PREFACE

This Code constitutes a complete recodification of the general and permanent ordinances of the City of New Orleans, Louisiana.

Source materials used in the preparation of the Code were the 1956 Code, as supplemented through April 7, 1994, and ordinances subsequently adopted by the city council. The source of each section is included in the history note appearing in parentheses at the end thereof. The absence of such a note indicates that the section is new and was adopted for the first time with the adoption of the Code. By use of the comparative tables appearing in the back of this Code, the reader can locate any section of the 1956 Code, as supplemented, and any subsequent ordinance included herein.

The chapters of the Code have been conveniently arranged in alphabetical order, and the various sections within each chapter have been catchlined to facilitate usage. Notes which tie related sections of the Code together and which refer to relevant state law have been included. A table listing the state law citations and setting forth their location within the Code is included at the back of this Code.

Chapter and Section Numbering System

The chapter and section numbering system used in this Code is the same system used in many state and local government codes. Each section number consists of two parts separated by a dash. The figure before the dash refers to the chapter number, and the figure after the dash refers to the position of the section within the chapter. Thus, the second section of chapter 1 is numbered 1-2, and the first section of chapter 6 is 6-1. Under this system, each section is identified with its chapter, and at the same time new sections can be inserted in their proper place by using the decimal system for amendments. For example, if new material consisting of one section that would logically come between sections 6-1 and 6-2 is desired to be added, such new section would be numbered 6-1.5. New articles and new divisions may be included in the same way or, in the case of articles, may be placed at the end of the chapter embracing the subject, and, in the case of divisions, may be placed at the end of the article embracing the subject. The next successive number shall be assigned to the new article or division. New chapters may be included by using one of the reserved chapter numbers. Care should be taken that the alphabetical arrangement of chapters is maintained when including new chapters.

Page Numbering System

The page numbering system used in this Code is a prefix system. The letters to the left of the colon are an abbreviation which represents a certain portion of the volume. The number to the right of the colon represents the number of the page in that portion. In the case of a chapter of the Code, the number to the left of the colon indicates the number of the chapter. In the case of an appendix to the Code, the letter immediately to the left of the colon indicates the letter

of the appendix. The following are typical parts of codes of ordinances, which may or may not appear in this Code at this time, and their corresponding prefixes:

CHARTER	CHT:1
CHARTER COMPARATIVE TABLE	CHTCT:1
CODE	CD1:1
CODE APPENDIX	CDA:1
CODE COMPARATIVE TABLES	CCT:1
STATE LAW REFERENCE TABLE	SLT:1
CHARTER INDEX	CHTi:1
CODE INDEX	CDi:1

Indexes

The indexes have been prepared with the greatest of care. Each particular item has been placed under several headings, some of which are couched in lay phraseology, others in legal terminology, and still others in language generally used by local government officials and employees. There are numerous cross references within the indexes themselves which stand as guideposts to direct the user to the particular item in which the user is interested.

Looseleaf Supplements

A special feature of this publication is the looseleaf system of binding and supplemental servicing of the publication. With this system, the publication will be kept up-to-date. Subsequent amendatory legislation will be properly edited, and the affected page or pages will be reprinted. These new pages will be distributed to holders of copies of the publication, with instructions for the manner of inserting the new pages and deleting the obsolete pages.

Keeping this publication up-to-date at all times will depend largely upon the holder of the publication. As revised pages are received, it will then become the responsibility of the holder to have the amendments inserted according to the attached instructions. It is strongly recommended by the publisher that all such amendments be inserted immediately upon receipt to avoid misplacing them and, in addition, that all deleted pages be saved and filed for historical reference purposes.

Acknowledgments

This publication was under the direct supervision of Alyce Whitson and Chantal Parker, Supervising Editors, and Ron McLaughlin, Editor, of the Municipal Code Corporation, Tallahassee, Florida. Credit is gratefully given to the other members of the publisher's staff for their sincere interest and able assistance throughout the project.

The publisher is most grateful to Emma Williams, Clerk of the Council, Bruce Naccari, former First Assistant City Attorney, and the other members of the city staff, for their cooperation and assistance during the progress of the work on this publication. It is hoped that their efforts and those of the publisher have resulted in a Code of Ordinances which will make the active law

of the city readily accessible to all citizens and which will be a valuable tool in the day-to-day administration of the city's affairs.

ADOPTING ORDINANCE

ORDNANCE
(AS AMENDED)
CITY OF NEW ORLEANS

CITY HALL: July 6, 1995
CALENDAR NO: 20,071

NO. 17271 MAYOR COUNCIL SERIES

BY: COUNCILMEMBERS WILSON, GLAPION AND HAZEUR-DISTANCE

AN ORDINANCE amending and readopting in its entirety Ordinance No. 828, M.C.S., known as the Code of the City of New Orleans so as to effect a comprehensive restatement and reorganization thereof to be designated and cited as "The Code of the City of New Orleans, Louisiana, 1995"; to remove obsolete and superseded matter; to provide a penalty for violation thereof; to provide for the manner of amending said Code; to provide when said restated Code and this ordinance shall become effective; to provide for the coordination of the publication of this ordinance and all other general ordinances of the City under a system of common indexing and to provide for citation of the same as "The Comprehensive Code of Local Ordinances of the City of New Orleans," and otherwise to provide with respect thereto.

WHEREAS, pursuant to Section 3-114 of the Home Rule Charter of the City of New Orleans, the City Council has caused general revisions to the text of the City Code of 1956 to be prepared, containing all of the ordinances of the City of general application which are appropriate for continuation as law, omitting however therefrom certain ordinances which have heretofore been either separately published or determined to be no longer applicable; and

WHEREAS, the Council has caused copies of such revised Code to be prepared and made available for public distribution and more than 90 days have elapsed following July 11, 1995, the date on which the Council noted in the official journal the availability of copies of such proposed Code to the public; and there has been compliance with all applicable state laws; now, therefore.

SECTION 1. THE COUNCIL OF THE CITY OF NEW ORLEANS HEREBY ORDAINS, as authorized by Section 3-114 of the Home Rule Charter of the City of New Orleans, that Ordinance No. 828 M.C.S., as amended to date, be and the same is hereby amended and reordained in its entirety, so that the text thereof shall read as set forth in the text, attached hereto as an exhibit and incorporated herein by reference, constituting and comprehending the ordinances of the City of New Orleans of general application which are appropriate for continuation as law (excepting those excepted in Section 7 hereof), as codified and printed and heretofore made available for public distribution, and to be published by Municipal Code Corporation, consisting of Chapters 1 through 170, each inclusive, which shall constitute and may be cited as "The Code of the City of New Orleans, 1995" or as the "City Code of 1995."

SECTION 2. That the provisions of the City Code of 1995 shall become effective and shall be enforced on and after December 31, 1995, or on the last day of the month next following the month in which this ordinance becomes law, whichever is the later date, and all ordinances of general application in force on said date and not contained in said City Code of 1995 or excepted and preserved by Section 7 hereof are hereby repealed on and after said day, except as hereinafter provided. Any and all violations against any provision of said City Code of 1995 which consist of one or more acts or omissions occurring on or after said date shall be charged and prosecuted as in violation of Ordinance No. 828, M.C.S., as revised by this ordinance, and the particular Section or Sections of the City Code of 1995 violated, as said Code reads on the effective date or as same may be thereafter amended.

SECTION 3. The repeal provided for in Section 2 hereof shall neither be construed to revive any ordinance or part thereof that has been replaced by a subsequent ordinance that is repealed by this ordinance, nor to affect any offense or act committed or done nor any omission made, nor any penalty or forfeiture incurred or any contract or right established or accruing before the day this ordinance shall become effective.

Any and all taxes, fees or other revenues due to the City or any other person or entity under any law of the City of New Orleans in effect prior to the effective date of this ordinance shall remain due and shall be paid to the city or to the person or entity to whom it is owed, who may enforce payment and collect the same as provided by applicable state and/or City law. Notwithstanding the adoption of this ordinance and/or repeal of any ordinance or part thereof which is repealed by this ordinance, any violation of any such ordinance or of Ordinance No. 828 M.C.S., as the same read prior to the effective date of this ordinance shall be subject to prosecution and upon conviction shall be penalized as provided by said ordinance as it read at the time of said violation. The repeal provided in this Ordinance shall not impair or vitiate any penalty or forfeiture incurred or for which any person became liable prior to the effective date hereof; nor shall it vitiate any contractual or other right which has been established or made exigible against the City prior to the effective date hereof.

SECTION 4. Unless another penalty is expressly provided, every person who does anything prohibited or fails to do any act required by any provision of the City Code of 1995, or of the Home Rule Charter of the City of New Orleans, or any ordinance, rule or regulation adopted under the authority or issued in pursuance thereof, shall be punished by a fine not exceeding the maximum fine which may be imposed for violation of an ordinance of this City by the Municipal Court or the Traffic Court of New Orleans, as the case may be, or by a term of imprisonment for not more than six months or both such a fine and such a term of imprisonment. Each act of violation and each day upon which any such violation shall occur shall constitute a separate offense. The penalty provided by this section, unless another penalty is expressly provided, shall apply to the amendment of any section of the City Code of 1995, the Home Rule Charter of the City of New Orleans, or any ordinance or rule or regulation adopted or issued under the authority or in pursuance thereof, whether or not such penalty is reenacted in the amendatory ordinance or other instrument. In addition to the penalty prescribed above, the City may pursue other remedies

such as abatement of nuisances, injunctive relief, civil penalties and revocation of licenses or permits, unless controlling law requires an election of one or more remedies to the exclusion of one or more others.

SECTION 5. Whenever funds are provided for the publication of any official supplements to said City Code of 1995, which publication shall be under the direction of the Clerk of Council, all later ordinances which are of general application or parts of ordinances which have general application, or amendments thereof or of the Code, and which are not adopted as an amendment to one of the ordinances listed or described in Section 7 hereof, shall be classified and arranged in accordance with the style and form followed in the attached text of the City Code of 1995 and given proper chapter and section numbers, and all violations involving same occurring on or after the date of publication of such supplement or supplements shall be charged and prosecuted as in violation of Ordinance No. 828, M.C.S., as amended and the particular Section or Sections of the City Code of 1995, as amended, involved or as they may be thereafter amended.

SECTION 6. Ordinances adopted after February 16, 1995, that amended or refer to ordinances that have been codified in the City Code of 1995 shall be treated as provided in Section 5 hereof and construed as if they amend or refer to like provisions of said Code. The provisions of this ordinance shall not be deemed to repeal any ordinances adopted after February 16, 1995, except to the extent that the same conflicts directly with the provisions of the City Code of 1995.

SECTION 7. A) The ordinances of general application, including but not limited to the following, are appropriate for continuation, are not repealed by this Ordinance and are preserved:

Fire Prevention Code (Ordinance Number 4912 M.C.S., as amended).

Comprehensive Zoning Ordinance (Ordinance Number 4264 M.C.S., as amended).

Standard Amusement Code (11626 M.C.S., as amended).

Standard Building Code (Ordinance Number 17166 M.C.S., as amended).

Standard Gas Code (Ordinance Number 17,168 M.C.S., as amended).

Standard Mechanical Code (Ordinance Number 17167 M.C.S., as amended).

Ordinances creating, authorizing the creation of, and/or regulating the French Market Corporation, Piazza d'Italia Development Corporation, Municipal Yacht Harbor Corporation, Upper Pontalba Building Restoration Corporation, Canal Street Development Corporation and/or Rivergate Development Corporation and/or any other Public Belt Corporation, public trust, special tax district, and/or special local agency of the City.

B) This ordinance shall not be construed to repeal any ordinance or resolution promising or guaranteeing the payment of money for the City or authorizing the issue of any bonds of the City or any evidence of the City's indebtedness, or any contract or obligation assumed by the City; nor any administrative ordinances, rules, regulations, or resolutions of the Council not in conflict or inconsistent with the provisions of the Code; nor the annual appropriations, property tax or license tax ordinance; nor any ordinance

levying or imposing any tax for one year only; nor any ordinances fixing the compensation of city officers and employees; nor any temporary or special ordinance; nor any ordinance dedicating, opening, vacating or closing any street or streets or public parks or squares or changing the name of any such street, park or square; nor any ordinance or resolution of the City providing for local improvements or levying assessments for local improvements; nor any right or franchise conferred by ordinance or resolution of the City providing for local improvements or levying assessments for local improvements; nor any ordinance authorizing or granting a specific lease; nor any right or franchise conferred by ordinance or resolution of the City on any person or corporation; nor any right or franchise conferred by contract between the City and any person or corporation; nor any ordinances or resolution or other action of the City providing the servitudes, switchtracks, grants and rights to the Public Belt Railroad Commission of the City of New Orleans; nor any ordinance or resolution fixing the rates or regulating services of a specific public utility.

C) The City Code of 1995, as amended, and the ordinances listed in subsection (A) of this Section shall together constitute and may be referred to as "The New Orleans Comprehensive Code of Local Ordinances." The sections and other component portions of said Ordinance may be cited as "NOCCOLO-_____, _____" with the name of either the City Code of 1995 or the name of one of the ordinances listed in Subsection (A) stated in the first blank and the designation of the appropriate section or portion of said City Code or other ordinance stated in the second blank.

D) When funds are available, the Clerk shall cause each publication of the City Code of 1995, as amended, and each supplement thereto, to include a comprehensive integrated index to the City Code of 1995; the Home Rule Charter of the City of New Orleans, and the ordinances listed in Subsection (A) of this section.

E) The ordinances listed in Subsection (A) may be published either separately from or together with the City Code of 1995; provided, that, prior to any reprinting, republication, or supplementation of each such ordinance, the officer or agency proposing such reprinting, republication, or supplementation shall report the proposed action in writing to the Council at least thirty days prior to the expenditure of any public funds for said purpose. The written report shall include an analysis of the costs and benefits of possible publication of said ordinance in the same format and by the same agency and/or contractor as the agency and/or contractor responsible for publication and/or supplementation of the City Code of 1995, as amended.

F) Every contractor or agency responsible for the printing or publishing or supplementation of City ordinances shall be required to provide the text thereof to the Clerk of Council in an electronic format prescribed by the City Council, or if the City Council does not prescribe the format by an ordinance or resolution, by the Chief Administrative Officer. The Clerk shall retain said electronically stored and formatted text for use by the officers and employees of the City and its boards so that electronically stored texts or portions thereof may be made available to the print-handicapped, the blind or other disabled persons in order to ensure their access thereto.

SECTION 8. This ordinance with the text of the City Code of 1995 hereby adopted shall be printed and published in book form, and this ordinance, but without the Code, shall be published in the official journal.

SECTION 9. The provisions of Section 1-8, 1-10, 1-11, 1-12 and 1-13, of the City Code of 1995 with regard to the repeal, severability, amendment to, correction of errors in, and penalization of violations of ordinances shall apply as well to the other ordinances which constitute a part of the New Orleans Comprehensive Code of Local Ordinances and to any ordinances amendatory to any one or more of them and to all ordinances of the Council in which no contrary provision is expressly included.

ADOPTED BY THE COUNCIL OF THE CITY OF NEW ORLEANS November 16, 1995.

Checklist of Up-to-Date Pages

(This checklist will be updated with the printing of each Supplement)

From our experience in publishing Looseleaf Supplements on a page-for-page substitution basis, it has become evident that through usage and supplementation many pages can be inserted and removed in error.

The following listing is included in this Code as a ready guide for the user to determine whether the Code volume properly reflects the latest printing of each page.

In the first column all page numbers are listed in sequence. The second column reflects the latest printing of the pages as they should appear in an up-to-date volume. The letters "OC" indicate the pages have not been reprinted in the Supplement Service and appear as published for the original Code. When a page has been reprinted or printed in the Supplement Service, this column reflects the identification number or Supplement Number printed on the bottom of the page.

In addition to assisting existing holders of the Code, this list may be used in compiling an up-to-date copy from the original Code and subsequent Supplements.

SUPPLEMENT HISTORY TABLE

The table below allows users of this Code to quickly and accurately determine what ordinances have been considered for codification in each supplement. Ordinances that are of a general and permanent nature are codified in the Code Book and are considered "Includes." Ordinances that are not of a general and permanent nature are not codified in the Code Book and are considered "Omits."

In addition, by adding to this table with each supplement, users of this Code of Ordinances will be able to gain a more complete picture of the Code's historical evolution.

PREAMBLE

We, the people of the City of New Orleans and Parish of Orleans, trusting in God and grateful for the freedoms we enjoy, do ordain, establish, approve, and adopt this Home Rule Charter through which the City of New Orleans intends to possess and exercise the broadest rights, powers, privileges and authority of self-government permitted under the Constitution and Laws of the State, pursuant to Section 22 of Article XIV of the Constitution of the State of Louisiana of 1921, as amended by Act 551 of 1950 and as continued by all appropriate Sections of the Constitution of the State of Louisiana of 1974, particularly but not exclusively Sections 4 and 6 of Article VI.

ARTICLE I. INCORPORATION AND FORM OF GOVERNMENT

Section 1-101. Incorporation.

The inhabitants of the City of New Orleans, within the boundaries now established by law or as may hereafter be established, shall be and continue a body politic and corporate by the name of "City of New Orleans," hereinafter in this Charter called "City." By that name it shall have perpetual succession and enjoy all of the powers hereinafter recited.

Section 1-102. Form of Government.

The government provided by this Charter shall be known as the Mayor-Council form of government. The Mayor shall be aided by a Chief Administrative Officer who, in the performance of the duties of office, shall be responsible to the Mayor.

Section 1-103. Boundaries of the City.

The boundaries of the City shall be as follows: Commencing at a point in the middle of the Mississippi River on the projected division line between the Parish of Orleans and the Parish of Jefferson, in the vicinity of Carrollton, and thence along the said projected line to the left bank of said river, and thence along the division line between the Parish of Orleans and the Parish of Jefferson to the south shore of Lake Pontchartrain, and thence to a point in the middle of Lake Pontchartrain on the projected said Parish division line, and thence along the middle of Lake Pontchartrain to the middle of the Rigolets, and thence along the middle of the Rigolets to Lake Borgne, and thence along the main shore of Lake Borgne, including all islands within one marine league distance thereof, to the middle of Fisherman's Canal, and thence along the middle of Fisherman's Canal to the line of the south side of Florida Walk, and thence along the said line of Florida Walk to the lower line of the United States Barracks, and thence along the said line of the United States Barracks to the left bank of the Mississippi River, and thence to a point in the middle of the Mississippi River on the projected line of the said United States Barracks, and thence along the middle of the Mississippi River to the point of commencement; and commencing at a point in the middle of the Mississippi River, abreast of a point on the right bank of the said river established by the Board of State Engineers, opposite Ptolemy Street, and thence to said point, and thence running as follows, viz: South, 42 deg. 30 min.; east, 4 miles and about 1,080 feet and south, 3 deg. 10 min.; west about 620 feet. Thence along the back line of properties south, 57 deg. east 2,143 feet 4½ in.; north 2 deg. 45 min.; east 1,910 feet 7 in.; south 53 deg. 30 min.; east 5,162 feet 2 in.; north 6 deg. 15 min.; east 4,932 feet 7 in. to township line, 1 mile, 138 feet 9 3/4 in.; south 76 deg. east 3,111 feet 4½ in. to township line, 445 feet 10 in.; south 72 deg. east 947 feet 9½ in.; south 65 deg. 30 min.; east 955 feet to range line 1,337 feet 8 in.; south 83 1/3 deg. east 860 feet 6 in.; north 61 deg. 7 min.; east 524 feet 7 in. to range line, 1,366 feet 6 in.; south 81 deg. 15 min.; east 2,368 feet 6 in. to range line 4,383 feet 2 in.; south 61 deg. 53 min.; east 1½ miles and about 2,770 feet 2 in. south 31 deg. 35 min.; east 1½ miles and 2,163 feet to line of Jeanne La Salles, and thence to a point in the middle of the Mississippi River on a projection of the said line, and thence along the middle of the Mississippi River to the point of commencement, and any additional area hereafter included in the Parish of Orleans, and legally incorporated by ordinance of the Council into the City of New Orleans.

ARTICLE II. POWERS

CHAPTER 1. POWERS

Section 2-101. Powers.

(1) The City shall retain, to the same extent as if herein repeated, all rights, powers, privileges and authority that it has or could claim under the law of this State at the time of the adoption hereof, except as herein expressly modified.

(2) In addition to the foregoing, the City shall have all rights, powers, privileges and authority herein conferred or herein enlarged and all rights, powers, privileges and authority whether expressed or implied that may hereafter be granted to a similar corporation by any general law of the State or that may be necessary or useful to enjoy a home rule charter.

(3) The rights, powers, privileges and authority heretofore enjoyed, herein retained or herein claimed shall subsist, notwithstanding the repeal of any law, until any such right, power, privilege or authority be altered or taken away by amendment to this Charter in the manner provided for by the Constitution or as herein provided.

(4) The City, in addition to the rights, powers, privileges and authority expressly conferred upon it by this Charter, shall have the right, power, privilege and authority to adopt and enforce local police, sanitary and similar regulations and to do and perform all of the acts pertaining to its local affairs, property and government which are necessary or proper in the legitimate exercise of its corporate powers and municipal functions.

(5) No enumeration of any right, power, privilege or authority hereinafter made and no repeal of any law under which the City derives any right, power, privilege or authority shall be construed as limiting or abolishing any right, power, privilege or authority hereinabove set forth.

(6) The rights, powers, privileges and authority of the City of New Orleans under this Charter shall be construed liberally in order to establish the broadest measure of local self-government in any and all matters not prohibited or reserved to the state by the Louisiana Constitution.

CHAPTER 2. BILL OF RIGHTS

Section 2-201. Preamble to the Bill of Rights.

This Bill of Rights is aspirational in nature. It incorporates guiding principles from the United Sates Constitution as well as the Louisiana Constitution. It reflects the beliefs, convictions and goals of the citizens of New Orleans.

Section 2-202. Bill of Rights.

(1) All persons are born free and equal in dignity and rights. They are endowed with reason and conscience and should act toward one another with respect.

(2) All government, of right, originates with the people, is founded on their will along, and is instituted to protect the rights of the individual and to provide for the general welfare of the people.

(3) The people have the right to a government responsive to their will and the right to take part in the government of the City, either directly or through freely chosen representatives.

(4) The people have the right to lawful and peaceful assembly, to petition the government for redress of grievance, and to equal access to public services.

(5) The people have the right to life, liberty, and security of person, the right to live free from fear or violence, and the right to safe neighborhoods conducive to the enjoyment of liberty.

(6) No law shall deprive any person of any rights, privileges, or immunities secured by the Constitution and laws of the United States or the State of Louisiana, nor shall any law discriminate against any person because of race, color, religion, or national origin. No law shall arbitrarily and capriciously or unreasonably discriminate against a person because of birth, disability, sex, sexual orientation, gender identification, culture, language social origin, or political affiliations.

(7) The people have the right to freedom of opinion and expression. No law shall restrain freedom of speech or freedom of the press.

(8) The people have the right to freedom of thought, conscience, and religion. No law shall be enacted respecting an establishment of religion.

(9) The people have the right to a government of the highest ethical standards, free from corruption, untainted by graft, and conducted in accordance with sound fiscal planning and administration.

(10) The natural resources of the City and the healthful, scenic, historic, and aesthetic quality of the municipal environment shall be protected, conserved, and replenished insofar as possible consistent with the health, safety, and welfare of the people.

(11) The people have the right to live in economic prosperity and to receive fair living wages for their labor, equal pay, comprehensive healthcare coverage and paid leave for the purposes of medical, family, bereavement, and vacation time.

(12) The people have the right to a safe workplace which complies with all Federal, state, and local workplace laws and regulations including wage and hour laws, as well as the right to organize and to associate freely in pursuit of workplace and economic justice.

(13) This Bill of Rights shall not create any enforceable rights, duties, obligations or causes of action under this Charter beyond those guaranteed by the Constitution of the United States or the Constitution of the State of Louisiana.
(M.C.S., Ord. No. 29828, § 4, 3-7-24, eff. 1-1-25)

ARTICLE III. THE COUNCIL

Section 3-101. Legislative Powers.

(1) All legislative powers of the City shall be vested in the Council and exercised by it in the manner and subject to the limitations hereinafter set forth.

(2) The Council shall have the right to levy any and all classes of taxes, excises, licenses, liens and fees necessary for the proper operation and maintenance of the municipality for the payment of debt, and for capital improvements that are not expressly prohibited by the Constitution provided that no specific tax or service charge affecting real property or motor vehicles shall be levied unless approved by a majority of the qualified electors voting thereon in an election held for that purpose. A specific tax or service charge affecting real property or motor vehicles is one which is imposed as a fixed sum on each article of a class without regard to its value provided, however, that the term "service charge affecting real property or motor vehicles" shall not be construed or interpreted to include or mean any charge, (including but not limited to a sanitation charge), fee, license, permit or rate imposed or levied pursuant to the regulatory authority of the City of New Orleans in the operation of the City, its departments, boards, agencies and commissions (whether attached or unattached) including, but not limited to, the Sewerage and Water Board.

Section 3-102. Number and Terms of Councilmembers.

The Council shall consist of seven members, of whom five shall be elected from districts, one from the City at-Large as Councilmember-at-Large, Division "1" and one from the City at-Large as Councilmember-at-Large, Division "2", each to be voted on as separate offices. The terms of councilmembers shall be four years beginning the second Monday in January next following their election except that a councilmember elected to fill a vacancy shall serve only for the remainder of the unexpired term.

The two Councilmember-at-large offices shall not be considered to be new or different offices for purposes of Section 3-105(3) herein.

Section 3-103. Council Districts.

(1) The City shall be divided into five Council Districts. Each District shall serve as the basis for electing a district councilmember. The five Districts shall be those existing on January

1,1995, except as thereafter changed in accordance with the provisions of this Charter. The Council shall maintain maps and written descriptions of the Council districts for public review and inspection and shall make copies available, through sale or otherwise, to the public.

(2) It shall be the mandatory duty of the Council to redistrict the City by ordinance, which shall not be subject to veto by the Mayor, within six months after the official publication by the United States of the population of the City by precinct as enumerated in each decennial census. Each council district shall contain as nearly as possible the population factor obtained by dividing by five the City's population as shown by the decennial census. At the expiration of the six month period, if the Council shall have failed to redistrict the City as herein required, the responsibility for redistricting shall pass to a Redistricting Commission, consisting of the presidents or chancellors or a person designated by the president or chancellor of Dillard University, Loyola University, Southern University of New Orleans, Tulane University, the University of New Orleans and Xavier University and a designee selected by each member of the Council. Each member of the Redistricting Commission shall be an elector of and domiciled in the City of New Orleans. The City Attorney shall notify the university presidents or chancellors and the members of the Council of the need for activation of the Redistricting Commission and shall request that they make appointments to the Commission within ten days. The City Attorney shall convene the first meeting of the Commission no sooner than fourteen nor later than twenty-one days following the delivery of notice to the university presidents or chancellors and the members of the Council. A majority of the members initially appointed shall constitute a quorum for purposes of the first meeting of the Commission, at which the members there assembled shall proceed forthwith to make, by majority vote, any appointments not theretofore designated by the appointing authorities. Thereafter, a quorum shall consist of a majority of all thirteen members of the Commission. No later than forty days following the City Attorney's notice to the university presidents or chancellors and the members of the Council, the Redistricting Commission shall, by majority vote, adopt a redistricting plan. The plan shall immediately be delivered to the Clerk of Council and shall become legally effective upon its receipt by the Council Clerk. Following the expiration of the six month period, the members of the Council shall not receive any further salaries until the Redistricting Commission shall have delivered such redistricting plan to the Clerk of Council, and the Director of Finance shall not issue checks for such salaries for said periods.

Section 3-104. Qualifications of Councilmembers.

(1) A councilmember shall be a citizen of the United States and a qualified elector of and domiciled in the City and shall not hold any other public office or position, except that the councilmember may hold the office of Notary Public, office in the military or naval forces or a position as a public school, public college, or public university administrator, teacher, instructor, or professor. Candidates for councilmember-at-large shall have been domiciled in the City for two years immediately preceding their election. Except as provided in paragraph (2) of this Section, candidates for district councilmember shall have been domiciled in the districts from which elected for at least two years immediately preceding their election. Any councilmember who ceases to be domiciled in the district from which elected shall thereby vacate the office.

(2) At the next regular election for members of the Council following Council redistricting, an elector may qualify as a candidate from any district created in whole or in part from a district existing prior to redistricting, if the elector was domiciled in that prior district for at least two years immediately preceding qualification. The seat of any member who changes domicile from the district represented or, if elected after redistricting, whose domicile is not within the district represented within one year after taking office shall be vacated thereby, any declaration of retention of domicile to the contrary notwithstanding.

Section 3-105. Election of Councilmembers.

(1) At an election to be held every four years at the time of the election of the Mayor in accordance with the election laws of the state, one councilmember shall be elected from each council district and two from the City at large. Each elector may vote for one district councilmember from that elector's district, and may also vote for two councilmember-at-large.

(2) A vacancy in the office of any councilmember shall be filled as follows:

(a) If the unexpired term is less than one year, the remaining members of the Council shall select by a majority vote of all of its members a citizen with the requisite qualifications to fill the vacancy for the unexpired term. Vacancies shall

be filled only at a regular meeting of the Council after reasonable notice of the vacancy to all remaining members of the Council. Should the Council fail to fill any vacancy within thirty days after its occurrence, the Mayor shall appoint a citizen with the requisite qualifications to fill the vacancy for the unexpired term. A citizen selected or appointed to fill such vacancy shall be ineligible to qualify as a candidate for that office at the next election.

(b) (i) If the unexpired term is for one year or more, the vacancy shall be filled by special election, to be called by the Council within ten days after its occurrence and to be held in accordance with the election laws of the State, at which time the electors of the City, or should the vacant office be that of a district councilmember, the electors of that district, shall elect a citizen with the requisite qualifications to fill the vacancy for the remainder of term; provided that if any special or general election is to be held in the City after sixty days and within six months after occurrence of the vacancy, then the election shall be held in conjunction with such other election.

(ii) During the period between the time of vacancy and the filling of such vacancy by special election, the Council, by majority vote of its entire membership, shall select a citizen with the requisite qualifications to fill the vacancy. Should the Council fail to fill any vacancy within thirty days after its occurrence, the Mayor shall appoint a citizen with the requisite qualifications to fill the vacancy during the interim period. A citizen selected or appointed to fill the vacancy shall be ineligible to qualify as a candidate for that office at the next election called to fill the vacancy.

(3) A person who has served as a councilmember representing a Council district for more than one and one-half terms in two consecutive terms shall not be elected as a councilmember representing a Council district for the succeeding term. A person who has served as a councilmember-at-large for more than one and one-half terms in two consecutive terms shall not be elected as a councilmember-at-large for the succeeding term.

Section 3-106. Salaries and Removal of Councilmembers.

(1) The salary of each councilmember shall be as provided by ordinance, provided that each councilmember shall receive the same salary and that no increase of salary shall be effective during the term in which said increase is voted. No change in the salaries of councilmembers made during the last six months of any term shall be valid as to any councilmember elected for a succeeding term.

(2) Councilmembers shall be removed from office only in the following manner and for the following reasons:

(a) If a councilmember pleads guilty or nolo contendere to a federal or state felony charge, the Council shall, by majority vote of its entire membership, declare that the seat of the councilmember is vacant due to the disqualification of the incumbent for felonious behavior and shall forthwith proceed to fill the vacancy in accordance with the applicable provisions of Section 3-105 of this Charter. Should the Council fail to fill any vacancy within thirty days after its occurrence, the Mayor shall appoint a citizen with the requisite qualifications to fill the vacancy.

(b) (i) If a councilmember is convicted of a federal or state felony, that councilmember shall be automatically suspended from the seat without compensation. The suspension without compensation shall continue until the conviction is final and all appellate review of the original trial court proceedings is exhausted, at

which time the Council shall, by majority vote of its entire membership, declare that the seat of the councilmember is vacant due to the disqualification of the incumbent for felonious behavior and shall forthwith proceed to fill the vacancy in accordance with the applicable provisions of Section 3-105 of this Charter. Should the Council fail to fill any vacancy within thirty days after its occurrence, the Mayor shall appoint a citizen with the requisite qualifications to fill the vacancy. During the period of suspension, the councilmember shall not perform any official act, duty, or function nor shall the councilmember receive any compensation, pay, allowance, emolument, or privilege of the office. If the conviction is reversed on appeal, the councilmember shall be entitled to and shall receive full back pay from the date of suspension with legal interest on portions thereof, from the date that the Councilmember, but for the suspension, would have been paid that portion. Additionally, the Councilmember shall have restored all rights, duties, powers, allowances, emoluments, and privileges of office.

(ii) During this suspension, the Council shall, by a majority vote of its entire membership, declare that the seat of the councilmember is temporarily vacant due to suspension and shall forthwith proceed to fill the vacancy in accordance with the applicable provisions of Section 3-105(2)(a) of this Charter. Should the Council fail to fill any vacancy within thirty days after its occurrence, the Mayor shall appoint a citizen with the requisite qualifications to fill the vacancy. Any citizen appointed to fill a temporary vacancy under the terms of this section shall serve in the appointed capacity until the conviction of the councilmember is reversed on appeal or until expiration of the term of office of the suspended councilmember, whichever comes first.

(c) If a councilmember is recalled from office in accordance with applicable state or municipal law, the vacancy shall be filled forthwith in accordance with the applicable provisions of Section 3-105 of this Charter.

Section 3-107. Organization of the Council; Officers; Rules; Employees.

(1) The members of the Council shall take office on the same day as the Mayor in accordance with Section 4-201 of this Charter. The Council shall meet in the Council Chamber at the City Hall for organization at noon on the day its members take office, at which time it shall elect one at-large member as President and any one of its other members as Vice-President, both of whom shall serve at pleasure of the Council. It shall also elect a Clerk of Council who shall not be selected from its own membership. In the event of the President's absence or disability, the Vice-President shall act as President. All councilmembers, including the President, shall have the right to vote in the Council at all times, except when a councilmember-at-large is serving as Acting Mayor, in which case the councilmember-at-large may vote on such matters and for the limited purposes as provided in Section 4-204 of this Charter. Five members of the Council shall constitute a quorum.

(2) The Council shall adopt rules governing its officers and employees, the organization of committees, and the transaction of its business.

(3) The Council shall adopt such reasonable rules and regulations, which are used herein synonymously, affecting the public, including regulations relating to petitions or applications to be presented to it and the hearing and determination thereof, as are not inconsistent with applicable law and as are necessary to the performance of the functions assigned to it, provided that no such regulations shall become effective until they shall have been published in

the official journal at least one week prior to their adoption and shall have been subsequently adopted by the Council. The regulations shall also be published in the official journal after adoption by the Council. Such regulations shall be kept and indexed by the Clerk of Council, who shall make them available to members of the public upon request.

(4) Consistent with civil service law and regulations, the Council may employ such employees as may be necessary for the proper discharge of its functions and shall establish by ordinance a pay plan for all its employees who are in the unclassified service.

(5) The rules of the Council shall provide for regular meetings, which shall be held twice a month, provided that the Council may call additional regular meetings during the months of November and December by giving at least seventy-two hours advance public notice of an additional regular meeting. The Council's rules shall fix the time, date, and place of all regular meetings. Special meetings of the Council may be called by the Mayor or President of the Council and shall be called by the President upon petition of a majority of all members of the Council.

(6) Any person shall be entitled upon request in writing to the Clerk of Council and subject to such regulation as the Council may have prescribed, to a reasonable hearing on any proposed ordinance. The Council may in its discretion provide for such hearing by the entire Council or a Committee thereof.

(7) The Clerk of Council shall maintain a current and comprehensive index of all ordinances, resolutions, motions, rules, and regulations. Further, the Clerk of Council shall publish or cause to be published a current City Charter.

Section 3-108. Council Meetings to be Public.

The meetings of the Council and its committees shall be open to the public in accordance with applicable state and municipal law.

Section 3-109. Applicability of Certain General Provisions.

The Council and its employees shall be subject to the provisions of this Charter relative to the procurement of personal property, printing, engraving, and publication, contracting for public utility services, maintenance of equipment, disposal of personal property, payment for services and other expenses, distribution of printed matter and any applicable civil service law, rules and regulations.

Section 3-110. Mayor May Appear Before Council.

The Mayor shall have the right to attend any meeting of the Council or any of its committees and may express views on matters pending before the Council but shall have no right to introduce any motion, resolution, ordinance, or amendments thereof, nor to vote thereon.

Section 3-111. Legislation by Ordinance.

Every act of the Council which is to become law shall be by ordinance and shall begin with the words: "The Council of the City of New Orleans hereby ordains:". Repetition of the ordaining clause in succeeding portions of an ordinance shall not be required.

Section 3-112. Introduction, Consideration, and Passage of Ordinances.

(1) Proposed ordinances must be complete and in writing and may be introduced by any member at any meeting of the Council. Every ordinance shall embrace but one object except those approving the annual operating and capital budgets and codifications.

(2) After a proposed ordinance has been introduced, copies of it shall forthwith be prepared and distributed to each member of the Council and the Mayor and made available to the public.

(3) A proposed ordinance shall not be altered or amended during its consideration so as to nullify its original purpose or so as to accomplish an object not germane to its original purpose.

(4) A proposed ordinance shall lie over at least six calendar days beginning the day after its introduction before being finally considered by the Council.

(5) Proposed ordinances on any of the following specified subjects can be adopted only at a regular meeting of the Council and shall not be adopted until at least twenty calendar days have transpired beginning on the day after the date of introduction of the ordinance and not until a notice of the introduction of such proposed ordinance shall have been published in the official journal of the City not less than seven calendar days nor more than fourteen calendar days after the introduction thereof, which notice shall state the substance of the proposed ordinance and the date of the meeting at which the Council shall begin its consideration thereof:

(a) Levying or increasing the rate of any tax or excise.

(b) Imposing any license, requiring any permit, establishing any charge for services rendered, or increasing the rate of any license, fee, or utility charge.

(c) The adoption, amendment, or comprehensive revision of the Master Plan or the Comprehensive Zoning Ordinance, including without limitation text amendments, zoning or rezoning, or changing the zoning districts or classifications.

(d) Alienating any immovable property or granting any servitude, franchise, or privilege.

(6) The Clerk of Council shall distribute to all members of the Council and shall make available to the public copies of any proposed ordinance as soon as possible, but no later than two business days after introduction of the proposed ordinance.

(7) An amendment to a pending ordinance shall not require an additional period of days to lie over before it may be adopted by the Council, unless such amendment introduces new subject matter which is subject to the provisions of Section 3-112(5) as provided above.

(8) Each proposed ordinance shall be read by title when called for final passage.

(9) Votes at final passage shall be taken by ayes and nays and the names of the councilmembers voting for and against each proposed ordinance or amendment shall be entered upon the journal of proceedings to be kept of all transactions of the Council.

(10) No proposed ordinance shall be adopted except by the affirmative vote of a majority of all members of the Council.

(11) Should the Council by unanimous vote of a quorum declare the existence of an emergency due to act of God, riot, war, or a grave emergency which threatens widespread loss of life or grievous injury to health or property, the Council by unanimous vote of a quorum may waive all of the requirements of this Section pertaining to procedure, except those relating to the number of votes required for passage and the recordation of the vote in the official journal.

Section 3-113. Submission of Ordinances to the Mayor.

(1) Every ordinance adopted by the Council shall be signed by its presiding officer and presented promptly by the Clerk to the Mayor.

(2) The Mayor, within ten calendar days of receipt of an ordinance, shall return it to the Clerk with or without his approval or with his disapproval. If the ordinance has been approved it shall become law upon its return to the Clerk; if the ordinance is neither approved nor disapproved it shall become law at twelve o'clock noon on the tenth calendar day after its adoption; if the ordinance is disapproved, the Mayor shall submit to the Council through the Clerk a written statement of the reasons for the veto. The Clerk shall record upon the ordinance the date of its delivery to and receipt from the Mayor.

(3) Ordinances vetoed by the Mayor shall be presented by the Clerk to the Council at its next regular meeting, and should the Council then or at its next regular meeting adopt the ordinance by an affirmative vote of two-thirds of all its members, it shall become law.

(4) The Mayor may disapprove or reduce any item or items of appropriation in any ordinance except any such item or items appropriated for the purpose of auditing or investigating any part or all of the Executive Branch. Subject only to the foregoing exceptions, the approved part or parts of any ordinance making an appropriation shall become law, and the part or parts disapproved shall not become law unless subsequently passed by the Council over the Mayor's veto as provided herein.

(5) All ordinances which have become law shall immediately be deposited in the official archives of the Clerk of Council. The Clerk shall note on the face of the ordinance the date and time it has become law, and the ordinance shall become effective at noon on the following day, provided that ordinances adopted to meet emergencies shall become effective at the time they become law. Except as otherwise provided in this Charter, the Clerk shall cause each ordinance which has become law to be published in full in the official journal.

Section 3-114. Codification of Ordinances.

(1) The Council shall cause to be maintained a code of ordinances, hereinafter referred to as the "code," containing all of the ordinances of the City of general application which are appropriate for continuation as law. The code may consist of parts which may be published, bound, and distributed separately. The code shall be maintained by the Clerk of Council, or the Council may execute a contract for its maintenance by professional persons or organizations experienced in the revision and codification of ordinances or statutes.

(2) The City Attorney shall direct the inclusion of ordinances in the code and shall direct the removal from the code of ordinances that have been declared unconstitutional or illegal by a court of competent jurisdiction in a final judgment or that are the subject of a permanent injunction. The City Attorney shall notify the Mayor and the Council of intended action pursuant to this paragraph, and such action shall become effective upon approval by a majority of the entire Council or, if no action is taken at the first or second regular meeting subsequent to its receipt of the notice of intended action, the City Attorney's action shall become effective on the Monday following the second regular Council meeting subsequent to receipt of the notice.

(3) The Council may adopt or amend any standard code of technical regulation by reference thereto in an adopting or amending ordinance. The procedures and requirements governing such an adopting or amending ordinance shall be those as prescribed for ordinances generally, except that the adopting ordinance shall be construed to include copies of the codes of technical regulations referenced in the adopting ordinance, as if fully reproduced therein. A copy of each adopted code of technical regulations and the adopting ordinance and any amendment thereto shall be deposited with the Clerk of Council in accordance with Section 3-113(5) of this Charter. The adopted codes of technical regulations may be published separately from other sections of the code, in which event said codes shall be collectively referred to as the codes of technical regulations.

(4) When the code, including the codes of technical regulations, or any general revision shall have been prepared, the Council shall cause copies of the same to be prepared and made available for public distribution and placed in the City Archives of the New Orleans Public Library. No ordinance approving such code or revision shall be adopted until ninety days have elapsed following the date on which the Council shall have noted in the official journal the availability of copies of such proposed code to the public, nor until compliance with all applicable state and municipal laws. The code and general revisions need not be printed in the official journal but the Council shall cause the code or revisions to be published, bound, and distributed as provided in this Section.

(5) All proposed ordinances of general application introduced after approval of the code shall be adopted as amendments to the code and shall indicate the section numbers to be assigned to the text of such ordinances in the code.

Section 3-115. Consideration and Adoption of the Annual Operating Budget Ordinance.

(1) The Council, upon receipt of the operating budget, shall immediately publish a notice in the official journal, setting forth:

(a) A summary of the official forecast of the Revenue Estimating Conference, a summary of the proposed budget of revenues, and a summary of the estimated expenditures.

(b) The detail of recommended new sources of revenue or increased rates for existing taxes, licenses, fees, or other revenues.

(c) The availability of copies of the budget at the office of the Clerk of Council.

(d) The date, time, and place at which the Council will commence its public hearings upon the proposed budget, which shall not begin sooner than the fifth business day after the date of the publication of such notice.

(2) The Council, upon conclusion of the public hearings but not later than the first day of December, shall adopt the operating budget ordinance in the form submitted by the Mayor and in accordance with Section 6-201(2)(b) of this charter, but it may increase, decrease, or delete any item of appropriation recommended by the Mayor. Upon concurrence of two-thirds of its members, it may add new items of appropriation or subdivide items of appropriation, provided, however, that all appropriations for personal services shall be made only in lump sum amounts and not by specific positions or rates of pay, except as otherwise provided by applicable law.

(3) Amendments to the annual operating budget ordinance shall be considered and approved by the Council under the same procedures prescribed for its original adoption, but no amendment shall increase the aggregate of authorized expenditures to an amount greater than the estimate of revenues for the year. No state law, executive order, rule, or regulation requiring increased expenditures for any purpose that requires approval of the City shall become effective until approved by an ordinance identifying the legislative appropriation, local revenue, or other specific source of funds from which such increased expenditures shall be paid and only after affording the Revenue Estimating Conference a period of seven days within which to review and comment on the proposed source of funds.

Section 3-116. Budget of Revenues.

(1) The Council, at the meeting at which the annual operating budget ordinance is adopted and within the limits of its power and subject to other provisions of this Charter, shall ordain such taxes and other revenue measures as will yield sufficient revenue which together with available surplus will balance said budget.

(2) The annual operating budget ordinance shall not become effective until the budget has been balanced. The Department of Finance shall not approve any expenditure under any portion of an annual operating budget ordinance until sufficient estimated revenues have been provided to finance the proposed expenditures.

(3) Revenues shall be estimated only upon the basis of generally accepted accounting principles as defined by the Governmental Accounting Standards Board, or any successor organization, for the fiscal year.

Section 3-117. The Capital Program and Capital Budget.

(1) The Council shall approve a capital program and adopt a capital budget before it ordains the annual operating budget.

(2) The Capital Program.

(a) The capital program shall detail all permanent physical improvements that are planned to be financed in whole or in part from funds that are or may become subject to control or appropriation by the Council during each of the ensuing five years. For each separate project there shall be shown the amount and the sources of the money that has been expended or encumbered, or is to be expended or encumbered before the next fiscal year,

and also the amount and the sources of the money planned to be expended during each of the ensuing five years.

(b) The Council may not amend the capital program as submitted to it, until it has requested and received through the Mayor the recommendations of the City Planning Commission with respect to the proposed amendment. The Council shall not be bound by such recommendations and may act without them if they are not received within fifteen days from the date they are requested.

(3) The Capital Budget Ordinance.

(a) The capital budget ordinance shall show in detail the capital expenditures to be made or incurred in accordance with the capital program during the next year. Amounts budgeted shall constitute appropriations from the funds indicated when available.

(b) Amendments to the capital budget ordinance must conform to the capital program, as amended.

Section 3-118. Adoption of Pay Plans.

All persons employed by the City or any of its boards, whether as officers or otherwise, and paid either in part or in whole from appropriations made by the Council, except those whose compensation is fixed in this Charter, shall be compensated only in accordance with pay plans adopted by the Council. The pay plan for those persons in the classified service shall be in accordance with the prevailing provisions of the civil service law and the rules and regulations adopted thereunder. Council employees who are in the unclassified service shall be compensated in accordance with the provisions of Section 3-107(4) of this Charter. The pay of all other persons shall be upon the basis of a pay plan recommended by the Mayor and adopted by ordinance.

Section 3-119. Creation of General Debt.

(1) The Council shall exercise all powers previously vested in the Commission Council in connection with the creation of debt by the Board of Liquidation, City Debt, on behalf of the City of New Orleans; provided, however, that except as expressly authorized elsewhere in this Charter, the Council shall not have authority to submit to the people any proposition creating any bonded indebtedness for the following purposes:

(a) The payment of any operating expense.

(b) The payment of any judgment resulting from the failure of the City to pay any item or items of operating expense,

(c) The payment for any equipment or any public improvement of a normal life of less than ten years.

The City shall have the authority, except as otherwise prohibited by this Charter, to incur any debt of a term longer than one year permitted under the Constitution and applicable state and municipal law with the approval of a majority of all members of the City Council.

(2) The foregoing limitations shall not apply should the Council unanimously declare the existence of an emergency due to act of God, riot, war, or a grave emergency which threatens widespread loss of life or grievous injury to health or property.

Section 3-120. Creation of Special Assessment Debt.

The Council may authorize the issuance of certificates of indebtedness to finance assessable public improvements only to the extent provided in this Charter and in the manner provided by law.

Section 3-121. Anticipation of Revenues.

The Council may, subject to such limitations as may be contained in the Constitution, borrow in any calendar year in anticipation of the collection of the taxes of that year, and for any of the purposes for which such taxes are levied, such sums as shall not be in excess of seventy-five per cent of the amount of the uncollected taxes of such year.

Section 3-122. Official Journal.

(1) The Clerk of Council shall annually offer a contract for the publication of the official journal of the City to be awarded to the lowest competitive bidder meeting the specifications contained in the bid documents. The requirements for the official journal shall be established by ordinance.

(2) The ordinance establishing requirements shall also stipulate that the official journal will accept for publication, at not more than the same rates, the official publications of the various officers, departments and boards of the City.

(3) Unless prohibited by applicable and preemptive state law, the Council may provide by ordinance that any item required by this Charter to be published in the official journal may instead be published electronically or in a register. The Chief Administrative Officer shall be responsible for implementation of said ordinance. Any contract for such publication shall be subject to applicable public bid laws and competitive selection procedures.

Section 3-123. Publication of Ordinances and Official Acts.

(1) All ordinances and other official acts of the Council shall be published promptly after their adoption by one insertion in the official journal, except as otherwise provided by applicable state or municipal law or this Charter.

(2) The Council may provide for or require the publication in the official journal of all or any part of the proceedings, notices, and actions of officers, departments and boards of the City.

Section 3-124. Investigations.

(1) The Council shall have the power to conduct investigations of:

(a) The operation of any office, department or board administering the affairs of the City.

(b) Any subject upon which it may legislate.

(c) Any entity which receives funds from the City or which is funded in whole or in part by City taxes, fees, fines, bond proceeds, or other revenue generated by or under the authority of the City. Such investigation shall be limited to the use or expenditure of such funds.

(d) Any entity which was created or exists under the authority of the City.

(2) In conducting investigations, the Council shall have the right to administer oaths, subpoena witnesses and compel the production of books and papers pertinent thereto.

Section 3-125. Removal of Unclassified Appointees.

The Council may bring charges against any person appointed to the unclassified service for lack of qualifications, incompetence, neglect of duty, failure to comply with a lawful directive of the Civil Service Commission or gross misconduct in reference to that person's duties. The charges shall be presented in writing to the appointing authority and to the accused, and if the appointing authority does not remove the accused, the Council may order a public hearing thereon, at which the accused and the appointing authority shall have the right to be heard, to be represented by counsel, and to require the attendance of witnesses and the production of relevant books and papers. If, after hearing, the accused be found guilty as charged, the accused may be suspended or dismissed from the City service by the affirmative vote of a majority of the entire membership of the Council.

Section 3-126. Temporary Prohibitions.

(1) The Council may by the affirmative vote of a majority of its membership impose a moratorium ordinance, interim zoning district, or other temporary prohibition on zoning, permitting, and other similar functions where necessary to protect the public health, safety, or welfare for a temporary period. All such temporary prohibitions shall specify the type of review required and the city agency responsible for the review; the agency shall complete its review and provide its report to the Council within the time limits established for such temporary prohibitions. No moratorium ordinance, interim zoning district, or other temporary prohibition shall remain in effect for more than one year, provided that the

Council may by ordinance authorize one extension for an additional period of 180 days. In the event that the agency responsible for the required review has not completed its review and submitted its report within the initial period or the 180 day extension, the Council may by ordinance extend the temporary prohibition for one additional period of up to 180 days. Thereafter, no moratorium ordinance, interim zoning district, or similar prohibition of substantially the same legal effect on substantially the same geographic area may be imposed until at least one year after the expiration of the prior moratorium ordinance, interim zoning district, or other temporary prohibition. A moratorium ordinance adopted pursuant to this section shall not be required to lie over for the twenty-day period specified in Section 3-112(5) of this chapter.

(2) Any moratorium ordinance, interim zoning district, or other temporary prohibition in effect on January 1, 1996 shall be limited to a term of one year in duration from that date subject to extensions as provided in paragraph (1) above.

(3) Any moratorium ordinance, interim zoning district, or other temporary prohibition shall provide for a right of appeal to the Council for waivers or exceptions thereto. Such waivers or exceptions may be granted by an ordinance adopted by a majority of all members of the Council.

Section 3-127. Creation of Advisory Committees.

The Council may appoint advisory committees which shall exist for not more than one year from the date of appointment, but which may be reappointed from year to year. The members of advisory committees shall not be paid; their function shall be limited to counsel and advice, and their expenses, if any, shall be paid from appropriations to the Council. Advisory committees shall have no employees, but the Council may cause its employees to furnish such service as may be needed by said committees.

Section 3-128. Granting of Franchises.

(1) The Council shall have the power to grant franchises, privileges and permits, fixed or indeterminate, for the use of the streets and other public places for the furnishing of any service to the City or to its inhabitants subject to applicable state or municipal law. All franchises, privileges and permits and any renewals, extensions and amendments thereof, shall be granted only by ordinance. All such proposed ordinances shall be submitted to the Department of Utilities or its successor and it shall render to the Council a written report containing recommendations thereon.

(2) Each such proposed ordinance granting a franchise, privilege, or permit, after having been introduced in the Council, shall be laid over and published once in full in the official journal. There shall then be published in the official journal once during each calendar week for the two successive weeks immediately following said publication in full, notices of intention, briefly describing the content of the proposed ordinance and citing where it can be seen. If any time during such period of publication, any citizen shall file notice with the Clerk of Council of a desire to be heard with respect to the proposed ordinance, it shall be the duty of the Council, after notice thereof in the official journal, to hold a public hearing thereon. After publication or public hearing as the case may be, the Council may approve, disapprove or amend the proposed ordinance. Should the Council desire to amend such proposed ordinance, it shall, before final passage, request the recommendation of the Department of Utilities or its successor with respect to the proposed changes. The Council shall not be bound by such recommendation and may act without it if it is not received within fifteen days from the date it is requested.

(3) The City shall be reimbursed by the grantee for all costs of publishing the preliminary ordinance, notices of intention and public hearing, and final ordinance.

(4) Should a proposed ordinance granting a franchise, privilege, or permit affect any portion of the Master Plan of the City Planning Commission, the Council shall before final consideration and passage request a recommendation from the City Planning Commission with respect thereto.

Section 3-129. Terms.

(1) Franchises, privileges and permits shall specify their purpose and the streets or other public areas which they affect. No perpetual franchise shall be granted.

(2) The Council shall, when granting an indeterminate permit, and may in other instances, reserve to the City the right to purchase the property of the utility devoted to the service furnished.

(3) The Council may require adequate consideration for the privilege of using the streets or other public areas in the ordinance granting a franchise, privilege or permit.

(4) No assignment of any franchise, privilege or permit shall be valid without the approval of the Council.

Section 3-130. Establishment of Rates.

(1) The Council of the City of New Orleans shall have all powers of supervision, regulation, and control consistent with the maximum permissible exercise of the City's home rule authority and the Constitution of the State of Louisiana and shall be subject to all constitutional restrictions over any street railroad, electric, gas, heat, power, waterworks, and other public utility providing service within the City of New Orleans including, but not limited to the New Orleans Public Service, Inc. and the Louisiana Power and Light Company, their successors or assigns.

(2) In the exercise of its powers of supervision, regulation and control of any street railroad, electric, gas, heat, power, waterworks, or other public utility, the Council shall, in cases involving the establishment, change or alteration of rates, charges, tolls, prices, fares or compensation for service or commodities supplied by such utilities, cause notice of the matter to be served upon the person, firm or corporation affected thereby, so that such person, firm or corporation shall have an opportunity, at a time and place to be specified in said notice, to be heard in respect to said matter. The Council shall make all necessary and reasonable rules and regulations to govern applications for the fixing or changing of rates and charges of public utilities and all petitions and complaints relating to any matter pertaining to the regulation of public utilities, and shall prescribe reasonable rules and regulations to govern the trial, hearing and rehearing of all matters referred to herein, under the same procedure as provided for ordinances granting franchises.

(3) The City of New Orleans may institute or participate in any proceeding affecting the City Council's powers of supervision, regulation and control granted hereunder over public utilities or affecting in any way the interests of the ratepayers of the City of New Orleans, and any recovery or benefit derived from any such proceeding shall be allocated by the City Council as it deems fit and proper, pursuant to such reasonable rules and regulations as the Council may adopt.

(4) The City Council's powers of supervision, regulation and control over any street railroad, electric, gas, heat, power, waterworks, or other public utility shall include, inter alia, the power to allocate any funds, awards, recovery or any other benefit obtained by any public utility supervised, regulated or controlled under the provisions of this Chapter from any person, firm or corporation in connection with or in any way related to negotiations, judicial or administrative proceedings, directly or indirectly related to or in connection with any matter which is under the powers and authority herein granted to the City Council affecting the ratepayers in the City of New Orleans, and such allocations shall be made by ordinance or resolution, provided same shall be in accordance with the provisions hereof.

(5) The powers of supervision, regulation, and control over any street railroad, electric, gas, heat, power, waterworks, or other public utility, shall include the authority to assess against such public utilities all costs, fees, and expenses incurred by the City of New Orleans in (a) the exercise of its powers of supervision, regulation, and control thereof, (b) the conduct of or participation in judicial, administrative or other proceedings which directly or indirectly affect the ratepayers of the City of New Orleans, including but not limited to the costs, fees and expenses of all services provided by consultants, engineers, attorneys, experts and such other persons, firms

or corporations having expertise in the supervision, regulation or control of a public utility and (c) any costs, fees, and expenses otherwise related to such other matters over which the Council has jurisdiction.

(6) The orders of the Council fixing or establishing any rate, fare or charge for any commodity furnished, service rendered, or to be rendered, by any street railroad, electric, gas, heat, power, waterworks, or other public utility, or allocating any funds or other benefits, shall go into effect at such time as may be fixed by the Council and shall remain in effect and be complied with, unless and until changed, set aside or suspended by the Council or by a court of competent jurisdiction. Such order of the Council shall be upon a resolution or an ordinance in open council meeting and passed by an affirmative vote of a majority of all members of the Council.

(7) The orders of the Council shall be enforced by the imposition of such reasonable penalties as the Council may provide, and any party in interest may appeal from orders of the Council to the Civil District Court for the Parish of Orleans by filing suit against the Council within thirty (30) days from the date of the order of the Council, and not thereafter.

(8) The Council shall supervise, regulate, and control any street railroad, electric, gas, heat, power, waterworks, or other public utility, including but not limited to New Orleans Public Service, Inc. and Louisiana Power and Light Company, and their respective successors and assigns. The Council shall have the right and authority to obtain from the street railroad, electric, gas, heat, power, waterworks, or other public utility, supervised, regulated and controlled by it all information, papers, books, records, documents, and such other materials as shall be necessary and proper for the exercise of said powers, regulatory or otherwise and all costs, fees, and expenses in connection therewith shall be borne by the public utility required to furnish or produce same.

(9) No matter subject to the supervision, regulation and control of the Council, as provided herein, shall be affected, augmented, diminished, or modified in any manner or form except as provided herein or by subsequent order or action of the Council or by order or judgment of a court of competent jurisdiction.

Section 3-131. Special Permits.

(1) The Council may by ordinance provide for the issuance of revocable permits limited as to time and purpose for the use of the streets and other public places when the furnishing of a public service to the City or to its inhabitants is temporarily required.

(2) The Council may by ordinance provide for the issuance of certificates of public necessity and convenience and for the regulation and supervision of all passenger vehicles offered for hire on the streets and other places.

ARTICLE IV. EXECUTIVE BRANCH

CHAPTER 1. ORGANIZATION AND GENERAL PROVISIONS

Section 4-101. Executive Powers.

All executive and administrative powers of the City shall be vested in and exercised by the Executive Branch.

Section 4-102. Organization.

The Executive Branch shall consist of the Office of Mayor, of which the Mayor shall be the head; the Administrative Office, of which the Chief Administrative Officer shall be the head; the department heads; the unattached boards in Article V of this Charter; and the following departments and boards; all of which are hereby created and established or continued and recognized:

(1) *Departments:*

Department of Law

Department of Police

Department of Fire

Department of Safety and Permits

Department of Sanitation

Department of Public Works

Department of Recreation

Department of Human Services

Department of Health

Department of Finance

Department of Property Management

Department of City Civil Service

Department of Utilities

Department of Parks and Parkways

(2) *Boards and Commissions:*

(a) Departmental:

In the Department of City Civil Service:

Civil Service Commission

(b) Attached to Departments or Commissions:

To the Department of Safety and Permits:

Board of Building Standards and Appeals

To the City Planning Commission:

Board of Zoning Adjustments

To the Department of Property Management:

Delgado Albania Plantation Commission

To the Department of Finance:

Board of Trustees of the Municipal Employees' Retirement System

Board of Trustees of the Police Pension Fund

Board of Trustees of the Firemen's Pension and Relief Fund

The foregoing boards shall be attached to but shall not be a part of the departments or commissions, as indicated; and the head of each department shall be an ex-officio member of the boards attached thereto to the extent permitted by law, and except as otherwise provided herein. The responsibilities of the departments with respect to such boards shall be limited to the general oversight of their operations for the purpose of providing information thereon to the Mayor, Chief Administrative Officer and the Council.

(c) Other:

Board of City Trusts

Central Business District Historic District Landmarks Commission

New Orleans Historic District Landmarks Commission

Mosquito Control Board

Section 4-103. Other Administrative Agencies Prohibited.

(1) No department nor board shall be created except as provided in this Charter; but if any constitutional or legislative office or board operating in or with respect to any function of the City be abolished, the Council, in its discretion, shall have the right by ordinance to establish a corresponding office or board, in such manner as the Council may deem proper.

(2) The names, functions, or assignment of functions of departments, officers, boards, and commissions included in this Article may be amended, and such departments, officers, boards, and commissions may be consolidated, subdivided, reorganized, or abolished by amendment in accordance with the provisions of Section 9-201(2), except for the Mayor, the Administrative Office, and the Departments of Law, Police, Fire, Finance, and City Civil Service, which shall be subject to amendment only in accordance with Section 9-201(1).

Section 4-104. Creation of Advisory Committees.

The Mayor, department heads with the approval of the Mayor, and boards may each appoint advisory committees which shall exist for not more than one year from the date of appointment, but which may be reappointed from year to year. The members of advisory committees shall not be paid; their function shall be limited to counsel and advice; and their expenses, if any,

shall be paid from appropriations to the appointing authority. Advisory committees shall have no employees, but the appointing authority may cause its employees to furnish such services as may be needed by said committees.

Section 4-105. Assignment of Activities.

(1) All duties, functions or activities of the City not assigned herein or otherwise assigned by applicable state or municipal law may be assigned or reassigned by the Mayor to appropriate offices, or to existing departments and boards.

(2) Any office or unit established after the effective date of this Charter shall be placed in one of the offices, departments or boards created or recognized by this Charter.

Section 4-106. Appointment and Removal of Department Heads.

(1) The City Attorney shall be appointed and may be removed by the Mayor.

(2) All other department heads shall be appointed and may be removed by the Chief Administrative Officer with the approval of the Mayor, except where other appointing authority is designated by this Charter or by applicable State law.

(3) No appointing authority shall appoint any person in the unclassified service until satisfied by proper investigation that the person to be appointed is of good moral character and is fully qualified by experience or ability properly to perform the duties and execute the functions assigned to the position.

(4) Appointments to head any executive branch department established by Article IV of the Charter, when made by the Mayor or by the Chief Administrative Officer, shall require confirmation by the Council, in accordance with a confirmation process to be established by Council rule. The Council may, by ordinance, require Council confirmation of any appointment to head any other department, office or unit to which executive powers have been assigned or transferred in accordance with Sections 4-105 or 9-201(2) of the Charter.

(5) The Mayor or Chief Administrative Officer, as appropriate, may appoint one or more persons to fill a position governed by this section on an interim basis without first obtaining Council confirmation. Interim appointments may not exceed 120 days, unless extended by the Council. Successive interim appointments or other means intended to circumvent the Council's right to confirm executive branch appointees shall be prohibited. If the Council fails to adopt a motion confirming, disapproving, or extending an interim appointment before the expiration of the interim period, the appointee shall be deemed confirmed. (M.C.S., Ord. No. 28999, § 4, 4-21-22, eff. 1-1-23)

Section 4-107. Powers and Duties of Officers and Department Heads.

(1) Subject to the provisions of applicable civil service law, rules and regulations, officers and department heads shall have the power and duty to appoint, promote, supervise, discipline, and remove all officers and employees in their respective offices or departments; to determine their compensation subject to the approved pay plans and budgetary limitations; and to assign duties to employees and supervise the performance thereof.

(2) Each officer or department head shall, subject to the approval of an immediate superior, prescribe such rules as are necessary for the organization and internal government of the office or department.

(3) (a) The Mayor, or each officer or department head with the consent of the Mayor, shall submit to the Council for its approval any regulations affecting the public and necessary to the performance of the functions assigned to such office or department. No such regulation shall become effective until approved by resolution of the Council or as otherwise provided in paragraph (3)(d) of this section.

(b) Prior to July 1,1996, the Council shall by ordinance provide for public notice and comment on proposed regulations affecting the public. The ordinance shall provide for an emergency adoption procedure by

which regulations may in certain specified circumstances be made immediately effective, but any regulation so adopted shall not remain in effect for more than 180 days after the date of its adoption. After its adoption, the ordinance governing promulgation of regulations may be amended only by an ordinance approved with a two-thirds vote of the entire membership of the Council.

(c) Prior to submission of any proposed regulation to the Council, the officer or department head shall publish notice of the intention to adopt such regulation once in the official journal. Following its final promulgation, every regulation shall be published once again in the official journal, unless deemed too lengthy for publication by the officer or department head, who shall in such case publish a summary of its contents and notice of its availability to the public.

(d) The City Attorney shall maintain and periodically cause to be published a comprehensive and current compilation of all regulations promulgated in accordance with this process and having legal effect in the City of New Orleans. Regulations shall become effective at 12:01 A.M. on the twenty-second day beginning on the day following approval by the Council. If the Council neither approves nor disapproves any regulations submitted to it within forty-five days of submittal, the regulations shall become legally effective upon the expiration of such forty-five days. Any such regulation may be rescinded or amended by the same process as when originally submitted. All regulations shall be subordinate to the ordinances of the Council. All regulations heretofore adopted by the City of New Orleans are hereby ratified and continued in existence until modified in accordance with the procedure established in this Section.

Section 4-108. Powers and Duties of Boards and Commissions.

All boards shall have the same powers and duties with respect to their functions as those prescribed in this chapter for officers and department heads, unless otherwise provided by this Charter or applicable state or municipal law. They may delegate such powers and duties to their executive officers, provided that all matters involving appointment, discipline, removal or pay shall become null unless approved by the board within sixty days.

Section 4-109. Public Benefit Corporations.

(1) If authorized by the Mayor and approved by the Council by ordinance, the City may establish public benefit corporations, development corporations, public trusts, and other entities authorized by state law for public purposes, including development, management, and promotion of assets of the City, subject to such budgetary, personnel or other requirements as may be established by ordinance.

(2) Public benefit corporations, development corporations, public trusts, and other entities authorized by state law and established prior to January 1, 1996, the effective date of this amendment to this Charter, are hereby recognized. Such entities may be continued, modified or abolished in accordance with the terms of applicable enabling statutes, ordinances, articles of incorporation, by-laws, or trust indentures in effect prior to January 1, 1996 or as thereafter revised.

CHAPTER 2. THE MAYOR

Section 4-201. Election and Term.

The electors of the City shall elect a Mayor at an election to be held in accordance with the election laws of the State. The Mayor shall take office on the second Monday in January and every four years thereafter following election. A person who has served as Mayor for more than one and one-half terms in two consecutive terms shall not be eligible for election as Mayor for the succeeding term.

Section 4-202. Qualifications.

The Mayor shall be a citizen of the United States and a qualified elector of the City, and shall have been domiciled in the City for at least five years immediately preceding the election.

Section 4-203. Compensation.

The salary and other compensation of the Mayor shall be provided by ordinance. No change in the salary and other compensation made during the last six months of any term shall be valid as to the Mayor elected for the succeeding term. The Council shall provide in the annual operating budget a contingent fund of no less than $5000 to be expended by the Mayor for such public purposes as the Mayor may deem proper.

Section 4-204. Vacancy in Office.

(1) A vacancy in the office of Mayor caused by death, resignation, removal, suspension or disqualification shall be filled as follows:

(a) If the unexpired term is for less than one year, the district councilmembers shall,

by majority vote, elect one of the two councilmembers-at-large to be Mayor for the unexpired term, and a vacancy shall thereupon exist in the office of councilmember-at-large.

(b) If the unexpired term is for one year or more, the vacancy shall be filled by special election, to be called by the Council within ten days after the vacancy occurs and to be held at the earliest available date permitted under the election laws of the state, at which time the electors of the City shall elect a citizen with the requisite qualifications to fill the vacancy for the remainder of the term; provided that if any special or general election is to be held in the City after sixty days and within six months after the occurrence of the vacancy, then the election shall be held in conjunction with such other election.

(c) Pending the election of a Mayor when the length of the unexpired term is one year or more, the district councilmembers shall, by majority vote, appoint one of the two councilmembers-at-large to be acting Mayor during the period from the occurrence of the vacancy until a Mayor is elected and assumes office.

(2) In the absence of the Mayor, the office shall be filled by an acting Mayor who shall be appointed by the Mayor from the two councilmembers-at-large. If within ten days the Mayor should fail to so appoint an acting Mayor, the district councilmembers shall, by majority vote, appoint one of the councilmembers-at-large as acting Mayor.

(3) The appointment of a councilmember-at-large as acting Mayor shall not be deemed to create a vacancy in the office of councilmember-at-large, but while serving as acting Mayor the councilmember shall not perform duties as a member of the Council, except in the case of an ordinance requiring a two-thirds vote of the Council or in order to break a tie vote of the Council, in which case the acting Mayor may vote as a councilmember. A councilmember-at-large appointed acting Mayor shall receive compensation only at the level of a councilmember. A councilmember-at-large no longer serving as acting Mayor may vote on a matter addressed when serving as acting Mayor.

Section 4-205. Suspension and Removal.

The Mayor shall be subject to suspension or removal from office only in the following manner and for the following reasons:

(1) (a) In the event that a Mayor is afflicted with a mental or physical condition that renders the Mayor temporarily or permanently unable to discharge the powers and duties of office, the Chief Administrative Officer, the City Attorney, the Director of the Department of Health or a physician designated by the Director of that Department or its successor, and a physician appointed by the deans of the Louisiana State University Medical School and the Tulane University Medical School shall so certify by unanimous written declaration before a Notary Public and shall promptly deliver their declaration to the Clerk of Council. If the declaration certifies that the Mayor is temporarily incapable of performing the duties of office, the Council shall be required to vote on the matter within seven days from delivery of the declaration; upon rendering an affirmative vote of two-thirds of its entire membership, the Council shall declare the office temporarily vacant due to the incapacity of the incumbent. Thereafter, the district Councilmembers shall forthwith, by majority vote, appoint one of the Councilmembers-at-large as acting Mayor. If the declaration certifies that the Mayor is permanently incapable of performing the duties of office, the Council shall be required to vote on the matter within seven days from the delivery of the declaration; upon rendering an affirmative vote of two-

thirds of its entire membership, the Council shall declare that the seat of the Mayor is vacant due to the incapacity of the incumbent and shall proceed forthwith to fill the vacancy in accordance with the provisions of Section 4-204 of this Charter.

(b) Any Mayor who has been determined to be temporarily or permanently unable to discharge the powers and duties of office shall continue to receive from the city a sum which together with the Mayor's disability benefits and retirement allowance, if any, shall equal the annual salary which such Mayor was receiving at the time of the determination of temporary or permanent incapacity, payable in the same manner as the Mayor was previously compensated until the expiration of the term for which such Mayor had been elected or such Mayor's death, whichever shall occur first. The Mayor shall apply for any retirement allowance or disability benefits to which entitled, and the disability allowance provided for in this section shall not reduce or suspend such retirement allowance or disability benefits, notwithstanding any other provision of law.

(2) In the event that a Mayor pleads guilty or nolo contendere to a federal or state felony charge, the Council shall, by a majority vote of its entire membership, declare that the seat of the Mayor is vacant due to the disqualification of the incumbent for felonious behavior and shall forthwith proceed to fill the vacancy in accordance with the provisions of Section 4-204 of this Charter.

(3) (a) If the Mayor is convicted of a federal or state felony, the Mayor shall be automatically suspended from the seat without compensation. The suspension without compensation shall continue until the conviction is final and all appellate review of the original trial court proceedings is exhausted, at which time the Council shall, by a majority vote of its entire membership, declare that the seat of the Mayor is vacant due to the disqualification of the incumbent for felonious behavior and shall forthwith proceed to fill the vacancy in accordance with the provisions of Section 4-204 of this Charter. During the period of suspension, the Mayor shall not perform any official act, duty, or function nor shall the Mayor receive any compensation, pay, allowance, emolument, or privilege of the office. If the conviction is reversed on appeal, the Mayor shall be entitled to and shall receive full back pay from the date of suspension with legal interest on portions thereof from the date that the Mayor, but for the suspension, would have been paid that portion. Additionally, the Mayor shall have restored all rights, duties, powers, allowances, emoluments, and privileges of office.

(b) During this suspension, the Council shall, by a majority vote of its entire membership, declare that the seat of the Mayor is temporarily vacant due to suspension. Thereafter, the district councilmembers shall, by majority vote, appoint one of the councilmembers-at-large as acting Mayor. Any councilmember-at-large appointed to fill a temporary vacancy under the terms of this section shall serve in the appointed capacity until the conviction of the Mayor is reversed on appeal or until expiration of the term of office of the suspended Mayor, whichever comes first.

(4) In the event that a Mayor is recalled from office in accordance with state or municipal law, the vacancy shall be filled forthwith in accordance with the provisions of Section 4-204 of this Charter.

(5) In the event that the Mayor fails to meet the qualifications for office, the Mayor shall thereby vacate the office and the vacancy shall be filled forthwith in accordance with the provisions of Section 4-204 of this Charter.

Section 4-206. Powers and Duties.

(1) *Executive and Administrative Powers.* The Mayor shall be the chief executive officer of the City. The Mayor shall have the power and shall be required to:

(a) Exercise general oversight of the activities of boards and other agencies of City government and coordinate them with other activities of the City.

(b) Exercise directly or through the Chief Administrative Officer supervision over all other executive and administrative work of the City and provide for the coordination of administrative activities.

(c) See that the provisions of this Charter, the ordinances of the City, and all other laws are enforced.

(d) Appoint the Chief Administrative Officer and the City Attorney.

(e) Appoint, with approval of a majority of all members of the Council, members of all boards except as otherwise provided in this Charter or by applicable state or municipal law.

(f) Submit annually to the Council for its consideration and approval an operating budget, a capital program and a capital budget.

(g) Recommend to the Council a pay plan for all officers and employees in the unclassified service except those provided for under Section 3-107 of this Charter.

(h) Sign contracts, bonds or other instruments requiring the assent of the City except those which the Director of Finance or other officer is authorized to sign.

(i) See that the terms and conditions of all contracts are faithfully executed.

(2) *Powers with Respect to Council.* The Mayor may:

(a) Present to the Council messages or information which in the Mayor's opinion are necessary or expedient.

(b) Attend Council meetings and have a voice in the proceedings.

(c) Call special sessions of the Council.

(d) Veto ordinances.

(3) *Other Powers.* The Mayor shall have the authority to exercise such other powers and perform such other duties as may be prescribed by this Charter or by state or municipal law, including but not limited to the following:

(a) Participate but not vote in the proceedings of all boards or other agencies of City government of which the Mayor is not made an ex officio member.

(b) Remove at pleasure all officers appointed by the Mayor without Council confirmation.

(c) Issue executive orders establishing policies and procedures for the executive branch and see that they are published promptly thereafter.

(d) Subject to such limitations as may be established by ordinance or other applicable law, declare a state of emergency due to acts of God, riot, war, or a grave emergency which threatens widespread loss of life or grievous injury to health or property.

(e) Study, devise, and implement programs to improve housing and neighborhood conditions in the City.

(f) Study, devise, and implement programs to foster economic development in the City.

(g) Provide for cooperation and coordination among criminal justice agencies and officials.

(h) Seek compliance with federal, state, and local environmental and safety laws and regulations, permit requirements, and

regulatory orders by all City officers, employees, boards, commissions, contractors, and recipients of municipal funds.

(i) Perform such other duties as are conferred upon the Mayor by the Charter or its enabling legislation and by applicable state or municipal law.

Section 4-207. Office.

The Mayor's office shall be in the City Hall, and the Mayor shall be custodian of the corporate seal.

Section 4-208. The Chief Administrative Officer.

(1) The position of Chief Administrative Officer shall be in the Office of the Mayor, but the employees of the Administrative Office shall be in the classified service except as provided by applicable civil service law. The Chief Administrative Officer shall be the Mayor's principal assistant and the budget officer of the City and shall be appointed solely on the basis of ability to perform the duties and functions of the office. The salary of the Chief Administrative Officer shall be provided for in the pay plan submitted by the Mayor to the Council.

(2) Should the Mayor fail to appoint a Chief Administrative Officer within sixty days of the occurrence of any vacancy in the position, the Council shall make the appointment.

CHAPTER 3. THE ADMINISTRATIVE OFFICE

Section 4-301. The Administrative Office.

The Chief Administrative Officer shall be the head of the Administrative Office and shall be authorized to employ necessary staff.

Section 4-302. Duties of the Chief Administrative Officer.

The Chief Administrative Officer shall:

(1) Supervise the heads of all departments, except the Departments of Law and City Civil Service. The Mayor may from time to time by written notice relieve the Chief Administrative Officer of the responsibility of supervising the heads of one or more departments, except the Departments of Finance and Property Management, for such portions of time as the Mayor may designate. Should the Mayor remove a department head from the supervisory authority of the Chief Administrative Officer, the Mayor shall immediately assume full responsibility for the supervision of such department head.

(2) Appoint or remove, with the approval of the Mayor, the heads of all departments, except those whose appointment or removal is otherwise provided for by this Charter or applicable State law.

(3) Give general oversight to the Departments of Law, City Civil Service and the City Planning Commission for the purpose of coordinating their activities with those of other agencies of the City and develop measures to promote cooperation and coordination in the delivery of services and the carrying out of functions and activities by unattached boards and other municipal public bodies with those of other agencies of city government.

(4) Keep the Mayor advised concerning the activities and policies of all offices, departments and boards, make or cause to be made investigations and studies of the internal organization and procedures of any office, department or board, and require such reports from any of them as are deemed necessary.

(5) Prescribe accepted standards of administrative practice to be followed by all offices, departments and boards.

(6) Prepare the annual operating and capital budgets, and supervise the execution of the budget ordinances.

(7) Make information available to the Mayor, the Council, and the public concerning the current status of the financial affairs

of the City and all offices, departments and boards receiving appropriations from the City.

(8) Attend meetings of any board or committee of which the Mayor is a member when requested by the Mayor, and participate in the discussion and deliberations of such board or committee, including the authority to introduce any motion or resolution or vote thereon when the Mayor is not also in attendance.

(9) Attend meetings of the Council at its request and make available such information as it may require.

(10) Perform all other duties required by this Charter or assigned in writing by the Mayor.

CHAPTER 4. DEPARTMENT OF LAW

Section 4-401. Functions.

The Department of Law, headed by a City Attorney, shall:

(1) Direct and supervise the legal affairs of the City.

(2) Provide legal advice to the Mayor and Council when requested and when directed by the Mayor to all officers, departments, and boards concerning any matter affecting the interests of the City.

(3) Have charge of all legal matters in which the City has an interest or to which the City is a party, with power and authority, when directed by the Mayor or the Council, to institute and prosecute or to intervene in any and all suits or other proceedings, civil or criminal, as may be deemed necessary for the assertion or protection of the rights and interests of the City.

(4) Prepare proposed ordinances when requested by the Mayor or any member of the Council.

(5) Prepare or approve as to form and legality all contracts, documents and instruments creating any legal or conventional obligation affecting the City.

(6) Perform all other duties required by this Charter, the Mayor or the Council and not inconsistent with the functions of this Department.

Section 4-402. City Attorney and Legal Staff.

(1) The City Attorney shall be a licensed attorney who is domiciled in and an elector of the City, who has been admitted to practice law before the Supreme Court of Louisiana for at least five years, and who shall have actively practiced law in Louisiana for at least five years immediately preceding appointment.

(2) The professional staff of the Department shall consist of licensed attorneys who are domiciled in and electors of the City and who have been admitted to practice law before the Supreme Court of Louisiana.

Section 4-403. Special Counsel.

(1) No special counsel shall be retained to represent the City or any officer, department, or board except the Sewerage and Water Board, the Department of City Civil Service, the Public Belt Railroad Commission, and the Board of Liquidation, City Debt, and except as may herein be otherwise provided.

(2) The Council may, by two-thirds vote of its entire membership, employ special counsel for itself.

(3) The Council may, by two-thirds vote of its entire membership, authorize any officer, department or board to employ special counsel for any special matter presenting a real necessity for such employment, provided any such authorization shall specify the compensation, if any, to be paid for said services.

Section 4-404. Notaries.

(1) The City Attorney shall be responsible for designating one or more Notaries Public, who shall be attorneys licensed to practice law in the State of Louisiana and none of whom shall be members of the Council, before whom shall be passed all contracts and other transactions required by the City Attorney or other counsel to

be in authentic form. The Department of Law shall establish uniform reasonable processing fees approved by the Council for all Notaries Public performing such services. Said services shall be paid by those transacting business with the City, and these funds shall become part of the general fund of the City when utilizing the services of Notaries Public from among professional staff within the Department of Law. Notaries within the Department of Law shall be utilized to perform such services, except where the City Attorney certifies a special need to exist and the Council, by two-thirds vote of its entire membership, approves the special need to appoint the notary who is not within the Department of Law. Designated notaries within the Department of Law shall receive no compensation for the notarial functions performed under this Section other than that compensation provided by the regularly applicable City pay plan.

(2) A certified copy of every act or contract to which the City is a party shall be filed with the Department of Law and shall form a part of the archives of said Department.

Section 4-405. Service of Legal Processes.

Legal process against the City shall be served upon the Mayor, the acting Mayor, or the City Attorney.

Section 4-406. Independent and Impartial Representation of the City; Removal.

(1) The principal client of the City Attorney and the Law Department is the City of New Orleans. This obligation to represent the City supersedes any duty to represent any other person, department, branch, board, or office and must be performed in strict accordance with the ethical rules governing institutional clients.

(2) In fulfilling the obligation to represent the City, the City Attorney must consult regularly with the Mayor and the Council and attempt to represent the policies and interests of both branches even-handedly and impartially. When faced with conflicting directives from the executive and legislative branches or with a directive that contravenes applicable law, the City Attorney must exercise independent legal judgment and act at all times in a manner that serves the best interest of the City and complies with applicable law.

(3) The City Attorney may not represent one branch of City government in a court proceeding directly adverse to another branch of City government without the consent of the adverse party.

(4) The Council may, by ordinance, prescribe additional rules implementing the policies and provisions of this Section, including rules regulating representational conflicts involving the City Attorney and the activities of the professional staff of the Law Department in representing the legal interests of the City and in carrying out the functions set forth in this Chapter.

(5) The Council may, by a vote of five members, prevent or overturn the removal of the City Attorney by the Mayor if it finds that the City Attorney was removed without valid cause or for a reason inconsistent with the policy of independence established herein.

(6) The requirements of this Section apply to the City Attorney and the professional staff of the Law Department.
(M.C.S., Ord. No. 30410, § 4, 7-24-25, eff. 1-13-26)

CHAPTER 5. DEPARTMENT OF POLICE

Section 4-501. Functions.

The Department of Police, headed by a Superintendent of Police, shall:

(1) Organize, administer, supervise and discipline the police force of the City.

(2) Enforce traffic regulations and investigate traffic accidents.

(3) Operate and maintain communication systems either separately or in conjunction with others.

(4) Make all legal searches, seizures, and arrests and exercise all legal authority incident thereto which is now or may

hereafter be conferred by law upon police officers, and maintain temporary lockups for the confinement of prisoners.

(5) Serve subpoenas when directed by proper authority.

(6) Assist all city departments and agencies in the enforcement of functions assigned to them.

(7) Enforce the ordinances of the City and all state and municipal laws, and prevent the violation thereof.

(8) Maintain peace; protect life, property, and all other rights and liberties of the people; and do and perform all other lawfully assigned acts.

(9) Perform such other duties as are required by this Charter or assigned in writing by the Mayor.

Section 4-502. Emergency and Special Police.

(1) Emergency Police:

(a) In case of riot, general conflagration, flood or similar grave emergency, the Mayor may authorize the Superintendent to appoint emergency police. Such appointments shall be for a period of not more than thirty days and may be extended for like periods only by the express authorization of the Mayor and two-thirds vote of the Council.

(b) Emergency police shall have such powers as may be vested in them by the Superintendent; shall be subject to the rules and regulations governing the regular police force; and shall receive compensation at the regular rates for the grades to which appointed.

(2) Special Police:

(a) The Superintendent may, in the manner prescribed by ordinance and subject to standards set by the Superintendent in regulations, deputize persons not members of the police force to exercise limited police powers. When exercising such powers with respect to privately owned

property or places, a person so deputized shall not be paid from public funds and shall not be entitled to public employee benefits for such services. Regular city employees exercising such powers with respect to public property or places shall be entitled only to the compensation and benefits attached to their regular employment.

(b) The Superintendent shall prescribe the rules and regulations governing the exercise of police power by persons so deputized and may suspend or cancel the deputization in the superintendent's discretion.

(3) The Superintendent shall not appoint or deputize any person who is not of good moral character to exercise police functions under this section.

Section 4-503. Other Police Prohibited.

No officer, department or board operating in or for the City, other than the Department of Police, shall have a police force.

CHAPTER 6. DEPARTMENT OF FIRE

Section 4-601. Functions.

The Department of Fire, headed by a Superintendent of Fire, shall:

(1) Organize, administer, supervise and discipline the fire force of the City.

(2) Extinguish fires and investigate their causes.

(3) Operate and maintain communication systems either separately or in conjunction with others.

(4) Administer and enforce ordinances, regulations, and all state and municipal laws relating to fire prevention and safety of persons.

(5) Respond either separately or in conjunction with others to situations involving hazardous materials and to other emergency situations involving the safety of persons or property.

(6) Perform such other duties as are required by this Charter or assigned in writing by the Mayor.

Section 4-602. Police and Emergency Authority.

The Superintendent of Fire or the Superintendent's representative shall have the powers of a police officer while going to or attending any fire or alarm of fire. The Superintendent or acting Superintendent shall have the authority in an emergency to cause to be demolished any structure when such demolition is essential to the extinguishment or control of fire or other emergency situation in the judgment of the Superintendent or Acting Superintendent.

CHAPTER 7. DEPARTMENT OF SAFETY AND PERMITS

Section 4-701. Definition.

As used in this Chapter, "permit" shall mean any license, permit, or other authorization required by law, ordinance or regulation for other than revenue purposes.

Section 4-702. Functions.

The Department of Safety and Permits, headed by a Director of Safety and Permits, shall:

(1) Administer and enforce the zoning and building code ordinances and all state and municipal laws and regulations under which permits are required, as to all officers, departments, boards and governmental agencies and to all persons, firms and corporations, public and private, except as may be otherwise provided herein or by applicable state or municipal law.

(2) Issue permits and to that end:

(a) Receive all applications for permits and determine whether the applicant

is entitled thereto according to laws, ordinances and regulations under which the permit is required. No permit shall be issued until after certification by the appropriate office, department or board interested or affected, if any.

(b) Issue the permit if the application is approved and the fee paid, or notify the applicant in writing of any refusal and the reasons therefor.

(3) Make or cause inspections, tests or examinations to be made when prerequisite for the issuance of a permit and no certification is required from another office department or board. When such certification is required, the Chief Administrative Officer shall by rule provide for the making of the necessary inspections, tests or examination.

(4) Revoke, suspend, or cancel any permit which has been violated or which has been issued in violation of the zoning or building code ordinances or other applicable state or municipal law. Any revocation, suspension or cancellation shall be in writing and shall state the reasons therefore.

(5) Provide clerical and other staff assistance required by the boards which are a part of or attached to this Department.

(6) Provide data for the undertaking of studies of housing accommodations in the City in cooperation with the City Planning Commission or any other appropriate agencies.

(7) Recommend terms to be incorporated in any franchise, permit, or privilege to be granted by the City for issuance of Certificates of Public Necessity and Convenience for the regulation and supervision of all passenger vehicles for hire on the streets and other public places as provided by ordinance pursuant to Section 3-131(2) of the City Charter.

(8) Perform such other duties as are required by this Charter or assigned in writing by the Mayor.

(M.C.S., Ord. No. 29371, § 4, 3-9-23, eff. 1-1-24)

Section 4-1504. Prohibitions.

(1) *Party Membership; Elections.* No member of the commission and no officer or employee in the classified service shall participate or engage in political activity; be a candidate for nomination or election to public office, except by seeking nomination as the classified city employee serving on the commission; be a member of any national, state, or local committee of a political party or faction; make or solicit contributions for any political party, faction, or candidate; or take active part in the management of the affairs of a political party, faction, candidate, or any political campaign, except to exercise the right as a citizen to express an opinion privately, to serve as a commissioner or official watcher at the polls, and to vote as desired.

(2) *Contributions.* No person knowingly shall solicit contributions for political purposes from any classified employee or official or use or attempt to use a position in the city service to punish or coerce the political action of a classified employee.

(3) *Political Activity Defined.* As used in this Article, "political activity" means an effort to support or oppose the election of a candidate for political office or to support a particular political party in an election. The support of or opposition to issues involving bonded indebtedness, tax referenda, or constitutional amendments shall not be prohibited.

Section 4-1505. Duration.

Should the State cease to provide for a system of personnel administration applicable to the City, the provisions of Article VIII of this Charter shall immediately become operative.

CHAPTER 16. DEPARTMENT OF UTILITIES*

Section 4-1601. Functions.

(1) The Department of Utilities, headed by a Director of Utilities, shall:

(a) Recommend terms to be incorporated in any franchise, permit, or privilege to be granted by the City.

(b) Recommend rates, and revisions thereof, to be charged by any public utility subject to regulation by the City.

(c) Supervise and investigate, within lawful limits, the public utilities operating in the City for compliance with franchise or

*__Historical Notes:__ In accordance with Section 9-201(2) and Section 4-105 of the Home Rule Charter of the City of New Orleans, Executive Order CRN-02-05 was issued and Ordinance No. 21028 M.C.S. was adopted by the City Council, dissolving the Department of Utilities. Its duties and responsibilities, as previously set forth in this chapter of the Home Rule Charter, have been assumed by the Departments of Finance, Safety and Permits and Public Works.

other privileges, rate orders, and any matter concerning the interests of the City or its residents with respect to the operations of public utilities.

(d) Recommend to the Mayor that legal proceedings be instituted to secure compliance with any franchise granted by the Council and with the provisions of law relating thereto.

(e) Make public reports, and recommendations to the Mayor, or any matter concerning the interests of the City with respect to the operations of public utilities.

(f) Perform such other duties as are required by this Charter or assigned in writing by the Mayor.

(g) Recommend terms to be incorporated in contracts for supplying utility services for City buildings or facilities and for supplying street lighting services to the City and shall supervise performance under such contracts.

Section 4-1602. Inspections and Reports.

The Department may, at any reasonable time, inspect the books, papers, records, documents, materials, facilities, and plants, wherever located, of any public utility which is subject to the supervision, regulation, and control of the Council, and may require such written reports from such utility as it deems necessary and appropriate in the discharge of its duties and responsibilities as set forth in this Chapter and otherwise provided by law and all costs and expenses in connection therewith shall be borne by the public utility required to furnish or produce same.

CHAPTER 17. DEPARTMENT OF PARKS AND PARKWAYS

Section 4-1701. Functions.

The Department of Parks and Parkways, headed by a Director, shall:

(1) Administer, control and manage all parks, except as otherwise provided by applicable state or municipal laws.

(2) Cultivate, place, maintain and remove trees, shrubs, flowers, grass and other plants on public grounds.

(3) Embellish parks, parkways, highways and other public grounds.

Historical Notes: Sec. 4-1701. Functions. The duty previously described in sub-section (4) were reassigned to the New Orleans Recreation Development Commission effective January 1, 2011.

CHAPTER 18. DEPARTMENT OF CODE ENFORCEMENT

Section 4-1801. Functions.

The Department of Code Enforcement, headed by a Director of Code Enforcement, shall:

(1) Make or cause to be made inspections of substandard structures and property and authorize demolition or remediation of property when hazardous to the public health, safety, or welfare.

(2) Enforce municipal, state, and federal laws and regulations for the keeping of streets, vacant lots and other places free from weeds and deleterious matter.

(3) Perform such other duties as are required by this Charter or assigned in writing by the Mayor.

(M.C.S., Ord. No. 29371, § 4, 3-9-23, eff. 1-1-24)

Annotation: Section 4-1801 Functions. The duties herein described were formerly performed by the Departments of Safety & Permits (subsection (1)) and Sanitation (subsection (2)). (See Ordinance No. 29,371 M.C.S.)

CHAPTER 19. BOARD OF CITY TRUSTS

Section 4-1901. Composition.

The Board of City Trusts shall consist of the Mayor, the President of the Council, the Director of Finance who shall be its Treasurer, and eight electors who shall be domiciled in the City appointed by the Mayor with the approval of the Council for terms of eight years, so arranged that the term of one member shall expire each year. The eight members shall be appointed two each from the professions of investment banking, law, and accounting and two at large.

(M.C.S., Ord. No. 29371, § 4, 3-9-23, eff. 1-1-24)

Section 4-1902. Powers.

The Board shall:

(1) Safeguard and administer the investment of all money and other movable property and administer all revenue producing immovable property:

(a) Held by the City as trustee or otherwise for public or charitable purposes.

(b) Held by the City for the perpetual care of plots in City owned cemeteries.

(2) Maintain the immovable property under its jurisdiction through prudent expenditure of the revenues thereof or, with the approval of the Council, through other means.

(3) Adopt as a regulation an investment list that fulfills the standards of prudence then applicable to private trusts.

(4) Recommend to the Mayor and the Council the acceptance or rejection of any trust or conditional donation offered to the City. The Mayor may agree to follow such recommendations only upon the affirmative vote of a majority of the members of the Council. The Mayor may decline to follow such recommendations, only upon the affirmative vote of two-thirds of the members of the Council. Such recommendations shall not be required for the acceptance of donations of movable property if the only conditions are that the movable be used or consumed for a designated purpose or by a designated agency.

(5) Supervise the maintenance by the Director of Finance of appropriate separate accounts for each trust fund and each trust proceeds fund.

(6) Authorize withdrawals from trust funds and trust proceeds funds only upon certification in writing made by the officer, department or board entitled thereto of the purpose of such withdrawal and that it is to be used in accordance with the terms and conditions specified in the trust or conditional donation. If the Board and the beneficiary disagree, the Mayor shall procure a written opinion from the City Attorney which shall be binding upon both the Board and the beneficiary.

(7) Advise the Mayor and Council on all matters relevant to the execution, disposition or modification of trusts and conditional donations.

(8) Review periodically all trusts and conditional donations and recommend to the Council the advisability of abandoning any or all of them.

(M.C.S., Ord. No. 29371, § 4, 3-9-23, eff. 1-1-24)

Section 4-1903. Limitations.

The City shall not:

(1) Accept any conditional donation which is contrary to the constitution, the statutes, this Charter, municipal ordinances or the regulations adopted by the Board.

(2) Continue to operate a going business as a permanent investment donated to the City for public purposes or in trust, unless expressly required to do so by the terms of the donation.

(3) Make or hold investments not included in the Board's investment list, except property of the original trust or donation, or required thereby to be acquired.

(4) Modify any trust except upon approval of the Council and, when necessary, a court of proper jurisdiction.

(M.C.S., Ord. No. 29371, § 4, 3-9-23, eff. 1-1-24)

Section 4-1904. Standard of Performance.

The members of the Board shall be held to the standards of a prudent administrator.

(M.C.S., Ord. No. 29371, § 4, 3-9-23, eff. 1-1-24)

Section 4-1905. Lease and Sale of Property.

Immovable property under the jurisdiction of the Board shall be leased or sold only in accordance with the provisions of this Charter.

(M.C.S., Ord. No. 29371, § 4, 3-9-23, eff. 1-1-24)

Section 4-1906. Preservation of Existing Trusts.

If any trusts or conditional donations would by their terms revert to the settler, donor, or other persons as a result of any provisions of this Charter, then such provisions shall be suspended as to such trusts and donations.
(M.C.S., Ord. No. 29371, § 4, 3-9-23, eff. 1-1-24)

CHAPTER 20. CENTRAL BUSINESS DISTRICT HISTORIC DISTRICT LANDMARKS COMMISSION

Section 4-2001. Composition.

The Commission shall consist of eleven electors who are domiciled in the City, appointed by the Mayor subject to the approval of the Council for terms of four years organized on a staggered basis, or may be organized as otherwise provided by ordinance of the Council.
(M.C.S., Ord. No. 29371, § 4, 3-9-23, eff. 1-1-24)

Section 4-2002. Functions.

The Commission shall:

(1) Promote Central Business District historic districts and landmarks for the educational, cultural, economic, and general welfare of the public, especially the residents of New Orleans.

(2) Assist in preserving, protecting, and regulating buildings, sites, monuments, structures, and districts of historic interest or importance within the Central Business District of New Orleans.

(3) Assist in preserving and enhancing the environmental quality of the Central Business District.

(4) Establish and improve property values through support of preservation activities.

(5) Foster economic development and encourage balanced growth.
(M.C.S., Ord. No. 29371, § 4, 3-9-23, eff. 1-1-24)

CHAPTER 21. NEW ORLEANS HISTORIC DISTRICT LANDMARKS COMMISSION

Section 4-2101. Composition.

The New Orleans Historic District Landmarks Commission shall consist of nine to fifteen electors who are domiciled in the City, appointed by the Mayor subject to the approval of the Council for terms of four years so arranged that the term of two to four members shall expire each year, or may be organized as otherwise provided by ordinance of the Council. For each historic district created by ordinance of the Council, at least one member of the Commission shall be appointed who is a resident or who owns property in the district.
(M.C.S., Ord. No. 29371, § 4, 3-9-23, eff. 1-1-24)

Section 4-2102. Functions.

The Commission shall:

(1) Promote historic districts and landmarks for the educational, cultural, economic, and general welfare of the public.

(2) Assist in preserving, protecting, and regulating buildings, sites, monuments, structures, and districts of historic interest or importance within the City.

(3) Assist in preserving and enhancing the environmental quality of neighborhoods.

(4) Establish and improve property values through support of preservation activities.

(5) Foster economic development and manage growth.
(M.C.S., Ord. No. 29371, § 4, 3-9-23, eff. 1-1-24)

CHAPTER 22. NEW ORLEANS MOSQUITO CONTROL BOARD

Section 4-2201. Composition.

The New Orleans Mosquito Control Board shall consist of one councilmember selected by the Council, the Mayor or a representative designated by the Mayor, the Director of the Department of Health, the Director of the Department of Parks and Parkways and six other

electors domiciled in the City, who shall be appointed by the Mayor with the approval of the City Council and who shall serve six year terms, provided that the terms shall be so arranged that the term of one member shall expire each year. There shall be at all times not less than one qualified entomologist on the Board.
(M.C.S., Ord. No. 29371, § 4, 3-9-23, eff. 1-1-24)

Section 4-2202. Functions.

The Board shall:

(1) Administer and evaluate mosquito control activities.

(2) Monitor the populations of disease and virus transmitting mosquitoes and consult with appropriate authorities.

(M.C.S., Ord. No. 29371, § 4, 3-9-23, eff. 1-1-24)

ARTICLE V. EXECUTIVE BRANCH—UNATTACHED BOARDS AND COMMISSIONS

CHAPTER 1. BOARD OF LIQUIDATION, CITY DEBT

Section 5-101. Composition.

(1) The Board of Liquidation, City Debt, shall be composed of six members and of three ex-officio members, who shall be the Mayor and the two councilmembers-at-large.

(2) Effective on January 1,1996, the terms of the six citizens serving on the Board shall change from terms for life to fixed terms. The members shall conduct a drawing to determine who shall serve for terms of two, four, six, eight, ten, and twelve years. Upon the expiration of a term, a Board member who is domiciled in and an elector of the City shall be appointed by the Mayor with the approval of the Council from a list of three names submitted jointly by a committee consisting of the President of the Board of Liquidation, who shall chair the committee, and the Presidents or Chancellors of Dillard University, Loyola University, Southern University of New Orleans, Tulane University, the University of New Orleans, and Xavier University. Members so appointed shall serve for terms of twelve years. Any vacancy on the Board shall be filled in accordance with the provisions of Section 9-105 of this Charter.

Section 5-102. Functions.

Except as otherwise provided in this Charter, the Board of Liquidation, City Debt shall continue to exercise and have the powers, duties, and functions which it exercised on the effective date of this Charter. It shall have the power to issue bonds in any manner permitted by state or municipal law and this Charter and to manage its affairs, under this Charter on behalf of the City of New Orleans, in accordance with the provisions of applicable state or municipal law.

CHAPTER 2. PUBLIC BELT RAILROAD COMMISSION

Section 5-201. Composition.

The Public Belt Railroad Commission shall be composed of the Mayor, who shall be ex-officio president, and nine commissioners who shall be appointed as provided by Ordinance.

Section 5-202. Functions.

The Commission shall have such powers, duties and functions as are provided by law.

CHAPTER 3. SEWERAGE AND WATER BOARD

Section 5-301. Organization.

The Sewerage and Water Board in existence at the adoption of this Charter shall be continued. The Board shall be composed of the Mayor; the chair of the Public Works, Sanitation, and Environment Committee of the New Orleans City Council or its successor committee, a member of the committee appointed by the chair, or a civil engineer appointed by the chair; two syndicate members of the Board of Liquidation, City Debt;

and seven citizens who are domiciled in and electors of the City appointed as provided by applicable state and municipal law.

Historical Annotation: This section was amended effective January 1, 2011, pursuant to the provisions of R.S. 33:4072 and the amendment approved by the election on Saturday, October 2, 2010. It was further amended effective January 1, 2014, pursuant to the provisions of R. S. 33:4671 and the amendment approved by the election on Saturday, October 19, 2013.

Section 5-302. Functions.

The powers, duties and functions of the Sewerage and Water Board are provided by applicable state and municipal law. The Board shall coordinate its repair, maintenance, and construction projects with City agencies, including the City Planning Commission and the Departments of Public Works and Parks and Parkways, in order to minimize disruption of the City's streets, sidewalks, and other public spaces.

Section 5-303. Privatization.

(1) Before any contract(s) relating to privatization of any Sewerage and Water Board management or administrative function, drainage, sewer, or water operation may be validly executed, a decision to enter into any such contract(s) must be first approved by a majority of the electors of the City voting on the matter at an election which shall be called by the Council as follows: After approval by the Sewerage and Water Board but before execution of any such proposed privatization contract(s), the Council shall provide by ordinance that the proposed contract shall be published at length in the official journal not less than sixty days prior to the election, and shall be submitted to the electors of the City at the first available election for members of Congress, Mayor of New Orleans, or Governor of Louisiana, if the date of such election is not less than ninety days after the effective date of such ordinance, or at a special election called for that purpose, the date of which shall be held on the first available election date not less than ninety days after the effective date of the ordinance. The foregoing is not applicable to any such proposed privatization contract(s) valued at $5,000,000.00 (year 2001 U.S. dollars) or less.

(2) The decision to enter into any such contract(s) for privatization approved by a majority of the electors of the City voting on same shall become effective at the time and under the conditions fixed in the proposed privatization contract(s) so approved by a majority of electors.

Annotation: Act No. 768 of the 2003 Regular Session of the State Legislature, which amended R.S. 33:4159.10, established procedures for privatization of public sewerage and water drainage or water disposal or treatment facilities in municipalities having a population in excess of four hundred seventy-five thousand, in accordance with the most recent federal decennial census. The provisions of this act are consistent with this provision of the charter.

CHAPTER 4. CITY PLANNING COMMISSION

Section 5-401. Creation and Composition.

The City Planning Commission shall consist of nine members who are electors of and domiciled in the City, appointed by the Mayor with the approval of the City Council for a term of nine years, staggered so that the term of one member shall expire each year.

Annotation: Pursuant to the provisions of Section 10 of Ordinance No. 23,141 M.C.S., this section as written became effective on Tuesday, November 4, 2008.

Section 5-402. Functions.

The City Planning Commission shall:

(1) Prepare, adopt, amend, and recommend to the Council a twenty year Master Plan for the physical development of the City consistent with the requirements of Section 5-404. The Master Plan shall consist of a statement of development goals, objectives, and policies for the physical growth and development of the City, and shall include maps and a text setting forth principles, standards, and proposals. The Master Plan shall include, but not be limited to, the following elements: Vision, Goals, and Policy; Land Use; Transportation; Housing; Community Facilities and Infrastructure; and Historic Preservation. The elements are to be interrelated with each other and shall provide the overall guidance for city policy and priorities. The Land Use element

shall consist of text setting forth land use issues and policies, and a Future Land Use Map setting forth categories of allowable uses and density, for the City. The entire area of the City shall be addressed within the Master Plan, as well as those land areas outside of the Parish of Orleans under the control or ownership of the City.

(2) Prepare, adopt, amend and modify regulations governing the subdivision of land, including platting and replatting, which regulations shall provide for the proper arrangement of streets and public utilities; open spaces for light, air and recreational areas; space for vehicular parking; the sizes and shapes of lots in order to avoid congestions of population and to provide for the amenities of human habitation; and the manner and extent to which streets shall be paved and public utilities installed in such subdivisions, consistent with the provisions of this Charter.

(3) Prepare and recommend to the Council, all to be consistent with the Master Plan:

(a) Plats, together with revisions and amendments thereof, showing the exact location of lines of recommended new, extended, widened, or narrowed streets, and the estimated time within which the land needed for future street development as shown on the plat.

(b) The Official Map of the City and amendments thereto, upon which shall be shown all existing and established streets, recommended street lines, all streets or street lines located on final or recorded plats of subdivisions, and the location of existing or planned parks and other open spaces. Street locations on final or recorded plats of subdivisions shall constitute amendments to the Official Map and shall be placed thereon.

(c) A zoning ordinance and revisions and amendments thereof for the purpose of promoting the public health, safety, aesthetics, and general welfare of the City, and implementing the Master Plan, which ordinance may contain regulations with respect to the location, height, bulk, size of buildings and other structures; the size of yards, courts, and other open spaces; the density of population; and the use of buildings, structures and land for trade, industry, business, residence, or other purposes. The zoning ordinance shall include an official Zoning Map, and the ordinance and the map may be periodically amended by the City Council provided any amendments are consistent with the Master Plan in accordance with Section 5-404(3). The text, diagrams and maps in the Land Use Element of the Master Plan that address the location and extent of future land uses, and the zoning ordinance that implements those provisions, may also address urban form and design. They may differentiate neighborhoods, districts, and corridors, provide for a mixture of land uses and building types within each, and provide specific measures for regulating relationships between buildings, and between buildings and outdoor public areas, including streets, sidewalks, and other rights-of-ways.

(d) Plans for the clearance of slum areas, public housing developments, and the rehabilitation or redevelopment of blighted areas.

(e) Plans for the replanning, improvement, and reconstruction of neighborhood and community centers and of areas or districts destroyed or seriously damaged by fire, earthquake, hurricane, flood or other disaster.

(f) Such other studies as may be requested or directed by the Council.

(4) Prepare the capital improvement plan and assist the Chief Administrative Officer in the preparation of the annual capital budget. The capital improvement plan and the capital budget shall be consistent with the Master Plan.

(5) Prepare such studies as may be requested by the Mayor.

Section 5-403. Director and Staff.

The City Planning Commission may appoint a Director who shall serve at its pleasure. The Director shall be the executive officer of the Commission and shall be responsible for the supervision of the staff. The Commission may, subject to the provisions of this Charter, appoint such employees as it may deem necessary and may contract with planning experts, engineers, architects and other consultants for such services as it may require.

Section 5-404. Master Plan.

(1) *Preparation of the Master Plan.* The City Planning Commission shall prepare the Master Plan. Prior to completion of the Master Plan, the Commission shall hold at least one public meeting for each planning district or other designated neighborhood planning unit to solicit the opinions of citizens that live or work in that district or planning unit; it shall also hold at least one public hearing to solicit the opinions of citizens from throughout the community. In addition, it shall take affirmative steps to involve neighborhoods in master planning activities and comply with the requirements of any neighborhood participation program that the City, pursuant to Section 5-411, shall adopt by ordinance. Each public hearing or meeting shall be duly advertised in a newspaper of general circulation at least fifteen (15) but not more than (45) forty-five days in advance. Upon completion of the public meetings and hearing(s) and completion of the Master Plan, and following the adoption of the plan by resolution, the Commission shall forward the Master Plan to the City Council for adoption by ordinance. Within ninety (90) days of its receipt, the Council shall adopt the Master Plan, reject it, or propose modification. If it rejects the plan, or proposes any modification, the Council shall refer it to the Commission for public hearing and comment. The City Planning Commission shall consider and provide a recommendation to the City Council on the rejection or modification within (90) ninety days of receipt from the City Council. The Council shall take final action within ninety (90) days of receipt of the recommendation from the City Planning Commission. Should the City Council fail to act on the Master Plan as required by this section after its submission by the Planning Commission, or after a resubmission by the Commission after the Council has modified or rejected the Plan, the Master Plan initially submitted to the Council by the Commission shall be deemed adopted by the Council. Following the adoption by the City Council of that part of the Master Plan relating to the Major Street Plan, the Commission shall by resolution adopt and may so modify or extend regulations governing the subdivision of land.

(2) *Publication and Filing.* Upon adoption by the Council, certified copies of the plan and regulations and the ordinances by which they were adopted shall be filed with the Clerk of Council and with such offices as may be required by applicable state or municipal law. Regulations governing the subdivision of land shall be published once after adoption in the official journal.

(3) *Legal Effects of Master Plan.*

(a) Following adoption of the Master Plan, no public project or facility and no public utility, whether publicly or privately owned, shall be authorized or significantly altered except in conformity with the adopted Master Plan.

(b) The Master Plan prepared by the Commission and adopted by the Council shall include as a part of the Land Use Element a table specifying the relationship between the land use designation and the zoning classification included in the Land Use Element of the Master Plan and reflected on the Future Land Use Map. The comprehensive zoning ordinance shall be simultaneously amended to include said table. Said table shall be amended, or updated as required, to

accommodate amendments, or revisions, to the comprehensive zoning ordinance or Land Use Element of the Master Plan.

(c) All land development regulations and amendments thereto, including amendments to the zoning ordinance and the zoning map, as well as all other Land Use Actions, including but not limited to, preliminary or final approval of a subdivision plan; site plan; approval of a planned unit development, or similar site specific development plan; approval of conditional use; granting of a variance, or a decision by local government to construct a capital improvement; and/or acquire land or community facilities, including transportation facilities, shall be consistent with the Master Plan adopted by the City Council.

(d) A Land Use Action is consistent with the Master Plan if the Land Use Action:

(i) Furthers, or at least does not interfere with, the goals, policies, and guidelines, including design guidelines, that are contained in the Land Use Element of the Master Plan.

(ii) Is compatible with the proposed future land uses, densities, and intensities designated in the Land Use Element of the Master Plan.

(4) *Mandatory Review of the Plan and Amendments to the Plan.* At least once every five years, but not more often than once per calendar year, and at any time in response to a disaster or other declared emergency, the Commission shall review the Master Plan and shall determine, after one or more public hearings, whether the plan requires amendment or comprehensive revision. If amendment or comprehensive revision is required, the Commission shall prepare and recommend amendments or comprehensive revisions and readopt the plan in accordance with the procedures of this section. The Commission shall hold at least one public meeting for each planning district or other designated neighborhood planning unit affected by amendments or revision in order to solicit the opinions of citizens that live or work in that district or planning unit; it shall also hold at least one public hearing to solicit the opinions of citizens from throughout the community. In addition, it shall comply with the requirements of any neighborhood participation program that the City, pursuant to Section 5-411, shall adopt by ordinance. Each public hearing or meeting shall be duly advertised in a newspaper of general circulation at least fifteen (15) but not more than (45) forty-five days in advance. Upon completion of the public hearings and meetings and following the adoption by resolution of the amendment or comprehensive revision, the Commission shall forward the amendment or revision to the City Council for adoption by ordinance. Within ninety (90) days of its receipt, the Council shall adopt the amendment or revision to the Master Plan, reject the amendment or revision, or propose modification. If it proposes any modification, the Council shall refer it to the Commission for public hearing and comment. The City Planning Commission shall consider and provide a recommendation to the City Council on the modification within ninety (90) days of receipt from the City Council. The City Council shall take final action on the proposed amendment or revision within ninety (90) days of receipt of the recommendation from the City Planning Commission. Should the City Council fail to act within the deadlines established by this section, the proposed amendments or revisions to the Master Plan are deemed denied.

(5) *Legal Effect of Subdivision Regulations.* All proposed subdivisions of land to be made after the adoption of the regulations governing subdivision of land shall be submitted to the Commission for its approval for conformity with the subdivision regulations, and Master Plan, and no such proposed subdivision shall be made or recorded unless approved by the Commission. Approval of a plat of a subdivision shall not be deemed an acceptance by the City of any street or other open space shown on the plat.

(6) The City shall make adequate appropriations to the Commission to implement the mandate of this section.

(M.C.S., Ord. No. 30397, § 4, 7-10-25, eff. 1-1-26)

Section 5-405. Planned Street Lines and the Official Map.

The Council, upon recommendation of the Commission, and consistent with the Master Plan, may by ordinance do the following:

(1) Adoption. The Council, upon the recommendation of the Commission, may by ordinance adopt:

(a) Plats showing the exact location of planned or mapped lines of street widenings and extensions or of future streets.

(b) An Official Map showing all public streets then existing and established by law; all planned streets or street lines previously adopted under this Section; all streets or street lines as located on final or recorded plats of subdivisions as previously approved by the Commission; and all existing or planned parks and other public open spaces.

(2) Notice to Owner of Record. No plat showing the location of a planned or mapped street shall be adopted before Notice shall have been sent by registered mail to the owners of record of the land on or abutting the future street lines designated upon the plat.

(3) Legal Effect.

(a) Upon the adoption of any plat showing the location of a planned or mapped street, the owners of the property within the lines of such planned or mapped street shall for the period specified in the ordinance be prohibited from erecting any structure within such lines. The owner of any property so affected shall be entitled to appeal to the Board of Zoning Adjustments under the same procedure described for appeals in zoning cases.

(b) After the adoption of the Official Map or any plat showing the lines of planned or mapped streets, no change in any street shall be made by the Council until such proposed change shall have been submitted to the Commission for its approval or disapproval for conformity with the Official Map. Pending the adoption of the Official Map, the Council shall not vacate, narrow, or extend any existing street without having secured the approval of the Commission thereon.

(c) The adoption of any plat showing the location of a planned or mapped street or the placing of any street or street line on the Official Map shall not, in and of itself, constitute or be deemed to constitute the opening or establishment of any street nor the taking or acceptance of any land for street purposes.

(4) Amendment of Official Map. New streets and street locations on recorded plats of subdivisions as approved by the Commission or on plats adopted by the Council shall be forthwith placed upon the Official Map as additions or modifications thereto, when the Council accepts the dedication of the streets and street locations shown thereon. Other amendments to the Official Map may be made by the Council at any time after having secured the advice of the Commission.

Section 5-406. Zoning Ordinance.

(1) Except when adopted pursuant to a zoning plan proposed and recommended by the Commission, the City Council shall refer all proposed zoning ordinances and amendments to the Commission for its recommendations. Any zoning ordinance or amendment adopted by the Council must be consistent with the Master Plan. Inconsistent ordinances and amendments shall be null and void as provided by Sec. 5-404(3)(c).

(2) Prior to making recommendations on any zoning ordinance or amendment thereto, and prior to adopting regulations governing the subdivision of land, the Commission shall hold a public hearing thereon at which interested persons shall be afforded a reasonable opportunity to be

heard. Notice of the time and place of the hearing shall be published at least three times in the official journal.

(3) Simultaneous with any amendment to the Master Plan, the Commission shall review the comprehensive zoning ordinance and shall determine, after one or more public hearings, whether the ordinance requires revision and amendment.

(4) The City shall make adequate appropriations to the Commission to implement the mandate of this section.

Annotation: Pursuant to the provisions of Section 10 of Ordinance No. 23,141 M.C.S., this section as written became effective on Tuesday, November 4, 2008.

Section 5-407. Approval of the Commission.

When under this Charter the approval of the Commission is required of any proposal, the approval shall be by the affirmative vote of a majority of the members of the Commission. Should the Commission fail to act within ninety (90) days of the submission of the proposal to the Director of the Commission, its approval shall be presumed unless the person, governing authority, office, department, board or commission submitting the proposal shall agree to a longer period of time for consideration by the Commission. In the case of amendments to the zoning ordinance, the Commission shall report its findings within a reasonable period of time, to be fixed by ordinance, without a presumptive approval being granted.

Section 5-408. Board of Zoning Adjustments.

(1) Composition. There shall be attached to the Commission a Board of Zoning Adjustments to consist of seven members who shall be domiciled in and electors of the City, appointed by the Mayor with the approval of the Council for a term of five years, staggered so that the term of one or two members shall expire each year. Neither the Director nor any member of the Commission shall be a member of the Board. The Mayor may, by Executive Order approved by the Council in accordance with the procedures established in Section 9-201(2) of this Charter, reassign or attach the functions of the Board to another department or board within the Executive Branch.

(2) Functions. The Board shall:

(a) Hear and determine appeals from applicants who have been refused building permits because of a violation or conflict with the zoning ordinance or the official map of the City.

(b) Hear and decide appeals where error is alleged in any order, requirement, decision, or determination made by an administrative official in the enforcement of the zoning ordinance of the City.

(c) Have the power to permit variations from the zoning regulations in classes of cases or situations and in accordance with the principles, conditions, and procedures specified in and subject to the limitations imposed by the zoning ordinances of the City.

Annotation: Pursuant to the provisions of Section 10 of Ordinance No. 23,141 M.C.S., this section as written became effective in November 2008.

Section 5-409. Orientation and Continuous Education Training for Planning Commission and Board of Zoning Adjustments Members.

(1) *Training.* Each Planning Commission and Board of Zoning Adjustments member shall attend a minimum of six hours of orientation training concerning the duties and responsibilities of the Planning Commission, or Board of Zoning Adjustments, either prior to taking office or no later than one year after office is assumed. All training shall be approved by, and under the supervision of, the City Planning Commission.

(2) *Continuing Education.* All members of the City Planning Commission and the Board of Zoning Adjustments shall receive within each calendar year at least six hours of continuous education in any of the subjects listed in subsection (3) of this section. All training shall be approved by, and under the supervision of, the City Planning Commission.

(3) *Education Subjects.* The subjects for the education required by subsections (1) and (2) of this section shall include, but not be limited to, the following: land use, land use planning, land use law, zoning, transportation, community facilities, historic preservation, ethics, public utilities, parliamentary procedure, public hearing procedure, economic development, housing, public buildings, land subdivision, and powers and duties of the Planning Commission and Board of Zoning Adjustments.

(4) *Removal from Position.* Members of the Planning Commission and Board of Zoning Adjustments shall be subject to removal by a majority vote of the members of their respective Commission or Board if they fail to complete the requisite number of hours of orientation training and continuing education within the time allotted in this section.

(5) *Validity of Decisions.* A failure of one or more members of the Planning Commission or Board of Zoning Adjustments to complete the orientation training or continuing education requirements shall not effect, impact, or invalidate a decision of the Commission or Board.

Section 5-410. Other Functions.

Functions not specifically assigned to the Commission by this chapter may be assigned to the Commission or reassigned by an Executive Order of the Mayor approved by the Council in accordance with the procedures established in Section 9-201(2) of this Charter.

Section 5-411. Neighborhood Participation.

The City shall establish by ordinance a system for organized and effective neighborhood participation in land use decisions and other issues that affect quality of life. It shall provide for timely notification to a neighborhood of any proposed Land Use Action affecting the neighborhood; it shall also provide the opportunity for meaningful neighborhood review of and comment on such proposals. In addition, it shall provide the opportunity for meaningful neighborhood participation in the formulation of the Master Plan or any amendment thereto.

Annotation: Pursuant to the provisions of Section 10 of Ordinance No. 23,141 M.C.S., this section as written became effective in May 2010.

Section 5-412. Definitions.

For purposes of this Article:

"Future Land Use Map" means a map in the Land Use Element of the Master Plan that sets forth categories of allowable land uses and density for the purpose of directing the future development and redevelopment of private and public property in the City

"Land Use Action" means the preliminary or final approval of a zoning map amendment, a zoning ordinance text change, subdivision plat, site plan, planned unit development, or conditional use; the granting of a variance, adoption of a development agreement, or issuance of a certificate of appropriateness; a decision by the City or any of its administrative authorities to construct a capital improvement, acquire land for community facilities, including transportation facilities, or for redevelopment. Approval as used in this paragraph includes approval subject to conditions.

"Zoning Map" means the Official Zoning District Maps adopted with the New Orleans Comprehensive Zoning Ordinance, setting forth the boundaries of each land use designation and showing authorized land uses and densities for such uses within each designated area.

Annotation: Pursuant to the provisions of Section 10 of Ordinance No. 23,141 M.C.S., Sections 5-402, 5-403, 5-404, 5-405, 5-406, 5-407, 5-409, 5-410 and 5-412 of this chapter became effective thirty-six months from the date of the election on these amendments (Tuesday, November 4, 2008), or once the Master Plan and the Comprehensive Zoning Ordinance under revision at that time are completed and adopted by the City Planning Commission, whichever is sooner.

CHAPTER 5. PUBLIC LIBRARY BOARD

Section 5-501. Composition.

The Public Library Board shall consist of electors who are domiciled in the City and who

shall be appointed by the Mayor with the approval of the Council for terms of nine years, so arranged that the term of one member shall expire each year.

Section 5-502. Functions.

The Board shall:

(1) Control and provide for the administration of the libraries, reading rooms, bookmobiles and related facilities.

(2) Purchase directly or through the Department of Finance books, pamphlets, films, maps, recordings, periodicals, prints and pictures, computer hardware, software, and such materials, equipment, and other property as may be necessary for the performance of its functions.

(3) Develop library facilities to serve the needs and interests of the public.

(4) Maintain the City archives.

(5) Determine the purposes for which any moneys or property derived from any trust or donation made for library purposes shall be expended or used, subject only to the terms of such trust or donation.

(6) Perform such other duties as are required by this Charter or assigned in writing by the Mayor.

Section 5-503. Librarian.

The Board shall appoint a professional Librarian who shall serve at its pleasure and who shall be in charge of the libraries and other facilities under the jurisdiction of the Board. The Librarian shall meet the qualifications required of Parish Librarians, as specified under applicable state and municipal law.

CHAPTER 6. NEW ORLEANS AVIATION BOARD

Section 5-601. Composition.

The New Orleans Aviation Board shall consist of nine members who shall be appointed by the Mayor with the approval of the Council for terms of five years, so arranged that the term of one or two members shall expire each year.

Section 5-602. Functions.

The Board shall:

(1) Administer, operate and maintain all municipal airports and aviation facilities.

(2) Represent the City in all technical matters pertaining to aeronautics in consultation with state, national or international aeronautics officers or agencies.

(3) Provide for the regulation and policing of municipal airports and aviation facilities in accordance with applicable state and municipal law.

Section 5-603. Aviation Director.

The Board may appoint an Aviation Director who shall serve at its pleasure and who shall be the executive officer of the Board.

CHAPTER 7. VIEUX CARRÉ COMMISSION

Section 5-701. Composition.

There shall be a Vieux Carré Commission consisting of nine electors, domiciled in the City, appointed by the Mayor with the approval of the Council, for a term of four years, as provided by Article 14, Section 22A of the Louisiana Constitution of 1921, and retained by Article 6, Section 17 of the Louisiana Constitution of 1974. At least one Mayoral at-large appointment shall be domiciled within the area bounded by the Mississippi River, the downtown side of Iberville Street, the river side of North Rampart Street and the uptown side of Esplanade Avenue. In selecting persons for appointment to at-large positions on the Vieux Carré Commission, the Mayor shall take such steps as are necessary to ensure that persons from all areas of the City are given due consideration for such appointments.

Section 5-702. Functions.

The Commission shall:

(1) Preserve those buildings in the Vieux Carré section of the City as defined by the Constitution, having an historical or architectural value.

(2) Make such recommendations to the Council as it deems appropriate concerning measures for the preservation of the Vieux Carré.

Section 5-703. Enforcement.

The Council shall by ordinance or otherwise carry into effect provisions of the Constitution and this chapter relating to the Vieux Carré section and shall provide for the enforcement of such provisions by appropriate legal proceedings including resort to injunctive process.

CHAPTER 8. AUDUBON COMMISSION

Section 5-801. Audubon Commission.

The Audubon Park Commission shall hereinafter be known as the Audubon Commission and shall be continued in existence from January 1, 1996, the effective date of this amendment, with the same powers, duties, and functions as enjoyed by the Commission previously. The powers, duties, functions, administration, and operation of the Commission shall be as provided for in this chapter of the Charter and other applicable state and municipal law.

Section 5-802. Powers, Duties, and Functions.

The powers, duties, functions, administration, and operation of the Audubon Commission shall be as provided in this chapter to administer, operate, and maintain facilities administered by the Commission, including Audubon Park, the Aquarium of the Americas, Woldenberg Riverfront Park, the Species Survival Center, the Louisiana Nature Center and other educational, cultural and recreational facilities, and to perform such other duties as are provided by applicable law, subject to the provisions of the City's Master Plan, its land use regulations, and its permitting authority. The Commission shall not accept, assume, or exercise any power or function which relates to taxation or the police power or which imposes a financial obligation on the city derived from any state law unless approved by ordinance of the Council.

Section 5-803. Administration.

(1) Any capital or operating funds appropriated by the City Council to the Commission in accordance with the provisions of this Charter shall be administered by the Commission subject to all provisions of the Charter applicable to such appropriations. All other funds received by the Commission, including but not limited to funds generated from the operation of facilities by the Commission, millage revenues, donations, and federal, state, or local funds, shall be administered solely by the Commission in accordance with the procedures specified in this section.

(2) The Commission shall prepare and transmit its operating and capital budgets annually to the Mayor and Council no later than the first day of December of each year.

(3) The Commission shall prepare and transmit to the Mayor and Council an independent audit prepared by a Certified Public Accountant or firm of Certified Public Accountants within 120 days of the end of its fiscal year. Notwithstanding the preparation and transmittal of such an audit by the Commission, the Council may include the Commission in the independent audit authorized pursuant to Section 6-107 of this Charter.

(4) The Commission shall comply with all state and municipal public bid laws dealing with the procurement and disposition of property.

(5) The Commission may accept any trust or conditional donation without the necessity of review by the Board of City Trusts or its successor, provided that the Commission shall not accept any trust or conditional donation which imposes a financial obligation unless the acceptance is approved in accordance with procedures established by ordinance or in accordance with procedures established in this Charter for the acceptance of a trust or conditional

donation. In no event shall acceptance of any trust or conditional donation by the Commission impose any financial obligation on the City unless approved as provided by this section.

(6) The Commission may retain counsel, whose duties may include the performance of notarial work for transactions required to be in authentic form.

CHAPTER 9. NEW ORLEANS ALCOHOLIC BEVERAGE CONTROL BOARD

Section 5-901. Composition.

The New Orleans Alcoholic Beverage Control Board shall consist of seven members who are electors of and domiciled in the City, one appointed by each member of the Council, for terms of four years. The terms of office of the members of the Board shall expire on June thirtieth of the year that the Mayor and Councilmembers take office.

Section 5-902. Functions.

The Board shall:

(1) Hear and decide cases for suspension or revocation of City alcoholic beverage permits.

(2) If provided by ordinance, hear and decide appeals from persons who have been denied alcoholic beverage permits by an administrative official in the enforcement of applicable state or municipal laws.

The Board shall have the right to administer oaths, subpoena witnesses and compel the production of books and papers in connection with its activities.

The Board may employ necessary staff in accordance with applicable Civil Service law and subject to appropriations by the Council. The Board's operation and procedures shall be governed by Chapter 1 of Article IX of this Charter and by applicable state and municipal law.

CHAPTER 10. NEW ORLEANS RECREATION DEVELOPMENT COMMISSION

Section 5-1001. Composition.

The New Orleans Recreation Development Commission shall consist of thirteen members who are electors of and domiciled in the City appointed by the Mayor with the approval of the City Council. Terms for members of the Commission shall be for five years initially. Not more than thirty days from the effective date of this section, the Council shall adopt an ordinance providing for terms of Commission members to be staggered, commencing on the expiration of the initial five year terms.

Not more than thirty days from the effective date of this Section, the City Council shall adopt an ordinance providing for the composition of the Commission, including the requisite qualifications of its members. In the development of said ordinance, the Council shall consider factors such as diversity, geographic location, relevant skills and any other expertise beneficial to the operation of the recreation facilities and programs for the City.

Section 5-1002. Powers, Duties, and Functions.

The powers, duties, functions, administration, and operation of the New Orleans Recreation Development Commission shall be as provided in this chapter and as may be further provided for by ordinance of the Council and any Cooperative Endeavor Agreement that may be entered into for that purpose. The Commission shall not accept, assume, or exercise any power or function which relates to taxation or the police power or which imposes a financial obligation on the City derived from state law unless prior approved by ordinance of the Council.

Annotation: Powers, Duties, and Functions of the New Orleans Recreation Development commission are set forth in Ordinance No. 24,126 M.C.S., adopted on September 2, 2010.

Section 5-1003. Administration.

(1) Any capital or operating funds appropriated by the City Council to the former Department of Recreation or to the Commission in

accordance with the provisions of the Charter shall be administered by the Commission subject to all provisions of the Charter applicable to such appropriations. All other funds received by the Commission, including funds generated from the operation of facilities and programs by the Commission, millage revenues, donations, and federal, state or local funds, shall be administered solely by the Commission within the procedures specified in this section.

(2) The Commission shall operate on a fiscal year schedule consistent with that of the City and shall prepare and transmit its operating and capital budgets to the Mayor and Chief Administrative Officer in accordance with Section 6-101 and Section 6-104 of this Charter.

(3) The Commission shall prepare and transmit to the Mayor, Council and Inspector General of the City of New Orleans an independent audit prepared by a Certified Public Accountant or firm of Certified Public Accountants within 120 days of the end of its fiscal year. Notwithstanding the preparation and transmittal of such an audit by the Commission, the Council may include the Commission in the independent audit authorized pursuant to Section 6-107 of this Charter.

(4) Except for any private property the use of which is acquired through lease or other temporary agreement, all property acquired for or by the Commission, or that is under the administrative control of the Commission shall be property of the City. The Commission shall comply with the provisions of this Charter and all state and municipal public bid laws related to the acquisition and/or disposition of property.

(5) The Commission may accept any trust or conditional donation without the necessity of review by the Board of City Trusts or its successor(s), provided that the Commission shall not accept any trust or conditional donation which imposes any financial obligation on the City unless the acceptance is approved in accordance with procedures established in this Charter for the acceptance or any trust or conditional donation. In no event shall acceptance of any trust or conditional donation impose any financial obligation on the City unless approved as provided by this Charter.

(6) The Commission may retain counsel, whose duties may include the performance of notarial work for transactions required to be in authentic form.

(7) All meetings of the Commission and any of its committees shall be conducted in accordance with the Louisiana Open Meetings Act, R.S. 42:4.1, *et seq*. All documents of the Commission shall be public records available to the public in accordance with the Louisiana Public Records Act, R.S. 44:1 et seq.

Historical Annotation: In accordance with Section 9-201 of the Home Rule Charter of the City of New Orleans, the Charter was amended following an election on Saturday, October 2, 2010, according to the terms set forth in Ordinance No. 23,998 M.C.S. The duties and responsibilities previously performed by the Department of Recreation and one of the duties of the Department Parks & Parkways were transferred to the New Orleans Recreation Development Commission.

CHAPTER 11. HUMAN RIGHTS COMMISSION

Section 5-1101. Composition.

The Human Rights Commission shall consist of fifteen members who are electors of and domiciled in the city, eight appointed by the Mayor with the approval of the City Council and seven appointed by the City Council from one nomination to be made by each Councilmember. Of the fifteen members first appointed, five shall be appointed for a term of one year, five for two years, and five for three years. Thereafter, all members of the Commission shall be appointed for terms of three years..

Section 5-1102. Powers, Duties, and Functions.

The Human Rights Commission shall safeguard all individuals in the City of New Orleans from discrimination, and its powers, duties, and functions shall be as provided by applicable state and municipal law.

Section 5-1103. Staff.

The Human Rights Commission may employ staff as provided by applicable state and municipal law.

