WHEREAS, in order to expedite the most efficient means of: (i) paying the principal and interest requirements on any bonds, (ii) making payments, if necessary, into any renewal and replacement reserve, (iii) paying or reimbursing the City for the monthly costs incurred in connection with the operation and maintenance of the System, (iv) paying the monthly General Obligation Wastewater Bond Contribution, if any, to the appropriate City funds and accounts, and (v) paying the monthly General Fund Transfer established by the City, and for other reasons of general operation, the Authority has created a Revenue Fund and an Operating Fund; and

WHEREAS, the Operating Fund will be initially funded by an appropriation of funds from the City; and

WHEREAS, in order to adequately secure any bonds on a long-term basis, the City and the Authority have elected to enter into this Agreement whereby the City shall lease the existing and hereafter acquired System to the Authority; and

WHEREAS, it is probable that in the future the City, the Utility Board and the Authority may desire that the Authority incur indebtedness payable from the Gross Revenues of the System.

NOW, THEREFORE, IN CONSIDERATION OF THE MUTUAL COVENANTS CONTAINED HEREIN, THE CITY, THE UTILITY BOARD AND THE AUTHORITY COVENANT AND AGREE AS FOLLOWS:

## ARTICLE I

## PROPERTY LEASED

The City, and the Utility Board for and in consideration of the covenants, agreements, provisions and conditions hereinafter set out on the part of the Authority to be kept, observed and performed, does by these presents demise, lease and let unto the Authority the property described as follows:

**(A)** All of the presently existing and hereafter acquired sanitary sewer and wastewater collection, transportation, processing and disposal system and facilities of the City

and all appurtenances thereof presently belonging to the City, or under its custody, management, or control, located within and without the corporate limits of the City, together with the rights-of-way, real estate and interests therein, licenses, easements and other rights and privileges appertaining or related to such system and facilities or the use thereof, and including, but not limited to, the real property and improvements thereto set out on "Exhibit A" attached hereto and made a part hereof;

**(B)** All interest of the City in and to all unexpired leases and contracts heretofore or hereafter executed by the City pertaining to use of any part of said sanitary sewer and wastewater system, including any revenue and income to be received therefrom;

**(C)** All property, real, personal or mixed, together with all rights and privileges appertaining or related thereto which hereafter may be acquired by or in the name of the City or the Authority for use in connection with the sanitary sewer and wastewater system and in connection with the furnishing of service to persons, firms, corporations and others within and without the corporate limits of the City; it being the intention of this paragraph that any of the foregoing, including income therefrom, immediately upon its acquisition shall be a part of the property demised and leased hereunder; and

**(D)** All interest of the City in and to proceeds, fees, charges, revenues, income, rents, receipts, issues and benefits from the use of said sanitary sewer and wastewater system of the City.

*End of Article I*

ARTICLE II

TERM AND PURPOSE OF LEASE

TO HAVE AND TO HOLD THE SAME TO THE AUTHORITY for a term of fifty (50) years from the 1st day of July, 1989, to the 30th day of June, 2039, or to such date as all bonds or any indebtedness incurred by the Authority secured by and payable from the revenues of or any interest in the System, or any portion thereof, have been paid or provisions for the payment thereof have been duly made.

The Leased Property is demised to the Authority for the purpose of enabling the Authority to assist the City in the execution and performance of the public functions of the City in respect of furnishing and providing an adequate sanitary sewer and wastewater system and services and facilities related thereto at all times during the term of this Agreement.

The City hereby consents and agrees that the Authority's interest in the System and the Gross Revenues to be derived therefrom may be assigned and pledged by the Authority as security for indebtedness to be incurred by the Authority.

*End of Article II*

ARTICLE III

COVENANTS AND AGREEMENTS OF THE CITY

In consideration of the covenants and agreements of the Authority, the Authority has agreed to establish and maintain the Operating Fund and the Revenue Fund and the City

will transfer funds to the Operating Fund to be used for the purposes specified herein. In connection with the Operating Fund, the City shall act as the fiduciary-agent of the Authority, and the City shall promptly apply the monies deposited therein to the uses and purposes specified in this Agreement. Subject to the proviso herein expressed, the City may elect to deposit certain funds in the Operating Fund of the Authority and the City's designated representative shall be empowered to draw upon such Operating Fund for the specific purposes prescribed herein. The Authority, by official action, shall designate an individual employee of the City as the City's representative for purposes and uses of the Operating Fund. The City and the Utility Board, during the term of this Agreement, subject to the inherent powers, duties and limitations expressed in the City's charter and applicable State law, agree to cooperate and together to:

**A.** cooperate with the Authority in the adoption and approval of a schedule of uniform and non-discriminatory rates, fees and charges for the use of the System and the facilities and services thereof.

**B.** bill and collect rates, fees, tariffs and charges to each and every user of the System and the facilities and services thereof and to enforce the payment of same by all available legal means, including curtailment of service, and not to permit any free use of the System and the facilities and services thereof except as may be furnished to or used by the City for municipal purposes and functions.

**C.** deposit the Gross Revenues on a daily basis, or as soon as practicable, to the credit of the Revenue Fund or, in the alternative, subject to the conditions expressed herein, to the Operating Fund.

**D.** transfer funds from the Operating Fund of the Authority on or before the time needed therefor and in such amounts as may be directed by the Authority.

**E.** maintain books, accounts and records pertaining to the Operation and Maintenance Expenses of the System, to account for such Operation and Maintenance Expenses and expenses for repairs, replacements and betterment of the System; to account for all General Obligation Wastewater Bond Contributions and to account for the General Fund Transfers, caused to be transferred in the manner prescribed herein.

**F.** report or cause reports and recommendations requested by the Authority, to be furnished to the Authority (including, but not limited to, the direction as to the General Fund Transfers, and projected monthly Operation and Maintenance Expenses.

**G.** prepare and file with the Authority written monthly statements, as follows: (a) on or before the 10th day of each month the actual Operation and Maintenance Expenses for the last preceding calendar month and specifically setting forth that amount either of or less than the amount enumerated in the Authority's Annual Budget; (b) the City's required monthly General Obligation Wastewater Bond Contribution, if any, calculated for the last preceding calendar month, and (c) the City's monthly General Fund Transfer calculated for the last preceding calendar month.

**H.** provide to the Authority, if the Authority shall so require, receipts as to such payments or remittances.

**I.** In the case of any monthly payments made on behalf of the Authority by the City from the Operating Fund and deposited into the various City funds and accounts established therefor, the City shall in all cases verify, receipt and account for such payments and transfers to the satisfaction of the Authority.

**J.** make or cause the Authority to provide funds to make all necessary additions, extensions, replacements and improvements to the System in order to keep the System in proper working and revenue producing order.

**K.** assist and cooperate with the Authority in the maintenance of the Operating Fund.

**L.** cause the System to be operated and maintained in first class condition and kept in good repair and not commit or allow any waste with respect to any of said property and to pay or cause to be paid or reimburse the City for the payment of the Operation and Maintenance Expenses of the System. The term "Operation and Maintenance Expense(s)" means the reasonable and necessary current expenses of the Authority, the City or the Utility Board paid or accrued in operating, maintaining, repairing and insuring the System, determined in accordance with generally accepted accounting procedures.

**M.** carry the insurance required to be carried by the Authority under the terms of any indenture pertaining to any indebtedness incurred by the Authority.

**N.** keep the System and each and every part thereof free and clear form all liens, claims and encumbrances of any nature or character whatever to the end and purpose that the priority of the liens and pledge provided for in any indenture or other instruments securing or pertaining to any indebtedness of the Authority may at all times be maintained and preserved as paramount and superior.

**O.** take all necessary and appropriate actions to assist the Authority in observing and performing all of its duties and obligations imposed under any indenture securing any indebtedness of the Authority, including, but not limited to, the institution and protection of appropriate proceedings in eminent domain, and any and all action required to protect the sources required for the provision of sanitary sewer and wastewater facilities supply adequate to meet the needs of the System.

**P.** take all prompt and diligent action necessary as it relates to the Authority's duty to establish and refer, or cause to be established and referred, for approval any revision of rates, fees and charges for the use of the System and the facilities and services thereof so as to produce sufficient Gross Revenues to meet all legal requirements of the City and the Authority.

**Q.** construct or assist the Authority in constructing any project and to provide for the supervision and administration of contracts for construction of the projects to be undertaken with the proceeds of any indebtedness or other available funds of the Authority, and the proceeds of any grants or gifts made available to the City by the Authority or any federal, state or private entity; to encumber (or to otherwise provide for the encumbrance) said funds transferred to the City for purposes of constructing or acquiring (System) projects or materials; and further, to assist the Authority in advertising and preparing all documentation necessary to comply with the bidding requirements established by Oklahoma law and to the extent the Authority provides funds the City hereby covenants to complete, or cause the completion of the project or projects in accordance with the specifications furnished by the Authority, the Utility Board and the City.

**R.** assist the Authority in the preparation of its Annual Budget. In this connection the information to be furnished by the City shall include, but not necessarily be limited to: (i) monthly estimates based on historical data pertaining to Operation and Maintenance Expenses, (ii) estimates of renewal and replacement deposit for additions, repairs or betterment of the System, (iii) the monthly General Obligation Wastewater Bond Contribution and (iv) the estimated monthly General Fund Transfers set forth as a percentage of Gross Revenues. The City shall be required to review and in its discretion approve the Authority's annual Budget prior to the same becoming effective.

**S.** provide the Authority no later than July 1 of each year with a certified copy of the official action of the City whereby the City, in its sole discretion, assesses and establishes the General Fund Transfer, if any, set forth as a percentage of Gross Revenues.

**T.** observe, abide by, perform and comply with all (a) conditions, requirements, duties and obligations intended to be performed by the City under the terms of any indenture or other instrument securing or pertaining to any indebtedness incurred by the Authority pertaining to the System to the extent such indenture shall have been approved by the City, and (b) all requirements now or hereafter during the terms of this Agreement imposed by statute, rule, regulation or order enacted, adopted or issued by any competent governmental agency or authority (whether state or federal, legislative, executive or judicial).

**U.** In the event of the default of the Authority under any indenture resulting in the appointment of a receiver or trustee (whether temporary or permanent) for the System, perform all covenants and agreements contained herein with respect thereto, and if ordered by competent decree, to surrender possession of the System for operation to such receiver or trustee.

*End of Article III*

## ARTICLE IV

## COVENANTS AND AGREEMENTS OF THE AUTHORITY

In consideration of the covenants and agreements of the City and the Utility Board, the Authority hereby covenants and agrees during the term of this Agreement to conduct its business and operations with respect to the System in full recognition of its status as public trust with the City as the beneficiary thereof, and further, the Authority covenants and agrees as follows:

**A.** to direct that the Gross Revenues collected by the City and deposited in the Revenue Fund or the Operating Fund are utilized in accordance with the terms hereof or any indenture securing indebtedness of the Authority secured by Gross Revenues of the System, including the payment to the City of the general Obligation Wastewater Bond Contribution, if any (to the appropriate Sinking fund or Funds designated by the City).

**B.** to pay or reimburse the City for the payment of Operation and Maintenance Expenses and to remit the General Fund Transfer.

**C.** to issue bonds, notes or other evidences of indebtedness for the purpose of providing funds for paying all or part of the costs of constructing or acquiring

additions or improvements to the System only after obtaining approval of the City as required by the terms of the City's Charter, Oklahoma Pubic (sic) Trust Act and the laws of the State of Oklahoma.

**D.** to prepare and recommend for adoption a schedule of uniform and non-discriminatory rates, fees and charges for the use of the System and the facilities and services thereof; and to present the same to the Utility Board and the City for approval and adoption as is required by the established procedures of the City, the City's charter and other applicable Oklahoma law, and subject to such conditions to revise or cause the timely revision of the same from time to time so as to comply with any and all requirements and conditions upon it by any indenture securing or pertaining to any of its indebtedness.

**E.** to furnish the City, upon request, unaudited financial statements and balance sheets relating to the operation of the System and not more than ninety (90) days after the close of each fiscal year (July 1 to June 30, unless changed hereafter) to furnish the City with a copy of its annual audit with the accompanying opinion of a Certified Public Accountant; and to prepare and file with the City any additional reports, statements or any other information relating to the System as may be required pursuant to the terms of any indenture securing any indebtedness of the Authority or as may be reasonably required by the City.

**F.** to do any and all things necessary and appropriate in performing its purposes and functions within and under the scope of its powers, duties and obligations now or hereafter as may be required by law or contained in the Declaration of Trust creating and establishing the Authority or as may be contained in any indenture securing any indebtedness of the Authority.

**G.** keep the System and each and every part thereof free and clear from all liens, claims and encumbrances of any nature or character whatever to the end and purpose that the priority of the liens and pledge provided for in any indenture or other instruments securing or pertaining to any indebtedness of the Authority may at all times be maintained and preserved as paramount and superior.

*End of Article IV*

ARTICLE V

MISCELLANEOUS

SECTION 1. This Agreement may be amended by agreement among the City, the Utility Board and the Authority. The Authority, the Utility Board and the City may consent to amendment of this Agreement to the extent permitted by law for the purpose of curing any ambiguity, formal defect or omission or providing additional security or in connection with the issuance of indebtedness for additions or improvements or to meet any requirements imposed by the Charter or any other law, order, regulation or ruling.

SECTION 2. Any indebtedness issued by the Authority shall not constitute an indebtedness of the State of Oklahoma, nor of the City, nor shall such indebtedness be the personal obligation of the Trustees of the Authority, but such indebtedness shall be an obligation of the Authority payable solely from the Gross Revenues derived from the

System; notwithstanding the foregoing, any such indebtedness shall be considered as issued "on behalf of" the City, for the purpose of and as defined by the Internal Revenue Code of 1986, as amended, and regulations and rulings promulgated thereunder.

SECTION 3. The City, the Utility Board and the Authority declare that this Agreement shall be a third party beneficiary contract with any bank or trust company appointed by any indenture securing any indebtedness of the Authority, as Trustee for the holders thereof, being the third party beneficiary. Insofar as this Agreement or any such indenture bestows any rights, powers or privileges upon such bank or such holders, the City, the Utility board and the Authority expressly agree that such bank or holders, as may be provided in such indenture, may enforce this Agreement to the fullest extent permitted by law.

SECTION 4. The provisions of this Agreement shall be deemed severable. If it shall ever be held by a court of competent jurisdiction that any one or more articles, sections, clauses or provisions of this Agreement is invalid or ineffective for any reason, such holding shall not affect the validity and effectiveness of the remaining articles, sections, clauses and provisions hereof.

IN WITNESS WHEREOF, the City, by its Board of Commissioners, has caused this Agreement to be executed by the Mayor, attested by the City Auditor and has caused its seal to be affixed hereto, the Utility Board has caused this Agreement to be executed by its Chairman and attested by its Secretary and has caused its seal to be affixed hereto, and the Authority has caused this Agreement to be executed by its Chairman and attested by its Secretary and has caused its seal to be affixed hereto all to be effective as of the day and year above written.

## "EXHIBIT A" - LEGAL DESCRIPTION

All that part of the Southeast Quarter of the Northwest Quarter (SE/4 NW/4) lying West of the Railroad Right-of-Way in Section 12, Township 18 North, Range 12 East, Indian Base and Meridian Tulsa County, Oklahoma, adjacent to and abutting the City of Tulsa land to the South, containing 37 acres more or less, including one-half (1/2) all mineral rights.

### NORTHEAST INDUSTRIAL DISTRICT

Block Two (2), NORTHEAST INDUSTRIAL DISTRICT, a subdivision of the SW1/4 of Section 6, Township 20 North, Range 14 East of the Indian Base and Meridian, Tulsa County, State of Oklahoma, according to the recorded Plat No. 2266, LESS AND EXCEPT the following described tract: BEGINNING at a point 40 feet North and 725.79 feet, more or less East of the SW corner of said Section 6; thence due East along a line parallel with the South line of said Section a distance of 995.0 feet; thence North along a line parallel with and 848.91 feet West of the East line of the SW1/4 of said Section a distance of 1955.55 feet; thence S 27 5'30" W along the Westerly boundary line of said Lot 2 a distance of 2184.70 feet to the POINT OF BEGINNING.

### SLUDGE BEDS

Lots Eight (8) and Nine (9) of Section One (1), Township Eighteen (18) North, Range Twelve (12) East of the Indian Base and Meridian, Tulsa County, Oklahoma and the Northeast Quarter (NE1/4) of the Northwest quarter (NW1/4) and Lot Two (2) of Section Twelve (12), Township Eighteen (18) North, Range Twelve (12) East, of the Indian Base and Meridian, Tulsa County, Oklahoma containing one hundred eighteen and seventy-six hundredths (118.76) acres, more or less.

Part of Lot 3 in the NE/4 in Section 12, and part of SE/4 NW/4 of Section 12, all in Township 18 North, Range 12 East, of the Indian Base and Meridian Tulsa County, State of Oklahoma, more particularly described as follows: Starting at the North East corner of the NW/4 of said Section 12, thence South along the East boundary of said NW/4 a distance of 1312.84 feet to a point of beginning that being the South East corner of the NE/4 NW/4 of said Section 12; thence in a westerly direction along the South boundary of said NE/4 NW/4 a distance of 350 feet to a point on the East right-of-way boundary of the Midland Valley Railroad Company, thence in a South Easterly direction along a curve to the left with a radius of curvature of 2916.05 feet and a delta angle of 10 14'12" being on the East right-of-way boundary of said Midland Valley Railroad Company a distance of 503.11 feet to a point of tangency on said East right-of-way boundary, thence South 20 17'30" East along

the East right-of-way boundary a distance of 264.28 feet to a point on said East right-of-way boundary. Thence in a Easterly direction being parallel to the South boundary of the NW/4 NE/4 a distance of 610 feet to a point. Thence South 22 24' East a distance of 85 feet to a point. Thence in an easterly direction being parallel to the South boundary of the NW/4 NE/4 to a point on the East boundary of Lot 3. Thence in a North Westerly direction along the East boundary of said Lot 3 a distance of 825 feet to a point on South boundary of the NW/4 NE/4 of said Section 12. Thence in a Westerly direction along the South boundary of said NW/4 NE/4 a distance of 1135 feet to the Point of Beginning. Said tract of land containing approximately 16 acres.

Subject to two (2) acres of Lot Three (3) previously conveyed to Dundee Petroleum Company.

**SOUTHSIDE SEWAGE TREATMENT PLANT**

The East 2.20 acres of the North 4.70 acres and the South 4.78 acres of Lot 2, less 1.03 acres for Midland Valley Railroad right-of-way, all in Section 36, Township 19 North, Range 12 East, of the Indian Base and Meridian, Tulsa County, State of Oklahoma, according to the Government Survey thereof.

All of Lot 3 of Section 36 Township Nineteen (19) North, Range Twelve (12) East, of the Indian Base and Meridian, in Tulsa County, Oklahoma, according to the United States Government Survey thereof lying East of the Midland Valley Railroad right-of-way.

**SOUTH ARKANSAS RIVER REGIONAL WASTE WATER FACILITY**

Lots One (1), Two (2) and Seven (7) of Section Nineteen (19) and the Northwest Quarter (NW1/4) and the West half (W1/2) of the Northeast Quarter (NE1/4) and the Northwest Quarter (NW1/4) of the Southeast Quarter (SE1/4) of Section Twenty (20), all in Township Seventeen (17) North, Range Fourteen (14) East of the Indian Base and Meridian, Tulsa County, State of Oklahoma, according to the United States Government Survey thereof, and containing 326.7 acres more or less.

**NORTHSIDE SEWAGE TREATMENT PLANT**

The Southeast Quarter of the Southeast Quarter (SE1/4 SE1/4) and the Southeast Quarter of the Southwest Quarter of the Southeast Quarter (SE1/4 SW1/4 SE1/4), all in Section 6, Township 20 North, Range 14 East, of the Indian Base and Meridian, Tulsa County, Oklahoma, containing fifty (50) acres.

The Northeast Quarter of the Southwest Quarter of the Southeast Quarter (NE1/4 SW1/4 SE1/4) of Section 6, Township 20 North, Range 14 East of the Indian Base Meridian, Tulsa County, Oklahoma containing 10 acres, more or less.

The West Half (W1/2) of the West Half (W1/2) of the Southeast Quarter (SE1/4) of Section Six, Township Twenty (20) North Range Fourteen (14) East and a tract of land in the SW1/4 SW1/4 of Section 5, Township Twenty (20) North, Range Fourteen (14) East, of the Indian Base and Meridian, Tulsa County, Oklahoma, more particularly described as follows, to-wit: Beginning at a point on the West boundary of the said SW1/4 SW1/4 235.17 feet from the SW corner thereof, thence N42(14'E a distance of 73.95 feet, thence N54(50'30"E a distance of 329.10 feet, thence N51(21'30"E a distance of 115.10 feet, thence

N24(51'30"W a distance of 90.95 feet, thence N45(30'W a distance of 111.15 feet, thence N55(04'30"W a distance of 183.85 feet, thence N74(7'30"W a distance of 79.97 feet, thence S82(43'W a distance of 64.60 feet to a point in the West boundary of the said SW1/4 SW1/4 which is 830 feet from the SW corner thereof, thence S0(3'E along the West boundary of the said SW1/4 SW1/4 to the point of beginning containing 4.0 acres, more or less.

The Southeast Quarter of the Northwest Quarter of the Southeast Quarter (SE1/4 NW1/4 SE1/4) Less the North 66 feet thereof, and the Southwest Quarter of the Northeast Quarter of the Southeast Quarter (SW1/4 NE1/4 SE1/4) Less the North 66 feet thereof, in Section Six (6), Township Twenty (20) North, Range Fourteen (14) East, of the Indian Base and Meridian, Tulsa County, Oklahoma;

All that part of the Southwest Quarter of the Southeast Quarter of the Northeast Quarter (SW1/4 SE1/4 NE1/4) and the Northwest Quarter of the Northeast Quarter of the Southeast Quarter (NW1/4 NE1/4 SE1/4) and the Southeast Quarter of the Northeast Quarter of the Southeast Quarter (SE1/4 NE1/4 SE1/4) lying West of Mingo and Bird Creeks, all in Section Six (6) Township Twenty (20) North, Range Fourteen (14) East, of the Indian Base and Meridian, Tulsa County, Oklahoma, containing 28 acres, more or less.

The Northeast Quarter of the Northwest Quarter of the Southeast Quarter (NE1/4 NW1/4 SE1/4) and the North Sixty-Six (66) feet of the Southeast Quarter of the Northwest Quarter of the Southeast Quarter (SE1/4 NW1/4 SE1/4) and the North Sixty-Six (66) feet of the Southwest Quarter of the Northeast Quarter of the Southeast Quarter (SW1/4 NE1/4 SE1/4), all in Section Six (6), Township Twenty (20) North, Range Fourteen (14) East of the Indian Base and Meridian, Tulsa County, Oklahoma.

The West Half of the Northwest Quarter of the Southeast Quarter of the Northeast Quarter (W1/2 NW1/4 SE1/4 NE1/4) of Section Six (6) Township Twenty (20) North, Range Fourteen (14) East of the Indian Base and Meridian, Tulsa County, Oklahoma.

Southwest Quarter (SW/4) of the Northeast Quarter (NE/4) and the Southeast Quarter (SE/4) of the Northwest Quarter (NW/4) of the Northeast Quarter (NE/4), Section 6, Township Twenty (20) North, Range Fourteen (14) East, of the Indian Base and Meridian, Tulsa County, Oklahoma according to the U.S. Survey thereof.

A strip, piece or parcel of land lying in part of the SW1/4 SE1/4 and the SE1/4 SE1/4 of Section 6, Township Twenty (20) North, Range Fourteen (14) East of the Indian Base and Meridian, Tulsa County, Oklahoma. Said parcel of land being described by metes and bounds as follows:

Beginning at the SE corner of said SE1/4 SE1/4, thence West along the South line of said SE1/4 SE1/4 and said SW1/4 SE1/4 a distance of 2261.10 feet, thence N0(01'E a distance of 60.0 feet, thence S89(59'E a distance of 1200.0 feet, thence N84(56'E a distance of 451.8 feet, thence S89(59'E a distance of 611.1 feet to a point on the East line of said SE1/4 SE1/4, thence South along said East line a distance of 100.0 feet to a point of beginning.

A strip, piece or parcel of land being a part of the Southeast Quarter (SE1/4) of Section 6, Township Twenty (20) North, Range Fourteen (14) East, of the Indian Base and Meridian, Tulsa County, Oklahoma and being more particularly described as follows:

The East 20.0 feet of the West 60.0 feet of the SE1/4 of Section 6, Township Twenty (20) North, Range Fourteen (14) East, of the Indian Base and Meridian, Tulsa County, Oklahoma.

A strip, piece or parcel of land being a part of the southeast quarter (SE1/4) of Section 6, Township Twenty (20) North, Range Fourteen (14) East, of the Indian Base and Meridian, Tulsa County, Oklahoma and being more completely described as follows:

The West 40.0 feet of the SE1/4 of Section 6, Township Twenty (20) North, Range Fourteen (14) East.

## APPENDIX VII RESOLUTION

A RESOLUTION PROVIDING FOR THE AMENDMENT OF THE AUTHORITY'S DECLARATION OF TRUST DATED APRIL 5, 1957, AS AMENDED, PROVIDING FOR SELECTION OF A CHAIRMAN OF TRUSTEES AND OTHER OFFICERS; APPROVING A THIRD AMENDMENT TO DECLARATION OF TRUST; AND CONTAINING OTHER PROVISIONS RELATING THERETO.

WHEREAS, the Authority was created by a Trust Indenture dated as of April 5, 1957, as amended (the "Trust Indenture", for the use and benefit of the City of Tulsa, Oklahoma (the "City"), under authority of and pursuant to the provisions of Title 60, Oklahoma Statutes 1981, Sections 176 to 180.3, inclusive, as amended and supplemented, and other applicable statutes of the State of Oklahoma; and

WHEREAS, the Authority and each Trustee thereto has determined to amend the Trust Indenture to provide for selection of a Chairman of Trustees and other officers and providing for Trustees continuing to serve until successor qualified, and for adopting procedures to conduct meetings; and

WHEREAS, there has been presented to this meeting a form of Third Amendment to Declaration of Trust between the Authority and the City of Tulsa, Oklahoma, and the Utility Board of the City of Tulsa, Oklahoma; and

BE IT RESOLVED BY THE TRUSTEES OF THE TULSA METROPOLITAN UTILITY AUTHORITY:

Section 1. The amendment of the Declaration of Trust of the Authority as set forth in the Third Amendment to Declaration of Trust is hereby authorized, agreed to, consented and approved by the Trustees of the Authority.

Section 2. The form of Third Amendment to Declaration of Trust presented to this meeting be, and hereby is approved, and each Trustee of the Authority be, and they hereby are, authorized, directed and empowered to execute and deliver in their name the Third Amendment to Declaration of Trust.

ADOPTED the 12th day of June, 1996.

/s/ Sandra J. Alexander
Chairman of Trustees

ATTEST:

/s/ Patricia Bragg
Secretary of Trustees

(SEAL)

I, the undersigned, the duly qualified and acting Secretary of Trustees of The Tulsa Metropolitan Utility Authority, hereby certify that the foregoing is a true, correct and complete copy of a Resolution of the Trustees of the Authority held on the date therein stated as the same appears in the minutes of said meeting on file in my office as a part of the official records thereof. I further certify that a true and complete copy of the schedule of regularly scheduled meetings of the authority for calendar year 1996 attached hereto as "Exhibit A" was filed in the office of the City Auditor of the City of Tulsa, Oklahoma. I

further certify that a true and correct copy of the agenda attached hereto as "Exhibit B" was posted in prominent public view on the street floor bulletin board at the City Hall, Tulsa, Oklahoma, twenty-four (24) hours prior to the date of the meeting therein described, excluding Saturdays, Sunday, and legal obligations, all in compliance with the Oklahoma Open Meeting Law.

WITNESS my hand and seal of said Authority this 12th day of June, 1996.

/s/ Patricia Bragg
Secretary of Trustees

(SEAL)

## APPENDIX VIII THIRD AMENDMENT TO DECLARATION OF TRUST (SECTIONS 314, 315, 316, AND 317)

*("Exhibit A" in Ord. No. 18776)*

KNOW ALL MEN BY THESE PRESENTS:

This Third Amendment to Declaration of Trust dated this 12th day of June, 1996, by and among the City Council of the City of Tulsa, Oklahoma, the Utility Board of the City of Tulsa, Oklahoma, and the Tulsa Metropolitan Utility Authority hereby amends that certain Declaration of Trust dated April 5, 1957, as previously amended by that certain Amendment to Trust Indenture and Second Amendment to Declaration of Trust (collectively the "Declaration of Trust") in the following respects:

Section 1. From and after May 8, 1990, paragraph (c) of Article VI of the Declaration of Trust shall be amended in its entirety to read as follows:

"(c) 1. Each qualified Trustee shall continue as such until his or her successor shall have qualified as hereafter provided.

2. The Trustees shall elect a chairman, vice-chairman, and secretary from among its members and adopt procedures for conducting its meetings."

Section 2. The Declaration of Trust and this Third Amendment to Declaration of Trust shall be read, construed and constructed to be one and the same document.

IN WITNESS WHEREOF, the Mayor of the City of Tulsa, the Chairman of the Utility Board of the City of Tulsa and the individual Trustees of the Authority have executed this document as of the date first above written.

Section 418. Form of Bond Indenture dated May 1, 1963, approved.
Section 419. Form of First Amendment to the Sublease dated May 1, 1963, approved.
Section 420. All proceedings taken by Trustees in issuance of Bonds pursuant to Bond Indenture dated May 1, 1963, ratified and approved.
Section 421. Ratification of action of Trustees in contracting for construction of permanent improvements described in Third Amendment to the Sublease with American Airlines, Inc.
Section 422. Approval by City of issuance of $27,500,000. Revenue Bonds, Series 1971, by Trustees to finance costs of improvements constructed.
Section 423. Approval by City of form and substance of Second Supplemental Bond Indenture dated June 1, 1971.
Section 424. Approval by City of form and substance of Third Amendment to Sublease between Trustees and American Airlines, Inc., dated June 1, 1971.
Section 425. Authorization of Trustees to take all necessary action to complete construction of improvements, sale of revenue bonds and execution of Third Amendment to Sublease with American Airlines, Inc.
Appendix I Park Board Resolution and Lease (§ 403) ("Exhibit A" in Ord. No. 8236).

Appendix II Trust Indenture Tulsa Municipal Airport Trust (Sections 400, 401, and 402) ("Exhibit B" in Ord. No. 8236).
Appendix III Amendment to Lease (Section 406) ("Exhibit A" in Ord. No. 8461).
Appendix IV Cancellation of Lease (Section 409) ("Exhibit B" in Ord. No. 8461).
Appendix V Resolution of Airport Authority (Section 414) ("Exhibit A" in Ord. No. 8480).

**Section 400. Beneficial interest of Tulsa Municipal Airport Trust accepted.**

The Tulsa Municipal Airport Trust, created by Trust Indenture dated August 2, 1957, a copy of which Trust Indenture is hereto attached and marked "Exhibit B" and made a part hereof, wherein N. G. Henthorne, Richard Lloyd Jones, Jr., E. Fred Johnson, Sid W. Patterson and George E. Norvell are designated trustees, and the City of Tulsa is designated as the sole beneficiary of said Tulsa Municipal Airport Trust, is hereby approved and said City of Tulsa hereby accepts the beneficial interest therein, and all of the terms and provisions of said Trust Indenture as authorized by the applicable statutes of the state of Oklahoma and the City of Tulsa, Oklahoma, hereby agrees to be and become the sole beneficiary of said trust.

*(Ord. No. 8236)*

**Section 401. Trust identified.**

The City recognizes said Tulsa Municipal Airport Trust and the trustees named in said Trust Indenture, and in all negotiations where the term "Tulsa Municipal Airport Trust" is used, it shall be deemed and construed to mean said trust above mentioned and described.

*(Ord. No. 8236)*

**Section 402. Mayor and Auditor authorized to endorse acceptance on Trust Indenture and record with County Clerk.**

The Mayor and City Auditor are hereby authorized, instructed and directed to endorse upon the original of said Trust Indenture the approval of the City of Tulsa of said Trust Indenture creating the Tulsa Municipal Airport Trust, and the City's acceptance of the beneficial interests therein, and to cause said Trust Indenture to be recorded in the office of the County Clerk and ex officio Register of Deeds of the County of Tulsa, Oklahoma.

*(Ord. No. 8236)*

**Section 403. Mayor and Auditor authorized to execute 99-year lease on Airport land to Trust.**

Pursuant to the recommendations of the Tulsa Park Board, as evidenced by its said Resolution of August 5, 1957, a copy of which is hereto attached marked "Exhibit A," the proposed ninety-nine (99) year lease of certain lands constituting a part of the Tulsa Municipal Airport and the improvements thereon, in which the City of Tulsa is lessor and the trustees of said Tulsa Municipal Airport Trust are the lessees, a copy of which lease is attached to said "Exhibit A" and is hereby made a part hereof, is hereby approved and the Mayor and City Auditor are hereby authorized, instructed and directed to execute and deliver said lease to the lessees therein named.

*(Ord. No. 8236)*

**Section 404. Form of sublease between City of Tulsa and Trustees of Tulsa Municipal Airport Trust approved.**

The form of the sublease by and between the trustees of the Tulsa Municipal Airport Trust and American Airlines, Inc., which form of sublease has been filed with the City Clerk and is hereby made a part of the official record of the minutes of the governing board of the City of Tulsa, is hereby approved; provided, however, that any modifications or changes in said sublease may be made by said trustees if approved by resolution of the governing board of the City of Tulsa.

*(Ord. No. 8461)*

**Section 405. Form of Bond Indenture approved.**

The form of bond indenture to be executed by the trustees of the Tulsa Municipal Airport Trust and a bank designated by such trustees, which form has been filed with the City Clerk and is hereby made a part of the official record of the minutes of the governing board of the City of Tulsa, is hereby approved; provided, however, that the principal amount of the Bonds Series 1958, of said trustees authorized in said bond indenture shall not exceed Twenty-Five Million Dollars ($25,000,000), that the interest rate or rates to be borne by the Bond Series 1958, of the Trustees of the Tulsa Municipal Airport Trust shall be such that the net interest cost thereon shall not exceed five and one-half percent (5-1/2%) per annum, and that said Bonds Series 1958 shall mature not later than December 31, 1983, and no redemption premium on any of said Bonds Series 1958 shall exceed one hundred four and one-half per cent (104-1/2%) of the principal amount thereof; and provided further, that said trustees may name any bank in Tulsa, Oklahoma, or New York, N.Y. as trustees under said bond indenture and may name any bank or banks in Tulsa, Oklahoma, and New York, N.Y., and in such other cities as said trustees may determine, as paying agent or paying agents for said Bond Series 1958; and provided further, that any other modifications or changes in said bond indenture may be made by said trustees if approved by resolution of the governing Board of the City of Tulsa.

*(Ord. No. 8461)*

**Section 406. Amendment to lease between City of Tulsa and Trustees of Tulsa Municipal Airport Trust approved.**

The Amendment to Lease by and between the City of Tulsa and the Trustees of the Tulsa Municipal Airport Trust, a copy of which Amendment to Lease bearing the approval of the City Attorney is hereto attached and marked "Exhibit A," is hereby approved, and the Mayor, the Chairman of the Tulsa Airport Authority and the City Auditor are hereby duly authorized to execute said Amendment to Lease.

*(Ord. No. 8461)*

**Section 407. Ratification of Ordinance No. 8236 and Trust Indenture.**

Ordinance No. 8236 heretofore duly adopted by the Board of Commissioners of the City of Tulsa on the 6th day of August, 1957, is hereby ratified, validated and confirmed, and the Tulsa Municipal Airport Trust created by the Trust Indenture dated August 2, 1957, and duly recorded in the records of the County Clerk of Tulsa County, Oklahoma, in Book 2803, Page 146, on the 9th day of August, 1957, a copy of which Trust Indenture is attached to said Ordinance No. 8236 and marked "Exhibit B," is approved, ratified and confirmed and

the acceptance by the City of Tulsa of the beneficial interest in said Tulsa Municipal Airport Trust and all the terms and provisions of said Trust Indenture are hereby ratified, validated and confirmed.

*(Ord. No. 8461)*

### Section 408. Ratification of lease between City of Tulsa and Trustees of Tulsa Municipal Airport Trust.

The lease heretofore entered into by and between the City of Tulsa and the trustees of the Tulsa Municipal Airport Trust on the 6th day of August, 1957, and duly recorded in the records of the County Clerk of Tulsa County, Oklahoma, in Book 2803, Page 131, on the 9th day of August, 1957, as amended by "Exhibit A," which is hereto attached, is hereby ratified, validated and confirmed.

*(Ord. No. 8461)*

### Section 409. Form of cancellation of lease between City of Tulsa and American Airlines, Inc., approved.

The form of cancellation of (1) the lease by and between the City of Tulsa, as lessor, and American Airlines, Inc., as lessee, which lease is dated January 10, 1946, and (2) the lease by and between said parties as lessor and lessee, respectively, which lease is dated the 7th day of May 1946, which form of cancellation is hereto attached and marked "Exhibit B," is hereby approved, and the trustees of the Tulsa Municipal Airport Trust are authorized to execute said cancellation simultaneously with the execution of the sublease, hereinabove referred to in Section 404 of this chapter.

*(Ord. No. 8461)*

### Section 410. Ratification of documents and proceedings.

All documents and proceedings in any way pertaining to the acquisition, administration and maintenance by the City of Tulsa, the Tulsa Park Board and the Tulsa Airport Authority of any part or all of the Tulsa Municipal Airport are hereby ratified, validated and confirmed, including, but without limiting in any way the generality of the foregoing, the following:

**A.** The quitclaim deed by the United States of America to the City of Tulsa dated the 22nd day of November, 1946, including all exhibits attached thereto duly recorded in the records of the County Clerk of Tulsa County, Oklahoma, in Book 1767, Page 467, on the 13th day of December, 1946;

**B.** The resolution of the Tulsa Park Board adopted December 11, 1946, authorizing the execution of the aforesaid quitclaim deed;

**C.** The resolution of the Board of Commissioners of the City of Tulsa adopted December 13, 1946, authorizing the acceptance of the aforesaid quitclaim deed and the execution thereof;

**D.** The release by and between the United States of America and the City of Tulsa dated April 25, 1957, duly recorded in the records of the County Clerk of Tulsa County, Oklahoma, in Book 2797, Page 312, on the 17th day of July, 1957;

**E.** The resolution of the Tulsa Park Board adopted April 30, 1957, accepting the aforesaid release; and

**F.** The resolution of the Board of Commissioners of the City of Tulsa adopted April 30, 1957, approving and accepting the aforesaid release.

*(Ord. No. 8461)*

### Section 411. Ratification of Resolution dated October 29, 1957, and Acts of Enrollment performed pursuant thereto.

The resolution heretofore adopted by the Board of Commissioners of the City of Tulsa, Oklahoma, on the 29th day of October, 1957, charging Guy Hall, Jr., Commissioner of Streets and Public Property, together with the City Attorney, with the duty of comparing each ordinance passed and enrolled, with the ordinance, as enacted, is hereby ratified, validated and confirmed, and all acts of said Commissioner and City Attorney in so comparing all ordinances in any way pertaining to the trustees of the Tulsa Municipal Airport Trust and subscribing their endorsement thereon evidencing the correct enrollment thereof are hereby ratified, validated and confirmed.

*(Ord. No. 8461)*

### Section 412. Rents to be used for Airport purposes.

The City of Tulsa hereby covenants that the rent payable to the City of Tulsa pursuant to provisions of the lease hereinabove referred to in Section 408 of this chapter shall be used for the operation, maintenance, development and improvement of the Tulsa Municipal Airport, as required by the release by and between the United States of America and the City of Tulsa, dated April 25, 1957, hereinabove referred to in Subsection D of Section 410 of this chapter, and this covenant shall be for the benefit of the holders of all bonds issued pursuant to the bond indenture hereinabove referred to in Section 405 of this chapter and for the benefit of all parties to the bond indenture and all parties to the lease hereinabove referred to in Section 408, the amendment to lease hereinabove referred to in Section 406 of this chapter and the sublease hereinabove referred to in Section 404 of this chapter.

*(Ord. No. 8461)*

### Section 413. Officers authorized to perform all acts necessary in issuance of Tulsa Municipal Airport Trust Bonds, Series 1958.

All officers of the City of Tulsa, Oklahoma, including the members and officers of the Tulsa Airport Authority or any successor of such authority, are hereby authorized and ordered to do and perform any and all acts necessary on the part of the City of Tulsa or of said Tulsa Airport Authority or any successor thereof to consummate the execution of any and all documents necessary in connection with the issuance by the trustees of the Tulsa Municipal Airport Trust of the Bonds Series 1958 of said Trustees, authorized by the bond indenture hereinabove referred to in Section 405 of this chapter.

*(Ord. No. 8461)*

### Section 414. Resolution of Tulsa Airport Authority and Second Amendment to Lease approved and Mayor authorized to execute same.

The Resolution of the Tulsa Airport Authority duly adopted on the 19th day of June, 1958, copy of which resolution is hereto attached and marked "Exhibit A", and the Second Amendment to Lease, attached to said resolution as Exhibit 1 thereof, which Second

Amendment to Lease bears the approval of the City Attorney, is hereby approved, and the Mayor, the Chairman of the Tulsa Airport Authority and the City Auditor are hereby duly authorized to execute said Second Amendment to Lease.

*(Ord. No. 8480)*

**Section 415. Ratification of Amendment to Lease dated May 27, 1958.**

The Amendment to Lease, dated May 27, 1958, is hereby ratified, validated and confirmed.

*(Ord. No. 8480)*

**Section 416. City's consent to assignment of Lease.**

The consent of the City of Tulsa is hereby given to the assignment of said lease, as amended by said Amendment to Lease and said Second Amendment to Lease, as such assignment is contained in the bond indenture referred to in Ordinance No. 8461.

*(Ord. No. 8480)*

**Section 417. Ratification of Ordinance Nos. 8236 and 8461 and of all proceedings of Trustees of Tulsa Municipal Airport Trust in issuance of Bonds.**

Ordinance Nos. 8236 and 8461 are hereby ratified, validated and confirmed and all proceedings of the trustees of the Tulsa Municipal Airport Trust heretofore taken in connection with the issuance of bonds pursuant to the bond indenture referred to in Ordinance No. 8461 are hereby ratified, validated and confirmed.

*(Ord. No. 8480)*

**Section 418. Form of Bond Indenture dated May 1, 1963, approved.**

The form of the bond indenture dated as of May 1, 1963, by and between the trustees of the Tulsa Municipal Airport Trust and Morgan Guaranty Trust Company of New York, N.Y., which form of bond indenture has been filed with the City Clerk and is hereby made a part of the official record of the minutes of the governing body of the City of Tulsa, is hereby approved; provided, however, that any modifications not substantially changing the tenor thereof may be made by the parties thereto.

*(Ord. No. 9666)*

**Section 419. Form of First Amendment to the Sublease dated May 1, 1963, approved.**

The form of the first amendment to the sublease dated as of May 1, 1963, by and between the trustees of the Tulsa Municipal Airport Trust and American Airlines, Inc., which form of sublease has been filed with the City Clerk and is hereby made a part of the official record of the minutes of the governing body of the City of Tulsa, is hereby approved; provided, however, that any modifications not substantially changing the tenor thereof may be made by the parties thereto.

*(Ord. No. 9666)*

**Section 420. All proceedings taken by Trustees in issuance of Bonds pursuant to Bond Indenture dated May 1, 1963, ratified and approved.**

All proceedings of the trustees of the Tulsa Municipal Airport Trust heretofore taken in connection with the issuance of bonds pursuant to said bond indenture dated as of May 1, 1963, are hereby ratified, validated and confirmed, and the issuance of said bonds is hereby approved.

*(Ord. No. 9666)*

**Section 421. Ratification of action of Trustees in contracting for construction of permanent improvements described in Third Amendment to the Sublease with American Airlines, Inc.**

The City of Tulsa, the beneficiary of the Tulsa Municipal Airport Trust, hereby ratifies, confirms and approves: (a) the contracting by the trustees of the Tulsa Municipal Airport Trust for the erection and equipping of certain lasting and permanent improvements on the premises described in the sublease of airport lands heretofore entered into by and between the trustees and American Airlines, Inc., such improvements being referred to in the Third Amendment to the sublease approved in Section 424 hereof; (b) the erecting and equipping of the aforesaid improvements; and (c) the interim financing agreements heretofore entered into by said trustees to pay costs of the aforesaid improvements.

*(Ord. No. 12261)*

**Section 422. Approval by City of issuance of $27,500,000. Revenue Bonds, Series 1971, by Trustees to finance costs of improvements constructed.**

The City of Tulsa, the beneficiary of the Tulsa Municipal Airport Trust, hereby approves the Twenty-Seven Million, Five Hundred Thousand Dollars ($27,500,000) principal amount of Revenue Bonds, Series 1971, to be issued by the trustees of the Tulsa Municipal Airport Trust to finance the costs of the improvements approved in Section 421 hereof, including the discharge of the interim indebtedness approved in said section, said bonds to be dated as of such date or dates within the current fiscal year, to be in such form or forms, to bear interest at such rate or rates not exceeding ten percent (10%) per annum, to mature as to principal on such dates commencing not later than five years from the date of said bonds and ending not later than June 1, 2006, and in such annual amounts so that the difference between the greatest amount of interest and principal maturing in any year in which principal of said bonds shall mature and the smallest amount of interest and principal maturing in any such year shall not exceed one percent (1%) of the aforesaid total principal amount of said series of bonds, and to be subject to prior redemption at such time or times not later than fifteen (15) years from the date thereof and upon such redemption price or prices not exceeding one hundred five percent (105%) of the principal amount thereof, all as the trustees of the Tulsa Municipal Airport Trust may determine, and said trustees are hereby authorized to issue said bonds under the second supplemental bond indenture approved in Section 423 hereof and the bond indenture supplemented thereby; provided that in the discretion of said trustees all or any part of said bonds may be subject to redemption from sinking fund installments, in which event in computing for the purpose of this section the amount of interest and principal maturing in any year (i) the amount of any sinking fund installment becoming due in any year shall be deemed to constitute the

maturing of principal, and (ii) the amount of principal stated to mature on any particular date shall be reduced by the amount of such principal required to be redeemed prior to such stated maturity date from such sinking fund installments.

The City of Tulsa, the beneficiary of the Tulsa Municipal Airport Trust, hereby approves and authorizes the sale by the trustees of the Tulsa Municipal Airport Trust of the Twenty-Seven Million, Five Hundred Thousand Dollars ($27,500,000) principal amount of Revenue Bonds, Series 1971, approved in the immediately preceding paragraph, which sale may be made by negotiation and shall be made at a purchase price of not less than ninety-seven percent (97%) of the principal amount of said bonds, together with the interest accrued on said bonds from their date of delivery of and payment therefor; provided, that the net average interest rate for said bonds shall not exceed ten percent (10%).

*(Ord. No. 12261)*

**Section 423. Approval by City of form and substance of Second Supplemental Bond Indenture dated June 1, 1971.**

The City of Tulsa, Oklahoma, the beneficiary of the Tulsa Municipal Airport Trust, hereby approves the form and substance of the second supplemental bond indenture, dated as of the 1st day of June, 1971, by and between the trustees of the Tulsa Municipal Airport Trust and the Morgan Guaranty Trust Company of New York, New York, under which, together with the bond indenture supplemented thereby, the bonds approved in Section 422 hereof shall be issued, which form of second supplemental bond indenture has been filed with the City Auditor and is hereby made a part of the official record of the minutes of this meeting, and said trustees are hereby authorized to execute such second supplemental bond indenture; provided that prior to such execution there shall be inserted in said second supplemental bond indenture the various details of said bonds determined in accordance with the provisions of Section 422 hereof; and provided, further, that prior to such execution modifications or amendments to said second supplemental bond indenture which do not substantially change the tenor thereof may be made by the parties thereto.

*(Ord. No. 12261)*

**Section 424. Approval by City of form and substance of Third Amendment to Sublease between Trustees and American Airlines, Inc., dated June 1, 1971.**

The City of Tulsa, Oklahoma, the beneficiary of the Tulsa Municipal Airport Trust, hereby approves the form and substance of the Third Amendment to the Sublease dated as of the 1st day of June, 1971, by and between the trustees of the Tulsa Municipal Airport Trust and American Airlines, Inc., whereby the improvements approved in Section 421 hereof shall be leased to American Airlines, Inc., which form of the Third Amendment to the Sublease has been filed with the City Auditor and is hereby made a part of the official record of the minutes of this meeting, and said trustees are hereby authorized to execute such Third Amendment to the Sublease; provided, however, that prior to such execution modifications or amendments to said Third Amendment to the Sublease which do not substantially change the tenor thereof may be made by the parties thereto.

*(Ord. No. 12261)*

## Section 425. Authorization of Trustees to take all necessary action to complete construction of improvements, sale of revenue bonds and execution of Third Amendment to Sublease with American Airlines, Inc.

The Trustees of the Tulsa Municipal Airport Trust are hereby authorized to perform such acts and take such proceedings as may be necessary for, or as are incidental, to the construction of the improvements approved in Section 421 hereof, the issuance and sale of the bonds approved in Section 422 hereof, the entering into and carrying out of the second supplemental bond indenture approved in Section 423 hereof and the entering into and carrying out the Third Amendment to the Sublease approved in Section 424 hereof.

*(Ord. No. 12261)*

## APPENDIX I PARK BOARD RESOLUTION AND LEASE (§ 403)

*("Exhibit A" in Ord. No. 8236)*

RESOLUTION

WHEREAS, the overhaul and maintenance base of American Airlines, Inc. at the Tulsa Municipal Airport is a necessary and essential part of the business economy of the City of Tulsa; and,

WHEREAS, the present facilities of said maintenance and overhaul base are not adequate to meet the growing needs and requirements of American Airlines, Inc. for overhauling and maintenance facilities to service not only their present fleet of aircraft but turbo-jet and turbo-prop and other types of aircraft that may hereafter be used by American Airlines, Inc.; and

WHEREAS, it is desirable and necessary for the best interests of the City of Tulsa that the present overhaul and maintenance base should be altered, modified, and expanded and additional improvements be constructed, installed, and equipped to meet the present and future needs of American Airlines, Inc. in the servicing of aircraft of such various types as American Airlines, Inc. may now use or may hereafter place in service and the various types of power plants for such aircraft now in use or hereafter to be acquired; and

WHEREAS, all of said alterations and modifications of existing structures and such additional buildings, installations, and facilities, and equipment therefor, as may be necessary for said purposes are herein collectively referred to as the proposed improvements and all of said improvements are to be constructed without cost to the City of Tulsa; and

WHEREAS, to finance said proposed improvements without cost to the City of Tulsa, Oklahoma, there was created an express trust as authorized by 60 Oklahoma Statutes, 1951, Sections 176 to 180 inclusive as amended by laws of 1953, and other applicable statutes, dealing with the creation and operation of express trusts for the benefit of municipalities and counties, of which trust the City of Tulsa is the sole beneficiary; and

WHEREAS, the present members of the Tulsa Park Board have heretofore agreed to act as Trustees of such express trust and have duly executed the Trust Indenture dated August 2, 1957, wherein the City of Tulsa is designated as the sole beneficiary; and

WHEREAS, the officers or governmental agencies or authorities having the custody, management, or control of any property of the beneficiary of such a trust are, by statute, authorized to lease such property as may be necessary for the execution of the trust purposes after the acceptance of the beneficial interests in such trust by the City of Tulsa; and

WHEREAS, it is necessary for the execution of said trust purposes that a long-term lease of approximately 228 acres of land of the Municipal Airport, requisite for the present and expanded facilities of said maintenance and overhaul base be executed and granted to the Trustees of said Tulsa Municipal Airport Trust with authority to construct all of the proposed improvements and to lease all or portions of said lands with all existing and proposed improvements thereon so that all costs of the proposed improvements can be amortized out of the rents to accrue to said Trustees and without cost to the City of Tulsa, Oklahoma,

NOW, THEREFORE, BE IT RESOLVED by the Tulsa Park Board as follows:

Sec. 1. The creation and organization of the Tulsa Municipal Airport Trust above mentioned and referred to is hereby approved, and the said Trust is hereby recognized as an express trust having the City of Tulsa as the sole beneficiary thereof, and possessing all of the powers provided by the Trust Indenture creating the same and laws of the State of Oklahoma applicable to trusts for the benefit of a municipality.

Sec. 2. The proposed ninety-nine (99) year lease from the City of Tulsa to the Trustees of said Tulsa Municipal Airport Trust, a copy of which lease is hereto attached and marked Exhibit A and made a part hereof, is hereby approved and the Park Board finds, determines, and hereby declares, that the property therein described is needful for the execution of the Trust purposes of said Tulsa Municipal Airport Trust, and upon acceptance by the City of Tulsa of the beneficial interests in said Trust, said lease shall become binding and go immediately into effect.

Sec. 3. The Chairman of the Tulsa Park Board is hereby authorized, instructed and directed to execute said ninety-nine (99) year lease and, in accordance with the provisions of the Charter of the City of Tulsa, to submit said lease to the Mayor and Board of Commissioners of said City with the recommendation of the Park Board that said lease be approved and executed upon acceptance, by said City, of the beneficial interests in said Tulsa Municipal Airport Trust.

Sec. 4. The Secretary of the Tulsa Park Board is hereby authorized, instructed, and directed to deliver to the Mayor and Board of Commissioners of the City of Tulsa, Oklahoma a certified copy of this Resolution and to deliver to the attorney for the Park Board such additional certified copies of this Resolution as may be necessary or convenient to evidence the action of the Park Board with respect to said Tulsa Municipal Airport Trust and with respect to said lease.

Sec. 5. The Chairman and Secretary of the Tulsa Park Board are further authorized to execute and deliver such additional instruments and certificates as may be necessary or convenient in furtherance of the purposes and functions of said Tulsa Municipal Airport Trust.

PASSED AND ADOPTED by unanimous vote of the Tulsa Park Board at Tulsa, Oklahoma this 5th day of August, 1957.

/s/ N.G. Henthorne
Chairman, Tulsa Park Board

APPROVED:

/s/ Remington Rogers
Attorney for Tulsa Park Board

CERTIFICATE

STATE OF OKLAHOMA )

Secretary, Tulsa Park Board

**LEASE**
**from**
**CITY OF TULSA**
**to the**
**TRUSTEES OF THE**
**TULSA MUNICIPAL AIRPORT TRUST**

THIS AGREEMENT OF LEASE by and between the City of Tulsa, Oklahoma, a municipal corporation, hereinafter called Lessor, and N.G. Henthorne, Richard Lloyd Jones, Jr., E. Fred Johnson, Sid W. Patterson, and George E. Norvell, jointly, as Trustees of the Tulsa Municipal Airport Trust, a statutory trust, duly created by a Trust Indenture, dated August 2, 1957 and duly accepted by the City of Tulsa, Oklahoma as beneficiary thereof, under and by virtue of Ordinance No. 8236, enacted on August 6, 1957, hereinafter called Lessee,

WITNESSETH:

**1.** Recitals. The City of Tulsa, Oklahoma heretofore acquired the lands hereinafter described for the purposes of the Tulsa Municipal Airport, which lands now constitute a part of said airport. A portion of said lands is now occupied by American Airlines, Inc., under terms and conditions of a certain lease dated January 10, 1946, and modifications thereof. The improvements now on the portion of said lands occupied by American Airlines, Inc., are and will be inadequate for the servicing, maintenance and overhauling of jet and other aircraft now or soon to be acquired by American Airlines, Inc. It is contemplated that the Lessee in this indenture shall, at its expense, plan, erect, and construct certain additional improvements, and may alter and modify all or part of the existing improvements on the portion of said lands now occupied by said American Airlines, Inc.; that all of said improvements, alterations, modifications and new construction may be made in whole or in part on the portion of said lands now occupied by American Airlines, Inc. or on the additional portion of said lands, all of which lands are hereinafter more particularly described, to the end that there will be an integrated structure and facility for overhaul and maintenance of aircraft. Lessee may become indebted for the cost of said improvements, alterations and modifications to be made on said lands and may lease said lands and existing improvements thereon and future improvements, alterations and modifications to be made thereon by or on behalf of the Lessors to American Airlines, Inc. or other tenant or tenants, and may assign the rents and profits to be derived from any or all of such leases to secure the

payment of such indebtedness and that at the termination of this Lease all of the lands, property and premises hereinafter described, together with all of the improvements and structures thereon, and hereditaments pertaining thereto, including easements for rights of way, and other appurtenances of every kind and character shall become the sole and exclusive property of Lessor, without cost to the Lessor.

**2.** Demise. For and in consideration of the terms, covenants and conditions hereinafter set forth, Lessor does hereby demise, lease and let unto Lessee and the Trustees constituting, from time to time, the respective successors of the Trustees of the Tulsa Municipal Airport Trust hereinabove named all of the following described property and premises, and existing improvements and structures thereon in the County of Tulsa, State of Oklahoma, more particularly described as follows:

All of that part of the S 1/2 of Section 13 and all that part of the N 1/2 of Section 24, Township 20 North, Range 13 East, particularly described as follows: Beginning at the northeast corner of the SE 1/4 of said Section 13; thence west along the north boundary of the SE 1/4 of said Section 13 to the northwest corner of the SE 1/4 of said Section; thence south along the half section line of said Section 13 to a point in the half section line 1565 feet north of the south boundary of said section 13; thence southwesterly along a line bearing south 14° 37' west a distance of 655.20 feet to a point 200 feet east of the east boundary of the taxiway now constructed, which point is 165.34 feet west of the half section line of said Section 13 and 931.06 feet north of the south boundary of said Section 13; Thence in a southwesterly direction and parallel to said taxiway 200 feet east from the east boundary of said taxiway on a bearing south 3° 4' 30" west a distance of 1537.65 feet to a point in the NE 1/4 of the NW 1/4 of Section 24, Township 20 North, Range 13 East and which point is 604.38 feet south of the north boundary of said Section 24 and 247.83 feet west of the north-south half section line of said Section 24; thence in a southeasterly direction and parallel to the south boundary of the concrete apron of the maintenance base of the American Airlines on a bearing south 76° 00' 58" east a distance of 2978.32 feet more or less to the east boundary of said Section 24; thence north and along the east boundary of Section 24 and 13, to the northeast corner of the SE 1/4 of said Section 13, the point of beginning;

together with all of the hereditaments and appurtenances thereunto belonging, and the improvements, alterations, and modifications thereof referred to in paragraph 1 hereof; subject however, to the rights of the American Airlines, Inc., as tenant of a portion of the above-described property, under the aforesaid existing lease, dated January 10, 1946, and modifications thereof.

TO HAVE AND TO HOLD said premises irrevocably for and during the term of ninety-nine (99) years from the 6th day of August, 1957.

**3.** Objects and Purposes. Lessee and any tenant or tenants of Lessee shall have the right to use such demised premises and any and all improvements, alterations, and modifications thereof, referred to in paragraph 1 hereof, for the performance of maintenance, repair and modification of aircraft and aircraft engines of any type or design, whether now or hereafter developed, including, without limitation, testing and experimenting with any of such aircraft, aircraft engines or parts or components thereof and for any other lawful purpose.

**4.** Rental. Lessee shall pay, or cause to be paid, to Lessor for the use of the demised premises rental annually in advance commencing February 1, 1958, as follows:

**(a)** $35,000 during the period commencing on February 1, 1958, and ending on January 31, 1966.

**(b)** $38,500 during the period commencing on February 1, 1966, and ending January 31, 1976.

**(c)** $42,350 during the period commencing on February 1, 1976, and ending January 31, 1986, and

**(d)** $46,585 during the period commencing on February 1, 1986, and ending on the expiration or termination of this Lease.

**5.** Interest of American Airlines, Inc. It is understood that this Lease is subject to the right of American Airlines, Inc., in and to a certain portion of the above-described premises under the aforesaid existing lease and modifications thereof. Lessee is hereby authorized in its sole discretion to negotiate with American Airlines, Inc., for the purpose of leasing all or such portions of the above-described lands as said American Airlines, Inc., may desire, and as a part and parcel thereof, said Lessee shall have authority to agree with American Airlines, Inc., for the cancellation of the said existing lease and modifications thereof now held by American Airlines, Inc., and for the termination of the leasehold estate and existing rights now held by American Airlines, Inc., and to enter into a new lease with American Airlines, Inc., as tenant, covering all or any part of the premises above described, for such terms not extending beyond the term of this Lease and on such conditions as said Lessee may deem for the best interests of the City of Tulsa. In accordance with the purposes of said Trust Indenture dated August 2, 1957, Lessee shall have full and complete authority to alter and modify any and all improvements, buildings, structures and fixtures now on the premises, and to erect, construct and install such additional buildings, structures, fixtures, and facilities therefor as said Lessee may deem best; to incur indebtedness to cover the costs thereof, and to secure the payment of all such indebtedness by the assignment of all or any part of the rents and income that may be derived thereunder, with full right and authority in said Lessee to enforce all of the terms and conditions of each and every such lease or other agreement as it may enter into, and to modify and cancel the same in the sole discretion of said Lessee, and to lease to others, for such term or terms not extending beyond the term of this Lease, any part or all of the property and premises and existing improvements and structures thereon, as well as any and all improvements, alterations and modifications thereof described in paragraph 1 hereof, and to assign any part or all of the rents and income that may be derived thereunder to the payment of any and all indebtedness of Lessee, but no breach of any term of any such lease shall be deemed or construed a breach of this Lease, or give to the City of Tulsa any authority to cancel or terminate this Lease.

**6.** Additional Covenants by Lessee. Lessee shall not suffer any use or occupancy of said premises contrary to any law or ordinance now or hereafter in force, and Lessee shall not assign this Lease or allow any part of the leased property to be subjected to any mechanic's or materialmen's liens. The Lessee covenants that no obstruction to air navigation as such is determined by application of the criteria of the Civil Aeronautics Administration Technical Standard Order N-18, will be permitted on the premises and property leased hereunder, and further covenants that this restriction shall run with the land.

**7.** Additional Covenants by Lessor. Lessor covenants and agrees that Lessee shall have quiet and peaceable possession of all of said premises during the term hereof; that the Lessee, its tenants and their employees, representatives and licensees, shall at all times have free access to the Tulsa Municipal Airport, upon compliance with non-discriminatory regulations governing entrance to and use of said Tulsa Municipal Airport. Lessor further covenants to hold the Trustees hereinabove named and their respective successors and the Tulsa Municipal Airport Trust harmless for any injury to person or property on the leased premises and property during the term of this Lease and further covenants that the City Treasurer of the City of Tulsa, the Secretary of the Tulsa Park Board and the Attorney for the Tulsa Park Board, or the Secretary and Attorney of any other board or agency to which the operation and maintenance of the Tulsa Municipal Airport may be transferred, shall in the discretion of the Lessee, act, respectively, as Treasurer, Secretary and Attorney for the Lessee, at no cost to Lessee or to the Tulsa Municipal Airport Trust. The City of Tulsa further covenants that in the event that any or all of the premises and properties leased hereby are taken over by The United States of American or any other paramount agency by order or proceeding of any nature whatsoever, it will use its best efforts to secure the highest rentals possible for the use of said premises and properties, and in the event such rentals are paid directly to it by The United States of America or other paramount agency, the City of Tulsa will immediately pay such rentals over to the Lessee.

**8.** Reservation of Public Right of Flight. The City of Tulsa hereby specifically reserves a public right of flight through the air space above the property and premises leased hereunder.

IN WITNESS WHEREOF, the parties have executed this Lease at Tulsa, Oklahoma, this 6th day of August, 1957.

# APPENDIX II TRUST INDENTURE TULSA MUNICIPAL AIRPORT TRUST (SECTIONS 400, 401, AND 402)

*("Exhibit B" in Ord. No. 8236)*

KNOW ALL MEN BY THESE PRESENTS:

This Trust Indenture, hereinafter referred to as "Indenture", dated August 2, 1957, for purposes of reference, but actually executed on the date hereinafter set out, by The Tulsa Chamber of Commerce, of Tulsa, Oklahoma, a nonprofit corporation organized and existing under the laws of the State of Oklahoma, hereinafter referred to as "Trustor", and N.G. Henthorne, Richard Lloyd Jones, Jr., E. Fred Johnson, Sid W. Patterson and George E. Norvell, to be known as the Trustees of the Tulsa Municipal Airport Trust, and hereinafter referred to as "Trustees"

W I T N E S S E T H:

That in consideration of the payment by Trustor to the Trustees of the sum of Ten Thousand Dollars ($10,000.00) and other valuable considerations, receipt whereof is hereby acknowledged, and of the mutual covenants herein set forth, the said Trustees agree to hold, manage, invest, assign, convey and distribute as herein provided, authorized and directed, such property as Trustor, or others, may from time to time assign, transfer, lease, convey, give, bequeath, devise or deliver unto this Trust or the Trustees hereof.

To Have and to Hold such property and the proceeds, rents, profits and increases thereof unto said Trustees, and said Trustees' successors and assigns, but nevertheless in trust, for the use and benefit of the City of Tulsa, Oklahoma, and upon the following trusts, terms and conditions herein stated.

## ARTICLE I.
## Creation of Trust.

The undersigned Trustor creates and establishes a trust for the use and benefit of the City of Tulsa, Oklahoma, and for the public purposes hereinafter set forth, under the provisions of Title 60, Oklahoma Statutes, 1951, Sections 176 to 180, inclusive, as amended by Title 60, Chapter 4, Oklahoma Session Laws 1953, the Oklahoma Trust Act and other applicable statutes of the State of Oklahoma.

## ARTICLE II.
## Name.

The name of this trust shall be "Tulsa Municipal Airport Trust", hereinafter referred to as "Trust." The Trustees shall conduct all business and execute all instruments and otherwise perform the duties and functions required in the execution of this Trust.

## ARTICLE III.
## Purposes of Trust.

The purposes of this Trust are:

**1.** To alter and modify any and all airport improvements, buildings and structures located on any leasehold estate, whether within or without the territorial boundaries of the City of Tulsa, Oklahoma, acquired by the Trustees and to erect,

construct and install additional buildings, structures, fixtures, equipment and facilities therefor; to incur indebtedness to cover the cost thereof; to lease or sublease said premises with or without such improvements, and to secure the payment of such indebtedness by the assignment of all or any part of the rents and income that may be derived thereunder, with full power and authority to enforce all terms and conditions of each and every such lease or other agreement and to modify and cancel or otherwise terminate the same.

**2.** To hold, maintain and administer any leasehold rights in and to physical properties demised to said Trustees, and to comply with the terms and conditions of any such lease.

**3.** To acquire by lease, purchase, or otherwise, and to plan, establish, develop, construct, enlarge, improve, maintain, equip, operate and regulate any and all physical properties designated or needful for utilization in the furnishing and providing of services, in connection with the airport properties, and to dispose of, rent, or otherwise make provisions for properties owned by the Trust but no longer needful for trust purposes.

**4.** To provide funds for the cost of financing, acquiring, constructing, leasing, equipping, maintaining, repairing and operating any such airport properties and other improvements on airport grounds, and all properties, real, personal or mixed, required for execution and fulfilling the trust purposes as set forth in this instrument, and all other charges, costs and expenses necessarily incurred in connection therewith, and in so doing, to incur indebtedness, either unsecured or secured, by all or any part of the Trust Estate and its revenues.

**5.** To expend all funds coming into the hands of the Trustees as revenue or otherwise for the payment of any indebtedness incurred by the Trustees for purposes specified herein, and in the payment of the aforesaid costs and expenses, and in payment of any other obligation properly chargeable against the Trust Estate, and to distribute the remainder of such funds to the beneficiary municipality.

## ARTICLE IV.
## Duration of Trust.

This Trust shall have duration for the term of duration of the Beneficiary and until such time as its purpose shall have been fully fulfilled, or until it shall be terminated as hereinafter provided.

## ARTICLE V.
## The Trust Estate.

The Trust Estate shall consist of:

**1.** The funds and property presently in the hands of the Trustees, including the $10,000 paid to the Trustees as consideration, as hereinabove recited.

**2.** Any and all leasehold rights and leases to said Trustees for the purposes of this Trust.

**3.** Any and all improvements that may be constructed by, or on behalf of, the Trustees or by, or on behalf of, the City of Tulsa, upon any property owned by, or leased to, said Trustees.

**4.** Any and all money, property, real, personal or mixed, rights, choses in action, contracts, leases, privileges, immunities, licenses, franchises, benefits and all other things of value coming into the possession of the Trustees pursuant to the provisions of this Indenture.

## ARTICLE VI.
## The Trustees.

**1.** There shall be five Trustees of this Trust. The five Trustees originally appointed herein are severally the present members of the Tulsa Park Board of the City of Tulsa, Oklahoma. The Trustees of this Trust shall during the term hereof, consist of the members of the Tulsa Park Board in office from time to time, and the number of such Trustees shall be increased or decreased as the membership of said Tulsa Park Board is increased or decreased. When any person has been appointed and qualified as a member of the Tulsa Park Board he shall thereupon be deemed to have accepted appointment as Trustee of this Trust and shall continue as a Trustee as long as he remains a member of the Tulsa Park Board. If any member of the Tulsa Park Board shall refuse to act as Trustee, the other Trustees may appoint a Trustee to take his place until such time as his successor is appointed to the Tulsa Park Board. If any member of the Tulsa Park Board who is a Trustee shall die or resign or become disabled from performing his duties as a member of the Tulsa Park Board, the Trustees shall have power and authority to fill any vacancy by an interim appointment until the successor of such member of the Tulsa Park Board shall have been appointed and qualified, at which time the powers under the interim appointment shall cease and the newly appointed and qualified member of the Tulsa Park Board shall become Trustee hereunder.

**2.** In event of any changes in the Charter of the City of Tulsa abolishing the Tulsa Park Board or abrogating in whole or in part the present authority and jurisdiction of the Tulsa Park Board over the Tulsa Municipal Airport, then and in either of such events, the Trustees then in office hereunder shall continue as the Trustees of this Trust and shall thereafter have power to fill any vacancies that may occur and to designate and appoint the successors of any Trustee who may die or resign or may become disabled from performing the duties of a Trustee hereunder. In the event the operation and maintenance of the Tulsa Municipal Airport is transferred form the Tulsa Park Board to some other board or agency, the members of such board or agency in office from time to time shall be the Trustees of this Trust, and the provisions contained in paragraph 1 of this Article VI with respect to temporary filling of vacancies shall apply in like manner to the members of such board or agency acting as Trustees of this Trust.

## ARTICLE VII.
## Powers and Duties of the Trustees, and Incidents of the Trust.

Subject to the provisions and limitations otherwise provided in this indenture, the Trustees shall have, in addition to the usual powers incident to their office and the powers

granted to them in other parts of this Indenture, the following rights, powers, duties, authority, discretion and privileges, all of which may be exercised by them without any order or authority from any court:

**1.** To enter into and execute, purchase, lease or otherwise acquire property, real, personal or mixed, franchises, contracts, leases, rights, privileges, benefits, choses in action, or other things of value and to pay for the same in cash, with bonds or other evidences of indebtedness or otherwise.

**2.** To make and change investments, to convert real into personal property, and vice versa, to lease, improve, exchange or sell, at public or private sale, upon such terms as they deem advisable, any or all of the property in the Trust, real or personal; to borrow money, or renew loans for the Trust, to refund outstanding bonded indebtedness and to execute therefor evidences of indebtedness, and to secure the same by mortgage, lien, pledge or otherwise; to purchase property from any person, and lease land and other property from the beneficiary and construct and equip buildings and facilities thereon and lease, sublease or rent, on such terms as they deem advisable, the same to individuals, partnerships, associations, corporations and others, including agencies of the United States of America, State of Oklahoma, and political subdivisions of the State, and procure funds necessary for such purpose by the sale of bonds or other evidences of indebtedness and secure the payment of such bonds or other evidences of indebtedness by a mortgage, lien, pledge or other encumbrance of such real and personal property, buildings and facilities owned or otherwise acquired, leased or controlled by Trustees, and rentals, income, receipts and profits therefrom, or from any other revenues associated with the ownership, operation or control of the property of the Trust; to lease or sublease, on such terms as they deem advisable, any property of the Trust or of which the Trustees may become the owners or lessees.

**3.** To fix, demand and collect charges, rentals and fees for the services and facilities of the Trust to the same extent as the beneficiary might do and to discontinue furnishing of services and facilities to any person, firm or corporation, or public instrumentality, delinquent in the payment of any indebtedness to the Trust. To purchase and sell such supplies, goods and commodities as are incident to the operation of its airport properties.

**4.** To make and perform contracts of every kind, including management contracts with any person, firm, corporation, association, trusteeship, municipality, government or sovereignty; and without limit as to amount, to draw, make, accept, indorse, assume, guarantee, account, execute and issue promissory notes, drafts, bills of exchange, acceptances, warranties, bonds, debentures, and other negotiable or non-negotiable instruments, obligations, and evidences of unsecured indebtedness, or of indebtedness secured by mortgage, deeds of trust or otherwise, upon any or all property of the Trust, and to pledge any or all income of the Trust, in the same manner and to the same extent as a natural person might or could do. To collect and receive any property, money, rents or income of any sort and distribute the same or any portion thereof for the furtherance of the authorized Trust purposes set out herein.

**5.** To contract for the furnishing of any services or the performance of any duties that they may deem necessary, or proper, and pay for the same as they see fit.

**6.** To employ such agents, servants and employees as they deem necessary or proper, and shall prescribe their duties and fix their compensation at such amounts as is customary and normal in the operation of airports; and select depositories for the funds and securities of this Trust.

**7.** To compromise any debts or claims of or against the Trust, and to adjust any dispute in relation to such debts or claims by arbitration or otherwise, and may pay any debts or claims against the Trust upon any evidence that seems to the Trustees to be sufficient. The Trustees may bring any suit or action, which in their judgment is necessary or proper to protect interests of the Trust, or to enforce any claim, demand or contract for the Trust; and they shall defend, in their discretion, any suit against the Trust, or the Trustees or employees, agents or servants thereof. They may compromise and settle any suit or action, and discharge the same out of Trust assets, together with court costs and attorney fees. All such expenditures shall be treated as expenses of executing this Trust.

**8.** To do all other acts in their judgment necessary or desirable for the proper and advantageous management, investment, and distribution of the Trust Estate and income therefrom.

The whole title, legal and equitable, to the Trust property is and shall be vested in the Trustees, as such title in the Trustees is necessary for their due execution of this Trust. Said Trustees shall have and exercise exclusive management and control of the Trust properties for the use and benefit of the beneficiary; but may agree for approval of any or all of its actions and transactions by the governing board of the beneficiary.

No purchaser at any sale or lessee under a lease made by the Trustees shall be bound to inquire into the expediency, propriety, validity or necessity of such sale or lease or to see to or be liable for the application of the purchase or rental monies arising therefrom.

Bonds to be issued by the Trustees shall not constitute an indebtedness of the State of Oklahoma nor of the City of Tulsa, Oklahoma, nor personal obligations of the Trustees of the Tulsa Municipal Airport Trust, but shall constitute obligations of the Trustees payable solely from the Trust Estate.

The Trustees, the State of Oklahoma and the beneficiary herein shall not be charged personally with any liability whatsoever by reason of any act or omission committed or suffered in good faith or in the exercise of their honest discretion in the performance of such Trust or in the operation of the Trust property; but any act or liability for any omission or obligation of the Trustees in the execution of such Trust, or in the operation of the Trust property, shall extend to the whole of the Trust Estate or so much thereof as may be necessary to discharge such liability or obligation.

No contract, lease, indenture or agreement of any nature whatsoever, to which the Trustees shall be a party, shall be deemed ineffectual or invalid by reason of the fact that any one or more of such Trustees may execute such contract, lease, indenture or agreement for, or on behalf of, the other parties thereto.

Any firm of which any Trustee may be a member, or any public or private corporation, association, commission or agency of which any Trustee may be an officer, director or member, or in which any Trustee may be interested as the holder of any amount of its capital stock, or otherwise, or any Trustee individually, may be a party to, or may be

pecuniarily or otherwise interested in, any contract or transaction with this Trust or the Trustees thereof, and, in the absence of fraud, no contract or other transaction shall be thereby affected or invalidated; provided that in case a Trustee individually, or a firm of which a Trustee is a member, or a corporation in which any Trustee owns a substantial amount of capital stock, is so interested, such fact shall be disclosed or shall have been known to the other Trustees.

## ARTICLE VIII.
## Beneficiary of Trust.

**1.** The beneficiary of this Trust shall be the City of Tulsa, Oklahoma, a municipal corporation, under and pursuant to Title 60, Oklahoma Statutes, 1951, Sections 176 to 180, both inclusive, as amended. Trustor now declares that this Indenture shall be irrevocable from the moment it is signed by it and delivered to the Trustees, and that it shall thereafter stand without any power whatsoever at any time to alter, amend, revise, modify, revoke or terminate any of the provisions of this Indenture.

**2.** The Trustees shall first pay all indebtedness of the Trust and interest thereon, and second, shall pay the costs and expenses incident to the management, operation, maintenance and conservation of this Trust and shall then pay the balance to the beneficiary of the Trust.

## ARTICLE IX.
## Termination of Trust.

This Trust shall terminate:

**1.** When the purposes set out in Article III of this Indenture shall have been fully executed; or

**2.** In the manner provided by Title 60, Oklahoma Statutes, 1951, Section 180.

Provided, however, that this Trust shall not be terminated by voluntary action if there be outstanding indebtedness or fixed term obligations of the Trustees, unless all owners of such indebtedness or obligations shall have consented in writing to such termination.

Upon the termination of this Trust, the Trustees shall proceed to wind up the affairs of this Trust, and after payment of all debts and obligations out of Trust money to the extent thereof shall distribute the residue of the money and Trust property to the Beneficiary hereunder. Upon final distribution the powers, duties and authority of the Trustees hereunder shall cease.

## ARTICLE X.

The Trustees accept the Trust herein created and provided for, and agree to carry out the provisions on their part to be performed.

IN WITNESS WHEREOF, the Trustor and the Trustees have hereunto set their hands this 5th day of August, 1957.

## APPENDIX III AMENDMENT TO LEASE (SECTION 406)

*("Exhibit A" in Ord. No. 8461)*

THIS AGREEMENT, by and between the City of Tulsa, Oklahoma, a Municipal Corporation, herein called City, and N.G. Henthorne, E. Fred Johnson, Richard Lloyd Jones, Jr., Wade C. Whiteside and James L. Maxwell, as Trustees of the Tulsa Municipal Airport Trust, second party, herein called Trustees,

W I T N E S S E T H:

That for and in consideration of the mutual promises and terms, covenants and conditions herein set forth, the parties have agreed and hereby agree as follows:

**1.** The Lease heretofore entered into by and between the City of Tulsa, Oklahoma, as Lessor, and N.G. Henthorne, Richard Lloyd Jones, Jr., E. Fred Johnson, Sid W. Patterson and George E. Norvell, as Trustees of the Tulsa Municipal Airport Trust, which Lease was duly executed on the 6th day of August, 1957 and recorded in Book 2803, page 131, of the records of the Tulsa County Clerk, on the 9th day of August, 1957, covering the following described lands in Tulsa County, Oklahoma, to-wit:

All of that part of the S 1/2 of Section 13 and all that part of the N 1/2 of Section 24, Township 20 North, Range 13 East, particularly described as follows: Beginning at the northeast corner of the SE 1/4 of said Section 13; thence west along the north boundary of the SE 1/4 of said Section 13 to the northwest corner of the SE 1/4 of said Section; thence south along the half section line of said Section 13 to a point in the half section line 1565 feet north of the south boundary of said Section 13; thence wouthwesterly (sic) along a line bearing south 14° 37' west a distance of 655.30 feet to a point 200 feet east of the east boundary of the taxiway now constructed, which point is 165.34 feet west of the half section line of said Section 13 and 931.06 feet north of the south boundary of said Section 13;

Thence in a southwesterly direction and parallel to said taxiway and 200 feet east from the east boundary of said taxiway on a bearing south 3° 4' 30" west a distance of 1537.65 feet to a point in the NE 1/4 of the NW 1/4 of Section 24, Township 20 North, Range 13 East and which point is 604.38 feet south of the north boundary of said Section 24 and 247.83 feet west of the north-south half section line of said Section 24; thence in a southeasterly direction and parallel to the south boundary of the concrete apron of the maintenance base of the American Airlines on a bearing south 76° 00' 58" east a distance of 2978.32 feet more or less to the east boundary of said Section 24; thence north and along the east boundary of Section 24 and 13, to the northeast corner of the SE 1/4 of said Section 13, the point of beginning, is hereby amended in the manner hereinafter set out.

**2.** Said Lease shall expire fifty (50) years from the last day of the month in which the construction and installation of improvements undertaken by the Trustees shall be completed, as evidenced by (1) the certificate of completion of the Trustees and American Airlines, Inc., countersigned by Coston-Frankfurt-Short, as Architects, of Oklahoma City, Oklahoma, stating that such improvements have been substantially completed and are ready for occupancy by American Airlines, Inc., stating the date on which completion occurred and setting forth in reasonable detail the final cost

of such improvements and listing all items of equipment included in such improvements, (2) a certificate of completion of Trustees, endorsed to show the acceptance of American Airlines, Inc., stating that all items of equipment constituting a part of such improvements have been acquired and installed and are ready for use by American Airlines, Inc. and stating the final cost of such equipment, and (3) a certified copy of any other certificate or permit which may be required by any Federal, State or local government or agency in connection with the occupancy thereof by American Airlines, Inc.

**3.** Section 2 of said Lease is hereby amended by adding the following paragraph thereto:

"The Trustees are hereby given and granted an easement over and under the railway right-of-way owned by Lessor and used as a spur track serving the maintenance depot on the above-described property and over and under the park property of the City of Tulsa for the purpose of maintaining and operating the transit waste disposal line located as follows: beginning at the center of Section 13 and continuing north paralleling and 25 feet from the railroad track as established on said right-of-way to the north line of Section 13, thence in a generally northwesterly direction across the park property of Lessor to the Southwest corner of the Northeast Sewage Disposal Plant on said Disposal Plant property, attaching to and entering the effluent line of said plant at the outfall manhole known as Manhole "B", all as shown on the plat attached hereto and made a part hereof."

**4.** Section 6 of said Lease is hereby amended by inserting "(a)" after the heading and by adding a new paragraph (b) to read as follows:

"(b) Lessee agrees to cause American Airlines, Inc. or any successor operator of the maintenance depot located on the demised premises (i) to indemnify Lessor and hold it harmless to the extent of any injury or loss suffered or incurred by Lessor which is caused by and directly traceable to the disposal of industrial waste from such maintenance depot through the effluent line of Lessor's Northeast Sewage Disposal Plant, and (ii) to maintain the transit waste disposal line referred to in paragraph 2 hereof and the oil separator equipment installed in connection therewith as long as it uses the same in good state of repair at its own expense; provided, that American Airlines, Inc. or any such successor shall have the right, at its own election and determination, to remove said line and separator equipment if at any time it ceases to require the use of said line and may abandon or otherwise dispose thereof, and provided further that if said line is disposed of to another purchaser then such purchaser desiring or intending to use said line in place must, prior to any use of said line, obtain the approval of the City of Tulsa of such use."

**5.** Section 7 of said Lease is hereby amended by adding at the end thereof the following:

"Lessor agrees to keep open for such use the taxi-way now extending from the southwesterly corner of the above described premises to the easterly side of taxiway No. VIII and across said taxiway No. VIII to the easterly side of the north-south 10,000 foot runway at the Tulsa Municipal Airport for all such purposes of ingress to and egress from said Tulsa Municipal Airport by aircraft. Lessor further covenants and agrees to permit waste disposal to be emptied into and through the effluent line

leading from Lessor's Northeast Sewage Disposal Plant at Manhole "B", as described in Paragraph 2 of this lease, provided that oil shall have been removed from such waste by the use of oil separators approved by Lessor."

**6.** Except as herein amended said Lease from the City of Tulsa, as Lessor, to the Trustees of said Municipal Airport Trust, as Lessee, dated August 6, 1957 and recorded as above described, shall be and remain in full force and effect.

IN WITNESS WHEREOF, the parties have executed this Amendment to Lease this 27th day of May, 1958.

**APPENDIX IV CANCELLATION OF LEASE (SECTION 409)**

*("Exhibit B" in Ord. No. 8461)*

THIS AGREEMENT made this 24th day of June, 1958, by and between N.G. HENTHORNE, E. FRED JOHNSON, RICHARD LLOYD JONES, JR., JAMES L. MAXWELL and WADE C. WHITESIDE, Trustees of TULSA MUNICIPAL AIRPORT TRUST, hereinafter called the "Trustees", and AMERICAN AIRLINES, INC., a Delaware corporation, hereinafter called "American".

W I T N E S S E T H:

WHEREAS, by lease dated January 10, 1946 as modified by amendment to lease dated July 3, 1948 (hereinafter called the "Lease"), the City of Tulsa, Oklahoma (hereinafter called the "City"), leased to American certain property known as the Modification Center located in Tulsa County, Oklahoma, at the northeast corner of the Tulsa Municipal Airport, the same being more particularly described as follows:

Beginning at the center of Section 13, Township 20 North, Range 13 East, thence east along the center section line a distance of 1980 feet to a point, thence south and along the west boundary line of the east half of the Northeast Quarter of the Southeast Quarter of said Section 13, a distance of 1320 feet; thence west along the north boundary of the Southeast Quarter of the Southeast Quarter of said Section 13 to a point in the easterly boundary of the concrete apron now paved around certain buildings known and described as the Modification Center; thence in a southwesterly direction along the easterly boundary of said concrete apron to the south boundary thereof located in the Northwest Quarter of the Northeast Quarter of Section 24, Township 20, North, Range 13 East; thence in a westerly direction along the south boundary of said concrete apron to the intersection thereof with a taxiway now located on the Municipal Airport in the Northwest Quarter of said Section 24; thence in a northerly direction along the west boundary of said concrete apron to a point where the same intersects with the south boundary line of the Southwest Quarter of said Section 13, Township 20 North, Range 13 East; thence east along the south boundary line of said section to the half section line; thence north along the half section line of said Section 13 to the point of beginning; provided, however, that Lessor shall be entitled to use the South 100 feet of said apron as part of its taxi-way system, and no part of the said south 100 feet shall be in the exclusive possession of Lessee;

And also a tract of land in the East Half of the Southwest Quarter of Section 13, Township 20 North, Range 13 East, described as follows:

Beginning at the southeast corner of the Southwest Quarter of said Section 13; thence north along the half section line of said Section 13 a distance of 1665 feet; thence Southwesterly along a line bearing south 14 degrees, 37 minutes west a distance of 1165 feet; thence southwesterly along a curve on a radius of 523.69 feet a distance of 688 feet more or less; thence south and parallel to the east boundary of said Section 13 a distance of 50 feet to the south boundary line of said section; thence east along said south boundary of said Section 13 a distance of 800 feet more or less to the point of beginning; the lands containing 8.49 acres more or less;

And also all of the easements which Lessor may acquire from the United States with reference to a certain railroad spur, trackage and rights of way extending in a generally northerly direction from said Modification Center to the Atchison, Topeka and Santa Fe Railroad in Section 12, Township 20 North, Range 13 East.

WHEREAS, by Lease dated August 6, 1957 as modified by amendments to lease dated May 27, 1958 and June 20, 1958, respectively (hereinafter called the "Ground Lease"), the City has leased to the Trustees certain premises in Tulsa County, Oklahoma, located at Tulsa Municipal Airport and including the Modification Center, subject to the rights of American under the Lease.

WHEREAS, under the provisions of the Ground Lease, the Trustees were granted authority by the City to agree with American for the cancellation of the Lease and for the termination of the leasehold estate represented thereby and existing rights thereunder held by American and to enter into a new lease with American; and

WHEREAS, pursuant to such authority the Trustees have subleased to American the premises covered by the Ground Lease, including the Modification Center, by Sublease dated this day;

NOW, THEREFORE, in consideration of the premises, the parties hereto have agreed and hereby agree as follows:

**1.** The Lease is hereby cancelled and terminated and American is hereby released from any and all obligations, past or future, incurred under or by reason of or arising out of the Lease.

**2.** The Trustees acknowledge that $35,000 has been paid to the City as advance rental under the Lease for the twelve-month period beginning February 1, 1958 and that the prorated portion of such rental for the period from the date hereof through January 31, 1959, shall be credited to American towards its obligation to pay basic rental under clause (a) (i) of Section 3 of said Sublease.

IN WITNESS WHEREOF, the parties hereto have executed and delivered this Cancellation of Lease the day and year first above written.

## APPENDIX V RESOLUTION OF AIRPORT AUTHORITY (SECTION 414)

*("Exhibit A" in Ord. No. 8480)*

At a special meeting of the Tulsa Airport Authority held on the 19th day of June, 1958,

PRESENT: N.G. Henthorne, Richard Lloyd Jones, Jr., E. Fred Johnson, Wade C. Whiteside, and James L. Maxwell,

ABSENT: None,

the following resolution was adopted by the following vote:

YEAS: Five (5).

NAYS: None (0).

### RESOLUTION

A RESOLUTION APPROVING PROPOSED SECOND AMENDMENT TO LEASE WHICH WILL AMEND THE LEASE BY AND BETWEEN THE CITY OF TULSA AND THE TRUSTEES OF THE TULSA MUNICIPAL AIRPORT TRUST, EXECUTED AUGUST 6, 1957, AS AMENDED BY THE AMENDMENT TO LEASE EXECUTED THE 11TH DAY OF JUNE, 1958, AND AUTHORIZING THE EXECUTION OF SAID PROPOSED SECOND AMENDMENT TO LEASE BY THE CHAIRMAN OF THE TULSA AIRPORT AUTHORITY AND THE SUBMISSION THEREOF TO THE MAYOR AND BOARD OF COMMISSIONERS OF THE CITY OF TULSA, OKLAHOMA, WITH THE RECOMMENDATION THAT SAID PROPOSED SECOND AMENDMENT TO LEASE BE APPROVED.

BE IT RESOLVED BY THE TULSA AIRPORT AUTHORITY AS FOLLOWS:

**1.** The Second Amendment to Lease between the City of Tulsa, Oklahoma, and the Trustees of the Tulsa Municipal Airport Trust, as particularly set forth in the copy thereof marked Exhibit 1 attached to this resolution and hereby made a part hereof as completely as if set out in full herein, is hereby approved.

**2.** The Chairman of the Tulsa Airport Authority is instructed, empowered and directed to execute multiple copies of said proposed Second Amendment to Lease, each of which copies shall be deemed an original, and to submit the same to the Mayor and Board of Commissioners of the City of Tulsa with the recommendation of the Tulsa Airport Authority that said Second Amendment to Lease be approved, and that the Mayor and City Auditor of the City of Tulsa be authorized to sign the said Second Amendment to Lease upon its being approved by the City Attorney.

**3.** The signing by the Chairman of the Tulsa Airport Authority of the Amendment to Lease, approved by resolution of the Tulsa Airport Authority on May 14, 1958, is hereby ratified, validated and confirmed.

CERTIFICATE

STATE OF OKLAHOMA )
) ss.
COUNTY OF TULSA )

I, the undersigned, Secretary of the Tulsa Airport Authority, do hereby certify that the above and foregoing is a true and correct excerpt from the minutes of the meeting of the Tulsa Airport Authority held on the 19th day of June, 1958, as shown by the official minutes of said meeting.

/s/ Remington Rogers
Secretary

**EXHIBIT 1**
**SECOND AMENDMENT TO LEASE**

THIS AGREEMENT, by and between the City of Tulsa, Oklahoma, a Municipal Corporation, herein called City, and N.G. Henthorne, E. Fred Johnson, Richard Lloyd Jones, Jr., Wade C. Whiteside and James L. Maxwell, as Trustees of the Tulsa Municipal Airport Trust, second party, herein called Trustees,

WITNESSETH:

That for and in consideration of the mutual promises and terms, covenants and conditions herein set forth, the parties have agreed and hereby agree as follows:

**1.** The Lease heretofore entered into by and between the City of Tulsa, Oklahoma, as Lessor, and N.G. Henthorne, Richard Lloyd Jones, Jr., E. Fred Johnson, Sid W. Patterson and George E. Norvell, as Trustees of the Tulsa Municipal Airport Trust, which Lease was duly executed on the 6th day of August, 1957 and recorded in Book 2803, page 131, of the records of the Tulsa County Clerk, on the 9th day of August, 1957, as amended by the Amendment to Lease heretofore entered into by and between the City of Tulsa, as Lessor, and N.G. Henthorne, E. Fred Johnson, Richard Lloyd Jones, Jr., Wade C. Whiteside and James L. Maxwell, as Trustees of the Tulsa Municipal Airport Trust, which Amendment to Lease was duly executed on the 27th day of May, 1958 and recorded in Book 2873, page 112 of the records of the Tulsa County Clerk on the 11th day of June, 1958, covering the following described lands in Tulsa County, Oklahoma, to-wit:

All of that part of the S 1/2 of Section 13 and all that part of the N 1/2 of Section 24, Township 20 North, Range 13 East, particularly described as follows:

Beginning at the Northeast corner of the SE 1/4 of said Section 13; thence west along the north boundary of the SE 1/4 of said Section 13 to the northwest corner of the SE 1/4 of said Section; thence south along the half section line of said Section 13 to a point in the half section line 1565 feet north of the south boundary of said Section 13; thence southwesterly along a line bearing south 14° 37' west a distance of 655.20 feet to a point 200 feet east of the east boundary of the taxiway now constructed, which point is 165.34 feet west of the half section line of said Section 13 and 931.06 feet north of the south boundary of said Section 13.

Thence in a southwesterly direction and parallel to said taxiway and 200 feet east from the east boundary of said taxiway on a bearing south 3° 4' 30" west a distance of 1537.65 feet to a point in the NE 1/4 of the NW 1/4 of Section 24, Township 20 North, Range 13 East and which point is 604.38 feet south of the north boundary of said Section 24 and 247.83 feet west of the north-south half section line of said section 24; thence in a southeasterly direction and parallel to the south boundary of

the concrete apron of the maintenance base of the American Airlines on a bearing south 76° 00' 58" east a distance of 2978.32 feet more or less to the east boundary of said Section 24; thence north and along the east boundary of Section 24 and 13, to the northeast corner of the SE 1/4 of said Section 13, the point of beginning is amended in the manner hereinafter set out.

**2.** The first paragraph of Section 6 of said Lease, denominated (a) by said Amendment to Lease, is hereby amended to read as follows:

"(a) Lessee shall not suffer any use or occupancy of said premises contrary to any law or ordinance now or hereafter in force, and Lessee shall not allow any part of the leased property to be subjected to any mechanic's or materialmen's liens, provided, however, that Lessee need not discharge any such liens if and so long as the applicability and validity thereof is being contested by appropriate proceedings diligently prosecuted in good faith and if such proceedings shall stay the execution or enforcement thereof so that pending such proceedings the leased property shall not be affected thereby. The Lessee covenants that no obstruction to air navigation as such is determined by application of the criteria of the Civil Aeronautics Administration Technical Standard Order N-18, will be permitted on the premises and property leased hereunder, and further covenants that this restriction shall run with the land."

**3.** Except as amended by the Amendment to Lease referred to above and as herein amended, said Lease from the City of Tulsa, as Lessor, to the Trustees of the Tulsa Municipal Airport Trust, as Lessee, dated August 7, 1957 and recorded as above described, shall be and remain in full force and effect.

IN WITNESS WHEREOF, the parties have executed this Second Amendment to Lease this day of June, 1958.

## CHAPTER 5. TULSA PARKING AUTHORITY

Section 500. Beneficial interest in Tulsa Parking Authority Trust accepted.
Section 501. Tulsa Parking Authority to mean the Trust.
Section 502. Mayor and City Auditor authorized to endorse approval of City on Trust Indenture.
Appendix I Trust Indenture Tulsa Parking Authority (Sections 500, 501 and 502) ("Exhibit A" in Ord. No. 9601).
Appendix II Amendment to Trust Indenture Tulsa Parking Authority (Sections 500, 501, and 502) ("Exhibit A" in Ord. No. 9601).
Appendix III Second Amendment to Trust Indenture Tulsa Parking Authority (Sections 500, 501, and 502) ("Exhibit A" in Ord. No. 9601).
Appendix IV Third Amendment to Trust Indenture Tulsa Parking Authority (Sections 500, 501 and 502) ("Exhibit A" in Ord. No. 9601).

### Section 500. Beneficial interest in Tulsa Parking Authority Trust accepted.

The Tulsa Parking Authority Trust, created by Trust Indenture dated February 8, 1963, an executed copy of which Trust Indenture is hereto attached, marked "Exhibit A" and made a part hereof, wherein Ohren Smulian, C. A. Astle, Harry A. Clarke, James L. Maxwell as Mayor of the City of Tulsa, and Charles E. Norman as City Attorney of the City of Tulsa, are designated trustees, and the City of Tulsa, Oklahoma, is designated as the sole beneficiary of said Tulsa Parking Authority Trust, is hereby approved and the City of Tulsa hereby accepts the beneficial interest therein, and all of the terms and provisions of said Trust Indenture as authorized by the applicable statutes of the state of Oklahoma, and the City of Tulsa hereby agrees to be and become the sole beneficiary of said trust.

*(Ord. No. 9601)*

### Section 501. Tulsa Parking Authority to mean the Trust.

The City of Tulsa hereby recognizes said Tulsa Parking Authority Trust and the trustees named in said Trust Indenture, and in all negotiations and instruments where the term "Tulsa Parking Authority" is used it shall be deemed and construed to mean the trust above mentioned and described.

*(Ord. No. 9601)*

### Section 502. Mayor and City Auditor authorized to endorse approval of City on Trust Indenture.

The Mayor and the City Auditor of the City of Tulsa are hereby authorized, instructed and directed to endorse upon the original of said Trust Indenture the approval of the City of Tulsa of said Trust Indenture creating the Tulsa Parking Authority, and the City's acceptance of the beneficial interest therein, and to cause said Trust Indenture to be recorded in the office of the County Clerk of Tulsa County, Oklahoma.

*(Ord. No. 9601)*

## APPENDIX I TRUST INDENTURE TULSA PARKING AUTHORITY (SECTIONS 500, 501, AND 502)

*("Exhibit A" in Ord. No. 9601)*

KNOW ALL MEN BY THESE PRESENTS:

This Trust Indenture dated this 8th day of February, 1963, by Downtown Tulsa Unlimited of Tulsa, Oklahoma, a non-profit corporation organized and existing under the laws of the State of Oklahoma hereinafter referred to as Trustor, and James L. Maxwell, Charles E. Norman, Ohren Smulian, Harry A. Clarke and C.A. Astle, to be known as the Trustees of the Tulsa Parking Authority, and hereinafter referred to as Trustees.

WITNESSETH:

That in consideration of payment by Trustor to the Trustees of the sum of Five Hundred Dollars ($500.00) and the assignment of all rights and interest in the contract with the City of Tulsa dated July 1, 1960, and amended on October 27, 1961, allowing for the operation of a motor vehicle parking facility on Blocks 129, 130, 131, 132 155, 154 and 153, Original Town, now City of Tulsa, Tulsa County, Oklahoma, according to the recorded plat thereof; and of the mutual covenants herein set forth, the said Trustees agree to hold, manage, invest, assign, convey and distribute as herein provided, authorized and directed, such property as Trustor, or other, may from time to time assign, transfer, lease, convey, give, bequeath, devise or deliver unto this Authority or the Trustees hereof.

TO HAVE AND TO HOLD such property and the proceeds, rents, profits and increases thereof unto said Trustees, and said Trustees' successors and assigns, but nevertheless in Trust, for the use and benefit of the City of Tulsa, Oklahoma, and upon the following trusts, terms and conditions herein stated.

### ARTICLE I.
### Creation of Trust

The undersigned Trustor creates and establishes a Trust for the use and benefit of the City of Tulsa, Oklahoma, and for the public purpose hereinafter set forth, under the provisions of Title 60, Oklahoma Statutes, 1961, Sections 176 to 180 inclusive, the Oklahoma Trust Act and other applicable Statutes of the State of Oklahoma.

### ARTICLE II.
### Name

The name of this Trust shall be "Tulsa Parking Authority" hereinafter referred to as "Authority". The Trustees shall conduct all business and execute all instruments, and otherwise perform the duties and functions required in the execution of this Trust.

### ARTICLE III.
### Purposes of Trust

The purposes of this Trust are:

**1.** To acquire or construct within the corporate boundaries of the City of Tulsa, Oklahoma, and to own, maintain and operate or to own and lease to or cause to be maintained or operated by an operating company, corporation, or individual or to

own and to lease to a person, firm, or corporation who shall construct, finance and operate one or more automotive parking stations (which term shall include parking lots, parking areas, as well as buildings or other structures for parking or storing automotive vehicles) having floor levels of any number, elevated, surface or sub-surface and when operated by said Authority to charge fees and tolls for the use of such facilities. The right of the Authority to own, maintain, operate, and cause to be operated such facilities and to fix and collect fees and tolls for the use of such facilities is hereby declared to be a public right and use, and such right and facilities to constitute a public benefit.

**2.** In carrying out said public purposes to issue bonds, notes and other obligations in such manner and at such price as the Trustees may deem desirable and to secure the payment of such bonds, notes or other obligations by the pledge of all or any part of the rents and income of the Authority.

**3.** To hold maintain and administer any leasehold rights, in and to physical properties demised to the beneficiary or to the Trust Estate and to comply with the terms and conditions of any such lease.

**4.** To acquire by lease, purchase, or otherwise, and to plan, establish, develop, construct, enlarge, improve, maintain, equip, operate and regulate any and all physical properties designated or needful for utilization in the furnishing and providing of services in connection with the automotive parking stations and to dispose of, rent, or otherwise make provisions for properties owned by the Authority but no longer needful for Trust purposes.

**5.** To enter into lease-purchase, or rental agreements and to comply with the terms and conditions of any leases or other contracts made in connection with the acquisition, equipping, maintenance, occupancy, and disposal of any of said property.

**6.** To provide funds for the cost of financing, acquiring, constructing, purchasing, equipping, maintaining, leasing, repairing, improving, extending, enlarging, remodeling, holding, operating, and administering any or all foresaid services, utilities, buildings, facilities, and all properties, real, personal or mixed, needful for executing and fulfilling the Trust purposes as set forth in this Indenture and all other charges, costs, and expenses necessarily incurred in connection therewith, including promotional and advertising expenses and in so doing to incur indebtedness either unsecured or secured by all or any part of the Trust Estate and its revenues.

**7.** To expend all funds coming into the hands of the Trustees as revenue or otherwise for the payment of any indebtedness incurred by the Trustees for purposes specified herein, and in the payment of the aforesaid costs and expenses, and in payment of any other obligation properly chargeable against the Trust Estate and to distribute the remainder of such funds to the beneficiary municipality.

## ARTICLE IV.
## Duration of Trust

This Trust shall have duration for the term of duration of the Beneficiary and until such time as its purpose shall have been fulfilled or until it shall be terminated as hereinafter provided.

## ARTICLE V.
## The Trust Estate

The Trust Estate shall consist of:

**1.** The funds and property presently in the hands of the Trustees, including the consideration as hereinabove recited.

**2.** Any and all leasehold rights demised to said Trustees for the purposes of this Trust.

**3.** Any and all improvements that may be constructed by, or in behalf of the Trustees upon any property owned by or leased to said Trustees.

**4.** Any and all improvements that may be constructed by, or in behalf of, the City of Tulsa upon any property owned by the City and leased to said Trustees.

**5.** Any and all money, property, real, personal or mixed, rights, choses in action, contracts, leases, privileges, immunities, licenses, franchises, benefits and all other things of value coming into the possession of the Trustees, pursuant to the provisions of this Indenture.

## ARTICLE VI.
## The Trustees

**1.** There shall be five Trustees of this Authority:

**(a)** The Mayor of the City of Tulsa, whoever he may be, shall be a trustee during his incumbency and shall serve until his successor as Mayor has been duly elected and qualified.

**(b)** The City Attorney of the City of Tulsa, whoever he may be, shall be a trustee during his incumbency and shall serve until his successor as City Attorney has been duly appointed and qualified.

**(c)** C.A. Astle, Tulsa, Oklahoma, shall be a Trustee for a term of two years, commencing on the date of this Indenture. Harry A. Clarke, Tulsa, Oklahoma, shall be a Trustee for a term of four years, commencing on the date of this Indenture. Ohren Smulian, Tulsa, Oklahoma, shall be a Trustee for a term of six years, commencing on the date of this Indenture. Successors to these Trustees shall be appointed by the Board of Commissioners of the City of Tulsa upon nomination by the Mayor of the City of Tulsa. Each of the successor Trustees so appointed shall serve a term of six years. Vacancies occurring otherwise than through the expiration of term shall be filled for the unexpired term in the same manner as that provided for the appointment as a successor to that position.

**2.** Each successor duly appointed shall without any further act or conveyance become fully vested with all of the estate, properties, rights, powers, duties and obligations of his predecessor hereunder, with like effect as if originally named as Trustee.

**3.** The three Trustees appointed by the Board of Commissioners of the City of Tulsa upon nomination by the Mayor of the City of Tulsa shall during their term be subject to removal only by action of the District Court of Tulsa County, for cause shown.

**4.** In the event of the default in payment of principle or of interest on any indebtedness created by said Trustees or any default under any instrument securing or pursuant to which such debt be incurred, a Temporary Trustee or Receiver may be appointed as

shall be provided in any such instrument. Such Temporary Trustee or Receiver shall without any further act or conveyance become fully vested with all of the estate, properties, rights, powers, trusts, duties and obligations of his predecessors in Trust with like effect as if originally named as Trustee herein. The Temporary Trustee or Receiver shall cease to have any power or authority upon the termination of all the defaults by which his appointment would have been authorized and the permanent Trustees temporarily supplanted, shall be automatically reinstated.

**5.** Bonds or other evidences of indebtedness to be issued by the Trustees shall not constitute an indebtedness of the City of Tulsa, nor personal obligations of the Trustees of the Authority, but shall constitute obligations of the Trustees payable solely from the Trust Estate.

**6.** The Trustees, the City of Tulsa or any agency thereof, shall not be charged personally with any liability whatsoever by reason of any act of omission committed or suffered in good faith or in the exercise of their honest discretion in the performance of such Trust or in the operation of the Trust Estate; but any act or liability for any omission or obligation of the Trustees in the execution of such Trust, or in the operation of the Trust Estate shall extend to the whole of the Trust Estate or so much thereof as may be necessary to discharge such liability or obligation.

**7.** No Trustee or Trustees shall have the power or authority to bind or obligate any other Trustee, or the Beneficiary in his or its capacity, nor can the Beneficiary bind or obligate the Authority or any individual Trustee.

**8.** No Trustee shall be paid any compensation of any kind for his services as Trustee of this Authority, except that each such Trustee shall be reimbursed for actual expenses incurred in the performance of his duties as a Trustee.

## ARTICLE VII.
## Powers and Duties of the Trustees

Subject to the provisions and limitations otherwise provided in this Indenture, the Trustees shall have, in addition to the usual powers incident to their office, and the powers granted to them in other parts of this Trust Indenture, the following rights, powers, duties, authority, discretion and privileges, all of which may be exercised by them without any order or authority from any Court:

**1.** To enter into and execute, purchase, lease, or otherwise acquire property, real, personal, or mixed, franchises, contracts, leases, rights, privileges, benefits, choses in action, or other things of value and to pay for the same in cash, with bonds, or other evidences of indebtedness or otherwise.

**2.** To make and change investments, to convert real into personal property and vice versa, to lease, improve, exchange, or sell, at public or private sale, upon such terms as they deem advisable, any or all of the property in the Trust, real or personal, to borrow money or renew loans for the Trust, to refund outstanding bonded indebtedness, and to execute therefore evidences of indebtedness and to secure the same by mortgage, lien, pledge, or otherwise; to purchase property from any person and purchase or lease land and other property from the Beneficiary and construct, and equip buildings and facilities thereon, and lease, sub-lease, or rent, on such terms as they deem advisable, the same to individuals, partnerships,

associations, corporations, and others, including agencies of the United States of America, State of Oklahoma, and political sub-divisions of the State, and procure funds necessary for such purpose by the sale of bonds or other evidences of indebtedness and secure the payment of such bonds of other evidences of indebtedness by mortgage, lien, pledge, or other encumbrance of such real and personal property, buildings and facilities owned or otherwise acquired, leased, or controlled by Trustees and rentals, income, receipts, and profits therefrom or from any other revenues associated with the ownership, operation or control of the property of the Authority; to lease or sub-lease on such terms as they deem advisable, any property of the Authority, or of which the Trustees may become the owners or lessees.

**3.** To fix, demand and collect charges, rentals, fees and tolls for the services and facilities of the Authority to the same extent as the Beneficiary might do and to discontinue furnishing of services and facilities to any person, firm or corporation or public instrumentality, delinquent in the payment of any indebtedness to the Trust. To purchase and sell such supplies, goods and commodities as are incident to the operation of its automotive parking stations.

**4.** To make and perform contracts of every kind including management contracts with any person, firm, corporation, association, trusteeship, municipality, or government; and without limit as to amount to draw, make, accept, endorse, assume, guarantee, account, execute, and issue promissory notes, drafts, bills of exchange, acceptances, warranties, bonds, debentures, and other negotiable or non-negotiable instruments, obligations and evidences of unsecured indebtedness, or of indebtedness secured by mortgage, deeds of trust, or otherwise, upon any or all property of the Authority and to pledge any or all income of the Authority in the same manner and to the same extent as a natural person might or could do. To collect and receive any property, money, rents, or income of any sort and distribute the same or any portion thereof, for the furtherance of the authorized Trust purposes set out herein.

**5.** To employ such counsel, agents, servants, and employees as they deem necessary or proper, and prescribe their duties and fix their compensation at such amounts, as is customary and normal in the operation of automotive parking stations; and select depositories for the funds and securities of this Authority. Any officer or employee having custody of Authority funds shall be bonded in such amount as may be designated by the Trustees.

**6.** To compromise any debts or claims of or against the Authority and to adjust any dispute in relation to such debts or claims by arbitration or otherwise and pay any debts or claims against the Authority upon any evidence that seems to the Trustees to be sufficient. The Trustees may bring any suit or action, which in judgment is necessary or proper to protect the interests of the Authority or to enforce any claim, demand, or contract for the Authority; and they shall defend in their discretion any suit against the Authority of the Trustees or employees, agents, or servants thereof. They may compromise and settle any suit or action and discharge the same out of Authority assets together with Court Costs and attorney fees. All such expenditures shall be treated as expenses of executing this Trust.

**7.** To do all other acts in their judgment necessary or desirable for the proper and advantageous management, investment and distribution of the Trust Estate and income therefrom.

The whole Title, legal and equitable, to the Authority property, is and shall be vested in the Trustees as such title in the Trustees is necessary for their due execution of this Trust. Said Trustees shall have and exercise exclusive management and control of the Trust properties for the use and benefit of the Beneficiary; but may agree for approval of any or all, of its actions and transactions by the governing board of the Beneficiary.

The Trustees may contract for the furnishing of any services, or for the performance of any duties that they may deem necessary, or proper, and pay for the same as they see fit; but in any case, said Trustees shall provide for an annual audit of the Authority property and operations, one copy each of which shall be filed with the Mayor and Auditor of the City of Tulsa, Oklahoma, and shall be open to public inspection.

No purchaser at any sale, or lessee under a lease made by the Trustees shall be bound to inquire into the expediency, propriety, validity or necessity of such sale or lease or to see to or be liable for, the application of the purchase or rental monies arising therefrom.

No contract, lease, indenture, or agreement of any nature whatsoever to which the Trustees shall be a party shall be deemed ineffectual or invalid by reason of the fact that any one or more of such Trustees may execute such contract, lease, indenture, or agreement for or on behalf of the other parties thereto.

Any firm of which any Trustee may be a member, or any public or private corporation, association, commission, or agency, of which any Trustee may be an officer, director, or member, or in which any Trustee may be interested as the holder of any amount of its capital stock, or otherwise, or any Trustee individually, may be a party to, or may be pecuniarly (sic), or otherwise interested in, any contract, or transaction with this Authority, or the Trustees thereof, and, in the absence of fraud, no contract or other transaction shall be thereby affected or invalidated; provided that in case a Trustee individually, or a firm of which a Trustee is a member, or a corporation in which any Trustee owns a substantial amount of capital stock, is so interested such fact shall be disclosed or shall have been known to the other Trustees.

## ARTICLE VIII.
## Beneficiary of Trust

**1.** The Beneficiary of this Trust shall be the City of Tulsa, Oklahoma, a municipal corporation, under and pursuant to, Title 60, Oklahoma Statutes 1961, Section 176 to 180, both inclusive. Trustor now declares that this Indenture shall be irrevocable from the moment it is signed by it and delivered to the Trustees and that it shall thereafter stand without any power whatsoever, at any time to alter, amend, revise, modify, revoke, or terminate any of the provisions of this Indenture.

**2.** The Trustees, after first paying all obligations of the Trust and interest thereon and all the costs and expenses incident to the management, operation, maintenance and conservation of this Trust, may then pay the balance to the Beneficiary of the Trust.

**3.** The City of Tulsa, Oklahoma, shall have no legal title, claim or right to the Trust Estate, its income, or to any part thereof, or to demand or require any partition or distribution thereof, except as set forth in Paragraph (2) of Article VIII. Neither shall said City of Tulsa, Oklahoma, or any agency thereof have any authority, power, or right, whatsoever, to do or transact any business for, or in behalf of, or binding upon the Trustees or upon the Trust Estate, nor the right to control or direct the actions of the

Trustees. The City of Tulsa, Oklahoma, as Beneficiary of this Trust, shall be entitled solely to the benefits of this Trust, as administered by the Trustees hereunder, and at the termination of the Trust as herein provided, and then only, shall said City of Tulsa, Oklahoma, receive the residue of the Trust Estate for the declared public purposes.

**ARTICLE IX.**
**Termination of Trust**

This Trust shall terminate:

**1.** When the purposes set out in Article III, of this Indenture shall have been fully executed; or

**2.** In the manner provided by Title 60, Oklahoma Statutes, 1961, Section 180.

Provided however, that this Trust shall not be terminated by voluntary action, if there be outstanding indebtedness, or fixed term obligations of the Trustees unless all owners of such indebtedness or obligations, shall have consented in writing to such termination.

Upon the termination of this Trust, the Trustees shall proceed to wind up the affairs of this Authority, and after payment of all debts and obligations out of Authority money, to the extent thereof, shall distribute the residue of the money and Authority property to the Beneficiary hereunder, upon final distribution, the powers, duties, and authority of the Trustees hereunder, shall cease.

**ARTICLE X.**
**Termination**

The Trustees accept the Trust herein created and provided for, and agree to carry out the provisions on their part to be performed.

IN WITNESS WHEREOF, the Trustor and the Trustees, have hereunto set their hands this 8th day of February, 1963.

## APPENDIX II AMENDMENT TO TRUST INDENTURE TULSA PARKING AUTHORITY (§§ 500—502) ("EXHIBIT A" IN Ord. No. 9601)

KNOW ALL MEN BY THESE PRESENTS:

WHEREAS, on the 8th day of February, 1963, a Trust Indenture herein the "Trust Indenture" was entered into by Downtown Tulsa Unlimited Inc., formerly Downtown Tulsa Unlimited of Tulsa, Oklahoma, a non-profit corporation organized and existing under the laws of the State of Oklahoma herein the "Trustor" and James L. Maxwell, Charles E. Norman, Ohren Smulian, Harry A. Clarke and C.A. Astle as Trustees of the Tulsa Parking Authority, and

WHEREAS, M. Susan Savage, Tom P. Henson, Adam Adwon, Ben Boddie and David L. Pauling are the current and successor Trustees of the Tulsa Parking Authority, herein the "Trustees", and

WHEREAS, by the terms of the Trust Indenture, the Trustor created and established the Tulsa Parking Authority, a public trust, for the use and benefit of the City of Tulsa, Oklahoma, as the beneficiary thereof, and

WHEREAS, the City of Tulsa Ordinance No. 9601, the City of Tulsa accepted the terms and conditions of the Trust Indenture creating the Tulsa Parking Authority, and

WHEREAS, the Trustor and the Trustees desire, with the consent and approval of the City of Tulsa, Oklahoma, to amend the Trust Indenture to provide for the appointment by the Mayor of an alternate Trustee, subject to the approval of the City Council of the City of Tulsa.

NOW, THEREFORE, the Trustor and the Trustees hereby agree to amend Article VI, sections 1 and 3 of the Trust Indenture to read as follows:

"1. There shall be five Trustees of this Authority:

(a) The Mayor of the City of Tulsa shall be ex-officio a Trustee and shall serve until a successor Mayor has been duly elected and qualified; provided, that the Mayor may from time to time during the term of office of the Mayor, appoint, subject to the approval of the City Council, from among the full-time employees of the City of Tulsa, an alternate to serve as Trustee with all the rights, privileges and responsibilities of a Trustee until removed by the Mayor or until such alternate shall resign or otherwise cease to be a full-time employee of the City of Tulsa or until a successor to the Mayor is duly elected and qualified whichever event shall first occur.

(b) The City Attorney of the City of Tulsa, shall be ex-officio a Trustee and shall serve as a Trustee until a successor City Attorney has been duly appointed and qualified.

**(c)** C.A. Astle, Tulsa, Oklahoma, shall be a Trustee for a term of two years, commencing on the date of this Indenture. Harry A. Clarke, Tulsa, Oklahoma, shall be a Trustee for a term of four years, commencing on the date of this Indenture. Ohren Smulian, Tulsa, Oklahoma, shall be a Trustee for a term of six years, commencing on the date of this Indenture. Successors to these Trustees shall be appointed by the Mayor of the City of Tulsa subject to the approval of the City Council of the City of Tulsa. Each of the successor Trustees so appointed shall

serve a term of six years. Vacancies occurring otherwise than through the expiration of term shall be filled for the unexpired term in the same manner as that provided for the appointment as a successor to that position.

3. The three Trustees appointed by the Mayor of the City of Tulsa and subject to approval by the City Council of the City of Tulsa shall, during their term, be subject to removal only by action of the District Court of Tulsa County, for cause as provided by the general laws of Oklahoma for the removal of trustees."

All other provisions of the Trust Indenture not herein specifically amended shall remain in full force and effect.

IN WITNESS WHEREOF, the Trustor and the Trustees have hereunto set their hands this 15th day of October, 1992.

## APPENDIX III SECOND AMENDMENT TO TRUST INDENTURE TULSA PARKING AUTHORITY (§§ 500—502) ("EXHIBIT A" IN ORD. NO. 9601)

RECITALS:

**1.** On the 8th day of February, 1963, a Trust Indenture, herein the "Trust Indenture" was entered into by Downtown Tulsa Unlimited, Inc., formerly Downtown Tulsa Unlimited of Tulsa, Oklahoma, a non-profit corporation organized and existing under the laws of the State of Oklahoma (the "Trustor"), and James L. Maxwell, Charles E. Norman, Ohren Smulian, Harry A. Clarke and C.A. Astle as Trustees of the Tulsa Parking Authority.

**2.** By the terms of the Trust Indenture, the Trustor created and established the Tulsa Parking Authority, a public trust, for the use and benefit of the City of Tulsa, Oklahoma, as the beneficiary thereof.

**3.** By City of Tulsa Ordinance No. 9601, the City of Tulsa accepted the terms and conditions of the Trust Indenture creating the Tulsa Parking Authority.

**4.** The Trust Indenture was amended on the 15th day of October, 1992 to provide for the appointment by the Mayor of the City of Tulsa of an alternate Trustee subject to the approval of the City Council of the City of Tulsa.

**5.** The Trust Indenture as amended now provides that there shall be five trustees of the Tulsa Parking Authority as follows:

**a.** The Mayor of the City of Tulsa, or an alternate Trustee appointed by the Mayor, subject to the approval of the City Council;

**b.** The City Attorney of the City of Tulsa, ex-officio; and

**c.** Three Trustees appointed by the Mayor of the City of Tulsa, subject to the approval of the City Council to serve for terms of six years.

**6.** The Mayor has recommended, and the Trustor and the Trustees desire, with the consent and approval of the City Council, to amend the Trust Indenture as amended to remove the City Attorney as a Trustee, ex officio of the Tulsa Parking Authority and to provide for the appointment by the Mayor of four trustees, subject to the approval of the City Council.

**7.** Patrick B. Connelly, Martha Rupp Carter, Barbara K. Hess, Adam Adwon and Dale A. Williams are the current Trustees of the Tulsa Parking Authority (the "Trustees"). Patrick B. Connelly serves as a Trustee alternate to the Mayor. Martha Rupp Carter, the City Attorney of the City of Tulsa, serves as a Trustee, ex officio. The present terms of office of the three appointed Trustees expire as follows:

| | |
|---|---|
| Barbara K. Hess | February 8, 2001 |
| Adam Adwon | February 8, 2004 |
| Dale A. Williams | February 8, 2005 |

NOW THEREFORE, the Trustor and the Trustees hereby agree to amend Article VI, Sections 1 and 3 of the Trust Indenture to read as follows:

"1. There shall be five Trustees of this Authority:

(a) The Mayor of the City of Tulsa shall be ex-officio a Trustee and shall serve until a

successor Mayor has been duly elected and qualified; provided, that the Mayor may from time to time during the term of office of the Mayor, appoint, subject to the approval of the City Council, from among the full-time employees of the City of Tulsa, an alternate to serve as Trustee with all the rights, privileges and responsibilities of a Trustee until removed by the Mayor or until such alternate shall resign or otherwise cease to be a full-time employee of the City of Tulsa or until a successor to the Mayor is duly elected and qualified whichever event shall first occur.

(b) Barbara K. Hess shall continue to serve as a Trustee for a term expiring on February 8, 2001. Adam Adwon shall continue to serve as a Trustee for a term expiring on February 8, 2004. Dale A. Williams shall continue to serve as a Trustee for a term expiring on February 8, 2005. The fourth Trustee appointed by the Mayor, subject to the approval of the City Council, shall serve as a Trustee for a term expiring on February 8, 2002. Successors to these Trustees shall be appointed by the Mayor of the City of Tulsa subject to the approval of the City Council. Each of the successor Trustees so appointed shall serve a term of six years. Vacancies occurring otherwise than through the expiration of term shall be filled for the unexpired term in the same manner as provided for the appointment as a successor to that position.

3. The four Trustees appointed by the Mayor of the City of Tulsa and subject to approval by the City Council shall, during their term, be subject to removal only by action of the District Court of Tulsa County for cause as provided by the general laws of Oklahoma for the removal of trustees."

All other provisions of the Trust Indenture as amended not herein specifically amended shall remain in full force and effect.

IN WITNESS WHEREOF, the Trustor and the Trustees have hereunto set their hands this 20th day of March, 2000.

## APPENDIX IV THIRD AMENDMENT TO TRUST INDENTURE TULSA PARKING AUTHORITY (§§ 500—502) ("EXHIBIT A" IN ORD. NO. 9601)

RECITALS:

**1.** On the 8th day of February, 1963, a Trust Indenture, herein the "Trust Indenture" was entered into by Downtown Tulsa Unlimited, Inc., formerly Downtown Tulsa Unlimited of Tulsa, Oklahoma, a non-profit corporation organized and existing under the laws of the State of Oklahoma (the "Trustor"), and James L. Maxwell, Charles E. Norman, Ohren Smulian, Harry A. Clarke and C.A. Astle as Trustees of the Tulsa Parking Authority.

**2.** By the terms of the Trust Indenture, the Trustor created and established the Tulsa Parking Authority, a public trust, for the use and benefit of the City of Tulsa, Oklahoma, as the beneficiary thereof.

**3.** By City of Tulsa Ordinance No. 9601, the City of Tulsa accepted the terms and conditions of the Trust Indenture creating the Tulsa Parking Authority.

**4.** The Trust Indenture was amended on the 15th day of October, 1992 to provide for the appointment by the Mayor of the City of Tulsa of an alternate Trustee subject to the approval of the City Council of the City of Tulsa.

**5.** A Second Amendment to the Tulsa Parking Authority Trust Indenture was executed on March 20, 2000 to remove the City Attorney as a Trustee, ex-officio of the Tulsa Parking Authority and to provide for the appointment by the Mayor of four (4) Trustees subject to the approval of the City Council.

**6.** Barbara K. Hess, Joel B. Kantor, Dr. Thomas McKeon, Ted Osgood, and Patrick B. Connelly are the current Trustees of the Tulsa Parking Authority ("Trustees"). Patrick B. Connelly serves as Trustee alternate to the Mayor. The present terms of office of the four appointed Trustees expire as follows:

| | |
|---|---|
| Barbara K. Hess | February 8, 2013 |
| Joel B. Kantor | February 8, 2012 |
| Thomas McKeon | February 8, 2012 |
| Ted Osgood | February 8, 2010 |

**7.** The Trustor and the Trustees desire, with the consent and approval of the City Council, to further amend the Trust Indenture as amended to add to the purposes of the Authority the acquisition or construction of automotive parking stations, which may be useful in stimulating, securing, developing and maintaining, commercial, industrial, manufacturing, cultural, educational and similar economic development activities.

NOW THEREFORE, the Trustor and the Trustees hereby agree to amend Article III, Section 4., of the Trust Indenture to read as follows:

"4. To acquire by lease, purchase or otherwise, and to plan, establish, develop, hold, construct, install, equip, repair, enlarge, furnish, maintain, operate and regulate or otherwise deal with, any and all physical properties and facilities needed or convenient for the furnishing and providing of services in connection with automotive parking stations, and which may be useful in stimulating, securing, developing and maintaining commercial, industrial, manufacturing, cultural,

educational and similar economic development activities; to lease, rent, furnish, provide, relinquish, sell or otherwise dispose of, or otherwise make provision for, any or all of said properties and facilities either in execution of any of the aforesaid trust purposes or in the event that any thereof shall no longer be needful for such purposes."

All other provisions of the Trust Indenture as amended not herein specifically amended shall remain in full force and effect.

IN WITNESS WHEREOF, the Trustor and the Trustees have hereunto set their hands the 20th day of August, 2007.

## CHAPTER 6. TULSA PUBLIC MARKET AUTHORITY

Section 600. Beneficial interest in the Tulsa Public Market Authority Trust accepted.
Section 601. Mayor authorized to execute necessary instruments.
Appendix I Trust Indenture (Sections 600, 601 and 602) (Ord. No. 8062).

### Section 600. Beneficial interest in the Tulsa Public Market Authority trust accepted.

The beneficial interest in and to the express trust known as the Tulsa Public Market Authority be and the same is hereby accepted by the governing body of the City of Tulsa for and on behalf of said City.

*(Ord. No. 8062)*

### Section 601. Mayor authorized to execute necessary instruments.

The Mayor of the City of Tulsa and all other officers of said City are hereby authorized and directed to sign, execute and deliver any, every and all instruments or writings necessary or convenient to effect and accomplish the trust purposes; and are hereby authorized to receive and accept all of said benefits, moneys or emoluments that may be received or flow from said trust, all as provided in the Trust Indenture dated as of August 15, 1956.

*(Ord. No. 8062)*

## APPENDIX I. TRUST INDENTURE (SECTIONS 600 AND 601)

*(Ord. No. 8062)*

TULSA PUBLIC MARKET AUTHORITY

KNOW ALL MEN BY THESE PRESENTS:

THIS TRUST INDENTURE, dated this 15th day of August, 1956, by CLARKLAND, INC., hereinafter designated "Trustor" and RUSSELL F. HUNT, J. LEO BURKE and RAINEY ELLIOTT, hereinafter designated "Trustees" and to be known as Trustees of Tulsa Public Market Authority,

W I T N E S S E T H:

That in consideration of the payment by the Trustor to the Trustees of the sum of One Dollar ($1.00), the mutual covenants hereinafter set forth and other good and valuable considerations, the Trustees agree to hold, manage, invest, assign, convey and distribute as herein provided, authorized and directed, such property as Trustor, or others, may from time to time assign, transfer, lease, convey, give, bequeath, devise or deliver unto Tulsa Public Market Authority or the Trustees thereof.

TO HAVE AND TO HOLD such property and the proceeds, rents, profits, accumulations and increases thereof to the Trustees, their successors, and assigns, but nevertheless and always in trust, for the use and benefit of the City of Tulsa, Oklahoma, and upon the following trusts, uses, terms and conditions hereinafter stated.

### ARTICLE I
### CREATION OF TRUST

The undersigned Trustor creates and establishes a trust for the use and benefit of the City of Tulsa, Oklahoma, and for the public purposes hereinafter set forth, under the provisions of Title 60, Oklahoma Statutes 1951, Sections 176 to 180, inclusive, as amended, by Title 60, Chapter 4, Oklahoma Session Laws 1953, the Oklahoma Trust Act and other applicable laws of the State of Oklahoma.

### ARTICLE II
### NAME

The name of this trust shall be "Tulsa Public Market Authority" hereinafter referred to as "Authority" and the Trustees in their representative fiduciary capacity shall collectively be so designated. Under that name the Authority and/or Trustees shall, so far as practicable, conduct all business, execute all instruments in writing and otherwise perform all the duties and functions required in the execution of this trust.

### ARTICLE III
### PURPOSES OF TRUST

The purposes of this trust are:

**(A)** To acquire by purchase or otherwise, for the Beneficiary, real property within the territorial boundaries of the Beneficiary, or in reasonable proximity thereto, for the

purpose of furnishing to the public any general public service, under franchise granted by the Beneficiary as provided by law and in its Charter, or by the Beneficiary itself, or by the Authority for and on behalf of the Beneficiary.

**(B)** To furnish the following general public service for the Beneficiary, to-wit: To plan, buy, establish, develop, construct, lease, maintain, equip, regulate and operate public markets and public market places and to build, own and maintain buildings therefor and to rent and lease same.

**(C)** To acquire by lease, purchase or otherwise, and to plan, establish, develop, construct, enlarge, improve, maintain, equip, operate and regulate any and all physical properties desired or needful for utilization in the furnishing and providing the aforesaid services and facilities, including warehouses, storehouses, storage bins, stalls, depots, and other similar structures related to the purposes of this trust.

**(D)** To provide funds for the costs of financing, acquiring, conducting, leasing, equipping, maintaining, repairing, and operating any such markets, market places, warehouses, storehouses, storage bins, stalls, depots, and other similar structures related to the purposes of this trust, in all properties, real, personal and mixed, required for execution and fulfilling the trust purposes as set forth in this instrument, and all other charges, costs and expenses necessarily incurred in connection therewith, and in so doing, to incur indebtedness, either unsecured or secured, by all or any part of the trust estate, assets, property and/or its revenues.

**(E)** To expend any and all funds coming into the hands of the Trustees, as revenue or otherwise, in the payment of any indebtedness incurred by the Trustees for the purposes specified herein, and in the payment of any other debt or obligation properly chargeable against the trust estate, and to distribute the residue and remainder of such funds to the beneficiary for any authorized proper public function or purpose, and not otherwise.

## ARTICLE IV
## DURATION

This trust shall have duration for the term of duration of the beneficiary as hereinafter described, and until such time as its purposes shall have been fully executed and fulfilled, or until it shall be terminated as hereinafter provided.

## ARTICLE V
## TRUST ESTATE

The trust estate shall consist of:

**(A)** The funds and property presently in the hands of the Trustees donated for the trust properties by the Trustor, or to be constructed by the Trustees and dedicated by the Trustor, and others to be used for trust properties.

**(B)** Any and all leasehold rights demised to the Trustees by the beneficiary as authorized and empowered by law.

**(C)** Any and all money, property, real, personal and mixed, rights, choses in action, contracts, leases, privileges, immunities, franchises, benefits, and all other things of value coming into the possession of the Trustees pursuant to the provisions of this trust indenture, or by virtue of their trusteeship hereunder.

## ARTICLE VI
## THE TRUSTEES

**(A)** The Trustees hereunder, and their successors, do hereby contract, agree and covenant between themselves, with and to the State of Oklahoma, and with and to the beneficiary hereinafter described, as by law now in force and effect, that they will execute the trust herein declared, created and constituted, as Trustees for the beneficiary hereinafter specified, and that they will do and will receive, hold and administer the trust estate hereinabove described, in trust, solely for the use and benefit of the said beneficiary in the manner provided in this instrument, or in the absence of applicable provisions herein, then in a manner provided by now existing law.

**(B)** The Trustees of the Authority shall be the undersigned three Trustees and their respective successors chosen as hereinafter set forth, all of whom shall be bona fide residents of the County of Tulsa, State of Oklahoma.

**(C)** Each qualified Trustee shall continue as such until his successor shall have been qualified as provided in Paragraph (G) of this section.

**(D)** In the event of the death, resignation, removal of residence from the County of Tulsa, or inability to act of any Trustee, the remaining Trustees shall elect a successor Trustee to fill the vacancy.

**(E)** The determination of the fact of a vacancy in a trusteeship and of any right of a successor to qualify to trusteeship shall be vested exclusively in the remaining Trustees, and their determination shall be final.

**(F)** The Trustees may contract, in connection with the incurring of any funded debt secured by the trust estate and/or its revenues, or any part of either or both, that temporary Trustees may be appointed to act in place and instead of permanent Trustees, in respect to any part or all of the trust estate, in such number that such temporary Trustees shall constitute a majority of the Trustees with relation to such property and operations of the Authority specified in said contract, in the event of a default as defined in the contract incurring said funded debt. Any such contract, if made, shall provide for the method of appointment of each such temporary Trustee and the method of designating each permanent Trustee so to be temporarily supplanted. Each such temporary Trustee who shall be appointed under the Authority herein granted shall supplant, in all respects, the permanent Trustee so designated to the extent provided in said contract; and during the term of such temporary Trustee, the permanent Trustee so supplanted shall be wholly without authority, duty or liability, under the terms of this instrument, in so far as the same relates to the property and operations specified in said contract. No such contract shall be authorized hereunder, however, which fails to make provisions for one or more permanent Trustees to continue with full power and authority during the term of all temporary Trustees. All temporary Trustees forthwith shall cease to be such upon the termination of all defaults by which their appointment would have been authorized under such contract, and the permanent Trustees so temporarily supplanted automatically shall be reinstated to full power and authority.

**(G)** All Trustees, and all temporary Trustees appointed hereunder, shall qualify by written acceptance of all of the terms of this instrument, duly acknowledged and filed in the same manner and in the same places that this instrument is acknowledged and filed. All Trustees, permanent and temporary, before assuming the powers and duties as such, also shall subscribe and file such oaths as shall be required by law of public

officers of the State of Oklahoma; provided, that if any Trustee shall have subscribed and filed such oaths to entitle him to qualify ex officio hereunder, said actions need not be duplicated.

**(H)** Upon each change of personnel of the Trustees hereunder, the Chairman shall cause to be filed in the office of the County Clerk of Tulsa County, a certificate of the names of the Trustees of this trust.

**(I)** The acceptance of the office of Trustee of this Authority shall not constitute the Trustees hereunder, temporary or permanent, or both, to be in partnership or association. Each shall be an individual and wholly independent Trustee only.

**(J)** Notwithstanding any other provisions of this indenture which shall appear to provide otherwise, no Trustee or Trustees shall have any power or authority to bind or obligate any other Trustee, or the beneficiary, in his or its individual capacity.

**(K)** Bonds to be issued by the Trustees shall not constitute an indebtedness of the State of Oklahoma nor of the City of Tulsa, Oklahoma, nor personal obligations of the Trustees of Tulsa Public Market Authority but shall constitute obligations of the Trustees, payable solely from the trust estate.

**(L)** All persons, firms, associations, trusteeships, corporations, municipalities, governments and sovereignties contracting with any Trustee or Trustees, temporary or permanent or both, shall take notice that all expense and obligations, and all debts, damage, judgments, decrees or liabilities incurred by any Trustee or Trustees, temporary or permanent or both, and any of the foregoing incurred by any agent, servant or employee of the aforesaid Trustees, in the execution of the purposes of this Authority, whether arising from contract or tort, shall be solely chargeable to and payable out of the trust estate. In no event shall any Trustee, temporary or permanent, in any manner be individually liable for any damage or injury to person or property, or for breach of contract or obligation, caused by, arising from, incident to, or growing out of the execution of this Authority, nor shall they, or any of them, be liable for the acts or omissions of each other, or of any agent, servant or employee of the aforesaid Trustees, or of another such Trustee.

## ARTICLE VII
## POWERS AND DUTIES OF TRUSTEES

The Trustees, in the manner hereinafter set forth, shall do, or cause to be done, in lawful manner, all things which are incidental, necessary, proper or convenient to carry fully into effect the purposes enumerated in Section III of this instrument, the general authority hereby given being intended to make fully effective the power of the Trustees under this instrument; and said Trustees are specifically authorized (but their aforesaid general powers not limited thereby, notwithstanding any such specification), in effecting said purposes:

**(A)** To enter in and conduct and execute, apply for, purchase, or otherwise acquire franchises, property (real or personal and/or mixed), contracts, leases, privileges, benefits, choses in action, or other things of value, and to pay for the same in cash, with bonds or evidences of indebtedness or otherwise.

**(B)** To acquire, own, hold, manage, and in any manner to convey, assign, dispose of, liquidate, compromise, or realize upon any contract, lease, right, privilege, benefit, chose in action, franchise, property (real or personal), or other thing of value, and to exercise all of the powers necessary or convenient in respect of same.

**(C)** To guarantee, acquire, purchase, hold, sell, assign, transfer, encumber, dispose of, and deal in the stocks, bonds, debentures, shares or evidences of interest or indebtedness of any corporation, association, municipality, government, sovereignty, trusteeship, firm or individual, to enter into and perform any lawful contract in relation thereto, and to exercise all of the rights, powers and privileges in relation thereto to the same extent as a natural person might or could do.

**(D)** To enter into, make and perform contracts of every lawful kind, including, but not restricted to, management contracts, with any person, firm, association, corporation, trusteeship, municipality, government or sovereignty; and without limit as to amount, to draw, make, accept, endorse, assume, guarantee, discount, execute and issue promissory notes, drafts, bills of exchange, acceptance, warrants, bonds, debenture, and other negotiable and transferable, nor non-negotiable or non-transferable, instruments, obligations and evidences of secured or unsecured indebtedness, and if secured by mortgage, deeds of trust, or otherwise, upon any or all property of the Trust, and to pledge any or all income of the Trust, in the same manner and to the same extent as a natural person might or could do.

**(E)** To collect and receive any property, money, rents, or income of any sort, and to distribute the same, or any portion thereof, for the furtherance of the purpose enumerated in Section III of this instrument.

**(F)** The Trustees shall hold the legal title to all property at any time belonging to the trust estate in the name of the Trustees, and shall have and exercise exclusive management and control of the same, for the use and benefit of the beneficiary; in the execution of the purposes of this trust, and the right of said Trustees to manage, control and administer the said Authority, its properties, assets and business, shall be absolute and unconditional, free from the direction, control or management of the beneficiary or any person or persons whatsoever other than a court of competent jurisdiction so to do.

**(G)** The Trustees may employ such agents, servants, and employees as they shall deem necessary, proper or convenient, and shall prescribe their duties and fix their compensation.

**(H)** The Trustees may contract for the furnishing of any services or the performance of any duties that they deem necessary, proper or convenient and pay for the same as they see fit to provide in such contract. The Trustees may purchase and sell such supplies, goods and commodities as are incidental to the operation of the trust facilities.

**(I)** The Trustees, by resolution, may divide the duties of the Trustees hereunder, delegating all or any part of such duties to one or another of the Trustees as much as possible; but where specific duties are not delegated, a majority of the Trustees must act for the Authority.

**(J)** The Trustees may be compensated in the manner now provided by the Oklahoma Trust Act for services actually rendered and responsibility assumed.

**(K)** The Trustees shall, in the name of the Authority as set forth in Section II hereof, or in their names as Trustees, bring any suit or action which, in their judgment, shall be necessary, proper, and convenient to protect the interests of the Authority, or to enforce any claim, demand or contract for the Authority, or to enforce any

claim, demand or contract for the benefit thereof; and they likewise shall defend, in their discretion, any suit against the Authority, or the Trustees or employees, agents or servants thereof. And the Trustees are expressly authorized, in their discretion, to compromise and settle prior to judgment any suit, action, claim or proceeding in which the Authority is interested, and to discharge the same out of the Trust estate; and they specifically are authorized to pay or transfer out of the trust estate all sums of money or property necessary to discharge any judgment or decree rendered against them, or the Authority, together with all court or other costs, including counsel and attorney's fees, and also to pay out of the trust estate such sums of money, or transfer appropriate property thereof, for the purpose of settling, compromising or adjusting any claim or controversy, together with all costs and expenses connected therewith, and all such expenditures and transfers shall be treated as expenses of executing their trust.

**(L)** No bond shall be required of the Trustees, or any of them, unless they, by appropriate resolution, so provide.

**(M)** All proceedings of the Trustees and all resolutions adopted by them shall be kept in a record book and shall be subject to inspection, during customary business hours as public records of the State of Oklahoma.

**(N)** At their first meeting, the Trustees shall designate the time and place for regular meetings, which time and place shall not thereafter be changed unless at a meeting where all Trustees are present. No notice shall be required for the holding of regular meetings of the Trustees. Special meetings of the Trustees may be held upon such call as shall be fixed by resolution adopted at a meeting where all Trustees are present.

**(O)** The Trustees, by written instruments filed for record in all places in which this instrument is filed, shall designate the place of the principal office of the Authority; and any change of place shall be recorded in like manner. All official records of the Authority shall be kept at the principal office, and shall be subject to inspection during customary business hours as public records of the State of Oklahoma.

## ARTICLE VIII
## BENEFICIARY

**(A)** The term "Beneficiary" as used in this instrument denotes the incorporated City of Tulsa, Tulsa County, Oklahoma, and likewise shall denote any municipal entity which may hereafter succeed said municipality to the governmental authority of the territory lying within the present municipal boundaries of said municipality and to which the Trust then shall be furnishing its trust services or facilities.

**(B)** The Beneficiary shall have no legal title, claim or right to the Trust estate, or to any part thereof, neither shall the beneficiary, as such, have any authority, power or right whatsoever to do or transact any business whatsoever for, or on behalf of, or binding upon the Trustees or upon the Trust estate; neither shall the beneficiary have the right to control or direct the actions of the Trustees in respect of the Trust estate, or any part thereof; nor shall the beneficiary have any right to demand or require any partition or distribution of the trust estate, or any part thereof. The beneficiary shall be entitled

solely to the benefits of this trust, as administered by the Trustees hereunder, and at the termination of the Trust, as provided herein and then only, the beneficiary shall receive the residue of the trust estate.

**(C)** Each distribution of money by the Trustees to the beneficiary shall be paid to said municipality for use by it for any authorized or proper function or purpose as directed by the governing body thereof, without restrictions or limitation by the Trustees.

## ARTICLE IX
## TERMINATION

**(A)** This Trust shall be irrevocable by the Trustors and shall terminate:

**(1)** When purposes set forth in Section III of this instrument shall have been fully executed and fulfilled; or

**(2)** In the event of the happening of any event or circumstance that would prevent said purposes from being executed and fulfilled and all of the Trustees and the governing body of the beneficiary municipality, with the approval of the Governor of the State of Oklahoma, shall agree that such event or circumstance has taken place; provided, however, that all indebtedness of the Trust shall have been paid, or

**(3)** In the manner provided by Title 60, Section 180, Oklahoma Statutes, 1951; provided, however, that this Trust shall not be terminated by voluntary action if there be outstanding indebtedness or fixed term obligations of the Trustees unless all owners of such indebtedness or obligations, or one authorized by them so to do, shall have consented in writing to such termination.

**(B)** Upon the termination of this Trust, the Trustees shall proceed to wind up the affairs of the Trust, and after payment of all debts and obligations out of trust money, to the extent thereof, shall distribute the residue of the trust money to the beneficiary hereunder. Upon final distribution as aforesaid, the powers, duties and authority of the Trustees hereunder shall cease.

## ARTICLE X
## PARTIAL INEFFECTIVENESS

The invalidity or ineffectiveness for any reason of any one or more words, phrases, clauses, paragraphs, or sections of this instrument shall not affect the remaining portions thereof so long as such remaining portions shall constitute a rational instrument. Any such invalid or ineffective portion was inserted conditionally upon it being valid or effective only; and this instrument shall be construed as if such invalid or ineffective portion has not been inserted herein.

## ARTICLE XI
## COVENANT

The provisions hereof shall be binding upon the undersigned, their heirs, executors, administrators and assigns.

IN WITNESS WHEREOF, we have hereunto set our hands, executing this Declaration of Trust in multiple duplicates all of which constitute one and the same instrument, this 15th day of August, 1956.

## CHAPTER 7. TULSA POLICE AND FIRE ACADEMY TRUST

Section 700. Beneficial interest in the Tulsa Police & Fire Academy Trust accepted.
Section 701. Trust and Trustees recognized.
Section 702. Mayor and City Auditor authorized to execute necessary instruments.
Appendix I Declaration Establishing Tulsa Police & Fire Academy Trust (Sections 700, 701 and 702) ("Exhibit A" in Ord. No. 9707).

### Section 700. Beneficial interest in the Tulsa Police & Fire Academy Trust accepted.

The Tulsa Police & Fire Academy Trust, created by trust indenture dated July 16, 1963, an executed copy of which is hereto attached, marked "Exhibit A" and made a part hereof, wherein D. J. Tuepker, Byron V. Boone, Harold C. Stuart, Paul E. Taliaferro, A. Ray Smith, John R. Richards and Bennie C. Garren as Commissioner of Fire and Police of the City of Tulsa are designated trustees and the City of Tulsa, Oklahoma, is designated as the sole beneficiary of the Tulsa Police & Fire Academy Trust, hereby is approved and the City of Tulsa hereby accepts the beneficial interest therein, and all the terms and provisions of said trust indenture as authorized by the applicable statutes of the state of Oklahoma, and the City of Tulsa hereby agrees to be and become the sole beneficiary of said Trust.

*(Ord. No. 9707)*

### Section 701. Trust and Trustees recognized.

The City of Tulsa hereby recognizes that the Tulsa Police & Fire Academy Trust and the trustees named in said trust indenture, and in all negotiations and instruments where the term "Tulsa Police & Fire Academy Trust" is used, it shall be deemed and construed to mean the trust above mentioned and described.

*(Ord. No. 9707)*

### Section 702. Mayor and City Auditor authorized to execute necessary instruments.

The Mayor and the City Auditor of the City of Tulsa are hereby authorized, instructed and directed to endorse upon the original of the trust indenture the approval of the City of Tulsa of said trust indenture creating the Tulsa Police & Fire Academy Trust, and the City's acceptance of the beneficial interest therein, and to cause said trust indenture to be recorded in the Office of the County Clerk of Tulsa County, Oklahoma.

*(Ord. No. 9707)*

## APPENDIX I DECLARATION ESTABLISHING TULSA POLICE & FIRE ACADEMY TRUST (SECTIONS 700, 701, AND 702)

*("Exhibit A" in Ord. No. 9707)*

THIS AGREEMENT, made this 16th day of July, 1963, by and between PAUL E. TALIAFERRO and BYRON V. BOONE, hereinafter referred to as "Trustors", and THE CITY OF TULSA, a municipal government under the Statutes of Oklahoma, hereinafter referred to as "Beneficiary",

W I T N E S S E T H:

WHEREAS, the Trustors herein propose to create a trust under the laws of the State of Oklahoma (generally but not exclusively pursuant to Title 60, Sections 176 to 180, Oklahoma Statutes 1951, as Amended, and to the Oklahoma Trust Act), for the benefit of the City of Tulsa, Oklahoma; and

WHEREAS, other persons may, with consent of the Trustees, make charitable contributions to the trust; and

WHEREAS, the trust is specifically for the purpose of benefiting the City of Tulsa, Oklahoma through the creation and construction and development of a Tulsa Police and Fire Academy, said purposes more specifically hereinafter set forth;

NOW, THEREFORE, the undersigned trustors do irrevocably create, establish and constitute a trust for public purposes, the City of Tulsa agrees to accept the beneficial interests therein, and the Trustees agree to operate the trust as hereinafter provided.

### ARTICLE I
### Name

This trust shall be known as the TULSA POLICE & FIRE ACADEMY TRUST.

### ARTICLE II
### Purposes

**(A)** The purposes of this trust shall be to build, maintain, operate, expand, improve and do all other legal and lawful things in connection with a police and fire academy for use by the police and fire departments of the City of Tulsa, Oklahoma, including but not limited to, the solicitation of funds for erection of a police and fire academy building in the City of Tulsa; the solicitation of and acceptance of donations of materials and equipment for the erection of a police and fire academy building; the solicitation of and acceptance of the donation of labor and services for construction of a police and fire academy building, the negotiation of and letting of contracts and work orders for supply materials, services, supervision and labor for the erection of a police and fire academy building; the equipping with necessary or convenient furnishings, training equipment and instruction materials of a police and fire academy building, the landscaping of the grounds contiguous to said building, the employment of personnel to operate, maintain and repair said building and its facilities if necessary, and the doing of any lawful act necessary or convenient to the building maintenance, operation, expansion or improvement of a police and fire department academy for the City of Tulsa; and to have such additional purposes as are necessary to complete and operate the aforementioned academy.

**(B)** This trust is not organized for pecuniary profit of its trustees or donors nor shall it have any power to distribute profits or net earnings, if any, to said parties, nor shall any part of its net earnings or profits inure to the benefit of its trustees or donors. The balance, if any, of all money received by the trust from its operations, after the payment in full of all debts and obligations of the trust of whatever kind and nature, shall be used and distributed exclusively for carrying out only the purpose or purposes of the trust particularly hereinabove set forth.

## ARTICLE III
## Location

The principal office of said trust shall be located in the City of Tulsa, Oklahoma.

## ARTICLE IV
## Duration

**(A)** The life of the trust shall be for the duration of the beneficiary or its successor, unless terminated at an earlier date, as hereinafter provided.

**(B)** The life of this trust may be prematurely terminated by unanimous vote of the trustees when in their sole discretion it is determined that the trust purposes are no longer deemed necessary or when, in their sole discretion, they shall determine that in the best interests of the community the trust should be terminated.

**(C)** It is further provided that in the event the Board of Trustees, in their sole discretion, should determine this trust should be merged with another trust or organization with like purposes, or the trust assets should be distributed to the City of Tulsa, then and in that event by resolution of the Board of Trustees the said merger or transfer may be authorized.

**(D)** In the event of the dissolution of this trust all the business property and assets of the trust shall go and be distributed to such non-profit trust or corporation of like purpose or purposes as the Trustees may select or designate, and in no event shall any of the said assets or property, in the event of dissolution thereof, go or be distributed to any donor, other than the beneficiary, either for the reimbursement of any sum subscribed, donated or contributed by such donor, or for any other such purpose.

## ARTICLE V
## Trust Estate

The Trust Estate shall consist of the funds presently in the hands of the Trustees, donated for the trust purposes, and all money, property (real, personal and/or mixed), rights, choses in action, contracts, leases, privileges, franchises, benefits and all other things of value (whether or not above described), coming into the hands, or under the control of the Trustees, pursuant to the provisions of this instrument or by virtue of their trusteeship hereunder.

## ARTICLE VI
## Trustees

**(A)** The Trustees hereunder, and their successors, do hereby contract, agree and covenant between themselves, with and to the State of Oklahoma, and with and to the

Beneficiary herein described, as by law now in force and effect, that they will execute the Trust herein declared, created and constituted, as Trustees for the Beneficiary as herein specified, and that they do and will receive, hold and administer the Trust Estate hereinabove described in trust, solely for the use and benefit of the said Beneficiary in the manner provided in this instrument, or in the absence of applicable provisions herein, then in the manner provided by now existing law.

**(B)** The Trustees shall be known as the Board of Trustees, there shall be seven members on the Board, and it shall be composed of the following:

D.J. Tuepker
Byron V. Boone
Harold C. Stuart
Commissioner of Fire & Police of the City of Tulsa, an ex officio member
Paul E. Taliaferro
A. Ray Smith
John R. Richards

**(a)** In the event of death, resignation, or removal of one or more Trustees, the right to fill said vacancy shall be vested exclusively in the remaining Trustees, and their determination shall be final.

**(b)** Any Trustee may resign by filing his written resignation with the Board of Trustees to be effective 30 days thereafter, unless accepted sooner by the Board of Trustees.

**(c)** Any Trustee may be removed pursuant to the terms of Title 60, Sec. 175.39, Oklahoma Statutes 1951.

**(C)** An annual report shall be prepared and shall be made available to the Commissioners of the City of Tulsa, adequately reflecting the investments and the general status of the Trust.

## ARTICLE VII
## Trust Powers

**(A)** Notwithstanding any other provision of this instrument which shall appear to provide otherwise, no Trustee or Trustees shall have any power or authority to bind or obligate any other trustee, or the Beneficiary or any component Beneficiary entity, in his or its individual capacity. All persons, firms, associations, trusteeships, corporations, municipalities, governments and sovereignties contracting with any Trustee or Trustees, shall take notice that all expense and obligations, and all debts, damage, judgments, decrees or liabilities incurred by any Trustee or Trustees, and any of the foregoing incurred by any agent, servant or employee of the aforesaid Trustees, in the execution of the purposes of this Trust, whether arising from contract or tort, shall be solely chargeable to and payable out of the Trust Estate. In no event shall any Trustee, in any manner be individually liable for any damage or injury to person or property, or for breach of contract or obligation, caused by, arising from, incident to, or growing out of the execution of this Trust, nor shall they, or any of them, be liable for the acts or omissions of each other, or of any agent, servant or employee of the aforesaid Trustees, or of another such Trustee; provided, however, that the foregoing shall not apply to any breach of trust by any said Trustee.

**(B)** The Trustees, in the manner hereinafter set forth, shall do, or cause to be done, in lawful manner, all things which are incidental, necessary, proper or convenient to carry fully into effect the purposes enumerated in Article II of this instrument, the general authority hereby given being intended to make fully effective the power of the Trustees under this instrument; and said Trustees are specifically authorized (but their aforesaid general powers not limited thereby, notwithstanding any such specification), in effecting said purposes:

**(1)** To enter in and conduct and execute, apply for, purchase, or otherwise acquire franchises, property (real or personal and/or mixed), contracts, leases, rights, privileges, benefits, choses in action, or other things of value, and to pay for the same in cash, with bonds or evidences of indebtedness or otherwise;

**(2)** To acquire, own, hold, manage, and in any manner to convey, assign, dispose of, liquidate, compromise, or realize upon any contract, lease, right, privilege, benefit, chose in action, franchise, property (real or personal), or other thing of value, and to exercise all of the powers necessary or convenient in respect of same;

**(3)** To guarantee, acquire, purchase, hold, sell, assign, transfer, encumber, dispose of, and deal in the stocks, bonds, debentures, shares or evidence of interest or indebtedness of any corporation, association, municipality, government, sovereignty, trusteeship, firm, or individual, to enter into and perform any lawful contract in relation thereto, and to exercise all of the rights, powers and privileges in relation thereto to the same extent as a natural person might or could do;

**(4)** To enter into, make and perform contracts of every lawful kind, including, but not restricted to, management contracts, with any person, firm, association, corporation, trusteeship, municipality, government or sovereignty; and without limit as to amount, to draw, make, accept, indorse, assume, guarantee, discount, execute and issue promissory notes, drafts, bills of exchange, acceptance, warrants, bonds, debentures, and other negotiable and transferable, or non-negotiable or non-transferable, instruments, obligations and evidences of secured or unsecured indebtedness, and if secured by mortgage, deeds of trust, or otherwise, upon any or all property of the Trust, and to pledge any or all income of the Trust, in the same manner and to the same extent as a natural person might or could do;

**(5)** To collect and receive any property, money, rents or income of any sort, and to distribute the same, or any portion thereof, for the furtherance of the purposes enumerated in Article II of this instrument.

**(6)** The Trustees shall hold the legal title to all property at any time belonging to the Trust Estate in the name of the Trustees, and shall have and exercise exclusive management and control of the same, for the use and benefit of the Beneficiary, in the execution of the purposes of this Trust, and the right of said Trustees to manage, control and administer the said Trust, its properties, assets and business, shall be absolute and unconditional, free from the direction, control or management of the Beneficiary or any component Beneficiary entity, or any person or persons whatsoever other than a court of competent jurisdiction so to do.

**(7)** The Trustees may employ such agents, servants, and employees as they deem necessary, proper or convenient, and shall prescribe their duties and fix their compensation.

**(8)** The Trustees may contract for the furnishing of any services or the performance of any duties that they deem necessary, proper or convenient and pay for the same as they see fit to provide in such contract.

**(9)** The Trustees by resolution may divide the duties of the Trustees hereunder, delegating all or any part of such duties to one or another of the Trustees as much as possible; but where specific duties are not delegated, a majority of the Trustees must act for the Trust.

**(10)** The Trustees shall, in the name of the Trust as set forth in Article I hereof, or in their names as Trustees, bring any suit or action which, in their judgment, shall be necessary, proper and convenient to protect the interests of the Trust, or to enforce any claim, demand or contract for the Trust, or to enforce any claim, demand or contract for the benefit thereof; and they likewise shall defend, in their discretion, any suit against the Trust, or the Trustees or employees, agents or servants thereof. And the Trustees are expressly authorized, in their discretion, to compromise and settle prior to judgment any suit, action, claim or proceeding in which the Trust in interested, and to discharge the same out of the Trust Estate; and they specifically are authorized to pay or transfer out of the Trust Estate all sums of money or property necessary to discharge any judgment or decree rendered against them, or the Trust, together with all court or other costs, including counsel and attorney's fees, and also to pay out of the Trust Estate such sums of money, or transfer appropriate property thereof, for the purpose of settling, compromising or adjusting any claim or controversy, together with all costs and expenses connected therewith, and all such expenditures and transfers shall be treated as expenses of executing their trust.

**(11)** No bond shall be required of the Trustees, or any of them, unless they, by appropriate resolution, so provide.

**(12)** All proceedings of the Trustees and all resolutions adopted by them shall be kept in a record book and shall be subject to inspection, during customary business hours as public records of the State of Oklahoma.

**(13)** At their first meeting, the Trustees shall designate the time and place for regular meetings, which time and place shall not thereafter be changed unless at a meeting where all Trustees are present; no notice shall be required for the holding of regular meetings of the Trustees. Special meetings of the Trustees may be held upon such call as shall be fixed by resolution adopted at a meeting where all Trustees are present.

**(14)** The Trustees, by written instrument filed for record in all places in which this instrument is filed, shall designate the place of the principal office of the Trust; and any change of place shall be recorded in like manner. All official records of the Trust shall be kept at the principal office, and shall be subject to inspection, during customary business hours, as public records of the State of Oklahoma.

## ARTICLE VIII
## Beneficiary

The term "Beneficiary" as used in this instrument means the City of Tulsa, Oklahoma, an incorporated municipality.

## ARTICLE IX
## Exempt Status

This Trust agreement may be amended in any form to enable the Trust to qualify as a tax exempt organization under Sec. 501(c)(3) of the Internal Revenue Code for 1954, or its successor statute in order to effect an exemption for trust income and tax deduction for contributions to the Trust.

IN WITNESS WHEREOF, we have hereunto set our hands, creating this Declaration of Trust on this 16th day of July, 1963.

## CHAPTER 8. TULSA AIRPORTS IMPROVEMENT TRUST

Section 800. Beneficial interest in Tulsa Airports Improvement Trust accepted.
Section 801. Mayor and Auditor authorized to execute necessary instruments.
Appendix I Trust Indenture Tulsa Airports Improvement Trust (Sections 800 and 801) ("Exhibit A" in Ord. No. 10736).

### Section 800. Beneficial interest in Tulsa Airports Improvement Trust accepted.

The Tulsa Airports Improvement Trust, accepted by Trust Indenture dated March 20, 1967, a copy of which Trust Indenture is hereto attached, marked, "Exhibit A," and made a part hereof, wherein Richard Lloyd Jones, Jr., E. Fred Johnson, L. L. Dresser, Byron Boone and J. M. Hewgley, Jr., are designated trustees, and the City of Tulsa is designated as the sole beneficiary, be, and the same is hereby, approved, and said City of Tulsa hereby accepts the beneficial interest therein, and all of the terms and provisions of said Trust Indenture as authorized by the applicable statutes of the state of Oklahoma; and the City of Tulsa, Oklahoma hereby agrees to be, and become, the sole beneficiary of said Trust.

*(Ord. No. 10736)*

### Section 801. Mayor and Auditor authorized to execute necessary instruments.

The Mayor and City Auditor are hereby authorized, instructed and directed to endorse upon the original of said Trust Indenture the approval of the City of Tulsa of said Trust Indenture creating the Tulsa Airports Improvement Trust and the City's acceptance of the beneficial interests therein, and to cause said Trust Indenture to be recorded in the office of the County Clerk and ex officio Register of Deeds of the County of Tulsa, Oklahoma.

*(Ord. No. 10736)*

## APPENDIX I TRUST INDENTURE TULSA AIRPORTS IMPROVEMENT TRUST (SECTIONS 800 AND 801)

*("Exhibit A" in Ord. No. 10736)*

KNOW ALL MEN BY THESE PRESENTS:

THIS TRUST INDENTURE, hereinafter referred to as "Indenture", by and between A & S METALS, INC., an Oklahoma corporation, herein called "Trustor", and Richard Lloyd Jones, Jr., E. Fred Johnson, L.L. Dresser, Byron V. Boone, and J.M. Hewgley, Jr., jointly (to be known as the Trustees of the Tulsa Airports Improvement Trust), hereinafter referred to as "Trustees"

W I T N E S S E T H:

That for and in consideration of the sum of $1,000.00 cash in hand paid by Trustor to the Trustees, receipt of which by said Trustees is hereby acknowledged, said Trustees have agreed and hereby agree to hold, manage, invest, convey and distribute said sum of money so received, and such other property as Trustor, or others, may from time to time assign, transfer, lease, convey, give, bequeath, devise or deliver unto this Trust, or the Trustees hereof, or which said Trust may otherwise acquire. To have and to hold all such property and proceeds, rents, profits and increases thereof unto said Trustees and their successors, but nevertheless in trust, for the use and benefit of the City of Tulsa, Oklahoma, upon the following trusts, terms and conditions herein stated.

### ARTICLE I
### Creation and Establishment of Trust

**1.1.** Creation. The undersigned Trustor creates and establishes this trust for the use and benefit of the City of Tulsa, Oklahoma and for the public purposes hereinafter set forth, under the provisions of the Public Trust Act of Oklahoma, Title 60, Oklahoma Statutes, Sections 176 to 180, inclusive, as amended by Chapter 76, of the laws of 1963.

**1.2.** Beneficiary. The beneficiary of this Trust shall be the City of Tulsa, a municipal corporation, of the State of Oklahoma, under and pursuant to Title 60, Oklahoma Statutes, Sections 176 to 180, both inclusive, as amended.

**1.3.** Date. For purposes of reference, this Indenture may be referred to as the Tulsa Airports Improvement Trust of March 1, 1967, although executed by Trustor and the Trustees on the date shown below.

**1.4.** Effective date. Notwithstanding such execution by the parties, this trust shall not take effect until duly accepted by the Beneficiary, as provided by law.

**1.5.** Name. The name of this Trust shall be TULSA AIRPORTS IMPROVEMENT TRUST, hereinafter referred to as "Trust". The Trustees may conduct all business, open one or more bank accounts, execute all instruments, and otherwise perform the duties and functions required in the execution of this Trust, in said name or in their joint names, as Trustees of the Tulsa Airports Improvement Trust.

**1.6.** Trust irrevocable. Trustor now declares that this Indenture shall be irrevocable from the moment it is signed by it and delivered to the Trustees, and approved and accepted by the Beneficiary, and that Trustor shall thereafter stand without any power whatsoever at any time to alter, amend, revise, modify, revoke or terminate any of the provisions of this Indenture.

## ARTICLE II
## Purposes of Trust

**2.1.** The purposes of this Trust are, and the Trustees thereof shall have power to, improve and to cooperate with the Airport Authority of the City of Tulsa, or its successors in function, in improving the buildings, structures and facilities of the Tulsa International Airport, the Tulsa Riverside Airport, and any additional airport that may be acquired, constructed, or operated by the City of Tulsa, Oklahoma; and, without limiting the generality of such purposes and powers, the same shall include purposes and powers:

**(a)** To alter and modify any and all improvements, buildings and structures located on any leasehold estate, whether within or without the territorial boundaries of the City of Tulsa, acquired by the Trustees, and to erect, construct and install additional buildings, structures, fixtures, equipment and facilities therefor; to incur indebtedness to cover the cost thereof; to lease or sublease said premises with or without such improvements, and to secure the payment of such indebtedness by the assignment of all or any part of the rents and income that may be derived thereunder, or from other income of the Trust, with full power and authority to enforce all terms and conditions of each and every such lease or other agreement, and to modify and cancel, or otherwise terminate the same.

**(b)** To hold, maintain and administer any leasehold rights in, and to, physical properties demised to, said Trustees, and to comply with the terms and conditions of any such lease.

**(c)** To acquire by lease, purchase, devise, bequest or otherwise, and to plan, establish, develop, construct, enlarge, improve, maintain, equip, and operate and regulate, any and all physical properties designed or needful for utilization in the furnishing and providing of services in connection with the Tulsa International Airport and Tulsa Riverside Airport; and to sell, assign, rent, or otherwise dispose of properties owned by the Trust when no longer needful for trust purposes.

**(d)** To provide funds for the cost of financing, acquiring, constructing, leasing, equipping, maintaining, repairing, and operating any such airport properties, facilities, and other improvements on airport grounds, both of the Tulsa International Airport, and Tulsa Riverside Airport, and all properties, real, personal or mixed, required for execution and fulfilling the trust purposes as set forth in this instrument, and all other charges, costs and expenses incurred in connection therewith; and in so doing, to incur indebtedness, either secured or unsecured by all or any part of the Trust Estate, or its revenues, or both, or any part of either or both.

**(e)** To expend all funds coming into the hands of the Trustees, as revenue or otherwise, for the payment of any indebtedness incurred by the Trustees for any purposes specified herein, and in the payment of the aforesaid costs and expenses, and in payment of any other obligation properly chargeable against the Trust Estate, and to distribute the remainder of such funds to the beneficiary municipality.

## ARTICLE III
## Duration of Trust

**3.1.** Commencement. This trust shall commence upon approval and acceptance thereof by the City of Tulsa, Oklahoma.

**3.2.** Duration and Termination. From the date of commencement, this trust shall exist for the term of the duration of said Beneficiary, the City of Tulsa, or until such time as its purposes shall have been fully performed and fulfilled, and until its termination in the manner hereinafter provided.

## ARTICLE IV
## The Trust Estate - Disposal of Assets Liability for Indebtedness

**4.1.** The Trust Estate shall consist of

**(a)** The funds and property presently in the hands of the Trustees, including the $1,000.00 paid to the Trustees, as consideration, above recited.

**(b)** Any and all leasehold rights and leases to said Trustees for the purposes of this Trust, by original lease, or assignment of an existing lease, or otherwise.

**(c)** Any and all improvements that may be constructed by, or on behalf of, the Trustees, upon any property owned by, or leased to, said Trustees, or in which this Trust owns any interest.

**(d)** Any and all money, property, real, personal or mixed, rights, choses in action, contracts, leases, privileges, immunities, licenses, franchises, benefits and other things of value coming into the possession of the Trustees pursuant to the provisions of this Indenture.

**4.2.** The whole title, legal and equitable, to the Trust property is and shall be vested in the Trustees, as such title in the Trustees is necessary for their due execution of this Trust. Said Trustees shall have and exercise exclusive management and control of the Trust properties for the use and benefit of the Beneficiary; but may, in their discretion, agree for approval of any of their actions and transactions by the governing board of the Beneficiary, before taking such action.

**4.3.** No purchaser at any sale, or lessee under a lease, made by the Trustees shall be bound to inquire into the expediency, propriety, validity, or necessity of such sale or lease, or to see to, or be liable for, the application of the purchase or rental monies arising therefrom.

**4.4.** No bond, note, indenture, or other evidence of indebtedness to be issued by the Trustees shall constitute an indebtedness of the State of Oklahoma, nor of the City of Tulsa, Oklahoma, nor a personal obligation of the Trustees of this Trust, or any of them, but shall constitute obligations of the Trustees payable solely from the Trust Estate.

**4.5.** Neither the Trustees, as individuals, nor any of said Trustees, either jointly or severally, nor the Beneficiary herein shall be under any liability whatsoever by reason of any act committed, or omission suffered, in good faith, or in the exercise of their honest discretion in the performance of such Trust, or in the operation of the Trust property; but any liability for any act, omission, or obligation of the Trustees in the execution of such Trust, or in the operation of the Trust property, shall extend to the whole of the Trust Estate, or so much thereof as may be necessary to discharge such liability or obligation.

**4.6.** No contract, lease, indenture, or agreement of any nature whatsoever, to which the Trustees shall be a party, shall be deemed ineffectual or invalid by reason of the fact that any one or more of such Trustees may execute such contract, lease, indenture, or agreement for, or on behalf of, the other parties thereto.

**4.7.** Any firm of which any Trustee may be a member, or any public or private corporation, association, commission, or agency of which any Trustee may be an officer, director, or member, or in which any Trustee may be interested as the holder of any amount of its capital stock, or otherwise, or any Trustee individually, may be a party to, or may be pecuniarily or otherwise interested in, any contract or transaction with this Trust or the Trustees thereof; and, in the absence of fraud, no contract or other transaction shall be thereby affected or invalidated; provided that in case a Trustee, individually, or a firm of which a Trustee is a member, or a corporation in which any Trustee owns a substantial amount of capital stock, is so interested, such fact shall be disclosed, or shall have been known to the other Trustees.

## ARTICLE V
## The Trustees

**5.1.** The five Trustees originally appointed and named herein are severally the present members of the Tulsa Airport Authority of the City of Tulsa, Oklahoma. The Trustees of this Trust shall, during the term hereof, consist of the members of the Tulsa Airport Authority in office from time to time, and the number of such Trustees shall be increased or decreased as the membership of said Tulsa Airport Authority is increased or decreased. When any person has been appointed and qualified as a member of the Tulsa Airport Authority, he shall thereupon be deemed to have accepted appointment as Trustee of this Trust, and shall continue as a Trustee so long as he remains a member of said Tulsa Airport Authority. If any member of the Tulsa Airport Authority shall refuse to act as Trustee, the other then qualified Trustees may appoint a Trustee to take his place until such time as his successor is appointed to the Tulsa Airport Authority. If any member of the Tulsa Airport Authority, who is a Trustee, shall die or resign, or become disabled from performing his duties as a member of the Tulsa Airport Authority, the Trustees shall have power and authority to fill any vacancy in the Trustees of this Trust so resulting by an interim appointment until the successor of such member of the Tulsa Airport Authority shall have been appointed and qualified, at which time the powers under the interim appointment shall cease, and the newly appointed and qualified member of the Tulsa Airport Authority shall become Trustee hereunder.

**5.2.** In event of any changes in the Charter of the City of Tulsa abolishing the Tulsa Airport Authority, or abrogating in whole or in part the present authority and jurisdiction of the Tulsa Airport Authority over the airports of the City of Tulsa, or removing from the jurisdiction of the Tulsa Airport Authority, the operation and maintenance of the airports of the City of Tulsa, or any of them, then and in either of such events, the Trustees then in office hereunder shall continue as the Trustees of this Trust, and shall thereafter have power to fill any vacancies that may occur, and to designate and appoint the successors of any Trustee who may die, resign, or become disabled from performing the duties of a Trustee hereunder.

## ARTICLE VI
## Powers and Duties of the Trustees and Incidents of the Trust

Subject to the provisions and limitations otherwise provided in this Indenture, the Trustees shall have, in addition to the usual powers incident to their office and the powers

granted to them in other parts of this Indenture, the following rights, powers, duties, authority, discretion, and privileges, all of which may be exercised by them without any order or authority from any court:

**6.1.** To adopt By-laws to be binding upon said Trustees as to the manner in which they shall jointly perform their duties, and execute the objects and purposes of this trust. Said By-laws may provide that action to be binding upon the Trust may be taken by concurrence of less than the entire number of the Trustees, but not less than a majority thereof. The By-laws may provide for the election from their own number of a Trustee to act as Chairman, and of a Trustee to act as Vice Chairman of said Trustees; and may provide for the election or designation of such other officers, who need not be members of the Trustees, as said Trustees may deem necessary or convenient for the efficient execution of their duties; and in such By-laws, shall define the qualifications and duties of each officer so to be chosen or designated.

**6.2.** To select and designate one or more depositaries for the funds and securities of this Trust; and by resolution, provide for the execution of checks, notes, bonds, and of other instruments, whether negotiable or otherwise, by one or more of said Trustees, upon approval of a majority of the then total number of Trustees.

**6.3.** To enter into and execute, purchase, lease, or otherwise acquire, property, real, personal or mixed, franchises, contracts, leases, rights, privileges, benefits, choses in action, or other things of value, and to pay for the same in cash, with bonds or other evidences of indebtedness or otherwise.

**6.4.** To make and change investments, to convert real into personal property, and vice versa, to lease, improve, exchange or sell, at public or private sale, upon such terms as they deem advisable, any or all of the property in the Trust, real or personal, to borrow money or renew loans for the Trust; to refund outstanding bonded indebtedness, and to execute therefor, evidences of indebtedness, and to secure the same by mortgage, lien, pledge or otherwise; to purchase property form any person and lease land and other property from the Beneficiary, and construct and equip buildings and facilities thereon, and lease, sublease, or rent, on such terms as they deem advisable the same to individuals, partnerships, associations, corporations and others, including agencies of the United States of America, State of Oklahoma, and political subdivisions of the State, and procure funds necessary for such purpose by the sale of bonds or other evidences of indebtedness and secure the payment of such bonds or other evidences of indebtedness by a mortgage, lien, pledge or other encumbrance of such real and personal property, buildings and facilities owned or otherwise acquired, leased or controlled by Trustees, and rentals, income, receipts and profits therefrom or from any other revenues associated with the ownership, operation or control of the property of the Trust; to lease or sublease, on such terms as they deem advisable, any property of the Trust, or of which the Trustees may become the owners or lessees.

**6.5.** To fix, demand and collect charges, rentals and fees for the services and facilities of the Trust to the same extent as the Beneficiary might do and to discontinue furnishing of services and facilities to any person, firm or corporation, or public instrumentality, delinquent in the payment of any indebtedness to the Trust. To purchase and sell such supplies, goods, equipment and commodities as are incident to the operation of its airport properties.

**6.6.** To make and perform contracts of every kind, including management contracts with any person, firm, corporation, association, trusteeship, municipality, government or sovereignty; and without limit as to amount, to draw, make, accept, endorse, assume, guarantee, account, execute and issue promissory notes, drafts, bills of exchange, acceptances, warranties, bonds, debentures, and other negotiable or non-negotiable instruments, obligations and evidences of unsecured indebtedness, or of indebtedness secured by mortgage, deeds of trust or otherwise, upon any and all property of the Trust, and to pledge any or all income of the Trust, in the same manner and to the same extent as a natural person might or could do. To collect and receive any property, money, rents or income of any sort and distribute the same, or any portion thereof for the furtherance of the authorized Trust purposes set out herein.

**6.7.** To contract for the furnishing of any services, or the performance of any duties that they may deem necessary, or proper, and pay for the same as they see fit.

**6.8.** To employ such agents, servants and employees as they deem necessary or proper, and to prescribe their duties and fix their compensation at such amounts as, in their judgment, is customary and normal in the operation of airports, and select depositories for the funds and securities of this Trust.

**6.9.** To compromise any debts or claims of or against the Trust, and to adjust any dispute in relation to such debts or claims by arbitration or otherwise; and pay any debts or claims against the Trust upon any evidence that seems to be sufficient to the Trustees. The Trustees may bring any suit or action which, in their judgment, is necessary or proper to protect interests of the Trust, or to enforce any claim, demand or contract for the Trust; and they shall defend, in their discretion, any suit against the Trust, or the Trustees or employees, agents or servants thereof. They may compromise and settle any suit or action, and discharge the same out of Trust assets, together with court costs and attorney fees. All such expenditures shall be treated as expenses of executing this Trust.

**6.10.** To do all other acts in their judgment necessary or desirable for the proper and advantageous management, investment and distribution of the Trust Estate and income therefrom.

## ARTICLE VII
## Termination of Trust

**7.1.** This Trust shall terminate

**(a)** When the purposes set out in Article II of this Indenture shall have been fully executed; or

**(b)** In the manner provided by Title 60, Oklahoma Statutes, Section 180

provided, however, that this Trust shall not be terminated by voluntary action if there be outstanding indebtedness or fixed term obligations of the Trustees, unless all owners of such indebtedness or obligations shall have consented in writing to such termination.

**7.2.** Upon the termination of this Trust, the Trustees shall proceed to wind up the affairs of this Trust; they shall first pay all indebtedness of the Trust, and interest thereon; and, second, all costs and expenses incident to the management, operation, maintenance and conservation of the Trust; and after payment of all debts and obligations, they shall

distribute the entire residue of the trust corpus to the Beneficiary hereunder. Upon final distribution, the powers, duties and authority of the Trustees hereunder shall cease.

## ARTICLE VIII

The Trustees accept the Trust herein created, and provided for, and agree to carry out the provisions on their part to be performed.

IN WITNESS WHEREOF, the Trustor and the Trustees have hereunto set their hands this 20th day of March, 1967.

## CHAPTER 9. METROPOLITAN TULSA TRANSIT AUTHORITY

Section 900. Beneficial interest in Metropolitan Tulsa Transit Authority Trust accepted.
Section 901. Identification of Trust and Trustees.
Section 902. Mayor and City Auditor authorized to endorse approval of Trust and record Trust Indenture.
Section 903. Trust Indenture modified pursuant to terms of Amendment Number One.
Section 904. Beneficial interest accepted in the Trust Indenture as modified by Amendment Number One.
Section 905. Mayor and City Auditor authorized to endorse and record Amendment Number One.
Appendix I Trust Indenture (Sections 900, 901 and 902) ("Exhibit A" in Ord. No. 11208).
Appendix II Amendment Number One to the Trust Indenture Dated August 2, 1968, for the Metropolitan Tulsa Transit Authority (Sections 903, 904 and 905) ("Exhibit A" in Ord. No. 17329).

### Section 900. Beneficial interest in Metropolitan Tulsa Transit Authority Trust accepted.

The Metropolitan Tulsa Transit Authority, created by Trust Indenture dated August 2, 1968, a copy of which Trust Indenture is hereto attached and marked "Exhibit A" and made a part hereof, wherein A. E. McMillan, Fenelon Boesche, Rex M. Ball, M. M. Hargrove, James A. Robinson, John L. O'Brien and Robert J. LaFortune are designated trustees, and the City of Tulsa is designated as the sole beneficiary of said Metropolitan Tulsa Transit Authority Trust, is hereby approved and said City of Tulsa hereby accepts the beneficial interest therein, and all the terms and provisions of said Trust Indenture as authorized by the applicable statutes of the state of Oklahoma, and the City of Tulsa, Oklahoma and hereby agrees to be and become the sole beneficiary of said Trust.

*(Ord. No. 11208)*

### Section 901. Identification of Trust and Trustees.

The City recognizes said Metropolitan Tulsa Transit Authority and the trustees named in said Trust Indenture and in all negotiations where the term "Metropolitan Tulsa Transit Authority Trust" is used, it shall be deemed and construed to mean said trust above mentioned and described.

*(Ord. No. 11208)*

### Section 902. Mayor and City Auditor authorized to endorse approval of Trust and record Trust Indenture.

The Mayor and City Auditor are hereby authorized, instructed and directed to endorse upon the original of said Trust Indenture the approval of the City of Tulsa of said Trust Indenture creating the Metropolitan Tulsa Transit Authority Trust and the City's acceptance of the beneficial interests therein and to cause said Trust Indenture to be recorded in the office of the County Clerk and ex officio Register of Deeds of the County of Tulsa, Oklahoma.

*(Ord. No. 11208)*

### Section 903. Trust Indenture modified pursuant to terms of Amendment Number One.

The Trust Indenture for the Metropolitan Tulsa Transit Authority, dated August 2, 1968, is modified hereby pursuant to the terms of Amendment Number One to said Trust Indenture dated February 27, 1990, an executed copy of which is attached hereto as "Exhibit A" and made a part hereof.

*(Ord. No. 17329)*

### Section 904. Beneficial interest accepted in the Trust Indenture as modified by Amendment Number One.

The City of Tulsa hereby accepts the beneficial interest in the Trust Indenture of August 2, 1968, creating the Metropolitan Tulsa Transit Authority, as modified by Amendment Number One attached.

*(Ord. No. 17329)*

### Section 905. Mayor and City Auditor authorized to endorse and record Amendment Number One.

The Mayor and the City Auditor of the City of Tulsa hereby are authorized, instructed and directed to endorse upon the original of the Amendment Number One to the Trust Indenture the approval of the City of Tulsa of the Amendment Number One to the Trust Indenture creating the Metropolitan Tulsa Transit Authority and to cause Amendment Number One to be recorded in the Office of the County Clerk of Tulsa, Oklahoma.

*(Ord. No. 17329)*

## APPENDIX I TRUST INDENTURE (SECTIONS 900, 901, AND 902)

*("Exhibit A" in Ord. No. 11208)*

KNOW ALL MEN BY THESE PRESENTS:

THIS Trust Agreement and Indenture dated as of the 2nd day of August, 1968, by J.M. Hewgley, Jr., Tulsa, Oklahoma, R.L. Langenheim, Tulsa, Oklahoma, and William F. Lambert, Tulsa, Oklahoma, hereinafter referred to as Trustors, and A.E. McMillan, Tulsa, Oklahoma, Fenelon Boesche, Tulsa, Oklahoma, Rex M. Ball, Tulsa, Oklahoma, M.M. Hargrove, Tulsa, Oklahoma, James A. Robinson, Tulsa, Oklahoma, John L. O'Brien, Tulsa, Oklahoma, and Robert J. LaFortune, Tulsa, Oklahoma, to be known as Trustees of the Metropolitan Tulsa Transit Authority, and hereinafter referred to as Trustees.

W I T N E S S E T H:

That in consideration of the payment by the Trustors to the Trustees of the sum of Ten Dollars ($10.00), the mutual covenants herein set forth, and other valuable considerations, the said Trustees agree to hold, manage, invest, assign, convey and distribute as herein provided, authorized and directed, such property as Trustors, or others, may from time to time assign, transfer, lease, convey, give, bequeath, devise or deliver unto this Trust or the Trustees thereof.

TO HAVE AND TO HOLD such property and the proceeds, rents, profits and increases thereof unto said Trustees, and said Trustees' successors and assigns, but nevertheless in trust, for the use and benefit of the City of Tulsa, Oklahoma, and upon the following trusts, terms and conditions herein stated.

### ARTICLE I.
### Creation of Trust.

The undersigned Trustors create and establish a trust for the use and benefit of the City of Tulsa, Oklahoma, and for the public purposes hereinafter set forth, under the provisions of Title 60, Oklahoma Statutes 1961, Sections 176 to 180, inclusive, as amended, the Oklahoma Trust Act and other applicable statutes of the State of Oklahoma.

### ARTICLE II.
### Name.

The name of this Trust shall be "Metropolitan Tulsa Transit Authority," hereinafter referred to as Trust. Under that name it shall, so far as practicable, conduct all business and execute all instruments, and otherwise perform its duties and functions in the execution of this Trust.

