, would have a substantial effect upon the health, safety, or welfare of citizens of more than one county.

DRI/master plan recovery fee shall mean a fee charged to all net new development to reimburse the city and/or DDA for costs incurred in the DRI/master plan study and future related studies in accordance with the CADA and the downtown DRI development orders, and which shall be a component of the downtown development supplemental fee.

DU or *dwelling unit* shall mean a residence of a single housekeeping unit as further defined in the Miami 21 Code.

Hotel use shall mean land use functions predominantly of sleeping accommodations occupied on a rental basis for limited periods of time as further defined in the Miami 21 Code. These are measured in terms of lodging units. A lodging unit is a furnished room of a minimum 200 square feet that includes sanitary facilities and may include limited kitchen facilities. "Hotel uses" may include meeting and banquet facilities and convenience goods and services for hotel guests, provided that the total of such ancillary facilities shall not exceed 15 percent of the gross square footage of the proposed hotel.

Industrial use shall mean land uses connected with a business or activity involving manufacturing, fabrication, assembly, distribution, disposal, warehousing, bulk storage, trucking and equipment facilities, and other businesses serving primarily industrial needs based on the Miami 21 Code.

Institutional use shall mean hospitals, universities, schools, and post offices.

MUSP or *major use special permit* shall mean a special permit issued by the city commission pursuant to Ordinance Number 11000, the previous zoning ordinance of the city, as amended, and the Miami 21 Code, as applicable.

Net new development shall mean any construction or reconstruction which will result in a net increase, within any parcel of land, of residential dwelling units, hotel rooms, seats in attractions/recreation facilities or gross square footage for office, retail/service, convention, wholesale/industrial or institutional uses. Land uses to be removed by demolition of a building or structure may be credited against the proposed new land uses for purposes of calculating the net increase, if the planning director determines that there was a valid certificate of occupancy existing on the effective date of this development order for the land uses to be demolished. If a change of

land use is proposed, the planning director may credit the prior land use against the proposed land use based upon equivalent impacts as measured by peak hour vehicle trip generation. Any activity which has, on the effective date of this development order, a valid building permit or any currently effective development order shall not be included as net new development. The planning director may exclude from net new development any small development under 10,000 square feet in floor area, if he or she finds that such development would have no regional impact as measured by peak hour vehicle trips.

Office use shall mean space for the conduct of the administrative functions of government or business and professional activities not including sales of merchandise off the premises, and not including personal services as defined herein under "retail/service use."

Owner-occupied units shall mean dwelling units for individual sale by a developer and intended occupancy by an owner, as opposed to rental residential developments.

Parcel of land shall mean, pursuant to F.S. ch. 380 (2017), any quantity of land capable of being described with such definiteness that its location and boundaries may be established, and which is designated by its owner or developer as land to be used or developed as a unit or which has been used or developed as a unit.

p.m. peak hour external motor vehicle trips shall mean the average number of trips per hour during the afternoon peak period from 4:00 to 6:00 p.m. generated by motor vehicles, excluding public transit vehicles, that have either an origin or a destination within the project area.

Project area shall mean the area included within the legal description as set forth in Exhibit E of Ordinance No. 13704.

Residential use shall mean any "dwelling units" as defined in the zoning ordinance.

Retail/service use shall mean space for the sale of merchandise, eating and/or drinking establishments, and personal services such as but not limited to hair salons, travel agencies, laundries, dry cleaners, bank tellers, photographers, shoe repair, tailoring, etc.

Room shall mean "Lodging unit."

SF, gross square feet, or *gross square footage* shall mean "floor area" as further defined in the Miami 21 Code.

Site shall mean a legally described parcel of property capable of development pursuant to applicable city ordinances and regulations.

Total allowable development shall mean the quantity of net new development for which certificates of occupancy may be issued under the terms and conditions of the development order, as may be modified pursuant to F.S. § 380.06(19) (2004).

Transportation mitigation fee shall mean a fee charged to all net new development to pay for improvements to mitigate for impacts on the regional transportation system in accordance with requirements of the CADA and the Increment I and Increment II development order for downtown Miami, and which shall be a component of the downtown development supplemental fee.

Wholesale/industrial use shall mean manufacturing, wholesale trade, warehousing and storage, printing, automotive and heavy equipment repair, and other general commercial uses permitted within I (industrial) districts in the zoning ordinance.

Zoning ordinance shall mean Ordinance No. 13114 and commonly referred to as the Miami 21 Code. This ordinance replaces City Ordinance Number 11000.

Zoning permit shall mean any special permit as delineated in Section 7.1.2 of the Miami 21 Code including, but not limited to, waivers, warrants, exceptions, and variances which are necessary for the development of properties that are not developed "by-right."

(Ord. No. 12678, § 2, 4-28-05; Ord. No. 13703, § 2, 10-26-17)

Sec. 13-54. Authority.

The city commission is authorized to establish and adopt a downtown development supplemental fee pursuant to the authority granted by the Florida Constitution, Article VII, Section 9(a) (2017) and the Municipal Home Rule Powers Act, F.S. ch. 166, the City Charter, the Community Planning Act (F.S. §§ 163.3161—163.3248), and the downtown Miami development of regional impact development order issued December 10, 1987, by Resolution Numbers 87-1148, 87-1149, and 02-1307 as amended, and Ordinance No. 13704. The provisions of this article shall not be construed to limit the power of the city to adopt such article pursuant to any other source of authority nor to utilize any other methods or powers otherwise available for accomplishing the purposes set forth herein, either in substitution of, or in conjunction with this article.
(Ord. No. 12678, § 2, 4-28-05; Ord. No. 13703, § 2, 10-26-17)

Sec. 13-55. Imposition of fee.

(a) Except as may be provided section 13-58, no zoning permits, building permits or other development permits shall be issued for any net new development as defined in section 13-53 unless the applicant has paid the downtown development supplemental fee imposed by and calculated pursuant to this article.

(b) Notwithstanding the foregoing, for any project that requires payment of downtown development supplemental fees prior to the issuance of a building permit, the director of the planning department may grant an extension of time, pursuant to a written request by an applicant, for such payment of fees from time of foundation permit to time of shell permit only, upon a finding that the time extension is warranted due to particular financing aspects of the proposed project. No building permit may be issued, however, until all fees required for the DRI are paid in full.

(c) Payment of required downtown development supplemental fees from governmental agencies or authorities, that do not have to obtain building permits from the city, shall be due prior to commencement of construction of the proposed project.

(d) Applicants with projects that qualify under section 13-8 are exempt from the imposition of payment of the proportionate share of the downtown development supplemental fee attributable only to the Downtown DRI master plan recovery fee and Downtown DRI administration fee. This exemption does not extend to the imposition of payment for the proportionate share of the transportation supplemental fee.
(Ord. No. 12678, § 2, 4-28-05; Ord. No. 13703, § 2, 10-26-17)

Sec. 13-56. Downtown development supplemental fee coefficients.

Following shall be the coefficients by land use for each of the four components of the downtown development supplemental fee.

Table 1. Fee Coefficients
(per gross square footage of floor area)

Land Use	*Transportation Mitigation*[4]	*DRI/Master Plan Recovery*[5]	*DRI Administration*[6]	*Total Fee Coefficient*
Office	$0.4757	$0.156223	$0.07521	$0.7072
Retail/service	$1.3784	$0.156223	$0.07521	$1.6098
Convention	$0.3174	$0.156223	$0.07521	$0.5489
Institutional	$0.5502	$0.156223	$0.07521	$0.7816
Wholesale/ industrial	$0.2580	$0.156223	$0.07521	$0.4894
Hotel[1]	$0.3138	$0.156223	$0.07521	$0.5452
Residential[2]	$0.1531	$0.156223	$0.07521	$0.3846
Recreation[3]	$0.2733	$0.156223	$0.07521	$0.5047

Notes:

[1] These fee coefficients for hotel use are based upon an assumed average of 700 SF per hotel room, and shall be adjusted for each development based upon a transportation mitigation fee of $219.65 per room.

[2] These fee coefficients for residential use are based upon an assumed average of 1,000 SF per DU, and shall be adjusted for each development based upon a transportation mitigation fee of $153.15 per DU.

[3] These fee coefficients for attractions/ recreation use are based upon an assumed average of 20 SF per seat and shall be adjusted for each development based upon a transportation mitigation fee of $5.47 per seat.

[4] Transportation mitigation. The Increment III development order requires an updated fee of $7,785,065.08 (in 2016 dollars) to mitigate the regional transportation impacts of total allowable development. This fee is derived from the following:

(a) Estimated improvements necessary to maintain the minimum level of service standard on regional roadways impacted by total allowable development (see Exhibit "C" of Ordinance No. 13704). The regional transportation mitigation fee of $6,005,829.00 (in 2016 dollars) is to be expended on transit projects as provided in Exhibit "C" of Ordinance No. 13704. This portion of the supplemental fee for transportation mitigation, known as the "Transit Commitment," may be modified depending on conditions that are stipulated in paragraph 14. a. of Ordinance No. 13704. In the event that this portion of the supplement fee is modified, the coefficients in Table 1 of Section 13-56 of the City Code will be modified commensurately.

(b) Contribution of $1,180,030.00 (in 2016 dollars) to the South Florida Regional Transportation Authority ("SFRTA") to be expended on the Tri-Rail Downtown Miami Link in accordance with the First Amendment to the Interlocal Agency Agreement approved pursuant to the Resolution No. R-16-0218 on May 12, 2016.

(c) Contribution of $374,206.08 to be expended on transportation improvements, including but not limited to pedestrian and alternative transportation mode improvements within the Downtown DRI study area, and the turn lanes described in condition 14c of the Downtown Development Order, at the city's discretion.

[5] DRI/Master Plan Recovery. The total cost to the city for the Downtown Transportation Master Plan, the Increment III DDRI Applications, the Downtown Master Plan and related studies is estimated to be $4,628,129.00, which shall be distributed equally among all net new development on the basis of gross square footage of floor area. The total amount of new development is estimated to be 29,625,173 SF during the time that the Increment III development order is in effect.

[6] Administration. The administrative cost to the city for enforcing the requirements of the Downtown Development Order is estimated to be $2,228,100.00 over nine years. These administrative costs shall be distributed equally among all net new development on the basis of gross square footage of floor area. The total amount of new development is estimated to be 29,625,173 SF during the time that the Increment III development order is in effect.

(Ord. No. 12678, § 2, 4-28-05; Ord. No. 13703, § 2, 10-26-17)

Sec. 13-56.1. Consumer price index adjustment.

Fees shall be adjusted every 12 months beginning March 1, 2018 based upon the change in the Consumer Price Index ("CPI") - All Urban Consumers Not Seasonally Adjusted, U.S. city average for all items (1982-84=100) which for purposes of the formula below shall be referred to as "Annual CPI".

The change shall be calculated as follows:

(Annual CPI for Prior Calendar Year minus Annual CPI for Calendar Year Two Years Prior)/(Annual CPI for the Calendar Year Two Years Prior) = Change in CPI

then

(Change in CPI + 1) * (Fee Currently in Force) = (New Fee for Next 12 months).

Notwithstanding the calculation above, if the "Change of CPI" for any 12-month period is greater than 0.10, then 0.10 shall replace the actual "Change in CPI" in the calculation for that 12-month period. Additionally, if the "Change in CPI" is less than 0.0, then 0.0 shall replace the actual "Change in CPI" in the calculation for that 12-month period.

As an example, and for illustrative purposes only, to calculate the change on March 1, 2019 where the fee currently in force was $1.64 per square foot, 2018 Annual CPI was 251 and 2017 Annual CPI was 245; the calculation would be as follows:

251-245= 6/245 = 0.0245

then

0.0245 + 1 = 1.245 * $1.64 = $2.04 per square foot fee between March 1, 2019 and February 29, 2020.

(Ord. No. 12678, § 2, 4-28-05; Ord. No. 13703, § 2, 10-26-17)

Sec. 13-57. Procedure for calculation of downtown development supplemental fee.

The DRI supplemental fee calculated by the processes as outlined above is collected prior to the issuance of a building permit. The sequencing for the collection of DRI fees depends on whether a project is built "by-right" under the Miami 21 Code or if the project requires a zoning permit, as defined herein.

(a) *DRI Fees for projects that are approved with a zoning permit.* For projects receiving zoning permits as defined herein, the payment of the DRI administration fee and the DRI master plan recovery fee is due at the time the zoning permit is granted. At the time these projects are presented for building permits, DRI fees for transportation mitigation shall be paid.

(b) *DRI fees for projects that are approved "by-right."* Projects that are built in the Downtown DRI "by-right" which do not require a zoning permits shall pay all DRI fees for at the time of building permit. Projects which are referred to the department of planning during a building permitting review may request a DRI review and may reserve DRI development credits by paying the DRI administration fee and DRI master plan recovery fee prior to obtaining for a building permit, when all DRI fees are due in full.

Application for reservation of development credits for net new development within the Downtown DRI area is completed by submitting project plans to the director of planning or his/her designee for a DRI review. This submission will generate a fee schedule for the assessment of the associated DRI fees based on the project. Project modifications require new DRI review. Each review will generate a fee schedule assessing fees for net new development and credit for demolition, if applicable.

(1) Determine the applicable land use(s) based upon the applicant's intended use and the design and configuration of the space and, in the event that a proposed use is not included in one of the land use categories defined in section 13-53, apply the defined land use category most similar to the proposed use in terms of the average rate of generation of p.m. peak hour external motor vehicle trips, in consultation with the city's office of transportation.

(2) Calculate the gross square footage, number of dwelling units, number of hotel rooms, and number of seats in attractions/recreation facilities as appropriate for each land use.

(3) Multiply the appropriate units of each land use in the development by the appropriate downtown development supplemental fee coefficients.

(4) Upon written request of the applicant, review and adjust the amount of downtown development supplemental fee calculated, if appropriate.

(Ord. No. 12678, § 2, 4-28-05; Ord. No. 13703, § 2, 10-26-17)

Sec. 13-58. Administration of downtown development supplemental fee.

(a) *Collection of downtown development supplemental fee.* Downtown development supplemental fees due pursuant to this article for administration fees and DRI/master plan recovery fees shall be collected by the planning and zoning department at the time of zoning permit or at any time prior to issuance of a building permit. Downtown development supplemental fees due pursuant to this article for transportation impacts shall be collected by the planning and zoning department at any time prior to issuance of a building permit (except as specified in section 13-55).

(b) *Transfer of funds to finance department.* Upon receipt of downtown development supplemental fees, the department of planning shall transfer such funds to the city finance department which shall be responsible for placement of such funds into separate accounts. All such funds resulting from the collection of the supplemental fees shall be deposited in interest-bearing accounts in a bank authorized to receive deposits of city funds. Interest earned by each account shall be credited to that account and shall be used solely for the purposes specified for funds of such account.

(c) *Establishment of and maintenance of accounts.* The city finance department shall establish separate accounts and maintain records for each account into which the downtown development supplemental fees that are collected can be segregated by each of the three fee components.

(d) *Maintenance of records.* The city finance department shall maintain and keep adequate financial records for each account which shall show the source and disbursement of all revenues, which shall account for all moneys received, and which shall ensure that the disbursement of funds from each account shall be used solely and exclusively for the provision of projects specified in the downtown development orders, the administration fee and the DRI/master plan recovery fee. In connection with capital improvement projects, funds may be used for planning, design, construction, land acquisition, financing, financial and legal services, and administrative costs.

(e) *Refund of downtown development supplemental fee.*

(1) The current owner of property on which a downtown development supplemental fee for transportation mitigation and air quality has been paid may apply for a refund of such fee if: the city has failed to encumber or spend the collected fees by the end of the calendar quarter immediately following six years of the date of payment of the fee, or the building permit for which the transportation mitigation or air quality fee has been paid has been terminated or expired for non-commencement of construction; or the project for which a building permit has been issued has been altered resulting in a decrease in the amount of the transportation mitigation or air quality fee due. Downtown development supplemental fees paid for administration and DRI/master plan recovery are not refundable.

(2) Only the current owner of property may petition for a refund. A petition for refund shall be filed within one year of any of the above-specified events giving rise to the right to claim a refund.

(3) The petition for refund shall be submitted to the city manager or his or her duly designated agent on a form provided by the city for such purpose. The petition shall contain a notarized affidavit that petitioner is the current owner of the property; a certified copy of latest tax records of Metropolitan Dade County

showing the owner of the subject property; a copy of the dated receipt for payment of the fee issued by the city's planning, building and zoning department, and a statement of the basis upon which the refund is sought.

(4) Within one month of the date of receipt of a petition for refund, the city manager or his or her duly designated agent must provide the petitioner, in writing, with a decision on the refund request. The decision must include the reasons for the decision including, as may be appropriate, a determination of whether the collected fees have been encumbered or spent in accordance with the requirements of this article. If a refund is due to the petitioner, the city manager or his or her duly designated agent shall notify the city's finance director and request that a refund payment be made to the petitioner.

(5) Any money returned pursuant to this subsection shall be returned with interest at the rate of three percent per annum.

(6) Petitioner may appeal the determination of the city manager to the impact fee board of review subject to the time limitations and procedures for appeals to that board set forth in section 13-16 of the City Code.

(f) *Annual review and modification.* The city shall annually review downtown development supplemental fee ordinance procedures, assumptions, formulas, and fee assessments and make such modifications as are deemed necessary as a result of:

(1) Development occurring in the prior year.

(2) Amendments to the development order.

(3) Changing needs for facilities and/or services.

(4) Inflation and other economic factors.

(5) Revised cost estimates for public improvements and/or services.

(6) Changes in the availability of other funding sources.

(7) Such other factors as may be relevant.

(Ord. No. 12678, § 2, 4-28-05; Ord. No. 13703, § 2, 10-26-17)

Sec. 13-59. Bonding of capital improvement projects.

The city may issue bonds, revenue certificates and other obligations of indebtedness in such manner and subject to such limitations as may be provided by law, in furtherance of the provision of downtown development supplemental fee-related projects. Funds pledged toward retirement of bonds, revenue certificates or other obligations of indebtedness for such projects may include impact fees and other city revenues as may be allocated by the city commission. Fees paid pursuant to this article, however, shall be restricted to use solely and exclusively for the purposes of the article and for financing, directly, or as a pledge against bonds, revenue certificates and other obligations of indebtedness.

(Ord. No. 12678, § 2, 4-28-05)

Sec. 13-60. Appeal procedures; impact fee board of review.

The downtown development supplemental fee ordinance hereby incorporates by reference the appeals board and procedure as set forth in sections 13-16, 13-17, 13-18, 13-19 and 13-20 of the City Code and hereby establishes their applicability for any appeals undertaken pursuant to this article.

(Ord. No. 12678, § 2, 4-28-05)

Sec. 13-61. Effect of downtown development supplemental fee on planning, zoning, subdivision, and other regulations.

This article shall not affect, in any manner, the permissible use of property, density of development, design and improvement standards and requirements or any other aspect of the development of land or provision of public improvements subject to the city's comprehensive plan, zoning regulations, subdivision regulations, or other regulations of the city, all of which shall be

operative and remain in full force and effect without limitation with respect to all such development.
(Ord. No. 12678, § 2, 4-28-05)

Sec. 13-62. Downtown development supplemental fee as additional and supplemental requirement.

The city downtown development supplemental fee is additional and supplemental to and not in substitution or duplication of any other requirements imposed by the city on the development of land or the issuance of building permits. It is intended to be consistent with and to further the objectives and policies of the downtown development order, the comprehensive plan, the zoning ordinance, and to be coordinated with the city's capital improvement program and other city policies, ordinances and resolutions by which the city seeks to ensure the provision of public facility improvements and services in conjunction with the development of land. In no event shall a property owner be obligated to pay for the same improvement(s) in an amount in excess of the amount calculated pursuant to this article, provided, however, that a property owner may be required to pay, pursuant to Miami Dade County, state, and/or city regulations, for other public facilities in addition to the supplemental fee related improvements as specified herein.
(Ord. No. 12678, § 2, 4-28-05)

Sec. 13-63. Conflicting ordinances.

All ordinances, Code sections, or parts thereof in conflict herewith are hereby repealed to the extent of such conflict.
(Ord. No. 12678, § 2, 4-28-05)

Sec. 13-64. Severability.

In the event that any portion or section of this article or the development orders for downtown Miami are determined to be invalid, illegal, or unconstitutional by a court or agency of competent jurisdiction, such decision shall in no manner affect the remaining portions of this article or the development orders for downtown Miami, which shall remain in full force and effect.
(Ord. No. 12678, § 2, 4-28-05)

Sec. 13-65. Findings.

The city commission (hereinafter "commission") hereby finds and declares that:

(1) The real property which is the subject of this article, the project area, is legally described in as set forth in Exhibit E of Ordinance No. 13704.

(2) The DDA has filed a CADA with the city, the South Florida Regional Planning Council, and the state department of community affairs.

(3) The purpose of the CADA is to identify and assess regional impacts and to obtain approval for total allowable development in accordance with the general guidelines set forth in the development orders and the CADA. The city has recognized the project area as a single area of high intensity development and focused on the impacts that the total allowable development within the project area will have on land, water, transportation, environmental, community services, energy and other resources and systems of regional significance. The CADA seeks a single state DRI review process for overall phased development of the downtown area rather than requiring each individual DRI scale development within the downtown area to be reviewed separately other than for a major use special permit and as a means of accommodating the impacts of the non-DRI scale cumulative growth on the downtown area.

(4) Development within the project area is expected to continue to be accomplished over an extended period of time by a variety of developers, which may include the city. These developers may respond to market demand and technologies that can only be estimated in the CADA. The CADA and the DO are intended to serve as flexible guides for planned development of the project area rather than a precise blueprint for its development. Therefore, pursuant to F.S. § 380.06(22) (2017), the CADA seeks master develop-

ment approval for three increments of development over a period of approximately 38 years and specific development approval for Increment I, II, and III. Subsequent incremental applications may need to be adjusted to more nearly serve the evolution of market demand and technologies.

(5) The project area contains a total of approximately 927 acres, including approximately 78 acres presently zoned and developed as city parks. The CADA has proposed a quantity of net new development within the project area for the land uses and phases defined herein as total allowable development.

(6) A comprehensive assessment of the probable impacts that will be generated by the total allowable development has been conducted by various city departments, as reflected in the CADA, and as reviewed by the South Florida Regional Planning Council staff.