ARTICLE VI. FINANCIAL ADMINISTRATION PROCEDURES

CHAPTER 1. BUDGETING AND AUDITING

Section 6-101. Revenue Estimating Conference.

(1) The Revenue Estimating Conference shall be composed of the Mayor, who shall serve as chair, the Chief Administrative Officer, the Director of Finance, a member of the Council selected by the Council, and a faculty member of a college or university in New Orleans who has expertise in forecasting revenues or in a related field. The faculty member shall be appointed by the Mayor and confirmed by the Council to serve for a term concurrent with that of the Mayor and shall be subject to removal under the same procedure as provided in this Charter for removal of board members.

(2) The conference shall prepare and publish initial and revised estimates of money which is to be recognized for the current and next fiscal year by the City general fund and all other City operating funds, such estimates to be based upon standards promulgated by the Governmental Accounting Standards Board and which shall be known as the "official forecast." The conference shall meet at least quarterly. The Mayor may call meetings of the conference at any time in accordance with applicable state and municipal law and shall call meetings when requested to do so by Motion of the City Council. In each estimate, the conference shall designate the money which is nonrecurring or will recur only in a limited number of years. Conference decisions to adopt these estimates shall be by a unanimous vote of its members. The most recently adopted estimate, as defined above, shall be the official forecast and shall constitute a recommendation to the Mayor and City Council of the amount of revenues to be included in the operating budget for the year for which the forecast is made.

Section 6-102. Preparation of the Annual Operating Budget.

(1) The Chief Administrative Officer shall annually, and not later than the first day of August, make available sufficient data relating to the current and preceding year's appropriations and expenditures for each fund to each office, department, board, the Council, pension and retirement system, trust proceeds fund, debt service fund or other entity which is receiving or seeks to receive an appropriation from the Council payable from any operating fund of the City or which expends City funds. All data required under this section shall be in a format which adheres to generally accepted accounting principles as defined by the Governmental Accounting Standards Board or any successor organization, except as provided in Section 6-103 (1).

(2) Any entity which seeks an appropriation from any operating fund of the City shall submit detailed data to the Chief Administrative Officer in accordance with a schedule prescribed by the Chief Administrative Officer for compilation and recommendations for review by the Mayor prior to the Mayor's submission of the proposed budget to the City Council.

(3) The Chief Administrative Officer, after consulting with the Council and the heads of offices, departments and boards, shall prepare a preliminary budget for the consideration of the Mayor. The preliminary budget shall include all budget requests and the recommendations of the Chief Administrative Officer with respect to each request, an estimate of revenues from each source, and a statement of the total estimated revenues and total recommended expenditures for each operating fund.

(4) The Mayor shall review the preliminary budget and may hold either formal or informal hearings thereon, at which the heads of each office, department or board may be given an opportunity to be heard with respect to their requests. The Chief Administrative Officer shall

then prepare the operating budget under the direction of the Mayor. Such budget shall set forth each item of expenditure recommended by the Mayor and estimates of revenues which will be available for expenditure. If the estimate of any revenue differs by more than three percent from the estimate of that revenue in the official forecast, information on the difference and an explanation thereof shall be submitted to the Council with the operating budget. Where the estimated revenues from existing sources are insufficient to meet the recommended expenditures, the Mayor shall provide recommendations of new sources of revenues to balance the budget. The operating budget shall be presented to the Council with a message from the Mayor outlining reasons for the requested appropriations and shall be accompanied by proposed revenue and operating budget ordinances to give effect to the budget as presented. The mere enumeration of a function, power, or activity in this Charter shall not, in and of itself, mandate that the Council appropriate specific funds with respect thereto.

(5) The proposed ordinance for the operating budget shall provide lump sum appropriations under the following classes for each budget unit:

(a) Personal services of officers and employees.

(b) Other operating expenses.

(c) Debt service.

(d) Such other classes as the Mayor may annually establish.

(6) The proposed ordinance for the operating budget shall authorize the transfer of all amounts authorized by the capital budget ordinance from the general fund and any special revenue funds to the capital projects funds to be financed from such transfers.

(7) There shall be appended to the operating budget a statement of the transactions of each of the pension and retirement systems, expendable trust funds, and debt service funds, for the preceding year, for the current year to June thirtieth, anticipated transactions for the remainder of the current year and for the ensuing fiscal year, and a projection of anticipated revenues and expenditures of the City, including all dedicated and undedicated funds and the funds of each unattached board and commission for the next five fiscal years.

(8) The operating budget and the proposed revenue and operating budget ordinances shall be submitted to the Council not later than the first day of October. Sufficient copies of the operating budget shall be supplied by the Mayor to the Clerk of Council for distribution to members of the Council and to interested citizens.
(M.C.S., Ord. No. 29370, § 4, 3-9-23, eff. 1-1-24)

Section 6-103. Administration and Enforcement of the Operating Budget Ordinance.

(1) The adoption of the operating budget ordinance shall constitute an appropriation of the sums specified therein for the purposes and from the funds indicated. Such appropriation shall be considered valid only for the year for which made, and any part of such appropriation which is not encumbered or expended shall lapse at the end of the year.

(2) Following the adoption of the operating budget ordinance, the head of each office, department and board shall submit to the Chief Administrative Officer schedules showing the expenditures anticipated for each quarter of the fiscal year.

(3) The approval of an expenditure schedule by the Chief Administrative Officer shall constitute a budgetary allotment which shall be binding upon such office, department or board, and the Department of Finance shall approve or issue no requisition, purchase order, voucher or check that is not in accordance with such allotment.

(4) The allotments herein provided may be altered at any time by the Chief Administrative Officer upon his own initiative or at the request of the head of an office, department or board and shall be altered at the direction of the Mayor. The Mayor shall direct appropriate revisions in allotments to keep expenditures within the revenues received or anticipated.

(5) The Director of Finance and his surety shall be liable for any moneys withdrawn from any operating fund other than in accordance with the operating budget ordinance and allotments.

Section 6-104. Preparation of the Capital Program and Capital Budget.

(1) The City Planning Commission annually and not later than the fifteenth day of September shall prepare and submit to the Mayor a capital program.

(2) Each office, department, board, the Council, pension and retirement system, expendable trust fund, and debt service fund or other entity annually shall present to the City Planning Commission, in accordance with a schedule prescribed by the Chief Administrative Officer, a list of all the expenditures for permanent physical improvements which it is making or believes should be made in conjunction with its work during the next five years.

(a) Each list shall show the projects in process of construction or acquisition, their present status, the amounts spent or to be spent thereon to the close of the current year, the work which is required to complete each undertaking with a schedule for such completion, the amount and source of the moneys spent, and the amount and source of moneys required during each of the five succeeding years to complete each undertaking.

(b) Each proposal shall contain a justification of the project, its estimated cost, method of financing, the estimated cost of annual operation and maintenance, the proposed dates of initiation and completion of the project, the financial requirements during each of the five ensuing years and the source of such moneys.

(3) The Chief Administrative Officer shall furnish to the Commission a statement of the moneys likely to be available from the General Fund and special revenue funds and the amount of bonds which the Mayor believes it would be proper for the City to issue during each of the next five years. The Commission shall then prepare the capital program for the next five years, in which it shall recommend the projects to be undertaken within the period in priority order and shall state the sources of moneys to be used for each project during each year of the period.

(4) Upon receipt of the capital program from the Commission, the Mayor shall prepare a message to the Council setting forth recommendations with regard thereto. The Chief Administrative Officer, under the direction of the Mayor, shall prepare a proposed capital budget ordinance for the first year covered by the capital program. Not later than the first day of October, the Mayor shall submit to the Council the capital program as prepared by the Commission, the capital budget message, and the proposed capital budget ordinance.
(M.C.S., Ord. No. 29370, § 4, 3-9-23, eff. 1-1-24)

Section 6-105. Administration and Enforcement of the Capital Budget Ordinance.

(1) The adoption of the capital budget ordinance shall constitute an appropriation of the sums specified therein for the purposes and from the funds indicated. Such appropriation shall be considered valid only for the year for which made, and any part of such appropriation which is not encumbered or expended shall lapse at the end of the year. Officers authorized to make expenditures under the capital budget ordinance may proceed without other authority from the Council to incur obligations or make expenditures for proper purposes to the extent that the moneys are available.

(2) Accounting officers of the City shall be responsible for the enforcement of the capital budget ordinance to the same extent as the Director of Finance is responsible for the enforcement of the operating budget ordinance.

Section 6-106. Fiscal Year.

The fiscal year of the City shall be the calendar year unless changed by ordinance. If the fiscal year is modified, the time limits specified in this

Chapter shall be modified by the ordinance to conform to substantially the same general time schedule as that specified herein.

Section 6-107. Encumbrance Defined.

For the purpose of this Charter, the term "encumbrance" shall mean a commitment for expenditure of an appropriation evidenced by a valid requisition properly approved.

Section 6-108. Independent Audit.

(1) The Council shall execute an agreement with a Certified Public Accountant or firm of Certified Public Accountants for the purpose of securing an audit of the accounts of the City and may execute such an agreement for the purpose of securing an audit of the accounts of any office or public body that receives or expends City funds, including non-municipal offices and public bodies.

(2) As soon as practicable and in no event later than six months after the close of the fiscal year, the accountant or accountants shall submit to the Council a report upon the transactions of the year just completed.

(3) No certified public accountant selected to make the audit or any of the partners of the firm of certified public accountants selected to make the examination shall be a member, an officer, or an employee of a department, board or other agency of the City.

(4) If the person or firm selected to make the audit informs the Council that any office or entity receiving or expending City funds has failed or refused to provide information or permit inspections necessary or reasonably desirable for completion of the audit, the City Council may issue and the City Attorney shall promptly seek enforcement of subpoenas to compel the requested inspection or information.

CHAPTER 2. FUND ADMINISTRATION

Section 6-201. Operating Funds.

(1) Except as otherwise provided in this Chapter, all moneys of the City held by the Director of Finance or other officers for the purpose of defraying any operating expense shall constitute "operating funds."

(2) The Director of Finance shall establish and maintain the following operating funds:

(a) The General Fund. Except as otherwise provided by this Charter or applicable state law, all taxes, licenses, fees, and other receipts, revenues and income of the City shall be deposited daily to the credit of the "General Fund of the City of New Orleans".

(b) The Savings Fund.

(i) Except as otherwise provided by this charter or applicable state law, a percentage of the City's annual general fund shall be appropriated by the City Council and deposited into the "Savings Fund of the City of New Orleans" pursuant to the following formula:

(A) When none of the conditions in Section 6-201(2)(b)(ii)(A) through (C) has been met, the percentage required to be appropriated shall be the difference between the existing balance of the Savings Fund and 5% of the average of the previous five years of actual general fund expenditures as certified by the Revenue Estimating Conference at its first meeting after the submission of the independent audit as provided in Section 6-108.

(B) When one or more of the conditions in Section 6-201(2)(b)(ii)(A) through (C) has been met, the percentage required to be appropriated shall be zero.

(ii) Appropriations from the Savings Fund may only be made by the City Council upon an affirmative vote of two-thirds of all its members and only when one or more of the following conditions have been met:

(A) a declaration by the City Council by a two-thirds vote of all of its members of the

existence of an emergency due to act of God, riot, war, or a grave emergency which threatens widespread loss of life or grievous injury to health or property;

(B) a determination by the City Council by a two-thirds vote of all of its members that a significant loss in city revenues due to an economic downturn of serious proportions has occurred or is occurring; and/or

(C) a mandate by the United States Government that has been determined by the City Attorney to be in accordance with law.

(c) Other Operating Funds. The Council shall by ordinance establish such other operating funds as are required to comply with the provisions of any law, contract or donation under which the City receives moneys or to comply with generally accepted accounting principles.

(d) The Housing Trust Fund.

(i) An amount not less than two percent of the general fund operating budget for that year, adopted pursuant to Section 3-115(2), shall be appropriated annually by the City Council and deposited into the "Housing Trust Fund"; provided, however, that the Council, by unanimous vote of a quorum, may appropriate less than two percent in the event of a declared state of emergency due to act of God, riot, war, or a grave emergency which threatens widespread loss of life or grievous injury to health or property. The minimum funding requirements under this Section may be satisfied from any revenue source other than funding received through federal and state housing-related grants and programs.

(ii) All funds maintained in the Housing Trust Fund shall be used exclusively for the purposes of ensuring the availability of affordable housing for low- to moderate-income residents within the City.

(iii) The Council may by ordinance establish restrictions on expenditures from the Housing Trust Fund that further the purposes thereof.

(3) No moneys shall be disbursed from operating funds except in accordance with an appropriation made by the operating budget ordinance and allotments thereunder, the capital budget ordinance as provided for in this Charter, or applicable state and municipal law. No operating expense shall be paid from any fund other than an operating fund, except to the extent specifically authorized by ordinance to be paid from other funds.

(4) The Council may authorize by ordinance the creation of petty cash accounts to permit payment for small purchases which are impractical to pay by check. No petty cash account shall be for a greater amount than is necessary to finance transactions for one month. Officers or employees having custody of petty cash accounts shall be bonded, shall use the funds only for public purposes, shall submit appropriate documentation for all expenditures, and shall comply with any requirements imposed by ordinance.
(M.C.S., Ord. No. 29864, § 4, 3-21-24, eff. 1-1-25)

Section 6-202. Pension and Retirement Funds.

(1) All funds maintained for the purpose of paying any pension or retirement benefits, payments or refunds, or for providing any reserve or accumulation with respect thereto, shall constitute "pension and retirement funds."

(2) No payments shall be made from any pension or retirement fund for any purpose other than to pay benefits authorized to be paid from such funds; to make investments as may be provided by law; or to refund contributions to the members of such funds. All operating expenses of pension and retirement systems shall be payable only from operating funds.

(3) The governing authority of any pension or retirement fund may arrange with the Board of City Trusts for the administration of the reserves held by such pension or retirement fund.

Section 6-203. Debt Service Funds.

(1) All moneys or securities held for the purpose of paying the principal, sinking fund installments, interest, or other valid expenses in connection with the servicing or payment of any obligation which becomes due and payable more than one year from its date shall constitute "debt service funds."

(2) The Director of Finance and other officers, departments or boards when required by law or by the terms of any bond, note, certificate or other evidence of indebtedness, shall maintain such funds as may be necessary to enable the City to perform its contractual obligations.

(3) Moneys held in any debt service fund by any officer, department or board shall be disbursed only in accordance with the provisions of law or contract relating thereto. No appropriations shall be required as a prerequisite to disbursement from such fund.

Section 6-204. Capital Projects Funds.

(1) All moneys received or held for the purpose of defraying the cost of any capital expenditure shall constitute "capital projects funds".

(2) Capital projects funds shall consist of moneys derived from the proceeds of the sale of immovable property, from proceeds of bonds, notes, certificates or other evidences of indebtedness for capital expenditures, including proceeds of temporary loans negotiated in anticipation thereof, from appropriations or grants from other governments or governmental agencies for capital expenditures, from allocations made by any operating budget ordinance for capital expenditures, from proceeds from any insurance settlement for loss sustained to immovable property, from proceeds of assessments for street improvements to the extent not dedicated to repayment of debt, or from transfers from any reserve fund maintained for ultimate capital expenditures.

(3) Capital projects funds shall be expended only in accordance with the terms of the capital budget ordinance, the terms of loans negotiated, or the terms of tax levies.

Section 6-205. Nonexpendable Trust Funds.

(1) All moneys acquired by donation which are to be invested or held intact, temporarily or permanently, and all other property acquired by donation shall constitute "nonexpendable trust funds."

(2) The Director of Finance shall be the treasurer for any other trusts held by or in the name of the City, its officers, departments or boards, except insofar as specifically and irrevocably otherwise provided under the terms of the donation or trust. The Director shall receive and deposit to the credit of such funds and accounts all the moneys belonging thereto, and shall make disbursement therefrom only in accordance with resolutions or other appropriate authorizations furnished by the Board of City Trusts or other persons, officers, departments or boards having power so to authorize.

Section 6-206. Expendable Trust Funds.

(1) All moneys derived from the interest, dividends, or other earnings of trust funds or from the sale of trust fund assets that are to be expended for any purpose under the terms of any donation or trusts shall constitute "expendable trust funds."

(2) The Director of Finance shall maintain separate funds and bank accounts for each such expendable trust fund, shall receive and deposit to the credit of such funds and accounts all of the moneys belonging thereto, and shall make disbursement therefrom only in accordance with resolutions or other appropriate authorization furnished by the Board of City Trusts or other persons, officers, departments or boards having power so to authorize.

Section 6-207. Other Funds.

The Mayor, with the approval of the Council, may establish other funds when necessary and when no appropriate class of funds exists in accordance with generally accepted accounting principles, and the Director of Finance may create funds required to comply with generally accepted accounting principles.

Section 6-208. Deposit of Funds.

Money received by officers and employees shall be deposited promptly to the City's account in depository banks. The bank account may indicate the name of the fund, department, board or beneficiary for whom the money is deposited.

CHAPTER 3. PROCUREMENT AND DISPOSITION OF PROPERTY

Section 6-301. Procurement of Movable Property.

(1) The Department of Finance shall be responsible for the procurement of all movable property to be paid for from any appropriation made by the Council.

(2) (a) Before procuring any movable property, the Department of Finance shall ascertain whether or not movable property is available for transfer to satisfy any requisition, and if such is available, the transfer shall be made in lieu of all or a portion of the procurement with appropriate credits and charges to the budget units involved.

(b) If such property is not available for transfer, the Department of Finance shall procure it from the lowest responsible bidder who conforms to the terms and specifications prepared by the Department, except in cases where competitive bids are not required by state or municipal law.

Section 6-302. Procurement of Immovable Property.

(1) The Bureau of Purchasing shall be responsible for the procurement of all immovable property, but only in conformity with the instructions of the Department of Property Management.

(2) Requisitions for the procurement of immovable property which have been approved by the appropriate accounting officer as to availability of unencumbered fund balances shall be submitted to the Department of Property Management, which department shall ascertain whether property owned or leased by the City is available for the purpose requested. If such property is available, the Director of Property Management shall arrange for its assignment or transfer in cooperation with the budget units involved. If

such property is not available, the Department of Finance shall procure the necessary property by purchase, lease, exchange or expropriation.

(3) No immovable property shall be acquired by the City without the approval of the City Planning Commission as to its use, and where necessary, the approval of the Board of City Trusts. If either fails to act within thirty days of a request for approval, its approval shall be presumed.

(4) All expropriation proceedings shall be instituted in the name of the City through the Department of Law.

Section 6-303. Insurance.

(1) Insurance against fire, windstorm, and other hazards may be procured for the protection of the property of the City in such amounts and under such conditions as the Council shall ordain.

(2) The City may, without waiver of its governmental immunity, procure public liability, bodily injury, and property damage insurance covering such risks and in such amounts as the Council may ordain, provided all such policies of insurance shall contain a stipulation that the insurer shall not assert the governmental immunity of the City as a defense of any suit on such policies.

(3) All insurance shall be procured by the Department of Finance from companies licensed by the state to insure the types and amounts of risks involved.

Section 6-304. Surety Bonds.

Except as herein otherwise provided, the Council shall determine which officers and employees shall be required to furnish surety bonds and shall determine the amount of each such bond. The Department of Finance shall procure all such surety bonds from companies licensed to do business in the state. All such bonds shall be in favor of the City, and the premiums thereon shall be borne by the City.

Section 6-305. Disposition of Movable Property.

Boards, department heads, and other officers having movable property which is not useful to them shall from time to time and at least annually furnish a list thereof to the Department of Finance. The Department of Finance shall examine such property, and if the same is found to be usable, it shall be returned to the central storehouse or inventoried for subsequent issue upon requisition. If it is found to be unusable for public purposes, the Director of Finance, after fixing a minimum price shall cause the property to be exchanged or sold at public auction to the highest bidder for not less than the minimum price established after advertisement in the official journal twice, and the proceeds shall be placed in the General Fund. By ordinance approved by two-thirds of all its members, the Council may authorize the sale without public bid of movable property not needed for public purposes at a shop or store operated by or under the authority of the City of New Orleans, and the proceeds shall be placed in the General Fund or another fund as specified in the ordinance.

Section 6-306. Disposition of Immovable Property.

(1) The Department of Property Management shall from time to time, and not less than once in two years, review the immovable property of the City and make recommendations to the Council and the City Planning Commission for the disposition of such property as is no longer needed.

(2) With the prior approval of the Mayor and the City Planning Commission, the Council may ordain the sale or exchange of immovable property no longer needed. In its resolution of approval, the City Planning Commission may impose restrictions as to future use of such property in order to insure that its use will be in conformity with the plans developed or in process of development by the Commission. The Director of Finance, after fixing a minimum price, shall, either individually or through a person appointed by the Director, cause the property to be sold at public auction to the highest bidder for not less than

the minimum price after advertisement in the official journal three times, and the net proceeds shall be placed the Capital Projects Fund. However, immovable property may be transferred for purposes of rehabilitation without public auction, in accordance with procedures authorized by state law.

Section 6-307. New Orleans Municipal Trust Fund.

(1) Notwithstanding the provisions of Section 6-306 of this Chapter, all net proceeds resulting from a sale of any immovable property owned by the City having a sale price of more than five million dollars, including but not limited to the New Orleans International Airport, shall be placed in an expendable trust fund to be designated as the New Orleans Municipal Trust Fund. Specific donations or bequests to the New Orleans Municipal Trust Fund shall also be placed in the fund. The Council may from time to time appropriate additional funds to be placed in the Municipal Trust Fund. No appropriations shall be made from the fund except in accordance with paragraph (2) of this section.

(2) The Council may by ordinance make appropriations from the New Orleans Municipal Trust Fund to the General Fund provided that the total appropriations in any fiscal year shall not exceed eighty percent of the amount reasonably anticipated to be earned on the amount contained in the fund during that fiscal year. The Council may by ordinance approved by a two-thirds vote of all its members appropriate to the Capital Projects Fund in any fiscal year up to fifty percent of the amount contained in the Municipal Trust Fund on the first day of that fiscal year.

(3) The provisions of this section may be declared inapplicable to all or any portion of the proceeds of a sale of immovable property owned by the City if a resolution is adopted by affirmative vote of not less than two-thirds of the membership of the Council which states the Council's determination that:

(a) The immovable property was used for an essential public service, such as sewerage, water, drainage, recreation, port, or railroad purposes, and the proceeds from the sale are necessary to continue to provide the service, either for replacement of the property sold or for capital improvements by the City department, board or agency for whose benefit the property was used; or

(b) The immovable property was used primarily for office space or other essential support of City employees or activities, and the proceeds from the sale of the property are necessary to provide for replacement of that space or support; or

(c) The immovable property is or was acquired pursuant to the terms of a donation, trust, contract, or law which would preclude the deposit of the proceeds from the sale of the property into the Municipal Trust Fund.

The Council shall hold a public hearing on any resolution to declare this section inapplicable to a sale of immovable property, which hearing shall be advertised in the official journal once a week during the two weeks preceding the public hearing.

(4) If the City disposes of immovable property by means of an exchange of property with additional cash compensation to the City, and the total value of the property and cash exceeds five million dollars, the provisions of this section shall apply to the cash proceeds of the transaction.

(5) Despite its name, the Municipal Trust Fund shall not be subject to the provisions of Chapter 18 of Article IV of this Charter. However, conditional donations to the Municipal Trust Fund shall be subject to the provisions of Chapter 18 of Article IV of the Charter.

Section 6-308. Contracts.

(1) All formal written contracts to which the City is a party, except those executed pursuant to paragraph (5)(c) of this section, shall be signed by the Mayor or, under the Mayor's authorization, by the Chief Administrative Officer or the Director of Property Management. Contracts may be proposed by any officer, department or

board but, before being presented for signature, shall be approved by the Department of Law as to form and legality. The City shall establish and maintain a program to encourage disadvantaged business enterprises to participate in any such contracts.

(2) Prior to signature, contracts involving financial obligations by the City shall be approved also by the Department of Finance as to the availability of funds in the amounts and for the purposes set forth therein. Such contracts shall not extend beyond the term for which an appropriation to finance such obligations shall have been made. This paragraph shall not apply to obligations for the procurement of services from regulated utilities, telecommunication services, and sanitation services.

(3) All construction of public buildings shall be done by contract in conformity with applicable state or municipal law.

(4) Contracts for the leasing of property belonging to the City for periods of more than one year shall be subject to requirements which may be imposed by ordinance.

(5) (a) Except in the purchase of unique or noncompetitive articles, competitive bids shall be secured before any purchase, by contract or otherwise, is made or before any contract is awarded for construction, alteration, repair or maintenance or for the rendering of any services to the City, other than professional services, and the purchase shall be made from or the contract shall be awarded to the lowest responsible bidder after advertisement prescribed by ordinance or by applicable state or municipal law.

(b) Contracts for professional services administered by the offices, departments, boards, and other agencies of the Executive Branch shall be awarded on the basis of a competitive selection process which shall be established by executive order of the Mayor. The competitive selection shall be made by a selection committee composed of at least three (3) individuals from within local government with relevant subject matter expertise who will review and evaluate proposals and make selections in meetings noticed and open to the public. The Committee's records shall be public. The Mayor shall not be a member of any such selection committee but may authorize, by executive order, exceptions to such competitive selection process resulting from emergencies that pose a threat to public health, safety, and welfare, as authorized by law.

(c) Contracts for professional services administered by the Council, pursuant to its Charter functions, legislative authority and responsibilities, and regulatory authority and responsibilities, shall be awarded on the basis of a competitive selection process which shall be established by rule of the Council. Such contracts shall be signed by the Council president upon authorization by Motion adopted by a majority of the entire membership of the Council, except that pursuant to Section 4-403(2), contracts to employ special counsel shall require a two-thirds vote of the Council's entire membership. The Council rule may except contracts executed solely to assist the office of an individual councilmember.

(d) Each such order or rule and any amendment thereto shall be published once in the official journal and shall be the subject of a public hearing at least seven days prior to its effective date. The Executive Branch or Council competitive selection processes may include a threshold amount below which the competitive selection process shall not be required. The amount of the threshold shall be established by ordinance.

(6) The Director of Finance shall require of successful bidders a performance bond and, where appropriate, a labor and materials bond. The Director may in the exercise of sound discretion permit a bidder to file an annual bond to cover bids that may be made by, or the performance of contracts that may be awarded to, such bidder during an annual period. Such bond shall be in such amount as the Department of Finance may

determine and may be increased or decreased from time to time as the Department may require, in order to keep it commensurate with the bids made or contracts awarded during the annual period.

(7) The Council may by ordinance provide for the manner of executing other contracts and may in the case of any contract require the signatures of other officers in addition to those specified in this Section as it may deem proper for the protection of the interests of the City.

ARTICLE VII. FINANCING STREET IMPROVEMENTS

Section 7-101. The Improvements of Streets.

(1) The Council shall, by ordinance, provide for the paving and improvement of streets.

(2) The Department of Public Works shall submit to the Council for its approval the plans and specifications for the improvement of any street, provided that such plans shall not conflict with the Master Plan previously adopted by the City Planning Commission. Upon approval of plans and specifications by the Council, the Department of Finance shall advertise for bids for such work unless it is to be performed by the Department of Public Works or unless such work is part of a program undertaken in cooperation with any other governmental agency.

Section 7-102. Cost.

(1) Costs to be Paid by Developers of Subdivisions. The Department of Public Works with the approval of the Council may require that streets in such subdivisions be paved or repaved, and the Council may require that the subdivider pay such portion of the total cost of such paving as it may deem reasonable. To assure said payment, the subdivider shall furnish a bond or cash in an amount fixed by the Council. No such bond shall be accepted until it has been approved as to form by the City Attorney and as to sufficiency by the Director of Finance.

(2) Costs To Be Paid By Owners of Abutting Property. The Council may levy assessments for paving against abutting property in the manner and subject to the limitations contained in Sections 42 through 50, both inclusive, of Louisiana Act 159 of 1912, as amended by Louisiana Act 338 of 1936, for the protection, enforcement and collection of special assessments for the financing of paving and other street improvements.

Section 7-103. Retention of Existing Rights.

All liens, privileges, preferences, processes and immunities vested in, granted to or enjoyed by the City of New Orleans prior to the effective date of this Charter under the Constitution and statutes of this state, including, without limitation those vested, granted or enjoyed under Sections 42 through 50, both inclusive, of Louisiana Act 159 of 1912, as amended by Louisiana Act 338 of 1936, for the protection, enforcement and collection of special assessments for the financing of paving and other street improvements, shall continue to be available to the City.

ARTICLE VIII. DEPARTMENT OF CIVIL SERVICE

Section 8-101. Effective Date of This Article.

This Article shall have effect only in the absence of an applicable State law upon the same subject matter. The members of the Civil Service Commission serving on the day prior to the effective date of this Article shall complete the terms for which they were appointed and shall serve as members of the Civil Service Commission established by this Article.

Section 8-102. Department of Civil Service.

The Department of Civil Service shall consist of a Civil Service Commission, a Director of Personnel, and the employees subordinate to the Director. The Department shall be a part of the Executive Branch.

Section 8-103. Civil Service Commission.

(1) *Creation, Membership and Appointment:*

(a) The Commission shall consist of seven members who shall be electors of and domiciled in the City.

(b) The presidents or chancellors of Dillard University, Loyola University, Tulane University of Louisiana, University of New Orleans, Southern University of New Orleans, and Xavier University, after giving consideration to representation of all groups, each shall nominate three persons. In addition, the employees in the classified service of the City shall nominate three persons in the classified service of the City by means of an election called for that purpose and conducted in accordance with procedures specified by the rules of the commission. The City Council shall appoint one member of the commission from the three persons nominated by each nominating authority. If the Council fails to make an appointment within thirty days of receipt of a nomination, the nominee whose name is first on the list of nominees automatically shall become a member of the Commission.

(c) A vacancy shall be filled by appointment in accordance with the procedure for the original appointment and from the same source. Within thirty days after a vacancy occurs or, in the case of the classified employee serving on the Commission, within ninety days after a vacancy occurs, the university president or chancellor concerned or the classified city employees shall submit three required nominations. Within thirty days thereafter, the City Council shall make the appointment. If the City Council fails to appoint within the thirty days, the nominee whose name is first on the list of nominees automatically shall become a member of the Commission. If one of the nominating authorities fails to submit nominees in the time required or if one of the named institutions ceases to exist, the City Council shall make the appointment.

(d) A member of the Civil Service Commission may be removed by the City Council, for cause, after being served with written specifications of the charges against said member and being afforded an opportunity for a public hearing thereon by the City Council.

(2) *Functions.* The Commission shall:

(a) Appoint the Director, after competitive examination, who shall be in the classified service.

(b) Adopt classification plans, pay plans, and rules and regulations, and any amendments thereto after public hearing.

(c) Hear and dispose of appeals as provided in this Article.

(d) Advise the Mayor, the Chief Administrative Officer, the Director and any other officer of the City concerning personnel matters.

(e) Have the right to remove the Director for cause, after charges have been preferred against the Director and the Director has been provided a reasonable opportunity to be heard with respect to them and to produce evidence with respect thereto.

(f) Investigate and publicly hear any written charges brought by any person if filed within sixty days after the alleged violation of any provision of this Article or rules and regulations adopted thereunder.

(g) Order the withholding of compensation from any person found to be employed contrary to the provisions of this Article or rules and regulations adopted thereunder. Such order shall be directed to the appointing authority employing such person and said officer shall withhold payment of compensation to such person until authorized by the Commission, under the penalty of personal liability

for any sum paid contrary to the order of the Commission, and under such other penalties as may be provided.

(h) Approve or disapprove, after receiving the recommendations of the Director, any agreements entered into between the City and any political subdivision or public body of the State to furnish the services and facilities of the Department to it in the administration of its personnel. Any such agreement shall provide for reimbursement to the City of the reasonable cost of the services and facilities furnished.

(i) Be vested with broad and general rule-making and subpoena powers for the administration and regulation of the classified service, including the power to adopt rules for regulating employment, promotion, demotion, suspension, reduction in pay, removal, certification, qualifications, political activities, employment conditions, layoffs, compensation and disbursements to employees, and other personnel matters and transactions; to adopt a uniform pay and classification plan; to require an appointing authority to institute an employee training and safety program; and generally to accomplish the objectives and purposes of the merit system of civil service as herein established, It may make recommendations with respect to employee training and safety. No rule, regulation, or practice of the Commission or Department or any official of the city shall favor or discriminate against any applicant or employee because of membership or non-membership in any private organization; but this shall not prohibit the City or any agency thereof from contracting with any employee organization with respect to wages, hours, grievances, working conditions, or other conditions of employment in a manner not inconsistent with this Charter, applicable state or municipal law, or valid rule or regulation of the Commission.

Section 8-104. Director's Functions.

The Director shall:

(1) Head the Department and, with the approval of the Commission, appoint such employees and other persons as may be necessary.

(2) Conduct competitive entrance and promotional examinations for appointments in the classified service limited to persons of good moral character.

(3) Give wide publicity to all announcements of competitive examinations.

(4) Prepare and recommend to the Commission appropriate rules and regulations.

(5) Prepare, and upon adoption by the Commission, install and maintain classification plans based on the authority, duties and responsibilities of positions in the classified service.

(6) Prepare and recommend pay plans for employees in the classified service.

(7) Establish and maintain a service record of all appointed officers and employees of the City.

(8) With the approval of the Commission, require an appointing authority to institute an employee training and safety program.

(9) Investigate the operation and effect of the personnel provisions of this Charter and rules and regulations promulgated thereunder, and report publicly his findings and recommendations to the Commission and to the Mayor.

(10) Examine the payrolls of every office, department or board from time to time, but not less than semi-annually, to ascertain if the persons who names appear thereon have been appointed and are being compensated in accordance with the provisions of this Charter.

(11) Perform such other functions as the Director or the commission may deem proper to enforce the provisions of this Article.

(12) Cooperate, when authorized by the commission, with governmental agencies of other jurisdictions charged with personnel administration in conducting joint tests and establishing lists from which eligibles shall be certified for appointment and promotion in accordance with the provisions of this Article.

Section 8-105. The Classified and Unclassified Service.

The Civil Service of the City shall be divided into the unclassified and classified service. Persons not included in the unclassified service are in the classified service.

(1) The following shall be in the unclassified service:

(a) Officers elected by the people, and persons appointed to fill vacancies in elective offices.

(b) The Chief Administrative Officer, and all department heads except the Director of Personnel.

(c) One principal assistant or deputy and one person holding a confidential position for the Chief Administrative Officer, for each department head except the Department of Civil Service, for the council, and for each elected officer, board, authority, and commission established or recognized by this Charter.

(d) Employees in the office of the mayor and city Attorney.

(e) Members of boards and advisory committees.

(f) Bona fide students of schools employed by municipal agencies.

(g) Railroad employees whose working conditions and retirement benefits are regulated by federal agencies in accordance with federal law.

(2) Additional positions may be added to the unclassified service and may be revoked by rules adopted by the Commission.

(3) The provisions and requirements of this Article as to methods of filling vacancies, establishment of promotional lists and employment lists, eligibility and original entrance competitive tests may be waived by the Commission in its discretion in whole or in part in case of original appointment for unskilled labor. Such laborers may be selected and appointed by the appointing authority under the rules and regulations of the Commission. Any such employee shall acquire permanent status in the classified service if such employee passes a satisfactory work test prescribed by the Director.

Section 8-106. Appointments and Promotions in Classified Service.

Permanent appointments and promotions in the classified service shall be made only after certification by the Department under a general system based upon merit, efficiency, fitness and length of service as ascertained by examinations which, so far as practicable, shall be competitive, and all positions in the classified service shall be filled from those eligible under such certification.

Section 8-107. Adoption and Content of Rules and Regulations.

(1) *Adoption.* The Civil Service rules and regulations in effect on the day prior to the effective date of this Article shall remain in effect and be continued until amended or repealed by the Commission. The Commission shall have power to amend and repeal the rules and regulations on the recommendation of the director or on its own initiative, subject to the requirement of a prior public hearing with respect to each such proposed modification.

(2) *Content.* The rules and regulations shall:

(a) Regulate employment, promotion, removal, qualifications and other personnel matters.

(b) Provide for the filling of vacancies in the classified service by demotion, transfer,

reinstatement, reemployment, promotion, original appointment or temporary appointment.

(c) Provide for the establishment, maintenance, consolidation and cancellation of eligible lists and the removal of names therefrom.

(d) Regulate employment conditions.

(e) Establish requirements of desirable training, experience and other qualifications of applicants.

(f) Establish work test periods of not less than six nor more than twelve months before appointees acquire permanent status as classified employees.

(g) Contain uniform provisions covering the method and manner of conduction examinations; leaves of absence; layoffs; reinstatements; transfers; abolition of positions; promotions on a competitive basis, except where the Commission finds it impracticable; sick and annual leaves; hours of work; on the job training programs; and a uniform service rating system, including the manner in which ratings are to be used in promotions, salary increases, suspensions and separations.

(h) Fix the procedure and the time within which appeals must be taken and heard.

(i) Provide, in the discretion of the Commission, for compliance with standards established by any federal agency as a condition precedent to the receipt of federal funds.

(j) Establish the method of certification of eligibles for appointment or promotion; provided that appointing authorities shall be entitled to the certification of not less than three eligibles for each vacancy, except that if more than one vacancy is to be filled, an additional eligible shall be certified for each additional vacancy; and except that special and different rules and regulations may be established for reemployment lists and reinstatements; and establish emergency, provisional or conditional appointments, or appointments for a limited period where status in the classified service is not obtained and certification is not required.

(k) Provide the extent to which preference shall be given in appointments and promotions to persons domiciled in the City or residents of the City; to persons honorably discharged or discharged under honorable conditions from the armed forces; to the unremarried widows of such persons; and to disabled veterans or their wives when the veterans are unable to work. Such preferences shall be given only to persons who have met the minimum requirements imposed for each test and have received at least the average rating required for eligibility.

(l) Define and prohibit political activities in addition to those specifically prohibited by this Article.

Section 8-108. Classification.

(1) The Director shall, with the approval of the Commission, allocate each position in the classified service to the appropriate class therein on the basis of authority, duties and responsibilities. Thereafter, as new positions are created or additional classes established, or existing classes are divided, combined, altered or abolished, the Director shall make proper allocations or reallocations of positions to new or existing classes.

(2) Class titles shall be used to designate positions in all official records, documents, vouchers and communications, and no person shall be appointed to or employed in a position in the classified service under any title which has not been approved by the Director.

(3) Any employee affected by the allocation or reallocation of a position, or by any changes in the classification plan, shall be afforded a reasonable opportunity to be heard by the Director.

Section 8-109. Promotions.

Vacancies in positions in the classified service of the City shall, as far as practicable, be filled by promotion after competitive tests from lower

classes. A change from a position from one class to another with a higher maximum rate of pay shall be considered a promotion.

Section 8-110. Pay Plan.

Employees in the classified service may be compensated only in accordance with a pay plan recommended by the Commission and adopted by the council. Such plan shall include minimum rates steps for each class. Amendments to a pay plan may be adopted by the Council when recommended by the Commission. Any rule or determination of the Commission affecting wages or hours shall have the effect of law and become effective only after approval by the Council.

Section 8-111. Appeals.

(1) Any person aggrieved by action contrary to the provisions of this Article may appeal to the Commission for redress pursuant to its rules and regulations.

(2) In the conduct of investigations or hearings, any member of the Commission or the Director shall have the power to administer oaths, subpoena witnesses and compel the production of pertinent books and papers.

(3) If the Commission, after a hearing, orders a dismissed or suspended employee reinstated, it may reinstate such employee under such conditions as it deems proper, and may order full pay for lost time.

Section 8-112. Prohibitions.

(1) *Prohibited Political Activities.*

(a) Promotion, demotion or action on account of political or religious affiliation prohibited. No person shall be appointed or promoted to, or dismissed from any position in the classified service, or in any way favored or discriminated against with respect to employment because of political or religious opinions or affiliations.

(b) Party Membership; Election. No member of the commission and no officer or employee in the classified service shall participate or engage in political activity; be a candidate for nomination or election to public office except to seek nomination as the classified City employee serving on the City Civil Service Commission; be a member of any national, state, or local committee of a political party or faction; make or solicit contributions for any political party, faction, or candidate; or take active part in the management of the affairs of a political party, faction, candidate, or any political campaign, except to exercise the right as a citizen to express an opinion privately, to serve as a commissioner or official watcher at the polls, and to vote as desired.

(c) Contributions. No person shall solicit contributions for political purposes from any classified employee or official or use or attempt to use a position in the city service to punish or coerce the political action of a classified employee.

(d) Political Activity Defined. As used in this Article, "political activity" means an effort to support or oppose the election of a candidate for political office or to support a particular political party in an election. The support of issues involving bonded indebtedness, tax referenda, or constitutional or City charter amendments shall not be prohibited.

(2) *Other Prohibited Activities.*

(a) False Statements and Fraud Prohibited. No person shall make any false statement, certificate, mark, rating or report with regard to any test, certification or appointment made under any provision of this Article or commit or attempt to commit any fraud preventing the impartial execution of this Article and of the rules and regulations adopted hereunder.

(b) Consideration for Advantage Prohibited. No persons shall, directly or indirectly, give, render, pay, offer, solicit or accept any money, service or other thing of value to obtain any appointment, proposed appointment, promotion or proposed promotion to, or any advantage in, a position in the classified service.

(c) Elected Officers Prohibited from Classified Position. No Person holding any elective public office shall hold a position in the classified service.

(d) Demotion or Dismissal of Employees. No classified employee of permanent status shall, except for cause, be disciplined, demoted or dismissed.

Section 8-113. Penalties.

(1) Any person who shall willfully fail to appear in response to a subpoena or fail to answer any questions or fail to produce any books or papers pertinent to any investigation or hearing by the Commission shall be guilty of a misdemeanor.

(2) If any member of the Commission or any employee in the City Service shall willfully refuse or fail to appear before the Commission or any officer authorized to conduct any hearing or inquiry, or having appeared shall refuse to testify or answer any question relating to the affairs or government of the City or the conduct of any officer or employee of the City on the ground that the testimony or answers would tend to incriminate the party called to appear or testify, or shall refuse to waive immunity from prosecution on account of any matter about which the party called to appear or testify may be asked to testify at any such hearing or inquiry, the party shall forfeit office or position and shall not be eligible thereafter for appointment to any position in the City Service.

(3) If at a public hearing following written charges of the violation of any provision of this Article or any rules or regulations adopted thereunder, the Commission should determine that any employee has willfully violated any provision of this Article, or of rules or regulations adopted thereunder, the commission may direct the appointing authority to dismiss such employee and such employee shall be dismissed.

(4) Any person who willfully violates any provision of this Article or of the rules or regulations issued thereunder shall be guilty of a misdemeanor, and shall upon conviction be punished by a fine of not less than one hundred dollars, nor more than one thousand dollars, or by imprisonment for a term of not less than one month nor for more than six months, or by both such fines and imprisonment.

(5) In addition to the penalties hereinabove provided, the Commission may render an order that any person who has violated any provision of this Article shall not be eligible for employment in the City Service for a period not exceeding ten years.

Section 8-114. Appropriations.

The City shall make adequate annual appropriations to enable the Civil Service Commission and department to implement this Article efficiently and effectively.

ARTICLE IX. GENERAL PROVISIONS

CHAPTER 1. BOARDS AND COMMISSIONS IN GENERAL

Section 9-101. Definition of Board.

The term "board" as used in this Charter shall be construed as applying to boards, commissions authorities and other public bodies except the Council.

Section 9-102. Organization.

(1) Except as otherwise provided by applicable state or municipal law, the terms of all appointments made to boards shall expire on June 30th of the year of such expiration.

(2) Annually at the first meeting on or after July 1st each year, each board shall elect from its members a chair, a vice-chair, a secretary, and such other officers as it shall deem necessary and proper, all of whom shall serve until June 30th of the following year or until their successors have been elected and qualified, except as otherwise provided by applicable state or municipal law.

(3) Officers of boards may be removed from their offices by an affirmative vote of a majority of the members of the board at any regular

meeting, or at a special meeting if the call for such meeting shall have stated the removal as one of the purposes thereof.

(4) Members of boards shall serve without compensation but may receive reimbursement for expenses incurred in the conduct of the official business of the board.

(5) Each board shall set forth in its rules the time, date, and place of its regular meetings.

(6) The secretary of each board shall keep minutes of its transactions which shall at all times be available for public inspection.

Section 9-103. Power of Delegation.

Boards may delegate powers of appointment, determination of compensation, discipline or removal to their executive officers provided that all personnel actions so delegated shall be reported promptly to the board and such actions shall become null unless approved by the board within sixty days of the date of the action.

Section 9-104. Appointment and Removal of Board Members.

(1) If the appointment of a board member requires approval of the Council, such approval shall be granted only by the affirmative vote of a majority of all members of the Council.

(2) A member of a board may be removed by the appointing authority, provided that such removal shall be only for reasonable cause set forth in writing. Any member so removed shall have reasonable opportunity to be heard publicly before the Council, and in such event the removal shall be effective only if approved by a majority of the Council.

(3) A board member for whose office there exist residence or domicile requirements shall forfeit the office immediately upon the removal of residence or domicile in a manner that would render the board member not longer qualified for appointment to the office held.

Section 9-105. Vacancies.

A vacancy on a board shall be filled in the same manner as the member was originally appointed, provide that appointment to fill a vacancy shall be only for the unexpired term.

Section 9-106. Prohibited Activities of Board Members.

(1) No member or officer of a board shall borrow money or receive anything of value from any contractor doing business with the board under the penalty of dismissal from the board. Not member, officer, or employee of any board shall have any interest in any contract let by the board. Any member of any board who is a director or stockholder in any corporation or who is an agent or attorney for any person who is financially interested in any subject before the board shall reveal such interest to the board and shall not discuss or vote on the subject at any meeting of the board or any of its committees.

(2) Any member of a board who shall qualify as a candidate for any public elective office or who shall accept an appointive office or position of public employment for which compensation is paid by the City of New Orleans shall forfeit membership on the board.

The provisions of this paragraph shall not apply to ex officio board members nor to any board member who serves in such capacity by virtue of an elective office in city government.

Section 9-107. Quorum.

A majority of the existing membership of a board shall constitute a quorum. All actions taken by boards shall require the affirmative vote of the majority of the existing members thereof, provided that regulations may be adopted only upon the affirmative vote of two-thirds of the existing members thereof. The Mayor or, in the Mayor's absence, the Chief Administrative Officer shall not be counted as part of the existing membership of a board under this section, but if present, may be counted to establish a quorum or required vote.

CHAPTER 2. AMENDMENTS TO THE CHARTER

Section 9-201. Method of Amendment.

(1) Except as provided in subparagraph 2 of this section, this Charter may be amended or replaced only by the affirmative vote of a majority of the qualified electors of the City voting upon such amendments or proposed Charters. Proposals to amend or replace this Charter by the affirmative vote of a majority of the qualified electors of the City voting thereon may originate only in the following manner:

(a) By ordinance of the Council.

(b) By petition of not less than ten percent or ten thousand, whichever is fewer, of the duly qualified registered voters of the City filed with the Council, setting forth the proposed amendments or substitute home rule Charter.

This method of amendment shall apply to the entirety or any portion of this Charter.

(2) Except for the sections pertaining to the Mayor, the Administrative Office, and the Departments of Law, Police, Fire, Finance, and City Civil Service, amendments to Article IV of this Charter to rename or reassign powers or functions of departments or boards or to consolidate, subdivide, reorganize, or abolish departments or boards may be initiated by an executive order of the Mayor, which shall be published once in the official journal and submitted to the Council on or before the date of such publication for public review and comment. The Council shall hold a public hearing on the proposed amendment. The Council shall not alter the terms of the proposed amendment, but may vote to approve or disapprove the measure. If approved by a majority vote of the entire membership of the Council, the amendment shall become legally effective upon certification by the Clerk of the Council or at a later date if so specified in the executive order. If disapproved by a majority vote of the entire membership of the Council, the amendment shall not become legally effective. If the Council neither approves nor disapproves within sixty days of the date of publication of the executive order, the amendment shall become legally effective upon the expiration of such sixty days or at a later date if so specified in the executive order. Any amendment thus adopted shall be published promptly after its adoption in the official journal, and duly authenticated copies of the amendment shall be filed promptly by the City Attorney in the offices of the Secretary of State, the Recorder of Mortgages, and the Clerk of Council. This method of amendment may not be utilized during the last year of a term in office for the Mayor and members of the City Council.

Section 9-202. Calling of an Election.

(1) Any ordinance of the Council providing for amendment of the Charter or a substitute charter shall provide that the ordinance be submitted to the electors of the City at the next primary or general election for members of Congress, Mayor of New Orleans, or Governor of Louisiana to be held in the City, provided that the date of such election is not less than ninety days after the effective date of such ordinance, or if the public interest so requires, at a special election called for that purpose, the date of which shall be fixed at not less than ninety days after the effective date of such ordinance.

(2) Within sixty days of the receipt of a petition proposing an amendment to the Charter or a substitute charter, the Council shall provide by ordinance that the proposed amendment or substitute charter shall be published at length in the official journal not less than sixty days prior to the election, and shall be submitted to the electors of the City at the first available election for members of Congress, Mayor of New Orleans, or Governor of Louisiana, if the date of such election is not less than ninety days after the effective date of such ordinance, or when the petition so demands, at a special election called for the purpose, the date of which shall be held on the first available election date not less than ninety days after the effective date of such ordinance.

Section 9-203. Results of Elections.

(1) Any amendment to the Charter or substitute charter approved by a majority of the electors of the City voting on same shall become

effective at the time and under the conditions fixed in such amendment or substitute charter, but not until duly authenticated copies thereof have been filed by the City Attorney within thirty days after said election in the offices of the Secretary of State and Recorder of Mortgages for the Parish of Orleans, provided that no substitute charter or amendment abolishing any elective office, reducing the remuneration, or shortening the term thereof, shall become effective until after the expiration of the current term of the incumbent officials elected to such office.

(2) The City Attorney shall file authenticated copies of approval Charter amendments as required herein within thirty days after the election at which the amendments were approved or within the time period required by applicable state or municipal law if such time period is less than thirty days. The City Attorney shall also cause to be published in the official journal the full text of any amendment approved pursuant to the provisions of this Charter.

CHAPTER 3. MISCELLANEOUS PROVISIONS

Section 9-301. Title to Property.

(1) All public property held by the City of New Orleans or by any officer, department or board of the City of New Orleans at the effective date of this charter or by any association or corporation performing municipal functions or receiving an appropriation from the general fund at the effective date of this charter shall be the property of the City.

(2) Title to all property acquired under this charter by any officer, department or board shall be vested in the City.

Section 9-302. Leases and Concessions.

No lease or concession shall be granted to any corporation in which one or more City officers, employees, or board members hold or control the majority financial interest.

Section 9-303. Facsimile Signatures.

Whenever any person is required to sign negotiable instruments or multiple bonds, the signature may be a facsimile.

Section 9-304. Annual Reports.

(1) Not later than sixty days after the close of the fiscal year, each office, department or board shall make an annual written report of its activities to the Chief Administrative Officer in such form and under such rules as may be prescribed by the Chief Administrative Officer.

(2) Not later than one hundred twenty days after the close of the fiscal year, the Chief Administrative Officer shall make an annual written report to the Mayor concerning the activities of all offices, departments and boards, and the Mayor shall then transmit a copy thereof to the Council.

(3) A copy of all annual report required under this Section shall be filed in the archives of the City.

Section 9-305. Reconstitution of Government in Event of Disaster.

In case of public disaster resulting in the death or disability of the Mayor or the majority of the Council, the remaining members of the Council shall successively appoint a sufficient number of additional members to fill the vacancies therein which have been created. Such appointees shall to the extent practicable possess the qualifications required for original membership on the Council. The Council so constituted shall proceed to elect one of its members as Mayor if that office is vacant. The Council shall then fill the vacancy created by such election.

Section 9-306. Penalties for Violations.

(1) The Council shall by ordinance provide for penalties for willful violation of any provisions of this charter and may provide for penalties for violations of ordinances, rules and regulations. The Council shall have authority to provide for imposition of the maximum fines and terms of imprisonment allowed by law for such violations.

The Council may provide that in the event of violation of safety ordinances or regulations, each day's offense shall constitute a separate offense, and may provide for penalties to be imposed separately for each day of such offense.

(2) The Council may by ordinance and in accordance with applicable state or municipal law provide for procedures, rules, or orders to facilitate enforcement of the provisions of this Charter, ordinances, rules or regulations or to complement the penalties established for violations of this Charter, ordinances, rules or regulations of the City of New Orleans.

Section 9-307. General and Specific Provisions.

To the extent that any specific provision contained in this Charter conflicts with any general provision, the specific provision shall prevail.

Section 9-308. Officials to Serve Until Successors are Elected.

Each elected official and each appointed official of the City shall serve until a successor has been elected or appointed and qualified.

Section 9-309. Prohibited Activities of Officers and Employees.

No officer or employee of the City shall have a financial interest in any contract with the City. For the purposes of this section, "contract" shall mean a remunerative contract to provide goods or services to the City or for public work and shall not include a contract with the City which a city officer or employee is required to execute in order to receive state or federally funded grants, loans, or other public assistance, nor shall it include an incentive, benefit, or compensation approved by the Civil Service Commission.

Section 9-310. Limitation on Number of Casinos.

If authorized by law, permits may be issued by the City of New Orleans for the establishment of gambling casinos; provided that, unless it is otherwise provided by applicable and preemptive State law, no more than one land based gambling casino shall be permitted in the City of New Orleans. The casino shall be permitted only on land owned by the City of New Orleans in the area generally bounded by Poydras Street, Tchoupitoulas Street, Canal Street, and Convention Center Boulevard, known as the Rivergate site.

Section 9-311. Retention of Rights.

All remedies, processes, privileges, preferences and immunities enjoyed by the City of New Orleans prior to the effective date of this Charter under the Constitution and statues of this State for the protection, enforcement and collection of taxes, special assessments, and other rights shall continue to be available to the City.

Section 9-312. Severability Clause.

If any part of this Charter is for any reason declared unconstitutional or invalid, the other separable parts hereof shall not be affected thereby.

Section 9-313. Rejection of Bids.

In all sales or purchases of property the City may reserve the right to reject all bids.

Section 9-314. Cooperative Endeavors.

(1) The City of New Orleans may enter into cooperative endeavors with the state or its political subdivisions or political corporations, with the United States or its agencies, or with any public or private association, corporation, or individual with regard to the procurement and development of immovable property, joint planning and implementation of public works, joint use of facilities, joint research and program implementation activities, joint funding initiatives, and other similar activities in support of public education, community development, housing rehabilitation, economic growth, and other public purposes.

(2) In order to further these objectives, each department and board of City government shall prepare within sixty days following the first day of each calendar year a report to the Mayor

regarding opportunities for coordination between the department or board and other entities as previously enumerated in this section. Within thirty days following the receipt of such reports, the Mayor shall direct such departments or boards as the Mayor deems appropriate to initiate discussions with certain specified entities relative to cooperative endeavor agreements. Each department or board so directed shall within sixty days thereafter report to the Mayor on the status of discussions regarding cooperative endeavor agreements. Copies of the Mayor's directives to initiate discussions and copies of the status reports from the departments or boards shall be provided to all members of the City Council and to the City Council Chief of Staff.

(3) The Mayor and an authorized official of the other entity or entities shall sign each cooperative endeavor agreement thus negotiated. Any proposed cooperative endeavor agreement having a term greater than one year shall, prior to its execution by the Mayor, be published once in the official journal and submitted to the Council for approval, but not modification, by a majority of its entire membership.

CHAPTER 4. OFFICE OF INSPECTOR GENERAL; ETHICS REVIEW BOARD; OFFICE OF INDEPENDENT POLICE MONITOR

Section 9-401. Office of Inspector General.

(1) The Council shall by ordinance create an Office of Inspector General (OIG) and otherwise provide with respect thereto.

(2) The OIG shall provide for a full-time program of investigation, audit, inspections, and performance review to provide increased accountability and oversight of entities of city government or entities receiving funds through the city, and to assist in improving agency operations and deterring and identifying, fraud, waste, abuse, and illegal acts. The OIG is specifically authorized to conduct audits of City entities.

(3) The OIG may retain special counsel notwithstanding the provisions of Section 4-403 of this Charter.

Section 9-402. Ethics Review Board.

(1) The Council shall by ordinance establish an Ethics Review Board and shall authorize it to enforce the provisions of the Code of Ethics. Six members of the Board, all of whom are domiciled in and electors of the City, shall be appointed by the Mayor from lists of three nominees each submitted by the presidents or chancellors of the public and private universities located within the City of New Orleans, and one additional member shall be appointed by the Mayor, all appointments subject to approval by a majority of the members of the City Council. No member of the Ethics Review Board may hold any elective or appointed position with the city nor any other government or political party office. A vacancy on the Board shall be filled in the same manner as the original appointment. A member of the Board may be removed by the Mayor only for cause in accordance with the procedures established in Section 9-104 of the Charter and by the council in accordance with the procedures and for the reasons established in Section 3-125 of this Charter. The City Council shall authorize the Ethics Review Board to establish additional recommendations for the Code of Ethics, to issue advisory opinions, to promulgate rules regarding the interpretation and enforcement of the Code of Ethics, to refer cases for investigation on referral or complaint, to retain counsel, and to impose fines.

(2) The City Council, upon recommendation from the Ethics Review Board, shall by ordinance establish ethical rules governing the conduct of City employees, elected officials, contractors, and other persons who are the recipients of public funds, who are engaged in the performance of a governmental function, or who are in a position to influence the conduct of City employees or officials. The Code of Ethics shall incorporate by reference and adopt the provisions of the Louisiana Code of Governmental Ethics and shall provide for such other, more stringent provisions as the Council may deem appropriate. The Code of Ethics shall prohibit the Ethics Review Board

from hearing any alleged violation that constitutes a violation of the State Code of Governmental Ethics if the Ethics Review Board ascertains that the entity designated by the State to enforce said State Code has considered or is considering the alleged violation.

(3) Once adopted, the ordinances referenced in this section may be amended only by an ordinance receiving a two-thirds favorable vote of the entire membership of the Council.

Section 9-403. Office of Independent Police Monitor.

(1) The Council shall by ordinance create an Office of Independent Police Monitor (OIPM) and otherwise provide with respect thereto.

(2) The OIPM shall monitor the New Orleans Police Department, particularly in the areas of: civilian and internally-generated complaints, internal investigations, discipline, uses of force, critical incidents and in-custody deaths. The Office of Independent Police Monitor shall also review and analyze the numbers and types of complaints; assess the quality and timeliness of New Orleans Police Department investigations; review the adequacy of data collection and analysis; review the New Orleans Police Department Public Integrity Bureau's policies, procedures, and resource needs; conduct risk management reviews; review the operations and effectiveness of New Orleans Police Department "early warning system"; review specific issues regarding supervision, training, and discipline; and conduct relevant pattern analysis.

(3) The OIPM may retain special counsel notwithstanding the provisions of Section 4-403 of this Charter.

Section 9-404. Shared Funding.

The OIG, the Ethics Review Board, and the Office of the Independent Police Monitor shall receive an annual appropriation from the Council in an amount not less than 0.75% (three-quarters of one percent) of the General Fund operating budget, adopted pursuant to Section 3-115(2), which individual appropriation may not be vetoed by the Mayor, notwithstanding the Mayor's authority pursuant to Section 3-113(4) to disapprove or reduce any item or items of appropriation, and also notwithstanding the Mayor's authority pursuant to Section 3-113(2) to disapprove any ordinance in its entirety. The Council may by ordinance, adopted by unanimous vote of a quorum, provide for deviation from this percentage in cases of natural disaster or other extreme circumstances. Of the budget percentage specified in this paragraph, .04% shall be allocated for the operation of the Ethics Review Board and .16% shall be allocated for the operation of the Office of Independent Police Monitor. The local ethics entities may by memorandum of understanding reallocate these funds between or among themselves as they deem adequate to implement their functions efficiently and effectively.

Section 9-405. Independent External Evaluation.

The Council shall by ordinance establish independent external evaluation procedures that provide separately for review of the operations and performance of the Office of Inspector General, Office of Independent Police Monitor, and Ethics Review Board. The evaluation reports shall be filed with the Clerk of the Council and the City Attorney and shall be public records.

CHAPTER 5. MINIMUM WAGE*

Section 9-501. Purpose.

This Chapter is intended to provide for a minimum wage to be paid to employees who work in the City of New Orleans that will make it reasonably possible for them to earn a sufficient income to afford the basic necessities of

*__Annotation:__ The Louisiana Supreme Court ruled in the case entitled *New Orleans Campaign for a Living Wage* v. *The City of New Orleans*, 02-0991 (La. 9/2/02) 825 So. 2d 1098, that "(1) [the] statute prohibiting local governmental subdivisions from establishing [a] minimum wage rate was [a] legitimate exercise of state's police power, and (2) [the] city's minimum wage law abridged [the] police power of [the] state and, therefore, was unconstitutional." Thus, while adopted by a vote of the people at an election held February 2, 2002, this Chapter of the Home Rule Charter has never taken effect.

food and shelter. This Chapter is intended to follow the scheme for calculating wages paid for the different types of employees as set forth in the Fair Labor Standards Act of 1938, 29 U.S.C. 201 et seq. (the "Act"). The minimum wage provided in Section 9-503 herein exceeds the minimum wage provided in the current Act because the minimum wage provided in the current Act is insufficient to provide a living wage under conditions existing in the City of New Orleans.

Section 9-502. Definitions.

(1) *"Employer"* includes a person, partnership, joint venture, association corporation, company, trust or any organized group of persons acting directly or indirectly in the interest of an employer in relation to an employee performing work in the City of New Orleans, Louisiana.

(2) *"Employee"* includes an individual employed and performing work in the City of New Orleans for or on behalf of an employer, and neither: (a) excluded from the definition of "employee" as provided in subsections (e)(1), (2), and (4) of Section 3 of the Act; (b) exempted from the minimum wage under subsections (a), (d), and (g) of Section 13 of the Act; (c) employed at a reduced wage in compliance with the provisions of Section 14 of the Act and/or pursuant to a valid permit or certificate issued under authority of Section 14 of the Act; (d) a state or city civil service employee whose wages are regulated by a civil service commission; nor (e) employed on any public works contract governed by the Louisiana Public Bid Law.

(3) *"Wage"* paid to any employee shall include compensation paid to such employee in the form of legal tender of the United States, checks on banks convertible into cash on demand and shall include the reasonable cost to the employer of furnishing such employees with board, lodging or other facilities, if such board, lodging or other facilities are customarily furnished by such employer to his/her employees, provided that the cost of board, lodging or other facilities shall not be included as part of the wage paid to any employee (a) if it is primarily for the benefit or convenience of the employer or (b) to the extent it is excluded therefrom under the terms of a bona fide collective-bargaining agreement applicable to the particular employee. In determining the wage of a tipped employee, the amount paid such employee by his/her employer shall be deemed to be increased on account of tips by an amount determined by the employer, but not by an amount in excess of fifty (50) percent of the minimum wage provided in Section 9-503, except that the amount of the increase on account of tips determined by the employer may not exceed the value of tips actually received by the employee. The previous sentence shall not apply with respect to any tipped employee unless (a) such employee has been informed by the employer of the provisions of this subsection, and (b) all tips received by such employee have been retained by the employee, except that this subsection shall not be construed to prohibit the pooling of tips among employees who customarily and regularly receive tips.

(4) *"Tipped Employee"* means any employee engaged in an occupation in which s/he customarily and regularly receives more than $100 per month in tips.

Section 9-503. Minimum Wage.

An employer shall pay to each employee a wage at an hourly rate not less than six dollars fifteen cents ($6.15) or one dollar ($1.00) greater than the prevailing federal minimum wage, whichever is greater.

Section 9-504. Increase Not Precluded.

(1) Nothing in this Chapter shall preclude the City Council of the City of New Orleans from increasing the minimum wage provided in Section 9-503 by ordinance.

(2) This Chapter shall not be construed to diminish any right of employees to bargain collectively with their employer through representatives chosen by the employees to establish wages that exceed the minimum wage provided herein.

(3) Nothing in this Chapter shall be construed to prohibit the City of New Orleans from requiring that prevailing wages be paid on public works contracts.

Section 9-505. Enforcement.

An employer who pays to an employee less than the minimum wage provided in Section 9-503 commits a misdemeanor punishable by a fine of up to $200 for each day and each employee that wages are paid in violation thereof. Every employer employing any employees subject to this Chapter shall post and keep posted a notice stating the Chapter's minimum wage in conspicuous places in every establishment where such employees are employed.

Section 9-506. Severability.

If any part of this Chapter or application of the same to any person or set of circumstances is for any reason held to be unconstitutional, invalid or unenforceable, such invalidity shall not affect any other provision or application of this Chapter which can be given effect without the invalid provision or application.

Section 9-507. Effective Date.

This amendment to the Charter shall be effective ninety (90) days after approval by a majority of the electors of the City voting on the same.

ARTICLE X. SCHEDULE

Section 10-101. Purpose of Article.

The purpose of this Article is to carry this Charter into complete operation and to insure that no inconvenience may arise from the adoption thereof.

Section 10-102. Agencies Abolished.

(1) All officers, departments, boards, commissions and committees, including all bureaus, divisions, sections, units or other organizational units heretofore performing functions in The City of New Orleans are hereby abolished, except those required to be continued by provisions of the Constitution, general laws, contracts and donations, and all such shall continue to exist only for such time as may be required by any such provision.

(2) The New Orleans Railroad Terminal Board shall have the duties and powers assigned to it by ordinances and contracts of the City, and shall be continued until its obligations have been completely discharged. The Board shall have the right to employ its own counsel.

(3) Whenever, under the provisions of this Charter, a department, board, or agency is eliminated by merger or otherwise, references herein to said department, board, or agency shall be construed to refer to the department, board, or agency that assumes the respective duties or functions previously performed by the department, board, or agency which has been eliminated.

Section 10-103. Ordinances, Resolutions and Motions.

All ordinances, resolutions and motions of the city of New Orleans and all orders, rules and regulations made by any officer, department, board or other unit thereof not inconsistent with this charter shall remain in full force and effect until altered or repealed by the proper authority or until they expire by their own limitation.

Section 10-104. Inconsistent Provisions of Ordinances and Laws.

The provisions of all ordinances and other laws which are inconsistent with this Charter shall be superseded by the provisions of this charter at its effective date, except that ordinances that are inconsistent with those provisions of this Charter that require action by the Council to make them effective shall remain in full force until such action is had.

Section 10-105. Lawful Obligations of the City.

All lawful obligations of The City of New Orleans existing on the effective date of this Charter and all fines, taxes, penalties, forfeitures, obligations and rights, due, owing or accruing to the City of New Orleans, and all writs, prosecutions, actions and proceedings by or against The

City of New Orleans shall continue and remain unaffected by the adoption of this charter. All prosecutions instituted prior to the effective date of this Charter and all offenses committed prior thereto may be prosecuted as theretofore.

Section 10-106. Pending Proceedings.

All petitions, hearings and other proceedings pending before any officer, department, board or other unit abolished by this Charter and all investigations begun by such officer, department, board or other unit and not completed at the effective date of this Charter may be completed by such officer, department, board or other unit as may be designated by the Mayor.

Section 10-107. Effect of Ordinances.

(1) All ordinances of the City of New Orleans in force at the effective date of this Charter affecting, concerning or relating to any official, board, or public body of The City of New Orleans, the title, power, functions or duties of which are changed by this Charter shall, when not inconsistent with any of the provisions hereof, be construed as referring and applying to the official, board, or public body in which like powers are vested by this Charter.

(2) All rights, powers, functions and duties vested in any officer of The City of New Orleans or any person or body acting for it shall be vested in and exercised by the officer, person or body to whom or to which similar rights, powers, functions and duties are assigned by this Charter.

(3) References in any law or ordinance to officers of the City as heretofore constituted shall be construed to apply to such officer or person in the City government as organized under this Charter corresponding nearest to the officer referred to in such law or ordinance; and, in the event no such person or officer is provided for under this Charter, then the Council shall select an officer or person in the City government to serve in lieu of such other officer with like powers and effects.

Section 10-108. Previous Charters and Laws Superseded.

This Charter shall supersede all previous charters and all amendments thereto, except as herein otherwise provided.

Section 10-109. Gender of Words.

Whenever in this Charter a word is used with reference to a nature person, denoting the person's gender, it shall apply to both sexes, unless otherwise expressly provided.

Section 10-110. Sectional Headings.

No title or subtitle, heading or subheading or marginal note, printed in or with this Charter, shall be considered or construed to be part of this Charter; they have been inserted only for convenience in reference.

Section 10-111. Records and Equipment.

All books, papers, maps, charts, plans, and other equipment appertaining to any office, department, board or other unit of The City of New Orleans abolished by this Charter shall be delivered to the head of the office, department, board or other unit of the City to which they rightfully appertain.

Section 10-112. Assignment of Employees.

All employees of The City of New Orleans shall, at the effective date of this Charter, be temporarily assigned by the Mayor or by the Chief Administrative Officer to the proper office, department or board until permanently reassigned or dismissed.

Section 10-113. Status of Present Employees.

(1) Permanent employees in the classified service at the effective date of this Charter shall be continued in their respective classifications without further examination, until lawfully separated therefrom.

(2) Employees of the City in the unclassified service whose positions may become classified shall be continued in their positions pending compliance with the City Civil Service law, rules and regulations.

Section 10-114. Retirement Rights.

No pension or retirement rights shall be affected by the adoption of this Charter, and services of employees shall be deemed continuous.

Section 10-115. Implementation of this Charter.

(1) The Council shall as promptly as possible pass any ordinances which may be necessary to carry into effect the provisions of this Charter.

(2) To facilitate the transition to a cash basis of estimating and budgeting, the Council may estimate and budget $1,500,000 in accrued receipts for 1955, $1,000,000 in accrued receipts for 1956, and $500,000 in accrued receipts for 1957. Any estimated accrued receipts included in the budget of revenues of each of these years shall be deducted from the estimate of cash receipts for the next succeeding year. The provisions of this Charter requiring receipts of the general Fund of the City of New Orleans shall be estimated only upon the basis of the cash to be received therefrom within the fiscal year that shall become fully effective on January 1, 1958.

Section 10-116. Effective Dates.

(1) The reorganization of the form of government effected by this Charter shall occur on May 1, 1954, and the first officials elected pursuant to this Charter shall take office on the date.

(2) The provisions of this charter relating to the qualification of candidates for official positions and for the conducting of elections shall become effective on July 1, 1953.

Section 10-117. Wards.

The wards of The City of New Orleans shall remain as wards of the City until lawfully changed.

Section 10-118. Municipal Districts.

The municipal districts of the City of New Orleans shall remain as municipal districts of the City until lawfully changed.

Section 10-119. Status of Employees at Effective Date of Article VIII.

(1) Permanent employees in the classified service at the effective date of Article VIII of this Charter, shall be continued in their respective classifications without further examinations, until lawfully separated therefrom.

(2) Employees of the City and employees of any other governmental agency who become classified employees of the City at or after the effective date of Article VIII of this Charter and who were not appointed after civil service test and certification, shall be continued in their respective positions provided that within one year after having become classified employees they shall pass a qualifying test prescribed by the Department of Civil Service. Those who fail to so qualify shall be dismissed from their positions within thirty days after the establishment of an eligibility list for their respective positions. Nothing herein shall preclude the reclassification or reallocation as provided by the civil service rules and regulations of any position held by any such employee.

Section 10-120. Application of Laws.

As used in this Charter, the terms "by law" and "municipal law" are defined as follows:

(1) *"By law"* means by applicable federal, state, or municipal law; and,

(2) *"Municipal law"* means this Charter or ordinances adopted pursuant to this Charter.

Section 10-121. Transitional Provisions.

Amendments to this Charter approved at an election held on November 18, 1995 shall become effective on January 1, 1996.

Sec. 1-1. How Code designated and cited.

The ordinances embraced in this and the following chapters and sections shall constitute and be designated as the "Code of the City of New Orleans, Louisiana, 1995" and may be so cited. Such ordinances may also be cited as the "New Orleans City Code, 1995."
(Code 1956, § 1-1)

Charter reference—Codification of ordinances, § 3-114.

Sec. 1-2. Definitions and rules of construction.

In the interpretation and construction of this Code the following definitions and rules of construction shall be observed, unless they are inconsistent with the manifest intent of the council or the context clearly requires otherwise:

Board, commission, officer, department, etc. Whenever any officer, department, board, commission or other city agency is referred to by title only, such reference shall be construed as if followed by the words "of the City of New Orleans, Louisiana." Whenever, by the provisions of this Code, any officer, department, board, commission or other agency of the city is assigned any duty or empowered to perform any act or duty, reference to such officer, department, board, commission or other agency shall mean and include any authorized representative, if not prohibited by law.

Charter. Whenever the word "Charter" is used it shall mean and refer to the Home Rule Charter of the City of New Orleans.

City. The word "city" means the City of New Orleans in the Parish of Orleans, State of Louisiana, except as otherwise provided.

City council. The words "city council" or "council" shall mean the city council of the City of New Orleans, Louisiana.

Code. The word "Code" shall mean and refer to the "Code of the City of New Orleans, 1995."

Computation of time. The time within which any act provided by law is to be done shall be computed by excluding the first day and including the last, unless the last day is Sunday or a legal holiday, and then it shall also be excluded. If the day succeeding such Sunday or holiday is also a holiday or a Sunday, then such succeeding day shall also be excluded.

State law reference—Similar provisions, LSA-C.C.P. art. 5059.

Council. The words "council" or "city council" shall mean the city council of the City of New Orleans, Louisiana.

Gender. The masculine pronoun shall include the feminine and the neuter.

State law reference—Similar provisions, R.S. 1:8.

In the city. The words "in the city" or "within the city" mean and include all territory over which the city now has or shall hereafter acquire jurisdiction for the exercise of its police powers or other regulatory powers.

Joint authority. Words purporting to give a joint authority to three or more public officers or other persons shall be construed as giving such authority to a majority of such officers or persons.

Month. The word "month" means a calendar month.

Number. Words used in the singular number include the plural and the plural includes the singular.

State law reference—Similar provisions, R.S. 1:7.

Oath. The word "oath" shall be deemed to include an affirmation and the word "sworn" shall be construed to include the word "affirmed."

Occupant; tenant. The words "occupant" and "tenant," applied to a building or land, mean any person who holds a written or oral lease of or actually occupies the whole or part of such building or land, either alone or with others.

Or; and. The word "or" is used in the disjunctive and does not mean and/or. But "or" may be read "and" and "and" may be read "or" if the sense requires it.

Owner. The word "owner" applied to a building or land shall include any part owner, joint owner, tenant in common, tenant in partnership or joint tenant of the whole or a part of such building or land.

Parish. The word "parish" means the Parish of Orleans in the State of Louisiana.

Person. The word "person" means any individual, partnership, corporation, joint stock association or any city or state or any subdivision thereof; and includes any trustee, receiver, assignee or personal representative thereof.

State law reference—Similar provisions, R.S. 1:10.

Personal property. The term "personal property" includes every species of property except real property as defined by this section.

Preceding; following. The words "preceding" and "following" mean next before and next after, respectively.

Property. The word "property" shall include real and personal property.

R.S. Whenever the abbreviation "R.S." is used, it shall refer to the latest edition or supplement of the Louisiana Revised Statutes.

Real property. The words "real property" include lands, tenements and hereditaments and embraces all chattels real.

Sidewalk. The word "sidewalk" means that portion of a street between the curblines or the lateral lines of a roadway and the adjacent property lines intended for the use of pedestrians.

State. The word "state" means the State of Louisiana.

Street. The word "street" means and includes public streets, avenues, boulevards, highways, roads, alleys, lanes, viaducts, bridges and the approaches thereto and all other public thoroughfares in the city.

Tense. Words in the present tense include the future.

Written; in writing. The words "written" and "in writing" may include printing and any other mode of representing words and letters, but when the written signature of any person is required by law to any official or public writing or bond required by law, it shall be in the proper handwriting of such person or, in case he is unable to write, by his proper mark.

Year. The word "year" means a calendar year unless otherwise expressed.
(Code 1956, § 1-2)

Sec. 1-3. Catchlines of sections.

The catchlines of the several sections of this Code, printed in boldface type, and the catchlines to certain of the subsections of certain sections, printed in italics, are intended as mere catchwords to indicate the contents of the section or subsection and shall not be deemed or taken to be titles of such sections or subsections, nor as any part of the section or subsection, nor unless expressly so provided shall they be so deemed when any of such sections or subsections, including the catchlines, are amended or reenacted.
(Code 1956, § 1-3)

Sec. 1-4. References to chapters or sections.

All references to chapters or sections are to the chapters and sections of this Code, unless otherwise specified.

State law reference—Similar provisions, R.S. 1:14.

Sec. 1-5. History notes.

The history notes appearing in parentheses after sections of this Code are not intended to have any legal effect, but are merely intended to indicate the source of matter contained in the section.

Sec. 1-6. References and editor's notes.

References and editor's notes following certain sections are inserted as an aid and guide to the reader and are not controlling or meant to have any legal effect.

Sec. 1-7. Code does not affect prior offenses, rights, etc.

Nothing in this Code or the ordinance adopting this Code shall affect any offense or act committed or done or any penalty or forfeiture incurred or any contract or right established or accruing before the effective date of this Code.

Sec. 1-8. Effect of repeal of ordinances.

(a) The repeal of an ordinance shall not revive any ordinance in force before or at the time the ordinance repealed took effect.

(b) The repeal of an ordinance shall not affect any punishment or penalty incurred before the repeal took effect or any suit, prosecution or pro-

ceeding pending at the time of the repeal for an offense committed or cause of action arising under the ordinance repealed.

Sec. 1-9. Certain ordinances not affected by Code.

(a) Nothing in this Code or the ordinance adopting this Code shall be construed to repeal or otherwise affect the validity of any of the following when not inconsistent with this Code:

(1) Any offense or act committed or done or any penalty or forfeiture incurred before the effective date of this Code.

(2) Any ordinance or resolution promising or guaranteeing the payment of money for the city or authorizing the issue of any bonds of the city or any evidence of the city's indebtedness or any contract, right, agreement, lease, deed or other instrument or obligation assumed by the city.

(3) Any administrative ordinances or resolutions of the city not in conflict or inconsistent with this Code.

(4) Any right or franchise granted by any ordinance.

(5) Any ordinance or resolution dedicating, naming, establishing, locating, relocating, opening, paving, widening, repairing, vacating, etc., any street or public way in the city.

(6) Any appropriation ordinance.

(7) Any ordinance levying or imposing taxes, charges, rates or fees.

(8) Any ordinances prescribing through streets, parking and traffic regulations, speed limits, one-way traffic, limitations on load of vehicles or loading zones.

(9) Any rezoning ordinance or amendment to the zoning map.

(10) Any ordinance establishing and prescribing the street grades of any street in the city.

(11) Any ordinance providing for local improvements and assessing taxes therefor.

(12) Any ordinance dedicating or accepting any plat or subdivision in the city.

(13) Any ordinance annexing territory or excluding territory or any ordinance extending the boundaries of the city.

(14) Any ordinance establishing positions, classifying positions, setting salaries of city officers and employees or any personnel regulations.

(15) Any temporary or special ordinances.

(16) Any ordinance calling elections or prescribing the manner of conducting the election in accordance with state law.

(17) Any ordinance regarding storm drainage.

(18) Any ordinance or provision regarding building standards.

(b) All such ordinances are recognized as continuing in full force and effect to the same extent as if set out at length in this Code and are on file in the city clerk's office.

Sec. 1-10. Amendments to Code.

(a) All ordinances passed subsequent to this Code which amend, repeal or in any way affect this Code may be numbered in accordance with the numbering system of this Code and printed for inclusion therein, or in the case of repealed chapters, sections and subsections or any part thereof, by subsequent ordinances, such repealed portions may be excluded from the Code by omission from reprinted pages affected thereby, and the subsequent ordinances as numbered and printed, or omitted, in the case of repeal, shall be prima facie evidence of such subsequent ordinances until such time that this Code and subsequent ordinances numbered or omitted are readopted as a new code of ordinances by the city council.

(b) The titles and ordaining clauses of proposed ordinances amending the Code shall refer to the "Code of the City of New Orleans section _____." It shall not be required that the titles, ordaining clauses, or bodies of such ordinances refer to the Mayor/Council Series number of the Code. Amendments to any of the provisions of this

Code should be made by amending such provisions by specific reference to the section of this Code in substantially the following language: "That section _____ of the Code of the City of New Orleans, Louisiana, is hereby amended to read as follows: . . . ." The new provisions may then be set out in full as desired.

(c) If a new section not existing in the Code is to be added, the following language may be used: "That the Code of the City of New Orleans, Louisiana, is hereby amended by adding a section (or article or chapter) to be numbered as follows _____, which said section shall read as follows: . . . ." The new section may then be set out in full as desired.

(d) When the city council desires to enact an ordinance of a general and permanent nature on a subject not existing in the Code, which the city council desires to incorporate into the Code, a section in substantially the following language may be made a part of the ordinance: "Section _____. It is the intention of the city council and it is hereby ordained that the provisions of this ordinance shall become and be made a part of the Code of the City of New Orleans, Louisiana, and the sections of this ordinance may be renumbered to accomplish such intention."

(e) All sections, articles, chapters or provisions of this Code desired to be repealed should be specifically repealed by section number or chapter number, as the case may be.

Sec. 1-11. Supplementation of Code.

(a) By contract or by city personnel, supplements to this Code shall be prepared and printed whenever authorized or directed by the city council. A supplement to the Code shall include all substantive permanent and general parts of ordinances passed by the city council or adopted by initiative and referendum during the period covered by the supplement and all changes made thereby in the Code and shall also include all amendments to the Charter during the period. The pages of a supplement shall be so numbered that they will fit properly into the Code and will, where necessary, replace pages which have become obsolete or partially obsolete, and the new pages shall be so prepared that, when they have been inserted, the Code will be current through the date of the adoption of the latest ordinance included in the supplement.

(b) In preparing a supplement to this Code, all portions of the Code which have been repealed shall be excluded from the Code by the omission thereof from reprinted pages.

(c) When preparing a supplement to this Code, the codifier, meaning the person, agency or organization authorized to prepare the supplement, may make formal, nonsubstantive changes in ordinances and parts of ordinances included in the supplement, insofar as it is necessary to do so to embody them into a unified code. For example, the codifier may:

(1) Organize the ordinance material into appropriate subdivisions;

(2) Provide appropriate catchlines, headings and titles for sections and other subdivisions of the Code printed in the supplement and make changes in catchlines, headings and titles;

(3) Assign appropriate numbers to sections and other subdivisions to be inserted in the Code and, where necessary to accommodate new material, change existing section or other subdivision numbers;

(4) Change the words "this ordinance" or words of the same meaning to "this chapter," "this article," "this division," etc., as the case may be, or to "sections _____ through _____." The inserted section numbers will indicate the sections of the Code which embody the substantive sections of the ordinance incorporated into the Code; and

(5) Make other nonsubstantive changes necessary to preserve the original meaning of ordinance sections inserted into the Code, but in no case shall the codifier make any change in the meaning or effect of ordinance material included in the supplement, or already embodied in the Code.

Sec. 1-12. Severability of parts of Code.

Should any section, paragraph, sentence, clause, phrase or word of this Code be declared invalid or unconstitutional by a court of competent jurisdic-

tion, such invalidity or unconstitutionality shall not affect any of the remaining words, phrases, clauses, sentences, paragraphs or sections of this Code, as they would have been enacted by council without the incorporation in this Code of any such invalid or unconstitutional word, phrase, clause, sentence, paragraph or section.
(Code 1956, § 1-5)

Sec. 1-13. General penalty; continuing violations.

Whenever in this Code or in any ordinance of the city any act is prohibited or is made or declared to be unlawful or an offense or whenever in this Code or any such ordinance the doing of any act is declared to be unlawful, when no specific penalty is provided therefor, the first violation of any such provision of this Code or any such ordinance shall be punishable by the greater of (i) a fine not to exceed $1,000.00 or by imprisonment for not more than six months, or both, or (ii) the maximum penalty authorized by state law for the violation. The second or any subsequent offense of any such provision of this Code or any such ordinance shall be punishable by the greater of (i) a fine not to exceed $2,000.00 or by imprisonment for not more than six months, or both, or (ii) the maximum penalty authorized by state law for the violation. A provision for the revocation or refusal of a permit or other provision not imposing a fine or imprisonment shall not be deemed a provision for a specific penalty within the meaning of the foregoing sentence. Each day that any violation of any safety ordinance or regulation contained in this Code shall continue shall constitute a separate offense.
(Code 1956, § 1-6; M.C.S., Ord. No. 29357, § 1, 3-9-23; M.C.S., Ord. No. 29868, § 1, 3-21-24)

Cross reference—Warning citations for juveniles, § 102-1.

State law reference—Penalty, R.S. 13:2500.

Sec. 1-14. Petition for pardon.

(a) Any person convicted of violating a city ordinance may petition the mayor or the council for a pardon. The petition shall be in writing and shall set forth the date of the conviction, the violation, and the reasons supporting the pardon.

(b) The city attorney can recommend and request pardons on behalf of an individual or for a class of municipal crimes. In such a case, the city attorney shall make the request in writing to the mayor or the city council.

(c) The issuance of a pardon shall be in the sole and absolute discretion of the mayor or council. No person shall be entitled to a hearing on any petition or request submitted under this section.
(Code 1956, § 1-12; M.C.S., Ord. No. 28743, § 1, 8-5-21, eff. 9-15-21)

Sec. 1-15. Mayor may grant pardon.

The mayor may grant a pardon to any person or class of persons accused or convicted of violating a city ordinance. The mayor shall notify the council in writing within ten days of a pardon. The mayor's pardon power under this section may be exercised without regard to whether a petition or request for a pardon has been made.
(Code 1956, § 1-13; M.C.S., Ord. No. 28743, § 1, 8-5-21, eff. 9-15-21)

Sec. 1-16. Council may grant pardon.

The council may grant a pardon to any person or class of persons accused or convicted of violating a city ordinance. The council's pardon power under this section may be exercised without regard to whether a petition or request for a pardon has been made.
(Code 1956, § 1-14; M.C.S., Ord. No. 28743, § 1, 8-5-21, eff. 9-15-21)

Secs. 1-17—1-19. Reserved.

Sec. 1-20. Employment with the city; compliance with the Military Selective Service Act.

The chief administrative officer shall provide for appropriate procedures to encourage compliance with the Military Selective Service Act, including but not limited to the following:

(1) The chief administrative officer shall inform all persons seeking employment with the city that the failure to comply

with the Military Selective Service Act, 50 App. USCA § 453, is a bar to employment with the federal government; and

(2) The chief administrative officer shall require that all persons seeking employment with the city of New Orleans verify, in writing on a form to be provided by the chief administrative officer, that they complied with the requirements of the Military Selective Service Act, 50 App. USCA § 453.

(3) The chief administrative officer is authorized to and shall coordinate such policies and procedures with the New Orleans City Civil Service Commission.

(M.C.S., Ord. No. 19,218, § 1, 5-6-99)

Sec. 1-21. Violations within the downtown development district; penalties; enforcement; continuing violations.

(a) This section shall apply to violations of those provisions of the Code of the City of New Orleans specified in subsection (b) herein that occur within the downtown development district ("DDD"), as defined in section 146-193 of the Code of the City of New Orleans.

(b) This section shall apply to violations of any Code provisions subject to administrative adjudication and cited in section 6-34 of the Code of the City of New Orleans.

(c) Anyone who fails to comply with any one or more of the provisions cited in section 6-34, or who does anything otherwise prohibited therein or fails to do anything required therein, shall be subject to one or more of the following penalties:

(i) A fine of no more than $500.00 per violation;

(ii) Imprisonment of not more than six months;

(iii) Placement of a lien, pursuant to section 6-39, against the immovable property upon which the violation exists;

(iv) Any other penalty provided for in the Code of the City of New Orleans that applies to said violation.

Each day that a violation of one of the provisions cited in section 6-34 continues within the downtown development district shall constitute a separate offense.

After 30 days from the initial notice of violation to the owner and/or violator, in addition to any other fines or penalties provided for herein, the downtown development district is hereby authorized to seek any and all legal remedies, including, without limitation, injunctive proceedings against the owner and/or violator.

(d) The downtown development district and/or any interested party shall inform the department of safety and permits, the department of health, the department of sanitation, the New Orleans Police Department and/or any other appropriate department or agency of instances which warrant the issuance of citations for noncompliance with the code provisions cited in section 6-34. The DDD and/or any interested party shall also inform the central business district historic district landmarks commission ("CBDHDLC") of noncompliance within any historic district. Violations shall be brought by the appropriate department or agency to the administrative adjudication hearing officer for hearing and decision in accordance with the provisions of chapter 6 of the Code of the City of New Orleans.

(i) The downtown development district may hire one or more full- or part-time hearing officers for the purpose of hearing health, sanitation, building, zoning, housing and environmental offenses for citations issued within the district. The salary of the hearing officer(s) shall be paid by the downtown development district. The hearing officer(s) shall be trained by the law department of the city, pursuant to a cooperative endeavor agreement with the city. The cooperative endeavor agreement shall additionally provide for the empowerment of the hearing officer(s) pursuant to the provisions of section 6-33 of the City Code. In the alternative, the mayor is hereby authorized to appoint one or more full- or part-time administrative hearing officers, pursuant to chapter

6 of the Code of the City of New Orleans, who shall be dedicated exclusively to matters within the downtown development district, and whose salary shall be paid by the downtown development district pursuant to a cooperative endeavor agreement with the city. The mayor is expressly authorized to enter into such cooperative endeavor agreement(s) for terms exceeding one year.

(ii) In the event that a hearing officer is hired by the downtown development district, or by the city to handle downtown development district matters, all violations of the provisions of section 6-34 that occur within the downtown development district shall be heard and decided by the said hearing officer(s), in accordance with chapter 6 of the Code of the City of New Orleans. In the event that the hearing officer has a conflict of interest that prohibits him/her from hearing a matter within the downtown development district, the matter may be assigned to another administrative hearing officer for hearing and decision.

(iii) The downtown development district is authorized to hire one or more full- or part-time inspectors to perform health, sanitation, building, zoning, housing and environmental inspections of properties located within the district. The salary of the inspector(s) shall be paid by downtown development district. Inspector(s) shall be trained by the appropriate city departments(s), and empowered to act by the appropriate authority, pursuant to a cooperative endeavor agreement with the city. In the alternative, the department of safety and permits is hereby authorized to hire and/or designate one or more full- or part-time inspectors who shall be dedicated exclusively to matters within the downtown development district, and whose salary shall be paid by the downtown development district pursuant to a cooperative endeavor agreement with the city. The mayor is expressly authorized to enter into such cooperative endeavor agreement(s) for terms exceeding one year.

ARTICLE I. IN GENERAL

Sec. 2-1. City flower.

The flower known by the botanical name of "Nerium," commonly known as Oleander, is hereby declared to be the official flower of the city and as such may be displayed in the streets and parks of the city, and otherwise appropriately used.
(Code 1956, § 1-7)

Sec. 2-2. Official flag of city—Described.

The official flag of the city shall be according to the design accepted and approved by the Bienville Bicentennial Celebration Committee through its flag committee which consists of a white field five-sevenths wide, with a brilliant crimson stripe one-seventh wide at the top, and a brilliant blue stripe one-seventh wide at the bottom, the relative proportions of the flag to be two by three. There shall be three fleur-de-lys in the center of the white field, the height of each of which shall be one-fourth of the height of the white field and to locate their position there must be drawn an inverted equilateral triangle with an altitude of one-third the height of the white field, each angle marking the center of the fleur-de-lys, the whole according to the design marked exhibit B-B attached to the ordinance from which this section was derived.
(Code 1956, § 1-8)

Sec. 2-3. Same—When displayed.

The official flag of the city shall be displayed on the City Hall whenever the council is in session and on all municipal buildings throughout the city on all legal holidays and whenever otherwise directed by the mayor or the council.
(Code 1956, § 1-9)

Sec. 2-4. Mardi Gras legal holiday.

Mardi Gras is hereby declared and constituted a legal holiday in the city in accordance with the provisions of R.S. 1:55.
(Code 1956, § 1-10)

Cross reference—Carnival, Mardi Gras, ch. 34.

Sec. 2-5. Friday, December 24, legal holiday.

When Christmas Day, December 25, falls on a Saturday, the preceding Friday, December 24, is hereby declared and constituted a legal holiday in the city pursuant to the provisions of R.S. 1:55A(4.).
(Code 1956, § 1-11)

Sec. 2-6. Official journal and auxiliary official journal.

(a) *Official journal.* There shall be only one official journal selected annually. The official journal of New Orleans shall be a newspaper or general news publication or a joint venture consisting of no more than two members, each of which must be a newspaper or general news publication. The official journal, including each constituent member of a joint venture, must meet the following requirements or qualify according to subsection (b) below:

(1) Maintain a general circulation within the city of not less than 10,000 per issue for at least one year prior to the time the official journal contract is awarded;

(2) Have periodicals or bulk class mailing permit at the United States Post Office located within the city;

(3) Be domiciled in the city;

(4) Have been published at regular intervals of not less than weekly for at least two years prior to the time it is awarded the official journal contract;

(5) Have not failed to publish during that two-year period three or more consecutive issues unless such failure was caused by fire, flood, strike or natural disaster; and

(6) Be capable of advertising official proceedings and official information according to the publication schedule and format required by the applicable provisions of the Home Rule Charter, the City Code, the Comprehensive Zoning Ordinance, Civil Service Rules, Chief Administra-

tive Office Policy Memoranda, Louisiana Revised Statutes, and the Louisiana Constitution.

For the purposes of meeting the minimum general circulation requirement, a joint venture may not aggregate the circulation of its constituent members. For the purposes of this section, a "general news publication" shall mean a printed publication containing news and information of general interest to the community provided:

(1) The publication contains not more than 75 percent advertising in over half the issues during the preceding 12 months;

(2) The publication is not owned or published as an auxiliary to another nonpublishing business;

(3) The publication's news and information are not primarily about advertisers; and

(4) The publication is published for the dissemination of current news and intelligence of varied, broad, and general public interest, and is not devoted to or targeted at the interests of, or published for the entertainment or instruction of, or has a circulation primarily targeted to, any particular sect, denomination, labor, or fraternal organization or other limited or narrowly definable class of citizens.

(b) Notwithstanding the above requirements, any newspaper or general news publication that is deemed qualified under state law to publish judicial advertisements and legal notices in Orleans Parish on January 1, 2018, shall also be deemed qualified under this section to serve as the official journal of New Orleans, but only if said newspaper or general news publication is capable of advertising official proceedings and official information according to the publication schedule and format required by the applicable provisions of the Home Rule Charter, the City Code, the Comprehensive Zoning Ordinance, Civil Service Rules, Chief Administrative Office Policy Memoranda, Louisiana Revised Statutes, and the Louisiana Constitution.

(c) *Annual contract.* The clerk of council shall annually offer a contract for the publication of the official journal to be awarded to the lowest competitive bidder meeting the specifications contained in the bid documents. The official journal contract shall require that the entity awarded the contract must also accept for publication, at not more than the rates established by the contract for the official journal, the official publications of the various offices, departments and boards of the city. Each bidder shall file a notarized, sworn affidavit with the clerk of council disclosing all owners, investors, stockholders, trustees, partners, assignees, or members of the entity that owns or controls the bidder, and any parties holding options to acquire any interest in the bidder. The affidavit shall be submitted with the bid, and shall also disclose the names of any other parties that effectively control or exercise a controlling interest in any portion of the bidder. Language shall be included in the official journal contract requiring that the clerk of council be immediately notified by certified mail of any change in ownership or control of the official journal. Any such change in ownership or control may, at the option of the city, permit termination of the contract upon providing 30 days' notice, and shall allow the clerk of council to offer a new annual contract for publication of the official journal, as provided herein. If the clerk is not so notified of any such change within 30 days of the effective date of such change, the contract may be terminated by the city. If the official journal fails to provide a minimum general circulation within the city of 10,000, fails to maintain a periodicals or bulk class mailing permit at the United States Post Office located within the city, or fails to publish an issue on schedule containing requested official journal business, which failure is not caused by fire, flood, strike or natural disaster, the contract may be terminated by the city. Further, failure to publish three consecutive issues on schedule containing requested official journal business shall permit termination of the contract by the city. The successful bidder must agree in the official journal contract to indemnify and hold the City of New Orleans harmless from and against any and all claims, harms, and costs, including but not limited to attorney's fees, arising out of or in connection

with the official journal contract and the performance of the duties of the official journal as contained in the official journal contract, including but not limited to the failure by the official journal to publish matters as directed and/or in accordance with applicable provisions of the Home Rule Charter, the City Code, the Comprehensive Zoning Ordinance, Civil Service Rules, Chief Administrative Office Policy Memoranda, Louisiana Revised Statutes, and the Louisiana Constitution.

(d) *Auxiliary official journal.* In addition to the official journal, designated pursuant to the requirements aforesaid, the council, by resolution, may select an auxiliary official journal and authorize therein the additional publication of official publications, including but not limited to advertisements, public notices, official proceedings, and official information at rates not exceeding the rates for publication in the official journal.

(e) *Additional publications.* So long as the requirements imposed hereinabove are met, the publication of advertisements, public notices, official proceedings, and official information by additional means is allowed and may be accomplished as circumstances dictate and permit.

(f) *Clerk of council.* The clerk of council shall monitor all aspects of publication of the official journal and the auxiliary official journal.

(Code 1956, § 2-10; M.C.S., Ord. No. 18,337, § 1, 7-17-97; M.C.S., Ord. No. 19,082, § 1, 1-21-99; M.C.S., Ord. No. 27704, § 1, 3-8-18)

State law reference—Auxiliary official journals, R.S. 43:181.

Sec. 2-7. Professional services competitive selection threshold.

Neither the competitive selection process for professional services established by executive order nor the competitive selection process for professional services established by council rule shall be required for contracts which will have a maximum of $15,000.00 or less.

(M.C.S., Ord. No. 17,423, § 1, 2-15-96)

Sec. 2-8. Contracts, cooperative endeavor agreements, and grants.

Except with regards to (i) donations to the city; (ii) immovable property transactions which are conducted at public auction, not including leases of property; (iii) agreements with federal or state governmental entities and/or the various agencies/political subdivisions thereof; (iv) legal claims resolutions; or (v) contracts to satisfy emergency needs during a declared state of emergency, the provisions of this section shall apply to city contracts, professional services agreements, cooperative endeavor agreements and grants.

(a) It shall be unlawful for the mayor, the president of the city council, or any designee of either the mayor or the president, to execute a contract or cooperative endeavor agreement with any person, corporation, or entity which owes delinquent taxes to the city. Prior to the execution of any contract or cooperative endeavor agreement, the director of finance shall review such agreement and shall attest by signature on a form to be provided by the chief administrative officer that the person or entity with whom the agreement is to be executed is not delinquent in any taxes owed to the city. No payment shall be made under any contract or cooperative endeavor agreement if the recipient owes delinquent taxes to the city.

(b) It shall be unlawful for the city or any agent thereof to award any grant to a recipient which owes delinquent taxes to the city. Prior to final approval of any grant award, the agency administering the grant(s) shall obtain assurances that the recipient is current on all taxes owed to the city. No payment shall be made under any grant if the recipient owes delinquent taxes to the city.

(c) It shall be unlawful for the mayor, the president of the city council, or any designee of either the mayor or the president, to execute a contract or cooperative endeavor agreement with, or award

any grant to, any person, corporation, or entity, whose principal(s), member(s) and/or officer(s) have within the preceding five years been convicted of, or pled guilty to, a felony under state or federal statutes for embezzlement, theft of public funds, bribery, falsification or destruction of public records. All contracts, cooperative endeavor agreements and grant agreements shall contain a sworn statement and requirement that the person or entity responsible for performing the contract, cooperative endeavor or grant, or providing the service provided for therein, is compliant with the provisions of this section.

(d) In addition to the prohibition provided in subsection (c), it shall also be unlawful for the mayor, the president of the city council, or any designee of either the mayor or the president to execute a contract or cooperative endeavor agreement with, or award any grant to, any person, corporation, or entity that fails to indicate compliance with the hiring practices provided in section 2-13(a)—(f) of this Code, or provide written reasons why deviation from section 2-13(a)—(f) is necessary. All contracts, cooperative endeavor agreements, and grant agreements shall provide a sworn statement relative to the requirement that the person, corporation, or entity responsible for executing the contract or agreement, or providing the service provided for therein, is compliant with the provisions of this subsection. No payment shall be made under any new or renewal contract, cooperative endeavor agreement, or grant unless the recipient is compliant with this subsection. This subsection shall apply to any agreements executed on or after March 1, 2019. This subsection shall not apply to any agreements executed before March 1, 2019. The provisions of this subsection shall not apply to the New Orleans Police Department, New Orleans Fire Department, New Orleans Aviation Board, the New Orleans Office of Homeland Security and Emergency Preparedness, or the Youth Study Center (Department of Human Services).

(e) If a contract is awarded and is found to be in violation of this section, said contract shall be voidable.

(f) The chief administrative office shall produce a report annually of all city contracts, cooperative endeavor agreements, and grants executed or renewed from the previous year confirming that they are in compliance with this section. This report must be submitted annually by March 31 to the chair of the city council governmental affairs committee for review.

(g) Every contractor, vendor, or supplier that is a party to a contract, professional services agreement, cooperative endeavor agreement, or grant agreement with the city shall protect its employees from the hazards of extreme heat with regular rest breaks in an area protected from direct sunlight. Such protection shall include at a minimum one 10-minute rest break, or one 15-minute rest break, for every two hours spent working outdoors or in an un-airconditioned work location, when the heat index measures 80—89 degrees Fahrenheit, or 90 degrees Fahrenheit or more, respectively.

(M.C.S., Ord. No. 18,066, § 1, 2-6-97; M.C.S, Ord. No. 23911, § 1, 3-11-10; M.C.S., Ord. No. 24110, § 1, 9-2-10; M.C.S., Ord. No. 24628, §§ 1, 2, 10-20-11; M.C.S., Ord. No. 27889, § 1, 10-18-18, eff. 3-1-19; M.C.S., Ord. No. 30448, § 1, 9-11-25)

Sec. 2-8.1. Cost recovery in contracts, cooperative endeavor agreements, and grants.

(a) It shall be unlawful for the mayor, the president of the city council, or any designee of either the mayor or the president to execute a cooperative endeavor agreement, award a grant, or enter into any contract involving the use of city funds or the extension of a thing of value or an economic benefit by the city to a third party unless the agreement contains a provision obligat-

ing the third party, to the maximum extent permitted by law, to reimburse the city or to disgorge any thing of value or economic benefit received from the city if the third party fails to meet its contractual obligations. The form and content of the provision shall be approved by the city attorney. Any cooperative endeavor agreement, grant, or contract that fails to contain the provisions required by this section shall be voidable by the city.

(b) Consistent with the purpose of this section, which is to maximize the city's ability to recoup economic benefits when third parties fail to meet their obligations, the city attorney may omit the provision required in subsection (a) when its inclusion would be impractical and contravene the financial best interest of the city.

(c) The chief administrative officer shall submit, contemporaneously with the annual reporting required pursuant to section 70-462, a report regarding compliance with section 2-8.1.

At a minimum, the report shall identify: (i) the number of cooperative endeavor agreements, grants, and similar contracts executed during the preceding year and (ii) a reasonably detailed explanation of the city's efforts to monitor compliance with these agreements, to enforce their terms, and to pursue recovery of economic benefits.
(M.C.S., Ord. No. 28214, § 1, 10-17-19)

Sec. 2-8.2. Legal services contracts.

(a) It shall be unlawful for the mayor or any designee of the mayor to enter into any agreement for legal services on behalf of the city, any city department or any city employee in an official capacity that does not contain the following provision:

> 'Notwithstanding and in addition to any other duties and ethical obligations, [Contractor] acknowledges and agrees that the New Orleans City Council ("Council") shall be included within the definition "client" for purposes of compliance with Rule 1.4 of the Louisiana Rules of Professional Conduct. [Contractor] agrees to keep the Council informed regarding the status of the contracted representation and to respond promptly and fully to requests for briefings and information, including without limitation through participation in executive sessions, and to reasonable requests for advance notice of legal filings. To the extent the performance of any obligations under this section gives rise, or may give rise, to a conflict of interest such that [Contractor] cannot ethically comply with its duties to the Council under Rule 1.4, [Contractor] shall promptly notify the City Attorney and the Council President of the conflict or potential conflict.'

(b) The provisions of subsection (a) shall not apply to a contract entered into for the express purpose of engaging in litigation directly adverse to the council.

(c) In addition to any other legally required authorizations, no waiver of a conflict of interest involving any contract governed by subsection (a) shall become effective unless approved by resolution of the council.
(M.C.S., Ord. No. 29765, § 1, 12-14-23)

Sec. 2-8.3. OIG cooperation provisions.

(a) It shall be unlawful for the mayor or any designee of the mayor to enter into any contract on behalf of the city, any city department or any city employee in an official capacity or for the president of the city council to enter into any contract on behalf of the city council that does not contain the following provision:

> [Party] will abide by all provisions of City Code § 2-1120, including but not limited to City Code § 2-1120(12), which requires [Party] to provide the Office of Inspector General with documents and information as requested. Failure to comply with such requests shall constitute a material breach of this contract. [Party] agrees that it is subject to the jurisdiction of Orleans Parish Civil District Court for purposes of challenging a subpoena.

(b) For purposes of this section, the term "contract" shall be construed as broadly as possible and shall include professional services agreements, public works contracts, donations, leases, cooperative endeavor agreements, memoranda of understanding, and any agreement contemplating the provision of goods, property or services to the city, regardless of whether any compensation is paid.
(M.C.S., Ord. No. 29783, § 1, 1-18-24)

Sec. 2-9. Alternative means for official publications; New Orleans Register; electronic publication.

(a) *New Orleans Register.* The New Orleans Register is hereby established which shall, at least on a monthly basis, publish official publications, including, but not limited to, advertisements, public notices, official proceedings, and official information required by:

(1) Home Rule Charter sections: 3-113, 3-123, 4-107, 5-404, and 9-201;

(2) Louisiana Revised Statutes chapters: 18:1292, 33:3524, 33:4083, and 33:4091;

(3) Other laws mandating publication of adopted actions in the official journal or in a publication other than a newspaper.

The New Orleans Register or the instrument containing same shall be made available by paid annual subscription, by single issue purchase, and by placing a copy as reference material in all branches of the New Orleans Public Library. If printed and published by the City of New Orleans, subscription rates and single issue prices shall be established by ordinance. The New Orleans Register shall be domiciled in the City of New Orleans.

(b) *Legal requirements of publication.* Publication in the official journal of all publications required by section 2-6(a) hereinabove, shall satisfy any legal requirements of publication. Additional publication in the New Orleans Register is mandated by this subsection solely to provide additional notification and as a service to the public. Failure to meet the publication requirements of this subsection shall not constitute a basis for challenging whether legal publication requirements have been met. In addition to the publication requirements of section 2-6(a) hereinabove, publications required by the following may also be published in the New Orleans Register:

(1) Home Rule Charter sections: 3-112, 3-114, 3-115, 3-128, 5-407, 6-305, 6-306, 6-307, 6-308, 9-202, and 9-314;

(2) City Code sections: 2-925, 22-49, 38-89, 66-104, 84-78, 84-107, 84-188, 84-217, 86-83, 90-37, 102-114, 150-188, 154-813, 154-814, 158-92, 162-1531, 166-153, and 170-452;

(3) Comprehensive Zoning Ordinance articles: 14.9, and 16.9.2;

(4) Louisiana Revised Statutes chapters: 18:535, 18:536, 18:1285, 33:108, 33:112, 33:113, 33:2414, 33:2867, 33:3303, 33:3333, 33:3452, 33:3522, 33:3523, 33:4084, 33:4085, 33:4096, 33:4100, 33:4109, 33:4114, 33:4121, 33:4128, 33:4141, 33:4151, 33:4712, 33:4717.2, 33:4724, 33:4726, 34:367, 38:2212, 38:2319.5, 39:1306, 39:1426, and Act No. 170 of 1968;

(5) Louisiana Constitution: article III, section 13, and article VI, section 35B;

(6) Civil Service Rule V, section 2.5;

(7) Chief Administrative Office Policy Memoranda: No. 8, and No. 43R; and

(8) Other laws mandating publication in the official journal for pending or proposed actions or in a newspaper.

(c) *Electronic publication.* Electronic publication is the act of rendering information into a digital form or otherwise making information accessible to electronic storage as any combination of graphic images or stored characters and distributing that information through or by one or more of the following: computer disk, CD ROM, facsimile, cable television, the Internet, wireline or wireless transmission, or any other means. Publications listed in subsections (a) and (b) hereinabove may also be published electronically. The electronic publication office shall be domiciled in the City of New Orleans.

(d) *Additional publications.* So long as the requirements imposed hereinabove are met, the publication of advertisements, public notices, official proceedings, and official information by additional means is allowed and may be accomplished as circumstances dictate and permit.

(e) *Chief administrative officer.* The chief administrative officer shall be responsible for implementation of the requirements of this section, including but not limited to the printing and distribution of the New Orleans Register and dissemination of any information by electronic publication. Pending implementation of the requirements of this section, publications required to be placed in the New Orleans Register may instead be published in the official journal and any auxiliary official journal. The clerk of council shall monitor all aspects of publication, printing, and distribution of the New Orleans Register and any electronic publication.
(M.C.S., Ord. No. 18,338, § 1, 7-17-97)

Sec. 2-10. Standard-size paper.

(a) As used in this section:

(1) *Standard size* means 8½ inches × 11 inches.

(2) *City agency* means any city office, department, commission, board, agency, or authority of this city.

(b) Standard-size paper shall be used for city business by all city agencies.

(c) The chief administrative officer is authorized to issue a policy memorandum providing exceptions to this section and establishing a schedule for implementation of the standard size paper requirement. The memorandum should establish procedures to curtail the procurement of legal-size file folders, file cabinets, and envelopes. Existing supplies of legal-size paper shall be provided to agencies such as the law department that may have a continuing need to produce documents in non-standard size.

(d) Effective April 1, 2004, all council documents shall be prepared and submitted in standard size format. The clerk of council shall request the submitting agency to reformat any legislative instruments on legal-size paper submitted prior to April 1, 2004, that remain on the council's calendar after the effective date.

(e) The provisions of this section shall not apply to proclamations or certificates issued by the mayor or council.
(M.C.S., Ord. No. 21408, § 1, 1-22-04)

Sec. 2-11. City council parking area.

The City Hall surface parking lot at the corner of LaSalle and Perdido Streets shall be reserved on a seven-day-per-week, 24-[hour]-per-day basis for the exclusive use of members of the city council, their designees, and council staffers assigned parking spaces in the lot. If circumstances require that the lot be used for other purposes, or if the lot will otherwise be unavailable to the city council, it shall be the duty of the chief administrative officer, the director of property management, the director of homeland security, or any such other official responsible for the lot's unavailability to request that the circumstances dictating the lot's unavailability be presented to the council's ground transportation and parking committee for its consideration and approval. In the event of an emergency or there is otherwise insufficient time or opportunity to present the matter to the committee, the aforesaid responsible official shall provide written notice of such unavailability to each member of the council and to the council chief of staff as soon as possible but in no event less than 24 hours prior to the lot's unavailability.
(M.C.S., Ord. No. 21429, § 1, 3-4-04)

Sec. 2-12. Notices of meetings of public bodies of the city.

(a) The purpose of this section is to supplement the provisions of the Louisiana Public Meetings Law, R.S. 42:4.1 et seq., by requiring that meeting notices of public bodies of the city government be posted at a location on the first floor of City Hall in addition to any location required by state law. This section applies to the city council, the executive branch, and all boards and commissions recognized, created or authorized by or pursuant to the City Charter or ordinance, and committees or subcommittees thereof, including advisory committees, and public trusts, public benefit corporations, special districts, including all such entities involved in the city's competitive selection process and other public bodies whose board members are appointed or approved by the mayor or city council. This section shall also apply to all city government public bodies including those located outside of City Hall.

(b) With the exception of the city council, it shall be the duty of the person acting as chairperson or director of a public body subject to the provisions of this section to ensure that a copy of the meeting notices for that particular public body required by R.S. 42:7 are submitted for posting on a notice board maintained on the first floor of City Hall by the mayor's office of public advocacy, or its successor. Such notices may be delivered to the mayor's office of public advocacy, or its successor by hand, mail, fax, or e-mail, provided that delivery of the meeting notice shall allow posting of the notice at City Hall at least 24 hours in advance of the meeting.

(c) It shall be the duty of the president of the city council to ensure that copies of all public meeting notices for the city council are posted in accordance with R.S. 42:4.1 et seq. on a notice

board maintained by the council adjacent to the office of the clerk of council. It shall likewise be the duty of council committee chairs to cause notice of meetings of their respective committees to be posted on the council's notice board. A directive to the council chief of staff by the council president or committee chair shall constitute compliance with the provisions of this paragraph.

(d) It shall be the duty of the director of the mayor's office of public advocacy or its successor to maintain a notice board or boards as contemplated by this section on the first floor of City Hall and to ensure that all meeting notices received pursuant to this section are promptly posted, and in compliance with the provisions set forth in this section. The meeting notice board(s) shall be of a design that ensures that notices shall be viewable by the public and prevents tampering with or removing the meeting notices prior to the day after the date of the posted meeting. Expired notices shall be removed promptly, but not later than 72 hours after the end of a meeting. If an electronic meeting notice board is used, the mayor's office of public advocacy or its successor shall, in the event of any malfunction of the electronic board, cause the repair of the board or provide an alternative notice posting in accordance with the provisions of this section within ten working days of the date of the malfunction. The posting requirements of this section shall not be applicable during a period of electronic notice board malfunction.

(e) All public bodies of the city government are encouraged to transmit to the mayor's office of technology or its successor meeting notices in the manner provided in paragraph (b). The mayor's office of technology or its successor is encouraged to post such notices on the city website. Noncompliance with this paragraph shall not constitute a violation of the law.

(f) All public bodies of the city government are encouraged to post notices of their meetings on the internet and shall provide e-mail notices of meetings to interested parties who so request.

(g) The provisions of this section shall become effective on July 31, 2008. The requirements of this section may be deferred beyond July 31, 2008, by motion of the council.

(h) In accordance with R.S. 42:7, in cases of extraordinary emergency, such notice shall not be required; however, the public body shall give such notice of the meeting as it deems appropriate and circumstances permit.

(i) For the purposes of this section, it shall be the duty of the chief administrative officer, after consultation with the department of law, within 30 days of the effective date of this section, [to] issue notice to all entities subject to the provisions of this section explaining their responsibilities under this section. A copy of this notice shall be submitted to the clerk of council and is encouraged to be posted on the city's website.

(j) Penalties.

(1) The general penalty provision of the City Code contained in section 1-13 shall not apply to this section.

(2) The provisions of state law, R.S. 42:4.1 et seq., shall be enforced as provided therein and not through municipal action.

(3) Any board member or unclassified employee who is given a duty under this section who willfully fails to perform the duty may be subject to the provisions of section 3-125 or subsection 9-104(2) of the City Charter, which provide for suspension, dismissal, or removable from office.

(M.C.S., Ord. No. 23100, § 1, 5-1-08)

Sec. 2-13. Review of employment candidates' criminal history.

(a) Applicants to the City of New Orleans, for both classified and unclassified positions, will be considered for employment opportunities based on the merits of their skills and experience related to the position for which they are applying. The hiring department or office (hereafter "hiring department") will conduct interviews of qualified individuals prior to requesting a criminal background check, and no job application submitted prior to such interview shall inquire into an applicant's criminal history. This policy is known as "Ban the Box".

(b) For all positions, the job announcement, recruitment information, and position description shall provide the following information: "The hiring department will conduct interviews of qualified individuals prior to requesting a criminal background check, and no job application submitted prior to such interview shall inquire into an applicant's criminal history. If this position is subject to a background check for any convictions related to its responsibilities and requirements, employment will be contingent upon successful completion of a background investigation including criminal history. Criminal history will not automatically disqualify a candidate."

(c) Following the appropriate recruitment procedure for classified and unclassified personnel, the hiring department will conduct interviews, select up to three applicants per position, and send an authorization to release information form to each applicant following the interview. An enclosure letter to accompany the form informs the applicant that a criminal background check will occur, asks the applicant to disclose any prior convictions, and notifies the applicant that he or she will receive a copy of any report received by the city.

(d) The hiring department shall not consider the following criminal records in its review of the criminal background check:

(1) Records of arrest or charges not followed by a valid conviction;

(2) Sealed, dismissed, or expunged convictions;

(3) Misdemeanor convictions where no jail sentence may be imposed;

(4) Non-felony convictions committed when the applicant was younger than 18 years old, regardless of whether they have been expunged; or

(5) Any felony conviction that does not demonstrate a direct and specific nexus to the duties and essential functions of the position sought. In determining whether a felony conviction has a direct and specific nexus to the duties and essential functions of the position, the hiring department shall consider:

(i) The nature and gravity of the offense;

(ii) The time that has passed since the offense or completion of the sentence;

(iii) The specific duties and responsibilities of the position;

(iv) Whether the applicant has multiple felony convictions; or

(v) Any mitigating factors, including evidence of restitution and rehabilitation on the part of the applicant.

The determination as to whether a criminal felony conviction has a direct and specific nexus to the duties and essential functions of the position sought shall be made in writing.

(e) If the applicant's criminal history includes evidence of a criminal conviction not excluded from consideration under subsection (d), the hiring department shall provide the applicant with an opportunity to respond and submit evidence that the information is inaccurate or that mitigation or rehabilitation has occurred since the conviction, using forms and processes established by the chief administrative officer. After receiving the response form from the applicant with any supplemental information or after the expiration of five business days from notifying the applicant of his or her opportunity for response, whichever occurs first, the hiring department may make a final employment decision using any supplemental information provided by the applicant to consider the nature of the crime, the time elapsed, the nature of the job, and mitigating factors, including those recommended by the U.S. Equal Employment Opportunity Commission in guidance document number 915.002. Evidence of mitigation or rehabilitation may be established by the passage of time since the offense or release from incarceration without any subsequent arrest or conviction; compliance with terms and conditions of probation or parole; completion of mandatory or voluntary drug or alcohol treatment programs, if

relevant; and documentation of current fitness or suitability for the position, including but not limited to letters of reference, certificates of program completion, or records of educational attainment.

(f) If an applicant with a felony conviction is not hired, the hiring department shall document the basis for that decision in writing. This writing shall indicate whether the hiring decision was based, in whole or in part, upon the applicant's criminal history and, if applicable, whether and how the determination that a particular felony conviction demonstrated a direct and specific nexus to the duties and essential functions of the position sought was made, as well as how any mitigating information provided pursuant to subsection (e) was evaluated. To the extent the hiring decision was not based on the existence of the felony conviction, the department shall state in writing the reason the applicant was not selected.

(g) Any information pertaining to an applicant's background check obtained in connection with the hiring process shall remain confidential and shall not be used, distributed, or disseminated by the hiring department, except as otherwise required by law.

(h) The chief administrative office (hereafter "enforcement agency") is authorized to enforce this section and oversee complaints from persons denied employment in violation thereof.

(i) Chief administrative office human resources division shall maintain a record of completed application forms, criminal background checks, and any supplemental information provided by an applicant for a minimum of three years, and shall provide the enforcement agency with access to such records to monitor compliance with this section.

(j) The enforcement agency shall annually conduct an audit of the city's hiring practices to review compliance with this section, and shall provide an annual report to the city council summarizing the findings and recommendations.

(k) If a current city employee's job title or appointing authority changes, then a criminal history check may be performed at the discretion of the appointing authority, and considered using the procedures and criteria outlined in this section.

(l) The law department shall be available to provide quarterly training to appointing authorities or human resources personnel, as needed.

(m) This section shall not apply to any hiring conducted during an emergency, or for positions in the New Orleans Police Department, New Orleans Fire Department, the New Orleans Aviation Board, the New Orleans Office of Homeland Security and Emergency Preparedness, or the Juvenile Justice Intervention Center (Department of Human Services).

(n) Any applicant who is denied employment in violation of this section shall have the right to bring a civil action in Civil District Court to enforce the provisions of this section.
(M.C.S., Ord. No. 27889, § 1, 10-18-18, eff. 3-1-19; M.C.S., Ord. No. 30367, § 1, 6-12-25; M.C.S., Ord. No. 30408, § 1, 7-24-25)

Sec. 2-14. Prohibited salary history inquiry and use.

(a) Definitions. The following words, terms and phrases, when used in this section, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

(1) *Applicant* means any person applying for a classified or unclassified position of employment with the City of New Orleans.

(2) *Inquire* means to communicate any question or statement to an applicant, an applicant's current or prior employer, or a current or former employee or agent of the applicant's current or prior employer, in writing or otherwise, for the purpose of obtaining an applicant's salary history, or to conduct a search of publicly available records or reports for the purpose of obtaining an applicant's salary history, but does not include informing an applicant in writing or otherwise about

the position's proposed or anticipated salary or salary range, or include salary history unilaterally and voluntarily provided by an applicant.

(b) No officer, employee, or agent of the City of New Orleans shall:

(1) Inquire about the salary history of an applicant; or

(2) Screen applicants based on their current or prior wages, benefits, other compensation, or salary histories, including requiring that an applicant's prior wages, benefits, other compensation, or salary history satisfy minimum or maximum criteria; or

(3) Rely on the salary history of an applicant in deciding whether to offer employment to an applicant, or in determining the salary, benefits, or other compensation for such applicant during the hiring process; or

(4) Refuse to hire or otherwise disfavor, injure, or retaliate against an applicant for not disclosing his or her salary history to an employer.

(c) Once an offer of employment that includes a proposed salary is made, the applicant may offer information about salary history in order to negotiate a higher salary. The applicant may be provided with the salary range for the position in the pay plan.

(d) The prohibitions contained in this section shall not apply to:

(1) Any attempts to verify an applicant's disclosure of non-salary-related information or conduct a background check, provided that if such verification or background check discloses the applicant's salary history, such disclosure shall not be relied upon for purposes of determining the salary, benefits, or other compensation of such applicant during the hiring process, including the negotiation of a contract.

(e) The chief administrative office is authorized to enforce this section and oversee complaints for any suspected violation of this section.

(f) Nothing contained in this section shall be construed as creating a private right of action. Further, this section shall not impair any rights under any collective bargaining agreement or supersede any federal, state, or local law.
(M.C.S., Ord. No. 28215, § 1, 10-17-19)

Sec. 2-15. Credit card usage.

No credit card provided by or through the city may be issued to or otherwise used by any person who owns property in Orleans Parish with delinquent and outstanding ad valorem taxes, unless paid under protest and timely challenged in accordance with state law, or who owes an outstanding financial obligation to the city arising from unreimbursed travel costs or damage to city property.
(M.C.S., Ord. No. 30330, § 1, 4-24-25)

Secs. 2-16—2-30. Reserved.

ARTICLE II. MAYOR*

Sec. 2-31. Representation of city at certain corporate meetings.

The mayor shall represent the interest of the city at all meetings of stockholders or elections for directors in any corporation or company in which, by existing laws, the city may be entitled to vote and he may, in all such cases exercise any right to which the city may be entitled and cast the vote of the city at all such meetings and elections.
(Code 1956, § 2-1)

Sec. 2-32. Administer oaths.

The mayor of the city shall have power to administer oaths.
(Code 1956, § 2-2)

Sec. 2-33. Scholarships to Tulane University.

(a) The mayor and administrators of the city were authorized to award five scholarships to the University of Louisiana, now Tulane University of Louisiana, by Ordinance Number 6767, Administration Series, adopted on December 21, 1880. Subsequently, the mayor was authorized to select scholarship recipients in accordance with various requirements contained in Ordinance Number 7540, Administration Series, adopted on January 3, 1882; Ordinance Number 3457, Commission Council Series, adopted on June 7, 1916; and Ordinance Number 2268, Mayor Council Series, adopted on August 24, 1961. This amendment authorizes the mayor and administrators to award ten scholarships to Tulane University. The provisions of this section shall supplement and shall supersede any conflicting provisions of such ordinances.

(b) In an effort to ensure parity citywide and to the extent reasonably possible, two scholarships shall be awarded to two residents and domiciliaries of each councilmanic district. In the event distribution of the scholarships on such basis proves unworkable, the scholarships shall be awarded to individuals without regard to domicile in councilmanic districts.

(c) The mayor is authorized to select ten students annually to receive scholarships to attend Tulane University of Louisiana in accordance with the following provisions and requirements:

(1) Any student who is a graduate of a high school located in the parish and who is a resident of, and legally domiciled in, the parish may apply for the mayoral scholarship. Applicants meeting the following criteria, and who are admitted to an undergraduate division of Tulane University, shall be eligible to compete for the scholarship awards:

a. Demonstrated academic performance (based on grades, quality and difficulty of high school course work, and standardized test scores);

b. Established financial need as determined by federal guidelines;

c. Participation in extracurricular activities or community service, as well as a demonstrated ability of leadership;

d. Letters of recommendations from high school guidance counselor, principal or headmaster.

(2) Application for the scholarship will be made to Tulane University in conjunction with the normal undergraduate admission process. All parish schools shall receive information about the mayoral scholarship. Students shall sign a waiver of confidentiality relative to the mayoral scholarship program as part of the application process.

(3) Applicants will submit their application for admission to an undergraduate division and the completed mayoral scholarship application form to Tulane no later than February 15. Applicants will submit their Financial Aid Form (FAF) no later

than February 1. Failure to meet these deadlines will automatically disqualify the nominee.

(4) By March 1 of each year the mayor shall appoint a mayoral scholarship selection committee ("the committee"). The committee will consist of seven members described as follows:

a. Two members shall be principals or counselors from public high schools located in the parish.

b. One member shall be a high school principal or counselor from a private or parochial high school located in the parish.

c. Two members shall be representatives of institutions of higher education to be selected by the presidents of Tulane University, Dillard University, University of New Orleans (UNO), Southern University in New Orleans (SUNO), Loyola University and Xavier University.

d. One member shall be nominated by the city council and one member shall be an at-large appointment of the mayor.

Members of the committee shall serve for one year only, and a new committee will be selected each year on a rotation basis using the guidelines described above.

(5) By March 1, Tulane will certify to the mayor the names of all students who applied for the mayoral scholarship and to the committee the names of all applicants who have been admitted into an undergraduate division of Tulane University and who are eligible for the mayoral scholarships based upon the criteria described in subsection (c)(1) of this section.

(6) By March 15, the committee shall submit to the mayor a list of 30 names selected from the list certified by Tulane University. This list shall be a public record and shall be submitted to the city council.

(7) By April 1, the mayor shall select ten names from the list submitted by the committee as recipients of the mayoral scholarships.

(8) The selected scholars must notify Tulane of their acceptance of the offer of admission to Tulane and the scholarship no later than April 15.

(9) Formal appointments will be made by the mayor subject to the confirmation by the city council, no later than May 30 on a form supplied by Tulane. The mayor, in conjunction with Tulane University, will announce publicly by April 30 the names of the recipients of the mayoral scholarships.

(10) If a scholarship recipient declines to enroll at Tulane, the mayor shall award the scholarship to an eligible student remaining on the list submitted by the committee.

(11) Mayoral scholarship awards shall be for a four-year period.

(12) No person who is elected to public office in the state, including U.S. Senators and Representatives, state elected officials including members of the legislature, state, municipal and parish officials, nor persons elected to serve on political party committee shall be eligible to receive a mayoral scholarship.

(13) No elected official, as described above, shall award a mayoral scholarship to his own relative.

(14) No person related to an elected official (child, brother, sister, parent, spouse, aunt, uncle, nephew, niece, first cousin, mother-in-law, father-in-law, sister-in-law, or brother-in-law) as described above, shall be eligible to receive a mayoral scholarship unless the relationship of the recipient is certified by Tulane as having ranked among eligible applicants with the highest academic credentials and highest level of financial need under federal guidelines established for financial need.

(15) All public and elected officials participating in this scholarship selection process shall be subject to the provisions of the codes of ethics for the state and the city.

(16) No appointed official of the city, including appointments to boards and commissions, nor any unclassified person appointed to or employed by the city or any board or commission of the city, shall be eligible to receive scholarships under the provisions of this section.

(17) No person who is related to an appointed official or unclassified employee of the city or any board or commission of the city, as mentioned in subsection (c)(12) of this section shall be eligible to receive a scholarship under the provisions of this section if the relative is the child, brother, sister, parent, spouse, aunt, uncle, nephew, niece, first cousin, mother-in-law, father-in-law, sister-in-law, or brother-in-law, of such appointed official or unclassified employee.

Sec. 2-34. Salary of mayor.

Pursuant to section 4-203 of the Home Rule Charter of the City of New Orleans, effective on the first Monday in May, 2010, the mayor of the city shall receive an annual salary of $140,000.00.

Each succeeding first Monday in May, on an annual basis, the mayor of the city shall receive a salary increase of two and one-half percent of the mayor [salary] paid to him in the year of his term immediately preceding such increase; provided that the increase provided for in this paragraph shall not be effective until completion of the first year following the taking of office, except in the event that a person is elected to serve a consecutive term as mayor.

Secs. 2-35—2-55. Reserved.

ARTICLE III. CITY COUNCIL*

Sec. 2-56. Reference to members in official documents.

(a) All forms, letterheads, legislation and other documents produced or published by the city government which make reference to the city council or its members shall refer to the members as "councilmember," "councilmembers" or "members of the council" and not to "councilman," "councilmen," "councilwoman," "councilwomen" or "councilperson." The provisions of this section shall not apply to those legal documents which, in the opinion of the city attorney, require the use of the term "councilmen" or "councilman" to comply with the designation prescribed in the home rule charter.

(b) The provisions of this section are prospective. All existing forms, letterheads, legislation and other documents may continue to be used until the supply of such forms, letterheads or other documents is depleted.

(c) Upon submission of a comprehensive revision of the Home Rule Charter to the voters of the city, proposed amendments to the Charter shall reflect the designation of person serving on the council as councilmember or councilmembers.

(Code 1956, § 1-21)

Sec. 2-57. Subpoenas of city council; administration of oaths.

The city council, pursuant to section 3-124 of the Home Rule Charter, may issue subpoenas and subpoenas duces tecum directed to any person who may be found and served within the boundaries of the city, directing such person to appear and testify under oath or otherwise before and/or answer questions presented by the city council or its designated agent. Subpoenas shall be issued by the clerk of council upon the written request of the president of the council or by the president of the council upon the written request of any three councilmembers. A subpoena shall

be served upon the person to whom the subpoena is directed by a commissioned police officer or by any other person of full legal age and capacity whom the president of the council signing such subpoena may designate. Any person appearing before the city council, or at such place designated by the council or its designated agent for the purpose of giving testimony or for the purpose of answering questions presented by the council or its designated agent, whether such appearance is voluntary or pursuant to a subpoena, may be required by the president of the council to swear or affirm that the testimony proffered or the answers to be given by such person are true, correct, and complete to the best of such person's information, knowledge, and belief, provided, however, that no person shall be compelled to give testimony, or answer questions, or produce documents or objects when such person lawfully and explicitly declines so to do upon grounds afforded by the Fifth Amendment of the Constitution of the United States of America and/or section 13 of article I of the Constitution of the State of Louisiana of 1974. Any oath or affirmation required by the city council shall be administered by a notary public duly commissioned in and for the parish.
(Code 1956, § 2A-1)

Sec. 2-58. Contempt of the council.

(a) Contempt of the city council is the willful or contumacious refusal or failure by any person to appear and testify under oath or otherwise before and/or answer questions presented by the city council or its designated agent pursuant to and at the time and place designated by a subpoena of the council issued pursuant to section 3-124 of the Home Rule Charter of the city or any other provision of law authorizing the council to issue subpoena, and/or the willful or contumacious refusal or failure to produce document or objects for the inspection by the council or its designated agent pursuant to and at the time and place designated by a subpoena of the council issued pursuant to section 3-124 of the Home Rule Charter or any other provision of law authorizing the council to issue subpoenas, and/or the intentional or grossly contumacious giving of false testimony under oath or affirmation before the council or its designated agent, pursuant to and at the time and place designated by a subpoena of the council issued pursuant to section 3-124 of the Home Rule Charter of the city or any other provision of law authorizing the council to issue subpoenas.

(b) Any act or omission constituting contempt of the city council shall be unlawful and punishable as a misdemeanor.
(Code 1956, § 2A-2)

Sec. 2-59. Council approval of certain grants.

(a) *Background.* The city council approves various grants to individuals, corporations, and other persons pursuant to law or contractual agreements. The grants may include, but are not limited to, grants from the economic development fund, the neighborhood housing assistance fund, Entergy and Harrah's. The purpose of this section is to establish minimum information and reporting requirements for persons or entities seeking approval of all such grants and to ensure that pertinent information is made available to the public.