### ARTICLE III.
### Purposes of Trust.

The purposes of this Trust are:

**(1)** To plan, establish, develop, acquire, construct, purchase, install, repair, enlarge, improve, maintain, equip, finance and refinance, operate and regulate public transportation systems and facilities either within or without the territorial boundaries of The City of Tulsa, including but not limited to the purchase, lease,

construction, installation, equipping, maintenance and operation of such buildings and other facilities necessary for the servicing of such public transportation systems and facilities of for the comfort and accommodation of patrons of such public transportation systems and facilities or for use by authorities or agencies of the United States of America, the State of Oklahoma or other political subdivisions of government or for other uses that any municipality may undertake as to public transportation and the buildings and facilities thereof.

**(2)** To hold, maintain and administer any leasehold rights in and to physical properties demised to the beneficiary and to comply with the terms and conditions of any such lease.

**(3)** To acquire by lease, purchase or otherwise, and to plan, establish, develop, construct, enlarge, improve, maintain, equip, operate and regulate any and all physical properties designated or needful for utilization in the furnishing and providing of services, in connection with public transportation systems and facilities properties, and to dispose of, rent or otherwise make provisions for properties owned by the Trust but no longer needful for trust purposes.

**(4)** To provide funds for the cost of financing, acquiring, constructing, leasing, equipping, maintaining, repairing and operating such public transportation systems and facilities and buildings and other improvements thereto, and all properties, real, personal or mixed, required for execution and fulfilling the trust purposes as set forth in this instrument, and all other charges, costs and expenses necessarily incurred in connection therewith, and in so doing, to incur indebtedness, either unsecured or secured by all or any part of the Trust Estate and its revenues.

**(5)** To expend all funds coming into the hands of the Trustees as revenue or otherwise in the payment of any indebtedness incurred by the Trustees for purposes specified herein, and in the payment of the aforesaid costs and expenses, and in the payment of any other obligation properly chargeable against the Trust Estate, and to distribute the remainder of such funds to the beneficiary municipality.

## ARTICLE IV.
## Duration of Trust.

This Trust shall have duration for the term of duration of the beneficiary and until such time as its purpose shall have been fully fulfilled, or until it shall be terminated as hereinafter provided.

## ARTICLE V.
## The Trust Estate.

The Trust Estate shall consist of:

**(1)** The funds and property presently in the hands of the Trustees or to be acquired or constructed by Trustees and dedicated by the Trustor and others to be used for trust purposes.

**(2)** Any and all leasehold rights demised to the Trustees by any Beneficiary as authorized and empowered by law.

**(3)** Any and all money, property, real, personal or mixed, rights, choses in action, contracts, leases, privileges, immunities, franchises, benefits and all other things of value coming into the possession of the Trustees pursuant to the provisions of this Trust Indenture.

**(4)** Cash in hand.

The instruments executed for each project, and each issuance of Trustees' Bonds and other indebtedness, shall set out the specific property of the Trust Estate exclusively pledged and mortgaged for the payment of such indebtedness.

## ARTICLE VI.
## The Trustees.

**(1)** There shall be seven Trustees of this Trust who shall be appointed by the Mayor of the City of Tulsa, subject to the approval of the governing body of the City of Tulsa, and who shall serve for the initial and successive term as stated further hereinafter.

**(a)** Two of such Trustees shall be elected officers of the City of Tulsa, Oklahoma. Such elected Trustees shall serve during their term of office and until their successors have been duly elected or appointed and qualified.

**(b)** A.E. McMillan shall be a Trustee for a term of one year, commencing on the date of this Indenture. Fenelon Boesche shall be a Trustee for a term of two years, commencing on the date of this Indenture. Rex M. Ball shall be a Trustee for a term of three years, commencing on the date of this Indenture. M.M. Hargrove shall be a Trustee for a term of four years, commencing on the date of this Indenture. James A. Robinson shall be a Trustee for a term of five years, commencing on the date of this Indenture.

**(c)** Successor Trustees shall be appointed by the Mayor, subject to the approval of the governing body of the City of Tulsa. Each successor Trustee so appointed shall serve a term of five years, except those two Trustees who are elected officers of the City of Tulsa. Vacancies occurring otherwise than through the expiration of term shall be filled for the unexpired term in the same manner as that provided for the appointment as a successor to that position.

**(d)** Each successor Trustee duly appointed shall without any further act or conveyance become fully vested with all of the estate, properties, rights, powers, duties and obligations of his predecessor hereunder, with like effect as if originally named as Trustee.

**(e)** The five Trustees who are not members of the governing body of the City of Tulsa shall during their term be subject to removal only by action of the District Court of Tulsa County, for cause shown.

**(2)** The Trustees may contract, in connection with the incurring of any bonded debt secured by the Trust Estate and/or its revenues, or any part of either or both, that a Temporary Trustee or Trustees may be appointed by the "Bank" under the Bond Indenture securing the payment of Trustees' Bonds, or by holders of at least fifty percent in amount of the then outstanding bonded indebtedness obligated to be paid by the Trustees who executed this instrument in the event of a default in the payment of principal of or interest on such debt, or any default under any instrument securing or pursuant to which such debt be incurred. A certificate shall be filed by the Bank under

the Bond Indenture with the City Auditor of the City of Tulsa, setting out the appointment of such Temporary Trustee or Trustees. Such Temporary Trustee or Trustees shall without any further act or conveyance become fully vested, together with the other Trustees, with all the estate, properties, rights, powers, trusts, duties and obligations of their predecessors in trust with like effect as if originally named as Trustee herein. The Temporary Trustee or Trustees shall cease to have any power or authority in the event there is termination of all the defaults by which his appointment would have been authorized, and the permanent Trustee, temporarily supplanted, shall be automatically reinstated.

**(3)** No Trustee shall be paid any compensation of any kind for his services as a Trustee of this Trust. However, Trustees may be reimbursed for expenses incurred in the performance of their duties hereunder. Any temporary Trustee appointed shall receive reasonable compensation for his services, to be fixed by the Bank set out in the Bond Indenture, which compensation is subject to revision by the holders of at least fifty percent in an amount of the Trustees' Bonds then outstanding, to be paid from revenues of the Trust Estate.

**(4)** Bonds or other evidences of indebtedness to be issued by the Trustees shall not constitute an indebtedness of the State of Oklahoma, nor of the Beneficiary, nor personal obligations of the Trustees of the Trust, but shall constitute obligations of the Trustees payable solely from the Trust Estate. Provided, however, that no indebtedness in excess of $100,000 during any one year shall be incurred by the Trustees without the prior approval of the governing body of the City of Tulsa, Oklahoma, both as to the purpose and amount of the indebtedness.

**(5)** The Trustees, the State of Oklahoma, and the Beneficiary hereof shall not be charged personally with any liability whatsoever by reason of any act or omission committed or suffered in good faith or in the exercise of their honest discretion in the performance of such Trust or in the operation of the Trust Estate; but any act or liability for any omission or obligation of the Trustees in the execution of such Trust, or in the operation of the Trust Estate, shall extend to the whole of the Trust Estate or so much thereof as may be necessary to discharge such liability or obligation.

**(6)** Notwithstanding any other provisions of this Indenture which shall appear to provide otherwise, no Trustee or Trustees shall have the power or authority to bind or obligate any other Trustee, or the Beneficiary, in his or its capacity, nor can the Beneficiary bind or obligate the Trust or any individual Trustee.

**(7)** The Trustees shall elect a Chairman from their members who shall preside at all meetings and perform other duties designated by the Trustees. The Trustees shall elect a Vice Chairman from their members who shall serve as such until another member is elected Vice Chairman. The Vice Chairman shall act as Chairman during the temporary absence or disability of the Chairman. If a permanent vacancy occurs in the office of Chairman or Vice Chairman the Trustees shall elect a successor thereto from its members. The Trustees shall designate the time and place of all regular meetings, which meetings shall be public. All actions by the Trustees pursuant to the provisions of this Trust Indenture shall be approved by the affirmative vote of at least a majority of all the Trustees.

## ARTICLE VII.
## Powers and Duties of the Trustees.

To accomplish the purposes of the Trust, and subject to the provisions and limitations otherwise provided in this Trust Indenture, the Trustees shall have, in addition to the usual powers incident to their office and the powers granted to them in other parts of this Trust Indenture, the following rights, power, duties, authority, discretion and privileges, all of which may be exercised by them without any order or authority from any court:

**(1)** To finance, acquire, establish, develop, construct, enlarge, improve, extend, maintain, equip, operate, lease, furnish, provide, supply, regulate, hold, store and administer any of the systems and facilities designated pursuant to Paragraph (1) of Article III hereof as the Trustees shall determine necessary for the benefit and development of the Beneficiary.

**(2)** To enter into contracts for the acquisition and construction and enlargement and improvement of buildings, works, including but not limited to transportation vehicle terminals and way stations, garages and repair shops, and facilities authorized to be acquired and constructed, enlarged and improved, pursuant to the terms of this Trust Indenture and in compliance herewith, other than those buildings, works and other facilities to be constructed by the employees of the Trustees; provided, however, that:

**(a)** It is the intent of this Trust Indenture that there be effective competition on contracts for all construction work and materials involving an outlay and expenditure in excess of $1,000; provided, however, should the Trustees find that an immediate emergency exists by reason of which an immediate outlay of funds in an amount exceeding $1,000 is necessary in order to avoid loss of life, substantial damage to property, or damage to the public peace or safety, then contracts may be made and entered into without competitive bids. Contracts involving an outlay and expenditure not in excess of $1,000 may be made only after informal quotations of costs have been obtained from at least three reliable sources capable of accomplishing the project contemplated if available. Contracts in excess of $1,000 for the construction of all improvements as a whole or in part shall be entered into only after reasonable public advertisement for bids, and the Trustees shall cause plans and specifications to be prepared in sufficient detail for contractors to submit bids on such construction work. Plans and specifications shall be made available to all bidders, and whenever practicable in the opinion of the Trustees, final detailed plans and specifications shall be prepared prior to advertisement for bids and shall be made available to all bidders.

**(b)** The Trustees may reject all bids and re-advertise for bids or may enter into a contract or contracts with a responsible bidder or bidders who, in the opinion of the Trustees, shall offer the terms deemed most favorable to the Trust Estate. All contractors to whom any construction contract for any project or part thereof is let shall be financially responsible and bear a good reputation in the industry. The Trustees may prescribe such bidding qualifications as they deem necessary and desirable.

**(c)** All construction contracts shall be bonded (performance and statutory) for One Hundred percent (100%) of the amount of the contract.

**(d)** On major construction projects the invitation to bid, the bidding, and letting of contracts may be by sections, segments or for particular parts or units of the total work to be performed.

**(3)** To employ such architectural and engineering firm or firms as the Trustees deem necessary to prepare such preliminary or detailed studies, plans, specifications, cost estimates and feasibility reports as are required in the opinion of the Trustees. The cost of such engineering and architectural work shall be paid out of the proceeds of the sale of bonds or from such other funds as may be available therefor.

**(4)** To enter into contracts for the sale of bonds, notes or other evidences of indebtedness or obligations of the Trust for the purpose of acquiring or constructing works and facilities authorized to be acquired or constructed pursuant to the terms of this Trust Indenture and for that purpose may:

**(a)** Employ a financial advisor, or committee of advisors, to advise and assist the Trustees in the marketing of such bonds, notes or other evidences of indebtedness or obligations, and to present financial plans for the financing of the acquisition or construction of each project, and to recommend to, or consult with, the Trustees concerning the terms and provisions of bond indentures and bond issues, and may pay appropriate compensation for such work and services performed in the furtherance of the project;

**(b)** Sell all bonds, notes or other evidences of indebtedness or obligations of the Trust in installments or series and on such terms and conditions and in such manner as the Trustees shall deem to be in the best interest of the Trust Estate; and

**(c)** Appoint and compensate attorneys, paying agencies and corporate trustees in connection with the issuance of any such bonds, notes, evidences of indebtedness or other obligations of the Trust.

**(5)** To enter into and execute, purchase, lease, or otherwise acquire property, real, personal or mixed, contracts, leases, rights, privileges, benefits, choses in action, or other things of value and to pay for the same in cash, with bonds or other evidences of indebtedness or otherwise.

**(6)** To make and change investments, to convert real into personal property, and vice versa, to lease, improve, exchange or sell, at public or private sale, upon such terms as they deem proper, and to resell, at any time and as often as they deem advisable, any or all the property in the Trust, to refund outstanding bonded indebtedness and to execute therefor bonds, notes, or other evidences of indebtedness or obligations, and to secure the same by mortgage, lien, pledge or otherwise; to purchase property from any person, firm, corporation or public Trust, and lease or sublease land and other property to and from the Beneficiary or others and construct, improve, repair, extend, remodel, and equip buildings, improvements and other facilities thereon and to operate or lease or rent the same to individuals, partnerships, associations, corporations and others, including the United States of America or the State of Oklahoma and agencies or authorities of the United States of America, or of the State of Oklahoma, or of any municipality thereof, and also including all municipal or other political subdivisions of the State of Oklahoma as well as the beneficiary hereof, and to do all things to accomplish the purposes set out in Article III of this Trust Indenture, and procure funds necessary for such

purpose by the sale of bonds or other evidences of indebtedness by mortgages, liens, pledges or other encumbrances of such real and personal property, buildings, improvements and other facilities owned or otherwise acquired, leased or controlled by Trustees, and by rentals, income, receipts and profits therefrom, or from any other revenues associated with the ownership, operation or control of the property of the Trust; to lease or sublease any property of the Trust or of which the Trustees may become the owners or lessees.

**(7)** To fix, demand and collect charges, rentals and fees for the services and facilities of the Trust to the same extent as the Beneficiary might do and to discontinue furnishing of services and facilities to any person, firm or corporation, or public instrumentality, delinquent in the payment of any indebtedness to the Trust; to purchase and sell such supplies, goods, and commodities as are incident to the operation of its properties.

**(8)** To make and perform contracts of every kind, including management contracts, with any person, firm, corporation, association, trusteeship, municipality, government or sovereignty; and subject to the provisions of Article VI (4) set forth above without limit as to amount to draw, make, accept, indorse, assume, guarantee, account, execute and issue promissory notes, drafts, bills of exchange, acceptances, warranties, bonds, debentures, and other negotiable or non-negotiable instruments, obligations and evidences of unsecured indebtedness, or of indebtedness secured by mortgage, deed of trust or otherwise upon any or all income of the Trust, in the same manner and to the same extent as a natural person might or could do. To collect and receive any property, money, rents, or income of any sort and distribute the same or any portion thereof for the furtherance of the authorized Trust purposes set out herein.

**(9)** The Trustees shall file with the governing body of the City of Tulsa a quarterly Financial Report including a balance sheet, a comparative analysis of income and expenses, together with a summary of the Trust Activities for the quarter.

**(10)** The Trustee shall file with the governing body of the City of Tulsa a certified copy of the annual audit made of the funds, accounts, and fiscal affairs of the Trust at the time as is required by Section 180.3, Title 60, Oklahoma Statutes Annotated.

**(11)** The governing body of the Beneficiary shall have the right to conduct or have conducted a complete audit of the funds, accounts and fiscal affairs of the Trust at any time at its discretion.

**(12)** The Trustees shall, no later than August 15 of each year, file with the governing body of the City of Tulsa an operating and capital budget(s) for the next fiscal year. The form of such operating budget shall be as provided by the Mayor of the City of Tulsa.

**(13)** To do all other acts in their judgment necessary or desirable for the proper and advantageous management, investment, and distribution of the Trust Estate and income therefrom.

The whole title, legal and equitable, to the properties of the Trust is and shall be vested in the Trustees, as such title in the Trustees is necessary for the due execution of this Trust.

Said Trustees shall have and exercise exclusive management and control of the properties of the Trust Estate for the use and benefit of the Beneficiary; but may agree for approval of any or all of its actions and transactions by the governing board of the Beneficiary.

The Trustees may contract for the furnishing of any services or the performance of any duties that they may deem necessary, or proper, and pay for the same as they see fit.

The Trustees may select depositories for the funds and securities of this Trust. Temporary Trustee or Trustees appointed pursuant to paragraph 5 of Article VI hereof may employ special counsel to represent them and such special counsel's compensation shall be paid from revenues of the Trust Estate.

The Trustees may compromise any debts or claims of or against the Trust Estate, and may adjust any dispute in relation to such debts or claims by arbitration or otherwise and may pay any debts or claims against the Trust Estate upon any evidence deemed by the Trustees to be sufficient. The Trustees may bring any suit or action, which in their judgment is necessary or proper to protect interest of the Trust Estate, or to enforce any claim, demand or contract for the Trust; and they shall defend, in their discretion, any suit against the Trust, or the Trustees or employees, agents or servants thereof. They may compromise and settle any suit or action, and discharge the same out of assets of the Trust Estate, together with court costs and attorneys' fees. All of such expenditures shall be treated as expenses of executing this Trust.

No purchaser at any sale or lessee under a lease made by the Trustees shall be bound to inquire into the expediency, propriety, validity or necessity of such sale or lease or to see to or be liable for the application of the purchase or rental moneys arising therefrom.

## ARTICLE VIII.
## Beneficiary of Trust.

**(1)** The Beneficiary of this Trust shall be the City of Tulsa, Oklahoma, a municipal corporation, under and pursuant to Title 60, Oklahoma Statutes 1961, Sections 176 to 180, both inclusive, as amended, and other statutes of the State of Oklahoma as presently in force and effect. Trustors now declare that this Trust Indenture shall be irrevocable from the moment it is signed by him and delivered to the Trustees, and that it shall thereafter stand without any power whatsoever at any time to alter, amend, revise, modify, revoke or terminate any of the provisions of this Trust Indenture, except with the consent of all parties in interest.

**(2)** Subject to the provisions of Article III (5) set forth above, the Beneficiary shall have no legal title, claim or right to the Trust Estate, its income, or to any part thereof or to demand or require any partition or distribution thereof. Neither shall the Beneficiary have any authority, power or right whatsoever, to do or transact any business for, or on behalf of, or binding upon the Trustees or upon the Trust Estate, nor the right to control or direct the actions of the Trustees pertaining to the Trust Estate, or any part thereof. The Beneficiary shall be entitled solely to the benefits of this Trust, as administered by the Trustees hereunder, and at the termination of the Trust, as provided herein, and then only the Beneficiary shall receive the residue of the Trust Estate.

## ARTICLE IX.
## Secretary of Trust.

The Trustees shall employ a Secretary of the Trustees to serve at their will, with compensation as set by themselves. The Secretary shall keep minutes of all meetings of the Trustees and shall maintain complete and accurate records of all their financial transactions, all such minutes, books and records to be on file in the office of the Trust. All meetings of the Trustees shall be open to the public, and the bonds, records and minutes of the Trustees shall be considered as public records and available for inspection at all times by any interest (sic) party.

## ARTICLE X.
## Termination of Trust.

This Trust shall terminate -

**(1)** When the purposes set out in Article III of this instrument shall have been fully executed; or

**(2)** In the manner provided by Title 60, Oklahoma Statutes 1961, Section 180.

Provided, however, that this Trust shall not be terminated by voluntary action if there be outstanding indebtedness or fixed term obligations of the Trustees, unless all owners of such indebtedness or obligations shall have consented in writing to such termination.

Upon the termination of this Trust, the Trustees shall proceed to wind up the affairs of this Trust, and after payment of all debts, expenses and obligations out of the moneys and properties of the Trust Estate to the extent thereof, shall distribute the residue of the money and properties of the Trust Estate to the Beneficiary hereunder. Upon final distribution, the powers, duties and authority of the Trustees hereunder shall cease.

## ARTICLE XI.

The Trustees accept the Trust herein created and provided for, and agree to carry out the provisions of this Trust Indenture on their part to be performed.

IN WITNESS WHEREOF, the Trustors and the Trustees have hereunto set their hands on the day and year indicated.

# APPENDIX II AMENDMENT NUMBER ONE TO THE TRUST INDENTURE DATED AUGUST 2, 1968, FOR THE METROPOLITAN TULSA TRANSIT AUTHORITY (SECTIONS 903, 904, AND 905)

*("Exhibit A" in Ord. No. 17329)*

KNOW ALL MEN BY THESE PRESENTS:

Whereas, the original Trustors and elected officials of the City of Tulsa, Oklahoma, i.e., J.M. Hewgley, Jr., Mayor; R. L. Langenheim, Commissioner of Waterworks and Sewerage; and William F. Lambert, City Auditor, created a Trust named the Metropolitan Tulsa Transit Authority for the use and benefit of the City of Tulsa, Oklahoma, a municipal corporation, under a Trust Indenture dated August 2, 1968, between the Trustors and certain citizens, i.e., A.E. McMillan, Fenelon Boesche, Rex M. Ball, M.M. Hargrove, and James A. Robinson, and elected officials of the City of Tulsa, John L. O'Brien, Commissioner of Finance and Revenue, and Robert J. LaFortune, Commissioner of Streets and Public Property, referred to in the Trust Indenture as Trustees; and

WHEREAS, the successor Trustors and elected officials, i.e., Rodger Randle, Mayor; Charlie L. King, Commissioner of Waterworks and Sewerage; and Philip W. Wood, City Auditor, wish to amend the Trust to change the number of Trustees and the terms of service of the Trustees; and

WHEREAS, the Trust Indenture can be amended only by the Trustors with the consent of the City of Tulsa as beneficiary and the consent of the five successor Trustees:

NOW THEREFORE, we, the undersigned elected officials and successor Trustors, Rodger Randle, Philip W. Wood, and Charlie L. King, under a Trust Indenture named the Metropolitan Tulsa Transit Authority and dated November 2, 1968, between J. M. Hewgley, Jr., R.L. Langenheim, William F. Lambert, as Trustors; and A.E. McMillan Fenelon Boesche, Rex M. Ball, M. M. Hargrove, James A. Robinson, John L. O'Brien, and Robert J. LaFortune, as Trustees; do hereby amend said Trust Indenture subject to the approval of the governing body of the City of Tulsa, and further subject to the approval of the successor Trustees, E.J. Hammond, Brook D. Tarbel, R. O. Laird, Henry Collier, Phyllis Levy, and Gary L. Watts, Commissioner of Finance and Revenue, and J.D. Metcalfe, Commissioner of Streets and Public Property, of the City of Tulsa, Oklahoma; as follows:

**I.**

Article VI of the Trust Indenture, entitled "The Trustees", is amended hereby in Paragraphs (1) and (2) to read as follows:

**ARTICLE VI**
**The Trustees**

**(1)** There shall be seven Trustees of this Trust who shall be appointed by the Mayor of the City of Tulsa, subject to the approval of the governing body of the City of Tulsa, and who shall serve for the initial and successive terms as stated hereinafter.

**(a)** One of the Trustees shall be ex officio the Mayor of the City of Tulsa, or the Mayor's designated representative who shall be a full-time City employee serving a one-year term.

**(b)** Robert O. Laird shall be a Trustee for a term ending July 31, 1990. E.J. Hammond shall be a Trustee for a term ending July 31, 1991. Henry Collier shall be a Trustee for a term ending July 31, 1992. shall be a Trustee for a term ending July 31, 1992. Brook D. Tarbel shall be a Trustee for a term ending July 31, 1993. Phyllis Levy shall be a Trustee for a term ending July 31, 1994.

**(c)** Successor Trustees shall be appointed by the Mayor, subject to approval of the governing body of the City of Tulsa. Each successor Trustee so appointed shall serve a three-year term, excepting ex officio the Mayor of the City of Tulsa, or the Mayor's designee. The Trustee who shall be the Mayor, or Mayor's designee, shall serve a one-year term. Vacancies occurring otherwise than through the expiration of term shall be filled for the unexpired term in the same manner as that provided for the appointment of a successor Trustee.

**(d)** Each successor Trustee duly appointed, without further act or conveyance, shall become fully vested with all of the estate, properties, rights, powers, duties and obligations of his or her predecessor hereunder, and with like effect as if originally named as Trustee.

**(e)** All Trustees, excepting the Mayor, or the Mayor's designee, during their term shall be subject to removal only by action of the District Court of Tulsa County, Oklahoma, and for cause shown.

**II.**

Except as amended herein, the Trustors and Trustees hereby ratify and confirm the provisions of the trust as originally executed on August 2, 1968.

IN WITNESS WHEREOF, this Amendment to Trust Indenture has been duly executed on the 27th day of February, 1990, and shall take effect at 12:00 noon, on the 8th day of May, 1990.

## CHAPTER 10. TULSA AUTHORITY FOR ECONOMIC OPPORTUNITY*

Section 1000. Beneficial interest in Tulsa Authority For Economic Opportunity.
Section 1001. Authorization to endorse approval of Trust.
Appendix I Trust indenture (Sections 1000, 1001)

### Section 1000. Beneficial interest in Tulsa Authority For Economic Opportunity.

That the Tulsa Authority For Economic Opportunity created by Trust Indenture dated March 7, 1969, amended on January 4, 1972, December 13, 1973, January 26, 1978, July 14, 1986, March 1, 1990 (effective May 8, 1990), March 4, 1991, and as amended and restated by the Amended and Restated Trust Indenture dated as of the 25th day of February, 2021, a copy of which Amended and Restated Trust Indenture is available for inspection at the office of the City Clerk, wherein the City of Tulsa remains and is designated as the sole beneficiary of the Tulsa Authority For Economic Opportunity Trust, is hereby approved and the City of Tulsa hereby accepts the beneficial interest in the Tulsa Authority For Economic Opportunity and accepts all the terms and provisions of the Amended and Restated Trust Indenture as authorized by the applicable statutes of the State of Oklahoma.

*(Ord. No. 24590, § 1, 4-7-2021)*

### Section 1001. Authorization to endorse approval of Trust.

That the Chair of the Tulsa City Council and the Mayor and the City Clerk of the City of Tulsa are hereby authorized, instructed and directed to endorse upon the original of said Amended and Restated Trust Indenture the approval of the City of Tulsa, Oklahoma of said Amended and Restated Trust Indenture creating the Tulsa Authority For Economic Opportunity and the City's acceptance of the beneficial interest therein.

*(Ord. No. 24590, § 2, 4-7-2021)*

***Editor's note—**Ord. No. 24590, adopted April 7, 2021, amended Chapter 10 in its entirety to read as herein set out. Former Chapter 10, §§ 1000—1021, Appendices I—VII, pertained to Tulsa Industrial Authority, and derived from Ord. No. 11397; Ord. No. 12352; Ord. No. 13043; Ord. No 14032; Ord. No. 16642; Ord. No. 17296; Ord. No. 17525.

## APPENDIX I TRUST INDENTURE (SECTIONS 1000, 1001)

### THE TULSA AUTHORITY FOR ECONOMIC OPPORTUNITY AMENDED AND RESTATED TRUST INDENTURE

THIS AMENDED AND RESTATED TRUST INDENTURE, dated as of the 25th day of February, 2021, is made and entered into by the TULSA CHAMBER OF COMMERCE, as the Trustor, and the Trustees selected as provided herein, and their respective successors in office, to be known as the Trustees of the TULSA AUTHORITY FOR ECONOMIC OPPORTUNITY, as Trustees.

**WITNESSETH:**

WHEREAS, the Tulsa Industrial Authority was created by Trust Indenture dated March 7, 1969, as amended by the Amendment to Trust dated January 4, 1971, as further amended by the Second Amendment to Trust Indenture dated December 13, 1973, as further amended by the Third Amendment to Trust Indenture dated January 26, 1978, as further amended by Fourth Amendment to Trust Indenture dated July 14, 1986, as further amended by the Fifth Amendment to Trust Indenture dated March 1, 1990, as further amended by the Sixth Amendment to Trust Indenture dated March 4, 1991; and

WHEREAS, the Trustor, the presently qualified and acting Trustees of the Trust, and the Beneficiary of the Trust, the City of Tulsa, Oklahoma, have determined it to be in the best interests of the Trust Estate, in order to better fulfill its comprehensive purposes, to change the name of the Trust and to further amend and restate the Trust Indenture as provided herein.

NOW, THEREFORE, the undersigned Trustor and presently qualified and acting Trustees of the Trust, by and with the consent and agreement of the Beneficiary, do hereby contract, agree and covenant between themselves and the Beneficiary that they will execute and administer the Trust declared and created in the Trust Indenture as hereinafter amended and restated as Trustees for the Beneficiary and that they do and will hold, receive and administer the Trust Estate solely for the use and benefit of said Beneficiary, for the public purposes and functions and in the manner provided in said Trust Indenture as hereafter amended and restated.

In consideration of the payment by the Trustor to the Trustees of the sum of One Dollar ($1.00), receipt of which is hereby acknowledged, the mutual covenants herein set forth, and other valuable considerations, the said Trustees agree to hold, manage, invest, assign, convey, lease and distribute as herein provided, authorized and directed, such property as Trustor, or others, may from time to time assign, transfer, lease, convey, give, bequeath, devise or deliver unto this Trust or the Trustees hereof.

TO HAVE AND TO HOLD such property and the proceeds, rents, profits and increases thereof unto said Trustees and said Trustees' successors and assigns, but nevertheless in trust, for the use and benefit of the City of Tulsa, Oklahoma, hereby designated and referred to as Beneficiary of this Trust, and upon the following trusts, terms and conditions herein stated.

## ARTICLE I
## CREATION OF TRUST

The undersigned Trustor creates and establishes a trust for the use and benefit of the Beneficiary, for the public purposes hereinafter set forth, under the provisions of the Oklahoma Trust Act, OKLA. STAT. tit. 60, §§ 176—180, as amended, and other applicable statutes and laws of the State of Oklahoma.

## ARTICLE II
## THE NAME

The name of this Trust shall be "Tulsa Authority for Economic Opportunity". Under that name, the Trustees shall conduct all business and execute or authorize the execution of all instruments and otherwise perform the duties and functions required in the execution of this Trust.

## ARTICLE III
## PURPOSES

In order to promote the general public health, safety, welfare and economic stability of the Beneficiary municipality, the purposes of this Trust are:

**(1)** To promote, stimulate, encourage and finance economic growth and development, and promote racial equity and resolve disparities in economic outcomes of the general public, including but not limited to securing commercial and industrial growth and development and otherwise promoting; assisting and encouraging the general economic welfare and prosperity within, without and near the territorial limits of the Beneficiary municipality and the State of Oklahoma.

**(2)** To promote, develop, finance, participate in and secure employment centers, business parks, and industrial parks which will facilitate the creation of living-wage jobs, promote economic mobility and support the long-term growth and resilience of Tulsa's economy.

**(3)** To promote, assist, encourage, participate in and secure the development, redevelopment, preservation and/or renewal of the Beneficiary's public parks and park lands, its blighted urban and suburban areas, its business and central business districts and areas, and such other community development efforts as may be in the interests of promoting, protecting and developing the general public health, safety and welfare within, without or near the territorial limits of the Beneficiary municipality.

**(4)** To promote, develop, finance, participate in and secure adequate housing and related facilities within, without or near the territorial boundaries of the Beneficiary municipality; to participate in housing programs, including but not limited to housing deemed to be affordable or workforce housing, related to or undertaken as a part of development, redevelopment, rehabilitation or conversion activities whether related to single family or multi-family dwellings including, without limitation, the following activities:

**a)** making or participating in making loans or grants to non-profit sponsors of affordable housing;

**b)** making or participating in making loans to persons for use in constructing, acquiring, rehabilitating or improving low-income housing on such terms and conditions as may be prescribed by the Trust;

**c)** participating in all state, local and federal programs relating to housing and housing projects.

**(5)** To promote the general public health, safety and welfare and to protect it against the effects and consequences of air, water and ground pollution and to finance, encourage, assist or conduct activities as may be necessary for or used to, in whole or in part, abate or control water, ground or atmospheric pollution or certain inaction by, in whole or in part, removing, altering, disposing, retarding or storing pollutants, contaminants, wastes or heat, within, without or near the territorial limits of the Beneficiary municipality.

**(6)** To promote, develop and finance sports, entertainment, cultural, convention and trade show facilities within, without, or near the territorial limits of the Beneficiary municipality.

**(7)** To promote, develop, finance, participate in and secure the expansion of medical, surgical and other health care activities and facilities, including hospitals, extended care facilities, clinics, and other similar facilities and such facilities as may be related thereto.

**(8)** To perform on behalf of the Beneficiary the functions, activities and powers authorized by industrial and economic development statutes including, without limitation, the Local Development Act, OKLA. STAT. tit. 62 §§ 850—869.

**(9)** To provide funds for the cost of financing, refinancing, acquiring, constructing, purchasing, equipping, maintaining, leasing, repairing, improving, extending, enlarging, remodeling, holding, storing, operating and administering any or all aforesaid property, improvements, buildings, facilities, and all properties (real, personal or mixed), necessary or desirable for executing and fulfilling the Trust purposes as set forth in this instrument and all other charges, costs, and expenses necessarily incurred in connection therewith and in so doing, to incur indebtedness, either unsecured or secured by all or any part of the Trust Estate and its revenues.

**(10)** To expend all funds coming into the hands of the Trustees as revenue or otherwise for the payment of any indebtedness incurred by the Trustees for purposes specified herein, and in the payment of the aforesaid costs and expenses, and in payment of any other obligation properly chargeable against the Trust Estate, and to distribute the residue and remainder of such funds to the Beneficiary.

**(11)** To contract for and receive grants or donations made by public, private, corporate, non-profit, or other entities to be used for any of the foregoing purposes.

**(12)** To promote, develop and finance the expansion of any transportation facilities serving the general public commuting on a day-to-day basis by means of any form of transport including, without limitation, vehicular, rail, air or water, within, without or near the territorial limits of the Beneficiary municipality and any public or quasi-public parking facilities.

**(13)** To acquire, construct, own, maintain, operate or cause to be operated one or more parking lots, parking areas, parking buildings or structures of any size or nature

for parking or storing vehicles and to charge fees for the use of such facilities by the public. The Trust's ownership, maintenance and operation of such facilities is hereby declared to be a public use and such facilities to constitute a public benefit.

**(14)** To acquire, construct, own, maintain, operate or cause to be operated any and all physical properties and facilities needed or convenient for the provision of services in connection with parking lots, parking areas, parking buildings or structures which may be useful in stimulating, securing, developing and maintaining commercial industrial, manufacturing, cultural, educational and other economic development activities.

**(15)** To lease, rent, sell or otherwise dispose of any or all of such facilities either in the execution of any of the foregoing trust purposes or in the event that such facilities are no longer needed for such purposes.

## ARTICLE IV
## DURATION OF TRUST

This Trust shall have duration for the term of duration of the Beneficiary and until such time as its purposes shall have been fully fulfilled, or until it shall be terminated as hereinafter provided.

## ARTICLE V
## THE TRUST ESTATE

The Trust Estate shall consist of:

**(1)** The funds and property presently in the hands of the Trustees and dedicated by the Trustor and others to be used for trust purposes.

**(2)** Any and all leasehold rights demised to the Trustees for the purposes of this Trust.

**(3)** Any and all money, property (real, personal or mixed), rights, choses in action, contracts, leases, privileges, immunities, licenses, franchises, benefits, and all other things of value coming into the possession of the Trustees pursuant to the provisions of this Amended and Restated Trust Indenture.

The instruments executed for each project and such issuance of Trustees' Bonds and other indebtedness, shall set out the specific property of the Trust Estate exclusively pledged and mortgaged for the payment of such indebtedness.

## ARTICLE VI
## THE TRUSTEES

**(1)** There shall be a total of thirteen (13) Trustees of this Trust. The Trustees shall all be citizens and residents of the Beneficiary.

**a)** The Mayor of the City of Tulsa (the "Mayor") and each of the five Commissioners of the Tulsa Development Authority, an Oklahoma Urban Renewal Authority (the "TDA Commissioners") shall be ex-officio Trustees with all rights, privileges, duties and responsibilities of the Trustees as herein provided, and shall serve for their respective terms of office (each a "Term of Office") and be succeeded by their successors in office; PROVIDED, HOWEVER, the Mayor may appoint an officer or full-time employee of the City of Tulsa to attend meetings of the Trust as the

representative of the Mayor and such representative shall be vested with all rights, privileges, duties and responsibilities of the Trustees as herein provided, for the period of such appointment.

**b)** There shall be seven (7) additional Trustees appointed by the Mayor subject to the approval of the City Council; the Trustees shall initially serve staggered terms as set out below.

**(1)** Office No. One, Craig Abrahamson, shall serve a term ending June 30, 2022.

**(2)** Office No. Two, Larry Rooney, shall serve a term ending June 30, 2022.

**(3)** Office No. Three, Terrell Siegfried, shall serve a term ending June 30, 2023.

**(4)** Office No. Four, Joan Parkhurst, shall serve a term ending June 30, 2023.

**(5)** Office No. Five, Cassia Carr, shall serve a term ending June 30, 2023.

**(6)** Office No. Six, Elian Hurtado, shall serve a term ending June 30, 2024.

**(7)** Office No. Seven, Katie Plohocky, shall serve a term ending June 30, 2024.

**c)** The Mayor shall endeavor and use every reasonable effort to nominate Trustees in such a manner that the Board of Trustees is representative of the gender, racial, ethnic, and demographic characteristics of the population of the territorial limits of the Beneficiary municipality. Each of the successor Trustees so appointed shall serve a term commencing on the date of City Council approval of the Mayor's appointment and ending three (3) years following the end of the then-current fiscal year, with each term expiring on June 30 of the relevant calendar year. The fiscal year of the Trust shall extend from July 1 through June 30.

**d)** The Mayor shall further endeavor and use every reasonable effort to nominate Trustees who hold knowledge, skills, and expertise which are critical to the execution of the purposes of the Trust.

**e)** Vacancies occurring otherwise than through the expiration of term shall be filled for the unexpired term in the same manner as that provided for the appointment as a successor Trustee.

**(2)** The Mayor or, in the event that the Mayor has appointed a representative to serve as a Trustee in his or her stead, the Mayor's representative shall serve as Chairman of the Trustees and shall preside at all meetings and perform other duties designated by the Trustees. The Trustees shall designate the time and place of all regular meetings. All actions by the Trustees pursuant to the provisions of this Amended and Restated Trust Indenture shall be approved by the affirmative vote of at least a majority of the Trustees constituting a quorum and qualified to act as such under the provisions of this Amended and Restated Trust Indenture. The Trustees shall elect annually, by majority vote at the beginning of each fiscal year one or more of their members to be Vice-Chairman who shall act in the place of the Chairman during the latter's absence or incapacity to act.

**(3)** The Trustees shall elect, at the same time and in the same manner, a Secretary and a Treasurer of the Trustees either of whom may or may not be a Trustee. The Secretary shall keep minutes of all meetings of the Trustees and shall maintain complete and accurate records of all their financial transactions, all such minutes, books and records to be on file in the office of the Trust.

**(4)** All meetings of the Trustees shall be open to the public, and the books, records and minutes of the Trustees shall be considered as public records and available for inspection at all times by any interested party.

**(5)** The Trustees may appoint an executive director or manager for the Trust Estate, and may employ such other clerical, professional, legal and technical assistance as may be deemed necessary in the discretion of the Trustees to properly operate the business of the Trust Estate, and may fix their duties, terms of employment and compensation. All Trustees shall serve without compensation but shall be reimbursed for actual expenses incurred in the performance of their duties hereunder. In the event an executive director or manager for the Trust Estate is appointed by the Trustees, that person shall administer the business of the Trust Estate as directed from time to time by the Chairman and/or the Trustees.

**(6)** The Trustees may appoint an Executive Committee and such other permanent or ad hoc committees as are necessary or desirable for the efficient exercise of the Trustees duties and the proper administration of the Trust Estate.

**(7)** The Trustees are authorized to contract, in connection with the incurring of any funded indebtedness secured by the Trust Estate and/or its revenues, or any part of either or both, that in the event of a default in the fulfillment of any contract obligation undertaken on behalf of the Trust Estate or in payment of any indebtedness incurred on behalf of the Trust Estate, that a Temporary Trustee or Trustees or Receiver shall be appointed to succeed to the rights, powers and duties of the Trustees then in office. Any such contract, if made, shall set out the terms and conditions under which such Temporary Trustee or Trustees or Receiver shall be appointed, and operate the Trust Estate and provide for compensation to be paid, and appointment to be vacated and permanent Trustees to be automatically reinstated upon termination of all defaults by which the appointment of Temporary Trustee, or Trustees or Receiver was authorized.

**(8)** Bonds or other evidences of indebtedness to be issued by the Trustees shall not constitute an indebtedness of the State of Oklahoma, nor of the Beneficiary, nor personal obligations of the Trustees of the Trust, but shall constitute obligations of the Trustees payable solely from the Trust Estate.

**(9)** The Trustees, the State of Oklahoma and the Beneficiary hereof shall not be charged personally with any liability whatsoever by reason of any act or omission committed or suffered in good faith or in the exercise of their honest discretion in the performance of such Trust or in the operation of the Trust Estate; but any act or liability for any omission or obligation of the Trustees in the execution of such Trust, or in the operation of the Trust Estate, shall extend to the whole of the Trust Estate or so much thereof as may be necessary to discharge such liability or obligation.

**(10)** Notwithstanding any other provision of this Indenture which shall appear to provide otherwise, no Trustee or Trustees shall have the power or authority to bind or obligate any other Trustee, or the Beneficiary, in his or its capacity, nor can the Beneficiary bind or obligate the Trust or any individual Trustee.

## ARTICLE VII
## POWERS AND DUTIES OF THE TRUSTEES

To accomplish the purposes of the Trust, and subject to the provisions and limitations otherwise provided in this Amended and Restated Trust Indenture, the Trustees shall

have, in addition to the usual powers incident to their office and the powers granted to them in other parts of this Amended and Restated Trust Indenture, the following rights, powers, duties, authority, discretion and privileges, all of which may be exercised by them without any order or authority from any court.

**(1)** To finance, refinance, acquire, develop, redevelop, enlarge, extend, improve, maintain, equip, operate, lease, furnish, exchange, sell at public or private sale, hold, alienate, transfer, encumber, loan, use, and/or administer any of the property, buildings or facilities reasonably required for, functionally related or incident to the pursuit, development, execution and/or fulfillment of the Trust purposes as set forth and enumerated in Article III hereof as the Trustees shall determine necessary within, without and/or near the territorial limits of the Beneficiary municipality for the benefit of the said Beneficiary, its general public and the general public of the area and State of Oklahoma.

**(2)** To enter into contracts for the acquisition and construction of property, buildings and facilities authorized to be acquired and constructed pursuant to the terms of this Amended and Restated Trust Indenture.

**(3)** To enter into contracts for the sale of bonds, notes or other evidences of indebtedness or obligations of the Trust for the purpose of providing conduit financing and for the purpose of acquiring, equipping or constructing property, buildings, improvements and facilities authorized to be acquired or constructed pursuant to the terms of this Trust Indenture and for said purposes may:

**a)** Employ a financial advisor, or committee of advisors, to advise and assist the Trustees in the marketing of such bonds, notes or other evidence of indebtedness or obligations, and to present financial plans for the financing of the acquisition or construction of each project and to recommend to, or consult with, the Trustees concerning the terms and provisions of bond indentures and bond issues, and may pay appropriate compensation for such work and services performed in the furtherance of the project.

**b)** Issue bonds, notes and other evidences of indebtedness or obligations of the Trust of varying series and of stated, variable or convertible maturities the annual rate or rates of interest on which (whether or not in effect for fixed or variable annual interest periods, and whether or not from time to time exempt in whole or in part from state and federal income taxation) may be either fixed or variable (and in either case convertible and reconvertible from one to the other); sell such bonds, notes or other evidences of indebtedness or obligations of the Trust in whole or in installments or series and on such terms and conditions and in such manner as the Trustees shall deem to be in the best interest of the Trust Estate; lend the proceeds of such bonds, notes or other evidences of indebtedness or obligations of the Trust to individuals, partnerships, associations, corporations and others, including agencies or authorities of the United States of America, or of the State of Oklahoma, or of any municipality thereof, and also including all municipal or other political subdivisions of the State of Oklahoma, as well as the Beneficiary hereof, pursuant to loan agreements, whether secured or unsecured, on such terms and conditions and in such manner as the Trustees shall deem to be in the best interest of the Trust Estate; and grant, bargain, sell, convey, mortgage, pledge,

assign and give security interests in the revenues, receipts and other payments receivable under the rights and privileges of the Trust pursuant to such loan agreements to secure such bonds, notes or other evidences of indebtedness or obligations of the Trust; and

**c)** Appoint and compensate attorneys, paying agencies and corporate trustees in connection with the issuance of any such bonds, notes, evidences of indebtedness or other obligations of the Trust.

**(4)** To enter into and execute, purchase, lease or otherwise acquire property (real, personal or mixed), contracts, leases, rights, privileges, benefits, choses in action, or other things of value and to pay for the same in cash, with bonds or other evidences of indebtedness or otherwise.

**(5)** To make and change investments, to convert real into personal property, and vice versa, to lease, improve, exchange or sell, at public or private sale, upon such terms as they deem proper, and to resell, at any time and as often as they deem advisable, any or all the property in the Trust, real and personal; to borrow money, or renew loans to the Trust, to refund outstanding bonded indebtedness and to execute therefor notes, bonds or other evidences of indebtedness, and to secure the same by mortgage, lien, pledge or otherwise; to purchase property from any person, firm or corporation, and lease land and other property to and from the Beneficiary and construct, improve, repair, extend, remodel and equip buildings and facilities thereon and to operate or lease or rent the same to individuals, partnerships, associations, corporations and others, including the United States of America or the State of Oklahoma and agencies or authorities of the United States of America, or of the State of Oklahoma, or of any municipality thereof, and also including all municipal or other political subdivisions of the State of Oklahoma as well as the Beneficiary hereof, and to do all things provided for in Article III of this Trust Indenture, and procure funds necessary for such purpose by the sale of bonds or other evidences of indebtedness by a mortgage, lien, pledge or other encumbrance or otherwise of such real and personal property, buildings and facilities owned or otherwise acquired, leased or controlled by Trustees, and by rentals, income, receipts and profits therefrom, or from any other revenue associated with the ownership, operation or control of the property of the Trust; to lease or sublease any property of the Trust or of which the Trustees may become the owners or lessees.

**(6)** To fix, demand and collect charges, rentals and fees for the services, property, buildings and facilities of the Trust; to discontinue furnishing of properties, buildings and facilities to any person, firm or corporation, or public instrumentality, delinquent in the payment of any indebtedness to the Trust; to purchase and sell such supplies, goods and commodities as are incident to the operation of its properties.

**(7) a)** To make and perform contracts of every kind, including management contracts, with any person, firm, corporation, association, trusteeship, municipality, government or sovereignty; and without limit as to amount to draw, make, accept, endorse, assume, guarantee, account, execute and issue promissory notes, drafts, bills of exchange, acceptance, warranties, bonds, debentures, and other negotiable or non-negotiable instruments, obligations and evidences of

unsecured indebtedness, or of indebtedness secured by mortgage, deed of trust or otherwise upon any or all property or income of the Trust, in the same manner and to the same extent as a natural person might or could do. To collect and receive any property, money, rents, or income of any sort and distribute the same or any portion thereof for the furtherance of the authorized Trust purposes set out herein.

**b)** The Trustees shall file with the governing body of the City of Tulsa a certified copy of the annual audit made of the funds, accounts and fiscal affairs of the Trust at the time as is required by OKLA. STAT. tit. 60, §§ 180.1 and 180.2, as amended.

**(8)** To enter into contracts for the sake of administering grants and donations and any associated scope of work associated with the grant or donation.

**(9)** To adopt Bylaws to be binding upon said Trustees as to the manner in which they shall conduct their affairs, jointly perform their duties, and execute the objects and purposes of this Trust. Said Bylaws may provide for the establishment of rules and procedures governing the creation and operation of the permanent and ad hoc committees established by the Trustees, including, without limitation, the delegation and scope of authority given said committees.

**(10)** To do all other acts in their judgment necessary or desirable for the proper and advantageous management, investment, and distribution of the Trust Estate and income therefrom.

The whole title, legal and equitable, to the properties of the Trust is and shall be vested in the Trustees, as such title in the Trustees is necessary for the due execution of this Trust. Said Trustees shall have and exercise exclusive management and control of the properties of the Trust Estate for the use and benefit of the beneficiary.

The Trustees may contract for the furnishing of any services or the performance of any duties that they may deem necessary, or proper, and pay for the same as they see fit.

The Trustees may select depositories for the funds and securities of this Trust. Temporary Trustee or Trustees or Receiver appointed pursuant to paragraph 6 of Article VI hereof may employ special counsel to represent them and such special counsel's compensation shall be paid from revenues of the Trust Estate.

The Trustees may compromise any debts or claims of or against the Trust Estate, and may adjust any dispute in relation to such debts or claims by arbitration or otherwise and may pay any debts or claims against the Trust Estate upon any evidence deemed by the Trustees to be sufficient. The Trustees may bring any suit or action, which in their judgment is necessary or proper to protect interest of the Trust Estate, or to enforce any claim, demand or contract for the Trust; and they shall defend, in their discretion, any suit against the Trust, or the Trustees or employees, agents or servants thereof. They may compromise and settle any suit or action, and discharge the same out of assets of the Trust Estate, together with court costs and attorneys' fees. All such expenditures shall be treated as expense of executing this Trust.

No purchaser at any sale or lessee under a lease made by the Trustee shall be bound to inquiry into the expediency, propriety, validity or necessity of such sale or lease or to see to or be liable for the application of the purchase or rental moneys arising therefrom.

**(11)** The provisions of this Trust shall not be applicable to nor used by the Trustees for the purpose of purchasing, condemning, or otherwise acquiring a utility plant or distribution system owned or operated by a regulated public utility or for the purpose of constructing and/or operating a utility plant which would be in competition with a regulated public utility.

## ARTICLE VIII
## BENEFICIARY OF TRUST

**(1)** The beneficiary of this Trust shall be the Beneficiary, under and pursuant to OKLA. STAT. tit. 60, §§ 176—180, inclusive, as amended and supplemented, and other statutes of the State of Oklahoma, presently in force and effect. Trustor now declares that this Trust Indenture may be altered, amended, revised and/or modified with written consent of Trustor, Trustees and Beneficiary, which written consents shall be endorsed on any instrument of alteration, amendment, revision and/or modification; Provided, that no such alteration, amendment, revision or modification shall in any way impair the rights of the holder or holders of any bonds or other evidences of indebtedness of the Trust or party to whom the Trust is indebted without the written consent of any and all such holders and/or parties evidenced in the manner aforesaid.

**(2)** The Beneficiary shall have no legal title, claim or right to the Trust Estate, its income, or to any part thereof or require any partition or distribution thereof. Neither shall the Beneficiary have any authority, power or right, whatsoever, to do or transact any business for, or on behalf of, or binding upon the Trustees or upon the Trust Estate, nor the right to control or direct the actions of the Trustees pertaining to the Trust Estate, or any part thereof. The Beneficiary shall be entitled solely to the benefits of this Trust, as administered by the Trustees hereunder, and at the termination of the Trust, as provided herein, and then only, the Beneficiary shall receive the residue of the Trust Estate.

## ARTICLE IX
## TERMINATION OF TRUST

This Trust shall terminate —

**(1)** When the purposes set out in Article III of this instrument shall have been fully executed; or

**(2)** In the manner provided by OKLA. STAT. tit. 60, § 180; provided, however, that this Trust shall not be terminated by voluntary action if there be outstanding indebtedness or fixed term obligations of the Trustees, unless all owners of such indebtedness or obligations shall have consented in writing to such termination.

Upon the termination of this Trust, the Trustees shall proceed to wind up the affairs of this Trust, and after payment of all debts, expenses and obligations out of the moneys and properties of the Trust Estate to the extent thereof, shall distribute the residue of the money and properties of the Trust Estate to the beneficiary hereunder. Upon final distribution, the powers, duties and authority of the Trustee hereunder shall cease.

## ARTICLE X
## ACCEPTANCE

The Trustees accept the Trust herein created and provided for, and agree to carry out the provisions of this Trust Indenture on their part to be performed.

IN WITNESS WHEREOF, the Trustor and the Trustees have hereunto set their hands on the day and year indicated.

## CHAPTER 11. THE REGIONAL METROPOLITAN UTILITY AUTHORITY

Section 1100. Beneficial interest accepted in The Regional Metropolitan Utility Authority.
Section 1101. Mayor and Auditor authorized to execute instruments.
Appendix I Declaration of Trust of The Regional Metropolitan Utility Authority (Sections 1100 and 1101) (Ord. No. 12644).

### Section 1100. Beneficial interest accepted in The Regional Metropolitan Utility Authority.

The beneficial interest in and to the express trust known as The Regional Metropolitan Utility Authority dated the 10th day of October, 1972, be and the same is hereby accepted by the governing body of the City of Tulsa acting by and through the Board of Commissioners thereof for and on behalf of said City.

*(Ord. No. 12644)*

### Section 1101. Mayor and Auditor authorized to execute instruments.

The Mayor of the City of Tulsa and all other officers of said City are hereby authorized and directed to sign, execute and deliver any, every and all instruments of writing necessary or convenient to effect and accomplish the trust purposes, and are hereby authorized to receive and accept for the use and benefit of the City all of said benefits, monies or emoluments that may be received or flow from said trust, all as provided in the Declaration of Trust dated the 10th day of October, 1972.

*(Ord. No. 12644)*

## APPENDIX I DECLARATION OF TRUST OF REGIONAL METROPOLITAN UTILITY AUTHORITY (SECTIONS 1100 AND 1101)

*(Ord. No. 12644)*

KNOW ALL MEN BY THESE PRESENTS:

### I.
### CREATION OF TRUST

The undersigned, as Trustors, hereby irrevocably do create, establish and constitute, under the laws of the State of Oklahoma (generally but no (sic) exclusively pursuant to Title 60, Sections 176 to 180, inclusive, Oklahoma Statutes, 1971, as amended and to the Oklahoma Trust Act) a Trust for the public purposes and functions hereinafter set forth.

### II.
### NAME

The name of this Trust shall be, and the Trustees in their representative fiduciary capacity shall be designated as "THE REGIONAL METROPOLITAN UTILITY AUTHORITY" (hereinafter called "Authority").

Under that name they shall, so far as practicable, conduct all business, and execute all instruments in writing, and otherwise perform their duties and functions in the execution of this Trust.

### III.
### PURPOSES

The purposes of the Authority are:

For the Beneficiary as hereinafter described—

**(a)** To provide, create, acquire, extend, enlarge, develop, improve, operate, maintain, regulate, conserve and protect water supply facilities, for the safe-guarding of public health, the protection of persons and property, and the implementation and conservation of public welfare; and the foregoing shall include (without limitation by specification) incidental and collateral public uses of any and all kinds whatsoever;

**(b)** To provide, create, acquire, extend, enlarge, develop, improve, operate, maintain, regulate, conserve and protect waste water facilities including but not limited to solid waste, liquid waste, and industrial, commercial, and domestic waste, for the safeguarding of public health, the protection of persons and property, and the implementation and conservation of public welfare; and the foregoing shall include (without limitation by specification) incidental and collateral public uses of any and all kinds whatsoever;

**(c)** To provide, create, acquire, extend, enlarge, develop, improve, operate, maintain, regulate, conserve and protect pollution control facilities as the same may be defined or recognized and as they affect the public health and welfare, for the safeguarding of public health, the protection of persons and property, and the implementation and conservation of public welfare; and the foregoing shall include (without limitation by specification) incidental and collateral public uses of any and all kinds whatsoever;

**(d)** To institute, furnish, provide and supply to persons (natural, corporate, municipal or governmental, or any one or more thereof) services and the utilization of physical facilities of any and all kinds compatable (sic) with the nature of the Trust Estate; to fix, demand, collect and expand rents, rates, fees and charges in consideration of any of the foregoing; and to establish and enforce rules, regulations and practices in relation to such service, utilization of physical facilities and the Trust Estate, which rules, regulations and practices may provide for the discontinuance of or debarring from such services or physical facility utilization by reason of violation of any requirement established by the Trustees or for non-payment of any sum payable to the Authority for any cause whatsoever;

**(e)** To acquire by lease, purchase, production, reduction to possession, or otherwise, and to construct, equip, maintain, hold, store, operate and administer any property (real, personal and/or mixed), rights, privileges, immunities, franchises, benefits and any other things of value, designed, adaptable to or needful for utilization in instituting, extending, enlarging, furnishing, improving, providing, or supplying any of the aforementioned services and physical facilities, or any of them; to comply with the terms and conditions of any leases or other contracts made in connection with the acquiring, equipping, maintaining, regulating and/or disposing of any of the Trust Estate; and to relinquish, dispose of, rent or otherwise alienate, or otherwise make any provision for, or take any action relating to any of the Trust Estate, including (without limitation by specification) the marketing or otherwise disposing of any of the Trust Estate which shall be deemed, by the Trustees, to be not required or in excess of the needs for executing the purposes set forth in paragraphs (a), (b), and (c) of this Section.

**(f)** To provide funds for the costs of financing the creation, acquisition, institution, development, operation, maintenance, regulation, administration, conservation and protection of the Trust Estate and the aforesaid services and facilities, or any of them; and in so doing (without limitation by specification) to incur indebtedness, either unsecured or secured by all or part of the Trust Estate and/or all or part of the revenues of the Authority.

**(g)** To expend any funds coming into the hands of the Trustees as revenues or otherwise, in the enlargement, maintenance and operation of the Trust Estate and in payment of the costs and expenses of executing the purposes of the Authority, including (without limitation by specification) the payment of all indebtedness and obligations incurred for trust purposes or properly chargeable against the Trust Estate; and to distribute any residue or remainder of said funds or any other of the Trust Estate to the components of the Beneficiary as set forth in Section VIII of this instrument.

**(h)** Whenever the same shall be or become material, the purposes set forth in paragraphs (a), (b), and (c) of this Section shall be deemed the primary objectives of the Authority, and the provisions of the paragraphs thereafter shall be deemed in implementation of and collateral to said primary objectives.

**(i)** The purposes above set forth shall be accomplished for the use and benefit of the primary beneficiaries as hereinafter designated and for any component beneficiary as may hereinafter become a part of this Trust, within and without the municipal

corporate limits of said beneficiaries or the county limits of a beneficiary and in such area or areas as a beneficiary might in its own stead perform such purposes as a proper function of their particular governmental unit.

## IV.
## DURATION

This Authority shall have duration for the longest term of duration of any of the Beneficiaries as hereinafter described, and until such time as its purposes shall have been fully executed and fulfilled, or until it shall be terminated as hereinafter provided.

## V.
## TRUST ESTATE

The Trust Estate shall consist of:

**(a)** The funds presently in the hand of the Trustees, donated for the trust purposes by the Trustors, and

**(b)** All money, property (real, personal and/or mixed) rights, choses in action, contracts, leases, privileges, franchises, benefits and all other things of value (whether or not above described) coming into the hands, or under the control of the Trustees pursuant to the provisions of this instrument or by virtue of their trusteeship hereunder.

## VI.
## THE TRUSTEES

**(a)** The Trustees hereunder, and their successors, do hereby contract, agree and covenant between themselves, with and to the State of Oklahoma, and with and to the Beneficiaries hereinafter described, as by law now in force and effect, that they will execute the Trust herein declared, created and constituted, as Trustees for the Beneficiaries as hereinafter specified, and that they do and will receive, hold and administer the Trust Estate hereinabove described in Trust, solely for the use and benefit of the said Beneficiaries in the manner provided in this instrument, or in the absence of applicable provisions herein then in the manner provided by now existing law.

**(b)** The Trustees shall be a minimum of seven (7) in number constituted as follows:

**1.** Commencing with the creation of the Authority and for twelve (12) calendar months from the date of said creation, the undersigned Trustors and Trustees shall be and constitute the Trustees of the Authority. In the event of a vacancy, the remaining Trustees shall fill said vacancy.

**2.** From and after twelve (12) calendar months from the date of creation of the Authority, the Trustees of the Authority shall be ex officio the same persons that currently are the appointive members of the Utility Board of The City of Tulsa, Oklahoma, (which constitutes five (5) in number) and one (1) Trustee elected by said five (5) Trustees and two (2) Trustees who shall be appointed by the City Council of the City of Broken Arrow, Oklahoma. In the event that the greater portion of the powers and duties of said Utility Board, relevant to Authority purposes, shall be transferred to any other governmental officer, board, agency or

instrumentality, the personal incumbency thereof ex officio shall succeed to Trusteeship hereunder, without distinction as to office held, when a majority of those so entitled have qualified as such in the manner provided in paragraph (f) of this Section, but in no event shall the number of Trustees ex-officio, a successor or successors to the Utility Board of the City of Tulsa, Oklahoma, be less than five (5) in number. Each person of the classes of persons described in the foregoing sentences of this sub-paragraph shall be entitled to qualify as, and to become a Trustee of the Authority in the manner provided in paragraph (f) of this Section.

**3.** Notwithstanding anything heretofore to the contrary, however, the Trustees described in sub-paragraph numbered 1 shall continue as sole Trustees of the Authority (unless temporarily replaced pursuant to paragraph (3) of this Section) until a majority of the persons of any class described in sub-paragraph numbered 2 of this Section shall have qualified in the manner provided in paragraph (f) of this Section.

**4.** If at any time the number of persons eligible as a class to ex officio Trusteeship shall be reduced by governmental action, any person, who by such action, shall cease to be a member of said class shall forthwith cease to be a Trustee. However, where this section is applicable to ex officio Utility Board of the City of Tulsa, Oklahoma, the Board of City Commissioners of Tulsa, Oklahoma, shall designate such Trustees as shall maintain the number of Trustees at five (5).

**5.** In the event that a component Beneficiary becomes a part of this Trust as hereinafter provided, then and in that event such Beneficiary shall be entitled to one Trustee who shall be appointed by the governing body of said component Beneficiary. However, in no instance shall the Trustees exceed thirteen (13) in number. Any component Beneficiary entering the Trust after thirteen (13) Trustees shall have qualified, shall not be entitled to a Trustee per se.

**(c)** Except as hereinbefore provided, each qualified Trustee shall continue as such until his successor shall have qualified as provided in Paragraph (f) of this Section.

**(d)** The determination of the fact of a vacancy in a Trusteeship and of any right to qualify to Trusteeship shall be vested exclusively in the remaining Trustees, and their determination shall be final.

**(e)** The Trustees may contract, in connection with the incurring of any funded debt secured by the Trust Estate and/or its revenues, or any part of either of both, that Temporary Trustees may be appointed to act in place and instead of permanent Trustees, in respect of any part or all of the Trust Estate, in such number that such Temporary Trustees may constitute a majority of the Board of Trustees with relation to such property and operations of the Authority specified in said contract, in the event of a default as defined in the contract incurring said funded debt. Any such contract, if made, shall provide for the method of appointment of each such Temporary Trustee and the method of designating each permanent Trustee so to be temporarily supplanted. Each such Temporary Trustee who shall be appointed under the authority herein granted shall supplant, in all respects, the permanent Trustee so designated to the extent provided in said contract; and during the term of such Temporary Trustee, the permanent Trustee so supplanted shall be wholly without authority, duty or liability, under the terms of this instrument, insofar as the same relates to the property and operations specified in said contract. No such contract shall be authorized hereunder,

however, which fails to make provision for one or more permanent Trustees to continue with full power and authority during the term of all Temporary Trustees. All Temporary Trustees forthwith shall cease to be such upon the termination of all defaults by which their appointment would have been authorized under such contract, and the permanent Trustees so temporarily supplanted automatically shall be reinstated to full power and authority.

**(f)** All Trustees, and all Temporary Trustees appointed hereunder, shall qualify by a written acceptance of all of the terms of this instrument, duly acknowledged and filed in the same manner and in the same places that this instrument is acknowledged and filed. All Trustees, permanent and Temporary, before assuming the powers and duties as such, also shall subscribe and file such oaths as shall be required by law of public officers of the State of Oklahoma.

**(g)** Upon each change of personnel of the Trustees hereunder, the Chairman of the Board of Trustees shall cause to be filed in the office of the County Clerk of Each county in which this Declaration of Trust is filed, a certificate of the entire personnel of the Board of Trustees of the Trust.

**(h)** The acceptance of the office of Trustee of this Authority shall not constitute the Trustees hereunder, Temporary or permanent or both, to be in partnership or association. Each shall be an individual and wholly independent Trustee only.

**(i)** Notwithstanding any other provision of this instrument which shall appear to provide otherwise, no Trustee or Trustees shall have any power or authority to bind or obligate any other Trustee, or the Beneficiaries or any component Beneficiary entity, in his or its individual capacity.

All persons, firms, associations, trusteeships, corporations, municipalities, governments and sovereignties contracting with any Trustee or Trustees, Temporary or permanent or both, shall take notice that all expense and obligations, and all debts, damage, judgments, decrees or liabilities incurred by any Trustee or Trustees, Temporary or permanent or both, and any of the foregoing incurred by any agent, servant or employee of the aforesaid Trustees, in the execution of the purposes of this Authority, whether arising from contract or tort, shall be solely chargeable to and payable out of the Trust Estate. In no event shall any Trustee, Temporary or permanent, in any manner be individually liable for any damage or injury to person or property, or for breach of contract or obligation, caused by, arising from, incident to, or growing out of the execution of this Authority, nor shall they, or any of them, be liable for the acts or omissions of each other, or of any agent, servant or employee of the aforesaid Trustees, or of another such Trustee; provided however, that the foregoing shall not apply to any breach of trust by any said Trustee.

## VII.
## POWERS AND DUTIES OF TRUSTEES

The Trustees, in the manner hereinafter set forth, shall do, or cause to be done, in lawful manner, all things which are incidental, necessary, proper or convenient to carry fully into effect the purposes enumerated in Section III of this instrument, the general authority hereby given being intended to make fully effective the power of the Trustees

under this instrument; and said Trustees are specifically authorized (but their aforesaid general powers not limited thereby, notwithstanding any such specification), in effecting said purposes:

**(a)** To enter in and conduct and execute, apply for, purchase or otherwise acquire franchises, property (real or personal and/or mixed), contracts, leases, rights, privileges, benefits, choses in action, or other things of value, and to pay for the same in cash, with bonds or evidences of indebtedness or otherwise;

**(b)** To acquire, own, hold, manage, and in any manner to convey, assign, dispose of, liquidate, compromise, or realize upon any contract, lease, right privilege, benefit, chose in action, franchise, property (real or personal), or other things of value, and to exercise all of the powers necessary or convenient in respect of same;

**(c)** To guarantee, acquire, purchase, hold, sell, assign, transfer, encumber, dispose of, and deal in the stocks, bonds, debentures, shares or evidences of interest or indebtedness of any corporation, association, municipality, government, sovereignty, trusteeship, firm, or individual, to enter into and perform any lawful contract in relation thereto and to exercise all of the rights, powers and privileges in relation thereto to the same extent as a natural person might or could do;

**(d)** To enter into, make and perform contracts of every lawful kind, including, but no (sic) restricted to, management contracts, with any person, firm, association, corporation, trusteeship, municipality, government or sovereignty; and without limit as to amount, to draw, make, accept, indorse, assume, guarantee, discount, execute and issue promissory notes, drafts, bills of exchange, acceptance, warrants, bond, debentures, and other negotiable and transferable, or non-negotiable or nontransferable, instruments, obligations and evidences of secured or unsecured indebtedness, and if secured by mortgage, deeds of trust, or otherwise, upon any and all property of the Trust, and to pledge any or all income of the Trust in the same manner and to the same extent as a natural person might or could do;

**(e)** To collect and receive any property, money, rents, or income of any sort, and to distribute the same, or any portion thereof, for the furtherance of the purposes enumerated in Section III of this instrument.

**(f)** The Trustees shall hold the legal title to all property at any time belonging to the Trust Estate in the name of the Trustees, and shall have and exercise exclusive management and control of the same, for the use and benefit of the Beneficiary, in the execution of the purposes of this Authority, and the right of said Trustees to manage, control and administer the said Authority, its properties, assets and business, shall be absolute and unconditional, free from the direction, control or management of the Beneficiaries or any component Beneficiary entity, or any person or persons whatsoever other than a court of competent jurisdiction so to do.

**(g)** The Trustees may employ such agents, servants, and employees as they deem necessary, proper or convenient, and shall prescribe their duties and fix their compensation.

**(h)** The Trustees may contract for the furnishing of any services or performance of any duties that they deem necessary, proper or convenient and pay for the same as they see fit to provide in such contract.

**(i)** The Trustees, by Resolution, may divide the duties of the Trustees hereunder, delegating all or any part of such duties to one or another of the Trustees as much as possible; but where specific duties are not delegated, a majority of the Trustees must act for the Authority.

**(j)** The Trustees may be compensated in the manner now provided by the Oklahoma Trust Act for services actually rendered and responsibility assumed; but no ex officio Trustee shall be compensated in any manner from the Trust Estate.

**(k)** The Trustees shall, in the name of the Authority as set forth in Section II hereof, or in their names as Trustees, bring any suit or action which, in their judgment, shall be necessary, proper, and convenient to protect the interests of the Authority, or to enforce any claim, demand or contract for the Authority or to enforce any claim, demand or contract for the benefit thereof; and they likewise shall defend, in their discretion, any suit against the Authority, or the Trustees or employees, agents or servants thereof. And the Trustees are expressly authorized, in their discretion, to compromise and settle prior to judgment any suit, action, claim or proceeding in which the Authority is interested, and to discharge the same out of the Trust Estate; and they specifically are authorized to pay or transfer out of the Trust Estate all sums of money or property necessary to discharge any judgment or decree rendered against them, or the Authority, together with all court or other costs, including counsel and attorney's fees, and also to pay out of the Trust Estate such sums of money, or transfer appropriate property hereof, for the purpose of settling, compromising or adjusting any claim or controversy, together with all costs and expenses connected therewith, and all such expenditures and transfers shall be treated as expenses of executing their trust.

**(l)** No bond shall be required of the Trustees, or any of them, unless they, by appropriate Resolution, so provide.

**(m)** All proceedings of the Trustees and all Resolutions adopted by them shall be kept in a record book and shall be subject to inspection, during customary business hours as public records of the State of Oklahoma.

**(n)** At their first meeting, the Trustees shall designate the time and place for regular meetings, which time and place shall not thereafter be changed unless at a meeting where all Trustees are present: Provided, that when all qualified Trustees are ex officio, a regular meeting may be held immediately following any meeting of the official body of which the said ex officio Trustees are the incumbents. No notice shall be required for the holding of regular meetings of the Trustees. Special meetings of the Trustees may be held upon such call as shall be fixed by Resolution adopted at a meeting where all Trustees are present.

**(o)** The Trustees, by written instrument filed for record in all places in which this instrument is filed, shall designate the place of the principal office of the Authority; and any change of place shall be recorded in like manner. All official records of the Authority shall be kept at the principal office, and shall be subject to inspection, during customary business hours, as public records of the State of Oklahoma.

## VIII.
## BENEFICIARIES

**(a)** The term "Beneficiaries" as used in this instrument collectively and severally shall denote the corporate government entities for which the Authority shall be furnishing

and providing, or proposes to furnish and provide the services and facilities described in Section III of this instrument, or any part thereof, and which shall have accepted beneficial interest under this instrument as provided by law, as follows:

**1.** The initial Beneficiaries hereunder shall be the incorporated cites of Tulsa, Oklahoma, and Broken Arrow, Oklahoma, and Jenks, Oklahoma, and the Town of Bixby, Oklahoma.

**2.** Additional municipal corporations, counties, or other governmental entities may become component Beneficiaries of the Trust if the Trustees shall determine that the services and facilities furnished and provided by Authority can be extended to such entities in a manner consistent with the purposes of the Authority as set forth in Section III of this instrument; but first, each such entity shall accept beneficial interest hereunder in the manner provided by law. In each such event, the Trustees shall execute an instrument designating such entity as a component Beneficiary hereunder, and fixing its correlative privilege to distributions; and the requisite acceptance thereof shall be endorsed thereon, and the said instrument shall be filed for record in each place in which this instrument is, or thereafter shall be recorded. In any such event, each said entity shall have the same status as a primary Beneficiary as though designated by name therein.

**3.** In the event that any corporate governmental entity shall succeed any Beneficiary in governmental authority, in respect to the general scope of the Authority purposes whereby any component entity became such, then that successor shall succeed the former to beneficial interest hereunder ipso facto, and the Trustees shall cause to be filed for record, in each place in which this instrument is or thereafter shall be recorded, an instrument evidencing such succession.

**(b)** The Beneficiaries or any component entity thereof shall have no legal title, claim or right to the Trust Estate, or any part thereof, other than as provided by presently existing law relating to the title and interest of a beneficiary in trust property; neither shall the Beneficiary or any component entity thereof, as such, have any authority, power or right whatsoever to do or transact any business whatsoever for, or on behalf of, or binding upon the Trustees or upon the Trust Estate; neither shall the Beneficiary or any component entity thereof, as such, have any right to control or direct the actions of the Trustees in respect of the Trust Estate, or any part thereof; nor shall the Beneficiary or any component part thereof have any right to demand or require a partition or distribution of the Trust Estate, or any thereof. The Beneficiary shall be entitled solely to the benefits of this trust, as administered by the Trustees hereunder, and at the termination of this trust, as provided hereinafter, the Beneficiary shall receive the residue of the Trust Estate in such proportions as is hereafter specifically provided, and not otherwise.

**(c)** Distributions of money and/or property, both interim and final, shall be made as follows, and not otherwise:

**1.** The pro-rata interest of each of the principal Beneficiaries shall be determined by the Trustees based upon their contribution to the Trust or contributions made on either or both Beneficiaries behalf by other parties and the same shall be recorded in the records of the Trust and any changes in the proportional right to distribution shall be recorded as they occur. Until there shall be additional Beneficiaries as

provided above all distribution shall be made among the primary Beneficiaries in accordance with their designated pro-rata interest. Distributions to the Beneficiaries shall be for governmental purposes only.

**2.** In the event that additional Beneficiaries are added as above provided, the pro-rata interest of each Beneficiary to distribution shall be set forth in the instrument wherein they become Beneficiaries. Any change in the pro-rata distribution shall be recorded in the records of the Trust as such changes occur based upon contribution to the Trust by the Beneficiaries or other parties on behalf of the Beneficiaries.

**3.** Where the distribution shall involve property, either real, personal and/or mixed, any joint use facility shall be distributed to the joint users and any facility not a joint use facility shall be distributed to the Beneficiary within whose political boundaries it is located.

## IX.
## TERMINATION

**(a)** This Trust shall be irrevocable by the Trustors or the Trustees and shall terminate:

**1.** When the purposes set forth in Section III of this instrument shall have been fully executed and fulfilled; or

**2.** In the event of the happening of any event or circumstance that would prevent said purposes from being executed and fulfilled AND all of the Trustees and the governing body of all component entities of the Beneficiaries hereunder, with the approval of the Governor of the State of Oklahoma, shall agree that such event or circumstance has taken place; provided, however, that all indebtedness of the Authority shall have been paid; or

**3.** In the manner provided by Title 60, Section 180, Oklahoma Statutes, 1971; provided, however, that this Trust shall not be terminated by voluntary action if there be outstanding indebtedness or fixed term obligations of the Trustees unless all owners of such indebtedness and obligations, or one authorized by them so to do, shall have consented in writing to such termination.

**(b)** A partial termination may occur as to any Beneficiary when such Beneficiary shall be dissolved as a governmental entity in which instance its pro-rata share in the Trust, if not assumed by a successor entity, shall be retained by the Trust unless the distribution can be made to those legally determined to be entitled to distribution without jeopardizing the purposes of the Trust and the general health and welfare of the public as represented by the remaining Beneficiaries.

**(c)** Upon any complete termination of this Trust, The Trustees shall proceed to wind up all of the affairs of the Authority affected by such termination, and after payment of all debts and obligations, affected by such termination, out of the Trust Estate, to the extent thereof, shall distribute the residue of the Trust Estate proximately involved in such termination to the component entities of the Beneficiary hereunder in the manner provided in Section VIII, paragraph (c), of this instrument. Upon any distribution as aforesaid, the powers, duties and authority of the Trustees hereunder shall cease as to all services, facilities and properties involved in such distribution.

## X.
## PARTIAL INEFFECTIVENESS

The invalidity or ineffectiveness for any reason of any one or more words, phrases, clauses, paragraphs, or sections of this instrument shall not affect the remaining portions thereof so long as such remaining portions shall constitute a rational instrument. Any such invalid or ineffective portion was inserted conditionally upon it being valid or effective only; and this instrument shall be construed as if such invalid or ineffective portion had not been inserted herein.

## XI.
## COVENANT

The provisions hereof shall be binding upon the undersigned, their heirs, executors, administrators and assigns.

IN WITNESS WHEREOF, we have hereunto set our hands, executing this Declaration of Trust in multiple duplicates all of which constitute one and the same instrument, on this _____ day of _____, 1972.

## CHAPTER 12. TULSA PERFORMING ARTS CENTER TRUST

Section 1200. Beneficial interest of the Tulsa Municipal Theater Authority Trust accepted.
Section 1201. Trust recognized and identified.
Section 1202. Mayor and Auditor authorized to endorse acceptance on Trust Indenture and record with County Clerk.
Section 1203. Trustor and Board of Trustees approve Second Amendment.
Section 1204. Mayor and Council approve Second Amendment.
Section 1205. Beneficial interest accepted.
Section 1206. Mayor and City Clerk authorized to endorse approval of City of Tulsa on Second Amendment.
Section 1207. City Clerk authorized to record Second Amendment with County Clerk.
Appendix I Trust Indenture Tulsa Municipal Theater Authority (Sections 1200, 1201 and 1202) ("Exhibit A" in Ord. No. 12849).
Appendix II Amendment Number One to Trust Indenture Tulsa Municipal Theater Authority.
Appendix III Second Amendment to the Trust Indenture of the Tulsa Performing Arts Center Trust (Sections 1203, 1204, 1205, 1206 and 1207) ("Exhibit A" in Ord. No. 17474).

### Section 1200. Beneficial interest of the Tulsa Municipal Theater Authority Trust accepted.

The Tulsa Municipal Theater Authority, created by Trust Indenture dated June 7, 1973, an executed copy of which Trust Indenture is hereto attached, marked "Exhibit A" and made a part hereof, wherein Robert J. LaFortune, as Mayor of the City of Tulsa; Sid Patterson, as Commissioner of Streets and Public Property of the City of Tulsa; and William H. Morris, Jr., as Commissioner of Finance and Revenue of the City of Tulsa, are designated Trustees, and the City of Tulsa, Oklahoma, is designated as the sole beneficiary of said Tulsa Municipal Theater Authority, is hereby approved and the City of Tulsa hereby accepts the beneficial interest therein, and all of the terms and provisions of said Trust Indenture as authorized by the applicable statutes of the state of Oklahoma, and the City of Tulsa hereby agrees to be and become the sole beneficiary of said trust.

### Section 1201. Trust recognized and identified.

The City of Tulsa hereby recognizes said Tulsa Municipal Theater Authority and the trustees named in said Trust Indenture, and in all negotiations and instruments where the term "Tulsa Municipal Theater Authority" is used it shall be deemed and construed to mean the trust above mentioned and described.

### Section 1202. Mayor and Auditor authorized to endorse acceptance on Trust Indenture and record with County Clerk.

The Mayor and the City Auditor of the City of Tulsa are hereby authorized, instructed and directed to endorse upon the original of said Trust Indenture the approval of the City of Tulsa of said Trust Indenture creating the Tulsa Municipal Theater Authority, and the City's acceptance of the beneficial interest therein, and to cause said Trust Indenture to be recorded in the office of the County Clerk of Tulsa County, Oklahoma.

*(Ord. No. 12849)*

**Section 1203. Trustor and Board of Trustees approve Second Amendment.**

The Trustor, John H. Williams, with the unanimous consent of the currently comprised thirteen (13) members of the Board of Trustees of the Tulsa Performing Arts Center Trust, formerly the Tulsa Municipal Theatre Authority pursuant to a Trust Indenture dated June 7, 1973, but as revised, expanded and renamed by Amendment Number One to Trust Indenture dated April 5, 1977, hereby finds and declares it necessary and in furtherance of the public purposes of the Tulsa Performing Arts Center Trust, to amend said Trust Indenture for a second time as set forth in the Second Amendment to Trust Indenture to the Tulsa Performing Arts Center Trust hereto attached as "Exhibit A."

*(Ord. No. 17474)*

**Section 1204. Mayor and Council approve Second Amendment.**

The Mayor and the City Council of the City of Tulsa hereby find and determine it is in the best interest of the City of Tulsa, Oklahoma and in the public interest to re-accept and accept the sole and exclusive beneficial interest of the original Trust Indenture of the Tulsa Municipal Theatre Authority dated June 7, 1973, as amended and renamed the Tulsa Performing Arts Center Trust by Amendment Number One to the Trust Indenture of the Tulsa Municipal Theatre Authority dated April 5, 1977, and as now amended by the attached Second Amendment to the Trust Indenture of the Tulsa Performing Arts Center Trust.

*(Ord. No. 17474)*

**Section 1205. Beneficial interest accepted.**

The Trust Indenture for the Tulsa Performing Arts Center Trust, formerly the Tulsa Municipal Theatre Authority, dated June 7, 1973, as amended and renamed by Amendment Number One to the Trust Indenture of the Tulsa Municipal Theatre Authority dated April 5, 1977, is hereby further amended pursuant to the terms of the Second Amendment to the Trust Indenture of the Tulsa Performing Arts Center Trust dated between the dates of January 4, 1991, and February 8, 1991, and the sole and exclusive beneficial interests under that Second Amendment to said Trust Indenture as well as the sole and exclusive beneficial interests of the aforesaid original Trust Indenture dated June 7, 1973, and Amendment Number One to said Trust Indenture dated April 5, 1977, are hereby accepted and reaccepted by the City Council of the City of Tulsa, Oklahoma.

*(Ord. No. 17474)*

**Section 1206. Mayor and City Clerk authorized to endorse approval of City of Tulsa on Second Amendment.**

The Mayor and the City Clerk of the City of Tulsa, Oklahoma, are hereby authorized, empowered, instructed and directed to endorse upon the face of the original of the said Second Amendment to the Trust Indenture of the Tulsa Performing Arts Center Trust, the approval of the City of Tulsa, Oklahoma of the said Second Amendment and the reacceptance and acceptance of the sole and exclusive beneficial interests of the City of Tulsa, Oklahoma, in the aforesaid Trust Indenture, Amendment Number One to said Trust Indenture and the Second Amendment to said Trust Indenture.

*(Ord. No. 17474)*

## Section 1207. City Clerk authorized to record Second Amendment with County Clerk.

The City Clerk of the City of Tulsa, Oklahoma, is hereby further authorized, empowered, instructed and directed to file and record or cause to be filed and recorded the original copy of the Second Amendment of the Trust Indenture of the Tulsa Performing Arts Center Trust in the office of the County Clerk of the County of Tulsa, Oklahoma.

*(Ord. No. 17474)*

## APPENDIX I TRUST INDENTURE TULSA MUNICIPAL THEATER AUTHORITY (SECTIONS 1200, 1201, AND 1202)

*("Exhibit A" in Ord. No. 12849)*

KNOW ALL MEN BY THESE PRESENTS:

This Trust Indenture dated this 8th day of June, 1973, by John H. Williams, hereinafter referred to as Trustor, and Robert J. LaFortune, Sid Patterson, William H. Morris, Jr., to be known as the Trustees of the Tulsa Municipal Theater Authority, and hereinafter referred to as Trustees.

W I T N E S S E T H:

That in consideration of payment by Trustor to the Trustees of the sum of One Hundred Dollars ($100.00); and of the mutual covenants herein set forth, the said Trustees agree to hold, manage, invest, assign, convey and distribute, as herein provided, authorized and directed, such property as Trustor, or others, may from time to time assign, transfer, lease, convey, give, bequeath, devise or deliver unto this Authority or the Trustees hereof.

TO HAVE AND TO HOLD such property and the proceeds, rents, profits and increases thereof unto said Trustees, and said Trustees' successors and assigns, but nevertheless in Trust, for the use and benefit of the City of Tulsa, Oklahoma, a municipal corporation, and upon the following trusts, terms and conditions herein stated.

### ARTICLE I
### Creation of Trust

The undersigned Trustor creates and establishes a Trust for the use and benefit of the City of Tulsa, Oklahoma, a municipal corporation, and for the public purpose hereinafter set forth, under the provisions of Title 60, Oklahoma Statutes, 1971, Sections 176 to 180 inclusive, the Oklahoma Trust Act and other applicable Statutes of the State of Oklahoma.

### ARTICLE II.
### Name

The name of this Trust shall be "Tulsa Municipal Theater Authority" hereinafter referred to as "Authority". The Trustees shall conduct all business and execute all instruments, and otherwise perform the duties and functions required in the execution of this Trust.

### ARTICLE III.
### Purposes of Trust

The purposes of this Trust are:

**1.** To assist the City of Tulsa to own, construct, finance, furnish, equip, maintain and operate or to own, maintain and operate a municipal theater and community arts center facility, with appurtenant parking facilities.

**2.** In carrying out said public purposes to issue bonds, notes and other obligations in such manner and at such price as the Trustees may deem desirable and to secure the payment of such bonds, notes or other obligations by the pledge of all or any part of the rents and income of the Authority.

**3.** To hold, maintain and administer any leasehold rights, in and to physical properties demised to the beneficiary or to the Trust Estate, and to comply with the terms and conditions of any such lease.

**4.** To enter into contracts with the City of Tulsa and other parties to carry out the purpose of this Trust.

**5.** To provide funds to the City of Tulsa for the costs of financing, acquiring, constructing, purchasing, equipping, maintaining, repairing, improving, enlarging, remodeling, holding, operating and administering any or all of the aforesaid services, utilities, buildings, facilities and all properties, real, personal or mixed, needful for executing and fulfilling the Trust purposes as set forth in this Indenture and all other charges, costs and expenses necessarily incurred in connection therewith, and in so doing to incur indebtedness either unsecured or secured by all or any part of the Trust Estate and its revenues.

**6.** To expend all funds coming into the hands of the Trustees as revenue or otherwise for the payment of any indebtedness incurred by the Trustees for purposes specified herein, and in the payment of the aforesaid costs and expenses, and in payment of any other obligation properly chargeable against the Trust Estate and to distribute the remainder of such funds to the beneficiary municipality.

## ARTICLE IV.
## Duration of Trust

This Trust shall have duration for the term of duration of the Beneficiary and until such time as its purpose shall have been fulfilled or until it shall be terminated as hereinafter provided.

## ARTICLE V.
## The Trust Estate

The Trust Estate shall consist of:

**1.** The funds and property presently in the hands of the Trustees, including the consideration as hereinabove recited.

**2.** Any and all leasehold rights demised to said Trustees for the purposes of this Trust.

**3.** Any and all money, property, real, personal or mixed, rights, choses in action, contracts, leases, privileges, immunities, licenses, franchises, benefits and all other things of value coming into the possession of the Trustees, pursuant to the provisions of this Indenture.

## ARTICLE VI.
## The Trustees

**1.** There shall be three (3) Trustees of this Authority:

**a.** The Mayor of the City of Tulsa, whoever he may be, shall be a Trustee during his incumbency and shall serve until his successor as Mayor has been duly elected and qualified.

**b.** The Commissioner of Streets and Public Property of the City of Tulsa, whoever he may be, shall be a Trustee during his incumbency and shall serve until his successor as Commissioner of Streets and Public Property has been duly elected and qualified.

**c.** The Commissioner of Finance and Revenue of the City of Tulsa, whoever he may be, shall be a Trustee during his incumbency and shall serve until his successor as Commissioner of Finance and Revenue has been duly elected and qualified.

In the event of a change in the form of the government of the City of Tulsa, successors to these Trustees shall be the Mayor under the new form of government and two (2) other Trustees approved by the legislative body of the City of Tulsa under said new form of government, upon nomination of the Mayor of said City. Vacancies occurring in the Board of Trustees shall be filled in the same manner as hereinabove provided.

**2.** Each successor duly appointed shall become, without any further act or conveyance, fully vested with all of the estate, properties, rights, powers, duties and obligations of his predecessor hereunder, with like effect as if originally named as Trustee.

**3.** The Trustees shall be, during their term, subject to removal only by action of the District Court of Tulsa County, for cause shown.

**4.** In the event of the default in payment of principal or of interest on any indebtedness created by said Trustees or any default under any instrument securing or pursuant to which such debt be incurred, a Temporary Trustee or Receiver may be appointed, as shall be provided in any such instrument. Such Temporary Trustee or Receiver shall become, without any further act or conveyance, fully vested with all of the estate, properties, rights, powers, trusts, duties and obligations of his predecessors in Trust, with like effect as if originally named as Trustee herein. The Temporary Trustee or Receiver shall cease to have any power or authority upon the termination of all the defaults by which his appointment would have been authorized and the permanent Trustees temporarily supplanted shall be automatically reinstated.

**5.** Bonds or other evidences of indebtedness to be issued by the Trustees shall not constitute an indebtedness of the City of Tulsa, nor personal obligations of the Trustees of the Authority, but shall constitute obligations of the Trustees payable solely from the Trust Estate.

**6.** The Trustees, the City of Tulsa or any agency thereof, shall not be charged personally with any liability whatsoever by reason of any act of omission committed or suffered in good faith or in the exercise of their honest discretion in the performance of such Trust or in the operation of the Trust Estate; but any act or liability for any omission or obligation of the Trustees in the execution of such Trust, or in the operation of the Trust Estate shall extend to the whole of the Trust Estate or so much thereof as may be necessary to discharge such liability or obligation.

**7.** No Trustee or Trustees shall have the power or authority to bind or obligate any other Trustee, or the Beneficiary in his or its capacity, nor can the Beneficiary bind or obligate the Authority or any individual Trustee.

**8.** No Trustee shall be paid any compensation of any kind for his services as Trustee of this Authority, except that each such Trustee shall be reimbursed for actual expenses incurred in the performance of his duties as Trustee.

## ARTICLE VII.
## Powers and Duties of the Trustees

Subject to the provisions and limitations otherwise provided in this Indenture, the Trustees shall have, in addition to the usual powers incident to their office, and the powers granted to them in other parts of this Trust Indenture, the following rights, powers, duties, authority, discretion and privileges, all of which may be exercised by them without any order or authority from any court:

**1.** To enter into and execute, purchase, lease, or otherwise acquire property, real, personal or mixed, franchises, contracts, leases, rights, privileges, benefits, choses in action, or other things of value and to pay for the same in cash, with bonds or other evidences of indebtedness or otherwise.

**2.** To make and change investments; to convert real into personal property and vice versa; to lease, improve, exchange or sell, at public or private sale, upon such terms as they deem advisable, any or all of the property in the Trust, real or personal; to borrow money or renew loans for the Trust; to refund outstanding bonded indebtedness; and to execute therefor evidences of indebtedness and to secure the same by mortgage, lien, pledge or otherwise; to purchase property from any person and purchase or lease land and other property from the Beneficiary and construct and equip buildings and facilities thereon; and lease, sublease or rent, on such terms as they deem advisable, the same to individuals, partnerships, associations, corporations, and others, including agencies of the United States of America, State of Oklahoma and political subdivisions of the State; and procure funds necessary for such purpose by the sale of bonds or other evidences of indebtedness and secure the payment of such bonds or other evidences of indebtedness by mortgage, lien, pledge or other encumbrance of such real and personal property, buildings and facilities owned or otherwise acquired, leased or controlled by Trustees and rentals, income, receipts and profits therefrom or from any other revenues associated with the ownership, operation or control of the property of the Authority; to lease or sublease on such terms as they deem advisable, any property of the Authority or of which the Trustees may become the owners or lessees.

**3.** To make and perform contracts of every kind, including management contracts with any person, firm, corporation, association, trusteeship, municipality or government; and, without limit as to amount, to draw, make, accept, endorse, assume, guarantee, account, execute and issue promissory notes, drafts, bills of exchange, acceptances, warranties, bonds, debentures, and to have issued a letter or letters of credit from any state or national bank, and other negotiable or non-negotiable instruments, obligations and evidences of unsecured indebtedness, or of indebtedness secured by mortgage, deeds of trust, or otherwise, upon any or all property of the Authority and to pledge any or all income of the Authority in the same manner and to the same extent as a natural person might or could do. To collect and receive any property, money, rents, or income of any sort and distribute the same or any portion thereof, for the furtherance of the authorized Trust purposes set out herein.

**4.** To employ such counsel, agents, servants and employees as they deem necessary or proper; and prescribe their duties and fix their compensation at such amounts as is

customary and normal; and select depositories for the funds and securities of this Authority. Any officer or employee having custody of Authority funds shall be bonded in such amount as may be designated by the Trustees.

**5.** To compromise any debts or claims of or against the Authority and to adjust any dispute in relation to such debts or claims by arbitration or otherwise and pay any debts or claims against the Authority upon any evidence that seems to the Trustees to be sufficient. The Trustees may bring any suit or action which in their judgment is necessary or proper to protect the interests of the Authority or to enforce any claim, demand, or contract for the Authority; and they shall defend, in their discretion, any suit against the Authority of the Trustees or employees, agents or servants thereof. They may compromise and settle any suit or action and discharge the same out of Authority assets together with court costs and attorney fees. All such expenditures shall be treated as expenses of executing this Trust.

**6.** To do all other acts, in their judgment, necessary or desirable for the proper and advantageous management, investment and distribution of the Trust Estate and income therefrom.

The whole title, legal and equitable, to the Authority property, is and shall be vested in the Trustees as such title in the Trustees is necessary for their due execution of this Trust. Said Trustees shall have and exercise exclusive management and control of the Trust properties for the use and benefit of the Beneficiary; but may agree for approval of any or all of its actions and transactions by the governing board of the Beneficiary.

The Trustees may contract for the furnishing of any services or for the performance of any duties that they may deem necessary or proper, and pay for the same as they see fit; but in any case, said Trustees shall provide for an annual audit of the Authority property and operations, one copy each of which shall be filed with the Mayor and Auditor of the City of Tulsa, Oklahoma, and shall be open to public inspection.

No purchaser at any sale or lessee under a lease made by the Trustees shall be bound to inquire into the expediency, propriety, validity or necessity of such sale or lease or to see to or be liable for the application of the purchase or rental monies arising therefrom.

No contract, lease, indenture or agreement of any nature whatsoever to which the Trustees shall be a party shall be deemed ineffectual or invalid by reason of the fact that any one or more of such Trustees may execute such contract, lease, indenture or agreement for or on behalf of the other parties thereto.

Any firm of which any Trustee may be a member, or any public or private corporation, association, commission or agency of which any Trustee may be an officer, director or member, or in which any Trustee may be interested as the holder of any amount of its capital stock, or otherwise, or any Trustee individually, may be a party to, or may be pecuniarly (sic), or otherwise interested in, any contract or transaction with this Authority or the Trustees thereof; and, in the absence of fraud, no contract or other transaction shall be thereby affected or invalidated; provided that in case a Trustee, individually, or a firm of which a Trustee is a member, or a corporation in which any Trustee owns a substantial amount of capital stock, is so interested that such fact shall be disclosed or shall have been known to the other Trustees.

## ARTICLE VIII.
## Beneficiary of Trust

**1.** The Beneficiary of this Trust shall be the City of Tulsa, Oklahoma, a municipal corporation, under and pursuant to Title 60, Oklahoma Statutes, 1971, Sections 176 to 180, both inclusive. Trustor now declares that this Indenture shall be irrevocable from the moment it is signed by him and delivered to the Trustees and that he shall thereafter stand without any power whatsoever, at any time to alter, amend, revise, modify, revoke or terminate any of the provisions of this Indenture, except with the consent of the City of Tulsa.

**2.** The Trustees, after fulfilling the purpose of this Trust and after paying all obligations of the Trust and interest thereon and all the costs and expenses incident to the management, operation, maintenance and conservation of this Trust, to be used solely and exclusively for the purpose of constructing, furnishing, equipping, maintaining, improving and operating a municipal theater and community arts center facility.

**3.** The City of Tulsa, Oklahoma, shall have no legal title, claim or right to the Trust Estate, its income or to any part thereof, or to demand or require any partition or distribution thereof, except as set forth in Paragraph (2) of Article VIII of this Trust Indenture. Neither shall said City of Tulsa, Oklahoma, or any agency thereof, have any authority, power or right, whatsoever, to do or transact any business for, or in behalf of, or binding upon, the Trustees or upon the Trust Estate, nor the right to control or direct the actions of the Trustees. The City of Tulsa, Oklahoma, as Beneficiary of this Trust, shall be entitled solely to the benefits of this Trust, as administered by the Trustees hereunder, and at the termination of the Trust as herein provided, and then only, shall said City of Tulsa, Oklahoma, receive the residue of the Trust Estate for the declared public purposes.

## ARTICLE IX.
## Termination of Trust

This Trust shall terminate:

**1.** When the purposes set out in Article III of this Indenture shall have been fully executed; or

**2.** In the manner provided by Title 60, Oklahoma Statutes, 1971, Section 180.

Provided, however, that this Trust shall not be terminated by voluntary action, if there be outstanding indebtedness or fixed term obligations of the Trustees, unless all owners of such indebtedness or obligations shall have consented in writing to such termination.

Upon the termination of this Trust, the Trustees shall proceed to wind up the affairs of this Authority and after payment of all debts and obligations out of Authority money, to the extent thereof, shall distribute the residue of the money and Authority property to the Beneficiary hereunder; upon final distribution, the powers, duties and authority of the Trustees hereunder shall cease.

## ARTICLE X.
## Termination

The Trustees accept the Trust herein created and provided for and agree to carry out the provisions on their part to be performed.

IN WITNESS WHEREOF, the Trustor and the Trustees, have hereunto set their hands this 7th day of June, 1973.

/s/ John H. Williams
Trustor

/s/ Robert J. LaFortune

## APPENDIX II AMENDMENT NUMBER ONE TO TRUST INDENTURE TULSA MUNICIPAL THEATER AUTHORITY.

KNOW ALL MEN BY THESE PRESENT:

WHEREAS, the undersigned Trustor, John H. Williams, created a trust named the Tulsa Municipal Theatre Authority ("Authority") for the use and benefit of the City of Tulsa, Oklahoma, a municipal corporation under Trust Indenture dated June 8, 1973, between the said Trustor and Robert J. LaFortune, Sid Patterson, and William H. Morris, Jr., referred to therein as the Trustees, and

WHEREAS, the said Trust was created for the purpose, inter alia, to own, construct, finance, furnish, equip, maintain and operate a municipal theatre and community arts center facility in Tulsa, Oklahoma or to assist the City of Tulsa in such activities; and

WHEREAS, the City of Tulsa and the Authority have caused to be constructed and have purchased a municipal theatre and performing arts center facility located in downtown Tulsa, Oklahoma on the land described in Exhibit "A" hereto; and

WHEREAS, said facility has been named the Tulsa Performing Arts Center and the Trustor desires to rename the Trust from the "Tulsa Municipal Theatre Authority" to the "Tulsa Performing Arts Center Trust" to correspond the name of the Trust with the name given to the arts center actually constructed; and

WHEREAS, the Trustor desired to expand and enlarge the number of Trustees from a total of three (3) to a total of fifteen (15) to encourage a greater degree of community involvement and participation in the activities of the Trust; and

WHEREAS, the Trustor desires to amend and broaden the purposes of the Trust to encompass a full range of cultural and artistic endeavors, events, and activities relating to the use of the Tulsa Performing Arts Center and to encourage the further endowment and financial contribution to the Trust for the cultural enrichment and the expansion of such opportunities available in the City of Tulsa at the Performing Arts Center; and

WHEREAS, the Trust Indenture can be amended only by the Trustor with the consent of the City of Tulsa as beneficiary and the consent of the current three (3) Trustees;

NOW, THEREFORE, I the undersigned Trustor under Trust Indenture named the Tulsa Municipal Theatre Authority dated June 8, 1973, between John H. Williams as Trustor and Robert J. LaFortune, Sid Patterson, and William H. Morris, Jr., as Trustees, do hereby amend the said Trust Indenture, subject to the approval of two-thirds (2/3) of the members of the governing body of the City of Tulsa and further subject to the approval of the current Trustees, Robert J. LaFortune, Robert A. Franden, and Norma Eagleton, as follows:

**A.**

Article II of the said Trust Indenture entitled "Name" is hereby amended to read in its entirety as follows:

"**II.**
**Name**

The name of this Trust shall be "Tulsa Performing Arts Center Trust" hereinafter referred to as the "TPACT" or "Authority". The Trustees shall conduct all business and

execute all instruments, and otherwise perform the duties and functions required in the execution of this Trust in accordance with the laws of Oklahoma in general and Title 60, Oklahoma Statutes (1976), Sections 176 to 180 in particular and in accordance with the provisions of Sub-title A, Chapter 1 USCA, Section 509(a)(3) of the United States Tax law, and the regulations promulgated thereunder pertaining to Support Organizations as therein defined, as the same laws and regulations may be amended from time to time during the existence of this Trust."

**B.**

Article III of the Trust Indenture entitled "Purposes of Trust" is hereby amended to include Paragraphs numbered 7 and 8 reading as follows:

"7. To rehabilitate, repair, reconstruct, remodel, improve, enlarge, alter, rebuild, operate, maintain, administer, equip, furnish and decorate the Tulsa Performing Arts Center and to place any real estate improvement or item of personal property upon the land described in Exhibit "A" and to assist in any of the foregoing.

8. To provide financial assistance, direction and other assistance in connection with cultural, artistic, or entertainment events occurring or proposed to occur in the Tulsa Performing Arts Center, or in its immediate environs including contiguous public spaces and to carry on, sponsor, produce, finance, arrange, present, manage, and represent attractions of various kinds and nature as the Trustees may from time to time elect, including without limitation, dramatic, operatic and musical performances; panaromic (sic), intellectual and instructive entertainments; pantomimes, motion pictures, art exhibits, concerts, ballets, shows, exhibitions, songs, performances, plays, events, variety and other entertainment and amusement by and through theatrical or other devices; and to purchase, receive, or otherwise acquire and obtain exclusive and other interests in copyrights and other rights to any plays, music, songs, words, operas, comedies, dramatic and other compositions, art work, and other cultural or artistic items or things."

**C.**

Paragraph 1 of Article VI of the Trust Indenture entitled "The Trustees" is hereby amended to read in its entirety as follows:

"1. There shall be fifteen (15) Trustees of this Trust. The Trustees shall be comprised of three (3) Elected Trustees and twelve (12) Appointed Trustees as follows:

Elected Trustees

**(a)** The Mayor of the City of Tulsa, whoever he may be, shall be a Trustee during his incumbency and shall serve until his successor as Mayor has been duly elected and qualified.

**(b)** The Commissioner of Streets and Public Property of the City of Tulsa, whoever he may be, shall be a Trustee during his incumbency and shall serve until his successor as Commissioner of Streets and Public Property has been duly elected and qualified.

**(c)** The Commissioner of Finance and Revenue of the City of Tulsa, whoever he may be, shall be a Trustee during his incumbency and shall serve until his successor as Commissioner of Finance and Revenue has been duly elected and qualified.

Appointed Trustees

**(d)** The remaining twelve (12) Trustees shall be appointed by the Mayor subject to the approval of the Board of Commissioners of the City of Tulsa. The terms of the first Appointed Trustees shall be as follows:

Four (4) Trustees shall be appointed for a term expiring July 1, 1978; four (4) Trustees shall be appointed for a term expiring July 1, 1979; and four (4) Trustees shall be appointed for a term expiring July 1, 1980.

At the expiration of the term of each Appointed Trustee and of each succeeding Appointed Trustee, the Mayor shall, subject to the approval of the Board of Commissioners of the City of Tulsa, appoint a successor for a term of three (3) years. Whenever a vacancy shall occur among the Appointed Trustees by death, resignation or otherwise, the Mayor shall, subject to the approval of the Board of Commissioners of the City of Tulsa, fill the same by appointment and the appointee shall hold office during the unexpired term. Each Trustee shall hold office until his successor has been appointed and qualified.

In the event of a change in the form of government of the City of Tulsa, successors to the Elected Trustees shall be the elected Mayor or his equivalent office under the new form of government. The two (2) other Elected Trustees and the twelve (12) Appointed Trustees shall be approved by the legislative body of the City of Tulsa under said new form of government, upon nomination of the elected Mayor of the City of Tulsa (or his equivalent office). Vacancies occurring in the Board of Trustees shall be filled in the same manner.

**D.**

Article VII of the Trust Indenture entitled "Powers and Duties of the Trustees" is hereby amended by adding new Paragraph numbered 7 reading as follows:

"7. To adopt By-Laws and operating rules and regulations of the TPACT and to provide for therein the creation of executive positions and such special or regular committees as the Trustees shall from time to time deem appropriate or advisable and to confer upon such executive positions and committees such powers and duties as the Trustees shall from time to time deem appropriate or advisable. Any and all such regular or special committees formed in pursuance hereof, shall have for its membership at least one (1) Elected Trustee."

**E.**

Paragraph 2 of Article VIII of the Trust Indenture entitled "Beneficiary of Trust" is hereby amended to read in its entirety as follows:

"2. The Trustees, after fulfilling the purposes of this Trust and after paying all obligations of the Trust and interest thereon and all the costs and expenses incident to the purposes of this Trust, shall then pay the balance to the Beneficiary of the Trust, to be used solely and exclusively for the benefit of the Tulsa Performing Arts Center in accordance with the intent of the purposes of this Trust."

Except as herein amended the Trustor and Trustees hereby ratify and confirm the provisions of the Trust.

IN WITNESS WHEREOF, this Amendment to Trust Indenture has been duly executed on the 5th day of April, 1977 and shall be effective on the 1st day of June, 1977.

Beginning at a point in the southerly boundary of said Lot 5, 6.0 feet from the southeasterly corner thereof; thence westerly along the common boundary of said Lot 5 and Third Street a distance of 20.3 feet to a point 113.70 feet from the southwesterly corner of said Lot 5; thence northerly parallel to and 26.3 feet from the easterly boundary of said Lots 5, 6, 7, and 8, Block 106, a distance of 300.0 feet to a point in the northerly boundary of said Block 106, (southerly boundary of Second Street), 113.7 feet from the northwesterly corner thereof; thence easterly along the common boundary of said Lot 8 and Second Street, a distance of 20.3 feet to a point 6.0 feet from the northeasterly corner of said Lot 8; thence southerly parallel to and 6.0 feet from the easterly boundary of said Lots 8, 7, 6, and 5, a distance of 300.0 feet to the point of beginning.

## APPENDIX III SECOND AMENDMENT TO THE TRUST INDENTURE OF THE TULSA PERFORMING ARTS CENTER TRUST (SECTIONS 1203, 1204, 1205, 1206, AND 1207)

*("Exhibit A" in Ord. No. 17474)*

KNOW ALL MEN BY THESE PRESENTS:

WHEREAS, the undersigned TRUSTOR, John H. Williams, did on June 7, 1973, create a Public Trust originally named the "Tulsa Municipal Theatre Authority" ("Authority") under the statutory authorization for such public trusts as set forth in Title 60 O.S. 1971 §§ 176 et seq., as amended, under the provisions of which the CITY was designated as the sole beneficiary of said Trust; and

WHEREAS, the CITY under the provisions of Ordinance No. 12849, formally accepted the beneficial interest in the original Trust Indenture on June 8, 1973; and

WHEREAS, the original purpose of the Trust established by TRUSTOR was to own, construct, finance, furnish, equip, maintain and operate a municipal theatre and community arts center facility in the City of Tulsa, Oklahoma or to assist CITY in such activities; and

WHEREAS, the CITY and Authority did thereafter in joint effort, so acquire, furnish and equip the municipal theatre and community arts center facility, title to which was thence transferred to CITY and CITY did name the subject facility the "Tulsa Performing Arts Center"; and

WHEREAS, TRUSTOR thence foresaw the need for the continuation of the Trust but desired to amend and broaden the purposes of the Trust to encompass a full range of cultural artistic endeavors, events and activities relating to the use of the Tulsa Performing Arts Center and to encourage the further endowment and financial contributions to the Trust for the cultural enrichment and expansion of the presentation of such activities in the Tulsa Performing Arts Center; and

WHEREAS, TRUSTOR further believed the change of the name of the Trust from the "Tulsa Municipal Theatre Authority" to the "Tulsa Performing Arts Center Trust" and the expansion and enlargement of the number of members of the Board of Trustees from a total of three (3) to a total of fifteen (15) would implement a greater degree of community involvement and participation in the activities of the Tulsa Performing Arts Center; and

WHEREAS, TRUSTOR thereafter and on April 5, 1977, with the unanimous approval of the three (3) members of the Board of Trustees, amended the original Trust Indenture of the Tulsa Municipal Theatre Authority (First Amendment) which: (a) provided for the change of name of the Authority to the "Tulsa Performing Arts Center Trust"; (b) substantially revised and expanded the purposes of the Trust; (c) revised and increased the number of trustees and the method of appointment thereof; and, (d) otherwise amended the Trust Indenture, all as was thereafter duly approved by a two-thirds vote of the Board of Commissioners of the CITY on April 26, 1977, and all of which revisions and amendments went into effect June 1, 1977; and

WHEREAS, under the First Amendment to Trust Indenture, three (3) of the fifteen (15) members of the Board of Trustees were to be elected officials of the CITY, specifically naming the Mayor, the Commissioner of Streets and Public Property and the Commissioner

of Finance and Revenue but further provided that in the event of a change in the form of government of the CITY, successors to the Elected Trustees would be the Mayor or his equivalent office and two (2) other elected officials of the CITY nominated by the Mayor and approved by the legislative body of the CITY under any such new form of government; and

WHEREAS, the citizens of the CITY did, effective May 8, 1990, amend the Charter of the CITY to establish a Mayor/Council form of government with the Council serving solely in a legislative capacity as opposed to the previous Board of Commissioners form of Government whereunder the Mayor and four (4) Commissioners all served in both a legislative capacity and an administrative capacity; and

WHEREAS, the nine (9) elected Councilors have determined it to be in the best interests of the citizens of CITY that none of the Councilors should accept appointment to any of the various committees, councils, boards, Board of Directors, or Board of Trustees which aid, assist or impact the administration of CITY property or funds; and

WHEREAS, the Mayor of the City of Tulsa is therefore unable under the existing provisions of the First Amended Trust Indenture to submit nominees to fill the two vacancies created by the abolishment of the Commission form of Government; and

WHEREAS, the undersigned TRUSTOR, John H. Williams, desires to amend the Trust Indenture for a second time to delete the requirement in the First Amended Trust Indenture that three (3) members of the Board of Trustees were to be elected officials of the City of Tulsa; and

WHEREAS, the TRUSTOR, pursuant to the provisions of Article VIII, paragraph 1. of the Trust Indenture, created this Trust as an irrevocable Indenture and stands without power to alter, amend, revise, modify, revoke or terminate any of the provisions of the Indenture except with the consent of the City of Tulsa as beneficiary and the consent of the current thirteen (13) Trustees;

NOW THEREFORE, I the undersigned TRUSTOR, subject to and with the express consent of its sole and exclusive beneficiary, the City of Tulsa, Oklahoma and further subject to the express consent of the current thirteen (13) Trustees do hereby amend the Trust Indenture named the Tulsa Municipal Theatre Authority dated June 8, 1973, as amended and revised by "Amendment Number One To Trust Indenture of the Tulsa Municipal Theatre Authority" executed by the TRUSTOR April 5, 1977, approved by the City of Tulsa April 26, 1977 and mutually agreed to become effective June 1, 1977, in the following particulars as follows:

Paragraph 1 of Article VI of the Trust Indenture entitled "The Trustees" is hereby amended to read in its entirety as follows:

"1. There shall be fifteen (15) Trustees of this Trust. The Trustees shall be comprised of one (1) elected Trustee and fourteen (14) appointed Trustees as follows:

Elected Trustee

**(a)** The Mayor of the CITY of Tulsa, whoever he or she may be, shall be a Trustee during his incumbency and shall serve until his successor as Mayor has been duly elected and qualified. The Mayor may designate a member of his staff to be his Representative at any meetings of the Trustees. The Representative shall have all authority to act and to vote on the Mayor's behalf.

Appointed Trustees

**(b)** The remaining fourteen (14) Trustees shall be appointed by the Mayor subject to confirmation and approval by the City Council of the City of Tulsa. The terms of the Trustees shall be as follows:

The twelve Trustees serving on the Board of Trustees as of December 15, 1990, four of whom are serving three (3) year terms expiring July 1, 1991, four (4) of whom are serving terms expiring July 1, 1992, and four (4) of whom are serving three (3) year terms expiring July 1, 1993, shall continue to serve and complete those terms. As soon as possible after the City of Tulsa's acceptance of this Second Amendment to the Trust Indenture of the Tulsa Performing Arts Center Trust, one (1) additional Trustee shall be appointed for a term expiring July 1, 1992 and one (1) additional Trustee shall be appointed for a term expiring July 1, 1993.

At the expiration of the term of each Appointed Trustee and each succeeding Appointed Trustee, the Mayor shall, subject to the confirmation and approval by the City Council of the City of Tulsa, appoint a successor for a term of three (3) years. Whenever a vacancy shall occur among the appointed Trustees by death, resignation or otherwise, the Mayor shall, subject to the confirmation and approvals by the City Council of the City of Tulsa, fill the same by appointment and the appointee shall hold the position of Appointed Trustee for the unexpired term. Each Appointed Trustee shall hold office until his successor has been appointed and qualified.

The Trustor and Trustees do, by their execution hereof, hereby ratify and confirm the provisions of the Trust, specifically including the hereinbefore recited amendments thereto.

IN WITNESS WHEREOF, this Second Amendment to the Trust Indenture of the Tulsa Performing Arts Center Trust has been duly executed by the Trustor and Trustees on the days and dates respectively set forth below, and subject to confirmation and approval by the City Council of the City of Tulsa, to be effective January 15, 1991.

**ACCEPTANCE**

KNOW ALL MEN BY THESE PRESENT:

That the City Council of the City of Tulsa, Oklahoma, a municipal corporation, does hereby expressly confirm, consent and agree to the foregoing Second Amendment to the Trust Indenture of the Tulsa Performing Arts Center Amendment to the Trust Indenture of

the Tulsa Performing Arts Center Trust and hereby accepts the sole and exclusive beneficial interest created by the Trust Indenture of the Tulsa Municipal Theatre Authority on June 7, 1973, as previously amended and renamed the Tulsa Performing Arts Center Trust effective June 1, 1977, and as amended by the foregoing Second Amendment to the Trust Indenture dated effective January 15, 1991, in all respects in accordance with the terms of said instruments for and in behalf of the Beneficiary Municipality, the City of Tulsa, Oklahoma.

WITNESSETH my hand and seal as Mayor of the City of Tulsa, Oklahoma, a municipal corporation, as attested to by the City Clerk of the City of Tulsa, Oklahoma, pursuant to the direction of the aforesaid City Council of the City of Tulsa this 5th day of April, 1991.

THE CITY OF TULSA, OKLAHOMA
a municipal corporation

/s/ Rodger Randle
Mayor

## CHAPTER 13. RIVER PARKS AUTHORITY

Section 1300. Beneficial interest of the River Parks Authority Trust accepted.
Section 1301. Trust recognized—Title.
Section 1302. Mayor and Auditor authorized to endorse approval and acceptance of beneficial interest on Trust Indenture and record with County Clerk.
Section 1303. Amendment Number One.
Section 1304. Mayor and City Council accept beneficial interest in Trust as amended.
Section 1305. Mayor and City Clerk authorized to execute and deliver Amendment Number One.
Section 1306. Mayor and Chairman of City Council authorized to endorse approval of Amendment Number One.
Appendix I Trust Indenture River Parks Authority (Sections 1300, 1301 and 1302) ("Exhibit A" in Ord. No. 13137).
Appendix II Amendment Number One to Trust Indenture Dated April 9, 1974, for River Parks Authority (Sections 1303, 1304, 1305 and 1306) ("Exhibit A" in Ord. No. 19090).

### Section 1300. Beneficial interest of the River Parks Authority Trust accepted.

The River Parks Authority, created by Trust Indenture dated April 9, 1974, an executed copy of which Trust Indenture is hereto attached marked "Exhibit A" and made a part hereof, wherein Carl Smith, Mrs. Gerald Westby, Leonard Eaton, William Wiseman, Travis Freeman, Richard Johnson and Marshall Nash are designated Trustees, and the City of Tulsa, Oklahoma, is designated, along with the County of Tulsa, as the sole and exclusive beneficiaries of said River Parks Authority, is hereby approved and the City of Tulsa hereby accepts the beneficial interest therein and all of the terms and provisions of said Trust Indenture, as authorized by the applicable statutes of the state of Oklahoma, and the City of Tulsa, Oklahoma, along with the County of Tulsa, hereby agrees to be and become a beneficiary in accordance with the terms of said trust.

*(Ord. No. 13137)*

### Section 1301. Trust recognized—Title.

The City of Tulsa hereby recognizes said River Parks Authority and the trustees named in said Trust Indenture, and in all negotiations and instruments where the term "River Parks Authority" is used it shall be deemed and construed to mean the trust above mentioned and described.

*(Ord. No. 13137)*

### Section 1302. Mayor and Auditor authorized to endorse approval and acceptance of beneficial interest on Trust Indenture and record with County Clerk.

The Mayor and the City Auditor of the City of Tulsa are hereby authorized, instructed and directed to endorse upon the original of said Trust Indenture the approval of the City of Tulsa of said Trust Indenture creating the River Parks Authority and the City's acceptance of the beneficial interest therein and to cause said Trust Indenture to be recorded in the office of the County Clerk of Tulsa County, Oklahoma.

*(Ord. No. 13137)*

**Section 1303. Amendment Number One.**

That the Trust Indenture for the River Parks Authority, dated April 9, 1974, is modified hereby pursuant to the terms of Amendment Number One to Trust Indenture, dated March 13, 1997, an executed copy of which is attached hereto as "Exhibit A" and made a part hereof.

*(Ord. No. 19090)*

**Section 1304. Mayor and City Council accept beneficial interest in Trust as amended.**

That the Mayor and the City Council of the City of Tulsa hereby reaccepts, for and on behalf of the City, the beneficial interest in the public trust designated as the River Parks Authority, as amended by Amendment Number One to Trust Indenture, attached.

*(Ord. No. 19090)*

**Section 1305. Mayor and City Clerk authorized to execute and deliver Amendment Number One.**

The Mayor and City Clerk of the City be, and they hereby are, authorized and empowered for and on behalf of the City, to execute and deliver Amendment Number One to Trust Indenture and such further agreements and documents and take such action as such officer or officers may deem necessary or desirable in order to accomplish the trust purposes.

*(Ord. No. 19090)*

**Section 1306. Mayor and Chairman of City Council authorized to endorse approval of Amendment Number One.**

The Mayor and Chairman of the City Council for the City of Tulsa are hereby authorized, instructed and directed to endorse upon the original of said Amendment Number One to Trust Indenture the approval of the City of Tulsa of the said amendment and to cause said Amendment Number One to Trust Indenture to be recorded in the office of the County Clerk of Tulsa, Oklahoma.

*(Ord. No. 19090)*

## APPENDIX I TRUST INDENTURE RIVER PARKS AUTHORITY (SECTIONS 1300, 1301, AND 1302)

*("Exhibit A" in Ord. No. 13137)*

KNOW ALL MEN BY THESE PRESENTS:

This Trust Indenture, dated this 9th day of April, 1974, by Darrell J. Lowrance, hereinafter referred to as Trustor; and Carl Smith, Mrs. Gerald Westby, Leonard Eaton, William Wiseman, Travis Freeman, Richard Johnson, and Marshall Nash, to be known as the Trustees of the River Parks Authority, who shall be Trustees of the Trust herein set out and hereinafter referred to as "Trustees".

W I T N E S S E T H:

That in consideration of the payment by Trustor to the Trustees of the sum of One Hundred Dollars ($100.00); and of the mutual covenants herein set forth, the said Trustees agree to hold, manage, invest, assign, convey, lease and distribute, as herein provided, authorized and directed, such property as Trustor, or others, may from time to time assign, transfer, lease, convey, give, bequeath, devise or deliver unto this Authority or the Trustees hereof.

TO HAVE AND TO HOLD such property and the proceeds, rents, profits and increases thereof unto said Trustees, and said Trustees' successors and assigns, but nevertheless in trust, for the exclusive use and benefit of the City of Tulsa, Oklahoma, a municipal corporation (hereinafter referred to as the "City"), and the County of Tulsa, Oklahoma, a political subdivision of the State of Oklahoma (hereinafter referred to as the "County"), which said City and County are hereby designated as the Beneficiaries of this Trust and hereinafter referred to as the "Beneficiaries", and upon the following trust, terms and conditions herein stated.

### ARTICLE I
### Creation of Trust

The undersigned Trustor creates and establishes a Trust for the use and benefit of the City and the County, and for the public purposes hereinafter set forth, under the provisions of Title 60 Oklahoma Statutes, 1971, Section 176 et seq., the Oklahoma Trust Act and other applicable Statutes of the State of Oklahoma, as amended.

### ARTICLE II

The name of this Trust shall be "River Parks Authority", hereinafter referred to as "Authority." The Trustees shall conduct all business and execute all instruments and otherwise perform the duties and functions required in the execution of this Trust.

### ARTICLE III
### Purposes of Trust

The purposes of this Trust are:

**1.** To promote the general public health, safety, welfare and convenience within, without and near the territorial limits of the Beneficiaries, and either of them, through promoting, assisting in, encouraging, participating in and securing the

development, redevelopment, preservation and/or renewal of the Beneficiaries' natural resources, renewable natural resources and community resources known or identified and hereafter to be known or identified collectively as the Arkansas River Lakes Park or Parks, or by such other name or names as the Authority may designate, and such public parks, park lands, lands and/or facilities as may now or hereafter be identified with the same, whether directly or indirectly, for public, or quasi-public park and related usage, including private usage.

**2.** In carrying out said public purposes, to issue bonds, notes, mortgages, security agreements and other obligations as the Trustees may deem desirable and to secure the payment of such bonds, notes or other obligations by the pledge of all or any part of the rents and income of the Authority.

**3.** To hold, maintain and administer any leasehold rights, in and to physical properties demised to the beneficiaries or to the Trust Estate and to comply with the terms and conditions of any such lease.

**4.** To acquire by lease, purchase or otherwise and to plan, establish, develop, construct, enlarge, improve, maintain, equip, operate and regulate any and all property, real, personal or mixed, designated or needful for utilization in the furnishing and providing services in connection with the Arkansas River Lakes Park and to dispose of, sell, rent or otherwise make provisions for properties owned by the Authority but no longer needful for Trust purposes.

**5.** To lease, rent, furnish, or provide such property, buildings, improvements and facilities for use by the United States of America, the State of Oklahoma, or the Beneficiaries or either of them, or for use by authorities or agencies of any of said entities, or for the use of corporations, individuals, partnerships, associations, or proprietary companies, upon such terms as the Trustees may deem suitable; and to relinquish, rent, dispose of or otherwise make provision for properties owned or controlled by the Trust but no longer needed for Trust purposes.

**6.** To enter into contracts with the City and with the County and other parties to carry out the purposes of this Trust.

**7.** To provide funds for the cost of financing, acquiring, constructing, purchasing, equipping, maintaining, repairing, improving, enlarging, remodeling, holding, storing, operating and administering any and all of the aforesaid property improvement services, utilities, buildings, facilities and all property, real, personal or mixed, needful for exercising and fulfilling the Trust purposes as set out in this Indenture and all other charges, costs and expenses necessarily incurred in connection therewith and in so doing to incur indebtedness, either unsecured or secured by all or any part of the Trust Estate and its revenues.

**8.** To expend all funds coming into the hands of the Trustees as revenue or otherwise for the payment of any indebtedness incurred by the Trustees for purposes specified herein, and in the payment of the aforesaid costs and expenses and in payment of any other obligation properly chargeable against the Trust Estate or to distribute the residue and remainder of such funds to the beneficiaries as hereinafter set forth, which said funds, together with all Trust property, assets, profits and net revenues are irrevocably dedicated to the Beneficiaries.

## ARTICLE IV
## Duration of Trust

This Trust shall have duration for the term of duration of the Beneficiaries or until such time as its purposes shall have been fulfilled, or until it shall be terminated as hereinafter provided.

## ARTICLE V
## The Trust Estate

The Trust estate shall consist of:

**1.** The funds and property presently in the hands of the Trustees, including the consideration, as hereinabove recited.

**2.** Any and all leasehold rights, demised to the Trust for the purposes of this Trust, including such as may be demised to the Trust by the Beneficiaries, or either of them, as authorized and empowered by law.

**3.** Any and all improvements that may be constructed by, or in behalf of, the Trustees upon any property owned by or leased to said Trustees.

**4.** Any and all improvements that may be constructed by, or in behalf of, the City and the County upon any property owned by the said City and County and leased to said Trustees.

**5.** Any and all money, property, real, personal, or mixed, rights, choses in action, contracts, leases, privileges, immunities, licenses, franchises, benefits and all other things of value coming into the possession of the Trustees, pursuant to the provisions of this Indenture.

**6.** Cash in the sum of $100.00 paid to the Trustees, receipt of which is hereby acknowledged by the Trustees.

The instruments executed for each project and such issuance of Trustees' bonds and other indebtedness, shall set out the specific property of the Trust Estate exclusively pledged and/or mortgaged for the payment of such indebtedness.

## ARTICLE VI
## The Trustees

**1.** There shall be seven (7) Trustees of this Authority:

**(a)** Carl Smith shall be a Trustee for a term of one (1) year, commencing on the date of this Indenture, or until his respective successor is appointed, confirmed and qualified;

**(b)** William Wiseman shall be a Trustee for a term of One (1) year, commencing on the date of this Indenture, or until his respective successor is appointed, confirmed and qualified;

**(c)** Mrs. Gerald Westby shall be a Trustee for a term of two (2) years, commencing on the date of this Indenture, or until her respective successor is appointed, confirmed and qualified;

**(d)** Travis Freeman shall be a Trustee for a term of two (2) years, commencing on the date of this Indenture, or until his respective successor is appointed, confirmed and qualified;

**(e)** Leonard Eaton shall be a Trustee for a term of three (3) years, commencing on the date of this Indenture, or until his respective successor is appointed, confirmed and qualified;

**(f)** Richard Johnson shall be a Trustee for a term of three (3) years, commencing on the date of this Indenture, or until his respective successor is appointed, confirmed and qualified;

**(g)** Marshall Nash shall be a Trustee for a term of three (3) years, commencing on the date of this Indenture, or until his respective successor is appointed, confirmed and qualified;

**2.** Upon the expiration of the terms herein provided, appointments shall be made for terms of three (3) years, or until their respective successors are appointed, confirmed, and qualified. No Trustee who has served two consecutive terms of three years shall be eligible for further appointment as Trustee.

**3.** The Mayor of the City shall appoint the Trustees to succeed the Trustees mentioned in paragraphs 1(a), 1(c) and 1(e) of this Article, subject to confirmation by a majority vote of the entire membership of the legislative body of the City.

**4.** The Chairman of the Board of County Commissioners of Tulsa County, Oklahoma shall appoint the Trustees to succeed the Trustees mentioned in paragraphs 1(b), 1(d) and 1(f) of this Article, subject to confirmation by a majority vote of the entire membership of the Board of County Commissioners of Tulsa County, Oklahoma.

**5.** Chairman of the Tulsa Metropolitan Area Planning Commission shall appoint the Trustee to succeed the Trustee mentioned in paragraph 1(g), subject to confirmation by a majority vote of the entire membership of the Tulsa Metropolitan Area Planning Commission, by a majority vote of the entire membership of the legislative body of the City and by a majority vote of the entire membership of the Board of County Commissioners of Tulsa County, Oklahoma.

**6.** In the event of the dissolution, voluntary or involuntary, by law, or otherwise, of the Tulsa Metropolitan Area Planning Commission, the successor to the Trustee appointed by the Chairman and confirmed by the Tulsa Metropolitan Area Planning Commission, the City and the County, shall be appointed by the Mayor of the City, subject to confirmation by a majority vote of the entire membership of the legislative body of the City and subject to confirmation by a majority vote of the entire membership of the Board of County Commissioners of Tulsa County, Oklahoma.

**7.** Vacancies occurring otherwise than through the expiration of term, shall be filled for the unexpired term by the officer appointing the prior Trustee.

**8.** All Trustees and all temporary Trustees appointed hereunder shall qualify by a written acceptance of all the terms of this instrument, duly acknowledged and signed in the same manner and in the same places that this instrument is acknowledged and filed. All Trustees, permanent and temporary, before assuming the powers and duties as such, also shall subscribe and file such oaths as shall be required by law for public officers of the State of Oklahoma.

**9.** The Trustees shall elect annually by majority vote a Chairman of the Trustees, who shall preside at all meetings and perform other duties designated by the Trustees. The Trustees shall designate the time and place of all regular meetings. All actions by the Trustees pursuant to the provisions of this Indenture shall be approved by the affirmative vote of at least a majority of the Trustees qualified to act as such under the provisions of this Indenture. The Trustees shall select one or more of their members to be Vice-Chairman, who shall act in the place of the Chairman during the latter's absence or incapacity to act or serve.

**10.** The Trustees shall elect a Secretary of the Trustees who may or may not be a Trustee. The Secretary shall keep minutes of all meetings of the Trustees. All such minutes, books and records to be on file in the principal office of the Authority, which said office shall be in the City of Tulsa, Oklahoma, or in such other place within the State of Oklahoma as the Trustees may designate. This Authority may also have offices at such other places within the State of Oklahoma as the Trustees may designate. All meetings of the Trustees shall be open to the public, and the books, records and minutes of the Trustees shall be considered as public records and available for inspection at all reasonable times by any interested person or persons.

**11.** The Trustees shall elect a Treasurer of the Trustees who may or may not be a Trustee, and who shall maintain complete and accurate records of all their financial transactions.

**12.** The Trustees may appoint an executive Director for the Authority and may employ such other clerical, professional, legal and technical assistance as may be deemed necessary in the discretion of the Trustees to properly operate the business of the Authority, and may fix their duties, terms of employment and compensation. In the event an Executive Director for the Trust Estate or Authority is appointed by the Trustees, the said Executive Director shall administer the business of the Trust Estate or Authority as directed from time to time by the Trustees.

**13.** Upon each change of personnel of the Trustees hereunder, the Chairman of the Board of Trustees shall cause to be filed in the office of the County Clerk of Tulsa County, a certificate of the entire personnel of the Board of Trustees of the Authority.

**14.** The Trustees shall be, during their terms, subject to removal only by action of the District Court of Tulsa County, for cause shown, including incompetence, neglect of duty, or malfeasance in office.

**15.** Bonds or other evidences of indebtedness to be issued by the Trust shall not constitute an indebtedness of the City or indebtedness of the County, nor personal obligations of the Trustees of the Authority, but shall constitute obligations of the Trustees, payable solely from the Trust Estate.

**16.** The Trustees, the City, the County, or any agency thereof, shall not be charged personally with any liability whatsoever by reason of any act of omission committed or suffered in good faith or in the exercise of their honest discretion in the performance of such Trust or in the operation of the Trust Estate; but any act or liability for any omission or obligation of the Trustees in the execution of such Trust, or in the operation of the Trust Estate shall extend to the whole of the Trust Estate or so much thereof as may be necessary to discharge such liability or obligation.

**17.** No Trustee or Trustees shall have the power or authority to bind or obligate any other Trustee, or the Beneficiaries in his or its capacity, nor can the Beneficiaries bind or obligate the Authority or any individual Trustee.

**18.** No Trustee shall be paid any compensation of any kind for his services as Trustee for this Authority, except that each such Trustee shall be reimbursed for actual expenses incurred in the performance of his duties as Trustee.

## ARTICLE VII
## Powers and Duties of the Trustees

To accomplish the purposes of this Trust, and subject to the provisions and limitations otherwise provided in this Indenture, the Trustees shall have, in addition to the usual powers incident to their office, and the powers granted to them in other parts of this Trust Indenture, the following rights, powers, duties, authority, discretion and privileges, all of which may be exercised by them without any order or authority from any court or legislative body, except as herein provided:

**1.** To enter into and execute, purchase, lease, or otherwise acquire property, real, personal or mixed, franchises, contracts, leases, rights, privileges, benefits, choses in action, or other things of value and to pay for the same in cash, with bonds or other evidences of indebtedness or otherwise; provided, however, that all acquisitions and purchases of lands or real property by lease, purchase or otherwise, shall be subject to the approval of the City and the County.

**2.** To enter into contracts for the acquisition and construction of property, buildings and facilities authorized to be acquired and constructed pursuant to the terms of this Indenture.

**3.** To employ such architectural and engineering firm or firms as the Trustees deem necessary to prepare such preliminary and detailed studies, plans, specifications, cost estimates and feasibility reports as are required in the opinion of the Trustees. The cost of such engineering and architectural work shall be paid out of the proceeds of the sale of bonds or from such other funds as the Trustees may determine as may be available therefor.

**4.** To enter into contracts for the sale of bonds, notes or other evidences of indebtedness or obligations of the Trust for the purpose of acquiring, equipping or constructing property, buildings, improvements and facilities authorized to be acquired or constructed pursuant to the terms of this Indenture and for that purpose may, subject to applicable statutory provisions:

**(a)** employ a financial advisor or advisors, or committee of advisors, to advise and assist the Trustees in the marketing of such bonds, notes or other evidences of indebtedness or obligations, and to present financial plans for the financing of the acquisition or construction of such project, and to recommend to, or consult with, the Trustees concerning the terms and provisions of bond indentures and bond issues, and may pay appropriate compensation for such work and services performed in the furtherance of the project.

**(b)** sell all bonds, notes or other evidences of indebtedness or obligations of the Trust in whole or in installments or series and on such terms and conditions and in such manner as the Trustees shall deem to be in the best interest of the Trust Estate; and

**(c)** appoint and compensate attorneys, paying agencies and corporate trustees in connection with the issuance of any such bonds, notes, evidences of indebtedness or other obligations of the Trust.

**5.** To enter into and execute, purchase, lease or otherwise acquire property (real, personal or mixed), contracts, leases, rights, privileges, benefits, choses in action, or other things of value and to pay for the same in cash, with bonds or other evidences of indebtedness or otherwise.

**6.** To make and change investments; to convert real into personal property and vice versa; to lease, improve, exchange or sell, at public or private sale, upon such terms as they deem advisable, any or all of the property in the Trust, real or personal; to borrow money or renew loans for the Trust; to refund outstanding bonded indebtedness; and to execute therefor evidences of indebtedness and to secure the same by mortgage, lien, pledge or otherwise; to purchase property from any person, firm or corporation, and lease land and other property to and from the Beneficiaries or either of them, and construct, improve, repair, remodel and equip buildings and facilities thereon and to operate or lease or rent the same to individuals, partnerships, associates, corporations and others, including the United States of America or the State of Oklahoma and agencies or authorities of the United States of America, or of the State of Oklahoma, or of any political subdivisions thereof, as well as the Beneficiaries hereof, and to do all things provided for in Article III of this Indenture, and procure funds necessary for such purpose by the sale of bonds or other evidences of indebtedness by a mortgage, lien, pledge, or other encumbrance or otherwise of such real and personal property, buildings, and facilities owned or otherwise acquired, leased or controlled by Trustees, and by rentals, income, receipts and profits therefrom, or from any other revenue associated with the ownership, operation or control of the property of the Authority; to lease or sublease any property of the Authority or of which the Trustees may become the owners or lessees; to collect and/or receive for and disburse and/or pay to the Beneficiaries such voluntary contributions as are or may be made for public purposes under such contractual arrangements as the Trustees may enter into with any person, firm, corporation or entity with respect to any property, whether real, personal or mixed; and to otherwise exercise any and all rights and powers which a trust organized and created pursuant to Title 60, Oklahoma Statutes, 1971, Sections 176, et seq., as amended, may now or hereafter exercise.

**7.** To fix, demand, and collect charges, rentals and fees for the property, buildings, and facilities of the Authority; to discontinue furnishings of properties, buildings and facilities to any person, firm or corporation, or public instrumentality, delinquent in the payment of any indebtedness to the Authority; to purchase and sell such supplies, goods and commodities as are incident to the operation of its properties.

**8.** To make and perform contracts of every kind, including management contracts, with any person, firm, corporation, association, trusteeship, municipality, county, state or federal government or any agency thereof; and, without limit as to amount, to draw, make, accept, endorse, assume, guarantee, account, execute and issue promissory notes, drafts, bills of exchange, acceptances, warranties, bonds, debentures, and to have issued a letter or letters of credit from any state or national bank, and other negotiable or non-negotiable instruments, obligations and evidences of unsecured indebtedness, or of indebtedness secured by mortgage, deeds of trust, or otherwise upon any or all property of the Authority and to pledge any or all income

of the Authority in the same manner and to the same extent as a natural person might or could do. To collect and receive any property, money, rents, or income of any sort and distribute the same or any portion thereof for the furtherance of the authorized Trust purposes set out herein.

**9.** To select depositories for the funds and securities of this Authority, any officer or employee having custody of funds of the Authority shall be bonded in such amount as may be determined according to the provisions of Title 60, Oklahoma Statutes, 1970, Section 178(a).

**10.** To compromise any debts or claims of or against the Authority and to adjust any dispute in relation to such debts or claims by arbitration or otherwise and pay any debts or claims against the Authority upon any evidence that seems to the Trustees to be sufficient. The trustees may bring any suit or action which in their judgment is necessary or proper to protect the interests of the Authority, or to enforce any claim, demand, or contract for the Authority; and they shall defend, in their discretion, any suit against the Authority, Trustees, employees, agents or servants thereof. They may compromise and settle any suit or action and discharge the same out of the Trust Estate, together with court costs and attorneys' fees. All such expenditures shall be treated as expenses of executing this Trust.

**11.** To do all other acts, in their judgment, necessary or desirable for the proper and advantageous management, investment and distribution of the Trust Estate and income therefrom.

The whole title, legal and equitable, to the properties of the Authority, is and shall be vested in the Trustees, as such title in the Trustees is necessary for their due execution of this Trust. Said Trustees shall have and exercise exclusive management and control of the Trust properties for the use and benefit of the Beneficiaries; but upon request shall submit for approval of any or all of its actions and transactions by the governing boards of the Beneficiaries.

**12.** To contract for the furnishing of any services or for the performance of any duties that they may deem necessary or proper, and pay for the same as they see fit; but in any case, said Trustees shall provide for an annual audit of the Authority Trust property and operations, by an independent auditor, one copy each of which shall be filed with the Mayor and Auditor of the City, and one copy of which shall be filed with the Board of Commissioners of Tulsa County, Oklahoma, and one copy shall be filed with the State Examiner and Inspector of Oklahoma, pursuant to the Oklahoma Public Trust Act. Provided, however, that the City or the County may order an audit of the Authority Trust property and its operations at any time by Certified Public Accountants, a Certified Municipal Accountant or a licensed public accountant at the expense of the Authority and such audit shall be filed as hereinbefore provided.

**13.** No purchases at any sale or lessee under a lease made by the Trustees shall be bound to inquire into the expediency, propriety, validity or necessite (sic) of such sale or lease or to see to or be liable for the application of the purchase or rental monies arising therefrom.

**14.** In the event a corporation, partnership or firm in which a Trustee has a substantial financial interest contracts with the Authority, such interest shall be disclosed by

said Trustee and shall be entered in the minutes of the Authority; provided, in the absence of fraud, no contract or other transaction shall be thereby affected or invalidated.

Provided, however, that no part of the net earnings, if any, of this Trust or any of its properties, whether real, personal or mixed, shall ever inure to the benefit of any private individual or Trustee, and provided further, that no substantial part of the activities of this Trust shall consist of carrying on propaganda for, or otherwise attempting to influence legislation, nor shall it participate in, or intervene in, including the publishing or distributing of statements or other and similar materials, any political campaign on behalf of any candidate for public office.

**15.** The Trustees shall cause an annual budget to be compiled of all anticipated and proposed expenditures, expenses and outlay of trust funds for the initial and thereafter annually ensuing fiscal years of the Authority. Such budget and all amendments thereto shall be promptly submitted to the City and the County and subject to their approval.

## ARTICLE VIII
## Beneficiaries of Trust

**1.** The Beneficiaries of this Trust shall be the City and the County under and pursuant to Title 60, Oklahoma Statutes, 1971, Section 176, et seq., and other statutes of the State of Oklahoma, presently in force and effect.

Trustor now declares that this Indenture may be altered, amended, revised or modified with the express written consent of the Trustor (if surviving, otherwise without it), the Trustees, the City and the County, which said written consent shall be evidenced by endorsement upon any such instrument of alteration, amendment, revision or modification; provided, that no such alteration, amendment, revision or modification shall take effect in such way as to impair the rights of the holder of any bond or other evidence of indebtedness of the Trust or party to whom the Trust is indebted in any way under written obligation of indebtedness.

**2.** The City and the County shall have no legal title, claim or right to the Trust Estate, its income, or any part thereof, or to demand or require any partition or distribution thereof, except as set forth hereinafter in this Trust Indenture. Neither shall said City or the County nor any agents thereof, have any authority, power or rights, whatsoever, to do or transact any business for, nor in behalf of, or binding upon the Trustees or upon the Trust Estate, nor the right to control or direct the actions of the Trustees. The City and the County as Beneficiaries of this Trust, shall be entitled solely to the benefit of this Trust as administered by the Trustees hereunder, and at the termination of the Trust as herein provided and then only shall said City and the County receive the residue of the Trust Estate.

**3.** The Trustees, after fulfilling the purposes of this Trust and after paying all obligations of the Authority and Trust Estate and interest thereon and all the costs and expenses incident to the management, operation, maintenance and conservation of this Authority, shall then distribute the then remaining property, real, personal or mixed, to the Beneficiaries of the Trust, in, as nearly as possible, portions proportionate to the

contributions made by each beneficiary or on their behalf, to be used solely and exclusively for the purposes of constructing, furnishing, equipping, maintaining, improving and operating the parks and recreation areas established hereunder.

## ARTICLE IX
## Termination of Trust

This Trust shall terminate:

**1.** When the purposes set out in Article III of this Indenture shall have been fully executed; or

**2.** In the manner provided by Title 60, Oklahoma Statutes, 1971, Section 180.

Provided, however, that this Trust shall not be terminated by voluntary action, if there be outstanding fixed term indebtedness or fixed term obligations of the Trustees, unless all owners of such indebtedness or obligations shall have consented in writing to such termination.

Upon the termination of the Trust, the Trustees shall proceed to wind up the affairs of this Authority, and after payment of all debts and obligations out of the monies and properties of the Trust Estate, to the extent thereof, shall distribute the residue of all property, real, personal or mixed, of the Trust Estate to the Beneficiaries hereunder in the manner provided in Article VIII, paragraph 3 of this Indenture. Upon final distribution, the powers, duties and authority of the Trustees hereunder shall cease.

## ARTICLE X
## Termination

The Trustees accept the Trust herein created and provided for and agree to carry out the provisions on their part to be performed. If any one or more of the powers or provisions provided in this Indenture to be performed on the part of the Trust or on the part of the Trustees shall be declared by any court of competent jurisdiction to be contrary to law, then such powers or provisions shall be null and void and shall be deemed separable from the remaining powers or provisions and shall in no way affect the enforceability of any other power or provision of this Indenture, or of any bonds, notes, or other evidences of indebtedness, issued hereunder.

IN WITNESS WHEREOF, the Trustor and the Trustees, have hereunto set their hands this 9th day of April, 1974.

## APPENDIX II AMENDMENT NUMBER ONE TO TRUST INDENTURE DATED APRIL 9, 1974, FOR RIVER PARKS AUTHORITY (SECTIONS 1303, 1304, 1305, AND 1306)

*("Exhibit A" in Ord. No. 19090)*

KNOW ALL PEOPLE BY THESE PRESENTS:

WHEREAS, the original Trustor, Darrell J. Lowrance, created a Trust named the RIVER PARKS AUTHORITY for the benefit of the City of Tulsa and Tulsa County, under Trust Indenture dated April 9, 1974, between the said Trustor and CARL SMITH, WILLIAM WISEMAN, MRS. GERALD WESTBY, TRAVIS FREEMAN, LEONARD EATON, RICHARD JOHNSON and MARSHALL NASH, referred to herein as Trustees; and

WHEREAS, said original Trust Indenture provides that "No Trustee who has served two consecutive terms of three years shall be eligible for further appointment as Trustee"; and

WHEREAS, the said Trustor, Darrell J. Lowrance, desires to amend the Trust Indenture to allow a Trustee, who has served two consecutive terms, to become eligible for subsequent non-consecutive terms of office after a period of time out of office; and

WHEREAS, said Trust Indenture can be amended by the Trustor with the approval of the successor Trustees and the approval of the beneficiaries.

NOW, THEREFORE, I, Darrell J. Lowrance, the undersigned original Trustor of the River Parks Authority Trust under Trust Indenture dated April 9, 1974 between me and the above named Trustees, do hereby propose the amendment of said Trust Indenture as appears below, subject to the approval of a majority of the successor Trustees STEPHEN J. JATRAS, JAMES W. PIELSTICKER, JAMES M. STURDEVANT, JILL TARBEL, AMBROSE SIMS, LOUIS LEVY, LEANNE K. HELMERICH, and subject to approval by the governing bodies of the beneficiaries City of Tulsa and Tulsa County.

**The second sentence of Paragraph 2 of Article VI, "The Trustees" is hereby amended to read as follows:**

**No Trustee who has served two consecutive terms shall serve a third consecutive term.**

IN WITNESS WHEREOF, this amendment to the Trust Indenture has been proposed by me on this 5th day of March, 1997.

/s/ Darrell J. Lowrance
TRUSTOR

APPROVAL OF BOARD OF TRUSTEES, approved in open meeting this 13th day of March, 1997.

## CHAPTER 14. EMERGENCY MEDICAL SERVICES AUTHORITY

Section 1400. Beneficial interest in Emergency Medical Services Authority accepted.
Section 1401. Mayor and Auditor authorized to endorse approval and acceptance of beneficial interest on Trust Indenture and record it in office of County Clerk.
Section 1402. Approval of amendment to Trust Indenture dated February 18, 1987.
Section 1403. Mayor and auditor authorized to endorse upon the amendment to Trust Indenture the approval of the City.
Section 1404. Approval of amended and restated Trust Indenture.
Section 1405. Mayor and Auditor authorized to endorse upon the Trust Indenture the approval of the City and acceptance of the beneficial interest.
Appendix I Trust Indenture Emergency Medical Services Authority (Sections 1400 and 1401) ("Exhibit A" in Ord. No. 13994).
Appendix II Amendment to the Trust Indenture Dated December 1, 1977, for Emergency Medical Services Authority (Sections 1402 and 1403) ("Exhibit A" in Ord. No. 16832).
Appendix III Amended and Restated Trust Indenture Emergency Medical Services Authority (Sections 1404 and 1405) ("Exhibit A" in Ord. No. 17295).

### Section 1400. Beneficial interest in Emergency Medical Services Authority accepted.

That the Emergency Medical Services Authority, created by Trust Indenture dated the 1st day of December, 1977, an executed copy of which Trust Indenture is hereto attached, marked "Exhibit A" and made a part hereof, wherein Mrs. Norma Eagleton, Mr. Michael E. Kerpan, Dr. Gerald E. Gustafson, Dr. Bert Bergland, Dr. Charles A. Farmer, Mr. Phil Goodwin, Mr. W. Richard Horkey, Mr. James Todd and Mrs. Carl Edmonds are designated trustees, and the City of Tulsa, Oklahoma, is designated as the sole beneficiary of said Emergency Medical Services Authority, is hereby approved, and the City of Tulsa hereby accepts the beneficial interest therein, and all of the terms and provisions of said Trust Indenture as authorized by the applicable statutes of the state of Oklahoma, and the City of Tulsa hereby agrees to be and become the sole beneficiary of said trust.

*(Ord. No. 13994)*

### Section 1401. Mayor and Auditor authorized to endorse approval and acceptance of beneficial interest on Trust Indenture and record it in office of County Clerk.

That the Mayor and the City Auditor of the City of Tulsa are hereby authorized, instructed and directed to endorse upon the original of said Trust Indenture the approval of the City of Tulsa of said Trust Indenture creating the Emergency Medical Services Authority, and the City's acceptance of the beneficial interest therein and to cause said Trust Indenture to be recorded in the office of the County Clerk of Tulsa County, Oklahoma.

*(Ord. No. 13994)*

### Section 1402. Approval of amendment to Trust Indenture dated February 18, 1987.

The Trust Indenture dated the 1st day of December, 1977, is hereby amended pursuant to the terms of the Amendment to the Trust Indenture dated February 18, 1987, an executed copy of which is attached hereto as "Exhibit A" and made a part hereof.

*(Ord. No. 16832)*

### Section 1403. Mayor and Auditor authorized to endorse upon the amendment to Trust Indenture the approval of the City.

The Mayor and the City Auditor of the City of Tulsa are hereby authorized, instructed and directed to endorse upon the original of the Amendment to the Trust Indenture the approval of the City of Tulsa of the Amendment to the Trust Indenture creating the Emergency Medical Services Authority, and to cause the Amendment to the Trust Indenture to be recorded in the office of County Clerk of Tulsa County, Oklahoma.

*(Ord. No. 16832)*

### Section 1404. Approval of amended and restated Trust Indenture.

The Emergency Medical Services Authority, created by the Amended and Restated Trust Indenture dated the 23rd day of March, 1990, attached as "Exhibit A" and made a part hereof, (wherein the above-referenced individuals are designated as trustees, and the City of Tulsa and the City of Oklahoma City are designated as beneficiaries of the Emergency Medical Service Authority), is hereby approved.

*(Ord. No. 16832)*

### Section 1405. Mayor and Auditor authorized to endorse upon the Trust Indenture the approval of the City and acceptance of the beneficial interest.

The Mayor and the City Auditor of the City of Tulsa are hereby authorized, instructed and directed to endorse upon the original of the Trust Indenture the approval of the City of Tulsa of the Trust Indenture creating the Emergency Medical Services Authority, and to cause the Trust Indenture and the City's acceptance of the beneficial interest therein to be recorded in the office of County Clerk of Tulsa County, Oklahoma.

*(Ord. No. 17295)*

## APPENDIX I TRUST INDENTURE EMERGENCY MEDICAL SERVICES AUTHORITY (SECTIONS 1400 AND 1401)

*("Exhibit A" in Ord. No. 13994)*

KNOW ALL MEN BY THESE PRESENTS:

THIS TRUST INDENTURE, dated this 1st day of December, 1977, by MR. FRANCIS F. CAMPBELL, hereinafter referred to as "Trustor," and MRS. NORMA EAGLETON as Commissioner of Finance and Revenue for the City of Tulsa; MR. MICHAEL E. KERPAN as Police and Fire Commissioner; DR. GERALD E. GUSTAFSON, M.D., Tulsa, Oklahoma; DR. BERT BERGLAND, D.O., Tulsa, Oklahoma; DR. CHARLES A. FARMER, M.D., Tulsa, Oklahoma; MR. PHIL GOODWIN, Tulsa, Oklahoma; MR. RICHARD HORKEY, Tulsa, Oklahoma; MR. JAMES TODD, Tulsa, Oklahoma; and MRS. CARL EDMONDS, Tulsa, Oklahoma; to be known as "Trustees of the Emergency Medical Services Authority," and hereinafter referred to as "Trustees."

W I T N E S S E T H:

That in consideration of payment by Trustor to the Trustees of the sum of Ten and 00/100 Dollars ($10.00) and of the mutual covenants herein set forth, the said Trustees agree to hold, manage, invest, assign, convey and distribute, as herein provided, authorized and directed, such property as Trustor, or others, may from time to time assign, transfer, lease, convey, give, bequeath, devise or deliver unto this Authority or the Trustees hereof.

TO HAVE AND TO HOLD such property and the proceeds, rents, profits and increases thereof unto said Trustees, and said Trustees' successors and assigns, but nevertheless in Trust, for the use and benefit of the City of Tulsa, Oklahoma, a municipal corporation, and upon the following trusts, terms and conditions herein stated.

### ARTICLE I
### Creation of Trust

The undersigned Trustor creates and establishes a Trust for the use and benefit of the City of Tulsa, Oklahoma, a municipal corporation, and for the public purpose hereinafter set forth, under the provisions of Title 60, Oklahoma Statutes, 1971, Sections 176 to 180 inclusive, the Oklahoma Trust Act and other applicable Statutes of the State of Oklahoma.

### ARTICLE II
### Name

The name of this Trust shall be EMERGENCY MEDICAL SERVICES AUTHORITY hereinafter referred to as "Authority." The Trustees shall conduct all business and execute all instruments, and otherwise perform the duties and functions required in the execution of this Trust.

### ARTICLE III
### Purposes of Trust

The purposes of this Trust are:

**1.** To assist the City of Tulsa to own, construct, finance, furnish, equip, maintain and operate, or on its own behalf, to own, construct, finance, furnish, equip, maintain and operate or cause to be operated an emergency medical services system for the inhabitants of the City of Tulsa.

**2.** To charge and collect fees for the use of such emergency medical services in accordance with the rates prescribed by the Emergency Medical Services Council and approved by the City of Tulsa.

**3.** In carrying out said public purposes to issue bonds, notes and other obligations in such manner and at such price as the Trustees may deem desirable and to secure the payment of such bonds, notes or other obligations by the pledge of all or any part of the rents and income of the Authority.

**4.** To hold, maintain and administer any leasehold rights in and to physical properties demised to the beneficiary or to the Trust Estate, and to comply with the terms and conditions of any such lease.

**5.** To provide funds for the costs of financing, acquiring, constructing, purchasing, equipping, maintaining, repairing, improving, enlarging, remodeling, holding, operating, administering and contracting for any or all of the aforesaid services, utilities, buildings, facilities and all properties, real, personal or mixed, needful for executing and fulfilling the Trust purposes as set forth in this Indenture and all other charges, costs and expenses necessarily incurred in connection therewith, and in so doing to incur indebtedness either unsecured or secured by all or any part of the Trust Estate and its revenues.

**6.** To expend all funds coming into the hands of the Trustees as revenue or otherwise for the payment of any indebtedness incurred by the Trustees for purposes specified herein, and in the payment of the aforesaid costs and expenses, and in payment of any other obligation properly chargeable against the Trust Estate and to distribute the remainder of such funds to the beneficiary municipality.

## ARTICLE IV
## Duration of Trust

This Trust shall have duration for the term of duration of the beneficiary and until such time as its purpose shall have been fulfilled or until it shall be terminated as hereinafter provided.

## ARTICLE V
## The Trust Estate

The Trust Estate shall consist of:

**1.** The funds and property presently in the hands of the Trustees, including the consideration as hereinabove recited.

**2.** Any and all leasehold rights demised to said Trustees for the purposes of this Trust.

**3.** Any and all money, property, real, personal or mixed, rights, choses in action, contracts, leases, privileges, immunities, licenses, franchises, benefits and all other things of value coming into the possession of the Trustees, pursuant to the provisions of this Indenture.

## ARTICLE VI
## The Trustees

**1.** There shall be nine (9) Trustees of this Trust:

**a.** Two of such Trustees shall be elected officers of the City of Tulsa, to wit: The Commissioner of Finance and Revenue and the Police and Fire Commissioner.

Such elected Trustees shall serve during their term of office and until their successors have been duly elected or appointed and qualified. In the event of a change in the form of the government of the City of Tulsa, successors to these Trustees shall be two other Trustees approved by the legislative body of the City of Tulsa under the new form of government, upon nomination of the Mayor of said City.

**b.** Dr. Bert Bergland, D.O., shall be a Trustee for a term of one year, commencing on the date of this indenture. Mrs. Carl Edmonds shall be a Trustee for a term of one year, commencing on the date of this indenture. Dr. Charles A. Farmer, M.D., shall be a Trustee for a term of two years, commencing on the date of this indenture. Mr. James Todd shall be a Trustee for a term of two years, commencing on the date of this indenture. Mr. W. Richard Horkey shall be a Trustee for a term of two years, commencing on the date of this indenture. Mr. Phil Goodwin shall be a Trustee for a term of three years, commencing on the date of this indenture. Dr. Gerald E. Gustafson, M.D., shall be a Trustee for a term of three years, commencing on the date of this indenture.

**c.** Successor Trustees shall be appointed by the Mayor, subject to the approval of the governing body of the City of Tulsa. Each Successor Trustee so appointed shall serve a term of three years, except those two Trustees who are elected officers of the City of Tulsa. Vacancies occurring otherwise than through the expiration of term shall be filled for the unexpired term in the same manner as that provided for the appointment as a successor to that position.

**d.** Each Successor Trustee duly appointed shall, without any further act or conveyance, become fully vested with all of the estate, properties, rights, powers, duties, and obligations of his predecessor hereunder, with like effect as if originally named as Trustee.

**e.** The seven (7) Trustees who are not members of the governing body of the City of Tulsa shall during their term be subject to removal only by action of the District Court of Tulsa County for cause shown.

**2.** In the event of the default in payment of principal or of interest on any indebtedness created by said Trustees or any default under any instrument securing or pursuant to which such debt be incurred, a Temporary Trustee or Receiver may be appointed, as shall be provided in any such instrument. Such Temporary Trustee or Receiver shall become, without any further act or conveyance, fully vested with all of the estate, properties, rights, powers, trusts, duties and obligations of his predecessors in Trust, with like effect as if originally named as Trustee herein. The Temporary Trustee or Receiver shall cease to have any power or authority upon the termination of all the defaults by which his appointment would have been authorized, and the permanent Trustees temporarily supplanted shall be automatically reinstated.

**3.** Bonds or other evidences of indebtedness to be issued by the Trustees shall not constitute an indebtedness of the City of Tulsa, nor personal obligations of the Trustees of the Authority, but shall constitute obligations of the Trustees of payable solely from the Trust Estate.

**4.** The Trustees, the City of Tulsa or any agency thereof, shall not be charged personally with any liability whatsoever by reason of any act of omission committed or suffered in good faith or in the exercise of their honest discretion in the performance of such Trust

or in the operation of the Trust Estate; but any act or liability for any omission or obligation of the Trustees in the execution of such Trust, or in the operation of the Trust Estate, shall extend to the whole of the Trust Estate or so much thereof as may be necessary to discharge such liability or obligation.

**5.** No Trustee or Trustees shall have the power or authority to bind or obligate any other Trustee, or the beneficiary in his or its capacity, nor can the beneficiary bind or obligate the Authority or any individual Trustee.

**6.** No Trustee shall be paid any compensation of any kind for his services as Trustee of this Authority, except that each such Trustee shall be reimbursed for actual expenses incurred in the performance of his duties as Trustee.

## ARTICLE VII
## Powers and Duties of the Trustees

Subject to the provisions and limitations otherwise provided in this Indenture, the Trustees shall have, in addition to the usual powers incident to their office, and the powers granted to them in other parts of this Trust Indenture, the following rights, powers, duties, authority, discretion and privileges, all of which may be exercised by them without any order or authority from any court:

**1.** To enter into and execute, purchase, lease, or otherwise acquire property, real, personal or mixed, franchises, contracts, leases, rights, privileges, benefits, choses in action, or other things of value and to pay for the same in cash, with bonds or other evidences of indebtedness or otherwise.

**2.** To make and change investments; to convert real into personal property and vice versa; to lease, improve, exchange or sell, at public or private sale, upon such terms as they deem advisable, any or all of the property in the Trust, real or personal; to borrow money or renew loans for the Trust; to refund outstanding bonded indebtedness; to execute therefor evidences of indebtedness and to secure the same by mortgage, lien, pledge or otherwise; to purchase property from any person and purchase or lease land and other property from the beneficiary and construct and equip buildings and facilities thereon; to lease, sublease or rent, on such terms as they deem advisable, the same to individuals, partnerships, associations, corporations, and others, including agencies of the United States of America, State of Oklahoma and political subdivisions of the State; to procure funds necessary for such purpose by the sale of bonds or other evidences of indebtedness and secure the payment of such bonds or other evidences of indebtedness by mortgage, lien, pledge or other encumbrance of such real and personal property, buildings and facilities owned or otherwise acquired, leased or controlled by Trustees and rentals, income, receipts and profits therefrom or from any other revenues associated with the ownership, operation or control of the property of the Authority; to lease or sublease on such terms as they deem advisable, any property of the Authority or of which the Trustees may become the owners or lessees.

**3.** To make and perform contracts of every kind, including management contracts with any person, firm, corporation, association, trusteeship, municipality or government; and, without limit as to amount, to draw, make, accept, endorse, assume, guarantee, account, execute and issue promissory notes, drafts, bills of exchange, acceptances, warranties, bonds, debentures, and to have issued a letter

or letters of credit from any state or national bank, and other negotiable or nonnegotiable instruments, obligations and evidences of unsecured indebtedness, or of indebtedness secured by mortgage, deeds of trust, or otherwise, upon any or all property of the Authority, and to pledge any or all income of the Authority in the same manner and to the same extent as a natural person might or could do. To collect and receive any property, money, rents, or income of any sort and distribute the same, or any portion thereof, for the furtherance of the authorized Trust purposes set out herein.

**4.** To employ such counsel, agents, servants and employees as they deem necessary or proper; and prescribe their duties and fix their compensation at such amounts as is customary and normal; and select depositories for the funds and securities of this Authority. Any officer or employee having custody of Authority funds shall be bonded in such amount as may be designated by the Trustees.

**5.** To compromise any debts or claims of or against the Authority, and to adjust any dispute in relation to such debts or claims by arbitration or otherwise, and pay any debts or claims against the Authority upon any evidence that seems to the Trustees to be sufficient. The Trustees may bring any suit or action which in their judgment is necessary or proper to protect the interests of the Authority or to enforce any claim, demand, or contract for the Authority; and they shall defend, in their discretion, any suit against the Authority of the Trustees or employees, agents or servants thereof. They may compromise and settle any suit or action and discharge the same out of Authority assets, together with court costs and attorney fees. All such expenditures shall be treated as expenses of executing this Trust.

**6.** To do all other acts, in their judgment, necessary or desirable for the proper and advantageous management, investment and distribution of the Trust Estate and income therefrom.

The whole title, legal and equitable, to the Authority property is and shall be vested in the Trustees as such title in the Trustees is necessary for their due execution of this Trust. Said Trustees shall have and exercise exclusive management and control of the Trust properties for the use and benefit of the beneficiary, but may agree for approval of any or all of its actions and transactions by the governing board of the beneficiary.

The Trustees may contract for the furnishing of any services or for the performance of any duties that they may deem necessary or proper, and pay for the same as they see fit; but in any case, said Trustees shall provide for an annual audit of the Authority property and operations, one copy each of which shall be filed with the Mayor and Auditor of the City of Tulsa, Oklahoma, and shall be open to public inspection.

No purchaser at any sale or lessee under a lease made by the Trustees shall be bound to inquire into the expediency, propriety, validity or necessity of such sale or lease or to see to or be liable for the application of the purchase or rental monies arising therefrom.

No contract, lease, indenture or agreement of any nature whatsoever to which the Trustees shall be a party shall be deemed ineffectual or invalid by reason of the fact that any one or more of such Trustees may execute such contract, lease, indenture or agreement for or on behalf of the other parties thereto.

Any firm of which any Trustee may be a member, or any public or private corporation, association, commission or agency of which any Trustee may be an officer, director or member, or in which any Trustee may be interested as the holder of any amount of its capital stock, or otherwise, or any Trustee individually may be a party to, or may be pecuniarly (sic), or otherwise, interested in any contract or transaction with this Authority or the Trustees thereof; and, in the absence of fraud, no contract or other transaction shall be thereby affected or invalidated; provided that in case a Trustee, individually, or a firm of which a Trustee is a member, or a corporation in which any Trustee owns a substantial amount of capital stock, is so interested that such fact shall be disclosed or shall have been known to the other Trustees.

## ARTICLE VIII
## Beneficiary of Trust

**1.** The Beneficiary of this Trust shall be the City of Tulsa, Oklahoma, a municipal corporation, under and pursuant to Title 60, Oklahoma Statutes, 1971, Sections 176 to 180, both inclusive. Trustor now declares that this Indenture shall be irrevocable from the moment it is signed by him and delivered to the Trustees, and that he shall thereafter stand without any power whatsoever, at any time to alter, amend, revise, modify, revoke or terminate any of the provisions of this Indenture, except with the consent of the City of Tulsa.

**2.** The Trustees, after fulfilling the purpose of this Trust and after paying all obligations of the Trust and interest thereon and all the costs and expenses incident to the management, operation, maintenance and conservation of this Trust, shall then pay the balance to the beneficiary of the Trust, to be used solely and exclusively for the purpose of constructing, furnishing, equipping, maintaining, improving and operating an emergency medical services system for the inhabitants of the City of Tulsa.

**3.** The City of Tulsa, Oklahoma, shall have no legal title, claim or right to the Trust Estate, its income or to any part thereof, or to demand or require any partition or distribution thereof, except as set forth in Paragraph (2) of Article VIII of this Trust Indenture. Neither shall said City of Tulsa, Oklahoma, or any agency thereof, have any authority, power or right, whatsoever, to do or transact any business for, or in behalf of, or binding upon, the Trustees or upon the Trust Estate, nor the right to control or direct the actions of the Trustees. The City of Tulsa, Oklahoma, as beneficiary of this Trust, shall be entitled solely to the benefits of this Trust, as administered by the Trustees hereunder; and at the termination of the Trust as herein provided, and then only, shall said City of Tulsa, Oklahoma, receive the residue of the Trust Estate for the declared public purposes.

## ARTICLE IX
## Termination of Trust

This Trust shall terminate:

**1.** When the purposes set out in Article III of this Indenture shall have been fully executed; or

**2.** In the manner provided by Title 60, Oklahoma Statutes, 1971, Section 180.

Provided, however, that this Trust shall not be terminated by voluntary action if there be outstanding indebtedness or fixed term obligations of the Trustees, unless all owners of such indebtedness or obligations shall have consented in writing to such termination.

Upon the termination of this Trust, the Trustees shall proceed to wind up the affairs of this Authority and, after payment of all debts and obligations out of Authority money, to the extent thereof, shall distribute the residue of the money and Authority property to the beneficiary hereunder; upon final distribution, the powers, duties and authority of the Trustees hereunder shall cease.

## ARTICLE X

## ACCEPTANCE

The Trustees accept the Trust herein created and provided for and agree to carry out the provisions on their part to be performed.

IN WITNESS WHEREOF, the Trustor and the Trustees have hereunto set their hands this 1st day of December, 1977.

## APPENDIX II AMENDMENT TO THE TRUST INDENTURE DATED DECEMBER 1, 1977, FOR EMERGENCY MEDICAL SERVICES AUTHORITY (SECTIONS 1402 AND 1403)

*(Ord. No. 1683)*

KNOW ALL MEN BY THESE PRESENTS:

THIS AMENDMENT TO THE TRUST INDENTURE, dated December 1, 1977, dated this 18th day of Feb., 1987, by MR. FRANCIS CAMPBELL, hereinafter referred to as "Trustor," and MR. GARY WATTS as Commissioner of Finance and Revenue for the City of Tulsa; MR. ROY GARDNER as Police and Fire Commissioner; DR. JOHN SACRA, M.D., Tulsa, Oklahoma; DR. PAUL KORO, D.O., Tulsa, Oklahoma; DR. CHARLES A. FARMER, M.D., Tulsa, Oklahoma; MR. W. RICHARD HORKEY, Tulsa, Oklahoma; MR. STEVE AUSTIN, Tulsa, Oklahoma; MR. IRA SCHLEZINGER, Tulsa, Oklahoma; and MRS. CARL EDMONDS, Tulsa, Oklahoma; to be known as "Trustees of the Emergency Medical Services Authority," and hereinafter referred to as "Trustees."

WITNESSETH:

WHEREAS, The Trustor and Trustees have found it necessary and expedient to further the public purposes of the Emergency Medical Services Ambulance Authority by amending the Trust Indenture dated December 1, 1977.

NOW, THEREFORE, BE IT RESOLVED that Article II, Section 1 of the Trust Indenture dated December 1, 1977 be amended to read as follows:

"ARTICLE III

PURPOSES OF TRUST

**1.** To assist the City of Tulsa to own, construct, finance, furnish, equip, maintain and operate, or on its own behalf, to own, construct, finance, furnish, equip, maintain and operate or cause to be operated an emergency medical services system for the inhabitants of the City of Tulsa and inhabitants of any other municipality or unincorporated area, and/or county."

## APPENDIX III AMENDED AND RESTATED TRUST INDENTURE EMERGENCY MEDICAL SERVICES AUTHORITY (SECTIONS 1404 AND 1405)

*(Ord. No. 17295)*

KNOW ALL MEN BY THESE PRESENTS:

THIS AMENDMENT AND RESTATEMENT OF THE TRUST INDENTURE, dated December 1, 1977, as amended on February 18, 1987, dated this 23rd day of March, 1990, by PHILIP W. WOOD as City Auditor, hereinafter referred to as "Trustor" and GARY WATTS, ROBERT DICK, JOHN SACRA, M.D., PAUL KORO, D.O., CHARLES A. FARMER, M.D., MR. W. RICHARD HORKEY, MR. STEVE AUSTIN, MR. IRA SCHLEZINGER and MRS. PHYLLIS EDMONDS, to be known as the "Trustees of the Emergency Medical Services Authority" and hereinafter referred to as the "Trustees".

WITNESSETH:

That the Trustor and Trustees have found it desirable to further the public purposes of the Emergency Medical Services Authority (the "Authority" or the "Trust") by expanding the service area served by the Authority to include Oklahoma City, Oklahoma, its surrounding neighboring communities and the area between Tulsa and Oklahoma City in addition to the present service area of the Authority, which includes Tulsa, Oklahoma and its neighboring communities (collectively the "Service Area").

That the expansion of said Service Area to include Oklahoma City, Oklahoma, and its neighboring communities, and the area between Oklahoma City and Tulsa will result in economies of scale which will hold down the cost of emergency medical services to the users of such services, and strengthen disaster response capabilities.

That the City of Oklahoma City on December 5, 1989 found that an emergency exists with regard to its emergency medical ambulance services that imperils the lives of its citizens and threatens its public health, safety, peace and welfare.

That in consideration of payment by Trustor to the Trustees of the sum of Ten and 00/100 Dollars ($10.00) and of the mutual covenants herein set forth, the said Trustees agree to hold, manage, invest, assign, convey and distribute, as herein provided, authorized and directed, such property as Trustor, or others, may from time to time assign, transfer, lease, convey, give, bequeath, devise or deliver unto this Authority or the Trustees hereof.

TO HAVE AND TO HOLD such property and the proceeds, rents, profits and increases thereof unto said Trustees, and said Trustees' successors and assigns, but nevertheless in Trust, for the use and benefit of the beneficiary or beneficiaries hereof, upon the trusts, terms and conditions herein stated.

NOW, THEREFORE, the Trust Indenture is hereby amended and restated in its entirety to read as follows:

### Article I. CREATION OF TRUST

The undersigned Trustor creates and establishes a Trust and amends and restates in its entirety the Trust Indenture dated December 1, 1977, as amended on February 18, 1987, to expand the Trust for the use and benefit of the Cities of Tulsa, Oklahoma, and Oklahoma City, Oklahoma, as beneficiaries of this Trust (the "Beneficiaries"), and for the public

purposes hereinafter set forth, under the provisions of Title 60, Oklahoma Statutes, 1981, Sections 176 to 180.3 inclusive, the Oklahoma Trust Act as may be amended or superseded from time to time, and other applicable Statutes of the State of Oklahoma.

## Article II. NAME

The name of this Trust shall be EMERGENCY MEDICAL SERVICES AUTHORITY (hereinafter referred to as "Authority"). The Trustees shall under such name conduct all business and execute all instruments, and otherwise perform the duties and functions required in the execution of this Trust.

## Article III. PURPOSES OF TRUST

The purposes of this Trust are:

**1.** To operate or cause to be operated and to furnish and supply an emergency medical services system for the furtherance of the general convenience, welfare, public health and safety of the inhabitants of the Cities of Tulsa and Oklahoma City, the Beneficiaries of this Trust), and for other jurisdictions including municipalities, counties, emergency medical service districts, school districts, Indian Nations or other legal entities which elect to contract with the Trustees of this Trust (which jurisdictions shall be called "Non-Beneficiary Member Jurisdictions").

**2.** To charge and collect user fees for the use of such ambulance services.

**3.** To acquire by lease, purchase or otherwise, and to hold, construct, install, equip, repair, enlarge, furnish, maintain and operate or otherwise deal with, any and all physical properties and facilities needful or convenient for utilization in executing or promoting the execution of the aforesaid Trust purposes or any of them, to lease, rent, furnish, provide, relinquish, sell or otherwise dispose of, or otherwise make provision for, any or all of said properties and facilities either in execution of any of the aforesaid Trust purposes or in the event that any thereof shall no longer be needful for such purposes.

**4.** To hold, maintain and administer any leasehold rights in and to physical properties of the Beneficiaries demised to the Trustees, and to comply with the terms and conditions of any such lease providing such rights.

**5.** To provide funds for the costs of financing, acquiring, constructing, installing, purchasing, equipping, maintaining, repairing, improving, enlarging, remodeling, holding, operating, administering, contracting for, disposing of or otherwise dealing with any or all of the aforesaid services, utilities, buildings, facilities and all properties, real, personal or mixed, needful for executing and fulfilling the Trust purposes as set forth in this Trust Indenture and for all other charges, costs and expenses necessarily incurred in connection therewith; and in so doing to incur indebtedness either unsecured or secured by all or any part of the Trust Estate and/or its revenues.

**6.** To expend all funds coming into the hands of the Trustees as revenue or otherwise for the payment of any indebtedness incurred by the Trustees for purposes specified herein, and in the payment of the aforesaid costs and expenses, and in

payment of any other obligation properly chargeable against the Trust Estate and to distribute the remainder of such funds to the Beneficiaries, in accordance with this Trust Indenture.

## Article IV. DURATION OF TRUST

Unless otherwise terminated as provided for herein, the duration of this Trust shall be for a period of ten (10) years beginning April 15, 1990. Provided, however, that after the first six (6) years, and every six (6) years thereafter, the then-remaining four (4) year duration of the Trust shall be automatically extended by six (6) additional years, unless either Beneficiary Jurisdiction nullifies such automatic extension by exercising its option to nullify the automatic extension during the "window of opportunity," which "window of opportunity" is hereby defined as the month of April occurring during every sixth year beginning with and including April 1996. In the event such automatic extension is so nullified, the Trust shall terminate upon the expiration of its then-remaining term in accordance with the provisions set forth in Subsection 5 of Article XI, hereof.

## Article V. THE TRUST ESTATE

The Trust Estate shall consist of:

**1.** The funds and property presently in the hands of the Trustees.

**2.** Any and all leasehold rights demised to said Trustees for the purposes of this Trust.

**3.** Any and all money, property, real, personal or mixed, rights, choses in action, contracts, leases, privileges, immunities, licenses, franchises, benefits and all other things of value coming into the possession of the Trustees, pursuant to the provisions of this Trust Indenture. The aggregate net worth of the Trust Estate as reflected in the annual audit shall be called the "Combined Capital Account." The Combined Capital Account shall be the sum of the two "Divisional Capital Accounts" established as provided for in Article IX, "Establishment of the Capital Accounts."

## Article VI. THE TRUSTEES

**1.** There shall be initially six voting Trustees of this Trust, one member who shall be ex officio the Mayor of the City of Tulsa, or the Mayor's designated representative who shall be a City of Tulsa employee serving a one year term, and five members appointed by the Mayor of Tulsa pursuant to the City Charter. Each of the following qualifications shall at all times be met by at least one member of the Board of Trustees:

**a.** At least one licensed attorney, engaged in private practice;

**b.** At least one person knowledgeable in health care administration (and who may be a physician);

**c.** At least one person knowledgeable in finance, accounting or business administration.

**d.** Once the above criteria have been met, remaining appointees shall possess such qualifications as may be deemed appropriate by the Mayor.

**2.** The Medical Director of the Medical Control Board, created pursuant to the EMS Interlocal Cooperation Agreement between the Beneficiaries and Non-Beneficiary Member Jurisdictions, shall serve, ex officio, without voting rights, as a Trustee, except that in the event of a tie vote, the Medical Director shall cast the deciding vote.

**3.** Excluding the Trustee who is the Mayor or the Mayor's designated representative as referred to in Article VI, Section 1, the five remaining Trustees shall be appointed by the Mayor of Tulsa to staggered terms as follows:

**a.** Two shall be appointed for three years;

**b.** Two shall be appointed for two years;

**c.** One shall be appointed for one year.

**4.** Upon election by the City Council of Oklahoma City to become a beneficiary of this Trust, and upon completion of the requirements set forth in Section 2 of Article IX, hereof, the Board of Trustees shall be expanded by two voting Trustees as follows:

**a.** The Mayor of Oklahoma City, ex officio, or the Mayor's designated representative, who shall be a resident of Oklahoma City and serve at the pleasure of the Mayor, shall occupy one such voting position. The other additional Trustee shall be appointed by the Mayor of Oklahoma City for a three year term and shall meet one of the qualifications for membership described above in Paragraph 1, Items (a) through (c), of this Article VI, and be confirmed by the City Council of Oklahoma City.

**b.** Thereafter, all Trustees shall be appointed by the Mayor of the Beneficiary Jurisdiction which is filling a vacancy on the Board of Trustees which arises from that City; each Trustee shall be appointed to a three year term, and each of the qualifications described in Paragraph 1, Items (a) through (c), of this Article VI, shall be met by at least one member of the Board of Trustees at all times.

**c.** At such time as the annual audited financial statement of the Authority indicates that Oklahoma City's share of the Combined Capital Account, as hereinafter defined, exceeds one-half (1/2) of the Tulsa share of the Combined Capital Account, Oklahoma City shall be entitled to appoint one additional Trustee, and Tulsa entitled to appoint one less Trustee, on the next Tulsa appointment date.

**d.** At such time as the annual audited financial statement of the Authority indicates that Oklahoma City's share of the Combined Capital Account equals or exceeds Tulsa's share of the Combined Capital Account, Oklahoma City shall be entitled to appoint one additional Trustee, and Tulsa entitled to appoint one less Trustee on the next Tulsa appointment date, so that each City at that time will be appointing an equal number of Trustees, that is, four Trustees each.

**e.** Any provision of Section (c) or (d) of this Paragraph 4 of this Article VI notwithstanding, at the end of forty-eight (48) months as a beneficiary, Oklahoma City shall have the right to contribute money, or assets acceptable to a majority of the incumbent Trustees, in such amount as to bring Oklahoma City's share of the Combined Capital Account to a level where Oklahoma City may appoint one more Trustee, pursuant to Section (c) or two more Trustees, pursuant to Sections (c) and (d) of this Paragraph 4 of this Article VI. Such right to contribute shall be available

to Oklahoma City annually thereafter, until such time as both Tulsa and Oklahoma City are entitled to appoint four Trustees each, and thereafter, Tulsa and Oklahoma City shall appoint four (4) Trustees each.

**5.** At such time (hereinafter called the "Trigger Date") as sufficient Non-Beneficiary Member Jurisdictions contract with the Authority under Paragraph 19 of Article VII for emergency medical services so as to add a total population of 100,000 persons to the Authority's service area, the number of voting Trustees shall be increased by two persons, so that the total Trustees shall be ten (10) voting members. Such Trustees positions shall be filled by the Non-Beneficiary Member Jurisdictions as follows:

**a.** For purposes of representation on the Board of Trustees, each Non-Beneficiary Member Jurisdiction shall be associated with either the "Eastern Division" (i.e., communities east of Stroud) or with the "Western Division" (i.e., communities west of Stroud). Should Stroud become a Non-Beneficiary Member Jurisdiction, Stroud shall be associated with the Western Division. (See Exhibit A: Map of Eastern and Western Division)

**b.** The Non-Beneficiary Member Jurisdictions within each of these two Divisions shall then choose their respective representatives on the Board of Trustees as follows:

**1.** Each Non-Beneficiary Member Jurisdiction within a Division shall be entitled to appoint one person to be a member of a Selection Committee. Voting on the Selection Committee shall be on a one vote per member basis.

**2.** No later than one month after the Trigger Date, the Selection Committee shall compile a list of three persons, who are eligible and who possess one of the areas of expertise required of Trustees, as listed in Article VI, Section 1, Items (a), (b), and (c). The list of three persons shall be called the "Candidates List."

**3.** The Candidates List shall be submitted no later than forty-five (45) days after the Trigger Date to the governing body of each Non-Beneficiary Member Jurisdiction.

**4.** Each such governing body shall cast its vote for one of the eligible candidates on the Candidates List. The governing body of each Non-Beneficiary Member Jurisdiction shall be entitled to cast all of the number of votes which corresponds to the number of residents residing in that jurisdiction as most recently published by the United States Census Bureau.

**5.** The candidate receiving the most votes shall be certified as the winner of the election to that Trusteeship. The Selection Committee shall forward the certified results of the election to the incumbent Trustees. Those Trustees shall receive and certify the results, and thereupon the elected person shall be entitled to become a Trustee for a three year term of office, which term need not coincide with the terms of offices of Trustees appointed by Beneficiary Jurisdictions.

**6.** Thereafter, every three years, the Non-Beneficiary Member Jurisdictions in each Division shall follow the procedure set forth above to select the Trustee who represents the Non-Beneficiary Member Jurisdictions of that Division.

**6.** Except for the initial shorter terms described above, and except for Mayors of the Beneficiary Jurisdictions and Trustees serving at the pleasure of the respective Mayors of the Beneficiary Jurisdictions, the terms of office of all members of the Board of Trustees shall be for a period of three years.

**7.** No Trustee shall have any interest, financial or otherwise, either directly or indirectly, in any firm or organization which is a bidder for any competitively awarded contract, or in any firm or organization which contracts to provide ambulance service to the Authority.

**8.** Any Trustee who fails to attend any three consecutive, regularly scheduled Board meetings or who fails to attend at least six regularly scheduled meetings in any twelve month period, without a reasonable and valid reason for such absence shall be deemed to have resigned from the Board.

**9.** The Trustees shall be subject to removal for cause shown by action of a District Court having jurisdiction over this Trust.

**10.** Each Successor Trustee duly appointed shall, without any further act or conveyance, become fully vested with all of the estate, properties, rights, powers, duties, and obligations of his predecessor hereunder, with like effect as if originally named as Trustee.

**11.** In the event of the default in payment of principal or of interest on any indebtedness created by said Trustees or any default under any instrument securing or pursuant to which such debt be incurred, a temporary trustee or receiver may be appointed, as shall be provided in any such instrument. Such temporary trustee or receiver shall, upon subscribing the required oath of office, become, without any further act or conveyance, fully vested with all of the estate, properties, rights, powers, trusts, duties and obligations of his predecessors in Trust, with like effect as if originally named as Trustee herein. The temporary trustee or receiver shall cease to have any power or authority upon the termination of all the defaults by which his appointment would have been authorized, and the permanent Trustees temporarily supplanted shall be automatically reinstated.

**12.** Bonds or other evidence of indebtedness to be issued by the Trustees shall not constitute an indebtedness of the Beneficiaries, nor personal obligations of the Trustees of the Authority, but shall constitute obligations of the Trustees payable solely from the Trust Estate.

**13.** The Trustees, the Beneficiaries of any agency thereof, shall not be charged personally with any liability whatsoever by reason of any act or omission committed or suffered in good faith or in the exercise of their honest discretion in the performance of such Trust or in the operation of the Trust Estate; but any act or liability for any omission or obligation of the Trustees in the execution of such Trust, or in the operation of the Trust Estate, shall extend to the whole of the Trust Estate or so much thereof as may be necessary to discharge such liability or obligation.