(7) The impacts found in the development order are consistent with the report and recommendations of the South Florida Regional Planning Council, entitled "Development of Regional Impact Assessment for Downtown Miami," dated October 5, 1987, "Development of Regional Impact Assessment for Downtown Miami" dated July 1, 2002 and "Development of Regional Impact Report Downtown Miami Increment III" dated June 2016.

(8) Net new development imposes demands upon public facilities and services benefiting the region and requires additional regional infrastructure.

(9) To the extent that net new development places demands upon regional public facilities and services, those demands should be satisfied by developments actually creating the demands.

(10) The limiting factors determining the amount of potential development in the project area are the effects of net new development on transportation facilities.

(11) The downtown DRI and the downtown master plan are of benefit to all net new development in the project area and expenses incurred by the city and/or DDA in connection with the preparation and adoption of the downtown DRI/master plan, and future related studies, and for the enforcement of the development orders should be reimbursed to the city by the net new development benefiting therefrom.

(12) The total amount of the downtown development supplemental fee is determined by the cost of the three components of the fee:

a. Transportation mitigation fee;

b. Downtown DRI/master plan recovery fee; and

c. Administration fee.

The most appropriate measure to distribute the proportionate share of the cost of the transportation mitigation fee shall be the average rate of generation of p.m. peak hour external motor vehicle trips for net new development in each land use category, as utilized in the CADA DRI/master plan recovery fees and administration fees are most appropriately allocated to all net new development at an equal rate for all land use categories.

(13) The downtown development supplemental fee is being imposed on all net new development in order to pay the costs of certain development order related requirements, as described above. Since the demand for such development order related requirements are uniquely created by the new development, the downtown development supplementary fee is equitable and does not impose an unfair burden on such development is in the best interest of the city and its residents.

(Ord. No. 12678, § 2, 4-28-05; Ord. No. 13703, § 2, 10-26-17)

Secs. 13-66—13-95. Reserved.

ARTICLE III. SOUTHEAST OVERTOWN/PARK WEST DEVELOPMENT SUPPLEMENTAL FEE*

Sec. 13-96. Short title.

This article shall be known and cited as the "City of Miami Southeast Overtown/Park West development supplemental fee ordinance."
(Ord. No. 13406, § 2, 9-26-13)

Sec. 13-97. Intent.

(a) This article is intended to impose the Southeast Overtown/Park West development supplemental fee as a supplemental fee on a new development within the Southeast Overtown/Park West project area, utilizing the defined terms in section 13-101 below. The Southeast Overtown/Park West development supplemental fee comprises four components including a transportation mitigation fee, an air quality fee, a DRI/master plan recovery fee and an administration fee. The Southeast Overtown/Park West development supplemental fee is payable prior to the time of building permit issuance or upon approval of certain permits, as provided for herein, in an amount based upon the appropriate units of land use, in order to mitigate the impacts of the proposed development in the project area as described in Exhibit 1, since the demand for the mitigation is uniquely attributable to such new development and net new development on an area-wide basis.

(b) This article shall be uniformly applicable to all new development and net new development within the project area. However, certain fees applicable to affordable housing, as defined herein, shall be borne by the city through the Southeast Overtown/Park West community redevelopment project, as provided in section 13-101 below. This fee shall not be uniformly applicable to any activity which is not classified as new development or net new development as defined herein or which has, on the effective date of the Southeast Overtown/Park West DRI development orders, a valid building permit or currently effective DRI development order.
(Ord. No. 13406, § 2, 9-26-13)

Sec. 13-98. Findings.

The city commission of Miami, Florida (hereinafter "commission") hereby finds and declares that:

(1) The real property which is the subject of this article, the project area, is legally described in Exhibit 1.

(2) The city has filed a CADA with the city, the South Florida Regional Planning Council, and the state land planning agency.

(3) The purpose of the CADA is to identify and assess regional impacts and to obtain approval for total allowable development in accordance with the general guidelines set forth in the development orders and the CADA. The city has recognized the project area as a single area of high intensity development and focused on the impacts that the total allowable development within the project area will have on land, water, transportation, environmental, community services, energy and other resources and systems of regional significance. The CADA seeks a single state DRI review process for overall phased development of the project area rather than requiring each individual DRI scale development within the project area to be reviewed separately other than for a major use special permit or its functional equivalent, and as a means of accommodating the impacts of the non-DRI scale cumulative growth on the project area.

(4) Development within the project area is expected to continue to be accomplished over an extended period of time by a variety of developers, which may include the city. These developers may respond to market demand and technologies that

*__Editor's note—__Ord. No. 13406, § 2, adopted September 26, 2013, amended article III in its entirety to read as herein set out. Formerly, article III pertained to similar subject matter, and derived from the Code of 1980, §§ 13-61—13-73; Ord. No. 10465, § 1, adopted July 21, 1988, and Ord. No. 12745, § 2, adopted December 1, 2005.

The exhibits referred to in this article are not set out at length herein, but may be found in the office of the city clerk.

can only be estimated in the CADA. The CADA and the DO are intended to serve as flexible guides for planned development of the project area rather than a precise blueprint for its development. Therefore, pursuant to F.S. § 380.06(b) (2011), the CADA seeks master development approval for three increments of development over a period of approximately 40 years and specific development approval for increment I, increment II, and increment III. Subsequent incremental applications may need to be adjusted to more nearly serve the evolution of market demand and technologies.

(5) The project area contains a total of approximately 209 acres. The CADA has proposed a quantity of net new development within the project area for the land uses and phases defined herein as total allowable development.

(6) A comprehensive assessment of the probable impacts that will be generated by the total allowable development has been conducted by various city departments, as reflected in the CADA, and as reviewed by the South Florida Regional Planning Council staff.

(7) The impacts found in the development order are consistent with the reports and recommendations of the South Florida Regional Planning Council, entitled "Development of Regional Impact Assessment for Southeast Overtown/Park West Community Redevelopment Area," dated January 4, 1988 for increment I of the Southeast Overtown/Park West DRI; August 3, 1992 for increment II; and February 6, 2012 for increment III.

(8) Net new development imposes demands upon public facilities and services benefiting the region and requires additional regional infrastructure.

(9) To the extent that net new development places demands upon regional public facilities and services, those demands should be satisfied by developments actually creating the demands.

(10) The limiting factors determining the amount of potential development in the project area are the effects of net new development on transportation facilities and air quality.

(11) The Southeast Overtown/Park West DRI and the Southeast Overtown/Park West master plan are of benefit to all net new development in the project area, and expenses incurred by the city in connection with the preparation and adoption of the Southeast Overtown/Park West DRI/master plan and for the enforcement of the development orders should be reimbursed to the city by the net new development benefiting therefrom.

(12) The total amount of the Southeast Overtown/Park West development supplemental fee is determined by the cost of the four components of the fee: 1) transportation mitigation fee; 2) air quality fee; 3) Southeast Overtown/Park West DRI/master plan recovery fee; and 4) administrative fee. The most appropriate measure to distribute the proportionate share of the cost of the transportation mitigation fee and the air quality fee shall be the average rate of generation of p.m. peak hour external motor vehicle trips for net new development in each land use category, as utilized in the CADA. DRI/master plan recovery fees and administration fees are not appropriately allocated to all net new development at an equal rate for all land use categories.

(13) The Southeast Overtown/Park West development supplemental fee is being imposed on all net new development in order to pay the costs of certain development order related requirements, as described above. Since the demand for such development order related requirements are uniquely created by the new development, the Southeast Overtown/

Park West development supplementary fee is equitable and does not impose an unfair burden on such development and is in the best interest of the city and its residents.

(14) The primary objectives of the Southeast Overtown/Park West community development plan are the removal of slum and blight and encouragement of affordable housing development.

(15) The city commission, via Resolution No. 87-619, has found that a housing emergency exists within the city. This condition continues to exist. Thus, the findings and conclusions of Resolution No. 87-619 are incorporated herein by reference and made a part hereof.

(Ord. No. 13406, § 2, 9-26-13)

Sec. 13-99. Authority.

The city commission is authorized to establish and adopt a Southeast Overtown/Park West development supplemental fee pursuant to the authority granted by the Florida Constitution, Article VII, Sections 1(f), 1(g) and 2(b), the Municipal Home Rule Powers Act, F.S. Ch. 166 (2004); the City Charter, the Local Government Comprehensive Planning and Land Development Regulation Act (F.S. § 163.3161, amended by F.S. § 163.3177 in 1986), the Florida Impact Fee Act (F.S. § 163.31801), and the Southeast Overtown/Park West development of regional impact development order issued by Resolution Numbers 88-110, 88-111, 92-609, and 13- , as amended. The provisions of this article shall not be construed to limit the power of the city to adopt such article pursuant to any other source of authority nor to utilize any other methods or powers otherwise available for accomplishing the purposes set forth herein, either in substitution of or in conjunction with this article.

(Ord. No. 13406, § 2, 9-26-13)

Sec. 13-100. Imposition of fee.

(a) Except as may be provided in section 13-104, no building permits, major use special permits, or its functional equivalent, or other permit approving development, shall be issued for any new development as herein defined unless the applicant therefor has paid the Southeast Overtown/Park West development supplemental fee imposed by and calculated pursuant to this article or payment of such fee as been borne by the city.

(b) Payment of required Southeast Overtown/Park West supplemental fees from governmental agencies or authorities, that do not have to obtain building permits from the city, shall be due prior to commencement of construction, including demolition.

(Ord. No. 13406, § 2, 9-26-13)

Sec. 13-101. Definitions.

As used in this article, the following words and terms shall have the following meanings, unless another meaning is plainly intended:

ADA or *application for development approval* shall mean the original application for development approval for the Southeast Overtown/Park West community redevelopment project area filed by the city on February 6, 1987, pursuant to F.S. § 380.06 (200411), as amended by the increment II ADA filed in 1992 and the increment III ADA filed in 2011.

Administrative fees shall mean a fee charged to all new development to pay for the city's administrative costs for enforcing the terms and conditions of the Southeast Overtown/Park West development orders, including but not limited to preparation of ordinances and procedures, review of permit applications, monitoring compliance with requirements, and enforcing violations; and which shall be a component of the Southeast Overtown/Park West development supplemental fee.

Affordable housing shall mean housing for families and individuals with incomes under 120 percent of the median income in Miami-Dade County.

Air quality fees shall mean a fee charged to all net new development to pay for the city's costs for air quality monitoring, modeling and mitigation measures as required in the increment I, increment II, and increment III development orders for Southeast Overtown/Park West, and

which shall be a component of the Southeast Overtown/Park West development supplemental fee.

Applicant shall mean individual, corporation, business trust, estate, trust, partnership, association, two or more persons acting as coapplicants, any county or state agency, any other legal entity, or the authorized representative of any of the aforementioned, signing on application for a building permit.

Building permit shall mean any permit required for new construction and additions pursuant to section 105 of the Florida Building Code.

CADA or *consolidated application for development approval* shall mean the revised ADA prepared pursuant to the requirements of F.S. § 380.06 (2011).

Certificate of occupancy shall mean a permanent or temporary or partial certificate of occupancy issued, pursuant to the Florida Building Code.

City shall mean the City of Miami, Florida.

Class II special permit shall have the meaning given within city Ordinance Number 11000, as amended, the zoning ordinance for the city.

Commission shall mean the city commission of Miami, Florida.

Comprehensive plan shall mean the city's plan for future development adopted by city Ordinance Number 10544, and as may be amended and updated from time to time.

Convention use shall mean meeting rooms, banquet halls, exhibition halls, auditoriums, and their auxiliary spaces intended for use by conventions, seminars, exhibitions, and the like; which shall exceed the minimum standard for ancillary facilities within the definition of hotel use.

CRA shall mean the city Southeast Overtown/Park West Community Redevelopment Agency.

DO or *Southeast Overtown / Park West development order* shall mean the master or increment I, increment II, or increment III development orders for the Southeast Overtown/Park West community redevelopment area as a development of regional impact, issued by the city by Resolution Numbers 88-110, 88-111, Resolution Number 92-609, and Resolution 13- , as amended.

DRI shall mean development of regional impact. DRI/master plan recovery fee shall mean a fee charged to all new development to reimburse the city and the CRA for costs incurred in the DRI/master plan study and future related studies in accordance with the CADA and the Southeast Overtown/Park West development orders, and which shall be a component of the Southeast Overtown/Park West development supplemental fee.

DU or *dwelling unit* shall have the meaning given to "dwelling unit" in the zoning ordinance.

Hotel use shall mean lodging or hotel uses as any as defined in the zoning ordinance; and may include meeting and banquet facilities and convenience goods and services for hotel guests, provided that the total of such ancillary facilities shall not exceed 15 percent of proposed hotel.

MUSP or *major use special permit* shall mean a special permit issued by the city commission pursuant to Ordinance Number 11000, the zoning ordinance of the city, as amended.

Net new development shall mean any construction or reconstruction which will result in a net increase, within any parcel of land, of residential dwelling units, hotel rooms, seats in attractions/recreation facilities or gross square footage for office, retail/service, convention, wholesale/industrial or institutional uses. Land uses to be removed by demolition of a building or structure may be credited against the proposed new land uses for purposes of calculating the net increase, if the planning director determines that there was a valid certificate of occupancy existing on the effective date of this development order for the land uses to be demolished. If a change of land use is proposed, the planning director may credit the prior land use against the proposed land use based upon equivalent impacts as measured by peak hour vehicle trip generation. Any activity which has, on the effective date of this development order a valid building permit or any currently effective development order shall not be included as net new development. The planning director may exclude from net new

development any small development under 10,000 square feet in floor area, if he or she finds that such development would have no regional impact as measured by peak hour vehicle trips.

Office use shall mean space for the conduct of the administrative functions of government or business and professional activities not including sales of merchandise of the premises, and not including personal services as defined herein under "retail/service use."

Parcel of land shall mean, pursuant to F.S. ch. 380, any quantity of land capable of being described with such definiteness that its location and boundaries may be established, and which is designated by its owner or developer as land to be used or developed as a unit or which has been used or developed as a unit.

p.m. peak hour external motor vehicle trips means the average number of trips per hour during the afternoon peak period from 4:00 to 6:00 p.m. generated by motor vehicles, excluding public transit vehicles, that have either an origin or a destination within the project area.

Project area shall mean the area included within the legal description in Exhibit 1, including all property within the boundaries of the Southeast Overtown/Park West community redevelopment area, as designated in 1982 by city commission Resolution No. 82-755.

Residential use shall mean any "dwelling units" as defined in the zoning ordinance.

Retail/service use shall mean space for the sale of merchandise, eating and drinking establishments, and personal services such as but not limited to hair salons, travel agencies, laundries, dry cleaners, bank tellers, photographers, shoe repair, tailoring, etc.

Room shall have the meaning given to "lodging unit" in the zoning ordinance.

SF, gross square feet, or *gross square footage* shall have the meaning given to "floor area" in the zoning ordinance.

Site shall mean a legally described parcel of property capable of development pursuant to applicable city ordinances and regulations.

Southeast Overtown/Park West development supplemental fee shall mean a fee charged to new development in the project area comprising components including a transportation mitigation fee, an air quality fee, an administration fee, and a DRI/master plan recovery fee which are assessable to new development according to the provisions of this article.

Southeast Overtown/Park West development supplemental fee coefficient shall mean the charge per unit of land use as calculated for each component of the Southeast Overtown/Park West development supplemental fee.

Total allowable development shall mean the quantity of net new development for which certificates of occupancy may be issued under the terms and conditions of the development order, as may be modified pursuant to F.S. § 380.06(19) (2011).

Transportation mitigation fee shall mean a fee charged to all net new development to pay for improvements to mitigate for impacts on the regional transportation system in accordance with requirements of the CADA and the increment I, increment II, and increment III development orders for Southeast Overtown/Park West Miami; and which shall be a component of the Southeast Overtown/Park West development supplemental fee.

Zoning ordinance shall mean Ordinance 13114 known as the Miami 21 Zoning Code, or a successor ordinance, the zoning ordinance of the city.

(Ord. No. 13406, § 2, 9-26-13)

Sec. 13-102. Southeast Overtown/Park West development supplemental fee coefficients.

(a) The following shall be the coefficients, by land use, for each of the four components of the Southeast Overtown/Park West development supplemental fee.

Table 1. Fee Coefficients—Increment II
(per gross square footage of floor area)

Land Use	*Transportation Mitigation*	*Air Quality*	*DRI/Master Plan Recovery*	*DRI Administration*	*Total Fee Coefficient*
Office	$0.39	$0.03	$0.40	$0.18	$1.01
Retail/service	$1.78	$0.14	$0.40	$0.18	$2.51
Residential[1]	$0.10	$0.01	$0.40	$0.18	$0.70
Hotel[2]	$0.26	$0.02	$0.40	$0.18	$0.86
Recreation[3]	$0.25	$0.00	$0.40	$0.18	$0.83

Notes:

[1] These fee coefficients for residential use are based upon an assumed average of 1,000 square feet ("SF") per dwelling unit ("DU"), and shall be adjusted for each development based upon a transportation mitigation fee of $102.00 per DU and an air quality fee of $11.00 per DU.

[2] These fee coefficients for hotel use are based upon an assumed average of 700 SF per hotel room, and shall be adjusted for each development based upon a transportation mitigation fee of $182.70 per room and an air quality fee of $14.70 per room.

[3] These fee coefficients for attractions/recreation use are based upon an assumed average of 20 SF per seat and shall be adjusted for each development based upon a transportation mitigation fee of $4.90 per seat and an air quality fee of $0.02 per seat.

Table 2. Fee Coefficients—Increment III
(per gross square footage of floor area)

Land Use	*Transportation Mitigation*	*Air Quality*	*DRI/Master Plan Recovery*	*DRI Administration*	*Total Fee Coefficient*
Office	$0.213	$0.006	$0.298	$0.148	$0.664
Retail/service	$0.510	$0.014	$0.298	$0.148	$0.969
Residential[1]	$0.074	$0.003	$0.298	$0.148	$0.523
Hotel[2]	$0.184	$0.005	$0.298	$0.148	$0.635
Recreation[3]	$0.000	$0.000	$0.000	$0.000	$0.000
Convention	$0.886	$0.024	$0.298	$0.148	$1.355

Notes:

[1] These fee coefficients for residential use are based upon an assumed average of 1,000 square feet ("SF") per dwelling unit ("DU"), and shall be calculated for each development based upon a transportation mitigation fee of $74.00 per DU and an air quality fee of $3.00 per DU.

[2] These fee coefficients for hotel use are based upon an assumed average of 700 SF per hotel room, and shall be calculated for each development based upon a transportation mitigation fee of $128.80 per room and an air quality fee of $3.50 per room.

[3] Not applicable for Increment III.

(b) The proportionate share for each unit of land use is calculated as follows:

(1) a. Transportation mitigation. The increment II development order requires the city to widen Northwest First Avenue from Northwest Tenth Street to Northwest Fourteenth Street at an estimated proportionate share cost of $636,648.00 (in 2004 dollars), in order to mitigate

the regional transportation impacts of total allowable development. The regional transportation mitigation estimated proportionate share cost of $636,648.00 (in 2004 dollars) is distributed among units of land use in total allowable development based upon the average rate of generation of p.m. peak hour external motor vehicle trips, as utilized in the CADA (see Exhibit 2 of Resolution 92-609). All development subject to increment II shall be subject to payment of said fee by applicants.

b. The increment III development order requires a transportation mitigation fee of $1,871,626.00 (in 2011 dollars) to mitigate the regional transportation impacts of total allowable development. This fee was derived from estimated improvements necessary to maintain the minimum level of service standard on regional roadways impacted by total allowable development (see Exhibit X). The regional transportation mitigation fee of $1,871,626.00 is distributed among units of land use categories for the total allowable development based upon the average rate of generation of p.m. peak hour external motor vehicle trips, as utilized in the CADA (see Exhibit X of Resolution 13-).

(2) a. Air quality. The increment II development order requires the city to perform monitoring and modeling for future carbon monoxide (CO) concentrations, and to take appropriate actions to prevent violations of the minimum standard for CO concentrations. The city estimates its total cost for compliance with the air quality requirements of the increment II development order to be $50,000.00 which is distributed among units of land use in total allowable development based upon the average rate of generation of p.m. peak hour external motor vehicle trips, as utilized in the CADA (see Exhibit 2 of Resolution 92-609). This cost shall be borne by the city, through the Southeast Overtown/Park West project, for fees attributable to applicants if such fee is generated by affordable housing development. All other applicants shall be subject to payment of said fee. All development subject to increment II shall be subject to payment of said fee by applicants.

b. The increment III development order requires the city to take appropriate actions to prevent violations of the minimum standard for CO concentrations. The city estimates its total cost for compliance with the air quality requirements of the increment III development order to be $50,000.00 which is distributed among units of land use in total allowable development based upon the average rate of generation of p.m. peak hour external motor vehicle trips, as utilized in the CADA (see Exhibit X of Resolution 13-). The air quality fee may be used by the city for CO monitoring and other measures that improve air quality such as landscaping, open space, streetscape, transit, and pedestrian-oriented improvements. This cost shall be waived, for fees attributable to applicants if such fee is generated by affordable housing development certified by the city department of community development. All other applicants shall be subject to payment of said fee. All development subject to increment III shall be subject to payment of said fee by applicants.

(3) a. DRI/master plan recovery. The total costs to the city for preparing the Southeast Overtown/Park West DRI for increment II, increment III, the NOPC Applications, the SEOPW

CRA master plans and related studies is estimated to be $1,187,300.00, which shall be distributed equally among all new development on the basis of gross square footage of floor area. The total amount of new development is estimated to be 2,941,828 SF during the time that the increment II development order is in effect. All development subject to increment II shall be subject to payment of said fee by applicants.

b. The updated total costs to the city for preparing the Southeast Overtown/Park West DRI for increment III and the SEOPW CRA master plans and related studies is estimated to be $2,744,000.00, which shall be distributed equally among all new development on the basis of gross square footage of floor area. The total amount of new development is estimated to be 9,220,000 SF during the time that the increment III development order is in effect. All development subject to increment III shall be subject to payment of said fee by applicants.