(b) *Questionnaires.* Prior to approval of any grant request subject to the approval of the city council, the applicant for said grant shall submit a completed questionnaire on forms approved and provided by the council. At a minimum, the following information shall be required:

(1) The name, physical address, telephone number, taxpayer identification number, website address (if applicable) of the applicant and a statement from the director of finance that the applicant owes no back taxes to the city and holds all necessary licenses or permits from the city.

(2) If the applicant is a corporation or other entity that is required to register with the secretary of state, certification that the entity is currently in good standing with the secretary of state.

(3) Where applicable, a list of all officers and directors of the entity.

(4) A list of all current contractors and subcontractors of the person or entity. For each contractor or subcontractor, a list of officers, directors, certificate of good standing with the secretary of state and a statement from the director of finance that the contractor or subcontractor owes no back taxes to the city.

(5) A copy of the applicant's most recent financial audit, if available.

(6) A statement indicating the applicant's sources of funding, including private donations, self-generated funds, and funding from city, state, or federal sources.

(7) A statement of the applicant's accomplishments to the date of the grant application. References, media accounts, and similar supporting documentation should be included.

(8) To the applicant's best knowledge and belief and ability's a list of all political campaign contributions made by officers, directors, and employees of the entity within 12 months prior to the date of the application. Information provided in compliance with the provisions of this section shall not be used to disqualify any applicant or application from the grant application process. The reporting requirements of this subparagraph shall expire at the end of the grant period.

(9) A statement as to whether, to the applicant's best knowledge and belief, any member of the New Orleans City Council may have reason for recusal from voting under the provisions of the Louisiana Code of Governmental Ethics. For informational purposes, pertinent excerpts from the ethics code shall be included in the questionnaire.

(c) *Initial questionnaire.* The initial questionnaire that shall be used in connection with this section is attached hereto as Exhibit A and made a part of M.C.S., Ordinance No. 25728, the ordinance adopting this section. (The clerk shall insert the M.C.S. Number of this ordinance in the blank space prior to submission of this section for codification.) This questionnaire may be amended by a motion adopted by a majority of all members of the city council.

(d) *Reporting requirements and amendments to information supplied on questionnaire.* Any grant agreement approved pursuant to this section shall require that the applicant update questionnaire information within 14 days of any change of information and such updates shall be provided to the clerk of council. Further, the grant agreement shall require that semiannual reports and narrative reports on the progress of grant activities be made available upon request to the clerk of council. Such reports shall indicate the use of grant funds for the preceding first or third quarter, as may be applicable.

(e) *Public records.* All questionnaires, reports, and updates are public records and shall be made available for public inspection upon request at the office of the clerk of council.

(f) The City Council/Cox Communications Louisiana's Community Grant Program shall not be subject to this section.

Editor's note—Exhibit A, referenced above, is not set out herein, but is on file and available for inspection in the city offices.

Sec. 2-60. Salaries of councilmembers.

Pursuant to section 3-106(1) of the Home Rule Charter, effective on the first Monday in May, 2010, each councilmember shall receive an annual salary of $83,507.00.

Each succeeding first Monday in May, on an annual basis, each councilmember shall receive a cost of living adjustment according to the rate of inflation defined by the Federal Bureau of Labor Statistics.
(M.C.S., Ord. No. 23749, § 1, 10-1-09)

Sec. 2-61. Quarterly oversight and review of public safety agencies.

(a) The below-referenced agencies funded in part or wholly by city funds shall appear at a public meeting of the criminal justice committee

no less than four times a year to present on their ongoing efforts to promote public safety. Appearance at a council budget hearing shall satisfy this appearance requirement for the fourth quarter of any year.

(b) The following agencies and their leadership shall appear at the above quarterly review:

(1) New Orleans Police Department

(2) Orleans Parish District Attorney

(3) Orleans Parish Criminal District Court, including the Chief Judge, Deputy Chief Judge, and Magistrate Judge

(5) Orleans Parish Sheriff

(6) Office of the Independent Police Monitor

(7) Juvenile Justice Intervention Center

(8) Orleans Parish Coroner

(9) Orleans Parish Municipal and Traffic Court

(c) The foregoing agencies shall meet and confer at least one week prior to each quarterly review to identify (i) areas relating to public safety in need of improvement, (ii) opportunities for greater cooperation among the agencies, (iii) issues that should be brought to the attention of the criminal justice committee, and (iv) potential solutions to problems that would benefit from criminal justice committee support.

(d) The review shall include presentations on the agency's year-to-date budget, operational challenges, legislative needs or any other matters relevant to the council's oversight.

(e) The leader of the police department's professional standards and accountability bureau (PSAB) shall also present an overview of all audits conducted by PSAB in the past quarter (consistent with an audit plan to be shared with the criminal justice committee at the beginning of each year), the recommendations resulting from those audits, and the remedial measures implemented as a result of those recommendations.

(f) The police department shall also report on significant data compiled during the prior quarter on its drone program. Significant data includes, but is not limited to:

(1) Material changes in number of drone flights;

(2) Material changes in types and purposes of drone use;

(3) Any deviations from department policy on approved or restricted drone use;

(4) Any safety concerns because of drone use;

(5) Any equipment concerns because of drone use;

(6) Equipment, supplies, and attachments used during drone deployment; and

(7) All agencies, offices and the city departments requesting drone deployment.

(M.C.S., Ord. No. 29063, § 1, 6-23-22; M.C.S., Ord. No. 29980, § 1, 7-11-24; M.C.S., Ord. No. 30100, § 1, 10-10-24; M.C.S., Ord. No. 30726, § 1, 8-6-26)

Sec. 2-61.5. Date of receipt by the council.

Except as otherwise expressly provided by law, receipt of any document required to be transmitted to the council, directly or through the clerk of council, shall be deemed to occur on the date when the communication transmitting the document appears and is formally marked as "received" on the agenda of a regular or special council meeting.

(M.C.S., Ord. No. 29812, § 1, 2-22-24)

Editor's note—M.C.S., Ord. No. 29812, § 1, adopted Feb. 22, 2024, set out provisions intended for use as § 2-61. At the editor's discretion, to prevent duplication of section numbers, these provisions have been included as § 2-61.5.

Sec. 2-62. Monthly disclosures of raw data.

(a) The below referenced agencies funded in part or wholly by city funds shall submit raw data in machine readable format to the city council no less than once per month.

(b) The following agencies shall submit raw data as requested by the city council in machine readable format to a centralized data repository to which the city council has access with appropriate privacy protections applied as needed:

(1) New Orleans Police Department.

(2) Orleans Parish District Attorney.

(3) Orleans Criminal District Court.

(4) Orleans Juvenile Court.

(5) Orleans Parish Municipal & Traffic Court.

(6) Orleans Parish Sheriff.

(7) Juvenile Justice Intervention Center.

(8) Office of the Independent Police Monitor.

(c) In addition to the aforementioned agencies, the New Orleans Police Department shall submit raw data in machine readable format to the city council in a readily accessible manner with appropriate privacy protections applied as needed. The New Orleans Police Department's submission shall include the following specific datasets:

(1) Homicides — To include item number, date, victim race/gender, weapon used, motive, and clearance status.

(2) Nonfatal shooting datasets — To include item number, date, victim race/gender, weapon used, motive, and clearance status.

(3) Staffing by position, rank, hire date, and job location.

(4) Overtime expenditures and purposes.

(5) Number of separations by officer rank each month.

(6) Requests for video from the Real-Time Crime Center and Louisiana State Analytical and Fusion Exchange Center including item number and whether relevant video was found.

(7) Drone flight logs.

(d) In addition to the datasets required in subsection (c) above, the police department shall also publish the following complete datasets to the public, except any data that is exempt from disclosure pursuant to La. Rev. Stat. § 44:3:

(1) Calls for Service.

(2) Electronic Police Reports.

(3) Use of Force.

(4) Misconduct cases including case disposition.

(5) Stop and Search.

(6) Aggregated crime statistics. Statistics shall be published at least monthly and include all major UCR Part I or NIBRS Summary Report System crime categories as well as nonfatal shootings. The data shall include aggregated statistics for the current year and each of the last five years to date (YTD).

(7) Drone deployment data, including at least the following information:

a. Flight takeoff point;

b. Deployment time and date;

c. Flight duration;

d. Intended purpose of deployment;

e. Whether the use was effective for the intended purpose;

f. Purpose the drone usage supported, from one or more of the following categories:

i. Call for service;

ii. Emergency event, special event, or disaster response (including post-event review);

iii. Forensics collection;

iv. Tactical operations;

v. Training;

vi. Rescue response;

vii. Missing person search;

viii. Suspect search;

ix. Crime scene investigations;

x. Post-critical incident review or reconstruction; and

xi. Other (specified);

g. Whether the deployment was under the Drone as a First Responder (semi-autonomous remote drone) program;

h. Identification of deployed drone;

i. Police division, district and sector involved;

j. Identity of operator in command;

k. Identity of supervising officer;

l. Identity of designated visual observer;

m. Summary of activities conducted and actions taken;

n. Safety concerns regarding deployment, if any;

o. Equipment concerns regarding deployment, if any;

p. Drone attachments used, if any; and

q. Agency, office, or city department requesting drone deployment.

(e) The civil service department shall produce current staffing, hiring, and applications for the police department in machine readable format updated at least monthly.
(M.C.S., Ord. No. 29130, § 1, 8-4-22; M.C.S., Ord. No. 30726, § 1, 8-6-26)

Sec. 2-63. Budget submission and monitoring requirements for certain agencies.

(a) The following agencies that are involved in the criminal legal system and are funded in part or wholly by city funds shall be subject to the budget submission and monitoring requirements in this section:

(1) Clerk of Orleans Parish Criminal District Court,

(2) Municipal and Traffic Court of New Orleans,

(3) Orleans Parish Communications District,

(4) Orleans Parish Coroner,

(5) Orleans Parish Criminal District Court,

(6) Orleans Parish District Attorney,

(7) Orleans Parish Juvenile Court,

(8) Orleans Parish Sheriff, and

(9) Orleans Public Defender.

(b) In accordance with Home Rule Charter section 6-102(2), each agency shall submit detailed data to the chief administrative officer in accordance with a schedule prescribed by the chief administrative officer for compilation and recommendations for review by the mayor prior to the mayor's submission of the proposed annual budget to the city council. Such data submission shall provide enough detail to allow the city to provide appropriations to each agency in the following categories, in accordance with Home Rule Charter section 6-102(5): personal services of officers and employees, other operating expenses, debt service, and such other classes of appropriations as the mayor may annually establish. Such data submission shall be formatted in accordance with a template provided by the chief administrative officer and approved by the chair of the city council's budget, audit, and board of review committee.

(c) On or before January 1 of each year, each agency shall provide a detailed budget to the clerk of council following the adoption of the city's annual budget, to reflect the agency's anticipated revenues and expenditures based on the city's adopted budget for that year. Such budget shall be formatted in accordance with a template provided by the chief administrative officer and approved by the chair of the city council's budget, audit, and board of review committee. The department of finance shall not disburse any funds to any agency referenced in this section unless and until the chief administrative officer and the chair of the city council's budget, audit, and board of review committee receives the detailed budget as required above.

(d) On or before the last day of each month other than January, each agency shall provide an expenditure report to the clerk of council reflecting the following for the previous calendar month: (1) actual personnel spending (year-to-date), (2) personnel spending projections through the end

of the year, (3) actual other operating expenditures (year-to-date), (4) other operating expenditure projections through the end of the year, and (5) staffing and vacancy data. Such reports shall be formatted in accordance with a template provided by the chief administrative officer and approved by the chair of the city council's budget, audit, and board of review committee. Personnel projection submissions shall include a description of the methodology used in determining the projections and a list of any applicable assumptions.

(e) In the event an agency seeks an additional partial-year appropriation from the city during a budget year, such agency shall submit a single letter detailing such supplemental budget request to both the chief administrative officer and chair of the city council's budget, audit, and board of review committee.

(f) In accordance with section 6-103(1) of the Home Rule Charter, each appropriation made to each agency shall be considered valid only for the year for which it is made, and any part of such appropriation which is not encumbered or expended shall lapse at the end of the year. Any such amount that has been paid by the city to such agency but not encumbered or expended at the end of each year shall be expressly identified and reported to the chief administrative officer and chair of the city council's budget, audit, and board of review committee by March 31 of the following year, at which time the agency's appropriation from the city for that year shall be reduced by a corresponding amount.

ARTICLE IV. BOARDS, COMMITTEES AND COMMISSIONS*

DIVISION 1. GENERALLY

Sec. 2-86. Diversity in composition.

(a) There are numerous boards, commissions, and other similar entities performing governmental functions in the city, a city with a great cosmopolitan population consisting of large numbers of people of every race, color, creed, religion, age, physical condition, national origin and ancestry, including many persons with disabilities. The composition of such boards and commissions should reflect the diversity of our population. Boards, commissions, and other entities that are truly reflective of the demographics of the city promote mutual understanding and decisions made by boards constituted of a membership that reflects the diversity of the city's population should be responsive to the needs and aspirations of all members of our community. It is the policy of the city that the mayor and all other appointing authorities and nominating

organizations for boards, commissions, and other legal entities performing functions for or on behalf of the city should consider the demographic composition of the board or other entity in proposing or making appointments to the board or other entity to ensure that the board's composition will be reflective of the city as a whole.

(b) It shall be the duty of the chief administrative officer to notify all appointing authorities and nominating organizations for boards, commissions, and other similar entities performing city governmental functions in the city of the provisions of this section within 30 days of the effective date of the ordinance from which this section was derived and periodically thereafter. (Code 1956, § 1-23)

Sec. 2-87. Attendance of board members.

1. For purposes of this section, the term "board" shall refer to all city boards, commissions, authorities and other public bodies except the council, as defined in section 9-101 of the Home Rule Charter of the City of New Orleans ("Charter").

2. Every city board shall submit an annual report to the city council and the office of the mayor containing the attendance records for every person serving as a member of the respective board on the date of submission.

(a) The report shall be submitted no later than February 1 of each calendar year, and shall cover the period January 1 through December 31, inclusive, immediately preceding the date of submission.

(b) The report shall list every board meeting that was scheduled to take place during the relevant period, including any meetings that were cancelled due to a lack of a quorum, and shall identify for each member whether the member was "present" or "absent" for each meeting.

(1) It shall be the responsibility of each board member to advise the board not less than 24 hours before the start of any scheduled meeting whether he or she intends to be present at the meeting.

a. Regardless of the member's stated intent, he or she will be deemed "present" or "absent" according to their actual attendance, or failure to attend, the meeting.

b. In the event that a meeting is cancelled in advance of its scheduled start due to an anticipated lack of a quorum, each member shall be deemed "present" or "absent" from the meeting according to his or her stated intent.

i. Any member who fails to timely advise the board as to whether they intend to be present shall be deemed "absent" from the cancelled meeting.

(2) A board member who is physically present at a meeting shall nonetheless be deemed "absent" from that meeting if:

a. The member leaves the meeting prior to its completion; and

b. The meeting is suspended or adjourned at any point after the member leaves due to a lack of a quorum.

(c) The absence of any board member from more than 25 percent of all scheduled board meetings in any 12-month period shall constitute reasonable cause for their removal by the appointing authority pursuant to subsection 9-104(2) of the Charter.

(1) The appointing authority shall initiate the removal process within 180 days of the end of the 12-month period that is being considered.

(2) Any member so removed shall have reasonable opportunity to be heard publicly before the council, and in

such event the removal shall be effective only if approved by a majority of the council.

3. A city board shall submit to the city council and the office of the mayor the most recent attendance records for any member of the respective board who has been nominated for reappointment to that board.

(a) The board shall submit the member's attendance records for all scheduled board meetings within one year prior to the date of their nomination for reappointment. However, the board need not resubmit attendance records for any meetings that were previously submitted as part of an annual attendance report pursuant to this Section.

(b) The board shall submit the required records within five business days of receiving notice of the member's nomination for reappointment.

(M.C.S., Ord. No. 24132, § 1, 9-16-10)

Sec. 2-87.1. Submittal of board questionnaire prior to appointment.

Prior to an individual's appointment to any board, commission, authority or other public body as defined in this division (hereafter "board"), said individual shall submit a completed and notarized questionnaire on forms provided by the council research office. Failure to submit said questionnaire shall preclude appointment. Any material misrepresentation submitted on a questionnaire shall provide cause for removal of an appointed board member. The requirements of this section shall not apply to appointments of elected officials, nor shall they apply to security districts created and approved pursuant to LA. R.S. 33:9100.21.

(M.C.S., Ord. No. 27887, § 1, 10-4-18)

Sec. 2-87.2. Board membership and governance reporting requirements.

Any city board, commission, authority or other public body as defined in this division (hereafter "board"), shall be subject to the following reporting requirements:

(1) No later than February 1 of each calendar year, every board shall submit to the clerk of council and to the mayor a complete list of its current membership including: the appointing authority, requisite qualifications of membership, if any, and the current membership terms (appointment date and expiration date) for each appointed member.

(2) Within 30 days of receipt of notice or the actual occurrence of any vacancy on a board, the board shall submit written notice to the clerk of council and to the mayor alerting each of the vacancy.

(3) No later than February 1 of each calendar year, each board that is governed by Articles of Incorporation, By-Laws, or any similar civil instrument of governance (hereafter governing documentation), shall submit a copy of its most recent governing documentation, which shall include any amendments adopted by the board that calendar year, if any. If no amendments to the governing documentation occurred within the calendar year, notification shall still be submitted, which provides that no amendments were adopted that year. If amendments require council approval as provided by law, no such amendments shall become effective until approved by the council.

(4) No later than February 1 of each calendar year, every board shall submit to the clerk of council and the mayor any changes to the information submitted on the approved membership questionnaire submitted prior to appointment, including but not limited to: any change in residence and/or domicile, elector status, mailing, or business addresses, phone numbers, or e-mail addresses.

The requirements of this section shall not apply to appointments of elected officials, nor shall they apply to security districts created and approved pursuant to LA. R.S. 33:9100.21.

(M.C.S., Ord. No. 27887, § 1, 10-4-18)

Sec. 2-88. Budgetary reporting requirements.

Any city board, commission, authority and other public body as defined in this division

(hereafter "board"), shall be subject to the following reporting and presentation requirements if the board receives any city funding; or administers or manages any assets owned by the city:

(1) Submittal of budgetary documentation to the council fiscal office no later than one week following the mayor's presentation of the executive budget to the council submitting a proposed budget for the following fiscal year on forms approved and provided by the council fiscal office.

(2) Appear before and make a presentation of the board's proposed budget for the following fiscal year to the council's budget, audit, and board of review committee, or to the full council as part of the annual public hearings on the proposed budget as enumerated in section 3-115 of the Home Rule Charter.

The requirements of this section shall not apply to security districts created and approved pursuant to LA. R.S. 33:9100.21.

The Edward Wisner Donation Advisory Committee shall, at least once a year, deliver to the mayor for transmission to the council a report of its actions.
(Code 1956, § 19-6)

Sec. 2-162. Prohibited contracts and expenditures.

The city shall not, in connection with an economic-development project or for an economic-development purpose, provide any public funds or enter into any contract in which it is contemplated that public funds will be provided, directly or indirectly, to any person or entity:

A. Engaged in litigation in which that person or entity

1. Asserts a claim of ownership to any portion of the corpus of the Wisner donation, as described in this division, or the avails or fruits thereof accruing on or after August 4, 2014, or

2. Otherwise contests the claim to full ownership of the former corpus of the Edward Wisner donation, or to the avails or fruits thereof, asserted by the city or by a political subdivision or unit thereof;

B. Engaged in litigation in which that person or entity asserts that it is currently a beneficiary of the Wisner donation by virtue of an extension of the Wisner donation entered into on or after August 4, 2014 or by the creation of a new trust constituting the former corpus of the Wisner donation occurring on or after August 4, 2014; or

C. Holding an ownership interest in the former corpus of the Wisner donation, either directly or in the capacity of trust beneficiary, by virtue of a final judgment from court of competent jurisdiction rendered on or after the effective date of this ordinance.

DIVISION 5. MUSIC AND ENTERTAINMENT COMMISSION OF NEW ORLEANS*

Sec. 2-186. Purposes.

It is hereby found and determined that promotion and encouragement of this city's world-renowned musicians and composers and the music and entertainment industry in general would be a significant contribution to economic development in the community. It is further found and determined that a single entity should be established to promote our industry and to act as a liaison between the government and the private sector.
(Code 1956, § 18A-11)

Sec. 2-187. Established, appointment.

There is hereby established an advisory committee to be known as the Music and Entertainment Commission of New Orleans. The

DIVISION 6. NEW ORLEANS CIVIL SERVICE COMMISSION*

Sec. 2-211. Appointment of successor to member nominated by president of St. Mary's Dominican College.

The city council shall appoint the successor to the member of the New Orleans City Civil Service Commission nominated by the President of St. Mary's Dominican College in the following manner. The appointment shall be made by the council from a list of four nominees submitted by the chancellors of the University of New Orleans and Southern University at New Orleans. Within 30 days after a vacancy occurs, the university chancellor or chancellors concerned shall submit the required nominations. On the initial list of four nominations submitted by the chancellors of the University of New Orleans and Southern University at New Orleans, the nominations of the chancellor of Southern University at New Orleans shall precede those of the chancellor of the University of New Orleans, and on subsequent lists the first two nominees shall be alternately those of the chancellor of the University of New Orleans and the chancellor of Southern University at New Orleans. Within 30 days thereafter, the council shall make the appointment. For the purposes of this section, Southern University at New Orleans and the University of New Orleans shall be considered one nominating authority; however, if either chancellor fails to submit nominees timely, or if one of these institutions ceases to exist, the council shall make the appointment from the two nominees submitted.

DIVISION 7. NEW ORLEANS FILM AND VIDEO COMMISSION†

Sec. 2-236. Purposes.

It is hereby found and determined that the establishment of this city as a major site for on-location productions by the film and television industry would be of tremendous significance to economic development within the city and would further serve to bring to national and international attention the bountiful natural and architectural assets and the beauty and history of our city. It is further found and determined that the establishment of a single entity for promotion of this city as a major on-location site for film and video productions and to serve as a contact for information pertaining to locations and logistics and performing liaison work with local residents, businesses, and governmental agencies is necessary. It is further found and determined that an effective film commission is essential to any jurisdiction desiring to invigorate its economy through attraction of the film and television industry.
(Code 1956, § 18A-1)

Sec. 2-237. Established, appointment.

There should be established an advisory committee to be styled the New Orleans Film and

Sec. 2-692. Contents of financial statement.

(a) Except as provided hereinbelow, the financial statement required by section 2-691 hereinabove shall be filed on a form prescribed by the city attorney and shall include the following information for the preceding calendar year. For elected officials only, alternatively the requirement for filing the financial statement required by section 2-691 hereinabove may be satisfied by filing a duplicate original of the financial disclosure statement required to be filed with the state board of ethics, pursuant to R.S. 42:1124.2 et seq.

(1) The full name and residence address of the individual who is required to file;

(2) The full name of the individual's spouse, if any, and the spouse's occupation and principal business address;

(3) The name, address and nature of association with and the amount of interest in each business in which the individual or spouse is a director, officer, owner, partner, member, or trustee, or in which the individual or spouse, either individually or collectively, holds an interest worth in excess of ten percent; a brief description of the nature and purpose of the business; and a brief description of any activities in which the business was engaged during the preceding year;

(4) The name, address, type and amount of each source of income, in excess of $1,000.00, received by the individual or spouse, and the nature of the services rendered therefor, if any. For income derived from mental health, medical health, or legal services rendered, the individual need only show the amount of the income and not the identity of any individual patient or client;

(5) A brief description, location and address of each parcel of real property, the fair market value of which exceeds $2,000.00, in which the individual or spouse, either individually or collectively, has an interest;

(6) A brief description, amount, and date of any purchase, sale, exchange, donation, gift, or other acquisition or disposition, in excess of $1,000.00 of any real property, and of any stocks, bonds, commodities futures, or other forms of securities, including, but not limited to, any option to acquire and/or dispose of any stocks, bonds, commodities futures, other forms of securities, negotiable instruments, movable or immovable property, or any other interest;

(7) The name, adder/ss, and amount of each liability owed to any creditor by the individual or spouse which exceeds $10,000.00, excluding any loan secured by a personal motor vehicle, household furniture, or appliances, if such loans do not exceed the purchase price of the item which secures it.

(b) When an amount is required to be disclosed pursuant to this article, it shall be sufficient to report the amount by category of value. The categories shall be:

(1) Category I, less than $5,000.00 (including no revenue and losses);

(2) Category II, $5,000.00—$24,999.00;

(3) Category III, $25,000.00—$49,999.00;

(4) Category IV, $50,000.00—$99,999.00;

(5) Category V, $100,000.00—$199,999.00;

(6) Category VI, $200,000.00 or more.

Amounts required to be disclosed shall be valued at actual or fair market value, whichever is greater.

(c) For purposes of this article, the following words shall have the following meanings:

Business means any corporation, partnership, sole proprietorship, firm, enterprise, franchise, association, business, organization, self-employed

individual, holding company, trust, or any other legal entity or person. The term shall include both non-profit and for-profit entities.

Income means any income from whatever source derived, including, but not limited to, the following items: Compensation for services, including fees, salaries, commissions, and similar items; income derived from business; gains derived from dealings in property; interest; rents; royalties; dividends; annuities; income from life insurance and endowment contracts; pensions; income from discharge of indebtedness; distributive share of partnership income; and income from interest in an estate or trust.

(d) The financial statement shall be filed with the city attorney and shall be accompanied by the affidavit of the public official filing it certifying that the information contained in the financial statement is true and correct to the best of his knowledge, information and belief. The financial statement shall be a public record, subject to the provisions of R.S. 44:1 through 44:41. The city attorney shall additionally file a copy of his financial statement with the clerk of council who shall preserve the city attorney's financial statement as a public record.

(e) For the purposes of this section, an individual or spouse shall not transfer any asset, interest, or liability required to be disclosed pursuant to the subsection (a) of this section to any person or business for the purpose of avoiding disclosure, unless such transfer is irrevocable. A transfer shall not be irrevocable if there exists any contract, letter, counter letter, note, or any other legally enforceable agreement or authority which if exercised or enforced would require or authorize any asset, interest, or liability transferred by an individual or spouse to a person or business to revert back to such individual or spouse.

One additional member shall be appointed by the mayor. Each appointment is subject to approval by a majority of the members of the city council.

(3) *Qualifications.* No member may hold any elective or appointed position with the city nor any other government or political party office or have held such position within two years before appointment to the ethics review board.

(4) *Removal.* A member of the ethics review board may be removed by the mayor only for cause in accordance with the procedures established in section 9-104 of the Home Rule Charter and by the council in accordance with the procedures and for the reasons established in section 3-125 of the Home Rule Charter.

(5) *Vacancy.* Within ten days of a president's or chancellor's recommended appointee's vacancy being created, the mayor shall request the university presidents or chancellors to submit within 30 days lists of three nominees each to the mayor for consideration to fill the unexpired term. Within 30 days of receiving the lists of nominees, the mayor shall submit a selection to the council for its consideration. Within 30 days of an unaffiliated appointee's vacancy being created, the mayor shall submit a suggested replacement to the council for its consideration. Within 30 days of receiving a mayoral nomination, the council shall approve or reject the appointment.

(6) *Term.* The terms of the initial members shall be as follows: One member shall be appointed for a term to expire on June 30 of the first year; one member shall be appointed for a term to expire on June 30 of the second year; one member shall be appointed for a term to expire on June 30 of the third year; one member shall be appointed for a term to expire on June 30 of the fourth year; one member shall be appointed for a term to expire on June 30 of the fifth year; one member shall be appointed for a term to expire on June 30 of the sixth year; and one member shall be appointed for a term to expire on June 30 of the seventh year. At the expiration of the term of each initial member and of each succeeding member, a successor shall be appointed to serve for a term of seven years. Each such term shall expire on June 30 of the seventh year.

(7) *Public meetings.* The meetings of the ethics review board shall be open to the public in accordance with applicable state and municipal law.

(8) *Quorum.* Four members of the ethics review board shall constitute a quorum for the purpose of transacting the business of the board.

(9) *Rules and regulations.* The ethics review board, pursuant to section 4-107 of the Home Rule Charter, shall adopt rules and regulations governing the transaction of its business.

(10) *Staff.* The board may employ necessary staff in accordance with applicable civil service law and subject to appropriations by the council. The board's operation and procedures shall be governed by chapter 1 of article IX of the Home Rule Charter and by applicable state and municipal law.

(11) *Investigations.* For purposes of an investigation or a hearing, the ethics review board may administer oaths and affirmations, subpoena witnesses, compel their attendance, take evidence, and require the production of any records which the ethics review board deems relevant or material to an investigation or hearing.

(12) *Financial Disclosure.* Members shall annually file a financial disclosure state-

ment in accordance with the Louisiana Code of Governmental Ethics, La. R.S. § 42:1124.2.1.

(13) *Amendment.* Pursuant to section 9-402(3) of the Home Rule Charter, this section may only be amended by an ordinance receiving a two-thirds favorable vote of the entire membership of the city council.

(M.C.S., Ord. No. 17,612, § 1, 6-20-96; M.C.S., Ord. No. 26651, § 1, 11-5-15)

Sec. 2-720. External review of the ethics review board.

Pursuant to section 9-405 of the Home Rule Charter, the ethics review board shall be subject to an independent, external peer review every three years. Such peer review shall be paid for by the ethics review board. When completed, the recommendations and findings of such peer review shall be submitted to the ethics review board and the clerk of the council. The ethics review board shall comply with the recommendations of the peer review within 90 days, provided that the recommendations and findings are accepted and approved by the city council. Copies of the final report resulting from this peer review shall be furnished to the clerk of the council, the city attorney, and the office of the mayor. The final report shall also be made available to the public.
(M.C.S., Ord. No. 27747, § 1, 4-19-18)

Sec. 2-721. Resources of the ethics review board.

Pursuant to section 9-404 of the Home Rule Charter of the city, the ethics review board shall be funded by an annual appropriation by the city council as part of the city's operating budget.
(M.C.S., Ord. No. 27747, § 1, 4-19-18)

Secs. 2-722—2-740. Reserved.

Subdivision II. State Code of Governmental Ethics

Sec. 2-741. State code of ethics.

The state code of governmental ethics (state ethics code) is established by R.S. 42:1101 et seq. The state ethics code applies to all officials and employees of the city and its various departments, boards, commissions, offices, and other agencies.
(Code 1956, § 22B-10)

Sec. 2-742. Dissemination of state ethics code.

The chief administrative officer shall cause a copy of the state code of governmental ethics to be given to each official and employee of the city and its various departments, boards, offices and other agencies.
(Code 1956, § 22B-11)

Sec. 2-743. Advisory opinions; complaints.

The chief administrative officer shall advise all officials and employees of procedures for obtaining advisory opinions from the state ethics commission and for filing complaints under the state code of governmental ethics.
(Code 1956, § 22B-12)

Sec. 2-744. City ethics code supplemental.

The city code of ethics in subdivision III of this division is intended to supplement the provisions of the state code of governmental ethics. In some matters, the city ethics code is intended to be more restrictive than the state code of governmental ethics. If any provisions of the state code of governmental ethics are more restrictive than any provisions contained in the code of ethics for the city, the provisions of the state code of governmental ethics prevail.
(Code 1956, § 22B-13)

Sec. 2-745. Incorporation of State Code of Ethics.

The City Code of Ethics adopts and incorporates by reference the following parts of the Louisiana Code of Governmental Ethics, Louisiana Revised Statutes Title 42, Chapter 15: Part I (General Provisions); Part II (Ethical Standards for Public Servants); and Part IIa (Unethical Election Practices).
(M.C.S., Ord. No. 26841, § 1, 4-7-16)

Secs. 2-746—2-765. Reserved.

Subdivision III. City Code of Ethics

Sec. 2-766. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Board applies to boards, commissions, authorities, and other public bodies that are subject to the provisions of the Home Rule Charter of the city, except the city council.
(Code 1956, § 22B-21)

Cross reference—Definitions generally, § 1-2.

Sec. 2-767. Application.

The code of ethics for the city shall apply to all officials of the government of the city, whether elected or appointed; to all employees, whether classified or unclassified; and to members and/or employees of all boards, agencies, commissions, advisory committees, public trusts, and public benefit corporations of the city.
(Code 1956, § 22B-1)

Sec. 2-768. Purpose.

The code of ethics is established to remind each public official and employee that individually and collectively, public officials and employees must adhere to high ethical standards not simply to avoid sanctions or criticism, but because it is the right thing to do. Standards and guidelines established by or pursuant to the code of ethics should be construed and implemented with sensitivity, integrity, and a good faith commitment to advance rather than evade or circumvent the evident or stated spirit and purpose of ethical rules. Public officials and employees should not give unduly narrow or legalistic constructions to specific provisions of applicable ethics codes, standards, or rules and regulations.
(Code 1956, § 22B-3)

Sec. 2-769. Responsibility of public office.

Public officials and employees are agents of public purpose and hold office for the benefit of the public. They are bound to uphold the constitution of the United States and the constitution of this state and to carry out impartially the laws of the nation, state and city and thus to foster respect of all government. They are bound to observe in their official acts the highest standards of morality and to discharge faithfully the duties of their office regardless of personal considerations, recognizing that the public interest must be their primary concern.
(Code 1956, § 22B-2)

Sec. 2-770. Nonpartisanship and nondiscrimination.

Public officials and employees should take action and make decisions based on the merits, objectively and without partisanship. In taking action and making decisions, public officials and employees should not discriminate against any person because of racial, ethnic, religious, political, sexual or personal prejudice or because of age, disability or sexual orientation.
(Code 1956, § 22B-4)

Sec. 2-771. Development of internal standards.

Each department, board, office, or other agency of city government is encouraged to develop internal minimum standards of ethical conduct or behavior for situations or transactions that may be unique to the particular department, board, office or other agency. The opinions of employees and customers of the agency should be sought and used in the development of such internal standards, rules, regulations and guidelines for ethical conduct. Members of all boards and commissions of the city shall act as prudent administrators.
(Code 1956, § 22B-5)

Sec. 2-772. Freedom from reprisal and disclosure of improper acts.

(a) Any public employee who reports information which the employee reasonably believes is a violation of any ordinance, statute, policy, order, rule, regulation or other ethical mandate shall be free from discipline or reprisal for reporting such acts of alleged impropriety. An employee with authority to hire and fire, supervisor, agency head, or elected official may not subject to

reprisal any public employee because of such employee's efforts to disclose such acts of alleged impropriety.

(b) The provisions of this section are in addition to the protection afforded by the state code of governmental ethics and the rules of the city civil service commission to public employees who report acts of impropriety to the employee's agency head, civil service, the ethics review board, or the state board of ethics for elected officials or commission on ethics for public employees.
(Code 1956, § 22B-6; M.C.S., Ord. No. 17,613, § 1, 6-20-96)

Sec. 2-773. Matters of public information.

The State Public Records Law, R.S. 44:1 et seq. applies to public records of all departments, boards, offices and other agencies of city government. With certain exceptions, the records and documents in the possession of city government officials and employees are public records that citizens, the news media, and other interested parties are entitled to review and copy. When citizens make a request to review public documents, city officials and employees should respond with courtesy and as expeditiously as possible within the requirements of the state Public Records Law. Officials and employees who have questions as to whether particular information is confidential under the state Public Records Law should contact their supervisor or request assistance from the law department. The chief administrative officer shall advise all officials and employees of the provisions and requirements of the state Public Records Law.
(Code 1956, § 22B-7)

Sec. 2-774. Other laws, rules, and policies related to standards of conduct.

City officials and employees should be generally aware that laws, rules, and policies established by the federal and state government and agencies thereof and by the chief administrative officer and supervisors in city government prescribe standards of conduct for government and city employees. Some of these rules, laws, and policies are the following:

(1) The state Code of Governmental Ethics, R.S. 42:1101 et seq., popularly known as the State Ethics Code.

(2) The state Dual Office Holding Law, R.S. 42:61 et seq.

(3) Civil Service Law, La. Const., art. 10, and the rules of the city civil service commission.

(4) Policy and circular memoranda issued by the chief administrative officer.

(5) Departmental rules and regulations issued by department heads and supervisors.

(6) The state Public Records Act, R.S. 44:1 et seq., sometimes referred to by citizens as the Freedom of Information Act.

(7) The state Open Meetings Law, R.S. 42:4.1 et seq., popularly known as the Sunshine Law.

(Code 1956, § 22B-8)

Sec. 2-775. Dissemination of code of ethics.

The provisions of the code of ethics for the city shall be distributed to each elected or appointed official and employee of the city. Upon election or appointment to office or employment with the city, all public servants shall be given a copy of the code of ethics. The chief administrative office shall establish rules providing for the dissemination of the code of ethics.
(Code 1956, § 22B-9)

Sec. 2-776. Specific prohibitions.

The provisions of sections 2-777 through 2-783 shall be considered as specific prohibitions applicable to city officials and/or employees and/or board members as the case may be.
(Code 1956, § 22B-21)

Sec. 2-777. Prohibited financial interests.

No city officer or employee shall have a financial interest in any contract with the city, and no contract for professional or other services shall

be awarded on the basis of fee kickbacks. For purposes of this section, the word "contract" shall include remunerative contracts to provide goods or services to the city or for public work and shall not include:

(1) A contract with the city which a city official or employee is required to enter in order to receive state or federally-funded grants, loans or other public assistance, or

(2) A sale of abandoned property, as defined by R.S. 33:4720.12(1), to a city employee, when said sale is approved by the mayor, the director of the department by which the employee is employed, and the city attorney, and when such sale is for the purposes of rehabilitation.

No former city officer or employee shall be employed or otherwise compensated for services by any contractor or vendor if (i) the former city officer or employee was a scoring member of a committee convened to evaluate bids and proposals that the city solicited for public works or goods or services, and (ii) the committee awarded the contract for public works or services to such contractor or vendor. This prohibition on employment shall continue for a period of two years following the officer's or employee's termination of public service or employment with the city, or for a period of three years following the final meeting of the committee, regardless of the officer's or employee's participation in such meeting, whichever occurs first. A violation of this section is ground for termination of the contract for public works or goods or services awarded by the committee.
(Code 1956, § 22B-21(a); M.C.S., Ord. No. 20966, § 1, 2-6-03; M.C.S., Ord. No. 30346, § 1, 5-8-25)

Sec. 2-778. Leases, concessions restricted.

No lease or concession shall be granted to any corporation in which one or more city officers, employees, or board members hold or control the majority financial interest.
(Code 1956, § 22B-21(b))

Sec. 2-779. Borrowing from, interest in contractors.

No member, officer or employee of a board shall borrow money or receive anything of value from any contractor doing business with the board. No member, officer or employee of a board shall have any interest in any contract let by the board of which he is a member.
(Code 1956, § 22B-21(c))

Sec. 2-780. Forfeiture of board membership.

Any member of a board who shall qualify as a candidate for any public elective office or who shall accept an appointive office or position of public employment for which compensation is paid by the city shall forfeit membership on the board. The provisions of this paragraph shall not apply to ex officio board members nor to any board member who serves in such capacity by virtue of an elective office in city government.
(Code 1956, § 22B-21(d); M.C.S., Ord. No. 22810, § 1, 9-6-07)

Sec. 2-781. Political activities.

With regard to employees in classified service, the provisions of section 4-1504 of the Charter and article 10, section 9 of the state constitution prohibit certain political activities.
(Code 1956, § 22B-21(e))

Sec. 2-782. Recusal of board members.

Except as otherwise provided in this subdivision, no member of a board, commission, advisory committee, or other entity covered by this article who is excepted from the provisions of R.S. 42:1112 of the state code of governmental ethics with regard to voting or participating in a transaction involving a charitable, religious, nonprofit educational, public service, or civic organization because of the provisions of R.S. 42:1123(1) shall vote on or participate in a transaction otherwise prohibited by R.S. 42:1112 and, in such a case, the member shall, verbally or in writing at a public meeting, announce his recusal from participation in the transaction and the reason for recusal. The intent of this section is to require recusal of board, commission, or commit-

tee members who serve on the boards of certain nonprofit corporations in cases where a conflict of interest arises. The provisions of this section shall not apply to the council. The council may provide in its rules and regulations for the recusal of its members.
(Code 1956, § 22B-21(f))

Sec. 2-783. When financial interests permitted.

Nothing in this subdivision shall deprive city officials or employees from having a financial interest in any activity or enterprise which is not in conflict with their respective positions or with any provisions of this article, the city Code, the Charter, applicable civil service or departmental rules, or applicable state or federal law.
(Code 1956, § 22B-21)

Sec. 2-784. Prohibited campaign contributions and financial benefits.

(a) No councilmember or candidate seeking the office of councilmember shall accept or otherwise receive a campaign contribution or any other financial benefit of any value from:

(1) Any entity that provides an electric or gas utility, cable, telecommunications or technology service regulated by the city council;

(2) Any political action committee, director, member, manager, or officer of an entity from which contributions are prohibited under subsection 2-784(a)(1);

(3) Any person, firm or entity with a professional service contract awarded by the city council; or

(4) Any person, firm or entity with a professional service contract awarded by the New Orleans Sewerage and Water Board.

(5) Any outside attorney or consultant of Entergy New Orleans LLC, as listed in its quarterly report, submitted pursuant to Resolution R-21-153.

(b) No councilmember or candidate seeking the office of councilmember shall accept or otherwise receive a campaign contribution or any other financial benefit of any value from a person or entity when he or she knows or has reason to believe that the donor will be reimbursed for the donation in whole or in part from a person or entity identified in subsection (a)(1)—(4).
(Code 1956, § 22B-30; M.C.S., Ord. No. 17,613, § 1, 6-20-96; M.C.S., Ord. No. 28986, § 1, 4-7-22)

Sec. 2-785. Required disclosures.

No later than 30 days from the deadline of qualifying as a candidate seeking the office of councilmember, the candidate shall submit an affidavit to the ethics review board and the City of New Orleans Law Department that affirms or denies the following:

(1) Acceptance of compensation or financial benefit of any value from an entity regulated by the city council or contracted to provide a service to the city council in the previous five years; and/or

(2) Any time served on the board of a corporation or entity that is either regulated by the city council or contracted to provide a service to the city council in the previous five years.
(M.C.S., Ord. No. 28986, § 2, 4-7-22)

Sec. 2-786. Filing of complaints.

(a) Any person may file a complaint concerning violations of this article with the ethics review board or municipal court.

(b) Complaints concerning violations of this subdivision involving the mayor shall follow the same procedure as for those involving a councilmember, as authorized under section 3-124 of the Charter, except that a majority vote of the elected membership of the council shall be required to call a public hearing and to adopt a resolution of censure for violations under this subdivision.
(M.C.S., Ord. No. 28986, § 2, 4-7-22)

ARTICLE VIII. ORDINANCES, MOTIONS, AND RESOLUTIONS*

Sec. 2-811 Definitions.

(a) *By request* means any ordinance, motion, or resolution and amendments thereto that are not originated by a member of the city council.

(b) *Legislative instrument* shall mean an ordinance, motion, resolution of the city council, and any amendment thereto.

***Editor's note—**M.C.S., Ord. No. 28074, § 1, adopted April 25, 2019, amended Art. VIII in its entirety to read as herein set out. Former Art. VIII, §§ 2-811—2-819, pertained to similar subject matter, and derived from Code 1956, §§ 2-23—2-25.4; ; M.C.S., Ord. No. 26341, § 1, adopted April 9, 2015.

Charter reference—Ordinances, §§ 3-111—3-123.

Cross reference—Clerk of the council to forward all zoning ordinances to the assessor, § 2-402.

(c) *Ordinance* shall mean a legislative act of the city council that may become law after adoption.

(d) *Motion* shall mean a legislative document that gives city council authorization or approval for a certain act.

(e) *Resolution* shall mean a legislative document that expresses the wishes or intent of the city council.
(M.C.S., Ord. No. 28074, § 1, 4-25-19)

Sec. 2-812. Form of ordinances, motions and resolutions.

(a) Non-fiscal ordinances, motions and resolutions shall be submitted in a uniform format as prescribed by the clerk of council.

(b) All ordinances shall number each section consecutively with each line in each section being numbered in a like manner, so that the first line in each section commences with line 1.

(c) Any ordinance that amends or repeals any sections of this Code, in whole or in part, shall be accompanied by a "redline" version, in which proposed additions are underlined and deletions are shown as strikethroughs; and, wherever practicable, shall set forth the entirety of the section or subsection of the Code being amended or repealed so as to clearly identify the context and effect of the proposed changes.
(M.C.S., Ord. No. 28074, § 1, 4-25-19; M.C.S., Ord. No. 29639, § 1, 9-7-23; M.C.S., Ord. No. 29924, § 1, 5-2-24)

Sec. 2-813. Submission of ordinances, motions and resolutions that are by request.

(a) Any by request legislative instrument shall be submitted to the clerk of council for introduction in the manner prescribed in the council's rules and regulations. The requesting department or agency shall be responsible for timely submittal and all administrative requirements for facilitating introduction—including completing the council's requisite legislative summary and furnishing copies as required by the council rules and regulations to the clerk of council.

(b) Each such legislative instrument shall be accompanied by a detailed, written summary, which provides the purpose of the instrument on forms established by the city council, which shall provide at a minimum the following:

(1) The requesting department or agency;

(2) The name of the individual to contact for questions regarding the legislative instrument, including their telephone number and email address;

(3) The name and initials of the councilmember(s) who will be sponsoring the document; and

(4) A detailed and complete synopsis of the purpose of the legislative instrument including an explanation as to why the proposed legislative instrument is needed, and any resulting changes to law or policy, or its effect, if the measure is adopted by the council.

(c) The clerk of council shall not accept for introduction any legislative instrument governed by this section unless it is accompanied by the appropriate, properly completed legislative summary form; nor shall the clerk of council accept any legislative instrument which has not been initialed by at least one councilmember sponsoring the document.

(d) The provisions of subparts a) through c) of this section shall not apply to legislative instruments submitted as part of the annual adoption of the city's operating and capital budgets for the following year and submitted in accordance with sections 6-102 and 6-104 of the Home Rule Charter of the City of New Orleans.

(e) The provisions of this section are suspended during a declaration of emergency as provided by state law.
(M.C.S., Ord. No. 28074, § 1, 4-25-19)

Sec. 2-814. Roll call votes.

All ordinances, motions, resolutions and amendments thereto shall include a space for a roll call vote. Following final consideration of an ordinance, motion or resolution by the council, including its amendments, if any, the clerk of council shall

indicate the names of councilmembers voting for or against or absent at the roll call on the legislation. The clerk of council shall prescribe the format for including the roll call vote on an ordinance, motion, resolution, and amendments thereto.
(M.C.S., Ord. No. 28074, § 1, 4-25-19)

Sec. 2-815. Original ordinance not to leave possession of the clerk of council.

No ordinance containing a police regulation, franchise, grant, contract or specification shall, after its approval by the mayor or, in case of his or her disapproval, after its passage by the council over his or her veto, leave the possession of the clerk of the council. But when, under the law, such ordinance should be promulgated, the clerk of council shall transmit a certified copy of such ordinance which shall be published in the form as transmitted.
(M.C.S., Ord. No. 28074, § 1, 4-25-19)

Sec. 2-816. Ordinances not revived by reference to title.

No ordinance shall be revived by mere reference to its title, any desire to amend, revive or revisit an ordinance after final council action shall require reintroduction.
(M.C.S., Ord. No. 28074, § 1, 4-25-19)

Sec. 2-817. Technical corrections.

In preparing an ordinance for publication in the official journal pursuant to section 3-113(5) of the Charter of the city or in preparing a certified true copy of an ordinance, motion or resolution of the council, the clerk of council shall not alter the sense, meaning or effect of any act of the council of the city but may, with the approval of the city attorney and in consultation with the council chief of staff:

(1) Renumber and arrange sections or parts of sections;

(2) Transfer sections of divide sections so as to give distinct subject matters a number separate section, but without changing the meaning;

(3) Insert or change the wording of headnotes;

(4) Change reference numbers to agree with renumbered chapters or sections;

(5) Substitute the proper sections or chapter numbers for the terms "this ordinance." "the preceding section," and the like;

(6) Strike out figures where they are merely repetitions or written words and vice versa;

(7) Change capitalization for the purpose of uniformity;

(8) Correct manifest typographical and grammatical errors; and

(9) Make any other purely formal or clerical changes in keeping with the purpose of the revision.

(M.C.S., Ord. No. 28074, § 1, 4-25-19)

Sec. 2-818. Corrections to ordinances following introduction.

With the approval of the city attorney in consultation with the council chief of staff, the clerk of council may insert proper dates, motion numbers or other similar data in legislative instruments containing blank spaces for the insertion of such information or make those technical changes authorized under this section to legislative instrument following introduction and prior to placement on the council agenda. But in no event shall the insertion of any such information alter the preamble of an ordinance or the original intent of the legislative instrument.
(M.C.S., Ord. No. 28074, § 1, 4-25-19)

Sec. 2-819. Severability of ordinances.

(a) Unless otherwise specifically provided therein, the provisions of each ordinance of the council are severable, whether or not a provision to that effect is included in the ordinance. If any provision or item of an ordinance, or the application thereof, is held invalid, such invalidity shall not affect other provisions, items, or applications of the ordinance which can be given effect without the invalid provision, item, or application.

(b) This section shall apply to ordinances of the council of general and specific application including but not limited to ordinances relating to this Code, the building code, the comprehensive zoning law, and the fire prevention code of the city.
(M.C.S., Ord. No. 28074, § 1, 4-25-19)

Sec. 2-820. Repeal of ordinances.

(a) Unless otherwise specifically provided therein, all ordinances or parts of ordinances in conflict with a provision of an ordinance subsequently adopted by the council are repealed by the ordinance subsequently adopted whether or not a provision to that effect is included in the ordinance subsequently adopted.

(b) This section shall apply to ordinances of the council of general and specific application including but not limited to ordinances relating to this Code, the building code, the comprehensive zoning laws, and the fire prevention code of the city.
(M.C.S., Ord. No. 28074, § 1, 4-25-19)

Sec. 2-821. Fiscal notes.

For the ordinances which amend the operating budget of revenues, the operating budget of expenditures, or the annual capital budget, the chief administrative officer, in consultation with the appropriate department or agency, shall prepare a fiscal note which describes the fiscal impact which is expected to result from adoption of the proposed legislation. The fiscal note shall be delivered to the councilmembers, the clerk of council and the council fiscal officer at the time of introduction of the legislation or during the layover period required by the Charter. A fiscal note shall also be provided upon a motion adopted by an affirmative vote of a majority of committee members during a committee meeting or majority of the full council during a regular council meeting. The fiscal note shall be delivered to the councilmembers, the clerk of council, and the council fiscal officer within two weeks of the date of adoption of the motion requesting the fiscal note. The council, by motion, may extend the requisite delivery period. Such fiscal note shall conform to a format proposed by the chief administrative officer and approved by motion of the council. The council shall not adopt legislation for which a fiscal note is required until the fiscal note has been received from the chief administrative officer unless a waiver of this requirement is approved by two-thirds of the councilmembers.

other significant improvements, of each building or other improvement on the parcel using the following property designations:

- New: New construction.
- Excellent: No functional inadequacies of any major consequence and all major components are in like-new condition.
- Very Good: No obvious maintenance is required, but major components are not new. Appearance and utility are above standard.
- Good: All major components still functional. Some evidence of deferred maintenance and normal obsolescence with age and a few minor repairs are needed.
- Fair: In need of repairs, but structurally sound. Lacking extensive graffiti. Grass and foliage not significantly overgrown. No major flaws such as extensive roof damage or other major issues that would lead to additional deterioration of property. Structure is secured to prevent unauthorized entry.
- Poor: Badly worn, much repair needed including possible structural repair. Many items need refinishing or overhauling, deferred maintenance obvious, significantly overgrown grass and foliage, extensive graffiti, inadequate building utility and services.
- Dilapidated: Excessive deferred maintenance, abuse, and/or neglect. Potentially in danger of collapse. Approaching abandonment or major reconstruction. Property that has fallen into a state of disrepair or deterioration through neglect and/or is structurally unsound requiring major repair.

All properties with the property condition designations of Poor or Dilapidated shall also include a cost estimate to return the property to Fair condition and a construction timeline.
(Code 1956, § 2-62; M.C.S., Ord. No. 29179, § 1, 10-6-22)

Sec. 2-872. Perpetual list of leased property.

The director of the department of property management shall compile and perpetually maintain a list of the immovable property of the city under lease or rental agreement. Such list shall include the description, acquisition, improvements, if any, the present use of the immovable property; the terms, consideration and conditions of each lease or rental agreement; and recommendations relative to the continuation or revision of each lease.
(Code 1956, § 2-63)

Sec. 2-873. Listings to be furnished to mayor and council annually.

The director of the department of property management shall transmit to the mayor and the council the listings required under this division on or before September 1 of each year.
(Code 1956, § 2-64; M.C.S., Ord. No. 29179, § 1, 10-6-22)

Sec. 2-874. Information regarding property transactions to be furnished to council.

Any party executing any agreement, contract, or lease with the city for acquisition of real property from or by the city including leasing of real property either as lessor or lessee shall provide the city council with a sworn statement listing all owners or principles, including the basis for acquiring ownership or interest in the transaction, if the agreement involves an expenditure by or payment to the city of more than $50,000.00 or the exchange of real property where such property has an appraised valuation totaling $50,000.00 or more or such property can reasonably be construed to have a fair market value in excess of $50,000.00 or such agreement involves the payment of rent by either party in excess of $5,000.00 per year. The list shall be provided prior to the execution of any agreement, contract, or lease, relating to the property and shall be filed as a public record with the clerk of council.

Secs. 2-875—2-895. Reserved.

DIVISION 3. PASSENGER VEHICLES

Sec. 2-896. Exemptions.

(a) Except as provided in subpart (b), the provisions of this division shall not apply to a vehicle owned or leased by the city assigned

specifically to individual elected officials of the city for their use or to vehicles used by bodyguards or drivers for the mayor and council.

(b) Any vehicle described in subpart (a) shall be subject to section 2-905.
(Code 1956, § 2-78; M.C.S., Ord. No. 28930, § 1, 1-20-22)

Sec. 2-897. Scope.

The provisions of this division shall apply to every passenger type vehicle owned or leased by the city including sedans, pick-up trucks, vans and station wagons. Motorcycles or motorized scooters shall not be deemed to be passenger type vehicles for the purposes of this division except as provided in section 2-901.
(Code 1956, § 2-79)

Sec. 2-898. Assignment of take home vehicles.

(a) Within the executive branch of government, passenger-type vehicles may be assigned to employees with authorization to drive the vehicle to his/her residence and return to his/her duty station on a daily basis. Vehicles will be assigned to employees with authorization to drive the vehicles to his/her residence and return to his/her duty station on a daily basis strictly according to the following criteria:

(1) The vehicle is used to perform a critical function that contributes to the overall operations and recovery of the City and maintenance of its infrastructure; and

(2) The vehicle is used to respond to critical needs on a 24-hour basis.

(b) The provisions of this section shall not apply to the department of police, the department of fire, emergency medical service, office of emergency preparedness, department of safety and permits, the department of code enforcement, the department of property management, nor to the sewerage and water board.
(Code 1956, § 2-80; M.C.S., Ord. No. 23653, § 1, 8-6-09)

Sec. 2-899. Marking and identification of vehicles.

All passenger type vehicles owned or leased by the city shall be marked and identified as being city vehicles and shall be numbered and marked with decals or stickers of a uniform size approved by the chief administrative officer or, for police vehicles, by the superintendent of police. The provisions of this section shall not apply to vehicles assigned for the use of elected officials. The superintendent of police may, with the written approval of the chief administrative officer, designate a fixed number of vehicles which may remain unmarked for covert or undercover operations; in all such cases, it shall be unlawful for any person other than a police officer to operate such an unmarked vehicle.
(Code 1956, § 2-81)

Sec. 2-900. Motor pool.

(a) A city passenger vehicle motor pool shall be established within the chief administrative office. A pool of vehicles shall be provided for the use of city employees during the course and scope of their employment during working hours. The chief administrative officer is authorized to establish all necessary rules, regulations, and procedures necessary to establish a city motor pool.

(b) A police department motor pool shall be established within the department of police. A pool of vehicles shall be provided for the use of police officers during the course and scope of their employment during working hours. The superintendent of police, with the approval of the chief administrative officer, is authorized to establish all necessary rules, regulations and procedures necessary to establish a police motor pool.
(Code 1956, § 2-82)

Sec. 2-901. Reserved.

Editor's note—M.C.S., Ord. No. 23421, § 1, adopted March 5, 2009, repealed § 2-901, which pertained to prohibition on out of parish use and derived from Code 1956, § 2-83.

Sec. 2-902. Reports.

(a) The chief administrative officer shall provide the clerk of council with a quarterly report as either a hard copy, or on a compact disc,

flash drive or some other suitable electronic storage device identifying each passenger-type vehicle owned or leased by the city which has been assigned to an employee with authorization to drive the vehicle to his residence and return to his duty station on a daily basis. Information included in such reports shall contain at minimum the following information for each vehicle:

(1) The vehicle total per department;

(2) The city asset number;

(3) The license plate number;

(4) The vehicle identification number (VIN);

(5) The name and job title of the operator;

(6) The one-way distance (in miles) of the operator's residence from his duty station;

(7) The odometer reading at the beginning and end of the reporting period;

(8) The vehicle description (year, make and model);

(9) The amount of gasoline (in gallons) used per vehicle during the reporting period.

(b) The chief administrative officer shall provide the clerk of council a quarterly report identifying each pool vehicle owned or leased by the city. Information included in such reports shall contain at minimum the following for each vehicle:

(1) The department of primary use (if applicable);

(2) The city asset number;

(3) The license plate number;

(4) The vehicle identification number (VIN);

(5) The main storage lot location for the majority of the time period in question.

In addition, the chief administrative officer shall maintain a log for each city pool vehicle owned or leased by the city, and shall furnish copies of such logs to the clerk of council on a quarterly basis. The submission of said logs shall be organized by department. Information collected in such reports shall contain at minimum the per-trip usage information for each vehicle including:

(1) Date of use;

(2) The operator name for each reported use;

(3) Odometer readings at beginning and end of each use;

(4) Brief description of the purpose of each vehicle use;

(c) Each quarterly report submitted under (a) or (b) above shall also include the purchase or lease price of all vehicles purchased or leased after May 31, 2009, for both take-home and pool vehicles.

Charter reference—Duties of chief administrative officer, § 4-302.

Sec. 2-903. Schedule.

Not later than January 1, 1986, the chief administrative officer shall implement a plan for the assignment of passenger type vehicles in accordance with the provisions of this division and for the establishment of city and police motor pools. All passenger type vehicles which are not assigned to individual employees or assigned to a motor pool shall be declared surplus in accordance with the provisions of article 6 of the Charter and sold at public auction. Concurrently, the chief administrative officer shall implement all necessary revisions of parking space allocations in city and police parking facilities to accommodate the establishment of the motor pools.

(Code 1956, § 2-85)

Charter reference—Duties of chief administrative officer, § 4-302.

Sec. 2-904. Council reports.

(a) The chief of staff of the city council shall present annually as part of the budget process, but by no later than June 15, a status report and needs assessment of all take-home and pool vehicles assigned to the council, including those vehicles used by elected officials. This report shall be submitted to the ground transportation

and parking committee or its successor as may be designated by the council and considered by the committee by no later than at its second regularly scheduled meeting following receipt. The committee then shall forward its recommendations to the council, which shall consider the report, including any modifications, for approval prior to submitting the council's annual budget to the chief administrative officer.

(b) On a quarterly basis, the chief of staff of the city council shall furnish to the chief administrative officer, in accordance to CAO timeline, information pertaining to the council vehicle fleet including take-home and pool vehicles (including vehicles used by elected officials) as provided for in section 2-902 above and Policy Memorandum No. 5 (R) or its latest revision.

(c) The CAO shall furnish to the council, no later than December 1st of each calendar year, a report on the fuel efficiency of the city's vehicle fleet and its progress in phasing out internal combustion vehicles in favor of vehicles using sustainable propulsion technologies. This report must by broken down by department and must include, but need not be limited to, the following information:

(1) The average fuel economy for the city's entire vehicle fleet, including both owned and leased vehicles. Average fuel economy shall be calculated by adding the EPA combined city/highway miles-per-gallon figure for each vehicle, as reflected in the U.S. Department of Energy's fuel economy website, and dividing that total by the number of vehicles.

(2) The total number of vehicles owned or leased by the city powered exclusively by fossil fuels.

(3) The totally number of vehicles powered by alternative propulsion technologies, broken down by technology type.

(4) The total number of exemptions granted in the preceding year pursuant to section 2-905(b) and the reasons therefor.

(M.C.S., Ord. No. 23567, § 1, 6-4-09; M.C.S., Ord. No. 28930, § 1, 1-20-22)

Sec. 2-905. Elimination of fossil-fuel-powered vehicles.

(a) The city shall not purchase, lease, or otherwise acquire passenger vehicles powered by fossil-fuel-burning internal combustion engines, including non-plug-in electric hybrids. This prohibition shall be phased in as follows:

(1) Beginning in 2023, the city shall no longer purchase, lease, or otherwise acquire any passenger vehicle that does not meet the then-current model year greenhouse gas emissions thresholds for that vehicle type, as established pursuant to Section 141 of the 2007 Energy Independence and Security Act (42 U.S.C. § 13212) and the implementing regulations.

(2) Beginning in 2025, the city shall no longer purchase, lease, or otherwise acquire passenger vehicles powered by fossil-fuel-burning internal combustion engines and may purchase, lease, or otherwise acquire only passenger vehicles powered by alternative propulsion technologies, including plug-in electric hybrid vehicles, battery-electric vehicles, hydrogen fuel cell vehicles, and any vehicle propelled by a zero-tailpipe-emissions technology, as defined by the U.S. Department of Energy and/or the U.S. Environmental Protection Agency.

(b) Any exemption from section 2-905(a) must be approved by council motion. Exemptions are disfavored and may be granted only on a case-by-case basis. Prior to entering negotiations for vehicle acquisition, the department seeking an exemption must submit a written request to the city council for the acquisition that sets forth a substantial public-safety justification for the exemption. The written request shall be forwarded to the council's budget committee for consideration before it may be considered by the full council. The council shall accept, modify, or deny the exemption by motion.

DIVISION 4. LEASE OF IMMOVABLE PROPERTY

Sec. 2-925. Conditions of lease.

A lease of city-owned immovable property for a period of more than one year, or for a period of less than one year when the lessee has the option of renewal thereof for an additional term, which together with the primary term would total more than one year, shall be valid only if the following conditions have been satisfied:

(1) The property has been advertised by the department of property management for sealed bid, in the official journal at least three times in a period of not less than two weeks; the cost of advertising shall be borne by the eventual successful bidder.

(2) The division of real estate and records, department of property management has established an acceptable rental range, based on fair rental value, and has evaluated all bids received and submitted its evaluation and recommendation as to the highest responsible bidder to the bureau of purchasing, department of finance. If the bid does not fall within the specific range, the division of real estate and records shall include in its recommendation an explanation of why the bid should be accepted despite its failure to meet that criterion. The evaluation may include an appraisal of fair rental value, estimated by an outside independent fee appraiser, if, in the discretion of the division of real estate and records, such an appraisal is deemed needed as supplemental information to assist in the evaluation.

(3) The department of property management has presented its recommendations to the mayor or his designee and has prepared an appropriate ordinance for submission to the city council.

(4) An ordinance authorizing the mayor to enter into a lease for the specified city-owned immovable property with the successful bidder, has been introduced and adopted by a majority vote of the city council, declaring the property as not being needed at this time for public purposes. Such ordinance may be adopted by a majority vote of the council on or after the day of the first legal city council meeting that is held within 21 days after the date of introduction of the ordinance. Copies of all signed lease agreements shall be filed with the division of real estate and records, department of property management, and all leases shall be maintained and enforced by them.

(M.C.S., Ord. No. 16,438, § 1(33A-1), 4-21-94)

Sec. 2-926. Exceptions to division.

The provisions of this division shall not apply to leases which meet one of the following criteria:

(1) The property is administered by the aviation board and the board is required to enter into a lease with agencies of the United States government that provide services and facilities, when such services or facilities cannot be secured from any other source than the specific United States government agencies;

(2) The property is leased to a public benefit corporation, organized pursuant to an ordinance adopted by the city council, which will manage the property for the benefit of the city, in which case the procedural requirements for subleasing of the property or portions of the property shall be governed by the ordinances authorizing the public benefit corporation and the lease by the city to the public benefit corporation;

(3) The property is leased to the state or federal government, or political subdivision thereof for a use approved by a majority vote of the council, or the property is to be used for the purpose of vending governed by the Randolph-Shepard Act or related or similar state or city laws; or

(4) The lease is a lease previously awarded and executed, or a lease previously awarded but not yet executed because of court action or otherwise.

(M.C.S., Ord. No. 16,438, § 1(33A-2), 4-21-94)

Sec. 2-926.1. Conditions of certain short term leases.

The lease of city-owned immovable property for a period of less than a year, where the rent is in excess of $100.00 per month, and which together with a previous lease, will total more than a year, must be approved by motion of the city council prior to execution by the mayor.
(M.C.S., Ord. No. 18,228, § 1, 5-15-97)

Sec. 2-927. Provisions of division.

The council by a majority vote, may authorize the leasing of property in another manner permitted by law other than prescribed in this division.
(M.C.S., Ord. No. 16,438, § 1(33A-3), 4-21-94)

Sec. 2-928. Public benefit corporations.

Notwithstanding any other provision of this chapter to the contrary, no lease or other agreement entrusting property to a public benefit corporation shall be approved or executed unless it includes a clause requiring prior approval by ordinance of any and all subleases of the public benefit corporation.
(M.C.S., Ord. No. 16,438, § 1(33A-4), 4-21-94)

Sec. 2-929. Vending locations for the blind and visually disabled.

All departments, agencies, boards or commissions occupying property owned by the city containing one or more of the following specified vendor locations, to-wit: Vending stand and immediately adjacent space on the first floor, west wing of City Hall, 1300 Perdido St., ("CH location"); vending stand on the first floor of the civil district courthouse, 421 Loyola Avenue, ("CDC location"); vending stand in the criminal courts building, 2700 Tulane Avenue, ("CCB location"); vending stand in the municipal court building, 727 South Broad Street, ("MCB location"); and vending stand in the New Orleans Police Complex, 715 South Broad Street ("NOPC location"), (CH location, CDC location, CCB location, MCB location and NOPC location hereinafter collectively referred to as "preference locations") shall give preference in the operation of the preference locations for vending stands, vending machines, and other small business concessions to blind and visually disabled persons under the administration of the Louisiana State Department of Social Services (formerly the Louisiana Health and Human Resources Administration). No blind or visually disabled person shall be required to pay any fee, service charge or equivalent thereof upon the operation of a vending stand, vending machines and other small business concessions in the preference locations, nor shall the security of the operation within the preference locations of the vending stand, vending machines or other small business concessions be disturbed in any way, without reasonable and just cause.
(M.C.S., Ord. No. 21921, § 1, 4-21-05)

Sec. 2-930. Occupancy by city employees and elected officials; fair-market rent required.

(a) No immovable property owned or controlled by the city or by a public benefit corporation may be used for residential occupancy by a city employee or elected official, except upon payment of fair market rent pursuant to a written lease agreement.

(b) No public funds may be used to pay any rents due in connection with a lease governed by this Section.

(c) The Upper Pontalba building in the Vieux Carre shall be managed and controlled exclusively by the French Market Corporation, which shall lease all units within said building to the public for fair-market rent. The French Market Corporation shall lease all units in the same manner and without preference to any city employee or elected official.

(d) This section shall not apply to or otherwise prohibit the temporary housing of essential personnel in city-owned immovable property during a declared state of emergency.
(M.C.S., Ord. No. 29414, § 1, 4-20-23; M.C.S., Ord. No. 29585, § 1, 8-10-23)

DIVISION 5. SHORT-TERM RENTAL OF SPACE WITHIN PUBLIC BUILDINGS

Sec. 2-931. Rental of facilities in multi-service centers.

(a) For nonprofit agencies with current annual leases in multi-service centers, the following rates shall apply for additional rentals beyond normal business hours:

(1) *For rental of meeting rooms:*

Minimum rental shall be for a period of two hours, which shall include one-half hour before and one-half hour after the scheduled event for setup and closure of facilities	$50.00
Each additional hour or portion thereof	$25.00

(2) *For rental of facilities in City of New Orleans multi-service centers for parties, balls, dances, etc.:*

(M.C.S., Ord. No. 19,129, § 1, 3-4-99)

Sec. 2-932. Facility fee waivers.

(a) Notwithstanding anything in the Code to the contrary, the director of the department of property management shall have the exclusive authority, at the request of an event sponsor, to

waive any facility usage fee authorized by this division for special events lasting not more than one day that are sponsored by:

1. a non-profit organization in good standing with the Louisiana Secretary of State;
2. any organization exempt from taxation under Section 501 of the Internal Revenue Code; or
3. an educational institution.

(b) To qualify for a facility usage fee waiver, the event must, in the director's discretion, promote a valid educational, charitable, social, cultural benefit to the City of New Orleans, which must be evidenced by an attestation of a representative of the sponsoring organization on forms prepared by the director.

(c) No sponsoring organization may receive more than one fee waiver pursuant to this section per calendar year.

(d) For an event that satisfies the criteria set forth in this section and is open to the general public, the director may waive up to 100 percent of the facility usage fee in accordance with policies and procedures established by the department.

(e) For an event that satisfies the criteria set forth in this section and is not open to the general public, the director may waive up to 50 percent of the facility usage fee in accordance with policies and procedures established by the department.

(f) No entrance or admission fees may be charged in connection with any event granted a fee waiver under this section.

(g) Any fee waiver authorized by this section shall not include any direct costs to the city.

(h) Any fee waiver granted pursuant to this section shall not include any required security or damage deposits imposed. The sponsoring organization shall be responsible to the city for damage resulting from or occurring during the event.

(i) The department of property management shall compile and maintain as a public record a database of all fee waivers granted pursuant to this section. The database shall contain the sponsoring entity, a description of the event and its public purpose, the date of the event and the amount of the waiver.

(j) Denial of a fee waiver requested pursuant to this section shall not be appealable to the council.

(k) Events consisting primarily of film or television production shall not be eligible for a fee waiver under this section.

Secs. 2-933—2-970. Reserved.

ARTICLE X. DOMICILE EMPLOYEES*

Sec. 2-971. Short title.

This article shall be known as the City Domicile Ordinance.
(M.C.S., Ord. No. 25242, § 1, 3-7-13)

Sec. 2-972. Definitions.

The following terms, when used in this article, shall have the meanings assigned in this section unless the context clearly indicates otherwise:

"Actual domicile" means a person's principal domestic establishment, the determination of which shall be based upon such actual facts as where a person sleeps, takes his meals, has established his household, and surrounds himself with his family and the comforts of home, as contrasted with a business establishment, a residence that is not a principal home, or a mere declaration of domicile. For the purposes of this article, a person may have only one actual domicile, and that actual domicile shall be deemed to be the residence which meets the following criteria more than any other residence:

(1) He or she usually sleeps there;

*__Editor's note—__M.C.S., Ord. No. 25242, § 1, adopted March 7, 2013, effective March 17, 2013, amended Art. X in its entirety to read as herein set out. Former Art. X, §§ 2-971—2-979, pertained to domicile of officers and employees, and derived from Code 1956, §§ 2-801—2-809.

(2) He or she keeps most clothing, toiletries, household appliances, and similar personal property of daily utility there;

(3) He or she is registered to vote there;

(4) He or she or a spouse with whom he or she lives has a telephone there in his or her name which is not usually on call forward to another residence;

(5) He or she directly receives and opens most non-city mail addressed to him or her there;

(6) He or she is free to enter the premises without notice to or permission from others.

For the purposes of this article, voters registered in another parish or county are presumed not to have their actual domicile in Orleans Parish.

"City of New Orleans" or *"city"* means the municipal corporation of the City of New Orleans and all of the attached, unattached and departmental boards and commissions, independent agencies, instrumentalities, and public benefit corporations of the city, including the Sewerage and Water Board, the New Orleans Aviation Board, the Public Belt Railroad Commission, the Audubon Park Commission, and any local public agencies that use employees in the city civil service, receive city appropriations or the proceeds of city taxes or city bonds or that are created, funded, or subject to regulation by the city, including the offices of the clerks of the municipal court and the traffic court.
(M.C.S., Ord. No. 25242, § 1, 3-7-13)

Sec. 2-973. Policy.

Except as otherwise expressly provided in this article, it shall be the policy of the city to provide employment, promotions, reemployment or reinstatement, and retention of employment opportunities with the city to persons who do or will have an actual domicile in Orleans Parish within 180 days of their employment commencing and who thereafter maintain their actual domicile in Orleans Parish.
(M.C.S., Ord. No. 25242, § 1, 3-7-13; M.C.S., Ord. No. 26035, § 1, 9-4-14)

Sec. 2-974. Prohibitions on the hiring or appointing authority.

Except as otherwise specifically authorized in this article, no employee of the city who has responsibility for or authority over the hiring or appointment of employees of the city shall knowingly permit any person to violate the city domicile ordinance.
(M.C.S., Ord. No. 25242, § 1, 3-7-13)

Sec. 2-975. Exemptions.

(a) The domicile requirement imposed by this article shall not apply to any employee of the city who was hired by the city prior to January 1, 2013, except that no employee who was previously exempted and later changed his/her actual domicile to Orleans Parish shall be entitled to retain the benefits of this exemption if that employee establishes a new actual domicile outside of Orleans Parish.

(b) The domicile requirement imposed by this article shall not apply to any commissioned law enforcement officers or recruits hired by the New Orleans Police Department (NOPD); firefighters or recruits hired by the New Orleans Fire Department (NOFD); emergency medical technicians hired by New Orleans Emergency Medical Services (NOEMS); juvenile detention officers and corrections staff of the Juvenile Justice Intervention Center; and mechanics, maintenance specialists, and maintenance technicians of the Equipment Maintenance Division. Furthermore, appropriate sensitivity training to address racial, gender, religious, and sexual orientation discrimination shall be provided for all law enforcement officers. For the purposes of this subsection, the word "hired" has the same meaning as the word "employed." Domicile waivers for juvenile detention officers and corrections staff of the Juvenile Justice Intervention Center, and mechanics, maintenance specialists, and maintenance technicians of the Equipment Maintenance Division shall be terminated on December 31, 2024.

(c) The domicile requirement imposed by this article shall not apply to any employee of the New Orleans Aviation Board during the term of his or her employment with such board and for six months thereafter, if the actual domicile of

the employee is nearer to the employee's job site than the distance from the job site to the nearest point of Orleans Parish.

(d) Effective between April 1, 2025 and March 31, 2027, the requirement imposed by this article shall not apply to inspectors hired or employed by the departments of safety and permits, code enforcement and public works, and the Vieux Carré Commission and the historic district landmarks commission. An inspector hired or employed between April 1, 2025 and March 31, 2027 and exempted from the domicile requirements pursuant to this subsection shall be entitled to retain the benefits of this exemption unless and until such inspector establishes a new domicile in Orleans Parish.

(e) Part-time employees, those employees who are not classified as full-time employees, shall be exempt from the domicile requirement imposed by this article.

(f) Additional exemptions to the domicile requirement imposed by this article may be granted upon a showing of extreme hardship by an employee, on an individual, case-by-case basis, by the appointing authority of the employee subject to the approval of the chief administrative officer. Any employee who seeks to request an exemption to the domicile requirement imposed by this article shall file with the appointing authority and the chief administrative office a request for such an exemption, on a form prescribed by the chief administrative officer.

(g) Except as otherwise expressively provided in this article, under no circumstances shall any officer or employee who does not maintain an actual domicile in Orleans Parish be administered with any different treatment or negatively impacted in any way during his or her employment than an employee who is domiciled in New Orleans.

(h) The chief administrative officer shall promulgate administrative policies and procedures for the administration of and enforcement of this section within 90 days of the effective date of this ordinance. The chief administrative officer shall provide all employees exempted under this section with notice of all policies and procedures promulgated pursuant to this section.

Sec. 2-976. Administration.

The chief administrative officer may promulgate administrative policies and procedures and internal regulations for the administration and enforcement of this article which may include uniform provisions for proof of actual domicile, reporting changes of actual domicile and other matters.
(M.C.S., Ord. No. 25242, § 1, 3-7-13)

Sec. 2-977. Dismissal.

Knowing failure to comply with any of the provisions of this article by officers and employees of the city shall be cause for dismissal or other disciplinary actions.
(M.C.S., Ord. No. 25242, § 1, 3-7-13)

Sec. 2-978. State of emergency.

In the event that a state of emergency is declared pursuant to section 4-206(3)(d) of the Home Rule Charter, the mayor, by executive order, may suspend any or all provisions of this article.

ARTICLE XI. REGULATIONS

Sec. 2-1000. Departmental regulations.

This section sets forth procedures for approval of regulations affecting the public and necessary to the functions of municipal entities.

(a) Definitions:

(1) *Municipal entity* includes any city board, commission, department, officer, or other unit of city government, including but

not limited to public benefit corporations, authorized by law or otherwise permitted to enact regulations.

(2) *Person* includes an individual, partnership, corporation, association, limited liability company, joint stock association, or organization but does not include any public entity of any kind.

(3) *Regulation* means each statement, guide, or requirement of conduct or action of a municipal entity, which affects the public and which has general applicability and the effect of implementing or interpreting substantive law or policy or which prescribes the procedure or practice requirements of a municipal entity but does not include:

a. Any statement concerning only the internal management or discipline of a municipal entity;

b. Any intra-municipal entity memoranda;

c. Standards of administrative practice prescribed by the chief administra-

tive officer concerning only the internal management or discipline of the executive branch;

d. Rules of the civil service commission; or

e. Requirements otherwise meeting the definition of regulation as defined hereinabove that have been established by ordinance.

A regulation may be of general applicability even though it may not apply to the entire city, provided its form is general and it is capable of being applied to every member of an identifiable class. The term includes the amendment or repeal of an existing regulation.

(4) *Regulation making* means the process for adopting or promulgating, amending, or repealing a regulation.

(b) An interested person may petition a municipal entity requesting the promulgation, amendment, or repeal of a regulation. The chief administrative officer shall prescribe the form for petitions and the procedure for their submission, consideration, and disposition. Within 60 days after submission of a petition, the municipal entity shall either deny the petition in writing, stating its reasons for the denial, or shall initiate the regulation making proceedings in accordance with this section.

(c) Any municipal entity proposing regulations shall arrange for public notice, consisting of at least one advertisement in the official journal indicating intent to adopt such regulations, and a public hearing to be held by the municipal entity to provide the opportunity for comments on the proposed regulations. The public notice shall provide the time, place, and date for the public hearing; a statement describing the subjects and issues involved; the general fiscal impact; and name, title and telephone number of the person to be contacted for additional information. The public hearing shall be scheduled no sooner than 72 hours and no later than 30 days after publication of the last public notice. Any and all comments and suggestions, written or oral, made at or as a result of the aforesaid public hearing shall be considered by the municipal entity in formulating the version of proposed regulations to be submitted for consideration by the council.

(d) Within 30 days after the aforesaid public hearing, each municipal entity shall submit to the chief administrative officer and the council the proposed regulations and a report detailing the comments and suggestions made at the municipal entity's public hearing, any other comments and suggestions received, the fiscal impact, and a draft resolution which, if adopted by the council, would implement the regulations.

(e) Coincidental with submission of any proposed regulations to the council, the municipal entity shall make copies of same available upon its premises for review by members of the public and shall furnish a copy of same to the main library of the New Orleans Public Library for public review.

(f) The council shall then proceed to consider the proposed regulations by means of a resolution approving or disapproving same.

(g) Effective date of regulations. In accordance with section 4-107(3)(d) of the Home Rule Charter, in the event the council adopts the resolution approving the proposed regulations, they shall become effective and shall become legally enforceable at 12:01 a.m. on the twenty-second day beginning on the day following approval by the council unless a later date is required by statute or specified in the regulation. If a later date is required, the later date shall be the effective date and shall become the date on which the regulation becomes legally enforceable. If the council neither approves nor disapproves regulations submitted to it within 45 days of submittal, the regulations shall become legally effective at 12:01 a.m. on the day following expiration of such 45-day period.

(h) Pursuant to section 4-107(3)(c) of the Home Rule Charter, every regulation shall be published once in the official journal or in a register approved by the council in accordance with section 3-122 of the Home Rule Charter unless deemed too lengthy for publication by the

municipal entity, which shall in such case publish a summary of its contents and notice of its availability to the public.

(i) Pursuant to section 4-107(3)(d) of the Home Rule Charter, all regulations heretofore adopted by the city are hereby ratified and continued in existence until modified in accordance with the procedures established in this section.

(j) Emergency adoption procedure:

(1) If a municipal entity finds that an imminent peril to public health, safety or welfare requires immediate implementation of new or amended regulations and the municipal entity determines that there is not sufficient time to complete the procedures set forth hereinabove, the municipal entity may immediately promulgate in writing and implement such emergency regulations, and they shall become effective immediately upon their promulgation or at a specified date not more than 30 days thereafter.

(2) Within 24 hours of promulgation of the emergency regulations, the municipal entity shall provide a written report to the chief administrative officer and the city council, detailing the emergency regulations in their entirety; the reasons why immediate implementation is necessary in order to avoid imminent peril to the public health, safety or welfare; the date upon which the emergency regulations will expire, not to exceed 90 days; and the general fiscal impact of the emergency regulations. If not so submitted within 24 hours, the emergency regulations shall become null and void immediately.

(3) In order to invalidate emergency regulations implemented by a municipal entity prior to the end of the 90-day period, the council may adopt a resolution nullifying the emergency regulations or the chief administrative officer may issue a written directive nullifying the emergency regulations.

The emergency regulations shall become invalid and null at noon the day following:

a. Council action nullifying the emergency regulations; or

b. The date of the chief administrative officer's directive.

(4) Emergency regulations may be renewed by the municipal entity once for a period not exceeding an additional 90 days provided that the municipal entity has initiated permanent nonemergency regulation making within 60 days following emergency promulgation and provided that the municipal entity notifies the chief administrative officer and the city council in writing of the need to renew at least ten days prior to the end of the initial 90-day period.

(5) In the event the council disapproves a resolution seeking to implement permanently the emergency regulations during either the initial 90-day period or the 90-day renewal period, the emergency regulations shall become invalid and ineffective at noon on the day following such council action.

(6) The municipal entity shall maintain upon its premises for public review copies of such emergency regulations and shall furnish a copy of same to the main library of the New Orleans Public Library for public review.

(k) Any amendments to this section governing promulgation of regulations may only be approved by two-thirds vote of the entire membership of the council pursuant to section 4-107(3)(d) of the Home Rule Charter.

ARTICLE XII. SCHEDULE OF FEES, CHARGES, AND LICENSES AND PERMITS*

Sec. 2-1101. Establishment of fee schedule and provisions for proposed adjustments.

Except as otherwise provided, the CAO shall annually prepare ordinances to adjust the fees, permits, licenses, and service charges enumerated below, in accordance with the procedure set forth below. The ordinances shall be presented to the council for introduction at the same council meeting as the ordinances setting forth the operating budgets of revenues and expenditures for the upcoming fiscal year.

(a) *Calculation of adjustment.* Change in cost of doing business will be measured by fluctuation in the Consumer Price Index (CPI), U.S. average, "All Urban Consumers" as published by the U.S. Department of Labor, Bureau of Labor Statistics. This fluctuation will be measured as of June 30 each year, and made effective for the next full calendar year.

(b) *Effective date of adjustment.* The first date for this adjustment to be applied will be January 1, 2002, based on the increase from June 30, 2000, to June 30, 2001, with subsequent years to follow in like sequence. The increase shall be equal to the net percentage change in the CPI or three percent, whichever is greater. The increase shall not be applicable to fines or penalties.

(c) *Fee schedules available to the public.* The director of each department shall make available to the public a schedule of all fees, service charges, licenses, permits, and all other charges, exclusive of taxes, collected and/or assessed by the respective department. The schedule shall be updated annually, and shall be made available no later than December 1 each year for charges applicable effective January 1 in the following year.

(Ord. No. 19,998, § I, 1-18-01)

*__Editor's note—__Ord. No. 19,998, § I, adopted January 18, 2001, enacted provisions specifically intended for use as Art. XII of this chapter, but did not specify section numbers for these provisions. Therefore, at the discretion of the editor, these provisions have been set out herein as §§ 2-1101—2-1104.

Sec. 2-1102. Administrative fees, admission fees, registration fees, rental fees, charges for use of special equipment.

Except as otherwise provided, the fees enumerated in this section shall be charged according to a schedule proposed annually by the chief administrative officer and approved by the city council in accordance with the method set forth in section 2-1101 above, provided that until a proposed schedule is approved by the city council, the schedule of fees previously approved shall remain in effect.

ARTICLE XIII. OFFICE OF INSPECTOR GENERAL (OIG)

Sec. 2-1120. Office of inspector general.

(1) *Creation of the city office of inspector general.* Pursuant to section 9-401 of the Home Rule Charter of the city, this article establishes the city office of inspector general.

(2) *Purpose.* The purpose of this section is to establish a full-time program of oversight to prevent and detect fraud, waste and abuse, and to promote efficiency and effectiveness in city programs and operations. This oversight includes audits, criminal and administrative investigations, inspections and evaluations, and monitoring. The scope of oversight activities includes all entities subject to the jurisdiction of the office of inspector general, as set out in paragraph (12).

(3) *Appointment.*

(a) *Appointing authority and procedure.*

1. In the case of a vacancy in the position of inspector general, the ethics review board shall be responsible for appointing a new inspector general.
    a. The appointing authority shall convene within 60 days of a vacancy in the position of inspector general to initiate the selection process for a new inspector general.
    b. The appointing authority shall conduct a nationwide search to fill the position of inspector general.
    c. Appointment of an inspector general shall be by an affirma-

tive vote of a majority of all the authorized membership of the appointing authority.

d. The chairperson of the appointing authority may appoint an interim inspector general to serve until such time as a successor inspector general is appointed.

i. The eligible candidates for interim inspector general are: an existing first assistant inspector general, deputy inspector general, or other office of inspector general management personnel.

ii. The appointing authority may, by a majority vote of all of its members, overrule the chairperson's appointment and appoint an alternative eligible candidate as interim inspector general.

2. The appointing authority shall approve the inspector's general's annual salary each year at a meeting of its board.

(b) *Qualifications for appointment.*

1. In considering a candidate for the position of inspector general, the appointing authority shall evaluate and consider any and all qualifications that are relevant to the position of inspector general, including, but not limited to:

a. The candidate's integrity;

b. The candidate's potential for strong leadership;

c. The candidate's demonstrated experience and/or ability in accounting, auditing, finance, law, management analysis, public administration, investigation, criminal justice administration, or other closely related fields;

d. The candidate's demonstrated experience and/or ability in working with local, state and federal law enforcement agencies and the judiciary; and

e. Any other qualifications deemed relevant by the appointing authority.

2. The appointing authority's decision to appoint a particular candidate shall not under any circumstances be based in any part upon the candidate's age, gender, race, sexual orientation, religious affiliation or political affiliation.

3. A qualified candidate for inspector general shall be a person who:

a. Holds a bachelor's degree from an accredited institution of higher education;

b. Possesses demonstrated knowledge, skills, abilities and experience in conducting audits, investigations, inspections, and performance reviews; and

c. Has at least five years of experience in any one, or a combination, of the following fields:

i. As an inspector general;

ii. As a federal law enforcement officer;

iii. As a federal or state court judge;

iv. As a licensed attorney with experience in the areas of audit or investigation of fraud, mismanagement, waste, corruption, or abuse of power;

v. As a senior-level auditor or comptroller; or

vi. As a supervisor in an office of inspector general or similar investigative agency.

4. A highly qualified candidate shall be a qualified candidate who:
   a. Has managed and completed complex investigations involving allegations of fraud, waste,

abuse, illegal acts, theft, public corruption, deception or conspiracy; or

b. Holds an advanced degree in law, accounting, public administration, or other relevant field.

5. The inspector general shall obtain professional certification as a certified inspector general within one year of appointment. Such certification shall be paid for by the office of inspector general.

(c) *Term of office.*

1. The inspector general shall be appointed for a term of four years, which term shall begin when the inspector general begins employment with the city.

2. The inspector general may be reappointed to subsequent four year terms at the discretion of the appointing authority.

(d) *Restrictions on appointment.*

1. A former or current elected official or employee of New Orleans city government, including a former or current elected official or employee of governmental entities that receive funds directly or indirectly from the city or its citizens, may not be appointed inspector general within four years following the end of such individual's period of service. This restriction shall not prohibit the reappointment of an inspector general currently holding the position of New Orleans Inspector General.

a. Notwithstanding the foregoing restriction, employees of the office of inspector general who have served in the office for two or more years may be immediately eligible for appointment to the position of inspector general.

2. A former or current elected official or employee of the state or its political subdivisions may not be appointed inspector general within two years following that individual's period of service.

a. Notwithstanding the foregoing restriction, employees of the office of inspector general of the state or its political subdivisions who have served in any such office for two or more years may be immediately eligible for appointment to the position of inspector general.

3. The inspector general shall not hold, nor be a candidate for, any elective office while inspector general, or for four years thereafter. The inspector general shall not hold office in any political party or political committee, nor shall he/she participate in any political campaign of any candidate for public office, nor make any campaign contribution or campaign endorsement, while inspector general.

a. An officer or employee of the office of the inspector general shall not hold, or be a candidate for, any elective office while an officer or employee, or for four years thereafter. An officer or employee of the office of the inspector general shall not hold office in any political party or political committee, or participate in any political campaign of any candidate for public office, or make any campaign contribution or campaign endorsement, while an officer or employee of the office of inspector general.

(4) *Removal from office.* Following a public hearing by the appointing authority, the inspector general may be removed from office for cause by an affirmative vote of two-thirds of the entire

authorized membership of the ethics review board, which must then publicly report the reasons for removal to the city council.

(a) Causes for removal may include abuse of power or authority; conviction of a state or federal felony [charge]; entry of a guilty or nolo contendere plea to a state or federal felony charge; discrimination; ethical misconduct in office; unprofessional conduct; or other acts tarnishing the integrity of the office of inspector general.

(5) *Resources.*

(a) Pursuant to section 9-404 of the Home Rule Charter of the city, the office of inspector general shall be funded by an annual appropriation by the city council as part of the city's operating budget.

(b) The office of inspector general shall prepare and transmit an annual operating budget to the chief administrative officer, identifying in the budget all proposed expenditures for the following fiscal year.

(6) *Organizational placement.*

(a) The office of the inspector general shall be considered a city law enforcement agency for the purposes of this chapter, but shall not be a police force. Pursuant to section 4-502(2)(a) of the Home Rule Charter of the city, upon the request of the inspector general, the superintendent of police shall deputize investigative employees of the office of inspector general with limited police powers. Such deputies shall not be granted arrest power, and shall be deputized solely for the purpose of carrying out the duties of the office of inspector general and only in connection with the investigation of a matter within the purview of the office of inspector general.

(b) The office of inspector general shall be at all times operationally independent from the legislative and executive branches of the city government, including the Council of the City of New Orleans, and the office of the mayor.

1. "Operationally independent" shall be defined as "not prevented, impaired, or prohibited from initiating, carrying out, or completing any audit, investigation, inspection or performance review."

2. Pursuant to section 9-401(3) of the Home Rule Charter of the City of New Orleans, the office of inspector general may retain special counsel.

(c) The office of inspector general is authorized and encouraged to work cooperatively with the ethics review board in carrying out its functions and duties as laid out in this section. Upon request of the ethics review board, the office of inspector general may conduct preliminary inquiries or investigations on behalf of the ethics review board. The office of inspector general may also file and present formal charges to the ethics review board for adjudication when there exists probable cause of a violation of the City of New Orleans Code of Ethics.

(7) *Records disclosure.* All records of the office of inspector general shall be exempt from public disclosure and shall be considered confidential, unless it is necessary for the inspector general to make such records public in the performance of his or her duties. Unauthorized disclosure of information by the inspector general or any employee of the office of inspector general is subject to review and disciplinary action by the appointing authority. The office of inspector general is subject to all state laws concerning public records.

(8) *Reporting the results of inspector general findings.*

(a) Upon completion of any audit, evaluation or investigation, the office of inspector general shall report the results of its findings and any recommendations to the ethics review board.

(b) Prior to concluding an audit or evaluation report, which contains findings as to the person or entity which is the subject of the audit or evaluation, the office of inspector general shall provide the affected person or entity with an internal review copy of the report. Such person or entity shall have 30 days from the transmittal date of the report to submit a written explanation or rebuttal of the findings before the report is finalized, and such timely submitted written explanation or rebuttal shall be attached to the finalized report.

(c) This section shall not apply when the inspector general, in conjunction with a district attorney, attorney general, or United States Attorney, determines that supplying the affected person or entity with such report would jeopardize a pending criminal investigation.

(d) This section shall not apply when, upon completion of any audit, evaluation or investigation, the inspector general determines that:

1. There was no criminality, but rather employee misconduct;

2. The affected individual was presented with the allegations, and had an opportunity to rebut; and

3. Making the report public could jeopardize confidentiality of sources and means.

(9) *Annual reports.* The inspector general shall report annually to the ethics review board on the activities of the office of inspector general for the preceding calendar year.

(a) Such report shall be submitted no later than March 31 and shall include information on all matters undertaken, costs incurred, costs recovered, matters concluded, and any results. The report shall also describe accomplishments of the office of inspector general.

(b) Copies of the report shall be provided to the city council and the office of the mayor upon completion, and to any other entity subject to the jurisdiction of the inspector general upon request.

(c) Upon issuance, members of the media and the public shall be promptly advised of the issuance of the report. A copy of the report shall be made available to the public on the office of inspector general's website.

(10) *Authority.* The office of inspector general is authorized to engage in the following specific functions:

(a) Audit, evaluate, investigate, and inspect the activities, records, and individuals with contracts, subcontracts, procurements, grants, agreements, and other programmatic and financial arrangements undertaken by city government and any other function, activity, process, or operation conducted by city government.

(b) Audit the efficiency and effectiveness of city government operations and functions and conduct reviews of city government's performance measurement system.

(c) Review the reliability and validity of the information provided by city government performance measures and standards.

(d) Initiate such investigations, audits, inspections, and performance reviews of city government as the inspector general deems appropriate.

(e) Receive complaints of fraud, waste, abuse, inefficiency, and ineffectiveness from any source and investigate those complaints that the inspector general deems credible.

(f) Engage in prevention activities, including, but not limited to, the prevention of fraud, waste, abuse, and illegal acts; review of legislation; review of rules, regulations, policies, procedures, and transactions; and the supplying, providing, and conducting of programs for training, education, certification and licensing.

(g) Conduct joint investigations and projects with other oversight or law enforcement agencies, including, but not limited to, the district attorney, attorney general, and the United States Attorney.

(h) Issue reports and recommend remedial actions to be taken by the city council, the office of the mayor, or municipal departments or agency heads to overcome or correct operating or maintenance deficiencies and inefficiencies identified by the office of inspector general.

(i) Issue public reports as set forth in subsections (8) and (9).

(j) Monitor implementation of recommendations made by the office of inspector general and other audit, investigative, and law enforcement agencies.

(k) Establish policies and procedures to guide functions and processes conducted by the office of inspector general.

(l) Require reports from the office of the mayor, city council, or city departments, agencies, boards, commissions, or public benefit corporations regarding any matter within the jurisdiction of the office of inspector general.

(m) File a complaint with the ethics review board or state board of ethics upon detecting a potential violation of any state ethics law or city ethics ordinance or code.

(n) Attend all city meetings relating to the procurement of goods or services by the city, including meetings involving third-party transactions.

1. The office of inspector general may pose any questions and raise any concerns at such meetings consistent with its functions, authority and powers of the office of inspector general.

2. The office of inspector general shall be notified in writing prior to any meeting of a selection or negotiation committee relating to the procurement of goods or services. The required notice shall be given as soon as possible after a meeting has been scheduled, but in no event later than 24 hours prior to the scheduled meeting.

a. An audio recorder or court stenographer may be utilized to record any selection or negotiation committee meetings attended by the office of the inspector general.

(o) Assist any city department, agency, board, commission, public benefit corporation, the office of the mayor, the city council, any city council member, or the governing body of any agency, board, commission, or public benefit corporation, upon request, with implementation of any suggested legislation or legislative policy. In such an event, the inspector general may assign personnel to conduct, supervise, or coordinate such activity.

(p) Do all things necessary to carry out the functions and duties set forth in this section, including promulgate rules and regulations regarding the implementation of responsibilities, duties and powers of the office of inspector general.

(11) *Duties.*

(a) When efficiency problems are noted, the inspector general has an affirmative duty to provide a standard of efficient practice to the unit in question, and assess whether adequate resources are available for implementation of a program. This may be done in the form of a public letter or other appropriate vehicle.

(b) The office of inspector general shall maintain information regarding the cost of investigations and cooperate with appropriate local, state, and federal administrative and prosecutorial agencies in recouping such costs from nongovernmental entities involved in willful misconduct. The office of inspector general shall also work with state and federal prosecutorial agencies to maximize

the recovery of the costs of investigation and funds lost as a result of willful misconduct by nongovernmental authorities.

(c) Upon discovering credible information of corruption, fraud, waste, abuse or illegal acts in carrying out his duties and responsibilities as inspector general, the inspector general shall report to the district attorney, or the United States Attorney, or other appropriate law enforcement agency.

(d) Duties to refer matters.

1. Whenever the inspector general has reasonable grounds to believe there has been a violation of federal or state law, the inspector general shall refer the matter to the district attorney, the United States Attorney or other appropriate law enforcement agency.

   a. After referring the matter to an appropriate law enforcement agency, the office of inspector general may assist the law enforcement agency in concluding any investigation.

2. When the inspector general has reason to believe he must recuse himself from a matter, because of a potential conflict of interest, the inspector general shall refer such matter to the district attorney, the United States Attorney or other appropriate law enforcement agency.

3. The inspector general shall refer audit, investigative, inspection, or performance review findings to the ethics review board, the state board of ethics, or to any other federal, state or local agency he deems appropriate.

(e) The office of inspector general shall submit any proposed changes to its governing policies to the city council for review and acceptance.

(12) *Powers.*

(a) The office of inspector general shall have access to all records, information, data, reports, plans, projections, matters, contracts, memoranda, correspondence, audits, reviews, papers, books, documents, computer hard drives, e-mails, instant messages, recommendations, and any other material of the city council, office of the mayor, all city departments, agencies, boards, commissions, public benefit corporations or of any individual, partnership, corporation, or organization involved in any financial capacity or official capacity with city government that the inspector general deems necessary to facilitate an investigation, audit, inspection, or performance review. This includes any and all information relative to the purchase of supplies and services or anticipated purchase of supplies and services from any contractor by any city department, agency, board, commission, or public benefit corporation, and any other data and material that is maintained by or available to the city which in any way relates to the programs and operations with respect to which the inspector general has duties and responsibilities.

(b) The inspector general may request information, cooperation, and assistance from any city department, agency, board, commission, or public benefit corporation. Upon receipt of a request for such information, cooperation, and assistance from the inspector general, each person in charge of any city department, or the governing body of any city agency, board, commission, or public benefit corporation shall furnish the inspector general or his authorized representative with such information, cooperation, and assistance.

(c) The office of inspector general shall have direct and prompt access to all employees of the city, including, but not limited to, any elected official, deputy mayor, or head of any city department, agency, board, commission, or public benefit corporation.

(d) At all times, the office of inspector general shall have access to any building or facility that is owned, operated or leased by the city or any department, agency, board, commission or public benefit corporation of the city, or any property held in trust to the city.

(e) No subpoena is required for the information or documents mentioned in this paragraph. All information and documents are to be provided upon written request from the office of inspector general.

(13) *Professional standards.* Standards for initiating and conducting audits, investigations, inspections, and performance reviews by the office of inspector general will conform to the Principles and Standards for Offices of Inspectors General (Green Book) promulgated by the Association of Inspectors General. The office of inspector general shall develop an operations manual available to the public that contains principles based on these standards.

(14) *Physical facilities.* The city shall provide the ethics review board and the office of inspector general with office space, which shall be located in close proximity to, but not within, City Hall. The city shall also provide the ethics review board and the office of inspector general with sufficient and necessary equipment, office supplies, and office furnishings to enable the ethics review board and the office of inspector general to perform their functions and duties.

(15) *Organizational structure.*

(a) The office of inspector general and the ethics review board shall have the power to establish personnel procedures and procurement procedures for their respective offices. The office of inspector general and the ethics review board shall have the power to appoint, employ, contract, and remove such assistants, employees, consultants, and personnel, including legal counsel, as deemed necessary for the efficient and effective administration of the activities of their respective offices.

(b) The office of inspector general shall include, but not be limited to, a division of criminal investigations, a division of audit, a division of inspections, and a division of performance review.

(16) *External review of the office of inspector general.*

(a) Completed reports of audits, inspections and performance reviews, and public reports of investigation, shall be subject to an annual quality assurance review by a third-party advisory committee, known as the quality assurance review advisory committee for the office of inspector general.

1. The quality assurance review advisory committee for the office of inspector general shall include a representative appointed by the city council, who shall serve as chair of the committee; a representative appointed by the office of the mayor; and a representative appointed by the ethics review board.

a. The committee shall be renewed annually, although representatives may be reappointed at the discretion of the appointing entities.

b. The chair shall be responsible for:

i. Providing each committee member with materials for the annual review;

ii. Setting a public meeting at which the committee will present its written review. The public meeting shall take place after the publication of the OIG's annual report mandated by subsection (9), but before May 31;

iii. Presenting the committee's written review to the office of inspector general

at least 15 calendar days prior to the date of its public meeting.

c. Committee members must be domiciled in Orleans Parish.

d. A committee member may not hold any elective or appointed position with the city nor any other government or political party office, nor be employed by any entity that is subject to review by the office of inspector general. Additionally, a member may not have held any of these positions within two years before appointment to the committee.

2. As the entity being reviewed, the office of inspector general does not participate on the committee, but will provide full cooperation, including access to all completed reports. The inspector general will appear before the committee at its annual public meeting.

(b) The office of inspector general shall be subject to an independent, external peer review by the Association of Inspectors General every three years. Such peer review shall be paid for by the office of inspector general. When completed, the Association of Inspectors General shall submit its recommendations and findings of such peer review to the inspector general. The office of inspector general shall comply with the recommendations of the peer review within 90 days, provided that the recommendations and findings are accepted and approved by the ethics review board. Copies of the final report resulting from this peer review shall be furnished to the ethics review board, the clerk of the council, the city attorney, and the office of the mayor. The final report shall also be made available to the public.

(17) *Annual work plan.* The inspector general shall present to the ethics review board an annual work plan for the ensuing calendar year. The plan shall be submitted no later than September 1 of each year and shall include:

(a) Risk assessment criteria used in establishing the work plan;

(b) A schedule of projects and anticipated completion dates; and

(c) Quality assurance procedures planned for implementation.

(18) *Subpoena power.*

(a) For purposes of an investigation, audit, inspection, or performance review, the office of the inspector general may administer oaths and affirmations, subpoena witnesses, compel their attendance and testimony under oath, take evidence, and require the production of any records which the Inspector General deems relevant or material to an investigation, audit, inspection or performance review.

(b) In the performance of its duties, the office of the inspector general may compel the attendance of witnesses to be deposed under oath or the production of public and private records by issuing a subpoena. The subpoena may be served by certified mail, return receipt requested, at the addressee's residence or business address, or by representatives appointed by the Office of Inspector General.

1. The procedure for obtaining approval of such a subpoena shall be in accordance with the requirements of state law.

2. Any subpoena for production of private records shall be in compliance with all applicable constitutionally established rights and processes.

3. Any request for financial records in the possession or under the control of a bank pursuant to this chapter

is subject to and shall comply with the requirements and procedures of R.S. 6:333.

(c) Any person or entity that is the subject of a subpoena issued by the office of inspector general may challenge the sufficiency or scope, or both, of the subpoena by filing a protective order or motion to quash in the Orleans Parish Civil District Court.

(d) If a person or entity refuses to comply with a subpoena issued by the office of inspector general, the Orleans Parish Civil District Court may issue an order requiring the person or entity to appear before the court to show cause why an order should not be issued ordering such person to comply with the subpoena.

1. Any costs and attorney's fees incurred [by] the office of inspector general may be taxed against the person who failed or refused to comply with the terms of the subpoena.

(19) *Reserved.*

(20) *Cooperation.*

(a) It shall be the duty of every city officer, employee, department, agency, board, commission, public benefit corporation, contractor, subcontractor, licensee of the city, and applicant for certification of eligibility for a city contract or program, to cooperate with the office of inspector general in any investigation, audit, inspection, performance review, or hearing pursuant to this chapter.

(b) It shall be the duty of every city officer, employee, department, agency, board, commission, public benefit corporation, contractor, subcontractor, and licensee of the city to report to the office of inspector general any instance of fraud or abuse.

(c) With the exception of those contracts specified in subsection (1) of this paragraph, every city contract and every contract amendment where the original contract does not include this statement, and every bid, proposal, application or solicitation for a city contract, and every application for certification of eligibility for a city contract or program shall contain the following statement:

"It is agreed that the contractor or applicant will abide by all provisions of City Code § 2-1120, including, but not limited to, City Code § 2-1120(12), which requires the contractor to provide the Office of Inspector General with documents and information as requested. Failure to comply with such requests shall constitute a material breach of the contract. In signing this contract, the contractor agrees that it is subject to the jurisdiction of the Orleans Parish Civil District Court for purposes of challenging a subpoena."

1. The provisions of subparagraph (c) shall not apply to contracts with other government agencies or to contracts where the city is the recipient of funds.

(d) Any employee, appointed officer or elected official of the city who violates any provision of this chapter shall be subject to discharge or such other discipline as may be specified in an applicable collective bargaining agreement, in addition to any other penalty provided in the City Charter or ordinances.

(21) *Allegations by public employees.* The office of inspector general may receive and investigate allegations or information from any public employee concerning the possible existence of any activity constituting fraud, waste, abuse, and illegal acts. The office of inspector general shall not, after receipt of a complaint or information from an employee, disclose the identity of the employee without the written consent of said employee, unless the inspector general determines such disclosure is necessary and unavoidable during the course of the investigation. In such event the employee shall be notified in writing at least seven days prior to such disclosure. Any employee who has authority to take, direct others to take, recommend, or approve any personnel

action shall not, with respect to such authority, take or threaten to take any action against any employee as a reprisal for making a complaint or disclosing information to the office of inspector general, unless the complaint was made or information disclosed with the knowledge that it was false or with willful disregard for its truth or falsity.

ARTICLE XIV. OFFICE OF THE INDEPENDENT POLICE MONITOR

Sec. 2-1121. Office of independent police monitor.

(1) *Creation of the independent police monitor.* Pursuant to section 9-403 of the Home Rule Charter of the city, this article establishes the city office of independent police monitor. The independent police monitor shall be assisted by a deputy independent police monitor, an executive director of community relations, and other necessary staff in accordance with applicable civil service law.

(a) *Appointment procedures.*

1. In the case of a vacancy in the position of independent police monitor, the ethics review board shall be responsible for appointing a new independent police monitor.
    a. The appointing authority shall convene within 60 days of a vacancy in the position of independent police monitor to initiate the selection process for a new independent police monitor.
    b. The appointing authority shall conduct a nationwide search to fill the position of independent police monitor.
    c. Appointment of an independent police monitor shall be by an affirmative vote of a majority of all the authorized membership of the appointing authority.
    d. The chairperson of the appointing authority may appoint an interim independent police monitor to serve until time as a successor independent police monitor is appointed.
        i. The eligible candidates for interim independent police monitor are: an existing deputy independent police monitor or other office of independent police monitor management personnel.
        ii. The appointing authority may, by a majority vote of all of its members, overrule the chairperson's appointment and appoint an alternative eligible candidate as interim independent police monitor.
2. The ethics review board shall approve the independent police monitor's annual salary each year at a meeting of its board.

(b) *Term of office.*

1. The independent police monitor shall be appointed for a term of four years. The initial term shall begin January 1, 2018. Thereafter, each term shall begin when the independent police monitor begins employment with the city.
2. The independent police monitor may be reappointed to subsequent four year terms at the discretion of the ethics review board.

(2) *Qualifications.* The independent police monitor shall be an attorney with substantial experience in criminal, civil rights, and/or labor law, or corporate and/or governmental investigations; or an individual with at least five years' experience in law enforcement oversight, preferably with a graduate degree. Knowledge of law enforcement, particularly of internal investigations of wrongdoing and uses of force, is essential. The monitor shall possess impeccable integrity, sound judgment, and an ability to relate effectively with all those who have a stake in law enforcement including, but not limited to, residents of and visitors to New Orleans, the police department, other law enforcement agencies, and relevant parts of city government. The monitor shall possess an understanding of the city's ethnic diversity, cultural traditions, and socioeconomic situation.

(3) *Duties and responsibilities.* The independent police monitor shall monitor the New Orleans Police Department, particularly in the areas of: civilian and internally-generated complaints; internal investigations; discipline; use of force; critical incidents; and in-custody deaths. The independent police monitor shall review and analyze the numbers and types of complaints; assess the quality and timeliness of New Orleans Police Department investigations; review the adequacy of data collection and analysis; review the public integrity bureau's policies, procedures, and resource needs; conduct risk management reviews; review the operations and effectiveness of New Orleans Police Department "early warning system"; review specific issues regarding supervision, training, and discipline; and conduct relevant pattern analysis.

(4) *Complaints.* The independent police monitor shall receive complaints alleging misconduct by New Orleans Police Department personnel that he will refer to the New Orleans Police Department Office of Internal Investigations for investigation. The independent police monitor shall develop relationships with community and civic groups that may receive civilian and anonymous complaints against New Orleans Police Department personnel as a supplement to existing complaint intake mechanisms.

(5) *Investigatory power.* The New Orleans Police Department will advise the independent police monitor within seven days of receipt by the New Orleans Police Department of any complaint of misconduct, classified as a formal disciplinary investigation, disciplinary citation, informal disciplinary investigation, or information documentation. The independent police monitor shall have the power to review the classification of all internal investigations and, in circumstances where the independent police monitor believes an investigation was misclassified, to recommend to the New Orleans Police Department that it be reclassified.

(6) *Public reporting requirements.* The independent police monitor shall have the power to recommend that an internal investigation be reopened if he determines that the investigation was not thorough or fair. The reopening-of-case-recommendation provision only applies to the very limited instance where the statutory time limit permits. If the New Orleans Police Department declines to accept the recommendations of the independent police monitor relative to the classification of an investigation, a line of questioning, reopening an investigation not deemed to have been appropriately completed, or any other recommendation, the independent police monitor shall issue a public report relative to the refusal. All completed investigations reviewed by the independent police monitor shall be accompanied by a report in writing to the New Orleans Police Department stating whether the investigation was considered fair, thorough, timely or insufficient.

(7) *Police commendations.* The independent police monitor shall also compile data regarding commendations and shall identify officers, units, and precincts that have been commended by the public for doing exceptional work. Such information shall be presented in public reports. The independent police monitor will note patterns in commendations and urge the New Orleans Police Department to share commendation information widely within the department and identify practices and initiatives that should be emulated broadly throughout the department. No provision of this section shall violate the Police Officers' Bill of Rights.

(8) *Civilian complainants.* Civilian complainants who have tried unsuccessfully to obtain a meaningful status report on a complaint they initiated, may, upon request, receive such a status report from the independent police monitor. Civilian complainants who are dissatisfied with the outcome of an investigation they initiated may request a review by the independent police monitor of the completed New Orleans Police Department investigation. When he deems it appropriate, the independent police monitor may recommend that such an investigation be reopened and report to the complainant whether he has recommended any further investigation. The reopening-of-case-recommendation provision only applies to the very limited instance where the statutory time limit permits.

(9) *Civil claims and lawsuits.* The independent police monitor shall review patterns relating to civil claims and lawsuits alleging New Orleans Police Department misconduct, payout amounts over time, units disproportionately represented as subjects of claims and lawsuits, related training, and other issues. The independent police monitor shall review the investigation of the underlying incidents described in such claims and lawsuits, whether those investigations predated the filing of a claim or lawsuit or the investigations were initiated following such filings.

(10) *Recommendations to police superintendent.* The independent police monitor shall evaluate complaint trends and other information and investigation practices. The independent police monitor shall make recommendations to the superintendent to improve upon policies and practices based on national best practices.

(11) *Training review.* The independent police monitor shall periodically review training sessions and schedules to identify best practices and any need for improvements to training curriculum or frequency.

(12) *Public accountability.* The independent police monitor shall distribute information about its office, duties and functions. The independent police monitor shall issue complaint and commendation forms in languages and formats accessible to residents. The independent police monitor shall be required to hold at least one public outreach meeting in each council district of the city at least once every four months. The independent police monitor shall be required to meet with each police association a minimum of three times each year.

(13) *Civil service commission to establish rules and regulations.* The New Orleans Police Department and the civil service commission shall work cooperatively to establish rules and regulations that require both to cooperate with the independent police monitor as he actively monitors disciplinary and nondisciplinary proceedings. Those policies shall provide for, among other things: timely notification prior to disciplinary proceedings; complete access to the proceedings of departmental boards and civil service hearings involving the disciplining of officers; and complete access to all materials to which those boards and the civil service commission have access. The policies shall also provide for the ability of the independent police monitor to attend disciplinary and nondisciplinary proceedings, to review disciplinary and nondisciplinary documents, to make determinations as to whether departmental rules or policies have been violated, to make recommendations regarding appropriate discipline, and to review the appropriateness of disciplinary sanctions. The independent police monitor in conjunction with the New Orleans Police Department internal investigations office shall make recommendations to the civil service commission relative to improving police disciplinary procedures.

(14) *Review of data collection and analysis.* The independent police monitor shall review New Orleans Police Department data collection and analysis to enable it to track trends in relation to types and sources of civilian and internally-generated complaints, processing and investigation, and determinations stemming from complaints, discipline imposed by type of complaint, use of the early warning system to intervene with an officer in need of additional training, supervision, or other issues of concern that arise during a review by the independent police monitor. The New Orleans Police Department shall provide the appropriate database and personnel to facilitate this section.

(15) *Mediation of civilian complaints.* The independent police monitor shall establish and administer a mediation program for civilian complaints, guided by best practices identified in other jurisdictions with such mediation programs. Consent of the civilian complainant, the police officer involved, and the New Orleans Police Department shall be required before a case can be scheduled for mediation by a trained neutral mediator from outside the New Orleans Police Department.

(16) *Public reporting requirement.* The independent police monitor shall be required to issue at least one public report each year, by May 30, to the ethics review board and New Orleans City Council detailing its monitoring and review

activities and the appropriate statistical information from the internal investigations office, and other divisions of the New Orleans Police Department. The independent police monitor shall be required to report upon problems it has identified, recommendations made and recommendations adopted by the New Orleans Police Department. The report shall also identify commendable performance by the New Orleans Police Department and improvements made by the department to enhance the department's professionalism, accountability, and transparency. The criminal justice committee of the New Orleans City Council shall conduct a hearing on each annual report within 30 days of submission. Additional reports relating to policy and training recommendations, matters of significant public interest, or other concerns may be issued throughout the year, such reports shall be submitted to the ethics review board and criminal justice committee of the New Orleans City Council and simultaneously released to the public. The committee will have discretion as to whether to conduct a public hearing relating to such reports.

(17) *Penalties for violating this section.* It shall be the duty of all city employees, classified or unclassified to cooperate with the independent police monitor in his work pursuant to this section. Any city employee who violates any provision of this chapter shall be subject to investigation, and if warranted, to discharge or such other discipline consistent with civil service rules and procedures in addition to any other penalty provided in the City Charter or ordinances.

(18) *Negotiation of protocols.* The independent police monitor and the New Orleans Police Department shall be required to negotiate protocols within 90 days of the appointment of the independent police monitor.

(19) *Retention of powers by inspector general.* Nothing in this section shall be construed to limit the existing powers of the office of inspector general granted by statute, ordinance, rule or regulation. The office of inspector general shall retain all the powers and duties granted by federal and state statute, court ruling, ordinance, executive order, rule and regulation, contract or other means.

(20) *Removal of independent police monitor from office.* Following a public hearing by the ethics review board, the independent police monitor shall be removed from office for cause by an affirmative vote of two-thirds of the entire authorized membership of the ethics review board, which must then publicly report the reasons for removal to the city council.

(a) Causes for removal may include abuse of power or authority; conviction of a state or federal felony [charge]; entry of a guilty or nolo contendere plea to a state or federal felony charge; discrimination; ethical misconduct in office; unprofessional conduct; or other acts tarnishing the integrity of the office of independent police monitor.

(21) *Records disclosure.* All records of the office of the independent police shall be exempt from public disclosure and shall be considered confidential, unless the independent police monitor is legally required to make such records public. Unauthorized disclosure of information by the independent police monitor or any employee of the office of the independent police is subject to review and disciplinary action by the appointing authority. The office of the independent police monitor is subject to all state laws concerning public records.

(22) *External review of the office of the independent police monitor.*

(a) Completed reports, inspections, performance reviews, public reports of investigation, and other records, shall be subject to an annual quality assurance review by a third-party advisory committee, known as the quality assurance review advisory committee for the office of the independent police monitor.

1. The quality assurance review advisory committee for the office of the independent police monitor shall include a representative appointed by the city council, who shall serve as chair of the committee; a representative appointed by the office of the mayor; and a representative appointed by the ethics review board.

a. The committee shall be renewed annually, although representatives may be reappointed at the discretion of the appointing entities.

b. The chair shall be responsible for:

i. Providing each committee member with materials for the annual review;

ii. Setting a public meeting at which the committee will present its written review. The public meeting shall take place after the publication of the office of the independent police monitor's annual report mandated by subsection (16), but before July 31;

iii. Presenting the committee's written review to the office of the independent police monitor at least 15 calendar days prior to the date of its public meeting.

c. Committee members must be domiciled in Orleans Parish.

d. A committee member may not hold any elective or appointed position with the city nor any other government or political party office, nor be employed by any entity that is subject to review by the office of the independent police monitor. Additionally, a member may not have held any of these positions within two years before appointment to the committee.

2. As the entity being reviewed, the office of the independent police monitor does not participate on the committee, but will provide full cooperation, including access to all completed reports. The police monitor will appear before the committee at its annual public meeting.

(b) The office of independent police monitor shall be subject to an independent, external peer review every three years. Such peer review shall be paid for by the office of independent police monitor. When completed, the recommendations and findings of such peer review shall be submitted to the ethics review board and independent police monitor. The office of independent police monitor shall comply with the recommendations of the peer review within 90 days, provided that the recommendations and findings are accepted and approved by the ethics review board. Copies of the final report resulting from this peer review shall be furnished to the ethics review board, the clerk of the council, the city attorney, and the office of the mayor. The final report shall also be made available to the public.

(23) *Resources.*

(a) Pursuant to section 9-404 of the Home Rule Charter of the city, the office of independent police monitor shall be funded by an annual appropriation by the city council as part of the city's operating budget.

(b) The office of independent police monitor shall prepare and transmit an annual operating budget to the chief administrative officer, identifying in the budget all proposed expenditures for the following fiscal year.

(24) *Right to special counsel.* Pursuant to section 9-403(3) of the Home Rule Charter of the city, the office of the independent police monitor may retain special counsel to provide legal advice and representation on its behalf, notwithstanding the provisions of section 4-403 of the Charter. (M.C.S., Ord. No. 23146, § 1, 7-18-08; M.C.S., Ord. No. 23886, § 1, 2-25-10; M.C.S., Ord. No. 24950, § 2, 7-12-12; M.C.S., Ord. No. 27308, § 1, 3-9-17; M.C.S., Ord. ARTICLE XV. EMERGENCY POWERS

Sec. 2-1200. Emergency declarations; duty to inform council.

(a) When the mayor issues a declaration of emergency, or any continuation, modification, or termination thereof, the city attorney shall promptly notify the council in writing and provide a copy of such declaration, continuation, modification, or termination.

(b) A declaration of emergency shall expire 90 days after issuance unless it is continued. A declaration of emergency cannot be continued or modified unless the mayor, or a designee of the mayor, appears before the council's governmental affairs committee before the expiration of the declaration with the following:

(1) Initial reason(s) for the issuance of the declaration of emergency;

(2) Reason(s) why a continuance or modification is in the best interest of the city;

(3) Details on any emergency-related procurement; and

(4) Responses to questions regarding any matter germane to the declaration.

ARTICLE I. IN GENERAL

Secs. 6-1—6-30. Reserved.

ARTICLE II. PUBLIC HEALTH, HOUSING, ENVIRONMENTAL, HISTORIC DISTRICT, FIRE, VEGETATION, ZONING, NUISANCE AND BUILDING CODE*

Sec. 6-31. Definitions.

The following words, terms, and phrases, when used in this article, shall have the meanings ascribed to them, except where the context clearly indicates a different meaning.

Code violation is a civil violation of any provision of the Code of New Orleans related to public health, housing, environmental, historic district, nuisance or vegetation ordinances, the New Orleans' Comprehensive Zoning Ordinance, as amended, the Building Code of the City of New Orleans, as amended, or the Fire Code of the City of New Orleans, as amended.

Order, judgment or *notice of judgment* means an administrative act of the hearing officer.

Unoccupied means having no legal occupant(s), vacant.

Violator means person(s), natural or juridical, who has been found liable for a code violation and/or ordered to abate or correct a violation in an order issued under this article.
(M.C.S., Ord. No. 25455, § 1, 8-22-13; M.C.S., Ord. No. 26513, § 1, 7-23-15)

Sec. 6-32. Authorization.

Any agency of the city having a responsibility for the enforcement of Code violation may enforce violations of such ordinances by the owners of immovable property or their agents, tenants, or representatives, or by any person permitted as a short-term rental owner or operator, using the administrative adjudication procedures established in this article.
(M.C.S., Ord. No. 25455, § 1, 8-22-13; M.C.S., Ord. No. 29397, § 1, 4-6-23)

Sec. 6-33. Appointment of hearing officer.

(a) Administrative adjudication proceedings under this article shall be conducted before hearing officers who have been licensed to practice law in Louisiana for at least two years.

(b) Hearing officers shall be appointed by the mayor, and shall serve at the pleasure of the mayor.

(c) Hearing officers shall be sworn before the city attorney to uphold the Constitution, the laws and constitution of the State of Louisiana, and the Charter and ordinances of the City of New Orleans, and to abide by the provisions of the Louisiana Code of Governmental Ethics and the City of New Orleans' Code of Ethics.
(M.C.S., Ord. No. 25455, § 1, 8-22-13)

Sec. 6-34. Authority of hearing officer.

Hearing officers who have been appointed and sworn in accordance with section 6-33 shall have the authority to hear and decide any and all Code violations.
(M.C.S., Ord. No. 25455, § 1, 8-22-13)

Sec. 6-35. Powers of a hearing officer.

The hearing officer shall have the power to:

(a) Administer oaths and affirmations.

(b) Issue orders compelling the attendance of witnesses, respondents, alleged violators, and violators and the production of documents.

(c) Determine whether or not an alleged violator is liable for code violations.

(d) Levy fees, costs, and monetary penalties.

(e) Order violators to correct violations within a stipulated time.

__State law reference—__Administrative Procedure Act, R.S. 49:950 et seq.

(f) Take any and/or all necessary and lawful measures to effect corrections of the violation if the violator fails to do so within the time allocated by the hearing officer.

(g) Record orders, judgments, notices of judgments, or liens in the mortgage office.

(M.C.S., Ord. No. 25455, § 1, 8-22-13; M.C.S., Ord. No. 26513, § 1, 7-23-15)

Sec. 6-36. Procedure for hearing.

(a) Whenever a city agency having enforcement responsibility determines that a Code violation exists, including violations involving unpermitted short-term rentals, a notice of violation shall be provided to the owner, or in case of a property whose primary purpose is commercial, the owner, agent, occupant, or lessee. A notice of violation involving a permitted short-term rental shall be sent to both the owner and operator of the short-term rental.

(b) A notice of violation shall:

(1) Be in writing;

(2) Provide the municipal address of the cited property, if applicable;

(3) Provide the date of the inspection, if applicable;

(4) Identify the Code violations;

(5) Provide the mailing address and telephone number of the enforcement agency;

(6) Provide the time, date and location of the administrative hearing;

(7) Provide notice that the failure to appear at the hearing shall be considered an admission of liability for the alleged violations;

(8) Provide the risk of fees, penalties, costs, and liens that may be imposed for continued violations; and

(9) Provide the risk of remedial measures that may be ordered by a hearing officer to correct or abate Code violation.

(c) Any person charged with a Code violation must be notified of an administrative hearing pursuant to this article at least 15 days before the hearing. Notice shall be personally served or sent to the alleged violator by regular and certified or registered U.S. Mail at the address listed in the assessor's office of the parish or, in the case of a permitted short-term rental, at the current address on file with the department of safety and permits for the owner or operator, as appropriate. If the violation involves a property whose purpose is primarily commercial and the alleged violator includes the occupant(s) or lessee(s), notice shall be personally served or sent by regular and certified or registered U.S. Mail to the address listed in the records of the bureau of revenue and to its registered agent(s). The date of the postmark shall be deemed to be the date of delivery. Any notification so sent and returned by the U.S. Post Office shall be considered as having fulfilled the notification requirement. Proof of notification and attempts at service shall be entered in the record for each case before the hearing.

(d) In addition to the service provided in subsection (c), a copy of the notice of violation(s) shall be affixed in a prominent location on the property upon which violation(s) are alleged or, if safe access to the property is not reasonably practicable, on some prominent fixture on the adjacent public right-of-way as near as possible to the property at least five days in advance of the date of the hearing. It shall be unlawful for any person other than an agent of the city to remove a notice posted on the public right-of-way prior to the commencement of the hearing. This section shall not apply to violations involving permitted short-term rentals.

(e) Any person charged with Code violation(s) may present any relevant evidence and testimony at such hearing and may be represented. An alleged violator's physical presence shall not be required at the hearing if documentary evidence, duly verified by such person, is submitted to the hearing officer via the agency of the city having a responsibility for the enforcement the Code violation(s), prior to the date of the hearing. Nothing contained herein shall be construed to limit the authority or the ability of a hearing officer to determine an alleged violator's liability based solely upon submitted documentary evidence.

(f) Any order compelling the attendance of witnesses or the production of documents may be enforced by the municipal court or by any other court of competent jurisdiction.

(g) Any administrative adjudication hearing held under the provisions of this article shall be conducted in accordance with the rules of evidence of the Administrative Procedure Act, R.S. 49:950 et seq. Testimony of any person shall be taken under oath and shall be recorded.

(h) At the initial hearing, if the hearing officer sets daily fines, the date of a subsequent hearing to determine if the violation(s) have been remediated shall be set. The date of such subsequent hearing shall be within 60 days of the initial hearing date. Such setting of a subsequent hearing date during the initial hearing shall constitute proper notice. If at the subsequent hearing it is determined that the violation(s) have not been remediated, daily fines shall begin to accrue from the date of initial hearing. Daily fines shall continue to accrue until the hearing officer determines that violation(s) have been remediated.

The hearing officer shall issue a final order, judgment, or notice of judgment within 30 days of the initial hearing, excluding legal holidays. A copy of the final order, judgment, or notice of judgment may be personally served and shall be sent to the violator by regular and certified or registered U.S. Mail within 14 days of issuance. The order, judgment, or notice of judgment shall:

(1) Be signed by the hearing officer;

(2) State whether or not the alleged violator is liable for each violation and any specific determinations thereto;

(3) Provide the amount of fees, costs, and penalties assessed for each violation;

(4) Provide the defects to be corrected and the extent by which each violation shall be corrected, repaired, and/or abated;

(5) Provide the reasonable period of time by which each violation shall be corrected, repaired and/or abated;

(6) Notify the violator(s)' of their right to appeal; and

(7) Notify the violator that the city may act to abate violation(s) if the violator fails to act in accordance with the order, judgment, or notice of judgment, where applicable.

(i) The city may enforce any order assessing fees, costs, and penalties, and/or stipulating a required correction, repair, or abatement measure.
(M.C.S., Ord. No. 25455, § 1, 8-22-13; M.C.S., Ord. No. 26513, § 1, 7-23-15; M.C.S., Ord. No. 29189, § 1, 10-6-22; M.C.S., Ord. No. 29397, § 1, 4-6-23)

Sec. 6-37. Penalties.

(a) The penalty for each violation shall not exceed the maximum amount authorized by La. R.S. 33:1375 or the maximum amount allowable under applicable state law for the underlying violation, whichever is greater. Nothing herein shall be construed to authorize a penalty in excess of any jurisdictional limit imposed by state law.

(b) Each day that violation(s) continue after due notice has been served shall be deemed a separate offense. Regardless of the number of structures on a parcel or lot, each violation on each unit of each structure shall be counted as a separate violation.

(c) A schedule of monetary penalties may be established by ordinance providing penalty amounts, consistent with subpart (a), for specific code violation(s).
(M.C.S., Ord. No. 25455, § 1, 8-22-13; M.C.S., Ord. No. 26513, § 1, 7-23-15; M.C.S., Ord. No. 29189, § 1, 10-6-22; M.C.S., Ord. No. 29572, § 1, 7-27-23)

Editor's note—M.C.S., Ord. No. 29572, § 2, states: That the provisions of this ordinance shall apply to violations occurring on or after August 1, 2023.

Sec. 6-38. Costs.

(a) Costs and expenses that may be recovered and enforced against a violator under this article include, but are not limited to:

(1) The city's direct cost for abatement;

(2) Costs of salary and all applicable overhead of city staff and contract personnel

involved in the investigation, enforcement, and/or remediation or abatement of a violation;

(3) City costs for equipment use or rental;

(4) Attorney's fees;

(5) Hearing and/or court costs including but not limited to hearing officer and witness fees;

(6) Costs of engineering and other technical services and studies as may be required;

(7) Costs of monitoring programs necessary for correcting, monitoring, abating or mitigating violations;

(8) Any other fee, cost, or expense reasonably and rationally related to the city's enforcement action(s) to bring violation(s) into compliance or to abate and/or correct a violation of local, state or federal law.

(b) At any point in the enforcement process after the time for voluntary compliance has expired, or following the conclusion of the city's enforcement/abatement action(s), the city agency having enforcement responsibility shall notify the violator of the proposed full cost recovery against the real property that was the subject of enforcement/abatement action. The notice issued must provide a cost schedule and contain a date not less than 30 days from the date of mailing providing a hearing with an administrative hearing officer to appeal the accuracy and reasonableness of the costs.

(c) If payment is not received within 30 days of the mailing of the notice of the full cost recovery, or following any appeal hearing upholding all or part of the costs, whichever occurs later, the city may lien the property that was subject to the enforcement/abatement action for all applicable costs by recording the cost recovery notice or administrative hearing judgment affirming appropriate costs in the Records Division of the Office of the Clerk of Civil District Court for the Parish of Orleans.
(M.C.S., Ord. No. 25455, § 1, 8-22-13; M.C.S., Ord. No. 27799, § 1, 6-21-18)

Sec. 6-39. Liens.

(a) The city shall have a lien and privilege against the immovable property in, on, or upon which violation(s) occurred. The lien and privilege shall secure all fines, fees, costs, and penalties that are assessed by the city and described in the order, judgment, or notice of judgment and the notice or statement of costs. The recordation of the order, judgment, or notice of judgment and the notice or statement of costs in the mortgage office of the parish shall constitute a lien and privilege against the land upon which violation(s) exists. Any lien and privilege recorded against an immoveable property under this article shall be included in the next annual ad valorem tax bill.

(b) The city, upon recordation of the order, judgment, notice of judgment, or lien, may:

1. Apply to the clerk of district court for issuance of a writ in accordance with Code of Civil Procedure Article 2253, under the authority of R.S. 13:2575 and 13:2576, upon describing with particularity the immovable property and the manner in which the writ is to be enforced; or

2. Institute a suit against the owner of record in any court of competent jurisdiction to enforce the order, judgment, notice of judgment, or lien.

(c) In order for the lien and privilege to arise, the order, judgment, notice of judgment or lien shall be final and not subject to appeal when recorded in the mortgage office."

(d) Any monies collected pursuant to this chapter shall first satisfy all outstanding municipal liens recorded against an immovable property and only when all outstanding municipal liens are satisfied in full shall monies be applied towards an immovable property's ad valorem taxes.

(e) The provisions of subsection (d) shall not apply to monies received as a result of the enforcement of a lien and privilege encumbering an occupied residential property with a valid homestead exemption, except in circumstances where the property is currently permitted for

short-term rental use or where the lien and privilege arises from a violation of Chapter 26, Title XI of the Code of the City of New Orleans.
(M.C.S., Ord. No. 25455, § 1, 8-22-13; M.C.S., Ord. No. 29002, § 1, 4-21-22)

Sec. 6-40. Enforcement of liens—Additional requirements.