**14.** No Trustee or Trustees shall have the power or authority to bind or obligate any other Trustee, or the Beneficiaries in his or their capacity, nor can the Beneficiaries bind or obligate the Authority or any individual Trustee.

**15.** No Trustee shall be paid any compensation of any kind for services as Trustee of this Authority, except that each such Trustee may be reimbursed for actual expenses incurred in the performance of his duties as Trustee.

**16.** Any Trustee shall remain a member of the Board of Trustees only so long as he remains a resident of the service area of his appointing authority, and continues to fulfill the area of expertise related to his original appointment, if applicable.

**17.** In the event of a vacancy in any Trusteeship, (except that appointment of a temporary trustee or receiver governed by Paragraph 11 of this Article VI shall not be deemed a vacancy), the Trustees shall certify the fact of said vacancy to the appropriate appointive or elective power and a successor Trustee shall be elected or appointed for the unexpired term in the same manner as hereinabove provided. In the event that the aforesaid appointing or elective power, as above set forth, shall fail effectively to appoint or elect a successor Trustee or said appointee or successful candidate shall fail to qualify as a Trustee within sixty (60) days next following the expiration of the fixed term of an incumbent Trustee or within thirty (30) days next following the certification of the fact of existence of a vacancy the power of appointment of a successor Trustee shall be vested in the then remaining incumbent Trustee or Trustees.

**18.** The determination of the right of any person to qualify as a Trustee hereunder (except a temporary trustee or receiver referred to in Paragraph 11 of this Article VI), shall be vested exclusively in the incumbent Trustees, and their determination shall be final.

**19.** Each Trustee qualifying under this instrument shall continue as such until his successor shall have qualified as provided in Paragraph 21 of this Article VI.

**20.** The determination of the fact of vacancy shall be vested exclusively in the remaining Trustee or Trustees and his or their determination of such fact shall be conclusive; and, in the event that such a vacancy shall be determined to exist, the remaining Trustee or Trustees may fill such vacancy pending qualification, as provided in Paragraph 21 of this Article VI, of the person entitled so to do.

**21.** All Trustees, and any temporary trustee or receiver appointed hereunder, shall qualify by written acceptance of all of the terms of this instrument, duly acknowledged and filed in the office of the County Clerk of Tulsa and Oklahoma Counties, Oklahoma, and by subscribing and filing such oaths as shall be required by law of public officers of the State of Oklahoma.

**22.** The acceptance of the office of Trustee of this Trust shall not constitute the Trustees, hereunder, permanent or temporary, or both, to be in partnership or association, but each shall be an individual and wholly independent Trustee only.

**23.** Notwithstanding any provision of this instrument which shall appear to provide otherwise, no Trustee or Trustees shall have any power or authority to bind or obligate any other Trustee, or any Beneficiary of this Trust, in his or its individual capacity.

**24.** All persons, firms, associations, trusteeships, corporations, municipalities, governments, and all agents, agencies and instrumentalities thereof, contracting with any Trustee or Trustees, permanent or temporary or both, shall take notice that all expenses and obligations, and all debts, damages, judgments, decrees or liabilities incurred by any Trustee or Trustees, permanent or temporary or both, and any of the foregoing incurred by any agent, servant, or employee of any such Trustee or Trustees, in the execution of the purposes of this Trust, whether arising from contract or tort, shall be solely chargeable to, and payable out of the Trust Estate. In no event shall any Trustee, permanent or temporary, or any Beneficiary of this Trust, be in any manner individually liable for any injury or damage to persons or property, or for breach of

contract or obligation, caused by, arising from, incident to or growing out of the execution of this Trust; nor shall they, or any of them, be liable for the acts or omissions of each other or of any agent, servant or employee of the aforesaid Trustees, or of another such Trustee: PROVIDED, HOWEVER, that the foregoing shall not apply to any willful or grossly negligent breach of trust of any said Trustee.

## Article VII. POWERS AND DUTIES OF THE TRUSTEES

Subject to the provisions and limitations otherwise provided in this Trust Indenture, the Trustees shall have, in addition to the usual powers incident to their office, and the powers granted to them in other parts of this Trust Indenture, the following rights, powers, duties, authority, discretion and privileges, all of which may be exercised by them without any order or authority from any court:

**1.** To own, construct, finance, furnish, equip and maintain, all property, equipment, facilities, and vehicles necessary to operate, or cause to be operated, an emergency medical services system throughout the Service Area of the Authority.

**2.** To enter into and execute, purchase, lease or otherwise acquire property, real, personal or mixed, franchises, contracts, leases, rights, privileges, benefits, potential lawsuits, or other things of value and to pay for the same in cash, with bonds or other evidences of indebtedness or otherwise.

**3.** To make and change investments; to convert real into personal property and vice versa; to own, hold, manage, lease, improve, exchange, dispose of or sell, at public or private sale, upon such terms as they deem advisable, any or all of the property in the Trust, real or personal; to borrow money or renew loans for the Trust; to refund outstanding bonded indebtedness; to execute therefor evidences of indebtedness and to secure the same by mortgage, lien, pledge or otherwise; to purchase property from any person and purchase or lease land and other property from any Beneficiary and construct and equip buildings and facilities thereon; to lease, sublease or rent, on such terms as they deem advisable, the same to individuals, partnerships, associations, corporations, and others, including agencies of the United States of America, State of Oklahoma and political subdivisions of the State; to procure funds necessary for such purpose by the sale of bonds or other evidences of indebtedness by mortgage, lien, pledge or other encumbrance of such real and personal property, buildings and facilities owned or otherwise acquired, leased or controlled by Trustees and rentals, income, receipts and profits therefrom or from any other revenues associated with the ownership, operation or control of the property of the Authority; to lease or sublease on such terms as they deem advisable, any property of the Authority or of which the Trustees may become the owners or lessees.

**4.** To make and perform contracts of every kind necessary to fulfill or accomplish the purposes of the Trust, including management contracts with any person, firm, corporation, association, trusteeship, municipality or government; and, without limit as to amount, to draw, make, accept, endorse, assume, guarantee, discount, execute and issue promissory notes, drafts, bills of exchange, acceptances, warrants, bonds, debentures, and to have issued a letter or letters of credit from any state or national bank, and other negotiable or non-negotiable instruments, obligations and evidences of unsecured indebtedness, or of indebtedness secured by

mortgage, deeds of trust, or otherwise, upon any or all property of the Authority, and to pledge any or all income of the Authority in the same manner and to the same extent as a natural person might or could do. To collect and receive any property, money, rents or income of any sort and distribute same, or any portion thereof, for the furtherance of the authorized Trust purposes set out herein.

**5.** To employ an Executive Director, and such counsel, agents, servants and employees as they deem necessary or proper; and to prescribe their duties and fix their compensation at such amounts as the Trustees deem appropriate; and select depositories for the funds and securities of this Authority. Any officer or employee having custody of Authority funds shall be bonded in such amount as may be specified by the Trustees.

**6.** To compromise any debts or claims of or against the Authority; and to adjust any dispute in relation to such debts or claims by arbitration or otherwise, and pay any debts or claims against the Authority upon any evidence deemed by the Trustees to be sufficient. The Trustees may bring any suit or action which in their judgment is necessary or proper to protect the interests of the Authority or to enforce any claim, demand, or contract for the Authority; and they shall defend, in their discretion, any suit against the Authority or the Trustees or employees, agents or servants thereof. They may compromise and settle any suit or action and discharge the same out of Authority assets, together with court costs and attorney fees. All such expenditures shall be treated as expenses of executing this Trust.

**7.** To do all other acts, in their judgment, necessary or desirable for the proper and advantageous management, investment and distribution of the Trust Estate and income therefrom.

**8.** The whole title, legal and equitable, to the Authority property is and shall be vested in the Trustees as such title in the Trustees is necessary for their due execution of this Trust. Said Trustees shall have and exercise exclusive management and control of the Trust properties for the use and benefit of the Beneficiaries, but may apply for approval of any or all of its actions and transactions to a court having jurisdiction.

**9.** The Trustees may contract for the furnishing of any services or for the performance of any duties that they may deem necessary or proper, and pay for the same as they see fit.

**10.** The Trustees shall obtain monthly financial reports (staff-prepared); and an annual certified audit of the Authority's property and operations as evidenced in the Authority's financial statements, including changes in the Capital Account of each Division, and certifying changes in the individual shares of the applicable Divisional Capital Account of each Beneficiary Jurisdiction and Non-Beneficiary Member Jurisdiction.

**11.** No purchaser at any sale or lessee under a lease made by the Trustees shall be bound to inquire into the expediency, propriety, validity or necessity of such sale or lease or to see to or be liable for the application of the purchase or rental monies arising therefrom.

**12.** No contract, lease, indenture or agreement of any nature whatsoever to which the Trustees shall be a party shall be deemed ineffectual or invalid by reason of the fact that any one or more of such Trustees may execute such contract, lease, indenture or agreement for or on behalf of the other parties thereto.

**13.** The Trustees shall collect and receive all property, money, rents and income of all kinds belonging to or due the Trust Estate, and shall distribute the same, or any portion thereof, solely for the purposes, and the furtherance of the purposes, set forth in Article III of this instrument, and not otherwise.

**14.** The Trustees shall take and hold title to all property at any time belonging to the Trust in the names of the Trustees or in the name of the Trust and shall have and exercise exclusively the management and control of the same, for the use and benefit of the Beneficiaries, as provided herein, in the execution of the purposes of this Trust; and the right of the Trustees to manage, control and administer the said Trust, its property, assets and business shall be absolute and unconditional and free from any direction, control or management by the Beneficiaries, or any person or persons whomsoever.

**15.** The Trustees may employ such agents, servants and employees as they deem necessary, proper or convenient for the execution of the purposes of this Trust, and prescribe their duties and fix their compensation.

**16.** The Trustees, by Resolution, may divide the duties of the Trustees hereunder, delegating all or any part of such duties to one or another of the Trustees as they deem proper; but, where a specific duty is not so delegated, a majority of the Trustees must act for the Trust.

**17.** No bond shall be required of the Trustees, or any of them, unless they shall deem the same proper and shall provide therefor by Resolution.

**18.** All proceedings of the Trustees shall be taken in public meeting only, and the Trustees shall make, or cause to be made, a written record of all of their proceedings. All records of the Trust shall be kept at the principal office of the Trust and shall be subject to inspection during customary business hours as are public records of the State of Oklahoma.

**19.** The Trustees may, at the option of the Board of Trustees, contract to provide emergency medical services to any jurisdiction, subject to the following requirements:

**a.** The jurisdiction shall adopt the Uniform Ordinance for Emergency Medical Services, as approved by the Authority; and execute the EMS Interlocal Cooperation Agreement establishing the Medical Control Board and setting forth its powers and duties; and

**b.** The jurisdiction shall arrange for the availability of first responder services throughout the jurisdiction within eighteen (18) months after signing said contract with the Authority. Such first responder services may be furnished by the jurisdiction's existing fire department or law enforcement agency, where such resources are available, or may be provided on a contract basis by a neighboring jurisdiction, or may be developed using volunteer resources.

**c.** In cases where serving an applicant jurisdiction at the Authority's standard level of response time reliability would result in a cost per patient transport in that jurisdiction in excess of the Authority's typical cost per patient transport in its existing Service Area, the Trustees may require special financial arrangements or reduced response time requirements, in their sole discretion, prior to contracting with the applicant jurisdiction on behalf of this Trust.

Provided, however that the municipalities listed in Exhibit B shall be exempt from the special financial arrangement requirement until June 1, 1990. After June 1, 1990, the Trustees may charge an initial capitalization fee to applicants for status as Non-Beneficiary Member Jurisdictions, such fee to be equal to the average per capita share of the Combined Capital Account (i.e., the Combined Capital Account divided by the population of the Authority's entire service area) multiplied by the population of the applicant jurisdiction.

**20.** Any other power in this Trust Indenture to the contrary notwithstanding, and except for services rendered pursuant to a Mutual Aid Agreement, as defined in the Uniform Ordinance for Emergency Medical Services, the Trustees shall not have the authority or power to provide ambulance service to any municipality, county, emergency medical services district, school district, or Indian Nation unless said municipality, county, emergency medical services district, school district, or Indian Nation has met the qualifications to become a Beneficiary or a Non-Beneficiary Member Jurisdiction, as set forth in Section 19, immediately above. Provided, however, that in cases where an applicant for membership lacks the legal authority to regulate the conduct of ambulance services within its borders, the Board of Trustees may, at its option, waive the requirement to adopt and enforce the Uniform Ordinance for Emergency Medical Services, so long as the lack of such regulation does not impair the effective operation of the emergency medical services system in that jurisdiction, or create economic losses to the Authority in rendering services within that jurisdiction.

**21.** Any other provision in this Trust Indenture to the contrary notwithstanding, the Trustees shall at all times employ by contract, a competitively selected operations contractor (hereinafter called the "Operations Contractor"), to manage and operate the dispatching and field operations of the Authority's emergency medical services system; except that in the event of an emergency in which the public health and safety are threatened by the inadequate performance of any existing Operations Contractor or by the absence of qualified bids at reasonable cost for the performance of the required services, the Trustees may cause the Authority to act as Operations Contractor for the duration of the emergency, but in no event for longer than two consecutive years during any single episode. During any such period, the Trustees shall cause the Authority to conduct a bid process, sole-source negotiation or otherwise to proceed to obtain a qualified Operations Contractor.

**22.** Not less than one year prior to the expiration of each Operations Contract, the Trustees shall announce and nationally advertise a competitive procurement process and shall release the relevant request for proposal to potential bidders.

## Article VIII. BENEFICIARIES OF TRUST

**1.** The Beneficiaries of this Trust shall be the City of Tulsa, Oklahoma and, upon election by its City Council to become a Beneficiary under this Trust Indenture, the City of Oklahoma City, Oklahoma.

**2.** This Amended Trust Indenture shall be irrevocable from the moment it is signed by Trustor and delivered to the Trustees, and Trustor shall thereafter stand without any power whatsoever, at any time to alter, amend, revise, modify, revoke or terminate any

of the provisions of this Indenture, except with the consent of all of the Trustees and the governing body of the City of Tulsa, Oklahoma, and upon the election by its City Council to become a beneficiary, the City of Oklahoma City, Oklahoma.

**3.** The Beneficiaries shall not have any legal title, claim or right to the Trust Estate, its income or to any part thereof, or to demand or require any partition or distribution thereof. The Beneficiaries, or any agency thereof, shall not have any authority, power or right, whatsoever, to do or transact any business for, or in behalf of, or binding upon, the Trustees or upon the Trust Estate, nor the right to control or direct the actions of the Trustees. The Beneficiaries of this Trust shall be entitled solely to the benefits of this Trust, as administered by the Trustees hereunder; and at the termination of the Trust as herein provided, and then only, shall said Beneficiaries receive the residue of the Trust Estate for the declared public purposes.

## Article IX. ESTABLISHMENT OF THE CAPITAL ACCOUNTS

**1.** The Authority shall establish an "Eastern Division Capital Account" and a "Western Division Capital Account." The Capital Account of each such Division shall record that portion of the Combined Capital Account (i.e., Authority's net worth) which is attributable to that Division's economic activity. The geographic definition of these Divisions shall be as set forth in Section 5 (a) of Article VI.

**2.** Oklahoma City's application to become a Beneficiary Jurisdiction shall be effective only upon completion of the following steps. If the following steps fail to occur, Oklahoma City shall not become a Beneficiary Jurisdiction, and all provisions of this Trust Indenture relating to the Western Division, and to Non-Beneficiary Member Jurisdictions of the Western Division, shall be of no effect.

**a.** The entire Eastern Division's audited net worth as of June 30, 1990 shall be credited to Tulsa's share of the Eastern Division Capital Account.

**b.** Effective April 15, 1990 (the "Closing Date"), all of the assets and liabilities of the Central Oklahoma Ambulance Trust (hereinafter called "COAT") shall be transferred to the Oklahoma City Municipal Facilities Authority (hereinafter called "OCMFA").

**c.** On the Closing Date, COAT's assets and liabilities listed within the Transfer Agreement attached hereto as Exhibit C, "Transfer Agreement," shall be transferred to the Authority by OCMFA, and the Authority shall then immediately assume responsibility for the provision of ambulance services throughout the Authority's expanded Service Area.

**d.** COAT's assets and liabilities to be included in the Transfer Agreement shall include all of COAT's assets and liabilities as shown on COAT's audited financial statement as of the Closing Date, excluding the following:

**1)** COAT's property at 36th and Walker, to wit: All of Lots 23, 24, 25, 26, and 27 in Block Eighteen (18) Crown Heights Addition to Oklahoma City, Oklahoma County, Oklahoma; more commonly known as 501 Northwest 36th Street, Oklahoma City, Oklahoma.

**2)** The AidCar Division, including related assets and liabilities, and including contractual obligations to subscribers for provision of wheelchair transport services;

**3)** Those certain primary leases on the facilities at 1111 Classen Drive dated August 19, 1983, and June 19, 1987, between COAT and B.D. Eddie Enterprises, Inc., and any and all obligations related to the operation or occupancy of said facilities.

**4)** COAT's contractual obligations, if any, to provide ambulance services outside COAT's service area pursuant to membership agreements sold by COAT to persons residing outside COAT's service area as defined on the Closing Date.

**5)** Liabilities and contingent liabilities connected with lawsuits or potential lawsuits related to incidents occurring prior to the Closing Date;

**6)** Liabilities and contingent liabilities not specifically disclosed in the audited financial statement as of the Closing Date.

**e.** The Authority shall be responsible solely for those liabilities and obligations which are specifically disclosed in the Transfer Agreement, and shall be responsible for no other liabilities or obligations of COAT. However, the Authority shall if requested by OCMFA at the time of Closing execute a sublease with a term not to exceed four years for use of the facilities at 1111 Classen Drive, incorporating the same financial terms and conditions as those of the primary leases, subject to approval by the lessor.

**f.** The dollar values of the assets and liabilities transferred hereunder shall be established by a certified audit (the "Audit"), to be performed by the accounting firm of KPMG/Peat Marwick, at no cost to the Authority. This audit shall be completed as soon after the Closing Date as is reasonably possible.

**g.** If the collective net value of the assets and liabilities transferred hereunder is less than zero, as determined by the Audit, the OCMFA shall either: contribute sufficient additional cash to increase the net value of the transferred assets and liabilities to a level not less than zero; or, re-assume a sufficient amount of the previously-transferred liabilities to achieve that same effect.

**h.** If the collective net value of the assets and liabilities transferred hereunder is greater than zero, the amount in excess of zero shall be credited to Oklahoma City's share of the Western Division's Capital Account.

**3.** Thereafter, an annual certified audit of the Authority shall be conducted in such a manner as to provide both a consolidated financial statement and a separate accounting of the financial performance of each of the two Divisions. The following general principles shall govern the allocation of costs and revenues between the two Divisions in preparing such financial Statements:

**a.** Except for expense items listed in Exhibit D, "Allocated Overhead Costs," all expenses incurred by the Authority shall be allocated to either the Eastern Division or the Western Division using generally accepted accounting principles ("GAAP").

**b.** The cost items listed in Exhibit D shall be allocated between the Divisions on a 50/50 basis through June 30, 1993, and thereafter shall be allocated on a pro-rata basis, based upon the relative patient transport volumes of the Divisions.

**c.** Base service monthly payments to the Operations Contractor, including stop-loss payments related to run volumes in excess of then-current Operations Contract

"trigger volumes," shall be allocated between the Divisions on a pro-rata basis, based upon relative patient transport volumes. All other payments to the Operations Contractor shall be allocated using GAAP.

**d.** Revenues from sales shall be allocated to the Divisions as earned. All other revenues shall be allocated between the Divisions using GAAP.

**4.** The annual change in net worth attributed to each Division, whether greater or lesser, shall be allocated to each Beneficiary Jurisdiction's and each Non-Beneficiary Member Jurisdiction's share of its Division's Capital Account on the basis of the relative percentage of patient transports originating within that jurisdiction, as a percentage of patient transports originating within that entire Division during that same accounting period.

**5.** The Authority shall strive to attain, and maintain, a "prudent net worth," which shall mean $20 (annually indexed to changes in Medical CPI) per capita of the combined populations of the Beneficiary Jurisdictions and Non-Beneficiary Member Jurisdictions as most recently officially reported by the United States Census Bureau.

**6.** At such time as any jurisdiction's (per capita) share of its Division's Capital Account exceeds $20 per capita of that jurisdiction's population, that jurisdiction may elect to employ such excess share of the Division's net worth for purposes of subsidizing services originating within that jurisdiction's boundaries, by contract with the Authority. This subsidization of services may be used only to reduce the cost of ambulance subscription memberships to residents of the contracting jurisdiction, the amount of such reduction to be determined by dividing the amount in excess of $20 per capita of population by the number of single family residential households on the tax rolls of that jurisdiction.

**7.** The Authority shall adopt sound business practices and accounting methods, appropriate to a governmental enterprise fund operation.

**8.** The Authority shall operate on a fiscal year, which shall begin on July 1 and end on June 30 of each year unless otherwise determined by the Trustees.

## Article X. WITHDRAWAL OPPORTUNITIES

**1.** In the event a Non-Beneficiary Member Jurisdiction experiences repeated and chronic failure by the Authority either to:

**a.** Provide the clinical quality of care established by the Medical Control Board in its System Standard of Care; or to

**b.** Comply with the applicable response time standards established in the Uniform Ordinance for Emergency Medical Services, after written notice to the Authority, and reasonable opportunity to correct such deficiencies;

That Non-Beneficiary Member Jurisdiction may withdraw from the Authority, as hereinafter provided, and such withdrawal shall be deemed to be "for cause."

**2.** Withdrawal for cause shall be upon the following terms and conditions:

**a.** The Non-Beneficiary Member Jurisdiction must give written notice to the Authority of its intent to invoke and withdraw pursuant to this section of this Trust Indenture; and

**b.** Upon a continued failure for the following three full months, after receipt by the Authority of the written notice described immediately above, and after a determination by the Medical Director and approved by a two-thirds (2/3) affirmative vote of the Medical Control Board that the alleged chronic failure to perform has occurred and has not been corrected during such full three months period, the jurisdiction shall be deemed to have withdrawn from the Authority, effective at the end of such three months period.

**3.** In the event a Non-Beneficiary Member Jurisdiction withdraws for cause, that jurisdiction shall receive its portion of its Divisional Capital Account in three equal annual payments, the first payment to be made thirty days after the effective date of its withdrawal and on the first and second anniversaries of such date.

**4.** In the event a Non-Beneficiary Member Jurisdiction chronically fails to enforce the Uniform Ordinance for Emergency Medical Services, or fails to participate in the first responder program, determined by the Authority in its sole discretion, the Authority may terminate that jurisdiction's membership upon the following terms:

**a.** The Authority shall give written notice to the governing body of the jurisdiction that the Authority intends to invoke this section of the Trust Indenture;

**b.** Upon continued failure for the following three full months after receipt by the jurisdiction of the written notice described immediately above, the Authority may terminate that jurisdiction's membership by giving written notice to the jurisdiction, to be effective ten days after receipt of said notice by the governing body of the jurisdiction.

**c.** Provided, however, that said jurisdiction may appeal the Authority's decision to terminate the jurisdiction's membership by requesting a hearing on the matter by the Medical Control Board. The decision of the Authority shall stand unless reversed by a two-thirds (2/3) vote by the Medical Control Board.

**d.** In the event a Non-Beneficiary Member Jurisdiction is terminated pursuant to this Section 4, or withdraws voluntarily without cause, that jurisdiction shall forfeit all right, title, interest or claim to any asset, or combination of assets of both the Combined Capital Account and its Division's Capital Account.

## Article XI. TERMINATION OF TRUST

This Trust shall terminate:

**1.** If the purposes set out in Article III of this Indenture shall have been fulfilled.

**2.** The Trustees, after fulfilling the purposes of this Trust and after paying all obligations of the Trust and any interest due thereon and all the costs and expenses incident to the management, operation, maintenance and conservation of this Trust, and after liquidating all remaining assets of the Trust shall then distribute to each Beneficiary and Non-Beneficiary Member Jurisdiction a percentage share of the residue of the Trust Estate, if any, equal to that jurisdiction's percentage share of the Combined Capital Account (as herein defined) as of the end of the most recently completed fiscal year.

**3.** The method of termination shall be as provided by Title 60, Oklahoma Statutes, 1981, Section 180, as may be amended or superseded from time to time.

**4.** Provided, however, that this Trust shall not be terminated by voluntary action if there be outstanding indebtedness or fixed term obligations of the Trustees, unless all owners of such indebtedness or obligations shall have consented in writing to such termination.

**5.** In the event this Trust is terminated by action of a Beneficiary Jurisdiction in accordance with provisions set forth in Article IV, hereof, such termination shall be in accordance with the requirements set forth in Title 60, Oklahoma Statutes, 1981, Section 180, as may be amended or superseded from time to time, and shall be carried out in accordance with the following procedures:

**a.** All outstanding indebtedness and other obligations of the Trust which are not entirely allocated to a single Division must first be paid off.

**b.** Each asset of the Trust which is not entirely allocated to a single Division shall be liquidated or allocated to one of the Divisions by mutual consent of the Beneficiaries. If the Beneficiaries cannot agree on the disposition of an asset, the asset shall be sold and the proceeds, along with all liquid assets not previously allocated to a single Division, shall be divided between the Divisions on a pro-rata basis, based upon the relative size of the Division Capital Accounts.

**c.** Subject to approval by creditors, if any, all assets and liabilities then carried on the books of the Western Division shall be transferred to the City of Oklahoma City, or to an entity designated by the City of Oklahoma City. For purpose of this provision, the shares of that Division's Capital Account carried on the books in the name of Non-Beneficiary Member Jurisdictions shall be considered contingent liabilities. [See Item (e), below.]

**d.** Subject to approval by creditors, if any, all assets and liabilities carried on the books of the Eastern Division shall be transferred to the City of Tulsa, or to an entity designated by the City of Tulsa. For purpose of this provision, the shares of that Division's Capital Account carried on the books in the name of Non-Beneficiary Member Jurisdictions shall be considered contingent liabilities. [See Item (e), below.]

**e.** Each Beneficiary may then either: provide for continued delivery of ambulance services throughout the Service Area of its former Division; or, liquidate the transferred assets, distributing the proceeds in the following manner:

1. All transferred liabilities shall first be satisfied;
2. If the share of the Divisional Capital Account of any Non-Beneficiary Member Jurisdiction is less than zero, its negative share shall be distributed to reduce the shares of the Capital Accounts of all other Non-Beneficiary Member Jurisdictions within that Division on a pro-rata basis, based upon each jurisdiction's percentage share of combined shares of all Non-Beneficiary Member Jurisdictions.
3. The shares of the Capital Accounts of Non-Beneficiary Member Jurisdictions, as calculated upon completion of the liquidation process, shall then be reimbursed to the Non-Beneficiary Member Jurisdictions to the extent of available funds. If insufficient funds remain for full reimbursement, the

remaining funds shall be distributed among the Non-Beneficiary Member Jurisdictions on a basis proportional to their respective shares of total reimbursement which would otherwise be paid.

4. All funds then remaining shall revert to the Beneficiary.

## Article XII. ACCEPTANCE

The Trustees accept the Trust herein created and provided for and agree to carry out the provisions on their part to be performed.

## Article XIII. RATES

**1.** The Trustees shall set and annually adjust ambulance fees for services rendered.

**2.** Except as provided for in Section 5 of this Article, XIII, no rate increase adopted by the Trustees on their own initiative, shall be more than 90% of the increase in the Medical Consumer Price Index ("CPI"), over a period of time equal to the number of months since the last rate increase. The most recently published medical CPI figures then available for the same number of months as described in the preceding sentence shall be used to establish this limitation.

**3.** Excluding rate adjustments made pursuant to Section 5 of this Article XIII, in the event that the Trustees announce a rate increase in excess of that provided in Paragraph 2 of this Article XIII, such increase shall not become effective until approved affirmatively by the governing bodies of the Beneficiaries.

**4.** Effective April 15, 1990, fee-for-service rates charged by the Authority for services rendered in Beneficiary Jurisdictions and Non-Beneficiary Member Jurisdictions shall be the same as those charged by the Authority for services rendered in Tulsa as of April 15, 1990. Thereafter, rates charged throughout the Service Area shall be uniform, except that in the event collection experience in one Division is substantially inferior to that experienced in the other Division, the Authority shall charge higher fees in such other Division sufficient to offset the difference; and, except for differences resulting from rate adjustments made pursuant to Section 5 of this Article XIII. Provided, however, that the fees for services rendered in Non-Beneficiary Member Jurisdictions which have joined under Section (c) of Paragraph 19, Article VII, may vary from uniform fees set for that Division.

**5.** As of the Closing Date, the difference in Medicare reimbursement rates between the two Divisions, if any, shall be examined to determine the extent to which fees charged by the Authority in the Division experiencing the lower level of Medicare reimbursement shall be increased to offset the reduction in average net revenues per patient transport attributable to the difference in levels of Medicare reimbursement. Such adjustment, if any, shall be effective immediately. Thereafter, upon the annual issuance by Medicare of its reimbursement rates applicable in each Division, this analysis shall be repeated and adjustments made, if appropriate.

## Article XIV. MAJOR FINANCIAL THREATS

In the event the Trustees determine that either Division's financial stability is substantially threatened, the Trustees shall take such steps as are reasonable, necessary, and within the Authority's powers as set forth herein to minimize the adverse impact upon

that Division's financial status. If, however, such actions cannot reasonably be projected to resolve the threat to such Division's financial stability, the matter shall be submitted to the governing bodies of both Beneficiary Jurisdictions for their consideration. In the event the governing bodies of both Beneficiaries, at their option, adopt a resolution confirming that a substantial threat to the Division's financial stability, as defined under Paragraph 1, immediately below, does exist, the following emergency provisions shall be authorized:

**1.** For purposes of this provision a "substantial threat" shall mean:

**a.** A projected decline in the Division's Capital Account in excess of ten percent (10%) over a period of less than 12 months; or,

**b.** Projected operating losses extending over a multi-year period; or,

**c.** A projected decline in working capital reserves which, if continued, would deplete working capital entirely within a period of forty-eight (48) months or less.

**2.** If the existence of a substantial financial threat to a Division is confirmed by the Beneficiaries, the Authority shall offer each jurisdiction within that Division two options for participating in the restoration of financial stability, as follows:

Option a. Each jurisdiction shall be offered the option of entering into a subsidy agreement with the Authority providing for subsidy payment sufficient to both preserve the existing standard of care and to restore financial stability, the amount of such payment to be determined in accordance with the formula set forth in Section 3, of this Article XIV. The per capita amount of such subsidy option shall be the same for all jurisdictions within that Division.

Option b. Each jurisdiction shall also be offered the alternative of approving a reduction in the standard of response time reliability applicable within that jurisdiction; and such reduction shall be of sufficient magnitude as to produce projected operating cost savings equal to the amount of subsidy established under Option a, immediately above.

**3.** If a jurisdiction selects Option a, above, that jurisdiction's share of the subsidy requirement, and the method of payment, shall be determined as follows:

Step A. The Authority shall determine the amount of additional funds needed to resolve the financial threat to the Division, taking into consideration the savings resulting from reductions in response time requirements which have been agreed to by jurisdictions selecting Option b. This amount shall be referred to as the "emergency requirement."

Step B. The Authority shall then determine each jurisdiction's fair share of its Division's emergency requirement by apportioning the amount of the "emergency requirement" among all jurisdictions selecting Option a on a pro-rata basis, based on the population of each jurisdiction as a percentage of the combined population of all jurisdictions selecting Option a. The amounts so allocated shall be referred to as each jurisdiction's "share of the emergency requirement."

Step C. The Authority then shall determine the portion of the emergency requirement which can reasonably be obtained from existing financial resources (e.g., by reducing working capital reserves or replacement fund accounts, borrowing, selling assets, or otherwise converting fixed assets into cash). This amount

shall be referred to as the "currently available funds." The amount by which the "emergency requirement" exceeds the "currently available funds" shall be referred to as the "net cash requirement."

Step D. The total amount of the "currently available funds" shall then be credited toward payment of each jurisdiction's respective "share of the emergency requirement," such allocation to be based upon each jurisdiction's percentage share of the Division's Capital Account.

Step E. Each member jurisdiction whose "share of the emergency requirement" exceeds its pro-rata share of the "currently available funds" shall then be requested to immediately pay to the Authority in cash its pro-rata share of the "net cash requirement."

Step F. All funds contributed by jurisdictions pursuant to this Article XV shall be credited to each contributing jurisdiction's share of the Division Capital Account.

**4.** In the event any jurisdiction does not timely elect either Option a or b, above, the membership of that jurisdiction shall be terminated as provided for under Section 4 (d) of Article X, hereof. Provided, however, that the Authority shall make reasonable efforts to assist the departing jurisdiction in achieving a safe and smooth transition to an alternative provider of services, including, if requested, continuing the provision of ambulance service to that jurisdiction for a period not to exceed six months after the request for payment was made.

## Article XV. EFFECTIVE DATE AND CLOSING DATE

This Amended and Restated Trust Indenture shall become effective March 1, 1990. The Closing Date as defined herein shall be April 15, 1990.

IN WITNESS WHEREOF, the Trustor and the Trustees have hereunto set their hands this 23rd day of March, 1990.

## AMENDED AND RESTATED TRUST INDENTURE
(Ord. No. 17295)

## EXHIBIT C
## MEMORANDUM OF AGREEMENT

This Memorandum of Agreement entered into effective the 15th day of April, 1990, by and among the Central Oklahoma Ambulance Trust (COAT), a public trust, the Oklahoma City Municipal Facilities Authority (OCMFA), a public trust, and the Emergency Medical Services Authority (EMSA), a public trust,

WITNESSETH:

WHEREAS, the Central Oklahoma Ambulance Trust is a public trust organized pursuant to Title 60 Oklahoma Statutes, Section 176 et seq., of which The City of Oklahoma City is the sole beneficiary; and

WHEREAS, the Oklahoma City Municipal Facilities Authority is a public trust organized pursuant to Title 60 Oklahoma Statutes, Section 176 et seq., of which The City of Oklahoma City is the sole beneficiary; and

WHEREAS, the Emergency Medical Services Authority is a public trust organized pursuant to Title 60 Oklahoma Statutes, Section 176 et seq., of which the Cities of Tulsa and Oklahoma City are the beneficiaries; and

WHEREAS, the Central Oklahoma Ambulance Trust has provided emergency medical service in central Oklahoma; and

WHEREAS, during the fall of 1989 the Central Oklahoma Ambulance Trust experienced a financial crisis that resulted in its reorganization and eventual succession by the Emergency Medical Services Authority; and

WHEREAS, during the reorganization of emergency medical service delivery in central Oklahoma, the Trust Indenture of the Emergency Medical Services Authority was amended to allow The City of Oklahoma City to become a beneficiary and thus to allow EMSA to provide emergency medical services in central Oklahoma; and

WHEREAS, said Indenture provides in pertinent part:

2. Oklahoma City's application to become a Beneficiary Jurisdiction shall be effective only upon completion of the following steps. If the following steps fail to occur, Oklahoma City shall not become a Beneficiary Jurisdiction, and all provisions of this Trust Indenture relating to the Western Division, and to Non-Beneficiary Member Jurisdictions of the Western Division, shall be of no effect.

a. The entire Eastern Division's audited net worth as of June 30, 1990 shall be credited to Tulsa's share of the Eastern Division Capital Account.

b. Effective April 15, 1990 (the "Closing, Date"), all of the assets and liabilities of the Central Oklahoma Ambulance Trust (hereinafter called "COAT") shall be transferred to the Oklahoma City Municipal Facilities Authority (hereinafter called "OCMFA").

c. On the Closing Date, COAT's assets and liabilities listed within the Transfer Agreement attached hereto as Exhibit C, "Transfer Agreement," shall be transferred to the Authority by OCMFA, and the Authority shall then immediately assume responsibility for the provision of ambulance services throughout the Authority's expanded service area.

d. COAT's assets and liabilities to be included in the Transfer Agreement shall include all of COAT's assets and liabilities as shown on COAT's audited financial statement as of the Closing Date, excluding the following:

1) COAT's property at 36th and Walker, to wit: All of Lots 23, 24, 25, 26 and 27 in Block Eighteen (18) Crown Heights Addition to Oklahoma City, Oklahoma County, Oklahoma, more commonly known as 501 Northwest 36th Street, Oklahoma City, Oklahoma.

2) The AidCar Division, including related assets and liabilities, and including contractual obligations to subscribers for provision of wheelchair transport services;

3) Those certain primary leases on the facilities at 1111 Classen Drive dated August 19, 1983, and June 19, 1987, between COAT and B.D. Eddie Enterprises, Inc., and any and all obligations related to the operation or occupancy of said facilities.

4) COAT's contractual obligations, if any, to provide ambulance services outside COATs service area pursuant to membership agreements sold by COAT to persons residing outside COAT's service area as defined on the Closing Date.

5) Liabilities and contingent liabilities connected with lawsuits or potential lawsuits related to incidents occurring prior to the Closing Date;

6) Liabilities and contingent liabilities not specifically disclosed in the audited financial statement as of the Closing Date.

e. The Authority shall be responsible solely for those liabilities and obligations which are specifically disclosed in the Transfer Agreement, and shall be responsible for no other liabilities or obligations of COAT. However, the Authority shall if requested by OCMFA at the time of Closing execute a sublease with a term not to exceed four years for use of the facilities at 1111 Classen Drive, incorporating the same financial terms and conditions as those of the primary leases, subject to approval by the lessor.

f. The dollar values of the assets and liabilities transferred hereunder shall be established by a certified audit (the "Audit"), to be performed by the accounting firm of KPMG/Peat Marwick, at no cost to the Authority. This audit shall be completed as soon after the Closing Date as is reasonably possible.

g. If the collective net value of the assets and liabilities transferred hereunder is less than zero, as determined by the Audit, the OCMFA shall either: contribute sufficient additional cash to increase the net value of the transferred assets and liabilities to a level not less than zero; or, re-assume a sufficient amount of the previously-transferred liabilities to achieve that same effect.

h. If the collective net value of the assets and liabilities transferred hereunder is greater than zero, the amount in excess of zero shall be credited to Oklahoma City's share of the Western Division's Capital Account.

; and

WHEREAS, the Transfer Agreement contemplated in Section 2(d) is dependent upon an audit that will take some time to complete; and

WHEREAS, effective April 15, 1990, and pursuant to Section 2(c), above, the Emergency Medical Services Authority provides emergency medical service in central Oklahoma; and

WHEREAS, effective April 15, 1990, Emergency Medical Services Authority has operated the AidCar Division for the Oklahoma City Municipal Facilities Authority with the understanding that it would be reimbursed for the actual expenses incurred in such operation; and

WHEREAS, it is therefore appropriate to expedite the transfer of all the assets and liabilities of the Central Oklahoma Ambulance Trust to the Oklahoma City Municipal

Facilities Authority and to the Emergency Medical Services Authority, pursuant to Article IX, Section 2(b-d) of the Amended and Restated Trust Indenture of the Emergency Medical Services Authority.

NOW, THEREFORE, in consideration of the premises and the mutual covenants and obligations set out below, the Parties agree as follows:

1. Effective April 15, 1990, all the assets and liabilities of the Central Oklahoma Ambulance Trust of whatsoever kind or nature, and wherever situate, are hereby transferred and assigned by the Central Oklahoma Ambulance Trust to the Oklahoma City Municipal Facilities Authority as contemplated at Article IX, Section 2(b) of the Amended and Restated Trust Indenture of the Emergency Medical Services Authority.

2. The Oklahoma City Municipal Facilities Authority hereby accepts said assignment and assumes all the assets and liabilities of the Central Oklahoma Ambulance Trust effective April 15, 1990.

3. Except as expressly provided in Section 4, below, and effective April 15, 1990, all the assets and liabilities of the Central Oklahoma Ambulance Trust transferred and assigned to the Oklahoma City Municipal Facilities Authority by operation of Section 1, above, are hereby transferred and assigned by the Oklahoma City Municipal Facilities Authority to the Emergency Medical Services Authority as contemplated at Article IX, Section 2(d) of the Amended and Restated Trust Indenture of the Emergency Medical Services Authority.

4. As contemplated at Article IX, Section 2(d) 1-6 of the Restated Trust Indenture of the Emergency Medical Services Authority, the assignment from the OCMFA to EMSA effected by Section 3, above, shall exclude:

a. The property of the Central Oklahoma Ambulance Trust located at 36th and Walker, to wit: All of Lots 23, 24, 25, 26 and 27 in Block Eighteen (18) Crown Heights Addition to Oklahoma City, Oklahoma County, Oklahoma, more commonly known as 501 Northwest 36th Street, Oklahoma City, Oklahoma.

b. The AidCar Division of the Central Oklahoma Ambulance Trust, including related assets and liabilities, and including contractual obligations to subscribers for provision of wheelchair transport services;

c. Those certain primary leases on the facilities at 1111 Classen Drive dated August 19, 1983, and June 19, 1987, between Central Oklahoma Ambulance Trust and B.D. Eddie Enterprises, Inc., and any and all obligations related to the operation or occupancy of said facilities.

d. The contractual obligations of Central Oklahoma Ambulance Trust, if any, to provide ambulance services outside COAT's service area pursuant to membership agreements sold by COAT to persons residing outside COAT's service area as defined on the Closing Date.

e. Liabilities and contingent liabilities connected with lawsuits or potential lawsuits related to incidents occurring prior to the Closing Date;

f. Liabilities and contingent liabilities not specifically disclosed in the audited financial statement as of the Closing Date.

5. Emergency Medical Services Authority hereby accepts said assignment and assumes said assets and liabilities, subject to said exclusions.

6. The Parties agree, in the event the audit contemplated at Article IX, Section 2(d) of the Amended and Restated Trust Indenture of the Emergency Medical Services Authority evidences any asset or liability not hereby transferred to the Oklahoma City Municipal Facilities Authority effective April 15, 1990, that this Agreement shall be amended to conform to the "Transfer Agreement" referred to in Section 2(c) of said Indenture; provided, however, in the event no such asset or liability is identified by said audit, this Agreement shall be and constitute said "Transfer Agreement."

7. The Emergency Medical Services Authority agrees to continue to operate the AidCar Division for the Oklahoma City Municipal Facilities Authority until the Oklahoma City Municipal Facilities Authority, or another public trust of which The City of Oklahoma City is the beneficiary, shall assume such operation; or until a provider is selected pursuant to a request for proposals to operate such service; or until September 30, 1990, whichever shall first occur.

8. The Oklahoma City Municipal Facilities Authority agrees to reimburse the Emergency Medical Services Authority for its documented expenses incurred in the operation of the AidCar Division for the term set out in Section 7, above.

9. The officers of the respective Parties, are hereby expressly authorized to execute such documents of title as may be appropriate to give effect to this Agreement.

## CHAPTER 15. TULSA AUTHORITY FOR RECOVERY OF ENERGY

Section 1500. Beneficial interest of Tulsa Energy Resource Recovery Authority accepted.
Section 1501. Recognition of Trust by name.
Section 1502. Mayor and Auditor authorized to endorse approval on Trust instrument and record it in office of County Clerk.
Section 1503. Trustees find Third Amendment necessary.
Section 1504. Mayor and City Council find Third Amendment necessary.
Section 1505. Third amendment approved.
Section 1506. Mayor and Chairman of City Council authorized to endorse Third Amendment.
Section 1507. Trustees find Fourth Amendment necessary.
Section 1508. Mayor and City Council find Fourth Amendment necessary.
Section 1509. Fourth Amendment approved.
Section 1510. Mayor and Chairman of City Council authorized to endorse Fourth Amendment.
Appendix I Exhibit A Trust Indenture (Sections 1500, 1501 and 1502) ("Exhibit A" in Ord. No. 13974).
Appendix II Amendment Number One to Trust Indenture Tulsa Energy Resource Recovery Authority.
Appendix III Amendment Number Two to the Trust Indenture Creating the Tulsa Energy Resource Recovery Authority Changing the Name to Tulsa Authority for Recovery of Energy.
Appendix IV Assignment of Trust Interest.
Appendix V Exhibit A Trust Indeture Amendment Number Three to Trust Indenture Dated November 11, 1977, for Tulsa Authority for Recovery of Energy, Formerly Known as the Tulsa Energy Resource Recovery Authority (Sections 1503, 1504, 1505 and 1506) ("Exhibit A" in Ord. No. 17344).
Appendix VI Amendment Number Four to Trust Indenture dated November 11, 1977, for Tulsa Authority for Recovery of Energy, Formerly Known as the Tulsa Energy Resource Recovery Authority (Sections 1507, 1508, 1509 and 1510) ("Exhibit A" in Ord. No. 20547).

### Section 1500. Beneficial interest of Tulsa Energy Resource Recovery Authority accepted.

The Tulsa Energy Resource Recovery Authority created by Trust Indenture dated November 11, 1977, an executed copy of which Trust Indenture is hereto attached, marked "Exhibit A" and made a part hereof, wherein Robert J. LaFortune, as Mayor of the City of Tulsa; John P. Thomas, Jr., as Commissioner of Waterworks and Sewerage of the City of Tulsa; Robert A. Franden, as Commissioner of Streets and Public Property of the City of Tulsa; Michael E. Kerpan, as Police and Fire Commissioner of the City of Tulsa; and Norma H. Eagleton, as Commissioner of Finance and Revenue of the City of Tulsa, are designated trustees, and the City of Tulsa, Oklahoma, is designated as the sole beneficiary of said Tulsa Energy Resource Recovery Authority, is hereby approved and the City of Tulsa hereby accepts the beneficial interest therein, and all of the terms and provisions of said Trust Indenture as authorized by the applicable statutes of the state of Oklahoma, and the City of Tulsa hereby agrees to be and become the sole beneficiary of said trust.

*(Ord. No. 13974)*

### Section 1501. Recognition of Trust by name.

The City of Tulsa hereby recognizes said Tulsa Energy Resource Recovery Authority and the trustees named in said Trust Indenture, and in all negotiations and instruments where the term "Tulsa Energy Resource Recovery Authority" is used it shall be deemed and construed to mean the trust above mentioned and described.

*(Ord. No. 13974)*

### Section 1502. Mayor and Auditor authorized to endorse approval on Trust instrument and record it in office of County Clerk.

The Mayor and the City Auditor of the City of Tulsa are hereby authorized, instructed and directed to endorse upon the original of said Trust Indenture the approval of the City of Tulsa of said Trust Indenture creating the Tulsa Energy Resource Recovery Authority, and the City's acceptance of the beneficial interest therein, and to cause said Trust Indenture to be recorded in the office of the County Clerk of Tulsa County, Oklahoma.

*(Ord. No. 13974)*

### Section 1503. Trustees find Third Amendment necessary.

Mayor Rodger A. Randle, Commissioner Charlie L. King, Commissioner J.D. Metcalfe, Commissioner Robert N. Dick and Commissioner Gary L. Watts as trustees of the Tulsa Authority for Recovery of Energy, formerly known as the Tulsa Energy Resource Recovery Authority, pursuant to a Trust Indenture dated November 11, 1977, hereby find it necessary and in furtherance of the public purposes of the Tulsa Authority for Recovery of Energy, formerly known as the Tulsa Energy Resource Recovery Authority, to amend said Trust Indenture.

*(Ord. No. 17344)*

### Section 1504. Mayor and City Council find Third Amendment necessary.

The Mayor and the City Council of the City of Tulsa hereby find and determine that it is in the best interest of the City of Tulsa and in the public interest to accept Amendment Number Three for said Trust Indenture for the Tulsa Authority for Recovery of Energy, formerly known as the Tulsa Energy Resource Recovery Authority.

*(Ord. No. 17344)*

### Section 1505. Third Amendment approved.

The Trust Indenture for the Tulsa Authority for Recovery of Energy, formerly known as the Tulsa Energy Resource Recovery Authority, dated the 11th day of November, 1977, is hereby amended pursuant to the terms of Amendment Number Three to said Trust Indenture dated June 29, 1990, an executed copy of which is attached hereto as "Exhibit A" and made a part hereof.

*(Ord. No. 17344)*

### Section 1506. Mayor and Chairman of City Council authorized to endorse Third Amendment.

The Mayor and Chairman of the City Council for the City of Tulsa are hereby authorized, instructed and directed to endorse upon the original of said Amendment Number Three to

the Trust Indenture the approval of the City of Tulsa of the Amendment Number Three to Trust Indenture creating the Tulsa Authority for Recovery of Energy, formerly named The Tulsa Energy Resource Recovery Authority, and to cause said amendment to the Trust Indenture to be recorded in the office of the County Clerk of Tulsa, Oklahoma.

*(Ord. No. 17344)*

**Section 1507. Trustees find Fourth Amendment necessary.**

Mayor Bill LaFortune; Cheryl Cohenour; Sharon King Davis; Stephen A. Schuller; Herbert P. Haschke, Jr.; Joseph Moran III; and Dr. Roberto Ruiz, Phd., as Trustees of the Tulsa Authority for Recovery of Energy, formerly known as the Tulsa Energy Resource Recovery Authority, pursuant to a Trust Indenture dated November 11, 1977, hereby find it necessary and in furtherance of the public purposes of the Tulsa Authority for Recovery of Energy, formerly known as the Tulsa Energy Resource Recovery Authority, to amend said Trust Indenture.

*(Ord. No. 20547)*

**Section 1508. Mayor and City Council find Fourth Amendment necessary.**

The Mayor and the City Council of the City of Tulsa hereby find and determine that it is in the best interest of the City of Tulsa and in the public interest to accept Amendment Number Four for said Trust Indenture for the Tulsa Authority for Recovery of Energy, formerly known as the Tulsa Energy Resource Recovery Authority, and all beneficial interests therein.

*(Ord. No. 20547)*

**Section 1509. Fourth Amendment approved.**

The Trust Indenture for the Tulsa Authority for Recovery of Energy, formerly known as the Tulsa Energy Resource Recovery Authority, dated the 11th day of November, 1977, is hereby amended pursuant to the terms of Amendment Number Four to said Trust Indenture, dated December 20, 2002, an executed copy of which is attached hereto as "Exhibit A" and made a part hereof.

*(Ord. No. 20547)*

**Section 1510. Mayor and Chairman of City Council authorized to endorse Fourth Amendment.**

The Mayor and Chairman of the City Council for the City of Tulsa are hereby authorized, instructed and directed to endorse upon the original of said Amendment Number Four to the Trust Indenture the approval of the City of Tulsa of the Amendment Number Four to the Trust Indenture creating the Tulsa Authority for Recovery of Energy, formerly known as the Tulsa Energy Resource Recovery Authority, and to cause said Amendment to the Trust Indenture to be recorded in the office of the County Clerk of Tulsa, Oklahoma.

*(Ord. No. 20547)*

## APPENDIX I EXHIBIT A TRUST INDENTURE (SECTIONS 1500, 1501, AND 1502)

*("Exhibit A" in Ord. No. 13974)*

KNOW ALL MEN BY THESE PRESENTS:

THIS TRUST AGREEMENT AND INDENTURE, dated as of the 11th day of November, 1977, by FRANCIS F. CAMPBELL, hereinafter referred to as "Trustor" and ROBERT J. LAFORTUNE, Mayor of the City of Tulsa; JOHN P. THOMAS, JR., Commissioner of Waterworks & Sewerage; ROBERT A. FRANDEN, Commissioner of Streets & Public Property; MICHAEL E. KERPAN, Police & Fire Commissioner; and NORMA H. EAGLETON, Commissioner of Finance & Revenue; to be Trustees of the Tulsa Energy Resource Recovery Authority and hereinafter referred to as "Trustees".

W I T N E S S E T H:

That in consideration of the payment by the Trustor to the Trustees of the sum of Ten Dollars ($10.00), the mutual covenants herein set forth, and other valuable considerations, the Trustees agree to hold, manage, invest, assign, convey and distribute as herein provided, authorized and directed, such property as Trustor, or others, may from time to time assign, transfer, lease, convey, give, bequeath, devise or deliver unto this Trust or the Trustees thereof.

TO HAVE AND TO HOLD such property and the proceeds, rents, profits and increases thereof unto the Trustees, and the successors and assigns of the Trustees, but nevertheless in trust, for the use and benefit of the City of Tulsa, Oklahoma, a municipal corporation, hereinafter referred to as the "Beneficiary", and upon the following trusts, terms and conditions herein stated.

### ARTICLE I
### Creation of Trust

The undersigned Trustor creates and establishes a trust for the use and benefit of the City of Tulsa, Oklahoma, and for the public purposes hereinafter set forth, under the provisions of Title 60, Oklahoma Statutes, Section 176 et seq., as amended, the Oklahoma Trust Act and other applicable statutes of the State of Oklahoma.

### ARTICLE II
### The Name

The name of this Trust shall be the "Tulsa Energy Resource Recovery Authority", hereinafter referred to as the "Trust". Under that name it shall, so far as practicable, conduct all business and execute all instruments, and otherwise perform its duties and functions in the execution of this Trust.

### ARTICLE III
### Purposes of Trust

The purposes of this Trust are:

**1.** To receive from public and private collectors solid waste including refuse, trash, garbage and other discarded or salvageable solid materials and process, transfer,

transport, convert, recover, recycle and reclaim from such solid waste, fuel and usable materials and products and sell the same and to dispose of non-usable solid waste by burial, incineration or other methods.

**2.** To plan, establish, develop, acquire, construct, purchase, install, repair, enlarge, improve, maintain, equip, finance and refinance, operate and regulate public solid processing systems and facilities either within or without the territorial boundaries of the City of Tulsa, including but not limited to the purchasing, leasing, construction, installation, equipping, maintenance and operation of such buildings, equipment, machinery and other facilities necessary for the processing of refuse and solid waste, and the purchasing or leasing of transportation vehicles, equipment and facilities.

**3.** To hold, maintain and administer any leasehold rights in and to physical properties demised to the beneficiary and to comply with the terms and conditions of any such lease.

**4.** To acquire by lease, purchase or otherwise, and to plan, establish, develop, construct, enlarge, improve, maintain, equip, operate and regulate any and all physical properties designated or needful for utilization in the furnishing and providing of services, in connection with public solid waste processing systems and facilities, and to dispose of, rent or otherwise make provisions for properties owned by the Trust but no longer needful for trust purposes.

**5.** To provide funds for the cost of financing, acquiring, constructing, leasing, equipping, maintaining, repairing and operating public solid waste processing systems and facilities and buildings and other improvements thereto, and all properties, real, personal or mixed, required for execution and fulfilling the trust purposes as set forth in this instrument, and all other charges, costs and expenses necessarily incurred in connection therewith and in so doing, to incur indebtedness, either unsecured or secured by all or any part of the Trust Estate and its revenues.

**6.** To expend all funds coming into the hands of the Trustees as revenue or otherwise in the payment of any indebtedness incurred by the Trustees for purposes specified herein, and in the payment of the costs and expenses thereof, and in the payment of any other obligation properly chargeable against the Trust Estate, and to distribute the remainder of such funds to the beneficiary municipality.

## ARTICLE IV
## Duration of Trust

The Trust shall have duration for the term of duration of the beneficiary and until such time as its purpose shall have been fully fulfilled, or until it shall be terminated as hereinafter provided.

## ARTICLE V
## The Trust Estate

The Trust Estate shall consist of:

**1.** The funds and property presently in the hands of the Trustees or to be acquired or constructed by Trustees and dedicated by the Trustor and others to be used for trust purposes.

**2.** Any and all leasehold rights demised to the Trustees by its beneficiary as authorized and empowered by law.

**3.** Any and all money, property, real, personal or mixed, rights, choses in actions, contracts, leases, privileges, immunities, franchises, benefits and all other things of value coming into the possession of the Trustees pursuant to the provisions of this Trust Indenture.

**4.** Cash in hand.

The instruments executed for each project, and each issuance of Bonds and other indebtedness, shall set out the specific property of the Trust Estate exclusively pledged and mortgaged for the payment of such indebtedness.

## ARTICLE VI
## The Trustees

**1.** There shall be five (5) Trustees of this Trust as follows:

**(a)** The mayor of the City of Tulsa;

**(b)** The Commissioner of Waterworks & Sewerage;

**(c)** The Commissioner of Streets & Public Property;

**(d)** The Commissioner of Finance & Revenue;

**(e)** The Police and Fire Commissioner.

The Trustees shall serve during their terms of office and until their successors have been duly elected or appointed and qualified Successor Trustees duly appointed or elected and qualified shall, without any further act or conveyance, become fully vested with all of the estate, properties, rights, powers, duties and obligations of their predecessors hereunder with like effect as if originally named as Trustee.

**2.** In the event of a change in the form of government of the City of Tulsa, Oklahoma, successors to the Trustees shall be the elected Mayor or equivalent officer under the new form of government, and four other Trustees who shall be approved by the legislative body of the City of Tulsa under the new form of government upon nomination by the elected Mayor or equivalent officer.

**3.** The Trustees shall, during their terms of office, be subject to removal only by action of the District Court of Tulsa County for good cause shown.

**4.** No Trustee shall be paid any compensation of any kind for his services as a Trustee of this Trust. However, Trustees may be reimbursed for expenses incurred in the performance of their duties hereunder.

**5.** Bonds or other evidences of indebtedness to be issued by the Trustees shall not constitute an indebtedness of the State of Oklahoma, nor of the Beneficiary, nor personal obligations of the Trustees of the Trust but shall constitute obligations of the Trustees payable solely from the Trust Estate. No indebtedness shall be incurred by the Trustees without the prior approval of two-thirds of the governing body of the City of Tulsa, Oklahoma, both as to the purpose and amount of the indebtedness.

**6.** The Trustees, the State of Oklahoma, and the Beneficiary hereof shall not be charged personally with any liability whatsoever by reason of any act or omission committed or suffered in good faith or in the exercise of their honest discretion in the performance of

such Trust or in the operation of the Trust Estate; but any act or liability for any omission or obligation of the Trustees in the execution of such Trust, or in the operation of the Trust Estate, shall extend to the whole of the Trust Estate or so much thereof as may be necessary to discharge such liability or obligation.

**7.** Notwithstanding any other provisions of this Indenture which shall appear to provide otherwise, no Trustee or Trustees shall have the power or authority to bind or obligate any other Trustee, or the Beneficiary, in his or its capacity, nor can the Beneficiary bind or obligate the Trust or any individual Trustee.

**8.** The Trustees shall adopt by-laws for the conduct of their business, and shall elect a Chairman from their members who shall preside at all meetings and perform other duties designated by the Trustees. The Trustees shall elect a Vice Chairman from their members who shall act as Chairman during the temporary absence or disability of the Chairman. If a vacancy occurs in the office of Chairman or Vice Chairman, the Trustees shall elect a successor from their members. The Trustees shall designate the time and place of all regular meetings, which meetings shall be public. All actions by the Trustees pursuant to the provisions of this Trust Indenture shall be approved by the affirmative vote of at least a majority of all the Trustees.

**9.** The Trustees shall file with the governing body of the City of Tulsa a certified copy of the annual audit made of the funds, accounts, and fiscal affairs of the Trust at the time as is required by Section 180.3 Title 60, Oklahoma Statutes Annotated.

**10.** The governing body of the Beneficiary shall have the right to conduct or have conducted a complete audit of the funds, accounts and fiscal affairs of the Trust at any time at its discretion.

**11.** The whole title, legal and equitable, to the properties of the Trust is and shall be vested in the Trustees, as such title in the Trustees is necessary for the due execution of this Trust. The Trustees shall have and exercise exclusive management and control of the properties of the Trust Estate for the use and benefit of the Beneficiary.

The Trustees may contract for the furnishing of any services or the performance of any duties that they may deem necessary, or proper, and pay for the same as they see fit.

**12.** The Trustees may compromise any debts or claims of or against the Trust Estate, and may adjust any dispute in relation to such debts or claims by arbitration or otherwise and may pay any debts or claims against the Trust Estate upon any evidence deemed by the Trustees to be sufficient. The Trustees may bring any suit or action, which in their judgment is necessary or proper to protect the interest of the Trust Estate, or to enforce any claim, demand or contract for the Trust; and they shall defend, in their discretion, any suit against the Trust, or the Trustees or employees, agents or servants thereof. They may compromise and settle any suit or action, and discharge the same out of assets of the Trust Estate, together with court costs and attorneys' fees. All of such expenditures shall be deemed proper expenses of executing this Trust.

## ARTICLE VII
## Powers and Duties of the Trustees

To accomplish the purposes of the Trust, and subject to the provisions and limitations otherwise provided in this Trust Indenture, the Trustees shall have, in addition to the

usual powers incident to their office and the powers granted to them by statute and in other parts of this Trust Indenture, the following rights, powers, duties, authority, discretion and privileges:

**1.** To finance, acquire, establish, develop, construct, enlarge, improve, extend, maintain, equip, operate, lease, furnish, provide, supply, regulate, hold, store, and administer any of the systems and facilities designated pursuant to Article III hereof as the Trustees shall determine necessary for the benefit and development of the Beneficiary.

**2.** To employ architectural and engineering firms or consultants as the Trustees deem necessary to prepare such preliminary or detailed studies, plans, specifications, cost estimates and feasibility reports as are required in the opinion of the Trustees. The cost of such engineers, architects and consultants shall be paid out of the proceeds of the sale of bonds or from such other funds as may be available therefor.

**3.** To enter into contracts for the sale of bonds, notes or other evidences of indebtedness or obligations of the Trust for the purpose of acquiring or constructing works, systems and facilities authorized to be acquired or constructed pursuant to the terms of this Trust Indenture and for that purpose may:

**(a)** Employ a financial advisor, or committee of advisors, to advise and assist the Trustees in the marketing of such bonds, notes or other evidences of indebtedness or obligations, and to present financial plans for the financing of the acquisition or construction of each project, and to recommend to, or consult with, the Trustees concerning the terms and provisions of bond indentures and bond issues, and may pay appropriate compensation for such work and services performed in the furtherance of the project;

**(b)** Sell all bonds, notes or other evidences of indebtedness or obligations of the Trust in installments or series and on such terms and conditions and in such manner as the Trustees shall deem to be in the best interest of the Trust Estate subject to the provisions of Title 60, Oklahoma Statutes, Section 176, et seq., as amended; and

**(c)** Appoint and compensate attorneys, paying agencies and corporate trustees in connection with the issuance of any such bonds, notes, evidences of indebtedness or other obligations of the Trust.

**4.** To purchase, lease, or otherwise acquire property, real, personal or mixed; to enter into and execute contracts, leases, and operating agreements.

**5.** To make and change investments, to convert real into personal property, and vice versa, to lease, improve, exchange or sell, at public or private sale, upon such terms as they deem proper, and to resell, at any time and as often as they deem advisable, any or all the property in the Trust, to refund outstanding bonded indebtedness and to execute therefor bonds, notes, or other evidences of indebtedness, or obligations, and to secure the same by mortgage, lien, pledge or otherwise; to purchase property from any person, firm, corporation or public Trust, and lease or sublease land and other property to and from the Beneficiary or others and construct, improve, repair, extend, remodel, and equip buildings, improvements and other facilities thereon and to operate or lease or rent the same to individuals, partnerships, associations, corporations and others, including the United States of

America or the State of Oklahoma and agencies or authorities of the United States of America, or of the State of Oklahoma, or of any municipality thereof, and also including all municipal or other political subdivisions of the State of Oklahoma as well as the Beneficiary hereof, and to do all things to accomplish the purposes set out in Article III of this Trust Indenture, and procure funds necessary for such purpose by the sale of bonds or other evidences of indebtedness by mortgages, liens, pledges or other encumbrances of such real and personal property, buildings, improvements and other facilities owned or otherwise acquired, leased or controlled by Trustees, and by rentals, income, receipts and profits therefrom, or from any other revenues associated with the ownership, operation or control of the property of the Trust; to lease or sublease any property of the Trust, or of which the Trustees may become the owners or lessees.

**6.** To fix, demand and collect charges, rentals and fees for the services and facilities of the Trust to the same extent as the Beneficiary might do and to discontinue furnishing of services and facilities to any person, firm or corporation, or public instrumentality, delinquent in the payment of any indebtedness to the Trust; to purchase and sell such supplies, goods, and commodities as are incident to the operation of its properties.

**7.** To make and perform contracts of every kind, including management and operating contracts, with any person, firm, corporation, association, trusteeship, municipality, government or sovereignty; and subject to the provisions of Article VII(3) set forth above without limit as to amount to draw, make, accept, endorse, assume, guarantee, account, execute and issue promissory notes, drafts, bills of exchange, acceptances, warranties, bonds, debentures, and other negotiable or non-negotiable instruments, obligations and evidences of unsecured indebtedness, or of indebtedness secured by mortgage, deed or trust or otherwise upon any or all income of the Trust, in the same manner and to the same extent as a natural person might or could do; to collect and receive any property, money, rents, or income of any sort and distribute the same or any portion thereof for the furtherance of the authorized Trust purposes set out herein.

**8.** To do all other acts in their judgment necessary or desirable for the proper and advantageous management, investment, and distribution of the Trust Estate and income therefrom.

## ARTICLE VIII
## Beneficiary of Trust

**1.** The Beneficiary of this Trust shall be the City of Tulsa, Oklahoma, a municipal corporation, under and pursuant to Title 60, Oklahoma Statutes, Sections 176 et seq., as amended, and other statutes of the State of Oklahoma as presently in force and effect. The Trustor declares that this Trust Indenture shall be irrevocable from the moment it is signed by him and delivered to the Trustees, and that it shall thereafter stand without any power whatsoever at any time to alter, amend, revise, modify, revoke or terminate any of the provisions of this Trust Indenture, except with the consent of the Trustor, his heirs, successors, and assigns and with the consent of at least four-fifths (4/5ths) of the Trustees.

**2.** The Beneficiary shall have no legal title, claim or right to the Trust Estate, its income, or to any part thereof or to demand or require any partition or distribution thereof. Neither shall the Beneficiary have any authority, power or right whatsoever, to do or transact any business for, or on behalf of, or binding upon the Trustees or upon the Trust Estate, nor the right to control or direct the actions of the Trustees pertaining to the Trust Estate, or any part thereof. The Beneficiary shall be entitled solely to the benefits of this Trust, as administered by the Trustees hereunder, and at the termination of the Trust, as provided herein, and then only the Beneficiary shall receive the residue of the Trust Estate.

## ARTICLE IX
## Secretary of Trust

The Trustees shall appoint a Secretary of the Trustees to serve at their will, with compensation as set by themselves. The Secretary shall keep minutes of all meetings of the Trustees and shall maintain complete and accurate records of all their financial transactions, all such minutes, books and records to be on file in the principal office of the Trust. All meetings of the Trustees shall be open to the public and conducted in accord with the provisions of the Oklahoma Public Meeting Law and the bonds, records and minutes of the Trustees shall be considered as public records and available for inspection at all times by any interested party.

## ARTICLE X
## Termination of Trust

This Trust shall terminate:

**1.** When the purposes set out in Article III of this instrument shall have been fully executed; or

**2.** In the manner provided by Title 60, Oklahoma Statutes, Section 180, provided, however, that this Trust shall not be terminated by voluntary action if there be outstanding indebtedness or fixed term obligations of the Trustees, unless all owners of such indebtedness or obligations shall have consented in writing to such termination.

Upon the termination of this Trust, the Trustees shall proceed to wind up the affairs of this Trust, and after payment of all debts, expenses and obligations out of the moneys and properties of the Trust Estate to the extent thereof, shall distribute the residue of the money and properties of the Trust Estate to the Beneficiary hereunder. Upon final distribution, the powers, duties and authority of the Trustees hereunder shall cease.

## ARTICLE XI

The Trustees accept the Trust herein created and provided for, and agree to carry out the provisions of this Trust Indenture on their part to be performed.

IN WITNESS WHEREOF, the Trustor and the Trustees have hereunto set their hands on the day and year indicated.

## APPENDIX II AMENDMENT NUMBER ONE TO TRUST INDENTURE TULSA ENERGY RESOURCE RECOVERY AUTHORITY.

KNOW ALL MEN BY THESE PRESENTS:

WHEREAS, the undersigned Trustor, Francis F. Campbell, created a Trust named the Tulsa Energy Resource Recovery Authority (TERRA) for the use and benefit of the City of Tulsa, Oklahoma, a municipal corporation, under Trust Indenture dated November 11, 1977, between the said Trustor and Robert J. LaFortune, Mayor of the City of Tulsa; John P. Thomas, Jr., Commissioner of Waterworks and Sewerage; Robert A. Franden, Commissioner of Streets and Public Property; Michael E. Kerpan, Police and Fire Commissioner; and Norma H. Eagleton, Commissioner of Finance and Revenue, referred to therein as Trustees; and

WHEREAS, the Trustor desires to amend and broaden the purposes of the Trust to encompass the full range of managing, collecting, controlling and disposing of solid waste pursuant to the provisions of the Oklahoma Solid Waste Management Act, 63 O.S. 71, §2251 et seq.; and

WHEREAS, the Trust Indenture can be amended only by the Trustor with the consent of the City of Tulsa as beneficiary and the consent of the five current Trustees.

NOW, THEREFORE, I, the undersigned Trustor, under Trust Indenture named Tulsa Energy Resource Recovery Authority dated November 11, 1977, between Francis F. Campbell as Trustor and Robert J. LaFortune, Mayor of the City of Tulsa; John P. Thomas, Jr., Commissioner of Waterworks and Sewerage; Robert A. Franden, Commissioner of Streets and Public Property; Michael E. Kerpan, Police and Fire Commissioner; and Norma H. Eagleton, Commissioner of Finance and Revenue, as Trustees, do hereby amend said Trust Indenture subject to the approval of two-thirds (2/3) of the majority of the governing body of the City of Tulsa and further subject to the approval of the current Trustees, James M. Inhofe, Mayor of the City of Tulsa; John P. Thomas, Jr., Commissioner of Waterworks and Sewerage; James M. Hewgley, III, Commissioner of Streets and Public Property; Jack Purdie, Police and Fire Commissioner; and Ronald L. Young, Commissioner of Finance and Revenue, as follows:

Article III of said Trust Indenture entitled "Purposes of Trust" is hereby amended to read in its entirety as follows:

"ARTICLE III
Purposes of Trust

The purposes of this Trust are:

1. To operate or cause to be operated systems for the collection and receipt of solid waste including refuse, trash, garbage and other discarded or salvageable solid materials and to collect, process, transfer, transport, convert, recover, recycle and reclaim from such solid waste, fuel and usable materials and products and sell the same and to dispose of solid waste whether usable or nonusable by burial, incineration or other methods.

2. To plan, establish, develop, acquire, construct, purchase, install, repair, enlarge, improve, maintain, equip, finance and refinance, operate and regulate public solid waste collection and processing systems and facilities either within or without the territorial boundaries of the City of Tulsa, including but not limited to the purchasing, leasing,

construction, installation, equipping, maintenance and operation of such buildings, equipment, machinery and other facilities necessary for the collection and processing of refuse and solid waste, and the purchasing or leasing of transportation vehicles, equipment and facilities.

3. To hold, maintain and administer any leasehold rights in and to physical properties demised to the beneficiary and to comply with the terms and conditions of any such lease.

4. To acquire by lease, purchase or otherwise, and to plan, establish, develop, construct, enlarge, improve, maintain, equip, operate and regulate any and all physical properties designated or needful for utilization in the furnishing and providing of services, in connection with public solid waste collection and processing systems and facilities, and to dispose of, rent or otherwise make provisions for properties real and personal owned by the Trust but no longer needful for trust purposes.

5. To provide funds for the cost of financing, acquiring, constructing, leasing, equipping, maintaining, repairing and operating public solid waste collection and processing systems and facilities and buildings and other improvements thereto, and all properties, real personal or mixed, required for execution and fulfilling the trust purposes as set forth in this instrument, and all other charges, costs and expenses necessarily incurred in connectiontherewith and in so doing, to incur indebtedness, either unsecured or secured by all or any part of the Trust Estate and its revenues.

6. To expend all funds coming into the hands of the Trustees as revenue or otherwise in the payment of any indebtedness incurred by the Trustees for purposes specified herein, and in the payment of the costs and expenses thereof, and in the payment of any other obligation properly chargeable against the Trust Estate, and to distribute the remainder of such funds to the beneficiary municipality."

Except as herein amended, the Trustor and Trustees hereby ratify and confirm the provisions of the Trust as originally executed.

IN WITNESS WHEREOF, this Amendment to Trust Indenture has been duly executed on the 1st day of August, 1979, and shall be effective on the 3rd day of August, 1979.

## APPENDIX III AMENDMENT NUMBER TWO TO THE TRUST INDENTURE CREATING THE TULSA ENERGY RESOURCE RECOVERY AUTHORITY CHANGING THE NAME TO TULSA AUTHORITY FOR RECOVERY OF ENERGY.

KNOW ALL MEN BY THESE PRESENTS:

WHEREAS, the undersigned Trustor, Francis F. Campbell, created a Trust named the Tulsa Energy Resource Recovery Authority (TERRA) for the use and benefit of the City of Tulsa, Oklahoma, a municipal corporation, under Trust Indenture dated November 11, 1977, between the said Trustor and Robert J. LaFortune, Mayor of the City of Tulsa; John P. Thomas, Jr., Commissioner of Waterworks and Sewerage; Robert A. Franden, Commissioner of Streets and Public Property; Michael E. Kerpan, Police and Fire Commissioner; and Norma H. Eagleton, Commissioner of Finance and Revenue, referred to therein as Trustees; and

WHEREAS, on August 3, 1979, said Trust was amended by Amendment Number One; and

WHEREAS, the Trustor desires to amend the name of the Trust; and

WHEREAS, the Trust Indenture can be amended only by the Trustor with the consent of the City of Tulsa as beneficiary and the consent of the five current Trustees.

NOW, THEREFORE, I, the undersigned Trustor, under Trust Indenture named Tulsa Energy Resource Recovery Authority dated November 11, 1977, between Francis F. Campbell as Trustor and Robert J. LaFortune, Mayor of the City of Tulsa; John P. Thomas, Jr., Commissioner of Waterworks and Sewerage; Robert A. Franden, Commissioner of Streets and Public Property; Michael E. Kerpan, Police and Fire Commissioner; and Norma H. Eagleton, Commissioner of Finance and Revenue, as Trustees, do hereby amend said Trust Indenture subject to the approval of two-thirds (2/3) of the governing body of the City of Tulsa and further subject to the approval of the current Trustees, James M. Inhofe, Mayor of the City of Tulsa; Patty Eaton, Commissioner of Waterworks and Sewerage; James M. Hewgley III, Commissioner of Streets and Public Property; Robert H. Gardner, Police and Fire Commissioner; and Ronald L. Young, Commissioner of Finance and Revenue, as follows:

Article II of said Trust Indenture entitled "The Name" is hereby amended to read in its entirety as follows:

"ARTICLE II
The Name

The name of this Trust shall be the Tulsa Authority for Recovery of Energy," hereinafter referred to as the "Trust." Under that name it shall, so far as practicable, conduct all business and execute all instruments, and otherwise perform its duties and functions in the execution of this Trust."

Except as herein amended, the Trustor and Trustees hereby ratify and confirm the provisions of the Trust as originally executed and as modified by Amendment Number One.

IN WITNESS WHEREOF, this Amendment to Trust Indenture has been duly executed on the 21st day of April, 1981, and shall be effective on the 21st day of April, 1981.

## APPENDIX V EXHIBIT A TRUST INDENTURE AMENDMENT NUMBER THREE TO TRUST INDENTURE DATED NOVEMBER 11, 1977, FOR TULSA AUTHORITY FOR RECOVERY OF ENERGY, FORMERLY KNOWN AS THE TULSA ENERGY RESOURCE RECOVERY AUTHORITY

*("Exhibit A" in Ordinance No. 17344)*

KNOW ALL MEN BY THESE PRESENTS:

WHEREAS, the original Trustor, Francis F. Campbell, created a Trust named the Tulsa Energy Resource Recovery Authority for the use and benefit of the City of Tulsa, Oklahoma, a municipal corporation, under Trust Indenture dated November 11, 1977, between the said Trustor and Robert J. LaFortune, Mayor of the City of Tulsa; John P. Thomas, Jr., Commissioner of Waterworks and Sewerage; Robert A. Franden, Commissioner of Streets and Public Property; Michael E. Kerpan, Police and Fire Commissioner; and Norma H. Eagleton, Commissioner of Finance and Revenue, referred to therein as Trustees; and

WHEREAS, on August 3, 1979, said Trust was amended by Amendment Number One; and

WHEREAS, on April 21, 1981, said Trust was amended by Amendment Number Two and the name of the Trust was changed to the Tulsa Authority for Recovery of Energy; and

WHEREAS, the successor Trustor, Philip W. Wood, desires to amend the Trust to change the Trustees, the number of the Trustees, and the terms of service of the Trustees; and

WHEREAS, the Trust Indenture can be amended only by the Trustor with the consent of the City of Tulsa as beneficiary and the consent of the five successor Trustees.

NOW, THEREFORE, I, the undersigned successor Trustor, Philip W. Wood, under Trust Indenture named Tulsa Energy Resource Recovery Authority dated November 11, 1977, between Francis F. Campbell as Trustor and Robert J. LaFortune, Mayor of the City of Tulsa; John P. Thomas, Jr., Commissioner of Waterworks and Sewerage; Robert A. Franden, Commissioner of Streets and Public Property; Michael E. Kerpan, Police and Fire Commissioner; and Norma H. Eagleton, Commissioner of Finance and Revenue, as Trustees, do hereby amend said Trust Indenture subject to the approval of a sufficient number of members of the governing body of The City of Tulsa and further subject to the approval of the successor Trustees, Rodger A. Randle, Mayor of the City of Tulsa; Charlie L. King, Commissioner of Waterworks and Sewerage; J. D. Metcalfe, Commissioner of Streets and Public Property; Robert N. Dick, Police and Fire Commissioner; and Gary L. Watts, Commissioner of Finance and Revenue as follows:

Article VI of said Trust Indenture, entitled "The Trustees", is hereby amended in paragraphs one and two to read as follows:

## ARTICLE VI THE TRUSTEES

l. There shall be seven Trustees of the Trust who shall serve for the initial and successive terms as stated below and who shall be subject to the terms and provisions of Okla. Stat. tit. 11, §8-113 (Supp. 1989) and all City personnel policies and procedures concerning conflicts of interest.

(a) One of the Trustees shall be ex officio the Mayor of the City of Tulsa, or the Mayor's designated representative who shall be a full-time City employee.

(b) Six of the Trustees shall be appointed by the Mayor of the City of Tulsa subject to the approval by a majority vote of the membership of the City Council. Two of these initial Trustees shall be appointed by the Mayor for terms of three years, two for terms of two years, and two for terms of one year. The terms of these initial Trustees shall expire on July 31 of the appropriate year.

(c) Successor Trustees to the six Trustees described in paragraph (b) shall be appointed by the Mayor of the City of Tulsa subject to approval by a majority vote of the membership of the City Council to serve for three year terms which shall expire on July 31 of the appropriate year. The Trustee who shall be the Mayor of the City of Tulsa shall serve during his or her term of office. The designated representative who is selected to serve as Trustee in place of the Mayor as set forth in paragraph (a) shall serve a one-year term which shall expire on July 31 of the appropriate year and which shall in no event extend for any period of time beyond the term of office of the appointing Mayor.

2. Duly appointed successor Trustees shall, without further act or conveyance, become fully vested with all of the estate, properties, rights, powers, duties and obligations of their predecessors hereunder with like effect as if originally named as Trustees.

Except as herein amended, the Trustor and Trustees hereby ratify and confirm the provisions of the Trust as originally executed and as modified by Amendment Number One and Amendment Number Two.

IN WITNESS WHEREOF, this Amendment to Trust Indenture has been duly executed on the 24th day of August, l991, and shall be effective on the date of execution.

# APPENDIX VI AMENDMENT NUMBER FOUR TO TRUST INDENTURE DATED NOVEMBER 11, 1977, FOR TULSA AUTHORITY FOR RECOVERY OF ENERGY, FORMERLY KNOWN AS THE TULSA ENERGY RESOURCE RECOVERY AUTHORITY (SECTIONS 1507, 1508, 1509, AND 1510)

*("Exhibit A" in Ordinance No. 20547)*

KNOW ALL MEN BY THESE PRESENTS:

WHEREAS, the original Trustor, Francis F. Campbell, created a Trust named the Tulsa Energy Resource Recovery Authority for the use and benefit of the City of Tulsa, Oklahoma, a municipal corporation, under Trust Indenture dated November 11, 1977, between the said Trustor and Robert J. LaFortune, Mayor of the City of Tulsa; John P. Thomas, Jr., Commissioner of Waterworks and Sewerage; Robert A. Franden, Commissioner of Streets and Public Property; Michael E. Kerpan, Police and Fire Commissioner; and Norma H. Eagleton, Commissioner of Finance and Revenue, referred to therein as Trustees; and

WHEREAS, on August 3, 1979, said Trust was amended by Amendment Number One; and

WHEREAS, on April 21, 1981, said Trust was amended by Amendment Number Two and the name of the Trust was changed to the Tulsa Authority for Recovery of Energy; and

WHEREAS, on August 24, 1991, said Trust was amended by Amendment Number Three, which changed the Trustees, their number and term of office; and

WHEREAS, the successor Trustor, Philip W. Wood, desires to further amend the Trust to clarify the Trustees' authority to enter into contracts for the sale of bonds, notes or other evidences of indebtedness or obligations of the Trust; and

WHEREAS, the Trust Indenture can be amended only by the Trustor with the consent of the City of Tulsa as beneficiary and the consent of the seven successor Trustees.

NOW, THEREFORE, I, the undersigned successor Trustor, Philip W. Wood, under Trust Indenture named Tulsa Energy Resource Recovery Authority dated November 11, 1977, between Francis F. Campbell as Trustor and Robert J. LaFortune, Mayor of the City of Tulsa; John P. Thomas, Jr., Commissioner of Waterworks and Sewerage; Robert A. Franden, Commissioner of Streets and Public Property; Michael E. Kerpan, Police and Fire Commissioner; and Norma H. Eagleton, Commissioner of Finance and Revenue, as Trustees, do hereby amend said Trust Indenture subject to the approval of a sufficient number of members of the governing body of The City of Tulsa and further subject to the approval of the successor Trustees, as follows:

Article VII of said Trust Indenture, entitled "Powers and Duties of the Trustees", is hereby amended in paragraph three (3) only, to read as follows:

3. To enter into contracts for the sale of bonds, notes or other evidences of indebtedness or obligations of the Trust for any of the purposes set forth in Article III pursuant to the terms of this Trust Indenture and for those purposes may:

(a) Employ a financial advisor, or committee of advisors, to advise and assist the Trustees in the marketing of such bonds, notes or other evidences of indebtedness

or obligations, and to present financial plans for the financing of the acquisition or construction of each project, and to recommend to, or consult with, the Trustees concerning the terms and provisions of bond indentures and bond issues, and may pay appropriate compensation for such work and services performed in the furtherance of the project;

(b) Sell all bonds, notes or other evidences of indebtedness or obligations of the Trust in installments or series and on such terms and conditions and in such manner as the Trustees shall deem to be in the best interest of the Trust Estate subject to the provisions of Title 60, Oklahoma Statutes, Section 176, et seq., as amended; and

(c) Appoint and compensate attorneys, paying agencies and corporate trustees in connection with the issuance of any such bonds, notes, evidences of indebtedness or other obligations of the Trust.

This Amendment shall be effective upon approval as required by law and the Indenture, as amended, shall continue in effect until March 1, 2010, at which time this Amendment shall be automatically rescinded and the language of Article VII paragraph (3) shall re-vert to the language in place immediately before this 4th Amendment.

Except as herein amended, the successor Trustor and successor Trustees hereby ratify and confirm the provisions of the Trust as originally executed and as modified by Amendment Number One, Amendment Number Two and Amendment Number Three.

IN WITNESS WHEREOF, this Amendment to Trust Indenture has been duly executed on the 20th day of December, 2002, and shall be effective on the date of execution.

Section 1606. Mayor and City Auditor authorized to endorse approval of Amendment Number One.
Section 1607. Trustees find Amendment Two necessary.
Section 1608. Mayor and Council find it is in best interest of City to accept Amendment Two.
Section 1609. Tulsa Public Facilities Authority Trust amended.
Section 1610. Mayor and Council Chairman Authorized to endorse and record Amendment Two.
Appendix I Trust Indenture Tulsa Civic Center Authority (Sections 1600, 1601 and 1602) ("Exhibit A" in Ord. No. 14980).
Appendix II Amendment Number One to the Trust Indenture Creating the Tulsa Civic Center Authority Changing the Name to Tulsa Public Facilities Authority and Amending the Purposes of the Trust (Sections 1603, 1604, 1605 and 1606) (Ord. No. 15306).
Appendix III Amendment Number Two to Trust Indenture Dated March 10, 1981, for Tulsa Public Facilities Authority, Formerly Known as the Tulsa Civic Center Authority (Sections 1607, 1608, 1609 and 1610) ("Exhibit A" in Ord. No. 17430).

### Section 1600. Beneficial interest in Tulsa Civic Center Authority accepted.

The Tulsa Civic Center Authority created by Trust Indenture dated March 10, 1981, an executed copy of which Trust Indenture is hereto attached, marked "Exhibit A" and made a part hereof, wherein James M. Inhofe, as Mayor of the City of Tulsa; Patty Eaton, as Commissioner of Waterworks and Sewerage; Jim Hewgley III, as Commissioner of Streets and Public Property; Robert H. Gardner, as Police and Fire Commissioner; and Ronald L. Young, as Commissioner of Finance and Revenue, are designated trustees, and the City of Tulsa, Oklahoma, is designated as the sole beneficiary of said Tulsa Civic Center Authority, is hereby approved and the City of Tulsa hereby accepts the beneficial interest therein, and all of the terms and provisions of said Trust Indenture as authorized by the applicable statutes of the state of Oklahoma and City of Tulsa hereby agrees to be and become the sole beneficiary of said Trust.

*(Ord. No. 14980)*

### Section 1601. Identification of Trust and Trustees.

The City of Tulsa hereby recognizes said Tulsa Civic Center Authority and the trustees named in said Trust Indenture, and in all negotiations and instruments where the term "Tulsa Civic Center Authority" is used, it shall be deemed and construed to mean the trust above mentioned and described.

*(Ord. No. 14980)*

**Section 1602. Mayor and City Auditor authorized to endorse approval of Trust and record Trust Indenture.**

The Mayor and the City Auditor of the City of Tulsa are hereby authorized, instructed and directed to endorse upon the original of said Trust Indenture creating the Tulsa Civic Center Authority, and the City's acceptance of the beneficial interest therein, and to cause said Trust Indenture to be recorded in the office of the County Clerk of Tulsa County, Oklahoma.

*(Ord. No. 14980)*

**Section 1603. Approval of Amendment Number One.**

"Amendment No. One to the Trust Indenture Creating the Tulsa Civic Center Authority Changing the name to Tulsa Public Facilities Authority and Amending the Purposes of the Trust," which was approved by the Board of Trustees of the Tulsa Civic Center Authority on March 12, 1982, is hereby approved by the Board of Commissioners of the City of Tulsa, Oklahoma.

*(Ord. No. 15306)*

**Section 1604. Acceptance of Trust Indenture as amended.**

The City of Tulsa hereby accepts the beneficial interest created by said Trust Indenture as amended by "Amendment No. One to the Trust Indenture Creating the Tulsa Civic Center Authority Changing the Name to Tulsa Public Facilities Authority and Amending the Purposes of the Trust."

*(Ord. No. 15306)*

**Section 1605. Identification of Trust and Trustees.**

The City of Tulsa hereby recognizes said Tulsa Public Facilities Authority and the trustees named in said Trust Indenture and, in all negotiations and instruments where the term "Tulsa Public Facilities Authority" is used, it shall be deemed and construed to mean the trust above mentioned and described.

*(Ord. No. 15306)*

**Section 1606. Mayor and City Auditor authorized to endorse approval of Amendment Number One.**

The Mayor and City Auditor of the City of Tulsa are hereby authorized, instructed and directed to endorse upon the original of said "Amendment No. One to the Trust Indenture creating the Tulsa Civic Center Authority changing the name to Tulsa Public Facilities Authority and Amending the Purposes of the Trust" the approval of the City of Tulsa of said Trust Indenture amendment and the City's acceptance of the beneficial interest therein and to cause said amendment to be recorded in the office of the County Clerk of Tulsa County, Oklahoma.

*(Ord. No. 15306)*

**Section 1607. Trustees find Amendment Two necessary.**

Mayor Rodger A. Randle, J. Patrick Cremin, Graydon Dean Luthey, Jr. and Coleman Davis as trustees of the Tulsa Public Facilities Authority, formerly known as the Tulsa Civic

Center Authority, pursuant to a Trust Indenture dated March 10, 1981, hereby find it necessary and in furtherance of the public purposes of the Tulsa Public Facilities Authority, formerly known as the Tulsa Civic Center Authority, to amend said Trust Indenture.

*(Ord. No. 17430)*

**Section 1608. Mayor and Cuncil find it is in best interest of City to accept Amendment Two.**

The Mayor and the City Council of the City of Tulsa hereby find and determine that it is in the best interest of the City of Tulsa and in the public interest to accept Amendment Number Two to said Trust Indenture for the Tulsa Public Facilities Authority, formerly known as the Tulsa Civic Center Authority.

*(Ord. No. 17430)*

**Section 1609. Tulsa Public Facilities Authority Trust amended.**

The Trust Indenture for the Tulsa Public Facilities Authority, formerly known as the Tulsa Civic Center Authority, dated the 10th day of March, 1981, is hereby amended pursuant to the terms of Amendment Number Two to said Trust Indenture dated January 14, 1991, an executed copy of which is attached hereto as "Exhibit A" and made a part hereof.

*(Ord. No. 17430)*

**Section 1610. Mayor and Council Chairman authorized to endorse and record Amendment Two.**

The Mayor and Chairman of the City Council for the City of Tulsa are hereby authorized, instructed and directed to endorse upon the original of said Amendment Number Two to the Trust Indenture the approval of the City of Tulsa of the Amendment Number Two to Trust Indenture creating the Tulsa Public Facilities Authority, formerly named The Tulsa Civic Center Authority, and to cause said amendment to the Trust Indenture to be recorded in the office of the County Clerk of Tulsa, Oklahoma.

*(Ord. No. 17430)*

## APPENDIX I TRUST INDENTURE TULSA CIVIC CENTER AUTHORITY (SECTIONS 1600, 1601, AND 1602)

*("Exhibit A" in Ord. No. 14980)*

KNOW ALL MEN BY THESE PRESENTS:

THIS TRUST AGREEMENT AND INDENTURE, dated this 10th day of March, 1981, by FRANCIS F. CAMPBELL, Auditor of the City of Tulsa, Oklahoma, hereinafter referred to as "Trustor" and JAMES M. INHOFE, Mayor of the City of Tulsa; PATTY EATON, Commissioner of Waterworks and Sewerage; JIM HEWGLEY III, Commissioner of Streets and Public Property; ROBERT H. GARDNER, Police and Fire Commissioner; and RONALD L. YOUNG, Commissioner of Finance and Revenue; to be known as Trustees of the Tulsa Civic Center Authority and hereinafter referred to as "Trustees".

W I T N E S S E T H:

That in consideration of the payment by the Trustor to the Trustees of the sum of Ten Dollars ($10.00), the mutual covenants herein set forth, and other valuable considerations, the Trustees agree to hold, manage, invest, assign, convey and distribute as herein provided, authorized and directed, such property as Trustor, or others, may from time to time assign, transfer, lease, convey, give, bequeath, devise or deliver unto this Trust or the Trustees thereof.

TO HAVE AND TO HOLD such property and the proceeds, rents, profits and increases thereof unto the Trustees, and the successors and assigns of the Trustees, but nevertheless in trust, for the use and benefit of the City of Tulsa, Oklahoma, a municipal corporation, hereinafter referred to as the "Beneficiary", and upon the following trusts, terms and conditions herein stated.

### ARTICLE I
### Creation of Trust

The undersigned Trustor creates and establishes a trust for the use and benefit of the City of Tulsa, Oklahoma, and for the purposes hereinafter set forth, under the provisions of Title 60, Oklahoma Statutes, Section 176 et seq., as amended, the Oklahoma Trust Act and other applicable statutes of the State of Oklahoma.

### ARTICLE II
### The Name

The name of this Trust shall be the "Tulsa Civic Center Authority", hereinafter referred to as the "Trust". Under that name it shall, so far as practicable, conduct all business and execute all instruments, and otherwise perform its duties and functions in the execution of this Trust.

### ARTICLE III
### Purposes of Trust

The purposes of this Trust are:

**1.** To own, acquire, purchase, lease, plan, establish, develop, construct, enlarge, improve, alter, reconstruct, remodel, rehabilitate, repair, maintain, operate,

administer, staff, regulate, equip, furnish, decorate, finance and refinance or to assist the City of Tulsa to own, acquire, purchase, lease, plan, establish, develop, construct, enlarge, improve, alter, reconstruct, remodel, rehabilitate, repair, maintain, operate, administer, staff, regulate, equip, furnish, decorate, finance and refinance the Tulsa Civic Center and appurtenant parking facilities.

**2.** To hold, maintain and administer any leasehold rights in and to physical properties demised to the beneficiary and to comply with the terms and conditions of any such lease.

**3.** To acquire by lease, purchase or otherwise, and to plan, establish, develop, construct, enlarge, improve, maintain, equip, operate and regulate any and all physical properties designated or needful for utilization in the furnishing and providing of services, in connection with the Tulsa Civic Center facilities and to dispose of, rent or otherwise make provision for properties owned by the Trust but no longer needful for Trust purposes.

**4.** To provide funds for the cost of financing, acquiring, constructing, leasing, equipping, maintaining, repairing and operating the Tulsa Civic Center and buildings and other improvements thereto, and all properties real, personal or mixed required for executing and fulfilling the Trust purposes as set forth in this instrument, and all other charges, costs and expenses necessarily incurred in connection therewith and in so doing, to incur indebtedness, either unsecured or secured by all or any part of the Trust Estate and its revenues.

**5.** To expend all funds coming into the hands of the Trustees as revenue or otherwise in the payment of any indebtedness incurred by the Trustees for purposes specified herein, and in the payment of the costs and expenses thereof, and in the payment of any other obligation properly chargeable against the Trust Estate, and to distribute the remainder of such funds to the beneficiary municipality.

**6.** To enter into contracts with the City of Tulsa and other parties to carry out the purpose of this Trust.

## ARTICLE IV
## Duration of Trust

The Trust shall have duration for the term of duration of the beneficiary and until such time as its purpose shall have been fulfilled, or until it shall be terminated as hereinafter provided.

## ARTICLE V
## The Trust Estate

The Trust Estate shall consist of:

**1.** The funds and property presently in the hands of the Trustees or to be acquired or constructed by Trustees and dedicated by the Trustor and others to be used for trust purposes.

**2.** Any and all leasehold rights demised to the Trustees by its beneficiary as authorized and empowered by law.

**3.** Any and all money, property, whether real, personal or mixed, rights, choses in actions, contracts, leases, privileges, immunities, franchises, benefits and all other things of value coming into the possession of the Trustees pursuant to the provisions of this Trust Indenture.

**4.** Cash in hand.

The instruments executed for each project, and each issuance of bonds and other indebtedness, shall set out the specific property of the Trust Estate exclusively pledged and mortgaged for the payment of such indebtedness.

## ARTICLE VI
## The Trustees

**1.** There shall be five (5) Trustees of this Trust as follows:

**(a)** The Mayor of the City of Tulsa;

**(b)** The Commissioner of Waterworks and Sewerage;

**(c)** The Commissioner of Streets and Public Property;

**(d)** The Commissioner of Finance and Revenue;

**(e)** The Police and Fire Commissioner.

The Trustees shall serve during their terms of office and until their successors have been duly elected or appointed, and qualified Successor Trustees duly appointed or elected shall, without any further act or conveyance, become fully vested with all of the estate, properties, rights, powers, duties and obligations of their predecessors hereunder with like effect as if originally named as Trustee.

**2.** In the event of a change in the form of government of the City of Tulsa, Oklahoma, successors to the Trustees shall be the elected Mayor or equivalent officer under the new form of government, and four other Trustees who shall be approved by the legislative body of the City of Tulsa under the new form of government upon nomination by the elected Mayor or equivalent officer.

**3.** The Trustees shall, during their terms of office, be subject to removal only by action of the District Court of Tulsa County for good cause shown.

**4.** No Trustee shall be paid any compensation of any kind for his services as a Trustee of this Trust. However, Trustees may be reimbursed for expenses incurred in the performance of their duties hereunder.

**5.** Bonds or other evidences of indebtedness to be issued by the Trustees shall not constitute an indebtedness of the State of Oklahoma, nor of the Beneficiary, nor personal obligation of the Trustees of the Trust but shall constitute obligations of the Trustees payable solely from the Trust Estate. No indebtedness shall be incurred by the Trustees without the prior approval of two-thirds of the governing body of the City of Tulsa, Oklahoma, both as to the purpose and amount of the indebtedness.

**6.** The Trustees, the State of Oklahoma and the Beneficiary hereof shall not be charged personally with any liability whatsoever by reason of any act or omission committed or suffered in good faith or in the exercise of their honest discretion in the performance of such Trust or in the operation of the Trust Estate; but any act or liability for any

omission or obligation of the Trustees in the execution of such Trust, or in the operation of the Trust Estate, shall extend to the whole of the Trust Estate or so much thereof as may be necessary to discharge such liability or obligation.

**7.** Notwithstanding any other provisions of this Indenture which shall appear to provide otherwise, no Trustee or Trustees shall have the power or authority to bind or obligate any other Trustee, or the Beneficiary, in his or its capacity, nor can the Beneficiary bind or obligate the Trust or any individual Trustee.

**8.** The Trustees shall adopt by-laws for the conduct of their business, and shall elect a Chairman from their members who shall preside at all meetings and perform other duties designated by the Trustees. The Trustees shall elect a Vice Chairman from their members who shall act as Chairman during the temporary absence or disability of the Chairman. If a vacancy occurs in the office of Chairman or Vice Chairman, the Trustees shall elect a successor from their members. The Trustees shall designate the time and place of all regular meetings, which meetings shall be public. All actions by the Trustees pursuant to the provisions of this Trust Indenture shall be approved by the affirmative vote of at least a majority of all the Trustees.

**9.** The Trustees shall file with the governing body of the City of Tulsa a certified copy of the annual audit made of the funds, accounts and fiscal affairs of the Trust at the time as is required by Section 180.3 Title 60, Oklahoma Statutes Annotated.

**10.** The governing body of the Beneficiary shall have the right to conduct or have conducted a complete audit of the funds, accounts and fiscal affairs of the Trust at any time at its discretion.

**11.** The whole title, legal and equitable, to the properties of the Trust is and shall be vested in the Trustees, as such title in the Trustees is necessary for the due execution of this Trust. The Trustees shall have and exercise exclusive management and control of the properties of the Trust Estate for the use and benefit of the Beneficiary.

**12.** The Trustees may compromise any debts or claims of or against the Trust Estate, and may adjust any dispute in relation to such debts or claims by arbitration or otherwise and may pay any debts or claims against the Trust Estate upon any evidence deemed by the Trustees to be sufficient. The Trustees may bring any suit or action, which in their judgment is necessary or proper to protect the interest of the Trust Estate, or to enforce any claim, demand or contract for the Trust; and they shall defend, in their discretion, any suit against the Trust, or the Trustees or employees, agents or servants thereof. They may compromise and settle any suit or action, and discharge the same out of assets of the Trust Estate, together with court costs and attorneys' fees. All of such expenditures shall be deemed proper expenses of executing this Trust.

## ARTICLE VII POWERS AND DUTIES OF THE TRUSTEES

To accomplish the purposes of the Trust, and subject to the provisions and limitations otherwise provided in this Trust Indenture, the Trustees shall have, in addition to the usual powers incident to their office and the powers granted to them by statute and in other parts of this Trust Indenture, the following rights, powers, duties, authority, discretion and privileges:

**1.** To finance, acquire, establish, develop, construct, enlarge, improve, extend, maintain, equip, operate, lease, furnish, provide, supply, regulate, hold, store and

administer any of the systems and facilities designated pursuant to Article III hereof as the Trustees shall determine necessary for the benefit and development of the Beneficiary.

**2.** To employ architectural and engineering firms or consultants as the Trustees deem necessary to prepare such preliminary or detailed studies, plans, specifications, cost estimates and feasibility reports as are required in the opinion of the Trustees. The cost of such engineers, architects and consultants shall be paid out of the proceeds of the sale of bonds or from such other funds as may be available therefor.

**3.** To enter into contracts for the sale of bonds, notes or other evidences of indebtedness or obligations of the Trust for the purpose of acquiring or construction works, systems and facilities authorized to be acquired or constructed pursuant to the terms of this Trust Indenture and for that purpose may:

**(a)** Employ a financial advisor, or committee of advisors, to advise and assist the Trustees in the marketing of such bonds, notes or other evidences of indebtedness or obligations, and to present financial plans for the financing of the acquisition or construction of each project, and to recommend to, or consult with, the Trustees concerning the terms and provisions of bond indentures and bond issues, and may pay appropriate compensation for such work and services performed in the furtherance of the project;

**(b)** Sell all bonds, notes or other evidences of indebtedness or obligations of the Trust in installments or series and on such terms and conditions and in such manner as the Trustees shall deem to be in the best interest of the Trust Estate subject to the provisions of Title 60, Oklahoma Statutes, Section 176, et seq., as amended; and

**(c)** Appoint and compensate attorneys, paying agencies and corporate trustees in connection with the issuance of any such bonds, notes, evidences of indebtedness or other obligations of the Trust.

**4.** To purchase, lease, or otherwise acquire property, real, personal or mixed; to enter into and execute contracts, leases, and operating agreements.

**5.** To make and change investments, to convert real into personal property, and vice versa, to lease, improve, exchange or sell, at public or private sale, upon such terms as they deem proper, and to resell, at any time and as often as they deem advisable, any or all the property in the Trust, to refund outstanding bonded indebtedness and to execute therefor bonds, notes, or other evidences of indebtedness, or obligations, and to secure the same by mortgage, lien, pledge or otherwise; to purchase property from any person, firm, corporation or public Trust, and lease or sublease land and other property to and from the Beneficiary or others and construct, improve, repair, extend, remodel and equip buildings, improvements and other facilities thereon and to operate or lease or rent the same to individuals, partnerships, associations, corporations and others, including the United States of America or the State of Oklahoma and agencies or authorities of the United States of America, or the State of Oklahoma, or of any municipality thereof, and also including all municipal or other political subdivisions of the State of Oklahoma as well as the Beneficiary hereof, and to do all things to accomplish the purposes set out in Article III of this Trust Indenture, and procure funds necessary for such purpose by the sale of bonds or other evidence of indebtedness by mortgages, liens,

pledges or other encumbrances of such real and personal property, buildings, improvements and other facilities owned or otherwise acquired, leased or controlled by Trustees, and by rentals, income, receipts and profits therefrom, or form any other revenues associated with the ownership, operation or control of the property of the Trust; to lease or sublease any property of the Trust, or of which the Trustees may become the owners or lessees.

**6.** To fix, demand and collect charges, rentals and fees for the services and facilities of the Trust to the same extent as the Beneficiary might do and to discontinue furnishing of services and facilities to any person, firm or corporation, or public instrumentality, delinquent in the payment of any indebtedness to the Trust; to purchase and sell such supplies, goods, and commodities as are incident to the operation of its properties.

**7.** To make and perform contracts of every kind, including management and operating contracts, with any person, firm, corporation, association, trusteeship, municipality, government or sovereignty; and subject to the provisions of Article VII(3) set forth above without limit as to amount to draw, make, accept, endorse, assume, guarantee, account, execute and issue promissory notes, drafts, bills of exchange, acceptances, warranties, bonds, debentures, and other negotiable or non-negotiable instruments, obligations and evidences of unsecured indebtedness, or of indebtedness secured by mortgage, deed or trust or otherwise upon any or all income of the Trust, in the same manner and to the same extent as a natural person might or could do; to collect and receive any property, money, rents, or income of any sort and distribute the same or any portion thereof for the furtherance of the authorized Trust purposes set out herein.

**8.** The Trustees may contract for the furnishing of any services or the performance of any duties that they may deem necessary, or proper, and pay for the same as they see fit.

**9.** To do all other acts in their judgment necessary or desirable for the proper and advantageous management, investment and distribution of the Trust Estate and income therefrom.

## ARTICLE VIII BENEFICIARY OF TRUST

**1.** The Beneficiary of this Trust shall be the City of Tulsa, Oklahoma, a municipal corporation, under and pursuant to Title 60, Oklahoma Statutes, Section 176 et seq., as amended, and other statutes of the State of Oklahoma as presently in force and effect. The Trustor declares that this Trust Indenture shall be irrevocable from the moment it is signed by him and delivered to the Trustees, and that it shall thereafter stand without any power whatsoever at any time to alter, amend, revise, modify, revoke or terminate any of the provisions of this Trust Indenture, except with the consent of the Beneficiary and with the consent of at least four-fifths (4/5) of the Trustees.

**2.** The Beneficiary shall have no legal title, claim or right to the Trust Estate, its income or to any part thereof or to demand or require any partition or distribution thereof. Neither shall the Beneficiary have any authority, power or right whatsoever, to do or transact any business for, or on behalf of, or binding upon the Trustees or upon the Trust Estate, nor the right to control or direct the actions of the Trustees pertaining to the Trust Estate, or any part thereof. The Beneficiary shall be entitled solely to the

benefits of this Trust, as administered by the Trustees hereunder, and at the termination of the Trust, as provided herein, and then only the Beneficiary shall receive the residue of the Trust Estate.

## ARTICLE IX SECRETARY OF TRUST

The Trustees shall appoint a Secretary of the Trustees to serve at their will, with compensation as set by themselves. The Secretary shall keep minutes of all meetings of the Trustees and shall maintain complete and accurate records of all their financial transactions, all such minutes, books and records to be on file in the principal office of the Trust. All meetings of the Trustees shall be open to the public and conducted in accord with the provisions of the Oklahoma Public Meeting Law and the bonds, records and minutes of the Trustees shall be considered as public records and available for inspection at all times by any interested party.

## ARTICLE X TERMINATION OF TRUST

This Trust shall terminate:

**1.** When the purposes set out in Article III of this instrument shall have been fully executed; or

**2.** In the manner provided by Title 60, Oklahoma Statutes, Section 180, provided, however, that this Trust shall not be terminated by voluntary action if there be outstanding indebtedness or fixed term obligations of the Trustees, unless all owners of such indebtedness or obligations shall have consented in writing to such termination.

Upon the termination of this Trust, the Trustees shall proceed to wind up the affairs of this Trust, and after payment of all debts, expenses and obligations out of the moneys and properties of the Trust Estate to the extent thereof, shall distribute the residue of the money and properties of the Trust Estate to the Beneficiary hereunder. Upon final distribution, the powers, duties and authority of the Trustees hereunder shall cease.

## ARTICLE XI

The Trustees accept the Trust herein created and provided for, and agree to carry out the provisions of this Trust Indenture on their part to be performed.

IN WITNESS WHEREOF, the Trustor and the Trustees have hereunto set their hands this 10th day of March, 1981.

## APPENDIX II AMENDMENT NUMBER ONE TO THE TRUST INDENTURE CREATING THE TULSA CIVIC CENTER AUTHORITY CHANGING THE NAME TO TULSA PUBLIC FACILITIES AUTHORITY AND AMENDING THE PURPOSES OF THE TRUST (SECTIONS 1603, 1604, 1605, AND 1606)

*(Ord. No. 15306)*

KNOW ALL MEN BY THESE PRESENTS:

WHEREAS, the undersigned Trustor, Francis F. Campbell, Auditor of the City of Tulsa, Oklahoma, created a Trust named THE TULSA CIVIC CENTER AUTHORITY (TCCA) for the use and benefit of the City of Tulsa, Oklahoma, a municipal corporation, under Trust Indenture dated March 10, 1981, between the said Trustor and James M. Inhofe, Mayor of the City of Tulsa; Patty Eaton, Commissioner of Waterworks and Sewerage; Jim Hewgley III, Commissioner of Streets and Public Property; Robert H. Gardner, Police and Fire Commissioner; and Ronald L. Young, Commissioner of Finance and Revenue, referred to therein and herein as "Trustees;" and

WHEREAS, the Trustor desires to amend the name of the Trust and to broaden the powers of the Trust; and

WHEREAS, the Trust Indenture can be amended only by the Trustor with the consent of the City of Tulsa as beneficiary and the consent of the current Trustees.

NOW, THEREFORE, I, the undersigned Trustor, under Trust Indenture named the Tulsa Civic Center Authority, dated March 10, 1981, between Francis F. Campbell as Trustor and James M. Inhofe, Patty Eaton, Jim Hewgley III, Robert H. Gardner and Ronald L. Young as Trustees, do hereby amend the said Trust Indenture subject to the approval of two-thirds (2/3rds) of the members of the governing body of the City of Tulsa, and further subject to the approval of the current Trustees, James M. Inhofe, Mayor of the City of Tulsa; Patty Eaton, Commissioner of Waterworks and Sewerage; Jim Hewgley III, Commissioner of Streets and Public Property; Robert H. Gardner, Police and Fire Commissioner; and Ronald L. Young, Commissioner of Finance and Revenue, as follows:

A.

Article II of said Trust Indenture entitled "The Name" is hereby amended to read in its entirety as follows:

"**ARTICLE II**
**The Name**

The name of this Trust shall be the "TULSA PUBLIC FACILITIES AUTHORITY" hereinafter referred to as the "Trust." Under that name it shall, so far as practicable, conduct all business and execute all instruments, and otherwise perform its duties and functions in the execution of this Trust.

B.

Article III of the said Trust Indenture entitled "Purposes of Trust" is hereby amended to read in its entirety as follows:

"**ARTICLE III**
**Purposes of Trust**

"The purposes of this Trust are:

"1. To provide, assist in providing and to otherwise promote, secure and encourage the development, redevelopment, renovation and rehabilitation of such properties, real, personal and mixed, and facilities as are necessary and/or convenient to the performance of any governmental or proprietary purposes or activities of the City of Tulsa, Oklahoma, and any authorized activities of any department, board, commission, agency, instrumentality or constituted authority of the City of Tulsa, Oklahoma, and any of the same created by any compact to which the City of Tulsa, Oklahoma, is a party.

"2. To own, acquire, purchase, lease, plan, establish, develop, construct, enlarge, improve, alter, reconstruct, remodel, rehabilitate, repair, maintain, operate, administer, staff, regulate, equip, furnish, finance and refinance the properties and facilities referred to in Section 1 above.

"3. To hold, maintain and administer any leasehold rights in and to physical properties demised to the beneficiary and to comply with the terms and conditions of any such lease.

"4. To acquire by lease, purchase or otherwise, and to plan, establish, develop, construct, enlarge, improve, maintain, equip, operate and regulate any and all physical properties designated or needful for utilization in the furnishing and providing of services in connection with the above referenced utilities, facilities and public improvements and to dispose of, rent or otherwise make provisions for properties owned by the Trust but no longer needful for Trust purposes.

"5. To provide funds for the cost of financing, acquiring, constructing, leasing, equipping, maintaining, repairing and operating the public utilities, facilities and other public improvements and all properties, real, personal or mixed, required for executing and fulfilling the trust purposes as set forth in this instrument, and all other charges, costs and expenses necessarily incurred in connection therewith, and in so doing to incur indebtedness, either unsecured or secured, by all or any part of the Trust estate and its revenues.

"6. To expend all funds coming into the hands of the Trustees as revenue or otherwise in the payment of any indebtedness incurred by the Trustees for purposes specified herein and in the payment of the costs and expenses thereof, and in the payment of any other obligation properly chargeable against the Trust estate, and to distribute the remainder of such funds to the beneficiary municipality.

"7. To enter into contracts with the City of Tulsa and other parties to carry out the purposes of this Trust."

C.

Except as herein amended, the Trustor and Trustees hereby ratify and confirm the provisions of the Trust.

IN WITNESS WHEREOF, this amendment to Trust Indenture has been duly executed on the 15th day of March, 1982, and shall be effective on the 16th day of March, 1982.

## APPENDIX III AMENDMENT NUMBER TWO TO TRUST INDENTURE DATED MARCH 10, 1981, FOR TULSA PUBLIC FACILITIES AUTHORITY, FORMERLY KNOWN AS THE TULSA CIVIC CENTER AUTHORITY (SECTIONS 1607, 1608, 1609, AND 1610)

*("Exhibit A" in Ord. No. 17430)*

KNOW ALL MEN BY THESE PRESENTS:

WHEREAS, the original Trustor, Francis F. Campbell, created a Trust named the Tulsa Civic Center Authority for the use and benefit of the City of Tulsa, Oklahoma, a municipal corporation, under Trust Indenture dated March 10, 1981, between the said Trustor and James M. Inhofe, Mayor of the City of Tulsa; Patty Eaton, Commissioner of Waterworks and Sewerage; Jim Hewgley III, Commissioner of Streets and Public Property; Robert H. Gardner, Police and Fire Commissioner; and Ronald L. Young, Commissioner of Finance and Revenue, referred to therein as Trustees; and

WHEREAS, on March 16, 1982, said Trust was amended by Amendment Number One in which the name of the Trust was changed to the Tulsa Public Facilities Authority and the purposes of the Trust were amended; and

WHEREAS, the successor Trustor, Philip W. Wood, desires to amend the Trust to change the Trustees, the number of the Trustees, and the terms of service of the Trustees; and

WHEREAS, the Trust Indenture can be amended only by the Trustor with the consent of the City of Tulsa as beneficiary and the consent of the successor Trustees.

NOW, THEREFORE, I, the undersigned successor Trustor, Philip W. Wood, under Trust Indenture creating the Tulsa Civic Center Authority dated March 10, 1981, between Francis F. Campbell as Trustor and James M. Inhofe, Mayor of the City of Tulsa; Patty Eaton, Commissioner of Waterworks and Sewerage; Jim Hewgley III, Commissioner of Streets and Public Property; Robert H. Gardner Police and Fire Commissioner; and Ronald L. Young, Commissioner of Finance and Revenue, as Trustees, do hereby amend said Trust Indenture subject to the approval of a sufficient number of members of the governing body of The City of Tulsa and further subject to the approval of the successor Trustees, Rodger A. Randle, Mayor of the City of Tulsa under the new form of government of the City of Tulsa, J. Patrick Cremin, Graydon Dean Luthey, Jr., and Coleman Davis as follows:

Article VI of said Trust Indenture, entitled "The Trustees", is hereby amended in paragraphs one and two to read as follows:

### ARTICLE VI
The Trustees

(l) There shall be five Trustees of the Trust who shall serve for the initial and successive terms as stated below and who shall be subject to applicable conflict of interest laws.

(a) One of the Trustees shall be ex officio the Mayor of the City of Tulsa, or in the Mayor's absence the Mayor's designated representative who shall be a full-time City employee.

(b) Four of the Trustees shall be appointed by the Mayor of the City of Tulsa subject to the approval by a majority vote of the membership of the City Council. Two of these initial Trustees shall be appointed by the Mayor for terms of three years, one for a term of two years, and one for a term of one year. The terms of these initial Trustees shall expire on July 31 of the appropriate year.

(c) Successor Trustees to the five Trustees described in paragraph (b) shall be appointed by the Mayor of the City of Tulsa subject to approval by a majority vote of the membership of the City Council to serve for three year terms which shall expire on July 31 of the appropriate year. The Trustee who shall be the Mayor of the City of Tulsa shall serve during his or her term of office. The designated representative who is selected to serve as Trustee in place of the Mayor as set forth in paragraph (a) shall serve a one-year term which shall expire on July 31 of the appropriate year and which shall in no event extend for any period of time beyond the term of office of the appointing Mayor.

(2) Duly appointed successor Trustees shall, without further act or conveyance, become fully vested with all of the estate, properties, rights, powers, duties and obligations of their predecessors hereunder with like effect as if originally named as Trustees.

Except as herein amended, the Trustor and Trustees hereby ratify and confirm the provisions of the Trust as originally executed and as modified by Amendment Number One.

IN WITNESS WHEREOF, this Amendment to Trust Indenture has been duly executed on the 14th day of January, l991, and shall be effective on the date of execution.

## CHAPTER 17. UNIVERSITY CENTER AT TULSA AUTHORITY

Section 1700. Reserved.
Section 1701. Reserved.
Section 1702. Reserved.
Section 1703. Dissolution and termination of University Center at Tulsa Authority public trust.
Section 1704. Repealed sections and appendix resulting from termination of University Center at Tulsa Authority public trust.

### Section 1700. Reserved.

**Editor's note—**Ord. No. 24225, adopted September 18, 2019, repealed § 1700, which pertained to University Center at Tulsa Authority accepted and derived from Ord. No. 16412.

### Section 1701. Reserved.

**Editor's note—**Ord. No. 24225, adopted September 18, 2019, repealed § 1701, which pertained to recognition of Trust and Trustees and derived from Ord. No. 16412.

### Section 1702. Reserved.

**Editor's note—**Ord. No. 24225, adopted September 18, 2019, repealed § 1702, which pertained to Mayor and City Auditor authorized and directed to endorse approval of Trust and record Declaration of Trust and derived from Ord. No. 16412.

### Section 1703. Dissolution and termination of University Center at Tulsa Authority public trust.

The Tulsa City Council, the governing body of the City of Tulsa, an Oklahoma municipal corporation, having been provided the fully executed and filed December 20, 2018 Executive Order 2018-33 of Mary Fallin, the Governor of the State of Oklahoma approving the dissolution and termination of the University Center at Tulsa Authority, created pursuant to Title 60, Oklahoma Statutes, Section 176, et seq., by Declaration of Trust dated July 26, 1985, wherein the City of Tulsa, Oklahoma, is designated as the sole beneficiary of said public trust, did review and examine the Governor's Executive Order 2018-33, as well as the following described four (4) documents:

A true and correct signed copy of the officially approved October 30, 2018, Minutes of the Board of Trustees of said trust reflecting unanimous vote authorizing and approving "all action deemed necessary including necessary expenditures to enact dissolution and/or discontinuance of operations of the UCT Authority," and

A true and correct copy of the University Center at Tulsa Authority Financial Statements with Independent Audit Report of Regier, Carr and Monroe, LLP, CPAs, for the seven-month period ended January 31, 2019 and Year Ended June 30, 2018, showing no assets and no liabilities or outstanding trust indebtedness, and no fixed-term trust obligations, and

A true and correct signed copy of the officially approved April 4, 2019, Minutes of the Board of Trustees of said public trust unanimously approving the Board's Resolution terminating the University Center at Tulsa Authority public trust, and

A true and accurate fully executed copy of the University Center at Tulsa Authority's Resolution terminating the University Center at Tulsa Authority public trust, dated April 4, 2019; and accordingly,

does hereby approve such dissolution and termination of the University Center at Tulsa Authority public trust.

*(Ord. No. 24225, 9-18-19)*

**Section 1704. Repealed sections and appendix resulting from termination of University Center at Tulsa Authority public trust.**

The University Center at Tulsa Authority public trust having thus been terminated by Section 1703, both in conformance with Section IX of its Declaration of Trust and with Title 60, Oklahoma Statutes, Section 180, and therefore, Title 39, Chapter 17, of Tulsa Revised Ordinances is amended by removing Sections 1700 through and including 1702, together with any Appendices, and such Sections 1700, 1701, and 1702 are hereby repealed.

*(Ord. No. 24225, 9-18-19)*

## CHAPTER 18. LONG-TERM CARE MANAGEMENT AUTHORITY OF TULSA

Section 1800. Beneficial interest in Long-Term Care Management Authority of Tulsa accepted.
Section 1801. Recognition of Trust and Trustees.
Section 1802. Mayor and City Auditor authorized to endorse approval of Trust and record Trust Indenture.
Section 1803. Approval of the first amendment to Trust Indenture and acceptance of Beneficial Interest.
Section 1804. Mayor and City Clerk authorized to endorse approval of the first amendment and to record the first amendment.
Appendix I Trust Indenture Long-Term Care Management Authority of Tulsa (Sections 1800, 1801 and 1802) ("Exhibit A" in Ord. No. 16929).
Appendix II First Amendment to Trust Indenture Long-Term Care Management Authority of Tulsa (sections 1803 and 1804) ("Exhibit A" in Ord. No. 17500).

### Section 1800. Beneficial interest in Long-Term Care Management Authority of Tulsa accepted.

The Long-Term Care Management Authority of Tulsa, created by Trust Indenture dated the 8th day of December, 1987, a copy of which is attached hereto marked "Exhibit A" and made a part hereof, and wherein Gary Watts, John Selph, Paul Shireman, Sharon Corbitt, William Kohl, George Masters, Donald Crowl, George Prothro, M.D., Ira Trail Adams, Doyal Knowles and Gerald Carson are designated trustees, and the City of Tulsa and the County of Tulsa are designated as the sole beneficiaries, is hereby approved; and the City of Tulsa accepts a beneficial interest therein, and all of the terms and provisions of the Trust Indenture as authorized by the applicable statutes of the state of Oklahoma.

*(Ord. No. 16929)*

### Section 1801. Recognition of Trust and Trustees.

The City of Tulsa recognizes Long-Term Care Management Authority and the trustees named in said Trust Indenture, and in all negotiations where the term "Long-Term Care Management Authority of Tulsa" is used, it shall be deemed and construed to mean the trust above mentioned and described.

*(Ord. No. 16929)*

### Section 1802. Mayor and City Auditor authorized to endorse approval of Trust and record Trust Indenture.

The Mayor and the City Auditor are hereby authorized, instructed and directed to endorse upon the original of said Trust Indenture the approval of the City of Tulsa of the Trust Indenture creating the Long-Term Care Management Authority of Tulsa and the acceptance of a beneficial interest therein, and cause the Trust Indenture to be recorded in the office of the County Clerk and ex officio Register of Deeds of the County of Tulsa, Oklahoma.

*(Ord. No. 16929)*

### Section 1803. Approval of the first amendment to Trust Indenture and acceptance of Beneficial Interest.

The Long-Term Care Management Authority of Tulsa, created by Trust Indenture dated December 18, 1987, as amended by the First Amendment, a copy of which is attached

hereto, marked "Exhibit A" and made a part hereof, wherein the City of Tulsa remains cobeneficiary with Tulsa County, Oklahoma, of the Long-Term Care Management Authority of Tulsa, is hereby approved and the City of Tulsa hereby accepts the beneficial interest therein and all the terms and provisions of the Trust Indenture, as amended, as authorized by the applicable statutes of the state of Oklahoma; and the City of Tulsa, Oklahoma hereby agrees to be, become and remain the cobeneficiary of the trust.

*(Ord. No. 17500)*

### Section 1804. Mayor and City Clerk authorized to endorse approval of the first amendment and to record the first amendment.

The Mayor and City Clerk are hereby authorized, instructed and directed to execute and endorse upon the original of the First Amendment to the Trust Indenture, the approval of the City of Tulsa and the City's acceptance of the beneficial interests therein and to cause the First Amendment to the Trust Indenture to be recorded in the office of the County Clerk and ex officio Registrar of Deeds of the County of Tulsa, Oklahoma.

*(Ord. No. 17500)*

## APPENDIX I TRUST INDENTURE LONG-TERM CARE MANAGEMENT AUTHORITY OF TULSA (SECTIONS 1800, 1801, AND 1802)

*("Exhibit A" in Ord. No. 16929)*

KNOW ALL PERSONS BY THESE PRESENTS:

THIS TRUST AGREEMENT AND INDENTURE, dated this 14th day of December, 1987, by the Mayor of the City of Tulsa, Oklahoma, and the Chairman of the Board of Commissioners of Tulsa County, Oklahoma, both hereinafter referred to as Trustors, and

Ira Trail Adams, Tulsa, Oklahoma
Gerald L. Carson, Tulsa, Oklahoma
Sharon L. Corbitt, Tulsa, Oklahoma
Donald E. Crowl, Tulsa, Oklahoma
Doyal W. Knowles, Tulsa, Oklahoma
William A. Kohl, Tulsa, Oklahoma
George W. Masters, Tulsa, Oklahoma
George W. Prothro, M.D., Tulsa, Oklahoma
John Selph, Tulsa, Oklahoma
Paul M. Shireman, Tulsa, Oklahoma
Gary L. Watts, Tulsa, Oklahoma

to be known as "Trustees of the Long-Term Care Management Authority of Tulsa," and hereinafter referred to as "Trustees."

W I T N E S S E T H:

That in consideration of the payment by the Trustors to the Trustees of the sum of Ten Dollars ($10.00) and of the mutual covenants herein set forth, the Trustees agree to hold manage, invest, assign, convey and distribute, as herein provided, authorized and directed, such property as may from time to time be assigned, transferred, leased, conveyed, given, bequeathed, devised or delivered unto this Authority or the Trustees hereof.

TO HAVE AND TO HOLD such property and the proceeds, rents, profits and increases thereof unto said Trustees, and said Trustees' successors and assigns, but nevertheless in Trust, for the use and benefit of the City of Tulsa, Oklahoma, a municipal corporation, and the County of Tulsa, Oklahoma, a subdivision of the State of Oklahoma, and upon the following trusts, terms and conditions herein stated.

### ARTICLE I
### Creation of Trust

The undersigned Trustors create and establish a Trust for the use and benefit of the City of Tulsa, Oklahoma, a municipal corporation, and the County of Tulsa, Oklahoma, a subdivision of the State of Oklahoma, for the public purposes hereinafter set forth, under the provisions of Title 60, Oklahoma Statutes, 1981, Sections 176 et seq., the Oklahoma Public Trust Act, and other applicable Statutes of the State of Oklahoma.

### ARTICLE II
### Name

The name of this Trust shall be LONG-TERM CARE MANAGEMENT AUTHORITY OF TULSA hereinafter referred to as "Authority." The Trustees shall conduct all business and execute all instruments, and otherwise perform the duties and functions required in the execution of this Trust.

## ARTICLE III
## Purposes of Trust

The purposes of this Trust are:

**1.** To assure the quality of care and cost-effectiveness of long-term care services which benefit the following groups in the greater Tulsa area: frail elderly persons, physically disabled adults, chronically mentally ill adults, developmentally disabled persons of all ages, and disabled veterans. Adults shall be defined as persons eighteen (18) years of age or over.

Long-term care services are those services needed by persons who lack some capacity for self-care due to physical or mental impairments which result in reduced functional ability and dependence on others and include health, social, personal care, financial, special housing, and supportive services that are delivered for a sustained period whether provided on an intermittent or continuous basis. Long-term care may be provided in the home, community, or an institution.

**2.** To provide planning services, program developments, fiscal management, contract administration, and monitoring and evaluation of governmental and non-governmental programs and services for the aforementioned persons.

**3.** To designate, prior to the start of each fiscal year, the jurisdictions, geographic areas, and target groups to be addressed by the Authority in the upcoming fiscal year.

**4.** To develop and apply standards of care, performance measures, and other indicators of the quality of care applicable to each long-term care service, taking into account the cost for each service, the cost of monitoring each service, and applicable federal and state laws and regulations governing standards of care.

**5.** To solicit and receive funds from government and private sources to be used to purchase long-term care services for persons who could not otherwise afford such services.

**6.** To develop and maintain mechanisms to assure accountability to each governmental and private agency which channels funds and other resources for long-term care through the Authority.

**7.** To be the fiscal intermediary for governmental and non-governmental programs by receiving invoices from and reimbursing service providers.

**8.** To provide, contract, arrange, or issue vouchers for the delivery of the range of services required to maximize the level of functioning and independence of persons who need long-term care while ensuring the efficient and equitable use of limited resources.

**9.** To assure that persons with long-term care needs have continually updated plans of care that include a mix of the most appropriate formal services and informal care provided by family members, friends, neighbors, church members, and other volunteers; and, further, to assure persons' continuity of care among all levels and types of care.

**10.** To develop and maintain a management information system that generates service and financial information that is required for accountability to funding sources, is

useful for planning and evaluation, assists in maintaining cost controls, and can be used by service providers to meet their reporting requirements to the Authority and assist with their administering of services.

**11.** To charge and collect fees and to receive voluntary contributions from the users of long-term care services or their families, including use of sliding fee scales based on a person's ability to pay, use of annual fees, or other methods of exacting user payments that are consistent with federal and state laws and approved by the Trustees as set forth in Article VII.

**12.** To carry out said public purposes by issuing bonds, notes, and other obligations in such manner and at such price as the Trustees may deem desirable and to secure the payment of such bonds, notes, and other obligations by the pledge of all or any part of the income and rents of the Authority all in conformity with Title 60, Oklahoma Statutes, 1981, Sections 176 et seq.

**13.** To hold, maintain and administer any property or any leasehold rights in and to physical properties demised to the Trust Estate, and to comply with the terms and conditions of any such lease.

**14.** To provide funds for the costs of financing, acquiring, constructing, purchasing, equipping, maintaining, repairing, improving, enlarging, remodeling, holding, operating, administering and contracting for any or all of the aforesaid services, utilities, buildings, facilities and all properties (real, personal or mixed), needful for executing and fulfilling the Trust purposes as set forth in this Indenture and all charges, costs and expenses necessarily incurred in connection therewith, and in so doing to incur indebtedness either unsecured or secured by all or any part of the Trust Estate and its revenues.

**15.** To expend all funds coming into the hands of the Trustees as revenue or otherwise for the payment of any indebtedness incurred by the Trustees for purposes specified herein, and in the payment of any other obligation properly chargeable against the Trust Estate, and to distribute the remainder of such funds to advance the purposes specified herein.

## ARTICLE IV
## Duration of Trust

This Trust shall have duration for the term of duration of the Beneficiaries or until such time as its purpose shall have been fulfilled, or until it shall be terminated hereinafter provided.

## ARTICLE V
## The Trust Estate

The Trust Estate shall consist of:

**1.** The funds and property presently in the hands of the Trustees or to be acquired by Trustees and dedicated by others to be used for trust purposes.

**2.** Any and all leasehold rights demised to the Trustees for the purposes of this Trust.

**3.** Any and all money, property (real, personal or mixed), rights, choses in action, contracts, leases, privileges, immunities, franchises, benefits and all other things of value coming into the possession of the Trustees, pursuant to the provisions of this Trust Indenture.

## ARTICLE VI
## The Trustees

**1.** There shall be eleven (11) Trustees of this Trust:

**a.** One Trustee shall be an elected officer of the City of Tulsa, Oklahoma. Said Trustee shall be selected by the city Board of Commissioners and shall serve during his or her term of office and until a successor has been duly elected or appointed and qualified. In the event of a change in the form of the government of the City of Tulsa, successors to this Trustee shall be an elected officer approved by the legislative body of the City of Tulsa under the new form of government. The Mayor may designate an alternate elective officer of the Board of Commissioners of the City of Tulsa to attend meetings of the Trustees in the absence of said Trustee.

**b.** Paul M. Shireman, shall be a Trustee for a term of three years, commencing on the date of this Indenture. The successor Trustee shall be appointed by the Mayor, and approved by the legislative body of the City of Tulsa, from a list of two to five nominees submitted by the Tulsa Area Council on Aging or any successor area advisory council established pursuant to the Older Americans Act of 1965, as amended. Successor Trustees shall serve for terms of three years. The Mayor may designate an alternate elective officer of the Board of Commissioners of the City of Tulsa to attend meetings of the Trustees in the absence of said Trustee.

**c.** George W. Masters, shall be a Trustee for a term of one year, commencing on the date of this Indenture. The successor Trustee shall be appointed by the Mayor, and approved by the legislative body of the City of Tulsa, from a list of two to five nominees selected by the local member organization or organizations that have voting status in the National Council on Independent Living, Inc., a non-profit corporation, or its successor organizations. Successor Trustees shall serve for terms of three years. The Mayor may designate an alternate elective officer of the Board of Commissioners of the City of Tulsa to attend meetings of the Trustees in the absence of said Trustee.

**d.** William A. Kohl, shall be a Trustee for a term of two years, commencing on the date of this Indenture. The successor Trustee shall be appointed by the Mayor, and approved by the legislative body of the City of Tulsa, from a list of two to five nominees submitted by the Metropolitan Tulsa Chamber of Commerce. Successor Trustees shall serve for terms of three years. The Mayor may designate an alternate elective officer of the Board of Commissioners of the City of Tulsa to attend meetings of the Trustees in the absence of said Trustee.

**e.** Sharon L. Corbitt, shall be a Trustee for a term of three years, commencing on the date of this Indenture. The successor Trustee shall be appointed by the Mayor, and approved by the legislative body of the City of Tulsa, from a list of two to five nominees submitted by the Community Service Council of Greater Tulsa, Inc. Successor Trustees shall serve for terms of four years. The Mayor may designate an alternate elective officer of the Board of Commissioners of the City of Tulsa to attend meetings of the Trustees in the absence of said Trustee.

**f.** One Trustee shall be an elected officer of the County of Tulsa. Said Trustee shall be selected by the Board of County Commissioners and shall serve during his or her term of office and until a successor has been duly elected or appointed and

qualified. The Chairman of the Board of County Commissioners may designate an alternate elected officer of the County of Tulsa to attend meetings of the Trustees to this Authority in the absence of said Trustee.

**g.** George W. Prothro, M.D. shall be a Trustee for a term of one year, commencing on the date of this Indenture. The successor Trustee shall be appointed by the Chair of the County Commission, on approval of the Board of County Commissioners, from a list of two or three nominees submitted separately by the Tulsa County Medical Society and the Tulsa District Osteopathic Society. Successor Trustees shall serve for terms of three years.

**h.** Ira Trail Adams, shall be a Trustee for a term of two years, commencing on the date of this Indenture. The successor Trustee shall be appointed by the Chair of the County Commission, on approval of the Board of County Commissioners, from a list of two to five nominees selected by the Tulsa County Mental Health, Substance Abuse, and Domestic Violence Planning and Coordination Board or other body established pursuant to Oklahoma Statures (sic), 1983, 43A, Chapter 614, et seq. Said "Mental Health Board" shall select nominees in consultation with the local affiliates of the Oklahoma Alliance for the Mentally Ill and the Mental Health Association in Tulsa. Successor Trustees shall serve for terms of three years.

**i.** Donald E. Crowl, shall be a Trustee for a term of three years, commencing on the date of this Indenture. The successor Trustee shall be appointed by the Chair of the County Commission, on approval of the Board of County Commissioners, from a list of two to five nominees selected by the local unit member organization or organizations of the Association for Retarded Citizens of the United States or its successor organizations. Successor Trustees shall serve for terms of three years.

**j.** Gerald L. Carson, shall be a Trustee for a term of three years, commencing on the date of this Indenture. The successor Trustee shall be appointed by the Chair of the County Commission, on approval of the Board of County Commissioners, from a list of two to five nominees selected by the Tulsa Business Health Group, Inc. Successor Trustees shall serve for terms of three years.

**k.** Doyal W. Knowles, shall be a Trustee for a term of four years, commencing on the date of this Indenture. The successor Trustee shall be appointed by the Chair of the County Commission, on approval of the Board of County Commissioners, from a list of two to five nominees selected by the Community Service Council of Greater Tulsa, Inc. Successor Trustees shall serve for terms of four years.

**2.** Vacancies occurring otherwise than through the expiration of term shall be filled for the unexpired term in the same manner as that provided for the appointment as a successor Trustee.

**3.** Each successor Trustee duly appointed shall, without any further act or conveyance become fully vested with all the estate, properties, rights, powers, duties, and obligations of his or her predecessor hereunder, with like effect as if originally named as Trustee.

**4.** The Authority shall have ex-officio members. Such members shall not have the right to vote, but shall have the right of discussion at meetings of the Authority. The ex-officio, non-voting members shall consist of the director, or a designated representative with authority to speak on behalf of the director, of the following agencies, divisions of

agencies, or organizations: the Medical Services Division, Aging Division, and Developmental Disabilities Services Division of the Department of Human Services, State of Oklahoma; Department of Mental Health, State of Oklahoma; the Chronic Disease and Eldercare Division and Medical Facilities Division, Department of Health, State of Oklahoma; Veterans Administration Medical Center, Muskogee; Tulsa Area United Way; and the Tulsa Metropolitan Nursing Home Association.

**5.** The Trustees shall elect from their members a Chair who shall preside at all meetings and perform other duties designated by the Trustees. The Trustees shall elect from their members a Vice Chair who shall serve as such until another member is elected Vice Chair. The terms of the Chair and Vice Chair shall coincide with their respective terms as Trustees. The Vice Chair shall act as Chair during the temporary absence or disability of the Chair. If a permanent vacancy occurs in the office of Chair or Vice Chair, the Trustees shall elect a successor thereto from its members.

**6.** All actions by the Trustees shall be approved by the affirmative vote of at least a majority of all the Trustees. As set forth by By-Laws adopted by the Trustees, certain powers and duties may be executed by the Chair, an Executive Committee, an executive director, or other officers acting on behalf of the Trustees.

**7.** No Trustee shall be paid any compensation of any kind for his or her services as a Trustee of this Authority. However, a Trustee may be reimbursed for actual expenses incurred in the performance of duties hereunder.

**8.** The Trustees, the State of Oklahoma, the City of Tulsa, the County of Tulsa or any agency thereof, shall not be charged personally with any liability whatsoever by reason of any act or omission committed or suffered in good faith or in the exercise of their honest discretion in the performance of such Trust or in the operation of the Trust Estate; but any act or liability for any omission or obligation of the Trustees in the execution of such Trust, or in the operation of the Trust Estate, shall extend to the whole of the Trust Estate or so much thereof as may be necessary to discharge such liability or obligation.

**9.** Notwithstanding any other provisions of this Indenture which shall appear to provide otherwise, no Trustee or Trustees shall have the power or authority to bind or obligate any other Trustee, the State of Oklahoma, or the Beneficiaries, in his or its capacity, nor can the Beneficiaries or the State of Oklahoma bind or obligate the Trust or any individual Trustee.

## ARTICLE VII
## Powers and Duties of the Trustees

To accomplish the purposes of the Trust, and subject to the provisions and limitations otherwise provided in this Trust Indenture, the Trustees shall have, in addition to the usual powers incident to their office and the powers granted to them in other parts of this Trust Indenture, the following rights, power, duties, authority, discretion and privileges, all of which may be exercised by them without any order or authority from any court, but limited to the extent provided by the Oklahoma Public Trust Act, Title 60, Oklahoma Statutes, 1986, Sections 176 et seq., and other applicable statutes of the State of Oklahoma, as follows:

**1.** To establish policies, procedures, and by-laws relating to the purposes set forth in Article III of this Trust Indenture.

**2.** To appoint additional non-voting members to the Authority.

**3.** To submit nominees for Trustees to the Mayor of the City of Tulsa or the Chair of the Board of County Commissioners in the event that a nominating organization listed in Article VI fails to submit nominees for a Trustee position. Consideration shall be given to filling said position with a Trustee who reflects the concerns of the original nominating organization.

**4.** To remove, during their term, Trustees who are not members of the governing bodies of the City of Tulsa and County of Tulsa for failure to attend at least half of the meetings of the Trustees during a calendar year. Trustees may also be removed by action of the District Court of Tulsa County, for cause shown.

**5.** To organize or designate, at least once a year, an Advisory Committee or Advisory Committees, including medical and health care professionals, service providers, and consumers of long-term care or their relatives. The Committees shall review and comment on proposed policies and actions of the Trustees dealing with arrangements for long-term care within the jurisdiction of the Authority. The chair, or other representative designated by said Committees, shall have the right of discussion at Trustee meetings.

**6.** To enter into and execute, purchase, lease, or otherwise acquire property (real, personal or mixed), franchises, contracts, leases, rights, privileges, benefits, choses in action, or other things of value and to pay for the same in cash, with bonds or other evidences of indebtedness or otherwise.

**7.** To make and perform contracts of every kind, including management contracts with any person, firm, corporation, association, trusteeship, municipality or government; and, except as hereinafter stated without limit as to amount, to draw, make, accept, endorse, assume, guarantee, account, execute and issue promissory notes, drafts, bills of exchange, acceptances, warranties, bonds, debentures, and to have issued a letter or letters of credit from any state or national bank, and other negotiable or non-negotiable instruments, obligations and evidences of unsecured indebtedness, or of indebtedness secured by mortgage, deeds of trust or otherwise upon any or all property of the Authority, and to pledge any or all income of the Authority in the same manner and to the same extent as a natural person might or could do. To collect and receive any property, money, rents, or income of any sort and distribute the same, or any portion thereof, for the furtherance of the authorized Trust purposes set out herein.

**8.** To promote competition for service contracts through releasing request for proposals or advertising for bids when the Trustees deem said measures would promote the purposes of this Indenture and when required by federal, state, or municipal laws or regulations. The Trustees may prescribe such qualifications for proposals or bids as they deem necessary and desirable. The Trustees may reject all proposals or bids, may readvertise for said proposals or bids, or may enter into a contract or contracts with a responsible bidder or bidders who, in the opinion of the Trustees, shall offer a high quality long-term care service or services at a reasonable cost. If no proposal or bid is acceptable to the Trustees, the Trustees may authorize the Authority to provide the service or may advertise to receive proposals or bids from other parts of Oklahoma or from other states.

**9.** To approve, when desirable and at least once a year, charges, fees, or rates to be paid by users of long-term care services, users' families, or other payors and, also, to approve the methods for exacting payments for services.

**10.** To employ such counsel, agents, professionals, and employees as they deem necessary or proper; and prescribe their duties and fix their compensation at such amounts as is customary and normal; and select depositories for the funds and securities of this Authority. Any officer or employee having custody of Authority funds shall be bonded in such amount as may be designated by the Trustees.

**11.** To make and change investments; to convert real into personal property and vice versa; to lease, improve, exchange or sell, at public or private sale, upon such terms as they deem advisable, any or all of the property in the Trust, real or personal; to borrow money or renew loans for the Trust; to refund outstanding bonded indebtedness and to execute therefor bonds notes or other evidences of indebtedness or obligations, and to secure the same by mortgage, lien, pledge or otherwise; to purchase property from any person, firm, corporation or public Trust, and purchase or lease land and other property to and from the City of Tulsa, the County of Tulsa, or others and construct, improve, repair, extend, remodel, and equip buildings, improvements, and other facilities thereon and to operate or lease, sublease, or rent, on such terms as they deem advisable, the same to individuals, partnerships, associations, corporations and others, including the United States of America or the State of Oklahoma and agencies and authorities of the United States of America, or of the State of Oklahoma, or of any municipality thereof, and also including all municipal or other political subdivisions of the State of Oklahoma as well as the Beneficiaries hereof; and to do all things to accomplish the purposes set out in Article III of this Trust Indenture, and to procure funds necessary for such purpose by the sale of bonds or other evidences of indebtedness and secure the payment of such bonds or other evidences of indebtedness by mortgages, liens, pledges or other encumbrance of such real and personal property, buildings, improvements, and other facilities owned or otherwise acquired, leased or controlled by Trustees, and by rentals, income, receipts and profits therefrom or from any other revenues associated with the ownership, operation or control of the property of the Authority; to lease or sublease, on such terms as they deem advisable, any property of the Authority or of which the Trustees may become owners or lessees.

**12.** To compromise any debts or claims of or against the Authority, and to adjust any dispute in relation to such debts or claims by arbitration or otherwise, and to pay any debts or claims against the Authority upon any evidence deemed by the Trustees to be sufficient. The Trustees may bring any suit or action which in their judgment is necessary or proper to protect the interests of the Authority or to enforce any claim, demand, or contract for the Authority; and they shall defend, in their discretion, any suit against the Authority, or the Trustees, or employees, agents or servants thereof. They may compromise and settle any suit or action and discharge the same out of Authority assets, together with court costs and attorneys' fees. All such expenditures shall be treated as expenses of executing this Trust.

**13.** To enter into contracts for the sale of bonds, notes or other evidences of indebtedness or obligations of the Trust for the purpose of acquiring or constructing works and facilities authorized to be acquired or constructed pursuant to the terms of this Trust Indenture and for that purpose may:

**(a)** Employ a financial advisor, or committee of advisors, to advise and assist the Trustees in the marketing of such bonds, notes or other evidences of indebtedness or obligations, and to present financial plans for the financing of each project, and to recommend to, or consult with, the Trustees concerning the terms and provisions of bond indentures and bond issues, and may pay appropriate compensation for such work and services performed in the furtherance of the project;

**(b)** Sell all bonds, notes or other evidences of indebtedness or obligations of the Trust in installments or series and on such terms and conditions and in such manner as the Trustees shall deem to be in the best interest of the Trust Estate, and

**(c)** Appoint and compensate attorneys, paying agencies and corporate trustees in connection with the issuance of any such bonds, notes, evidences of indebtedness or other obligations of the Trust.

**14.** Bonds or other evidences of indebtedness to be issued by the Trustees shall not constitute an indebtedness of the State of Oklahoma, nor of the City of Tulsa, nor of the County of Tulsa, nor personal obligations of the Trustees of the Authority, but shall constitute obligations of the Trustees payable solely from the Trust Estate.

**15.** The Trustees shall not create any indebtedness or other obligation as stated herein whatsoever until such indebtedness on obligation has been approved by the legislative body of the City of Tulsa and the Board of Commissioners of Tulsa County as set forth in Title 60, Oklahoma Statutes, Section 176 (d). Provided further that all expenditures of funds and the creation of indebtedness or other obligations as stated herein whatsoever shall be made in conformity with the provisions of Title 60, Oklahoma Statutes, 1986, Sections 176 et seq., the Oklahoma Public Trust Act and other applicable statutes of the State of Oklahoma and in case of conflict with any provision of this Trust Indenture said statutes shall control.

**16.** In the event of the default in payment of principal or of interest on any indebtedness created by said Trustees or any default under any instrument securing or pursuant to which such debt be incurred, a Temporary Trustee or Trustees may be appointed as Receiver or Receivers, as shall be provided in any such instrument. Such Temporary Trustees shall become, without further act or conveyance, fully vested with all of the estate, properties, rights, powers, trusts, duties and obligations of their predecessors in Trust, with like effect as if originally named as Trustee herein. The Temporary Trustee or Trustees shall cease to have and (sic) power or authority upon the termination of the defaults by which his appointment would have been authorized, and the permanent Trustees temporarily supplanted shall be automatically reinstated.

**17.** To file with the governing bodies of the City of Tulsa and County of Tulsa, the Tulsa Area United Way, the Veterans Administration, and the Departments of Health, Mental Health, and Human Services the following reports:

**(a)** a quarterly Financial Report including a balance sheet and a comparative analysis of income and expenses.

**(b)** a quarterly summary of the activities of the authority in fulfilling its purposes.

**(c)** a quarterly report of the projected project activities and borrowing plans for the year ahead.

**(d)** a certified copy of the annual audit made of the funds, accounts, and fiscal affairs of the Trust at the time required by the Oklahoma Public Trust Act.

**18.** The governing bodies of the City of Tulsa or the County of Tulsa, the State of Oklahoma or its agencies, or the Veterans Administration shall have the right to conduct a complete audit of the funds, accounts, and fiscal affairs of the Trust at any time at their discretion.

**19.** Meetings of the Trust shall be open to the public to the same extent as is required in law for other public boards and commissions as set out in Title 60, Oklahoma Statutes, Section 178 (d).

**20.** To do all other acts, in their judgment, necessary or desirable for the proper and advantageous management, investment and distribution of the Trust Estate and income therefrom.

The whole title, legal and equitable, to the properties of the Authority is and shall be vested in the Trustees as such title in the Trustees is necessary for their due execution of this Trust. Said Trustees shall have and exercise exclusive management and control of the Trust properties for the use and benefit of the beneficiaries, but may agree for approval of any or all of its actions and transactions by the governing bodies of the Beneficiaries.

The Trustees may contract for the furnishing of any services or the performance of any duties that they may deem necessary, or proper, and pay for the same as they see fit.

No purchaser at any sale or lessee under a lease made by the Trustees shall be bound to inquire into the expediency, propriety, validity or necessity of such sale or lease or to see to or be liable for the application of the purchase or rental moneys arising therefrom.

No contract, lease, indenture or agreement of any nature whatsoever to which the Trustees shall be a party shall be deemed ineffectual or invalid by reason of the fact that any one or more of such Trustees may execute such contract, lease, indenture or agreement for or on behalf of the other parties thereto when authorized by such Trustees.

**21.** No Trustee shall receive, directly or indirectly any interest, profit or perquisites, arising from the use or loan of Trust funds or moneys to be raised through the operation of the Trust. This prohibition shall include those instances when a Trustee, or any firm, corporation, agency or institution in which a Trustee or any member of this immediate family is an officer, partner, employee, staff member, agent, stockholder and shall directly or indirectly bur or sell services or goods to

the Trust or otherwise contract or do business with the Trust in any manner whatsoever. A Trustee shall make a full public disclosure of any transaction, contract, relationship or any matter whatsoever in which the Trustee has or may have a conflict of interest and shall resign immediately. All conflicts of interest shall be resolved pursuant to the Oklahoma Constitution, Oklahoma Statutes and the Oklahoma Public Trust Act.

**22.** The Trustees shall take no action unless a quorum is present. A quorum shall consist of six of the eleven voting Trustees. All actions of the Trustees shall be done on a simple majority vote of this voting Trustees present.

## ARTICLE VIII
## Beneficiaries of the Trust

**1.** The Beneficiaries of this Trust shall be the City of Tulsa, Oklahoma, a municipal corporation, and the County of Tulsa, Oklahoma, a subdivision of the State of Oklahoma, under and pursuant to Title 60, Oklahoma Statutes, 1981, Sections 176 et seq., as amended, and other statutes of the State of Oklahoma as presently in force and effect, and shall have those rights and duties set out in said Statutes.

**2.** Neither the City of Tulsa, Oklahoma, nor the County of Tulsa, Oklahoma, shall have any legal title, claim or right to the Trust Estate, its income or to any part thereof or to demand or require any partition or distribution thereof. Neither shall said Beneficiaries have any authority, power, or right whatsoever, to do or transact any business for, or on behalf of, or binding upon the Trustees or upon the Trust Estate, nor the right to control or direct the actions of the Trustees. The Beneficiaries shall be entitled solely to the benefits of this Trust, as administered by the Trustees hereunder; and at the termination of the Trust as herein provided, and then only, shall the City of Tulsa, Oklahoma, and the County of Tulsa, Oklahoma, receive the residue of the Trust Estate in the proportion, amounts, and kind as established by the Trustees.

## ARTICLE IX
## Amendment to the Trust

This Trust Indenture may be amended at any time by action of the governing bodies of both Beneficiaries, the City of Tulsa, Oklahoma, a municipal corporation, and the County of Tulsa, Oklahoma, a subdivision of the State of Oklahoma.

## ARTICLE X
## Termination of the Trust

This Trust shall terminate:

**1.** When the purposes set out in Article III of this indenture shall have been executed; or

**2.** In the manner provided by Title 60, Oklahoma Statutes, 1981, Section 180.

**3.** Provided, however, that this Trust shall not be terminated by voluntary action if there be outstanding indebtedness or fixed term obligations of the Trustees, unless all owners of such indebtedness or obligations shall have consented in writing to such termination.

Upon the termination of this Trust, the Trustees shall proceed to conclude the affairs of this Authority and, after payment of all debts, expenses and obligations out of the monies and properties of the Trust Estate, to the extent thereof, shall distribute the residue of the money and Authority properties to the Beneficiaries in the proportion, amounts, and kind as established by the Trustees. Upon final distribution, the powers, duties and authority of the Trustees hereunder shall cease.

## ARTICLE XI
## Secretary of Trust

The Trustees shall appoint or employ a Secretary of the Trustees to serve at their will, with compensation as set by themselves. The Secretary shall keep minutes of all meetings of the Trustees and shall maintain complete and accurate records of all their financial transactions, all such minutes, books and records to be on file in the office of the Trust. All meetings of the Trustees shall be open to the public, and the bonds, records and minutes of the Trustees shall be considered as public records and available for inspection at all times by any interested party.

## ARTICLE XII
## ACCEPTANCE

The Trustees accept the Trust herein created and provided for and agree to carry out the provisions of this Trust Indenture on their part to be performed.

IN WITNESS WHEREOF, the Trustors and the Trustees have hereunto set their hand this 18th day of December, 1987.

## APPENDIX II FIRST AMENDMENT TO TRUST INDENTURE LONG-TERM CARE MANAGEMENT AUTHORITY OF TULSA (SECTIONS 1803 AND 1804)

*("Exhibit A" in Ord. No. 17500)*

KNOW ALL PERSONS BY THESE PRESENTS:

WHEREAS, the Mayor of the City of Tulsa, Oklahoma and the Chairman of the Board of Commissioners of Tulsa County, Oklahoma, both as Trustors, and Ira Trail Adams, Gerald L. Carson, Sharon L. Corbitt, Donald E. Crowl, Doyal W. Knowles, William A. Kohl, George W. Masters, George W. Prothro, M.D., John Selph, Paul M. Shireman, and Gary Watts, all as Trustees, created a Trust known as the Long-Term Care Management Authority of Tulsa for the use and benefit of the City of Tulsa, Oklahoma and Tulsa County, Oklahoma, under a Trust Indenture dated December 18, 1987; and

WHEREAS, Article IX of said Trust Indenture dated December 18, 1987 recites, "This Trust Indenture may be amended at any time by action of the governing bodies of both Beneficiaries, the City of Tulsa, Oklahoma, a municipal corporation, and the County of Tulsa, Oklahoma, a subdivision of the State of Oklahoma;" and

WHEREAS, the governing bodies of both Beneficiaries, the City of Tulsa, Oklahoma, a municipal corporation, and the County of Tulsa, Oklahoma, a subdivision of the State of Oklahoma, have found it necessary and expedient to further the public purposes of the Long-Term Care Management Authority of Tulsa by amending the Trust Indenture dated December 18, 1987; and

WHEREAS, the City of Tulsa, Oklahoma, a municipal corporation, by Ordinance No. 17500 passed on May 16, 1991, authorized, instructed and directed the Mayor and the City Clerk of the City of Tulsa, Oklahoma to execute and endorse upon the original of the First Amendment to the Trust Indenture creating the Long-Term Care Management Authority of Tulsa the approval of the City of Tulsa of the First Amendment to the Trust Indenture, and to cause the First Amendment to the Trust Indenture to be recorded in the office of the County Clerk of Tulsa County, Oklahoma; and

WHEREAS, the County of Tulsa, Oklahoma, a subdivision of the State of Oklahoma, by Resolution adopted on May 13, 1991, authorized, instructed and directed the Chairman of the Board of Commissioners of Tulsa County, Oklahoma to execute and endorse upon the original of the First Amendment to the Trust Indenture creating the Long-Term Care Management Authority of Tulsa the approval of the County of Tulsa of the First Amendment to the Trust Indenture, and to cause the First Amendment to the Trust Indenture to be recorded in the office of the County Clerk of Tulsa County Oklahoma;

NOW, THEREFORE, the undersigned Trustors of the Long-Term Care Management Authority of Tulsa by and with the authorization, instruction and direction of the governing bodies of both Beneficiaries, the City of Tulsa, Oklahoma, a municipal corporation, and the County of Tulsa, Oklahoma, a subdivision of the State of Oklahoma, do hereby amend said Trust Indenture dated December 18, 1987 as follows:

Article VI, Section 1, Subsection (a) be and the same is hereby amended to read as follows:

"**ARTICLE VI**
**THE TRUSTEES**

1. There shall be eleven (11) Trustees of this Trust:

a. One Trustee shall be the Mayor of the City of Tulsa, Oklahoma or such person as the Mayor of said City shall appoint, subject to confirmation by a majority vote of the entire membership of the Council."

IN WITNESS WHEREOF, the Trustees have hereunto set their hands, this 21st day of May, 1991.

## RESOLUTION

A RESOLUTION APPROVING THE FIRST AMENDMENT TO THE TRUST INDENTURE CREATING THE LONG-TERM CARE MANAGEMENT AUTHORITY OF TULSA WHEREIN ONE TRUSTEE SHALL BE THE MAYOR OF THE CITY OF TULSA OR SUCH PERSON AS THE MAYOR SHALL APPOINT, SUBJECT TO CONFIRMATION BY A MAJORITY OF THE CITY COUNCIL; ACCEPTING THE BENEFICIAL INTEREST AND ALL TERMS AND PROVISIONS OF THE TRUST INDENTURE AS AMENDED; AUTHORIZING THE CHAIRMAN OF THE BOARD OF COUNTY COMMISSIONERS AND THE COUNTY CLERK TO EXECUTE AND ENDORSE UPON THE ORIGINAL OF THE FIRST AMENDMENT THE APPROVAL OF TULSA COUNTY AND ITS ACCEPTANCE OF THE BENEFICIAL INTEREST IN THE AMENDED TRUST.

WHEREAS, the Mayor of the City of Tulsa, Oklahoma and the Chairman of the Board of Commissioners of Tulsa County, Oklahoma, both as Trustors, and Ira Trail Adams, Gerald L. Carson, Sharon L. Corbitt, Donald E. Crowl, Doyal W. Knowles, William A. Kohl, George W. Masters, George W. Prothro, M.D., John Selph, Paul M. Sherman, and Gary Watts, all as Trustees, created a Trust known as the Long-Term Care Management Authority of Tulsa for the use and benefit of the City of Tulsa, Oklahoma and Tulsa County, Oklahoma, under a Trust Indenture dated December 18, 1987; and

WHEREAS, the governing bodies of both beneficiaries have found it necessary and expedient to further the public purposes of the Long-Term Care Management Authority of Tulsa by amending the Trust Indenture dated December 18, 1987;

NOW, THEREFORE, BE IT RESOLVED BY THE COUNTY OF TULSA, OKLAHOMA:

Section 1. That the Long-Term Care Management Authority of Tulsa, created by Trust Indenture dated December 18, 1987, as amended by the First Amendment, a copy of which is attached hereto as Exhibit "A" and made a part hereof, wherein Tulsa County, Oklahoma remains co-beneficiary with the City of Tulsa, Oklahoma of the Long-Term Care Management Authority of Tulsa, is hereby approved and Tulsa County hereby accepts the beneficial interest therein and all the terms and provisions of the Trust Indenture, as amended, as authorized by the applicable statutes of the state of Oklahoma; and Tulsa County, Oklahoma hereby agrees to be, become, and remain the co-beneficiary of said Trust;

Section 2. That the Chairman of the Board of Commissioners of Tulsa County, Oklahoma and the County Clerk are hereby authorized, instructed and directed to execute and endorse upon the original of the First Amendment to the Trust Indenture, the approval of Tulsa County and the acceptance by Tulsa County of the beneficial interest therein and to cause the First Amendment to the Trust Indenture to be recorded in the office of the County Clerk and ex-officio Registrar of Deeds of the County of Tulsa, Oklahoma.

Section 3. That an emergency is hereby declared to exist for the preservation of the peace, health and safety, by reason whereof this Resolution shall take effect immediately upon its adoption and approval.

ADOPTED, and the emergency clause ruled upon separately and approved this 13th day of May, 1991.

TULSA COUNTY, OKLAHOMA,
a Subdivision of the State of Oklahoma

/s/ Lewis Harris
Chairman, Board of Commissioners
of Tulsa County, Oklahoma

# CHAPTER 19. NORTHEAST OKLAHOMA SOLID WASTE MANAGEMENT AUTHORITY

Section 1900. Beneficial interest in the Northeast Oklahoma Solid Waste Management Authority accepted.
Section 1901. Authorization to endorse approval and acceptance of beneficial interest.
Section 1902. Appointment and term of office of Trustee.
Appendix I Trust Indenture (Sections 1900, 1901 and 1902) ("Exhibit A" in Ord. No. 16947).

## Section 1900. Beneficial interest in the Northeast Oklahoma Solid Waste Management Authority accepted.

Acknowledging that on February 3, 1988, the Northeast Oklahoma Solid Waste Management Authority was created pursuant to a Trust Indenture executed by its Trustor Susan Young, a copy of which is attached hereto, marked as "Exhibit A" and made a part hereof, wherein the City of Tulsa, Oklahoma, is a designated beneficiary; the City of Tulsa, Oklahoma, pursuant to the enactment of this ordinance hereby approves and accepts the beneficial interest of that trust, subject to the terms and provisions of said Trust Indenture.

*(Ord. No. 16947)*

## Section 1901. Authorization to endorse approval and acceptance of beneficial interest

The Mayor and City Auditor are hereby authorized, instructed and directed to endorse a written approval of the Trust Indenture of the Northeast Oklahoma Solid Waste Management Authority and the City's acceptance of the beneficial interest therein.

*(Ord. No. 16947*

## Section 1902. Appointment and term of office of Trustee.

**A.** In accordance with Article VI, Section 1 of the Trust Indenture of the Northeast Oklahoma Solid Waste Management Authority, the Mayor and Board of Commissioners of the City of Tulsa hereby appoints Herbert E. Van Fleet, the Director of the Department of Solid Waste Management of the City of Tulsa, in his individual capacity, as its trustee, to serve a term of office through June 30, 1989.

**B.** The foregoing notwithstanding, the City's Trustee of the Northeast Oklahoma Solid Waste Management Authority shall be appointed by the Mayor and approved by the Board of Commissioners. Thereafter, said trustee shall serve a term of two years, beginning July 1 and expiring on the second June 30, two years following, provided that no trustee's term shall expire until a successor trustee is appointed, approved, sworn or otherwise qualified.

*(Ord. No. 16947)*

## APPENDIX I TRUST INDENTURE (SECTIONS 1900, 1901, AND 1902)

*("Exhibit A" in Ord. No. 16947)*

### ARTICLE I

The undersigned Trustor creates and establishes a trust for the use and benefit of the Cities of Bixby, Coweta, Glenpool, Jenks, Owasso, Sand Springs, Sapulpa and Tulsa, the Towns of Mounds and the Counties of Tulsa and Wagoner and for the public purposes hereinafter set forth, under the provisions of Title 60, Oklahoma Statutes, Section 176 et. seq., as amended, the Oklahoma Trust Act and other applicable statutes of the State of Oklahoma.

### ARTICLE II

The name of this Trust shall be the "Northeast Oklahoma Solid Waste Management Authority", hereinafter referred to as the "Trust". Under that name it shall, so far as practicable, conduct all business and execute all instruments, and otherwise perform its duties and functions in the execution of this Trust.

### ARTICLE III

The purposes of this Trust are:

**1.** To receive from public and private collectors in the region solid waste including refuse, trash, garbage, sludges and other discarded or salvageable solid materials as specified in the Oklahoma Solid Waste Management Act and any amendments or successors thereto and process, transfer, transport, convert, recover, recycle, or reclaim such solid waste, fuel and usable materials and products and sell the same and to dispose of non-usable solid waste by burial, incineration or other methods.

**2.** To plan, establish, develop, acquire, construct, purchase, install, repair, enlarge, improve, maintain, equip, finance and refinance, operate and regulate public solid waste processing or disposal systems and facilities and to close and monitor facilities according to regulations either within or without the territorial boundaries of the beneficiaries of the Trust, including but not limited to the purchasing, leasing, construction, installation, equipping, maintenance and operation of such buildings, equipment, machinery and other facilities necessary for the processing of refuse and solid waste, and the purchasing or leasing of transportation vehicles, equipment and facilities.

**3.** To hold, maintain and administer any leasehold rights in and to physical properties demised to the beneficiaries and to comply with the terms and conditions of any such lease.

**4.** To acquire by lease, purchase, grant, gift or otherwise, and to plan, establish, develop, construct, enlarge, improve, maintain, equip, operate and regulate any and all physical properties designated or needful for utilization in the furnishing and providing of services, in connection with public solid waste processing and disposal systems and facilities, and to dispose of, rent or otherwise make provisions for properties owned by the Trust but no longer needful for trust purposes.

**5.** To provide funds for the cost of financing, acquiring, constructing, leasing, equipping, maintaining, repairing and operating public solid waste processing

systems and facilities and buildings and other improvements thereto, and all properties, real, personal or mixed, required for execution and fulfilling the trust purposes as set forth in this instrument, and all other charges, costs and expenses necessarily incurred in connection therewith and in so doing, to incur indebtedness, either unsecured or secured by all or any part of the Trust Estate and its revenues.

**6.** To expend all funds coming into the hands of the Trustees as revenue or otherwise in the payment of any indebtedness incurred by the Trustees for purposes specified herein, and in the payment of the costs and expenses thereof, and in the payment of any other obligation properly chargeable against the Trust Estate, and to distribute the remainder of such funds to the beneficiaries hereof.

## ARTICLE IV

The Trust shall have duration for the term of duration of the beneficiaries and until such time as its purpose shall have been fully fulfilled, or until it shall be terminated as hereinafter provided.

## ARTICLE V

The Trust Estate shall consist of:

**1.** The funds and property presently in the hands of the Trustees or to be acquired or constructed by Trustees and dedicated by the Trustees and others to be used for trust purposes.

**2.** Any and all leasehold rights demised to the Trustees by its beneficiaries as authorized and empowered by law.

**3.** Any and all money, property, real, personal or mixed, rights, choses in actions, contracts, leases, privileges, immunities, franchises, benefits, grants, gifts and all other things of value coming into the possession of the Trustees pursuant to the provisions of this Trust Indenture.

**4.** Cash in hand.

The instruments executed for each project, and each issuance of Bonds and other indebtedness, shall set out the specific property of the Trust Estate exclusively pledged and mortgaged for the payment of such indebtedness.

## ARTICLE VI
## The Trustees

**1.** There shall be (11) Trustees of this Trust. The governing body of each of the beneficiaries of the Trust shall designate one Trustee. Each governing body shall establish the term of office of its trustee and the criteria for removal of its trustee.

Trustees shall serve until their successors have been duly appointed and qualified. Successor Trustees duly appointed and qualified shall, without any further act or conveyance, become fully vested with all of the estate, properties, rights, powers, duties and obligations of their predecessors hereunder with like effect as if originally named as Trustee.

**2.** The Trustees shall, during their terms of office, be subject to removal only by action of said Trustee's governing body or the District Court of Tulsa County for good cause shown.

**3.** No Trustee shall be paid any compensation of any kind for his services as a Trustee of this Trust. However, Trustees may be reimbursed for expenses incurred in the performance of their duties hereunder.

**4.** Bonds or other evidences of indebtedness to be issued by the Trustees shall not constitute an indebtedness of the State of Oklahoma, nor of the Beneficiaries, nor personal obligations of the Trustees of the Trust but shall constitute obligations of the Trustees payable solely from the Trust Estate. No indebtedness shall be incurred by the Trustees without the prior approval of two-thirds of the beneficiary governing bodies, both as to the purpose and amount of the indebtedness.

**5.** The Trustees, the State of Oklahoma, and the Beneficiaries hereof shall not be charged personally with any liability whatsoever by reason of any act or omission committed or suffered in good faith or in the exercise of their honest discretion in the performance of such Trust or in the operation of the Trust Estate; but any act or liability for any omission or obligation of the Trustees in the execution of such Trust, or in the operation of the Trust Estate, shall extend to the whole of the Trust Estate or so much thereof as may be necessary to discharge such liability or obligation.

**6.** Notwithstanding any other provisions of this Indenture which shall appear to provide otherwise, no Trustee or Trustees shall have the power or authority to bind or obligate any other Trustee, or Beneficiary, in his or its capacity, nor can the Beneficiary bind or obligate the Trust or any individual Trustee.

**7.** The Trustees shall adopt bylaws for the conduct of their business, and shall elect a Chairman from their members who shall preside at all meetings and perform other duties designated by the Trustees. The Trustees shall elect a Vice Chairman from their members who shall act as Chairman during the temporary absence or disability of the Chairman. If a vacancy occurs in the office of Chairman or Vice Chairman, the Trustees shall elect a successor from their members. The Trustees shall designate the time and place of all regular meetings, which meetings shall be public, except for instances wherein executive sessions are authorized by State law. Except as otherwise provided herein or as required by state law, all actions by the Trustees pursuant to the provisions of this Trust Indenture shall be approved by the affirmative vote of at least a majority of the Trustees present at a meeting where a quorum is present. A quorum of the Trustees is defined as seven duly appointed Trustees.

**8.** The Trustees shall file with the governing bodies of the Beneficiaries a certified copy of the annual audit made of the funds, accounts, and fiscal affairs of the Trust at the time as is required by Section 180.3 Title 60, Oklahoma Statutes Annotated.

**9.** The governing body of each of each of the Beneficiaries shall have the right to conduct or have conducted a complete audit of the funds, accounts and fiscal affairs of the Trust at any time at its discretion, and at the expense of the requesting governing body.

**10.** The whole title, legal and equitable, to the properties of the Trust is and shall be vested in the Trustees. The Trustees shall have and exercise exclusive management and control of the properties of the Trust Estate for the use and benefit of the Beneficiaries.

**11.** The Trustees may contract for the furnishing of any services or the performance of any duties that they may deem necessary, or proper, and pay for the same as they see fit.

**12.** The Trustees may compromise any debts or claims of or against the Trust Estate, and may adjust any dispute in relation to such debts or claims by arbitration or otherwise and may pay any debts or claims against the Trust Estate upon any evidence deemed by the Trustees to be sufficient. The Trustees may bring any suit or action, which in their judgment is necessary or proper to protect the interest of the Trust Estate, or to enforce any claim, demand or contract for the Trust; and they shall defend, in their discretion, any suit against the Trust, or the Trustees or employees, agents or servants thereof. They may compromise and settle any suit or action, and discharge the same out of assets of the Trust Estate, together with court costs and attorneys' fees. All of such expenditures shall be deemed proper expenses of executing this Trust.

## ARTICLE VII
## Powers and Duties of the Trustees

To accomplish the purposes of the Trust, and subject to the provisions and limitations otherwise provided in this Trust Indenture, the Trustees shall have, in addition to the usual powers incident to their office and the powers granted to them by statute and in other parts of this Trust Indenture, the following rights, powers, duties, authority, discretion and privileges:

**1.** To finance, acquire, establish, develop, construct, enlarge, improve, extend, maintain, equip, operate, lease, furnish, provide, supply, regulate, hold, store, and administer any of the systems and facilities designated pursuant to Article III hereof as the Trustees shall determine necessary for the benefit and development of the Beneficiaries.

**2.** To employ architectural and engineering firms or consultants as the Trustees deem necessary to prepare such preliminary or detailed studies, plans, specifications, cost estimates and feasibility reports as are required in the opinion of the Trustees. The costs of such engineers, architects and consultants shall be paid out of the proceeds of the sale of bonds or from such other funds as may be available therefor.

**3.** To enter into contracts for the sale of bonds, notes or other evidences of indebtedness or obligations of the Trust for the purpose of acquiring or constructing works, systems and facilities authorized to be acquired or constructed pursuant to the terms of this Trust Indenture and for that purpose may:

**(a)** Employ a financial advisor, or committee of advisors, to advise and assist the Trustees in the marketing of such bonds, notes or other evidences of indebtedness or obligations, and to present financial plans for the financing of the acquisition or construction of each project, and to recommend to, or consult with, the Trustees concerning the terms and provisions of bond indentures and bond issues, and may pay appropriate compensation for such work and services performed in the furtherance of the project;

**(b)** Sell all bonds, notes or other evidences of indebtedness or obligations of the Trust in installments or series and on such terms and conditions and in such manner as the Trustees shall deem to be in the best interest of the Trust Estate subject to the provisions of Title 60, Oklahoma Statutes, Section 176, et. seq., as amended; and

**(c)** Appoint and compensate attorneys, paying agencies and corporate trustees in connection with the issuance of any such bonds, notes, evidences of indebtedness or other obligations of the Trust.

**4.** To purchase, lease, or otherwise acquire property, real, personal or mixed; to enter into and execute contracts, leases, and operating agreements.

**5.** To make and change investments, to convert real into personal property, and vice versa, to lease, improve, exchange or sell, at public or private sale, upon such terms as they deem proper, and to resell, at any time and as often as they deem advisable, any or all the property in the Trust, to refund outstanding bonded indebtedness and to execute therefor bonds, notes, or other evidences of indebtedness, or obligations, and to secure the same by mortgage, lien, pledge or otherwise; to purchase property from any individuals, partnerships, associations, corporations, and others, including the United States of America or the State of Oklahoma and agencies, authorities or trusts of the United States of America, or the State of Oklahoma, or of any municipality thereof, and also including all municipal or other political subdivisions of the State of Oklahoma as well as the beneficiaries hereof, and lease or sublease land and other property to and from the Beneficiaries or others and construct, improve, repair, extend, remodel, and equip buildings, improvements and other facilities thereon and to operate or lease or rent the same to individuals, partnerships, associations, corporations and others, including the United States of America or the State of Oklahoma and agencies, authorities or Trusts of the United States of America, or of the State of Oklahoma, or of any municipality thereof, and also including all municipal or other political subdivisions of the State of Oklahoma as well as the Beneficiaries hereof, and to do all things to accomplish the purposes set out in Article III of this Trust Indenture, and procure funds necessary for such purpose by the sale of bonds or other evidences of indebtedness by mortgages, liens, pledges or other encumbrances of such real and personal property, buildings, improvements and other facilities owned or otherwise acquired, leased or controlled by Trustees, and by rentals, income, receipts and profits therefrom, or from any other revenues associated with the ownership, operation or control of the property of the Trust; to lease or sublease any property of the Trust, or of which the Trustees may become the owners or lessees.

**6.** To fix, demand and collect charges, rentals and fees for the services and facilities of the Trust and to discontinue furnishing of services and facilities to any person, firm or corporation, or public instrumentality, delinquent in the payment of any indebtedness to the Trust; to purchase and sell such supplies, goods, and commodities as are incident to the operation of its properties.

**7.** To make and perform contracts of every kind, including management and operating contracts, with any person, firm, corporation, association, trusteeship, municipality, government or sovereignty; and subject to the provisions of Article VII(3) set forth above without limit as to amount to draw, make, accept, endorse, assume, guarantee, account, execute and issue promissory notes, drafts, bills of exchange, acceptances, warranties, bonds, debentures, and other negotiable or non-negotiable instruments, obligations and evidences of unsecured indebtedness, or of indebtedness secured by mortgage, deed or trust or otherwise upon any or all income of the Trust, in the same manner and to the same extent as a natural

person might or could do; to collect and receive any property, money, rents, or income of any sort and distribute the same or any portion thereof for the furtherance of the authorized Trust purposes set out herein.

**8.** To the extent permitted by State law, to bind others by their duly authorized decisions and actions taken on their behalf, or failures to take action on their behalf, and as provided for in the Trust Agreement.

**9.** To take whatever actions may be appropriate and whatever actions may be directed by a Majority of the Trustees to cure any default by a Beneficiary pursuant to the Trust Agreements.

**10.** To do all other acts in their judgment necessary or desirable for the proper and advantageous management, investment, and distribution of the Trust Estate and income therefrom.

## ARTICLE VIII
## Beneficiaries of Trust

**1.** The Beneficiaries of this Trust shall be the Cities of Bixby, Coweta, Glenpool, Jenks, Owasso, Sand Springs, Sapulpa and Tulsa, the Towns of Mounds and the Counties of Tulsa and Wagoner.

**2.** The Beneficiaries shall have no legal title, claim or right to the Trust Estate, its income, or to any part thereof or to demand or require any partition or distribution thereof. Neither shall the Beneficiaries have any authority, power or right whatsoever, to do or transact any business for, or on behalf of, or binding upon the Trustees or upon the Trust Estate, nor the right to control or direct the actions of the Trustees pertaining to the Trust Estate, or any part thereof. The Beneficiaries shall be entitled solely to the benefits of this Trust, as administered by the Trustees hereunder, and at the termination of the Trust, as provided herein, and then only the Beneficiaries shall receive the residue of the Trust Estate, to be distributed in accordance with the Trust Agreement.

**3.** If, after the effective date of the Trust Agreement, governments desire to join with the Beneficiaries of the Trust in accomplishing the purposes of the Trust, provisions may be made for additional beneficiaries to the trust. Said governments shall make such contributions to the Trust Estate as the Trustees deem appropriate to offset the costs and expenses of additional services, systems and facilities required to serve their portion of additional wastes streams together with an amount reflecting previous contributions of the Beneficiaries of initiating, establishing, developing, acquiring, constructing, maintaining or repairing the Trust Estate.

## ARTICLE IX
## Secretary of Trust

The Trustees shall appoint a Secretary of the Trustees to serve at their will, with compensation as set by themselves. The Secretary shall keep minutes of all meetings of the Trustees and shall maintain complete and accurate records of all their financial transactions, all such minutes, books and records to be on file in the principal office of the Trust. All meetings of the Trustees shall, except for instances wherein executive sessions are authorized by State law, be open to the public and conducted in accord with the provisions

of the Oklahoma Public Meeting Law and the bonds, records and minutes of the Trustees shall be considered as public records and available for inspection at all times by an interested party.

## ARTICLE X
## Termination of Trust

**1.** This Trust shall terminate:

**a.** When the purposes set out in Article III of this instrument shall have been fully executed; or

**b.** In the manner provided by Title 60, Oklahoma Statutes, Section 180, provided, however, that this Trust shall not be terminated by voluntary action if there be outstanding indebtedness or fixed term obligations of the Trustees, unless all owners of such indebtedness or obligations shall have consented in writing to such termination.

**2.** Upon the termination of this Trust, the Trustees shall proceed to conclude the affairs of this Trust, and after payment of all debts, expenses and obligations out of the moneys and properties of the Trust Estate to the extent thereof, shall distribute the residue of the money and properties of the Trust Estate to the Beneficiaries hereunder in accordance with Title 60, Oklahoma Statutes, Section 180 or successors thereto. Upon final distribution, the powers, duties and authority of the Trustees hereunder shall cease.

## ARTICLE XI

The Trustees accept the Trust herein created and provided for, and agree to carry out the provisions of this Trust Indenture on their part to be performed.

IN WITNESS WHEREOF, the Trustor and the Trustees have hereunto set their hands on the day and year indicated.

## CHAPTER 20. VIETNAM VETERANS MEMORIAL TRUST

Section 2000. Beneficial interest in the Vietnam Veterans Memorial Trust accepted.
Section 2001. Authorization to endorse approval and acceptance of beneficial interest.
Appendix I Trust Indenture Vietnam Veterans Memorial Trust (Sections 2000 and 2001) ("Exhibit A" in Ord. No. 16978).

### Section 2000. Beneficial interest in the Vietnam Veterans Memorial Trust accepted.

The Vietnam Veterans Memorial Trust, created by Trust Indenture dated the 5th day of April, 1988, an executed copy of which Trust Indenture is hereto attached, marked "Exhibit A" and made a part hereof, wherein Mr. Richard Crawford, Mr. Houston Adams, Mr. John Fischer, Mr. Stafford G. Davis, Mr. Amadeo Richardson, Mr. Paul Rauscher, Mr. L.A. "Quantrill" Page, Mr. Frank Friedl, Mr. John Tew and Mr. Ralph Henderson are designated trustees, and the City of Tulsa, Oklahoma, is designated as the sole beneficiary of said Vietnam Veterans Memorial Trust, is hereby approved, and the City of Tulsa hereby accepts the beneficial interest therein, and all of the terms and provisions of said Trust Indenture as authorized by the applicable statutes of the state of Oklahoma, and the City of Tulsa hereby agrees to be and become the sole beneficiary of said trust.

*(Ord. No. 16978)*

### Section 2001. Authorization to endorse approval and acceptance of beneficial interest.

The Mayor and City Auditor are hereby authorized, instructed and directed to endorse upon the original of said Trust Indenture the approval of the City of Tulsa of said Trust Indenture creating the Vietnam Veterans Memorial Trust and the City's acceptance of the beneficial interest therein, and to cause said Trust Indenture to be recorded in the office of the County Clerk of Tulsa County, Oklahoma.

*(Ord. No. 16978)*

## APPENDIX I TRUST INDENTURE VIETNAM VETERANS MEMORIAL TRUST (SECTIONS 2000 AND 2001)

*("Exhibit A" in Ord. No. 16978)*

KNOW ALL MEN BY THESE PRESENTS:

This Trust Indenture, dated this 8th day of April, 1988, by Vietnam Veterans of America, Chapter 216, hereinafter referred to as Trustor; and the Trustees selected as hereinafter provided, and their respective successors in office, to be known as the Trustees of the Vietnam Veterans Memorial Trust, who shall be Trustees of the Trust of herein set out and hereinafter referred to as "Trustees".

WITNESSETH:

That in consideration of the payment by Trustor to the Trustees of the sum of One Hundred Dollars ($100.00); receipt on which is hereby acknowledged and of the mutual covenants herein set forth, the said Trustees agree to hold, manage, invest, assign, convey, lease and distribute, as herein provided, authorized and directed, such property as Trustor, or others, may from time to time assign, transfer, lease, convey, give, bequeath, devise or deliver unto this Trust or the Trustees hereof.

TO HAVE AND TO HOLD such property and the proceeds, rents profits and increases thereof unto said Trustees, and said Trustee's successors and assigns, but nevertheless in trust, for the use and benefit of the City of Tulsa, Oklahoma, hereby designated as the Beneficiaries of this Trust and hereinafter referred to as the "Beneficiary", and upon the following Trust, terms and conditions herein stated.

### ARTICLE I
### Creation of Trust

The undersigned Trustor creates and establishes a Trust for the use and benefit of the Beneficiary, and for the public purposes hereinafter set forth, under the provisions of Title 60, Oklahoma Statues (sic), 1971, Section 176 et seq., the Oklahoma Trust Act and other applicable Statues (sic) of the State of Oklahoma, as amended.

### ARTICLE II

The name of this Trust shall be the Vietnam Veterans Memorial Trust, hereinafter referred to as the "Trust". The Trustees shall conduct all business and execute all instruments and otherwise perform the duties and functions required in the execution of this Trust.

### ARTICLE III
### Purpose of Trust

The purposes of this Trust are:

**1.** To develop and maintain within the corporate limits of the City of Tulsa, Oklahoma, a memorial park dedicated to those who died in the Vietnam War, those still missing and unaccounted for, those who served and those who waited at home.

**2.** To hold, maintain and administer any leasehold rights, in and to physical properties demised to the Beneficiary or to the Trust Estate and comply with the terms and conditions of any such lease.

**3.** To acquire by lease, purchase or otherwise, and to plan, establish, develop, construct, enlarge, improve, maintain, equip, operate and regulate any and all property, real, personal or mixed, designated or needful for utilization in the furnishing and providing services in connection with the Vietnam Veterans Memorial Park and to dispose of, sell, rent or otherwise make provisions for properties owned by the Trust but no longer needful for Trust purposes.

**4.** To lease, rent, furnish or provide such property, buildings, improvements and facilities for use by the Untied States of America, the State of Oklahoma, or the Beneficiary, or for the use of corporations, individuals or associations, upon such terms as the Trustees may deem suitable; and to relinquish, rent dispose of or otherwise make provision for properties owned or controlled by the Trust but no longer needed for Trust purposes.

**5.** To enter into contracts with the City of Tulsa and other parties to carry out the purposes of this Trust.

**6.** To provide funds for the cost of financing, acquiring, constructing, purchasing, equipping, maintaining, repairing, improving, enlarging, remodeling, holding of said services, operating and administering any and all of the aforesaid facilities or any or all services, utilities, buildings, facilities and all property, real, personal or mixed, needful for exercising and fulfilling the Trust purposes as set out in this Indenture and all other charges, costs and expenses necessarily incurred in connection therewith.

**7.** To expend all funds coming into the hands of the Trustees as revenue or otherwise for the payment of any indebtedness incurred by the Trustees for purposes specified herein, and in the payment of the aforesaid costs and expenses and in payment of any other obligation properly chargeable against the Trust Estate or to distribute the residue and remainder of such funds to the beneficiary as hereinafter set forth, which said funds, together with all Trust property, assets, profits and net revenues are irrevocably dedicated to the Beneficiary.