(4) a. Administration. The administrative cost to the city for enforcing the requirements of the development order is estimated to be $105,000.00 per year or a total of $525,000.00 during the five years that the increment II development order is projected to be in effect. These administrative costs shall be distributed equally among all new development on the basis of gross square footage of floor area. The total amount of new development is estimated to be 2,941,828 SF during the time that the increment II development order is in effect. This cost shall be, waived for fees attributable to applicants if such fee is generated by affordable housing development. All other applicants shall be subject to payment of said fee. All development subject to increment II shall be subject to payment of said fee by applicants.

b. The administrative cost to the city for enforcing the requirements of the development order is estimated to be $105,000.00 per year or a total of $1,365,000.00 during the 13 years that the increment III development order is projected to be in effect. These administrative costs shall be distributed equally among all new development on the basis of gross square footage of floor area. The total amount of new development is estimated to be 9,220,000 SF during the time that the increment III development order is in effect. This cost shall be borne by the city, through the Southeast Overtown/Park West project, for fees attributable to applicants if such fee is generated by affordable housing development. All other applicants shall be subject to payment of said fee. All development subject to increment III shall be subject to payment of said fee by applicants.

(5) Cost of living adjustments.

a. The coefficients in Table 1 above shall be adjusted annually on November 1st of each year with the first adjustment occurring on April 1st, 2006, by multiplying each coefficient in the table by the formula set forth in this paragraph (the "adjustment factor"). The adjustment factor shall be the lesser of:

1. The percentage increase in the annual Consumer Price Index of the prior calendar year as compared to the annual Consumer Price Index for 2004 (188.9); or

2. Seven percent per year compounded for each year after

2005, whichever is greater. The formula for the adjustment factor is as follows:

Prior year's Consumer Price Index = adjustment factor

Divided by 188.9

b. The coefficients in the Table 2 above shall be adjusted annually on November 1st of each year with the first adjustment occurring on May 1st, 2013, by multiplying each coefficient in the table by the formula set forth in this paragraph (the "adjustment factor"). The adjustment factor shall be the lesser of:

1. The percentage increase in the annual Consumer Price Index of the prior calendar year as compared to the annual Consumer Price Index for 2011 (170.0); or
2. Seven percent per year compounded for each year after 2011, whichever is greater. The formula for the adjustment factor is as follows:

Prior year's Consumer Price Index = adjustment factor

Divided by 170.0

For these purposes, the consumer price index to be utilized shall be that published by the Bureau of Labor Statistics of the U.S. Department of Labor, using the U.S. city average, all Urban Consumers (1982 - 1984 = 100) Not Seasonally Adjusted. In no event shall the adjustment factor for any year be less than one. In the event that the consumer price index referred to above is no longer published, then a comparable index which measures inflationary factors, and the corresponding decrease in the purchasing power of the U.S. Dollar, shall be selected by the city, and the adjustment factor shall be based upon such index.

(Ord. No. 13406, § 2, 9-26-13)

Sec. 13-103. Procedure for calculation of Southeast Overtown/Park West development supplemental fee.

Upon receipt of approval of a building permit or MUSP for any net new development, the planning director shall determine the amount of Southeast Overtown/Park West development supplemental fee due pursuant to the following procedure:

(1) Determine whether the development is exempt by virtue of the conditions specified herein.

(2) Determine the applicable land use(s) based upon the applicant's intended use and the design and configuration of the space, and in the event that a proposed use is not included in one of the land use categories defined herein, apply the defined land use category most similar to the proposed use in terms of the average rate of generation of p.m. peak hour external motor vehicle trips.

(3) Calculate the gross square footage, number of dwelling units, and/or number of hotel rooms as appropriate for each land use.

(4) Multiply the appropriate units of each land use in the development by the appropriate Southeast Overtown/Park West development supplemental fee coefficients.

(5) Upon written request of the applicant, review and adjust the amount of Southeast Overtown/Park West development supplemental fee calculated, if appropriate.

(Ord. No. 13406, § 2, 9-26-13)

Sec. 13-104. Administration of Southeast Overtown/Park West development supplemental fee.

(a) *Collection of Southeast Overtown / Park West development supplemental fee.* Southeast Overtown/Park West development supplemental fees due pursuant to this article for administration fees and DRI/master plan recovery fees shall be collected by the planning director after zoning

approval and prior to the issuance of a building permit. Southeast Overtown/Park West development supplemental fees due pursuant to this article for transportation impacts and air quality impacts shall be collected by the planning director at any time prior to issuance of a building permit (except as specified in section 13-100). Fees shall be paid in accordance with the applicable rate at the time of payment.

(b) *Transfer of funds to finance department.* Upon receipt of Southeast Overtown/Park West development supplemental fees, the planning director shall transfer such funds to the city finance department which shall be responsible for placement of such funds into separate accounts as hereinafter specified. All such funds shall be deposited in interest-bearing accounts in a bank authorized to receive deposits of city funds. Interest earned by each account shall be credited to that account and shall be used solely for the purposes specified for funds of such account.

(c) *Establishment and maintenance of accounts.* The city finance department shall establish separate accounts and maintain records for each such account, whereby Southeast Overtown/Park West development supplemental fees collected can be segregated by each of the four fee components: transportation mitigation fees, air quality fees, DRI/master plan recovery fees, and administration fees.

(d) *Maintenance of records.* The city finance department shall maintain and keep adequate financial records for each such account which shall show the source and disbursement of all revenues, which shall account for all moneys received; and which shall ensure that the disbursement of funds from each account shall be used solely and exclusively for the provision of projects specified in the Southeast Overtown/Park West development orders, administration fee and the DRI/master plan recovery fee. In connection with capital improvement projects, funds may be used for planning, design, construction, land acquisition, financing, financial and legal services, and administrative costs.

(e) *Refund of Southeast Overtown/Park West development supplemental fee.*

(1) The current owner of a property on which a Southeast Overtown/Park West development supplemental fee for transportation mitigation and air quality has been paid may apply for a refund of such fee if: The city has failed to encumber or spend the collected fees by the end of the calendar quarter immediately following six years of the date of payment of the fee; or the building permit for which the transportation mitigation or air quality fee has been paid, has been terminated or expired for noncommencement of construction; or the project for which a building permit has been issued has been altered resulting in a decrease in the amount of the transportation mitigation or air quality fee due. Southeast Overtown/Park West development supplemental fees paid for administration and DRI/master plan recovery are not refundable.

(2) Only a current owner of property may petition for a refund. A petition for refund shall be filed within one year of any of the above-specified events giving rise to the right to claim a refund.

(3) The petition for refund shall be submitted to the city manager or his duly designated agent on a form provided by the city for such purpose. The petition shall contain: a notarized affidavit that petitioner is the current owner the property; a certified copy of latest tax records of Miami-Dade County showing the owner of the subject property; a copy of the dated receipt for payment of the fee issued by the city's planning director, and a statement of the basis upon which the refund is sought.

(4) Within one month of the date of receipt of a petition for refund, the city manager or his duly designated agent must provide the petitioner, in writing, with a decision on the refund request. The decision must include the reasons for the decision including, as may be appropriate, a determination of whether the collected fees have been encumbered or spent in accordance with the requirements of this article. If a refund is due to the petitioner, the city

manager or his duly designated agent shall notify the city's finance director and request that a refund payment be made to the petitioner.

(5) Any money returned pursuant to this subsection shall be returned with interest at the rate of three percent per annum.

(6) Petitioner may appeal the determination of the city manager to the impact fee board of review subject to the time limitations and procedures for appeals to that board set forth in section 13-16 of the City Code.

(f) *Annual review and modification.* The city shall, through the SEOPW CRA at the CRA's expense, annually review Southeast Overtown/Park West development supplemental fee ordinance procedures, assumptions, formulas, and fee assessments and make such modifications as are deemed necessary as a result of:

(1) Development occurring in the prior year.

(2) Amendments to the development order.

(3) Changing needs for facilities and/or services.

(4) Inflation and other economic factors.

(5) Revised cost estimates for public improvements and/or services.

(6) Changes in the availability of other funding sources.

(7) Such other factors as may be relevant.

(Ord. No. 13406, § 2, 9-26-13)

Sec. 13-105. Bonding of capital improvement projects.

The city may issue bonds, revenue certificates and other obligations of indebtedness in such manner and subject to such limitations as may be provided by law, in furtherance of the provision of Southeast Overtown/Park West development supplemental fee-related projects. Funds pledged toward retirement of bonds, revenue certificates or other obligations of indebtedness for such projects may include impact fees and other city revenues as may be allocated by the city commission. Fees paid pursuant to this article, however, shall be restricted to use solely and exclusively for the purposes of the article and for financing, directly, or as a pledge against bonds, revenue certificates and other obligations of indebtedness to undertake projects to mitigate for transportation and air quality impacts of the DRI.

(Ord. No. 13406, § 2, 9-26-13)

Sec. 13-106. Appeal procedures; impact fee board of review.

The Southeast Overtown/Park West development supplemental fee ordinance hereby incorporates by reference the appeals board and procedure as set forth in sections 13-16, 13-17, 13-18, 13-19 and 13-20 of the City Code and hereby establishes their applicability for any appeals undertaken pursuant to this article.

(Ord. No. 13406, § 2, 9-26-13)

Sec. 13-107. Effect of Southeast Overtown/Park West development supplemental fee on planning, zoning, subdivision, and other regulations.

This article shall not affect, in any manner, the permissible use of property, density of development, design and improvement standards and requirements or any other aspect of the development of land or provision of public improvements subject to the city's comprehensive plan, zoning regulations, subdivision regulations, or other regulations of the city, all of which shall be operative and remain in full force and effect without limitation with respect to all such development.

(Ord. No. 13406, § 2, 9-26-13)

Sec. 13-108. Southeast Overtown/Park West development supplemental fee as additional and supplemental requirement.

The City of Miami Southeast Overtown/Park West development supplemental fee is additional and supplemental to and not in substitution or duplication of any other requirements imposed by the city on the development of land or the

issuance of building permits. It is intended to be consistent with and to further the objectives and policies of the Southeast Overtown/Park West development order, the comprehensive plan, the zoning ordinance, and to be coordinated with the city's capital improvement program and other city policies, ordinances and resolutions by which the city seeks to ensure the provision of public facility improvements and services in conjunction with the development of land, while also encouraging the development of affordable housing. In no event shall a property owner be obligated to pay for the same improvement(s) in an amount in excess of the amount calculated pursuant to this article; provided, however, that a property owner may be required to pay, pursuant to Miami-Dade County, state, and/or city regulations, for other public facilities in addition to the supplemental fee related improvements as specified herein.
(Ord. No. 13406, § 2, 9-26-13)

Secs. 13-109—13-135. Reserved.

ARTICLE IV. INTERIM PROPRIETARY AND GENERAL SERVICES FEE

Sec. 13-136. Fee established.

A fee to be known as the "interim proprietary and general services fee" is hereby established.
(Ord. No. 10601, § 1, 7-13-89; Code 1980, § 13-101)

Sec. 13-137. Purpose.

(a) It is recognized that the costs of providing certain city services exceed the fees charged for said services and that those costs are borne in large part through ad valorem taxation. Those services which the city provides include, but are not limited to police protection, fire protection, parks and recreational facilities and administrative services.

(b) It is further recognized that, from the time that a new building or structure is completed and occupied until the improvements are reflected on the tax roll as of the ensuing January 1, services are provided for which no part of the cost of said services is compensated. The purpose of the interim proprietary and general services fees, therefore, is to defray the cost to the city in providing city services to newly improved property prior to the imposition of ad valorem taxes on such improved property. The fee is not in any manner, directly or indirectly, intended as an ad valorem tax, nor is the amount of the fee established herein related in any way to the valuation of the property receiving said services.
(Ord. No. 10601, § 1, 7-13-89; Code 1980, § 13-102)

Sec. 13-138. Fee levied for services to certain properties.

(a) There is hereby levied an interim proprietary and general services fee which shall apply to those properties for which a certificate of occupancy or a certificate of completion is issued, either permanent or temporary, for full or partial use of the premises, and which shall be payable on the date upon which such certificate of occupancy or certificate of completion is issued until the ensuing January 1.

(b) There is hereby levied an interim proprietary and general services fee which shall apply to those properties for which a certificate of occupancy or a certificate of completion is issued, either permanent or temporary, for full or partial use of the premises, and which shall be payable on the date upon which such certificate of occupancy or certificate of completion is issued until the ensuing January 1, or until such time as the improvement necessitating said certificate of occupancy or certificate of completion is assessed by the Miami-Dade County property appraiser and extended on the tax roll.
(Ord. No. 10601, § 1, 7-13-89; Ord. No. 10705, § 1, 2-7-90; Code 1980, § 13-103; Ord. No. 11754, § 1, 2-9-99)

Sec. 13-139. When fee paid.

The interim proprietary and general services fee shall be paid upon the issuance of a certificate of occupancy, either permanent or temporary, or a certificate of completion. No certificate of

occupancy or certificate of completion shall be issued until such time as the interim proprietary and general services fee has been paid in full.
(Ord. No. 10601, § 1, 7-13-89; Code 1980, § 13-104; Ord. No. 11754, § 1, 2-9-99)

Sec. 13-140. Charges.

For the purpose of this section, a "unit" shall be defined as a single-family residence; each dwelling unit of a townhouse, duplex or multifamily dwelling; a single-tenant industrial space; a retail store or a single-tenant space in an office or commercial building; or a warehouse bay, except those warehouse facilities subdivided and used primarily as leased storage units, which shall be considered one unit per structure. The term shall include additions to units, such as additional rooms, but not maintenance, pools, fences, or remodeling which does not result in a net increase in square footage, for which no fee shall be required. The fee shall be $0.03 per square foot per month.
(Ord. No. 10601, § 1, 7-13-89; Ord. No. 10705, § 1, 2-7-90; Code 1980, § 13-105)

Sec. 13-141. Lien provisions.

All such fees becoming due and payable after October 1, 1989, shall constitute, and are hereby imposed as, special assessment liens against real property aforesaid, and until fully paid and discharged, or barred by law, shall remain liens equal in rank and dignity with the lien of city and county ad valorem taxes and superior in rank and dignity to all other liens, encumbrances, titles, and claims in, to or against the real property containing the building, structure or dwelling. Such fees shall become delinquent if not paid within 60 days after the due date. All delinquent fees shall bear an interest charge of one percent per month, on any or all of the outstanding balance of such fees due, and if not fully paid with all accrued interest by the due date of the next interim proprietary and general service fee payment, will continue to accrue interest at the rate of one percent per month. Unpaid and delinquent fees, together with accrued interest, shall remain and constitute special assessment liens against the real property involved. Such special assessment liens for interim proprietary and general service fees may be enforced by any of the methods provided in F.S. ch. 85 or, in alternative, foreclosure proceedings may be instituted and prosecuted under the provisions of F.S. ch. 173 or the collections and enforcement of payment thereof may be accomplished by other methods authorized by law. The owner shall pay all costs of collection, including reasonable attorney fees, court costs, and abstracting and related lien expenses imposed by the virtue of this article.
(Ord. No. 10601, § 1, 7-13-89; Code 1980, § 13-106)

Sec. 13-142. Exemptions.

The interim proprietary and general service fee shall not be levied upon:

(1) Properties requiring a certificate of occupancy solely for change of use of said property.

(2) Any property which is used solely for tax exempt purposes.

(3) Any property owned by governmental units and used for governmental purpose, or governmentally owned property which is leased to an organization which uses the property solely for tax exempt purposes.

(4) Any housing development which is certified by the city's department of development and housing conservation as low- and/or moderate-income housing development, or affordable housing (low and/or moderate income) which is publicly sponsored.

(Ord. No. 10601, § 1, 7-13-89; Ord. No. 10705, § 1, 2-7-90; Code 1980, § 13-107)

Sec. 13-143. Revisions.

The budget department with the approval of the city manager shall revise said charges for services to reasonably cover the cost of providing such services.
(Ord. No. 10601, § 1, 7-13-89; Code 1980, § 13-108)

Sec. 13-144. Collection and deposit.

All money paid for such services shall be collected by the director of planning, building and zoning department as a condition precedent to the issuance of a certificate of occupancy or a certificate of completion and shall be deposited into the general fund.
(Ord. No. 10601, § 1, 7-13-89; Code 1980, § 13-109; Ord. No. 11754, § 1, 2-9-99)

Secs. 14-1—14-25. Reserved.

ARTICLE II. DOWNTOWN DISTRICT

DIVISION 1. GENERALLY

Sec. 14-26. Definitions.

For the purposes of this article, the following words and phrases shall have the meanings respectively ascribed to them by this section:

Authority: The downtown development authority, the body corporate hereby created by this article, known as the downtown development authority board of the city.

Board: The governing body of the authority selected as herein provided.

Central business district: The area in the city to which this article primarily relates, zoned and used principally for business.

Director: The chief executive officer of the authority selected by the board as herein provided.

Downtown: A specifically defined area or zone of the city in the central business district, established by the city.

Governing body: The commission of the city.

Planning board: The department or agency of the city, by whatever name such department or agency may be known, which is chiefly responsible for community planning.

Public facility: Any street, park, parking lot, playground, right-of-way, structure, waterway, bridge, lake, pond, canal, utility line or pipe, building, including access routes to any of the foregoing designed and dedicated to use by the public generally, or used by any public agency with or without charge, whether or not the same is revenue producing.

Reside or *resident:* An owner of a property located within downtown, as defined in this article, which said property is the owner's homestead.
(Code 1967, § 13-1; Code 1980, § 14-16; Ord. No. 14404, § 2, 10-23-25)

Sec. 14-27. Boundaries designated.

The Downtown District described as follows shall be under the jurisdiction and control of the Downtown Development Authority:

Begin at the intersection of the centerline of NW 5th Street and NW 3rd Avenue (east of I-95); thence run southerly along the centerline of NW 3rd Avenue and the easterly side of I-95 to the centerline of West Flagler Street; thence westerly along the centerline of said West Flagler Street to the centerline of the Miami River; thence meandering southeasterly along the centerline of said Miami River to a point of intersection with the westerly Right-of-Way line of Metro Rapid Transit Right-of-Way (formerly Florida East Coast (FEC) Railroad Right-of-Way) said Right-of-Way line being 50 feet westerly of and parallel with the centerline of said Metro Rapid Transit Right-of-Way; thence run southerly and southwesterly along said westerly Right-of-Way line of Metro Rapid Transit to the intersection with the centerline of SW 15th Road; thence southeasterly along the centerline of 15th Road to a point of intersection with the southerly prolongation of the westerly line of Costa Bella Development Subdivision (107-14); thence northeasterly, northwesterly, and northeasterly along said westerly line of Costa Bella to the intersection with the southerly Right-of-Way line of SE 14th Lane; thence southeasterly, northeasterly, northerly, and northwesterly along said southerly and easterly Right-of-Way line of SE 14th Lane and SE 14th Terrace to the intersection with the northwesterly property line of Lot 31, Block 2 of Amended plat of Point View as recorded in Plat Book 2 at Page 93 of the public records of Miami-Dade County, Florida; thence northeasterly along the northwesterly line of said Lot 31, to the northeasterly side of the existing ten-foot alley in Block 2 of said Point

View; thence southeasterly along the northeasterly side of said ten-foot alley to the intersection with the property line between Lots 4 and 5 of said Block 2 of Point View; thence northeasterly along said line of Lots 4 and 5 and its prolongation thereof to the centerline of SE 14th Street; thence southeasterly along said centerline of SE 14th Street to a point of intersection with the existing bulkhead and shoreline of Biscayne Bay; thence meandering northerly along the existing bulkhead and shoreline of Biscayne Bay to a point of intersection with the southerly boundary of Claughton Island Bridge; thence easterly along the said southerly Right-of-Way line of Claughton Island Bridge to the intersection with the westerly bulkhead line of Claughton Island, said bulkhead line being part of the Miami-Dade County bulkhead line as recorded in Plat Book 73 at Page 18 of the public records of Miami-Dade County, Florida; thence southerly, easterly, northerly, and westerly, following said existing bulkhead and its westerly prolongation thereof around the island to the intersection with the mainland on the easterly shoreline of Biscayne Bay; thence meandering in a northwesterly and westerly direction along the shoreline of Biscayne Bay and the Miami River to the intersection with the easterly Right-of-Way line of the Metro Rapid Transit line of Brickell Avenue Bridge (SE 2nd Avenue); thence north along said bridge to the existing bulkhead on the corner of said Lot 1; thence northwesterly across a 10 foot-wide alley to the northeasterly corner of Lot 6 of Block 8 of Miramar amended as recorded in Plat Book 5 at Page 4 of the public records of Miami-Dade County, Florida; thence northwesterly along the northerly line of said lot 6 and its northwesterly extension to its intersection with the centerline of Sevilla Street (NE 4th Avenue) of said Miramar amended (5- 4); thence southwesterly along the centerline of said Sevilla Street (NE 4th Avenue) to its intersection with the centerline of Vedado Street (NE 4th Avenue) of said Miramar amended (5-4); thence northerly along the centerline of NE 4th Avenue (Vedado Street); thence northerly along the centerline of NE 4th Avenue to its intersection with the centerline of NE 19th Street; thence westerly along the centerline of NE 19th Street to a point of intersection with southerly extension of the easterly lot line of Lot 4 of Block 1 of Miramar amended as recorded in plat book 5 at page 4 of the public records of Miami-Dade County, Florida; thence northerly along the easterly lot line of Lot 4 and its extension thereof to the southerly lot line of Lot 8 of Coral Park as recorded in Plat Book 2 at Page 66 of the public records of Miami-Dade County, Florida; thence easterly along the southerly lot line of Lot 8 to the southeast corner of said Lot 8; thence northerly along the easterly Lot line of Lot 8 to the southerly Right-of-Way line of NE 20th Street; thence easterly along the southerly Right-of-Way line of NE 20th Street to the southerly extension of the easterly lot line of Lot 7 of said Coral Park (2-66); thence northerly along the easterly lot line of Lot 7 and its extension thereof to the northeast corner of Lot 7; thence westerly along the northerly lot line of Lot 7 to a point of intersection with the southerly extension of the easterly lot line of Lot 7 of Block 4 of Bayside Park amended as recorded in Plat Book 2 at Page 40 of the public records of Miami-Dade County, Florida; thence northerly along the easterly lot line of Lot 7 and its extension thereof across a 15-foot-wide alley to the northeast corner of Lot 7; thence continuing northerly across the Right-of-Way of NE 20th Terrace to the southeast corner of Lot 7 of Block 1 of Bayside Park amended (2-40); thence northerly along the easterly lot line of Lot 7 to the northeast corner of said Lot 7; thence across a 15-foot-wide alley to the southeast corner of Lot 5 Block 3 of Bayonne Subdivision as recorded in Plat Book 2 at page 35 of the public records of Miami-Dade County, Florida; thence northerly along the easterly Lot line of Lot 5, and the northerly extension of its easterly lot line thereof, to the centerline of NE 21st Street; thence easterly along the centerline of NE 21st Street to a point of intersection with the southerly extension of the easterly lot line of Lot 3 of Block 1 of Bayonne Subdivision (2-35); thence northerly along the easterly lot line and its extension thereof, to the southerly lot line of tract A of

