(i) This franchise shall be in lieu of any and all other rights, privileges, powers, immunities and authorities owned, possessed, controlled or exercisable by Grantee, or any successor to any interest of Grantee, of or pertaining to the construction, operation or maintenance of any system in the City; and the acceptance hereof shall operate, as between Grantee and the City, as an abandonment of any and all of such rights, privileges, powers, immunities and authorities within the City, to the effect that, as between Grantee and the City, any and all construction, operation and maintenance by Grantee of its system in the City shall be, and shall be deemed and construed in all instances and respects to be, under and pursuant to said franchise, and not under or pursuant to any other right, privilege, power, immunity or authority whatsoever.

(j) Once service is established, the Grantee shall be required to provide continuous service to each customer in return for payment of the established fee. If the Grantee overbuilds, rebuilds, modifies or sells the system, or the City revokes or fails to renew this franchise, or the City elects to acquire the system, the Grantee is required as part of this franchise to continue to operate the system providing all service at existing levels until an orderly change of operation is effectuated. In the event the Grantee fails to operate the system for five consecutive days without prior approval of the City, or willfully withholds service for any reason without just cause, the City or its agent shall have the right to operate the system until such time as a new operator is selected. If the City is required to fulfill this obligation for the Grantee, Grantee shall reimburse the City for any costs or damages which are the result of Grantee's failure to perform.

(k) Grantee shall diligently proceed to extend service into newly annexed areas of the City when the population density reaches 20 homes per mile of cable. This requirement may be waived by the City upon written request and good cause shown.

Section 12. Transfer. This franchise shall be a privilege to be held in personal trust by the original Grantee. It cannot in any event be transferred without the prior consent of the Council expressed by ordinance and then only under such conditions as may therein be prescribed. Any such transfer or assignment shall be made only by an instrument in writing, a duly executed copy of which shall be filed in the office of the City Clerk within thirty (30) days after any such transfer or

assignment. The said consent of the Council may not be arbitrarily refused; provided, however, the proposed assignee must show financial responsibility and must agree to comply with all provisions of this ordinance; and provided, further, that no such consent shall be required for a transfer in trust, mortgage or other hypothecation as a whole, to secure an indebtedness.

Grantee shall give the City at least ninety (90) days advance notice of any proposed transfer, which notice shall set forth the pertinent details of the proposed transfer and provide complete information concerning the transferee's financial and operational qualifications.

Grantee shall be required to compensate the City for all reasonable costs incurred in evaluating the merits of a proposed transfer and the financial and operational qualifications of the proposed transferee, regardless of whether approval to such transfer is granted.

Section 13. City rights.

(a) Nothing herein shall be deemed or construed to impair or affect, in any way, to any extent, the right of the City to acquire the property of the grantee by purchase, termination, or through the exercise of the right of eminent domain. Upon non-renewal or termination of the franchise, the City shall have the right to purchase the system at a fair and just value, which shall not include any amount for the franchise itself or for any of the rights or privileges granted, and considering the harm to the community arising from actions of Grantee's resulting in non-renewal or termination. The price of purchase shall be the fair market value determined by standard appraisal provisions established by two independent appraisers. If the price set by the appraisers differs by less than 10%, the price shall be determined by an average of the two. If the price set by the appraiser differs by more than 10%, a third independent appraiser, appointed by the two and acceptable to both Grantee and City, shall make an appraisal and the three prices averaged to determine the purchase price. Nothing herein contained shall be construed to contract away or to modify or abridge, either for a term or in perpetuity, the City's right of eminent domain, to the extent applicable under appropriate federal and state laws.

(b) There is hereby reserved to the City every right and power which is required to be reserved or provided by any ordinance of the City of general applicability, and the Grantee, by its acceptance of this franchise, agrees to be bound thereby and to comply with any action or requirements of the City in its exercise of such rights or power, heretofore or hereafter enacted or established.

(c) Neither the granting of this franchise nor any of the provisions contained herein shall be construed to prevent the City from granting any identical, or similar, franchise to any other person, firm or corporation, within all or any portion of the City. In the event the City enters into a cable television franchise with any other party, which franchise contains terms more favorable or less burdensome to such party than the provisions of the Grantee's Franchise, including but not limited to, franchise fees, access channels, financial commitment to the City, or universal service requirements, then, upon written notice to the City delivered by the Grantee not less than thirty (30) days after the City grants such other franchise, the City and the Grantee shall commence attempting to reach a mutually acceptable, good faith determination that any such term is more favorable or less burdensome. In the event that such mutually acceptable determination is reached by the City and the Grantee, then this ordinance shall be amended to include such provisions. In the event that no such determination is reached, the Grantee shall continue to comply with the terms and conditions of this Franchise to the extent reasonably possible. In the event that Grantee fails to give timely notice to the City as provided hereinabove, all rights of Grantee under this paragraph shall immediately cease and terminate.

(d) Neither the granting of this franchise nor any provision hereof shall constitute a waiver or bar to the exercise of any governmental right or power of the City.

(e) When the City has reason to believe that the signals being received by individual subscribers do not meet the Federal Communications

Commission standards (as set forth in 47 CFR § 76.605(a)(1) to (a) (10) or as enumerated therein until substitute standards are agreed by the parties in the event of repeal of said sections) for such signals, on request of the City, Grantee will conduct tests of its system to these individual subscribers to determine whether the signals received by these subscribers comply with these standards. Should such tests indicate noncompliance with this section grantee will immediately take such steps as are required to meet said standards and will furnish to the City test results proving compliance with these standards in either event. The Grantee shall measure system performance at least annually, bring any deviations from the standards to the City's attention, and advise the City of a timetable and plan of action for correcting observed deficiencies.

(f) The City shall have the right to receive basic cable service at buildings and locations owned or operated by the City or its boards and agencies without charge for installation or service. This service shall be provided at those locations now served or those hereafter reasonably requested for service in writing by the City Manager.

Section 14. Grantee's Property—Abandonment.

(a) In the event that the use of any part of the BTN system is discontinued for any reason for a continuous period of twelve months, or in the event such system or property has been installed in any street or public place without complying with the requirements of this franchise, or the franchise has been terminated, canceled, or has expired, the Grantee shall promptly, upon being given ten days' notice, remove from the streets or public place all such property and poles of such system other than any which the City Engineer may permit to be abandoned in place. In the event of such removal, the Grantee shall promptly restore the street or other area from which such property has been removed to a condition satisfactory to the City Engineer.

(b) Any property of the Grantee remaining in place one hundred and eighty (180) days after the termination or expiration of the franchise shall be considered permanently abandoned. The City Engineer may extend such time not to exceed an additional thirty days.

(c) Any property of the Grantee to be abandoned in place shall be abandoned in such manner as the City Engineer shall prescribe. Upon permanent abandonment of the property of the Grantee in place, the property shall become that of the City, and the Grantee shall submit to the City Engineer an instrument in writing to be approved by the City Attorney, transferring to the City the ownership of such property.

Section 15. Indemnity and Hold Harmless. The Grantee shall hold and save the City, its officers, employees, agents, and authorized contractors, harmless from and against all claims, damages, expense, liability, and costs including attorney fees, which may be occasioned in any manner, solely or in part by the Grantee's occupancy of right-of-way, or provision of service under this franchise except to the extent caused by the negligence of the City or its agents. In the event a claim shall be made or an action shall be instituted against the City growing out of such occupancy of the right-of-way by facilities of the Grantee, then upon notice by the City to the Grantee, the Grantee will assume liability for the defense of such actions at the cost of the Grantee, subject to the option of the City to appear and defend, at its own cost, any such case.

Section 16. Corporate surety bond.

(a) The Grantee shall, concurrently with the filing of an acceptance of award of this franchise, file with the City Clerk and at all times thereafter maintain in full force and effect for the term of such franchise or any renewal thereof, at Grantee's sole expense, a corporate surety bond in a company and a form approved by the City Attorney, in the amount of One Hundred Thousand Dollars ($100,000.00), renewable annually, and conditioned upon the faithful performance of Grantee, and upon the further condition that in the event Grantee shall fail to comply within a reasonable time after notice that it is not in compliance with any one or more of the provisions of this franchise issued to the Grantee, there shall be recoverable jointly and severally from the principal and surety

of such bond any damages or loss suffered by the City as a result thereof, including the full amount of any compensation, indemnification, or cost of removal or abandonment of any property of the Grantee as prescribed hereby which may be in default, plus a reasonable allowance for attorney's fees and costs, up to the full amount of the bond; said condition to be a continuing obligation for the duration of such franchise, and any renewal thereof and thereafter until the Grantee has liquidated all of its obligations with the City that may have arisen from the acceptance of said franchise or renewal by the Grantee or from its exercise of any privilege therein granted. The bond shall provide that thirty days' prior written notice of intention not to renew, cancellation, or material change be given to the City.

(b) Neither the provisions of this section or any bond accepted by the City pursuant hereto, nor any damages recovered by the City thereunder, shall be construed to excuse faithful performance by the Grantee or limit the liability of the Grantee under any franchise issued hereunder or for damages, either to the full amount of the bond or otherwise.

Section 17. Liability Insurance Policy.

(a) The Grantee shall, concurrently with the filing of an acceptance of award of this franchise, furnish to the City and file with the City Clerk, and at all times during the existence of any franchise granted hereunder, maintain in full force and effect, at its own cost and expense, a liability insurance policy in the amount of Two Million Dollars ($2,000,000.00), in a company licensed to do business in the State of Kansas, and in a form satisfactory to the City Attorney, indemnifying and saving harmless the City, its officers and employees from and against any and all claims, demands, actions, suits and proceedings by others, against all liability to others, including but not limited to any liability for damages by reason of or arising out of any failure by the Grantee to secure consents from the owners, authorized distributors or licensees of programs to be delivered by the Grantee's system, and against any loss, cost, expense, and damages resulting therefrom, or from any violation or infringement of any copyright, trademark, franchise or similar right; because of any breach of the right of privacy; from violation of any copyright or trademark statute or law; because of any unfair competition; including reasonable attorney's fees, arising out of the exercise or enjoyment of its franchise, irrespective of the amount of the comprehensive liability insurance policy required hereunder.

(b) The Grantee shall, concurrently with the filing of an acceptance of an award of this franchise, furnish to the City and file with the City Clerk and at all times during the existence, of any franchise granted hereunder, maintain in full force and effect, at its own cost and expense, a general comprehensive liability insurance policy, in protection of the City, at its officers, boards, commissions, agents, and employees, in a company licensed to do business in the State of Kansas and a form satisfactory to the City Attorney, protecting the City and all persons against liability for loss or damage for personal injury, death and property damage, occasioned by the operations of Grantee under such franchise, with minimum liability limits of $500,000 per single occurrence. In addition, the Grantee shall maintain a policy of comprehensive automobile liability insurance in a combined single limit of not less than $500,000 and a Worker's Compensation and Employer's Liability policy for limits of not less than the statutory requirement for Worker's Compensation, and $500,000 Employer's Liability. Grantee agrees that in the event of future changes in law and upon notice by the City, the minimum levels of insurance and scope of coverage required by this paragraph may be increased within the bounds of commercial reasonableness to the amount that may be required to provide coverage of the events of this paragraph.

(c) The policies mentioned in the foregoing paragraphs shall name the City, its officers, boards, commissions, agents and employees, as additional insured, and shall contain a provision that a written notice of cancellation or reduction in coverage of said policy shall be delivered to the City ten days in advance of the effective date thereof; if such insurance is provided by a policy which also covers Grantee or any other entity or

person other than those above named, then such policy shall contain the standard cross-liability endorsement.

Section 18. Right of Inspection.

(a) At all reasonable times, the Grantee shall permit any duly authorized representative of the City to examine all property of the Grantee, together with any appurtenant property of the Grantee situated within or without the City, and to examine and transcribe any and all maps and other records kept or maintained by the Grantee or under its control which deal with the operations, affairs, transactions, or property of the Grantee with respect to its franchise. If any such maps or records are not kept in the City, or upon reasonable request made available in the City, and if the Council shall determine that an examination thereof is necessary or appropriate, then all travel and maintenance expense necessarily incurred in making such examination shall be paid by Grantee.

(b) The Grantee shall prepare and furnish to the City Engineer and the City Manager at the times and in the form prescribed by either of said officers, such reports with respect to its operations, affairs, transactions or property, as may be reasonably necessary or appropriate to the performance of any of the rights, functions, or duties of the City or any of its officers in connection with the franchise.

(c) The Grantee shall file with the City Engineer, on or before the last day in March of each year, a current map or set of maps drawn to scale, showing all cable system equipment installed and in place in street rights-of-way and other public places of the City.

Section 19. Installation Requirements.

The system shall be installed and maintained in accordance with the highest and best accepted standards of the industry to the effect that subscribers shall receive the highest possible service. In determining the satisfactory extent of such standards, the following, among others, shall be considered:

(a) That the system be installed using all band equipment capable of passing the entire VHF and FM spectrum, and that it have the further capability of converting UHF for distribution to subscribers on the VHF band;

(b) That the system, as installed, be capable of passing standard color TV signals without the introduction of material degradation on color fidelity and intelligence;

(c) That the system and all equipment be designed and rated for twenty-four hours per day continuous operation;

(d) One channel or band is to be reserved for the use of the City. The City will pay for any special equipment necessary to feed into the system, such as TV cameras, fire alarm boxes, etc., and will pay for the maintenance for such special equipment.

(e) Two channels or bands are to be reserved for the use of public learning institutions. Specifically one channel or band is to be reserved for the use of The Wichita State University and one channel or band is to be reserved for the use of Unified School District #259. Such learning institutions shall pay for any special equipment necessary to feed into the system and will pay for the maintenance for such special equipment.
(Amended Ord. No. 47-125, § 1, 9-19-06)

Section 20. Grantee Requirements.

(a) When not otherwise prescribed herein, all matters herein required to be filed with the City shall be filed with the City Clerk.

(b) The Grantee shall pay to the City a sum of money sufficient to reimburse it for all publication expenses incurred by it in connection with the granting of a franchise. Such payment shall be made within thirty days after the City furnishes the Grantee with a written statement of such expenses.

(c) The Grantee shall maintain an office within the City limits or at a location which subscribers may call without incurring added message or toll charges so that cable maintenance service shall be promptly available to subscribers at all times.

(d) Inquiries or complaints from subscribers shall be received during normal business hours. Monday through Friday. All complaints and inquiries will be investigated, responded to, or acted upon as promptly as practical. Written notice of this complaint procedure, including the identity

of the City office responsible for receiving unresolved complaints, shall be given to each subscriber at the time of initial subscription to the cable system. Upon request, Grantee shall allow inspection of complaint files or provide the City with periodic reports listing the number and nature of subscriber complaints and actions taken to resolve them.

(e) Upon the request of a subscriber, Grantee shall provide a pro rata billing abatement to any subscriber who is without service through no fault of the subscriber for a period of over 24 hours.

(f) No persons, firm, or corporation in the existing service area of the Grantee shall be arbitrarily refused service and no resident of the City or group of residents will be denied service because of the income of the residents of the local area in which such resident or group resides; provided, however, that the Grantee shall be not required to provide service to any subscriber who does not pay the applicable connection fee or monthly service charge.

(g) Grantee shall remain a member of and participate in the Utility Location and Coordination Council established by Sections 2.12.1093 through 2.12.1097 of the Code of the City of Wichita, Kansas, and any amendment thereto and shall participate in joint funding with other utilities.

Section 21. Joint Use Agreement. When any portion of the cable system is to be installed on existing utility poles and facilities certified copies of the agreements for such joint use of poles and facilities shall be filed with the City Clerk. Said agreement shall indicate all charges therefor.

Section 22. Acceptance.

(a) This franchise shall not become effective unless and until all things required in this Section and Sections 16, 17(a), and 17(b) hereof are done and completed, all of such things being hereby declared to be conditions precedent to the effectiveness of any such franchise granted hereunder. In the event any of such things are not done and completed in the time and manner required, the Council may declare the franchise null and void.

(b) Within sixty days after the adoption date of the ordinance awarding a franchise, the Grantee shall file with the City Clerk its written acceptance, in form satisfactory to the City Attorney, of the franchise, together with the bond and insurance policies required by Sections 16, 17(a), and 17(b) hereof, respectively, and its agreement to be bound by and to comply with and do all things required of it by the provisions of this franchise. Such acceptance and agreement shall be acknowledged by the Grantee before a notary public, and shall in form and content be satisfactory to and approved by the City Attorney.

Section 23. Repeal. The original of Ordinance No. 41-266 is hereby repealed.

Section 24. Severability. If any section, subsection, sentence, clause, or phrase of this ordinance is for any reason held illegal, invalid, or unconstitutional by the decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions hereof. The Council hereby declares that it would have passed this ordinance and each section, subsection, sentence, clause, or phrase hereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses, or phrases be declared illegal, invalid, or unconstitutional. The invalidity of any portion of this ordinance shall not abate, reduce or otherwise affect any consideration or other obligation required of the Grantee of any franchise granted hereunder.

Section 25. Governing Law. The provisions of this franchise shall be subject to applicable federal statutes, rules and regulations, including but not limited to the Communications Act of 1934, as amended. In the event of any conflict between the provisions of this franchise and such federal law, the latter shall prevail. In all other matters, this franchise shall be governed according to the laws of the State of Kansas.

Section 26. Effective Date. This ordinance shall not take effect or become in force until it

shall have been read in full at three regular weekly meetings of the City Council of the City of Wichita, nor until and immediately after its final passage it shall be published in the official city paper once each week for two consecutive weeks, and such ordinance shall not take effect or be in force until and after the expiration of sixty days from the date of its final passage, nor if, pending the final passage and taking effect of said ordinance, an election shall be called as provided by law, in which event said ordinance shall not take effect or become in force until the same shall have been duly approved.

ARTICLE II. ELECTRIC

BUTLER RURAL ELECTRIC COOPERATIVE ASSOCIATION, INC. Ordinance No. 52-337*

AN ORDINANCE OF THE CITY OF WICHITA, KANSAS, GRANTING TO BUTLER RURAL ELECTRIC COOPERATIVE ASSOCIATION, INC., ITS SUCCESSORS AND ASSIGNS, AN ELECTRIC, LIGHT, HEAT, AND POWER FRANCHISE AND PRESCRIBING THE TERMS OF SAID GRANT AND RELATING THERETO.

BE IT ORDAINED BY THE GOVERNING BODY OF THE CITY OF WICHITA, KANSAS:

SECTION 1. DEFINITIONS.

For purposes of this franchise, the following words and phrases shall have the meanings given herein:

"Arterial Streets"—shall mean those portions of Rights-of-Way designated as arterial streets by City of Wichita Code § 11.96.100.

"Business Day"—shall mean a day which is not a Saturday, Sunday, or any day designated as a holiday by the Congress of the United States, by the State of Kansas, or by the City of Wichita.

"City"—shall mean the City of Wichita, Kansas.

"Company"—shall mean Butler Rural Electric Cooperative Association, Inc.

"Customer" or "Consumer"—shall mean any person, firm, partnership, association, corporation, company or organization of any kind served by Company hereunder within the City.

"Electric Utility Service"—shall mean and include:

(i) all sales of electricity to all Customers at retail within the corporate limits of the City;

(ii) ancillary or unbundled electric services provided to all Customers at retail within the corporate city limits of the City when sold separately from kWh which shall include, but not be limited to:

(a) reactive supply and voltage control,

(b) scheduling,

(c) system control and dispatch,

(d) regulation and frequency response,

(e) energy imbalance,

(f) operating reserves,

(g) supplemental reserves, and

(h) spinning reserves; and

(iii) transmission and distribution of electricity when sold separately from energy to any person located within the city limits of the City.

"Electric Utility System" or "System"—shall mean an electric power system installed and operated in the City in compliance with applicable rules and regulations of the Federal Energy Regulatory Commission (FERC) and Kansas Corporation Commission (KCC), and their successors, which shall include, but not be limited to, the generation, transmission and distribution facilities, equipment and administrative services necessary to provide electric service for any use in the City, and such extensions, additions or reductions as may hereafter be made.

"Emergency"—shall mean a reasonably unforeseen occurrence with a potential to endanger personal safety or health, or cause substantial damage to property, that calls for immediate action.

"Facilities"—shall mean electric light and power lines, together with all necessary or desirable appurtenances, including underground conduits, poles, towers, wires and other appurtenances.

"Gross Receipts"—shall mean all revenues received by the Company from providing Electric Utility Service within the corporate limits of the City but shall not include any administrative or non-recurring charges associated with the provision of Electric Utility Service within the corporate limits of the City.

*__Editor's note—__Ch. Ords. 46-206 and 49-755 have been removed by the editor, inasmuch as the franchise agreements set out therein have expired and appear to be superseded by Ch. Ord. No. 52-337.

"Person"—shall mean any individual, firm, partnership, association, corporation, company or organization of any kind.

"Public Project"—shall mean any project planned or undertaken by the City or any other governmental entity for construction, reconstruction, maintenance, or repair of public facilities or improvements, including without limitation streets, alleys, sidewalks, sewer system, water system, drainage system, Right-of-Way improvement, or any other purpose of a public nature.

"Public Project for Private Development"—shall mean a Public Project, or that portion thereof, arising solely from a request or requirement of a third party primarily for the benefit and use of a third party.

"Retail Wheeling"—shall mean the use of the Company's transmission, distribution, and associated Facilities of its Electric Utility System to deliver electricity purchased by end use Customers located within the City from electric suppliers other than the Company.

"Right-of-Way"—shall mean only the area of real property in which the City has a dedicated or acquired right-of-way interest in the real property. It shall include the area on, below, or above the present and future streets, alleys, avenues, roads, highways, or boulevards dedicated or acquired as rights-of-way. The term does not include the airwaves above a right-of-way with regard to wireless telecommunications or other nonwire telecommunications or broadcast service, easements obtained by utilities, or private easements in platted subdivisions or tracts. The term does not include property owned or held by the City that is typically not considered right-of-way, including, but not limited to, undeveloped road right-of-way in City parks, reserves and in or around City buildings.

SECTION 2. GRANT.

(a) There is hereby granted to Company the non-exclusive right, privilege, and franchise to construct, maintain, extend, operate, reconstruct, and replace Facilities for its Electric Utility System in, through, and along the Right-of-Way of the City for the provision of Electric Utility Services to the City, the inhabitants thereof, and persons and corporations beyond the limits thereof, for the full term of this franchise under the terms and conditions herein set forth.

(b) This franchise does not authorize the Company to use its existing Facilities, or to construct new Facilities, in order to provide cable television service, telecommunications service, network access service, internet access service, leased fiber optic services, video programming service, or any other telecommunications or telephone service to existing or potential customers, and such services are not permitted under this franchise.

(c) The Company must revise its franchise fee payments due to any expansion or reduction by annexation or contraction within a reasonable time after receipt of notice from the City, but in no event later than thirty (30) calendar days after receipt of such notice.

SECTION 3. TERM.

(a) The term of this franchise shall be for a period of ten (10) years from the effective date hereof.

(b) If the rate of compensation is changed by City Ordinance, the City shall notify the Company with written notice and the new rate of compensation shall become effective and applied to this franchise upon notification. The rate of compensation, if changed by City Ordinance, is not a negotiable item; however, any increase in compensation/fee shall be in compliance with the public notification procedures set forth in K.S.A. 12-2001.

(c) Upon written request of either the City or the Company, this franchise shall be reopened and renegotiated at any time upon any of the following events:

(i) changes in federal, state, or local laws, regulations, or orders that materially affect any rights or obligations of either the City or Company, including but not limited to the scope of the franchise granted to the Company or the compensation to be received by the City, hereunder;

(ii) changes in the structure or operation of the electrical power industry that materially affect any rights or obligations of either the City or the Company, including but not limited to: (A) the scope of the franchise granted to the Company, (B) the compensation to be received by the City hereunder, (C) the institution of Retail Wheeling or customer choice of electric supplier, or (D) the unbundling and separate pricing of the generation, transmission or distribution of Electric Utility Service; and

(iii) any other material and unintended change or shift in the economic benefit that either the City or the Company reasonably relied upon and reasonably anticipated upon entering into this franchise.

(d) In any negotiation properly commenced pursuant to Section 3(b), the City and the Company shall negotiate in good faith in an effort to agree upon mutually satisfactory amendment(s). Failure of the City and Company to successfully renegotiate the materially affected provisions of this franchise under Section 3(b) shall give either party the right to terminate this franchise by giving written notice of termination within sixty (60) days of the event giving rise to the negotiations under subsection (b), in which case the franchise shall terminate 60 days after such notice is given. If neither party gives notice of termination within such time period, the franchise shall remain in effect according to its then existing terms.

(e) Amendments under this Section, if any, shall be made by ordinance as prescribed by statute. The franchise shall remain in effect according to its terms pending completion of any renegotiation provided by subsections (b) and (c).

SECTION 4. COMPENSATION TO THE CITY.

(a) In consideration of, and as compensation for, the franchise and privilege hereby granted, Company shall make an accounting to the City once each month of all its Gross Receipts during the preceding month. Such accounting shall be submitted by the fifteenth (15th) day of the month following the calendar month that is the subject of the accounting, and shall be accompanied by a report of the Company's Gross Receipts for the preceding month upon which fees are calculated.

(b) The Company shall pay to the City, at the time of making such report, an amount equal to six percent (6%) of the Gross Receipts of the Company during such preceding month. Such payments shall be made to the City under such additional procedures as are mutually agreed to by the Company and the City.

(c) In the event the accounting rendered to the City by the Company is found to be incorrect, then an adjustment shall be promptly made on the corrected amount. The City may accept any amount offered by the Company, but the acceptance thereof by the City shall not be deemed a settlement of such item if the amount is in dispute or later found to be incorrect. Such of the Company's books, records, documents, contracts and agreements as may be reasonably necessary for an audit of the Company's performance under this ordinance shall at all reasonable times and upon reasonable request be opened to the inspection and examination by the officers of the City and its duly authorized agents, auditors, and employees for the purpose of verifying said accounting. For purposes of this provision, the Company shall maintain appropriate records for three past years plus the current year.

(d) For each and every month, or any part thereof, that the compensation provided for by this franchise remains unpaid after the same becomes due and payable to the City, there shall be added to such payment, as a late charge, a sum equivalent to the statutory rate for interest on the unpaid amount. Such late charge shall be applicable to sums that are delinquent as well as any sums due the City as the result of an audit or review of the Company's records.

(e) Except as provided herein, the payments and compensation herein provided shall be in lieu of all other licenses, taxes, charges, and fees

imposed by the City. Company shall continue to be responsible for and subject to the following licenses, taxes, charges and fees:

(i) the usual general property taxes and special ad valorem property taxes;

(ii) sales and excise taxes;

(iii) any permit fees and charges for pavement cuts or other permit fees and charges based on restoring premises to their previous condition; and

(iv) charges made for privileges which are not in any manner connected with the provision of Electric Utility Service, as such.

(f) In the event that either state or federal governmental entities authorize or require, or Company on its own initiative engages in: (1) Retail Wheeling or customer choice of electric supplier; or (2) the unbundling and separate pricing of the generation, transmission or distribution of Electric Utility Service(s), then the revenues obtained by Company from these activities from service provided within the corporate limits of the City shall be included in Company's Gross Receipts for the purpose of calculating fees due to the City hereunder.

SECTION 5. USE OF RIGHT-OF-WAY.

(a) *Rules and Regulations.* In its use of Right-of-Way under this franchise, the Company shall be subject to all rules, regulations, policies, resolutions and ordinances now or hereafter adopted or promulgated by the City in the reasonable exercise of its police power. In addition, the Company shall be subject to all rules, regulations, policies, resolutions, and ordinances now or hereafter adopted or promulgated by the City relating to permits, fees, sidewalk and pavement cuts, utility location, construction coordination, screening, and other requirements on the use of the Right-of-Way in the reasonable exercise of its police power, provided, however, that nothing contained herein shall constitute a waiver of or be construed as waiving the right of the Company to oppose, challenge, or seek judicial review of, in such manner as is now or may hereafter be provided by law, any such rules, regulation, policy, resolution, or ordinance proposed, adopted, or promulgated by the City.

(b) *Subordinate to City Use.* The Company's use of Right-of-Way shall in all matters be subordinate to the City's use of the Right-of-Way for any public purpose. The Company shall coordinate the installation of its Facilities in the Right-of-Way in a manner that minimizes adverse impact on Public Projects, as reasonably determined by the City. Where installation is not otherwise regulated, the Facilities shall be placed with adequate clearance from such Public Projects so as not to conflict with such Public Projects.

(c) *Restoration.* All earth, materials, sidewalks, paving, crossings, utilities, Public Projects, or improvements of any kind located within the Right-of-Way that are damaged or removed by the Company in its activities under this franchise shall be fully repaired or replaced promptly by the Company at its sole expense, however, which such activity is a joint project of utilities or franchise holders, the expenses thereof shall be prorated among the participants, and to the reasonable satisfaction of the City in accordance with the ordinances and regulations of the City pertaining thereto.

(d) *Public Project for Private Development.* The Company shall not be responsible for the expenses of relocation to accommodate any new Public Project for Private Development initiated after the effective date of this ordinance. The expenses attributable to such a project shall be the responsibility of the third party upon the request and appropriate documentation of the Company. Before such expenses may be billed to the third party, the Company shall be required to coordinate with the third party and the City on the design and construction to ensure that the work required is necessary and done in a cost effective manner. Upon the request of the Company or the third party, the allocation of expenses attributable to the project shall be made in the reasonable determination of the City. Eligible third parties may request to have the City specially assess those expenses billed by the Company under this section.

(e) *Exclusion of Certain Locations/Facilities.* Prior to the Company's installation of any Facilities in the Right-of-Way and after it provides the City with its proposed plans for the Facilities, the City may in its reasonable discretion designate certain locations or Facilities in the Right-of-Way to be excluded from use by Company for its Facilities, including but not limited to any Facility or location that in the reasonable judgment of the City Engineer is incompatible with the proposed Facilities or would be rendered unsafe or unstable by the installation. The City Engineer may further exclude certain other Facilities that have been designated or planned for other use or are not otherwise available for use by the Company due to engineering, technological, proprietary, aesthetics, or legal limitations or restrictions as may be reasonably determined by the City. The City shall provide a written explanation for any denial for a particular location and shall work with the Company to identify other suitable routes.

(f) *Location, Type and Design of Facilities Subject to Approval.*

(i) The design, location, and nature of all Facilities to be placed in the Right-of-Way shall be subject to the reasonable review and approval of the City Engineer. This is a means to properly manage and control all Right-of-Way usage in the City, and to protect the public health, safety, and welfare, which includes aesthetics. The review and approval is to ensure efficient coordination relating to Right-of-Way use relating to public and private utilities and to evaluate the configuration and size of Facilities that may be located in the Right-of-Way.

(ii) When the Company is allowed to place Facilities above ground in accordance with Section 7, the Company may attach its Facilities to an existing utility pole pursuant to a properly executed agreement with the pole owner, provided, however, that any necessary replacement of the pole in order to accommodate the attachment shall be subject to the proper exercise of the City's police powers, and in no instance shall the Company erect an additional pole within an existing aerial pole line absent the City's prior authorization.

(iii) Above-ground pedestals, above-ground vaults, cabinets, poles or other similar above-ground Facilities, may be installed only if approved by the City where alternative underground Facilities are not feasible or where underground requirements are otherwise waived pursuant to Section 7. Such above-ground Facilities shall generally be located behind the sidewalk where feasible and when placed along arterial streets shall be screened from public view by ornamental grasses or the equivalent when requested by the City. The Company shall be responsible for the installation or restoration of such screening; the City shall be responsible for routine maintenance.

(g) *Right-of-Way Management Code.* The City reserves its rights to adopt a right-of-way management and construction standards ordinance of general applicability pursuant to its public health, safety and welfare, which includes aesthetics, authority which shall apply to this franchise except where inconsistent with a material term of this franchise and the Company reserves its rights to recover such costs to the extent provided by applicable law.

(h) *Permit Requirements.*

(i) Any request for permits shall be complete, including a written description of work with applicable maps and aerials having routs clearly marked and proper dimensions shown.

(ii) This franchise establishes the general rules and scope of authority for the Company to construct and maintain its Electric Utility System within the Right-of-Way. The Company is still required to obtain individual permitting approval from the City Engineer prior to engaging in actual construction of its specific Facilities within the Right-of-Way.

(iii) Except in the case of an emergency situation, prior to any excavation within the

Right-of-Way, the Company shall obtain a permit, pay all applicable fees, and perform such work in accordance with applicable provisions of the City Right-of-Way Management Code, and any ordinances or regulations that may be adopted by the City regarding excavation work.

(i) *Construction Plans.* At least ten (10) business days before the beginning of any installation, removal or relocation of its Facilities greater in length than 660 feet, the Company shall submit detailed plans of the proposed action to the City Engineer. The City Engineer shall, within ten (10) business days of receipt of such plans, either approve the plans or inform the Company of the reasons for disapproval. The Company shall designate a responsible contact person with whom representatives of the City Engineer can communicate on all matters relating to Facilities installation and maintenance.

(j) *As-Built Drawings.* The Company shall keep and maintain accurate records and as-built drawings, in electronic format, of all underground Facilities (except customer service lines) constructed, reconstructed, or relocated in the Right-of-Way commencing six (6) months after the effective date hereof. Such Facilities shall be horizontally and vertically located at least every 100 feet and at any alignment change. All points of Facilities shall be horizontally located from street centerline, or section or quarter section lines or corners. Vertical locations on all points of Facilities shall consist of elevations in either City datum or United States Geological Survey datum. The Company shall cooperate promptly and fully with the City and take all reasonable measures necessary to provide accurate and complete information regarding the nature and horizontal and vertical location of its existing Facilities located within Right-of-Way when requested by the City or its authorized agents for a Public Project. Such location and identification shall be at the sole expense of the Company without expense to the City, its employees, agents, or authorized contractors.

(k) *Wires.* Where practicable, wires shall be placed nineteen (19) feet or more above the level of the street, except new wires shall be placed up to twenty-two (22) feet above the level of the street where reasonably requested by the City. Where practicable, any poles placed in the street Right-of-Way shall be located on the lot line and six (6) feet inside the curb line.

(l) *Street Closure.* Except in the case of an emergency situation, the Company shall notify the City not less than twenty (20) working days in advance (such notice to be adequate for timely notice on the governing body agenda under City procedures) of any construction, reconstruction, repair, or relocation of Facilities that would require any street closure that reduces traffic flow to less than two lanes of moving traffic. Except in the event of an Emergency, no such closure shall take place without prior authorization from the City. In addition, all work performed in the traveled way or which in any way impacts vehicular or pedestrian traffic shall be properly signed, barricaded, and otherwise protected in conformance with the latest edition of the Manual of Uniform Traffic Control Devices unless otherwise agreed to by the City.

(m) *Relocation for Public Projects.* The Company shall coordinate with the City on the design and placement of Facilities in the Right-of-Way during and for the design of Public Projects. At the request and sole expense of the Company, the City may include design for Facilities in the design of Public Projects. Upon request by the City and within the time period specified in the City's request, the Company shall locate, remove, relocate, or adjust any Facilities located in Right-of-Way if reasonably necessary for a Public Project. Such location, removal, relocation, or adjustment for a particular Public Project shall be performed by the Company once without expense to the City, its employees, agents, or authorized contractors and shall be specifically subject to rules and regulations of the City pertaining to such. Such relocation or adjustment shall be completed as soon as possible within the time set forth in any request by the City for such relocation or adjustment. If additional location, removal, relocation, or adjustment becomes necessary as a result of inaccurate or mistaken information provided by the Company or City, the party which provided such inaccurate or mistaken information shall be

responsible for costs associated with such additional location, removal, relocation, or adjustment without expense to the other party. The City will use its best efforts, but is not required, to continue to provide a location in the Right-of-Way for the Company's Facilities as part of a Public Project, provided that the Company has cooperated promptly and fully with the City in the design of its Facilities as part of the Public Project.

(n) *Protect Facilities.* It shall be the responsibility of the Company to take adequate measures to protect and defend its Facilities in the Right-of-Way from harm or damage. If the Company fails to accurately locate Facilities when requested, it shall have no claim for costs or damages against the City or its authorized contractors except to the extent the City or its authorized contractors are responsible for the harm or damage by their gross negligence or intentional conduct. The Company shall be responsible to the City and its agents, representatives, and authorized contractors for all damages, including but not limited to delay damages, repair costs, down time, construction delays, penalties or other expenses of any kind, arising out of the failure of the Company to perform any of its obligations under this franchise except to the extent another party is responsible for the harm or damage by its negligence or intentionally caused harm. The above general provisions notwithstanding, the City and its authorized contractors shall take reasonable precautionary measures including calling for utility locations through Kansas One Call and exercising due caution when working near Company Facilities.

(o) *ULCC.* The Company shall become and remain a member of and participate in the Utility Location and Coordination Council established by ordinance of the City.

(p) *Technical Standards.* All technical standards governing construction, reconstruction, installation, operation, testing, use, maintenance, and dismantling of the Facilities in the Right-of-Way shall be in accordance with applicable present and future federal, state, and City law and regulation, including but not limited to the most recent standards of the Kansas Corporation Commission and the Kansas Department of Transportation, or such substantive equivalents as may hereafter be adopted or promulgated. The standards established in this paragraph are minimum standards and the requirements established or referenced in this franchise may be in addition to or stricter than such minimum standards.

(q) *Conservation of Right-of-Way.* The City encourages the conservation of Right-of-Way by the sharing of space by all utilities. Notwithstanding any provision of this franchise prohibiting third party use, to the extent required by federal or state law, the Company will permit any other franchised entity, by appropriate contract or agreement negotiated by the parties to use any and all Facilities constructed or erected by the Company.

(r) *Structure Moving.* On the request of any applicant, the Company shall remove or raise or lower its wires temporarily to permit the moving of houses or other structures. The expense of such temporary removal, raising or lowering of wires shall be paid by the applicant, and the Company may require such payment in advance. The Company shall be given not less than fifteen (15) calendar days' written notice from the applicant detailing the time and location of the moving operations, and not less than twenty-four (24) hours' advance notice from the applicant advising of the actual operation. However, the City shall not be liable for any such expense for the moving of houses or structures by the City or its contractors.

(s) *Conduit.* If the Company, in its sole discretion, determines that it has spare ducts in its underground conduits, or spare pins, crossarms, or space on any of its poles not then necessary for the provision of Electric Utility Service, and not needed for future anticipated load growth or Emergencies, the Company may permit the City to use one such duct in each conduit, or reasonable spaces on poles, or both, for the City's police and fire alarm wires, traffic control wires or cable, fiber-optic lines connecting City facilities, or other similar, appropriate non-commercial uses, provided that such use by the City is in compliance with the National Electric Safety

Code and at the expense of the City. If the Company constructs or extends additional conduits or erects additional poles, the City, at the City's sole expense, may require the Company to provide one such duct in each conduit, or reasonable space on poles, or both, for the City's own use as aforesaid.

(t) *Commercial Purposes.* City shall not sell, lease or otherwise make available its rights to use the Company's Facilities as set forth herein to any third party for commercial purposes. Such rights are provided solely for the non-commercial use of the City or other governmental entity. However, this restriction shall not prevent the City from using the services of a third party commercial entity to manage or operate the City's facilities on behalf of the City, so long as no resale or other commercial use of such facilities shall occur.

SECTION 6. WORK BY OTHERS.

(a) The City reserves the right to lay, and permit to be laid, storm sewer, gas, water, wastewater and other pipelines, cables, and conduits, and to do and permit to be done any underground or overhead work that may be necessary or proper in, across, along, over, or under the Right-of-Way occupied by the Company. The City also reserves the right to change, in any manner, any curb, sidewalk, highway, alley, public way or street. In permitting such work to be done, the City shall not be liable to the Company for any damage so occasioned, but nothing herein shall relieve any other Person from responsibility for damages to the Facilities of the Company.

(b) If the City shall require the Company to adapt or conform its Electric Utility System, or in any way or manner to alter, relocate, or change its property to enable any other Person to use, or use with greater convenience, said Right-of-Way, the Company shall not be bound to make any such changes until such other Person shall have undertaken, with good and sufficient bond, to reimburse the Company for any cost, loss, or expense which will be caused by, or arise out of such change, alteration, or relocation of the Company's property. Provided, however, that the City shall never be liable for such reimbursement due to the Company from such Person.

SECTION 7. UNDERGROUND REQUIREMENTS.