## ARTICLE IV
## Duration of Trust

This Trust shall have duration for the term of duration of the Beneficiary or until such time as its purposes shall have been fulfilled, or until it shall be terminated as hereinafter provided.

## ARTICLE V
## The Trust Estate

The Trust Estate shall consist of:

**1.** The funds and property presently in the hands of the Trustees, including the consideration, as hereinabove recited.

**2.** Any and all leasehold rights, demised to the Trust for the purposes of this Trust, including such as may be demised to the Trust by the Beneficiary, as authorized and empowered by law.

**3.** Any and all improvements that may be constructed by, or in behalf of, the Trustees upon any property owned by or leased to said Trustees.

**4.** Any and all improvements that may be constructed by, or in behalf of, the City upon any property owned by the said City and County and leased to said Trustees.

**5.** Any and all money, property, real, personal, or mixed, rights, chooses (sic) in action, contracts, leases, privileges, immunities, licenses, franchises, benefits and all other things of value coming into the possession of the Trustees, pursuant to the provisions of this Indenture.

## ARTICLE VI
## The Trustees

**1.** There shall be a total of ten (10) Trustees of this Trust:

**(a)** The Mayor and Water and Sewer Commissioner of the City of Tulsa, whoever they may be, shall be Trustees during their incumbencies and shall serve until their successors as Mayor and Water and Sewer Commissioner have been duly elected and qualified.

**(b)** The President and Vice-President of Chapter 216, Vietnam Veterans of America, whoever they may be, shall be Trustees during their terms of office and shall serve until their successors have been duly elected and qualified.

**(c)** There shall be three (3) Trustees appointed by the Mayor of the City of Tulsa, subject to the approval of the Board of Commissioners: said Trustees shall serve staggered terms as set forth below:

**1.** John Fischer, Tulsa, Oklahoma, shall be a Trustee for a term of three (3) years on the date of the Indenture.

**2.** Stafford G. Davis, Tulsa, Oklahoma, shall be a Trustee for a term of one (1) year commencing on the date of this Indenture.

**3.** Amadeo Richardson, Tulsa, Oklahoma, shall be a Trustee for a term of two (2) years commencing on the date of this Indenture.

**(d)** Successors to these Trustees shall be approved by the Mayor, subject to approval by the Board of Commissioners of the City of Tulsa. Each successor shall serve a term of two (2) years. Vacancies occurring other than through the expiration of a term shall be filled for the unexpired terms in the same manner as that provided for the appointment as a successor Trustee.

**(e)** There shall be three (3) Trustees appointed by the President of Vietnam Veterans of America, Chapter 261, with approval of the Board of Directors; said Trustees shall serve staggered terms as set forth below:

**1.** Paul Rauscher, Tulsa, Oklahoma, shall be a Trustee for a term of one (1) year commencing on the date of this Indenture.

**2.** L.A. "Quantrill" Page, Tulsa, Oklahoma, shall be a Trustee for a period of two (2) years commencing on the date of this Indenture.

**3.** Frank Friedl, Tulsa, Oklahoma, shall be a Trustee for a period of three (3) years commencing on the date of this Indenture.

**(f)** Successors to these Trustees shall be appointed by the President of Vietnam Veterans of America, Chapter 216 with approval of the Board of Directors. Each

successor shall serve a term of two (2) years. Vacancies occurring other than through the expiration terms in the same manner as that provided for the appointment as a successor Trustee.

**2.** All Trustees appointed hereunder shall qualify by a written acceptance of all the terms of this instrument, duly acknowledged and signed in the same manner and in the same places that this instrument is acknowledged and filed. All Trustees, permanent and temporary, before assuming the powers and duties as such, also shall subscribe and file such oaths as shall be required by law for public officers of the State of Oklahoma.

**3.** The Trustees shall elect annually, by majority vote, a Chairman of the Board of Trustees, who shall preside at all meetings and perform other duties designated by the Trustee. The Trustees shall designate the time and place of all regular meetings. All actions by the Trustees pursuant to the provision of this Indenture shall be approved by the affirmative vote of at least a majority of the Trustees qualified to act as such under the provisions of this Indenture. The Trustees shall elect one or more of their members to be Vice-Chairman, who shall act in the place of the Chairman during the latter's absence or incapacity to act or serve.

**4.** The Trustees shall elect a Secretary of the Trustees who may or may not be a Trustee. The Secretary shall keep minutes of all meetings of the Trustees. All such minutes, books and records to be on file in the principal office of the Authority, which said office shall be in the City of Tulsa, Oklahoma, or in such other place within the State of Oklahoma as the Trustees may designate. This Authority may also have offices at such other places within the State of Oklahoma as the Trustees may designate. All meetings of the Trustees shall be open to the public, and the books, records and minutes of the Trustees shall be considered as public records and available for inspection at all reasonable times by any interested person or persons.

**5.** The Trustees shall elect a Treasurer of the Trustees who may or may not be a Trustee, and who shall maintain complete and accurate records of all their financial transactions.

**6.** The Trustees may appoint an Executive Director for the Trust and may employ such other clerical, professional, legal and technical assistance as may be deemed necessary in the discretion of the Trustees to properly operate the business of the Trust, and may fix their duties, terms of employment and compensation. In the event an Executive Director for the Trust is appointed by the Trustees, the said Executive Director shall administer the business of the Trust as directed from time to time by the Trustees.

**7.** Upon each change of personnel of the Trustees hereunder, the Chairman of the Board of Trustees shall cause to be filed in the office of the County Clerk of Tulsa County, a certificate of the entire personnel of the Board of Trustees of the Trust.

**8.** The Trustees shall be, during their terms, subject to removal only by action of the District Court of Tulsa County, for cause shown, including incompetence, neglect of duty, or malfeasance in office.

**9.** The Trustees, the City, or any agency thereof, shall not be charged personally with any liability whatsoever by reason of any act of omission committed or suffered in good faith or in the exercise of their honest discretion in the performance of such Trust or in the operation of the Trustee Estate; but any act or liability for any omission or obligation

of the Trustees in the execution of such Trust, or in the operation of the Trust Estate shall extend to the whole of the Trust Estate or so much thereof as may be necessary to discharge such liability or obligation.

**10.** No Trustee or Trustees shall have the power or authority to bind or obligate any other Trustee, or the Beneficiary in his or its capacity, nor can the Beneficiary bind or obligate the Trust or any individual Trustee.

**11.** No Trustee shall be paid any compensation of any kind for his services as Trustee, except that each such Trustee shall be reimbursed for actual expenses incurred in the performance of his duties as Trustee.

## ARTICLE VII
## Powers and Duties of the Trustees

Subject to the provisions and limitations otherwise provided in this Indenture, the Trustees shall have, in addition to the usual powers incident to their office, and the powers granted to them in other parts of this Trust Indenture, the following rights, powers, duties, authority, discretion and privileges, all of which may be exercised by them without any order or authority from any court or legislative body except as herein provided:

**1.** To accept by gift, devise or bequest or to purchase, lease, or otherwise acquire property, real, personal or mixed, franchises, contracts, leases, rights, privileges, benefits, chooses (sic) in action, or other things of value and to pay for the same in cash, or other evidences of indebtedness or otherwise; provided, however, that all acquisitions and purchases of land or real property by lease, purchase or otherwise, shall be subject to the approval of the beneficiary.

**2.** To enter into contracts for the acquisition and construction of property, buildings and facilities authorized to be acquired and constructed pursuant to the terms of this Indenture.

**3.** To employ such architectural and engineering firm or firms as the Trustees deem necessary to prepare such preliminary and detailed studies, plans, specifications, cost estimates and feasibility reports as are required in the opinion of the Trustees. The cost of such engineering and architectural work shall be paid out of Trust funds as the Trustees may determine to be available therefor.

**4.** To make and change investments; to convert real into personal property and vice versa; to lease, improve, exchange or sell, at public or private sale, upon such terms as they deem advisable, any or all of the property in the Trust, real or personal; to purchase property from any person, firm or corporation, and lease land and other property to and from the Beneficiary, and construct, improve, repair, remodel and equip buildings and facilities thereon and to operate or lease or rent the same to individuals, partnerships, associates, corporations and others, including the United States of America or the State of Oklahoma and agencies or authorities of the United States of America, or of the State of Oklahoma, or of any political subdivision thereof, as well as the Beneficiary hereof, and to do all things provided for in Article III of this Indenture, and procure funds necessary for such purpose by the rentals, income, receipts and profits from the personal property, buildings and facilities owned or otherwise acquired, leased or controlled by trustee, or from any other revenue associated with the ownership, operation or control of the property

of the Trust to lease or sublease any property of the Trust or of which the Trustees may become the owners or lessees; to collect and/or receive for and disburse and/or pay to the Beneficiary such voluntary contributions as are or may be made for public purposes under such contractual arrangements as the Trustees may enter into with any person, firm, corporation or entity with respect to any property, whether real, personal or mixed; and to otherwise exercise any and all rights and powers which a trust organized and created pursuant to Title 70, Oklahoma Statues, Sections 176, et seq., as amended, may not or hereafter exercise.

**5.** To fix, demand, and collect charges, rentals and fees for the property, buildings and facilities of the Trust; to discontinue furnishings of properties, buildings and facilities to any person, firm or corporation, or public instrumentality, delinquent in the payment of any indebtedness to the Trust; to purchase and sell such supplies, goods and commodities as are incident to the operation of its properties.

**6.** To make and perform contracts of every kind, including management contracts, with any person, firm, corporation, association, trusteeship, municipality, county, state or federal government or any agency thereof. To collect and receive any property, money, rents, or income of any sort and distribute the same or any portion thereof for the furtherance of the authorized Trust purposes set out herein.

**7.** To select depositories for the funds and securities of this Trust.

**8.** To compromise any debts or claims of or against the Trust and to adjust any dispute in relation to such debts or claims by arbitration or otherwise and pay any debts or claims against the Trust upon any evidence that seems to the Trustees to be sufficient. The Trustees may bring any suit or action which in their judgment is necessary or proper to protect the interest of the Trust, or to enforce any claim, demand, or contract for the Trust; and they shall defend, in their discretion, any suit against the Trust, Trustees, employees, agents or servants thereof. They may compromise and settle any suit or action and discharge the same out of the Trust Estate, together with court costs and attorneys' fees. All such expenditures shall be treated as expenses of executing this Trust.

**9.** To do all other acts, in their judgment, necessary or desirable for the proper and advantageous management, investment and distribution of the Trust Estate and income therefrom.

**10.** To contract for the furnishing of any services or for the performance of any duties that they may deem necessary or proper, and pay for the same as they see fit; but in any case, said Trustees shall provide for an annual audit of the Trust property and operations, by an independent auditor, one copy each of which shall be filed with the Mayor and Auditor of the City, and one copy of which shall be filed with the Board of Commissioners of Tulsa County, Oklahoma, and one copy shall be filed with the State Examiner and Inspector of Oklahoma, pursuant to the Oklahoma Public Trust Act. Provided, however, that the City may order an audit of the Trust property and its operations at any time by Certified Public Accountants, a Certified Municipal Accountant or a licensed public accountant at the expense of the Authority and such audit shall be filed as hereinbefore provided.

**11.** To issue bonds, notes, Security Agreements, or other obligations as may be necessary or desireable to carry out the purposes of the Trust, and to secure the payment of such obligations by the pledge of all or any part of the rents and income of the Trust.

**12.** No purchaser at any sale or lessee under a lease made by the Trustees shall be bound to inquire into the expediency, propriety, validity or necessity of such sale or lease or to see to or be liable for the application of the purchase or rental monies arising therefrom.

**13.** In the event a corporation, partnership or firm in which a Trustee has a substantial financial interest contracts with the Authority, such interest shall be disclosed by said Trustee and shall be entered in the minutes of the Trust; provided, in the absence of fraud, no contract or other transaction shall be thereby affected or invalidated.

Provided, however, that no part of the net earnings, if any, of this Trust or any of its properties, whether real, personal or mixed, shall ever inure to the benefit of any private individual or Trustee, and provided further, that no substantial part of the activities of this Trust shall consist of carrying on propaganda for, or otherwise attempting to influence legislation, nor shall it participate in, or intervene in, including the publishing or distributing of statements or other and similar materials, any political campaign on behalf of any candidate for public office.

**14.** The Trustee shall cause an annual budget to be compiled of all anticipated and proposed expenditures, expenses and outlay of trust funds for the initial and thereafter annually ensuing fiscal years of the Trust. Such budget and all amendments thereto shall be promptly submitted to the City and the County and subject to their approval.

## ARTICLE VIII
## Beneficiaries of Trust

**1.** The Beneficiary of this Trust shall be the City of Tulsa, Oklahoma under and pursuant to Title 60, Oklahoma Statues, Section 176, et seq., and other statues of the State of Oklahoma, presently in force and effect.

Trustor now declares that this Indenture may be altered, amended, revised or modified with the express written consent of the Trustor, the Trustees, and the Beneficiary, which said written consent shall be evidenced by endorsement upon any instrument of alteration, amendment, revision or modification; provided, that no such alteration, amendment, revision or modification shall take effect in such way as to impair the rights of the holder of any bond or other evidence of indebtedness of the Trust or party to whom the Trust is indebted in any way under written obligation of indebtedness.

**2.** The Beneficiary shall have no legal title, claim or right to the Trust Estate, its income, or any part thereof, or to demand or require any partition or distribution thereof, or to demand or require any partition or distribution thereof, except as set forth hereinafter in this Trust Indenture. Neither shall said Beneficiary nor any agents thereof, have any authority, power or right, whatsoever, to do or transact any business for, or on behalf of, or binding upon, the Trustees or upon the Trust Estate, nor the right to control or direct the actions of the Trustees. The City of Tulsa as Beneficiary of this Trust, shall be entitled solely to the benefits of this Trust as administered by the Trustees hereunder, and, at the termination of the Trust as herein provided and then only shall said City receive the residue of the Trust Estate.

**3.** The Trustees, after fulfilling the purposes of this Trust and after paying all obligations of the Trust and Trust Estate and interest thereon and all the costs and expenses

incident to the management, operation, maintenance and conservation of this Trust, shall then distribute the then remaining property, real, personal or mixed, to the Beneficiary of the Trust.

## ARTICLE IX
## Termination of Trust

This Trust shall terminate:

**1.** When the purposes set out in Article III of this Indenture shall have been fully executed; or

**2.** In the manner provided by Title 60, Oklahoma Statues, Section 180.

Provided, however, that this Trust shall not be terminated by voluntary action, if there be outstanding fixed term indebtedness or fixed term obligations of the Trustees, unless all owners of such indebtedness or obligation shall have consented in writing to such termination.

Upon the termination of the Trust, the Trustees shall proceed to wind up the affairs of this Trust, and after payment of all debts and obligations out of the monies and properties of the Trust Estate, to the extent thereof, shall distribute the residue of all property, real, personal or mixed, of the Trust Estate to the Beneficiary hereunder in the manner provided in Article VIII, paragraph 3 of this Indenture. Upon final distribution, the powers, duties and authority of the Trustees hereunder shall cease.

## ARTICLE X
## Termination

The Trustees accept the Trust herein created and provided for and agree to carry out the provisions on their part to be performed. If any one or more of the powers or provisions provided in this Indenture to be performed on the part of the Trust or on the part of the Trustees shall be declared by any court of competent jurisdiction to be contrary to law, then such powers or provisions shall be null and void and shall be deemed separable from the remaining powers or provisions and shall in no way affect the enforceability of any other power or provision of this Indenture, or of any bonds, notes or other evidences of indebtedness, issued hereunder.

IN WITNESSETH WHEREOF, the Trustor and the Trustees, have hereunto set their hands this 8th day of April, 1988.

## CHAPTER 21. TULSA COUNTY VISION AUTHORITY

Section 2100. Beneficial interest in the Tulsa County Vision Authority Trust accepted.
Section 2101. Authorization to endorse approval and acceptance of Beneficial Interest.
Appendix I Declaration of Trust of Trust Indenture Tulsa County Vision Authority (Sections 2100 and 2101) ("Exhibit A" in Ord. No. 21329).

### Section 2100. Beneficial interest in the Tulsa County Vision Authority accepted.

That the Tulsa County Vision Authority created by Declaration of Trust dated the 26th day of June, 2006, a copy of which Declaration of Trust is attached hereto and marked "Exhibit A" wherein the City of Tulsa is designated as one of the beneficiaries of said trust, is hereby approved and the City of Tulsa hereby accepts a beneficial interest in the Tulsa County Vision Authority and accepts all of the terms and provisions of the Declaration of Trust as authorized by the applicable statutes of the state of Oklahoma.

*(Ord. No. 21329)*

### Section 2101. Authorization to endorse approval and acceptance of Beneficial Interest.

That the Mayor and the City Clerk of the City of Tulsa are hereby authorized, instructed and directed to endorse upon the original of said Declaration of Trust the approval of the City of Tulsa of said Declaration of Trust creating the Tulsa County Vision Authority and the City's acceptance of the beneficial interest therein.

*(Ord. No. 21329)*

## APPENDIX I DECLARATION OF TRUST OF TULSA COUNTY VISION AUTHORITY (SECTIONS 2100 AND 2101).

*("Exhibit A" in Ord. No. 21329)*

KNOW ALL MEN BY THESE PRESENTS:

### I.
### DECLARATION AND COVENANT

The undersigned Trustor hereby contracts with the undersigned Trustees, and the latter, as individuals and not as holders of public office, hereby do declare and covenant, between themselves and unto the Trustor, the State of Oklahoma and the Beneficiary hereinafter described, that they and their successors do and will hold, receive and administer the Trust Estate hereinafter described, as Trustees of a public trust under and pursuant to the laws of the State of Oklahoma now in force and effect (generally, but not exclusively, Title 60, Oklahoma Statutes 2001, Sections 176-180.3, inclusive, and the Oklahoma Trust Act), solely for the use and benefit of the Beneficiaries for the public purposes and functions hereinafter set forth, in the manner provided in this instrument or, in the absence of applicable provision herein, then in the manner now provided by law. The aforesaid public trust is created by virtue of the execution of this instrument by the individuals signing the same as the Trustor and initial Trustees hereunder; and neither the acceptance of the beneficial interest hereunder, nor the endorsement hereon of such acceptance, for and on behalf of the designated Beneficiaries as provided by law, nor the fact that, at the time of signing this instrument, some or all of the initial Trustees are members of the governing body thereof, shall be deemed or construed to be the creation of a public trust by any such Beneficiary or the governing body thereof.

The undersigned Trustor hereby forever irrevocably conveys, relinquishes and assigns to the Trustees of the Authority any and all right, title and interest he may have in and under this Declaration of Trust and the trust created hereunder, including, without limitation, the right to consent to and approve any changes, amendments or supplements to this Declaration of Trust.

### II.
### NAME

The name of this Trust shall be, and the Trustees thereof in their representative fiduciary capacity shall be designated as the "Tulsa County Vision Authority". Under that name, the Trustees shall, so far as practicable, conduct all business and execute all instruments in writing, and otherwise perform their duties and functions, in execution of this Trust.

### III.
### PURPOSE

The purposes of this Trust, for and on behalf of the Beneficiary as hereinafter described, are:

**(a)** To determine which additional projects shall be funded with excess funds generated from the Tulsa County sales tax approved September 9, 2003, in

Propositions 2-4, inclusive, as provided in Section 8 of each of the three Resolutions adopted July 7, 2003, calling such Tulsa County sales tax election relating to propositions 2-4 inclusive.

**(b)** To approve any deletion or addition of projects from those listed in Section 8 of each of the three Resolutions adopted July 7, 2003, calling the Tulsa County sales tax election regarding propositions 2-4 inclusive, and any major change in scope of any such project.

## IV.
## DURATION

This Trust shall have duration for the term of duration of the Beneficiaries as hereinafter described, and until such time as the Trust's purposes shall have been fully executed and fulfilled, or until it shall be terminated as hereinafter provided.

## V.
## TRUST ESTATE

The Trust Estate shall consist of all money, property (real, personal and/or mixed), rights, choses in action, contracts, leases, privileges, franchises, benefits and all other things of value (whether or not above described) presently in or hereafter coming into the hands, or under the control, of the Trustees pursuant to the provisions of this instrument or by virtue of the Trusteeship herein declared. Furthermore, each of the Beneficiaries hereto shall contribute the sum of $1.00 to the Trust Estate upon acceptance of beneficial interest herein.

## VI.
## THE TRUSTEES

**(a)** The Trustees of this Trust shall be seven (7) in number, three of whom shall be the same persons, ex officio, who currently shall be the acting members of the legally-constituted governing body of Tulsa County, Oklahoma, without distinction as to the office held, one of whom shall be the same person, ex officio, who currently shall be the Mayor of the City of Tulsa, Oklahoma (the "Ex Officio Trustees"), and three of whom (the "Appointive Trustees"), shall be at the time of appointment the Mayor of a municipality, other than the City of Tulsa, located in whole or in part in Tulsa County, Oklahoma, and which has accepted beneficial interest in this Trust, and the undersigned, as Trustees, and all successors thereof who shall qualify as Trustees as hereinafter provided, each contract, agree and covenant with and to each other, with and to the State of Oklahoma, with and to each Beneficiary hereunder, and with and to each component thereof, as by law now in force and effect, that they will execute the trust herein declared and created, as Trustees for the Beneficiaries hereunder, and each component thereof, and that they do and will receive, hold and administer the Trust Estate solely for the use and benefit of the said Beneficiaries in the manner provided in this instrument, or, in the absence of applicable provision herein, then in the manner now provided by presently existing law. The Ex Officio Trustees and Appointive Trustees are herein collectively called the "Trustees". The initial Appointive Trustees shall be appointed by the presiding officer of the governing body of Tulsa County, Oklahoma, and confirmed by a majority of the persons who constitute the governing

body of Tulsa County, Oklahoma, and they shall serve, respectively, for fixed terms from the date of appointment and qualification as hereinafter provided to December 31, 2006, and each such person shall continue to serve until a successor shall have qualified, unless removed as provided by law.

Each undersigned Ex Officio Trustee shall continue as such until succeeded and replaced by some other person as an officer of Tulsa County, Oklahoma, above designated, or as Mayor of the City of Tulsa, as appropriate, ex officio, to be an Ex Officio Trustee and such other person shall have qualified as an Ex Officio Trustee hereunder as provided in paragraph (f) of this Section; each person who shall become such an above-designated member of the governing body of Tulsa County, Oklahoma or the Mayor of the City of Tulsa, as appropriate, shall be entitled to qualify as, and to become, an Ex Officio Trustee hereunder and to continue as such, until succeeded and replaced by some other person as such member of the governing body of Tulsa County, Oklahoma, or as such Mayor of the City of Tulsa, as appropriate, and such other person shall have qualified as an Ex Officio Trustee hereunder as provided in paragraph (f) of this Section: PROVIDED, that in the event the number of persons constituting the governing body of Tulsa County, Oklahoma, shall be reduced by or pursuant to applicable law, any person serving as an Ex Officio Trustee who shall cease to be a member of the governing body of Tulsa County, Oklahoma, shall, forthwith, cease to be an Ex Officio Trustee of this Trust.

Each Appointive Trustee shall continue as such unless such Appointive Trustee shall cease to be a member of the legally-constituted governing body of the Tulsa County municipality from which he was appointed, in which event such person shall, forthwith, cease to be an Appointive Trustee of this Trust. All of the legal rights, powers and duties of each Trustee shall terminate when he shall cease to be a Trustee hereunder and all of such legal rights, powers and duties shall devolve upon his successor and successors, with full right and power of the latter to do or perform any act or thing which his predecessor or any predecessor could have done or performed.

Successors to each of the Appointive Trustees shall have fixed terms of one (1) year, and shall continue to serve until a successor has qualified hereunder. Upon the expiration of the fixed term of an Appointive Trustee, the power of appointment of his successor hereby is vested in the person who then shall be the presiding officer of the governing body of Tulsa County, but before such appointment shall become effective, it also shall require the confirmation of a majority of the persons who then shall constitute the governing body of Tulsa County; Provided, that if the form of government of Tulsa County be changed, or the said Tulsa County shall have been succeeded by another governmental entity as provided in Section VIII hereof, then the aforesaid appointive power shall be vested in the person who then shall be the elected official who shall be the presiding officer of the governing body thereof, and confirmation of all such appointments shall be required by a majority of persons who then shall constitute the elected governing body of such successor.

In the event of a vacancy in a Appointive Trusteeship, the Trustees shall certify the fact of said vacancy to the above described appointive power and the Mayor of a municipality, other than the City of Tulsa, located in whole or in part in Tulsa County and which has accepted beneficial interest in this Trust, shall be appointed as an Appointive Trustee for the unexpired term by the presiding officer of the governing

body of Tulsa County and confirmed by a majority of persons who constitute the governing body of Tulsa County. In the event that the aforesaid appointing and confirming power, as above set forth, shall fail effectively to appoint a successor Appointive Trustee or said Trustee shall fail to qualify as a Trustee within thirty (30) days next following the expiration of the fixed term of an incumbent Appointive Trustee or within thirty (30) days next following certification of the fact of existence of a vacancy, the power of appointment of a successor Trustee shall be vested in the then remaining incumbent Trustee or Trustees. The determination of the right of any person to qualify as a Trustee hereunder shall be vested exclusively in the incumbent Trustees, and their determination shall be final.

All of the legal rights, powers and duties of each Trustee shall terminate when he shall cease to be a Trustee hereunder and all of such legal rights, powers and duties shall devolve upon his successor and successors, with full right and power of the latter to do or perform any act or thing which his predecessor or any predecessor could have done or performed.

**(b)** The person who shall be the Chairman of the Board of County Commissioners of Tulsa County, Oklahoma, shall become automatically the Chairman of the Trustees and shall preside at all meetings and perform other duties designated by the Trustees. The Trustees shall designate the time and place of all regular meetings. A majority of the duly qualified and acting Trustees of this Trust shall constitute a quorum for voting purposes and all other purposes hereunder. All actions by the Trustees pursuant to the provisions of this Declaration of Trust shall be approved by the affirmative vote of at least a majority of a quorum of the Trustees. The Trustees shall select one of their members to be Vice-Chairman, who shall act in the place of the Chairman during the latter's absence or incapacity to act.

**(c)** The Trustees shall select a person to act as Secretary of the Trustees. The Secretary shall keep minutes of all meetings of the Trustees and shall maintain complete and accurate records of all their financial transactions, all such minutes, books and records to be on file in the office of the Trust. All meetings of the Trustees shall comply with the Oklahoma Open Meeting Act, and the books, records and minutes of the Trustees shall comply with the Oklahoma Open Records Act.

**(d)** The person who shall be the County Treasurer of the Tulsa County, Oklahoma, shall act as Treasurer of the Trustees.

**(e)** All Trustees shall serve without compensation but may be reimbursed for actual expenses incurred in the performance of their duties hereunder from any legally available funds of the Trust.

**(f)** All Trustees serving hereunder, shall qualify by written acceptance of all of the terms of this instrument, duly acknowledged and filed in the office of the County Clerk of Tulsa County, Oklahoma, and by subscribing and filing such oaths as shall be required by law of public officers of the State of Oklahoma.

**(g)** Upon each change of personnel of the Trustees hereunder, the Trustees shall cause to be filed in the office of the County Clerk mentioned in paragraph (f) above, a certificate as to the entire personnel of the Trustees of this Trust.

**(h)** The acceptance of the office of Trustee of this Trust shall not constitute the Trustees hereunder to be in partnership or association, but each shall be an individual and wholly independent Trustee only.

**(i)** Notwithstanding any provision of this instrument which shall appear to provide otherwise, no Trustee or Trustees shall have any power or authority to bind or obligate any other Trustee, or any Beneficiary of this Trust, in his or its individual capacity.

**(j)** All persons, firms, associations, trusteeships, corporations, municipalities, governments, and all agents, agencies and instrumentalities thereof, contracting with any Trustee or Trustees, shall take notice that all expenses and obligations, and all debts, damages, judgments, decrees or liabilities incurred by any Trustee or Trustees and any of the foregoing incurred by any agent, servant, or employee of any such Trustee or Trustees, in the execution of the purposes of this Trust, whether arising from contract or tort, shall be solely chargeable to, and payable out of the Trust Estate. In no event shall any Trustee, or any Beneficiary of this Trust, be in any manner individually liable for any injury or damage to persons or property, or for breach of contract or obligation, caused by, arising from incident to or growing out of the execution of this Trust; nor shall they, or any of them, be liable for the acts or omissions of each other or of any agent, servant or employee of the aforesaid Trustees, or of another such Trustee: PROVIDED, HOWEVER, that the foregoing shall not apply to any willful or grossly negligent breach of trust of any said Trustee.

## VII.
## POWERS AND DUTIES OF TRUSTEES

Subject to, and in full compliance with, all requirements of law applicable to this Trust or to the Trustees thereof:

**(a)** The Trustees, in the manner hereinafter set forth, shall do, or cause to be done, all things which are incidental, necessary, proper or convenient to carry fully into effect the purposes enumerated in Section III of this instrument, with the general authority hereby given being intended to make fully effective the power of the Trustees under this instrument.

**(b)** The Trustees, by Resolution, may divide the duties of the Trustees hereunder, delegating all or any part of such duties to one or another of the Trustees as they deem proper; but, where a specific duty is not so delegated, a majority of a quorum of the Trustees must act for the Trust.

**(c)** No bond shall be required of the Trustees, or any of them, unless they shall deem the same proper and shall provide therefor by Resolution.

**(d)** All records of the Trust shall be kept at the principal office of the Trust.

**(e)** As soon as reasonably convenient after the acceptance of beneficial interest hereunder by any Beneficiary, the Trustees' first meeting shall be held at the call of any Trustee. At their first meeting, the Trustees shall designate the principal office of the Trust; and they also shall designate the time and place for regular meetings of the Trustees. No notice shall be required for the holding of regular meetings of the Trustees except as otherwise provided by law. Special meetings may be held upon such call as shall be fixed by Resolution of the Trustees. The Trustees shall cause to be filed in all places where this instrument is recorded, a certificate designating the principal office of the Trust and the time and place of regular meetings of the Trustees; and any changes therein shall be filed for record in like manner.

## VIII.
## BENEFICIARIES

**(a)** The term "Beneficiaries", as used in this instrument, shall denote Tulsa County, Oklahoma, the City of Tulsa, the City of Bixby, the City of Broken Arrow, the City of Collinsville, the City of Glenpool, the City of Jenks, the City of Owasso, the City of Sand Springs, the Town of Skiatook, and the Town of Sperry, acting by and through their governing bodies, and likewise shall denote any governmental entity which hereafter may succeed such County or any such municipality as the governing authority of the territory lying within the boundaries of said County or any such municipality on the effective date of this instrument.

**(b)** The Beneficiaries shall have no legal claim or right to the Trust Estate, or to any part thereof, against the Trustees or anyone holding under them; neither shall the Beneficiaries, as such, have any authority, power or right whatsoever to do or transact any business whatsoever for, or on behalf of, or binding upon, the Trustees or the Trust Estate; neither shall the Beneficiaries have the right to control or direct the actions of the Trustees in respect of the Trust Estate, or any part thereof; nor shall the Beneficiaries have any right to demand or require any partition or distribution of the Trust Estate, or any part thereof. The Beneficiaries shall be entitled solely to the benefits of this Trust, as administered by the Trustees hereunder, and at the termination of the Trust, as provided herein, and then only, each of the Beneficiaries hereunder shall be entitled to the sum of $1.00, with the exception of Tulsa County, Oklahoma, which shall in addition to the sum of $1.00 receive the remaining residue of the Trust Estate. Notwithstanding anything in the aforesaid appearing to be to the contrary, no provision in this instrument and/or of any Acceptance of Beneficial Interest thereunder by the governing bodies of the said Beneficiaries, limiting, restricting or denying any authority, power, or right of the Beneficiaries of said Trust in relation to the administration thereof is intended, or shall be construed or interpreted, to effect a surrender, or to attempt to effect a surrender, of any of the sovereign governmental powers of the State of Oklahoma or of the Beneficiaries; but any and all provisions of this trust instrument are intended, and shall be applied, to relate solely and only to the proprietary rights and property interests of the said Beneficiaries, in trust, as distinguished from their sovereign governmental powers and authority. It further is agreed that nothing contained in this Declaration of Trust and/or in any Acceptance of Beneficial Interest thereunder shall be construed, interpreted or applied as intending to grant, or to grant to the Trustees hereunder an exclusive franchise in relation to any powers, rights or authority of the Trustees under this instrument.

## IX.
## TERMINATION

**(a)** This Trust shall be irrevocable by the Trustor and shall terminate:

**(1)** When the purposes set forth in Section III of this instrument shall have been fully executed and fulfilled: or

**(2)** In the event of the happening of any event or circumstance that would prevent said purposes from being executed and fulfilled AND all of the Trustees and the governing bodies of the Beneficiaries who have accepted beneficial interest

hereunder, with the approval of the Governor of the State of Oklahoma, shall agree that such event or circumstance has taken place: PROVIDED, HOWEVER, that all indebtedness of the Trust shall have been paid; or

**(3)** In the manner provided by Title 60, Oklahoma Statutes 2001, Section 180:

PROVIDED, HOWEVER, that this Trust shall not be terminated by voluntary action if there be outstanding indebtedness or fixed-term obligations of the Trustees, unless all owners of such indebtedness or obligations or someone authorized by them so to do, shall have consented in writing to such termination.

**(b)** Upon the termination of this Trust, the Trustees shall proceed to wind up the affairs of the Trust, and, after payment of all debts and obligations out of Trust assets, to the extent thereof, shall distribute the residue of the Trust assets to Tulsa County, Oklahoma, as provided in Section VIII of this instrument. Upon final distribution as aforesaid, the powers, duties and authority of the Trustees hereunder shall cease.

## X.
## PARTIAL INEFFECTIVENESS

The invalidity or ineffectiveness for any reason of any one or more words, phrases, clauses, paragraphs, subsections or sections of this instrument shall not affect the remaining portions hereof so long as such remaining portions shall constitute a rational instrument. Any such invalid or ineffective portion was inserted conditionally upon its being valid and effective only; and this instrument shall be construed as though such invalid or ineffective portion had not been inserted herein.

## XI.
## COVENANT

The provisions hereof shall be binding upon the undersigned, their heirs, executors, administrators and assigns.

IN WITNESS WHEREOF, we have hereunder set out hands, executing this Declaration of Trust in several multiple originals, all of which constitute one and the same instrument, this 26 day of June, 2006.

## CHAPTER 22. TULSA STADIUM TRUST

Section 2200. Beneficial interest in the Tulsa Stadium Trust accepted.
Section 2201. Authorization to endorse approval and acceptance of beneficial interest.
Appendix I Trust Indenture Tulsa Stadium Trust (§§ 2201-2202) ("Exhibit A" in Ord. No. 21886).

### Section 2200. Beneficial interest in the Tulsa Stadium Trust accepted.

That the Tulsa Stadium Trust created by Trust Indenture dated the 25th day of September, 2008, a copy of which Trust Indenture is attached hereto and marked "Exhibit A" wherein the City of Tulsa is designated as the sole beneficiary of said trust, is hereby approved and the City of Tulsa hereby accepts the beneficial interest in the Tulsa Stadium Trust and accepts all of the terms and provisions of the Trust Indenture as authorized by the applicable statutes of the state of Oklahoma.

### Section 2201. Authorization to endorse approval and acceptance of beneficial interest.

That the Mayor and the City Clerk of the City of Tulsa are hereby authorized, instructed and directed to endorse upon the original of said Trust Indenture the approval of the City of Tulsa of said Trust Indenture creating the Tulsa Stadium Trust and the City's acceptance of the beneficial interest therein.

## TRUST INDENTURE TULSA STADIUM TRUST

KNOW ALL MEN BY THESE PRESENTS:

This Trust Indenture is dated and made this 25th day of September, 2008, by and between:

**(i)** Steven J. Malcolm, James F. Adelson, John-Kelly C. Warren, and Arlo B. DeKraai, (the "Trustors"); and,

**(ii)** Mayor of the City of Tulsa, Steven J. Malcolm, Glenn A. Strobel, Larry Lyon, Reuben Gant, James F. Adelson, John-Kelly C. Warren, Arlo B. DeKraai, and Stanley A. Lybarger (the "Trustees").

WITNESSETH:

That, in consideration of the payment by the Trustors to the Trustees of the sum of One Dollar ($1.00); the receipt of which is hereby acknowledged, and of the mutual covenants herein set forth, the Trustees agree to hold, manage, invest, assign, convey, lease and distribute in accordance with the terms and provisions of this Trust Indenture, all such property as Trustors or others may from time to time assign, transfer, lease, convey, give, bequeath, devise or deliver to this Trust (as hereafter defined) or the Trustees.

TO HAVE AND TO HOLD such property and the proceeds, rents, profits and increases thereof in trust, for the use and benefit of the City of Tulsa, Oklahoma, a municipal corporation, (the "Beneficiary") on the terms and provisions of this Trust Indenture.

### ARTICLE I
### Creation of Trust

**(1)** The Trustors hereby create and establish a trust (the "Trust") for the use and benefit of the Beneficiary and for the public purposes hereinafter set forth under the provisions of Title 60, Oklahoma Statutes, 2001, Section 176 to 180.4, inclusive, as amended and supplemented from time to time, and other applicable statutes of the State of Oklahoma, now in existence or hereinafter enacted.

**(2)** The specific citation of any Act shall not limit the powers of the Trust to engage in any activity permitted under the Oklahoma Trust Act or the laws of the State of Oklahoma in regard to public trusts. Subject only to the provisions of this Trust Indenture, this Trust may engage in any purpose or function permitted of a public trust under the laws of the State of Oklahoma.

### ARTICLE II
### Names and Definitions

The name of this Trust shall be the "Tulsa Stadium Trust." The Trustees shall conduct all business and execute all instruments and otherwise perform the duties and functions required in the execution of this Trust in the name of the Trust.

### ARTICLE III
### Purpose and Powers of The Trust

**(1)** The Trust purpose shall be and the Trust shall have the power (i) to acquire, construct, own, operate, and sell a baseball stadium in downtown Tulsa (herein called the "Tulsa

Stadium Project") and (ii) to acquire, construct, own, operate, and sell amenities and facilities necessary or convenient thereto as determined by the Trustees in their discretion; provided, that if the Trustees determine it is in the best interests of the Trust to sell all or substantially all of the assets of the trust, that decision shall be made subject to approval by the City Council; and, provided further, that the Trust shalt not acquire any interest in real property located outside of the area bounded by North Detroit Street on the West, the railroad right of way on the South, and US Highway 244 on the North and East (the "Stadium Development Boundary") without the written consent of the City Council. Notwithstanding the foregoing, the Trust shall not acquire real property owned by or contracted for development by the Greenwood Community Development Corporation within the Stadium Development Boundary.

**(2)** In addition to the foregoing purposes and powers, the Trust shall have the further purpose and power to engage in other projects related to the Tulsa Stadium Project and approved by a vote of two-thirds of the Trustees, including any maintenance and improvement of property either owned directly by the Trust or under maintenance or improvement contract with the Trust.

**(3)** In exercising the powers described above, the Trust may engage in any lawful activity authorized by the Oklahoma Public Trust Act and other applicable statutes of the State of Oklahoma, with or without the participation of other agencies or private entities and may exercise such powers in any lawful manner by the expenditure and depletion of Trust revenues and/or assets. Without limiting the foregoing, in the exercise of the powers of this Trust, the Trustees may take any or all actions deemed necessary or appropriate by the Trustees, including, without limitation, any one or more of the following:

**(a)** demolish, clear, assemble, prepare, rehabilitate, repair, refurbish, erect, construct, purchase, lease, mortgage, and sell real or personal property;

**(b)** incur short term and long term indebtedness, issue notes and bonds for the repayment thereof, and grant mortgages, liens, and security interests to secure such repayment;

**(c)** enter into such purchase and sale agreements, services agreements (including agreements for architectural, real estate, management, legal, accounting, and other professional services), management agreements, and other agreements of whatsoever nature and duration as the Trustees may deem advisable.

**(4)** To assist the Trust in the construction of the Stadium and the planning of related amenities adjacent thereto funded by assessments paid pursuant to the Tulsa Stadium Improvement District No. 1. the Trustees shall establish an advisory committee (the "Construction and Planning Committee").

**(a)** The Construction and Planning Committee shall consist of (i) one or two of the Trustees elected by the Trustees, (ii) a representative designated by the Greenwood Community Development Corporation, and (iii) three persons designated by the Trustees who possess experience and professional qualifications in facility construction and/or project management.

**(b)** Upon reasonable request by the Construction and Planning Committee, the Trustees shall receive, consider, and act upon recommendations of the Construction and Planning Committee respecting such construction and planning.

## ARTICLE IV
## Duration of Trust

The Trust shall continue until it shall be terminated as hereinafter provided.

## ARTICLE V
## The Trust Estate

**(1)** The Trust Estate shall consist of

**(a)** The funds and property presently in the hands of the Trustees, including the consideration recited above;

**(b)** Any and all property assigned, leased or transferred to the Trust, including any such property assigned, leased, or transferred by the Beneficiary;

**(c)** Any and all improvements that may be constructed by, or on behalf of, the Trust upon any property owned by or leased to the Trust; and

**(d)** Any and all money, property, real, personal, or mixed, rights, choses in action, contracts, leases, privileges, immunities, licenses, franchises, benefits and all other things of value coming into the possession of the Trust.

## ARTICLE VI
## The Trustees

**(1)** There shall be a total of nine (9) Trustees of this Trust.

**(2)** The Trustees shall be designated by number as Trustee No. 1, Trustee No. 2, Trustee No. 3, Trustee No. 4, Trustee No. 5, Trustee No. 6, Trustee No. 7, Trustee No. 8, and Trustee No. 9. The term of the Trustees designated as Trustee No. 3 through Trustee No. 5 shall be three (3) years. The term of the Trustees designated as Trustee No. 6 through Trustee No. 9 shall be five (5) years, except as hereafter provided for the initial Trustees.

**(3)** The initial Trustees and the terms of the Trustees are as follows:

**(a)** Trustee No. 1 shall be at all times the then duly elected and serving Mayor of the City of Tulsa and shall serve until her successor as Mayor has been duly elected and qualified.

**(b)** Steven J. Malcolm shall be the initial Trustee No. 2. Trustee No. 2 shall serve for a term of four (4) years, or until his successor is appointed, confirmed and qualified. A vacancy in the office of Trustee No. 2 shall be filled by an owner of property (or in the case of the owner of property which is not an individual, its representative) located within the Inner Dispersal Loop of the City of Tulsa paying assessments to the Tulsa Stadium improvement District appointed by the Mayor and approved by the City Council of the City of Tulsa.

**(c)** Glenn A. Strobel shall be the initial Trustee No. 3. Trustee No. 3 shall serve for a term of three (3) years, or until his successor is appointed, confirmed and qualified. A vacancy in the office of Trustee No. 3 shall be filled by an owner of property or payor of assessments (or, in the case of the owner of property or payor which is not an individual, its representative) paying assessments to the Tulsa Stadium Improvement District on property of less than 250,000 square feet, approximately, recommended to the Mayor by the Trustees, appointed by the Mayor, and approved

by the City Council of the City of Tulsa. In the event, the City Council fails to approve a person so appointed by the Mayor, the process shall be repeated until the City Council approves a person so appointed.

**(d)** Larry Lyon shall be the initial Trustee No. 4. Trustee No. 4 shall serve for a term of three (3) years, or until his successor is appointed, confirmed and qualified. A vacancy in the office of Trustee No. 4 shall be filled by an owner of property or payor of assessments (or, in the case of the owner of property or payor which is not an individual, its representative) paying assessments to the Tulsa Stadium Improvement District No. 1 ("Tulsa Stadium Improvement District") on property of less than 100,000 square feet, approximately, recommended to the Mayor by the Trustees, appointed by the Mayor, and approved by the City Council of the City of Tulsa. In the event, the City Council fails to approve a person so appointed by the Mayor, the process shall be repeated until the City Council approves a person so appointed.

**(e)** Reuben Gant shall be the initial Trustee No. 5. Trustee No. 5 shall serve for a term of three (3) years, or until his successor is appointed, confirmed and qualified. A vacancy in the office of Trustee No. 5 shall be filled by a person designated by the Greenwood Community Development Corporation, recommended to the Mayor by the Trustees, appointed by the Mayor, and approved by the City Council of the City of Tulsa. In the event, the City Council fails to approve a person so appointed by the Mayor, the process shall be repeated until the City Council approves a person so appointed.

**(f)** James F. Adelson shall be the initial Trustee No. 6. The term of the initial Trustee No. 6 shall be two (2) years.

**(g)** John-Kelly C. Warren shall be the initial Trustee No. 7. The term of the initial Trustee No. 7 shall be three (3) years.

**(h)** Stanley A. Lybarger shall be the initial Trustee No. 8. The term of the initial Trustee No. 8 shall be four (4) years. Upon the expiration of the initial term of Trustee No. 8, a vacancy in the office of Trustee No. 8 shall be filled by an owner of property or payor of assessments (or, in the case of the owner of property or a payor of assessments which is not an individual, its representative) paying assessments to the Tulsa Stadium Improvement District recommended to the Mayor by the Trustees, appointed by the Mayor, and approved by the City Council of the City of Tulsa. In the event, the City Council fails to approve a person so appointed by the Mayor, the process shall be repeated until the City Council approves a person so appointed.

**(i)** Arlo B. DeKraai shall be the initial Trustee No. 9. The term of the initial Trustee No. 9 shall be five (5) years.

**(4)** Except for Trustee No. 1 no initial Trustee shall assume office until approved by the City Council of the City of Tulsa. In the event the City Council fails to approve an initial Trustee the office shall be filled in the same manner as is provided herein for a successor to such initial Trustee.

**(5)** Except for Trustee No. 1, no trustee may immediately succeed herself or himself, but a Trustee may serve as a Trustee in more than one term provided such Trustee has not been a Trustee for at least one year preceding her or his appointment.

**(6)** All Trustees shall serve until their successors are appointed and approved as provided in this Trust Indenture

**(7)** Whenever nominations or recommendations for successor trustees are required by this Trust Indenture, such nominations or recommendations shall be submitted to the Mayor within forty-five (45) days of the creation of the vacancy or expiration of an existing term. Upon failure to receive nominations or recommendations within such time period, the Mayor shall submit such appointments to the City Council for approval without the recommendation or nomination. Whenever this Trust Indenture provides for the Mayor to appoint successor trustees for approval by the City Council, the Mayor shall submit such appointments to the City Council within sixty (60) days from the creation of the vacancy or expiration of an existing term or within such additional time as may be authorized by the Council, for good cause shown. Upon omission of the Mayor to timely appoint such successor Trustees, such appointments shall be made by the City Council.

**(8)** Any vacancy in Trustee positions Nos. 6, 7 and 9 (whether occurring by reason of the expiration of a term, death, incapacity, resignation, or otherwise) shall be filled in the following manner:

**(a)** Trustee No. 6, Trustee No. 7, and Trustee No. 9 (including the Trustee leaving the Board, if available) may nominate a person to be considered by the Board for submission to the City Council of the City of Tulsa to fill the vacancy. The Board shall by majority vote (including the vote of the Trustee leaving the Board, if available) select a person from among such persons so nominated and submit the name of such person to the City Council of the City of Tulsa for her or his appointment to fill the vacancy.

**(b)** In the event, the City Council of the City of Tulsa fails to appoint a person nominated in accordance with the foregoing subparagraphs, the Board shall submit the name of other persons in accordance with the foregoing sub-paragraph until the City Council appoints a person so nominated.

**(9)** All Trustees appointed hereunder shall qualify by a written acceptance of all the terms of this instrument, duly acknowledged and signed in the same manner and in the same places that this instrument is acknowledged and filed. All Trustees, permanent and temporary, before assuming the powers and duties as such, also shall subscribe and file such oaths as shall be required by law for public officers of the State of Oklahoma.

**(10)** The Trustees shall elect at the first meeting of the Trustees, and annually thereafter, by majority vote, a Chairman of the Board of Trustees, who shall preside at all meetings and perform other duties designated by the Trustees. The Trustees shall designate the time and place of all regular meetings. At their first meeting, and any time thereafter, the Trustees may adopt Bylaws and or Rules of Procedure to govern the conduct of meetings of the Trust. Any such Bylaws or Rules of Procedure may be amended from time to time as deemed necessary or appropriate by the Trustees. All actions by the Trustees pursuant to the provision of this Trust Indenture shall be approved by the affirmative vote of at least a majority of the Trustees qualified to act as such under the provisions of this Trust Indenture, and present at a meeting at which a quorum is present. Five Trustees shall constitute a quorum. The Trustees shall elect one or more of their members to be Vice-Chairman who shall act in the place of the Chairman during the latter's absence or incapacity to act or serve.

**(11)** The Trustees shall elect a Secretary of the Trustees who may or may not be a Trustee. The Secretary shall keep minutes of all meetings of the Trustees. All such minutes, books and records shall be on file in the principal office of the Trust, which said office shall be within the City of Tulsa, Oklahoma. All meetings of the Trustees shall be open to the public, and the books, records and minutes of the Trustees shall be considered as public records and available for inspection at all reasonable times by any interested person or persons.

**(12)** The Trustees shall elect a Treasurer of the Trustees who may or may not be a Trustee, and who shall maintain complete and accurate records of all their financial transactions.

**(13)** The Trustees may appoint an Executive Director for the Trust and may employ such other clerical, professional, legal and technical assistance as may be deemed necessary in the discretion of the Trustees to properly operate the business of the Trust, and may fix their duties, terms of employment and compensation. In the event an Executive Director for the Trust is appointed by the Trustees, the said Executive Director shall administer the business of the Trust as directed from time to time by the Trustees.

**(14)** Upon each change of personnel of the Trustees hereunder, the Chairman of the Board of Trustees shall cause to be filed in the office of the City Clerk of the City of Tulsa, a certificate of the entire personnel of the Board of Trustees of the Trust.

**(15)** The Trustees shall be, during their terms, subject to removal only by: (i) action of the District Court of Tulsa County, for cause shown, including incompetence, neglect of duty or malfeasance in office; or (ii) as provided 12 TRO Chapter 6.

**(16)** The Trustees, the City, or any agency thereof, shall not be charged personally with any liability whatsoever by reason of any act of omission committed or suffered in good faith or in the exercise of their honest discretion in the performance of such Trust or in the operation of the Trustee Estate; but any act or liability for any omission or obligation of the Trustees in the execution of such Trust, or in the operation of the Trust Estate shall extend to the whole of the Trust Estate or so much thereof as may be necessary to discharge such liability or obligation.

**(17)** No Trustee or Trustees shall have the power or authority to bind or obligate any other Trustee, or the Beneficiary in his or its capacity, nor can the Beneficiary bind or obligate the Trust or any individual Trustee.

**(18)** No Trustee shall be paid any compensation of any kind for his services as Trustee, except that each such Trustee shall be reimbursed for actual expenses incurred in the performance of his duties as Trustee.

## ARTICLE VII
## Powers and Duties of the Trustees

**(1)** Subject to the provisions and limitations otherwise provided in this Indenture, the Trustees shall have, in addition to the usual powers incident to their office, and the powers granted to them in other parts of this Trust Indenture, the following rights,

powers, duties, authority, discretion and privileges, all of which may be exercised by them without any order or authority from any court or legislative body except as herein provided:

**(a)** To accept by gift, devise or bequest or to purchase, lease, or otherwise acquire property, real, personal or mixed, franchises, contracts, leases, rights, privileges, benefits, choses in action, or other things of value and to pay for the same in cash, or other evidences of indebtedness or otherwise.

**(b)** To enter into contracts for the acquisition and construction of property, buildings and facilities authorized to be acquired and constructed pursuant to the terms of this Indenture. In the execution of these powers and duties, the Trustees may employ such architectural and engineering firm or firms as the Trustees deem necessary to prepare such preliminary and detailed studies, plans, specifications, cost estimates and feasibility reports as are required in the opinion of the Trustees. The cost of such engineering and architectural work shall be paid out of Trust funds as the Trustees may determine to be available therefor.

**(c)** To make and change investments; to convert real into personal property and vice versa; to lease, improve, exchange or sell, at public or private sale, upon such terms as they deem advisable, any or all of the property in the Trust, real or personal; to purchase property from any person, firm or corporation, and lease land and other property to and from the Beneficiary, and construct, improve, repair, remodel and equip buildings and facilities thereon and to operate or lease or rent the same to individuals, partnerships, associates, corporations and others, including the United States of America or the State of Oklahoma and agencies or authorities of the United States of America, or of the State of Oklahoma, or of any political subdivision thereof, as well as the Beneficiary hereof, and to do all things provided for in Article 111 of this Indenture, and procure funds necessary for such purpose by the rentals, income, receipts and profits from the personal property, buildings and facilities owned or otherwise acquired, leased or controlled by trustee, or from any other revenue associated with the ownership, operation or control of the property of the Trust to lease or sublease any property of the Trust or of which the Trustees may become the owners or lessees; to collect and/or receive for and disburse and/or pay to the Beneficiary such voluntary contributions as are or may be made for public purposes under such contractual arrangements as the Trustees may enter into with any person, firm, corporation or entity with respect to any property, whether real, personal or mixed; and to otherwise exercise any and all rights and powers which a trust organized and created pursuant to Title 60, Oklahoma Statutes, Sections 176, et seq., as amended, may now or hereafter exercise.

**(d)** To fix, demand, and collect charges, rentals and fees for the property, buildings and facilities of the Trust; to discontinue furnishings of properties, buildings and facilities to any person, firm or corporation, or public instrumentality, delinquent in the payment of any indebtedness to the Trust; to purchase and sell such supplies, goods and commodities as are incident to the operation of its properties.

**(e)** To make and perform contracts of every kind, including management contracts, with any person, firm, corporation, association, trusteeship, municipality, county,

state or federal government or any agency thereof. To collect and receive any property, money, rents, or income of any sort and distribute the same or any portion thereof for the furtherance of the authorized Trust purposes set out herein.

**(f)** To select depositories for the funds and securities of this Trust.

**(g)** To compromise any debts or claims of or against the Trust and to adjust any dispute in relation to such debts or claims by arbitration or otherwise and pay any debts or claims against the Trust upon any evidence that seems to the Trustees to be sufficient. The Trustees may bring any suit or action which in their judgment is necessary or proper to protect the interest of the Trust, or to enforce any claim, demand, or contract for the Trust; and they shall defend, in their discretion, any suit against the Trust, Trustees, employees, agents or servants thereof. They may compromise and settle any suit or action and discharge the same out of the Trust Estate, together with court costs and attorneys' fees. All such expenditures shall be treated as expenses of executing this Trust.

**(h)** To do all other acts, in their judgment, necessary or desirable for the proper and advantageous management, investment and distribution of the Trust Estate and income therefrom.

**(i)** To contract for the furnishing of any services or for the performance of any duties that they may deem necessary or proper, and pay for the same as they see fit; but in any case, said Trustees shall provide for an annual audit of the Trust property and operations, by an independent auditor, one copy each of which shall be filed with the Mayor and State Auditor and Inspector, and one copy of which shall be filed with the City Council of the City of Tulsa, pursuant to the Oklahoma Public Trust Act. Provided, however, that the City Council of the Beneficiary may order an audit of the Trust property and its operations at any time by Certified Public Accountants, a Certified Municipal Accountant or a licensed public accountant at the expense of the Trust and such audit shall be filed as hereinbefore provided.

**(j)** To issue bonds, notes, Security Agreements, or other obligations as may be necessary or desirable to carry out the purposes of the Trust, and to secure the payment of such obligations by the pledge of all or any part of the rents and income of the Trust.

**(k)** No purchaser at any sale or lessee under a lease made by the Trustees shall be bound to inquire into the expediency, propriety, validity or necessity of such sale or lease or to see to or be liable for the application of the purchase or rental monies arising therefrom.

**(1)** In the event a corporation, partnership or firm in which a Trustee has a substantial financial interest or in which a Trustee serves as an officer or director contracts with the Trust, such interest shall be disclosed by said Trustee and shall be entered in the minutes of the Trust and such Trustee shall not participate in any action on such transaction; provided, in the absence of fraud, no contract or other transaction shall be thereby affected or invalidated.

**(m)** Provided, however, that no part of the net earnings, if any, of this Trust or any of its properties, whether real, personal or mixed, shall ever inure to the benefit of any private individual or Trustee, and provided further, that no substantial part of the activities of this Trust shall consist of carrying on propaganda for, or otherwise

attempting to influence legislation, nor shall it participate in, or intervene in, including the publishing or distributing of statements or other and similar materials, any political campaign on behalf of any candidate for public office.

**(n)** The Trustee shall cause an annual budget to be compiled of all anticipated and proposed expenditures, expenses and outlay of trust funds for the initial and thereafter annually ensuing fiscal years of the Trust. Such budget and all amendments thereto shall be promptly submitted to the Mayor and City Council of the Beneficiary.

**(o)** Each Trustee, when acting in his or her official capacity, shall be subject to the City of Tulsa Ethics Code (Tulsa Revised Ordinances, Title 12, Chapter 6).

**(2)** The Trust shall not incur any debt which will create any financial liability upon the City of Tulsa. No indebtedness or obligation shall be created by the Trust until such indebtedness or obligation has been approved by a two-thirds (⅔) vote of the City Council of the City.

## ARTICLE VIII
## Beneficiary of Trust

**(1)** The Beneficiary of this Trust shall be the City of Tulsa, Oklahoma, a municipal corporation, under and pursuant to Title 60, Oklahoma Statutes, Section 176, et seq., and other statutes of the State of Oklahoma, presently in force and effect. Any approval of the Beneficiary required by this Trust Indenture shall be given by the City Council of the Beneficiary unless this Indenture provides for approval by the Mayor of the Beneficiary.

**(2)** This Trust Indenture may be altered, amended, revised or modified by and only with the express written consent of the Trustors, the Trustees, and the City Council on behalf of the Beneficiary, which said written consent shall be evidenced by endorsement upon any instrument of alteration, amendment, revision or modification; provided, that no such alteration, amendment, revision or modification shall take effect in such way as to impair the rights of the holder of any bond or other evidence of indebtedness of the Trust or party to whom the Trust is indebted in any way under written obligation of indebtedness.

**(3)** The Beneficiary shall have no legal title, claim or right to the Trust Estate, its income, or any part thereof, or to demand or require any partition or distribution thereof, or to demand or require any partition or distribution thereof, except as set forth hereinafter in this Trust Indenture. Neither shall said Beneficiary nor any agents thereof, have any authority, power or right, whatsoever, to do or transact any business for, or on behalf of, or binding upon, the Trustees or upon the Trust Estate, nor the right to control or direct the actions of the Trustees. The City of Tulsa as Beneficiary of this Trust shall be entitled solely to the benefits of this Trust as administered by the Trustees hereunder, and, at the termination of the Trust as herein provided and then only shall said City receive the residue of the Trust.

**(4)** The Trustees, after fulfilling the purposes of this Trust and after paying all obligations of the Trust and all the costs and expenses incident to the management, operation, maintenance and conservation of this Trust, shall then distribute the then remaining property, real, personal or mixed, to the Beneficiary of the Trust.

## ARTICLE IX
## Termination of Trust

**(1)** This Trust shall terminate:

**(a)** When the purposes set out in Article III of this Indenture shall have been fully executed, as determined by a majority vote of the full membership of both the Trustees and the governing body of the Beneficiary; or

**(b)** In the manner provided by Title 60, Oklahoma Statutes, Section 180, as it currently exists or may hereafter be amended or superseded.

Provided, however, that this Trust shall not be terminated by voluntary action, if there be outstanding indebtedness or fixed term obligations of the Trustees, unless all owners of such indebtedness or obligation shall have consented in writing to such termination.

**(2)** Upon the termination of the Trust, the Trustees shall proceed to settle the affairs of this Trust, and after payment of all debts and obligations out of the monies and properties of the Trust Estate, to the extent thereof, shall distribute the residue of all Trust property to the Beneficiary hereunder or to such other person or persons as may be required by law. Upon final distribution, the powers, duties and authority of the Trustees hereunder shall cease.

## ARTICLE X
## Acceptance of Trust

The Trustees accept the Trust herein created and provided for and agree to carry out the provisions on their part to be performed. If any one or more of the powers or provisions provided in this Indenture to be performed on the part of the Trust or on the part of the Trustees shall be declared by any court of competent jurisdiction to be contrary to law, then such powers or provisions shall be null and void and shall be deemed separable from the remaining powers or provisions and shall in no way affect the enforceability of any other power or provision of this Indenture, or of any bonds, notes or other evidences of indebtedness, issued hereunder.

IN WITNESSETH WHEREOF, the Trustors and the Trustees have hereunto set their hands this 25th day of September, 2008.

## ACCEPTANCE OF TRUST INDENTURE AND ACCEPTANCE OF BENEFICIAL INTEREST BY THE GOVERNING BODY OF THE BENEFICIARY

KNOW ALL MEN BY THESE PRESENTS:

Pursuant to action of the Council of the City of Tulsa, Oklahoma, a municipal corporation and governing body of the Beneficiary herein, on the 18th day of September, 2008, which action was taken by the affirmative vote of not less than two-thirds (⅔) of the entire membership of the Council, the said Council approves this Trust Indenture dated the 25th day of September, 2008, and hereby further accepts on behalf of the City of Tulsa, Oklahoma, the beneficial interest in the Tulsa Stadium Trust, a public trust with the City of Tulsa as its sole beneficiary, which Trust has been created for the purposes and with the powers set forth in the said Trust Indenture and pursuant to the law.

WITNESS my hand as Mayor of the City of Tulsa, Oklahoma, attested by the City Clerk of the City of Tulsa, Oklahoma, pursuant to such approval and acceptance by the Council of the City, has executed this Approval and Acceptance of Beneficial Interest for said governing body on this 6th day of October, 2008.

## Chapter 1. Weights and Measures

**[THIS PAGE INTENTIONALLY LEFT BLANK]**

## CHAPTER 1. WEIGHTS AND MEASURES

Section 100. Inspector.
Section 101. Meaning of terms.
Section 102. Systems of weights and measures.
Section 103. Technical requirements for commercial devices.
Section 104. Maintenance of City standards of weights and measures.
Section 105. Powers and duties of the inspector.
Section 106. Citation power.
Section 107. Injunction application.
Section 108. Special police powers.
Section 109. Right of hearing.
Section 110. Inspection of packages.
Section 111. Sale by net weight.
Section 112. Misleading packages.
Section 113. Misrepresentation of pricing.
Section 114. Misrepresentation of quantity.
Section 115. Information required on packages.
Section 116. Method of sale of commodities.
Section 117. Method of sale of meat, poultry, seafood and cheese.
Section 118. Machine vended commodities.
Section 119. Measures for garden and orchard products.
Section 120. Sale of meat by carcass, side or primal cut.
Section 121. Bulk commodities sold in terms of weight or cubic measure and delivered by vehicle.
Section 122. Sale of wood.
Section 123. Peddlers.
Section 124. Sale of ice.
Section 125. Interstate or intrastate shipments.
Section 126. Misleading advertisements prohibited.
Section 127. Advertising packages for sale.
Section 128. Consumer right to check-weigh.
Section 129. Vehicle scales.
Section 130. Duties of owners of incorrect devices.
Section 131. Coin-operated devices.
Section 132. Offenses and penalties.
Section 133. Special inspection service.
Section 134. Presumptive evidence.
Section 135. Provisions cumulative.
Section 136. Applicability to Department of Health functions.
Section 137. Construction.
Section 138. Cooperation in uniformity of regulations.

### Section 100. Inspector.

Subject to the provisions of the Charter of the City of Tulsa, the Mayor shall designate an Inspector of Weights and Measures and such Deputy Inspectors as necessary. It shall be the duty of the inspector to enforce all applicable state laws and City ordinances relating to weights and measures and to perform all other duties assigned by the Mayor.

## Section 101. Meaning of terms.

For the purposes of this chapter, the following words and phrases shall have the meanings given herein.

**A.** **Bulk sales** shall mean the sale of commodities when the quantity is determined at time of sale.

**B.** **Commercial weighing and measuring device** shall mean any weight or measure or weighing or measuring device commercially used or employed in establishing the size, quantity, extent, area, length or other measurements of things, produce, meats, articles or other commodities for distribution or consumption which are purchased, offered, exposed for sale, submitted for sale, hire, award or in computing any basic charge or payment for services rendered or payment for goods received on the basis of weight or measure, and shall include any accessory attached to or used in connection with a commercial weighing or measuring device where such accessory is so designed or installed that its operation affects or may affect the accuracy of the device.

**C.** **Commodity** shall mean goods, things, articles, wares, merchandise, foodstuffs, chemicals, raw materials, products of the soil, produce, meat poultry and dairy products, petroleum products, scrap material or any other substance, either solid or liquid.

**D.** **Correct,** as used in connection with weights and measures, shall mean conformance to all applicable technical requirements for accuracy.

**E.** **Check-weigh** shall mean verification of the quantity represented on a prepackaged commodity, upon the request of a customer and in his presence.

**F.** **Inspector** shall mean the City official responsible for the supervision of weights and measures standards in this jurisdiction and assistant inspectors acting under his control and direction.

**G.** **Intrastate** shall mean any and all commerce or trade that is begun, carried on and completed wholly within the limits of the state of Oklahoma, and the phrase introduced into intrastate commerce shall define the time and place at which the first sale and delivery of a commodity is made within the state, such delivery being made either directly to the purchaser or to a common carrier for shipment to the purchaser.

**H.** **Net weight,** as used in connection with any commodity, shall be that weight excluding all tare weight as herein defined.

**I.** **Package** shall mean any commodity put up or packaged in any manner, in advance of sale, in units suitable for either wholesale or retail sale.

**J.** **Removal order** shall mean any order or written notice declaring that the device being used in violation of the provisions of this chapter shall be permanently removed from commerce.

**K.** **Stop-use order** shall mean any order or written notice declaring that the use of a device is in violation of the provisions of this chapter, and the use of such device shall be stopped or discontinued.

**L.** **Stop-removal order** shall mean any order or written notice declaring that the device being used in violation of the provisions of this chapter shall be removed from commerce for a reasonable temporary period of time.

**M. Stop-sale order** shall mean any order or written notice declaring that the packaged commodities inspected do not contain the quantity or amount as represented on the package label. The Inspector can order a "stop-sale" on a lot or shipment if, after taking a reasonable sample, the sample falls below the standards established in the National Bureau of Standards Handbook 67, Checking Prepackaged Commodities.

**N. Sell** shall include in any of its variant forms the word sell, barter, exchange, trade, keep for sale, offer for sale and expose for sale.

**O. Tare weight** shall mean any material or thing that is weighed with, but not an actual part of a commodity sold by weight; tare weight may include, in the case of a packaged commodity, a wrapper, container, packaging material, binding material, preservative or the like, or in the case of bulk commodity, a vehicle, box, crate, can, jar or the like.

**P. Weights and measures** shall mean all instruments and devices for weighing and measuring and any appliances and accessories associated with any or all such devices; except that the term shall not include meters for the measurement of electricity, natural gas or water which are operated in a public utility system. The term shall not include metered pumps and units which measure and dispense gasoline or any other liquid petroleum product in a fluid state.

**Q. Person** shall include both the singular and the plural, and shall include individuals, partnerships, agents, corporations, companies, societies, associations and their employees, proprietors and officers.

### Section 102. Systems of weights and measures.

The system of weights and measures in customary use in the United States and the metric system of weights and measures are jointly recognized and either or both of these systems shall be used for commercial purposes in this jurisdiction. The definitions of basic units of weight and measure, the tables of weight and measure, and weights and measures equivalents, as published by the National Bureau of Standards and recognized by the state of Oklahoma, are recognized and shall govern weighing and measuring equipment and transactions in the City of Tulsa.

### Section 103. Technical requirements for commercial devices.

The specifications, tolerances and other technical requirements for commercial weighing and measuring devices as adopted by the National Conference on Weights and Measures and published in the National Bureau of Standards, Handbook 44, and supplements thereto or revisions thereof, shall apply to commercial weighing and measuring devices in the City of Tulsa, except insofar as they are reasonably modified or rejected by the Inspector.

### Section 104. Maintenance of City standards of weights and measures.

Weights and measures, in conformity with the standards of the National Bureau of Standards, as have been obtained by the City for use as City standards, shall, when the same have been examined and approved by the inspector, be the official standards of weights and measures. The inspector may seek the inspection and approval of the Director of the Department of Agriculture of the state of Oklahoma, in the event he questions the accuracy of the standards obtained by the City. The City standards of weights and measures shall be kept in a safe and suitable place designated by the Inspector. The City

standards shall be submitted at least once every three (3) years to the Director of the Department of Agriculture of the state of Oklahoma or to some testing laboratory recommended by the Director for certification of accuracy.

### Section 105. Powers and duties of the inspector.

**A.** The inspector shall be empowered to inspect and test weights and measures kept, offered or exposed for sale.

**B.** The inspector shall inspect, as many times he deems necessary to ascertain if they are accurate, all weights and measures commercially used, without prejudice to the type of equipment used, including but not limited to:

**1.** Their use in determining the weight, measure or count of commodities, things sold, offered or exposed for sale, on the basis of weight, measure or count;

**2.** Their use in computing the basic charge or payment for services rendered on the basis of weight, measure or count;

**3.** Their use in computing the payment for commodities purchased on the basis of weight, measure or count; and

**4.** Their use in spot-checking commodities prepackaged in mass production to insure that the commodities meet their declared weight, measure or count.

**C.** The inspector shall keep a record of all weights and measures devices inspected by him, specifying the name of the person for whom the inspection was performed, his address and the date of the inspection. He shall keep a record of all complaints, specifying the name of the business charged, its address, the nature of the charge, the findings and any corrective action taken. He shall keep a record of all condemnations of weights and measures devices, specifying the business, its address, the device type, model and serial number, the date condemned, the date repaired and placed back into service and the date reinspected and sealed.

**D.** The inspector shall place the City "Seal of Approval" upon correct devices in a conspicuous place, so as to be easily seen by the customer. The seal shall show the date of inspection and the signature or identification number of the inspector.

**E.** Upon his discretion and with the express consent of the owner, the inspector may make any minor adjustments to devices, except electronic meat pricing scales and measure graphs, to bring such devices into conformance with the required standards; provided, however, that such adjustments shall not in any way damage the operating mechanisms of the devices.

**F.** The inspector shall reinspect and seal previously condemned or rejected devices after they have been repaired and placed back into service.

**G.** The inspector shall promulgate, adopt and issue reasonable regulations for the enforcement of this chapter, subject to the approval of the City Council. Such regulations shall be filed with the City Clerk.

**H.** The inspector shall grant exemptions from the provisions of this chapter with respect to classes of weights and measures found to be of such character that an inspection is superfluous to maintaining continued good commercial practices.

**I.** The inspector shall condemn or reject those commercially used weighing and measuring devices that do not conform to the technical requirements as established in the

National Bureau of Standards, Handbook 44; provided, however, that he may allow weighing and measuring devices to be used when, in the course of commercial transactions, only the lower capacity range is used, even though the device may not meet the required standards at the higher capacity range, if he marks or places a sticker tag conspicuously on the device informing the customer of its restriction.

**J.** The inspector shall conduct investigations as soon as possible on complaints made to him concerning violations of this chapter. He shall, upon his own initiative, conduct such investigations as he deems appropriate and advisable to develop information on prevailing procedures in commercial quantity determination and on possible violations of the provisions of this chapter, and to promote the general objective of accuracy in the determination and representation of quantity in commercial transactions.

**K.** The inspector shall conduct, as often as he deems necessary, the inspection of prepackaged commodities that are kept, offered or exposed for sale, to determine if the contents contain the amounts represented and that the tare weight has been taken.

**L.** The inspector shall avoid conflict of interests. The inspector shall not sell nor enter into the business of repair, directly or indirectly, of any weighing or measuring device. He shall not solicit nor interfere in any transactions involving the sale of weighing and measuring devices between persons.

**M.** The inspector shall advocate the establishment and the maintenance of good quality control programs with respect to prepacking procedures and quantity representation.

**N.** The inspector shall promote the advantages of progressive weights and measures practices to deal with the current market trends and to achieve benefits to both the buyer and the seller.

**O.** The inspector shall promptly assist any county, state or federal agency that requests weights and measures services.

**P.** The inspector shall promptly provide information and services to any person requesting the same relative to the activities of the inspector and the enforcement of this chapter.

*(Ord. No. 16784)*

### Section 106. Citation power.

The inspector shall have such citation power authorized by Title 29, Tulsa Revised Ordinances, and granted to designated employees of the City of Tulsa.

### Section 107. Injunction application.

The inspector is authorized to apply to any court of competent jurisdiction for a temporary injunction restraining any person from violating any provision of this chapter.

### Section 108. Special police powers.

**A.** With respect to the enforcement of this chapter and any other law dealing with weights and measures that he is or may be empowered to enforce, the inspector is hereby vested with the powers of a special enforcement officer as set forth in Title 29, Tulsa Revised Ordinances. Upon presentation of proper credentials, the inspector is authorized, at reasonable times during normal business hours of the person using the weights and measures, to enter into or upon any structure or premises where weights and measures

are used or kept for commercial purposes for the purpose of performing any duty imposed upon him by this chapter. In the event he is denied access to any such premises or structure and has probable cause to believe that there have been violations of this chapter upon such premises or in such structure, he may apply for a search warrant from any magistrate or other person authorized by law to issue the same. If the magistrate or person authorized to issue a search warrant determines that there is probable cause that violations of this chapter have occurred, the search warrant shall recite that there is probable cause to believe such violations have occurred; and such recital shall authorize any authorized police or peace officer to seize any device, equipment, commodity, product, article, material or any other thing used or kept for commercial purposes, or in aid of commercial purposes, in violation of this chapter, all of which shall be admissible in evidence in any court having cognizance of offenses committed under this chapter.

**B.** The inspector shall be empowered to issue "stop-use," "stop-removal" and "removal" orders with respect to any weights and measures commercially used, and "stop-sale" orders with respect to any packaged commodities kept, offered or exposed for sale, if he deems it necessary or expedient to issue such orders to protect the public interest. It shall be a violation of this chapter for any person to refuse or fail to obey a "stop-use," "stop-removal," "removal" or "stop-sale" order.

## Section 109. Right of hearing.

If the inspector issues a "stop-use," "stop-removal," "removal" or "stop-sale" order under the provisions of this chapter, the aggrieved party may file a petition with the City Clerk within ten (10) days from the date of such order, requesting a hearing before the Council to abrogate the order. The petition shall be in writing and shall clearly state the reasons why the petitioner believes the order should be abrogated. The Council shall fix a time for the hearing of the petition and shall notify the petitioner of the time, place and date of the hearing. At the time set for such hearing, the Council shall proceed to hear and determine the matter.

## Section 110. Inspection of packages.

The inspector, from time to time, shall weigh or measure and inspect packages or amounts of commodities kept, offered, exposed for sale, sold or in the process of delivery, to determine whether such packages or amounts of commodities contain the amounts represented and whether they are kept, offered, exposed for sale or sold in accordance with the law; and when such packages or amounts of commodities are found not to contain the amounts represented or are found to be kept, offered, exposed for sale or sold in violation of the law, the inspector may order them off sale and may mark or stamp them in a manner as to show them to be illegal. In carrying out the provisions of this section, the inspector may employ recognized sampling procedures under which compliance of a given lot of packages shall be determined on the basis of the result obtained on a representative sample selected from such lot. The criteria used in sampling and determining whether packages conform to the law is set forth by the National Bureau Handbook 67, Checking Prepackaged Commodities, and supplements thereto.

No person shall sell, keep, offer or expose for sale any package or amount of commodity that has been ordered off sale as provided in this section, unless and until such package or

amount of commodity has been brought into full compliance with the legal requirements; and no person shall in any manner dispose of any package or amount of commodity that has been ordered off sale and that has not been brought into compliance with the legal requirements, except with the specific approval of the inspector.

The inspector may allow reasonable variations from the declared net weight, measure or count when such variations are caused by unavoidable deviations in weighing, measuring or counting the contents of individual packages that occur in good packaging practices. Variations shall not be permitted to such extent that the average of the quantities in the packages of a particular commodity, or a lot of the commodity, that is kept, offered, exposed for sale or sold, is below the quantity stated; and no unreasonable shortage in any single package shall be permitted, even though overages in other packages in the same shipment, delivery or lot compensate for such shortage. Variations above the declared quantity shall not be unreasonably large. Variations from the declared weight or measure may be permitted when caused by ordinary and customary exposure to conditions that normally occur in good distribution practice and that unavoidably result in change of weight or measure, but only after the commodity is introduced into intrastate commerce; provided, however, that the phrase "introduced into intrastate commerce" as used in this section shall be construed to define the time and the place at which the first sale and delivery of a package is made within the City of Tulsa, the delivery being either directly to the purchaser or to his agent, or to a common carrier for shipment to the purchaser; and further provided that this provision shall be construed as requiring that, so long as a shipment, delivery or lot of a particular commodity remains in the possession or under the control of the packager or the person who introduces the package into intrastate commerce, exposure variations shall not be permitted. The magnitude of variations permitted under this section shall, in the case of any shipment, delivery or lot, be determined by the facts in the individual case.

### Section 111. Sale by net weight.

The words "weight" or "amount" as used in this chapter in connection with any commodity shall mean "net weight." Whenever any commodity is sold on the basis of weight, the net weight of the commodity shall be employed, and all contracts concerning commodities shall be so construed.

### Section 112. Misleading packages.

No commodity in package form shall be so wrapped, nor shall it be in a container so made, formed or filled, as to mislead the purchaser as to the quantity of the contents of the package. This section shall not be construed to mean that packages which are filled by weight and whose contents settle between the time of filling and the time of purchase are in violation of this section.

### Section 113. Misrepresentation of pricing.

No person shall misrepresent the price of any commodity or service sold, offered, exposed or advertised for sale by weight, measure or count, nor represent the price in any manner calculated or tending to mislead or in any way to deceive a person.

### Section 114. Misrepresentation of quantity.

No person shall sell, offer or expose for sale less than the quantity he represents, nor take any more than the quantity he represents when, as buyer, he furnished the weight or measure by means of which the quantity is determined.

### Section 115. Information required on packages.

**A.** Except as otherwise provided in this chapter, any package kept for the purpose of sale, offered or exposed for sale, shall bear on the outside of the package a definite, plain and conspicuous declaration of:

**1.** The identity of the commodity in the package, unless the same can easily be identified through the wrapper or container;

**2.** The quantity of contents in terms of net weight, measure or count;

**3.** The name and place of business of the manufacturer, packer or distributor in the case of any prepackaged commodity kept, offered, exposed for sale or sold in any place other than on the premises where packed; and

**4.** The price per pound, if customarily sold this way.

**B.** There shall not be included as part of the declaration required under this section such qualifying terms as "when packed," "minimum," "not less than" or any other terms of similar import, nor any term qualifying a unit of weight, measure or count such as "jumbo," "giant," "full" and the like, that tends to exaggerate the amount of commodity in the package, unless expressly permitted by state or federal statutes.

### Section 116. Method of sale of commodities.

Commodities in liquid form shall be sold only by liquid measure or by weight, and commodities in solid form shall be sold only by weight, measure or count; provided, however, that liquid commodities may be sold by weight and solid commodities may be sold by measure or count only when such methods give accurate information as to the quantity of the commodity being sold. The provisions of this section shall not apply to:

**A.** Commodities when sold for immediate consumption on the premises where sold;

**B.** Vegetables when sold by the head or bunch;

**C.** Bakery products sold by the dozen;

**D.** Commodities in package form or in containers standardized by state or federal law;

**E.** Commodities in package form when there exists a general consumer usage to express the quantity in some other manner;

**F.** Concrete aggregate and mixtures, loose solid materials (gravel, sand, soil and similar types) when sold by cubic measurement;

**G.** Unprocessed vegetable and animal fertilizer when sold by cubic measurements; and

**H.** Nuts in large multiple bag lots being sold by cleaners or shellers to processors for further processing or repacking; these may be sold on a gross weight basis, if expressly agreed upon by the buyer and seller.

### Section 117. Method of sale of meat, poultry, seafood and cheese.

All meat, meat products, poultry (whole or parts), seafood (except shellfish) and cheese offered for sale or sold as food, shall be offered for sale on the basis of weight. Meat, poultry, cheese or seafood combined with or associated with some other food element or elements to form either a distinctive food product or a food combination, shall be sold by weight and the quantity representation may be the total weight of the product or combination. This section shall not apply to prepared meat, poultry, cheese or seafood sold for immediate consumption on or off the premises where sold.

**Section 118. Machine vended commodities.**

All vending machines dispensing packaged commodities shall indicate on the machine, unless easily read on the packaged commodity by the prospective buyer: the product identity; the net quantity of the commodity; and the name and address of the person who makes or prepares the commodity for consumption.

**Section 119. Measures for garden and orchard products.**

When fruits, berries, other products of like character or any garden products are sold, offered or exposed for sale, either at wholesale or retail, on the public markets or anywhere in the City, in baskets, boxes, crates or other receptacles, they shall be sold, exposed or offered for sale in uniform size baskets, crates, boxes or other receptacles containing one (1) quart, one (1) pint or one-half (½) pint standard dry measure, or in multiples thereof, and in no other way; and such receptacles shall have the quantity or capacity of same stamped on the outside thereof and shall be evenly and uniformly filled throughout; provided, however, that these provisions shall not apply to fruit sold by the dozen or fractions thereof, or vegetables sold by the head or bunch; and provided further that such commodities may be sold in receptacles containing other quantities than the multiples above set out, if the receptacles have clearly and legally stamped in plain figures on the outside thereof the actual contents of same.

**Section 120. Sale of meat by carcass, side or primal cut.**

**A.** Any person who sells meat by carcass, side or primal cut, and cuts up the meat prior to delivery to the consumer, shall provide the consumer with an invoice at time of delivery, furnishing the following information:

**1.** The name and address of seller;

**2.** The date of sale;

**3.** The total net weight of carcass, side or primal cut;

**4.** The price per pound;

**5.** The total price of sale;

**6.** The total net weight of cut up and processed meat delivered;

**7.** The declaration of quality grade and yield grade, if the carcass has been graded by an authorized agency; if the carcass has not been graded, then the declaration "Not Quality and/or Yield Graded" must be made; and

**8.** An itemized list of any charges over and above the originally agreed upon sale price.

**B.** The common or usual name of the cut of meat or processed meat shall appear on each package or container, unless complete visual determination can be made through transparent packaging material.

**C.** The invoice required in Subsection A. of this section shall not include the weight of any meat or other commodities received by the consumer as a bonus or gift in connection with the purchase of the carcass, side or primal cut.

## Section 121. Bulk commodities sold in terms of weight or cubic measure and delivered by vehicle.

When a vehicle delivers to an individual purchaser a commodity in bulk and the commodity is sold in terms of weight or cubic units, the delivery shall be accompanied by a duplicate delivery ticket which shall be given to the purchaser upon delivery and which shall contain the following information clearly stated thereon:

**A.** The name and address of the vendor;

**B.** The name and address of the purchaser;

**C.** A clear description of the material delivered; and

**D.** The net weight or cubic measure of the delivery; and if the net weight of the delivery is derived from determinations of gross and tare weights, such gross and tare weight of the vehicle shall be stated.

## Section 122. Sale of wood.

Firewood in any lengths, when sold or delivered in the City, shall be closely laid together for the purpose of measurement when the sale is by cord or rick. A cord of wood shall be construed to mean one hundred twenty-eight (128) cubic feet and a rick of wood shall be construed to mean sixty-four (64) cubic feet. Firewood may be sold by the piece, bundle or container, as expressly agreed upon by both the buyer and seller. When wood cuttings, wood blocks, kindling wood or similar types of wood are sold or delivered in the City, they shall be sold by either cubic measurement or weight, unless the buyer and seller expressly agree that some other method may be employed. No person shall sell or deliver wood as mentioned herein unless such person delivers to the buyer a delivery or sales ticket showing the amount of wood purported to be delivered, the name and address of the dealer, the name and address of the purchaser or consignee, the date of sale and delivery and the price agreed upon by the seller and the buyer. The ticket shall include a statement as to whether such wood is "dry" or "green" and the word "dry" shall be construed to mean seasoned wood.

## Section 123. Peddlers.

Any peddler who uses weighing or measuring devices in his business transactions must have such devices inspected, approved and sealed by the inspector. If any peddler should be found selling his wares without the proper stamp of approval on his weighing or measuring devices, showing approval by the inspector, he shall be guilty of a violation of this chapter.

## Section 124. Sale of ice.

When block ice is sold from a self-service, automatic vending device, the owner of such device shall cause to be posted or displayed on the outside housing of the vending device a plain and conspicuous declaration of the weight and price of the block of ice to be dispensed.

Crushed ice or ice cubes packed or sold in bags or other containers shall have printed or stamped on the bag or container a declaration of the net weight contained. When the same is sold from a self-service, automatic vending device, there shall be posted, or displayed on the outside of the vending device, a plain and conspicuous declaration of the net weight and price of each bag or container of crushed ice or ice cubes to be dispensed.

### Section 125. Interstate or intrastate shipments.

The inspector is hereby authorized to inspect scales used for the calculation and determination of fees or charges for the transportation of bulk materials, packages, goods or commodities in interstate or intrastate shipments by rail, motor vehicles, motor transport, parcel services or airlines.

### Section 126. Misleading advertisements prohibited.

This section pertains to only those areas that come under the jurisdiction of weights and measures supervision.

**A.** No person shall advertise or cause to be advertised in any newspaper or other publication, radio or television, any advertising device, or by any other manner or means whatever, any assertion, representation or statement of fact concerning commodities, or services for hire or concerning any circumstances or matter of fact connected with the performance thereof which is untrue or misleading. Such advertising shall be construed to be *prima facie* evidence of a violation of this chapter.

**B.** No person shall, by means of exaggerated variations in the comparative size, location or position of letters, figures or other markings or characters on any price tag, sign, poster, notice, display or advertisement or other public representation of any nature whatsoever, mislead or deceive, or attempt to mislead or deceive the public, as to the true nature, price, quantity, quality, brand or character of any commodity or services.

**C.** No person shall advertise commodities for sale with the word "wholesale" when the same commodities are available for sale by that same person to the general public at the same price.

**D.** No person shall advertise commodities for sale with the intent not to supply a reasonable, expected demand by the public, unless the advertisement conspicuously states that there is a limited quantity and numerically states the limited quantity.

**E.** No person shall fail to correct advertising errors brought to his attention either by the inspector, the Health Department Director or his authorized representative or a customer. The advertising error shall be corrected by a retraction of equal magnitude and by placing a conspicuous sign, next to or as near as possible to the commodity advertised in error, alerting the prospective buyer to the error. Failure to comply with this subsection shall constitute a violation of this chapter and shall result in notification of the Federal Trade Commission of the incident.

**F.** This section does not apply to any publisher of a newspaper, magazine or other publication, nor to the owner or operator of a radio or television station, nor any other owner or operator of a medium primarily devoted to advertising, who publishes, broadcasts or otherwise disseminates an advertisement in good faith, without knowledge of its false, deceptive or misleading character.

### Section 127. Advertising packages for sale.

Whenever any person advertises a commodity in package form in any manner and the retail price of the package is stated in the advertisement, there shall be closely and conspicuously associated with such statement of price a declaration of the basic quantity of contents of the package as is required by law or regulation to appear on the package itself; provided that where the law or regulation requires a dual declaration of net quantity to appear on the

package, only the declaration that sets forth the quantity in terms of the smaller unit of weight or measure (the declaration that is required to appear first without parentheses on the package) need appear in the advertisement.

### Section 128. Consumer right to check-weigh.

When a retail vendor offers for sale the major portion of his meats and meat products, poultry (whole and parts), seafood, cheese and fresh produce as prepackaged items as the basis from which the customer's selection for purchases is made:

**A.** Upon request by the customer, the vendor shall weigh the selected item in the presence of the customer if the customer doubts the quantity or amount as represented; and

**B.** The vendor shall provide, upon request by a customer, a conversion chart of the decimal system to avoirdupois system to enable the customer to compare weight values with which he or she is familiar.

### Section 129. Vehicle scales.

**A.** Any person owning or operating public or non-public vehicle scales which are involved in commercial transactions, either directly or indirectly, shall once each year furnish to the City Office of Weights and Measures proof that his vehicle scale has been certified to be correct, either by the State of Oklahoma Weights and Measures Department or by a state licensed scale agency.

**B.** A "public" vehicle scale shall mean any scale upon which any vehicle is weighed if:

**1.** The weighing is in any way intended, either directly or indirectly, to determine the weight or measure of commodities which will be offered for sale or have been sold, bought, awarded or hired;

**2.** The weighing is in any way intended to compute any charge or payment for services rendered on the basis of weight or measure;

**3.** Such scale is represented to render accurate weighings;

**4.** Certificates are provided setting forth the weights as a result of such weighing; or

**5.** Charges are made either directly or indirectly, to those who use the scale.

**C.** A "non-public" vehicle scale shall mean any vehicle scale used exclusively by the owner or operator to make weight determinations for commercial transactions of commodities to be sold or purchased, and such determinations are the basis for charges or payments.

### Section 130. Duties of owners of incorrect devices.

Commercial weighing and measuring devices that have been rejected or condemned under the authority of the City inspector shall remain subject to the control of the inspector until such time as suitable repair or disposition has been made as required by this section. The owners of such rejected or condemned devices shall cause the same to be made correct within ten (10) days or such longer time as may be authorized by the inspector; or, in lieu thereof, the owner may dispose of the devices, but only in such manner as is specified by the inspector. Weighing and measuring devices that have been rejected or condemned shall not again be used commercially until they have been certified repaired by a state licensed repair agency and have been officially reexamined and found to be correct, or until specific written permission for such use is issued by the inspector.

## Section 131. Coin-operated devices.

**A.** For the purpose of this section, the following words and phrases shall have the meanings given herein.

1. **Coin-operated device** shall mean any device that will accept a coin or paper money in exchange for any commodity, thing or service.
2. **Coin-operated timing device** shall mean any device that measures the time during which a particular service duly purchased is provided.
3. **Operator** shall mean any person, firm, company, association or corporation that exhibits, displays or permits to be exhibited or displayed at his or its place of business or upon premises under his or its control within the City, any "coin-operated device" for customer use.
4. **Owner** shall mean any person, firm, company, association or corporation owning or having the care, control or management of any "coin-operated device" in the City.
5. **Unattached coin-operated device** shall mean any such device in a location where there is no person readily available who is authorized to make rebates to users when such device malfunctions.

**B.** No owner shall display or permit to be displayed in the City any coin-operated device unless such device is of such materials, design and construction as to make it reasonably certain under normal operating conditions that accuracy will be maintained as to quantity dispensed or interval of service provided, operating parts will continue to function as intended, and any adjustments required will remain reasonably permanent.

**C.** The owner of a coin-operated device displayed in the City for customer use shall continuously maintain such device in proper operating condition.

**D.** The owner of a coin-operated device displayed in the City for customer use which may fail to operate properly, except when special precautions are observed, shall prominently and conspicuously mark such device with suitable operating instructions that include such precautions.

**E.** The owner or operator shall prominently display, at all locations within the City where unattended coin-operated devices are displayed for customer use, complete instructions for reporting the failure of any such device to function properly. Such instructions shall include the name and either the address or telephone number of the owner or operator responsible for operation. It shall be the duty of the owner or operator of such devices to rebate all money paid for commodities or services not received; provided, however, that the owner or operator may elect to check the device before making any rebate so long as the device is checked promptly so that a rebate to which a customer is entitled will be made within ten (10) days from the date he applies for it.

**F.** At the location of any coin-operated timing device displayed in the City for customer use where time is a critical factor in the use of the service provided, the owner or operator shall clearly, prominently and conspicuously display the price in terms of money per unit or units of time for the service provided.

**G.** It shall be unlawful for any person to deface, destroy or remove any signs placed pursuant to the requirements of this section by the owner or operator at the location where unattended coin-operated devices are displayed for customer use in the City.

**H.** The following coin-operated devices shall be exempted from the terms of this section:

**1.** All music and skill or pleasure coin-operated machines;

**2.** All game type coin-operated devices, including, but not limited to pinball machines, marble boards, miniature race track, football, golf and bowling machines and all juke boxes;

**3.** All coin-operated devices owned by a federal, state or local governmental agency; and

**4.** All coin-operated devices owned by a public utility operating under a franchise granted by the City or other public body.

## Section 132. Offenses and penalties.

**A.** No person, by himself, by his employee or agent, or when serving as an agent for another person, shall:

**1.** Use or have in his possession, for the purpose of selling or leasing for use in commercial transactions, any weighing or measuring device which calculates false weight, measure or count;

**2.** Use or have in his possession for current use any commercially used weighing and measuring devices that have not been inspected and approved by the inspector;

**3.** Dispose of any rejected or condemned weights and measures in a manner contrary to the provisions of this chapter;

**4.** Deface or remove from any weight or measure, contrary to law, any tag, seal or mark placed thereon by the inspector;

**5.** Sell, offer or expose for sale less than the quantity or amount any person represents of any commodity, thing or service;

**6.** Take more than the quantity or amount a person represents of any commodity, thing or service when, as a buyer, a person furnishes the weighing or measuring device by means of which the quantity or amount of the commodity, thing or service is determined and payment is calculated based on that determination;

**7.** Advertise, offer or expose for sale, keep for the purpose of sale or sell any commodity, thing or service in a condition or manner contrary to law;

**8.** Make false statement to the inspector with regard to the number of such commercially used weighing and measuring devices kept in his establishment or place of business or their intended use, or endeavor to hide away the same to avoid inspection;

**9.** Use any weighing and measuring devices commercially used after such devices have been condemned or rejected by the inspector;

**10.** Falsify a weight certificate when issued by a public vehicle scales owner or any of his employees, either by the scale operator, owner or by the recipient of the certificate;

**11.** Use in retail trade, except in the preparation of packages put up in advance of sale and in preparation of medical prescriptions, a weighing or measuring device that is not so positioned that its indications may be easily read by the customer;

**12.** Hinder or obstruct in any way the performance of the inspector's duties prescribed in this chapter;

**13.** Impersonate the inspector in any manner whatsoever;

**14.** Attempt, directly or indirectly, to bribe or cause the inspector not to reject or condemn weighing or measuring devices that do not correctly weigh, measure or count; or not to issue stop-use, stop-removal, removal or stop-sale orders; or

**15.** Violate any provision of this chapter.

**B.** Unless otherwise provided herein, every person violating any of the provisions of this chapter shall be guilty of an offense and, upon conviction thereof, shall be punished by a fine of not more than Three Hundred Dollars ($300.00), excluding costs, and/or by imprisonment in the City jail for a period of not more than ninety (90) days. Each day such violation is committed or permitted to continue shall constitute a separate offense. The violation of each provision and each separate violation shall be deemed a separate offense.

### Section 133. Special inspection service.

The term "special inspection service" shall denote any inspection service made by request of the owner or operator that does not come under the supervision of the inspector performing his duties as outlined by this chapter. The owner or operator shall pay for such special inspection service a fee of Ten Dollars ($10.00) per hour, plus travel cost of Twenty Cents ($.20) per mile, or a fraction thereof, for each weighing device and measuring device.

*(Ord. No. 16784)*

### Section 134. Presumptive evidence.

For the purpose of this chapter, proof of the existence of a weighing or measuring device in or about any premises, building, enclosure, stand or vehicle in which or from which it is shown that buying or selling is commonly carried on, shall, in the absence of conclusive evidence to the contrary, be presumptive proof of the regular use of such weighing or measuring device for commercial purposes and of such use by the person in charge of such premises or vehicle.

### Section 135. Provisions cumulative.

The provisions of this chapter shall be cumulative and nonexclusive and shall not affect any other remedy available at law.

### Section 136. Applicability to Department of Health functions.

Nothing herein shall be construed to limit or otherwise alter the functions, duties and powers of the City-County Health Department relative to the administration and the regulation of health matters essential to the public health, welfare and safety. In all cases where the inspector determines that a commodity has been mislabeled hereunder, the inspector shall send a copy of his report to the Health Department as to health matters, and shall provide any other assistance that the Health Department may request regarding weights and measures.

### Section 137. Construction.

The operation and effect of any provision of this chapter conferring a general power shall not be impaired or qualified by the granting of a specific power or powers, and to that end each provision shall be construed liberally.

## Section 138. Cooperation in uniformity of regulations.

The inspector shall cooperate with any county, state, federal or other agency with similar statutory functions for the purpose of carrying out the provisions of this chapter and, to the extent that it is reasonably possible, to establish uniformity with federal, state or county enactments or regulations consistent with this chapter.

*__Editor's note—__Printed herein is the Zoning Code as amended and effective December 9, 2019. Further amendments to the Zoning Code are indicated by parenthetical history notes following amended provisions. Obvious misspellings and punctuation errors have been corrected without notation. For stylistic purposes, headings and catchlines have been made uniform and the same system of capitalization, citation to state statutes, and expression of numbers in text as appears in the Code of Ordinances has been used. Additions made for clarity are indicated by brackets.

**[THIS PAGE INTENTIONALLY LEFT BLANK]**

## CHAPTER 1. INTRODUCTORY PROVISIONS

Section 1.010. Title.
Section 1.020. Authority.
Section 1.030. Effective date.
Section 1.040. Applicability and jurisdiction.
Section 1.050. Purposes.
Section 1.060. Minimum requirements.
Section 1.070. Compliance required.
Section 1.080. Conflicting provisions.
Section 1.090. Rules of language and construction.
Section 1.100. Zoning map.
Section 1.110. Transitional provisions.
Section 1.120. Severability.

### Section 1.010. Title.

Title 42 Tulsa Revised Ordinances is known and may be cited as the "Tulsa Zoning Code." For convenience, it may be referred to as the "zoning code."

### Section 1.020. Authority.

This zoning code is adopted pursuant to the powers granted in the Tulsa City Charter (Article I, Section 3).

### Section 1.030. Effective date.

The provisions of this zoning code become effective on January 1, 2016, except as otherwise expressly stated.

### Section 1.040. Applicability and jurisdiction.

The provisions of this zoning code apply to all public and private use and development of properties within the corporate limits of the City of Tulsa, except as provided by state or federal law or as otherwise expressly stated in this zoning code.

### Section 1.050. Purposes.

This zoning code is adopted for the purposes of:

**A.** Protecting and promoting the public health, safety and general welfare; and

**B.** Implementing the policies and goals of the comprehensive plan and other relevant, officially adopted plans of the city.

### Section 1.060. Minimum requirements.

**A.** The provisions of this zoning code are the minimum requirements deemed necessary to carry out the zoning code's stated purposes.

**B.** In addition to the requirements of this zoning code, all uses, buildings and structures must comply with all other applicable ordinances, laws and regulations.

**C.** All references in the zoning code to other governmental regulations are for informational purposes only and do not constitute a complete list of such regulations. These references do not imply any responsibility for the city to enforce regulations imposed by other government authorities.

**Section 1.070. Compliance required.**

**A.** Land may not be used for any purpose other than one that is allowed by the provisions of this zoning code.

**B.** A building or structure may not be erected, located, moved, reconstructed, extended or structurally altered except as allowed by this zoning code.

**C.** Buildings, structures and land may be used and occupied only in compliance with the provisions of this zoning code.

**D.** All lots created or modified must comply with all applicable provisions of this zoning code.

**Section 1.080. Conflicting provisions.**

**A. Conflict with State or Federal Regulations.** If the provisions of this zoning code are inconsistent with state or federal law, the more restrictive provision governs, to the extent allowed by law. The more restrictive provision is the one that imposes more stringent controls.

**B. Conflict with other City regulations.** If the provisions of this zoning code are inconsistent with one another or if they conflict with provisions found in other adopted ordinances or regulations of the City, the more restrictive provision governs unless otherwise expressly stated. The more restrictive provision is the one that imposes more stringent controls.

**C. Conflict with private agreements and covenants.** This zoning code does not interfere with, abrogate or annul any easement, covenant, deed restriction or other agreement between private parties. If the provisions of this zoning code impose a greater restriction than imposed by an agreement or covenant among private parties, the provisions of this zoning code govern. The city is not responsible for monitoring or enforcing agreements or covenants among private parties.

**Section 1.090. Rules of language and construction.**

**A. Meanings and intent.** Words and terms expressly defined in this zoning code including those defined in Chapter 95 have the specific meanings assigned unless the context indicates another meaning. Words that are not expressly defined in this zoning code have the meaning given in the latest edition of Merriam-Webster's Unabridged Dictionary.

**B. Computation of time.**

**1.** References to "days" are to calendar days unless otherwise expressly stated. References to "business days" are references to regular city government working days, excluding Saturdays, Sundays and holidays observed by city government.

**2.** The time in which an act is to be completed is computed by excluding the first day and including the last day. If the last day is a Saturday, Sunday or holiday observed by city government, that day is excluded.

**3.** A day concludes at the close of business and any materials received after that time will be considered to have been received the following day.

**C. Tenses and usage.**

**1.** Words used in the singular include the plural. The reverse is also true.

**2.** Words used in the present tense include the future tense. The reverse is also true.

**3.** The words "must," "will," "shall" and "may not" are mandatory.

**4.** The word "may" is permissive, not mandatory or required.

**5.** When used with numbers, "up to x," "not more than x" and "a maximum of x" all include "x."

**6.** The word "person" includes a firm, association, organization, partnership, limited liability company, trust, or corporation, as well as an individual.

**7.** The words "used" and "occupied" include "intended, designed or arranged to be used or occupied."

**D. Conjunctions.** Unless the context otherwise expressly indicates, conjunctions have the following meanings:

**1.** "And" indicates that all connected items or provisions apply; and

**2.** "Or" indicates that the connected items or provisions may apply singularly or in combination.

**E. Headings and Illustrations.** Headings and illustrations are provided for convenience and reference only and do not define or limit the scope of any provision of this zoning code. In case of any difference of meaning or implication between the text of this zoning code and any heading, drawing, table, figure or illustration, the text governs.

**F. Versions and citations** All references in this zoning code to other city, state or federal regulations are to be construed as referring to the most up-to-date version and citation for those regulations, unless otherwise expressly indicated. When the referenced regulations have been repealed and not replaced by other regulations, zoning code requirements for compliance are no longer in effect.

**G. Lists and examples.** Unless otherwise expressly indicated, lists of items or examples that use "including," "such as," or similar terms are intended to provide examples only. They are not to be construed as exhaustive lists of all possibilities.

**H. Delegation of authority.** Whenever a provision appears requiring the head of a department or another officer or employee of the city to perform an act or duty, that provision will be construed as authorizing the department head or officer to delegate that responsibility to others over whom they have authority. Delegation of authority is not allowed when the provisions of this zoning code expressly prohibit such delegation.

**I. Public officials and agencies**

**1.** Unless otherwise expressly stated, all employees, public officials, bodies and agencies to which references are made are those of the City of Tulsa or individuals or agencies legally authorized to act on behalf of the City of Tulsa.

**2.** References in this zoning code to the "city" are references to the City of Tulsa.

**3.** References in this zoning code to the "city council" are references to the Tulsa City Council.

**4.** References in this zoning code to the "planning director" are references to the director of the Tulsa Planning Office.

**5.** References in this zoning code to the "planning commission" are references to the Tulsa Metropolitan Area Planning Commission.

**6.** References in this zoning code to the "board of adjustment" are references to the City of Tulsa Board of Adjustment.

**7.** References in this zoning code to the "preservation officer" are references to the City of Tulsa Preservation Commission.

**8.** References in this zoning code to the "preservation officer" are references to the planning director or the staff member to whom the planning director assigns responsibility for performing the preservation officer's duties under this zoning code.

**9.** References in this zoning code to the "development administrator" are references to the Director of the City of Tulsa Development Services Department. In the performance of his or her duties, the development administrator may consult with the land use administrator.

**10.** References in this zoning code to the "land use administrator" are references to the Director of the Tulsa Planning Office. In the performance of his or her duties, the land use administrator may consult with the development administrator.

*(Ord. No. 25055, §§ 1, 2, 5-24-2023)*

## Section 1.100. Zoning map.

**A. Establishment.** The location and boundaries of the zoning districts defined in this zoning code must be established by ordinance and shown on a geographic coverage layer that is maintained as part of a geographic information system (GIS) under the direction of the land use administrator. This "Zoning" geographic coverage layer constitutes Tulsa's official zoning map.

**B. Maintenance and updates.** The land use administrator is responsible for directing revisions to the official zoning map to reflect its amendment as soon as possible after the effective date of zoning map amendments (rezonings).

**C. District boundaries.** Zoning district boundary lines must be described by legal description or by a map that accompanies the ordinance establishing the district or amending the district boundaries. When a legal description is used, the zoning district boundary is deemed to extend to the centerline of abutting streets. When a map is used, district boundary lines must be established by dimensions, property lines, recorded lot lines, or the centerline of abutting streets, alleys, or railroad rights-of-way, as those features were of record at the time of adoption.

**D. Map interpretations.** Where any uncertainty exists about a zoning boundary that was established by legal description, the legal description accompanying the amending ordinance governs. In other cases, the land use administrator is authorized to make an interpretation in accordance with the procedures of Section 70.090. The following rules apply to all map interpretations:

**1.** A boundary shown on the zoning map as approximately following the shoreline or centerline of a river, stream, lake or other watercourse will be construed as following the actual shoreline or centerline of the watercourse. If, subsequent to the establishment of the boundary, the shoreline or centerline of the watercourse should move as a result of natural processes (flooding, erosion, sedimentation, etc.), the boundary will be construed as moving with the shoreline or centerline of the watercourse.

**2.** A boundary shown on the zoning map as approximately following a ridge line or topographic contour line will be construed as following the actual ridge line or contour line. If, subsequent to the establishment of the boundary, the ridge line or contour line should move as a result of natural processes (erosion, slippage, subsidence, etc.), the boundary will be construed as moving with the ridge line or contour line.

**3.** A boundary shown on the zoning map as approximately following lot lines or other lot boundaries will be construed as following such lot lines or lot boundaries.

**4.** A boundary shown on the zoning map as approximately following a street or railroad right-of-way line will be construed as following the centerline of the street or railroad right-of-way.

**5.** A boundary shown on the zoning map as approximately following the boundary of an adjacent municipality will be construed as following that boundary.

**6.** A boundary shown on the zoning map as approximately parallel to, or as an apparent extension of, a feature described above will be construed as being actually parallel to, or an extension of, the feature.

**E. Zoning of annexed land.** When land is annexed or otherwise brought into the zoning jurisdiction of the city, it may be classified in the AG district or assigned another zoning classification based on the comprehensive plan, existing land uses, any applicable annexation agreement and other relevant considerations.

## Section 1.110. Transitional provisions.

The provisions of this section address the transition to this zoning code from the zoning code in effect immediately preceding the effective date specified in Section 1.030:

**A. Applications, permits and approvals.**

**1.** Any building, development or structure for which a building permit was issued or a complete building permit application had been accepted for processing before the effective date specified in Section 1.030 may be completed in conformance with the issued building permit and other applicable permits and conditions, even if such building, development or structure does not comply with provisions of this zoning code. If the building, development or structure is not commenced and completed within the time allowed under the original building permit and any authorized permit extension, the building, development or structure may be constructed, completed and occupied only if it complies with the regulations of this zoning code.

**2.** Complete applications for PUDs, development plans, special exceptions, variances or other zoning-related approvals that are pending approval on the effective date specified in Section 1.030 must be reviewed wholly under the terms of the zoning code in effect immediately preceding the effective date specified in Section 1.030. Building permits for construction and development approved under such zoning approvals may be issued in accordance with Subsection 1.110A.3.

**3.** The development administrator is authorized to issue building permits for construction or development approved before the effective date specified in Section 1.030 and for developments pending approval under Subsection 1.110A.2., even if such building, development or structure does not fully comply with provisions of this zoning code. If building is not commenced and completed within the time

allowed under the building permit and any authorized permit extension, then the building, development or structure may be constructed, completed and occupied only if it complies with the regulations of this zoning code.

**4.** When a use classified as a special exception under this zoning code exists as an approved special exception or permitted use on the effective date specified in Section 1.030, that use will be considered a lawfully established special exception under this zoning code. When any amendment to this zoning code changes the classification of a permitted use to a special exception, any use lawfully established before such amendment will be considered a lawfully established special exception after the effective date of the amendment. A lawfully established existing use that is not allowed as a special exception or permitted use in the district in which the use is now located will be considered a nonconforming use and will be subject to all applicable regulations of Chapter 80.

## B. Zoning District Name Conversions.

**1. General.** The zoning district names in effect before the effective date specified in Section 1.030 are converted in this zoning code as follows:

**Table 1-1: Zoning District Name Conversions**

| Map Symbol | Previous Zoning District Name | Map Symbol | New Zoning District Name |
|---|---|---|---|
| **RESIDENTIAL** (See Chapter 5) | | | |
| RE | Residential Single-family Estate | RE | Residential Single-family Estate |
| RS-1 | Residential Single-Family Low Density | RS-1 | Residential Single-family 1 |
| RS-2 | Residential Single-Family Med. Density | RS-2 | Residential Single-family 2 |
| RS-3 | Residential Single Family High Density | RS-3 | Residential Single-family 3 |
| RS-4 | Residential Single Family Highest Density | RS-4 | Residential Single-family 4 |
| No existing equivalent | | RS-5 | Residential Single-family 5 |
| RD | Residential Duplex | RD | Residential Duplex |
| RT | Residential Townhouse | RT | Residential Townhouse |
| RM-0 | Residential Multi-family Lowest Density | RM-0 | Residential Multi-family 0 |
| RM-1 | Residential Multi-family Low Density | RM-1 | Residential Multi-family 1 |
| RM-2 | Residential Multi-family Medium Density | RM-2 | Residential Multi-family 2 |
| RM-3 | Residential Multi-family High Density | RM-3 | Residential Multi-family 3 |
| RMH | Residential Manufactured Home | RMH | Residential Manufactured Housing |
| **MIXED-USE DISTRICTS** (See Chapter 10) | | | |
| No existing equivalent | | MX1 | Neighborhood Mixed-use |
| No existing equivalent | | MX2 | Community Mixed-use |

| Map Symbol | Previous Zoning District Name | Map Symbol | New Zoning District Name |
|---|---|---|---|
| No existing equivalent | | MX3 | Regional Mixed-use |
| **OFFICE, COMMERCIAL AND INDUSTRIAL** (See Chapter 1) | | | |
| OL | Office Low Intensity | OL | Office-Low |
| OM | Office Medium Intensity | OM | Office-Medium |
| OMH | Office Medium-High Intensity | OMH | Office-Medium-High |
| OH | Office High Intensity | OH | Office-High |
| CS | Commercial Shopping | CS | Commercial Shopping |
| CG | Commercial General | CG | Commercial General |
| CH | Commercial High Intensity | CH | Commercial-High |
| CBD | Central Business | CBD | Central Business |
| IL | Industrial Light | IL | Industrial-Light |
| IM | Industrial Moderate | IM | Industrial-Moderate |
| IH | Industrial Heavy | IH | Industrial-Heavy |
| **SPECIAL DISTRICTS** (See Chapter 25) | | | |
| AG | Agriculture | AG | Agricultural |
| PK | Parking | PK | Parking |
| CO | Corridor | CO | Corridor |
| SR | Scientific Research | SR | Scientific Research |
| MX-I | Mixed-Use Institutional | IMX | Institutional Mixed-Use |
| No existing equivalent | | MPD | Master Planned Development |
| FBC | Form-Based Code (Title 42-B) | MPD-FBC1 | Master Planned Development-Form-Based Code |
| **OVERLAY DISTRICTS** (See Chapter 20) | | | |
| PUD | Planned Unit Development | PUD | Planned Unit Development "Legacy" (See Section 30.010) |
| HP | Historic Preservation | HP | Historic Preservation |
| No existing equivalent | | SA | Special Area |
| No existing equivalent | | PI | Parking Impact |

**2. Form-Based Code of Title 42-B.**

**a.** The form-based code district in effect before the effective date specified in Section 1.030 is hereby converted to the MPD-FBC district. The MPD-FBC district is governed by the regulations of the following chapters of Title 42-B Tulsa Revised Ordinances in effect immediately prior to the effective date referred to in Section 1.030, which are adopted to serve as the development standards for development within the MPD-FBC district:

(1) Chapter 3, Regulating Plans, section 301;

(2) Chapter 4, Building Form Standards;

(3) Chapter 5, Urban Space Standards;

(4) Chapter 6, Parking Standards; and

(5) Chapter 7, Definitions.

**b.** Properties zoned FBC immediately prior to the effective date specified in Section 1.030 are designated MPD-FBC-1. Chapter 3, Regulating Plans of Title 42-B, Section 302 serves as the development plan for MPD-FBC-1.

**c.** "Adult entertainment establishments," as referred to in Title 42-B means bars and other use types that cater exclusively or primarily to adults 21 years of age or older. References in Title 42-B to Section 705 of Title 42 mean Section 40.370 of this zoning code. References in Title 42-B to Section 1204.C of Title 42 mean Section 40.420 of this zoning code.

**d.** The provisions of Title 42-B in effect immediately prior to the effective date referred to in Section 1.030 must be maintained and be available for public review in the office of the land use administrator.

**C. Violations.** The adoption of this zoning code does not affect any pending or future prosecution of, or action to abate, violations of the previous zoning code that occurred before the effective date specified in Section 1.030.

### Section 1.120. Severability.

If any portion of this zoning code is held to be invalid or unconstitutional by a court of competent jurisdiction, that portion is to be deemed severed from the zoning code and in no way affects or diminishes the validity of the remainder of the zoning code.

# CHAPTER 5. RESIDENTIAL DISTRICTS

Section 5.010. Districts.
Section 5.020. Use regulations.
Section 5.030. Lot and building regulations.
Section 5.040. Other relevant regulations.

## Section 5.010. Districts.

**A. List.** The residential zoning districts are listed in Table 5-1. When this zoning code refers to "residential" zoning districts or "R" districts, it is referring to these districts.

**Table 5-1: Residential (R) Zoning Districts**

| Map Symbol | District Name | Relative Intensity Scale |
|---|---|---|
| RE | Residential Single-family Estate | Least intensive "R" district |
| RS-1 | Residential Single-family 1 | |
| RS-2 | Residential Single-family 2 | |
| RS-3 | Residential Single-family 3 | |
| RS-4 | Residential Single-family 4 | |
| RS-5 | Residential Single-family 5 | |
| RD | Residential Duplex | |
| RT | Residential Townhouse | |
| RM-0 | Residential Multi-family 0 | |
| RM-1 | Residential Multi-family 1 | |
| RM-2 | Residential Multi-family 2 | |
| RM-3 | Residential Multi-family 3 | Most intensive "R" district |
| RMH | Residential Manufactured Housing | RMH not included in relative intensity scale |

**B. Purposes.** Residential zoning districts are primarily intended to create, maintain and promote a variety of housing opportunities for individual households and to maintain and promote the desired physical character of existing and developing neighborhoods. While the districts primarily accommodate residential uses, some nonresidential uses are also allowed. The various R district are primarily differentiated on the basis of allowed building types, density and lot and building regulations.

## Section 5.020. Use regulations.

Principal uses are allowed in R districts in accordance with Table 5-2.

**A. Use Classification System.** Uses are listed in the first column of Table 5-2. This zoning code classifies uses into categories and subcategories, which are defined in Chapter 35. In some cases, specific use types are listed in addition to the use categories and subcategories. Building types are also defined in Chapter 35.

**B. Permitted uses.** Uses identified with a "P" are permitted as-of-right in the subject zoning district, subject to compliance with any supplemental regulations identified in the final column of Table 5-2 and with all other applicable regulations of this zoning code.

**C. Special exception uses.** Uses identified with an "S" may be allowed if reviewed and approved in accordance with the special exception procedures of Section 70.120. Special exception uses are subject to compliance with any supplemental regulations identified in the final column of Table 5-2 and with all other applicable regulations of this zoning code.

**D. Prohibited uses.** Uses identified with an "-" are expressly prohibited. Uses that are not listed in the table and that cannot be reasonably interpreted (as stated in Subsection 35.020E.) to fall within any defined use category are also prohibited.

**E. Supplemental regulations.** The "supplemental regulations" column of Table 5-2 identifies additional regulations that apply to some uses. Unless otherwise expressly stated, compliance with these regulations is required regardless of whether the use is permitted as-of-right or requires special exception approval.

**F. Accessory uses.** Accessory uses, such as home occupations, are not regulated by Table 5-2. Customary accessory uses are allowed in conjunction with principal uses permitted by right or by special exception, subject to compliance with all applicable accessory use regulations of Chapter 45.

**Table 5-2: R District Use Regulations**

| USE CATEGORY | | RS- | | | | | | | RM- | | | | | |

**Table 5-2 Notes.** The following notes refer to the bracketed numbers (e.g.,"[1]") in Table 5-2:

**[1]** A Farm-, Market- or Community-supported, may only be allowed in a residential district where the land area of a single parcel is greater than 2 acres.

**[2]** Only family child care homes that were operating as a principal-use family child care home under a valid license issued from the State of Oklahoma on or before November 15, 2023, and have been issued a certificate of occupancy for a family child care home by December 31, 2025, may be considered established for the purposes of this provision. Said license may be for a Family Child Care Home or Large Family Child Care Home as permitted by the State of Oklahoma, provided that the child care home has a licensed capacity of no greater than 12 children. At the time the license expires, is revoked by the State of Oklahoma, is transferred to another entity, or the child care home ceases operation for longer than 6 months, the property will lose its status as established and the family child care home will require a Special Exception.

**G. Residential Building Types.** Residential uses allowed in R districts must be located in residential buildings. Descriptions of the residential building types and references to applicable regulations are found in Section 35.010. The following residential building types are allowed in R districts:

## Section 5.030. Lot and building regulations.

**A. Table of regulations.** The lot and building regulations of Table 5-3 apply to all principal uses and structures in R districts, except as otherwise expressly stated in this zoning code. General exceptions to these regulations and rules for measuring compliance can be found in Chapter 90. Regulations governing accessory uses and structures can be found in Chapter 45.

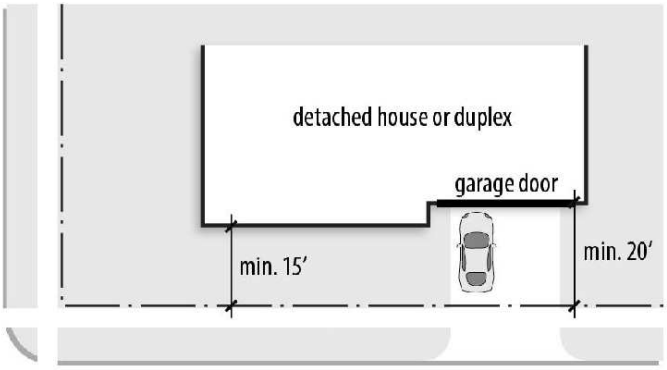
**B. Table notes.** The following notes refer to the bracketed numbers (e.g.," [1]") in Table 5-3:

**[1]** See Section 40.240 for detailed regulations governing mobile home parks.

**[2]** Minimum street frontage requirements apply to townhouse developments, not to individual townhouse units. Cottage house developments require minimum street frontage of 75 feet. Minimum street frontage requirements do not apply to nonresidential uses.

**[3]** For detached houses and duplexes on corner lots, the minimum side street setback along a non-arterial street may be reduced to 15 feet, provided that the minimum setback for street-facing garage doors is 20 feet or 20 feet from the back of the sidewalk, whichever is greater. The street setback specified in Table 5-3 applies along the other street.

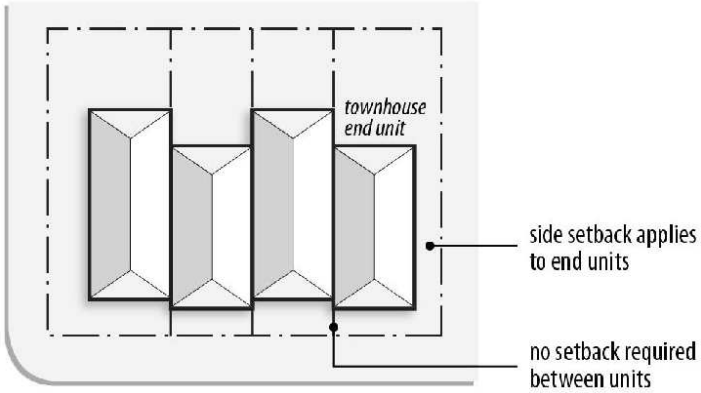
**Figure 5-1: Street Side Setback on Corner Lots**



**[4]** Non-residential uses requiring special exception approval in R zoning districts, excluding Day Cares, require minimum 25-foot building setback from R-zoned lots that are vacant or occupied by residential uses. Day Cares are not subject to the required 25-foot building setback.

**[5]** No side setback is required for interior units in townhouse developments. Side setback applies to end units (see Figure 5-2).

**Figure 5-2: Side Setbacks for Townhouses**



**[6]** Minimum interior side setback is 10 feet for apartment/condo and permitted nonresidential buildings.

**[7]** Minimum interior side setback is 25 feet for apartment/condo and permitted nonresidential buildings.

**[8]** Minimum required open space for duplex in RS-3 is 2,500 square feet per unit.

*(Ord. No. 24644, §§ 1, 2, 7-21-2021; Ord. No. 24825, § 1, 5-18-2022; Ord. No. 25092, § 1, 7-26-2023)*

## Section 5.040. Other relevant regulations.

Uses and structures in residential zoning districts may be subject to other regulations and standards, including the following:

**A. Nonconformities.** See Chapter 80.

**B. Accessory uses and structures.** See Chapter 45.

**C. Parking.** See Chapter 55.

**D. Signs.** See Chapter 60.

**E. Landscaping and screening.** See Chapter 65.

**F. Temporary uses.** See Chapter 50.

**G. Outdoor lighting.** See Chapter 67.

**H. Access across R-zoned property.** The use of RE-, RS-, RD- or RT-zoned land for access to any RM, O, C, or I zoning district, or the use of an RM district for access to any O, C, or I zoning district is prohibited unless permitted through an approved PUD or MPD.

## CHAPTER 10. MIXED-USE DISTRICTS

Section 10.010. General.
Section 10.020. Use regulations.
Section 10.030. Character designations.
Section 10.040. Height designations.
Section 10.050. Other relevant regulations.

### Section 10.010. General.

**A. List.** The mixed-use zoning districts are listed in Table 10-1. When this zoning code refers to "mixed-use" zoning districts or to "MX" districts it is referring to all MX districts. (Note: IMX district regulations are found in Section 25.060.)

**Table 10-1: Mixed-use (MX) Zoning Districts**

| Map Symbol | District Name | Relative Intensity Scale |
|---|---|---|
| **MX1** | Neighborhood Mixed-use | Least intensive MX district |
| **MX2** | Community Mixed-use | ↑ |
| **MX3** | Regional Mixed-use | Most intensive MX district |

**B. Purposes.**

1. **MX1, Neighborhood Mixed-use.** The MX1, Neighborhood Mixed-use district is intended to accommodate small-scale retail, service and dining uses that serve nearby residential neighborhoods. The district also allows a variety of residential uses and building types. MX1 zoning is generally intended for application in areas designated by the comprehensive plan as neighborhood centers, main streets and mixed-use corridors.
2. **MX2, Community Mixed-use.** The MX2, Community Mixed-use district is intended to accommodate retail, service, entertainment and employment uses that serve many surrounding neighborhoods. The district also allows a variety of residential uses and building types. MX2 zoning is generally intended for application in areas designated by the comprehensive plan as town centers, main streets and mixed-use corridors.
3. **MX3, Regional Mixed-use.** The MX3, Regional Mixed-use district is intended to accommodate large-scale employment, retail, civic and institutional and entertainment uses that draw visitors and workers from around the region. MX3 zoning is generally intended for application in areas designated by the comprehensive plan as regional centers.

**C. Use, Character and Height Designations.**

1. Each MX district consists of a use designation (MX1, MX2 or MX3), a character designation (-P, -U, -V or -F) and a height designation (-35, -45, -55, -65 or -unlimited). This "modular" approach allows the creation of finely-tuned, context-sensitive zoning districts.
2. MX districts and their respective use, character and height designations may be established or amended only through the zoning map amendment procedures of Section 70.030.

**3.** On the zoning map, all the components of the applicable mixed-use zoning district will be identified as a single map symbol. MX1-P-45, for example, is the map symbol denoting a neighborhood-oriented mixed-use district (MX1) that requires a very pedestrian-oriented (-P) building pattern (character) and that allows buildings up to forty-five (45) feet in height (-45).

## Section 10.020. Use regulations.

Principal uses are allowed in mixed-use districts in accordance with Table 10-2.

**A. Use classification system.** Uses are listed in the first column of Table 10-2. This zoning code classifies uses into categories and subcategories, which are defined in Chapter 35. In some cases, specific use types are listed in addition to the use categories and subcategories. Building types are also defined in Chapter 35.

**B. Permitted uses.** Uses identified with a "P" are permitted as-of-right in the subject zoning district, subject to compliance with any supplemental regulations identified in the final column of Table 10-2 and with all other applicable regulations of this zoning code.

**C. Special exception uses.** Uses identified with an "S" may be allowed if reviewed and approved in accordance with the special exception procedures of Section 70.120. Special exception uses are subject to compliance with any supplemental regulations identified in the final column of Table 10-2 and with all other applicable regulations of this zoning code.

**D. Prohibited uses.** Uses identified with an "-" are expressly prohibited. Uses that are not listed in the table and that cannot be reasonably interpreted (as stated in Subsection 35.020E.) to fall within any defined use category are also prohibited.

**E. Supplemental regulations.** The "supplemental regulations" column of Table 10-2 identifies additional regulations that apply to some uses. Unless otherwise expressly stated, compliance with these regulations is required regardless of whether the use is permitted as-of-right or requires special exception approval.

**F. Accessory uses.** Accessory uses are not regulated by Table 10-2. Customary accessory uses are allowed in conjunction with principal uses permitted by right or by special exception, subject to compliance with all applicable accessory use regulations of Chapter 45.

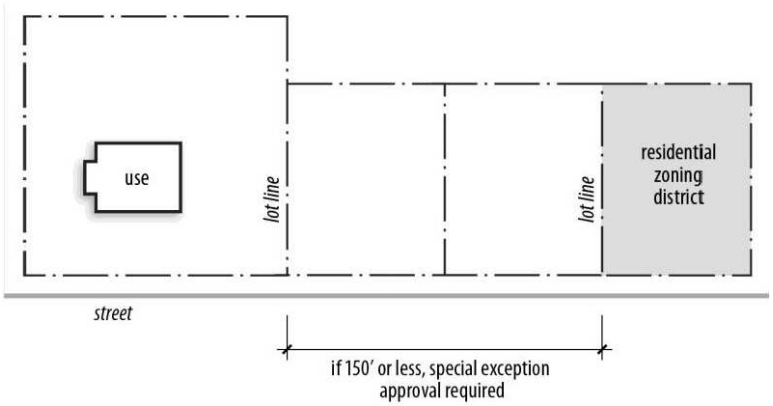
**G. Table notes.** The following notes refer to the bracketed numbers (e.g.," [1]") in Table 10-2:

**[1]** Proposed use requires special exception approval if selling or serving alcoholic beverages and located on a lot within 150 feet of any residential zoning district other than R-zoned street right-of-way (see Figure 10-1).

**Figure 10-1: Special Exception Requirement within 150 feet of R zoning**



**[2]** When located in the Healthy Neighborhoods Overlay (HNO) district the use is regulated as stated in Subsection 20.060D.

*(Ord. No. 24328, § 2, 3-11-2020; Ord. No. 24725, § 2, 11-17-2021; Ord. No. 25192, § 2, 12-6-2023; Ord. No. 25604, § 2, 6-18-2025)*

## Section 10.030. Character designations.

**A. List.** There are four (4) character designations established for the MX districts, as identified in Table 10-3. These designations govern allowed building types as well as required building and development patterns.

**Table 10-3: MX District Character Designations**

| Map Symbol | General Character |
|---|---|
| -P | Pedestrian |
| -U | Urban |
| -V | Variable |
| -F | Flexible |

**B. Pedestrian Character Designation.**

**1. Intent.** The -P, Pedestrian character designation is generally intended to be applied in locations where a high level of pedestrian orientation is present or desired, such as areas designated by the comprehensive plan as "main street" areas.

**2. Allowed Building Types.** The following building types are permitted in -P character zones (see building type definitions in Section 35.010):

**a.** Vertical mixed-use buildings.

**b.** Commercial buildings.

**c.** Civic/Institutional buildings.

**d.** Open space sites.

3. **Lot and Building Regulations.** The lot and building regulations of Table 10-4 apply to all new construction and building additions in -P character zones, except that civic/institutional buildings and open space sites are subject to -F character zone regulations (see Subsection 10.030D). General exceptions to lot and building regulations and rules for measuring compliance can be found in Chapter 90. Existing buildings are exempt from compliance with build-to-zone (BTZ), ground floor ceiling height and transparency regulations.

**Table 10-4: Lot and Building Regulations for -P Character Zones**

| | |
|---|---|
| Minimum Lot Area (sq. ft.) | 3,500 |
| Minimum Lot Width (feet) | 25 |
| Minimum Street Frontage (feet) | 20 |
| Minimum Open Space per Unit (sq. ft.) | 100 |
| Minimum Building Setbacks (feet) | |
| Street | 0 |
| Abutting R district | 10 |
| Abutting nonresidential district | 0 |
| Abutting alley | 5 |
| Build-to-Zone (BTZ) (minimum/maximum in feet) See Section 90.110 for BTZ measurement | 0/10 |

| | |
|---|---|
| Primary street BTZ (%) | 80 |
| Secondary street BTZ (%) | 30 |
| Min. Ground Floor Ceiling Height (feet) | 14 |
| Minimum Transparency (%) | |
| Ground floor | 50 |
| Upper floors | 20 |
| Min. Parking Setbacks (ft.) (see also Subsection 55-080C.)[1] | |
| Primary street | 30 |
| Secondary street or R zoning district | 10 |
| Nonresidential zoning district | 0 |
| Street-facing Entrance Required | Yes |

See Figure 10-3 for illustration of selected regulations.

**[1]** Parking spaces, not including drive aisles, are prohibited between building and street right-of-way (see Figure 10-2) Parking structures are subject to Section 40.280.

**Figure 10-2: Parking Prohibited between Building and Street Right-of-Way (-P Character Zones)**

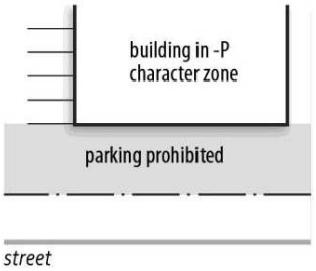


**Figure 10-3: MX District Lot and Building Regulations (-P Character Zone)**

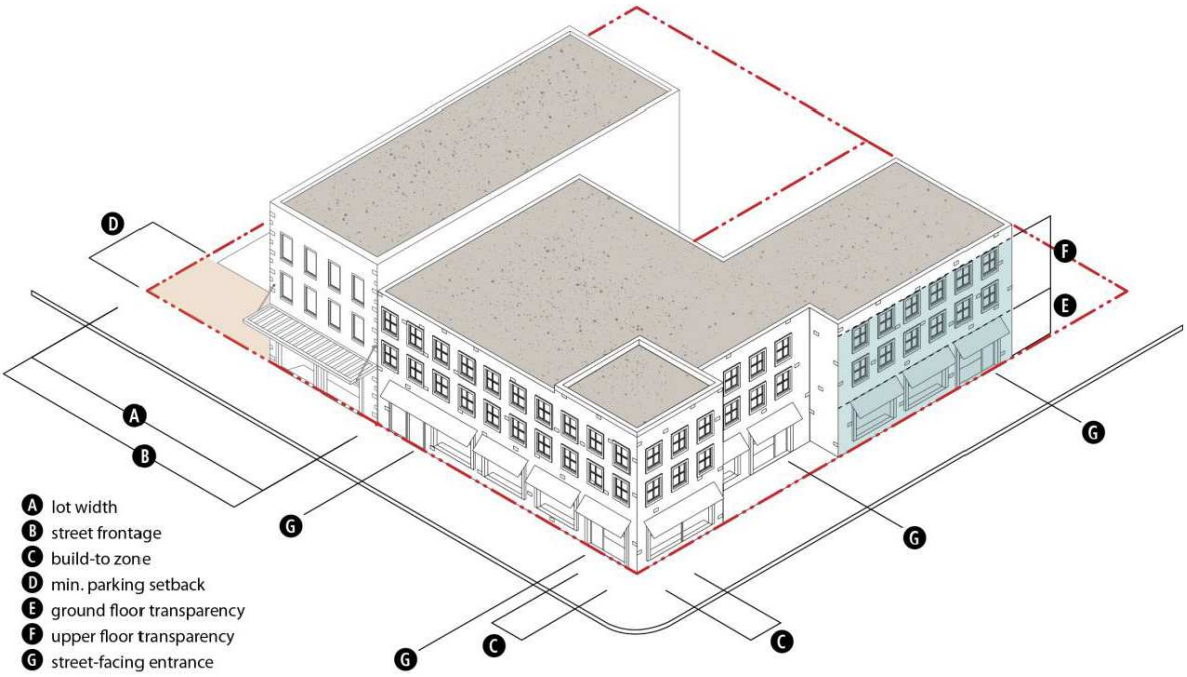


## C. Urban Character Designation.

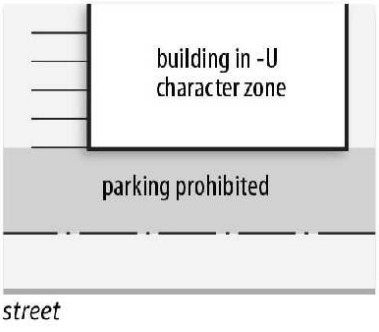
1. **Intent.** Like the -P character designation, the -U, Urban character designation is generally intended to be applied in areas with high levels of walkability, but where a greater variety of building types are present or desired, such as in areas designated by the comprehensive plan as neighborhood, town and regional centers and along some plan-designated mixed-use corridors.
2. **Allowed Building Types.** The following building types are permitted in -U character zones (see building type definitions in Section 35.010):
   - **a.** Vertical mixed-use and mixed-use buildings.
   - **b.** Commercial buildings.
   - **c.** Apartment/Condo.
   - **d.** Townhouses.
   - **e.** Civic/Institutional buildings.
   - **f.** Open space sites.
3. **Lot and building regulations.** The lot and building regulations of Table 10-5 apply to all new construction and building additions in -U character zones, except that civic/institutional buildings and open space sites are subject to -F character zone regulations (see Subsection 10.030D.). General exceptions to lot and building regulations and rules for measuring compliance can be found in Chapter 90. Existing buildings are exempt from compliance with build-to-zone (BTZ), ground floor ceiling height and transparency regulations.

## Table 10-5: Lot and Building Regulations for -U Character Zones

| | |
|---|---|
| Minimum Lot Area (sq. ft.) | |
| Townhouse | 1,600 |
| Apartment/condo | 7,500 |
| All other | 3,500 |
| Minimum Lot Width (feet) | |
| Townhouse | 20 |
| Apartment/condo | 50 |
| All other | 25 |
| Minimum Street Frontage (feet) | 20 |
| Minimum Open Space per Unit (sq. ft.) | |
| Townhouse | 200 |
| Apartment/condo/mixed-use | 100 |
| Minimum Building Setbacks (feet) | |
| Street | 0 |
| Abutting R district | 10 |
| Abutting nonresidential district | 0 |
| Abutting alley | 5 |
| Build-to-Zone (BTZ) (minimum/maximum in feet) See Section 90.110 for BTZ measurement | 0/20 |
| Primary street BTZ (%) | 60 |
| Secondary street BTZ (%) | 30 |
| Min. Parking Setbacks (feet) (see also Subsection 55.080C.)[1] | |
| Primary street | 30 |
| Secondary street or R zoning district | 10 |
| Nonresidential district | 0 |
| Min. Ground Floor Ceiling Height (feet) | |
| Mixed-use and commercial buildings | 14 |
| Other buildings | - |
| Minimum Transparency (%) | |
| Mixed-use buildings | |
| Ground floor | 40 |
| Upper floors | 20 |
| Commercial buildings | |
| Ground floor | 35 |
| Upper floors | 20 |
| Other buildings | 20 |
| Street-facing Entrance Required | Yes |

**[1]** Parking is prohibited between building and street right-of-way (see Figure 10-4). Parking structures are subject to Section 40.280.

**Figure 10-4: Parking Prohibited between Building and Street Right-of-Way (-U Character Zones)**



## D. Variable character designation.

1. **Intent.** The -V, Variable character designation is generally intended to be applied in auto-oriented areas where a transition to greater levels of walkability are underway or desired. The regulations allow greater flexibility in the siting of buildings and parking areas by, for example, allowing more generous maximum building setbacks, which can be used for landscape and streetscape elements or limited amounts of parking.

2. **Allowed building types.** The following building types are permitted in -V character zones (see building type definitions in Section 35.010):
   - **a.** Vertical mixed-use buildings and mixed-use buildings.
   - **b.** Commercial buildings.
   - **c.** Apartment/Condo.
   - **d.** Townhouses.
   - **e.** Civic/Institutional buildings.
   - **f.** Open space sites.
3. **Lot and building regulations.** The lot and building regulations of Table 10-6 apply to all new construction and building additions in -V character zones, except that civic/institutional buildings and open space sites are subject to -F character zone regulations (see Subsection 10.030D.). General exceptions to lot and building regulations and rules for measuring compliance can be found in Chapter 90. Existing buildings are exempt from compliance with build-to-zone (BTZ), ground floor ceiling height and transparency regulations.

**Table 10-6: Lot and Building Regulations for -V Character Zones**

| | |
|---|---|
| Minimum Lot Area (sq. ft.) | |
| Townhouse | 1,600 |
| Apartment/condo | 7,500 |
| All other | 3,500 |
| Minimum Lot Width (feet) | |
| Townhouse | 20 |
| Apartment/condo | 50 |
| All other | 25 |
| Minimum Street Frontage (feet) | 20 |
| Minimum Open Space per Unit (sq. ft.) | |
| Townhouse | 200 |
| Apartment/condo/mixed-use | 100 |
| Minimum Building Setbacks (feet) | |
| Street | 0 |
| Abutting R district | 10 |
| Abutting nonresidential district | 0 |
| Abutting alley | 5 |
| Build-to-Zone (BTZ) (minimum/maximum in feet) See Section 90.110 for BTZ measurement | 0/110 |
| Primary street BTZ (%) | 50 |
| Secondary street BTZ (%) | 25 |
| Min. Parking Setbacks (feet) (see also Subsection 55.080C.) [1] | |
| Street or R zoning district | 10 |
| Nonresidential zoning district | 0 |
| Min. Ground Floor Ceiling Height (feet) | |
| Mixed-use and commercial buildings | 14 |
| Other buildings | - |
| Minimum Transparency (%) | |
| Mixed-use buildings | |
| Ground floor | 40 |

| | |
|---|---|
| Upper floors | 20 |
| Commercial buildings | |
| Ground floor | 35 |
| Upper floors | 20 |
| Other buildings | 20 |
| Street-facing entrance required | Yes |

See Figure 10-6 for illustration of selected regulations.

**[1]** A maximum of one double-loaded parking aisle (two (2) parking bays) is permitted between the building and street right-of-way (see Figure 10-5 and Figure 10-6). Parking structures are subject to Section 40.280.

**Figure 10-5: Limited Parking between Building and Street Right-of-Way (-V Character Zones)**

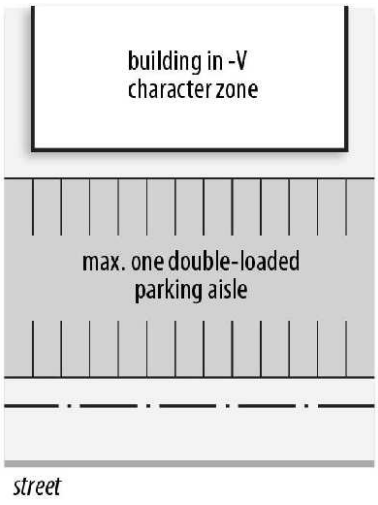


**Figure 10-6: MX District Lot and Building Regulations (-V Character Zone)**

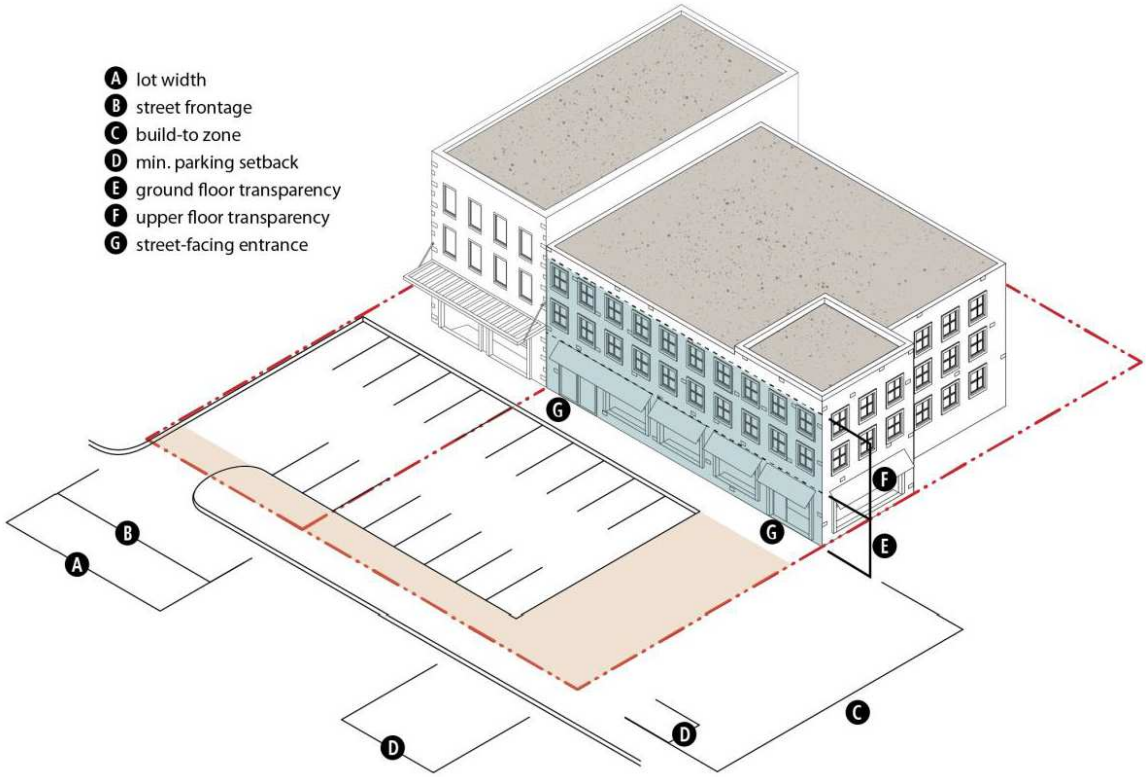


## E. Flexible Character Designation.

1. **Intent.** The -F, Flexible character designation is generally intended to allow the highest levels of flexibility in terms of allowed building types and development patterns.
2. **Allowed Building Types.** The following building types are permitted in -F character zones (see building type definitions in Section 35.010):
   - **a.** Vertical mixed-use and mixed-use buildings.
   - **b.** Commercial buildings.
   - **c.** Apartment/Condo.
   - **d.** Townhouses.
   - **e.** Duplexes.
   - **f.** Detached houses.
   - **g.** Civic/Institutional buildings.
   - **h.** Open space sites.
3. **Lot and building regulations.** The lot and building regulations of Table 10-7 apply to all new construction and building additions in -F character zones. General

exceptions to lot and building regulations and rules for measuring compliance can be found in Chapter 90. Existing buildings are exempt from ground floor ceiling height and transparency requirements.

**Table 10-7: Lot and Building Regulations for -F Character Zones**

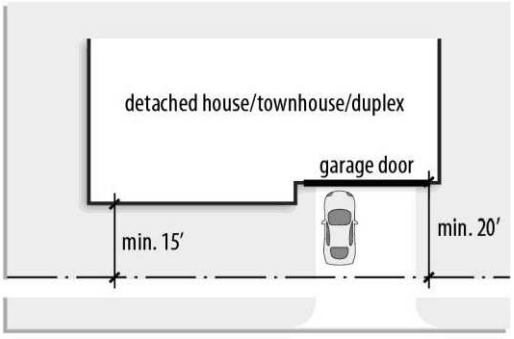
| | |
|---|---|
| Minimum Lot Area (sq. ft.) | |
| Townhouse | 1,600 |
| Duplex | 5,000 |
| Apartment/condo | 7,500 |
| Other buildings | 3,300 |
| Minimum Lot Width (feet) | |
| Townhouse | 20 |
| Duplex | 45 |
| Apartment/condo | 50 |
| Other buildings | 20 |
| Minimum Street Frontage (feet) | 20 |
| Minimum Open Space per Unit (sq. ft.) | |
| Detached house | 400 |
| Townhouse/Duplex | 200 |
| Apartment/condo/mixed-use | 100 |
| Minimum Building Setbacks (feet) | |
| Detached house/townhouse/duplex | |
| Street | 15[1] |
| Side | 3[2] |
| Rear | 20 |
| Other buildings | |
| Street | 5 |
| Abutting R district | 10 |
| Abutting alley | 5 |
| Abutting nonresidential district | 0 |
| Minimum Parking Setbacks (feet) (see also Subsection 55.080C.) | |
| Detached house/townhouse/duplex | - |
| Other buildings [3] | |
| Street | 10 |
| Abutting R district | 10 |
| Abutting nonresidential district | 0 |
| Abutting alley | 2 |
| Min. Ground Floor Ceiling Height (feet) | |
| Vertical mixed-use, mixed-use and commercial buildings | 14 |
| Other buildings | - |
| Minimum Transparency (%) | |
| Vertical mixed-use buildings | |
| Ground floor | 40 |
| Upper floors | 20 |
| Commercial buildings and mixed-use buildings | |
| Ground floor | 35 |
| Upper floors | 20 |
| Other buildings | 20 |
| Street-facing Entrance Required | Yes |

**[1]** Garage doors must be set back at least twenty (20) feet from back of sidewalk (see Figure 10-7).

**[2]** For townhouses, side setback applies only to exterior wall of end units.

**[3]** Parking structures are subject to Section 40.280.

**Figure 10-7: Garage Door Setback**



*(Ord. No. 24725, §§ 3—6, 11-17-2021; Ord. No. 25055, § 4, 5-24-2023)*

**Section 10.040. Height designations.**

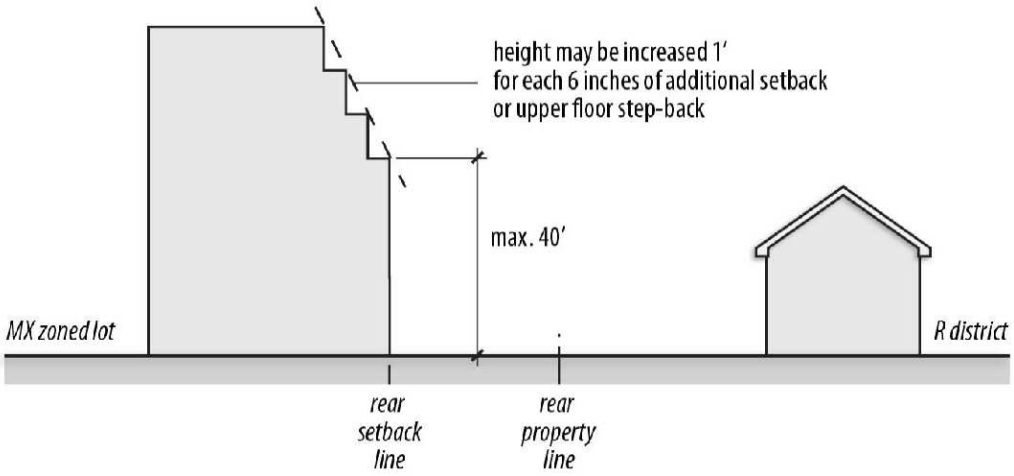
**A. Regulations.** MX district height designations are indicated by a dash and number suffix at the end of an MX district map symbol. Except as stated by the transition standards of Subsection 10.040B., building heights in MX districts may not exceed the limits established in Table 10-8.

**Table 10-8: MX District Height Designations**

| *Height Designation* | *Maximum Height (feet)* |
|---|---|
| -35 | 35 |
| -45 | 45 |
| -55 | 55 |
| -65 | 65 |
| -U | Unlimited (no maximum) |

**B. Height transition.** For MX-zoned lots that abut an R-zoned lot, the maximum building height limit at the point of the required minimum setback is forty (40) feet. Height may be increased above forty (40) feet by up to one foot (vertical) for each six (6) inches of additional building setback, up to the maximum height allowed in the district. The additional setback may be provided for the entire building or only the portion of the building above forty (40) feet in height (see Figure 10-8).

**Figure 10-8: Transitional Height Standards**



## Section 10.050. Other relevant regulations.

Uses and development in mixed-use zoning districts may be subject to other regulations and standards, including the following:

**A. Nonconformities.** See Chapter 80.

**B. Accessory uses and structures.** See Chapter 45.

**C. Parking.** See Chapter 55.

**D. Signs.** See Chapter 60.

**E. Landscaping and screening.** See Chapter 65.

**F. Temporary uses.** See Chapter 50.

**G. Outdoor lighting.** See Chapter 67.

# CHAPTER 15. OFFICE, COMMERCIAL AND INDUSTRIAL DISTRICTS

Section 15.010. Districts.
Section 15.020. Use regulations.
Section 15.030. Lot and building regulations.
Section 15.040. Other relevant regulations.

## Section 15.010. Districts.

**A. List.** The office, commercial and industrial zoning districts are listed in Table 15-1. When this zoning code refers to "office," "commercial" or "industrial" zoning districts or to "O," "C" or "I" districts, respectively, it is referring to these districts.

**Table 15-1: Office, Commercial and Industrial Zoning Districts**

| Map Symbol | District Name | Relative Intensity Scale |
|---|---|---|
| OL | Office-Low | Least intensive O, C or I district |
| OM | Office-Medium | |
| OMH | Office-Medium-High | |
| OH | Office-High | |
| CS | Commercial Shopping | |
| CG | Commercial General | |
| CH | Commercial-High | |
| CBD | Central Business | |
| IL | Industrial-Light | |
| IM | Industrial-Moderate | |
| IH | Industrial-Heavy | Most intensive O, C or I district |

**B. Purposes.**

1. **General.** Office, commercial and industrial zoning districts are intended to accommodate and promote neighborhood, community- and region-serving commercial uses, as well as industrial and employment uses.
2. **OL district.** The OL district is primarily intended to facilitate the development and preservation of low-intensity office development.
3. **OM district.** The OM district is primarily intended to accommodate medium-intensity office development, together with community facilities typically found in conjunction with offices.
4. **OMH district.** The OMH district is primarily intended to provide for multi-story office development.
5. **OH district.** The OH district is primarily intended to provide areas for high-intensity office use, together with community facilities, and commercial uses typically found in conjunction with high-intensity office uses.
6. **CS district.** The CS district is primarily intended to accommodate convenience, neighborhood, subcommunity, community, and regional shopping centers providing a range of retail and personal service uses.
7. **CG district.** The CG district is primarily intended to:
   - **a.** Accommodate established commercial uses, while providing protection to adjacent residential area; and

**b.** Accommodate the grouping of compatible commercial and light industrial uses.

**8. CH district.** The CH district is primarily intended to:

**a.** Accommodate high-intensity commercial and related uses primarily in the core area of the city; and

**b.** Encourage use of properties and existing buildings along older commercial corridors; and

**c.** Minimize encroachment and adverse land use impacts on stable residential neighborhoods.

**9. CBD district.** The CBD district is primarily intended to:

**a.** Accommodate and encourage the most desirable, most productive, most intense use of land, without regard to the regulation of building height, floor area, land coverage and parking requirements, within the central core area of the city.

**b.** Encourage a diversity of high-intensity uses that mutually benefit from close proximity to, and from the available services of, the high transportation carrying capacity afforded by locations within the boundaries of the Inner Dispersal Loop.

**c.** Preserve and promote the public and private investment of the existing central core area.

**10. IL district.** The IL district is primarily intended to provide areas suitable for manufacturing, wholesaling, warehousing, and other industrial activities that have few if any adverse land use or environmental impacts.

**11. IM district.** The IM district is primarily intended to group together a wide range of industrial uses that may produce some moderate adverse land use or environmental impacts in terms of their operation and appearance.

**12. IH district.** The IH district is primarily intended to provide areas for manufacturing and other industrial activities that may constitute substantial adverse land use or environmental impacts or hazards.

## Section 15.020. Use regulations.

Principal uses are allowed in office, commercial and industrial districts in accordance with Table 15-2.

**A. Use classification system.** Uses are listed in the first column of Table 15-2. This zoning code classifies uses into categories and subcategories, which are defined in Chapter 35. In some cases, specific use types are listed in addition to the use categories and subcategories. Building types are also defined in Chapter 35.

**B. Permitted uses.** Uses identified with a "P" are permitted as-of-right in the subject zoning district, subject to compliance with any supplemental regulations identified in the final column of Table 15-2 and with all other applicable regulations of this zoning code.

**C. Special exception uses.** Uses identified with an "S" may be allowed if reviewed and approved in accordance with the special exception procedures of Section 70.120.

Special exception uses are subject to compliance with any supplemental regulations identified in the final column of Table 15-2 and with all other applicable regulations of this zoning code.

**D. Prohibited uses.** Uses identified with an "-" are expressly prohibited. Uses that are not listed in the table and that cannot be reasonably interpreted (as stated in Subsection 35.020E.) to fall within any defined use category are also prohibited.

**E. Supplemental regulations.** The "supplemental regulations" column of Table 15-2 identifies additional regulations that apply to some uses. Unless otherwise expressly stated, compliance with these regulations is required regardless of whether the use is permitted as-of-right or requires special exception approval.

**F. Accessory uses.** Accessory uses are not regulated by Table 15-2. Customary accessory uses are allowed in conjunction with principal uses permitted by right or by special exception, subject to compliance with all applicable accessory use regulations of Chapter 45.

**Table 15-2: O, C and I District Use Regulations**

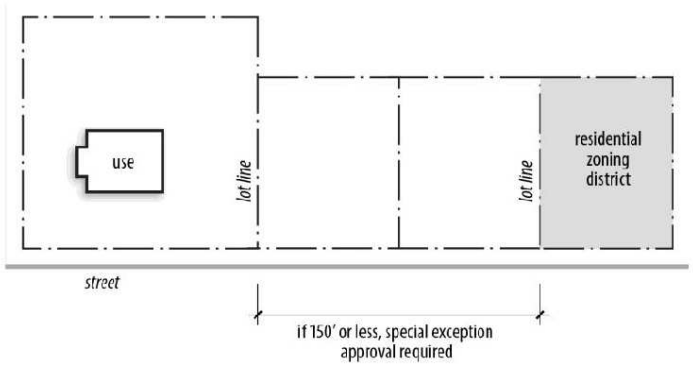
**G. Table notes.** The following notes refer to the bracketed numbers (e.g.," [1]") in Table 15-2:

**[1]** Restaurant is permitted as accessory use in OL, OM, and OMH districts. Use must be located entirely within the principal office building and may not occupy more than 5% of the building's floor area.

**[2]** Use requires special exception approval if alcoholic beverages are sold or served, and the subject lot is located within one hundred fifty (150) feet of any residential zoning district other than R-zoned street right-of-way (see Figure 15-1).

**Figure 15-1: Special Exception Requirement within 150 Feet of R zoning**



**[3]** Retail sales uses that are allowed in O districts must be located entirely within the principal building and may not occupy more than 15% of the floor area of the building in which such uses are located.

**[4]** Allowed in specified zoning district only when location within freeway sign corridors. See Chapter 60 for other supplemental regulations that apply to off-premise outdoor advertising signs.

**[5]** Use permitted as of right only if there is no outdoor storage and gross floor does not exceed 5,000 square feet. Otherwise, special exception approval is required.

**[6]** When located in the Healthy Neighborhoods Overlay (HNO) district the use is regulated as stated in Section 20.060D.

**H. Residential building types.** Residential uses allowed in O, C, and I districts must be located in residential buildings. Descriptions of the residential building types and references to applicable regulations are found in Section 35.010. The following residential building types are allowed in O, C, and I districts.

## Section 15.030. Lot and building regulations.

**A. Table of regulations.** The lot and building regulations of Table 15-3 apply to all principal uses and structures in office, commercial and industrial districts, except as otherwise expressly stated in this zoning code. General exceptions to lot and building regulations and rules for measuring compliance can be found in Chapter 90. Additional regulations governing accessory uses and structures can be found in Chapter 45.

### Table 15-3: O, C and I District Lot and Building Regulations

| Regulations | OL | OM | OMH | OH | CS | CG | CH | CBD | IL | IM | IH |
|---|---|---|---|---|---|---|---|---|---|---|---|
| Minimum Lot Area (sq. ft.) | - | - | - | 10,000 | - | - | - | - | - | - | - |
| Minimum Street Frontage (feet) | 50 | 50 | 50 | - | 50 | 50 | - | - | 50 | 50 | 50 |
| Maximum Floor Area Ratio (FAR) | 0.40 | 0.50 | 2.00 | 8.00 | 0.50 | 0.75 | - | - | - | - | - |
| Minimum Lot Area per Unit (sq. ft.) | - | - | - | - | - | - | - | - | - | - | - |
| Min. Open Space per Unit (sq. ft.) | - | - | - | - | - | - | - | - | - | - | - |
| Building Setbacks (feet) | | | | | | | | | | | |
| Street [1] | 10 | 10 | 10 | 10 | 10 | 10 | - | - | 10 | 10 | 10 |
| From AG, AG-R, or R district | 10 | 10[2] | 10[2] | 10 | 10[2] | 10[2] | - | - | 75[3] | 75[3] | 75[3] |
| From O district | - | - | - | - | - | - | - | - | 75[3] | 75[3] | 75[3] |
| Max. Building Coverage (% of lot) | - | - | - | - | - | - | - | - | - | - | - |
| Maximum Building Height (feet) | 35 | - | - | - | - | - | - | - | - | - | - |

**B. Table Notes.** The following notes refer to the bracketed numbers (e.g.," [1]") in Table 15-3:

**[1]** Garage doors must be set back at least 20 feet or 20 feet from the back of the sidewalk, whichever is greater.

**[2]** When abutting RE-, RS- or RD-zoned lot, 2 feet of additional building setback required for each foot of building height above 15 feet.

**[3]** Minimum building setback abutting freeway right-of-way or railroad right-of-way that is zoned AG, AG-R, R, or O is 10 feet.

*(Ord. No. 25055, § 5, 5-24-2023; Ord. No. 25429, §§ 4, 5, 10-30-2024)*

## Section 15.040. Other relevant regulations.

Uses and development in office, commercial and industrial zoning districts may be subject to other regulations and standards, including the following:

**A. Outdoor storage and display.** In the CS district, outdoor storage, including storage of recyclable materials, and outdoor merchandise display is prohibited within three hundred (300) feet of an abutting R or AG-R district.

**B. Nonconformities.** See Chapter 80.

**C. Accessory uses and structures.** See Chapter 45.

**D. Parking.** See Chapter 55.

**E. Signs.** See Chapter 60.

**F. Landscaping and screening.** See Chapter 65.

**G. Temporary uses.** See Chapter 50.

**H. Outdoor lighting.** See Chapter 67.

**[THIS PAGE INTENTIONALLY LEFT BLANK]**

## CHAPTER 20. OVERLAY DISTRICTS

Section 20.010. General.
Section 20.020. HP, Historic Preservation overlays.
Section 20.030. SA, Special Area overlays.
Section 20.040. PI, Parking Impact overlay.
Section 20.050. RDO, River Design overlays.
Section 20.060. HNO, Healthy Neighborhoods overlay.
Section 20.070. RT66, Route 66 Overlay.
Section 20.080 NIO, Neighborhood Infill Overlay.
Section 20.090. NCO, Neighborhood Character Overlay.
Section 20.100. NIO-2, Neighborhood Infill Overlay-2.

### Section 20.010. General.

**A. Purpose and intent.** As the name implies, overlay districts "over-lay" applicable base zoning district classifications to alter some or all of the base zoning district regulations that apply to particular sites. Overlay zoning districts work to modify or supplement the regulations imposed by base zoning district when necessary to address special situations or accomplish specific city goals. Overlay zoning is intended to be used when the base zoning district applied to an area remains generally appropriate, but when an additional, modified or eliminated requirement could help implement the City's planning goals or address an area-specific planning, design or land use regulation issue.

**B. Establishment and public engagement**

**1.** A pre-application meeting is required before the filing of any owner-initiated overlay district application (see Subsection 70.010C.2).

**2.** Proposed regulations and overlay district boundaries must be based on an adopted plan or be prepared following an inclusive, transparent, and equitable planning and public involvement process that includes opportunities for affected property owners and residents to participate in the formulation of the district regulations or otherwise offer recommendations and provide input.

**3.** At the time of the public hearing to consider adoption of an overlay district, the applicant must document the public involvement process used in preparing the proposed regulations and district boundaries, by providing at least the following information:

**a.** The opportunities provided for participation and input;

**b.** The types of information disseminated to affected residents, businesses and property owners and the methods of dissemination;

**c.** The level of participation by affected residents, businesses and property owners in meetings and discussions; and

**d.** The level of support shown by affected residents, businesses and property owners for the proposed regulations and overlay district boundaries.

**C. Interpretation.**

**1.** All applicable regulations of the underlying base zoning district apply to property in an overlay district unless otherwise expressly stated in the overlay district regulations.

**2.** When overlay regulations conflict with regulations that otherwise apply in the underlying base zoning district, the regulations of the applicable overlay govern. If property is classified in multiple overlay districts and the regulations of one overlay district conflict with the regulations of another overlay district, the more restrictive regulations govern.

**D. Procedure.** Overlay districts are shown on the official zoning map. The following procedures apply to the establishment, amendment or termination of all overlay districts unless otherwise expressly stated:

**1.** Overlay district regulations must be established, amended or terminated in accordance with the zoning code text amendment procedures of Section 70.020.

**2.** Except as otherwise expressly stated, zoning map amendments establishing, expanding or reducing the boundaries of an overlay district or terminating all or part of an overlay district must be processed in accordance with the zoning map amendment procedures of Section 70.030.

**3.** A recommendation to establish an overlay district must be accompanied by a report containing at least the following information:

**a.** Specific findings regarding the need for the proposed overlay and its consistency with the zoning code's general purposes (Section 1.050) and the stated purpose and intent of the applicable overlay.

**b.** Any recommended overlay-specific use, development or design regulations that will apply within the overlay and what actions (e.g., new development, building additions, change of use) will trigger compliance with those regulations.

**c.** A description of public education and outreach activities undertaken to inform property owners, residents and tenants of the effect of proposed overlay regulations.

**d.** A map showing the boundaries of the proposed overlay, including all lots included within the boundaries and identifying those owners of property within the proposed overlay who have indicated, in writing, their support or opposition to the overlay district text or map amendment. Property owners may submit their written indication of support or opposition at informal informational meetings, at public hearings, or by writing directly to the land use administrator or planning commission. The report and all other pertinent information must be transmitted to the planning commission and City Council before their public hearing and final action, respectively.

## Section 20.020. HP, Historic Preservation overlays.

**A. Purposes.** HP, Historic Preservation overlay districts and the other historic preservation-related regulations of this zoning code are intended to:

**1.** Promote the educational, cultural, economic and general welfare of the public through the conservation, preservation, protection and regulation of historic resources within the City of Tulsa;

**2.** Safeguard the cultural, social, political and architectural heritage of the city by conserving, preserving and regulating historic preservation districts;

**3.** Conserve, preserve and enhance the environmental quality and economic value of historic preservation districts;

**4.** Strengthen the city's economic base by promotion of conservation and reuse of the City's historic resources; and

**5.** Promote the development of the community in accordance with the comprehensive plan and historic preservation plan.

**B. Use regulations.** The use regulations of the underlying base zoning district apply in HP overlay districts.

**C. Lot and building regulations.** The lot and building regulations of the underlying base zoning district apply in HP overlay districts.

**D. Design Guidelines.** Design guidelines governing the applicable HP zoning district must be adopted before or concurrent with any HP zoning map amendments. When the boundaries of an HP zoning map amendment include a City of Tulsa park, design guidelines governing the applicable HP zoning district must identify the historic resources within the park.

**E. Establishment or amendment of HP overlay districts** See Subsection 20.010D. and Section 70.060 for procedures and requirements governing establishment or amendment of HP overlay districts.

**F. HP permits.** See Section 70.070 for requirements and procedures governing the review and approval of HP permits in HP overlay districts.

*(Ord. No. 25212, § 1, 12-20-2023)*

## Section 20.030. SA, Special Area overlays.

**A. General.** This section establishes the general authority and basic procedure for establishment of SA, Special Area overlay districts. Historic Preservation Overlays (HP), Parking Impact Overlays (PI) and Planned Unit Developments (PUD) are not considered SA overlays.

**B. Purpose and intended use.**

**1.** SA overlays are intended to address neighborhood planning and design issues when other available zoning tools or other techniques cannot achieve the desired results. SA overlays may be used to relax or eliminate requirements that apply under base zoning or to impose requirements in addition to those of base zoning. SA overlays are not intended to be used as a de facto downzoning tool. SA overlays may be appropriate for one or more of the following purposes:

**a.** Protect unique development, building or land use patterns in residential, commercial or mixed-use areas when such patterns are not adequately addressed by applicable zoning regulations;

**b.** Promote reinvestment and redevelopment in residential, commercial or mixed-use areas where change is desired and when existing zoning regulations hinder achievement of the desired change; or

**c.** Help implement neighborhood plans or planning studies.

**2.** Without limiting the general purpose and intent of Subsection 20.030B.1., SA overlays may be used for the following express purposes:

**a.** Allow principal or accessory uses and building types that are not allowed under base zoning;

**b.** Allow densities and intensities of development that are not allowed under base zoning; or

**c.** Establish reasonable, clear and objective site, building and design standards that promote the general purpose established in Subsection 20.030B.1.

**3.** SA overlays may not be used to impose requirements that conflict with the comprehensive plan or any other officially adopted plan.

**C. Underlying Zoning.** SA overlays may be approved in areas classified in any residential or nonresidential base zoning district, except the Central Business District (CBD). SA overlays may not be applied in combination with Central Business District (CBD) zoning.

**D. Minimum contiguous areas.** SA overlay district boundaries must encompass at least ten (10) lots, and in all cases must include at least one acre of contiguous land area. Smaller areas may be designated as SA overlays if they abut and extend an existing SA overlay district or if they include all lots within an original subdivision plat.

*(Ord. No. 25055, §§ 6, 7, 5-24-2023; Ord. No. 25322, § 2, 5-22-24; Ord. No. 25330, § 5, 6-5-2024)*

### Section 20.040. PI, Parking Impact overlay.

**A. Purpose.** The purpose of the Parking Impact (PI) overlay district is to provide supplemental parking regulations for specified areas experiencing negative impacts due to the relative absence of parking, transit and alternative transportation mode choices. The intent of the PI overlay is to identify areas of high parking demand and increase the off-street parking requirements accordingly.

**B. Underlying zoning.** The PI overlay may be approved in areas classified in any underlying base zoning district.

**C. Regulations.** Special parking requirements apply to many uses located within the boundaries of the PI overlay, in accordance with the minimum off-street parking ratios of Section 55.020.

### Section 20.050. RDO, River Design overlays.

**A. General.**

**1. Purpose and intent.** The RDO, River Design overlay regulations of this section establish regulations governing form, function, design and use for properties located within the boundaries of the River Design overlay district. The regulations are generally intended to maintain and promote the Arkansas River corridor as a valuable asset to the City and region in terms of economic development and quality of life. The regulations are also intended to:

**a.** Support and enhance the river corridor as a lively people-oriented destination, connecting nodes of high-quality development with parks and open spaces;

**b.** Protect the City's investment as well as the investments of property owners, developers and others who enjoy the benefits of the Arkansas River corridor;

**c.** Encourage development that enhances the appearance of the Arkansas River corridor and the surrounding area;

**d.** Ensure development and redevelopment that is sensitive to the area's natural resources and environmental qualities;

**e.** Establish the area as an interconnected, pedestrian-oriented, cultural and recreational destination, attracting both residents and visitors to the Arkansas River; and

**f.** Foster a sense of community and civic pride.

**2. Districts.** Three (3) RDO districts are established, as follows:

**a. RDO-1.** The RDO-1 district is primarily intended to apply to park, recreation and open space uses adjacent to the river. RDO-1 regulations help promote development that is compatible with public parks and green space and that complements park uses.

**b. RDO-2.** The RDO-2 district is primarily intended to apply to other (non-RDO-1) properties with direct access to the river. RDO-2 regulations help to ensure safe, attractive and activated pedestrian areas by requiring that new development is oriented to the river and abutting streets. The regulations also promote integration with the River Parks trail system and avoidance of adverse environmental impacts.

**c. RDO-3.** The RDO-3 district is primarily intended to apply to properties that do not have direct access to the river but that are visible from riverfront areas. These areas benefit from proximity to the river and contribute to the overall visual environment of the riverfront area.

**3. Applicability.** Except as otherwise expressly stated, the RDO regulations of this section apply within the boundaries of the RDO overlay districts to all new uses and structures and all building alterations and site modifications that require a building permit.

**4. Exemptions.**

**a.** Existing detached houses and duplexes and additions to existing detached houses and duplexes are exempt from compliance with all of the RDO regulations of this section (Section 20.050).

**b.** Uses and structures that are accessory to existing or new detached houses or duplexes are exempt from compliance with all of the RDO regulations of this section (Section 20.050).

**c.** New detached houses and duplexes, where allowed, are exempt from compliance with all of the site and building design regulations of Subsection 20.050C.

**d.** New or modified public utility and service uses and accessory uses customarily incidental to park and recreation uses (excluding restaurants) are exempt from compliance with the:

(1) Build-to-zone regulations of Table 20-2;

(2) Ground floor transparency regulations of Table 20-3; and

(3) Building entrance requirements of Table 20-3.

**e.** Planned unit developments (PUDs) and CO-zoned properties or portions of PUDs and CO-zoned properties that have received site plan approval prior to August 1, 2016 are exempt from compliance with all RDO regulations of this section (Section 20.050). Approved PUDs and CO-zoned properties or portions

of PUDs and CO-zoned properties that have not received site plan approval prior to August 1, 2016 are subject to compliance with all applicable RDO regulations of this section (Section 20.050).

**f.** Minor revisions of previously approved site plans do not trigger a requirement that the site plan be brought into compliance with the RDO regulations of this section. Major and minor amendments to approved development plans do trigger a requirement that the entire development plan be brought into compliance with all applicable RDO regulations of this section (Section 20.050).

**5. Nonconformities.**

**a. General.** Nonconformities that exist within an RDO district are governed by the regulations of Chapter 80, except as expressly stated in this subsection.

**b. Restoration, Replacement, Alteration and Expansion of Nonconforming Uses and Structures (other than signs).**

(1) Structures and uses that are nonconforming with regard to the RDO regulations of this section (Section 20.050) may be restored, replaced, altered or expanded, and additional structures that are nonconforming with regard to the regulations of this section (Section 20.050) may be constructed, provided that the restoration, replacement, alteration, expansion, or additional construction does not increase by more than fifty (50) percent of the total floor area or lot coverage of a nonconforming use or increase by more than fifty (50) percent of the total lot coverage of nonconforming structures. Restoration, replacement, alterations, expansions, and additions allowed under this paragraph are not required to comply with the site and building design regulations of Subsection 20.050C. For purposes of this Subsection 20.050A.5. "structure" does not mean "sign". For purposes of this Subsection 20.050A.5., the increase in percentage of total floor area or total lot coverage is calculated using the total floor area or total lot coverage in existence on the date the structure or use became nonconforming.

(2) An existing structure and all replacements, restorations, expansions, alterations and additions must be brought into compliance with the site and building design regulations of Subsection 20.050C. under the following circumstances:

(a) More than fifty percent (50%) of a nonconforming structure is proposed to be replaced or restored; or

(b) A nonconforming structure is proposed to be altered or expanded by more than fifty percent (50%); or

(c) Additional structure(s) are proposed to be constructed resulting in a more than fifty percent (50%) increase in the floor area or lot coverage, as described in Subsection 20.050A.5.b.(1).

(3) For purposes of administering these restoration, replacement, alteration and expansion regulations, increases in floor area and lot coverage are calculated separately; they are not added together to determine whether the fifty (50) percent threshold has been met. A complete building permit

application for any restoration or replacement must be submitted within five (5) years of the date a nonconforming building was damaged, destroyed or removed.

6. **Conflicting regulations.** All applicable regulations of the underlying base zoning district apply to property in the RDO district unless otherwise expressly stated in the RDO regulations. For properties with PUD or CO zoning, the approved development plan or development standards governing the subject PUD or CO district apply unless otherwise expressly stated in the RDO regulations. If the regulations of the RDO district conflict with the regulations of the subject property's underlying zoning, approved development plan or development standards or any other overlay zoning district that applies to the property, the RDO regulations of Section 20.050 govern, unless otherwise expressly stated.
7. **Modifications to RDO regulations.**
   a. The land use administrator may grant administrative adjustments to provisions in this Section 20.050 in accordance with Section 70.100.
   b. The Board of Adjustment may modify the build-to-zone regulations in Table 20-2, the transparency regulations in Table 20-3 and the parking regulations in Subsection 20.050D.2.b.(3) through the special exception process provided that the Board of Adjustment finds the special exception will be in harmony with the spirit and intent of the zoning code, including the spirit and intent of this Section 20.050 and will not be injurious to the neighborhood or otherwise detrimental to the public welfare.
   c. The regulations of an RDO district may not be varied or modified through approval of or amendment of a Planned Unit Development (PUD) district or Corridor (CO) district.
   d. The regulations of an RDO district may not be varied or modified through approval of or amendment of a Master Plan Development (MPD) district except that in an MPD with a minimum area of twenty (20) acres, the build-to-zone regulations in Table 20-2 may be modified. If the build-to-zone in the MPD is modified, the MPD must demonstrate activation along the trail and/or street edge through the use of other principles of the RDO. The MPD must meet all other RDO provisions and remain consistent with the purpose and intent of both the RDO and the MPD.
8. **Administration.** No building permit for proposed use or development in an RDO district may be approved until a site plan for such use or development has been submitted and reviewed by the land use administrator and found to be in compliance with all applicable RDO regulations.

**B. Uses.**

1. **Intent.** The RDO regulations are intended to allow for a mix of uses to promote a pedestrian environment, while prohibiting uses that will hinder the long-term viability of an attractive, vibrant and active riverfront area.
2. **Regulations.**
   a. **Allowed uses.** Except as expressly identified in Table 20-1, principal uses are allowed in RDO districts in accordance with the use regulations of the underlying (base) zoning district or, in the case of PUD or CO zoning, in

accordance with the approved development plan or development standards governing the subject PUD or CO district. Uses identified with a "□" symbol are allowed in the respective RDO district: (1) if allowed by the subject property's underlying (base) zoning district or (2) if the subject property has PUD or CO zoning, if the use is allowed by the approved development plan or development standards governing the subject PUD or CO district.

**b. Prohibited uses.** Uses identified with an "X" Table 20-1 are expressly prohibited in the respective RDO district.

### Table 20-1: RDO District Use Regulations

| USE CATEGORY<br>Subcategory<br>Specific use<br>Building Types | RDO-1 | RDO-2 | RDO-3 |
|---|---|---|---|
| X = expressly prohibited use □ and unlisted uses = underlying zoning governs | | | |
| **RESIDENTIAL** | | | |
| Household Living (if in building type allowed in underlying zoning and not prohibited in Table 20.1-5) | | | |
| **PUBLIC, CIVIC AND INSTITUTIONAL** | | | |

| Consumer Material Processing | X | X | X |
| **AGRICULTURAL** | | | |
| Animal Husbandry | X | X | X |
| Horticulture Nursery | X | X | X |
| **OTHER** | | | |
| Drive-in or Drive-through Facility (as a component of an allowed use) | X | X | X |
| Off-premise Outdoor Advertising Sign | X | X | X |

**[1]** Use allowed above the ground-floor level only.

**[2]** Use limited to water and wastewater treatment facilities (Special Exception required).

**C. Residential Building Types.** Residential uses allowed in RDO districts must be located in residential buildings as allowed in the underlying zoning district, except as prohibited by Table 20.1-5. Descriptions of the residential building types and references to applicable regulations are found in Section 35.010.

### Table 20-1.5: RDO Building Type Regulations for Household Living

| USE CATEGORY<br>Subcategory<br>Specific use<br>Building Type | RDO-1 | RDO-2 | RDO-3 |
|---|---|---|---|
| X = expressly prohibited use □ and unlisted uses = underlying zoning governs | | | |
| **RESIDENTIAL** | | | |
| Household Living | | | |
| Single household | | | |
| Detached house | X | X [1] | □ |
| Manufactured housing unit | X | X | X |
| Manufactured housing subdivision | X | X | X |
| Mobile home | X | X | X |
| Two households on single lot | | | |

| USE CATEGORY<br>Subcategory<br>Specific use<br>Building Type | RDO-1 | RDO-2 | RDO-3 |
|---|---|---|---|
| Duplex | X | X [1] | □ |
| Three or more households on single lot | | | |
| Mobile home park | X | X | X |
| Cottage house development | X | X | □ |

**[1]** Detached houses and duplexes are allowed when part of a planned unit development that was approved before January 1, 2016.

## D. Site and Building Design.

### 1. Building Placement, Building Design and Site Features.

**a. Intent.** The building placement, building design and site design regulations of this section are intended to:

(1) Ensure that buildings are oriented to face pedestrian areas along the river and abutting streets;

(2) Create and frame usable outdoor spaces;

(3) Encourage pedestrian activity by creating compact and well-connected development;

(4) Ensure that new development is constructed of durable, long-lasting materials;

(5) Enhance pedestrian interaction with the natural and built environment by providing building articulation and transparency of building façades at pedestrian levels; and

(6) Promote incorporation of design features that encourage outdoor activity and emphasize the presence of the river and parkland.

**b. Siting of buildings, parking and service areas.** Buildings, parking and service/equipment areas are subject to the regulations of Table 20-2.

**Table 20-2: RDO Building, Parking and Service Area Siting [1]**

| | *RDO-1* | *RDO-2* | *RDO-3* |
|---|---|---|---|
| Build-to-Zones (BTZ) (minimum/maximum setback in feet) | | | |
| River BTZ (See Figure 20-1) | | | |
| From dual river trail [2] | 10/25[3] | 10/25[3] | NA |
| From top of river bank [4] | 50/75[5] | 50/75[5] | NA |
| Street BTZ (See Figure 20-2) | | | |
| From major street | 10/25 | 10/25[6] | 10/25 |
| Building Façade in BTZ [9] | | | |
| River BTZ (See Figure 20-3) | At least 60% of river-facing façade must be located in BTZ | River-facing façade must occupy at least 70% of the BTZ length [6][7] | NA |
| Street BTZ (See Figure 20-4) | At least 60% of street-facing façade must be located in BTZ | Street-facing façade must occupy at least 50% of the BTZ length [6][7] | Street-facing façade must occupy at least 50% of the BTZ length [8] |
| Minimum Side Setback | None required | | |
| Minimum Rear Setback | Per underlying zoning | | |
| Minimum Parking Area Setback (feet) | | | |

| | *RDO-1* | *RDO-2* | *RDO-3* |
|---|---|---|---|
| From dual river trail [10] | 20 | 20 | NA |
| From top of river bank [4][10] | 70 | 70 | NA |
| From any street | 30 | 30 | 30 |
| Minimum Service Area/Equipment Setback (feet) (service areas, mechanical equipment, refuse collection areas, storage areas and loading docks) | | | |
| From Dual River Trail | 50 | 50 | NA |
| From Top of River Bank [4] | 70 | 70 | NA |
| From any Street | 50 | 50 | 50 |

**[1]** General rules for measuring compliance and exceptions to these regulations and can be found in Chapter 90.

**[2]** "Dual river trail" refers to the split or divided public trail that runs generally parallel to the river and that provides separate hard-surfaced areas for cyclists and pedestrians. [Note: Not all portions of the dual river trail are designed as separate/divided trails.] BTZ measurements are taken from the edge of the dual river trail surface located furthest from the river.

**[3]** Maximum may be increased to 150 feet if occupied by a pedestrian activity area or outdoor dining/entertainment venue.

**[4]** Top of river bank BTZ and setback requirements apply only if dual river trail is not in place. Buildings that project beyond the top of the river bank are exempt from BTZ requirements. The geographic "river bank" refers generally to the land alongside the bed of the river. The top of the river bank must be dimensionally defined on the site plan that is submitted to and approved by the land use administrator during the development/permit review process. The top of bank will generally be interpreted as the highest point where the steepest slope of the bank intersects with the flattest surface further away from the river. The 100-year flood elevation is typically below the top of the bank.

**[5]** Maximum may be increased to 200 feet if occupied by a pedestrian activity area or outdoor dining/entertainment venue.

**[6]** Buildings are not required to meet both river and major street BTZ requirements. Buildings must first comply with river BTZ requirements.

**[7]** In RDO-2, Pedestrian activity areas and outdoor dining/entertainment venues may be counted to meet up to 30% of the river BTZ requirement, provided that if multiple buildings on a lot are located within the river BTZ, the cumulative total of all pedestrian activity and outdoor dining/entertainment areas may not exceed 30% for the purpose of determining the river BTZ. Once buildings occupy at least 70% of the length of the river BTZ, additional buildings may be constructed in the major street BTZ. Once 70% of the length of the river BTZ and 50% of the length of the major street BTZ of a lot is occupied by building(s), any additional building(s) on that lot is not required to be located within a BTZ.

**[8]** In RDO-3, buildings must first comply with major street BTZ requirements. Once 50% of the length of the major street BTZ of a lot is occupied by building(s), any additional building(s) on that lot is not required to be located in a BTZ.

**[9]** For purposes administering and interpreting these regulations, a "façade" is an exterior wall of a building.

**[10]**Drive aisles that are parallel or generally parallel to the river must be lined by a parking aisle on the river side of the property.

**c. Facades.** Facades are subject to the regulations of Table 20-3.

**Table 20-3: RDO Facade Regulations**

| | RDO-1 | RDO-2 | RDO-3 |
|---|---|---|---|
| Minimum Ground Floor Transparency (%)[1] | | | |
| Building facade facing the river | 40 | 40 | — |
| Building facade facing a major street | 40 | 40 | 40 |
| Building facade facing parking or common open space area | 20 | 20 | — |
| Required Building Entrances | | | |
| Building facade facing the river | At least one building entrance required with direct connection to dual river trail [2] | | — |
| Building facade facing a major street | At least one building entrance required with direct connection to public sidewalk | | |
| Building facade facing parking or common open space area | At least one building entrance required with direct connection to parking or open space | | — |

**[1]** Residential buildings are exempt from ground-floor transparency requirements.

**[2]** Buildings entrance requirements do not apply to river-facing façades if the building projects beyond the top of the river bank. The land use administrator is authorized to waive the trail direct connection requirement when the subject portion of the trail is in different ownership and access rights cannot be obtained.