Caruso Subdivision as recorded in Plat Book 79 at page 23 of the public records of Miami-Dade County, Florida; thence easterly along the southerly tract line of tract A to the southerly extension of the easterly Right-of-Way line of NE 4th Avenue; thence northerly along the easterly Right-of-Way line of NE 4th Avenue and its extension thereof to the centerline of NE 24th Street; thence westerly along the centerline of NE 24th Street to the centerline of NE 2nd Avenue; thence southerly along the centerline of NE 2nd Avenue to the centerline of NE 17th Street; thence westerly along the centerline of NE 17th Street and NW 17th Street to the northerly shoreline of the Miami River; said bulkhead line also being the southerly boundary of the Dupont Plaza Center and Miami Center joint Venture property; thence northeasterly along the southerly boundary of Dupont Plaza Center and Miami Center Joint Venture property to a point of intersection with the easterly property line of Chopin Associates and Miami Center Limited Partnership; said property line being along the shoreline of Biscayne Bay; thence northerly along said easterly property line of Chopin Associates and Miami Center Limited Partnership property along Biscayne Bay to the southerly property line of Bayfront Park; thence continuing northerly, northeasterly and northwesterly along the bulkhead line of Bayfront Park and the Bayfront Park Miamarina to a point of intersection with the southerly Right-of-Way line of State Road A-1-A (Douglas Macarthur Causeway); thence easterly along the southerly Right-of-Way of said Douglas MacArthur Causeway to its intersection with the easterly Right-of-Way line of the Intercoastal Waterway, said point also being the westerly line of the submerged parcel of land of the NW quadrant of Watson Island as shown on the boundary survey of NW quadrant upland and submerged parcel (City of Miami miscellaneous file 61-398); thence southerly along the easterly Right-of-Way line of said Intercoastal Waterway to a point of intersection of the turning basin limit with the northerly line of the Miami main ship channel, said point also being approximately 500 feet west of the westerly bulkhead line of Watson Island and 1,200 feet southerly of the south Right-of-Way line of Douglas MacArthur Causeway, as per O.R.B. 2454, pages 77-79; thence northeasterly, southeasterly, and northeasterly along the southeasterly line of said NW quadrant of Watson Island to the most easterly corner of said NW quadrant of Watson Island, said corner being on the southwesterly Right-of-Way line of Douglas Macarthur Causeway; thence northwesterly and westerly along the said Right-of-Way line to the northwest corner of said NW quadrant of Watson Island; thence westerly along the southerly Right-of-Way line of the state road A-1-A (Douglas Macarthur Causeway) to the bulkhead line of Biscayne Bay; thence northerly along the bulkhead line of Biscayne Bay to a point of intersection with the centerline of NE 17th Street extended easterly; thence westerly along the centerline of NE 17th Street and its extension thereof to a point of intersection with the centerline of North Bayshore Drive; thence northerly along the centerline of North Bayshore Drive to its intersection with the centerline of NE 17th Terrace; thence northwesterly along the centerline of NE 17th Terrace to its intersection with the southwesterly extension of the northwesterly line of Lot 2 of block 1 of Seaport as recorded in Plat Book 149 at 79 of the public records of Miami-Dade County, Florida; thence northeasterly along the northwesterly line of said Lot 2, and it's said southwesterly extension thereof, to the southwesterly corner of Lot 1 of Block 1 of said Seaport (149-79); thence southeasterly and easterly along the southerly line of said lot 1 and its easterly extension to its intersection with the centerline of North Bayshore Drive; thence northeasterly along the centerline of North Bayshore Drive to its intersection with the southeasterly extension of the northerly line of said Lot 1 of Block 1 of said Seaport (149-79); thence northwesterly along the northerly line of said Lot 1, and its said southeasterly extension thereof, to the northwesterly easterly Right-of-Way fine of the FEC Railroad; thence southerly along the easterly Right-of-Way line of the FEC Railroad to the centerline of NW 5th Street thence

westerly along the centerline of NW 5th Street to the point of beginning. All lands situated and lying in Miami-Dade County, Florida.

(Ord. No. 12307, §§ 2, 3, 12-12-02; Ord. No. 13871, § 2, 11-21-19)

Editor's note—Ord. No. 12307, §§ 2, 3, adopted December 12, 2002, repealed and reenacted § 14-27 in its entirety to read as herein set out. Formerly, § 14-27 pertained to similar subject matter and derived from the Code of 1967, § 13-2; Ord. No. 9650, § 1, adopted July 8, 1983; Ord. No. 9835, § 1, adopted May 24, 1984; Ord. No. 10575, § 1, adopted April 27, 1989, and the Code of 1980, § 14-17.

Sec. 14-28. Property subject to ad valorem taxes for payment of city's general obligation debts, etc.

All real property located within the central business district shall be subject to ad valorem taxes to pay the principal and interest on all existing general obligation debts of the city and any future debts which may be authorized by law.

(Code 1967, § 13-3; Code 1980, § 14-18)

Sec. 14-29. Powers of city cumulative.

All powers conferred upon the city by this article are and shall be supplemental and in addition to those conferred by any other general or special law and shall be liberally construed to effectuate the purposes hereof.

(Code 1967, § 13-4; Code 1980, § 14-19)

Secs. 14-30—14-50. Reserved.

DIVISION 2. DOWNTOWN DEVELOPMENT AUTHORITY

Sec. 14-51. Downtown development authority created.

Pursuant to Laws of Fla., ch. 65-1090, there is hereby created the downtown development authority of the city, which authority shall be a body corporate with the power to sue and be sued in all the courts of the state and shall have its own corporate seal.

(Code 1967, § 13-5; Code 1980, § 14-25)

State law reference—Act authorizing creation of downtown development authorities in certain cities, Laws of Fla., ch. 65-1090, set forth in pt. I, subpt. C, art. I of this volume.

Sec. 14-52. Downtown development authority board—Composition; appointment and terms of office of members and executive board; filling of vacancies.

(a) The affairs of the authority shall be under the direct supervision and control of a board consisting of 17 members, appointed, and confirmed, by the city commission in the manner indicated in subsection (b) below.

(b) The board shall be constituted by 17 members as follows:

(1) The City commission, at large, shall appoint one of its city commissioners members to be the chairperson of the board and the 17th member of the authority's board. The chairperson of the authority shall have the power to appoint the chairperson(s) to the various committees which the authority shall have the power to establish from time to time.

(2) One member may be appointed by the Board of County Commissioners of Miami-Dade County and submitted to the city commission for confirmation.

(3) One member may be appointed by the cabinet of the state and submitted to the city commission for confirmation.

(4) One member may be appointed by the Miami Dade College and submitted to the city commission for confirmation.

(5) The remaining 13 members shall be appointed by the board of the authority and submitted to the city commission for confirmation. Each of the 13 members shall be designated as follows:

a. One resident of Brickell district, which may be defined by the authority;

b. One resident of the Central Business District;

c. One resident of the Arts and Entertainment district, which may be defined by the authority;

d. One business owner in Brickell district, which may be defined by the Authority;

e. One business owner in the Central Business District;

f. One business owner in the Arts and Entertainment district, which may be defined by the authority;

g. One representative of a major stakeholder within the boundaries of the authority;

h. One individual employed in the sports and entertainment industry;

i. One representative of Flagler Street;

j. One individual that works in land use, zoning, or transportation;

k. One individual that is employed in the arts and culture business/ industry;

l. Two at-large members of Downtown.

At least 40 percent of authority appointees must be residents of downtown. The board shall continue to include at least one member from each sub-district created by the authority from time to time. A proposed member shall not be considered a member of the board until confirmed by the city commission. In the event an appointee is rejected by the city commission, the board shall appoint a successor consistent with the above categories until all 13 seats are filled with appointees who are confirmed by the city commission.

(5) In the event the city commission does not reject a proposed member appointed by the board of county commissioners or by the cabinet of the state within the next two meetings of the city commission taking place after the date the city commission is notified of such appointment, then said appointee shall be deemed confirmed by the city commission. If, however, any such appointee is rejected by the city commission within the aforementioned period, then the board of county commissioners and/or the cabinet of the state shall have a period of ten days, after being notified of the rejection, in which to appoint a replacement, who shall be again subject to confirmation by the city commission. In the event that the appointee is, again, rejected by the city commission, then the board of directors of the authority shall have the right to fill the vacant position(s) in the manner provided in subsection (6).

(6) In the event that the board of county commissioners or the cabinet of the state fails to appoint a member within 30 days from the date that the nomination is requested by the board of the Authority, or within ten days after being notified of the rejection of a nominee, then the board may appoint proposed members(s) for said positions. The proposed members for the county and state seats shall be individuals who, in the opinion of the board, have the necessary qualifications and credentials to represent the board of county commissioners and/or the cabinet of the state. The appointee(s) shall be submitted to the city commission for confirmation, and shall be deemed confirmed unless the appointment is rejected by the city commission within the next two meetings of the city commission taking place after the date the city commission is notified of said appointment. In the event of a rejection, the board shall have the right to continue to submit the name of appointee(s) until confirmation by the city commission.

(c) Members shall serve terms of four years expiring on December 31 of the fourth year of their term. Members shall serve a maximum of two consecutive terms. Members shall continue to serve until their successors have been appointed and confirmed. Appointments to fill vacancies shall be for the unexpired term only. Appointments made to fill an unexpired term shall be for the remainder of that term only and shall not count toward the appointee's two-term limit. Limitations on terms shall not apply to the members nominated by the Board of County

Commissioners of Miami-Dade County, Cabinet of the State, and Miami Dade College and approved by city commission.

(d) In the event that the authority's boundaries are expanded, the authority shall recommend the appointment of up to two additional members, one resident and one business owner of the newly incorporated area to the authority. These additional seats shall be created to ensure adequate representation of the interests and needs of property owners, business owners, and residents within the newly incorporated area and must comply with qualifications of section 14-53.

(e) Quorum shall consist of five members. Rules of procedure of the board may require up to nine members to be present in person or by telephone to take board action.
(Code 1967, § 13-6; Ord. No. 9067, § 1, 2-12-80; Ord. No. 9071, § 1, 2-28-80; Ord. No. 9705, § 1, 10-25-83; Ord. No. 9869, § 1, 7-31-84; Ord. No. 10424, § 1, 4-14-88; Ord. No. 10534, § 1, 1-12-89; Ord. No. 10985, § 1, 5-14-92; Ord. No. 11043, § 1, 3-11-93; Ord. No. 11064, § 1, 5-27-93; Ord. No. 11130, § 10, 3-24-94; Ord. No. 11151, § 1, 5-23-94; Code 1980, § 14-26; Ord. No. 11373, § 6, 6-27-96; Ord. No. 11538, § 3, 9-9-97; Ord. No. 11564, § 7, 10-28-97; Ord. No. 11692, § 2, 7-21-98; Ord. No. 11734, § 2, 12-8-98; Ord. No. 12519, § 3, 4-8-04; Ord. No. 12905, § 2, 4-12-07; Ord. No. 14404, § 2, 10-23-25)

Sec. 14-53. Same—Qualifications of members.

(a) Except for the seats to be filled by the city commission, the board of county commissioners, or the cabinet of the state, all members of the board shall either (1) reside; (2) work; or (3) own (or be the designated representative of the owner of) a business; or (4) own (or be the designated representative of the owner of) real property in the Downtown district, as described in section 14-27 of this article, and in accordance with section 14-52 of this article. For purposes of this section, a person shall be deemed to "own real property" where the person is the owner of the fee simple title, or owns the leasehold interest on the property under a lease having an original term of at least 30 years. All members of the board shall be individuals of outstanding reputation for integrity, responsibility and business ability and acumen. No officer or employee of the city, other than one member of the city commission, shall be eligible for appointment to the board.

(b) Before assuming the duties of the office, each appointed member shall qualify by taking and subscribing to the oath of office required of officials of the city.
(Code 1967, § 13-7; Ord. No. 10714, § 1, 3-8-90; Ord. No. 10985, § 1, 5-14-92; Ord. No. 11189, § 2, 10-27-94; Code 1980, § 14-27; Ord. No. 11373, § 6, 6-27-96; Ord. No. 11538, § 3, 9-9-97; Ord. No. 11692, § 2, 7-21-98; Ord. No. 14404, § 2, 10-23-25)

Sec. 14-54. Same—Meetings; rules and regulations; compensation of members.

The board shall adopt and promulgate rules governing its procedures and shall hold regular meetings no less often than once each month, except for any month in which the city commission is not in session. Special meetings may be held when called in the manner provided in the procedures of the board. All meetings of the board shall be open to the public. Each member of the board shall serve without compensation.
(Code 1967, § 13-8; Code 1980, § 14-28; Ord. No. 12905, § 2, 4-12-07; Ord. No. 14404, § 2, 10-23-25)

Sec. 14-55. Same—Removal of members.

(a) Notwithstanding anything in the Code to the contrary, by resolution specifying facts sufficient to advise a board member as to the basis for his or her removal and after reasonable notice to the board member and an opportunity for the member to be heard by the board, the city commission or the board of directors authority, may remove a board member:

(1) For cause; or

(2) Upon the occurrence of an event that causes the member to cease to meet their qualification criteria set forth in sections 14-52 and 14-53; or

(3) As otherwise provided by law.

For purposes of this section, being absent from three consecutive regular board meetings or from four regular board meetings during a calendar year shall constitute good cause for removal.

(b) Notwithstanding anything in the Code to the contrary, in the event a board member has served ten years, consecutively or non-consecutively, they shall be automatically removed, and the Authority shall fulfill the vacancy within three months of the seat's vacancy. However, automatic removal for time served on the board shall not apply to the members nominated by Board of County Commissioners of Miami-Dade County, Cabinet of the State, and Miami Dade College and approved by city commission.
(Code 1967, § 13-9; Ord. No. 9363, § 1, 1-14-82; Ord. No. 11130, § 10, 3-24-94; Code 1980, § 14-29; Ord. No. 11538, § 3, 9-9-97; Ord. No. 12905, § 2, 4-12-07; Ord. No. 14404, § 2, 10-23-25)

Sec. 14-56. Same—Powers and duties.

(a) The board, subject to the provisions of this article, and subject to other applicable provisions of law, shall have all powers customarily vested in the board of directors of a corporation for profit. It shall exercise supervisory control over the activities of the director and the staff of the downtown development authority in carrying out the functions authorized by this article.

(b) It shall be the duty of the board, and it shall have the power, to do the following:

(1) Appoint a director; prescribe his/her duties; and fix his/her compensation, which shall be paid from funds available to the authority. The staff members shall be employed by the director, and shall have no civil service rights or privileges.

(2) Prepare an analysis of economic changes taking place in the central business district of the city.

(3) Study and analyze the impact of metropolitan growth upon the central business district.

(4) Plan and propose within the downtown area, public improvements of all kinds, including renovation, repair, remodeling, reconstruction or other changes in existing buildings which may be necessary or appropriate to the execution of any such plan which in the opinion of the board will aid in the economic growth of the downtown area.

(5) To implement as provided in this article any plan of development in the downtown area as shall be necessary to carry out its functions, except that when funds are required the approval of the city commission is required.

(6) In cooperation with the planning advisory board and zoning board of the city and the planning department of the city, develop long range plans designed to halt the deterioration of property values in the central business district, and take such steps as may be necessary to persuade property owners to implement such plans to the fullest extent possible.

(7) Retain and fix the compensation of legal counsel to advise the board in the proper performance of its duties. The general counsel of the downtown development authority as authorized in this article shall be a practicing attorney at law admitted to the practice of law in the state. He/she shall represent the authority in all suits or actions brought by or against the authority involving the jurisdiction, power, duties, functions or activities of the authority, or of the city, under the terms of this article.

(8) To make and enter into all contracts necessary or incidental to the exercise of its powers and the performance of its duties.

(9) Borrow money on a short-term basis to pay expenses of operation following the assessment and levy and prior to collection of the tax herein authorized, and to issue evidences of indebtedness, such loans to be signed by the chairperson and the secretary of the authority. Prior to

the issuance of evidence of indebtedness for such loans, the board shall first present the plan and need therefor and the commission of the city must approve such evidence of indebtedness by an appropriate resolution. The rate of interest to be paid by the authority on any such debt shall be the lowest rate of interest available not to exceed six percent per annum. The authority shall hold the city harmless with respect to any debt created hereunder.

(10) The board shall review and make recommendations to the City of Miami Commission prior to any amendments to this article being considered by the City of Miami Commission.

(Code 1967, § 13-10; Ord. No. 8665, § 1, 6-21-77; Code 1980, § 14-30; Ord. No. 12905, § 2, 4-12-07; Ord. No. 13676, § 2, 4-27-17; Ord. No. 14404, § 2, 10-23-25)

Sec. 14-57. Same—Additional powers and duties.

In addition and supplemental to the powers provided in section 14-56, the authority acting through its board, subject to the approval of the commission of the city as hereinafter set forth, shall have the right, power and authority to:

(1) Acquire by the exercise of the power of eminent domain any real property which it may deem necessary for its purposes under this article after the adoption by it of a resolution declaring that the acquisition of the real property described therein is necessary for such purposes, subject to the need and plan therefor being first presented to the commission of the city and its approval evidenced by the adoption of an appropriate resolution. The authority may exercise the power of eminent domain in the manner provided in F.S. chs. 73 and 74. Property already devoted to a public use may be acquired in like manner, provided that no real property belonging to the city, the county, the state or any political subdivision thereof may be acquired without its consent.

(2) Acquire by purchase or otherwise on such terms and conditions and in such manner as it may deem proper, or by the exercise of the power of eminent domain, subject to the need and plan therefor being first presented to the commission of the city and its approval evidenced by the adoption of an appropriate resolution, own, convey or otherwise dispose of, lease as lessor or lessee any land and any other property, real or personal, or any rights or interests therein, which it may determine is reasonably necessary for any project (hereafter defined) or purpose of this article; and to grant or acquire licenses, easements and options with respect thereto.

(3) Improve land, construct, reconstruct, equip, improve, maintain, repair and operate office buildings and any necessary or desirable appurtenances thereto, within the boundaries of the authority for the housing in whole or in part of federal, state, county or municipal governmental entities or any agencies thereof or any other person or corporation or any combination of the foregoing (each such office building being herein called a "project"), subject to the need and plan therefor being first presented to the mayor and commission of the city and its approval evidenced by the adoption of an appropriate resolution.

(4) Fix, charge and collect fees, rents and charges for the use of any project or any part thereof or any facilities furnished thereby, or property under its control and to pledge such revenue to the payment of revenue bonds issued by it, subject to the need and plan therefor being first presented to the mayor and commission of the city and its approval evidenced by the adoption of an appropriate resolution.

(5) Lease as lessor any project, projects or property under its control or any part thereof and charge rentals for the use thereof sufficient with any other available revenues to pay the principal of and

the interest on the revenue bonds issued to pay the cost of any such project or projects, subject to the need and plan therefor being first presented to the mayor and commission of the city and its approval evidenced by the adoption of an appropriate resolution.

(6) Accept grants and donations of any type of property, labor, or other thing of value from any public or private source.

(7) Receive the proceeds of the tax referred to in this article, subject to the commission of the city approving the millage assessment as provided therein.

(8) Receive the revenues from any property, project or facility owned, leased, licensed, or operated by it or under its control, subject to the limitations imposed upon it by trusts or other agreements validly entered into by it.

(9) Cooperate and enter into agreements with any governmental agency or other public body, subject to the need and plan therefor being first presented to the commission of the city and its approval evidenced by the adoption of an appropriate resolution.

(10) Make or receive from the municipality or the county in which the authority is located conveyances, leasehold interests, grants, contributions, loans and other rights and privileges, subject to the need and plan therefor being first presented to the commission of the city and its approval evidenced by the adoption of an appropriate resolution.

(11) Subject to the need and plan therefor being first presented to the commission of the city and its approval evidenced by the adoption of an appropriate resolution approving such plan, issue, negotiate and sell, in accordance with the applicable provisions of the laws of the state, except as otherwise herein provided, revenue bonds of the authority, payable solely from revenues, to pay all or any part of the cost of any project, projects or purpose of this article upon such terms and conditions, manner and form, and having such details, conditions and provisions as shall be determined by resolution of the authority not inconsistent with the provisions hereof, and to secure such revenue bonds by a trust agreement by and between the authority and a bank or trust company having trust company powers within or without the state, provided that any such revenue bonds shall mature at such time or times not later than 40 years from their date and shall bear interest at a rate or rates not exceeding six percent per annum; to take all steps deemed by it necessary or expedient for efficient preparation and marketing of the revenue bonds at public sale upon ten days' published notice in the municipality where the authority is located or with the approval of the commission of the city at private sale, at the best price obtainable, including the entry into binding agreements with corporate trustees, underwriters, and the holders of the revenue bonds, and the employment and payment, as a necessary expense of issuance, for the services of consultants on valuations, costs and feasibility of undertaking, revenues to be anticipated and other financial matters, architecture, engineering, legal matters, accounting matters, and any other fields in which expert advice may be needed to effectuate advantageous issuance and marketing; and such bonds shall be governed by the following conditions:

a. Any revenue bonds issued under the provisions of this section shall not be deemed to be a debt of the city, the county in which it is located, or the state, or a pledge of the faith and credit of the city, county or state; but such bonds shall be payable solely from the revenues pledged for their payment as authorized herein. The city establishing such authority, the county in which it is located, and the state are not directly or indirectly obligated to pay the

principal of or the interest on the bonds, and the faith and credit of the city is not pledged to the payment of such principal or interest; and all such bonds shall contain this statement on their face. The issuance of revenue bonds under the provisions of this section shall not, directly or indirectly or contingently, obligate the city, county or state to levy or to pledge any form of taxation whatever therefor, or to make any appropriation for their payment.

b. All revenue bonds issued pursuant hereto shall be negotiable instruments for all purposes.