(a) The Company shall use commercially reasonable efforts to provide that all Facilities constructed, replaced, or relocated in the Right-of-Way after the date hereof shall be placed underground unless, because of the nature of the Facility or the standard construction or operating practices of the Company, the Company requests approval for such Facilities to be placed above ground. Upon receipt of such request, the City Engineer shall review and approve the plans for the above ground placement of Facilities in accordance with reasonable procedures established by the City, and subject to such reasonable conditions as the City may establish for public safety, appearance, or coordination with Public Projects. Where there are obstructions in the Right-of-Way, such as trees, shrubs, other utilities, commercial signs, man-made structures, or other like obstructions that make the cost of such underground burial unreasonable, the Company may request waiver of this requirement, in which event the City will not unreasonably withhold consent.

(b) All new Facilities installed in the Downtown Area shall be installed underground. Additionally, all replacement or upgrading of Facilities in the Downtown Area shall be installed underground.

(c) The City may require any portions of Company's Facilities in the Downtown Area that are not presently underground to be placed underground. The City shall provide reasonable written notice to the Company of the City's request that such Facilities be placed underground. The Company shall promptly undertake the removal and replacement of such Facilities to underground locations at no cost to the City.

(d) Except as may otherwise be provided by other applicable ordinances of the City, where reasonable and appropriate and where adequate Right-of-Way exists, the Company shall place

above-ground Facilities underground in conjunction with City capital improvement projects and/or at specific locations requested by the City provided that such placement is practical, efficient, and economically feasible.

(e) Where not otherwise required to be placed underground by this franchise, the Company's Facilities shall be located underground at the request of the adjacent property owner, provided the placement of such Facilities shall be consistent with the Company's construction and operating standards and provided that property owner making the request pays the Company for such undergrounding pursuant to the Company's applicable tariffs and terms and conditions.

(f) When undertaking a project of undergrounding, the City and the Company shall, to the extent practicable, work with other utilities or companies that have their lines overhead to have all lines undergrounded as part of the same project. When other utilities or companies are placing their lines underground, the Company shall cooperate with these utilities and companies and undertake to underground Company's Facilities as part of the same project where feasible; provided, however, the Company shall not be required to pay the costs of any other utility or company.

(g) The Company shall use commercially reasonable efforts to coordinate its installation of new underground Facilities with preexisting underground facilities of other companies. The underground requirements of this subsection shall not apply to the maintenance and repair of existing Facilities, as determined by the City Engineer, except as may be required in Section 7(b).

SECTION 8. INDEMNITY AND HOLD HARMLESS; LIABILITY; INSURANCE; SURETY BOND.

(a) The Company shall hold and save the City, its officers, employees, agents, and authorized contractors, harmless from and against all claims, damages, expense, liability, and costs including attorney fees, to the extent occasioned in any manner by the Company's occupancy of Right-of-Way, except to the extent that such were caused by the negligence or intentional conduct of the City, its officers, employees, agents, or authorized contractors. In the event a claim shall be made or an action shall be instituted against the City growing out of such occupancy of the Right-of-Way by Facilities of the Company, then upon notice by the City to the Company, the Company will assume responsibility for the defense of such actions at the cost of the Company, subject to the option of the City to appear in and defend, at its own cost, any such case. However, the Company shall have no duty to defend any such action to the extent that such action has resulted from the negligence or intentional conduct of the City, its officers, employees, agents, or authorized contractors.

(b) The Company shall maintain throughout the term of this franchise insurance insuring the City and the Company with regard to all damages set forth in paragraph (a) of this section, in the minimum amounts of:

(i) $1,000,000 for bodily injury or death to a person;

$3,000,000 for property damage resulting from any one accident;

(ii) $50,000 for property damage resulting from any one accident;

(iii) $1,000,000 for all other types of liability.

Should Company elect to self-insure for this purpose, the Company shall possess a certificate of authority from the Kansas Insurance Commissioner.

(c) On or before the Effective Date of this franchise (or the date of first use of the Right-of-Way under this franchise, if later), and as a condition precedent to the effectiveness of the franchise, the Company shall deposit with the City a surety bond in the amount of $100,000, payable to the City and securing the payment of repair or maintenance costs incurred as a result of any defects, impairments, or substandard condition in the Right-of-Way caused by the work of the Company or resulting from the Company's activities in the Right-of-Way. The required surety bond must be with good and sufficient sureties, issued by a surety company

authorized to transact business in the State of Kansas, and satisfactory to the City Attorney in form and substance.

SECTION 9. REGULATORY PROVISIONS.

(a) Nothing contained in this section shall be construed as waiving the rights of either the City or the Company to review in the courts, in such manner as is now or may hereafter be provided by law, any rules, findings, or orders of a regulatory body, the Company, or the City.

SECTION 10. STREET LIGHTING.

The City shall have the option at any time after the taking effect of this franchise, to acquire title to the wiring, poles, conduits, lamps, and other appurtenances (exclusive of the power house and generating equipment) which may be at said time used or useful exclusively in any street lighting of the City. Such property and facilities shall be sold to the City by Company, its successors or assigns, at the fair cash value of the physical properties. In the event of the exercise of the option by the City to take over said street lighting property, there shall be no allowance to the Company, its successors or assigns, for any element or item of intangible value, blue sky, nor any good will or going concern value, nor any "Severance Damages," or stranded costs or stranded value. Nothing herein shall be construed to in any manner preclude or prevent the City from acquiring title by any means authorized by law to any part, portion or all of the electric property of the Company, its successors or assigns or preclude or prevent Company from selling its street lighting system to a third party or give City a right of first refusal or option of any kind in connection with such a transaction. In the event Company sells its said street lighting system to a third party, the provisions of this Section shall be null and void and of no further effect.

SECTION 11. ASSIGNMENT AND TRANSFER.

This franchise shall be assignable only in accordance with the laws of the State of Kansas, as the same may exist at the time when any assignment is made, provided, however, that the franchise may be assigned by the Company without action by the City to any entity which succeeds to all or substantially all of the electric utility business of the Company. Provided, however, in the event that the Company is no longer required to obtain the approval of the Kansas Corporation Commission for an assignment, such assignment shall be subject to the consent of the City, which consent shall not be unreasonably withheld. In the event of an assignment to a successor, the Company shall be released from all obligations which are assumed in writing by such successor and the assignee shall have executed an assumption of the franchise being assigned.

SECTION 12. TERMINATION AND FORFEITURE OF FRANCHISE.

(a) In addition to all other rights and powers retained by the City under this franchise, the City reserves the right to terminate the franchise and all rights and privileges of the Company hereunder, in the event of a material failure on the part of the Company, its successors or assigns, to comply with any of the provisions of this ordinance, or if the Company, its successors or assigns, should do or cause to be done any material act or thing prohibited by or in violation of the terms of this ordinance. In such event, the Company, its successors and assigns, shall forfeit all rights and privileges granted by this ordinance and all rights hereunder shall cease, terminate and become null and void, provided that said forfeiture shall not take effect until the City shall carry out the following proceedings:

(i) Before the City terminates the franchise, it shall first serve a written notice upon the Company, and upon the trustee or trustees in any deed of trust securing bonds of the Company of record in Sedgwick County, Kansas, or the office of the Secretary of State of Kansas, by mailing notice to the Company and to such trustee or trustees to the address designated in such trust deed, setting forth in detail in such notice the neglect or failure complained of.

(ii) The Company shall have sixty (60) calendar days thereafter in which to comply with the conditions of this franchise.

(iii) If, at the end of such sixty day period, the City determines that the conditions of such franchise have not been complied with by the Company and that such franchise is subject to termination by reason thereof, the City, in order to terminate such franchise, shall enact an ordinance setting out the grounds upon which the franchise is to be terminated.

(iv) If within thirty (30) calendar days after the effective date of said ordinance the Company shall not have instituted an action, either in the District Court of Sedgwick County, Kansas, or some other court of competent jurisdiction to determine whether or not the Company has violated the terms of this franchise and that the franchise is subject to termination by reason thereof, such franchise shall be terminated at the end of such thirty day period.

(v) If within such thirty day period the Company does institute an action, as above provided, to determine whether or not Company has violated the terms of this franchise and that the franchise is subject to termination by reason thereof and prosecutes such action to final judgment with due diligence, then, in that event, in case the court finds that the franchise is subject to termination by reason of the violation of its terms, this franchise shall terminate thirty (30) calendar days after such final judgment is rendered.

(b) In the event of a final adjudication of bankruptcy of the Company under Title 11 of the United States Code, the City shall have full power and authority to terminate, revoke, and cancel any and all rights granted under this franchise.

(c) The failure of the Company to comply with any of the provisions of this franchise or the doing or causing to be done by the Company of anything prohibited by or in violation of the terms of this franchise shall not be a ground for the termination thereof when such act or omission on the part of the Company is due to any cause or delay beyond the control of the Company, its successors and assigns, or bona fide legal proceedings.

SECTION 13. RIGHTS AND DUTIES OF COMPANY UPON EXPIRATION OR TERMINATION OF FRANCHISE.

Upon expiration of this franchise, whether by lapse of time, by agreement between Company and City, or by forfeiture thereof, the Company shall have the right to remove any and all of its Facilities used in its Electric Utility Service within a reasonable time after such expiration or termination, unless the City notifies the Company in writing that the City or a third party intends to purchase the Facilities. In the event the City notifies the Company that the Facilities are to be purchased, the Facilities shall be sold to the City or the third party by Company, its successors or assigns, for the compensation provided by applicable law. In the event the City notifies the Company that the Facilities can be removed by the Company, it shall be the duty of the Company, immediately upon such removal, to restore the streets, avenues, alleys, parks and other public ways and grounds from which said Facilities are removed to as good condition as the same were before said removal was effected.

SECTION 14. ACCEPTANCE.

Prior to the effective date of this ordinance the Company shall file with the City Clerk of the City of Wichita its acceptance in writing of the provisions, terms and conditions of this ordinance, which acceptance shall be duly acknowledged before an officer authorized by law to administer oaths. When so accepted the ordinance and acceptance shall constitute a contract between the City and the Company subject to the provisions of the laws of the state of Kansas.

SECTION 15. CONDITIONS OF FRANCHISE.

This contract, franchise, grant and privilege is granted and accepted under and subject to all

applicable laws and under and subject to all of the orders, rules, and regulations now or hereafter adopted by governmental bodies now or hereafter having jurisdiction, and each and every provision hereof shall be subject to acts of God, fires, strikes, riots, floods, war and other causes beyond Company's control.

SECTION 16. RESERVATION OF RIGHTS.

(a) The City specifically reserves its right and authority as a Customer of the Company and as a public entity with responsibilities towards its citizens, to participate to the full extent allowed by law in proceedings concerning the Company's rates and services to ensure the rendering of efficient Electric Utility Service at reasonable rates, and the maintenance of the Company's property in good repair and the Company reserves its right to resist such participation.

(b) In granting its consent hereunder, the City does not in any manner waive its regulatory or other rights and powers under and by virtue of the laws of the State of Kansas as the same may be amended, nor any of its rights and powers under or by virtue of present or future ordinances of the City.

SECTION 17. NOTICES.

Except in Emergencies, all notices by either the City or the Company to the other shall be made by either depositing such notice in the U.S. Mail, Certified Mail, return receipt requested, or by facsimile. Any notice served by Certified Mail, return receipt requested, shall be deemed delivered five (5) calendar days after the date of such deposit in the U.S. Mail unless otherwise provided. Any notice given by facsimile is deemed received by the next business day. Emergency notices shall be provided by telephone, with written notice immediately following by facsimile. All notices shall be addressed to the City as follows:

City Clerk
City Hall - 13th Floor
455 N. Main Street
Wichita, KS 67202-1635

Notice to Company shall be addressed to the Company as follows:

Butler Rural Electric Cooperative Association, Inc.
Attn: Sarah Madden
P.O. Box 1242
El Dorado, KS 67042

Notice shall be given as required by the terms of this ordinance and for all Emergencies. Notice shall be provided to the above-named addressees unless directed otherwise in writing by City or Company.

SECTION 18. NON-WAIVER PROVISION.

The failure of either party to insist in any one or more instances upon the strict performance of any one or more of the terms or provisions of this ordinance shall not be construed as a waiver or relinquishment for the future of any such term or provision, and the same shall continue in full force and effect. No waiver or relinquishment shall be deemed to have been made by either party unless said waiver or relinquishment is in writing and signed by the parties.

SECTION 19. SEVERABILITY.

If any clause, sentence, or section of this ordinance, or any portion thereof, shall be declared by a court of competent jurisdiction to be invalid, such decision shall not affect the validity of the remainder, as a whole or any part thereof, other than the part declared to be invalid; provided, however, the City may elect to declare that the entire agreement is invalidated if the portion declared invalid is, in the judgment of the City, an essential part of this ordinance.

This ordinance shall be included in the Code of the City of Wichita, Kansas, and shall be effective upon its passage and publication once in the official city paper.

PASSED by the governing body of the City of Wichita, Kansas, this 13th day of February 2024.

Title:

KANSAS GAS AND ELECTRIC COMPANY FRANCHISE ORDINANCE NO. 49-913

AN ORDINANCE OF THE CITY OF WICHITA, GRANTING TO KANSAS GAS AND ELECTRIC COMPANY, A KANSAS CORPORATION, DOING BUSINESS AS WESTAR ENERGY, AN ELECTRIC FRANCHISE INCLUDING THE RIGHT TO CONSTRUCT, OPERATE AND MAINTAIN ELECTRIC TRANSMISSION, DISTRIBUTION AND STREET LIGHTING FACILITIES WITHIN THE CORPORATE LIMITS OF THE CITY OF WICHITA, KANSAS.

THEREFORE BE IT ORDAINED BY THE GOVERNING BODY OF THE CITY OF WICHITA, KANSAS:

SECTION 1. DEFINITIONS.

(a) For purposes of this Franchise, the following words and phrases shall have the meanings given herein:

City as the Grantor—shall mean the City of Wichita, Kansas.

Company as the Grantee—shall mean Kansas Gas and Electric Company, doing business as Westar Energy.

Distributed or Distribution—shall mean all sales, distribution, or transportation by the Company or by others through the Facilities of the Company in the Right-of-Way to any consumer for use within the City.

Downtown Area—shall mean the area described as follows: Starting at a point on the east bank of the Arkansas River at Douglas, thence northerly along said bank of the River to Second Street; thence northeasterly to Greenway Boulevard; following said boulevard northerly to Central; following Central northeasterly to its junction with Waco; thence north on Waco to Pine, east on Pine to Market. south on Market to Central, east on Central to Washington, south on Washington to Waterman, west on Waterman to St. Francis, south on St. Francis to Kellogg, West on Kellogg to the east bank of the River; thence northerly following the east bank of the River to the point of beginning on Douglas.

Electric Utility Service—shall mean and include:

(i) all sales of electricity to all Customers at retail within the corporate limits of the City;

(ii) ancillary or unbundled electric services provided to all Customers at retail within the corporate city limits of the City when sold separately from kWh which shall include, but not be limited to: reactive supply and voltage control; scheduling; system control and dispatch; regulation and frequency response; energy imbalance; operating reserves; supplemental reserves, and spinning reserves; and

(iii) transmission and distribution of electricity when sold separately from energy to any person located within the city limits of the City.

Electric Utility System or *System*—shall mean an electric power system installed and operated in the City in compliance with applicable rules and regulations of the Federal Energy Regulatory Commission (FERC) and Kansas Corporation Commission (KCC), and their successors, which shall include, but not be limited to, the generation, transmission and distribution facilities, equipment and administrative services necessary to provide electric service for any use in the City, and such extensions, additions or reductions as may hereafter be made.

Facilities—shall mean all electric distribution lines, substations, works, and plants together with all necessary appurtenances thereto.

Gross receipts—shall mean any and all compensation and other consideration derived by the Company from any Distribution of Electric Utility Service to a consumer for any use within the City, including domestic, commercial and industrial purposes, through

charges as provided in tariffs filed and approved, and including without limitation interruptible sales and single sales; and all revenues from any operation or use of any or all of the Facilities in the Right-of-Way by others. Such term shall not include revenues from certain miscellaneous charges and accounts, including but not limited to delayed or late payment charges, connection and disconnection fees, reconnection fees, customer project contributions, returned check charges, and temporary service charges.

Public Improvement—shall mean any existing or contemplated public facility, building, or capital improvement project, financed by the City, including without limitation, streets, alleys, sidewalks, sewer, water, drainage, Right-of-Way improvement, and Public Projects.

Public Project—shall mean any project planned or undertaken and financed by the City or any governmental entity for construction, reconstruction, maintenance, or repair of public facilities or improvements, or any other purpose of a public nature.

Public Project for Private Development—shall mean a Public Project, or that portion thereof, arising solely from a request or requirement of a third (3rd) party that primarily benefits a third (3rd) party.

Right-of-Way—shall mean present and developed streets, alleys, rights-of-way dedicated or acquired right-of-way interest in the real property that is developed, and public easements, including easements dedicated to the City in plats of the City for streets and alleys but not including any Utility Easement.

Street Right-of-Way—shall mean the entire width between property lines of land, property, or an interest therein of every way publicly maintained, dedicated right-of-way where any part thereof is open to the use of the public for purposes of vehicular traffic, including street, avenue, boulevard, highway, expressway, alley, or any other public way for vehicular travel by whatever name.

Utility Easement—shall mean an easement owned by or dedicated to the City for the purpose of providing the Company and other utilities access to customers and users of any utility service.

(b) Definitions maintained in the parties' prior agreement, Franchise Ordinance 45-987, shall apply to any terms of dispute that are not specifically defined herein.

SECTION 2. GRANT. There is hereby granted to Company, the non-exclusive right, privilege, and franchise to construct, maintain, extend, and operate its Facilities in, through, and along the Right-of-Way of the City for the purpose of supplying electric energy to the City and the inhabitants thereof for the full term of this Franchise; subject, however, to the terms and conditions herein set forth. Nothing in this grant shall be construed to franchise or authorize the use of the Company's Facilities or the Right-of-Way by the Company or others, for any purpose not related to the provision of electric energy. The Company may not allow a subsidiary, affiliate, or a third (3rd) party to acquire rights to occupy the Rights-of-Way under this Franchise; provided, that nothing in this section shall prevent Company from allowing the use of its Facilities by others when such use is compensated to the City under the provisions of a franchise granted by the City to any such third party.

The Company must revise its franchise fee payments due to any expansion or reduction by annexation or contraction within a reasonable time after receipt of notice from the City, but in no event later than thirty (30) calendar days after receipt of such notice.

SECTION 3. TERM.

a. The term of this Franchise shall be twenty (20) years from the effective date of this Ordinance.

b. Upon 60 days advance written notice by the City, the franchise fee percentage rate may be changed on the fifth, tenth or fifteenth anniversary of the effective date of this Ordinance.

c. Upon written request of either the City or the Company, the franchise shall be reopened and renegotiated at any time upon any of the following events:

1. Change in federal, state, or local law, regulation, or order which materially affects any rights or obligations of either the City or the Company, including but not limited to the scope of the grant to the Company or the compensation to be received by the City; or
2. Change in the structure or operation of the electrical energy industry or the City which materially affects any rights or obligations of either the City or the Company, including but not limited to the scope of the grant to the Company or the compensation to be received by the City;
3. Any new or amended contract entered into by either party that materially affects this franchise agreement;
4. Any other material and unintended change or shift in the economic benefit to the City or a change the Company did not anticipate upon accepting the grant of this Franchise; or
5. Any other mutually agreed upon reason.

d. Amendments under this section, if any, shall be made by ordinance as prescribed by statute. The franchise shall remain in effect according to its terms pending completion of any review or renegotiation pursuant to subsection (c).

SECTION 4. COMPENSATION TO THE CITY.

a. In consideration of and as compensation for the franchise hereby granted to the Company by the City, the Company shall make an accounting on a monthly basis of all Gross Receipts it has earned within City Limits during the preceding month. The Company shall pay the City:

A monthly sum equal to six percent (6%) of the Gross Receipts received for the preceding month; and the above sum shall be adjusted for uncollectible receivables and for receivables which are later collected.

b. Payment of the compensation above shall be effective on the first day of the first month after final passage and approval by the City and acceptance by the Company. Prior to that date, payments shall continue to be calculated and be paid in the manner previously provided in Ordinance 45-987. Such payments shall be made to the City under procedures, which are mutually agreed to by the Company and the City within thirty (30) days of the last day of the month to which such accounting shall apply.

c. Notwithstanding anything to the contrary in this Franchise, the fee provided for in this Section 4 shall not become effective within any area annexed by the City until 30 days after the City provides the Company with a certified copy of the annexation ordinance, proof of publication as required by law and a map of the city detailing the annexed area.

d. Company will use commercially reasonable efforts to ensure the accuracy of its records and of the determination of the amount of Gross Receipts subject to the fee provided for in this Section 4. In the event and to the extent the accounting rendered to the City by the Company is found to be incorrect due to Company's failure to use commercially reasonable efforts as provided herein, then payment shall be made on the corrected amount within 30 days of discovery of the mistake, it being agreed that the City may accept any amount offered by the Company, but the acceptance thereof by the City shall not be deemed a settlement of such item if the amount is in dispute or later found to be incorrect. The Company agrees that all of its books, records, documents, contracts and agreements as may be reasonably necessary for an effective compliance review of this Ordinance shall upon reasonable notice and at all reasonable times be opened to the inspection and examination of the officers of the City and its duly authorized agents, auditor, and employees for the purpose of verifying said accounting. Notwithstanding the obligation herein, the Company shall have the right to require the reasonable protection of proprietary information of the Company.

e. Both parties have a mutual interest in increasing the quality and quantity of appropriate trees in the City right-of-way, while reducing

reoccurring line clearance pruning and educating and improving communications with landowners and Westar customers concerning areas where street ROW and Westar utility easement are in the same location.

The City shall put forth a good faith effort to utilize 1% of the Gross Receipts towards its tree maintenance program through the City of Wichita Parks and Recreation Forestry and Reforestation Department. To accomplish this good faith effort, the City Forestry section will commit to the utilization of the 1% of the Gross Receipts to hiring employees, purchasing, planting, and all maintenance of trees that follow the "Right Tree, Right Place" principals when the tree location is within a utility easement and/or right-or-way. Should funds from the 1% of Gross Receipts exceed the commitment referenced above, trees and other maintenance projects for other ROW or publicly controlled property under the jurisdiction of Park and Recreation will be selected as deemed appropriate by the Forestry section.

SECTION 5. PAYMENT AND CHARGES. The payments and compensation herein provided shall not be in lieu of all other licenses, permits, taxes, charges, and fees. Additionally, the usual general property taxes and special ad valorem property assessments, sales and excise taxes, or charges made for privileges which are not connected with the electric energy business, will be imposed on the Company and are not covered by the payments herein.

SECTION 6. USE OF RIGHT-OF-WAY.

a. The use of the Right-of-Way under this Franchise by the Company shall be subject to all rules, regulations, policies, resolutions, and ordinances now or hereafter adopted or promulgated by the City in the reasonable exercise of its police power relating to use, placement, location, or management of utilities located in the City's Right-of-way. In addition, the Company shall be subject to all laws, rules, regulations, policies, resolutions, and ordinances now or hereafter adopted or promulgated by the City in the reasonable exercise of its police power relating to permits, fees, sidewalk and pavement cuts, utility location, construction coordination, screening, and other requirements on the use of the Right-of-Way; provided, however, that nothing contained herein shall constitute a waiver of or be construed as waiving the right of the Company to oppose, challenge, or seek judicial review of, in such manner as is now or may hereafter be provided by law, any such rules, regulation, policy, resolution, or ordinance proposed, adopted, or promulgated by the City. Further, the Company shall comply with the following:

b. The Company's use of the Right-of-Way shall in all matters be subordinate to the City's use of the Right-of-Way for any public purpose. The Company shall coordinate the installation of its Facilities in the Right-of-Way in a manner which minimizes adverse impact on Public Improvements, as reasonably determined by the City. Where installation is not otherwise regulated, the Facilities shall be placed with adequate clearance from such Public Improvements so as not to conflict with such Public Improvement.

c. All earth, materials, sidewalks, paving, crossings, utilities, Public Improvements, or improvements of any kind located within the Right-of-Way damaged or removed by the Company in its activities under this Franchise shall be fully repaired or replaced promptly by the Company without cost to the City, however, when such activity is a joint project of utilities or franchise holders, the expenses thereof shall be prorated among the participants, and to the reasonable satisfaction of the City in accordance with the ordinances and regulations of the City pertaining thereto.

d. Except in the event of an emergency, as reasonably determined by the Company, the Company shall comply with all laws, rules, regulations, policies, resolutions, or ordinances now or hereinafter adopted or promulgated by the City relating to any construction, reconstruction, repair, or relocation of Facilities which would require any street closure which reduces traffic flow.

Except in the event of an emergency, the Company is required to obtain individual permitting approval from the City Engineer prior to engaging in actual construction of its specific Facilities within the Right-of-Way. City shall

provide a response to the permit request within 10 days of the date the request is made. Notwithstanding the foregoing exception all work, including emergency work performed in the traveled way or which in any way impacts vehicular or pedestrian traffic shall be properly signed, barricaded, and otherwise protected.

e. The Company shall cooperate promptly and fully with the City and take all reasonable measures necessary to provide accurate and complete information regarding the location of its Facilities located within the Right-of-Way when requested by the City or its authorized agents for a Public Project. Such location and identification shall be promptly communicated in writing to the City without cost to the City, its employees, agents, or authorized contractors. The Company shall designate and maintain an agent, familiar with the Facilities, who is responsible for providing timely information needed by the City for the design and replacement of Facilities in the Right-of-Way during and for the design of Public Improvements. At the request of the Company, the City may include design for Facilities in the design of Public Projects. Also at the request of the Company, the City and/or its contractor(s) or agent(s) shall provide accurate and timely field locations of proposed Public Projects in the event the Company is required to install new and/or relocate its Facilities.

f. The Company shall promptly locate, remove, relocate, or adjust any Facilities located in the Right-of-Way if notified by the City for a Public Project. Such location removal, relocation, or adjustment for a particular Public Project shall be performed by the Company without expense to the City, its employees, agents, or authorized contractors, and shall be specifically subject to rules and regulations of the City pertaining to such. If additional location, removal, relocation, or adjustment is the result of the inaccurate or mistaken information of the Company, the Company shall be responsible for costs associated with such without expense to the City. Likewise, if additional location, removal, relocations or adjustment is the result of inaccurate or mistaken information of the City, the City shall reimburse the Company for any additional expense necessarily incurred by the Company directly due to such inaccurate or mistaken information. The Company shall only be responsible for removal, relocation, or adjustment of Facilities located in the Right-of-Way at the Company's sole cost once each five (5) years for that particular facility. The City shall reimburse the Company for the removal, relocation, or adjustment of the Company's Facilities located in the Right-of-Way if required before the expiration of five (5) years from the date of the last relocation, removal, or adjustment of that particular facility.

g. The Company shall not be responsible for the expenses of relocation to accommodate any new Public Project for Private Development initiated after the effective date of this Ordinance. The expenses attributable to such a project shall be the responsibility of the third (3rd) party upon the request and appropriate documentation of the Company. Before such expenses may be billed to the third (3rd) party, the Company shall be required to coordinate with the third (3rd) party and the City on the design and construction to ensure that the work required is necessary and done in a cost effective manner.

h. The City shall continue to provide a location in the Right-of-Way for the Company's Facilities as part of a Public Project, assuming the space is available and practical for use, provided that the Company has cooperated promptly and fully with the City in the design of its Facilities as part of the Public Project. If space is not available or practical for use, City shall use good faith efforts to provide a location in an alternate Right-of-Way for the Company's Facilities.

i. Prior to the Company's installation of Facilities in the Right-of-Way and after it provides the City with its proposed plans for the Facilities, the City may in its reasonable discretion designate certain locations or Facilities in the Right-of-Way to be excluded from use by Company for its Facilities, if in the reasonable judgment of the City Engineer the Facility or location is incompatible with the proposed Facilities or would be rendered unsafe or unstable by the installation. The City Engineer may further exclude certain other Facilities that have been designated or planned for use by the Company due to engineering, technological, proprietary, aesthetics, or legal

limitations or restrictions as may be reasonably determined by the City. The City shall provide a written explanation for any denial for a particular location and shall work with the Company to identify suitable alternatives.

At least ten (10) business days before the beginning of any installation, removal or relocation of its Facilities greater in length than 660 feet the Company shall submit detailed plans of the proposed action to the City Engineer. The City Engineer shall, within ten (10) business days of receipt of such plans, either approve the plans or inform the Company of the reasons for disapproval. The Company shall designate a responsible contact person with whom representatives of the City Engineer can communicate on all matters relating to Facilities installation and maintenance.

j. It shall be the responsibility of the Company to take adequate measures to protect and defend its Facilities in the Right-of-Way from harm or damage. If the Company fails to accurately locate Facilities when requested, it shall have no claim for costs or damages against the City. The Company shall be responsible to the City and its agents, representatives, and authorized contractors for all damages including, but not limited to, delay damages, repair costs, down time, construction delays, penalties or other expenses of any kind arising out of the failure of the Company to perform any of its obligations under this Ordinance. The above general provisions notwithstanding, the City and its authorized contractors shall take reasonable precautionary measures including calling for utility locations through Kansas One Call and exercising due caution when working near the Company's Facilities.

k. All technical standards governing construction, reconstruction, installation, operation, testing, use, maintenance, and dismantling of the Facilities in the Right-of-Way shall be in accordance with applicable present and future federal, state, and City laws and regulations, including but not limited to the most recent standards of the Kansas Corporation Commission and U.S. Department of Transportation. It is understood that the standards established in this paragraph are minimum standards and the requirements established or referenced in this Franchise may be additional to or stricter than such minimum standards.

l. The City encourages the conservation of the Right-of-Way by the sharing of space by all utilities. Notwithstanding provisions of this Franchise prohibiting third (3rd) party use, to the extent required by federal or state law, the Company will permit any other franchised entity by an appropriate grant, or a contract, or agreement negotiated by the parties, to use any and all Facilities constructed or erected by the Company.

m. Permission is hereby granted to the Company to trim trees upon and overhanging the right-of-way and utility easements. The Company shall perform line clearance work in accordance with regulations established under OSHA 29 CFR 1910.269. All pruning operations shall be performed by personnel qualified to perform the work and in accordance with the latest versions of ANSI Z133.1 (Safety Requirements for Pruning, Repairing, Maintaining and Removing Trees, and Cutting Brush) and ANSI A300 (Part 1) (Standard Practices for Tree, Shrub, and Other Woody Plant Maintenance). For routine trimming operations, customers shall be contacted at least one (1) week in advance by either personal contact or by informational door hanger.

n. The design, location, and nature of all Facilities to be placed in the Right-of-Way shall be subject to the reasonable review and approval of the City Engineer. Anything placed onto the Facilities is subject to reasonable review and approval of the City Engineer. This is a means to properly manage and control all Right-of-Way usage in the City, and to protect the public aesthetics, health, safety, and welfare. The review and approval is to ensure efficient coordination relating to Right-of-Way use relating to public and private utilities and to evaluate the configuration and size of Facilities that may be located in the Right-of-Way.

o. All technical standards governing construction, reconstruction, installation, operation, testing, use, maintenance, and dismantling of the Facilities in the Right-of- Way shall be in accordance with applicable present and future federal, state, and City law and regulation, including but

not limited to the most recent standards of the Kansas Corporation Commission and the Kansas Department of Transportation, or such substantive equivalents as may hereafter be adopted or promulgated. The standards established in this paragraph are minimum standards and the requirements established or referenced in this franchise may be in addition to or stricter than such minimum standards.

p. If the Company, in its sole discretion, determines that it has spare ducts in its underground conduits, or spare pins, crossarms, or space on any of its poles not then necessary for the provision of Electric Utility Service, and not needed for future anticipated load growth or Emergencies, the Company may permit the City to use one such duct in each conduit, or reasonable spaces on poles, or both, for the City's police and fire alarm wires. traffic control wires or cable, fiber-optic lines connecting City facilities, or other similar, appropriate non-commercial uses, provided that such use by the City is in compliance with the National Electric Safety Code and at the expense of the City. If the Company constructs or extends additional conduits or erects additional poles, the City, at the City's sole expense, may require the Company to provide one such duct in each conduit, or reasonable space on poles, or both, for the City's own use as aforesaid.

q. The City reserves the right to lay, and permit to be laid, storm sewer, gas, water, wastewater and other pipe lines, cables, and conduits, and to do and permit to be done any underground or overhead work that may be necessary or proper in, across, along, over, or under the Right-of-Way occupied by the Company. The City also reserves the right to change, in any manner, any curb, sidewalk, highway, alley, public way or street. In permitting such work to be done, the City shall meet all applicable codes. The City shall not be liable to the Company for any damage so occasioned, but nothing herein shall relieve any other Person from responsibility for damages to the Facilities of the Company due to negligence.

r. All new electric distribution facilities installed in the Downtown Area shall be installed underground. Additionally, all replacement or upgrading of electric distribution facilities in the Downtown Area shall be installed underground. The City may request any portions of Company's electric distribution facilities in the Downtown Area that are not presently underground to be placed underground at no cost to the City. The City shall provide reasonable written notice to the Company of the City's request that such electric distribution facilities be placed underground. Upon mutual agreement between the City and the Company regarding the request, the Company shall undertake the removal and replacement of such electric distribution facilities to underground locations on a schedule and under terms mutually agreed to by the City and Company.

s. For Facilities installed in any new subdivision within the City, Westar shall follow any applicable City Ordinance regarding installation of above-ground or underground Facilities.

SECTION 7. INDEMNITY AND HOLD HARMLESS.

a. The Company shall indemnify and hold and save the City, its officers, employees, agents, and authorized contractors, harmless from and against all claims, damages, expense, liability, and costs including reasonable attorney fees, to the extent occasioned in any manner by the Company's occupancy of the Right-of-Way. In the event a claim shall be made or an action shall be instituted against the City growing out of such occupancy of the Right-of-Way by Facilities of the Company, then upon notice by the City to the Company, the Company shall assume responsibility for the defense of such actions at the cost of the Company, subject to the option of the City to appear and defend.

b. The Company shall maintain throughout the term of this franchise insurance insuring the City and the Company with regard to all damages set forth in paragraph (a) of this section, in the minimum amounts of:

(i) $1,000,000 for bodily injury or death to a person, $3,000,000 for property damage resulting from any one accident;

(ii) $50,000 for property damage resulting from any one accident;

(iii) $1,000,000 for all other types of liability.

Should Company elect to self-insure for this purpose, the Company shall possess a certificate of authority from the Kansas Insurance Commissioner.

SECTION 8. RIGHT OF ASSIGNMENT. This Franchise shall be assignable only in accordance with the laws of the State of Kansas, as the same may exist at the time when any assignment is made.

SECTION 9. OPTION TO ACQUIRE. The City shall have the option at any time after the taking effect of this franchise, to acquire title to the wiring, poles, conduits, lamps, and other appurtenances (exclusive of the power house and generating equipment) which may be at said time used or useful exclusively in any street lighting of the City. Such property and facilities shall be sold to the City by Company, its successors or assigns, at a price determined by the formula identified in K.S.A. 66-1,176(c). Nothing herein shall be construed to in any manner preclude or prevent the City from acquiring title by any means authorized by law to any part, portion or all of the electric property of the Company, its successors or assigns or preclude or prevent Company from selling its street lighting system to a third party or give City a right of first refusal or option of any kind in connection with such a transaction. In the event Company sells its said street lighting system to a third party, the provisions of this Section shall be null and void and of no further effect.

SECTION 10. TERMINATION AND FORFEITURE OF FRANCHISE. The City reserves the right to terminate the franchise and all rights and privileges of the Company hereunder, in the event of a material failure on the part of the Company, its successors or assigns, to comply with any of the provisions of this ordinance, or if the Company, its successors or assigns, should do or cause to be done any material act or thing prohibited by or in violation of the terms of this ordinance. In such event, the Company, its successors and assigns, shall forfeit all rights and privileges granted by this ordinance and all rights hereunder shall cease, terminate and become null and void, provided that said forfeiture shall not take effect until the City shall carry out the following proceedings:

(a) Before the City terminates the franchise, it shall first serve a written notice upon the Company, and upon the trustee or trustees in any deed of trust securing bonds of the Company of record in Sedgwick County, Kansas, or the office of the Secretary of State of Kansas, by mailing notice to the Company and to such trustee or trustees to the address designated in such trust deed.

(b) The Company shall have sixty (60) calendar days thereafter in which to comply with the conditions of this franchise.

(c) If, at the end of such sixty day period, the City determines that the conditions of such franchise have not been complied with by the Company and that such franchise is subject to termination by reason thereof the City, in order to terminate such franchise, shall enact an ordinance setting out the grounds upon which the franchise is to be terminated.

(d) If within thirty (30) calendar days after the effective date of said ordinance the Company shall not have instituted an action, either in the District Court of Sedgwick County, Kansas, or some other court of competent jurisdiction to determine whether or not the Company has violated the terms of this franchise and that the franchise is subject to termination by reason thereof, such franchise shall be terminated at the end of such thirty day period.

(e) If within such thirty day period the Company does institute an action, as above provided, to determine whether or not Company has violated the terms of this franchise and that the franchise is subject to termination by reason thereof and prosecutes such action to final judgment with due diligence, then, in that event, in case the court finds that the franchise is subject to termination by reason of the viola-

tion of its terms, this franchise shall terminate thirty (30) calendar days after such final judgment is rendered.

In the event of a final adjudication of bankruptcy of the Company under Title 11 of the United States Code, the City shall have full power and authority to terminate, revoke, and cancel any and all rights granted under this franchise.

SECTION 11. ACCEPTANCE OF TERMS BY COMPANY. Within thirty (30) days after the final passage and approval of this Ordinance, the Company shall file with the City Clerk of the City its acceptance in writing of the provisions, terms and conditions of this Ordinance. This Ordinance shall constitute a non-exclusive contract between the City and the Company.

SECTION 12. CONDITIONS OF FRANCHISE. This non-exclusive franchise, grant, and privilege is granted under and subject to all applicable laws and under and subject to all of the orders, rules, and regulations now or hereafter adopted by governmental bodies now or hereafter having jurisdiction.

SECTION 13. RESERVATION OF RIGHTS. The City specifically reserves its right and authority as a Customer of the Company and as a public entity with responsibilities towards its citizens, to participate to the full extent allowed by law in proceedings concerning the Company's rates and services to ensure the rendering of efficient Electric Utility Service at reasonable rates, and the maintenance of the Company's property in good repair and the Company reserves its right to resist such participation.

In granting its consent hereunder, the City does not in any manner waive its regulatory or other rights and powers under and by virtue of the laws of the State of Kansas as the same may be amended, nor any of its rights and powers under or by virtue of present or future ordinances of the City.

SECTION 14. NOTICES. Except in Emergencies, all notices by either the City or the Company to the other shall be made by either depositing such notice in the U.S. Mail, Certified Mail, return receipt requested, or by facsimile. Any notice served by Certified Mail, return receipt requested, shall be deemed delivered five (5) calendar days after the date of such deposit in the U.S. Mail unless otherwise provided. Any notice given by facsimile is deemed received by the next business day. Emergency notices shall be provided by telephone, with written notice immediately following by facsimile. All notices shall be addressed to the City as follows:

City Clerk
455 N. Main Street
Wichita, Kansas 67202-1635

Notice to Company shall be addressed to the Company as follows:

Vice President, Customer Relations
818 S. Kansas Ave.
Topeka, KS 66612

Notice shall be given as required by the terms of this ordinance and for all Emergencies. Notice shall be provided to the above-named addressees unless directed otherwise in writing by City or Company.

SECTION 15. NON-WAIVER PROVISION. The failure of either party to insist in any one or more instances upon the strict performance of any one or more of the terms or provisions of this ordinance shall not be construed as a waiver or relinquishment for the future of any such term or provision, and the same shall continue in full force and effect. No waiver or relinquishment shall be deemed to have been made by either party unless said waiver or relinquishment is in writing and signed by the parties.

SECTION 16. INVALIDITY OF ORDINANCE. If any clause, sentence, or section of this Ordinance shall be held to be invalid, it shall not affect the remaining provisions of this Ordinance.

SECTION 17. GOVERNING LAW; VENUE.

a. Nothing in this franchise shall be considered as a surrender by the City of its right and power to use and relocate the use of its Right-of-Way.

b. The obligations and undertakings of both parties hereto shall be performed at Wichita, Sedgwick County. Kansas. In the event that any legal proceeding is brought to enforce the terms of this franchise, the same shall be brought in State or Federal courts, as appropriate, having jurisdiction for Sedgwick County, Kansas.