**Figure 20-1: River BTZ, Setback and Facade Regulations**

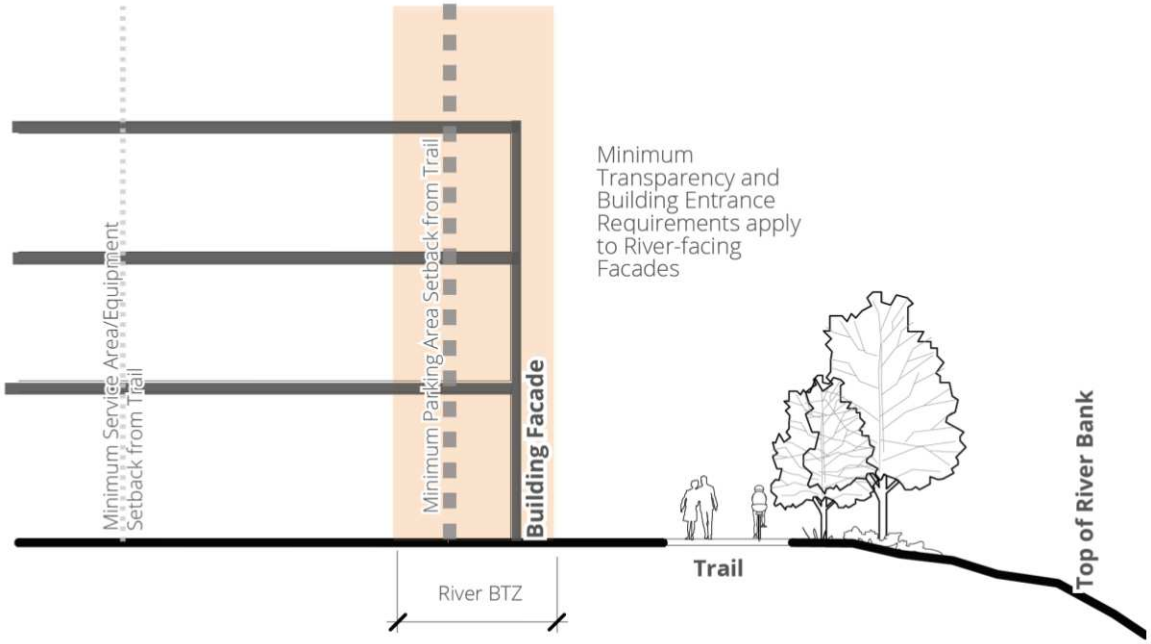

**Figure 20-2: Street BTZ, Setback and Facade Regulations**

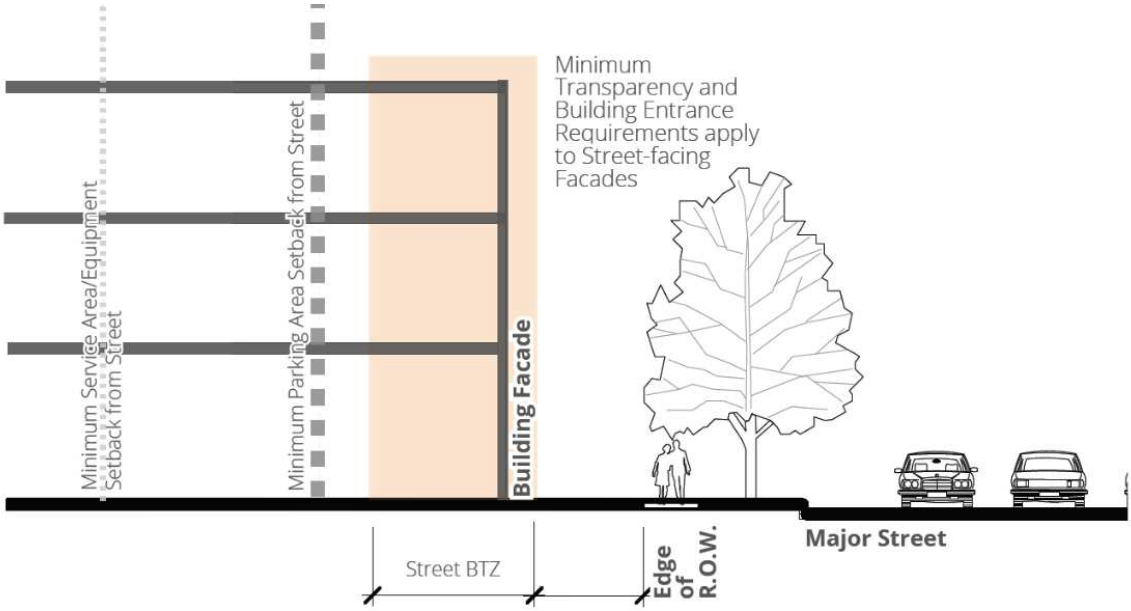

**Figure 20-3: Building and Parking Placement (1)**

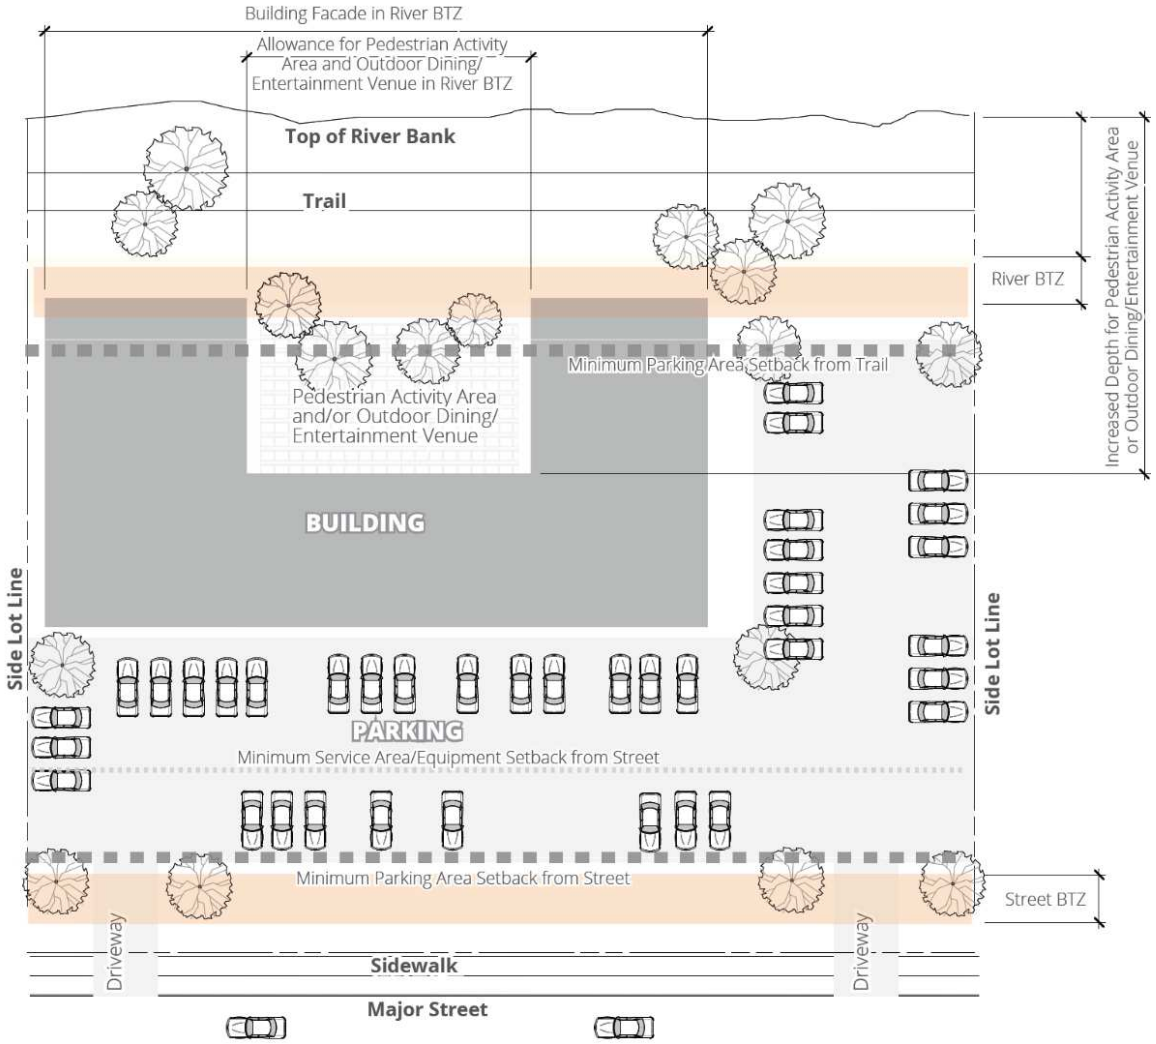

**Figure 20-4: Building and Parking Placement (2)**

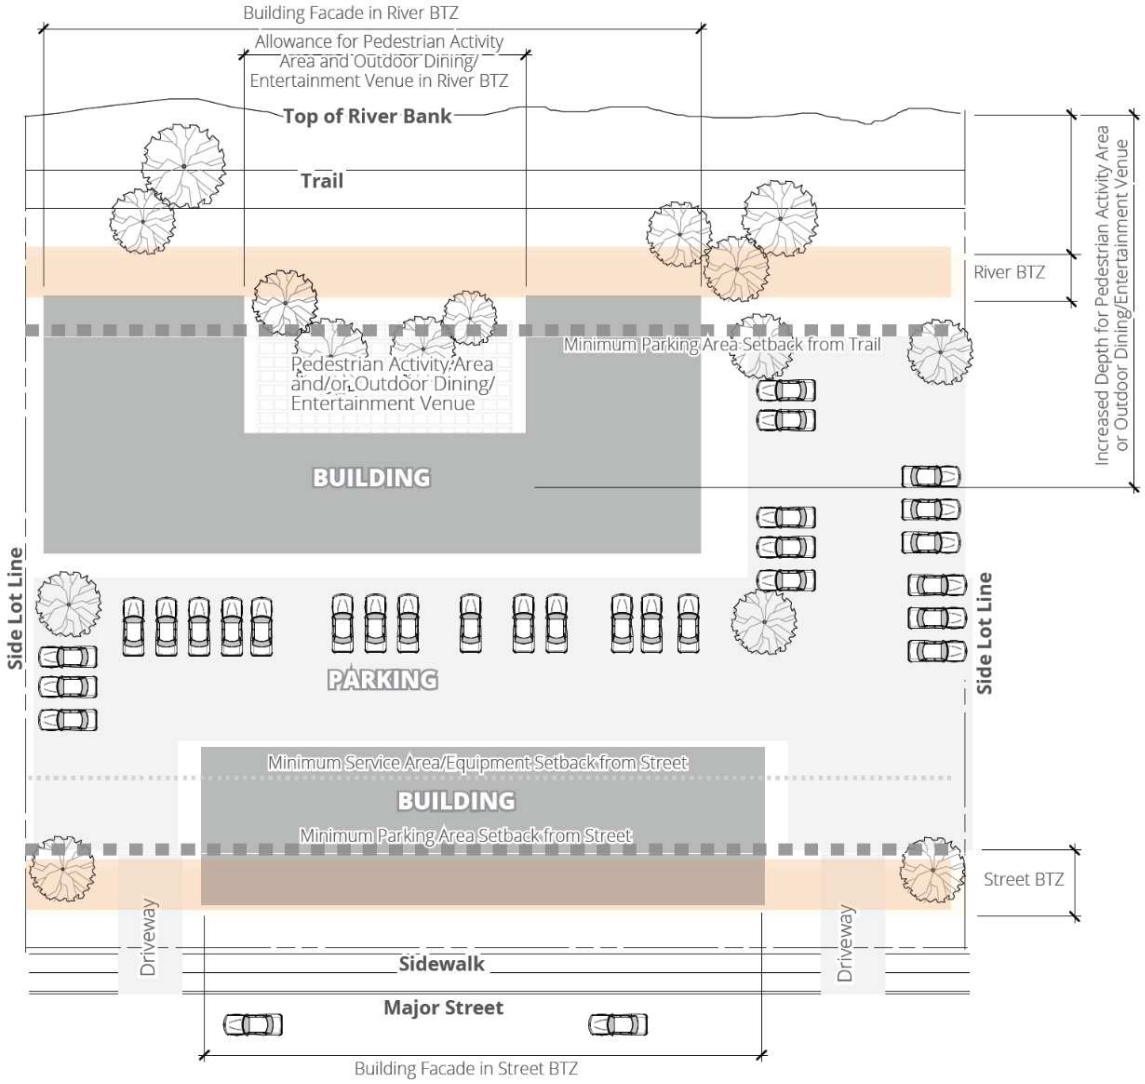

**d. Building design.**

(1) Exterior insulation and finish systems (EIFS) or simulated stucco may not be used on more than fifteen (15) percent of any building façade and may not be used on the ground-floor level façade.

(2) Vinyl siding and aluminum siding are prohibited building materials.

(3) Blank walls without architectural detailing/articulation may not exceed thirty-five (35) feet in height or width. Articulation must be provided as a means of breaking the building face into separate visually distinct but attached or adjoining pieces by using a different building materials, transparency, openings or by recesses or projections in facades.

**e. Parking structures.**

(1) Parking structures must be designed to visually conceal ground-floor level parking through the use of architectural detailing or liner buildings.

(2) Ramped and sloping interior floors must be concealed from view of the public street and the river.

(3) Stairwells must be built and located on the exterior corners of parking garages and constructed so that at least one wall of the stairwell be visually open to the outdoors. Additional interior stairs may be allowed adjacent to elevators, but one side must remain visually open.

(4) Screening walls to conceal ramps, slopes and vehicles absent architectural detailing/articulation at expanses greater than thirty-five (35) feet are prohibited.

**f. Site features.**

(1) All new utility services, such as telephone, electrical and cable services, must be installed underground.

(2) Utility components required to be above ground, such as transformers and meters, must either be screened by landscaping or decorative wall or concealed from view of the public street and the river.

**2. Parking.**

**a. Intent.** The parking-related provisions of this subsection are intended:

(1) To minimize the visual prominence of parking, promoting increased pedestrian activity and enhancing the overall appearance of development; and

(2) To support more urban development intensities through reduced parking minimums and other flexible parking regulations.

**b. Regulations.**

(1) The minimum parking ratios established in Table 55-1 are reduced by fifty (50) percent for uses in the RDO district.

(2) Bicycle parking must be provided at a rate of at least one hundred fifty (150) percent of the ratios established in Table 55-3.

(3) Surface parking lots must be organized as a series of smaller parking areas, each not exceeding fifty (50) spaces. These parking areas must be separated by landscaped areas with a minimum width of twelve (12) feet. Pedestrian walkways may be integrated into these areas but may not be counted toward satisfying the required minimum landscaped area width of twelve (12) feet.

(4) Off-street surface parking lots must be screened in accordance with the RDO district landscaping and screening regulations of Subsection 20.050C.3.

**3. Landscaping and screening.**

**a. Intent.** To establish a distinctive landscape character along the river corridor through preservation of existing trees/vegetation, enhanced landscape standards and promotion of native, drought-tolerant and non-invasive landscaping.

**b. Regulations.**

(1) The applicant must submit a landscape plan illustrating plant size within a three-year growing cycle.

(2) The total landscaped area must equal at least twenty (20) percent of the lot. Areas beyond the top of the river bank (river side) and existing dual river trails (including the paved trail or trail bed and a five-foot buffer on each side) may not be counted toward satisfying the minimum twenty (20) percent landscaped area requirement.

(3) Dumpsters must be screened by masonry walls with a minimum height of six (6) feet and a metal frame gate that is at least eighty (80) percent opaque.

(4) Fences and walls that prohibit physical or visual access to the river and those exceeding three (3) feet in height are prohibited. The maximum fence and wall height limitation does not apply to screening of service areas, mechanical equipment, refuse collection areas, storage areas and loading docks.

(5) The perimeter of parking lots must be screened from public streets and the dual river trail by one of the following methods:

(a) A berm with a minimum height of three (3) feet and a maximum slope of one vertical foot for every four (4) horizontal feet. The berm must be planted with coniferous and deciduous trees at a rate of at least one tree per twenty (20) linear feet of berm; or

(b) A masonry wall with a minimum height of two (2) feet and maximum height of three (3) feet, with a minimum five-foot landscaped buffer containing at least one tree per twenty (20) linear feet located on the outside of the wall.

(6) Lots adjacent to the dual river trail must provide at least one tree for every twenty (20) feet of trail or river frontage, as follows:

(a) All trees required by this provision must be placed within twenty (20) feet of the edge of the trail, trail easement, reserve area or trail right-of-way, as measured from the outer edge of the tree's trunk; and

(b) Trees placed within twenty (20) feet of the river trail may not be counted towards meeting the requirements of any other minimum landscape or tree planting requirement of Chapter 65.

(7) Trees provided to meet the landscaping and screening requirements of this subsection may be regularly spaced or grouped. When grouped, the distance between required trees may not exceed sixty (60) feet.

**4. Lighting.**

**a. Intent.** The lighting provisions of this subsection are intended to:

(1) Ensure lighting is of pedestrian scale;

(2) Minimize the negative effects of lighting on adjacent uses; and

(3) Ensure unified lighting standards along the dual river trail and in parks.

**b. Regulations.**

(1) Floodlights are prohibited.

(2) Building-mounted neon lighting is only allowed when recessed or contained in a cap or architectural reveal.

**5. Signs.**

**a. Intent.** The sign regulations of this subsection are intended to:

(1) Ensure that signs contribute to the visual continuity and quality of development in the river corridor;

(2) Minimize visual clutter; and

(3) Ensure that signs are primarily of pedestrian scale.

**b. Regulations.**

(1) Off-premise outdoor advertising signs, dynamic display signs and internally illuminated signs enclosed in frames or cabinets (aka "cabinet signs" or "box signs") are prohibited.

(2) All new or replacement freestanding signs must be monument-style signs with a maximum height of six (6) feet.

(3) Freestanding signs must be consistent with the architectural character of the buildings on the site, incorporating a minimum of one of the primary materials, colors or design elements of the associated structures.

(4) The sign area of a monument sign may not exceed fifty (50) square feet.

(5) Wall signs may not exceed an aggregate sign area of one and one-half (1.5) square feet per linear foot of building wall to which they are attached.

(6) Projecting signs may not project more than three (3) feet from the face of the building. The sign area of a projecting sign may not exceed twenty-four (24) square feet if located within a street build-to-zone or twelve (12) square feet in any other location.

**6. Circulation and access.**

**a. Intent.** The circulation and access provisions of this subsection are intended to:

(1) Establish a safe and efficient network of vehicular and pedestrian linkages throughout the river corridor;

(2) Integrate access management design features;

(3) Accommodate multiple modes of transportation (motor vehicles, transit, bicycles, pedestrians, etc.); and

(4) Provide connectivity to the parks within and adjacent to the river corridor, dual river trail and the river.

**b. Regulations.**

(1) No more than one driveway is allowed per three hundred (300) linear feet of public right-of-way in RDO-1 and RDO-2 districts.

(2) All access points to a public street must be shared by multiple tenants and park users.

(3) All parcels must provide vehicular and pedestrian connectivity (cross-access) with adjacent parcels.

(4) Internal pedestrian circulation systems must coordinate and connect with public spaces, sidewalks, dual river trail, transit stops and other transportation systems.

(5) All new dual river trails and re-positioned existing dual river trails must be located to avoid vehicular crossings.

(6) Public sidewalks with a minimum width of five (5) feet must be installed along the entire street frontage on any lot abutting a major street.

*(Ord. No. 25330, § 2, 6-5-2024)*

**Section 20.060. HNO, Healthy Neighborhoods overlay.**

**A. Purpose and intent.** The regulations of this section are established for properties located within the boundaries of the Healthy Neighborhoods overlay (HNO) district. The purpose of the Healthy Neighborhoods overlay (HNO) is to modify and supplement regulations in a specified area where there is a desire for greater diversity in retail options and convenient access to fresh meats, fruits and vegetables. These regulations are intended to:

**1.** Avoid and reduce over-concentration of small box discount stores in the area.

**2.** Encourage and streamline grassroots access to fresh meats, fruits and vegetables.

**3.** Encourage a greater diversity of retail activity and purchasing options within the area.

**4.** Allow for a more community-based approach to distributing and purchasing fresh meats, fruits and vegetables in a specified area.

**5.** Promote investment and development in a community where change is desired.

**B. Applicability.** Except as otherwise expressly stated, the regulations of this section apply within the boundaries of the HNO district to all new uses and structures and all building alterations and site modifications that require a building permit.

**C. Exemptions.**

**1.** Uses that contain a prescription pharmacy or offer for sale gasoline or diesel fuel are exempt from the dispersal standards established in Subsection 20.060D.

**2.** Uses that dedicate a minimum floor area of five hundred (500) square feet to the sale of fresh meat, fruits or vegetables are exempt from the dispersal standards established in Subsection 20.060D.

**3.** Grocery Stores are exempt from the dispersal standards established in Subsection 20.060D.

**D. Dispersal standards for small box discount stores.** To avoid over-concentration, a small box discount store, as defined in Subsection 35.050L.4., within the overlay area must be separated from another small box discount store within or outside the overlay area by a minimum distance of five thousand two hundred eighty (5,280) feet. The required separation distance must be measured in a straight line from the nearest point on the lot line of the property occupied by a small box discount store to the

nearest point on a lot line of the other property occupied by a small box discount store. The separation distance requirements of this section may be reduced if approved through the special exception approval process.

**E. Community gardens.** Community gardens within the boundaries of the HNO district are governed by the regulations of Section 40.090, unless expressly stated by this section. On-site sale of community garden products is permitted by right in all zoning districts within the boundaries of the HNO district.

**F. Grocery store.** The minimum parking ratios established in Section 55.020, Table 55-1 for a Grocery Store use are reduced by fifty (50) percent in the HNO district.

**G. Nonconformities.** Nonconformities that exist within the HNO district are governed by the regulations of Chapter 80.

## Section 20.070. RT66, Route 66 Overlay.

### A. General.

**1. Purpose and intent.** The Route 66 Overlay district establishes zoning regulations and incentives intended to ensure the enhancement, development, and revitalization of the authentic Route 66 through the promotion of historic and historically inspired signage, especially neon, and roadside attractions along and adjacent to the two alignments of Route 66 in Tulsa. The regulations are generally intended to guide the character of both public and private development as it occurs along Route 66.

**2. Applicability.** Except as otherwise expressly stated, the Route 66 Overlay district regulations of this section shall apply within the boundaries of the Route 66 Overlay district to the following:

**a.** All new signage that requires a sign permit and includes at least twenty-five percent (25%) exposed neon as measured by total sign face area. Dynamic Displays as defined in Section 60.100 are not permitted to utilize the provisions of the overlay.

**b.** Roadside attractions as defined in Section 20.070.C.

**3. Conflicting regulations.** All applicable regulations of the underlying base zoning district apply to property in the Route 66 Overlay district unless otherwise expressly stated in the Route 66 Overlay regulations. For properties with approved development plans (PUD, CO, MPD, Optional Development Plan), the approved development plan and development standards apply unless otherwise expressly stated in the Route 66 Overlay regulations.

**B. Signage guidelines.** Signs are regulated by underlying zoning districts and development plans, where applicable, except where modified by these regulations. Signs located within the Route 66 Overlay that include at least twenty-five (25) percent exposed neon as measured by total sign area of the sign shall comply with the regulations of Chapter 60 except as modified by the following provisions and exemptions:

**1. Location.**

**a.** A freestanding sign may overhang up to four (4) feet into the public right-of-way and a wall sign may protrude up to fifteen (15) inches into the

public right-of-way, provided it is a minimum of twelve (12) feet above the right-of-way at grade and does not interfere with utility poles, lines, and/or easements.

**b.** A projecting sign may project horizontally up to four (4) feet into the public right-of-way, provided it is a minimum of twelve (12) feet above the right-of-way at grade and does not interfere with utility poles, lines, and/or easements.

**c.** No sign, or portion of a sign, shall be located within ten (10) feet of any high voltage overhead conductor. (See Title 51, Section 3107)

**d.** Signs shall not project beyond a vertical plane that is two (2) feet inside the curb line. (See Title 51, Section 3107)

**e.** Signage utilizing the standards of the Route 66 Overlay must be oriented to a major street.

**2. Maximum area.**

**a.** Sign area for freestanding or projecting signs may be up to fifty (50) percent greater than the sign area allowed by the underlying zoning district sign budget, provided that sign area shall not exceed two hundred fifty (250) square feet.

**b.** Sign area for wall signs may be up to twenty-five (25) percent greater than the sign area allowed by the underlying zoning district, provided that sign area shall not exceed twenty (20) percent of the building wall to which the sign is attached.

**3. Height.**

**a.** Freestanding signs shall not exceed the height of the principal structure on the property by more than twenty-five (25) percent or a maximum height of twenty-five (25) feet, whichever is greater.

**b.** Projecting signs shall not exceed the height of the parapet or building wall to which it is attached by more than twenty-five (25) percent or a maximum of twenty (20) feet, whichever is greater.

**c.** Wall signs shall not extend higher than five (5) feet above the height of the parapet or building wall to which it is mounted or shall not be mounted any higher than thirty (30) feet, whichever is less.

**4. Illumination.** Change of illumination may produce apparent motion of the visual image on signs. Such motion shall be the result of changes in luminance in a sequential or radial manner to produce what appears to be movement of an element of the animated sign. Sequential or radial changes in luminance shall not include search lights, strobe lights, rotating beacon lights, or flashing.

**5. Roof signs.** Roof signs are regulated by the provisions of Subsection 60.080B.5.

**C. Roadside attractions.** Roadside attractions are permitted in the Route 66 Overlay district. Roadside attractions are features or structures intended to promote tourism and enhance the Route 66 experience.

**1.** General regulations.

**a.** Roadside attractions are subject to review and approval by the Tulsa Route 66 Commission.

**b.** Business name and/or logos will be considered signage and are required to comply with sign regulations.

**c.** Roadside attractions are required to obtain all necessary permits prior to construction.

**2.** In reviewing roadside attractions, the Route 66 Commission must determine that the proposal:

**a.** Reflects the historic significance of Route 66 in Tulsa by identifying elements that contribute to its legacy and character; and

**b.** Promotes tourism along Route 66; and

**c.** Implements recommendations adopted in Plan 66.

*(Ord. No. 25322, §§ 1, 3, 4, 5-22-2024)*

## Section 20.080. NIO, Neighborhood Infill Overlay.

### A. General.

**1. Purpose and intent.** The Neighborhood Infill Overlay (NIO) establishes zoning regulations that are intended to promote the development of alternative infill housing in established neighborhoods. The overlay allows for a variety of residential housing types in a manner that is compatible, in mass and scale, with the character of surrounding properties. The regulations are also intended to promote housing types that accommodate households of varying sizes and income levels and provide for a more efficient use of residential land.

**2. Applicability.** Except as otherwise expressly stated, the Neighborhood Infill Overlay regulations of this section apply to RS-3, RS-4, RS-5, RD, RT, RM-0, RM-1, RM-2 and RM-3 zoning districts only within the boundaries of the Neighborhood Infill Overlay districts to all new permitted uses and structures and all building alterations and site modifications that require a building permit.

**3. Nonconformities.** Nonconformities that exist within the overlay district are governed by the regulations of Chapter 80 except in residential zoning districts, a single detached house, duplex, or multi-unit house, where the particular residential building type is allowed by right or is allowed by special exception and a special exception has been granted, may be erected on a nonconforming lot without complying with the minimum lot area, minimum lot area per unit, minimum lot width, minimum street frontage or minimum open space per unit requirements of the subject zoning district, provided that at least fifty percent (50%) of the lot area remains as open space. All other lot and building regulations apply, except that detached houses, duplexes, or multi-unit houses may be erected on corner lots that are nonconforming with regard to lot width, subject to a reduced minimum street side building setback of five (5) feet. Garages that are accessed through a side yard abutting a street must be set back at least twenty (20) feet.

**4. Conflicting regulations.** All applicable regulations of the underlying base zoning district apply to property in the Neighborhood Infill Overlay unless otherwise expressly stated in the Neighborhood Infill Overlay regulations. For properties with approved development plans (PUD, CO, MPD, Optional Development Plan), the approved development plan and development standards apply.

**B. Use regulations—Residential, household living.** Residential, household living principal uses are allowed in the Neighborhood Infill Overlay district in accordance with Table 20-4.

1. **Permitted uses.** Residential, household living uses identified with a "P" symbol are allowed by right in the Neighborhood Infill Overlay district within the particular base zoning district, subject to compliance with any supplemental regulations identified in Chapter 40 and all other applicable regulations of this zoning code.
2. **Special exception uses.** Uses identified with an "S" may be allowed and if reviewed and approved in accordance with the special exception procedures of Section 70.120.
3. **Prohibited uses.** Uses identified with an "-" are expressly prohibited. Uses that are not listed in the table and that cannot be reasonably interpreted (as stated in subsection 35.020E.) to fall within any defined use category are also prohibited.

**Table 20-4: Neighborhood Infill Overlay District Use Regulations for Household Living**

1. **Table 20-4.5 Notes.** The following notes refer to the bracketed numbers (e.g.," [1]") in (Table 20-4.5):

**[1]** Apartment/condo is limited to no more than 6 dwelling units on a single lot.

**D. Lot and building regulations.** In the Neighborhood Infill Overlay district, the lot and building regulations of Table 20-5 apply in the RS-3, RS-4, RS-5, RD, RT, RM-0, RM-1, RM-2, RM-3 base zoning districts to Duplex, Townhouse, Cottage House Development, Multi-unit House and Apartment/Condo building types. General exceptions to these regulations and rules for measuring compliance can be found in Chapter 90. Regulations governing accessory uses and structures can be found in Chapter 45.

| Table 20-5: Neighborhood Infill Overlay District Lot and Building Regulations | |
|---|---|
| **Minimum Lot Area (sq. ft.)** | |
| Townhouse | 1,600 |

| **Minimum Street Frontage (feet)** | 20 [1] |
| **Minimum Open Space per Unit (sq. ft.)** | 100 |
| **Minimum Building Setbacks (feet)** | |
| Street | 10 [2] |
| Side | 3 [3] |
| Rear | 10 |
| **Maximum Building Height (feet)** | 35 |

1. **Table 20-5 Notes.** The following notes refer to the bracketed numbers (e.g.," [1]") in (Table 20-5):

**[1]** Minimum street frontage requirements apply to townhouse developments, not to individual townhouse units. Cottage house developments require minimum street frontage of 50 feet.

**[2]** Minimum setback for street-facing garage doors is 20 feet.

**[3]** No side setback is required for interior units in townhouse developments. Side setback applies to end units.

**E. Parking regulations.**

1. **Minimum parking ratios.** The minimum parking ratios established in Section 55.020, Table 55-1 for a Household Living use are reduced by 50% in the Neighborhood Infill Overlay district.

2. **Location.** Parking spaces, not including drive aisles, are prohibited between building and street right-of-way (see Figure 20-5) on lots occupied by a 3+ Unit Townhouse, Cottage House Development, Multi-unit House and Apartment/Condo.

**Figure 20-5:

## Section 20.090. NCO, Neighborhood Character Overlay.

### A. General.

1. **Purpose and Intent.** The Neighborhood Character Overlay (NCO) district establishes zoning regulations that are intended to promote compatibility of infill housing in established neighborhoods.

2. **Applicability.**

   **a.** The regulations of this section apply to newly permitted detached houses, duplexes, and accessory buildings and any building alterations and site modifications for detached houses, duplexes, or accessory buildings that require a building permit within the boundaries of the NCO district. Any building, development, or structure for which a building permit was issued, or a complete building application has been accepted for processing prior to the effective date of the NCO district may be completed in conformance with the issued building permit and other applicable permits and conditions, even if such building, development, or structure does not comply with the provisions of the NCO district. If the building, development, or structure is not commenced and completed within the time allowed under the original building permit and any authorized permit extension, the building, development, or structure may be constructed, completed, and occupied only if it complies with the regulations of the NCO district.

   **b.** Complete applications for development plans, special exceptions, variances, or other zoning-related approvals that are pending approval on the date a property is supplementally zoned NCO must be reviewed wholly under the zoning regulations applicable to the property immediately preceding the date the property was supplementally zoned NCO. Building permits for construction and development approved under such zoning approvals may be issued in accordance with Section 20.090 A.2.c.

   **c.** The development administrator is authorized to issue building permits for construction or development approved before the date a property was supplementally zoned NCO and for developments pending approval under Section 20.090 A.2.b. even if such building, development, or structure does not fully comply with the NCO district regulations. If building is not commenced and completed within the time allowed under the building permit and any authorized permit extension, then the building, development, or structure may be constructed, completed, and occupied only if it complies with the NCO district regulations.

3. **Conflicting Regulations.** All applicable regulations of the underlying base zoning district apply to property in the NCO district unless otherwise expressly stated in the NCO district regulations. For properties with approved development plans (PUD, CO, MPD, Optional Development Plan), the approved development plan and development standards apply.

4. **Nonconformities.** Nonconformities that exist within the NCO district are governed by the regulations of Chapter 80.

**B. Lot and Building Regulations.** In the Neighborhood Character Overlay district, the supplemental regulations of this section apply to detached houses and duplexes, and lots being used for detached houses and duplexes. General exceptions to these regulations and rules for measuring compliance can be found in Chapter 90.

1. **Maximum Building Height.** The maximum allowable building height is thirty (30) feet.
2. **Maximum Building Width.** The maximum allowable building width is forty (40) feet. For the purposes of the Neighborhood Character Overlay district, building width shall be measured from the exterior wall closest to the side setback to the exterior wall closest to the opposite side setback, parallel to the street setback. For corner lots, building width is measured parallel to the street setback not designated as the side street setback.
3. **Maximum Driveway Width.** Driveways serving detached houses or duplexes may not exceed eighteen (18) feet in width within the right-of-way and within the street setback. Maximum width is applied to the composite of all driveways if multiple curb cuts are provided.
4. **Garage Setback.** Street-facing garage doors must be set back at least 36 feet and may not be located closer to the street than the front facade of the principal residential building. On corner lots, the side street setback along a non-arterial street may be reduced to twenty (20) feet.

**C. Accessory Building Regulations.** In the Neighborhood Character Overlay, the supplemental regulations of this section apply to all detached accessory buildings.

*(Ord. No. 24959, § 1, 11-16-2022; Ord. No. 25429, § 8, 10-30-2024)*

## Section 20.100. NIO-2, Neighborhood Infill Overlay-2.

**A. General.**

1. **Purpose and Intent.** The Neighborhood Infill Overlay-2 (NIO-2) establishes zoning regulations that are intended to promote the development of alternative infill housing in established neighborhoods. The overlay allows for a variety of residential housing types in a manner that is compatible, in mass and scale, with the character of surrounding properties. The regulations are also intended to promote housing types that accommodate households of varying sizes and income levels and provide for a more efficient use of land for residential purposes.
2. **Applicability.** Except as otherwise expressly stated, the Neighborhood Infill Overlay regulations of this section apply to RS-3, RS-4, RS-5, RD, RT, RM-0, RM-1, RM-2, RM-3, RMH, OL, OM, OMH, OH, CS, CG, CH, IL, IM, and IH zoning districts only within the boundaries of the Neighborhood Infill Overlay-2 districts to all new permitted uses and structures and all building alterations and site modifications that require a building permit.
3. **Nonconformities.** Nonconformities that exist within the NIO-2 district are governed by the regulations of Chapter 80 except in residential zoning districts, a single detached house, duplex, or multi-unit house, where the particular residential building type is allowed by right or is allowed by special exception and a special exception has been granted, may be erected on a nonconforming lot without complying with the minimum lot area, minimum lot area per unit, minimum lot

width, minimum street frontage or minimum open space per unit requirements of the subject zoning district, provided that at least fifty percent (50%) of the lot area remains as open space. All other lot and building regulations apply, except that detached houses, duplexes, or multi-unit houses may be erected on corner lots that are nonconforming with regard to lot width, subject to a reduced minimum street side building setback of five (5) feet. Garages that are accessed through a side yard abutting a street must be set back at least twenty (20) feet.

4. **Conflicting Regulations.** All applicable regulations of the underlying base zoning district apply to property in the NIO-2 district unless otherwise expressly stated in the NIO-2 regulations. For properties with approved development plans (PUD, CO, MPD, Optional Development Plan), the approved development plan and development standards apply.

**B. Use Regulations - Residential, Household Living.** Residential, household living principal uses are allowed in the NIO-2 district in accordance with Table 20-6.

1. **Permitted Uses.** Residential, household living uses identified with a "P" symbol are allowed by right in the NIO-2 district within the particular base zoning district, subject to compliance with any supplemental regulations identified in Chapter 40 and all other applicable regulations of this zoning code.

2. **Special Exception Uses.** Uses identified with an "S" may be allowed if reviewed and approved in accordance with the special exception procedures of Section 70.120.

3. **Prohibited Uses.** Uses identified with an "-" are expressly prohibited. Uses that are not listed in the table and that cannot be reasonably interpreted (as stated in subsection 35.020-E) to fall within any defined use category are also prohibited.

**Table 20-6: NIO-2 District Use Regulations for Household Living**

| Use Category | Base Zoning Districts: | | | | | | | | | | |
|---|---|---|---|---|---|---|---|---|---|---|---|

| Vertical mixed-use building | - | - | - | - | - | - | P | P | P | P | P |

1. **Table 20-7 Notes.** The following notes refer to the bracketed numbers (e.g.," [1]") in (Table 20-7):
   **[1]** Apartment/condo is limited to no more than 4 dwelling units on a single lot.
   **[2]** Manufactured housing units manufactured in 2016 or later are permitted by right if they are skirted with masonry, have a street-facing entrance, and are attached to a permanent foundation. All other manufactured housing units require a special exception approved in accordance with the procedures of Section 70.120.

**D. Lot and Building Regulations.** In the NIO-2 district, the lot and building regulations of Table 20-8 apply in the RS-3, RS-4, RS-5, RD, RT, RM-0, RM-1, RM-2, RM-3,

RHM, OL, OM, OMH, OH, CS, CG, CH, IL, IM, and IH base zoning districts to Detached House, Manufactured Housing Unit, Duplex, Townhouse, Cottage House Development, Multi-unit House and Apartment/Condo building types. General exceptions to these regulations and rules for measuring compliance can be found in Chapter 90. Regulations governing accessory uses and structures can be found in Chapter 45.

**Table 20-8: NIO-2 District Lot and Building Regulations**

| | |
|---|---|
| **Minimum Lot Area (sq. ft.)** | |
| Townhouse | 1,600 |
| Detached House, Manufactured Housing Unit, Duplex, Cottage House Development, Multi-Unit House, Apartment/Condo | 4,000 |
| **Minimum Lot Area per Unit (sq. ft.)** | N/A |
| **Minimum Lot Width** | |
| Townhouse | 20 |
| Detached House, Manufactured Housing Unit, Duplex, Cottage House Development, Multi-Unit House, Apartment/Condo | 40 |
| **Minimum Street Frontage (feet)** | 20 [1] |
| **Minimum Open Space per Unit (sq. ft.)** | 100 |
| **Minimum Building Setbacks (feet)** | |
| Street | 10 [2] |
| Side | 3 [3] |
| Rear | 10 |
| **Maximum Building Height (feet)** | 35 |

Table 20-8 Notes:

The following notes refer to the bracketed numbers (e.g.," [1]") in (Table 20-8):

**[1]** Minimum street frontage requirements apply to townhouse developments, not to individual townhouse units. Cottage house developments require minimum street frontage of 50 feet.

**[2]** Minimum setback for street-facing garage doors is 20 feet.

**[3]** No side setback is required for interior units in townhouse developments. Side setback applies to end units.

**D. Home Occupations.** In the NIO-2 district, both Type 1 and Type 2 home occupations are permitted as a matter of right.

**E. Modification to Lot and building regulations for the IL Zoning Districts.**

**1.** In the NIO-2 district, the building setback from AG, AG-R and R districts is reduced from seventy-five (75) feet to ten (10) feet in the IL base zoning district for all non-residential uses.

*(Ord. No. 25087, § 1, 7-19-2023; Ord. No. 25330, § 3, 6-5-2024; Ord. No. 25429, §§ 9, 10, 10-30-2024)*

## CHAPTER 25. SPECIAL DISTRICTS

Section 25.010. General.
Section 25.020. AG, Agricultural District and AG-R, Agricultural-Residential District.
Section 25.030. PK, Parking district.
Section 25.040. CO, Corridor district.
Section 25.050. SR, Scientific Research district.
Section 25.060. IMX, Institutional Mixed-Use.
Section 25.070. MPD, Master Planned Development district.

### Section 25.010. General.

**A. Purpose.** Like overlay zoning districts, special purpose zoning districts are tools for dealing with unique neighborhoods or settings or accomplishing special planning and zoning goals. Unlike overlay districts, however, special districts are base zoning classifications; they do not "over-lay" other base zoning districts.

**B. Establishment.** Except as otherwise expressly stated, special districts may be established, amended or removed only in accordance with the zoning map amendment procedures of Section 70.030.

### Section 25.020. AG, Agricultural District and AG-R, Agricultural-Residential District.

**A. Purposes.**

**1.** The AG, Agricultural district is primarily intended to accommodate agricultural, mining or mineral processing uses in rural areas. The district also allows very low-density residential and other uses and serves as a holding zone pending an orderly transition to more urban development that can be efficiently served by public facilities and services.

**2.** The AG-R, Agricultural-Residential district is primarily intended for areas of the city that are generally located on the outer edge of urbanized development. The district is designed to acknowledge the desire for lower-density residential development with larger lot sizes. While land use regulations and lot and building standards are primarily geared towards residential uses, some agricultural uses could also be permitted.

**B. Use regulations.**

**1.** Uses are allowed in AG and AG-R districts in accordance with Table 25-1. These uses are described in Chapter 35. Uses identified with a "P" are permitted as-of-right. Uses identified with an "S" may be allowed only if reviewed and approved in accordance with the special exception procedures of Section 70.120. All allowed uses are subject to compliance with all other applicable regulations of this zoning code.

**2.** Uses identified with an "-" are expressly prohibited. Uses that are not listed in the table and that cannot be reasonably interpreted (as stated in Subsection 35.020E.) to fall within any defined use category are also prohibited.

**3. Table Notes:**

**[1]** See Title 2, Chapter 2 of the Tulsa Revised Ordinances.

**[2]** A Farm, Market- or Community-supported, may only be allowed in an AG-R district where the land area of a single parcel is greater than 2 acres.

**[3]** Only family child care homes that were operating as a principal-use family child care home under a valid license issued from the State of Oklahoma on or before November 15, 2023, and have been issued a certificate of occupancy for a family child care home by December 31, 2025, may be considered established for the purposes of this provision. Said license may be for a Family Child Care Home or Large Family Child Care Home as permitted by the State of Oklahoma, provided that the child care home has a licensed capacity of no greater than 12 children. At the time the license expires, is revoked by the State of Oklahoma, is transferred to another entity, or the child care home ceases operation for longer than 6 months, the property will lose its status as established and the family child care home will require a Special Exception.

**C. Residential building types.** Residential uses allowed in AG and AG-R districts must be located in residential buildings. Descriptions of the residential building types and references to applicable regulations are found in Section 35.010. The following residential building types are allowed in AG and AG-R districts:

**Table 25-1.5: AG District Building Type Regulations for Household Living**

| USE CATEGORY<br>Subcategory (Section 35.020)<br>Specific use<br>Building Type | AG | AG-R | Supplemental Use Regulations |

| Manufactured housing unit | S | S | Section 40.210 |
| P= Permitted; S=Special Exception Approval Required; - = Prohibited | | | |

**D. Lot and Building Regulations.** The lot and building regulations of Table 25-2 apply to all principal uses and structures in AG and AG-R districts, except as otherwise expressly stated in this zoning code. General exceptions to lot and building regulations and rules for measuring compliance can be found in Chapter 90. Additional regulations governing accessory uses and structures can be found in Chapter 45.

**Table 25-2: AG District Lot and Building Regulations**

| Regulations | AG | AG-R |
|---|---|---|
| Min. Lot Area | 2 acres | 1 acre |
| Min. Lot Area per Unit | 2 acres | 1 acre |

| Side (one side/other side) | 10/5 | 15 |
| Rear | 40 | 25 |
| Max. Building Height (feet) | - | 35 |

*(Ord. No. 24328, § 4, 3-11-2020; Ord. No. 24725, §§ 10, 11, 11-17-2021; Ord. No. 25192, § 4, 12-6-2023; Ord. No. 25429, §§ 11, 12, 10-30-2024; Ord. No. 25604, § 4, 6-18-2025)*

## Section 25.030. PK, Parking district.

**A. Purpose.** The PK, Parking district is primarily intended to accommodate off-street parking areas bordering nonresidential zoning districts, while protecting nearby residential areas from adverse impacts associated with spillover parking into residential neighborhoods.

**B. Use regulations.** Parking lots, including parking structures, are the only uses permitted in the PK district. Such parking lots may be used for off-site accessory parking or for non-accessory parking.

**C. Lot and building regulations.**

1. **Table of regulations.** The lot and building regulations of Table 25-3 apply to all principal uses and structures in PK districts, except as otherwise expressly stated in this zoning code. General exceptions to lot and building regulations and rules for measuring compliance can be found in Chapter 90. Additional regulations governing accessory uses and structures can be found in Chapter 45.

**Table 25-3: PK District Lot and Building Regulations**

| Regulations | PK |
|---|---|
| Minimum Lot Frontage (feet) | 20 |
| Min. Building Setbacks (feet) | |
| Street | 10[1] |
| From abutting RE, RS, RD, AG-R district | 10[2] |
| Max. Lot Coverage by Buildings and Parking Surface Area (%) | 90 |
| Maximum Building Height (feet) | 35[3] |

**2. Table notes.** The following notes refer to the bracketed numbers (e.g.," [1]") in Table 25-3:

**[1]** No part of any parking space, drive aisle or fence or wall that is over 4 feet in height may be located closer to a minor street right-of-way line than any residential building occupying an abutting lot with frontage on the same minor street as the parking lot (see Figure 25-1 and Figure 25-2).

**Figure 25-1: Parking Setback from Street on Lots Abutting Residential Buildings**

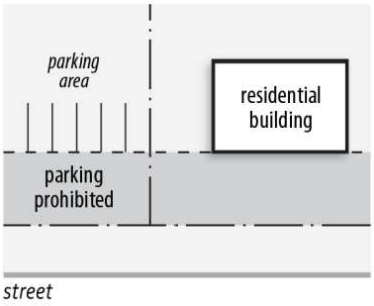

**Figure 25-2: Fence Setback from Street Abutting Residential Building**

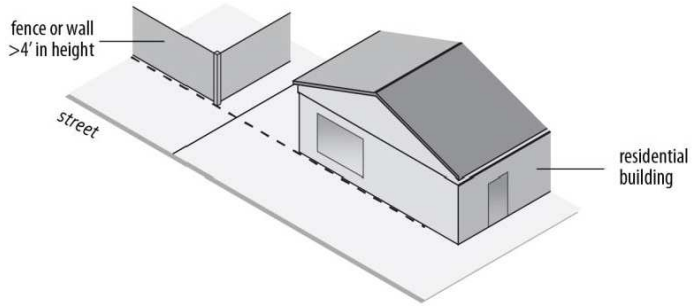

**[2]** When a PK district abuts an R or AG-R district, a masonry screening wall must be provided along the common lot line in accordance with the F1 screening fence or wall standards of Subsection 65.070C.

**[3]** Buildings in the PK district may not exceed 35 feet in height, unless reviewed and approved in accordance with the special exception procedures of Section 70.120.

## Section 25.040. CO, Corridor district.

**A. Purpose.** The CO, Corridor district is established to allow and encourage high-intensity, multi-use development, in compliance with an approved development plan, in order to:

**1.** Accommodate intensive uses and development near high-capacity thoroughfares;

**2.** Allow for a wide range of lifestyles and housing types close to employment, recreational, shopping, and cultural facilities;

**3.** Maximize the interrelationship between land use and transportation and in particular encourage development patterns compatible with the evolution of transit;

**4.** Provide direct, safe and convenient non-motorized travel routes within the boundaries of the development site, as well as connections to abutting properties;

**5.** Maximize use of higher capacity segments within the city's overall transportation network;

**6.** Accommodate a more productive use of land consistent with the public objectives and standards of accessibility and land use compatibility; and

**7.** Maintain the traffic carrying capacity of the city's transportation network by encouraging access from internal streets or private drives.

**B. Use regulations.**

**1.** Uses identified with a "P*" in Table 25-4 may be approved in CO districts at the time of development plan approval. Only uses approved through the development plan approval process of Section 70.040 are allowed. Allowed uses are subject to compliance with all other applicable regulations of this zoning code.

**2.** Uses identified with an "-" are expressly prohibited. Uses that are not listed in the table and that cannot be reasonably interpreted (as stated in Subsection 35.020E.) to fall within any defined use category are also prohibited.

**D. Lot and building regulations** The lot and building regulations that apply within a CO zoning district must be established at the time of development plan approval by the City Council.

**E. Special procedures applicable to Corridor (CO) district rezonings and developments.**

**1. Overview of required approval process.**

**a.** A property owner request for rezoning to the CO zoning district requires review and approval of a zoning map amendment (see Section 70.030) and a development plan (see Section 70.040) for the subject property.

**b.** The planning commission is authorized to recommend and the City Council is authorized to approve modifications and adjustments to otherwise applicable parking, sign, landscaping, screening and outdoor lighting regulations concurrently with development plan approval.

**c.** After approval of the zoning map amendment and development plan, site plan review and approval is required in accordance with the procedures of Section 70.050.

**d.** No building permit may be issued and no building or development may occur in a CO zoning district until a zoning clearance permit has been issued in accordance with Section 70.080.

**2. Supplemental review and approval criteria.** In making recommendations and decisions on CO district zoning map amendments and development plans, review and decision-making bodies must consider the zoning map amendment criteria of Subsection 70.030H. and the following factors:

**a.** Whether the proposed corridor development will be compatible with the existing and expected development of surrounding areas;

**b.** Whether the proposed corridor development is a unified treatment of the development possibilities of the project site;

**c.** Whether provision has been made for proper access, circulation, and functional relationships of uses; and

**d.** Whether the proposed corridor development is consistent with the stated purposes of this zoning code.

3. **Restrictive covenants.** No building permit may be issued, and no building or development may occur in a CO zoning district until covenants necessary to reasonably ensure continued compliance with the approved development plan are recorded in the County Clerk's office. Such covenants may be established in a subdivision plat or in a separately recorded legal instrument. In order that the public interest may be protected, the City of Tulsa must be made beneficiary of the covenants pertaining to such matters as location of uses, height of structures, setbacks, screening, and access. Such covenants must provide that the City of Tulsa may enforce compliance of the covenants, and further provide that amendment of the covenants requires planning commission approval and the filing of record of a written amendment to covenants, endorsed by the planning commission.

4. **Issuance of building permits.** Building permits may be issued only after a zoning clearance permit has been issued in accordance with Section 70.080 and covenants have been recorded in accordance with Subsection 25.040E.3. Any permits issued must be in accordance with the approved development plan.

5. **Amendments.** The planning commission is authorized to approve minor amendments to an approved development plan as long as substantial compliance is maintained with the approved development plan. Major amendments must be processed as new development plans. See Subsection 70.040I.

6. **Abandonment of approved plans.** Abandonment of an approved development plan requires review and recommendation by the planning commission and approval by the City Council. Upon final action by the city council authorizing abandonment of the development plan, no building permits may be issued until a subsequent development plan has been approved and a zoning clearance permit has been issued or until the property has been rezoned to another zoning district and permits sought in accordance with the regulations applicable to the subject district.

*(Ord. No. 24725, § 12, 11-17-2021; Ord. No. 25192, § 5, 12-6-2023; Ord. No. 25604, § 5, 6-18-2025)*

## Section 25.050. SR, Scientific Research district.

**A. Purpose.** The SR, Scientific Research district is intended to accommodate and promote modern, scientific research facilities and institutions.

**B. Use regulations.**

1. Principal uses are allowed in SR districts in accordance with Table 25-5. These uses are described in Chapter 35. Uses identified with a "P" are permitted as-of-right. Uses identified with an "S" may be allowed if reviewed and approved in

accordance with the special exception procedures of Section 70.120. All allowed uses are subject to compliance with all other applicable regulations of this zoning code.

**2.** Uses identified with an "-" are expressly prohibited. Uses that are not listed in the table and that cannot be reasonably interpreted (as stated in Subsection 35.020E.) to fall within any defined use category are also prohibited.

**C. Lot and building regulations.** The lot and building regulations of Table 25-6 apply to all principal uses and structures in SR districts, except as otherwise expressly stated in this zoning code. General exceptions to lot and building regulations and rules for measuring compliance can be found in Chapter 90. Additional regulations governing accessory uses and structures can be found in Chapter 45.

**Table 25-6: SR District Lot and Building Regulations**

| Regulations | SR |
|---|---|
| Minimum Lot Area (sq. ft.) | - |
| Minimum Street Frontage (feet) | 200 |
| Maximum Floor Area Ratio (FAR) | 0.50 |
| Minimum Lot Area per Unit (sq. ft.) | - |
| Minimum Building Setbacks (feet) | |
| Street | 50 |
| From AG, AG-R or R district | 50[1][2] |
| From O district | 50[1][2] |

**[1]** When abutting RE- or RS-zoned lot, two (2) feet of additional building setback required for each one foot of building height above thirty-five (35) feet.

**[2]** Minimum building setback abutting freeway right-of-way that is zoned AG, AG-R, R or O is ten (10) feet.

**D. Supplemental Regulations** In the SR district, all research service uses must be conducted within a completely enclosed building.

*(Ord. No. 24725, § 13, 11-17-2021; Ord. No. 25192, § 6, 12-6-2023; Ord. No. 25604, § 6, 6-18-2025)*

## Section 25.060. IMX, Institutional Mixed-Use.

### A. General.

**1. Purposes.** The Institutional Mixed-Use (IMX) district is designed to:

**a.** Achieve the economic objectives of the comprehensive plan by encouraging sustainable growth of regional job centers anchored by institutions.

**b.** Meet the need for medical and educational services in the metropolitan area and trade area.

**c.** Provide an environment conducive to the development and conservation of medical and educational institutions.

**d.** Permit the establishment of uses which are customarily located in proximity to such institutions.

**e.** Accommodate a mix of uses and encourage a compatible relationship with adjoining land uses and thoroughfares by:

(1) Establishing lot and building regulations, including transitional height regulations, which help to ensure compatibility among areas with different uses and development intensities;

(2) Requiring off-street parking and loading facilities to mitigate vehicular impacts in surrounding residential areas;

(3) Controlling the number, size, height, sign area, location and types of signs; and

(4) Preserving, enhancing and creating open space.

**2. Zoning criteria.**

**a.** Properties proposed for IMX zoning must include one or more hospitals, colleges, or universities.

**b.** The minimum contiguous land area required for an IMX district is five (5) acres, provided that properties of less than five (5) acres in area that are contiguous with existing IMX-zoned areas or that are separated from existing IMX-zoned areas only by a non-arterial street, alley or railroad right-of-way, may be approved for IMX zoning.

**B. Use regulations.**

**1.** Principal uses are allowed in IMX districts in accordance with Table 25-7. These uses are described in Chapter 35. Uses identified with a "P" are permitted as-of-right. Uses identified with an "S" may be allowed only if reviewed and approved in accordance with the special exception procedures of Section 70.120. All allowed uses are subject to compliance with all other applicable regulations of this zoning code.

**2.** Uses identified with an "-" are expressly prohibited. Uses that are not listed in the table and that cannot be reasonably interpreted (as stated in Subsection 35.020E.) to fall within any defined use category are also prohibited.

| Community Garden | P | Section 40.090 |
| **OTHER** | | |
| Oil or Gas Well | S | Section 40.270 |

**3. Table notes.** The following notes refer to the bracketed numbers (e.g.," [1]") in Table 25-7:

**[1]** Requires special exception approval if alcoholic beverages are sold or served and the subject lot is located within one hundred fifty (150) feet of any residential zoning district other than R-zoned street right-of-way.

**[2]** Vehicular and pedestrian circulation must be reviewed and approved by traffic engineering, including the location of ingress and egress points.

**[3]** No surface parking lot, whether a principal use or accessory use, is permitted within one hundred (100) feet of any HP district.

**[4]** Package stores require special exception approval, and vehicular and pedestrian circulation must be reviewed and approved by traffic engineering, including the location of ingress and egress points.

**[5]** When located the Healthy Neighborhoods Overlay (HNO) district the use is regulated as stated in Subsection 20.060D.

**4. Accessory uses.**

**a.** Accessory uses are not regulated by Table 25-7. Customary accessory uses are allowed in conjunction with principal uses permitted by right or by special exception, subject to compliance with all applicable accessory use regulations of Chapter 45. The following are expressly allowed as accessory uses in the IMX district:

(1) Heliport.

(2) Loading dock and storage facilities.

(3) Repair and service facilities, including vehicle repair.

(4) Laundry facilities.

(5) Parking, provided that no surface parking is permitted within one hundred (100) feet of HP district.

(6) Physical plant.

(7) Disaster shelters.

(8) Antennas and supporting structures.

(9) Signs, in accordance with Chapter 60.

**b.** All accessory buildings must comply with minimum building setback requirements.

**c.** An accessory building erected as an integral part of the principal building must be made structurally a part of the principal building, have a common wall with the principal building, and comply with the requirements applicable to the principal building.

**C. Residential building types.** Residential uses allowed in IMX districts must be located in residential buildings. Descriptions of the residential building types and references to applicable regulations are found in Section 35.010. The following residential building types are allowed in IMX districts:

**Table 25-7.5: IMX District Building Type Regulations for Household Living**

| USE CATEGORY<br>Subcategory (Section 35.020)<br>Specific use<br>Building Type | IMX | Supplemental Regulations |
|---|---|---|
| **RESIDENTIAL** | | |
| Household Living | | |
| Single household | | |
| Detached house | P | |
| Townhouse | P | Section 40.390 |
| Two households on single lot | | |
| Duplex | P | |
| Three or more households on single lot | | |
| Multi-unit house | P | Section 40.250 |
| Apartment/condo | P | Section 40.030 |
| P= Permitted; S=Special Exception Approval Required; - = Prohibited | | |

**D. Lot and building regulations.**

**1. Table of regulations.** The lot and building regulations of Table 25-8 apply to all new construction and building additions in IMX districts. General exceptions to lot and building regulations and rules for measuring compliance can be found in Chapter 90. Existing buildings are exempt from compliance with build-to-zone (BTZ) and transparency regulations.

## Table 25-8: IMX District Lot and Building Regulations

| Regulation | IMX |
|---|---|
| Minimum District Area (acres) | 5 acres (see Subsection 25.060A.2.b.) |
| Minimum Lot Area (sq. ft.) | |
| Detached house | 5,500 |
| Duplex | 6,900 |
| Townhouse | 1,600 |
| Multi-unit house | 7,500 |
| Apartment/condo | 7,500 |
| Other allowed uses/buildings | 3,500 |
| Minimum Street Frontage (feet) | |
| Arterial or freeway service road | 50 |
| All other streets | 20 |
| Minimum Building Setbacks (feet) | |
| Street | See "Build-to-Zone" Requirements |
| Side | -[1] |
| Rear | 5[2] |
| Build-to-Zone (BTZ) (min./max. in feet) [4] (See also Subsection 25.060H.2.) | |
| Arterial or freeway service road | 10/20 |
| All other streets | 20/30 |
| Minimum Percentage of Build-To Zone Occupied | |
| Arterial or freeway service road | 70 |
| All other streets | 50 |
| Minimum Parking Setback (feet) | 30[3] |
| Street-facing Building Entrance Required | Yes[5] |
| Minimum Ground Floor Transparency (%)[6] | |
| Arterial or freeway service road | 50 |
| All other streets | 40 |
| Maximum Building Height (feet) | See Subsection 25.060E. |

**2. Table notes.** The following notes refer to the bracketed numbers (e.g.," [1]") in Table 25-8:

**[1]** A minimum side setback of ten (10) feet is required on lots abutting an R district, an HP district, or a lot occupied by a detached house, duplex or townhouse without an intervening right-of-way. Required side setbacks may not be used for parking, paving, loading, servicing or any other activity, and must comply with the L1 landscape yard requirements of Subsection 25.060H.1.

**[2]** A minimum rear setback of twenty (20) feet is required on lots abutting an R district, an HP district, or a lot occupied by a detached house, duplex or townhouse without an intervening right-of-way. Required rear setbacks may not be used for parking, paving, loading, servicing or any other activity, and must comply with the L1 landscape yard requirements of Subection 25.060H.1.

**[3]** A minimum ten-foot deep buffer yard that complies with the L1 landscape yard requirements of Subsection 25.060H.1. must be provided to separate parking from the sidewalk, except no buffer yard is required where the ground-floor level of a parking garage or structure is masked by a liner building.

**[4]** In all cases, a minimum setback distance of twelve (12) feet is required between the edge of curb and the face of the building.

**[5]** A functional building entrance door is required on each street-facing façade, and each dwelling unit on the ground-floor level shall have a functional building entrance facing the street. The length of street-facing facade without an intervening entrance may not exceed one hundred fifty (150) feet. An angled or curved entrance may be provided at either corner of a building along the street to meet the street-facing entrance requirements along both streets. On corner lots, the street-facing entrance requirement does not apply along the side street.

**[6]** In the IMX district, the transparency of a ground floor facade is measured between three (3) and eight (8) feet above the adjacent curb.

**E. Height regulations.** No maximum height limits apply in the IMX district except in the following cases:

**1.** When an IMX district abuts an HP district with an intervening right-of-way that is not an alley, a maximum height limit of thirty-five (35) feet applies within one hundred (100) feet of the right-of-way centerline.

**2.** When an IMX district abuts an R or AG-R district with an intervening right-of-way that is not an alley, a maximum height limit of forty-eight (48) feet applies within one hundred (100) feet of the right-of-way centerline.

**3.** When an IMX district abuts an R, AG-R, or an HP district with an intervening alley, a maximum height limit of twenty-four (24) feet applies within forty (40) feet of the alley centerline and a maximum height limit of forty-eight (48) feet applies at a distance between forty (40) feet and ninety (90) feet of the alley centerline.

**4.** When an IMX district abuts an R, AG-R, or an HP district without an intervening right-of-way, a maximum height limit of twenty-four (24) feet applies within fifty (50) feet of the lot boundary and a maximum height limit of forty-eight (48) feet applies at a distance between fifty (50) and one hundred (100) feet of the lot boundary.

**5.** A maximum height limit of ninety-six (96) feet applies for a distance of one hundred (100) feet from the forty-eight-foot feet maximum height limit zone where the IMX district abuts an HP district.

**F. Structured parking facilities.** Parking structures must be designed to visually conceal parking at ground-floor level and the second floor level through the use of architectural detailing or liner buildings.

**G. Loading areas and dumpsters.**

**1.** Loading dock entrances must be screened from public view at ground level by masonry walls.

**2.** Dumpsters are subject to the regulations of Section 45.050, provided that dumpsters in the IMX district must be screened from public view at ground level by masonry walls.

**H. Landscaping and screening.** Landscaping and screening in the IMX district must meet or exceed the minimum regulations of this subsection and the minimum regulations of Section 65.050, Section 65.090 and Section 65.100. The other landscaping and screening regulations of Chapter 65 do not apply in the IMX district.

**1. L1 landscape transition yards.**

**a. When required.** L1 landscape transition yards with a minimum depth of ten (10) feet are required in all of the following cases:

(1) When development occurs on a lot abutting an R, AG-R, or HP district, or a lot occupied by a detached house, duplex or townhouse without an intervening right-of-way;

(2) When off-street parking lots or structures are located adjacent to sidewalks or public rights-of-way, except that L1 landscape yards are not required when the ground-floor level of a parking garage or structure is masked by a liner building.

**b. Trees.** Trees must be provided in L1 landscape transition yards as follows:

(1) At least one medium or large tree must be provided per twenty-five (25) linear feet of landscape transition yard.

(2) If medium or large trees are not appropriate due to overhead utilities or other obstructions one small tree must be provided per twenty (20) linear feet of landscape yard.

(3) Trees must generally be evenly spaced.

(4) Medium and large trees must be a minimum of two and one-half (2.5) inches in caliper size and at least twelve (12) feet in height at time of planting. Small trees must be a minimum of two (2) inches in caliper size and at least eight (8) feet in height at time of planting.

**c.** Understory plantings meeting the following requirements must be provided in all L1 landscape transition yards:

(1) Ground covers or shrubs must be provided at a size and density in order to protect tree roots and to prevent erosion within a three-year growth cycle.

(2) Sod is not permitted in required L1 landscape transition yards.

(3) Where used to meet the landscape requirement, shrubs must be maintained at a minimum height of three (3) feet and a maximum height of eight (8) feet with no more than fifty (50) percent opacity.

**d.** Screening must be provided within L1 landscape transition yards as follows:

(1) Opaque walls or fences a minimum height of six (6) feet must be provided if the L1 landscape transition yard is in a side or rear setback and must be maintained in good condition. Screening is not required if the subject lot is occupied by a detached house, duplex or townhouse.

(2) Opaque walls with a minimum height of thirty-six (36) inches must be provided within ten (10) feet of a surface parking lot edge where surface parking is located within one hundred (100) feet of any IMX district

boundary except when a building is located between the IMX district boundary and the surface parking lot. Walls must be maintained in good condition.

**2. L2 street tree yards.**

**a. When required.** L2 street tree yards with a minimum depth of ten (10) feet are required between the planned right-of-way and the closest edge of the build-to-zone within the lot, extending the full width of the lot.

**b. Trees.** Trees must be provided in L2 street tree yards as follows:

(1) At least one medium or large tree must be provided per twenty-five (25) linear feet of street frontage.

(2) If medium or large trees are not appropriate due to overhead utilities or other obstructions one small tree must be provided per twenty (20) linear feet of street frontage.

(3) Trees must generally be evenly spaced.

(4) Medium and large trees must be a minimum of two and one-half (2.5) inches in caliper size and at least twelve (12) feet in height at time of planting. Small trees must be a minimum of two (2) inches in caliper size and at least eight (8) feet in height at time of planting.

**I. Walls and fences.** Except as otherwise provided in this zoning code, fences or walls within a street tree yard may not exceed thirty-six (36) inches in height. Fences or walls in other locations may not exceed eight (8) feet in height.

**J. Mechanical equipment.**

**1.** Mechanical equipment is not permitted between the building and the street.

**2.** An opaque wall or fence exceeding the height of the equipment is required if the equipment is visible from a public street or from adjacent properties at the level where such equipment is located.

**3.** Rain barrels, cisterns, and similar equipment designed as part of the building do not require screening.

**4.** Chiller plants and similar utility structures must be screened from public rights-of-way and abutting R- or AG-R-zoned lots, HP districts, and lots occupied by a detached houses, duplexes or townhouses. Required screening must consist of a masonry wall that is at least six (6) feet in height. Trees must also be provided as required in L1 landscape transition yards (see Subsection 25.060H.1.b.).

*(Ord. No. 24725, § 14, 11-17-2021; Ord. No. 25192, § 7, 12-6-2023; Ord. No. 25604, § 7, 6-18-2025)*

## Section 25.070. MPD, Master Planned Development district.

**A. Purpose and intent.** The MPD, Master Planned Development district is established to accommodate development that would be difficult or impossible to carry out under otherwise applicable zoning regulations. Different types of MPDs will promote different planning goals. In general, however, all MPDs are intended to result in

development that is consistent with the city's adopted plans and that provides greater public benefits than could be achieved using conventional zoning regulations. MPDs are also generally intended to promote one or more of the following:

**1.** Variety in housing types and sizes to accommodate households of all ages, sizes, incomes and lifestyle choices;

**2.** Compact, mixed-use development patterns where residential, commercial, employment, civic, and open space areas are located in close proximity to one another;

**3.** A transportation network designed to accommodate safe and efficient motorized and non-motorized travel;

**4.** Direct, safe and convenient non-motorized travel routes within the boundaries of the development site, as well as connections to abutting properties;

**5.** Buildings and other improvements that by their arrangement, massing, design, character and site design elements establish a quality, livable environment;

**6.** Sustainable development practices;

**7.** Incorporation of open space amenities and natural resource features into the development design;

**8.** Low-impact development (LID) and best management practices for managing stormwater; and

**9.** Flexibility and creativity in responding to changing social, economic and market conditions.

**B. Initiation of amendment.** Applications to establish an MPD district or expand the boundaries of an existing MPD district may be initiated only by the owner of the subject property.

**C. Statement of intent.** Each MPD application must include a written explanation describing how the proposed development meets the purpose and intent described in Subsection 25.070A. and the supplemental review and approval criteria of Subsection 25.070D.2.

**D. MPD approval procedures.**

**1. Overview of required approval process.**

**a.** A property owner request for rezoning to the MPD zoning district requires review and approval of a zoning map amendment (see Section 70.030), which is processed concurrently with a development plan (see Section 70.040).

**b.** After approval of the zoning map amendment and development plan, site plan review and approval is required in accordance with the procedures of Section 70.050.

**c.** No building permit may be issued and no building or development may occur in a MPD zoning district until a zoning clearance permit has been issued in accordance with Section 70.080.

**2. Supplemental review and approval criteria.** In making recommendations and decisions on MPD district zoning map amendments, review and decision-making bodies must consider the zoning map amendment criteria of Subsection 70.030H. and the following factors:

**a.** Whether the proposed master planned development is consistent with the comprehensive plan and any other adopted plans for the subject area;

**b.** Whether the development plan complies with the MPD district provisions of Section 25.070;

**c.** Whether the development will result in public benefits that are equal to or greater than those that would have resulted from development under conventional zoning (non-MPD) regulations; and

**d.** Whether appropriate terms and conditions have been imposed on the approval to protect the interests of surrounding property owners and residents, existing and future residents of the MPD and the general public.

**3. Restrictive covenants.** No building permit may be issued, and no building or development may occur in an MPD district until covenants necessary to reasonably ensure continued compliance with the approved development plan are recorded in the County Clerk's office. Such covenants may be established in a subdivision plat or in a separately recorded legal instrument. In order that the public interest may be protected, the City of Tulsa must be made beneficiary of the covenants pertaining to such matters as location of uses, height of structure, setbacks, screening, and access. Such covenants must provide that the City of Tulsa may enforce compliance of the covenants, and further provide that amendment of the covenants requires planning commission approval and the filing of record of a written amendment to covenants, endorsed by the planning commission.

**4. Issuance of building permits.** Building permits may be issued only after a zoning clearance permit has been issued in accordance with Section 70.080 and covenants have been recorded in accordance with Subsection 25.070D.3. Any permits issued must be in accordance with the approved development plan.

**E. Abandonment.** Abandonment of an approved MPD requires that the property be rezoned to another zoning district in accordance with the zoning map amendment procedures of Section 70.030 or that a new MPD be approved following the procedures of Subsection 25.070D.

**F. Use regulations and lot and building standards** The use regulations and lot and building standards that apply within an MPD zoning district must be established at the time of development plan approval by the City Council.

**G. Other development standards.** Unless otherwise expressly provided in the approved development plan, properties within the MPD district are subject to all other applicable provisions of this zoning code and the subdivision and development regulations. The MPD district is expressly intended to accommodate the use of alternative standards for streets and other public improvements based on the approved development plans. The development plan must specify the deviations proposed from otherwise applicable public improvement standards if deviations from otherwise applicable standards are proposed.

**[THIS PAGE INTENTIONALLY LEFT BLANK]**

## CHAPTER 30. LEGACY DISTRICTS

Section 30.010. PUD, Planned Unit Development (Legacy) district.
Section 30.020. CDP, Community Development Projects.

### Section 30.010. PUD, Planned Unit Development (Legacy) district.

**A. Legacy district status.**

**1.** Land classified in a PUD overlay zoning district on the effective date specified in Section 1.030 will continue to be classified in the PUD overlay district.

**2.** No applications to establish new PUD zoning districts or to expand the boundaries of existing PUD zoning districts may be accepted for processing after the effective date specified in Section 1.030, except that PUD rezoning applications that were in process on the effective date specified in Section 1.030 may continue to be processed and may be approved (see the transitional provisions of Section 1.110). Amendments to existing PUDs may be processed in accordance with the PUD amendment procedures of Subsection 30.010I.

**3.** The PUD zoning district regulations of this section and all applicable conditions of approval of an approved PUD govern the use and development of PUD-zoned areas unless and until the subject PUD is abandoned.

**B. General.**

**1.** Except as may be expressly approved as part of a PUD overlay district, the regulations of the underlying base zoning district effective at the time any new permit application is submitted shall apply within a planned unit development.

**2.** The City Council in approving a major amendment to a PUD and the planning commission in approving a minor amendment, may impose restrictions as conditions of approval in addition to those imposed by the underlying base zoning and the PUD regulations.

**3.** No building permit may be issued, and no building or development may occur in a PUD zoning district until a zoning clearance permit has been issued in accordance with Section 70.080.

**C. Purposes.** The purposes of the PUD overlay district are to:

**1.** Permit and encourage innovative land development while maintaining appropriate limitation on the character and intensity of use and assuring compatibility with adjoining and proximate properties;

**2.** Permit greater flexibility within the development to best utilize the unique physical features of the particular site;

**3.** Permit creative land use design;

**4.** Provide and preserve meaningful open space; and

**5.** Achieve a continuity of function and design within the development.

**D. Allowed uses.**

**1. Principal uses.** The development may consist of one or more of the uses permitted as of right or by special exception within the underlying base zoning districts, provided:

**a.** That if any part of the PUD is located within a residential district, the permitted building types may include:

(1) Detached house;

(2) Townhouse;

(3) Duplex; and

(4) Apartment/condo;

**b.** That manufactured housing units are a permitted use only within PUDs that are located in whole or in part in an RMH district;

**c.** That the permitted uses, whether principal or accessory uses, may be reallocated within the development irrespective of the base zoning district boundaries; and

**2. Accessory uses.**

**a. General.** Accessory uses customarily incidental to principal uses allowed within the PUD are permitted.

**b. Accessory commercial.** In addition to accessory uses customarily incidental to a permitted principal residential use, residential support services are allowed as an accessory use to a principal group living use and in apartment/condo buildings in accordance with Section 45.160. Office support services are allowed as an accessory use to a principal office use in accordance with Section 45.120.

**3. Signs.** Except for regulations governing dynamic displays, which must comply with all applicable provisions of Chapter 60, signs in a PUD, including outdoor advertising signs, must comply with all provisions of the PUD or if not provided for within the PUD, with all applicable provisions of the zoning code in effect at the time any new sign permit application is submitted.

**E. Bulk and area regulations.**

**1. Intensity of use.** Intensity may be reallocated irrespective of the base zoning district boundaries.

**a. Residential intensity.**

(1) The residential intensity may not exceed a maximum number of dwelling units calculated as follows:

**Maximum Number of Dwelling Units Allowed** = Gross area of property located within a residential district divided by (/) minimum land area per dwelling unit permitted in the underlying zoning district.

(2) The minimum land area per dwelling unit, for the purpose of the above described residential intensity calculation, must be based on the least restrictive minimum land area per dwelling unit permitted in the underlying zoning district. Each six hundred (600) square feet of a quasi-dwelling, such as a care home, constitutes a dwelling unit. If the

PUD is located in two (2) or more residential districts, the permitted density is the sum of the permitted dwelling units computed separately for the gross area within each district. For a PUD located entirely within a residential district, the gross area for the purposes of the above-described residential intensity calculation must be reduced by the area or areas designated for any principal use other than dwellings, quasi dwellings, residential open space and recreation areas.

(3) For the purpose of residential intensity calculations, "gross area" means the lot area plus fifty (50) percent of the right-of-way width of any abutting street to which the lot has access.

**b. Nonresidential intensity.**

(1) Nonresidential intensity may not exceed a maximum permitted floor area calculated as follows:

**Maximum Permitted Floor Area** = Gross area of property located within a nonresidential district multiplied (X) by the maximum floor area ratio permitted by right or by special exception within the underlying zoning district, except where a floor area ratio is not specified, a maximum floor area ratio of 0.75 applies.

(2) The intensity of use of a PUD located within two (2) or more zoning districts of the following differing classifications must be separately calculated and allocated within the PUD by the respective classification:

(a) Residential;

(b) Office;

(c) Commercial; and

(d) Industrial.

(3) For the purpose of nonresidential intensity calculations, gross area means the lot area plus fifty (50) percent of the right-of-way width of any abutting street to which the lot has access.

**2. Lot width, frontage and area.** Minimum requirements for lot width, frontage and area must be prescribed.

**3. Open space.** Open space for a residential development area must be provided in an aggregate amount of not less than the amount of open space required by the underlying base zoning district for conventional development of a comparable number of dwelling units. Required open space must be provided on the lot containing the dwelling unit or units on which computed, or in common areas. Common open space must be designed and located so as to be accessible to the dwelling units it is intended to serve. Provisions for the ownership and maintenance of common open space as will ensure its continuity, conservation and maintenance must be incorporated in the subdivision plat or in covenants recorded in the county clerk's office.

**4. Building height and setbacks.** The building height limitations and building setback requirements must be prescribed and incorporated within the subdivision plat or in a separately recorded legal instrument. Every structure must be set back

from the centerline of an abutting public street designated on the major street and highway plan a horizontal distance of not less than fifty (50) percent of the right-of-way width designated on the major street and highway plan.

5. **Landscaped Area.** Minimum landscaped open space is required for each type of nonresidential development area as follows:
   - **a.** Office use: Fifteen (15) percent of lot area.
   - **b.** Commercial use: Ten (10) percent of lot area.
   - **c.** Industrial use: Five (5) percent of lot area.

**F. Perimeter requirements.** Perimeter requirements for screening, landscaping, and setbacks, as are necessary to ensure compatibility with adjoining and proximate properties, must be prescribed and be incorporated within the subdivision plat or in a separately recorded legal instrument.

**G. Off-street parking and loading.** No modification of applicable off-street parking and loading requirements is permitted unless a subdivision plat incorporating the provisions and requirements is submitted to and approved by the planning commission and the city council recorded in the county clerk's office or restrictive covenants are established in a separately recorded legal instrument, except that Subsection 55.070B. and Subsection 55.080C. do not apply. Required spaces may be provided on the lot containing the uses for which it is intended to serve or in common areas. Common parking areas must be designed and located so as to be accessible to the uses it is intended to serve. Provisions for the ownership and maintenance of common parking space must be incorporated in the subdivision plat or in a separately recorded legal instrument.

**H. Administration and procedures.** No applications to establish new PUD zoning districts or to expand the boundaries of existing PUD zoning districts may be accepted for processing after the effective date specified in Section 1.030, except that PUD rezoning applications that were in process on the effective date specified in Section 1.030 may continue to be processed and may be approved in accordance with the PUD procedures in effect immediately prior to the effective date specified in Section 1.030. Amendments to existing PUDs may processed in accordance with the PUD amendment procedures of Subsection 30.010I.

**I. Amendments to approved plans.**

1. **Major amendments.** Any change or amendment that represents a significant departure from an approved PUD development plan requires review and approval of a PUD zoning district map amendment and development plan, including all requirements for fees, notices and hearings.
2. **Minor amendments.**
   - **a.** The planning commission is authorized to approve minor changes and amendments to an approved PUD development plan as long as a substantial compliance is maintained with the approved PUD development plan.
   - **b.** In instances where the City Council has expressly imposed a PUD condition more restrictive than originally recommended by the planning commission, any minor amendment of that specific condition must be approved by the City Council.

**c.** The following may be processed as minor amendments:

(1) Adjustment of internal development area boundaries, provided the allocation of land to particular uses and the relationship of uses within the project are not substantially altered;

(2) Limitation or elimination of previously approved uses, provided the character of the development is not substantially altered;

(3) Increases in the number dwelling units, provided the approved number of dwelling units is permitted by the underlying zoning and the density of a development area is not increased more than fifteen (15) percent;

(4) Increases in permitted nonresidential floor area, provided the increased floor area is permitted by the underlying zoning and the floor area of a development area is not increased more than fifteen (15) percent;

(5) Modification of the internal circulation system, provided the system is not substantially altered in design, configuration or location;

(6) Changes in points of access, provided the traffic design and capacity are not substantially altered;

(7) Addition of customary accessory buildings and uses within the delineated common open space of a residential PUD, including swimming pools, cabanas, security buildings, clubhouses and tennis courts;

(8) Location of customary residential accessory buildings and uses on an adjoining single-family residential lot within the PUD, including swimming pools, cabanas, garages, and tennis courts, provided an agreement has been recorded by the owner prohibiting the conveyance of the lot containing the accessory use separate from the conveyance of the lot containing the principal use;

(9) Changes in structure heights, building setbacks, yards, driveway coverage measured by width, square footage or percentage of the yard, open spaces, building coverage and lot widths or frontages, provided the approved PUD development plan, the approved PUD standards and the character of the development are not substantially altered;

(10) Lot splits that have been reviewed and approved in accordance with, the subdivision and development regulations;

(11) Home occupations that comply with the regulations of Section 45.100;

(12) Modifications to approved signage, provided the size, location, number and character (type) of signs is not substantially altered;

(13) Modification to approved screening and landscaping plans, provided the modification is not a substantial deviation from the original approved plan;

(14) Changes reducing the number of permitted dwelling units; and

(15) Changes in an approved use to another use may be permitted, provided the underlying zoning on the particular site within the PUD would otherwise permit such use as of right and the proposed use will not result in any increase of incompatibility with the present and future use of nearby properties.

**d.** Notice of the planning commission's required public hearing on a minor PUD amendment request must be provided as follows:

(1) Notice must be mailed to all owners of property within three hundred (300) feet of the subject property at least ten (10) days before the scheduled public hearing.

(2) The provisions of Subsection 70.010F. apply to the required mailed notices.

**e.** If the planning commission determines that the proposed amendment, if approved, will result in a significant departure from the approved PUD development plan or otherwise change the character of the PUD significantly or that the cumulative effect of a number of minor amendments substantially alters the approved PUD development plan, then the amendment must be deemed a major amendment to the PUD development plan.

**3. Appeal of minor amendment.** An appeal from any minor PUD amendment decision by the planning commission may be taken by any person aggrieved, or any taxpayer or any officer, department, board or bureau of the City. Appeals are made to the City Council by filing notice of appeal with the City Clerk and with the recording secretary of the planning commission within ten (10) days of the date of the decision being appealed. The appeal must specify the grounds of the appeal. No bond or deposit for costs are required for an appeal. Upon filing of the notice of appeal, the planning commission must transmit to the City Council, the original or certified copies of all the papers constituting the record in the case, together with the decision of the planning commission. The City Council must notify the applicant and all interested parties, as recorded in the minutes of planning commission, of the appeal hearing location, date and time.

**J. Restrictive covenants.** No building permit may be issued, and no building or development may occur in a PUD zoning district until covenants necessary to reasonably ensure continued compliance with the approved development plan are recorded in the County Clerk's office. Such covenants may be established in a subdivision plat or in a separately recorded legal instrument. In order that the public interest may be protected, the City of Tulsa must be made beneficiary of the covenants pertaining to such matters as location of uses, height of structures, building setbacks, screening, and access. Such covenants must provide that the City of Tulsa may enforce compliance of the covenants, and further provide that amendment of the covenants requires planning commission approval and the filing of record of a written amendment to covenants, endorsed by the planning commission.

**K. Issuance of building permits.** Building permits may be issued only after a zoning clearance permit has been issued in accordance with Section 70.080 and covenants have been recorded in accordance with Subsection 30.010J. Any permits issued must be in accordance with the approved PUD development plan.

**L. Abandonment of approved PUDs.** Abandonment of an approved PUD requires review and recommendation by the planning commission and approval by the City Council. The City Council is authorized to amend the underlying zoning upon abandonment of the PUD. Upon final action by the City Council authorizing abandonment of the PUD, no building permit may be issued except in accordance with the restrictions and limitations of the base zoning district.

## Section 30.020. CDP, Community Development Projects.

**A. General.** CDP was the predecessor of PUD zoning. Before adoption of the City's 1970 zoning code, which created the PUD district, the Board of Adjustment had authority to approve site-specific CDPs.

**B. Expiration and lapse of approval.** Pursuant to Section 204 of the 1970 zoning code, all CDPs approved by the Board of Adjustment before 1970 effectively expired on June 30, 1975 except those extended by the Board of Adjustment or for which building permits had been issued or construction had commenced in accordance with the terms and conditions approved by the board of adjustment. The following CDPs have expired pursuant to this provision and are now governed by the zoning district regulations that apply to the subject property: CDP01, CDP02, CDP03, CDP04, CDP05, CDP06, CDP07, CDP08, CDP09, CDP10, CDP11, CDP12, CDP13, CDP14, CDP15, CDP16, CDP17, CDP18, CDP19, CDP23, CDP24, CDP25, CDP26, CDP27, CDP28, CDP30, CDP31, CDP32, CDP34, CDP35, CDP36, CDP37, CDP38, CDP39, CDP40, CDP41, CDP42, CDP43, CDP44, CDP45, CDP46, CDP47, CDP48, CDP49, CDP50, CDP51, CDP52, CDP55, CDP56, CDP57, CDP58, CDP59, CDP60, CDP61, CDP62, CDP64, CDP65, CDP66, CDP67, CDP68, CDP69, CDP70, CDP71, CDP72, CDP73, CDP74, CDP75, CDP76, CDP77, CDP78, CDP79, CDP81, CDP82, CDP83, CDP84, CDP85, CDP86, and CDP87.

**C. Active CDPs.** The following CDPs remain active and are governed by the terms of the CDP approval granted by the Board of Adjustment: CDP20, CDP21, CDP22, CDP29, CDP33, CDP53, CDP54, CDP63, and CDP80. Proposed changes and amendments to active CDPs require a public hearing and approval by the Board of Adjustment.

**[THIS PAGE INTENTIONALLY LEFT BLANK]**

## CHAPTER 35. BUILDING TYPES AND USE CATEGORIES

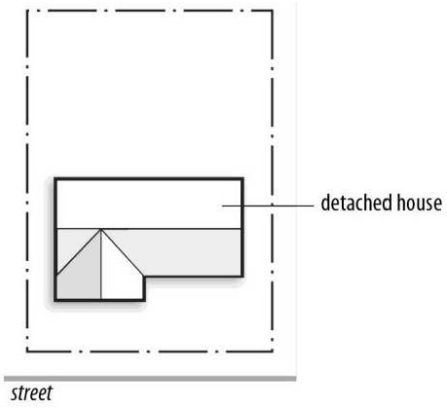
Section 35.010. Building types.
Section 35.020. Use categories generally.
Section 35.030. Residential use category.
Section 35.040. Public, civic and institutional use category.
Section 35.050. Commercial use category.
Section 35.060. Wholesale, distribution and storage use category.
Section 35.070. Industrial use category.
Section 35.080. Recycling use category.
Section 35.090. Agricultural use category.
Section 35.100. Other use category.

### Section 35.010. Building types.

This section establishes and describes the building types regulated by this zoning code.

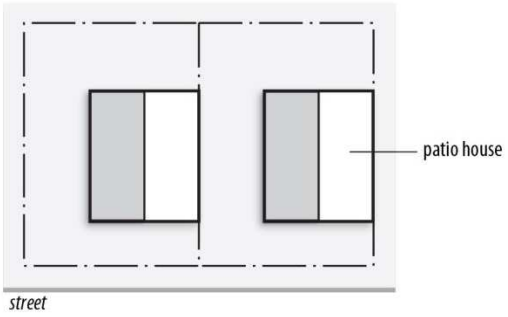
**A. Detached house.** A detached house is a principal residential building, other than a manufactured housing unit or mobile home, that contains only one dwelling unit and that is located on a single lot that is not occupied by other principal residential buildings. Detached houses are not attached to and do not abut other dwelling units. Detached houses include conventional ("stick-built") construction and construction involving modular or system-built components as long as such construction complies with city building codes. (An accessory dwelling unit, as defined by Subsection 45.031A., is not considered a detached house.)

**Figure 35-1: Detached House**



**B. Patio house.** A patio house is a principal residential building occupied by one dwelling unit and that is located on a single lot that is not occupied by other principal residential buildings. Patio houses are not attached to and do not abut other dwelling units. The building is shifted to one side of the lot so that there is a more usable side yard on one side of the house and very little or no private yard on the other side. Patio houses are subject to the same lot and building regulations that apply to detached houses except as modified by the supplemental patio house regulations of Section 40.290.

**Figure 35-2: Patio House**

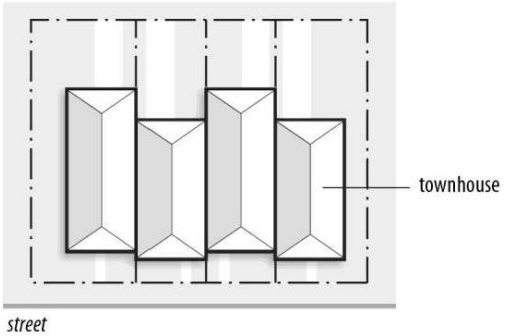


**C. Townhouse.** A townhouse building is a principal residential building that is occupied by multiple dwelling units, each located on its own lot with a common or abutting wall along the dwelling units' shared lot lines. Each dwelling unit has its own external entrance. There are two (2) types of townhouses: two-unit townhouses and 3+-unit townhouses.

**1.** A two-unit townhouse is a townhouse building occupied by only two (2) dwelling units.

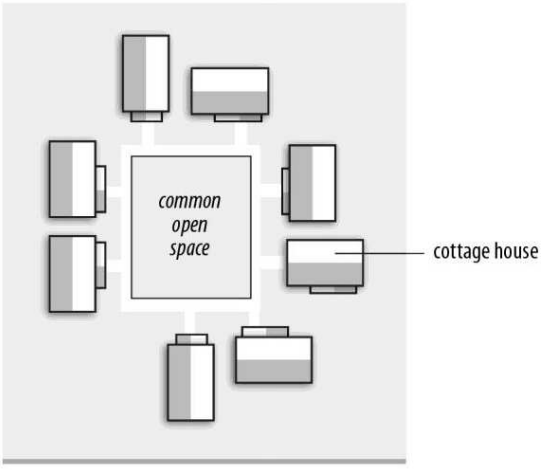
**2.** A 3+-unit townhouse is a townhouse building occupied by three (3) or more dwelling units.

**Figure 35-3: Townhouse**



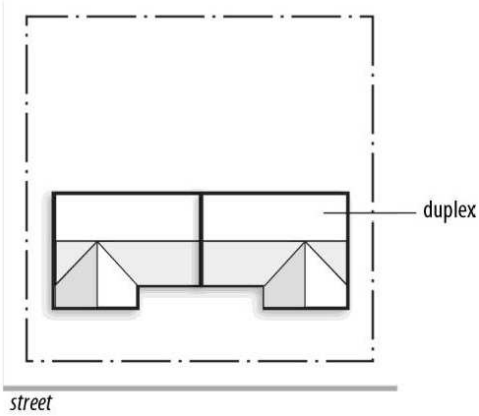
**D. Cottage House Development.** A cottage house development is a grouping of small detached houses around a common open space or shared courtyard. Cottage house developments are subject to lot and building regulations of the subject zoning district and the supplemental cottage house development regulations of Section 40.110.

**Figure 35-4: Cottage House Development**



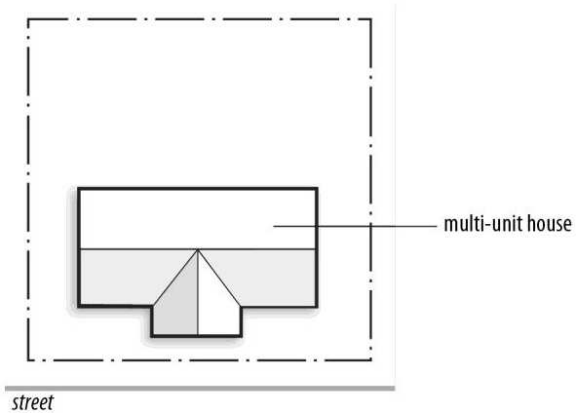
**E. Duplex.** A duplex is a principal residential building occupied by two (2) dwelling units, both of which are located on a single lot that is not occupied by other principal residential buildings. The two (2) dwelling units are attached and may be located on separate floors or side-by-side.

**Figure 35-5: Duplex**



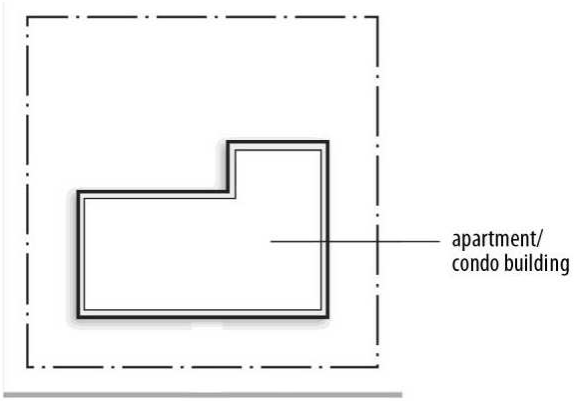
**F. Multi-unit house.** A multi-unit house is a principal residential building that contains three (3) or four (4) dwelling units that share common walls and/or common floors/ceilings. The building is located on a single lot that is not occupied by other principal residential buildings. Multi-unit houses have the appearance of large detached houses and have only one entrance visible from the street.

**Figure 35-6: Multi-unit House**



**G. Apartment/Condo.** An apartment/condo building is a principal residential building on a single lot that is occupied by three (3) or more dwelling units (other than a multi-unit house) that share common walls and/or common floors/ceilings.

**Figure 35-7: Apartment/Condo**



**H. Manufactured housing unit.** A manufactured housing unit is a principal residential building that complies with the National Manufactured Housing Construction and Safety Standards Act of 1974 (42 U.S.C. § 5401, et seq.). Manufactured housing units are subject to the same regulations that apply to detached houses, except as modified by supplemental regulations of Section 40.210.

**I. Manufactured housing subdivision.** A manufactured housing subdivision is a residential subdivision primarily comprising home sites for manufactured housing units on individual lots. Manufactured housing subdivisions are subject to the supplemental regulations of Section 40.220.

**J. Mobile home.** A mobile home is a principal residential building that is built on a permanent chassis and that complies with Standard for Mobile Homes, National Fire Protection Association (NFPA) 501, American National Standards Institute (ANSI)

119.1, in effect at the time that the unit was manufactured. Mobile homes are allowed only within mobile home parks, which are subject to the regulations of Section 40.240.

**K. Mobile home park.** A mobile home park is a lot or multiple lots upon which mobile homes or manufactured housing units are available for lease or upon which spaces for mobile homes or manufactured housing units are available for lease.

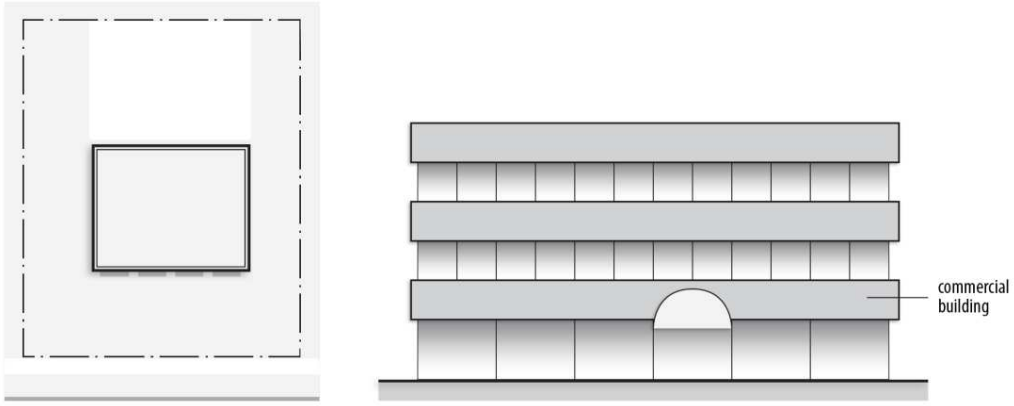
**L. Mixed-use building, vertical.** A vertical mixed-use building is a principal building occupied by one or more commercial uses on the ground floor and one or more residential dwelling units on upper floors.

**Figure 35-8: Vertical Mixed-use Building**

**M. Mixed-use building.** A mixed-use building is a principal building occupied by one or more commercial uses and one or more residential dwelling units.

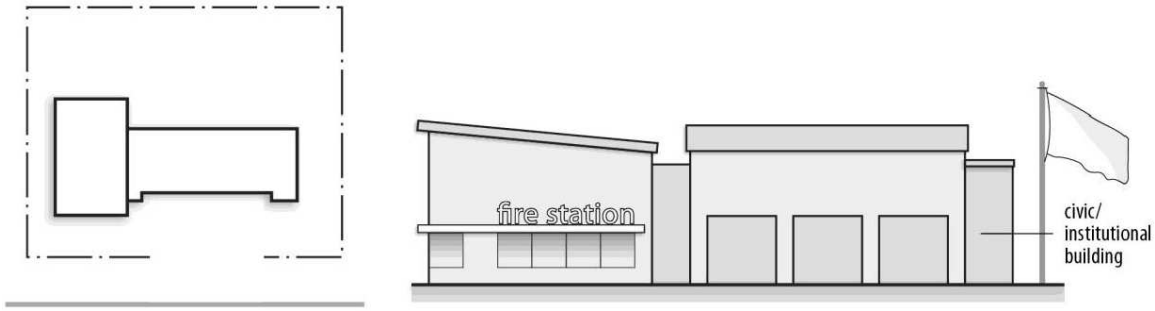
**N. Commercial building** A commercial building is a principal building occupied primarily by non-residential uses.

**Figure 35-9: Commercial Building**



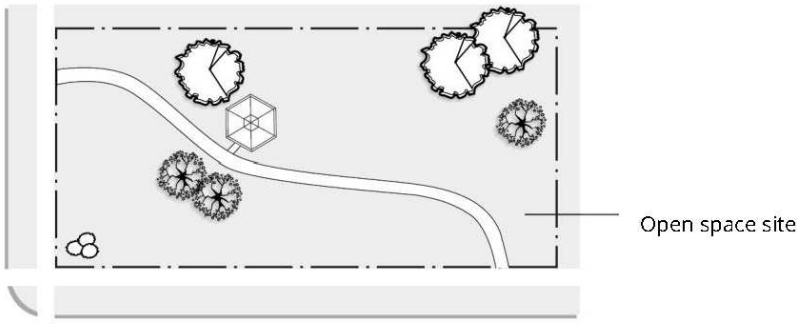
**O. Civic/Institutional building.** A civic/institutional building is a principal building occupied primarily by public, civic or institutional uses.

**Figure 35-10: Civic/Institutional Building**



**P. Open space site.** Open space sites are parcels occupied primarily by parks, open spaces, natural areas and similar large outdoor open spaces.

**Figure 35-11: Open Space Site**



## Section 35.020. Use categories generally.

This section establishes and describes the use categorization system used to classify principal uses in this zoning code.

**A. Use categories.** This zoning code classifies principal land uses into eight (8) major groupings (described in Section 35.030 through Section 35.100). These major groupings are referred to as "use categories." The use categories are as follows:

**1.** Residential. See Section 35.030.

**2.** Public, Civic and Institutional. See Section 35.040.

**3.** Commercial. See Section 35.050.

**4.** Wholesale, Distribution and Storage. See Section 35.060.

**5.** Industrial. See Section 35.070.

**6.** Recycling. See Section 35.080.

**7.** Agricultural. See Section 35.090.

**8.** Other. See Section 35.100.

**B. Use subcategories.** Each use category is further divided into more specific "subcategories." Use subcategories classify principal land uses and activities based on common functional, product or physical characteristics, such as the type and amount of activity, the type of customers or residents, and how goods or services are sold or delivered and site conditions.

**C. Specific use types.** Some use subcategories are further broken down to identify specific types of uses that are regulated differently than the subcategory as a whole.

**D. Use tables.** Use tables are used in this zoning code to identify the land uses allowed within the respective zoning districts. The structure of the use tables reflects the hierarchical nature of the use categorization system described in this section.

**Table 35-1: Sample Use Table Format**

| | *District* | *District* | *District* | *District* | *District* | *District* | *Supplemental Regulations* |
|---|---|---|---|---|---|---|---|
| *P = use permitted as of right S = Special exception approval required - = Not allowed* | | | | | | | |
| *Uses not listed are also prohibited except as stated in Subsection 35.020E. Bracketed numbers refer to notes following the table.* | | | | | | | |
| **USE CATEGORY** | | | | | | | |
| **Use Subcategory** | | | | | | | cross-reference to any applicable regulations |
| Specific Use | P[1] | P[1] | P | P | P | P | |
| Specific Use | - | - | - | S | S | S | |
| Specific Use | - | - | - | - | P | P | |

[1] Table notes

**E. Determination of use categories and subcategories.**

**1.** The development administrator or land use administrator has the authority to classify uses on the basis of the use category, subcategory and specific use type descriptions of this chapter.

**2.** When a use cannot be reasonably classified into a use category, subcategory or specific use type, or appears to fit into multiple categories, subcategories or specific use types, the development administrator is authorized to determine the most similar and thus most appropriate use category, subcategory or specific use type based on the actual or projected characteristics of the principal use or activity in relationship to the use category, subcategory and specific use type descriptions provided in this chapter. In making such determinations, the development administrator must consider:

**a.** The types of activities that will occur in conjunction with the use;

**b.** The types of equipment and processes to be used;

**c.** The existence, number and frequency of residents, customers or employees;

**d.** Parking demands associated with the use; and

**e.** Other factors deemed relevant to a use determination.

**3.** If a use can reasonably be classified in multiple categories, subcategories or specific use types, the development administrator is authorized to categorize each use in the category, subcategory or specific use type that provides the most exact, narrowest and appropriate "fit."

## Section 35.030. Residential use category.

This category includes uses that provide living accommodations for one or more persons. The residential use subcategories are as follows:

**A. Household living.** Residential occupancy of a dwelling unit by a household. When dwelling units are rented, tenancy is arranged on a month-to-month or longer basis. Uses where tenancy may be arranged for a shorter period are not considered residential; they are considered a form of lodging.

**B. Group living.** Residential occupancy of a building or any portion of a building by a group other than a household. Group living uses typically provide communal kitchen/dining facilities. Group living use types include convents, monasteries, novitiates, fraternity and sorority houses, homeless centers and the following:

1. **Assisted living center.** A residential facility designed to meet housing and care needs of older persons and individuals with disabilities in a residential rather than institutional environment, while maximizing independence, choice and privacy. Assisted living programs provide personal care for persons with needs for assistance in the activities of daily living and can respond to unscheduled needs for assistance. Services typically provided include meals, housekeeping, laundry and linen service, medication monitoring, transportation and activities. Assisted living settings also typically provide features that enhance resident autonomy, such as lockable doors, full bathrooms, temperature control and single occupancy, and may provide limited cooking facilities in individual units.
2. **Community group home.** A community-based group living use for elderly persons or persons with disabilities that allows independent living and that provides communal room and board, personal care, and habilitation services in a household-like environment. Community group homes for eight (8) or fewer persons are considered household living uses.
3. **Elderly/Retirement center.** A residential facility designed for and principally occupied by elderly persons. Such facilities sometimes include congregate meals in a common dining area, but do not include medical or skilled nursing care, as distinguished from life care retirement centers.
4. **Emergency and protective shelter.** A residential use that provides room and board for a continuous period of no more than thirty (30) consecutive days for adults or children who have been abused, displaced or are transient. Such uses provide protection services and typically provide counseling and pre-placement screening services as well.
5. **Life care retirement center.** A residential facility designed for and principally occupied by elderly persons in a planned retirement community that includes a residential complex, an activity or community center and a medical or skilled nursing care facility licensed by the State of Oklahoma as an intermediate care facility or a skilled nursing center.
6. **Re-entry facility.** A facility operated by the city, the state, the federal government or a private party under contract with the city, the state or the federal government and used for rehabilitation and overnight accommodation of individuals, including staff, who are (a) under the jurisdiction of a court, but not under confinement, or (b)

individuals recently released from the jurisdiction of a court. Re-entry facilities are operated for the purpose of providing treatment or rehabilitation intended to assist such individuals with their re-entry into the community.

7. **Residential treatment center.** A community-based residential facility that provides diagnostic or therapeutic services, counseling, or treatment and long-term room and board in a highly structured environment for persons receiving active treatment for alcoholism, drug abuse or behavioral disorders.
8. **Rooming and boarding house.** A residential use that provides congregate meals and lodging and that is not otherwise classified as another form of group living use or lodging use.
9. **Transitional living center.** A community-based residential facility that provides room and board, a supervised living environment, counseling and rehabilitation services for persons with a history of juvenile delinquency, behavioral disorders, alcoholism or drug abuse for a continuous period of no more than one hundred twenty (120) consecutive days.

## Section 35.040. Public, civic and institutional use category.

This category includes public, quasi-public and private uses that provide unique services that are of benefit to the public at-large. The public, civic and institutional subcategories are as follows:

**A. Airport or ground transportation terminal.** Facilities from which FAA-certified aircraft take off, land and operate, including customary accessory uses and structures. Also includes passenger ticketing, loading and unloading facilities for buses (local or intercity) and trains.

**B. Cemetery.** Land or structures used for burial or permanent storage of the dead or their cremated remains. Typical uses include cemeteries and mausoleums. Also includes pet cemeteries.

**C. College or university.** Institutions of higher learning that offer courses of general or specialized study and are authorized to grant academic degrees. The college or university use subcategory includes classrooms and instructional spaces, as well as on-campus residence halls, fraternity and sorority houses, administrative buildings, auditoriums and other on-campus uses and facilities that provide customary accessory and support functions for college or university uses.

**D. Day Care.**

1. **Child Care Center.** Uses providing care and supervision for children or adults for a fee on a regular basis away from their primary residence for less than twenty-four (24) hours per day. Uses providing care and supervision for children or adults for twenty-four (24) hours per day or longer are classified as group living uses. Child care centers in residential districts are subject to the same lot and building regulations that apply to detached houses, except as modified by supplemental regulations of Section 40.120-A.
2. **Family Child Care Home.** A day care that provides care and supervision for twelve (12) or fewer children for less than twenty-four (24) hours per day. Family child care homes may be a principal use or accessory to an allowed household living

use. Family child care homes are subject to the same lot and building regulations that apply to detached houses, except as modified by the supplemental regulations of Section 40.120-B.

**E. Detention and correctional facility.** An institution operated by the city, the state, the federal government or a private party under contract with the city, the state or the federal government for the confinement and punishment and treatment or rehabilitation of offenders under the jurisdiction of a court.

**F. Fraternal organization.** The use of a building or lot by a not-for-profit organization that restricts access to its facility to bona fide, annual dues-paying members and their occasional guests and where the primary activity is a service not carried on as a business enterprise.

**G. Governmental service or similar functions.** Local, state or federal governmental services or similar functions, that are not otherwise classified. Typical uses include health departments, courthouses, soup/food kitchens, and food pantries.

**H. Hospital.** Uses providing medical or surgical care to patients and offering inpatient (overnight) care.

**I. Library or cultural exhibit.** Museum-like preservation and exhibition of objects in one or more of the arts and sciences, gallery exhibition of works of art or library collections of books, manuscripts and similar materials for study and reading. Includes aquariums and planetariums.

**J. Natural resource preservation.** Undeveloped land left in a natural state for specific use as visual open space or environmental purposes. Typical uses include wildlife or nature preserves, arboretums, flood management projects and reservoirs.

**K. Parks and recreation.** Recreational, social or multi-purpose uses associated with public parks and open spaces, including playgrounds, playfields, play courts, community centers and other facilities typically associated with public parks and open space areas. Also includes public and private golf courses and tennis clubs.

**L. Postal service.** Facilities operated by the U.S. Postal Service, including post offices and mail sorting and distribution facilities.

**M. Religious assembly.** Religious services involving public assembly that customarily occur in churches, synagogues, temples, mosques and other facilities used for religious worship.

**N. Safety service.** Establishments that provide fire, police or life protection, together with the incidental storage and maintenance of necessary vehicles. Typical uses include fire stations, police stations, ambulance services and storm or civil defense shelters.

**O. School.** Public and private schools at the primary, elementary, middle school or high school level that provide basic, compulsory education.

**P. Utilities and public service facility, minor.** Infrastructure services that need to be located in or close to the area where the service is provided. Minor utilities and public service facilities generally do not have regular employees at the site and typically have few if any impacts on surrounding areas. Typical uses include water and sewer pump stations; gas regulating stations; underground electric distribution substations; electric

transformers; water conveyance systems; stormwater facilities and conveyance systems; telephone switching equipment and emergency communication warning/broadcast facilities.

1. The production, collection or distribution of renewable energy, water, organic waste, or other similar resources at a neighborhood, district or campus scale are classified as minor utilities and public service facilities. This includes distributed energy facilities that produce or distribute energy from renewable sources; neighborhood composting areas and neighborhood stormwater facilities.
2. District-, neighborhood- or campus-scale systems that produce or distribute energy from the biological breakdown of organic matter produced within the subject neighborhood or campus are also considered minor utilities and public service facilities.
3. Energy production systems that generate energy from the byproducts of the principal use are considered accessory uses, including net metered installations and installations that generate power to sell at wholesale to the power grid.

**Q. Utilities and public service facility, major.** Infrastructure services that typically have substantial visual or operational impacts on nearby areas. Typical uses include but are not limited to water and wastewater treatment facilities, high-voltage electric substations, utility-scale power generation facilities (including wind, solar and other renewable and nonrenewable energy sources), sanitary landfills and utility-scale water storage facilities, such as water towers and reservoirs.

**R. Wireless communication facility.** Towers, antennas, equipment, equipment buildings and other facilities used in the provision of wireless communication services. The following are wireless communication facility specific use types:

1. **Freestanding towers.** A structure intended to support equipment that is used to transmit and/or receive telecommunications signals, including monopoles and guyed and lattice construction steel structures.
2. **Building or tower-mounted antennas.** The physical device that is attached to a freestanding tower, building or other structure, through which electromagnetic, wireless telecommunications signals authorized by the Federal Communications Commission are transmitted or received.

*(Ord. No. 24382, § 3, 6-10-2020; Ord. No. 25092, § 3, 7-26-2023; Ord. No. 25192, § 8, 12-6-2023)*

### Section 35.050. Commercial use category.

The commercial use category includes uses that provide a business service or involve the selling, leasing or renting of merchandise to the general public. The commercial use subcategories are as follows:

**A. Animal service.** Uses that provide goods and services for care of animals, including the following specific use types:

1. **Grooming.** Grooming of dogs, cats and similar small animals, including dog bathing and clipping salons and pet grooming shops.
2. **Boarding** or **shelter.** Animal shelters, care services and kennel services for dogs, cats and small animals, including boarding kennels, pet resorts/hotels, pet adoption centers, dog training centers, animal rescue shelters and zoos and animal sanctuaries.

3. **Veterinary.** Animal hospitals and veterinary clinics.

**B. Assembly and entertainment.** Uses that provide gathering places for participant or spectator recreation, entertainment or other assembly activities. Assembly and entertainment uses may provide incidental food or beverage service. Typical uses include gun clubs, shooting ranges, health clubs, gymnasiums, riding stables and academies, banquet halls, entertainment centers, event centers, billiard centers, bowling centers, cinemas, go-cart tracks, laser tag, paintball, miniature golf courses, stadiums, arenas, video arcades, race tracks, fairgrounds, rodeo grounds, water parks, amusement parks, food truck courts, and live theaters. Outdoor seating and dining areas that exceed fifty (50) percent of the indoor floor area of the subject principal use (e.g., bar, restaurant or indoor assembly and entertainment use) are regulated as an outdoor assembly and entertainment use.

**C. Broadcast or recording studio.** Uses that provide for audio or video production, recording or broadcasting.

**D. Commercial service.** Uses that provide for consumer or business services and for the repair and maintenance of a wide variety of products. Specific commercial service use types include the following:

1. **Building service.** Uses that provide maintenance and repair services for all structural and mechanical elements of structures, as well as the exterior spaces of premises. Typical uses include janitorial, landscape maintenance, carpet cleaning, chimney sweeps, extermination, plumbing, electrical, HVAC, roofing, window cleaning and similar services.
2. **Business support service.** Uses that provide personnel services, printing, copying, package (delivery) drop-off, photographic services or communication services to businesses or consumers. Typical uses include employment agencies, day labor hiring services, armored car services, copy and print shops, delivery/ courier service drop-off location for consumers, caterers, telephone answering services and photo developing labs.
3. **Consumer maintenance and repair service.** Uses that provide maintenance, cleaning and repair services for consumer goods on a site other than that of the customer (i.e., customers bring goods to the site of the repair/maintenance business). Typical uses include laundry and dry cleaning pick-up shops, tailors, taxidermists, dressmakers, shoe repair, picture framing shops, gunsmiths, locksmiths, vacuum repair shops, electronics repair shops and similar establishments. Business that offer repair and maintenance service for large equipment or technicians who visit customers' homes or places of business are classified as a "building service."
4. **Personal improvement service.** Uses that provide personal grooming, cosmetic or health and well-being-related services. Typical uses include barbers, hair and nail salons, tanning salons, day spas, and body art services.
5. **Research service.** Uses engaged in scientific research and testing services leading to the development of new products and processes. Such uses resemble office buildings or campuses and do not involve the mass production, distribution or sale of products. Research services do not produce odors, dust, noise, vibration or other external impacts that are detectable beyond the property lines of the subject

property. Includes medical marijuana testing laboratories, and medical marijuana research facilities, as licensed by the Oklahoma Medical Marijuana Authority, in accordance with the terms of such license.

**E. Financial service.** Uses related to the exchange, lending, borrowing and safe-keeping of money. Automatic teller machines, kiosks and similar facilities that do not have on-site employees or amplified sound are not classified as financial service uses if they meet the criteria for classification as an accessory use (see Subsection 45.010B.). Specific financial service use types are banks, credit unions, and the following types of personal credit establishments:

1. **Check cashing.** An establishment that:
   - **a.** Is not a bank or financial lending institution subject to federal or state regulation;
   - **b.** Charges a fee to cash a check or have a check processed; and
   - **c.** Provides such services to the public.
2. **Pawnshop.** An establishment that is engaged to any extent in any of the following business or activities:
   - **a.** The lending of money on the deposit or pledge of personal property, other than choses in action, securities or written evidence of indebtedness;
   - **b.** The purchase of personal property either from an individual, another pawn business or any other business with an expressed or implied agreement or understanding to offer the property for sale to the public, and if that sale is unsuccessful, then to sell it back to the previous owner at a subsequent time at a stipulated price or negotiated price;
   - **c.** The purchase of precious metals with the intent to melt down, provided that such activity is not clearly incidental to the principal use of the establishment; or
   - **d.** The lending of money upon personal property, goods, wares, or merchandise pledged, stored or deposited as collateral security.
3. **Payday lender.** An establishment that is substantially in the business of negotiating, arranging, aiding, or assisting a consumer in procuring payday loans.
4. **Bail bond.** A use that provides surety and pledged money or property as bail for the appearance of persons accused in court.

**F. Funeral and mortuary service.** Uses that provide services related to the death of a human or domestic, household pet, including funeral homes and mortuaries. Funeral and mortuary services may include crematoriums as an accessory use. Other crematoriums and animal rendering uses are classified as moderate-impact manufacturing and industry.

**G. Lodging.** Uses that provide temporary lodging for less than thirty (30) days where rents are charged by the day or by the week. Lodging uses sometimes provide food or entertainment, primarily to registered guests. Examples of specific lodging use types include:

1. **Bed and Breakfast.** An establishment in which the owner/operator offers overnight accommodations to guests for compensation. A bed and breakfast may serve meals to guests subject to the supplemental use regulations; a bed and breakfast may be rented for on-site events.

2. **Hotel/Motel.** An establishment, other than a bed and breakfast, short-term rental or rural retreat, in which temporary lodging is offered for compensation. A hotel/motel use may include an accessory bar.

3. **Recreational Vehicle Park/Campground.** An establishment that provides temporary overnight accommodations for camping in recreational vehicles or tents.

4. **Rural Retreat.** An establishment that is part of a working farm or ranch that provides temporary overnight accommodations for individuals or groups engaged in supervised training or personal improvement activities. Examples include corporate retreat facilities, educational facilities and dude ranches or working farm learning centers.

5. **Short-Term Rental.** A dwelling unit, which is not the primary residence of a household, or a portion thereof, in which temporary lodging is offered for compensation. A short-term rental is limited to a maximum occupancy of eight (8) persons at any one time. Short-Term Rentals can be principal or accessory uses. Accessory use short-term rentals are defined in Section 45.185.

**H. Marina.** Facilities that provide moorage, launching, storage, fueling, supplies and services (other than repair) commonly associated with storing, maintaining and operating recreational and commercial watercraft.

**I. Office.** Uses in an enclosed building, customarily performed in an office, that focus on providing executive, management, administrative, professional or medical services. Specific office use types include the following:

1. **Business and professional office.** Office uses that are not medical, dental, health practitioner offices or plasma centers. Examples include corporate office, law offices, architectural firms, insurance companies and other executive, management or administrative offices for businesses and corporations. Also included are union halls that offer only office and meeting space and insurance claims adjusters/estimators with no more than one vehicle inspection bay and no on-site repair facilities.

2. **Medical, dental and health practitioner office.** Office uses related to diagnosis and treatment of human patients' illnesses, injuries and physical maladies that can be performed in an office setting with no overnight care. Typical uses include offices of physicians, dentists, psychiatrists, psychologists, chiropractors and practitioners of massage therapy. Surgical, rehabilitation and other medical centers that do not involve overnight patient stays are included in this use subcategory, as are medical and dental laboratories, unless otherwise expressly indicated. Ancillary sales of medications and medical products are allowed in association with a medical, dental or health practitioner office.

3. **Plasma center.** An establishment primarily involved in the collection of human blood plasma from plasma donors.

**J. Parking, non-accessory.** Parking that is not provided to comply with minimum off-street parking requirements or that is not provided exclusively to serve occupants of or visitors to a particular use, but rather is available to the public at-large. A parking facility that provides both accessory and non-accessory parking will be classified as

non-accessory parking if it leases twenty-five (25) percent or more of its spaces to non-occupants of or persons other than visitors to a particular use. Specific non-accessory parking use types include the following:

1. **Surface parking, non-accessory.** A non-accessory parking lot.
2. **Structured parking, non-accessory.** A non-accessory parking garage.

**K. Restaurants and bars.**

1. **Bar.** Uses that cater primarily to adults, 21 years of age and older and that sell and serve alcoholic beverages as their principal business. Specific bar use types include bars, taverns, beer bars, brewpubs, nightclubs, pool halls, dance halls, hookah lounges, and similar establishments. See also the definition of accessory use bar in Section 95.040.
   a. **Hookah lounge.** An establishment whose business operation, whether as a principal use or as an accessory use, includes the smoking of tobacco or other substances through one or more hookah pipes (also commonly referred to as a hookah, waterpipe, shisha or narghile), including but not limited to establishments known variously as hookah bars, hookah parlors or hookah cafés.
   b. **Brewpub.** An establishment where beer and malt beverages are made on the premises in conjunction with a restaurant and/or bar and where (1) less than five thousand (5,000) barrels (one hundred fifty-five thousand (155,000) gallons) of beer and malt beverages are produced per calendar year and (2) at least thirty-three (33) percent of the beer and malt beverages produced on site are sold on site. Where allowed by law, brewpubs may sell beer and malt beverages "to go" and/or distribute to off-site accounts.
2. **Restaurant.** An establishment that serves food or beverages for on- or off-premise consumption as its principal business. The preparation and processing of food or beverages to be served or sold on-site directly to consumers is permitted as an accessory use to a restaurant, including on-site coffee roasting with a maximum roasting capacity of forty-five (45) kilograms per batch. Typical examples of restaurant uses include principal use restaurants, cafés, cafeterias, ice cream/yogurt shops, donut shops and coffee shops.
   a. **Principal use restaurant.** A restaurant that employs at least one full-time cook, has a menu, a fully equipped kitchen for cooking and preparation of meals and in which dining, kitchen and non-service areas occupy at least seventy-five (75) percent of the floor area of the business. A principal use restaurant may include an accessory use bar, but any bar area that does not meet the definition of an accessory use bar (Section 95.040) is classified and regulated as a bar.
3. **Outdoor seating and dining areas.** Outdoor seating and dining areas that exceed fifty (50) percent of the indoor floor area of the subject bar or restaurant are regulated as an outdoor assembly and entertainment use.

**L. Retail sales.** Uses involving the sale, lease or rental of new or used goods to the ultimate consumer. Specific retail use types include the following:

1. **Convenience goods.** Retail sales uses that sell or otherwise provide (1) sundry goods; (2) products for personal grooming and for the day-to-day maintenance of personal health; or (3) food or beverages for off-premise consumption, retail

bakeries and similar uses that provide incidental and accessory food and beverage service as part of their primary retail sales business. Typical uses include convenience stores, drug stores, specialty food stores, package stores, gift shops, newsstands, florists and tobacco stores. Does not include small box discount stores or grocery stores.

2. **Consumer shopping goods.** Retail sales uses that sell or otherwise provide wearing apparel, fashion accessories, furniture, household appliances and similar consumer goods, large and small, functional and decorative, for use, entertainment, comfort or aesthetics. Typical uses include clothing stores, department stores, appliance stores, TV and electronics stores, bike shops, book stores, costume rental stores, stationery stores, art galleries, hobby shops, furniture stores, pet stores and pet supply stores, shoe stores, antique shops, secondhand stores, record stores, toy stores, sporting goods stores, variety stores, video stores, musical instrument stores, medical supplies, office supplies and office furnishing stores and wig shops. Does not include small box discount stores, grocery stores or medical marijuana dispensaries.
3. **Building supplies and equipment.** Retail sales uses that sell or otherwise provide goods to repair, maintain or visually enhance a structure or premises. Typical uses include hardware stores, home improvement stores, paint and wallpaper supply stores and garden supply stores.
4. **Small box discount store.** Retail sales uses with floor area less than twelve thousand (12,000) square feet that offer for sale a combination and variety of convenience shopping goods and consumer shopping goods; and continuously offer a majority of the items in their inventory for sale at a price less than ten dollars ($10.00) per item. Does not include medical marijuana dispensaries.
5. **Grocery store.** Retail sales uses that sell or otherwise provide assorted goods; products for personal grooming and for the day-to-day maintenance of personal health; and that sell food and beverages for off-premise consumption; and that have a minimum floor area of five hundred (500) square feet dedicated to the sale of fresh meat, fruits and vegetables. A principal use grocery store may include an accessory use restaurant or dining area for on-premise consumption of food and beverage items. Does not include medical marijuana dispensaries.
6. **Medical Marijuana Dispensary.** Retail sales uses that sell or otherwise provide medical marijuana or medical marijuana products by the holder of a medical marijuana dispensary license issued by the Oklahoma Medical Marijuana Authority, in accordance with the terms of such license, which may be sold or provided only to the holder of a medical marijuana patient or caregiver license.

M. **Self-service storage facility.** An enclosed use that provides separate, small-scale, self-service storage facilities leased or rented to individuals or small businesses. Facilities are designed and used to accommodate only interior access to storage lockers or drive-up access only from regular size passenger vehicles and two-axle non-commercial vehicles.

N. **Sexually oriented business establishment.** Sexually oriented business establishments include all of the following:

1. **Adult amusement or entertainment.** Amusement or entertainment that is distinguished or characterized by an emphasis on acts or material depicting,

describing or relating to sexual conduct or specified anatomical areas, including but not limited to topless or bottomless dancers, exotic dancers, strippers, male or female impersonators or similar entertainment.

2. **Adult bookstore.** An establishment wherein ten (10) percent or more of its display area consists of books, films, videos, magazines, periodicals, games, novelties or other materials that are distinguished or characterized by an emphasis on depicting or describing sexual conduct or specified anatomical areas (referred to in this section as "sexually oriented materials"). As used in this definition of "adult bookstore," "display area" is measured as follows:
   a. For bookshelves, magazine racks and similar display devices, display area is calculated by multiplying the length times the width of such devices. If sexually oriented materials are mixed with non-sexually oriented materials in or on such devices, the entire device is considered as consisting of sexually oriented materials.
   b. For table tops, counters, display cases and similar display devices, display area is calculated by multiplying the length times the width of each surface on which merchandise is displayed. If sexually oriented materials are mixed with non-sexually oriented materials on such surfaces, the entire surface is considered as consisting of sexually oriented materials.
   c. For walls, display area is the area of the wall enclosed by the smallest imaginary rectangle that contains each item.
   d. The display area of merchandise hanging or suspended from the ceiling is calculated by multiplying the item's length or width, whichever is longer, times the item's height.
3. **Adult mini motion picture theater.** An enclosed building with a capacity of fewer than fifty (50) persons used for presenting material distinguished or characterized by an emphasis on depicting or describing sexual conduct or specified anatomical areas.
4. **Adult motel.** A motel in which material is presented, as part of the motel services, via closed circuit TV or otherwise, that is distinguished or characterized by an emphasis on depicting or describing sexual conduct or specified anatomical areas.
5. **Adult motion picture arcade.** Any place to which the public is permitted or invited wherein coin or slug operated or electronically, electrically or mechanically controlled, still or motion picture machines, projectors, or other image producing devices are maintained to show images to five (5) or fewer persons per machine at any one time, and where the images so displayed are distinguished or characterized by an emphasis on depicting or describing sexual conduct or specified anatomical areas.
6. **Adult motion picture theater.** An enclosed building with a capacity of fifty (50) or more persons used for presenting material distinguished or characterized by an emphasis on depicting or describing sexual conduct or specified anatomical areas.
7. **Massage parlor.** Any place where for any form of consideration or gratuity, massage, alcohol rub, administration of fomentations, electric or magnetic treatments, or any other treatment or manipulation of the human body occurs as part of

or in connection with sexual conduct or where any person providing such treatment, manipulation or service related thereto exposes specified anatomical areas.

8. **Model studio.** Any place other than public park, museum or university or college art classes where, for any form of consideration or gratuity, figure models who display specified anatomical areas are provided to be observed, sketched, drawn, painted, sculptured, photographed, or similarly depicted by persons paying such consideration or gratuity.

9. **Sexual encounter center.** Any building or structure that contains, or is used for commercial entertainment where the patron directly or indirectly is charged a fee to engage in personal contact with or to allow personal contact by, employees, devices or equipment or by personnel provided by the establishment that appeals to the prurient interest of the patron, to include, but not to be limited to bath houses, massage parlors, and related or similar activities.

**O. Studio, artist or instructional service.** Uses in an enclosed building that focus on providing individual or small group instruction or training in fine arts, music, dance, drama, fitness, language or similar activities. Also includes dance studios, ballet academies, yoga studios, martial arts instruction, tutoring, artist studios and photography studios.

**P. Trade school.** Uses in an enclosed building that focus on teaching the skills needed to perform a particular job. Examples include schools of cosmetology, modeling academies, computer training facilities, vocational schools, administrative business training facilities and similar uses. Licensed medical marijuana education facilities are expressly included. Truck driving schools are classified as "trucking and transportation terminals" (wholesale, distribution and storage use category).

**Q. Vehicle sales and service.** Uses that provide for the sale, rental, maintenance or repair of new or used vehicles and vehicular equipment. The vehicle sales and service subcategory includes the following specific use types:

1. **Commercial vehicle repair and maintenance.** Uses, excluding vehicle paint finishing shops, that repair, install or maintain the mechanical components or the bodies of large trucks, mass transit vehicles, large construction or agricultural equipment, aircraft or similar large vehicles and vehicular equipment. Includes truck stops and fleet vehicle fueling facilities, which may dispense conventional vehicle fuels and/or alternative vehicle fuels.

2. **Commercial vehicle sales and rentals.** Uses that provide for the sale or rental of large trucks, moving equipment (e.g., U-haul and Ryder) construction or agricultural equipment, aircraft, or similar large vehicles and vehicular equipment.

3. **Fueling station (for personal, consumer vehicles).** Uses engaged in retail sales of vehicle fuels for personal vehicles, other than fleet fueling facilities and truck stops. (Note: Fleet vehicle fueling facilities and truck stops are part of the "Commercial Vehicle Repair and Maintenance" specific use type). Fueling stations may dispense conventional vehicle fuels and/or alternative vehicle fuels.

4. **Personal vehicle repair and maintenance.** Uses that repair, install or maintain the mechanical components of automobiles, small trucks or vans,

motorcycles, motor homes or recreational vehicles including recreational boats or that wash, clean or otherwise protect the exterior or interior surfaces of these vehicles.

5. **Personal vehicle sales and rentals.** Uses that provide for the sale or rental of new or used autos, small trucks or vans, trailers, motorcycles, motor homes or recreational vehicles including recreational watercraft. Typical examples include automobile dealers, auto malls, car rental agencies. Car-share vehicles that are parked or stored when not being used by members of a car-share program are not regulated as personal vehicle sales and rental uses, but are instead considered accessory parking.
6. **Vehicle equipment and supplies sales and rentals.** Uses related to the sale, lease or rental of new or used parts, tools or supplies for the purpose of repairing or maintaining motor vehicles.
7. **Vehicle body and paint finishing shop.** Uses that primarily conduct motor vehicle body work and repairs or that apply paint to the exterior or interior surfaces of motor vehicles by spraying, dipping, flow-coating or other similar means.

**R. Farmers market.** A designated area in which farmers, growers or producers gather on a regularly scheduled basis to sell at retail non-hazardous farm food products to the public. Farm food products are grown or raised on a farm, including but not limited to, vegetables, mushrooms, herbs, nuts, shell eggs, honey or other bee products, flowers, nursery stock, livestock food products and fish. A portion of the raw food ingredients used by the individual vendor to produce a product must have been grown or raised by the vendor. Farmers markets must have written operational guidelines and a minimum of six (6) vendors along with a designated market manager or advisory board who will be responsible for distribution of a copy of the guidelines to the vendors. Farmers markets must be registered with the Oklahoma Department of Agriculture, Food and Forestry. This definition does not include individual farmers who grow and sell unprocessed fruit and/or vegetables from the farm, roadside or truck. Farmers markets may be located inside a building or outdoors using permanent shelters or tents that can be placed and removed on the subject site when the market is not operating.

*(Ord. No. 24328, § 5, 3-11-2020; Ord. No. 25330, §§ 4—6, 6-5-2024; Ord. No. 25604, § 8, 6-18-2025)*

## Section 35.060. Wholesale, distribution and storage use category.

This category includes uses that provide and distribute goods in large quantities, principally to retail sales, commercial services or industrial establishments. Long-term and short-term storage of supplies, equipment, commercial goods and personal items is included. The wholesale, distribution and storage subcategories are as follows:

**A. Equipment and materials storage, outdoor.** Uses related to outdoor storage of equipment, products or materials, whether or not stored in containers.

**B. Trucking and transportation terminals.** Uses engaged in the dispatching and long-term or short-term storage of trucks, buses and other vehicles, including parcel service delivery vehicles, taxis and limousines. Minor repair and maintenance of

vehicles stored on the premises is also included. Includes uses engaged in the moving of household or office furniture, appliances and equipment from one location to another, including the temporary on-site storage of those items.

**C. Warehouse.** Uses conducted within a completely enclosed building that are engaged in long-term and short-term storage of goods and that do not meet the definition of a "self-service storage facility" or a "trucking and transportation terminal."

**D. Wholesale sales and distribution.** Uses engaged in the wholesale sales, bulk storage and distribution of goods. Such uses may also include incidental retail sales and wholesale showrooms. Expressly includes the following uses: bottled gas and fuel oil sales, flea markets, ice distribution centers, monument sales, portable storage building sales, vending machine sales, auctioneers, and frozen food lockers. Includes uses engaged in the transportation and distribution of medical marijuana products to and from the licensed premises of commercial medical marijuana licensees.

*(Ord. No. 25330, §§ 4—7, 6-5-24)*

## Section 35.070. Industrial use category.

This category includes uses that produce goods from extracted and raw materials or from recyclable or previously prepared materials, including the design, storage and handling of these products and the materials from which they are produced. The industrial subcategories are:

**A. Low-impact manufacturing and industry.** Manufacturing and industrial uses that do not, as part of their normal operations, generate noticeable off-site impacts in terms of noise, smoke, particulate matter, odors, or vibration. Typical examples of low-impact manufacturing and industrial uses include: commercial laundries and linen supply services, apparel manufacturing, bakery products manufacturing, production of medical marijuana products, such as edibles and pre-rolls, using medical marijuana components processed elsewhere, bottling plants, ice manufacturing, mattress manufacturing and assembly, microbreweries, micro distilleries, coffee roasting with a maximum roasting capacity of 45 kilograms per batch, musical instrument and parts manufacturing, newspaper printing and binderies.

1. **Microbrewery.** An establishment in which beer or malt beverages are made on the premises and then sold or distributed, and which produces less than fifteen thousand (15,000) barrels (four hundred sixty-five thousand (465,000) gallons) of beer and malt beverages per calendar year. Where allowed by law, microbreweries may include tasting rooms and direct sales to consumers in addition to other methods of distribution.
2. **Micro distillery.** A distillery producing distilled spirits in total quantity of no more than forty thousand (40,000) proof gallons per calendar year. Where allowed by law, micro distilleries may include tasting rooms and direct sales to consumers in addition to other methods of distribution.
3. **Low-impact medical marijuana processor.** A medical marijuana processor issued a nonhazardous processor license by the Oklahoma Medical Marijuana Authority.

**B. Moderate-impact manufacturing and industry.** Manufacturing and industrial uses that, as part of their normal operations, generate noticeable off-site impacts in

terms of noise, smoke, particulate matter, odors, or vibration. Typical examples of moderate-impact manufacturing and industrial uses include: large breweries, distilleries and alcohol manufacturing (other than micro distilleries), coffee roasting with a roasting capacity of more than forty-five (45) kilograms per batch, medical marijuana waste disposal facilities, dairy products manufacturing, foundries, chrome plating, crematoriums and animal rendering plants, electroplating, fiberglass manufacturing, flour mills and paper products manufacturing.

1. **Large brewery.** An establishment where beer or malt beverages are made on the premises at an annual production rate of over fifteen thousand (15,000) barrels (four hundred sixty-five thousand (465,000) gallons). Large breweries may include tasting rooms.
2. **Medical marijuana waste disposal facility.** A facility issued a medical marijuana waste disposal facility license by the Oklahoma Medical Marijuana Authority.

**[THIS PAGE INTENTIONALLY LEFT BLANK]**

**C. High-impact manufacturing and industry.** Manufacturing and industrial uses that regularly use hazardous chemicals or procedures or that produce hazardous byproducts or explosive hazards. Typical examples of high-impact manufacturing and industrial uses include: the manufacture of acetylene, cement, lime, gypsum or plaster-of-Paris, chlorine, corrosive acid or fertilizer, insecticides, disinfectants, poisons, explosives, paint, lacquer, varnish, petroleum products, coal products, plastic and synthetic resins and radioactive materials. This subcategory also includes petrochemical tank farms, gasification plants, smelting, animal slaughtering, oil refining, asphalt and concrete (batch) plants and tanneries.

1. **High-impact medical marijuana processing facility.** An establishment in which the preparation, manufacture, processing or packaging of medical marijuana products by the holder of a hazardous medical marijuana processor license issued by the Oklahoma Medical Marijuana Authority is conducted, in accordance with the terms of such license, and in which extraction processes include the use of flammable substances such as butane, propane, ethanol and alcohol.

**D. Junk or salvage yard.** An open area where waste, scrap, used or second-hand materials are bought, sold, exchanged, stored, baled, packed, disassembled, crushed, processed, or handled for reclamation, disposal or other similar purposes, including but not limited to scrap iron and other metals, paper, rags, rubber tires and bottles.

**E. Mining or mineral processing.** The extraction or quarrying of coal, ores, stone, minerals, top soil or aggregate resources from the ground. Examples include quarrying or dredging for sand, gravel or other aggregate materials; mining and top soil extraction. Also includes crushing, washing and grading coal, ore, stone, sand, gravel, minerals, top soil or aggregate resources and manufacture of Portland cement.

*(Ord. No. 25330, §§ 8—11, 6-5-2024)*

## Section 35.080. Recycling use category.

This category includes uses that collect, store or process recyclable material for the purpose of marketing or reusing the material in the manufacturing of new, reused or reconstituted products. The recycling use subcategories are as follows:

**A. Construction or demolition debris.** Establishments that receive and process general construction or demolition debris for recycling.

**B. Consumer material drop-off station.** An establishment that (1) accepts consumer recyclable commodities directly from the consuming party; (2) is staffed by personnel on site for a minimum of twenty (20) hours per week; and (3) stores materials temporarily before transferring them to recyclable material processing facilities. Establishments that process recyclable material are classified as "consumer material processing" establishments. (Note: Accessory use dumpsters and recyclable material bins/donation bins are subject to the regulations of Sections 45.050 and 45.051.)

**C. Consumer material processing.** Establishments that receive and process consumer recyclable commodities for subsequent use in the secondary market.

*(Ord. No. 24279, § 1, 12-11-2019)*

## Section 35.090. Agricultural use category.

This category includes uses such as gardens, farms and orchards that involve the raising and harvesting of food and non-food crops and the raising of farm animals. The agricultural subcategories are:

**A. Animal husbandry.** Uses that involve the feeding, housing and care of farm animals for private or commercial purposes.

**B. Community garden.** An area less than one acre in area that is managed and maintained by an individual, group or business entity to grow and harvest food crops or non-food crops (e.g., flowers). A community garden area may be divided into separate garden plots or orchard areas for cultivation by one or more individuals or may be farmed collectively by members of the group. Community gardens may be principal or accessory uses.

**C. Farm, market or community-supported.** An area managed and maintained by an individual, group or business entity to grow and harvest food crops or non-food crops (e.g., flowers) for sale or distribution. Farms may be principal or accessory uses and may be located on a roof or within a building.

**D. Horticulture nursery.** A use involving propagation and growth of trees or plants in containers or in the ground for wholesale or retail sales and distribution. Does not include on-site retail sales unless such sales are otherwise allowed in the subject zoning district.

1. **Medical marijuana grower operation.** Uses involving the growing, harvesting and packaging of medical marijuana by the holder of a medical marijuana grower license issued by the Oklahoma Medical Marijuana Authority, in accordance with the terms of such license. Does not include retail sales.

*(Ord. No. 25330, § 12, 6-5-2024)*

## Section 35.100. Other use category.

This category includes uses that do not fit the other use categories.

**A. Drive-in or drive-through facility.** Any use with drive-through windows or drive-through lanes or that otherwise offer service to the occupants of motor vehicles. Typical uses include drive-through restaurants, drive-through pharmacies, drive-in restaurants and drive-in cinemas. Automatic teller machine kiosks and similar drop-off or pick-up facilities that do not have on-site employees or amplified sound are not classified as drive-in or drive-through facilities if they meet the criteria for classification as an accessory use (see Subsection 45.010B.).

**B. Off-premise outdoor advertising sign.** A sign that directs attention to a business, commodity, service, or activity that is conducted, sold or offered elsewhere than upon the lot where the subject sign is located.

**C. Oil or gas well.** Any hole or bore, of any depth, for the purpose of producing and recovering oil, gas, or other hydrocarbon substances or for the injection or disposal of any oil, gas, or other hydrocarbon substances. See also Title 42A of the Tulsa Revised Ordinances.

# CHAPTER 40. SUPPLEMENTAL USE AND BUILDING REGULATIONS

Section 40.010. General.
Section 40.020. Animal services.
Section 40.030. Apartments/condos.
Section 40.040. Assembly and entertainment.
Section 40.050. Bars.
Section 40.060. Bed and breakfasts.
Section 40.070. Colleges, universities and hospitals.
Section 40.080. Commercial services.
Section 40.090. Community garden and farm, market or community supported.
Section 40.100. Community group homes.
Section 40.110. Cottage house developments.
Section 40.120. Day cares.
Section 40.130. Dispersal standards for specified land uses.
Section 40.140. Fraternal organizations.
Section 40.150. Funeral homes.
Section 40.160. Group living uses.
Section 40.170. Hotel or motel.
Section 40.180. Industrial uses.
Section 40.190. Junk or salvage yards.
Section 40.200. Library or cultural exhibit.
Section 40.210. Manufactured housing units.
Section 40.220. Manufactured housing subdivisions.
Section 40.225. Medical marijuana uses.
Section 40.230. Mining or mineral processing.
Section 40.240. Mobile home parks.
Section 40.250. Multi-unit houses.
Section 40.260. Offices.
Section 40.270. Oil or gas wells.
Section 40.280. Parking structures.
Section 40.290. Patio houses.
Section 40.300. Plasma centers, day labor, package stores, bail bonds, pawn shops.
Section 40.310. Recycling uses.
Section 40.320. Religious assembly.
Section 40.330. Restaurants.
Section 40.340. Retail sales.
Section 40.350. Schools.
Section 40.360. Self-service storage facilities.
Section 40.370. Sexually oriented business establishments.
Section 40.375. Short-term rental.
Section 40.380. Studios, artist or instructional services.
Section 40.390. Townhouses.
Section 40.400. Vehicle sales and service.
Section 40.410. Wholesale, distribution and storage uses.
Section 40.420. Wireless communication facilities.
Section 40.430. Farmers markets.

## Section 40.010. General.

This chapter includes supplemental regulations that apply to some uses and building types. These regulations supplement the applicable zoning district regulations. The applicability of these supplemental use regulations is indicated in the individual sections of this chapter and in the use regulations of the respective zoning district.

## Section 40.020. Animal services.

Whenever an animal services use is located on a lot abutting an R- or AG-R-zoned lot, a screening wall or fence must be provided along the common lot line in accordance with the F1 screening fence or wall standards of Subsection 65.070C.

## Section 40.030. Apartments/condos.

Whenever an apartment/condo building is located on a lot abutting an RE, RS, or AG-R district, a screening wall or fence must be provided along the common lot line in accordance with the F1 screening fence or wall standards of Subsection 65.070-C.

*(Ord. No. 24825, § 4, 5-18-2022)*

## Section 40.040. Assembly and entertainment.

Whenever an assembly and entertainment use is located on a lot abutting an R or AG-R-zoned lot, a screening wall or fence must be provided along the common lot line in accordance with the F1 screening fence or wall standards of Subsection 65.070C.

## Section 40.050. Bars.

The supplemental use regulations of this section apply to all bars, except accessory use bars.

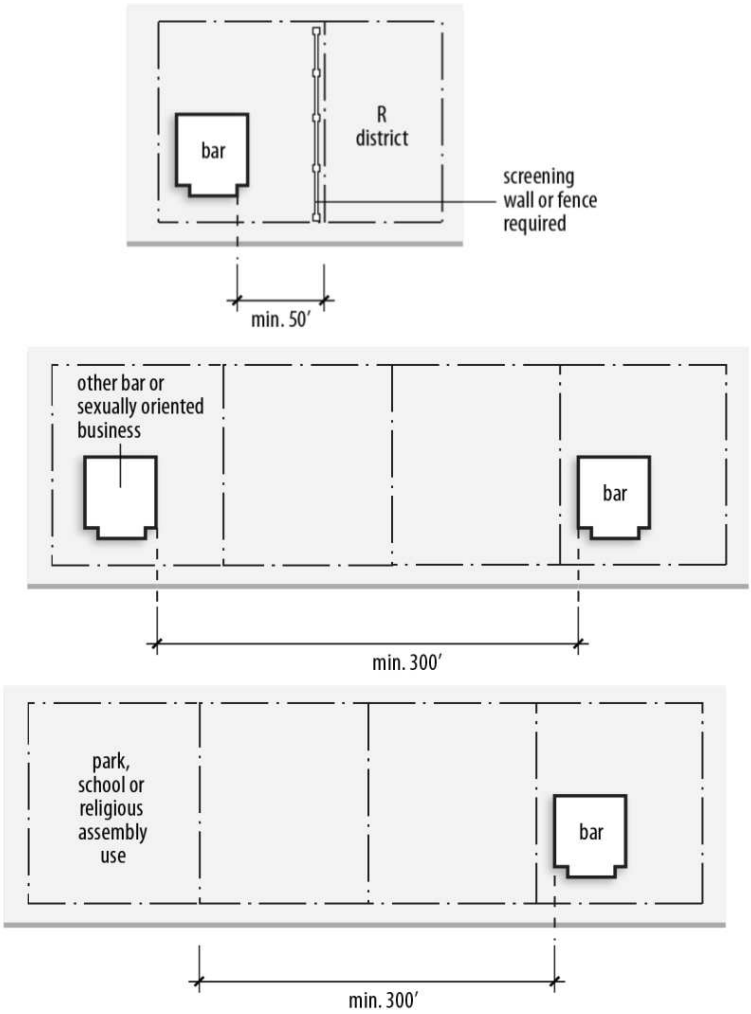
**A.** Bars are subject to all of the following separation distance requirements:

**1.** Public entrance doors of bars may not be located within fifty (50) feet of any R-zoned lot, as measured in a straight line from the nearest point on the R-zoned lot (not including R-zoned expressway right-of-way) to the nearest public entrance door of the bar or the nearest portion of any outdoor seating/dining area, whichever results in a greater setback.

**2.** Bars may not be located within three hundred (300) feet of a public park, school or religious assembly use. The separation distance required by this paragraph must be measured from the nearest property line of such public park, school or religious assembly use to the nearest perimeter wall of the bar.

**3.** Bars may not be located within three hundred (300) feet of any other bar or sexually oriented business establishment, except in the CBD district. The required separation distance must be measured in a straight line between the nearest perimeter walls of the portions of the buildings occupied by the bar or sexually oriented business establishment.

**Figure 40-1: Separation Distance Requirements for Bars**



**4.** Religious assembly uses include all contiguous property owned or leased by the religious organization upon which the principal religious assembly building is located, regardless of any interior lot lines.

**5.** Schools include all contiguous property owned or leased by the school upon which the principal school building is located, regardless of any interior lot lines.

**B.** Bars must be located within completely enclosed buildings, except that outdoor customer seating/dining areas, including rooftop seating, are allowed subject to the following regulations:

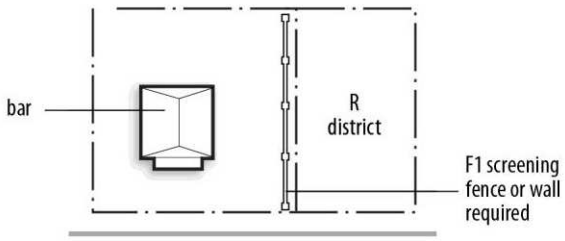
**1.** Outdoor customer seating/dining areas are subject to all applicable building setback requirements and must abut the building wall or roof area of the principal building;

**2.** Outdoor customer seating/dining areas may not occupy required parking spaces or parking area access aisles; and

**3.** When a bar is located on a lot abutting an R-zoned lot, noise emanating from any on-site equipment or activity, including outdoor customer seating/dining areas may not exceed 65 db(A), as measured long the common lot line at the top of the required screening wall or fence.

**C.** When a bar is located on a lot abutting an R-zoned lot, a screening wall or fence must be provided along the common lot line in accordance with the F1 screening fence or wall standards of Subsection 65.070C.

**Figure 40-2: Screening of Bar Abutting R District**



## Section 40.060. Bed and breakfasts.

The supplemental use regulations of this section apply to all bed and breakfast uses.

**A.** Bed and breakfast are limited to a maximum of twelve (12) guest rooms unless a lower limit is established by the board of adjustment as a condition of an approved special exception.

**B.** The maximum length of stay for any guest is limited to thirty (30) consecutive days.

**C.** The owner/operator must maintain a register of bed and breakfast guests and on-site events for each calendar year and make the register available to city code enforcement upon request.

**D.** Cooking facilities are prohibited in guest rooms.

**E.** Signs are allowed in accordance with the sign regulations of the subject zoning district unless the board of adjustment establishes stricter conditions at the time of special exception approval.

**F.** Public restaurants are prohibited. Meals may be served only to overnight guests and for on-site events expressly authorized by the board of adjustment at the time of special exception approval. The board of adjustment may authorize bed and breakfasts to be rented for events, such as weddings, receptions, anniversaries, private dinner parties, business seminars, etc. The use of bed and breakfasts for on-site events requires express authorization of the board of adjustment, in accordance with the special exception procedures of Section 70.120. As part of approval of the special exception, the board of adjustment is authorized to establish the maximum number of on-site events per year and the maximum number of guests per any single event, based on the availability of off-street parking and the facility's likely impacts on the area.

## Section 40.070. Colleges, universities and hospitals.

Colleges, universities and hospitals are all subject to a minimum site area requirement of one acre.

### Section 40.080. Commercial services.

Whenever a commercial services use is located on a lot abutting an R- or AG-R-zoned lot, a screening wall or fence must be provided along the common lot line in accordance with the F1 screening fence or wall standards of Subsection 65.070C.

### Section 40.090. Community garden and farm, market or community supported.

The supplemental use regulations of this section apply to all community garden uses, and to all farms, market or community supported, as may be allowed in a residentially zones district.

**A.** Unless permitted by the underlying zoning district or approved as a special exception, on-site sale of products is prohibited.

**B.** Lawn and garden equipment of the type customarily used by consumers for household lawn and garden care is the only type of motorized equipment allowed. The use of motorized equipment is restricted to hours beginning at 8:00 a.m. and ending at 8:00 p.m.

**C.** The site must be designed and maintained to prevent any chemical pesticide, fertilizer or other garden waste from draining on to adjacent properties.

**D.** An on-site trash storage container must be provided and located as close as practicable to the rear lot line. Compost bins or piles must also be located as close as practicable to the rear lot line. Trash must be removed from the site at least once a week. Dumpster style trash containers are prohibited.

**E.** Only individuals and organizations authorized by the property owner may participate in the community garden.

**F.** A sign must be posted on the property identifying the name and phone number of the property owner or the owner's agent name. The sign must be at least four (4) and no more than eight (8) square feet in area and be posted so that it is legible from the public right-of-way.

**G.** The owner of any lot used for a community garden or a lot used for a farm, market or community supported, must give each abutting property owner and occupant written notice of the intent to establish a community garden or a farm, market or community supported, and the applicable use regulations of this zoning code at least thirty (30) days before the start of the operation.

**H.** Measures must be taken to prevent cultivated areas from encroaching onto adjacent properties.

**I.** The property must be maintained free of tall weeds and debris. Dead garden plants must be regularly removed and, in any instance, no later than October 31 of each year.

**J.** Within an AG-R or residential zoning district, operating hours for community garden or farm-, market- or community-supported, activities are restricted to between 5:00 a.m. and 11:00 p.m. daily.

**K.** Any use regulation of this section may be modified by special exception approval.

### Section 40.100. Community group homes.

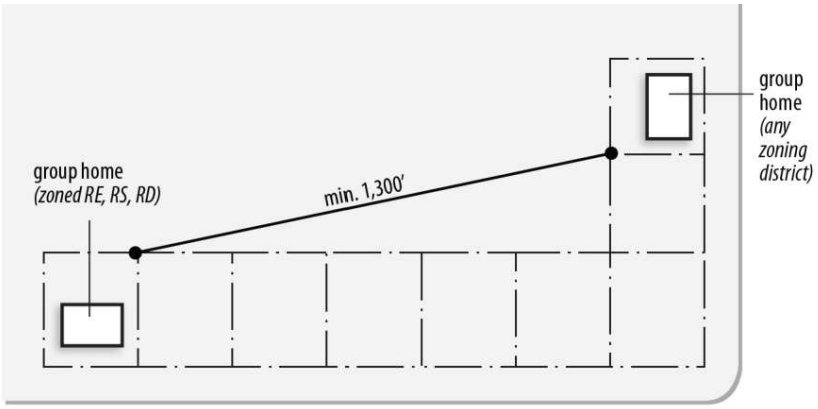
The supplemental use regulations of this section apply to all community group homes.

**A.** The occupancy of a community group home may not exceed fifteen (15) inhabitants. Consideration of special exception approval must, at least in part, be based upon a showing that, but for the economic need associated with the number of inhabitants requested to be permitted in the proposed group home, (1) the dwelling would otherwise be available to the applicant; and (2) the requested number of inhabitants is reasonably calculated to offset the increased economic costs associated with the group home use.

**B.** Community group homes must have all licenses required by the state. A special exception granted for a community group home use will immediately become void upon final revocation of any required state license.

**C.** To avoid over-concentration, community group homes in RE, RS or RD zoning districts may not be located within one thousand three hundred (1,300) feet of any other community group home. This separation requirement is established, not on the basis of any disability status, but on the basis of the non-family status of the groups. The required separation distance must be measured in a straight line from the nearest lot lines of the lots occupied by the community group home uses.

**Figure 40-3: Required Separation of Community Group Homes**



**D.** In order to allow for special accommodations for inhabitants of community group homes, the board of adjustment is authorized, by special exception, to reduce or eliminate the separation distance requirement upon a finding that the federal Fair Housing Amendments Act, as amended, requires it, or that the grant of the special exception will not be injurious to the neighborhood or detrimental to the public welfare and will be in harmony with the spirit and intent of this zoning code. In consideration of granting this special exception, the board of adjustment must specifically consider the following factors:

**1.** Traffic and parking congestion given the capacity of nearby streets;

**2.** The likelihood that any other applicable group home use will impact traffic and parking congestion;

**3.** Traffic hazards;

**4.** Availability of off-street parking;

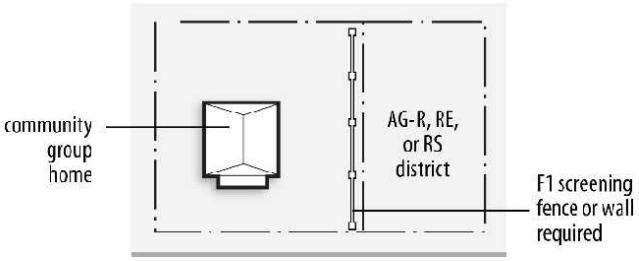
**5.** Availability of public transit and the likelihood of its use;

**6.** Feasibility of traffic mitigation measures; and

**7.** Impacts on public utilities, including water and sanitary sewer capacities.

**E.** When a community group home is located on a lot abutting an RE-, RS-, or AG-R-zoned lot, a screening wall or fence must be provided along the common lot line in accordance with the F1 screening fence or wall standards of Subsection 65.070C.

**Figure 40-4: Screening of Community Group Home Abutting RE, RS, or AG-R Districts**



## Section 40.110. Cottage house developments.

Cottage house developments are subject to the lot and building regulations in Table 5-3, except as expressly modified by the regulations of this section.

**A. Purpose.** The cottage house development regulations of this zoning code are intended to provide opportunities for individual ownership of small houses oriented around a courtyard or common open area.

**B. Development Size.** On lots with one or more cottage house grouping(s), each grouping must contain at least three (3) and no more than ten (10) houses arranged around at least two (2) sides of a courtyard or common open space.

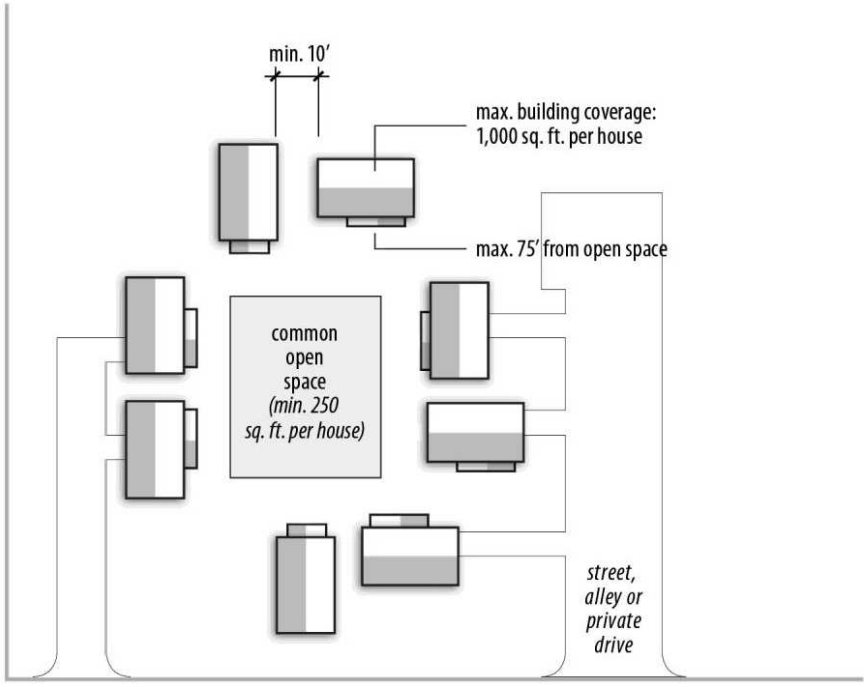
**C. Orientation of cottage houses.**

**1.** Cottage houses must be oriented to, and have a main entry onto a courtyard or common open space area that is accessible by all residents in the cottage house development, provided that cottage houses on lots abutting minor streets must have their front building elevation facing the street, including a building entrance, with a second entrance facing a courtyard or common open space area.

**2.** Required courtyards and common open space areas must have cottage houses abutting on at least two (2) sides.

**3.** All cottage houses must be located within seventy-five (75) feet walking distance of a required courtyard or common open space area.

**Figure 40-5: Cottage House Developments**



**D. Open space.** A unified, contiguous courtyard or common open space must be provided as the focal point of the cottage house development. The courtyard or common open space area must contain at least two hundred fifty (250) square feet of common open space per cottage house.

**E. Building setbacks and separation.** All buildings within a cottage house development must comply with the minimum building setbacks that apply to detached houses in the subject zoning district, except that no building setback is required from an alley. Buildings within a cottage house development must be separated by a minimum distance of ten (10) feet.

**F. Building coverage.** Individual cottage houses are subject to a maximum first floor area of one thousand (1,000) square feet. Attached garages are counted in the calculation of first floor area, but covered porches and detached accessory buildings are not counted.

**G. Vehicular access and parking.**

**1.** Vehicular access to parking areas serving cottage houses within the development may come from the street, an alley or a private drive.

**2.** Required parking may be provided on each cottage house lot or in a shared parking area located within commonly owned space or in a combination of the two. Common parking areas containing four (4) or more spaces must be screened from view of abutting R- or AG-R-zoned lots in accordance with the F1 screening fence or wall standards of Subsection 65.070C. Parking may not be located in street yards or in the required courtyard or common open space area.

**H. Restrictive covenants.** A cottage house development is permitted only if a subdivision plat or other recorded legal instrument incorporating the provisions and requirements of this section (Section 40.110) is recorded in the county clerk's office.

*(Ord. No. 25429, § 13, 10-30-2024)*

**Section 40.120. Day cares.**

**A. Child Care Centers.** When a child care center is located inside an R or AG-R zoning district, outdoor child play equipment may not be located or stored in the street yard. See also the family child care home regulations of Section 40.120-B.

**B. Family Child Care Homes.**

**1.** When a family child care home is located inside an R or AG-R zoning district, outdoor child play equipment may not be located or stored in the street yard.

**2.** Family child care homes must be licensed by the State of Oklahoma.

**3.** Applicants for family child care homes must obtain a zoning clearance permit and a certificate of occupancy before commencing operation.

**4.** Family child care homes may provide care and supervision for the number of children authorized under the state license, up to a maximum of twelve (12) children.

**5.** When a family child care home is located in an AG, AG-R or R zoning district, signs advertising a Family Child Care home are prohibited.

**6.** When a family child care home is located in an AG, AG-R or R zoning district, no exterior building alterations or site modifications may be made that would change the residential character of the premises.

*(Ord. No. 25092, § 4, 7-26-2023; Ord. No. 25192, § 9, 12-6-2023)*

**Section 40.130. Dispersal standards for specified land uses.**

**A.** The supplemental use regulations of this section apply to all detention and correctional facilities, emergency and protective shelters, homeless centers, residential treatment centers and transitional living center uses.

**B.** To avoid over-concentration, all detention and correctional facilities, emergency and protective shelters, homeless centers, residential treatment centers and transitional living center uses must be separated from one another by a minimum distance of two thousand six hundred forty (2,640) feet, as measured in a straight line from the nearest point on the lot line of the property occupied by one of these uses to the nearest point on a lot line of the other property occupied by one of the subject uses (see Figure 40-6). The separation distance requirements of this subsection may be reduced if approved through the special exception approval process.

**Figure 40-6: Dispersal Standards Measurement**

## Section 40.140. Fraternal organizations.

Fraternal organizations require a minimum lot area of one acre in AG, RE and RS zoning districts.

## Section 40.150. Funeral homes.

Funeral homes may be approved as a special exception in any cemetery with a land area of ten (10) acres or more, provided that special exception approval is not required for a funeral home use if the use is permitted as of right in the subject zoning district.

## Section 40.160. Group living uses.

Whenever any group living use is located on a lot abutting an RE-, RS-, or AG-R-zoned lot, a screening wall or fence must be provided along the common lot line in accordance with the F1 screening fence or wall standards of Subsection 65.070C.

## Section 40.170. Hotel or motel.

Whenever a hotel or motel use is located on a lot abutting an R- or AG-R-zoned lot, a screening wall or fence must be provided along the common lot line in accordance with the F1 screening fence or wall standards of Subsection 65.070C.

## Section 40.180. Industrial uses.

**A.** Whenever any industrial use, other than a junk or salvage yard, is located on a lot abutting an R- or AG-R-zoned lot, a screening wall or fence must be provided along the common lot line in accordance with the F1 screening fence or wall standards of Subsection 65.070C. Junk and salvage yards are subject to the regulations of Section 40.190.

**B.** Industrial uses located within three hundred (300) feet of an abutting R- or AG-R-zoned lot must be conducted within a completely enclosed building, except for storage, loading and off-loading areas.

## Section 40.190. Junk or salvage yards.

The supplemental use regulations of this section apply to all junk or salvage yards.

**A.** Junk or salvage yards must be screened from view of abutting streets and all AG, AG-R, R, PK, O, C, CBD, SR, IL and CO zoning districts by the erection and maintenance of a screening wall or fence that is:

**1.** At least eight (8) feet in height;

**2.** Made of wood, metal, or masonry construction;

**3.** Designed and arranged to provide opaque visual screening;

**4.** Uniform in height, except in response to significant changes in topography;

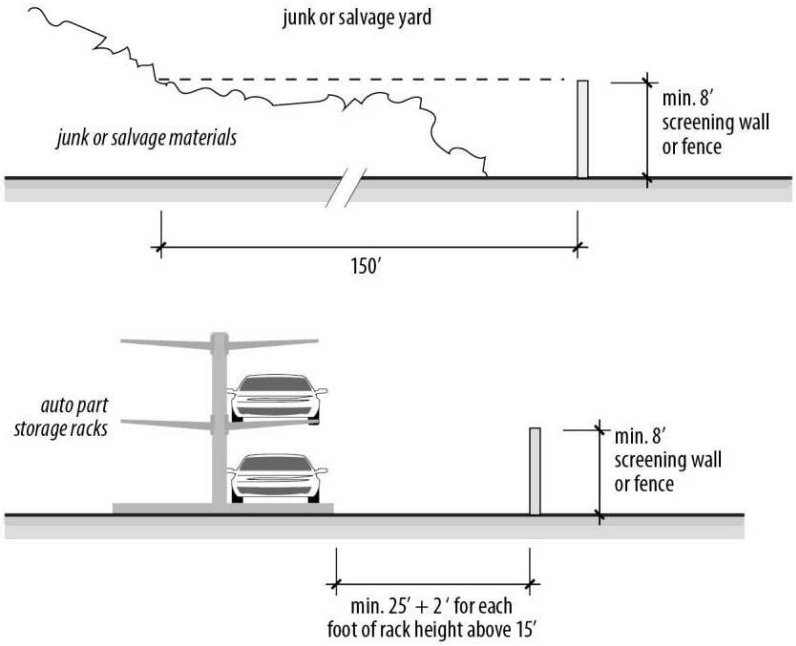
**5.** Constructed with all braces and supports on the interior of the fence or wall; and

**6.** Erected before occupancy of the building or initiation of the junk or salvage yard use.

**B.** Required screening walls and fences must be maintained by the owner of the lot containing the use requiring the screening.

**C.** The piling of junk or salvage materials may not exceed the height of the required screening wall or fence within one hundred fifty (150) feet of the boundary required to be screened, except that storage racks designed for the stacking of automotive front-ends, hoods, doors, quarter panels, and similar parts that exceed the height of the screening wall or fence, must be set back at least twenty-five (25) feet from abutting R- or AG-R-zoned lot and street rights-of-way, plus two (2) additional feet of setback for every foot of rack height above fifteen (15) feet.

**Figure 40-7: Screening and Setback Requirements for Junk and Salvage Material**



**D.** The board of adjustment is authorized as a special exception to:

**1.** Modify or eliminate the screening wall or fence requirements where existing physical features, such as trees and other plant materials, buildings, earthen berms or hills, provide equivalent visual screening;

**2.** Modify the screening wall or fence requirements when alternative screening will provide equivalent visual screening, such as:

**a.** Dense landscaping, or

**b.** A six-foot privacy wall or fence;

**3.** Grant an extension of time to erect a screening wall or fence when properties, other than streets, are undeveloped and no immediate plans for development are known or anticipated; or

**4.** Eliminate the screening wall or fence requirements when the purpose of the screening requirement cannot be achieved, such as when a street is elevated, or when the required screening wall or fence is prohibited by other regulations, such as in floodplains.

### Section 40.200. Library or cultural exhibit.

Museums, planetariums, aquariums and other cultural exhibit uses require a minimum lot area of one acre in AG, AG-R, RE and RS zoning districts.

### Section 40.210. Manufactured housing units.

The supplemental regulations of this section apply only to manufactured housing units approved as special exception uses in R or AG-R zoning districts.

**A.** No more than one manufactured housing unit may be located on a lot.

**B.** Manufactured housing units are required to comply with the same lot and building regulations that apply to detached houses in the subject zoning district.

*(Ord. No. 25429, § 14, 10-30-2024)*

### Section 40.220. Manufactured housing subdivisions.

The supplemental use regulations of this section apply to all manufactured housing subdivisions.

**A.** Manufactured housing subdivisions require a minimum contiguous land area of ten (10) acres.

**B.** All manufactured housing units in manufactured housing subdivisions must be attached to a permanent foundation and comply with the same lot and building regulations that apply to detached houses in the subject zoning district.

### Section 40.225. Medical marijuana uses.

The supplemental use regulation of this section apply to medical marijuana uses.

**A.** A medical marijuana grower operation must be located inside an enclosed building.

**B.** A medical marijuana processing facility, whether low-impact or high-impact, must be located inside an enclosed building.

**C.** A medical marijuana dispensary must be located inside an enclosed building.

**D.** A medical marijuana dispensary may not be located within 1,000 feet of another medical marijuana dispensary.

**E.** Drive-through windows and drive-through lanes are prohibited for medical marijuana grower operations, processing facilities, and research facilities.

**F.** Medical marijuana grower operations, processing facilities, waste disposal facilities, and dispensaries must provide the following:

**1.** A ventilation/air filtration system that prevents odor from being detectible at the boundaries of the lot within which the building housing the medical marijuana grower operation, processing facility or dispensary is located, except that if such use is located in multiple-tenant building, the ventilation/air filtration system must prevent odor from being detectible outside the tenant space housing the use.

**2.** An electronic security system and surveillance camera.

**G.** Medical marijuana grower operations, processing facilities, dispensaries, transportation facilities, education facilities, waste disposal facilities, testing laboratories, and research facilities must be conducted and maintained in compliance with the licenses issued by the Oklahoma Medical Marijuana Authority and in compliance with Oklahoma law, including but not limited to all applicable statutes, rules and regulations.

**H.** No medical marijuana grower operation, processing facility, dispensary, transportation facility, education facility, waste disposal facility, testing laboratory, or research facility shall be permitted or maintained unless there exists a valid license, issued by the Oklahoma Medical Marijuana Authority for the particular use at the particular location.

**I.** The separation distance required under Section 40.225D. must be measured in a straight line between the nearest perimeter walls of the buildings (or portion of the building, in the case of a multiple-tenant building) occupied by the dispensaries. The separation required under Section 40.225D. shall not be applied to limit the location of a medical marijuana dispensary for which a license was issued by the Oklahoma Medical Marijuana Authority prior to December 1, 2018, for the particular location.

**J.** A medical marijuana waste disposal facility must be located inside an enclosed building.

*(Ord. No. 24569, § 1, 2-24-2021; Ord. No. 25330, § 13, 6-5-2024)*

### Section 40.230. Mining or mineral processing.

As part of the special exception review and approval process for any mining or mineral processing use, the board of adjustment must consider potential environmental impacts, such as noise, dust and vibration, and is authorized to establish conditions of approval (e.g., setbacks, screening, and methods of operation) to help control and mitigate any adverse land use or environmental impacts on surrounding areas.

### Section 40.240. Mobile home parks.

The supplemental regulations of this section apply to all mobile home parks.

**A.** All mobile homes and manufactured housing units must be completely skirted.

**B.** All mobile homes and manufactured housing units must be anchored in accordance with city regulations.

**C.** All housing units must be certified and display applicable federal certifications.

**D.** The lot and building regulations of Table 40-1 apply to the overall mobile home park site:

**Table 40-1: Mobile Home Park Lot and Building Regulations**

| **Regulations** | |
|---|---|
| Minimum Area (acres) | 5 |
| Minimum Width (feet) | 200 |
| Minimum Lot Area per Unit (sq. ft.) | 5,000 |
| Minimum Building Setbacks (feet) | |
| Street (Arterial/Freeway) | 35 |
| Street (Non-Arterial/Freeway) | 20 |
| Side (interior) | 10 |
| Rear | 10 |
| Maximum Building Height (feet) | 15 |

**E.** The lot and building regulations of Table 40-2 apply to individual mobile home and manufactured housing unit spaces within a mobile home park:

**Table 40-2: Mobile Home and Manufactured Housing Unit Space Regulations**

| **Regulations** | |
|---|---|
| Minimum Area (sq. ft.) | 4,000 |
| Minimum Width (feet) | 40 |
| Minimum Building Setbacks (feet) | |
| Street | 10 |
| Side (interior) | 5/10[1] |
| Rear | 10 |
| Minimum Separation Between Units (feet) | 15 |
| Maximum Under-Roof Area [2] (% of space) | 45 |
| Minimum Outdoor Living Area [3] (sq. ft.) | 100 |

Table 40-2 apply to individual mobile home and manufactured housing unit spaces within a mobile home park.

Table 40-2 Notes:

**[1]** Minimum five (5) feet on one side, ten (10) feet on the other.

**[2]** Includes dwellings, carports and all other accessory buildings.

**[3]** May be covered by roof or awning. May be paved but may not include parking or driveway areas. Must have average dimensions of ten (10) feet per side.

**F.** Accessory buildings must be set back at least ten (10) feet from manufactured housing units.

**G.** Streets within the mobile home park must have a minimum paved width of twenty-four (24) feet.

**H.** Common park/recreational open space and facilities (which may include trails, playgrounds, community buildings and tot-lots) must be provided for all mobile home

parks equal to at least six (6) percent of the total gross area of the mobile home park, exclusive of outdoor living area provided on individual mobile home/manufactured unit spaces.

### Section 40.250. Multi-unit houses.

Multi-unit houses are subject to the lot and building regulations of the subject zoning district, except as expressly modified by the supplemental regulations of this section.

**A.** The street-facing façade of a multi-unit house may have only one building entrance that is visible from the street. If the building is located on a corner lot, one building entrance may be visible from each street.

**B.** Patio-style doors, such as sliding glass doors, may not be used for entrance doors on building façades that face a street.

**C.** The front façade of new multi-unit houses established after the effective date established in Section 1.030 may not exceed sixty (60) feet in width.

**D.** Outdoor (surface) parking areas may not be located between the principal building and the street or within any required side building setback.

### Section 40.260. Offices.

The supplemental use regulations of this section apply to office uses in the districts indicated.

**A.** Office uses in the RM-1 district must comply with the lot and building regulations of the OL district.

**B.** Office uses in the RM-2 district must comply with the lot and building regulations of the OM district, except that no building occupied by office uses may exceed thirty-five (35) feet in height.

**C.** Office uses in the RM-3 district must comply with the lot and building regulations of the OMH district.

**D.** Whenever an office use is located on a lot abutting an R- or AG-R- zoned lot, a screening wall or fence must be provided along the common lot line in accordance with the F1 screening fence or wall standards of Subsection 65.070C.

### Section 40.270. Oil or gas wells.

Oil and gas wells and oil and gas well drilling operations are subject to the regulations of Title 42A of the Tulsa Revised Ordinances.

### Section 40.280. Parking structures.

The supplemental use regulations of this section apply only to parking structures located in MX districts.

**A.** The ground floor of parking structures must be screened from view of abutting public sidewalks by a liner building. The floor space within the liner building may be occupied by any principal use allowed in the district, except for parking.

**B.** The street-facing facade of parking structures must be oriented horizontally (maintain a horizontal line) on all street-facing facades, so that the sloping nature of parking floors is not repeated on the exterior facade. This requirement does not apply to

helix-shaped ramps leading to and from parking floors and may be waived or modified in accordance with the administrative adjustment provisions of Section 70.100 when compliance would result in a reduction in the number of parking spaces or necessitate mechanical ventilation of the garage.

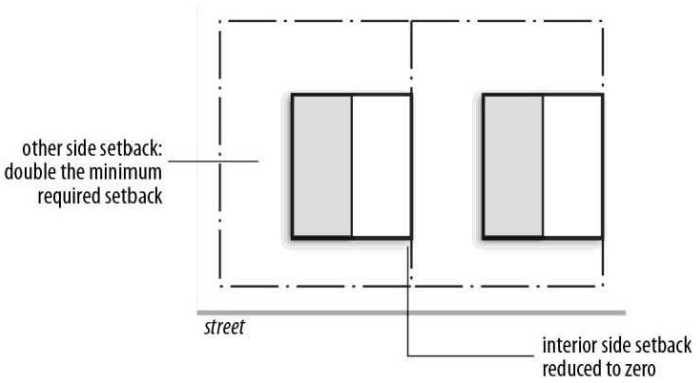
## Section 40.290. Patio houses.

Patio houses are subject to the lot and building regulations of the subject zoning district, except as expressly modified by the supplemental patio house regulations of this section.

**A.** A patio house development must consist of at least three (3) contiguous lots with frontage on the same street.

**B.** The interior side building setback on one side of the lot containing a patio house may be reduced to as little as zero. The zero- or reduced setback side of a patio house may not abut a street and may not abut a lot that is not part of the patio house development. On the "non-zero" side, a side building setback must be provided equal to at least twice the minimum side building setback requirement of the subject zoning district.

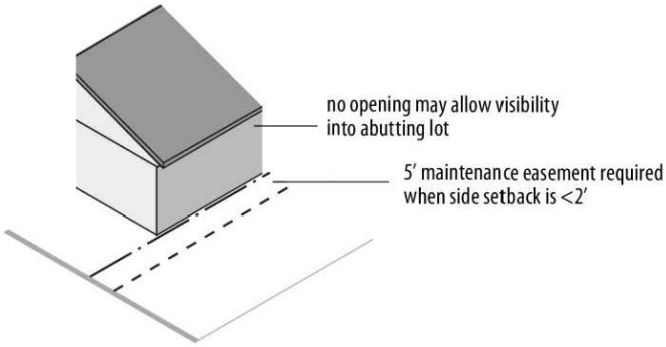
**Figure 40-8: Minimum Side Building Setbacks for Patio Houses**



**C.** When the patio house's exterior wall or eaves are within two (2) feet of the abutting property line, a perpetual maintenance easement at least five (5) feet in width must be provided on the lot abutting the zero patio property line, which, with the exception of walls and/or fences, must be kept clear of structures. The easement must be depicted on and established in a recorded plat or a separate legal instrument recorded in the county clerk's office. This provision is intended to ensure the ability to conduct maintenance on the patio house. Eaves on the side of a patio house with a zero or reduced setback may project over the side property line only if shown on the easement required under this paragraph.

**D.** Windows, doors and other openings that allow for visibility into the side yard of the lot abutting the reduced or zero setback side of the patio house are prohibited. Windows that do not allow visibility into the side yard of the lot abutting the zero or reduced setback side, such as clerestory windows or translucent windows, are allowed, subject to compliance with the building code.

**Figure 40-9: Patio House Maintenance Easements and "Privacy" Requirements**



**E.** A patio house development is permitted only if a subdivision plat or other recorded legal instrument incorporating the provisions and requirements of this section (Section 40.290) is recorded in the county clerk's office.

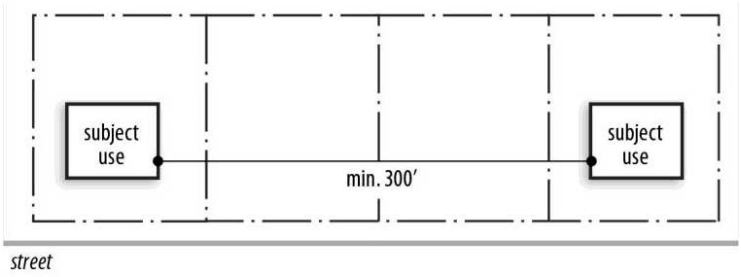
## Section 40.300. Plasma centers, day labor, package stores, bail bonds, pawn shops.

The supplemental use regulations of this section apply to all plasma centers, day labor hiring centers, package stores, bail bond offices and pawn shops.

**A.** Plasma centers, day labor hiring centers, package stores, bail bond offices and pawn shops must be separated by a minimum distance of three hundred (300) feet, provided that bail bond offices located within the CBD district are not subject to this separation requirement.

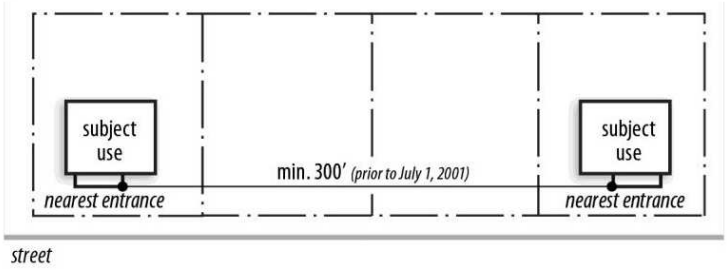
**B.** For uses established after July 1, 2001, the separation distance requirement of Subsection 40.300A. must be measured in a straight line from the nearest perimeter wall of the portion of the building occupied by one of the subject uses to the nearest perimeter wall of the portion of the building of any other subject use.

**Figure 40-10: Measurement of Required Use Separation (Permits issued after 7/1/2001)**



**C.** For uses that were in operation or had been issued a building permit on or before July 1, 2001, the separation distance requirement of Subsection 40.300A. must be measured in a straight line from the nearest public entrance door of one of the subject uses to the nearest public entrance door of any other subject use.

**Figure 40-11: Measurement of Required Separation (Uses Established/Permits Issued on or before 7/1/2001)**



## Section 40.310. Recycling uses.

**A.** Whenever any recycling use is located on a lot abutting an R- or AG-R-zoned lot, a screening wall or fence must be provided along the common lot line in accordance with the F1 screening fence or wall standards of Subsection 65.070C.

**B.** Recycling uses located within three hundred (300) feet of an abutting R- or AG-R-zoned lot must be conducted within a completely enclosed building, except for storage, loading and off-loading areas.

## Section 40.320. Religious assembly.

The supplemental use regulations of this section apply to religious assembly uses in AG and R districts.

**A.** In AG and R zoning districts, religious assembly uses must be located on lots with a minimum lot area of one acre and a minimum lot width of one hundred (100) feet.

**B.** In AG and R zoning districts, off-street parking on the site of a religious assembly use is prohibited in street building setbacks.

## Section 40.330. Restaurants.

The supplemental use regulations of this section apply to all restaurant uses.

**A.** Restaurants must occupy completely enclosed buildings, except outdoor customer seating/dining, including rooftop seating, is permitted subject to the following regulations:

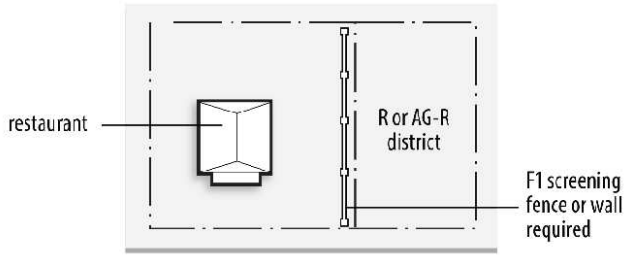
**1.** Outdoor customer seating/dining areas are subject to all applicable building setback requirements and must abut the building wall or roof area of the principal building;

**2.** Outdoor customer seating/dining areas may not occupy required parking spaces or drive aisles or be located within fifty (50) feet of R- or AG-R-zoned lots;

**3.** When a restaurant is located on a lot abutting an R- or AG-R-zoned lot, noise emanating from any onsite equipment or activity, including outdoor customer seating/dining areas may not exceed sixty-five (65) db(A), as measured along the common lot line at the top of the required screening wall or fence.

**B.** Whenever a restaurant is located on a lot abutting an R- or AG-R-zoned lot, a screening wall or fence must be provided along the common lot line in accordance with the F1 screening fence or wall standards of Subsection 65.070C.

**Figure 40-12: Screening of Restaurant Abutting R or AG-R Districts**



## Section 40.340. Retail sales.

**A.** Whenever a retail sales use is located on a lot abutting an R- or AG-R-zoned lot, a screening wall or fence must be provided along the common lot line in accordance with the F1 screening fence or wall standards of Subsection 65.070C.

**B.** Retail sales uses must take place within a completely enclosed building, except that accessory outdoor display of merchandise and accessory outdoor customer seating/dining areas are permitted, subject to the following supplemental regulations:

**1.** Outdoor display areas must comply with the minimum street setback requirements of the subject zoning district;

**2.** Outdoor display areas may not occupy or use required parking spaces or drive aisles;

**3.** Outdoor display areas are considered floor area for the purposes of determining off-street parking requirements; and

**4.** Outdoor customer seating/dining areas are subject to the same requirements that apply to restaurants, per Subsection 40.330A.

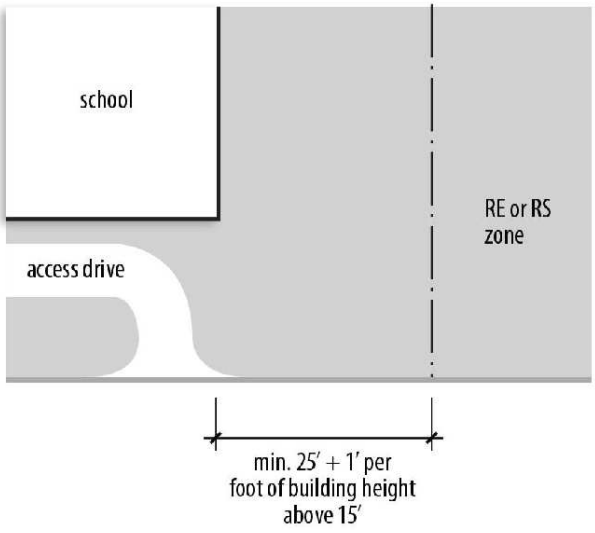
## Section 40.350. Schools.

**A. Schools Established Before January 1, 1998.** Schools established before January 1, 1998 are subject to a maximum floor area ratio of 0.5 and to the following supplemental use regulations:

**1.** Day care uses and community centers may be allowed as accessory uses to a school. Outdoor stadiums, lighted athletic fields, unlighted athletic fields that have bleachers for non-student spectators and buildings and structures accessory to these types of stadiums or fields may not be approved as accessory uses to a school.

**2.** Buildings, parking areas and access drives must be set back at least twenty-five (25) feet from abutting RE- and RS-zoned properties, plus one foot of additional building setback for each one foot of building height above fifteen (15) feet. These setback and height requirements do not apply if the RE- or RS-zoned land is freeway or expressway right-of-way.