(12) Exercise all powers incidental to the effective and expedient exercise of the foregoing powers to the extent not in conflict herewith or inconsistent herewith.

(Code 1967, § 13-10.1; Code 1980, § 14-31; Ord. No. 11564, § 7, 10-28-97)

Sec. 14-58. Employees generally.

(a) The board shall employ and fix the compensation, subject to the approval of the city commission, of the director of the board, who shall serve at the pleasure of the board. The director shall be a person of good moral character and possessed of a reputation for integrity, responsibility and business ability. No member of the board shall be eligible to hold the position of director. Before entering upon the duties of his/her office, the executive director shall take and subscribe to the oath and furnish bond as required of members of the board. He/she shall be the chief executive officer of the downtown development authority and shall devote his/her entire time and attention to the duties of his/her office. He/she shall not, while serving as director, engage in any other business or profession. Subject to the approval of the Board, and direction by it when necessary, he/she shall have general supervision over and be responsible for the preparation of plans and the performance of the functions of the Authority in the manner authorized in this article. He/she shall attend all meetings of the board and shall render to the board, the mayor and to the city commission, a monthly report covering the activities and financial condition of the authority. In the absence or disability of the director, the board may designate a qualified person to perform the duties of the office as acting director. The director shall furnish the board with such information or reports governing the operation of the authority as the board may from time to time require.

(b) Subject to the approval of the board, the director shall employ and fix the compensation of:

(1) A treasurer, who shall keep the financial records of the authority and who, together with the director, shall perform such other duties as may be delegated to him/her by the board. At the discretion of the board, the functions of the treasurer may be performed by an outside professional retained and approved by the board for these purposes.

(2) A secretary, who shall maintain custody of the official seal and of all records, books, documents or other papers not required to be maintained by the treasurer. The secretary shall attend all meetings of the board and keep a record of all its proceedings. The secretary shall perform such other duties as may be delegated by the board.

(3) Such clerical, technical and professional assistance, including, but not limited to, engineering, planning, economic research and other fields, as shall in the opinion of the board be necessary to provide for the efficient performance of the functions of the board.

(Code 1967, § 13-11; Code 1980, § 14-32; Ord. No. 11564, § 7, 10-28-97; Ord. No. 12905, § 2, 4-12-07; Ord. No. 14404, § 2, 10-23-25)

Sec. 14-59. Annual budget; source of funds.

(a) No later than 30 days prior to the date the city commission establishes the millage rate for the city, the director shall prepare for the approval of the board a budget for the operation of the

downtown development authority for the ensuing fiscal year. The budget shall be prepared in the same manner as required of all departments of the city. When approved by the board it shall not require approval of any officer or body of the city other than the city commission. No funds of the city may be included in the budget of the authority except those funds authorized in this article.

(b) The operations of the downtown development authority shall be principally financed from the following sources and such other sources as may be approved by the city commission:

(1) Donations to the authority for the performance of its functions.

(2) Proceeds of an ad valorem tax, not exceeding 0.4750 mills per dollar valuation of property in the downtown area designated by the city commission.

(3) Money borrowed and to be repaid from other funds received under the authority of this article which shall include federal funds, contributions and funds derived from the millage authorized to be levied under this article.

(Code 1967, § 13-12; Code 1980, § 14-33; Ord. No. 12905, § 2, 4-12-07; Ord. No. 13573, § 2, 11-19-15; Ord. No. 14404, § 2, 10-23-25)

Sec. 14-60. Annual ad valorem tax levy in downtown district; disposition of funds.

The city commission is authorized to levy an additional ad valorem tax on all real and personal property in the downtown district as described in this article, not exceeding 0.4750 mills on the dollar valuation of such property, for the purpose of financing the operation of the downtown development authority. This levy of 0.4750 mills per dollar ad valorem tax shall be in addition to the regular ad valorem taxes and special assessments for improvements imposed by the city commission. The tax collector shall transmit funds so collected to the appropriate officer of the city responsible for the handling of the public money who shall deposit the same in the city treasury to the credit of the authority. Such money shall be used for no purpose other than those purposes authorized in this article and, upon approval of the board, pursuant to vouchers signed by a minimum of two authorized signatories of the authority, who shall be the director and one member of the board of directors, or two members of the board of directors. The funds of the authority shall be secured as other public funds are secured. Other money received by the authority shall forthwith be deposited in the city treasury to the credit of the authority, subject to disbursement as authorized in this article. The city shall not obligate itself nor shall it ever be obligated to pay any sums from general public funds, or from any public funds other than money received pursuant to section 14-59 for or on account of any of the activities of the authority.

(Code 1967, § 13-13; Code 1980, § 14-34; Ord. No. 12905, § 2, 4-12-07; Ord. No. 13573, § 2, 11-19-15; Ord. No. 14404, § 2, 10-23-25)

Sec. 14-61. Assessment of funds for handling and auditing by city.

The city commission shall have the power to assess against the funds of the downtown development authority, for the use and benefit of the general fund of the city, a reasonable pro rata share of such funds for the cost of handling and auditing, which assessment when made shall be paid annually by the board pursuant to an appropriate item in its budget.

(Code 1967, § 13-14; Code 1980, § 14-35)

Sec. 14-62. Conflicts of interest of board members, employees, etc.

No board member nor any employee of the board shall vote or otherwise participate in any matter in which he/she has a financial interest, either direct or indirect. When such interest shall appear, it shall be the duty of the board member, or employee, to make such interest known and he/she shall thenceforth refrain from voting on or otherwise participating in the particular transaction involving such interest. Willful violation of the provisions of this section shall constitute malfeasance on the part of a member of the board, and shall be grounds for instant dismissal of any employee. Any transac-

tion involving a conflict of interest, wherein a violation of this section is involved, may be rendered void at the option of the board.
(Code 1967, § 13-15; Code 1980, § 14-36; Ord. No. 13676, § 2, 4-27-17; Ord. No. 14404, § 2, 10-23-25)

City Code cross reference—Conflicts of interest, § 2-611 et seq.

DIVISION 3. RESERVED*

Secs. 14-63—14-90. Reserved.

ARTICLE III. GUSMAN CENTER FOR THE PERFORMING ARTS

Sec. 14-91. Administration.

(a) The members of the off-street parking board of the city, or their successors, are hereby authorized to administer the facility known as Gusman Center for the Performing Arts and located at 174 East Flagler Street, Miami, Florida, on the property legally described as follows:

Lot 1, lot 2 (less the west two inches of the north 65 feet), the south 55 feet of lot 3, and the north 45 feet of lots 18, 19 and 20, block 121 north, City of Miami, according to the plat thereof, as recorded in plat book B, at page 41, of the public records of Dade County, Florida.

(b) Administration of said facility shall include, but not be limited to, the following:

(1) Provide for the general management, maintenance and upkeep of the building, including the engagement of such personnel or independent contractors as are necessary for such.

(2) Negotiate and enter into agreements or leases for the use of the auditorium and other available space in the building on the property.

(3) Provide for appropriate means of accounting and bookkeeping so that the financial affairs of the facility are adequately administered and accounted for.

(4) Provide leadership and guidance so that the facility may be financially sound in its operation as well as being a cultural and artistic success, and a noteworthy monument reflecting credit upon the city, and an outstanding attraction in the downtown area.

(5) Establish a maintenance fund for the upkeep of the building and establish such reserve funds from the income of the facility as are deemed by the members of the off-street parking board to be necessary for the successful operation of the facility.

(6) Make periodic reports to the mayor and city commission which shall reflect the financial condition of the operation of the facility.

(Ord. No. 8435, § 1, 7-31-75; Code 1980, § 14-51; Ord. No. 11564, § 7, 10-28-97)

Secs. 14-92—14-120. Reserved.

ARTICLE IV. DOWNTOWN AND SOUTHEAST OVERTOWN/PARK WEST DEVELOPMENTS OF REGIONAL IMPACT†

DIVISION 1. GENERALLY

Sec. 14-121. Intent.

This article is intended to assist in the implementation of the downtown development of

*__Editor's note—__Ord. No. 13949, § 2, adopted December 10, 2020, repealed the former division 3, sections 14-63—14-65 in its entirety, which pertained to the downtown pedestrian priority zone, and derived from Ord. No. 13426, § 2, adopted January 9, 2014.
For current provisions pertaining to similar subject matter, the user's attention is directed to chapter 54, article X of this Code.

†__Editor's note—__Ord. No. 13406, § 3, adopted September 26, 2013, amended article IV in its entirety to read as herein set out. Formerly, article IV pertained to similar subject matter, and derived from the Code of 1980, §§ 14-58—14-65, 14-70—14-72; Ord. No. 10543, § 1, adopted January 26, 1989; Ord. No. 10675, § 1, adopted November 30, 1989, and Ord. No. 11032, § 2, adopted December 10, 1992.

regional impact (Resolutions 87-1148, 87-1149, 91-968, 94-849, 94-850, 98-219, 98-787, 98-1153, 99-159, 99-973, 02-1307, 04-0425) and the Southeast Overtown/Park West development of regional impact (Resolutions 88-110, 88-111, 92-609 and 13-) development orders. Its purpose is to assure the orderly use and flow of development credits by preventing the retention of such credits by developments unable to complete construction within a reasonable period of time and to initiate implementation of traffic control and environmental protection measures of said resolutions.
(Ord. No. 13406, § 3, 9-26-13)

Sec. 14-122. Definitions.

For the purpose of this article, the following terms shall be defined as presented below:

Building permit: Any permit required for new construction and additions pursuant to Section 105 of the Florida Building Code.

Certificate of occupancy: A permanent or temporary or partial certificate of occupancy issued, pursuant to the Florida Building Code, for any "net new development" as defined herein.

City: The City of Miami, Florida.

Credit holder: Entity to which a reservation of development credits has been issued in conjunction with receipt of a building permit or major use special permit.

DDA or *downtown development authority:* The downtown development authority of the city.

DRER: Department of Regulatory and Economic Resources of Miami-Dade County.

Development: As defined in F.S. § 380.04 (2011) and any amendments thereto.

Development credits: The individual units of land uses included within total allowable development, as measured by square footage or number of dwelling units, hotel rooms, or seats.

Development orders: City of Miami Resolutions 87-1148, 87-1149, 91-968, 94-849, 94-850, 98-219, 98-787, 98-1153, 99-159, 99-973, 02-1307 and 04-0425 as amended (downtown development of regional impact), and Resolutions 88-110, 88-111, 92-607, 92-608, 92-609, 93-217, 99-973, 00-289, 01-1159, 05-0480 and 13- (Southeast Overtown/Park West development of regional impact), as amended, as applicable.

DRI: Development of regional impact.

Major use special permit or *MUSP:* A special permit issued by the city commission for large developments pursuant to former Zoning Ordinance Number 11000, or its functional equivalent.

Net new development: Any construction or reconstruction which will result in a net increase, within any "parcel of land," of residential dwelling units, hotel rooms, seats in attractions/recreation facilities or gross square footage or office, government office, retail/service, convention, wholesale/industrial or institutional uses. Land uses to be removed by demolition of a building or structure may be credited against the proposed new land uses for purposes of calculating the net increase, if the planning, building and zoning director determines that there was a valid certificate of occupancy existing on the effective date of the master increment I, increment II, or increment III development orders rendered for the downtown DRI and the Southeast Overtown/Park West DRI for the land uses to be demolished. If a change of land use is proposed, the planning, building and zoning director may credit the prior land use against the proposed land use based upon equivalent impacts as measured by peak hour vehicle trip generations.

Parcel of land: Any quantity of land capable of being described with such definiteness that its location and boundaries may be established, and which is designated by its owner or developer as land to be used or developed as a unit or which has been used or developed as a unit.

Reservation of development credits: A written certificate, signed by the planning, building and zoning director, allocating an amount of development credits equal to the amount of net new development in a zoning approval or building permit to a specified parcel of land, subject to the terms and conditions of this article. Reserva-

tions of development credits shall run with the land and shall not be transferable to any other parcel of land or building permit.

SF, gross square feet, or *gross square footage* shall mean the floor area as defined within the zoning ordinance.

Site shall mean a legally described parcel of property capable of development pursuant to applicable city ordinances and regulations.

Total allowable development: The quantity of net new development for which certificates of occupancy may be issued under the terms and conditions of the increment I, increment II and increment III development orders as amended, together with the applicable master development order, as may be modified pursuant to F.S. § 380.06(19) (2011), and which shall be measured by the following land uses:

DOWNTOWN

Land Uses	*Increment I (1988-1997)*	*Increment II (1992-1999)*	*Increment III (1999-2007)*	*Totals*
Office (gross square feet)	6,919,550	3,600,000	3,700,000	14,219,550
Government office (gross square feet)	300,000	250,000	200,000	750,000
Retail/service (gross square feet)	1,050,000	400,000	500,000	1,950,000
Hotel (rooms)	1,500	500	1,100	3,100
Residential (dwelling units)	3,550	2,550	2,920	9,020
Convention (gross square feet)	500,000	0	0	500,000
Wholesale/industrial (gross square feet)	1,050,000		1,050,000	2,100,000
Institutional (gross square feet)	300,000	0	300,000	600,000
Attractions/recreation (seats)	6,500	1,600	5,000	13,100

SOUTHEAST OVERTOWN/PARK WEST

Land Uses	*Increment I (1988-2005)*	*Increment II (1992-2019)*	*Increment III (2012-2025)*	*Totals*
Office (gross square feet)	166,000	337,000	2,300,000	2,803,000
Retail/service general commercial (gross square feet)	72,272	94,828	1,250,000	1,417,100
Hotel (rooms)	0	500	2,100	2,600
Residential (dwelling units)	2,000	2,000	4,000	8,000
Attractions (seats)	8,000	8,000	0	16,000
Conference (gross square feet)	0	0	200,000	200,000

Work: Work shall be considered to have commenced and be in active progress when the planning director determines, after consultation with the city's building official, that a full complement of workers and equipment is present at the site to diligently, in accordance with normal and customary construction scheduling, incorporate materials and equipment into the structure throughout the day on each full working day, weather permitting.

Zoning ordinance shall mean city Ordinance Number 13114, known as Miami 21 Zoning Code, or a successor ordinance, the zoning ordinance of the City of Miami.
(Ord. No. 13406, § 3, 9-26-13; Ord. No. 13676, § 2, 4-27-17)

Secs. 14-123—14-150. Reserved.

DIVISION 2. RESERVATION OF DEVELOPMENT CREDITS

Sec. 14-151. Downtown: With building permit.

Application for reservation of development credits for net new development within the downtown DRI areas that is not required to undergo major use special permit (MUSP) review pursuant to Ordinance Number 11000, the zoning ordinance of the city, as amended, shall be made concurrent with applications for a building permit. Reservations for development credits will be issued simultaneously with an approved building permit subject to the payment of all applicable fees at the time when due pursuant to ordinance.
(Ord. No. 13406, § 3, 9-26-13)

Sec. 14-152. Downtown: With major use special permit.

(a) Application for reservation of development credits for net new development within the downtown DRI areas that because of its size and nature must undergo major use special permit (MUSP) review pursuant to Ordinance Number 11000, the zoning ordinance of the city, as amended, shall be made concurrent with the application for a MUSP. Applicants shall only apply for reservation of development credits for those portions or phases of their net new development anticipated to be under construction within 24 months from the date of the issuance of the MUSP. Subsequent phases may receive a reservation only after the building permit has been issued for the prior phase. Reservation of development credits shall be issued simultaneous with the MUSP, subject to the payment of all applicable fees at the time when due pursuant to ordinance, and further subject to adherence to the following time limitations:

(1) Within six months from the effective date of the MUSP, the applicant must demonstrate to the planning, building and zoning director that design development plans and drawings for those portions of net new development for which a reservation of development credits has been issued are in progress and are likely to be completed within the succeeding six months.

(2) Within 12 months from the effective date of the MUSP, the applicant must submit a letter of intent to provide construction financing from a lending institution or other qualified source and demonstrate to the planning, building and zoning director that working drawings/construction documents for those portions of net new development for which a reservation of development credits has been issued are in progress and likely to be completed within the succeeding six months.

(3) Within 18 months from the effective date of the MUSP, the applicant must submit a binding letter of commitment for construction financing from a lending institution or other qualified source and demonstrate to the planning, building and zoning director that a complete application for a building permit has been submitted to the planning, building and zoning department for those portions of net new development for which a reservation of development credits has been issued.

(4) Within 24 months from the effective date of the MUSP, the applicant must demonstrate to the planning, building and zoning director that the building permit has been obtained and that work has commenced on the net new development for which a reservation of development credits has been issued.

(b) It shall be the responsibility of the holder of the MUSP to submit the required information, in writing, to the planning, building and zoning director on or before the expiration date of each of the above-described six-month intervals. At any of the above-described intervals the planning, building and zoning director may rescind the reservation of development credits for failure to comply with the time limitations. Notice of intent to rescind a reservation for development credits shall be made, in writing, by the planning, building and zoning director, stating reasons therefor, within 15 days from the expiration date of the current six-month interval of the time limitations. The credit holder may present additional facts, information or data in support of his/her position prior to the rendering of a final decision by the planning, building and zoning director which shall be made in writing within 30 days from the expiration date of the current six-month interval of the time limitations. Development credits rescinded pursuant to this paragraph shall be held in reserve by the planning, building and zoning department pending the outcome of an appeal pursuant to section 14-156.
(Ord. No. 13406, § 3, 9-26-13; Ord. No. 13676, § 2, 4-27-17)

Sec. 14-153. Downtown: Time limits on development credit reservation after building permit issued.

Reservations of development credits will remain in effect for so long as the building permit remains in effect in accord with the South Florida Building Code, except as provided herein.

(1) After 20 percent or more of the construction is complete, as measured by construction loan disbursements, on the full amount of net new development for which a reservation of development credits is applicable, the reservation shall not expire or be rescinded except by termination of the building permit. It shall be the responsibility of the credit holder to submit bank drafts or other relevant documentation to the planning, building and zoning director to verify required pro rata completion of said construction.

(2) Prior to completion of 20 percent of construction, as provided above, if "work" appears not to be actively underway for at least 50 percent of the working days (Monday through Friday, national holidays excluded) within any given six-month period, the planning, building and zoning director may, by certified mail, request a review of the reasons for the work stoppage. If the credit holder fails to respond in writing with supporting documentation, within 15 days, or if the planning, building and zoning director finds that work has been abandoned or is likely to be stopped for longer than a six-month period of time due to financial failure, legal action, or any other reason, he/she may rescind the reservation of development credits. Notice of intent to rescind a reservation for development credits shall be made in writing by the planning, building and zoning director, stating reasons therefor, within 30 days from the date that the planning, building and zoning director transmits, by certified mail, the written request for review of the work stoppage. The credit holder may present additional facts, information, or data in support of his/her position prior to the rendering of a final decision by the planning, building and zoning director which shall be made in writing within 45 days from the date that the credit holder received the written request for review of the work stoppage. If the planning, building and zoning director, after consulting with the city's building official, finds sufficient evidence that work will be resumed within the succeeding six-month period and will continue on a reasonable timetable for the size and nature of the construction project, according to local construction industry standards, he/she shall not rescind the reservation of development credits, but he/she may establish a reasonable timetable for completion of at least

20 percent of the net new development, and conditions upon which the reservation of development credits may be rescinded upon failure to meet the timetable. Work stoppages caused by civil unrest, labor disputes on the site, or fire, shall be counted as "nonworking" days. Development credits rescinded pursuant to this paragraph shall be held in reserve by the planning, building and zoning department pending the outcome of an appeal pursuant to section 14-156.

(Ord. No. 13406, § 3, 9-26-13; Ord. No. 13676, § 2, 4-27-17)

Sec. 14-154. Downtown: Reallocation of development credits subsequent to expiration or rescission of reservation.

(a) If a reservation for development credits expires or is rescinded by the planning, building and zoning director, pursuant to this article, those development credits shall be reserved on a first come, first served basis for other net new development, subject to the following order of priority:

(1) Net new development with building permits approved subject to availability of development credits.

(2) Net new development with pending building permit applications, based upon the date of acceptance by the planning, building and zoning department of the complete building permit applications.

(3) Net new development with a letter of commitment for construction financing and, if applicable, an approved MUSP.

(4) Net new development with approved MUSPs, based upon the approval date of the MUSP. If more than one MUSP was approved on the same date, priority will be based upon the date of acceptance by the planning, building and zoning director of a complete MUSP application.

(b) No sooner than six months after a reservation for development credits has expired or been rescinded pursuant to this article, a new reservation for development credits may be given to the same parcel of land, following submission of a new application and payment of all applicable fees by the owner, subject to availability of development credits based upon the order of priority listed above.

(Ord. No. 13406, § 3, 9-26-13)

Sec. 14-155. Downtown: Changes in plans subsequent to reservation of development credits.

Any proposed change in plans affecting the use or gross square footage of any net new development shall be approved by the planning, building and zoning director. The reservation of development credits and applicable fees shall be adjusted accordingly; provided, however, that additional development credits shall be reserved only when available according to the order of priority listed in section 14-154 above.

(Ord. No. 13406, § 3, 9-26-13)

Sec. 14-156. Downtown: Appeals.

(a) If a reservation of development credits is rescinded by the planning, building and zoning director pursuant to this article, the credit holder may appeal said action to the city commission by filing a notice of appeal with the city clerk, within 15 days from the date of transmission to the planning, building and zoning director's written notification of reservation of development credit rescission, and paying a filing fee of $500.00. The notice of appeal shall contain sufficient documentation for the city commission to make a determination as to whether the credit holder has complied with the relevant portion of the time limitations set forth in sections 14-152 and 14-153 herein. A public hearing shall be scheduled for the next available city commission meeting, not to exceed 45 days from the date of appeal, whereupon the city commission shall, by resolution, ratify the action of the planning, building and zoning director or shall reinstate all or part of the reservation of development credits for a time certain not to exceed six months, except as provided below, subject to appropriate terms and conditions, and subject to

compliance with subsequent intervals of the time limitations set forth in sections 14-152 and 14-153.

(b) If work has been halted by court injunction or governmental action, the city commission may reinstate all or part of the credits for a time certain not to exceed one year upon a strong evidentiary showing by the appellant that matters giving rise to the injunction or governmental action have a very high probability of being resolved within six months of the date of the appellant's city commission public hearing.