SECTION 18. EFFECTIVE DATE OF ORDINANCE. This Ordinance shall take effect and be in force on the first day of the first month after its passage and approval by the City, acceptance by the Company, and publication in the official city newspaper.

SECTION 19. REPEAL OF CONFLICTING ORDINANCES. Ordinance No. 45-987, which heretofore granted a non-exclusive franchise to the Company, and which became a contract between the City and the Company in accordance with its terms, and all other ordinances and resolutions or parts thereof inconsistent or in conflict with the terms hereof, are hereby canceled, annulled, repealed, and set aside.

PASSED and APPROVED by the Governing Body on the 16th day of December, 2014.

SEDGWICK COUNTY ELECTRIC COOPERATIVE ASSOCIATION, INC. ORDINANCE NO. 50-868

AN ORDINANCE OF THE CITY OF WICHITA, KANSAS, GRANTING TO SEDGWICK COUNTY ELECTRIC COOPERATIVE ASSOCIATION, INC., ITS SUCCESSORS AND ASSIGNS, AN ELECTRIC, LIGHT, HEAT, AND POWER FRANCHISE AND PRESCRIBING THE TERMS OF SAID GRANT AND RELATING THERETO.

BE IT ORDAINED BY THE GOVERNING BODY OF THE CITY OF WICHITA, KANSAS:

SECTION 1. DEFINITIONS. For purposes of this franchise, the following words and phrases shall have the meanings given herein:

"Arterial Streets"—shall mean those portions of Rights-of-Way designated as arterial streets by City of Wichita Code § 11.96.100.

"Business Day"—shall mean a day which is not a Saturday, Sunday, or any day designated as a holiday by the Congress of the United States, by the State of Kansas, or by the City of Wichita.

"City"—shall mean the City of Wichita, Kansas.

"Company"—shall mean Sedgwick County Electric Cooperative Assn., Inc.

"Customer" or "Consumer"—shall mean any person, firm, partnership, association, corporation, company or organization of any kind served by Company hereunder within the City.

"Electric Utility Service"—shall mean and include:

(i) all sales of electricity to all Customers at retail within the corporate limits of the City;

(ii) ancillary or unbundled electric services provided to all Customers at retail within the corporate city limits of the City when sold separately from kWh which shall include, but not be limited to:

(a) reactive supply and voltage control,

(b) scheduling,

(c) system control and dispatch,

(d) regulation and frequency response,

(e) energy imbalance,

(f) operating reserves,

(g) supplemental reserves, and

(h) spinning reserves; and

(iii) transmission and distribution of electricity when sold separately from energy to any person located within the city limits of the City.

"Electric Utility System" or "System"—shall mean an electric power system installed and operated in the City in compliance with applicable rules and regulations of the Federal Energy Regulatory Commission (FERC) and Kansas Corporation Commission (KCC), and their successors, which shall include, but not be limited to, the generation, transmission and distribution facilities, equipment and administrative services necessary to provide electric service for any use in the City, and such extensions, additions or reductions as may hereafter be made.

"Emergency"—shall mean a reasonably unforeseen occurrence with a potential to endanger personal safety or health, or cause substantial damage to property, that calls for immediate action.

"Facilities"—shall mean electric light and power lines, together with all necessary or desirable appurtenances, including underground conduits, poles, towers, wires and other appurtenances.

"Gross Receipts"—shall mean all revenues received by the Company from providing Electric Utility Service within the corporate limits of the City but shall not include any administrative or non-recurring charges associated with the provision of Electric Utility Service within the corporate limits of the City.

"Person"—shall mean any individual, firm, partnership, association, corporation, company or organization of any kind.

"Public Project"—shall mean any project planned or undertaken by the City or any other governmental entity for construction, reconstruction, maintenance, or repair of public facilities or improvements, including without limitation

streets, alleys, sidewalks, sewer system, water system, drainage system, Right-of-Way improvement, or any other purpose of a public nature.

"Public Project for Private Development"—shall mean a Public Project, or that portion thereof, arising solely from a request or requirement of a third party primarily for the benefit and use of a third party.

"Retail Wheeling"—shall mean the use of the Company's transmission, distribution, and associated Facilities of its Electric Utility System to deliver electricity purchased by end use Customers located within the City from electric suppliers other than the Company.

"Right-of-Way"—shall mean only the area of real property in which the City has a dedicated or acquired right-of-way interest in the real property. It shall include the area on, below, or above the present and future streets, alleys, avenues, roads, highways, or boulevards dedicated or acquired as rights-of-way. The term does not include the airwaves above a right-of-way with regard to wireless telecommunications or other nonwire telecommunications or broadcast service, easements obtained by utilities, or private easements in platted subdivisions or tracts. The term does not include property owned or held by the City that is typically not considered right-of-way, including, but not limited to, undeveloped road right-of-way in City parks, reserves and in or around City buildings.

SECTION 2. GRANT.

(a) There is hereby granted to Company the non-exclusive right, privilege, and franchise to construct, maintain, extend, operate, reconstruct, and replace Facilities for its Electric Utility System in, through, and along the Right-of-Way of the City for the provision of Electric Utility Services to the City, the inhabitants thereof, and persons and corporations beyond the limits thereof, for the full term of this franchise under the terms and conditions herein set forth.

(b) This franchise does not authorize the Company to use its existing Facilities, or to construct new Facilities, in order to provide cable television service, telecommunications service, network access service, internet access service, leased fiber optic services, video programming service, or any other telecommunications or telephone service to existing or potential customers, and such services are not permitted under this franchise.

(c) The Company must revise its franchise fee payments due to any expansion or reduction by annexation or contraction within a reasonable time after receipt of notice from the City, but in no event later than thirty (30) calendar days after receipt of such notice.

SECTION 3. TERM.

(a) The term of this franchise shall be for a period of ten (10) years from the effective date hereof.

(b) If the rate of compensation is changed by City Ordinance, the City shall notify the Company with written notice and the new rate of compensation shall become effective and applied to this franchise upon notification. The rate of compensation, if changed by City Ordinance, is not a negotiable item; however, any increase in compensation/fee shall be in compliance with the public notification procedures set forth in K.S.A. 12-2001.

(c) Upon written request of either the City or the Company, this franchise shall be reopened and renegotiated at any time upon any of the following events:

(i) changes in federal, state, or local laws, regulations, or orders that materially affect any rights or obligations of either the City or Company, including but not limited to the scope of the franchise granted to the Company or the compensation to be received by the City, hereunder;

(ii) changes in the structure or operation of the electrical power industry that materially affect any rights or obligations of either the City or the Company, including but not limited

to: (A) the scope of the franchise granted to the Company, (B) the compensation to be received by the City hereunder, (C) the institution of Retail Wheeling or customer choice of electric supplier, or (D) the unbundling and separate pricing of the generation, transmission or distribution of Electric Utility Service; and

(iii) any other material and unintended change or shift in the economic benefit that either the City or the Company reasonably relied upon and reasonably anticipated upon entering into this franchise.

(d) In any negotiation properly commenced pursuant to Section 3(b), the City and the Company shall negotiate in good faith in an effort to agree upon mutually satisfactory amendment(s). Failure of the City and Company to successfully renegotiate the materially affected provisions of this franchise under Section 3(b) shall give either party the right to terminate this franchise by giving written notice of termination within sixty (60) days of the event giving rise to the negotiations under subsection (b), in which case the franchise shall terminate 60 days after such notice is given. If neither party gives notice of termination within such time period, the franchise shall remain in effect according to its then existing terms.

(e) Amendments under this Section, if any, shall be made by ordinance as prescribed by statute. The franchise shall remain in effect according to its terms pending completion of any renegotiation provided by subsections (b) and (c).

SECTION 4. COMPENSATION TO THE CITY.

(a) In consideration of, and as compensation for, the franchise and privilege hereby granted, Company shall make an accounting to the City once each month of all its Gross Receipts during the preceding month. Such accounting shall be submitted by the fifteenth (15th) day of the month following the calendar month that is the subject of the accounting, and shall be accompanied by a report of the Company's Gross Receipts for the preceding month upon which fees are calculated.

(b) The Company shall pay to the City, at the time of making such report, an amount equal to six percent (6%) of the Gross Receipts of the Company during such preceding month. Such payments shall be made to the City under such additional procedures as are mutually agreed to by the Company and the City.

(c) In the event the accounting rendered to the City by the Company is found to be incorrect, then an adjustment shall be promptly made on the corrected amount. The City may accept any amount offered by the Company, but the acceptance thereof by the City shall not be deemed a settlement of such item if the amount is in dispute or later found to be incorrect. Such of the Company's books, records, documents, contracts and agreements as may be reasonably necessary for an audit of the Company's performance under this ordinance shall at all reasonable times and upon reasonable request be opened to the inspection and examination by the officers of the City and its duly authorized agents, auditors, and employees for the purpose of verifying said accounting. For purposes of this provision, the Company shall maintain appropriate records for three past years plus the current year.

(d) For each and every month, or any part thereof, that the compensation provided for by this franchise remains unpaid after the same becomes due and payable to the City, there shall be added to such payment, as a late charge, a sum equivalent to the statutory rate for interest on the unpaid amount. Such late charge shall be applicable to sums that

are delinquent as well as any sums due the City as the result of an audit or review of the Company's records.

(e) Except as provided herein, the payments and compensation herein provided shall be in lieu of all other licenses, taxes, charges, and fees imposed by the City. Company shall continue to be responsible for and subject to the following licenses, taxes, charges and fees:

(i) the usual general property taxes and special ad valorem property taxes;

(ii) sales and excise taxes;

(iii) any permit fees and charges for pavement cuts or other permit fees and charges based on restoring premises to their previous condition; and

(iv) charges made for privileges which are not in any manner connected with the provision of Electric Utility Service, as such.

(f) In the event that either state or federal governmental entities authorize or require, or Company on its own initiative engages in: (1) Retail Wheeling or customer choice of electric supplier; or (2) the unbundling and separate pricing of the generation, transmission or distribution of Electric Utility Service(s), then the revenues obtained by Company from these activities from service provided within the corporate limits of the City shall be included in Company's Gross Receipts for the purpose of calculating fees due to the City hereunder.

SECTION 5. USE OF RIGHT-OF-WAY.

(a) *Rules and Regulations.* In its use of Right-of-Way under this franchise, the Company shall be subject to all rules, regulations, policies, resolutions and ordinances now or hereafter adopted or promulgated by the City in the reasonable exercise of its police power. In addition, the Company shall be subject to all rules, regulations, policies, resolutions, and ordinances now or hereafter adopted or promulgated by the City relating to permits, fees, sidewalk and pavement cuts, utility location, construction coordination, screening, and other requirements on the use of the Right-of-Way in the reasonable exercise of its police power, provided, however, that nothing contained herein shall constitute a waiver of or be construed as waiving the right of the Company to oppose, challenge, or seek judicial review of, in such manner as is now or may hereafter be provided by law, any such rules, regulation, policy, resolution, or ordinance proposed, adopted, or promulgated by the City.

(b) *Subordinate to City Use.* The Company's use of Right-of-Way shall in all matters be subordinate to the City's use of the Right-of-Way for any public purpose. The Company shall coordinate the installation of its Facilities in the Right-of-Way in a manner that minimizes adverse impact on Public Projects, as reasonably determined by the City. Where installation is not otherwise regulated, the Facilities shall be placed with adequate clearance from such Public Projects so as not to conflict with such Public Projects.

(c) *Restoration.* All earth, materials, sidewalks, paving, crossings, utilities, Public Projects, or improvements of any kind located within the Right-of-Way that are damaged or removed by the Company in its activities under this franchise shall be fully repaired or replaced promptly by the Company at its sole expense, however, which such activity is a joint project of utilities or franchise holders, the expenses thereof shall be prorated among the participants, and to the reasonable satisfaction of the City in accordance with the ordinances and regulations of the City pertaining thereto.

(d) *Public Project for Private Development.* The Company shall not be responsible for the expenses of relocation to accommodate any new Public Project for Private

Development initiated after the effective date of this ordinance. The expenses attributable to such a project shall be the responsibility of the third party upon the request and appropriate documentation of the Company. Before such expenses may be billed to the third party, the Company shall be required to coordinate with the third party and the City on the design and construction to ensure that the work required is necessary and done in a cost effective manner. Upon the request of the Company or the third party, the allocation of expenses attributable to the project shall be made in the reasonable determination of the City. Eligible third parties may request to have the City specially assess those expenses billed by the Company under this section.

(e) *Exclusion of Certain Locations/Facilities.* Prior to the Company's installation of any Facilities in the Right-of-Way and after it provides the City with its proposed plans for the Facilities, the City may in its reasonable discretion designate certain locations or Facilities in the Right-of-Way to be excluded from use by Company for its Facilities, including but not limited to any Facility or location that in the reasonable judgment of the City Engineer is incompatible with the proposed Facilities or would be rendered unsafe or unstable by the installation. The City Engineer may further exclude certain other Facilities that have been designated or planned for other use or are not otherwise available for use by the Company due to engineering, technological, proprietary, aesthetics, or legal limitations or restrictions as may be reasonably determined by the City. The City shall provide a written explanation for any denial for a particular location and shall work with the Company to identify other suitable routes.

(f) *Location, Type and Design of Facilities Subject to Approval.*

(i) The design, location, and nature of all Facilities to be placed in the Right-of-Way shall be subject to the reasonable review and approval of the City Engineer. This is a means to properly manage and control all Right-of-Way usage in the City, and to protect the public health, safety, and welfare, which includes aesthetics. The review and approval is to ensure efficient coordination relating to Right-of-Way use relating to public and private utilities and to evaluate the configuration and size of Facilities that may be located in the Right-of-Way.

(ii) When the Company is allowed to place Facilities above ground in accordance with Section 7, the Company may attach its Facilities to an existing utility pole pursuant to a properly executed agreement with the pole owner, provided, however, that any necessary replacement of the pole in order to accommodate the attachment shall be subject to the proper exercise of the City's police powers, and in no instance shall the Company erect an additional pole within an existing aerial pole line absent the City's prior authorization.

(iii) Above-ground pedestals, above-ground vaults, cabinets, poles or other similar above-ground Facilities, may be installed only if approved by the City where alternative underground Facilities are not feasible or where underground requirements are otherwise waived pursuant to Section 7. Such above-ground Facilities shall generally be located behind the sidewalk where feasible and when placed along arterial streets shall be screened from public view by ornamental grasses or the equivalent when requested by the City. The Company shall be responsible for the installation or restoration of such screening; the City shall be responsible for routine maintenance.

(g) *Right-of-Way Management Code.* The City reserves its rights to adopt a right-of-way management and construction standards ordinance of general applicability pursuant to its public health, safety and welfare, which includes aesthetics, authority which shall apply to this franchise except where inconsistent with a material term of this franchise and the Company reserves its rights to recover such costs to the extent provided by applicable law.

(h) *Permit Requirements.*

(i) Any request for permits shall be complete, including a written description of work with applicable maps and aerials having routs clearly marked and proper dimensions shown.

(ii) This franchise establishes the general rules and scope of authority for the Company to construct and maintain its Electric Utility System within the Right-of-Way. The Company is still required to obtain individual permitting approval from the City Engineer prior to engaging in actual construction of its specific Facilities within the Right-of-Way.

(iii) Except in the case of an emergency situation, prior to any excavation within the Right-of-Way, the Company shall obtain a permit, pay all applicable fees, and perform such work in accordance with applicable provisions of the City Right-of-Way Management Code, and any ordinances or regulations that may be adopted by the City regarding excavation work.

(i) *Construction Plans.* At least ten (10) business days before the beginning of any installation, removal or relocation of its Facilities greater in length than 660 feet, the Company shall submit detailed plans of the proposed action to the City Engineer. The City Engineer shall, within ten (10) business days of receipt of such plans, either approve the plans or inform the Company of the reasons for disapproval. The Company shall designate a responsible contact person with whom representatives of the City Engineer can communicate on all matters relating to Facilities installation and maintenance.

(j) *As-Built Drawings.* The Company shall keep and maintain accurate records and as-built drawings, in electronic format, of all underground Facilities (except customer service lines) constructed, reconstructed, or relocated in the Right-of-Way commencing six (6) months after the effective date hereof. Such Facilities shall be horizontally and vertically located at least every 100 feet and at any alignment change. All points of Facilities shall be horizontally located from street centerline, or section or quarter section lines or corners. Vertical locations on all points of Facilities shall consist of elevations in either City datum or United States Geological Survey datum. The Company shall cooperate promptly and fully with the City and take all reasonable measures necessary to provide accurate and complete information regarding the nature and horizontal and vertical location of its existing Facilities located within Right-of-Way when requested by the City or its authorized agents for a Public Project. Such location and identification shall be at the sole expense of the Company without expense to the City, its employees, agents, or authorized contractors.

(k) *Wires.* Where practicable, wires shall be placed nineteen (19) feet or more above the level of the street, except new wires shall be placed up to twenty-two (22) feet above the level of the street where reasonably requested by the City. Where practicable, any poles placed in the street Right-of-Way shall be located on the lot line and six (6) feet inside the curb line.

(l) *Street Closure.* Except in the case of an emergency situation, the Company shall notify the City not less than twenty (20) working days in advance (such notice to be adequate for timely notice on the

governing body agenda under City procedures) of any construction, reconstruction, repair, or relocation of Facilities that would require any street closure that reduces traffic flow to less than two lanes of moving traffic. Except in the event of an Emergency, no such closure shall take place without prior authorization from the City. In addition, all work performed in the traveled way or which in any way impacts vehicular or pedestrian traffic shall be properly signed, barricaded, and otherwise protected in conformance with the latest edition of the Manual of Uniform Traffic Control Devices unless otherwise agreed to by the City.

(m) *Relocation for Public Projects.* The Company shall coordinate with the City on the design and placement of Facilities in the Right-of-Way during and for the design of Public Projects. At the request and sole expense of the Company, the City may include design for Facilities in the design of Public Projects. Upon request by the City and within the time period specified in the City's request, the Company shall locate, remove, relocate, or adjust any Facilities located in Right-of-Way if reasonably necessary for a Public Project. Such location, removal, relocation, or adjustment for a particular Public Project shall be performed by the Company once without expense to the City, its employees, agents, or authorized contractors and shall be specifically subject to rules and regulations of the City pertaining to such. Such relocation or adjustment shall be completed as soon as possible within the time set forth in any request by the City for such relocation or adjustment. If additional location, removal, relocation, or adjustment becomes necessary as a result of inaccurate or mistaken information provided by the Company or City, the party which provided such inaccurate or mistaken information shall be responsible for costs associated with such additional location, removal, relocation, or adjustment without expense to the other party. The City will use its best efforts, but is not required, to continue to provide a location in the Right-of-Way for the Company's Facilities as part of a Public Project, provided that the Company has cooperated promptly and fully with the City in the design of its Facilities as part of the Public Project.

(n) *Protect Facilities.* It shall be the responsibility of the Company to take adequate measures to protect and defend its Facilities in the Right-of-Way from harm or damage. If the Company fails to accurately locate Facilities when requested, it shall have no claim for costs or damages against the City or its authorized contractors except to the extent the City or its authorized contractors are responsible for the harm or damage by their gross negligence or intentional conduct. The Company shall be responsible to the City and its agents, representatives, and authorized contractors for all damages, including but not limited to delay damages, repair costs, down time, construction delays, penalties or other expenses of any kind, arising out of the failure of the Company to perform any of its obligations under this franchise except to the extent another party is responsible for the harm or damage by its negligence or intentionally caused harm. The above general provisions notwithstanding, the City and its authorized contractors shall take reasonable precautionary measures including calling for utility locations through Kansas One Call and exercising due caution when working near Company Facilities.

(o) *ULCC.* The Company shall become and remain a member of and participate in the Utility Location and Coordination Council established by ordinance of the City.

(p) *Technical Standards.* All technical standards governing construction, reconstruction, installation, operation, testing, use, maintenance, and

dismantling of the Facilities in the Right-of-Way shall be in accordance with applicable present and future federal, state, and City law and regulation, including but not limited to the most recent standards of the Kansas Corporation Commission and the Kansas Department of Transportation, or such substantive equivalents as may hereafter be adopted or promulgated. The standards established in this paragraph are minimum standards and the requirements established or referenced in this franchise may be in addition to or stricter than such minimum standards.

(q) *Conservation of Right-of-Way.* The City encourages the conservation of Right-of-Way by the sharing of space by all utilities. Notwithstanding any provision of this franchise prohibiting third party use, to the extent required by federal or state law, the Company will permit any other franchised entity, by appropriate contract or agreement negotiated by the parties to use any and all Facilities constructed or erected by the Company.

(r) *Structure Moving.* On the request of any applicant, the Company shall remove or raise or lower its wires temporarily to permit the moving of houses or other structures. The expense of such temporary removal, raising or lowering of wires shall be paid by the applicant, and the Company may require such payment in advance. The Company shall be given not less than fifteen (15) calendar days' written notice from the applicant detailing the time and location of the moving operations, and not less than twenty-four (24) hours' advance notice from the applicant advising of the actual operation. However, the City shall not be liable for any such expense for the moving of houses or structures by the City or its contractors.

(s) *Conduit.* If the Company, in its sole discretion, determines that it has spare ducts in its underground conduits, or spare pins, crossarms, or space on any of its poles not then necessary for the provision of Electric Utility Service, and not needed for future anticipated load growth or Emergencies, the Company may permit the City to use one such duct in each conduit, or reasonable spaces on poles, or both, for the City's police and fire alarm wires, traffic control wires or cable, fiber-optic lines connecting City facilities, or other similar, appropriate non-commercial uses, provided that such use by the City is in compliance with the National Electric Safety Code and at the expense of the City. If the Company constructs or extends additional conduits or erects additional poles, the City, at the City's sole expense, may require the Company to provide one such duct in each conduit, or reasonable space on poles, or both, for the City's own use as aforesaid.

(t) *Commercial Purposes.* City shall not sell, lease or otherwise make available its rights to use the Company's Facilities as set forth herein to any third party for commercial purposes. Such rights are provided solely for the non-commercial use of the City or other governmental entity. However, this restriction shall not prevent the City from using the services of a third party commercial entity to manage or operate the City's facilities on behalf of the City, so long as no resale or other commercial use of such facilities shall occur.

SECTION 6. WORK BY OTHERS.

(a) The City reserves the right to lay, and permit to be laid, storm sewer, gas, water, wastewater and other pipe lines, cables, and conduits, and to do and permit to be done any underground or overhead work that may be necessary or proper in, across, along, over, or under the Right-of-Way occupied by the Company. The City also reserves the right to change, in any manner, any curb, sidewalk, highway, alley, public way or street. In permitting such work to be done, the City shall not be liable to the Company for any damage

so occasioned, but nothing herein shall relieve any other Person from responsibility for damages to the Facilities of the Company.

(b) If the City shall require the Company to adapt or conform its Electric Utility System, or in any way or manner to alter, relocate, or change its property to enable any other Person to use, or use with greater convenience, said Right-of-Way, the Company shall not be bound to make any such changes until such other Person shall have undertaken, with good and sufficient bond, to reimburse the Company for any cost, loss, or expense which will be caused by, or arise out of such change, alteration, or relocation of the Company's property. Provided, however, that the City shall never be liable for such reimbursement due to the Company from such Person.

SECTION 7. UNDERGROUND REQUIREMENTS.

(a) The Company shall use commercially reasonable efforts to provide that all Facilities constructed, replaced, or relocated in the Right-of-Way after the date hereof shall be placed underground unless, because of the nature of the Facility or the standard construction or operating practices of the Company, the Company requests approval for such Facilities to be placed above ground. Upon receipt of such request, the City Engineer shall review and approve the plans for the above ground placement of Facilities in accordance with reasonable procedures established by the City, and subject to such reasonable conditions as the City may establish for public safety, appearance, or coordination with Public Projects. Where there are obstructions in the Right-of-Way, such as trees, shrubs, other utilities, commercial signs, man-made structures, or other like obstructions that make the cost of such underground burial unreasonable, the Company may request waiver of this requirement, in which event the City will not unreasonably withhold consent.

(b) All new Facilities installed in the Downtown Area shall be installed underground. Additionally, all replacement or upgrading of Facilities in the Downtown Area shall be installed underground.

(c) The City may require any portions of Company's Facilities in the Downtown Area that are not presently underground to be placed underground. The City shall provide reasonable written notice to the Company of the City's request that such Facilities be placed underground. The Company shall promptly undertake the removal and replacement of such Facilities to underground locations at no cost to the City.

(d) Except as may otherwise be provided by other applicable ordinances of the City, where reasonable and appropriate and where adequate Right-of-Way exists, the Company shall place above-ground Facilities underground in conjunction with City capital improvement projects and/or at specific locations requested by the City provided that such placement is practical, efficient, and economically feasible.

(e) Where not otherwise required to be placed underground by this franchise, the Company's Facilities shall be located underground at the request of the adjacent property owner, provided the placement of such Facilities shall be consistent with the Company's construction and operating standards and provided that property owner making the request pays the Company for such undergrounding pursuant to the Company's applicable tariffs and terms and conditions.

(f) When undertaking a project of undergrounding, the City and the Company shall, to the extent practicable, work with other utilities or companies that have their lines overhead to have all

lines undergrounded as part of the same project. When other utilities or companies are placing their lines underground, the Company shall cooperate with these utilities and companies and undertake to underground Company's Facilities as part of the same project where feasible; provided, however, the Company shall not be required to pay the costs of any other utility or company.

(g) The Company shall use commercially reasonable efforts to coordinate its installation of new underground Facilities with preexisting underground facilities of other companies. The underground requirements of this subsection shall not apply to the maintenance and repair of existing Facilities, as determined by the City Engineer, except as may be required in Section 7(b).

SECTION 8. INDEMNITY AND HOLD HARMLESS; LIABILITY; INSURANCE; SURETY BOND.

(a) The Company shall hold and save the City, its officers, employees, agents, and authorized contractors, harmless from and against all claims, damages, expense, liability, and costs including attorney fees, to the extent occasioned in any manner by the Company's occupancy of Right-of-Way, except to the extent that such were caused by the negligence or intentional conduct of the City, its officers, employees, agents, or authorized contractors. In the event a claim shall be made or an action shall be instituted against the City growing out of such occupancy of the Right-of-Way by Facilities of the Company, then upon notice by the City to the Company, the Company will assume responsibility for the defense of such actions at the cost of the Company, subject to the option of the City to appear in and defend, at its own cost, any such case. However, the Company shall have no duty to defend any such action to the extent that such action has resulted from the negligence or intentional conduct of the City, its officers, employees, agents, or authorized contractors.

(b) The Company shall maintain throughout the term of this franchise insurance insuring the City and the Company with regard to all damages set forth in paragraph (a) of this section, in the minimum amounts of:

(i) $1,000,000 for bodily injury or death to a person

$3,000,000 for property damage resulting from any one accident;

(ii) $50,000 for property damage resulting from any one accident;

(iii) $1,000,000 for all other types of liability.

Should Company elect to self-insure for this purpose, the Company shall possess a certificate of authority from the Kansas Insurance Commissioner.

(c) On or before the Effective Date of this franchise (or the date of first use of the Right-of-Way under this franchise, if later), and as a condition precedent to the effectiveness of the franchise, the Company shall deposit with the City a surety bond in the amount of $100,000, payable to the City and securing the payment of repair or maintenance costs incurred as a result of any defects, impairments, or substandard condition in the Right-of-Way caused by the work of the Company or resulting from the Company's activities in the Right-of-Way. The required surety bond must be with good and sufficient sureties, issued by a surety company authorized to transact business in the State of Kansas, and satisfactory to the City Attorney in form and substance.

SECTION 9. REGULATORY PROVISIONS.

(a) Nothing contained in this section shall be construed as waiving the rights of either the City or the Company to review in the courts, in such manner as is now

or may hereafter be provided by law, any rules, findings, or orders of a regulatory body, the Company, or the City.

SECTION 10. STREET LIGHTING. The City shall have the option at any time after the taking effect of this franchise, to acquire title to the wiring, poles, conduits, lamps, and other appurtenances (exclusive of the power house and generating equipment) which may be at said time used or useful exclusively in any street lighting of the City. Such property and facilities shall be sold to the City by Company, its successors or assigns, at the fair cash value of the physical properties. In the event of the exercise of the option by the City to take over said street lighting property, there shall be no allowance to the Company, its successors or assigns, for any element or item of intangible value, blue sky, nor any good will or going concern value, nor any "Severance Damages," or stranded costs or stranded value. Nothing herein shall be construed to in any manner preclude or prevent the City from acquiring title by any means authorized by law to any part, portion or all of the electric property of the Company, its successors or assigns or preclude or prevent Company from selling its street lighting system to a third party or give City a right of first refusal or option of any kind in connection with such a transaction. In the event Company sells its said street lighting system to a third party, the provisions of this Section shall be null and void and of no further effect.

SECTION 11. ASSIGNMENT AND TRANSFER. This franchise shall be assignable only in accordance with the laws of the State of Kansas, as the same may exist at the time when any assignment is made, provided, however, that the franchise may be assigned by the Company without action by the City to any entity which succeeds to all or substantially all of the electric utility business of the Company. Provided, however, in the event that the Company is no longer required to obtain the approval of the Kansas Corporation Commission for an assignment, such assignment shall be subject to the consent of the City, which consent shall not be unreasonably withheld. In the event of an assignment to a successor, the Company shall be released from all obligations which are assumed in writing by such successor and the assignee shall have executed an assumption of the franchise being assigned.

SECTION 12. TERMINATION AND FORFEITURE OF FRANCHISE.

(a) In addition to all other rights and powers retained by the City under this franchise, the City reserves the right to terminate the franchise and all rights and privileges of the Company hereunder, in the event of a material failure on the part of the Company, its successors or assigns, to comply with any of the provisions of this ordinance, or if the Company, its successors or assigns, should do or cause to be done any material act or thing prohibited by or in violation of the terms of this ordinance. In such event, the Company, its successors and assigns, shall forfeit all rights and privileges granted by this ordinance and all rights hereunder shall cease, terminate and become null and void, provided that said forfeiture shall not take effect until the City shall carry out the following proceedings:

(i) Before the City terminates the franchise, it shall first serve a written notice upon the Company, and upon the trustee or trustees in any deed of trust securing bonds of the Company of record in Sedgwick County, Kansas, or the office of the Secretary of State of Kansas, by mailing notice to the Company and to such trustee or trustees to the address designated in such trust deed, setting forth in detail in such notice the neglect or failure complained of.

(ii) The Company shall have sixty (60) calendar days thereafter in which to comply with the conditions of this franchise.

(iii) If, at the end of such sixty day period, the City determines that the conditions of such franchise have

not been complied with by the Company and that such franchise is subject to termination by reason thereof, the City, in order to terminate such franchise, shall enact an ordinance setting out the grounds upon which the franchise is to be terminated.

(iv) If within thirty (30) calendar days after the effective date of said ordinance the Company shall not have instituted an action, either in the District Court of Sedgwick County, Kansas, or some other court of competent jurisdiction to determine whether or not the Company has violated the terms of this franchise and that the franchise is subject to termination by reason thereof, such franchise shall be terminated at the end of such thirty day period.

(v) If within such thirty day period the Company does institute an action, as above provided, to determine whether or not Company has violated the terms of this franchise and that the franchise is subject to termination by reason thereof and prosecutes such action to final judgment with due diligence, then, in that event, in case the court finds that the franchise is subject to termination by reason of the violation of its terms, this franchise shall terminate thirty (30) calendar days after such final judgment is rendered.

(b) In the event of a final adjudication of bankruptcy of the Company under Title 11 of the United States Code, the City shall have full power and authority to terminate, revoke, and cancel any and all rights granted under this franchise.

(c) The failure of the Company to comply with any of the provisions of this franchise or the doing or causing to be done by the Company of anything prohibited by or in violation of the terms of this franchise shall not be a ground for the termination thereof when such act or omission on the part of the Company is due to any cause or delay beyond the control of the Company, its successors and assigns, or bona fide legal proceedings.

SECTION 13. RIGHTS AND DUTIES OF COMPANY UPON EXPIRATION OR TERMINATION OF FRANCHISE. Upon expiration of this franchise, whether by lapse of time, by agreement between Company and City, or by forfeiture thereof, the Company shall have the right to remove any and all of its Facilities used in its Electric Utility Service within a reasonable time after such expiration or termination, unless the City notifies the Company in writing that the City or a third party intends to purchase the Facilities. In the event the City notifies the Company that the Facilities are to be purchased, the Facilities shall be sold to the City or the third party by Company, its successors or assigns, for the compensation provided by applicable law. In the event the City notifies the Company that the Facilities can be removed by the Company, it shall be the duty of the Company, immediately upon such removal, to restore the streets, avenues, alleys, parks and other public ways and grounds from which said Facilities are removed to as good condition as the same were before said removal was effected.

SECTION 14. ACCEPTANCE. Prior to the effective date of this ordinance the Company shall file with the City Clerk of the City of Wichita its acceptance in writing of the provisions, terms and conditions of this ordinance, which acceptance shall be duly acknowledged before an officer authorized by law to administer oaths. When so accepted the ordinance and acceptance shall constitute a contract between the City and the Company subject to the provisions of the laws of the state of Kansas.

SECTION 15. CONDITIONS OF FRANCHISE. This contract, franchise, grant and privilege is granted and accepted under and subject to all applicable laws and under and subject to all of the orders, rules, and regulations now or hereafter adopted by governmental bodies

now or hereafter having jurisdiction, and each and every provision hereof shall be subject to acts of God, fires, strikes, riots, floods, war and other causes beyond Company's control.

SECTION 16. RESERVATION OF RIGHTS.

(a) The City specifically reserves its right and authority as a Customer of the Company and as a public entity with responsibilities towards its citizens, to participate to the full extent allowed by law in proceedings concerning the Company's rates and services to ensure the rendering of efficient Electric Utility Service at reasonable rates, and the maintenance of the Company's property in good repair and the Company reserves its right to resist such participation.

(b) In granting its consent hereunder, the City does not in any manner waive its regulatory or other rights and powers under and by virtue of the laws of the State of Kansas as the same may be amended, nor any of its rights and powers under or by virtue of present or future ordinances of the City.

SECTION 17. NOTICES. Except in Emergencies, all notices by either the City or the Company to the other shall be made by either depositing such notice in the U.S. Mail, Certified Mail, return receipt requested, or by facsimile. Any notice served by Certified Mail, return receipt requested, shall be deemed delivered five (5) calendar days after the date of such deposit in the U.S. Mail unless otherwise provided. Any notice given by facsimile is deemed received by the next business day. Emergency notices shall be provided by telephone, with written notice immediately following by facsimile. All notices shall be addressed to the City as follows:

City Clerk
City Hall - 13th Floor
455 N. Main Street
Wichita, Kansas 67202-1635

Notice to Company shall be addressed to the Company as follows:

Sedgwick County Electric Cooperative Assn., Inc.
Attn: Scott Ayres
P.O. Box 220
Cheney, Kansas 67025

Notice shall be given as required by the terms of this ordinance and for all Emergencies. Notice shall be provided to the above-named addressees unless directed otherwise in writing by City or Company.

SECTION 18. NON-WAIVER PROVISION. The failure of either party to insist in any one or more instances upon the strict performance of any one or more of the terms or provisions of this ordinance shall not be construed as a waiver or relinquishment for the future of any such term or provision, and the same shall continue in full force and effect. No waiver or relinquishment shall be deemed to have been made by either party unless said waiver or relinquishment is in writing and signed by the parties.

SECTION 19. SEVERABILITY. If any clause, sentence, or section of this ordinance, or any portion thereof, shall be declared by a court of competent jurisdiction to be invalid, such decision shall not affect the validity of the remainder, as a whole or any part thereof, other than the part declared to be invalid; provided, however, the City may elect to declare that the entire agreement is invalidated if the portion declared invalid is, in the judgment of the City, an essential part of this ordinance.

This ordinance shall be included in the Code of the City of Wichita, Kansas, and shall be effective upon its passage and publication once in the official city paper.

PASSED by the governing body of the City of Wichita, Kansas, this 9th day of October, 2018.

ARTICLE III. NATURAL GAS

KANSAS GAS SERVICE COMPANY, A Division of One Gas, Inc. Ordinance No. 51-166*

AN ORDINANCE GRANTING TO KANSAS GAS SERVICE COMPANY, A DIVISION OF ONE GAS, INC., ITS SUCCESSORS AND ASSIGNS, A NATURAL GAS FRANCHISE AND THE RIGHT TO CONSTRUCT, OPERATE, MAINTAIN, AND EXTEND A NATURAL GAS PLANT AND DISTRIBUTING SYSTEM IN THE CITY OF WICHITA, KANSAS; PRESCRIBING THE TERMS OF SAID GRANT AND RELATING THERETO; AND REPEALING ORDINANCE 47-956.

BE IT ORDAINED BY THE GOVERNING BODY OF THE CITY OF WICHITA, KANSAS;

Section 1. Definitions.

For purposes of this franchise ordinance, the following words and phrases shall have the meanings given herein:

"City" means the City of Wichita, Kansas.

"Company" means Kansas Gas Service Company, a Division of ONE Gas, Inc.

"Distributed" or "Distribution" means all sales, distribution, or transportation of natural gas to any consumer or user within the City by the Company or by others through the Facilities of the Company in the Right-of-Way.

"Facilities" means natural gas mains, pipes, boxes, reducing and regulating stations, laterals, conduits and service extension, together with all necessary appurtenances thereto.

"Franchise" means the grant of authority by the City to transport, distribute or sell natural gas to the inhabitants of the City and to operate and maintain the Company's distribution system and facilities within Right-of-Way as defined herein.

"Franchise Fee" means the charges to consumers and compensation to the City as prescribed in Section 4 of this Franchise Ordinance.

"Gross receipts" means any and all compensation and other consideration received derived directly or indirectly by Company from any Distribution of natural gas to a consumer for any use, including, but not limited to, residential, commercial, industrial and transportation purposes, and including without limitation interruptible sales and single sales; and shall include revenues from any operation or use of any or all of the Facilities in the Right-of-Way by the Company or others including charges as provided in tariffs filed and approved by the Kansas Corporation Commission; but such term shall not include revenue received by Company from consumers as franchise fee reimbursement, funds from customer project contributions, certain miscellaneous charges and accounts as set forth in the Terms and Conditions of Gas Service on file and approved by the Kansas Corporation Commission, including but not limited to, connection and disconnection fees, reconnection fees, returned check charges, and delayed or late payment charges as such terms are used in tariffs filed and approved. Additionally, Gross Receipts shall not include credit extended, nor Volumetric Rate Fees collected by Company and remitted to City in accordance with Section 4 of this Ordinance.

"MCF" means a measurement of natural gas equal to one thousand cubic feet. One MCF equals 1,000,000 British Thermal Units (BTUs).

"Public Improvements" means any existing or contemplated public facilities, buildings, or capital improvement project, including without limitation streets, alleys, sidewalks, sewer, water, drainage, Right-of-Way improvement, and Public Projects.

"Public Project" means any project planned or undertaken by the City or any governmental entity for construction, reconstruction,

*__Editor's note—__Ord. No. 51-166, §§ 1—16, adopted on Jan. 7, 2020 repealed and replaced Ord. No. 47-956 in its entirety. The former ordinance pertained to similar subject matter. See also the Code Comparative Table.

maintenance, or repair of public facilities or improvements, or any other purpose of a public nature paid for with public funds.

"Right-of-Way" means present and future streets, alleys, rights-of-way, and public easements, including easements dedicated in plats of the City for streets, and alleys.

"Settlement Prices" means the settlement prices for natural gas futures contracts traded on the New York Mercantile Exchange (NYMEX) on the 15th day of each month or the first trading day thereafter.

"Street Right-of-Way" means the entire width between property lines of land, property or an interest therein of every way publicly maintained where any part thereof is open to the use of the public for purposes of vehicular traffic, including street, avenue, boulevard, highway, expressway, alley or any other right of way for vehicular travel by whatever name.

"Transport Gas" means all natural gas transported by the Company or by others, but not sold by the Company, to any consumer or user within the City through the Facilities of the Company in the Right-of-Way.

"Volumetric Rate" means the rate (measured in cents) applicable to each MCF of Transport Gas distributed to customers transporting gas within the City. The rate shall be the sum of the average Settlement Prices based on the twelve-month period beginning on 15th day of July of the second preceding year and ending on the 15th day of June of the preceding year and calculated as illustrated in the Volumetric Rate Calculation Form, attached hereto as Attachment A. For each 15th day of each month During said twelve-month period, the Settlement Prices on the 15th day of each month (or where necessary, for the following business day) for the next twelve months will be summed and divided by twelve to determine an average Settlement Price. The average Settlement Prices for each of the twelve months shall then be summed and divided by twelve and multiplied by 6.1817% to obtain the Volumetric Rate to be effective January 1 of the next succeeding year. The Volumetric Rate shall be calculated by the Company in accordance with the procedures in this paragraph, as illustrated in Attachment A and forwarded annually on or before July 31 to the Wichita, Kansas, City Clerk. Such annual adjustment shall not be considered an amendment to this franchise ordinance. The initial Volumetric Rate shall be $0.1764 per MCF of Transport Gas distributed in the City.