(a) Upon the city instituting legal proceedings to obtain a writ to cause the seizure and sale of a property with outstanding liens, pursuant to section 6-39 (b)(1), the property shall also be unoccupied.

(b) Unoccupied properties that maintain a valid homestead per article VII, sections 18(G)(5) and 20(A)(10) of the Constitution of Louisiana, shall be exempt from this section upon presentation of a signed affidavit from the assessor or his designee, attesting that the owner is approved for an extension of the special assessment level. This affidavit shall be renewed annually. The owner shall also submit, along with the aforementioned affidavit, a copy of their annual affidavit of intent to return and reoccupy the homestead that is filed with the assessor as required by article VII, section 20(A)(10) of the Louisiana Constitution. This provision shall expire on December 31, 2015.

(c) Any person with a legally protected interest in a property must be provided notice that is reasonably calculated to apprise them of the seizure and upcoming sale of the property.
(M.C.S., Ord. No. 25455, § 1, 8-22-13)

Sec. 6-41. Appeal.

Any person determined by the hearing officer to be liable for a code violation may appeal the determination to the civil district court for the parish. Such appeal shall be instituted by filing, within 30 calendar days of the mailing of the hearing officer's order, a petition with the clerk of the civil district court along with payment of such costs as may be required by the clerk of court. After filing a petition for appeal, the clerk of court shall schedule a hearing and notify all parties of the date, time, and place of such hearing. Service of notice of appeal under this subsection shall not stay the enforcement and collection of the judgment unless the person who files the appeal furnishes security prior to filing notice of appeal with the Department of Finance in the amount fixed by the hearing officer sufficient to assure satisfaction of the finding of the hearing officer relative to the fine(s), fee(s), monetary penalty/penalties, cost(s) of the hearing, and cost(s), if any, of correcting the violation(s).
(M.C.S., Ord. No. 25455, § 1, 8-22-13; M.C.S., Ord. No. 26513, § 1, 7-23-15)

Sec. 6-42. Remedies not exclusive.

The regulations, procedures, and remedies established by this chapter are nonexclusive and may be pursued independently of each other and in addition to other remedies provided by law.
(M.C.S., Ord. No. 25455, § 1, 8-22-13)

Sec. 6-43. Recordkeeping.

(a) At its commencement by notice of violation, every adjudication proceeding shall be assigned a docket number and a style in the form of "City of New Orleans versus" followed by the name of the alleged violator. The records pertaining to each proceeding shall be maintained as a separate file in a manner similar to the fashion in which the clerks of court maintain the records of civil cases.

(b) Each agency charged with the enforcement of an ordinance within the scope of this article shall, with the advice of the department of law, maintain a log or index of all adjudication proceedings which shall set forth information, including but not limited to the following:

(1) The style and docket number of the case and the date it was commenced;

(2) Alleged Code violation(s);

(3) Date of the alleged violation(s);

(4) Address or other description of the property upon which the alleged violation(s) exist or have occurred;

(5) Date(s) of any hearings, trials or continuances and the dates of their commencement and/or termination and, if the case is terminated, of its final disposition;

(6) Statement(s) as to the dates of any hearing and of any final order in the case and as to whether and when any lien was filed;

(7) Statement(s) as to the date of filing and disposition of any appeal.

(M.C.S., Ord. No. 25455, § 1, 8-22-13)

Sec. 6-44. Transfer of ownership.

It is a violation for any property owner(s) to transfer a property that receives a notice of violation without notifying the enforcement agency of the city that sent said notice of violation. Anyone found in violation of this section shall be fined $500.00.

ARTICLE I. IN GENERAL

Sec. 10-1. Definitions.

The following words, terms and phrases, when used in this chapter, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Alcoholic beverage means any fluid or solid capable of being converted into a fluid, suitable for human consumption and having an alcoholic content of more than one-half of one percent of alcohol by volume.

Applicant means a natural or juridical person that submits an application for consideration of any permitting available and/or required by this chapter.

Beverages of high alcoholic content means alcoholic beverages containing more than six percent alcohol by volume.

Beverages of low alcoholic content means alcoholic beverages containing not more than six percent alcohol by volume.

Bottler of wine means any wine wholesaler who imports wine into the city in bulk and puts it in closed containers for distribution to other wholesale dealers or retail dealers in the city.

Brewery means a facility licensed as a "manufacturer or brewer" as defined in Title 26, Section 241, of the Louisiana Revised Statutes. The facilities may include on-site tasting facilities as an accessory use with retail sales of only those alcoholic beverages produced at the facility for consumption on or off the premises. On-site tasting facilities shall be subject to the use and parking standards of a bar and any limitations provided for in state and/or local law.

Caterer means any businesses that does not operate as a restaurant or bar, but who operates a fully equipped kitchen where food is prepared for the purpose of furnishing food and alcoholic beverage service for private functions, occasions, or events. At least 70 percent of their gross annual revenue for the business must be derived from the sale of food or food-related product, and at least 40 percent of the gross revenue per event catered must be derived from the sale of food or food-related product. The aforementioned food and alcohol sales requirements do not apply to "attached caterer" permit holders.

Cordial liquors and specialties means liquor obtained by the process of mixing or redistilling with or over fruit, flowers, plants or juices therefrom and to which sugar or dextrose, or both, have been added in an amount not less than 2½ percent by weight of the finished product.

Dealer means any person who, as a business, manufactures, blends, rectifies, distills, processes, imports, stores, uses, handles, holds, sells, offers for sale, solicits orders for the sale of, distributes, delivers, serves or transports any alcoholic beverage in the city or engages therein in any business transaction relating to any such beverage.

Director means the director of the department of finance or the department of safety and permits, as determined by the authorized duties in the relevant section.

Distillery means a facility licensed as a "manufacturer" as defined in Title 26, Section 2, of the Louisiana Revised Statutes. The facilities may include on-site tasting facilities as an accessory use with retail sales of only those alcoholic beverages produced at that facility for consumption on or off the premises. On-site tasting facilities shall be subject to the use and parking standards of a bar and any limitations provided for in state and/or local law.

Malt beverage means a beverage obtained by alcoholic fermentation of an infusion or concoction of barley or other grain, malt and hops in water and shall include, among other things, beer, ale, stout, lager beer, porter and the like, containing more than one-half of one percent of alcohol by volume.

Manager means an individual designated by the permittee to exercise responsibility over the establishment to ensure compliance with the applicable requirements in this chapter, in the absence of the permittee. The manager designation as defined herein does not establish that the individual is an "employer" or "executive employee" for purposes of compliance with 29 U.S.C. Section 203.

Manufacturer or *brewer* means any person, who directly or indirectly, personally or through any agency whatsoever, engages in the distilling, making, blending or processing whatsoever of any alcoholic beverages and sells his own product to other persons or dealers; but, should he deal in any liquors other than those that he manufactures, he shall be classified both as manufacturer and a dealer and shall be required to qualify as such and secure a permit for each such type of business.

Microbrewer means any person who, directly or indirectly, personally or through any agency, person, or establishment, engages in the making, blending, rectifying, brewing, or other processing of beer or other malt beverages for sale in an amount not to exceed 12,500 barrels per year.

Micro-brewery means a facility licensed as a "microbrewer" as defined in Title 26, Section 241, of the Louisiana Revised Statutes. The facilities may include on-site tasting facilities with retail sales of alcoholic beverages for consumption on or off the premises. On-site tasting facilities with retail sales of only those alcoholic beverages produced at that facility shall be a permitted accessory use, subject to the use and parking standards of a bar and any limitations provided for in state and/or local law. On-site tasting facilities with retail sales of alcoholic beverages purchased from a licensed wholesale dealer shall be considered to be a bar under the terms of this Ordinance and the CZO.

Micro-distillery means a facility licensed as a "microdistiller" as defined in Title 26, Section 2, of the Louisiana Revised Statutes. The facilities may include on-site tasting facilities with retail sales of alcoholic beverages for consumption on or off the premises. On-site tasting facilities with retail sales of only those alcoholic beverages produced at the facility shall be a permitted accessory use, subject to the use and parking standards of a bar and any limitations provided for in state and/or local law. On-site tasting facilities with retail sales of alcoholic beverages produced at that facility and any other alcoholic beverages purchased from a licensed wholesale dealer shall be considered to be a bar under the terms of this Ordinance and the CZO.

Outlet means any person or dealer who draws or removes any alcoholic beverages from its container for sale or consumption on or off the premises. For the purposes of this chapter, package houses are outlets.

Package house means a place where a person or dealer sells alcoholic beverages in closed containers, prepared for transportation and consumption off the premises.

State law reference—Operation without permit prohibited, R.S. 26:75, 26:275.

Sec. 10-47. Permit prerequisite to engaging in business.

It shall be unlawful for any person to sell, offer for sale, import, manufacture, distill, rectify or have in possession, for sale, handling, storage or distribution, either at wholesale, retail or otherwise, any alcoholic beverage or to engage in the business of dealer without first having obtained from the department of safety and permits a permit to engage in such business.
(Code 1956, § 5-7; M.C.S., Ord. No. 27737, § 1, 4-19-18)

State law reference—Similar provisions, R.S. 26:71, 26:271.

Sec. 10-48. Permits prior to purchase of alcoholic beverages.

All retail dealers must possess a permit as a condition precedent to purchasing, receiving, or engaging in the business of dealing in alcoholic beverages. The location of such business shall be approved by the department of safety and permits for compliance with the comprehensive zoning ordinance and building code prior to the issuance of a permit. An application may be withheld and a solicitor or his wholesaler who sells or delivers alcoholic beverages to the applicant may have their permits suspended or revoked for violation hereof.
(Code 1956, § 5-7.1)

Sec. 10-49. Wholesale and retail dealers permits required.

Before engaging in the business of dealing in alcoholic beverages, all wholesale and retail dealers shall obtain from the department of safety and permits a permit to conduct each separate wholesale or retail business, and shall renew the permit annually.
(Code 1956, § 5-8; M.C.S., Ord. No. 16,718, 10-20-94; M.C.S., Ord. No. 21658, § 1, 8-19-04; M.C.S., Ord. No. 27737, § 1, 4-19-18)

State law references—Similar provisions, R.S. 26:71, 26:271; authority of municipalities to require permits and payment of fees, R.S. 26:74, 26:274.

Sec. 10-50. Reserved.

Editor's note—M.C.S., Ord. No. 28191, § 1, adopted Oct. 3, 2019, repealed § 10-50, which pertained to permit to manufacture berry or orange wine and derived from Code 1956, § 5-10.

Sec. 10-51. Retail sale of sacramental wines by religious supply houses.

(a) Those licensed religious supply houses engaging in the sale of sacramental wines to any priest, minister, rabbi or other clergyman for use in the regular course of their religious duties shall not be required to pay the city retail alcoholic beverage permit fee. Such licensed religious supply house shall sell only those wines that are originally labelled "Sacramental Wine" and such stock and display of these wines shall not exceed ten percent of all display area.

(b) The knowing sale by any religious supply house that is permitted under the provisions of this section of any sacramental wine to any person other than a priest, minister, rabbi or other clergyman for use in the regular course of their religious duty shall be grounds for the revocation of any permit granted under this article.
(Code 1956, § 5-8.1)

Sec. 10-52. Special events permits.

(a) The director of the department of safety and permits or the director's designee may, upon receipt of written or electronic approval by the office of a member of the city council, authorize the issuance of alcoholic beverage permits for special events when such functions will not continue for a period in excess of three days. No more than 12 such permits may be issued to any one organization within a single calendar year. The department of safety and permits may issue an alcoholic beverage permit or permits to the applicant named in the letter notwithstanding any ordinance or moratorium to the contrary upon payment, if applicable, of the alcoholic beverage permit fee specified in this section.

(b) The fees for permits issued pursuant to this section, including all processing fees, shall be as follows. For purposes of this section, the term "nonprofit" shall mean an organization that is exempt from federal income tax under Section 501(c) of the Internal Revenue Code, is a Louisiana nonprofit corporation in good standing with an Employer Identification Number issued by the Internal Revenue Service, or is a school operated by the Orleans Parish School Board or Recovery School District:

	Nonprofit	*All Others*
(1) Sale of beverages of low alcoholic content	$25.00	$50.00
(2) Sale of beverages of high alcoholic content	$25.00	$50.00

	Nonprofit	*All Others*
(3) Sale of beverages of high and low alcoholic content	$50.00	$100.00
(4) Free distribution of alcoholic beverages at picnics or other special events	No charge	
(5) Alcoholic beverage permit processing fee	$100.00	$200.00

Any alcoholic beverage permit for a special event issued in accordance with this section shall be valid only for the dates, times and locations authorized by the letter which may also authorize alternative dates, times or locations in anticipation of inclement weather or other circumstances.

(c) Notwithstanding anything to the contrary herein, no special event permit shall be issued for an event to occur on property which does not already have an occupational license until the city confirms that the property upon which the event will occur is free and clear of all outstanding property taxes, final administrative judgments and municipal liens.

Sec. 10-53. Class A permits.

The director of the department of safety and permits shall issue the following types of Class A retail alcoholic beverage permits:

(1) *Class A - General:*

a. A Class A - General retail permit for alcoholic beverages shall be issued only to a retail outlet where alcoholic beverage is sold on the premises for consumption on or off the premises by paying customers. Such an establishment must be equipped with a permanent wet bar equipped with a nonmovable sink and backbar or similar equipment for public display and to inform the public of brands and flavors offered for sale.

b. A Class A - General retail establishment shall be staffed by a bartender whose primary duty is to open and/or prepare alcoholic beverage products for consumption on or off the premises by paying customers, or prepared with an appropriate lid or cover on the container for takeout service. Such an establishment must meet all state and city health and zoning requirements as set forth by the state or the city.

c. Except as otherwise provided in this section, a Class A - General retail permit shall be issued only to an establishment where city and state law provides that no person under the age of 18 years is allowed on the premises except as provided by R.S. 26:90(A)(8)(a) and 26:286(A)(8)(a).

(2) *Class A - Restaurant permit:*

a. A Class A - Restaurant permit shall be issued only to a "restaurant establishment" as defined in subsection b. below. Every restaurant shall have a valid Class "R" permit issued by the state.

b. For purposes of this section, "restaurant establishment" shall be defined as an establishment:

i. Which operates a place of business whose purpose and primary function is to take orders for and serve food and food items;

ii. Which serves alcoholic beverages in conjunction with meals;

iii. Which serves food on all days of operation;

iv. Which maintains separate sales figures for alcoholic beverages; and

v. Which operates a fully equipped kitchen used for the prepara-

tion of uncooked foods for service and consumption of such foods on the premises of the establishment; and

vi. Which grosses at least 50 percent of its average monthly revenue from the retail sale of food, food items that are prepared for service and consumption on the premises of the establishment, and nonalcoholic beverages.

(3) *Class A - Restaurant—Conditional permit:*

a. Any retail establishment may be issued a Class A - Restaurant—Conditional permit provided it meets the requirements of subsection (2)b.i., ii., iii., iv., v., and vi. of this section during the hours of 7:00 a.m. and 9:00 p.m. each day of operation.

b. Notwithstanding subsection (1)c. of this section or any other law to the contrary, any establishment which qualifies and receives a Class A - Restaurant—Conditional permit in accordance with this subsection may permit any person under the age of 18 on their premises between the hours of 7:00 a.m. and 11:00 p.m., provided that persons under 17 years of age are subject to city curfew laws as provided in section 54-414 et seq.

(4) *Class A - Hotel permit:*

a. A Class A - Hotel permit shall be issued only to a hotel as defined in the Comprehensive Zoning Ordinance and as licensed as such by the department of safety and permits.

b. A Class A - Hotel permit shall permit a hotel to serve alcoholic beverages if service is open to all guests, which may be open to the general public, to guest rooms through room service or in-room mini-bars, and at amenities open exclusively to hotel customers and other paying guests, such as pool areas or in spas.

(5) *Class A - Caterer permit—Stand alone or Attached:*

a. A Class A - Caterer permit, *Stand-alone*, shall be issued only to a caterer as defined herein. A stand-alone caterer permit allows businesses to sell and serve alcoholic beverages at catered events or gatherings off its premises.

b. A Class A - Caterer permit, *Attached,* allows businesses that hold a current alcohol permit to sell and serve alcoholic beverages at an event other than on the premises for which the holder's regular permit is issued, on a temporary basis, limited to three consecutive days in duration. This attached permit shall only be issued to holders of a current alcohol permit limited to the following:

a. Restaurants;

b. Bars; and

c. Retail dealers whose primary purpose is the sale of packaged alcoholic beverages.

c. The holder of this permit shall maintain a business office address, and must keep this address on file with the department, but may provide service at remote locations, including but not limited to reception facilities and other event venues which are permitted by the department of safety and permits to host events and which comply with all other applicable laws and licensure requirements.

d. The holder of this permit is subject to all State of Louisiana limitations on gross annual and per event alcohol sales caps and must maintain separate sales figures for alcoholic beverages available to the director of finance.

e. This permit shall not be issued in lieu of a special event permit.

(6) *Class A - Educational permit:*

a. Class A - Educational permit shall be issued only to university or vocational educational facilities as defined in the Comprehensive Zoning Ordinance, and licensed as such by the department of safety and permits.

b. A Class A - Educational permit shall allow a university or vocational

educational facility to provide alcoholic beverage service to guest at functions, occasions, and/or events at the permitted location.

c. This permit shall only be issued if the location's base zoning district authorizes an alcoholic beverage outlet by-right.

(M.C.S., Ord. No. 18,142, § 1, 3-20-97; M.C.S., Ord. No. 27737, § 1, 4-19-18; M.C.S., Ord. No. 28191, § 1, 10-3-19)

Sec. 10-54. Class B permits.

A Class B-General retail permit shall be issued only to an outlet where alcoholic beverage is sold for consumption off premises by paying customers.

DIVISION 2. ADMINISTRATION*

Sec. 10-76. Authority of alcoholic beverage control board.

(a) Pursuant to the authority contained in the Home Rule Charter of the City of New Orleans and La. R.S. 33:4785, the alcoholic beverage control board shall have the power and authority to conduct hearings, suspend or revoke city alcoholic beverage permits, impose other remedial sanctions as set forth in section 10-160, and decide appeals from persons who have been denied alcoholic beverage permits by an administrative official in the enforcement of applicable state or municipal laws.

(b) No board member shall have ownership, leasehold interest in nor be an employee of a permitted alcoholic beverage outlet.
(Code 1956, §§ 5-58.1(a), 5-58.3; M.C.S., Ord. No. 18,051, § 1, 2-6-97; M.C.S., Ord. No. 27737, § 1, 4-19-18)

Charter reference—Alcoholic beverage control board, art. V, ch. 10.

Cross reference—Boards, committees and commissions, § 2-86 et seq.

*__Cross reference—__Administration, ch. 2.

Sec. 10-77. Procedure.

The alcoholic beverage control board shall be governed by provisions of the Administrative Procedure Act, R.S. 49:950 et seq., unless the procedure or proceedings are specifically established by R.S. 33:4787 or 33:4788 or is inconsistent with the provisions of the city charter, in which case the provisions of the charter shall prevail.
(Code 1956, § 5-58.3)

Sec. 10-78. Suspension, revocation procedure.

(a) Upon petition fully filed by either the mayor or the superintendent of police, the director of the department of finance, the director of the department of safety and permits, or the city attorney, setting forth the causes for suspension, revocation, or other remedial sanctions as set forth in section 10-160, a hearing shall be held by the alcoholic beverage control board to determine whether the permit of the person charged shall be suspended or revoked, or whether remedial sanctions shall be imposed. A notice shall be served upon the holder of the permit stating the time and place of the hearing to be held by the board, which shall be not less than ten calendar days from the date such notice is given. The notice shall be sent by the clerk of the council and shall enumerate the cause or causes for suspending or revoking the permit, or for imposing remedial sanctions. The notice shall be mailed by regular and registered or certified mail to the holder of the permit at the address of the place of business as given in the application for the permit, or it may be served on the holder of the permit in person by a police officer or employee of the department of finance or the department of safety and permits.

(b) Except as provided in subpart (e) herein, no permit shall be suspended or revoked, nor any remedial sanction imposed, except by majority vote of the alcoholic beverage control board. All petitions shall be prepared and prosecuted by the department of law. If proper notice has been served upon the defendant, the hearing may proceed without his presence if he fails to appear. Certified copies of convictions involving causes

for suspension or revocation or for remedial sanctions being imposed in either the municipal courts or in the criminal district court of this parish shall constitute prima facie proof of a violation by the permit holder.

(c) When an alcoholic beverage permit is revoked for any legal cause by any lawful authority, no city permit shall be issued covering such premises for a year after the date of the revocation. When a permit has been suspended by lawful authorities, no new permit shall be issued to the same premises for a period of 14 days beginning from the last date of suspension. After the effective date of the ordinance from which this section was derived, if any licensee shall have received a second suspension connected with the same premises involving prostitution, pandering or obscenity no new permits shall be issued for the same establishment for a period of six months and one day, from date of such suspension.

(d) If a license is revoked because of discontinuance of a nonconforming land use pursuant to the comprehensive zoning ordinance, Ordinance No. 4264, as amended, the license shall not be issued except after the department of safety and permits has verified compliance with the requirements of the comprehensive zoning ordinance.

(e) In accordance with La. R.S. 33:4785(b) and La. R.S. 33:4786 and except as otherwise modified by La. R.S. 33:4787 and La. R.S. 33:4788, the board shall possess the emergency suspension powers granted to an agency by Section 49:961 of the Administrative Procedure Act. The board may not exercise the preceding powers unless and until the board promulgates rules and regulations, which must be approved by the council in accordance with section 2-1000 of the Code, defining the circumstances when emergency suspension is permitted, establishing notice requirements and hearing procedures in compliance with the United States and Louisiana Constitutions, and setting forth such other provisions that the board deems necessary or desirable to protect public safety and welfare while affording due regard to the rights and livelihoods of license holders. In promulgating the foregoing, the board is directed to review and consider all available and legal options and to establish defined criteria for what constitutes an emergency to public safety and welfare; provided however, that an emergency suspension shall not be issued unless notice is given to the premittee and a pre-suspension hearing is provided. Nothing herein shall limit or modify the authority of the city to address emergencies pursuant to the authority granted by other sections of the Home Rule Charter, the Code of the City of New Orleans and other applicable law.

Sec. 10-79. Notice.

Where the holder of, or applicant for, an alcoholic beverage permit and the owner of the real property are different and a permit has been denied, suspended or revoked, or remedial sanctions have been imposed under this article, in addition to the notification required to be given to the holder thereof, or applicant therefor, the department of finance, the department of safety and permits, or the alcoholic beverage control board, as appropriate, shall notify one or more of the owners of the real property upon which the business, in the name of which the alcoholic beverage permit was issued, is located.

(Code 1956, § 5-59; M.C.S., Ord. No. 18,053, § 1, 2-6-97; M.C.S., Ord. No. 27737, § 1, 4-19-18)

Sec. 10-80. Standing before board.

Any person desiring to appear before the alcoholic beverage control board relative to the appeal of the denial of an alcoholic beverage permit by the department of safety and permits or the suspension or revocation of an alcoholic beverage permit by the alcoholic beverage control board or the imposition of remedial sanctions by the alcoholic beverage control board shall have standing before the board.

(Code 1956, § 5-60; M.C.S., Ord. No. 18,054, § 1, 2-6-97; M.C.S., Ord. No. 27737, § 1, 4-19-18)

Sec. 10-81. Rules of procedure.

The alcoholic beverage control board shall adopt rules and regulations relating to the conduct of its proceedings; provided, however, that such rules and regulations shall not become effective until such time as they are inscribed in its rules of procedures.

DIVISION 3. APPLICATION

Sec. 10-101. Form and content.

All applications for permits to engage in any business or operation regulated by this chapter shall be in writing and sworn to before a notary public or any other officer authorized by law to administer oaths. Applications shall contain the full name of the applicant, with his or her correct home address, the correct address for the premises to be permitted, and a mailing address, if different, as well as an e-mail address where the applicant will receive notices provided by this chapter, and shall contain sworn statements showing that the applicant is a natural person, and that he or she, and his or her spouse, if any, possess the below qualifications. The Department of Safety and Permits and New Orleans Police Department shall be charged with the duty of making investigations to ensure that all of the required qualifications provided herein and elsewhere in this chapter are satisfied before permit issuance, and continue to exist during the duration of the permit, along with any renewals relative thereto. Such requirements are as follows:

(1) That the applicant is over 18 years of age.

(2) If requested by the department of safety and permits, the applicant must give concise and correct previous home addresses in which the applicant has lived for a period of the past five years prior to making application for a permit. The department of safety and permits may also request that if such applicant has engaged in the sale of alcoholic beverages within five years of the date of the application, then the applicant shall also give a correct and concise address of previous businesses so conducted within the past five years, together with the name under which the business was conducted.

(3) That the applicant has not been convicted of a felony under the laws of the United States, this state, or of any other state or sovereignty (a) during the previous five years or (b) during the minimum period necessary to comply within La. R.S. 26:80 and 26:280, whichever is less. Any convictions for charges expunged or pardoned shall not be considered.

(4) That the applicant has been a citizen or resident alien of the United States continuously for a period of not less than two years preceding the date of the filing of such application. However, the requirements as to United States citizenship and residency do not apply to wholesalers or retailers who held permits on or prior to January 1950.

(5) That the applicant has designated an agent located in this city to receive service of process and submits to personal jurisdiction within Orleans Parish. An applicant who is a resident of Orleans Parish may designate him or herself as such agent.

(6) That the applicant is the owner of the premises wherein the business or operation is to be conducted or has a bona fide written lease for the same. A true copy of such lease or rental agreement shall be filed with the application.

(7) That the applicant is not the spouse of a person who is ineligible for a permit, unless legally separated. However, the age, residency and citizenship of an applicant's spouse shall in no event be a ground for denial of a permit. Additionally, a permit may be granted or renewed, even though the applicant's spouse has been convicted of a felony, if the applicant

had state and local permits prior to the felony conviction, and if the applicant either:

a. Has a regime of separation of property, pursuant to La. Civil Code Article 2370, and is the owner of the premises or has bona fide written lease therefor, or;

b. Owns the permitted premises as the applicant's separate property, pursuant to La. Civil Article 2341.

(8) That the applicant has not had a license or permit to sell or deal in alcoholic beverages issued by the United States, this state, this city or by any other state, sovereignty, parish or county revoked within a one year period prior to the application for nonpayment of proper license taxes or other taxes in connection with such business; and that the applicant has not had a license or permit to sell or deal in beverage alcohol, issued by the aforementioned governmental jurisdictions authorized to issue permits or licenses, revoked for any other reason other than the nonpayment of taxes within two years prior to the application.

(9) That if any applicant is a partnership or anyone in partnership with or financed by another, all members of the partnership and/or all the persons in any way financially interested in the business must also be qualified to obtain a permit. The application shall state the full names of all partners and persons financially interested and furnish their proper addresses, and each must furnish his sworn affidavit showing his qualifications as required of an applicant.

(10) That a current federal wagering stamp has not been issued to any applicant; or, if the applicant is a corporation, that a current federal wagering stamp has not been issued to it or to any of its managers, officers, directors, stockholders or employees, or, if the applicant is a partnership, that there has not been issued to it or to any of its managers, employers, officers or partners, including partners in commendam, a current federal wagering stamp.

(11) A copy of the application shall be served on the owner of the premises where the applicant intends to operate and do business. Such service shall be made at the last known address of such owner or on his agent, and proof of such service shall be furnished by the applicant to the city.

(12) A retail dealer shall provide its monthly revenue from the sale of food and nonalcoholic beverages, and its alcoholic beverage sales, for the calendar year preceding the submission of a renewal application. The required record of sales figures shall be submitted on a form supplied and approved by the department of finance.

(13) There are no outstanding property or sales taxes owed at the ABO location. If the applicant is a lessee and the denial of a permit is based upon delinquent property taxes, the alcoholic beverage control board may waive this requirement if it finds the lessee is acting in good faith and a waiver will avoid undue hardship to the lessee. This exception shall not apply if the property owner and the applicant are under common ownership or control.

(Code 1956, § 5-20; M.C.S., Ord. No. 18,190, § 1, 4-3-97; M.C.S., Ord. No. 27065, § 1, 9-8-16; M.C.S., Ord. No. 28191, § 1, 10-3-19; M.C.S., Ord. No. 30449, § 1, 9-11-25)

State law reference—Application for permit, R.S. 26:77 et seq., 26:277 et seq.

Sec. 10-102. Additional requirements.

(a) If the applicant for a permit under the provisions of this chapter is a state corporation, one of the officers of such corporation and the person who shall conduct or manage the business shall all possess the qualifications required of an applicant, to be shown by the sworn affidavit of each, together with fingerprints and photographs as required of an applicant. However,

the requirement as to residence does not apply to officers of a corporation, if the corporation was the holder of a permit on January 1, 1950.

(b) If the applicant for a permit under the provisions of this chapter is a domestic limited liability company, one of the members or managers of such limited liability company and the person who shall conduct or manage the business shall all possess the qualifications required of an applicant, to be shown by the sworn affidavit of each, together with fingerprints and photographs as required of an applicant.
(Code 1956, § 5-22; M.C.S., Ord. No. 18,055, § 1, 2-6-97)

State law reference—Similar provisions, R.S. 26:80(c), 26:280(c).

Sec. 10-103. Additional requirements.

(a) If the applicant for a permit under the provisions of this chapter is a foreign corporation, the registered, authorized and qualified agent in this state shall possess the qualifications required of an applicant, as well as the person who is to conduct or manage the business, such qualifications to be shown by a sworn affidavit of each, together with fingerprints and photographs, as required of an applicant.

(b) If the applicant for a permit under the provisions of this chapter is a foreign limited liability company, then the registered, authorized and qualified agent in this state shall possess the qualifications required of an applicant, as well as the person who is to conduct or manage the business, such qualifications to be shown by a sworn affidavit of each, together with fingerprints and photographs, as required of an applicant.
(Code 1956, § 5-23; M.C.S., Ord. No. 18,056, § 1, 2-6-97)

State law reference—Similar provisions, R.S. 26:80(c), 26:280(c).

Sec. 10-104. Additional affidavit required of partner, etc.

Each person who is a partner or financially interested with the applicant in any proposed business or operation shall furnish with the application for a permit regulated by this chapter his sworn affidavit showing his qualifications as required of an applicant.
(Code 1956, § 5-24)

State law reference—Similar provisions, R.S. 26:80(B), 26:280(B).

Sec. 10-105. Additional requirements when business to be conducted by manager, etc.

(a) If an applicant's business permitted under the provisions of this chapter is to be conducted wholly or partly by one or more managers or other representatives, such person must also possess the qualifications required of the applicant, as shown by affidavits, fingerprints and photographs as required of an applicant.

(b) Persons applying for a manager's permit need not be a citizen of the United States but only shall have maintained a residence in this state continuously for a period of not less than two years prior to the date of filing for such manager's permit.
(Code 1956, § 5-25)

State law reference—Similar provisions, R.S. 26:80(D), 26:280(D).

Sec. 10-106. How application mailed.

All applications for permits regulated by this chapter shall be mailed or delivered to the department of safety and permits and, when an applicant must also apply for one or more local permits, all applications shall be mailed and delivered to the respective authorities, including the state, within 24 hours of each other. If the applicant fails in this respect the application may be withheld and the permit denied.
(Code 1956, § 5-26; M.C.S., Ord. No. 27737, § 1, 4-19-18)

State law reference—Submission of applications, R.S. 26:79, 26:279.

Sec. 10-107. Issuance of temporary permit.

(a) The department of safety and permits shall issue a 90-day temporary alcoholic beverage outlet permit, and, if applicable, a temporary mayoralty permit for live entertainment and recommend to the department of finance the

approval of a temporary occupational license within ten calendar days of the submission of a complete application, provided that:

(1) The use specified in the alcoholic beverage outlet permit application, occupational license, and if applicable, the temporary mayoralty permit for live entertainment, is a permitted use, valid conditional use, or valid legal non-conforming use within the zoning district of the subject property.

(2) Neither the applicant nor the listed business owner(s) have been found guilty of a violation related to alcoholic beverage sales or public safety within the previous 365 days.

(3) Neither the applicant nor the listed business owner(s) have applied for more than one temporary alcoholic beverage outlet permit for the subject property within 365 days of submission of a complete application.

(b) Within five calendar days of the issuance of a temporary alcoholic beverage outlet permit, the department of finance shall issue a 90-day temporary occupational license pursuant to section 150-953 of this Code.

(c) For the purposes of this section, a "complete application" means the submission of the following:

(1) Application for an occupational license, an alcoholic beverage outlet permit, and, if applicable, a temporary mayoralty permit for live entertainment;

(2) State alcoholic beverage permit;

(3) State health permit;

(4) State fire marshal approval;

(5) Approval of the district councilmember for the subject property for the temporary alcoholic beverage outlet permit, the temporary occupational license, and, if applicable, the temporary mayoralty permit for live entertainment; and

(6) Payment of all applicable permit and license fees.

(d) Each of the temporary alcoholic beverage outlet permit, temporary occupational license, and, if applicable, temporary mayoralty permit for live entertainment expire 90 days after issuance and shall not, on its own, entitle the applicant to an alcoholic beverage outlet permit, occupational license, or mayoralty permit for live entertainment or automatic renewal thereof, as issued under the authority of this chapter.

(e) If a building permit has been issued to the applicant for construction or renovation of the applicant's premises, the department of safety and permits shall not issue a temporary alcoholic beverage outlet permit until a temporary or final certificate of occupancy is issued in connection with the construction or renovation of the applicant's premises.

(f) Temporary alcoholic beverage outlet permits, temporary occupational licenses, and, if applicable, temporary mayoralty permits for live entertainment shall not be renewed.

(g) The provisions of this section shall cease to be effective on July 1, 2027. Nevertheless, any temporary alcoholic beverage outlet permit issued prior to this sunset date shall remain valid until its 90-day expiration date.

(h) The director of the department of safety and permits may deny a temporary alcoholic beverage outlet permit when there is one or more outstanding health, safety, or building violations associated with the subject property, that, in the opinion of the director, present a serious threat to the health, safety, or welfare of the public; provided, however, the director shall provide written justification to the applicant within five days of denying the permit. The written justification shall specifically identify and explain the serious threat to the health, safety, or welfare of the public. If the applicant disagrees with the denial of the permit by the director of the department of safety and permits, the applicant may appeal the denial of the permit to the chief administrative officer or his designee within 15 calendar days of the director's decision to deny the permit.

(i) The failure to grant or deny any of the temporary permits created by this section or license created by section 150-153(b) within 15 calendar days results in the automatic issuance of the temporary alcoholic beverage outlet permit, a temporary occupational license, and, if applicable, a temporary mayoralty permit for live entertainment.

(j) Within five calendar days of denying a temporary alcoholic beverage outlet permit, or, if applicable, a temporary mayoralty permit for live entertainment, the department of safety and permits shall inform the applicant in writing of the specific reason(s) for denying the temporary permit. Within five calendar days of denying a temporary occupational license, the department of finance shall inform the applicant in writing the specific reason(s) for denying a temporary occupational license. If the applicant disagrees with the denial of a temporary alcoholic beverage outlet permit, temporary occupational license, or, if applicable, temporary mayoralty permit for live entertainment, the applicant may appeal the denial to the chief administrative officer or his designee with 15 calendar days of the denial decision.

Editor's note—M.C.S., Ord. No. 27737, § 1, adopted April 19, 2018, repealed § 10-108, which pertained to issue of temporary number pending investigation and derived from Code 1956, § 5-28.

Sec. 10-109. Reserved.

Editor's note—M.C.S., Ord. No. 27737, § 1, adopted April 19, 2018, repealed § 10-109, which pertained to operation under temporary number to cease if application rejected and derived from Code 1956, § 5-29.

Sec. 10-110. Investigation by administrative agencies.

(a) The department of safety and permits shall conduct whatever investigations may be required to properly certify that the proposed business location complies with:

(1) The building code of the city, as amended;

(2) The comprehensive zoning ordinance of the city, as amended;

(3) Section 10-236, as amended, regarding the proximity of such business to playgrounds, churches, public libraries or schools; providing that the department of safety and permits may issue permits to business locations which do not comply with section 10-236, but which are lawfully permitted to sell alcoholic beverages for the year 1985 and providing that if the property is a legal nonconforming use, that it has maintained its status as a nonconforming use in accordance with the provisions of the comprehensive zoning ordinance, as amended;

(4) Section 10-312, as amended, regarding the certification of the distances of adjacent property from the proposed business within certain portions of the Vieux Carré; and

(5) Other ordinances affecting land use, including special conditions on the use of property or sale of the alcoholic beverages at a location which has been imposed by ordinance.

(6) Compliance with all applicable provisions of the Code of Ordinances of the City of New Orleans.

The department of safety and permits shall not issue permits if the location does not comply with such requirements.

(b) The department of safety and permits shall also forward a copy of the application to the police department for the purposes of making proper investigations of the statements contained therein, and the police department shall certify, in writing, to the department of safety and

permits with reference thereto; also, relative to any other matters which might affect the qualifications of all persons required to qualify under this chapter. The department of safety and permits shall not issue permits if the department of safety and permits finds that all persons required to qualify under this chapter are not qualified to be issued an alcoholic beverage permit.

Sec. 10-112. Reserved.

Editor's note—M.C.S., Ord. No. 27737, § 1, adopted April 19, 2018, repealed § 10-112, which pertained to additional investigation and coordination by Vieux Carré Commission and derived from Code 1956, § 5-33.

Sec. 10-113. Continued investigation and revocation on subsequent findings.

All applicable administrative agencies shall continue investigating the qualifications of all applicants for permits under the provisions of this chapter. Subsequent to the issuance of permits, should it be ascertained that the applicant was not qualified for the permit under the provisions of this chapter, or that the applicant falsified the application, the department of safety and permits shall take immediate steps, on its own volition or at the written request of any other local authority, to begin the process to suspend or revoke the permit.
(Code 1956, § 5-41; M.C.S., Ord. No. 27737, § 1, 4-19-18)

Sec. 10-114. Denial of permit for lack of qualifications.

If the applicant for a permit under this chapter or any other person required to have the same qualifications does not possess the required qualifications, the permit shall be denied.
(Code 1956, § 5-34)

State law references—Qualifications of applicants, R.S. 26:80, 26:280; misstatement or suppression of fact, R.S. 26:84, 26:282; authority of commissioner and local authorities to withhold permit, R.S. 26:86, 26:283; procedure for determination to issue or withhold permit, R.S. 26:87, 26:284; local regulatory ordinances, R.S. 26:493.

Sec. 10-115. Misstatement or lack of qualifications ground for denial or revocation of permit.

Any misstatement or suppression of facts in any application for a permit under this chapter or accompanying affidavit shall be grounds for refusal of the permit or suspension or revocation thereof if already issued. Likewise, if the applicant or any other person required to have the same qualifications does not possess such qualifications or if any of them has violated or failed to

comply with any requirements of this chapter, the permit shall be denied or revoked if already issued.
(Code 1956, § 5-36)

Sec. 10-116. All partners, etc., must be qualified.

If any applicant for a permit under the provisions of this chapter is a partnership or anyone in partnership with, or financed by another, all members of the partnership or all the persons in any way financially interested in the business must also be qualified to obtain a permit.
(Code 1956, § 5-40)

State law references—Qualifications of applicants, R.S. 26:80, 26:280; misstatement or suppression of fact, R.S. 26:84, 26:282; authority of commissioner and local authorities to withhold permit, R.S. 26:86, 26:283; procedure for determination to issue or withhold permit, R.S. 26:87, 26:284; local regulatory ordinances, R.S. 26:493.

Sec. 10-117. Permit not to be issued to agent or associate of unqualified person.

If a permit is granted to any person who is or has been engaged in any regulated beverage business with any person whose application for a permit has been denied, the permit may be suspended or revoked. No permit shall be issued to any person who himself may be qualified but who is an interposed person, agent, employee or representative for the owner or proprietor of the business and, if issued, the permit shall be revoked when the facts are discovered.
(Code 1956, § 5-37)

Sec. 10-118. Denial of permit for conviction of crime.

If the applicant for a permit under the provisions of this chapter has been convicted within a period of five years of a felony or of a misdemeanor involving moral turpitude, the permit shall be denied.
(Code 1956, § 5-35)

State law references—Qualifications of applicants, R.S. 26:80, 26:280; misstatement or suppression of fact, R.S. 26:84, 26:282; authority of commissioner and local authorities to withhold permit, R.S. 26:86, 26:283; procedure for determination to issue or withhold permit, R.S. 26:87, 26:284; local regulatory ordinances, R.S. 26:493.

Sec. 10-119. Permit not issued to tax delinquent applicant.

No permit under the provisions of this chapter or renewal thereof shall be issued to any person or dealer who is delinquent in payment of any taxes due the city or state arising from the operation of a business dealing in alcoholic beverages.
(Code 1956, § 5-38; M.C.S., Ord. No. 16,722, 10-20-94)

State law references—Qualifications of applicants, R.S. 26:80, 26:280; misstatement or suppression of fact, R.S. 26:84, 26:282; authority of commissioner and local authorities to withhold permit, R.S. 26:86, 26:283; procedure for determination to issue or withhold permit, R.S. 26:87, 26:284; local regulatory ordinances, R.S. 26:493.

Sec. 10-120. Permittees prior to 1950 need not be citizens.

The requirements as to state citizenship do not apply to wholesalers or retailers who held permits under the provisions of this chapter on or prior to January, 1950.
(Code 1956, § 5-39)

State law references—Qualifications of applicants, R.S. 26:80, 26:280; misstatement or suppression of fact, R.S. 26:84, 26:282; authority of commissioner and local authorities to withhold permit, R.S. 26:86, 26:283; procedure for determination to issue or withhold permit, R.S. 26:87, 26:284; local regulatory ordinances, R.S. 26:493.

Sec. 10-121. Procedure for withholding or denying permits.

(a) The procedure for withholding or denying permits shall be brought about in the manner as set out in this section.

(b) Upon receipt of an application for a permit or upon receipt of an affidavit for a renewal of a permit, the department of safety and permits shall conduct an investigation to determine

whether the application meets all of the requirements of this chapter. After the department of safety and permits has completed its investigation and received reports regarding the application from the other departments of the city, as required in this division, then the department shall determine whether the application for the permit or the affidavit for a renewal of a permit shall be granted or denied.

(c) If the department of safety and permits finds that the application for the permit or the affidavit for a renewal of a permit is not in compliance with this chapter or that the applicant does not meet the qualifications required by this chapter, then the department shall deny the application for a permit or affidavit for renewal of a permit. This denial shall be communicated to the applicant by registered or certified mail, giving the specific reason for such denial.

(d) In order to afford every person a full opportunity to be heard, it is hereby provided that when an application for a permit or a renewal thereof is denied, the applicant, within ten days from the date of notification of such denial, may petition in writing to the alcoholic beverage control board for a review of the action taken by the department of safety and permits in denying or withholding the issuance of a permit or a renewal thereof. Upon receipt of such written petition for a review of the action taken, the alcoholic beverage control board shall notify the petitioner of the date and time of the hearing. The hearing shall be held no later than 35 days after the date on which the petition is filed. Such hearing may be conducted by a member or members of the alcoholic beverage control board designated by such board.

(e) At this hearing, the director of the department of safety and permits or the director's duly designated representative and the city attorney or an assistant city attorney shall be present to assist in presenting the facts in the particular case to the alcoholic beverage control board or its designate. At such a hearing, the applicant shall appear in person and may be represented by counsel.

(f) After reviewing the file in the case and considering the evidence, the alcoholic beverage control board or its designate shall determine whether the action of the department of safety and permits in denying the issuance of the permit or a renewal of a permit should be upheld or reversed. Should the applicant fail to appear for the hearing, the alcoholic beverage control board shall nevertheless decide the matter without further delay.

Sec. 10-122. Fees.

Applicant for permits under this chapter shall pay for each permit on or before starting business according to the following schedule:

(1) Retailers of beverages of low alcoholic content, whether to be sold in package or to be consumed on the premises for which the permit is issued, $135.00.

(2) Wholesalers of beverages of low alcoholic content, $135.00.

(3) Retailer of beverages of high alcoholic content, whether to be sold in package or to be consumed on the premises for which the permit is issued, $500.00.

(4) Wholesalers of beverages of high content, $500.00.

(5) Whenever the premises for which permits are issued to a retailer of beverages of low and high alcoholic content occupies a single building situated both in the parish and an adjoining parish, the respective permit fees as fixed in subsections (1) and (3) of this section shall be reduced to such amounts which, together with the permit fees paid to such adjoining parish, will equal the sum of $135.00 in the case of beverages of low alcoholic content, and $500.00 in the case of beverages of high alcoholic content; provided, however, that in no event shall the permit fees to be

paid the city under such circumstances be less than 50 percent of the fees prescribed by subsections (1) and (3) of this section.

(6) Retailers of sparkling or still wine with an alcoholic content less than 20 percent to be sold in package only, $300.00. The provisions of this subsection apply only where no other high or low alcoholic beverage permits are issued for the designated premises.

(7) Manager's permit, $100.00 per year. Such permit shall be valid for one year from date of issuance and shall be nontransferable and valid in any retail alcoholic beverage outlet in the city.

(8) Upon application to the bureau of revenue for a new alcoholic beverage outlet permit or for an alcoholic beverage permit that constitutes a change of ownership only (excluding yearly renewals of existing permits) in the Vieux Carré section of the city, any area of the city under the jurisdiction of the New Orleans Historic District Landmarks Commission (NO HDLC) or the Central Business District Historic District Landmarks Commission (CBD HDLC), or any area of the city that is subject to any moratorium on the issuance of alcoholic beverage permits at the time of application, the Vieux Carré Commission, Historic District Landmarks Commission, and/or the department of safety and permits shall charge a $50.00 nonrefundable processing fee on each such application received by the bureau of revenue and reviewed by the respective commission or department. Upon issuance of a valid alcoholic beverage outlet permit by the bureau of revenue, an additional $125.00 will be charged by the Vieux Carré Commission, Historic District Landmarks Commission and/or the department of safety and permits. All such fees will be collected by the bureau of revenue. In accordance with section 166-1, the Vieux Carré section of the city is hereby defined to comprise all that area within the city limits within the following boundaries: River, uptown side of Esplanade Avenue, the river side of North Rampart Street and the lower side of Iberville Street.

(9) Not less than 26 percent of the revenues generated by the fees established in paragraphs (1) and (2) above shall be allocated annually for enforcement of laws and regulations concerning sale of alcoholic beverages; the mayor's recommended budget shall specifically identify the allocation.

(Code 1956, § 5-9; M.C.S., Ord. No. 18,141, §§ 1, 2, 3-20-97; Ord. No. 19,964, § I, 12-12-00; M.C.S., Ord. No. 24293, § 1, 2-17-11; M.C.S., Ord. No. 29309, § 1, 1-19-23)

State law reference—Permit fees, R.S. 26:71, 26:74, 26:271, 26:274.

Sec. 10-123. Permit fees due annually and penalties thereto.

(a) The permit fees fixed and established for retailers and wholesalers of beverages of low alcoholic content, as provided in section 10-122, shall be due and payable on April 1 for the ensuing year. Failure to timely pay permit fees shall result in the imposition of delinquency penalties, as provided in subpart (b). If not renewed by June 30, in addition to penalties, an applicant shall be required to submit a new application.

(b) The delinquency penalty relative to low content shall be 25 percent over and above the regular fee, beginning five days after April 1, if the failure to pay is for not more than 30 days. There shall be an additional five percent penalty for each additional 30 days or fraction thereof during which the failure continues, but in no event shall delinquency penalties continue to accrue after June 30 when a new application is required.

(c) The permit and fees fixed and established for retailers and wholesalers of beverages of high alcoholic content, as provided in section 10-122, shall be due and payable on April 1 for the ensuing year. Failure to timely pay permit fees shall result in the imposition of delinquency penalties, as provided in subpart (d). If not

renewed by June 30, in addition to penalties, an applicant shall be required to submit a new application.

(d) The delinquency penalty relative to high content shall be five percent over and above the regular fee, beginning five days after April 1, if the failure to pay is for not more than 30 days. There shall be an additional five percent penalty for each additional 30 days or fraction thereof during which the failure continues, but in no event shall the delinquency penalties continue to accrue after June 30 when a new application is required.

(e) Should it become necessary for the city to make a claim in any court of competent jurisdiction for all or a portion of any of the permit fees and penalties provided in this chapter, an additional charge often percent may be added for attorney fees.

(Code 1956, § 5-11; M.C.S., Ord. No. 16,719, 10-20-94; M.C.S, Ord. No. 21652, § 1, 8-19-04; M.C.S., Ord. No. 28191, § 1, 10-3-19)

Sec. 10-124. Department of safety and permits, authority.

The department of safety and permits shall coordinate with the New Orleans Police Department and the department of finance in determining if an applicant satisfies the requirements of this chapter, prior to permit issuance or renewal. But the department of safety and permits shall ultimately determine permit eligibility, subject to appeal as provided in section 10-4(c).

(Code 1956, § 5-12; M.C.S., Ord. No. 16,720, 10-20-94; M.C.S., Ord. No. 28191, § 1, 10-3-19)

Sec. 10-125. Permits to be displayed.

(a) All permits issued under the provisions of this chapter shall be displayed in a conspicuous place at all times on the premises. If the establishment's ability to sell alcoholic beverages is granted by ordinance from the city council, the operating provisos relative to that use shall also be displayed. Failure to display the aforementioned shall constitute a violation of this chapter.

(b) All permits issued under the provisions of this chapter shall include the following information:

(1) The name of the permit holder;

(2) The location of the permitted business;

(3) The account number and permit number of the permitted business;

(4) The type of permit: low alcoholic content, high alcoholic content, or both;

(5) Whether the permit is for alcoholic beverage consumption on premise or off-premise;

(6) The issuance date of the permit;

(7) The expiration date of the permit;

(8) The date the permit renewal application is due;

(9) A statement that the permit must be displayed in a conspicuous location; and

(10) A statement that the permit is not transferable, assignable, or heritable and is only for the business and address listed thereon.

(Code 1956, § 5-16; M.C.S., Ord. No. 28191, § 1, 10-3-19; M.C.S., Ord. No. 30450, § 1, 9-11-25)

State law reference—Necessity of display, R.S. 26:76, 26:276.

Sec. 10-126. Information to be provided—Effects of alcohol during pregnancy.

(a) Each alcoholic beverage permittee shall inform all purchasers and potential consumers of alcoholic beverages who enter upon the premises to which the permit applies of the possible dangers to infants born to women who consume alcoholic beverages during pregnancy. Each alcoholic beverage permittee shall discharge this duty by providing the following warning on an informational sign posted in the restrooms of their facility:

> WARNING: Drinking alcoholic beverages during pregnancy may cause severe mental and physical birth defects.

Such signs shall be not less than ten inches by ten inches in size and shall be conspicuously

displayed so as to be readable. Letters thereon shall be not less than three-eighths inch in height and shall be printed on contrasting background and in a legible manner.

(b) The permittee shall not be obliged to provide such warning on an informational sign posted in the restrooms of their facility if they are providing such warning on an informational card distributed to all patrons and/or on menus used in their establishment. Such cards shall be not less than three inches by five inches in size and shall be printed on contrasting background and in a legible manner.

(c) The permittee shall be exempt from providing such warning on an informational sign or card if the permittee's license is limited to the sale of alcoholic beverages for consumption only off of the licensed premises.
(Code 1956, § 5-16.1)

Sec. 10-127. Price schedule to be posted and available to patrons.

(a) Every person holding a city liquor permit or a city beer permit whose principal business or operation consists of selling alcoholic beverages shall post in his retail alcoholic beverage outlet in at least two places on such premises signs showing the current prices charged for drinks containing alcoholic beverages or beer; provided, that any charge less than $1.00 need not be posted.

(b) At least one such sign shall be placed above the bar in such establishment. The other shall be placed in some other conspicuous place on the premises. Both such signs shall list all the drinks sold; shall be composed of lettering not less than one inch in height; and shall be kept well lighted. The owner of such establishment shall also make available, on request of any patron, a printed paper schedule of such drinks.

(c) If prices of drinks vary in accordance with the hour of the day, such sign shall also contain this information. Any new changes in prices shall be immediately posted in such schedules. Failure to comply with any portion of this section by any liquor or beer permit holders or any agent thereof shall constitute a violation of this chapter.
(Code 1956, § 5-78)

Sec. 10-128. Maintenance of responsible person on permitted premises.

(a) No alcoholic beverage outlet shall operate without someone in attendance with managing authority over such establishment. Every place not directly supervised and managed by the owner permittee shall designate a manager to exercise responsibility over the establishment. Each alcoholic beverage outlet must have an owner or manager on the premises at all times. No owner or manager can simultaneously be in attendance in more than one alcoholic beverage outlet. No alcoholic beverage outlet shall remain open unless the owner or the designated manager is in attendance therein. Owners and managers of such establishments shall notify the department of safety and permits of any change in the managers employed by such establishment within five days of such change. Except spousal requirements, managers must possess all the personal qualifications prescribed by law for owners. Failure of the owner to comply with this section shall constitute a penal violation of this Code.

(b) Designated managers shall obtain from the department of safety and permits a "Manager's Identification Card", that contains the name and photo of the manager, in a form prescribed by the department. The alcoholic beverage outlet shall maintain a "personnel roster" of each manager in the following manner:

Manager ID No.	*Name*	*Present Address*	*Date Employed*	*Date Terminated*
1234	Jane Doe	123 Apple	1/3/2019	2/26/2019

(Code 1956, § 5-67; M.C.S., Ord. No. 27737, § 1, 4-19-18; M.C.S., Ord. No. 28191, § 1, 10-3-19)

State law reference—Qualifications of managers, R.S. 26:80(D), 26:280(D).

Sec. 10-129. Personal nature of permits.

Any permit issued in accordance with the provisions of this chapter shall be a personal privilege and good from the time of issuance

until its expiration as provided in section 10-133, unless sooner revoked or suspended in accordance with law.

Sec. 10-132. Applications for permit renewals.

(a) Every alcoholic beverage outlet permit issued under the authority of this chapter shall expire on May 31 of each year, and must be recertified annually by the department of safety and permits. Applications for renewal shall be submitted by April 1 of each year. The original permit shall be renewed by the permittee to whom it was issued.

(b) If a person holding permits under this chapter fails to file an application for renewal in accordance with this chapter by April 1, the department of safety and permits may temporarily withhold the issuance of a renewed alcoholic beverage outlet permit pending proceedings before the alcoholic beverage control board.

(c) Renewals are subject to all the rules and provisions of this chapter and may be withheld or denied accordingly.

(d) If the department of safety and permits denies an application for renewal or fails to issue a renewal permit for any reason, including but not limited to, a recommendation of denial from any other department or agency of the city, the Director shall promptly issue a written notification and explanation of the denial to both the applicant and the alcoholic beverage control board. This notification shall clearly state the reasons for the denial and inform the applicant of their right to request an appeal to the alcoholic beverage control board. Upon the applicant's timely request for an appeal, the director shall issue a temporary renewal permit to allow continued operations pending the outcome of the appeal. Notwithstanding the foregoing, applicants who have submitted a renewal application after April 1 shall not be eligible for a temporary renewal permit. The provisions of this subsection (d) shall cease to be effective on July 1, 2027. Nevertheless, any temporary alcoholic beverage permit issued prior to this sunset date shall remain valid until its 60-day expiration date.

Sec. 10-133. Notice to permittees during the renewal process.

(a) The department of safety and permits shall notify the alcoholic beverage outlet permittee who is eligible for renewal of all relevant renewal dates, including the expiration date of the permit, the deadline to apply for renewal, and the penalties for failure to renew timely.

(b) The department shall send the notice no later than February 1 of each year by U.S. Mail to the address identified in the permit application or most recent renewal application and the address of the permitted alcoholic beverage outlet, if different; and e-mail to the e-mail address identified by the permittee.

(c) Failure by the department to provide notice in accordance with this section shall not relieve the permittee of any obligation under this chapter except for the delinquency penalties set forth in section 10-123. Such failure shall be considered by the alcoholic beverage control board in assessing late fees, fines, and other penalties.

(a) Under the provisions of this chapter, no permit shall be issued or renewed for any applicant who has not submitted evidence of complying with the following requirements:

(1) All alcoholic beverage outlets shall establish a litter abatement program, certified by the department of safety and permits. Such program shall include the following items:

a. All trash receptacles, excluding dumpsters, shall be located inside of a structure and shall be placed in the public right-of-way on pick-up days only;

b. All litter shall be cleared from the site of the ABO, the adjacent public right-of-way and any accessory parking lot on a daily basis;

c. The applicant shall sweep the public right-of-way adjacent to the petitioned site and any accessory parking lot daily and shall periodically clear it with a watering hose as needed;

d. Assignment must be made of a particular individual, be it the manager, owner, etc., as the contact person to notify should a violation of the litter abatement program occur;

(2) The applicant shall screen any dumpster used in conjunction with the petitioned site which is visible from the public right-of-way or parking area with a six-foot opaque fence with gates. No dumpster is permitted to be placed within the public right-of-way.

(b) Any individual who has knowledge of any alleged violations of this chapter may submit allegations to the department of safety and permits for review and investigation.

DIVISION 4. REVOCATION OR SUSPENSION OF PERMIT

Sec. 10-156. Procedures for investigation, revocation, suspension, and for imposition of remedial sanctions.

The procedures governing the investigation of alcoholic beverage permit holders, and the revocation or suspension of alcoholic beverage permits, and the imposition of remedial sanctions are contained in this division.
(Code 1956, § 5-57; M.C.S., Ord. No. 18,058, § 1, 2-6-97)

State law references—Authority to establish alcoholic beverage control board, R.S. 33:4785 et seq.; cause necessary to withholding, suspending, or revoking of permit, R.S. 26:291; local regulatory ordinances, R.S. 26:493.

Sec. 10-157. Grounds for revocation or suspension of permit or remedial sanctions.

(a) Any city retail alcoholic beverage permit may be suspended or revoked, with or without remedial sanctions as set forth in section 10-160, for any one of the following reasons:

(1) Selling or serving alcoholic beverages to any person under the age of 21 years.

(2) Selling or serving alcoholic beverages to any intoxicated person.

(3) Unless otherwise permitted by law, allowing or permitting any person under the age of 18 years to visit or loiter on any premises where alcoholic beverages are the principal commodity sold.

(4) Allowing or permitting any disturbance of the peace or improper conduct on the permitted premises. Improper conduct, as specified in this subsection, shall consist of convictions of chapter 54 of the Code of the City of New Orleans - the city's Criminal Code.

(5) Selling any alcoholic beverage not allowed by the city alcoholic beverage permit.

(6) Employing anyone under the age of 18 years when the sale of alcoholic beverages constitutes the main business. Where the sale of alcoholic beverages does not constitute the main business, an employee under 18 shall not sell or dispense alcoholic beverages.

(7) Misstating or suppressing any fact in the application for the city permit.

(8) Operating a retail alcoholic beverage outlet in the city with any person whose alcoholic beverage permit has been revoked or denied, either as partner, agent, spouse, employer, employee, or interposed party.

(9) Failure to pay any sales, amusement or other excise taxes, liens, or fines due to the city or state in connection with the premises.

(10) Violation at the premises of any health or sanitation ordinance of the city or the state.

(11) Violation at the location of any provision of the comprehensive zoning ordinance, M.C.S., Ordinance Number 4,264, as amended; provided, however, that any premises which has acquired a nonconforming use for the sale of alcoholic beverages under such comprehensive zoning ordinance shall not be considered to be in violation thereof by reason of application for renewal of an existing permit or for a new permit if the business conducted on said premise has transferred to a new party, except if such alcoholic beverage permit has not been legally used continuously for a period of six months or more at such location.

(12) Violation at the premises of any of the provisions of the city building code.

(13) Violation at the premises of any special condition, restriction, or proviso relative to land use or sale of alcoholic beverages at the premises imposed by ordinance of the council or specifically contained in any alcoholic beverage permit for the premises.

(14) Conviction of the permit holder of a felony, or the knowing retention of a manager convicted of a felony, under the laws of the United States or any state; or the knowing retention of an employee of the permit holder that is convicted of a felony committed on the permitted premises or in connection with the business. If a juridical entity, a permit holder includes: all partners, officers and directors and all stockholders or members owning in the aggregate more than ten percent of the stock or of the membership interest in a limited liability company and the person or persons who shall conduct or manage the business.

(15) Fraud on the part of an administrative official or employee or on the part of the applicant in connection with the issu-

ance of an alcoholic beverage permit for which, absent such fraud, the permit would not otherwise have been issued.

(16) Error or mistake on the part of an administrative official or employee or on the part of the applicant in connection with the issuance of an alcoholic beverage permit for which, absent such error or mistake, the permit would not otherwise have been issued.

(17) Determination of the existence of a public nuisance, as defined in titles 13, 14 and 40 of Louisiana Revised Statutes or any other applicable law, by a court of competent jurisdiction.

(18) Accepting food coupons distributed by the United States Department of Agriculture as payment for alcoholic beverages and/or tobacco products.

(19) Failing to provide the required information, pursuant to section 10-126, alerting patrons of the possible dangers to infants born to women who consume alcoholic beverages during pregnancy.

(20) Maintaining or creating a nuisance within the meaning of article 667 of the Louisiana Civil Code.

(21) Molesting passersby as prohibited in section 10-158.

(22) Three or more violations of litter ordinances within a period of one year.

(23) Maintaining and operating a retail alcoholic beverage outlet in the city where two or more instances of "drug related criminal activity" or "criminal activity involving violence or weapons" or "maintenance of a nuisance", have occurred as defined in R.S. 13:4711, or weapons on or around the premises within a five-year period, and where the permit holder is deemed responsible or failed to take reasonable action to prevent such conduct. This provision is not intended to penalize an ABO that cooperates with law enforcement in investigating suspected illegal activity.

(24) Failure to comply with requests for audits or installment payments for sales tax, liens, or fines.

(25) Any other violation of this chapter.

(26) Sale without permit. To sell or offer for sale at wholesale or at retail any of the articles taxed in this chapter without first having obtained a city and state permit, and maintaining both at all times during sale(s).

(27) Violation of Code or rules. To violate any lawful rule or regulation made pursuant to this chapter, or violation(s) of the health or sanitary regulations of the City Code or any other provisions that ensure that the business does not disturb the peace or improperly operate.

(28) Refusal of inspection. To refuse to allow, on demand, the department of finance, department of safety and permits, or any office or agent of the city to make at any time a full inspection of any place of business where any of the articles taxed in this chapter are sold or otherwise to hinder or prevent such inspection.

(29) Concealing violations. To use any artful device or deceptive practice to conceal any violation of this chapter, or to mislead any agent of a department tasked with the enforcement of this chapter, or to do any other act tending to defraud the city of its revenue.

(30) Failure to produce invoices. For any retail dealer or his agent or employee to fail to produce, on demand of the department of finance, all invoices of alcoholic beverages bought by him or received at his place of business within six months prior to such demand, unless he can show by satisfactory proof that the nonproduction of such invoices was due to providential or other causes beyond his control.

(31) False invoices. For any person to make, use, present or exhibit to the department of finance or any of its agents any invoices of alcoholic beverages which bear an

untrue date or falsely state the nature or quantity of the goods listed on the invoices as provided by this chapter.

(32) State revocation. If the state suspends or revokes or fails to renew an outlet's permit for the sale of alcoholic beverages.

(33) Intentionally allowing or permitting illegal gambling on the premises.

(b) Allowing or permitting of any of the practices set forth herein provides cause for the alcoholic beverage control board to suspend or revoke a permit, and/or issue remedial sanctions to the permit holder, his servant, agent or employee(s).

(c) The causes for revocation, suspension, and/or for remedial sanctions being imposed set forth in this section shall also constitute penal violations of this Code and shall be in addition to any other regulations or prohibitions now contained in this chapter, except nonpayment of excise taxes.

Sec. 10-158. Molesting passersby.

City retail alcoholic beverage permits issued to retail dealers in connection with the sale of alcoholic beverages of low or high alcoholic content may be suspended or revoked by the alcoholic beverage control board whenever the owner, operator or manager of any establishment whose principal business is the sale of alcoholic beverages for consumption on the premises, or any other person, for or on behalf of such owner, operator or manager, shall permit or allow any doorman, barker, solicitor or other representative or employee of such establishment to touch, grab, manhandle or molest, by the use of any obscene gestures or words, or otherwise, any passersby for the purpose of importuning, inducing, persuading or soliciting such passersby to enter such establishment for the purpose of purchasing any merchandise sold therein, or witnessing any form of entertainment which may be staged therein.

(Code 1956, § 5-58.2)

Sec. 10-159. Illegal gambling prohibited on premises; possession of federal wagering stamps.

(a) No person holding an alcoholic beverage permit and no servant, agent or employee of such a permittee shall intentionally conduct illegal gambling as defined by law on the premises described in the application for the permit.

(b) No person holding an alcoholic beverage permit and no servant, agent or employee of such a permittee shall be the holder of a federal wagering stamp. Any unlawful act or violation of any of the provisions of this section upon the part of any manager, employee, officer, director or stockholder of any applicant or holder of a permit shall not be cause for suspension, revocation or denial of a permit unless it shall appear that the applicant or the holder of a permit had guilty knowledge thereof, or after being informed of such violation fails to take immediate action to prevent a recurrence of such a violation or violations by the person responsible for such violation.

(Code 1956, § 5-73)

State law reference—Similar provisions, R.S. 26:90(6), 26:286(6).

Sec. 10-160. Fines and penalties.

(a) Relative to monetary and taxation violations of this chapter, the alcoholic beverage control board may revoke or suspend an outlet's alcoholic beverage permit, and/or impose one or more of the following remedial sanctions in addition to or as an alternative to any penalty available by law:

(1) The first violation of any such provision of this article shall be punishable by a fine not to exceed $1,000.00 or by imprisonment for not more than six months, or both. The second or any subsequent offense of any such provision of this article shall be punishable by a

fine not to exceed $2,000.00 or by imprisonment for not more than six months, or both. Each day that any violation of this article shall continue shall constitute a separate offense.

(2) Bond for payment of fines.

(b) Relative to all other violations, the alcoholic beverage control board may revoke or suspend an outlet's alcoholic beverage permit, and/or impose one or more of the following remedial sanctions in addition to or as an alternative to any penalty available by law:

(1) The first violation of any such provision of this article shall be punishable by a fine not to exceed $1,000.00 or by imprisonment for not more than six months, or both. The second or any subsequent offense of any such provision of this article shall be punishable by a fine not to exceed $2,000.00 or by imprisonment for not more than six months, or both. Each day that any violation of this article shall continue shall constitute a separate offense.

(2) Limitations on operating hours.

(3) Limitations on the use of the premises.

(4) Institution of security measures at the premises, including:

a. Requiring that the alcoholic beverage outlet install video surveillance systems outside the premises, as dictated by the city, that are capable of archiving video footage for a period of not less than 30 days;

b. Installing lighting systems on the exterior of the premises and/or around the perimeter of the premises; and/or

c. Requiring security guards on premises during particular days/times.

(5) Sound proofing measures.

(6) Bond for payment of fines.

ARTICLE III. RESTRICTIONS AND REGULATIONS

DIVISION 1. GENERALLY

Sec. 10-186. Closure of bars under certain circumstances.

The mayor or the council may, on election days, in the case of riots, fights and disturbances

of any kind; and whenever in the judgment of the mayor or the council it becomes necessary for the maintenance of peace and the preservation of public order, close barrooms or drinking houses. The refusal or neglect of any person to close any barroom or drinking house shall constitute a violation of this chapter and be a misdemeanor. (Code 1956, § 5-79)

Cross reference—Mayor, § 2-31 et seq.

State law reference—Proclamation of state of emergency, R.S. 14:329.6.

Sec. 10-187. Restrictions on use of force by persons employed by bars, lounges, and nightclubs located within the Vieux Carré.

(a) Persons employed by bars, lounges, and nightclubs located within the Vieux Carré may not use any more physical force than necessary to protect themselves or others, including the patrons of the establishment, in accordance with the following specifications:

(1) The use of force or violence by an employee of a bar, lounge, or nightclub upon the person of another is justifiable only when committed for the purpose of preventing a forcible offense against a person or a forcible offense or trespass against property in a person's lawful possession; provided that the force or violence used must be reasonable and necessary to prevent such offense.

(2) The use of a sleeper choke hold, which is defined as compression of the neck by the fist or other object used to occlude the upper airway resulting in collapse of the airway and the carotid arteries causing a decrease in oxygen to the brain, by any employee of a bar, lounge, or nightclub while in the actual discharge of their duties, is strictly prohibited.

(b) Every person employed by a bar, lounge, or nightclub located within the Vieux Carré in a capacity in which the job duties, in whole or in part, involve providing security, within 45 days after commencing employment, must successfully complete every two years the training course required by the Louisiana Responsible Vendor Program, R.S. 26:931 through 26:939, which shall include security personnel training modules and an appropriate course content for early identification and risk minimization of alcohol-related disorderly conduct and any other

matters which compromise internal safety during business operations. This shall be in addition to the server training requirements of the Louisiana Responsible Vendor Program.

(c) In any instance when any physical force is necessary to overcome resistance or aggression, or to otherwise gain control of a patron or others, the employee shall complete a "use of force report," which shall be executed on a form provided by the alcoholic beverage control board. The report shall be maintained on the premises for a period of three years and shall be available for review by the New Orleans Police Department or any authorized law enforcement agency upon request. In any case where injury has occurred, the New Orleans Police Department shall be immediately notified.

(d) It shall be unlawful for any person except owner/manager employed by a bar, lounge, or nightclub located within the Vieux Carré to have on his person a firearm, or other instrumentality customarily used or intended for probable use as a dangerous weapon, while in the actual discharge of their duties.

(e) Upon receipt of an application for employment, a criminal background check shall be performed by the bar, lounge, or nightclub located within the Vieux Carré prior to hiring any individual in a capacity in which the job duties, in whole or in part, involve providing security.

(f) Each owner of a bar, lounge, or nightclub located within the Vieux Carré has an affirmative obligation to secure written acknowledgement from every employee that he/she has received and read a copy of this section and that he/she understands said law. The employee's signed acknowledgement must remain on the premises at all times.

(g) Any time that an officer of the New Orleans Police Department arrives on the scene of any incident at a bar, lounge, or nightclub located within the Vieux Carré, the owner(s)/employee(s) of the establishment must immediately cease any and all use of force and permit the New Orleans Police Department to assume control of enforcement procedures.

(h) Any city alcoholic beverage permit shall be subject to suspension, revocation, or other remedial sanctions as set forth in section 10-160 for any violation of the provisions of this section.

(i) The provisions of this section shall only apply to bars, lounges, and nightclubs located between the river, the uptown side of Esplanade Avenue, the riverside of Rampart Street and the lower side of Iberville Street. The provisions of this section are not intended to apply to restaurants and hotels as defined by the occupational license even though they might have a licensed bar on premises.

Sec. 10-237. Restrictions on retail sales of package liquor near place of worship, schools, etc.

(a) No permit shall be granted for the opening of any use that includes the retail sales of packaged alcoholic beverages within a 300 foot radius of any playground, place of worship, public library, or school.

(b) The provisions of this section shall not apply to a use that includes the retail sales of package alcoholic beverages where the wholesale cost of package liquor stocked and displayed does not exceed 15 percent of the wholesale cost of other merchandise stocked and displayed and where package liquor display does not constitute more than ten percent of all display area and where package liquor is not advertised outside or off the premises. Any permit obtained under this subsection shall be limited to the type or types of establishments represented in the original application. A sworn statement of continued use shall be required before each periodic renewal of such permit and the operation of any additional type or variation of type shall be a violation of this section and cause for the immediate revocation of such license by the department of safety and permits.

(c) The provisions of this section shall not apply to legal ABO locations that are currently and validly permitted to sell alcoholic beverages on the effective date of this ordinance.

(Code 1956, § 5-45.01; M.C.S., Ord. No. 27737, § 1, 4-19-18; M.C.S., Ord. No. 28191, § 1, 10-3-19)

Sec. 10-238. How distance measured.

(a) Pursuant to La. R.S. 26:81(C)(2) the 300-foot radius provided for in sections 10-236 and 10-237 shall be measured as a 300 foot radius from all lot lines of a lot upon which the establishment seeking to be licensed will be located, to the nearest point of the property line of a playground, place of worship, public library, or school.

(b) In section 10-236 and 10-237, "schools" does not include university or vocational education facilities as defined in the Comprehensive Zoning Ordinance.

(c) It shall be unlawful for any person or any other legal entity who is engaged in the operation of any barroom, saloon, cabaret or other place where alcoholic beverages are sold at retail, to be consumed on the premises, to keep or allow to be kept any benches or seats on the sidewalks in the vicinity of any such business establishment.

(d) If a retail or wholesale business has an interruption of the continuity of business for a period in excess of six months, in order to reopen for business, the requirements set forth above must be complied with.

(e) The restrictions contained in this section do not apply to premises which were maintained continuously as a bona fide hotel, railway car or fraternal organization for a period of one year prior to the passage of Ordinance No. 18,537, C.C.S.

(a) The following acts or conduct on the premises of licensed alcoholic beverage outlets are prohibited:

(1) Employment or use of any person in the sale or service of alcoholic beverages in or upon the licensed premises while such person is unclothed or in such attire, costume, or clothing as to expose to view any portion of the female breast below the top of the areola or of any portion of the pubic hair, anus, cleft of the buttocks, vulva, or genitals.

(2) Employment or use of the services of any hostess or other person to mingle with the patrons while such hostess or other person is unclothed or in such attire, costume, or clothing as described in subsection (1) of this subsection.

(3) Encouraging or permitting any person on the licensed premises to touch, caress, or fondle the breasts, buttocks, anus, or genitals of any other person.

(4) Permitting any employee or person to wear or use any device or covering, exposed to view, which simulates the breast, genitals, anus, pubic hair, or any portion thereof.

(b) It shall be unlawful for any alcoholic beverage permittee to permit any person on the licensed alcoholic beverage outlet premises to perform acts of or acts which simulate:

(1) Sexual intercourse, masturbation, sodomy, bestiality, oral copulation, flagellation, or any sexual acts which are prohibited by law.

(2) The touching, caressing, or fondling of the breast, buttocks, anus, or genitals.

(3) The displaying of the pubic hair, anus, vulva, genitals, nipple of the female breast.

State law reference—Similar provisions, R.S. 26:353.

Sec. 10-508. Illegal export sales taxable.

Any shipment by any person in the city of any alcoholic beverages for ultimate delivery to any person in another parish, municipality or other political subdivision in this state shall not, when

the local laws of such parish, municipality or political subdivision of this state prohibit the sale or traffic in alcoholic beverages therein, be recognized as a bona fide out-of-city shipment and the alcoholic beverages in question shall, in all respects, be taxable, and be otherwise subject to the provisions of this chapter.
(Code 1956, § 5-88)

Sec. 10-509. Liquor given away to be taxed.

When a person gives away any alcoholic beverage as a sample or for advertising or any other purpose whatever, it shall be taxed in the same manner as if it were sold, consumed, stored or otherwise used, distributed or handled in the city.
(Code 1956, § 5-89)

State law reference—Similar provisions, R.S. 26:352.

Sec. 10-510. Tax on less than half-pint container.

The tax levied in this division shall be required for a container having less than one-half pint by volume and when the tax computed at the rates herein prescribed shall be for a fraction less than a one-half pint by volume such fractional part shall be rated as not less than one-half pint.
(Code 1956, § 5-90)

Sec. 10-511. Who is liable for tax.

The taxes levied in sections 10-501 and 10-502 of this division shall be collected, as far as practicable, from the dealer who first handles the alcoholic beverages in the city. If for any reason the dealer who first handled the taxable alcoholic beverages has escaped payment of the taxes, those taxes shall be collected from any dealer in whose hands the taxable beverages are found.

State law reference—Examination of dealers' records, R.S. 26:357.

Sec. 10-544. Annual reports and remittances.

(a) Every wholesale dealer that delivers alcoholic beverages to retail dealers within the city shall submit to the department of finance an annual summary report by March 1st detailing the preceding year's sales. The annual summary report shall provide the following information:

1. The corporate/business name and address of each retail dealer sold alcoholic beverages by the wholesale dealer; and
2. A monthly breakdown of total alcohol sales, both high-alcohol and low-alcohol, sold to the retail dealer by category (for example: liquor, beer, wine).

The report shall be submitted in a form and manner prescribed by the department of finance. Failure to submit such report within 30 days from March 1st shall result in a penalty of $100.00 per day when such records are not produced for the first 90 days after March 1st, and $200.00 per day for each day between 91—180 days. For any wholesale dealer who fails to produce such records after 181 days, the penalty shall be $500.00 per day.

(b) The taxes levied in this article shall be due and paid by every wholesaler, manufacturer or dealer with the gallonage tax report referred to in subsection (a) of this section and shall be computed upon the basis of the number of gallons sold, or otherwise disposed of by every wholesaler, manufacturer or dealer during the preceding calendar month. Gallons sold or disposed of shall be deemed conclusively to be gallons on hand at the beginning of the calendar month plus purchases during the calendar month less gallons on hand at the end of the calendar month, less any exempt sales.

(c) The monthly gallonage tax report required by this section shall be made on forms prescribed and furnished by the director of the department of finance and shall include such information as the director of the department of finance may by rule require. Reports shall be accompanied by the taxpayer's remittance in full of the correct amount of taxes due and owing for the period covered by the report.

(d) For accurately reporting and timely remitting the taxes all taxpayers shall be allowed a discount of six percent of the amount of the tax otherwise due. One-sixth of the discount shall be paid by the dealer to the director of the department of finance and shall be retained by the director to defray the cost of administration. When a check or other instrument given in payment of taxes is returned unpaid, the discount is forfeited.

State law reference—Similar provisions, R.S. 26:373.

Sec. 10-573. Release of property under bond.

Upon the filing of the statement referred to in the preceding section the property may be released by the department of finance and delivered to the claimant if claimant shall furnish to the department of finance a good and solvent surety bond with a surety company qualified to do business in the state as surety on the bond in a penal sum of not less than double the appraised value of the goods seized, and in no event less than $50.00, which bond shall be conditioned to pay the department of finance the appraised tax value of the goods, and all costs if the claimant does not prosecute his claim to successful judgment.
(Code 1956, § 5-114)

State law reference—Similar provisions, R.S. 26:373.

Sec. 10-574. Further proceedings to establish rights of claimant.

If it is not practical to make service upon the claimant to the seized property or in case the claimant is a nonresident, the procedure outlined by the state laws and in this chapter may be used in order that the issue may be presented in a court of competent jurisdiction, thereby affording the claimant a fair opportunity to be heard.

If a bond has been furnished by the claimant and the property has been released to him, the judgment of the court, if the contention of the department of finance is sustained, shall be directed against both the claimant and the surety on the bond and shall include all costs from the beginning of the seizure up to the final disposition of the case.

ARTICLE I. IN GENERAL

Sec. 14-1. Permit required for music or other entertainment.

(a) Except as otherwise provided in this chapter, it shall be unlawful to keep any piano, organ or other musical instrument whatsoever for the purpose of performing upon it or having it performed upon in any public park or place of public resort or recreation or in any regularly licensed theatre or restaurant or having any other character of entertainment in such places, unless and until the applicant shall have first applied for and obtained from the director of the department of safety and permits a permit authorizing music or other form of entertainment in such place and location, and subject to any conditions imposed by law.

(b) Notwithstanding anything to the contrary herein, no special event permit shall be issued for an event to occur on property which does not already have an occupational license until the city confirms that the property upon which the event will occur is free and clear of all outstanding property taxes, final administrative judgments and municipal liens.
(Code 1956, § 63-1; M.C.S., Ord. No. 29257, § 1, 11-17-22; M.C.S., Ord. No. 30681, § 2, 6-24-26)

Sec. 14-2. Amusement games in outdoor amusement parks.

(a) Amusement games of skill or amusement games where skill predominates or where the player has the dominant control of the outcome, whether mechanical or manual, whether the contestants participate against each other or not, and which through the outcome of such amusement game or contest do not return to the player or contestant thereof anything but additional free games or awards of merchandise prizes are hereby sanctioned; provided, that the aforesaid games are conducted and operated at outdoor amusement parks, as defined in R.S. 47:354, and licensed to operate in accordance with the provisions of such section.

(b) The provisions of this section shall not apply to any game or games requiring a federal coin-operated gaming device stamp or gaming stamp as presently provided for under existing federal laws.
(Code 1956, § 63-1.1)

State law reference—Regulation of amusement rides and attractions by city, authorized, R.S. 4:7.

Sec. 14-3. Bungee jumping prohibited.

(a) *Definitions.* The following words, terms and phrases, when used in this section, shall have the meanings ascribed to them in this subsection, except where the context clearly indicates a different meaning:

Bungee catapulting or reverse bungee jumping means the sport, activity or practice whereby a person is attached to a bungee cord which is stretched and then released, thus catapulting or otherwise launching the jumper into the air from a fixed position, ultimately intending to bring the person to a stop at a point above the surface.

Bungee cord means the elastic rope made by rubber, latex or other elastic type materials, whether natural or synthetic, to which the jumper is attached. It lengthens and shortens and thus produces a bouncing action.

Bungee jumping means the sport, activity, or other practice of jumping, diving, stepping out, dropping or otherwise being released into the air while attached to a bungee cord, whereby the cord stops the fall, lengthens and shortens, allows the person to bounce up and down, and is intended to finally bring the person to a stop at a point above the surface.

(b) *Prohibition.* It shall be unlawful for any person to engage in the act, sport, or practice of bungee jumping or bungee catapulting or to conduct bungee operations whether mobile or stationery, permanent or temporary, on property owned or leased by the city.

(1) No person shall place equipment utilized in bungee jump operations including cranes, platforms or towers, etc., on property owned or leased by the city.

(2) No person shall use air-space above property owned or leased by the city,

such that, should an accident occur, a person would fall on property owned or leased by the city.

(c) *Violations.* Whoever violates the provisions of this section shall be subject to a mandatory sentence of six months incarceration and/or a fine of not less than $500.00.
(Code 1956, § 63-1.1a)

Cross reference—Offenses and miscellaneous provisions, ch. 102.

State law reference—Regulations of bungee jumping by city, authorized, R.S. 4:7.

Sec. 14-4. Places reserved for mayor and police.

Managers of places of amusement shall reserve, free of charge, places for the mayor, the judges of the municipal court and the superintendent of police and such other of the police as may be necessary to preserve order.
(Code 1956, § 63-2)

Sec. 14-5. Duties of policemen on guard at theatres, etc.

The police officers on guard at theatres, shows, balls or exhibitions of any kind shall be and remain within such balls, theatres or other places of amusement or at or about the entrance thereto and any person connected with such entertainment as owner, agent or employee who shall refuse permission or attempt to interfere with such police officers in the performance of such duty shall be liable to a fine and imprisonment.
(Code 1956, § 63-3)

Sec. 14-6. Officers may enter theatres, etc.

The mayor, the judges of the municipal court and the superintendent of police or any corporal, sergeant or other officer of the police force, specially designated by the superintendent of police, may at any time and at all times enter during performances, theatres, balls and other public entertainments to inspect them and receive reports of police officers on duty.
(Code 1956, § 63-4)

Sec. 14-7. Reserved.

Sec. 14-8. Closing permanently place of public resort.

The mayor shall cause to be closed any place of public resort whenever the maintenance of order and the public safety or tranquility may require it.
(Code 1956, § 63-6)

Sec. 14-9. Prohibition against selling unassigned seating admission tickets.

It shall be unlawful for any promotion corporation, management firm, entrepreneur or sponsoring organization to sell admission tickets to any concerts, programs, plays or events that do not specify a particular reserved seat in any assembly center, auditorium, stadium, theatre or any other place of assembly in the city when the seating capacity of the facility is 2,000 or more.
(Code 1956, § 63-6.1)

State law reference—Regulation of shows and concerts by city, authorized, R.S. 4:7.

Sec. 14-10. Exemptions from unassigned seating prohibition.

The prohibition in section 14-9 shall not apply to high school and college athletic events, including club sponsored athletic events; nor to religious events sponsored by bona fide religious organizations; nor to events where the sponsor has applied for and received a specific exemption from the superintendent of police or his designated agent.
(Code 1956, § 63-6.2)

Sec. 14-11. Criteria for granting exemptions to the unassigned seating prohibition.

In determining whether an event shall be exempt from the prohibition in section 14-9, the superintendent of police, or his designated agent, shall consider the following factors: The facility where the event is to be scheduled; the size, age and anticipated conduct of the audience; and the hazard to the health, safety and welfare of participants, spectators and the community associ-

ated with exempting this particular event. Applications for exemptions to section 14-9 shall be filed with the superintendent of police, or his designated agent, at least 30 calendar days prior to the event date.
(Code 1956, § 63-6.3)

Sec. 14-12. Authority of officer in charge.

For crowd control purposes inside or outside of assembly centers, auditoriums, stadiums, theatres and other places of assembly in the city, the police

officer in charge of the scene of the event shall have the authority to order the placement or removal of barriers, the opening or closing of doors or other passageways, the establishment of checkpoints, or any other crowd control measures deemed necessary. The size, manner, nature and conduct of the crowd, in light of all other facts and circumstances at the time including the number of personnel on the scene to control and/or accommodate the crowd, will be taken into consideration by the police officer in charge when determining appropriate crowd control measures.
(Code 1956, § 63-6.4)

Sec. 14-13. Liabilities of the events management and sponsors.

Nothing in sections 14-1 through 14-12 shall be construed in any way to lessen in any fashion the liability of those responsible for the management and operation of the event. Those responsible for the management and operation of an event shall employ enough personnel to ensure adequate levels of security, safety, health and sanitation.
(Code 1956, § 63-6.5)

Sec. 14-14. Obscene, etc., entertainments.

No person shall, as owner, manager, director, agent or in any other capacity, prepare, advertise, give, present or participate in any obscene, indecent, immoral or impure show or entertainment or in any show or entertainment manifestly tending to corrupt morals.
(Code 1956, § 63-16)

Sec. 14-15. Showing obscene pictures prohibited.

It shall be unlawful for any person, whether as owner, agent, lessee, employer or employee, to operate or exhibit at any moving picture show, theatorium, nickelodeon, theatre or other similar place of amusement in the city any obscene, lewd or vulgar picture, film, slide, view or other representation.
(Code 1956, § 63-17)

Cross reference—Offenses affecting morality, § 54-231 et seq.

Sec. 14-16. Conduct of spectators.

All persons attending any public spectacle are forbidden to commit, either at the doors or in the theatre, lobbies, galleries or corridors, any disorderly acts, to behave riotously, to make any noise, to use violence, insult, indecency or to offer any kind of aggression, to have their hats on while the curtain is raised or to smoke in the theatre, the galleries, lobbies or corridors. Every person who, on being thereto required by any police officer on duty at the public spectacle shall neglect or refuse to observe what is prescribed in this section shall be guilty of an offense.
(Code 1956, § 63-19)

Secs. 14-17—14-35. Reserved.

ARTICLE II. BUILDINGS GENERALLY*

Sec. 14-36. Monthly inspection of wiring, quarterly report.

The department of safety and permits shall supervise and inspect the electric wiring of all theatres, buildings used for public entertainment and places of public amusement at least once a month and furnish the mayor and council with a quarterly report of the condition of such wiring and installation.
(Code 1956, § 63-7)

Sec. 14-37. Recommendations of department.

The department of safety and permits may make recommendations for the installation of electrical energy and its operation in theatres, buildings used for public entertainment and places of public amusement which, in its judgment, may be necessary for the protection of the public interest.
(Code 1956, § 63-8)

Sec. 14-38. Failure to comply forfeits license.

Any failure on the part of any owner, agent or manager of any theatre, building used for public entertainment or place of amusement to comply

*Cross reference—Buildings, building regulations and housing standards, ch. 26.

State law reference—Regulation of theatres by city, authorized, R.S. 4:7.

with the recommendations of the department of safety and permits shall work a forfeiture of their license or permit to give performances and the mayor shall revoke such license upon the report of the director of the department of safety and permits advising such revocation.
(Code 1956, § 63-9)

Sec. 14-39. Obstruction of aisles, etc., of motion picture theatres.

No owner, lessee, proprietor or manager of any theatre, theatorium, nickelodeon, hall, place, opera house or building in the city where theatrical or other performances or exhibitions of moving pictures are given and an admission fee is charged shall permit or suffer any person to congregate, gather, stand or be seated in the aisles, lobbies, entrances or exits of any such building at any time when such theatrical or other performances or exhibition of moving pictures is to take place.
(Code 1956, § 63-10)

Sec. 14-40. Examination of places of public resort; prevention of accidents.

The mayor and the department of safety and permits, as often as they may deem it necessary, shall examine whether theatres and places of public resort are constructed with the requisite solidity and carefully kept in repair, so that the public may assemble there without danger. They shall adopt suitable measures to prevent accidents that might occur from any negligence in that respect on the part of the proprietors, tenants or other persons having the management or direction of such theatres or places of public resort.
(Code 1956, § 63-11)

Sec. 14-41. Registration with the department of health.

Any person operating any theatre, moving picture show or other place of public amusement within the city shall register in the office of the department of health the name of such theatre, moving picture show or other place of amusement, its location and the name of the owner, if an individual, if a firm, the name of its members, and if a corporation, the name of the president.
(Code 1956, § 63-12)

Sec. 14-42. Cleaning and disinfecting.

Every theatre, moving picture show or other place of public amusement or recreation where the public congregate shall be cleansed daily and disinfected at least once each week and at such other time as may be required, with a disinfectant and in a manner to be approved by the department of health or such officer or inspector as may be designated by it.
(Code 1956, § 63-13)

Sec. 14-43. Fire alarm boxes on stages.

A city fire alarm box shall be placed on the stage of every theatre in the city for the purpose of communicating fire alarms direct to headquarters at the city hall, thus avoiding delays in case of emergency.
(Code 1956, § 63-20)

Cross reference—Fire alarms, § 74-46 et seq.

Sec. 14-44. Marking and diagram of exits.

The owner, lessee, manager or other person having charge or control of any theatre in the city shall cause each door and means of exit to be used in the case of fire or panic to be conspicuously numbered so as to be visible to the audience by whom it is to be used and shall have printed in conspicuous type a plan or diagram and explanation showing each of such exits thereon and referring to the numbers aforesaid.
(Code 1956, § 63-21)

Sec. 14-45. Department to enforce; inspections.

The department of health shall enforce the provisions of this article and prosecute all persons charged with violating it and to that end its officers, members, agents, employees, inspectors and appointees may enter any premises or place in the city for the purpose of inspection for violations thereof.
(Code 1956, § 63-14)

Sec. 14-46. Responsibility of members, partners, etc.

(a) When an association of individuals is charged with the violation of any provision of this article, each individual of such association of in-

dividuals, or, if a foreign association of individuals, the local agent or person locally in charge thereof, shall be deemed to represent such association of individuals for the purpose of enforcing this article, and shall be held responsible and punishable for each violation thereof.

(b) When a firm is charged with such violation each member thereof, and if a foreign firm, the local agent or person locally in charge of such firm, shall be deemed to represent such firm for the purpose of enforcing this article and shall be held responsible and punishable for each violation thereof.

(c) When a corporation shall be charged with such violation, the president, or, in his absence, the vice-president or, in the absence of both, the officer or individual in charge of such corporation or, if a foreign corporation, the local agent or person locally in charge thereof shall be deemed to represent such corporation for the purpose of enforcing this article and shall be held responsible and punishable for each violation thereof.
(Code 1956, § 63-15)

ARTICLE III. CIRCUSES*

Sec. 14-66. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Conducted and *conducting* mean not only the exhibition of the circus but also all acts incident to its operation and to bringing it to or removing it from the city.
(Code 1956, § 63-23)

Cross reference—Definitions generally, § 1-2.

Sec. 14-67. Permit required.

Every operator of an itinerant circus shall, before conducting his circus in the city, obtain from the director of the department of safety and permits a permit to do so.
(Code 1956, § 63-22)

Sec. 14-68. Bond required of operator.

The permit required by this article shall be issued only after the operator shall have filed with the director of the department of safety and permits, a bond payable to the city, in the sum of $1,000.00 to indemnify the city for any damages it may sustain during the time such circus shall be conducted in the city as a result of the fault of the operator of such circus or of his agents, servants or employees. Such bond shall contain a stipulation that such operator and his surety consent and yield to the jurisdiction of the civil courts of the state for the parish and waive any plea to the jurisdiction of the court on account of their residence elsewhere upon suit for damages such as are referred to in this section.
(Code 1956, § 63-24)

Sec. 14-69. Cash deposit in lieu of bond.

In lieu of filing the bond required by this article with the director of the department of safety and permits any operator may deposit with the director of the department of finance the sum of $1,000.00 in cash as security to the city against such damages as are mentioned in section 14-68 and upon presentation to the director of the department of safety and permits of the receipt of the director of the department of finance for such deposit the permit required by this article shall be issued.

DIVISION 2. BETTING POOLS*

Sec. 14-226. License fees generally.

(a) There is hereby levied, for general municipal purposes, a license fee of 2.26 percent on the total daily betting pool, on each person, association, corporation, or other entity conducting a race meeting within the parish.

(b) The license fee imposed under this section shall become the property of the city upon the placing of a wager on a race meeting within this parish.

(c) The license fee levied under this section shall be due and payable monthly on the 20th day of each month.

(d) For the purpose of ascertaining the amount of the license fee payable under this section, all persons, associations, corporations, or other entities conducting race meetings within the parish on or before the 20th day of each month, shall transmit to the director of the department of finance, upon forms prescribed and furnished by him, returns showing the gross amounts wagered during the preceding calendar month. Such returns shall show such further information as the director may require to enable him to correctly compute and collect the fee herein levied. Each return shall be signed by the race conductor filing it and his signature thereon shall constitute a warranty on his part that, to the best of his knowledge and belief, it is true and correct. Every race conductor, at the time of making the return required hereunder, shall compute and remit to the director the required fees due for the proceeding calendar month and failure to do so shall cause such fee to become delinquent. Should any return be prepared by a person other than the race conductor, such person shall also affix his signature thereto and warrant the correctness thereof.

*State law reference—Parish license fees for conducting race meetings, R.S. 4:163.1.

Sec. 14-227. False returns.

Any race conductor and/or other person on behalf of such race conductor signing and filing a return under this division subsequently found to be grossly incorrect, false or fraudulent shall be guilty of a misdemeanor and, upon conviction thereof, shall be subject to a fine of not more than $300.00 or imprisonment for not more than 149 days or both, in the discretion of the court.
(Code 1956, § 27-19(e))

Sec. 14-228. Records, reports—Required.

Every race conductor required to make a report and pay any fee under this division shall keep and preserve suitable records of the daily gross wager receipts upon which the fee is imposed under this division and such other books of accounts, ledgers or other information as may be required by the director. These records are to be preserved for a period of three years. All books of account, ledgers and other records of the gross wager receipts shall be open to the inspection, examination and photocopying at all reasonable hours, by the director or any of his duly authorized agents.
(Code 1956, § 27-19(f))

Sec. 14-229. Same—Penalty for violation.

The failure of any race conductor to keep records required by this division or permit the inspection, examination and photocopying thereof by the director or his duly authorized agents, shall be a misdemeanor punishable, upon conviction, by a fine of not more than $300.00 or imprisonment for not more than 149 days or both.
(Code 1956, § 27-19(f))

Sec. 14-230. Penalty for delinquency.

When any license fee payor under this division fails to pay the license fee or any portion thereof on or before the date prescribed for its payment, interest at the rate of 1¼ percent per month shall be added to the amount of the fee due from the due date until paid. In addition to the interest that may be so due, there shall also be collected a penalty of five percent of the fee if the failure to pay is not more than 30 days, with an additional five percent for each 30 days or fraction thereof during which the failure to pay continues. In the

event a suit is filed to collect the fees, interest and/or penalties due, there shall also be collected attorney's fees at the rate of 25 percent on the total amount of fees, interest and penalties due.
(Code 1956, § 27-19(g))

Sec. 14-231. Payment of penalties, interest.

All penalties and interest imposed by this division shall be payable to and recoverable by the director of the department of finance in the same manner as if they were part of the fees imposed.
(Code 1956, § 27-19(h))

Sec. 14-232. Distribution of race tips prohibited.

No person shall be allowed to hawk, peddle or distribute any card, paper or slip, either written by hand or machine, printed or otherwise, supposed to contain what are known as tips on races or any other event, on any street, sidewalk, doorway, steps or streetcar within the city. Nothing in this section shall refer to daily or weekly newspapers.
(Code 1956, § 27-2)

Secs. 14-233—14-275. Reserved.

ARTICLE VI. RIVERBOAT GAMING*

Sec. 14-276. Fee levied.

(a) In accordance with Louisiana Revised Statute 27:93 (2000), there is hereby levied an admission fee of $2.50 for each passenger boarding or embarking upon a riverboat operating on a river, lake, or other waterway with a licensed berth in the city and which is authorized to originate its excursions in the city by the state riverboat gaming commission.

(b) In the alternative, the city may calculate the $2.50 admission fee based upon a monthly percentage of the adjusted gross revenues of the riverboat. The percentage shall accurately reflect an amount equal to the total monthly admission fees charged at $2.50 per passenger

(c) Pursuant to paragraph (b) of this section, the alternative calculation of the $2.50 admission fee for the Belle of Orleans, L.L.C., shall be 5.47 percent of the adjusted gross revenues collected per month by Belle of Orleans, L.L.C.

(d) Adjusted gross revenue means the revenue figure as currently reported by Belle Orleans, L.L.C. to the office of state police, as audited by that office, and used in the computation of state tax. It is the amount as currently defined in Louisiana Revised Statute 27:44(15) (2000), Louisiana Register sections 42 L.R. § 2723(V)(3)(d), 42 L.R § 2735(A), 42 L.R. 2735(C), 42 L.R. § 2736(A), 42 L.R. § 2736(B), 42 L.R. § 2736(C), less the increases in the Caribbean Stud Poker Progressives, as currently authorized by the office of state police.
(Code 1956, § 55A-1; Ord. No. 19,967, § 1, 12-14-00)

Sec. 14-277. When due and payable.

The fee levied by this article shall be due and payable at the time when the passenger boards a riverboat subject to the provisions of this article. The riverboat operator is hereby charged with the duty and obligation to collect and remit the fee to the department of finance. For the purposes of this article, the term "passenger" shall not include an employee of the riverboat operators during his working hours; a contractor or supplier of the riverboat operator performing work or providing goods or services in connection with the riverboat's operation, or a person employed by or acting on behalf of the federal, state or local government while on official government business on the riverboat.
(Code 1956, § 55A-2)

Sec. 14-278. Collection by operator.

The fee authorized in this article may be assumed by the riverboat operator.

Sec. 14-279. Collection of excess fee prohibited.

Whoever advertises or collects in the guise of a riverboat gaming admission fee in excess of the fee actually due is guilty of a misdemeanor.
(Code 1956, § 55A-4)

Sec. 14-280. Report and remittance.

Every riverboat operator subject to the terms of this division shall make reports of the previous month's business on or before the 20th day of the following month, such reports to be accompanied by a certified check, money order or cash for the amount of the fee due as indicated by the report. The monthly report submitted to the department of finance shall be on forms prescribed by the department and shall be signed by the person or riverboat operator remitting the fee, or his duly authorized representative. Such signature shall constitute a warrant on the part of the riverboat operator and the person signing the report that he has read and examined it and that, to the best of his knowledge and belief, the statement and figures therein contained are true, correct and complete.
(Code 1956, § 55A-5)

Sec. 14-281. Inspections.

In order that the department of finance may have additional means of checking and verifying the accuracy of such reports, all the records, books and other documents of riverboat operators and those making such reports as required by the preceding section shall be open for inspection by the department of finance agent at all reasonable hours for a period of four years, commencing with the calendar year in which the fee becomes due and continuing for a period of the three subsequent consecutive calendar years thereafter.
(Code 1956, § 55A-6)

Sec. 14-282. Penalties—Civil.

To further enforce the collection of the fees due under this article, independent of and in addition to the enforcement of the criminal penalties herein provided for under this section, the department of finance and/or the department of law are hereby vested with authority, on motion in a court of competent jurisdiction, to invoke and include in a rule or summary proceeding against a riverboat operator and/or the person responsible for remittance of the fee requiring them to show cause in not less than two nor more than ten days after service thereof, exclusive of holidays, which matter may be tried out of term and in chambers, and shall always be tried by preference, why such riverboat operator should not be enjoined and restrained from further pursuit of the business. In case such rule is made absolute, the order thereon rendered shall be considered a judgment in favor of the city, prohibiting, restraining and enjoining such riverboat operator from further pursuit of the business until such time as he has paid the delinquent fee, penalties, interest, attorney's fees and costs due, and every violation of the injunction shall be considered as a contempt of court and punishable as such according to law.
(Code 1956, § 55A-7)

Sec. 14-283. Same—Additional.

(a) If any fee due under this article is not collected and remitted within the time prescribed herein it shall become delinquent and the riverboat operator, in addition to being liable for the fee plus interest, shall be subject to penalties of 20 percent of the amount of the fee and interest or $500.00, whichever is greater, and attorney's fees of ten percent of the sum of the fee, interest and penalty in all cases where an attorney is required to assist in the collection.

(b) Any person signing and filing a daily or monthly report subsequently found to be grossly incorrect, false or fraudulent or violating any of the other provisions of this article shall, upon conviction, be guilty of a misdemeanor.

ARTICLE VII. PUBLIC INDOOR AND OUTDOOR ENTERTAINMENTS*

Sec. 14-306. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Live entertainment means live performances by musical act, theatrical play or act, including stand-up comedy, magic, dance clubs, disc jockey performances, and musical accompaniment, as that term is used in the Comprehensive Zoning Ordinance of the City of New Orleans, performed in conjunction with a bar, standard restaurant, amusement facility, winery, micro-distillery, distillery, brewery, reception facility, or cultural facility, but excluding such activity performed for the practice or private enjoyment of the residents of a dwelling and their guests, and as otherwise provided in the Comprehensive Zoning Ordinance of the City of New Orleans.
(Code 1956, § 63-40; M.C.S., Ord. No. 29257, § 1, 11-17-22)

Cross reference—Definitions generally, § 1-2.

Sec. 14-307. Prohibited in R zoning districts.

Except as otherwise provided in this chapter and the comprehensive zoning ordinance, it shall be unlawful for any person, landowner or lessee, to organize, promote, conduct or cause to be conducted live entertainment, amusement or assembly of persons in any residential zoning district of the city.
(Code 1956, § 63-41; M.C.S., Ord. No. 29257, § 1, 11-17-22)

Sec. 14-308. Permit required.

No person, owner, occupant, or tenant shall allow, authorize, or cause to be performed indoor or outdoor live entertainment at his or her property without first having obtained approval from the department of safety and permits and as permitted by the comprehensive zoning ordinance. A separate permit is required for indoor live entertainment and outdoor live entertainment.
(M.C.S., Ord. No. 29257, § 2, 11-17-22)

Sec. 14-309. Same—Application.

(1) The department of safety and permits shall administer annual live entertainment permit applications and regularly publish listing of properties with annual indoor and outdoor live entertainment permits and status of same, including those permits issued as conditional uses under the comprehensive zoning ordinance.

(2) The live entertainment permit application shall require the following to be submitted for review by the director of the department of safety and permits:

(a) Noise abatement plan addressing the intended use of amplification, noise levels, need for soundproofing, and compliance with the sound ordinance;

(b) A security and operation plan, including exterior security camera provisions, approved by the director of the department of safety and permits;

(c) Approval of the city council for a conditional use where required by the comprehensive zoning ordinance; and

(d) A management plan demonstrating the on-site presence of a manager during the event; layout of performance areas, visitor facilities, such as seating areas and restrooms, and all ingress and egress points to the site; provisions for recycling and waste removal; days and hours of operation, including set-up and take-down times; and a description of crowd control and security measures.

(3) Failure to adhere to the submitted plans shall be considered a violation of this section.
(M.C.S., Ord. No. 29257, § 2, 11-17-22)

Sec. 14-310. Fee schedule for annual permits.

Permits required by this article shall be paid for by the applicant at the time of issuance according to the following schedule. These fees shall be nonrefundable and shall not be waived. For purposes of this section, the term "nonprofit" shall mean an organization that is exempt from federal income tax under Section 501(c) of the Internal Revenue Code, is a Louisiana nonprofit corporation in good standing with an Employer Identification Number issued by the Internal Revenue Service, or is a school operated by the Orleans Parish School Board or Recovery School District.

(1) For live entertainment conducted indoors, whether or not admission is charged or fee exacted in any manner, per year.

Gross sales of:	*Nonprofit*	*All Others*
$0—$10,000	125.00	250.00
$10,001—$50,000	250.00	500.00
Over $50,000	375.0	750.00

(2) For live entertainment conducted outdoors, whether or not admission is charged or fee exacted in any manner, per year:

Gross sales of:	*Nonprofit*	*All Others*
$0—$10,000	125.00	250.00
$10,001—$50,000	250.00	500.00
Over $50,000	375.00	750.00

(M.C.S., Ord. No. 29257, § 2, 11-17-22)

Sec. 14-311. Permit duration and renewal.

(1) Permits shall be valid from the date of issuance through March 31 of each calendar year. Renewal applications and fees shall be due and payable on April 1 for the ensuing year. Failure to pay permit fees shall result in the imposition of delinquency penalties, as provided in subpart (2).

(2) The delinquency penalty shall be 25 percent over and above the regular fee, beginning five days after April 1, if the failure to pay is for not more than 30 days. There shall be an additional five percent penalty for each additional 30 days or fraction thereof during which the failure continues.

(3) Should it become necessary for the city to make a claim in any court of competent jurisdiction for all or a portion of any of the permit fees and penalties provided in this article, an additional charge of ten percent may be added for attorney fees.
(M.C.S., Ord. No. 29257, § 2, 11-17-22)

Sec. 14-312. Permits to be displayed.

All permits issued under the provisions of this article shall be displayed in a conspicuous place on the premises at all times. If the establishment's ability to host live entertainment is granted by conditional use ordinance from the city council, the operating provisos relative to that use shall also be displayed. Failure to comply with this section shall constitute a violation of this article.
(M.C.S., Ord. No. 29257, § 2, 11-17-22)

Sec. 14-313. Enforcement.

(1) Any violation of this article, or applicable provisions of the comprehensive zoning ordinance, or any conditional use pertaining to live entertainment, or any other applicable law is prohibited, and shall subject the permittee to penalties, which may include revocation or suspension of the live entertainment permit, fines or fees, and any other remedy allowed by law.

(2) Notice and hearing requirements for determining violation(s) shall be in accordance with the administrative procedures provided in chapter 6, article II of this Code.
(M.C.S., Ord. No. 29257, § 2, 11-17-22)

Sec. 14-314. Denial or rescission.

Any misstatement or suppression of facts in any application for a permit under this article shall be grounds for refusal of the permit or rescission thereof if already issued.
(M.C.S., Ord. No. 29257, § 2, 11-17-22)

ARTICLE VIII. ROLLER COASTERS AND SIMILAR RIDES*

Sec. 14-331. Approval required of plans.

Any person intending or desiring to construct and operate for public amusement any device, contrivance or structure of any kind or nature whatsoever, such as a loop-the-loop, chute-the-chute, scenic railway or roller coaster in any park, vacant lot, building or other place of public resort in the city shall, before attempting to construct such, submit the plans to the department of safety and permits and obtain from it a certificate that the proposed device, contrivance or structure is safe and free from any elements of danger to persons who may use or come in contact therewith.
(Code 1956, § 63-35)

Sec. 14-332. Certificate required as prerequisite to operation.

Before any device, contrivance or structure under this article is permitted to operate and before the public is permitted to use or come in contact therewith, the person that proposes to operate such shall first obtain a certificate from the director of the department of safety and permits that the structure is safe in all respects and that it has been constructed with the requisite solidity and that all of the materials used in the construction are sound and free from defect. Such certificate must show that the inspection contemplated by this section was actually made by the director of the department of safety and permits or one of his duly qualified assistants.
(Code 1956, § 63-36)

Sec. 14-333. Frequency of inspection.

The director of the department of safety and permits shall inspect all structures of the character set forth in section 14-331 as often as he may deem necessary; but such inspection shall be made at least once in every 30 days. If any such structure is found to be unsafe or in bad repair the director shall notify the owner or operator thereof. If the operator fails to stop the operation of such device, contrivance or structure immediately he shall be punished in the manner provided in section 1-13.
(Code 1956, § 63-37)

Secs. 14-334—14-355. Reserved.

ARTICLE IX. SHOOTING GALLERIES†

Sec. 14-356. Consent required; enclosure.

It shall not be lawful for any person to erect or in any manner establish or continue any pistol or shooting gallery within the limits of the city without having first obtained the consent of two-thirds of the persons residing within one square [sic] of the place where any pistol or shooting gallery is intended to be established and the permission of the council. Any person establishing such shooting gallery shall have it enclosed as to prevent the report of firearms being heard in the streets on which it may be located.

ARTICLE I. IN GENERAL

Sec. 18-1. Definitions.

The following words, terms and phrases, when used in this chapter, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Agency means the agency or entity, including its officers and agents, designated by the City of New Orleans to maintain an animal control program for the city.

Cat means any felis catus four months of age or older.

Community cat means a feral or free-roaming cat that is without visibly-discernible identification of any kind and has been sterilized, vaccinated, and ear-tipped. Community cats are exempt from licensing, feeding bans and registration requirements.

Community cat caregiver means any person other than an owner, keeper, custodian or harborer, who provides food or water to a community cat or community cats.

Cruelty to animals means the intentional or criminally negligent mistreatment of any animal by any act, or omission whereby unjustifiable physical pain, suffering, or death is caused to or permitted upon such animal.

Director means the Director of the Department of Health for the City of New Orleans or his duly authorized representative.

Dog means any canis lupis familiaris over four months of age.

Ear-tipped means removing approximately a quarter-inch off the tip of a cat's left ear while the cat is anesthetized for sterilization.

Feral cat means a cat that is born in the wild, is the offspring of an owned or feral cat and is not socialized, or is a formerly-owned cat that has been abandoned and is no longer socialized.

Ferocious animals means any wild or exotic animal that by virtue of its size, temperament, natural environment or present circumstances is capable of threatening the safety of a living being or one that may be given to extreme fierceness, unrestrained violence or brutality.

Keeper and/or *custodian* means any person other than the owner harboring or having in his possession any dog, cat or companion animal (excluding wild, exotic or ferocious animals).

Licensed veterinarian means a practicing veterinarian in the city who is licensed by and is in good standing with the Louisiana State Board of Veterinary Examiners.

Owner means any person owning, possessing, harboring, keeping, maintaining, or having or assuming the care, custody or control of an animal or fowl.

Wild or *exotic animals* means:

(1) Any live monkey (nonhuman primate), raccoon, skunk, wolf, squirrel, coyote, fox, leopard, panther, tiger, lion, lynx, serval cat, or any other warm-blooded animal not otherwise defined;

(2) Any venomous or constricting snake (such as Boidae family) that will grow to an adult size greater than three feet;

(3) Any tarantula which can normally be found in the wild state;

(4) Any member of crocodilian including, but not limited to, alligators, crocodiles, caimans and gharials;

(5) Any exotic animal hybrid; or

(6) Any rooster, cockerel, cock, or chanticleer.

Ferrets, nonvenomous snakes (other than constricting snakes that will grow to an adult size larger than three feet), rabbits, box or aquatic turtles, laboratory rats and skunks which have been bred and raised in captivity which have never known the wild, and pocket pets or pet rodents including, but not limited to, hamsters, gerbils, guinea pigs, chinchillas, sugar gliders or hedgehogs shall be excluded from this definition. (Code 1956, § 7-1(a)—(j); M.C.S., Ord. No. 25205, § 1, 3-7-13)

Cross reference—Definitions generally, § 1-2.

Sec. 18-2. Cruelty and abuse of animals prohibited.

(a) It shall be unlawful for any person to ill-treat, tease, molest, or abandon an animal or fowl. It shall be unlawful to overdrive, overload or cruelly beat, mutilate, kill, torture, poison, abuse, or cause to procure to be overdriven, overloaded, or cruelly beaten, mutilated, killed, tortured, poisoned or abused, any animal or fowl.

(1) A feral cat that has been trapped for the purpose of sterilization, vaccination or ear tipping and is returned to the location where it was trapped shall not be deemed abandoned.

(b) It is unlawful for any person keeping an animal or fowl to fail to provide for that animal or fowl:

(1) Clean, sanitary, safe and humane conditions;

(2) Sufficient quantities of appropriate food daily served in a sanitary container or dish;

(3) Proper shelter as defined in section 18-2.1;

(4) Adequate quantities of visible clean and fresh water available at all times provided in a sanitary manner; and

(5) Medical attention and/or necessary veterinary care when an animal is sick, diseased, or injured. This shall include necessary efforts to maintain an animal's coat and skin in a reasonably healthy condition and free of fleas and ticks. Upon request of the agency, written proof of veterinary care must be provided.

(6) Sufficient living space for the animal to move about freely to exercise, lie down, as well as sit and stand.

An animal shall be considered abandoned if any of the above requirements are not met for more than 24 hours.

(c) Individuals, institutions or corporations who trap domestic animals or wildlife in humane traps are responsible for monitoring the traps and ensuring the safety of the animals trapped until they are removed by the agency or a certified wildlife removal company. Failure to monitor the wellbeing of the trapped animals resulting in injury or death of the trapped animal whether intentional or through negligence shall be unlawful and considered cruelty to animals.

(d) It shall be unlawful to leave any animal in an unattended motor vehicle or transport an animal in any motor vehicle without adequate ventilation. Temporary or permanent medical injury, distress, or death caused to an animal in a vehicle regardless of ventilation shall be considered cruelty.

(e) It shall be unlawful to transport any animal on a public road in any open-bed vehicle unless the animal is safely and humanely restrained (at a minimum by a harness with double tethering for dogs) so that the animal is unable to jump or fall out of the vehicle. If transporting an animal in a kennel or cage in an open bed vehicle, the kennel or cage must be double-tethered to prevent the kennel from moving.

(Code 1956, § 7-6; Ord. No. 20,760, § 1, 6-20-02; M.C.S., Ord. No. 25205, § 1, 3-7-13)

Sec. 18-2.1. Minimum standards of care for animals.

(a) *Shelter and care.*

(1) A shelter must be sanitary, of sound construction, and provide adequate protection from the cold and heat. The shelter must be placed in a dry area free of debris, feces, and standing water. It must have at least three solid sides and a solid, immovable, weatherproof roof, have a solid sanitary floor that sits at least 1.5 inches off of the ground, be adequately ventilated, provide adequate light, and provide shelter from wind, rain, sun and the elements at all times. Suitable drainage must be provided so that water is not standing in or around the shelter.

(2) A shelter must be large enough for the animal to stand, turn around, and lie down without touching the sides or top of the shelter.

(3) All areas where animals are kept shall be cleaned regularly so that fecal matter is disposed of so not to attract insects or rodents, become unsightly or cause objectionable odors. For cats and dogs, floors of animal housing areas should be made of an impervious material to facilitate cleaning and drainage. Sealed concrete is ideal.

(4) If multiple animals are present in one location, each animal must have a separate and clean food bowl. Each animal must have access to shelter and the owner must meet all standards as detailed in this section.

(5) When outdoor temperatures reach freezing levels, all cats, except feral and community cats, dogs, and companion animals (excluding wild, exotic and ferocious animals) must be moved indoors or to an area that provides shelter from the weather. All cats, except feral and community cats, and dogs must be moved indoors for their safety for the duration of an extreme weather advisory issued for a specific time period by the NOAA's National Weather Service including but not limited to: heat, tornado, tropical storm, or hurricane. Animals must remain indoors and provided care for the duration of the advisory unless being walked on a leash by their owners, guardian or custodian.

(6) No dog or cat shall wear a muzzle unless the owner is present or the dog or cat is under veterinary care.

(7) If the agency determines upon inspection that an animal owner or keeper is not in compliance with the provisions of this section, the agency shall provide written notice to the owner or keeper as such. Failure by the owner to comply within five business days of receiving notice shall result in the temporary impoundment of all animals on the offending property(s) by the agency and the issuance of a summons or citation to the owner pursuant to section 18-36. The agency may remove any animal from the property in less than five business days, if the removal is deemed necessary by the agency to protect the health and well-being of the animal. All animals shall be promptly returned to the owner or keeper upon a determination by the society that the owner or keeper has come into compliance with this section or determination by the municipal court that the owner or keeper was not in violation of this section. The owner or keeper shall compensate the agency for the costs of keeping and care of the animal(s) for every day that the animal was in the possession of the agency pursuant to the fee schedule laid out in section 18-56, except that the owner or keeper shall not be required to compensate the agency if the municipal court determines that the keeper or owner was not in violation of this of this section.

(b) *Tethering.* It shall be unlawful to tether a dog, except as follows. A dog may be restrained to an overhead running line, pulley, or trolley system under the following conditions:

(1) The tether is attached to the dog by means of a suitable, properly-fitted collar or harness not exceeding two inches in width. Choke or prong collars are not permitted. The tether must have a swivel on both ends.

(2) The tether provides access to adequate space for the dog to move about freely and cannot become entangled in such a way that would prevent the dog's mobility or cause strangulation.

(3) At minimum, the tether should be four times the length of the dog from the tip of nose to the tip of the tail and the tether must allow the dog to lie down with its head flat on the ground and provide an additional 12 inches of slack.

(4) The tether is made of a durable, lightweight material that will not cause unnecessary stress on the dog. The tether shall not weigh more than three percent of the dog's total body weight. Thick chains and other heavy lines are prohibited.

(5) The tether allows the dog to move at least 30 feet. Otherwise, the dog must be removed from the tether at least twice a day for exercise and/or socialization for a minimum of 60 minutes each day.

(6) The tether does not inhibit the animal's access to shelter, shade, food and water; and

(7) Intact dogs may not be tethered under any circumstances.

(8) Dogs may not be tethered unsupervised between the hours of 11:00 p.m. and 6:00 a.m.

Sec. 18-6. Owner not to withhold information from director.

It shall be unlawful for any owner or person in charge of any animal to purposefully withhold from the director any information relative to any infectious, contagious, suspicious, suspected or reportable case of illness among animals.

(Code 1956, § 7-24; M.C.S., Ord. No. 25205, § 1, 3-7-13)

Sec. 18-7. Wild or exotic animals as pets prohibited.

No person shall keep or permit to be kept any wild, or exotic animal as a pet.

(Code 1956, § 7-18; M.C.S., Ord. No. 25205, § 1, 3-7-13)

Sec. 18-8. Display of notice where wild or exotic animals are sold.

No person shall offer for sale wild or exotic animals as pets. Zoos and educational institutions that are accredited and that meet all state and federal regulations may sell wild and exotic animals to other zoos or educational institutions with similar accreditations and that also meet all state and federal regulations.

(Code 1956, § 7-19; M.C.S., Ord. No. 25205, § 1, 3-7-13)

Sec. 18-9. Keeping ferocious animals in the city.

No ferocious animals shall be kept within the limits of the city on the premises of individuals or in menageries unless such animals are under the charge of an armed guard day and night.

Sec. 18-10. Ferocious animals may be destroyed.

The agency, through its agents, as well as law enforcement agents may destroy any ferocious animal which cannot be safely taken up or impounded, but it shall be unlawful for any other person to willfully kill any animal unless in protection of life or limb.
(Code 1956, § 7-26; M.C.S., Ord. No. 25205, § 1, 3-7-13)

State law reference—Destruction of dangerous or vicious dog, permitted, R.S. 3:2773(D).

Sec. 18-11. Feeding or annoying animals in zoo, park, etc.

It shall be unlawful for any person to feed without authorization any beast, fowl, bird, reptile or animal of any kind whatsoever confined in a cage or enclosure in any zoo, park, or other public place, or to annoy any animal by throwing or putting any object into any such cage or enclosure.
(Code 1956, § 7-15; M.C.S., Ord. No. 25205, § 1, 3-7-13)

Sec. 18-12. Places where animals are kept are to be kept clean.

All places where animals are kept shall be kept clean and wholesome by removal of all fecal matter, odor, urine, deceased animals and other offensive matters and by suitable cleansing as often as may be necessary, under the rules and regulations established by the director.
(Code 1956, § 7-11; M.C.S., Ord. No. 25205, § 1, 3-7-13)

Cross reference—Nuisances, § 66-241 et seq.

Sec. 18-13. Soiling of public and private property by animals.

(a) If any public or private property is soiled or contaminated by an animal, whether such nuisance shall take place in the presence of the owner or keeper or not, or if the owner or the keeper is a minor, the parents or guardian thereof shall be deemed guilty of violating this section. This section shall not apply in a designated off-leash area or "dog park" in which the owner or keeper, or parents or guardian thereof, shall abide by the regulations imposed by the management of such area which shall include, but not be limited to, immediate cleanup and proper disposal of animal waste by the owner or keeper, or parent or guardian thereof.

(b) Any person who is in violation of this section, shall be punished by a fine of not less than $100.00 and no less than three seven-hour days of trash cleanup duties.
(Code 1956, § 7-25; M.C.S., Ord. No. 16,828, 12-15-94; M.C.S., Ord. No. 22996, § 1, 2-15-08)

Cross references—Nuisances, § 66-241 et seq.; streets, sidewalks and other public places, ch. 146.

Sec. 18-14. Cats and dogs to be confined, exceptions.

(a) Except as provided herein below, all cats and dogs are to be confined within a secure, enclosed fence that is a minimum of four feet tall and shelter as outlined in section 18-2.1(a)(1) or properly tethered as outlined in section 18-2.1(b) at all times, unless accompanied by an owner, driver or keeper.

(b) Dogs which are properly licensed and vaccinated as stipulated in this chapter may be allowed outside of an enclosure if under a secure leash and accompanied by their owner or keeper but are not to be allowed to trespass upon any public property, if so prohibited by another ordinance, or upon private property. Designated dog parks or "off-leash" areas are exempt from the provisions of this section. The area of City Park known as NOLA Bark generally bounded by Zachary Taylor Drive, Diagonal Drive, and Magnolia Drive is such an exempted area.

(c) All indoor/outdoor cats that are privately owned must be microchipped or ear tipped.

(d) Community cats may be allowed outside so long as the cats do not prove to be a nuisance to neighbors. Any ear-tipped cat collected under the provisions of this section shall be released on-site unless suffering from an obvious injury or illness. Any non-ear-tipped cat collected under the provisions of this section shall not be returned to its owner until such time as said owner shall have the cat spayed or neutered, ear tipped or microchipped, and vaccinated against rabies, and all nuisance complaints are resolved. Repairing damage caused to private property as well as any required modifications required to abate the nuisance shall be the responsibility of the registered caregiver.

(e) Notwithstanding the provisions of this section allowing otherwise, no dogs other than dogs in parades in which dogs are the main attraction or sole participants, dogs confined on the property of their owners, dogs assigned to law enforcement canine units, seeing-eye dogs and/or dogs assisting physically challenged individuals, are allowed within 200 yards of any parade route one hour before, during, or one hour after a scheduled parade.

Sec. 18-15. Sale of rabbits and other animals.

(a) All rabbits sold or adopted in Orleans Parish by individuals or pet shops must be spayed or neutered prior to sale or adoption unless certified by a veterinarian as unfit for surgery due to age or other medical condition.

(b) The auctioning, raffling or giving away as a prize or premium or advertising device of any animal at public or private events, including at fundraising events, is hereby prohibited.

(c) Individuals and retail establishments selling, adopting or placing animals must maintain the following information for a 12-month period after the sale of the animal and make it available for inspection to the agency:

(1) The source of each animal available for sale or sold including the name, address, and phone number of animal breeder;

(2) A valid health certificate issued by a Louisiana licensed veterinarian prior to sale in Orleans Parish; and

(3) A copy of all information provided to the purchaser regarding veterinary care requirements for the specific type of animal for sale.

Willful failure to comply with this section may result in a citation under section 18-18(b).
(Code 1956, § 7-9; M.C.S., Ord. No. 21363, § 1, 12-1-03; M.C.S., Ord. No. 25205, § 1, 3-7-13)

Sec. 18-16. Sale, etc., of artificially colored or dyed animals.

No animal that has been dyed or otherwise colored artificially may be sold or offered for sale, raffled, offered or given as a prize, premium or advertising device; or, displayed in any store, carnival or other public place.

Sec. 18-18. Fines and other penalties for violations.

(a) Violations of this chapter shall be deemed to be violations of a public health and environmental ordinance; and shall be subject to civil administrative adjudication pursuant of chapter 6.

(b) Any person who commits any act prohibited or omits the doing of any act required by this chapter for which a lesser penalty is not specifically prescribed herein, shall be guilty of a misdemeanor and upon conviction thereof in the municipal court shall be liable for a fine not to exceed $500.00, and/or a term of imprisonment not to exceed six months, and/or community service and all costs associated with the feeding and

keeping of the animals in section 18-56. In addition, the presiding judge may in his/her discretion impose any other sanction or take any action that he/she deems necessary for the protection of public health or safety or the well-being of any animal that is connected to the proceeding at hand.
(Code 1956, § 7-43.7; M.C.S., Ord. No. 18,638, § 1, 3-5-98; M.C.S., Ord. No. 25205, § 1, 3-7-13)

Sec. 18-19. Responsibility of association members, partners and corporate officers.

When an association of individuals is charged with violation of any provision of this chapter, each individual of such association or, if it is a foreign association, the local agent or person locally in charge thereof shall be deemed to represent such association of individuals for the purpose of enforcing this chapter and shall be held responsible and punishable for each violation thereof. When a firm is charged with such violation, each member thereof or, if it is a foreign firm, the local agent or person locally in charge of such firm shall be deemed to represent such firm for the purpose of enforcing this chapter, and shall be held responsible and punishable for each violation thereof. When a corporation is charged with such violation, all or any officers of such corporation may be held responsible and punishable for each violation of this chapter or if it is a foreign corporation, the local agent or person locally in charge thereof shall be deemed to represent such corporation for the purpose of enforcing this chapter and shall be held responsible and punishable for each violation thereof.

ARTICLE II. ADMINISTRATION*

DIVISION 1. GENERALLY

Sec. 18-36. Certain powers of the director and the agency.

The director and the agency may exercise all powers necessary or convenient to carry out the provisions of this chapter including issuing summonses for violations of the provisions of this chapter. Upon discovering a violation of this chapter the director, the agency or any other persons authorized by law, shall issue a summons or citation to the person(s) legally responsible for the violation. The summons or citation need not be served at the time the violation is discovered. The summons shall recite the violation charged and:

(1) If a lesser violation as outlined in section 18-18, the fine to be assessed therefor. The summons or citation shall also apprise the violator that he has five days from the date of the issuance of the summons or citation to remit by U.S. Mail or in person the fine at the office of the agency. The summons or citation shall further contain a trial date and recite that if after the expiration of five days, the fine has not been paid, a copy of the summons or citation will be forwarded to the clerk of the municipal court and a hearing will be held on the trial date.

*__Cross reference—__Administration, ch. 2.

(2) If a misdemeanor as outlined in section 18-18, the trial date upon which a hearing will be held at municipal court.

The director, the executive director of the agency, or the chief or assistant chief humane officer of the agency shall have the power to administer oaths and affirmations in connection with charges made under this section. The city shall furnish such police officers as may be necessary to assist in the enforcement of this chapter and also in the enforcing of any other law or ordinance relative to the curbing of cruelty to animals.

The provisions of this article shall not be construed to apply to permanent zoological parks performing animal exhibitions properly licensed by the State of Louisiana or the City of New Orleans, circuses, veterinary clinics, bona fide education or medical institutions, or museums.

Permit, fee, and insurance is not required for exhibitions by 501(c)3 organizations registered with the Secretary of State of Louisiana; however, veterinary records must be maintained and on hand.
(Code 1956, § 7-17(g); M.C.S., Ord. No. 25205, § 1, 3-7-13)

Sec. 18-88. Penalties.

Any person convicted of a violation of the provisions of this article shall be subject to a minimum fine of $500.00 or imprisonment for not less than 30 days and not to exceed six months, or community service, or a combination of the foregoing, for each violation.
(Code 1956, § 7-17(h); M.C.S., Ord. No. 18,638, § 2, 3-5-98)

Secs. 18-89—18-110. Reserved.

DIVISION 2. PERMIT

Sec. 18-111. Exhibition permit.

It shall be unlawful to conduct or operate within the city limits any animal exhibitions or carnivals involving ferae naturae or domestic animals in exhibitions which are open to the public without first securing a permit therefor from the City of New Orleans' Department of Finance, Bureau of Revenue, with the approval of the director of the department of health in accordance with rules and regulations as promulgated by the department of health.
(Code 1956, § 7-17(b); M.C.S., Ord. No. 25205, § 1, 3-7-13)

Sec. 18-112. Conditions for issuance of permit.

Prior to the issuance of a permit, the applicant shall furnish suitable evidence of his or her intention and ability to comply with the following conditions:

(1) Maintenance of site, i.e., keeping same clean, free of trash, animal waste, papers and other debris and litter and providing an adequate number of trash containers properly located.

(2) Security to keep order and provide a safe environment for both the public and the animals.

(3) Proof of compliance with safety and permit requirements for mechanical, structural and electrical and other hazards.

(4) Proof of public liability insurance and bonding in the amount of $250,000.00.

(Code 1956, § 7-17(b)(1); M.C.S., Ord. No. 25205, § 1, 3-7-13)

Sec. 18-113. Permit fees.

Any person, organization or entity that wishes to hold an animal exhibition, circus or carnival in Orleans Parish must first obtain a permit from the City of New Orleans. Fees for these events are as follows:

(1) For activities involving less than five animals, a 72-hour permit fee of $150.00.

(2) For activities involving more than five animals, a 72-hour permit fee of $250.00

Permits may be renewed for each additional 72-hour period. Willful failure to comply with this section may result in a citation under section 18-18(b).
(Code 1956, § 7-17(b)(2); M.C.S., Ord. No. 25205, § 1, 3-7-13)

Secs. 18-114—18-134. Reserved.

DIVISION 3. REGULATIONS

Sec. 18-135. Application of division.

The prohibitions in this division apply to events and activities taking place on either public or private facilities or property and apply regardless of the purpose of the event or activities and irrespective of whether or not a fee is charged to spectators.
(Code 1956, § 7-17(f))

Sec. 18-136. Wild, exotic, etc., animals—Keeping prohibited.

No person shall keep or permit to be kept on his premises any wild, exotic, ferocious, dangerous or vicious animal for display or for exhibition purposes, whether gratuitously or for a fee, unless permitted by federal and state laws.
(Code 1956, § 7-17(c); M.C.S., Ord. No. 25205, § 1, 3-7-13)

Sec. 18-137. Same—Fighting, harassing.

No person may sponsor, promote, or train an animal to participate in, or contribute to the involvement of an animal in, or attend as a spectator, any event or activity in which an animal:

(1) Engages in unnatural or generally-repugnant behavior;

(2) Is wrestled or fought (such as bear wrestling, cockfighting and dog fighting);

(3) Is mentally or physically harassed;

(4) Is displayed in such a way that the animal is abused or stressed mentally or physically; or

(5) Is induced or encouraged to perform through the use of chemical, mechanical, electrical or manual devices in a manner that will cause or is likely to cause physical injury or suffering.

(Code 1956, § 7-17(d); M.C.S., Ord. No. 25205, § 1, 3-7-13)

Sec. 18-138. Maintenance of equipment.

All equipment used on performing animals under this division shall fit properly and be in good working condition.
(Code 1956, § 7-17(e))

Sec. 18-139. Veterinary records for animals in exhibitions.

Individuals corporations or organizations, showcasing animals for adoption, sale, competition, viewing or educational purposes must have a physical copy of vaccination records for all animals and provide this copy to the agency upon request.
(M.C.S., Ord. No. 25205, § 1, 3-7-13)

Secs. 18-140—18-165. Reserved.

ARTICLE IV. RABIES CONTROL*

Sec. 18-166. Impoundment of animals suspected of rabies.

The society, of its own authority or if ordered by the director, shall impound any animal suspected

*__Cross reference__—Health and sanitation, ch. 82.
__State law reference__—Rabies control law, R.S. 40:1275 et seq.

of being infected with rabies. The disposition of any animal so suspected and impounded shall be at the discretion of the director. The society shall be responsible for informing the director of any animal so impounded.
(Code 1956, § 7-34)

Sec. 18-167. Impoundment of animal that bites a person, etc.

(a) The agency, of its own authority or if ordered by the director, shall impound or cause to be impounded or confined any dog or other animal that has bitten a human being within the city, for a period of at least ten days, for quarantine at an approved rabies quarantine facility.

(b) The agency, of its own authority or if ordered by the director, may extend the length of the quarantine period.

(c) The agency shall be responsible for informing the director of all incidents in which a human being has been bitten by an animal.