(c) Review of actions of the city commission in reinstating a reservation of development credits, reinstating a reservation of development credits subject to terms and conditions, reinstating a portion of a reservation of development credits whether or not subject to terms and conditions, or denying reinstatement of a reservation of development credits shall be by filing a notice of appeal with the circuit court in accordance with the procedure and within the time provided by the Florida Rules of Appellate Procedure for the review of rulings of any commission or board.
(Ord. No. 13406, § 3, 9-26-13)

Sec. 14-157. Southeast Overtown/Park West: Reservation of development credit.

(a) Application for reservation of development credits for net new development within the Southeast Overtown/Park West DRI area may be made after zoning approval of a project and the furnishing of a notice of intent to apply for development credit to the executive director of the Southeast Overtown/Park West Community Redevelopment Agency, with the payment of Administration and Master Plan Recovery fees. Applicants shall only apply for reservation of development credits for those portions or phases of their net new development anticipated to be under construction within 24 months from the date of zoning approval. Subsequent phases may receive a reservation only after the building permit has been issued for the prior phase. All applicable fees, including administration, master plan recover, air quality, and transportation, shall be paid prior to obtaining a building permit. Development credits shall be issued upon payment of all applicable fees. Reservation and issuance of development credits are further subject to adherence to the following time limitations:

(1) Within 12 months from the reservation of development credits, the applicant must demonstrate to the planning director that construction drawings for those portions of net new development for which a reservation of development credits has been issued are in progress and are likely to be completed within the succeeding six months.

(2) Within 24 months of a reservation of development credits the applicant must pay all applicable fees, obtaining development credits, and obtain a building permit for the development for which the credit was issued.

(3) Within 24 months of the issuance of a building permit, the applicant must demonstrate to the planning director that the building permit has been obtained and that work has commenced on the net new development for which development credits have been issued.

(4) Application for modifications to approved plans within the aforementioned timeframes shall toll required timeframes. The date of zoning approval of a modification shall then be considered as the new date of reservation of development credits or issuance of development credits as the case may be.

(b) It shall be the responsibility of the holder of a reservation of development credits or development credits to submit the required information in writing to the planning director and obtain the necessary permits on or before the expiration date of each of the above-described intervals. At or after any of the above-described intervals the planning director may rescind the reservation of development credits or obtained development credits for failure to comply with the time limitations. Notice of intent to rescind a reservation for development credits shall be made, in writing, by the planning director, stating reasons for the rescission. The credit holder may present

additional facts, information or data in support of his/her position prior to the rendering of a final decision by the planning director, which shall be made in writing within 30 days of the date of transmission of the planning zoning director's written notification of reservation of development credit or development credit rescission. Development credits rescinded pursuant to this paragraph shall be held in reserve by the planning and zoning department pending the outcome of an appeal pursuant to section 14-162.
(Ord. No. 13406, § 3, 9-26-13; Ord. No. 13676, § 2, 4-27-17)

Sec. 14-158. Reserved.

Sec. 14-159. Southeast Overtown/Park West: Time limits on development credit reservation after building permit issued.

Development credits will remain in effect as long as the building permit remains in effect in accord with the Florida Building Code. If construction has commenced, development credits will remain in effect in perpetuity unless the construction site is abandoned and any constructed improvements are condemned or demolished; in which case the planning director may rescind the development credits. Notice of intent to rescind development credits shall be made, in writing, by the planning director, stating reasons for the rescission. The credit holder may present additional facts, information or data in support of his/her position prior to the rendering of a final decision by the planning director, which shall be made in writing within 30 days of the date of transmission of the planning zoning director's written notification of reservation of development credit or development credit rescission. Development credits rescinded pursuant to this paragraph shall be held in reserve by the planning and zoning department pending the outcome of an appeal pursuant to section 14-162.
(Ord. No. 13406, § 3, 9-26-13; Ord. No. 13676, § 2, 4-27-17)

Sec. 14-160. Southeast Overtown/Park West: Reallocation of development credits subsequent to expiration or rescission of reservation.

(a) If a reservation for development credits expires or is rescinded by the planning director, pursuant to this article, those development credits shall be reserved on a first come, first served basis for other new development.

(b) No sooner than six months after a reservation for development credits has expired or been rescinded pursuant to this article, a new reservation for development credits may be given to the same parcel of land, following submission of a new application and payment of all applicable fees by the owner, subject to availability of development credits.
(Ord. No. 13406, § 3, 9-26-13)

Sec. 14-161. Southeast Overtown/Park West: Changes in plans subsequent to reservation of development credits.

Any proposed change in plans affecting the use or square footage of any net new development shall be approved by the planning director. The reservation of development credits and applicable fees shall be adjusted accordingly; provided, however, that additional development credits shall be reserved only when available according to the order of priority listed in section 14-160 above.
(Ord. No. 13406, § 3, 9-26-13)

Sec. 14-162. Southeast Overtown/Park West: Appeals.

(a) If a reservation of development credits is rescinded by the planning director pursuant to this article, the credit holder may appeal said action to the city commission by filing a notice of appeal with the city clerk, within 30 days from the date of transmission of the planning director's written notification of reservation of development credit or development credit rescission, and paying a filing fee of $500.00. The notice of appeal shall contain sufficient documentation for the city commission to make a determination

as to whether the credit holder has complied with the relevant portion of the time limitations set forth in sections 14-152 and 14-153 herein. A public hearing shall be scheduled for the next available city commission meeting, not to exceed 60 days from the date of appeal, whereupon the city commission shall, by resolution, ratify the action of the planning director or shall reinstate all or part of the reservation of development credits for a time certain not to exceed six months, except as provided below, subject to appropriate terms and conditions, and subject to compliance with subsequent intervals of the time limitations set forth in sections 14-157 and 14-159.

(b) If work has been halted by court injunction or governmental action, the city commission may reinstate all or part of the credits for a time certain not to exceed one year upon a strong evidentiary showing by the appellant that matters giving rise to the injunction or governmental action have a very high probability of being resolved within six months of the date of the appellant's city commission public hearing.

(c) Review of actions of the city commission in reinstating a reservation of development credits, reinstating a reservation of development credits subject to terms and conditions, reinstating a portion of a reservation of development credits whether or not subject to terms and conditions, or denying reinstatement of a reservation of development credits shall be by filing a notice of appeal with the circuit court in accordance with the procedure and within the time provided by the Florida Rules of Appellate Procedure for the review of rulings of any commission or board.
(Ord. No. 13406, § 3, 9-26-13)

Sec. 14-163. Southeast Overtown/Park West: Notice to Southeast Overtown/ Park West Community Redevelopment Agency.

A courtesy copy of all notices required under sections 14-159 through 14-162 shall be transmitted to the executive director of the Southeast Overtown/Park West Community Redevelopment Agency.
(Ord. No. 13406, § 3, 9-26-13)

Secs. 14-164—14-180. Reserved.

DIVISION 3. DEVELOPMENT REGULATIONS

Sec. 14-181. Downtown: Environmental regulations.

All development shall adhere to all terms and conditions in the development orders and in addition:

(1) During construction, all downtown development with areas of exposed soil over 5,000 square feet shall have said exposed areas sprayed with water as frequently as necessary to prevent airborne dust. Other methods of controlling airborne dust may be substituted if approved by DRER. If any area of exposed soil over 5,000 square feet is intended to be undisturbed by construction for more than 90 days, such area shall be sodded or seeded and mulched to provide grass cover.

(2) During construction, Section 4611.1 of the South Florida Building Code shall be enforced by requiring all stormwater runoff to be retained on site, or by placing temporary screens, berms, and/or riprap around the perimeter of the construction site to filter all stormwater runoff until the permanent stormwater retention system is operative. Such retention or filtration systems shall be approved by DRER and the city department of resilience and public works.

(3) All stormwater drainage systems shall be approved by DRER pursuant to the South Florida Water Management District rules; and shall be designed to retain on site at least the first one inch of runoff from a five-year storm event.

(4) All drainage structures, including wells, shall include pollutant-retardant devices approved by DRER pursuant to the South Florida Water Management District rules. Such pollutant-retardant devices shall

be maintained in efficient operating condition, including periodic removal of accumulated contents.

(5) Net new development shall reduce pollutants entering groundwater and/or surface waters by limiting application of pesticides and fertilizers in vegetated stormwater retention areas to once per year for preventive maintenance and to emergencies, such as uncontrolled insect infestation.

(6) Net new development shall reduce pollutants entering groundwater and/or surface waters by vacuum sweeping all parking lots of 11 or more vehicle spaces and private roadways serving the parking lots at least once per week.

(7) All development is subject to Section 24-35.1 of the Dade County Code.

(8) Prior to construction on any site, all invasive exotic plants shall be removed, specifically melaleuca, casuarina, and Brazilian pepper. Net new development shall use only those species included in the official list of recommended plant species prepared by the South Florida Regional Planning Council, as may be amended from time to time; provided, however, that additional species may be used if written approval is supplied by the executive director of the South Florida Regional Planning Council. Said official list is on file with the planning, building and zoning department.

(Ord. No. 13406, § 3, 9-26-13; Ord. No. 13792, § 1, 10-11-18)

Sec. 14-182. Downtown: Transportation control measures.

(a) *General requirements.* The following requirements shall apply to all downtown development except renovation of existing structures or land improvements; change of use or intensity of use of an existing structure or land improvement; when such change generates a net increase of less than 50 peak-hour vehicle trips over the vehicle trip generation of the previous use or intensity; new structures or additions to existing structures of less than 10,000 square feet; excavation; demolition; or deposit of fill. Development not excluded above shall:

(1) Actively encourage all employees within the development to participate in carpools or vanpools by establishing or participating in an information and referral program, and shall maintain a current list (updated annually) of all employees interested in participating in a carpool or vanpool. At least once each calendar year, carpool, vanpool, and ridesharing information packages and questionnaires shall be obtained from the Florida department of transportation through its regional commuter assistance program for the South Florida region and distributed to all tenants and employees.

(2) Establish and maintain current local and regional mass transit route and schedule information in locations throughout the development that are visible and accessible to existing and potential transit users. Mass transit route and schedule information shall be displayed in a prominent public area of the building such as the lobby or near pedestrian access points to parking garages or lots. At no less than six-month intervals, route and schedule information maintained on the premises shall be verified as to current status and replaced if obsolete.

(3) Encourage mass transit use by the provision of bus shelters, bus turnout lanes, or other physical improvements intended to improve the safety, comfort, or convenience of transit ridership, where such transit amenities are needed as determined by the planning, building and zoning director.

(4) Encourage mass transit use through the purchase of transit passes from Miami-Dade County, and making them available to building tenants and/or employees at a discounted price or at no charge, or in lieu of employer-subsidized employee parking.

(5) Reduce peak-hour trip generation through scheduling, where practical, staggered work hours for employees.

(b) *Parking requirements.* The following parking requirements shall apply to all downtown development except: renovation of existing structures or land improvements; change in use or intensity of use of an existing structure or land improvement; when such change generates a net increase of less than 50 peak-hour vehicle trips over the vehicle trip generation of the previous use or intensity; new structures or additions to existing structures of less than 10,000 square feet; excavation; demolition; or deposit of fill. Development not excluded above shall comply as follows:

(1) Parking shall be provided by the development in accordance with the applicable provisions of the city's zoning regulations, but in no case shall parking be provided in excess of the following amounts:

MAXIMUM PARKING SPACES PERMITTED BY TYPE OF USE

Use	*Maximum Parking*
Residential	2 spaces per dwelling unit
Retail	1 space per 300 sq. ft. GFA
Hotel/motel	1.5 spaces per room
Restaurant	1 space per 100 sq. ft. GFA
Office/other	1 space per 600 sq. ft. GFA in the CBD-1 zoning district and 1 space per 400 sq. ft. GFA elsewhere

(2) Of the total parking provided, the number of spaces that can be placed on-site may be constrained by the city due to street capacity and/or air quality requirements.

(3) The minimum number of required parking spaces shall be in accordance with the applicable provisions of the city's zoning regulations. For office uses only, there shall be no minimum number of spaces required to be on site; all parking may be located off site in a location approved by the city. If less than the minimum number of required spaces is permitted to be located on site, then:

a. The developer shall execute a permanent agreement to purchase transit passes in lieu of providing parking spaces, in an amount equal to two transit passes per each required parking space that is not provided;

b. The developer shall make a one-time payment equal to the current "gap-financing" cost for each space as established by the city's department of off-street parking and enter into an agreement with the department of off-street parking to lease the spaces once built; or

c. The developer shall own or lease the off-site spaces elsewhere in a location approved by the city. "Elsewhere" is defined as being one or a combination of the following locations:

1. A peripheral downtown location near expressway and/or arterial street entrance to downtown and within a maximum of 600 feet walking distance to a Metrorail or Metromover station or, if more than 600 feet walking distance from a Metrorail or Metromover station, connected by a parking shuttle system approved by the city.

2. Any outlying location within a maximum of 1,200 feet walking distance to a Metrorail station or a designated Metrobus park/ride facility approved by the city.

(c) *Air quality requirements.* The following air quality requirements shall apply to all downtown development except: renovation of existing structures or land improvements; change in use or intensity of use of an existing structure or land improvement when such change generates a net increase of less than 50 peak-hour vehicle trips over the vehicle trip generation of the previous use or intensity; new structures or additions to existing structures of less than

10,000 square feet; excavation; demolition; or deposit of fill. Development not excluded above shall comply as follows:

Air quality modeling for carbon monoxide (CO) concentrations may be required by the city at any intersection projected to operate at level of service (LOS) E or F. If required, the CO modeling shall be conducted according to DRER standards and submitted in a report that includes an assessment of transportation control measures required to maintain CO concentrations below 80 percent of the State of Florida's eight-hour standard of ten micrograms per cubic meter, during the year following occupancy of the development. The development shall be responsible for its fair share of any transportation improvement deemed by the city to be necessary to protect against future violations of the CO standard.

(d) *Large scale development requirements.* In addition to the requirements of paragraphs (a) through (c) above, any downtown development that requires a major use special permit pursuant to the provisions of the city's zoning regulations shall comply with these additional requirements:

(1) Submit a transportation control measures (TCM) plan as a part of the application for a major use special permit. Such TCM plan shall outline and describe the transportation control measures proposed to be undertaken by the development in order to achieve a reduction of at least ten percent in peak hour vehicle trips. The plan shall describe a reporting procedure that will measure actual performance against the TCM plan's objectives.

(2) Each year following issuance of a certificate of occupancy, the development shall submit an annual report describing actual performance against the TCM plan objectives, an evaluation of such performance, and recommendations for modification to the TCM plan, if any.

(e) *Special provisions.*

(1) For special uses possessing unique characteristics that affect parking requirements, such as convention center, sports arena, stadium, auditorium, museum, theater, major league ballpark, and the like, parking requirements shall be calculated for each such use based on its special characteristics, hours and days of peak operation, location with respect to Metrorail, Metromover, and Metrobus services, peripheral and other existing parking, and similar unique characteristics that affect the quantity and location of necessary parking.

(2) Parking as a principal permitted use may be permitted in such quantities and locations as determined by the city to be necessary to satisfy a measurable deficiency between the need for, and supply of, parking spaces that cannot be reduced through rigorous application and enforcement of the transportation control measures contained herein.

(Ord. No. 13406, § 3, 9-26-13)

Sec. 14-183. Southeast Overtown/Park West: Environmental regulations.

All development shall adhere to all terms and conditions in the development orders and in addition:

(1) During construction, all Southeast Overtown/Park West development with areas of exposed soil over 5,000 square feet shall have said exposed areas sprayed with water as frequently as necessary to prevent airborne dust. Other methods of controlling airborne dust may be substituted if approved by DRER. If any area of exposed soil over 5,000 square feet is intended to be undisturbed by construction for more than 90 days, such area shall be sodded or seeded and mulched to provide grass cover.

(2) During construction, Section 3307.1 of the Florida Building Code shall be enforced by requiring all stormwater runoff to be retained on site, or by placing temporary screens, berms, or riprap around the perimeter of the construction site to filter all stormwater runoff until

the permanent stormwater retention system is operative. Such retention or filtration systems shall be approved by DERM and the city department of resilience and public works.

(3) All stormwater drainage systems shall be approved by DRER pursuant to Miami-Dade County and the South Florida Water Management District rules; and shall be designed to retain on site at least the first one inch of runoff from a five-year storm event.

(4) All drainage structures, including wells, shall include pollutant-retardant devices approved by DRER pursuant to Chapter 24, Miami-Dade County and the applicable South Florida Water Management District rules. Such pollutant-retardant devices shall be maintained in efficient operating condition, including periodic removal of accumulated contents.

(5) Net new development shall reduce pollutants entering groundwater or surface waters by limiting application of pesticides and fertilizers in vegetated stormwater retention areas to once per year for preventive maintenance and to emergencies, such as uncontrolled insect infestation.

(6) Net new development shall reduce pollutants entering groundwater or surface waters by vacuum sweeping all parking lots of 11 or more vehicle spaces and private roadways serving the parking lots at least once per week.

(7) All development is subject to Section 24-18 of the Miami-Dade County Code.

(8) Prior to construction on any site, all invasive exotic plants shall be removed, specifically melaleuca, casuarina, and Brazilian pepper. Net new development shall use only those species included in the official list of recommended plant species prepared by DRER, as may be amended from time to time; provided, however, that additional species may be used if written approval is supplied by DRER. Said official list is on file with the planning, building and zoning departments.

(9) All fill material utilized for excavation activities or from offsite sources shall meet the clean soils criteria of the Florida Department of Environmental Protection (FDEP), and DRER, as applicable.

(Ord. No. 13406, § 3, 9-26-13; Ord. No. 13792, § 1, 10-11-18)

Sec. 14-184. Southeast Overtown/Park West: Transportation control measures.

(a) *General requirements.* The following requirements shall apply to all Southeast Overtown/Park West development except renovation of existing structures or land improvements; change of use or intensity of use of an existing structure or land improvement; when such change generates a net increase of less than 50 peak-hour vehicle trips over the vehicle trip generation of the previous use or intensity; new structures or additions to existing structures of less than 10,000 square feet; excavation; demolition; or deposit of fill. Development not excluded above shall:

(1) Actively encourage all employees within the development to participate in carpools, vanpools, bicycle sharing, car sharing and the use of hybrid vehicles by establishing or participating in an information and referral program, installing electric vehicle charging stations within the development's parking facilities, and maintain a current list (updated annually) of all employees interested in participating in such programs. At least once each calendar year, ridesharing information packages and questionnaires shall be obtained from the Florida department of transportation through its regional commuter assistance program for the South Florida region and distributed to all tenants and employees.

(2) Establish and maintain current local and regional mass transit route and schedule information as well wayfinding signage for access to bicycle lanes and greenways

in locations throughout the development that are visible and accessible to existing and potential transit users. Mass transit route and schedule information shall be displayed in a prominent public area of the building such as the lobby or near pedestrian access points to parking garages or lots. At no less than six-month intervals, route and schedule information maintained on the premises shall be verified as to current status and replaced if obsolete.

(3) Provide site plan amenities such as improved pedestrian access to transit stops, and short term bicycle parking near building entrance and long term bicycle storage facilities. Encourage mass transit use by the provision of bus shelters, bus turnout lanes, or other physical improvements intended to improve the safety, comfort, or convenience of transit ridership, where such transit amenities are needed as determined by the planning, building and zoning director.

(4) Encourage mass transit use through the purchase of transit passes from Miami-Dade County, and making them available to building tenants or employees at a discounted price or at no charge, or in lieu of employer-subsidized employee parking.

(5) Reduce peak-hour trip generation through scheduling, where practical, staggered work hours for employees, flexible work hours, and telecommuting programs.

(6) Provide public access to planned and existing greenways adjacent to property, and provide wayfinding to reach the greenway from the street.

(b) *Parking requirements.* The following parking requirements shall apply to all Southeast Overtown/Park West development except: renovation of existing structures or land improvements; change in use or intensity of use of an existing structure or land improvement; when such change generates a net increase of less than 50 peak-hour vehicle trips over the vehicle trip generation of the previous use or intensity; new structures or additions to existing structures of less than 10,000 square feet; excavation; demolition; or deposit of fill. Development not excluded above shall comply as follows:

(1) Parking shall be provided by the development in accordance with the applicable provisions of the city's zoning regulations, but in no case shall parking be provided in excess of the following amounts:

MAXIMUM PARKING SPACES PERMITTED BY TYPE OF USE

Use	*Maximum Parking*
Residential	1.5 spaces per dwelling unit
Retail	1 space per 600 sq. ft. GFA
Hotel/motel	1.5 spaces per room
Restaurant	1 space per 600 sq. ft. GFA
Office/other	1 space per 900 sq. ft. GFA east of the FEC
	1 space per 600 sq. ft. GFA west of the FEC

(2) Of the total parking provided, the number of spaces that can be placed on-site may be constrained by the city due to street capacity or air quality requirements.

(3) The minimum number of required parking spaces shall be in accordance with the applicable provisions of the city's zoning regulations. For office uses only, there shall be no minimum number of spaces required to be on site; all parking may be located off site in a location approved by the city. If less than the minimum number of required spaces is permitted to be located on site, then:

a. The developer shall execute a permanent agreement to purchase transit passes in lieu of providing parking spaces, in an amount equal to two transit passes per each required parking space that is not provided;

b. The developer shall make a one-time payment equal to the current "gap-financing" cost for each space as established by the city's department of off-street parking and enter

into an agreement with the department of off-street parking to lease the spaces once built; or

c. The developer shall own or lease the off-site spaces elsewhere in a location approved by the city. "Elsewhere" is defined as being one or a combination of the following locations:

1. A peripheral downtown location near expressway or arterial street entrance to downtown and within a maximum of 600 feet walking distance to a Metrorail or Metromover station or, if more than 600 feet walking distance from a Metrorail or Metromover station, connected by a parking shuttle system approved by the city.

2. Any outlying location within a maximum of 1,200 feet walking distance to a Metrorail station or a designated Metrobus park/ride facility approved by the city.