Section 2. Grant of non-exclusive franchise.

(a) There is hereby granted to Company, the non-exclusive right, privilege, and franchise to construct, maintain, extend, and operate its Facilities in and along the Right-of-Way of the City for the purpose of supplying natural gas to the City and the inhabitants and through City and beyond the limits thereof; to obtain natural gas from any source available; and to do all things necessary and proper to carry on the business of a natural gas utility for the full term of this franchise; subject to the terms and conditions herein. Nothing in this grant shall be construed to franchise or authorize the use of the Company's Facilities or the Right-of-Way, by the Company or others, for any purpose other than the provision of natural gas. The Company will not allow a subsidiary, affiliate, or a third party to acquire rights to occupy the Right-of-Way under this franchise; provided, that nothing in this section shall prevent Company from allowing the use of its Facilities by others when such use is compensated to the City under the provisions of this franchise.

(b) Company shall not enter into or continue any arrangement by which natural gas owned by any party other than Company shall be transported, distributed, or sold through any portion of Company's Facilities in the Right-of-Way for delivery to any person within the City unless the City is compensated for such use by the Company, transporter, consumer, or some other party.

(c) By this franchise, the Company is granted the authority to collect on behalf of the City the compensation to be made to the City by other parties using the Company's Facilities for Distribution of Transport Gas. The Company

agrees to collect such sums for the City and to submit such payments in the manner provided in Section 4. Nothing in this Section allowing the transportation of natural gas owned by others shall relieve Company from the responsibility of maintaining a franchise for the placement of its Facilities in the Right-of-Way.

Section 3. Term.

(a) The term of this franchise shall be twenty (20) years from the Effective Date of this franchise ordinance.

(b) Upon written request of either the City or the Company, the franchise may be reviewed after ten (10) years from the effective date of this franchise ordinance upon and/or after the 10th anniversary of the effective date of this Ordinance, either the City or the Company may propose amendments to any provision of this franchise by giving thirty days written notice to the other of the amendment(s) desired. The City and the Company shall negotiate in good faith in an effort to agree upon mutually satisfactory amendment(s).

(c) Upon written request of either the City or the Company, the franchise shall be reopened and renegotiated at any time upon any of the following events:

1. Change in federal, state, or local law, regulation, or order which materially affects any rights or obligations of either the City or Company, including but not limited to the scope of the grant to the Company or the compensation to be received by the City.
2. Change in the structure or operation of the natural gas industry which materially affects any rights or obligations of either the City or Company, including but not limited to the scope of the grant to the Company or the compensation to be received by the City.
3. Any other material and unintended change or shift in the economic benefit the City or the Company relied upon and anticipated upon approval of this franchise ordinance.

(d) Grantor agrees that the franchise fee percentage rate as set forth in Section 4 below, shall in no event exceed the percentage rate hereafter approved to calculate any fee paid to Grantor by any other person or entity for use of the Public Ways, if such fee or volumetric rate paid to Grantor by any other person or entity for use of the Public Ways is based in any way on the amount of revenues or gross receipts from the transportation, distribution, or sale of natural gas or electric energy (excluding any municipally-owned electric utility), by such other person or entity to ultimate consumers within the Town. Further, if at any time after the effective date of this Ordinance the fee or rate required to be paid by another is less than the percentage rate set for herein, the Franchise Fee set forth in Section 4 below, shall be reduced to equal such lesser percentage rate on the date such lesser percentage rate becomes effective and without any further action by the City.

(e) The use of Right-of-Way provision of this franchise shall be reopened and renegotiated if energy consumers within the City have access to alternative natural gas suppliers or other suppliers of energy through pipelines who use the Right-of-Way and do not have requirements on the use of Right-of-Way substantially equivalent to the requirements of this franchise, which results in a material and unfair disadvantage to the Company. Upon any such event, the City shall have up to 180 days after written request of the Company in which to restore competitive neutrality, provided that any adjustment in compensation resulting from renegotiations under this Subsection (d) shall be effective no later than 90 days after such notice.

(f) Failure of the City and Company to successfully renegotiate the materially affected provisions of the franchise under subsection (c), (d) or (e) shall give rise to dispute resolution as follows: At the expiration of 180 days from the date of the written request (or sooner if requested by both the City and the Company) the City and the Company shall each select a representative who shall jointly select a third representative. The three representatives shall hear the positions of the City and Company and shall determine the matters in disagreement by majority vote. Such

decision shall be presented to City and the Company as the renegotiated language under subsection (c), (d) or (e). Rejection of the dispute resolution by either the City or the Company shall give rise to the remedies provided by Section 10, or at the option of the parties, the franchise shall remain in effect according to its then existing terms.

(g) Amendments under this Section, if any, shall be made by ordinance as prescribed by statute. The franchise shall remain in effect according to its terms pending completion of any review or renegotiation provided by subsections (b), (c), (d), or (e).

Section 4. Compensation to the City.

In consideration of and as compensation for the franchise hereby granted to Company by the City, the Company shall make an accounting to the City of all natural gas that has been distributed on a monthly basis. The Company shall pay the City:

(a) ?A sum equal to six percent (6.1817%) of the Gross Receipts received from the Distribution of natural gas; and,

(b) ?A sum equal to the Volumetric Rate multiplied by the number of MCF of Transport Gas.

Payments shall be made to the City under procedures which are mutually agreed to by the Company and the City within 30 days of the last day of the month to which such accounting shall apply.

In the event the accounting rendered to the City by the Company is found to be incorrect, then payment shall be made on the corrected amount, it being agreed that the City may accept any amount offered by the Company, but the acceptance thereof by the City shall not be deemed a settlement of such item if the amount is in dispute or later found to be incorrect. The Company agrees that all of its books, records, emails, and any other documents—regardless of nature—and all of its contracts and agreements as may be reasonably necessary for an effective compliance review of this franchise ordinance shall at all reasonable times be opened to the inspection and examination of the officers of the City and its duly authorized agents, auditor, and employees for the purpose of verifying said accounting, or for any other lawful purpose. Notwithstanding the obligation herein, the Company shall have the right to request the reasonable protection of proprietary information and to require the City or its agents to enter into such agreements pertaining to confidentiality as may reasonably protect the proprietary information of the Company, but which do not unreasonably frustrate the purposes of this subsection.

Following 30 days from the date of notice from the City or alternatively discovery by Company that the compensation provided for by this franchise remains unpaid after the same becomes due and payable to the City, there shall be added to such payment, as a late charge, a sum equivalent to the statutory rate for interest on the unpaid amount. Such late charge shall be applicable to sums that are delinquent as well as any sums due the City as the result of an audit or review of the Company's records.

Nothing in this Section shall limit the amount or time for the City to collect for any incorrect calculations on behalf of the Company.

Section 5. Payments and charges.

The payments and compensation herein provided shall be in lieu of all other licenses and taxes, except that the usual general property taxes and special ad valorem property taxes, sales and excise taxes are not covered by the payment of the compensation referenced herein. Further, from and after the date hereof, the permit fees required of the Company pursuant to Wichita Municipal Excavation Code designated as § 10.20 *et. seq.*, (or any ordinance hereafter adopted) for a permit to excavate in dirt, any unpaved street, alley, or other public place and any other costs associated with the Company's use of the Public way is hereby incorporated into and is a part of the compensation paid to the City (as specified in Section 4 above) and shall not otherwise be separately assessed or collected by the City. Nothing in this provision shall be interpreted as a waiver of either the requirement of notice to the City or of other procedural

requirements contained in the City's excavation ordinance(s). The Company remains subject to the terms, and requirements of the Wichita Municipal Code, unless otherwise specified herein.

Section 6. Use of right-of-way.

The use of the Right-of-Way under this Franchise by the Company shall be subject to all rules, regulations, policies, resolutions, and ordinances now or hereafter adopted or promulgated by the City in the reasonable exercise of its police power relating to use, placement, location, or management of utilities located in the City's Right-of-Way. In addition, the Company shall be subject to all laws, rules, regulations, policies, resolutions, and ordinances now or hereafter adopted or promulgated by the City in the reasonable exercise of its police power relating to permits, sidewalk and pavement cuts, utility location, construction coordination, screening, and other requirements on the use of the Right-of-Way; provided, however, that nothing contained herein shall constitute a waiver of or be construed as waiving the right of the Company to oppose, challenge, or seek judicial review of, in such manner as is now or may hereafter be provided by law, any such rules, regulation, policy, resolution, or ordinance proposed, adopted or promulgated by the City. Moreover, in the event of a conflict between a City Ordinance or regulation and this agreement, the City and Company agree that the terms of this agreement shall take precedent. Further, the Company shall comply with the following:

(a) The Company's use of the Right-of-Way shall in all matters be subordinate to the City's use of the Right-of-Way for any public purpose. The Company shall coordinate the installation of its Facilities in the Right-of-Way in a manner which minimizes adverse impact on Public Improvements, as reasonably determined by the City. Where installation is not otherwise regulated, the Facilities shall be placed with adequate clearance from such Public Improvements so as not to conflict with such Public Improvement.

(b) All earth, materials, sidewalks, paving, crossings, utilities, Public Improvements, or improvements of any kind located within the Right-of-Way damaged or removed by the Company in its activities under this Franchise shall be fully repaired or replaced promptly by the Company without cost to the City; however, when such activity is a joint project of utilities or franchise holders, the expenses thereof shall be prorated among the participants, and to the reasonable satisfaction of the City in accordance with the ordinances and regulations of the City pertaining thereto.

(c) Except in the event of an emergency, as reasonably determined by the Company, the Company shall comply with all laws, rules, regulations, policies, resolutions, or ordinances now adopted or promulgated by the City relating to any construction, reconstruction, repair, or relocation of Facilities which would require any street closure which reduces traffic flow. Except in the event of an emergency, the Company is required to obtain individual permitting approval from the City Engineer prior to engaging in actual construction of its specific Facilities within the Right-of-Way. City shall provide a response to the permit request within 10 days of the date the request is made. Notwithstanding the foregoing exception, all work (including emergency work) performed in the traveled way or which in any way impacts vehicular or pedestrian traffic shall be properly signed, barricaded, and otherwise protected.

(d) The Company shall cooperate promptly and fully with the City and take all reasonable measures necessary to provide accurate and complete information regarding the location of its Facilities located within the Right-of-Way when requested by the City or its authorized agents for a Public Project. Such location and identification shall be promptly communicated in writing to the City without cost to the City, its employees, agents or authorized contractors. The Company shall designate and maintain an agent,

familiar with the Facilities, who is responsible for providing timely information needed by the City for the design and replacement of Facilities in the Right-of-Way during and for the design of Public Improvements. At the request of the Company, the City may include design for Facilities in the design of Public Projects. Also, at the request of the Company, the City and/or its contractor(s) or agent(s) shall provide accurate and timely field locations of proposed Public Projects in the event the Company is required to install new and/or relocate its Facilities.

(e) The Company shall promptly locate, remove, relocate, or adjust any Facilities located in the Right-of-Way if notified by the City for a Public Project. Such location removal, relocation, or adjustment for a particular Public Project shall be performed by the Company without expense to the City, its employees, agents, or authorized contractors, and shall be specifically subject to rules and regulations of the City pertaining to such. If additional location, removal, relocation, or adjustment is the result of inaccurate or mistaken information of the Company, the Company shall be responsible for costs associated with such without expense to the City. Likewise, if additional location, removal, relocations or adjustment is the result of inaccurate or mistaken information of the City, the City shall reimburse the Company for any additional expense necessarily incurred by the Company directly due to such inaccurate or mistaken information. The Company shall only be responsible for removal, relocation, or adjustment of Facilities located in the Right-of-Way at the Company's sole cost once each five (5) years for that particular facility. The City shall reimburse the Company for the removal, relocation, or adjustment of the Company's Facilities located in the Right-of-Way if required before the expiration of five (5) years from the date of the last relocation, removal, or adjustment of that particular facility.

(f) The Company shall not be responsible for the expenses of relocation to accommodate any new Public Project for Private Development initiated after the effective date of this franchise ordinance. The expenses attributable to such a project shall be the responsibility of the third (3rd) party upon the request and appropriate documentation of the Company. Before such expenses may be billed to the third (3rd) party, the Company shall be required to coordinate with the third (3rd) party and the City on the design and construction to ensure that the work required is necessary and done in a cost-effective manner.

(g) The City shall continue to provide a location in the Right-of-Way for the Company's Facilities as part of a Public Project, assuming the space is available and practical for use, provided that the Company has cooperated promptly and fully with the City in the design of its Facilities as part of the Public Project. If space is not available or practical for use, City shall use good faith efforts to provide a location in an alternate Right-of-Way for the Company's Facilities.

(h) Prior to the Company's installation of Facilities in the Right-of-Way and after it provides the City with its proposed plans for the Facilities, the City may in its reasonable discretion designate certain locations or Facilities in the Right-of-Way to be excluded from use by Company for its Facilities, if in the reasonable judgment of the City Engineer the Facility or location is incompatible with the proposed Facilities or would be rendered unsafe or unstable by the installation. The City Engineer may further exclude certain other Facilities that have been designated or planned for use by the Company due to engineering, technological, proprietary, aesthetics, or legal limitations or restrictions as may be reasonably

determined by the City. The City shall provide a written explanation for any denial for a particular location and shall work with the Company to identify suitable alternatives.

At least ten (10) business days before the beginning of any installation, removal or relocation of its Facilities greater in length than 660 feet the Company shall submit detailed plans of the proposed action to the City Engineer. The City Engineer shall, within ten (10) business days of receipt of such plans, either approve the plans or information the Company of the reasons for disapproval. The Company shall designate a responsible contact person with whom representatives of the City Engineer can communicate on all matters relating to Facilities installation and maintenance.

(i) It shall be the responsibility of the Company to take adequate measures to protect and defend its Facilities in the Right-of-Way from harm or damage. If the Company fails to accurately locate Facilities when requested, it shall have no claim for costs or damages against the City. The Company shall be responsible to the City and its agents, representatives, and authorized contractors for all damages including, but not limited to, delay damages, repair costs, down time, construction delays, penalties or other expenses of any kind arising out of the failure of the Company to perform any of its obligations under this franchise ordinance. The above general provisions notwithstanding, the City and its authorized contractors shall take reasonable precautionary measures including calling for utility locations through Kansas One Call and exercising due caution when working near the Company's Facilities.

(j) All technical standards governing construction, reconstruction, installation, operation, testing, use, maintenance, and dismantling of the Facilities in the Right-of-Way shall be in accordance with applicable present and future federal, state, and City laws and regulations, including but not limited to the most recent standards of the Kansas Corporation Commission and U.S. Department of Transportation. It is understood that the standards established in this paragraph are minimum standards and the requirements established or referenced in this Franchise may be additional to or stricter than such minimum standards.

(k) The design, location, and nature of all Facilities to be placed in the Right-of-Way shall be subject to the reasonable review and approval of the City Engineer. Anything placed onto the Facilities is subject to reasonable review and approval of the City Engineer. This is a means to properly manage and control all Right-of-Way usage in the City, and to protect the public aesthetics, health, safety, and welfare. The review and approval is to ensure efficient coordination relating to Right-of-Way use relating to public and private utilities and to evaluate the configuration and size of Facilities that may be located in the Right-of-Way.

(l) All technical standards governing construction, reconstruction, installation, operation, testing, use, maintenance, and dismantling of the Facilities in the Right-of-Way shall be in accordance with applicable present and future federal, state, and City law and regulation not in conflict with federal or state law, including but not limited to the most recent standards of the Kansas Corporation Commission and the Kansas Department of Transportation, or such substantive equivalents as may hereafter be adopted or promulgated. The standards established in this paragraph are minimum standards and the requirements established or referenced in this franchise may be in addition to or stricture than such minimum standards.

(m) The City reserves the right to lay, and permit to be laid, storm sewer, gas, water, wastewater and other pipe lines, cables, and conduits, and to do and permit to be

done any underground or overhead work that may be necessary or proper in, across, along, over, or under the Right-of-Way occupied by the Company. The City also reserves the right to change, in any manner, any curb, sidewalk, highway, alley, public way or street. In permitting such work to be done, the City shall meet all applicable codes. The City shall not be liable to the Company for any damage so occasioned, but nothing herein shall relieve any other Person from responsibility for damages to the Facilities of the Company due to negligence.

(n) For Facilities installed in any new subdivision within the City, Company shall follow any applicable City Ordinance regarding installation of above-ground or underground Facilities.

(o) If the Company has any open cut or bore more than 500' long, the Company shall notify the City and where can be accomplished safely, Company shall place up to two or more conduits for the City at a cost agreed upon by the City. The Company shall provide to the City a map showing existing empty or nearly empty conduits. The Company shall allow the City to place fiber-optic cable whenever practicable.

Section 7. Indemnity and hold harmless.

The Company shall hold and save the City, its officers, employees, agents, and authorized contractors, harmless from and against all claims, damages, expense, liability, and costs, including but not limited to, attorney fees, to the extent occasioned in any manner by the Company's occupancy of Right-of-Way, except to the extent that such were caused by the negligence or intentional conduct of the City, its officers, employees, agents, or authorized contractors. In the event a claim shall be made or an action shall be instituted against the City growing out of such occupancy of the Right-of-Way by Facilities of the Company, then upon notice by the City to the Company, the Company will assume responsibility for the defense of such actions at the cost of the Company, subject to the option of the City to appear and defend, at its own cost, any such case; provided, that the Company shall have no duty to defend any such action to the extent that such action has resulted from the negligence or intentional conduct of the City, its officers, employees, agents, or authorized contractors.

Section 8. Copies of tariffs and filings.

The Company shall maintain an up-to-date file of all tariffs, rules, regulations, and policies approved by the Kansas Corporation Commission (KCC) pertaining to the franchise. The Company shall timely provide the City with electronic copies of: all tariffs, notice of filings for tariffs, and copies of the initial filings of Company's tariff application and rate applications filed before the KCC affecting rates and services relating to municipal use or otherwise impacting the City. In addition, the Company will provide the City, upon the City's request, electronic copies of other filings which it makes with the KCC, including, but not limited to, its annual report, advice letters, and pre-filed testimony and exhibits. Receipt of any such matters by the City shall not constitute service of documents otherwise required by law nor shall such receipt constitute any entry of appearance by the City or acknowledgment of jurisdiction over the City in such matters.

Section 9. Right to assign.

The Company shall have the right to assign, sell, lease, or otherwise transfer in any manner whatsoever to any third party not affiliated with Company the rights and privileges granted under this Ordinance as hereinafter provided. Any assignment, sale, lease, or other transfer by the Company of the franchise granted herein to any third party not affiliated with the Company shall be ineffective and void unless:

(1) The assignment, sale, lease or transfer shall be in writing; and

(2) The assignee, buyer, lessee or other transferee shall agree in writing to accept and become responsible for full

performance of all conditions, covenants, obligations, and liabilities contained in this Ordinance; and

(3) Such writing shall be submitted to the City Clerk of the City.

This provision shall not apply to the use of any portion of the Company's distribution system for the transportation, distribution or sale to any customer purchasing, receiving and using natural gas outside the municipal corporate limits of the City.

Section 10. Termination and forfeiture of franchise.

In case of failure on the part of said Company, its successors and assigns, to comply with any of the provisions of this franchise ordinance, or if said Company, its successors and assigns, should do or cause to be done any act or thing prohibited by or in violation of the terms of this franchise ordinance, said Company, its successors and assigns, shall forfeit all rights and privileges granted by this franchise ordinance and all rights hereunder shall cease, terminate and become null and void, provided that said forfeiture shall not take effect until the City shall carry out the following proceedings: (1) Before City proceeds to forfeit said franchise, as in this section prescribed, it shall first serve a written notice upon the manager of said Company, at its principal office in City, and upon the trustee or trustees in any deed of trust securing bonds of said Company of records in Sedgwick County, Kansas, or the office of the Secretary of State of Kansas, by mailing notice to such trustee or trustees to the address designated in such trust deed, setting forth in detail in such notice the neglect or failure complained of, providing said Company shall have ninety (90) days thereafter in which to comply with the conditions of this franchise; (2) If at the end of such ninety-day period the City deems that the conditions of such franchise have not been complied with by the Company and that such franchise is subject to cancellation by reason thereof, the City, in order to terminate such franchise, shall enact an ordinance setting out the grounds upon which said franchise or agreement is to be canceled or terminated. (3) If within thirty (30) days after the effective date of said ordinance the Company shall not have instituted an action, either in the District Court of Sedgwick County, Kansas, or some other court of competent jurisdiction to determine whether or not the Company has violated the terms of this franchise and that the franchise is subject to cancellation by reason thereof, such franchise shall be canceled and terminated at the end of such thirty-day period. However, if within such thirty-day period the Company does institute an action, as above provided, to determine whether or not Company has violated the terms of this franchise and that the franchise is subject to cancellation by reason thereof and prosecutes such action to final judgment with due diligence, then, in that event, in case the court finds that the franchise is subject to cancellation by reason of the violation of its terms, this franchise shall terminate thirty (30) days after such final judgment is rendered. Provided, however, that the failure of said Company to comply with any of the provisions of this franchise ordinance or the doing or causing to be done by said Company of anything prohibited by or in violation of the terms of this franchise ordinance shall not be a ground for the forfeiture thereof when such act or omission on the part of the said Company is due to any cause or delay beyond the control of said Company, its successors and assigns, or bona fide legal proceedings.

Section 11. Rights and duties of Company upon expiration of franchise.

Upon expiration of this franchise, whether by lapse of time, by agreement between Company and City, or by forfeiture thereof, the Company shall have the rights to remove any and all of its mains and pipes, laterals, appurtenances, and equipment used in its said business within a reasonable time after such expiration, but in such event, it shall be the duty of the Company, immediately upon such removal, to restore the streets, avenues, alleys, parks and other Rights of Way and grounds from which said pipes, laterals and other equipment are removed to as good condition as the same were before said removal was effected.

Section 12. Acceptance of terms by Company.

Within thirty (30) days after the final passage and approval of this franchise ordinance, Company shall file with the City Clerk of the City of Wichita its acceptance in writing of the provisions, terms and conditions of this franchise ordinance, which acceptance shall be duly acknowledged before some officer authorized by law to administer oaths; and when so accepted the ordinance and acceptance shall constitute a contract between City and Company subject to the provisions of the laws of the state of Kansas.

Section 13. Conditions of franchise.

This contract, franchise, grant and privilege is granted and accepted under and subject to all applicable laws and under and subject to all of the orders, rules, and regulations now or hereafter adopted by governmental bodies now or hereafter having jurisdiction, and each and every provision hereof shall be subject to acts of God, fires, strikes, riots, floods, war and other causes beyond Company's control. This franchise shall not be exclusive.

Section 14. Invalidity of ordinance.

If any clause, sentence, or section of this franchise ordinance shall be held to be invalid, it shall not affect the remaining provisions of this franchise ordinance.

Section 15. Effective date of ordinance.

This franchise ordinance shall take effect and be enforced following its passage, acceptance and publication as required by law.

Section 16. Repeal of conflicting ordinances.

Ordinance No. 47-956, which was heretofore granted to this Company, and all other such ordinances and resolutions or parts thereof inconsistent or in conflict with the terms hereof, shall be canceled, annulled, repealed, and set aside.

PASSED AND APPROVED by the governing body of Wichita, Kansas, this 7th day of January, 2020.

KANSAS GAS SERVICE
Ordinance No. 50-840

AN ORDINANCE PERTAINING TO KANSAS GAS SERVICE, A DIVISION OF ONE GAS, INC. AND ITS SUCCESSORS AND ASSIGNS, EXTENDING THE TERM OF THE CURRENT NATURAL GAS FRANCHISE DUE TO EXPIRE ON AUGUST 22, 2018, PURSUANT TO ORDINANCE 47-956.

WHEREAS, the parties hereto wish to extend the existing natural gas franchise with Kansas Gas Service, a division of ONE Gas, Inc., through November 1, 2018 in order to provide the parties additional time to process a new franchise.

NOW, THEREFORE, BE IT ORDAINED BY THE GOVERNING BODY OF THE CITY OF WICHITA, KANSAS:

SECTION 1. Extension.

The existing Franchise between the parties, as set forth in Ordinance No. 47-956 shall be extended until November 1, 2018.

SECTION 2. Conditions of Franchise.

That in consideration of the benefits to be derived by the City and its inhabitants, the benefits to be derived by Grantee, and the desire of the parties to have additional time in which to discuss possible modifications to the Franchise between the parties, the existing Franchise is hereby reaffirmed and extended until November 1, 2018 at which time said Franchise shall expire.

SECTION 3. Payment of Costs.

Kansas Gas Service, a Division of ONE Gas, Inc. will pay all costs and fees for the publication of this Ordinance.

This Ordinance shall take effect and be in force from and after its passage and publication in the official City newspaper.

PASSED by the governing body this 4th day of September, 2018.

BLACK HILLS/KANSAS GAS UTILITY COMPANY, LLC
Ordinance No. 51-189*

AN ORDINANCE GRANTING TO BLACK HILLS ENERGY/KANSAS GAS UTILITY COMPANY, LLC, A KANSAS CORPORATION, ITS SUCCESSORS AND ASSIGNS, A NATURAL GAS FRANCHISE AND THE RIGHT TO CONSTRUCT, OPERATE, MAINTAIN, AND EXTEND A NATURAL GAS PLANT AND DISTRIBUTING SYSTEM IN THE CITY OF WICHITA, KANSAS; PRESCRIBING THE TERMS OF SAID GRANT AND RELATING THERETO; AND REPEALING ORDINANCE 47-955.

BE IT ORDAINED BY THE GOVERNING BODY OF THE CITY OF WICHITA, KANSAS;

Section 1. Definitions.

For purposes of this franchise ordinance, the following words and phrases shall have the meanings given herein:

"City" means the City of Wichita, Kansas.

"Company" means Black Hills/Kansas Gas Utility Company, LLC.

"Distributed" or "Distribution" means all sales, distribution, or transportation of natural gas to any consumer or user within the City by the Company or by others through the Facilities of the Company in the Right-of-Way.

"Facilities" means natural gas mains, pipes, boxes, reducing and regulating stations, laterals, conduits and service extension, together with all necessary appurtenances thereto.

"Franchise" means the grant of authority by the City to transport, distribute or sell natural gas to the inhabitants of the City and to operate and maintain the Company's distribution system and facilities within Right-of-Way as defined herein.

"Franchise Fee" means the charges to consumers and compensation to the City as prescribed in Section 4 of this Franchise Ordinance.

"Gross receipts" means any and all compensation and other consideration received derived directly or indirectly by Company from any Distribution of natural gas to a consumer for any use, including, but not limited to, residential, commercial, industrial and transportation purposes, and including without limitation interruptible sales and single sales; and shall include revenues from any operation or use of any or all of the Facilities in the Right-of-Way by the Company or others including charges as provided in tariffs filed and approved by the Kansas Corporation Commission; but such term shall not include revenue received by Company from consumers as franchise fee reimbursement, funds from customer project contributions, certain miscellaneous charges and accounts as set forth in the Terms and Conditions of Gas Service on file and approved by the Kansas Corporation Commission, including but not limited to, connection and disconnection fees, reconnection fees, returned check charges, and delayed or late payment charges as such terms are used in tariffs filed and approved. Additionally, Gross Receipts shall not include credit extended, nor Volumetric Rate Fees collected by Company and remitted to City in accordance with Section 4 of this Ordinance.

"MCF" means a measurement of natural gas equal to one thousand cubic feet. One MCF equals 1,000,000 British Thermal Units (BTUs).

"Public Improvements" means any existing or contemplated public facilities, buildings, or capital improvement project, including without limitation streets, alleys, sidewalks, sewer, water, drainage, Right-of-Way improvement, and Public Projects.

"Public Project" means any project planned or undertaken by the City or any governmental entity for construction, reconstruction,

*__Editor's note—__Ord. No. 51-189, §§ 1—16, adopted on Feb. 21, 2020 repealed and replaced Ord. No. 47-955 in its entirety. The former ordinance pertained to similar subject matter. See also the Code Comparative Table.

maintenance, or repair of public facilities or improvements, or any other purpose of a public nature paid for with public funds.

"Right-of-Way" means present and future streets, alleys, rights-of-way, and public easements, including easements dedicated in plats of the City for streets, and alleys.

"Settlement Prices" means the settlement prices for natural gas futures contracts traded on the New York Mercantile Exchange (NYMEX) on the 15th day of each month or the first trading day thereafter.

"Street Right-of-Way" means the entire width between property lines of land, property or an interest therein of every way publicly maintained where any part thereof is open to the use of the public for purposes of vehicular traffic, including street, avenue, boulevard, highway, expressway, alley or any other right of way for vehicular travel by whatever name.

"Transport Gas" means all natural gas transported by the Company or by others, but not sold by the Company, to any consumer or user within the City through the Facilities of the Company in the Right-of-Way.

"Volumetric Rate" means the rate (measured in cents) applicable to each MCF of Transport Gas distributed to customers transporting gas within the City. The rate shall be the sum of the average Settlement Prices based on the twelve-month period beginning on 15th day of July of the second preceding year and ending on the 15th day of June of the preceding year and calculated as illustrated in the Volumetric Rate Calculation Form, attached hereto as Attachment A. For each 15th day of each month During said twelve-month period, the Settlement Prices on the 15th day of each month (or where necessary, for the following business day) for the next twelve months will be summed and divided by twelve to determine an average Settlement Price. The average Settlement Prices for each of the twelve months shall then be summed and divided by twelve and multiplied by 6.1817% to obtain the Volumetric Rate to be effective January 1 of the next succeeding year. The Volumetric Rate shall be calculated by the Company in accordance with the procedures in this paragraph, as illustrated in Attachment A and forwarded annually on or before July 31 to the Wichita, Kansas, City Clerk. Such annual adjustment shall not be considered an amendment to this franchise ordinance. The initial Volumetric Rate shall be $0.1474 per MCF of Transport Gas distributed in the City.

Section 2. Grant of non-exclusive franchise.

(a) There is hereby granted to Company, the non-exclusive right, privilege, and franchise to construct, maintain, extend, and operate its Facilities in and along the Right-of-Way of the City for the purpose of supplying natural gas to the City and the inhabitants and through City and beyond the limits thereof; to obtain natural gas from any source available; and to do all things necessary and proper to carry on the business of a natural gas utility for the full term of this franchise; subject to the terms and conditions herein. Nothing in this grant shall be construed to franchise or authorize the use of the Company's Facilities or the Right-of-Way, by the Company or others, for any purpose other than the provision of natural gas. The Company will not allow a subsidiary, affiliate, or a third party to acquire rights to occupy the Right-of-Way under this franchise; provided, that nothing in this section shall prevent Company from allowing the use of its Facilities by others when such use is compensated to the City under the provisions of this franchise.

(b) Company shall not enter into or continue any arrangement by which natural gas owned by any party other than Company shall be transported, distributed, or sold through any portion of Company's Facilities in the Right-of-Way for delivery to any person within the City unless the City is compensated for such use by the Company, transporter, consumer, or some other party.

(c) By this franchise, the Company is granted the authority to collect on behalf of the City the compensation to be made to the City by other parties using the Company's Facilities for Distribution of Transport Gas. The Company

agrees to collect such sums for the City and to submit such payments in the manner provided in Section 4. Nothing in this Section allowing the transportation of natural gas owned by others shall relieve Company from the responsibility of maintaining a franchise for the placement of its Facilities in the Right-of-Way.

Section 3. Term.

(a) The term of this franchise shall be twenty (20) years from the Effective Date of this franchise ordinance.

(b) Upon written request of either the City or the Company, the franchise may be reviewed after ten (10) years from the effective date of this franchise ordinance. Upon and/or after the 10th anniversary of the effective date of this Ordinance, either the City or the Company may propose amendments to any provision of this franchise by giving thirty days written notice to the other of the amendment(s) desired. The City and the Company shall negotiate in good faith in an effort to agree upon mutually satisfactory amendment(s).

(c) Upon written request of either the City or the Company, the franchise shall be reopened and renegotiated at any time upon any of the following events:

1. Change in federal, state, or local law, regulation, or order which materially affects any rights or obligations of either the City or Company, including but not limited to the scope of the grant to the Company or the compensation to be received by the City.
2. Change in the structure or operation of the natural gas industry which materially affects any rights or obligations of either the City or Company, including but not limited to the scope of the grant to the Company or the compensation to be received by the City.
3. Any other material and unintended change or shift in the economic benefit the City or the Company relied upon and anticipated upon approval of this franchise ordinance.

(d) City agrees that the franchise fee percentage rate as set forth in Section 4 below, shall in no event exceed the percentage rate hereafter approved to calculate any fee paid to City by any other person or entity for use of the Public Ways, if such fee or volumetric rate paid to City by any other person or entity for use of the Public Ways is based in any way on the amount of revenues or gross receipts from the transportation, distribution, or sale of natural gas or electric energy (excluding any municipally-owned electric utility), by such other person or entity to ultimate consumers within the City. Further, if at any time after the effective date of this Ordinance the fee or rate required to be paid by another is less than the percentage rate set for herein, the Franchise Fee set forth in Section 4 below, shall be reduced to equal such lesser percentage rate on the date such lesser percentage rate becomes effective and without any further action by the City.

(e) The use of Right-of-Way provision of this franchise shall be reopened and renegotiated if energy consumers within the City have access to alternative natural gas suppliers or other suppliers of energy through pipelines who use the Right-of-Way and do not have requirements on the use of Right-of-Way substantially equivalent to the requirements of this franchise, which results in a material and unfair disadvantage to the Company. Upon any such event, the City shall have up to 180 days after written request of the Company in which to restore competitive neutrality, provided that any adjustment in compensation resulting from renegotiations under this Subsection (e) shall be effective no later than 90 days after such notice.

(f) Failure of the City and Company to successfully renegotiate the materially affected provisions of the franchise under subsection (c), (d) or (e) shall give rise to dispute resolution as follows: At the expiration of 180 days from the date of the written request (or sooner if requested by both the City and the Company) the City and the Company shall each select a representative who shall jointly select a third representative. The three representatives shall hear the positions of the City and Company and shall determine the matters in disagreement by majority vote. Such

decision shall be presented to City and the Company as the renegotiated language under subsection (c), (d) or (e). Rejection of the dispute resolution by either the City or the Company shall give rise to the remedies provided by Section 10, or at the option of the parties, the franchise shall remain in effect according to its then existing terms.

(g) Amendments under this Section, if any, shall be made by ordinance as prescribed by statute. The franchise shall remain in effect according to its terms pending completion of any review or renegotiation provided by subsections (b), (c), (d), or (e).

Section 4. Compensation to the City.

In consideration of and as compensation for the Franchise hereby granted to Company by the City, the Company shall make an accounting to the City of all natural gas that has been distributed on a monthly basis. The Company shall pay the City:

(a) ?A sum equal to six percent (6.1817%) of the Gross Receipts received from the Distribution of natural gas; and,

(b) ?A sum equal to the Volumetric Rate multiplied by the number of MCF of Transport Gas.

Payments shall be made to the City under procedures which are mutually agreed to by the Company and the City within 30 days of the last day of the month to which such accounting shall apply.

In the event the accounting rendered to the City by the Company is found to be incorrect, then payment shall be made on the corrected amount, it being agreed that the City may accept any amount offered by the Company, but the acceptance thereof by the City shall not be deemed a settlement of such item if the amount is in dispute or later found to be incorrect. The Company agrees that all of its books, records, emails, and any other documents—regardless of nature—and all of its contracts and agreements as may be reasonably necessary for an effective compliance review of this franchise ordinance shall at all reasonable times be opened to the inspection and examination of the officers of the City and its duly authorized agents, auditor, and employees for the purpose of verifying said accounting, or for any other lawful purpose. Notwithstanding the obligation herein, the Company shall have the right to request the reasonable protection of proprietary information and to require the City or its agents to enter into such agreements pertaining to confidentiality as may reasonably protect the proprietary information of the Company, but which do not unreasonably frustrate the purposes of this subsection.

Following 30 days from the date of notice from the City or alternatively discovery by Company that the compensation provided for by this Franchise remains unpaid after the same becomes due and payable to the City, there shall be added to such payment, as a late charge, a sum equivalent to the statutory rate for interest on the unpaid amount. Such late charge shall be applicable to sums that are delinquent as well as any sums due the City as the result of an audit or review of the Company's records.

Nothing in this Section shall limit the amount or time for the City to collect for any incorrect calculations on behalf of the Company.

Section 5. Payments and charges.

The payments and compensation herein provided shall be in lieu of all other licenses and taxes, except that the usual general property taxes and special ad valorem property taxes, sales and excise taxes are not covered by the payment of the compensation referenced herein. Further, from and after the date hereof, the permit fees required of the Company pursuant to Wichita Municipal Excavation Code designated as § 10.20 *et. seq.*, (or any ordinance hereafter adopted) for a permit to excavate in dirt, any unpaved street, alley, or other public place and any other costs associated with the Company's use of the Public way is hereby incorporated into and is a part of the compensation paid to the City (as specified in Section 4 above) and shall not otherwise be separately assessed or collected by the City. Nothing in this provision shall be interpreted as a waiver of either the requirement of notice to the City or of other procedural

requirements contained in the City's excavation ordinance(s). The Company remains subject to the terms, and requirements of the Wichita Municipal Code, unless otherwise specified herein.

Section 6. Use of right-of-way.

The use of the Right-of-Way under this Franchise by the Company shall be subject to all rules, regulations, policies, resolutions, and ordinances now or hereafter adopted or promulgated by the City in the reasonable exercise of its police power relating to use, placement, location, or management of utilities located in the City's Right-of-Way. In addition, the Company shall be subject to all laws, rules, regulations, policies, resolutions, and ordinances now or hereafter adopted or promulgated by the City in the reasonable exercise of its police power relating to permits, sidewalk and pavement cuts, utility location, construction coordination, screening, and other requirements on the use of the Right-of-Way; provided, however, that nothing contained herein shall constitute a waiver of or be construed as waiving the right of the Company to oppose, challenge, or seek judicial review of, in such manner as is now or may hereafter be provided by law, any such rules, regulation, policy, resolution, or ordinance proposed, adopted or promulgated by the City. Moreover, in the event of a conflict between a City ordinance or regulation and this agreement, the City and Company agree that the terms of this agreement shall take precedent. Further, the Company shall comply with the following:

(a) The Company's use of the Right-of-Way shall in all matters be subordinate to the City's use of the Right-of-Way for any public purpose. The Company shall coordinate the installation of its Facilities in the Right-of-Way in a manner which minimizes adverse impact on Public Improvements, as reasonably determined by the City. Where installation is not otherwise regulated, the Facilities shall be placed with adequate clearance from such Public Improvements so as not to conflict with such Public Improvement.

(b) All earth, materials, sidewalks, paving, crossings, utilities, Public Improvements, or improvements of any kind located within the Right-of-Way damaged or removed by the Company in its activities under this Franchise shall be fully repaired or replaced promptly by the Company without cost to the City; however, when such activity is a joint project of utilities or franchise holders, the expenses thereof shall be prorated among the participants, and to the reasonable satisfaction of the City in accordance with the ordinances and regulations of the City pertaining thereto.

(c) Except in the event of an emergency, as reasonably determined by the Company, the Company shall comply with all laws, rules, regulations, policies, resolutions, or ordinances now adopted or promulgated by the City relating to any construction, reconstruction, repair, or relocation of Facilities which would require any street closure which reduces traffic flow. Except in the event of an emergency, the Company is required to notify the City Engineer of actual construction of its specific Facilities within the Right-of-Way. Company may submit permit requests for all construction to be engaged in during a particular week. City shall provide a response to the permit request within 10 days of the date the request is made. Notwithstanding the foregoing exception, all work (including emergency work) performed in the traveled way or which in any way impacts vehicular or pedestrian traffic shall be properly signed, barricaded, and otherwise protected.