(d) At the discretion of the agency or the director, any dog so impounded and determined to have a current vaccination against rabies may be released to the custody of its owners, or keeper or custodian for the duration of the quarantine period if it was not in violation of any other local ordinances or state or federal laws. The agency may inspect the property to ensure the owner is able to maintain the quarantined animal safely for a $25.00 inspection fee payable to the agency. The owner may quarantine the animal at a private veterinary clinic at the owner's expense. The owner, keeper, or custodian shall provide the agency with a signed certification from a Louisiana licensed veterinarian certifying that "no signs of rabies were observed" which cannot be issued until after the ten day quarantine period. The owner must provide the signed certification to the agency within 48 hours of its issuance by the veterinarian. The owner, keeper or custodian of any dog so released is not to consider the quarantine period concluded until notified by the director or the agency.
(Code 1956, § 7-35; M.C.S., Ord. No. 25205, § 1, 3-7-13)

Sec. 18-168. Dogs and cats to be vaccinated.

The owner or keeper of every dog or cat between three and four months old shall, at his expense, have such dog or cat vaccinated by a Louisiana licensed veterinarian with rabies vaccine. Twelve months later, the animal shall be revaccinated. Thereafter, such dog or cat shall be revaccinated every 36 months by a licensed Louisiana veterinarian, under rules and regulations to be prescribed by the director. The veterinarian must provide to the owner the date when the dog or cat must be revaccinated.
(Code 1956, §§ 7-37, 7-53.1; M.C.S., Ord. No. 25205, § 1, 3-7-13)

Sec. 18-169. Rabies vaccination required.

It shall be unlawful for any person to own, keep, maintain, harbor or possess any dog or cat in the city unless such dog or cat, if it is over four months old, is vaccinated with rabies vaccine by a licensed veterinarian and a tag evidencing such vaccination is affixed to the collar or harness as provided in section 18-228. For their safety, eartipped cats who have been vaccinated against rabies are not required to wear the license tag on a collar and are exempted from this requirement.
(Code 1956, §§ 7-38, 7-53.2; M.C.S., Ord. No. 25205, § 1, 3-7-13)

Sec. 18-170. Proof of rabies vaccination.

Upon request of the director or the agency, the owner, or keeper of any dog or cat must furnish evidence as required in section 18-230 that such dog or cat has been vaccinated by a licensed Louisiana veterinarian and is current on its vaccination against rabies as required in section 18-168.
(Code 1956, §§ 7-39, 7-53.3; M.C.S., Ord. No. 25205, § 1, 3-7-13)

Sec. 18-171. Possession of rabies vaccination.

Rabies vaccination may only be distributed by, harbored by and administered by a Louisiana licensed veterinarian. The transportation of the vaccine to and from a veterinarian by a licensed pharmaceutical vendor or the agency is exempt.
(M.C.S., Ord. No. 25205, § 1, 3-7-13)

Sec. 18-172. Bite to person's head or neck.

If a dog bites a person on the head or neck and the owner has no record of the dog ever being vaccinated against rabies by a veterinarian, the dog may be euthanized immediately and a tissue sample sent to the State of Louisiana for testing.
(M.C.S., Ord. No. 25205, § 1, 3-7-13)

Secs. 18-173—18-200. Reserved.

ARTICLE V. DOGS AND CATS

DIVISION 1. GENERALLY

Sec. 18-201. Cats passing through city or exhibited at animal shows.

None of the provisions of this article shall apply to cats owned by nonresidents passing through the city or cats brought to the city and entered for exhibition at any animal show, except as provided in this article.
(Code 1956, § 7-53.15)

Sec. 18-202. Cats or dogs brought from other places.

(a) Any person may bring or cause to be brought any cat or dog into the city from outside the city and, if such cat or dog is vaccinated under the laws from the place from which he is brought, such person may keep such cat or dog in the city for a period not exceeding 30 days without getting a rabies license for it under this division from a Louisiana licensed veterinarian.

(b) Any cat or dog brought into Orleans Parish from outside the State of Louisiana must have a health certificate from a licensed veterinarian in the state from which they came, issued no more than 30 days prior to arrival in Louisiana, certifying that the animal is free from contagious diseases. Certification shall be filed with the agency within ten days of arrival in the City of New Orleans.

(1) For dogs, this means the dog has been vaccinated for rabies, distemper, hepatitis, parvo virus, parainfluenza, and bordatella.

(2) For cats, this means the cat has been vaccinated for rabies, rhinotracheitis, calicivirus and panleukopenia.

Failure to comply with the provisions of this section shall result in a violation of no less than $100.00 per animal.
(Code 1956, § 7-53.16; M.C.S., Ord. No. 25205, § 1, 3-7-13)

Secs. 18-203—18-225. Reserved.

DIVISION 2. LICENSING*

Sec. 18-226. Use of proceeds.

Proceeds from the fees set forth in this division shall be used for the support of animal control activities within the city.
(Code 1956, § 7-40.1)

Sec. 18-227. Annual issuance of city dog or cat licenses by licensed veterinarians.

To assist in the control of rabies and the enforcement of this article, each licensed veterinarian shall issue to the owner or keeper of any dog or cat an annual municipal dog or cat license tag on which shall appear the license number assigned to that dog or cat. Such dog or cat license tag shall be issued with proof of rabies vaccine as specified in section 18-168.
(Code 1956, § 7-40; M.C.S., Ord. No. 25205, § 1, 3-7-13)

Sec. 18-228. Collection of license tag fee by licensed veterinarian; remittance to city.

(a) Following administration of the rabies vaccination and upon issuance of the annual municipal dog or cat license tag, the licensed veterinarian issuing such license tag shall collect (i) an administrative fee in the amount of $2.00 for each annual dog or cat license tag

*__State law reference—__Licensing, authorized, R.S. 3:2731 et seq.

issued; and (ii) on behalf of and for remittance to the city, an annual dog or cat license tag fee, as follows:

(1) $20.00 for each spayed or neutered dog or cat.

(2) $30.00 for each unspayed or unneutered dog or cat.

(b) Upon issuance of a replacement annual dog or cat license tag, which requires proof of a current rabies vaccination for the dog or cat, the licensed veterinarian shall collect (i) an administrative fee in the amount of $2.00 for each replacement annual dog or cat license tag issued; and (ii) on behalf of and for remittance to the city, a replacement annual dog or cat license tag fee of $16.00.

(c) Notwithstanding the foregoing, if the owner or keeper of the dog or cat cannot pay all or part of the annual dog or cat license tag fee due to financial hardship and applies, on forms provided by the agency, to the veterinary clinic at the agency, or a veterinary clinic authorized by the agency, attesting to such hardship, the agency or authorized clinic may issue the annual dog or cat license tag or replacement license tag for a reduced or waived fee.
(Code 1956, § 7-41; Ord. No. 19,934, § 1, 12-1-00; Ord. No. 20,032, § 1, 2-1-01; M.C.S., Ord. No. 23843, § 1, 1-7-10; M.C.S., Ord. No. 25205, § 1, 3-7-13; M.C.S., Ord. No. 30650, § 1, 5-7-26)

Sec. 18-229. Annual vaccination drive.

During any organized rabies vaccination drive, as such is ordered or authorized by the director and is conducted on a citywide basis, the annual municipal dog or cat license tag fee shall be $10.00 for each spayed or neutered dog or cat, and $20.00 for each unspayed or unneutered dog or cat; except that, if the owner or keeper of the dog or cat cannot pay all or part of the license tag fee due to financial hardship and applies, on forms provided by the agency, to the veterinary clinic at the agency, or a veterinary clinic authorized by the agency, attesting to such hardship, the agency or authorized clinic may issue the annual dog or cat license tag for a reduced or waived fee.
(Code 1956, § 7-41.1; M.C.S., Ord. No. 30650, § 1, 5-7-26)

Sec. 18-230. Remittance of tag fee together with registration papers.

The annual municipal dog or cat license tag fee authorized and required to be collected under section 18-227, exclusive of the administrative fee, shall be remitted by each veterinarian to the city for deposit into the rabies license fund, through the director of the department of finance or his designee, together with dog or cat registration papers which shall include a description of the animal to which they pertain, the date of the administration of the rabies vaccination, the name and address of the owner, or keeper of the dog or cat and the notation that annual license tag fees shall be due annually, such registration papers to be in a format prescribed by the director after consultation with the director of the department of finance. The monies that are placed in this fund shall be dedicated for the agency for its use and benefit for providing animal control services for the city.
(Code 1956, § 7-42; M.C.S., Ord. No. 23853, § 1, 1-21-10; M.C.S., Ord. No. 25205, § 1, 3-7-13)

Sec. 18-231. Notice to be provided.

(a) At least 15 days prior to the expiration of the annual license, the director may forward to the registered animal owner notice that the annual license fee is due and payable together with a receipt card by which the registered owner may prove payment, only after obtaining the signature of the licensed veterinarian administering the rabies vaccination or documenting that the vaccination is current and collecting the annual fee for remittance to the city.

(b) The director or his designee may forward a delinquent notice 30 days after the annual anniversary of the license. Such notice may state that annual and late fees are due and payable.

(c) The director or his designee may forward a registered letter 90 days after the annual license. Such registered letter may restate annual and late fees due and shall advise the registered owner that fees are due and may advise the registered owner that failure to remit same within 15 days shall constitute a violation of a public health and environmental ordinance, subject to civil administrative adjudication pursuant to chapter 6.

(d) Failure to receive notice shall not relieve the animal owner of the obligations under this article.

(e) Whoever fails to comply with the provisions of this division shall be liable, in addition to the fee, for a penalty of $10.00 collectable by the veterinarian at the time the new license is issued.
(Code 1956, § 7-42.1; M.C.S., Ord. No. 25205, § 1, 3-7-13)

Sec. 18-232. Fees remitted by 20th day of each month.

All applicable fees collected by licensed veterinarians shall be remitted by each veterinarian to the rabies license fund, through the director of the department of finance or his designee, together with the registration papers contemplated by section 18-230 and the hardship documentation contemplated by sections 18-228 and 18-229, not later than the 20th day of each month following the month in which the fees are collected.
(Code 1956, § 7-42.2; M.C.S., Ord. No. 25205, § 1, 3-7-13; M.C.S., Ord. No. 30650, § 1, 5-7-26)

Sec. 18-233. Responsibility of licensed veterinarian to assist owner in the preparation of registration papers.

The Louisiana licensed veterinarian administering rabies vaccinations, issuing dog or cat municipal license tags, and collecting and remitting annual license tag fees shall assist the dog or cat owner or keeper in the preparation of the dog or cat rabies license registration papers described in section 18-230 and shall advise such owner, or keeper of his obligation to renew the municipal license tag annually.
(Code 1956, § 7-43; M.C.S., Ord. No. 25205, § 1, 3-7-13)

Sec. 18-234. License fee renewal obligation.

The director shall file all dog or cat registration papers received by the city and shall notify owners of registered dogs or cats that license renewal fees of $20.00 for spayed or neutered dogs and cats and $30.00 for unspayed or unneutered dogs and cats are due on every annual anniversary of the administration of the rabies vaccination or issuance of the municipal dog or cat license tag. Such notice shall also inform dog and cat owners of the option to seek a reduced fee as specified in sections 18-228 and 18-229.
(Code 1956, § 7-43.1; M.C.S., Ord. No. 25205, § 1, 3-7-13; M.C.S., Ord. No. 30650, § 1, 5-7-26)

Sec. 18-235. Reserved.

Editor's note—M.C.S., Ord. No. 25205, § 1, adopted March 7, 2013, repealed § 18-235, which pertained to receipt of notice, annual vaccination, annual license renewal fees due and derived from Code 1956, § 7-43.2.

Sec. 18-236. Veterinarians to comply with provisions of sections 18-227 through 18-234.

Licensed veterinarians practicing within the city shall comply with all provisions of sections 18-227 through 18-234. Willful failure to comply with this section may result in a citation under section 18-18(b) and may result in loss of occupational license.
(Code 1956, § 7-43.3; M.C.S., Ord. No. 25205, § 1, 3-7-13)

Sec. 18-237. Reserved.

Editor's note—Ord. No. 19,934, § 2, adopted December 1, 2000, repealed former § 18-237, which pertained to replacement tag, and derived from the Code of 1956, § 7-43.4.

Sec. 18-238. Duplicate tags prohibited.

No person shall knowingly reproduce or counterfeit a license tag without the authorization of the director or knowingly place or cause to

be placed upon any dog or cat a license tag bearing a spurious license number or any license number other than the license number assigned pursuant to this article to that particular dog or cat.
(Code 1956, § 7-43.5)

Sec. 18-239. Additional fees.

The director may authorize the manufacture and issuance of personalized license tags, showing the name and address of the owner or another brief message, in addition to the license number. The owner or keeper who chooses a personalized license tag or who requests a replacement of the same shall be liable to pay a personalization fee in the amount of $2.00 plus the unit cost of acquisition of the personalized tags, as determined by the director, which shall be in addition to all other fees required by this chapter including the regular license fee. The personalization fee shall be paid each time a personalized tag is issued or replaced, but thereafter the annual renewal fees shall be paid at the standard rate. The veterinarian shall remit the personalized tag fee at the same time and in the same manner as the annual license fee.
(Code 1956, § 7-43.6; M.C.S., Ord. No. 25205, § 1, 3-7-13)

Sec. 18-240. Agency to pay for tags if owner unable or blind.

If the keeper or owner certifies his inability to pay the cost of licensing and/or vaccination, the agency may, at its discretion, have rabies vaccination effected by a licensed veterinarian under its supervision and obtain a certificate of such vaccination and issue the license and vaccination tags, without cost.
(Code 1956, §§ 7-44, 7-53.8; M.C.S., Ord. No. 25205, § 1, 3-7-13)

Sec. 18-241. Counterfeiting or improper use of tags.

No person shall:

(1) Counterfeit or imitate the license or vaccination tags as provided for in this division;

(2) Put on a dog or cat any such counterfeit or imitation tag; or

(3) Use such a tag on a dog or cat for which it was not issued.

(Code 1956, §§ 7-45, 7-53.9)

Sec. 18-242. Improper removal of tag.

No person shall maliciously or wantonly remove or cause to be removed, directly or indirectly, any tag from the dog or cat of another person.
(Code 1956, §§ 7-46, 7-53.10)

Secs. 18-243—18-265. Reserved.

DIVISION 3. IMPOUNDMENT*

Sec. 18-266. Authorized.

Should any dog or cat be found in the city in violation of any of the provisions of this article, the agents of the agency may take the necessary steps to apprehend it, and any owner or keeper of a dog or cat or occupant of any premises who refuses to deliver for inspection any such dog or cat suspected of being in violation of any of the provisions of this article upon the demand of any such agent shall be guilty of a misdemeanor.
(Code 1956, §§ 7-47, 7-53.11; M.C.S., Ord. No. 25205, § 1, 3-7-13)

Sec. 18-267. Use of vehicles.

The agency may patrol the streets of the city with proper and suitable vehicles, employ proper agents and perform all such acts as may be necessary to catch efficiently and impound any dog or cat which may be found in the streets, parks or public places of the city not bearing the license and vaccination tag provided for in this article.
(Code 1956, §§ 7-48, 7-53.12; M.C.S., Ord. No. 25205, § 1, 3-7-13)

Sec. 18-268. Disposition.

(a) The agency, after seizing and impounding a dog or cat bearing a collar and tag showing the name and address of the owner shall retain it for

*__State law reference—__Dogs not to run at large, R.S. 3:2771.

a period of seven days. If the dog or cat is not bearing such a collar and tag, then the agency shall retain it for a period of three days. The agency shall scan every dog or cat for a microchip and attempt to contact the owner if the microchip is located and the owner's information is registered. If such dog or cat is not claimed by the owner within the specified time period, the agency may place it with any suitable person, with full ownership to such dog or cat being vested in the person selected. Any person claiming a dog or cat seized by the agency under the provisions of this division and proving ownership thereof shall be entitled to possession of such dog or cat upon procuring a license for such dog or cat as provided in this division, having such dog or cat vaccinated, or exhibiting a certificate of a licensed veterinarian that such dog or cat has been vaccinated with rabies vaccine, having a microchip implanted, paying to the agency the sum for keeping and feeding as stipulated in the schedule section 18-56 and meeting all housing requirements.

(b) The agency shall have the right and authority to euthanize unowned animals it determines are unsuitable as pets after the hold period has expired. Suitability shall be determined by the agency.

(Code 1956, § 7-53.13; M.C.S., Ord. No. 25205, § 1, 3-7-13)

State law reference—Pet overpopulation control, R.S. 3:2471 et seq.

Sec. 18-269. Shelter and records.

The agency shall maintain a proper shelter for all animals seized by it, shall keep proper records in which shall be registered each animal brought to its shelter, a brief description of it, by whom brought, where secured, the time of its being

released, to whom released or destroyed and the amount of fees received. Such records shall be open at all reasonable times for public inspection. The agency shall make out and furnish monthly to the director of the department of finance a detailed statement of: (1) the amount of fees received, and (2) the number of animals, according to species, adopted, reclaimed or euthanized by the agency in a month.
(Code 1956, § 7-53.17; M.C.S., Ord. No. 25205, § 1, 3-7-13)

Secs. 18-270—18-290. Reserved.

DIVISION 4. POTENTIALLY DANGEROUS, DANGEROUS OR VICIOUS DOGS*

Sec. 18-291. Definitions.

The following words, terms and phrases, when used in this division, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Minor injury means any physical injury stemming from a bite that results in a superficial wound as a scratch, laceration, bruise, or minor tissue swelling; a wound that does not require hospitalization, sutures or urgent medical treatment; or significant damage to any item closely connected to the victim's body, such as clothing or an item that is held in their hand.

Moderate injury means any physical injury that results in a puncture wound or deep laceration requiring sutures, but that does not result in temporary or permanent disfigurement, permanent pain, or risk of death.

Provocation means the act of exciting, stimulating, irritating, enraging or arousing a dog to the point of aggression. This includes, but is not limited to, biting or approaching the dog in a menacing fashion. An unauthorized intruder or a wild or domestic animal shall be deemed to have provoked a dog by the act of entering the owner's apartment, house, business, or enclosed premises not normally accessible to the public.

Severe injury means any physical injury that results in broken bones or disfiguring lacerations requiring multiple sutures or cosmetic surgery. Severe injury to persons includes any of the following:

(1) A physical condition serious enough to require hospitalization or prolonged treatment;

(2) Physical harm involving a substantial risk of death;

(3) Physical harm involving partial permanent incapacity or total permanent incapacity;

(4) Physical harm causing permanent disfigurement or temporary serious disfigurement;

(5) Physical harm causing acute pain lasting long enough to result in substantial suffering or causing any degree of prolonged or incurable pain; or

(6) Moderate injury over more than one part of the body.

Unauthorized intruder means any person who enters a dog owner's apartment, house, business, or enclosed premises not normally accessible to the public with the knowledge that they do not have the dog owner's permission to do so.
(Code 1956, § 7-1(m); M.C.S., Ord. No. 25205, § 1, 3-7-13)

Cross reference—Definitions generally, § 1-2.

Sec. 18-292. Determination of potentially dangerous or dangerous characteristics.

(a) A dog may be deemed "potentially dangerous" if it commits any of the following acts when unprovoked:

(1) The dog bites a human being, except an unauthorized intruder, resulting in a minor or moderate injury;

*__Editor's note—__M.C.S., Ord. No. 25205, § 1, adopted March 7, 2013, amended the title of Div. 4 to read as herein set out. Formerly, said division was entitled "Dangerous or Vicious Dogs."

Cross reference—Keeping ferocious animals in the city, § 18-9.

State law reference—Destruction of dangerous or vicious dog, permitted, R.S. 3:2773(D).

(2) The dog bites a domestic animal resulting in moderate injury; or

(3) The dog chases or approaches a person upon the streets, sidewalks, or public grounds in a terrorizing or menacing fashion or apparent attitude of attack.

The designation of "potentially dangerous" shall expire 36 months after the classification if the dog has not committed any of the above-listed acts during that time.

(b) A dog may be deemed "dangerous" if it commits any of the following acts when unprovoked:

(1) The dog bites a human being, except an unauthorized intruder, resulting in a moderate or severe injury; or

(2) The dog causes severe injury to any domestic animal.

(c) A dog shall be deemed "dangerous" if it commits any of the following acts when unprovoked:

(1) The dog kills any domestic animal; or

(2) The dog is already classified as "potentially dangerous" and commits any of the acts enumerated in section 18-292(a).

No dangerous dog shall be given away, adopted or sold without the permission of the agency and notice to the receiving owner of the dangerous designation.
(Code 1956, § 7-1(k); M.C.S., Ord. No. 25205, § 1, 3-7-13)

Sec. 18-293. Vicious dogs.

(a) No person shall keep or permit to be kept within Orleans Parish any vicious dog.

(b) A dog may be deemed "vicious" if, when unprovoked, it bites a human being, other than an unauthorized intruder, resulting in a severe injury.

(c) A dog shall be deemed "vicious" if, when unprovoked, it:

(1) Kills any person; or

(2) Is already classified as a "dangerous" dog and commits any of the acts enumerated in section 18-292(b) or (c).
(Code 1956, § 7-1(l)(1)—(4); M.C.S., Ord. No. 25205, § 1, 3-7-13)

Sec. 18-294. Responsibility for classification.

(a) A hearing shall be conducted in the municipal court for the purpose of determining the classification of a dog as potentially dangerous, dangerous or vicious based upon all evidence introduced at hearing, including investigative reports and recommendations submitted by the agency. The burden of proof for all classifications shall rest with the agency and shall be by a preponderance of the evidence.

(b) The presiding judge shall consider the nature of the attack and the extent and severity of any injuries sustained as a result in making the determination of classification. The judge shall not base the determination on the breed of the dog.
(Code 1956, § 7-1(l)(5); M.C.S., Ord. No. 25205, § 1, 3-7-13)

Sec. 18-295. Provocation.

The provisions of this division shall not apply to any dog which was provoked.
(Code 1956, § 7-1(o); M.C.S., Ord. No. 25205, § 1, 3-7-13)

Sec. 18-296. Proper handling of a potentially dangerous dog.

(a) A potentially dangerous dog must be under the supervision and control of an owner over 16 years old when off of the owner's property.

(b) The dog can only be walked with a secure collar and a leash not to exceed six feet in length. The dog may not be taken to any public or private dog parks.

(c) Based on the size and behavior of the dog, the owner may be required to muzzle the dog when it is on public property or those areas of private property that are unfenced and normally accessible to the public. The muzzle shall not injure the dog nor interfere with its vision or respiration.

(d) The dog must be spayed or neutered and micro-chipped, at the owner's expense, prior to being returned to the owner unless it is certified as unfit for surgery with documentation provided by a Louisiana licensed veterinarian with a specific diagnosis.

(e) The dog must be evaluated by a board certified veterinary behaviorist, certified animal behaviorist or recognized expert and must successfully complete training and any other treatment deemed necessary at the owners expense.
(Code 1956, § 7-1(n); M.C.S., Ord. No. 25205, § 1, 3-7-13)

Sec. 18-297. Proper enclosure and requirements for keeping a dangerous dog.

(a) While on the owner's property, a dangerous dog shall be securely confined indoors or in a securely locked pen or structure, suitable to prevent the entry of young children and designed to prevent the animal from escaping. Such an outdoor pen or structure shall have a sealed cement floor and be surrounded by a chain link fence that is anchored to the cement slab. The pen must also have a chain link top that is securely fastened to the top of the pen. The top must also have a solid cover to protect the animal from the elements and a dog house of proper size within the enclosure. The outdoor enclosure size will be determined by the size of the dog or dogs being housed and must be reviewed and approved by the agency.

(b) The director, after reviewing the circumstances associated with each situation, shall make a determination as to whether the enclosure meets its requirements. Such enclosure must assure the safety of the public as well as confinement of the dog in a humane, sanitary and healthful environment.

(c) Indoor confinement is a room that is secured by a deadbolt lock to which owner has a key. The dog must remain in this room and it must remain locked when anyone is entering or exiting the house or when someone outside of the immediate family is inside the house. The room size will be determined by the size of the dog or dogs being housed and must be reviewed and approved by the agency.

(d) The dog must not be walked in public parks, public or private dog parks, on public sidewalks or any areas outside of the owner's property except to go to the veterinarian. The dog shall be muzzled in a manner that prevents the dog from biting but shall not injure the dog or interfere with its vision or respiration and shall be in the direct control of the owner over 16 years old with a secure collar and a leash no longer than six feet in length when traveling to or from the veterinarian.

(e) The dog must be spayed or neutered and micro-chipped prior to being returned to the owner at the owner's expense unless it is certified as unfit for surgery with documentation provided by a Louisiana licensed veterinarian with a specific diagnosis.

(f) The dog must be evaluated by a board certified veterinary behaviorist, certified animal behaviorist or recognized expert and must successfully complete training and any other treatment as deemed by the expert at the owner's expense.

(g) The owner shall pay all documented medical damages adjudicated to be owed by a court of law to the victim. If the owner is unable to pay for the damages, the dog shall become the property of the agency.

(h) The agency shall be notified by the owner if owner is moving the dog to new housing. The agency shall perform dangerous dog housing inspection at the new residence if within Orleans Parish.

(i) A dog that has been deemed dangerous in another parish or state, must register with the agency and meet the same requirements listed above. A dog that has been deemed vicious in another parish or state may not be housed in Orleans Parish, provided that the determination of viciousness was based, at least in part, on factor(s) other than the breed of the dog.

(j) A sign indicating that a dangerous dog is housed must be visible from the street and affixed to the exterior fence or on the front door if no fence is available. The sign must be at least 8" × 11" with letters no smaller than three inches high.

(k) The owner shall pay an annual $100.00 fee to the agency for the inspection of compliance with these requirements.

(l) No more than two dogs may be kept on a property if either or both of the dogs have been deemed dangerous.
(M.C.S., Ord. No. 25205, § 1, 3-7-13)

Sec. 18-298. Required reporting.

(a) Any person who knows or has reason to know that a dog has bitten or inflicted serious bodily injury to a human, and who intentionally harbors or conceals that dog from the agency, shall be fined no less than $100.00.

(b) Any health care provider who examines or treats any person who has been bitten by a dog or upon whom a dog has inflicted serious bodily injury shall report such bite or injury to the agency. Such report shall be made immediately, if possible, and in any event shall be made within 24 hours of examining the patient. The report shall include as much of the following information as is available:

(1) The patient's name, date of birth, sex, and current home and work addresses;

(2) The nature of the bite or injury that is the subject of the report;

(3) Any information about the location of the biting animal and the name and address of any known owner; and

(4) The name and address of the health care provider.
(M.C.S., Ord. No. 25205, § 1, 3-7-13)

Sec. 18-299. Dogs seized because of dog fighting.

(a) A dog that is seized in connection with a charge of a dog fighting against its owner or keeper may be rehomed by the agency or a rescue group only under the following circumstances. All of the foregoing requirements must be met prior to the transfer of legal possession of the dog to the new owner or keeper.

(1) The agency or rescue group must have acquired legal possession of the dog;

(2) The dog must be sterilized and microchipped at the expense of the agency, new owner or rescue group;

(3) The dog must be evaluated by a certified applied behaviorist, board certified veterinary behaviorist, certified animal behaviorist, licensed veterinarian with demonstrable experience with abused or fighting dogs, or other recognized animal behavior expert at the owner's or rescue group's expense. The evaluator shall complete a report detailing the specific animal behavior test(s) that were administered as part of the evaluation and the results of those tests.

a. The evaluator's report shall include any recommendations for additional training, testing or other treatment deemed necessary by the evaluator, and shall specify whether said training, testing or other treatment should be completed prior to transfer of the dog to the new owner or keeper. In the event that the evaluator recommends additional testing, training or other treatment prior to transfer of the dog, all such testing, training or other treatment shall be completed at the agency's, rescue group's or new owner's or keeper's expense before the new owner or keeper takes possession of the dog.

b. The evaluator's report shall include any recommendations for conditions of rehoming the dog, such as a recommendation that the dog not be placed in a home where another dog or a child already resides. Under no circumstances shall a dog be placed in a home in contravention of the recommendation(s) of the evaluator; and

(4) The adopting owner must be given notice that the dog was seized in connection with a charge of dog fighting, and be given notice of any and all recommendations included in evaluator's report, and be provided with a copy of the full report.

(b) Any owner or keeper of a dog that was seized in connection with a charge of dog fighting against the dog's previous owner or keeper shall adhere to the following requirements at all times:

(1) The dog must be under the supervision and control of a person over 16 years old when off the owner's or keeper's property;

(2) The dog must be waked with a secure collar, and a leash not to exceed six feet in length when off of the owner's or keeper's property; and

(3) The dog may not be taken to any designated dog parks.

The above-listed requirements shall expire 18 months after seizure of the dog or upon a finding of not guilty or dismissal of the dog fighting charge(s) against the dog's previous owner or keeper.
(M.C.S., Ord. No. 25205, § 1, 3-7-13)

Secs. 18-300—18-304. Reserved.

DIVISION 5. SPAYING AND NEUTERING OF DOGS

Sec. 18-305. Definitions.

(a) *Intact* is defined as an animal that has not been surgically spayed or neutered by a licensed veterinarian.

(b) *Violation* is defined as each separate instance when the owner or keeper (as defined in section 18-1) is cited for being in violation of any part of the provisions of this division.

Fines are issued per dog, not per owner or keeper.
(M.C.S., Ord. No. 23970, § 1, 5-6-10)

Sec. 18-306. Spaying and neutering requirements.

Owner or keepers must spay or neuter all dogs over six months old. Owner or keeper may obtain an intact dog permit if the owner or keeper intends to keep the animal intact. Proof of spay/neuter or of intact dog permit must be provided by the owner or keeper when requested by the society.
(M.C.S., Ord. No. 23970, § 1, 5-6-10)

Sec. 18-307. Exceptions.

No person may own, keep, or harbor any dog within the city that has not been spayed or neutered unless:

(a) The dog is under six months of age;

(b) A licensed veterinarian certifies that the dog should not be spayed or neutered for a specific reason. The certificate must list the veterinarian's license number and the date by which the dog can be spayed or neutered. Within 30 days of the effective date of this division, or within 30 days of taking possession or ownership of an intact dog, the owner or keeper must submit written documentation which can be verified by the agency and the owner or keeper must apply for and obtain an intact dog permit.

(c) The dog has been present in the city for less than 30 days;

(d) The owner or keeper has obtained, or has submitted, an application for an intact dog permit in accordance with the provisions of this chapter;

(e) The dog is used by a government or law enforcement agency or an agent thereof for government, search and rescue, law enforcement, or other government purposes.
(M.C.S., Ord. No. 23970, § 1, 5-6-10; M.C.S., Ord. No. 25205, § 1, 3-7-13)

Sec. 18-308. Requiring an intact dog permit.

No person shall harbor or keep any intact dog within the city without first obtaining a permit as provided in this chapter.
(M.C.S., Ord. No. 23970, § 1, 5-6-10)

Sec. 18-309. Granting or denying a permit.

The agency maintains the right to grant or deny an intact dog permit. However, an aggrieved

owner has the right to appeal a decision of the agency to the city council within 30 days of the decision.

(a) *Permit nontransferable.* The agency shall issue to the owner or keeper of any dog a nontransferable permit that expires annually.

(b) *Multiple owners.* If more than one owner or keeper is involved in the breeding process, each party must be listed on the application for an intact dog permit.

(c) *Individual permits.* The permit shall be applied for and issued to each dog individually.

(d) *Permit requirements.* The permit may be applied for from the agency if all of the following conditions are met:

(1) The owner or keeper has submitted the appropriate forms and fees required by the agency in order to seek consideration for an intact dog permit including, but not limited to, a written description of the dog, proof of current vaccinations administered by a Louisiana licensed veterinarian, and photograph of the dog.

(2) The dog has been microchipped and the registered microchip number is included on the application.

(3) The owner can provide proof of current vaccinations for rabies, distemper and parvo virus.

(4) Owners or keepers shall not allow female dogs to breed before 18 months of age or to have more than one litter per year.

(5) The intact permit number must be displayed when advertising the puppies for sale or adoption.

(6) No animal under six weeks old may be sold, adopted or given away.

(7) Upon approval of his/her application, the applicant must pay the initial $75.00 permit application fee plus the $20.00 annual permit fee. The annual intact permit renewal fee will be $20.00, due and payable at the end of the 12-month period.

(e) *Permit denial.* At the agency's discretion, the permit may be denied if one or more of the following occur and have not been corrected and brought into compliance within ten days of notification of noncompliance:

(1) The applicant fails to pay the permit fee within two weeks of notification that the application has been approved. If the owner or keeper does not provide payment, the owner or keeper will be cited in violation of this chapter, and all fines and penalties will be applied.

(2) The applicant has failed to meet all permit requirements listed in subsections (d)(1) through (4).

(3) The applicant has been cited for allowing dogs to roam at large, been found to be guilty of cruelty, has had his/her dog identified as dangerous or vicious; or has been determined within the past 12 months to have violated any provisions of chapter 18.

(M.C.S., Ord. No. 23970, § 1, 5-6-10; M.C.S., Ord. No. 25205, § 1, 3-7-13)

Sec. 18-310. Delinquency.

(a) When a permit is more than 30 days delinquent, the agency shall forward the name, address and vital information of the owner or keeper to the city health department and issue a citation.

(b) Failure to receive notice shall not relieve the animal owner or keeper of the obligations under this article [division].

(M.C.S., Ord. No. 23970, § 1, 5-6-10; M.C.S., Ord. No. 25205, § 1, 3-7-13)

Sec. 18-311. Fines for failure to comply with permit requirements.

(a) A violation of this division 5 shall be an infraction punishable by a fine not to exceed $100.00 per dog for the first violation, a fine not to

exceed $250.00 per dog upon a second violation, and impoundment along with a fine not to exceed $500.00 per dog upon the third and subsequent violations.

(b) If, after 15 days of a first citation, the owner or keeper fails to provide proof of a permit or proof of having the dog spayed/neutered, the owner/keeper shall be cited for an additional violation.

(c) If the dog is impounded for a third or subsequent violation, the owner or keeper must pay the surgery deposit to the agency or obtain an intact dog permit within ten days of impoundment or the owner or keeper shall relinquish the dog(s) to the agency for disposition.

(d) If a permit is not renewed on time, a $10.00 per day late fee will be assessed in addition to the renewal fee. If the permit is not renewed within 15 days of the annual expiration, a first violation shall be issued.

(e) In the event that the agency determines that payment of any fees by the owner or keeper of the impounded dog would cause extreme financial difficulty to the owner or keeper, the agency may waive all or any portion of the fees assessed for compliance with this section.
(M.C.S., Ord. No. 23970, § 1, 5-6-10; M.C.S., Ord. No. 25205, § 1, 3-7-13)

Sec. 18-312. Duplicate permits prohibited.

No person shall knowingly reproduce or counterfeit an intact dog permit or issue the permit to a dog other than the dog for whom the permit application was made and the permit number assigned pursuant to this article without the express authorization of the agency. Any person who is found to be in possession of a counterfeit intact dog permit will be in violation of this chapter and shall be issued a citation in accordance with section 18-311.

No person shall counterfeit a veterinary certification. Any person who is found to be in possession of a counterfeit veterinary certification shall be in violation of this chapter and shall be issued a citation in accordance with section 18-353.
(M.C.S., Ord. No. 23970, § 1, 5-6-10; M.C.S., Ord. No. 25205, § 1, 3-7-13)

Sec. 18-313. Use of proceeds.

Proceeds from the fees and fines set forth in this division shall be used to support animal control activities within the city.
(M.C.S., Ord. No. 23970, § 1, 5-6-10)

Secs. 18-314—18-325. Reserved.

ARTICLE VI. LIVESTOCK AND FOWL AND OTHER BIRDS

Sec. 18-326. Humane treatment.

Stores, shops, vendors and others offering chicks, ducklings, goslings or other live creatures for sale, raffle or as a prize, premium or advertising device or displaying chicks, ducklings or goslings or other live creatures shall provide the necessary brooders or other heating devices and shall see that such creatures shall not be overcrowded, and shall keep adequate food and water available at all times. Vendors or other persons selling any live creature shall furnish to the purchaser an instruction sheet for the proper care of same.
(Code 1956, § 7-7)

State law reference—Similar provisions, R.S. 3:2363.

Sec. 18-327. Sale of chicks, ducklings and goslings and other fowl.

(a) The sale or donation of chicks, ducklings and goslings and other fowl younger than four weeks of age is prohibited except in quantities of 12 to an individual.

(b) The auctioning, raffling or giving away as a prize, premium or advertising device of any fowl, chick, duckling or gosling and other fowl for the purpose of inducing trade or business or competition at public or private events is prohibited.
(Code 1956, § 7-8)

State law reference—Similar provisions, R.S. 3:2363.

Sec. 18-328. Cattle not to be driven through streets.

It is hereby made an offense to drive, or to attempt to drive, through the streets of the city, cattle which arrive in the city either by boat, truck or by railroad.
(Code 1956, § 7-20; M.C.S., Ord. No. 25205, § 1, 3-7-13)

Sec. 18-329. Authority of director.

The director may adopt reasonable rules and regulations governing the keeping of hogs within the city and issue annual permits therefor to such persons as may be found, after proper inspection and investigation, to have conformed strictly to such rules and regulations.
(Code 1956, § 7-56)

Sec. 18-330. Keeping of hogs prohibited in certain areas.

It shall be unlawful for any person to keep a hog or to permit one to run at large within any of the following prescribed limits:

(1) On the east bank of the Mississippi River, anywhere except in the following described area:

In any part of the Third Municipal District, bounded by the south property line of Old Gentilly Road from its intersection with the west property line of Arpent Lot 74 and extending in an easterly direction to the western boundary line of Paris Road (Louisiana Highway 61) thence in a southerly direction along the western boundary of Paris Road (Louisiana Highway 61) to the existing intracoastal waterway, thence along such waterway in a westerly direction to a point of intersection with the western boundary of Arpent Lot 74, as projected, thence in a northerly direction to the Old Gentilly Road and the point of beginning.

(2) In the Fifth Municipal District (Algiers), anywhere except in the portion lying east of intracoastal canal, alternate route and bounded by intracoastal canal, alternate route, Mississippi River and the Orleans-Plaquemines Parish line.

(Code 1956, § 7-54)

State law reference—Similar provisions, R.S. 3:2891 et seq.

Sec. 18-331. Hogs may be kept only under satisfactory conditions.

It shall be unlawful for any person to keep a hog on any premises except under conditions satisfactory to the director.
(Code 1956, § 7-55)

Sec. 18-332. Treatment and removal of manure.

(a) Any person, whether as owner or occupant, having or permitting on his premises less than six horses, mules, cows or other animals shall remove or cause to be removed daily all manure and straw, hay or similar material used for bedding and contaminated with manure or urine from the stalls, barns and other areas occupied by such animals, which matter shall be stored in leakproof containers have solid metal covers, tightly fitted so as to render the contents thereof inaccessible to flies. All such stored matter shall be removed from such premises not less than twice weekly from March 15 to December 1 and not less than once each week from December first to March 15.

(b) Any person, whether as owner or occupant, having or permitting on his premises more than five horses, mules, cows or other animals shall remove or cause to be removed daily all manure and straw, hay or similar material used for bedding and contaminated with manure or urine from the stalls, barns and other areas occupied by such animals, which matter shall be stored either in leakproof containers having solid metal covers, tightly fitted so as to render the contents thereof inaccessible to flies, or in leakproof containers the bottoms of which shall be treated daily with a chemical or chemicals approved by the health department, the contents of which containers and the areas surrounding such containers within the distance of not less than 20 feet from all outside walls of such containers shall be sprayed daily with a fly-deterrent chemical or chemicals approved by the health department. All such containers shall be emptied, and the contents thereof shall be removed from the premises daily. The area in and around all barns and stables housing such animals shall be sprayed not less than once each week with a fly-deterrent chemical or chemicals approved by the health department.

(c) Whoever violates the provisions of this section shall be fined not less than $50.00 nor more than $100.00 or imprisoned for not more than 90 days or both such fine and imprisonment. Each

day any person continues to violate any provision of this section shall constitute a separate offense.
(Code 1956, § 29-60)

Cross reference—Nuisances, § 66-241 et seq.

Sec. 18-333. Use of manure as fertilizer.

From June 1 to October 1 manure shall not be used as a fertilizer on gardens, sidewalks, lots or other open areas unless and until thoroughly mixed with soil and so covered with soil that flies will not be attracted thereto.
(Code 1956, § 29-61)

Sec. 18-334. Dumping or storing manure.

No manure shall be dumped and left on the street, sidewalk, alley or open area or lot in any inhabited section nor be used to grade, in whole or in part, any sidewalk, street, alley, open area or lot in any such section. Any site used as a public dump for manure shall not be within 300 feet of any building used in whole or in part for dwelling purposes.
(Code 1956, § 29-62)

Sec. 18-335. Conveying manure through the streets.

Manure shall be conveyed through the streets of the city in such vehicles only as are properly protected against flies by suitable covering.
(Code 1956, § 29-63)

Sec. 18-336. Manure stacked for fertilizing purposes.

All manure stacked or piled for fertilizing purposes, on any truck farm or garden in a thickly settled neighborhood shall be so stacked or piled at a distance of not less than 25 feet from any building used, in whole or in part, for dwelling purposes and shall be stored in a closed bin or screened receptacle so as to prevent access of flies thereto.
(Code 1956, § 29-64)

Sec. 18-337. Agent responsible in owner's absence.

Wherever any duty is put upon the owner of any premises, stable, lot, open area or public place, in this article, in the owner's absence, the agent of such owner shall comply with the provisions of this article and for the purposes thereof any person receiving or collecting rent or attending to such property in any manner shall be deemed to be the agent of the owner.
(Code 1956, § 29-65)

Sec. 18-338. Information to be filed by person keeping horses or mules.

Every person within the limits of the city, having one or more horses or mules housed or stabled within the city shall file with the agency the following information:

(a) Name of the owner;

(b) Number and kind of animals housed or stabled on the premises;

(c) Address of place (street and number) where the animals are stabled;

(d) Proof of annual negative Coggins' test result;

(e) Proof of annual vaccinations, including Eastern and Western Encephalitis, West Nile virus, and rabies; and;

(f) Any other information as the department may deem necessary for the enforcement of proper sanitary regulations on the premises.

Such information shall also be required for equine exhibited or used for transportation in parades.
(Code 1956, § 29-57; M.C.S., Ord. No. 25205, § 1, 3-7-13)

Sec. 18-339. Pigeons not to be allowed at large.

It shall be unlawful for any person owning or harboring pigeons to allow them to go at large within the city. But this section shall not be construed to prohibit the flying, racing or exercising of the Antwerp or homing pigeon at such time that such flying, racing or exercising shall be

under the continuous personal supervision of a person or the agent of a person owning or harboring such Antwerp or homing pigeons.
(Code 1956, § 7-14)

State law reference—Killing or catching when banded prohibited, penalty, R.S. 56:122.

Sec. 18-340. Feeding birds in Jackson Square area.

(a) It shall be unlawful for any person to dispense or distribute feed for or to feed any bird or fowl or throw or place on the ground any bread, breadcrumbs, seed, bird food, popcorn, or similar food in the area bounded by Decatur Street, St. Peter Street, Royal Street and St. Ann Street in the Vieux Carre area of the city.

(b) The provisions of this section shall not apply to any person who is authorized in writing by the director of the department of health to feed or dispense to birds or fowl food or food containing birth control drugs or chemicals. Any informational signs placed in the aforementioned area in connection with the enforcement of this section shall be approved by the Vieux Carre Commission and the superintendent of the parkway and parks commission.

(c) The provisions of this section shall be enforced by summons. The fine for violations of the provisions of this section shall be a fine of not more than $25.00. Upon discovery of a violation of this section, agents of the department of police or the Vieux Carre Commission shall issue a summons to the person found in violation of this section. The summons shall be returnable to the municipal court, where the defendant shall be served by affidavit.
(Code 1956, § 7-15.1)

Cross reference—Streets, sidewalks and other public places, ch. 146.

Sec. 18-341. Killing animals, birds or wild fowl in public squares, parks or designated bird sanctuaries prohibited.

(a) In any public square, park or designated bird sanctuary, it shall be unlawful for any person to molest or kill any bird, fowl or animal, to trap, hunt, shoot or attempt to shoot or molest in any manner any bird or wild fowl or to rob bird nests therein. Provided, however, if starlings or similar birds are found to be congregating in such numbers in a particular locality that they constitute a nuisance or menace to health or property in the opinion of the director then in such event the director shall meet with representatives of the Audubon Agency, bird club, garden club or humane agency, or as many of such organizations as are found to exist in the city, after having given at least three days' actual notice of the time and place of such meeting to the representatives of such organizations. If as a result of such meeting, no satisfactory alternative is found to abate such nuisance, then such birds may be destroyed in such numbers and in such manner as is deemed advisable by the director.

(b) The entire area known as the Lake Vista Subdivision which is bounded by Robert E. Lee Boulevard, Marconi Drive, Lakeshore Drive and Beauregard Avenue is hereby designated as a bird sanctuary.

(c) The entire area known as Joe W. Brown Park which is bounded by Read Road to the west, proposed Wright Road to the east, Lake Forest Boulevard to the north, and Dwyer Road to the south, is hereby designated as a bird sanctuary.

(d) The area known as Tall Timbers Subdivision which is bounded by General DeGaulle Drive, Woodland Drive, proposed Tullis Drive, and the drainage servitude canal which bounds Tall Timbers Subdivision to the west is hereby designated as a bird sanctuary.

(e) That area bounded by Robert E. Lee Boulevard from West End Boulevard to the Outfall Canal and extending to Lake Pontchartrain on the north, known as East and West Lakeshore is hereby designated as a bird sanctuary and shall be called "Lakeshore Bird Sanctuary."

(f) The entire area known as the Village de L'est Subdivision which is bounded by Bayou Chef to the south, the Michoud Line to the west, and North Lemans Street and Bayou Michoud to the north and the east, is hereby designated as a bird sanctuary.

ARTICLE I. IN GENERAL

Secs. 22-1—22-35. Reserved.

ARTICLE II. NEW ORLEANS AVIATION BOARD*

Sec. 22-36. Established; members.

There is hereby created a municipal board to be known as the New Orleans Aviation Board, which shall be so constituted and have such powers, duties and functions as set forth in this article. The aviation board shall consist of five members to be appointed by the mayor, with the approval of the council, for terms of five years, so arranged that the term of one member shall expire each year.
(Code 1956, § 4-1)

Sec. 22-37. Committees.

The aviation board may designate and appoint from among its members various committees with such powers and duties as the board may prescribe.
(Code 1956, § 4-2)

Sec. 22-38. Employees.

The aviation board may fix the number of its paid employees and regulate their compensation, subject to the approval of the council.
(Code 1956, § 4-3)

Sec. 22-39. Meetings.

The aviation board shall meet at least quarterly, in each year, but other meetings may be held at any time by the board on the written request of at least three members of the board, on the call of the president or upon the request of the mayor.
(Code 1956, § 4-4)

***Charter references**—Boards and commissions, general requirements, art. IV, ch. 1; New Orleans Aviation Board, art. V, ch. 7.

Cross references—Boards, committees and commissions, § 2-86 et seq.; check signed by the director of finance and any two members of the aviation board on the aviation board account, § 70-42.

Sec. 22-40. Operation of airports, etc.

The aviation board shall have the custody of and shall be charged with the administration, operation and maintenance of all municipally owned airports or other aviation facilities, including particularly the New Orleans International Airport (Moisant Field) in Jefferson Parish, and any further airports or aviation facilities, which may hereafter be constructed, operated and maintained by the city under authority of law.
(Code 1956, § 4-5)

Sec. 22-41. Rules and regulations.

The aviation board may adopt all necessary rules and regulations to enable it to perform its functions.
(Code 1956, § 4-6)

Sec. 22-42. Power and authority generally.

The aviation board shall have the fullest power, authority and responsibility permitted by the charter of the city, consistent with ordinances heretofore adopted and with its contractual obligations with airline lessees of New Orleans International Airport (Moisant Field), to:

(1) Administer, operate and maintain all municipal airports and aviation facilities;

(2) Represent the city in all technical matters pertaining to aeronautics, in consultation with state, national or international aeronautic offices or agencies.

(Code 1956, § 4-12.1)

Sec. 22-43. Execution of contracts, granting concessions.

In the carrying out of its rights, duties and responsibilities the aviation board, acting through its proper officers, shall have full power to execute contracts and grant concessions appertaining to airport property and operations, which contracts and concession grants, when duly executed by such board, shall be binding upon and represent commitments regarding the same on the part of the city.
(Code 1956, § 4-12.2)

Sec. 22-44. Purchase of property.

The aviation board shall have full power, in accordance with law, to purchase movable property of all kinds and nature deemed by the board necessary for the exercise of its functions; provided, however, that, when practicable, purchases of movable property may be coordinated with the department of finance in order to secure the benefits of quantity purchases. Immovable property shall be acquired by the department of finance upon the recommendation of the department of property management. Plans for the improvement of the airport shall be approved by the city planning commission.
(Code 1956, § 4-12.3)

Sec. 22-45. Separate system of accounts.

Due to the needs of special accounting requirements in connection with leases with tenants of the airport, particularly the airline lessees, and in complying with Federal Aviation Agency requirements resulting from grant agreements with the Federal Aviation Agency, which grant agreements, amendments and supplements thereto the aviation board is hereby specifically authorized to execute with the Federal Aviation Agency and by the execution of the same bind the city as therein specified, such board is hereby authorized to establish and maintain a separate system of accounts and the department of finance is hereby expressly authorized to approve such system of accounts under section 4-1301(o) of the city charter.
(Code 1956, § 4-12.4)

Sec. 22-46. Employment of special consultants and assistants.

In furtherance of the rights, duties and responsibilities of the aviation board set forth herein, such board is specifically authorized, subject to applicable civil service laws and regulations, to employ such special consultants and assistants, including real estate agents and appraisers, negotiators, engineers, surveyors and attorneys, as such board, in its discretion, may deem appropriate, subject to the requirement that the employment of any special counsel by such board shall be subject to council approval, as provided in section 4-403 of the charter.
(Code 1956, § 4-12.5)

Sec. 22-47. Revolving fund.

(a) There is hereby established a revolving fund, in accordance with section 6-208 of the charter of the city, to be designated as the "Revolving Fund of the New Orleans Aviation Board" into which money shall be paid and which shall be administered as hereinafter set forth.

(b) All funds on hand on the effective date of the ordinance from which this section was derived in the "City of New Orleans Aviation Board Account," created by Ordinance No. 15,839 C.C.S., and all revenues accruing on and after that date from the operations of the municipal airports and aviation facilities, including all concessions and other operations located on any property of the city dedicated to the airport and other aviation purposes, shall be placed in the fund established by this section and deposited to the account of such fund in a bank which has been designated as a city depository in accordance with the procedure set forth in the city charter.
(Code 1956, § 4-12.6)

Cross reference—Funds, § 70-81 et seq.

Sec. 22-48. Collection of revenues, etc.

The council hereby authorizes and approves the delegation by the director of the department of finance to the aviation board of the functions of collecting all revenues described in section 22-47 and awarding all concessions located on property of the city which is dedicated to airport or other aviation purposes.
(Code 1956, § 4-12.7)

Sec. 22-49. Annual budget; use of funds of revolving fund.

The aviation board shall prepare, in accordance with its accounting records, adopt and submit annually to the council, not later than November 1 in each year, a budget of revenues and expenditures for the following calendar year, which shall be first approved by the council before any disbursements are made therefrom. This annual budget may, from time to time, be amended by

the board. Funds placed in the revolving fund of the board shall be used exclusively:

(1) First, for the payment of the expenses of administering, operating and maintaining the municipal airports and aviation facilities in accordance with the annual or amended budget of revenues and expenditures adopted by the board after publication thereof in the official journal of the city and after approval thereof by the council;

(2) Second, for the further development of any municipally-owned airports and aviation facilities; and

(3) Third, for the retirement in principal and interest of any bonds issued by the city in accordance with the vote of the property taxpayers of the city for the construction or further development of any airport or airports or aviation facilities belonging exclusively to the city.

(Code 1956, § 4-12.8)

Sec. 22-50. Expenditures from revolving fund.

Expenditures from the revolving fund of the aviation board, established by section 22-47, shall be made by the department of finance upon submission by properly designated officers of the board of evidence that the articles or services for which payment is requested have been procured, received or rendered in accordance with law and that payment therefor is due, in accordance with the budget of revenues and expenditures provided for in section 22-49; provided, however, that in cases of emergency the chairman or vice-chairman of the board is hereby authorized to make changes in budgeted expenditures and requisition the department of finance accordingly, on condition that the budget of revenues and expenditures shall be amended promptly thereafter by the board as provided in section 22-49.

(Code 1956, § 4-12.9)

Sec. 22-51. Permanent physical improvements.

The aviation board shall each year submit to the city planning commission, on or before August 15th, a list of all expenditures for permanent physical improvements it is making or proposes to make during the succeeding five years for inclusion in the capital program and capital budget; provided that nothing in this section shall be deemed to restrict the board's authority to make expenditures from its revolving fund for maintenance and renewal and replacement purposes on aviation properties under its administration in accordance with section 22-49.

(Code 1956, § 4-12.10)

Sec. 22-52. Quarterly statement and annual audit.

After each calendar quarter the aviation board shall file with the council a detailed statement of its receipts and of its expenditures, predicated upon its annual or amended budget and annually the accounts of the board shall be audited and a report thereof filed with the council.

(Code 1956, § 4-13.1(d))

Sec. 22-83. Violations, denial, suspensions, revocation.

Whoever violates any rules and regulations of the New Orleans Aviation Board may be subject to denial, suspension and/or revocation of the use permit issued under the authority of the aviation board. The procedure for determining eligibility for a use permit and/or determination whether a violation has occurred and imposing an appropriate remedy shall be established by the New Orleans Aviation Board.
(Code 1956, § 4-13.1(v); M.C.S., Ord. No. 25098, § 2, 11-15-12)

Sec. 22-84. Authorization to operate.

All persons operating public service vehicles from New Orleans International Airport shall be possessed of a proper contract, franchise, permit or other document authorized by the aviation board and permitting such operation. Such documents shall require compliance with the board's rules and regulations for the operation of the airport.
(Code 1956, § 4-13.1(a))

Sec. 22-85. Taxi airport use permit.

Every person desiring to operate a taxicab from the airport shall first obtain a taxi airport use permit, decal or other document authorized by the New Orleans Aviation Board permitting such operation. Such permit shall be issued only upon full compliance with rules and regulations, policies and procedures of the New Orleans Aviation Board.

Editor's note—Formerly § 22-87. See editor's note at beginning of Art. III.

Sec. 22-87. Responsibility for employees.

Employees of any firm or corporation are the responsibility of the contracting firm and their infraction of rules and regulations will be enforced against the contracting firm. Individuals holding permits from the aviation board are subject to suspension or revocation of such permits as further set forth in these rules and regulations.
(Code 1956, § 4-13.1(b); M.C.S., Ord. No. 25098, § 8, 11-15-12)

Editor's note—Formerly § 22-88. See editor's note at beginning of Art. III.

Sec. 22-88. Solicitation prohibited.

No person shall act in the capacity of solicitant for any fare or business of any other nature; so called "starters" or information clerks are expressly prohibited and particularly in the public baggage claim area. This does not prohibit information being given from any properly identified booth or office. Soliciting through porters is prohibited; handling of baggage by any employee of a firm, or by any individual permit holder, is prohibited. During periods of active loading, all persons engaged in the purveying of public transportation shall remain in close proximity to their vehicles. The deputy director may, at his discretion, set physical limits for such persons.
(Code 1956, § 4-13.1(c); M.C.S., Ord. No. 25098, § 8, 11-15-12)

Editor's note—Formerly § 22-89. See editor's note at beginning of Art. III.

Sec. 22-89. Insurance requirements.

All owners and/or operators of taxicabs shall possess at all times, and shall make available for inspection on demand, documents establishing that they currently meet all insurance requirements imposed by law or regulation.
(Code 1956, § 4-13.1(t); M.C.S., Ord. No. 25098, §§ 4, 8, 11-15-12)

Editor's note—Formerly § 22-90. See editor's note at beginning of Art. III.

Sec. 22-90. Establishment of rates.

Taxicab rates to destinations in Orleans Parish shall be those rates established by the city council through the New Orleans Taxicab Bureau.
(Code 1956, § 4-13.1(i); M.C.S., Ord. No. 25098, § 8, 11-15-12)

Editor's note—Formerly § 22-91. See editor's note at beginning of Art. III.

Sec. 22-91. Meter, posting of rates.

Every taxicab shall be equipped with a meter, and will at no time be permitted to operate unless the meter is functioning properly. The meter shall be set at the rate prescribed by the laws or regulations of the municipality or parish in which the cab may operate. The established rates shall be posted on the inside of each cab licensed by the aviation board and shall be of a size and type readily legible to any passenger.
(Code 1956, § 4-13.1(h); M.C.S., Ord. No. 25098, § 8, 11-15-12)

Editor's note—Formerly § 22-92. See editor's note at beginning of Art. III.

Sec. 22-92. Loading of customers.

Taxicabs shall await and load customers at the airport in the manner authorized by the New Orleans Aviation Board.

Editor's note—Formerly § 22-93. See editor's note at beginning of Art. III.

Sec. 22-93. Transportation of passenger to destination.

(a) All taxicab drivers are required to give the airport regulatory agency (regulators) the destination of the passenger or passengers in their vehicles. Failure to forward this information or the willful giving of the wrong information constitutes a violation.

(b) The driver must transport the passenger to his desired destination within the metropolitan area. All drivers are to be familiar with the metropolitan area and should have local area maps for ready reference. Any driver unable to transport a passenger to any point in the metropolitan area will revert to the rear of the cab line.

(c) Attempts by any cab drivers to influence the destination of any passengers, or acceptance of money or other gratuities by a cab driver from anyone, given for the purpose of inducing passengers to change their requested destination, or any solicitation by drivers on behalf of operators of off airport businesses will result in revocation of driver's taxi airport use permit.

(d) The attempt by any operator of a taxicab to influence the destination of a fare, or ability to generate a fare out of turn by gratuities to any regulator shall constitute an indefinite revocation of the operator airport use permit.

Editor's note—Formerly § 22-96. See editor's note at beginning of Art. III.

Sec. 22-95. General conduct of drivers.

All drivers shall conduct themselves in an orderly and courteous manner. Drivers shall conduct their business in an honest and scrupulous manner and abide by all the prevailing laws prescribed for the operation of taxicabs.
(Code 1956, § 4-13.1(l); M.C.S., Ord. No. 25098, § 8, 11-15-12)

Editor's note—Formerly § 22-97. See editor's note at beginning of Art. III.

Sec. 22-96. Maintenance of vehicle—Generally.

Each driver shall be fully responsible for the exterior and interior of his/her taxicab. Each driver shall be required to maintain his/her taxicab and his/her person in a neat and clean condition at all times. Dashboards must be maintained free and clear of all paraphernalia and other items not necessary for the operation of such taxicab. Each taxicab must be air conditioned, and operating in a first class condition. Each

taxicab must comply with all applicable vehicle standards imposed by law or regulation, including but not limited to the rules and regulations of the New Orleans Aviation Board.
(Code 1956, § 4-13.1(o); M.C.S., Ord. No. 25098, §§ 6, 8, 11-15-12)

Editor's note—Formerly § 22-98. See editor's note at beginning of Art. III.

Sec. 22-97. Inspections authorized.

All taxicabs being operated from the airport shall be at all times subject to inspection, including spot inspections, by the New Orleans Aviation Board and/or appropriate local governing authorities.

ARTICLE IV. OPERATION OF AIRCRAFT

Sec. 22-136. Federal Aviation Administration rules.

(a) No person shall operate or cause to be operated any aircraft over or within the corporate limits of the city or the boundaries of New Orleans International Airport (Moisant Field) in violation of any of the air traffic rules established by the Federal Aviation Administration of the United States or its successor.

(b) The term "aircraft" as used in this section means any contrivance used or designed for navigation of or flight in the air except a parachute or other contrivance used primarily as safety equipment.
(Code 1956, § 4-14)

Sec. 22-137. Aircraft equipped with loudspeaking devices, carrying banners or distributing printed matter.

(a) The term "aircraft" as used in this section shall mean any type of heavier-than-air or lighter-than-air aircraft now invented or yet to be invented, including, but not limited to airplanes, helicopters, balloons, etc.

(b) No person shall make any flights by aircraft carrying banners, distributing circulars or other printed matter from the air, or operate a loud-speaking or sound-amplifying device within or over the corporate limits of the city, either on his own account or for hire or gratuitously, without first obtaining a permit to do so from the bureau of safety and permits, and the payment of a permit fee of $20.00 for each flight; provided, however, that the permits provided for in this section may be issued by the bureau of safety and permits for periods not longer than one month rather than for individual flights for a fee of $100.00 for the period.

(c) Permits shall state the day and hours on which the flight is to be held. No permit shall be issued for the period beginning at 10:00 p.m. and ending at 10:00 a.m. on the following day.

(d) Any person violating any of the provisions of this section shall, upon conviction thereof, be fined in a sum not exceeding $100.00 or by imprisonment for a term not exceeding 90 days, or both, for each violation.

DIVISION 1. GENERALLY

Sec. 22-166. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Airport means New Orleans International Airport (Moisant Field).

Airport hazard means any structure or tree or use of land which obstructs the airspace required for the flight of aircraft in landing or taking off at the airport or is otherwise hazardous to such landing or taking off of aircraft.

Landing area means the area of the airport used for the landing, taking-off or taxiing of aircraft.

Nonconforming use means any structure, tree or use of land which does not conform to a regulation prescribed in this article or an amendment thereto, as of the effective date of such regulation.

Owner means the city or the aviation board, or their legally constituted successors.

Structure means any object constructed or installed by man, including, but without limitation, buildings, towers, smokestacks, and overhead transmission lines.

Tree means any object of natural growth.
(Code 1956, § 4-19)

Cross reference—Definitions generally, § 1-2.

Sec. 22-167. Administration.

The owner is hereby designated the administrative agency charged with the duty of administering and enforcing the regulations prescribed in this article. The duties of the owner shall include that of hearing and deciding all permits under sections 22-201 and 22-202, but the owner shall not have or exercise any of the powers or duties herein delegated to the board of appeals.
(Code 1956, § 4-20)

*__State law references—__Airport zoning, authority of city, R.S. 2:381 et seq.; airport authorities law does not limit city's authority to limit hazards by zoning, R.S. 2:611.

Sec. 22-168. Zones.

All of the land within the boundaries of the airport and within the prescribed areas is hereby divided into airport approach zones, airport transition zones and airport turning zones, the boundaries of which are shown on the zoning maps, designated Exhibit "A," dated August 20, 1951, covering New Orleans International Airport (formerly Moisant Field) attached to the original ordinance from which this article has been codified and made a part hereof.
(Code 1956, § 4-21)

Sec. 22-169. Height limit.

Except as otherwise provided in this article, no structure or tree shall be erected, altered, allowed to grow or maintained in any airport approach zone, airport transition zone, or airport turning zone to a height in excess of the height limit herein established for each zone. The following height limitations are herein established for each of the aforementioned zones at New Orleans International Airport (Moisant Field):

(1) *Approach zone.* On a 50 to one slope beginning at a point 200 feet from the ends of the instrument runway (10-28) and at the same elevations as the ends of the runway and on a 40 to one slope beginning at a point 200 feet from the ends of all other runways and at the same elevations as aforesaid and each slope or plane extending from the ends of the runways as aforesaid to the intersection of each with the horizontal surface 150 feet above the established airport elevation of three feet mean sea level (MSL).

(2) *Transition zone.* On a seven to one slope from each side of the runways and the approach zones to the intersection with the horizontal surface of 150 feet above the established airport elevation.

(3) *Turning zone.* A maximum height of 150 feet above the established airport eleva-

tion of three feet MSL, making the height limitation of 153 feet MSL within the turning zone but outside the approach and transition zones; the turning zone extends 18,500 feet in every direction from the radii point which is located on the centerline of the instrument runway (10-28) 3,500 feet W. N. W. from the E. S. E. end of such runway.

(Code 1956, § 4-22)

Sec. 22-170. Use restrictions.

Notwithstanding any other provision of this article, no use may be made of land within any airport approach zone, airport turning zone or airport transition zone in such a manner as to:

(1) Create electrical interference with radio communication between the airport and aircraft;

(2) Make it difficult for flyers to distinguish between airport lights and others;

(3) Result in glare in the eyes of the flyers using the airport;

(4) Impair visibility in the vicinity of the airport; or

(5) Otherwise endanger the landing, taking-off or maneuvering of aircraft.

(Code 1956, § 4-23)

Sec. 22-171. Existing nonconforming uses.

The regulations prescribed in sections 22-169 and 22-170 shall not be construed to require the removal, lowering or other change or alteration of any structure or tree not conforming to the regulations as of November 23, 1951, or otherwise to interfere with the continuance of any such nonconforming use. Nothing contained in this section shall require any change in the construction, alteration or intended use of any structure the construction or alteration of which was begun prior to November 23, 1951, and was diligently prosecuted and completed before November 23, 1953.

(Code 1956, § 4-24)

State law reference—Similar provisions, R.S. 2:384(D).

Sec. 22-172. Variances.

Any person desiring to erect any structure, increase the height of any structure, permit the growth of any tree or otherwise use his property not in accordance with the regulations prescribed in this article may apply for a variance therefrom. Such variance shall be allowed when a literal application or enforcement of these regulations would result in practical difficulty or unnecessary hardship and the relief granted would not be contrary to the public interest but do substantial justice and be in accordance with the spirit of this article.

(Code 1956, § 4-25)

State law reference—Similar provisions, R.S. 2:385(B).

Sec. 22-173. Conflicting regulations.

Where there exists a conflict between any of the regulations or limitations prescribed in this article and any other regulations applicable to the same area, whether the conflict be with respect to the height of structures or trees, and the use of land, or any other matter, the more stringent limitation or requirement shall govern and prevail.

(Code 1956, § 4-53)

Sec. 22-174. Illumination of structures.

(a) A red obstruction lighting system shall be utilized on all communications towers and support structures that are between 165 and 200 feet in height, as follows:

(1) At least one red flashing beacon should be installed at the top of the structure in such a manner as to ensure an unobstructed view of one or more lights by a pilot.

(2) Two or more steady-burning white lights should be installed on diagonally or diametrically opposite positions at a height equal to one-half of the total structure height.

(3) If a rod, antenna, or other appurtenance located on the tower, 40 feet or less in height, is incapable of supporting a red flashing beacon, then the beacon may be placed at the base of the appurtenance. If

the mounting location does not allow unobstructed viewing of the beacon by a pilot, then additional beacons should be added.

(4) If a rod, antenna, or other appurtenance is located on the tower, exceeding 40 feet in height, is incapable of supporting a red flashing beacon, a supporting mast with one or more beacons should be installed adjacent to the appurtenance. Adjacent installations shall not exceed the height of the appurtenance and shall be within 40 feet of the tip to allow the pilot an unobstructed view of at least one beacon.

(b) All lighting systems on communications towers and support structures standing between 165 and 200 feet above ground level are subject to inspection and enforcement by the Department of Safety and Permits.

Secs. 22-175—22-200. Reserved.

DIVISION 2. PERMITS

Sec. 22-201. Permits required.

No material change shall be made in the use of land and no structure or tree shall be erected, altered, planted or otherwise established in violation of height limitations in any airport approach zone, airport turning zone or airport transition zone unless a permit therefor shall have been applied for and granted. Each such application shall indicate the purpose for which the permit is desired, with sufficient particularity to permit it to be determined whether the resulting use, structure or tree would conform to the regulations prescribed in this division. If such determination is in the affirmative, the permit applied for shall be granted.
(Code 1956, § 4-26)

State law reference—Similar provisions, R.S. 2:385(A).

Sec. 22-202. Alteration of existing use.

Before any existing use, structure or tree may be replaced, substantially altered or repaired, rebuilt, allowed to grow higher or replanted within any airport approach zone, airport turning zone or airport transition zone a permit must be secured authorizing such replacement, change or repair. No such permit shall be granted that would allow the establishment or creation of an airport hazard or permit a nonconforming use, structure or tree to be made or to become higher or become a greater hazard to air navigation than it was on November 23, 1951, or than it is when the application for a permit is made. Except as indicated all applications for a permit for replacement, change or repair of an existing use, structure or tree shall be granted.
(Code 1956, § 4-27)

State law reference—Similar provisions, R.S. 2:385(A).

Sec. 22-203. Consent to hazard marking and lighting.

Any permit or variance granted under sections 22-172 to 22-202 may, if such action is deemed advisable to effectuate the purposes of this article and reasonable in the circumstances, be so conditioned as to require the owner of the structure or trees in question to permit the owner, at its own expense, to install, operate and maintain thereon such markers and lights as may be necessary to indicate to flyers the presence of an airport hazard.

Secs. 22-204—22-225. Reserved.

DIVISION 3. BOARD OF APPEALS*

Sec. 22-226. Powers generally.

The zoning board of appeals and adjustment of the city is hereby authorized to act as the board of appeals hereunder and to exercise the following powers:

(1) To hear and decide appeals from any order, requirement, decision or determination made by the owner in the enforcement of this article;

***Cross reference—**Boards, committees and commissions, § 2-86 et seq.

State law reference—Board of appeal, powers, R.S. 2:386(C).

(2) To hear and decide special exceptions to the terms of this article upon which such board may be required to pass by subsequent ordinances; and

(3) To hear and decide specific variances under sections 22-201 and 22-202.

(Code 1956, § 4-29)

Sec. 22-227. Right of appeal.

Any person aggrieved or taxpayer affected by any decision of the owner made in its administration of this article, if of the opinion that the decision of the owner is an improper application of this article, may appeal to the board of appeals for which provision is made in section 22-226.
(Code 1956, § 4-30)

Sec. 22-228. When and how appeal taken.

All appeals referred to in section 22-227 must be taken within a reasonable time, as provided by the rules of the board of appeals, by filing with the owner and with the board a notice of appeal specifying the grounds thereof. The owner shall forthwith transmit to the board all the papers constituting the record upon which the action appealed from was taken.
(Code 1956, § 4-31)

Sec. 22-229. Effect of appeal as stay.

An appeal under this division shall stay all proceedings in furtherance of the action appealed from, unless the owner certifies to the board of appeals, after the notice of appeal has been filed with it, that by reason of the facts stated in the certificate a stay would in its opinion cause imminent peril to life or property. In such case proceedings shall not be stayed otherwise than by order of the board on notice to the owner and on due cause shown.
(Code 1956, § 4-32)

Sec. 22-230. Hearing of appeal and decision.

The board of appeals shall fix a reasonable time for the hearing of the appeal, give public notice and due notice to the parties in interest and decide the same within a reasonable time. Upon the hearing any party may appear in person or by agent or by attorney.
(Code 1956, § 4-33)

Sec. 22-231. Procedure; meetings; records.

The board of appeals shall adopt rules for its governance and procedure in harmony with the provisions of this article. Meetings of the board shall be held at the call of the chairman and at such other times as the board may determine. The chairman or, in his absence, the acting chairman may administer oaths and compel the attendance of witnesses. All hearings of the board shall be public. The board shall keep minutes of its proceedings, showing the vote of each member upon each question or, if a member is absent or fails to vote, indicating such fact and shall keep records of its examinations and other official actions, all of which shall immediately be filed in the office of the board and shall be public records.
(Code 1956, § 4-34)

Sec. 22-232. Order of board.

The board of appeals may, in conformity with the provisions of this article, reverse or affirm,

wholly or partly, or modify the order, requirement, decision or determination appealed from and may make such order, requirement, decision or determination as ought to be made and to that end shall have all the powers of the owner.
(Code 1956, § 4-35)

Sec. 22-233. Findings of fact, conclusions of law.

The board of appeals shall make written findings of fact and conclusions of law, giving the facts upon which it acted and its legal conclusions from such facts in reversing, affirming or modifying any order, requirement, decision or determination which comes before it under the provisions of this article.
(Code 1956, § 4-36)

Sec. 22-234. What majority vote of board may do.

The concurring vote of a majority of the members of the board of appeals shall be sufficient to reverse any order, requirement, decision or determination of the owner, to decide in favor of the applicant on any matter upon which it is required to pass under this article or to effect any variation in this article.
(Code 1956, § 4-37)

Sec. 22-235. Conclusiveness of findings of fact.

Findings of fact of the board of appeals, if supported by substantial evidence, shall be conclusive on appeal.
(Code 1956, § 4-38)

Sec. 22-236. Judicial review.

Any person aggrieved or taxpayer affected by any decision of the board of appeals may appeal to the district court, as provided in R.S. 2:387.
(Code 1956, § 4-39)

Sec. 22-237. Conflicting laws.

When this article imposes a greater or more stringent restriction upon the use of land than is imposed or required by any other law, ordinance or regulation the provisions of this article shall govern.

ARTICLE VI. AIRPORT ZONING, NEW ORLEANS LAKEFRONT AIRPORT*

DIVISION 1. GENERALLY

Sec. 22-266. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Airport means the New Orleans Lakefront Airport.

Airport elevation means nine feet above mean sea level.

Approach surface means a surface longitudinally centered on the extended runway centerline, extending outward and upward from the end of the primary surface and at the same slope as the approach zone height limitation slope set forth in section 22-268. In plan the perimeter of the approach surface coincides with the perimeter of the approach zone.

Approach, transitional, horizontal, and conical zones mean zones set forth in section 22-267.

Conical surface means a surface extending outward and upward from the periphery of the horizontal surface at a slope of 20 to one for a horizontal distance of 4,000 feet.

Hazard to air navigation means an obstruction determined to have a substantial adverse effect on the safe and efficient utilization of the navigable airspace.

Height means, for the purpose of determining the height limits in all zones set forth in this ar-

*State law references—Airport zoning, authority of city, R.S. 2:381 et seq.; airport authorities law does not limit city's authority to limit hazards by zoning, R.S. 2:611.

ticle and shown on the zoning map, the mean sea level elevation unless otherwise specified.

Horizontal surface means a horizontal plane 150 feet above the established airport elevation, the perimeter of which in plan coincides with the perimeter of the horizontal zone.

Larger than utility runway means a runway that is constructed for and intended to be used by propeller driven aircraft of greater than 12,500 pounds maximum gross weight and jet powered aircraft.

Nonconforming use means any preexisting structure, object of natural growth, or use of land which is inconsistent with the provisions of this article or an amendment thereto.

Nonprecision instrument runway means a runway having an existing instrument approach procedure utilizing air navigation facilities with only horizontal guidance, or area type navigation equipment, for which a straight-in nonprecision instrument approach procedure has been approved or planned.

Obstruction means any structure, growth, or other object, including a mobile object, which exceeds a limiting height set forth in section 22-268.

Precision instrument runway means a runway having an existing instrument approach procedure utilizing an instrument landing system (ILS) or a precision approach radar (PAR). It also means a runway for which a precision approach system is planned and is so indicated on an approved airport layout plan or any other planning document.

Primary surface means a surface longitudinally centered on a runway. When the runway has a specially prepared hard surface, the primary surface extends 200 feet beyond each end of that runway; for military runways or when the runway has no specially prepared hard surface, or planned hard surface, the primary surface ends at each end of that runway. The width of the primary surface is set forth in section 22-267. The elevation of any point on the primary surface is the same as the elevation of nearest point on the runway centerline.

Runway means a defined area at an airport prepared for landing and take-off of aircraft along its length.

Structure means an object, including a mobile object, constructed or installed by man, including but without limitation, buildings, towers, cranes, smokestacks, earth formation, and overhead transmission lines.

Transitional surfaces means these surfaces extend outward at 90-degree angles to the runway centerline and the runway centerline extended at a slope of seven feet horizontally for each foot vertically from the sides of the primary and approach surfaces to where they intersect the horizontal and conical surfaces. Transitional surfaces for those portions of the precision approach surfaces, which project through and beyond the limits of the conical surface, extend a distance of 5,000 feet measured horizontally from the edge of the approach surface and at 90-degree angles to the extended runway centerline.

Tree means any object of natural growth.

Utility runway means a runway that is constructed for and intended to be used by propeller driven aircraft of 12,500 pounds maximum gross weight and less.

Visual runway means a runway intended solely for the operation of aircraft using visual approach procedures.

Sec. 22-267. Airport zones.

In order to carry out the provisions of this article, there are hereby created and established certain zones which include all of the land lying beneath the approach surfaces, transitional surfaces, horizontal surfaces, and conical surfaces as they apply to New Orleans Lakefront Airport. Such zones are shown on New Orleans Lakefront Airport Zoning Map consisting of one sheet, prepared by the Orleans Levee Board, Number 4105 dated August, 1980, which is attached to the ordinance from which this article was derived and made a part hereof by reference. An area located in more

than one of the following zones is considered to be only in the zone with the more restrictive height limitation. The various zones are hereby established and defined as follows:

(1) *Utility runway visual approach zone.* The inner edge of this approach zone coincides with the width of the primary surface and is 250 feet wide. The approach zone expands outward uniformly to a width of 1,250 feet at a horizontal distance of 5,000 feet from the primary surface. Its centerline is the continuation of the centerline of the runway.

(2) *Utility runway nonprecision instrument approach zone.* The inner edge of this approach zone coincides with the width of the primary surface and is 500 feet wide. The approach zone expands outward uniformly to a width of 2,000 feet at a horizontal distance of 5,000 feet from the primary surface. Its centerline is the continuation of the centerline of the runway.

(3) *Runway larger than utility visual approach zone.* The inner edge of this approach zone coincides with the width of the primary surface and is 500 feet wide. The approach zone expands outward uniformly to a width of 1,500 feet at a horizontal distance of 5,000 feet from the primary surface. Its centerline is the continuation of the centerline of the runway.

(4) *Runway larger than utility with a visibility minimum greater than three-fourths mile nonprecision instrument approach zone.* The inner edge of this approach zone coincides with the width of the primary surface and is 500 feet wide. The approach zone expands outward uniformly to a width of 3,500 feet at a horizontal distance of 10,000 feet from the primary surface. Its centerline is the continuation of the centerline of the runway.

(5) *Runway larger than utility with a visibility minimum as low as three-fourths mile nonprecision instrument approach zone.* The inner edge of this approach zone coincides with the width of the primary surface and is 1,000 feet wide. The approach zone expands outward uniformly to a width of 4,000 feet at a horizontal distance of 10,000 feet from the primary surface. Its centerline is the continuation of the centerline of the runway.

(6) *Precision instrument runway approach zone.* The inner edge of this approach zone coincides with the width of the primary surface and is 1,000 feet wide. The approach zone expands outward uniformly to a width of 16,000 feet at a horizontal distance of 50,000 feet from the primary surface. Its centerline is the continuation of the centerline of the runway.

(7) *Transitional zones.* The transitional zones are the areas beneath the transitional surfaces.

(8) *Horizontal zone.* The horizontal zone is established by swinging arcs of 5,000 feet radii for all runways designated utility or visual and 10,000 feet for all others from the center of each end of the primary surface of each runway and connecting the adjacent arcs by drawing lines tangent to those arcs. The horizontal zone does not include the approach and transitional zones.

(9) *Conical zone.* The conical zone is established as the area that commences at the periphery of the horizontal zone and extends outward therefrom a horizontal distance of 4,000 feet.

(Code 1956, § 4-43)

Sec. 22-268. Airport zone height limitations.

Except as otherwise provided in this article, no structure shall be erected, altered, or maintained, and no tree shall be allowed to grow in any zone created by this article to a height in excess of the applicable height herein established for such zone. Such applicable height limitations are hereby established for each of the zones in question as follows:

(1) *Utility runway visual approach zone.* Slopes 20 feet outward for each foot upward beginning at the end of and at the same eleva-

tion as the primary surface and extending to a horizontal distance of 5,000 feet along the extended runway centerline.

(2) *Utility runway nonprecision instrument approach zone.* Slopes 20 feet outward for each foot upward beginning at the end of and at the same elevation as the primary surface and extending to a horizontal distance of 5,000 feet along the extended runway centerline.

(3) *Runway larger than utility visual approach zone.* Slopes 20 feet outward for each foot upward beginning at the end of and at the same elevation as the primary surface and extending to a horizontal distance of 5,000 feet along the extended runway centerline.

(4) *Runway larger than utility with a visibility minimum greater than three-fourths mile nonprecision instrument approach zone.* Slopes 34 feet outward for each foot upward beginning at the end of and at the same elevation as the primary surface and extending to a horizontal distance of 10,000 feet along the extended runway centerline.

(5) *Runway larger than utility with a visibility minimum as low as three-fourths mile nonprecision instrument approach zone.* Slopes 34 feet outward for each foot upward beginning at the end of and at the same elevation as the primary surface and extending to a horizontal distance of 10,000 feet along the extended runway centerline.

(6) *Precision instrument runway approach zone.* Slopes 50 feet outward for each foot upward beginning at the end of and at the same elevation as the primary surface and extending to a horizontal distance of 10,000 feet along the extended runway centerline; thence slopes upward 40 feet horizontally for each foot vertically to an additional horizontal distance of 40,000 feet along the extended runway centerline.

(7) *Transitional zones.* Slope seven feet outward for each foot upward beginning at the sides of and at the same elevation as the primary surface and the approach surface, and extending to a height of 150 feet above the airport elevation which is nine feet above mean sea level. In addition to the foregoing, there are established height limits sloping seven feet outward for each foot upward beginning at the sides of and the same elevation as the approach surface, and extending to where they intersect the conical surface. Where the precision instrument runway approach zone projects beyond the conical zone, there are established height limits sloping seven feet outward for each foot upward beginning at the sides of and the same elevation as the approach surface, and extending a horizontal distance of 5,000 feet measured at 90-degree angles to the extended runway centerline.

(8) *Horizontal zone.* Established at 150 feet above the airport elevation or at a height of 159 feet above mean sea level.

(9) *Conical zone.* Slopes 20 feet outward for each foot upward beginning at the periphery of the horizontal zone and at 150 feet above the airport elevation and extending to a height of 350 feet above the airport elevation.

(10) *Excepted height limitations.* Nothing in this article shall be construed as prohibiting the construction or maintenance of any structure, or growth of any tree to a height up to 50 feet above the surface of the land.

(Code 1956, § 4-44)

Sec. 22-269. Use restriction.

Notwithstanding any other provisions of this article, no use may be made of land or water within any zone established by this article in such a manner as to create electrical interference with navigational signals or radio communication between the airport and aircraft, make it difficult for pilots to distinguish between airport lights and others, result in glare in the eyes of pilots using the airport, impair visibility in the vicinity of the airport, create bird strike hazards, or otherwise in any way endanger or interfere with the landing, takeoff, or maneuvering of aircraft intending to use the airport.

(Code 1956, § 4-45)

Sec. 22-270. Nonconforming uses.

(a) *Regulations not retroactive.* The regulations prescribed in this article shall not be construed to require the removal, lowering, or other change or alteration of any structure or tree not conforming to the regulations as of the effective date of the ordinance from which this article was derived, or otherwise interfere with the continuance of a nonconforming use. Nothing contained in this section shall require any change in the construction, alteration, or intended use of any structure, the construction or alteration of which was begun prior to the effective date of the ordinance from which this article was derived, and is diligently prosecuted.

(b) *Marking and lighting.* Notwithstanding the preceding provision of this section, the owner of any existing nonconforming structure or tree is hereby required, at the owner's option, to either install, operate and maintain or to permit the installation, operation, and maintenance thereon of such markers and lights as shall be deemed necessary by the director of aviation, New Orleans Lakefront Airport, to indicate to the operators of aircraft in the vicinity of the airport the presence of such airport obstruction. Such markers and lights shall be installed, operated, and maintained at the expense of New Orleans Lakefront Airport. (Code 1956, § 4-46)

State law reference—Similar provisions, R.S. 2:384(D), 2:385(C).

Secs. 22-271—22-300. Reserved.

DIVISION 2. PERMITS*

Sec. 22-301. Future uses.

(a) Except as specifically provided in subsections (1), (2), and (3) of this section, no material change shall be made in the use of land, no structure shall be erected or otherwise established, and no tree shall be planted in any zone hereby created unless a permit therefor shall have been applied for and granted. Each application for a permit shall indicate the purpose for which the permit is desired, with sufficient particularity to permit it to be determined whether the resulting use, structure, or tree would conform to the regulations herein prescribed. If such determination is in the affirmative, the permit shall be granted. No permit for a use inconsistent with the provisions of this article shall be granted unless a variance has been approved in accordance with section 22-304.

(1) In the area lying within the limits of the horizontal zone and conical zone, no permit shall be required for any tree or structure less than 75 feet of vertical height above the ground, except when, because of terrain, land contour, or topographic features, such tree or structure would extend above the height limits prescribed for such zones.

(2) In areas lying within the limits of the approach zones but at a horizontal distance of not less than 4,200 feet from each end of the runway, no permit shall be required for any tree or structure less than 75 feet of vertical height above the ground, except when such tree or structure would extend above the height limit prescribed for such approach zones.

(3) In the areas lying within the limits of the transition zones beyond the perimeter of the horizontal zone, no permit shall be required for any tree or structure less than 75 feet of vertical height above the ground, except when such tree or structure, because of terrain, land contour, or topographic features, would extend above the height limit prescribed for such transition zones.

(b) Nothing contained in any of the foregoing exceptions shall be construed as permitting or intending to permit any construction, or alteration of any structure, or growth of any tree in excess of any of the height limits established by this article except as set forth in subsection 22-268(10). (Code 1956, § 4-47(1))

Sec. 22-302. Existing uses.

No permit shall be granted under this division that would allow the establishment or creation of an obstruction or permit a nonconforming use, structure, or tree to become a greater hazard to air navigation than it was on the effective date of

*State law references—Permits; variances; obstruction marking and lighting, R.S. 2:385.

the ordinance from which this article was derived or any amendments thereto or than it is when the application for a permit is made. Except as indicated, all applications for such a permit shall be granted.
(Code 1956, § 4-47(2))

Sec. 22-303. Nonconforming uses abandoned or destroyed.

Whenever the department of safety and permits determines that a nonconforming tree or structure has been abandoned or more than 80 percent torn down, physically deteriorated, or decayed, no permit shall be granted that would allow such structure or tree to exceed the applicable height limit or otherwise deviate from the zoning regulations.
(Code 1956, § 4-47(3))

Sec. 22-304. Variances.

Any person desiring to erect or increase the height of any structure, or permit the growth of any tree, or use property, not in accordance with the regulations prescribed in this article, may apply to the board of zoning adjustment for a variance from such regulations. The application for variance shall be accompanied by a determination from the Federal Aviation Administration as to the effect of the proposal on the operation of air navigation facilities and the safe, efficient use of navigable airspace. Such variances shall be allowed where it is duly found that a literal application or enforcement of the regulations will result in unnecessary hardship and relief granted, will not be contrary to the public interest, will not create a hazard to air navigation, will do substantial justice, and will be in accordance with the spirit of this article. Additionally, no application for variance to the requirements of this article may be considered by the board of zoning adjustment unless a copy of the application has been furnished to the director of aviation, New Orleans Lakefront Airport, for advice as to the aeronautical effects of the variance. If the director of aviation does not respond to the application within 15 days after receipt, the board of zoning adjustment may act on its own to grant or deny such application.
(Code 1956, § 4-47(4))

Sec. 22-305. Obstruction marking and lighting.

Any permit or variance granted under this division may, if such action is deemed advisable to effectuate the purpose of this article and be reasonable in the circumstances, be so conditioned as to require the owner of the structure or tree in question to install, operate, and maintain, at the owner's expense, such markings and lights as may be necessary.

ARTICLE I. IN GENERAL

Sec. 26-1. Fraudulent practices in certain construction, erection, improvement or repair work.

(a) No person who is a party to a contract pertaining to the construction, erection, improvement or repair of any building or structure in the city shall do, or attempt, or cause or allow to be done or attempted by his agents or employees any of the following, which are defined as fraudulent practices for purposes of this section:

(1) Misrepresent to the owner of the property in question, or to the agent or representative of such owner, any material fact concerning the work proposed to be done by the contractor or subcontractor or the total price to be paid by the owner, including all financing charges, or the time and/or method of such payment; or make any promise concerning these matters, intended to influence the owner, or his agent or representative, knowing such promise to be false.

(2) Fail to timely begin and to complete; or to abandon, without good cause, the work undertaken to be done.

(3) Misrepresent to the owner of the property in question, or to the agent or representative of such owner, during the term of the contract for the work to be done, or after the execution of any evidence of indebtedness, any material fact concerning work already performed, as to quality or quantity, or concerning materials furnished or labor expended on the work in question.

(4) Wilful departure in any significant manner from the contract or the plans or specifications connected therewith without consent of the other contracting party and without reasonable cause which results in damage to the other party.

(5) Obtain a signed, written contract of the type referred to herein, or a promissory note, mortgage, pledge or other evidence of indebtedness in connection or conjunction therewith or in connection or conjunction with construction, erection, improvement or repair work on real property even without a signed, written contract, in which the full amount of money due to be paid, including discounts, interests, penalties, forfeitures, late charges, attorney fees or whatever, is not clearly and explicitly set forth in one sum or in such a manner as to be apparent.

(6) Fail to comply with all the requirements of the ordinances of the city applicable to such work, including particularly failure to obtain the required building permit and inspections from the city.

(b) This section is not applicable to contractors or subcontractors who have obtained a license and maintained a current license under the provisions of R.S. 37:2151—37:2163 provided that the particular contract involved exceeds $50,000.00.
(Code 1956, §§ 30-48, 30-49)

Sec. 26-2. Approval of demolitions within central business district.

(a) Permits for demolitions of existing structures within any area of the central business district (including any area located within the following boundaries: Iberville Street and projections thereof, the Mississippi River, the Pontchartrain Expressway and South and North Claiborne Avenue), less and except local historic districts with demolition control, shall be issued only after a city council motion has been passed authorizing such a demolition permit to be issued.

(b) The city council shall consider the recommendation of the city planning commission in making such a determination. The city planning commission's recommendation shall be made as a result of a meeting between the staff of the city planning commission, the department of safety and permits and the staff of the historic district landmarks commission as well as consideration given but not limited to the following:

(1) The architectural significance of the subject structure.

(2) The historical significance of the subject structure.

(3) The urban design significance of the subject structure as it relates to:

a. Pedestrian perception and movement;

b. Height, area and bulk of the structure as it relates to the street scene and to other buildings in the vicinity.

(4) The proposed length of time the subject site is planned to remain undeveloped.

(5) The proposed plan for redevelopment, if any, and its relationship to subsection (b)(3) of this section.

(6) If a parking lot or building is proposed as an interim use then need shall be based on but not limited to the following:

a. A plan of the location of existing and proposed parking facilities within the central business district;

b. Effect on traffic circulation both vehicular and pedestrian;

c. Parking inventory of buildings within a nine square block area of the proposed parking facility.

(c) Procedure for application:

(1) The department of safety and permits shall not issue a demolition permit to an applicant and shall refer an applicant to the city planning commission.

(2) The city planning commission shall obtain necessary information from applicant to do an analysis based on criteria contained in subsections (b)(1) through (6) and collect site plan review fee. Notwithstanding the provisions of this subsection, a fee of $500.00 shall be applicable for all demolition requests within the central business district.

(3) The city planning commission shall recommend an action to city council within 60 days from date of application in correct form.

(4) The city council shall take action by motion and shall do so only after receiving city planning commission recommendation. However, the council may act without planning commission recommendation if not received within 60 days of application in correct form.

(5) The applicant applies to the department of safety and permits with council motion approval of demolition.

(Code 1956, § 11-45; M.C.S., Ord. No. 23820, § 1, 12-1-09)

Sec. 26-3. Preservation of structures in National Register Historic Districts.

(a) All structures within National Register Historic Districts, pursuant to 16 U.S.C. 470 et seq., section 26-11, and other applicable laws, now or as amended, that are not exempt pursuant to section 26-6(f) herein, shall require city council approval prior to demolition.

(b) The purpose of requiring council approval of demolition of structures within National Register Historic Districts is:

(1) To attempt to preserve those buildings that have a historical or architectural value or buildings that contribute to the overall character of the neighborhood.

(2) To preserve and stabilize neighborhoods through the protection of those structures that represent the character and quality of the neighborhood or the architectural history of New Orleans.

(3) To promote redevelopment that contributes to the historic character of the neighborhood.

(Ord. No. 19,791, § 1, 8-3-00; M.C.S., Ord. No. 22882, § 1, 11-1-07; M.C.S., Ord. No. 23005, § 1, 2-21-08; M.C.S., Ord. No. 23764, § 1, 11-5-09; M.C.S., Ord. No. 23820, § 1, 12-1-09; M.C.S., Ord. No. 26037, § 1, 9-18-14; M.C.S., Ord. No. 28464, § 1, 8-20-20; M.C.S., Ord. No. 28520, § 1, 10-15-20)

Sec. 26-4. Application required for demolition.

(a) Any demolition of a structure within National Register Historic Districts, not expressly exempt by section 26-6(f), shall be reviewed and approved by the New Orleans City Council at a public hearing.

(b) Applications may only be filed by the owner of the subject property, an authorized agent of such owner, or a governmental agency. All applications subject to review, excluding applications that are initiated by a government agency, shall be accompanied by an additional application review fee of $250.00 per residential property and $500.00 per commercial property. This fee shall be in addition to any fees and applications required by the department of safety and permits for a standard demolition permit. For city initiated demolitions, all application submittals are required.

(c) To initiate review, the applicant shall submit to the department of safety and permits a completed application on forms created by the department for this purpose, which shall require at a minimum:

(1) The name of the owner(s);

(2) The name of the applicant(s), if different than the owner;

(3) Signature of the owner(s), or proof that the agent filing on behalf of an owner is authorized to do so;

(4) If the applicant is not the owner, the relationship to the owner (lessee, contractor, architect, etc.);

(5) The contact information for the applicant (phone number, address, email, etc.);

(6) The municipal address of the property;

(7) The following information regarding the property:

i. The Council district where the property is located;

ii. If the property is located in a National Register Historic District;

iii. If the property is in a Historic District Landmarks Commission District; and

iv. If the property is in the Vieux Carré (French Quarter).

(8) The approximate length of time the owner(s) owned the property;

(9) A written statement regarding why demolition is being sought;

(10) The cost of the demolition;

(11) A written statement regarding the future development plans for the property, specifically including:

i. The proposed plan for maintaining the lot between demolition and redevelopment, including any lot/weed maintenance and trash/debris removal plans;

ii. If fencing is proposed on the perimeter of the lot after demolition, the kind of fencing proposed;

iii. If redevelopment is planned, the timing expectations for completing the development along with the proposed use and if the redevelopment meets zoning requirements (if known); and

iv. If no immediate redevelopment is planned, the length of time the lot is anticipated to remain vacant.

(12) The number of residential units to be demolished, if applicable.

(d) In addition to the completed application form, the following additional documentation shall be affixed and incorporated into the application:

(1) Four color photographs of the structure to be demolished (full views of the front, rear, left, and right sides) labeled with the municipal address of the property and the view shown;

(2) A printed copy of the assessor's aerial map, with the subject property indicated;

(3) Recorded act of sale (if the property has recently changed ownership), or proof of ownership by the owner listed on the application;

(4) If re-development is planned, a copy of proposed site plans and exterior elevation plans (can be hand drawn);

(5) Estimated cost of the demolition from a licensed contractor; and

(6) A photograph indicating the posting of signage, no smaller than a standard-sized paper (eight and one-half by 11 inches) with a font large enough to be visible from the right-of-way, providing public notice that a demolition is being requested for the location, with the municipal address being visible, along with contact information for the district city council office, as provided by the department of safety and permits.

i. Once the owner receives notice from the clerk of council as to the date, time, and location of their demolition hearing, the posting shall be updated to include this information. Photographic proof of this revised posting shall be submitted to the clerk of council at least five days in advance of the scheduled hearing date.

ii. The postings shall be in a prominent location on the structure. If safe access to the structure is not reasonably practicable, the applicant shall place the sign on some prominent fixture on the adjacent public right-of-way as near as possible to the structure.

(7) If the city initiated demolition, written proof also shall be furnished providing mailed notice to the owner of record that the city is planning on initiating demolition of the structure.

(Ord. No. 19,791, § 1, 8-3-00; M.C.S., Ord. No. 23005, § 1, 2-21-08; M.C.S., Ord. No. 26037, § 1, 9-18-14; M.C.S., Ord. No. 28464, § 1, 8-20-20; M.C.S., Ord. No. 28520, § 1, 10-15-20)

Sec. 26-5. Application review.

(a) The department of safety and permits shall receive the demolition application forms, along with all required submittals, to ensure the application is complete. The department shall submit the application package to the clerk of council with five days of determining the application is complete.

(b) Each application submitted by the department shall contain a transmittal cover letter that provides a checklist indicating the inclusion of the necessary information and documentation required pursuant to section 26-4.

(c) Upon receipt of the department's completed submittal, the clerk of council shall formally receive the application materials as a communication at the next available regular council meeting, which shall set the suggested public hearing date for city council review. In no event shall an initial suggested public hearing date be more than 45 days from the formal receipt.

(d) Prior to the public hearing, the council research office (CRO) shall review the application and provide a written report analyzing the following:

(1) The current condition of the structure as evidenced by application photographs;

(2) The reason for the demolition request, and the cause for the current condition of the structure, if known;

(3) The architectural and historical significance of the structure, working in consultation with historic district landmark commission (HDLC);

(4) The neighborhood context of the structure and the overall effect demolition will have on the block face and surrounding area;

(5) The proposed length of time the site is anticipated to remain undeveloped if demolition is granted; and

(6) Are there proposed plans for redevelopment? If so, do those plans appear to comply with all zoning laws, or will those plans require additional entitlements in

order to build, working in consultation with the city planning commission and department of safety and permits.

(e) The CRO's report shall be submitted to the clerk of council for formal receipt on the city council agenda.
(Ord. No. 19,791, § 1, 8-3-00; M.C.S., 23005, § 1, 2-21-08; M.C.S., Ord. No. 26037, § 1, 9-18-14; M.C.S., Ord. No. 28464, § 1, 8-20-20; M.C.S., Ord. No. 28520, § 1, 10-15-20)

Sec. 26-6. Application approval.

(a) Subject to the exceptions listed herein, applications for demolitions within National Register Historic Districts shall be approved or denied by city council motion. Approvals shall expressly authorize the department of safety and permits to issue a demolition permit.

(b) Failure of the council to conduct a public hearing or act on an application within 45 days of formal receipt of the application on the regular city council agenda shall be deemed a denial of the application. Any denial by the council precludes reapplication for the same property for six months.

(c) The council may approve the demolition application subject to reasonable conditions provided in the written motion, when such conditions are necessary to protect the public welfare in relation to the preservation of the National Register Historic Districts' overall integrity, including:

(1) Requiring demolition to be completed within a reasonable timeframe;

(2) Requiring redevelopment within a reasonable timeframe; and/or

(3) Requiring deconstruction or salvage of historic elements.

(d) Within 15 calendar days of a final decision of the city council, any party, including adjacent property owners, neighborhood associations, or other interested individuals or organizations aggrieved by the decision of the city council may appeal that decision to the Civil District Court for the Parish of Orleans. An appeal of a final decision of the city council shall not affect a stay of such decision unless specifically authorized by order of the court.

(e) If the city council passes a motion authorizing the department of safety and permits to issue a demolition permit for a structure pursuant to this section, the applicant shall obtain the demolition permit within one year of passage of the city council motion. If the applicant fails to do so, the authorization shall be deemed null and void.

(f) The following National Register Historic District demolitions are exempt from the required city council review and approval:

(1) Single-story accessory structures that are not visible from the public right-of-way and are not used for residential or commercial space;

(2) Partial demolition, defined as less than 25 percent of the floor area, as defined by the New Orleans Building Code, of the structure. In no event shall a partial demolition include any portion of any primary facade, as defined by the Comprehensive Zoning Ordinance. Applications proposing the demolition of any portion of a primary facade shall be reviewed by the city council;

(3) Structures located within a historic district landmark commission (HDLC) or Vieux Carré Commission (VCC) jurisdiction, which are subject to the demolition permit review procedures set forth in Chapter 84 or Chapter 166 of the City Code;

(4) Structures in the Central Business District, which are subject to the demolition review procedures set forth in section 26-2 of the City Code;

(5) Structures that do not appear on the 1983 Sanborn maps, as verified by the department of safety and permits, in consultation with the city planning commission staff; and

(6) Structures for which emergency demolition has been determined to be necessary due to partial collapse or conditions which

have otherwise compromised the overall structural integrity, upon the recommendation of the chief building inspector and the department of code enforcement demolition coordinator and the concurrence of the directors of the departments of code enforcement and safety and permits, in consultation with the historic district landmark commission.

(Ord. No. 19,791, § 1, 8-3-00; M.C.S., Ord. No. 21549, § 1, 5-20-04; M.C.S., Ord. No. 22131, § 1, 1-19-06; M.C.S., Ord. No. 22196, § 1, 4-20-06; M.C.S., 23005, § 1, 2-21-08; M.C.S., Ord. No. 26037, § 1, 9-18-14; M.C.S., Ord. No. 26810, § 1, 2-18-16; M.C.S., Ord. No. 28464, § 1, 8-20-20; M.C.S., Ord. No. 28520, § 1, 10-15-20; M.C.S., Ord. No. 29758, § 1, 12-1-23)

Sec. 26-7. Illegal demolitions.

(a) If a demolition occurs or commences on any structure subject to city council review and approval without securing the necessary and proper permits, the director of the department of safety and permits shall issue the owner a post-demolition permit at a cost of 15 percent of the building value as recorded by the tax assessor.

(b) Failure to obtain a post-demolition permit shall result in the city issuing a permit at its expense, in which event the city may file an affidavit by the director of the department of safety and permits to this effect in the office of the Recorder of Mortgages for Orleans Parish, notice of which shall constitute a lien and privilege against the property. Any lien and privilege recorded against an immoveable property pursuant to this section shall be included in the next annual ad valorem tax bill.

(c) An owner assessed a post-demolition permit may appeal its cost to the city council within 30 days of the assessment of said fee.

(1) An appeal shall be filed in writing to the clerk of council, providing the following information:

a. The municipal address of the property;

b. The council district of the property;

c. Four color photographs of the structure (full views of the front, right, left and rear sides) prior to the demolition, if available. If pre-demolition photographs are not available, the owner shall note as such in the communication;

d. Photographs of the property after the demolition;

e. A printed copy of the assessor's aerial map, with the subject property indicated;

f. The amount of the post-demolition fee assessed by the department of safety and permits and the requested fee modification;

g. The reason for the demolition without securing council approval; and

h. The proposed redevelopment plans for the property, along with timing expectations for completing the redevelopment.

(2) The clerk of council shall formally receive a completed appeal request as a communication on the next available regular council agenda, which shall set the suggested public hearing date for city council review. In no event shall an initial suggested public hearing date be more than 45 days from the formal receipt of the completed appeal request.

(3) Applications for appeals shall be approved, modified, or denied via city council motion.

(4) Failure of the council to conduct a public hearing or act on the appeal request within 45 days of formal receipt shall be deemed a denial of the appeal.

(5) Within 15 calendar days of a final decision of the city council, the owner aggrieved by the decision of the city council may appeal that decision to the Civil District Court for the Parish of Orleans.

(d) Nothing in this section precludes the department of safety and permits from assessing additional fees related to an illegal demolition, including but not limited to those specified in Section 109.2 of the International Building Code, as adopted in section 26-14 of the Code of the City of New Orleans.

Sec. 26-14. International Building Code—Adopted.

(a) *Code adopted.* The building code of the city be and the same is hereby amended in its entirety and reordained to read as set forth in the International Building Code, 2021 Edition, except that the text of said document shall read as modified by the amendments set forth in section 26-15. In the event of conflict these amendments shall supersede and take priority over any amended or unamended section. If an amendment is in conflict with only part of a section, it shall be construed as superseding only the part of the section with which it is in conflict.

(b) *City not liable.* Nothing contained in this building code shall be construed to relieve or lessen the responsibility or liability of any person for injury or damage to persons or property caused by or resulting from any defects of any nature in any work performed by said person or in any equipment owned, controlled, installed, operated or used by him, nor shall the city or any officer, agent or employee thereof incur, or be held to assume, any liability by reason or in consequence of any permit, permission, certificate of inspection of [or] approval authorized therein, or issued or given as herein provided, or by any reason of or in consequence of any things done or acts performed pursuant to any provisions of this building code.

(c) *Prior violations.* All suits at law or in equity and all prosecutions resulting from the violation of any building ordinances heretofore in effect, which are now pending in any of the courts of this state, or of the United States, shall not be abated or abandoned by reason of the adoption of this building code, but shall be prosecuted to their finality the same as if this building code has not been adopted; and nothing in this building code shall be so construed as to abandon, abate, or dismiss any litigation or prosecution now pending, or which may have heretofore been instituted or prosecuted.

(d) *Retroactive clause.* In the case of violations of building ordinances committed before the effective date of this ordinance, the building ordinance existing at the time such violations were committed shall apply and govern.

(e) *Legal effect.* The requirements imposed by this building code shall be in addition to any other requirements imposed by other any other

applicable law. The more restrictive requirements shall supersede the less restrictive requirements.
(M.C.S., Ord. No. 22938, §§ 1—4, 12-20-07; M.C.S., Ord. No. 25921, § 1, 6-19-14; M.C.S., Ord. No. 27441, § 1, 6-15-17; M.C.S., Ord. No. 30235, § 1, 2-27-25)

Sec. 26-15. Same—Amendments.

That the following provisions of the International Building Code, 2021 Edition, shall be deleted in their entirety and the following shall be substituted in lieu thereof:

CHAPTER 1
SCOPE AND ADMINISTRATION

SECTION 101 - GENERAL

101.1 Title. These regulations shall be known as the Building Code of The City of New Orleans, Louisiana, hereinafter referred to as "this code".

101.1.1 Definitions. Except as expressly provided in this code, the following terms and their variant forms shall mean the following:

1. *Department* means the Department of Safety and Permits.
2. *Director* means the Director of the Department of Safety and Permits.
3. *IBC* means the current version of the International Building Code as published by the International Code Council.
4. *IRC* means the current version of the International Residential Code as published by the International Code Council.

101.2 Scope. The provisions of the International Building Code shall apply to the construction, alteration, relocation, enlargement, replacement, repair, equipment, use and occupancy, location, maintenance, removal and demolition of every building or structure or any appurtenances connected or attached to such buildings or structures.

Exceptions. Detached one-and two- family dwellings and multiple single-family dwellings (townhouses) not more than three stories a grade plane in height with a separate means of egress and their accessory structures shall comply with the International Residential Code. (See Chapter 35, this Code.) Appendix "J" of the International Residential Code is hereby adopted.

101.2.1 Appendices. Provisions in the appendices shall not apply unless specifically adopted.

101.3 Intent. The purpose of this code is to establish the minimum requirements to provide a reasonable level safety to protect the public health and general welfare through structural strength, means of egress facilities, stability, sanitation, adequate light and ventilation, energy conservation, and safety to life and property from fire and other hazards attributed to the built environment and to provide reasonable level of safety to fire fighters and emergency responders during emergency operations.

101.3.1 Quality Control. Quality control of materials and workmanship is not within the purview of this Code except as it relates to the purposes stated herein.

101.3.2 Permitting and Inspection. The inspection or permitting of any building or plan by the City of New Orleans, under the requirement of this Code shall not be construed in any court as a warranty of the physical condition of such building or the adequacy of such plan. Neither the City of New Orleans nor any employee thereof shall be liable in tort for damages for any defect or hazardous or illegal condition or inadequacy in such building or plan, or for any failure of any component of such building, which may occur subsequent to such inspection or permitting.

101.4 Referenced Codes. The other codes listed in Sections 101.4.1 through 101.4.6 and referenced elsewhere in this code shall be considered part of the requirements of this code to the prescribed extent of each such reference.

101.4.1 Electrical. The provisions of the Chapter 27 of this Code shall apply to the installation

of electrical systems, including alterations, repairs, replacement, equipment, appliances, fixtures, fittings and appurtenances thereto.

101.4.2 Gas. The provisions of the International Fuel Gas Code shall apply to the installation of gas piping from the point of delivery, gas appliances and related accessories as covered in this code. These requirements apply to gas piping systems extending from the point of delivery to the inlet connections of appliances and the installation and operation of residential and commercial gas appliances and related accessories.

101.4.3 Mechanical. The provisions of the International Mechanical Code shall apply to the installation, alterations, repairs, and replacement of mechanical systems, including equipment, appliances, fixtures, fittings and/or appurtenances, including ventilating, heating, cooling, air conditioning and refrigeration systems, incinerators, and other energy-related systems.

101.4.4 Plumbing. The provisions of the International Plumbing Code shall apply to the installation, alteration, repair and replacement of plumbing systems, including equipment, appliances, fixtures, appurtenances, and where connected to a water or sewerage system and all aspects of a medical gas system.

101.4.5 Fire Prevention. The provisions of the International Fire Code shall apply to matters affecting or relating to structures, processes and premises from the hazard of fire and explosion arising from the storage, handling or use of structures, materials or devices; from conditions hazardous to life, property or public welfare in the occupancy of structures or premises; and from the construction, extension, repair, alteration or removal of fire suppression automatic sprinkler systems and alarm systems or fire hazards in the structure or on the premises from occupancy or operation.

101.4.6 Energy. The provisions of the International Energy Conservation Code shall apply to all matters governing the design and construction of buildings for energy efficiency. These provisions are not applicable in areas where state mandated energy requirements are in effect.

101.4.7 Existing Buildings. The provisions of the International Existing Building Code shall apply to matters governing the repair, alteration, change of occupancy, addition to and relocation of existing buildings.

SECTION 102 - APPLICABILITY

102.1 General. Where there is a conflict between a general requirement and a specific requirement, the specific requirement, shall be applicable. Where, in any specific case, different sections of this code specify different materials methods of construction or other requirements, the most restrictive shall govern.

102.2 Other Laws. The provisions of this code shall not be deemed to nullify any provisions of local, state or federal law.

102.3 Application of References. References to chapter or section numbers, or to provisions not specifically identified by number, shall be construed to refer to such chapter, section or provision of this code.

102.4 Referenced Codes and Standards. The codes and standards referenced in this code shall be considered part of the requirements of this code to the prescribed extent of each such reference and as further regulated in Sections 102.4.1 and 102.4.2.

(A) 102.4.1 Conflicts. Where conflicts occur between provisions of this code and referenced codes and standards, the provisions of this code shall apply.

(A) 102.4.2 Provisions in referenced code and standards. Where the extent of the reference to a referenced code or standard includes subject matter that is within the scope of this code or the International Codes listed in Section 101.4, the provisions of this code or the International Codes listed in Section 101.4, as applicable, shall take precedence over the provisions in the referenced code or standard.

102.5 Partial Invalidity. In the event that any part or provision of this code is held to be

illegal or void, this shall not have the effect of making void or illegal any of the other parts or provisions.

102.6 Existing Structures. The legal occupancy of any structure existing on the date of adoption of this code shall be permitted to continue without change, except as is specifically covered in this code, the International Existing Building Code or the International Fire Code or as is deemed necessary by the Director for the general safety and welfare of the occupants and the public.

102.7 Encroachments. The owner of any building or structure with encroachments in/above/on/under the city's public rights-of-way is wholly responsible for the proper maintenance and use thereof and shall defend, indemnify, and hold harmless the city from all actions, claims, costs, damages and expense to which the city may be subjected by reason of any injury or alleged injury to any person or property resulting or alleged to result from such encroachments. The owner shall pay all sums so recovered against the city in any suit on account of such alleged injuries to which the city may be made a party, together with all such costs, damages and expenses as may be suffered by the city, all in a manner as to hold the city harmless from all such actions or claims. For purposes of this section encroachments are privately-owned structures or infrastructure (or a component part of the structure or infrastructure), that occupies the space on/over/under/into the public right-of-way and are effectively permanently-attached to the structure on the adjacent legal lot of record. Examples of these encroachments include but are not limited to: balconies, galleries, roof overhang, and steps.

SECTION 103 - DEPARTMENT OF SAFETY AND PERMITS

103.1 General. The Department of Safety and Permits headed by the Director is the agency responsible for administration and enforcement of this code. The Director has the authority to render interpretations of this code and to adopt policies and procedures in order to clarify the application of its provisions, as well as rules and regulations pursuant to Section 2-1000 of the Code of the City of New Orleans. The interpretations, policies, procedures, rules, and regulations shall be in compliance with the intent of this code. The policies, procedures, rules, and regulations shall not have the effect of waiving requirements specifically provided for in this code.

103.2 Applications and Permits. The Director shall receive applications, review construction documents and issue permits for the erection, and alteration, demolition and moving of building and structures, inspect the premises for which such permits have been issued and enforce compliance with the provisions of this code.

103.2.1 Determination of substantially improved or substantially damaged existing buildings and structures in flood hazard areas. For applications for reconstruction, rehabilitation, repair, alteration, addition or other improvement of existing buildings or structures located in flood hazard areas, the Director shall determine if the proposed work constitutes substantial improvement or repair of substantial damage. Where the Director determines that the proposed work constitutes substantial improvement or repair of substantial damage, and where required by this code, the Director shall require the building to meet the requirements of Section 1612 of this code and Chapter 78 of the Code of the City of New Orleans.

103.3 Notices and Orders. The Director shall issue all necessary notices or orders to ensure compliance with this code.

103.4 Inspections. The Director shall make the required inspections, or the Director shall have the authority to accept reports of inspection by approved agencies or individuals. Reports of such inspections shall be in writing and be certified by a responsible officer of such approved agency or by the responsible individual. The Director is authorized to engage such expert opinion as deemed necessary to report upon unusual technical issues that arise.

103.5 Identification. The Director and employees of the Department of Safety and Permits shall carry proper identification when inspecting structures or premises in the performance of duties under this code.

103.6 Right of Entry. Where it is necessary to make an inspection to enforce the provisions of this code, or where the Director has reasonable cause to believe that there exists in a structure or upon a premises a condition which is contrary to or in violation of this code which makes the structure or premises unsafe, dangerous or hazardous, the Director is authorized to enter the structure or premises at reasonable times to inspect or to perform the duties imposed by this code, provided that if such structure or premises be occupied that credentials be presented to the occupant and entry requested. If such structure or premises is unoccupied, the Director shall first make a reasonable effort to locate the owner or other person having charge or control of the structure or premises and request entry. If entry is refused, the Director shall have recourse to the remedies provided by law to secure entry.

103.7 Department records. The Director shall keep official records of applications received, permits and certificates issued, fees collected, reports of inspections, and notices and order issued. Such records shall be retained in accordance with the public record law of the State of Louisiana.

103.8 Liability. The Director, members of the Board of Building Standards and Appeals or employees charged with the enforcement of this code, while acting for the jurisdiction in good faith and without malice in the discharge of the duties required by this code or other pertinent law or ordinance, shall not thereby be civilly rendered liable personally and is hereby relieved from personal liability for any damage accruing to persons or property as a result of any act or by reason of an act or omission in the discharge of official duties. Any suit instituted against an officer or employee because of an act performed by that officer or employee in the lawful discharge of duties and under the provisions of this code shall be defended by legal representative of the jurisdiction until the final termination of the proceedings. The Director or any subordinate shall not be liable for cost in any action, suit or proceeding that is instituted in pursuance of the provisions of this code.

103.9 Approved Materials and Equipment. Materials, equipment and devices approved by the Director shall be constructed and installed in accordance with such approval.

103.9.1 Used Materials and Equipment. The use of used materials which meet the requirements of this code for new materials is permitted. Used equipment and devices shall not be reused unless approved by the Director.

103.10 Modifications. Wherever there are practical difficulties involved in carrying out the provisions of this code, the Director shall have the authority to grant modifications for individual cases, upon application of the owner or owner's representative, provided the Director shall first find that special individual reason makes the strict letter of this code impractical and the modification is in compliance with the intent and purpose of this code and that such modification does not lessen health, accessibility, life and fire safety, or structural requirements. The details of action granting modifications shall be recorded and entered in the files of the department of Safety and Permits.

103.10.1 Flood hazard areas. The Director shall not grant modifications to any provision required in flood hazard areas as established by Section 1612.3 unless a determination has been made that:

1. A showing of good and sufficient cause that the unique characteristics of the size, configuration or topography of the site render the elevation standards of Section 1612 inappropriate.
2. A determination that failure to grant of the variance would result in exceptional hardship by rendering the lot undevelopable.
3. A determination that the granting of a variance will not result in

increased flood heights, additional threats to public safety, extraordinary public expense, cause fraud on or victimization of the public, or conflict with existing laws or ordinances.

4. A determination that the variance is the minimum necessary to afford relief, considering the flood hazard.

Submission to the applicant of written notice specifying the difference between the design flood elevation and the elevation to which the building is to be built, stating that the cost of flood insurance will be commensurate with the increased risk resulting from the reduced floor elevation, and stating that construction below the design flood elevation increases risks to life and property.

103.11 Alternative Materials, Design and Methods of Construction and Equipment. The provisions of this code are not intended to prevent the installation of any material or to prohibit any design or method of construction not specifically prescribed by this code, provided that any such alternative has been approved. An alternative material, design or method of construction shall be approved where the Director finds that the proposed design is satisfactory and complies with the intent of the provisions of this code, and that the materials, method or work offered is, for the purpose intended, at least the equivalent of that prescribed in this code in quality, strength, effectiveness, fire resistance, durability and safety.

103.11.1 Research Reports. Supporting data where necessary to assist in the approval of materials or assemblies not specifically provided for in this code shall consist of valid research reports from approved sources. Product Evaluation Reports, as listed by ICC-ES, could be used to consider alternate materials or methods for acceptance and shall be referenced on the plans submittal package submitted for obtaining the permit.

103.11.2 Tests. Whenever there is insufficient evidence of compliance with the provisions of this code, or evidence that a material or method does not conform to the requirements of this code, or in order to substantiate claims for alternative materials or methods, the Director shall have the authority to require tests as evidence of compliance to be made at no expense to the jurisdiction. Test methods shall be as specified in this code or by other recognized test standards. In the absence of recognized and accepted test methods, the Director shall approve the testing procedures. Tests shall be performed by an approved agency. Reports of such tests shall be retained by the Director for the period required for retention of public records.

103.11.3 Requirements Not Covered by Code. Any requirements necessary for the strength or stability of an existing or proposed building or structure, or for the public safety, health and general welfare, not specifically covered by this Code, shall be determined by the Director.

103.12 Employees. The Director shall appoint all employees of the Department of Safety and permits subject to the existing Civil Service Laws of the State of Louisiana and the City of New Orleans. The person or persons appointed shall be persons fully qualified by technical training and experience, in both theory and practice, in the field in which their services will be utilized.

103.13 Construction or Demolishing Privileges. Materials or equipment for use in connection with the construction, demolishing, repair or maintenance of a building shall not be placed upon any portion of public-right-of-way (street or sidewalk), adjacent to the building or otherwise, without a permit issued by the Director of Department of Public Works. (See Chapter 33 of this Code, "Safeguards during Construction" for additional information.)

103.13.1 Any person having the use as described herein of any portion of the street or sidewalk shall cause red lights to be placed and maintained in a conspicuous place in front of all obstructions from sunset to sunrise each night, during the time such obstructions remain on the street or sidewalk and, further, shall cause barricades to be placed and maintained

in a conspicuous place in front of all obstructions twenty-four (24) hours a day. Said person shall agree to indemnify and hold harmless the City of New Orleans, its officials, agents and employees from and against all claims, suits, liabilities, damages, losses and expenses, including, but not limited to, costs, attorney's fees and interest, for all injuries to persons, and for all damage to the property of the City or others, caused by or resulting from failure to properly light and guard the obstruction or caused by or resulting from the negligence of himself, his employers or his agents, in connection with said use of the street or sidewalk, and further, said person shall indemnify and hold harmless the City of New Orleans, its officials, agents and employees from and against all claims of strict liability brought against the City in connection with injury against all persons or property occurring in connection with said use of the street or sidewalk.

103.13.2 All surface and subsurface media taken from excavations and construction/demolition debris or rubbish taken from buildings shall not be stored upon the sidewalks or streets, but shall be removed daily as rapidly as accumulated. Media, debris, and/or rubbish not removed from the site daily must be stored in a refuse container or other device to prevent said materials from becoming a public nuisance; in the case of demolition of a building or structure, removal or storage of debris must commence within seventy-two (72) hours of completion of the demolition. The Director may grant additional time for proper removal or storage of said materials upon good cause shown. In cases where materials are dry and likely to produced dust when handled, dust suppression measures (including, but not limited to, keeping said materials damp or covered) shall be utilized to prevent airborne particulate pollution to adjacent and surrounding property. All materials shall be handled in full compliance with applicable Federal and State guidelines (EPA, LDEQ, etc.), including placement of silt fencing barriers, or comparable devices, around any portions of a site which may result in media, debris, and/or rubbish entering the storm water system. Debris or rubbish created on upper floors shall be lowered by elevator in closed receptacles or by closed chutes discharging directly to containers or trucks. Failure to comply with the requirements contained herein shall be a violation of this Code.

103.13.3 Any temporary structures used by a builder shall be removed upon completion of the work. The street and sidewalk shall be cleared of all materials as soon as the use of the street for storage is no longer required.

103.13.4 In consideration of the foregoing permission to use streets and sidewalks for the piling and storing of materials and tools, or the use of equipment, the owner of the building shall be obligated in the event that any of the street or sidewalk pavements or the surface of the paved streets be damaged by the piling or storing of materials, tools, or the use of equipment. The owner shall restore the same within 30 days after completion and acceptance of building to the original condition in which they were before materials or tools were piled or stored thereon, or before the use of equipment.

103.13.5 In every building of reinforced concrete construction, forms of combustible materials shall be stripped from the concrete and removed from the building as soon as practicable.

103.14 Demolition Requirement. When drawings and detail statements are filed with the Director for the construction of a new building, if any existing building or part of an existing building is to be demolished, such facts shall be stated in the statement so filed. In demolishing a building, story after story shall be completely removed. No material shall be placed upon the floor of such building in the course of demolishing, but brick, timbers and other structural parts of each story shall be lowered to the ground immediately upon displacement. The owner, architect, Builder or contractor for a structure to be demolished, shall give not less than a twenty-four (24) hour notice in writing to the Director of such intended demolition. The material being removed shall be properly wetted down to lay the dust incident to its removal. Immediately following the displacement or demolition of

plaster, masonry, concrete, and other dust-raising materials, they shall again be thoroughly hosed down to insure against dust or other objectionable features before further removal or disturbance. Public ways and Drainage Systems shall be protected from contamination. All remaining exposed walls of adjoining buildings must be left perfectly safe, and all proper safeguards for the public shall be taken. Any surface holes or irregularities, wells, septic or underground storage tanks, basements, cellars, sidewalk vaults, or coal chutes remaining after demolition of any building or structure shall be filled with material as approved by the Director, and shall be graded in such a manner as to provide effective surface drainage. In demolishing buildings, covered walkways in accordance with the requirements of Chapter 33 may be required when, in the opinion of the Director, such walkways are necessary for public safety.

103.14.1 All demolition contracts for properties to be demolished in which the city is a party shall contain language to mandate that demolition contractors recycle all salvageable construction materials from such demolition projects and to prohibit such contractors from depositing any salvageable construction materials in any landfills or from otherwise disposing of such materials. Salvageable construction materials shall include but are not be limited to wooden door frames, wooden window frames, brackets, doors, windows, any decorative millwork, structural lumber, bricks, cinder blocks, ironwork, baseboards, roofing slate, tile, shingles floorboards, glasswork, gable ends and shutters, weather boards, cabinets, bathtubs, plumbing and wiring.

103.14.2 Removal of Debris. Removal from a site of any debris or rubbish resulting from a fire and/or any attendant demolition of a building or structure must commence within seventy-two (72) hours of the fire. It is the duty of the property owner or his/her agent to remove or cause to be removed from the sidewalk, street, and property all such debris within six (6) days after notice is by the Director. All non-regulated or non-contaminated materials generated by site work shall be deposited, at a minimum, in a permitted Type III construction and demolition debris and wood waste landfill.

103.14.3 Moving of Buildings. No building or part of any building shall be moved or relocated within the City limits without first obtaining permission from the proper City authorities. See Chapter 26 of the New Orleans City Code for additional requirements.

103.14.4 State Laws. Laws of the State of Louisiana regulating the protection of workmen, and the public, in construction shall be deemed a part of this Code.

103.14.5 Penalties. Any person, firm or corporation who shall be the owner of any such building or buildings, or parts thereof, chimneys, staging, or other structure which has become dangerous or unsafe, and a menace to life and limb, and who shall fail, neglect or refuse to comply with the orders of the Director within the time hereinbefore specified, shall be deemed and held guilty of a violation of this Code. Each day that the said person, firm or corporation remains in violation, shall constitute a separate violation; and the fact that the Director may cause said building, buildings or parts thereof, chimneys, staging or other structure to be demolished at the expense of the person, firm or corporation owning the same, shall not preclude the Director from preferring charges against the person, firm or corporation who shall fail, neglect or refuse to comply with the orders of the Director.

SECTION 104 - UNSAFE BUILDINGS, STRUCTURES, INSTALLATION AND MACHINERY

104.1 Definitions. For purposes of this section, the following definition shall apply.

104.2 Public Nuisance. A building or structure is deemed to be a public nuisance if by reason of the condition in which it is permitted to be or remain, it may endanger the health, life, limb, or property of a person, or cause any

hurt, harm, damages, injury or loss to a person or persons in one or more of the following circumstances.

1. By reasons of being dilapidated, decayed, rodent or insect infested unsafe or unsanitary is detrimental to health, morals, safety, public welfare, and the well-being of the community, endangers life or property or is conducive to ill health, delinquency and crime.
2. By reason of being a fire hazard.
3. By reason of the conditions which require its continued vacancy, the public nuisance, and its surrounding grounds are not reasonably or adequately maintained thereby causing deterioration and creating a blighting influence or condition on nearby properties and thereby depreciating the value, use and enjoyment to an extent that it is harmful to the public health, welfare, morals, safety and the economic stability of the area, community, or neighborhood in which such a public nuisance is located. A vacant structure that is not secured against entry shall be deemed unsafe.

104.3 Unsafe Mechanical or Electrical Installations. Any premises, building or buildings, part or parts of a building, mechanical or electrical installations and equipment, chimneys, staging or other structure that from any cause may now be or shall at any time hereafter become dangerous or unsafe, shall be taken down and removed, or made safe.

104.4 Menace to Public Safety. The Director shall determine as a matter of fact whether or not said public nuisance is in imminent danger of collapse and constitutes a menace to the public's health, safety or welfare.

104.5 Imminent Danger. If the Director determines that the public nuisance is in imminent danger of collapse, and constitutes a menace, he shall have the authority to cause the demolition of said nuisance by a municipal department or private company without previous notice to the owner, executor, administrator, agent, lessee, or any person or persons who may have a vested or contingent interest in said nuisance. Prior to causing the demolition, a photograph of the public nuisance in imminent danger of collapse shall be taken.

104.6 Public Nuisance. If the Director or his duly authorized representative determines that said public nuisance is not in imminent danger of collapse, but is a nuisance, as defined in Section 104.2 of this code, the following procedure shall be followed:

1. A determination shall be made by the Director or his representative whether the nuisance must be removed or repaired. If the nuisance is in the Vieux Carré District, the Director or his representative shall obtain the written recommendations of the Vieux Carré Commission before complying with Section (d) below. If the nuisance is located in an historic district established or adopted by the City Council or is a structure or portion thereof, designated as a landmark by the appropriate commission, the Director shall obtain the written recommendation of the Historic District Landmarks Commission having jurisdiction over the nuisance or area of work.
2. The Director shall give notice as provided in Section 104.11. Said notice shall direct the person or person notified to certify to the director within three days from the time of notification of his or their assent or refusal to repair or remove same.
3. If the person or persons so notified assents with the requirements of Section 104.6 above, permits shall be secured and the work shall be initiated within ten (10) days of the notice and performed as expeditiously as possible and shall be continuously prosecuted until completed to the satisfaction of the Director or his representative.

4. If the person or persons fails to certify to the director within three days from the time of notification of his or their assent, or refuses to comply with the Director's notice and order to repair or demolish the nuisance in question, shall empower the Director to seek relief:
    a. By requesting the City Attorney file charges in the Municipal Court of the City of New Orleans; and/or
    b. By requesting a public hearing before the City Council of the City of New Orleans so an owner(s) can show cause why said nuisance should not be demolished. Any owner shall be given reasonable advanced notice of the date and time of the City Council public hearing; and/or
    c. By seeking relief through Civil District Court or another Court of competent jurisdiction; and/or
    d. Via administrative adjudication as provided in Chapter 6 of the Code of the City of New Orleans.
5. Any person who fails to appear or who does not receive a continuance from the City Council, a Court of competent jurisdiction, or an administrative hearing officer shall be deemed in violation of this Code and the demolition hearing shall proceed without further notice.

104.7 Demolition of Nuisance. Upon a determination of the City Council, a Court of competent jurisdiction, or an administrative hearing officer that the nuisance should be demolished or, in the case of imminent danger as in Section 104.5, the Director shall employ such labor, furnish such materials and take such steps as in his judgment may be necessary to demolish said nuisance.

104.8 Bids for Demolition of Nuisance. The Director shall then proceed to effect the said demolition by advertising for bids through the City Purchasing Bureau, which bids shall be submitted to the Council for acceptance or rejection and final disposition. The City may do the work of demolition itself, or through the use of its own employees. The service of another governmental entity shall be employed in accordance with an intergovernmental agreement approved and executed as a written contract.

104.9 Lien and Privilege. Any and all expenses and costs incurred by the City of New Orleans in the enforcement of Section 104 shall be borne by the person or persons owning the public nuisance and shall constitute a lien and privilege and shall be due and collectible as provided by law.

104.10 Legal Action. The fact that the City may cause said premises, building, buildings, or parts thereof, chimneys, staging or other structure to be demolished or repaired at the expense of the person, firm or corporation owning the same, shall not preclude the Director from taking legal action in a court of competent jurisdiction against the person, firm or corporation who shall fail, neglect or refuse to comply with the orders of the Director and the violation or disregard of such orders shall be considered a violation of this Code.

104.11 Notice to Owners. For purposes of this Ordinance, notice is required to be given to the owner(s) of the nuisance. Notice shall be personally served or sent via regular and certified or registered U.S. mail at the address listed in the assessor's office of the parish. The date of postmark shall be deemed to be the date of delivery. Any notification so sent and returned by the U.S. Post Office shall be considered as having fulfilled the notification requirement. A copy of the notice shall also be affixed in a prominent location on or near the nuisance property.

104.12 Discontinue Utilities. The Director shall have authority to request discontinuance of service of the utility companies when seeking relief as provided in Section 104.6. The Director shall have the authority to request

discontinuance of service of the utility companies whenever a nuisance as provided in this Section constitutes an emergency that immediately threatens the health, safety and welfare of the public.

SECTION 105 - PERMITS

105.1 Required. Any owner or authorized agent who intends to construct, enlarge, alter, repair, move, demolish, or change the occupancy of a building or structure, or to erect, install, enlarge, alter, repair, remove, convert or replace any electrical, gas or mechanical system, the installation of which is regulated by this code, or to cause any such work to be done, shall first make application to the Director and obtain the required permit.

105.1.1 Annual Permit. In lieu of an individual permit for each alteration to an already approved electrical, gas, or mechanical installation, the Director is authorized to issue an annual permit upon application therefor to any person, firm or corporation regularly employing one or more qualified trade persons in the building, structure or on the premise owned or operated by the applicant for the permit.

105.1.2 Annual Permit Records. The person to whom an annual permit is issued shall keep a detailed record of alterations made under such annual permit. The Director shall have access to such records at all times or such records shall be filed with the official as designated.

105.2 Work Exempt from Permit. Exemptions from permit requirements of this Code shall not be deemed to grant authorization for any work to be done in any manner in violation of the provisions of this Code or any other laws or ordinances of the City of New Orleans including Vieux Carré Commission and Historic District Landmarks Commission requirements. A building permit shall not be required for the following, unless in the opinion of the Director it involves hazardous or complex conditions which require permitting and inspection:

1. Less than 50% per exterior wall removal and replacement of deteriorated weather boards, aluminum, or vinyl siding. (Note: Sheathing replacement is not exempt from permitting requirements removal and replacement of deteriorated weather boards, aluminum, or vinyl siding. Plywood sheathing is considered to be a structural material for a structural permit, other materials that are used as a substrate for finishes are not considered structural).
2. Removal and replacement of deteriorated floorboards.
3. Removal and replacement of unenclosed and uncovered deteriorated porches and steps that are five feet or less in height above grade - front and rear and sides, when not in conflict with the Comprehensive Zoning Ordinance. Roofs over otherwise unenclosed porches along with their framing is not exempt from permitting.
4. Interior painting, papering and similar finish work.
5. Paving of yard when in compliance with the Comprehensive Zoning Ordinance.
6. Retaining walls which are not over three ft. in height.
7. Exterior painting when not requiring protective scaffolding over public property or lead-based paint removal.
8. Repairs to stucco when not requiring protective scaffolding over public property.
9. Replacement of less than 50% of the roofing and/or gutter work with respect to one and two family dwellings.
10. Fences up to seven ft. in height, when in compliance with the Comprehensive Zoning Ordinance.
11. Masonry walls up to three ft. in height from grade or structure, when

used as a fence and when in compliance with the Comprehensive Zoning Ordinance.