(c) *Air quality requirements.* The following air quality requirements shall apply to all Southeast Overtown/Park West development except: renovation of existing structures or land improvements; change in use or intensity of use of an existing structure or land improvement when such change generates a net increase of less than 50 peak-hour vehicle trips over the vehicle trip generation of the previous use or intensity; new structures or additions to existing structures of less than 10,000 square feet; excavation; demolition; or deposit of fill. Development not excluded above shall comply as follows:

Air quality modeling for carbon monoxide (CO) concentrations may be required by the city at any intersection projected to operate at level of service (LOS) E or F. If required, the CO modeling shall be conducted according to DRER standards and submitted in a report that includes an assessment of transportation control measures required to maintain CO concentrations below 80 percent of the State of Florida's eight-hour standard of ten micrograms per cubic meter, during the year following occupancy of the development. The development shall be responsible for its fair share of any transportation improvement deemed by the city to be necessary to protect against future violations of the CO standard.

(d) *Large scale development requirements.* In addition to the requirements of paragraphs (a) through (c) above, any development that requires a major use special permit pursuant to the provisions of the city's zoning regulations shall comply with these additional requirements:

(1) Submit a transportation control measures (TCM) plan as a part of the application for a major use special permit. Such TCM plan shall outline and describe the transportation control measures proposed to be undertaken by the development in order to achieve a reduction of at least ten percent in peak hour vehicle trips. The plan shall describe a reporting procedure that will measure actual performance against the TCM plan's objectives.

(2) Each year following issuance of a certificate of occupancy, the development shall submit an annual report describing actual performance against the TCM plan objectives, an evaluation of such performance, and recommendations for modification to the TCM plan, if any.

(e) *Special provisions.*

(1) For special uses possessing unique characteristics that affect parking requirements, such as convention center, sports arena, stadium, auditorium, museum, theater, major league ballpark, and the like, parking requirements shall be calculated for each such use based on its special characteristics, hours and days of peak operation, location with respect to Metrorail, Metromover, and Metrobus services, peripheral and other existing parking, and similar unique characteristics that affect the quantity and location of necessary parking.

(2) Parking as a principal permitted use may be permitted in such quantities and locations as determined by the city to be necessary to satisfy a measurable deficiency between the need for, and supply of, parking spaces that cannot be reduced through rigorous application and enforcement of the transportation control measures contained herein.

Secs. 14-185—14-210. Reserved.

DIVISION 4. ENFORCEMENT

Sec. 14-211. Penalty; procedures.

A violation of this article shall be prosecuted in the same manner as misdemeanors are prosecuted and upon conviction the violator shall be punishable according to law; however, in addition to, or in lieu of any criminal prosecution, the city shall have the power to sue in civil court and to enforce the provisions of this article before its code enforcement board. Further, the planning, building and zoning director, zoning administrator or building official are hereby empowered to temporarily revoke any building permit or certificate of occupancy for development evidencing violation of this article pending a rescission determination by the planning, building and zoning director.

__Law review references—__Note on nonresident voters, 4 Fla. L. Rev. 252; article as to validity of municipal elections in Florida, 8 Miami L.Q. 268.

__State law reference—__Florida Election Code, F.S. ch. 97 et seq.

ARTICLE I. IN GENERAL*

Sec. 16-1. Proceedings of city commission—Use of registration records in city elections.

(a) In providing for the use in any municipal election of the registration records, the city commission shall adopt a resolution which shall set forth, in addition to such other matters as the city commission may desire to have included therein, the following:

(1) The date upon which such municipal election is to be held.

(2) The purpose of such municipal election.

(3) A description of the registration books and records which pertain to election precincts wholly or partly within the city and which the city is adopting and desires to use for holding such municipal election.

(4) The days and hours thereof during which persons qualified to vote in such municipal elections, but who have not registered under the provisions of state law may register at the office of the supervisor and all permanent branch offices, as designated by the board of county commissioners of the county, which lie wholly or partly within the city.

(5) That the city clerk shall be the official representative of the city commission in all transactions with the supervisor of registration in relation to matters pertaining to the use of such registration books and records for holding such municipal election.

(b) The city commission shall cause a certified copy of such resolution to be delivered to the supervisor of registration not less than 45 days prior to the date of such municipal election.
(Code 1967, § 15-9; Code 1980, § 16-8)

*__Editor's note—__Ord. No. 13687, § 2, adopted June 8, 2017, designated the provisions of sections 16-1—16-8 as article I.

Sec. 16-2. Same—Holding of city elections; straw ballot.

(a) The city commission shall, not less than 45 days prior to the proposed date of any municipal election, adopt a resolution setting forth the following:

(1) The date upon which such election is to be held.

(2) The purpose of such election.

(3) The list of polling places in the several precincts.

(4) The names of those persons designated and assigned to serve as clerks of election and as inspectors of election; provided that the city commission may omit such names from such resolution and include them in a resolution to be adopted later in accordance with the general election laws of the state.

(5) The form of ballot to be used in such election (except absentee ballots), prepared in compliance with all statutory requirements relating to the use of mechanical voting machines.

The city commission shall further authorize and direct the city clerk to give notice of the adoption of such resolution and of the provisions thereof, by and through the publication of an appropriate advertisement in two daily newspapers of general circulation in the city at least 15 days before the day upon which such municipal election is to be held. In the event that any polling place designated in the resolution shall become unavailable for use as such, the city clerk shall designate another polling place within the same precinct for holding the election and shall thereafter report his/her action at the next regular city commission meeting by filing a certificate with the mayor and city commission setting forth the details of the change and the reasons therefor.

(b) Notwithstanding any provision in the city Code to the contrary, a resolution calling for a municipal election where the ballot question at such proposed election is a "straw ballot question," namely, a question which has no binding or obligatory effect regardless of the voters' approval

or disapproval of such question, shall be adopted not less than 30 days prior to the date of such proposed election.
(Code 1967, § 15-10; Ord. No. 10148, § 1, 9-25-86; Code 1980, § 16-9; Ord. No. 11564, § 8, 10-28-97; Ord. No. 13676, § 2, 4-27-17)

Sec. 16-3. City clerk to conduct all municipal elections.

Every municipal election shall be conducted by and be under the personal supervision of the city clerk, who is hereby empowered and directed to exercise all of the powers and to perform all of the duties and functions appropriate to the conduct of such election, including the establishment, promulgation and enforcement of such rules and regulations relating to such election and the establishment, maintenance, filing and preservation of such election records as the city clerk may deem necessary.
(Code 1967, § 15-11; Code 1980, § 16-10)

Sec. 16-4. Applicability of state law.

All general laws of the state relating to elections and to the registration of persons qualified to vote therein, which are not inconsistent or in conflict with the provisions of this chapter, are hereby adopted as part of this chapter.
(Code 1967, § 15-15; Code 1980, § 16-14)

State law reference—Florida Election Code, F.S. chs. 97—106.

Sec. 16-5. Absentee voting.

The general laws of the state are hereby adopted as a means of providing for absentee voting in any authorized election in the city.
(Code 1967, § 15-16; Code 1980, § 16-15)

Sec. 16-6. Candidate qualifications; affidavit, and form thereof, required of candidates for office of commissioner or mayor; finding candidate unqualified; failure to submit affidavit; authorization for city clerk to pursue judicial declaration.

(a) A candidate for the office of mayor shall:

(1) Possess the qualifications requisite to an elector at a general state election;

(2) Have resided within the city at least one year prior to qualifying for the office;

(3) Be required to maintain an actual and real residence for the duration of his/her term of office in the city;

(4) Have been registered by the city registration books that have been prescribed by ordinance;

(5) Be a qualified elector of the city as set forth in section 4 of the Charter of the city; and

(6) Shall:

a. Pay a qualification fee in the amount of $100.00;

b. Follow the petition process in lieu of a qualification fee provided below; or

c. Pay a qualification fee in the amount of $100.00 and follow the petition process in lieu of a qualification fee provided below.

(b) A candidate for the office of commissioner shall:

(1) Possess the qualifications requisite to an elector at a general state election;

(2) Have resided, within the city for at least one year prior to qualifying;

(3) Have resided within the district they wish to represent for at least one year prior to qualifying;

(4) Be required to maintain an actual and real residence for the duration of their term in the city and in their district;

(5) Have been registered by the city registration books that have been prescribed by ordinance;

(6) Be a qualified elector of the city as set forth in section 4 of the Charter of the city; and

(7) Shall:

a. Pay a qualification fee in the amount of $100.00;

b. Follow the petition process in lieu of a qualification fee provided below; or

c. Pay a qualification fee in the amount of $100.00 and follow the petition process in lieu of a qualification fee provided below.

(c) Candidates for nomination and election to the office of commissioner or mayor shall pay the required qualification fee, or follow the petition process in lieu of a qualification fee as provided for below, and file with the city clerk, on a form submitted by the clerk, a sworn statement in the following form containing the following information:

AFFIDAVIT OF CANDIDATE

CITY OF MIAMI, FLORIDA

STATE OF FLORIDA)
COUNTY OF MIAMI-DADE)
CITY OF MIAMI)

_____ (hereinafter "affiant"), being first duly sworn, deposes and says:

1. My name is _____.

2. I am offering myself as a candidate for the office of _____ of the City of Miami, Florida, in group _____.

3. I have resided in the City of Miami for a minimum of one year before qualifying if applying for mayor and one year in the district if applying for commission and I am a registered voter and a duly qualified elector of the City of Miami, Florida, presently registered to vote in precinct no. _____.

   I presently reside at the following address (must include zip code): _____
   _____,

   which is my legal address, and I have resided continually at said address from the _____ day of _____ to the _____ day of _____.

4. Immediately prior to residing at the above-stated address, I have resided at the hereinbelow listed addresses for the cited periods of time:

   (List hereinbelow all addresses at which you have resided for the past five years, as well as the length of time at each address.)

Prior Addresses	For the Period
_____	_____
_____	_____
_____	_____

5. In addition to the residence I have listed as my present address I also reside at the following listed addresses on a temporary basis as a secondary domicile or domiciles.

   _____

   _____

6. Affiant's spouse resides at the following address:

   (Must include city, state and zip code.)

   _____

7. Affiant's minor children reside at the following address:

   (Must include city, state and zip code.)

   _____

8. At the present time, affiant (is) (is not) registered to vote in any city, county or state other than as stipulated in subparagraph 3, above.

9. Name and business address of affiant's employer:

   _____

   _____

   _____

10. Affiant's occupation:

    _____

    Affiant's business telephone number(s):

    _____

11. Affiant has been employed in the above-cited capacity for the following period of time: _____.

    (Note: In the event the occupation of affiant has been for a period of less than one year, or the employment period with the same employer has been for a period of less than one year, affiant shall give the name(s) and address(es) of his/her employer(s) and occupation(s) for the period of one year prior to the date of this affidavit.)

    _____

    _____

    _____

    _____

12. Affiant represents that he/she (is) (is not) currently holding another elective or appointive office—whether city, county or municipal—the term of which or any part thereof runs concurrently with that of the office he/she seeks, and that he/she has resigned from any office from which he/she is required to resign pursuant to F.S. § 99.012 and/or the City of Miami Charter.

13. Affiant represents that, as of this date, he/she (is) (is not) seeking to qualify for a public office which is currently held by an officer who has authority to appoint, employ, promote, or otherwise supervise him/her and who has qualified as a candidate for reelection to that office.

    Note: If affiant is an employee of the City of Miami, affiant shall take a leave of absence, without pay from his/her employment during the period in which affiant has become a candidate for elective public office. This Subsection does not apply to the Commissioners and Mayor, City Manager, City Attorney, City Clerk, and Independent Auditor General. Such leave of absence shall be effective upon whichever occurs first:

    (a) Such employee receives contributions or makes expenditures, or gives her or his consent for any other person to receive contributions or make expenditures, with a view to bringing about his or her nomination or election to public office; or

    (b) At the time such employee appoints a campaign treasurer and designates a primary depository; or

    (c) At the time such employee files qualification papers and subscribes to a candidate's oath as required by law.

14. Affiant's campaign headquarters address and telephone number:

    _____

    _____

    Affiant's campaign treasurer's name:

    _____

    Affiant's campaign treasurer's address:

    _____

    _____

    Telephone nos.: (work) _____ (home) _____

15. Affiant represents that, if elected, he/she shall serve in the elective office to which he/she seeks election.

16. Following is the exact way in which affiant would like to have his/her name printed on the official ballot:

    _____

SIGNED THIS _____ day of _____, 20____, in Miami, Florida.

_____
Affiant

BEFORE ME, the undersigned authority, personally appeared _____, who, after first being duly sworn, deposes and states that _____ executed the foregoing to the best of _____ knowledge and belief.

_____
CITY CLERK,
CITY OF MIAMI, FLORIDA

(SEAL)

_____ Did take an oath

_____ Produced identification

Type of identification produced: _____

(d) In the event the commission finds that any candidate for the office of mayor or commissioner does not meet the qualifications of an elector as required under the Charter of the city or of this section, the commission may adopt a resolution so finding and directing the city clerk to refrain from placing the name of the candidate for mayor or commissioner, as the case may be, on the ensuing ballot for such office. In the event the name of the candidate has already been placed on the ballot, then the clerk shall be instructed to take the necessary action to either remove the name from the ballot or lock the key for that particular candidate in order that the electorate shall not be permitted to vote on an unqualified candidate for the office of mayor or commissioner.

Nothing herein contained shall prohibit the candidate who is found to be unqualified for the office of mayor or commissioner from appealing the decision of the commission to a court of appropriate jurisdiction.

(e) The city clerk shall not accept a qualification fee from any candidate who fails to submit to the clerk, either prior to or simultaneously with the submission of the qualification fee, the affidavit fully completed as required by subsection (b) hereof.

(f) If the city clerk finds:

(1) That the qualification papers of a candidate, on their face, are not in compliance with the applicable elections laws of the State of Florida and in compliance with the applicable municipal charter or laws or ordinances;

(2) That the qualification papers of any candidate, on their face, are incomplete or defective, and are incomplete or defective at the end of the qualifying period;

(3) That the qualification fee has not been paid in accordance with law or the candidate has not followed the petition process in lieu of a qualification fee as provided for below;

(4) That a sworn written statement is or has been filed by a qualified elector residing within the municipality challenging the qualifications of a candidate for municipal office; or

(5) That the city clerk has received written notification from the Miami-Dade County Supervisor of Elections that a candidate is not an elector of the City of Miami;

the city clerk is hereby authorized and directed to file and prosecute an appropriate action in the circuit court for Miami-Dade County, in the name of the city clerk, solely for the purpose of receiving a judicial determination with regard to the qualifications of the candidate. In the event the circuit court rules for the city clerk, the city clerk is directed to take the necessary action to remove the name from the ballot or notify the voting public of the candidate's invalidity if such removal is impracticable.

(g) Petition process in lieu of a qualification fee.

(1) A person who seeks to qualify as a candidate for mayor or commissioner and who meets the petition requirements of this section is not required to pay the city qualification fee required by this section.

(2) Notwithstanding the above, a candidate is required to pay the state election assessment as described in F.S. § 99.093, as amended.

(3) A candidate must obtain the number of signatures of voters in the geographical area represented by the office sought equal to at least one percent of the total number of registered voters of that geographical area, as shown by the

compilation by the Miami-Dade County Elections Department for the immediately preceding general election. Signatures may not be obtained until the candidate has filed the appointment of campaign treasurer and designation of campaign depository and are valid only for the qualifying period immediately following such filings.

(4) The format of the petition shall be prescribed by the city clerk and shall be used by candidates to reproduce petitions for circulation. If the candidate is running for an office that requires a district designation, the petition must indicate that designation and, if it does not, the signatures are not valid. A separate petition is required for each candidate.

(5) Each petition must be submitted to the city clerk before noon of the 28th day preceding the first day of the qualifying period for the office sought. The city clerk shall submit the petition to the Miami-Dade County Elections Department in order to verify the status of the voters in the city or district of the office sought. No later than the seventh day before the first day of the qualifying period, the city clerk shall determine whether the required number of signatures has been obtained and shall notify the candidate.

(Code 1967, § 15-18; Code 1980, § 16-17; Ord. No. 11381, § 1, 7-19-96; Ord. No. 11564, § 8, 10-28-97; Ord. No. 12363, § 2, 5-8-03; Ord. No. 12939, § 1, 8-1-07; Ord. No. 13618, § 2, 7-14-16; Ord. No. 13676, § 2, 4-27-17; Ord. No. 13678, § 2, 5-11-17)

State law references—Candidates, campaign expenses and contesting elections, F.S. ch. 99; campaign financing, F.S. ch. 106.

Sec. 16-7. Exemption from payment of the qualifying fee.

Any person seeking to run for the office of mayor or as a city commissioner who is unable to pay the qualification fee without imposing an undue burden on personal resources or on resources otherwise available to him or her shall, upon written certification of such inability given under oath to the city clerk, be exempt from paying the qualification fee.

(Ord. No. 12363, § 2, 5-8-03)

Sec. 16-8. Election not required for mayor or for a city commissioner for a specific district seat if only one qualifying candidate is listed on a general municipal ballot at close of qualifying period.

If, at the close of the qualifying period there is only one candidate's name listed on the general municipal election ballot for mayor or for a city commissioner for a specific district seat(s), no election for mayor or for a city commissioner for a specific district seat(s) shall be required, and said candidate or candidates shall be declared elected for that particular term(s) of office as of five days after the date of the scheduled general municipal election.

(Ord. No. 12423, § 2, 9-25-03)

Editor's note—Ord. No. 12423, § 2, adopted September 25, 2003, enacted provisions intended for use as § 16-7. Inasmuch as there are already provisions so designated, and at the discretion of the editor, said provisions have been redesignated as § 16-8.

Secs. 16-9—16-19. Reserved.

ARTICLE II. ELECTRONIC REPORTING

Sec. 16-20. Electronic reporting/penalties.

(a) Each person, candidate, political committee, electioneering communications organization, or other individual or organization required to file campaign treasurer's reports with the city clerk in their official capacity as filing officer for the City of Miami ("city") pursuant to F.S. ch. 106, shall file such reports by means of the city's electronic filing system beginning with the campaign treasurer's report due on August 10, 2017.

(1) Any failure to file reports on the designated due date shall subject the violator to those penalties provided in F.S. ch. 106.

(2) The city clerk shall determine the required format and related process for the campaign treasurer's reports and shall provide copies of information upon request.

(b) Definitions.

Campaign treasurer's reports shall mean the campaign finance reports required to be filed by each person, candidate, political committee, electioneering communications organization, or other individual or organization, pursuant to F.S. ch. 106.

Person, *candidate*, *political committee*, and *electioneering communications organization* shall have the meanings ascribed to such terms in F.S. ch. 106.
(Ord. No. 13687, § 2, 6-8-17)

Sec. 16-21. Electronic posting.

Campaign treasurer reports electronically filed pursuant to this article shall be posted on the city's website by the city clerk within three business days of any such report's electronic filing date.
(Ord. No. 13687, § 2, 6-8-17)

Sec. 16-22. Technical assistance.

The city clerk shall provide technical assistance to those subject to the electronic filing requirements set forth above. The city commission may, by resolution, establish a schedule of fees for such technical assistance.
(Ord. No. 13687, § 2, 6-8-17)

For the purposes of this article, the following words and phrases shall have the meaning respectively ascribed to them by this section. Definitions for industry terms are based on the American National Standards Institute A-300 Standards for Tree Care Operations - Tree, Shrub, and other Woody Plant Management - Standard Practices (most recent edition; containing all Parts); International Society of Arboriculture Glossary of Arboricultural Terms (most recent edition); and University of Florida Institute of Food and Agricultural Science Bulletin SS-FOR-11 Forest Terminology for Multiple-Use Management.

American National Standards Institute A-300 Tree Care Standards Manual ("ANSI A-300 Standards"): A tree manual which establishes performance standards for the care and maintenance of trees, shrubs, and other woody plants. These are the industry standards for Arboriculture or Urban Forestry used by the industry and many governing agencies as the minimum standards of practice for care and maintenance of trees, shrubs, and other woody plants. These are the generally accepted industry standards for tree care practices written by the Tree Care Industry Association (TCIA) to develop consensus performance standards for trees, shrubs, and other woody plants.

Applicant: A person who is the owner, authorized agent of the owner, or lessee of a property under a written lease authorized to apply for a tree permit.

Arboriculture: The cultivation, management, and study of woody plants, especially trees.

Bark: Protective outer covering of branches and stems outside of the cambium.

Buildable area: The portion of the site exclusive of the required yard areas as defined by the zoning ordinance of the city and its successors.

Cambium: A thin layer of cells under the bark of trees that produces growth of new tissue.

Canopy: The collective branches and foliage of a crown of a tree or group of tree crowns, usually represented as canopy diameter measured across the canopy from drip line to drip line at an average canopy width.

Canopy coverage: The aerial extent of ground within the drip line of the tree, usually represented as square feet of canopy area.

Certificate of approval: A written document permitting tree removal or development activity within those areas identified and established as environmental preservation districts or scenic transportation corridors.

(1) *Standard certificate of approval.* A written document issued by the preservation officer for tree permits located within an environmental preservation district.

(2) *Special certificate of approval.* A written document issued by the historic and environmental preservation board ("HEPB") where the board must decide if a major addition, removal or alteration of trees meets the requirements of this article. This certificate will be considered by HEPB in accordance with the procedures for a special certificate of appropriateness in section 23-6.2 of this Code, as amended.

*__Editor's note—__Ord. No. 13670, § 2, adopted March 23, 2017, amended article I in its entirety to read as herein set out. Formerly, article I pertained to similar subject matter, and derived from Ord. No. 13174, § 2, adopted May 13, 2010, and Ord. No. 13274, § 2, adopted June 23, 2011.

Certified arborist: Also known as a "ISA Certified Arborist." A person who has successfully completed the testing program administered by the International Society of Arboriculture (ISA) to be an ISA Certified Arborist, with a current valid certification number. This person must be trained and knowledgeable in all aspects of arboriculture as relevant to the conditions of trees within the city.

Certified arborist report: A report issued by a certified arborist that, at a minimum, shall contain data for each existing tree in the applicable tree boundary survey as follows: species; DBH as defined herein; height; canopy spread; health condition; opinions regarding current condition; recommended tree activity, if any; and color photographs of trees which shall depict sufficient detail to support the opinion of the certified arborist.

Code compliance: The department responsible for the enforcement of the City Code, as further described in chapter 2, article X.

Code enforcement board: The code enforcement board of the city as appointed pursuant to chapter 2, article X. For purposes of this article, "code enforcement board" shall be synonymous with and have all powers of the special master. The terms may be used interchangeably.

Construction: See "Development activity."