(d) The Company shall cooperate promptly and fully with the City and take all reasonable measures necessary to provide accurate and complete information regarding the location of its Facilities located within the Right-of-Way when requested by the City or its authorized agents for a Public Project. Such location and identification shall be promptly communicated in writing to the City without cost to the City, its employees, agents or authorized contractors. The Company

shall designate and maintain an agent, familiar with the Facilities, who is responsible for providing timely information needed by the City for the design and replacement of Facilities in the Right-of-Way during and for the design of Public Improvements. At the request of the Company, the City may include design for Facilities in the design of Public Projects. Also, at the request of the Company, the City and/or its contractor(s) or agent(s) shall provide accurate and timely field locations of proposed Public Projects in the event the Company is required to install new and/or relocate its Facilities.

(e) The Company shall promptly locate, remove, relocate, or adjust any Facilities located in the Right-of-Way if notified by the City for a Public Project. Such location removal, relocation, or adjustment for a particular Public Project shall be performed by the Company without expense to the City, its employees, agents, or authorized contractors, and shall be specifically subject to rules and regulations of the City pertaining to such. If additional location, removal, relocation, or adjustment is the result of inaccurate or mistaken information of the Company, the Company shall be responsible for costs associated with such without expense to the City. Likewise, if additional location, removal, relocations or adjustment is the result of inaccurate or mistaken information of the City, the City shall reimburse the Company for any additional expense necessarily incurred by the Company directly due to such inaccurate or mistaken information. The Company shall only be responsible for removal, relocation, or adjustment of Facilities located in the Right-of-Way at the Company's sole cost once each five (5) years for that particular facility. The City shall reimburse the Company for the removal, relocation, or adjustment of the Company's Facilities located in the Right-of-Way if required before the expiration of five (5) years from the date of the last relocation, removal, or adjustment of that particular facility.

(f) The Company shall not be responsible for the expenses of relocation to accommodate any new Public Project for private development initiated after the effective date of this franchise ordinance. The expenses attributable to such a project shall be the responsibility of the third (3rd) party upon the request and appropriate documentation of the Company. Before such expenses may be billed to the third (3rd) party, the Company shall be required to coordinate with the third (3rd) party and the City on the design and construction to ensure that the work required is necessary and done in a cost-effective manner.

(g) The City shall continue to provide a location in the Right-of-Way for the Company's Facilities as part of a Public Project, assuming the space is available and practical for use, provided that the Company has cooperated promptly and fully with the City in the design of its Facilities as part of the Public Project. If space is not available or practical for use, City shall use good faith efforts to provide a location in an alternate Right-of-Way for the Company's Facilities.

(h) Prior to the Company's installation of Facilities in the Right-of-Way and after it provides the City with its proposed plans for the Facilities, the City may in its reasonable discretion designate certain locations or Facilities in the Right-of-Way to be excluded from use by Company for its Facilities, if in the reasonable judgment of the City Engineer the Facility or location is incompatible with the proposed Facilities or would be rendered unsafe or unstable by the installation. The City Engineer may further exclude certain other Facilities that have been designated or planned for use by the Company due to engineering, technological, proprietary, aesthetics, or legal limitations or restrictions as may be reasonably

determined by the City. The City shall provide a written explanation for any denial for a particular location and shall work with the Company to identify suitable alternatives.

At least ten (10) business days before the beginning of any installation, removal or relocation of its Facilities resulting in partial or complete closure of streets, the Company shall submit detailed plans of the proposed action to the City Engineer. The City Engineer shall, within ten (10) business days of receipt of such plans, either approve the plans or information the Company of the reasons for disapproval. The Company shall designate a responsible contact person with whom representatives of the City Engineer can communicate on all matters relating to Facilities installation and maintenance.

(i) It shall be the responsibility of the Company to take adequate measures to protect and defend its Facilities in the Right-of-Way from harm or damage. If the Company fails to accurately locate Facilities when requested, it shall have no claim for costs or damages against the City. The Company shall be responsible to the City and its agents, representatives, and authorized contractors for all damages including, but not limited to, delay damages, repair costs, down time, construction delays, penalties or other expenses of any kind arising out of the failure of the Company to perform any of its obligations under this franchise ordinance. The above general provisions notwithstanding, the City and its authorized contractors shall take reasonable precautionary measures including calling for utility locations through Kansas One Call and exercising due caution when working near the Company's Facilities.

(j) All technical standards governing construction, reconstruction, installation, operation, testing, use, maintenance, and dismantling of the Facilities in the Right-of-Way shall be in accordance with applicable present and future federal, state, and City laws and regulations, including but not limited to the most recent standards of the Kansas Corporation Commission and U.S. Department of Transportation. It is understood that the standards established in this paragraph are minimum standards and the requirements established or referenced in this Franchise may be additional to or stricter than such minimum standards.

(k) The design, location, and nature of all Facilities to be placed in the Right-of-Way shall be subject to the reasonable review and approval of the City Engineer. Anything placed onto the Facilities is subject to reasonable review and approval of the City Engineer. This is a means to properly manage and control all Right-of-Way usage in the City, and to protect the public aesthetics, health, safety, and welfare. The review and approval is to ensure efficient coordination relating to Right-of-Way use relating to public and private utilities and to evaluate the configuration and size of Facilities that may be located in the Right-of-Way.

(l) All technical standards governing construction, reconstruction, installation, operation, testing, use, maintenance, and dismantling of the Facilities in the Right-of-Way shall be in accordance with applicable present and future federal, state, and City law and regulation not in conflict with federal or state law, including but not limited to the most recent standards of the Kansas Corporation Commission and the Kansas Department of Transportation, or such substantive equivalents as may hereafter be adopted or promulgated. The standards established in this paragraph are minimum standards and the requirements established or referenced in this Franchise may be in addition to or stricture than such minimum standards.

(m) The City reserves the right to lay, and permit to be laid, storm sewer, gas, water, wastewater and other pipe lines, cables, and conduits, and to do and permit to be

done any underground or overhead work that may be necessary or proper in, across, along, over, or under the Right-of-Way occupied by the Company. The City also reserves the right to change, in any manner, any curb, sidewalk, highway, alley, public way or street. In permitting such work to be done, the City shall meet all applicable codes. The City shall not be liable to the Company for any damage so occasioned, but nothing herein shall relieve any other person from responsibility for damages to the Facilities of the Company due to negligence.

(n) For Facilities installed in any new subdivision within the City, Company shall follow any applicable City ordinance regarding installation of above-ground or underground Facilities.

(o) If the Company has any open cut or bore more than 500' long, the Company shall notify the City. The Company shall place up to two or more conduits for the City at a cost agreed upon and paid for by the City where such placement can be accomplished safely. The Company shall provide to the City a map showing existing empty or nearly empty conduits. The Company shall allow the City to place fiber-optic cable whenever practicable.

Section 7. Indemnity and hold harmless.

The Company shall hold and save the City, its officers, employees, agents, and authorized contractors, harmless from and against all claims, damages, expense, liability, and costs, including but not limited to, attorney fees, to the extent occasioned in any manner by the Company's occupancy of Right-of-Way, except to the extent that such were caused by the negligence or intentional conduct of the City, its officers, employees, agents, or authorized contractors. In the event a claim shall be made or an action shall be instituted against the City growing out of such occupancy of the Right-of-Way by Facilities of the Company, then upon notice by the City to the Company, the Company will assume responsibility for the defense of such actions at the cost of the Company, subject to the option of the City to appear and defend, at its own cost, any such case; provided, that the Company shall have no duty to defend any such action to the extent that such action has resulted from the negligence or intentional conduct of the City, its officers, employees, agents, or authorized contractors.

Section 8. Copies of tariffs and filings.

The Company shall timely provide the City with electronic copies of: all tariffs, notice of filings for tariffs, and copies of the initial filings of Company's tariff application and rate applications filed before the KCC affecting rates and services relating to municipal use or otherwise impacting the City. In addition, the Company will provide the City, upon the City's request, electronic copies of other filings which it makes with the KCC, including, but not limited to, its annual report, advice letters, and pre-filed testimony and exhibits. Receipt of any such matters by the City shall not constitute service of documents otherwise required by law nor shall such receipt constitute any entry of appearance by the City or acknowledgment of jurisdiction over the City in such matters.

Section 9. Right to assign.

The Company shall have the right to assign, sell, lease, or otherwise transfer in any manner whatsoever to any third party not affiliated with Company the rights and privileges granted under this franchise ordinance as hereinafter provided. Any assignment, sale, lease, or other transfer by the Company of the Franchise granted herein to any third party not affiliated with the Company shall be ineffective and void unless:

(1) The assignment, sale, lease or transfer shall be in writing; and

(2) The assignee, buyer, lessee or other transferee shall agree in writing to accept and become responsible for full performance of all conditions, covenants, obligations, and liabilities contained in this franchise ordinance; and

(3) Such writing shall be submitted to the City Clerk of the City.

This provision shall not apply to the use of any portion of the Company's distribution system for the transportation, distribution or sale to any customer purchasing, receiving and using natural gas outside the municipal corporate limits of the City.

Section 10. Termination and forfeiture of franchise.

In case of failure on the part of Company, its successors and assigns, to comply with any of the provisions of this franchise ordinance, or if Company, its successors and assigns, should do or cause to be done any act or thing prohibited by or in violation of the terms of this franchise ordinance, Company, its successors and assigns, shall forfeit all rights and privileges granted by this franchise ordinance and all rights hereunder shall cease, terminate and become null and void, provided that said forfeiture shall not take effect until the City shall carry out the following proceedings: (1) Before City proceeds to forfeit said franchise, as in this section prescribed, it shall first serve a written notice upon the manager of Company, at its principal office in City, and upon the trustee or trustees in any deed of trust securing bonds of Company of records in Sedgwick County, Kansas, or the office of the Secretary of State of Kansas, by mailing notice to such trustee or trustees to the address designated in such trust deed, setting forth in detail in such notice the neglect or failure complained of, providing Company ninety (90) days thereafter in which to comply with the conditions of the Franchise; (2) If at the end of such ninety-day period the City deems that the conditions of the Franchise have not been complied with by the Company and that such Franchise is subject to cancellation by reason thereof, the City, in order to terminate such Franchise, shall enact an ordinance setting out the grounds upon which said Franchise is to be canceled or terminated. (3) If within thirty (30) days after the effective date of this franchise ordinance the Company shall not have instituted an action, either in the District Court of Sedgwick County, Kansas, or some other court of competent jurisdiction to determine whether or not the Company has violated the terms of the Franchise and that the Franchise is subject to cancellation by reason thereof, the Franchise shall be canceled and terminated at the end of such thirty-day period. However, if within such thirty-day period the Company does institute an action, as above provided, to determine whether or not Company has violated the terms of this Franchise and that the Franchise is subject to cancellation by reason thereof and prosecutes such action to final judgment with due diligence, then, in that event, in case the court finds that the Franchise is subject to cancellation by reason of the violation of its terms, this Franchise shall terminate thirty (30) days after such final judgment is rendered. Provided, however, that the failure of Company to comply with any of the provisions of this franchise ordinance or the doing or causing to be done by said Company of anything prohibited by or in violation of the terms of this franchise ordinance shall not be a ground for the forfeiture thereof when such act or omission on the part of the said Company is due to any cause or delay beyond the control of said Company, its successors and assigns, or bona fide legal proceedings.

Section 11. Rights and duties of Company upon expiration of Franchise.

Upon expiration of the Franchise, whether by lapse of time, by agreement between Company and City, or by forfeiture thereof, the Company shall have the rights to remove any and all of its mains and pipes, laterals, appurtenances, and equipment used in its said business within a reasonable time after such expiration, but in such event, it shall be the duty of the Company, immediately upon such removal, to restore the streets, avenues, alleys, parks and other Rights of Way and grounds from which said pipes, laterals and other equipment are removed to as good condition as the same were before said removal was effected.

Section 12. Acceptance of terms by Company.

Within thirty (30) days after the final passage and approval of this franchise ordinance, Company shall file with the City Clerk of the City of Wichita its acceptance in writing of the provisions, terms and conditions of this franchise

ordinance, which acceptance shall be duly acknowledged before some officer authorized by law to administer oaths; and when so accepted the ordinance and acceptance shall constitute a contract between City and Company subject to the provisions of the laws of the state of Kansas.

Section 13. Conditions of Franchise.

This contract, franchise, grant and privilege is granted and accepted under and subject to all applicable laws and under and subject to all of the orders, rules, and regulations now or hereafter adopted by governmental bodies now or hereafter having jurisdiction, and each and every provision hereof shall be subject to acts of God, fires, strikes, riots, floods, war and other causes beyond Company's control. This Franchise shall not be exclusive.

Section 14. Invalidity of ordinance.

If any clause, sentence, or section of this franchise ordinance shall be held to be invalid, it shall not affect the remaining provisions of this franchise ordinance.

Section 15. Effective date of ordinance.

This franchise ordinance shall take effect and be enforced on the 1st day of January, 2020 following its passage, acceptance and publication as required by law.

Section 16. Repeal of conflicting ordinances.

Ordinance No. 47-955, which was heretofore granted to this Company, and all other such ordinances and resolutions or parts thereof inconsistent or in conflict with the terms hereof, shall be canceled, annulled, repealed, and set aside.

PASSED AND APPROVED by the governing body of Wichita, Kansas, this 21st day of February, 2020.

ADELPHIA BUSINESS SOLUTIONS
Ordinance No. 45-163

AN ORDINANCE GRANTING TO ADELPHIA BUSINESS SOLUTIONS, ITS SUCCESSORS AND ASSIGNS, A FRANCHISE AND THE RIGHT TO CONSTRUCT, OPERATE, MAINTAIN AND EXTEND A TELECOMMUNICATION SYSTEM IN THE CITY OF WICHITA, KANSAS, PRESCRIBING THE TERMS OF SAID GRANT AND RELATING THERETO.

WHEREAS, the City of Wichita has adopted an ordinance authorizing the grant of franchises to telecommunications and open video system providers to construct, operate, and maintain communications systems using the right-of-way in the City of Wichita, Kansas, and prescribing the terms and conditions of said grants (Ordinance No. 44-845); and

WHEREAS, by L. 2001, Ch. 135, Sec. 3, the Kansas Legislature has attempted to establish a moratorium on franchise and right-of-way ordinances which substantially modify the relationship between certain telecommunications providers and municipalities but allows new franchises consistent with the terms of ordinances in existence with other telecommunications providers prior to December 31, 2001; and

WHEREAS Adelphia Business Solutions desires the grant of a franchise consistent ordinance no. 44-845 and under the terms of the legislative moratorium;

NOW THEREFORE, BE IT ORDAINED BY THE GOVERNING BODY OF THE CITY OF WICHITA, KANSAS:

Section 1. Definitions. For purposes of this ordinance, the following words and phrases shall have the meanings given herein:

"Access lines"-shall mean the following billed main lines and trunks, whether provided on a retail or wholesale basis: residential lines; business lines; ISDN lines (channels); PBX trunks; Centrex or Centrex-like stations; simulated exchange access lines provided by a central office based switching arrangement where all stations served by such simulated exchange access lines are used by a single customer of the provider of such arrangement; where stations are served by simulated exchange access lines provided by a central office based switching arrangement and the stations served are not used by a single customer of the provider of such arrangement, each station shall constitute an access line; and pay phone lines. "Access line" shall include wireless telecommunications services subject to 47 C.F.R. Part 24. "Access line" shall not include the following: wireless telecommunications services subject to 47 C.F.R. Part 22; unbundled loop facilities; and special access services.

"City"-The City of Wichita, Kansas.

"Facilities"-Telephone and telecommunication lines, conduits, wires, cables, pipes, poles, towers, vaults, and appliances, either under or above ground.

"Public improvement"-Any existing or contemplated public facility, building, or capital improvement project, including without limitation streets, alleys, sidewalks, sewer, water, drainage, right-of-way improvement, and public projects.

"Public project"-Any project planned or undertaken by the City or any governmental entity for construction, reconstruction, maintenance, or repair of public facilities or improvements, or any other purpose of a public nature.

"Right-of-way"-Present and future streets, alleys, rights-of-way, and public easements, including easements dedicated in plats of the City of Wichita, Kansas.

"Street right-of-way"-The entire width between property lines of land, property or an interest therein of every way publicly maintained where any part thereof is open to the use of the public for purposes of vehicular traffic, including street, avenue, boulevard, highway, expressway, alley or any other public way for vehicular travel by whatever name.

"Telephone Company"-Adelphia Business Solutions, its successors and assigns.

"Telecommunications"-The transmission, between or among points specified by the user, of information of the user's choosing, without change in the form or content of the information as sent and received.

"Telecommunications service"-The offering of telecommunications for a fee directly to the public, or to such classes of users as to be effectively available directly to the public, regardless of the facilities used.

Section 2. Grant.

(a) There is hereby granted to Telephone Company the right, privilege and franchise to construct, maintain, extend, and operate its facilities, in, through and along the right-of-way for the purpose of supplying telecommunication service to the City and the inhabitants thereof for the full term of this franchise subject to the terms and conditions herein set forth. Nothing in this franchise is intended to preclude the City from seeking, or authorize the City to seek, a franchise from any subsidiary, affiliate, or third party providing telecommunications services.

(b) This franchise does not provide the Telephone Company the right to provide "Cable Service" to City and inhabitants thereof. For purposes of this ordinance, "Cable Service" is defined as the one-way transmission to subscribers of video programming or other programming services, and subscriber interaction, if any, which is required for the selection of such video programming or other programming service; but "Cable Service" does not include point to point, point to multi-point, and switched video services that Telephone Company has historically offered or other similar services that Telephone Company may in the future offer. Nothing in this franchise is intended to preclude the City from seeking, or authorize the City to seek, a franchise from any subsidiary, affiliate, or third party providing "Cable Services." Telephone Company and City agree that nothing in this franchise is intended to authorize the City to seek from Telephone Company nor to require Telephone Company to obtain a franchise to offer "Open Video Systems" as that term is used in section 653 of the Telecommunications Act of 1996 (codified at 47 U.S.C. 573). Telephone Company and City further agree, however, that this ordinance does not authorize Telephone Company to offer "Open Video Systems" without paying the fee on the gross revenues of the system operator for the provision of cable service in lieu of a franchise fee, pursuant to and in the manner described in 47 U.S.C. 573(c)(2)(b) and without complying with FCC regulations promulgated pursuant to 47 U.S.C. 573.

(c) Upon written request from Telephone Company, the City agrees to begin negotiations in good faith with Telephone Company within thirty (30) days to provide Telephone Company a franchise to provide "Cable Service" to the City and inhabitants thereof on terms no more burdensome than the franchise(s) granted to other providers of "Cable Service" with the City.

(d) The grant of this franchise shall be subject to the provisions of Ordinance No. 44-845, to the extent allowed by law and to the extent not inconsistent with the other provisions of this franchise. Nothing in this subsection shall be deemed to preclude Telephone Company from objecting to the provisions of said ordinance or pursuing other rights and remedies that might exist by law.

Section 3. Use of Right-of-Way. In the use of right-of-way under this franchise, the Telephone Company shall be subject to all rules, regulations, policies, resolutions and ordinances now or hereafter adopted or promulgated by the City in the reasonable exercise of its police power. In addition, the Telephone Company shall be subject to all rules, regulations, policies, resolutions, and ordinances now or hereafter adopted or promulgated by the City relating to pennits and fees, sidewalk and pavement cuts, utility location, construction coordination, beautification, and other requirements on the use of the right-of-way and shall comply with the following:

(a) The Telephone Company's use of right-of-way shall in all matters be subordinate to the City's use of the right-of-way for any public purpose. The Telephone Company shall coordinate the placement of its facilities in a manner that minimizes adverse impact on public improvements, as reasonably determined by the City. Where

placement is not otherwise regulated, the facilities shall be placed with adequate clearance from such public improvements so as not to impact or be impacted by such public improvement.

(b) All earth, materials, sidewalks, paving, crossings, utilities, public improvements, or improvements of any kind injured or removed by the Telephone Company in its activities under this franchise shall be fully repaired or replaced promptly by the Telephone Company at its sole expense and to the reasonable satisfaction of the City or owner thereof.

(c) All facilities constructed, replaced, or relocated in the right-of-way after the date hereof shall be placed underground unless otherwise agreed to by the City. Where there are obstructions in the right-of-way such as trees, shrubs, other utilities, commercial signs, man-made structures, or other like obstructions which make the cost of such underground burial unreasonable, the Telephone Company may request waiver of this requirement, in which event the City will not unreasonably withhold consent. Any vaults, boxes, pedestals, and similar facilities placed above ground in street right-of-way shall be located behind the sidewalk where feasible. Underground facilities shall be placed in appropriate size and type of rigid conduit under paving and under proposed paving as set forth in the Year 2000 Transportation Plan as on file with the Metropolitan Area Planning Commission except where otherwise agreed by the City and the Telephone Company. Where reasonable and appropriate and where adequate public right-of-way exists, the Telephone Company will place above-ground facilities underground in conjunction with City capital improvement projects and/or at specific locations requested by the City provided that such placement is practical, efficient, and economically feasible. By way of illustration and not limitation, Telephone Company may establish that such placement is not economically feasible by showing that the present value of the future maintenance savings of such placement does not exceed all of the costs associated with such placement.

(d) The Telephone Company shall keep and maintain accurate records and as-built drawings depicting accurate horizontal and vertical location of all facilities constructed, reconstructed, or relocated in the street right-of-way after the date hereof and provide location information regarding specific future project locations to the City upon request. Where such information is available electronically, upon request from the City, Telephone Company agrees to provide such information in an electronic format. (City agrees to use information only to locate utility facilities in connection with municipal projects and further agrees not to disclose such information to anyone other than City employees requiring such information to locate utility facilities in connection with municipal projects, except as required by law. Telephone Company and City agree that such information is confidential and proprietary and agree that such information shall remain the sole property of the Telephone Company and agree that pursuant to K.S.A. 45-221(12), (18), as amended, such information does not constitute public records subject to K.S.A. 45-218, as amended. In the event that City is required by law to disclose such information, City shall provide the Telephone Company seven (7) days advance notice of its intended disclosure of such information and shall take such action as may be reasonably required to cooperate with the Telephone Company to safeguard such information. The Telephone Company agrees to indemnify and hold the City harmless from any and all penalties or costs, including attorney's fees, arising from the actions of the Telephone Company, or of the City at the written request of the Telephone Company, in seeking to safeguard the confidentiality of information provided by Telephone Company to City under this section. In the event such

information is required by force of law to be publicly disclosed, the Telephone Company shall have no further obligation under this section to provide the City with such information.) Such facilities shall be horizontally and vertically located at least every 100 feet and at any other alignment change. All points of facilities shall be horizontally located from street centerline, or section or quarter section lines or corners. Vertical locations or all points of facilities shall consist of elevations in either City datum or United States Geological Survey datum.

(e) The Telephone Company shall notify the City not less than three (3) working days in advance (such notice to be adequate for timely notice on the governing body agenda under City procedures) of any construction, reconstruction, repair, or relocation of facilities which would require any street closure which reduces traffic flow to less than two lanes of moving traffic. Except in the event of an emergency, as reasonably determined by the Telephone Company, no such closure shall take place without prior authorization from the City. In addition, all work performed in the traveled way or which in any way impacts vehicular or pedestrian traffic shall be properly signed, barricaded, and otherwise protected. Such signing shall be in conformance with the latest edition of the Federal Highway Administration's Standards and Guideline for Work Zone Traffic Control, unless otherwise agreed to by the City.

(f) The Telephone Company shall cooperate promptly and fully with the City and take all reasonable measures necessary to provide accurate and complete information regarding the nature and horizontal and vertical location of its facilities located within right-of-way when requested by the City or its authorized agents for a public project. Such location and identification shall be at the sole expense of the Telephone Company without expense to the City, its employees, agents, or authorized contractors. The Telephone Company shall designate and maintain a local agent, familiar with the facilities, who is responsible for satisfying information needs of the City and other users of the right-of-way.

(g) The Telephone Company shall promptly remove, relocate, or adjust any facilities located in right-of-way if reasonably necessary and directed by the City for a public project. Such removal, relocation, or adjustment for a particular public project shall be performed by the Telephone Company once at its sole expense without expense to the City, its employees, agents, or authorized contractors and shall be specifically subject to rules and regulations of the City pertaining to such. If additional removal, relocation, or adjustment is the result of the inaccurate or mistaken information of the Telephone Company, the Telephone Company shall be responsible for such at its sole expense.

(h) It shall be the responsibility of the Telephone Company to take adequate measures to protect and defend its facilities in the right-of-way from harm or damage. If the Telephone Company fails to accurately or timely locate facilities when requested, it has no claim for costs or damages against the City and its authorized contractors unless such party is solely responsible for the harm or damage by its negligence or intentional conduct. Telephone Company shall be responsible to the City and its agents, representatives, and authorized contractors for all damages including, but not limited to, delay damages, repair costs, down time, construction delays, penalties or other expenses of any kind arising out of the failure of the Telephone Company to perform any of its obligations under this agreement unless the damage party is solely responsible for the harm or damage by its negligence or intentionally caused harm. However, the City and its authorized contractors shall be responsible to take reasonable precautionary measures

including calling for utility locations and observing marker posts when working near Telephone Company facilities.

(i) The Telephone Company, on the request of any applicant, shall remove or raise or lower its wires temporarily to permit the moving of houses or other structures. The expense of such temporary removal, raising or lowering of wires shall be paid by the party or parties requesting the same, and the Telephone Company may require such payment in advance. The Telephone Company shall be given not less than fifteen (15) days' written notice from the applicant detailing the time and location of the moving operations, and not less than twenty-four (24) hours' advance notice from the applicant advising of the actual operation. The City shall not be liable for any such expense or notice requirement for the moving of houses or structures by the City or its contractors.

(j) Permission is hereby granted to the Telephone Company to trim trees upon and overhanging streets, alleys, sidewalks and public places of said City so as to prevent the branches of such trees from coming in contact with the wires and cables of the Telephone Company, all of said trimming to be done under the supervision and direction of any City officials to whom said duties have been or may be designated.

(k) All technical standards governing construction, reconstruction, installation, operation, testing, use, maintenance, and dismantling of the facilities in the right-of-way shall be in accordance with applicable present and future federal, state, and City law and regulation, including but not limited to the most recent editions of the National Electrical Code, the National Electrical Safety Code, and the Fiber Optic Cable Installation Standard of the Telecommunications Industry Committee, or such substantive equivalences as may hereafter be adopted or promulgated. It is understood that the standards established in this paragraph are minimum standards and the requirements established or referenced in this ordinance may be additional to or stricter than such minimum standards.

(l) The Telephone Company will not allow a subsidiary, affiliate, or a third party providing a wireless communications system to acquire rights to occupy the right-of-way under this Agreement. To the extent this provision is deemed inapplicable to third parties, it also shall be deemed inapplicable to subsidiaries and affiliates of Telephone Company. Nothing in this subsection shall prevent Telephone Company from providing Telecommunications Services to any third party, subsidiary or affiliate even though such services may involve the Telephone Company facilities in the right-of-way within the City limits.

(m) The City encourages the conservation of right-of-way by the sharing of space by all utilities. To the extent required by Federal or State law, the Telephone Company shall permit any other franchised entity by appropriate contract or agreement negotiated by the parties to use any and all facilities constructed or erected by the Telephone Company. All said agreements and installations shall be subject to all existing and future ordinances and regulations of the City.

(n) The provisions of this franchise shall be subject to any existing or future adopted right-of-way management and construction standards ordinance of general applicability pursuant to the public health, safety, and welfare authority of the City. Nothing in this subsection shall be deemed to preclude Telephone Company from objecting to the provisions of said ordinance or pursuing other rights and remedies that might exist by law.

Section 4. Indemnity and Hold Harmless. The Telephone Company shall hold and save the City, its officers, employees, agents, and authorized contractors, harmless from and against all claims, damages, expense, liability, and costs including attorney fees, to the extent occasioned in

any manner by the Telephone Company's occupancy of right-of-way, except to the extent otherwise specified in paragraph 3(h). In the event a claim shall be made or an action shall be instituted against the City growing out of such occupancy of the right-of-way by facilities of the Telephone Company, then upon notice by the City to the Telephone Company, the Telephone Company will assume liability for the defense of such actions at the cost of the Telephone Company, subject to the option of the City to appear and defend, at its own cost, any such case.

Section 5. Regulation of Rates and Service. The rates to be charged and exacted from the City of Wichita and its inhabitants, and the rules and regulations with reference to the character and quality and standards of service to be furnished by said Telephone Company shall be under the jurisdiction and control of such regulatory body, municipal or otherwise, as may from time to time during the term of this ordinance be vested by law with authority and jurisdiction thereover; PROVIDED, that if at any time there shall be no such regulatory body vested by law with the exclusive jurisdiction of the rates, regulations and quality and standards of service to be supplied by said Telephone Company, and if by the law the jurisdiction thereover shall be optional, with the sole discretion in the City, then the right and power to fix and determine rates and to prescribe standards and quality of service shall be vested in the Governing Body of the City of Wichita, Kansas.

PROVIDED, FURTHER, that nothing herein contained shall be construed as waiving the rights of either the City or the Telephone Company to review in the courts, in such manner as is now or may hereafter be provided by law, the findings or order of said regulatory body.

Section 6. Payments and Charges. The payments herein provided shall be in lieu of all other licenses, taxes, charges, fees or impositions, except that the usual general property taxes and special ad valorem property taxes, and any charges for pavement cuts or other charges based on restoring premises to their same condition, or charges made for privileges which are not in any way connected with telephone business, as such, will be imposed on the Telephone Company, and are not covered by the payments herein. The Telephone Company shall have the privilege of crediting such sums payable hereunder with any unpaid balance due said Telephone Company for telephone service rendered or facilities furnished to said City; PROVIDED, that said balance due is liquidated and uncontested.

(a) In consideration of the franchise granted to Telephone Company by City, Telephone Company agrees to pay to City during the term of this ordinance a sum of One Dollar and Eighty-one Cents ($1.81) per month for each access line served by Telephone Company for local service within the city limits of the City. The number of access lines as of month end shall be used to calculate payments due City for the following month. The payment to City for amounts owed for such month shall be made within thirty (30) days of the last day of such month.

(b) If during the term of this ordinance any entity provides local telecommunications service in City and provides compensation to City at an amount less than One Dollar and Eighty-One Cents ($1.81) per month for each access line served by such entity for local service within the city limits of City or provides no compensation to City for each such access line, this ordinance shall require compensation no greater than such amounts, if any, during such time remaining of the term of this ordinance that the lesser compensation, if any, is paid by such other entity.

(c) The parties agree that if federal law or state law is enacted setting forth a maximum allowable level of compensation for franchise rights and if such maximum allowable level is less than the level of compensation required by this ordinance, this ordinance shall require Telephone Company to pay the reduced level required by law for the remainder of the term of this ordinance.

(d) if during the term of this ordinance, Telephone Company believes that it is entitled to reduction in compensation pursuant to subsections (b) and (c) above, Telephone Company agrees to notify City in writing and agrees that it will continue to pay City at a rate of One Dollar and Eighty-one Cents ($1.81) per month for each access line served by Telephone Company for local service within the city limits of City until sixty (60) days following such notice to City.

Section 8. Attachment to Poles. Nothing in this ordinance shall be construed to require or permit any telephone, electric light or power wire attachments by either the City or the Telephone Company on the poles of the other. If such attachments are desired by the City or the Telephone Company, then a separate non-contingent agreement shall be prerequisite to such attachments.

Section 9. Forfeiture of Franchise. In case of failure on the part of Adelphia Business Solutions, its successors and assigns, to comply with any of the provisions of this ordinance, or if Adelphia Business Solutions, its successors and assigns, should do or cause to be done any act or thing prohibited by or in violation of the terms of this ordinance, Adelphia Business Solutions, its successors and assigns, shall forfeit all rights and privileges granted by this ordinance and all rights hereunder shall cease, terminate and become null and void, provided that said forfeiture shall not take effect until the City of Wichita shall carry out the following proceedings. Before the City of Wichita proceeds to forfeit said franchise, as in this section prescribed, it shall first serve a written notice upon the manager of Adelphia Business Solutions at its principal office in the City of Wichita, and upon the trustee or trustees in any deed of trust securing bonds of Adelphia Business Solutions of record in Sedgwick County, Kansas, by mailing notice to such trustee or trustees to the address designated in such trust deed, setting forth in detail in such notice the neglect or failure complained of, and Adelphia Business Solutions shall have ninety days thereafter in which to comply with the conditions of this franchise. If at the end of such ninety-day period the City of Wichita deems that the conditions of such franchise have not been complied with by Adelphia Business Solutions and that such franchise is subject to cancellation by reason thereof, the City of Wichita, in order to terminate such franchise, shall enact an ordinance setting out the grounds upon which said franchise or agreement is to be canceled or terminated. If within thirty days after the effective date of said ordinance Adelphia Business Solutions shall not have instituted an action, either in the District Court of Sedgwick County, Kansas, or some other court of competent jurisdiction to determine whether or not Adelphia Business Solutions has violated the terms of this franchise and that the franchise is subject to cancellation by reason thereof, such franchise shall be canceled and terminated at the end of such thirty-day period. If within such thirty-day period Adelphia Business Solutions does institute an action, as above provided, to determine whether or not Adelphia Business Solutions has violated the terms of this franchise and that the franchise is subject to cancellation by reason thereof and prosecutes such action to final judgment with due diligence, then, in that event, in case the court finds that the franchise is subject to cancellation by reason of the violation of its terms, this franchise shall terminate thirty days after such final judgment is rendered. PROVIDED, however, that the failure of Adelphia Business Solutions to comply with any of the provisions of this ordinance or the doing or causing to be done by Adelphia Business Solutions of anything prohibited by or in violation of the terms of this ordinance shall not be a ground for the forfeiture thereof when such act or omission on the part of Adelphia Business Solutions is due to any cause or delay beyond the control of Adelphia Business Solutions, its successors and assigns, or to bona fide legal proceedings.

Section 10. Rights and Duties of Grantee Upon Expiration of Franchise. Upon expiration of this franchise, whether by lapse of time, by agreement between Adelphia Business Solutions and the City of Wichita, or by forfeiture thereof, Adelphia Business Solutions shall have the right to remove from public property any and all of its lines, poles, towers and other appurtenances and equipment used in its said business within a

reasonable time after such expiration, but in such event, it shall be the duty of Adelphia Business Solutions, immediately upon such removal, to restore the streets, avenues, alleys, parks and other public ways and grounds from which said lines, poles, towers, other appurtenances and other equipment are removed to as good condition as the same were before said removal was effected.

Section 11. Term and Termination Date. The term of this franchise shall be until July 1, 2002, or until the expiration of Ordinance No. 43-128 (Southwestern Bell Telephone Company), whichever event occurs first.

Section 12. Acceptance of Terms by Adelphia Business Solutions. The Telephone Company shall have sixty (60) days after the final passage and approval of this ordinance to file with the City Clerk of the City of Wichita its acceptance in writing of the provisions, terms and conditions of this ordinance, which acceptance shall be duly acknowledged before some officer authorized by law to administer oaths; and when so accepted the ordinance and acceptance shall constitute a contract between the City of Wichita and Adelphia Business Solutions subject to the provisions of the laws of the state of Kansas.

Section 13. Right to Assign. This franchise shall be assignable only in accordance with the laws of the state of Kansas, as the same may exist at the time when any assignment is made.

Section 14. Participation in Utility Location Coordination Council. Adelphia Business Solutions shall remain a member of and participate in the Utility Location and Coordination Council established by Sections 2.12.1093 through 2.12.1097 of the Code of the City of Wichita, Kansas, and any amendment thereto and shall participate in joint funding with other utilities.

Section 15. Conditions of Franchise. This contract, franchise, grant and privilege is granted and accepted under and subject to all applicable laws and under and subject to all of the orders, rules and regulations now or hereafter adopted by governmental bodies now or hereafter having jurisdiction, and each and every provision hereof shall be subject to Acts of God, fires, strikes, riots, floods, war and other causes beyond Adelphia Business Solution's control. This franchise shall not be exclusive.

Section 16. Invalidity of Ordinance. If any clause, sentence, or section of this ordinance shall be held to be invalid, it shall not affect the remaining provisions of this ordinance.

Section 17. Effective Date. This ordinance shall not take effect or become in force until it shall have been read in full at three regular weekly meetings of the governing body of the City of Wichita nor until and immediately after its final passage it shall be published in the official city paper once each week for two consecutive weeks, and such ordinance shall not take effect or be in force until and after the expiration of sixty days from the date of its final passage, nor if, pending the final passage and taking effect of said ordinance, an election shall be called as provided by law, in which event said ordinance shall not take effect or become in force until the same shall have been duly approved by the electorate. The Telephone Company shall have sixty days from and after its passage and approval to file its written acceptance of this ordinance with the City Clerk.

PASSED AND APPROVED by the governing body of the City of Wichita, Kansas this date January 8, 2002.

Bob Knight, Mayor

ATTEST: (SEAL)

Pat Burnett, City Clerk

Approved as to Form:

KANSAS FIBER NETWORK, L.L.C.
Ordinance No. 52-332

AN ORDINANCE OF THE CITY OF WICHITA, KANSAS, GRANTING TO KANSAS FIBER NETWORK, L.L.C., A KANSAS LIMITED LIABILITY COMPANY, A TELECOMMUNICATIONS LOCAL EXCHANGE SERVICE PROVIDER, A CONTRACT FRANCHISE FOR THE PROVIDING OF LOCAL EXCHANGE SERVICE IN THE CITY OF WICHITA; PRESCRIBING THE TERMS OF SAID GRANT AND OTHER CONDITIONS RELATING THERETO.

SECTION 1. Definitions. For the purposes of this contract franchise ordinance, the following words and phrases shall have the following meanings:

(1) "Communications system" or "System" means the cables, wires, lines, optic fiber, and any associated converters, equipment, or other facilities designed, constructed or occupied by a Provider or others for the purpose of producing, receiving, amplifying or distributing Telecommunications Service to or from locations within the City.

(2) "City" means the City of Wichita, Kansas, the franchisor herein.

(3) "Facilities" means any portion of a System located in, along, over, upon, under, or through the Public Right-of-Way.

(4) "Franchise fee" means the Access Line Fee or fee on Gross Receipts or fee on gross revenues established under this ordinance.

(5) "Local exchange service" means local switched telecommunications service within any local exchange service area approved by the state corporation commission, regardless of the medium by which the local telecommunications service is provided. The term local exchange service shall not include wireless communication services.

(6) "Provider" means a local exchange carrier as defined in subsection (h) of K.S.A. 66-1,187 and amendments thereto, or a telecommunications carrier as defined in subsection (m) of K.S.A. 66-1,187, and amendments thereto.

(7) "Public right-of-way" means only the area of real property in which the City has a dedicated or acquired right-of-way interest in the real property. It shall include the area on, below or above the present and future streets, alleys, avenues, roads, highways, parkways or boulevards dedicated or acquired as right-of-way. The term does not include the airwaves above a right-of-way with regard to wireless telecommunications or other non-wire telecommunications or broadcast service, easements obtained by utilities or private easements in platted subdivisions or tracts.

(8) "Kansas Fiber Network, L.L.C." or "Company", means the franchisee herein.

(9) "Telecommunications local exchange service provider" means a local exchange carrier as defined in subsection (h) of K.S.A. 66-1,187, and amendments thereto, and a telecommunications carrier as defined in subsection (m) of K.S.A. 66-1,187, and amendments thereto, which does, or in good faith intends to, provide local exchange service. The term telecommunications local exchange service provider does not include an interexchange carrier that does not provide local exchange service, competitive access provider that does not provide local exchange service or any wireless telecommunications local exchange service provider.

(10) "Telecommunications services" means providing the means of transmission, between or among points specified by the user, of information of the user's choosing, without change in the form or content of the information as sent and received. For the avoidance of doubt, a "broadband internet access service" (or "BIAS") is a telecommunications service under this ordinance.

SECTION 2. Intent. It is understood and agreed that the intent of Kansas Fiber Network, L.L.C., is to provide telecommunication services to retail customers within the corporate boundaries of the City. In the event Kansas Fiber Network, L.L.C., does not provide such service, Kansas Fiber Network, L.L.C., forfeits its contract franchise and the contract franchise ordinance is terminated.

SECTION 3. Grant.

(a) This contract franchise ordinance hereby grants to Kansas Fiber Network, L.L.C., a Telecommunications Local Exchange Service Provider providing Local Exchange Service within the City, the non-exclusive contract, right, privilege, and franchise to construct, maintain, and operate Facilities along, across, upon and under the Public Right-of-way for the purpose of providing telecommunications services to retail customers within the City.

(b) This contract franchise ordinance shall not convey title, equitable or legal, in the Public Right-of-Way, and gives only the right to occupy Public Right-of-Way, for the purposes and for the period stated herein.