**Figure 40-13: Required Building Setbacks from RE and RS Zoning Districts (Schools)**



**B. Schools established on or after January 1, 1998.** Schools established on or after January 1, 1998 require a minimum lot area of one acre, and lots to be occupied by senior high schools must have frontage on an arterial street.

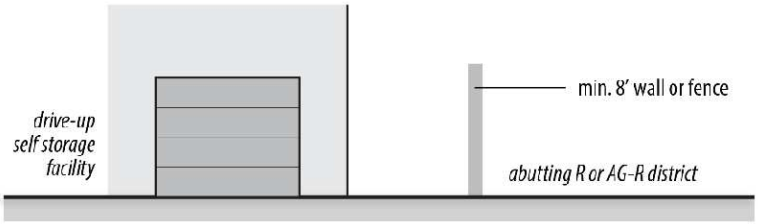
## Section 40.360. Self-service storage facilities.

**A. General.**

**1.** The general provisions of this section apply to all self-service storage facilities.

**2.** A screening fence or masonry wall is required along all lot lines that abut R- or AG-R-zoned lots. Required screening fences and walls must be at least eight (8) feet in height. If buildings are masonry, the building wall can serve as the screening wall, provided that any open spaces between perimeter buildings are screened with a masonry screening wall at least eight (8) feet in height. The screening fence/wall requirements of this section do not apply to climate-controlled self-storage buildings in which self-storage spaces are accessed only from within the building.

**Figure 40-14: Screening of Drive-up Style Self-Storage Facilities from Abutting R or AG-R Districts**



**3.** A single dwelling unit may be integrated into the self-storage facility.

**4.** No activities other than storage and pick-up and deposit of stored materials are allowed within the storage units.

**B. RM and O Districts.** Self-service storage facilities located in RM or O zoning districts are subject to the following additional requirements:

**1.** Exterior building walls visible from streets and abutting lots must be of masonry construction, using brick, stone, stucco or concrete tilt-up panels. Corrugated steel or standard (smooth) concrete block exterior walls are not permitted on these walls.

**2.** The floor area ratio (FAR) may not exceed 0.5.

**3.** Access doors to drive-up style storage units may not be visible at ground-level from abutting O-, R-, or AG-R-zoned lots or from abutting street rights-of-way.

**4.** The storage of flammable liquids, highly combustible, explosive materials or hazardous chemicals is prohibited.

**5.** In RM-1 and OL districts storage may only occur within completely enclosed buildings. All storage in RM-2, RM-3, OM, OMH or OH districts must also occur in completely enclosed buildings, except that outdoor (open-air) storage is allowed on the interior of the lot if the storage is not visible at ground level from abutting R, O, or AG-R districts or from any street rights-of-way.

**C. CS District.** In the CS district, no outdoor (open-air) storage of any kind is allowed that is visible at ground level from abutting R, O, or AG-R districts or from any street rights-of-way.

## Section 40.370. Sexually oriented business establishments.

The supplemental use regulations of this section apply to all sexually oriented business establishments.

**A.** Sexually oriented business establishments are allowed only in those districts and under those approval procedures expressly stated in this zoning code. In addition, no person may exercise supervisory control, manage, operate, cause the establishment or permit the establishment of any sexually oriented business establishment within one thousand (1,000) feet (the "minimum separation distance") of any of the following:

**1.** Another sexually oriented business. The minimum separation distance must be measured in a straight line from the nearest point of the wall of the portion of the

building occupied by a sexually oriented business establishment to the nearest point of the wall of the portion of the building occupied by another sexually oriented business establishment.

**2.** A religious assembly use, including all contiguous property owned or leased by the religious organization upon which the principal religious assembly building is located, regardless of any interior lot lines. The minimum separation distance must be measured in a straight line from the nearest point of the wall of the portion of the building occupied by a sexually oriented business establishment to the nearest point of the building in which religious assembly activities occur.

**3.** A school, including all contiguous property owned or leased by the school upon which the principal school building is located, regardless of any interior lot lines. The minimum separation distance must be measured in a straight line from the nearest point of the wall of the portion of the building occupied by a sexually oriented business establishment to the nearest point of the school.

**4.** A public or private park. The minimum separation distance must be measured in a straight line from the nearest point of the wall of the portion of the building occupied by a sexually oriented business establishment to the nearest point on the property of the park.

**5.** Residential zoning or a habitable dwelling unit in an AG or AG-R zoning district. The minimum separation distance must be measured in a straight line from the nearest point of the wall of the portion of the building occupied by a sexually oriented business establishment, to the nearest point on an R district boundary line (not including R-zoned expressway right-of-way) or to the nearest point of the exterior wall of a habitable dwelling located in an AG or AG-R zoning district.

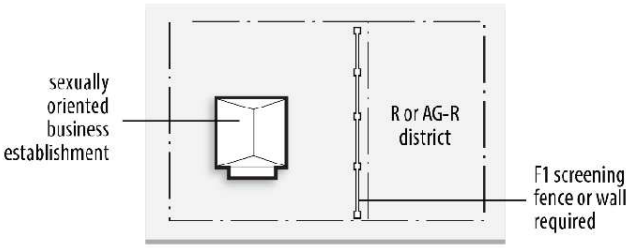
**6.** Any group living use or public, civic or institutional use that cares for or is typically frequented by persons under 18 years of age, including child day cares, children's preschools, children's nurseries, children's day camps, juvenile delinquency centers, children's campgrounds, children's group homes, libraries and cultural exhibits. The minimum separation distance must be measured in a straight line from the nearest point of the wall of the portion of the building occupied by a sexually oriented business establishment to the nearest point on the property occupied by the use that cares for or is typically frequented by persons under 18 years of age.

**B.** The separation distance requirements of this section apply to new sexually oriented business establishments, the relocation of sexually oriented business establishments, the enlargement of sexually oriented business establishments in scope or area or the conversion of an existing business location to any sexually oriented business establishment.

**C.** If a new religious assembly use, school, park or protected group living use or public, civic or institutional use is established within one thousand (1,000) feet of an existing lawful sexually oriented business establishment, the distance separation requirements from religious assembly uses, schools, parks or protected group living uses or public, civic or institutional uses do not apply.

**D.** When a sexually oriented business establishment is located on a lot abutting an R- or AG-R-zoned lot, a screening wall or fence must be provided along the common lot line in accordance with the F1 screening fence or wall standards of Subsection 65.070C.

**Figure 40-15: Screening of Sexually Oriented Business Establishments**



## Section 40.375. Short-term rental.

The supplemental use regulations of this section apply to all principal use short-term rentals.

**A.** A short-term rental must comply with all licensing requirements of the City of Tulsa and an approved license number must be included with any material advertising the short-term rental.

**B.** Events are not permitted in conjunction with a short-term rental use. Examples of events include, but are not limited to, weddings, receptions, anniversaries, private parties, banquets, and business seminars.

**C.** A register of short-term rental guests must be maintained and made available to city code enforcement upon request.

**D.** External structural alterations or site improvements that change the residential character of the lot upon which a short-term rental is located are prohibited. Examples of such prohibited alterations include, but are not limited to, the construction of a parking lot, the addition of commercial-like exterior lighting, and signage.

**E.** No recreational vehicle, bus, or trailer shall be parked on a residential street in conjunction with a short-term rental use. A recreational vehicle, bus or trailer may be parked on the property if not visible from the street.

*(Ord. No. 24328, § 6, 3-11-2020)*

## Section 40.380. Studios, artist or instructional services.

Whenever an artist studio or an instructional services studio is located on a lot abutting an R- or AG-R-zoned lot, a screening wall or fence must be provided along the common lot line in accordance with the F1 screening fence or wall standards of Subsection 65.070C.

## Section 40.390. Townhouses.

**A. Applicability.** Townhouses are subject to all applicable regulations of this zoning code and other city codes and ordinances except as modified or supplemented by the townhouse development and building regulations of this section.

**B. Side setbacks.** No side building setback is required for common or abutting walls. Otherwise, the minimum side setback requirements of the subject zoning district apply.

**C. Design.** Townhouses must be affixed to a permanent foundation.

**D. Open space.** Required open space per dwelling unit for a townhouse project may be provided either on each townhouse lot or in common areas within the overall townhouse project, as designated on a recorded subdivision plat or in a separately recorded legal instrument.

### Section 40.400. Vehicle sales and service.

**A.** Whenever a vehicle sales and service use is located on a lot abutting an R- or AG-R-zoned lot, a screening wall or fence must be provided along the common lot line in accordance with the F1 screening fence or wall standards of Subsection 65.070C.

**B.** Whenever commercial or personal vehicle sales or rentals are within three hundred (300) feet of an R- or AG-R-zoned lot, off-street parking and vehicle display areas must comply with the parking area design standards of Section 55.090.

### Section 40.410. Wholesale, distribution and storage uses.

Whenever any wholesale, distribution and storage use is located on a lot abutting an R- or AG-R-zoned lot, a screening wall or fence must be provided along the common lot line in accordance with the F1 screening fence or wall standards of Subsection 65.070C.

### Section 40.420. Wireless communication facilities.

**A. Purpose.** The wireless communication facility regulations of this section establish supplemental regulations governing wireless communications towers and antennas. These regulations are established to promote the following goals:

**1.** Protecting residential areas and land uses from potentially adverse impacts of towers and antennas;

**2.** Encouraging the location of towers in nonresidential areas;

**3.** Minimizing the total number of towers;

**4.** Encouraging co-location rather than the construction of additional single-use towers;

**5.** Encouraging users of towers and antennas to locate them, to the extent possible, in areas where the adverse impact on the community is minimal;

**6.** Encouraging users of towers and antennas to configure them in a way that minimizes the adverse visual impact of the towers and antennas through careful design, siting, landscape screening and innovative camouflaging techniques; and

**7.** Helping to ensure the ability of telecommunications services providers to offer such services to the community quickly, effectively and efficiently.

**B. Exemptions.** The following are exempt from these regulations:

**1.** Amateur (Ham) radio antennas;

**2.** Microwave reflectors and parabolic antennas;

**3.** Antennas and equipment located completely inside of buildings; and

**4.** Minor modifications of existing wireless communications facilities and attached wireless communications facilities, whether emergency or routine, provided there is little or no change in the visual appearance. Minor modifications are those

modifications, including the addition of antennas, to conforming wireless and attached wireless communications facilities that comply with all applicable regulations of this section.

**C. Federal Law.** The wireless communication facility regulations of this section must be applied within the constraints of the Telecommunications Act of 1996 and Section 6409 of the Middle Class Tax Relief and Job Creation Act of 2012.

**D. Special definitions.** The following definitions are established solely for administering and interpreting the wireless communication facility regulations of this section:

**1.** "Antenna" means any exterior transmitting or receiving device used in communications to radiate or capture electromagnetic waves, digital signals, analog signals, radio frequencies, wireless telecommunications signals or other communication signals.

**2.** "FAA" means the Federal Aviation Administration.

**3.** "FCC" means the Federal Communications Commission.

**4.** "Height," when referring to a tower or wireless communication facility, means the distance from finished grade at the base of the tower or facility, including any base pad, to the highest point of the structure.

**5.** "Monopole" means a single, freestanding pole structure without guy wires or external supporting braces.

**6.** "Tower" means any structure more than twenty (20) feet tall that is designed and constructed primarily for the purpose of supporting one or more antennas for telephone, radio and similar communication purposes, including self-supporting lattice towers, guyed towers or monopole towers. The term includes radio and television transmission towers, microwave towers, common-carrier towers, cellular telephone towers and the like. The term includes the tower structure and any tower supports.

**E. General requirements.** All towers and antennas are subject to the general requirements of this subsection unless otherwise expressly stated.

**1.** Towers may be considered either principal or accessory uses. Another principal or accessory use on the same lot does not preclude the installation of a tower on that lot.

**2.** Towers and antennas are subject to all of the following requirements:

**a.** Towers and antennas must be designed to blend into the surrounding environment through the use of color, galvanizing, or camouflaging architectural treatment, except in instances where the color is dictated by federal or state authorities, such as the Federal Aviation Administration.

**b.** Except in IM and IH zoning districts, communication towers must be of a monopole design unless the board of adjustment approves, by special exception, an alternative design that they determine would better blend into the surrounding environment or that the required antennas cannot be supported by a monopole.

**c.** If an antenna is installed on a structure other than a tower, the antenna and supporting electrical and mechanical equipment must be of a color that closely matches or complements the color of the supporting structure, so as to make the antenna and related equipment as visually unobtrusive as possible.

**3.** Towers may not be illuminated by artificial means and may not display strobe lights unless such lighting is expressly required by the Federal Aviation Administration or other federal or state authorities. When incorporated into the approved design of the tower, light fixtures used to illuminate ball fields, parking lots or similar areas may be attached to the tower.

**4.** The use of any portion of a tower for advertising or signs other than warning or equipment information signs is expressly prohibited.

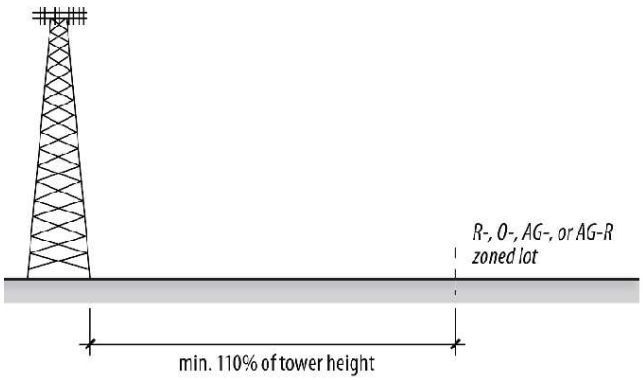
**5.** All utility buildings and structures accessory to a tower must comply with all applicable requirements of the underlying zoning district. Exterior ground-mounted equipment occupying more than fifty (50) square feet, if visible from ground level, must be screened from view of abutting property used or zoned for residential purposes by a screening wall or fence in accordance with the F1 screening fence or wall standards of Subsection 65.070C.

**6.** The following setback requirements apply to all towers unless otherwise expressly approved by the board of adjustment as part of the special exception approval:

**a.** Towers must be set back a distance equal to at least one hundred ten (110) percent of the height of the tower from any adjoining lot line of an R-, O-, AG-, or AG-R-zoned lot, excluding R-zoned expressway rights-of-way.

**b.** Accessory buildings are subject to applicable zoning district building setback requirements.

**Figure 40-16: Tower Setback from R, O, AG, or AG-R districts**



**7.** Towers must be enclosed by security fencing that is at least 6 feet in height or be equipped with an appropriate anti-climbing device.

**F. Antennas and towers requiring special exception approval.**

**1. Applicability.** The regulations of this subsection (Subsection 40.420F.) apply to all antennas and towers that require special exception approval.

**2. Factors to be considered.**

**a.** In addition to any other applicable requirements, the following factors must be considered in a decision to approve or deny special exception approval for a tower:

(1) Height of the proposed tower;

(2) Proximity of the tower to residential structures, residential district boundaries and existing towers;

(3) Nature of uses on adjacent and nearby properties;

(4) Surrounding topography;

(5) Surrounding tree coverage and foliage;

(6) Design of the tower, with particular reference to design characteristics that have the effect of reducing or eliminating visual obtrusiveness;

(7) The total number and size of antennas proposed and the ability of the proposed tower to accommodate co-location;

(8) Architectural design of utility buildings and accessory structures to blend with the surrounding environment;

(9) Proposed ingress and egress;

(10) The need for a tower within the immediate geographic area to provide an acceptable level of communications service to the area;

(11) The size of the tract and the most likely future development as indicated by the comprehensive plan, planned infrastructure, topography and other physical considerations.

**b. Findings.** The findings of the board of adjustment as to each of these factors must be made on the record and included in the written minutes of the meeting.

**3. Co-location.** Co-location of facilities is encouraged wherever practical by allowing reasonable extra height or tower diameter necessary to support multiple antennas.

**4. Landscaping.** The following requirements govern landscaping surrounding towers that require special exception approval; provided that the board of adjustment may modify or waive such requirements by special exception.

**a.** Tower facilities must be landscaped with a continuously maintained buffer of plant materials that effectively screens the view of the tower compound from property within three hundred (300) feet used or zoned for residential purposes. The standard buffer requirement consists of a landscaped strip with a minimum width of four (4) feet outside the perimeter of the compound.

**b.** Existing mature tree growth and natural land forms on the site must be preserved to the maximum extent possible. In some cases, such as towers sited on large, wooded lots, natural growth around the property perimeter may provide sufficient buffer.

**G. Antennas and towers permitted as-of-right.**

**1. Applicability.** The regulations of this subsection (Subsection 40.420G.) apply to all antennas and towers that are permitted as-of-right.

**2. Permits.** A permit must be obtained from the city before installation or construction of any antenna or tower.

3. **Standards.** Antennas and towers that are permitted as-of-right are subject to the following supplemental regulations:
   a. Antennas attached to the roof or wall of buildings in commercial or industrial zoning districts, or to office or apartment/condo buildings, or to public, civic or institutional buildings (e.g., schools, places of worship, or hospitals) are subject to all of the following regulations:
      (1) An antenna may not extend more than twenty (20) feet above the highest point of the building, or, if located on an architectural feature such as a steeple or bell tower, may not protrude above that structure; provided, however, that the board of adjustment may modify such requirements by special exception; and
      (2) The antenna must comply with all applicable FCC and FAA regulations;
      (3) The antenna must comply with all applicable building codes.
   b. Antennas may be attached to existing towers and to city-owned buildings and structures. When an existing tower must be modified to accommodate the collocation of antennas, the tower must be of the same type as the existing tower or reconstructed as a monopole and the modification or reconstruction may not result in a height increase of more than thirty (30) feet above the height of the existing tower. Other modifications may be approved by special exception.

**H. Removal of abandoned antenna and towers.** Any antenna or tower that is not operated for a continuous period of twelve (12) months will be considered abandoned, and the owner of the antenna or tower must remove it within ninety (90) days of receiving notice from the city. Failure to remove the abandoned antenna or tower within ninety (90) days constitutes grounds for the city to remove the antenna or tower at the owner's expense. Abandoned towers are subject to the nuisance abatement procedures set forth in Title 24 Tulsa Revised Ordinances, Chapter 2.

**I. Preexisting towers and antennas.** Any tower or antenna that lawfully existed on or before April 19, 1997 including a tower or antenna for which a permit was issued on or before that date which was constructed within the time frame allowed under the permit, is allowed to remain in use. Routine maintenance, including antenna replacement, is permitted. All new construction, other than routine maintenance, requires compliance with all applicable regulations of this section.

## Section 40.430. Farmers markets.

The supplemental use regulations of this section apply to all farmers markets.

**A.** All temporary tents, seating, equipment, materials and merchandise must be stored in a permanent building or off site when the farmers market is not operation.

**B.** All tents placed on a temporary basis for the farmers market must follow all tent regulations within City of Tulsa ordinances and must be placed in a manner that complies with the building setback lines of the subject zoning district.

**C.** All farmers markets and their vendors must comply with federal state and local laws and regulations relating to the operation and use of the market premises, including but not limited to any requirements to obtain health permits and licenses.

*(Ord. No. 25604, § 9, 6-18-2025)*

## CHAPTER 45. ACCESSORY USES AND STRUCTURES

Section 45.010. Generally applicable regulations.
Section 45.020. Accessory antennas.
Section 45.030. Accessory buildings and carports in R districts.
Section 45.031. ADU, Accessory Dwelling Units in R, AG, and AG-R districts.
Section 45.040. Compressed natural gas (CNG) refueling appliances.
Section 45.050. Dumpsters.
Section 45.051. Recyclable material bins/donation bins.
Section 45.060. Electric vehicle charging stations.
Section 45.070. Family child care homes.
Section 45.080. Fences and walls.
Section 45.090. Geothermal heat exchange systems.
Section 45.100. Home occupations.
Section 45.110. Alcoholic beverage sales and service.
Section 45.120. Office support service.
Section 45.130. Parking and storage of commercial vehicles.
Section 45.140. Parking and storage of inoperable or unlicensed motor vehicles.
Section 45.150. Parking and storage of recreational vehicles.
Section 45.160. Residential support service.
Section 45.170. Rooming units.
Section 45.180. Satellite dish antennas.
Section 45.185. Short-term rental—Accessory.
Section 45.190. Solar energy systems.
Section 45.200. Small wind energy conversion systems.
Section 45.210. Farmers markets.

### Section 45.010. Generally applicable regulations.

**A. Accessory uses allowed.** Accessory uses and structures are allowed only in connection with lawfully established principal uses.

**B. Allowed uses and structures.** Allowed accessory uses and structures are limited to those expressly regulated in this chapter as well as those that, in the determination of the development administrator, satisfy all of the following criteria:

**1.** They are customarily found in conjunction with the subject principal use or principal structure;

**2.** They are subordinate and clearly incidental to the principal use of the property; and

**3.** They serve a necessary function for or contribute to the comfort, safety or convenience of occupants of the principal use.

**C. Time of construction and establishment.**

**1.** Accessory uses may be established only after the principal use of the property is in place.

**2.** Accessory buildings may be established in conjunction with or after the principal building or use. They may not be established before the principal building or use is in place.

**D. Location.** Accessory uses and structures must be located on the same lot as the principal use to which they are accessory, unless otherwise expressly stated.

**E. Compliance with lot and building regulations.** Unless otherwise expressly stated, accessory uses and structures are subject to the same lot and building regulations as apply to principal uses and buildings. See also the provisions governing allowed yard obstructions (Subsection 90.090C.) and exceptions to height limits (Subsection 90.160B.).

## Section 45.020. Accessory antennas.

**A. AG, AG-R, R and PK districts.**

1. In AG, AG-R, R and PK districts, accessory antennas and their support structures are allowed to be mounted on a principal building or accessory building, provided that:
   - **a.** The overall mounted height of the antenna does not exceed sixty-five (65) feet, measured from the average ground elevation at the base of the building to the highest point of the antenna; and
   - **b.** The aggregate surface area of all mounted antennas may not exceed ten (10) square feet, based on the area of side with the largest surface area.
2. In AG, AG-R, R and PK districts, structures other than principal or accessory buildings that are used to support accessory antennas (including guy lines) must comply with all of the following regulations:
   - **a.** Only one such antenna support structure is allowed on a lot.
   - **b.** The antenna support structure may be located only in the rear yard, not in a street yard or side yard.
   - **c.** The overall height of the antenna may not exceed sixty-five (65) feet, measured from the average ground elevation at the base of the structure to the highest point of the antenna.
   - **d.** The antenna support structure may not encroach upon the land or airspace of any abutting property.
   - **e.** The antenna support structure may not exceed twenty-four (24) inches in width above twenty-five (25) feet in height, exclusive of guy lines.

**B. Other districts.** In all districts other than AG, AG-R, R or PK districts, antenna support structures that are accessory to principal uses must be set back from any R district a distance equal to at least one hundred ten (110) percent of the height of the antenna, measured from the average ground elevation at the base of the structure to the highest point of the antenna. The setback distance must be measured from the nearest point of the antenna supporting structure (excluding any guy lines) to the nearest point on the residential zoning district boundary line, excluding R-zoned freeways.

## Section 45.030. Accessory buildings and carports in R districts.

**A. Accessory Building Size.**

1. **RE and RS-1 Districts.** In RE and RS-1 districts, the total aggregate floor area of all detached accessory buildings not erected as an integral part of the principal residential building may not exceed 750 square feet or 40% of the floor area of the principal residential structure, whichever is greater. [1] [2]

**2. RS-2, RS-3, RS-4, RS-5 and RM Districts.** In RS-2, RS-3, RS-4, RS-5, and RM districts, the total aggregate floor area of all detached accessory buildings not erected as an integral part of the principal residential building may not exceed 500 square feet or 40% of the floor area of the principal residential structure, whichever is greater. [1] [2]

[1] For detached accessory buildings located within rear setbacks, see Section 90.090-C.

[2] See Section 45.031D.6. for exceptions to these floor area limits for accessory buildings containing an accessory dwelling unit.

**B. Carports.** Carports are allowed in R zoning districts. Any carport that occupies all or a portion of the street setback or street yard area must be approved in accordance with the special exception procedures of Section 70.120 and comply with the regulations of Section 90.090C.1.

*(Ord. No. 25429, § 15, 10-30-2024)*

## Section 45.031. ADU, Accessory Dwelling Units in R, AG, and AG-R districts.

**A. Definition.** A dwelling unit that is located in an accessory building on the same lot as a household living use to which it is accessory and subordinate.

Examples of ADUs include carriage houses, garage apartments, and mother-in-law flats.

**B. Purpose.**

**1.** The purpose of allowing accessory dwelling units is to:

**a.** Accommodate new housing units while preserving the character of existing neighborhoods;

**b.** Allow efficient use of the city's existing housing stock and infrastructure;

**c.** Provide housing options and choices that respond to varying income levels, changing household sizes and lifestyle needs; and

**d.** Provide a means for residents—particularly seniors, single parents, and empty-nesters—to remain in their homes and neighborhoods, and obtain extra income, security, companionship and assistance.

**2.** The ADU supplemental regulations are also intended to help ensure that that new buildings and modifications to existing buildings are designed with sensitivity to their context in terms of building placement, proportions, building materials, and similar design features.

**C. Applicability.** These regulations apply to all accessory dwelling units, as defined by Subsection 45.031A.

**D. Regulations.**

**1. Where allowed.** Accessory dwelling units are allowed by special exception in RE, RS, AG, and AG-R districts. Accessory dwelling units are allowed by right in all other districts when accessory to a household living use.

**2. Number.** No more than one accessory dwelling unit is allowed per lot.

3. **Methods of creation.** An accessory dwelling unit may be created only through the following methods:
   a. Constructing an accessory dwelling unit on a lot with a new or existing principal building; or
   b. Converting or increasing existing floor area within an accessory building on a lot with an existing principal building.
4. **Density (minimum lot area and lot area per unit).** No additional lot area or lot area per unit is required for the accessory dwelling unit.
5. **Open space (minimum open space per unit).** No additional open space is required for the accessory dwelling unit.
6. **Accessory dwelling unit size.** The size limitations in Section 45.030 apply, provided that the maximum allowed square footage of an accessory building containing an accessory dwelling unit is increased by 500 square feet. The maximum allowable floor area for accessory buildings containing an accessory dwelling unit may be increased in accordance with the special exception procedures of Section 70.120.
7. **Building and Fire Codes.** All accessory dwelling units are subject to applicable building and fire codes.
8. **Additional regulations for accessory dwelling units.**
   a. **Entrances.** Building entrances to accessory dwelling units may not face the nearest side or rear property line unless there is an alley abutting that property line.
   b. **Setbacks.** An accessory dwelling unit must be located at least 10 feet behind the principal building. This required 10-foot separation distance must be open from the ground to the sky except that it may include walkways, patios, decks and similar structures that do not exceed 30 inches in height above finished grade.
   c. **Exterior finish materials.** The exterior finish material of any new accessory dwelling unit must be the same or visually match in type, size and placement, the exterior finish material of the principal building.
   d. **Roof pitch.** The roof pitch any new accessory dwelling unit must be the same as the predominant roof pitch of the principal building.
   e. **Second story windows.** Any second-story window less than 10 feet from and oriented toward a lot line not abutting a right-of-way shall either use permanently translucent glazing or have a minimum sill height of 6 feet above the finished floor.

*(Ord. No. 25429, § 16, 10-30-2024)*

### Section 45.040. Compressed natural gas (CNG) refueling appliances.

Private (restricted access), consumer-oriented (home), CNG refueling appliances are permitted as an accessory use to lawfully established household living uses in all zoning districts.

**Section 45.050. Dumpsters.**

**A. Regulations.** Dumpsters established or placed on or after the effective date specified in Section 1.030 are subject to the following regulations:

**1.** Dumpsters may only be placed with the written permission of the owner of the subject property.

**2.** Dumpsters must be located on a dustless, all-weather surface.

**3.** Dumpsters may not:

**a.** Obstruct motorized or non-motorized traffic;

**b.** Reduce any sidewalk or walkway designed for the passage of pedestrians to less than five (5) feet in width;

**c.** Be located within ten (10) feet of a fire hydrant or fire suppression connection;

**d.** Be located in a required parking space or required landscape area; or

**e.** Be located in a street setback or side setback.

**4.** The site surrounding the dumpster must be maintained free of litter, debris, and other materials.

**5.** Dumpsters must be screened from view of all street rights-of-way, R-zoned property, and AG-R zoned property by a principal structure or an F1 screening fence or wall in accordance with Subsection 65.070B.2., provided that no trees are required as part of the required screening. Screening of dumpsters located in alley rights-of-way is not required. No signs are allowed on the exterior of a required screening fence or wall.

**6.** Where the use of a dumpster is proposed, the location and intended screening demonstrating compliance with the standards of this section must be included with the submittal of a site plan for a zoning clearance, building or certificate of occupancy permit.

*(Ord. No. 24279, § 2, 12-11-2019)*

**Section 45.051. Recyclable material bins/donation bins.**

**A. Regulations.** Recyclable material bins/donation bins established or placed on or after February 1, 2020 are subject to the following regulations, and recyclable material bins/donation bins established before February 1, 2020 must be removed or brought into compliance with the following regulations no later than July 1, 2020:

**1.** Recyclable material bins/donation bins may only be placed with the written permission of the owner of the subject property.

**2.** Recyclable material bins/donation bins must be located on a dustless, all-weather surface.

**3.** Recyclable material bins/donation bins may not:

**a.** Obstruct motorized or non-motorized traffic;

**b.** Reduce any sidewalk or walkway designed for the passage of pedestrians to less than five (5) feet in width;

**c.** Be located within ten (10) feet of a fire hydrant or fire suppression connection;

**d.** Be located in a required parking space or required landscape area;

**e.** Be located in a street setback or side setback; or

**f.** Exceed seven (7) feet in height, six (6) feet in width, and six (6) feet in depth.

**4.** All goods must be screened from view within the recyclable material bin or donation bin.

**5.** The site surrounding the bin must be maintained free of litter, debris, and other materials.

**6.** Recyclable material bins/donation bins must be maintained in good condition with no structural damage, holes, visible rust, or graffiti.

**7.** The exterior front face of a recyclable material bin or donation bin must clearly display the name, phone number, and website (if any) of the person or entity operating the bin and of any charitable or for-profit entity that benefits from the collected items. The information must be printed in bold letters, each at least one inch tall and one inch wide. See also Oklahoma Statutes, Title 78, Section 56.

*(Ord. No. 24279, § 3, 12-11-2019)*

## Section 45.060. Electric vehicle charging stations.

**A. General.**

**1.** Private (restricted-access) electric-vehicle (EV) charging stations are permitted as accessory uses to lawfully established principal uses in all zoning districts.

**2.** Public EV charging stations are permitted as accessory uses to lawfully established principal nonresidential uses in all zoning districts.

**B. Parking.**

**1.** Electric vehicle charging stations may be counted toward satisfying minimum off-street parking space requirements.

**2.** Public electric vehicle charging stations must be reserved for parking and charging electric vehicles.

**C. Equipment.** Vehicle charging equipment must be designed and located so as to not impede pedestrian, bicycle or wheelchair movement or create safety hazards on sidewalks.

**D. Signage.** Public electric vehicle charging stations must be posted with signage indicating that the space is reserved for electric vehicle charging purposes only. For purposes of this provision, "charging" means that an electric vehicle is parked at an electric vehicle charging station and is connected to the battery charging station equipment.

**Figure 45-1: Electric Vehicle Parking Signs (typical)**

**Section 45.070. Family child care homes.**

**A.** Family child care homes must be an accessory use to an allowed household living use and be licensed by the State of Oklahoma.

**B.** Applicants for family child care homes must obtain a zoning clearance permit and a certificate of occupancy before commencing operation.

**C.** Family child care homes may provide supervision for no more than twelve (12) children.

**D.** Signs advertising a family child care home are prohibited.

**E.** No exterior building alterations or site modifications may be made that would change the residential character of the premises.

*(Ord. No. 25092, § 5, 7-26-2023; Ord. No. 25192, § 10, 12-6-2023)*

**Section 45.080. Fences and walls.**

**A.** Fences and walls within required building setbacks may not exceed eight (8) feet in height, except that in required street setbacks fences and walls may not exceed four (4) feet in height. However, in R zoned districts, fences up to eight (8) feet in height are permitted in side street setbacks of detached houses or duplexes located on corner lots and in street setbacks abutting the rear lot line of houses or duplexes located on double frontage lots. The board of adjustment is authorized to modify these fence and wall regulations in accordance with the special exception procedures of Section 70.120.

**B.** Electrical fence charger systems are prohibited, except for the following:

**1.** Electrical fence charger systems are allowed on parcels of land with an area of ten (10) acres or more, provided the system is not readily accessible to the public; and

**2.** Electrical fence charger systems are allowed on parcels of land with an area of less than ten (10) acres, provided that the conductors are located at least eight (8) feet above grade and are not readily accessible to the public.

**C.** Barbed-wire and razor-wire fencing is permitted as of right in AG, IL, IM, and IH districts, except as limited by Title 24, Section 103 of the Tulsa Revised Ordinances.

Barbed-wire and razor-wire fencing is prohibited in all other districts unless approved in accordance with the special exception procedures of Section 70.120, subject to the limitations of Title 24, Section 103 of the Tulsa Revised Ordinances.

*(Ord. No. 24382, § 4, 6-10-2020)*

**Section 45.090. Geothermal heat exchange systems.**

**A. General.** Geothermal heat exchange systems are permitted as an accessory use in all zoning districts.

**B. Location.**

**1.** Above-ground equipment is subject to compliance with the minimum building setback regulations of the subject zoning district, including the setback obstruction provisions of Subsection 90.090C.

**2.** Underground equipment, piping and devices may not be located in any public easement or right-of-way.

**Section 45.100. Home occupations.**

**A. Description.** Home occupations are jobs or professions conducted wholly or partly from a residential dwelling.

**B. Purpose.** The home occupation regulations of this section are intended to allow Tulsa residents to engage in customary home-based work activities, while also helping to ensure that neighbors are not subjected to adverse operational and land use impacts (e.g., excessive noise or traffic or public safety hazards) that are not typical of residential neighborhoods.

**C. Types of home occupations.** Two (2) types of home occupations are defined and regulated under this section: Type 1 and type 2.

**1. Type 1 home occupations.** Type 1 home occupations are those in which household residents use their home as a place of work, with no employees, customers or clients coming to the site. Typical examples include telecommuting office workers, writers, consultants, artists and crafts people.

**2. Type 2 home occupations.** Type 2 home occupations are those in which household residents use their home as a place of work and either employees or customers come to the site. Typical examples include tutors, teachers, photographers, counselors, hair cutting/styling and real estate agents.

**D. Exemptions.** Nonresidential uses that are expressly allowed in conjunction with residential uses (e.g., bed and breakfast uses and family child care homes) are not subject to home occupation regulations.

**E. Allowed uses.** The home occupation regulations of this section establish performance standards for all home occupations rather than listing specific home occupation uses that are allowed. Uses that comply with the standards of this section are allowed as of right unless otherwise expressly stated.

**F. Prohibited uses.** The following uses are expressly prohibited as home occupations:

**1.** Any type of assembly, cleaning, maintenance, painting or repair of vehicles or equipment with internal combustion engines or of large appliances (such as washing machines, clothes dryers or refrigerators);

**2.** Dispatch centers or other businesses where employees come to the site and are dispatched to other locations;

**3.** Equipment or supply rental businesses;

**4.** Taxi, limo, van or bus services;

**5.** Tow truck services;

**6.** Taxidermists;

**7.** Restaurants;

**8.** Funeral or interment services;

**9.** Animal care, grooming or boarding businesses; and

**10.** Any use involving the use or storage of vehicles, products, parts, machinery or similar materials or equipment outside of a completely enclosed building; and

**11.** Any use that does not comply with regulations of this section.

**G. Where allowed.**

**1. Type 1 home occupations.** Type 1 home occupations are permitted as of right as an accessory use to a principal use in the household living use category. Type 1 home occupations are subject to the general regulations of Subsection 45.100H. and the supplemental regulations of Subsection 45.100I.

**2. Type 2 home occupations.**

**a.** Type 2 home occupations may be approved as an accessory use to a principal use in the household living use category through the special exception procedures of Section 70.120. Type 2 home occupations are subject to the general regulations of Subsection 45.100H. and the supplemental regulations of Subsection 45.100J.

**b.** Type 2 home occupations may be approved as an accessory use to a principal use in the household living use category through mandatory development plan provisions defined in Subsection 70.040B.1. Type 2 home occupations are subject to the general regulations of Subsection 45.100H. and the supplemental regulations of Subsection 45.100J. or as may be further regulated in a mandatory development plan.

**H. General regulations.** All type 1 and type 2 home occupations are subject to the following regulations:

**1.** Home occupations must be accessory and subordinate to the principal residential use of the property.

**2.** Home occupations that change the character of the residential building they occupy or that adversely affect the character of the surrounding neighborhood are prohibited. Home occupations may not, for example, produce light, noise, vibration, odor, parking demand, or traffic impacts that are not typical of a residential neighborhood in Tulsa. Home occupations must be operated so as not to create or cause a nuisance.

**3.** Any tools or equipment used as part of a home occupation must be operated in a manner or sound-proofed so as not to be audible beyond the lot lines of the subject property.

4. External structural alterations or site improvements that change the residential character of the lot upon which a home occupation is located are prohibited. Examples of such prohibited alterations include construction of parking lots, the addition of commercial-like exterior lighting, the addition of a separate building entrance that is visible from abutting streets or the exterior display of an illuminated nameplate sign (See Subsection 60.030C., Nameplates).

5. No display of any material or merchandise is allowed.

6. The use or storage of hazardous substances is prohibited, except at the "consumer commodity" level, as that term is defined in 49 C.F.R. Section 171.8.

7. Home occupations are subject to the commercial truck parking prohibition of Section 45.130.

**I. Supplemental Regulations for Type 1 Home Occupations.**

1. Only residents of the dwelling unit in which the home occupation is located may be engaged in a type 1 home occupation. No nonresident owners, employees or contractors may be present on the subject property.

2. No clients, customers, patients, or students are allowed in conjunction with a type 1 home occupation.

3. Type 1 home occupations and all related activities, including storage (other than the lawful parking of passenger vehicles), must be conducted entirely within the principal residential building or an allowed accessory building.

4. More than one Type 1 home occupation is allowed as an accessory use, but the general regulations of Subsection 45.100H. and the supplemental regulations of Subsection 45.100I. apply to the combined home occupation uses.

**J. Supplemental regulations for type 2 home occupations.**

1. Only uses approved in accordance with the special exception procedures of Section 70.120 or through a mandatory development plan are allowed as type 2 home occupations.

2. At least one individual engaged in the home occupation must reside in the dwelling unit in which the home occupation is located as their primary place of residence.

3. No more than three (3) clients or customers may be present at any one time on the site of a type 2 home occupation. Family members of the client or customer are not counted towards the three-person limit.

4. A maximum of one nonresident employee is allowed with a type 2 home occupation if no customers or clients come to the site at any time. Home occupations that have clients, customers or students coming to the site may not have nonresident employees and vice-versa. For the purpose of this provision, the term "nonresident employee" includes an employee, contractor, business partner, co-owner or any other person affiliated with the home occupation, who does not live at the site, but who visits the site as part of the home occupation.

5. Type 2 home occupations and all related activities, including storage (other than the lawful parking of passenger vehicles), must be conducted entirely within the principal residential building or an allowed accessory building.

### Section 45.110. Alcoholic beverage sales and service.

The development administrator is authorized to allow accessory sales or service of alcoholic beverages if the development administrator determines that all of the following criteria are met:

**A.** The proposal complies with the accessory use criteria of Subsection 45.010B.; and

**B.** The use is located in a zoning district in which bars are permitted as of right or the use is temporary in nature and located on city-owned property.

### Section 45.120. Office support service.

**A.** Retail sales of convenience goods and retail sales of shopping goods (office support services) are allowed as an accessory use to a principal office use in the OH district and in any O district with a PUD overlay.

**B.** Office support services must be located in the same building as the principal office use, and occupy, in aggregate, no more than fifteen (15) percent of the floor area of the subject building.

**C.** Office support services must have internal access from the subject office building. External entrances are also allowed.

### Section 45.130. Parking and storage of commercial vehicles.

**A. Description.** A commercial vehicle, for the purpose of determining compliance with Section 45.130, is any vehicle, including but not limited to a car, van, truck, bus, semi-truck, or tow truck, that includes any of the following characteristics:

**1.** More than two (2) axles;

**2.** A cab height greater than eighty-four (84) inches;

**3.** Any part or attachment to the vehicle capable of exceeding the height of ninety (90) inches;

**4.** A gross vehicle weight rating greater than twelve thousand (12,000) pounds;

**5.** An overall length of more than twenty-five (25) feet;

**6.** A commercial sign or message exceeding four (4) square feet per side; or

**7.** A tow sling or other device designed specifically to tow another vehicle.

**B. Where prohibited.** No commercial vehicle as defined in Subsection 45.130A. may be parked or stored outdoors within a residential zoning district. This provision is not intended to prohibit the following:

**1.** Vehicles accessory to a permitted non-residential use and parked on the lot containing the use;

**2.** Deliveries and pickups by common carrier delivery vehicles or service vehicles being actively used, loaded, or unloaded (e.g., postal service, UPS, FedEx, et al.) of the type typically used in residential neighborhoods;

**3.** Recreational vehicles (See Section 45.150);

**4.** Vehicles registered to a governmental body or utility provider and used for law enforcement, emergency response, or repair of public infrastructure; or

**5.** Vehicles accessory to a construction project or an active building or construction permit.

*(Ord. No. 24725, § 15, 11-17-2021)*

### Section 45.140. Parking and storage of inoperable or unlicensed motor vehicles.

In R or AG-R districts, parking or storage of inoperable or unlicensed motor vehicles is prohibited within street yards.

### Section 45.150. Parking and storage of recreational vehicles.

**A.** Other than for purposes of loading and unloading, which must take place within a forty-eight-hour period, recreational vehicles located in an AG, AG-R, R or MX district may be parked or stored only in the following locations:

**1.** Within a garage;

**2.** Within a rear building setback, provided it is set back at least three (3) feet from all lot lines;

**3.** Within a side yard but not within a required side building setback;

**4.** Within a side building setback if the recreational vehicle is no more than six (6) feet in height, excluding the height of any outboard motor or windshield, and the recreational vehicle is screened along the lot line nearest to the vehicle and extending for the vehicle's the full length by an F1 screening fence or wall in accordance with Subsection 65.070C.; or

**5.** Within the street yard, provided that the development administrator determines that all of the following conditions exist:

**a.** Space is not available or there is no reasonable access to either the side yard or rear yard;

**b.** Parking inside the garage is not possible due to the height or width of the recreational vehicle;

**c.** The recreational vehicle is parked perpendicular to the street lot line;

**d.** The body of the recreational vehicle is at least twelve (12) feet from the face of the curb or travel lanes of the street and does not extend over a sidewalk; and

**e.** No more than one recreational vehicle is parked or stored in the street yard.

**6.** For purposes of these provisions:

**a.** A corner lot is always deemed to have reasonable access to the rear yard;

**b.** A fence does not necessarily prevent reasonable access to a yard; and

**c.** A boat loaded on a boat trailer is considered one recreational vehicle.

**B.** The parking and storage of recreational vehicles in an R or AG-R district is permitted in accordance with Subsection 45.150A., provided that:

**1.** The vehicle is not used for dwelling purposes;

**2.** The vehicle is not permanently connected to sewer lines, water lines, or electricity; and

**3.** The vehicle is not used for storage of goods, materials, or equipment other than those items considered to be a part of the recreational vehicle or essential for its use as a recreational vehicle.

**C.** If the siting regulations of Subsection 45.150A. cannot be met, parking or storage of recreational vehicles in the street yard requires approval in accordance with the special exception procedures of Section 70.120.

### Section 45.160. Residential support service.

**A.** Residential support services include restaurants and retail sales of convenience goods provided primarily to serve the needs of residents of residential buildings.

**B.** Residential support services are allowed in the RM-3 district and all MX districts as an accessory use to any principal group living use and in apartment/condo buildings.

**C.** Residential support services must be located in the same building as the principal residential use, and occupy, in aggregate, floor area of no more than four thousand (4,000) square feet or ten (10) percent of the floor area of the principal residential use, whichever is less.

**D.** Residential support services must have internal access from the principal residential building. External entrances are also allowed.

### Section 45.170. Rooming units.

Rooming units that are accessory to household living uses are allowed, provided that the total number of unrelated persons residing on the property does not exceed the number permitted in the household.

### Section 45.180. Satellite dish antennas.

**A. Where allowed.**

**1.** Satellite dish antennas up to forty (40) inches in diameter are permitted as of right as an accessory use to all lawfully established principal uses in all zoning districts. They are subject to all applicable accessory structure setback regulations.

**2.** Satellite dish antennas over forty (40) inches in diameter, up to one hundred twenty (120) inches in diameter, are permitted as of right as an accessory use to all lawfully established principal uses in mixed-use and nonresidential zoning districts. They are subject to all applicable accessory structure setback regulations.

**B. Location.**

**1.** In RM and MX districts, satellite dish antennas may be located anywhere in the buildable area of the lot (outside of required building setbacks) or on an allowed principal or accessory building on the lot.

**2.** In RS, RD and RT districts, satellite antennas may be located only to the rear of any principal structure. If usable communication signals cannot be obtained from a rear location, the satellite antenna may be located in the side yard. If usable satellite communication signals cannot be received by locating the antenna in the rear or to the side of the principal structure, the antenna may be placed in the street yard outside of the required building setback or on the roof in a location that is visible from the street, provided that the diameter of the satellite dish antenna does not exceed eighteen (18) inches.

**3.** Ground-mounted satellite dish antennae must be visually screened to reduce visual impact from surrounding properties at street level and from public streets.

## Section 45.185. Short-term rental—Accessory.

**A. Description.** The rental of all or a portion of a dwelling unit, which is the primary residence of a household, for temporary lodging for a period of less than thirty (30) consecutive days. An accessory short-term rental is limited to a maximum occupancy of eight (8) persons—including the dwelling's residents—at any one time.

**B. General.** The supplemental use regulations of this section apply to all accessory use short-term rentals.

**1.** An accessory short-term rental must comply with all licensing requirements of the City of Tulsa and an approved license number must be included with any material advertising the short-term rental.

**2.** A register of short-term rental guests must be maintained and made available to city code enforcement upon request.

**3.** On-site events are not permitted in conjunction with an accessory short-term rental. Examples of on-site events include but are not limited to weddings, receptions, anniversaries, private parties, banquets, and business seminars.

**4.** External structural alterations or site improvements that change the residential character of the lot upon which an accessory short-term rental is located are prohibited. Examples of such prohibited alterations include the construction of a parking lot, the addition of commercial-like exterior lighting, and signage.

**5.** No recreational vehicle, bus, or trailer shall be parked on a residential street in conjunction with a short-term rental use. A recreational vehicle, bus or trailer may be parked on the property if not visible from the street.

*(Ord. No. 24328, § 7, 3-11-2020)*

## Section 45.190. Solar energy systems.

**A. General.**

**1.** Solar energy systems are permitted as of right as an accessory use to all lawfully established principal uses in all zoning districts.

**2.** Accessory solar energy systems must comply with all applicable building and electrical code requirements.

**B. Building-mounted solar energy systems**

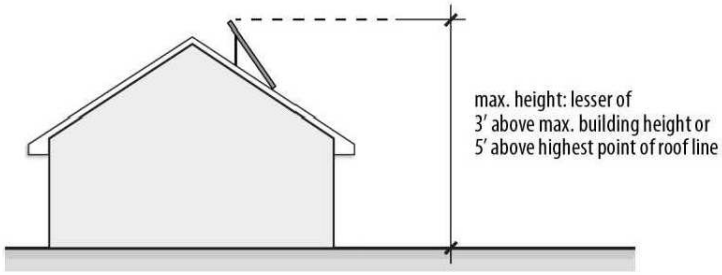
**1.** Building-mounted solar energy systems may be mounted on principal and accessory structures.

**2.** Building-mounted solar energy systems may not encroach into required street setbacks. Systems mounted on principal structures may encroach into interior side and rear building setbacks in accordance with Subsection 90.090C.

**3.** Only building-integrated or flush-mounted solar energy systems may be installed on street-facing building elevations.

**4.** Solar energy systems may not extend more than three (3) feet above the applicable maximum building height limit for the subject building type or more than five (5) feet above the highest point of the roof line, whichever is less.

**Figure 45-3: Roof-Mounted Solar Energy Systems**



**C. Ground-mounted solar energy systems.**

**1.** In residential zoning districts, ground-mounted solar energy systems may not be located in a required street setback or street yard area.

**2.** Ground-mounted solar energy systems may be located within required interior side and rear setbacks.

**3.** Ground-mounted solar energy systems are subject to applicable accessory structure height and lot coverage regulations.

*(Ord. No. 25192, § 10, 12-6-2023)*

## Section 45.200. Small wind energy conversion systems.

**A. General.**

**1.** The regulations of this section apply to all small wind energy conversion systems.

**2.** Small wind energy conversion systems are also subject to building code requirements.

**B. Where allowed.**

**1.** One small wind energy conversion system is permitted per lot as an accessory use to a lawfully established principal use in all zoning districts, provided that such systems comply with all applicable requirements of this section.

**2.** Up to three (3) small wind energy conversion systems may be allowed on a single lot if the lot is at least one acre in area and the systems are approved in accordance with the special exception procedures of Section 70.120.

**C. Height.**

**1.** The maximum allowed height of a small wind energy conversion system, measured as the distance from ground level at the base of the structure to the highest point of the structure, varies based on the size of the lot on which it is located, as indicated in Table 45-1.

**Table 45-1: Maximum Height of Small Wind Energy Conversion System**

| Lot Area (acres) | Maximum Height (feet) |
|---|---|
| 0—0.99 | 30 |
| 1—1.99 | 65 |

| Lot Area (acres) | Maximum Height (feet) |
|---|---|
| 2—4.99 | 85 |
| 5 or more | 100 |

**2.** The lowest point of any moving elements, such as blades or vanes, must be at least twenty-five (25) feet above grade immediately beneath the moving element.

**D. Siting.** Small wind energy conversion systems may not be located in required building setbacks or within easements. In addition, systems must be set back from all property lines by a distance at least equal to one hundred ten (110) percent of the overall height of the system, measured from grade at the base of the structure to the highest point of the system structure, which includes the tip of the top blade when the blade is in its highest position.

**E. Design and operation.**

**1.** All small wind energy conversion systems must be equipped with manual and automatic over-speed controls to limit the blade rotation speed to within the design limits of the system.

**2.** The rotating turbine may not produce vibrations that are perceptible to humans standing at ground level outside the property lines of the subject lot.

**3.** Operational noise of a small wind energy system may not exceed sixty (60) db(A) at the nearest property line except during short-term high wind speed events such as storms.

**4.** Lattice-type towers and towers using guy wires are prohibited.

**5.** All power transmission and telemetry lines from a ground-mounted small wind energy conversion system to any building or other structure must be placed underground.

**6.** Towers, rotors and turbines may not be illuminated unless required by a state or federal agency, such as the FAA.

**7.** All structures and equipment must maintain factory colors or be finished in a non-reflective, matte finished, neutral color.

**8.** No commercial messages may be placed or painted on the tower, rotor, turbine, generator or tail vane that is legible from off-site. This provision is not intended to prohibit warning signs or manufacturer's logos.

**9.** All climbing pegs, ladders and similar apparatus on ground-mounted small wind energy conversion systems must be located at least twelve (12) feet above the ground at the base of the structure.

**F. Permits.** The following information must be submitted with a zoning clearance permit application for a small wind energy conversion system:

**1.** A description of the system, including its maximum power-rated output capacity.

**2.** The make, model, an illustrative photograph or brochure, manufacturer's specifications including noise data (decibels) for the proposed wind energy conversion system, the support structure, and method of attachment to the ground and/or structure.

**3.** Elevation drawing of the wind energy conversion system showing total height, turbine dimensions, tower and turbine colors, distance between ground and lowest point of any blade, and if proposed, the location of climbing apparatus.

**4.** If the wind energy conversion system is not certified as meeting the IEEE 1547 standards (Institute of Electrical and Electronic Engineers), then an assessment must be provided from an electrical engineer indicating that protection equivalent to the IEEE standard will be provided.

**G. Abandonment.** Any small wind energy conversion system that is not operated for a continuous period of twelve (12) months or more or that is in an obvious state of disrepair or a threat to public safety will be considered abandoned and must be dismantled and removed from the property at the expense of the property owner.

**Section 45.210. Farmers markets.**

**A.** Accessory use farmers markets are subject to compliance with all supplemental regulations for farmers markets in Section 40.135.

**B.** Farmers markets may operate as an accessory use in all districts where they are allowed by right.

**C.** In districts where farmers markets are not allowed by right, farmers markets may operate as an accessory use to the following principal uses for up to two days per calendar week, regardless of the zoning district:

**1.** Religious assembly,

**2.** College or university,

**3.** Governmental service or similar functions,

**4.** Library or cultural exhibit,

**5.** School,

**6.** Fraternal organization,

**7.** Parks and recreation, and

**8.** Apartment/Condo.

*(Ord. No. 25604, § 10, 6-18-2025)*

**[THIS PAGE INTENTIONALLY LEFT BLANK]**

## CHAPTER 50. TEMPORARY USES

Section 50.010. Description and purpose.
Section 50.020. Authority to approve.
Section 50.030. Authorized uses.
Section 50.040. General procedure.
Section 50.050. Exemptions.

### Section 50.010. Description and purpose.

**A.** A temporary use is the use of private property that does not require a building permit and that may or may not comply with the use and lot and building regulations of the zoning district in which the temporary use is located.

**B.** The temporary use regulations of this chapter are intended to permit such occasional, temporary uses and activities when consistent with the purposes and regulations of this zoning code.

### Section 50.020. Authority to approve.

**A.** Except as expressly stated in Section 50.050, all temporary uses require city approval.

**B.** The development administrator is authorized to establish administrative procedures governing the processing, review and approval of temporary uses.

**C.** The development administrator is authorized to approve a zoning clearance permit for temporary uses that comply with the provisions of this chapter and to impose conditions on the operation of temporary uses to help ensure that they do not create significant adverse impacts on surrounding uses and that they operate safely and without causing nuisances, consistent with the general purposes of this zoning code.

**D.** Temporary uses that do not comply with all applicable regulations and all conditions of approval may be approved as special exceptions in accordance with Section 70.120. The development administrator is authorized to refer any temporary use to the board of adjustment for consideration in accordance with special exception procedures of Section 70.120.

**E.** Special events require city council review and approval.

### Section 50.030. Authorized uses.

The development administrator is authorized to approve a zoning clearance permit for temporary uses upon determining that the proposed use is a customary temporary use in the subject location and will generally be compatible with surrounding uses and not be a detriment to public safety. The following is a non-exhaustive list of the types of temporary uses and activities for which a zoning clearance permit may be approved by the development administrator:

**A.** Parking lot and seasonal sales for a maximum of one hundred eighty (180) days per lot per year;

**B.** Tents accessory to an allowed principal or temporary use;

**C.** Outdoor carnivals, concerts, festivals, revivals and public gatherings for a maximum of thirty (30) days per lot per year and no more than ten (10) consecutive days per occurrence;

**D.** Construction staging areas, construction offices and storage of materials related to ongoing construction for the period in which construction is ongoing and all required permits remain valid;

**E.** Temporary residential sales and leasing offices and model homes, when located on the same lot or in the same subdivision as the residential units actively being offered for lease or sales; and

**F.** Temporary mobile storage units, subject to the following supplemental regulations:

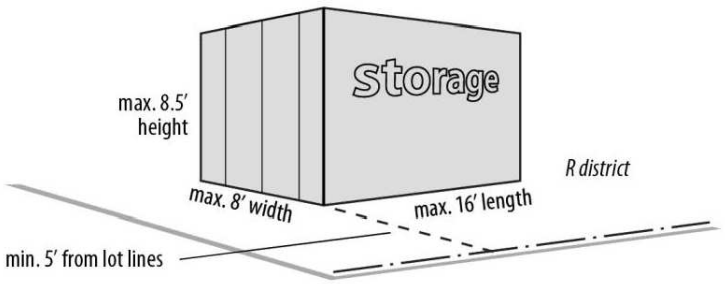
**1.** Temporary mobile storage units are allowed in R zoning districts, subject to compliance with all of the following regulations:

**a.** Temporary mobile storage units are permitted for a period not to exceed a total of ninety (90) days within any calendar year unless a valid building or construction permit is in place for the subject property, in which case the temporary mobile storage unit may remain in place for a maximum of one hundred twenty (120) days or until the permit expires, whichever occurs first. If a dwelling unit on the subject lot has been damaged by natural disaster act of God, the development administrator is authorized to grant time extensions of otherwise applicable temporary mobile storage unit time limits.

**b.** No more than one temporary mobile storage unit may be located on any lot.

**c.** Temporary mobile storage units may not exceed sixteen (16) feet in length, eight (8) feet in width, and eight and one-half (8.5) feet in height. See Figure 50-1.

**Figure 50-1: Maximum Mobile Storage Unit Size in Residential Districts**



**d.** Temporary mobile storage units must be set back at least five (5) feet from all property lines.

**e.** Temporary mobile storage units must be placed on an improved all-weather surface, generally asphalt, brick pavers, or concrete. Units are prohibited within landscape areas, open spaces, stormwater basins, or any other location that may cause hazardous conditions, constitute a threat to public safety, or create a condition detrimental to surrounding land uses and development.

**f.** No materials may be stacked or stored on the exterior of the mobile storage unit and no running gear or transport trailer may be stored on site outside of a completely enclosed building.

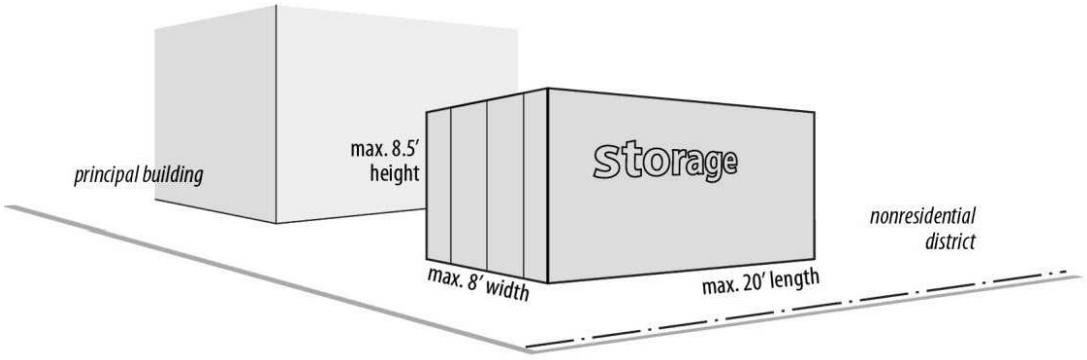
**2.** Temporary mobile storage units are allowed in nonresidential zoning districts, subject to compliance with all the following regulations:

**a.** Temporary mobile storage units are permitted for a period not to exceed a total of ninety (90) days within any calendar year unless a valid building or construction permit is in place for the subject property, in which case the temporary mobile storage unit may remain in place for a maximum of one hundred eighty (180) days or until the permit expires, whichever occurs first. If the principal building on the subject lot has been damaged by natural disaster act of God, the development administrator is authorized to grant time extensions of otherwise applicable temporary mobile storage unit time limits.

**b.** No more than three (3) temporary mobile storage units may be located on any lot.

**c.** Temporary mobile storage units may not exceed twenty (20) feet in length, eight (8) feet in width, and eight and one-half (8.5) feet in height. See Figure 50-2.

**Figure 50-2: Maximum Mobile Storage Unit Size in Nonresidential Districts**



**d.** Temporary mobile storage units must comply with all building setback requirements of the subject zoning district.

**e.** Temporary mobile storage units may not be placed or located on a required parking space, circulation aisle/lane, or fire access lane.

**f.** Vertical stacking of storage units and stacking of any other materials or merchandise on top of any mobile storage unit is prohibited. No running gear or transport trailer may be left underneath any mobile storage unit.

**g.** Temporary mobile storage units are prohibited within landscape areas, required open spaces, stormwater basins, or any other location that may cause hazardous conditions, constitute a threat to public safety, or create a condition detrimental to surrounding land uses and development.

## Section 50.040. General procedure.

Upon receipt of a complete application for a zoning clearance permit for a temporary use, the development administrator must review the proposed use for its likely effects and

surrounding properties and its compliance with the general provisions of this chapter. The development administrator may impose such conditions of approval on the zoning clearance permit as the development administrator determines necessary to mitigate potential adverse impacts. Such conditions may include the following:

**A.** Requirements for vehicle access and parking;

**B.** Restrictions on hours of operation;

**C.** Limitations on signs and outdoor lighting;

**D.** Requirements for financial guarantees covering the costs of cleanup and/or removal of structures or equipment; and

**E.** Other conditions necessary to carry out the stated purposes of this zoning code and this chapter.

### Section 50.050. Exemptions.

The following temporary uses are permitted as of right, without obtaining a zoning clearance permit from the development administrator:

**A.** Garage sales conducted in R districts or on lots occupied by residential dwelling units no more than two (2) times in any calendar year and for no more than four (4) consecutive days per occurrence. These limits apply on a per-lot basis, regardless of the person conducting the garage sale. No person conducting a garage sale may sell merchandise at the garage sale acquired solely for resale purposes. Garage sales are sometimes referred to as "yard sales," "estate sale," "moving sales," "occasional sales" and other similar names. All such sales, by whatever name, are classified and regulated as "garage sales." Authorization to conduct more than two (2) garage sales in any calendar year requires review and approval in accordance with the special exception procedures of Section 70.120.

**B.** **1.** Temporary dumpsters are allowed on lots with ongoing construction, subject to compliance with all the following regulations:

**a.** Temporary dumpsters related to ongoing construction are permitted for a period in which construction is ongoing and all required permits remain valid.

**b.** Temporary dumpsters may not exceed twenty-two (22) feet in length, eight (8) feet in width, and eight and one-half (8.5) feet in height.

**c.** Temporary dumpsters must be wholly contained within the lot and cannot be located within the right-of-way unless a right-of-way occupancy permit has been issued by the city.

**d.** Temporary dumpsters are prohibited within storm water basins, or any other location that may cause hazardous conditions, constitute a threat to public safety, or create a condition detrimental to surrounding land uses and development.

**e.** In single-family residential zoning districts and development areas, no more than one temporary dumpster may be located on any lot.

**2.** Temporary dumpsters are allowed on lots for a period of sixty (60) days following a natural disaster (act of God) occurring in the immediate area of the lot, to be used

for the disposal of debris resulting from the natural disaster (act of God). The development administrator is authorized to grant extensions of the sixty-day time limit.

**[THIS PAGE INTENTIONALLY LEFT BLANK]**

## CHAPTER 55. PARKING

Section 55.010. General.
Section 55.020. Minimum parking ratios.
Section 55.030. Maximum parking ratio for large retail uses.
Section 55.040. Calculation of required parking.
Section 55.050. Parking exemptions and credits.
Section 55.060. Bicycle parking.
Section 55.070. Use of off-street parking areas.
Section 55.080. Location of off-street parking.
Section 55.090. Parking area design.
Section 55.100. Stacking spaces for drive-through facilities.
Section 55.110. Accessible parking for people with disabilities.
Section 55.120. Loading.
Section 55.130. Pedestrian circulation.

### Section 55.010. General.

**A. Purpose.**

**1.** The regulations of this chapter establish off-street motor vehicle and bicycle parking requirements that attempt to balance the city's goal of encouraging transit and non-motorized modes of transportation with the goal of providing off-street parking facilities to meet the typical day-to-day needs of shoppers, employees, visitors and residents. The regulations are also intended to help avoid the negative impacts that can result from requiring excessive supplies of off-street parking (e.g., impervious surfaces, stormwater runoff, heat island affect, visual environment, parking encroachment into stable neighborhoods).

**2.** The provisions of this chapter are also intended to help protect the public health, safety and general welfare by:

**a.** Promoting economically viable and beneficial use of land; and

**b.** Providing flexible methods of responding to the transportation and access demands of various land uses in different areas of the city.

**B. Applicability.**

**1. General.** Off-street parking must be provided and maintained in accordance with the provisions of this chapter. Unless otherwise expressly stated, the regulations apply to all zoning districts and uses.

**2. New Uses and Development.** The parking regulations of this chapter apply to all new buildings constructed and all new uses established in all zoning districts.

**3. Change of use.** If a new residential use of a building or structure requires more off-street parking than the nonresidential use that most recently occupied the building or structure, no additional off-street parking is required. If a new nonresidential use of a building or structure requires more off-street parking than the use that most recently occupied the building or structure, additional off-street parking is required in an amount equal to the difference between the parking required for the new use and the parking that would have been required for the

previous use if current parking requirements had been applicable, provided that the total number of required spaces for the change of use need not exceed the number that would be required for establishment of a new use.

**4. Enlargements and expansions.**

**a.** The parking regulations of this chapter apply whenever an existing building or use is enlarged or expanded to include additional dwelling units, floor area, seating capacity or other units of measurement used for establishing off-street parking requirements.

**b.** In the case of enlargements or expansions that trigger requirements for additional parking, additional spaces are required only to serve the enlarged or expanded area, not the entire building or use. There is no requirement to address parking space deficits associated with existing, lawfully established buildings or uses.

*(Ord. No. 25429, § 17, 10-30-2024)*

## Section 55.020. Minimum parking ratios.

Off-street motor vehicle parking spaces must be provided in accordance with the minimum ratios established in Table 55-1. See Section 55.050 for an explanation of exemptions and allowed reductions of minimum motor vehicle parking requirements. See Section 55.060 for additional information about bicycle parking requirements.

## Section 55.030. Maximum parking ratio for large retail uses.

Retail uses requiring more than two hundred twenty-five (225) parking spaces may not provide more than four (4) outdoor parking spaces per one thousand (1,000) square feet of floor area, except as approved through the alternative compliance landscaping provisions of Subsection 65.100-D.2. The alternative compliance landscaping plan must include a description of any low-impact development practices and landscaping that will help mitigate the additional paved area.

## Section 55.040. Calculation of required parking.

In determining the number of parking spaces required, the following calculation rules apply:

**A. Multiple uses.** Lots containing more than one use or tenant must provide parking in an amount equal to the total aggregate number of spaces required for each use or tenant on the lot except when a shared parking arrangement is approved in accordance with Subsection 55.050J.

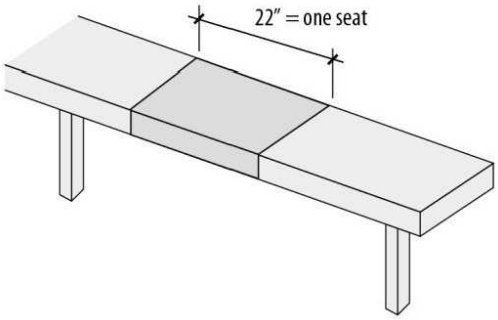
**B. Calculations.** In calculating the number of parking spaces required for uses subject to a minimum parking ratio of "x" spaces per 1,000 square feet, first divide the floor area of the subject use by 1,000 and then multiply the result by "x." If, for example, a minimum parking ratio of 3.33 spaces per 1,000 square feet is applied to a use occupying 500 square feet of floor area, the minimum parking requirement for that use would be calculated as follows: (500 sq. ft. ÷ 1,000) × 3.33 = 0.5 × 3.33 = 1.665, which is rounded up to 2 spaces (see Section 90.010).

**C. Floor area exemptions.** When minimum off-street parking ratios exempt the first increment of floor area, such exemption is credited to each individual use in a multi-tenant development.

**D. Occupancy- or capacity-based standards.** For the purpose of computing parking requirements based on employees, students, members, residents or occupants, calculations must be based on the average number of persons working on any single shift, the average enrollment or membership or the building code-rated capacity, whichever is applicable.

**E. Bench seating.** For the purpose of calculating parking requirements based on seating, each twenty-two (22) linear inches of bench or pew length is equivalent to one seat.

**Figure 55-1: Bench Seating**



**[THIS PAGE INTENTIONALLY LEFT BLANK]**

**F. Outdoor customer seating/dining areas.** Any outdoor customer seating/dining area exceeding ten (10) percent of a bar, restaurant or other use's indoor floor area must be counted as floor area for purposes of determining off-street parking requirements.

**G. Unlisted uses.** Upon receiving a development application for a use not specifically listed in an off-street parking schedule, the development administrator is authorized to apply the off-street parking ratio specified for the listed use that is deemed most similar to the proposed use or establish a minimum off-street parking requirement for the proposed use in accordance with Subsection 55.040H.

**H. Establishment of other parking ratios.** The development administrator is authorized to establish required minimum parking ratios for unlisted uses and in those instances where authority to establish a requirement is expressly granted. Such ratios must be established on the basis of (1) a similar use/parking determination (as described in Subsection 55.040G.), (2) on parking data provided by the applicant, or (3) other information available to the development administrator. Parking data and studies must include estimates of parking demand based on reliable data collected from comparable local uses or on external data from credible research organizations, such as the Urban Land Institute (ULI) and the Institute of Transportation Engineers (ITE). Comparability will be determined by density, scale, bulk, area, type of activity and location. Parking studies must document the source of all data used to develop recommended requirements.

## Section 55.050. Parking exemptions and credits.

**A. Central Business district.** Uses within the CBD zoning district are exempt from compliance with all regulations of this chapter, except for the parking area design requirements of Subsection 55.090B. through Subsection 55.090G., which do apply in the CBD district.

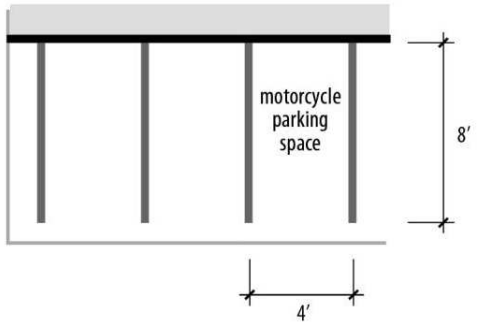
**B. HP-zoned property.** Buildings within HP (Historic Preservation) overlay districts are exempt from the minimum off-street parking ratios of Table 55-1.

**C. National Register of Historic Places.** Buildings listed in the National Register of Historic Places and contributing buildings within National Register districts are exempt from the minimum off-street parking ratios of Table 55-1.

**D. Accessory buildings.** Accessory buildings are exempt from the minimum off-street parking ratios of Table 55-1.

**E. Motorcycle and scooter parking.** In parking lots containing more than ten (10) parking spaces, the provision of motorcycle or scooter parking spaces may be credited toward satisfying the minimum off-street parking ratios of Table 55-1 at the rate of one motor vehicle parking space for each two (2) motorcycle or scooter parking spaces. The maximum credit allowed under this provision is two (2) spaces or ten (10) percent of the total minimum motor vehicle parking requirement for the subject property, whichever is greater. To receive credit, each motorcycle and scooter space must have a concrete surface and minimum dimensions of four (4) feet by eight (8) feet. This provision applies to existing and proposed parking lots.

**Figure 55-2: Motorcycle Parking Space Dimensions**



**F. Car-share and bike-share service.** The following parking credits apply to nonresidential uses that are required to provide ten (10) or more motor vehicle parking spaces and to residential or mixed-use projects that are required to provide twenty-five (25) or more motor vehicle parking spaces.

**1.** The number of required motor vehicle parking spaces is reduced by four (4) spaces for each parking space that is leased by a city-approved car-share program for use by a car-share vehicle.

**2.** The number of required motor vehicle parking spaces is reduced by two (2) spaces for uses that provide space for a city-approved bike-share program facility with a minimum of ten (10) bicycle parking docks.

**G. Long-term bicycle parking.** Each ten (10) long-term bicycle parking spaces provided in accordance with Section 55.060 is credited as one motor vehicle space.

**H. Public parking.** Nonresidential uses may receive credit for parking spaces within a nearby public parking lot or public parking garage, as follows:

**1.** The nearest pedestrian entrance to the public parking lot or garage must be located within one thousand five hundred (1,500) feet of the lot on which the subject use is located;

**2.** The parking facility must be open to the general public from at least 6:00 a.m. to 10 p.m.;

**3.** Minimum parking requirements may be reduced by one parking space for every four (4) parking spaces within the public parking lot or garage, not to exceed a total reduction of more than twenty-five (25) spaces.

**I. On-street parking.** Nonresidential uses may count on-street parking spaces on public street rights-of-way abutting the subject property towards satisfying off-street motor vehicle parking requirements. One on-street parking space credit may be taken for each twenty (20) linear feet of abutting right-of-way where on-street parking is allowed. Only space on the same side of the street as the subject use may be counted, except that the opposite side of the street may be counted if the property on that side of the street does not have the potential for future development. In calculating credit for on-street parking, all fractional spaces are rounded down.

**J. Shared parking.**

1. **General.** Shared parking refers to the practice of two (2) or more users who have need for parking at different times voluntarily agreeing to make use of the same motor vehicle parking spaces. Shared parking is encouraged as a means of conserving scarce land resources, reducing stormwater runoff, reducing the heat island effect caused by large paved areas and improving community appearance.
2. **Approval.** The development administrator is authorized to approve shared parking arrangements among property owners who propose shared parking.
3. **Eligibility.** Shared parking may be approved for nonresidential uses that have different periods of parking demand. Required residential parking and accessible parking spaces (for people with disabilities) may not be shared, provided that this provision is not intended to prohibit shared driveways serving such uses.
4. **Calculation.** The number of parking spaces required under a shared parking arrangement must be determined in accordance with the following:
   - **a.** Multiply the minimum parking required for each individual use, as set forth in Table 55-1 by the percentage identified in Table 55-2 for each of the six (6) designated time periods.
   - **b.** Add the resulting sums for each of the six (6) columns in Table 55-2.
   - **c.** Select the time period with the highest total parking requirement and use that total as the shared parking requirement.

**Table 55-2: Shared Parking Calculations**

| | Time | | | | | |
|---|---|---|---|---|---|---|
| | Weekday | | | Weekend | | |
| Land Use | Midnight - 7:00 a.m. | 7:00 a.m. - 6:00 p.m. | 6 p.m. - Midnight | Midnight - 7:00 a.m. | 7:00 a.m. - 6:00 p.m. | 6 p.m. - Midnight |
| Office and Industrial | 5% | 100% | 10% | 0% | 60% | 5% |
| Lodging | 100% | 60% | 90% | 100% | 65% | 80% |
| Restaurants and Bars | 50% | 70% | 100% | 45% | 70% | 100% |
| Religious Assembly | 0% | 10% | 30% | 0% | 100% | 30% |
| Assembly & Entertain. | 10% | 50% | 100% | 5% | 80% | 100% |
| Retail Sales & Comm. Service | 5% | 70% | 90% | 0% | 100% | 60% |

5. **Other uses.** If one or more of the land uses proposing to make use of a shared parking arrangement do not conform to the land use classifications in Table 55-2, as determined by development administrator, then the applicant must submit sufficient data to indicate the principal operating hours of the uses. Based upon this information, the development administrator is authorized to determine the appropriate shared parking requirement, if any, for such uses.
6. **Location.** Shared parking may be located on-site or off-site. Off-site parking is subject to the regulations of Subsection 55.080D.
7. **Agreement.** Before final approval of a shared parking arrangement, a shared parking agreement must be provided guaranteeing the long-term availability of the shared parking, commensurate with the uses served. The agreement must be filed of record in the county clerk's office of the county in which the property is located. Shared parking privileges will continue in effect only as long as the

agreement, binding on all parties, remains in force. If a shared parking agreement lapses or is no longer valid, then parking must be provided as otherwise required by this chapter.

**K. Alternative Compliance.** The motor vehicle parking ratios of this chapter are not intended to prevent development and redevelopment or to make development and redevelopment economically impractical. In order to allow for flexibility in addressing the actual expected parking demand of specific uses, alternative compliance parking ratios may be approved through the special exception procedures of Section 70.120 only if:

**1.** The board of adjustment determines that the other allowed parking reduction alternatives of Section 55.050 are infeasible or do not apply; and

**2.** The board of adjustment determines that the reduced parking ratios proposed are not likely to cause material adverse impacts on traffic circulation and safety or on the general welfare of property owners and residents in the surrounding area.

**L. Conflicts with interior parking lot landscape regulations.** If compliance with the minimum interior parking lot landscaping regulation of Subsection 65.050D.1. would result in the loss of required parking spaces, the amount of parking required is automatically reduced by the amount needed to accommodate the required interior parking lot landscape area.

*(Ord. No. 24725, § 18, 11-17-21)*

## Section 55.060. Bicycle parking.

**A. Purposes.**

**1. Short-term bicycle parking.** Short-term bicycle parking is generally intended to serve the needs of cyclists who park their bicycles for short time periods, including customers, clients, students and other short-term visitors.

**2. Long-term bicycle parking.** Long-term bicycle parking is generally intended to serve the needs of cyclists who park their bicycles for long time periods, primarily employees and residents.

**B. Spaces required.**

**1. Short-term bicycle parking.** Short-term bicycle parking spaces must be provided in accordance with the minimum ratios established in Table 55-3: Minimum Required Bicycle Parking Ratios.

**Table 55-3: Minimum Required Bicycle Parking Ratios**

| **USE CATEGORY**<br>**Subcategory**<br>**Specific use** | **Bicycle Spaces (% of Required Motor Vehicle Parking Spaces)** |
|---|---|
| **RESIDENTIAL** | |
| Household Living | |
| Apartment/condo | 10% or 2 spaces, whichever is greater |
| **PUBLIC, CIVIC AND INSTITUTIONAL** | |
| College or University | 10% or 2 spaces, whichever is greater |
| Library or Cultural Exhibit | 10% or 2 spaces, whichever is greater |

| USE CATEGORY<br>Subcategory<br>Specific use | Bicycle Spaces (% of Required Motor Vehicle Parking Spaces) |
|---|---|
| Parks and Recreation | 5% or 2 spaces, whichever is greater |
| School | |
| Elementary or Middle School | 10% or 2 spaces, whichever is greater |
| Senior High | 5% or 2 spaces, whichever is greater |
| **COMMERCIAL** | |
| Assembly and Entertainment | 5% or 2 spaces, whichever is greater |
| Commercial Service | |
| Personal improvement service | 5% or 2 spaces, whichever is greater |
| Financial Services | 5% or 2 spaces, whichever is greater |
| Restaurants and Bars | |
| Restaurant | 5% or 2 spaces, whichever is greater |
| Bar | 5% or 2 spaces, whichever is greater |
| Retail Sales | |
| Consumer shopping goods | 5% or 2 spaces, whichever is greater |
| Convenience goods | 5% or 2 spaces, whichever is greater |
| Studio, Artist or Instructional Service | 5% or 2 spaces, whichever is greater |

**C. Long-term bicycle parking.** Long-term bicycle parking and storage is not required, but as a means of encouraging the provision of long-term bicycle parking spaces for employees and bicycle commuters, motor vehicle parking credit is offered in accordance with Subsection 55.050G.

**D. Location and design.**

**1. Short-term bicycle parking spaces.**

**a. Location.** Short-term bicycle parking spaces must be located in highly visible areas that do not interfere with pedestrian movements. At least fifty (50) percent of required short-term bicycle parking spaces must be located within one hundred (100) feet of a customer entrance, with the remainder located no more than three hundred (300) feet from any entrance. Short-term bicycle parking must be located on the subject lot, unless a license agreement has been approved by the city to allow private bicycle parking facilities to be located in the right-of-way. Public bicycle parking spaces may be credited toward meeting short-term bicycle parking requirements if such bicycle parking spaces comply with the location requirements of this paragraph.

**b. Design.** Required short-term bicycle parking spaces must:

(1) Consist of bike racks or lockers that are anchored so that they cannot be easily removed;

(2) Be of solid construction, resistant to rust, corrosion, hammers, and saws;

(3) Allow both the bicycle frame and the wheels to be locked with the bicycle in an upright position using a standard U-lock;

(4) Be designed so as not to cause damage to the bicycle;

(5) Facilitate easy locking without interference from or to adjacent bicycles; and

(6) Have minimum dimensions of two (2) feet in width by six (6) feet in length, with a minimum overhead vertical clearance of seven (7) feet.

**2. Long-term bicycle parking and storage spaces.**

**a. Location.** Long-term bicycle parking spaces provided to receive parking credit in accordance with Subsection 55.050G. must be provided in the building or in a weather-protected area. Long-term bicycle parking spaces must be protected from access by unauthorized persons.

**b. Design.** Long-term bicycle parking spaces provided to receive parking credit in accordance with Subsection 55.050G. must:

(1) Consist of bike racks or lockers anchored so that they cannot be easily removed;

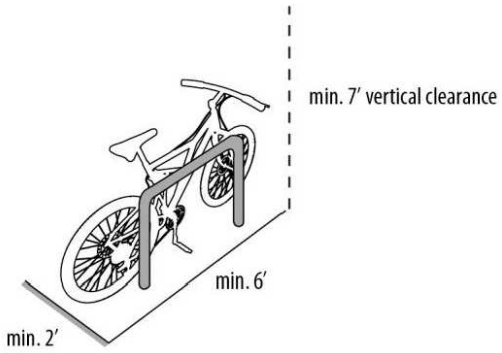
(2) Allow both the bicycle frame and the wheels to be locked with the bicycle in an upright position using a standard U-lock;

(3) Be designed so as not to cause damage to the bicycle;

(4) Facilitate easy locking without interference from or to adjacent bicycles; and

(5) Have minimum dimensions of two (2) feet in width by six (6) feet in length, with a minimum overhead vertical clearance of seven (7) feet. Bicycle lockers are exempt from overhead clearance requirements.

**Figure 55-3: Bicycle Parking Space Dimensions**



## E. Special exceptions.

**1.** The board of adjustment is authorized to approve a special exception reducing the number of short-term bicycle spaces required under this section, in accordance with the special exception procedures of Section 70.120.

**2.** The board of adjustment is also authorized to approve special exception to modify the bicycle parking design and location requirements of this section in accordance with the special exception procedures of Section 70.120.

**Section 55.070. Use of off-street parking areas.**

**A.** Required off-street parking spaces are intended to serve residents, tenants, patrons, employees, or guests of the principal use. Required off-street parking areas may be used solely for the temporary parking of licensed motor vehicles in operating condition.

**B.** Required off-street parking spaces may not be used for the storage, display or sale of goods equipment or materials. No motor vehicle repair work of any kind is permitted in a required parking space.

**C.** Required spaces may be used for electric vehicle charging.

**Section 55.080. Location of off-street parking.**

**A. General.** Except as otherwise expressly stated in this chapter, required off-street parking areas must be located on the same lot as the building or use they are required to serve.

**B. Street yard parking in RM districts.** Within RM districts no more than fifty (50) percent of a street yard may be used for motor vehicle parking.

**C. Parking setbacks.**

**1.** Unenclosed off-street parking areas must be set back from abutting streets as indicated in Table 55-4:

**Table 55-4: Parking Space Setback Requirements**

| | Minimum Street Setback (feet) | |
|---|---|---|
| | 1 to 5 Parking Spaces | 6 or More Parking Spaces |
| **Residential Zoning Districts** | | |
| Accessory to a household living use | 3 | 15 |
| Accessory to another use | 15 | 25 |
| **Other Zoning Districts** | | |
| Within 50 feet of a residential district | 15 | 25 |

**2.** All unenclosed, non-accessory off street parking areas must be screened from abutting R- or AG-R-zoned lots by an F1 screening fence or wall, in accordance with Subsection 65.070C.

**3.** All unenclosed, accessory off street parking areas containing six (6) or more spaces must be screened from abutting RE-, RS-, or AG-R-zoned lots by an F1 screening fence or wall, in accordance with Subsection 65.070C., provided that accessory parking areas located more than fifty (50) feet from abutting RE-, RS-, or AG-R-zoned lots are not required to provide such screening.

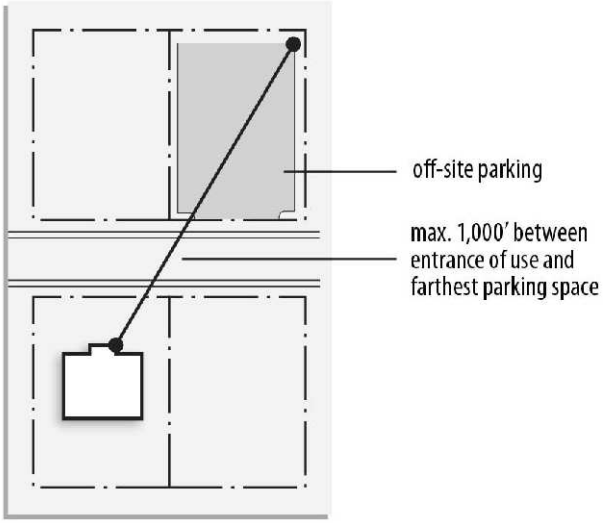
**D. Off-site parking.**

**1. When Allowed.** All or a portion of required off-street parking for nonresidential uses may be provided off-site, in accordance with the regulations of this section. Required accessible parking spaces (see Section 55.110) and required parking for residential uses may not be located off site.

**2. Location.** Off-site parking areas must be located within a one-thousand-foot radius of the use served by such parking, measured between the nearest public

entrance door of the use to be served and the outer perimeter of the furthest parking space within the off-site parking lot. Off-site parking lots are allowed only in zoning districts that permit non-accessory parking or in districts that allow the principal use to be served by the off-site parking spaces.

**Figure 55-4: Off-Site Parking Location**



3. **Design.** Off-site parking areas must comply with all applicable parking area design regulations of Section 55.090. Off-site parking proposed to take place on a newly constructed parking area must comply with the PK district lot and building regulations of Subsection 25.030C.

4. **Control of off-site parking area.** The property to be occupied by the off-site parking facilities must be under the same ownership as the lot containing the use to be served by the parking. The off-site parking area may be under separate ownership only if an agreement is provided guaranteeing the long-term availability of the parking, commensurate with the use served by the parking. The agreement must be filed of record in the county clerk's office of the county in which the property is located. Off-site parking privileges will continue in effect only as long as the agreement, binding on all parties, remains in force. If an off-site parking agreement lapses or is no longer valid, then parking must be provided as otherwise required by this chapter.

*(Ord. No. 24825, § 5, 5-18-2022)*

## Section 55.090. Parking area design.

**A. Applicability.** The parking area design regulations of this section apply to all off-street parking lots for motor vehicles, whether containing required parking spaces or non-required parking spaces.

**B. Ingress and egress.** All parking areas must be designed to allow vehicles to enter and exit a street and cross public sidewalks in a forward motion, except that this requirement does not apply to lots with access on a minor street.

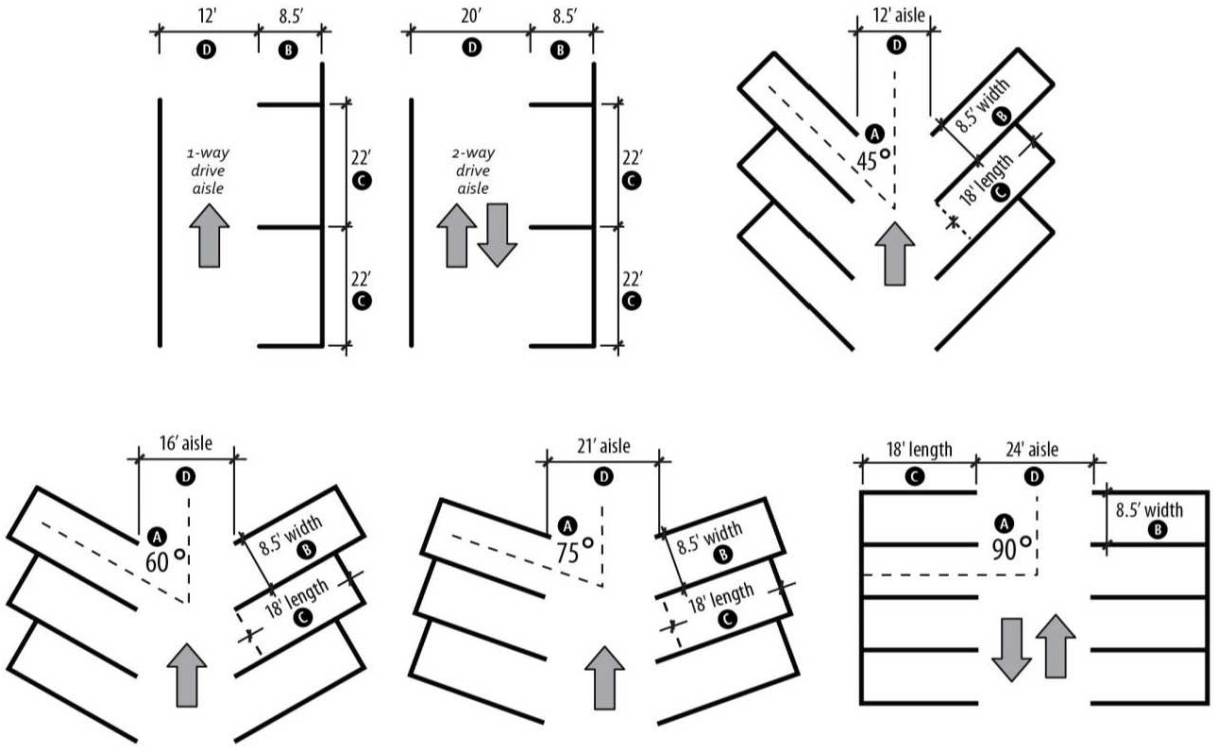
**C. Stall size.** Parking spaces must be at least eight and one-half (8.5) feet in width and eighteen (18) feet in length, exclusive of access drives and aisles. In parking areas where permanent wheel stops have been installed, two and one-half (2.5) feet of the parking space length (depth) beyond the wheel stop may be counted as part of the required stall length if that area is unobstructed and not part of another parking stall, drive aisle or sidewalk.

**D. Parking area layout (geometrics).** Parking areas must be designed and marked in accordance with the dimensional standards of Table 55-5, which shows minimum dimensions for various parking layouts (angles). Requirements for layouts or angles not shown in Table 55-5 may be interpolated from the layouts shown, as approved by the development administrator.

**Table 55-5: Parking Area Geometrics**

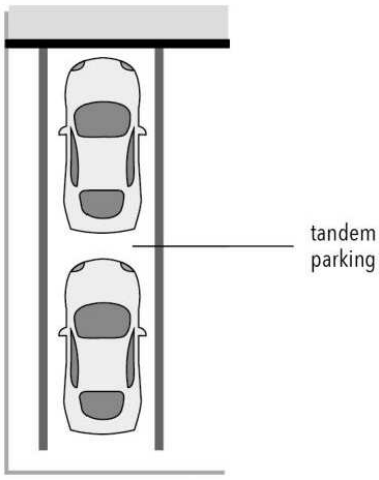
| Stall Angle | Stall Width | Stall Length | Aisle Width (1-way/2-way) |
|---|---|---|---|
| 0° | 8.5 | 22.0 | 12.0/20.0 |
| | 9.0 | 22.0 | 12.0/20.0 |
| 45° | 8.5 | 18.0 | 12.0/20.0 |
| | 9.0 | 18.0 | 11.0/19.0 |
| 60° | 8.5 | 18.0 | 16.0/21.0 |
| | 9.0 | 18.0 | 15.0/20.0 |
| 75° | 8.5 | 18.0 | 21.0/22.0 |
| | 9.0 | 18.0 | 20.0/21.0 |
| 90° | 8.5 | 18.0 | -/24.0 |
| | 9.0 | 18.0 | -/22.0 |
| | 10.0 | 18.0 | -/20.0 |

**Figure 55-5: Parking Area Geometrics**



**E. Tandem parking.** Tandem parking spaces may be used to satisfy parking requirements for household living uses when the spaces are assigned to the same dwelling unit. In all other cases parking spaces must be designed to allow each parking space to be accessed without passing through another parking space. Tandem parking arrangements must have a minimum stall of eight and one-half (8.5) feet and a minimum length of thirty-six (36) feet.

**Figure 55-6: Tandem Parking**



## F. Surfacing.

**1.** All off-street parking areas must be surfaced with a dustless, all-weather surface unless otherwise expressly stated in this zoning code. Pervious pavement or pervious pavement systems are allowed subject to the supplemental regulations of Subsection 55.090F.4. Parking area surfacing must be completed prior to initiation of the use to be served by the parking.

**2.** All motorized vehicles designed for travel upon public streets and all recreational vehicles that are being parked, stored or displayed for sale must be parked, stored or displayed on a dustless, all-weather surface. This surfacing requirement does not apply to junk or salvage yards. The board of adjustment is authorized to grant a special exception permitting the parking, storage or display of motorized vehicles or recreational vehicles on a surface other than one consisting of a dustless, all-weather surface if the location complies with all applicable minimum building setbacks.

**3.** Driveways, not including parking spaces, that serve residential uses in AG and AG-R zoning districts may be surfaced with gravel in place of a dustless, all-weather surface outside of the street right-of-way.

**4.** In RE and RS zoning districts, driveways serving residential dwelling units may not exceed 50% of the lot frontage or the following maximum widths, whichever is less, unless a greater width is approved in accordance with the special exception procedures of Section 70.120, or, if in a PUD, in accordance with the amendment procedures of Subsection 30.010I.2. (Refer to the City of Tulsa Standard Specifications and Details for Residential Driveways #701—704).

**Table 55-6: Maximum Driveway Widths in RE and RS Zoning Districts**

| Maximum Driveway Width | | | | | |
|---|---|---|---|---|---|
| **Lot Frontage** | **75'+** | **60'—74'** | **46'—59'** | **30'—45'** | **Less than 30' [2]** |
| Driveway Within Right-of-Way (feet) [1] | 27' | 26' | 22' | 20' | 12' |
| Driveway Within Street Setback (feet) | 30' | 30' | — | — | — |

[1] Maximum width applies to the composite of all driveways if multiple curb cuts are provided.

[2] Provided that for lot frontages less than 24 feet, a driveway up to 12 feet in width is permitted.

For approvals granted under the terms of the zoning code in effect prior to January 1, 2016, including: (1) variances of maximum driveway coverage measured by width, square footage or percentage of yard; and (2) establishment of PUD development standards that increase the maximum permitted driveway coverage measured by any such means, the foregoing maximums do not apply.

**5.** Pervious pavement or pervious pavement systems, including pervious asphalt, pervious concrete, modular pavers designed to funnel water between blocks, lattice or honeycomb shaped concrete grids with turf grass or gravel filled voids to funnel water, plastic geocells with turf grass or gravel, reinforced turf grass or gravel with overlaid or embedded meshes, resin-bound pervious pavement systems, or similar structured and durable systems are allowed as parking lot surfacing materials. Gravel, turf, or other materials that are not part of a structured system designed to manage stormwater are not considered pervious pavement or a pervious pavement system. Pervious pavement and pervious pavement systems must comply with the following:

**a.** Materials must be installed and maintained in accordance with all applicable city standards. Damaged areas must be promptly repaired. Gravel that has migrated from a pervious pavement system onto adjacent areas must be regularly swept and removed.

**b.** Accessible parking spaces and accessible routes from the accessible space to the principal structure or use served must comply with the building code.

**c.** Pervious pavement or pervious pavement systems are prohibited in areas used for the dispensing of gasoline or other liquid engine fuels or where other hazardous materials are used or stored.

**d.** Pervious asphalt, pervious concrete, or modular pavers may be used for drive aisles and driveways, but no other pervious pavement systems may be used in such areas unless expressly approved by the development administrator.

**e.** Pervious pavement or pervious pavement systems that utilize turf grass may not be used to meet minimum off-street parking requirements, but may be used for overflow parking spaces that are not used for required parking and that are not occupied on a daily or regular basis.

**f.** Pervious pavement or pervious pavement systems that utilize gravel with overlaid or embedded mesh or geocells may be used only in industrial zoning districts.

**g.** Parking areas with pervious pavement or pervious pavement systems must have the parking spaces marked as required by this chapter, except that pervious pavement systems that utilize gravel or turf may use alternative marking to indicate the location of the parking space, including markings at the end of spaces on the drive aisle or curbing, wheel stops, or concrete or paver strips in lieu of painted lines.

**G. Vertical clearance.** All parking spaces must have overhead vertical clearance of at least seven (7) feet.

**H. Landscaping and screening.** See Chapter 65.

**I. Lighting.** See Chapter 67.

*(Ord. No. 25330, § 14, 6-5-2024)*

## Section 55.100. Stacking spaces for drive-through facilities.

**A. Spaces required.** In addition to the parking required for each use, establishments with drive-through facilities must provide stacking spaces for each drive-through station as indicated in Table 55-7:

**Table 55-7: Drive-through Stacking Space Requirements**

| Use | Minimum Spaces (per lane) |
|---|---|
| Automated teller machine | 2 (measured from ATM) |
| Bank | 3 (measured from teller or service area) |
| Car wash, automated or customer-operated | 2 (measured from vehicle entrance) |
| Car wash, attendant hand wash | 3 (measured from vehicle entrance) |
| Drug store | 2 (measured from pick-up window) |
| Restaurant drive-through | 3 (measured from order board) |
| Kiosks | 2 (measured from service window) |
| Other | As determined by the development administrator |

**B. Dimensions.** Each lane of stacking spaces must be at least eight (8) feet in width and at least eighteen (18) feet in length. Stacking lanes must be delineated with pavement markings.

**C. Location and design.**

**1.** Stacking lanes must be located on the subject property. They may not be located within required driveways or drive aisles, parking spaces or loading areas and may not interfere with access to parking and ingress and egress from the street.

**2.** All areas associated with drive-through facilities, including drive-through signs, stacking lanes, trash receptacles, loudspeakers and service windows must be located to the rear or on the non-street-facing side of the property. Drive-through lanes must be set back at least ten (10) feet from abutting R- or AG-R-zoned lots, and a screening wall or fence must be provided along the common lot line in accordance with the F1 screening fence or wall standards of Subsection 65.070C.

**D. Pedestrian access.** The principal pedestrian access to the entrance of the use from a public sidewalk may not cross the drive-through facility stacking lane.

*(Ord. No. 25330, § 15, 6-5-2024)*

### Section 55.110. Accessible parking for people with disabilities.

Accessible parking facilities must be provided in accordance with the building code.

### Section 55.120. Loading.

Unenclosed off-street loading areas may not be located within fifty (50) feet of any abutting R- or AG-R-zoned properties unless the loading areas is screened on all sides abutting the R- or AG-R-zoned property in accordance with the F1 screening fence or wall standards of Subsection 65.070C.

### Section 55.130. Pedestrian circulation.

**A. Applicability.** An on-site circulation system for pedestrian and non-motorized travel must be provided in accordance with the requirements of this section for all lots occupied by buildings, except for:

**1.** Residential buildings containing four (4) or fewer dwelling units;

**2.** Agricultural uses;

**3.** Industrial or other uses without a resident- or customer-entrance; and

**4.** Uses, other than parking lots, that do not include a principal building intended for regular human occupancy.

**B. Required connections.** The pedestrian circulation system must provide safe, direct and convenient pedestrian access connecting main entrances of buildings and uses with all other such entrances and with available access points including parking, streets, sidewalks and transit stops. In the case of building or site additions, these requirements apply only to the new or expanded areas.

**C. Design.** Required on-site pedestrian circulation facilities must be designed and constructed in accordance with the following requirements:

**1.** Pedestrian access must consist of an accessible, easily-discernible walkway or multi-use path with a minimum width of five (5) feet.

**2.** The pedestrian access surface located on private property must be constructed of concrete, asphalt or other fixed, firm and nonslip material, approved by the development administrator.

**3.** Pedestrian access routes that cross parking lots, drive aisles or other vehicular use areas must be clearly differentiated from the vehicle surface through the use of physical separation or by durable, low-maintenance materials such as pavers, bricks, scored concrete, pavement textures or painted surfaces to define places of pedestrian movement.

## CHAPTER 60. SIGNS

Section 60.010. General.
Section 60.020. Prohibited signs and sign characteristics.
Section 60.030. Sign exceptions.
Section 60.040. Sign regulations of general applicability.
Section 60.050. Signs in R, AG, and AG-R zoning districts.
Section 60.060. Signs in office zoning districts.
Section 60.070 Signs in SR zoning districts.
Section 60.080. Signs in mixed-use, commercial and industrial zoning districts.
Section 60.090. Signs in special districts.
Section 60.100. Dynamic displays.
Section 60.110. Administration.
Section 60.120. Nonconforming signs.
Section 60.130. Rules of measurement.

### Section 60.010. General.

**A. Purpose.** The sign regulations of this section are intended to balance the following differing, and at times, competing goals:

**1.** To support the desired character of the city, as expressed in adopted plans, policies and regulations;

**2.** To promote an attractive visual environment;

**3.** To encourage the effective use of signs as a means of communication for businesses, organizations and individuals;

**4.** To provide a means of way-finding for visitors and residents;

**5.** To provide for reasonable business identification, advertising and communication;

**6.** To prohibit signs of such excessive size and number that they obscure one another to the detriment of the economic and social well-being of the city and its residents, property owners and visitors;

**7.** To protect the safety and welfare of the public by minimizing hazards for motorized and nonmotorized traffic;

**8.** To minimize the possible adverse effects of signs on nearby public and private property; and

**9.** To provide broadly for the expression of individual opinions through the use of signs on private property.

**B. Scope and applicability.** All signs within the city are subject to the regulations of this chapter and all other applicable provisions of this zoning code.

**C. Content neutrality.** Any sign allowed under this chapter may contain, in lieu of any other message or copy, any lawful noncommercial message that does not direct attention to a business operated for profit, or to a product, commodity or service for sale or lease, or to any other commercial interest or activity, as long as the sign complies with all size, height, location and other applicable requirements of this chapter.

**D. Off-premise outdoor advertising signs.** Off-premise outdoor advertising sign are allowed only in those locations expressly identified in this zoning code and only when such signs comply with all applicable off-premise outdoor advertising sign regulations.

Provisions of this zoning code that refer to "signs" being allowed or certain types of signs being allowed (e.g., freestanding, wall, projecting) are not to be construed as references to off-premise outdoor advertising signs being allowed, unless the subject provision expressly refers to "off-premise outdoor advertising signs."

## Section 60.020. Prohibited signs and sign characteristics.

The following signs and sign characteristics are prohibited except as otherwise expressly stated:

**A.** Signs for which no permit that is required under Title 51 of the Tulsa Revised Ordinances has been issued;

**B.** Signs located in such a manner as to constitute a nuisance as provided in Title 24, Chapter 1 of the Tulsa Revised Ordinances;

**C.** Search lights, strobe lights, rotating beacon lights, flashing lights that are visible from public right-of-way, except as otherwise expressly allowed by this chapter or required by law;

**D.** Signs located in or obstructing a required parking or loading space, or that otherwise obstruct vehicular or pedestrian access or circulation, or that pose any other hazard to motorized or nonmotorized travel;

**E.** Signs located in or that project into the right-of-way or planned right-of-way of a public street, unless a special exception has been approved by the board of adjustment in accordance with the procedures of Section 70.120 and a license has been granted by the city in the case of the right-of-way or a removal agreement has been entered into in the case of the planned right-of-way. (Title 11 § 1400 and following of the Tulsa Revised Ordinances grants a license for certain signs located in the "Central Business District" as therein defined);

**F.** Signs that obstruct any fire escape, required exit, window or door opening used as a means of egress;

**G.** Signs that interfere with an opening required for ventilation, except that signs may cover transom windows when not in violation of building and fire prevention codes;

**H.** Signs affixed directly to a tree, utility pole or traffic control device;

**I.** Signs that obstruct, impair, obscure, interfere with the view of, or that may be confused with, any authorized traffic control sign, signal, or device;

**J.** Sign displays with a brightness of such intensity or brilliance that they impair the vision or endanger the safety and welfare of any pedestrian, cyclist, or person operating a motor vehicle;

**K.** Signs that violate the intersection sight distance regulations of Title 24 (§ 103.A) of the Tulsa Revised Ordinances;

**L.** Roof signs, except as expressly allowed by Subsection 60.080B.5.;

**M.** Signs exceeding an illumination of seventy (70) foot-candles measured at a distance of two (2) feet;

**N.** Signs attached to or painted on an inoperable or unlicensed vehicle (motorized or non-motorized) located in view of the right-of-way; and

**O.** Signs attached to or painted on a licensed motor vehicle if the sign: (1) directs attention to a business, service, commodity, or activity offered or sold on the premises and (2) if the vehicle is parked closer to the street than the nearest building wall (does not apply to vehicles parked for the purpose of immediate loading and unloading).

*(Ord. No. 24725, § 19, 11-17-21)*

**Section 60.030. Sign exceptions.**

The following signs are not counted as signs for purposes of determining the number of signs or amount of signage on a lot:

**A. Driveway signs.**

**1.** One driveway sign may be installed at each vehicle entrance and exit to any lot occupied by an allowed nonresidential use or apartment/condo building. Such signs must be located within ten (10) feet of the intersection of the driveway and the street right-of-way. Driveway signs may be illuminated but may not exceed four (4) square feet in area or five (5) feet in height.

**2.** Off-street parking areas with a capacity of more than four (4) vehicles, multi-tenant developments and uses on lots exceeding eighty thousand (80,000) square feet in area may display internal site driveway signs. Such signs must be located within ten (10) feet of an internal site driveway or drive aisle and may not exceed twelve (12) square feet in area or ten (10) feet in height.

**B. Drive-through signs.** Drive-through signs are permitted in conjunction with drive-through uses, in accordance with the following regulations:

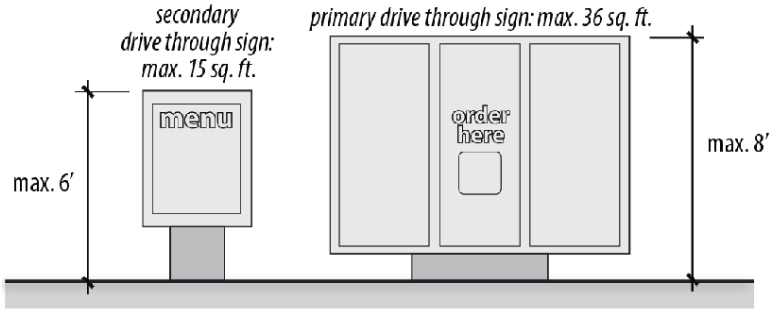
**1. Location.** Drive-through signs must be located within ten (10) feet of a drive-through lane.

**2. Number and dimensions.** One primary drive-through sign not to exceed thirty-six (36) square feet in area or eight (8) feet in height is allowed per order station up to a maximum of two (2) primary drive-through signs per lot. One secondary drive-through sign not to exceed fifteen (15) square feet in area or six (6) feet in height is allowed per lot.

**3. Residential separation.** Drive-through signs must be set back at least fifty (50) feet from residential zoning districts.

**4. Visibility.** Drive-through signs must be oriented to be visible by motorists in allowed drive-through lanes.

**Figure 60-1: Drive-through Signs**



**C. Nameplates.** Nameplates are allowed in all zoning districts, provided they do not exceed two (2) square feet in area in residential districts or four (4) square feet in area in all other districts.

**D. Window Signs.** Window signs are allowed as sign exceptions for allowed nonresidential uses, provided they do not cover more than twenty-five (25) percent of the area of the window to which they are affixed.

**E. Temporary signs.**

**1. Real estate signs.** One real estate sign is allowed per street frontage, subject to the standards in Table 60-1:

**Table 60-1: Real Estate Signs**

| Regulation | AG, AG-R, R, O and SR Districts | All Other Districts |
|---|---|---|
| Maximum Sign Area (sq. ft.) | | |
| Minor Street Frontage | 8 | 8 |
| All Other Street Frontages | 32 | 80 |
| Maximum Sign Height (feet) | | |
| Minor Street Frontage | 8 | 8 |
| All Other Street Frontages | 15 | 25 |

**2. Construction signs.** One construction sign is allowed per street frontage, subject to the following standards:

**a.** Construction signs may not exceed thirty-two (32) square feet in area or 0.50 square feet of sign area per linear foot of street frontage, whichever is greater, but in no case may the sign exceed four hundred (400) square feet in area. The maximum sign area calculation must be based on the street frontage to which the sign is oriented.

**b.** Construction signs may not exceed fifteen (15) feet in height.

**c.** Construction signs must be removed within two (2) weeks of completion of the construction or development.

**3. Banners.**

**a.** One banner attached to the wall of a building is allowed as a sign exception for allowed nonresidential uses, provided that such banner does not exceed thirty-two (32) square feet in area.

**b.** Banners must be removed no later than ninety (90) days after installation or at such time that permanent signs are installed, whichever occurs first.

**4. Promotional signs.** Promotional signs are permitted as sign exceptions on lots occupied by allowed nonresidential uses. Such signs are subject to the following standards:

**a.** No more than four (4) promotional sign permits are allowed per business per year.

**b.** A promotional sign permit may be issued for a maximum fourteen-day period. Any or all of the four (4) allowed promotional sign time periods may run consecutively.

**c.** The height of a promotional sign may not exceed the maximum allowed height of any freestanding sign allowed in the subject zoning district. In addition, any inflatable promotional signs must be set back from all property lines by a minimum distance of one foot for every one foot of sign height, as measured from ground level at the base of the sign.

**d.** Promotional signs may not be mounted on the roof, except for inflatable or other non-rigid sign/displays, which may be roof-mounted.

**5. Campaign signs.** Campaign signs must be removed no later than seven (7) days after the voting event. Campaign signs are prohibited on public property and are allowed on private property only with the consent of the owner of the subject property. In R and O zoning districts campaign signs may not exceed sixteen (16) square feet in area.

**6. Special event signs.** Special event signs are subject to city council approval. City council-approved special event signs are not subject to the sign regulations of this chapter unless otherwise expressly stated at the time of approval.

**F. Other sign exceptions** The following additional signs are also allowed as sign exceptions:

**1.** Signs erected and maintained pursuant to the discharge of governmental functions, or that are required by law, ordinance, or government regulation, or that are required to be posted in order to effectuate a legal right;

**2.** Flags that do not contain a commercial message;

**3.** Wall plaques and wall signs that are not illuminated and that do not exceed four (4) square feet in area;

**4.** Signs that are not legible from any public right-of-way or from beyond the boundaries of the lot or parcel;

**5.** Signs within completely enclosed buildings, provided that such signs are oriented to be primarily visible from inside the subject building; and

**6.** Labels and notices on equipment or structures, provided the label or notice does not exceeding fifteen (15) square inches in area.

## Section 60.040. Sign regulations of general applicability.

**A. Applicability.** The regulations of this section apply to on-premise wall, projecting and freestanding signs and all off-premise outdoor advertising signs, except as otherwise expressly stated. These regulations are in addition to any other applicable regulations established in this chapter.

**B. Required setbacks, spacing and separations.**

**1.** All parts of a sign must be set back at least ten (10) feet of a freeway planned right-of-way.

**2.** All on-premise projecting signs, roof signs and freestanding signs and all off-premise outdoor advertising signs must be separated from all other roof signs, projecting signs, freestanding signs and off-premise outdoor advertising signs by a minimum distance of thirty (30) feet. Additional spacing requirements apply between off-premise outdoor advertising signs (See Subsection 60.080F.5.).

**3.** Signs that are visible from an R or AG-R district (other than street, highway or freeway right-of-way) or from a designated residential development area must be separated from the R or AG-R district or residential development area by a minimum distance of fifty (50) feet.

**4.** Signs with an area of more than three hundred (300) square feet that are visible from an R or AG-R district (other than street, highway or freeway right-of-way) or from a designated residential development area must be separated from the R or AG-R district or residential development area by a minimum distance of two hundred (200) feet.

**C. Mounting height of wall signs and projecting signs.** Wall signs and projecting signs must be mounted so that no portion of the sign extends above the top of the parapet or building wall to which they are attached, except in those cases where the height of the parapet or building wall or the presence of architectural features will not accommodate a wall or projecting sign that is at least three (3) feet in height. In such cases, the sign may extend above the parapet or building wall for a distance that will permit a sign with a height of up to three (3) feet.

**D. Dynamic displays.** Unless otherwise expressly stated, all signs that include a dynamic display are subject to the supplemental regulations of Section 60.100.

**E. Off-premise business signs.** Off-premise business signs may be approved for multi-tenant developments only when such developments are included in a mandatory development plan (See Section 70.040). The authority to approve off-premise business signs is intended to be used only when the location of the identified business or activity precludes placement of a sign that is visible to motorists and pedestrians along the highest (traffic) volume street that provides access to the subject development and when the result of the approval will be in keeping with the stated purposes of this chapter (Subsection 60.010A.). The intent of this off-premise business sign authorization is to provide flexibility in overcoming the locational and visibility challenges of lots within a mandatory development plan area, not to allow an overall increase in the amount of signage allowed or encourage a proliferation of signs within the area covered by the mandatory development plan. Any waiver, modification, or variance to the regulations of Subsection 60.040E. is considered a use variance and is thereby prohibited in accordance with Subsection 70.130B.1.

**F. Illumination.** Except for authorized dynamic displays, the illumination on the face of any sign where illumination is permitted must be by constant light and may not exceed seventy (70) foot-candles measured at a distance of two (2) feet from the face of the sign.

**G. Electronic message center signs.** Electronic message center signs shall be permitted in SR, MX, O, C, and I districts, and shall be subject to the regulations that apply to on-premise wall, projecting, and freestanding signs within the applicable zoning district, and the following supplemental regulations:

**1.** Electronic message center signs may not exceed the maximum sign area allowed for the respective sign type or the following maximum areas, whichever is less:

**a.** Thirty-two (32) square feet in SR and O districts; and

**b.** Forty-eight (48) square feet in MX, C, and I districts.

The sign area allowed for electronic message center signs is not in addition to the maximum sign area allowed for a wall, projecting or freestanding sign, but rather is counted as part of the maximum area of the wall, projecting or freestanding sign. The board of adjustment may approve a greater sign area for electronic message center signs in accordance with the special exception procedures of Section 70.120.

**2.** Display of messages shall remain static, without any animation or special effects, for a period of not less than five (5) minutes. The transition from one message to the next shall be direct and immediate, without any animation or special effects.

**3.** Electronic message center signs with an area exceeding the maximum allowable sign area in Subsection 60.040G.1. may not be located within fifty (50) feet of the driving surface of a signalized intersection, unless expressly approved by the board of adjustment as part of the special exception approval. This separation distance must be measured horizontally in a straight line from the nearest point of the sign structure to the nearest point of the street curb or edge of the traveled roadway marked or understood as such.

**4.** Electronic message center signs with a sign area exceeding the maximum allowable sign area in Subsection 60.040G.1. may not be located within two hundred (200) feet of an R or AG-R district (other than street, highway, or freeway right-of-way) or a residential development area, unless expressly approved by the board of adjustment as part of the special exception approval. This separation distance does not apply if the electronic message center sign is not visible from the referenced district, area or lot. Required separation distances must be measured horizontally in a straight line from the nearest point on a sign structure to the nearest point of an R or AG-R district or residential development area boundary.

**5.** Electronic message center signs are subject to the illumination standards established in Subsection 60.040-F.

*(Ord. No. 25512, § 1, 1-29-2025)*

## Section 60.050. Signs in R, AG, and AG-R zoning districts.

**A. Applicability.** The regulations of this section apply to signs in R, AG, and AG-R districts. See also the general regulations of Section 60.040.

**B. Signs allowed.** The following signs are allowed in R, AG, and AG-R districts in addition to any signs allowed pursuant to Section 60.030. On-premise roof signs, on-premise projecting signs and all off-premise outdoor advertising signs are prohibited in R, AG, and AG-R districts.

**1.** Apartment/Condo buildings and neighborhood and subdivision identification signs.

**a.** Lots occupied by one or more apartment/condo buildings are allowed a maximum of one freestanding sign per street frontage and a maximum of one wall sign per building wall. Wall signs may not exceed thirty-two (32) square feet in area.

**b.** Residential neighborhoods and residential subdivisions, including manufactured housing parks, are allowed a single freestanding sign at each street entrance to the neighborhood or subdivision.

**c.** The freestanding signs allowed by this section may not exceed thirty-two (32) square feet in area or 0.20 square feet of sign area per linear foot of street frontage, whichever is greater, but in no case may the sign exceed one hundred fifty (150) square feet in area. The maximum sign area calculation must be based on the street frontage to which the sign is oriented. Maximum height may not exceed twenty (20) feet.

**2. Nonresidential uses.** The following regulations apply to all principal nonresidential uses in R, AG, and AG-R districts:

**a. Wall signs.** Nonresidential uses in R, AG, and AG-R districts are allowed a maximum of one wall sign per public building entrance. No individual wall sign may exceed thirty-two (32) square feet in area. In buildings with multiple public building entrances, the sign area of all wall signs may not exceed thirty-two (32) square feet in the aggregate.

**b. Freestanding Signs.** Nonresidential uses in R, AG, and AG-R districts are allowed a maximum of one freestanding sign per street frontage. Allowed freestanding signs are subject to a maximum height limit of twenty (20) feet and may not exceed thirty-two (32) square feet in area or 0.20 square feet of sign area per linear foot of street frontage, whichever is greater, but in no case may the sign exceed one hundred fifty (150) square feet in area. The maximum sign area calculation must be based on the street frontage to which the sign is oriented.

**c. Dynamic displays.** Dynamic displays are prohibited in R, AG, and AG-R districts except that on a lot occupied by an allowed public, civic or institutional use, the board of adjustment is authorized to approve a special exception for the allowed wall sign or the allowed freestanding sign to include a dynamic display.

(1) The allowed dynamic display component may not exceed thirty-two (32) square feet in area, and no more than one (wall or freestanding) dynamic display is allowed per street frontage.

(2) The sign area allowed for a dynamic display is not in addition to the maximum sign area allowed for a wall or freestanding sign, but rather is counted as part of the maximum area of a wall or freestanding sign.

(3) Dynamic displays in R, AG, and AG-R districts may operate only between the hours of 7:00 a.m. and 9:00 p.m. unless otherwise expressly approved through the special exception process.

(4) Dynamic displays are subject to the dynamic display regulations of Section 60.100.

**Section 60.060. Signs in office zoning districts.**

**A. Applicability.** The regulations of this section apply to signs in all office zoning districts. See also the general regulations of Section 60.040.

**B. Signs allowed.**

**1.** In addition to any sign exceptions allowed pursuant to Section 60.030, and any development identification sign allowed pursuant to Section 60.060B.2., lots in office zoning districts are allowed a maximum of one on-premise sign per street frontage. The allowed on-premise sign may be a wall sign, a projecting sign or a freestanding sign. Roof signs and off-premise outdoor advertising signs are prohibited in office districts.

**2. Development identification signs.** Developments with multiple tenants are allowed a single monument style or freestanding sign with a maximum height of eight (8) feet at each street entrance to the development. Such signage shall count against the maximum sign area permitted on the lot in which it is located, and may not identify any tenant or tenants within the development.

**C. Maximum area.** Signs allowed in the OH district may not exceed forty-eight (48) square feet in area or 0.50 square feet of sign area per linear foot of street frontage, whichever is greater, but in no case may a sign in an OH district exceed two hundred twenty-five (225) square feet in area. Signs allowed in all other O districts may not exceed thirty-two (32) square feet in area or 0.30 square feet of sign area per linear foot of street frontage, whichever is greater, but in no case may the sign exceed one hundred fifty (150) square feet in area. The maximum sign area calculation must be based on the street frontage to which the sign is oriented.

**D. Maximum height.** Freestanding signs in the OH district may not exceed thirty (30) feet in height. Freestanding signs in other O districts may not exceed twenty (20) feet in height or the height of the principal building on the lot, whichever is less.

**E. Dynamic displays.** Dynamic displays are prohibited in O districts except that on a lot occupied by an allowed public, civic or institutional use, either the allowed wall sign or the allowed freestanding sign may include a dynamic display.

**1.** The allowed dynamic display component may not exceed thirty-two (32) square feet in area, and no more than one (wall or freestanding) dynamic display is allowed per street frontage.

**2.** The sign area allowed for a dynamic display is not in addition to the maximum sign area allowed for a wall or freestanding sign, but rather is counted as part of the maximum area of a wall or freestanding sign.

**3.** Dynamic displays in O districts may operate only between the hours of 7:00 a.m. and 9:00 p.m.

**4.** Dynamic displays are subject to the dynamic display regulations of Section 60.100.

**Section 60.070 Signs in SR zoning districts.**

**A. Applicability.** The regulations of this section apply to signs in all SR zoning districts. See also the general regulations of Section 60.040.

**B. Signs allowed.**

**1. On-premise wall signs.** On-premise wall signs are allowed in SR zoning districts. Wall signs may not exceed an aggregate area of more than one square foot per linear foot of building wall to which they are attached. Wall signs are not counted against a lot's allowed sign budget, pursuant to Subsection 60.070C.

2. **On-premise projecting signs and freestanding signs.** On-premise projecting signs and freestanding signs are allowed in SR zoning districts. Projecting signs and freestanding signs are counted against a lot's allowed sign budget, pursuant to Subsection 60.070C. They are subject to the regulations of Subsection 60.070D.

3. **On-premise roof signs and off-premise outdoor advertising signs prohibited.** On-premise roof signs and off-premise outdoor advertising signs are prohibited in SR zoning districts.

4. **Development identification signs.** Developments with multiple tenants are allowed a single monument style or freestanding sign with a maximum height of eight (8) feet at each street entrance to the development. Such signage shall count against the maximum sign area permitted on the lot in which it is located, and may not identify any tenant or tenants within the development.

**C. Sign budget.**

1. **Applicability.** The sign budget provisions of this subsection govern the maximum aggregate number and combined area of all projecting and freestanding signs on a lot in an SR district, except as otherwise expressly stated.

2. **Maximum number.** In addition to any sign exceptions allowed pursuant to Section 60.030, lots in SR zoning districts are allowed a maximum of one projecting sign or freestanding sign per street frontage.

3. **Maximum area.** The maximum aggregate sign area of all projecting and freestanding signs allowed in SR zoning districts may not exceed 0.50 square feet of sign area per linear foot of street frontage or three hundred (300) square feet, whichever is less.

**D. Maximum height of projecting signs and freestanding signs.**

1. Projecting signs in SR districts may not exceed twenty (20) feet in height or the height of the principal building on the lot, whichever is less. In addition, projecting signs may not extend above the top of the parapet or building wall to which they are attached except in those cases where the height of the parapet or building wall, or the presence of architectural features will not accommodate a projecting sign that is at least three (3) feet in height, in which case the projecting sign may extend above the parapet or building wall for a distance that will permit a projecting sign with a height of three (3) feet.

2. Freestanding signs in the SR zoning district may not exceed thirty (30) feet in height.

**E. Dynamic displays.** Dynamic displays are prohibited in SR districts except that on a lot occupied by an allowed public, civic or institutional use, either the allowed wall sign or the allowed freestanding sign may include a dynamic display. The allowed dynamic display component may not exceed thirty-two (32) square feet in area, and no more than one (wall or freestanding) dynamic display is allowed per street frontage. The sign area allowed for a dynamic display is not in addition to the maximum sign area allowed for a wall or freestanding sign, but rather is counted as part of the maximum area of a wall or freestanding sign. Dynamic displays are subject to the dynamic display regulations of Section 60.100.

## Section 60.080. Signs in mixed-use, commercial and industrial zoning districts.

**A. Applicability.** The regulations of this section apply to signs in all mixed-use, commercial and industrial zoning districts. See also the general regulations of Section 60.040.

**B. Signs allowed.** In addition to any sign exceptions allowed pursuant to Section 60.030, the following signs are the only signs allowed in all mixed-use, commercial and industrial zoning districts:

1. **On-premise wall signs.** On-premise wall signs are allowed in all mixed-use, commercial and industrial zoning districts. Wall signs may not exceed an aggregate area of more than three (3) square feet per linear foot of building wall to which they are attached. Wall signs are not counted against a lot's allowed sign budget, pursuant to Subsection 60.080C.

2. **On-premise projecting signs.** On-premise projecting signs are allowed in all mixed-use, commercial and industrial zoning districts. Projecting signs are counted against a lot's allowed sign budget, pursuant to Subsection 60.080C. They are also subject to the regulations of Subsection 60.080D.

3. **On-premise freestanding signs.** Freestanding signs are allowed in all mixed-use, commercial and industrial zoning districts. Freestanding signs are counted against a lot's allowed sign budget, pursuant to Subsection 60.080C. They are also subject to the regulations of Subsection 60.080D.

4. **Off-premise outdoor advertising signs.** Off-premise outdoor advertising signs are subject to the regulations of Subsection 60.080F. Where allowed, off-premise outdoor advertising signs are counted against a lot's allowed sign budget, pursuant to Subsection 60.080C.

5. **Roof signs.**

   **a.** Roof signs are allowed only in the Central Business District (CBD) and the Route 66 Overlay, subject to the following provisions:

      (1) Roof signs may not include any dynamic display; and

      (2) Roof signs may not extend more than twenty-five (25) feet above the point where the sign is attached to the roof, measured in a vertical line from the horizontal plane of the lowest point where the sign is attached to the roof to the horizontal plane of the highest location on the sign's structure.

   **b.** Roof signs are counted against a lot's allowed sign budget, pursuant to Subsection 60.080C.

   **c.** Only major street frontage along that portion of the subject lot that is occupied by the business displaying the sign may be counted in determining the maximum sign area of a roof sign allowed under this section.

6. **Development identification signs.** Developments with multiple tenants are allowed a single monument style or freestanding sign with a maximum height of eight (8) feet at each street entrance to the development. Such signage shall count against the maximum sign area permitted on the lot in which it is located, and may not identify any tenant or tenants within the development.

## C. Sign budget.

1. **Applicability.** The sign budget provisions of this subsection govern the maximum aggregate number and combined area of all projecting, roof, freestanding, and off-premise outdoor advertising signs allowed on a lot in mixed-use, commercial and industrial zoning districts, except as otherwise expressly stated.

2. **Maximum number.**

   a. **Lots with frontage on only minor streets.** Lots with frontage on only minor streets are allowed a maximum of one roof, freestanding, or projecting sign per lot.

   b. **Lots with frontage on major streets.** The maximum aggregate number of roof, projecting, freestanding, and off-premise outdoor advertising signs allowed on lots with frontage on one or more major streets may not exceed the limits established in Table 60-2.

**Table 60-2: Maximum Aggregate Number of Signs**

| Zoning District | Maximum Aggregate Number of Signs Allowed |
|---|---|
| CG, CH, and CBD | 1 per 100 feet of major street frontage or fraction thereof |
| CO, CS, MX and IL | 1 per 150 feet of major street frontage or fraction thereof |
| IM and IH | 1 per 200 feet of major street frontage or fraction thereof |

3. **Maximum area.**

   a. **Lots with frontage on only minor streets.** Signs allowed on lots with frontage on only minor streets may not exceed thirty-two (32) square feet in area or 0.20 square feet of sign area per linear foot of street frontage, whichever is greater, but in no case may the sign exceed one hundred fifty (150) square feet in area. The maximum sign area calculation must be based on the street frontage to which the sign is oriented.

   b. **Lots with frontage on major streets.**

      (1) The maximum aggregate sign area of all roof, projecting, freestanding, and off-premise outdoor advertising signs allowed on lots with frontage on one or more major streets may not exceed the limits established in Table 60-3:

**Table 60-3: Maximum Aggregate Sign Area**

| | Roof, Projecting, Freestanding, and Off-premise Outdoor Advertising Signs (sq. ft. per linear foot of major street frontage) | | | |
|---|---|---|---|---|
| | Not Within Freeway Sign Corridor[1] | | Within Freeway Sign Corridor | |
| Zoning District | If More than 1 Such Sign | If Only 1 Such Sign | If More than 1 Such Sign | If Only 1 Such Sign |
| MX, CO and CS | 1 | 2 | 1 | 2 |
| CG, CH, CBD, IL, IM and IH | 1 | 2 | 2 | 3 |

[1] Off-premise outdoor advertising signs are prohibited outside of freeway sign corridors and prohibited in MX districts.

      (2) In addition to the maximum aggregate sign area limits, individual roof, projecting, and freestanding signs may not exceed five hundred (500) square feet in area. Individual off-premise outdoor advertising signs may not exceed six hundred seventy-two (672) square feet in area.

**D. Maximum height of on-premise projecting and freestanding signs.**

1. **Lots with frontage on only minor streets.** On-premise projecting signs and freestanding signs on lots with frontage on only minor streets may not exceed twenty (20) feet in height or the height of the principal building on the lot, whichever is less.

2. **Lots with frontage on major streets.** On-premise projecting signs and freestanding signs on lots with frontage on major streets may not exceed twenty-five (25) feet in height, except that a maximum height of forty (40) feet is allowed if the sign is set back from the planned right-of-way line at least one foot for each foot of sign height in excess of twenty-five (25) feet. Projecting signs and freestanding signs may not exceed forty (40) feet in height unless the subject lot abuts a freeway, in which case the maximum allowed height is fifty (50) feet.

**E. Dynamic displays on on-premise wall, projecting and freestanding signs.** A maximum of one of the on-premise wall signs, projecting signs or freestanding signs allowed on a lot in a mixed-use, commercial or industrial zoning district may include a dynamic display. The dynamic display may not exceed the maximum sign area allowed for the respective sign type or forty-eight (48) square feet, whichever is less. The sign area allowed for a dynamic display is not in addition to the maximum sign area allowed for a wall, projecting or freestanding sign, but rather is counted as part of the maximum area of the wall, projecting or freestanding sign. Only one, contiguous dynamic display is allowed on a wall, projecting or freestanding sign face. Off-premise outdoor advertising signs that incorporate a dynamic display are subject to the dynamic display regulations of Section 60.100.

**F. Off-premise outdoor advertising signs.** Off-premise outdoor advertising signs are allowed only in compliance with regulations of this subsection (Subsection 60.080F.).

1. **Where allowed.** Off-premise outdoor advertising signs are a use allowed in commercial and industrial zoning districts but only when located in a freeway sign corridor. Off-premise outdoor advertising signs are a use allowed in corridor zoning districts when approved through the development plan approval process of Section 70.040 but may only be so approved when located in a freeway sign corridor. Off-premise outdoor advertising signs are prohibited in mixed-use zoning districts. Any waiver, modification, or variance to the regulations of Subsection 60.080F.1. is considered a use variance and is thereby prohibited in accordance with Subsection 70.130B.1.

2. **Maximum number and area.** The maximum number and area of allowed off-premise outdoor advertising signs is governed by the sign budget provisions of Subsection 60.080C.

3. **Maximum height.** Off-premise outdoor advertising signs may not exceed fifty (50) feet in height, except when the adjacent freeway is elevated ten (10) feet or more above grade in the location where the sign is to be located, in which case the off-premise outdoor advertising sign may not exceed sixty (60) feet in height or a maximum of twenty (20) feet in height above the centerline of the travel lanes of the freeway, whichever is greater.

4. **Orientation.** All off-premise outdoor advertising signs must be oriented to be primarily visible from the adjacent freeway.

5. **Required setbacks, spacing and separations.**
   a. All off-premise outdoor advertising signs must be separated by a minimum distance of one thousand two hundred (1,200) feet from any other off-premise outdoor advertising sign except when the subject signs are separated by and on opposite sides of the same freeway.
   b. Off-premise outdoor advertising signs must be separated by a minimum distance of one hundred fifty (150) feet from any public park.
   c. Off-premise outdoor advertising signs that are visible from an R or AG-R district (other than street, highway or freeway right-of-way) or from a designated residential development area must be separated from the R or AG-R district or residential development area by a minimum distance of one hundred fifty (150) feet if the sign does not exceed three hundred (300) square feet in area and by a distance of at least two hundred (200) feet if the sign is greater than three hundred (300) square feet in area.
   d. See Subsection 60.040B. for setback, spacing and separation regulations generally applicable to all signs.
6. **Number of sign faces.** Off-premise outdoor advertising signs may not have more than two (2) sign faces. See also Subsection 60.130A.3.
7. **Cutouts and extensions.** Cutouts or extensions are permitted and do not count in calculating the sign area of an off-premise outdoor advertising sign unless the cutouts or extensions exceed fifteen (15) percent of the sign face, in which case the cutout or extension area in excess of fifteen (15) percent of the sign face area does count.
8. **Posts and columns.** Off-premise outdoor advertising signs that are freestanding may not be supported by more than one post or column unless required by site engineering considerations, as certified by a registered professional engineer.
9. **Illumination.**
   a. Illumination on the face of any off-premise outdoor advertising sign may not exceed seventy (70) foot-candles.
   b. Any illumination must be by constant light unless otherwise expressly stated.
   c. No off-premise outdoor advertising sign may contain flashing, blinking or traveling lights or reflective glitter.
10. **Conversion.** A sign permitted as an off-premise outdoor advertising sign may not be converted to any other type of sign without first obtaining a permit. The reverse is also true.
11. **Dynamic displays.**
    a. Off-premise outdoor advertising signs that incorporate a dynamic display are subject to the dynamic display regulations of Section 60.100.
    b. No off-premise outdoor advertising sign with a dynamic display may be modified, extended, or enlarged until a permit has been issued for its installation and use as a dynamic display sign.
    c. The conversion of an off-premise outdoor advertising sign into an off-premise outdoor advertising sign with a dynamic display requires a permit as if it were an entirely new sign.

**d.** A nonconforming off-premise outdoor advertising sign may not be modified, changed or converted into a dynamic display off-premise outdoor advertising sign unless it complies with all requirements of this zoning code, and all setback, spacing and separation requirements have been verified.

*(Ord. No. 25604, §§ 12, 13, 6-18-2025)*

**Section 60.090. Signs in special districts.**

**A. AG and AG-R district.** See Section 60.050.

**B. PK district.** In addition to any sign exceptions allowed pursuant to Section 60.030, a maximum of one on-premise freestanding sign is allowed on a lot in a PK (Parking) zoning district. The freestanding sign may not exceed thirty-two (32) square feet in area or 0.20 square feet of sign area per linear foot of street frontage, whichever is greater, but in no case may the sign exceed one hundred fifty (150) square feet in area. The maximum sign area calculation must be based on the street frontage to which the sign is oriented.

**C. CO district.** Signs in CO districts are subject to same regulations that apply in commercial and industrial zoning districts (see Section 60.080). They are subject to review as part of development plan approval process (see Section 70.040).

**D. IMX district.**

**1. Applicability.** The regulations of this section apply to signs in all IMX zoning districts. See also the general regulations of Section 60.040.

**2. Signs allowed.** In addition to any sign exceptions allowed pursuant to Section 60.030, the following signs are the only signs allowed in IMX zoning districts:

**a.** Directional and way-finding signs;

**b.** On-premise building signature signs;

**c.** On-premise wall signs;

**d.** On-premise projecting signs;

**e.** On-premise canopy signs;

**f.** On-premise marquee signs; and

**g.** On-premise, monument-style ground signs.

**[THIS PAGE INTENTIONALLY LEFT BLANK]**

3. **Directional and way-finding signs.** Directional and way-finding signs for business establishments located in the IMX district may be permitted by special exception within the lot containing the use. Such signs are subject to conditions (including but not limited to regulation of the location, number, sign area and height of such signs) established by the board of adjustment in approving the special exception.
4. **On-premise wall signs, projecting signs, canopy signs, and marquee signs.**
   a. **When allowed.** On-premise wall, projecting, canopy and marquee signs are permitted only for business establishments located within the ground-floor level, second-floor level, and third-floor level of a building.
   b. **Business establishments.** For purposes of administering interpreting and enforcing the IMX district sign regulations of this section, the term "business establishment" means a space within a building occupied for a use permitted by right or special exception in the IMX district, except for residential uses.
   c. **Maximum number.**
      (1) A maximum of three (3) such signs are permitted for each business establishment located within the ground-floor level of a building and having a façade that faces a street.
      (2) A maximum of two (2) such signs are permitted for each business establishment located within the second-floor level or third-floor level of a building and having a façade that faces a street.
      (3) One additional such sign is permitted for each business establishment located within the ground-floor level, second-floor level or third-floor level of a building and occupying a corner space that faces two (2) streets. Such additional sign must be oriented toward the additional street.
      (4) Only one of the allowed signs may be projecting along each street-facing façade of the subject business establishment.
      (5) If the subject business establishment is identified on a ground sign that is permitted for the building in which the business establishment is located, the number of wall, projecting, canopy and marquee signs otherwise permitted for the business establishment is reduced by one for each ground sign in which the business establishment is identified.
   d. **Maximum area.** No individual projecting sign may exceed twelve (12) square feet in area, and no other individual sign may exceed sixty (60) square feet in area, provided that the total area of all on-premise wall, projecting, canopy and marquee signs permitted for a business establishment may not exceed ten (10) percent of the area of the street-facing façade of the subject business establishment.
   e. **Location and height.** Permitted on-premise wall, projecting, canopy and marquee signs must be located directly above the independent entrance to the subject business establishment identified on the sign or directly above or adjacent to windows in the street-facing façade of the business establishment and within the area of the street-facing façade of the building establishment, provided, however:
      (1) No portion of a sign permitted for a ground-floor level business establishment may be located more than thirty-five (35) feet above the elevation of the nearest curb.

(2) No portion of a sign permitted for a second-level or third-level business establishment may be located more than fifty (50) feet above the elevation of the nearest curb.

(3) No portion of any sign may extend above the top of a parapet or building wall upon which it is located.

**5. Ground signs.**

**a. When allowed.** Ground signs are permitted only for business establishments within a building containing more than twenty-five thousand (25,000) square feet of floor area.

**b. Maximum number.** If the building for which a ground sign is permitted faces only one street, a maximum of one ground sign is permitted. If the building faces two (2) or more streets, a maximum of two (2) ground signs is permitted, provided that each sign is oriented toward a different street.

**c. Size and height.** Ground signs may not exceed eighteen (18) feet in length and two (2) feet in depth, measured from the outer edges of the ground sign, and five (5) feet in height measured from the lowest point of the elevation of the nearest curb to the highest point of the ground sign.

**6. Building signature signs.**

**a.** A building signature sign is a sign that identifies the owner of the building or a business establishment located in the building that occupies more than fifty (50) percent of the floor area of the subject building.

**b.** Building signature signs are permitted only on buildings four (4) or more stories in height, provided no part of such sign may extend above the top of the parapet or building wall upon which it is located.

**c.** Only one building signature sign is permitted per exterior building wall.

**d.** The sign area of a building signature sign may not exceed five (5) percent of the area of the wall to which it is affixed or three hundred (300) square feet, whichever is less.

**e.** All sides of the building that display a building signature sign must contain the exact copy that is displayed on any other side of the building that displays a building signature sign.

**7. Prohibited signs.** In addition to the signs prohibited by Section 60.020, the following signs are expressly prohibited in the IMX district:

**a.** Off-premise outdoor advertising signs;

**b.** Dynamic displays;

**c.** Inflatable signs; and

**d.** Roof signs.

**E. MPD district.** Except as otherwise expressly allowed as part of an approved MPD development plan:

**1.** Residential development areas are subject to the sign regulations that apply to R districts; and

**2.** Nonresidential development areas are subject to the sign regulations that apply to CS districts.

## Section 60.100. Dynamic displays.

The supplemental regulations of this section apply to all signs with dynamic displays. Except as otherwise expressly stated, these regulations apply whether incorporated into off-premise outdoor advertising signs or on-premise signs that are allowed to include a dynamic display.

**A.** The images and messages displayed on a dynamic display must have a minimum dwell time of at least eight (8) seconds and may not contain any movement, animation, audio, video, pyrotechnics or other special effects.

**B.** The transition or change from one message to another must occur in one second or less and involve no animation or special effects.

**C.** The images and messages displayed must be complete in and of themselves within the required dwell time.

**D.** Dynamic displays may not be located within fifty (50) feet of the driving surface of a signalized intersection, measured horizontally in a straight line from the nearest point of the sign structure to the nearest point of the intersection.

**E.** Dynamic displays may not be located within or within twenty (20) feet of the driving surface of a street, measured horizontally in a straight line from the nearest point of the sign structure to the nearest point of the street curb or edge of the traveled roadway marked or understood as such.

**F.** Dynamic displays may not be located within two hundred (200) feet of any of the following: (1) an R or AG-R district (other than street, highway or freeway right-of-way); (2) a residential development area. This separation distance does not apply if the dynamic display is not visible from the referenced district, area or lot, and the requirements may be modified in R, AG, and AG-R districts if approved through the special exception process. Required separation distances must be measured horizontally in a straight line from the nearest point on a sign structure to the nearest point of an R or AG-R district or residential development area boundary.

**G.** Dynamic displays must be equipped with a default mechanism that freezes the display in one position or presents a static or blank display if a malfunction occurs.

**H.** Dynamic displays must be equipped with a light detector/photocell that automatically adjusts the display's brightness according to natural ambient light conditions.

**I.** The maximum brightness level of a dynamic display may not exceed six thousand five hundred (6,500) nits (candelas per square meter) during daylight hours or five hundred (500) nits between thirty (30) minutes after sunset and thirty (30) minutes before sunrise, as those times are determined by the National Weather Service (Actual Time). Brightness must be measured from the brightest element of the sign's face.

**J.** Any off-premise outdoor advertising sign that includes a dynamic display that was lawfully established before January 1, 2010, must be separated by a minimum distance of one thousand two hundred (1,200) feet from any other off-premise outdoor advertising sign that includes a dynamic display. This spacing limitation does not apply between signs separated by a freeway. The one thousand two hundred (1,200) foot distance must be measured in a straight line from the center of the subject sign structures, as located on the ground.

**K.** Except as provided in Subsection 60.100J., any off-premise outdoor advertising sign that includes a dynamic display and that was approved by a permit issued on or after January 1, 2009, must be separated by a minimum distance of one thousand two hundred (1,200) feet from any other off-premise outdoor advertising sign that includes a dynamic display facing the same traveled way. The one thousand two hundred (1,200) foot distance must be measured in a straight line from the center of the subject sign structures, as located on the ground.

*(Ord. No. 24725, §§ 20, 21, 11-17-2021)*

## Section 60.110. Administration.

**A.** Any person proposing to erect any sign requiring a sign permit must submit a sign permit application to the development administrator. Applications for such permit must be accompanied by detailed plans, including scaled drawings of the proposed sign, a detailed site plan and other information deemed necessary by the development administrator to determine compliance with applicable regulations.

**B.** Sign permit fees must be paid prior to the issuance of a sign permit.

**C.** If the work associated with a sign permit has not been completed within one hundred eighty (180) days of the date of the issuance of the permit, such permit will lapse and become null and void.

## Section 60.120. Nonconforming signs.

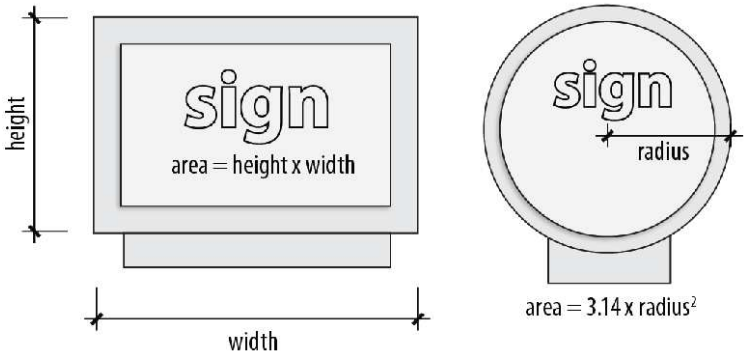
See Section 80.060.

## Section 60.130. Rules of measurement.

### A. Sign area.

**1. Signs enclosed in frames or cabinets.** The area of a sign enclosed in a frame or cabinet is determined based on the outer dimensions of the frame or cabinet surrounding the sign face (see Figure 60-2).

**Figure 60-2: Sign Area Measurement (Signs in Cabinets or Frames)**



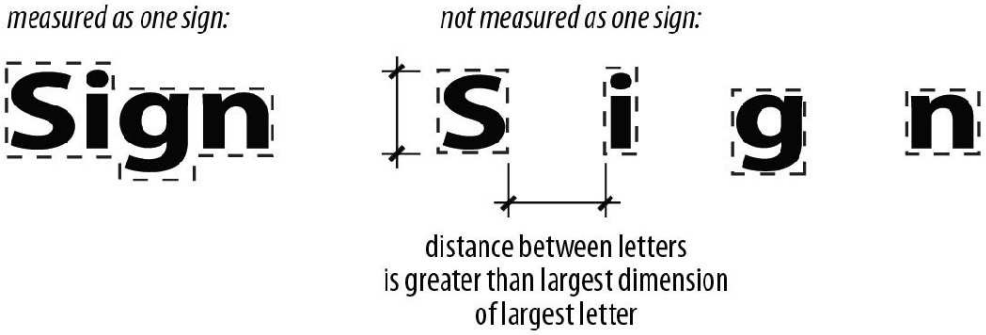
**2. Channel (individual) letter signs.**

**a.** The area of a sign comprised of individual letters or elements attached to a building wall is determined by calculating the area of the smallest geometric figure (e.g. square, rectangle, circle, polygon, etc.) that can be drawn around the letters and/or elements (see Figure 60-3).

**b.** Signs consisting of individual letters and/or elements will be measured as one sign when the distance between the letters and/or elements is less than the largest dimension of the largest sign letter (see Figure 60-4).

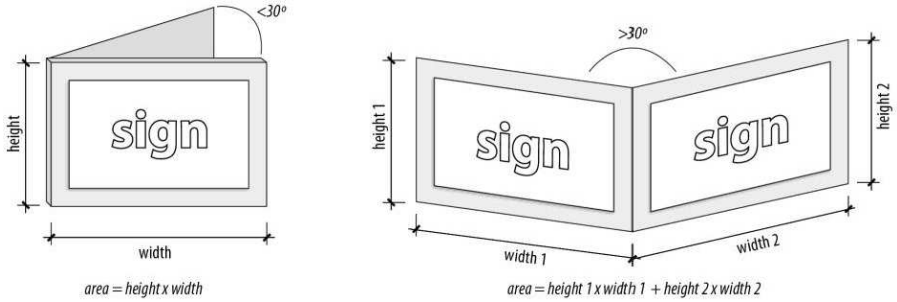
**Figure 60-3: Sign Area Measurement (Individual Letter Signs)**

**Figure 60-4: Sign Area Measurement (Single vs. Multiple Signs)**



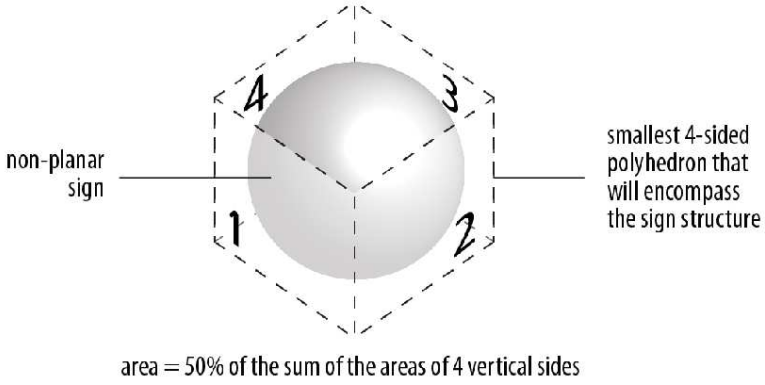
**3. Multi-sided signs.** Unless otherwise expressly stated, when the sign faces of a multi-sided sign are parallel or within thirty (30) degrees of parallel, only one side is counted for the purpose of determining the area and number of signs. If the sign faces are not parallel or within thirty (30) degrees of parallel, all sign faces are counted (see Figure 60-5).

**Figure 60-5: Multi-Sided Signs**



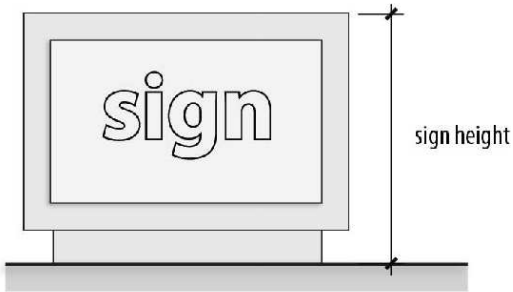
4. **Non-planar signs.** Spherical, free-form, sculptural or other non-planar sign area is measured as fifty (50) percent of the sum of the areas using only the four (4) vertical sides of the smallest four-sided polyhedron that will encompass the sign structure. Signs with greater than four (4) polyhedron faces are prohibited.

**Figure 60-6: Non-Planar Sign Measurement**



**B. Sign height.** The height of a sign is measured as the vertical distance from curb level to the highest point of the sign.

**Figure 60-7: Sign Height Measurement**



**C. Setback, spacing and separation distances.**

**1.** Required setback, spacing and separation distances between signs must be measured in a straight line from the nearest points on the respective sign structures. Required separation distances between signs and zoning districts, area or lots must be measured in a straight line from the nearest point on the sign structure to the nearest point of the subject district, area or lot.

**2.** The required separation distance between off-premise outdoor advertising signs must be measured in a straight line from the center of the respective off-premise outdoor advertising sign structures, as located on the ground.

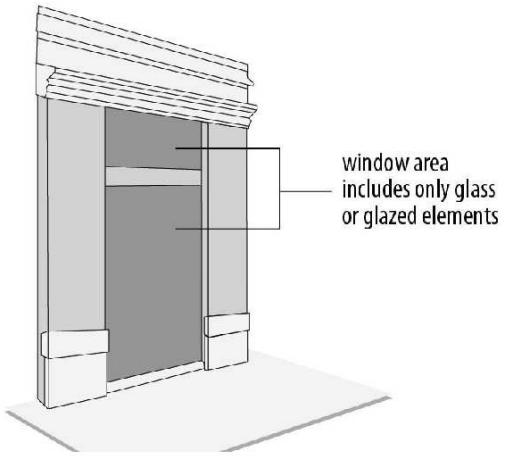
**D. Illumination and luminance.**

**1. Foot-candles.** Sign illumination in foot-candles is measured two (2) feet from the sign face.

**2. Nits.** For the purpose of verifying compliance with maximum brightness level limits expressed in "nits," brightness levels must be measured with the dynamic display set to run full white copy with a luminance meter positioned at a location perpendicular to the sign face center. When taking the luminance reading, the sign face must be the only subject visible in the viewfinder.

**E. Window area.** The area of a window includes only the glass or glazed elements of the window. Frames, mullions and similar features are not counted as part of the window area (see Figure 60-8).

**Figure 60-8: Measurement of Window Area**



**[THIS PAGE INTENTIONALLY LEFT BLANK]**

# CHAPTER 65. LANDSCAPING AND SCREENING

Section 65.010. Purposes.
Section 65.020. Principles.
Section 65.030. Applicability.
Section 65.040. Street trees.
Section 65.050. Interior parking lot landscaping.
Section 65.060. Vehicular use area buffers.
Section 65.070. Screening.
Section 65.080. Landscape and screening material.
Section 65.090. Landscape installation, irrigation and maintenance.
Section 65.100. Landscape plans.

## Section 65.010. Purposes.

**A. Landscaping and screening.** The landscaping and screening regulations of this chapter establish minimum requirements for landscaping and screening. The regulations are intended to advance the general purposes of this zoning code and to help:

**1.** Maintain and enhance the city's appearance;

**2.** Mitigate possible adverse impacts of higher intensity land uses abutting lower intensity land uses;

**3.** Reduce the impacts of noise and glare;

**4.** Maintain and improve air quality;

**5.** Protect surface water quality and reduce the negative impacts of stormwater runoff by reducing impervious surface area and providing vegetated areas that filter and retain greater amounts of stormwater on site;

**6.** Moderate heat by providing shade;

**7.** Encourage wise use of water resources;

**8.** Encourage preservation and replacement of existing trees and landscaping; and

**9.** Encourage greater use of low-impact development practices.

## Section 65.020. Principles.

The regulations of this chapter will be interpreted, administered and enforced in accordance with the following general principles:

**A.** Preservation of existing, healthy trees and shrubs is a top priority and is strongly encouraged.

**B.** Trees, shrubs, groundcover and turf must be the primary sources of landscaping and must be installed and maintained to reduce stormwater runoff and ensure safe visibility at intersections and points of vehicular access.

**C.** The design of landscape areas to promote low-impact development practices (e.g., bioretention basins, rain gardens, filter strips, and grassed swales) is strongly encouraged and may be used to satisfy the landscaping regulations of this zoning code, subject to compliance with all applicable standards of the Stormwater Management Criteria Manual.

**D.** The alternative compliance provisions of Subsection 65.100D. are intended to accommodate creativity in landscape and screening design and address site-specific barriers that prevent strict compliance with the regulations of this chapter.

### Section 65.030. Applicability.

The landscaping and screening regulations of this chapter apply as set forth in the individual sections of this chapter. The following are expressly exempt from the landscaping and screening regulations of this chapter:

**A.** Agricultural uses;

**B.** Public parks and open spaces;

**C.** Household living uses consisting of a single household on one lot or two households on one lot (existing or proposed); and

**D.** Reconstruction of any building that is damaged or destroyed by tornadoes, straight-line winds, ice storms, accidental fire, floods, hail, lightning, or other forces beyond the reasonable control of the property owner.

### Section 65.040. Street trees.

**A. Purpose.** Street trees help maintain and enhance the appearance of the city, contribute to pedestrian safety and comfort and offer environmental benefits by allowing the infiltration of stormwater, reducing urban heating and improving air quality.

**B. Applicability.** The street tree planting requirements of this section apply to all the following, except as otherwise expressly stated:

**1.** Construction of any principal building or non-accessory parking;

**2.** Any addition to or enlargement of an existing principal building when the addition or enlargement exceeds twenty (20) percent of the building's existing floor area; and

**3.** Any increase in impervious coverage on the subject lot that exceeds twenty (20) percent of the lot's existing impervious coverage.

**C. Requirements.**

**1. Number.** At least one large tree is required per thirty (30) feet of street frontage. If large trees are not appropriate due to the presence of overhead lines, other obstructions or site visibility considerations, as determined by the land use administrator, at least one small tree is required per twenty-five (25) feet of street frontage. Street tree requirements may be satisfied by the installation of new trees or by the preservation of existing trees (see Subsection 65.080B.4. to determine available incentives for preservation of existing trees). The tree list prepared by the planning director (see Subsection 65.080A.2.) identifies and classifies street trees by size.

**2. Location.**

**a.** Required street trees must be located on the subject property within twenty (20) feet of the planned street right-of-way unless the land use administrator determines that the presence of buildings or obstructions or other factors prevent viable tree planting within this area, in which case required street

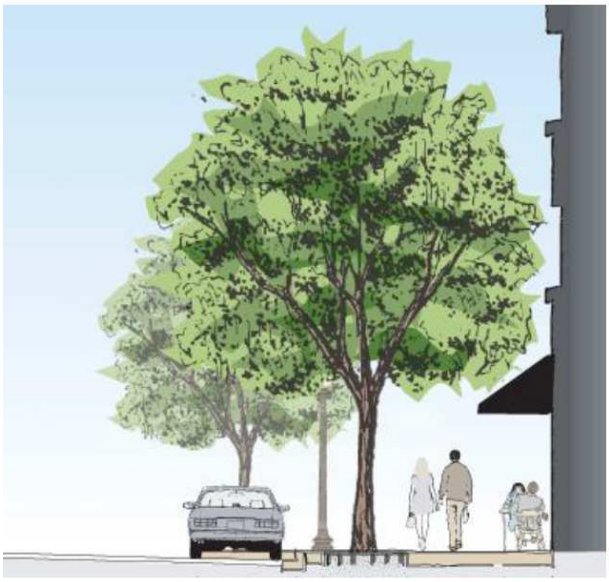
trees must be installed in the first seven (7) feet of the planned street right-of-way, as measured from the outer edge of the right-of-way. Street tree planting in the right-of-way must comply with the regulations of Title 35, Chapter 6 of the Tulsa Revised Ordinances.

**b.** The land use administrator is expressly authorized to approve an alternative compliance landscape plan for installation of street trees in alternative locations when circumstances prevent tree planting within the areas described in Subsection 65.040C.2.a. or when compliance with Subsection 65.040C.2.a. would result in a poor growing environment for the tree or damage to public or private improvements.

**3. Spacing.** Street trees are not required to be evenly spaced, but the distance between street trees may not exceed seventy-five (75) feet.

**4. Materials, installation and maintenance.** See Section 65.080 and Section 65.090.

**Figure 65-1: Street Tree**



## Section 65.050. Interior parking lot landscaping.

**A. Purpose.** The interior parking lot landscaping regulations of this section are intended to help mitigate the visual and stormwater runoff impacts of parking lots and provide shade for parked vehicles and pedestrians.

**B. Applicability.** Unless otherwise expressly stated, the interior parking lot landscaping regulations of this section apply to all the following:

**1.** The construction of any new principal building or addition to a principal building that increases the floor area of principal buildings on the subject lot by more than twenty (20) percent;

**2.** The construction or installation of any new parking lot containing ten (10) or more parking spaces; and

**3.** The expansion of any existing parking lot that increases the number of parking spaces or amount of paved area by more than thirty-three (33) percent.

**C. Exception.** Parking areas used solely for the display of motor vehicles for sale, lease or rental are exempt from the interior parking lot landscaping requirements of this section.

**D. Requirements.**

**1. Landscape area.**

**a.** At least thirty-five (35) square feet of interior parking lot landscape area must be provided for each parking space. If compliance with this regulation would result in the loss of required parking spaces, the amount of parking required is automatically reduced by the amount needed to accommodate the required interior parking lot landscape area.

**b.** When at least fifty (50) percent of interior parking lot landscape area consists of depressed bioretention areas used for stormwater management, the minimum interior parking lot landscape area requirement is reduced from thirty-five (35) square feet per parking space to twenty-eight (28) feet per parking space. To receive this bioretention credit, the stormwater harvesting area must be at least six (6) inches and not more than eighteen (18) inches in depth and planted with vegetation that can withstand periodic inundation.

**2. Trees and plant material.** Required interior parking lot landscape areas must include at least one large tree per ten (10) parking spaces. Small trees may be substituted for large trees if the land use administrator determines that the presence of overhead lines or other obstructions make the installation of large trees unsafe or impractical or would result in poor growing conditions. Minimum tree planting requirements may be satisfied by the installation of new trees or by the preservation of existing trees (see Subsection 65.080B.4. to determine available incentives for preservation of existing trees).

**3. Location and design.**

**a.** Interior parking lot landscaping must be reasonably distributed throughout the parking lot and provided in landscape islands or medians that comply with all the following requirements:

(1) They must be bordered by a paved surface on at least two (2) sides;

(2) They must be at least seven (7) feet wide, as measured from the back of the curb;

(3) They must include at least one tree per island and be covered with ground cover plants or mulch;

(4) They must be protected by curbs or other barriers, which may include breaks or inlets to allow stormwater runoff to enter the landscape island; and

(5) They must be located so that every parking space is within one hundred (100) feet of a tree.

**b.** Parking rows that end abutting a paved driving surface must have a landscape terminal island (end cap) at that end of the parking row. All other parking lot

landscape islands must be located to comply with all applicable regulations of this section. The regulations of Subsection 65.050D.3.a. apply to the landscape terminal island.

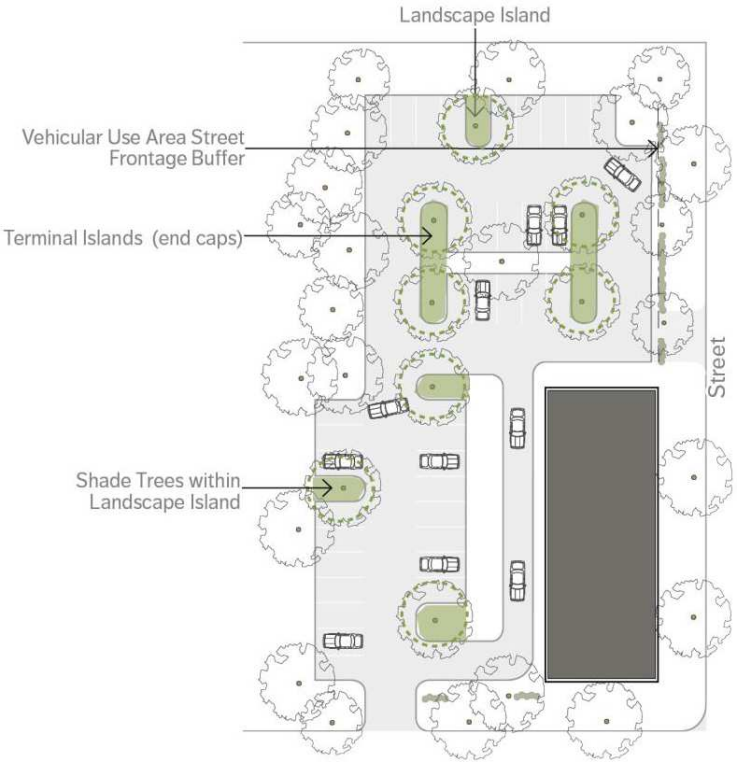
**c.** The land use administrator is expressly authorized to approve landscape plans that do not provide terminal islands at the end of each parking row or that otherwise provide for reduced dispersal of interior parking lot landscape areas when proposed landscape planting areas are combined to form functional bioretention areas or to preserve existing trees and vegetation.

**4. Vehicle overhangs.** A portion of a motor vehicle parking space may be landscaped instead of paved to meet interior parking lot landscaping requirements. The landscaped area may be up to two and one-half (2.5) feet of the front of the space, as measured from a line parallel to the direction of the bumper of the vehicle using the space. Groundcover plants or mulch must be provided in the allowed overhang area.

**5. Relationship to vehicular use area buffer regulations.** Landscape areas and plant material provided to satisfy the vehicular use area buffer regulations of Section 65.060 may not be counted toward satisfying the interior parking lot landscaping regulations of this section (Section 65.050).

**6. Materials, installation and maintenance.** See Section 65.080 and Section 65.090.

**Figure 65-2: Interior Parking Lot Landscaping**



## Section 65.060. Vehicular use area buffers.

**A. Purpose.** The vehicular use area buffer regulations of this section are intended to help mitigate the visual and operational impacts of parking lots and other vehicular use areas when such areas are adjacent to streets, highways, residential zoning districts, or agricultural-residential zoning districts.

**B. Applicability.** A "vehicular use area" is an area on a lot that is not contained within a garage or similar enclosed or partially enclosed structure that is designed and intended for use by motor vehicles, including parking lots, vehicle storage and display areas, loading areas; and driveways and drive-through lanes. Unless otherwise expressly stated, the vehicular use area buffer regulations of this section apply to all the following:

**1.** The construction or installation of any new vehicular use area with a contiguous paved area of three thousand five hundred (3,500) square feet or more; and

**2.** The expansion of any existing vehicular use area that results in the addition of three thousand five hundred (3,500) square feet of paved area, in which case the vehicular use area perimeter landscaping requirements of this section apply only to the expanded area.

**C. Requirements.**

**1. Street frontage buffers.**

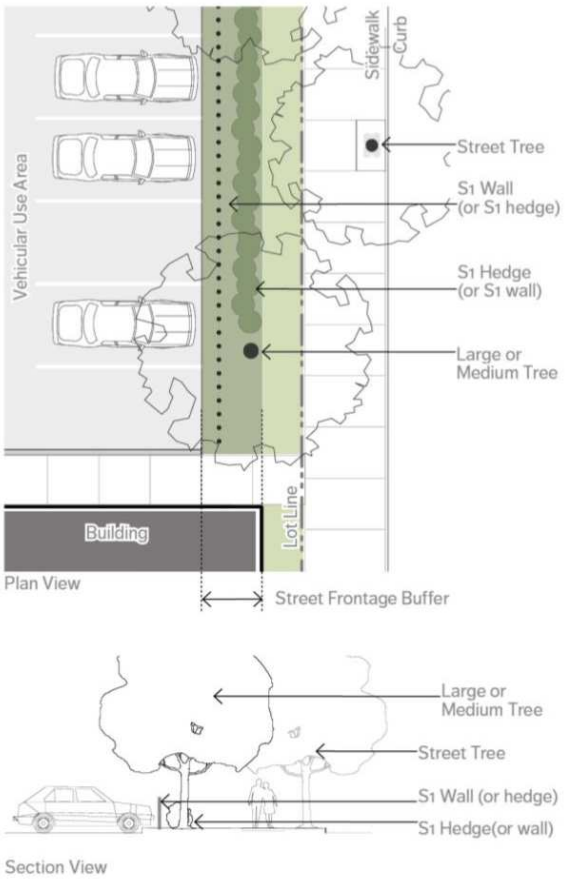
**a.** When a vehicular use area is located adjacent to a street or highway right-of-way, street frontage buffers must be provided in accordance with this subsection to physically and visually buffer the vehicular use area from the right-of-way.

**b.** Street frontage buffers are required only when the vehicular use area is located within one hundred (100) feet of the right-of-way and there are no intervening buildings between the vehicular use area and the right-of-way.

**c.** Except as expressly stated for vehicular use areas in the CBD zoning district (see Subsection 65.060C.1.d.), street frontage buffer areas must be at least seven (7) feet in width and include an S1 screen, in accordance with Subsection 65.070C.1.

**d.** In the CBD zoning district, required street frontage buffers must be at least three (3) feet in width and include an S1 screen, in accordance with Subsection 65.070C.1.

**Figure 65-3: Street Frontage Buffer**



**e.** Groundcover plants must be provided in all street frontage buffer areas not covered by fences or walls.

**f.** The vehicle overhang allowance of Subsection 65.050D.4. applies to parking spaces abutting street frontage buffers.

**2. R or AG-R District Buffers**

**a.** When a vehicular use area is located on a lot abutting an R- or AG-R-zoned lot, an R or AG-R district buffer must be provided in the form of an F1 screen, in accordance with Subsection 65.070-C2.

**b.** R or AG-R district buffers are required only when the vehicular use area is located within 100 feet of an abutting R- or AG-R-zoned lot and there are no buildings between the vehicular use area and the abutting R- or AG-R-zoned lot.

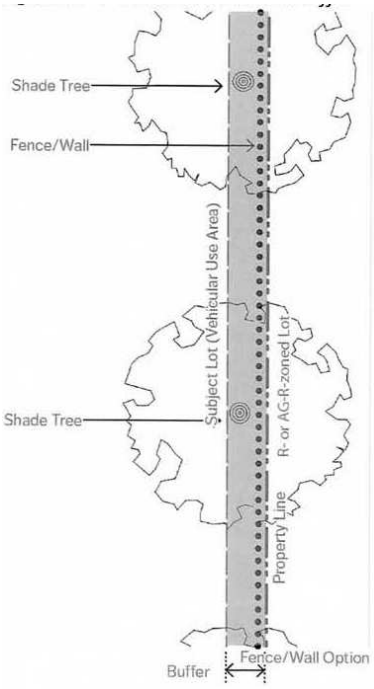
**c.** Groundcover plants must be provided in all R or AG-R district buffer areas that are not covered by fences or walls.

**d.** The vehicle overhang allowance described in Subsection 65.050-D4 applies to parking spaces abutting R or AG-R district buffers.

**3. Materials, installation and maintenance.** See Section 65.080 and Section 65.090.

*(Ord. No. 24382, §§ 5—8, 6-10-2020)*

**Figure 65-4: R and AG-R District Buffer**



## Section 65.070. Screening.

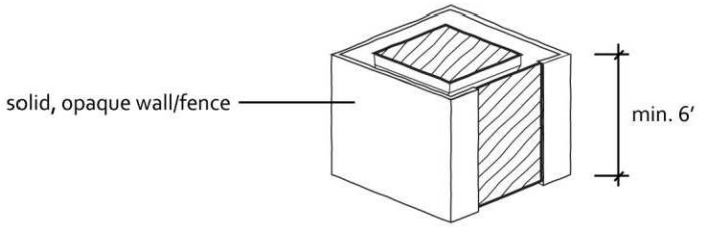
**A. Purpose.** Screening requirements are intended to partially or completely shield expressly identified uses and site features from view of abutting streets or other abutting lots.

**B. Features required to be screened.**

**1. General.** This subsection establishes screening requirements for several common site features that require visual separation from streets and abutting lots. Other uses, districts, structures and activity areas may also require screening in accordance with other provisions of this zoning code.

**2. Dumpsters.** All dumpsters must be screened from view of all street rights-of-way and R-zoned property, and AG-R zoned property. Screening of dumpsters located in alley rights-of-way is not required. Dumpsters may be screened from view by a principal structure or by an F1 screening fence or wall in accordance with Subsection 65.070C.2. When an F1 screening fence or wall encloses a dumpster on four (4) sides, one side of the storage area must be furnished with an opaque, lockable gate kept closed at all times except during waste deposit or collection. The gate must be located and constructed to allow for unobstructed access to each dumpster during collection.

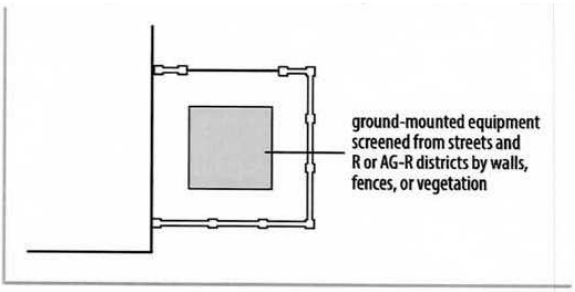
**Figure 65-5: Dumpster Screening**



**3. Mechanical Equipment.**

**a. Ground-mounted equipment.** Mechanical equipment located at ground level, such as heating or cooling equipment, pumps, or generators must be screened from view of the street and any abutting R or AG-R districts by walls, fences or vegetation. Screening must be at least as tall as the tallest part of the equipment required to be screened

**Figure 65-6: Screening of Ground-mounted Equipment**



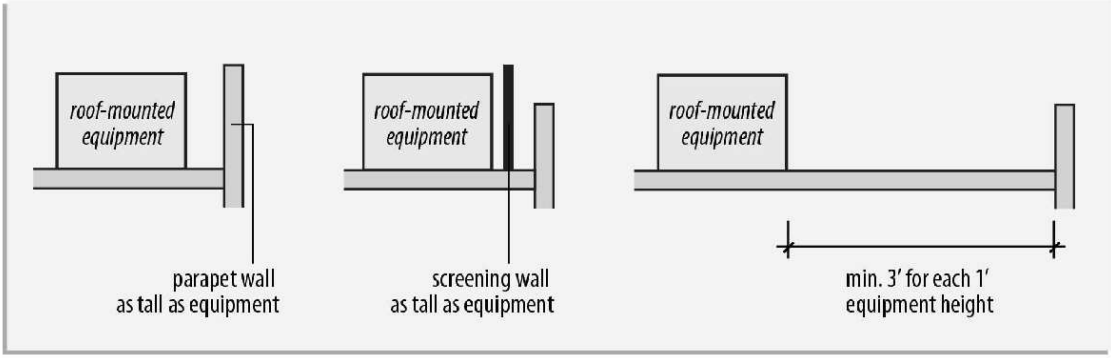
**b. Roof-mounted equipment.** Mechanical equipment placed on roofs must be screened in one of the following ways, if the equipment is within 50 feet of an R or AG-R zoning district:

(1) A parapet along facades facing the R or AG-R district that is as least as tall as the tallest part of the equipment;

(2) A screening fence or wall around the equipment that is as least as tall as the tallest part of the equipment required to be screened; or

(3) An equipment setback from roof edges facing the R or AG-R district by at least 3 feet for each one foot of equipment height.

**Figure 65-7: Screening of Roof-mounted Equipment**



## C. Type of screens.

### 1. S1, low-profile screen.

**a. Purpose.** The S1, low-profile screen is intended to help soften visual impacts of certain site features and provide an "urban edge" along lot borders and other site features, while maintaining some visibility of the areas required to be screened.

**b. Design.** The S1 screen requires shrubs planted to form a continuous visual barrier (hedge) at least three (3) feet in height. A screening wall with a minimum height of two and one-half (2.5) feet and a maximum height of three (3) feet may be substituted for the shrubs. Walls used to satisfy S1 screening requirements must be constructed of brick, stone, cast stone, formed concrete or similar durable, low-maintenance materials.

### 2. F1, screening fence or wall.

**a. Purpose.** An F1 screening fence or wall is required in those instances where a complete visual barrier is needed.

**b. Options.** F1 screening requirements may be met by either of the following options:

(1) The installation of an opaque fence at least six (6) feet in height and at least one tree per twenty-five (25) linear feet of fence; or

(2) The installation of a masonry wall with a minimum height of six (6) feet.

**c. Street setback.** When located in the required street setback, required F1 screening fences and walls may not exceed four (4) feet in height.

### 3. Materials, installation and maintenance.

See Section 65.080 and Section 65.090. Any tree planting requirements associated with F1 screens may be satisfied by the installation of new trees or by the preservation of existing trees (see Subsection 65.080B.4. to determine available incentives for preservation of existing trees).

**4. Modification of requirements.**

**a.** Applicable screening requirements may be waived or modified through the alternative compliance approval process (see Subsection 65.100D.) or through the special exception approval process when:

(1) Existing features provide a visual screen equivalent to the screening requirements of this section;

(2) The screening requirements cannot be achieved; or

(3) The screening is prohibited by other ordinances or regulations.

**b.** An extension of time to install required screening may be approved through the special exception approval process when the properties benefited by the screening are undeveloped.

**5. Screening or setbacks triggered by proximity to nonresidential areas/ features.** When a screening wall or fence or setback is required by this zoning code because a use abuts one or more R or AG-R districts, such wall, fence, or setback is not required if the actual use of the abutting R or AG-R district is a freeway, expressway, turnpike, nonresidential use; or a nonresidential development area. This exemption from screening does not apply to junk or salvage yards.

*(Ord. No. 24279, §§ 4, 5, 12-11-2019; Ord. No. 24382, §§ 9—12, 6-10-2020)*

## Section 65.080. Landscape and screening material.

### A. General.

**1. Applicability.** The regulations of this section apply to all trees, plant materials, and other features used to satisfy the landscaping and screening requirements of this zoning code.

**2. Tree list.** The planning director must annually prepare a list of recommended and prohibited tree species for use in administering and enforcing the regulations of this chapter.

**3. Selection.** Trees and plants used to satisfy the requirements of this zoning code must:

**a.** Meet or exceed the plant quality standards established in the latest edition of the American Standard for Nursery Stock (ANSI Z60.1);

**b.** Be native to North America or adapted for growing conditions in the Tulsa area, as determined by the land use administrator; and

**c.** Not be artificial plants or plants listed as prohibited species on the recommended and prohibited tree list.

**4. Planting areas.** All planting areas must have amended soil to help ensure the health of newly installed plant material.

### B. Trees.

**1. Types.** Unless otherwise expressly approved by the land use administrator, trees used to satisfy the tree planting requirements of this chapter must be selected from the recommended tree list (see also Subsection 65.080A.2.).

**2. Size.**

**a. New trees.** New or transplanted trees provided to satisfy the requirements of this zoning code must comply with the following minimum size requirements:

(1) Large trees must be deciduous, with a minimum caliper size of two (2) inches and a minimum height of twelve (12) feet at the time of installation.

(2) Medium trees must have a minimum caliper size of two (2) inches and a minimum height of eight (8) feet at the time of installation.

(3) Small trees must have a minimum caliper size of one and one-half (1.5) inches and a minimum height of six (6) feet at the time of installation.

(4) Evergreen trees must have a minimum height of six (6) feet at the time of installation.

**b. Overhead lines.** Trees to be installed below overhead lines must be selected from the list of small trees specified on the recommended and prohibited tree list or be otherwise expressly approved by the land use administrator.

**3. Species.** If more than ten (10) trees are required, no more than forty (40) percent may be of a single species. If more than twenty-five (25) trees are required, no more than twenty-five (25) percent may be of a single species. This requirement applies to trees being planted, not to existing trees.

**4. Existing (preserved) trees.**

**a.** Preserved trees will be credited toward satisfying the tree planting requirements of this zoning code in accordance with the regulations of this subsection (Subsection 65.080B.4.).

**b.** Credit will be given on the following basis:

(1) Preserved trees up to six (6) inches in diameter at breast height (DBH) will be credited as three (3) trees;

(2) Preserved trees larger than six (6) inches DBH, up to twelve (12) inches DBH will be credited as four (4) trees;

(3) Preserved trees that are more than twelve (12) inches DBH up to twenty-four (24) inches DBH will be credited as five (5) trees; and

(4) Preserved trees that are more than twenty-four (24) inches DBH will be credited at a ratio of ten (10) trees.

**c.** The tree preservation incentive credits provided in this subsection (Subsection 65.080B.4.) may not be used to reduce the number of trees required by this chapter by more than fifty (50) percent.

**d.** To receive tree preservation credit, the following additional conditions must be met:

(1) Preserved trees for which credit is given must be in good health and condition and may not be prohibited species;

(2) The original grade of the dripline area of a preserved tree may not be changed; and

(3) Tree protection fencing must be installed around the outer limits of the dripline area and remain in place from commencement of construction activity until all exterior work is complete. Tree protection fencing must

consist of orange vinyl construction fencing, chain link fencing, snow fencing or other similar fencing at least forty-two (42) inches in height and supported at no more than ten-foot intervals by posts or stakes to keep the fence upright and in place. A visible warning/no-disturb sign must be affixed to fence at one hundred-foot intervals.

**e.** The land use administrator is expressly authorized to reduce off-street parking requirements to allow for the preservation of existing trees.

**f.** If healthy, preserved trees are removed, they must be replaced by the number trees for which credit was given.

**g.** If preserved trees die or are lost to storms or natural causes within one year of the date of approval of the landscape plan, they must be replaced by the number trees for which credit was given. If preserved trees die or are lost to storms or natural causes beyond one year of the date of approval of the landscape plan, they must be replaced by an equal number of trees (1:1 basis).

**C. Shrubs.**

**1. New shrubs.**

**a.** Deciduous shrubs must have a minimum container size of five (5) gallons.

**b.** Evergreen shrubs must have a minimum container size of five (5) gallons.

**c.** Shrubs may also be balled and burlapped.

**d.** If more than seventy-five (75) shrubs are required, no more than forty (40) percent may be of a single species.

**2. Existing (preserved) shrubs.** Existing shrubs may be used to satisfy the landscaping and screening requirements of this zoning code if protected and maintained during site development and construction phases of work and if such plants are not otherwise prohibited.

**D. Ground cover.**

**1.** All required landscape areas that are not planted with trees or shrubs must be covered with ground cover plants, which may include turf. Mulch must be confined to areas underneath trees and shrubs and is not an allowed substitute for ground cover.

**2.** Ground cover plants other than turf must be minimum four-inch pot or plug size. Areas planted in ground cover other than turf must be planted at distances appropriate for the species and at a density that will achieve complete coverage after the second full growing season.

**E. Mulch.** All required trees and shrubs must be located within a mulched area and be separated from turf by a minimum distance of two (2) feet (four-foot diameter mulched area). Mulch must be applied to provide a two-inch (minimum) to four-inch (maximum) soil cover, with no weed barrier material visible.

**F. Fences and walls.** Unless otherwise expressly stated, fences and walls provided to meet the regulations of this chapter are subject to the regulations of this subsection.

**1.** Fences must durable and constructed with materials that are customarily used for fences, including wood, decorative rigid vinyl (polyvinyl chloride), metal or wrought iron. Fence posts must be structurally stable.

**2.** The finished side of all fences other than tree protection fences must face the adjacent property or street. Chain-link fencing may not be used to satisfy the regulations of this chapter.

**3.** Walls, raised planting beds and planters must be constructed of brick, stone or other durable masonry material approved by the land use administrator.

*(Ord. No. 24382, §§ 13, 14, 6-10-2020; Ord. No. 24725, § 22, 11-17-2021)*

## Section 65.090. Landscape installation, irrigation and maintenance.

**A. Installation.**

**1.** Required landscaping must be installed in accordance with an approved landscape plan.

**2.** All trees and plant material must be installed in accordance with sound nursery practices, in a manner designed to encourage vigorous growth.

**3.** All newly installed trees must be staked.

**4.** Trees and plant material suitable for planting must be balled and burlapped or container grown. Planting areas should be at least twice the diameter of the root system or the container.

**5.** All landscaped areas that are adjacent to pavement must be protected with curbs or equivalent barriers. Flush curbs, curb cuts, or other methods must be used to direct stormwater to landscape areas that abut paved areas.

**6.** Landscaping may not obstruct traffic visibility at street intersections or driveways and must comply with the intersection sight distance regulations of Title 24 (§103.A) of the Tulsa Revised Ordinances as well as AASHTO (American Association of State Highway and Transportation Officials) guidelines.

**7.** The city is not liable for any damage to above-ground or below-ground improvements or landscaping within the public right-of-way, even when such damage or destruction is the direct result of government action. When landscaping is placed or installed within the public right-of-way, the city has no obligation to replace or repair such landscaping if removed or damaged by city field operations or other governmental functions. The city also has no obligation to maintain above ground or below ground improvements or landscaping within the public right-of-way.

**B. Protection.** All landscape areas provided to meet the requirements of this zoning code must be protected from potential damage by adjacent uses and development, including parking and storage areas.

**C. Irrigation.**

**1.** All required landscaped areas must be provided with irrigation in accordance with one of the following two (2) options:

**a.** A permanent irrigation system with a controller to tailor watering schedules to weather and site conditions; or

**b.** A temporary irrigation system that provides enough water to ensure that all trees and plants will become established.

**2.** Irrigation systems must comply with all applicable building and plumbing codes.

**D. Timing of installation.**

**1.** All required landscaping and appurtenances, except trees, must be installed prior to the issuance of a final certificate of occupancy.

**2.** All required trees must be installed within one hundred twenty (120) days after issuance of a final certificate of occupancy or temporary certificate of occupancy.

**E. Certificate of installation.** Within a CO, PUD or MPD district or whenever a mandatory or optional development plan is approved, certification of installation of required landscaping must be provided as required by any express provisions of the CO, PUD or MPD district or mandatory or optional development plan approval that was granted. In all other cases, within one hundred twenty (120) days of the issuance of a certificate of occupancy or temporary certificate of occupancy, written certification by the owner of the property, an architect, landscape architect or engineer licensed to do business in the State of Oklahoma must be submitted to the city stating that all landscaping and appurtenances have been installed in accordance with the approved landscape plan.

**F. Maintenance.**

**1.** Required landscaping and screening must be continuously maintained, including necessary watering; weeding; pruning; pest control; litter and debris clean-up; and replacement of dead, diseased or damaged plant material.

**2.** Failure to comply with an approved landscaping plan, including failure to maintain required landscaping and screening and failure to replace dead, diseased or damaged landscaping, constitutes a violation of this zoning code and is subject to penalties and enforcement under Chapter 85.

**3.** The property owner is responsible for maintenance of trees and landscaping in accordance with the approved landscape plan and the regulations of this zoning code. Any dead, diseased or damaged trees, landscaping or screening materials must be removed and replaced by the property owner. Property owners are also responsible for replacing or restoring required landscaping that is damaged or destroyed as a direct result of government action or lawful action of a franchise utility provider.

## Section 65.100. Landscape plans.

**A. Preparation of landscape plan.**

**1.** Except as expressly stated in Subsection 65.100A.2., required landscape plans must be accompanied by written certification from an architect, landscape architect or engineer licensed to practice in the State of Oklahoma, that the landscape plan is in conformance with the minimum requirements of this chapter.

**2.** Required landscape plans for properties that (a) are subject to an approved mandatory or optional development plan or (b) have a lot area of more than twenty thousand (20,000) square feet and are occupied by buildings with a combined gross floor area of more than fifteen thousand (15,000) square feet, must be sealed and signed by a landscape architect licensed to practice in the State of Oklahoma.