12. Swings and other playground equipment accessory to detached one- and two-family dwellings.
13. Tents with an area less than 150 sq. ft. and not located in a Fire District, pursuant to Section 425 of this code and Section 3103 of the International Fire Code.
14. Uncovered decks, when part of a residential use, that do not exceed 200 sq. ft. in area and thirty in. high from grade at any point, that are not attached to a dwelling unit, and that do not serve as an exit door.
15. Replacement of cabinets and countertops when it does not also include replacement of plumbing fixtures or any fixed equipment.

The above exemptions supersede the exemptions listed in the unamended Code and are in addition to any works listed as exempt in the IRC or IBC, unless deemed applicable by the Department of Safety and Permits.

Exemption from permit requirements does not imply that these items are exempt from code requirements and still may require permitting from the HDLC or VCC.

Electrical: Repairs and Maintenance: Minor repair work, including the replacement of lamps or the connection of approved portable electrical equipment to approved permanently installed receptacles.

Radio and Television Transmitting Stations: The provisions of this code shall not apply to electrical equipment used for radio and television transmissions but do apply to equipment and wiring for power supply, and the installations of towers and antennas.

Temporary Testing Systems: A permit shall not be required for the installation of any temporary system required for the testing or servicing of electrical equipment or apparatus.

Gas:

1. Portable heating appliance.
2. Replacement of any minor part that does not alter approval of equipment or make such equipment unsafe.

Mechanical:

1. Portable heating appliance.
2. Portable ventilation equipment.
3. Portable cooling unit.
4. Steam, hot or chilled water piping within any heating or cooling equipment regulated by this code.
5. Replacement of any part which does not alter its approval or make it unsafe.
6. Portable evaporative cooler.
7. Self-contained refrigeration system containing 10 pounds (5 kg) or less of refrigerant and actuated by motors of 1 horsepower (746 W) or less.

105.2.1 Emergency Repairs. Where equipment replacements and repairs must be performed in an emergency situation, the permit application shall be submitted within the next working business day to the Director.

105.2.2 Repairs. Application or notice to the Director is not required for ordinary repairs to structures, replacement of lamps or the connection of approved portable electrical equipment to approved permanently installed receptacles. Such repairs shall not include the cutting away of any wall, partition or portion thereof, the removal or cutting of any structural beam or load bearing support, or the removal or change of any required means of egress, or rearrangement of parts of a structure affecting the egress requirements; nor shall ordinary repairs include addition to, alteration of, replacement or relocation of any standpipe, water supply, sewer, drainage, drain leader, gas, soil, waste, vent or similar piping, electric wiring or mechanical or other work affecting public health or general safety.

105.2.3 Public Service Agencies. A permit shall not be required for the installation, alteration or repair of generation, transmission, distribution or metering or other related equipment that is under the ownership and control of public service agencies by established right.

105.3 Application for Permit. To obtain a permit, the applicant shall first file an application therefor in writing on a form furnished by the department of Safety and Permit for that purpose. Such application shall:

1. Identify and describe the work to be covered by the permit for which application is made.
2. Adequately describe the land on which the proposed work is to be done (legal description, street address or similar description that will readily identify and definitely locate the proposed building or work).
3. Provide the address of the owner, if different from the land on which the proposed work is to be done.
4. Indicate the use and occupancy for which the proposed work is intended.
5. Be accompanied by construction documents and other information as required in Section 107.
6. State the fair-market valuation of the proposed work.
7. Be signed by the applicant, or the applicant's authorized agent.
8. Give such other data and information as required by the Director.

105.3.1 Action on Application. The Director shall conduct an initial review of an application for a permits and amendments thereto within 15 business days after filing. If the application is for a structural renovation, elevation, or new construction permit, the Director may extend the initial review period up to an additional 15 days, provided that the Director notifies the applicant in writing prior to the expiration of the initial review period and identifies in such notice which aspects of the proposed work require the extended review period. If the application or the construction documents do not conform to the requirements of pertinent laws, the Director shall reject such application in writing, stating the reasons therefor. If the Director is satisfied that the proposed work conforms to the requirements of this code and laws and ordinances applicable thereto, the Director shall issue a permit therefor as soon as practicable.

105.3.1.1 Action on Application by Other Departments. When an application for a permit requires review by any department or agency other than the Department of Safety and Permits, including, but not limited to, the Sewerage and Water Board and Department of Public Works, "except for the City Planning Commission, Historic District Landmarks Commission, Central Business District Landmarks Commission, and Vieux Carre Commission," and such review is not complete within 15 days of the filing of the application, the Director shall not delay issuance of a permit under this code but shall identify on the permit the other department or agency approval required but not received at the time of issuance.

Notwithstanding the foregoing, the applicant shall not proceed with any part of the proposed work that is dependent on final approval of the other department or agency until such approval is provided.

105.3.2 Time Limitation of Application. An application for a permit for any proposed work shall be deemed to have been abandoned 180 days after the date of filing, unless such application has been pursued in good faith or a permit has been issued; except that the Director is authorized to grant one or more extensions of time for additional periods not exceeding 180 days each. The extension shall be requested in writing and justifiable cause demonstrated.

105.4 Validity of Permit. The issuance or granting of a permit shall not be construed to be a permit for, or an approval of, any violation of any of the provisions of this code, the Comprehensive Zoning Ordinance, or any other ordinance of the City of New Orleans. Permits presuming to give authority to violate or

cancel the provisions of this code or other ordinances of the jurisdiction shall not be valid. The issuance of a permit based on construction documents and other data shall not prevent the Director from requiring the correction of errors in the construction documents and other data. The Director is also authorized to prevent occupancy or use of a structure where in violation of this code or of any other ordinances of this jurisdiction.

105.5 Expiration. A permit becomes invalid unless the work authorized by the permit is commenced within 180 days after its issuance, or if the work authorized on the permit is suspended or abandoned for a period of 180 days after the time the work is commenced. The Director is authorized to grant, in writing, one or more extensions of time, for periods not more than 180 days each. The extension shall be requested in writing and justifiable cause demonstrated.

105.6 Suspension or Revocation. The Director is authorized to suspend or revoke a permit issued under the provisions of this code wherever the permit is issued in error or on the basis of incorrect, inaccurate or any false statement or misrepresentation, or in violation of any ordinance or regulation or any of the provisions of this code.

105.7 Placement of Permit. The building permit or copy shall be displayed on the site of the work until the completion of the project.

SECTION 106 - FLOOR AND ROOF DESIGN LOADS

106.1 Live loads posted. Where the live loads for which each floor or portion thereof of a commercial or industrial building is or has been designed to exceed 50 psf (2.40 kN/m2), such design live loads shall be conspicuously posted by the owner in that part of each story in which they apply, using durable signs. It shall be unlawful to remove or deface such notices.

106.2 Issuance of certificate of occupancy. A certificate of occupancy required by Section 111 shall not be issued until the floor load signs, required by Section 106.1, have been installed.

106.3 Restrictions on loadings. It shall be unlawful to place, or cause or permit to be placed, on any floor or roof of a building, structure or portion thereof, a load greater than is permitted by this code.

SECTION 107 - SUBMITTAL DOCUMENTS

107.1 General. Submittal documents consisting of construction documents, statement of special inspections, geotechnical report and other data shall be submitted in two or more sets with each permit application. Submittal construction documents shall be prepared by or under the direct supervision of a Louisiana Registered Architect or a Louisiana Registered Civil Engineer, within the purview of the State of Louisiana licensing law provisions and said construction documents shall be imprinted with his/her seal designating him/her as the professional of record. Construction documents involving mechanical, gas and electrical installations except as follows, shall be prepared by or under the direct supervision of a Louisiana Registered Mechanical or Electrical Engineer, as applicable, or by a Louisiana Registered Architect as permitted by Louisiana state law, within the purview of the State of Louisiana licensing law provisions, and said drawings and specifications shall be imprinted with his/her seal designating, him/her as the professional of record and further, said drawings are to be submitted at the time of application for building permits. Where special conditions exist, the Director is authorized to require additional construction documents to be prepared by a registered design professional. The Director may waive the requirements of construction documents, if he/she finds that the nature of the work applied for is such that construction documents are not necessary to obtain compliance with the adopted codes.

Exceptions:

1. The submission of construction documents involving mechanical, gas and electrical installations is not neces-

sary when the electrical work does not exceed $35,000 or when the mechanical work does not exceed $35,000, in the opinion of the Director.

2. The submission of construction documents involving mechanical, gas and electrical installations is not necessary for the construction and or the repair work for one and two family dwellings.

3. The submission of construction documents for accessory structures up to 200 sq. ft. in area and up to 30 in. high from grade.

4. The submission of construction documents for uncovered decks up to 600 sq. ft. in area and up to 30 in. high from grade.

The Director may also waive the submission of construction documents if he/she finds that the nature of the work applied for is such that reviewing of construction is not necessary to obtain compliance with this Code. Where there are unusual conditions because of type of occupancy or type of construction, the Director may depart from the limitations set forth above and require submission of construction documents.

107.2 Construction documents. Construction documents shall be in accordance with Section 107.2.1 through 107.2.5.

107.2.1 Information on construction documents. Construction documents shall be dimensioned and drawn upon suitable material. Submission via electronic media is required for all applications for permit. Construction documents shall be of sufficient clarity to indicate the location, nature and extent of the work proposed and show in detail that it will conform to the provisions of this code and relevant laws, ordinances, rules and regulations, as determined by the Director.

107.2.2 Fire protection system shop drawings. Shop drawings for the fire protection system(s) shall be submitted to indicate conformance to this code and the construction documents and shall be approved prior to the start of system installation. Shop drawings shall contain all information as required by the referenced installation standards in Chapter 9 of this Code.

107.2.3 Means of egress. The construction documents shall show in sufficient detail the location, construction, size and character of all portions of the means of egress including the path of the exit discharge to the public way in compliance with the provisions of this code. In other than occupancies in Groups R-2, R3, and I-1, the construction documents shall designate the number of occupants to be accommodated on every floor, and in all rooms and spaces.

107.2.4 Exterior wall envelope. Construction documents for all buildings shall describe the exterior wall envelope in sufficient detail to determine compliance with this code. The construction documents shall provide details of the exterior wall envelope as required, including flashing, intersections with dissimilar materials, corners end details, control joints, intersections at roof, eaves or parapets, means of drainage, water-resistive membrane and details around opens. The construction documents shall include manufacturer's installation instructions that provide supporting documentation that the proposed penetration and opening details described in the construction documents maintain the weather resistance of the exterior wall envelope. The supporting documentation shall fully describe the exterior wall system which was tested, where applicable, as well as the test procedure used.

107.2.5 Site plan. Construction documents submitted with the application for permit shall be accompanied by a site plan showing to scale the size and location of new construction and existing structures on the site, distances from lot lines, the established street grades and the proposed finished grades and, as applicable, flood hazard areas, floodways, and design flood elevations; and it shall be drawn in accordance with an accurate boundary line survey. In the case of demolition, the site plan shall show construction to be demolished and the location and size of existing structures and construction that are to remain on the

site or plot. The Director authorized to waive or modify the requirement for a site plan when the application for permit is for alteration or repair or when otherwise warranted.

107.2.5.1 Design flood elevations. Where design flood elevations are not specified, they shall be established in accordance with Section 1612.3.1. and Chapter 78 of this Code.

107.2.6 Structural information. The construction documents shall provide the information specified in Section 1603.

107.3 Examination of documents. The Director shall examine or cause to be examined the accompanying submittal documents and shall ascertain by such examinations whether the construction indicated and described is in accordance with the requirements of this code and other pertinent laws or ordinances.

107.3.1 Approval of construction documents. When the Director issues a permit, the construction documents shall be approved, in writing or by stamp, as "Reviewed for Code Compliance." One set of construction documents so reviewed shall be retained by the Director. The other set shall be returned to the applicant, shall be kept at the site of work and shall be open to inspection by the Director or a duly authorized representative.

107.3.2 Previous approvals. This code shall not require changes in the construction documents, construction or designated occupancy of a structure for which a lawful permit has been heretofore issued or otherwise lawfully authorized, and the construction of which has been pursued in good faith within 180 days after the effective date of this code and has not been abandoned.

107.3.3 Phase Approval. At the discretion of the Director, the Department may issue a limited release to perform some limited, specified scope of work prior to the building permit being issued.

This limited release will state with specificity the limits of the work authorized to be performed thereunder. The Director will require applicants to submit related documentation, including but not limited to overall building plans, in order to receive a limited release to perform a portion of the work. Final construction documents must be provided for the scope of work requested to be released.

A phase release to perform work is not a building permit. The recipient of a limited release must agree to indemnify and hold harmless the City of New Orleans from any consequences resulting from performing any work prior to the issuance of a final building permit. All building permits and plan review fees are due at the time of the issuance of the phase release to perform work. A copy of the phase release to perform work must be displayed in accordance with Section 107.3.3 herein.

107.3.4 Revision of approved construction documents. It shall be unlawful to erase, materially alter or modify any lines, figures, letters, words or coloring contained in the construction documents stamped by the Director. If during the progress of the execution of such work it is desired to deviate in any manner affecting the construction or other essentials of the building from the terms of the applications plans, or specifications or statement of cost of work, notice of such intention to alter or deviate shall be given in writing to the Director, and his written assent shall be obtained before such alterations or deviations may be made. If such change or deviation affects structural design, exit arrangement, occupancy change, etc., then new construction documents thereof shall be submitted to the Director for approval, and, if necessary, an additional permit shall be secured. Failure to obtain approval as required herein shall be a violation of this Code.

107.3.5. Design professional in responsible charge. When it is required that documents be prepared by a registered design professional, the Director shall be authorized to require the owner to engage and designate on the building permit application a registered design professional who shall act as the registered design professional in responsible charge. The Director shall be notified in writing by the owner if the registered design professional in responsible charge is changed or is unable to continue to

perform the duties. The registered design professional in responsible charge shall be responsible for reviewing and coordinating submittal documents prepared by others, including phase and deferred submittal items, for compatibility with the design of the building.

107.3.5.1 Deferred submittals. For the purposes of this section, deferred submittals are defined as those portions of the design that are not submitted at the time of the application and that are to be submitted to the Director within a specified period.

107.4 Third-Party Building Plan Review. Third-party building plan review service providers, as provided herein, may perform certain building plan reviews which may be accepted by the City of New Orleans through the Director of the Department of Safety and Permits, pursuant to La. R.S. 40:1730.24. The Director may accept reports of approved certified third-party plan review providers in accordance with the following regulations, provided that all plan reviews be in compliance with all state and local laws and rules, including but not limited to the Comprehensive Zoning Ordinance (CZO):

(1) Registration Required

a. Any company or individual wishing to act as a third-party building plan review provider in the City of New Orleans must first file a registration application with the Department on a form provided for that purpose. The Director shall not accept third-party building plan review reports from any company or individual not first registered with the Department or that are in violation of any of the requirements contained herein. All companies providing plan review services and all individuals performing plan reviews services, either independently or on behalf of a registered company must register with the Department separately, and must comply with the following registration requirements:

i. Any company or individual must be registered with the Louisiana State Uniform Construction Code Council, to be evidenced by State registration number at the time of registration and/or renewal.

ii. Any company or individual may only be registered in the field(s) in which they are certified by the International Code Council, to be evidenced by submission of ICC certification at the time of registration and/or renewal.

iii. No company or individual may perform third-party building plan reviews on buildings or structures in which they have any direct or indirect financial or professional interest. Companies and individuals must disclose all parties with a legal, financial, or beneficial interest at the time of registration and/or renewal.

iv. Any company or individual must disclose any and all relationships, including but not limited to: direct or indirect financial interests, employer/employee, subcontractor, advisor, consultant, or referrals of any kind with any current City of New Orleans employee. "City of New Orleans employee"

includes any city officer, full-time or part-time employee, department, agency, board, commission, and public benefit corporation.

v. Any company or individual must hold a valid Occupational License or Registration from the Department of Finance, in compliance with Chapters 30 and 150 of the City Code, to be evidenced by submission of such license or registration at the time of registration and/or renewal.

vi. Any company or individual must be insured and shall furnish proof of commercial general liability insurance of not less than $500,000 and shall name the City of New Orleans as an additional insured party, to be evidenced by submission of certificate of insurance at the time of registration and/or renewal.

vii. Any company or individual holding a Louisiana license as a building, residential or Home Improvement contractor is prohibited from registering as a third-party building plan review provider.

viii. Any company or individual holding a New Orleans electrical or mechanical license is prohibited from registering as a third-party building plan review service provider.

ix. The Director shall have the authority to accept or deny the credentials of any third-party building plan review provider both at the time of registration or any time thereafter.

x. Employees of the Department of Safety and Permits are prohibited from acting as third-party building plan review providers, pursuant to La. R.S. § 42:1111, which prohibits public employees from receiving payment for any service substantially similar to standard job responsibilities.

b. Registration Fees and Term of Registration

i. To obtain an initial registration or renew a registration, applicants shall pay the applicable fee:

1. New Registration (Company or Individual): $200.00
2. Renewal (Company or Individual): $75.00
3. Delinquent Fee: $30.00 per month, or portion thereof past expiration date, in addition to the renewal fee.

c. Individual registration shall expire on the registrant's date of birth; company registration shall expire on the anniversary date of registration.

d. New registration applications may be submitted at any time; renewals may be submitted not more than 30-days prior to registration expiration.

e. Any registration not renewed prior to expiration is considered invalid and inspection reports will not be accepted.

f. Any registration not timely renewed shall terminate. Subsequent re-registration will be considered a new registration.

(2) Plan Review Documentation from Third-Party Building Plan Review Service Providers

a. Third-party building plan review providers shall submit written reports to the Director in the form and manner to be established by the Department.

i. All written reports must contain:

1. A building plan review form developed for such purpose and provided by the Department and completed and stamped by the third-party building plan review service provider. The form must clearly indicate the name, affiliation, and registration number of the third-party building plan review service provider; and the name and contact information for the design professional responsible for the building plans being reviewed.

2. The report shall include detailed references to building plan as submitted with the permit application.

(3) Third-Party Building Plan Review Services Not Authorized to Use City Insignia

a. Third-party building plan review service providers shall not produce, develop, purchase, utilize, or secure any sticker, form, or report which bears the Seal of the City of New Orleans, the words "City of New Orleans" or "Department of Safety and Permits," or any variation thereof, or any other symbol or image which implies, infers, or states that the third-party building plan review service provider is acting on behalf of the City of New Orleans or any department, agency, or administrative entity thereof.

i. Failure to abide by this Section shall be due cause for immediate revocation of third-party registration.

(4) Authority of the Department of Safety and Permits

a. The Director shall randomly conduct audits of third-party building plan reviews to verify the accuracy and reliability of third-party building plan review service providers.

i. Upon receipt of a request or complaint, or as otherwise determined by the Director the Director shall review specific building plans previously reviewed by a third-party provider.

ii. A third-party provider whose plan reviews failed an audit three times may

have their registration to provide plan reviews revoked.

b. If the Department denied a permit following its review of the building plan, any report from a third-party building plan review service provider on the same project will not be accepted unless there is specific documentation included detailing correction of the issues resulting in the original denial.

c. In the event that the Department of Safety and Permits and a third-party building plan review service provider disagree on requirements of the relevant Code provisions, the final determination of requirements shall be made by the Director in his/her capacity as the Code-designated authority for rendering of interpretations in compliance with the intent and purpose of this Code, pursuant to the Home Rule Charter.

d. The Director may, at any time, invalidate third-party building plan review service provider registration if said service provider violates the procedures herein regulating their interaction with the City. The Department shall provide written reasons for the invalidation to the provider.

SECTION 108 - TEMPORARY STRUCTURES AND USES

108.1 General. The Director is authorized to issue a permit for temporary structures and temporary uses as determined by the Director. Such permit shall be limited as to time of service, but shall not be permitted for more than 180 days. The Director is authorized to grant extensions for demonstrated cause.

108.2 Conformance. Temporary structures and uses shall conform to the structural strength, fire safety, means of egress, accessibility, light, ventilation and sanitary requirements of this code as necessary to ensure the public health, safety and general welfare.

108.3 Temporary power. The Director is authorized to give permission to temporarily supply and use power in part of an electric installation before such installation has been fully completed and the final certificate of completion has been issued. The part covered by the temporary certificate shall comply with the requirements specified for temporary lighting, heat or power in NFPA 70.

108.4. Termination of approval. The Director is authorized to terminate such permit in NFPA 70 for a temporary structure or use and to order the temporary structure or use to be discontinued.

SECTION 109 - FEES

109.1 PAYMENT OF FEES. A permit is not valid until the fees prescribed by law are paid. An amendment to a permit will not be released until the additional fee, if any, has been paid.

109.2 Work commencing before permit issuance. Any person who commences any work on a building or a structure before obtaining the necessary building permit shall be subject to a fee of 200% of all fees in addition to the required permit fee. Where work for which a permit is required by this code is commenced after an application is made to obtain a building permit but prior to the review and approval of such permit, such work shall be subject to fee of 100% of all fees in addition to the required permit fees. The fee for commencing demolition shall not be more than the replacement value of the structure or the demolished portion thereof as determined by the provisions of Section 109.4.

109.3 Accounting. The Director is to collect fees for certificates and permits and shall give receipts for same; he shall deposit daily all sums collected under this Code to the Bureau of the Treasury, to the account of the General Fund, except guarantee deposit fees shall be kept in a separate account by the Director of Finance.

The Director shall keep a permanent, accurate account of all fees and other monies collected and received under this Code.

109.4 Building permit valuations. The applicant for a permit shall provide a construction contract indicating the fair market value of the permitted construction's value at time of application. Permit valuations shall be based on the fair market value of the work and include total value of work, including materials and labor, for which the permit is being issued, such as electrical, gas, mechanical, plumbing equipment and permanent systems. The Director shall be prohibited from requiring a contract to specify contractor overhead and/or profit. If, in the opinion of the Director, the valuation is underestimated on the application, the permit shall be denied, unless the applicant can show detailed estimates to meet the approval of the Director. Final building permit valuation shall be set by the Director.

109.5 Related fees. The payment of the fee for the construction, alteration, removal or demolition for work done in connection with or concurrently with the work authorized by a building permit shall not relieve the applicant or holder of the permit from the payment of other fees that are prescribed by law.

109.6 Schedule of Permit Fees. On all buildings, structures or alterations requiring a building permit, a fee for each building permit shall be paid as required at the time of filing application, in accordance with the following schedule:

1. Permit fees for all work requiring permits, except for removal or demolition. These fees include the certificate of use and occupancy (with or without plans). $60.00 plus $5.00 per $1,000.00 or fraction thereof of construction value.
2. When plans are required and filed with an application for a building permit, the Department of Safety and Permits shall collect a plan checking fee of $120.00 or one-tenth of 1% for the total valuation of all construction work, whichever is greater, before acceptance of the submitted application. Total valuation shall be the same as that used in determining building permit fees. These fees are nonrefundable.
3. When plans are submitted for a re-review process, the Department of Safety and Permits shall collect a re-review plan checking fee. The amount of the fee shall be determined as one-twentieth of one percent for the total valuation of all construction work. The total valuation shall be the same as used in determining building permit fees. There shall be a minimum fee of $45.00 and a maximum of $5,000.00 per application for re-review.
4. Permit fees for removal or demolition shall be as follows:
   a. $95.00 plus $5.00 for each $1,000.00 of demolition cost.
5. An extra inspection or wasted trip fee of $50.00 shall be incurred for each inspection called for by the owner or the owner's representative when, in the opinion of the Director, the work to be inspected is incomplete and/or not suitable for inspection. This charge is for any and all extra inspections made necessary as a result of blatantly incomplete work, inaccessibility to perform the inspection or for alterations to work previously accepted. This fee is in addition to any regular required permit fees.
6. A fee of $60.00 for each residential unit or phase and $125.00 for each commercial unit or phase shall be incurred to process the request for a Temporary Certificate of Occupancy.
7. On all buildings, structures, or alterations which fall within the Vieux Carré, as defined in Section 65-6 of the Code of the City of New Orleans, and which require a permit from the Vieux Carré Commission

in addition to requiring a building permit under this Code, an additional 50 percent surcharge is added to the permit fee and the plan checking fee as enumerated in subsections 1, 2 and 3 of Section 108.6. above.

8. On all buildings, structures, or alterations which fall within an officially designated Historic District, or any officially designated landmark, or which otherwise may require Historic District Landmarks Commission staff review, an additional 50 percent surcharge is added to the permit fee and the plan checking fee as enumerated in subsections 1, 2, and 3 of this Section.

9. Review Fee. The cost to implement the stormwater management plans should be included in the total valuation of all construction work, and thus would be included in the current structure for calculating building permit fees.

109.7 Refunds. Subject to the discretion of the Director of Safety and Permits, the applicant for a permit or holder of a permit shall not be entitled to a refund of any fee paid.

SECTION 110 - INSPECTIONS

110.1 General. Construction or work for which a permit is required is subject to inspection by the Director and the construction or work shall remain accessible and exposed for inspection purposes until approved. Approval as a result of an inspection shall not be construed to be an approval of a violation of the provisions of this code or of other ordinances of the city. Inspections presuming to give authority to violate or cancel the provisions of this code or of other ordinances of the city shall not be valid. It shall be the duty of the permit applicant to cause the work to remain accessible and exposed for inspection purposes. Neither the Director nor the city shall be liable for expense entailed in the removal or replacement of any material required to allow inspection.

110.2 Preliminary inspection. Before issuing a permit, the Director is authorized to examine or cause to be examined buildings, structures and sites for which an application has been filed.

110.3 Required inspections. The Director, upon notification, shall make the inspections set forth in Sections 110.3.1 through 110.3.9.

110.3.1 Footing or foundation inspection. Footing and foundation inspections shall be made after excavations for footings are complete and any required reinforcing steel is in place. For concrete foundations, any required forms shall be in place prior to inspection. Materials for the foundation shall be on the job, except where concrete is ready mixed in accordance with ASTM C 94, the concrete need not be on the job.

110.3.2 Concrete slab or under-floor inspection. Concrete slab and under-floor inspections shall be make after in-slab or under-floor reinforcing steel and building service equipment, conduit, piping accessories and other ancillary equipment items are in place, but before any concrete is placed or floor sheathing installed, including the subfloor.

110.3.3 Lowest floor elevation. Upon placement of the lowest floor, including the basement, and prior to further vertical construction, the elevation certification required in Section 120 shall be submitted the Director.

110.3.4 Frame inspection. Framing inspections shall be made after the roof deck or sheathing, all framing, fire blocking and bracing are in place and pipes, chimneys and vents to be concealed are complete and the rough electrical, plumbing, heating wires, pipes and ducts are approved.

110.3.5 Lath or gypsum board inspection. Lath and gypsum board inspections shall be made after lathing and gypsum board, interior and exterior, is in place, but before any plastering is applied or before gypsum board joints and fasteners are taped and finished. Exception: Gypsum board that is not part of a fire-resistive assembly or a shear assembly.

110.3.6 Fire-and smoke-resistant penetrations. Protection of joints and penetrations in fire-resistance-rated assemblies, smoke barriers and smoke partitions shall not be concealed from view until inspected and approved.

110.3.7 Other inspections. In addition to the inspections specified above, the Director is authorized to make or require other inspections of any construction work to ascertain compliance with the provisions of this code and other laws that are enforced by the Department of Safety & Permits.

110.3.8 Special inspections. For special inspections, see Chapter 17 of this Code.

110.3.9. Final inspection. The final inspection shall be made after all work required by the building permit is completed.

110.3.9.1 Flood hazard documentation. If located in a flood hazard area, documentation of the elevation of the lowest floor as required in Section 1612.5 of this Code shall be submitted to the Director prior to the final inspection. All improvements and documentation shall be in compliance with Chapter 78 of this Code.

110.10 Inspection agencies. Third-party inspection services, as provided herein, may perform certain construction inspections which may be accepted by the City of New Orleans through the Director of Safety and Permits. The Director may accept reports of approved inspection agencies, provided such agencies satisfy the requirements as to qualifications and reliability, and in accordance with the following regulations:

(1) Registration Required

a. Any company or individual wishing to act as a third-party inspection service provider in the City of New Orleans must first file a registration application with the Director on a form provided for that purpose. Inspection reports will not be accepted from any company or individual not first registered with the Department or that may be in violation of any of the requirements contained herein. Separate registration is required for all companies providing inspection services and all individuals performing inspections, either independently or on behalf of a registered company.

i. Any company or individual must be registered with the Louisiana State Uniform Construction Code Council, to be evidenced by State registration number at the time of registration and/or renewal.

ii. Any company or individual may only be registered in the field(s) in which they are certified by the International Code Council, to be evidenced by submission of ICC certification at the time of registration and/or renewal.

iii. No company or individual may perform inspections on buildings or structures in which they have any direct or indirect financial or professional interest. Companies and individuals must disclose all parties with a legal, financial, or beneficial interest at the time of registration and/or renewal.

iv. Any company or individual must disclose any and all relationships, including but not limited to: direct or indirect financial interests, employer/employee, subcontractor, advisor,

consultant, or referrals of any kind with any current City of New Orleans employee. City of New Orleans employee includes any city officer, employee, department, agency, board, commission, and public benefit corporation.

v. Any company or individual must hold a valid Occupational License or Registration from the Department of Finance, in compliance with Chapters 30 and 150 of the City Code, to be evidenced by submission of such license or registration at the time of registration and/or renewal.

vi. Any company or individual must be insured and shall furnish proof of commercial general liability insurance of not less than $500,000 and shall name the City of New Orleans as an additional insured party, to be evidenced by submission of certificate of insurance at the time of registration and/or renewal.

vii. Any company or individual holding a Louisiana license as a building, residential or Home Improvement contractor is prohibited from registering as a third-party inspection service provider.

viii. Any company or individual holding a New Orleans electrical or mechanical license is prohibited from registering as a third-party inspection service provider.

ix. The Director shall have the authority to accept or deny the credentials of any third-party inspection service provider both at the time of registration or any time thereafter.

x. Employees of the Department of Safety and Permits are prohibited from acting as third-party inspection service providers, pursuant to La. R.S. § 42:1111, which prohibits public employees from receiving payment for any service substantially similar to standard job responsibilities.

b. Registration Fees and Term of Registration

i. To obtain an initial registration or renew a registration, applicants shall pay the applicable fee:

1. New Registration (Company or Individual): $200.00

2. Renewal (Company or Individual): $75.00

3. Delinquent Fee: $30.00 per month, or portion thereof past expiration date, in addition to the renewal fee.

c. Individual registration shall expire on the registrant's date of birth; corporate registration shall expire on the anniversary date of registration.

d. New registration applications may be submitted at any time; renewals may be submitted not more than 30-days prior to registration expiration.

e. Any registration not renewed prior to expiration is considered invalid and inspection reports will not be accepted.

f. Any third-party inspection service provider registration not timely renewed shall terminate. Subsequent re-registration will be considered a new registration.

(2) Inspection Documentation from Third-Party Inspection Service Providers

a. Third-party inspection service providers are required to submit written inspection reports to the Director in form and manner to be established by the Department.

i. All written reports must contain:

1. An inspection pass/fail form, in a form provided by the City and made available for that purpose. This form must clearly indicate the name, affiliation, and registration number of the third-party inspection service provider; and the name and contact information for the contractor responsible for the work being inspected.

2. All inspection reports are required to include photographic documentation of the observed conditions.

ii. Reports and photographs may be submitted electronically if deemed appropriate by the Director.

b. Survey Requirements

i. No footings or foundations may be poured for new construction or additions to existing structures until:

1. A survey, indicating the setbacks of the proposed structure from all property lines, is submitted to the Zoning Administration Division.

2. The Zoning Administration Division reviews the setbacks for compliance with the standards of the Comprehensive Zoning Ordinance and for conformity with the submitted and approved plans.

3. The submitted survey has been stamped to indicate approval or denial of the setbacks.

ii. Foundation inspections are not considered "passed" until these requirements are met.

iii. For elevation of existing structures, the survey requirements (above) are required to be met prior to the issuance of a Certificate of Completion. An inspection may not be indicated as "passed" until such time as these requirements are met.

(3) Third-Party Inspection Services Not Authorized to Use City Insignia

a. Third party inspection service providers are not authorized to produce, develop, purchase, utilize, or secure any sticker, form, or inspection report which bears the Seal of the City of New Orleans, the words "City of New Orleans" or "Department of Safety and Permits," or any variation thereof, or any other symbol or image which implies, infers, or states that the third-party inspection service provider is acting on behalf of the City of New Orleans or any department, agency, or administrative entity thereof.

i. Failure to abide by this Section will be considered due cause for immediate revocation of third party registration.

b. Any publicly posted documentation of inspection results (i.e. pass/fail stickers, etc.) must be approved for content and form by the Department.

i. The name of the company or individual providing third-party inspection services must be clearly discernible on any documentation so utilized.

(4) Authority of the Department of Safety and Permits

a. The Director retains the right and responsibility for conducting third party audit inspections to verify the accuracy and reliability of third party inspection providers.

i. Third party audit inspections will be randomly conducted; however, the Director has the authority to cause inspection of specific properties where third party inspections have been performed upon receipt of a request or complaint, or as otherwise determined by the Director at his discretion.

b. Where a property has been previously inspected by the Department of Safety and Permits and such inspection has resulted in a "fail," a subsequent inspection by a third party inspection provider will not be accepted unless there is specific documentation included detailing correction of the original conditions.

c. In the event that the Department of Safety and Permits and a third party inspection service provider disagrees on requirements of the relevant code, the final determination of requirements shall be made by the Director in his capacity as the Code-designated authority for rendering of interpretations in compliance with the intent and purpose of this Code, pursuant to the Home Rule Charter.

d. The Director may, at any time, invalidate third-party inspection service provider registration if said third-party inspection service provider violates the procedures herein regulating their interaction with the City.

110.11 Roofing and Reroofing Inspections. The submission of verified geotagged photographic documentation or video of all phases of roofing or re-roofing processes that require a permit is allowable in lieu of an in-person inspection.

110.12 Inspection requests. It shall be the duty of the holder of the building permit or their

duly authorized agent to notify the Director when work is ready for inspection. It shall be the duty of the permit holder to provide access to and means for inspection of such work for any inspections that are required by this code.

110.13 Approval required. Work shall not be done beyond the point indicated in each successive inspection without first obtaining the approval of the Director. The Director, upon notification, shall make the requested inspections and shall either indicate the portion of the construction that is satisfactory as completed, or shall notify the permit holder or an agent of the permit holder wherein the same fails to comply with this code. Any portions that do not comply shall be corrected and such portion shall not be covered or concealed until authorized by the Director.

110.14 Existing Building Inspections. Before issuing a permit the Director may examine or cause to be examined any building for which an application has been received for a permit to enlarge, alter, repair, move, demolish, or change the occupancy. He/she shall inspect all buildings and structures, from time to time, during and upon completion of the work for which a permit was issued. He/she shall make a record of every such examination and inspection and of all violations of this Code.

SECTION 111 - CERTIFICATE OF OCCUPANCY

111.1 Use and Occupancy. No building or structure shall be used or occupied, and no change in the existing occupancy classification of a building or structure or portion thereof shall be made until the Director has issued a certificate of occupancy. Issuance of a certificate of occupancy shall not be construed as an approval of a violation of the provisions of this code or of other ordinances of the city.

111.2 Change in use. Changes in the character or use of an existing structure shall not be made except as specified in the International Existing Building Code.

111.2.1 Alterations. Any building or structure which is enlarged, altered, raised, repaired, or built upon to an extent exceeding an expenditure of 50% of the replacement value after alterations, shall be made to comply in its entirety with the requirements for a new building or structure. Where the expenditures are less than 50% of the said replacement value, only portions added, altered, or replaced need be made to conform. Replacement value shall be determined by the Director, as provided in Section 109.4 of this Code.

111.3 Issuing Certificate of Occupancy. Only after the final inspection, upon completion of a building erected in accordance with this Code, approved building plan(s), permit(s), and any other applicable ordinance, shall the Director issue a certificate of occupancy stating the nature of the occupancy permitted.

111.4 Temporary occupancy. The Director is authorized to issue a temporary certificate of occupancy before the completion of the entire work covered by the permit, provided that such portion or portions shall be occupied safely. The Director shall set a time period during which the temporary certificate of occupancy is valid.

111.4.1 Rapid Temporary Certificate of Occupancy (RTCO). The Director shall issue a Rapid Temporary Certificate of Occupancy valid for a period not exceeding 60 days for work that includes only interior non-structural modifications that do not impact the structural integrity of the building and do not involve a change of use, or otherwise violate this code or any other laws or ordinances of the City of New Orleans.

1. The Director retains the authority to revoke the RTCO if it is determined that the changes adversely affect safety or otherwise violate this code or any other laws or ordinances of the City of New Orleans.
2. The work authorized under an RTCO shall be subject to a follow-up inspection within 10 days of the occupancy commencement to ensure ongoing compliance with safety standards.

3. The RTCO shall be automatically revoked if the completed work is inconsistent with the details provided in the application.

4. The applicant shall remain responsible for adhering to this code and any other applicable laws or ordinances of the City of New Orleans and the State of Louisiana during the temporary occupancy period. Non-compliance may result in penalties or revocation of the RTCO.

111.5 Revocation. The Director is authorized to, in writing, suspend or revoke a certificate of occupancy or completion issued under the provisions of this code wherever the certificate is issued in error, or on the basis of incorrect information supplied, or where it is determined that the building or structure or portion thereof is in violation of any ordinance or regulation or any of the provisions of this code.

111.6 Existing Building Certificate of Occupancy. A certificate of occupancy for any existing building may be obtained by applying to the Director and supplying the information and data necessary to determine compliance with this Code for the occupancy intended. Where necessary, in the opinion of the Director, two sets of detailed drawings, or a general inspection, or both, may be required. When, upon examination and inspection, it is found that the building conforms to the provisions of this Code for such occupancy, a certificate of occupancy may be issued.

SECTION 112 - SERVICE UTILITIES

112.1 Connection of service utilities. No person shall make connections from a utility, source of energy, fuel or power to any building or system that is regulated by this code for which a permit is required, until released by the Director.

112.2 Temporary connection. The Director shall have the authority to authorize the temporary connection of the building or system to the utility source of energy, fuel or power.

112.3 Authority to disconnect service utilities. The Director shall have the authority to authorize disconnection of utility service to the building, structure or system regulated by this code and the codes referenced in case of emergency where necessary to eliminate an immediate hazard to life or property. The Director shall notify the serving utility, and wherever possible the owner and occupant of the building, structure or service system of the decision to disconnect prior to taking such action. If not notified prior to disconnecting, the owner or occupant of the building, structure or service system shall be notified in writing, as soon as practical thereafter.

SECTION 113 - BOARD OF BUILDING STANDARDS AND APPEALS

113.1 General. The Director has the authority and it is his duty, subject to the provisions of law and of this Code, to pass upon a question relative to the mode, manner of construction or materials to be used in the erection or alteration of any building or other structure erected or to be erected within the City of New Orleans, which is affected by the provisions of this Code, or of any existing law applicable to the City of New Orleans and relating to the design, construction, alteration, maintenance, repair, and removal of buildings or other structures therein, and to require that such design, mode, manner of construction, or materials shall conform to the true intent and meaning of the several provisions of this Code. If the Director, rejects or refuses to issue a building permit, or to approve the design, mode, manner of construction or materials proposed to be followed or used in the erection and alteration of any such building or structure, or when it is claimed that the rulings of the Director or the provisions of this Code do not apply, or that a more desirable and equally safe form of construction, from the owner's point of view can be employed in a specific case, or whenever the owner of a building or structure shall object to any decision given by the Director, relative to the extent of damage sustained by any building or structure, by fire or otherwise, or to the extent or value of repairs, alterations or improvements of any

existing building or replacement value thereof, the owner of the building may appeal from the decision of the Director to the Board of Building Standards and Appeals.

113.2 Appointment. There shall be in the City of New Orleans a Board to be called "Board of Building Standards and Appeals" hereinafter referred to as the "Board". The Board shall consist of five members to be appointed by the Mayor, one member to be a Louisiana State Registered Architect, one member to be a Louisiana State Registered Civil Engineer, one member to be a Louisiana State Licensed General Contractor, one member to be a Louisiana State Registered Mechanical or Electrical Engineer, and one member to be an engineer experienced in fire protection.

113.3 Terms of Office. The term of office shall be five (5) years each, but each member shall serve until his successor is appointed and qualified. Said terms shall terminate on June 30 of the respective year. Any member may be removed by the Mayor, with approval of the Council, for malfeasance, incapacity or neglect of duty. Each member shall comply with the provisions of the Louisiana State Code of Ethics.

113.4 Board Officers and Quorum. Each member shall take an oath of office in a form prescribed by the City Attorney, and the Board shall elect one of its members as Chairman and one as Vice-Chairman. The Board shall meet when called by the Chairman to consider appeals which meeting shall be considered a regular meeting; or by the Director of the Department of Safety and Permits for the transaction of such business as he may designate, which shall not be held more often than twice in each month of each year. No appeal shall be considered at a meeting of the Board unless it is submitted at least nine working days prior to the date of the meeting. The Board shall meet when notified by the Director for the purpose of recommending appropriate changes in this code and then refer the same to the City Council for consideration and action. A majority of the existing membership of a board shall constitute a quorum. All actions taken by boards shall require the affirmative vote of the majority of the existing members thereof, provided that regulations may be adopted only upon the affirmative vote of two-thirds of the existing members thereof.

113.5 Legal Advisor. The City Attorney is the legal advisor to the Board.

113.6 Fees. Application for an appeal shall be accompanied by a check payable to the "City of New Orleans" for fees as follows:

1 and 2 family dwelling	$200.00
All others	$800.00
Townhouses, each	$200.00
(Not to exceed $600.00)	
Rehearing.	$200.00
Special Board Meeting	$1600.00

In cases when an application for a waiver is made AFTER THE FACT, the application fee for retention shall be tripled.

113.7 Duties and Powers. It shall be the duty of the Board:

1. To hear and decide appeals where it is alleged there is error in any order, requirement, decision, or determination made by the Director in the enforcement of this Code.
2. To hear and decide all matters referred to it or upon which it is required to pass under this Code.
3. To pass upon appeals where there are practical difficulties or unnecessary hardships in the way of carrying out the strict letter of this Code, to vary or modify the application of any of the regulations or provisions of such sections relating to the construction or alteration of buildings or structures so that the spirit of this Code shall be observed, public safety and welfare secured and substantial justice done.
4. To interpret the intent or meaning of this Code for the advice of the Director. In exercising the above-mentioned powers, the Board may

reverse or affirm wholly or in part, or may modify the order, requirement, decision or determination appealed from and may make such order, requirement, decision or determination as ought to be made, and to that end shall have all the powers of the Director from whom the appeal is taken. The concurring vote of three members of the Board shall be necessary to recall any requirement, decision or determination of the Director, or to decide in favor of the applicant on any matters on which it is required to pass under this Code, or to effect any variation in this Code.

113.8 Amendments. All technical amendments to this Code shall first be reviewed by the Board of Building Standards and Appeals, and shall be accompanied by its recommendation prior to consideration by the City Council.

113.9 Rehearing. In cases when the Board rules against an application, and the applicant subsequently elects to modify his/her original building plan and submit the modified plan to the Board for rehearing, the applicant must pay a rehearing fee of $200.00 to the Department of Safety & Permits, which shall be deposited in the City's General Fund.

113.10 Actions. All cases in which application for appeals have been filed with the Board shall be heard, and the Board shall inform the Director of its decisions, stating the waivers or denials granted and conditions, if any, as they may require in each action. The decisions shall specify the variations allowed and the reason therefore, and shall be filed in the office of the Director within 30 days of the public hearing. When building conditions are very unusual, requiring site visit, research and the like, the Director may grant a reasonable extension of time. Failure to file the decision shall not delay issuance of permits in accordance with a favorable vote so long as conditions attached to the permits are in accord with the action of the Board. Copies of the decision shall be sent to the applicant and all parties involved in the appeal. If the order or refusal of the Director is affirmed, the order or refusal shall have full force and effect. If the order or refusal is modified or annulled, the Director shall issue a permit in accordance with the decision.

113.11 Appeal to Courts. A person, or any officer, department, commission, board, bureau, or any other agency of the City of New Orleans jointly or singularly aggrieved by a decision of the Board of Building Standards and Appeals may present to the Civil District Court of the Parish of Orleans, within thirty (30) days after filing of the decision in the office of the Board, a writ of certiorari asking for such relief and under such rules and regulations as are provided for such matters in appropriate legislation of the State of Louisiana.

SECTION 114 - VIOLATIONS

114.1 Unlawful acts. It shall be unlawful for a person, firm or corporation to erect, construct, alter, extend, repair, move, remove, demolish or occupy any building, structure or equipment regulated by this code, or cause same to be done, in conflict with or in violation of any of the provisions of this code.

114.2 Notice of violation. The Director is authorized to serve a notice of violation or order on the person responsible for the erection, construction, alteration, extension, repair, moving, removal, demolition or occupancy of a building or structure in violation of the provisions of this code, or in violation of a permit or certificate issued under the provisions of this code. The order shall direct the discontinuance of the illegal action or condition and the abatement of the violation.

114.3 Prosecution of violation. If the notice of violation is not complied with promptly, the Director is authorized to seek an administrative adjudication for any violation as provided in Chapter 6 of the Code of the City of New Orleans, or request the City Attorney to institute the appropriate proceeding at law or in equity to restrain, correct or abate such violation, or to require the removal or termination of the unlawful occupancy of the building

or structure in violation of the provisions of this code or of the order or direction made pursuant thereto.

114.4 Violation penalties. A person who violates a provision of this code or fails to comply with any of the requirements thereof or who erects, constructs, alters or repairs a building or structure in violation of the approved construction documents or directive of the Director, or of a permit or certificate issued under the provisions of this code, is subject to penalties as prescribed by law. If necessary, the Director may request for penalties that include the disconnection of utilities or the cancellation of a certificate of occupancy until all required repairs are completed.

SECTION 115 - STOP WORK ORDER

115.1 Authority. The Director is authorized to issue a stop work order whenever he finds any work regulated by this code being performed in a manner contrary to the provisions of this code, any permit issued pursuant to this code, or in a dangerous or unsafe manner.

115.2 Issuance. The stop work order shall be in writing and shall be posted in a conspicuous location on the property. Upon issuance of a stop work order, the cited work shall immediately cease. When an emergency exists, the Director shall not be required to give a written notice prior to stopping the work.

115.3 Unlawful continuance. A person, who continues any work after having been served with a stop work order, except the work that person is directed to perform to remove a violation or unsafe condition, is subject to penalties as prescribed by law.

SECTION 116 - STREET ADDRESS

When issuing building permits, the Director shall designate thereon the street number that the building when completed will bear. Buildings shall have approved address numbers placed in a position to be plainly legible and visible from the street or road fronting the property. These numbers shall contrast with their background. Address numbers shall be Arabic numerals or alphabet letters. Numbers shall be a minimum of 4 inches high with a minimum stroke width of 0.5 inch. Addresses shall be assigned by the Director, pursuant to adopted administrative regulations.

SECTION 117 - ZONING RESTRICTIONS

The provisions of the Comprehensive Zoning Ordinance of the City of New Orleans shall not be deemed to be modified by any provision of this Code. The provisions of the Comprehensive Zoning Ordinance shall be controlling, except that whenever this Code imposes greater restrictions by reason of the type of construction used, the provisions of this Code shall control.

SECTION 118 - FIRE PREVENTION

The provisions of the Fire Prevention Ordinance shall not be deemed to be modified by any provisions of this Code except that wherever the requirements of this Code are more restrictive, the requirements of this Code shall apply.

SECTION 119 - MINIMUM HOUSING RESTRICTIONS

The provisions of Chapter 26 of the City Code "Housing Standards - Minimum Housing Standards Code", as amended, shall not limit, restrict, contravene, or vitiate the provisions of this Code as adopted herein or hereafter amended. Wherever there is a conflict between the Minimum Housing Standards and the Building Code, the more restrictive provisions shall be enforced.

SECTION 120 - LOT FILL OR LOT GRADE

120.1 General. It is unlawful to place fill on a lot or site or part thereof or grade a lot or site in a manner that allows runoff to drain onto abutting lots or sites. The requirement for prevention of water runoff to abutting sites or lots may be met by use of a retaining wall. Lots or sites shall generally be graded to drain the water toward the street(s) side(s) of the lot or site. Any retaining walls installed pursuant to the provisions of this section shall be constructed of concrete.

120.2 Notarized certificate. Prior to issuance of a Certificate of Occupancy by the Department of Safety and Permits, the applicant shall present a notarized certificate signed by

the owner stipulating that all filling, grading and sidewalk and driveway installations have met the requirements of the applicable sections of the Code of the City of New Orleans. Compliance with all filling, grading and sidewalk and driveway installation requirements shall be completed before final inspection by the Department of Safety and Permits.

120.2.1 Slab Foundations Certificate. The Department of Safety and Permits shall inscribe on the building permit the minimum floor elevation in accordance with the Federal Flood Insurance Rate Map and Chapter 78 of the Code of the City of New Orleans. In addition, the top of the slab shall not be less than 18 inches above the highest point of the curb in front of the lot or site. The builder shall obtain from a Land Surveyor or Civil Engineer, licensed in the State of Louisiana, a Certificate of Construction Bench Mark describing a mark of known elevation of the slab. Also, the Certificate of Construction Bench Mark must contain the elevations in the four corners of the lot. This certificate shall be furnished to the Department of Safety and Permits at the time of the building permit application. Before framing begins, a Certificate of Slab Elevation shall be submitted by the applicant to the Department of Safety and Permits. This certificate shall contain as built minimum sill height or floor elevation and shall be signed by a Civil Engineer or Land Surveyor, licensed in the State of Louisiana. If the slab is built below the stipulated elevation, the Director is empowered to order the removal or correction of said floor and the Department of the Director is empowered to cancel the building permit.

120.2.2 Pier or Chain Wall Foundation Certificate. The Department of Safety and Permits shall inscribe on the building permit the minimum floor elevation in accordance with the Federal Flood Insurance Rate Map and Chapter 78 of the Code of the City of New Orleans. In addition, the top of the finished lowest habitable floor shall not be less than 18 inches above the highest point of the curb in front of the lot or site. All construction below the Base Flood Elevation shall be of flood-resistant materials. Furthermore, the underside of a raised structure shall have a minimum of 18 inches from the underside of the sill to the ground beneath the entire structure. The builder shall obtain from a Land Surveyor or Civil Engineer, licensed in the State of Louisiana, a Certificate of Construction Bench Mark describing a mark of known elevation in immediate proximity to the property. This will be used in establishing the elevation of the piers or chain wall. This Certificate shall be furnished to the Department of Safety and Permits at the time of building permit application. Before framing begins, a Certificate of Floor Elevation shall be submitted by the applicant to the Department of Safety and Permits. This certificate shall contain "as built" minimum sill height or floor elevation and shall be signed by a Civil Engineer or Land Surveyor, licensed in the State of Louisiana. If the "as built" minimum floor elevation is built below the stipulated elevation, the Director is empowered to order the removal or correction of said floor and the Director is empowered to cancel the building permit.

120.3 Modifications. In the Central Business District (including the area known as the Vieux Carré), in built-up commercial areas and in areas where a satisfactory system of lot grades and building elevations already have been established, the Department of Safety and Permits may modify or vary the requirements of 120.2.1 and 120.2.2 provided the new construction in the above-mentioned areas shall always be equal to or above the average lower floor elevation in the particular block or area. However, the above modifications are allowed only in Flood Zone "X". In accordance with NFIP regulations at 44 CFR 60.3 and information in the NFIP Flood Plain Management Bulletin for Historic Structures (FEMA p-467-2), all Historic Structures shall be exempted from the substantial improvement and substantial damage requirements under the definition of "substantial improvement". To qualify for this exemption, the applicant shall provide an approval from the State Historic Preservation Office (SHPO) stating

that the structure is and will continue to be a "Historic Structure" (including "contributing" to a historic district).

SECTION 121 - STORMWATER

121.1 General. These regulations shall be known as the Stormwater Code of the City of New Orleans.

121.2 Permit Required. No building, clearing, grubbing, grading, foundation, or other land development permits shall be issued until all requirements of this Stormwater Code have been met.

121.3 Intent. The stormwater management requirements established by this Stormwater Code are intended to:

(a) Assist in the development of a resilient New Orleans by encouraging sustainable practices for site design, construction, and maintenance;

(b) Reduce urban runoff and mitigate the effect of new development, redevelopment, or infill development on the existing drainage system by ensuring the preservation of permeable surfaces and requiring the installation of stormwater control measures (SCMs) to slow surface flow of stormwater runoff and promote filtration, plant uptake, absorption, and infiltration into subsoils to reduce subsidence rates;

(c) Improve the built environment in the city by incorporating design features that mimic natural processes, conserve natural areas, manage rainfall on site, and detain water;

(d) Leverage the benefits of rainwater through proper management;

(e) Manage water as a system with right-size solutions in an equitable manner;

(f) Encourage visible green infrastructure and minimize the use of subsurface engineering devices;

(g) Reduce and safely manage the use of pollutants and chemical-laden products;

(h) Diminish the heat island effect by limiting paving and increasing vegetated land cover, particularly trees;

(i) Improve education by increasing stormwater project visibility; and

(j) Increase flexibility in permissible design approaches to promote innovation in stormwater management.

121.4 Definitions. For purposes of this section, the following definition shall apply.

Best management practices (BMP): Devices, practices, or methods used to manage stormwater runoff on construction sites by controlling peak runoff rate, improving water quality, and managing runoff volume.

Bioretention: The process of collecting stormwater in a treatment area consisting of soil and plant materials to facilitate infiltration and filtration of pollutants through physical, chemical, and biological processes.

Bypass Volume: Any amount of stormwater that is not detained, retained, or filtered by the stormwater feature.

Construction Activity: Construction or demolition activity, clearing, grubbing, or excavation, or any other activity that may result in land disturbance.

Design Storm Event: A 10-year, 24-hour storm event.

Detention: Slowing, dampening, or attenuating runoff flows entering the storm drainage system by temporarily holding water in areas such as surface and subsurface green infrastructure, detention basins, reservoirs, on rooftops, or within the drainage system itself, and releasing the water at a desired rate of discharge.

Development: Any human-induced change to improved or unimproved property, including but not limited to, construction, installation, or expansion of a building or other

structure; land division; drilling; and site alteration such as dredging, grubbing, grading, paving, excavating, filling, or clearing. Development includes both new development and the redevelopment, modification, or alteration of existing property, whether publicly or privately owned or managed.

Development Site: The land, whether publicly or privately owned, where any development activities are planned, conducted, or maintained. It includes contiguous areas of disturbance including across property lines, private streets and alleys, and other rights-of-way, regardless of individual parcel ownership, on any portion or part, or during any stage, of a larger common plan of development or sale.

Drainage Area: A catchment area formed by natural or man-made topography that drains to a given point.

Infiltration: The penetration and vertical movement of water through the earth's surface.

Municipal Separate Storm Sewer System ("MS4"): A conveyance or system of conveyances, including roads with drainage systems, municipal streets, catch basins, curbs, gutters, ditches, man-made channels, or storm drains, separate from a sanitary sewer, that conveys runoff from individual parcels and public rights-of-way to storm drains, treatment facilities or receiving waters.

Off-Street Parking Space: The storage space for a motor vehicle on a lot, not including the parking lot drive aisle or parking spaces on streets, alleys, or rights-of-way.

Permeable Paving: A pavement system designed to allow vertical movement of stormwater through the pavement surface and into an aggregate base. Concrete bases and mortar are prohibited. Materials include, but are not limited to, pervious concrete, porous asphalt, aggregate if stabilized with a grid-system that prevents compaction and washout; and permeable pavement, such as open-jointed blocks, pavers, or bricks that provide void spaces between to allow stormwater infiltration.

Qualified Stormwater Manager: An individual responsible for implementing, maintaining, and revising the stormwater pollution prevention plan (SWPPP).

Siltation: Water pollution caused by particulate terrestrial clastic material, with a particle size dominated by silt or clay. It refers both to the increased concentration of suspended sediments and to the increased accumulation (temporary or permanent) of fine sediments on bottoms where they are undesirable.

Stormwater Runoff: Any part of precipitation that flows over the land during or following a rain event.

Stormwater: Water that originates as precipitation on a particular site, basin, or watershed.

Stormwater Control Measure (SCM): Any man-made or natural structure, system, landscape feature, channel, or improvement designed, constructed, installed, or used to detain, retain, infiltrate, filter, or otherwise control stormwater runoff quality, rate, or quantity. The term stormwater control measure is synonymous with the term green infrastructure.

121.5 Green Infrastructure Toolkit.

(a) The Green Infrastructure Toolkit is an online manual published by the Department of Safety and Permits that sets forth design criteria or other engineering and design information necessary to comply with the Stormwater Code, including stormwater and water quality calculations through the Stormwater Calculator, recommended plant materials, specifications and construction details needed to comply with the Stormwater Code.

(b) An applicant must use the Green Infrastructure Toolkit to complete the permit application for a development. All design calculations and

other output from the toolkit must be submitted digitally with the application.

(c) The Department of Safety and Permits shall update the Green Infrastructure Toolkit at least every five years. The Director of the Department of Safety and Permits may delegate the responsibility of drafting and updating the Green Infrastructure Toolkit to another department or office of the City of New Orleans.

121.6 Requirements.

(a) An applicant must submit a stormwater management plan when the development site, viewed as a whole, satisfies any of the following circumstances, including during any period of construction:

(1) Development that increases the runoff rate above pre-construction runoff rate for the development site;

(2) When the development footprint encompasses one acre or more; or

(3) Any site where the current or intended principal use is stormwater management.

(b) The following types of developments are exempt from the requirements of this Stormwater Code:

(1) Single- and two-family dwellings, and any residential dwelling of four units or less, together with any accessory structures on a lot containing same.

(2) Interior renovations that do not change the runoff rate.

(3) Maintenance activities, such as top-layer grinding (grind and overlay), repaving when aggregates or gravels are not exposed, or reroofing when the structure or existing roof drainage is not altered.

121.7 Design Standards. Stormwater management plans must meet the following standards:

(a) The first 1.25 inches of rainfall from each drainage area on a development site shall be managed by detention or retention and by filtering and infiltrating stormwater on the same development site. The site may be entitled to a 10 percent bypass volume, provided that the total required volume is still managed, and fee-in-lieu payments are made on any bypass volume more than 10 percent of the standard runoff calculation;

(b) The post-development peak stormwater runoff rate from a development site shall not exceed the predevelopment peak stormwater runoff rate from that development site for a design storm event; and

(c) The quality of the first 1.25 inches of stormwater leaving the site post-development shall be treated to meet the standards for pollutant reduction set forth in the Green Infrastructure Toolkit Stormwater Calculator. The rate of discharges shall not exceed the prohibitions outlined in Section 16.1 Rules Governing Discharges into the Public Storm Drain System MS4 of the Rules of the Sewerage and Water Board of New Orleans Governing Use of Sewerage, Water and Drainage Systems and Plumbing.

121.8 Design Requirements.

(a) Stormwater control measures (SCMs) must be designed in accordance with the latest version of the Green Infrastructure Toolkit. The Green Infrastructure Toolkit Stormwater Calculator must be used when designing the SCMs.

(b) Stormwater management plans must be supported by a combination of SCMs, in the following order of priority:

(1) Create conditions that promote detention, filtration, and

infiltration of stormwater runoff on site using pervious paving, bioretention areas, green roofs, and other methods.

(2) Additional stormwater runoff that cannot be infiltrated is detained, stored, and filtered with stormwater control measures (SCMs).

(c) All stormwater control measures (SCMs) must be designed to provide an emergency overflow system and incorporate measures to provide a non-erosive velocity of flow along its length and at any outfall.

(d) All stormwater control measures (SCMs) must be designed to drain from a full condition within a maximum of 48 hours from the end of a rainfall event to prevent breeding of mosquitos and other waterborne pests.

121.9 Permeable Paving and Pervious Paving Materials.

(a) Except as otherwise required for persons with disabilities, all non-residential, surface-level, off-street uncovered parking spaces in the City shall be paved using permeable paving that complies with the criteria described below. This requirement applies to all new paving installations and to any development site with existing surface-level, off-street parking spaces. The removal of impermeable paving is not required for any existing parking space that is already subject to an approved, post-construction stormwater management plan that satisfies the requirements of section 121.16, below. To the extent practicable, permeable paving must be used in place of impervious paving materials in all other permitted locations. For all materials to be used in a public right-of-way, review and approval from the Department of Public Works is required.

(b) *Permeable Paving Standards and Certification.* Any installation of permeable paving is subject to the following:

(1) *Types of Permeable Paving.* The types of permeable paving facilities and permitted uses are tabulated above. The Department of Safety and Permits in consult with the Department of Public Works may allow additional types of permeable paving as new technologies or applications become available. Porous asphalt is prohibited.

Type/Application	**Driving Lane**	**Parking Stall**	**Sidewalk**
Pervious Concrete		•	•
Permeable Interlocking Unit Pavers	•	•	•
Other Unit Pavers*		•	•
Permeable Articulating Concrete Blocks	•	•	•
Porous Flexible Paving			•
Porous Bound Aggregate			•
*Spaced minimum ¼" to allow for infiltration. **Must comply with the Americans with Disabilities Act Design Standards.			

(2) *Contributing Drainage Area.* The maximum ratio of contributing drainage area to permeable paving area is 4:1, unless otherwise approved by the Department of Safety and Permits. To the extent possible, stormwater runoff from pervious areas must be avoided as it contributes sediment that clogs permeable paving and

increases maintenance requirements. At least 90 percent of the area draining to permeable paving must be impervious, not including the permeable paving area itself.

(3) *Infiltration Rates.* All permeable paving installations are subject to infiltration testing after installation. Testing is conducted according to the ASTM International C1701 or C1781 standards, as appropriate. All types of permeable paving must maintain a minimum infiltration rate of 200 inches per hour.

(4) *Required Depth.* All permeable paving installations must have a minimum aggregate sub-base of a depth capable of meeting the design performance requirements, and in compliance with the Green Infrastructure Toolkit. Depth is measured from the base of the permeable pavement system. All aggregate must be double-washed before installation.

(5) *Biennial Certification.* All permeable paving installations more than 800 square feet in total area are subject to an initial certification period of 24 months, starting from the date that the Department of Safety and Permits issues a certificate of occupancy for the subject property. Permeable paving installations more than 800 square feet in total area must be recertified every two years. The property owner shall apply for re-certification of the permeable paving installation during the three-month period prior to expiration.

121.10 Stormwater Pollution Prevention Plan (SWPPP) for Construction Activities. Any development project of one acre or more in size must submit a stormwater pollution prevention plan (SWPPP) to manage stormwater runoff and pollution during construction. The SWPPP must comply with the Louisiana Pollutant Discharge Elimination System (LPDES) General Permit for construction sites. Sites over five acres in size must also submit the Notice of Intent required by the Louisiana Department of Environmental Quality. The following provides the minimum requirements for development site stormwater pollution prevention control. Both temporary and permanent construction controls must be used to accomplish the following minimum requirements. All projects, public or private, must meet each of the minimum requirements below. Additional controls may be required by the Director of the Department of Safety and Permits when such minimum requirements are not sufficient to prevent erosion or transport of sediment or other pollutants from the site.

(a) *Mark Clearing Limits and Environmentally Critical Areas.* Within the boundaries of the development site and prior to beginning construction activity, including clearing and grading, clearly mark all clearing limits, easements, setbacks, all environmentally critical areas and their buffers, and all trees and drainage courses that are to be preserved within the construction area.

(b) *Establish Construction Access.* Limit construction vehicle access, whenever possible, to one route. Stabilize access points and minimize tracking sediment onto public roads. Promptly remove any sediment tracked off site.

(c) *Retain Top Layer.* Within the boundaries of the development site, the duff layer, topsoil, and native vegetation, if any, shall be retained in an undisturbed state to the maximum extent feasible. If it is not feasible to retain the top layer in place, it should be stockpiled on site, covered to prevent erosion, and replaced immediately upon completion of the construction activity to the maximum extent feasible.

(d) *Protect Downstream Properties and Receiving Waters.* Protect properties and receiving waters downstream from the development site from erosion due to increases in the volume, velocity, and peak flow rate of drainage water from the project site. If it is necessary to construct flow control facilities, including, but not limited to silt fencing along site boundaries, to meet this requirement, these facilities must be protected from siltation during the construction phase of the development.

(e) *Prevent Erosion and Sediment Transport from the Site by Vehicles.* Whenever construction vehicle access routes intersect paved roads, the transport of sediment onto the paved road shall be minimized. If sediment is transported onto a paved road surface, the roads shall be cleaned thoroughly at the end of each day. Sediment shall be removed from paved roads by shoveling or sweeping and shall be transported to a controlled sediment disposal area. If sediment is tracked off-site, roads shall be cleaned thoroughly at the end of each day, or at least twice daily during wet weather. Street washing is allowed only after sediment is removed, and wastewater from such street washing must be prevented from entering the drainage system and receiving waters.

(f) *Stabilize Soils.* Prevent on-site erosion by stabilizing all exposed and unworked soils, including stockpiles and earthen structures such as dams, dikes, and diversions. Soils must be stabilized at the end of the shift before a holiday or weekend if needed based on the weather forecast. Soil stockpiles must be stabilized from erosion, protected with sediment trapping measures, and located away from storm drain inlets, waterways, and drainage channels. Before the completion of the development project, permanently stabilize all exposed soils that have been disturbed during construction.

(g) *Protect Storm Drains.* Prevent sediment from entering all storm drains, including ditches that receive drainage water from the project. Storm drain inlets protection devices shall be cleaned or removed and replaced as recommended by the product manufacturer, or more frequently if required to prevent failure of the device or flooding. Storm drain inlets made operable during construction must be protected so that drainage water does not enter the drainage system without first being filtered or treated to remove sediments. Before a severe rainfall event, storm drain inlet protection must be secured or removed from all catch basins at a development site to prevent restriction of stormwater runoff into the catch basins. Storm drain inlet protection devices must be removed at the conclusion of the development project. The use of straw or hay bales is prohibited.

(h) *Stabilize Channels and Outlets.* All temporary on-site drainage systems must be designed, constructed, and stabilized to prevent erosion. Stabilization must be provided at the outlets of all drainage systems that is adequate to prevent erosion of outlets, adjacent stream banks, slopes, and downstream reaches.

(i) *Control Pollutants.* To control potential pollutants the following measures must be taken:

(1) All pollutants, including sediment, waste materials, and demolition debris, that occur on site are handled and disposed of in a manner that does not cause contamination

of drainage water and complies with all applicable disposal laws.

(2) All chemicals, liquid products, petroleum products, and other materials that have the potential to pose a threat to human health or the environment are contained, covered, and protected from vandalism.

(3) On-site fueling tanks include secondary containment around a primary container as an additional layer of protection or barrier to prevent the spread of hazardous materials in case of a leak or spill.

(4) Contaminated surfaces are cleaned immediately following any discharge or spill incident.

(5) Fertilizers and pesticides are applied in accordance with the manufacturers' instructions and in a manner and at application rates that do not result in discharge of these products into the drainage water.

(6) For any paint removal, paint preparation, pressure washing or sandblasting activities that may result in particles entering the air or landing on the ground, best management practices (BMPs) steps are implemented to prevent or minimize to the maximum extent practicable the release of such particles into the environment. Discharge of waste from such activities to the municipal separate storm sewer system is prohibited.

(7) A stormwater pollution prevention plan (SWPPP) coordinator, such as a quality stormwater manager (QSM), is identified on the permit and ensures that all development site best management practices (BMPs) are site-tested, inspected, and repaired or replaced, as needed, at least weekly and before and after a major rain event, or as necessary. Each inspection by the coordinator is documented in the SWPPP.

(8) The best management practices (BMPs) are maintained in good working order.

(j) *Maintain Best Management Practices (BMPs).* All best management practices (BMPs) set forth in the stormwater pollution prevention plan (SWPPP) are maintained and repaired as needed to ensure such measures continue to function as intended. All best management practices (BMPs) are removed within five days after final site stabilization is achieved or after the temporary control measures are no longer needed, whichever is later. Trapped sediment is removed or stabilized on site. Disturbed soil areas resulting from removal are permanently stabilized.

(k) *Concrete Waste Management for Construction Activities.* Concrete waste from washout of ready-mix trucks, concrete pumps, and other concrete equipment causes chemical changes in runoff by increasing sediment and changing the pH of the water used in the concrete waste washout. Concrete waste management is the practice of capturing all concrete wastes and protecting the drainage system from any discharge contaminated by concrete. This concrete waste includes sweepings from concrete or other concrete slurry wastes.

(1) *Applications.* Concrete waste management is required of all construction sites, phases, subdivisions, or developments

with concrete work, including, but not limited to, the use of concrete delivered by truck or other concrete coated equipment, mortar-mixing stations, or where concrete dust, debris, or slurry is created by either construction or demolition. Additionally, the operator of any vehicle used to deliver or apply concrete products must employ concrete waste management practices.

i. All applicants must provide and identify a concrete washout facility for use by those providing concrete or concrete-related services on site or shall arrange for the removal of concrete waste.

ii. In some cases, particularly in the case of construction or renovation by an owner-builder of a single structure, the concrete provider must dispose of or washout any excess concrete or debris in a manner consistent with this section even if the site does not lend itself to a separate washout facility.

(2) *Design Criteria.* Concrete washout facilities must have a minimum of six cubic feet of containment volume for every 10 cubic yards of concrete to be poured. Facilities built above the ground must have a minimum freeboard of six inches. Facilities built below grade must have a minimum freeboard of 12 inches. Prefabricated washout facilities are allowed if they meet the criteria required of temporary facilities in terms of capacity, protection from runoff and clean-out requirements. All concrete washout facilities must:

i. Be located as far away from storm drains, ditches, or other bodies of water as is practicable;

ii. Be accessible in all weather conditions with sufficient controls to keep mud or debris from the streets surrounding the facility;

iii. Physically restrict all runoff from the area by using a temporary pit or bermed area. Artificial berms may be created from straw or sand provided that the berm is staked and is double- or triple-lined with polyethylene sheeting of sufficient thickness and without holes, tears, or defects that compromise the impermeability of the material;

iv. Be clearly marked by signage; and

v. Be lined with polyethylene sheeting of sufficient thickness and which is free from holes, tears, or defects that compromise the impermeability of the material.

(3) *Maintenance and Shutdown Requirements.*

i. The temporary pit or bermed area must be cleaned and maintained on a regular basis and must be cleaned immediately of any liquid or other contaminant found outside the washout facility.

ii. The washout facility must be removed or cleaned out when the facility is no longer required for work in the area or when the facility is at 75 percent capacity. To remove or clean the facility, the hardened concrete must be removed and disposed of. Materials used to construct the temporary facility must also be removed and disposed of when they are no longer suitable for use or no longer needed.

iii. Any holes or depressions caused by the creation and use of the facility must be backfilled and repaired and the soil stabilized.

iv. All concrete waste material must be properly discharged.

121.11 Permit Submittal Documents. All documentation which must be submitted with each permit application must be prepared by or under the direct supervision of a Louisiana-licensed landscape architect or a Louisiana-licensed civil engineer and imprinted with such licensed professional's seal. Where special conditions exist, the Director of the Department of Safety and Permits may require additional documents to be prepared by a Louisiana-licensed design professional. All such documentation must be submitted in two or more sets with each permit application and must include the following:

(a) *Project Description.* A summary of existing conditions and proposed stormwater management design.

(b) *Existing Site & Stormwater Drainage Plan.* A site assessment detailing the current drainage conditions on the property. This must include:

(1) Location and boundaries of all existing property lines, lot names, easements or servitudes, or other land divisions for the development site;

(2) Location and boundaries of all adjacent rights-of-way, streets, private roads, drainage rights-of-way, or other features;

(3) Existing drainage areas delineated with flow lines indicating direction of flow;

(4) All above ground and subsurface infrastructure and invert elevations, including but not limited to existing drain lines, culverts, catch basins, headwalls, manholes, and existing SCMs;

(5) Location of all existing roof and yard drains, downspouts, or other features and their connections to SCMs;

(6) Existing topography and any significant topographic features;

(7) Soil classifications; and

(8) All existing buildings, structures, land covers and site features, including but not limited to curb cuts, interior streets, driveways, parking and loading areas, landscaped areas, and lawns.

(c) *Proposed Site & Stormwater Management Plan.* A detailed illustrated plan of the proposed stormwater management site design. This plan must include:

(1) Location and boundaries of all property lines, lot names, easements or servitudes, or other land divisions for the development site;

(2) Location and boundaries of all adjacent rights-of-way, streets, private roads, drainage rights-of-way, or other features;

(3) Proposed drainage areas delineated with flow lines indicating direction of flow;

(4) All proposed above ground and subsurface infrastructure and invert elevations, including, but not limited to, drain lines, culverts, catch basins, headwalls, manholes, and stormwater control measures (SCMs);

(5) Location of all proposed roof and yard drains, downspouts, or other features and their connections to stormwater control measures (SCMs);

(6) Proposed topography and grading plan;

(7) All proposed buildings, structures, land covers and site features, including but not limited to curb cuts, interior streets, driveways, parking and loading areas, landscaped areas, and lawns; and

(8) Sections and details of all proposed stormwater control measures (SCMs) showing depth, dimensions, compositional layers, drainage media, overflows, connections into and out of all drainage related features and project specification in compliance with the Green Infrastructure Toolkit.

(d) *Calculations.* Calculations for pre- and post-development runoff rate, required detention volume and capacity of stormwater control measures (SCMs), and empirically estimated pollutant load calculations completed and provided using the latest version of the City of New Orleans Stormwater Calculator.

(e) *Infiltration Test Results.* All plans must include the results of at least one infiltration test per stormwater control measure (SCM), signed and sealed by a professional engineer or landscape architect licensed in the State of Louisiana, conducted according to the ASTM International C1701 or C1781 standards, as appropriate.

(1) Infiltration test results must be incorporated into the required stormwater management design, including a narrative from the design professional that indicates the test results and identifies compliance with such requirements.

(f) *Operations & Maintenance Plan.* Site-specific operations and maintenance schedule for each stormwater control measure (SCM) including routine maintenance, frequency of inspections, indications of failure, corrective actions (repair and replacement), and a sample inspection report for the site. The operations and maintenance plan must comply with the Green Infrastructure Toolkit maintenance manual.

(g) *Stormwater Pollution Prevention Plan (SWPPP).* Narrative and plans demonstrating appropriate erosion and sediment control during construction including designer specifications for construction to protect best management practices (BMPs), avoid soil compaction, and prevent best management practices (BMP) failure.

(h) *Planting Plan.* When plants, trees, or shrubs are utilized in stormwater control measure (SCM) design.

(i) *End User Awareness Plan.* All developments subject to the Stormwater Code must post permanent informational signage (in accordance with requirements set forth by the Office and Resilience and Sustainability) for the public in prominent internal spaces such as lobbies, public customer areas, public employee areas. Signage must be located near green infrastructure

features, and, at a minimum, provide details on the type of green infrastructure installed, amount of stormwater runoff being maintained, plant types (where applicable), and water quality improvements. For developments that have utilized the fee-in-lieu process described in section 121.13, below, and do not have stormwater infrastructure, signage must educate the public on topics such as, but not limited to, green infrastructure, funding opportunities for green infrastructure, and best practices to manage stormwater. Under no circumstances is a development site exempt from this signage requirement.

121.12 Procedure.

(a) *Application Procedure.* A building permit application for a development site subject to this Stormwater Code must include a stormwater management plan.

(b) *Completeness Review.* Upon receipt and review of all documents required by the Stormwater Code, the Department shall notify the applicant if additional materials are needed to complete the review.

(c) *Review of Plans.* The Department shall notify the applicant of any deficiencies in the proposed stormwater management plan. Failure of the applicant to respond to deficiencies within a period of six months will result in expiration of the building permit application.

(d) *Issuance of Building Permit.* Once a plan has demonstrated compliance with the requirements of the Stormwater Code to the satisfaction of the Director of the Department of Safety and Permits or a representative, the Department shall issue a building permit, provided that all other applicable legal and permitting requirements are satisfied.

(e) *Stormwater Pollution Prevention Plan (SWPPP).* Upon issuance of a building permit and until a certificate of occupancy is issued, the stormwater pollution prevention plan must be implemented on the development site.

(f) *Changes to Approved Plans.* No departure or deviation shall be made from stormwater management plan and supporting documentation, specifications, or description after issuance of the permit unless new information is submitted, approved by the Director of the Department of Safety and Permits and incorporated in the permit. No person may modify, remove, fill, landscape, or alter any stormwater control measures (SCMs) without the written approval of the Director of the Department of Safety and Permits.

(g) *Post-Construction Certification.* Prior to the issuance of a certificate of occupancy, post-construction certification must be obtained in accordance with section 121.15, below.

(h) *Annual Inspection.* Re-certification of all stormwater control measures (SCMs) and associated infrastructure is required on an annual basis in accordance with the Stormwater Code.

(i) *Expiration.* An approved stormwater management plan is deemed invalid:

(1) If the work authorized by the permit is not commenced within six months after its issuance;

(2) If the work authorized by the permit is suspended for more than six months after its issuance; or

(3) If the work authorized by the permit is suspended or

abandoned for a period of six months after the time the work commences.

The expiration period may be extended for one or more periods of not more than 90 days each. The extension must be requested in writing with justifiable cause demonstrated to the Director of the Department of Safety and Permits. The Director of the Department of Safety and Permits may grant an extension, which shall be in writing.

121.13 Fee In Lieu of Compliance.

(a) *Submittal Requirements.* A request to pay a fee in lieu of compliance with the requirements of the Stormwater Code must be filed with the Director of the Department of Safety and Permits and must include:

(1) Documentation of lack of practicability of on-site compliance, including existing and proposed site and stormwater drainage plans;

(2) Calculations for the required volume, existing and proposed runoff rate, and existing and proposed pollutant loads prepared by a Louisiana-licensed landscape architect or professional engineer; and

(3) The estimated and itemized cost of construction, materials and annual maintenance of stormwater control measures (SCMs) that is feasible on-site.

(b) *Approval Standards.* In reviewing fee-in-lieu of compliance applications, the Director of the Department of Safety and Permits or the Director of the Department of Public Works shall consider if stormwater management within the site is achieved to the maximum extent practicable.

(c) *Payment.* Calculation of the fee is based on the per cubic foot volume of stormwater requiring management as provided herein, at the rate established in Section 2-1105 of the Code of the City of New Orleans.

(d) *Condition.* The fee paid in accordance with this section is intended to offset the 1.25-inch detention volume standard. In no event shall the post-development peak runoff rate exceed the pre-development runoff rate for a design storm event.

(e) *Deviations.* Existing development sites where the conditions do not allow runoff from a certain portion of the site to flow into a stormwater control measure (SCM) may apply to manage the entire quantity on a separate portion of the development site (allowing for bypass runoff) or apply for partial fee-in-lieu payment for the volume of stormwater not detained.

121.14 Enforcement of Regulations. The Department of Safety and Permits shall not issue a certificate of occupancy for any development site until its stormwater management plans are certified. Failure to implement the stormwater management plan is cause for the withholding of the certificate of occupancy. The applicant shall maintain all stormwater control measures (SCMs) and associated infrastructure in perpetuity in accordance with the associated maintenance plan or program. The development site owner or authorized agent shall inspect all stormwater control measures (SCMs) and associated infrastructure monthly and shall keep records indicating all maintenance actions required and taken each month. These records may be requested by the Department of Safety and Permits at any time and, once requested, shall be timely provided to the department by the property owner. Failure to maintain compliance with the approved stormwater management plan is cause for the application of fines and penalties, as allowed under City Code. All landscape and stormwater control measures (SCMs) and associated infrastructure must be maintained in conformance with the approved plan, are

subject to periodic inspection by the Department of Safety and Permits and must be recertified annually as required by the Stormwater Code. Failure to maintain the stormwater control measures (SCMs) or certify the stormwater management plan is cause for revocation of the certificate of occupancy, and the application of fines and penalties as allowed under the City Code.

121.15 Fees. There is a fee of $250 for annual certification of stormwater management plans. There is a penalty of $500 for annual recertification of stormwater management plans that have passed the expiration date. Failure to submit plans 30 days after expiration shall subject a property to administrative adjudication with a daily penalty of $500.

121.16 Post-Construction Certification.

(a) *Requirements for Certificate of Occupancy.* The Department of Safety and Permits shall not issue a certificate of occupancy until it receives the following:

(1) Digital as-built plans showing the final design and specifications for all SCMs, the field location, size, depth of all measures, controls, and planted vegetation, and devices, as installed; and

(2) Affidavit signed by the civil engineer or landscape architect of record attesting that the stormwater control measures (SCMs) have been installed in accordance with all approved plans and specifications, and in compliance with all other applicable standards.

(b) *Initial Certification.* Stormwater control measures (SCMs) and associated infrastructure are subject to an initial certification period of 12 months, starting from the date that the department issues a certificate of occupancy for a property with an approved stormwater management plan.

(c) *Annual Certification.* Recertification of all stormwater control measures (SCMs) and associated infrastructure is required annually.

(1) No more than 30 days prior to recertification, a Louisiana-licensed landscape architect or professional engineer, as applicable, shall conduct an inspection of all stormwater control measures (SCMs) and associated infrastructure, and shall certify that the stormwater control measures (SCMs) and associated infrastructure follow the recorded as-built stormwater management plans and designs, and with all other applicable standards.

(2) The property owner shall be eligible to apply for re-certification not more than three months prior to the expiration of the previous certification.

(3) The property owner or operator shall retain detailed records of any maintenance performed on, or changes made to, stormwater control measures (SCMs) and associated infrastructure for review on an as-needed basis.

SECTION 122 - INDEPENDENT STRUCTURAL PEER REVIEW

122.1 General. The purpose of this section is to provide for an independent and objective structural review of a project, conducted by an approved structural engineer, to increase the welfare and safety of the public, users and workers with respect to the finished product. The provisions of this section specify where independent structural peer review is required, how and by whom it is to be performed. These provisions shall become effective on the ninetieth day following adoption of this ordinance.

122.2 Definition of Structure. For the purpose of this section, "structure" includes the

structural frame; the load supporting parts of floors, roofs, walls, and foundations; and other primary structural items.

122.3 Where required. An independent structural peer review of the structure shall be performed and a report provided for the following buildings:

a. Buildings greater than 75 feet in height (measured from grade level to the average height of the highest roof surface); or

b. Buildings where an independent structural peer review is specifically requested by the Building Official.

122.4 Structural Peer Reviewer. The structural peer review shall be performed by a qualified independent structural engineer, to be known as the peer reviewer, who has been retained by or on behalf of the owner of the property. This peer reviewer shall meet specific qualification requirements, including but not limited to, demonstrable experience in the structural design and/or peer review of structures similar in scope and complexity. The Department of Safety and Permits shall establish a qualification program for peer reviewers and compile a list of such persons from which the property owner shall select. The peer reviewer shall not engage in any activities that may conflict with their objective judgment and integrity, such as having a financial and/or other interest in the design, construction, installation, manufacture or maintenance of structures or components that they are reviewing.

122.5 Scope of Structural Peer Review. The peer reviewer shall review the plans and specifications submitted with the original permit application, and all subsequent revisions thereto, for compliance with the structural and foundation design provisions of the Building Code and all related structural codes and technical standards. At a minimum, the peer reviewer shall perform the following tasks:

a. Confirm that the design loads conform to this Code;

b. Confirm that other structural design criteria and design assumptions conform to the applicable codes and are in accordance with generally accepted engineering practice;

c. Review geotechnical and other engineering investigations that are related to the foundation and structural design and confirm that the design properly incorporates the results and recommendations of the investigations;

d. Confirm that the structure has a complete load path;

e. Perform independent calculations for a representative fraction of the systems, members and details to check their adequacy. The number of representative systems, members and details verified shall be sufficient to form a basis for the reviewer's conclusions;

f. Verify that the design engineer of record complied with the structural integrity provisions of the applicable codes;

g. Verify that performance-specified structural components (such as certain precast concrete elements) have been appropriately specified and coordinated with the primary building structure;

h. Review the structural and architectural plans for the building. Confirm that the structural plans are in general conformance with the architectural plans regarding loads and other conditions that may affect the structural design;

i. Confirm that major mechanical items are accommodated in the structural plans;

j. Confirm that all items within the definition of "structure" under Section 122.2 are in accordance with the applicable codes; and

k. Attest to the general completeness of the structural plans and specifications.

122.6 Structural Design Criteria. If the design criteria and design assumptions are not shown on the drawings or in the computations, the structural engineer of record shall provide a statement of these criteria and assumptions for the reviewer. In addition, the structural calculations prepared by the structural engineer of record shall be submitted to the peer reviewer upon his/her request.

122.7 Structural Peer Review Report. The peer reviewer shall submit a report to the Department of Safety and Permits stating whether or not the structural design shown on the plans and specifications generally conforms to the structural and foundational requirements of the applicable codes. The report shall demonstrate, at a minimum, compliance with items (a.) through (k.) of Section 122.5. In addition, the report shall also include the following:

a. The codes and standards used in the structural design of the project;

b. The structural design criteria, including loads and performance requirements; and

c. The basis for design criteria that are not specified directly in applicable codes and standards. This should include reports by specialty consultants such as wind reports and geotechnical reports. Generally, the report should confirm that existing conditions at the site have been investigated as appropriate and that the design of the proposed structure is in general conformance with these conditions.

122.8 Phased Submission. If an application is submitted for a permit for the construction of foundations or any other part of a building before the construction documents for the whole building have been submitted, the peer review and report shall be phased. The peer reviewer shall be provided with sufficient information on which to make a peer review of the phased submission, in accordance with this Chapter.

122.9 Response to reviewer recommendations and disputes. The contents of the peer review report shall be presented to the structural engineer of record and the owner of the property before being submitted to the Department of Safety and Permits. The structural engineer of record must respond to any recommendations presented in the report, but is not obligated to agree with them. If the structural engineer of record and the peer reviewer are unable to resolve all differences, the structural engineer of record must document any disagreements for submission to the Department of Safety and Permits. Upon review, the Department may make a decision or may accept a change of the peer reviewer; however, the peer reviewer cannot be changed without the express consent of the Department. If a request is made for a change of the peer reviewer prior to completion of the peer review report, the current peer reviewer shall submit a written letter to the Director of Safety and Permits detailing the circumstances surrounding the withdrawal request and a report of the peer review findings to date.

122.10 Responsibility. The structural engineer of record shall retain sole responsibility for the structural design. The activities and reports of the peer reviewer shall not relieve the structural engineer of record of this responsibility. The peer reviewer's report states his or her opinion regarding the design by the structural engineer of record. The standard of care to which the peer reviewer shall be held in the performance of the peer review and report is that the level of skill and care are consistent with structural peer review services performed by professional engineers licensed in the State of Louisiana for similar types of projects.

122.11 Promulgated rules to effectuate intent. The Department of Safety and Permits shall promulgate regulations needed to effectuate the intent of this section in accordance with Section 2-1000 of the Code of the City of New

Orleans and submit such regulations to the City Council for approval no later than ninety days after adoption of this ordinance.

SECTION 123 - OBSERVATION BY PROFESSIONALS OF RECORD

123.1 General. The purpose of this section is to provide for periodic physical observation of work by the engineer of record, or a certified third party engineer retained by or on behalf of such engineer, throughout the construction period. These provisions shall become effective on the ninetieth day following adoption of this ordinance.

123.2 Applicability. The provisions of this section shall apply to the new construction of any commercial structure, regardless of size, and to any residential structure taller than three floors.

123.3 Required observations. Wherever the applicable construction codes or city policies require observation or inspection of such projects included in Section 123.2, the engineer of record for that particular function, or a certified third party engineer retained by or on behalf of the engineer of record, shall physically observe the premises and report his or her findings to the Department of Safety and Permits. The Department shall not approve an observation absent a favorable observation by the pertinent engineer. The Department of Safety and Permits shall approve the use of a third party engineer for such observation, and in any event, the engineer of record shall sign off on an observation conducted by his or her representative. Observations mandated by this section are intended to supplement those observations, inspections, and approvals provided by City inspectors, to ensure that work is completed according to design.

123.4 Promulgated rules to effectuate intent. The Department of Safety and Permits shall promulgate regulations needed to effectuate the intent of this section in accordance with Section 2-1000 of the Code of the City of New Orleans and submit such regulations to the City Council for approval no later than ninety days following adoption of this ordinance.

CHAPTER 2
DEFINITIONS

Building Official: The Director of the Department of Safety and Permits, or his duly authorized representative or employee.

CHAPTER 4
SPECIAL DETAILED REQUIREMENTS BASED ON USE AND OCCUPANCY

SECTION 425 - TENTS

425.1 Permit Required. Tents, with an area up to 150 sq. ft. and not located in the inner city fire limits, require only a Certificate of Compliance from Fire Prevention. Tents, with an area exceeding 1,200 sq. ft. and all tents located in the inner city fire limits, require a certificate of compliance from the Fire Department and a Building Permit from the Department of Safety and Permits. Tents shall conform to Section 3103 of the International Fire Code.

SECTION 426 - PREFABRICATED AND MODULAR BUILDINGS

426.1 Scope. This section covers the installation of prefabricated and modular buildings within the City of New Orleans.

426.2 Definition. Structures transportable in one or more sections and which are built on a permanent chassis shall be considered as prefabricated and/or modular buildings.

426.3 General. Prefabricated and Modular Buildings shall be designed with a permanent foundation and must comply with the provisions of this code. It shall be the duty of the permit applicant to provide a label or seal of compliance with the provisions of this code, issued by an agency approved by the City of New Orleans. In the alternative, the permit applicant shall cause the work to be accessible and exposed for inspection purposes. The permit applicant is responsible for expense entailed in the removal or replacement of any material required to allow inspection.

426.4 Construction Documents. One digital set of construction documents prepared by a Louisiana Registered Architect or Civil Engineer shall be submitted to the depart-

ment along with an application for a permit. Construction documents shall include, among other things, plans, elevations, sections, foundation details, construction benchmark etc. The construction documents shall be drawn to scale and shall be of sufficient clarity to indicate the location, nature and extent of the proposed work and show in detail that the prefabricated and/or modular building will conform to the provisions of this code. All Prefabricated assemblies installed in the City of New Orleans shall either be thoroughly opened up for inspections by City Inspection Bureaus such as Electrical, Building etc., or have to be inspected and certified by one of the third party agencies approved by the City of New Orleans, for compliance with all applicable codes. The City approved third-party agencies are, any agencies listed by ICC-ES.

SECTION 427 - FENCES

427.1 Fences—General. Fences, walls, and other structures erected to physically separate or secure properties shall be constructed of a quality to ensure structural integrity. A maximum spacing of eight (8) feet shall be maintained for all vertical posts unless otherwise designed by a licensed professional and approved by the Director as permitted by law. Structural posts shall be embedded in concrete. Use of scrap materials for fencing, walls, or other barriers is not permitted.

427.2 Security Fencing. No razor wire, barbed wire, barbed tape or any other similar security fencing material or product shall be permitted in residential districts. No security style fencing shall per permitted within five (5) feet of an adjacent right-of-way or municipal easement. Any security fencing materials must be affixed with a minimum clearance of eight (8) feet from any sharp edge or point to adjacent grade below.

427.3 Electrified Fencing. As per Section 2741 of this code, no fence shall be electrified in the City of New Orleans.

CHAPTER 9
FIRE PROTECTION SYSTEMS

SECTION 917 - HYDRANTS, WATER MAINS & FIRE LANES

917.1 Fire Protection on Private Property. Requirement for fire hydrants, water mains, fire lanes and driveways for the use of fire apparatus to combat fires on private property shall be installed in the following developments and land uses as specified below:

1. Residential land use developments involving 2 acres or more.
2. Medium and High Density Residential Land Uses.
3. Large Scale Commercial Land Use Development involving 2 acres or more.
4. Large Scale Industrial Land Use Development involving 2 acres or more.
5. Light Industrial and Heavy Industrial Land Uses.
6. New Subdivisions in excess of five building sites.
7. New Subdivisions or Re-subdivisions requiring additional streets.
8. Conditional land uses when approved by the Fire Department and International Plumbing Code.
9. Any Private Development, land and buildings and containing 2 acres or more that does not already have public streets, water mains and fire hydrants.
10. Campus development involving two acres or more.

917.2 Detail Requirements. All firefighting systems required by this Code shall comply in all respects with:

1. International Fire Code, 2021 as amended by the City of New Orleans.
2. International Plumbing Code, 2021, as amended by the City of New Orleans.

3. Requirements of the Sewerage and Water Board which include but are not limited to:
   (a) Connection to the public water supply, all connections to be made with a detector check valve, furnished and installed by the Sewerage and Water Board, the cost of installation charged to the applicant.
   (b) If domestic water is also taken off the fire main, full-flow meters will be installed in lieu of the detector check valve.
   (c) Granted Servitudes as required by the Sewerage and Water Board for servicing of water mains and fire hydrants which are to be installed according to the Sewerage and Water Board's specifications and the above code requirements.

917.3 Furnish layout plans for approval.

917.3.1 Plans shall be drawn to scale and shall include, but are not limited to, the following essential details:

1. The scale shall conform to the following:
   1.1 Projects containing more than 200 acres, not more than 200 ft. to one inch.
   1.2 Projects containing 50 acres to 200 acres, not more than 100 ft. to one inch.
   1.3 Projects containing less than 50 acres, not more than 60 ft. to one inch.
   1.4 Projects containing 10 acres or less, not more than 50 ft. to one inch.
2. Size and location of water supply.
3. Size and location of all mains, the class and type of mains to be installed and the depths to which it is to be buried.
4. Size, type and location of all meters and valves.
5. Number and size of hose outlets, thread detail, setting grade and location of all hydrants.
6. Location and size of sprinkler and standpipe risers supplied by the system.
7. Fire lane and driveway widths and turning radius.

917.4 Water Distribution System. Water mains shall conform to the Specifications and/or International Plumbing Code, and the applicable provisions of the codes and requirements mentioned herein.

917.4.1 Sizing of water mains. The following is adopted minimum size of water mains along with other provisions to be used for fire hydrant supply:

1. Large Scale Commercial and Industrial Land Use Developments (includes campus developments):
   1.1 12-in or larger mains can be used as a loop system around the area and shall be supplied by separate feeder mains.
   1.2 8-in mains can be used within the area when it completes a gridiron to be supplied by 12-in or larger mains at each end.
   1.3 Adjustment in main size above 12 in shall be made when additional fire flow is required for sprinklers, standpipes and special protective equipment for hazardous occupancy or processes.
2. Heavy Industrial Land Uses:
   2.1 12 inch mains to be used throughout.
   2.2 Adjustment in main size to above 12 in. to be made when additional fire flow is required.
3. Low, Medium and High Density Residential Land Uses: Large Scale

Residential Land Use Developments (except when located in the Inner Fire Limits):

3.1 8-in or larger mains to be used when supplied by at least two 8-in or larger feeders, separated from each other and when it completes a gridiron not exceeding 600 ft. to the side with a hydrant at each corner and intermediate hydrant between corners. However, the 6 inch mains are not to be dead-ended.

4. Requests for variations from the above specified sizes may be approved by the Director provided such requests are accompanied by engineering design calculations for the intended land use prepared by a Louisiana Registered Engineer experienced in such work.

917.5 Fire Flow. Fire flow at a residual pressure of 20 psi is required with the following flows:

1. Low and medium density (one and two family) residential land uses 1,000 to 2,500 gpm. Distribution based on ratio of one hydrant to each 150,000 to 140,000 sq. ft. of average area served.

2. Large scale residential land use development 1,500 to 3,500 gpm. Distribution based on ratio of one hydrant to each 140,000 to 120,000 sq. ft. of average area served.

3. Medium and high density (apartments) residential land uses 3,500 to 4,000 gpm. Distribution based on ratio of one hydrant to each 120,000 to 110,000 sq. ft. of average area served.

4. All commercial land uses including campus development. (except those within the Inner Fire Limits) 3,500 to 4,000 gpm. Distribution based on ratio of one hydrant to each 110,000 to 100,000 sq. ft. of average area served.

5. Light industrial land uses and large scale industrial land use developments 4,000 to 8,000 gpm. Distribution based on ratio of one hydrant to each 100,000 to 60,000 sq. ft. of average area served.

6. Heavy industrial land uses 8,000 to 12,000 gpm. Distribution based on ratio of one hydrant to each 60,000 to 40,000 sq. ft. of average area served.

7. Additional fire flow is required in excess of the specified fire flow for extra hazardous occupancy, processes or conditional uses.

917.6 Fire Hydrants. Hydrants shall meet the specifications of the Sewerage and Water Board.

917.6.1 Type of Hydrant. Hose outlets size and threads to conform to the hose connections used by the Sewerage and Water Board.

917.6.2 Hydrant Spacing. Hydrants shall be spaced as indicated below:

1. Hydrants should be located no closer than 50 ft. from buildings in industrial districts. In other districts hydrants shall be located where the chance of fire and falling walls would not endanger hydrants.

2. Spacing shall not be more than 350 ft. apart in residential districts.

3. In industrial areas and shopping centers, hydrants shall be located to permit all sides of the building to be reached by a hose lay not in excess of 300 ft.

4. In multiple housing developments, commercial districts and large scale developments, hydrants shall be located to permit all sides of the building to be reached by a hose lay not in excess of 400 ft.

917.6.3 Hydrant Setting. Hydrants shall be protected from mechanical injury and shall be installed as indicated below:

1. Hydrant settings, center of hose outlets should be not less than 18 in above the final grade line.
2. Hydrant locations shall not be less than 18 in nor more than 30 in from the curb of a street or driveway, have no obstructions within 15 ft. on each side and shall be accessible so fire department pumpers can be connected with no more than 15 ft. of hose.

917.7 Fire Lanes. Fire lanes as indicated below shall be provided for Fire Department access.

917.7.1 Low Density Residential Development. Every part of a structure must be accessible from a street or highway, with a maximum of 150 ft. of hose in a low density Residential Development. In instances where the maximum hose lay is exceeded, specific plans of the structure and its location must be reviewed and approved by the Department of Fire.

917.7.2 Other Developments. In all other residential districts, commercial and industrial developments, and large scale developments, no building of any type construction for any occupancy shall be constructed, unless every part of the structure is accessible from a street or highway with 150 ft. of fire hose, or provided that said structure may be erected at a greater distance if fire lanes are constructed as designated by this Code requirement.

917.7.3 Detail Requirements.

1. Fire lanes shall be located from whichever portion of any structure can be reached with 150 ft. of fire hose. Private streets, built in accordance with the regulations of City of New Orleans, Department of Public Works, Standard Plans and Specifications, may be considered as fire lanes.
2. Any such fire lanes more than 100 ft. long, shall either connect at both ends to a dedicated street or be provided with a turn-around having a minimum radius of 50 ft.; or other circulation system approved by the Department of Fire.
3. Fire lanes shall have a minimum width of 20 ft. and a minimum height clearance of 14 ft.
4. Fire lanes and road surfaces shall be constructed in accordance with the regulations of the City of New Orleans, Department of Public Works, Standard Plans and Specifications.

CHAPTER 11
ACCESSIBILITY

SECTION 1101.1

These provisions are not applicable in areas where State mandated accessibility requirements are in effect.

CHAPTER 16
STRUCTURAL DESIGN

SECTION 16

1609.2 Protection of Openings. Level 3 Renovations under the International Existing Building Code must be in compliance with the International Building Code requirements for Protection of Openings.

CHAPTER 18
SOILS AND FOUNDATIONS

SECTION 1811 - SPECIAL PROVISIONS FOR THE CITY OF NEW ORLEANS

This Section offers provisions associated with the design and construction of foundations. However, it does not and cannot replace education or experience, and it must be used in conjunction with professional judgment. Not all aspects of this Section may be applicable in all circumstances. The provisions of this Section are not intended to represent or replace the standard of care by which the adequacy of a given professional service must be judged,

nor should the provisions be applied without consideration of a project's many unique aspects.

1811.1 GENERAL. Foundation analysis and design in the City of New Orleans shall be conducted in conformance with Section 1813. Where there is conflict between a requirement of Section 1813 and a requirement of another section of the International Building Code (IBC), the requirement of Section 1813 shall govern.

1811.2 GEOTECHNICAL INVESTIGATION

1811.2.1 Foundation capacity shall be determined by geotechnical investigation unless otherwise provided for in section 1811. The geotechnical investigation shall be performed under the direction of a Louisiana Registered Civil Engineer experienced in geotechnical engineering. The geotechnical investigation shall consist of undisturbed soil borings and laboratory tests or other applicable methods and procedures to define subsurface conditions. The type and extent of the subsurface investigation program shall be consistent with generally accepted geotechnical engineering practice, and it shall be influenced by the importance, type, size, planned grade changes, and location of the proposed construction.

1811.2.2 An engineering analysis shall be made by a Louisiana Registered Civil Engineer experienced in geotechnical engineering that establishes information applicable to the design and construction of the foundation. This information includes the allowable soil bearing capacity, allowable pile or pier capacity, depth of foundation, expected movements (settlement, heave, etc.), depth to groundwater, and other items related to foundation design and construction.

Data required for 1811.2.2 shall be obtained from a minimum of:

1. One (1) soil boring (or equivalent) for structures two stories or less and 10,000 sq. ft. or less of ground floor area.
2. Two (2) soil borings for other structures greater than 10,000 sq. ft. and less than or equal to 15,000 sq. ft. or less of ground floor area.
3. One (1) soil boring for each additional 15,000 sq. ft. of ground floor area.

Deviations from the above may be allowed by the Director if supported by adequate geotechnical data.

1811.3 FOUNDATIONS

1811.3.1 Foundations shall be supported on piles unless an engineering analysis from a Louisiana Registered Civil Engineer experienced in geotechnical engineering is provided. Such analysis would indicate the suitability of a spread foundation and establish allowable soil bearing capacity. Foundations shall be constructed of masonry, plain concrete, reinforced concrete, or of pile or pier materials described in Section 1811.

1811.3.2 Any person or entity contemplating foundation construction that may make use of, be adjacent to, or involve public property shall determine in advance of construction the existence of public or private underground or overhead utilities that may be occupying said public property. Such person shall secure the proper approval from public and private agencies concerned and shall observe all precautions necessary to avoid damage or disturbance to said utilities (telephone, telegraph, cable, fiber optic, sewerage, drainage, water, gas, electricity and the like).

1811.3.3 Temporary buildings (See Section 107) and buildings not exceeding one story in height and no more than 500 sq. ft. in area or which otherwise do not require a permit under this code shall be exempt from these requirements.

1811.4 SPREAD FOUNDATIONS

1811.4.1 Design

1811.4.1.1 Spread foundations shall be constructed on suitable naturally occurring soil or on properly selected, placed, compacted, and controlled structural (engineered) fill. When structural fill is used, the in-place

density and moisture content shall be independently verified by testing during construction. Footings are to be designed so that the allowable bearing capacity of the soil shall not be exceeded and the anticipated movements shall be within tolerable limits for the planned structure. The bottom of a spread foundation shall be at least 12 in. below the undisturbed ground surface.

1811.4.2 Soil Bearing Capacity

1811.4.2.1 The Director may accept the allowable soil bearing capacity established by the engineering analysis in 1811.2.2 as meeting the minimum requirements. Such analysis shall be performed by a Louisiana Registered Civil Engineer experienced in geotechnical engineering.

1811.4.2.2. The Director may accept other adequate proof as to the allowable soil bearing capacity at a particular location.

1811.4.3 Differential Settlement

1811.4.3.1 Where footings are supported by soils of widely different bearing capacity, differential settlement can occur. Therefore, the allowable bearing values of the more yielding soil shall be reduced or special provisions shall be made in the design to reduce the likelihood for excessive or structurally intolerable differential settlements to occur.

1811.4.4 Excavations

1811.4.4.1 When excavating for buildings and/or associated structures, such excavations shall be made safe to prevent danger or damage to life and property. Permanent excavations shall have retaining walls of sufficient strength made of steel, masonry, reinforced concrete, mechanically stabilized earth, or other suitable materials to retain embankments, together with any surcharge loads. Excavations for any purpose shall not extend within 1 ft. of the angle of repose or natural slope of the soil under any footing, foundation, or load-bearing element, unless such footing, foundation, or load-bearing element is first properly underpinned or protected against movement.

1811.5 PILE FOUNDATIONS

1811.5.1 Design

1811.5.1.1 All pile foundations shall be designed by a Louisiana Registered Civil Engineer. Piles shall be designed to include all applied weights and forces including the weight of mats or caps and the weight of earth or fill on top of the mats or caps considering the effect of buoyancy; the weight of the piles shall be given due consideration in the foundation design. In cases where piles are loaded eccentrically, provisions shall be made for such eccentricities. Further analyses should be performed for laterally loaded piles or piles subjected to dynamic loading (machinery, etc.). Consideration also should be given in design to the influence of negative skin friction (downdrag) on foundation performance.

1811.5.1.2 Except for lightly loaded piles (as defined elsewhere in Section 1811) where the minimum spacing is 2 ft., the minimum pile spacing for all other piles shall be either 3 ft., or three pile diameters (widths), or as determined by the expression:

$SPAC = 0.05 (L_1) + 0.025 (L_2) + 0.0125 (L_3)$, in which:

SPAC = Center-to center spacing of piles, ft.

L_1 = Pile penetration up to 100 ft.

L_2 = Pile penetration from 101 to 200 ft.

L_3 = Pile penetration beyond 201 ft.

1811.5.1.3 Greater spacing than the minimum value may be required to satisfy group perimeter shear as provided in 1811.5.3.1 and to assure that piles will not interfere with or intersect each other during installation.

1811.5.1.4 Piles extending above the ground surface, surrounded by relatively weak soil, or standing in free water, that are used as load-carrying members, shall be designed structurally in their unrestrained length in accordance with applicable column formulas as referenced in the IBC; due consideration to effective unsupported length must be given. Location of pile fixity shall be determined with due regard to soil properties.

1811.5.1.5 Where subsurface investigation records or site conditions indicate possible deleterious action of pile materials because of soil constituents, changing water levels, electrolysis, corrosion, or other factors, such materials shall be adequately protected. The effectiveness of such methods of processes for the particular purpose shall have been thoroughly established by satisfactory service records or other evidence that demonstrates the effectiveness of such protective measures. Cutoff of untreated timber piles shall not be higher than the lowest groundwater level anticipated for the life of the structure as determined by an engineering investigation based on established data, but in no case shall the cutoff be less than 7 ft. below the natural ground surface. Structural steel piles driven below the permanent water table and into natural soil need not be protected against electrolysis and/or corrosion unless previous site history or field conditions warrant otherwise.

1811.5.1.6 The design and installation of pile foundations shall be under the direct supervision of a Louisiana Registered Civil Engineer who shall certify to the Director that the piles, as installed, satisfy the design criteria.

1811.5.1.7 Pile foundations shall be designed and installed on the basis of a geotechnical investigation and report which shall include soil borings and laboratory tests or other subsurface exploration at locations and depths sufficient to determine the position and adequacy of the bearing soils except where sufficient data upon which to base the design and installation is available. The investigation and report shall include, but not be limited to, the following:

1. Descriptions of the soil and groundwater conditions.
2. Recommended pile types and predicted capacities.
3. Pile installation criteria.
4. Field observation procedures.
5. Probe piles and pile load test requirements.
6. Designation of bearing stratum or strata.
7. Estimated movements (settlement, heave, etc.)
8. Other applicable installation and performance considerations such as: lateral capacity, dynamic loads, vibrations, downdrag, fill placement, groundwater lowering, etc.

1811.5.1.8 Allowable stresses greater than those specified for each pile type in this Code may be permitted when supporting data justifying such higher stresses are filed with the Director.

1811.5.2 Pile Load Capacity for a Single Pile

1811.5.2.1 Pile Load Test Case. The pile load testing procedure for a single pile shall be conducted in general accordance with ASTM D 1143 under the direction of a Louisiana Registered Civil Engineer. It is required to notify the Director in writing prior to conducting pile load tests. The load-carrying capacity for a single pile in compression shall be established by any of the following methods:

Method 1: When the total test load applied equals twice the proposed load capacity for a single pile, it shall be left in place at least 48 hr., the last 24 hr. of which shall be free from settlement. If after deducting rebound following the total release of this load, the net settlement at the top of the pile does not exceed 0.01 in. per ton of total test load, the pile shall be considered adequate to support the proposed load capacity for a single pile.

Method 2: Where the pile is loaded to failure, the loading value where the load settlement curve begins to show an accelerated deviation from its previous trend may be considered the "yield point" for the given soil and pile. One-half of this value or one-half of the value at which the net settlement is estimated as ½ in., whichever is smaller, shall be considered as the allowable load capacity for a single pile.

Method 3: The failure load of a pile, one-half of which shall be used as the allowable load capacity for a single pile, shall be defined as that load which produces a settlement or movement of the tip equal to ¼ inch. The movement of the tip can be determined by actual measurement or by either of the following two load distribution cases, both involving the measurement of the butt movement. In each case, the failure load shall be defined as that load producing a movement of the butt equal to the elastic deformation of the pile under the failure load plus ¼ inch.

1811.5.2.2 Arbitrary Load Distribution Case. In determining the elastic deformation of the pile, the assumption may be made that the soil-pile friction value is constant from tip to butt and that tip bearing is ignored. For a prismatic pile of one material, the butt movement shall be calculated by the expression:

$D_f = (P_f L / AE) + 0.25$ in., in which:

D_f = Butt movement, in.

P_f = Failure load, kips

L = Pile length, in.

A = Pile cross-sectional area, sq. in.

E = Modulus of elasticity of pile material, ksi.

1811.5.2.3 Actual Load Distribution Case. In determining the elastic deformation of the pile, the actual distribution of stress into the soil may be used provided that sufficient soil data have been obtained.

1811.5.2.4 A variation of the load capacity of a load-tested pile shall be allowed without additional load tests provided that the load capacity is derived primarily from skin friction. The change in load capacity for a single pile may be increased by not more than 20% with an increase in length of 20%. A decrease in length of not more that 10% may be accompanied with a decreased in capacity of 20%. Such stipulation shall be made in writing by a Louisiana Registered Civil Engineer experienced in geotechnical engineering if the pile foundation will be subject to downdrag forces, lateral loads, vibration loads, etc.

1811.5.2.5 Where the number of piles required for a structure is 100 or less, the load per pile does not exceed 150 psf of embedded pile area, and the actual pile penetration into the supporting soil is not less than 40 ft., the Director may waive, upon specific request, the load test requirements. The basis for such a waiver shall be data developed by the geotechnical investigation and geotechnical engineering analysis (see 1811.2 and 1811.5.1.7). The allowable load on a single pile shall not exceed the value determined by the geotechnical engineering analysis.

1811.5.2.6 The Director may, upon specific request, accept as adequate proof of the load capacity of a single pile, load test results from other piles subject to all of the following conditions.

1. The previously load-tested pile must be located within 300 ft. (measured in any direction) from the new pile in question, but not to exceed 500 ft. to the farthest footprint of the building or structure.
2. The load test(s) must have been performed on the same type and length of piles that are to be used at the new location.
3. Adequate soil information (see 1813.2 and 1811.5.1.7) establishes the geotechnical similarity of the soils at each location. The variations described in 1811.5.2.4 shall not be permitted in conjunction with this provision.

1811.5.3 Pile Group Capacity

1811.5.3.1. The supporting value of piles depending primarily on friction when driven in clusters or groups may be investigated on the basis of group perimeter shear by the expression:

$Q_a = (PLc / FS_F) + [2.6q_u (1 + 0.2\ w/b)] / FS_B$, in which:

Q_a = Allowable load-carrying capacity of pile group, lb.

P = Perimeter distance of pile group, ft.

L = Length of pile, ft.

C = Average (weighted) cohesion or shear strength of material between the surface and the depth of the pile tip, psf.

$_u$ = Average unconfined compressive strength zone below pile tips, psf; the thickness of the zone shall consider the pile group size and shape, as well as the soil stratigraphy and soil properties.

W = Width of base of pile group, ft.

B = Length of base of pile group, ft.

A = Base area of pile group, sq. ft.

FS_F = Factor of safety for the group friction area = 2

FS_B = Factor of safety for the group base area = 3

1811.5.3.2 The soil properties (c and qu) used in the above formula shall be based on data obtained from the geotechnical investigation as described in 1811.2 and 1811.5.1.7. In the application of this formula, the weight of the piles, pile caps and mats, considering the effect of buoyancy, shall be included.

1811.5.4 Pile Splices

1811.5.4.1 Splices shall be such that the resultant vertical and lateral loads at the splice location are adequately transmitted. Splices shall be so constructed as to provide and maintain the joint integrity and position of the component parts of the pile during installation and in service.

1811.5.4.2 Technical data shall be submitted to the Director to substantiate the suitability of the splice(s) for the proposed application.

1811.5.4.3 The Director shall maintain a file of permitted splices so that repetitive submissions of technical data will not be necessary, unless factors involving a particular application so warrant.

1811.6 WOOD-CONCRETE COMPOSITE PILES

1811.6.1 Definition. A wood-concrete composite pile is defined as a pile having an untreated timber pile lower section and a steel cased cast-in-place concrete upper section. The butt of the untreated lower section shall be located in accordance with the requirements of 1811.5.1.5. The two sections shall be jointed by a mechanical connector approved by the Director.

1811.6.2 Materials. The timber section shall conform to the requirements of this Code; the concrete portion of the steel-cased cast-in-place concrete upper section also shall conform to the requirements of this Code. The steel casing shall be a minimum of 11-in. I.D. and sufficiently water tight to exclude water and foreign matter intrusion during concrete placement. The connector shall be manufactured or fabricated of structural grade steel and shall consist, in general, of a drive-shoe of 12 ga or thicker material that is firmly attached to the steel casing. The drive-shoe shall be capable of penetrating a minimum of 4 in. into the timber section.

1811.6.3 Allowable Stresses. The allowable unit stresses in the timber section shall conform to the requirements of the Code. The allowable unit stresses in the concrete of the steel-cased cast-in place concrete upper section also shall conform to the requirements of this Code. The concrete in the steel-cased case-in-place concrete upper section shall have a minimum design compressive strength (f'c) at 28 days 2,500 psi as measured on concrete cylinders made, stored, and tested in general accordance with ASTM procedures. The wood-concrete composite pile shall not be designed for single pile capacity in excess of 25 tons in compression nor shall it be designed for tension (uplift) loads.

1811.6.4 Splices. Except as provided for in this Section, the pile splice connector shall conform to the requirements of 1813.5.4. The splice shall withstand a minimum moment capacity of 4 ft.-kips, with no applied axial load. The splice shall withstand a minimum tensile force of 10 tons.

1811.6.5 Construction Considerations. After installation to final depth and immediately before filling with concrete, it should be veri-

fied and documented that the inside of the steel casing is clean from top to bottom and that it is not collapsed or otherwise damaged. Any accumulated water or other foreign matter in a casing shall be removed before placing the concrete. Concrete should not be placed until all piles within a radius of 40 ft. have been driven, or the driving within a 40-ft. Radius shall be discontinued until the concrete has been placed and adequate strength has developed. The concrete placed in the casing does not need to be vibrated, but care shall be taken in placing concrete to prevent the formulation of voids. High-slump concrete that is properly designed and proportioned may be used.

1811.7 HIGH-CAPACITY PILES

1811.7.1 General. This Section addresses prestressed concrete and steel piles that have allowable load capacities greater than 40 tons. These special provisions apply only to the transfer of stress into the pile caps. At the option of the Louisiana Registered Civil Engineer responsible for the foundation design, the use of high-capacity piles may be used, in which event, all applicable provisions of this Section shall apply.

1811.7.2 Precast Concrete Piling. The load from the pile shall be transferred to the concrete foundation over the area of the pile butt provided that:

1. An allowable working stress of 0.80 fc in the concrete foundation is not exceeded.
2. The distance from the centerline of the pile to the edge of the concrete foundation is at least 1.5 times the pile width or diameter, but not less than 2ft 6 inches.
3. The minimum f' c of the concrete foundation is 3,000 psi.
4. The minimum embedment of the pile into the concrete foundation is 6 inches.
5. Two-way continuous reinforcement is placed a minimum of 2 in. above the pile butt and its area per lineal foot in each direction shall be at least equal to the design pile load in kips divided by 3 times the yield stress of the reinforcement in kips per square inch.

1811.7.3 Steel Piling. In the case of steel piling, the load of the pile shall be transferred to the concrete foundation in either of two ways.

1. By bearing through a steel cap plate of a least the same dimension as the pile secured to and properly bearing on the pile butt and into the concrete mat foundation provided that:
   - 1.1 An allowable working stress of 0.80f'c in the concrete foundation is not exceeded.
   - 1.2 The distance from the centerline of pile to the edge of the concrete foundation is at least 1.5 times the pile width or diameter, but not less than 2 ft. 6 inches.
   - 1.3 The minimum fc of the concrete foundation is 3,000 psi.
   - 1.4 The minimum embedment of the pile into the concrete foundation is 6 inches.
   - 1.5 Two-way continuous reinforcement is placed a minimum of 2 in. above the pile butt and its area per lineal foot in each direction shall be at least equal to the design pile load in kips divided by 3 times the yield stress of the reinforcement in kips per square inch.
2. By direct transfer from the pile into the concrete foundation provided that:
   - 2.1 An allowable working stress of 12,000 psi in the concrete foundation is exceeded.
   - 2.2 The minimum concrete foundation thickness is 3 feet.
   - 2.3 The distance from the centerline of pile to the edge of the

concrete foundation is at least 1.5 times the pile width or diameter, but not less than 2 ft. 6 inches.

2.4 The minimum fc of the concrete foundation is 3,000 psi.

2.5 The minimum embedment of the pile into the concrete foundation is 6 inches.

2.6 The maximum thickness of the pile material is 5/8 inches.

2.7 Two-way continuous reinforcement is placed a minimum of 2 in. above the pile butt and its area per lineal foot in each direction shall be at least equal to the design pile load in kips divided by 3 times the yield stress of the reinforcement in kips per square inch.

1811.8 ALTERNATIVES

1811.8.1 For either concrete or steel piling, any other approach following a rational analysis using accepted rules and theories of engineering mechanics and strength of materials, as well as recognized allowable stresses of materials as referenced in this Code shall be submitted to the Director for evaluation and approval.

1811.9 SPECIAL PILES AND SPECIAL CONDITIONS

1811.9.1 Pile types not specifically mentioned in Section 1813, including piles used to underpin and relevel existing structures, and piles under conditions not specifically covered in Section 1811, shall be permitted. The use of such piles is subject to the approval of the Director, upon submission of acceptable test data, calculations, and other information relative to the properties and load-carrying capacity of such piles. Test data shall consists of at least five (5) consecutive field tests which shall include, but shall not be limited to, the driving, loading, extraction, and examination of the piles. The calculations shall follow rational engineering analysis and they shall be performed by a Louisiana Registered Civil Engineer.

1811.10 COMBINATION PILES

1811.10.1 Individual segments of a combination pile shall comply with the requirements for piles of that type of section. Splices shall be in accordance with the requirements of 1813.5.4.

1811.11 LIGHTLY LOADED PILES

1811.11.1 General Requirements. For purposes of this document, a lightly loaded pile shall conform to the provisions of 1813.11.2. Lightly loaded piles shall comply with all applicable requirements of this Section except as provided in this Section. Piles shall be properly held in place or adequately tied together at their butt end. Pile butts shall be protected by a minimum of 3 in. of concrete around their perimeter. All piles for a building or structure shall extend to the same tip penetration and bear in the same stratum unless adequate provisions for differential settlement within the building or structure have been made. The Director shall be notified by the party installing the piles at least 24 hr. in advance of any pile driving.

1811.11.2 Size Requirements. Except as provided in this Section, timber piles depending predominantly on skin friction for their load-carrying capacity shall have a minimum tip diameter of 6 in. and a minimum butt diameter of 8 inches. Timber piles depending predominantly on tip bearing (end bearing) for their load-carrying capacity shall have a minimum tip diameter of 6 in. with a natural taper to the butt. Piles for accessory buildings 1,000 sq. ft. or less in area shall be treated timber piles having a minimum 4-3/4 in. tip diameter with a natural taper to the butt. Segmental jack-down piles of either concrete or steel that are mechanically connected, epoxied, or welded together, shall have a minimum outside dimension of 6 inches. Helical steel piles also may be acceptable to the Director. Cast-in-place concrete piles that have a minimum diameter of 6 in. and a maximum length of 10 ft. the last 2 ft. of which must penetrate into a supporting sand stratum, are also acceptable if verified by a geotechnical investigation performed in accordance with this Code.

1811.11.3 Design Requirements. Except as provided in this Section, the maximum allowable load capacity for a single pile shall not exceed 8 tons; an allowable load capacity of up to 12 tons may be permitted if substantiated by a geotechnical investigation and a pile load test. Piles for one- and two-family dwellings and their accessory buildings that comply with the size requirement of 1811.11.2 shall be exempt from the load test and may be designed as per 1811.12.2.3. The minimum pile spacing shall be 24 in. on center. The maximum load capacity limitations stated here refer to stresses in the pile material and not to the allowable load bearing value of the soil which may be more or less. The requirements of 1811.5.2.5 are applicable for lightly loaded piles except that the load per pile shall not exceed 90 psf of embedded pile area, the actual penetration into the supporting soil shall not be less than 30 ft. and a geotechnical investigation or a pile load test may not be required.

1811.11.4 Driving and Length Requirements. Except as noted in 1811.11.2, and unless driven to refusal, the minimum pile length shall be 30 feet. When refusal occurs between 7 and 30 ft. below the natural ground surface, the load bearing capacity of the pile shall not exceed the values shown in Table 1811.11.4, unless substantiated by a geotechnical investigation or a pile load test.

1811.11.5 Material Requirements. Lightly loaded timber piles shall conform to ASTM D25 except for size. Preservative and minimum final retention shall be in accordance with AWPA Standard C3. A certificate of treatment shall be furnished by the supplier.

1811.11.6 Wind Pressure and Computed Loads. Please refer to Section 16 in the IBC for guidance.

1811.12 LIGHTLY LOADED PILES - RESIDENTIAL

1811.12.1 Scope. This portion of the Code covers piles foundation design for one-and two-family dwellings. Because most of the areas within the City of New Orleans have either soils with low bearing values, exhibit initial and continuing subsidence, or require fill to reach grade, all foundations for residential structures will be supported by pile foundations except as provided for in 1811.12.2.4 and except in areas GM 19 and GM 20 (see map). When uncertainties exist, a geotechnical investigation should be conducted.

1811.12.2 Pile Foundations

1813.12.2.1 All pile foundations shall be designed by a Louisiana Registered Civil Engineer or Louisiana Registered Architect. Residential piles shall comply with all applicable requirements of 1811.12. Piles shall be properly held in place or adequately tied together at their butt end. Pile butts shall be protected by a minimum of 3 in. of concrete around their perimeter. All piles for a building or structure shall extend to the same depth and bear in the same stratum unless adequate provisions for differential settlement within the building or structure have been made. During construction, the contractor shall be responsible for vibration monitoring and control as needed for the protection of adjacent property. A notarized affidavit from the piling contractor is required to be submitted to the Department of Safety And Permits by the owner or general contractor. The affidavit shall substantiate the number, size, type, treatment, and embedment of the piles. The affidavit also shall contain a certification that the piles comply with this Code and the permit drawings.

1811.12.2.2 PILE SPECIFICATIONS — MINIMUM

1811.12.2.2.1 Piles shall be treated modified ANSI Class 5 timber piles. Modified Class 5 timber piles shall have a minimum tip diameter of 6 inches and a minimum butt diameter of 8 inches. For piles less than 30 ft. long, the tip diameter shall be at least 6 inches with a natural taper to the butt. Composite Class 5 piles including steel or concrete sections with a minimum 6 inches diameter are permitted with the use of an approved connector. Treated ANSI Class 9 timber piles shall have a minimum tip diameter of 4-3/4 inches with a natural taper to the butt. ANSI Class 9 piles may only be used for accessory structures of 1,000 square feet or less in area.

1811.12.2.2.2 PARTIALLY EXPOSED BUTT PILES - INCOMPLETE EMBEDMENT. Treated piles designed and used for partial exposure or incomplete embedment in the ground shall be ASTM D25 Southern pine and comply with Sections 1811.12.2.2.2 and 1811.12.2.2.2.1. For pilings that are exposed from grade a distance measured less than five (5) feet, a piling with a minimum 6" diameter tip and minimum 8" diameter butt shall be used. For pilings that are exposed from grade a distance measured five (5) feet or greater, a piling with a minimum 7" diameter tip and minimum 12" diameter tip shall be used. Treatment of pilings shall meet AWPA Standards P5-08, U1-08, T1-08, with retention equal to 1.6 pounds per cubic foot.

1811.12.2.2.2.1 CONNECTIONS FOR EXPOSED BUTT CONDITIONS. Connections from wood banding materials to piling shall be made of minimum diameter of 5/8-inch (5/8 inches), galvanized (or equivalent) steel connectors with a minimum 2-1/2 inches (2.5 inches) head or galvanized washer. A minimum of one-half (0.5) of the diameter of the butt end shall remain for connection of wood banding materials. In addition, a minimum of 3-1/2" (3.5 inches) shall remain of the diameter of the butt end shall remain for connection of wood banding materials. At least one of the sill members shall rest inside the notch of the piling. If this condition is not met, another member the width of the sill should be bolted into the side of the piling and below the sill for support. Any gaps between the sill and pile shall be filled with pressure treated (or equivalent) blocking.

1811.12.2.3 MAXIMUM PILE LOAD CAPACITIES (CLASS 5 AND 9) Maximum allowable pile load capacities have been established for various types and embedments of piles. These values are tabulated for each area and are shown below in Table 1811.12.2.3(1) for Class 5 pilings and Table 1811.12.2.3(2) for Class 9 pilings. Also, each area is delineated on maps on file with the Department of Safety and Permits. ANSI Class 9 piles may only be used for accessory structures of 1,000 square feet or less in area.

CHAPTER 27
ELECTRICAL

2701 - GENERAL

2701.1 - Scope - This chapter governs the electrical components, equipment and systems used in buildings and structures covered by this code. Electrical components, equipment and systems shall be designed and constructed in accordance with the provisions of the 2020 National Electrical Code, (NFPA-70). Where there is conflict between a requirement of Chapter 27 and a requirement of the National Electrical Code, the requirement of Chapter 27 shall govern.

For low voltage installations refer to *Section 2735 (E) - BASIC STANDARDS* of this Chapter.

2702 - CERTIFIED ELECTRICAL CONTRACTOR OR ELECTRICIAN

Any person holding an electrical license issued by the Electrical Inspection Division of the Department of Safety and Permits is deemed a certified electrical contractor or electrician.

2703 - ELECTRICAL CONTRACTORS LICENSE REQUIREMENT

No person shall undertake any work as a Class "A" Electrical Contractor, Class "B" Fabrication Contractor, Class "C" Maintenance Electrician, Class "D" Journeyman Electrician, Class "E" Electrician Trainee, or Class "E" Student Trainee unless that person is registered with the Electrical Inspection Division of the Department of Safety and Permits and received a license in the respective classification. A person performing electrical work without the proper license shall be held in violation of this code.

2704 - CLASSIFICATION OF ELECTRICIANS

Class "A" Electrical Contractor - A Class "A" electrical license holder engaging in the business of installing or contracting to install or repairing or contracting to repair electrical conductors, motors, generators, fixtures, signs,

or any electrical apparatus, equipment or material for all systems operating at a potential of forty-nine (49) volts or more.

Class "B" Fabrication Contractor - A Class "B" electrical license holder engaging in the business or contracting for the fabrication, assembly, and repair of electrical apparatus, equipment or material.

Class "C" Maintenance Electrician - A Class "C" electrical license holder who is employed as a Maintenance Electrician by a person, firm or corporation owning or operating any place of business. Said license is valid only while the Maintenance Electrician remains in the employment of a person, firm or corporation. A Maintenance Electrician may only perform work on existing electrical installations in the building or place of business in which he is employed.

No new electrical apparatus, equipment or material shall be installed under this classification.

Class "D" Journeyman Electrician - A Class "D" electrical license holder engaged in the trade of installing or repairing electrical materials or apparatus, equipment or material. A Journeyman electrician must be employed by and work under the supervision of a Class "A" Electrical Contractor.

If deemed necessary by the Director, the Class "D" Journeyman Electrician shall provide an employment record showing proof of employment with the designated Class "A" Electrical Contractor.

2705 - Supervision and Responsibility for Work

A licensed electrician of the proper classification shall be present at all times and in direct supervision in the actual work of installing, maintaining, altering or repairing electrical conductors, material or equipment for which a permit is required by this Code.

A Class "A" Electrical Contractor shall be liable and responsible for layout and technical supervision of any work which requires the securing of permits, and a Class "A" Electrical Contractor or a Class "D" Journeyman Electrician shall be in direct "on the job" supervision at the worksite for work carried out as specified within this Code. If such supervision and control is not being maintained, the Director shall take the necessary action for such violation or shall order the work to be discontinued. The person, firm or corporation to whom the permit has been issued shall discontinue further work until the Director is assured that proper supervision and control has been employed or supplied.

Nothing herein shall be construed as prohibiting the employment of a Class "E" Electrician Trainee to assist the duly licensed and qualified Class "A" Electrical Contractor or Class "D" Journeyman Electrician under the provisions of this Chapter. The numeric ratio of Class "E" Electrician Trainees to Class "A" Electrical Contractors or Class "D" Journeyman Electricians should be consistent with proper supervision, training, and safety. In no instance shall such ratio provide for more than three (3) Class "E" Electrician Trainees for every Class "A" Electrical Contractor or Class "D" Journeyman Electrician employed at the same jobsite unless approved by the Director.

Class "E" Electrician "Student Trainees" shall be under the same supervision, training and safety requirements and constraints as the Class "E" Electrician Trainee.

2706 - LICENSE APPLICATIONS

2706.1 General - Applicants for a Class "A" Electrical Contractor, Class "B" Fabrication Contractor, Class "C" Maintenance Electrician, Class "D" Journeyman Electrician, Class "E" Electrician Trainee and Class "E" Student Trainee license shall submit the application for certification, properly completed on forms furnished by the Electrical Inspection Division. All applications and renewals shall be made to the Director.

All license applicants shall meet the following requirements.

1. Each applicant shall pass the required electrical examination prior to the issuance of any new license

issuance (except Class "E" Electrician Trainee and the Student Trainee).

2. Each applicant shall furnish to the Electrical Inspection Division two passport type photos, 1 inch by 1½ inches in size.

3. Each license shall identify the name of the person to whom the license is issued and the expiration date.

4. Each applicant must be at least eighteen (18) years of age.

5. Each applicant for a Class "A" or Class "B" license shall have had at least 5 years of experience in the occupation or business governed by the license for which he is applying; or be a graduate of a trade school or technical college of recognized standing and in addition have had four (4) years of practical experience in that class of occupation or business governed by the license for which he is applying.

6. Each applicant for a Class "A" or Class "B" license must have and maintain an established place of business and have someone in attendance in order to receive communications from the Electrical Inspection Division of the Department of Safety and Permits, or other persons concerned, during regular business hours.

7. A Class "A" Electrical or Class "B" Fabrication license holder shall represent only one firm, corporation or business at any one time.

8. A license holder must have his license in his immediate possession at all times when performing work for which he is certified and shall display it upon demand of an agent of the Department of Safety and Permits.

2706.1.1 - Each Applicant for a Class "C" Maintenance Electrician license must have had at least five (5) years of experience working under the supervision of a Class "A" Electrical Contractor in that particular line or class of occupation in which he desires to engage.

2706.1.2 - Each applicant for a Class "D" Journeyman Electrician license must have at least five (5) years continuous experience working at the electrical trade as an electrician trainee or have a minimum of four (4) years of schooling in the electrical trade at a recognized state trade school or a state approved apprenticeship training program and must have a passing grade in the above programs, plus four (4) years of experience working as an electrician trainee.

2706.1.3 - Each applicant for a Class "E" Electrician Trainee license must have a letter of recommendation from a certified Class "A" Electrical Contractor recommending the applicant for licensing. An individual may not hold a Class "E" Electrician Trainee license for more than five (5) years from the initial issue date. Note: Any exception to this time limit for a longer or extended period must be in writing to and with the written approval of the Director.

2706.2 - Duration of License - All Class "A", "B", "C", "D" & "E" licenses issued under this Code expire on the applicant's date of birth.

For the initial license, the expiration date shall be on the date of birth in the year following the date of issuance. Licenses that have been expired for a period of up to two (2) years shall be renewed only after payment of the license registration fee and required delinquent fees.