(c) This contract franchise ordinance does not provide Kansas Fiber Network, L.L.C., the right to provide "Cable Service" to the City and inhabitants thereof. For purposes of this ordinance, "Cable Service" is defined as the one-way transmission to subscribers of video programming or other programming services, and subscriber interaction, if any, which is required for the selection of such video programming or other programming service; but "Cable Service" does not include point to point, point to multipoint, and switched video services, or similar services that Kansas Fiber Network, L.L.C., has offered or may in the future offer. Nothing in this contract franchise ordinance is intended to preclude the City from seeking, or authorize the City to seek, a franchise from any subsidiary, affiliate, or third party providing "Cable Services." Kansas Fiber Network, L.L.C., and City agree that nothing in this franchise is intended to authorize the City to seek from Kansas Fiber Network, L.L.C. nor to require Kansas Fiber Network, L.L.C. to obtain a franchise to offer "Open Video Systems" as that term is used in section 653 of the Telecommunications Act of 1996 (codified at 47 U.S.C. 573). Kansas Fiber Network, L.L.C., and City further agree, however, that this ordinance does not authorize Kansas Fiber Network, L.L.C. to offer "Open Video Systems" without paying a franchise fee on the gross revenues of the system operator for the provision of cable service in lieu of a franchise fee, pursuant to and in the manner described in 47 U.S.C. 573(c)(2)(b) and without complying with FCC regulations promulgated pursuant to 47 U.S.C. 573.

SECTION 4. Term.

(a) This contract franchise ordinance shall be effective for a term of three (3) years from the effective date of this contract franchise ordinance. Thereafter, this contract franchise ordinance will renew for three (3) additional three (3) year term, unless either party notifies the other party of its intent to terminate the contract franchise ordinance prior to one hundred and eighty (180) days before the termination of the then current term. The additional term shall be deemed a continuation of this franchise and not as a new franchise or amendment.

(b) Upon written request of either the City or Kansas Fiber Network, L.L.C., this contract franchise ordinance shall be renegotiated at any time in accordance with the requirements of K.S.A. 12-2001, as amended, upon any of the following events: Changes in federal, state, or local laws, regulations, or orders that materially affect any rights or obligations of either the City or Kansas Fiber Network, L.L.C., including but not limited to the scope of the contract franchise ordinance granted to the Kansas Fiber Network, L.L.C. or the compensation to be received by the City hereunder.

(c) Amendments under this Section, if any, shall be made by contract ordinance as prescribed by statute. The contract franchise ordinance shall remain in effect according to its terms pending completion of any review or renegotiation provided by this section.

SECTION 5. Compensation.

(a) In consideration of this contract franchise ordinance, Kansas Fiber Network, L.L.C. agrees to remit to the City a franchise fee in the amount of .10 cents per linear foot of fiber laid in the right-of-way by Kansas Fiber Network, L.L.C. or currently in the amount of $1,418.75 per month. Kansas Fiber Network, L.L.C. agrees that this amount will change accordingly in the event additional fiber is installed.

(b) The first Franchise Fee payment shall be due and payable thirty (30) calendar days after the effective date of this agreement and upon a monthly basis thereafter due on the 15th of the month, or if the 15th falls on a weekend or holiday, the first business day following. If any Franchise Fee, or any portion thereof, is not postmarked or delivered on or before the due date, interest thereon shall accrue from the due date until received, at the applicable statutory interest rate.

(c) The Franchise Fee is compensation for use of the Public Right-of-Way and shall in no way be deemed a tax of any kind.

(d) The Franchise Fee is in addition to, and not in lieu of, the City's Telecommunications Service Occupation Tax under Wichita City Code Section 3.01.020. Kansas Fiber Network, L.L.C. shall receive credit toward total Franchise Fee payment pursuant to Wichita City Code Section 3.93.350 for occupation tax paid.

(e) The City or its designated representatives shall have the right to examine, upon written notice to Kansas Fiber Network, L.L.C. no more often than once per calendar year, those records necessary to verify the correctness of the Franchise Fees.

SECTION 6. Use of Public Right-of-Way.

(a) Pursuant to K.S.A. 17-1902, as amended, Kansas Fiber Network, L.L.C. shall have the right to construct, maintain and operate poles, conduit, cable, switches and related appurtenances and facilities along, across, upon and under the Public Right-of-Way. Such appurtenances and facilities shall be so constructed and maintained as not to obstruct or hinder the usual travel or public safety on such public ways or obstruct the legal use by other utilities.

(b) Nothing in this contract franchise ordinance shall be interpreted as granting Kansas Fiber Network, L.L.C. the authority to construct, maintain or operate any facility or related appurtenance on property owned by the City outside of the Public Right-of-Way.

(c) The authority of Kansas Fiber Network, L.L.C. to use and occupy the Public Right-of-Way shall always be subject and subordinate to the reasonable public health, safety and welfare requirements and regulations of the City. The City may exercise its home rule powers in its administration and regulation related to the management of the Public Right-of-Way provided that any such exercise must be competitively neutral and may not be unreasonable or discriminatory.

(d) The City shall have the authority to prohibit the use or occupation of a specific portion of Public Right-of-way subject to the procedures of K.S.A. 17-1902, as amended.

(e) If there is an emergency necessitating response work or repair, Kansas Fiber Network, L.L.C. may begin that repair or emergency response work or take any action required under the circumstances, provided that Kansas Fiber Network, L.L.C. notifies the City promptly after beginning the work and timely thereafter meets any permit or other requirement had there not been such an emergency.

(f) Kansas Fiber Network, L.L.C. shall repair all damage to the Public Right-of-Way caused by the activities of Kansas Fiber Network, L.L.C., or of any agent affiliate, employee, or subcontractor of Kansas Fiber Network, L.L.C., while occupying, installing, repairing or maintaining facilities in a Public Right-of-way and to return the Public Right-of-Way to its functional equivalence before the damage pursuant to the reasonable requirements and specifications of the City. If Kansas Fiber Network, L.L.C. fails to make the repairs required by the City, the City may affect those repairs and charge Kansas Fiber Network, L.L.C. the cost of those repairs. If the City incurs

damages as a result of a violation of this subsection, then the City shall have the remedies provided in K.S.A. 17-1902, as amended.

(g) When requested by the City, in order to accomplish construction and maintenance activities directly related to improvements for the health, safety and welfare of the public, Kansas Fiber Network, L.L.C. promptly shall remove its facilities from the Public Right-of-way or shall relocate or adjust its facilities within the Public Right-of-way at no cost to the City. Such relocation or adjustment shall be completed as soon as reasonably possible within the time set forth in any request by the City for such relocation or adjustment. Any damages suffered by the City or its contractors as a result of Kansas Fiber Network, L.L.C. failure to timely relocate or adjust its facilities shall be borne by Kansas Fiber Network, L.L.C.

(h) Kansas Fiber Network, L.L.C. shall coordinate the placement of its Facilities in Public Right-of-Way in a manner that minimizes adverse impact on public improvements, as reasonably determined by the City Engineer.

(i) In granting this contract franchise ordinance the City makes no express or implied representation or warranty regarding its rights to authorize the installation or construction of Facilities on any particular segment of the Public Right-of-Way. The burden and responsibility for making all such determinations in advance of construction or installation shall be entirely upon Kansas Fiber Network, L.L.C.

(j) Except as may otherwise be provided by other applicable ordinances of the City, where reasonable and appropriate and where adequate Public Right-of-Way exist; Kansas Fiber Network, L.L.C. shall place above-ground Facilities underground in conjunction with City capital improvement projects and/or at specific locations requested by the City provided that such placement is practical, efficient, and economically feasible.

(k) When Kansas Fiber Network, L.L.C. is allowed to place Facilities above ground under this section, Kansas Fiber Network, L.L.C. may attach its Facilities to an existing utility pole pursuant to a properly executed agreement with the pole owner, provided, however, that any necessary replacement of the pole in order to accommodate the attachment shall be subject to the proper exercise of the City's police powers, and in no instance shall a Franchisee erect a new pole within an existing aerial pole line absent the City's prior authorization. Above-ground pedestals, vaults, or other above-ground Facilities, may be installed only if approved by the City where alternative underground facilities are not feasible or where underground requirements are otherwise waived pursuant to this Section, and shall generally be located behind the sidewalk where feasible and shall be screened from public view. Facilities in rear lot easements shall be exempt from the screening requirements except when they are within fifty feet of a street or highway. The underground requirements of this subsection shall not apply to the maintenance and repair of existing Facilities, as determined by the City Engineer.

(l) Kansas Fiber Network, L.L.C. shall take all reasonable measures necessary to maintain accurate as completed records in electronic format, of all Facilities constructed, reconstructed, or relocated in the Public Right-of-Way of arterial streets (as designated by City of Wichita Code § 11.96.100) after the date hereof. Such Facilities shall be horizontally and vertically located at least every 100 feet and at any other alignment change. All points of Facilities shall be horizontally located from street centerline, or section or quarter section lines or corners. Vertical locations on all points of Facilities shall consist of elevations in either City datum or United States Geological Survey datum. Kansas Fiber Network, L.L.C. shall cooperate promptly and fully with the City and take all reasonable measures necessary to provide accurate and complete information regarding the nature and horizontal and vertical location of its Facilities located within Right-of-Way when requested by the City or its authorized agents for a Public Project. Such location and identification shall be at the sole expense of Kansas Fiber Network, L.L.C. without expense to the City, its employees, agents, or authorized contractors.

SECTION 7. Indemnity and Hold Harmless.

(a) It shall be the responsibility of Kansas Fiber Network, L.L.C. to take adequate measures to protect and defend its Facilities in the Public Right-of-Way from harm or damage. If Kansas Fiber Network, L.L.C. fails to accurately or timely locate Facilities when requested, it has no claim for costs or damages against the City and its authorized contractors unless such party is responsible for the harm or damage by its negligence or intentional conduct. The City and its authorized contractors shall be responsible to take reasonable precautionary measures including calling for utility locations and observing marker posts when working near Kansas Fiber Network, L.L.C. Facilities.

(b) Kansas Fiber Network, L.L.C. shall indemnify and hold the City and its officers and employees harmless against any and all claims, lawsuits, judgments, costs, liens, losses, expenses, fees (including reasonable attorney fees and costs of defense), proceedings, actions, demands, causes of action, liability and suits of any kind and nature, including personal or bodily injury (including death), property damage or other harm for which recovery of damages is sought, to the extent that it is found by a court of competent jurisdiction to be caused by the negligence of the provider, any agent, officer, director, representative, employee, affiliate or subcontractor of the provider, or their respective officers, agents, employees, directors or representatives, while installing, repairing or maintaining facilities in a Public Right-of-way. The indemnity provided by this subsection does not apply to any liability resulting from the negligence of the City, its officers, employees, contractors or subcontractors. If Kansas Fiber Network, L.L.C., and the City are found jointly liable by a court of competent jurisdiction, liability shall be apportioned comparatively in accordance with the laws of this state without, however, waiving any governmental immunity available to the City under state law and without waiving any defenses of the parties under state or federal law. This section is solely for the benefit of the City and Kansas Fiber Network, L.L.C., and does not create or grant any rights, contractual or otherwise, to any other person or entity. Kansas Fiber Network, L.L.C. or the City shall promptly advise the other in writing of any known claim or demand against Kansas Fiber Network, L.L.C. or the City related to or arising out of the Kansas Fiber Network, L.L.C. activities in a Public Right-of-way.

SECTION 8. Insurance Requirement and Performance Bond.

(a) During the term of this Franchise, Kansas Fiber Network, L.L.C. shall obtain and maintain insurance coverage at its sole expense, with financially reputable insurers that are licensed to do business in the state of Kansas. Should Kansas Fiber Network, L.L.C. elect to use the services of an affiliated captive insurance company for this purpose, that company shall possess a certificate of authority from the Kansas Insurance Commissioner. Kansas Fiber Network, L.L.C. shall provide not less than the following insurance:

(1) Workers' compensation as provided for under any worker's compensation or similar law in the jurisdiction where any work is performed with an employers' liability limit equal to the amount required by law.

(2) Commercial general liability, including coverage for contractual liability and products completed operations liability on an occurrence basis and not a claims made basis, with a limit of not less than Two Million Dollars ($2,000,000) combined single limit per occurrence for bodily injury, personal injury, and property damage liability. The City shall be included as an additional insured with respect to liability arising from Kansas Fiber Network, L.L.C. operations under this ordinance.

(b) As an alternative to the requirements of subsection (a), Kansas Fiber Network, L.L.C. may demonstrate to the satisfaction of the City that it is self-insured and as such Kansas Fiber Network, L.L.C. has the ability to provide coverage in an amount not less than one million dollars ($1,000,000) per occurrence and two mil-

lion dollars ($2,000,000) in aggregate, to protect the City from and against all claims by any person whatsoever for loss or damage from personal injury, bodily injury, death or property damage occasioned by Kansas Fiber Network, L.L.C., or alleged to so have been caused or occurred.

(c) Kansas Fiber Network, L.L.C. shall, as a material condition of this Franchise, prior to the commencement of any work and prior to any renewal thereof, deliver to the City a certificate of insurance or evidence of self-insurance, satisfactory in form and content to the City, evidencing that the above insurance is in force and will not be cancelled or materially changed with respect to areas and entities covered without first giving the City thirty (30) days prior written notice. Kansas Fiber Network, L.L.C. shall make available to the City on request the policy declarations page and a certified copy of the policy in effect, so that limitations and exclusions can be evaluated for appropriateness of overall coverage.

(d) Kansas Fiber Network, L.L.C. shall, as a material condition of this Franchise, prior to the commencement of any work and prior to any renewal thereof, deliver to the City a performance bond in the amount of one hundred thousand dollars ($100, 000,) payable to the City to ensure the appropriate and timely performance in the construction and maintenance of facilities located in the right-of-way. Said bond shall be maintained in full force and effect for the term of such franchise and any renewal thereof. In the event Kansas Fiber Network, L.L.C. fails within a reasonable time after notice that it is not in compliance with one or more of the provisions of this franchise issued to it, the City shall recover, jointly and severally from the principal and surety of such bond, any damages or loss suffered by the City as a result thereof, including the full amount of any compensation, indemnification, or cost of removal or abandonment of any property of Kansas Fiber Network, L.L.C. as prescribed hereby which may be in default, plus a reasonable allowance for attorney's fees and costs up to the full amount of the bond. The required performance bond must be with good and sufficient sureties, issued by a surety company authorized to transact business in the State of Kansas, and satisfactory to the City Attorney in form and substance.

SECTION 9. Non-discrimination. Kansas Fiber Network, L.L.C. will not, on the grounds of race, color, sex, religion, national origin, ancestry, disability, or age, discriminate or permit discrimination against any person in the use of the Public Right-of-Way or in activities under this Franchise.

SECTION 10. Transfer and Assignment. This Franchise shall be assignable in accordance with the laws of the State of Kansas. Kansas Fiber Network, L.L.C. shall provide the City written notice of any transfer or assignment within thirty (30) days, including notice of the name and address of the assignee and contact information.

SECTION 11. Expiration or Termination of Contract Franchise Ordinance. Upon expiration of this contract franchise ordinance, whether by lapse of time, by agreement between Kansas Fiber Network, L.L.C. and City, or by forfeiture thereof, Kansas Fiber Network, L.L.C. shall have the right to remove any and all of its Facilities within a reasonable time after such expiration or termination or to transfer any and all of its Facilities to another entity authorized to place Facilities in the Public Right-of-Way. It shall be the duty of the Company, immediately upon any such removal, to restore the Public Right-of-Way from which said Facilities are removed to as good a condition as the same were before said removal was effected.

SECTION 12. Notices. Except in emergencies, all notices by either the City or the Company to the other shall be made by personal delivery, depositing such notice in the U.S. Mail, Certified Mail, return receipt requested, or by facsimile. Any notice served by Certified Mail, return receipt requested, shall be deemed delivered five (5) calendar days after the date of such deposit in the U.S. Mail unless otherwise provided. Any notice given by facsimile is deemed received by the next business day. "Business day" for purposes of this section shall mean Monday through Friday,

City and Kansas Fiber Network, L.L.C. observed holidays excepted. Emergency notices shall be provided by telephone, with written notice immediately following by facsimile.

Notices shall be addressed to the City as follows:

City Clerk
City Hall - 13th Floor
455 N. Main Street
Wichita, Kansas 67202-1635

Notice to Kansas Fiber Network, L.L.C. shall be addressed to the Company as follows:

Kansas Fiber Network, L.L.C.
Attn: Brian Cornish, VP of Network Development
10875 Benson Dr, Ste 130
Overland Park, KS 66210

Notice shall be given as required by the terms of this contract franchise ordinance. Notice shall be provided to the above-named addressees unless directed otherwise in writing by City or Kansas Fiber Network, L.L.C. Both Kansas Fiber Network, L.L.C. and the City shall provide to the other contact information with telephone and facsimile number for use in emergencies.

SECTION 13. Confidentiality. Information provided to the City by Kansas Fiber Network, L.L.C. under K.S.A. 12-2001 and/or this contract franchise ordinance shall be governed by confidentiality procedures in compliance with K.S.A. 45-215 and 66-1220a, et seq., and amendments thereto. In the event the City is required by law to disclose such information, the City shall provide Kansas Fiber Network, L.L.C. ten (10) days advance notice of its intent to disclose such information and shall take such action as may be reasonably necessary to cooperate with Kansas Fiber Network, L.L.C. to safeguard such information. Kansas Fiber Network, L.L.C. agrees to indemnify and hold the City harmless from any and all penalties or costs, including attorney's fees, arising from the actions of Kansas Fiber Network, L.L.C., or of the City at the written request of Kansas Fiber Network, L.L.C., in seeking to safeguard the confidentiality of information provided by Kansas Fiber Network, L.L.C. to the City under this contract franchise ordinance.

SECTION 14. Conditions of Franchise. This contract franchise ordinance is granted and accepted under and subject to all applicable laws and under and subject to all of the orders, rules, and regulations now or hereafter adopted by governmental bodies now or hereafter having jurisdiction, including all permit requirements, fee payments, and all other City codes and ordinances in effect as of the date of this Ordinance or hereinafter adopted to the extent not in contravention of state or federal law. Each and every provision hereof shall be subject to acts of God, fires, strikes, riots, floods, war and other causes beyond Kansas Fiber Network, L.L.C. or the City's control.

SECTION 15. Acceptance. Prior to the effective date of this ordinance Kansas Fiber Network, L.L.C. shall file with the City Clerk of the City of Wichita its acceptance in writing of the provisions, terms and conditions of this ordinance, which acceptance shall be duly acknowledged before an officer authorized by law to administer oaths. When so accepted the ordinance and acceptance shall constitute a contract between the City and Kansas Fiber Network, L.L.C. subject to the provisions of the laws of the state of Kansas.

SECTION 16. Reservation of Rights.

(a) The City specifically reserves its right and authority as a public entity with responsibilities towards its citizens, to participate to the full extent allowed by law in proceedings concerning the Company's rates and services to ensure the rendering of efficient Telecommunications Service at reasonable rates, and the maintenance of the Company's property in good repair.

(b) In granting its consent hereunder, the City does not in any manner waive its regulatory or other rights and powers under and by virtue of the laws of the State of Kansas as the same may be amended, its Home Rule powers under the Constitution of the State of Kansas, nor any of its rights and powers under or by virtue of present or future ordinances of the City.

(c) In granting its consent hereunder, Kansas Fiber Network, L.L.C. does not in any manner waive its regulatory or other rights and powers

under and by virtue of the laws of the State of Kansas as the same may be amended, or under the Constitution of the State of Kansas, nor any of its rights and powers under or by virtue of present or future ordinances of the City.

SECTION 17. Failure to Enforce. The failure of either party to insist in any one or more instances upon the strict performance of any one or more of the terms or provisions of this contract franchise ordinance shall not be construed as a waiver or relinquishment for the future of any such term or provision, and the same shall continue in full force and effect. No waiver or relinquishment shall be deemed to have been made by either party unless said waiver or relinquishment is in writing and signed by the parties.

SECTION 18. Severability. If any clause, sentence, or section of this contract franchise ordinance, or any portion thereof, shall be declared by a court of competent jurisdiction to be invalid, such decision shall not affect the validity of the remainder, as a whole or any part thereof, other than the part declared to be invalid; provided, however, the City or Kansas Fiber Network, L.L.C. may elect to declare that the entire agreement is invalidated if the portion declared invalid is, in the judgment of the City or Kansas Fiber Network, L.L.C., an essential part of this contract franchise ordinance.

SECTION 19. Governing Law and Venue.

(a) The contract franchise ordinance and the rights herein granted are subject to the provisions of existing federal and state laws and those hereafter enacted pertaining to the granting of franchises.

(b) The obligations and undertakings of both parties hereto shall be performed at Wichita, Sedgwick County, Kansas. In the event that any legal proceeding is brought to enforce the terms of this franchise, the same shall be brought in State or Federal courts, as appropriate, having jurisdiction for Sedgwick County, Kansas.

SECTION 20. Effective Date of Ordinance. This contract franchise ordinance shall be effective _____, 2024, upon its final passage and publication once in the official City paper.

PASSED AND APPROVED by the governing body of Wichita, Kansas, this 23rd day of January, 2024.

Title:

SOUTHWESTERN BELL TELEPHONE L.P.
ORDINANCE NO. 51-663

AN ORDINANCE GRANTING TO SOUTHWESTERN BELL TELEPHONE COMPANY D/B/A AT&T KANSAS, A CONTRACT FRANCHISE FOR THE PROVISION OF TELECOMMUNICATIONS SERVICES IN THE CITY OF WICHITA, KANSAS AND PRESCRIBING THE TERMS OF SAID CONTRACT FRANCHISE.

NOW THEREFORE, BE IT ORDAINED BY THE GOVERNING BODY OF THE CITY OF WICHITA:

SECTION 1. DEFINITIONS.

For the purposes of this Ordinance the following words and phrases shall have the meaning given herein. When not inconsistent within the context, words used in the present tense include the future tense and words in the single number include the plural number. The word "shall" is always mandatory, and not merely directory.

a. "Access line" - shall mean and be limited to retail billed and collected residential lines; business lines; ISDN lines; PBX trunks and simulated exchange access lines provided by a central office based switching arrangement where all stations served by such simulated exchange access lines are used by a single customer of the provider of such arrangement. Access line may not be construed to include interoffice transport or other transmission media that do not terminate at an end user customer's premises, or to permit duplicate or multiple assessment of access line rates on the provision of a single service or on the multiple communications paths derived from a billed and collected access line. Access line shall not include the following: Wireless telecommunications services, the sale or lease of unbundled loop facilities, special access services, and lines providing only data services without voice services processed by a telecommunications local exchange service provider or private line service arrangements.

b. "Access line count" - means the number of access lines serving consumers within the corporate boundaries of the City on the last day of each month.

c. "Access line fee" - means a fee determined by the City, up to a maximum as set out in K.S.A. 2017 Supp. 12-2001(c)(2), and amendments thereto, to be used by Grantee in calculating the amount of Access line remittance.

d. "Access line remittance" - means the amount to be paid by Grantee to City, the total of which is calculated by multiplying the Access line fee, as determined in the City, by the number of Access lines served by Grantee within the City for each month in that calendar quarter.

e. "City" means the City of Wichita, Kansas.

f. "Contract franchise" - means this Ordinance granting the right, privilege and franchise to Grantee to provide telecommunications services within the City.

g. "Facilities" means telephone and telecommunications lines, conduits, manholes, ducts, wires, cables, pipes, poles, towers, vaults, appliances, optic fiber, and all equipment used to provide telecommunications services.

h. "Grantee" means Southwestern Bell Telephone Company d/b/a AT&T Kansas, an electing carrier and telecommunications service provider providing local exchange service and/or operating Facilities within the City. References to Grantee shall also include, as appropriate, any and all successors and assigns.

i. "Gross Receipts" - shall mean only those receipts collected from within the corporate boundaries of the City and that are derived from the following: (1) Recurring local exchange service for business and residence which includes basic exchange service, touch tone, optional

calling features and measured local calls; (2) Recurring local exchange access line services for pay phone lines provided by Grantee to all pay phone service providers; (3) Local directory assistance revenue; (4) Line status verification/busy interrupt revenue; (5) Local operator assistance revenue; (6) Nonrecurring local exchange service revenue which shall include customer service for installation of lines, reconnection of service and charge for duplicate bills; and (7) Revenue received by Grantee from resellers or others which use Grantee's Facilities. All other revenues, including, but not limited to, revenues from extended area service, the sale or lease of unbundled network elements, nonregulated services, carrier and end user access, long distance, wireless telecommunications services, lines providing only data service without voice services processed by a telecommunications local exchange service provider, private line service arrangements, internet, broadband and all other services not wholly local in nature are excluded from gross receipts. Gross receipts shall be reduced by bad debt expenses. Uncollectible and late charges shall not be included within gross receipts. If Grantee offers additional services of a wholly local nature which if in existence on or before July 1, 2002 would have been included with the definition of Gross Receipts, such services shall be included from the date of the offering of such services within the City.

j. "Local exchange service" - means local switched telecommunications service within any local exchange service area approved by the state Corporation Commission, regardless of the medium by which the local telecommunications service is provided. The term local exchange service shall not include wireless communication services.

k. "Public right-of-way" - means only the area of real property in which the City has a dedicated or acquired right-of-way interest in the real property. It shall include the area on, below or above the present and future streets, alleys, avenues, roads, highways, parkways or boulevards dedicated or acquired as right-of-way. The term does not include the airwaves above a right-of-way with regard to wireless telecommunications or other non-wire telecommunications or broadcast service, easements obtained by utilities or private easements in platted subdivisions or tracts.

l. "Telecommunication local exchange services provider" - means a local exchange carrier as defined in subsection (h) of K.S.A. 2017 Supp. 66-1,187 and amendments thereto, and/or a telecommunications carrier as defined in subsection (m) of K.S.A. 2017 Supp. 66-1,187 and amendments thereto, which does, or in good faith intends to, provide local exchange service. The term shall not include an interexchange carrier or competitive access provider that does not provide local exchange service, or any wireless communication services provider.

m. "Telecommunications services" - means providing the means of transmission, between or among points specified by the user, of information of the user's choosing, without change in the form or content of the information as sent and received.

SECTION 2. GRANT OF CONTRACT FRANCHISE.

a. Subject to the provisions of K.S.A. 2017 Supp. 12-2001, and amendments thereto, there is hereby granted to Grantee this nonexclusive Contract franchise to provide telecommunications services to the consumers or recipients of such service located within the corporate boundaries of the City, for the term of this Contract franchise, subject to the terms and conditions of this Contract franchise.

b. The grant of this Contract franchise by the City shall not convey title, equitable or legal, in the Public right-of-way. This Contract franchise does not:

(1) Grant the right to use Facilities or any other property, telecommunications

related or otherwise, owned or controlled by the City or a third-party, without the consent of such party;

(2) Grant the authority to construct, maintain or operate any Facility or related appurtenance on property owned by the City outside of the Public right-of-way, specifically including, but not limited to, parkland property, City Hall property or public works facility property; or,

(3) Excuse Grantee from obtaining appropriate access or attachment agreements before locating its Facilities on property or facilities owned or controlled by the City or a third-party.

c. As a condition of this grant, Grantee is required to obtain and is responsible for any necessary permit, license, certification, grant, registration or any other authorization required by any appropriate governmental entity, including, but not limited to, the City, the FCC or the Kansas Corporation Commission (KCC). Grantee shall also comply with all applicable laws, statutes and/or city regulations (including, but not limited to those relating to the construction and use of the Public right-of-way or other public property).

d. Grantee shall not provide any additional services for which a franchise is required by the City without first obtaining a separate franchise from the City or amending this Contract franchise, and Grantee shall not knowingly allow the use of its Facilities by any third party in violation of any federal, state or local law. In particular, this Contract franchise does not provide Grantee the right to provide cable service as a cable operator (as defined by 47 U.S.C. § 522 (5)) within the City. Grantee agrees that this franchise does not permit it to operate an open video system without payment of fees permitted by 47 U.S.C. § 573(c)(2)(B) and without complying with FCC regulations promulgated pursuant to 47 U.S.C. § 573.

e. Access to the Public right-of-way shall be granted in a competitively neutral and nondiscriminatory basis and not in conflict with state or federal law.

SECTION 3. USE OF PUBLIC RIGHT-OF-WAY.

a. Pursuant to K.S.A. 2017 Supp. 17-1902, and amendments thereto, and subject to the provisions of this Contract franchise, Grantee has the right to construct, maintain and operate its Facilities along, across, upon and under the Public right-of-way. Such Facilities shall be so constructed and maintained as not to obstruct or hinder the usual travel or public safety on such public ways or obstruct the legal use of such public ways by other utilities.

b. Grantee's use of the Public right-of-way shall always be subject and subordinate to the reasonable public health, safety and welfare requirements and regulations of the City. The City may exercise its home rule powers in its administration and regulation related to the management of the Public right-of-way; provided that any such exercise must be competitively neutral and may not be unreasonable or discriminatory. Grantee shall be subject to all applicable laws and statutes, and/or rules, regulations, policies, resolutions and ordinances adopted by the City, relating to the construction and use of the Public right-of-way.

c. City shall, pursuant to Section 12 of this Contract franchise, provide reasonable advanced notice of the consideration and/or adoption of any rule, regulation, policies, resolutions and ordinances relating to the construction in or use of the Public right-of-way, inasmuch as such adoption affects Grantee's use of the Public right-of-way.

d. If requested by the City, in order to accomplish construction and maintenance activities directly related to improvements for the health, safety and welfare of the public, Grantee shall remove, relocate or adjust its Facilities within the Public right-of-way at no cost to the City, providing such request similarly binds all users of such public right-of-way. Such removal, relocation, or adjustment shall be completed as soon as reasonably possible within the time set forth in any written request by the City for such relocation or adjustment, provided that the City shall provide Grantee with a minimum of one hundred eighty (180) days advance written notice

to comply with any such removal, relocation or adjustment. Grantee shall designate one (1) person within its organization by his/her employment position to whom relocation notices shall be sent and with whom rests the responsibility to facilitate all necessary communications within Grantee's various areas.

e. When the City requests removal, relocation or adjustment of Grantee's Facilities within the Public right-of-way for construction or maintenance activities related to improvements that are in whole or in part, for private benefit, the City shall require, as a condition of its approval of any request from any private party or parties for alteration of the Public right-of-way, that such private party or parties reimburse Grantee for the cost of removal, relocation or adjustment, in an amount equal to the percentage of the private benefit received. Grantee shall not be obligated to commence the removal, relocation or adjustment until receipt of funds for the costs from such private party or parties. For purposes of this paragraph, a mixed purpose public/private project shall be subject to a presumption of a private benefit of no less than 50 percent. Further, Grantee shall have no liability for delays caused by a private party's failure to reimburse costs. Grantee understands, however, that the City has no obligation to collect such reimbursement.

f. Grantee shall participate in the Kansas One Call utility location program.

SECTION 4. COMPENSATION TO THE CITY.

a. In consideration of this Contract franchise, Grantee agrees to remit to the City a franchise fee of 5% of Gross Receipts. To determine the franchise fee, Grantee shall calculate the Gross Receipts and multiply such receipts by 5%. Thereafter, subject to subsection (b) hereafter, compensation for each calendar year of the remaining term of this Contract franchise shall continue to be based on a sum equal to 5% of Gross Receipts, unless the City notifies Grantee prior to ninety days (90) before the end of the calendar year that it intends to switch to an Access line fee in the following calendar year; provided, such Access line fee shall not exceed the maximum Access line fee allowed by Kansas Statute. In the event the City elects to change its basis of compensation, nothing herein precludes the City from switching its basis of compensation back; provided the City notifies Grantee prior to ninety days (90) before the end of the calendar year.

b. Beginning January 1, 2004, and every 36 months thereafter, the City, subject to the public notification procedures set forth in K.S.A. 2017 Supp. 12-2001(m), and amendments thereto, may elect to adopt an increased Access line fee or gross receipts fee subject to the provisions and maximum fee limitations contained in K.S.A. 2017 Supp. 12-2001, and amendments thereto, or may choose to decline all or any portion of any increase in the Access line fee.

c. Grantee shall pay on a monthly basis without requirement for invoice or reminder from the City, and within 45 days of the last day of the month for which the payment applies franchise fees due and payable to the City. If any franchise fee, or any portion thereof, is not postmarked or delivered on or before the due date, interest thereon shall accrue from the due date until received, at the applicable statutory interest rate.

d. Upon written request by the City, but no more than once per quarter, Grantee shall submit to the City a certified statement showing the manner in which the franchise fee was calculated.

e. No acceptance by the City of any franchise fee shall be construed as an accord that the amount paid is in fact the correct amount, nor shall acceptance of any franchise fee payment be construed as a release of any claim of the City. Any dispute concerning the amount due under this Section shall be resolved in the manner set forth in K.S.A. 2017 Supp. 12-2001, and amendments thereto. Subject to any limitations of Kansas Statute, Grantee's payment obligations shall survive the expiration or termination of this Contract franchise.

f. The City shall have the right to examine, upon written notice to Grantee no more often than once per calendar year, those records necessary to verify the correctness of the franchise fees paid by Grantee.

g. Unless previously paid, within sixty (60) days of the effective date of this Contract franchise, Grantee shall pay to the City a one-time application fee of Five Thousand Dollars ($5,000.00). The parties agree that such fee reimburses the City for its reasonable, actual and verifiable costs of reviewing and approving this Contract franchise.

h. The franchise fee required herein pursuant to K.S.A. 2017 Supp. 12-2001(j) and amendments thereto, shall be in addition to, not in lieu of, all taxes, charges, assessments, licenses, fees and impositions otherwise applicable that are or may be imposed by the City under K.S.A. 2017 Supp. 12-2001 and K.S.A. 2017 Supp. 17-1902, and amendments thereto. The franchise fee shall in no way be deemed a tax of any kind.

i. Grantee shall remit an access line (franchise) fee or a gross receipts (franchise) fee to the City on those access lines that have been resold to another telecommunications local exchange service provider, but in such case the City shall not collect a franchise fee from the reseller service provider and shall not require the reseller service provider to enter a contract franchise ordinance. Such Access line (franchise) fee or Gross Receipts (franchise) fee shall be in the same amount or percentage as the franchise fee set forth in subsection 4 a. hereinabove.

SECTION 5. INDEMNITY AND HOLD HARMLESS.

a. It shall be the responsibility of Grantee to take adequate measures to protect and defend its Facilities in the Public right-of-way from harm or damage. If Grantee fails to accurately or timely locate Facilities when requested, in accordance with the Kansas Underground Utility Damage Prevention Act, K.S.A. 66-1801 et seq., and amendments thereto, it has no claim for costs or damages against the City and its authorized contractors unless such parties are responsible for the harm or damage caused by their negligence or intentional conduct. The City and its authorized contractors shall be responsible to take reasonable precautionary measures including calling for utility locations and observing marker posts when working near Grantee's Facilities.

b. Grantee shall indemnify and hold the City and its officers and employees harmless against any and all claims, lawsuits, judgments, costs, liens, losses, expenses, fees (including reasonable attorney fees and costs of defense), proceedings, actions, demands, causes of action, liability and suits of any kind and nature, including personal or bodily injury (including death), property damage or other harm for which recovery of damages is sought, to the extent that it is found by a court of competent jurisdiction to be caused by the negligence of Grantee, any agent, officer, director, representative, employee or subcontractor of Grantee, while installing, repairing or maintaining Facilities in the Public right-of-way.

c. The indemnity provided by this subsection does not apply to any liability resulting from the negligence of the City, its officers, employees, contractors or subcontractors. If Grantee and the City are found jointly liable by a court of competent jurisdiction, liability shall be apportioned comparatively in accordance with the laws of this state without, however, waiving any governmental immunity available to the City under state law and without waiving any defenses of the parties under state or federal law. This section is solely for the benefit of the City and Grantee and does not create or grant any rights, contractual or otherwise, to any other person or entity. Notwithstanding the foregoing, nothing herein shall in any way obligate Grantee for the negligence of any other third party or any portion of any harm caused by the same.

d. Grantee or City shall promptly advise the other in writing of any known claim or demand against Grantee or the City related to or arising out of Grantee's or the City's activities in the Public right-of-way.

SECTION 6. INSURANCE REQUIREMENT AND PERFORMANCE BOND

a. During the term of this Contract franchise, Grantee shall obtain and maintain insurance coverage at its sole expense, with insurers rated

at least A-VII by AM Best and that are eligible or permitted to do business in the state of Kansas. Grantee shall provide the following insurance:

(1) Workers' compensation as provided for under any worker's compensation or similar law in the jurisdiction where any work is performed with an employers' liability limit for bodily injury of $1,000,000 each accident, by disease policy limits and by disease each employee.

(2) Commercial general liability, written on Insurance Services Office (ISO) policy form CG 00 01 or its equivalent, including coverage for contractual liability and products completed operations liability on an occurrence basis and not a claim made basis, with a limit of Two Million Dollars ($2,000,000) combined single limit per occurrence and in the aggregate for bodily injury, personal injury, and property damage liability. The City shall be included as an additional insured with respect to liability arising from Grantee's operations under this Contract franchise.

b. As an alternative to the requirements of subsection (a), Grantee may self-insure and, as such, Grantee has the ability to provide coverage in an amount of One Million Dollars ($1,000,000) per occurrence and Two Million Dollars ($2,000,000) in aggregate, to protect the City from and against claims by any person for loss or damage from personal injury, bodily injury, death or property damage occasioned by Grantee, or alleged to so have been caused or occurred as respects this Contract franchise. In the event Grantee elects to self-insure its obligation to include City as an additional insured, the following provisions shall apply:

(1) City shall promptly and no later than thirty (30) days after notice thereof provide Grantee with written notice of any claim, demand, lawsuit or the like, for which it seeks coverage pursuant to the section and provide Grantee with copies of any demands, notices, summonses or legal papers received in connection with such claim, demand, lawsuit or the like;

(2) City shall not settle any such claim, demand, lawsuit or the like without the prior written consent of Grantee; and,

(3) City shall fully cooperate with Grantee in the defense of the claim, demand, lawsuit or the like.

c. Grantee shall, as a material condition of this Contract franchise, prior to the commencement of any work and prior to any renewal thereof, deliver to the City a certificate of insurance or evidence of self-insurance, satisfactory in form and content to the City, evidencing that the above insurance is in force. Grantee shall timely notify the City if the insurance is cancelled or non-renewed and not replaced.

d. Grantee shall, as a material condition of this Contract franchise, prior to the commencement of any work and prior to any renewal thereof, deliver to the City a construction bond in the amount of Fifty Thousand Dollars ($50,000), payable to the City to ensure the appropriate and timely performance in the construction and maintenance of Facilities located in the Public right-of-way. The required construction bond must be, issued by a surety company authorized to transact business in the state of Kansas, and satisfactory to the City Attorney in form and substance.

SECTION 7. REVOCATION AND TERMINATION.

a. In case of failure on the part of Grantee to comply with any of the provisions of this Contract franchise, or if Grantee should do or cause to be done any act or thing prohibited by or in violation of the terms of this Contract franchise, Grantee shall forfeit all rights, privileges and franchise granted herein, and all such rights, privileges and franchise hereunder shall cease, terminate and become null and void, and this Contract franchise shall be deemed revoked or terminated, provided that said revocation or termination, shall not take effect until the City has completed the following procedures:

(1) Before the City proceeds to revoke and terminate this Contract franchise, it shall first serve a written notice, pursuant to Section 12 of the Contract franchise,

upon Grantee, setting forth in detail the neglect or failure complained of, and Grantee shall have sixty (60) days thereafter in which to comply with the conditions and requirements of this Contract franchise;

(2) If at the end of such sixty (60) day period the City deems that the conditions have not been complied with, the City shall take action to revoke and terminate this Contract franchise by an affirmative vote of the City Council present at the meeting and voting, setting out the grounds upon which this Contract franchise is to be revoked and terminated; provided, to afford Grantee due process, Grantee shall first be provided, pursuant to Section 12 of this Contract franchise, reasonable notice of the date, time and location of the City Council's consideration, and shall have the right to address the City Council regarding such matter.

(3) Upon any determination by the City Council to revoke and terminate this Contract franchise, Grantee shall have thirty (30) days to appeal such decision to the District Court of Sedgwick County, Kansas. This Contract franchise shall be deemed revoked and terminated at the end of this thirty (30) day period, unless Grantee has instituted such an appeal. If Grantee does timely institute such an appeal, such revocation and termination shall remain pending and subject to the court's final judgment. Provided, however, that the failure of Grantee to comply with any of the provisions of this Contract franchise or the doing or causing to be done by Grantee of anything prohibited by or in violation of the terms of this Contract franchise shall not be a ground for the revocation or termination thereof when such act or omission on the part of Grantee is due to any cause or delay beyond the control of Grantee or to bona fide legal proceedings.

b. Nothing herein shall prevent the City or Grantee from invoking any other remedy that may otherwise exist at law.