**B. Required information.** All building permit applications for sites requiring landscaping must include a landscape plan that complies with the landscape plan submittal requirements specified by the development administrator. Such submittal requirements must be in writing and made available to the public.

**C. Administrative review.** After receipt of a complete landscape plan, the development administrator must:

**1.** Approve the landscape plan as complying with the requirements of this chapter;

**2.** Approve the landscape plan with conditions of approval that will bring it into compliance with the requirements of this chapter; or

**3.** Reject the landscape plan as failing to comply with the requirements of this chapter.

**D. Alternative compliance landscape and screening plans.**

**1.** To accommodate creativity in landscape and screening design and to allow for flexibility in addressing site-specific development/redevelopment challenges, the land use administrator is authorized to approve alternative compliance landscape plans sealed by a landscape architect licensed to practice in the State of Oklahoma. In order to approve an alternative compliance landscape plan, the land use administrator must determine that one or more of the following conditions or opportunities are present:

**a.** The subject site has space limitations, an unusual shape or other factors that make strict compliance with applicable landscaping and screening regulations impossible or impractical;

**b.** Physical conditions on or adjacent to the site such as topography, soils, vegetation or existing structures or utilities are such that strict compliance is impossible, impractical or of no value in terms of advancing the general purposes of this chapter;

**c.** Safety considerations such as intersection visibility, utility locations, etc., make alternative compliance necessary; or

**d.** Creative, alternative landscape plans will provide an equal or better means of meeting the intent of the landscaping and screening regulations of this chapter.

**2.** The land use administrator is expressly authorized to approve alternative compliance landscape plans for projects implementing low-impact development practices or seeking sustainable development or green building certification from nationally recognized organizations, such as the International Code Council, the U.S. Green Building Council, the International Living Future Institute, the U.S. Green Building Initiative or SITES, as follows:

**a.** Sites implementing low-impact development (LID) practices that comply with the City of Tulsa Stormwater Management Criteria Manual are expressly authorized for approval through the alternative compliance provisions of this section.

(1) LID plans must be sealed by a landscape architect licensed to practice in the State of Oklahoma.

(2) LID development solutions may be provided in the street right-of-way, subject to approval by all applicable city bodies, departments and agencies. Such improvements must be maintained by the adjoining property owner.

(3) All aspects of an LID project, including permeable pavement, bioretention

areas, rain gardens, filter strips, grassed swales, green roofs, wetlands, natural stream restoration or preservation will be considered part of the approved alternative compliance landscape plan.

**b.** Plans for sites for which property owners are seeking sustainable development or green building certification from nationally recognized organizations may be approved as alternative compliance landscape plans.

(1) Landscape plans must be sealed by a landscape architect licensed to practice in the State of Oklahoma.

(2) Landscape improvements may be provided in the street right-of-way, subject to approval by all applicable city bodies, departments and agencies. Such improvements must be maintained by the adjoining property owner.

(3) All proposed aspects of the proposed certification, including hardscape material selections, site lighting, grey water irrigation systems and other components of the site may be considered as part of the approved alternative compliance landscape plan.

**[THIS PAGE INTENTIONALLY LEFT BLANK]**

## CHAPTER 67. OUTDOOR LIGHTING

Section 67.010. Purposes.
Section 67.020. Applicability and exemptions.
Section 67.030. General standards.
Section 67.040. Lighting plans.
Section 67.050. Measurement of illumination.

### Section 67.010. Purposes.

The outdoor lighting regulations of this chapter are intended to help ensure adequate lighting for motorized and nonmotorized travelers; provide for the efficient use of energy; and reduce the impacts of nuisance lighting and glare on nearby areas.

### Section 67.020. Applicability and exemptions.

The outdoor lighting regulations of this section apply to all outdoor lighting installed after the effective date specified in Section 1.030, except that they do not apply to any of the following:

**A.** Outdoor lighting on lots occupied by residential buildings containing fewer than four (4) dwelling units;

**B.** Public street lights;

**C.** Airport runway and aviation safety lights required by the FAA (e.g., warning lights on radio, communication and navigation towers);

**D.** Spotlighting of official government flags if the spotlighting is contained within the area of the flag;

**E.** Outdoor lighting used exclusively for and during public recreational activities, sporting events at stadiums and ball fields or other outdoor public spaces or venues;

**F.** Outdoor lighting used for emergency equipment and work conducted in the interest of law enforcement or for public health, safety or welfare;

**G.** Outdoor lighting in association with special events approved by the city council;

**H.** Outdoor lighting used for a temporary use lasting no more than ten (10) days;

**I.** Lighting fixtures with a light output of no more than one thousand (1,000) lumens; and

**J.** Temporary holiday light displays.

### Section 67.030. General standards.

All outdoor lighting must comply with the following general standards:

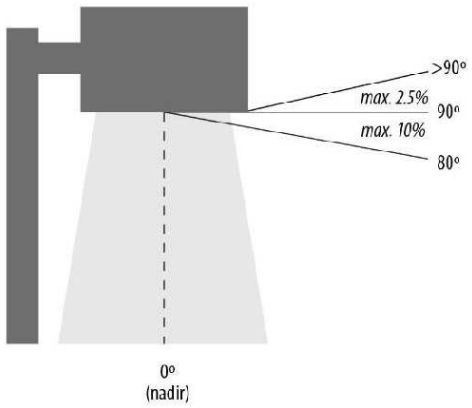
**A. Canopy-mounted lights.** Recessed fixtures must be used in all under-canopy lighting. No lamps, reflectors, refractors or focusing or diffusing may extend below the underside of the canopy surface.

**B. Arrangement and shielding.**

**1.** Lighting must be installed to shield and direct light away from abutting lots that are not under common ownership or control with the lot on which the lights are located. Shielding must be designed and installed to ensure that the light-producing element of the fixture is not visible from on the abutting property, as measured five (5) feet above grade.

**2.** Light-producing elements must be concealed or shielded with cutoffs so that no more than two and one-half (2.5) percent of the light emitted directly from the lamp or indirectly from the fixture is projected at an angle of more than ninety (90) degrees above nadir and no more than ten (10) percent of the light emitted directly from the lamp or indirectly from the fixture is projected at an angle of more than eighty (80) degrees above nadir.

**Figure 67-1: Required Shielding**



**C. Spillover light.** Light trespass along the lot line of the subject property may not exceed 0.5 foot-candles when abutting an agricultural, agricultural-residential or residential zoning district and may not exceed 3.0 foot-candles when abutting any other zoning district or public right-of-way. Maximum illumination levels are measured three (3) feet above grade or from the top of any opaque screening fence or wall along the property line.

*(Ord. No. 24382, § 15, 6-10-2020)*

## Section 67.040. Lighting plans.

**A. General.** Outdoor lighting plans demonstrating compliance with the standards of this section are required with the submittal of a site plan. If no outdoor lighting is proposed, a note must be placed on the face of the site plan indicating that no outdoor lighting will be provided. Applicants have two (2) options for the format of the required lighting plan:

**1.** Submit a lighting plan that complies with the fixture height lighting plan requirements of Subsection 67.040B.; or

**2.** Submit a photometric plan demonstrating that compliance will be achieved using taller fixture heights, in accordance with Subsection 67.040C.

**B. Option 1: Fixture Height Standard Lighting Plan.** Option 1 (Fixture Height Standard Lighting Plans) establishes maximum light fixture heights but does not require submittal of a detailed photometric plan.

**1. Information required.**

**a.** Fixture height standard lighting plans must include at least the following: A scale drawing of the site with all outdoor lighting locations shown;

**b.** Fixture specifications, including catalog cut-sheets or generic standards;

**c.** Pole type and height of fixture;

**d.** Lamp type and size; and

**e.** Fixture mounting and orientation.

**2. Maximum Fixture Heights.** Allowable heights of light fixtures must be measured from the light-emitting surface to finished grade at the base of the pole. Maximum allowed light fixture heights are based on the (ground-level) horizontal distance between the light fixture and any agricultural, agricultural-residential or residential zoning district or public right-of-way, as established in Table 67-1:

**Table 67-1: Maximum Light Fixture Heights**

| Distance from AG District, AG-R District, R District or Public Right-of-Way (feet) | Maximum Fixture Height (feet) |
|---|---|
| 0—50 | 16 |
| 50.01—250 | 20 |
| More than 250 | 35 |

**C. Option 2: Photometric Study.** Under Option 2 (Photometric Study Lighting Plan) no maximum fixture heights are established, but applicants are required to submit a photometric study in enough detail to demonstrate that all applicable outdoor light standards will be met. The photometric study must include at least the following:

**1.** A scale drawing of the site with all outdoor lighting locations shown;

**2.** Fixture specifications, including catalog cut-sheets or generic standards;

**3.** Lamp type and size;

**4.** Fixture mounting heights, mounting orientation, and tilt angles if applicable; and

**5.** A representative point-by-point illumination array for the site showing property lines and all off-site lighting impacts.

*(Ord. No. 24382, § 16, 6-10-2020)*

## Section 67.050. Measurement of illumination.

Light levels must be measured with a direct-reading, portable light meter, calibrated annually by an independent laboratory regularly engaged in the calibration of such instruments. The meter's sensor must be located at the top of the visual screening fence or wall along on the property line (or at a height of three (3) feet above finished grade at the property line if there is no fence or wall), aimed towards the subject property in horizontal position. Readings must be recorded after the value has stabilized. Measurements are made after establishment of darkness with the light sources to be measured illuminated, and then with those light sources extinguished. The difference between these two (2) readings must then be compared to the maximum allowed illumination at the property line. In this way, contributions to light levels by the moon and other ambient light sources are eliminated and the light intensity from the subject light sources can be accurately determined.

**[THIS PAGE INTENTIONALLY LEFT BLANK]**

## CHAPTER 70. REVIEW AND APPROVAL PROCEDURES

Section 70.010. Common provisions.
Section 70.020. Zoning code text amendments.
Section 70.030. Zoning map amendments (rezonings).
Section 70.040. Development plans.
Section 70.050. Site plans.
Section 70.060 Historic Preservation (HP) zoning map amendments.
Section 70.070. HP permits.
Section 70.080. Zoning clearance and permits.
Section 70.090. Interpretations of zoning code, zoning map, and approved development plans and site plans.
Section 70.100. Administrative adjustments.
Section 70.110. Spacing and separation distance verification.
Section 70.120. Special exceptions.
Section 70.130. Variances.
Section 70.140. Appeals of administrative decisions.

### Section 70.010. Common provisions.

**A. Applicability.** The common provisions of this section apply to all of the procedures in this chapter unless otherwise expressly stated.

**Table 70-1: Review and Decision-making Authority Summary Table**

| Procedure | Staff | Preservation Commission | Planning Commission | Board of Adjustment | City Council | Public Notice |
|---|---|---|---|---|---|---|
| Zoning Code Text Amendments | R | - | (R) | - | (DM) | N[7] |
| Zoning Map Amendments (Non-HP) | R | - | (R) | - | (DM) | N, M, P[7] |
| Development Plans | R | - | (R) | - | (DM) | N, M, P[7] |
| Site Plans | DM[1] | - | - | - | - | - |
| Historic Pres. (HP) Zoning Map Amendments | R | R | (R) | - | (DM) | N, M, P[7] |
| HP Permits | R[2] | DM[2] | - | - | - | - |
| Zoning Code Interpretations | DM[3] | - | - | - | - | - |
| Spacing and Separation Distance Verification | DM[4] | - | - | - | - | - |
| Special Exceptions | - | - | - | (DM) | - | N, M, P[5] |
| Variances | - | - | - | (DM) | - | N, M |
| Appeals of Administrative Decisions | - | - | - | (DM)[6] | - | N, M |

R = Review body (review and recommendation) DM = Decision-making body (final decision to approve or deny)
() = Public hearing required
Hearing Notice: N = Newspaper; M = Mail; P = Posting (signs)

Table 70-1 Notes:

**[1]** Unless alternative site plan review procedure/decision-maker is established by city council at time of development plan approval (see Subsection 70.050C.).

**[2]** Preservation officer (staff) authorized to act on some applications (see Subsection 70.070K.).

**[3]** Development administrator authorized to issue written interpretations.

**[4]** Development Administrator authorized to verify spacing and separation distance requirements.

**[5]** Special notice requirements for minor special exceptions (See Subsection 70.120E.).

**[6]** Appeals of administrative decisions on site plans go to the planning commission.

**[7]** Notice required for planning commission public hearing but not for city council public hearing.

**B. Review and decision-making authority (summary table).** Table 70-1 provides a summary of the review and approval procedures of this chapter. In the event of conflict between this summary table and the detailed procedures contained elsewhere in this chapter, the detailed procedures govern.

**C. Applications and fees.**

**1. Owner-initiated applications.** Whenever the provisions of this zoning code allow the filing of an application by the owner of the subject property, that application must be filed by all record title owners of the real properties that are the subject of the application or the property owners' authorized agent.

**2. Pre-application meetings.**

**a. Purpose.** Pre-application meetings provide an early opportunity for staff and applicants to discuss the procedures, standards and regulations required for development approval under this zoning code.

**b. Applicability.** Pre-application meetings are required whenever the provisions of this zoning code expressly state that they are required. They are encouraged in all cases.

**c. Scheduling.** Pre-application meetings must be scheduled with the land use administrator.

**d. Guidelines.** The land use administrator is authorized to establish guidelines for pre-application meetings, including information that should be provided and any available alternatives to face-to-face meetings, such as telephone conversations and email correspondence.

**3. Form of application.**

**a.** Applications required under this zoning code must be submitted in a form and in such numbers as required by the official responsible for accepting the application. Applications must include materials and information to assist authorized review and decision-making bodies in their consideration of the application, including at least the following:

(1) A list of the names and addresses of all owners of record of the property that is the subject of the application; and

(2) Maps, plats, surveys, dimensioned site plans, engineering documents, environmental reports, traffic studies, and other materials and information, as required by this zoning code or application checklists established by the official responsible for accepting the application. Application forms and submittal requirements must be made available to the general public.

**4. Application filing fees and notification costs.** All applications must be accompanied by the application fee that has been established by the city council and by an amount to cover the costs of required public hearing notices and publication.

**5. Application completeness, accuracy and sufficiency.**

**a.** An application will be considered complete and ready for processing only if it is submitted in the required number and form, includes all required information and is accompanied by the required application filing and notification fees.

**b.** The official responsible for accepting the application must make a determination of application completeness within ten (10) business days of application filing.

**c.** If an application is determined to be incomplete, the official responsible for accepting the application must provide notice to the applicant along with an explanation of the application's deficiencies. Notice of an incomplete application may be provided by personal service, electronic mail or first-class mail.

**d.** No further processing of incomplete applications will occur and incomplete applications will be pulled from the processing cycle. When the deficiencies are corrected, the application will be placed in the first available processing cycle. If the deficiencies are not corrected by the applicant within sixty (60) days, the application will be deemed to have been withdrawn.

**e.** Applications deemed complete will be considered to be in the processing cycle and will be reviewed by staff and other review and decision-making bodies in accordance with applicable review and approval procedures of this zoning code.

**f.** The official responsible for accepting the application may require that applications or plans be revised before being placed on an agenda for possible action if the land use administrator determines that:

(1) The application or plan contains one or more significant inaccuracies or omissions that hinder timely or competent evaluation of the plan's/application's compliance with zoning code requirements or other regulations;

(2) The application contains multiple minor inaccuracies or omissions that hinder timely or competent evaluation of the plan's/application's compliance with zoning code requirements or other regulations; or

(3) The decision-making body does not have legal authority to approve the application.

**D. Application processing cycles.** The land use administrator and other officials responsible for accepting applications, after consulting with review and decision-making bodies, is authorized to promulgate reasonable cycles and timelines for processing applications, including deadlines for receipt of complete applications.

**E. Neighbor communications.**

**1.** Neighbor communications are encouraged by the board of adjustment, planning commission and city council to help:

**a.** Educate applicants and neighbors about one another's interests;

**b.** Resolve issues in a manner that respects those interests; and

**c.** Identify unresolved issues before initiation of formal public hearings.

**2.** Applicants are encouraged to submit a summary of their neighbor communication activities at or before the first required public hearing. The recommended content of such summaries is as follows:

**a.** Efforts to notify neighbors about the proposal (how and when notification occurred, and who was notified);

**b.** How information about the proposal was shared with neighbors (mailings, work-shops, meetings, open houses, flyers, door-to-door handouts, etc.);

**c.** Who was involved in the discussions;

**d.** Suggestions and concerns raised by neighbors; and

**e.** What specific changes (if any) were considered and/or made as a result of the neighbor communications.

**F. Public hearing notice.**

**1. Newspaper notice.** Whenever the procedures of this chapter require that newspaper notice be provided, the notice must be published in a newspaper of general circulation within the City of Tulsa.

**2. Mailed notice.**

**a.** Whenever the procedures of this chapter require that notices be mailed, the notices must be sent by United States Postal Service first class mail.

**b.** Addresses must be based on property ownership information from the county assessor's office. When required notices have been properly addressed and deposited in the U.S. mail, alleged failure of a party to receive the mailed notice does not constitute grounds to invalidate any action taken.

**3. Posted notice.**

**a.** Except as expressly stated in Subsection 70.010F.3.b., when the procedures of this chapter require that posted notice be provided, at least one notice sign must be posted on each public street frontage abutting the subject property in locations plainly visible to passers-by. If the subject application includes an area with more than one thousand (1,000) feet of street frontage on a single street, at least one sign must be posted for each one thousand (1,000) feet of street frontage or fraction thereof on that street.

**b.** When the city initiates a zoning map amendment in order to ensure consistency with its comprehensive plan or to implement land use and zoning policies in areas that require special attention due to topography, geography, or other distinguishing features, such as floodplain, drainage, historic preservation, or blight, the land use administrator is authorized to designate the number and location of posted notice signs. The locations must be within the area proposed for rezoning, be plainly visible to passers-by and provide reasonable posted notice.

**4. Content of notice.** All required public hearing notices must:

**a.** Indicate the date, time and place of the public hearing that is the subject of the notice;

**b.** Describe any property involved in the application by map, street address or by legal description, provided that a map must be included in the newspaper notice for any zoning map amendment;

**c.** Describe the action sought in the application or proposal;

**d.** Identify who will conduct the hearing; and

**e.** Indicate where additional information on the matter can be obtained.

**5. Constructive notice.**

**a.** Minor defects in required notices will not be deemed to impair the notice or invalidate proceedings pursuant to the notice. Minor defects in notice are limited to errors in a legal description or typographical or grammatical errors that do not impede communication of the notice to affected parties. If questions arise at the hearing regarding the adequacy of notice, the hearing body must make a formal finding about whether there was substantial compliance with the notice requirements of this zoning code.

**b.** When the records of the city document the publication, mailing, and posting of notices as required by this chapter, required notice of the public hearing will be presumed to have been given.

**6. Courtesy notice.**

**a.** ln addition to otherwise required notices of public hearings, the land use administrator must endeavor to provide one or more of the following forms of additional courtesy notice of public hearings required under this zoning code:

(1) Mailing notices to registered neighborhood and resident organizations whose boundaries include or are abutting the subject property;

(2) Posting notices in city hall or in other government buildings; or

(3) Publishing notice on the city or planning commission website.

**b.** Failure to provide any form of courtesy notice that is not required under this zoning code or any defect in courtesy notice that is provided does not invalidate impair, or otherwise affect any application, public hearing or decision rendered in respect to the matter under consideration.

**G. Hearing procedures.**

**1.** At required public hearings, interested persons must be permitted to submit information and comments, verbally or in writing. The hearing body is authorized to establish reasonable rules and regulations governing the conduct of hearings and the presentation of information and comments. The required city council public hearing may be conducted under the council agenda classification "Authorities, Boards and Commissions" or under any other agenda classification deemed appropriate by the City Council.

**2.** Once commenced, a public hearing may be continued by the hearing body. No re-notification is required if the continuance is set for specified date and time and that date and time is announced at the time of the continuance.

**3.** If a public hearing requiring notice is continued or postponed for an indefinite period of time from the date of the originally scheduled public hearing, new public hearing notice must be given before the rescheduled public hearing. If the applicant requests and is granted a continuance or postponement requiring renotification, the applicant must pay any costs of renotification.

**H. Action by review bodies and decision-making bodies.**

**1.** In taking action under the procedures of this chapter, review and decision-making bodies must act by simple majority vote of a quorum, unless otherwise expressly stated. Unless otherwise expressly stated "simple majority vote" means a simple majority vote of a quorum.

**2.** Review and decision-making bodies may take any action that is consistent with:

**a.** The regulations of this zoning code;

**b.** Any rules or by-laws that apply to the review or decision-making body; and

**c.** The notice that was given.

**3.** In acting on zoning map amendments, review and decision-making bodies are expressly authorized to recommend and approve a less intensive zoning district classification than the zoning district that was described in required public notices (see "less intensive zoning district" in Section 95.150).

**4.** Review and decision-making bodies are authorized to continue a public hearing or defer action in order to receive additional information or further deliberate.

**I. Conditions of approval.** When the procedures of this chapter authorize approval with conditions, review bodies, including staff, are authorized to recommend conditions and decision-making bodies are authorized to approve the subject application with conditions. Any conditions recommended or approved must relate to a situation likely to be created or aggravated by the proposed use or development and must be roughly proportional to the impacts of the use or development.

**J. Decision-making criteria; burden of proof or persuasion.** Applications must address relevant review and decision-making criteria. In all cases, the burden is on the applicant to show that an application or proposal complies with all applicable review or approval criteria.

**K. Required time-frames for action.** Any time limit specified in this zoning code for any decision or action on behalf of a review or decision-making body may be extended if the applicant agrees to an extension. Unless otherwise expressly stated, if a review or decision-making body does not render a decision or take action within any time period required under this zoning code and the applicant has not agreed to an extension of that time limit, the application is deemed denied.

*(Ord. No. 24725, § 23, 11-17-2021; Ord. No. 25055, §§ 8—10, 5-24-2023)*

**Section 70.020. Zoning code text amendments.**

**A. Authority to file.** Amendments to the text of this zoning code may be initiated only by the city council, planning commission or land use administrator.

**Figure 70-1: Zoning Code Text Amendment Process (Generally)**

**B. Review and recommendation—Land use administrator.** The land use administrator must prepare a report and recommendation on the proposed zoning code text amendment. The report must be transmitted to the planning commission before its public hearing on the proposed amendment.

**C. Notice of hearing.** Notice of the planning commission's required public hearing on a zoning code text amendment must be published in the newspaper at least twenty (20) days before the scheduled public hearing (see Subsection 70.010F. for additional information on newspaper notices).

**D. Hearing and recommendation—Planning commission.** The planning commission must hold a public hearing on the proposed zoning code text amendment. Following the close of the public hearing, the planning commission must act to recommend that the proposed text amendment be approved, approved with modifications, or denied and transmit its report and recommendations to the city council. Motions to approve, approve with modifications or deny zoning code text amendments may be approved by a simple majority vote. If the planning commission arrives at a tie vote, the application must be forwarded to the city council with the notation of the tie vote.

**E. Final action—City council.** Following receipt of the planning commission's report and recommendation, the city council must hold a public hearing and act to approve the proposed zoning code text amendment, approve the proposed text amendment with modifications or deny the proposed text amendment. The city council is also authorized to remand the proposed text amendment back to the planning commission for further consideration. Zoning code text amendments may be approved by a simple majority vote.

**F. Review and approval criteria.** The decision to amend the zoning code text is a matter of legislative discretion that is not controlled by any one standard. In making recommendations and decisions about zoning code text amendments, review and decision-making bodies must consider all relevant factors, including at least the following:

**1.** Whether the proposed text amendment is in conformity with the policy and intent of the comprehensive plan; and

**2.** Whether the proposed zoning code text amendment corrects an error or inconsistency or is necessary or desirable to meet the challenge of a changed or changing condition.

**G. Applicability.**

**1.** All amendments to the text of this Zoning Code must be processed in accordance with the provisions of this section, except as stated in Subsection 70.020G.2.

**2.** The Land Use Administrator, in consultation with the city legal department, is authorized to correct typographical errors, reference errors, spelling errors, formatting errors, and errors in section, page, table, and figure numbering, without following the zoning code text amendment procedures of this section. The changes necessary to correct such errors may not change the meaning or regulations of the Zoning Code.

*(Ord. No. 24725, § 24, 11-17-2021)*

## Section 70.030. Zoning map amendments (rezonings).

**A. Authority to file.** Amendments to the zoning map may be initiated only by the city council, the planning commission, the owner of the real property that is the subject of the proposed zoning map amendment or by the property owner's authorized agent.

**Figure 70-2: Zoning Map Amendment Process (Generally)**

**B. Application filing.** Property owner-initiated applications for zoning map amendments must be filed with the land use administrator. Property owners have the option of filing applications for zoning map amendments with or without a development plan. If the applicant elects to submit a development plan concurrently with a zoning map amendment application, the development plan procedures of Section 70.040 govern review and approval of the development plan.

**C. Review and recommendation—Land use administrator.** Following receipt of a complete zoning map amendment application or initiation of zoning map amendment by the planning commission or the city council, the land use administrator must prepare a report and recommendation on the proposed zoning map amendment. The report must be transmitted to the planning commission before its public hearing on the proposed amendment.

**D. Notice of hearing.** Notice of the planning commission's required public hearing on a zoning map amendment must be provided as follows (see Subsection 70.010F. for additional information on required newspaper, mail and posted notices):

**1. Newspaper notice.** Notice must be published in the newspaper at least twenty (20) days before the scheduled public hearing.

**2. Mailed notice.** Notice must be mailed to all owners of property included within the area that is the subject of the proposed zoning map amendment and all owners

of property within three hundred (300) feet of the subject property at least twenty (20) days before the scheduled public hearing. Mailed notice is not required for city-initiated rezonings proposed as a means of revising the comprehensive plan or official map or designating areas that require specific land use development due to topography, geography or other distinguishing features, including but not limited to floodplain, drainage and blighted areas.

3. **Posted notice.** Notice (signs) must be posted at least twenty (20) days before the scheduled public hearing.

**E. Hearing and recommendation—Planning commission.**

1. Following receipt of a complete application for a zoning map amendment or initiation of a zoning map amendment by the planning commission or city council, the planning commission must hold a public hearing on the proposed amendment. Following the close of the public hearing, the planning commission must act to recommend that the proposed amendment be approved, approved with modifications, or denied.
2. All proposed zoning map amendments initiated by the city council or the planning commission must be transmitted to the city council within fifteen (15) days of the date of planning commission action.
3. A property owner-initiated zoning map amendment recommended for approval or approval with modifications must be transmitted to the city council within fifteen (15) days of the date of planning commission action.
4. A property owner-initiated application recommended for denial by the planning commission may not be considered further unless the applicant, within fifteen (15) days of the date of the planning commission's action, files a written request with the city clerk and the recording secretary of the planning commission for a public hearing by the city council. The request for hearing must be accompanied by the payment of the required filing fee. Upon notice of a request for a public hearing before the city council, the planning commission must transmit the application and its report and recommendations to the city council.
5. Motions to approve, approve with modifications or deny zoning map amendments may be approved by a simple majority vote. If the planning commission arrives at a tie vote, the application must be forwarded to the city council with the notation of the tie vote.

**F. Final action—City council.**

1. Following receipt of the planning commission's recommendation, the city council must hold a public hearing on the application and act to approve the proposed zoning map amendment, approve the proposed amendment with modifications, including approval of a less intensive zoning district, or deny the proposed amendment. The city council is also authorized to remand the proposed zoning map amendment back to the planning commission for further consideration.
2. Zoning map amendments may be approved by a simple majority vote, except as stated in Subsection 70.030G.

**G. Protest petitions.**

1. If a valid protest petition is filed against any proposed zoning map amendment, passage of the zoning map amendment requires a favorable vote of three-fourths of the members of the entire city council.

2. A protest petition will be deemed valid if it is signed by the owners of twenty (20) percent or more of the area of the lots included in the proposed zoning map amendment or by the owners of fifty (50) percent or more of the area of the lots within three hundred (300) feet of the area included in the proposed zoning map amendment and if it meets the other regulations of this Subsection 70.030G. Areas designated as right-of-way shall not be included in the calculation. The city council will determine sufficiency of a protest petition if its validity is challenged.
3. A written protest petition opposing a zoning map amendment must be submitted to the land use administrator at least three (3) business days before the city council's vote.
4. The protest petition must identify the zoning case number for which the protest is filed and must state that it is a formal protest of the proposed zoning map amendment.
5. Persons signing the protest petition must be at least 18 years of age and must hold record title to their properties, as shown in the land records of the Tulsa County Clerk. If a lot is owned jointly by more than one owner, all owners must sign the protest petition. If a lot is owned by a trust, the trustee must sign, noting that he or she signs "as trustee". If there is more than one trustee, and no single trustee is authorized to sign, then all the trustees must sign. If a lot is owned by a corporation, the president or a vice-president or the chair or vice chair of the board of directors, must sign. If a lot is owned by a limited liability company, a manager must sign. If a lot is owned by any other legal entity, the person signing the protest petition must be someone authorized by that entity to convey title to land.
6. Persons signing the protest petition must indicate the street address of the lot owned. If no street address is assigned, a legal description (lot and block of a subdivision, metes and bounds description of unplatted tracts) or a map must be provided.
7. If a protest petition contains multiple signature pages, each page must contain the same protest language. Signatures must be the normal cursive signature of the person signing and should be accompanied by the legibly printed or typed name of the person signing. The name of the person signing must be the same as the name of that person as shown in the land records of the Tulsa County Clerk.
8. A protest petition may not be amended, supplemented or corrected subsequent to the deadline for filing the petition.

**H. Review and approval criteria.** The decision to amend the zoning map is a matter of legislative discretion that is not controlled by any single standard or criterion. In making recommendations and decisions on zoning map amendments, review and decision-making bodies must consider all relevant factors, including at least the following:

1. Whether the proposed zoning map amendment is consistent with the policy and intent of comprehensive plan; and
2. Whether the proposed zoning map amendment corrects an error or inconsistency or is necessary or desirable to meet the challenge of a changed or changing condition.

## Section 70.040. Development plans.

**A. Purpose.** Development plans are required with some property owner-initiated rezonings and are optional with other property owner-initiated rezonings. Their purpose is

to depict a property owner's generalized plan for the type, amount and character of development proposed on the subject property. By providing greater certainty about development proposals, development plans provide review and decision-making bodies with additional information on which to base rezoning decisions.

**B. Applicability.**

1. **Mandatory.** Development plans are required (mandatory) for Corridor (CO) district zoning map amendments and Master Planned Development (MPD) zoning map amendments. They are also required for major amendments to existing Planned Unit Developments (PUDs). In acting on mandatory development plans, the planning commission is authorized to recommend and the city council is authorized to approve use and development limitations that comply with, are more restrictive than or, as may be permitted by the respective CO, MPD, or PUD provisions of this code, are less restrictive than the base zoning district regulations and otherwise applicable standards of this zoning code.
2. **Optional.** Property owners may elect to submit a development plan with any zoning map amendment application. The optional development plan process is also used to process proposals to provide access to lots via a private street. In acting on optional development plans, the planning commission is authorized to recommend and the city council is authorized to approve use and development limitations that are at least as restrictive or are more restrictive than the base zoning regulations. Optional development plans may not be used to obtain relief from otherwise applicable zoning code regulations.

**C. Application filing.** Complete applications for development plan approval must be filed with the land use administrator concurrently with a zoning map amendment application.

**D. Review and recommendation—Land use administrator.** Following receipt of a complete application, including the required development plan, the land use administrator must prepare a report and recommendation. The report must evaluate the proposed development plan in light of all applicable standards and approval criteria. The report must also include a description of any development plan modifications or conditions of approval that would help ensure the development plan complies with applicable standards and approval criteria. The land use administrator's report must be transmitted to the planning commission before the required public hearing.

**E. Notice of hearing.** Notice of the planning commission's required public hearing must be provided as follows (see Subsection 70.010F. for additional information on required newspaper, mail and posted notices).

1. **Newspaper notice.** Notice must be published in the newspaper at least twenty (20) days before the scheduled public hearing.
2. **Mailed notice.** Notice must be mailed to the owner of the subject property and all owners of property within three hundred (300) feet of the subject property at least twenty (20) days before the scheduled public hearing. Notice for straight zoning constitutes notice for optional development plans.
3. **Posted notice.** Notice (signs) must be posted at least twenty (20) days before the scheduled public hearing.

**F. Hearing and recommendation—Planning commission.**

**1.** Within sixty (60) days of the date of filing of a complete application for development plan approval, the planning commission must hold a public hearing to consider the proposed development plan. Following the close of the public hearing, the planning commission must act to recommend that the proposed development plan be approved, approved with modifications, or denied.

**2.** A development plan application recommended for approval or approval with modifications must be transmitted, with the report and recommendation of the planning commission, to the city council within fifteen (15) days of the date of planning commission action.

**3.** A development plan application recommended for denial by the planning commission, will be deemed denied and will not be considered further unless the applicant, within fifteen (15) days of the date of the planning commission's action, files a written request with the city clerk and with the recording secretary of the planning commission for a public hearing by the city council. The request for hearing must be accompanied by the payment of the required filing fee. Upon notice of a request for a public hearing before the city council, the planning commission must transmit the development plan application and its report and recommendations to the city council.

**4.** If the planning commission arrives at a tie vote, the application must be forwarded to the city council with a notation of the tie vote.

**G. Final action—City council.**

**1.** Following receipt of the planning commission's recommendation, the city council must hold a public hearing on the development plan and act to approve the proposed development plan, approve the proposed development plan with modifications or deny the proposed development plan. The city council is also authorized to remand the proposed development plan back to the planning commission for further consideration.

**2.** Development plans may be approved by a simple majority vote, except that any accompanying zoning map amendment may require a super-majority vote, as stated in Subsection 70.030G.

**H. Requirement for filing of site plan.**

**1.** Unless a longer time period or a phasing plan is approved at the time of approval of a mandatory development plan, a complete application for site plan approval must be filed within five (5) years of the date of mandatory development plan approval. If an application for site plan approval is not filed within the time required, no further site plans may be approved for the project until the subject property owner has filed the original or amended development plan for re-review and reconsideration by the planning commission and city council. Such re-review and reconsideration must follow the mandatory development plan review procedures of this zoning code. Following re-review and reconsideration, the planning commission is authorized to recommend and the city council is authorized to approve any of the following actions based on surrounding land use patterns and other relevant information presented at the time of reconsideration by the planning commission and city council:

**a.** An extension of time for filing a site plan;

**b.** An amendment to the approved mandatory development plan; or

**c.** Rezoning to another zoning district in accordance with the zoning map amendment procedures of Section 70.030.

**2.** The site plan filing deadline established in Subsection 70.040H.1. does not apply to optional development plans or to PUD or CO district development plans approved before the effective date specified in Section 1.030. The site plan filing deadline established in Subsection 70.040H.1. does apply to any major amendments to PUD or CO district development plans approved after the effective date specified in Section 1.030.

**I. Amendments to approved development plans.**

**1. Minor amendments.**

**a.** The planning commission is authorized to approve amendments to approved development plans as minor amendments if the planning commission determines that substantial compliance is maintained with the approved development plan. The following is a non-exhaustive list of changes that may be considered as minor amendments:

(1) Any deviation expressly authorized at the time of development plan approval;

(2) The relocation or addition of customary accessory uses and structures;

(3) Adjustment of internal development area boundaries, provided the allocation of land to particular uses and the relationship of uses within the project are not substantially altered;

(4) Limitation or elimination of previously approved uses, provided the character of the development is not substantially altered;

(5) Modification of the internal circulation system that would not increase points of access from adjacent streets, change access to another street or increase projected traffic volumes;

(6) Lot splits that have been reviewed and approved in accordance with the subdivision and development regulations;

(7) Modifications to approved signage, provided the size, location, number and type of signs is not substantially altered;

(8) Modification to approved screening and landscaping plans, provided the modification is not a substantial deviation from the original approved plan;

(9) Changes reducing the number of permitted dwelling units, the amount of nonresidential floor area or the area covered by buildings or paved areas; and

(10) Reductions in off-street parking or loading by more than ten (10) percent or one space, whichever results in a greater reduction.

**b.** In those cases when the city council has expressly imposed a condition more restrictive than recommended by the planning commission, any amendment of that city council-imposed condition must be reviewed and approved by the city council.

**c.** Notice of the Planning Commission's public hearing on a development plan minor amendment request must be provided at least ten (10) days in advance of the hearing by mailing written notice to all owners of property within a three hundred-foot radius of the exterior boundary of the subject property.

**d.** If the planning commission determines that the proposed development plan amendment, if approved, will result in a significant departure from the approved development plan or otherwise significantly change the character of the subject area or that the cumulative effect of a number of minor amendments substantially alters the approved development plan, then the amendment must be deemed a major amendment to the development plan and processed as a new development plan following the development plan approval procedure of Section 70.040, including all requirements for fees, notices and hearings.

**2. Appeal of development plan minor amendment decisions.** An appeal from any development plan minor amendment decision by the planning commission may be taken by any person aggrieved, or any taxpayer or any officer, department, board or bureau of the city. Appeals are made to the city council by filing notice of appeal with the city clerk and with the recording secretary of the planning commission within ten (10) days of the date of the decision being appealed. The appeal must specify the grounds of the appeal. No bond or deposit for costs are required for an appeal. Upon filing of the notice of appeal, the planning commission must transmit to the city council, the original or certified copies of all the papers constituting the record in the case, together with the decision of the planning commission. The city council must notify the applicant and all interested parties, as recorded in the minutes of planning commission, of the appeal hearing location, date and time.

**3. Major amendments.** Any amendment to an approved development plan that is not authorized as a minor amendment must be processed as a new development plan following the development plan approval procedure of Section 70.040, including all requirements for fees, notices and hearings.

*(Ord. No. 24725, § 25, 11-17-2021)*

**Section 70.050. Site plans.**

**A. Applicability.** Site plan approval is required before the issuance of any permits for development or construction on any property included within the boundaries of any approved development plan and whenever a provision of this zoning code expressly states that site plan approval is required.

**B. Application filing.** Complete applications for site plan approval must be filed with the land use administrator. At a minimum, the application must include a site plan, landscape plan and sign plan.

**C. Review and action by land use administrator; appeals.**

**1.** Unless otherwise required by the city council as a condition of approval of a development plan, the land use administrator is authorized to review and take action on site plans. The land use administrator must approve the site plan if it complies (as applicable) with an approved development plan, all conditions of development plan approval and all applicable regulations of this zoning code. If the

submitted site plan does not comply with an approved development plan, any conditions imposed on that plan or applicable regulations of this zoning code, the land use administrator must disapprove the site plan and advise the landowner in writing of the specific reasons for disapproval.

**2.** If the land use administrator does not approve the site plan, the landowner may either: (1) resubmit the site plan to correct the plan's inconsistencies and deficiencies, or (2) within sixty (60) days of the date of notice of disapproval, appeal the decision of the land use administrator by filing a notice of appeal with the recording secretary of the planning commission. If such an appeal is filed, the site plan must be reviewed by the planning commission following the hearing and notice requirements that apply to minor amendments of approved development plans (see Subsection 70.040I.1.c.). The planning commission's decision may be appealed following the procedures of Subsection 70.040I.2.

**D. Effect of approval.** Approval of a site plan must occur before any building permits are issued. Site plan approval, in and of itself, does not constitute effective dedication of rights-of-way or any other public improvements. See also the zoning clearance permit provisions of Section 70.080.

## Section 70.060 Historic Preservation (HP) zoning map amendments.

**A. Scope.** The HP zoning procedures of this section govern the establishment, amendment or repeal of any HP zoning district.

**Figure 70-3: HP District Zoning Map Amendment Process (Generally)**

**B. Authority to file.** HP zoning map amendments may be initiated only by the city council, the planning commission, the preservation commission or the owner of the real property that is the subject of the proposed zoning map amendment or the property owner's authorized agent.

**C. Application filing.** Complete applications for privately initiated HP zoning map amendments must be filed with the land use administrator.

**D. Notice of meeting and hearing.** Notice of the preservation commission's meeting to consider an HP zoning map amendment must be given in accordance with the preservation commission's rules and regulations. Notice of the planning commission's required public hearing on an HP zoning map amendment must be provided as follows (see Subsection 70.010F. for additional information on required newspaper, mail and posted notices).

**1. Newspaper notice.** Notice must be published in the newspaper at least twenty (20) days before the planning commission's public hearing.

2. **Mailed notice.** Notice must be mailed to all owners of property included within the area that is the subject of the proposed HP zoning map amendment and all owners of property within three hundred (300) feet of the subject property at least twenty (20) days before the planning commission's public hearing. In addition to other information required in hearing notices (see Subsection 70.010F.), mailed notice for an HP zoning map amendment must include a statement indicating that upon approval of HP zoning, activities such as the erection, construction, reconstruction, renovation, alteration, painting, removal, or demolition of a building, structure or lot will trigger the need for the subject property owner to obtain an HP permit, regardless of whether a building permit is required for such work.

3. **Posted notice.** Notice (signs) must be posted at least twenty (20) days before the planning commission's public hearing.

**E. Review and recommendation—Preservation commission.** The preservation commission must hold a public meeting and receive public comments on the HP zoning map amendment. After the public meeting, the preservation commission must prepare a report and recommendation on the proposed HP zoning map amendment in accordance with the general overlay district procedure described in Subsection 20.010D. The report and recommendation must also include specific findings regarding the proposed map amendment's consistency with the HP zoning criteria of Subsection 70.060J. The preservation commission's report and all other pertinent information must be transmitted to the planning commission before the planning commission's public hearing on the proposed HP zoning map amendment.

**F. Hearing and recommendation—Planning commission.**

1. The planning commission must hold a public hearing on all proposed HP zoning amendments. Following the close of the public hearing, the planning commission must act to recommend that the proposed HP zoning map amendment be approved, approved with modifications, or denied.

2. All proposed HP zoning map amendments initiated by the city council, the planning commission or the preservation commission must be transmitted to the city council within fifteen (15) days of the date of planning commission action.

3. A property owner-initiated HP zoning map amendment recommended by the planning commission for approval or approval with modifications must be transmitted to the city council within fifteen (15) days of the date of planning commission action.

4. A property owner-initiated HP application recommended for denial by the planning commission, may not be considered further unless the applicant, within fifteen (15) days of the date of the planning commission's action, files a written request with the city clerk for a public hearing by the city council. The request for hearing must be accompanied by the payment of the required filing fee. Upon notice of a request for a public hearing before the city council, the planning commission must transmit the application and its report and recommendations to the city council.

5. If the planning commission arrives at a tie vote, the application must be forwarded to the city council with a notation of the tie vote.

**G. Final action—City council.**

**1.** Following receipt of the planning commission's recommendation, the city council must hold a public hearing on the application and act to approve the proposed HP zoning map amendment, approve the proposed amendment with modifications or deny the proposed amendment. The city council is also authorized to remand the proposed HP zoning map amendment back to the planning commission for further consideration.

**2.** HP zoning map amendments may be approved by a simple majority vote, except as stated in Subsection 70.060H.

**H. Protest petitions.**

**1.** If a valid protest petition is filed against any proposed HP zoning map amendment, passage of the zoning map amendment requires a favorable vote of three-fourths of the members of the entire city council.

**2.** A protest petition will be deemed valid if it is signed by the owners of twenty (20) percent or more of the area of the lots included in proposed HP zoning map amendment area or by the owners of fifty (50) percent or more of the area of the lots within three hundred (300) feet of the area included in the proposed HP zoning map amendment area and if it meets the other regulations of this Subsection 70.060H. Areas designated as right-of-way shall not be included in the calculation. The city council will determine sufficiency of a protest petition if its validity is challenged.

**3.** A written protest petition opposing an HP zoning map amendment must be submitted to the land use administrator at least three (3) business days before the city council's vote.

**4.** The protest petition must identify the zoning case number for which the protest is filed and must state that it is a formal protest of the proposed HP zoning map amendment.

**5.** Persons signing the protest petition must be at least 18 years of age and must hold record title to their properties, as shown in the land records of the Tulsa County Clerk. If a lot is owned jointly by more than one owner, all owners must sign the protest petition. If a lot is owned by a trust, the trustee must sign, noting that he or she signs "as trustee". If there is more than one trustee, and no single trustee is authorized to sign, then all the trustees must sign. If a lot is owned by a corporation, the president or a vice-president or the chair or vice chair of the board of directors, must sign. If a lot is owned by a limited liability company, a manager must sign. If a lot is owned by any other legal entity, the person signing the protest petition must be someone authorized by that entity to convey title to land.

**6.** Persons signing the protest petition must indicate the street address of the lot owned. If no street address is assigned, a legal description (lot and block of a subdivision, metes and bounds description of unplatted tracts) or a map must be provided.

**7.** If a protest petition contains multiple signature pages, each page must contain the same protest language. Signatures must be the normal cursive signature of the

person signing and should be accompanied by the legibly printed or typed name of the person signing. The name of the person signing must be the same as the name of that person as shown in the land records of the Tulsa County Clerk.

**8.** A protest petition may not be amended, supplemented or corrected subsequent to the deadline for filing the petition.

**I. Recordation.** The preservation officer must file a copy of the HP zoning map amendment ordinance and a map indicating the boundaries of the HP-zoned area in the county clerk's office of the county in which the property is located.

**J. HP zoning approval criteria.** A building, structure, site or area containing buildings, structures or sites that are at least fifty (50) years old, or less with exceptional importance and possessing integrity, may be classified in an HP overlay district if the subject building, structure, site or area meets one or more of the following criteria:

**1.** It has significant character, interest, or value as part of the historical development, history or cultural heritage of the city, state, or nation;

**2.** It has significance as the site of a historic event in the past of the city, state or nation;

**3.** It is associated with a person, or group of persons, who played a significant role in the historical development, history or cultural heritage of the city, state, or nation;

**4.** It is the embodiment of distinguishing characteristics, design, details, materials or craftsmanship which represent a historically significant architectural or engineering innovation, type, style or specimen;

**5.** It portrays the environment in an era of history characterized by a distinctive architectural, engineering, or construction style;

**6.** It represents a significant and distinguishable entity of historical importance whose components may lack individual distinction;

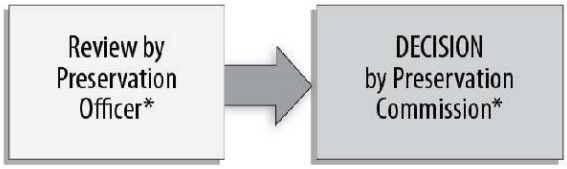
**7.** It has yielded, or is likely to yield, information important in prehistory or history; or

**8.** It is listed or meets the criteria for being listed on the National Register of Historic Places.

## Section 70.070. HP permits.

**A. Applicability.** Within any HP zoning district, an HP permit must be obtained in accordance with the procedures of this section before any work is performed on or changes are made to any existing building, structure or lot unless expressly exempted under Subsection 70.070B. Examples of changes and work that require an HP permit include the erection, construction, reconstruction, renovation, alteration, painting, removal, or demolition of a building, structure, or lot, regardless of whether or not a building permit is required.

**Figure 70-4: HP Permits (Generally)**



**Preservation officer (staff) authorized to act on some applications.*

**B. Exemptions.** The applicability provisions of Subsection 70.070.A. notwithstanding, none of the following changes or work require an HP permit:

**1.** Ordinary maintenance and repair including the removal, installation, or replacement of guttering; the removal or replacement of roof covering with like material; and the application of any paint color to non-masonry surfaces;

**2.** The interior of buildings or structures;

**3.** Portions of buildings, structures, or sites not visible from adjoining streets;

**4.** Accessory structures or buildings, such as storage sheds, garages, decks, patios, fencing, swimming pools and pool houses that are not part of the primary structure, provided that the structures or buildings are not located in street yards;

**5.** Installation of radio or television antennas that are not visible from abutting streets;

**6.** General landscape maintenance and planting of new organic materials;

**7.** Work required for temporary stabilization of a building or structure due to damage;

**8.** Installation, removal, or alteration of park furnishings within City of Tulsa parks, such as benches, tables, bicycle racks, planters, statues, lighting, trash receptacles, and drinking fountains, provided they have not been identified as historic resources within the design guidelines governing the applicable HP zoning district;

**9.** Installation, removal, or alteration of shade canopies or similar open-air shade structures within City of Tulsa parks, provided they are no more than 10 feet in height, and provided they have not been identified as historic resources within the design guidelines governing the applicable HP zoning district;

**10.** Removal or replacement of existing fencing with equivalent materials within City of Tulsa parks, provided the fencing has not been identified as a historic resource within the design guidelines governing the applicable HP zoning district;

**11.** Installation, removal, or alteration of sport courts, sport fields, swimming pools, and dog parks within City of Tulsa parks, inclusive of any fencing and lighting abutting the court, field, swimming pool, or dog park;

**12.** Installation, removal, or alteration of playground equipment and other recreational equipment within City of Tulsa parks, provided they are no more than 16 feet in height; and

**13.** Installation, removal, or alteration of signs within City of Tulsa parks that are erected and maintained pursuant to the discharge of governmental functions, or that are required by law, ordinance, or government regulation, or that are required to be posted in order to effectuate a legal right.

**C. Authority to file.** Applications for an HP permit may be filed only by the owner of the subject property or by the property owner's authorized agent.

**D. Application filing.** Complete HP permit applications must be filed with the preservation officer in a form established by the preservation commission. The application must be accompanied by plans of sufficient clarity and detail to show the nature of the work to be performed and the materials to be used. The plans must depict at least the following information:

**1.** The location, orientation and placement of existing and proposed structures on the site;

**2.** A floor plan, if applicable, identifying the location and limits of the proposed work;

**3.** Facade elevations, if applicable, of the proposed work in sufficient detail to identify existing and proposed materials and the location of the proposed work; and

**4.** Any other drawings, photographs, material brochures or samples, specifications, or information that may be necessary to determine compliance with HP district regulations and design guidelines.

**E. Meeting and final decision—Preservation commission.** Within thirty (30) days of receipt of a complete HP permit application, the preservation commission must meet to consider the application and act to approve the HP permit, approve the HP permit with modifications and/or conditions, or deny HP permit application based on the standards and review criteria of Subsection 70.070F. Failure of the preservation commission to take action within thirty (30) days of receipt of a complete HP permit application is deemed to constitute approval of the HP permit, unless the applicant requests or agrees to an extension of the thirty-day period.

**F. Standards and review criteria.** In its review of HP permit applications, the preservation commission must use the adopted design guidelines to evaluate the proposed work and must, to the greatest extent possible, strive to affect a fair balance between the purposes and intent of HP district regulations and the desires and need of the property owner. In addition, the preservation commission must consider the following specific factors:

**1.** The degree to which the proposed work is consistent with the applicable design guidelines;

**2.** The degree to which the proposed work would destroy or alter all or part of the historic resource;

**3.** The degree to which the proposed work would serve to isolate the historic resource from its surroundings, or introduce visual elements that are out of character with the historic resource and its setting, or that would adversely affect the physical integrity of the resource;

**4.** The degree to which the proposed work is compatible with the significant characteristics of the historic resource; and

**5.** The purposes and intent of the HP district regulations and this zoning code.

**G. Demolition requests.**

**1.** Any HP permit application for demolition, if not approved, is automatically stayed for a period of sixty (60) days, unless the preservation commission determines that the building or structure meets one of more of the following criteria:

**a.** It is imminently dangerous to life and property;

**b.** The building or structure does not contribute significantly to the district; or

**c.** The building or structure cannot be preserved.

**2.** During the sixty-day stay period, the preservation commission must consult with the property owner and other interested parties to find alternatives to demolition. Should alternatives acceptable to the property owner not be found, the HP permit for demolition will be deemed automatically approved and must be issued upon termination of the stay period.

**3.** Prior to the expiration of the sixty-day stay period, the preservation commission may request that the city council extend the stay for a period not to exceed an additional sixty (60) days. The preservation commission must provide written notice to the property owner of such request and of the date of the public hearing to consider the request. At the hearing, the city council must consider whether:

**a.** The preservation commission has presented reasonable alternatives that would preserve the structure;

**b.** Suitable alternatives have been found and further time is required to finalize arrangements for achieving such alternatives; and

**c.** The property owner desires further time to search for or continue action on available alternatives.

**4.** After notice and public hearing, the city council must vote to approve, approve with conditions, or deny the request for an extension of the stay period. If the request is denied the HP permit for demolition will be deemed automatically approved and must be issued upon termination of the original stay period.

**5.** During any period of the stay of demolition the property owner may use the property in question in any legal manner, except that no action may be taken that would place the property in danger of damage or destruction.

**H. Lapse of approval.**

**1.** An approved HP permit will lapse and become void two (2) years after it is approved by the preservation commission, unless a building permit for the work or improvements authorized has been issued and the project is commenced and thereafter diligently pursued to completion. If no building permit is required, the work that is the subject of the HP permit application must be completed within the two-year period.

**2.** The preservation commission may extend the expiration period by up to one year at the time of approval of the HP permit or any time before expiration of the approval.

**I. Transferability.** Approved HP permits run with the land and are not affected by changes of tenancy, ownership, or management.

**J. Amendments.** A request for changes in the specific nature of the approved HP permit or changes to any conditions attached to an approved HP permit must be processed as a new application.

**K. Action by Preservation Officer.**

**1.** The preservation officer is authorized to approve HP permit applications for proposed work on existing structures involving the replacement of existing materials with equivalent materials if the work complies with the design guidelines of the subject HP district.

**2.** The preservation officer is also authorized to approve HP permit applications for the following minor exterior alterations if the work complies with design guidelines of the subject HP district:

**a.** Installation of storm windows and doors;

**b.** Removal of non-historic materials, including but not limited to siding, storm windows and doors, awnings, shutters, retaining walls and fences; and

**c.** Removal of paint from historic masonry surfaces.

**3.** The preservation officer is authorized to approve HP permit applications for the replacement of trails or walkways within City of Tulsa parks with an alternative material if the work complies with the design guidelines of the subject HP district, provided that the location and size of the trail or walkway remain the same.

**L. Appeals.** Any final decision of the preservation commission may be appealed to the board of adjustment in accordance with Section 70.140.

*(Ord. No. 25212, §§ 2, 3, 12-20-2023)*

**Section 70.080. Zoning clearance and permits.**

**A. Applicability.** Property owners or their authorized agent must obtain a zoning clearance permit from the development administrator before constructing, moving, or structurally altering any building or structure or establishing or changing the use of any building or lot.

**B. Compliance with development regulations**

**1. Purpose.** The requirements of this section are intended to help ensure that rights-of-way, streets, sidewalks and other public improvements are in place and adequate to serve proposed developments in accordance with applicable regulations.

**2. Rezonings, special exceptions and residential uses.** Except as expressly stated in Subsection 70.080B.3., no building permit or zoning clearance permit may be issued until the subject lot or parcel for which the permit is sought has been determined to be in compliance with all applicable design and improvement requirements of the Tulsa Metropolitan Area Subdivision and Development Regulations, as evidenced by submittal of a recorded subdivision plat or ALTA/ACSM survey and separately recorded legal instruments. This requirement applies to any property for which:

**a.** A property owner-initiated zoning map amendment or development plan was approved after July 1, 1970;

**b.** A special exception was approved for any of the following:

(1) Group living use;

(2) Public, civic or institutional use;

(3) Outdoor assembly and entertainment use;

(4) Household living involving three (3) or more households on a single lot;

(5) Marina;

(6) Gun club;

(7) Crematory;

(8) Mausoleum; or

**c.** A building permit is requested for any of the following residential uses:

(1) Cottage house development;

(2) Patio house; or

(3) Townhouse.

**C. Application.**

**1.** Zoning clearance permit applications must be accompanied by a legal description of the lot and plans in duplicate, drawn to scale, showing at least the following information:

**a.** The actual shape and dimension of the lot;

**b.** The location and dimensions of all easements;

**c.** The location, size and height of any existing buildings or structures to be erected or altered;

**d.** The existing and intended use of each building or structure and portion of the lot;

**e.** The number of dwellings and buildings proposed; and

**f.** Other information required by the development administrator to determine compliance with all applicable provisions this zoning code.

**2.** If the zoning code requires that the use, structure, or other development feature must be separated or spaced a minimum distance from another use, structure, or development feature, the zoning clearance permit application must also be accompanied by the following information:

**a.** An aerial photograph identifying the location of the proposed use, structure or development feature at the center of a circle drawn to scale, the radius of which is the required separation distance from another use, structure or development feature;

**b.** The location of the nearest use, structure, or development feature from which the proposed use, structure or development feature must be separated; and

**c.** Verification of having provided a copy of the zoning clearance permit application, concurrent with the submission of the application, to the City Councilor for the City Council District in which the subject property is located.

**D. Action.** Following receipt of a complete application for a zoning clearance permit, the development administrator must review and take action on the permit. If the proposed development and construction complies with all applicable provisions of this zoning code, the permit must be issued. If the proposed development and construction does not

comply with one or more provisions of this zoning code, the permit must be denied. The applicant must be notified of the action taken, and if the permit is denied, notified of the specific reasons for denial.

*(Ord. No. 24382, §§ 17, 18, 6-10-2020; Ord. No. 24725, § 26, 11-17-2021)*

## Section 70.090. Interpretations of zoning code, zoning map, and approved development plans and site plans.

**A. Purpose and applicability.**

**1.** Day-to-day responsibility for administering and interpreting the provisions of this zoning code, including the zoning map, rests with the development administrator and land use administrator, whose decisions may be appealed to the board of adjustment, in accordance with the procedures of Section 70.140.

**2.** Occasionally, the zoning code may not sufficiently address an issue that arises in administering or interpreting the zoning code. In those cases, the development administrator may elect to issue, or a citizen may file an application for, a written zoning code interpretation to guide in future decision-making. The procedures of this section govern the issuance of such interpretations. The procedures also govern interpretations of the terms of approved development plans and site plans, such as those associated with PUDs, MPDs and CO zoning districts.

**B. Authority.** The land use administrator, as to the zoning map and approved development plans and site plans, and the development administrator, as to the zoning code, are authorized to issue written interpretations pursuant to this section. The land use administrator and the development administrator are also authorized to refer the matter to the board of adjustment for an interpretation or for guidance in making an interpretation.

**C. Application.** A complete application for a written interpretation request may be submitted either to the land use administrator or development administrator, as appropriate.

**D. Action.** Within thirty (30) days of receipt of a complete application, the land use administrator or development administrator, as appropriate, must (1) review and evaluate the interpretation request in light of the provisions that are the subject of the interpretation request and any other relevant documents (2) consult with affected staff and (3) prepare a written interpretation.

**E. Form.** The interpretation must be provided to the applicant in writing and filed in the official record of interpretations held by the development administrator.

**F. Official record.** The development administrator must maintain an official record of written interpretations and provide copies to the land use administrator. The record of interpretations must be available for public inspection in the office of the land use administrator and development administrator during normal business hours.

**G. Appeal of decision.** Appeals of written interpretations issued pursuant to this section may be taken to the board of adjustment in accordance with the appeal procedures of Section 70.140.

## Section 70.100. Administrative adjustments.

**A. Intent.** Administrative adjustments are intended to provide a streamlined approval procedure for minor (de minimis) modifications of selected zoning code regulations. Administrative adjustments are further intended to:

**1.** Allow development and construction that is in keeping with the general purpose and intent of zoning code regulations and the established character of the area in which the development or construction is located;

**2.** Provide flexibility that will help promote rehabilitation and reuse of existing buildings when such flexibility will not adversely affect nearby properties or neighborhood character; and

**3.** Provide flexibility for new construction when such flexibility is in keeping with the general purpose and intent of zoning code regulations and will not adversely affect nearby properties or surrounding neighborhood character.

**B. Authorized administrative adjustments.**

**1.** Administrative adjustments may be granted only as expressly identified in this section.

**a.** The land use administrator is authorized to grant an administrative adjustment reducing minimum required street setbacks by up to five (5) feet.

**b.** The land use administrator is authorized to grant an administrative adjustment reducing minimum required side and rear setbacks in any R district by up to twenty (20) percent.

**c.** The land use administrator is authorized to grant an administrative adjustment reducing minimum required side setbacks to no less than five (5) feet in any RM district to allow construction of a detached house or two-unit house.

**d.** The land use administrator is authorized to grant an administrative adjustment of build-to-zone regulations by up to twenty (20) percent.

**e.** The land use administrator is authorized to approve an administrative adjustment reducing minimum transparency requirements by up to ten (10) square feet or twenty (20) percent, whichever is greater.

**f.** The land use administrator is authorized to approve an administrative adjustment reducing minimum lot width and lot frontage requirements by up to ten (10) percent.

**g.** The land use administrator is authorized to approve an administrative adjustment waiving or modifying the parking structure design requirement of Subsection 40.280B. when the land use administrator determines that compliance with that requirement would result in a reduction in the number of parking spaces within the parking structure or necessitate mechanical ventilation of the garage.

**2.** The administrative adjustment procedures may not be used to vary, modify or otherwise override a condition of approval or requirement imposed by an authorized decision-making body.

**C. Authority to file.** Administrative adjustment applications may be filed by the owner of the subject property or by the property owner's authorized agent.

**D. Application filing.** Complete applications for administrative adjustments must be filed with the land use administrator. Applications must be accompanied by a letter of deficiency issued by the development administrator.

**E. Notice of filing/intent to approve.** Written notice of application filing must be delivered to all owners of property abutting the subject lot. The written notice must describe the nature of the requested administrative adjustment. It must also indicate the date on which the land use administrator will take action on the application and that the application will be available for review and comment until that date. Any interested party may submit written comments concerning the application to the land use administrator.

**F. Action by land use administrator.**

**1.** The land use administrator must review each application for an administrative adjustment and act to approve the application, approve the application with conditions, deny the application or refer the application to the board of adjustment for consideration as a variance.

**2.** The land use administrator may not take final action to approve or deny an administrative adjustment application until at least five (5) days after the required notices have been mailed.

**3.** The land use administrator decision to approve or deny an administrative adjustment must be based on the approval criteria and standards of Subsection 70.100G. and accompanied by written findings of fact.

**4.** At least once per calendar year, the land use administrator must provide to the board of adjustment a list of all administrative adjustment decisions.

**G. Standards and review criteria.** Administrative adjustments may be approved only when the land use administrator determines that the following general approval criteria and any specific criteria associated with the authorized administrative adjustment have been met:

**1.** The requested administrative adjustment is consistent with all relevant purpose and intent statements of this zoning code and with the general purpose and intent of the comprehensive plan;

**2.** The requested administrative adjustment will not have a substantial or undue adverse effect upon adjacent property, the character of the area or the public health, safety and general welfare; and

**3.** Any adverse impacts resulting from the administrative adjustment will be mitigated to the maximum extent feasible.

**H. Conditions of approval.** In granting an administrative adjustment, the land use administrator is authorized to impose conditions upon the subject property that are necessary to reduce or minimize any potentially adverse impacts on other property in the surrounding area, and to carry out the stated purpose and intent of this zoning code.

**I. Lapse of approval.** An approved administrative adjustment will lapse and become void three (3) years after it is granted by the land use administrator, unless a building permit for the work or improvements authorized has been issued and the project has

commenced and is diligently pursued to completion. If no building permit is required, the improvement that is the subject of the administrative adjustment must be in place within the three-year period.

**J. Transferability.** Approved administrative adjustments run with the land and are not affected by changes of tenancy, ownership, or management.

**K. Amendments.** A request for changes in the specific nature of an approved administrative adjustment or changes to any conditions attached to an approved administrative adjustment must be processed as a new administrative adjustment application, including all requirements for fees and notices.

**L. Appeals.** The applicant or any interested party may appeal the administrative adjustment decision of the land use administrator in accordance with Section 70.140.

**Section 70.110. Spacing and separation distance verification.**

**A. Applicability.** The spacing and separation distance verification procedure of this section applies whenever this zoning code requires that a use, structure or other development feature be separated or spaced a minimum distance from another use, structure or development feature. The procedure does not apply to a determination of compliance with building setback requirements that apply on individual lots.

**B. Action.** The development administrator may rely upon the evidence provided by the applicant with an application for a zoning clearance permit to verify that the proposed use, structure or other development feature complies with the applicable spacing and separation distance requirements of this zoning code. Only other uses, structures, or development features that have been legally established by the issuance of a certificate of occupancy, an active building permit, active sign permit or active zoning clearance permit will be considered in determining compliance with the applicable spacing and separation distance requirements. It is the responsibility of the applicant to provide all information requested by the development administrator to aid in the determination. For purposes of determining whether spacing and separation distance requirements are met, a zoning-clearance-only permit for the use, structure or development feature from which the subject use, structure or development feature must be separated is valid for one hundred eighty (180) days after it is issued.

**C. Appeal of decision.** Appeals of spacing and distance verification decisions of the development administrator may be appealed to the board of adjustment in accordance with Section 70.140.

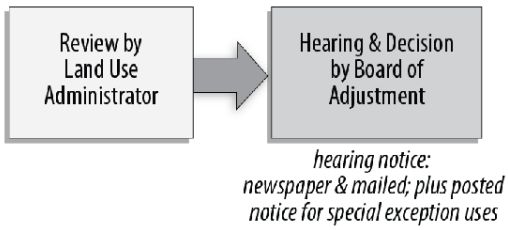
*(Ord. No. 24382, § 19, 6-10-2020)*

**Section 70.120. Special exceptions.**

**A. Authorized special exceptions.** Only those special exceptions expressly authorized in this zoning code may be approved as special exceptions.

**B. Authority to file.** Applications for special exception approval may be filed only by the owner of the subject property or by the property owner's authorized agent.

**Figure 70-5: Special Exception Process (Generally)**



**C. Application filing.** Complete applications for special exception approval must be filed with the land use administrator.

**D. Review and report—Land use administrator.** Following receipt of a complete application, the land use administrator must prepare a report on the proposed special exception. The report must be transmitted to the board of adjustment before the required public hearing.

**E. Notice of hearing.**

**1. Minor special exceptions.** Notice of the board of adjustment's required public hearing on any minor special exception application must be mailed to all owners of property that abut the subject property at least ten (10) days before the scheduled public hearing. (See Subsection 70.010F. for additional information on required mailed notices). Minor special exceptions are limited to the following:

**a.** A special exception to allow public or private schools at the primary, elementary, middle school or high school level to expand a principal building or construct an accessory building, structure or use or to permit a use that is an accessory use to an existing principal use, provided the improvement does not include new athletic stadiums or other outdoor athletic facilities that include spectator seating or high-intensity lighting;

**b.** A special exception to allow recreational vehicles to be parked or stored in a street yard or required side setback if the conditions listed in Subsection 45.150A. cannot be met;

**c.** Amendments to plot plans that were made condition of the granting of a special exception that involve an increase in building floor area of no greater than fifteen (15) percent and do not require the granting of any variances;

**d.** A special exception to allow any of the following improvements in public parks:

(1) Non-illuminated outdoor courts,

(2) Non-illuminated athletic fields,

(3) Playgrounds,

(4) Picnic shelters,

(5) Parking lots, and

(6) Renovation or expansion of existing buildings.

2. **Other Special Exceptions.** Except as expressly allowed for minor special exceptions under Subsection 70.120E.1., notice of the board of adjustment's required public hearing on a special exception application must be provided as follows (see Subsection 70.010F. for additional information on required newspaper, mail and posted notices).
   a. **Newspaper notice.** Notice must be published in the newspaper at least ten (10) days before the scheduled public hearing.
   b. **Mailed notice.** Notice must be mailed to the owner of the subject property and all owners of property within three hundred (300) feet of the subject property at least ten (10) days before the scheduled public hearing.
   c. **Posted notice.** For uses that require special exception approval, notice (signs) must be posted at least ten (10) days before the scheduled public hearing. Posting of signs is not required for non-use matters.

**F. Hearing and final decision—Board of adjustment.**

1. The board of adjustment must hold a public hearing on the special exception application. Following the close of the public hearing, the board of adjustment must act to approve the proposed special exception, approve the special exception with conditions and/or modifications or deny the special exception. Approval of a special exception requires an affirmative vote of at least three (3) members of the board of adjustment.
2. In approving a special exception, the board of adjustment is authorized to impose such conditions and restrictions as the board of adjustment determines to be necessary to ensure compliance with the standards of Subsection 70.120G., to reduce or minimize the effect of the special exception upon other properties in the area, and to better carry out the general purpose and intent of this zoning code.

**G. Approval criteria.** A special exception may be approved only if the board of adjustment makes each of the following findings:

1. That the special exception will be in harmony with the spirit and intent of this zoning code; and
2. That the special exception will not be injurious to the neighborhood or otherwise detrimental to the public welfare.

**H. Lapse of approval.**

1. An approved special exception will lapse and become void three (3) years after it is granted by the board of adjustment, unless a building permit has been issued and the project has commenced and is diligently pursued to completion. If no building permit is required, the use, improvement or activity that is the subject of the special exception must be in place within the three-year period.
2. The board of adjustment may extend the expiration period by up to one year at the time of approval of the special exception or any time before expiration of the approval. Requests for extensions after the special exception is approved must be processed in accordance with the special exception procedures, including applicable fees, notices and public hearings.

**I. Transferability.** Approved special exceptions run with the land and are not affected by changes of tenancy, ownership, or management.

**J. Amendments.**

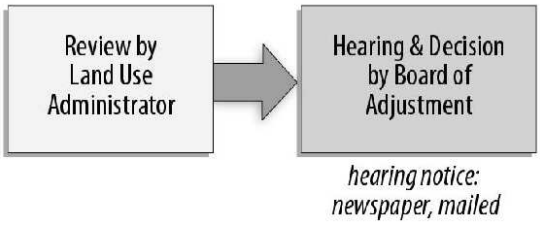
1. Amendments to approved special exceptions must be processed as new special exception applications, including all requirements for fees, notices and public hearings, provided that the development administrator is authorized to approve the following:
   a. Any structures or uses authorized to be approved by the development administrator at the time of special exception approval; and
   b. The addition or relocation of customary accessory uses and structures.
2. Applications for amendments to approved special exceptions must be filed in a form established by the land use administrator.

**K. Appeals.** Board of adjustment decisions on special exceptions may be appealed to District Court in accordance with Subsection 75.010K.

## Section 70.130. Variances.

**A. Intent.** A variance is a grant of relief to a property owner from strict compliance with the regulations of this zoning code. The intent of a variance is not to simply remove an inconvenience or financial burden that may result from compliance with applicable zoning requirements. Variances are intended to help alleviate an unnecessary hardship or practical difficulty that would be caused by strict enforcement of the subject zoning code requirements. They are intended to provide relief when the requirements of this zoning code render property very difficult or impossible to put to reasonable use because of some unique or special characteristics of the property itself.

**Figure 70-6: Variance Process**



**B. Authorized variances.** The board of adjustment is authorized to grant a variance to any regulation in this zoning code in accordance with the variance procedures of this section, except that the variance procedures may not be used to do any of the following:

1. Allow a principal or an accessory use in a zoning district that is not otherwise allowed in that zoning district (i.e., "use variances" are prohibited);
2. Allow an accessory use on a lot that is not occupied by the principal use that such accessory use serves;
3. Waive, modify or amend any definition or use classification;
4. Waive, modify or otherwise vary any of the review and approval procedures of this chapter;
5. Waive, vary, modify or otherwise override a condition of approval or requirement imposed by an authorized decision-making body or the state or federal government; or

**6.** Waive, vary or modify applicable residential density regulations, provided that this provision is not intended to prohibit variances to minimum lot area or width requirements that apply to lots occupied by a single dwelling unit.

**C. Authority to file.** Variance applications may be filed only by the owner of the subject property or by the property owner's authorized agent.

**D. Application filing.** Complete applications for variances must be filed with the land use administrator.

**E. Review and report—Land use administrator.** Following receipt of a complete application, the land use administrator must prepare a report on the requested variance. The report must be transmitted to the board of adjustment before the required public hearing.

**F. Notice of hearing.** Notice of the board of adjustment's required public hearing on a variance application must be provided as follows (see Subsection 70.010F. for additional information on required newspaper and mail notices).

**1. Newspaper notice.** Notice must be published in the newspaper at least ten (10) days before the scheduled public hearing.

**2. Mailed notice.** Notice must be mailed to the owner of the subject property and all owners of property within three hundred (300) feet of the subject property at least ten (10) days before the scheduled public hearing.

**G. Hearing and final decision—Board of adjustment.**

**1.** Following receipt of a complete variance application, the board of adjustment must hold a public hearing to consider the requested variance. Following the close of the public hearing, the board of adjustment must act to approve the requested variance, approve the variance with modifications and/or conditions, or deny the variance request based on the standards and review criteria of Subsection 70.130H. Approval of a variance requires an affirmative vote of at least three (3) members of the board of adjustment.

**2.** In approving a variance, the board of adjustment is authorized to impose such conditions and restrictions as the board determines to be necessary to ensure compliance with the standards of Subsection 70.130H., to reduce or minimize the effect of the variance upon other properties in the area, and to better carry out the general purpose and intent of this zoning code.

**H. Standards and review criteria.**

**1.** No variance may be approved unless the board of adjustment determines that the following facts, favorable to the property owner, have been established:

**a.** That the physical surroundings, shape, or topographical conditions of the subject property would result in unnecessary hardships or practical difficulties for the property owner, as distinguished from a mere inconvenience, if the strict letter of the regulations were carried out;

**b.** That literal enforcement of the subject zoning code provision is not necessary to achieve the provision's intended purpose;

**c.** That the conditions leading to the need of the requested variance are unique to the subject property and not applicable, generally, to other property within the same zoning classification;

**d.** That the alleged practical difficulty or unnecessary hardship was not created or self-imposed by the current property owner;

**e.** That the variance to be granted is the minimum variance that will afford relief;

**f.** That the variance to be granted will not alter the essential character of the neighborhood in which the subject property is located, nor substantially or permanently impair use or development of adjacent property; and

**g.** That the variance to be granted will not cause substantial detriment to the public good or impair the purposes, spirit, and intent of this zoning code or the comprehensive plan.

**I. Lapse of approval.**

**1.** An approved variance will lapse and become void three (3) years after it is granted by the board of adjustment, unless a building permit for the work or improvements authorized has been issued and the project has commenced and is diligently pursued to completion. If no building permit is required, the improvement that is the subject of the variance must be in place within the three-year period.

**2.** The board of adjustment may extend the expiration period by up to one year at the time of approval of the variance or any time before expiration of the approval. Requests for extensions after the variance is approved must be processed in accordance with the variance procedures, including applicable fees, notices and public hearings.

**J. Transferability.** Approved variances run with the land and are not affected by changes of tenancy, ownership, or management.

**K. Amendments.** A request for changes in the specific nature of the approved variance or changes to any conditions attached to an approved variance must be processed as a new variance application, including all requirements for fees, notices and public hearings.

**L. Appeals.** Board of adjustment decisions on variances may be appealed to District Court in accordance with Subsection 75.010K.

**Section 70.140. Appeals of administrative decisions.**

**A. Authority.** Appeals of administrative (staff-level) decisions on site plans go to the Planning Commission (See Subsection 70.050C.). The Board of Adjustment is authorized to hear and decide all other appeals where it is alleged there has been an error in any order, requirement, decision or determination made by the Land Use Administrator, the Development Administrator or any other Administrative Official in the administration, interpretation or enforcement of this Zoning Code. For the purpose of applying the procedures of Section 70.140 to appeal of any final decision of the Preservation Commission (See Subsection 70.070L.), the final decision of the Preservation Commission is deemed an administrative decision and the Preservation Commission is deemed an administrative official.

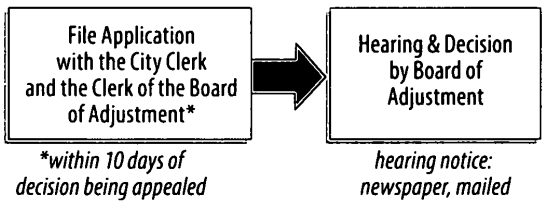


**Figure 70-7: Appeals of Administrative Decisions (Generally)**

**B. Right to appeal.** Appeals of administrative decisions may be filed by any person aggrieved by the land use administrator's, the development administrator's or other administrative official's decision or action. The board of adjustment is authorized to make determinations about whether individuals filing appeals are "aggrieved" by the decision or action.

**C. Application filing.**

**1.** Complete applications for appeals of administrative decisions must be filed with the Clerk of the Board of Adjustment and the City Clerk, who will accept the appeal on behalf of the administrative official who made the decision being appealed and forward it to said official.

**2.** Appeals of administrative decisions must be filed within ten (10) business days of the date of the decision being appealed.

**D. Effect of filing.** The filing of a complete notice of appeal stays all proceedings in furtherance of the action appealed, unless the land use administrator or the administrative official who made the decision being appealed certifies to the board of adjustment, after the appeal is filed, that, because of facts stated in the certification, a stay would cause immediate peril to life or property, in which case the proceedings will not be stayed unless by a restraining order, which may be granted by the board of adjustment or by a court of record based on due cause shown.

**E. Record of decision.** Upon receipt of a complete application of appeal, the land use administrator or other administrative official whose decision is being appealed must transmit to the board of adjustment all papers constituting the record related to decision being appealed

**F. Notice of hearing.** Notice of the board of adjustment's required public hearing must be provided as follows (see Subsection 70.010F. for additional information on required newspaper and mail notices).

**1. Newspaper notice.** Notice must be published in the newspaper at least ten (10) days before the scheduled public hearing.

**2. Mailed notice.** When an appeal affects a specific property, notice must be mailed to the owner of the subject property and all owners of property within three hundred (300) feet of the subject property at least ten (10) days before the scheduled public hearing.

**G. Hearing and final decision.**

**1.** The board of adjustment must hold a public hearing on the appeal.

**2.** Following the close of the public hearing, the board of adjustment must make its findings and take action on the appeal.

**3.** In exercising the appeal power, the board of adjustment has all the powers of the administrative official from whom the appeal is taken. The board of adjustment may affirm or may, upon the concurring vote of at least three (3) members, reverse, wholly or in part, or modify the decision being appealed.

**4.** In acting on the appeal, the board of adjustment must grant to the official's decision a presumption of correctness, placing the burden of persuasion of error on the appellant.

**H. Review criteria.** The decision being appealed may be reversed or wholly or partly modified only if the board of adjustment finds that the land use administrator, the development administrator or other administrative official erred.

**I. Appeals.** Board of adjustment decisions may be appealed to District Court in accordance with Subsection 75.010K.

*(Ord. No. 24725, §§ 27—29, 11-17-2021; Ord. No. 25330, § 16, 6-5-2024)*

## CHAPTER 75. ADMINISTRATION

Section 75.010. Board of adjustment.
Section 75.020. Preservation Commission.

### Section 75.010. Board of adjustment.

**A. Composition.** The board of adjustment must consist of five (5) members.

**B. Appointments.** Board of adjustment members must be appointed by the mayor and confirmed by the city council.

**C. Terms.** Members of the board of adjustment serve three-year terms.

**D. Vacancies.** In the event of a vacancy occurring in the membership of the board of adjustment for any reason, an appointment for the remainder of the vacant term must be made in the same manner as regular appointments.

**E. Removal.** A board of adjustment member may be removed for cause by the city council after notice, written charges and public hearing.

**F. Compensation.** Members of the board of adjustment serve without compensation.

**G. Officers.** The board of adjustment must elect a chairperson, vice chairperson and secretary.

**H. Rules of Procedure.** The board of adjustment must adopt rules necessary for the conduct of its affairs.

**I. Meetings.** Meetings are held at the call of the chairperson and at other times as the board of adjustment may determine. The chairperson, or in the chairperson's absence, the acting chairperson, may administer oaths and compel attendance of witnesses. All meetings of the board of adjustment must be conducted in compliance with the Oklahoma Open Meeting Act. The board of adjustment must keep records of its proceedings and official actions, all of which must be open to the public in compliance with the Oklahoma Open Records Act. Except as stated in Subsection 70.010K., the board of adjustment must decide all matters within ninety (90) days after the filing of a complete application.

**J. Powers and Duties.** The board of adjustment has the powers and duties that are expressly identified in this zoning code, including hearing and acting on applications for variances, special exceptions, land use spacing verifications and appeals of administrative decisions.

**K. Appeals to District Court.**

**1. Procedure.**

**a.** An appeal from any action, decision, ruling, judgment, or order of the board of adjustment may be taken by any person or persons who were entitled, pursuant to any provision of this zoning code, to mailed notice of the public hearing before the board of adjustment, by any person or persons whose property interests are directly affected by such action decision, ruling, judgment or order of the board of adjustment, or by the city council to the District Court of Tulsa County by filing with the city clerk and with the clerk of the board of adjustment within ten (10) days of the date of such action, a notice of appeal that specifies the grounds for the appeal. No bond or deposit for costs is required for such an appeal.

**b.** Upon filing of the notice of appeal, the board of adjustment must transmit to the clerk of the Tulsa County District Court, the original or certified copies of all papers constituting the record in the case, together with the order, decision or ruling of the board of adjustment.

**c.** The appeal is heard and tried de novo in the District Court of Tulsa County. An appeal from the action of the District Court may be taken as in all other civil actions. All issues in any proceedings under this section have preference over all other civil actions and proceedings.

**d.** Costs are not allowed against the board of adjustment unless the court finds that the board of adjustment, in making its decision, acted with gross negligence, in bad faith or with malice.

**2. Stay of Proceedings.** During the pendency of such an appeal, the effectiveness of a decision of the board of adjustment shall not be suspended unless a party applies to the district court for a stay pending the district court's determination of the merits of the appeal and the district court issues the stay. Stays in appeals from the board of adjustment to the district court shall be obtained only as set forth in Title 11 Oklahoma Statutes Section 44-110.

## Section 75.020. Preservation Commission.

**A. Composition.** Members of the preservation commission must have a demonstrated interest in historic preservation, as required by the Oklahoma State Historic Preservation Office, to maintain certified local government status with the National Park Service. The preservation commission must be composed of eleven (11) members appointed to positions as "professional members," "historic property owner members" and "allied commission members." The composition and qualifications of each class of members are as follows:

**1. Professional Members.** The professional membership of the preservation commission must be composed of five (5) members as follows:

**a.** One member must be a licensed architect;

**b.** One member must be a licensed landscape architect;

**c.** One member must be a developer or builder;

**d.** One member must be a licensed real estate broker; and

**e.** One member must be an architectural historian or historian.

**2. Historic Property Owner Members.** The historic property owner membership of the preservation commission must be composed of four (4) members, each of whom must own an individual National Register-listed property or a property within a National Register-listed or eligible historic district. For a district to be considered eligible, it must be identified as eligible for National Register listing in the Tulsa Historic Preservation Resource Guide and agreed to by the Oklahoma State Historic Preservation Office. At least three (3) of the four (4) historic property owner members must reside in their historic property, or within their listed or eligible historic district, and at least one of the historic property owner members must reside within an HP district.

3. **Allied commission members.** The allied commission membership must be composed of two (2) members, one of whom must be a member of the arts commission and one of whom must be a member of the planning commission.

**B. Appointments.** Professional members and historic property owner members of the preservation commission must be appointed by the mayor and confirmed by the city council. Allied commission members must be appointed by their respective commissions to serve on the preservation commission.

**C. Terms.**

1. **Length of terms.** The terms of office of all members of the preservation commission, except allied commission members, will be three (3) years. Allied commission members serve terms on the preservation commission commensurate with the terms of office served on their respective commissions, without any of the limitations on terms provided in this paragraph. Regardless of the expiration of any term of office, except in the event of death, resignation, or removal from office, all members of the preservation commission must continue to serve until their successor is duly appointed by the mayor.

2. **Limitation of terms.** No member of the preservation commission may serve more than three (3) consecutive terms of office on the preservation commission. Partial terms of office served by a member are not included in this limitation. After any member has served three (3) consecutive terms of office, that member is not eligible for reappointment to serve on the preservation commission until after that person has ceased to be a member of the preservation commission for at least one calendar year. The limitation provided in this paragraph does not apply to allied commission members.

**D. Vacancies.** In the event of a vacancy occurring in the membership of the preservation commission for any reason, an appointment for the remainder of the vacant term of office must be made in the same manner as regular appointments.

**E. Compensation.** Members of the preservation commission serve without compensation.

**F. Officers.** The preservation commission must annually elect from its members a chairperson, vice chairperson and secretary. Vacancies of officer positions must be filled in the same manner as regular election.

**G. Rules of Procedure.** The preservation commission must adopt rules necessary for the conduct of its affairs.

**H. Meetings.** The preservation commission must meet at least once a month for the purpose of transacting its business and duties. All meetings of the preservation commission must be conducted in compliance with the Oklahoma Open Meeting Act. The preservation commission must keep records of its proceedings and official actions, all of which must be open to the public in compliance with the Oklahoma Open Records Act.

**I. Quorum.** A simple majority of the entire membership of the preservation commission, regardless of vacancies, constitutes a quorum for the transaction of business.

**J. Minimum vote.** Issues must be decided by at least a simple majority vote of a quorum.

**K. Conflict of interest.** Members of the preservation commission to whom some private benefit, directly or indirectly, may come as a result of a public action taken by the preservation commission, should not be a participant in that action. The possibility, not actuality, of a conflict should govern. The individual experiencing a conflict of interest must declare their interest, and abstain from voting on the matter. The individual may not discuss the matter with a fellow member or a member of the city council or planning commission for the purpose of influencing a decision on the action.

**L. Staff.** The Tulsa Planning Office, or such other department, division or section as directed by the mayor, must provide staff to the preservation commission to assist in the performance of its duties.

**M. Powers and duties.** The powers and duties of the preservation commission are as follows:

**1.** Prepare, or cause to be prepared, a comprehensive inventory of historic resources within the City of Tulsa and update the inventory as deemed necessary.

**2.** Prepare, or cause to be prepared, proposed HP zoning map amendments and amendments to the historic preservation plan.

**3.** Prepare reports and recommendations on HP zoning map amendments in accordance with Section 70.060.

**4.** Promulgate design guidelines as necessary for the review and approval of applications for HP permits and inform residents, property owners, and the general public of those guidelines. Design guidelines must relate to the significant characteristics of the historic resources being proposed for HP zoning. Design guidelines must be developed by the preservation commission and include the input of property owners and other parties directly affected by proposed HP zoning. Design guidelines are subject to approval and adoption by the city council, after a public hearing by the planning commission, and the recommendation of the preservation commission and planning commission.

**5.** Act upon applications for HP permits and perform other duties as set forth in Section 70.070.

**6.** Make recommendations to the mayor and the city council concerning grants and programs from federal and state agencies, private groups and individuals and the utilization of budgetary appropriations to promote the preservation of historic resources in the city.

**7.** Coordinate and oversee such programs and projects as may be directed by the mayor or the city council.

**8.** Recommend to the mayor the need for employing staff and making contracts with professional and technical experts as may be required for the furtherance of preservation commission work.

**9.** Increase public awareness of the historic resources and disseminate information to the public concerning historic resources in the city deemed worthy of preservation. Provide notification, as effectively as possible, to property owners within HP zoning districts of the rights and responsibilities associated with HP zoning of their properties. Advise and disseminate information to property owners on the preservation, conservation, protection, enhancement, perpetuation, and use of historic resources.

**10.** Place, or cause to be placed, monuments, markers, or other identifying elements at locations of historic resources as funds are available.

**11.** Coordinate, comment on and make recommendations to the appropriate body concerning actions undertaken by other city, state, and federal agencies with respect to the effect of such actions upon the historic resources in the City of Tulsa.

**12.** Consider methods other than those provided for in this zoning code for encouraging and achieving preservation of historic resources in the City of Tulsa and make appropriate recommendations to the mayor, the city council and to other bodies and agencies, public and private.

**13.** Prepare, or cause to be prepared, studies and reports, and undertake other preservation related tasks as may be deemed appropriate.

**14.** Prepare, or cause to be prepared, in accordance with the goals and objectives set forth for neighborhood conservation in the comprehensive plan, programs and plans designed to implement neighborhood stabilization, revitalization, and conservation in those neighborhoods that are fifty (50) years or older which may not qualify for historic or HP zoning designation, yet represent valuable resources to the City of Tulsa and its citizens.

**15.** Perform any other duties and functions imposed by this zoning code or which may be specified by the mayor and city council.

*(Ord. No. 25055, § 11, 5-24-2023)*

**[THIS PAGE INTENTIONALLY LEFT BLANK]**

## CHAPTER 80. NONCONFORMITIES

Section 80.010. General.
Section 80.020. Nonconforming lots.
Section 80.030. Nonconforming structures.
Section 80.040. Nonconforming uses.
Section 80.050. Sexually oriented business establishment.
Section 80.060. Nonconforming signs.
Section 80.070. Nonconforming development features.

### Section 80.010. General.

**A. Intent.** The adoption and amendment of the zoning code text and map, beginning with the adoption of the city's first zoning code in 1923, has resulted in some lots, uses and structures becoming nonconforming (i.e., established in compliance with regulations in effect at the time of their establishment, but which would be prohibited under subsequently adopted regulations). The nonconformity regulations of this chapter are intended to explain the effect of this nonconforming status and help differentiate nonconformities, which have legal status under this zoning code, from zoning violations, which are illegal and subject to penalties and enforcement action. The regulations of this chapter are also intended to:

**1.** Recognize the interests of landowners in continuing to use their property for uses that were lawfully established;

**2.** Promote maintenance, reuse and rehabilitation of existing buildings; and

**3.** Place reasonable limits on nonconformities that have the potential to adversely affect surrounding properties.

**B. Authority to continue.** Any nonconformity that existed on the effective date specified in Section 1.030 or any lot, structure use or situation that becomes nonconforming upon adoption of any amendment to this zoning code or any amendment of the zoning map subsequent to the effective date specified in Section 1.030 may be continued, subject to the regulations of this chapter.

**C. Determination of nonconforming status.**

**1.** The burden of proving that a nonconformity exists (as opposed to a zoning code violation) rests entirely with the subject owner.

**2.** The development administrator is authorized to determine whether reliable evidence of nonconforming status has been provided by the subject owner.

**3.** Building permits, zoning clearance reports, lawfully recorded plats, lawfully recorded instruments of conveyance, aerial photography owned by a governmental agency and other official government records that indicate lawful establishment of the use, lot or structure constitute conclusive evidence of nonconforming status. If such forms of conclusive evidence are not available, the development administrator is authorized to consider whether other forms of evidence provided by the owner are reliable and adequate to document nonconforming status. Common examples of evidence that may be determined to be reliable and adequate include:

**a.** Professional registrations or business licenses;

**b.** Utility billing records;

**c.** Rent records;

**d.** Advertisements in dated publications;

**e.** Listings in telephone or business directories; and

**f.** Notarized affidavits affirming the date of lawful establishment of the use or structure.

**4.** The development administrator's determination of nonconforming status may be appealed in accordance with Section 70.140.

**D. Repairs and maintenance.**

**1.** Repairs and normal maintenance necessary to keep a nonconformity in sound condition are permitted unless the work increases the extent of the nonconformity or is otherwise expressly prohibited by this zoning code.

**2.** If a nonconforming structure or a structure occupied by a nonconforming use becomes physically unsafe or unlawful due to lack of repairs and maintenance, and a final order of vacation or demolition is entered by any duly authorized official by reason of physical condition, it may not thereafter be used, restored, or repaired, or rebuilt except in conformity with the provisions of the zoning district in which it is located.

**3.** Nothing in this chapter is intended to prevent nonconformities from being structurally strengthened or restored to a safe condition in accordance with an order from a duly authorized public official.

**E. Change of tenancy or ownership.** Nonconforming status runs with the land and is not affected by changes of tenancy, ownership or management.

**Section 80.020. Nonconforming lots.**

**A. Description.** A nonconforming lot is a lot that does not comply with the applicable minimum lot area, minimum lot width, minimum street frontage or minimum open space requirements of the subject zoning district and that meets at least one of the following criteria:

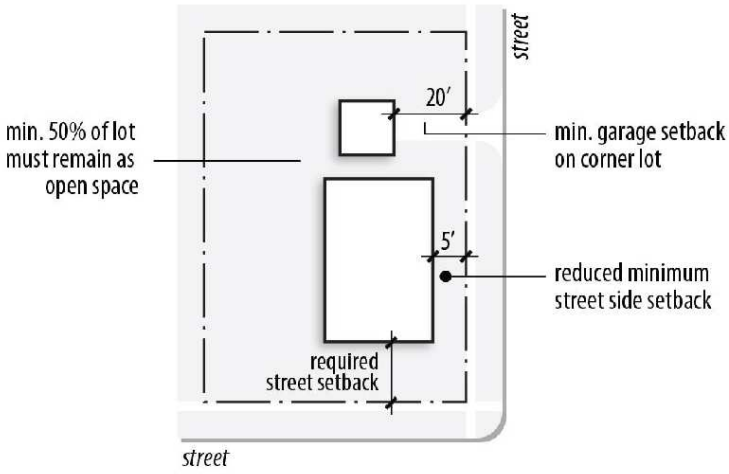
**1.** The lot was a lot of record on or before July 1, 1970;

**2.** The lot is located within a subdivision approved by the planning commission; or

**3.** The lot is a lot of record for which a recorded instrument of conveyance bears the endorsement of the planning commission.

**B. Nonconforming lots in residential zoning districts.** In residential zoning districts, a single detached house may be erected on a nonconforming lot without complying with the minimum lot area, minimum lot area per unit, minimum lot width, minimum street frontage or minimum open space per unit requirements of the subject zoning district, provided that at least fifty (50) percent of the lot area remains as open space. All other lot and building regulations apply, except that detached houses may be erected on corner lots that are nonconforming with regard to lot width, subject to a reduced minimum street side building setback of five (5) feet. Garages that are accessed through a side yard abutting a street must be set back at least twenty (20) feet.

**Figure 80-1: Detached House on Nonconforming Lot in R District**



**C. Nonconforming lots in nonresidential zoning districts.** In nonresidential districts, on any lot of record created on or before July 1, 1970, or on any lot within a subdivision having received approval of the planning commission, or any lot of record for which a recorded instrument of conveyance bears the endorsement of the planning commission a permitted use may be located on such lot irrespective of its street frontage. Such uses are subject to compliance with other lot and building regulations of the district and applicable use regulations.

## Section 80.030. Nonconforming structures.

**A. Description.** A nonconforming structure is a structure, other than a sign, that was lawfully established but that no longer complies with applicable zoning regulations because of the adoption or amendment of zoning regulations after the structure was established.

**B. Use.** A nonconforming structure may be used for any use allowed in the zoning district in which the structure is located, including a lawfully established nonconforming use.

**C. Movement.** A nonconforming structure may be moved in whole or in part to another location on the same lot only if the movement or relocation does not create additional or new nonconformities. A nonconforming structure may be moved to another lot only if the structure would comply with the zoning regulations that apply to that (relocation) lot.

**D. Alterations, enlargements and expansions.** Alterations, including enlargements and expansions, are permitted if the proposed alteration or expansion complies with all applicable lot and building regulations and does not increase the extent of the nonconformity. A building with a nonconforming street setback, for example, may be expanded to the rear as long as the rear expansion complies with applicable rear setback regulations and all other applicable lot and building regulations. Horizontal and vertical extensions of an exterior wall that is nonconforming with regard to

applicable setbacks may be approved in accordance with the special exception procedures of Section 70.120, provided the extensions are not located closer to the lot line than the existing structure.

**E. Restoration or re-establishment of damaged or destroyed structures.**

**1.** Antenna-supporting structures, if damaged or destroyed by any means, may be reconstructed, provided the supporting structure is placed in the same location and has no greater height or area that the structure it replaces.

**2.** If any other nonconforming structure is damaged or partially destroyed by any means to the extent of more than fifty (50) percent of its replacement cost at time of damage, it may be restored as a nonconforming structure only if approved in accordance with the special exception procedures of Section 70.120. In order to approve a special exception for re-establishment of a nonconforming structure, the board of adjustment must find that restoration as a conforming structure cannot reasonably be made in view of the nature and extent of the nonconformity and the nature and extent of the damages.

**3.** If a nonconforming structure is damaged or partially destroyed by any means to the extent of fifty (50) percent or less of its replacement cost at time of damage it may be restored as a nonconforming structure.

**4.** Re-establishment as a nonconforming structure may not increase the extent of nonconformity, except that the board of adjustment is authorized to approve a special exception for building additions that increase the extent of nonconformity if the board of adjustment determines that such additions:

**a.** Do not increase the habitable or leasable floor area of the building; and

**b.** Are required to be provided because of building or energy code amendments adopted after construction of the original building.

**5.** In all cases, any permits required to restore the damaged structure must be obtained within two (2) years of the date of damage. If required permits are not obtained within two (2) years, the structure's nonconforming status is lost.

## Section 80.040. Nonconforming uses.

**A. Description.** A nonconforming use is a use that was lawfully established in accordance with all zoning regulations in effect at the time of its establishment but that is no longer allowed by the use regulations of the zoning district in which the use is located. Lawfully established uses that do not comply with separation distance (spacing) requirements are also deemed to be nonconforming uses.

**B. Change of use.**

**1.** A nonconforming use in a residential zoning district may be changed only to a use that is allowed in the subject zoning district. Once changed to a conforming use, the nonconforming use may not be re-established.

**2.** A nonconforming use located in a zoning district other than a residential zoning district, may be changed to a use that is allowed in the subject zoning district, in which case the nonconforming use may not be re-established. A nonconforming use located in a zoning district other than a residential zoning district, may be changed to another nonconforming use only if approved in accordance with the special exception procedures of Section 70.120. The change of a use to another use

included within the same use category does not constitute a "change of use" within the meaning of this section. In order to approve a special exception for a nonconforming use substitution, the board of adjustment must find that the proposed use substitution will not result in any increase in adverse impacts on the surrounding area when compared to the previous nonconforming use of the property. In making such a determination, the board of adjustment must consider all of the following factors, as applicable:

**a.** Traffic to and from the site;

**b.** Hours of operation;

**c.** Outdoor display, storage and work activities; and

**d.** Other factors likely to have an effect on the surrounding area.

**C. Expansion of use.** A nonconforming use of a portion of a building may be expanded or extended into the remaining portions of the building if the development administrator determines that the areas of the building in which the expansion is proposed were manifestly arranged and designed for the use. Nonconforming use may not be expanded or extended in any other way unless the expansion reduces or eliminates the nonconformity.

**D. Movement.** A nonconforming use may be moved in whole or in part to another location on the same lot only if the movement or relocation does not create additional or new nonconformities. A nonconforming use may be moved to another lot only if the use would comply with the zoning regulations that apply to that (relocation) lot.

**E. Loss of nonconforming status.**

**1.** If a structure containing a nonconforming use is damaged or partially destroyed to the extent of more than fifty (50) percent of its replacement cost at time of damage, the nonconforming use may be re-established only if approved in accordance with the special exception procedures of Section 70.120. In order to approve a special exception for re-establishment of a nonconforming use, the board of adjustment must find that re-establishment will not result in any increase in adverse impacts on the surrounding area when compared to the previous nonconforming use of the structure. In making such a determination, the board of adjustment must consider all of the following factors, as applicable:

**a.** Traffic to and from the site;

**b.** Hours of operation;

**c.** Outdoor display, storage and work activities; and

**d.** Other factors likely to have an effect on the surrounding area.

**2.** If a nonconforming use is changed to a conforming use, no matter how short the period of time, all nonconforming use rights are lost and re-establishment of the nonconforming use is prohibited.

**3.** If a nonconforming use of a building is discontinued for thirty-six (36) consecutive months or for thirty-six (36) months during any four-year period, the nonconforming use may not be re-established. Periods of time when governmental action impedes access to or the use of the premises are not counted as periods of discontinuance.

**F. Nonconforming use of unimproved land.** Nonconforming uses of unimproved land are land uses and activities that meet the definition of a nonconforming use but that include structures that are all accessory or incidental to the use and in the aggregate do not cover more than ten (10) percent of the lot area devoted to the nonconforming use. Common examples include storage yards, construction debris sites, used vehicle sales lots, vehicle impound yards, auto wrecking, junkyards, and similar open-air uses. Nonconforming uses of unimproved land are subject to the nonconforming use regulations of this section (Section 80.040), except as modified by the following specific regulations:

**1.** No nonconforming use of unimproved land may be changed to another nonconforming use, nor enlarged, increased or moved to another portion of the lot, nor extended to occupy a greater area of land than was occupied at the time that the use became nonconforming.

**2.** No additional structure (other than fences) may be erected in connection with a nonconforming use of unimproved land.

**3.** If any nonconforming use of unimproved land ceases for any reason for a period of more than ninety (90) days, (except when government action impedes access to or use of the premises) any subsequent use of such land must conform in all respects to the regulations of the zoning district in which it is located.

## Section 80.050. Sexually oriented business establishment.

A sexually oriented business establishment lawfully existing on the effective date specified in Section 1.030, or any subsequent amendment, but that does not comply with any parking, loading, spacing or screening requirement of this zoning code, is deemed nonconforming. Such use may continue subject to the following provisions:

**A.** No such use may be enlarged or extended.

**B.** No such use may be changed to another use that does not comply with parking, loading, screening and spacing requirements, except that changes to an office or retail use are permitted, and the board of adjustment is authorized to approve a change to another use otherwise permitted by right or special exception within the subject zoning district, even though such use does not comply with applicable parking, loading, screening or spacing requirements.

**C.** A change of a use from one type of sexually oriented business establishment to another type of sexually oriented business establishment is considered a change of use and is not permitted unless the new use complies with all applicable requirements of this zoning code.

**D.** If the use of a nonconforming sexually oriented business establishment is discontinued for any reason whatsoever for a period of one hundred eighty (180) days or more, such use may not be reestablished unless it complies with all of the requirements of this zoning code.

**E.** If two (2) or more existing sexually oriented business establishments are separated by a lesser distance than required by this zoning code, the first sexually oriented business establishment licensed and continually operating at a particular location will be deemed the conforming use with regard to required spacing and separation distances and all later established sexually oriented business establishments will be deemed the nonconforming use with regard to required spacing distance.

## Section 80.060. Nonconforming signs.

**A. Description.** A nonconforming sign is a sign that was lawfully established but that no longer complies with applicable zoning code regulations because of the adoption or amendment of regulations after the sign was established.

**B. Off-premise outdoor advertising signs.** Nonconforming off-premise outdoor advertising signs may continue subject to the following provisions:

**1.** Nonconforming off-premise outdoor advertising signs must be maintained in good repair and safe condition, in accordance with Subsection 80.010D. No permits may be issued for upgrades or modifications of nonconforming signs. The conversion of a dynamic display component of a sign to a different dynamic display method or technology is considered a sign modification.

**2.** If an off-premise outdoor advertising sign is nonconforming by reason of restrictions on its brightness or illumination or its use of strobe or beacon lights, the sign must be immediately removed or made to conform.

**3.** If a nonconforming off-premise outdoor advertising sign is damaged or partially destroyed to the extent of more than fifty (50) percent of its replacement cost at the time of damage, the sign must be removed or made to conform to all applicable regulations within ninety (90) days of the date of the date of damage or destruction.

**4.** If a nonconforming off-premise outdoor advertising sign is not used for advertising purposes for a period of one hundred eighty (180) consecutive days, the nonconforming off-premise outdoor advertising sign is deemed to have been abandoned and must be removed. A sign that directs attention to the sign owner's outdoor advertising business, commodity, or service is not considered "outdoor advertising" for purposes administering and enforcing the provisions of this paragraph.

**C. On-premise signs.** Nonconforming on-premise signs may continue subject to the following provisions:

**1.** Nonconforming on-premise signs must be maintained in good repair and safe condition, in accordance with Subsection 80.010D. No permits may be issued for upgrades or modifications of nonconforming signs.

**2.** If an on-premise sign is nonconforming by reason of restrictions on its brightness or illumination or its use of strobe or beacon lights, the sign must be immediately removed or made to conform.

**3.** A window sign that is nonconforming by reason of restrictions on its sign area must be immediately removed or made to conform.

**4.** If a nonconforming on-premise sign is damaged or partially destroyed to the extent of more than fifty (50) percent of its replacement cost at the time of damage, the sign must be removed or made to conform to all applicable regulations within ninety (90) days of the date of the date of damage or destruction.

**5.** If the on-premise sign is not used for advertising purposes for a period of one hundred eighty (180) consecutive days, the sign is deemed abandoned and must be removed.

**D. Strobe lights and beacons.** Search lights, strobe lights and rotating beacon lights that are visible from public right-of-way are prohibited and must be removed immediately, except as otherwise required by law.

*(Ord. No. 25330, § 17, 6-5-2024)*

## Section 80.070. Nonconforming development features.

**A. Description.** A nonconforming development feature is any aspect of a development—other than a nonconforming lot, nonconforming structure, nonconforming use or nonconforming sign—that was lawfully established in accordance with zoning regulations in effect at the time of its establishment but that no longer complies with one or more applicable zoning regulations. Common examples are off-street parking areas that contain fewer spaces than required by current regulations and sites that do not comply with current landscaping, screening or lighting regulations.

**B. General.** Nonconforming development features may remain except as otherwise expressly stated in this zoning code, but the nature and extent of nonconforming development features may not be increased.

## CHAPTER 85. VIOLATIONS, PENALTIES AND ENFORCEMENT

Section 85.010. Responsibility for enforcement.
Section 85.020. Violations.
Section 85.030. Continuing violations.
Section 85.040. Remedies and enforcement powers.
Section 85.050 Remedies cumulative.
Section 85.060. Persons subject to penalties.
Section 85.070. Enforcement procedures.
Section 85.080. Appeals.

### Section 85.010. Responsibility for enforcement.

The development administrator, the code enforcement division, and any other officials or agencies designated by the mayor have responsibility for enforcing this zoning code. All departments, officials, agencies and employees vested with the authority to review, recommend or issue development approvals, permits or licenses must act in accordance with the provisions of this zoning code.

*(Ord. No. 25330, § 18, 6-5-2024)*

### Section 85.020. Violations.

Unless otherwise expressly allowed by this zoning code or state law, any violation of a provision of this zoning code—including any of the following—are subject to the remedies and penalties provided for in this zoning code:

**A.** To use land, buildings or other structures in any way that is not consistent with the requirements of this zoning code;

**B.** To erect a building or other structure in any way not consistent with the requirements of this zoning code;

**C.** To install or use a sign in any way not consistent with the requirements of this zoning code;

**D.** To engage in the use of a building, structure or land, the use or installation of a sign, or any other activity requiring one or more permits or approvals under this zoning code without obtaining such required permits or approvals;

**E.** To engage in the use of a building, structure or land, the use or installation of a sign, or any other activity for which a permit or approval has been granted under this zoning code or under previous zoning codes of the city in any way inconsistent with such permit or approval or any conditions imposed on the permit or approval;

**F.** To violate the terms of any permit or approval granted under this zoning code or under previous zoning codes of the city or any condition imposed on the permit or approval;

**G.** To obscure, obstruct or destroy any notice required to be posted under this zoning code;

**H.** To violate any lawful order issued by any authorized public official;

**I.** To continue any violation after receipt of notice of a violation; or

**J.** To fail to install or maintain required landscaping and screening material.

### Section 85.030. Continuing violations.

Each day that a violation continues constitutes a separate violation of this zoning code.

## Section 85.040. Remedies and enforcement powers.

The city has all remedies and enforcement powers allowed by law, including, without limitation, all of the following:

**A. Fines.** Any person violating any provisions of this zoning code or failing to comply with any of its requirements may be deemed guilty of a misdemeanor punishable by a fine of not more than one thousand two hundred dollars ($1,200.00) or by imprisonment not exceeding six (6) months, or by both fine and imprisonment.

**B. Withhold permit.**

**1.** The development administrator may deny or withhold all permits, certificates or other forms of authorization on any land or structure or improvements upon which there is an uncorrected violation of a provision of this zoning code or of a condition or qualification of a permit, certificate, approval or other authorization previously granted by the city. This enforcement provision may be used regardless of whether the current owner or applicant is responsible for the violation in question.

**2.** The development administrator may deny or withhold all permits, certificates or other forms of authorization on any land where an uncorrected violation exists. The development administrator may also withhold all permits, certificates or other forms of authorization on any other land owned by the owner of land on which an uncorrected violation exists. This enforcement provision may be used regardless of whether the property for which the permit or other approval is sought is the property in violation.

**3.** Instead of withholding or denying a permit or other authorization, the development administrator may grant such authorization subject to the condition that the violation be corrected.

**C. Revoke permits.**

**1.** A permit, certificate or other form of authorization required under this zoning code may be revoked by the development administrator when the development administrator determines:

**a.** That there are unapproved significant, material departures from approved plans or permits;

**b.** That the development permit was procured by false representation or was issued by mistake; or

**c.** That any of the provisions of this zoning code or approval previously granted by the city are being violated.

**2.** Written notice of revocation must be served upon the owner, the owner's agent or contractor, or upon any person employed on the building or structure for which such permit was issued. If no persons can reasonably be served with notice, the notice must be posted in a prominent location.

**D. Stop work.** With or without revoking permits, the development administrator may stop work on any building or structure on any land on which there is an uncorrected violation of a provision of this zoning code or of a permit or other form of authorization issued under this or previous zoning codes.

**E. Injunctive relief.** The city may seek an injunction or other equitable relief in court to stop any violation of this zoning code or of a permit, certificate or other form of authorization granted under this or previous zoning codes.

**F. Forfeiture and confiscation of signs on public property.** Any sign installed or placed on public property, except in compliance with the regulations of this zoning code will be considered forfeited to the public and subject to confiscation. In addition to other remedies and penalties of this chapter, the city has the right to recover from the sign owner or person who placed the sign, the full costs of sign removal and disposal.

**G. Abatement.** The city may seek a court order in the nature of mandamus, abatement, injunction or other action or proceeding to abate or remove a violation or to otherwise restore the premises in question to the condition in which they existed prior to the violation.

**H. Other penalties, remedies and powers.** The city may seek such other penalties and remedies as are provided by law.

**I. Continuation of previous enforcement actions.** Nothing in this zoning code prohibits the continuation of previous enforcement actions, undertaken by the city pursuant to previous valid ordinances and laws.

### Section 85.050 Remedies cumulative

The remedies and enforcement powers established in this zoning code are cumulative, and the city may exercise them in any combination or order.

### Section 85.060. Persons subject to penalties.

The owner or tenant of any building, structure, premises, or part thereof, and any architect, builder, contractor, or agent, or other person who commits, participates in, assists in, or maintains such violations may each be found guilty of a separate offense and be subject to penalties, remedies and enforcement actions.

### Section 85.070. Enforcement procedures.

**A. Non-emergency matters.** In the case of violations of this zoning code that do not constitute an emergency or require immediate attention, the development administrator must give notice of the nature of the violation to the property owner by personal service, U.S. first class mail or by posting notice on the premises. Notices of violation must state the nature of the violation and the time period for compliance and may state the corrective steps necessary and the nature of subsequent penalties and enforcement actions should the situation not be corrected.

**B. Emergency matters.** In the case of violations of this zoning code that constitute an emergency situation as a result of public health or safety concerns if not remedied immediately, the city may use the enforcement powers available under this zoning code without prior notice, but the development administrator must attempt to give notice to the property owner simultaneously with beginning enforcement action.

### Section 85.080. Appeals.

A determination made by the development administrator or other administrative officials that a zoning code violation has occurred may be appealed by the affected party in accordance with Section 70.140.

**[THIS PAGE INTENTIONALLY LEFT BLANK]**

## CHAPTER 90. MEASUREMENTS

Section 90.010. Fractions and rounding.
Section 90.020. Lot area.
Section 90.030. Lot area per unit.
Section 90.040. Floor area.
Section 90.050. Floor area ratio.
Section 90.060. Lot width.
Section 90.065. Lot depth.
Section 90.070. Frontage or street frontage.
Section 90.080. Open space per unit.
Section 90.090. Setbacks.
Section 90.100. Parking setbacks.
Section 90.110. Build-to-zone.
Section 90.120. Building coverage.
Section 90.130. Ceiling height.
Section 90.140. Transparency.
Section 90.150 Street-facing building entrances.
Section 90.160. Building height.
Section 90.170. Other height measurements.
Section 90.180. Noise and sound.
Section 90.190. Occupancy.

### Section 90.010. Fractions and rounding.

When calculations required under this zoning code result in fractions, the results must be rounded as follows:

**A. Minimum requirements.** When a regulation is expressed in terms of a minimum requirement, any fractional result must be rounded up to the next consecutive whole number. For example, if a minimum requirement of one tree for every thirty (30) feet is applied to a fifty-foot strip, the resulting fraction of 1.67 is rounded up to two (2) required trees.

**B. Maximum limits.** When a regulation is expressed in terms of maximum limits, any fractional result must be rounded down to the preceding whole number. For example, if a maximum limit of one dwelling unit for every three thousand seven hundred fifty (3,750) square feet of lot area is applied to an eight thousand-square-foot lot, the resulting fraction of 2.13 is rounded down to two (2) allowed dwelling units.

### Section 90.020. Lot area.

Lot area is measured as the total ground-level surface area contained within the property lines of a lot.

### Section 90.030. Lot area per unit.

Lot area per unit is a measure of residential density. It governs the amount of lot area required for each dwelling unit on the subject lot. To determine the number of dwelling units allowed on a lot, divide the area of the lot by the minimum lot-area-per-unit requirement, and round any fractional result down to a whole number. If, for example, a minimum lot-area-per-unit requirement of one thousand seven hundred fifty (1,750) feet is

applied to a ten thousand-square-foot lot, a maximum of five (5) units would be allowed on that lot (5.71 rounded down to five (5)). In applying minimum lot-area-per-unit requirements to fraternity, sorority and rooming/boarding house uses, each six hundred (600) square feet of floor area is counted as one dwelling unit.

### Section 90.040. Floor area.

The floor area of a building is measured as the sum of the gross horizontal areas of all floors within the building, including basements, as measured from the exterior faces of the exterior walls or from the centerline of walls separating 2 buildings. The floor area of enclosed required off-street parking areas is not included in the measurement of floor area.

### Section 90.050. Floor area ratio.

The floor area ratio (FAR) is the floor area of all buildings on a lot, divided by the area of that lot.

### Section 90.060. Lot width.

Lot width refers to the average horizontal distance between the side property lines of a lot. Lot width is calculated as follows:

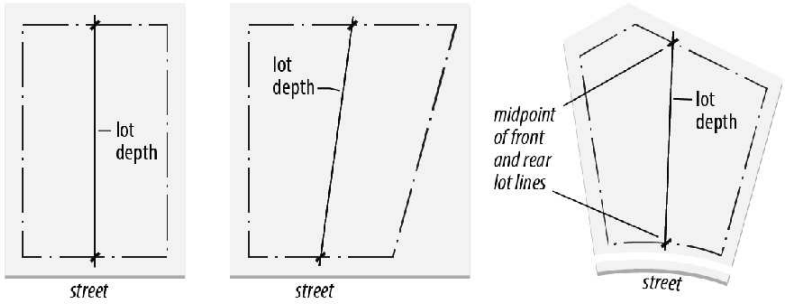
Lot Width = Lot Area (square feet) divided by (/) Lot Depth (feet)

*(Ord. No. 25330, § 19, 6-5-2024)*

### Section 90.065. Lot depth.

Lot depth is measured as the distance, in a straight line, between the midpoint of the front lot line and the midpoint of the rear lot line.

**Figure 90-1: Lot Depth Measurement**

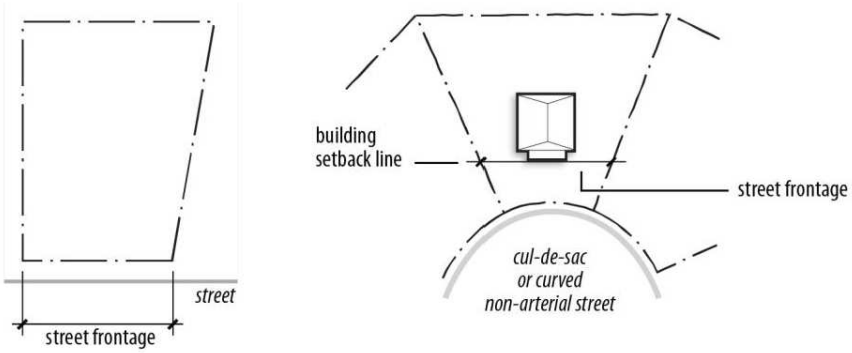


*(Ord. No. 25330, § 20, 6-5-2024)*

### Section 90.070. Frontage or street frontage.

Street frontage is measured between side property lines of a lot along the property line that abuts the street. For purposes of determining compliance with zoning district lot and building regulations, the frontage of a lot that abuts a cul-de-sac or similarly curved non-arterial street may be measured along the required setback line. Lot boundaries that abut a limited access freeway are not considered street frontage for the purpose of complying with zoning district lot and building regulations.

**Figure 90-2: Street Frontage Measurement**



## Section 90.080. Open space per unit.

**A.** Open space per unit refers to the amount of outdoor open space required to be provided on a lot for each dwelling unit on the subject lot. Multiply the minimum open space-per-unit requirement by the number of dwelling units to determine the total amount of open space required on a lot. In applying minimum open space-per-unit requirements to fraternity, sorority and rooming/boarding house uses, each six hundred (600) square feet of floor area is counted as one dwelling unit.

**B.** The following may be counted toward satisfying minimum open space-per unit requirements:

**1.** Outdoor areas that are not occupied by buildings, driveways or parking areas and are generally useable by residents;

**2.** Driveways and parking areas located in the rear yard of a detached house or duplex; and

**3.** Green roofs covering twenty-five (25) percent or more of the subject building's overall roof area.

**C.** Required open space within a townhouse development may be provided on each townhouse lot or may be provided in outdoor common areas within the townhouse development, as designated on the recorded subdivision plat or in a separately recorded legal instrument.

## Section 90.090. Setbacks.

**A. Measurement.** Required setbacks are measured from the applicable lot line, right-of-way, planned right-of-way or location referred to below. Building setbacks are measured to the nearest exterior building wall. Minimum setbacks that apply to other features (parking areas, fences, storage areas) are measured from the nearest point of the area or feature for which a setback is required. See Subsection 90.090C. for information on structures and building features that are allowed to occupy setback and yard areas in R zoning districts. Unless otherwise expressly stated, no part of any structure may be located within the street right-of-way, nor within the planned right-of-way of streets shown on the major street and highway plan, nor within twenty-five (25) feet of the centerline of the right-of-way on streets not shown on the

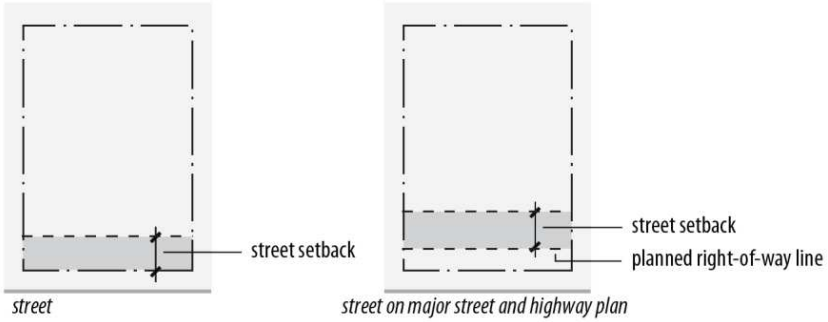
major street and highway plan. If a variance of the prohibition against location of a structure within the right-of-way or planned right-of-way is granted by the Board of Adjustment, no part of any structure may be located within the street right-of-way, nor within the planned right-of-way of streets shown on the major street and highway plan, nor within twenty-five (25) feet of the centerline of the right-of-way on streets not shown on the major street and highway plan, unless a license has been granted by the city, in the case of the right-of-way, or a removal agreement has been entered into, in the case of the planned right-of-way.

**1.** Street setbacks are measured from the actual right-of-way line of the street (other than an alley), provided that if the following measurement results in a greater setback, the greater setback applies:

**a.** For streets shown on the major street and highway plan, if the width of the planned right-of-way exceeds the width of the actual right-of-way, the measurement must be taken from the planned right-of-way; and

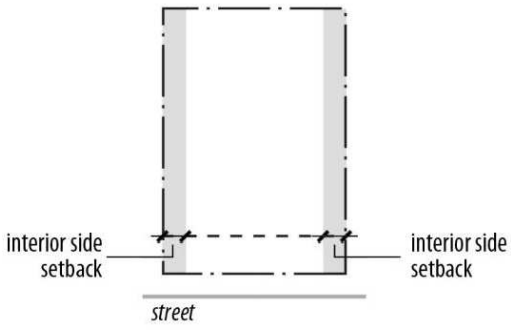
**b.** For streets not shown on the major street and highway plan, if the width of the right-of-way is fifty (50) feet or less, the measurement must be taken from a point that is twenty-five (25) feet from the centerline of the actual right-of-way.

**Figure 90-3: Street Setback Measurement**



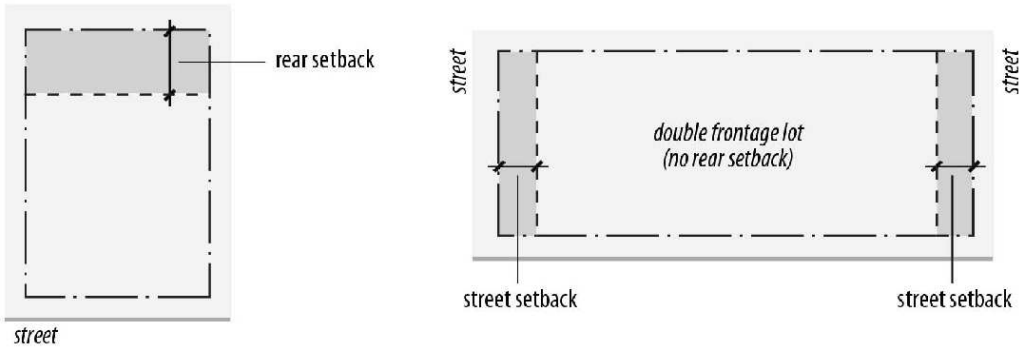
**2.** Side (interior) setbacks are measured from a side lot line that does not abut a street.

**Figure 90-4: Side (Interior) Setback Measurement**



**3.** Rear setbacks are measured from the rear lot line, except on double-frontage lots. On double-frontage lots, street setbacks apply from all property lines that abut streets.

**Figure 90-5: Rear Setback Measurement**

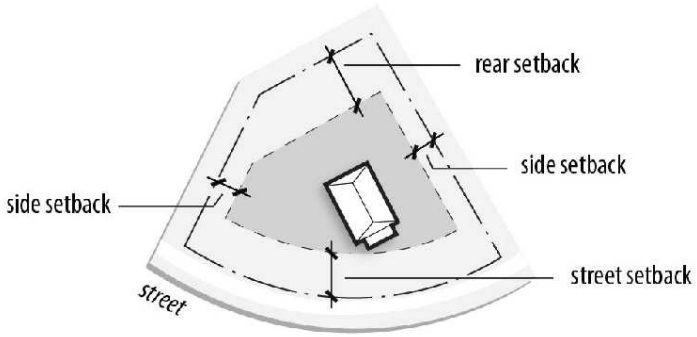


**B. Setbacks on Irregular Lots.** Setbacks are measured from lot lines towards the center of the lot, as follows:

**1.** Generally, setbacks are measured as set out in Subsection 90.090A.

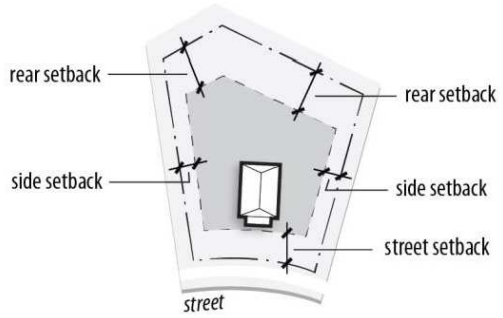
**2.** When lot lines are curvilinear, setbacks must be measured parallel to the curvilinear lot line.

**Figure 90-6: Setbacks from Curvilinear Lot Lines**



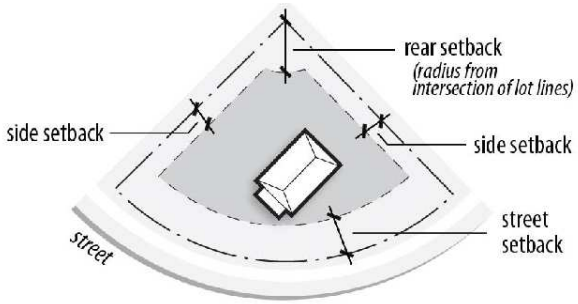
**3.** When there are multiple rear lot lines, the rear setback must be measured from each of rear lot lines.

**Figure 90-7: Setbacks from Multiple Rear Lot Lines**



**4.** When there is no rear lot line, the rear setback must be measured as a radial distance from the intersection of side lot lines at the rear of the lot.

**Figure 90-8: Rear Setback Measurement When there is No Rear Lot Line**



**C. Permitted setback obstructions in R zoning districts** Setbacks in R zoning districts must be unobstructed and unoccupied from the ground to the sky except as indicated in Table 90-1:

**Table 90-1: Permitted Setback Obstructions in R Zoning Districts**

| Obstruction | Setback | | |
|---|---|---|---|
| | **Street** | **Side** | **Rear** |
| Accessory buildings (see also Subsection 90.090C.2.) | No | No | Yes |
| Air conditioning units | No | Yes | Yes |
| Arbors and trellises | Yes | Yes | Yes |
| Awnings, canopies, light shelves and architecturally integrated solar shading devices projecting no more than two (2) feet into the setback | Yes | Yes | Yes |
| Barbeque pits and outdoor fireplaces | No | No | Yes |
| Bay windows projecting no more than two (2) feet into the setback | Yes | Yes | Yes |
| Carports | Yes [1] | Yes [2] | Yes [2] |

| Obstruction | Setback | | |
|---|---|---|---|
| | Street | Side | Rear |
| Chimneys and flues projecting no more than two (2) feet into the setback | Yes | Yes | Yes |
| Clotheslines | No | Yes | Yes |
| Decks, patios, and other features and structures less than thirty (30) inches in height above grade | Yes | Yes | Yes |
| Eaves and gutters projecting no more than two (2) feet into the setback | Yes | Yes | Yes |
| Fences and walls (see also Section 45.080) | Yes | Yes | Yes |
| Fire escapes projecting no more than four and one-half (4.5) feet into the setback | Yes | Yes | Yes |
| Flagpoles and similar features | Yes | Yes | Yes |
| Geothermal heat pumps and geothermal heat exchange system equipment up to four (4) feet in height above grade | No | No | Yes |
| Green houses and hoop houses | No | No | Yes |
| Insulation added to the outside of the exterior wall of an existing building | Yes | Yes | Yes |
| Plants and cold frames | Yes | Yes | Yes |
| Rainwater harvesting equipment projecting no more than four and one-half (4.5) feet into the setback | Yes | Yes | Yes |
| Recreational equipment (e.g., swing sets, playground equipment, tree houses, etc.) | No | No | Yes |
| Satellite dish antennas | See Section 45.180 | | |
| Signs (see also Chapter 60) | Yes | Yes | Yes |
| Sills, belt courses, cornices and similar architectural features projecting no more than two (2) feet into the setback | Yes | Yes | Yes |
| Solar energy systems, building-mounted | No | Yes | Yes |
| Solar energy systems, ground-mounted | No | No | Yes |
| Swimming pools and tennis courts | No [3] | No | Yes |
| Vehicle parking/storage, inoperable (see also Section 45.140) | No | No | Yes |
| Wheelchair lifts and ramps that meet federal, state and local accessibility standards | Yes | Yes | Yes |

**Table 90-1 Notes:**

**[1]** Special exception approval required; see Subsection 90.090C.1.

**[2]** Must be setback at least three (3) feet from side and rear lot lines.

**[3]** May be allowed in the street setback within a rear yard.

1. **Carports.** Carports are allowed in street setbacks and yards in R zoning districts only if approved in accordance with the special exception procedures of Section 70.120. Any carport that occupies all or a portion of the street setback or street yard area must comply with the following regulations, unless otherwise expressly approved by the board of adjustment as part of the special exception process:

   **a.** A carport may be a detached accessory building or an integral part of the principal building.

   **b.** The area of a carport may not exceed twenty (20) feet in length by twenty (20) feet in width.

**c.** A detached carport may not exceed eight (8) feet in height at its perimeter or eighteen (18) feet in height at its highest point. A carport erected as an integral part of the principal building may not exceed eight (8) feet in height within ten (10) feet of a side lot line or eighteen (18) feet at its highest point.

**d.** The carport structure must be setback from side lot lines by a minimum distance of five (5) feet or the depth of the principal building setback, whichever is a greater distance from the side lot line.

**e.** The carport structure may project into the required street setback by a maximum distance of twenty (20) feet. This distance must be measured from the required street setback line or the exterior building wall of the principal building, whichever results in the least obstruction of the street setback.

**f.** All sides of a carport that are within the required street setback must be open and unobstructed, except for support columns, which may not obstruct more than fifteen (15) percent of the area of any side.

**g.** The entire area under a carport may be used only for storage of operable, licensed motor vehicles (i.e., cars, boats, pickup trucks, vans, sport utility vehicles), which are customarily accessory to the dwelling. No other use of the carport area is allowed.

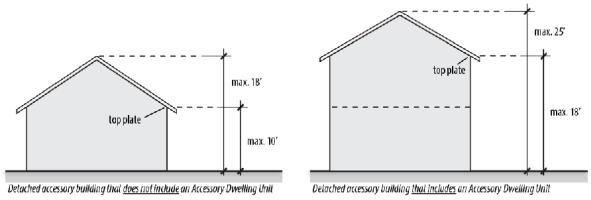
**2. Detached Accessory Buildings in R Districts.**

**a.** Detached accessory buildings may be located in rear setbacks, provided that:

(1) The building does not exceed one story or 18 feet in height and is not more than 10 feet in height to the top of the top plate; and

(2) The building does not exceed two stories or 25 feet in height and is not more than 18 feet in height to the top of the top plate if it contains an accessory dwelling unit on the second floor; and

**Figure 90-9: Maximum Height of Accessory Buildings in Rear Setbacks**



(3) Garage doors are limited to 8 feet in height; and

(4) Building coverage in the rear setback does not exceed the maximum limits established in Table 90-2:

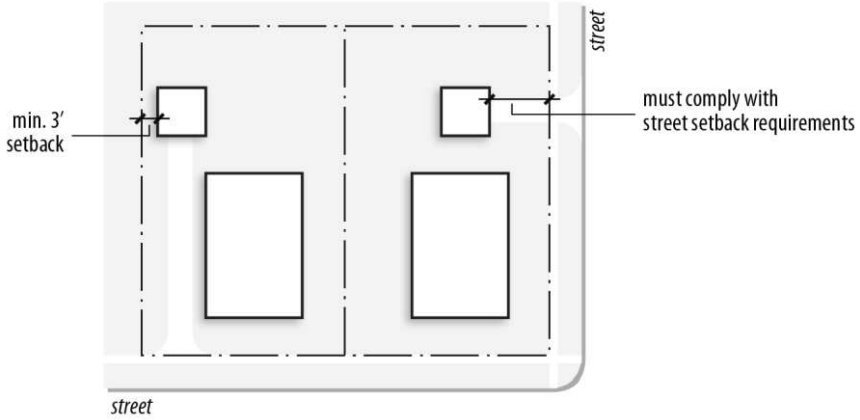
**Table 90-2: Accessory Building Coverage Limits in Rear Setback**

| Zoning District | Maximum Coverage of Rear Setback |
|---|---|
| RE and RS-1 Districts | 30% |
| RS-2 District | 35% |

| Zoning District | Maximum Coverage of Rear Setback |
|---|---|
| RS-3, RS-4, RS-5, RD, RT, and RM Districts | 40% |

**b.** Detached accessory buildings in the rear setback must be set back at least 3 feet from all interior lot lines. For lot lines abutting street right-of-way, detached accessory buildings must comply with the same setback requirements that apply to principal buildings.

**Figure 90-10: Required Setbacks for Accessory Buildings in Rear Setbacks within R District**



**c.** Nonconforming detached accessory buildings in the rear yard that are set back less than three (3) feet from interior lot lines may be expanded or demolished and reconstructed without complying with the three-foot setback requirements, provided that the reconstructed or expanded building complies with all of the following requirements:

(1) It is no closer to any interior lot line than the existing nonconforming structure;

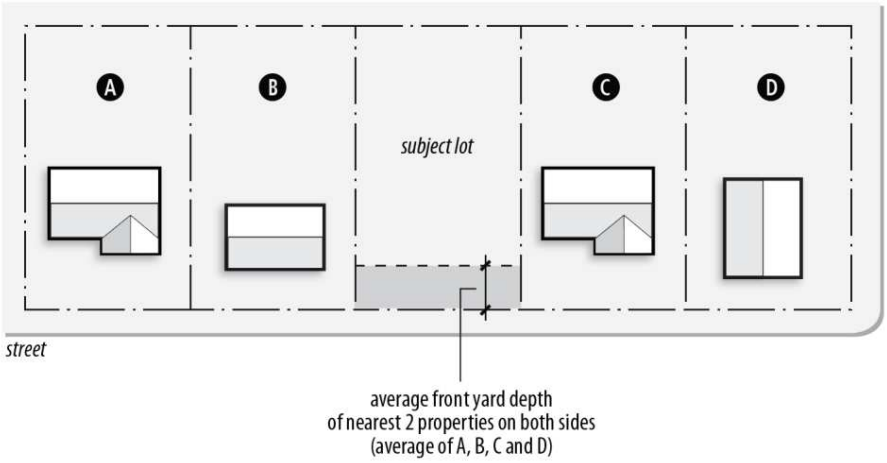
(2) It is not over one story in height;

(3) It does not cover more of the required rear yard than permitted in Subsection 90.090C.2.a.(2); and

(4) It does not exceed five hundred (500) square feet in floor area if the building does not comply with the setback requirements of Subsection 90.090C.2.b.

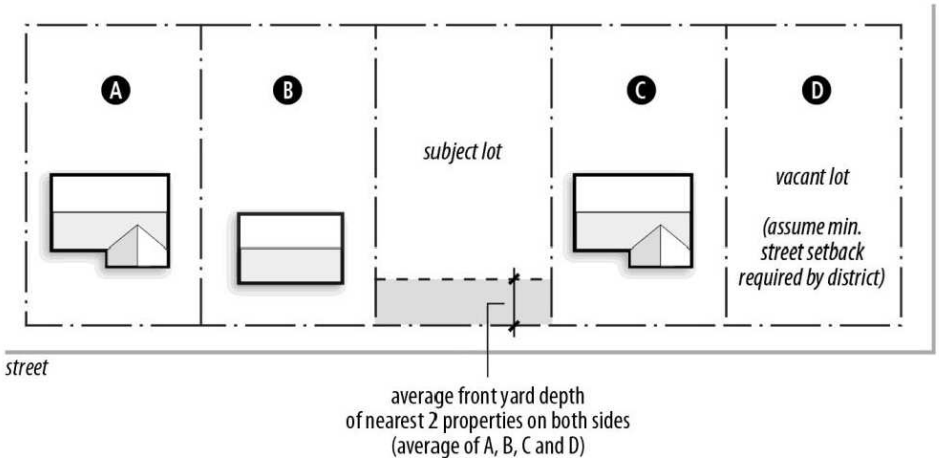
**D. Contextual setbacks.** When existing buildings on one or more abutting lots are closer to the street (front or street side) property line than the otherwise required setback, additions to existing buildings or construction of new buildings on the subject lot may comply with the average street yard depth that exists on the nearest two (2) lots on either side of the subject lot instead of complying with the zoning district's minimum street setback requirement. Existing yard depths must be based on the front corners of the buildings on the lots used in the contextual setback determination that are nearest to the subject lot.

**Figure 90-11: Contextual Setbacks (1)**



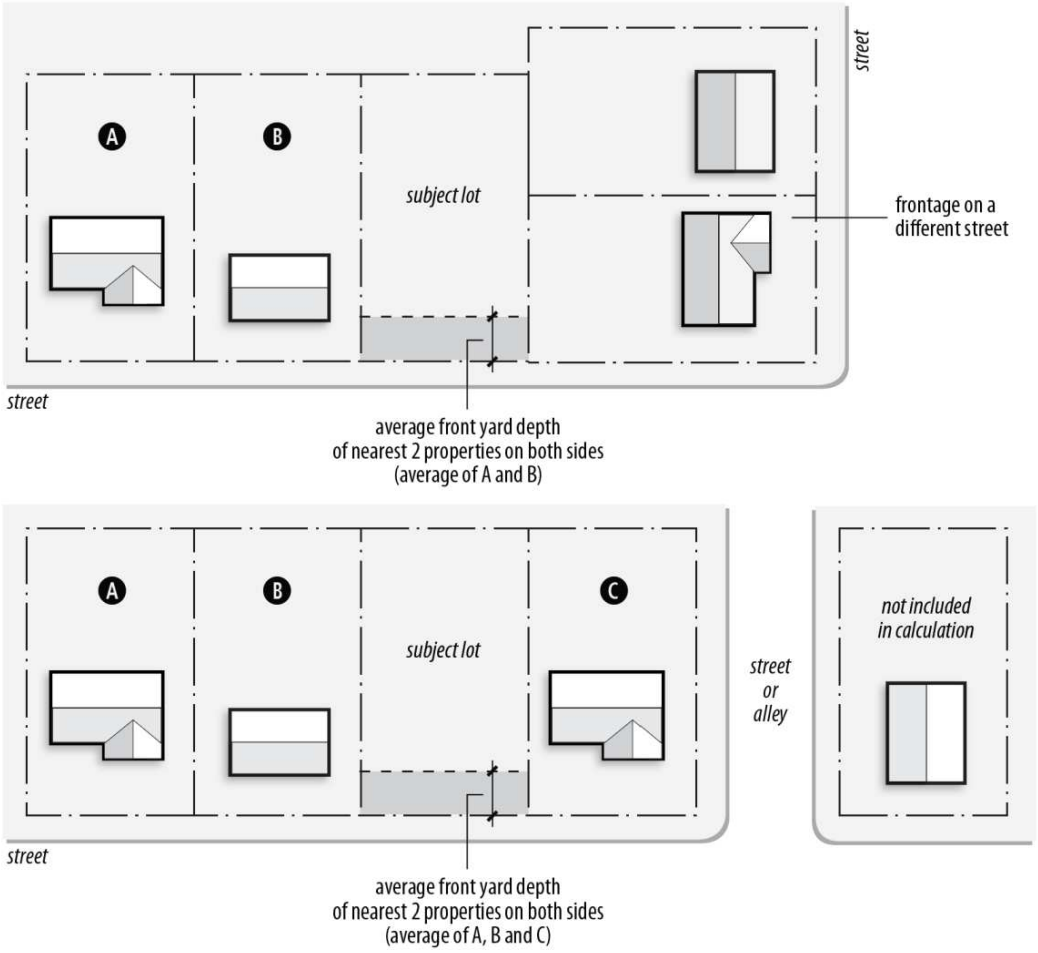
**1.** If one or more of the lots required to be included in the averaging calculation is vacant, that vacant lot will be deemed to have a street yard depth equal to the minimum street setback requirement of the subject zoning district.

**Figure 90-12: Contextual Setbacks (2)**



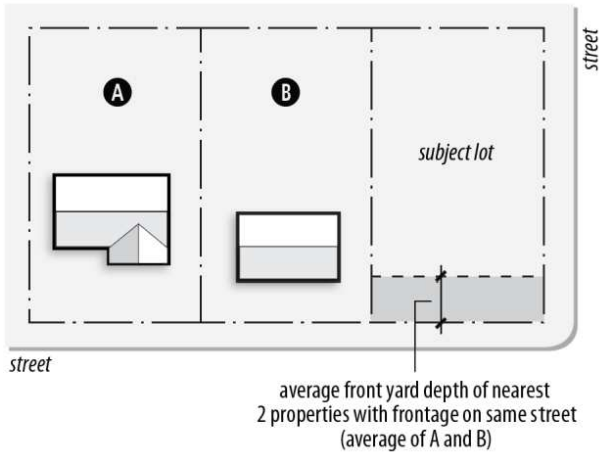
**2.** Lots with frontage on a different street than the subject lot or that are separated from the subject lot by a street or alley may not be used in computing the average.

**Figure 90-13: Contextual Setbacks (3)**



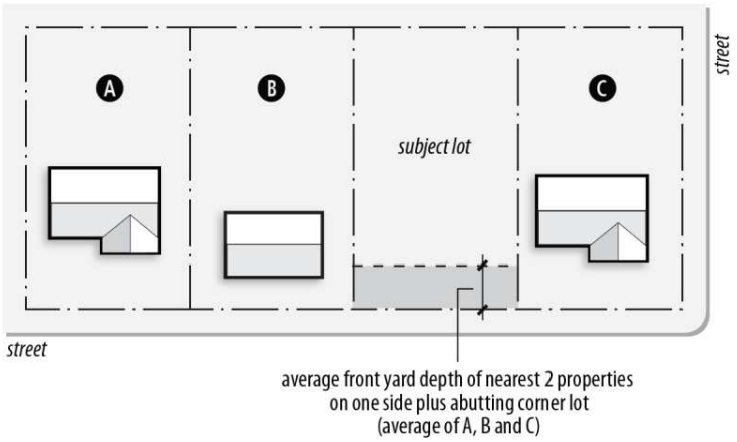
**3.** When the subject lot is a corner lot, the average street yard depth will be computed on the basis of the nearest two (2) lots with frontage on the same street as the subject lot.

**Figure 90-14: Contextual Setbacks (4)**



**4.** When the subject lot abuts a corner lot with frontage on the same street, the average street yard depth will be computed on the basis of the abutting corner lot and the nearest two (2) lots with frontage on the same street as the subject lot.

**Figure 90-15: Contextual Setbacks (5)**



**5.** These contextual setback provisions may not be used to reduce the setback of a street-facing garage door to less than twenty (20) feet.

*(Ord. No. 25429, § 19, 10-30-2024)*

## Section 90.100. Parking setbacks.

**A.** All on-site parking spaces must be located behind any applicable parking setback line. This requirement applies whether such spaces are located in a surface (open-air) parking lot or in a parking structure. Parking setbacks do not apply to on-street parking spaces, parking spaces located in an underground structure or parking spaces located above the ground floor.

**B.** Parking setbacks are measured in accordance with Subsection 90.090A.

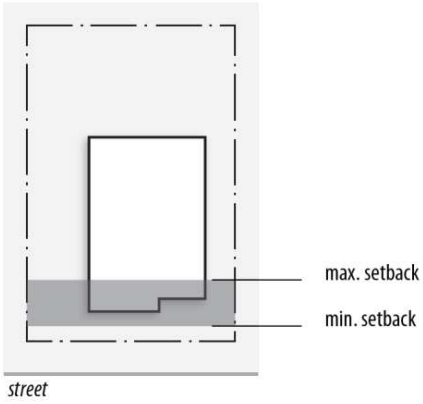
**[THIS PAGE INTENTIONALLY LEFT BLANK]**

## Section 90.110. Build-to-zone.

**A.** The build-to-zone is the area on the lot where all or a portion of the street-facing building façade must be located, established as a minimum and maximum setback range, measured in accordance with the setback measurement provisions of Subsection 90.090A.

**B.** The street-facing building façade must be located in and extend along the length of the build-to-zone for a minimum distance equal to a percentage of the width of the lot, as required by specific provisions of this zoning code. The required minimum percentage is calculated by dividing the width of the building façade located within the build-to-zone by the width of the lot. For purposes of this calculation, the width of the lot is the narrowest width of the lot within the build-to-zone.

**Figure 90-16: Build-to-Zone**



**C.** On corner lots, the development administrator is authorized to designate which street is the primary street and which street is the secondary or side street. The primary street designation must be based on consideration of the following criteria:

**1.** The street with the highest functional street classification;

**2.** The street that the lot takes its address from; and

**3.** The street parallel to an alley within the block.

**D.** On corner lots, the building must be within the required build-to-zone for the first twenty-five (25) feet extending from the intersection of the two (2) street rights-of-way.

## Section 90.120. Building coverage.

Building coverage is the total area of a lot covered by principal and accessory buildings. Only building areas beneath a roof are counted for purposes of measuring building coverage. A porch with a roof, for example, is counted, but an uncovered deck structure is not considered building coverage.

## Section 90.130. Ceiling height.

Ceiling height is measured from the finished floor to the ceiling immediately above. At least fifty (50) percent of the enclosed ground floor area must comply with established

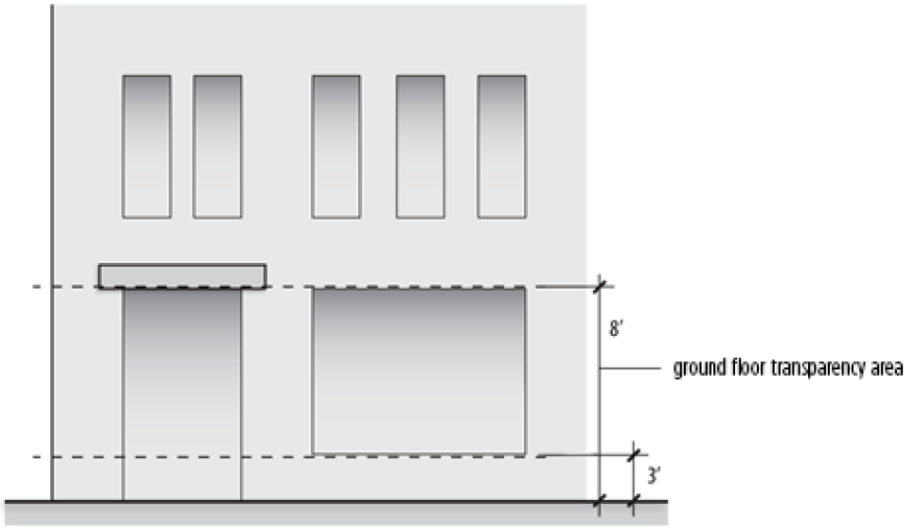
floor-to-ceiling height requirements and all of the first thirty (30) feet of building depth, measured from the principal street-facing façade, must comply with established ceiling height requirements. Buildings in existence or that were the subject of an approved building permit before the effective date specified in Section 1.030 are exempt from ceiling height requirements.

## Section 90.140. Transparency.

**A.** Transparency regulations govern the percentage of a street-facing building façade that must be covered by transparent elements (e.g., transparent windows and doors). Such transparent elements shall be designed and maintained to provide views into and out of the building, and shall not be permanently obstructed by fixed elements, such as signage, shelving, furniture, etc.

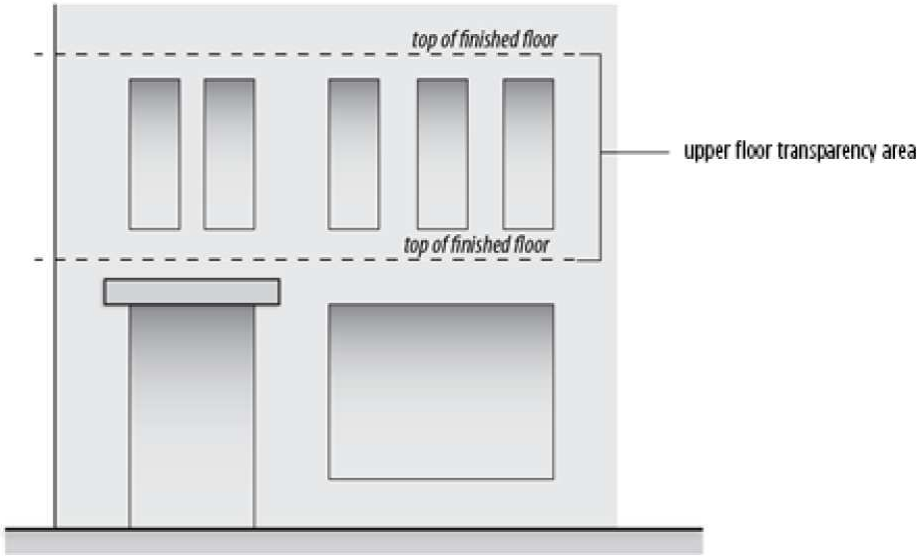
**B.** Unless otherwise expressly stated, the transparency area of a ground floor facade is measured between three (3) and eight (8) feet above the adjacent curb. Such transparent elements shall not begin higher than three (3) feet above the level of the adjoining curb and shall have a minimum width of two (2) feet.

Figure 90-17: Ground Floor Transparency Measurement



**C.** The transparency of an upper story facade is measured from top of the finished floor to the top of the finished floor above. When there is no floor above, upper story transparency is measured from the top of the finished floor to the top of the wall plate.

**Figure 90-18: Upper Floor Transparency Measurement**



**D.** Glazed elements used to satisfy minimum transparency requirements must be clear and non-reflective and not be painted or tinted (transparent, low-emissivity glass is permitted).

**Section 90.150 Street-facing building entrances.**

**A.** Required street-facing building entrances must provide ingress and egress for residents and customers. Additional entrances off another street, pedestrian area or internal parking area are also permitted.

**B.** An angled entrance may be provided at any corner of a building along the street to meet street-facing entrance requirements.

**Section 90.160. Building height.**

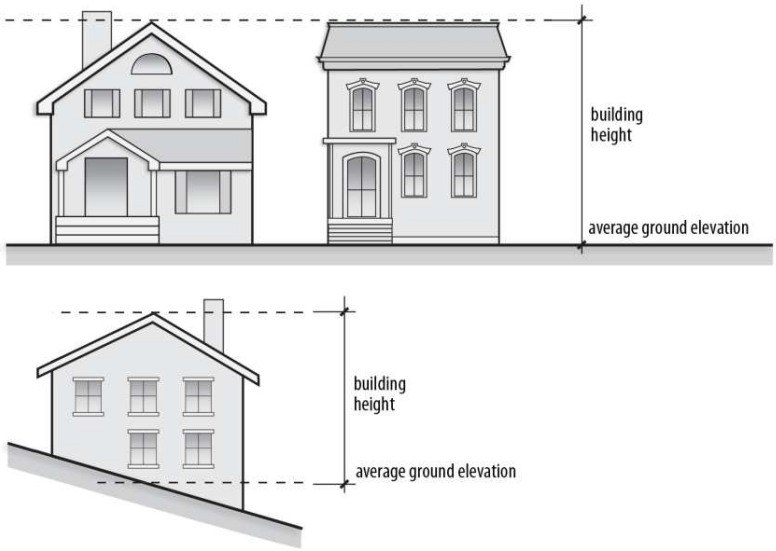
**A.** Measurement.

**1.** Building height is measured as the vertical distance from the average ground elevation along the exterior building wall to the highest point of the subject building. For purposes of measuring height:

**a.** The average ground elevation is the mid-point between the highest and lowest ground elevations along the exterior building wall; and

**b.** The highest point of the building is the coping of a flat roof, the top of a mansard roof or shed roof, or the peak of the highest gable of a gambrel or hip roof. For buildings without a roof, height is measured to the highest point of the structure.

**Figure 90-19: Building Height Measurement**



**B. Exceptions.**

**1.** Farm buildings and farm-related structures are not subject to building height limits.

**2.** Chimneys, elevators, equipment penthouses, monitors, cooling towers and ventilators may exceed maximum building height limits, provided they are not intended for human occupancy and they do not extend more than twenty (20) feet above the top of the principal structure to which they are attached. This twenty-foot limit may be increased through the special exception procedures of Section 70.120.

**3.** Belfries, clock towers, cupolas, domes, flag poles and spires may exceed maximum building height limits, provided they are not intended for human occupancy and they are not more than one hundred fifty (150) percent taller than the applicable height limit. This one hundred fifty (150) percent limit may be increased through the special exception procedures of Section 70.120.

## Section 90.170. Other height measurements.

**A. Fences and walls.** The height of fences and walls is measured as vertical distance from the average finished grade on the inside of the fence to the top of the fence or wall. Fences atop walls or landscape features (e.g., raised beds) are measured to average finished grade at the base of the wall or landscape feature. In the case of retaining walls, average finished grade may be measured from the side of the retaining wall abutting and contacting the earth being supported. Fence posts may exceed the height of the highest connected portion of the fence by up to twelve (12) inches.

**B. Other structures.** The height of structures other than buildings, fences or walls is measured as vertical distance from the average finished grade at the base of the

structure to the highest point of the structure. Unless otherwise expressly stated, the height of a structure may not exceed the maximum building height allowed in the subject zoning district.

*(Ord. No. 25330, § 21, 6-5-2024)*

**Section 90.180. Noise and sound.**

For the purpose of determining compliance with any noise limits expressed in db(A) (A-weighted decibels), the noise must be measured on the A-weighting scale on a sound level meter of standard design and quality having characteristics established by the American National Standards Institute.

**Section 90.190. Occupancy.**

For the purpose of determining compliance with standards or requirements based on building occupancy or capacity, calculations must be based on the building code.

**[THIS PAGE INTENTIONALLY LEFT BLANK]**

### Section 95.010. General.

Words and terms expressly defined in this zoning code have the specific meanings assigned unless the context clearly indicates another meaning. Words and terms that are not expressly defined in this zoning code have the meaning given in the latest edition of *Merriam-Webster's Unabridged Dictionary*.

### Section 95.020. Use definitions.

See Chapter 35 for an explanation of the use categorization system used in this zoning code and for use type definitions.

### Section 95.030. Measurement-related terms.

See Chapter 90 for an explanation of various lot and building regulation terms, such as "lot area," "building height," "setbacks" and "build-to-zone."

## Section 95.040. Terms beginning with "A".

**Abut or abutting.** To touch or share a contiguous boundary or border, except that in the context of hearing notice and screening or enclosure requirements, "abutting" includes properties that are contiguous or separated only by a non-arterial street, alley or railroad right-of-way.

**Accessory use bar.** A commercial establishment open to the public that sells and serves alcoholic beverages for consumption on the premises, but that is incidental and subordinate to and that occupies no more than twenty-five (25) percent of the floor area of a principal use restaurant or fraternal organization. In order to be classified as an accessory use bar, the bar must occupy the same principal building and contiguous tenant space as the principal use and not contain a separate exterior public entrance (i.e., it must be served solely by the customer entrance that serves the principal use restaurant, hotel/motel or fraternal organization).

**Accessory dwelling unit.** See Subsection 45.031A.

**Accessory Use or Structure.** A use or structure that meets the criteria established in Subsection 45.010B.

**Adjacent.** Lying near or in the immediate vicinity.

**Agent.** A person duly authorized to act on behalf of the owner of the subject property.

**Alcoholic beverage.** As defined in Title 37-A of Oklahoma Statutes.

**Alley.** A public right-of-way that affords a means of access to abutting property, generally secondary in nature.

**All-weather surface (or material).** A hard surface, dustless material capable, during ordinary use, of withstanding without substantial deterioration, normal weather conditions. Gravel, rock, or screenings, when treated with a road surface binder approved by the development administrator, meet the definition of an all-weather surface.

**Applicant.** The owner of the subject property or an agent authorized by the subject property owner to submit an application on the owner's behalf.

**Arterial.** A street designated on the major street and highway plan as an arterial, parkway or scenic drive.

**Arts Commission.** The Arts Commission of the City of Tulsa.

**Average ground elevation.** See Subsection 90.160A.1.a.

**Awning.** A roof-like structure typically made of cloth, metal or other material attached to a frame that extends from and is supported by a building. Awnings are typically erected over a window, doorway or building front and they may be raised or retracted to a position adjacent to the building.

*(Ord. No. 24725, § 30, 11-17-2021; Ord. No. 25330, § 22, 6-5-2024)*

## Section 95.050. Terms beginning with "B".

**Base (zoning) district.** Any zoning district that is not an overlay district.

**Bioretention.** The use of soil and plants to remove pollutants from stormwater runoff.

**Block face.** All lots abutting one side of a street between the two (2) nearest intersecting streets.

**Board of Adjustment (BOA).** The Board of Adjustment of the City of Tulsa.

**Build-to-zone (or build-to line).** See Section 90.110.

**Building.** A structure that is permanently affixed to the land; with or without a roof, or walls on all sides; and used or intended for supporting or sheltering any use or occupancy.

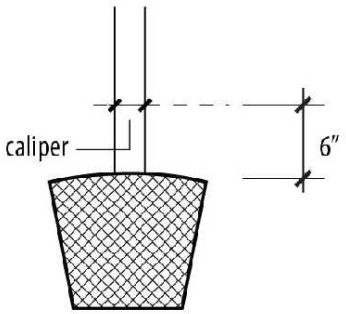
**Building coverage.** See Section 90.120.

**Building height.** See Section 90.160.

## Section 95.060. Terms beginning with "C".

**Caliper.** The diameter of the tree trunk measured at a point six (6) inches above the root ball or soil level.

**Figure 95-1: Caliper (Tree) Measurement**



**Carport.** Any parking space or spaces having a roof, but not enclosed by walls, and accessory to a dwelling or dwellings. Parking garages and parking structures are not carports.

**Car-share program.** A system in which a fleet of cars (or other motor vehicles) is made available for use by members of the car-share program and that exhibit all of the following characteristics:

1. Members are permitted to use vehicles from the car-share program fleet on an hourly basis;
2. Car-share vehicles are generally available twenty-four (24) hours a day and seven (7) days a week to members in parking spaces at dispersed locations or facilities; and
3. No separate written agreement is required each time a member reserves and uses a car-share vehicle.

**Car-share vehicle.** A motor vehicle from a car-share program fleet.

**Character.** Any letter of the alphabet or any numeral.

**City.** The City of Tulsa, Oklahoma.

**City Council.** The City Council of the City of Tulsa.

**Coffee roasting.** Applying heat to green coffee beans to produce darker roasted beans that can be used to brew coffee.

**Cold frame.** An unheated structure no more than four (4) feet in height used for protecting seedlings and plants from the cold.

**Commercial message.** Any sign, wording, logo, or other representation that directly or indirectly, names, advertises, or calls attention to a business, product, service or other commercial activity.

**Comprehensive plan.** The City of Tulsa's official comprehensive plan, as adopted by the planning commission and approved by the City Council.

**Curb level.** The average (mean) level of the established curb at the frontage of the subject lot. Where no curb has been established, the City Engineer is authorized to establish such curb level or its equivalent.

**Section 95.070. Terms beginning with "D".**

**Designated residential development area.** An area specifically designated for residential development by conditions imposed in a PUD, MPD or CO district.

**Design guidelines.** The criteria used to guide the preservation commission in review of an application for an HP permit, unless the context clearly indicates another meaning.

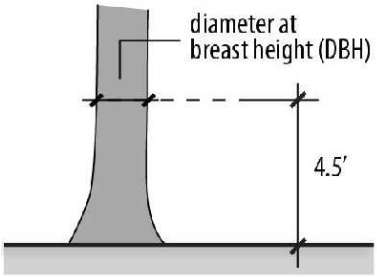
**Development.** Any man-made change to improved or unimproved real estate, including but not limited to, buildings or other structures, mining, dredging, filling, grading, paving, excavation, or drilling operations.

**Development Administrator.** See Subsection 1.090I.8.

**Development plan.** See Section 70.040.

**Diameter at breast height (DBH).** The diameter of a tree trunk measured at a point four and one-half (4.5) feet above ground level at the base of the tree.

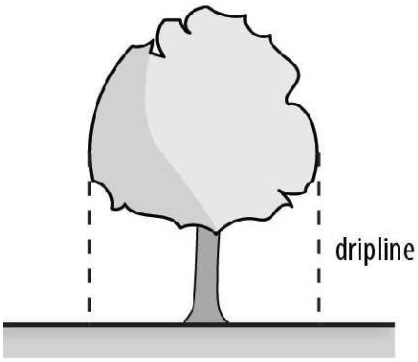
**Figure 95-2: Diameter at Breast Height (DBH)**



**Donation bins.** See "recyclable material bins/donation bins".

**Dripline.** The periphery of the area underneath a tree that would be encompassed by perpendicular lines extending from the exterior edges of the crown of the tree.

**Figure 95-3: Dripline (of a Tree)**



**Dumpster.** A container with a capacity of more than one and one-half (1.5) cubic yards or a height of more than four and one-half (4.5) feet that is designed for receiving, transporting, and depositing waste materials produced by uses that are on the subject site. Dumpsters are typically designed to be hoisted and emptied into a garbage truck. (See Section 45.050 for applicable regulations).

**Dwelling unit.** A room or group of rooms arranged, intended, or designed as a habitable unit, containing kitchen, bath and sleeping facilities, for not more than one household living independently of any other household.

*(Ord. No. 24279, § 6, 12-11-2019; Ord. No. 25604, § 14, 6-18-2025)*

**Section 95.080. Terms beginning with "E".**

**Electric vehicle.** Any vehicle that is licensed and registered for operation on public and private highways, roads, and streets; either partially or exclusively, on electrical energy from the grid or an off-board source, that is stored on-board via a battery. "Electric vehicle" includes: (1) battery electric vehicles; and (2) plug-in hybrid electric vehicles.

**Electric vehicle (EV) charging station.** A public or private parking space that is served by battery charging station equipment.

**Electric vehicle charging station, private (restricted-access)** means an EV charging station that is not available for use by the general public. Examples include electric vehicle charging stations that serve residential homeowners or renters, executive parking areas, designated employee parking areas and fleet parking areas.

**Electric vehicle charging station, public.** An EV charging station that is accessible to and available for use by the general public.

**Electric vehicle parking space.** Any parking space that is clearly identified to be used exclusively for the parking of an electric vehicle.

**Electrical fence charger system.** A labeled circuit arrangement, whether energized by a battery or other electrical power source that is or is designed or intended to impart an electrical shock to any person or animal coming in contact with such un-insulated conductors.

**Section 95.090. Terms beginning with "F".**

**Floor area.** See Section 90.040.

**Floor area ratio.** See Section 90.050.

**Floor-to-ceiling height.** See Section 90.130.

**Foot-candle.** A measure of illumination, the amount of light falling onto a surface. One lumen of light, shining evenly across one square foot of surface, illuminates that surface to one foot-candle.

**Freeway.** A street designated as a freeway on the major street and highway plan.

**Section 95.100. Terms beginning with "G".**

**Garage sale.** The sale of tangible personal property at retail by a person who is not in the business or does not hold himself or herself out to be in the business of selling tangible personal property at retail, when such sale occurs on residentially-zoned property (including in a garage, on a driveway, patio or porch, in the yard or in the residential structure) and is open to the public. Also referred to as yard sale, estate sale, moving sale, occasional sale, etc.

**Geothermal heat exchange system.** Equipment that exchanges thermal energy between the ground (or a water source) and a building. This includes vertical closed loop, horizontal closed loop, water body closed loop system and open loop systems. Also known as ground source heat pumps and geothermal heat pumps.

**Grade, finished.** The vertical location of the ground or pavement surface after site grading work is completed in accordance with an approved plan.

**Green roof.** An extension of an above-grade building roof that includes at least a waterproof membrane, a root repellent system, a drainage system, a filtering layer, soil with a minimum depth of three (3) inches and native or naturalized plants. Also commonly referred to as a "vegetated roof."

**Ground-floor level.** The lowest level of a building that is at or above grade for at least fifty (50) percent of its interior floor-to-ceiling height.

**Section 95.110. Terms beginning with "H".**

**Height, building.** See Section 90.160.

**Height, sign.** See Subsection 60.130B.

**Historic preservation.** The adaptive use, conservation, protection, reconstruction, rehabilitation, restoration, or stabilization of a historic resource.

**Adaptive use.** The restrained alteration of a historic resource to accommodate uses for which the resource was not originally constructed, but in such a way so as to maintain the general historical and architectural character.

**Conservation.** The sustained appearance of a historic resource essentially in its existing state.

**Protection.** The security of a historic resource as it exists through the establishment of the mechanisms of this zoning code.

**Reconstruction.** The process of recreating or reproducing by new construction all or part of the form and detail of a vanished historic resource as it appeared at a specific period in time.

**Rehabilitation.** The process of recreating a historic resource to a state of efficiency or soundness by repair or alteration designed to encourage its continued use, but without noticeably changing the exterior appearance of the historic resource.

**Restoration.** The process of accurately recovering all or part of the form and detail of a historic resource and its setting as it appeared at a particular period of time by means of the removal of later work and the replacement of missing earlier work.

**Stabilization.** The process of applying measures designated to halt deterioration and to establish the structural stability of an unsafe or deteriorated resource while maintaining the essential form as it presently exists and without noticeably changing the exterior appearance of the historic resource.

**Historic preservation district.** A supplemental zoning district consisting of a building, structure, or site or an area containing buildings, structures, or sites that is a historic resource.

**(Historic preservation) work.** Solely for purposes of administering and enforcing the historic preservation-related provisions of this zoning code, "work" means any changes to an existing building, structure, or lot, or any portion thereof, including but not limited to, the erection, construction, reconstruction, renovation, alteration, painting, removal, or demolition of a building, structure, or lot, irrespective of whether or not a building permit is required.

**Historic resource.** A building, structure, site or area containing a concentration, linkage, or continuity of buildings, structures, or sites that are generally fifty (50) years or older and that contain one or more of the following attributes:

1. Significant characteristics, interest, or value as part of the historical development, history, or cultural heritage of the city, state, or nation;
2. Significance as the site of a historic event in the past of the city, state, or nation;
3. Associated with a person, or group of persons, who played a significant role in the historical development, history, and cultural heritage of the city, state, or nation;
4. That is the embodiment of distinguishing characteristics, design, details, materials or craftsmanship which represent a historically significant architectural or engineering innovation, type, style or specimen;

**5.** That portrays the environment in an era of history characterized by a distinctive architectural, engineering, or construction style;

**6.** That represents a significant and distinguishable entity of historical importance whose components may lack individual distinction;

**7.** Yielded and is likely to yield, information important in prehistory or history; or

**8.** Meets the criteria for listing on the National Register of Historic Places.

**Historic resource: Significant characteristics.** Those characteristics that are important to the historic resource by design or location, and include, but are not limited to materials, detail, height, orientation, proportion, rhythm, scale, setback, setting, shape, and workmanship.

**Materials.** The physical elements of a building, structure, site, or area that create an aesthetic and structural appearance of the resource, including characteristics such as texture, form, composition, and style.

**Detail.** Aspects of a building, structure, site or area which, due to particular treatment, draw attention to certain parts or features of the building, structure, site, or area.

**Orientation.** The position of a building, structure, site, or area relative to a particular point in which it is viewed or in relation to other fixed elements in the environment.

**Proportion.** The visible relationship and order established between buildings, structures, sites or areas, their individual parts to one another, as well as between the parts and the whole.

**Rhythm.** The regular pattern or harmonious recurrence of lines, shapes, or forms, such elements occurring within or between buildings, structures, sites or areas; including, but not limited to, windows, doors, roofs, porches, driveways, sidewalks, setbacks and heights.

**Scale.** The size of the parts of a building, structure, site or area in relationship to one another and to the human figure.

**Setback.** The location of a building or structure as it relates to the street and other buildings and structures around it.

**Setting.** The surrounding buildings, structures, landscaping and familiar features which provide a visual aesthetic or perceptual quality to historic resources.

**Shape.** The physical configuration of a building, structure, site or area, established by its form, surfaces, edges, height, width, and depth.

**Workmanship.** A level of quality exhibited in the construction, detailing, or design of a historic resource.

**Home occupation.** An accessory use of a dwelling unit for business or commercial purposes. Home occupations are subject to the regulations of Section 45.100.

**Hoop house.** A temporary or permanent structure typically made of flexible pipe or other material covered with translucent plastic, constructed in a "half-round" or "hoop" shape, for the purposes of protecting and cultivating plants. A hoop house is considered more temporary than a greenhouse.

**Household.** One or more persons who inhabit a single dwelling unit, as a single housekeeping unit, that is: (1) traditionally characterized by matrimonial or parent-child

relationship, provided that all such persons are related by blood, marriage, adoption, fosterage, or guardianship and no more than two (2) unrelated inhabitants are included in the housekeeping unit; or (2) predominantly characterized by voluntary associational, communal relationships, provided no more than eight (8) inhabitants are included in the housekeeping unit. The term "household" expressly includes community-based residential facilities licensed by or contracted with the Oklahoma Department of Human Services that provide care or supervision by a responsible adult for no more than eight (8) individuals with developmental or physical disabilities as a single housekeeping unit.

**HP permit.** The official document issued by the Preservation Commission authorizing work within an HP district.

**Section 95.120. Terms beginning with "I".**

**Inoperable vehicle.** Any motor vehicle from which, for a period of seven (7) days, the engine, wheels, or other parts have been removed, or in which the engine, wheels, or other parts have been altered, damaged, or otherwise modified so that the vehicle is incapable of being driven under its own motor power. "Inoperable motor vehicle" does not include a motor vehicle that has been rendered temporarily incapable of being driven under its own motor power, solely to perform ordinary service or repair operations.

**Intersection, signalized.** The area where motor vehicle traffic is regulated by an official traffic control signal or light, which is also embraced within the prolongation or connection of the lateral curb lines, or if none, then the lateral boundary lines of the roadways of two (2) streets that join one another at or approximately at right angles, or the area within which vehicles travel upon different streets joining at any other angle that may conflict, whether or not one such street or roadway crosses the other.

**Section 95.130. Terms beginning with "J". RESERVED**

**Section 95.140. Terms beginning with "K". RESERVED**

**Section 95.150. Terms beginning with "L".**

**Landscaped area.** The unpaved area of a lot that contains grass, shrubs, flowers, ground cover, trees or plant materials and that may include decorative fixtures such as rock, pools and planters. Areas of a lot containing artificial plants, artificial trees or other artificial vegetation are not considered landscaped area.

**Land use administrator.** See Subsection 1.090I.10.

**Lawfully established.** A use, structure, lot or sign (as the context indicates) that was established in conformance with all applicable zoning code regulations in effect at the time of its establishment.

**Less intensive zoning district.** A zoning district classification that is identified as being less intensive than another zoning district within the same grouping of districts, as indicated in Table 5-1, Table 10-1, Table 15-1. Overlay districts, special district and zoning districts that are expressly excluded from the relative intensity scales identified in these tables do not qualify as less intensive zoning districts.

**Light trespass.** Light that is emitted into an unintended area.

**Liner building.** A building or portion of a building that is specifically designed to mask a parking garage or structure from frontage on a public street and that consists of habitable or occupiable floor space.

**Lot.** A lot of record.

**Lot area.** See Section 90.020.

**Lot area per unit.** A measurement of allowed residential density. See Section 90.030.

**Lot, corner.** A lot abutting two (2) or more streets at their intersection or upon two (2) segments of the same street, when such segments form an interior angle of less than one hundred thirty-five (135) degrees. The point of intersection of street rights-of-way lines is the corner.

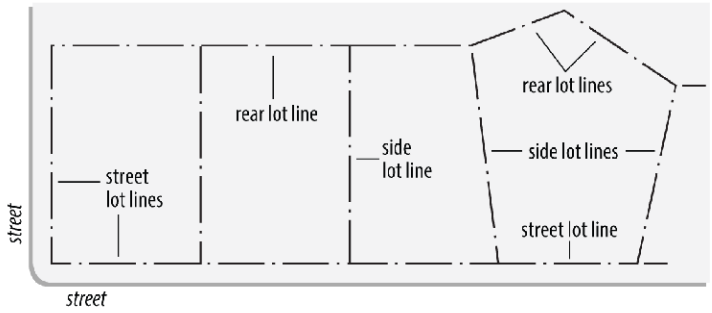
**Lot, double-frontage.** An interior lot with frontage on more than one street or a corner lot with frontage on more than two (2) streets.

**Lot, interior.** A lot other than a corner lot.

**Lot of record.** A lot that is part of a subdivision, the plat of which is recorded in the county clerk's office; a parcel of land, the conveyance of which is lawfully recorded in the county clerk's office; or the balance of a parcel of land where the conveyance of another portion of that parcel is lawfully recorded in the county clerk's office.

**Lot line.** Any boundary of a lot.

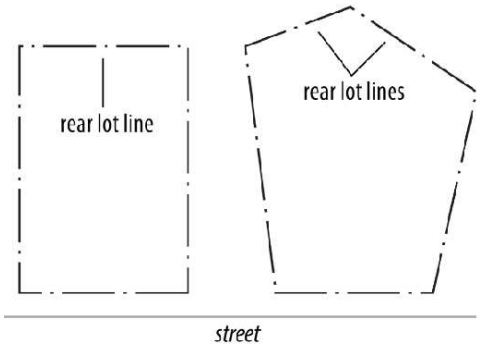
**Figure 95-4: Lot Lines**



**Lot line, front.** The boundary of a lot that abuts the street. Unless otherwise expressly stated, the owner of the subject property may select which lot line is the front lot line on corner lots.

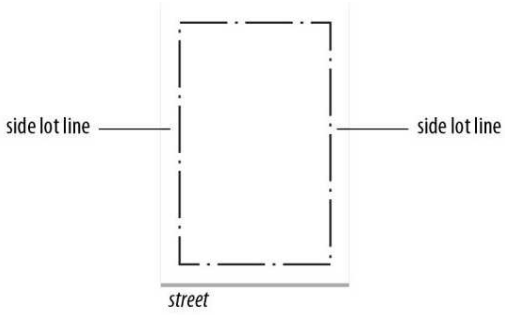
**Lot line, rear.** The boundary of a lot that is most distant from and most nearly parallel to the front lot line.

**Figure 95-6: Rear Lot Line**



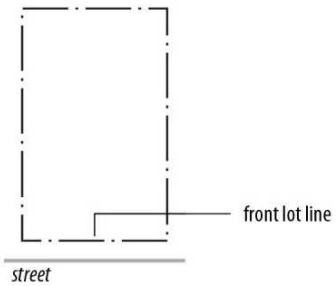
**Lot line, side.** Any boundary of a lot that is not a street lot line or a rear lot line.

**Figue 95-7: Side Lot Lines**



**Lot line, street.** The boundary of a lot that abuts a street. A lot may have more than one street lot line, and a street lot line may also be a front lot line.

**Figue 95-5: Street Lot Line**



**Lot width.** See Section 90.060.

**Low-impact development (LID).** An approach to land development (or redevelopment) that works with nature to manage stormwater as close to its source as possible. LID employs principles such as preserving and recreating natural landscape features, minimizing impervious area to create functional and appealing site drainage features that treat stormwater as a resource rather than a waste product. Common LID practices include bioretention facilities, rain gardens, green roofs, rain barrels or cisterns, and permeable paving.

*(Ord. No. 25055, § 12, 5-24-2023; Ord. No. 25330, §§ 23, 24, 6-5-2024)*

## Section 95.160. Terms beginning with "M".

**Major street and highway plan.** The Tulsa Metropolitan Area Major Street and Highway Plan, which is adopted as a functional element of the comprehensive plan.

**Massage therapy.** The manipulation of soft or connective tissues of the human body to alleviate pain, enhance circulation, improve joint mobilization, relieve stress or muscle tension. This definition expressly excludes sexually oriented business establishments and any manipulation of the human body associated with a sexually oriented business establishment.

**Mobile storage unit, temporary.** A mobile, fully enclosed container that is specifically designed and used for the temporary storage of household goods, wares, and materials for the purpose of moving, relocation, or temporary storage during construction. This definition does not include a shipping or cargo container, modified or otherwise.

**Multi-tenant development.** A development typically under unified ownership and control consisting of two (2) or more business establishments, which may be on the same lot or on separate lots. The tenants of multi-tenant development typically share vehicle access and parking facilities.

## Section 95.170. Terms beginning with "N".

**NA (or -).** Not applicable or no requirement.

**Neon.** Gas-filled tubing made of glass or similar products which creates illumination when charged with electricity. Tubing may contain alternatives such as light-emitting diodes (LED) provided that any alternative must produce illumination that is a continuous, uninterrupted line similar to illumination produced by gaseous illumination technology.

**NIT.** A unit of illuminative brightness equal to one candela per square meter, measured perpendicular to the rays of the source.

**Nonconforming development feature.** See Subsection 80.070A.

**Nonconforming lot.** See Subsection 80.020A.

**Nonconforming use.** See Subsection 80.040A.

**Nonconforming sign.** See Subsection 80.060A.

**Nonconforming structure.** See Subsection 80.030A.

**Nonconformity.** A nonconforming lot, nonconforming use, nonconforming structure, nonconforming development feature or nonconforming sign.

**Nonresidential building.** Any principal building other than a residential building.

**Nonresidential development area.** An area designated for nonresidential development on an approved development plan, such as in a PUD, MPD or CO district.

**Nonresidential district or nonresidential zoning district.** Any zoning districts other an R (residential) district.

**Section 95.180. Terms beginning with "O".**

**Open-air uses.** Uses of land that do not involve buildings or that involve buildings that are incidental and accessory to the open-air use of the lot. Typical examples include storage yards, vehicle impound yards, auto wrecking and junkyard uses.

**Open space per unit.** See Section 90.080.

**Outdoor customer seating/dining area.** The area of all unenclosed areas used or intended to be used for seating and dining by customers and guests, including standing table areas.

**Overlay district.** A zoning district that over-lays one or more base zoning districts and imposes requirements in addition to those of the base district or modifies the regulations otherwise applicable in the base zoning district.

**Section 95.190. Terms beginning with "P".**

**Package store.** As defined in Title 37-A of Oklahoma Statutes.

**Parapet or parapet wall.** A wall-like barrier at the edge of a roof that acts as a vertical extension of an exterior building wall extending above the roof height of the building. Parapets may serve as a safety or architectural feature.

**Parking area.** The vehicular driving surfaces and parking area which includes the parking spaces, the maneuvering areas necessary to enter and exit the spaces and the drives providing access to the parking spaces and maneuvering areas from a public or private street or other parking areas.

**Parking space, off-street.** A space on a lot intended and reserved for the parking of an automobile.

**Parking space, required off-street.** A space on a lot reserved for parking required by this zoning code.

**Permanent foundation.** A foundation that meets the requirements established in Title 51 Tulsa Revised Ordinances.

**Photovoltaic cell.** A semiconductor device that converts solar energy into electricity.

**Planned (street) right-of-way.** The right-of-way designated in the Tulsa Metropolitan Area Major Street and Highway Plan.

**Planning commission.** See Subsection 1.090I.4.

**Planning director.** See Subsection 1.090I.4.

**Preservation (historic).** See "historic preservation."

**Preservation commission.** See Subsection 1.090I.7.

**Preservation officer.** See Subsection 1.090I.8.

**Principal building.** A building or combination of buildings of chief importance or function on a lot. In general, the principal use is carried out in the principal building.

**Principal use.** A use or activity or combination of which are of chief importance on the lot; one of the main purposes for which the land, buildings or structures are intended, designed or ordinarily used.

**Proof gallon.** One liquid gallon of beverage grade spirits that is fifty (50) percent alcohol by volume at sixty (60) degrees F. Note: Spirits bottled at eighty (80) proof (forty (40) percent alcohol) would be 0.8 proof gallons per gallon of liquid. At one hundred twenty-five (125) proof, a gallon of liquid would be 1.25 proof gallons.

**Section 95.200. Terms beginning with "Q". RESERVED**

**Section 95.210. Terms beginning with "R".**

**Rainwater harvesting equipment.** A rain barrel, cistern or similar container that collects and stores rainwater or other water that would otherwise be lost as runoff.

**Recreational vehicle (RV).** A trailer, boat trailer, travel trailer, camping trailer, truck camper, camper shell, motor home, tent trailer, boat, houseboat, or similar vehicle or unit. Camper shells that are attached to a pickup truck are not considered a recreational vehicle.

**Recyclable material bins/donation bins.** A container or drop box with a capacity of more than one and one-half (1.5) cubic yards or a height of more than four and one-half (4.5) feet that is provided for receiving and temporary storing of recyclable materials or salvageable personal property such as paper, metal, glass, and plastic as well as clothing, shoes, books, and toys. Recyclable material bins/donation bins may receive items to be reused or resold for the purpose of charitable solicitation. Recyclable material bins/donation bins include both containers used by uses located on the subject site and those used by consumers who bring their recyclables from other (off-site) locations. (See Section 45.051 for applicable regulations.)

**Residential building.** A detached house, townhouse, duplex or apartment/condo building. (See also building types described in Section 35.010.)

**Residential development area.** An area designated for residential development on an approved development plan, such as in a PUD, MPD or CO district.

**Retaining wall.** A vertical structure built from stone or brick masonry, reinforced concrete, segmented block or other material approved by the development administrator and built to support earth of a higher level on one side than on the other.

**Roomer.** An occupant of a rooming unit who is not a member of the household occupying the principal residential building.

**Rooming unit.** Any habitable room or group of adjoining habitable rooms that is an accessory use to a household living use and forming a single unit with facilities that are used or intended to be used primarily for living and sleeping but not for cooking.

**Route 66 Commission.** The Route 66 Commission of the City of Tulsa.

*(Ord. No. 24279, § 7, 12-11-2019; Ord. No. 25322, § 5, 5-22-24; Ord. No. 25330, § 25, 6-5-2024)*

**Section 95.220. Terms beginning with "S".**

**Setback.** An open, unobstructed area that is required to be provided by this zoning code. See Section 90.090.

**Sexual conduct.** Any and all of the following: (1) the fondling or other touching of human genitals, pubic region, buttocks, or female breasts; (2) ultimate sex acts, normal or perverted, actual or simulated, including intercourse, oral copulation, sodomy; (3) masturbation; and (4) excretory functions as part of or in connection with any of the activities set forth in (1) through (3) above.

**Sign.** Any object, device, structure or part thereof used to advertise, identify, display or attract attention to an object, person, institution, organization, business, product, service, event or location by any means, including words, letters, figures, designs, symbols, fixtures, colors, illumination or projected images. Signs as defined herein do not include temporary holiday decorations; or landscape features that display no words or symbols.

**Sign, animation.** The presentation of pictorials and graphics on signs displayed in a progression of frames that give the illusion of motion, including but not limited to the illusion of moving objects, moving patterns or bands of light, or expanding or contracting shapes.

**Sign area.** See Subsection 60.130A.

**(Sign) banner.** A sign composed of lightweight, flexible, non-rigid material that is mounted to a pole or a structure at one or more edges either vertically or horizontally. Flags are not considered banners.

**Sign budget.** Sign regulations governing the maximum aggregate number and/or maximum aggregate area of all or a defined group of signs on a lot.

**Sign, campaign.** A temporary sign displayed on a lot during an active local, state or federal campaign for public office or ballot issue or referenda.

**(Sign) commercial message.** See "commercial message."

**Sign, construction.** A temporary sign located on a lot upon which building or construction is actively occurring.

**Sign corridor, freeway.** An area four hundred (400) feet in width on each side of and adjacent to the publicly acquired right-of-way of a freeway.

**Sign, development plan.** A sign approved as part of a development plan (See Section 70.040) that directs attention to a business, commodity, service, or activity that is conducted, sold, or offered on property that lies within the boundaries of an approved development plan covering a contiguous area that includes both the subject sign and the subject business, commodity, service, or activity.

**Sign, drive-through.** A sign located on the site of an allowed drive-through use.

**Sign, driveway.** A sign located near a driveway entrance from a street or near an internal site driveway or drive aisle. (See also Subsection 60.030A.)

**(Sign) dwell time.** The duration or interval of time during that each individual advertisement or message is displayed on any sign with a dynamic display.

**Sign, dynamic display.** Any element of a sign or sign structure capable of displaying words, symbols, figures, images or messages that can be electronically or mechanically changed by remote or automatic means. This also includes any display that incorporates rotating panels, LED lights manipulated through digital input, "digital ink" or any other method or technology that allows a sign to present a series of images, messages or displays. This does not include electronic message center signs.