Controlled tree species: Tree species listed in the most recent edition of the Landscape Manual or in section 24-49.9 of the Code of Miami-Dade County, Florida ("Miami-Dade County Code"), which can become invasive in native plant communities when not located in, and cultivated properly, as part of a managed landscape design.

Critical root zone: Also known as a "CRZ." The CRZ is as large or larger than the minimum recommended root area for a tree as stated in the ANSI A-300 Standards for transplanting trees, usually measured and presented as root ball diameter.

Crown: A portion of an individual tree above the main stem, consisting of live branches and foliage.

Crown cover: The percentage of a given area that is covered by the vertical projection of the crowns of trees.

Diameter at breast height ("DBH"): The diameter at breast height of a tree trunk, measured at four and one-half feet above ground level (surface grade or soil grade). In the case of multi-stemmed trees, the DBH is a calculation of the sum of the DBH of each trunk measured at four and one-half feet above ground level.

Dead tree: A tree which is not actively transporting water and nutrients from roots to leaves, and is exhibiting symptoms such as decay, brittleness, rot, non-seasonal defoliation, substantial loss of its branches, or other signs of substantial deterioration.

Department: The department of planning and zoning, which is responsible for review and issuance of tree permits.

Development activity: The carrying out of any building construction that requires issuance of a permit by the city, including without limitation building construction, additions (including but not limited to additions of carports, pools, decks, fences, driveways, and parking lots), modifications, demolition, or making any material alteration to the use or exterior appearance of any structure.

Drip line: The area defined by the outermost circumference of a tree's branches where water drips from and onto the ground.

Environmental preservation districts: Geographical areas, parcels or corridors, which have been or may be identified, are established by the city commission as significant natural or manmade attributes in need of preservation and control because of their educational, economic, ecological and environmental importance to the welfare of the general public and the city as a whole. The city's environmental preservation districts are designated in an atlas kept on file with the department of planning.

Environmentally significant feature: Natural or manmade artifacts, sites or features which possess attributes in need of preservation and control because of their economic, educational or

environmental importance to the welfare of the general public and the city as a whole. Environmentally significant features include all trees within the city and specifically designated natural, topographical or geological formations, mangrove areas, natural hammocks, unique scenic vistas or transportation corridors and rare and valuable plant material.

Exotic tree species: A plant species introduced from another country or geographic region outside its natural range, which may become naturalized or invasive, but is not native or indigenous to a region.

Fatally diseased tree: A tree that has been identified with a disease that is not curable by known industry standard pest control treatments or has visible damage from a disease and may include secondary stresses related to a disease. A fatally diseased tree may be considered a high-risk tree.

Florida grades and standards: The standards for determining the quality of nursery stock being grown, sold and/or used in landscape projects in Florida. These are based on the Grades and Standards for Nursery Plants as published by the most current edition of the Florida Department of Agriculture and Consumer Services.

Girdling: Tree abuse in the form of restriction or destruction of the vascular system within a root, stem, or branch of a tree that causes inhibition of the flow of water and nutrients, usually accomplished by removal of bark and cambium around all or most of the circumference of a tree branch or stem.

Grade: The ground level of a subject property.

Hatracking: Also known as "Topping." A form of tree abuse in the form of the reduction of tree size using heading cuts that shorten limbs or branches back to a predetermined crown limit. Hatracking involves indiscriminate cutting back of branches between nodes.

High-risk trees: A tree that is in a location where risks to persons or property exist, including trees that have an identifiable part or parts with a high potential for failing and a high potential to strike a foreseeable target resulting in significant consequences within a short timeframe. The determination of whether a tree is a high-risk tree shall be made by the department upon assessing the supporting risks.

Homestead property: A property that receives a homestead exemption as determined and listed by the Miami-Dade County Property Appraiser's Office. This exemption must be current to be applicable.

Homestead resident: A person or persons living in a residence that receive a homestead exemption as determined and listed by the Miami-Dade County Property Appraiser's Office. This exemption must be current to be applicable.

Internode/internodal: The region of a tree's stem between two successive nodes; length of a branch or stem growing between the nodes.

Intervenor: A person whose interests in the proceeding are adversely affected in a manner greater than those of the general public. A person shall be entitled to the presumption of Intervenor status if the person owns the subject property or owns property abutting the subject property. Furthermore, a person shall be entitled to intervenor status if the person owns property within a 500-foot radius from the subject property but is not the property owner or abutting property owner and has a particular interest in the application that is different in kind and degree than the general public. Abutting shall mean to reach or touch; to touch; to touch at the end or be contiguous with; join at a border or boundary; terminate on; and includes properties across a street or alley. A person recognized by the decision-making body, including the historic and environmental preservation board and the city commission, as an intervenor may make a presentation, call and examine witnesses, conduct cross-examinations of witnesses, introduce exhibits, rebut evidence, and make final arguments in the order as decided by the chair of the body to effectuate orderly and efficient proceedings.

Landscape manual: The Miami-Dade County Landscape Manual, latest edition, which is the official landscape manual issued by Miami-Dade

County, Florida, and incorporated herein by reference. The landscape manual, as amended from time to time, is adopted by reference by the city and deemed incorporated by reference as if set forth herein. If a conflict arises between the landscape manual and this article, the latter shall prevail. The landscape manual shall be used in conjunction with section 24-49.9 of the Miami-Dade County Code and said section shall be relied on for any conflicts between the landscape manual and the Miami-Dade County Code for Prohibited Species.

Lion's tailing: A form of tree abuse in which the removal of an excessive number of inner, lateral branches from parent branches results in a tree having the majority of foliage in the outer portions of the canopy.

Main stem (or *main trunk*): The portion of a tree between ground level and the point of division into major branches.

Native tree species: An indigenous species that is normally found as part of an ecosystem. A species present in a defined area or region of the United States prior to European settlement.

Node: Slightly enlarged portion of a stem where leaves and buds arise.

Owner: Any person, entity, corporation, partnership, trust, holding company, limited liability company or any other legally recognized entity that is the legal, beneficial, or equitable owner of any interest whatsoever in the property. "Owner" shall include any purchaser, assignee, successor, or transferee of any interest whatsoever in the property regarding any provisions of this article.

Palm (or *palm tree*): Monocotyledonous plant of the Palmacea family. A type of tree that is an un-branched evergreen tree of tropical and warm regions, with a crown of very long feathered or fan-shaped leaves, and typically having old leaf scars forming a regular pattern on the trunk.

Person: As per the definition set forth in section 1-2 of this Code.

Prohibited tree species: A species of tree listed as a prohibited species in the current edition of the Landscape Manual, or in section 24-49.9 of the Miami-Dade County Code, as well as Weeping Fig Trees (Ficus benjamina).

Public right-of-way: See "Right-of-way" as defined in section 55-1 of the City Code, as amended.

Registered landscape architect: A person who holds a license to practice landscape architecture in Florida as authorized by F.S. ch. 481.

Replacement trees: Also known as "mitigation tree." Trees that are proposed to be used as replacement for trees being removed from a property.

Root: The part of a tree, usually underground, that anchors the tree to the ground and also absorbs and conducts water and nutrients to all parts of the tree.

Root pruning: The cutting of roots to limit their vertical or lateral growth, the process of pre-cutting roots behind the line of a planned excavation to prevent tearing and splintering of remaining roots, any removal of roots one inch in diameter or greater, and/or the removal of more than ten percent of a tree's root system. Root pruning of more than ten percent of a tree's root system requires a tree permit.

Scenic transportation corridor: Those roadways identified by the state or by the city commission resolution as having a unique landscape, an expansive tree canopy and/or unique landscape features that is of substantial environmental or scenic importance to residents and visitors.

Shrub: A woody, perennial plant separated from a tree by its lower mature height (generally under 20 feet), and showing the lack of a well-defined main trunk, often multi-stemmed.

Site plan: A comprehensive plan drawn to scale indicating site elevations, roadways and location of all relevant site improvements including structures, parking, other paved areas, ingress and egress drives, landscaped open space and signage.

Sound nursery practices: The practices or procedures of landscape nurseries that meet or exceed the Florida Grades and Standards.

Special master: The person(s) appointed pursuant to chapter 2, article X. For purposes of this article, the special master shall be synonymous with and have all powers of the code enforcement board. The terms may be used interchangeably.

Specimen tree: A tree that is equal to or larger than 18 inches DBH. Trees that do not qualify as specimen trees are palms, non-native Ficus species, or any non-native fruit tree cultivated as a grove tree for commercial production of fruit.

Spiking: A form of tree abuse in which there is the hammering or affixing of metal or other material into a tree to harm the tree or lower its commercial value, or any damage to the trunk of a tree caused by use of climbing spikes.

Spread: The average diameter of the crown. The average diameter of the tree canopy or crown as measured across the canopy in at least two directions from drip line to drip line of farthest reaching branches.

Stem(s): The principal axis or wood structure of a plant from which buds, shoots, foliage, and branches develop.

Tree: A woody perennial plant, including palms, usually having only one dominant trunk and a well-defined stem or stems carrying a more or less definite crown, usually having a mature height greater than 16 feet. A tree regulated under this chapter must have a minimum size of 12 feet overall height with a DBH of two inches or larger. A palm regulated under this chapter must have a minimum height of 16 feet overall with a DBH of six inches or larger.

Tree abuse: Action that damages a tree and/or parts of a tree. Generally, any tree activity beyond or against those described in the ANSI A-300 Standards. Examples of tree abuse include but are not limited to hatracking, spiking, lions tailing, tree removal (without a permit), pruning more than 25 percent of a tree canopy in one annual growing season, root pruning that destabilizes a tree, girdling, damaging and/or removing sections of bark, and damaging and/or removing sections of cambium.

Tree activity: Work that will affect a tree on a property which includes tree removal, tree pruning more than 25 percent, and root pruning more than ten percent or trimming of a root more than one inch in diameter.

Tree boundary survey: A survey such as a topographic survey that establishes property lines and corners of a parcel of land and also locates natural features such as trees and streams as well as man-made features such as buildings, fences, improvements, land contours, easements, and utilities. Tree boundary surveys shall be prepared by a professional land surveyor.

Tree permit: A permit which is required for any tree activity.

Tree protection barriers: Barriers, fences, or barricades that are placed around existing trees to provide protection during construction on a subject property. Examples are contained in the tree protection specifications and tree protection details as described in the Landscape Manual and ANSI A-300 Standards.

Tree protection bond: A monetary bond that guarantees specific trees be protected and will not be harmed by the construction project and, if harmed, the party will reimburse for the loss.

Tree protection zone ("TPZ"): An area defined by a certified arborist surrounding the trunk of a tree to protect roots and soil within at least the CRZ area. This area is necessary to protect tree health and stability. The TPZ is an area within which certain activities are prohibited or restricted, especially during construction or development activity.

Tree pruning: Also known as "Tree trimming." The selective cutting of tree parts done to remove branches or parts of branches from a tree's crown.

Tree removal: The act of cutting down, destroying, moving, relocating, or effectively destroying through damaging, any tree situated on any real property or public property within the city.

Tree value: The appraised monetary value for a tree as calculated by an ISA certified arborist who is specially trained and experienced as a tree and landscape appraiser. Appraisals shall utilize the trunk formula method within the replacement cost approach of valuation as

described in the most recent edition of the Guide for Plant Appraisal published by the International Society of Arboriculture. Tree value may be used to determine reasonable mitigation requirements for specimen trees removed without a permit and/or specimen trees effectively destroyed during construction, including trees permitted to be preserved or remain on site that are subsequently effectively destroyed, and may be used as an alternative to the replacement tree table for mitigation requirements for specimen trees being permitted for removal, as approved by the department.

Trunk: The main or central stem of a tree.

Vigor: The capacity of a tree to grow and resist stress; growing in a healthy condition.
(Ord. No. 13670, § 2, 3-23-17; Ord. No. 13697, § 2, 7-27-17; Ord. No. 13971, § 2, 2-25-21)

Sec. 17-3. Applicability.

(a) The provisions of this article shall apply to all public or private property within the city, unless expressly exempted by law.

(b) All tree activity as defined in this chapter require a tree permit as described herein.

(c) Any tree removal on a public right-of-way or on property owned by the city shall require a permit from the resilience and public works department, unless it is deemed in writing by the director of the department or his/her designee that such permit will be an undue burden for the city and is not in the best interest of the public health, safety and welfare of the city.

(d) All trees located within environmental preservation districts shall also be subject to the requirements of article 2 of this chapter.

(e) All trees located within natural forest communities shall also be subject to the requirements of article 3 of chapter 24 of the Miami-Dade County Code, as amended.

(f) All mangrove trees and any tree located upon land which is wetlands as defined in F.S. § 373.019, as amended from time to time, shall also be subject to the permitting requirements of article 2 of chapter 24 of the Miami-Dade County Code, as amended.
(Ord. No. 13670, § 2, 3-23-17; Ord. No. 13792, § 1, 10-11-18)

Sec. 17-4. Tree permit applications, requirements, review, and fees.

(a) *Permit, when required.*

(1) No person, agent or representative thereof, directly or indirectly, shall engage in tree activity on any property described in section 17-3 of this article without first obtaining a tree permit and unless exempted by section 17-11 of this article.

(2) A tree permit is required for tree pruning of more than 25 percent of the canopy, crown, or living foliage of a tree or other pruning not in accordance with the ANSI A-300 Standards shall be allowed upon presentation of a letter to the city, to be validated by a certified arborist, with justification as to why the ANSI A-300 Standards are not applicable.

(3) Pruning of the canopy, crown or living foliage of a tree, in strict accordance with ANSI A-300 Standards shall be allowed without a permit. A certified arborist letter or other documentation may be required.

(4) Any removal of roots one inch in diameter or greater and/or the removal of more than ten percent of a tree's root system shall require a tree pruning permit. No root pruning shall be allowed beyond the aforementioned limits anywhere in the city without a tree pruning permit except for the pruning of roots when essential for any repairs or improvements performed by or for the department of resilience and public works or capital improvements.

(5) No building permit for any work that has the potential to affect trees, including new construction, additions, carports, pools, decks, fences, driveways, parking lots, tennis courts, demolition, or similar

work, shall be issued by the building department unless the zoning department has determined that a tree permit or tree pruning permit is not required or that a valid tree permit or tree pruning permit has been issued in accordance with this article.

(b) *Application requirements.* The property owner or authorized agent shall submit a tree permit application to the department on the department's tree permit application form. A tree permit application shall include those supporting documents and plans as required by the department to provide adequate description and information to verify the intended tree activity, site conditions, proposed construction and work specifications in order to issue a tree permit.

(c) *Plan requirements.* Plans submitted with a tree permit application shall comply with the following:

(1) Commercial properties. Plans for a tree permit in conjunction with new construction, including but not limited to, demolition, additions, pools and decks shall include the following:

a. A tree boundary survey, drawn to scale, identifying the tree species, location, and listing the height, spread and diameter of all existing trees. The tree boundary survey shall illustrate the location of all existing structures, the location of any overhead and/or underground utilities and the right-of-way limits, edges of pavement, including all trees within the right-of-way. This survey shall be prepared by a professional land surveyor, licensed in the state.

b. A tree disposition plan drawn to scale identifying and listing all existing trees and specifying the condition of each tree, the TPZ radius and whether said trees are to remain, to be removed and/or to be relocated. The tree disposition plan shall also contain the value of specimen trees that are listed to remain and/or to be relocated. The valuation of trees shall be appraised using the Council of Tree and Landscape Appraisers Guide for Plant Appraisal, latest edition. The tree disposition plan shall superimpose all proposed new construction, the new locations of existing trees to be relocated on site over the tree survey plan information, and an accurate depiction of the CRZ and canopy of the trees to remain and/or be relocated. For applications involving the construction of a new building(s), the tree disposition plan shall be prepared by and bear the seal of a landscape architect currently licensed in the state, or by persons authorized by F.S. ch. 481, as amended, to prepare landscape plans or drawings.

c. A tree protection plan depicting all trees to remain and/or be relocated on site with a depiction of the tree's TPZ.

d. When applicable, an assessment on all existing trees with tree specifications. For trees and/or palms proposed for relocation, tree relocation specifications in accordance with ANSI A300 Standards shall be provided to the department. Additional information such as the TPZ, CRZ, tree protection and/or tree pruning recommendations may be required for trees to remain and/or be relocated. The assessment shall be prepared by an ISA Certified Arborist.

(2) Single-family or duplex properties. Plans for a tree permit in conjunction with new construction, including but not limited to demolition, additions, pools, and decks shall include the following:

a. A site plan drawn to scale, or existing property survey prepared by the owner or the owner's representative, identifying the location of the tree, the species and listing the height, spread and diameter of all

existing trees. Said site plan may be limited to the immediate area of the proposed work.

b. A tree disposition plan drawn to scale, prepared by the owner or the owner's representative, or such plan incorporated onto an existing property survey, listing all existing trees and specifying the condition of each tree and whether said trees are to remain, to be removed and/or to be relocated. This plan shall also illustrate the location of all existing structures and/or all proposed new construction, the location of any overhead and/or underground utilities and the new locations of existing trees to be relocated on site.

c. When applicable, an assessment on all existing trees with tree specifications. For trees and/or palms proposed for relocation, tree relocation specifications in accordance with ANSI A300 Standards shall be provided to the department. Additional information such as the TPZ, CRZ, tree protection and/or tree pruning recommendations may be required for trees to remain and/or be relocated. The assessment shall be prepared by an ISA Certified Arborist.

(3) Plans for a tree permit unrelated to construction shall be drawn to scale using a site plan or existing property survey prepared by the owner or owner's authorized representative.

(4) All applications shall have a tree replacement plan/landscape plan drawn to scale that illustrates all proposed new construction, new locations of relocated trees, and new replacement tree locations that complies with the requirements of section 17-6 of this Code, entitled "Tree replacement." For applications involving the construction of a new building(s), the tree replacement plan shall be prepared by and bear the seal of a landscape architect currently licensed in the state, or by persons authorized by F.S. ch. 481, as amended, to prepare landscape plans or drawings. Tree replacement plan/landscape plan submitted for a one-family or two-family dwellings (homestead property) may be in the form of a site plan drawn to scale prepared by the owner or the owner's representative.

(5) Anytime construction or development is to be undertaken, a tree protection bond equal to the value of the specimen tree(s) to remain and/or to be relocated shall be posted, except for properties which have homestead exemption, pursuant to F.S. § 196.075, and show proof thereof. The bond shall remain in effect for one year after the final certificate of occupancy is issued. The city manager, after recommendation by the department and approval as to legal form by the office of the city attorney, may accept a covenant or other equivalent alternative to the tree protection bond requirement for construction or development of affordable housing projects which have been procured and/or funded by the city. All applicants requesting a covenant in lieu of a tree protection bond of an affordable housing project shall be bound by the terms of the covenant and shall record said covenant in the public records of Miami-Dade County after final acceptance and execution by the city.

(d) *Review of application.* Upon receipt of a completed tree permit application, the department shall review said application for compliance with the regulations as set forth in this article. Such review may include a field inspection of the site and referral of the application to other departments or agencies as necessary. The department shall take a reasonable amount of time to review and respond to applicants regarding tree permit applications, generally completing the initial review within 15 business days and thereafter providing the intended decision notice upon final approval the tree permit application.

(e) *Notice.* Within 48 hours of issuing the intended decision for a tree permit, the department shall notify the applicant and post a notice of the intended decision on or adjacent to the subject property in a location where it is visible to the general public. The posting shall provide a general description and location of the proposed tree activity contained in the tree permit. The intended decision shall also be sent to the homeowners' associations registered with the city in that area.

(f) *Issuance of permit.* If no appeal, in accordance with section 17-8 of this article, is received within ten calendar days of the issuance of the intended decision, the tree permit shall be issued. The property owner shall ensure that the tree permit is displayed until the authorized work is completed.

(g) *Fees.* Fees shall be as established pursuant to section 10-4 of this Code, as amended, "Building permit fee schedule." Applications from government agencies for tree removals in areas dedicated to public use may, at the discretion of the city commission, be exempted from application fees and permit fees by resolution.

(h) *Final inspection.* No later than six months following the completion of the authorized work, the applicant shall schedule a final inspection with the department for verification and acceptance of the final authorized work.
(Ord. No. 13670, § 2, 3-23-17; Ord. No. 13792, § 1, 10-11-18; Ord. No. 13873, § 2, 11-21-19; Ord. No. 14138, § 7, 2-9-23)

Sec. 17-5. Criteria and conditions for tree permits.

(a) *Criteria for tree permits.* In determining whether a tree permit should be issued, the department will consider the following criteria:

(1) Whether the tree is located in the buildable area or yard area where a structure or improvement may be placed and the tree unreasonably restricts the permitted use of the property. Trees located in

the property frontage (within the 15-foot setback), are not considered located within the buildable area or yard. Ingress and egress to garages are not considered buildable or yard areas. Trees on a public right-of-way shall not be considered for removal because they restrict ingress or egress to the garages or parking on the site, except if there is no other reasonable access to and from the structure or to the property from the public right-of-way.

(2) Whether the tree is in danger of falling; interferes with utility service determined by a trained and experienced vegetation management or line clearance employee and/or person; creates unsafe vision clearance within a sight triangle or other legal right-of way; or materially impairs the structural integrity of an existing structure.

(3) Whether the tree is deemed a high-risk tree, fatally diseased or dead. The department may require supporting documentation confirming that the tree is a high-risk tree, fatally diseased or dead and cannot be abated by other means (i.e. pruning, trimming, fruit removal, removal of hazardous limbs); photographs of the tree(s) showing the conditions, signs or symptoms of the tree; any laboratory analysis or relevant scientific literature; and any other potential supporting documentation.

(4) Whether the tree is a prohibited tree species. The department may require photographs of the tree(s) to support identification of the tree species. Prohibited tree species may be removed without the need for a replacement tree.

(5) Whether the tree creates a health hazard; interferes with native tree species; or creates a negative impact on natural land features such as rock outcroppings, sink holes or other geological, historical or archeological features.

(6) Any other relevant criteria the department deems appropriate to consider in order to make a determination.

(b) *Conditions for issuance of a tree permit.* Any or all of the following conditions may be required by the department prior to issuance of a tree permit:

(1) The applicant may be required to redesign the project to preserve specimen tree(s) or any other tree determined by the department to be of substantial value because of its species, size, age, form and/or historical significance, and to provide an alternate plan that includes the adequate preservation of said tree(s) and design alterations within the scope and intent of the initially proposed plan.