SECTION 8. RESERVATION OF RIGHTS.

a. The City and Grantee hereby acknowledge that the City, in accordance with 47 U.S.C. § 253, may not prohibit or have the effect of prohibiting the ability of any entity to provide interstate or intrastate telecommunication service. To the extent permitted by law, the City specifically reserves its right and authority as a public entity with responsibilities towards its citizens, to participate to the full allowed by law in proceedings concerning Grantee's rates and services to ensure the rendering of efficient Telecommunications service and any other services at reasonable rates, and the maintenance of Grantee's property in good repair.

b. In granting its consent hereunder, the City does not in any manner waive its regulatory or other rights and powers under and by virtue of the laws of the State of Kansas as the same may be amended, its Home Rule powers and other authority established pursuant to the Constitution of the State of Kansas, nor any of its rights and powers under or by virtue of present or future ordinances of the City.

c. In granting its consent hereunder, Grantee does not in any manner waive its regulatory or other rights and powers under and by virtue of: the laws of the State of Kansas or applicable federal laws and regulations as the same may be amended; under the Constitution of the State of Kansas; nor, any of its rights and powers under or by virtue of present or future ordinances of the City.

d. In entering into this Contract franchise, neither the City's nor Grantee's present or future legal rights, positions, claims, assertions or arguments before any administrative agency or court of law are in any way prejudiced or waived. By entering into the Contract franchise, neither the City nor Grantee waive any rights, but instead expressly reserve any and all rights, remedies, and arguments the City or Grantee may have at law or equity, without limitation, to argue, assert, and/or take any position as to the legality or appropriateness of the Contract franchise or any present or future laws, non-franchise ordinances and/or rulings that may be the basis for parties entering into this Contract franchise.

SECTION 9. FAILURE TO ENFORCE.

The failure of either the City or Grantee to insist in any one or more instances upon the strict performance of any one or more of the terms or provisions of this Contract franchise shall not be construed as a waiver or relinquishment for the future of any such term or provision, and the same shall continue in full force and effect. No waiver or relinquishment shall be deemed to have been made by the City or Grantee unless said waiver or relinquishment is in writing and signed by both the City and Grantee.

SECTION 10. TERM AND TERMINATION DATE.

a. This Contract franchise shall be effective for a term beginning on the effective date of this Contract franchise and ending on December 31, 2021 Thereafter, this Contract franchise will automatically renew for up to eight (8) additional two (2) year terms, unless either party notifies the other party of its intent to terminate the Contract franchise at least ninety (90) days before the termination of the then current term. The additional term shall be deemed a continuation of this Contract franchise and not as a new franchise or amendment.

b. Upon written request of either the City or Grantee, this Contract franchise shall be renegotiated at any time in accordance with the requirements of state law upon any of the following events: changes in federal, state, or local laws, regulations, or orders that materially affect any rights or obligations of either the City or Grantee, including but not limited to the scope of the Contract franchise granted to Grantee or the compensation to be received by the City hereunder.

c. If any clause, sentence, section, or provision of K.S.A. 2017 Supp. 12-2001, and amendments thereto, shall be held to be invalid by a court or administrative agency of competent jurisdiction, provided such order is not stayed, either the City or Grantee may elect to terminate the entire Contract franchise. In the event of such invalidity, if Grantee is required by law to enter into a Contract franchise with the City, the parties agree to act in good faith in promptly negotiating a new Contract franchise.

d. Amendments under this Section, if any, shall be made by contract franchise ordinance as prescribed by statute. This Contract franchise shall remain in effect according to its terms, pending completion of any review or renegotiation provided by this section.

e. In the event the parties are actively negotiating in good faith a new contract franchise ordinance or an amendment to this Contract franchise upon the termination date of this Contract franchise, the parties by written mutual agreement may extend the termination date of this Contract franchise to allow for further negotiations. Such extension period shall be deemed a continuation of this Contract franchise and not as a new contract franchise ordinance or amendment.

SECTION 11. MOST FAVORED NATION.

Pursuant to K.S.A. 2017 Supp. 12-2001 and K.S.A. 2017 Supp. 17-1902, and amendments thereto, City represents and warrants that all benefits, terms and conditions in this Contract franchise and relative to Grantee's deployment of network Facilities and services in the City are and, during the term of this Contract franchise, will continue to be no less favorable to Grantee in the same or similar circumstances than those currently being offered to or that may be offered and agreed to by City and any other local exchange carrier, telecommunications carrier, network based broadband or video services provider, competitive infrastructure provider or Internet Protocol services provider, regardless of the form or nature of the agreement with any such other carrier or provider, and that the City shall treat Grantee in a competitively neutral, non-discriminatory manner.

SECTION 12. NOTICES.

All notices between the parties shall be in writing and shall be made by personal delivery, depositing such notice in the U.S. Mail, Certified Mail, return receipt requested, or by facsimile. Any notice served by U.S. Mail or Certified Mail,

return receipt requested, or overnight delivery by a nationally recognized courier. All written notices shall be deemed delivered upon actual receipt or refusal of delivery:

The City:	**Grantee:**
The City of Wichita 455 N Main, 13th Floor Wichita, Kansas 67202 Attn: City Clerk	Office of the President Southwestern Bell Telephone Company d/b/a AT&T Kansas 220 SE 6th St. Room 500 Topeka, Kansas 66603

or to replacement addresses that may be later designated in writing.

SECTION 13. TRANSFER AND ASSIGNMENT.

This Contract franchise is granted solely to Grantee and shall not be transferred or assigned without the prior written approval of the City; provided that such transfer or assignment may occur without written consent of the City to: a wholly owned parent or subsidiary; between wholly owned subsidiaries; or to an entity with which Grantee is under common ownership or control, upon written notice to the City. City and Grantee acknowledge that said City consent shall only be with regard to the transfer or assignment of this Contract franchise and that, in accordance with Kansas law, the City does not have the authority to require City approval of transfers of ownership or control of the business or assets of Grantee. In the event of any transfer or assignment of either this Contract franchise or Grantee's business or assets, Grantee shall: timely notify the City of the successor entity; provide a point of contact for the successor entity; and advise the City of the effective date of the transfer or assignment. Additionally, Grantee's obligations under this Contract franchise with regard to indemnity, bonding and insurance shall continue until the transferee or assignee has taken the appropriate measures necessary to assume and replace the same, the intent being that there shall be no lapse in any coverage as a result of the transfer or assignment.

SECTION 14. CONFIDENTIALITY.

Information provided to the City under K.S.A. 2017 Supp. 12-2001, and amendments thereto, shall be governed by confidentiality procedures in compliance with K.S.A. 45-215 and K.S.A. 66-1220a, et seq., and amendments thereto. Grantee agrees to indemnify and hold the City harmless from any and all penalties or costs, including attorney's fees, arising from the actions of Grantee, or of the City at the written request of Grantee, in seeking to safeguard the confidentiality of information provided by Grantee to the City under this Contract franchise.

SECTION 15. ACCEPTANCE OF TERMS.

Grantee shall have sixty (60) days after the final passage and approval of this Contract franchise to file with the City Clerk its acceptance in writing of the provisions, terms and conditions of this Contract franchise, which acceptance shall be duly acknowledged before some officer authorized by law to administer oaths; and when so accepted, this Contract franchise and acceptance shall constitute a contract between the City and Grantee subject to the provisions of the laws of the State of Kansas, and shall be deemed effective on the later of the date Grantee files acceptance with the City or publication of this Contract franchise in accordance with Statute (the "Effective Date").

SECTION 16. SEVERABILITY.

If any clause, sentence, or section of this Contract franchise, or any portion thereof, shall be held to be invalid by a court of competent jurisdiction, such decision shall not affect the validity of the remainder, as a whole or any part thereof, other than the part declared invalid; provided, however, the City or Grantee may elect to declare the entire Contract franchise is invalidated if the portion declared invalid is, in the judgment of the City or Grantee, an essential part of the Contract franchise.

SECTION 17. FORCE MAJEURE.

Each and every provision hereof shall be reasonably subject to acts of God, fires, strikes, riots, floods, war, terrorism and other disasters beyond Grantee's or the City's control.

SECTION 18. REPEAL.

City Ordinance No. 45-677 and Ordinance 47-118, contract franchises issued to Southwestern Bell Telephone L.P. d/b/a SBC Kansas are hereby repealed.

PASSED by the City Council this 9th day of November, 2021.

APPROVED by the Mayor this 9th day of November, 2021.

KANSAS FIBER NETWORK, LLC
Ordinance No. 48-982

AN ORDINANCE OF THE CITY OF WICHITA, KANSAS, GRANTING TO KANSAS FIBER NETWORK, LLC, A KANSAS LIMITED LIABILITY COMPANY, A TELECOMMUNICATIONS LOCAL EXCHANGE SERVICE PROVIDER, A CONTRACT FRANCHISE FOR THE PROVIDING OF LOCAL EXCHANGE SERVICE IN THE CITY OF WICHITA; PRESCRIBING THE TERMS OF SAID GRANT AND OTHER CONDITIONS RELATING THERETO.

SECTION 1. Definitions. For the purposes of this contract franchise ordinance, the following words and phrases shall have the following meanings:

(1) "Communications system" or "System" means the cables, wires, lines, optic fiber, and any associated converters, equipment, or other facilities designed, constructed or occupied by a Provider or others for the purpose of producing, receiving, amplifying or distributing Telecommunications Service to or from locations within the City.

(2) "City" means the City of Wichita, Kansas, the franchisor herein.

(3) "Facilities" means any portion of a System located in, along, over, upon, under, or through the Public Right-of-Way.

(4) "Franchise fee" means the Access Line Fee or fee on Gross Receipts established under this ordinance.

(5) "Gross receipts" means only those receipts collected from within the corporate boundaries of the City and which are derived from the following: (A) Recurring local exchange service for business and residence which includes basic exchange service, touch tone, optional calling features and measured local calls; (B) recurring local exchange access line services for pay phone lines provided by a telecommunications local exchange service provider to all pay phone service providers; (C) local directory assistance revenue; (D) line status verification/busy interrupt revenue; (E) local operator assistance revenue; and (F) nonrecurring local exchange service revenue which shall include customer service for installation of lines, reconnection of service and charge for duplicate bills. All other revenues, including, but not limited to, revenues from extended area service, the sale or lease of unbundled network elements, non-regulated services, carrier and end user access, long distance, wireless telecommunications services, lines providing only data service without voice services processed by a telecommunications local exchange service provider, private line service arrangements, internet, broadband and all other services not wholly local in nature are excluded from gross receipts. Gross receipts shall be reduced by bad debt expenses.

Uncollectible and late charges shall not be included within gross receipts. If a telecommunications local exchange service provider offers additional services of a wholly local nature which if in existence on or before January 1, 2011, would have been included with the definition of gross receipts, such services shall be included from the date of the offering of such services in the City.

(6) "Local exchange service" means local switched telecommunications service within any local exchange service area approved by the state corporation commission, regardless of the medium by which the local telecommunications service is provided. The term local exchange service shall not include wireless communication services.

(7) "Provider" means a local exchange carrier as defined in subsection (h) of K.S.A. 66-1,187 and amendments thereto, or a telecommunications carrier as defined in subsection (m) of K.S.A. 66-1,187, and amendments thereto.

(8) "Public right-of-way" means only the area of real property in which the City has a dedicated or acquired right-of-way interest in the real property. It shall include the area on, below or above the present and future streets, alleys, avenues, roads, highways, parkways or boulevards dedicated or acquired as right-of-way. The term does not include the airwaves above a right-of-way with regard to wireless telecommunications

or other non-wire telecommunications or broadcast service, easements obtained by utilities or private easements in platted subdivisions or tracts.

(9) "Kansas Fiber Network, L.L.C." or "Company", means the franchisee herein.

(10) "Telecommunications local exchange service provider" means a local exchange carrier as defined in subsection (h) of K.S.A. 66-1,187, and amendments thereto, and a telecommunications carrier as defined in subsection (m) of K.S.A. 66-1,187, and amendments thereto, which does, or in good faith intends to, provide local exchange service. The term telecommunications local exchange service provider does not include an interexchange carrier that does not provide local exchange service, competitive access provider that does not provide local exchange service or any wireless telecommunications local exchange service provider.

(11) "Telecommunications services" means providing the means of transmission, between or among points specified by the user, of information of the user's choosing, without change in the form or content of the information as sent and received.

SECTION 2. Intent. It is understood and agreed that the intent of Kansas Fiber Network, L.L.C., is to provide telecommunication services to retail customers within the corporate boundaries of the City, In the event Kansas Fiber Network, L.L.C., does not provide such service and does not generate gross receipts, Kansas Fiber Network, L.L.C., forfeits its contract franchise and the contract franchise ordinance is terminated.

SECTION 3. Grant. (a) This contract franchise ordinance hereby grants to Kansas Fiber Network, L.L.C., a Telecommunications Local Exchange Service Provider providing Local Exchange Service within the City, the non-exclusive contract, right, privilege, and franchise to construct, maintain, and operate Facilities along, across, upon and under the Public Right-of-way for the purpose of providing telecommunications services to retail customers within the City.

(b) This contract franchise ordinance shall not convey title, equitable or legal, in the Public Right-of-Way, and gives only the right to occupy Public Right-of-Way, for the purposes and for the period stated herein.

(c) This contract franchise ordinance does not provide Kansas Fiber Network, L.L.C., the right to provide "Cable Service" to the City and inhabitants thereof. For purposes of this ordinance, "Cable Service" is defined as the one-way transmission to subscribers of video programming or other programming services, and subscriber interaction, if any, which is required for the selection of such video programming or other programming service; but "Cable Service" does not include point to point, point to multi-point, and switched video services, or similar services that Kansas Fiber Network, L.L.C., has offered or may in the future offer. Nothing in this contract franchise ordinance is intended to preclude the City from seeking, or authorize the City to seek, a franchise from any subsidiary, affiliate, or third party providing "Cable Services." Kansas Fiber Network, L.L.C., and City agree that nothing in this franchise is intended to authorize the City to seek from Kansas Fiber Network, L.L.C. nor to require Kansas Fiber Network, L.L.C. to obtain a franchise to offer "Open Video Systems" as that term is used in section 653 of the Telecommunications Act of 1996 (codified at 47 U.S.C. 573). Kansas Fiber Network, L.L.C., and City further agree, however, that this ordinance does not authorize Kansas Fiber Network, L.L.C. to offer "Open Video Systems" without paying a franchise fee on the gross revenues of the system operator for the provision of cable service in lieu of a franchise fee, pursuant to and in the manner described in 47 U.S.C. 573(c)(2)(b) and without complying with FCC regulations promulgated pursuant to 47 U.S.C. 573.

SECTION 4. Term. (a) This contract franchise ordinance shall be effective for a term of three (3) years from the effective date of this contract franchise ordinance. Thereafter, this contract

franchise ordinance will renew for three (3) additional three (3) year term, unless either party notifies the other party of its intent to terminate the contract franchise ordinance prior to one hundred and eighty (180) days before the termination of the then current term. The additional term shall be deemed a continuation of this franchise and not as a new franchise or amendment.

(b) Upon written request of either the City or Kansas Fiber Network, L.L.C., this contract franchise ordinance shall be renegotiated at any time in accordance with the requirements of K.S.A. 12-2001, as amended, upon any of the following events: Changes in federal, state, or local laws, regulations, or orders that materially affect any rights or obligations of either the City or Kansas Fiber Network, L.L.C., including but not limited to the scope of the contract franchise ordinance granted to the Kansas Fiber Network, L.L.C. or the compensation to be received by the City hereunder.

(c) Amendments under this Section, if any, shall be made by contract ordinance as prescribed by statute. The contract franchise ordinance shall remain in effect according to its terms pending completion of any review or renegotiation provided by this section.

SECTION 5. Compensation. (a) In consideration of this contract franchise ordinance, Kansas Fiber Network, L.L.C. agrees to remit to the City a franchise fee of five percent (5%) of Gross Receipts. To determine the Franchise Fee, Kansas Fiber Network, L.L.C. shall calculate the Gross Receipts and multiply such receipts by 5%. Thereafter, compensation for each calendar year of the remaining term of the contract franchise ordinance shall continue to be based on a sum equal to 5% of Gross Receipts.

(b) Beginning January 1, 2004, and every 36 months thereafter, the City, subject to the public notification procedures set forth in K.S.A. 12-2001 (l) and (m), as amended, may elect to adopt an increased gross receipts fee subject to the provisions and maximum fee limitations contained in K.S.A. 12-2001, as amended, or may choose to decline all or any portion of any increase in the access line fee.

(c) The Franchise Fee shall be due and payable on a monthly basis within thirty (30) calendar days after the end of the remittal period. If any Franchise Fee, or any portion thereof, is not postmarked or delivered on or before the due date, interest thereon shall accrue from the due date until received, at the applicable statutory interest rate.

(d) Franchise Fee payments shall be accompanied by a 9K2 (gross receipts) statement showing the manner in which the Franchise Fee was calculated on a quarterly basis. No acceptance by the City of any Franchise Fee shall be construed as an accord that the amount paid is, in fact the correct amount, nor shall acceptance of any Franchise Fee payment be construed as a release of any claim of the City. Any dispute concerning the amount due under this Section shall be resolved in the manner set forth in K.S.A. 12-2001, as amended.

(e) The City or its designated representatives shall have the right to examine, upon written notice to Kansas Fiber Network, L.L.C. no more often than once per calendar year, those records necessary to verify the correctness of the Franchise Fees.

(f) Within sixty (60) days of the effective date of this contract franchise ordinance, Kansas Fiber Network, L.L.C. shall pay to the City a one-time application fee of One Thousand Dollars ($1,000.00). The parties agree that such fee reimburses the City for its reasonable, actual and verifiable costs of reviewing and approving this contract franchise ordinance. Kansas Fiber Network, L.L.C. shall additionally pay the publications costs of this ordinance.

(g) The Franchise Fee required herein shall be in addition to, not in lieu of, all taxes, charges, assessments, licenses, fees and impositions otherwise applicable that are or may be imposed by the City under K.S.A. 12-2001 and 17-1902, as amended. The Franchise Fee is compensation for use of the Public Right-of-Way and shall in no way be deemed a tax of any kind.

SECTION 6. Use of Public Right-of-Way. (a) Pursuant to K.S.A. 17-1902, as amended, Kansas Fiber Network, L.L.C. shall have the right to construct, maintain and operate poles, conduit, cable, switches and related appurtenances and facilities along, across, upon and under the Public Right-of-Way. Such appurtenances and facilities shall be so constructed and maintained as not to obstruct or hinder the usual travel or public safety on such public ways or obstruct the legal use by other utilities.

(b) Nothing in this contract franchise ordinance shall be interpreted as granting Kansas Fiber Network, L.L.C. the authority to construct, maintain or operate any facility or related appurtenance on property owned by the City outside of the Public Right-of-Way.

(c) The authority of Kansas Fiber Network, L.L.C. to use and occupy the Public Right-of-Way shall always be subject and subordinate to the reasonable public health, safety and welfare requirements and regulations of the City. The City may exercise its home rule powers in its administration and regulation related to the management of the Public Right-of-Way provided that any such exercise must be competitively neutral and may not be unreasonable or discriminatory.

(d) The City shall have the authority to prohibit the use or occupation of a specific portion of Public Right-of-way subject to the procedures of K.S.A. 17-1902, as amended.

(e) If there is an emergency necessitating response work or repair, Kansas Fiber Network, LLC may begin that repair or emergency response work or take any action required under the circumstances, provided that Kansas Fiber Network, L.L.C. notifies the City promptly after beginning the work and timely thereafter meets any permit or other requirement had there not been such an emergency.

(f) Kansas Fiber Network, L.L.C. shall repair all damage to the Public Right-of-Way caused by the activities of Kansas Fiber Network, L.L.C., or of any agent affiliate, employee, or subcontractor of Kansas Fiber Network, L.L.C., while occupying, installing, repairing or maintaining facilities in a Public Right-of-way and to return the Public Right-of-Way to its functional equivalence before the damage pursuant to the reasonable requirements and specifications of the City. If Kansas Fiber Network, L.L.C. fails to make the repairs required by the City, the City may affect those repairs and charge Kansas Fiber Network, L.L.C. the cost of those repairs. If the City incurs damages as a result of a violation of this subsection, then the City shall have the remedies provided in K.S.A, 17-1902, as amended.

(g) When requested by the City, in order to accomplish construction and maintenance activities directly related to improvements for the health, safety and welfare of the public, Kansas Fiber Network, L.L.C. promptly shall remove its facilities from the Public Right-of-way or shall relocate or adjust its facilities within the Public Right-of-way at no cost to the City. Such relocation or adjustment shall be completed as soon as reasonably possible within the time set forth in any request by the City for such relocation or adjustment. Any damages suffered by the City or its contractors as a result of Kansas Fiber Network, L.L.C. failure to timely relocate or adjust its facilities shall be borne by Kansas Fiber Network, L.L.C.

(h) Kansas Fiber Network, L.L.C. shall coordinate the placement of its Facilities in Public Right-of-Way in a manner that minimizes adverse impact on public improvements, as reasonably determined by the City Engineer.

(i) In granting this contract franchise ordinance the City makes no express or implied representation or warranty regarding its rights to authorize the installation or construction of Facilities on any particular segment of the Public Right-of-Way. The burden and responsibility for making all such determinations in advance of construction or installation shall be entirely upon Kansas Fiber Network, L.L.C.

(j) Except as may otherwise be provided by other applicable ordinances of the City, where reasonable and appropriate and where adequate Public Right-of-Way exist; Kansas Fiber Network, L.L.C. shall place above-ground Facilities underground in conjunction with City capital improvement projects and/or at specific locations

requested by the City provided that such placement is practical, efficient, and economically feasible.

(k) When Kansas Fiber Network, L.L.C. is allowed to place Facilities above ground under this section, Kansas Fiber Network, L.L.C. may attach its Facilities to an existing utility pole pursuant to a properly executed agreement with the pole owner, provided, however, that any necessary replacement of the pole in order to accommodate the attachment shall be subject to the proper exercise of the City's police powers, and in no instance shall a Franchisee erect a new pole within an existing aerial pole line absent the City's prior authorization. Above-ground pedestals, vaults, or other above-ground Facilities, may be installed only if approved by the City where alternative underground facilities are not feasible or where underground requirements are otherwise waived pursuant to this Section, and shall generally be located behind the sidewalk where feasible and shall be screened from public view. Facilities in rear lot easements shall be exempt from the screening requirements except when they are within fifty feet of a street or highway. The underground requirements of this subsection shall not apply to the maintenance and repair of existing Facilities, as determined by the City Engineer.

(l) Kansas Fiber Network, L.L.C. shall take all reasonable measures necessary to maintain accurate as completed records in electronic format, of all Facilities constructed, reconstructed, or relocated in the Public Right-of-Way of arterial streets (as designated by City of Wichita Code § 11.96.100) after the date hereof. Such Facilities shall be horizontally and vertically located at least every 100 feet and at any other alignment change. All points of Facilities shall be horizontally located from street centerline, or section or quarter section lines or corners. Vertical locations on all points of Facilities shall consist of elevations in either City datum or United States Geological Survey datum. Kansas Fiber Network, L.L.C. shall cooperate promptly and fully with the City and take all reasonable measures necessary to provide accurate and complete information regarding the nature and horizontal and vertical location of its Facilities located within Right-of-Way when requested by the City or its authorized agents for a Public Project. Such location and identification shall be at the sole expense of Kansas Fiber Network, L.L.C. without expense to the City, its employees, agents, or authorized contractors.

SECTION 7. Indemnity and Hold Harmless. (a) It shall be the responsibility of Kansas Fiber Network, L.L.C. to take adequate measures to protect and defend its Facilities in the Public Right-of-Way from harm or damage. If Kansas Fiber Network, L.L.C. fails to accurately or timely locate Facilities when requested, it has no claim for costs or damages against the City and its authorized contractors unless such party is responsible for the harm or damage by its negligence or intentional conduct. The City and its authorized contractors shall be responsible to take reasonable precautionary measures including calling for utility locations and observing marker posts when working near Kansas Fiber Network, L.L.C. Facilities.

(b) Kansas Fiber Network, L.L.C. shall indemnify and hold the City and its officers and employees harmless against any and all claims, lawsuits, judgments, costs, liens, losses, expenses, fees (including reasonable attorney fees and costs of defense), proceedings, actions, demands, causes of action, liability and suits of any kind and nature, including personal or bodily injury (including death), property damage or other harm for which recovery of damages is sought, to the extent that it is found by a court of competent jurisdiction to be caused by the negligence of the provider, any agent, officer, director, representative, employee, affiliate or subcontractor of the provider, or their respective officers, agents, employees, directors or representatives, while installing, repairing or maintaining facilities in a Public Right-of-way. The indemnity provided by this subsection does not apply to any liability resulting from the negligence of the City, its officers, employees, contractors or subcontractors. If Kansas Fiber Network, L.L.C., and the City are found jointly liable by a court of competent jurisdiction, liability shall be apportioned comparatively in accordance with the laws of this state without, however, waiving any

governmental immunity available to the City under state law and without waiving any defenses of the parties under state or federal law. This section is solely for the benefit of the City and Kansas Fiber Network, L.L.C., and does not create or grant any rights, contractual or otherwise, to any other person or entity. Kansas Fiber Network, L.L.C. or the City shall promptly advise the other in writing of any known claim or demand against Kansas Fiber Network, L.L.C. or the City related to or arising out of the Kansas Fiber Network, L.L.C. activities in a Public Right-of-way.

SECTION 8. Insurance Requirement and Performance Bond. (a) During the term of this Franchise, Kansas Fiber Network, L.L.C shall obtain and maintain insurance coverage at its sole expense, with financially reputable insurers that are licensed to do business in the state of Kansas. Should Kansas Fiber Network, L.L.C. elect to use the services of an affiliated captive insurance company for this purpose, that company shall possess a certificate of authority from the Kansas Insurance Commissioner. Kansas Fiber Network, L.L.C. shall provide not less than the following insurance:

(1) Workers' compensation as provided for under any worker's compensation or similar law in the jurisdiction where any work is performed with an employers' liability limit equal to the amount required by law.

(2) Commercial general liability, including coverage for contractual liability and products completed operations liability on an occurrence basis and not a claims made basis, with a limit of not less than Two Million Dollars ($2,000,000) combined single limit per occurrence for bodily injury, personal injury, and property damage liability. The City shall be included as an additional insured with respect to liability arising from Kansas Fiber Network, L.L.C. operations under this ordinance.

(b) As an alternative to the requirements of subsection (a), Kansas Fiber Network, L.L.C. may demonstrate to the satisfaction of the City that it is self-insured and as such Kansas Fiber Network, L.L.C. has the ability to provide coverage in an amount not less than one million dollars ($1,000,000) per occurrence and two million dollars ($2,000,000) in aggregate, to protect the City from and against all claims by any person whatsoever for loss or damage from personal injury, bodily injury, death or property damage occasioned by Kansas Fiber Network, L.L.C., or alleged to so have been caused or occurred.

(c) Kansas Fiber Network, L.L.C. shall, as a material condition of this Franchise, prior to the commencement of any work and prior to any renewal thereof, deliver to the City a certificate of insurance or evidence of self-insurance, satisfactory in form and content to the City, evidencing that the above insurance is in force and will not be cancelled or materially changed with respect to areas and entities covered without first giving the City thirty (30) days prior written notice. Kansas Fiber Network, L.L.C. shall make available to the City on request the policy declarations page and a certified copy of the policy in effect, so that limitations and exclusions can be evaluated for appropriateness of overall coverage.

(d) Kansas Fiber Network, L.L.C. shall, as a material condition of this Franchise, prior to the commencement of any work and prior to any renewal thereof, deliver to the City a performance bond in the amount of one hundred thousand dollars ($100, 000,) payable to the City to ensure the appropriate and timely performance in the construction and maintenance of facilities located in the right-of-way. Said bond shall be maintained in full force and effect for the term of such franchise and any renewal thereof. In the event Kansas Fiber Network, L.L.C. fails within a reasonable time after notice that it is not in compliance with one or more of the provisions of this franchise issued to it, the City shall recover, jointly and severally from the principal and surety of such bond, any damages or loss suffered by the City as a result thereof, including the full amount of any compensation, indemnification, or cost of removal or abandonment of any property of Kansas Fiber Network, L.L.C, as prescribed hereby which may be in default, plus

a reasonable allowance for attorney's fees and costs up to the full amount of the bond. The required performance bond must be with good and sufficient sureties, issued by a surety company authorized to transact business in the State of Kansas, and satisfactory to the City Attorney in form and substance.

SECTION 9. Non-discrimination. Kansas Fiber Network, L.L.C. will not, on the grounds of race, color, sex, religion, national origin, ancestry, disability, or age, discriminate or permit discrimination against any person in the use of the Public Right-of-Way or in activities under this Franchise.

SECTION 10. Transfer and Assignment. This Franchise shall be assignable in accordance with the laws of the State of Kansas. Kansas Fiber Network, L.L.C. shall provide the City written notice of any transfer or assignment within thirty (30) days, including notice of the name and address of the assignee and contact information.

SECTION 11. Expiration or Termination of Contract Franchise Ordinance. Upon expiration of this contract franchise ordinance, whether by lapse of time, by agreement between Kansas Fiber Network, L.L.C. and City, or by forfeiture thereof, Kansas Fiber Network, L.L.C. shall have the right to remove any and all of its Facilities within a reasonable time after such expiration or termination or to transfer any and all of its Facilities to another entity authorized to place Facilities in the Public Right-of-Way. It shall be the duty of the Company, immediately upon any such removal, to restore the Public Right-of-Way from which said Facilities are removed to as good a condition as the same were before said removal was effected.

SECTION 12. Notices. Except in emergencies, all notices by either the City or the Company to the other shall be made by personal delivery, depositing such notice in the U.S. Mail, Certified Mail, return receipt requested, or by facsimile. Any notice served by Certified Mail, return receipt requested, shall be deemed delivered five (5) calendar days after the date of such deposit in the U.S. Mail unless otherwise provided. Any notice given by facsimile is deemed received by the next business day. "Business day" for purposes of this section shall mean Monday through Friday, City and Kansas Fiber Network, L.L.C. observed holidays excepted. Emergency notices shall be provided by telephone, with written notice immediately following by facsimile.

Notices shall be addressed to the City as follows:

City Clerk
455 N. Main Street
Wichita, Kansas 67202-1635

Notice to Kansas Fiber Network, L.L.C. shall be addressed to the Company as follows:

Kansas Fiber Network, L.L.C.
Attn: Steven Dorf, President and General Manager
121 N. Mead, Suite 200
Wichita, KS 67202

Notice shall be given as required by the terms of this contract franchise ordinance. Notice shall be provided to the above-named addressees unless directed otherwise in writing by City or Kansas Fiber Network, L.L.C. Both Kansas Fiber Network, L.L.C. and the City shall provide to the other contract information with telephone and facsimile number for use in emergencies.

SECTION 13. Confidentiality. Information provided to the City by Kansas Fiber Network, L.L.C. under K.S.A. 12-2001 and/or this contract franchise ordinance shall be governed by confidentiality procedures in compliance with K.S.A. 45-215 and 66-1220a, et seq., and amendments thereto. In the event the City is required by law to disclose such information, the City shall provide Kansas Fiber Network, L.L.C. ten (10) days advance notice of its intent to disclose such information and shall take such action as may be reasonably necessary to cooperate with Kansas Fiber Network, L.L.C. to safeguard such information. Kansas Fiber Network, L.L.C. agrees to indemnify and hold the City harmless from any and all penalties or costs, including attorney's fees, arising from the actions of Kansas Fiber Network, L.L.C., or of the City at the written request of Kansas Fiber Network, L.L.C., in seeking to safeguard the confidentiality of informa-

tion provided by Kansas Fiber Network, L.L.C. to the City under this contract franchise ordinance.

SECTION 14. Conditions of Franchise. This contract franchise ordinance is granted and accepted under and subject to all applicable laws and under and subject to all of the orders, rules, and regulations now or hereafter adopted by governmental bodies now or hereafter having jurisdiction, including all permit requirements, fee payments, and all other City codes and ordinances in effect as of the date of this Ordinance or hereinafter adopted to the extent not in contravention of state or federal law. Each and every provision hereof shall be subject to acts of God, fires, strikes, riots, floods, war and other causes beyond Kansas Fiber Network, L.L.C. or the City's control.

SECTION 15. Acceptance. Prior to the effective date of this ordinance Kansas Fiber Network, L.L.C. shall file with the City Clerk of the City of Wichita its acceptance in writing of the provisions, terms and conditions of this ordinance, which acceptance shall be duly acknowledged before an officer authorized by law to administer oaths. When so accepted the ordinance and acceptance shall constitute a contract between the City and Kansas Fiber Network, L.L.C. subject to the provisions of the laws of the state of Kansas.

SECTION 16. Reservation of Rights. (a) The City specifically reserves its right and authority as a public entity with responsibilities towards its citizens, to participate to the full extent allowed by law in proceedings concerning the Company's rates and services to ensure the rendering of efficient Telecommunications Service at reasonable rates, and the maintenance of the Company's property in good repair.

(b) In granting its consent hereunder, the City does not in any manner waive its regulatory or other rights and powers under and by virtue of the laws of the State of Kansas as the same may be amended, its Home Rule powers under the Constitution of the State of Kansas, nor any of its rights and powers under or by virtue of present or future ordinances of the City.

(c) In granting its consent hereunder, Kansas Fiber Network, L.L.C. does not in any manner waive its regulatory or other rights and powers under and by virtue of the laws of the State of Kansas as the same may be amended, or under the Constitution of the State of Kansas, nor any of its rights and powers under or by virtue of present or future ordinances of the City.

SECTION 17. Failure to Enforce. The failure of either party to insist in any one or more instances upon the strict performance of any one or more of the terms or provisions of this contract franchise ordinance shall not be construed as a waiver or relinquishment for the future of any such term or provision, and the same shall continue in full force and effect. No waiver or relinquishment shall be deemed to have been made by either party unless said waiver or relinquishment is in writing and signed by the parties.

SECTION 18. Severability. If any clause, sentence, or section of this contract franchise ordinance, or any portion thereof, shall be declared by a court of competent jurisdiction to be invalid, such decision shall not affect the validity of the remainder, as a whole or any part thereof, other than the part declared to be invalid; provided, however, the City or Kansas Fiber Network, L.L.C. may elect to declare that the entire agreement is invalidated if the portion declared invalid is, in the judgment of the City or Kansas Fiber Network, L.L.C., an essential part of this contract franchise ordinance.

SECTION 19. Governing Law and Venue. (a) The contract franchise ordinance and the rights herein granted are subject to the provisions of existing federal and state laws and those hereafter enacted pertaining to the granting of franchises.

(b) The obligations and undertakings of both parties hereto shall be performed at Wichita, Sedgwick County, Kansas. In the event that any legal proceeding is brought to enforce the terms of this franchise, the same shall be brought in State or Federal courts, as appropriate, having jurisdiction for Sedgwick County, Kansas.

SECTION 20. Effective Date of Ordinance. This contract franchise ordinance shall be effective April 12, 2011, upon its final passage and publication once in the official City paper.

PASSED AND APPROVED by the governing body of Wichita, Kansas, this date April 12, 2011.

KANSAS FIBER NETWORK, LLC
Ordinance No. 50-426

AN ORDINANCE OF THE CITY OF WICHITA, KANSAS MODIFYING ORDINANCE 48-982, GRANTING KANSAS FIBER NETWORK, LLC, A KANSAS LIMITED LIABILITY COMPANY, A FIBER OPTIC CABLE FRANCHISE THE TERMS OF SAID GRANT AND RELATING THERETO.

BE IT ORDERED BY THE GOVERNING BODY OF THE CITY OF WICHITA, KANSAS:

MODIFICATION OF FRANCHISE AGREEMENT

Franchise Ordinance 48-982, dated April 15, 2011, is modified as follows:

SECTION 1. Definitions. (4) "Franchise Fee" means the Access Line Fee, fee on Gross Receipts or fee on gross revenues established under this ordinance.

(11) "Telecommunications Service" means providing the means of transmission between or among points specified by the user, of information of the user's choosing, without change in the form or content of the information as sent and received. For the avoidance of doubt, a "broadband internet access service" (or, "BIAS") is a Telecommunications service under this ordinance.

SECTION 5. Compensation. (a) In consideration of Contract Franchise Ordinance 48-982, Kansas Fiber Network, LLC shall remit to the City of Wichita a Franchise Fee in the amount of, the greater of (A) five percent (5%) of gross revenues derived from services provided within the corporate boundaries of the City of Wichita which include: (i) recurring revenue derived from Kansas Fiber Network's Voice over Internet Protocol ("VoIP") service for business and residence; (ii) recurring revenue for broadband internet access service ("BIAS") for business and residence; and, (iii) recurring revenue derived from leasing Kansas Fiber Network's dark fiber and indefeasible rights of use ("IRU") fees; or (B) $1,418.75 per month.

(b) The first Franchise Fee payment shall be due and payable sixty-one (61) calendar days after the effective date of this agreement and upon a monthly basis thereafter due on the 15th of the month, or if the 15th falls on a weekend or holiday, the first business day following. If any Franchise Fee, or any portion thereof, is not postmarked or delivered on or before the due date, interest thereon shall accrue from the due date until received, at the applicable statutory interest rate.

(c) Kansas Fiber Network, L.L.C. shall remit Franchise Fees in the amount of $51,075.00 as Franchise Fee payment under franchise ordinance 48-982 for years 2014, 2015, 2016. This payment is due and payable sixty-one (61) calendar days after the effective date of this modification of franchise agreement.

(d) The Franchise Fee is compensation for use of the Public Right of Way and shall in no way be deemed a tax of any kind.

(e) The Franchise Fee is in addition to, and not in lieu of, the City's Telecommunications Service Occupation Tax under Wichita City Code section 3.90.020. Kansas Fiber Network, LLC shall receive credit toward total Franchise Fee payment pursuant to Wichita City Code section 3.93.350 for occupation tax paid.

(f) The City or its designated representatives shall have the right to examine, upon written notice to Kansas Fiber Network, LLC no more often than once per calendar year, those records necessary to verify the correctness of the Franchise Fees.

All other provisions and terms in Franchise Ordinance 48-982 are unchanged and remain in effect.

IN WITNESS WHEREOF, the undersigned have caused this Franchise Agreement to be executed as of the date noted above.

(Ord. No. 50-426, 3-10-2017)

ARTICLE V. TELECOMMUNICATIONS (FIBER OPTIC)

AT&T COMMUNICATIONS, INC. Ordinance No. 40-505

AN ORDINANCE GRANTING TO AT&T COMMUNICATIONS, INC., THE RIGHT AND PRIVILEGE TO CONSTRUCT, OPERATE, AND MAINTAIN A FIBER OPTIC TELECOMMUNICATION SYSTEM IN THE CITY OF WICHITA, KANSAS, PRESCRIBING THE TERMS OF SAID GRANT AND RELATING THERETO.

WHEREAS, AT&T Communications, Inc., as agent for the American Telephone and Telegraph Company and for AT&T Communications of the Southwest, Inc., hereinafter referred to as "AT&T," desires to use certain public right-of-way of the City of Wichita for the purpose of construction, maintenance, and operation of a fiber optic telecommunication system pursuant to the provisions of the laws of the State of Kansas; and

WHEREAS, the City of Wichita finds such use to be in the public interest and is willing to enter into an agreement to allow AT&T to use the public right-of-way for such purpose; and

WHEREAS, the Agreement giving such right and privilege is to be granted by ordinance pursuant to K.S.A. 12-2001, et seq.,

NOW THEREFORE, BE IT ORDAINED BY THE GOVERNING BODY OF THE CITY OF WICHITA, KANSAS:

Section 1. Definitions. For purposes of this ordinance, the following words and phrases shall have the meanings given herein:

"AT&T" or "Company"—AT&T Communications, Inc., as agent for American Telephone and Telegraph Company and AT&T Communications of the Southwest, Inc.

"City"—the City of Wichita, Kansas.

"Facilities"—telephone and telecommunication lines, conduits, wires, cables, pipes, poles, towers, vaults, and appliances, either under or above ground.