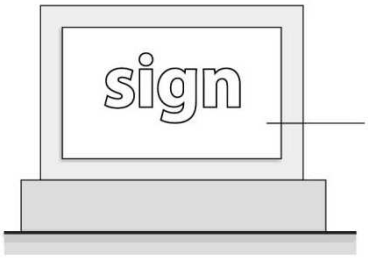
**Sign, electronic message center.** An electronic sign or portion thereof which displays alphanumeric characters only, which can be electronically changed or rearranged without altering the face or the surface of the sign.

**(Sign) flag.** A generally rectangular or triangular sign or part of a sign made of fabric or other pliant material attached to a flagpole only along one side and which predominately displays distinctive colors, images, shapes or designs rather than legible words, letters, numbers or other linguistic characters.

**Sign, flashing (illumination).** A light source or other image that in whole or in part physically changes in light intensity or gives the appearance of such change.

**Sign, freestanding.** A sign that is part of a self-supporting structure, other than a building or portion of a building. Sometimes referred to as a "ground sign."

**Figure 95-8: Freestanding Sign**



**Sign, height of.** See Subsection 60.130B.

**Sign, illuminated.** Any sign, other than a dynamic display, that is directly lighted by any constant light source, internal or external, except light sources specifically and clearly operated for the purpose of lighting the general area in which the sign is located rather than the sign itself.

**Sign, illumination and luminance.** See Subsection 60.130D.

**Sign, monument.** A freestanding sign where the base of the sign structure is on the ground or no more than twelve (12) inches above the ground adjacent to the sign. Typically constructed of brick, wood, stone, or metal, monument signs have a base that is at least seventy-five (75) percent of the width of the sign face.

**(Sign) nameplate.** A sign attached flush against a building.

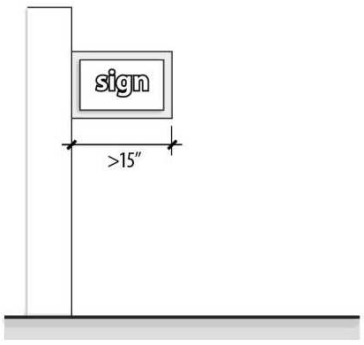
**Sign, off-premise business.** A sign that directs attention to a business, commodity, service, or activity that is conducted, sold or offered within the development where the subject sign is located and that is expressly approved as part of a mandatory development plan.

**Sign, off-premise outdoor advertising.** See Subsection 35.100B.

**Sign, on-premise.** A sign that directs attention to a business, commodity, service, or activity that is conducted, sold or offered upon the lot where the subject sign is located.

**Sign, projecting.** A sign that is affixed to a building wall, canopy, awning or marquee and that extends horizontally more than fifteen (15) inches from the wall, canopy, awning or marquee.

**Figure 95-9: Projecting Sign**



**Sign, promotional.** A temporary sign that is located on a lot on which a business promotion is actively occurring and that consists of tinsel, flags, balloons, banners, wind devices, or similar attention-getting devices, whether or not the same contain any words, numbers or characters.

**Sign, real estate.** A temporary sign located on a lot or portion of a lot that is actively being marketed for sale, rental or lease.

**Sign, roof.** A sign that is affixed to a roof, extended roof, pitched roof, or canopy, and that extends above the building wall or parapet wall.

**(Sign) rules of measurement.** See Section 60.130.

**Sign, special event.** A sign approved in connection with a special event permit approved by the city council. (See also Subsection 60.030E.6.)

**(Sign) storyboarding.** The consecutive display of advertisements or messages on a sign, used to provide a continuing or evolving message, theme or story.

**(Sign) static message.** An advertisement or message that, when displayed, contains no motion, flashing, changeable copy, running lights, variances in brightness, or animation.

**Sign, wall.** A sign affixed to a building wall, canopy, awning, marquee or parapet wall, or a sign displayed in or on a door that does not extend horizontally more than fifteen (15) inches from the wall, canopy, awning, marquee, parapet wall, or door, nor extend above the parapet wall.

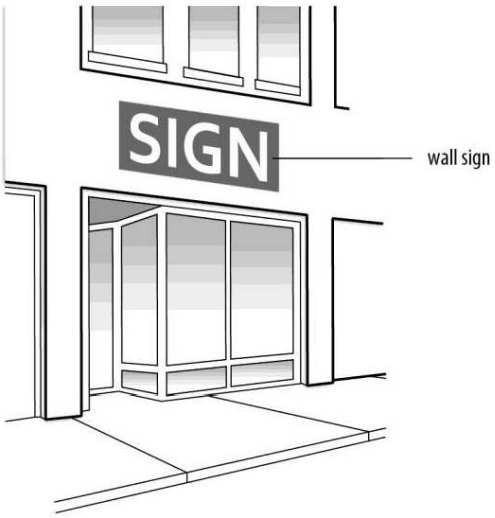
**(Sign) wind device.** Any flag, banner, pennant, streamer or similar device that moves freely in the wind.

**Sign, window.** A sign attached to a window.

**(Sign) word.** Any and all of the following (otherwise, each separate character is considered to be a word):

1. A word in any language found in any standard unabridged dictionary or dictionary of slang.
2. A proper noun or any initial.
3. A separate symbol or abbreviation, such as "&", "S", "%" and "INC".
4. A telephone number, street number or commonly used combination of numerals and/or symbols such as "$5.00" or "50%".
5. A symbol or logo that is a registered trademark, but that itself contains no word or character.

**Figure 95-10: Wall Sign**



**Site Plan.** A detailed plan or set of plans depicting the arrangement of buildings, parking, landscaping, lighting, walls, grading, elevations, building materials, signs, dumpsters, and other information necessary to determine compliance with applicable regulations. (See also Section 70.050.)

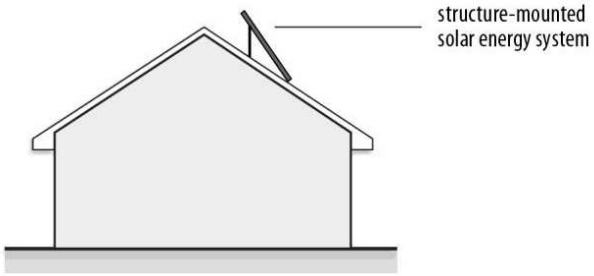
**Solar energy system.** A system intended to convert solar energy into thermal, mechanical or electrical energy.

**Solar energy system, building-integrated.** A solar energy system that is an integral part of a principal or accessory building, rather than a separate mechanical device, replacing or substituting for an architectural or structural part of the building. Building-integrated systems include, but are not limited to, photovoltaic or hot water systems that are contained within roofing materials, windows, skylights, shading devices and similar architectural components.

**Figure 95-11: Building-Integrated Solar Energy System**

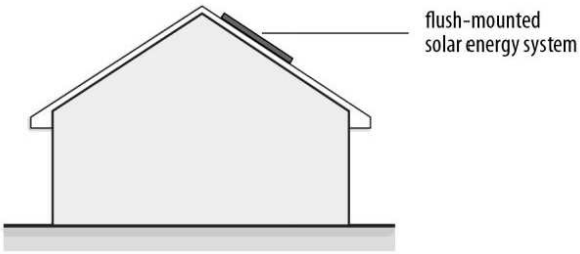
**Solar energy system, structure-mounted.** A solar energy system that is mounted on the façade or roof of either a principal or accessory structure.

**Figure 95-12: Structure-mounted Solar Energy System**



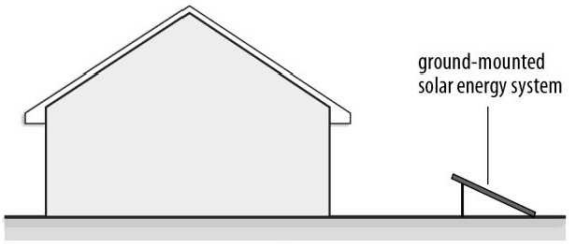
**Solar energy system, flush-mounted.** A solar energy system that is mounted flush with a finished building surface, at no more than six (6) inches in height above that surface.

**Figure 95-13: Flush-Mounted Solar Energy System**



**Solar energy system, ground-mounted.** A solar energy system mounted on the ground and not attached to any other structure other than structural supports.

**Figure 95-14: Ground mounted Solar Energy System**



**Solar panel.** A group of photovoltaic cells assembled on a panel. Panels are assembled on-site into solar arrays.

**Special event.** An temporary event or group of related temporary events typically involving a mass gathering of people on public right-of-way or public property; or on private property in a manner that results in significant impacts on public property or right-of-way.

**Special exception.** A use or a design element or characteristic of a use or development that is not permitted by right because of potential adverse effect, but that if controlled in the particular instance as to its relationship to the neighborhood and to the general welfare, may be permitted by the board of adjustment. In order to be approved as a special exception, the special exception must be expressly authorized by this zoning code and reviewed in accordance with the substantive and procedural standards of this zoning code.

**Specified anatomical areas.** Any and all of the following: (1) human genitals, pubic region, buttocks, and female breasts below a point immediately above the top of the areola; and (2) human male genitals in a discernible turgid state, even if completely and opaquely covered.

**Street-facing building entrance.** See Section 90.150.

**Street frontage.** See Section 90.070.

**Street, major.** All classifications of streets shown on and defined by the major street and highway plan, except residential collector streets. Major streets include freeways and freeway service roads.

**Street, minor.** All classifications of public streets not defined as major streets.

**Street, perimeter.** A public street that abuts the exterior boundary of a residential or nonresidential development.

**Street wall.** The wall or part of the building nearest the abutting street.

**Street yard.** See "yard, street".

**Structure.** Anything constructed or erected with a fixed location on the ground, or attached to something having a fixed location on the ground, and includes buildings, parking areas, walks, fences canopies and signs.

*(Ord. No. 24279, § 8, 12-11-2019; Ord. No. 24382, § 20, 6-10-2020; Ord. No. 25512, §§ 2, 3, 1-29-2025)*

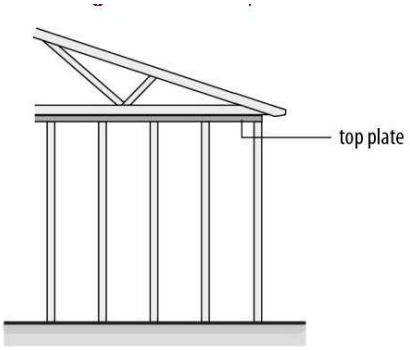
## Section 95.230. Terms beginning with "T".

**Tasting room.** A room that is ancillary to the production of beer at a microbrewery or large brewery where the public can purchase and /or consume only the beer produced on site.

**Tent.** Any structure, enclosure, or shelter constructed of fabric or other pliable material supported by any manner except by air or the contents protected by the material.

**Top plate.** The horizontal timber directly carrying the trusses of a roof or the rafters.

**Figure 95-15: Top Plate**



**Transition time.** The duration or interval of time between which each individual advertisement or message is displayed on any dynamic display.

**Transparency.** See Section 90.140.

**Tree.** A woody plant having one or more defined stems or trunks.

**Tree, large.** A tree that will attain a mature height of over sixty (60) feet and a spread or canopy that is at least thirty-five (35) feet in width.

**Tree, medium.** A tree that will attain a mature height of between thirty (30) and sixty (60) feet and a spread or canopy that is at least twenty-five (25) feet in width.

**Tree, small.** A tree that will attain a mature height of less than thirty (30) feet and a spread or canopy that is at least fifteen (15) feet in width.

**Tulsa Metropolitan Area Planning Commission.** See Subsection 1.090I.4.

**Section 95.240. Terms beginning with "U".**

**Utility-scale energy production.** An energy production facility that produces electric energy for widespread distribution through the electric power grid.

**Section 95.250. Terms beginning with "V".**

**Variance.** See Section 70.130.

**Vehicle fuels, alternative.** Electricity, CNG (compressed natural gas), LNG (liquefied natural gas), LPG (liquefied petroleum gas), and hydrogen.

**Vehicle fuels, conventional.** Gasoline and diesel fuel.

**Section 95.260. Terms beginning with "W".**

**Walkability.** The extent to which the built environment is safe and inviting for pedestrians and for the presence of people living, shopping, visiting, enjoying or spending time in an area.

**Walkway.** A clearly defined path for non-motorized movement between buildings, structures, destinations, or other walkways on or adjacent to a site.

**Wind energy conversion system.** A device that directly converts wind energy into usable thermal, mechanical, or electrical energy, including such devices as windmills and wind turbines. The "system" includes towers and supporting structures and directly connected facilities such as generators, alternators, inverters, batteries, and associated control equipment.

**Wind energy conversion system, small.** A wind energy conversion system with a power-related capacity of no more than one hundred (100) kW that is primarily intended to produce power for on-site consumption, as a supplement to utility power or in lieu of utility power. Small wind energy systems are often connected to the electric utility for the purpose of "net metering."

**Window area.** See Subsection 60.130E.

**Section 95.270. Terms beginning with "X". RESERVED**

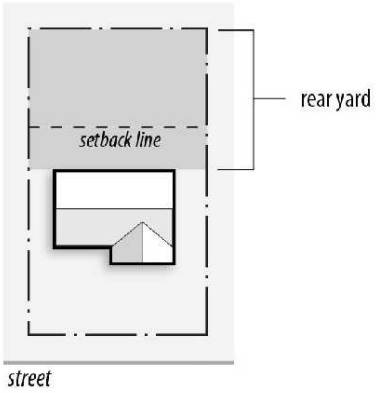
**Section 95.280. Terms beginning with "Y".**

**Yard.** An actual (as opposed to "required") open, unoccupied space that exists on a lot between a building and a lot line.

**Yard, front.** A yard extending along the full length of the front lot lines between the side lot lines.

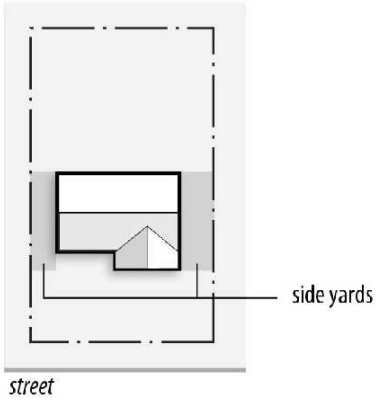
**Yard, rear.** A yard extending along the full length of the rear lot line between the side lot lines.

**Figure 95-16: Rear Yard**



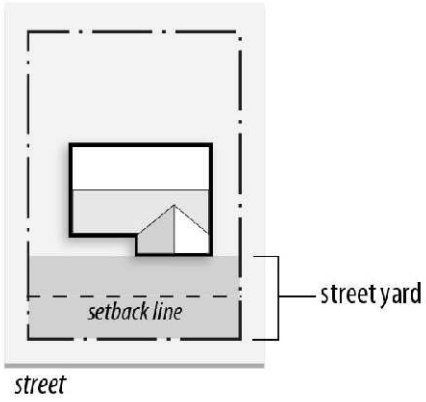
**Yard, side.** A yard extending along a side lot line between the front yard and the rear yard.

**Figure 95-17: Side Yard**



**Yard, street.** Any yard abutting a street.

**Figure 95-18: Street Yard**



## Section 95.290. Terms beginning with "Z". RESERVED

# TITLE 42-A OIL AND GAS DRILLING IN THE CITY LIMITS

**Chapter 1. General Provisions**
**Chapter 2. Oil and Gas Drilling Rights**
**Chapter 3. Administration**
**Chapter 4. Enforcement**
**Chapter 5. Penalties**
**Chapter 6. Drilling and Operation of Oil and Gas Wells**
**Chapter 7. Artificial Production**
**Chapter 8. Swabbing Wells**
**Chapter 9. Loading Racks**
**Chapter 10. Pipelines**
**Chapter 11. Excavation Permit**
**Chapter 12. Commercial Distribution Systems for Gas**

**[THIS PAGE INTENTIONALLY LEFT BLANK]**

## CHAPTER 1. GENERAL PROVISIONS

Section 100. Purpose and intent.
Section 101. Definitions.
Section 102. Applicability and compliance.
Section 103. Applicability of provisions.
Section 104. Oil and Gas Inspector.

### Section 100. Purpose and intent.

In order to protect the public health, peace, safety, and welfare of the City and its residents, this title is enacted to establish reasonable and uniform limitations, safeguards, and controls for the drilling, operation, and production of oil, gas, and other hydrocarbon substances within the corporate limits of this City. The provisions set forth in this title shall be considered as minimum requirements and shall not relieve any person from any duty imposed by law to use reasonable care and take reasonable precautions for the safeguarding of people and the protection of and noninterference with property rights.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 101. Definitions.

The following words, terms, and phrases, when used in this chapter, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

**Abandoned well** means any well in which production casing has been run but which has not been operated for six (6) months, and any well in which no production casing has been run, and for which drilling operations have ceased for thirty (30) consecutive days.

**Artificial production** means the raising to the surface of the earth, by means other than natural flow, of petroleum or natural gas.

**Building** means any structure used or intended for supporting or sheltering any use or occupancy. The term "building" shall be construed as if followed by the words "or portions thereof."

**Corporation Commission** means the Oklahoma Corporation Commission.

**Deleterious substance** means any chemical, saltwater, oil field brine, waste oil, waste emulsified oil, basic sediment, mud, or injurious substances produced or used in the drilling, development, production, transportation, refining, and processing of oil, gas, or condensate.

**Enhanced recovery** means an operation by which fluid or energy is introduced into a source of supply for the purpose of facilitating recovery therefrom.

**Highway** means the entire width between the boundary lines of every way publicly maintained when any part thereof is open to the use of the public for purposes of vehicular travel.

**Inspector** means that person employed by the City to enforce the provisions of this chapter, or his authorized representatives.

**Motor vehicle** means any automobile, truck, truck tractor, trailer, or semitrailer or any motor bus or any self-propelled vehicle not operated or driven upon fixed rails or tracks.

**Natural production** means the rising to the surface of the earth, by natural flow, of petroleum or natural gas.

**Operator** means any person who owns or who has ever owned any working interest in any well bore located within the corporate limits of the City and any person who operates or who has ever operated any well on a contractual basis for any working interest owner.

**Permittee** means the person to whom a permit is issued under the provisions of this title.

**Person** means and includes any person, firm, partnership, association, corporation, trust, cooperative, or other type of organization.

**Pollution** means the contamination or other alteration of the physical, chemical, or biological properties of any natural waters of the City, or such discharge of any liquid, gaseous or solid substance into any water of the City as will or is likely to create a nuisance or render such waters harmful or detrimental or injurious to public health, safety, or welfare, to domestic, commercial, industrial, agricultural, recreational, or other beneficial uses, or to livestock, animals, or aquatic life.

**Pressure maintenance** means an operation by which gas, water, or other fluids are injected into a supply of oil to maintain pressure or retard pressure decline therein for the purpose of facilitating recovery therefrom, and which has been approved by the Corporation Commission after notice and hearing.

**Public building** means all buildings used or designed and intended to be used for gathering together fifty (50) or more persons for such purposes as deliberation, entertainment, amusement, health care, or awaiting transportation. Public buildings include, but shall not be limited to:

**1.** Theaters;
**2.** Motion picture theaters;
**3.** Assembly halls;
**4.** Auditoriums;
**5.** Exhibition halls;
**6.** Museums;
**7.** Libraries;
**8.** Skating rinks;
**9.** Gymnasiums;
**10.** Bowling lanes;
**11.** Pool rooms;
**12.** Armories;
**13.** Mortuary chapels;
**14.** Dance halls;
**15.** Club rooms;
**16.** Recreation piers;

**17.** Courtrooms;

**18.** Conference rooms;

**19.** Drinking establishments;

**20.** Hospitals;

**21.** Restaurants.

**State** means the state of Oklahoma, its branches, departments, agencies, boards, or the officers thereof.

**Structure** means that which is built or constructed. The term "structure" shall be construed as if followed by the words "or portion thereof."

**Treatable water** or **fresh water** means surface and subsurface water in its natural state which may or may not require treatment to be useful for human consumption, and contains less than ten thousand (10,000) ppm total dissolved solids and/or five thousand (5,000) ppm chlorides.

**Water** or **waters of the City** means all streams, lakes, ponds, marshes, watercourses, waterways, wells, springs, irrigation systems, drainage systems, and all other bodies or accumulations of water, surface and underground, natural or artificial, public or private, which are contained within, flow through, or border upon the City or any portion thereof.

**Well** means, unless specifically qualified, any hole or holes, bore or bores, of any depth for the purpose of producing and recovering any oil, gas, minerals, or liquefied matter, or for the injection or disposal of any of the foregoing.

All technical or oil and gas industry words or phrases used herein and not specifically defined herein shall have that meaning customarily attributable thereto by prudent operators in the oil and gas industry.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 102. Applicability and compliance.

No person shall engage in any work or erect any structure, tanks, machinery, pipelines, or other appurtenances incident to the drilling for or production of petroleum or natural gas, or operate, maintain, or permit any equipment, structures, or appurtenances incident to such production to exist, or use or maintain any property or premises in violation of any of the provisions of this title.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 103. Applicability of provisions.

The provisions of Chapter 3 and Chapter 6 of this title shall be applied by the Inspector as follows:

**A.** The provisions of Sections 300, 301, 302, 303, 304, 305, 306, 307, and 308 shall apply to all wells located within the City, regardless of the respective dates on which operations were/are originally commenced for said wells.

**B.** The provisions of Section 600 shall be applied in accordance with Subsection E. thereof.

**C.** The provisions of the following sections shall apply only to wells and well sites at which operations were/are originally commenced on or after the passage of this ordinance:

| | |
|---|---|
| Section 601 | Section 615 |
| Section 602 | Section 631 |
| Section 605.B. | Section 632 |

**D.** The provisions of the following sections shall apply to operations at all wells and well sites within the City, regardless of the respective dates on which operations were/are originally commenced for said wells or well sites:

| | | |
|---|---|---|
| Section 603 | Section 612 | Section 623 |
| Section 604 | Section 613 | Section 624 |
| Section 605.A. | Section 615 | Section 625 |
| Section 605.B. | Section 616 | Section 626 |
| Section 606 | Section 617 | Section 627 |
| Section 607 | Section 618 | Section 628 |
| Section 608 | Section 619 | Section 633 |
| Section 609 | Section 620 | Section 635 |
| Section 610 | Section 621 | |
| Section 611 | Section 622 | |

**E.** The provisions of Section 614 shall apply to all wells located within the City; provided, however, that such section shall not be applied to require the reinstallation or replacement of any technically and structurally sound surface casings set prior to the passage of this ordinance, in full compliance with the then applicable state and City regulations.

**F.** The provisions of Section 630 shall apply to all wells located within the City; provided, however, that such section shall not apply to any wells plugged and abandoned prior to the passage of this ordinance, in full compliance with the then applicable state and City regulations.

**G.** The provisions of Section 634 shall apply to all enhanced recovery or disposal wells located within the City.

**H.** The provisions of Section 636 shall apply to all wells located within the City; provided, however, that the provisions of such section shall not be applied to require the relocation or removal of any surface facilities installed prior to the passage of this ordinance, in full compliance with the then applicable state and City regulations.

*(Ord. No. 22189, § 1, 1-14-2010)*

## Section 104. Oil and Gas Inspector.

**A.** The Mayor shall employ an Inspector, and assistants, if necessary, whose duty it shall be to enforce the provisions of this title.

**B.** The Inspector shall have the authority to issue any orders or directives required to carry out the intent and purpose of this title and its particular provisions. Failure of any person to comply with any such order or directive shall constitute a violation of this title.

**C.** The Inspector shall have authority to enter and inspect any premises covered by the provisions of this title to determine compliance with the provisions of this title and all applicable laws, rules, regulations, standards, or directives of the state. Failure of any person to permit access to the Inspector shall constitute a violation of this title.

**D.** The Inspector shall have the authority to request and receive any records, logs, reports and the like relating to the status or condition of any well or project or the appurtenances thereof within the City. Subject to appropriate open records statutes, this material shall remain confidential unless necessary as evidence of the violation of any of the provisions of this title. Failure of any person to provide any such requested material shall be deemed a violation of this title.

**E.** In the case of a well being drilled pursuant to an order granted by the Board of Adjustment of the City, the Inspector shall be bound by any conditions placed upon the order by the Board of Adjustment and shall have no authority to vary such conditions.

*(Ord. No. 22189, § 1, 1-14-2010)*

**[THIS PAGE INTENTIONALLY LEFT BLANK]**

## CHAPTER 2. OIL AND GAS DRILLING RIGHTS

Section 200. Oil and gas drilling rights.
Section 201. Oil and gas exploration/operation authorized.
Section 202. Wells permitted only when authorized by law.

### Section 200. Oil and gas drilling rights.

The operations outlined in this title related to the recovery of oil and gas within the city limits shall be permitted as authorized by appropriate order issued by the Board of Adjustment, pursuant to Title 42, TRO § 1202, Use Unit 2 Area-Wide Special Exceptions Uses, or other Board of Adjustment order.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 201. Oil and gas exploration/operation authorized.

Following the appropriate Board of Adjustment order, uses of buildings and premises for petroleum wells, natural gas wells, derricks, machinery boilers, tool houses, storage tanks, and other appurtenances necessary for the mining, drilling for and production of crude petroleum and natural gas, and any other minerals are permitted in accordance with and pursuant to all requirements of this title and the laws, rules, or regulations of the state or any department, board, or bureau thereof.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 202. Wells permitted only when authorized by law.

No person shall drill a petroleum or natural gas well except when and where authorized by law.

*(Ord. No. 22189, § 1, 1-14-2010)*

**[THIS PAGE INTENTIONALLY LEFT BLANK]**

## CHAPTER 3. ADMINISTRATION

Section 300. Drilling permit required.
Section 301. Application for permit; permit fee.
Section 302. Permit required for drilling or operation of enhanced recovery or saltwater or deleterious substances disposal wells.
Section 303. Application for permit and permit fee for enhanced recovery and disposal well.
Section 304. Insurance coverage required.
Section 305. Issuance or refusal of permit.
Section 306. Annual inspection fee to operate.
Section 307. Annual submission of information to inspector required.

### Section 300. Drilling permit required.

No person shall drill or open a well for the production of petroleum or natural gas or permit to flow therefrom any petroleum or natural gas, or engage in any work or erect any structures, tanks, machinery, pipelines, or other appurtenances incident to the production of petroleum or natural gas, or operate, maintain, or permit to exist any equipment, structures, or appurtenances incident to such production or use or maintain any property or premises for such production unless a permit for such drilling and operation shall have been obtained as provided by the terms of this title.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 301. Application for permit; permit fee.

**A.** Every application for a permit to drill and operate an original well or to re-enter and operate an abandoned well shall be in writing and signed by the applicant or by some person duly authorized to sign on his behalf, and it shall be filed with the Inspector and be accompanied by a nonrefundable application fee in the amount established in Title 49 TRO. The application fee shall be paid by cashier's check. The permittee shall pay an additional nonrefundable operating permit fee in the amount established in Title 49 TRO, when the drilling permit is approved and accepted, and this payment shall also be in the form of a cashier's check. The applicant shall submit two (2) copies of the application and all required documents. The application shall contain full information as required by the Inspector, including the following:

**1.** Name and address of applicant and date of application.

**2.** Location of the proposed well, including the following:

**a.** A map in digital form acceptable to the City of the twenty-six (26) acres surrounding the drill site, including thereon the location of the proposed well, and the distances therefrom to all existing dwelling houses, buildings, or other structures designed for the occupancy of human beings or animals within six hundred (600) feet of any such well, and the location of all existing oil, gas, or fresh water wells within six hundred (600) feet of the proposed well bore. The map shall also show the location of proposed surface facilities associated with the proposed well.

**b.** The names and addresses of all surface fee simple and surface leasehold owners of property located within one thousand (1,000) feet of the proposed well and surface facilities.

**3.** A copy of the approved drilling permit (approved Intent to Drill Form) from the Corporation Commission and a copy of the staking plat.

**4.** A drilling prognosis. The drilling prognosis shall also include all of the information shown in the City's form called "Instructions for Completing a Prognosis Report." Plugging procedures to be used in the event production is not established shall also be specified, and a well bore diagram showing the casing and proposed plugs shall be included.

**5.** A statement of the provisions for water for the drilling operations.

**6.** The name and address of the person upon whom service of legal notice or service of process upon the applicant may be made within this state. Any nonresident applicant who has no service agent within this state shall attach to the application a designation of a service agent who is a resident of Tulsa County, Oklahoma, and a consent that service of summons or legal notice may be made upon such person in any action to enforce any of the obligations of the applicant hereunder.

**7.** A verification of the above information by the applicant.

**8.** The applicant shall also submit a certified copy of the order by the Board of Adjustment of the City or a certified copy of the journal entry of judgment which grants such applicant the right to drill the well at the proposed location.

**9.** Proof of insurance coverage as fully described in Section 304 of this chapter.

**10.** Proof of compliance with the blanket bond or irrevocable letter of credit requirements of Section 638 of this title.

**B.** Where the application is one (1) for the re-entry of an abandoned well, said application shall contain all the information required by Section 301.A., above. Provided, however, that such application shall also provide all of the following information:

**1.** A statement of:

**a.** The condition of the abandoned well at the time the application is filed;

**b.** The depth to which it is proposed such well shall be deepened;

**c.** The casing program to be used in connection with the proposed deepening; and

**d.** A casing integrity log.

**2.** A statement of the tests which will be run on the casing strings. Include any proposed remedial cementing.

**C.** No application for a permit to drill an original well or to re-enter an abandoned well shall be considered to be a valid and complete application unless and until the applicant shall submit the required application fee and all of the items, documents, and/or information required under Subsections A. and/or B. of this section.

*(Ord. No. 22189, § 1, 1-14-2010)*

## Section 302. Permit required for drilling or operation of enhanced recovery or saltwater or deleterious substances disposal wells.

**A.** No person shall convert any well from natural or primary production to a use for enhanced recovery or disposal of saltwater or deleterious substances without first obtaining a permit therefor.

**B.** No person shall re-enter any abandoned well or drill an original well to be used for enhanced recovery or disposal of saltwater or deleterious substances without first obtaining a permit therefor.

*(Ord. No. 22189, § 1, 1-14-2010)*

## Section 303. Application for permit and permit fee for enhanced recovery and disposal well.

**A.** Every application for a permit as required by Section 302 of this title shall be in the same form as that required for a permit to drill an original well. All such applications shall be filed with the Inspector and all such applications shall be accompanied by a nonrefundable application fee in the amount established in Title 49 TRO. The application fee shall be paid by cashier's check. The permittee shall pay an additional nonrefundable operating permit fee in the amount established in Title 49 TRO, when the permit is approved and accepted, and this payment shall also be in the form of a cashier's check.

**B.** The applicant shall submit two (2) copies of the application as required by the Inspector, both in hard and digital form, which include the following:

**1.** A block map of the well site, showing all equipment to be used thereat, location of pipelines, access road, and distances from the well to any and all fences, public roadways, and buildings within a radius of six hundred (600) feet;

**2.** A block map of the project, showing: the location of all water supply, disposal, injection, and producing wells; all pipelines; tank batteries, pumping station, and appurtenant equipment; all wells in the project area and those located within one (1) mile of a proposed enhanced recovery or disposal well, including producing, abandoned, disposal, and public or private fresh water supply wells;

**3.** Evidence that all fresh water zones within the project area and within one (1) mile of a proposed enhanced recovery or disposal well will be adequately protected;

**4.** All wells within the project area and within one (1) mile of a proposed enhanced recovery or disposal well shall be indicated by status (i.e., plugged and abandoned, injection, saltwater, etc.) and show the following additional information:

**a.** Footage location (surface casing);

**b.** Derrick floor and ground level elevation;

**c.** Drilled total depth;

**d.** Plugged back total depth;

**e.** Size, depth, and quality of surface and production casing including zones from which casing has been removed;

**f.** Location of all plugs, packers, cement plugs, tubing anchors, etc., with the well bore;

**g.** Depth and nature of all cement squeeze jobs;

**h.** Formation name and depth of all perforations and open-hole completions;

**i.** Volume and type of cement used on surface and production strings;

**j.** Top of cement;

**5.** One (1) copy of all electric, mechanical, sample, and driller's log;

**6.** Fee simple owner and operator's name(s) and address(es) for each well;

**7.** One (1) copy of all cement bond logs and temperature surveys which show the top of the cement outside the production casing;

**8.** One (1) copy of all work performed on the well;

**9.** Copies of all information supplied to the Corporation Commission, and said Commission's approval of the project;

**10.** The detail of a pressure test of the tubing-casing annulus as described in Section 634. The pressure test shall be required prior to the use of any such enhanced recovery or disposal well;

**11.** The applicant shall also submit a certified copy of the order by the Board of Adjustment of the City or a certified copy of the journal entry of judgment which grants such applicant a special exception for such enhanced recovery or disposal well;

**12.** Proof of insurance coverage as fully described in Section 304 of this title; and

**13.** Proof of compliance with the blanket bond or irrevocable letter of credit requirements of Section 638 of this title.

**C.** No application for a permit to drill or operate an enhanced recovery or disposal well shall be considered to be a valid and complete application unless and until the applicant shall submit the required application fee and all of the items, documents, and/or information required under Subsection A. of this section.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 304. Insurance coverage required.

All applications for a permit under the provisions of this title shall be accompanied by proof of insurance coverage as follows:

**A.** The applicant for a permit to drill, operate, and/or produce a well located within any watershed areas of any Tulsa water reservoir, as defined by the Tulsa Metropolitan Utility Authority, the Oklahoma Water Resources Board, or other appropriate state agency, or located outside the watershed areas but within one (1) mile of any Tulsa water reservoir, shall submit a pollution insurance policy with the permit application as follows:

**1.** Applicants shall submit and maintain a pollution insurance policy which meets the following requirements:

**a.** Said insurance policy shall be a standard pollution liability insurance policy providing for a minimum coverage of One Million Dollars ($1,000,000.00);

**b.** Said insurance policy must be issued by a reliable insurance broker licensed to do business in the state, with the applicant/permittee and the City named as coinsureds;

**c.** Said insurance policy shall be maintained in full force and effect from commencement of drilling operations until the well is plugged and abandoned in accordance with this chapter, including the entire period during which production activities are conducted. The legal description of the well location

and the Tulsa Board of Adjustment case number, if any, shall be specified in the insurance policy, or any endorsement thereto, with respect to each well covered by such insurance;

**2.** All insurance policies shall provide that they may not be canceled without written notice to the Inspector at least thirty (30) days prior to the effective date of such cancellation. In the event said policy or policies are canceled, the permit granted shall immediately terminate without any action on the part of the Inspector, and the applicant/permittee's rights to operate under said permit shall cease until the applicant/permittee files the insurance as required herein; and

**3.** The deductible for any pollution insurance policy shall not exceed Twenty-Five Thousand Dollars ($25,000.00).

**B.** In addition to the pollution insurance required in Subsection A of this section, each applicant for a permit shall submit with the permit application a policy or policies of standard comprehensive public liability insurance, including contractual liability insurance covering bodily injuries and property damage naming the applicant/permittee and the City as coinsureds, issued by an insurance company authorized to do business within the state; said policy or policies in the aggregate shall provide for the following minimum coverage:

**1.** **Bodily injuries,** One Hundred Seventy-Five Thousand Dollars ($175,000.00) per person; One Million Dollars ($1,000,000.00) for any number of claims arising out of a single occurrence; and

**2.** **Property damage,** Five Hundred Thousand Dollars ($500,000.00) per occurrence.

Said insurance policy or policies shall provide that they may not be canceled without written notice to the Inspector at least thirty (30) days prior to the effective date of such cancellation. In the event said policy or policies are canceled, the permit granted shall immediately terminate without any action on the part of the Inspector and the applicant/permittee's right to operate under said permit shall cease until permittee files the insurance as required herein.

**C.** The insurance policies required by this section shall be submitted and maintained in full force and effect at all times by all persons drilling, completing, operating, maintaining, and/or producing any well located within the limits of the City.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 305. Issuance or refusal of permit.

**A.** The Inspector shall, after the filing of a valid and complete application for a permit under this title, determine whether or not such application complies with all of the provisions of this title and applicable federal and state law and, if it does, then the permit shall be issued. The Inspector shall have sixty (60) full days to review an application for a permit from and after the submission of the required permit fee and all other required items by the applicant; provided, however, that the Inspector may, in his sole discretion, shorten this review period. Each permit issued under the terms of this title shall:

**1.** Incorporate by reference all the provisions of this title with the same force and effect as if this title were copied verbatim therein;

**2.** Incorporate by reference all the provisions of applicable state law and the rules, regulations and standards adopted in accordance therewith relating to the protection of persons, property, animals, and natural resources; and

**3.** Specify that the term of said permit shall be for a period of one (1) year from the date of issuance thereof, and for like periods thereafter upon the successful inspection of the permittee's well and operations and the payment of an annual fee to operate, as provided for in this title.

**B.** If the permit is issued, two (2) originals of such permit shall be signed by the Inspector and the permittee, and when so signed shall constitute the obligation of the permittee to comply with the terms of such permit, such bonds as are required, and all applicable state law, rules, regulations, standards and directives. One (1) executed original of said permit shall be retained by the Inspector; the other shall be retained by the permittee and shall be kept available for inspection by all city or state law enforcement officials.

**C.** If the permit be refused by the Inspector, or if the applicant notifies the Inspector in writing within thirty (30) days of the initial filing of said application that he wishes to withdraw his application, then the application process shall be considered to be terminated. If the applicant fails to accept an approved permit within six (6) months after being notified in writing of approval by the Inspector, then the application process shall be considered to be terminated.

The City shall in all events retain the application fee to cover the costs of processing said application.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 306. Annual inspection fee to operate.

An annual inspection fee is hereby levied upon each well operated or maintained within the City. The amount of such fee shall be as established in Title 49 TRO. The fee shall be payable to the City on or before the annual anniversary date of the issuance of any permit under the provisions of this title. No permit for any well shall be considered valid for any year for which the annual inspection fee has not been paid.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 307. Annual submission of information to inspector required.

Effective upon passage of this ordinance, and each year thereafter on its anniversary date, every owner or operator of a well or wells within the City shall provide the Inspector with the following information in electronic format as instructed by the Inspector:

**A.** A list of personnel to be contacted in case of an emergency at the well site. This list shall contain all information reasonably requested by the Inspector, including but not limited to the following:

**1.** The name(s) of such person or persons;

**2.** The job description(s) of such person or persons; and

**3.** The residence, office, and mobile telephone numbers of such person or persons.

**B.** A list of all wells owned or operated within the City by that owner or operator. This list shall include all wells, except wells which have been plugged and abandoned in compliance with the law. The list shall contain all information reasonably requested by the Inspector, including but not limited to the following:

**1.** The lease name and well number of each well;

**2.** The legal description (¼ Section, T.R., etc.) of each well; and

**3.** The status and use of each well.

*(Ord. No. 22189, § 1, 1-14-2010)*

**[THIS PAGE INTENTIONALLY LEFT BLANK]**

## CHAPTER 4. ENFORCEMENT

Section 400. Power and authority of Inspector.
Section 401. Order to cease operations.
Section 402. Appeals.

### Section 400. Power and authority of Inspector.

In enforcing the provisions of this title, the Inspector shall have such power and authority as set forth in this title.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 401. Order to cease operations.

In any situation in which the Inspector finds that any person is not in compliance within the terms of this title or any other state law or City ordinance or that, in his judgment, a hazard to life, natural resources, or property exists, he may order immediate remedial action by the permittee or other appropriate persons. If such persons take no immediate measures to come into compliance with the law or to reduce the hazard, or if the situation is so perilous as to constitute an imminent threat to safety, then the Inspector may order the prompt cessation of all activity at the well site, and if necessary, the clearance of the premises.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 402. Appeals.

Any person aggrieved by any order, directive, or ruling issued by the Inspector shall have such right of appeal as provided by law. The filing of such appeal shall not stay the enforcement of any of the provisions of this title.

*(Ord. No. 22189, § 1, 1-14-2010)*

**[THIS PAGE INTENTIONALLY LEFT BLANK]**

## CHAPTER 5. PENALTIES

Section 500. Violations, penalties.

### Section 500. Violations, penalties.

**A.** It shall be unlawful and an offense for any person to violate or neglect to comply with any provisions of this title.

**B.** Any person who shall violate any of the provisions of this title, or any of the provisions of a drilling and operating permit issued pursuant thereto, or any condition of the bond filed by the permittee pursuant to this title, or who shall neglect to comply with the terms hereof, shall be guilty of an offense and upon conviction, shall be punished by imprisonment in the City Jail for a period not exceeding six (6) months or by a fine of not more than One Thousand Two Hundred Dollars ($1,200.00), excluding costs, fees, and assessments, or both such fine and imprisonment.

**C.** The permittee and all of his co-owners, partners, associates, employees, and contractors or any other persons who may have assisted in the commission of any violation of the provisions of this title shall each be deemed guilty of a separate offense.

**D.** The violation of each separate provision of this title, and of said permit, and of said bond, shall be considered a separate offense, and each day's violation of each separate provision thereof shall be considered a separate offense.

**E.** In addition to the foregoing penalties, it is further provided that the Inspector may, upon ten (10) days' written notice to the permittee, hold a hearing to consider the revocation or suspension of any permit issued under this title. Any violation of the provisions of this title or the terms of the permit shall be sufficient grounds for revocation or suspension. The written notice issued by the Inspector must specify the alleged grounds for revocation or suspension and the date, time, and place of the hearing.

**F.** Any continuing offense shall be considered a public nuisance, the remedies for which under law shall be in addition to those hereinbefore enumerated.

*(Ord. No. 22189, § 1, 1-14-2010)*

**[THIS PAGE INTENTIONALLY LEFT BLANK]**

## CHAPTER 6. DRILLING AND OPERATION OF OIL AND GAS WELLS

Section 600. Well location.
Section 601. Location of wells in streets and alleys, blocking or closing.
Section 602. Determination of routes to well site.
Section 603. Drilling operations; equipment.
Section 604. Compliance with applicable laws required.
Section 605. Fencing, screening, and landscaping.
Section 606. Noise, air quality, and other nuisances.
Section 607. Facilities.
Section 608. Fire prevention.
Section 609. Pits.
Section 610. Motive power.
Section 611. Derrick and rig.
Section 612. Fresh water supply wells.
Section 613. Disposal of muds.
Section 614. Surface casing.
Section 615. Affidavit required upon completion of well.
Section 616. Storage tanks and separators.
Section 617. Impounding around tanks by diking.
Section 618. Ingress and egress.
Section 619. Open hole formation or drill stem testing.
Section 620. Flaring of gas.
Section 621. Disposal of saltwater or other deleterious substances.
Section 622. Fracturing and acidizing.
Section 623. Swabbing, bailing, and purging wells.
Section 624. Rupture in surface or production casing.
Section 625. Depositing oil products.
Section 626. Service companies.
Section 627. Accumulation of vapor.
Section 628. Inspection of pressure lines.
Section 629. Pipeline placement; marking.
Section 630. Plugging abandoned wells.
Section 631. Copies of forms filed with Corporation Commission to be filed with Inspector.
Section 632. Wells within watershed areas of City water reservoirs and other areas near the reservoirs.
Section 633. Prohibition of pollution.
Section 634. Additional requirements for enhanced recovery or saltwater or deleterious substances disposal wells.
Section 635. Burning of trash prohibited.
Section 636. Location of surface facilities.
Section 637. Temporary abandoned wells.
Section 638. Blanket bond or blanket irrevocable letter of credit required.

### Section 600. Well location.

**A.** No well shall be drilled nor shall any tank batteries, well facilities, or equipment be located and no permit shall be issued for any well to be drilled at any location which is nearer than three hundred (300) feet to any occupied or unoccupied dwelling or any

other building used or designed and intended to be used for human occupancy unless the applicant has obtained written permission for the location of the well from all owners and lessees whose dwellings or other subject buildings are within three hundred (300) feet of the proposed well. This distance shall be calculated from the well bore, tank batteries, well facilities, and equipment to the closest exterior point of the dwelling or other subject building.

**B.** No well shall be drilled nor shall any tank batteries, well facilities, or equipment be located and no permit shall be issued for any well to be drilled at any location which is nearer than six hundred (600) feet to any public building, religious building, or school building unless the applicant has obtained written permission for the location of the well from the owners and lessees of such public building, religious building, or school building. This distance shall be calculated from the well bore, tank batteries, well facilities, and equipment to the closest exterior point of the building.

**C.** No well shall be drilled and no permit shall be issued for any well to be drilled at any location which is nearer than three hundred (300) feet to any fresh water well. This distance shall be calculated from the well bore to the fresh water well bore.

**D.** The provisions of this section shall also apply to any dwellings, public buildings, religious buildings, school buildings, or other subject buildings under construction or to any fresh water wells being drilled on the date the application for a permit is filed with the Inspector.

**E.** The application of the provisions of this section to a proposed well shall be determined by examining the existing uses of the surrounding property as of the date the application for a permit is filed with the Inspector.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 601. Location of wells in streets and alleys, blocking or closing.

No well shall be drilled, and no permit shall be issued for any well to be drilled, at any location which is within any of the streets or alleys of the City; and no street or alley shall be blocked or encumbered or closed in any drilling or production operation except upon the written approval of the Inspector, and then only temporarily.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 602. Determination of routes to well site.

**A.** At least thirty (30) days prior to the actual commencement of any operations at the well site, the permittee shall notify the Inspector in writing of the proposed date for commencement of such operations. Such notification shall also contain the following information:

**1.** The permittee shall identify the maximum length, width, and weight of any motor vehicles and the maximum weight of the load to be carried by any motor vehicles to be used in traveling to and from the well site; and

**2.** The permittee shall submit a complete list of the proposed routes to and from the well site for all motor vehicles to be used to travel to and from the well site. Such list shall identify any and all highways within the limits of the City proposed to be used by such motor vehicles in traveling to and from the well site.

The Inspector may also require any additional information which he deems necessary to evaluate the proposed routes.

**B.** Upon receipt of the notification required under Subsection A., the Inspector shall have twenty-five (25) days to review the information submitted by the permittee. In reviewing the proposed routes to the well site, the Inspector may consult with the Transportation and Engineering Divisions of the Public Works Department of the City.

**C.** Following review of the information submitted by the permittee, the Inspector shall prepare a written order which either approves or disapproves the routes to and from the well site as proposed by said permittee. If the Inspector disapproves of all or part of the proposed routes, then such Inspector shall, if possible, designate alternate routes which are acceptable. If the permittee disagrees with the routes as designated by the Inspector, then he shall have such right of appeal as provided by law.

**D.** During all drilling and production activities for the particular well, all motor vehicles used by any person to travel to and from the well site shall be restricted to the highways approved by the Inspector as appropriate routes to and from the well site.

**E.** The Inspector shall have the power and authority to amend the order designating routes to and from the well site upon his own initiative or upon application by the permittee.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 603. Drilling operations; equipment.

**A.** All drilling, re-entry, and operations at any oil and gas well within the city limits shall be conducted in accordance with the best available technology. All casing, valves, blowout preventers, drilling fluids, tubing, bradenhead, Christmas trees, and well head connections shall be of the type and quality consistent with the best available technology. The setting and cementing of casing and running of drill stem tests shall be performed in a manner and at a time consistent with the best available technology. All persons engaged in drilling or production operations shall observe and follow the recommendations or regulations of the American Petroleum Institute and the Corporation Commission, except in those instances that are specifically addressed by this title. A copy of all logs associated with the surface casing shall be filed with the Inspector.

**B.** Blowout prevention equipment shall be used on all wells being drilled, workedover, or in which tubing is being changed. Wells being drilled shall have at least three (3) hydraulically operated blowout preventers installed and these blowout preventers shall meet the American Petroleum Institute recommendation for Class 3M blowout preventers. Wells being drilled shall also have a kill line, choke line, and choke manifold which meet the recommendations of the American Petroleum Institute for Class 3M blowout prevention equipment. See Rules Controlling Drilling Operations in Watershed Areas of Tulsa Water Reservoirs and Other Areas Near the Reservoirs, Section 3, paragraphs 6a, 6b, and 6c.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 604. Compliance with applicable laws required.

All of the general rules and regulations of the Corporation Commission are hereby incorporated into this title and may be enforced by the Inspector. Any violation of any of

these rules and regulations shall be subject to enforcement and penalties as provided in this title. In the event of any conflicts between the provisions of this title and the Corporation Commission rules and regulations, the more restrictive provision shall apply.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 605. Fencing, screening, and landscaping.

**A.** Any person who owns, operates, or maintains any producing well shall have the obligation to enclose said well, together with its surface facilities, by a sight proof fence sufficiently high and properly built to keep persons and animals out of the enclosure. All gates thereto shall be kept locked when authorized persons are not within the enclosure. Provided, however, that the Inspector, upon written application by a permittee, may designate a different type of fence to be erected if he determines in a particular case that a sight proof fence is not necessary to protect the public health, safety, and welfare and that a different type of fence would meet those objectives.

**B.** Any person who completes any producing well located within six hundred (600) feet of any occupied or unoccupied dwelling shall meet the following sight proof landscaping requirements:

**1.** Such persons shall install evergreen vegetation or landscaped earth berms completely around the well site and all fences or lease equipment and facilities;

**2.** The vegetation or berms shall be a minimum of six (6) feet in height;

**3.** The vegetation or berms shall be sufficient to screen from view the structures sought to be screened; and

**4.** The vegetation or berms shall be kept in an attractive state and in good condition at all times by the permittee.

**C.** The Inspector shall also have the power and authority to require such general landscaping of any well site as he deems necessary. The phrase "general landscaping" shall mean the aesthetic improvement of land by adding trees, shrubs, lawns, ground cover, or flowers.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 606. Noise, air quality, and other nuisances.

**A.** All drilling and production operations shall be conducted in such a manner as to eliminate, as far as possible, dust, noise, vibration, or noxious odors, and shall be in accordance with the best available technology incident to exploration for, drilling for, or production of oil, gas, and other hydrocarbon substances. Proven technological improvements in exploration, drilling, and production methods shall be adopted as they become available, if capable of reducing factors of nuisance and annoyance.

**B.** Upon his own initiative, or upon request by a landowner residing within a one (1) mile radius from the well location, the Inspector, after confirmation of an air pollution issue related to the well, may require the operator to pay for an air quality test deemed necessary by the Inspector. Absent extraordinary circumstances, only one (1) such test to be paid for by the operator shall be required per year.

*(Ord. No. 22189, § 1, 1-14-2010)*

## Section 607. Facilities.

All lease equipment shall be painted and maintained in a good state of appearance and shall have posted in a prominent place a metal sign no less than two (2) square feet in area which shall contain the following information: permittee's name, lease name, location of drill site by reference to the United States Survey, and identifying numbers of all permits.

*(Ord. No. 22189, § 1, 1-14-2010)*

## Section 608. Fire prevention.

**A.** All permittees under the provisions of this title shall maintain adequate firefighting apparatus and supplies at the well site at all times during drilling and production operations. "Adequate firefighting apparatus and supplies" shall include, but shall not be limited to, all of the following:

**1.** During drilling operations, the permittee shall provide a minimum of four (4) portable fire extinguishers, the size, rating, distribution, and maintenance of which shall be in accordance with National Fire Protection Association (NFPA) Standard #10, entitled "Portable Fire Extinguishers," and NFPA Standard #30, entitled "Flammable Liquids Code";

**2.** Sources of ignition. In locations where flammable vapors may be present, precautions shall be taken to prevent ignition by eliminating or controlling sources of ignition. Sources of ignition may include open flames, lightning, smoking, cutting and welding, hot surfaces, frictional heat, sparks (static, electrical and mechanical) spontaneous ignition, chemical and physical-chemical reactions, and radiant heat. NFPA #77, "Recommended Practice on Static Electricity," and NFPA #78, "Lightning Protection Code," provide information on such protection;

**3.** The permittee shall protect all hazardous materials and/or special hazards at the well site in accordance with applicable NFPA standards; and

**4.** The permittee shall also comply with such other requirements which the Inspector or Tulsa Fire Marshal may prescribe for the particular well.

**B.** Lightning protection equipment as specified by the Inspector shall be installed at every site containing crude or water storage tanks. The lightning protection equipment specified by the Inspector shall be in accordance with the recommendations of the National Fire Protection Association.

**C.** Crude and water tanks shall be equipped with a vent system approved by the Inspector. A flame arrestor approved by the Inspector shall be installed on the vent line.

*(Ord. No. 22189, § 1, 1-14-2010)*

## Section 609. Pits.

**A.** Steel mud or circulating pits shall be used. Such pits and contents shall be removed from the premises and the drilling site within sixty (60) days after completion of the well. No earthen pits shall be allowed, unless small and temporary and approved in writing by the Inspector. All pits must be securely fenced. No spoil piles are to be left overnight in any City right-of-way.

**B.** No earthen pits, lined or unlined, shall be constructed, used, or maintained in conjunction with any well within the City. This section shall apply to all pits described

as treating pits, overflow pits, settling pits, disposal pits, evaporation pits, dumping pits, or similar designations. Any and all existing pits of this type shall be properly closed within one hundred twenty (120) days of the effective date of this ordinance.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 610. Motive power.

Motive power for all well pumping equipment shall be electricity. Provided, however, that in respect to wells in operation with non-electric pumping equipment prior to passage of this ordinance, the Inspector shall have authority to waive the requirements of this section if he determines in a particular case that electric pumping equipment is not necessary to protect the public health, safety, or welfare.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 611. Derrick and rig.

It shall be unlawful and an offense for any person to use or operate in connection with drilling, re-entry, or reworking of any well within the City, any wooden derrick or any steam-powered rig, and all engines shall be equipped with adequate mufflers approved by the Inspector. Permitting any drilling rig or derrick to remain on the premises or drilling site for a period of longer than sixty (60) days after completion or abandonment of a well is hereby prohibited.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 612. Fresh water supply wells.

**A.** In the event a fresh water supply well is to be drilled to provide water for drilling operations, a permit shall first be obtained from the Oklahoma Water Resources Board and submitted to the Inspector.

**B.** The drilling of any fresh water supply well shall be performed only by a water well drilling contractor who has a current license from the state.

**C.** All such water wells shall be drilled and maintained in accordance with state law and regulations and in accordance with regulations promulgated by the Oklahoma Water Resources Board.

**D.** At the time such water well becomes no longer necessary, or upon completion of the oil and gas well, whichever occurs earlier, such well shall be:

**1.** Plugged pursuant to the standards and requirements of the Oklahoma Water Resources Board, and the Inspector shall be notified in writing of such plugging at least five (5) days in advance thereof and such Inspector shall have the right to be on-site at the time of such plugging; or

**2.** Control of the well shall be transferred to the landowner with written notice of such transfer to the Oklahoma Water Resources Board and the Inspector.

Failure to comply with the provisions of this subsection shall create a presumption of liability upon the permittee for any pollution resulting from an abandoned fresh water supply well.

**E.** Any person violating the provisions of this section will be subject to the penalties provided by state law or as provided in this title.

*(Ord. No. 22189, § 1, 1-14-2010)*

**Section 613. Disposal of muds.**

The disposal of drilling mud shall be by transporting the mud to a state-licensed disposal site or to a site approved for soil farming by the Corporation Commission. The mud may not be buried in an earthen pit, pumped down the well bore, or down the annulus of a well, nor spread on the surface of the ground. Transportation shall be in compliance with the requirements of Title 11, TRO, § 1210.

*(Ord. No. 22189, § 1, 1-14-2010)*

**Section 614. Surface casing.**

Surface casing shall be set in accordance with all applicable state rules and regulations. Such operations shall be monitored and reviewed by the Inspector. The Inspector may require all such samples as necessary to be submitted at drilling sites or elsewhere for quality control testing.

*(Ord. No. 22189, § 1, 1-14-2010)*

**Section 615. Affidavit required upon completion of well.**

Upon completion of the well, the operator shall certify to the Inspector by affidavit that the well has been set according to good engineering practices. The affidavit shall stipulate the number of sacks of cement, the class of cement, blended materials, weight of cement in pounds per gallon, cement displacement pressure, final pumping pressure, and whether check valves (float shoes, float collar) held the pressure. Commencement and completion times of such operation shall be stipulated. The affidavit shall be completed by a cementing service company and signed by both the operator and the cementing service company. The form to be submitted with this information shall be the same form used to submit the information to the Oklahoma Corporation Commission.

*(Ord. No. 22189, § 1, 1-14-2010)*

**Section 616. Storage tanks and separators.**

**A.** Crude oil storage tanks shall not be constructed, operated, or used except to the extent of two (2) steel tanks for oil storage, not exceeding five hundred (500) barrels' capacity each and constructed and maintained in accordance with the recommendations of the American Petroleum Institute. Provided, however, that additional storage tanks may be approved in writing by the Inspector.

**B.** A permittee may use, construct and operate a steel conventional separator and such other steel tanks and appurtenances as are necessary for treating oil. All such facilities shall be constructed and maintained to control vapors. Each oil and gas separator shall be equipped with both a regulation pressure relief safety valve and a bursting head. If excessive vapors are released from the tanks, the Inspector may require that a vapor recovery system be installed and operated to prevent the release of gas vapors into the atmosphere.

*(Ord. No. 22189, § 1, 1-14-2010)*

**Section 617. Impounding around tanks by diking.**

When protection of adjoining property or waterways is by means of impounding by diking around the tanks, such system shall comply with the following:

**A.** A slope of not less than one (1) percent away from the tank shall be provided for at least fifty (50) feet (fifteen (15) m) or to the dike base, whichever is less.

**B.** The volumetric capacity of the diked area shall not be less than the greatest amount of liquid that can be released from the largest tank within the diked area, assuming a full tank. To allow for volume occupied by tanks, the capacity of the diked area enclosing more than one (1) tank shall be calculated after deducting the volume of the tanks, other than the largest tank, below the height of the dike.

**C.** To permit access, the outside base of the dike at ground level shall be no closer than ten (10) feet (three (3) m) to any property line that is or can be built upon.

**D.** Walls of the diked area shall be of earth, steel, concrete, or solid masonry designed to be liquid tight and to withstand a full hydrostatic head. Earthen walls three (3) feet (0.90 m) or more in height shall have a flat section at the top not less than two (2) feet (0.60 m) wide. The slope of an earthen wall shall be consistent with the angle of repose of the material of which the wall is constructed. Diked areas for tanks containing Class I liquids located in extremely porous soils may require special treatment to prevent seepage of hazardous quantities of liquids to low-lying areas or waterways in case of spills.

**E.** Every tank battery associated with a well or group of wells shall be separated from any other tank battery associated with any other well or wells by a dike of a height as required in Subsection 617.B. of this title. A dike shall also be constructed to separate the crude storage tanks and water storage tanks from separators, heater treaters, and other vessels. The height of this dike shall meet the requirements of Subsection 617.B. of this title. The provisions of this subsection shall apply only to tanks or equipment installed, placed, or replaced on or after the effective date of this ordinance.

**F.** There shall be a separation distance of at least twenty-five (25) feet between crude and water storage tanks and heater treaters or other equipment designed to be heated with burners or electric elements. The provisions of this subsection shall apply only to tanks or equipment installed, placed, or replaced on or after the effective date of this ordinance.

**G.** Where provision is made for draining water from diked areas, such drains shall be controlled in a manner so as to prevent flammable or combustible liquids from entering natural watercourses, public sewers, or public drains, if their presence would constitute a hazard. Control of drainage shall be accessible under fire conditions from outside the dike.

**H.** Storage of combustible materials shall not be permitted within the diked area.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 618. Ingress and egress.

Lease roads shall be maintained in such manner as to safely and comfortably allow for ingress and egress of City or state personnel traveling in a common passenger motor vehicle. Provided, however, that the provisions of this section shall not apply to producing wells and well sites without tank batteries which are located more than six hundred (600) feet from any building. Ingress and egress shall be as approved by the Inspector.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 619. Open hole formation or drill stem testing.

**A.** Unless otherwise authorized by the Inspector, all open hole formation or drill stem testing shall be done during daylight hours, with adequate advance notification thereof to the Inspector to enable him to be present during such testing.

**B.** All open hole formation testing shall be done into steel tanks or flared properly in the case of gas.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 620. Flaring of gas.

All produced gas shall either be sold or flared with the flaring procedures being approved by the Inspector and the Fire Marshal.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 621. Disposal of saltwater or other deleterious substances.

**A.** Every permittee shall make sufficient provisions for the safe disposal of saltwater or other deleterious substances which he may bring to the surface of the earth. The disposal shall not result in pollution of the waters of the City and shall not result in any other environmental hazard. Such disposal shall incorporate the best available techniques and equipment. When an applicant files an application for a permit to drill a new well, the method of disposing of produced saltwater shall be described in the application. When a disposal well located inside the City is to be used, the applicant shall identify the disposal well by operator, lease, well name and number, and location.

**B.** In the event of any leakage or spillage of any pollution or deleterious substance, whatever the cause thereof, the permittee shall promptly notify the Inspector. If, in the judgment of the Inspector, such leakage or spillage represents a potential environmental hazard, he may issue whatever corrective orders he deems appropriate and additionally may require the appropriate testing of the surface and subsurface for pollutant incursion, the cost of all such testing to be paid by the permittee.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 622. Fracturing and acidizing.

In the completion of an oil and gas, injection, disposal, or service well, where acidizing or fracturing processes are used, no oil, gas, or other deleterious substances or pollutants shall be permitted to pollute any surface or subsurface fresh waters.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 623. Swabbing, bailing, and purging wells.

In swabbing, bailing, or purging a well, all deleterious substances removed from the bore hole shall be placed in appropriate tanks or pits and no substances shall be permitted to pollute any surface or subsurface fresh waters. The permittee and operator shall also comply with the provisions of Chapter 8 of this title.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 624. Rupture in surface or production casing.

In the event a rupture, break or opening occurs in the surface or production casing, the permittee or the operator or drilling contractor shall promptly report the incident to the Inspector. Immediate action shall be taken to repair such casing and the repairs shall be witnessed by the Inspector.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 625. Depositing oil products.

No person shall deposit, drain, or divert into or upon any public highway, street, alley, drainage ditch, storm drain, sewer, gutter, paving, creek, river, lake, or lagoon, any oil or oily liquid with petroleum content, or any mud, rotary mud, sand, water or saltwater, or in any manner permit, by seepage, overflow or otherwise, any of such substances to escape from any property owned, leased or controlled by such person.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 626. Service companies.

Upon request of the Inspector, service companies or other persons shall furnish and file reports and records showing perforating, hydraulic fracturing, cementing, shooting, chemical treatment, and all other service operations on any well site covered by this title. Such furnished material shall remain confidential unless necessary as evidence in the prosecution of any violation of the provisions of this title. Failure to provide any such requested material shall constitute a violation of this title.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 627. Accumulation of vapor.

The Inspector shall have the authority to require the immediate shutting in or closing of any well if he finds that there exists, within a one hundred-foot radius of any well, any gas or gasoline vapor in a quantity sufficient to constitute, in his judgment, or in the judgment of the Fire Marshal, a fire hazard. The well shall remain shut in or closed in until the hazard and its cause have been remedied.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 628. Inspection of pressure lines.

The Inspector shall inspect all pressure lines in use at any well or at any project to ensure that tubing, fittings, equipment, or connections are reasonably tight, safe, and free from leaks.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 629. Pipeline placement; marking.

**A.** Unless exempt pursuant to Title 15, TRO, Chapters 3 and 4, repair, installation, replacement, or any work associated with pipe or pipeline located in City rights-of-way shall be governed by the provisions of Title 11, TRO, Chapter 12 entitled: "Rights-of-Way Occupancy Management," including the need to obtain construction and occupancy permits provided for therein.

**B.** All new or replacement pipe or pipelines shall be covered and must be not less than forty-eight (48) inches below the existing ground level as verified and approved by the Inspector. Prior to installation, the owner of the pipeline shall submit to the Public Works Director or his designee and the Inspector the pipeline design criteria, including but not limited to, operating pressures, pipeline gradient and elevation to sea level, location, pipe ASTM grade, pipe manufacturer, pipe wall thickness, and pipeline capacity and volume. Prior to and subsequent to installation of each segment of new or replacement pipeline, the pipe and pipeline must receive and pass an on-site inspection

of the compliance with design criteria and the process of installation. The forty-eight (48) inch depth requirement in this Subsection A. shall not apply to piping constructed or installed within the diked tank battery, which piping may be placed at ground level.

**C.** All new or replacement pipe or pipelines located in public rights-of-way shall require construction and occupancy permits authorized in Title 11, TRO, Chapter 12. In addition to any other requirement set out by state law or ordinance, all new and replacement pipe or pipeline crossings must meet one (1) of the following criteria:

**1. Cased Crossing.** The pipeline crossings must pass through a casing of a design and constructed in accordance with the United States Department of Transportation standards set forth in 49 CFR 192.323 (Casing) as same exists on the date of the adoption of this ordinance, or as amended.

**2. Uncased Crossing.** The pipeline crossing must conform in design, construction, and installation to the United States Department of Transportation standards set forth in 49 CFR 192 Subpart C as same exists on the date of the adoption of this ordinance, or as amended. Construction, installation, and use of an uncased pipeline crossing shall be allowed only when the pipe utilized for the crossing is a minimum of one (1) ASTM grade higher in tensile strength and a minimum of one (1) step greater in wall thickness than the materials otherwise required by the Code.

**D.** The location of all new or replacement pipe and pipelines shall be marked by the owner(s) thereof or by the person installing or operating such pipelines as follows:

**1.** Marker signs shall be placed at all locations where pipe or pipelines cross property boundary lines and at each side of a public street or road right-of-way which the pipe or pipeline crosses;

**2.** The top of all marker signs shall be a minimum of four (4) feet above ground level, and the support post must be sufficient to support the marker sign and shall be painted yellow or such other color as may be approved by the Director of Public Works or his designee;

**3.** All marker signs shall be a minimum of twelve (12) inches square and shall be marked as "Gas Pipe Line," "Oil Pipe Line," or "S.W. Pipe Line" or as may be applicable; and

**4.** All marker signs shall contain the name of the owner and operator of the pipeline. It is the joint and several responsibility of the owner and the operator of any and all pipeline to maintain the markers in accordance with this title.

**5.** "Locate Wires" - Locate wires, consisting of a minimum #6 rating solid core PVC coated wire, or equivalency approved by the Public Works Director of his designee, shall be required on all underground pipelines located in City of Tulsa rights-of-way.

*(Ord. No. 22189, § 1, 1-14-2010)*

## Section 630. Plugging abandoned wells.

**A.** Every person owning or operating any well and the officers, agents, and employees of such person shall begin removing all derricks, machinery, concrete foundations, and any and all other objects that interfere with the leveling of the land within a period of sixty (60) days from the day of abandonment of the well and shall remove such objects

in a workmanlike manner. Such person shall also grade, level, and restore the land as nearly as possible to the same conditions which existed before the well was first commenced.

**1.** Any well in which production casing has been run but which has not been operated for six (6) months, and which has not received temporarily abandoned status from the Oklahoma Corporation Commission and the Inspector, and any well in which no production casing has been run and for which drilling operations have ceased for thirty (30) consecutive days, shall be presumed to be abandoned and shall be plugged in accordance with Section 630 of this title.

**2.** Any well which has not had the annual inspection fees paid (as required in Section 307 of this title) for a period of one (1) year, or for which the Inspector has not been provided proof of bond or letter of credit as required in Section 638 of this title, or for which the Inspector has not been provided proof of insurance as provided in Section 304 of this title, shall be presumed to be abandoned and shall be plugged in accordance with Section 630 of this title.

**B.** Whenever any well having sufficient casing to meet the requirements of this title is abandoned, it shall also be the duty of the permittee and the operator of the well to set a two hundred (200) foot cement plug in the bottom of the surface casing, with the bottom of the plug one hundred (100) feet below the surface casing section, and to set a fifty (50) foot cement plug in the top of the surface casing. A cement plug shall also be placed in the well bore above, but within one hundred (100) feet of the shallowest zone known to produce hydrocarbons or considered by the Inspector to be capable of producing hydrocarbons, in either commercial or noncommercial quantities, or known to have been used for injection or disposal of any fluid within three (3) miles of the well being plugged. This plug may be:

**1.** A two hundred (200) foot cement plug placed in a section of the hole from which the casing has been removed;

**2.** A bridge plug capped with twenty (20) feet of cement when a cement bond log is available to show that the casing is cemented at the depth where the plug is required; or

**3.** A plug formed by setting a bridge plug in the casing, perforating the casing above the bridge plug, setting a cement retainer above the perforations, running tubing into the hole, and squeezing cement through the tubing, retainer, and perforations. The bridge plug may be omitted when a pressure test approved by the Inspector is performed to prove the integrity of the casing.

**C.** The Inspector shall require that cement plugs, except those installed in connection with a bridge plug or retainer, be tagged with a string of pipe or a wireline weight to confirm that the cement plug has hardened in the correct location.

**D.** When any cement plug is found to be deficient, an additional cement plug shall be placed in the well bore or other appropriate corrective action shall as ordered by the Inspector be taken. No surface or conductor string of casing may be pulled or removed from a well. During initial abandonment operations, it shall also be the duty of the permittee and operator to flood the well with mud-laden fluid. This fluid shall have a density not less than nine (9) pounds per gallon and a viscosity not less than thirty-six (36) funnel seconds as measured with a standard marsh funnel. Provided, however,

that in no case shall the density of this mud be less than the density of the mud used to complete the drilling of the well or less than the density required to create sufficient hydrostatic pressure to prevent the well from attempting to kick or flow. Prior to commencing plugging operations, the Inspector shall be notified so that he may witness the plugging operations.

**E.** Whenever a permittee or operator desires to plug and abandon any well drilled within the City, except a well which is still within its original drilling permit period or a dry hole, the permittee or operator shall apply to the Inspector for a permit to plug the well. The application for the permit to plug the well shall be on forms provided by the Inspector and shall be accompanied by a nonrefundable application fee in the amount established in Title 49 TRO, except that no fee will be required to plug a well which is within the period covered by the original drilling permit. The application fee shall be paid by cashier's check. The permittee shall pay an additional nonrefundable permit fee in the amount established in Title 49 TRO, when the permit is approved and accepted, and this amount shall also be in the form of a cashier's check. The applicant shall submit two (2) copies of the application as required by the Inspector. In the application for a permit to plug a well, the applicant shall include evidence of the depth of the base of the fresh water in the vicinity of the well, copies of all Corporation Commission reports filed on the well, a well bore diagram showing the proposed plugged condition of the well, a copy of electric logs run on the well and a proposed plugging procedure. Copies of any temperature surveys or cement bond logs run to determine the top of the cement outside the casing strings shall be included in the permit application.

**F.** Whenever any well having a lesser amount of surface casing than required by this title is abandoned, it shall be the duty of the permittee or operator of the well to plug the well in accordance with the provisions of this subsection. To effect the plugging of said well, the production casing shall be cut at a depth at least two hundred (200) feet deeper than the base of the fresh water zones. A cement plug shall be placed in the well bore with the bottom of the plug located two hundred (200) feet deeper than the base of the fresh water zone and the top of the plug located at least one hundred (100) feet inside the surface casing. If the production casing cannot be removed as required, then the operator or permittee shall propose an alternative plugging procedure, but no plugging may be performed unless the procedure has been approved by the Inspector. The Inspector shall be notified so that he may witness the plugging of the well. The remainder of the plugging requirements for wells not having sufficient surface casing shall be the same as for wells which do have sufficient surface casing.

**G.** In exceptional circumstances, the Inspector shall have authority to approve recognized and appropriate plugging procedures other than these set forth herein. Such approval shall be in writing and shall be signed by the Inspector.

**H.** The cement used to plug wells shall be API Class A or Class H cement and no volume extenders may be added to this cement.

*(Ord. No. 22189, § 1, 1-14-2010)*

## Section 631. Copies of forms filed with Corporation Commission to be filed with Inspector.

**A.** Copies of all applications, notices, forms, records, logs, and all similar documents filed by the permittee with the Corporation Commission shall also be filed with the

Inspector within one (1) week of filing with the Corporation Commission. The Inspector shall keep confidential all materials submitted unless such material is necessary as evidence in prosecution of any violation of the provisions of this title or required to be available for public inspection under applicable law including but not limited to the Oklahoma Open Records Act.

**B.** No transfer of any permit shall be valid until the Corporation Commission approved Form 1073, Transfer of Ownership, is provided to the Inspector. No permittee shall be released from the requirements of this title until the Inspector is provided with proof of change of operator and submittal of the required documentation as provided by Section 305, Section 307, and Section 638 of this title.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 632. Wells within watershed areas of City water reservoirs and other areas near the reservoirs.

**A.** Under no circumstances shall a well be permitted closer than six hundred sixty (660) feet to the high-water shoreline of a reservoir, including areas which are located outside the watershed of a city water reservoir.

**B.** No well shall be permitted within the watershed of a city water reservoir unless it is located on the surface of such watershed, and in no case closer than six hundred sixty (660) feet to the high-water shoreline of said reservoir.

**C.** Any well permitted under Subsection B. to be located within the watershed in which a city water reservoir is contained, or to be located outside the watershed area but within one (1) mile of a city water reservoir, shall comply with all of the then-current "Rules Controlling Drilling Operations in Watershed Areas of Tulsa Water Reservoirs and other Areas Near the Reservoirs," as adopted by the City. In the event of any conflicts between such rules and the provisions of this title, the more restrictive provisions shall apply. A current copy of the "Rules Controlling Drilling Operations in Watershed Areas of Tulsa Water Reservoirs and other Areas Near the Reservoirs," is on file and may be obtained from the City Clerk's office or from the Inspector.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 633. Prohibition of pollution.

**A.** All permittees, operators, contractors, drillers, service companies, pipe-pulling and salvaging contractors, or other persons shall at all times conduct their operations and drill, equip, operate, produce, plug, and abandon all wells drilled for oil or gas, service wells or exploratory wells (including seismic, core, and stratigraphic holes) in a manner that will prevent pollution and the migration of oil, gas, saltwater, or other substance from one (1) stratum into another, including any other fresh water bearing formation. Pollution of surface or subsurface fresh water by deleterious substances used in connection with the exploration, drilling, producing, refining, transporting, or processing of oil or gas is hereby prohibited.

**B.** The Inspector shall have the authority to pursue all steps necessary to monitor compliance with Subsection A., including the construction of monitoring water wells to physically document any impact on any fresh water bearing formation.

*(Ord. No. 22189, § 1, 1-14-2010)*

## Section 634. Additional requirements for enhanced recovery or saltwater or deleterious substances disposal wells.

**A.** Every enhanced recovery or disposal well shall be constructed so as to seal the injection zone from the upper portion of the casing. The annulus between the injection tubing and the casing shall be filled with a noncorrosive fluid, then sealed and a one-quarter (1/4) inch female fitting with cutoff valve shall be attached so that the pressure in the annulus may be measured by the Inspector by attaching a gauge having a one-quarter (1/4) inch male fitting. The annulus between the production casing and the injection tubing shall be pressure tested to a pressure at least two hundred fifty (250) psi greater than the injection pressure proposed for the well. The pressure testing shall be witnessed and approved by the Inspector. Copies of Corporation Commission Form No. 1015 shall also be filed with the Inspector. A pressure shall be maintained in the annulus sufficient to monitor the fluids in the annulus. Any significant deviation from the established pressure shall be cause to shut down the well, and may result in cancellation of the operating permit, until such time as the established pressure can once again be maintained.

**B.** Injection lines for such wells shall be buried in a trench of a depth no less than four (4) feet, and shall be pressure tested (static) annually at a minimum of one hundred fifty (150) percent of the pressure normally encountered at the injection pump discharge for a period of hours to be fixed by the Inspector. Said Inspector shall be notified in writing five (5) days in advance of such test and may supervise same. Test results shall be filed with the Inspector upon completion.

**C.** The annulus between the production casing and the surface casing shall be equipped with the appropriate fittings to provide a one-quarter (1/4) inch female fitting equipped with a cutoff valve so that the pressure in the annulus may be measured by the Inspector. Any indication of pressure on this annulus shall be cause to shut down the well and may result in the cancellation of the operating permit, until such time as the problem can be corrected.

**D.** The permit for an enhanced recovery or disposal well shall state the maximum injection pressure. Exceeding this injection pressure shall be considered a violation of this title.

**E.** The injection tubing or injection line near the injection tubing shall be equipped with a one-quarter (1/4) inch female fitting and cutoff valve so that the Inspector may measure the injection pressure by the installation of a gauge equipped with a standard one-quarter (1/4) inch fitting.

**F.** Before performing any down-hole work on an enhanced recovery or disposal well, the operator shall notify the Inspector at least five (5) days in advance of performing this work. The Inspector shall witness the installation of tubing and packer in an enhanced recovery or disposal well. The annulus between the injection tubing and the production casing shall then be pressure tested to a pressure at least two hundred fifty (250) psi in excess of the approved injection pressure. The Inspector shall witness the pressure testing of this annulus. The pressure test shall be repeated at least every six (6) months and shall be witnessed by the Inspector.

**G.** The permittee or operator of the well shall submit to the Inspector a monthly report stating the amount of water injected during the month and the maximum tubing pressure.

*(Ord. No. 22189, § 1, 1-14-2010)*

## Section 635. Burning of trash prohibited.

No permittee or any other person shall burn any trash or debris within one thousand (1,000) feet of any well location or equipment.

*(Ord. No. 22189, § 1, 1-14-2010)*

## Section 636. Location of surface facilities.

Whenever necessary to protect the health, safety or welfare of the public, the Inspector is hereby authorized to direct any permittee or operator to locate, relocate, remove, or replace any well surface facilities located within a particular drilling unit.

*(Ord. No. 22189, § 1, 1-14-2010)*

## Section 637. Temporary abandoned wells.

Whenever the Oklahoma Corporation Commission has granted "temporary abandonment status" for a well, the permittee or operator may apply to the Inspector for "temporary abandonment status." "Temporary abandonment status" may be granted by the Inspector for a maximum of two (2) years, except when an extension is obtained from the Mayor. The "temporary abandonment status" may be granted by the Inspector to the applicant provided all requirements and conditions placed upon the well by the Inspector are met by the applicant. These requirements and conditions shall include, but shall not be limited to, all of the following:

**A.** For enhanced recovery or disposal wells, a cast iron bridge plug shall be placed above, but within one hundred (100) feet of the perforated interval and a minimum of twenty (20) feet of cement shall be placed on the cast iron bridge plug. The casing shall be pressure tested to a pressure approved by the Inspector. Pressure testing shall be repeated annually on a date to be specified by the Inspector. The production casing and each annulus of the well shall be equipped with fittings to permit the pressure on each string of casing to be measured using a gauge having a one-quarter (¼) inch fitting.

**B.** Producing wells shall have fittings and valves installed to permit the pressure on tubing and each string of casing to be measured using a gauge having a one-quarter (¼) inch fitting.

**1.** A fluid level test shall be performed on each well in this classification at intervals not to exceed six (6) months, and the pressure shall be checked on the tubing and each casing string at least every six (6) months.

**2.** If the fluid level in the production casing when no tubing is installed in the well is found to be less than two thousand (2,000) feet from ground level then the same requirements specified in Subsection A. above shall be applied.

**3.** If the fluid level in both the tubing and the tubing-casing annulus when tubing and packer are installed in the well is found to be less than two thousand (2,000) feet from the surface, then the requirements shall be the same as in Subsection A., above.

**4.** If pressure in excess of fifty (50) psi is found on the production casing or when other evidence of a leak exists, the requirements shall be as in Subsection A., above.

**C.** If pressure in excess of fifty (50) psi is found on the surface casing of any well or when other evidence of a leak exists, additional tests shall be performed to determine if a

casing leak or channel flow outside the casing exists. When the Inspector determines that a leak exists, appropriate repair work or remedial cementing shall be performed by the permittee or applicant to correct the problem. All repair procedures shall be approved by the Inspector. The Inspector shall be notified so that he may witness the repair work and test to confirm the success of such repair work.

**D.** The permittee and operator of any well granted "temporary abandonment status" under the provisions of this section shall also comply with any other requirements or conditions imposed by the Inspector and such permittee and operator shall continue to comply at all times with the provisions of Section 305 and Section 307 of this title.

*(Ord. No. 22189, § 1, 1-14-2010)*

**Section 638. Blanket bond or blanket irrevocable letter of credit required.**

**A.** Any person who drills or operates any well for the exploration, development, or production of oil or gas, or as an injection or disposal well, within this City shall furnish on forms approved by the Inspector and maintain at all times a blanket bond or blanket irrevocable letter of credit in the principal sum of at least One Million Dollars ($1,000,000.00). Said bond or letter of credit must be executed by a reliable insurance company or bank authorized to do business in the state, as surety or creditor, and with the applicant/permittee as principal or debtor, running to the City for the benefit of the City and all persons concerned, conditioned that the applicant/permittee shall comply with the terms and conditions of this title in the drilling and operation of oil wells drilled or operated within the City. Said bond or letter of credit must become effective on or before the date the same is filed with the City and remain in full force and effect for at least twelve (12) months subsequent to the expiration of the permit term and, in addition, the bond or letter of credit must be conditioned that the applicant/permittee must promptly pay all fines, penalties and other assessments imposed upon the applicant/permittee by reason of his breach of any of the terms, provisions, or conditions of this title, and that the applicant/permittee must promptly restore the streets, sidewalks, and other public property of the City which may be disturbed or damaged during the applicant/permittee's operations to their former condition; and that the applicant/permittee must promptly clear all premises of all litter, trash, waste, and other substances and must, after abandonment, grade, level, and restore said property to the same surface condition, as far as possible, as existed prior to commencing operations; and further that the applicant/permittee shall indemnify and hold harmless the City from any and all liability attributable to granting the permit; and that the applicant/permittee shall promptly pay all sums with respect to deductibles on covered losses under insurance policies required by this title; and that the applicant/permittee shall comply with all of the terms of this title concerning the abandonment and/or plugging of all such wells. Each bond or letter of credit submitted shall cover all wells drilled or operated by said person within the City.

**B.** For good cause, the Inspector, after notice to and hearing for a permittee, may require the filing of a blanket bond or letter of credit in an amount higher than One Million Dollars ($1,000,000.00) but not to exceed Two Million Dollars ($2,000,000.00). "Good cause" shall include, but shall not be limited to, a showing that the operator or permittee has previously violated any of the provisions of Title 42-A.

**C.** The blanket bond or letter of credit required by this section shall be submitted and maintained in full force and effect at all times by all persons drilling, completing, operating, maintaining, and/or producing any well located within the limits of the City, whether drilling operations were commenced on, prior, or subsequent to adoption of this title.

*(Ord. No. 22189, § 1, 1-14-2010)*

## CHAPTER 7. ARTIFICIAL PRODUCTION

Section 700. Approval required for conversion to artificial production.
Section 701. Permissible working pressure; booster plant.
Section 702. High-pressure lines.
Section 703. Pressure gauges on air or gas lifts.
Section 704. Portable pumping units.
Section 705. Violations.

### Section 700. Approval required for conversion to artificial production.

**A.** No person shall commence any operation to change the equipment of an oil or gas well for the purpose of converting from natural to artificial production of oil or gas, or commence any operation for the purpose of cleaning, repairing, or reconditioning any such well, before notifying the Inspector and Chief of the Fire Department or any of his authorized representatives that such operation is to be commenced. No person shall commence such operation unless he receives approval as set forth in Subsection B. of this section.

**B.** The Chief of the Fire Department or his authorized representatives, or the Inspector, shall give approval for converting from natural to artificial production if it appears that compliance with the provisions of this chapter have been and are being met.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 701. Permissible working pressure; booster plant.

In no case shall gas or air be transported through any pipeline at a working pressure in excess of one thousand (1,000) pounds. If it is necessary to use a greater working pressure, a gas or air booster plant shall be installed not closer than seventy-five (75) feet from the derrick floor of a well or tank battery and the compressor unit not greater than one hundred (100) feet from the derrick floor of the well being served. In no event shall more than one thousand five hundred (1,500) pounds working pressure be used in flowing a well by artificial means.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 702. High-pressure lines.

A pipe used for the transportation of air or gas ranging from six hundred (600) to one thousand (1,000) pounds pressure shall be from two (2) to ten (10) inches in outer diameter and shall be seamless pipe with welded or screwed couplings. Any new or replacement pipe shall be covered and not less than forty-eight (48) inches below the regular ground level and shall be placed in conduit whenever laid under any portion of a street, roadway, alley, or driveway ordinarily used for heavy vehicular traffic. These lines shall be tested before being used and every six (6) months thereafter the test shall be made with water and the pipe shall stand a pressure of two thousand (2,000) pounds.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 703. Pressure gauges on air or gas lifts.

**A.** At each well where air or gas lift is used, there shall be placed on the air or gas lift an indicating pressure gauge which shall show the working pressure of air or gas delivered to the well at all times.

**B.** When any air or gas is supplied in any air or gas lift line from a source of supply outside the City, one (1) recording pressure gauge which contains charts shall be placed on the line at the point where it enters the City. The charts shall be preserved and open to inspection by the Inspector. On plants or sources of gas lift or air inside the City, a recording pressure gauge shall be placed between the plant and the well or wells served.

**C.** All gauges installed on lines shall be tested and corrected every six (6) months.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 704. Portable pumping units.

Every person operating a portable pumping unit used for the pumping of oil shall equip the unit before the operation or use thereof, on both the suction and discharge sides, with steel flexible tubing or with pipe or tubing composed of some other material that is approved by the Inspector.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 705. Violations.

If the Inspector finds that any person is carrying on activity in violation of this title, he shall order the activity to cease until compliance is made. No person shall renew such activity until the Inspector finds that compliance has been made and permission given for the renewed activity.

*(Ord. No. 22189, § 1, 1-14-2010)*

## CHAPTER 8. SWABBING WELLS

Section 800. Compliance.
Section 801. Lubricator.
Section 802. Valves on lines leaving flow casing.

### Section 800. Compliance.

No person shall begin the operation of swabbing an oil or gas well without first complying with the provisions of this chapter.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 801. Lubricator.

**A.** No well shall be swabbed before a device, commonly known as a lubricator, has been placed on the flow casing above all outlets or flow lines of the well. The lubricator shall be not less in diameter than the flow casing and equipped with an adequate oil saver or stuffing box at the top. The total inside length of the lubricator shall be not less than five (5) feet more than the total length of swab and turn back on swab line. The lubricator shall have a nipple not less than two (2) inches in diameter nor more than four (4) inches in length, placed not more than six (6) inches from the top and on flow line or lines between gate valve on the flow lines and flow casings. The nipple shall be provided with a gate valve not less than two (2) inches in size. All equipment and parts of the lubricator shall be of a type designed and tested to withstand a pressure of three thousand (3,000) pounds per square inch. All pressure tests shall be by the hydrostatic method.

**B.** The lubricator shall be tied down from the top to the casing next in size to flow casing with wire line of not less than five-eighths (5/8) inch in diameter or by iron or steel rods not less than one and one-quarter (1¼) inches in diameter. The tiedown shall be equipped with turnbuckles and adequate clamps. Guy lines shall be provided from the top and bottom of the lubricator to the derrick legs. The guy lines shall be not less than five-eighths (5/8) inch in diameter and shall be tied into the derrick legs at the same level as on the lubricator. A small gate valve at the top of the lubricator shall be tied back to it, using clamps of required size.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 802. Valves on lines leaving flow casing.

All lines leaving the flow casing shall be equipped with a gate valve of not less than three thousand (3,000) pounds per square inch test and the same size of line and be placed not farther than twenty-four (24) inches from the flow casing. The valve or valves shall be tied back to the flow casing using necessary clamps and wire line or rods as specified in Section 801.

*(Ord. No. 22189, § 1, 1-14-2010)*

**[THIS PAGE INTENTIONALLY LEFT BLANK]**

## CHAPTER 9. LOADING RACKS

Section 900. Definition.
Section 901. Construction generally.
Section 902. Construction permits and fees.
Section 903. Use of fire resistant materials in construction.
Section 904. Electrical wiring and equipment specifications.
Section 905. Specifications for motors.
Section 906. Grounding and bonding.
Section 907. Filler head or dome.
Section 908. Fire protection devices and requirements.

### Section 900. Definition.

As used in this article the term "loading rack" shall mean any platform or structure built alongside a railroad track for use in loading crude oil, gasoline, kerosene, or other liquid petroleum products into tank cars.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 901. Construction generally.

No person shall construct a loading rack for crude oil, gasoline, kerosene, or other liquid petroleum products, except as permitted under this title.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 902. Construction permits and fees.

No person shall commence construction of a loading rack, without obtaining a permit from the Public Works Director or his designee. Permits shall be issued only after approval by the Fire Marshal. The fees for the permit shall be as established in Title 49 TRO.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 903. Use of fire resistant materials in construction.

Only fire resisting materials shall be used in the construction of a loading rack or a building or structure used in connection with or on the same premises as loading racks.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 904. Electrical wiring and equipment specifications.

All electrical wiring and electrical equipment shall be installed in loading racks in compliance with the electrical code in force in the City. All light outlets used in close proximity to loading racks shall be of a vapor-proof type, approved by the United States Bureau of Mines.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 905. Specifications for motors.

All motors used in connection with or near any loading racks shall be of an induction type or of any type that can be used in connection with an explosive atmosphere.

*(Ord. No. 22189, § 1, 1-14-2010)*

## Section 906. Grounding and bonding.

Each loading rack and the railroad track which is to be used with that loading rack shall be bonded and grounded into the same wire.

*(Ord. No. 22189, § 1, 1-14-2010)*

## Section 907. Filler head or dome.

A filler head or dome of a type approved by the Fire Marshal shall be used for loading tank cars from any loading rack. The filler head or dome shall have a vertical vent not less than three (3) inches in diameter and ten (10) feet in height from the dome of the tank car.

*(Ord. No. 22189, § 1, 1-14-2010)*

## Section 908. Fire protection devices and requirements.

Fire protection devices shall be maintained at all times at loading racks and approved by the Fire Marshal, including:

**A.** An adequate water supply;

**B.** Foam-producing chemicals with a minimum required amount of five (5) pounds for each foot of length of the loading rack; and

**C.** Any other foam equipment specifically required by the Fire Marshal.

*(Ord. No. 22189, § 1, 1-14-2010)*

## CHAPTER 10. PIPELINES

Section 1000. Enforcement generally.
Section 1001. Interpretation.
Section 1002. Limitations upon rights granted.
Section 1003. Special provisions for natural gas pipelines.
Section 1004. Pressure limitations.
Section 1005. Ditches.
Section 1006. Special provisions for pipes under streets.
Section 1007. Removal or change of pipe.
Section 1008. Testing of gas pipelines and correction of defects.
Section 1009. Fees for interchanging of pipelines.
Section 1010. Alternative to removing pipelines under any public or City property, right-of-way, easement, or utility reserve; plugging; permit fee
Section 1011. Fee collection procedure.
Section 1012. Unsafe pipeline to be shut down.
Section 1013. Abatement of nuisances.
Section 1014. Violations.

### Section 1000. Enforcement generally.

**A.** Unless exempt pursuant to Title 12, TRO, Chapters 3 and 4, repair, installation, replacement, or any work associated with pipe or pipeline located in City rights-of-way shall be governed by the provisions of Title 11, TRO, Chapter 12 entitled: "Rights-of-Way Occupancy Management," including the need to obtain construction and occupancy permits provided for therein.

**B.** The Inspector, the Public Works Director, and the Chief of Police shall exercise constant supervision of the pipelines, meters, valves, gauges, pumps, appliances, and equipment located in the streets, alleys, and public places and report to the Mayor all violations of this title, and all dangerous, defective, or unsuitably placed pipelines, meters, valves, gauges, pumps, appliances, and equipment, and guard the public at all times from the dangers incident to the erection, maintenance, and operation of all pipelines, meters, valves, gauges, pumps, appliances, and equipment used in connection with the sale or distribution of natural or artificial gas to consumers in the City and its environs, in, under, or upon the streets, alleys, or public places.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 1001. Interpretation.

**A.** None of the provisions of this article shall be construed or operate to prevent or render unnecessary the securing of a construction or occupancy permit for the erection, maintenance, or operation of pipelines, meters, valves, gauges, pumps, appliances, and equipment in, under, or upon any of the streets, alleys, or public places if the pipelines and the equipment referred to herein are used in the sale or distribution of natural or artificial gas to consumers in the City and its environs nor shall any provisions or any act or proceeding conducted under this article be construed as a grant by the City of the right or privilege to use the streets, alleys, or public places for the purposes provided.

**B.** The compensation provided by Title 11, TRO, § 1203 for the nonfranchised use of the streets, alleys, and public places shall be for occupation and use, and shall be in addition to other penalties provided for in this title.

**C.** This chapter, or any part of it, may be altered or repealed at any time, and no rights or privileges shall ever be acquired under it which may not be withdrawn, altered, or modified by the City.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 1002. Limitations upon rights granted.

The provisions of this chapter or any acts and proceedings conducted under it shall not be construed as a grant by the City of the right or privilege to use the streets, alleys, or public places for the purposes provided in this chapter, or any purpose, except for and during the annual period immediately succeeding the time fixed for payment of fees to the City and then only if such payment is actually made.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 1003. Special provisions for natural gas pipelines.

All pipelines, connections, and fixtures installed or used for the purpose of the transportation of natural gas shall be equivalent to the specifications of the National Gas Safety Code, adopted and approved by the United States Department of Commerce and now in force, as to thickness, weight, size, strength, and general character of material, workmanship, and manner of installation. All pipelines used in connection with the drilling of wells, other than gas lines and lines used for the transportation of petroleum or any of its products, shall be new lap-weld or seamless pipe and shall be equivalent to the specifications as now adopted by the American Petroleum Institute for lap-weld of Grade A seamless pipeline. All such lines shall be operated and maintained in a safe manner at all times so as to prevent all leakage or escape of their contents.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 1004. Pressure limitations.

Pressure in any line shall not exceed those permitted by the rules, regulations or orders of the Corporation Commission then in force.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 1005. Ditches.

All ditches for pipelines shall be excavated in a manner that will make the smallest possible opening in the public property, provided that all ditches shall be constructed six (6) inches wider than the outside diameter of the pipe. The minimum space between the outside diameter of pipes shall be six (6) inches.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 1006. Special provisions for pipes under streets.

On streets and alleys, all pipelines shall be buried to a minimum depth of forty-eight (48) inches below the normal surface of the ground, the depth to be measured from the top of the pipe, and shall be approved by the Public Works Director or his designee.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 1007. Removal or change of pipe.

If it becomes necessary to change or remove any pipeline, the entire expense of change or removal shall be borne by the owner upon the approval of the Public Works Director or the Inspector. The removal or change shall be made within five (5) days after notice is given by the City. A right-of-way construction permit shall be obtained prior to any such work.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 1008. Testing of gas pipelines and correction of defects.

Each owner or operator of a gas pipeline other than a high-pressure line for which a permit is required under this title shall have it tested at least once every six (6) months for the purpose of determining whether it is in safe condition and free from leaks, breaks, or open spaces, and make a report of the test supported by an affidavit by the person making the test to the Public Works Director. The test may be by the stench method, electrical detection method, or any other method approved by the Inspector; provided that each gas pipeline at the time of its installation shall be tested by the Inspector, and a report of the test shall be filed with the Public Works Director before the operation of that line. Testing periods shall end on September 15 and March 15 of each year. No person shall continue the operation of any pipeline after the termination of any testing period provided herein without having it tested and making the required report. For failure to make the test and report, or if the report discloses or it otherwise appears that any line is leaking, defective, or unsafe, the Inspector shall, within five (5) days of such disclosure, or within five (5) days after the closing of any testing period, close and shut the pipeline.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 1009. Fees for interchanging of pipelines.

If a pipeline covered by this article is placed in a ditch where another similarly covered pipeline is being removed and if it is not necessary to deepen the ditch and a high-pressure line is not exchanged where a low-pressure line has previously been, a fee in the amount established in Title 49 TRO shall be collected; provided, however, that in a case where it is necessary to deepen the ditch and the new pipeline being placed in the ditch is a high-pressure line taking the place of a low-pressure line, an additional fee in the amount established in Title 49 TRO, shall be charged for the removal of the old line.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 1010. Alternative to removing pipelines under any public or City property, right-of-way, easement, or utility reserve; plugging; permit fee

**A. Abandonment and Plugging.** In lieu of the actual removal of a pipeline or portion thereof located underneath any public or City property, right-of-way, easement, or utility reserve, the owner of a pipeline for which an abandonment permit has been applied and issued may relinquish his ownership and abandon that portion beneath any public or City property, right-of-way, easement, or utility reserve by first pumping the pipe full of material approved by the Public Works Director, then properly disposing of any residue coming out of the pipe, and securely plugging each end of the pipe left beneath any public or City property, right-of-way, easement, or utility reserve. However, before abandoning and plugging the pipe, the owner shall file with the City Clerk, or incorporate in the application for an abandonment permit, a written transfer

and assignment to the City of all his interest, possession, and title in and to the abandoned pipe, and shall give thirty (30) days' previous written notice to the Public Works Director as to when and where the owner proposes to plug the pipe. The work shall require a right-of-way construction permit and be subject to inspection and approval of the Inspector and the Director or his authorized representative.

**B. Permit Fee.** Every applicant for an abandonment permit shall pay an inspection and regulation fee per rod based on the number of rods in length of pipeline to be abandoned. The amount of such fee shall be as established in Title 49 TRO.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 1011. Fee collection procedure.

The fees required by this title to be paid shall be deemed a debt to the City, and upon failure to pay them the City may maintain a civil action in any court of competent jurisdiction for the recovery and collection of the debt.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 1012. Unsafe pipeline to be shut down.

If a pipeline becomes unsafe or is not maintained as provided in this title or if any of the contents escape, the person in control of the line shall immediately discontinue its use and shut off all its contents until the line is repaired.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 1013. Abatement of nuisances.

The Inspector, the Public Works Director, or the Chief of Police or any or all of these officers shall summarily abate or remove any of the pipelines, meters, valves, gauges, pumps, appliances, and equipment declared by this title to be a nuisance immediately upon the order given by the Mayor or his designee. No person shall prevent or attempt to prevent any officer or employee or agent of the City from abating or removing any such pipelines, meters, valves, gauges, pumps, appliances, and equipment declared to be a nuisance or interfere with such officer, employee, or agent when engaged in or attempting to engage in such work. All expenses of the abatement shall remain the responsibility of the owner/operator of the facilities.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 1014. Violations.

Each day's violation of any provision of this title shall constitute a separate offense.

*(Ord. No. 22189, § 1, 1-14-2010)*

## CHAPTER 11. EXCAVATION PERMIT

Section 1100. Permit required.
Section 1101. Application.
Section 1102. Fee.
Section 1103. Consent of property owners.
Section 1104. Expiration and renewal.

### Section 1100. Permit required.

No person shall make an excavation in any part of public property or in any public utility reserve for the purpose of laying, removing, installing, or maintaining a pipeline without first having obtained a right-of-way construction permit from the City to do so.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 1101. Application.

An applicant for the permit required by the provisions of this chapter shall file a plan with the Public Works Director showing in detail the size of the pipeline, the depth and width and the exact location of the excavation or pipeline with particular reference to all structures or lines of the City or any public utility company, sidewalk, pavement, or other public improvement.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 1102. Fee.

Every applicant for a permit required by the provisions of this chapter shall pay to the City Treasurer the fee established in Title 11 TRO, Chapter 12.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 1103. Consent of property owners.

Where a pipeline is laid in any public utility reserve, the applicant for a pipeline permit shall first obtain written permission or consent from all owners of property through and over which the public utility reserve runs before applying for a permit under the provisions of this chapter.

*(Ord. No. 22189, § 1, 1-14-2010)*

### Section 1104. Expiration and renewal.

**A.** A permit issued pursuant to the provisions of this chapter shall expire on the permit end date or one (1) year from its date of issuance, whichever is sooner, and shall be renewed upon payment to the City of the fee established in Title 11 TRO, Chapter 12.

**B.** Any permit may be revoked for failure to comply with the requirements set out in 11 TRO, Chapter 12.

*(Ord. No. 22189, § 1, 1-14-2010)*

## CHAPTER 12. COMMERCIAL DISTRIBUTION SYSTEMS FOR GAS

Section 1200. Franchise or permit required.

### Section 1200. Franchise or permit required.

No person shall erect, lay, maintain, or operate any pipelines, meters, valves, gauges, pumps, appliances, and equipment used, or which are to be used, in the sale or distribution of natural or artificial gas to consumers in this City and its environs and maintained or operated in, under, or upon any of the streets, alleys, or public places, or assist or participate therein, without a franchise or permits, as required by all applicable City ordinances.

*(Ord. No. 22189, § 1, 1-14-2010)*

Section 121. Posting of sales tax permit.

### Section 100. Sales tax levied.

*Text operative through September 30, 2011*

There is hereby levied, pursuant to 68 O.S. § 2701.A., an excise tax of three percent (3%) of the gross proceeds or gross receipts derived from all sales taxable under the sales tax code of Oklahoma, including any and all amendments thereto and revisions thereof, and additionally upon the sale of natural or artificial gas and electricity when sold exclusively for residential use as authorized by 68 O.S. § 1357(8).

For text operative on and after October 1, 2011, see Section 100, post.

### Section 100. Sales tax levied.

*Text operative on and after October 1, 2011*

There is hereby levied, pursuant to 68 O.S. § 2701.A., an excise tax of three and two-twelfths percent (3$^{2}/_{12}$%) of the gross proceeds or gross receipts derived from all sales

taxable under the sales tax code of Oklahoma, including any and all amendments thereto and revisions thereof, and additionally upon the sale of natural or artificial gas and electricity when sold exclusively for residential use as authorized by 68 O.S. § 1357(8).

For text operative on and after July 1, 2014, see Section 100, post.

### Section 100. Sales tax levied.

*Text operative on and after July 1, 2014*

There is hereby levied, pursuant to 68 O.S. § 2701.A., an excise tax of two percent (2%) of the gross proceeds or gross receipts derived from all sales taxable under the sales tax code of Oklahoma, including any and all amendments thereto and revisions thereof, and additionally upon the sale of natural or artificial gas and electricity when sold exclusively for residential use as authorized by 68 O.S. § 1357(8).

*(Ord. Nos. 10679, 12147, 14845, 16290, 17400, 18594, 20043, 21220, 21600, 21879)*

### Section 100. Sales tax levied.

*Text operative on and after July 1, 2014*

There is hereby levied, pursuant to 68 O.S. § 2701.A., an extended temporary excise tax, also known as a sales tax, of one and one-tenth percent (1.1%) in addition to the currently existing permanent excise tax of two percent (2%) of the gross proceeds or gross receipts derived from all sales taxable under the sales tax code of Oklahoma, including any and all amendments thereto and revisions thereof, and additionally upon the sale of natural or artificial gas and electricity when sold exclusively for residential use as authorized by 68 O.S. § 1357(8). The said temporary one and one-tenth percent (1.1%) sales tax shall remain in effect until the end of the next available calendar quarter as soon as the full amount of Five Hundred Sixty-Three Million Seven Hundred Thousand Dollars ($563,700,000.00) shall have been collected, but in no event later than seven (7) years, that is, June 30, 2021, at which time the said extended temporary one and one-tenth percent (1.1%) sales tax shall expire, and the permanent two percent (2%) sales tax shall be left unchanged.

The Mayor or his/her designee shall give notice to the Oklahoma Tax Commission, as provided by law, to reduce the sales tax levied pursuant to this chapter from three and one-tenth percent (3.1%) to two percent (2%) at the end of the next available calendar quarter as soon as Five Hundred Sixty-Three Million Seven Hundred Thousand Dollars ($563,700,000.00) is collected from the funds raised from the incremental increase of the tax levy from two percent (2%) to three and one-tenth percent (3.1%) or after seven (7) years, that is, June 30, 2021, whichever is earlier; provided, the Mayor or his/her designee may give notice to the Oklahoma Tax Commission upon a reasonable estimate that collections shall meet or exceed Five Hundred Sixty-Three Million Seven Hundred Thousand Dollars ($563,700,000.00) during the then-current calendar quarter.

*(Ord. No. 22921, § 1, 8-22-2013; Ord. No. 23067, § 1, 3-13-2014)*

### Section 100.1. Limited-Purpose, Public Safety Permanent Sales Tax Levied.

*Text operative on and after January 1, 2017*

There is hereby levied, pursuant to Title 68 Oklahoma Statutes, Section 2701, a permanent excise tax, also known as a sales tax, of sixteen one-hundredths of one percent (.16%) for the

limited purpose of supporting public safety functions in the City of Tulsa. The said sales tax shall be in addition to the currently existing permanent sales tax of two percent (2%), and the current temporary sales tax of one and one-tenth percent (1.1%), set forth in Section 100 of this Title and approved by the voters on November 12, 2013. The said sixteen one-hundredths of one percent (.16%) permanent sales tax shall commence on January 1, 2017 and shall continue until July 1, 2021, on which date it shall increase to a twenty-six one-hundredths of one percent (.26%) permanent sales tax. The said tax shall be a limited-purpose tax; any and all revenue derived from it shall be deposited into a limited-purpose fund created by the City of Tulsa. All revenue derived from the said tax shall be expended by the governing body of the City of Tulsa for the purpose of funding public safety; specifically, for Police, Fire and 911 operations, rolling stock, maintenance, equipment and supplies, as further set forth in detail in Title 43-1 of Tulsa Revised Ordinances, "2017 Limited-Purpose, Public Safety Permanent Sales Tax Policy". No revenue derived from said tax shall ever be used for any purpose other than public safety.

*(Ord. No. 23420, § 1, 1-28-2016, Elec. of 4-5-2016)*

### Section 100.2. Limited-Purpose, Street Maintenance and Public Transportation Permanent Sales Tax Levied.

*Text operative on and after January 1, 2017*

There is hereby levied, pursuant to Title 68 Oklahoma Statutes, Section 2701, a limited-purpose permanent excise tax, also known as a sales tax, of eighty-five thousandths of one percent (.085%) for the purpose of supporting the construction, operations and maintenance of streets, traffic and public transportation systems in the City of Tulsa and paying debt service on indebtedness issued for such purposes. The said sales tax shall be in addition to the currently existing permanent sales tax of two percent (2%) and the current temporary sales tax of one and one-tenth percent (1.1%), set forth in Section 100 of this Title and approved by the voters on November 12, 2013. The said eighty-five thousandths of one percent (.085%) permanent sales tax shall commence on January 1, 2017. The said tax shall be a limited-purpose tax; any and all revenue derived from it shall be deposited into a limited-purpose fund created by the City of Tulsa. All revenue derived from the said tax shall be expended by the governing body of the City of Tulsa for the purpose of maintaining and supporting public streets, traffic and public transportation systems; that is, funding capital projects, operations, salaries and maintenance, and purchasing rolling stock, fuel, materials and supplies and paying debt service on indebtedness issued for such purposes, as set forth in detail in Title 43-J of Tulsa Revised Ordinances, "2017 Limited-Purpose Street Maintenance and Public Transportation Permanent Sales Tax Policy". No revenue derived from said tax shall ever be used for any purpose other than public street maintenance and public transportation systems.

*(Ord. No. 23421, § 1, 1-28-2016, Elec. of 4-5-2016)*

### Section 100.3. Limited Purpose Economic Development Temporary Sales Tax Levied.

*Text operative on and after January 1, 2017*

There is hereby levied, pursuant to Title 68 Oklahoma Statutes 2701, a limited-purpose temporary excise tax, also known as a sales tax, of three hundred five thousandths of one

percent (.305%) beginning January 1, 2017, increasing to eight hundred five thousandths of one percent (.805%) on July 1, 2021, then decreasing to three hundred five thousandths of one percent (.305%) on July 1, 2025 and continuing until December 31, 2031, on which date it shall expire, for the purpose of acquiring, constructing, equipping, furnishing, operating and maintaining economic development projects in the City of Tulsa, including Arkansas River development. The said sales tax shall be in addition to the currently existing permanent sales tax of two percent (2%) and the temporary sales tax of one and one-tenth percent (1.1%), set forth in Section 100 of this Title and approved by the voters on November 12, 2013. The said tax shall be a limited-purpose tax; any and all revenue derived from it shall be deposited into a limited-purpose fund created by the City of Tulsa. All revenue derived from the said tax shall be expended by the governing body of the City of Tulsa for the purpose of encouraging economic development projects in the City, including Arkansas River development, and for paying debt service on indebtedness issued for such purposes, as set forth in detail in Title 43-K of Tulsa Revised Ordinances, "2017 Limited-Purpose Economic Development Temporary Sales Tax Policy". No revenue derived from said tax shall ever be used for any purpose other than economic development.

*(Ord. No. 23422, § 1, 1-28-2016, Elec. of 4-5-2016)*

### Section 100.4. 2021 Limited-Purpose, Economic Stabilization Reserve ("Rainy Day Fund") Permanent Sales Tax Levied.

*Text operative on and after July 1, 2021, or upon collection of $563,700,000.00 pursuant to the 2014 Extended 1.1% Sales Tax, whichever occurs first.*

"There is hereby levied, pursuant to Title 68 Oklahoma Statutes, Section 2701, a permanent excise tax, also known as a sales tax, of five one-hundredths of one percent (.05%) for the limited purpose of supporting the Economic Stabilization Reserve (the "Rainy Day Fund") in the City of Tulsa. The said sales tax shall be in addition to any currently existing City of Tulsa sales tax. The said five one-hundredths of one percent (.05%) permanent sales tax shall commence on July 1, 2021, or upon collection of $563,700,000.00 pursuant to the 2014 Extended 1.1% Sales Tax, whichever occurs first. The said tax shall be a limited-purpose tax; any and all revenue derived from it shall be deposited into a limited-purpose fund created by the City of Tulsa. All revenue derived from the said tax shall be expended by the governing body of the City of Tulsa for the purpose of funding the Economic Stabilization Reserve.

"Any amounts collected that would cause total monies in the Economic Stabilization Reserve to exceed thirty percent (30%) of actual total General Fund revenues will be allocated to the General Fund Emergency Operating Reserve. Any amounts collected that would cause total monies in the General Fund Emergency Operating Reserve to exceed ten percent (10%) of the total General Fund budget will be allocated to the General Fund, for maintenance and operation of municipal infrastructure, facilities, and equipment.

"The Economic Stabilization Reserve shall be administered and utilized as provided in Article 2 Tulsa City Charter, Sections 7.4 through 7.9, as amended from time to time."

*(Ord. No. 24178, § 1, 8-7-19, Elec. of 11-12-19)*

### Section 100.5. 2023 Temporary Sales Tax Levied.

There is hereby levied, pursuant to Title 68 Oklahoma Statutes, Section 2701, a limited purpose temporary excise tax, also known as a sales tax, of ninety-five one-hundredths of

one percent (.95%) for the purpose of funding projects of the City of Tulsa and paying debt service on indebtedness issued for such purposes. This sales tax shall be in addition to the currently existing permanent sales tax. The said ninety-five one-hundredths of one percent (.95%) temporary sales tax shall commence upon the expiration of the 2021 Miscellaneous Capital Improvements Temporary Sales Tax (Title 43-L TRO), namely, December 31, 2025, or when One Hundred Ninety-Three Million Dollars and No Cents ($193,000,000.00) has been collected, whichever occurs first.

This tax shall be a limited-purpose tax; any and all revenue derived from it shall be deposited into a limited-purpose fund created by the City of Tulsa. All revenue derived from the said tax shall be expended by the governing body of the City of Tulsa for the funding of projects and paying debt service on indebtedness issued for such purposes, as set forth in detail in Title 43-M TRO, "2023 Temporary Sales Tax Policy (Ordinance No. 25042)". This tax shall terminate on June 30, 2030.

*(Ord. No. 25041, § 1, 5-24-2023, election of 8-8-2023)*

**Section 101. Adoption of state exemptions except sale of residential gas and electricity.**

There is hereby specifically exempted from the tax levied pursuant to the provisions of this chapter the gross receipts or gross proceeds exempted by the sales tax code of Oklahoma, including any and all amendments to and revisions thereof; provided however, that the gross receipts or gross proceeds derived from the sale of natural or artificial gas and electricity sold exclusively for residential use shall NOT be exempt from the tax levied herein.

*(Ord. Nos. 10679, 10722)*

**Section 102. Tax due when, returns, records.**

The tax levied hereunder shall be due and payable at the time and in the manner and form prescribed for payment of the state sales tax under the sales tax law of the state of Oklahoma.

*(Ord. No. 10679)*

**Section 103. Bracket system guidelines.**

The bracket system guidelines established by the Oklahoma Tax Commission, including the revisions of same, are hereby adopted for the convenience of vendors in the City of Tulsa for collecting both the state sales tax and the city sales tax. Such bracket system guidelines shall be interpreted so as not to be inconsistent with the purposes provided in 68 O.S.Supp.1996, § 1362, in respect to the state of Oklahoma sales tax code.

The use of the bracket system guidelines does not relieve the vendor from the duty and liability to remit to the tax collector an amount equal to the applicable percentage of the gross receipts or gross proceeds (less discounts allowed by law and ordinance) derived from all sales during the taxable period.

*(Ord. Nos. 10679, 12147, 14845, 16290)*

### Section 104. Tax constitutes debt.

Such taxes, penalty and interest hereunder shall at all times constitute a prior, superior and paramount claim as against the claims of unsecured creditors and may be collected by suit as any other debt.

*(Ord. No. 10679)*

### Section 105. Vendor's duty to collect and remit tax.

**A.** The tax levied hereunder shall be paid by the consumer or user to the vendor, and it shall be the duty of each and every vendor in this City to collect from the consumer or user the full amount of the tax levied by this chapter or an amount equal as nearly as possible or practicable to the average equivalent thereof. Every person required to collect any tax imposed by this chapter, and in the case of a corporation, each principal officer thereof, shall be personally liable for such tax.

**B.** Vendors shall add the tax imposed hereunder, or the average equivalent thereof, to the sales price or charge and, when added, such tax shall constitute a part of such price or charge, shall be a debt from the consumer or user to vendor until paid and shall be recoverable at law in the same manner as other debts.

**C.** A vendor, as defined herein, who willfully or intentionally fails, neglects or refuses to collect the full amount of the tax levied by this chapter, or willfully or intentionally fails, neglects or refuses to comply with the provisions of this chapter, or remits or rebates to a consumer or user, either directly or indirectly, and by whatsoever means, all or any part of the tax herein levied, or makes in any form of advertising, verbally or otherwise, any statement which infers that he is absorbing the tax or paying the tax for the consumer or user by an adjustment of prices or at a price including the tax, or in any manner whatsoever, shall be deemed guilty of an offense and, upon conviction thereof, shall be punished by a fine of not more than Five Hundred Dollars ($500.00), excluding costs, fees, and assessments, and/or by imprisonment in the City jail for a period of not more than sixty (60) days. Each day a violation exists shall constitute a separate violation.

**D.** Any sum or sums collected or required to be collected in accordance with the provisions of this title shall be deemed to be held in trust for the City of Tulsa, Oklahoma. Any person, firm, corporation, joint venture or association that willfully or intentionally fails, neglects or refuses to remit the tax, after the tax levied by this chapter was collected, shall be guilty of a misdemeanor offense and, upon conviction thereof, shall be punished by a fine of not more than Five Hundred Dollars ($500.00), excluding costs, fees, and assessments, and/or by imprisonment in the City jail for a period of not more than sixty (60) days. Each day a violation exists shall constitute a separate violation.

**E.** It shall be unlawful for any of the following vendors to engage in or transact a business of reselling tangible personal property or services within the City of Tulsa, unless a written sales tax permit has been issued to him. This subsection shall apply to:

**1.** Any vendor who is regularly and continuously engaged in a business at an established place of business and makes sales subject to the Oklahoma sales tax code;

**2.** Any vendor who is engaged in a business in the City of Tulsa and makes sales incidental to such business which are subject to the Oklahoma sales tax code;

3. Any vendor who is a transient person, firm or corporation and makes seasonal sales, or in any manner becomes subject to the Oklahoma sales tax code; and
4. Any vendor, either within or without this state, who makes sales, subject to the Oklahoma sales tax code, through peddlers, solicitors or other salesmen who do not have established places of business in the City of Tulsa.

Any person who engages in a business subject to the provisions of this section without a permit or permits, or after a permit has been suspended, shall be guilty of a misdemeanor offense and, upon conviction thereof, shall be punished by a fine of not more than Five Hundred Dollars ($500.00), excluding costs, and upon conviction for a second or subsequent violation hereof, shall be punished by a fine of not more than Five Hundred Dollars ($500.00), excluding costs, fees, and assessments, and/or by imprisonment in the City jail for a period of not more than sixty (60) days. Each day a violation exists shall constitute a separate violation.

*(Ord. Nos. 10679, 13931, 16688; Ord. No. 22773, § 1, 10-4-2012)*

**Section 106. Returns and remittances, discounts.**

Returns and remittances of the tax herein levied and collected shall be made to the tax collector at the time and in the manner, form and amount as prescribed for returns and remittances required by the state sales tax code; and remittances of tax collected hereunder shall be subject to the same discount as may be allowed by such code for collection of state sales taxes.

*(Ord. No. 10679)*

**Section 107. Interest and penalties, delinquency.**

Title 68 O.S.Supp.1996, § 217, is hereby adopted and made a part of this chapter, and interest and penalties at the rates and in the amounts specified therein are hereby levied and shall be applicable in cases of delinquency in reporting and paying the tax levied by this chapter; provided, however, that the failure or refusal of any taxpayer to make and transmit the reports and remittances of tax in the time and manner required by this chapter shall cause such tax to be delinquent. In addition, if such delinquency continues for a period of five (5) days, the taxpayer shall forfeit his claim to any discount allowed under this chapter.

*(Ord. No. 10679)*

**Section 108. Waiver of interest and penalties.**

The interest or penalty or any portion thereof accruing by reason of a taxpayer's failure to pay the city tax herein levied may be waived or remitted in the same manner as provided for such waiver or remission as applied in administration of the state sales tax provided in 68 O.S.Supp.1996, § 220; and to accomplish the purposes of this section, the applicable provisions of § 220 are hereby adopted by reference and made a part of this chapter.

*(Ord. No. 10679)*

**Section 109. Erroneous payments, claim for refund.**

Refund of erroneous payment of the city sales tax herein levied may be made to any taxpayer making such erroneous payment in the same manner and procedure, and under

the same limitations of time, as provided for administration of the state sales tax as set forth in 68 O.S. Supp. 1996, § 227, and to accomplish the purposes of this section, the applicable provisions of § 227 are hereby adopted by reference and made a part of this chapter.

*(Ord. No. 10679)*

**Section 110. Filing of sales tax returns.**

In addition to all the civil penalties provided by this chapter, the willful failure or refusal of any taxpayer to make reports or remittances herein required, or the making of any false or fraudulent report for the purpose of avoiding or escaping payment of any tax or portion thereof rightfully due under this chapter, shall be a misdemeanor offense and, upon conviction thereof, the offending taxpayer shall be punished by a fine of not more than Twelve Hundred Dollars ($1,200.00), excluding costs, fees, and assessments, and/or by imprisonment in the City jail not to exceed a period of ninety (90) days.

*(Ord. Nos. 10679, 16437, 16753; Ord. No. 22773, § 1, 10-4-2012)*

**Section 111. Records confidential.**

The confidential and privileged nature of the records and files concerning the administration of the city sales tax is legislatively recognized and declared; and to protect the same, the provisions of 68 O.S.Supp.1996, § 205, of the state uniform tax procedure and each subsection thereof, is hereby adopted by reference and made fully effective and applicable to administration of the city sales tax as if here set forth in full.

*(Ord. No. 10679)*

**Section 112. Amendments.**

The people of the City of Tulsa, Oklahoma, by their approval of this chapter at the election hereinafter provided, hereby authorize the City of Tulsa, by ordinances duly enacted, to make such administrative and technical changes or additions in the method and manner of administration and enforcing this chapter as may be necessary or proper for efficiency and fairness, except that the rate of the tax herein provided shall not be charged without approval of the qualified electors of the City as provided by law.

*(Ord. No. 10679)*

**Section 113. Provisions cumulative.**

The provisions hereof shall be cumulative and in addition to any and all other taxing provisions of the revised ordinances of the City of Tulsa.

*(Ord. No. 10679)*

**Section 114. Definitions.**

The definitions of words, terms and phrases contained in the Oklahoma sales tax code, 68 O.S.Supp.1996, § 1352, are hereby adopted by reference and made a part of this chapter.

*(Ord. No. 10679)*

### Section 115. Tax collector defined.

The term "Tax Collector" as used herein means the department of the City government or the official agency of the state, duly designated according to law or contract authorized by law, to administer the collection of the tax herein levied.

*(Ord. No. 10679)*

### Section 116. Classification of taxpayers.

For the purpose of this chapter, the classification of taxpayers hereunder shall be as prescribed by state law for purposes of the Oklahoma sales tax code.

*(Ord. No. 10679)*

### Section 117. Subsisting state permits.

All valid and subsisting permits to do business issued by the Oklahoma Tax Commission pursuant to the Oklahoma sales tax code are, for the purpose of this chapter, hereby ratified, confirmed and adopted in lieu of any requirement for an additional City permit for the same purpose.

### Section 118. Purposes of revenue.

*Text operative through June 30, 2014*

It is hereby declared to be the purpose of this chapter to provide revenues for the support of the functions of the municipal government of the City of Tulsa; any and all revenue in excess of the first two percent (2%) excise tax shall be expended by the governing body of the City of Tulsa for the purposes of making capital improvements to and paying the costs and expenses of operation and maintenance relating to the repair, construction and reconstruction of streets, bridges and related infrastructure of the City; making other capital improvements of the City as hereinafter defined; and for the purpose of reducing indebtedness of the trust authorities for which the City is beneficiary made for such purposes; and any and all other revenues derived hereunder may be expended by the governing body of the City of Tulsa, Oklahoma, for any purpose for which funds may be lawfully expended as authorized by the Charter of the City of Tulsa and the statutes of the state of Oklahoma.

The term "capital improvements" as used herein is defined to comprehend all items and articles not consumed with use, but only diminished in value with prolonged use, including, but not limited to, the purchase, lease or rental of machinery, equipment, traffic control devices and street lighting systems, furniture and fixtures; the acquisition of all real properties; the construction, reconstruction and repair of buildings, appurtenances and improvements to real property; the construction, reconstruction and repair of roads and highways and/or streets and alleys, including the acquisition of rights-of-way and other real property necessary for such construction; and the construction, reconstruction and repair of water lines, sanitary and storm sewers and related facilities, including the acquisition of rights-of-way and other real property necessary for such construction.

For text operative on and after July 1, 2014, see Section 118, post.

### Section 118. Purposes of revenue.

*Text operative on and after July 1, 2014*

It is hereby declared to be the purpose of this chapter to provide revenues for the support of the functions of the municipal government of the City of Tulsa; any and all revenue derived from the extended temporary one and one-tenth percent (1.1%) sales tax levied by Section 100, above, in excess of the permanent two percent (2%) sales tax, shall be expended by the governing body of the City of Tulsa for the purpose of making capital improvements to and paying the costs and expenses of operation and maintenance relating to the repair, construction and reconstruction of streets, bridges and other infrastructure of the City; and making other capital improvements of the City as hereinafter defined and as set forth in detail in Title 43-H of Tulsa Revised Ordinances, "2014 Sales Tax Policy".

The term "capital improvements" as used herein is defined to comprehend all items and articles not consumed with use, but only diminished in value with prolonged use, including, but not limited to, the purchase, lease or rental of machinery, equipment, traffic control devices and street lighting systems, furniture and fixtures; the acquisition of all real properties; the construction, reconstruction and repair of buildings, appurtenances and improvements to real property; the construction, reconstruction and repair of roads, highways, bridges and/or streets and alleys, including the acquisition of rights-of-way and other real property necessary for such construction; and the construction, reconstruction and repair of water lines, sanitary and storm sewers and related facilities, including the acquisition of rights-of-way and other real property necessary for such construction.

*(Ord. No. 22921, § 2, 8-22-2013)*

**Section 118. Purposes of revenue.**

*Text operative on and after July 1, 2021*

It is hereby declared to be the purpose of this chapter to provide revenues for the support of the functions of the municipal government of the City of Tulsa, Oklahoma; therefore, any and all revenues derived hereunder may be expended by the governing body of the City of Tulsa, Oklahoma, for any purpose for which funds may be lawfully expended as authorized by the Charter of the City of Tulsa, and the statutes of the state of Oklahoma.

*(Ord. Nos. 10679, 12147, 14845, 16060, 16290, 17400, 18594, 20043, 21220, 21600, 21879)*

**Section 119. Rebate.**

Repealed by Ord. No. 16290.

**Editor's note—**See Title 22, Chapter 3, Section 301, for rebate provisions. Ord. No. 21913.

**Section 120. Reserved.**

**Editor's note—**Ord. No. 22921, § 3, adopted August 22, 2013, repealed § 120, which pertained to termination date. See also the Code Comparative Table and Disposition List.

**Section 121. Posting of sales tax permit.**

The following provisions shall apply to any vendor required by the state of Oklahoma to obtain a sales tax permit:

**A.** If the vendor maintains a location open to the public for the sale of items or services, as listed in Section 100 hereof, the vendor shall post the permit or a legible copy of the permit within plain site of each public entrance to the vendor's premises.

**B.** If sales are transacted from a mobile location, including but not limited to a vehicle, a trailer or other place from which the vendor conducts business, the vendor shall post the sales tax permit, or a legible copy thereof, conspicuously upon such mobile location.

**C.** For all other sales transacted within the City, a legible copy of the vendor's sales tax permit shall be furnished each employee or contractor entitled to present invoices or collect monies from customers, to be presented upon request as part of the invoicing or collection process.

**D.** Any person who violates any of the provisions of this section shall be guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine of not more than Five Hundred Dollars ($500.00), excluding costs, and upon conviction for a second or subsequent violation hereof, shall be punished by a fine of not more than Five Hundred Dollars ($500.00), excluding costs, and/or by incarceration in the City jail for a period of not more than sixty (60) days; provided, however, that any person producing proof to the court within two (2) business days after the violation that a current sales tax permit, which has been issued by the Oklahoma Tax Commission, was in force at the time of the alleged offense shall be entitled to dismissal of such charge upon payment of court costs.

*(Ord. Nos. 21460, 21532)*

# TITLE 43-A 1980 SALES TAX EXPENDITURE POLICY

## Chapter 1. 1980 Sales Tax Expenditure Policy

**[THIS PAGE INTENTIONALLY LEFT BLANK]**

## CHAPTER 1. 1980 SALES TAX EXPENDITURE POLICY

Section 100. Declaration of policy.
Section 101. Overview Committee.
Section 102. Special revenue fund established.
Section 103. Procedure to amend or repeal this chapter.

### Section 100. Declaration of policy.

**A.** The governing body of the City of Tulsa hereby officially and solemnly pledges to the citizens of Tulsa:

**1.** That ALL funds received by the City from the temporary sales tax increase to be voted upon October 7, 1980, will be spent ONLY for those projects and purposes set forth herein;

**2.** That NONE of such funds shall ever be spent for any other purpose;

**3.** That every officer and employee of the City is hereby ordered to give FIRST priority to the completion of the projects set forth at the earliest possible date;

**4.** That any attempt to divert any of such funds to other purposes or projects, or any failure to give first priority to the completion of such projects shall constitute a breach of the official City policy herein established and shall be a violation of the terms, spirit and purpose of this chapter; and shall constitute sufficient grounds for the removal of such officer or employee from his office or position;

**5.** That a special revenue fund shall be created to which all of the money received from the temporary tax will be appropriated and deposited on a monthly basis as soon as received by the City; that all expenditures for the projects and purposes herein enumerated shall be made from such special revenue fund; that an accurate record of the status of such fund shall be maintained by the Mayor or his designee and shall be available for inspection by any person during regular office hours.

**B. Specific projects and purposes.** The only projects and purposes for which expenditures of proceeds from the temporary increase in sales tax may lawfully be made are as follows:

**C. Cost estimates - maintenance expenditures.** While the cost estimate shown above are believed to be accurate, it must be recognized that the exact cost of each project may vary from the estimate shown.

It is the intention of the City of Tulsa and is the official City policy herein established that all such projects shall be completed as funds are made available. To ensure such result, that portion of the funds designated for maintenance of existing capital improvements and facilities shall also be regarded as a reserve for cost overruns and

not more than Two Million Dollars ($2,000,000.00) per year may be expended for such maintenance until it shall become apparent that sufficient funds will be generated to complete all of the above projects. Excess funds, if any, shall be:

1. Spent on maintenance of capital improvements and facilities; or
2. Transferred to a special revenue fund created pursuant to a temporary sales tax increase and monitored by a Sales Tax Overview Committee for projects which have not been completed.

In addition to providing financing for the projects and purposes set forth in Subsection B of this section, funds generated from the temporary increased sales tax may be expended for maintenance of capital improvements and facilities or to repay indebtedness expended for any of such projects or purposes.

*(Ord. Nos. 16128, 19856)*

**Section 101. Overview Committee.**

**A.** Until the sales tax revenues so designated have been fully expended for the projects and purposes set forth in this title, the Sales Tax Overview Committee created in Title 43-C, Section 101, Tulsa Revised Ordinances, shall oversee such sales tax expenditures and shall regularly report to the City Council as fully set out in Title 43-C, Section 101.

**B. Term.** The Committee shall exist and the above members shall serve throughout the five (5)-year period of the sales tax increase and thereafter until all funds generated by such sales tax increase and the proceeds from the bond issue approved by the voters of the City, at the special election held in the City on May 24, 1983, have been expended. The Committee shall be a citizens' committee whose members are not officers of the City, as terms for officers of the City are limited to one (1) year. They shall continue to serve, except upon death or resignation, without regard to changes of City administrations, it being the intent to ensure the continued existence of a well-informed group of citizens to review and report upon the expenditures of the sales tax revenues and funds derived from the bond issue approved by the voters of the City at the special election held in the City on May 24, 1983. They shall serve without compensation. Upon the death or resignation of any member of the Committee, the Chairman of the Committee shall appoint a nominating committee of five (5) members from its members to nominate a replacement for the deceased or resigned member. At the next meeting of the Committee, the nomination committee shall report its nomination for the deceased or resigned member. The Committee shall then nominate a replacement at such meeting by a majority vote of its members present and voting thereon. The nomination of such replacement shall be presented to the Council at its next available meeting after nomination by the Committee, and all of such nominations shall be subject to confirmation by a majority vote of the Council. In the event any such nomination by the Committee shall fail confirmation by the Council, it shall be the duty of the Committee to submit another nomination to the Council in the same manner as above provided and to continue to so submit other nominations until one shall be ratified and confirmed by the Council.

**C. Elected officials, municipal personnel and agencies to assist.** The facilities, personnel, elected officials and agencies of the municipal government are hereby directed to be available and to cooperate with the Committee to accomplish the

objectives and purposes herein set forth. Copies of City reports and records pertinent to the receipts and expenditures of the proceeds of the sales tax increase shall be made available to the Committee upon request.

**D. Report of Overview Committee.** On the first Tuesday of each month beginning with the month of February, 1981, the Chairman or other member designated by the Committee shall attend the regular meeting of the Council of the City of Tulsa and make any report, comment or recommendation which the Committee deems to be warranted. A time for the presentation of such report shall be reserved on the agenda for the Council's first meeting of every month beginning February, 1981, until the sales tax revenues have been fully expended for the projects and purposes set forth in this chapter.

*(Ord. Nos. 15789, 17455)*

### Section 102. Special revenue fund established.

There is hereby established a special revenue fund which shall be known as the Special Five-Year Sales Tax Capital Fund.

All officers and employees of the City of Tulsa are hereby ordered to take all necessary action to cause the funds generated by the special five-year sales tax program, including interest received from the investment thereof, to be deposited in the special revenue fund as soon as received by the City of Tulsa.

None of the monies in the special revenue fund shall ever be encumbered or expended for any purpose other than those purposes set forth in this chapter. Any violation of this provision will subject the persons violating this mandate to removal from their respective offices or positions.

The City Treasurer of the City shall take whatever action is necessary to ensure the timely investment of all monies within the special revenue fund and to ensure that all such funds shall always be readily available for immediate expenditure for the projects and purposes set forth in this chapter.

The Mayor, Council and all officers and employees of the City having budgetary duties and responsibilities shall take all necessary and timely action to cause the necessary appropriation of the increased sales tax monies to the Special Five-Year Sales Tax Capital Fund, to the end that the records and data shall always be readily available, and the funds will be encumbered and expended only for the projects and purposes set forth in this chapter.

*(Ord. No. 16128)*

### Section 103. Procedure to amend or repeal this chapter.

**A. Mandatory duty of Secretary of Council.** The City of Tulsa, having made a solemn pledge to the citizens of Tulsa regarding the expenditures of the revenue from the increased sales tax, and having enacted the provisions in this chapter to establish the official City policy with regard to such revenue, hereby pledges that this chapter shall remain in force during the entire period of collection and expenditure of the revenues generated by the special five-year tax for the projects and purposes herein enumerated.

Any attempt to amend or repeal this chapter can lawfully occur only by placing such proposal on the official agenda of the City Council, which agenda is prepared by the Secretary of the Council ("Secretary").

In the event a request is ever made by any party to place the issue of the amendment or repeal of this chapter on any agenda of the City Council, the Secretary of the Council is hereby specifically prohibited from placing such issue on any such agenda until full compliance with the following requirements have been made.

**1.** The Secretary shall forthwith (within twenty-four [24] hours) notify all major newspapers, all televisions stations and all radio stations then located within the City of Tulsa of the request for amendment or repeal of this chapter.

**2.** The Secretary shall forthwith notify the general public of such request by a press conference officially called by the Secretary and held at the City Hall, to which all of the above-named newspapers, radio and television stations shall be invited.

**3.** The Secretary shall forthwith cause a public notice to be given in the Tulsa Daily World, Tulsa Tribune and The Oklahoma Eagle, specifically setting forth fully the nature, purpose and extent of the request and the date the matter will first be placed on the agenda for public hearing before the City Council, which date shall be a date more than fifteen (15) days from the date of first publication of such notice. The notice shall be published once a week for two (2) consecutive weeks.

**4.** The Secretary shall, upon performance of all of the above acts, execute and deliver to the Council of the City of Tulsa written certification as to the time and manner of the performance of the foregoing duties herein assigned, which certification shall be filed as a part of the permanent records of the City in the office of the City Clerk, and be available for inspection or copying at all reasonable times.

**B. Procedure before Council.** No official action shall be taken by the Council of the City of Tulsa upon any request to amend or repeal this chapter until following acts and procedures have been complied with:

**1.** The Council shall have examined the written certification of the Secretary concerning the acts required to be performed by Subsection A above, and shall have satisfied itself that all such acts have been duly and timely performed.

**2.** The Council shall have held at least two (2) public hearings on the proposal (one of which shall be held at night), which hearings shall be at least seven (7) days apart, and the first of which shall have been more than fifteen (15) days from the date of first publication of the notice given by the Secretary setting forth the nature of the request to amend or repeal this chapter as above provided.

*(Ord. No. 14857)*

# TITLE 43-B 1985 SALES TAX EXPENDITURE POLICY

## Chapter 1. 1985 Sales Tax Expenditure Policy

**[THIS PAGE INTENTIONALLY LEFT BLANK]**

## CHAPTER 1. 1985 SALES TAX EXPENDITURE POLICY

Section 100. Declaration of official policy of City and pledges to the citizens.
Section 101. Overview Committee.
Section 102. Establishment of Special Five-Year Extended Sales Tax Capital Fund for revenue from the extended sales tax.
Section 103. Procedure to amend or repeal this chapter.

### Section 100. Declaration of official policy of City and pledges to the citizens.

**A.** The City of Tulsa hereby officially and solemnly pledges to the citizens of Tulsa:

**1.** That ALL funds received by the City from the extension of the temporary sales tax levy of one percent (1%) for the period of time from and including the 31st day of December, 1985, to and including the 30th day of April, 1991, to be voted upon April 9, 1985, will be spent ONLY for those projects and purposes set forth herein;

**2.** That NONE of such funds shall ever be spent for any other purpose;

**3.** That every officer and employee of the City is hereby ordered to give HIGH priority to the completion of such projects at the earliest possible date;

**4.** That any attempt to divert any of such funds to other purposes or projects or any failure to give high priority to the completion of such projects shall constitute a breach of the official City policy herein established, shall be a violation of the terms, spirit and purpose of this chapter, and shall constitute sufficient grounds for the removal of such officer or employee from his office or position;

**5.** That a Special Five-Year Extended Sales Tax Capital Fund will be created to which all of the money received from such extension of the temporary sales tax will be appropriated and deposited on a monthly basis as soon as received by the City; that all expenditures for the projects and purposes herein enumerated shall be made from such Special Five-Year Extended Sales Tax Capital Fund; that an accurate record of the status of such fund shall be maintained by the Mayor or his designee and shall be available for inspection by any person during office hours.

**6.** 1985 Sales Tax Economic Development Fund. Notwithstanding the provisions in paragraph 100.A.5 herein, there is hereby created a 1985 Sales Tax Economic Development Fund from which all monies, including interest earnings, may be appropriated by the City Council only for projects meeting all of the following criteria:

**a.** The project must be physical in nature;

**b.** The project must be for a public purpose;

**c.** The project must conform to the City's Comprehensive Plan;

**d.** The project will encourage private investment in areas where existing City service systems are not being used to capacity according to measurable objective service level standards;

**e.** The project must be located, at least in part, in the area defined by those census tracts which lost more than five percent (5%) residential population between the years 1980 and 1990 as reported in the United States Census for those years; and

**f.** The project must be located, at least in part, in the area defined by those census tracts which cumulatively:

(1) Contain twenty percent (20%) of the City's population, and

(2) Have the lowest median family income in the City as reported by the most recent United States Decennial Census, and

(3) Shall include Census Tracts 59, 61, 80.02 and 101 as shown in the 1990 United States Decennial Census.

The area which meets all of the required criteria shall be known as the "1985 Sales Tax Special Economic Development Fund Eligibility Area," a map of which shall be filed in the office of the City Clerk and shall be available for public inspection.

**B. Specific projects and purposes.** The only projects and purposes for which expenditures of proceeds from the extension of the temporary sales tax may lawfully be made are as follows:

## PROJECTS AND PURPOSES

## STREETS

| PROJECT | ESTIMATED COST |

| Revised Estimated Totals (Ord. No. 19857) | $242,620,160.95 |

**C. Cost estimates - maintenance expenditures - additional projects.** While the cost estimates shown above are believed to be accurate, it must be recognized that the exact cost of each project may vary from the estimate shown.

It is the intention of the City of Tulsa and is the official City policy herein established that all such projects shall be completed as funds are made available. To ensure such

result, the Twenty Million Dollar ($20,000,000.00) fund designated for maintenance of existing capital improvements and facilities shall also be regarded as a reserve for cost overruns and not more than Two Million Dollars ($2,000,000.00) per year may be expended for such maintenance until it shall become apparent that sufficient funds will be generated to complete all of the above projects.

Excess funds, if any, received over and above the expenditures needed to complete the projects and purposes heretofore mentioned in Subsection B of this section, shall be transferred to a special revenue fund created pursuant to a temporary sales tax increase and monitored by a Sales Tax Overview Committee for projects which have not been completed.

*(Ord. Nos. 17651, 17771, 17978, 18943, 19281, 19857)*

**Section 101. Overview Committee.**

Until the sales tax revenues so designated have been fully expended for the projects and purposes set forth in this title, the Sales Tax Overview Committee created in Title 43-C, Section 101, Tulsa Revised Ordinances, shall oversee such sales tax expenditures and shall regularly report to the City Council as fully set out in Title 43-C, Section 101.

**A. Term.** The Committee shall exist and the above members shall serve thereon throughout the five (5) year period of the extended sales tax and thereafter until all funds generated by such sales tax extension have been expended. The Committee shall be a citizens' committee whose members are not officers of the City, as terms for officers of the City are limited to one (1) year. They shall continue to serve, except upon death, resignation or vacancy of a member, without regard to changes of City administrations, it being the intent to ensure the continued existence of a well-informed group of citizens to review and report upon the expenditures of the sales tax revenues. They shall serve without compensation. Upon the death, resignation or vacancy of any member of the Committee, the Chairman of the Committee shall appoint a nomination committee of five (5) members from its members to nominate a replacement for the deceased or resigned member. At the next meeting of the Committee, the nomination committee shall report its nomination for the deceased or resigned member. The Committee shall then nominate a replacement at such meeting by a majority vote of its members present and voting thereon. The nomination of such replacement shall be presented to the Council at its next available meeting after nomination by the Committee and all nominations shall be subject to confirmation by a majority vote of the Council. In the event any such nomination by the Committee shall fail confirmation by the Council, it shall be the duty of the Committee to submit another nomination to the Council in the same manner as above provided and to continue to so submit other nominations until one shall be ratified and confirmed by the Council.

**B. Elected officials, municipal personnel and agencies to assist.** The facilities, personnel, elected officials and agencies of the municipal government are hereby directed to be available and to cooperate with the Committee to accomplish the objectives and purposes herein set forth. Copies of City reports and records pertaining to the receipts and expenditures of the proceeds of the sales tax extension shall be made available to the Committee upon request.

**C. Report of Overview Committee.** On the first meeting of the Council of each month, beginning with the month of February, 1986, the Chairman or other member

designated by the Committee shall attend the regular meeting of the Council of the City of Tulsa and make any report, comment or recommendation which the Committee deems to be warranted. A time for the presentation of such report shall be reserved on the agenda for the first City Council meeting of every month beginning February, 1986, until the sales tax revenues have been fully expended for the projects and purposes set forth in this chapter.

*(Ord. No. 17455)*

**Section 102. Establishment of Special Five-Year Extended Sales Tax Capital Fund for revenue from the extended sales tax.**

There is hereby established a special revenue fund which shall be known as the Special Five-Year Extended Sales Tax Capital Fund.

All officers and employees of the City of Tulsa are hereby ordered to take all necessary action to cause the funds generated by the special five-year sales tax program, including interest received from the investment thereof, to be deposited in the special revenue fund as soon as received by the City of Tulsa.

None of the monies in the special revenue fund shall ever be encumbered or expended for any purpose other than those purposes set forth in this chapter. Any violation of this provision will subject the persons violating this mandate to removal from their respective offices or positions.

The City Treasurer of the City shall take whatever action is necessary to ensure the timely investment of all monies within the special revenue fund and to ensure that all such funds shall always be readily available for immediate expenditure for the projects and purposes set forth in this chapter.

The Mayor, Council and all officers and employees of the City having budgetary duties and responsibilities shall take all necessary and timely action to cause the necessary appropriation of the extended sales tax monies to the Special Five-Year Extended Sales Tax Capital Fund, to the end that the records and data shall always be readily available, and the funds will be encumbered and expended only for the projects and purposes set forth in this chapter.

**Section 103. Procedure to amend or repeal this chapter.**

**A. Mandatory duty of Secretary of Council.** The City of Tulsa, having made a solemn pledge to the citizens of Tulsa regarding the expenditures of the revenue from the extended sales tax, and having enacted this chapter to establish the official City policy with regard to such revenue, hereby pledges that this chapter shall remain in force during the entire period of collection and expenditure of the revenues generated by the five-year period of the extended sales tax for the projects and purposes herein enumerated.

Any attempt to amend or repeal this chapter can lawfully occur only by placing such proposal on the official agenda of the City Council which agenda is prepared by the office of the Secretary of the Council ("Secretary").

In the event a request is ever made by any party to place the issue of the amendment or repeal of this chapter on any agenda of the City Council, the Secretary is hereby specifically prohibited from placing such issue on any such agenda until full compliance with the following requirements have been made.

1. The Secretary shall forthwith (within twenty-four [24] hours) notify all major newspapers, all televisions stations and all radio stations then located within the City of Tulsa of the request for amendment or repeal of this chapter.
2. The Secretary shall forthwith notify the general public of such request by a press conference officially called by the Secretary and held at the City Hall, to which all of the above-named newspapers, radio and television stations shall be invited.
3. The Secretary shall forthwith cause a public notice to be given in the Tulsa Daily World, Tulsa Tribune and The Oklahoma Eagle, specifically setting forth fully the nature, purpose and extent of the request and the date the matter will first be placed on the agenda for public hearing before the City Council, which date shall be a date more than fifteen (15) days from the date of first publication of such notice. The notice shall be published once a week for two (2) consecutive weeks.
4. The Secretary shall, upon performance of all of the above acts, execute and deliver to the Council of the City of Tulsa written certification as to the time and manner of the performance of the foregoing duties herein assigned, which certification shall be filed as a part of the permanent records of the City in the office of the City Clerk, and shall be available for inspection or copying at all reasonable times.

**B. Procedure before Council.** No official action shall be taken by the Council of the City of Tulsa upon any request to amend or repeal this chapter until following acts and procedures have been complied with:

1. The Council shall have examined the written certification of the Secretary concerning the acts required to be performed by Subsection 103.A above, and shall have satisfied itself that all such acts have been duly and timely performed.
2. The Council shall have held at least two (2) public hearings on the proposal (one (1) of which shall be held at night), which hearings shall be at least seven (7) days apart, and the first of which shall have been more than fifteen (15) days from the date of first publication of the notice given by the Secretary setting forth the nature of the request to amend or repeal this chapter as above provided.

# TITLE 43-C 1991 SALES TAX EXPENDITURE POLICY

## Chapter 1. 1991 Sales Tax Expenditure Policy

**[THIS PAGE INTENTIONALLY LEFT BLANK]**

## CHAPTER 1. 1991 SALES TAX EXPENDITURE POLICY

Section 100. Declaration of official policy of City and pledges to the citizens.
Section 101. Sales Tax Overview Committee.
Section 102. Establishment of Special Five-Year Extended Sales Tax Capital Fund 1991 for revenue from the extended sales tax.
Section 103. Procedure to amend or repeal this chapter.

### Section 100. Declaration of official policy of City and pledges to the citizens.

**A.** The City of Tulsa hereby officially and solemnly pledges to the citizens of Tulsa:

**1.** That ALL funds received by the City from the extension of the temporary sales tax levy of one percent (1%) for the period of time from and including the 1st day of May, 1991, to and including the 31st day of July, 1996, to be voted upon December 4, 1990, will be spent ONLY for those projects and purposes set forth herein, including the repayment of indebtedness expended for any of such projects or purposes;

**2.** That NONE of such funds shall ever be spent for any other purpose;

**3.** That every officer and employee of the City is hereby ordered to give HIGH priority to the completion of such projects at the earliest possible date;

**4.** That any attempt to divert any of such funds to other purposes or projects or any failure to give high priority to the completion of such projects shall constitute a breach of the official City policy herein established, shall be a violation of the terms, spirit and purpose of this chapter, and shall constitute sufficient grounds for the removal of such officer or employee from his office or position;

**5.** That a Special Five-Year Extended Sales Tax Capital Fund will be created to which all of the money received from such extension of the temporary sales tax will be appropriated and deposited on a monthly basis as soon as received by the City; that all expenditures for the projects and purposes herein enumerated shall be made from such Special Five-Year Extended Sales Tax Capital Fund; that an accurate record of the status of such fund shall be maintained by the Mayor or his designee and shall be available for inspection by any person during office hours.

**B. Specific projects and purposes.** The only projects and purposes for which expenditures of proceeds from the extension of the temporary sales tax may lawfully be made are as follows:

**C. Cost estimates - additional projects.** While the cost estimates shown above are believed to be accurate, it must be recognized that the exact cost of each project may vary from the estimate shown.

It is the intention of the City of Tulsa and is the official City policy herein established that all such projects shall be completed as funds are made available.

If, on or after July 1, 1994, the Council has determined that all of the projects listed in Subsection B above will be completed with existing and projected funds and that excess funds will be available for additional projects, the Council will so advise the Mayor, and such excess funds shall be expended for street projects, including but not limited to the following:

Widen 129 E. Ave. - 21st to 41st
Widen Mingo - 51st to 61st
Widen 71st - Yale to Memorial
Widen Yale - 71st to 81st

and for water and sanitary sewer projects. All such additional projects shall be recommended by the Mayor and approved by the Council.

**Section 101. Sales Tax Overview Committee.**

**A. Committee created.** There is hereby created a committee to review and report upon the expenditures of the sales tax revenues. The committee shall be known as the Sales Tax Overview Committee ("the Committee") which shall consist of twenty-one (21) citizens who shall be qualified electors of the City of Tulsa. The members shall serve without compensation. No member of the Committee shall be an elected public official. The Committee shall terminate and the terms of its members shall expire when all funds generated by the temporary sales tax increase voted upon October 7, 1980, the extension of the temporary sales tax voted upon April 9, 1985, and the extension of the temporary sales tax voted upon December 4, 1990, have been expended.

**B. Appointment and terms.** Members of the Committee shall be appointed by the Mayor, subject to confirmation by a majority vote of the entire membership of the Council. Ten (10) members shall be appointed for terms of two (2) years and eleven (11) members shall be appointed for terms of four (4) years, all to commence on January 1, 1991. Upon the expiration of the terms provided herein, appointments to the Committee shall be for terms of four (4) years. All members of the Committee shall serve until their respective successors are appointed and qualified.

**C. Vacancies.** In the event of vacancies on the Committee, appointments to fill such vacancies shall be for the remainder of the unexpired terms. A member of the Committee shall have vacated his or her position on the Committee if such member fails to attend three (3) consecutive meetings; provided, however, that the vacancy so created shall not prohibit the reappointment to the Committee of such member.

**D. City Clerk to maintain Committee roster.** All appointments to the Committee shall be filed with the City Clerk of the City of Tulsa, and the City Clerk shall maintain a list of the current members of the Committee.

**E. Elected officials, municipal personnel and agencies to assist.** The facilities, personnel, elected officials and agencies of the municipal government are hereby directed to be available and to cooperate with the Committee to accomplish the objectives and purposes herein set forth. Copies of City reports and records pertaining to the receipts and expenditures of the proceeds of the sales tax extension shall be made available to the Committee upon request.

**F. Meetings and reports of the Overview Committee.** The Committee shall meet at least once each month at least seven (7) days prior to the first regular meeting of the City Council the following month. At the first regular meeting of the City Council of each month, the Chairman or another member designated by the Committee shall attend the meeting of the City Council and shall make any report, comment or recommendation which the Committee deems appropriate. In the alternative, at the option of the Committee, a written report from the Committee may be submitted to the Council each month. A time for the presentation of the Committee's reports shall be reserved on the Council's agenda for its first regular meeting each month until the sales tax revenues have been fully expended for the projects and purposes set forth in Titles 43-A, 43-B and 43-C, Tulsa Revised Ordinances.

*(Ord. No. 17455)*

### Section 102. Establishment of Special Five-Year Extended Sales Tax Capital Fund 1991 for revenue from the extended sales tax.

There is hereby established a special revenue fund which shall be known as the Special Five-Year Extended Sales Tax Capital Fund 1991 ("Special Revenue Fund").

All officers and employees of the City of Tulsa are hereby ordered to take all necessary action to cause the funds generated by the special five-year sales tax program, including interest received from the investment thereof, to be deposited in the special revenue fund as soon as received by the City of Tulsa.

None of the monies in the special revenue fund shall ever be encumbered or expended for any purpose other than those purposes set forth in this chapter. Any violation of this provision will subject the persons violating this mandate to removal from their respective offices or positions.

The City Treasurer of the City shall take whatever action is necessary to ensure the timely investment of all monies within the special revenue fund and to ensure that all such funds shall always be readily available for immediate expenditure for the projects and purposes set forth in this chapter.

The Mayor, Council and all officers and employees of the City having budgetary duties and responsibilities shall take all necessary and timely action to cause the necessary appropriation of the extended sales tax monies to the Special Five-Year Extended Sales Tax Capital Fund 1991, to the end that the records and data shall always be readily available, and the funds will be encumbered and expended only for the projects and purposes set forth in this chapter.

### Section 103. Procedure to amend or repeal this chapter.

**A. Mandatory duty of Secretary of Council.** The City of Tulsa, having made a solemn pledge to the citizens of Tulsa regarding the expenditures of the revenue from the

extended sales tax, and having enacted this chapter to establish the official City policy with regard to such revenue, hereby pledges that this chapter shall remain in force during the entire period of collection and expenditure of the revenues generated by the five-year period of the extended sales tax for the projects and purposes herein enumerated.

Any attempt to amend or repeal this chapter can lawfully occur only by placing such proposal on the official agenda of the City Council, which agenda is prepared by the office of the Secretary of the Council ("Secretary").

In the event a request is ever made by any party to place the issue of the amendment or repeal of this chapter on any agenda of the City Council, the Secretary is hereby specifically prohibited from placing such issue on any such agenda until full compliance with the following requirements have been made.

**1.** The Secretary shall forthwith (within twenty-four [24] hours) notify all major newspapers, all television stations and all radio stations then located within the City of Tulsa of the request for amendment or repeal of this chapter.

**2.** The Secretary shall forthwith notify the general public of such request by a press conference officially called by the Secretary and held at the City Hall, to which all of the above-named newspapers, radio and television stations shall be invited.

**3.** The Secretary shall forthwith cause a public notice to be given in the Tulsa Daily World, Tulsa Tribune and The Oklahoma Eagle, specifically setting forth fully the nature, purpose and extent of the request and the date the matter will first be placed on the agenda for public hearing before the City Council, which date shall be a date more than fifteen (15) days from the date of first publication of such notice. The notice shall be published once a week for two (2) consecutive weeks.

**4.** The Secretary shall, upon performance of all of the above acts, execute and deliver to the Council of the City of Tulsa written certification as to the time and manner of the performance of the foregoing duties herein assigned, which certification shall be filed as a part of the permanent records of the City in the office of the City Clerk, and shall be available for inspection or copying at all reasonable times.

**B. Procedure before Council.** No official action shall be taken by the Council of the City of Tulsa upon any request to amend or repeal this chapter until following acts and procedures have been complied with:

**1.** The Council shall have examined the written certification of the Secretary concerning the acts required to be performed by Subsection 103.A above, and shall have satisfied itself that all such acts have been duly and timely performed; and

**2.** The Council shall have held at least two (2) public hearings on the proposal (one of which shall be held at night), which hearings shall be at least seven (7) days apart, and the first of which shall have been more than fifteen (15) days from the date of first publication of the notice given by the Secretary setting forth the nature of the request to amend or repeal this chapter as above provided.

# TITLE 43-D 1996 SALES TAX EXPENDITURE POLICY

## Chapter 1. 1996 Sales Tax Expenditure Policy

**[THIS PAGE INTENTIONALLY LEFT BLANK]**

## CHAPTER 1. 1996 SALES TAX EXPENDITURE POLICY

Section 100. Declaration of official policy of City and pledges to the citizens.
Section 101. Sales Tax Overview Committee.
Section 102. Establishment of Special Five-Year Extended Sales Tax Capital Fund 1996 for revenue from the extended sales tax.
Section 103. Procedure to amend or repeal this chapter.

### Section 100. Declaration of official policy of City and pledges to the citizens.

**A.** The City of Tulsa hereby officially and solemnly pledges to the citizens of Tulsa:

**1.** That all funds received by the City from the extension of the temporary sales tax time from and including the 1st day of August, 1996, to and including the 31st day of July, 2001, to be voted upon February 13, 1996, will be spent ONLY for those projects and purposes set forth herein, including the repayment of indebtedness expended for any of such projects or purposes;

**2.** That NONE of such funds shall ever be spent for any other purpose;

**3.** That every officer and employee of the City is hereby ordered to give HIGH priority to the completion of such projects at the earliest possible date;

**4.** That any attempt to divert any of such funds to other purposes or projects or any failure to give high priority to the completion of such projects shall constitute a breach of the official City policy herein established; shall be a violation of the terms, spirit and purpose of this chapter; and shall constitute sufficient grounds for the removal of such officer or employee from his office or position;

**5.** That a Special Five-Year Extended Sales Tax Capital Fund will be created to which all of the money received from such extension of the temporary sales tax will be appropriated and deposited on a monthly basis as soon as received by the City; that all expenditures for the projects and purposes herein enumerated shall be made from such Special Five-Year Extended Sales Tax Capital Fund; that an accurate record of the status of such fund shall be maintained by the Mayor or the Mayor's designee and shall be available for inspection by any person during office hours.

**B. Specific projects and purposes.** The only projects and purposes for which expenditures of proceeds from the extension of the temporary sales tax may lawfully be made are as follows:

**PROJECTS AND PURPOSES**

| **PUBLIC SAFETY** | **ESTIMATED COSTS** |
|---|---|
| Implement Mobile Police Computer Terminal System and Police Courts Information Systems Program | $ 5,500,000.00 |

| REVISED GRAND TOTAL PROPOSED 1996 SALES TAX PROJECTS (Ord. No, 22031) | $301,767,543.10 |

**C. Cost estimates - additional projects.** While the cost estimates shown above are believed to be accurate, it must be recognized that the exact cost of each project may vary from the estimate shown.

It is the intention of the City of Tulsa and is the official City policy herein established that all such projects shall be completed as funds are made available.

If, on or after August 1, 2000, the Council has determined that all of the projects listed in Subsection B above will be completed with existing and projected funds and that excess funds will be available for additional projects, the Council will so advise the Mayor, and such excess funds shall be expended for street projects and for water and sanitary sewer projects. All such additional projects shall be recommended by the Mayor and approved by the Council.

*(Ord. Nos. 18604, 19020, 21738)*

**Section 101. Sales Tax Overview Committee.**

**A. Committee created.** There is hereby created a committee which shall be known as the Sales Tax Overview Committee (STOC) 1996 Extension which shall consist of twenty-one (21) citizens who shall be qualified electors of the City of Tulsa. The members shall serve without compensation. No member of the Committee shall be an elected public official. The Committee shall terminate when all funds generated by the Special Five-Year Extended Sales Tax, 1996, have been expended.

**B. Appointment and terms.** Members of the Sales Tax Overview Committee 1996 Extension shall continue to serve as the STOC 1996 Extension. Terms shall be as provided by Title 43-C. All members of the Committee shall serve until their respective successors are appointed and qualified.

**C. Vacancies.** In the event of vacancies on the Committee, appointments to fill such vacancies shall be for the remainder of the unexpired terms. A member of the Committee shall have vacated his or her position on the Committee if such member fails to attend three (3) consecutive meetings; provided, however, that the vacancy so created shall not prohibit the reappointment to the Committee of such member.

**D. City Clerk to maintain committee roster.** All appointments to the Committee shall be filed with the City Clerk of the City of Tulsa, and the City Clerk shall maintain a list of the current members of the Committee.

**E. Elected officials, municipal personnel and agencies to assist.** The facilities, personnel, elected officials and agencies of the municipal government are hereby directed to be available and to cooperate with the Committee to accomplish the objectives and purposes herein set forth. Copies of City reports and records pertaining to the receipts and expenditures of the proceeds of the sales tax extension shall be made available to the Committee upon request.

**F. Meetings and report of Overview Committee.** The Committee shall meet at least once each month beginning with the month of September, 1996. The monthly meeting shall be at least seven (7) days prior to the first meeting of the Council in the following month. At the first meeting of the Council of each month, beginning with the month of October, 1996, the Chairman or other member designated by the Committee shall attend the regular meeting of the Council of the City of Tulsa and make any report, comment or recommendation which the Committee deems to be warranted or, at the option of the Committee, a written report from the Committee may be submitted monthly to the Council. A time for the presentation of such report shall be reserved on the agenda for the first City Council meeting of every month beginning October, 1996, until the sales tax revenues have been fully expended for the projects and purposes set forth in this chapter.

*(Ord. No. 18604)*

## Section 102. Establishment of Special Five-Year Extended Sales Tax Capital Fund 1996 for revenue from the extended sales tax.

There is hereby established a special revenue fund which shall be known as the Special Five-Year Extended Sales Tax Capital Fund 1996 ("special revenue fund").

All officers and employees of the City of Tulsa are hereby ordered to take all necessary action to cause the funds generated by the special five-year sales tax program, including interest received from the investment thereof, to be deposited in the special revenue fund as soon as received by the City of Tulsa.

None of the monies in the special revenue fund shall ever be encumbered or expended for any purpose other than those purposes set forth in this chapter. Any violation of this provision will subject the persons violating this mandate to removal from their respective offices or positions.

The City Treasurer of the City shall take whatever action is necessary to ensure the timely investment of all monies within the special revenue fund and to ensure that all such funds shall always be readily available for immediate expenditure for the projects and purposes set forth in this chapter.

The Mayor, Council and all officers and employees of the City having budgetary duties and responsibilities shall take all necessary and timely action to cause the necessary appropriation of the extended sales tax monies to the Special Five-Year Extended Sales Tax Capital Fund 1996, to the end that the records and data shall always be readily available, and the funds will be encumbered and expended only for the projects and purposes set forth in this chapter.

*(Ord. No. 18604)*

## Section 103. Procedure to amend or repeal this chapter.

**A. Mandatory duty of Secretary of Council.** The City of Tulsa, having made a solemn pledge to the citizens of Tulsa regarding the expenditures of the revenue from the extended sales tax, and having enacted this chapter to establish the official City policy with regard to such revenue, hereby pledges that this chapter shall remain in force

during the entire period of collection and expenditure of the revenues generated by the five-year period of the extended sales tax for the projects and purposes herein enumerated.

Any attempt to amend or repeal this chapter can lawfully occur only by placing such proposal on the official agenda of the City Council which agenda is prepared by the office of the Secretary of the Council ("Secretary").

In the event a request is ever made by any party to place the issue of the amendment or repeal of this chapter on any agenda of the City Council, the Secretary is hereby specifically prohibited from placing such issue on any such agenda until full compliance with the following requirements have been made.

**1.** The Secretary shall forthwith (within twenty-four [24] hours) notify all major newspapers, all television stations and all radio stations then located within the City of Tulsa of the request for amendment or repeal of this chapter.

**2.** The Secretary shall forthwith notify the general public of such request by a press conference officially called by the Secretary and held at the City Hall, to which all of the above-named newspapers, radio and television stations shall be invited.

**3.** The Secretary shall forthwith cause a public notice to be given in the Tulsa Daily World and The Oklahoma Eagle, specifically setting forth fully the nature, purpose and extent of the request and the date the matter will first be placed on the agenda for public hearing before the City Council, which date shall be a date more than fifteen (15) days from the date of first publication of such notice. The notice shall be published once a week for two (2) consecutive weeks.

**4.** The Secretary shall, upon performance of all of the above acts, execute and deliver to the Council of the City of Tulsa written certification as to the time and manner of the performance of the foregoing duties herein assigned, which certification shall be filed as a part of the permanent records of the City in the office of the City Clerk, and shall be available for inspection or copying at all reasonable times.

**B. Procedure before Council.** No official action shall be taken by the Council of the City of Tulsa upon any request to amend or repeal this chapter until the following acts and procedures have been complied with:

**1.** The Council shall have examined the written certification of the Secretary concerning the acts required to be performed by Subsection 103.A above, and shall have satisfied itself that all such acts have been duly and timely performed; and

**2.** The Council shall have held at least two (2) public hearings on the proposal (one of which shall be held at night), which hearings shall be at least seven (7) days apart, and the first of which shall have been more than fifteen (15) days from the date of first publication of the notice given by the Secretary setting forth the nature of the request to amend or repeal this chapter as above provided.

*(Ord. No. 18604)*

# TITLE 43-E 2001 SALES TAX EXPENDITURE

## Chapter 1. 2001 Sales Tax Expenditure Policy

**[THIS PAGE INTENTIONALLY LEFT BLANK]**

## CHAPTER 1. 2001 SALES TAX EXPENDITURE POLICY

Section 100. Declaration of official policy of City and pledges to the citizens.
Section 101. Sales Tax Overview Committee.
Section 102. Establishment of Special Five-Year Extended Sales Tax Capital Fund 2001 for revenue from the extended sales tax.
Section 103. Procedure to amend or repeal this chapter.

### Section 100. Declaration of official policy of City and pledges to the citizens.

**A.** The City of Tulsa hereby officially and solemnly pledges to the citizens of Tulsa:

**1.** That all funds received by the City from the extension of the temporary sales tax time from and including the 1st day of August, 2001, to and including the 31st day of July, 2006, to be voted upon May 8, 2001, will be spent ONLY for those projects and purposes set forth herein, including the repayment of indebtedness expended for any of such projects or purposes;

**2.** That NONE of such funds shall ever be spent for any other purpose;

**3.** That every officer and employee of the City is hereby ordered to give HIGH priority to the completion of such projects at the earliest possible date;

**4.** That any attempt to divert any of such funds to other purposes or projects or any failure to give high priority to the completion of such projects shall constitute a breach of the official City policy herein established; shall be a violation of the terms, spirit and purpose of this chapter; and shall constitute sufficient grounds for the removal of such officer or employee from his office or position;

**5.** That a Special Five-Year Extended Sales Tax Capital Fund will be created to which all of the money received from such extension of the temporary sales tax will be appropriated and deposited on a monthly basis as soon as received by the City; that all expenditures for the projects and purposes herein enumerated shall be made from such Special Five-Year Extended Sales Tax Capital Fund; that an accurate record of the status of such fund shall be maintained by the Mayor or the Mayor's designee and shall be available for inspection by any person during office hours.

**B. Specific projects and purposes.** The only projects and purposes for which expenditures of proceeds from the extension of the temporary sales tax may lawfully be made are as follows:

**C. Cost estimates - additional projects.** While the cost estimates shown above are believed to be accurate, it must be recognized that the exact cost of each project may vary from the estimate shown.

**D.** The Mayor and City Council shall determine project priority on an annual basis through the budget process.

It is the intention of the City of Tulsa and is the official City policy herein established that all such projects shall be completed as funds are made available.

If, on or after August 1, 2005, the Council has determined that all of the projects listed in Subsection B above will be completed with existing and projected funds and that excess funds will be available for additional projects, the Council will so advise the Mayor, and such excess funds shall be expended for street projects and for water and sanitary sewer projects. All such additional projects shall be recommended by the Mayor and approved by the Council.

*(Ord. Nos. 20052, 21737; Ord. No. 22380, §§ 1—5, 2-17-2011; Ord. No. 23324, §§ 1—3, 6-25-2015)*

## Section 101. Sales Tax Overview Committee.

**A. Committee created.** There is hereby created a committee which shall be known as the Sales Tax Overview Committee (STOC) 2001 Extension which shall consist of twenty-one (21) citizens who shall be qualified electors of the City of Tulsa. The members shall serve without compensation. No member of the Committee shall be an elected public official. The Committee shall terminate when all funds generated by the Special Five-Year Extended Sales Tax, 2001, have been expended.

**B. Appointment and terms.** Members of the Sales Tax Overview Committee 1996 Extension shall continue to serve as the STOC 2001 Extension. Terms shall be as provided by Title 43-C. All members of the Committee shall serve until their respective successors are appointed and qualified.

**C. Vacancies.** In the event of vacancies on the Committee, appointments to fill such vacancies shall be for the remainder of the unexpired terms. A member of the

Committee shall have vacated his or her position on the Committee if such member fails to attend three (3) consecutive meetings; provided, however, that the vacancy so created shall not prohibit the reappointment to the Committee of such member.

**D. City Clerk to maintain Committee roster.** All appointments to the Committee shall be filed with the City Clerk of the City of Tulsa, and the City Clerk shall maintain a list of the current members of the Committee.

**E. Elected officials, municipal personnel and agencies to assist.** The facilities, personnel, elected officials and agencies of the municipal government are hereby directed to be available and to cooperate with the Committee to accomplish the objectives and purposes herein set forth. Copies of City reports and records pertaining to the receipts and expenditures of the proceeds of the sales tax extension shall be made available to the Committee upon request.

**F. Monthly report to Overview Committee.** The Mayor or the Mayor's designee shall provide to the Sales Tax Overview Committee and the City Council a monthly report on the status of the Special Five-Year Extended Sales Tax Capital Fund 2001 and the projects listed in this chapter. The monthly report shall include, with reference to each project, current information on:

**1.** The estimated cost;
**2.** The amount of total appropriations;
**3.** The amount of total expenditures;
**4.** A statement of completion status;
**5.** A summary of all budget transfers;
**6.** The amount of any unencumbered and unallocated fund balance within the Special Five-Year Extended Sales Tax Capital Fund 2001; and
**7.** Specific designation of projects that are fifteen percent (15%) over or under the estimated cost.

Said monthly report shall be in addition to any reports that the Mayor or the Mayor's designee are required by law to provide.

**G. Meetings and report of Overview Committee.** The Committee shall meet at least once each month beginning with the month of September, 2001. The monthly meeting shall be at least seven (7) days prior to the first meeting of the Council in the following month. At the first meeting of the Council of each month, beginning with the month of October, 2001, the Chairman or other member designated by the Committee shall attend the regular meeting of the Council of the City of Tulsa and make any report, comment or recommendation which the Committee deems to be warranted or, at the option of the Committee, a written report from the Committee may be submitted monthly to the Council. A time for the presentation of such report shall be reserved on the agenda for the first City Council meeting of every month beginning October, 2001, until the sales tax revenues have been fully expended for the projects and purposes set forth in this chapter.

*(Ord. No. 20052)*

### Section 102. Establishment of Special Five-Year Extended Sales Tax Capital Fund 2001 for revenue from the extended sales tax.

There is hereby established a special revenue fund which shall be known as the Special Five-Year Extended Sales Tax Capital Fund 2001 ("Special Revenue Fund").

All officers and employees of the City of Tulsa are hereby ordered to take all necessary action to cause the funds generated by the special five-year sales tax program, including interest received from the investment thereof, to be deposited in the Special Revenue Fund as soon as received by the City of Tulsa.

None of the monies in the Special Revenue Fund shall ever be encumbered or expended for any purpose other than those purposes set forth in this chapter. Any violation of this provision will subject the persons violating this mandate to removal from their respective offices or positions.

The City Treasurer of the City shall take whatever action is necessary to ensure the timely investment of all monies within the Special Revenue Fund and to ensure that all such funds shall always be readily available for immediate expenditure for the projects and purposes set forth in this chapter.

The Mayor, Council and all officers and employees of the City having budgetary duties and responsibilities shall take all necessary and timely action to cause the necessary appropriation of the extended sales tax monies to the Special Five-Year Extended Sales Tax Capital Fund 2001, to the end that the records and data shall always be readily available, and the funds will be encumbered and expended only for the projects and purposes set forth in this chapter.

*(Ord. No. 20052)*

**Section 103. Procedure to amend or repeal this chapter.**

**A. Mandatory duty of Secretary of Council.** The City of Tulsa, having made a solemn pledge to the citizens of Tulsa regarding the expenditures of the revenue from the extended sales tax, and having enacted this chapter to establish the official City policy with regard to such revenue, hereby pledges that this chapter shall remain in force during the entire period of collection and expenditure of the revenues generated by the five-year period of the extended sales tax for the projects and purposes herein enumerated.

Any attempt to amend or repeal this chapter can lawfully occur only by placing such proposal on the official agenda of the City Council which agenda is prepared by the office of the Secretary of the Council ("Secretary").

In the event a request is ever made by any party to place the issue of the amendment or repeal of this chapter on any agenda of the City Council, the Secretary is hereby specifically prohibited from placing such issue on any such agenda until full compliance with the following requirements have been made.

**1.** The Secretary shall forthwith (within twenty-four [24] hours) notify all major newspapers, all television stations and all radio stations then located within the City of Tulsa of the request for amendment or repeal of this chapter.

**2.** The Secretary shall forthwith notify the general public of such request by a press conference officially called by the Secretary and held at the City Hall, to which all of the above-named newspapers, radio and television stations shall be invited.

**3.** The Secretary shall forthwith cause a public notice to be given in the Tulsa Daily World and The Oklahoma Eagle, specifically setting forth fully the nature, purpose and extent of the request and the date the matter will first be placed on the agenda

for public hearing before the City Council, which date shall be a date more than fifteen (15) days from the date of first publication of such notice. The notice shall be published once a week for two (2) consecutive weeks.

**4.** The Secretary shall, upon performance of all of the above acts, execute and deliver to the Council of the City of Tulsa written certification as to the time and manner of the performance of the foregoing duties herein assigned, which certification shall be filed as a part of the permanent records of the City in the office of the City Clerk, and shall be available for inspection or copying at all reasonable times.

**B. Procedure before Council.** No official action shall be taken by the Council of the City of Tulsa upon any request to amend or repeal this chapter until the following acts and procedures have been complied with:

**1.** The Council shall have examined the written certification of the Secretary concerning the acts required to be performed by Subsection 103.A above, and shall have satisfied itself that all such acts have been duly and timely performed; and

**2.** The Council shall have held at least two (2) public hearings on the proposal (one (1) of which shall be held at night), which hearings shall be at least seven (7) days apart, and the first of which shall have been more than fifteen (15) days from the date of first publication of the notice given by the Secretary setting forth the nature of the request to amend or repeal this chapter as above provided.

*(Ord. No. 20052)*

# TITLE 43-F 2006 SALES TAX EXPENDITURE POLICY

## Chapter 1. 2006 Sales Tax Expenditure Policy

**[THIS PAGE INTENTIONALLY LEFT BLANK]**

## CHAPTER 1. 2006 SALES TAX EXPENDITURE POLICY

Section 100. Declaration of official policy of City and pledges to the citizens.
Section 101. Sales Tax Overview Committee.
Section 102. Establishment of Special 2006 Extended Sales Tax Capital Fund 2006 for revenue from the extended sales tax.
Section 103. Procedure to amend or repeal this chapter.

### Section 100. Declaration of official policy of City and pledges to the citizens.

**A.** The City of Tulsa hereby officially and solemnly pledges to the citizens of Tulsa:

**1.** That all funds received by the City from the extension of the temporary sales tax, from and including the 1st day of August, 2006, until Four Hundred Fifty-Nine Million One Hundred Sixty-One Thousand Dollars ($459,161,000.00) is collected from the funds raised from the incremental increase of the tax levy from two percent (2%) to three percent (3%), notice is given to the Oklahoma Tax Commission to reduce the sales tax levied pursuant to this chapter from three percent (3%) to two percent (2%), and said tax levy reduction has become effective as provided by law, which said extension is to be voted upon May 9, 2006, will be spent ONLY for those projects and purposes set forth herein, including the repayment of indebtedness expended for any of such projects or purposes;

**2.** That NONE of such funds shall ever be spent for any other purpose;

**3.** That every officer and employee of the City is hereby ordered to give HIGH priority to the completion of such projects at the earliest possible date;

**4.** That any attempt to divert any of such funds to other purposes or projects or any failure to give high priority to the completion of such projects shall constitute a breach of the official City policy herein established; shall be a violation of the terms, spirit and purpose of this chapter; and shall constitute sufficient grounds for the removal of such officer or employee from his office or position;

**5.** That a Special 2006 Extended Sales Tax Capital Fund 2006 will be created to which all of the sales tax received from such extension of the temporary sales tax and the interest thereon will be appropriated and deposited on a monthly basis as soon as received by the City; that all expenditures for the projects and purposes herein enumerated shall be made from such Special 2006 Extended Sales Tax Capital Fund 2006; that an accurate record of the status of such fund shall be maintained by the Mayor or the Mayor's designee and shall be available for inspection by any person during office hours.

**B. Specific projects and purposes.** The only projects and purposes for which expenditures of proceeds from the extension of the temporary sales tax may lawfully be made are as follows:

**1.** Projects and purposes listed in Title 43-E which did not receive sufficient funding for completion during the 2001 3rd Penny Sales Tax Extension, more specifically as follows:

**D. Cost estimates - additional projects.** While the cost estimates shown above are believed to be accurate, it must be recognized that the exact cost of each project may vary from the estimate shown.

**E.** The Mayor and City Council shall determine project priority on an annual basis through the budget process.

It is the intention of the City of Tulsa and is the official City policy herein established that all such projects shall be completed as funds are made available.

If, on or after June 1, 2010, the Council has determined that all of the projects listed in Subsection B above will be completed with existing and projected funds and that excess funds will be available for additional projects, the Council will so advise the Mayor, and such excess funds shall be expended for street projects and for water and sanitary sewer projects. All such additional projects shall be recommended by the Mayor and approved by the Council.

**Section 101. Sales Tax Overview Committee.**

**A. Committee created.** There is hereby created a committee which shall be known as the Sales Tax Overview Committee (STOC) 2006 Extension which shall consist of twenty-one (21) citizens who shall be qualified electors of the City of Tulsa. The members shall serve without compensation. No member of the Committee shall be an elected public official. The Committee shall terminate when all funds generated by the Special 2006 Extended Sales Tax, 2006, have been expended.

**B. Appointment and terms.** Members of the Sales Tax Overview Committee 2001 Extension shall continue to serve as the STOC 2006 Extension. Terms shall be as provided by Title 43-C. All members of the Committee shall serve until their respective successors are appointed and qualified.

**C. Vacancies.** In the event of vacancies on the Committee, appointments to fill such vacancies shall be for the remainder of the unexpired terms. A member of the

Committee shall have vacated his or her position on the Committee if such member fails to attend three (3) consecutive meetings; provided, however, that the vacancy so created shall not prohibit the reappointment to the Committee of such member.

**D. City Clerk to maintain Committee roster.** All appointments to the Committee shall be filed with the City Clerk of the City of Tulsa, and the City Clerk shall maintain a list of the current members of the Committee.

**E. Elected officials, municipal personnel and agencies to assist.** The facilities, personnel, elected officials and agencies of the municipal government are hereby directed to be available and to cooperate with the Committee to accomplish the objectives and purposes herein set forth. Copies of City reports and records pertaining to the receipts and expenditures of the proceeds of the sales tax extension shall be made available to the Committee upon request.

**F. Monthly report to Overview Committee.** The Mayor or the Mayor's designee shall provide to the Sales Tax Overview Committee and the City Council a monthly report on the status of the Special 2006 Extended Sales Tax Capital Fund 2006 and the projects listed in this chapter. The monthly report shall include, with reference to each project, current information on:

**1.** The estimated cost;

**2.** The amount of total appropriations;

**3.** The amount of total expenditures;

**4.** A statement of completion status;

**5.** A summary of all budget transfers; and

**6.** The amount of any unencumbered and unallocated fund balance within the Special 2006 Extended Sales Tax Capital Fund 2006.

Said monthly report shall be in addition to any reports that the Mayor or the Mayor's designee are required by law to provide.

**G. Meetings and report of Overview Committee.** The Committee shall meet at least once each month beginning with the month of September, 2006. The monthly meeting shall be at least seven (7) days prior to the first meeting of the Council in the following month. At the first meeting of the Council of each month, beginning with the month of October, 2006, the Chairman or other member designated by the Committee shall attend the regular meeting of the Council of the City of Tulsa and make any report, comment or recommendation which the Committee deems to be warranted or, at the option of the Committee, a written report from the Committee may be submitted monthly to the Council. A time for the presentation of such report shall be reserved on the agenda for the first City Council meeting of every month beginning October, 2006, until the sales tax revenues have been fully expended for the projects and purposes set forth in this chapter.

## Section 102. Establishment of Special 2006 Extended Sales Tax Capital Fund 2006 for revenue from the extended sales tax.

There is hereby established a special revenue fund which shall be known as the Special 2006 Extended Sales Tax Capital Fund 2006 ("Special Revenue Fund").

All officers and employees of the City of Tulsa are hereby ordered to take all necessary action to cause the funds generated by the special 2006 sales tax program, including interest received from the investment thereof, to be deposited in the Special Revenue Fund as soon as received by the City of Tulsa.

None of the monies in the Special Revenue Fund shall ever be encumbered or expended for any purpose other than those purposes set forth in this chapter. Any violation of this provision will subject the persons violating this mandate to removal from their respective offices or positions.

The City Treasurer of the City shall take whatever action is necessary to ensure the timely investment of all monies within the Special Revenue Fund and to ensure that all such funds shall always be readily available for immediate expenditure for the projects and purposes set forth in this chapter.

The Mayor, Council and all officers and employees of the City having budgetary duties and responsibilities shall take all necessary and timely action to cause the necessary appropriation of the extended sales tax monies to the Special 2006 Extended Sales Tax Capital Fund 2006, to the end that the records and data shall always be readily available, and the funds will be encumbered and expended only for the projects and purposes set forth in this chapter.

### Section 103. Procedure to amend or repeal this chapter.

**A. Mandatory duty of Secretary of Council.** The City of Tulsa, having made a solemn pledge to the citizens of Tulsa regarding the expenditures of the revenue from the extended sales tax, and having enacted this chapter to establish the official City policy with regard to such revenue, hereby pledges that this chapter shall remain in force during the entire period of collection and expenditure of the revenues generated by the extended sales tax for the projects and purposes herein enumerated.

Any attempt to amend or repeal this chapter can lawfully occur only by placing such proposal on the official agenda of the City Council which agenda is prepared by the office of the Secretary of the Council ("Secretary").

In the event a request is ever made by any party to place the issue of the amendment or repeal of this chapter on any agenda of the City Council, the Secretary is hereby specifically prohibited from placing such issue on any such agenda until full compliance with the following requirements have been made.

**1.** The Secretary shall forthwith (within twenty-four [24] hours) notify all major newspapers, all television stations and all radio stations then located within the City of Tulsa of the request for amendment or repeal of this chapter.

**2.** The Secretary shall forthwith notify the general public of such request by a press conference officially called by the Secretary and held at the City Hall, to which all of the above-named newspapers, radio and television stations shall be invited.

**3.** The Secretary shall forthwith cause a public notice to be given in the Tulsa Daily World and The Oklahoma Eagle, specifically setting forth fully the nature, purpose and extent of the request and the date the matter will first be placed on the agenda for public hearing before the City Council, which date shall be a date more than fifteen (15) days from the date of first publication of such notice. The notice shall be published once a week for two (2) consecutive weeks.

**4.** The Secretary shall, upon performance of all of the above acts, execute and deliver to the Council of the City of Tulsa written certification as to the time and manner of the performance of the foregoing duties herein assigned, which certification shall be filed as a part of the permanent records of the City in the office of the City Clerk, and shall be available for inspection or copying at all reasonable times.

**B. Procedure Before Council.** No official action shall be taken by the Council of the City of Tulsa upon any request to amend or repeal this chapter until the following acts and procedures have been complied with:

**1.** The Council shall have examined the written certification of the Secretary concerning the acts required to be performed by Subsection 103.A above, and shall have satisfied itself that all such acts have been duly and timely performed; and

**2.** The Council shall have held at least two (2) public hearings on the proposal (one (1) of which shall be held at night), which hearings shall be at least seven (7) days apart, and the first of which shall have been more than fifteen (15) days from the date of first publication of the notice given by the Secretary setting forth the nature of the request to amend or repeal this chapter as above provided.

*(Ord. No. 21254)*

# TITLE 43-G 2008 SALES TAX EXPENDITURE POLICY

## Chapter 1. 2008 Sales Tax Expenditure Policy

**[THIS PAGE INTENTIONALLY LEFT BLANK]**

## CHAPTER 1. 2008 SALES TAX EXPENDITURE POLICY

Section 100. Declaration of official policy of City and pledge to the citizens.
Section 101. Sales Tax Overview Committee.
Section 102. Establishment of Special Temporary Sales Tax Fund 2008 for revenue from the temporary sales taxes.
Section 103. Procedure to amend or repeal this chapter.

### Section 100. Declaration of official policy of City and pledge to the citizens.

**A.** The City of Tulsa hereby officially and solemnly pledges to the citizens of Tulsa:

**1.** That all funds received by the City from extending the temporary sales tax levy of one percent (1%) for the period of time from and including August 1, 2006, to and including June 30, 2014; and levying a temporary increase of the sales tax levy from three percent (3%) to three and two-twelfths percent (3$^{2}/_{12}$%) from and including October 1, 2011, to and including June 30, 2014; which will be voted upon November 4, 2008 ("temporary sales tax") will be spent ONLY for those projects and purposes set forth herein, including the repayment of indebtedness expended for any of such projects or purposes issued by the City or any of its public trusts;

**2.** That NONE of such funds shall ever be spent for any other purpose;

**3.** That every officer and employee of the City is hereby ordered to give HIGH priority to the completion of such projects at the earliest possible date;