Licenses that have been expired for a period of more than two (2) years shall require an application as a new candidate.

2706.3 - License Issuance - When a candidate passes the examination, the original examination results and the completed application for the appropriate license must be submitted to the Electrical Inspection Division to qualify for license issuance. The appropriate license must be obtained by the qualified applicant

within one year of the examination date. The issued license must be signed by the Director or his designee.

2706.4 - Revoked License - Licenses issued under this code may be revoked for any reason or finding defined in Section 2706.5. Upon such finding the Director may order such revocation. However, the Director may find that the public interest is adequately protected by a warning or a suspension for a definite period of time not to exceed two years. No license shall be suspended or revoked except by the Director. Upon revocation, the Director shall not accept an application for a new license or a renewal within two (2) years from the date of such revocation, except for medical recovery supported by a physician's opinion, after Directors review and approval.

2706.4.1 - Code Violation Hearing - If needed, the Chief Electrical Inspector shall initiate a hearing, in conjunction with the Chief Building Official and the Director, to review a code violation he has determined to exist, that would affect any electrical license issued by the Electrical Inspection Division to be suspended or revoked.

2706.5 - Revocation and Suspension Reasons

1. Interfering, impeding, or obstructing the legal operation of, or intentionally damaging, any item governed by this Code. In addition, threatening, abusing, insulting, interfering with, impeding or obstructing any individuals in connection with the operations or inspections of any equipment regulated by this code, or the administration of this Code.
2. Violating, on more than one occasion, either willfully or maliciously, or by reason of incompetence, any provision of this code
3. Conviction of any offense involving the defrauding of any person for whom a service has been rendered or contracted to be rendered under this chapter.
4. Fraud or misrepresentation in obtaining a license or permit.
5. Conviction of drunkenness or the use of narcotics.
6. Adjudication of insanity.
7. Securing a permit for electrical work not actually performed by the Class "A" Electrical Contractor or by certified (licensed) individuals under his control, supervision, direction and responsibility.
8. Securing a permit under any pretext for an installation concerning which the applicant has no valid contract.
9. Performing any electrical work as defined herein for which no electrical permit has been obtained.
10. Refusing to finish the electrical work for which a permit was taken and for which full payment has been accepted.
11. Performing any electrical work as defined herein for which an electrical permit has been obtained and which work is being performed by improperly certified (licensed) individuals under his control, supervision, direction and responsibility.
12. False, misleading or deceptive advertising.
13. Any medical reason wherein a physician's medical opinion is provided to the Director indicating that the person certified is unable to satisfactorily perform the duties and functions expected of a Class "A", Class "B", Class "C", Class "D", or Class "E" Electrical license holder, and that any further performance in the electrical field would be a danger to himself and endanger the life and property of others.

2706.6 - Notice of revocation or suspension hearing. A notice shall be served upon the holder of the license stating the time and place of the hearing to be held by the Director.

The notice shall be sent by the Director and shall enumerate the cause or causes for suspending or revoking the license. The notice may be mailed by registered or certified mail to the holder of the license at the address of his place of business as given by him on his application for the license, or it may be served on him in person by a Police Officer or employee of the Department of Safety and Permits.

2706.7 Appeal Procedure. An appeal from the decision of the Director may be taken to the Board of Building Standards and Appeals, within ten (10) days of written notification to the appellant.

2707 - INSURANCE

Before a Class "A" Electrical Contractor or a Class "B" Fabrication Contractor license is issued or renewed, each certified Class "A" Electrical Contractor or Class "B" Fabrication Contractor must provide evidence of the following to the Director when he registers with the Electrical Inspection Division.

2707.1 - MINIMUM INSURANCE REQUIREMENTS:

(1) Workers' Compensation Insurance in accordance with Louisiana state law.

(2) Comprehensive general liability insurance coverage with limits of not less than $500,000 per occurrence for bodily injury and $250,000 per occurrence for property damage, with coverage extended as follows:

(A) Operations-premises liability:

(B) Independent contractor's liability-broad form:

(C) Contractual liability - broad form:

(D) Completed operations and products liability.

The required insurance shall be issued by a company duly registered and authorized to write such insurance in the State of Louisiana. Compliance with this section shall be considered as having been met when a copy of the policy, or a license of insurance has been filed with and approved by the Department of Safety and Permits.

The policy shall include an endorsement that the Department of Safety and Permits will be notified at least 10 days in advance in the event the policy or policies are canceled or permitted to lapse by not renewing before the expiration date of the license.

2708 - FEDERAL IDENTIFICATION NUMBER AND OCCUPATIONAL LICENSE

Before a Class "A" Electrical Contractor or a Class "B" Fabrication Contractor license is issued or renewed, each certified Class "A" Electrical Contractor or Class "B" Fabrication Contractor must provide his Federal Identification (ID) number and his City of New Orleans Occupational License Number or Certificate of Registration Number to the Director when he registers with the Electrical Inspection Division.

2709 - APPLICATIONS FOR EXAMINATION AND LICENSES

All examination applications shall be made directly to the nationally recognized testing company approved by the City of New Orleans prior to the deadline dates published in accordance with their information brochure.

2710 - EXAMINATIONS

1. The written examination for a Class "A" Electrical Contractor and a Class "B" Fabrication Contractor shall include the following:
   a. National Electric Code, (NFPA-70) questions,
   b. Practical wiring questions,
   c. Practical questions on electrical equipment,
2. The written examination for a Class "C" Maintenance Electrician and a Class "D" Journeyman Electrician shall include the following:
   a. National Electric Code, (NFPA-70) questions,
   b. Practical wiring questions,

c. Practical questions on electrical equipment.

2711 - RE-EXAMINATIONS

If an applicant fails to make a passing grade on the required examination, he is permitted to apply to be re-examined at the next regularly scheduled examination date. There is no limit to the number of examinations a candidate is allowed to take.

2712 - LICENSE FEES

To obtain an initial license, or renew a license, an applicant shall pay the applicable annual license fee as follows:

Type	*License*
Class "A" Electrical Contractor	$125.00
Class "A" Electrical Contractor (INACTIVE)	$30.00
Class "B" Fabrication Contractor	$125.00
Class "C" Maintenance Electrician	$60.00
Class "D" Journeyman Electrician	$60.00
Class "E" Electrician Trainee	$30.00

License fees shall be made payable to "The City of New Orleans". Payment shall be made prior to license issuance. Examination fees are established by and paid directly to the nationally recognized testing company under contract with the City of New Orleans. No examination fees are to be directed to the Electrical Inspection Division or made payable to the "City of New Orleans." Licenses may be renewed for one or two years with annual fees due accordingly. In the case of two-year renewals, licensees are required to provide proof of insurance annually.

2712.1 - ACCEPTANCE OF OTHER JURISDICTIONAL CERTIFICATION

The Electrical Inspection Division of the Department of Safety and Permits will extend to an electrical contractor or journeyman electrician, that is licensed in another jurisdiction, the recognition and acceptance of his certification without the requirement of additional examination provided that the jurisdiction requires passing of an examination given by a nationally recognized testing agency before issuance of such license.

If approved by the Director, the applicant shall present a copy of his license for the City of New Orleans files and complete the necessary applications set forth by the Electrical Inspection Division of the City of New Orleans. The applicant shall pay the appropriate fee for the classification of license for which he is applying.

2713 - PAYMENT OF FEES: DATES FOR RENEWAL OF ACTIVE LICENSES

The initial license registration fee shall be paid to the Electrical Inspection Division at the time the application for the license is presented.

The renewal license registration fee is due and payable to the Electrical Inspection Division on or before the first regular day of business after the applicant's date of birth. No renewal license shall be issued unless all work specified on permit(s) filed more than three (3) months prior to the applicant's date of birth has been completed, or a written reason, sufficient to the Director, has been submitted and approved, indicating why the job installation(s) remains incomplete.

A license issued at any time during any calendar year shall expire, unless sooner revoked, on the applicant's date of birth. Application and renewal fees for the license renewal for the subsequent year shall be submitted to the Electrical Inspection Division prior to the first regular day of business after the applicant's date of birth.

Should a Class "A" Electrical Contractor or a Class "B" Fabrication Contractor fail to renew his license prior to the first regular day of business after his date of birth, or fail to complete the work specified on his permit(s) issued more than three (3) months prior to his date of birth without explanation, a delinquent fee of ten ($10.00) per month shall be added to the renewal fee beginning on the first regular

day of business after his date of birth and extending through his date of birth in the following year.

No permit application shall be processed, nor shall any permit be issued to any applicant who has not been issued a current active license for the year of the permit application.

Failure to renew a Class "A" Electrical Contractor or a Class "B" Fabrication Contractor license that has been expired for more than a one (1) year period shall require examination as a new applicant.

Should a Class "C" Maintenance Electrician license holder fail to renew his license prior to the first regular day of business after his date of birth a delinquent fee of five ($5.00) per month shall be added to the renewal fee beginning on the first regular day of business after his date of birth and extending through his date of birth in the following year. Should a Class "D" Journeyman Electrician license holder fail to renew his license prior to the first regular day of business after his date of birth a delinquent fee of five ($5.00) per month shall be added to the renewal fee beginning on the first regular day of business after his date of birth and extending through his date of birth in the following year.

Failure to renew the Class "C", or Class "D" license that has been expired for more than a one (1) year period shall require examination as a new applicant.

Should a Class "E" Electrician Trainee fail to renew his license prior to the first regular day of business after his date of birth a delinquent fee of five ($5.00) per month shall be added to the renewal fee beginning on the first regular day of business after his date of birth and extending through his date of birth in the following year.

The Class "E" five (5) year license time limit for the applicant remains unchanged from his initial issued date, regardless of failure to renew his license in a timely manner.

The Class "E" "Student Trainee" three (3) issue limit remains unchanged from his initial issuance date. Any subsequent issue of this license shall not be considered as a renewal or a continuation of any previous issue.

2714 - INACTIVE LICENSE

A Class "A" Electrical Contractor may, by written request to and approval of the Director, change his license to an inactive status. The Class "A" Electrical Contractor that has changed his license to inactive, must maintain his inactive license in a current status by paying the annual renewal fee as required in this Code. The inactive status license must be renewed each year and the Director must be notified in writing that the contractor desires to remain in the inactive status for the ensuing year. There shall be no limit to the number of years the Class "A" Electrical Contractor may continue to carry his license in this inactive status No license renewal shall be made for any Class "A" Electrical Contractor that has allowed his inactive license to lapse and remain lapsed for a period of more than (2) years, until he has passed an examination as a new applicant.

The inactive Class "A" license shall expire on his date of birth in the following year. The Class "A" Electrical Contractor may revert his license back to an active status by a written request to and approval by the Director. Reverting the license back to the active status requires the payment of the full active fee as required in this Code.

No Class "A" Electrical Contractor shall engage in business as an electrical contractor while his license is in an inactive status. An inactive license holder can, however engage in electrical work under the supervision of an active Class "A" license holder. Only one change to an inactive status is allowed during any twelve (12) month period.

2715 - PROHIBITION AGAINST LICENSE TRANSFER

No Class "A" or Class "B" Electrical license holder shall assign or in any way convey his license to anyone by power of attorney or any other process or become involved in any type of agreement, assignment or use whereby he

will not have supervision, direction, control or responsibility for the electrical work for which he has obtained an electrical permit from the Electrical Inspection Division of the Department of Safety and Permits.

No Class "C", Class "D" or Class "E" Electrical license holder shall assign or in any way convey his license to anyone by power of attorney or any other processor become involved in any type of agreement, assignment or use whereby he will not have control of his own issued license.

2716 - LIMITATIONS OF LICENSE

A Class "A" Electrical license holder or Class "B" Fabrication license holder shall be limited to operations described in this Code. The use of his license shall not be applicable to more than one electrical contracting firm, company or corporation at one time. The license holder shall be allowed to file electrical permits only for the firm of which he is employed and registered in accordance with this Code.

A Class "C" Maintenance Electrician shall not engage in the business of installing or repairing electrical wiring and apparatus outside the plant or premises of the person, firm or corporation by whom he is employed.

A Class "D" Journeyman Electrician shall be limited to operations described in this Code. A Class "E" Electrician Trainee and "Student Trainee" shall be limited to operations described in this Code.

2717 - ELECTRICIAN'S AND OWNER'S RESPONSIBILITIES

(A) The Class "A" Electrical Contractor license holder shall keep on file with the Director, a letter designating which person, partnership, firm or corporation he/she represents. He/she shall notify the Director within ten days of any status change. The Class "A" Electrical Contractor license holder shall represent only one person, partnership, firm or corporation.

(B) Every Class "A" license holder certified in accordance with these regulations shall be responsible for any defects of construction installed by him/her until such time as a Certificate of Approval has been issued by the Director. Also, any and all defects (discrepancies) that may have been concealed by such Class "A" Electrical Contractor and discovered after a Certificate Approval has been issued shall be the responsibility of and corrected by said Class "A" Electrical Contractor.

At the discretion of the Director, inspections may be withheld until all outstanding discrepancies on the same installation, which are in violation of the Code, have been corrected by the Class "A" Electrical Contractor.

(C) A Class "C" Maintenance Electrician or a Class "A" Electrical Contractor with a maintenance contract shall be required in any building that requires an operating (stationary) engineer as defined in the amendments to the International Mechanical Code, 2021 Edition.

The Class "C" Maintenance Electrician or the Class "A" Electrical Contractor with the maintenance contract, shall file an annual inspection report with the Electrical Inspection Division. This inspection report shall be to inspect the current electrical service or apparatus in the building designated within, or contracted as a part of, the maintenance responsibilities.

If electrical discrepancies or new electrical installations are discovered to exist as a result of this inspection, notification of same will be provided to the owner of the building or the "on-site" representative of the person, firm or corporation utilizing the building.

(D) All power and control wiring shall be installed by a Class "A" Electrical license holder.

Exception: Control wiring for HVAC appliances and electric water heaters ONLY (120 volts or less) may be installed by a non-electrical contractor.

The installing non-electrical contractor must be a licensed Class "A" Master Gasfitter, Master Plumber or a Class "A" Air Conditioning and Refrigeration Contractor.

The Electrical Inspection Division shall inspect the installation of all jacketed cable-only control wiring systems governed by this exception.

The Electrical Division shall inspect all control wiring systems installed in raceways.

All wiring must be installed in accordance with the National Electric Code, (NFPA-70) and this Code.

(1) All wiring for electrical appliances shall be supplied and installed from the main source of electric service through a remote disconnect switch to the electrical appliance by a Class "A" Electrical Contractor.

Exception: On the installation of HVAC appliances and electric water heaters, [ten tons, ten tons including supplemental heat, or ten kw or less] a non-electrical contractor may make ONLY the final electrical connections from the existing remote disconnect switch to the replaced unit, not to exceed eight feet.

If a remote disconnect switch is not present or is not within eight feet of the electrical appliance, a remote disconnect switch must be installed and the distance location must be corrected by a Class "A" Electrical Contractor.

(2) The installing non-electrical contractor must be a licensed Master Plumber, Class "A" Master Gasfitter, or Class "A" Air Conditioning and Refrigeration Contractor.

The non-electrical contractors may troubleshoot or replace factory installed power elements that are a part of the appliance only when these power elements or the unit in which they are contained conform to standard electrical materials.

(E) A Class "A" Electrical license shall not be required for the following allied contractors who are performing only their trade work on a system or apparatus having electrical work regulated by this code:

1. Plumbing
2. Air Conditioning and Refrigeration, (HVAC.)
3. Gasfitting
4. Sheet metal
5. Insulating
6. Operating (stationary) Engineers as defined in the amendments to the International Mechanical Code, 2021 Edition.

(F) Whenever a Class "A" Electrical Contractor is replaced by another Class "A" Electrical Contractor in order to complete an electrical installation, the succeeding Class "A" Electrical Contractor must provide the following in order to take over the job:

1. A letter from the owner or prime contractor to the Director attesting that the original Class "A" Electrical Contrac-

tor will no longer be utilized for the electrical installation at the listed job;

2. File a new permit application for the entire electrical installation;

3. Pay all fees, with the amount of the fees based upon the total required for the new application less the amount already paid by the original Class "A" Electrical Contractor.

Whenever a Class "A" Electrical Contractor replaces another, he/she then becomes the Class "A" Electrical Contractor of record for the entire electrical installation. All future correspondence from the Electrical Inspection Division regarding that installation will be directed to the new Class "A" Electrical Contractor. Any deviation from the above due to extenuating circumstances must be coordinated in writing to and with the approval of the Director.

2718 - PERMIT REQUIRED

(1) Every Class "A" license holder proposing to install, repair or alter any electrical equipment or wires designated to carry electricity at a potential of forty-nine (49) volts or more for any purpose or service in or on any building or premises, shall file an application for a permit with the Electrical Inspection Division of the Department of Safety and Permits.

Permit applications shall only be accepted from Class "A" or Class "B" license holders with current and active licenses and when properly completed and signed by the license holder.

No work may be commenced until the permit application is approved and the acceptance is acknowledged by the Electrical Inspection Division, except when failure to commence the work would be life threatening or the work is an emergency due to a disaster or any uncontrolled event or occurrence.

The permit fee for any work commenced prior to obtaining the required permit, excepting the emergency or life threatening conditions, shall be the listed permit fee plus a fee of five (5) times the listed fee for such work. The determination of the extent of the amount of the fee for violations of this section, by any Contractor, shall be in the discretion of the Director.

The applications for permits shall be in accordance with application forms provided by the Electrical Inspection Division of the Department of Safety and Permits.

A permit shall be construed to be authorization to proceed with the work and shall NOT be construed as authority to violate, cancel, alter, or set aside any of the provisions of this Code, or any other ordinances adopted by the City of New Orleans, including the Comprehensive Zoning Ordinance nor shall such issuance of a permit prevent the Director from thereafter requiring a correction of errors in plans or in construction, or of violations of this Code.

Every issued permit shall become invalid:

1. if the work authorized by the permit is not commenced within six (6) months after its issuance, or

2. if the work authorized by the permit is suspended for more than six (6) months after its issuance, or

3. If the work authorized by the permit is suspended or abandoned for a period of six (6) months after the time the work is commenced. One or

more extensions of time, for periods of not more than ninety (90) days each, may be allowed for the permit. The extension must be requested in writing and justifiable cause demonstrated to the Director. When an extension is granted it shall be in writing by him.

(2) If deemed necessary, upon request by the Director, The Class "A" Electrical Contractor proposing to install any electrical apparatus shall provide a written contract or affidavit between him and the owner/general contractor. The contract or affidavit shall indicate the scope of the work to be accomplished at the job location by the Class "A" Electrical Contractor.

2719 - CONSTRUCTION DOCUMENTS:

Construction documents involving electrical installations are to be submitted at the time of application for building permits, as provided in Section 106 - Construction Documents of these New Orleans Amendments for details.

2720 - CERTIFICATES OF APPROVAL

The Director or his designee shall sign and issue all Certificates of Approval for the installation, repair or alteration of all electrical work. Said certificate shall not be issued until all work has been inspected and found to comply with all the requirements of National Electric Code, (NFPA-70), and this Code. Said certificate shall contain electrical data, name of the owner or owners, and exact location of the building or premises where the installed work was accomplished.

The Director shall keep a record of the equipment inspected in each building giving the description of the equipment, the name of the owner or owners of the building, the inspection date and the amount collected for such inspections and the name of the installer for whom the inspection was made.

2721 - SPECIAL EVENTS: WIRING

A Special Event includes but is not limited to fairs, festivals, carnivals, circuses, road shows, trade shows, concerts, displays, expositions and such other functions with a temporary status generally taking place outdoors and indoors at a permanent location or building utilizing the electrical service at that location or building for electric service to support the Special Event. This includes the temporary installation of wiring or electrical equipment of any description to be powered by the use of any self-generated power equipment rented or owned by any of the types of Special Event.

A permit is required for the Special Event temporary installation wiring or electric equipment of any description.

All Certificates of Approval issued for Special Events wiring or electrical equipment of any description may be revoked at the discretion of the Director if the continued use of such wiring or electrical equipment for the Special Event is deemed unsafe and not in the interest of the safety, health and welfare of the general public for which the event was initially allowed.

All permits shall automatically expire at the end of ninety (90) days.

2722 - CONNECTION OF ELECTRIC SERVICE

The Director has the sole responsibility and shall notify and authorize the Utility Company, via facsimile or telephone, to make the final electric meter connection of the building or premises electric system to the Utility Company's service facilities. To follow this authorization, the Director shall issue an "Entergy Permit & Inspection Desk Electrical Meter Release Authorization" form for that designated municipal address of the electric meter installation. No other person, firm or corporation shall be authorized to make the final connection.

The connection of electricity from a privately owned source of electric supply to electrical wiring system or equipment within or on any

building or premises shall not be made until a special permit is secured from the Director authorizing such connections.

2723 - ELECTRICAL METER RELEASE STIPULATIONS

(a) If any municipal address or location has been without electric service for a period of time exceeding six (6) months, an electrical permit must be obtained and an inspection must be made in accordance with this Code, before the electric service can be reconnected.

(b) "Entergy Permit & Inspection Desk electric Meter Release Authorization" approvals, issued for electrical meter service connection by the Utility Company within residential, commercial or industrial establishments, shall expire six (6) months from the date of issuance to the Utility Company. If a meter is not installed prior to the expiration date a new release authorization shall be required.

The new release authorization shall be issued only after a re-inspection of the location has been made by the Director.

2724 - DISCONTINUANCE OF ELECTRIC SERVICE

(A) If the Director determines the construction, repair or installation of any electrical wiring, appliance or equipment at any municipal address or location to be in a dangerous, hazardous or perilous condition and imminently threatening to the safety, health and welfare of the users, occupants or the general public, immediate notification shall be given to the Utility Company to disconnect the meter or remove the electric service to the building or location. No utility service shall be resumed until the necessary corrections have been completed as required by this Code.

(B) If the Director determines any electrical installation, wiring, equipment or appliances in any building to be unsafe or in a dangerous condition, or any electrical construction, installation, or repair work has been installed or is being used in violation of this Code or is being used in violation of the use provisions of the Comprehensive Zoning Ordinance, as interpreted by the Director in his authority pursuant to the City of New Orleans Home Rule Charter and such violations have not been corrected within ten (10) days of such determination, the Director shall send written notice to the person, firm or corporation responsible for the violation(s) to correct the condition(s) within the time specified in the written notice. This period may not be extended except by written permission from the Director.

Failure to comply with this notice shall empower the Director to:

1. request that charges be filed in the Municipal Court of the City of New Orleans; and
2. seek relief through Civil District Court or another Court of competent jurisdiction; and
3. notify as provided in Chapter 6, Article II, of the Code of the City of New Orleans.

If the above Courts and/or Administrative Agency determination that the owner and person is in violation of the provisions of this Code or the provisions of the Comprehensive Zoning Ordinance and such violations have not been corrected within 10 days of said determination, the Director shall have authority to discontinue the service of the utility company until such time the violations have been corrected. When the violations have been corrected and the location is

re-inspected by the Director, he shall notify the utility company that the electrical service may be reconnected.

The Zoning Administrator must ascertain, and corroborate to the Director, that the Zoning violations have been corrected prior to reconnecting the utility service.

2725 - WORK BY OTHER THAN ELECTRICAL CONTRACTORS

No person, firm or corporation, erecting, repairing, or altering buildings, erecting signs, altering, changing or installing plumbing or engaged in any other work shall close in or conceal any wiring or raceways nor cut, break, destroy, disconnect or in any other manner interfere with the arrangements of any electrical conductors or appliances whatever inside or outside of any building or premises without receiving a permit from the Director; before the permit is issued, the person, firm or corporation shall serve the Director with a written notice at least forty-eight (48) hours before the contemplated work is to be commenced. The work of altering, changing or disconnecting electrical conductors or appliances must be done under the supervision of a Class "A" Electrical license holder.

2726 - DISPLAY OF CONTRACTOR'S SIGN, PUBLIC ADVERTISING OR ADVERTISEMENT OF SERVICES

Every location where work of an electrical nature is being done shall have displayed on a conspicuous place in front, an identifying sign indicating electrical work is being performed, and the words "CLASS "A" ELECTRICAL CONTRACTOR" in letters not less than two (2) inches high. The display of such a sign by other than a duly certified Class "A" Electrical Contractor shall constitute a violation of this Code.

The sign shall contain the license number of the Class "A" Electrical Contractor, and the name, address, and telephone number of the firm or corporation in letters not less than two (2) inches high.

Every Class "A" Electrical Contractor shall install a sign on each work vehicle utilized in the performance of his duties and responsibilities as a Class "A" Electrical Contractor as defined in Section 2705 of this Code. The vehicle sign shall contain the license number of the Class "A" Electrical Contractor, and the name, address and the telephone number of the firm or corporation, in letters not less than two (2) inches high.

Every Class "A" Electrical Contractor advertising or proposing to advertise to the general public for the purposes of obtaining any of the types of electrical work as defined in this Code, shall provide his license number, and the name, address and telephone number of the firm or corporation. The display of a sign or advertising for the purposes of obtaining work by a person other than the duly certified Class "A" Electrical Contractor constitutes a violation of this Code. False, misleading or deceptive advertising shall constitute an attempt to circumvent the general health, welfare and safety of the public and shall constitute a violation of this Code.

2727 - FEES FOR ADDED INSPECTIONS

1. *Wasted Trip Inspection* - When a Class "A" license holder, after notice has been given by the Director, is found to have violated any of the requirements of this Code, or when through any such violation by any Class "A" license holder doing the work, it shall become necessary to make extra inspections because of a wasted trip, a fee of $190.00 shall be charged. This charge is for each and any extra inspections made necessary as a result of incomplete work, inaccessibility to perform the inspection or for alterations to work previously accepted. This fee is in addition to any regular required permit fees and shall be received before any further inspections are made by the Electrical Inspection Division.
2. *Fire Marshal Inspection* - When any person, firm or corporation requests

a complete electrical inspection of existing installations to comply with the State Fire Marshal Act, a fee of $30.00 shall be charged.

3. *After Hour Inspections* - When a person, firm or corporation requests an inspection of installed electrical equipment to be performed at a time other than the designated working hours of the Electrical Inspectors of the Department of Safety and Permits a fee shall be charged. The request and reason for the after hour inspection must be made to and approved by the Director for inspector assignment. A fee of $220.00 shall be paid by the person, firm or corporation requesting the after hour inspection. Payment of this fee must be made to the "City of New Orleans" within forty- eight (48) hours of the request for the inspection and is to be paid in addition to any regular required permit fees in this Code. No further inspections are to be made by the Electrical Inspection Division until the required fee has been received.

2728 - EXEMPTIONS

The provisions in this Chapter do not apply to Companies regulated by the Louisiana Public Service Commission, or the Council of the City of New Orleans, with the following exceptions.

1. Telephone and telegraph companies - a permit is required where electrical work is performed on the primary side of the source of power from the Utility Company at a voltage over fifty (50) volts and which consumes more than five hundred (500) watts of energy.
2. Utility Company - a permit is required where electrical work is performed on the secondary side of the source of power from the Utility Company.
3. Regional Transit Authority (RTA) - a permit is required where electrical work is performed on the secondary side of the source of power from the Utility Company.

2729 - PLENUM SPACES

If it is necessary to install electrical equipment in plenum spaces used for supply or return air systems, see International Building Code, 2021 Edition and the 2020 National Electric Code, (NFPA-70), for requirements.

2730 - EMERGENCY SYSTEMS, EXIT AND EMERGENCY ILLUMINATION

Means of egress shall be illuminated at all times in accordance with the International Building Code, 2015 Edition and the National Electric Code, (NFPA-70).

2731 - TEMPORARY DECORATIVE LIGHTING

No person, firm or corporation shall install wiring of a temporary decorative character in or about any municipal address or location without having first secured from the Director written permission authorizing the work to be installed. The Director shall be authorized to grant written and limited approval for any temporary installations which may, in his opinion, be necessary. Temporary installations of decorative lighting of residences or their premises otherwise complying with this Code may be exempted from this requirement by the Director.

Temporary as defined within this Section shall include seasonal or holiday installations lasting for a limited time not to exceed thirty (30) days.

2732 - ELECTRICAL SIGNS

Before any electrically illuminated or electrically powered sign may be erected or placed in position upon, above, or attached to the outside of any building, structure or premises, an electrical permit shall be secured from the Director.

The sign erector shall also secure a building permit prior to the erection of such sign as required by The International Building Code, 2021 Edition, as amended, Section 3107, signed by a Class "A" Electrical license holder,

acknowledging intention to erect and notify the Director when the installation is completed. When an erector has been determined to be in violation of the Code and refuses to correct same, no further permits will be issued to him/her. All sign contractors shall be properly registered pursuant to Chapter 134 of the City Code.

Written notice shall be given by the sign contractor and by the Class "A" license holder to the Director upon completion of the installations. The Director shall then inspect the sign and determine whether or not it is installed in conformity with applicable ordinances.

Signs that are approved and labeled and such signs of billboard type, skeleton, ornamental, lettering and neon tubing inside and outside of buildings, which are wired in conformity with the National Electric Code, (NFPA-70) shall be considered as being in conformity with the requirements of this Code. Electric service shall not be connected to any sign or billboard until all work on same is completed, and then only when the Certificate of Approval is issued by the Director and the electric meter authorization is issued to the Utility Company.

2733 - AUTOMATIC EARLY WARNING PROTECTIVE DEVICES

Early warning protective devices shall conform to The International Building Code, 2015 [2021] Edition, as amended.

2734 - FEES: PERMITS

(A) The electrical permit fee schedule is as follows:

1. Forty dollars ($40.00) per construction loop (All construction loop permits issued may be revoked at any time at the discretion of the Director, however all such permits shall automatically expire at the end of ninety (90) days with the exception of those providing required construction power to the project still under construction.)
2. Forty dollars ($40.00) minimum per permit application for all installations, plus (A) & (B) below:
   (A) Thirty cents (.30) per ampere of service or protective device rating.
   (B) Three dollars ($3.00) per connected circuit in each and every panel. (Within the meaning of the terms of this code, each main feeder, sub-main or branch circuit for power, light or any other purpose or service shall be considered a circuit. Each fused or other type of automatic cutout protected wire of a final branch multi-wire circuit shall be also be considered a circuit.)
3. A minimum fee of forty dollars ($40.00) shall apply for the repair or replacement of any existing electrical equipment of the same capacity, excluding circuits and service.
4. A fee of forty dollars ($40.00) shall apply for each illuminated sign, whether indoors or outdoors.
5. A fee of sixty dollars ($60.00) shall apply to each Elevator, Moving Stair, Dumbwaiter, and man lift.
6. A fee of sixty dollars ($60.00) shall apply for any elevator repair work, modernization or current changeover.
7. A fee of forty dollars ($40.00) shall apply for change of address.
8. A fee of forty dollars ($40.00) shall apply for low voltage.

2735 - BASIC STANDARDS

(A) No electrical work for light, heat or power shall be installed or placed in

or on any building, structure or premises, unless this work is in conformity with current approved methods of construction. Compliance with the regulations in the National Electric Code, (NFPA-70) shall be prima facie evidence of conformity with such approved methods. No electrical equipment shall be installed below grade elevation, including service, switchboards and panel boards.

(B) All installed electrical wiring shall conform to the requirements of the International Building Code, 2021 Edition, as amended, the 2020 National Electric Code, (NFPA-70) and such other applicable safety codes as enforced by the Department of Safety and Permits.

(C) All electrical devices, fittings, materials, equipment, and appliances shall be those approved for the purpose for which they are used. Only such electrical devices, fittings, materials, equipment, and appliances, that are constructed in conformity with their listing or labeled by a testing laboratory acceptable to the Director, shall be installed. The satisfactory listing or labeling of these devices, fittings, materials, equipment, and appliances shall be prima facie evidence of conformity with the requirements of this Code.

(D) The Director or his designee is hereby authorized to seize, de-energize or cause to make inoperable any electrical apparatus deemed by him to be dangerous, hazardous or perilous, when such electrical apparatus is either being used in a manner for which it is not approved or being used for a purpose for which it does not conform electrically. Large or bulky electrical apparatus that is not capable of being moved or transported to a location designated by the Chief Administrative Officer for storage shall be de-energized and "locked off" so as to be inoperable or incapable of being used. The seized electrical apparatus that is capable of being moved shall be transported to a location designated by the Chief Administrative Officer for storage. The custodian of the storage area shall maintain records of the impounded electrical apparatus and the date on which it was impounded and shall hold the apparatus in the storage area for a period of not more than thirty days. Any electrical apparatus so held or "locked off" may be redeemed by the owner thereof upon the payment of a fee to the City of New Orleans through the custodian thereof, consisting of a total of $150.00 plus $10.00 per day storage fee for each day the apparatus is stored. Any electrical apparatus impounded and stored or "locked off" and not redeemed by the owner thereof within thirty days may be transferred or assigned to the custody of the Department of Finance to be sold at public auction in the same manner as surplus property of the City.

(E) Low voltage installation wiring shall:

1. be properly attached to structural components.
2. be removed if it is abandoned as a result of a new low voltage installation.
3. be installed in a neat and workmanlike manner.
4. be installed so as not to impair or degrade the fire rating or structural integrity of a penetrated wall ceiling in accordance with Article 300.21 of the NEC.
5. be properly listed and labeled in accordance with Article 110.3 (B) of the NEC.

2736 - FIRE PUMPS

All wiring of fire pump installations shall be in accordance with the National Electric Code, (NFPA-70), and Centrifugal Fire Pumps, (NFPA-20), (See Chapter 35 of the International Building Code, 2021 ed., as amended).

2737 - STANDARD ELECTRICAL MATERIALS

Before any electrical material, appliance, or equipment (including prefabricated or preassembled electrical units or systems) is used, it shall be constructed in conformity with current standards, and be classified and listed by, including but not limited to, Underwriters Laboratory (UL), Factory Mutual (FM), Canadian Standards Association (CSA), Electrical Testing Laboratories (ETL), MET Laboratories and others listed by the ICC-ES to insure safety to life and property.

2738 - ALTERNATE MATERIALS AND METHODS

The provisions of this Code are not intended to prevent the use of any material or method of construction not specifically prescribed by this Code, provided an alternate has been approved by the Director. The Director may approve an alternate, provided he finds that the alternate for the purpose intended is at least the equivalent of that prescribed in this Code in quality, strength, effectiveness, fire resistance, durability and safety. The Director shall require that sufficient evidence or proof be submitted to substantiate any claim made regarding the alternate. The Director may recommend an amendment to this Code in order to make permissible the use of the alternate. If, in the opinion of the Director, the evidence and proof are not sufficient to justify approval or recommendation for an amendment, the applicant may refer the entire matter to the Board of Building Standards and Appeals as specified in Section 113 of the International Building Code, 2021 Edition, as amended.

2739 - TESTS OF MATERIALS AND SYSTEMS OF CONSTRUCTION

Where new and alternate systems of construction, qualities of materials or tests are proposed for use, tests may be required by the Director. The required tests shall be made at the expense of the owner or his agent by a testing laboratory or other organization approved for the purpose by the Director. Certified copies of the test reports shall be filed with the Director for his approval before the systems of construction or materials are used. The owner or his agent shall notify the Director of the time and location of the tests so that he or his representative may be present.

2740 - COMPLIANCE REQUIREMENTS

All electrical contractors and electricians certified under this Chapter must also comply with all applicable laws and regulations of the State of Louisiana, in order to be considered in compliance with this Chapter.

2741 - ELECTRIC FENCE

No fence shall be electrified in the City of New Orleans.

2742 - GROUND RODS

At least (2) 5/8" copper-clad (8 ft.) ground rods, installed at least 6 feet apart with not less than 13 mills of copper coating shall be installed or (1) high grade stainless steel (8 ft.) ground rod at the service.

CHAPTER 32
ENCROACHMENTS

SECTION 32

3202.3.2 Windows, balconies, architectural features and mechanical equipment. Where the vertical clearance above grade to projecting windows, balconies, architectural features, or mechanical equipment is more than eight feet, one inch of encroachment is permitted for each additional one inch of clearance above eight feet. Encroachments into the public Right of Way must obtain approval from the appropriate city department.

CHAPTER 35

All electrical work with respect to one and two family dwellings shall be in accordance with the National Electrical Code, NFPA 70 (See Chapter 35 of the International Building Code).

All mechanical and gas work with respect to one and two family dwellings shall be in accordance with the International Mechanical Code and International Fuel Gas Code, if and when the IRC does not provide direction (See Section 104 of the International Building Code).

APPENDIX AJ
EXISTING BUILDINGS AND STRUCTURES

Section AJ109.3 Extensive Alterations, Repairs or Renovations. Where the total cost of all work included, that is enlarged, altered, raised, repaired, or built upon and exceeds 50 percent of the fair market value of the building (excluding the value of the site), the work shall be considered to be a reconstruction and shall comply with the requirements of these provisions for reconstruction work.

The Department of Safety and Permits will determine if the cost information provided is reasonable for the work proposed.

CHAPTER 3
BUILDING PLANNING

R302.1 Exterior walls. Exterior walls with a fire separation distance less than 3 feet (914 mm) shall have not less than a one-hour fire-resistive rating with exposure from both sides. Projections shall not extend to a point closer than 2 feet (610 mm) from the line used to determine the fire separation distance.

Projections extending into the fire separation distance shall have not less than one-hour fire-resistive construction on the underside. The above provisions shall not apply to walls which are perpendicular to the line used to determine the fire separation distance.

R302.1 Openings. Openings shall not be permitted in the exterior wall of a dwelling or accessory building with a fire separation distance less than 3 feet (914 mm). This distance shall be measured perpendicular to the line used to determine the fire separation distance.

Exceptions:

1. Openings shall be permitted in walls that are perpendicular to the line used to determine the fire separation distance.
2. Foundation vents installed in compliance with this code are permitted.

R302.2 Townhouses. Each townhouse shall be considered a separate building and shall be separated by fire-resistance-rated wall assemblies meeting the requirements of Section R302 for exterior walls.

Exception: A common 2-hour fire-resistance-rated concrete masonry wall is permitted for townhouses if such walls do not contain plumbing or mechanical equipment, ducts or vents in the cavity of the common wall. Electrical installations shall be installed in accordance with The National Electrical Code (See Chapter 35 of IBC). Penetrations of electrical outlet boxes shall be in accordance with Section R317.3.

R302.4 Penetrations. Penetrations located in the exterior wall of a dwelling with a fire separation distance less than 3 feet (914 mm) shall be protected in accordance with Section R317.3)

Exception: Penetrations shall be permitted in walls that are perpendicular to the line used to determine the fire separation distance.

APPENDIX D

SECTION D101 - GENERAL

D101.1 Scope. For the purpose of this Code, fire district shall include that territory or portions of the City as described in Section D101.1.2.

D101.1.1 Mapping. The fire district complying with the provisions of Section D101.1 shall be shown on a map that shall be available to the public.

D101.1.2 Fire District. The area included within the following described boundaries is hereby designated " Fire District." Commencing at the center line of John Churchill Chase Street at the Mississippi River, thence along the center line of John Churchill Chase Street to the center line of Camp Street, thence along the center line of Calliope Street to the center line of St. Charles Avenue, thence along the center line of St. Charles Avenue to the intersection of Howard Avenue, thence along the center line of Howard Avenue to the center line of Claiborne Avenue, thence along the center line of Claiborne Avenue to the center line of St. Peter Street, thence along the center line of St. Peter Street to the Mississippi River, thence along the Mississippi River to the point of commencement.

SECTION D102 - BUILDING RESTRICTIONS

D102.1 Types of construction permitted. Within the fire district every building hereafter erected shall be either Type I, II, III or IV, except as permitted in Section D104.

D102.2 Other specific requirements.

D102.2.1 Exterior walls. Exterior walls of buildings located in the fire district shall comply with the requirements in Table 601 except as required in Section D102.2.6.

D102.2.2 Group H prohibited. Group H occupancies shall be prohibited from location within the fire district.

D102.2.3 Construction type. Every building shall be constructed as required based on the type of construction indicated in Chapter 6 of the International Building Code.

D102.2.4 Roof covering. Roof covering in the fire district shall conform to the requirements of Class A or B roof coverings as defined in Section 1505.

D102.2.5 Structural fire rating. Walls, floors, roofs, and their supporting structural members shall be a minimum of 1-hour fire-resistance-rated construction.

Exceptions:

1. Buildings of Type IV construction.
2. Buildings equipped throughout with an automatic sprinkler system in accordance with Section 903.3.1.1.
3. Automobile parking structures.
4. Buildings surrounded on all sides by a permanently open space of not less than 30 feet (9144 mm).
5. Partitions complying with Section 603.1 (8).

D102.2.6 Exterior walls. Exterior load-bearing walls of Type II buildings shall have a fire-resistance rating of 2 hours or more where such walls are located within 30 feet (9144 mm) of a common property line or an assumed property line. Exterior nonload-bearing walls of Type II buildings located within 30 feet (9144 mm) of a common property line or an assumed property line shall have fire-resistance ratings as required by Table 601, but not less than 1 hour. Exterior walls located more than 30 feet (9144 mm) from a common property line or an assumed property line shall comply with Table 601.

Exception: In the case of one story buildings that are 2,000 square feet (108 M_2) or less in area, exterior walls located more than 15 Feet (4572 mm) from a common property line or an assumed property line need only comply with Table 601.

D102.2.7 Architectural trim. Architectural trim on buildings located in the fire district shall be constructed of approved noncombustible materials or fire retardant treated wood.

D102.2.8 Permanent canopies. Permanent canopies are permitted to extend over adjacent open spaces provided:

1 The canopy and its supports shall be of noncombustible material, fire-retardant-treated wood, Type IV construction, or of 1-hour fire resistance rated construction.

1.1 *Exception:* Any textile covering for the canopy shall be flame resistant as determined by tests conducted in accordance with NFPA 701 after both accelerated water leaching and accelerating weathering.

2 Any canopy covering, other than textiles, shall have a flame spread index not greater than 25 when tested in accordance with ASTM E 84 in the form intended for use.

3 The canopy shall have at least one long side open.

4 The maximum horizontal width of the canopy shall not exceed 15 feet (4572 mm).

5 The fire resistance of exterior walls shall not be reduced.

D102.2.9 Roof structures. Structures, except aerial supports 12 feet (3658 mm) high or less, flag poles, water tanks and cooling towers, placed above the roof of any building within the fire district shall be of noncombustible material and shall be supported by construction on non-combustible material.

D102.2.10 Plastic signs. The use of plastics complying with Section 2611 for signs is permitted provided the structure of the sign in which the plastic is mounted or installed is noncombustible.

D102.2.11 Plastic veneer. Exterior plastic veneer is not permitted in the fire district.

D102.2.12 Temporary Buildings. Temporary structures such as reviewing stands and other miscellaneous structure conforming to the requirements of this Code and shed, canopies or fences used for the protection of the public around and in conjunction with construction work may be erected in the Fire Limits and outer Fire Limits by permit from the Director for a limited period of time, and such building or structure shall be completely removed upon the expiration of the time limit stated in such permit.

D102.2.13 Other minor structures. A special permit of 90 days may be issued for other minor, one story, temporary structures used for shelter purposes only and not exceeding 100 sq. ft. in area.

SECTION D103 - CHANGES TO BUILDINGS

D103.1 Existing buildings within the fire district. An existing building shall not hereafter be increased in height or area unless it is of a type of construction permitted for new buildings within the fire district or is altered to comply with the requirements for such type of construction. Nor shall any existing building be hereafter extended on any side, nor square footage or floors added within the existing building unless such modifications are of a type of construction permitted for new buildings within the fire district.

D103.2 Other alterations. Nothing in Section D103.1 shall prohibit other alterations within the fire district provided there is no change of occupancy that is otherwise prohibited and provided the fire hazard is not increased by such alteration.

D103.3 Moving buildings. Buildings shall not hereafter be moved into the fire district or to another lot in the fire district unless the building is of a type of construction permitted in the fire district.

SECTION D104 - BUILDINGS LOCATED PARTIALLY IN THE FIRE DISTRICT

D104.1 General. Any building located partially in the fire district shall be of a type of construction required for the fire district, unless the major portion of such building lies outside of the fire district and no part is more than 10 feet (3048mm) inside the boundaries of the fire district.

SECTION D105 - EXCEPTIONS TO RESTRICTIONS IN FIRE DISTRICT

D105.1 General. The preceding provisions of this appendix shall not apply in the following instances:

1. Temporary buildings used in connection with duly authorized construction.
2. A private garage used exclusively as such, not more than one story in height, nor more than 650 square feet (60 m2) in area, located on the same lot with a dwelling.
3. Fences not over 7 feet (2438 mm) high.
4. Coal tipples, material bins, and trestles constructed of Type IV construction.
5. Water tanks and cooling towers conforming to Section 1509.3 and 1509.4.
6. Greenhouses less than 15 feet (4572mm) high.
7. Porches on dwellings not over one story in height, and not over 10 feet (3048 mm) wide from the face of the building, provided such porch does not come within 5 feet (1524 mm) of any property line.
8. Sheds open on a long side not over 15 feet (4572 mm) high and 500 square feet (46 m2) in area.
9. One- and two-family dwellings where of a type of construction not permitted in the fire District can be extended 25 percent of the floor area existing at the time of inclusion in the fire district by any type of construction permitted by this code.

10. Wood decks less than 600 square feet (56 m2) where constructed of 2-inch (51 mm) nominal wood, pressure treated for exterior use.
11. Wood veneers on exterior walls conforming to Section 1405.4.
12. Exterior plastic veneer complying with Section 2605.2 where installed on exterior walls required to have a fire-resistance rating not less than 1 hour, provided the exterior plastic veneer does not exhibit sustained flaming as defined in NFPA 268.

Sec. 26-16. International Mechanical Code—Adopted.

(a) *Code adopted.* The International Mechanical Code, 2021 Edition is hereby adopted except that the text of the code shall read as modified by the amendments set forth in section 26-17 and in the event of conflict the amendments shall supersede and take priority over any amended or unamended section. If an amendment is in conflict with only part of a section, it shall be construed as superseding only the part of the section with which it is in conflict.

(b) *City not liable.* Nothing contained in this International Mechanical Code shall be construed to relieve or lessen the responsibility or liability of any person for injury or damage to persons or property caused by or resulting from any defects of any nature in any work performed by said person or in any equipment owned, controlled, installed, operated or used by him, nor shall the city, or any officer, agent or employee thereof incur, or be held to assume, any liability by reason or in consequence of any permit, permission, certificate of inspection or approval authorized therein, or issued or given as herein provided, or by any reason of or in consequence of any things done or acts performed pursuant to any provisions of this International Mechanical Code.

(c) *Prior violations.* All suits at law or in equity and all prosecutions resulting from the violation of any building ordinances heretofore in effect, which are now pending in any of the courts of this state, or of the United States, shall not be abated or abandoned by reason of the adoption of this International Mechanical Code, but shall be prosecuted to their finality the same as if this International Mechanical Code had not been adopted; and nothing in this International Mechanical Code shall be so construed as to abandon, abate, or dismiss any litigation or prosecution now pending, or which may have heretofore been instituted or prosecuted.

(d) *Retroactive clause.* In the case of violations of mechanical ordinances committed before the effective date of this ordinance, the mechanical ordinance existing at the time such violations were committed shall apply and govern.

Sec. 26-17. Same—Amendments.

Chapter 1 of the International Mechanical Code, 2021 Edition, shall be deleted in its entirety, and the following shall be substituted in lieu thereof:

CHAPTER 1
ADMINISTRATION

SECTION 101 - GENERAL

101.1 - Title. These regulations shall be known as The International Mechanical Code, 2021

Edition, as amended by the City of New Orleans hereinafter referred to as "this code."

The Director of the Department of Safety and Permits, as the appointing authority of the Department, and all of its Divisions, is hereinafter referred to in this code as "the Director."

101.2 - Scope. The provisions of this code regulate the design, installation, maintenance, alteration and inspection of mechanical systems that are permanently installed and utilized to provide control of environmental conditions and related processes within buildings. This code shall also regulate those mechanical systems, system components, mechanical appliances, the stationary equipment, and the hoisting and portable equipment specifically addressed herein. The installation of fuel gas distribution piping and equipment, fuel gas-fired appliances and fuel gas-fired appliance venting systems shall be regulated by the International Fuel Gas Code.

101.2.1 - Appendices. Provisions in the appendices shall not apply unless specifically adopted.

101.3 - Intent. The purpose of this code is to provide minimum standards to provide a reasonable level of safety, to protect the health and general welfare of the public and property, by regulating and controlling the design, construction, installation, quality of materials, location, operation and maintenance or use of mechanical systems and by the certification of the operators of the equipment specified herein.

101.3.1 - Quality Control. Quality control of materials and workmanship is not within the purview of this Code except as it relates to the purposes stated herein.

101.4 - Severability or partial invalidity. In the event any section, subsection, sentence, clause, phrase or portion of this code is, for any reason, held to be unconstitutional, illegal or void, such decision shall not affect the validity of the any of the remaining portions of this code.

SECTION 102 - APPLICABILITY

102.1 - General. Where, in a specific case, different sections of this code specify different materials, methods of construction or other requirements, the most restrictive shall govern. Where there is a conflict between a general requirement and a specific requirement, the specific requirement shall be applicable.

102.1.1 - Other Laws. The provisions of this code shall not be deemed to nullify any provisions of local, state or federal law.

102.2 - Existing installations. Except as otherwise provided for in this Chapter, no provision in this code shall require the removal, alteration or abandonment of, nor prevent the continued utilization and maintenance of, a mechanical system or mechanical equipment lawfully in existence at the time of the adoption of this code.

102.3 - Maintenance. Mechanical systems, both existing and new and parts thereof shall be maintained in proper operating condition in accordance with the original design and in a safe and sanitary condition. Devices or safeguards which are required by this code shall be maintained in compliance with the code edition under which they were installed. The owner or the owner's authorized agent shall be responsible for maintenance of the mechanical systems. To determine compliance with this provision, the Director has the authority to require the mechanical system to be reinspected.

102.4 - Additions, alterations or repairs. Additions, alterations, renovations or repairs to a mechanical system shall conform to that required for a new mechanical system without requiring the existing mechanical system to comply with all of the requirements of this code. Additions, alterations or repairs shall not cause an existing mechanical system to become unsafe, hazardous or overloaded.

Minor additions, alterations, renovations and repairs to existing mechanical systems shall meet the provisions for new construction,

unless such work is done in the same manner and arrangement as was in the existing system, is not hazardous and is approved.

102.5 - Change in occupancy. It is unlawful to make a change in the occupancy of any structure which will subject the structure to any special provisions of this code applicable to the new occupancy without approval. The Director shall certify that such structure meets the intent of the provisions of law governing building construction for the proposed new occupancy and that such change of occupancy does not result in any hazard to the public health, safety or welfare.

102.6 - Historic buildings. The provisions of this code relating to the construction, alteration, repair, enlargement, restoration, relocation or moving of buildings or structures shall not be mandatory for existing buildings or structures identified and classified by the state or local jurisdiction as historic buildings when such buildings or structures are judged by the Director to be safe and in the public interest of health, safety and welfare regarding any proposed construction, alteration, repair, enlargement, restoration, relocation or moving of buildings.

102.7 - Moved buildings. Except as determined by Section 102.2, mechanical systems that are a part of buildings or structures moved into or within the jurisdiction shall comply with the provisions of this code for new installations.

102.8 - Referenced codes and standards. The codes and standards referenced herein shall be those that are listed in Chapter 15 and such codes and standards shall be considered as part of the requirements of this code to the prescribed extent of each such reference. Where differences occur between provisions of this code and the referenced standards, the provisions of this code shall apply.

102.9 - Requirements not covered by this code. Requirements necessary for the strength, stability or proper operation of an existing or proposed mechanical system, or for the public safety, health and general welfare, not specifically covered by this code, shall be determined by the Director.

SECTION 103 - DUTIES AND POWERS

103.1 - General. The Director of the Department of Safety and Permits is hereby authorized and directed to enforce the provisions of this code. The Director shall have the authority to render interpretations of this code and to adopt policies and procedures in order to clarify the application of its provisions. The interpretations, policies and procedures shall be in compliance with the intent and purpose of this code. The interpretations, policies and procedures shall not have the effect of waiving requirements specifically provided for in this code.

103.2 - Records. The Director shall keep, or cause to be kept, a record of the business of the Department in accordance with the public record law of the State of Louisiana.

103.3 - Application and Permits. The Director shall receive applications, review construction documents and issue permits for the installation and alteration of mechanical systems, inspect the premises for which the permits have been issued and enforce compliance with the provisions of this code.

103.4 - Notices and Orders. The Director shall issue all necessary notices or orders to ensure compliance with this code.

103.5 - Inspections. The Director shall make all of the required inspections, or shall accept reports of inspections by approved agencies or individuals, in a manner deemed appropriate by the Director and subject to regulation as provided in the New Orleans Amendments to the International Building Code or through written administrative policy. All reports of inspections shall be in writing and be certified by a responsible officer of such approved agency or by the responsible individual. The Director is authorized to engage such expert opinion as deemed necessary to report upon unusual technical issues that arise, subject to the approval of the appointing authority.

103.6 - Identification. The Director shall carry proper identification when inspecting structures or premises in the performance of duties under this code.

103.7 - Right of Entry. When it is necessary to make an inspection to enforce the provisions of this code, or when the Director has reasonable cause to believe that there exists, in a structure or upon any premises, a condition which is contrary to or in violations of this code which makes the structure or premises unsafe, dangerous or hazardous, the Director is authorized to enter the structure or premises at all reasonable times to inspect or to perform the duties imposed upon him by this code. If such structure or premises is occupied, the Director shall present credentials to the occupant and request entry. If such structure or premises is unoccupied, the Director shall first make a reasonable effort to locate the owner or other person having charge or control of the structure or premises and request entry. If entry is refused, the Director has recourse to every remedy provided by law to secure entry.

103.8 - Liability. The Director, designee or any employee charged with the enforcement of this code, while acting for the jurisdiction in good faith and without malice in the discharge of the duties required by this code or other pertinent law or ordinance, shall not thereby be rendered civilly liable personally, and is hereby relieved from personal liability for any damage accruing to persons or property as a result of any act or be reason of an act or omission in the discharge of official duties.

Any suit instituted against any officer or employee because of an act performed by that officer or employee in the lawful discharge of his duties and under the provisions of this code shall be defended by the legal representative for the Department of Safety and Permits until the final termination of the proceedings. The Director or any of his subordinates shall not be liable for costs in an action, suit or proceeding that is instituted in pursuance of the provisions of this code; and any officer in the Mechanical Inspection Division, acting in good faith and without malice, shall be free from liability for acts performed under any of its provisions or by reason of any act of inclusion or omission in the performance of official duties as required by this code.

SECTION 104 - PERMIT AND FEE REQUIREMENTS

104.1 - Permit Required - A permit is required to erect, install, enlarge, alter, repair, remove, convert or replace a mechanical system, the installation of which is regulated by this code. No work may commence until the required permit is issued except where the work must be performed in an emergency situation.

Exceptions: (1) approved self-contained refrigeration equipment up to 1 H.P.; (2) approved self-contained factory-built air conditioning unit, commonly referred to as "window unit," used in private residences and without ducts, (providing the air conditioning unit does not project over public property).

104.2 - Permit Applications. Each permit application, with the required fee, shall be filed with the Mechanical Inspection Division on a form furnished for that purpose and shall contain a description of the proposed work and its location. An application must be filed by a Class "A" Air Conditioning and Refrigeration Contractor with an active license and must be signed by the license holder.

104.3 - Permit Validity - Each permit application must be properly completed with the signature of the license holder, and the proper fees paid, before being processed, approved and assigned a formal mechanical permit number.

No work may commence until the permit application is approved and issued by the Mechanical Inspection Division except when failure to commence the work would be life threatening or the work is an emergency due to disaster or any uncontrolled event or occurrence.

A permit shall be construed to be authorization to proceed with the work and shall not be construed as authority to violate, cancel, alter, or set aside any of the provisions of this Code, or any other ordinances adopted by the City of New Orleans, including the Comprehensive Zoning Ordinance nor shall such issuance of a permit prevent the Director from thereafter

requiring a correction of errors in the Construction Documents or in the installation, construction, or of violations of this Code.

104.4 - Permit Expiration. Every permit issued shall expire if the work authorized by such permit does not commence within six (6) months after the date of its issuance, or if the work authorized by such permit is suspended for more than six (6) months after the date of its issuance, or if the work authorized by such permit is suspended or discontinued for a period of six (6) months after the date the work began. One or more extensions of time may be allowed for the permit provided the extension is requested in writing and justifiable cause is demonstrated to the Director. When the Director grants an extension, it shall be in writing to the requestor, and the period shall not exceed ninety (90) days each.

104.5 - Permit Fees. Installations, reinstallations, alterations, or replacement or addition of prime movers (condensers) shall pay the fees listed below:

From 1 to 3 Tons	$15.00
For each Ton over 3 Ton . . .	$ 3.00
Cooling towers	
1 to 50 tons	$40.00
51 tons to 100 tons . . .	$65.00
Over 100 tons	$85.00

Additional fees for the associated gas and/or electric heating units are listed on the Mechanical Inspection Division Permit Application form.

The total fee for any work begun prior to obtaining the required permit, excepting the emergency or life threatening conditions, shall be the listed fee plus a penalty fee of five (5) times the listed fee for such work.

104.6 - Alteration Permits. Alteration permits fees shall be based on contract price at a rate of $30.00 for the first $1,500.00 of cost or part thereof plus $10.00 for each additional $1,000.00 or part thereof.

104.7 - Definitions. For purposes of definitions under this Code,

1. One (1) Ton shall be considered to be equal to or less than 12,000 Btu per hour.
2. 3,413 Btu shall be considered equal to one (1) KW.
3. One boiler horsepower shall be considered equal to 33,465 Btu per hour.
4. Hot Water Boilers: Any vessel in which water is heated, steam is generated, steam is superheated, or any combination thereof, under pressure or vacuum for use external to itself, by the direct application of heat, that is heat resulting from the combustion of fuel, electrical elements, nuclear fuel, or waste gasses.

SECTION 105 - CONSTRUCTION DOCUMENTS

Construction Documents involving mechanical installations are to be submitted at the time of application for building permits. See Article 106 - Construction Documents of the New Orleans Amendments to the International Building Code for details.

SECTION 106 - ANNUAL INSPECTION AND FEES

106.1 - All Air Conditioning systems and Water Heaters in commercial and industrial installations shall be subject to inspections for installation safety by the Mechanical Inspection Division according to the following schedules and fees:

ANNUAL INSPECTIONS FEE

Commercial and Industrial Installations

Refrigeration and/or Air Conditioning systems (up to 99 tons) …$15.00/system

Refrigeration and/or Air Conditioning systems (100 or more tons) …$35.00/system

Cooling Towers…$20.00/system

Water Heaters …$10.00/system

Generators …$15.00/system

106.2 - All inspection fees are due and payable upon receipt of the "ANNUAL INSPECTION MECHANICAL EQUIPMENT" bill. Fees will be doubled after 30 days if bill remains unpaid. After 60 days action will be taken to have the utilities disconnected until payment and/or corrections has been received.

106.3 - Inspections And Posting.

106.4. Installation Inspection. The installer of every Class A, B or C system shall notify the Director not less than 36 hours prior to the day on which the installations are to be inspected. Failure to notify the Director as required shall be deemed a violation of this Code. The Director shall make all inspections promptly, and shall issue within 72 hours of inspection, a Certificate of Approval to the installer upon satisfactory completion of such inspections. Saturdays, Sundays and holidays shall not be included in this 72 hour period. Inspections of installations in any building or facility shall be made before the piping and connections of the system are covered and/or made inaccessible.

106.5 - Biennial Inspections And Fees.

106.5.1. Upon approval of the Director, an owner may elect to have all equipment listed in 106.1 to 106.4 inspected every two years in lieu of an annual inspection. This biennial inspection shall not be applicable to any equipment, systems, building, structure or plant that requires a building safety summary or an attending stationary engineer. The fees associated with a biennial inspection shall be twice those listed in Section 106.1.

SECTION 107 - CERTIFICATES OF APPROVAL

The Director shall sign and issue all Certificates of Approval for the installation, repair or alteration of all air conditioning and/or refrigeration work. Said certificate shall not be issued until all work has been inspected by him and found to comply with all the requirements of this Code. Said certificate shall contain mechanical data, name of the owner or owners, and exact location of the building or premises where the installed work was accomplished. The Mechanical Inspection Division shall keep a record of the equipment inspected in each building giving the description of the equipment, the name of the owner or owners of the building, the inspection date and the amount collected for such inspections and the name of the installer for whom the inspection was made.

SECTION 108 - POSTING OF ANNUAL CERTIFICATE OF APPROVAL.

The owner shall post the issued Certificate of Approval in the machinery room within 10 feet of the pressure imposing element. The Director shall maintain a file and record of the Certificates of Approval issued at each location.

108.1 - Instructions. Every owner of every Class A, B or C system shall conspicuously post, as near as practical to the unit, the amount of refrigerant charge, kind of refrigerant, operating directions, and precautions to be observed in case of a breakdown or leak, including the following:

1. Instructions for shutting down the system in case of an emergency.
2. The name, address and day and night telephone numbers for obtaining service.
3. The name, address and telephone number of the municipal inspection department having jurisdiction and instruction to notify said department immediately in case of emergency.
4. A sign showing location of main plant switch.
5. The name or license number of Operating Engineer in charge.
6. Location of nearest fire alarm box.
7. Instructions for letting out refrigerant in case of fire.

SECTION 109 - AIR CONDITIONING AND REFRIGERATION CONTRACTOR CERTIFICATION

109.1 - License Required. A person, firm or corporation engaging in the business of install-

ing, constructing, reconstructing, altering, repairing, or servicing any air conditioning or refrigeration system or apparatus or parts thereof, (excluding plug-in types), and who does not hold, or does not employ a person who holds, a Class "A" Air Conditioning and Refrigeration contractor's is in violation of this code.

A Class "A" Air Conditioning and Refrigeration Contractor license issued under this chapter shall not be required for the following allied contractors who are performing only their trade work on a system or apparatus having air conditioning or refrigeration work regulated by this code:

1. Electrical
2. Plumbing
3. Gasfitting
4. Sheet-metal
5. Insulating

   All of the above must, however, perform their trade work in association with or in support of an air conditioning or refrigeration system.

6. Stationary Engineers certified in accordance with this Code, may perform work on the air conditioning and refrigeration systems, apparatus or parts thereof to include installation, construction, alteration, reconstruction, repair or service. This work is allowed only within the building, mechanical plant or plants, in which the certified Stationary Engineer is hired to operate, provided however, the necessary Mechanical Inspection Division permits required by this Code have first been obtained. A Stationary Engineer applying for a permit with the Mechanical Inspection Division for the above work at his building, mechanical plant in which he is hired to operate shall provide his Boiler, Air Conditioning or Refrigeration License number. His license must be current and the status must be "Active".

SECTION 110 - APPLICATIONS FOR EXAMINATIONS

Examination applicants for the Class "A" Air Conditioning and Refrigeration Contractor License or the Class "B" Journeyman Mechanic License shall complete and submit the application to the nationally recognized testing company approved by the City of New Orleans. The application forms shall be furnished by them and they shall be properly completed in accordance with their information brochure. All applications for examination shall be submitted to the recognized testing company under contract with the City of New Orleans, prior to the deadline dates published in their issued information brochure. The application shall be accompanied by the appropriate examination fee.

SECTION 111 - EXAMINATIONS

Applicants for examinations shall meet the following requirements:

1. Applicants must be at least eighteen (18) years of age.
2. An applicant for a Contractor license must furnish satisfactory proof of having at least five (5) years experience in the field of installation and repair of air conditioning or refrigeration systems. Satisfactory completion of a Mechanical Engineering Curriculum or Registration as a Professional Engineer shall constitute satisfactory completion of this requirement.
3. An applicant for a Contractor license must have someone in attendance in order to receive communications from the Mechanical Inspection Division of the Department of Safety and Permits, or other persons concerned, during business hours.
4. An applicant for a Contractor's License must show successful completion and graduation in a

course of study in air conditioning and refrigeration systems offered by a trade school or technical college of recognized standing having at least a two year curriculum. This shall account for four years experience.

5. A Class "A" Air Conditioning and Refrigeration Contractor license may be assigned to only one firm, corporation or business at any time.

6. An applicant for a Class "B" Journeyman Mechanic license must furnish satisfactory proof of having at least four (4) years experience working in the field of installation and repair of air conditioning or refrigeration trade or show successful completion and graduation from an HVAC program at a state accredited trade school or college having at least a two-year standardized associate degree curriculum in air conditioning and refrigeration. Applicants who have completed said HVAC program shall be allowed to test.

7. Each applicant that has passed the examination shall furnish the Mechanical Inspection Division two bust pictures (passport type), 1 inch by 1½ inches in size. Requirement #7 shall not be required if application is made in person.

8. License Issue - Mechanical Inspection Division shall issue the appropriate license. Licenses issued in accordance with the provisions of this code shall not be assignable or transferable to any other person.

   Each license issued shall identify the name and address of the person to whom the license is issued, the date issued and the expiration date. Before any license is issued under this code the applicant must pay the fee required for such license as defined in this code.

SECTION 112 - EXAMINATIONS

112.1. - Examinations shall be held on dates as identified in the issued Candidate Information Brochure of the nationally recognized testing company under contract with the City of New Orleans.

112.2 - When a candidate passes the examination the appropriate license must be issued within 1 year. The license must be signed by the Director.

The license holder must have his license in his immediate possession at all times while performing the work for which he is licensed and shall display it upon demand.

All licenses shall be issued by the Mechanical Inspection Division.

112.3 - Re-examinations. If an applicant fails to make a passing grade on the examination, he is permitted to apply to be re-examined at the next regularly scheduled examination date. There is no limit to the number of examinations a candidate is allowed to take.

112.4 - Definition Of License Classifications.

Class "A" Air Conditioning and Refrigeration Contractor. Any person, firm or corporation engaging in the business of installing or contracting to install or repairing or contracting to repair air conditioning, refrigeration or any mechanical equipment associated with the refrigeration process.

Class "B" Journeyman Mechanic. Any person engaged in the trade of installing or repairing air conditioning and/or refrigeration equipment, materials or apparatus. A Class "B" Journeyman Mechanic must be employed by and work under the supervision of a Class "A" Air Conditioning and Refrigeration Contractor.

112.5 - License Revocation Or Suspension. Licenses issued under this code may be revoked or suspended for reasons defined in this code. However, the Director may find that the public health, safety & welfare will be adequately protected by a warning or a suspension for a

definite period of time not to exceed two years. Upon such finding the Director shall issue such warning or order such suspension. Upon revocation, the Mechanical Inspection Division shall not accept an application for a new license or a renewal within two (2) years from the date of such revocation unless a shorter time period is granted at the discretion of the Director based on the circumstances of the revocation or suspension.

If an Air Conditioning and Refrigeration Contractor license is suspended or revoked, a new license shall be issued to such person only after application as a new applicant, and passing the required examination.

112.6 - Revocation Or Suspension Reasons.

1. Interfering, impeding, or obstructing the legal operation of, or intentionally damaging, any item governed by this Code. In addition, threatening, abusing, insulting, interfering with, impeding or obstructing any individuals in connection with the operations or inspections of any equipment regulated by this code, or the administration of this Code.
2. Violating, either willfully or maliciously, or by reason of incompetence, any provision of this code.
3. Conviction of any offense involving the defrauding of any person for whom a service has been rendered or contracted to be rendered under this chapter.
4. Fraud or misrepresentation in obtaining a license or permit.
5. Conviction of drunkenness or the use of narcotics.
6. Adjudication of insanity.
7. Securing a permit for mechanical work not actually performed by the Class "A" Air Conditioning and Refrigeration Contractor or by certified employees under his control, supervision, direction and responsibility.
8. Securing a permit under any pretext for an installation concerning which the applicant has no valid contract.
9. Performing any air conditioning or refrigeration work as defined herein for which no mechanical permit has been obtained.
10. Refusing to finish work for which a permit was taken and for which payment was accepted.
11. False, misleading or deceptive advertising.
12. Any medical reason wherein a physician's medical opinion is provided to the Director indicating the person certified is unable to satisfactorily perform the duties and functions expected of a Class "A" Air Conditioning and Refrigeration, or a Class "B" Journeyman Mechanic license holder, and any further performance in the air conditioning or refrigeration field as a result of present continued activity or any future license renewal would be a danger to himself and endanger the life and property of others.

112.6.1 - License Renewal. The Director may withhold the renewal of any license by the same process used for revocation or suspension of issued licenses, as described in this Code.

112.7 - Code Violation Hearing. If needed, the Director shall initiate a hearing, in conjunction with the Building Official or the Chief Mechanical Inspector to review a code violation the Chief Mechanical Inspector has determined to exist, that would effectuate any license issued by the Mechanical Inspection Division to be suspended or revoked.

112.8 - Notice Of Hearing. Any time the Director is shown the existence of one or more violations that are grounds for revocation, or there is filed with the Mechanical Inspection

Division a complaint of any person alleging the existence of any such violations, and if the Director has determined these grounds to be valid, it shall be his duty to serve upon the alleged violator a notice of the alleged grounds for revocation. The notice shall be served upon the holder of the license stating the time, date, and place of a violation hearing. The written notice shall be served not less than 15 days prior to the hearing. The notice shall enumerate the cause or causes for suspending or revoking the license. The notice may be mailed by regular and registered or certified mail to the holder of the license at the address of his place of business as given by him on his application for the license, or it may be served on him in person by a Police Officer or employee the Mechanical Inspection Division of the Department of Safety and Permits. The alleged violator shall have the right to appear at such hearing, be represented by counsel, produce evidence, and cross-examine witnesses. If after such hearing, it is determined that one or more of the above grounds do exist for suspension or revocation, the Chief Mechanical Inspectors final action shall be coordinated with the Building Official or the Director. The Chief Mechanical Inspector shall enter a written finding to the Director of the Department of Safety and Permits.

112.9 - Legal Advisor. The City Attorney shall be legal advisor to the Director.

112.10 - Appeal Procedure. An appeal from this decision may be taken to the Board of Building Standards and Appeals within ten (10) days of written notification to the appellant.

SECTION 113 - INSURANCE

Before a Class "A" Air Conditioning and Refrigeration Contractor license is issued (initial) or re-issued (renewal), each certified Class "A" Air Conditioning and Refrigeration Contractor must provide evidence of the following to the Director when he registers with the Mechanical Inspection Division.

113.1 - Minimum Insurance Requirements.

1. Workers' Compensation Insurance in accordance with Louisiana state law.
2. Comprehensive general liability insurance coverage with limits of not less than $500,000 per occurrence for bodily injury and $250,000 per occurrence for property damage, with coverage extended as follows:
   a. Operations-premises liability;
   b. Independent contractor's liability-broad form;
   c. Contractual liability - broad form;
   d. Completed operations and products liability.

   All such insurance shall be issued by a company duly registered and/or authorized to write such insurance in the State of Louisiana. Compliance with this section shall be considered as having been met when a copy of the policy or a certificate of insurance has been filed with and approved by the Department of Safety and Permits. Such policy shall include an endorsement thereon that the Department of Safety and Permits will be notified at least 10 days in advance in the event the policy or policies are canceled or permitted to lapse by not renewing before the expiration date of the certificate.

SECTION 114 - FEDERAL IDENTIFICATION NUMBER AND OCCUPATIONAL LICENSE

Before a Class "A" Air Conditioning and Refrigeration Contractor license is issued (initial) or re-issued (renewal), each certified Class "A" Air Conditioning and Refrigeration Contractor must provide his Federal Identification (ID) number and his City of New Orleans Occupational License Number or Certificate of Registration Number to the Director when he registers with the Mechanical Inspection Division.

SECTION 115 - LICENSE FEES

(A) To register a license an applicant shall pay the applicable fee as follows:

1. Class "A" Air Conditioning and

	Refrigeration Contractor	$125.00
2.	Class "A" Air Conditioning and Refrigeration Contractor (Inactive)	$30.00
3.	Class "B" Journeyman Mechanic	$60.00

(B) Fees for license registration shall be remitted to the Mechanical Inspection Division and made payable to the "City of New Orleans."

115.1 - Payment Of Fees: Dates For Renewal Of Active Licenses. The registration fee shall be paid at the time the application is presented for the initial or renewal license issuance.

The Class "A" Air Conditioning and Refrigeration Contractor License shall expire on the applicant's date of birth. The renewal registration fee for the Class "A" Air Conditioning and Refrigeration Contractor is due and payable to the "City of New Orleans" on the first regular day of business after the applicant's date of birth. No license renewal shall be issued unless all work specified on permit(s) filed more than three months prior to the applicant's date of birth has been completed, or a written reason, sufficient to the Director, has been submitted and approved, indicating why the job installation(s) remains incomplete.

A single license shall be issued to any contractor applicant successfully satisfying all of the requirements of the City for both of the trades of Class "A" Master Gasfitter and Class "A" Air Conditioning and Refrigeration Contractor. His issued license shall be known as the "Dual Contractor License". The "Dual Contractor License" shall also expire on the applicant's date of birth. Application and renewal fees for the "Dual Contractor License" shall be submitted to the Director prior to the first regular day of business after the applicant's date of birth.

Application and renewal fees for the Air Conditioning and Refrigeration Contractor license shall be submitted to the Director prior to the applicant's date of birth.

License holders may choose between one-year and two-year renewal periods.

1. The renewal fee for a one-year renewal shall be due annually on the first regular business day after the applicant's date of birth.
2. The renewal fee for a two-year renewal shall be due biennially on the first regular business day after the applicant's date of birth.

Should a Class "A" Air Conditioning and Refrigeration Contractor fail to renew his license prior to the first regular day of business after his date of birth, or fail to complete the work specified on his permit(s) issued more than three (3) months prior to his date of birth, a delinquent fee of $10.00 per month shall be added to the renewal fee beginning on the first regular day of business after his date of birth.

No permit application shall be processed, nor shall any permit be issued to any applicant who has not been issued a current valid license for the year of the permit application.

Failure to renew a Class "B" Journeyman Mechanic license prior to the first regular day of business after his date of birth shall require a delinquent fee of $5.00 per month added to the renewal fee beginning on the first regular day of business after his date of birth.

Failure to renew any Class "A" Air Conditioning and Refrigeration, or Class "B" Journeyman Mechanic expired licenses within a one year period shall require a new application and re-examination and shall be considered as a new applicant.

SECTION 116 - INACTIVE LICENSE

A Class "A" Air Conditioning and Refrigeration Contractor, who so desires may, by written request to and approval of the Director, change his license to an inactive status. The Class "A" Air Conditioning and Refrigeration Contractor may continue his inactive status by paying an annual renewal fee of $25.00. The inactive Air Conditioning and Refrigeration license expires on the applicant's date of birth of the year of issue. The inactive status

license must be renewed each year and the Director must be notified in writing that the contractor desires to remain in the inactive status for the ensuing year.

The Class "A" Air Conditioning and Refrigeration Contractor may revert his license back to an active status by a written request to and approval by the Director. Reverting the license back to the active status requires the payment of the full active fee as required in this Code.

No Class "A" Air Conditioning and Refrigeration Contractor shall engage in the business as an air conditioning or refrigeration contractor while his license is in an inactive status. An inactive license holder can, however engage in air conditioning and refrigeration work under the supervision of an active first class license holder.

Only one Air Conditioning and Refrigeration Contractor status change to inactive shall be allowed in any twelve (12) month period.

SECTION 117 - PROHIBITION AGAINST LICENSE TRANSFER

No Class "A" Air Conditioning and Refrigeration Contractor shall assign or in any way convey his license to anyone by power of attorney or any other process or become involved in any type of agreement, assignment or use whereby he will not have supervision, direction, control or responsibility for the air conditioning and/or refrigeration work for which he has obtained a permit from the Mechanical Inspection Division of the Department of Safety and Permits.

No Class "B" Journeyman Mechanic shall assign or in any way convey the use of his license, or any rights thereunder, to anyone by power of attorney or any other process.

SECTION 118 - AIR CONDITIONING AND REFRIGERATION CONTRACTORS' AND OWNER'S RESPONSIBILITIES

118.1 - The Class "A" Air Conditioning and Refrigeration license holder shall keep on file with the Director, a letter designating which person, partnership, firm or corporation he represents. He shall notify the Director within 10 days of any status change. The Class "A" Air Conditioning and Refrigeration license holder shall represent only one person, partnership, firm, or corporation.

118.2 - Every Class "A" Air Conditioning and Refrigeration Contractor, certified in accordance with these regulations, shall be responsible for any defects of construction installed by him until such time as a Certificate of Approval has been issued by the Director. Also, any and all defects (discrepancies) that may have been concealed by such Class "A" Air Conditioning and Refrigeration Contractor and discovered after a Certificate of Approval has been issued shall be the responsibility of and corrected by said Class "A" Air Conditioning and Refrigeration Contractor.

After the issuance of the Certificate of Approval by the Director, the person, firm or corporation in whose name the utility service is contracted for, shall be responsible for any and all defects.

SECTION 119 - DISPLAY OF AIR CONDITIONING AND REFRIGERATION CONTRACTOR'S SIGN

Every location where the installation of air conditioning and/or refrigeration work or any work of a mechanical nature is being done, shall have displayed in a conspicuous place, a sign giving the name and address of the person, firm or corporation doing the air conditioning and/or refrigeration work. The sign shall include the license number, name, address and telephone number of the person, firm or corporation and the words "CLASS "A" AIR CONDITIONING AND REFRIGERATION CONTRACTOR" in letters not less than two (2) inches high. Failure to display such sign by the installing Class "A" Air Conditioning and Refrigeration contractor or the display of such a sign by other than duly certified Class "A" Air Conditioning and Refrigeration Contractors shall constitute an attempt to circumvent the safety and welfare of the general public and shall be in violation of this Code.

119.1 - Every Class "A" Air Conditioning and Refrigeration Contractor shall permanently install a sign on each work vehicle utilized in

the performance of his duties and responsibilities as a Class "A" Air Conditioning and Refrigeration Contractor as defined in this Code. The vehicle sign shall contain the license number of the Class "A" Air Conditioning and Refrigeration Contractor, the name, address and the telephone number of the person, firm or corporation, in letters not less than two (2) inches high.

119.2 - Public Advertising Or Advertisement Of Services.

1. Every Class "A" Air Conditioning and Refrigeration Contractor advertising or proposing to advertise to the general public for the purposes of obtaining any of the types of air conditioning and/or refrigeration work, in Orleans Parish, as defined in this Code, shall provide his license number, the name, address and telephone number of the person, firm or corporation.
2. Advertising for the purposes of obtaining work in Orleans Parish as defined in this Code, by any person other than a certified Class "A" Air Conditioning and Refrigeration Contractor shall constitute an attempt to circumvent the general health, welfare and safety of the public and shall constitute a violation of this Code.
3. The display of such a sign or advertising for the purposes of obtaining work by any person other than a duly certified Class "A" Master Gasfitter Contractor shall constitute a violation of this Code.
4. Deceptive or false advertising shall constitute an attempt to circumvent the general health, welfare and safety of the public and shall constitute a violation of this Code.

SECTION 120 - BOILERS, HEATING SYSTEMS AND UNFIRED PRESSURE VESSELS

120.1 - All power boilers and low pressure heating boilers shall be inspected annually.

EXCEPTIONS:

1. This Section shall not apply to boilers, heating systems or unfired pressure vessels in marine or railroad service, which is under the inspection regulations of the United States Government.
2. This Section shall not apply to low-pressure boilers, low-pressure hot water or steam heating systems and hot water supply systems located in a private residence or dwelling of two (2) families or less.
3. This Section shall not apply to any unfired pressure vessel of 35 gallons capacity or less or any vessel designed for pressures not exceeding 250 psi provided they comply with the rules for construction and installation in this Code and are stamped as required by ASME B31.9.

120.2 - All unfired pressure vessels over 35 gallons shall be inspected at least once annually.

120.3. All boilers, heating systems or unfired pressure vessels shall be inspected by the Director during their installation.

120.4 - The owner or user shall apply a hydrostatic test to a boiler, heating system or unfired pressure vessel when advised to do so by the Director.

SECTION 121 - ANNUAL OPERATING CERTIFICATE FEES AND PERMITS

121.1 - The following fees shall be charged annually:

Boilers thru 20 HP	$20.00
Boilers 21 HP thru 100 HP	$25.00
Boilers over 100 HP	$30.00
Unfired Pressure Vessels which cannot be inspected internally	$15.00
Unfired Pressure Vessels which can be inspected internally	$20.00

121.2 - Every person, firm or corporation proposing to install or repair boilers, heating systems, hot water supply systems or unfired pressure vessels shall file a written request for a permit with the Director and pay the following fees:

Boilers - 1 thru 10 HP	$25.00
Each additional HP.	$3.00
Unfired Pressure Vessels not designed for internal inspections.	$20.00
Unfired Pressure Vessels designed for internal inspections thru 200 gallons nominal fluid capacity	$25.00
Over 200 gallons, each additional 100 gallon capacity.	$35.00
Repairs for the first $1,500.00 of cost.	$35.00
Each $1,000.00 over the first $1,500.00 or part thereof	$10.00

Permits obtained after installation has begun shall pay the regular fee plus a penalty fee of five (5) times the regular fee amount.

SECTION 122 - REVOCATION OF CERTIFICATES

When a boiler, heating system or unfired pressure vessel is found to be in a dangerous condition and its continued operation would be a source of danger to life and property, the Director shall immediately revoke the Certificate of Approval and the owner or user shall be ordered to cease operating same immediately. If the owner or user refuses to comply with the order, the Director shall have the authority to order the Utility Company to disconnect the service from the building, premises or structure where the dangerous boiler, heating system or unfired pressure vessel is being operated.

SECTION 123 - SPECIAL EVENTS AIR CONDITIONING AND REFRIGERATION

A Special Event shall include, but not be limited to fairs, festivals, carnivals, circuses, road shows, trade shows, concerts, displays, expositions and/or such other functions with a temporary status generally taking place outdoors and/or indoors at a permanent location or building utilizing the electrical service at that location or building to power the temporary installation of air conditioning and/or refrigeration equipment or other mechanical equipment to support the Special Event. This includes the temporary installation of air conditioning and/or refrigeration equipment or other mechanical equipment of any description to be powered by the use of self-generated electrical equipment either rented or owned by any of the types of Special Event. A permit is required for the Special Event temporary installation air conditioning and/or refrigeration or other mechanical equipment of any description. All Certificates of Approval issued for the Special Events air conditioning and/or refrigeration equipment or mechanical equipment of any description may be revoked at the discretion of the Director if the continued use of such mechanical equipment for the Special Event is deemed unsafe and not in the interest of the safety, health and welfare of the general public for which the event was initially allowed.

SECTION 124 - DISCONTINUANCE OF UTILITY SERVICES

(A) Whenever the Director determines the construction, repair or installation of any air conditioning and/or refrigeration system, or power source, or mechanical equipment at any municipal address or location to be in an unsafe, dangerous, hazardous or perilous condition and imminently threatening to the safety, health and welfare of the users, occupants or the general public, immediate notification shall be given to the utility company to disconnect the meter or remove any utility service to the building or location. No utility service shall be resumed until the necessary corrections have been completed as required by this Code.

(B) Whenever, in the opinion of the Director, any air conditioning and/or refrigeration installation of mechanical equipment or

power source in any building or any mechanical construction, installation, or repair work has been installed or is being used in violation of this Code or is being used in violation of the use provisions of the Comprehensive Zoning Ordinance, as interpreted by the Director in his authority pursuant to the City of New Orleans Home Rule Charter, the Director shall send written notice to the person, firm or corporation responsible for the violation(s) to correct such condition(s) within the time specified in the written notice. This period may not be extended except by written permission from the Director.

Failure to comply with this notice shall empower the Director to:

1. File charges in the Municipal Court of the City of New Orleans; and/or
2. Seek relief through Civil District Court or another Court of competent jurisdiction; and/or
3. Notify, as provided in Chapter 6, Article II, of the Code of the City of New Orleans, the owner of record to appear before an Administrative Hearing Officer to show cause why the said owner and/or person should not be adjudicated as a violator.

If the above Courts and/or Administrative Agency determines that the owner and/or person is in violation of the provisions of this Code or the use provisions of the Comprehensive Zoning Ordinance, as interpreted by the Director in his authority pursuant to the City of New Orleans Home Rule Charter, and such violations have not been corrected within the time period stipulated by the judge or hearing officer, the Chief Mechanical and/or Chief Electrical Inspector shall have authority to order the service of the utility company to be discontinued until such time the violations have been corrected. When the violations have been corrected and the location is re-inspected by the Director, he shall notify the utility company in writing that the utility service(s) may be reconnected. Corrections of all such violations must be performed by licensed contractors.

(C) If any premises or location has been without gas service or electrical power for a period exceeding six (6) months, a permit must be obtained and a re-inspection made prior to the connection of any utility service.

SECTION 125 - WORK BY OTHER THAN MECHANICAL CONTRACTORS

No person, firm or corporation, erecting, repairing, or altering buildings, erecting signs, altering, changing or installing plumbing or engaged in any other work, shall close in or conceal any wiring or raceway, nor cut, break, destroy, disconnect or in any other manner interfere with the arrangements of any air conditioning and/or refrigeration equipment whether inside or outside of any building or premises without receiving a permit from the Director. Before such permit will be issued, said person, firm or corporation shall provide the Director with a written notice at least forty-eight (48) hours before such contemplated work is to commence. The work of altering, changing or disconnecting such air conditioning and/or refrigeration equipment, by other than a mechanical contractor, must be done under the supervision of a Class "A" Air Conditioning and Refrigeration Contractor.

SECTION 126 - EXTRA INSPECTIONS FEES

(A) *Extra Inspection or wasted trip* - When any person, firm or corporation, after notice has been given to the Director, shall be found to have violated any of the requirements of this Code, or when through any such violation by any person, firm or corporation doing the work, it shall become necessary to make extra inspections because of a wasted trip, a fee of $75.00 shall be charged.

This charge is for each and any extra inspection made necessary as a result of blatantly incomplete work, inaccessibility to perform the inspection or for altera-

tions to work previously accepted. This fee is in addition to any regular required permit fees.

(B) *Fire Marshal Inspection* - When any person, firm or corporation requests a complete mechanical inspection of existing installations as ordered by and/or in compliance with the Louisiana State Fire Marshal Act, a fee of $25.00 shall be charged.

(C) *After Hour Inspections* - When any person, firm or corporation requests a mechanical inspection of any installed mechanical equipment to be performed at a time other than the regular designated working hours of the Mechanical Equipment Inspectors of the Department of Safety and Permits, the request and reason for the after hour inspection must be made to and approved by the Director prior to any inspector assignment. A fee of $175.00 shall be charged to the person, firm or corporation requesting this after-hour inspection. Payment of this fee must be made to the "City of New Orleans" within forty-eight (48) hours of the request for the inspection and is to be paid in addition to any regular required permit fees in this Code.

SECTION 127 - EXEMPTIONS

Nothing in this Code shall apply to companies regulated by the Louisiana Public Service Commission or the utility company where mechanical work is performed on the utility company property or on the supply side of any utility company meter.

SECTION 128 - BASIC STANDARDS

No air conditioning and/or refrigeration work shall be installed or placed in or on any building, structure or premises, unless this work is in conformity with approved methods of construction. Compliance with the regulations in the applicable safety codes shall be "prima facie" evidence of conformity with such approved methods.

All mechanical devices, fittings, materials, equipment, and appliances shall be those approved for the purpose for which they are used. Only such mechanical devices, fittings, materials, equipment, and appliances, that are constructed in conformity with their listing or labeled by a testing laboratory acceptable to the Director, shall be installed. The satisfactory listing or labeling of these devices, fittings, materials, equipment, and appliances shall be the "prima facie" evidence of conformity with the requirements of this Code.

128.1 - General - Storage Rooms And Mechanical Rooms. All Storage Rooms, Mechanical Rooms, Boiler Rooms, and other rooms containing electrical and/or mechanical equipment shall comply with Section 315 of the International Fire Code, as adopted by the City of New Orleans. Rooms shall not be used for general storage and shall be free and clear of all obstructions that may prevent access and maintenance.

SECTION 129 - STANDARD AIR CONDITIONING AND REFRIGERATION MATERIALS

Before any air conditioning and refrigeration material, appliance, or equipment is used, it shall be constructed in conformity with the current methods (to include, but not be limited to: Underwriters Laboratories, Inc. (UL), Factory Mutual (FM), Canadian Standards Association (CSA),American Gas Association (AGA) and others listed by the SBCCI Public Safety Testing & Evaluation Service, Inc. (PST & ESI) to insure safety to life and property.

SECTION 130 - ALTERNATIVE MATERIALS, METHODS AND EQUIPMENT

The provisions of this Code are not intended to prevent the installation or use of any material or to prohibit any method of construction not specifically prescribed by this Code, provided any such alternative has been approved by the Director. The Director shall approve any such alternative, provided he finds that the alternative for the purpose intended is at least the equivalent of that prescribed in this Code in quality, strength, effectiveness, fire resistance, durability and safety. The Director shall require that sufficient evidence or proof be submitted to substantiate any claim made regarding the alternative. The Director may recommend an

amendment to this Code in order to make permissible the use of said alternate. If in the opinion of the Director, the evidence and proof are not sufficient to justify approval or recommendation for an amendment, the applicant may refer the entire matter to the Board of Building Standards and Appeals as specified in Article 112 of the New Orleans Amendments to the International Building Code, as amended.

SECTION 131 - TESTS OF MATERIALS AND SYSTEMS OF CONSTRUCTION

Where new and/or alternative systems of construction, qualities of materials or tests are proposed for use, tests may be required by the Director. Such tests shall be made at the expense of the owner or his agent by a testing laboratory or other organization approved by the Director. When required by the Director, such tests shall be witnessed by him or his designee. The owner or his agent shall notify the Director of the time and location of all such tests so that he may be present. Certified copies of all test reports shall be filed with the Director for his final approval before the systems of construction or materials are used.

SECTION 132 - ELEVATORS, MOVING STAIRS AND DUMBWAITERS

132.1. - Each elevator, dumbwaiter, hoist, moving stair and chair lift, used or proposed to be used in this City, shall be inspected by the Director; if found to be suitable and to conform to the requirements of this Code, the Director shall issue the owner or user thereof, an inspection certificate. Such inspection certificate shall be valid for twelve (12) months from its date of issuance and shall be posted in a conspicuous place.

132.2 - The Director may at any time suspend an inspection certificate when, in his opinion, the elevator, moving stairs, dumbwaiter or hoist for which it was issued may not continue to be operated without danger to the public safety. Such suspension of an inspection certificate shall continue in effect until said elevator, moving stairs, dumbwaiter or hoist shall have been made to conform to the requirements of this Code.

132.3 - Not more than twelve (12) months shall lapse between inspections of elevators, moving stairs, dumbwaiters, hoists and other installations as listed in ANSI A17.1. Interval inspections as prescribed by ANSI A17.1 shall be "prima facie" evidence of compliance with this article.

SECTION 133 - FEES FOR ANNUAL OPERATING CERTIFICATES

For each elevator, moving stairs, dumbwaiter, hoist	$55.00

133.1 - Every person, firm or corporation proposing to install or repair elevators, moving stairs dumbwaiters, or hoists shall file a written request for an installation permit with the Director and pay the following fees:

For each elevator, moving stairs, dumbwaiter, or manlift (2 thru 10 floors).	$65.00
For each elevator, moving stairs, dumbwaiter, or manlift (over 10 floors).	$110.00
For each Workman's Hoist (passenger)	$270.00
For each Builders Hoist. . . .	$220.00

133.2 - The repair fees for elevators, moving stairs, or dumbwaiter shall be in accordance with this Code.

133.3 - Permits obtained after the installation has begun shall be the listed permit fee plus a penalty fee of five (5) times the listed fee for such work.

SECTION 134 - INSPECTION BY LICENSED INSURANCE COMPANIES

134.1 - Commissioned Inspectors. All inspections required on insured boilers, unfired pressure vessels, refrigeration and/or air conditioning systems and water heaters may be conducted by licensed insurance company inspectors, subject, however, to certain conditions hereinafter set forth. The burden of proving that these conditions have been fulfilled is incumbent on the licensed insurance company.

Any insurance company licensed by the State of Louisiana to inspect and insure boilers, unfired pressure vessels, refrigeration and/or air conditioning systems and water heaters may make application to the Director to have inspectors employed by said insurance companies commissioned as Special Inspectors of the City of New Orleans. Such inspectors shall receive no salary or remuneration of any kind from, nor shall any of their expenses be paid by the City of New Orleans.

The duration of the commissioned Special Inspector shall be conditioned upon his continued employment with the licensed insurance company making the original application, and upon said insurance company's maintenance of the standards required of this Code. The Special Inspector Commission is issued for only one licensed insurance company. The Special Inspector shall notify the Director of any change in status of his employment within 10 days of the change.

All applicants for a Special Inspector's Commission to inspect boilers, unfired pressure vessels, refrigeration and/or air conditioning systems and water heaters shall hold a *Boiler and Pressure Vessel Inspector Commission* issued by the National Board of Boiler and Pressure Vessel Inspectors.

Any licensed insurance company desiring to qualify an inspector under the provisions of this Article must maintain a regular inspection service in the City of New Orleans and must have at least one duly commissioned Special Inspector.

Every licensed insurance company employing these Special Inspectors shall furnish the Director an inspection report of all mechanical equipment insured and inspected by them, the location of the equipment, the owner or user of the equipment and the date the present inspection certificate on the equipment expires. The report list shall include any added or deleted equipment from the submitted report of the previous year.

Inspections of all boilers, heating systems, unfired pressure vessels, air conditioning and/or refrigeration systems and water heaters, when such objects are insured and inspected as required by this Code. Equipment inspected by an inspector employed by a licensed insurance company and commissioned by the Director as a Special Inspector, will be accepted. This equipment will be exempted from City inspections upon the payment of applicable inspection fees. The inspection of the initial installation of the above objects shall be made by the Director and the inspection fees shall be paid to the City by the owner or user as required. The inspection of all replacement installations which requires the Director's approval of plans and specifications shall also be made by the Director and the applicable inspection fees shall be paid to the City by the owner or user.

134.2 - Fees. For Commercial and Industrial installations, the licensed insurance company shall collect for the City of New Orleans a $10.00 annual certificate fee for each insured boiler, unfired pressure vessel, refrigeration and/or air conditioning system or other insured equipment and a $5.00 annual certificate fee for each water heater.

The fee shall be paid by the owner or user of such insured equipment. These fees shall be made payable to "The City of New Orleans" and submitted to the Mechanical Inspection Division at the time the annual data inspection report is filed with the Director. On all refrigeration and/or air conditioning systems, no exemption from City inspections shall be granted or recognized unless the complete and entire system, exclusive of the prime mover, is insured and inspected.

Special Inspectors shall make all inspections as required by this Code. The inspection reports furnished to the Director shall be on appropriate ASME or National Board of Boiler and Pressure Vessel Inspectors forms or any other form prescribed by the City of New Orleans.

If an inspection report indicates that violations of this Code exist, the licensed insurance company shall cause those violations to be corrected. If said violations are not corrected within thirty (30) days, the licensed insurance

company shall report the violation to the Director and he shall cause those violations to be corrected and shall collect from the owner or user the City inspection fee as prescribed within this Code.

If the licensed insurance company fails to inspect and file with the Director a complete report of inspection of the insured boiler, heating system, unfired pressure vessel, mechanical amusement device, air conditioning and/or refrigeration system and water heater within a thirty (30) day period after the expiration date of the last issued certificate on the described objects, an inspection of the described objects shall be made by City inspectors and City inspection fees, as prescribed in this Code shall be collected from the owner or user.

The licensed insurance company shall notify the Director immediately whenever an inspection indicates an unsafe, dangerous or hazardous condition.

The licensed insurance company shall also notify the Director within thirty (30) days on an appropriate ASME or National Board of Boiler and Pressure Vessel Inspector form or form prescribed by the City of New Orleans of all new insurance and discontinuance in insurance on boilers, heating systems, unfired pressure vessels, refrigeration and/or air conditioning systems, and water heaters. If said companies or inspectors fail to comply with the above conditions and requirements, the Director may suspend or revoke commission inspection privileges granted hereunder.

SECTION 135 - STATIONARY ENGINEER

It is unlawful for a person, owner, occupant, firm, partnership, association, or corporation having control or management of any building, structure or plant, to operate or permit to be operated any boiler, steam engine, internal combustion engine, refrigeration and/or air conditioning equipment, in the City of New Orleans without a properly qualified person having the necessary license on the premises at all times while such stationary equipment is in operation.

The exact location of the building, structure or plant shall be indicated on the face of the issued license and this issued license shall be limited to that indicated location only.

Upon failure to comply with the above, thereby creating an unsafe and dangerous condition for the general public, the Director, shall notify the owner in writing to correct such condition within 10 days. This period may not be extended except by written permission from the Director of the Department of Safety and Permits. Upon failure to comply with this notice, the respective Electrical and/or Mechanical Division Chiefs shall request the Utility Company to discontinue either the electric and/or gas service, until such time that a person with a valid license is operating the stationary equipment in the discrepant building, structure or plant. If the utilities have been discontinued, and license compliance has been completed, either the Chief Electrical Inspector or the Chief Mechanical Inspector, or both, shall notify the Utility Company that electric and/or gas service may be restored. (See Sections 153 and 154 of this code for exemptions to these requirements)

SECTION 136 - DEFINITIONS AND REFERENCES

The air conditioning and refrigeration tonnage referred to in this Code shall be in accordance with the most current edition of ASHRAE Standard 15. See Section 104.7 for additional definitions.

SECTION 137 - EQUIPMENT AND SYSTEMS REQUIRING STATIONARY ENGINEERS AND CLASSIFICATION OF LICENSES

137.1 - A First Class License is required for an operator to operate the following:

1. Boilers - unlimited.
2. Steam engines - unlimited.
3. Internal combustion engines - unlimited.
4. Refrigeration and/or air conditioning systems using Group A1, B2 Refrigerants - unlimited.

A Second Class License shall be required for any operator to oversee or manage any of the above equipment under the direct supervision and guidance of a First Class Engineer. The First Class Engineer must be continuously available to advise the Second Class Engineer(s) whom he supervises.

137.2 - A Second Class License is required for an operator to operate the following:

1. Boilers up to 150 horsepower.
2. Steam engines up to 150 horsepower.
3. Internal combustion engines up to 150 horsepower.
4. Refrigeration and/or air conditioning systems using Group A1, B2 Refrigerants; up to 200 tons, but not more than 15 systems.
5. Air Conditioning systems using Group A1 Refrigerants; up to 200 tons but not more than 15 systems, maximum size of any individual unit 60 tons.

A Third Class License shall be required for any operator to oversee or manage any of the above equipment under the direct supervision and guidance of a Second Class Engineer.

The Second Class Engineer must be continuously available to advise the Third Class Engineer(s) whom he supervises.

137.3 - A Third Class License is required for an operator to operate the following:

1. Boilers up to 75 horsepower.
2. Steam engines up to 75 horsepower.
3. Internal combustion engines up to 75 horsepower.
4. Refrigeration and/or air conditioning systems using Group A1, B2 Refrigerants, up to 100 tons.

SECTION 138 - ANNUAL LICENSE REGISTRATION FEES

138.1 - Stationary Engineers License. Every applicant for a license, either upon the original application or for a renewal thereof, shall be required to pay the following registration fees:

First Class Operating Engineer's License

1.	Active status	$55.00
2.	Duplicate issue . .	$55.00
3.	Inactive status. . .	$25.00

Second Class Operating Engineer's License

1.	Active status	$40.00
2.	Duplicate issue . .	$40.00

Third Class Operating Engineer's License

1.	Active status	$35.00
2.	Duplicate issue . .	$35.00

138.3 - Examination Registration. Every examination application for an Operating (Stationary) Engineer or Hoisting and Portable Engineer shall be made on forms furnished by the nationally recognized testing company under contract with the City of New Orleans. Examination fees shall be charged for each examination and must be paid in advance of the examination to the nationally recognized testing company under contract with the City of New Orleans.

The minimum passing grade for a stationary engineer or a hoisting and portable engineer is 70 percent. The examinations are identified in the issued brochure and administered by the nationally recognized testing company under contract with the City of New Orleans.

If an applicant fails to make a passing grade on the examination, he is permitted to apply to be re-examined at the next regularly scheduled examination date. There is no limit to the number of examinations a candidate is allowed to take.

SECTION 139 - ACCEPTANCE OF OTHER TESTING AGENCY CERTIFICATION

139.1 - Any Stationary Engineer that has passed the examination of and received certification by The National Institute for the Uniform Licensing of Power Engineers, Inc. (NIULPE), for any of the levels of classifications listed in Section 137 will be acknowledged and recognized by the Mechanical Inspection

Division of the Department of Safety and Permits in lieu of the requirement of an additional examination by the nationally recognized testing agency under contract with the City of New Orleans. The applicant must provide documented evidence of his declared education or training for approval. The level of category and classification shall be determined by the Director. If approved, the Stationary Engineer License will be issued upon presenting the NIULPE certificate, completion of the necessary application forms of the Mechanical Inspection Division and payment of the applicable license registration fee.

139.2 - NCCCO - Testing Agency For Cranes.

SECTION 140 - ACCEPTANCE OF OTHER JURISDICTIONAL CERTIFICATION

The Mechanical Inspection Division of the Department of Safety and Permits will extend to any mechanical contractor, operating engineer or hoisting and portable engineer, that is licensed by another jurisdictional authority, the recognition and acceptance of his certification without the requirement of additional examination provided that the jurisdiction requires passing of an examination given by a nationally recognized testing agency before issuance of license. If approved by the Director, the applicant shall present a copy of his license for the City of New Orleans files and complete the necessary applications as set forth by the Mechanical Inspection Division of the City of New Orleans. The applicant shall pay the appropriate fee for the classification of license for which he is applying. This extended license registration offer does not apply to marine or railroad engineers or any type or classification of engineer not specifically approved by the Director.

SECTION 141 - EXAMINATION FEES

Examination fees are determined by the nationally recognized testing agency under contract with the City of New Orleans.

SECTION 142 - ISSUANCE OF MULTIPLE LICENSES

The Mechanical Inspection Division shall issue a maximum of only one additional or second, license to any successful applicant upon written request to the Director. Payment of an amount equal to the cost of the issuance of the first license shall apply. The issuance of this additional, or second, license shall be available to any First (1st) Class, Second (2nd) Class, or Third (3rd) class stationary engineer (in all classifications) for the purposes of second employment, as long as the second employment is not in conflict with this Code. A "duplicate" license shall be issued only in the event that the applicant is employed at a second location and the exact location of the second employment shall also be indicated on the face of the license.

The issuance of this additional, or second, license shall be affixed with the identical endorsements as the first (original) issued license and the face of the additional, or second, license shall be prominently identified with the word "DUPLICATE". Each additional, or second, license shall expire on the same day as the first (original) issued license. The Director shall not issue any additional or "DUPLICATE" licenses with an inactive status. The "DUPLICATE" license issue is not to be used for split time service by the engineer employed by persons, firms or corporations that own or are in charge of properties at multiple locations. The "DUPLICATE" license does not apply to the Special Operators.

SECTION 143 - RENEWAL OF LICENSE

143.1 - Each license evidencing the necessary satisfactory qualifications of the applicant, according to the classifications stated thereon shall expire on the applicant's birth date, and must be renewed annually in order to permit the holder thereof to engage in the profession, trade or calling of Stationary Engineer or Hoisting and Portable Engineer in the City of New Orleans, according to the classification stated on said license. Each applicant shall furnish, to the Mechanical Inspection Division, two photographs (passport type), 1 in. × 1½ inches in size, at the time of applying for the initial license issuance or for license renewal. The photographs shall have been taken within a three (3) month period prior to the date it is affixed to the issued license.

143.2 - Inactive License. First class engineers not actively pursuing or involved in the practice of their trade as a Stationary Engineer may request, at their next renewal date, that their license be placed in an inactive status. The inactive license status shall apply only to a first class license holder. The fee for the issuance of the inactive license shall be in accordance with this Code. Licenses may be placed on an inactive status only on the date of renewal and only once during any twelve month period. The face of the inactive license shall be affixed with the identical endorsements as the active license and the face of the license shall be prominently identified with the word inactive. The inactive license may be reverted back to the active status at any time; however the full fee for the issuance of an active license will be required, in accordance with this Code. Inactive licenses do not apply to Hoisting and Portable Engineers or Special Operators.

143.2.1 - The first class engineers request to make any status change of his license shall be made in writing to the Director. All license status changes shall be coordinated with and approved by the Director, and become a part of the license holder's history record. The initial issuance of any first class stationary engineer's license shall always be with an active status. The new inactive license shall have the same expiration date as the original active license. No inactive status license shall be approved or issued by the Director for any additional, or second, license issue, in accordance with this Code. There shall be no limit to the number of years a Stationary Engineers license may remain in the inactive status.

143.2.2 - A first class stationary engineer in control of or operating any type of equipment while their current license is inactive will be in violation of this Code.

SECTION 144 - FAILURE TO RENEW LICENSE

License renewal is due on the first regular day of business after the applicant's birth date. Each applicant failing to make a timely application for renewal of his license shall pay a delinquent fee of $5.00 for each month or part thereof that his license is delinquent, to a maximum of two (2) years.

If a Stationary Engineer or Hoisting and Portable engineer's license has expired for a period in excess of two (2) years after their issue date or renewal date, a re-examination is required. Any justifying excuse acceptable to the Director shall be considered to approve the payment of the delinquent fees in lieu of the re-examination requirement.

If a Special Operator license holder has been expired for a period in excess of two (2) years, re-examination is required.

SECTION 145 - QUALIFICATIONS OF APPLICANTS

A citizen in the United States, over the age of 18 years, may apply for an examination as indicated in this code. The applicant, however, must have served the necessary apprenticeship requirements, and must comply with the following qualifications. All applicants must furnish one (1) letter of reference, and one (1) personal request letter. The letter of reference should be from the applicant's present or former employer, attesting to his experience and competence. The personal request letter must be addressed to the Director indicating the classification and desired type of equipment for which he wishes to be examined.

SECTION 146 - EXPERIENCE REQUIREMENTS

146.1 - An applicant for a license as a first-class engineer shall be an operating engineer, with four (4) years of practical experience in the management, operation or construction of steam engines, boilers, internal combustion engines, refrigeration or air conditioning equipment except that those who are graduates of a recognized technical college or a graduate of a U.S. Department of Labor recognized apprenticeship training school, are required to have two (2) years of practical experience.

146.2 - An applicant for a license as a second-class engineer shall be an operating engineer, having at least three (3) years of practical experience in the management, operation or

construction of steam engines, boilers, internal combustion engines, refrigeration or air conditioning equipment; except that those applicants who are graduates from a recognized technical college, trade school or a graduate of a U.S. Department of Labor recognized apprenticeship training school, are required to have one and one-half (1½) years of practical experience.

146.3 - An applicant for a license as a third-class engineer shall have at least 2 years experience as an apprentice or junior engineer or fireman, etc., except that graduates of a recognized technical college, trade school or a graduate of a U.S. Department of Labor recognized apprenticeship training school, are required to have one (1) year of practical experience.

146.4 - An applicant for a Special Operator license to operate boilers, steam or internal combustion engines specified in this Code, shall be an operating engineer, having at least 2 years practical experience as an apprentice in the operation of steam engines, boilers, or internal combustion engines. Applicants for a Special Operator licenses coming under the classifications of this Code must, to the satisfaction of the Director, establish their familiarity with the operation of the equipment in their care.

146.5 - An applicant for a license to operate all HOISTING AND PORTABLE equipment as defined in this Code, must have at least two (2) years experience. Applicants for licenses coming under the classifications of this Code must, to the satisfaction of the Director, establish their familiarity with the type of equipment they are to operate. Hoisting and Portable applicants must furnish one (1) letter of reference, and one (1) personal request letter. The letter of reference should be from the applicant's present supervisor verifying the particular type(s) of equipment to be operated. The personal request letter must be addressed to the Director, specifying the particular type(s) of equipment for which the applicant wishes to be examined.

SECTION 147 - VALIDITY OF LICENSES

All licenses as provided for in this Code must bear the signature of the Director in order to be valid.

SECTION 148 - LICENSE SUSPENSION OR REVOCATION

Licenses issued under this code may be revoked or suspended for reasons defined in this code. However, the Director may find that the public interest will be adequately protected by a warning or a suspension for a definite period of time not to exceed two years. Upon such finding the Director shall issue such warning or order such suspension. Upon revocation, the Mechanical Inspection Division shall not accept an application for a new license or a renewal within two (2) years from the date of such revocation, except for medical recovery supported by a physician's report, after The Director's review and approval. A shorter time period may be granted at the discretion of the Director based on the circumstances of the revocation or suspension. If any stationary engineer or hoisting & portable license is suspended or revoked by the Director, a new license shall be issued to such person only after application as a new applicant, and passing the required examination.

148.1 - Revocation Reasons.

1. Violating on more than one occasion, either willfully of maliciously or by reason of incompetence, any provision of this code.
2. Fraud or misrepresentation in obtaining a license.
3. False or deceptive advertising.
4. Conviction of drunkenness or the use of narcotics.
5. Adjudication of Insanity.
6. Any medical reason wherein a physician's medical opinion is provided to the Director indicating that the person certified is unable to satisfactorily perform the duties and functions expected of a Stationary Engineer, Hoisting and Portable

Engineer or Special Operator license holder, and that any further performance in the trade would be a danger to himself and/or endanger the life and property of others.

SECTION 149 - NOTICE OF REVOCATION OR SUSPENSION HEARING

Any time the Director is shown the existence of one or more violations that are grounds for revocation, or there is filed with the Mechanical Inspection Division a complaint of any person alleging the existence of any such violations, and if the Director has determined these grounds to be valid, it shall be his duty to serve upon the alleged violator a notice of the alleged grounds for revocation. The notice shall be served upon the holder of the license stating the time, date, and place of a violation hearing.

The notice shall be served not less than 15 days prior to said hearing. The notice shall be sent by the Director and shall enumerate the cause or causes for suspending or revoking the license.

The notice shall enumerate the cause or causes for suspending or revoking the license. The notice may be mailed by registered or certified mail to the holder of the license at the address of his place of business as given by him on his application for the license, or it may be served on him in person by a Police Officer or employee the Mechanical Inspection Division of the Department of Safety and Permits.

All petitions shall be prepared and prosecuted by the Law Department. If proper notice has been served upon the defendant, the hearing may proceed without his presence if he fails to appear. Certified copies of convictions involving cause for suspension or revocation in either the Municipal Courts of New Orleans or in the Criminal District Court of Orleans Parish shall constitute "prima facie" proof of a violation by the license holder.

SECTION 150 - APPEAL PROCEDURE

A decision of the Director may be appealed to the Board of Building Standards and Appeals within ten (10) days of written notification to the appellant.

SECTION 151 - LICENSE VERIFICATION

Any investigations, inquiries or questions regarding the proper certification of the Stationary Engineers at any building location or the Hoisting & Portable Engineers at any construction site shall be directed to the Chief Mechanical Inspector and performed by the duly authorized inspectors of the Department of Safety and Permits.

SECTION 152 - LICENSES DISPLAYED

152.1 - Licenses must be displayed or posted in a conspicuous place in the engine or boiler room or mechanical equipment room, for identification purposes. This license must continuously remain displayed or posted during the tenure of employment of the stationary engineer to whom the license is issued The displayed or posted license shall not be removed after any shift duty or at a time when the stationary engineer to whom the license is issued is not on duty. The "DUPLICATE" license must be issued for any added license display or posting required in accordance with this Code. Copies or reproductions of the issued license by any method or procedure shall be a violation of this code.

152.2 - Engineers who have qualified for a license for the operation of Hoisting and Portable equipment must carry the license on their person while in charge of and/or operating such hoisting and portable equipment as defined in this Code. The issued license must have the Engineers current bust picture (passport type) 1 inch × 1½ inch in size, as a part of the license, for identification purposes.

SECTION 153 - EXEMPTIONS FROM ENGINEER REQUIREMENTS

153.1 - This Code does not apply in any way to engineers:

1. in charge of railroad locomotives of franchised railroads; or
2. employed by a person, firm or corporation operating under Certificate of Public Necessity and Convenience (CPNC); or

3. employed by the United States Government, the State of Louisiana, any of its Boards, Commissions or agencies, or political subdivisions, with the exception of the City of New Orleans; or

4. in charge of steamboats and steamships.

153.2 - Building Safety Summary - Air Conditioning And Cooling. Air conditioning systems using group A1 Refrigerant and/or any open-circuit, water-cooled HVAC systems NOT exceeding a total aggregate size of 300 Tons open may be exempt from the provisions of Section 135 of this Code provided such systems are under automated control by devices that will cause the system to be de-energized from electric power and go to a shutdown condition upon experiencing an equipment malfunction or fault condition and further provided that a Building Safety Summary is submitted and approved, on a case by case basis, by the Director.

The Building Safety Summary shall be prepared by a Registered Louisiana Professional Engineer and shall include as a minimum:

1. emergency procedures in effect in the building; and,

2. a description of the automated HVAC equipment installed in the building; and,

3. a complete description of the operation of the shutdown system under emergency conditions; and

4. Provide details of a Priority Safety Floor Plan consisting of a building floor plan showing the locations of all major mechanical and electrical equipment (i.e. water heaters, boilers, fire pumps, main electrical switchgear and service entrance, domestic and fire water service entrance, etc.) This plan is to be displayed in a prominent location for use by first responders to quickly locate major mechanical and electrical equipment and services. A copy of this Plan shall be located in the main business office.

No Institutional (Group I) facilities or shall be exempt from any provision of this code.

Open-circuit cooling systems shall comply with Section 154 of the Code.

153.3 - Self-contained air conditioning units used for residential, commercial, or industrial purposes having an aggregate of not over 100 tons, using Group A1 Refrigerant, shall be exempt from the provisions of Section 135 of this Code, provided they are protected with the necessary safety devices. Units 5 tons and under shall not be considered in calculating the aggregate tonnage.

153.4 - Equipment Exempted From Stationary Engineer - Boilers. Individual hot water boilers under 200,000 Btu input and operating at a pressure not exceeding 160 psi and temperatures not exceeding 210 degrees F. shall be exempted from the provisions of this Code, provided they are protected with necessary approved safety devices, are listed and are automatically controlled, and are subject to an annual inspection as per Section 106 of this code. Said inspections shall be made by Mechanical Inspectors of the Department of Safety and Permits or Commissioned Inspectors of an authorized insurance company commissioned by the Director of the City of New Orleans, in accordance with the New Orleans Amendments to the International Mechanical Code.

153.5 - Provisions For Exclusion From Full Time Stationary Engineer. Any building, structure or plant with Hot Water Boilers (as defined in Section 104.7 of this Code) exceeding the provisions of Section 153.5 may be exempt from the Stationary Engineer requirements of Section 135 of this code on a case by case basis determined by the Director and provided a licensed 1st Class Stationary Engineer is present at the premises for a minimum of one (1), seven (7) hour shift per day while such building is regularly open for business. A Stationary Engineer must be available on-call, while not on the premises. In

addition, equipment and safety procedures shall be as per Sections 153.5.1 thru 153.5.3 of this code.

153.5.1 - Limitations For Stationary Engineer Exemption - Boilers.

1. Hot Water Boilers stamped A.S.M.E. 'H', with a maximum pressure not exceeding 160psi and a maximum temperature not exceeding 240 degrees F. and a maximum input not exceeding 1,500,000 Btus.
2. Hot Water Heaters stamped A.S.M.E. 'HLW' or ANSI Z 21 with a maximum pressure not exceeding 160psi and maximum temperature not exceeding 210 degrees F. and a maximum input not exceeding 1,500,000 Btus and individual storage capacity not exceeding 250 gallons or an aggregate storage capacity not exceeding of 750 gallons.
3. No building, structure, or plant with Hot Water Boilers exceeding a total aggregate input of 4,500,000 Btus shall be exempt from any provision of this code.
4. No building, structure or plant with Hot Water Boilers fitted with a water column or sight glass or requiring regular blow down shall be exempt from any provisions of this code.
5. No Institutional (Group I) facility shall be exempt from any provisions of this code.

153.5.2 - Building Safety Summary - Boilers. Buildings, structures, or plants may be allowed to comply with Section 153.5 provided a Building Safety Summary is submitted and approved, on a case by case basis, by the Director. A Building Safety Summary shall be prepared by a Registered Louisiana Professional Engineer and shall include as a minimum:

1. Emergency procedures in effect in the building; and
2. Details of automated system to monitor and provide redundancy for the manufactured, installed and code required safety features including discharge pressure and temperature gauges. The automated system shall operate at or below the factor safety set points and de-energize equipment in the event of a system malfunction. Once the equipment has been de-energized, the automation system shall send an alarm to a responsible person; and
3. A signed service agreement with a Licensed Class A Mechanical Contractor registered in the City of New Orleans. This contractor, if necessary, shall be available on a 24-hour basis to respond to and repair the system malfunction; and
4. Provide details of a Priority Safety Floor Plan consisting of a building floor plan showing the locations of all major mechanical and electrical equipment (i.e. water heaters, boilers, fire pumps, main electrical switchgear and service entrance, domestic and fire water service entrance, etc.) This plan is to be displayed in a prominent location for use by first responders to quickly locate major mechanical and electrical equipment and services. A copy of this Plan shall be located in the main business office.

153.5.3 - ADDITIONAL REQUIREMENTS. In addition to the requirements and limitations set forth in 153.5.1 and 153.5.2, the following shall be required of all buildings, structures, plants or equipment in accordance with 153.5:

1. If equipment is de-energized by the automated system, a manual reset will be required to re-energize the equipment. Equipment shall only be re-energized by a licensed Stationary Engineer or Mechanical Contractor with a Class A registration with the City of New Orleans.
2. Maintain and service equipment in accordance with manufacturer's

recommendations and in compliance with jurisdictions having authority and maintain for inspections, all maintenance, service and repair records.

3. Perform City and State required annual inspections of the equipment and provide the City Mechanical Inspection Department with copies of the inspection reports. Display State Fire Marshal inspection certificates behind glass in the Boiler Room.

4. Maintain a daily log of equipment temperature and pressure readings and condition of the temperature and pressure relief valves.

5. Actuate pressure relief valves at a minimum interval of six (6) months or in accordance with manufacturer's instructions, whichever is sooner. Maintain logs of pressure relief valve actuation.

6. Provide discharge temperature and pressure gauges for all applicable equipment.

7. Maintain water treatment logs and perform water testing for all applicable equipment.

SECTION 154 - COOLING TOWERS AND WATER COOLED CHILLERS

The owner, occupant, firm, partnership, association or corporation having control of any Building, Structure or Plant operating an open circuit Cooling Tower, Evaporative Condenser or any other aerosol producing equipment shall maintain a 'Water Management Plan' in accordance with ASHRAE Standard 188 - 2015 - Legionellosis: Risk Management for Building Water Systems and ASHRAE 12 - Minimizing the Risk of Legionellosis Associated with Building Water Systems and comply with all relevant sections herein. Equipment shall be maintained, monitored, cleaned and sanitized as defined in the Water Management Plan in accordance with ASHRAE Standard 188 - 2015 and Sections 154.1 thru 154.3

154.1 - Requirements For Water Management Plan. In accordance with ASHRAE 188, the following shall be required of all buildings containing open circuit equipment as per Section 154:

1. Recirculating water to be monitored for pH and biocide levels at least twice per week by the designated responsible person.

2. Equipment shall be drained or partially drained, cleaned of scale, sediment, sludge algae and biofilm and sanitized at least once per year.

3. Disinfectant pretreatment shall be required prior to re-energizing any equipment that has been non-operable, on standby or shut down for any period exceeding 72 hours Water shall be tested by means of bacteria dip slide after equipment restart and in accordance with Requirement #7 of Section 154.1.

4. Maintain for immediate use, an Emergency Decontamination kit, to be used should the presence of Legionella be detected.

5. Records for maintenance, cleaning, sampling, monitoring, sanitizing and any other event having effect on such equipment shall be maintained in a Water Management Log and shall be readily available for inspection by the Director.

6. Equipment shall be inspected and a water sample shall be tested by method of bacteria dip slide at least once per month by a qualified water treatment specialist.

7. A water sample shall be taken by a qualified water treatment specialist at least once every 6 months and shall be tested for Legionella and other bacteria by an independent US Centers for Disease Control and

prevention Elite program certified laboratory or any Laboratory approved by the Director and after any of the following occurrences or any other time as determined by the Director. Water samples shall also be tested after any of the following occurrences:

a. any time a bacteria dip slide test indicates levels of bacteria above control points or levels exceeding those stated in table 1 (dip slide)

b. after any power failure or shut down of sufficient duration to allow the growth of bacteria

c. after any loss of biocide treatment sufficient enough to allow the growth of bacteria

8. Water samples are to be taken prior to the addition of any biocide and to be representative of the water condition during normal operation. Results of all water sample testing and equipment inspections shall be recorded in the Water Management Log.

9. The Director shall be notified within 24 hours of any of the above occurrences.

10. Corrective action to be taken for the following bacteriological dip slide indicator results.

154.2 - Corrective Actions For Testing (Dipslide Testing). As per Section 154.2, the following corrective actions shall be taken for the following bacteriological dip slide indicator results:

1. Less than 10,000 CFU/ml: Maintain water chemistry and biocide levels.

2. Equal to or greater than 10,000 CFU/ml AND less than 100,000 CFU/ml: Initiate immediate disinfection by increasing biocide concentration or using a different biocide within 24 hours, review treatment program, retest water within 3-7 days. Subsequent test results must be interpreted in accordance with this Section until level 1 is reached.

3. Equal to or greater than 100,000 CFU/ml and less than 1,000,000 CFU/ml: Initiate immediate disinfection by increasing biocide concentration or using a different biocide within 24 hours, reviewing treatment program, performing visual inspection to evaluate need to perform cleaning and further disinfection. Retest water within 3-7 days. Subsequent test results must be interpreted in accordance with this Section until level 1 is reached.

4. Equal to or greater than 1,000,000 CFU/ml: Initiate immediate disinfection by increasing biocides within 24 hours. Within 48 hours perform remediation of the tower by hyperhalogenating2, cleaning, and flushing. Review treatment program, retest water within 3-7 days. Subsequent test results must be interpreted in accordance with this Section until level 1 is reached.

154.3 - Corrective Actions For Testing (Lab Legionella Testing). As per Section 154.3, the following corrective actions shall be taken for the following Legionella laboratory testing cultures:

1. Less than 10 CFU/ml: Maintain water chemistry and biocide levels.

2. Equal to or greater than 10 CFU/ml and less than 100 CFU/ml: Initiate immediate disinfection by increasing biocide concentration or using a different biocide within 24 hours: review treatment program; and retest water within 3-7 days. Subsequent test results must be interpreted in accordance with this Section until level 1 is reached.

3. Equal to or greater than 100 CFU/ml and less than 1,000 CFU/ml: Initiate immediate disinfection by

increasing biocide concentration or using a different biocide (within 24 hours), reviewing treatment program, performing visual inspection to evaluate need to perform cleaning and further disinfection. Retest water within 3-7 days. Subsequent test results must be interpreted in accordance with this Section until level 1 is reached.

4. Equal to or greater than 1,000 CFU/ml: Initiate immediate disinfection by increasing biocides within 24 hours. Within 48 hours perform full remediation of the tower by hyperhalogenating2, draining, cleaning, and flushing. Review treatment program, retest water within 3-7 days. Subsequent test results must be interpreted in accordance with this Section until level 1 is reached. For Legionella results at this level, notify Director within 24 hours of receiving test.

154.4 - Provisions For Exclusion From Full Time Stationary Engineer. Any building, structure or plant operating open-circuit, water-cooled HVAC systems exceeding a total aggregate size of 300 Tons and cooled by use of Open Circuit Cooling Towers or Evaporative Condensers may be exempt from the Stationary Engineer requirements of Section 135 of this code on a case by case basis determined by the Director and provided a licensed 1st Class Air Conditioning Stationary Engineer is present at the premises for a minimum of one (1), seven (7) hour shift per day while such building is regularly open for business. A Stationary Engineer must be available on-call, while not on the premises. In addition, equipment and safety procedures shall be as per Sections 154.1 thru 154.3 of this code.

Whenever in the opinion of the Director any open circuit Cooling Tower, Evaporative Condenser or any other aerosol producing equipment is in violation of this Code. The Director shall have the authority to order the immediate shutdown of the discrepant equipment and undertake any course of action as defined in section 124 and 137 of this Code. An approved permit shall be required prior to reenergizing any equipment shut down by violation of this code

SECTION 155 - PENALTY TO OWNER: FINES

A person, firm or corporation owning or controlling any steam engine, boiler, internal combustion engine, or any other system coming within the provisions of this Code, who authorizes or permits a person not having a proper and valid license as required under this Code, to take charge of or operate any steam engine, boiler, or any portion of a steam or internal combustion engine, refrigeration and/or air conditioning equipment, and hoisting and portable equipment as defined in this Code, shall be in violation of this Code and shall, upon conviction before any court of competent jurisdiction, be penalized within the limits and as provided by the laws of the State of Louisiana.

SECTION 156 - PENALTY TO ENGINEER: FINES

A person engaged in the practice, calling, or profession as an operating engineer, or engaged in the operation of any boiler, steam engine, internal combustion engine, refrigeration and/or air conditioning equipment and hoisting or portable equipment as defined in this Code, under the terms of this Code, without being at the time the holder of a proper and valid license issued by the Mechanical Inspection Division provided herein, shall be in violation of this Code and shall, upon conviction before any court of competent jurisdiction, be penalized within the limits and as provided by the laws of the State of Louisiana.

SECTION 157 - ALTERATION, REPRODUCTION, TRANSFER OR RENTING OF LICENSE

It is a violation of this Code for a license holder to alter, reproduce, transfer, lend or rent his license to another individual for their use. It is a violation of this Code for any license holder to use any license that is not a part of his own record.

SECTION 158 - SIMULTANEOUS CHARGE OF MORE THAN ONE PLANT

It is unlawful for a licensed operating engineer, from the Mechanical Inspection Division, to be concurrently or simultaneously in charge of more than one plant or location at the same time.

Sec. 26-18. International Fuel Gas Code—Adopted.

(a) *Code adopted.* The International Fuel Gas Code, 2021 Edition, and appendices, are hereby adopted, except that the text of the code shall be as modified by the amendments set forth in section 26-19, and in the event of conflict the amendments shall supersede and take priority over any amended or unamended section. If an amendment is in conflict with only part of a section, it shall be construed as superseding only the part of the section with which it is in conflict.

(b) *City not liable.* Nothing contained in this International Fuel Gas Code, 2021 Edition, shall be construed to relieve or lessen the responsibility or liability of any person for injury or damage to persons or property caused by or resulting from any defects of any nature in any work performed by the person or in any equipment owned, controlled, installed, operated or used by him, nor shall the City of New Orleans, or any officer, agent or employee thereof incur, or be held to assume, any liability by reason or in consequence of any permit, permission, certificate of inspection or approval authorized therein, or issued or given as herein provided, or by any reason of or in consequence of any things done or acts performed pursuant to any provisions of this International Fuel Gas Code, 2021 Edition.

(c) *Prior violations.* All suits at law or in equity and all prosecutions resulting from the violation of any gas ordinances heretofore in effect, which are now pending in any of the courts of this state, or of the United States, shall not be abated or abandoned by reason of the adoption of this International Fuel Gas Code, 2021 edition, but shall be prosecuted to their finality the same as if this International Fuel Gas Code, 2021 Edition, has not been adopted. Nothing in this International Fuel Gas Code, 2021 Edition, shall be so construed as to abandon, abate, or dismiss any litigation or prosecution now pending, or which may have heretofore been instituted or prosecuted.

(d) *Retroactive clause.* In the case of violations of gas ordinances committed before the effective date of this section, the gas ordinance existing at the time the violations were committed shall apply and govern.

(M.C.S., Ord. No. 22940, §§ 2—5, 12-20-07; M.C.S., Ord. No. 25919, § 1, 6-19-14; M.C.S., Ord. No. 27442, § 1, 6-15-17; M.C.S., Ord. No. 30235, § 1, 2-27-25)

Sec. 26-19. Same—Amendments.

Chapter 1 of the International Fuel Gas Code, 2021 Edition, shall be deleted in its entirety, and the following shall be substituted in lieu thereof:

CHAPTER 1
ADMINISTRATIVE

SECTION 101 - TITLE AND SCOPE

101.1 - Title. These regulations shall be known and cited as The International Fuel Gas Code, 2021 edition, as amended by the City of New Orleans hereinafter referred to as "this code". The Director of the Department of Safety and Permits as the appointing authority of the Department, and all of its Divisions, is referred to as "the Director."

101.2 - Scope. The provisions of this Code shall apply to the design, installation, maintenance, alteration and inspection of fuel gas piping and equipment, fuel gas-fired appliances and fuel gas-fired appliance venting systems permanently installed and utilized to provide control of environmental conditions and related processes within buildings. This Code shall also apply to the fuel gas piping and equipment, fuel gas-fired appliances and

fuel gas-fired appliance venting systems and related accessories specifically addressed as follows:

1. Coverage of piping systems shall extend from the point of delivery to the connections with gas utilization equipment. (See "point of delivery".)
2. Systems with an operating pressure of 125 psig or less.

   Piping systems for gas-air mixtures within the flammable range with an operating pressure of 10 psig.

   LP-Gas piping systems with an operating pressure of 20 psig or less..
3. Piping systems requirements shall include design, materials, components, fabrication, assembly, installation, testing, inspection, operation, and maintenance.
4. Requirements for gas utilization equipment and related accessories shall include installation, combustion and ventilation air and venting.

This code shall not apply to the following:

1. Portable LP-Gas equipment of all types that are not connected to a fixed fuel piping system.
2. Installation of farm equipment such as brooders, dehydrators, dryers, and irrigation equipment.
3. Raw material (feedstock) applications except for piping to special atmosphere generators.
4. Oxygen-fuel gas cutting and welding systems.
5. Industrial gas applications using gases such as acetylene and acetylenic compounds, hydrogen, ammonia, carbon monoxide, oxygen and nitrogen.
6. Petroleum refineries, pipeline compressor or pumping stations, loading terminals, compounding plants, refinery tank farms, and natural gas processing plants.
7. Integrated chemical plants or portions of the plants where flammable or combustible liquids or gases are produced by chemical reactions or used in chemical reactions.
8. LP-Gas installations at utility gas plants.
9. Liquefied natural gas (LNG) installations.
10. Fuel gas piping in power and atomic energy plants.
11. Proprietary items of equipment, apparatus, or instruments such as gas generating sets, compressors, and calorimeters.
12. LP-Gas equipment for vaporization, gas mixing, and gas manufacturing.
13. Temporary LP-Gas piping for buildings under construction or renovation that is not to become part of the permanent piping system.
14. Installation of LP-Gas systems for rainroad switch heating.
15. Installation of LP-Gas and compressed natural gas (CNG) systems on vehicles.
16. Except as provided in Section 401.1.1, gas piping, meters, gas pressure regulators, and other appurtenances used by the gas utility company in the distribution of gas, other than undiluted LP-Gas.
17. Building design and construction, except as specified herein.
18. Piping systems for mixtures of gas and air within the flammable range with an operating pressure greater than 10 psig (69kPa gauge).
19. Portable fuel cell appliances that are neither connected to a fixed piping system nor interconnected to a power grid.

101.2.1 - Other fuels. The requirements for the design, installation, maintenance, alteration and inspection of mechanical systems operating with fuels other than fuel gas shall be regulated by the International Mechanical Code, as amended by the City of New Orleans.

101.3 - Appendices. Provisions in the appendices shall not apply unless specifically adopted.

101.4 - Intent. The purpose of this code is to provide a reasonable level of safety, health, safety and general welfare by regulating and controlling the design, construction, installation, quality of materials, location, operation and maintenance or use of fuel gas systems.

101.4.1 - Quality Control. Quality control of materials and workmanship is not within the purview of this Code except as it relates to the purposes stated herein.

101.5 - Severability or partial invalidity. If a section, subsection, sentence, clause, phrase or portion of this code is, for any reason, held to be unconstitutional, illegal or void, the decision shall not affect the validity of the any of the remaining portions of this code.

SECTION 102 - APPLICABILITY

102.1 - General. Where, in a specific case, different sections of this code specify different materials, methods of construction or other requirements, the most restrictive shall govern. Where there is a conflict between a general requirement and a specific requirement, the specific requirement shall be applicable.

102.1.1 - Other Laws. The provisions of this code shall not be deemed to nullify any provisions of local, state or federal law.

102.2 - Existing installations. Except as otherwise provided for in this Chapter, no provision in this code shall require the removal, alteration or abandonment of, nor prevent the continued utilization and maintenance of, fuel gas distribution piping and equipment, fuel gas-fired appliances and fuel gas-fired appliance venting systems or equipment lawfully in existence at the time of the adoption of this code.

102.2.1 - Existing Buildings Additions, alterations, renovations or repairs related to building or structural issues shall be regulated by the International Building Code.

102.3 - Maintenance. Fuel gas distribution piping and equipment, fuel gas-fired appliances and fuel gas-fired appliance venting systems, both existing and new and parts thereof shall be maintained in proper operating condition in accordance with the original design and in a safe and sanitary condition. Devices or safeguards which are required by this code shall be maintained in compliance with the code edition under which they were installed. The owner or the owner's designated agent shall be responsible for maintenance of the fuel gas distribution piping and equipment, fuel gas-fired appliances and fuel gas-fired appliance venting systems. To determine compliance with this provision, the Director shall have the authority to require the fuel gas distribution piping and equipment, fuel gas-fired appliances and fuel gas-fired appliance venting systems to be reinspected.

102.4 - Additions, alterations or repairs. Additions, alterations, renovations or repairs to the fuel gas distribution piping and equipment, fuel gas-fired appliances and fuel gas-fired appliance venting systems shall conform to that required for a new system without requiring the existing system to comply with all of the requirements of this code. Additions, alterations or repairs shall not cause an existing system to become unsafe, hazardous or overloaded.

Minor additions, alterations, renovations and repairs to existing fuel gas distribution piping and equipment, fuel gas-fired appliances and fuel gas-fired appliance venting systems shall meet the provisions for new construction, unless the work is done in the same manner and arrangement as was in the existing system, is not hazardous and is approved.

102.5 - Change in occupancy. It shall be unlawful to make a change in the occupancy of any structure which will subject the structure to any special provisions of this code applicable to the new occupancy without approval. The

Director shall certify that the structure meets the intent of the provisions of law governing building construction for the proposed new occupancy and that the change of occupancy does not result in any hazard to the public health, safety or welfare.

102.6 - Historic buildings. The provisions of this code relating to the construction, alteration, repair, enlargement, restoration, relocation or moving of buildings or structures shall not be mandatory for existing buildings or structures identified and classified by the state or local jurisdiction as historic buildings when the buildings or structures are judged by the Director to be safe and in the public interest of health, safety and welfare regarding any proposed construction, alteration, repair, enlargement, restoration, relocation or moving of buildings.

102.7 - Moved buildings. Except as determined by Section 102.2, fuel gas distribution piping and equipment, fuel gas-fired appliances and fuel gas-fired appliance venting systems that are a part of buildings or structures moved into or within the jurisdiction shall comply with the provisions of this code for new installations.

102.8 - Referenced codes and standards. The codes and standards referenced herein shall be those that are listed in Chapter 15 and the codes and standards shall be considered as part of the requirements of this code to the prescribed extent of each reference. Where differences occur between provisions of this code and the referenced standards, the provisions of this code shall apply.

102.9 - Requirements not covered by this code. Requirements necessary for the strength, stability or proper operation of an existing or proposed mechanical system, or for the public safety, health and general welfare, not specifically covered by this code, shall be determined by the Director.

SECTION 103 - DUTIES AND POWERS

103.1 - General. The Director of the Department of Safety and Permits is authorized and directed to enforce the provisions of this Code. The Director has the authority to render interpretations of this Code and to adopt policies and procedures in order to clarify the application of its provisions. The interpretations, policies and procedures shall be in compliance with the intent and purpose of this Code. The interpretations, policies and procedures shall not have the effect of waiving requirements specifically provided for in this Code.

103.2 - Records. The Director shall keep, or cause to be kept, a record of the business of the Department in accordance with the public records law of the State of Louisiana.

103.3 - Application and Permits. The Director shall receive applications, review construction documents and issue permits for the installation and alteration of fuel gas distribution piping and equipment, fuel gas-fired appliances and fuel gas-fired appliance venting systems, inspect the premises for which the permits have been issued and enforce compliance with the provisions of this Code.

103.4 - Notices and Orders. The Director shall issue all necessary notices or orders to ensure compliance with this Code.

103.5 - Inspections. The Director shall make the required inspections, or accept reports of inspections by approved agencies or individuals. All reports of the inspections shall be in writing and certified by a responsible officer of the approved agency or by the responsible individual. The Director is authorized to engage the expert opinion necessary to report upon unusual technical issues that arise, subject to the approval of the appointing authority.

103.6 - Identification. The Director shall carry proper identification when inspecting structures or premises in the performance of duties under this code.

103.7 - Right of Entry. When it is necessary to make an inspection to enforce the provisions of this code, or when the Director has reasonable cause to believe that there exists in a structure or upon any premises a condition which is contrary to or in violations of this code which makes the structure or premises

unsafe, dangerous or hazardous, the Director is authorized to enter the structure or premises at all reasonable times to inspect or to perform the duties imposed upon him by this Code. If the structure or premises is occupied, the Director shall present credentials to the occupant and request entry. If the structure or premises is unoccupied, the Director shall first make a reasonable effort to locate the owner or other person having charge or control of the structure or premises and request entry. If entry is refused, the Director has recourse to every remedy provided by law to secure entry.

103.8 - Liability. The Director, designee or any employee charged with the enforcement of this Code, while acting for the jurisdiction in good faith and without malice in the discharge of the duties required by this Code or other pertinent law or ordinance, shall not thereby be rendered liable personally and is hereby relieved from personal liability for any damage accruing to persons or property as a result of any act or be reason of an act or omission in the discharge of official duties.

Any suit instituted against any officer or employee because of an act performed by that officer or employee in the lawful discharge of his duties and under the provisions of this code shall be defended by the legal representative for the Department of Safety and Permits until the final termination of the proceedings. The Director or any of his subordinates shall not be liable for costs in an action, suit or proceeding that is instituted pursuant to the provisions of this code; and any officer in the Mechanical Inspection Division, acting in good faith and without malice, shall be free from liability for acts performed under any of its provisions or by reason of any act of inclusion or omission in the performance of official duties as required by this Code.

SECTION 111 - CLASSIFICATION OF GASFITTERS

111.1 - Definition.

Class "A" Master Gasfitter - A Class "A" gasfitter license holder engaged in the business of installing or contracting to install or repairing or contracting to repair gas piping, gas appliances or any other gas fired apparatus.

Class "B" Journeyman Gasfitter - A Class "B" gasfitter license holder engaged in the trade of installing and/or repairing gas piping, materials or apparatus. A Class "B" Journeyman Gasfitter must be employed by and work under the supervision of a Class "A" Master Gasfitter.

111.2 - Gasfitters' License. No person shall undertake any work as a Class "A" Master Gasfitter or a Class "B" Journeyman Gasfitter, unless that person has registered with the Mechanical Inspection Division of the Department of Safety and Permits of the City of New Orleans and received a license in his respective classification.

A person, firm or corporation engaging in the business of installing, constructing, reconstructing, altering, assembling, repairing, or servicing gas piping, gas appliance, gas water heater, apparatus, gas fired systems or parts thereof who does not hold or does not employ a person who holds the Class "A" Master Gasfitter or Class "B" Journeyman Gasfitter license shall be held in violation of this Code.

A Class "A" Master Gasfitter license issued under this chapter shall not be required for the following allied contractors performing ONLY their trade and are working on a gas system or apparatus as regulated by this Code:

1. Electrical
2. Plumbing
3. Air Conditioning and Refrigeration (HVAC)
4. Sheet metal
5. Insulating
6. Operating Engineering (stationary) as defined in The New Orleans Amendments to the International Mechanical Code, 2015 Edition.

All of the above trades must, however, perform their trade work in association with or in

support of the gas installation or the system utilizing gas appliances or equipment at the time the gas permit is active.

111.3 - Code Violation Hearing. If needed, the Chief Mechanical Inspector shall initiate a hearing, in conjunction with the Chief Building Official or the Director, to review a code violation he has determined to exist, that would cause a gas license issued by the Mechanical Inspection Division to be suspended or revoked.

111.4 - Applications For Examinations.

General - A gasfitter candidate shall submit his examination fee and application to the nationally recognized testing company under contract with the City of New Orleans. The forms shall be furnished by the testing company and must be completed in accordance with their information brochure requirements.

Examination fees and applications shall be submitted directly to the nationally recognized testing company under contract with the City of New Orleans to the address within their brochure.

Applicants shall meet the following requirements:

1. Applicants must be at least eighteen (18) years of age.
2. Applicants for a Class "A" examination shall have had at least four (4) years experience in the occupation or business governed by the license for which he is applying or shall be a graduate of a trade school or technical college of recognized standing and in addition shall have had three (3) years of practical experience in that class of occupation or business governed by the license for which he is applying.
3. Applicants for a Class "B" Journeyman Gasfitter examination must have at least four (4) years continuous experience working at the gasfitting trade or have a minimum of three (3) years of schooling in the gasfitting trade, at a recognized state trade school, with a passing grade.
4. Class "A" Master Gasfitter applicants must have someone in attendance or answering device to receive communications from the Mechanical Inspection Division, or other persons concerned, during regular business hours.
5. Class "A" Master Gasfitter license holder shall represent only one firm, corporation or business.

111.5 - Examinations. Exam shall be held on dates identified in the issued Candidate Information Brochure of National Recognized Testing Company under contract with the City of New Orleans.

111.5.1 - Re-examination. If an applicant fails to make a passing grade on his examination, he is permitted to apply to be re-examined at the next regularly scheduled examination date. There is no limit to the number of examinations a candidate is allowed to take.

*111.6 - Passing Of Examination.*An applicant making a passing grade must obtain his license within one year (1) after being notified that he has passed the examination.

An applicant who has passed the gas examination and is obtaining his license shall furnish to the Mechanical Inspection Division two passport type photos, 1 inch by 1½ inches in size. Each license shall identify the name of the person to whom the license is issued and the expiration date. Each license shall bear the signature of the Chief Mechanical Inspector.

The license holder must have his license in his immediate possession at all times while performing the work for which he is licensed and shall display it upon demand.

111.6.1 - Acceptance Of Other Jurisdictional Certification. The Mechanical Inspection Division of the Department of Safety and Permits will extend to a Class "A" Master Gasfitter or Class "B" Journeyman Gasfitter license in another jurisdiction, the recognition and acceptance of his certification without the requirement of additional examination provided that the jurisdiction requires passing of an examination given by a nationally recognized testing agency before issuance of such license.

If approved by the Director, the applicant shall, present a copy of his license for the files and complete the necessary applications as required by the Mechanical Inspection Division. The applicant shall pay the appropriate registration fee for the classification of license for which he is applying.

111.7 - Insurance. Before a Class "A" Master Gasfitter license is initially issued or renewed to a certified Class "A" Master Gasfitter he must provide evidence of the following to the Director when he registers with the Mechanical Inspection Division.

(A) Workers' Compensation Insurance in accordance with Louisiana state law.

(B) Comprehensive general liability insurance coverage with limits of not less than $500,000 per occurrence for bodily injury and $250,000 per occurrence for property damage, with coverage extended as follows:

1. Operations-premises liability;
2. Independent contractor's liability-broad form;
3. Contractual liability-broad form;
4. Completed operations and products liability.

All insurance shall be issued by a company duly registered and/or authorized to write insurance in the State of Louisiana. Compliance with this section shall be considered as having been met when a copy of the policy or a license of insurance has been filed with and approved by the Director of the Department of Safety and Permits.

The policy shall include an endorsement thereon that the Director of the Department of Safety and Permits will be notified at least 10 days in advance in the event the policy or policies are canceled or permitted to lapse by not renewing before the expiration date of the license.

111.8 - Federal Identification And Occupational License. When a Class "A" Master Gasfitter registers with the Mechanical Inspection Division, he must provide his Federal Identification Number and his Parish occupational license number.

111.9 - License Fees.

(A) To obtain a license, an applicant shall pay the applicable registration fee as follows:

Type:	*Fee*
Class "A" gasfitter.....	$110.00
Class "A" gasfitter (INACTIVE)	$25.00
Class "B" Journeyman Gasfitter	$55.00

(B) All license registration fees shall be made payable to "The City of New Orleans".

111.10 - Payment Of Fees: Dates For Renewal Licenses. The initial Class "A" Master Gasfitter license fee and required documentation shall be presented to the Mechanical Inspection Division when the application for the license registration is made.

The annual license renewal registration fee is due and payable to the Mechanical Inspection Division on or before the first regular day of business after the applicant's birth date.

License holders may choose between one-year and two-year renewal periods.

1. The renewal fee for a one-year renewal shall be due annually on the first regular business day after the applicant's date of birth.

2. The renewal fee for a two-year renewal shall be due biennially on the first regular business day after the applicant's date of birth.

No Class "A" Master Gasfitter license renewal shall be issued unless all work specified on permit(s) filed more than three months prior to the applicant's birth date has been completed, or a written reason has been submitted to and approved by the Director, indicating why the work specified on the permit has not been completed.

A license issued during a calendar year shall expire, unless sooner revoked or rescinded, on the applicant's birth date in the following year.

If a Class "A" Master Gasfitter fails to renew his license prior to the first regular day of business after his birth date, or fail to complete the work specified on his permit(s) issued more than three months prior to his birth date without explanation, a delinquent fee of ten ($10.00) dollars per month shall be added to his renewal fee beginning on the first regular day of business after his date of birth, and lasting for a period of one (1) year.

No permit application shall be processed, nor shall a permit be issued to an applicant that has not been issued a current valid Class "A" Master Gasfitter license.

If a Class "B" Journeyman Gasfitter license holder fails to renew his license prior to the first regular day of business after his date of birth, a delinquent fee of ten ($10.00) dollars per month shall be added to his renewal fee beginning on the first regular day of business after his birth date.

If a Class "A" Master Gasfitter or Class "B" Journeyman Gasfitter license has been expired for more than a two (2) years period, an application and examination as a new applicant shall be required.

111.11 - Inactive License. A Class "A" Master Gasfitter Contractor may, by written request to and with the approval of the Director, change his active license to an inactive status. A Class "A" Master Gasfitter that has changed his license to inactive, must maintain this inactive license in a current status by paying an annual renewal fee as required in this Code.

The inactive status is reserved for those individuals retired or not actively involved in the gasfitting business. There shall be no limit to the number of years the Class "A" Master Gasfitter may continue to carry his license in the inactive status.

A Class "A" Master Gasfitter may request his inactive license revert back to an active status by submitting the request in writing to and with the approval of the Director, and payment of the full active license fee.

Only one inactive change request shall be approved in a one twelve (12) month period. Inactive licenses shall have the same expiration date as active licenses.

No Class "A" Master Gasfitter shall engage in gasfitting business while his license is in an inactive status. However, when the Class "A" Master Gasfitter's license is in an inactive status he may work as a gasfitter, but only under the supervision of a Class "A" Master Gasfitter with a current active status license.

This inactive status does not apply to a Class "B" Journeyman Gasfitter license holder.

111.12 - Prohibition Against License Transfer. A Class "A" Master Gasfitter shall not assign or convey his license to anyone by power of attorney or other process or become involved in a type of agreement, assignment or use where he will not have supervision, direction, control or responsibility for the gasfitting work for which he has obtained a permit from the Mechanical Inspection Division.

111.13 - Limitations Of License. A Class "A" Master Gasfitter license holder and a Class "B" Journeyman Gasfitter shall be limited to operations described in this code. The use of his license shall not be applicable to more than one contracting firm, company or corporation at any one time. A Class "A" Master Gasfitter shall be allowed to file permits only

for the firm or corporation registered with the Mechanical Inspection Division. This firm or corporation is considered as his employer.

111.14 - License Revocation Or Suspension. Licenses issued under this code may be revoked or suspended for reasons as defined in this code. The Director shall initiate action for the license holder to show cause as to why the revocation or suspension would not be in order. However, the Director may find that the public interest would be adequately protected by a warning or a suspension for a definite period of time not to exceed two years. Upon a finding, the Director shall issue a warning or order a suspension.

Upon revocation, the Mechanical Inspection Division shall not accept an application for a new license or a renewal within two (2) years from the date of a revocation unless a shorter time period is granted at the discretion of the Director based on the circumstances of the revocation or suspension.

A gasfitter license shall only be issued after he has applied as a new applicant and passed the appropriate gas examination administered by the nationally recognized testing agency under contract with the City of New Orleans.

(a) *Revocation or Suspension Reasons* -

1. Interfering, impeding, or obstructing the legal operation of, or intentionally damaging, any item governed by this Code. In addition, threatening, abusing, insulting, interfering with, impeding or obstructing any individuals in connection with the operations or inspections of any equipment regulated by this code, or the administration of this Code.
2. Violating, either willfully or maliciously, or by reason of incompetence, a provision of this code.
3. Conviction of an offense involving the victimizing, deception or defrauding of a person for whom a service has been rendered or contracted to be rendered under this chapter.
4. Fraud or misrepresentation in obtaining a license or permit for an installation involving gas fired appliances or the trade of gasfitting.
5. Conviction of drunkenness or the use of narcotics.
6. Adjudication of insanity.
7. Securing a permit for gasfitting work not actually performed by the Class "A" Master Gasfitter or by certified employees under their control.
8. Securing a permit under pretext for an installation for which the applicant has no valid contract.
9. Performing gasfitting work as defined herein for which no gas permit has been obtained.
10. Refusing to finish work for which a permit was taken and for which payment was accepted.
11. False, misleading or deceptive advertising.
12. A license that is issued based on inaccurate or erroneous information.
13. A medical reason wherein a physician's medical opinion is provided to the Director indicating the person certified is unable to satisfactorily perform the duties and functions expected of a Class "A" Master Gasfitter or a Class "B" Journeyman Gasfitter license holder, and where further performance in the gasfitting field as a result of present continued activity or a future license renewal would be a

danger to himself and endanger the life and property of others.

(b) *Notice of revocation or suspension hearing* - The Mechanical Inspection Division may withhold the renewal of an applicant's license by the same process used for revocation or suspension of issued licenses, as described below.

If a report to the Director shows the existence of one or more of the above grounds for revocation or suspension, or there is a written complaint of a person alleging the existence of the grounds, and, if the Director investigates and determines the grounds to be valid, it shall be his duty to serve the alleged violator a written notice of the alleged grounds for revocation or suspension. The written notice shall be served upon the holder of the license and shall indicate the time, date, and place of a hearing to be held. The written notice shall be served not less than 15 days prior to the hearing.

The notice shall be sent by the Director and shall list the cause or causes for suspending or revoking the license. The notice may be mailed by regular and registered or certified mail to the license holder at the business address given by him on the application for his license, or it may be served in person by a Police Officer or employee of the Department of Safety and Permits.

The license holder shall have the right to appear at the hearing, be represented by counsel, produce evidence, and cross examine witnesses.

If the notice has been served upon him and he fails to appear, the hearing may proceed without his presence.

Certified copies of convictions involving causes for suspension or revocation in either the Municipal courts of New Orleans or in the Criminal District Court of this Parish shall constitute prima facie evidence of a violation by the license holder.

All petitions shall be prepared and prosecuted by the Law Department.

111.14.1 - Appeal Procedure. An appeal from the decision of the Director may be taken to the Board of Building Standards and Appeals within ten (10) days of written notification to the appellant.

111.15 - Gasfitter And Owner's Responsibilities. A Class "A" Master Gasfitter licensed in accordance with these regulations shall be responsible for defects of construction installed by him until the time as a Certificate of Approval has been issued by the Director. Also, all defects that may have been concealed by a Class "A" Master Gasfitter and discovered before the Certificate of Approval has been issued shall be the responsibility of and corrected by the Class "A" Master Gasfitter.

After the Certificate of Approval has been issued by the Director, the owner in whose name the gas meter is contracted for, shall be responsible for all defects.

111.16 - Permit Required. A Class "A" license holder proposing to install, repair or alter any equipment shall file an application for a permit with the Mechanical Inspection. A permit application shall only be accepted from a Class "A" Master Gasfitter with a current and active license. The permit application must be properly completed and personally signed by him.

No work may be commenced until the permit application is approved and issued by the Mechanical Inspection Division, except when failure to commence the work would be life-threatening or the work is an emergency due to a disaster or an uncontrolled event or occurrence.

The total fee for any work begun prior to obtaining the required permit, excepting the

emergency or life-threatening conditions, shall be the listed permit fee plus a fee of five (5) times the listed fee for the work.

The application for the permit shall be in accordance with application forms provided by the Mechanical Inspection Division.

111.17 - Permit And Inspection Fees.

Five gas outlets and first 100 feet of gas line	$15.00
Each additional outlet over 5, (for residential only)	$1.00
Each 100' of pipe or part thereof over first 100'	$12.00

Alteration Permits. Alteration permits fees shall be based on contract price at a rate of $35.00 for the first $1,500.00 of cost or part thereof plus $10.00 for each additional $1,000.00 or part thereof.

These fees shall cover all inspections of the work for which a permit is issued, as well as the issuance of the Certificate of Approval. There will be no charge for inspections of gas systems turned off because of fire, flood, or other causes as described above under "Permits Requirements".

A permit shall be construed to be authorization to proceed with the work and shall not be construed as authority to violate, cancel, alter, or set aside provisions of this Code, or other ordinances adopted by the City of New Orleans, including the Comprehensive Zoning Ordinance. Nor shall the issuance of a permit prevent the Director from thereafter requiring a correction of errors in plans or in construction, or of violations of this Code.

Every permit issued shall become invalid if :

1. the work authorized by the permit is not started within 6 months after its issuance, or
2. if the work authorized by the permit is suspended for more than 6 months after its issuance, or
3. if the work authorized by the permit is suspended or abandoned for a period of six (6) months after the time the work was started

One or more extensions of time, for periods of not more than ninety (90) days each may be allowed for the permit, provided the extension is requested in writing and justifiable cause for the extension request is demonstrated to the Director. When an extension is granted it shall be in writing to the requestor from the Director.

111.18 - Construction Documents. Construction documents involving gas piping and gas equipment installations are to be submitted at the time of application for building permits. See Section 107 - Construction Documents of the New Orleans Amendments to the International Building Code, for details.

111.19 - Certificates Of Approval. The Director shall sign and issue all Certificates of Approval for the installation, repair or alteration of all gasfitting work. The Certificate of Approval shall not be issued until all work has been

inspected and found to comply with the requirements of this Code, and all other applicable safety codes and specifications.

The Certificate of Approval shall contain installed gas equipment data, name of the owner or owners, and exact location of the building or premises where the work was accomplished.

A register shall be kept recording the address of each building, proper description and location of the equipment inspected, the name of the owner or owners of the building, the date of the inspection. The person or persons for whom the inspection was made and the amount collected for the inspection shall also be listed.

111.20 - Special Events. A Special Event shall include but not be limited to fairs, festivals, carnivals, circuses, road shows, trade shows, concerts, displays, expositions or other functions with a temporary status generally taking place outdoors and/or indoors at a permanent location or building and utilizing the gas service at the location or building for support of the event.

A permit is required for a Special Event temporary installation of cooking, heating or gas appliance. Permit fees are governed by Section 111.17.

All certificates of approval issued for a Special Event may be revoked at the discretion of the Director if the continued use of the gas equipment for the Special Event is so deemed unsafe and not in the interest of the safety, health and welfare of the general public for which the event was initially allowed.

All Special Event permits shall automatically expire at the end of ninety (90) days from the date of the initial issuance.

111.21 - Connection Of Gas Service. The Director has the sole responsibility and shall notify and authorize the utility company, via facsimile or telephone, to make the final gas meter connection of the building or premises gas system to the Utility Company's service facilities. To follow this authorization, the Director shall issue "Entergy Permit & Inspection Desk Gas Meter Installation Authorization" for that designated municipal address of the gas meter installation. No other person, firm or corporation shall be authorized to make this final connection.

The connection of gas from a privately owned source of supply to a gas system or equipment within or on a building or premises shall not be made until a special permit is secured from the Director authorizing the connections.

111.22 - Discontinuance Of Gas Service.

(A) When the Director determines the construction, repair or installation of a gas installation, piping, equipment or appliances at a municipal address or location to be in an unsafe, dangerous, hazardous or perilous condition and imminently threatening to the safety, health and welfare of the users, occupants or the general public, immediate notification shall be given to the utility company to disconnect the meter or remove utility service to the building or location. No utility service shall be resumed until the necessary corrections have been completed as required by this Code.

(B) When in the opinion of the Director, a gas installation, piping, equipment or appliances in a building or a gasfitter construction, installation, or repair work has been installed or is being used in violation of this Code or is being used in violation of the use provisions of the Comprehensive Zoning Ordinance, the Director shall send written notice to the person, firm or corporation responsible for the violation(s) to correct the condition(s) within the time specified in the written notice. The period may not be extended except by a written request to and a written approval from the Director.

Failure to comply with this notice shall empower the Director to:

1. request that charges be filed in the Municipal Court of the City of New Orleans; and/or

2. seek relief through Civil District Court or another Court of competent jurisdiction; and/or
3. notify as provided in Chapter 6, Article II, of the Code of the City of New Orleans, to appear before an Administrative Hearing Officer to show cause why the owner and/or person should not be adjudicated as a violator.

If the determination of the above Courts and/or Administrative Agency is made that the owner and/or person is in violation of the provisions of this Code or the provisions of the Comprehensive Zoning Ordinance and the violations have not been corrected within the time period stipulated by the judge or hearing officer, the Director shall have the authority to discontinue the service of the utility company until the time as corrections are made and the location is re-inspected and the utility company is notified in writing by the Director that the utility service(s) may be reconnected.

The Zoning Administrator must ascertain, and corroborate to the Director, that the above zoning violations have been corrected prior to reconnecting the utility service.

111.23 - Gas Meter Release Authorization. "Entergy Permit and Inspection Desk Gas Meter Release Authorization" issued for gas meter service connection by the utility company within residential, commercial or industrial establishments shall be subject to renewal at the expiration of six (6) months from date of issuance by the Mechanical Inspection Division, if the meter is not installed prior to the expiration date.

The release shall be issued only after a re-inspection of the location has been made and approved by the Director.

111.24 - Work By Other Than Gasfitters. No person, firm or corporation, erecting, repairing, or altering buildings, erecting signs, altering, changing, installing, plumbing or engaged in other work shall close in, conceal, cut, break, destroy, disconnect or in other manner interfere with the arrangements of any gas piping or gas appliances whether inside or outside of a building or premises without receiving a permit from the Director; before the permit will be issued, the person, firm or corporation shall serve the Director with a written notice at least forty-eight (48) hours before the contemplated work is to be commenced. The work of altering, changing or disconnecting the gas piping or gas appliances must be done under the supervision of a certified Class "A" Master Gasfitter; in addition, this existing installation must be inspected by the Director before he issues the permit.

111.25 - Display Of Master Gasfitter Contractor's Sign And Public Advertising Or Advertisements Of Services. Every location where work of a gasfitting nature is being done shall have displayed on a conspicuous place in front, a sign giving the name and address of the person, firm or corporation doing the gasfitter work and the words "CLASS "A" MASTER GASFITTER CONTRACTOR." The display of a sign by other than duly certified Class "A" Gasfitter Contractors shall constitute a violation of this Code.

The sign shall contain the name and license number of the Class "A" Master Gasfitter Contractor, and the name, address, and telephone number of his firm or corporation. All information on the sign shall be in letters not less than two (2) inches high.

All Class "A" Master Gasfitter Contractors shall install a sign on each work vehicle utilized in the performance of his duties and responsibilities as a Class "A" Master Gasfitter Contractor as defined in Article 111.1 of this Code. The vehicle sign shall contain the license number of the Class "A" Master Gasfitter Contractor, and the name, address and the telephone number of his firm or corporation, in letters not less than two (2) inches high.

Class "A" Master Gasfitter Contractors advertising or proposing to advertise to the general public for the purposes of obtaining

work as defined in this Code, shall provide their name and license number, and the name, address and telephone number of his firm or corporation. The display of signs or advertising for the purposes of obtaining work by a person other than the licensed Class "A" Master Gasfitter Contractor shall constitute a violation of this Code.

False, misleading or deceptive advertising shall constitute an attempt to circumvent the general health, welfare and safety of the public and shall constitute a violation of this Code.

111.26 - Extra Inspections Fees.

(a) *Extra Inspection or wasted trip* - When a Class "A" license holder has requested the Director make an inspection of an installation, the Director is to respond with a scheduled inspection. If, upon making the scheduled inspection, the Director determines the license holder has violated a requirement of this Code making extra inspections necessary, a fee of $150.00 shall be charged to the license holder. This charge is for each extra inspection made necessary as a result of blatantly incomplete work, inaccessibility to perform the inspection or for alterations to work previously accepted. This fee is in addition to the regular required permit fees.

(b) *Fire Marshal Inspection* - When a Class "A" license holder requests a complete gas inspection of existing installations to comply with the State Fire Marshal Act, a fee of $30.00 shall be charged.

(c) *After Hour Inspections* - When a Class "A" Master Gasfitter requests a gas inspection to be performed at a time other than the designated working hours of the Mechanical Equipment Inspectors, the request and reason for the after hour inspection must be made to and approved by the Director prior to an inspector assignment.

A fee of $175.00 shall be paid by the person, firm or corporation requesting the after hour inspection. Payment of this fee must be made to the "City of New Orleans" within forty-eight (48) hours of the request for the inspection and is to be paid in addition to the regular required permit fees in this Code.

111.27 - Exemptions. Nothing in this Code shall apply to companies regulated by the Louisiana Public Service Commission or the utility company where gas work is performed on the utility company property and on the supply side of the utility company meter.

111.28 - Plenum Spaces. For requirements in plenum spaces, used for supply or return air systems, see International Building Code, 2015 edition, as amended, and NFPA-54.

111.29 - Basic Standards. No gasfitter work for light, heat or power shall be installed or placed in or on a building, structure or premises, unless this work is in conformity with current approved methods of construction. Compliance with the regulations in NFPA-54, the American Gas Association (AGA) and Underwriters Laboratories (UL) shall be prima facie evidence of conformity with approved methods.

Gas devices, fittings, materials, equipment, and appliances shall be those approved for the purpose for which they are used. Only gas devices, fittings, materials, equipment, and appliances, which are constructed in conformity with their listing or labeled by a testing laboratory acceptable to the Director shall be installed. The satisfactory listing or labeling of these gas devices, fittings, materials, equipment, and appliances shall be the prima facie evidence of conformity with the requirements of this Code. Installed gas piping and appliances shall conform to the requirements of the New Orleans Amendments to The International Fuel Gas Code, 2021 Edition, and The National Fuel Gas Code, (NFPA-54).

111.30 - Standard Gasfitter Materials. Before gasfitter material, appliance, or equipment is used, it shall be constructed in conformity with the current methods (to include but not be limited to Underwriters Laboratory [UL], Factory Mutual [FM], Canadian Standards Association [CSA], American Gas Association [AGA], and others listed by the SBCCI PST & ESI (Public Safety Testing & Evaluation Service, Inc.) to insure safety to life and property.

111.31 - Alternate Materials And Methods. Provisions of this code are not intended to prevent the use of material or methods of construction not specifically prescribed by this code, provided an alternate has been approved by the Director. The Director may approve an alternate, provided he finds that the alternate for the purpose intended is at least the equivalent of that prescribed in this code in quality, strength, effectiveness, fire resistance, durability and safety. The Director shall require that sufficient evidence or proof be submitted to substantiate any claim made regarding the alternate. The Director may recommend an amendment to this Code in order to make permissible the use of the alternate. If in the opinion of the Director, the evidence and proof are not sufficient to justify approval or recommendation for an amendment, the applicant may refer the entire matter to the Board of Building Standards and Appeals as specified in Article 113 of The International Building Code, 2021 Edition as amended.

111.32 - Tests Of Materials And Systems Of Construction. Where new and/or alternate systems of construction, qualities of materials or tests are proposed for use, tests may be required by the Director. These tests shall be made at the expense of the owner or his agent by a testing laboratory or other organization approved for the purpose by the Director. Certified copies of all test reports shall be filed with the Director for his approval before the systems of construction or materials are used. The owner or his agent shall notify the Director of the time and location of all the tests so that he may be present.

Sec. 26-20. Filing floor plans for emergency assistance.

(a) Every city owned building and structure currently utilized as an institutional use, as defined by the city's Comprehensive Zoning Ordinance, shall submit to the City's Office of Homeland Security floor plans or architectural renderings, which generally indicate a view from above of each floor therein, and the location of exterior and interior walls and the location of major features of the building, such as staircases, doors, and windows to assist first responders in rescue efforts during emergency events.

(b) Buildings and structures being utilized as institutional uses but not city owned are encouraged to and may submit to the Office of Homeland Security floor plans or architectural renderings for assistance during emergency events.

(c) Any plan submitted to the Office of Homeland Security is exempt from public disclosure pursuant to La. R.S. 44:3.1.

(d) For purposes of this section, an "emergency event" is the existence of a condition or the occurrence in or near a building that poses a direct and immediate threat to occupant life and necessitates the deployment of police, fire and other emergency resources for purposes of its mitigation. "Emergency" does not include a medical emergency affecting a single individual.
(M.C.S., Ord. No. 27972, § 1, 1-10-19)

Sec. 26-21. International Fire Code—Adopted.

(a) *Code adopted.* The International Fire Code, 2021 Edition, is hereby adopted as the Fire Code of the City of New Orleans, except that the text of the code shall read as modified by the amendments set forth in section 26-22. In the event of conflict these amendments shall supersede and take priority over any amended or unamended section. If an amendment is in conflict with only part of a section, it shall be construed as superseding only the part of the section with which it is in conflict.

(b) *City not liable.* Nothing contained in this code shall be construed to relieve or lessen the responsibility or liability of any person for injury

or damage to persons or property caused by or resulting from any defects of any nature in any work performed by said person or in any equipment owned, controlled, installed, operated or used by him, nor shall the city or any officer, agent or employee thereof incur, or be held to assume, any liability by reason or in consequence of any permit, permission, certificate of inspection or approval authorized therein, or issued or given as herein provided, or by any reason of or in consequence of any things done or acts performed pursuant to any provisions of this code.

(c) *Prior violations.* All suits at law or in equity and all prosecutions resulting from the violation of any fire ordinances heretofore in effect, which are now pending in any of the courts of this state, or of the United States, shall not be abated or abandoned by reason of the adoption of this code, but shall be prosecuted to their finality the same as if this code had not been adopted; and nothing in this code shall be so construed as to abandon, abate, or dismiss any litigation or prosecution now pending, or which may have heretofore been instituted or prosecuted.

(d) *Retroactive clause.* In the case of violations of fire ordinances committed before the effective date of this ordinance, the fire ordinance existing at the time such violations were committed shall apply and govern.

(e) *Legal effect.* The requirements imposed by this code shall be in addition to any other requirements imposed by other any other applicable law. The more restrictive requirements shall supersede the less restrictive requirements.

Sec. 26-22. International Fire Code—Amendments.

That the following provisions of the International Fire Code, 2021 Edition, shall be deleted in their entirety and the following shall be substituted in lieu thereof:

CHAPTER 1
SCOPE AND ADMINISTRATION

SECTION 101 — SCOPE AND GENERAL PROVISIONS

101.1 Title. These regulations shall be known and may be cited as the 2021 Fire Prevention Code of the City of New Orleans, hereinafter referred to as 'this code.'

SECTION 102 — APPLICABILITY

102.6 Historic buildings. The provisions of this code relating to the construction, alteration, repair, enlargement, restoration, relocation or moving of buildings or structures shall not be mandatory for existing buildings or structures identified and classified by the state or local jurisdiction as historic buildings when, in the opinion of the code official, such buildings or structures do not constitute a distinct hazard to life or property. Fire protection in designated historic buildings and structures shall be provided in accordance with an approved fire protection plan developed in accordance with the provisions of NFPA 909 and 914. Fire protection in designated historic buildings and structures may, at the discretion of the code official, be provided in accordance with an approved fire protection plan developed in accordance with the provisions of NFPA 909 and 914 or may be appealed to the Board of Building Standards and Appeals for equivalent fire protection.

SECTION 103 — FIRE PREVENTION DIVISION

103.1 General. There is hereby established a fire prevention bureau to be called the Fire Prevention Division and the person in charge shall be known as the Chief of Fire Prevention. For the purpose of this code, the Chief of Fire Prevention shall be referred to as the Code Official, Fire Official, or Fire Code Official. The function of the division shall be the implementation, administration and enforcement of the provisions of this code.

103.1.1 The Department of Fire Prevention will operate pursuant to LA RS 40:1563.

103.4 Liability. The Code Official, officer, or authorized fire department employee charged with the enforcement of this code, while acting for the jurisdiction, shall not thereby be rendered liable personally, and is hereby relieved from all personal liability for any damage accruing to persons or property as a result of an act required or permitted in the discharge of official duties. No person who institutes or assists in the prosecution of a criminal proceeding under this code shall be liable to damages hereunder unless he/she acted with actual malice and without reasonable grounds for believing that the person accused or prosecuted was guilty of any unlawful act or omission.

103.5 Liability for Damages. The City of New Orleans does not assume any liability under this code for any damage to persons or property, if any, by reason of the inspection or re-inspection of buildings or structures authorized hereunder, or failure to inspect or re-inspect such buildings, or by reason of any permit issued hereunder or approval and disapproval of any equipment authorized herein.

103.5.1 The City of New Orleans hereby releases the Louisiana Fire Marshal and any other State entity from responsibility or liability for those inspections performed by the fire department, or the consequences thereof, within the City of New Orleans.

SECTION 104 — GENERAL AUTHORITY AND RESPONSIBILITIES

104.6 Official records. The Code Official shall keep official records as required by Sections 104.6.1 through 104.6.4. Such official records, except exhibition, convention, and special event plans, shall be retained for a time period not less than required by state statute.

104.6.3 Fire records. The fire department shall keep a record of fires occurring within its jurisdiction and of facts concerning the same.

104.7.2 Technical assistance. To determine the acceptability of technologies, processes, products, facilities, materials and uses attending the design, operation or use of a building or premises or equipment or activities subject to the inspection of the Fire Prevention Division, the Code Official is authorized to require the owner or agent to provide, without charge to the jurisdiction, a technical opinion and report. The opinion and report shall be prepared by a qualified engineer, specialist, laboratory, or fire safety specialty organization acceptable to the code official and shall analyze the fire safety properties of the design, operation or use of the building or premises or equipment or activities and the facilities and appurtenances situated thereon, to recommend necessary changes. The code official is authorized to require design submittals to be prepared by, and bear the stamp of, a registered design professional.

104.10 Investigations. The code official is hereby authorized and directed to enforce all the provisions of this code. For such purposes he and his designated officers and authorized fire department employees may exercise police powers as authorized by Section 40:1563.1 of the Louisiana Revised Statutes and applicable state and municipal law.

It shall be the duty of the officers of the fire prevention division to do the following:

1. Investigate the origin, cause and circumstances of fires, to determine whether arson has been committed.
2. Perform other departmental investigations as directed by the Superintendent.
3. Administer oaths and affirmations, examine witnesses, and receive evidence.
4. Issue subpoenas and subpoenas duces tecum in the same manner and with the same effect as if issued by the Council of the City of New Orleans.
5. Conduct criminal follow-up investigations in order to determine the identity of person(s) responsible for committing arson.
6. Obtain and execute warrants for those person(s) responsible for committing arson.
7. If arson has been established, arrest the arsonist(s).

104.12 Tampering with fire equipment. No person shall molest, tamper with, damage or otherwise disturb any apparatus, equipment or appurtenance belonging to or under the supervision and control of the fire department.

104.13 Tampering with barriers, etc. No person, unless authorized or a public officer acting within the scope of his public duties, shall remove, unlock, destroy, tamper with, or otherwise molest in any manner any lock, gate, door, barricade, fire scene tape, chain, enclosure, sign, tag or seal which has been lawfully installed by the fire official or by his order or under his control.

104.14 Removal of Fire Equipment. No personal shall remove, tamper with, or otherwise disturb any fire hydrant or fire appliance required to be installed or maintained under the provisions of this code except for the purpose of extinguishing fire, training purposes, recharging, or making necessary repairs, or when permitted by the fire official. Whenever a fire appliance is removed as herein permitted, it shall be replaced or reinstalled as soon as the purpose for which it was removed has been accomplished.

SECTION 105 — PERMITS

105.2.1 Refusal to issue permits. If the application for a permit describes a use that does not conform to the requirements of this code and other pertinent laws and ordinances, the fire code official shall not issue a permit.

105.2.2 Inspection authorized. Before a new operational permit is approved, the code official is authorized to inspect the receptacles, vehicles, buildings, devices, premises, storage spaces, or areas to be used to determine compliance with this code or any operational constraints required.

105.3.7 Information on the permit. The code official shall issue all permits required by this code on an approved form furnished for that purpose. The permit shall contain a general description of the operation or occupancy and its location and any other information required by the code official. Issued permits shall bear the signature of the Code Official and the person issuing said permit.

105.6 Required operational permits. The code official is authorized to issue operational permits for the operations set forth in Sections 105.6.1 through 105.6.53.

SECTION 108 — BOARD OF BUILDING STANDARDS AND APPEALS

108.1 General. The Code Official has the authority and it is his duty, subject to the provisions of law and of this code, to pass upon a question relative to the mode, manner of construction or materials to be used in the erection or alteration of any building or other structure erected or to be erected within the City of New Orleans, which is affected by the provisions of this code, or of any existing laws applicable to the City of New Orleans and relating to the design, construction, alteration, maintenance, repair, and removal of buildings or other structures therein, and to require that such design, mode, manner of construction, or materials shall conform to the true intent and meaning of the several provisions of this code. If the Code Official rejects or refuses to issue a permit, or to approve the design, mode, manner of construction or materials proposed to be followed or used in the erection and alteration of any such building or structure, or when it is claimed that the rulings

of the Code Official or the provisions of this code do not apply, or that more desirable and equally safe form of construction, from the owner's point of view, can be employed in a specific case, or whenever the owner of a building or structure shall object to any decision given by the Code Official, relative to the extent of damage sustained by any building or structure, by fire or otherwise, or to the extent or value of repairs, alterations or improvements of any existing building or replacement value thereof, the owner of the building may appeal from the decision of the Code Official to the Board of Building Standards and Appeals.

108.2 Appeals. Whenever the owner of an alleged unsafe structure or alleged public nuisance does not agree with the order from the Fire Department as to the corrections to be made, he shall have the right to appeal to the Board of Building Standards and Appeals within fifteen (15) days from the date of the order stating how he proposes to make the structure safe and, if required by the Board, shall submit detailed engineering analysis or recommendations accompanied by plans and specifications prepared by a Louisiana registered architect or a Louisiana registered civil engineer, or other substantiating data concerning the removal or other remedial steps to be taken to render the structure safe. In cases of emergency, and when the Code Official considers the structure in imminent danger of collapse, no appeal to the Board shall be permitted.

108.3 Actions. All cases in which application for appeals have been filed with the Board shall be heard, and the Board shall inform the Code Official of its decisions, stating the waivers or denials granted and conditions, if any, as they may require in each action. The decisions shall specify the variations allowed and the reason therefore, and shall be filed in the office of the Code Official within thirty (30) days of the public hearing. When building conditions are very unusual, requiring site visit, research and the like, the Code Official may grant a reasonable extension of time. Failure to file the decision shall not delay issuance of permits in accordance with a favorable vote so long as conditions attached to the permits are attached in accordance with the action of the Board. Copies of the decision shall be sent to the applicant and all parties involved in the appeal. If the order or refusal of the Code Official is affirmed, the order or refusal shall have full force and effect. If the order or refusal is modified or annulled, the Code Official shall issue an approval in accordance with the decision.

108.4 Appeals to Courts. A person, or any officer, department, commission, board, bureau, or any other agency of the City of New Orleans jointly or singularly aggrieved by a decision of the Board of Building Standards and Appeals may present to the Civil District Court of the Parish of Orleans, within thirty (30) days after filing of the decision in the office of the Board, a writ of certiorari asking for such relief and under such rules and regulations as are provided for such matters in appropriate legislation of the State of Louisiana.

SECTION 109 — VIOLATIONS

109.4 Violation penalties. Persons who shall violate a provision of this code or shall fail to comply with any of the requirements thereof or who shall erect, install, alter, repair or do work in violation of the approved construction documents or directive of the Code Official, or of a permit or certificate used under provisions of this code, shall be fined not more than $500 or imprisoned for not more than six months, or both. Each day that a violation continues after due notice has been served shall be deemed a separate offense.

109.4.2 Cease and Desist. The Code Official, in order to carry out the purposes of this code for which he is given the responsibility, supervision, licensure, or regulation, shall have the authority to order any person to cease and desist from any act or practice when it appears that such act or practice has violated, is violating, or will violate any provision of this code. When an order to cease and desist has been made via written notice of a violation, the recipient shall abate the violation. If the notice of violation is not complied with promptly, the Code Office is authorized to seek an administrative adjudication for any violation as provided in Chapter 6 of the Code of the City of New Orleans.

SECTION 110 — UNSAFE BUILDINGS

110.1.3 Imminent Danger. For any structure that is deemed by the Fire Code Official to be in imminent danger of collapse and/or constitutes a menace, the Fire Code Official shall have the authority to order the demolition of such structure for immediate abatement.

SECTION 111 — STOP WORK ORDER

111.4 Failure to comply. Any person who shall continue any work after having been served with a stop work order, except such work as that person is directed to perform to remove a violation or unsafe condition, shall be liable to a fine of not less than $300.00 or more than $500.00. Each day that a violation continues after due notice has been served shall be deemed a separate offense.

113.2 Schedule of Fees for Permits and / or Inspections. There shall be no fee for an annual Commercial Occupancy maintenance inspection and any required permit associated with that inspection, or for a follow-up inspection where any previously identified violation has been abated and no new violations are found. Any other inspection shall be subject to the following schedule of fees, which shall be the responsibility of the occupant/business owner:

17) Whether or not the building has an HVAC system, and if so, whether or not selective isolation can take place.

114.5 All owners/managers/operators shall be responsible for completion of the information sheets referred to in Section 114.4 in its entirety. Names and telephone numbers on the notification form shall be updated as changes in staff occur.

CHAPTER 2
DEFINITIONS

SECTION 202 — GENERAL DEFINITIONS

Commercial Occupancy. For the purpose of this code, all permanent building, premises, or occupiable space, other than one or two family dwellings, whose fire and life safety conditions are regulated by this code.

Department of Fire Prevention. The term Department of Fire Prevention shall be synonymous with 'fire prevention bureau', 'Fire Prevention Division' or similar term.

Exhibitor. An individual or entity engaged in the display of the products or services offered.

Exhibit. A space or portable structure used for the display of products or services.

Exposition. An event in which the display of products or services is organized to bring together the provider and user of the products or services.

Exposition Facility. A convention center, hotel, or other building at which exposition events are held.

Fire Code Official. Also known as the Chief of Fire Prevention, Code Official, Fire Official, or duly authorized representative, charged with the administration and enforcement of the Fire Prevention Code.

Fire Watch. A temporary measure intended to ensure continuous and systematic surveillance of a building or portion thereof by one or more individuals approved by the Fire Code Official for the purposes of identifying and controlling fire hazards, detecting early signs of unwanted fire, raising an alarm of fire and notifying the fire department.

Fire Watch Personnel. Uniformed fire service personnel subject to the Fire Official's orders at all times when so employed. The term 'fire watch personnel' shall be synonymous with 'firewatch,' 'standby personnel,' 'standby firefighter,' 'standby firewatch' or similar term.

Qualified Personnel. People who are regularly engaged in the business of installing, maintaining and testing specific systems as listed on the testing schedule, and are certified as such by the LA State Fire Marshal's Office or those persons approved by the Chief of Fire Prevention or his duly authorized representative. *Note: Approval may require a written and/or field examination.*

Test. A complete check of the system per nationally recognized standards to determine that the system functions as designed.

CHAPTER 3
GENERAL REQUIREMENTS

SECTION 301 — GENERAL

301.3 Standby Firewatch Personnel. Whenever it is essential for public safety in a place of public assembly or any other place where people congregate, due to the number of persons or the nature of the performance, exhibition, display, contest or activity, or inadequate signaling/suppression or fire protection systems, or life safety features, the Fire Official may require the employment of one or more approved firewatch personnel to be on duty at such place. Said firewatch personnel shall be subject to the Fire Official's orders at all times when so employed and shall be in uniform and remain on duty during the times such places are open to the public or while such activity is being conducted.

SECTION 307 — OPEN BURNING, RECREATIONAL FIRES AND PORTABLE OUTDOOR FIREPLACES

307.1.1 Prohibited open burning. Outdoor burning of waste material or other combustible material is prohibited unless conducted in the situations enumerated in Section 307.1.1.1 if no public nuisance is or will be created and if the burning is not prohibited by and is conducted in compliance with other applicable laws and with regulations and orders of governmental entities having jurisdiction, including air control regula-

tions and orders. The authority to conduct outdoor burning under this code does not exempt or excuse the person responsible from the consequences of or the damages or injuries resulting from the burning. Said responsible person, or a duly authorized representative, must be present at the site of the burning while the burning is being conducted.

307.1.1.1 Outdoor burning permitted. Outdoor burning of trees, brush, grass, and other vegetation in land clearing operations may be permitted if the following conditions are met:

1. Prevailing winds at the time of the burning must be away from any habitations, the ambient air of which may be affected by smoke from the burning;
2. Care must be used to minimize the amount of dirt on the material being burned;
3. The fire shall be constantly attended by firewatch personnel until the fire is extinguished. The firewatch shall have a 2½ inch fire hose connected to an approved water supply, or other fire extinguishing equipment readily available for use. All fire extinguishing equipment shall be provided by permit applicant.
4. Heavy oil, asphaltic materials, items containing natural or synthetic rubber, or any materials other than plant growth which produce unreasonable amounts of smoke may not be burned nor may these substances be used to start a fire.
5. The burning may be conducted only between the hours of 8:00 a.m. to 1 hour before sunset. Piles of combustible material shall be of such size to allow complete reduction in the allotted time interval.

   Exception: Burning conducted utilizing an approved air curtain incinerator, fire box, or similar equipment may be conducted for extended hours.
6. The burning must be controlled such that a traffic hazard is not created.

307.1.2 Training. The prohibition specified in Section 307.1.1 shall not apply to fires set for the purpose of training public firefighting personnel or building occupants, when authorized by the Fire Official.

307.2.2 Firewatch. An approved firewatch may be required.

307.4 Location. The location of the burning must be at least 1,000 feet (304.8 m) from any dwelling or structure.

Exception: Burning conducted utilizing an approved air curtain incinerator, fire box, or similar equipment may be conducted at lesser distances from dwellings or structures.

307.4.3 Portable Chimneys (Chimineas) and Outdoor Fireplaces. The outdoor burning of solid fuel (e.g., wood, charcoal) in portable chimneys and outdoor fireplaces used solely for recreational purposes is allowed, provided that the following conditions are met:

1. Fire is supervised at all times by an adult and the smoke does not become a nuisance for adjacent property owners/occupants.
2. Embers are contained within appliance by use of a spark arrester or similar device that prevents the embers from escaping.
3. Appliance is Underwriters Laboratory (U.L.) listed.
4. Appliance is used on a non-combustible surface and is a minimum of ten (10) feet away from all structures and combustible materials.

SECTION 308 — OPEN FLAMES

308.1.9 Cooking operations. Any cooking operation, conducted within structure, tent, or enclosed space (fixed or mobile), which produces smoke or grease laden vapors and is not protected by an approved exhaust hood with an approved fire extinguisher shall necessitate the employment of one or more firewatch personnel.

SECTION 310 — SMOKING

310.9 Provisions not exclusive. Any prohibition, restriction, or requirement under this section

shall be in addition to any and all other prohibitions, restrictions, or requirements imposed by law, including but not limited to Chapter 66, Article II of the Code of the City of New Orleans.

SECTION 311 — VACANT PREMISES

311.2.2.1 Fire notification systems/protection in unoccupied portions of structures within the Inner Fire Limits. Each multistory structure within the Inner Fire Limits with an occupied first floor and unoccupied upper floors shall have an approved off-site monitored smoke/fire alarm system servicing the unoccupied upper floors.

SECTION 314 — INDOOR DISPLAYS

314.4.1 Firewatch required. When a vehicle is parked inside a place of assembly within a structure of mixed occupancy, such as a hotel, the requirements of Section 314.4 shall apply and additionally a standby firewatch person shall be employed as per Section 301.3. The Fire Official shall designate the number of standby firewatch personnel to be employed dependent upon the number of vehicles displayed and the configuration of such display. The standby firewatch personnel shall remain on duty for the entire duration of the vehicle display.

SECTION 319 — CONSTRUCTION DEBRIS LANDFILLS

319.1 Type III construction debris landfill. It shall be unlawful for any person, firm, or corporation to store or process any commercial, industrial, and/or construction debris or solid waste, as defined by the rules and regulations of the Louisiana Department of Environmental Quality, upon any public place, including the public sidewalks, streets, and other public places, within the corporate limits of the City of New Orleans or upon any property owned by or under the jurisdiction of the City of New Orleans, or upon any private property within the City without a permit. Any person, firm, or corporation wishing to operate a construction debris landfill, as defined by the Louisiana Department of Environmental Quality regulations for Type III facilities, must first secure a permit from the Department of Fire. Prior to issuing such a permit or permit renewal, the applicant shall furnish the Department of Fire written approval from the, Department of Safety and Permits, Department of Sanitation, Department of Public Works, and City Planning Commission certifying that the permit applicant is in compliance with the applicable rules and regulations set forth by each respective department or commission.

319.2 Storing or processing commercial debris. Any person, firm, or corporation wishing to store or process any commercial, industrial, and/or construction debris or waste on any open lot or parcel of ground within the jurisdiction of the City of New Orleans shall do so within the constraints set forth in the following requirements, subject to be verified and renewed annually:

1. A permit application shall be filed with the New Orleans Fire Prevention Division outlining the details of the proposed operation. Supplied information is to include the name, address, and telephone number of the property owner, the business owner, the agent for service, the lessee and lessor. The applicant must also submit a survey of the property that is to be utilized identifying the square number, lot number and municipal address. The survey must be performed and certified by a registered Louisiana professional land surveyor. The applicant must also submit evidence of a drainage runoff plan to assure that drainage or runoff from the property before, during, and after the filling shall not drain on adjacent property. The drainage plan must be certified by a registered Louisiana professional civil engineer. Landfill site ingress and egress shall meet the standards of the New Orleans Department of Public Works and under no circumstances shall the driveway impede the maximum flow created by any drainage ditches along the property adjacent to the property boundaries.

2. A three feet by five feet (3' × 5') sign that is plainly visible and legible from the

street or roadway shall be provided for all new and existing businesses that shall display the following information:

a. Name of business;

b. Municipal address;

c. Hours of operation;

d. Fire Department permit number;

e. Louisiana Department of Environmental Quality site identification number; and

f. A description of the types of waste that can be received.

3. The landfill site may only be operated between the times of dawn to dusk, seven days a week.

4. Designated area shall be completely enclosed on all boundary lines facing a roadway with a proper, suitable, and substantial fence constructed of wood, metal, or masonry material, in sound condition, substantially free from deterioration, not less than seven feet (7') nor more than ten feet (10') high to prevent the ready entry of unauthorized persons on the premises or land to ensure proper screening of the enclosed area from public view. The fence shall be maintained in a constant state of good repair and no signage or advertising material shall be placed upon the fence.

5. An all-weather road having a minimum width of twenty feet (20') shall be provided throughout the site rendering all areas of the site readily accessible to firefighting equipment.

6. Smoking shall be prohibited within the construction debris area.

7. A telephone or radio communication equipment capable of fire department notification shall be provided by the operator/owner/applicant.

8. An operable bulldozer, front-end loader, or similar equipment shall be available on the site. A trained equipment operator shall be present during operation hours. A $50,000.00 surety bond shall be posted with the New Orleans Fire Department by the landfill operator/owner and/or property owner in order to cover the costs of:

a. Providing additional digging equipment, moving equipment, or other services related to and necessary for fighting and extinguishing a fire at the facility.

b. Conducting and completing closure activities of the facility as prescribed by local, state, and federal regulations.

c. Satisfying any outstanding fines/penalties that have been imposed by the City and reduced to a judgement or lien against the property in question.

9. A twelve inch (12") layer of soil/cover material shall be utilized to cover exposed construction debris every fifteen (15) calendar days. A log shall be kept available at the site to verify the dates that soil/cover material was utilized.

10. Burning of any materials or solid waste at the landfill facility shall be prohibited.

11. One (1) fire hydrant, supplied with a water line of no less than six inches (6") in diameter, shall be provided within eighty-five feet (85') of the front/main entry gate. Additionally:

a. Hydrants shall meet the specifications of the Sewerage and Water Board of New Orleans.

b. Hose outlet size and threads are to conform to the hose connections used by the Sewerage and Water Board of New Orleans.

c. The center of hydrant hose outlets shall not be less than eighteen inches (18") above the final grade.

12. It shall be the responsibility of every construction debris business operator or the owner of the land upon which the business is being operated to maintain

the grass so that it does not exceed eighteen inches (18") in height. Additionally, the aforementioned person(s) shall maintain the area that begins outside the front fence and extends to the street's median, including the removal of any trash, debris, soil, litter, or solid waste in that area.

13. Adhere to all other provisions of City, State, and federal laws.

14. Adhere to all provisions of the Louisiana Department of Environmental Quality regulations on construction and demolition debris and wood waste landfills and processing facilities (Type III).

15. Should any of the requirements of Sections 319.1 through 319.2 not be met at any time, the departments of Safety and Permits, Fire, or Sanitation shall have the authority to cite the violator(s) and, after serving notice via United States mail services, hold a hearing before a duly authorized administrative hearing officer in accordance with Chapter 6 of the Code of the City of New Orleans. If after said hearing, a violation is determined to have occurred and be a continuing violation, the respective department may revoke any permit(s) issued, stop any and all processes and operations, and apply the $50,000.00 surety bond toward:

    a. Costs of conducting and completing closure activities of the facility as prescribed by local, state, and federal regulations; or

    b. Satisfaction of any outstanding fines or penalties assessed against the facility, by the City, which have been reduced to a judgment or lien against the property.

16. This ordinance shall have effect on any current owner/operator and/or property owner/operator and /or property owner operating an existing Type III Construction Demolition Landfill.

SECTION 320 — COMPOSTING

320.1 Scope. This section applies to storage and composting of agricultural waste material (hay, straw, manure, or other similar products) exceeding three thousand (3,000) cubic feet.

320.2 Permits. A permit is required from the Fire Official when storage exceeds three thousand (3,000) cubic feet. Should any of the requirements of this section not be met at any time, the Fire Official shall have the authority to cite the violator(s), and, after having given notice via United States mail service, hold a hearing before a duly authorized administrative hearing officer in accordance with Chapter 6 of the Code of the City of New Orleans. If, after the hearing, a violation is determined to have occurred and be a continuing violation, the Fire Official may revoke any permits issued, stop any and all processes and operations, and apply the $10,000.00 surety bond required by Section 320.3.

320.3 Surety bond. A $10,000.00 surety bond shall be posted with the New Orleans Fire Department by the operator/owner and/or property owner in order to cover the cost of: (1) providing additional digging equipment, moving equipment or other services related to and necessary for fighting and extinguishing a fire at the facility; (2) conducting and completing closure activities of the facility as prescribed by local, state, and federal regulations; (3) satisfying any outstanding fines or penalties which have been imposed by the City and reduced to a judgment or lien against the property in question.

320.4 General.

320.4.1 Agricultural waste material shall be stored in piles with maximum measurements of twenty (20) feet wide by fifty (50) feet long by fifteen (15) feet high.

320.4.2 Aisles between piles shall be no less than fifteen (15) feet in width.

320.4.3 Piles shall be irrigated as necessary to keep moisture levels between forty (40) to sixty (60) percent. Significant rain fall may be used to satisfy irrigation requirements.

320.4.4 Minimum ten (10) feet buffer zone is required for agricultural waste material storage set back where property lines adjoin other properties.

320.4.5 An operable front-end loader or backhoe or similar earth moving equipment shall be available on the site. A fire extinguisher with a minimum rating of 2-A:10-B:C must be on earth moving equipment at all times for use on equipment fires.

320.4.6 A trained equipment operator shall be present on site during operating hours.

320.4.7 Telephone or radio communication equipment capable of fire department notification shall be on the site during operating hours.

320.4.8 A plan for fire control and other emergencies shall be developed and routinely rehearsed by all personnel.

320.4.9 All other local, state, and federal regulations must be adhered to by owner/operator and/or property owner.

320.4.10 At closure, excess material shall be removed and the site shall be restored to usable condition.

320.4.11 Agricultural Waste Material and Composting sites must have a water supply meeting one of the following conditions:

1. Water Tank
   a. minimum three thousand (3,000) gallon capacity.
   b. minimum 250 gpm rated fire pump.
   c. 2½ inch hose capable of reaching all parts of the site.
2. Natural Body of Water
   a. minimum 250 gpm rated fire pump.
   b. 2½ inch hose capable of reaching all parts of the site.
3. Hydrant (for sites less than 100,000 square feet)
   a. Hydrant must be located within one hundred fifty (150) feet of site.
   b. ¾ inch water supply outlet shall be provided and located such that all piles on site can be reached with seventy-five (75) feet of ¾ inch hose.

320.5 Fuel Storage. See Chapter 57 for fuel storage requirements.

CHAPTER 9
FIRE PROTECTION SYSTEMS

SECTION 901 — GENERAL

901.5 Installation acceptance testing. Before final approval and acceptance of fire suppression, alarm, detection, or any other fire protection device, including standby power facilities and fire ventilating systems in any building or structure, the installation shall be subjected to an acceptance test. The appropriate acceptance test shall be conducted by qualified personnel and deemed adequate to determine that the system or fire protection device has been properly installed and will function as intended. Acceptance test results shall be recorded on forms stipulated by the New Orleans Fire Department (forms available at the New Orleans Fire Prevention Office at no cost). The completed forms shall be forwarded to the New Orleans Fire Prevention Division, 317 Decatur Street, New Orleans, Louisiana 70130, Attention: Confidence Testing Unit. It shall be unlawful to occupy portions of a structure until the required fire protection systems that serve within that portion of the structure have been tested and approved.

901.7 Systems out of service. The Fire Official shall be notified before disconnection and interruption of any fire protection, tests, repairs, alterations or additions are started and upon completion, and shall be advised of the extent of and reason for such work. Fire protection service shall be restored promptly.

Where a required fire alarm system is out of service for more than eight (8) hours in a twenty-four (24) hour period, or a required automatic sprinkler system is out of service for more than ten (10) hours in a twenty-four (24) hour period, the owner, occupant, or authorized representative shall notify the authority having jurisdiction

and the building shall be evacuated unless the authority having jurisdiction allows an approved firewatch for all parties left unprotected by the shutdown until the system(s) has (have) been returned to service. When in the opinion of the Fire Official a required standpipe is out of service for more than ten (10) hours in a twenty-four (24) hour period, the owner, occupant, or authorized representative shall notify the authority having jurisdiction and the building shall be evacuated unless the authority having jurisdiction allows an approved firewatch for all parties left unprotected by the shutdown until the system has been returned to service.

901.7.4 Preplanned impairment programs.

9. Shall be in accordance with the Louisiana State Fire Marshal approval.

SECTION 906 — PORTABLE FIRE EXTINGUISHERS

906.2.2 Inspection tags. Portable fire extinguishers shall have current date tags issued and affixed by an individual or company license by the Louisiana State Fire Marshal.

SECTION 907 — FIRE ALARM AND DETECTION SYSTEMS

907.9.1 One- and two-family dwellings. Every existing dwelling including one- and two-family dwellings shall be protected by an approved listed smoke alarm including, at a minimum, an operable single station ten-year, sealed lithium battery smoke alarm. In dwellings and dwelling units, a smoke alarm shall be mounted in accordance with NFPA 72 and International Residential Code standards. Single station smoke alarms shall be 10-year lithium battery-powered. Single station smoke alarms may be combination smoke and carbon monoxide detector. Multiple station smoke alarms may be connected to an approved household fire warning system and shall be listed to meet the installation requirements of NFPA 72 and the International Residential Code.

SECTION 912 — FIRE DEPARTMENT CONNECTIONS

912.3.1 NOFD fire hose threads. New Orleans Fire Department fire hose connections shall meet the New Orleans Sewerage and Water Board specifications:

Large hose (2½ inches) — 7½ threads per inch (National Standard Thread)

Small hose (1½ inches) — 11½ threads per inch (Iron Pipe Thread)

CHAPTER 10
MEANS OF EGRESS

SECTION 1029 — ASSEMBLY

1029.9.9 Plan submittal of exit ways and aisles. A scale-drawn plan indicating the seating arrangements, location and width of exit ways and aisles, and the arrangement of furnishings or equipment, must be submitted by the building owner, manager, or authorized agent to the Fire Official for approval. The approved plan shall constitute the only acceptable arrangement until revised or additional plans are submitted and approved.

1029.9.10 Exposition plan. Plans for expositions, exhibits, trade shows, and similar events shall be submitted in an acceptable format to the Fire Official for approval prior to the move-in of any events.

CHAPTER 24
FLAMMABLE FINISHES

SECTION 2403 — PROTECTION OF OPERATIONS

2403.2.7 Welding warning signs. Welding, cutting, and similar spark-producing operations shall not be conducted in or adjacent to flammable vapor areas or dipping or coating operations unless precautions have been taken to provide safety. Conspicuous signs with the following warning shall be posted in the vicinity of flammable vapor areas, dipping operations and paint storage rooms:

NO WELDING
THE USE OF WELDING OR CUTTING EQUIPMENT IN OR NEAR THIS AREA IS DANGEROUS BECAUSE OF FIRE AND EXPLOSION HAZARDS. WELDING AND CUTTING SHALL BE DONE ONLY UNDER THE SUPERVISION OF THE PERSON IN CHARGE. NO WELDING SHALL BE CONDUCTED WITHIN TWENTY (20) FEET OF ANY SPRAY BOOTH.

CHAPTER 31
TENTS AND OTHER MEMBRANE STRUCTURES

SECTION 3103 — TEMPORARY TENTS AND MEMBRANE STRUCTURES

3103.2 Approval required. Air-supported temporary membrane structures, tents, tarps, or canopies having an area in excess of 150 square feet (13.9 m2) shall not be erected, operated or maintained for any purpose without first obtaining a permit and approval from the fire code official.

Exceptions:

1. Tents used exclusively for recreational camping purposes.
2. Funeral tents and curtains or extensions attached thereto, when used for funeral services.

3103.6 Construction documents. A detailed site and floor plan for tents, canopies, or membrane structures with tables, chairs, or other movables shall be provided with each application for approval. The tent, canopy, or membrane structure floor plan shall indicate details of the means of egress facilities, seating capacity, arrangement of the seating and location and type of heating and electrical equipment.

SECTION 3104 — TEMPORARY AND PERMANENT TENTS AND MEMBRANE STRUCTURES

3104.15.5.1 Firewatch required. Any cooking operation within an air-supported temporary membrane structure, tent, tarp, or canopy that produces smoke or grease laden vapors and is not protected by an exhaust hood with an approved fire suppression system shall necessitate the employment of one or more approved firewatch personnel.

CHAPTER 56
EXPLOSIVES AND FIREWORKS

SECTION 5601 — GENERAL

5601.1.6 Transportation of explosives. Transportation of explosives in the following amounts shall require a New Orleans Police Department escort consisting of at least two motorcycle police officers:

USDOT 1.1, 1.2 or Class A:	Greater than 15 pounds N.E.C. (6.8 kg)
USDOT 1.2, 1.3, 1.4 or Class B:	Greater than 300 pounds N.E.C. (136 kg)
USDOT 1.4G or 1.5D or Class C:	Greater than 600 pounds N.E.C. (272 kg)

5601.2.4 Financial responsibility. Before a permit is issued pursuant to Section 5601.2, the applicant shall file with the jurisdiction a corporate surety bond in the principal sum of $1,000,000.00 or a public liability insurance policy for the same amount, for the purpose of the payment of all damages to persons or property which arise from, or are caused by, the conduct of any act authorized by the permit upon which any judicial judgment results. The fire code official is authorized to specify a greater or lesser amount when, in his or her opinion, conditions at the location of use indicate a greater or lesser amount is required. Government entities shall be exempt from this bond requirement.

SECTION 5608 — FIREWORKS DISPLAY

5608.2 Permit application. A permit must be obtained from the Fire Official to manufacture (compound), store, or use any fireworks or pyrotechnic special effects material in connection with motion picture, television, theatrical or group entertainment production. A permit for use shall be granted only to a competent opera-

tor approved by the Fire Official and who has an appropriate license from the New Orleans Fire Prevention Division.

5608.2.3 Standby personnel and equipment. The Fire Official may require the employment of one or more experienced New Orleans Fire Department firewatch personnel during the discharge of any permitted outdoor, indoor, or special effects pyrotechnic display. Said NOFD firewatch personnel shall be in uniform and subject to the Fire Official's orders at all times when so employed. Use of NOFD equipment may be required at the expense of the applicant.

5608.2.4 Commercial displays: license required. No person may engage in the business of producing commercial displays of fireworks without possessing a license issued by the New Orleans Fire Prevention Division. Conducting commercial displays of fireworks includes the display or discharge of Class 'B' or 'C' fireworks or 'D effects as entertainment before the public or a private group which has been admitted or permitted to view the display. See schedule of fees for Class 'B,' 'C,' or 'D' pyrotechnic or flame effects licenses. All pyrotechnic licenses are valid for one year following the date of issuance.

5608.2.5 Commercial displays: application for license. A person applying for a license to produce commercial displays of fireworks must:

1. Be a U.S. citizen.
2. Be at least 21 years of age.
3. Submit an application on the form provided by the New Orleans Fire Prevention Division.
4. Applicant must furnish the following:
    a. A copy of his user permit from the Louisiana Department of Public Safety and Corrections and/or the Office of the State Fire Marshal as provided in R.S. 40:1472.3 and R.S. 51:650 *et seq*.
    b. A copy of his distributor and/or importer permit(s) from the State Fire Marshal's Office as provided in R.S. 51:656.
    c. A copy of his ATF documentation of clearance and permit(s) and/or license(s).

5608.2.6 Examination criteria. Applicant must successfully pass a written examination with a minimum score of 70 percent covering one or more of the following categories:

1. For an applicant seeking a Class 'B' license, the examination will cover the design, construction, storage, and use of fireworks as per NFPA 1123: Code for Fireworks Display and the New Orleans Fire Prevention Code including precautions and procedures for the safety and protection of spectators.
2. For an applicant seeking a Class 'C' license, the examination will cover the design, construction, storage and use of fireworks and systems used to produce flame effects as per NFPA 1126: Standard for the Use of Pyrotechnics Before a Proximate Audience, NFPA 160: Standard for the Use of Flame Effects Before an Audience, and the New Orleans Fire Prevention Code including precautions and procedures for the safety and protection of spectators.
3. For an applicant seeking a Class 'D' license, the examination will cover the design, construction/fabrication, installation, testing, control, operation, maintenance, equipment, procedures, and systems used to produce flame effects as per NFPA 160: Standard for the Use of Flame Effects Before an Audience, and the New Orleans Fire Prevention Code including precautions and procedures for the safety and protection of spectators.
4. For an applicant seeking a Class 'B' and 'C' license, the exams will cover those topics outlined in Subsections 1 and 2.
5. The tests noted above shall be developed and administered by members of the New Orleans Fire Prevention Division or a duly appointed agent/designee.
6. If a minimum score of 70 percent is not attained, the applicant must wait at

least 30 days before retesting. The fees listed in Section 113.2 shall be applicable to all retests. A licensee whose license has been expired for 2 years or more and makes application for renewal must retake and pass the written test(s).

5608.2.7 Suspension, revocation, or refusal to renew a license or certificate. The Chief of Fire Prevention may suspend, revoke, or refuse to renew a license for a pyrotechnics technician/operator of commercial displays of fireworks if the licensee or registrant has caused or allowed a life safety hazard at a location at which the technician/operator:

1. Stores, handles, or prepares fireworks, special effect or pyrotechnic devices; or
2. Produces or conducts a commercial display of fireworks or special effects.

5608.2.7.1 Report. If an incident resulting in a life safety hazard is caused or allowed by a licensed technician/operator or registrant, he shall submit to the Chief of Fire Prevention upon request a report explaining the incident. Failure to submit the report shall constitute a violation for which a citation may be issued and, if after proper notice has been given and a hearing before a duly authorized administrative hearing officer has been conducted, may result in the revocation of the license or certificate.

5608.2.7.2 Disposal of product. A person whose license or certificate has been revoked must dispose of the fireworks, special effect or pyrotechnic devices in his possession within 30 days after receiving written notice to do so by the Chief of Fire Prevention. In complying with this subsection, the licensee or registrant may transfer the fireworks, special effects or pyrotechnic devices only to a person who is licensed to produce commercial displays of fireworks or who is otherwise permitted to lawfully purchase and possess fireworks or pyrotechnic devices.

CHAPTER 57
FLAMMABLE AND COMBUSTIBLE LIQUIDS

SECTION 5704 — STORAGE

5704.2.9.6.1 Locations where above-ground tanks are prohibited. Storage of flammable or combustible liquids in above-ground tanks outside of buildings is prohibited within the Inner Fire Limits as per the New Orleans Building Code.

Exception: All above-ground tanks that were legally installed prior to adoption of this code.

Plans and specifications for the installation or removal of every above-ground or underground combustible or flammable liquid storage tank shall be submitted to the Fire Official for approval.

5704.2.11.4.2 Leak detection. Underground storage tank systems shall be provided with an *approved* method of leak protection from any component of the system that is designed and installed in accordance with NFPA 30. Underground flammable or combustible liquid tanks of 1,000 gallons (3.79 cubic meters) capacity or larger shall be equipped at the time of installation with a vertical 6 inch (152 mm) diameter or larger perforated pipe installed within the sand or gravel backfill of the tank excavation hole to the depth of the lowest point of any tank or its foundation. A removable cover for inspection shall be provided over the perforated pipe. The cover shall be designed to withstand traffic over the tank area. A single pipe may serve more than one tank provided it will monitor leakage from the other tanks.

ARTICLE IV. MINIMUM PROPERTY MAINTENANCE CODE*

DIVISION 1. POLICY AND SCOPE

Sec. 26-146. Title.

These regulations shall be known as the Minimum Property Maintenance Code, hereinafter referred to as "this code."

---

*__Editor's note—__M.C.S., Ord. No. 25454, § 1, adopted August 22, 2013, effective Sept. 1, 2013, amended Art. IV in its entirety to read as herein set out. Former Art. IV, §§ 26-146—26-149, 26-150, 26-151—26-160, 26-161—26-164, 26-165—26-170, 26-171—26-175, 26-176—26-208, 26-209—26-217, 26-218—26-229, 26-230—26-243, 26-244—26-247, 26-261—26-263, pertained to Minimum Housing Standards

(M.C.S., Ord. No. 25454, § 1, 8-22-13, eff. 9-1-13)

Sec. 26-147. Policy and purpose.

The purpose of this code is to protect the health, safety and welfare of the public insofar as they are affected by the maintenance of structures and premises and any occupancy thereof. This code shall be construed to secure this express intent. Existing structures and premises that do not comply with these provisions shall be altered or repaired to provide the minimum level of health, safety and welfare required by this code.
(M.C.S., Ord. No. 25454, § 1, 8-22-13, eff. 9-1-13)

Sec. 26-148. Scope.

The provisions of this code shall apply to all residential and nonresidential structures and all premises and shall constitute the minimum requirements and standards for premises, structures, accessory structures, equipment and facilities for light, ventilation space, heating, sanitation, protection from the elements, life safety, safety from hazards, and for safe and sanitary maintenance; the responsibility of owners, operators, and occupants; the occupancy of existing structures and premises; and for administration, enforcement and penalties thereto.
(M.C.S., Ord. No. 25454, § 1, 8-22-13, eff. 9-1-13)

Sec. 26-149. Applicability.

(a) It shall be unlawful for any person, natural or juridical, to be in conflict with or in violation of any of the provisions of this code.

(b) Repairs, additions or alterations to a structure, or changes of occupancy, shall be done in accordance with all other applicable codes. Nothing in this code shall be construed to cancel, modify, or set aside any provision of the New Orleans' Comprehensive Zoning Ordinance, as amended, or the Building Code of the City of New Orleans, as amended.

(c) Where there is a conflict between a general requirement and a specific requirement, the specific requirement shall govern. Where differences occur between provisions of this code and another applicable code, the provisions of this code shall apply. Where, in a specific case, different sections of this code specify different requirements, the most restrictive shall govern. The provisions of this code shall not be deemed to nullify any provision of state or federal law.

(d) The provisions of this code shall not be construed to abolish or impair existing remedies relating to the removal or demolition of any building or structure which is dangerous, unsafe, and/or unsanitary.

Executed in a skilled manner and performed with the same degree of care, skill, and diligence as would be ordinarily exercised by a competent practitioner of the same profession performing similar work under the same or similar circumstances; suitable for its intended purpose and free from defects in workmanship or materials.
(M.C.S., Ord. No. 25454, § 1, 8-22-13, eff. 9-1-13; M.C.S., Ord. No. 28490, § 1, 9-3-20; M.C.S., Ord. No. 29758, § 1, 12-1-23; M.C.S., Ord. No. 30481, § 1, 10-9-25)

DIVISION 3. ADMINISTRATION

Sec. 26-151. Department of code enforcement.

The department of code enforcement shall be responsible for the administration and enforcement of this code and the director may delegate his or her authority as needed for the enforcement this code.
(M.C.S., Ord. No. 25454, § 1, 8-22-13, eff. 9-1-13; M.C.S., Ord. No. 29758, § 1, 12-1-23)

Sec. 26-152. Liability.

The code official and any employee charged with the enforcement of this code shall not be rendered personally liable for any damage that may occur to persons or property as a result of any act in the discharge of official duties. The code official or any employee thereof shall not be liable for costs in any action, suit or proceeding that is instituted in pursuance of the provisions of this code.
(M.C.S., Ord. No. 25454, § 1, 8-22-13, eff. 9-1-13)

Sec. 26-153. General duties.

(a) The code official is hereby authorized and directed to enforce the provisions of this code. The code official shall have the authority to render interpretations of this code and to adopt policies and procedures, in conjunction with the chief administrative officer, in order to clarify the application of its provisions. Such interpretations, policies, and procedures shall be in compliance with the intent and purpose of this code. Such policies and procedures shall not have the effect of waiving requirements specifically provided for in this code. The code official and any designee(s) thereof charged with the enforcement of this code are authorized to make inspections and/or to administer and enforce the provisions of this code.

(b) Requirements not specifically covered by this code but necessary for the strength, stability or proper operation of an existing fixture, structure, or equipment, or for the public safety, health and general welfare, shall be determined by the code official.
(M.C.S., Ord. No. 25454, § 1, 8-22-13, eff. 9-1-13)

Sec. 26-154. Inspections.

The code official shall make all of the required inspections, or may accept reports of inspection by approved individuals. All reports of such inspections shall be in writing and shall be certified by the person conducting the inspection. The code official is authorized to engage such expert opinion(s) as necessary to report upon technical issues that may arise.
(M.C.S., Ord. No. 25454, § 1, 8-22-13, eff. 9-1-13)

Sec. 26-155. Right of entry.

(a) In the performance of his or her duties, the code official may enter any land, structure, or premises in the city to enforce this Code, at any reasonable time, as provided in this section.

(b) Prior to entering any land, structure, or premises to enforce this code, the code official must give notice of his or her intent to enter. Notice shall be in writing and provide the date and time at which the code official will be present to make the inspection, and inform the person notified that he or she may request to reschedule the inspection to another date and time by contacting the code official before the stated date.

(c) If the property is occupied, notice shall be provided by certified or registered mail to the occupant or the person with apparent right of possession, with a courtesy copy mailed to the owner at the owner's last known address as provided in the assessor's records, and conspicuously posted at or near the entrance to the structure or premises. If the property is vacant, the notice shall be mailed or delivered to the last known address of the owner as provided in the assessor's records.

(d) After notice has been given, if the person notified fails to arrange for, denies, or unduly delays the entry, the code official may request that the law department file in a court of competent jurisdiction a petition for right of entry to authorize entry for the inspection. The court of competent jurisdiction shall grant the petition upon determining that:

(1) The notice required by subparts (b) and (c) of this section have been given; and

(2) The petition establishes probable cause that an inspection will reveal violation(s) of this code.

(e) The petition for right of entry shall be verified by the code official and accompanied by a sworn and signed affidavit containing facts within the personal knowledge of the affiant that probable cause exists.

(f) Any inspection conducted pursuant to an order permitting right of entry shall be made within 15 calendar days of the date the order is issued, unless otherwise provided in the order. The order shall be void upon expiration of the inspection period.

(g) Neither an order nor prior notice is required in any of the following named circumstances:

(1) Entry is by permission of an owner or occupant upon the code official presenting credentials and requesting entry, or at the request of an owner or occupant of the land, structure, or premises or by a person with apparent right of possession;

(2) If the land, structure, or premises is vacant, visibly open and obviously accessible to members of the general public and violations of this code are in plain view;

(3) Immediately after an accident or disaster that causes the code official to believe that immediate entry is necessary for investigative purposes or to protect property or public health or safety.

(M.C.S., Ord. No. 25454, § 1, 8-22-13, eff. 9-1-13)

DIVISION 4. GENERAL REQUIREMENTS—VACANT AND OCCUPIED PREMISES

Sec. 26-156. Generally.

(a) The provisions of this division shall govern the minimum conditions and the responsibilities of persons for the maintenance of all premises, including structures and the exterior of property. The owner of a premises shall maintain the structures and exterior property in compliance with the requirements contained herein, except as otherwise provided for in this code.

(b) A person shall not occupy as an owner-occupant or permit another person to occupy premises which are not in a sanitary and safe condition and which do not comply with the requirements of this chapter.

(c) All vacant land, including undeveloped land, and all lots, plots, or parcels of land containing vacant structures shall be maintained in a clean, safe, secure and sanitary condition as provided in this division so as not to adversely affect the public health or safety.
(M.C.S., Ord. No. 25454, § 1, 8-22-13, eff. 9-1-13; M.C.S., Ord. No. 28490, § 1, 9-3-20)

Sec. 26-157. Exterior property area—Sanitation.

All exterior property and premises shall be maintained in a clean, safe and sanitary condition, free from any accumulation of trash, litter, debris, garbage, waste, rubbish or other similar material. Every occupant of a structure shall dispose of all rubbish in a clean and sanitary manner by placing such trash in approved container(s), as provided in Chapter 138 of the Code of the City of New Orleans.
(M.C.S., Ord. No. 25454, § 1, 8-22-13, eff. 9-1-13)

Sec. 26-158. Same—Grading.

All premises shall be graded and maintained to prevent the erosion of soil and to prevent the accumulation of stagnant water thereon, or within any structure located thereon. Drainage systems shall divert water away from the property and away from adjacent property lines. All drainage systems should discharge towards the public-right-of-way. Approved stormwater management systems shall be exempt from this section.

Sec. 26-159. Same—Sidewalks and driveways.

All sidewalks, walkways, driveways, parking spaces and similar areas shall be kept in a proper state of repair and maintained free from hazardous conditions, including but not limited to, deterioration, deformation, fractures, fissures, spalling, or detached, dislodged or failing connections.
(M.C.S., Ord. No. 25454, § 1, 8-22-13, eff. 9-1-13)

Sec. 26-160. Same—Weeds and plant growth.

(a) Except as provided in subsection (b), all premises and exterior property, including vacant land, shall be maintained free from weeds or plant growth more than ten inches tall on the entirety of the lot, plot, or parcel. All noxious weeds shall be prohibited. Weeds shall be defined as all grasses, annual plants, and vegetation, other than trees or shrubs. Said term shall not include cultivated flowers, gardens, or cover crops.

(b) Undeveloped land shall be maintained free from weeds or plant growth more than ten inches tall within ten feet of any lot line and within 50 feet of any lot line adjoining a parcel of property containing an occupied structure. Weeds shall be defined as all grasses, annual plants, and vegetation, other than trees or shrubs. Said term shall not include cultivated flowers, gardens, or cover crops.

(c) Without limiting any other remedy for violation of this chapter, or Chapters 6 and 66 of the Code of the City of New Orleans, a hearing officer may authorize the city or its agents to enter upon any property found in violation of this section for the purpose of maintaining or removing illegal or excessive weeds and plant growth. The cost of such maintenance or removal shall be paid by the owner or agent responsible for the property.
(M.C.S., Ord. No. 25454, § 1, 8-22-13, eff. 9-1-13; M.C.S., Ord. No. 28490, § 1, 9-3-20; M.C.S., Ord. No. 28623, § 1, 3-11-21; M.C.S., Ord. No. 30481, § 1, 10-9-25)

Sec. 26-161. Same—Rodent harborage.

(a) All structures and exterior property shall be kept free from rodent harborage and infestation. Where rodents are found, they shall be promptly exterminated by approved processes which will not be injurious to human health. After extermination, proper precautions shall be taken to eliminate rodent harborage and prevent re-infestation.

(b) The owner of any structure shall be responsible for pest elimination within the structure prior to renting or leasing the structure.

(c) The occupant of any structure shall be responsible for the continued rodent and pest-free condition of the structure, except when the infestations are caused by defects in the structure, and then the owner shall be responsible for pest elimination.
(M.C.S., Ord. No. 25454, § 1, 8-22-13, eff. 9-1-13)

Sec. 26-162. Same—Exhaust vents.

Pipes, ducts, conductors, fans or blowers shall not discharge gases, steam, vapor, hot air, grease, smoke, odors or other gaseous or particulate wastes directly upon abutting or adjacent public or private property, as provided in the Mechanical Code of the City of New Orleans, as amended.
(M.C.S., Ord. No. 25454, § 1, 8-22-13, eff. 9-1-13)

Sec. 26-163. Same—Accessory structures and fences.

All accessory structures, including detached garages, fences and walls, shall be maintained structurally sound and in good repair.
(M.C.S., Ord. No. 25454, § 1, 8-22-13, eff. 9-1-13)

Sec. 26-164. Same—Motor vehicles.

Except as provided for in other regulations, no inoperative and/or unlicensed motor vehicle shall be parked, kept or stored on any premises, and no vehicle shall at any time be in a state of major disassembly, disrepair, or in the process of being stripped or dismantled. Painting of vehicles is prohibited.
(M.C.S., Ord. No. 25454, § 1, 8-22-13, eff. 9-1-13)

Sec. 26-165. Same—Defacement of property.

No person shall willfully or wantonly damage, mutilate or deface any exterior surface of any structure or building on any private or public property by placing thereon any marking, carving, or graffiti. It shall be the responsibility of the owner to restore said surface to an approved state of maintenance and repair.
(M.C.S., Ord. No. 25454, § 1, 8-22-13, eff. 9-1-13)

Sec. 26-166. Same—Swimming pools, spas, and hot tubs.

All swimming pools, spas, and hot tubs shall be maintained in a clean and sanitary condition and in good repair with a functioning filtration system. Private swimming pools, hot tubs and spas shall be completely surrounded by a fence or barrier at least six feet in height above the finished ground level, measured on the side of the fence or barrier which faces away from the pool. Access gates mush be self-closing and self-latching.
(M.C.S., Ord. No. 25454, § 1, 8-22-13, eff. 9-1-13)

Sec. 26-167. Exterior structure—Protective treatment.

(a) All exterior surfaces, including but not limited to: doors, door and window frames, cornices, porches, trim, balconies, decks, and fences, shall be maintained in good condition.

(b) Exterior wood surfaces, other than decay-resistant woods, shall be protected from the elements and decay by painting or other protective covering or treatment. Substantial peeling, flaking and chipped paint shall be eliminated and surfaces repainted.

(c) All siding and masonry joints, as well as those between the building envelope and the perimeter of windows, doors and skylights, shall be maintained weather resistant and water tight.

(d) All metal surfaces subject to rust or corrosion shall be coated to inhibit such rust and corrosion, and all surfaces with rust or corrosion shall be stabilized and coated to inhibit future rust and corrosion. Surfaces designed for stabilization by oxidation are exempt from this requirement.
(M.C.S., Ord. No. 25454, § 1, 8-22-13, eff. 9-1-13)

Sec. 26-168. Same—Premises identification.

Buildings shall have approved address numbers placed in a position to be plainly legible and visible from the street or road fronting the property. These numbers shall contrast with their background. Address numbers shall be

Arabic numerals or alphabetic letters. Numbers shall be a minimum of four inches in height with a minimum width of .5 inches.
(M.C.S., Ord. No. 25454, § 1, 8-22-13, eff. 9-1-13)

Sec. 26-169. Same—Structural members.

All structural members shall be maintained free from deterioration and shall be capable of safely supporting the imposed dead and live loads of the structure's legal use and occupancy.
(M.C.S., Ord. No. 25454, § 1, 8-22-13, eff. 9-1-13)

Sec. 26-170. Same—Foundation walls.

All foundation walls must be maintained plumb and free from open cracks and breaks and shall be kept in such condition so as to prevent the entry of rodents and other pests.
(M.C.S., Ord. No. 25454, § 1, 8-22-13, eff. 9-1-13)

Sec. 26-171. Same—Exterior walls.

Exterior walls must be free from holes, breaks, and loose or rotting materials; and maintained weatherproof and properly surface coated where required to prevent deterioration.
(M.C.S., Ord. No. 25454, § 1, 8-22-13, eff. 9-1-13)

Sec. 26-172. Same—Roofs.

The roof and flashing shall be sound, tight and not have defects that admit rain. Roofs must be adequate to prevent dampness or deterioration in the walls or interior portion of the structure. Roof drains, gutters and downspouts must be maintained in good repair and free from obstructions. Roof water shall not be discharged in a manner that it falls onto adjacent property. Roof tiles, shingles, and any other attachments shall be properly attached and kept in good condition.
(M.C.S., Ord. No. 25454, § 1, 8-22-13, eff. 9-1-13)

Sec. 26-173. Same—Drainage.

Drainage from roofs, paved areas, yards, courtyards, and other open areas shall not pool to permit stagnant water likely to afford a breeding place for mosquitoes or to become contaminated or polluted in such a manner as to injure the public health or create offensive conditions. Drainage systems shall divert water away from the property and away from adjacent property lines. All drainage systems should discharge towards the public-right-of-way. Approved stormwater management systems shall be exempt from this section.
(M.C.S., Ord. No. 25454, § 1, 8-22-13, eff. 9-1-13)

Sec. 26-174. Same—Decorative features.

All cornices, belt courses, corbels, terra cotta trim, wall facings and similar decorative features shall be maintained in good repair with proper anchorage and in a safe condition.
(M.C.S., Ord. No. 25454, § 1, 8-22-13, eff. 9-1-13)

Sec. 26-175. Same—Overhang extensions.

All overhang extensions including but not limited to canopies, marquees, signs, metal awnings, fire escapes, standpipes and exhaust ducts shall be maintained in good repair and be properly anchored so as to be kept in a sound condition. When required, all exposed surfaces or metal or wood shall be protected from the elements and against decay or rust by periodic application of weather coating materials, such as paint or similar surface treatment.
(M.C.S., Ord. No. 25454, § 1, 8-22-13, eff. 9-1-13)

Sec. 26-176. Same—Stairways, decks, porches and balconies.

Every exterior stairway, deck, porch, balcony and gallery, and all appurtenances attached thereto, shall be maintained structurally sound, safe and in good repair, with proper anchorage and capable of supporting the imposed loads.
(M.C.S., Ord. No. 25454, § 1, 8-22-13, eff. 9-1-13)

Sec. 26-177. Same—Chimneys and towers.

All chimneys, cooling towers, smoke stacks, and similar appurtenances shall be maintained structurally safe and sound, and in good repair. All exposed surfaces of metal or wood shall be protected from the elements and against decay or rust by periodic application of weather coating materials, such as paint or similar surface treatment.
(M.C.S., Ord. No. 25454, § 1, 8-22-13, eff. 9-1-13)

Sec. 26-178. Same—Handrails and guardrails.

All handrails and guardrails shall be firmly fastened and capable of supporting normally imposed loads and shall be maintained in good condition.
(M.C.S., Ord. No. 25454, § 1, 8-22-13, eff. 9-1-13)

Sec. 26-179. Same—Window, skylight, door frames.

Every window, skylight, door and frame shall be kept in sound condition, good repair and weather tight. All glazing materials shall be maintained free from substantial cracks and holes. Every window, other than fixed windows, shall be operable and capable of being held in position by window hardware.
(M.C.S., Ord. No. 25454, § 1, 8-22-13, eff. 9-1-13)

Sec. 26-180. Same—Insect screens.

All existing insect screens shall be intact, free from holes or breaks, and tightly fitted.
(M.C.S., Ord. No. 25454, § 1, 8-22-13, eff. 9-1-13)

Sec. 26-181. Same—Doors.

All exterior doors, door assemblies and hardware shall be maintained in good condition and all exterior doors shall lock tightly to secure the door.
(M.C.S., Ord. No. 25454, § 1, 8-22-13, eff. 9-1-13)

Sec. 26-182. Same—Gates.

All exterior gates, gate assemblies, and hardware shall be maintained in good condition. Latches at all entrances shall tightly secure the gates.
(M.C.S., Ord. No. 25454, § 1, 8-22-13, eff. 9-1-13)

Sec. 26-183. Interior structure—Structural members.

All structural members shall be maintained structurally sound, and capable of supporting the imposed loads of the structure's legal use and occupancy.
(M.C.S., Ord. No. 25454, § 1, 8-22-13, eff. 9-1-13)

Sec. 26-184. Same—Interior surfaces.

All interior surfaces shall be maintained in a good, clean and sanitary condition. Peeling, chipping, flaking or abraded paint shall be repaired, removed or covered. Cracks or loose plaster, decayed wood and other defective surface conditions shall be corrected. Holes in interior walls shall be sealed as necessary.
(M.C.S., Ord. No. 25454, § 1, 8-22-13, eff. 9-1-13)

Sec. 26-185. Same—Stairs and walking surfaces.

Every stair and walking surface shall be maintained in a sound condition and good repair.
(M.C.S., Ord. No. 25454, § 1, 8-22-13, eff. 9-1-13)

Sec. 26-186. Same—Handrails.

Every handrail shall be firmly fastened and capable of supporting normally imposed loads and shall be maintained in good condition.
(M.C.S., Ord. No. 25454, § 1, 8-22-13, eff. 9-1-13)

Sec. 26-187. Same—Interior doors.

Every interior door shall fit reasonably well within its frame and shall be capable of being opened and closed by being properly and securely attached to jambs, headers or tracks as intended by the manufacturer.
(M.C.S., Ord. No. 25454, § 1, 8-22-13, eff. 9-1-13)

DIVISION 5. LIGHT, VENTILATION AND OCCUPANCY LIMITATIONS—OCCUPIED PREMISES

Sec. 26-188. Generally.

(a) The provisions of this division shall govern the minimum conditions and standards for light, ventilation and space for occupying a structure. The owner of the structure shall provide and maintain light, ventilation and space conditions in compliance with the requirements contained herein.

(b) A person shall not occupy as an owner-occupant or permit another person to occupy any premises that does not comply with the requirements of this division.

(c) Artificial light or mechanical ventilation complying with the Building Code of the City of New Orleans, as amended, shall be permitted in lieu of the means for natural light and ventilation herein prescribed.
(M.C.S., Ord. No. 25454, § 1, 8-22-13, eff. 9-1-13)

Sec. 26-189. Light in habitable spaces.

(a) Every habitable space shall have at least one window facing directly to the outdoors or to a courtyard. The minimum total glazed area for every habitable space shall be eight percent of the floor area of such room. Wherever walls or portions of a structure face a window of any room and obstructions are located less than three feet from the window and extend to a level above the ceiling of the room, the window shall not be deemed to face directly to the outdoors nor to a courtyard and shall not be included in the calculation of aggregate glazed area.

(b) Natural light for rooms or spaces without exterior glazing areas may be provided through an adjoining room if the unobstructed opening to the adjoining room is eight percent of the floor area of the interior room or space, but at a minimum of 25 square feet. The exterior glazing area shall be based on the total floor area being served.
(M.C.S., Ord. No. 25454, § 1, 8-22-13, eff. 9-1-13)

Sec. 26-190. Light in stairway and hallway.

Every common hall and stairway in residential occupancies, other than in one and two family dwellings, shall be lighted at all times with at least a 60-watt standard incandescent light bulb for each 200 square feet of floor area or equivalent illumination, provided that the spacing between lights shall not be greater than 30 feet. In other than residential occupancies, means of egress, including exterior means of egress, stairways shall be illuminated at all times the building space served by the means of egress is occupied, and illumination shall remain in the event of a power outage.
(M.C.S., Ord. No. 25454, § 1, 8-22-13, eff. 9-1-13)

Sec. 26-191. Light in other spaces.

All other spaces shall be provided with natural or artificial light sufficient to permit the maintenance of sanitary conditions, and the safe occupancy of the space and utilization of appliances, equipment and fixtures.
(M.C.S., Ord. No. 25454, § 1, 8-22-13, eff. 9-1-13)

Sec. 26-192. Ventilation in habitable spaces.

(a) Every habitable space shall have at least one openable window to provide natural ventilation. The total openable area of the window in every room shall be equal to at least 45 percent of the minimum glazed area required in section 26-189.

(b) When rooms and spaces without openings to the outdoors are ventilated through an adjoining room, the unobstructed opening to the adjoining room shall be at least eight percent of the floor area of the interior room or space, but at a minimum of 25 square feet. The ventilation openings to the outdoors shall be based on the total floor area being ventilated.

(c) A window need not be openable when a mechanical ventilation system is provided and is capable of providing one cubic foot of fresh air per one square foot of floor area for the room being ventilated.
(M.C.S., Ord. No. 25454, § 1, 8-22-13, eff. 9-1-13)

Sec. 26-193. Ventilation of bathrooms and toilet rooms.

Every bathroom and toilet room shall comply with the ventilation requirements for habitable spaces as provided in section 26-192, except that a window shall not be required in a bathroom or toilet room with a mechanical ventilation system. Air exhausted by a mechanical ventilation system from a bathroom or toilet room shall discharge to the outdoors and shall not be recirculated.
(M.C.S., Ord. No. 25454, § 1, 8-22-13, eff. 9-1-13)

Sec. 26-194. Process ventilation.

Where injurious, toxic, irritating or noxious fumes, gases, dusts or mists are generated, a local exhaust ventilation system shall be provided

(M.C.S., Ord. No. 25454, § 1, 8-22-13, eff. 9-1-13)

Sec. 26-236. Specific determination—Blight and public nuisance.

A hearing officer may declare any premise a blight and public nuisance if either subsection (a) or (b) of this section is met.

(a) Any commercial or residential premises that is uninhabitable and hazardous because its physical condition constitutes a threat to public health and safety, and any structure thereon that lacks the facilities and equipment required by this code, may be declared a blight and public nuisance by a hearing officer. Any land that is uninhabitable and hazardous because its physical condition constitutes a threat to public health and safety may be declared a blight and public nuisance by a hearing officer.

(b) Any vacant structure that is not an accessory structure located on a residential or commercial premises may be declared a blight and public nuisance by a hearing officer based on the following factors:

(1) The vacant structure is in a condition not immediately fit for the use or occupancy of a structure of its type;

(2) The vacant structure has not had electrical service, water service, sewer service, or other utilities customarily required to make a structure of its type fit for use or occupancy during the preceding six months; or

(3) Construction reasonably calculated to permit the use or occupancy of the vacant structure has not occurred during the preceding six months, as evidenced by the absence of an open construction permit or such other evidence as the city may reasonably provide.

(c) An owner or occupant cited pursuant to subsection (b) may avoid a declaration of blight and public nuisance for a vacant structure by promptly undertaking and diligently completing the work necessary to permit occupancy or use of the vacant structure. Such efforts shall be evidenced by a written contract with a licensed contractor dated not less than 45 days before the hearing and containing a scope of work reasonably calculated to further the use or occupancy of the vacant structure. In such an event, continuance hearings before the hearing officer shall

be held every 90 days until the renovation of the vacant structure is complete and is again fit for use or occupancy. The owner or occupant shall be limited to not more than four continuances. In the event the owner or occupant fails to bring the vacant structure into compliance by the end of the expiration of the fourth continuance, the hearing officer may order the vacant structure declared a blight and public nuisance. If the owner or occupant fails during any continuance hearing to demonstrate ongoing good-faith efforts to bring the vacant structure into compliance, the hearing officer may order the vacant structure declared a blight and public nuisance.

(M.C.S., Ord. No. 25454, § 1, 8-22-13, eff. 9-1-13; M.C.S., Ord. No. 29391, § 1, 4-6-23)

Sec. 26-237. Declaration or certification of blight or public nuisance; expropriation authorization—Unoccupied property.

(a) Upon recommendation by the code official, at or following an administrative hearing conducted pursuant to Chapter 6 of this Code, the hearing officer, upon finding that any vacant or unoccupied immovable property or any component parts thereof is in an uninhabitable and hazardous condition as provided in section 26-236, or otherwise constitutes a blight or public nuisance pursuant to applicable state law, may enter an order declaring or certifying the property to be blighted or a public nuisance and may authorize the expropriation thereof. The order shall identify the specific violations of this code that justify the finding.

(b) If the city demolishes any uninhabitable and hazardous structure located on a premises, the blight and public nuisance order shall not be deemed satisfied.

(M.C.S., Ord. No. 25454, § 1, 8-22-13, eff. 9-1-13; M.C.S., Ord. No. 30471, § 1, 9-25-25)

Sec. 26-237.1. Declaration or certification of blight or public nuisance—Occupied property.

(a) Upon recommendation by the code official, at or following an administrative hearing conducted pursuant to this code, the hearing officer may declare or certify any occupied immovable property to be blighted or a public nuisance when the property contains any garage, shed, barn, house, building, apartment, or structure, that by reason of the condition in which it is permitted to remain, may endanger the health, life, limb, or property of any person, or cause any hurt, harm, damages, injury, or loss to any person and manifests any one or more of the following conditions:

(1) The property is dilapidated, decayed, unsafe, or unsanitary, is detrimental to health, morals, safety, public welfare, and the well-being of the community, endangers life or property, or is conducive to ill health, delinquency, and crime.

(2) The property is a fire hazard.

(3) The conditions present on the property and its surrounding grounds are not reasonably or adequately maintained, thereby causing deterioration and creating a blighting influence or condition on nearby properties and thereby depreciating the value, use, and enjoyment to such an extent that it is harmful to the public health, welfare, morals, safety, and the economic stability of the area, community, or neighborhood in which such public nuisance is located.

(b) A certification or declaration issued pursuant to this section shall identify the specific violations of this Code that justify the finding, as well as the provisions of this section pursuant to which the certification or declaration is being made.

(M.C.S., Ord. No. 30471, § 2, 9-25-25)

DIVISION 9. ABATEMENT

Sec. 26-238. Abatement.

An owner shall abate or cause a premise to be abated in accordance with the hearing officer's order. If the owner fails to abate within the time prescribed by the hearing officer, the code official may cause the premises to be abated without further notice or hearing(s), and the costs of abatement shall be charged against the premises

and shall be a lien upon such property. A certified copy of the statement of costs reflecting the amount of such charges shall be filed with the recorder of mortgages, which shall operate as a lien and privilege in favor of the city against the property.
(M.C.S., Ord. No. 25454, § 1, 8-22-13, eff. 9-1-13)

Sec. 26-239. Abatement manner.

(a) A hearing officer shall order any and all necessary and lawful measures to correct or abate violation(s), including but not limited to: repairing the premises to comply with this code, securing the premises from entry by others, and demolition of any unsafe buildings or structures upon a premises. The correction, repair, or alteration of any violation(s) shall be completed within the stipulated period of time provided in the hearing officer's order.

(b) Any repairs, maintenance work, alterations or installations which are caused directly or indirectly by the enforcement of this code shall be executed and installed in a workmanlike manner and if applicable, installed in accordance with the manufacturer's instructions.
(M.C.S., Ord. No. 25454, § 1, 8-22-13, eff. 9-1-13)

Sec. 26-240. Abatement by demolition.

If otherwise permitted by law, and if, in the opinion of the hearing officer, the facts justify that a building or structure is unsafe, or by reason of its nature of condition endangers the public health, welfare or safety, it shall be ordered to be abated by demolition. Within 90 days of the demolition order's issuance, the owner of the property shall file the demolition order in the Land Records Division of the Clerk of Civil District Court. If the property owner to whom the demolition order is issued fails to comply with the 90-day deadline, then the department of code enforcement shall file the demolition order in the Land Records Division of the Clerk of Civil District Court and the fees and costs of the filing shall also be subject to the property lien. The order shall provide the specific violations of this code that justify abatement by demolition, and the following additional provisions shall apply:

(a) If the owner of the building or structure fails or refuses to abate each violation

specified in the demolition order within the abatement period included the order, and fails to appeal therefrom within the legal delays provided herein, the city may proceed with the demolition or removal of the building or structure, in which case neither the city, any employee of the city, nor any person acting on behalf of the city shall be liable for damages.

(b) Notwithstanding the foregoing, the city shall demolish or remove at the earliest opportunity, following notice to the owner as required herein, the buildings or structures which meet the following conditions:

(1) A demolition order has been in place for more than two years;

(2) The code violations identified in the demolition order have not been fully abated; and

(3) The building or structure is uninhabited.

(c) Prior to the demolition, the city shall serve notice upon the owner via certified or registered U.S. Mail informing the owner that their abatement period as provided in the order has expired, and their failure to comply with the administrative order is causing the city to take action at the owner's expense. Notice shall also be attached to a door or entrance of the building or structure 48 hours prior to a demolition authorized by this section. Any deficiency in the content of or in the manner of delivery of the notice required by this subsection shall not serve as grounds to appeal, overturn or delay an order of demolition. Further, neither requirement of the city in this subsection shall afford an owner of a property for which the appeal period for a demolition order has expired an additional right to appeal so as to stop or delay the ordered demolition.

(M.C.S., Ord. No. 25454, § 1, 8-22-13, eff. 9-1-13; M.C.S., Ord. No. 29758, § 1, 12-1-23; M.C.S., Ord. No. 29821, § 1, 3-7-24)

Sec. 26-241. Abatement by boarding.

If abatement is ordered by boarding a structure to secure the premises from entry by others, the following additional provisions shall apply.

(a) All windows and doors shall be boarded as provided herein to be water tight and prevent entry by unauthorized persons.

(b) Boarding shall be painted to correspond to the color of the existing structure unless otherwise approved by the code official.

(c) All waste, rubbish, and debris shall be removed from the interior of the structure prior to boarding.

(d) Wood boarding shall not remain for more than six months, unless approved by the code official, and the following factors shall be considered by the code official prior to granting approval:

(1) The age of the structure,

(2) The architectural significance of the structure,

(3) The historic significance of the structure, and

(4) The integrity of the boarding materials.

(e) Boarding materials shall be as follows:

(1) Boarding sheet material shall be a minimum of ½ thick wood structural panels complying with the Building Code of the City of New Orleans, as amended, and/or any other material(s) approved by the code official.

(2) Boarding framing material shall be minimum nominal 2-inch by 4-inch solid sawn lumber complying with the Building Code of the City of New Orleans, as amended, and/or any other material(s) approved by the code official.

(3) Boarding fasteners shall be minimum ⅜-inch diameter carriage bolts of such a length as required to penetrate the assembly and as required to adequately attach the

washers and nuts. Washer and nuts shall comply with the Building Code of the City of New Orleans, as amended, and/or any other material(s) approved by the code official.

(f) Boarding installation shall be in accordance with the following provisions, and/or by any other means approved by the code official.

(1) The boarding sheet material shall be cut to fit the door or window opening neatly or shall be cut to provide an equal overlap at the perimeter of the door or window.

(2) Windows shall be opened to allow the carriage bolt to pass through or the window sash shall be removed and stored. The 2-inch by 4-inch strong back framing material shall be cut a minimum two inches wider than the window opening and shall be placed on the inside of the window opening six inches minimum above the bottom and below the top of the window opening. The framing and boarding shall be pre-drilled. The assembly shall be aligned and the bolts, washers and nuts shall be installed and secured.

(3) The door opening shall be framed with a minimum 2-inch by 4-inch framing material secured at the entire perimeter and vertical members at a maximum of 24 inches on center. Blocking shall also be secured at a maximum of 48 inches on center vertically. Boarding sheet material shall be secured with screws and nails alternating every six inches on center.

(4) Doors shall be secured by the same method as for windows or door openings. One door to the structure shall be available for authorized entry and shall be secured and locked in an approved manner.

(M.C.S., Ord. No. 25454, § 1, 8-22-13, eff. 9-1-13)

DIVISION 10. EMERGENCY PROCEDURES

Sec. 26-242. Emergency procedures.

(a) In any emergency where life, health, property or public safety is in imminent danger, the code official may take any necessary action(s) to protect the endangered life, health, property or public safety without complying with the notice and hearing provisions of Chapter 6, Article II, of the Code of the City of New Orleans and of this Code.

(b) An imminent danger to life, health, property or public safety exists whenever there is a substantial likelihood that loss of life, health, property or public safety will occur prior to fully complying with the notice and hearing provisions provided in Chapter 6, Article II, of the Code of the City of New Orleans and of this Code.

An imminent danger to life, health, property or public safety exists whenever there is an extreme accumulation of household hazardous waste, including but not limited to paints, cleaners, oils, batteries, gasoline, and pesticides, or other leftover household products that can catch fire, react, or explode under certain circumstances, or that are corrosive or toxic.

(c) If a determination is made that an emergency exists, when practical, the code official shall immediately cause a notice of such determination to be posted conspicuously on the structure or at the entrance of the premises. The notice shall state the emergency that exists, that imminent action(s) may be taken to ameliorate the dangerous or unsafe condition(s) that created the emergency, and that these actions will be taken without further notice or a hearing. The notice shall include the name and contact information of the code official.

(d) In all emergencies the code official must cause the dangerous or unsafe condition(s) that created the emergency to be photographed before any work or operation is begun to eliminate the dangerous or unsafe condition.

(e) Any determination that an emergency demolition is necessary to protect endangered life, health, property or public safety, shall be made by the director of the department of safety and permits.

(f) Upon any determination that a health emergency exists that may cause the introduction, spread or transfer of any infectious or communicable disease, or that implicates any noxious element that is physically harmful to the health of individual(s), the director of the department of health shall be notified.

(g) When necessary for the public safety, the code official may temporarily close adjacent structures in conjunction with the director of public works, and close adjacent sidewalks, streets, and other public ways and prohibit them from being used.

(h) Any pool that fails to comply with the fencing or filtration requirements provided in sections 26-166 or 26-448, shall be deemed to be an emergency to the health, safety and welfare of the public, permitting immediate remediation of the pool to prevent injury. Any authorized city enforcement entity has the authority to cause improperly secured or stagnant pools to be immediately filled. The city, or persons acting under its authority shall, at any reasonable time after eight days have passed following the posting of notice in accordance with paragraph (c) above, enter upon the premises or lot to immediately fill-in any pool found to be in noncompliance with these requirements.

(i) Liability for expenses incurred in the course of performing emergency work and the procedure for collecting resultant debts and liens are as provided in Chapter 6, Article II, of the Code of the City of New Orleans.
(M.C.S., Ord. No. 25454, § 1, 8-22-13, eff. 9-1-13; M.C.S., Ord. No. 27901, § 1, 10-18-18; M.C.S., Ord. No. 28210, § 1, 10-3-19; M.C.S., Ord. No. 29189, § 2, 10-6-22)

DIVISION 11. FEES

Sec. 26-243. Administrative fees.

The department of code enforcement shall charge for any lien waiver application made pursuant to department of code enforcement policy, a nonrefundable processing fee of $250.00.
(M.C.S., Ord. No. 25774, § 1, 4-10-14; M.C.S., Ord. No. 29758, § 1, 12-1-23)

DIVISION 1. GENERALLY

Secs. 26-376—26-400. Reserved.

DIVISION 2. ROOMINGHOUSES AND BOARDINGHOUSES*

Sec. 26-401. Establishment of standards.

(a) The standards enumerated in divisions 4 and 5 of article IV of this chapter are hereby declared to be the minimum standards for lodginghouses or roominghouses and for boardinghouses and the rooms and units therein used, or intended to be used, for human occupancy or habitation. Every such house, room and unit shall comply with the standards hereinafter prescribed and referred to. These standards shall constitute a basis for the enforcement of this article.

(b) Every roominghouse, boardinghouse, and lodginghouse and the units and rooms therein, shall comply with the minimum standards set forth and as adopted by reference in this division.
(Code 1956, §§ 30-44, 30-45)

Sec. 26-402. Sanitary facilities.

(a) In roominghouses and boardinghouses, one bathroom shall be provided for each three sleeping rooms.

(b) In dwellings which are composed of not more than two roominghouse or boardinghouse rooms and a dwelling unit, only one bathroom need be provided.

*__Cross references—__Hotels and motels, § 30-771 et seq.; roominghouses, boardinghouses and lodginghouses, § 30-1321 et seq.

(c) Each bathroom shall be provided with a flush-type water closet, a lavatory and a bathtub or shower in good working condition. Each bathroom shall be arranged so as to afford privacy to the users thereof.

(d) Access to bathrooms shall not be through habitable rooms. Bathrooms shall be located within the residence building served and shall be located not more than one story away from any of the persons using such rooms.
(Code 1956, § 30-46)

Sec. 26-403. Screen doors.

Each entrance door to a room or unit in a roominghouse or boardinghouse shall be equipped with a self-closing device or a screen door equipped with a self-closing device.
(Code 1956, § 30-47)

DIVISION 3. STANDARDS FOR BUILDING FACADES WITHIN THE DOWNTOWN DEVELOPMENT DISTRICT*

Sec. 26-404. Applicability.

The provisions of this division shall apply to all buildings and structures located within the downtown development district ("DDD"), as defined in section 146-193 of the Code of the City of New Orleans.
(Ord. No. 22,663, § 1, 7-7-07)

Sec. 26-405. Facade requirements.

(a) Installations of public telephone booths on building facades are prohibited.

(b) Facade improvements, including billboards, which cover over and/or hide the existing windows of a building are prohibited.

(c) Broken and/or cracked window panes must be replaced with window glass.

(d) Painted-over, taped and/or boarded-up windows are prohibited.

(e) Opaque roll-down doors and/or gates are prohibited.

(f) Signage on the facade is limited to the legal name of the business operating therein. The size of any sign is controlled by the provisions of the Comprehensive Zoning Ordinance and, where applicable, the regulations of the central business district historic district landmarks commission ("CBDHDLC").

(g) Changes to the facades of buildings located within a historic district require review and approval by the CBDHDLC.
(M.C.S., Ord. no. 22,663, § 1, 7-7-07)

Sec. 26-406. Enforcement.

The downtown development district and/or any interested party shall inform the department of code enforcement of violations for investigation and enforcement action for noncompliance with the provisions of section 26-405. The DDD and/or any interested party shall also inform the CBDHDLC of noncompliance within any historic district. Violations shall be brought by the department of code enforcement to the administrative adjudication hearing officer for hearing and decision in accordance with the provisions of Chapter 6 of the Code of the City of New Orleans.

DIVISION 4. STANDARDS FOR MOBILE HEALTH CLINICS

Sec. 26-410. Definitions.

The following words, terms and phrases, when used in this chapter, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Mobile health clinic: A wheeled vehicle outfitted as mobile. This unit will be stationary and only moved during emergency preparedness; i.e.,

*__Editor's note__—M.C.S., Ord. No. 22,663, § 1, adopted July 7, 2007, amended div. 3 in its entirety and enacted the provisions set out herein. The former div. 3, titled Property Standards for Buildings Facing Canal Street Between the Mississippi River and Claiborne Avenue derived from M.C.S., Ord. No. 19,006, § 1, adopted Dec. 1, 1998.

hurricanes, etc. Health care facility that is licensed by the State Department of Health and Hospitals and the Joint Commission, which provides primary care and preventive health care services on a temporary basis. Depending on the length of stay, the facility may be connected to city sewer, water and electricity.

Primary care services: Routine health care services on a comprehensive and continual basis as the first point of health care consultation. A patient will be referred to a specialist when the need exceeds the providers' scope of services.

Preventive health care services: Measures taken to promote health and prevent diseases including, but not limited to: screening, education, and immunizations and to reduce risk factors and health problems that contribute to early preventable deaths.
(M.C.S., Ord. No. 24554, § 1, 8-18-11)

Sec. 26-411. Mobile health clinics, when permitted.

Mobile health clinics may be temporarily located in residential zoning districts, in the following instances:

(1) In conjunction with a blood drive or a health fair, limited to a maximum of 14 days per year;

(2) As an accessory use to an existing religious institution or school use; and

(3) As a transitional use, where a permanent health care clinic is proposed and is currently under review by the city.

Sec. 26-412. Establishment of standards.

Mobile health clinics provided as accessory or transitional uses as listed above, shall comply with the following standards:

(1) Services shall be limited to licensed and accredited primary care and preventive health care programs that have an existing collaboration with a local hospital to meet the necessary health care referral needs of the community and patient population being served. Pain clinics are prohibited;

(2) Clinics located within the public right-of-way may not be parked on sidewalks and may not be parked in the street right-of-way for more than 24 hours, without the prior written approval of the department of public works;

(3) Clinic locations may not displace any existing required off-street parking and shall be subject to the setback regulations for nonresidential uses in the underlying zoning district;

(4) Hours of operation shall be limited to 7:00 a.m. to 8:00 p.m. daily or in the instance of accessory use, the hours of operation of the main use.

(5) Variances to these standards may only be granted by city council motion in conjunction with section 26-412.

(M.C.S., Ord. No. 24554, § 1, 8-18-11)

Sec. 26-413. Temporary approval.

Temporary clinics provided in conjunction with subsection 26-411(1) above shall not require city council approval.

Temporary clinics provided in conjunction with subsections 26-411(2) and (3) shall require approval by city council motion and shall be limited to a maximum of one year at a particular location. Extension of this time period for a maximum of one additional year shall require rereview and approval by city council motion.

Sec. 26-414. Reserved.

DIVISION 5. STANDARDS FOR TIRE SALES, INSTALLATION, HAULING, AND DISPOSAL

Sec. 26-415. Definitions.

For the purposes of this division, the following terms shall have the following meanings:

Abandoned shall mean waste tires and/or waste tire material discarded without adhering to the proper disposal or processing standards required by these regulations.

City shall mean the City of New Orleans.

Destination shall mean a facility where waste tires and/or waste tire material is processed, recycled, collected, stored and/or disposed after transportation.

Disposal means the depositing, dumping, or placing of waste tires or waste tire material on or into any land or water so that such waste tires, waste tire material, or any constituent thereof, may have the potential for entering the environment, or being emitted into the air, or discharged into any waters of the State of Louisiana.

Manifest shall mean the mechanism provided by the Louisiana Department of Environmental Quality, used for identifying the quantity, type, origin, transportation, and destination of waste tires and/or waste tire material from the tire dealer to the authorized destination facility.

Motor vehicle shall mean an automobile, motorcycle, truck, trailer, semi-trailer, or any combination of truck, tractor, and semi-trailer, or any other vehicle designed and approved for use on the public streets of this city, used to transport persons or property and propelled by power other than muscular power.

Site shall mean the physical location, including land area and appurtenances, upon which tires, waste tires, and/or waste tire material is located. The site shall be inclusive of any abutting or adjoining right-of-way that is occupied by tires or waste tires regardless of the legal status of such occupancy.

Tire shall mean a continuous solid or pneumatic rubber covering encircling the wheel of a motor vehicle.

Tire dealer shall mean any person, business, or firm that engages in the sale of tires, including recapped or retreaded tires, for use on motor vehicles.

Transporter shall mean a person who transports waste tires.

Unauthorized waste tire pile shall mean an accumulation of more than 20 waste tires whose storage and/or disposal is not authorized by the Louisiana Department of Environmental Quality.

Waste tire shall mean any tire that is no longer suitable for its original purpose because of wear, damage, or defect and/or has been discarded by the consumer. This term shall also apply to any tire which has been previously installed on a motor vehicle that has been removed from that vehicle and is not actively being offered for sale by facility at which it is stored, regardless of the suitability of such tire for resale pursuant to Louisiana Department of Public Safety regulations.
(M.C.S., Ord. No. 27652, § 1, 1-11-18)

Sec. 26-416. General authority.

The departments of health, sanitation, safety and permits, code enforcement, and any other municipal department or agency that is responsible for the health and sanitary condition of the city may enforce the provisions of this division.
(M.C.S., Ord. No. 27652, § 1, 1-11-18; M.C.S., Ord. No. 29758, § 1, 12-1-23)

Sec. 26-417. Enforcement.

(a) Failure of any person, business, or entity to comply with any of the provisions of this division shall be in violation of this Code.

(b) Violations of this division shall be subject administrative adjudication pursuant to Chapter 6 of this Code.
(M.C.S., Ord. No. 27652, § 1, 1-11-18)

Sec. 26-418. Operational standards.

(a) Tire dealers shall possess an occupational license issued pursuant to this Code by the department of finance, authorizing the conduct of business in the City of New Orleans.

(b) Tire dealers which store or may store more than 20 waste tires shall, within 30 days of commencement of business operations, notify the Louisiana Department of Environmental Quality of their existence and obtain a generator identification number. Storage of more than 20 waste tires, as provided in this division, without a generator identification number shall be a violation of this Code.

(c) Tire dealers shall prominently display to the public the notification provided by the Louisiana Department of Environmental Quality indicating that:

(1) "It is unlawful for any person to dispose, discard, burn, or otherwise release waste tires to the environment in a manner in contravention to the Louisiana Solid Waste Regulations. A fine of up to $32,500.00 per day per violation may be imposed on any company or individual who violates these rules and regulations."

(2) "All Louisiana tire dealers are required to collect a waste tire cleanup and recycling fee from the consumer at the time of the retail sale of $2.00 for each passenger/light truck tire, $5.00 for each medium truck tire, $10.00 for each off-road tire, and $1.25 for recapped or retreaded tires. These fees shall also be collected upon replacement of all recall and adjustment tires. Tire fee categories are defined in the Waste Tire Regulations. This fee must be collected whether or not the purchaser retains the waste tires. Tire dealers must accept from the purchaser, at the time of sale, one waste tire for every tire sold, unless the purchaser elects to retain the waste tire. The department does not require the collection of fees on the sale of tires weighing 500 pounds or more, solid tires, or tires which are de minimis in nature, including but not limited to lawn mower tires, bicycle tires, and golf cart tires."

(d) Generators of waste tires, required to register in accordance with LAC 33:VII.10519.A, shall comply with the manifest requirements of LAC 33:VII.10534.

(e) Waste tires may be stored for up to 120 days after receipt or generation; however, storage up to 365 days may be permitted, provided:

(1) The storage is solely for the purpose of accumulating such quantities as are necessary for cost effective transportation and processing; and,

(2) Documentation supporting the storage period and quantity generated is made available at the tire dealer's facility for audit and/or inspection.

(f) No more than 150 waste tires shall be stored at the generator's place of business at one time, unless stored indoors or in a transportable collection container.

(g) No tire dealer shall allow the removal of waste tires from his place of business by anyone other than a transporter that is properly authorized and licensed by the Louisiana Department of Environmental Quality, unless the tire dealer generates 50 or less waste tires per month from the sale of 50 tires.

(1) If 50 tires or less are generated per month, the tire dealer may transport up to 20 waste tires to a permitted processing facility. Documentation supporting the number of tires sold or generated, and documentation indicating delivery to or disposal through a state permitted processing facility shall be made available at the tire dealer's facility for audit and/or inspection

(h) Waste tires shall be segregated from any tires offered for sale or resale by the tire dealer.

(i) Tire dealers shall maintain completed manifests, from a transporter authorized by the State of Louisiana to perform such function, for a minimum of five years and shall make such manifests available for audit and/or inspection at the tire dealer's place of business during regular business hours.
(M.C.S., Ord. No. 27652, § 1, 1-11-18)

Sec. 26-419. Storage of new, used, and waste tires.

(a) Tire dealers shall not engage in outdoor storage of new, used, or waste tires except in compliance with the standards of the Comprehensive Zoning Ordinance.

(b) Storage of tires may not be located on a different parcel, lot, or site than the business site of the tire dealer.

(c) Storage may not be located on the public right-of-way; such storage violates section 146-494 of this Code and shall constitute a separate violation under this division.

(d) Storage areas of all new, used, or waste tires collected and/or stored by a tire dealer shall provide:

(1) A cover adequate to exclude water from the waste tires;

(2) Vector and vermin control;

(3) Means to prevent or control standing water in the tires and storage area.

(e) Tire dealers shall not be eligible for sidewalk use permits pursuant to Chapter 146 for the display or placement of tires.
(M.C.S., Ord. No. 27652, § 1, 1-11-18)

Secs. 26-420—26-430. Reserved.

ARTICLE VI. PROPERTY STANDARDS GENERALLY*

Sec. 26-431. Wells to be covered.

(a) Each person having a well upon his premises or upon lots owned or rented by him shall cover it with a good, substantial covering in such manner as to prevent any person or animal from falling into it.

(b) Any person, whether owner or tenant, violating the provisions of this section shall be fined, upon conviction, a sum not exceeding $25.00 and in default of payment thereof, imprisoned not exceeding 30 days or both at the discretion of the court.
(Code 1956, § 59-4)

*__Editor's note—__Provisions regulating the construction, repair, alteration and use of buildings are found in the New Orleans Building Code which is separately published and therefore not included herein but not repealed by the adoption of this Code. There are included herein, and in the articles in this chapter, only such provisions on this subject as were not included in the building code, but nevertheless appear not to have been repealed by its adoption or otherwise.

Sec. 26-432. Inspection of chimneys.

(a) The inspector may enter premises and may remove bricks from any part of the chimney for the purpose of ascertaining whether the lining has been placed in the proper manner. The bricks removed shall be replaced by the owner of the premises.

(b) The owner or builder shall furnish every facility to the inspector for the clear and unequivocal examination of any chimney.
(Code 1956, § 11-14)

Sec. 26-433. Maintenance of fire escapes.

The owner of any building upon which a fire escape is erected shall keep it in good repair and properly painted.
(Code 1956, § 11-15)

Sec. 26-434. Party walls.

One who first builds in a place in the city which is not surrounded by walls may rest one-half of his wall on the land of his neighbor; provided, that he builds with stone or bricks at least as high as the first story and not in frame or otherwise; provided further that the whole thickness of such wall does not exceed 18 inches, not including the plastering, which must not be more than three inches. But such person cannot compel his neighbor to contribute to the raising of such wall.
(Code 1956, § 11-16)

__Editor's note—__Provisions of the building code relating to party walls are also contained in the New Orleans Building Code, section 202, table 600.

Sec. 26-435. Railing required around hatchways, etc.

The occupant of any store, storehouse, manufactory or other building in which hatchways, hoistways or openings of any kind, except the usual stairways, are used throughout any floor thereof or, in case such building is unoccupied and not leased, the owner thereof shall cause such hatch, hoistway or other openings to remain closed or protected by a railing at least three feet high and to be opened only when needed for the passage of

merchandise and such occupant, owner or lessee shall cause such railing to be securely shut, closed and fastened at the close of each day.
(Code 1956, § 11-17)

Sec. 26-436. Stovepipes not to project into streets.

No stovepipe shall be allowed to project over any sidewalk or into any street.
(Code 1956, § 11-18)

Editor's note—Under the provisions of the building code nothing can be allowed to project over the street, but the effect of this is possibly limited to buildings erected after the enactment of that provision in the New Orleans Building Code, chapter 32.

Sec. 26-437. Certain shutters to have device for opening from outside.

The proprietor of every building in the city having iron shutters on its windows shall cause to be attached to at least one shutter on each window on each story thereof some device or apparatus as required by R.S. 40:1579 and they shall be so applied in order that such shutters can be opened from the outside in case of fire to secure immediate access to the building on fire.
(Code 1956, § 11-19)

Sec. 26-438. Balconies to have gutters and downspouts.

The owner of any building in the city having a balcony extending over any portion of the banquette shall provide such balcony with a metal gutter attached to the outer edge and leading into a metal downpipe leading across the banquette into the street gutter except that when such balcony is entirely covered by a roof, the gutter shall be attached to the roof in the manner above described. The owner shall also keep the gutters in such repair as to prevent leakage and drippings on the sidewalks.
(Code 1956, § 11-20)

Editor's note—Building code provisions as to gutters and downspouts are contained in the New Orleans Building Code, section 1508.

Sec. 26-439. Type of gutter required; awnings and balconies not to drain into street.

All gutters across the banquette shall be covered gutters approved by the Department of Safety and Permits, or of proper size drain pipe. No awning or balcony shall drain directly into the street.
(Code 1956, § 11-21)

Sec. 26-440. Awnings, gutters—Equipped with downspouts.

The owner of any building on either side of Canal Street, between Delta and Liberty Streets, having a gallery, awning or shed extending over any portion of the banquette shall provide such gallery, awning or shed with a metal gutter, to be attached to its outer edge and leading into a metal downpipe which shall be attached to the wall of the building, to conduct all drainage from the gallery, awning or shed into a covered gutter the banquette and into the drainpipe laid parallel with the curbing on both sides of the banquette in Canal Street.
(Code 1956, § 11-22)

Editor's note—Provisions relating to the future erection of awnings, etc., and requiring downspouts in connection with fixed awnings are contained in the New Orleans Building Code, chapter 32.

Sec. 26-441. Where similar conditions exist.

The provisions of section 26-440 shall apply to all streets where similar conditions may exist as existed on Canal Street on July 14, 1899.
(Code 1956, § 11-23)

Sec. 26-442. Awnings or sheds not to obstruct street lights.

The director of the department of streets shall notify all such persons as may have erected awnings or sheds covering the banquettes in the city which in any way mask any of the street lights or prevent such lights from giving a full light on the banquettes and streets to alter and change such awnings or sheds so as not to obstruct the light from such lights.
(Code 1956, § 11-24)

Sec. 26-443. Maximum weight load of floors.

It shall be unlawful for occupants of stores or warehouses to load the floors in excess of a dead load of 250 pounds per square foot.
(Code 1956, § 11-25)

Editor's note—Floor loads in new stores and warehouses are contained in the New Orleans Building Code, section 1604.

Sec. 26-444. Vacant structures and buildings to be kept secured to prevent ingress.

It shall be the responsibility of the owner and/or the agent of the owner of any vacant structure or building to maintain such vacant structure or building so secured and in such condition that ingress into the structure or building by unauthorized persons is prevented. The owner and/or agent for the owner of any vacant structure or building that is not secured to prevent ingress shall be notified in writing of this situation and be allowed at least ten days to secure the structure or building so that ingress by unauthorized persons is prevented.
(Code 1956, § 11-26)

Sec. 26-445. Fruit and other stands prohibited on certain sidewalks.

It shall be unlawful for any fruit stands, or other stands, where eatables or food of any kind or description is sold, shoe shine or bootblack stands, whether the same shall have existed prior to or at the time of the passage of the ordinance from which this section was derived, to occupy any part or portion of the sidewalk in the city in the territory bounded by Decatur Street, Magazine Street, North and South Liberty, Gravier and Bienville Streets.
(Code 1956, § 11-28)

Cross reference—Streets, sidewalks and other public places, ch. 146.

Sec. 26-446. Repairs of leaking verandas, etc., over sidewalks.

All leaking galleries, sheds, verandas or other overhead structures that extend over the sidewalk are hereby declared public nuisances and shall be repaired by the owner thereof immediately after having been notified to do so by the department of code enforcement and failure to abate such nuisance shall be an offense.
(Code 1956, § 11-31; M.C.S., Ord. No. 29758, § 1, 12-1-23)

Sec. 26-447. Dumpsters to be properly screened from public view.

(a) Except as otherwise provided in this section, any dumpster with a gross volume of one cubic yard or more which is visible from the public right-of-way or parking area shall be properly screened from public view with a suitable and substantial opaque fence constructed of wood, metal, synthetic, plastic, vinyl or masonry material, in sound condition, substantially free from deterioration, not less than six feet high or otherwise provided by the City Code, building code or zoning ordinances with gates, and kept in a constant state of good repair with no sign or other advertising matter placed upon such fence. Dumpster fencing plans shall be submitted to the appropriate local historic commission for approval for any dumpster located in a historic district.

(b) The provisions of this section shall not apply to dumpsters on public property on a temporary basis which are lawfully permitted by the department of public works nor to dumpsters on private property on a temporary basis and used in connection with construction or demolition activities permitted by the department of safety and permits.

(c) The director of safety and permits may waive the requirement for screening of dumpsters to accommodate cases where the requirement would impose an unreasonable hardship or where approval of the enclosure has not been granted by a historic district commission with jurisdiction over the location. An appeal may be filed with the director on forms provided by the director. Safety and permits shall conduct a hearing on the appeal and issue a written order granting or denying the appeal.

(d) The access opening to the dumpster corral shall be, if possible, a minimum of 18 to 24 inches wider than the dumpster.
(M.C.S, Ord. No. 21859, § 1, 3-3-05)

Sec. 26-448. City authorization to remediate improperly secured pools or pools with stagnant water for threats to the public health, safety and welfare.