"Public improvement"—any existing or contemplated public facility, building, or capital improvement project, including without limitation streets, alleys, sidewalks, sewer, water, drainage, right-of-way improvements, and public projects.

"Right-of-way"—present and future streets, alleys, rights-of-way, and public easements, including easements dedicated in plats, of the City of Wichita, Kansas.

Section 2. Grant. This ordinance shall pertain to AT&T's construction, maintenance, and operation of its facilities in, through and along that right-of-way which is part of the route described in Attachment "A" hereto for the purpose of supplying telecommunications service on a non-exclusive basis in the City and to the inhabitants thereof for the full term hereof; subject, however, to the terms and conditions herein set forth.

Section 3. Use of right-of-way. In the use of right-of-way under this ordinance, AT&T shall be subject to all rules, regulations, policies, resolutions, and ordinances now or hereafter adopted or promulgated by the City in the reasonable exercise of its police power and is subject to all applicable laws, orders, rules and regulations adopted by governmental bodies now or hereafter having jurisdiction. In addition, AT&T shall be subject to all rules, regulations, policies, resolutions, and ordinances now or hereafter adopted or promulgated by the City relating to permits and fees, sidewalk and pavement cuts, utility location, construction coordination, beautification, and other requirements on the use of the right-of-way and shall comply with the following:

(a) AT&T's use of right-of-way shall in all matters be subordinate to the City's use of the right-of-way for any public purpose. AT&T shall coordinate the placement of its facilities in a manner which minimizes adverse impact on public improvements, as reasonably determined by the City. Where placement is not otherwise regulated, the facilities shall be placed with adequate clearance from such public improvements so as not to impact or be impacted by such public improvement.

(b) All earth, materials, sidewalks, paving, crossings, utilities, public improvements, or improvements of any kind injured or removed by AT&T in its activities under this ordinance shall be fully repaired or replaced promptly by AT&T at its sole expense and to the reasonable satisfaction of the City or owner thereof.

(c) All facilities constructed, reconstructed, or relocated in the right-of-way after the date hereof shall be placed underground unless otherwise agreed to by the City and in steel conduit in the right-of-way and rigid conduit when otherwise within the corporate limits of the City.

(d) AT&T shall keep and maintain accurate records and as-built drawings depicting accurate hori-

Section 12. Acceptance of Terms by Grantee. Within sixty (60) days after the final passage and approval of this ordinance, Grantee shall file with the City Clerk of the City of Wichita its acceptance in writing of the provisions, terms and conditions of this ordinance, which acceptance shall be duly acknowledged before some officer authorized by law to administer oaths; and when so accepted the ordinance and acceptance shall constitute a contract between Grantor and Grantee subject to the provisions of the laws of the state of Kansas.

Section 13. Conditions of Franchise. This contract, franchise, grant and privilege is granted and accepted under and subject to all applicable laws and under and subject to all of the orders, rules, and regulations now or hereafter adopted by governmental bodies now or hereafter having jurisdiction, and each and every provision hereof shall be subject to acts of God, fires, strikes, riots, floods, war and other causes beyond Grantee's control. This franchise shall not be exclusive.

Section 14. Invalidity of Ordinance. If any clause, sentence, or section of this ordinance shall be held to be invalid, it shall not affect the remaining provisions of this ordinance.

Section 15. Effective Date of Ordinance. This ordinance shall take effect and be in force from and after its passage and publication as required by law.

Section 17. Repeal of Conflicting Ordinances. Ordinance No. 38-076, which was heretofore granted to this Grantee, and all other such ordinances and resolutions or parts thereof inconsistent or in conflict with the terms hereof, shall be canceled, annulled, repealed, and set aside, provided further, that this ordinance shall not take effect or be in force until it shall have been read in full at three regular weekly meetings of the governing body of the City of Wichita, nor until and immediately after its final passage it shall be published in the official city paper once each week for two consecutive weeks, and such ordinance shall not take effect or be in force until and after the expiration of sixty (60) days from the date of its final passage nor if, pending the final passage and taking effect of said ordinance, an election shall be called as provided by law, then said ordinance shall not take effect or become in force until the same shall have been duly approved as by law provided.

PASSED AND APPROVED by the governing body of Wichita, Kansas, this September. 29, 1998.

KIN NETWORK, INC.
Ordinance No. 43-504

AN ORDINANCE GRANTING TO KIN NETWORK, INC., THE RIGHT AND PRIVILEGE TO CONSTRUCT, OPERATE, AND MAINTAIN A FIBER OPTIC TELECOMMUNICATION SYSTEM IN THE CITY OF WICHITA, KANSAS, AND PRESCRIBING THE TERMS OF SAID GRANT.

WHEREAS, The City of Wichita is the owner of certain public right-of-way; and

WHEREAS, KIN Network, Inc., hereinafter referred to as "KINNET," desires to use certain public right-of-way of the City of Wichita for the purpose of construction, maintenance, and operation of a fiber optic telecommunication system pursuant to the provisions of the laws of the State of Kansas; and

WHEREAS, the City of Wichita finds such use to be in the public interest and is willing to enter into an agreement to allow KINNET to use the public right-of-way for such purpose;

NOW THEREFORE, BE IT ORDAINED BY THE GOVERNING BODY OF THE CITY OF WICHITA, KANSAS:

Section 1. Definitions. For purposes of this ordinance, the following words and phrases shall have the meanings given herein:

"KINNET" or "Company"-KIN Network, Inc.

"City"-The City of Wichita, Kansas.

"Facilities"-Telephone and telecommunication lines, conduits, wires, cables, pipes, poles, towers, vaults, and appliances, either under or above ground.

"Public improvement"-Any existing or contemplated public facility, building, or capital improvement project, including without limitation streets, alleys, sidewalks, sewer, water, drainage, right-of-way improvement, and public projects.

"Public project"-Any project planned or undertaken by the City or any governmental entity for construction, reconstruction, maintenance, or repair of public facilities or public improvements, or any other purpose of a public nature.

"Right-of-way"-Present and future streets, alleys, rights-of-way, and public easements, including easements dedicated in plats of the City of Wichita, Kansas.

Section 2. Grant. This ordinance shall pertain to KINNET's construction, maintenance, and operation of its facilities for a fiber optic telecommunication system in the City in, through and along that right-of-way which is part of the route described in Attachment "A" hereto as contemplated by this ordinance on a non-exclusive basis for the full term hereof; subject, however, to the terms and conditions herein set forth.

The grant under this ordinance specifically excludes the right to provide local "telephone exchange service" as defined by 47 U.S.C. § 153(47) and open video systems or cable service as defined by the Telecommunications Act of 1996 to customers within the City, and further excludes the right within the City to provide local telecommunications services for a fee directly to the public or to such classes of users as to be effectively available directly to the public. In the event that KINNET shall in the future provide such service or derive revenue from such service within the City of Wichita, KINNET shall apply to the City for the right and privilege to provide such service in accordance with the laws of the State of Kansas. KINNET represents that at the present time it is not providing such excluded services in the City of Wichita.

Section 3. Use of Right-of-Way. In the use of right-of-way under this ordinance, KINNET shall be subject to all rules, regulations, policies, resolutions and ordinances now or hereafter adopted or promulgated by the City in the reasonable exercise of its police power and is subject to all applicable laws, orders, rules and regulations adopted by governmental bodies now or hereafter having jurisdiction. In addition, KINNET shall be subject to all rules, regulations, policies, resolutions, and ordinances now or hereafter adopted or promulgated by the City relating to permits and fees, sidewalk and pavement cuts, utility location, construction coordination, beautification, and other requirements on the use of the right-of-way and shall comply with the following:

(a) KINNET's use of right-of-way shall in all matters be subordinate to the City's use of

the right-of-way for any public purpose. KINNET shall coordinate the placement of its facilities in a manner which minimizes adverse impact on public improvements, as reasonably determined by the City. Where placement is not otherwise regulated, the facilities shall be placed with adequate clearance from such public improvements so as not to impact or be impacted by such public improvement.

(b) All earth, materials, sidewalks, paving, crossings, utilities, public improvements, or improvements of any kind injured or removed by KINNET in its activities under this ordinance shall be fully repaired or replaced promptly by KINNET at its sole expense and to the reasonable satisfaction of the City or owner thereof.

(c) All facilities constructed, reconstructed, or relocated in the right-of-way after the date hereof shall be placed underground unless otherwise agreed to by the City and in steel conduit in the right-of-way and rigid conduit when otherwise within the corporate limits of the City.

(d) KINNET shall keep and maintain accurate records and as-built drawings depicting accurate horizontal and vertical location of all facilities constructed, reconstructed, or relocated in the street right-of-way after the date hereof. All points of facilities shall be horizontally located from street centerline, or section or quarter section lines or corners. Vertical locations on all points of facilities shall consist of elevations in either City datum or United States Geological Survey datum.

(e) Prior to construction, reconstruction or relocation of any facilities in the right-of-way, KINNET shall submit to the City Engineer for approval plans and specifications of the proposed installation. Such approval shall not be unreasonably withheld, delayed or conditioned.

(f) KINNET shall cooperate promptly and fully with the City and take all measures necessary to provide accurate and complete information regarding the nature and locations, both horizontal and vertical, of its facilities located within right-of-way when requested by the City or its authorized agents for a public project. Such location and identification shall be at the sole expense of KINNET without expense to the City, its employees, agents, or authorized contractors. KINNET shall have a person familiar with the facilities who is responsible for timely satisfying information needs of the City and other users of the right-of-way.

(g) KINNET shall promptly relocate or adjust any facilities located in right-of-way for a public project. Such relocation or adjustment shall be performed by KINNET at its sole expense without expense to the City, its employees, agents, or authorized contractors and shall be specifically subject to rules and regulations of the City not inconsistent with this ordinance pertaining to such.

(h) It shall be the sole responsibility of KINNET to take adequate measures to protect and defend its facilities in the right-of-way from harm or damage. If KINNET fails to accurately or timely locate facilities when requested, it has no claim for costs or damages against the City and its authorized contractors or any other party authorized to be in the right-of-way except to the extent such party is responsible for the harm or damage caused by its negligence or intentional conduct.

(i) KINNET shall notify the City not less than three (3) working days in advance of any construction, reconstruction, repair, or relocation of facilities which would require any street closure which reduces traffic flow to less than two lanes of moving traffic. Except in the event of an emergency, as reasonably determined by KINNET, no such closure shall take place without such notice and prior authorization from the City. The City shall follow its policies in the grant or denial of such authority, which shall not be unreasonably delayed. In addition, all work performed in the traveled way or which in

any way impacts vehicular or pedestrian traffic shall be properly signed, barricaded, and otherwise protected. Such signing shall be in conformance with the latest edition of the Federal Highway Administration's Standards and Guideline for Work Zone Traffic Control, unless otherwise agreed to by the City.

(j) All technical standards governing construction, reconstruction, installation, operation, testing, use, maintenance, and dismantling of the facilities in the right-of-way shall be in accordance with applicable present and future federal, state, and City law and regulation, including but not limited to the most recent editions of the National Electrical Code, the National Electrical Safety Code, and the Fiber Optic Cable Installation Standard of the Telecommunications Industry Committee, or such substantive equivalents as may hereafter be adopted or promulgated. It is understood that the standards established in this paragraph are minimum standards and the requirements established or referenced in this ordinance may be additional to or stricter than such minimum standards.

(k) KINNET shall not lease or sublease (including but not limited to the lease of conduit space) or otherwise make available any of the facilities in the right-of-way to any other entity without the express written consent of the City, except KINNET may make the capacity of its facilities available to other entities in the ordinary conduct of its business as a fiber optic telecommunications company. The purpose of this provision is to allow and encourage the sharing of space in the right-of-way so long as sublessees or users are authorized by the City to use the right-of-way.

Nothing in this section is intended or shall be interpreted to eliminate KINNET's right to use the right-of-way for the purposes of this ordinance.

Section 4. Grant of Easements. As partial consideration for this ordinance, KINNET agrees to grant to the City without additional cost, as may be reasonably required by the City for public projects, such easements as KINNET may have in property that has been or hereafter is conveyed to the City. When necessary, the City shall provide KINNET with new locations within the right-of-way for KINNET's facilities located in such easements, which relocation shall be at no cost to the City. It is understood that such grant or relocation and the costs associated therewith are the responsibility of KINNET but the costs thereof may be borne by others in accordance with the Subdivision Regulations of the City or by agreement between KINNET and parties owning or conveying property. KINNET shall not be required to make the payments herein relative to any easement granted under this section but shall be subject to all other provisions of this ordinance.

Section 5. Indemnity and Hold Harmless. KINNET shall hold and save the City, its officers, employees, agents, and authorized contractors on public improvements, harmless from and against all claims, damages, expense, liability, and costs including attorney fees, which may be occasioned by KINNET in any manner, solely or in part by KINNET's occupancy of right-of-way, except to the extent otherwise specified in paragraph 3(h). In the event a claim shall be made or an action shall be instituted against the City growing out of such occupancy of the right-of-way by facilities of KINNET, then upon notice by the City to KINNET, KINNET will assume liability for the defense of such actions at the cost of KINNET, subject to the option of the City to appear and defend, at its own cost, any such case.

Section 6. Payments and Charges. The payments herein provided shall be in lieu of all other licenses, taxes, charges, fees or impositions, except that the usual general property taxes and special ad valorem property taxes, permits and fees including charges for pavement cuts or other charges based on restoring premises to their same condition, or charges outside the scope of this ordinance which are not in any way connected with telecommunications business, as such, will be imposed on KINNET, and are not covered by the payments herein.

Section 7. Compensation to City. KINNET shall pay to the City as compensation for the right and privilege granted in this ordinance the amount of Three Thousand and no/100 Dollars ($3,000), one time on the effective date of this ordinance. In addition, KINNET shall pay an annual sum equal to the rate of Two and 50/100 Dollars ($2.50) per linear foot for the right-of-way described in Attachment "A". Such annual payments shall be made on the effective date of the ordinance and on the anniversary date each year thereafter. All payments shall include an additional charge of one and one-half percent (11/2%) per month compounded daily retroactive to the date payment was due when made more than thirty days after the date due. The City and KINNET may hereafter establish such periodic payment procedure as the parties mutually agree.

Section 8. Attachment to Facilities. Nothing in this ordinance shall be construed to require or permit any telephone, electric light or power wire attachments by either the City or KINNET on the facilities of the other. If such attachments are desired by the City or KINNET, then a separate non-contingent agreement shall be prerequisite to such attachments.

Section 9. Forfeiture of Grant and Privilege. In case of failure on the part of KINNET, its successors and assigns, to comply with any of the provisions of this ordinance, or if KINNET, its successors and assigns, should do or cause to be done any act or thing prohibited by or in violation of the terms of this ordinance, KINNET, its successors and assigns, shall forfeit all rights and privileges granted by this ordinance and all rights hereunder shall cease, terminate and become null and void, provided that said forfeiture shall not take effect until the City of Wichita shall carry out the following proceedings. Before the City proceeds to forfeit said ordinance, as in this section prescribed, it shall first serve a written notice upon KINNET, setting forth in detail in such notice the neglect or failure complained of, and KINNET shall have ninety days thereafter in which to comply with the conditions of this grant and privilege. If at the end of such ninety-day period the City deems that the conditions have not been complied with and that the ordinance is subject to cancellation by reason thereof, the City shall enact a repealing ordinance setting out the grounds upon which said grant and privilege is to be canceled or terminated. If within thirty days after the effective date of said repealing ordinance KINNET shall not have instituted an action, either in the District Court of Sedgwick County, Kansas, or some other court of competent jurisdiction to determine whether or not KINNET has violated the terms of this ordinance and that the ordinance is subject to cancellation by reason thereof, this ordinance shall be canceled and terminated at the end of such thirty-day period. If within such thirty-day period KINNET does institute an action, as above provided, to determine whether or not KINNET has violated the terms of this ordinance and that the ordinance is subject to cancellation by reason thereof and prosecutes such action to final judgment with due diligence, then, in that event, in case the court finds that the ordinance is subject to cancellation by reason of the violation of its terms, this ordinance shall terminate thirty days after such final judgment is rendered. PROVIDED, however, that the failure of KINNET to comply with any of the provisions of this ordinance or the doing or causing to be done by KINNET of anything prohibited by or in violation of the terms of this ordinance shall not be a ground for the forfeiture thereof when such act or omission on the part KINNET is due to any cause or delay beyond the control of KINNET, its successors and assigns, or to bona fide legal proceedings.

Section 10. Rights and Duties of Grantee Upon Expiration of Ordinance. Upon expiration of this ordinance, whether by operation of law, by lapse of time, by agreement between KINNET and the City, or by forfeiture thereof, KINNET shall have the right to remove from public property any and all of its facilities used in its said business within a reasonable time after such expiration, but in such event, it shall be the duty of KINNET immediately upon such removal, to restore the right-of-way from which said facilities are removed to as good condition as the same were before said removal was effected.

Section 11. Term and Termination Date. This ordinance shall be and remain in full force and effect for a period of five (5) years from the

effective date hereof, unless sooner terminated as herein provided. KINNET is granted the option to renew the rights granted in this ordinance for two (2) additional five (5) year terms subject to the re-negotiation of the provisions including conditions of use and compensation. KINNET shall give notice of the exercise of the option at least nine (9) months prior to the expiration of the term. The renewal is subject to the provision of Section 16.

Section 12. Right to Assign. The rights granted by this ordinance inure to the benefit of KINNET, and any parent, subsidiary, affiliate or successor entity now or hereafter existing. The rights shall not be assignable without the express written consent of the governing body of the City, except KINNET may assign its rights under this ordinance to a parent, subsidiary, affiliate or successor entity without such consent. Any required consent is to be evidenced by an ordinance or resolution of the governing body of the City that fully recites the terms and conditions, if any, upon which consent is given.

Section 13. Participation in Utility Location Coordination Council. KINNET shall become a member of and participate in the Utility Location and Coordination Council established by Sections 2.12.1093 through 2.12.1097 of the Code of the City of Wichita, Kansas, and any amendment thereto and shall participate in joint funding with other utilities.

Section 14. Force Majeure. Each and every provision hereof shall be subject to Acts of God, fires, strikes, riots, floods, war and other causes beyond KINNET's control.

Section 15. Invalidity of Ordinance. If any clause, sentence, or section of this ordinance shall be held to be invalid, it shall not affect the remaining provisions of this ordinance.

Section 16. Effectiveness and Acceptance of Ordinance. This ordinance shall not take effect or become in force until it shall have been read in full at three regular weekly meetings of the governing body of the City of Wichita nor until and immediately after its final passage it shall be published in the official city paper once each week for two consecutive weeks, and such ordinance shall not take effect or be in force until and after the expiration of sixty days from the date of its final passage, nor if, pending the final passage and taking effect of said ordinance, an election shall be called as provided by law, in which event said ordinance shall not take effect or become in force until the same shall have been duly approved by the electorate.

Within sixty (60) days after the final passage and approval of this ordinance, KINNET shall file with the City Clerk of the City of Wichita its acceptance in writing of the provisions, terms and conditions of this ordinance, which acceptance shall be duly acknowledged before some officer authorized by law to administer oaths; and when so accepted the ordinance and acceptance shall constitute a contract between the City and KINNET subject to the provisions of the laws of the State of Kansas.

PASSED AND APPROVED by the City Council of the City of Wichita, Kansas, this 17th day of June, 1997.

Bob Knight, Mayor

ORDINANCE NO. 46-433

AN ORDINANCE OF THE CITY OF WICHITA, KANSAS, GRANTING TO KIN NETWORK, INC., D/B/A ALLTEL COMMUNICATIONS, THE RIGHT AND PRIVILEGE TO CONSTRUCT, OPERATE, AND MAINTAIN A FIBER OPTIC TELECOMMUNICATION SYSTEM IN THE CITY OF WICHITA; AND PRESCRIBING THE TERMS OF SAID GRANT AND RELATING THERETO; INCORPORATING ORDINANCE NO. 43-504 AS AMENDED.

WHEREAS, by Ordinance No. 43-504, passed and approved June 17, 1997, the City of Wichita granted to KIN Network, Inc., the right and privilege to construct, operate, and maintain a fiber optic telecommunication system in the City, and KIN Network, Inc., d/b/a ALLTEL Communications, has exercised its option to renew the rights granted under the ordinance for an additional five (5) year term; and

WHEREAS, KIN Network, Inc., d/b/a ALLTEL Communications, desires to amend its route in the City;

NOW THEREFORE, BE IT ORDAINED BY THE GOVERNING BODY OF THE CITY OF WICHITA, KANSAS:

Section 1. This ordinance duplicates and incorporates herein all provisions of Ordinance No. 43-504, including the term of said Ordinance No. 43-504, except as specifically provided herein.

Section 2. The definition of "KINNET" or "Company" shall mean KIN Network, Inc., d/b/a ALLTEL Communications.

Section 3. Attachment "A" shall mean the route as described in Attachment "A" hereto, which replaces Attachment "A" to Ordinance No. 43-504.

Section 4. Ordinance No. 43-504 as incorporated into this ordinance shall remain in full force and effect until August 17, 2007. With the exercise of this first option, the Company retains an option to one additional five (5) year term under the provisions of Section 11 of Ordinance No. 43-504.

Section 5. Prior to the effective date of this ordinance, the Company shall file with the City Clerk of the City of Wichita its acceptance in writing of the provisions, terms and conditions of this ordinance, which acceptance shall be duly acknowledged before an officer authorized by law to administer oaths. When so accepted the ordinance and acceptance shall constitute a contract between the City and Company subject to the provisions of the laws of the state of Kansas.

Section 5[6]. This ordinance shall be effective upon its final passage and publication once in the official City paper.

PASSED AND APPROVED by the governing body of Wichita, Kansas, this date 01-04-05.

PUBLISHED IN THE DERBY REPORTER ON 1-2-04

WTG-WEST, INC.
Ordinance No. 41-442

AN ORDINANCE GRANTING TO WTG-WEST, INC. THE RIGHT AND PRIVILEGE TO CONSTRUCT, OPERATE, AND MAINTAIN A FIBER OPTIC TELECOMMUNICATION SYSTEM IN THE CITY OF WICHITA, KANSAS, PRESCRIBING THE TERMS OF SAID GRANT AND RELATING THERETO.

WHEREAS, WTG-West, Inc., hereinafter referred to as "WTG," desires to use certain public right-of-way of the City of Wichita for the purpose of construction, maintenance, and operation of a fiber optic telecommunication system pursuant to the provisions of the laws of the State of Kansas; and

WHEREAS, the City of Wichita finds such use to be in the public interest and is willing to enter into an agreement to allow WTG to use the public right-of-way for such purpose; and

WHEREAS, the Agreement giving such right and privilege is to be granted by ordinance pursuant to K.S.A. 12-2001, et seq.,

NOW THEREFORE, BE IT ORDAINED BY THE GOVERNING BODY OF THE CITY OF WICHITA, KANSAS:

Section 1. Definitions. For purposes of this ordinance, the following words and phrases shall have the meanings given herein:

"WTG" or "Company"—WTG-West, Inc.

"City"—the City of Wichita, Kansas.

"Facilities"—Telephone and telecommunication lines, conduits, wires, cables, pipes, poles, towers, vaults, and appliances, either under or above ground.

"Public improvement"—Any existing or contemplated public facility, building, or capital improvement project, including without limitation streets, alleys, sidewalks, sewer, water, drainage, right-of-way improvements, and public projects.

"Public project"—any project planned or undertaken by the City or any governmental entity for construction, reconstruction, maintenance, or repair of public facilities or public improvements, or any other purpose of a public nature.

"Right-of-way"—present and future streets, alleys, rights-of-way, and public easements, including easements dedicated in plats of the City of Wichita, Kansas.

Section 2. Grant. This ordinance shall pertain to WTG's construction, maintenance, and operation of its facilities in, through and along that right-of-way which is part of the route described in Attachment "A" hereto for the purpose of supplying telecommunications service on a non-exclusive basis in the City and to the inhabitants thereof for the full term hereof; subject, however, to the terms and conditions herein set forth.

Section 3. Use of right-of-way. In the use of right-of-way under this ordinance, WTG shall be subject to all rules, regulations, policies, resolutions and ordinances now or hereafter adopted or promulgated by the City in the reasonable exercise of its police power and is subject to all applicable laws, orders, rules and regulations adopted by governmental bodies now or hereafter having jurisdiction. In addition, WTG shall be subject to all rules, regulations, policies, resolutions, and ordinances now or hereafter adopted or promulgated by the City relating to permits and fees, sidewalk and pavement cuts, utility location, construction coordination, beautification, and other requirements on the use of the right-of-way and shall comply with the following:

(a) WTG's use of right-of-way shall in all matters be subordinate to the City's use of the right-of-way for any public purpose. WTG shall coordinate the placement of its facilities in a manner which minimizes adverse impact on public improvements, as reasonably determined by the City. Where placement is not otherwise regulated, the facilities shall be placed with adequate clearance from such public improvements so as not to impact or be impacted by such public improvement.

(b) All earth, materials, sidewalks, paving, crossings, utilities, public improvements,

or improvements of any kind injured or removed by WTG in its activities under this ordinance shall be fully repaired or replaced promptly by WTG at its sole expense and to the reasonable satisfaction of the City or owner thereof.

(c) All facilities constructed, reconstructed, or relocated in the right-of-way after the date hereof shall be placed underground unless otherwise agreed to by the City and in steel conduit in the right-of-way and rigid conduit when otherwise within the corporate limits of the City.

(d) WTG shall keep and maintain accurate records and as-built drawings depicting accurate horizontal and vertical location of all facilities constructed, reconstructed, or relocated in the street right-of-way after the date hereof. All points of facilities shall be horizontally located from street centerline, or section or quartersection lines or comers. Vertical locations or all points of facilities shall consist of elevations in either City datum or United States Geological Survey datum.

(e) Prior to construction, reconstruction or relocation of any facilities in the right-of-way, WTG shall submit to the City Engineer for approval plans and specifications of the proposed installation. Such approval shall not be unreasonably withheld, delayed or conditioned.

(f) WTG shall cooperate promptly and fully with the City and take all measures necessary to provide accurate and complete information regarding the nature and locations, both horizontal and vertical, of its facilities located within right-of-way when requested by the City or its authorized agents for a public project. Such location and identification shall be at the sole expense of WTG without expense to the City, its employees, agents, or authorized contractors. WTG shall have a person familiar with the facilities who is responsible for timely satisfying information needs of the City and other users of the right-of-way.

(g) WTG shall promptly relocate, or adjust any facilities located in right-of-way for a public project. Such relocation or adjustment shall be performed by WTG at its sole expense without expense to the City, its employees, agents, or authorized contractors and shall be specifically subject to rules and regulations of the City not inconsistent with this ordinance pertaining to such.

(h) It shall be the sole responsibility of WTG to take adequate measures to protect and defend its facilities in the right-of-way from harm or damage. If WTG fails to accurately or timely locate facilities when requested, it has no claim for costs or damages against the City and its authorized contractors or any other party authorized to be in the right-of-way except to the extent such party is responsible for the harm or damage caused by its negligence or intentional conduct.

(i) WTG shall notify the City not less than three (3) working days in advance of any construction, reconstruction, repair, or relocation of facilities which would require any street closure which reduces traffic flow to less than two lanes of moving traffic. Except in the event of an emergency, as reasonably determined by WTG, no such closure shall take place without such notice and prior authorization from the City. The City shall follow its policies in the grant or denial of such authority, which shall not be unreasonably delayed. In addition, all work performed in the travelled way or which in any way impacts vehicular or pedestrian traffic shall be properly signed, barricaded, and otherwise protected. Such signing shall be in conformance with the latest edition of the Federal Highway Administration's Standards and Guideline for Work Zone Traffic Control, unless otherwise agreed to by the City.

(j) All technical standards governing construction, reconstruction, installation, operation, testing, use, maintenance, and dismantling of the facilities in the right-of-

way shall be in accordance with applicable present and future federal, state, and City law and regulation, including but not limited to the most recent editions of the National Electrical Code, the National Electrical Safety Code, and the Fiber Optic Cable Installation Standard of the Telecommunications Industry Committee, or such substantive equivalents as may hereafter be adopted or promulgated. It is understood that the standards established in this paragraph are minimum standards and the requirements established or referenced in this ordinance may be additional to or stricter than such minimum standards.

Nothing in this section is intended or shall be interpreted to eliminate WTG's right to use the right-of-way for the purposes of this ordinance.

Section 4. Grant of easements. As partial consideration for this ordinance, WTG agrees to grant to the City without additional cost, as may be reasonably required by the City for public projects, such easements as WTG may have in property that has been or hereafter is conveyed to the City. When necessary, the City shall provide WTG with new locations within the right-of-way for the WTG's facilities located in such easements, which relocation shall be at no cost to the City. It is understood that such grant or relocation and the costs associated therewith are the responsibility of WTG but the costs thereof may be borne by others in accordance with the Subdivision Regulations of the City or by agreement between WTG and parties owning or conveying property. WTG shall not be required to make the payments herein relative to any easement granted under this section but shall be subject to all other provisions of this ordinance.

Section 5. Indemnity and hold harmless. WTG shall hold and save the City, its officers, employees, agents, and authorized contractors on public improvements, harmless from and against all claims, damages, expense, liability, and costs including attorney fees, which may be occasioned by WTG in any manner, solely or in part by WTG's occupancy of right-of-way, except to the extent otherwise specified in paragraph 3(h). In the event a claim shall be made or an action shall be instituted against the City growing out of such occupancy of the right-of-way by facilities of WTG, then upon notice by the City to WTG, WTG will assume liability for the defense of such actions at the cost of WTG, subject to the option of the City to appear and defend, at its own cost, any such case.

Section 6. Payments and charges. The payments herein provided shall be in lieu of all other licenses, taxes, charges, fees or impositions, except that the usual general property taxes and special ad valorem property taxes, permits and fees including charges for pavement cuts or other charges based on restoring premises to their same condition, or charges outside the scope of this ordinance which are not in any way connected with telecommunications business, as such, will be unposed on WTG, and are not covered by the payments herein.

Section 7. Compensation to City. WTG shall pay to the City as compensation for the right and privilege granted in this ordinance the amount of $2,500, one time on the effective date of this ordinance. In addition, WTG shall pay an annual sum equal to the rate of $2.00 per linear foot for the right-of-way described in Attachment "A." Such annual payments shall be made on the effective date of the ordinance and on the anniversary date each year thereafter. The City and WTG may hereafter establish such periodic payment procedure as the parties mutually agree.

Section 8. Attachment to facilities. Nothing in this ordinance shall be construed to require or permit any telephone, electric light or power wire attachments by either the City or WTG on the facilities of the other. If such attachments are desired by the City or WTG, then a separate noncontingent agreement shall be prerequisite to such attachments.

Section 9. Forfeiture of grant and privilege. In case of failure on the part of WTG, its successors and assigns, to comply with any of the provisions of this ordinance, or if WTG, its successors and assigns, should do or cause to be done

any act or thing prohibited by or in violation of the terms of this ordinance, WTG, its successors and assigns, shall forfeit all rights and privileges granted by this ordinance and all rights hereunder shall cease, terminate and become null and void, provided that said forfeiture shall not take effect until the City of Wichita shall carry out the following proceedings. Before the City proceeds to forfeit said ordinance, as in this section prescribed, it shall first serve a written notice upon WTG, setting forth in detail in such notice the neglect or failure complained of, and WTG shall have ninety days thereafter in which to comply with the conditions of this grant and privilege. If at the end of such ninety-day period the City deems that the conditions have not been complied with and that the ordinance is subject to cancellation by reason thereof, the City shall enact a repealing ordinance setting out the grounds upon which said grant and privilege is to be canceled or terminated. If within thirty days after the effective date of said repealing ordinance WTG shall not have instituted an action, either in the District Court of Sedgwick County, Kansas, or some other court of competent jurisdiction to determine whether or not WTG has violated the terms of this ordinance and that the ordinance is subject to cancellation by reason thereof, this ordinance shall be canceled and terminated at the end of such thirty-day period. If within such thirty-day period WTG does constitute an action, as above provided, to determine whether or not WTG has violated the terms of this ordinance and that the ordinance is subject to cancellation by reason thereof and prosecutes such action to final judgment with due diligence, then, in that event, in case the court finds that the ordinance is subject to cancellation by reason of the violation of its terms, this ordinance shall terminate thirty days after such final judgment is rendered. PROVIDED, however, that the failure of WTG to comply with any of the provisions of this ordinance or the doing or causing to be done by WTG of anything prohibited by or in violation of the terms of this ordinance shall not be a ground for the forfeiture thereof when such act or omission on the part of WTG is due to any cause or delay beyond the control of WTG, its successors and assigns, or to bona fide legal proceedings.

Section 10. Rights and duties of grantee upon expiration of ordinance. Upon expiration of this ordinance, whether by lapse of time, by agreement between WTG and the City, or by forfeiture thereof, WTG shall have the right to remove from public property any and all of its facilities used in its said business within a reasonable time after such expiration, but in such event, it shall be the duty of WTG immediately upon such removal, to restore the right-of-way from which said facilities are removed to as good condition as the same were before said removal was effected.

Section 11. Term and termination date. This ordinance shall be and remain in full force and effect for a period of five (5) years from the effective date hereof, unless sooner terminated as herein provided. WTG is granted the option to renew the rights granted in this ordinance for three additional five (5) year terms subject to the renegotiation of the provisions including conditions of use and compensation. WTG shall give notice of the exercise of the option at least nine (9) months prior to the expiration of the term. The renewal is subject to the provision of Section 16.

Section 12. Right to assign. The rights granted by this ordinance inure to the benefit of WTG, and any parent, subsidiary, affiliate or successor entity now or hereafter existing. The rights shall not be assignable without the express written consent of the governing body of the City, except WTG may assign its rights under this ordinance to a parent, subsidiary, affiliate or successor entity without such consent. Any required consent is to be evidenced by an ordinance or resolution of the governing body of the City that fully recites the terms and conditions, if any, upon which consent is given.

Section 13. Participation in Utility Location Coordination Council. WTG shall become a member of and participate in the Utility Location and Coordination Council established by Section 2.12.1093 through 2.12.1097 of the Code of the City of Wichita, Kansas, and any amendment thereto, and shall participate in joint funding with other utilities.

Section 14. Force majeure. Each and every provision hereof shall be subject to Acts of God, fires, strikes, riots, floods, war and other causes beyond WTG's control.

Section 15. Invalidity of ordinance. If any clause, sentence, or section of this ordinance shall be held to be invalid, it shall not affect the remaining provisions of this ordinance.

Section 16. Effectiveness and acceptance of ordinance. This ordinance shall not take effect or become in force until it shall have been read in full at three regular weekly meetings of the governing body of the City of Wichita nor until and immediately after its final passage it shall be published in the official city paper once each week for two consecutive weeks, and such ordinance shall not take effect or be in force until and after the expiration of sixty days from the date of its final passage, nor if, pending the final passage and taking effect of said ordinance, an election shall be called as provided by law, in which event said ordinance shall not take effect or become in force until the same shall have been duly approved by the electorate.

Within sixty (60) days after the final passage and approval of this ordinance, WTG shall file with the City Clerk of the City of Wichita its acceptance in writing of the provisions, terms and conditions of this ordinance, which acceptance shall be duly acknowledged before some officer authorized by law to administer oaths; and when so accepted the ordinance and acceptance shall constitute a contract between the City and WTG subject to the provisions of the laws of the State of Kansas.

PASSED AND APPROVED by the City Council of the City of Wichita, Kansas, this 18th day of June, 1991.

WTG's route will enter the corporate city limits of Wichita Kansas in Section 28, T-26-S, RIE along the BNI Railroad right-of-way; thence south along said right-of-way to the intersection with Oklahoma Kansas and Texas Railroad; thence southwesterly along the Oklahoma Kansas and Texas Railroad to the intersection with MP Railroad; thence southerly along the MP right-of-way to North 1st Street. Thence east along North 1st Street to Market; thence south to 155 N. Market.

City streets to be crossed are as follows:

37th Street North	12th Street North
29th Street North	11th Street North
26th Street North	10th Street North
21st Street North	9th Street North
18th Street North	Wichita Street
17th Street North	8th Street North
Topeka	Murdock
16th Street North	Pine
North Broadway	Elm
14th Street North	Central
Market	3rd Street North
13th Street North	2nd Street North
Main Street	Wichita
	1st Street North

WILDFLOWER TELECOMMUNICATIONS, LLC
Ordinance No. 49-749

AN ORDINANCE OF THE CITY OF WICHITA, KANSAS, GRANTING TO WILDFLOWER TELECOMMUNICATIONS, LLC, ITS SUCCESSORS AND ASSIGNS, A DISTRIBUTED ANTENNA SYSTEMS FACILITY FRANCHISE AND PRESCRIBING THE TERMS OF SAID GRANT AND RELATING THERETO.

BE IT ORDAINED BY THE GOVERNING BODY OF THE CITY OF WICHITA, KANSAS:

This Franchise Agreement ("Agreement") is entered into as of May 13th, 2014 ("Effective Date") by and between the City of Wichita, a municipal corporation (the "City"), and Wildflower Telecommunications, LLC ("Wildflower"), a wholly-owned subsidiary of IdeaTek Systems, Inc., a Kansas corporation.

RECITALS

A. Wildflower owns, maintains, operates and/or controls, in accordance with regulations promulgated by the Federal Communications Commission and the Kansas Corporation Commission (hereinafter "KCC"), telecommunications networks serving Wildflower's wireline customers through advanced fiber optic facilities and other wireless carrier customers through fiber-fed distributed antenna system facilities. Such facilities are in public rights-of-way (hereinafter "ROW"), among other locations, in the State of Kansas.

B. Wildflower seeks to enter the City of Wichita's (the "City") ROW, and other real property of the City, to install, maintain and operate a fiber network and distributed antenna system(s) (the "Network"), so that Wildflower and/or its underlying customers (the "Customers") may provide data and telecommunications services to the residents and visitors of the City (the "Services").

C. Some features of the Network include, without limitation, antenna nodes, poles, equipment cabinets, underground and above ground fiber optic cable, fiber handholes and enclosures, fiber repeaters and related equipment, and will include other equipment as technology evolves, in a configuration and at locations to be filed and identified through the City permit process ("Facility" or "Facilities").

D. Certain distributed antenna systems ("DAS Facility" or "DAS Facilities") which are specific part or type of the Facilities may be located on streetlights, stand-alone poles, third party utility poles, and other structures located on or within the Public ROW or City owned property as permitted under this Agreement.

E. Wildflower desires to obtain from City as permitted by law, and City is willing to grant to Wildflower as required by law, the right to access the Public ROW to locate, place, attach, install, operate, use, control, repair, replace, upgrade, enhance and maintain the Facilities and the DAS Facilities in a manner consistent this Agreement.

In consideration of the Recitals set forth above, the terms and conditions of this Agreement and other valuable consideration, the adequacy of which is hereby acknowledged, the parties agree as follows:

Section 1. Installation of the network.

1.1 Permitted Installation. Wildflower may at Wildflower's sole cost and expense and during the term of this Agreement, locate, construct, place, attach, install, operate, use, control, repair, replace, upgrade, enhance and maintain the Facilities subject to the terms and conditions of this Agreement. Wildflower shall undertake and perform any work authorized by this Agreement in a skillful and workmanlike manner.

1.1.1 Installation Specifications. The installation of the Facilities shall be made in accordance with plans and specifications as may be approved by the City and after obtaining all necessary permits for all work in the ROW and/or on City property. Such approval review shall be made no later than forty-five days (45) days from application date, and under exceptional circumstances the time may be extended an additional forty-five (45) days upon agreement of the Parties. The Parties understand and agree that Facilities outside of the Public ROW may require additional easements for underground fiber to

connect to Network within the Public ROW. Such additional easements shall be located so as not to interfere with the City's use of its property. The location, depth of the fiber underground, and any other requirements shall be approved in writing by the City prior to construction of the Facilities at that specific location, approval of which shall not be unreasonably withheld, conditioned or delayed. Approval of plans and specifications and the issuance of any permits by the City shall not release Wildflower from the responsibility for, or the correction of, any errors, omissions or other mistakes that may be contained in the plans, specifications and/or permits. Wildflower shall be responsible for notifying the City and all other relevant parties immediately upon discovery of such omissions and/or errors and with obtaining any amendments for corrected City-approved permits, as may be necessary. Wildflower shall be responsible for all costs associated with the permitting process, including, but not limited to, repairs and replacement of City ROW. Such permits and approval requirements detailed in this section shall not be unreasonably withheld, conditioned or delayed by the City and any conditions or requirements shall be in accordance with federal, state, and local laws.

1.1.2 Temporary Construction. The installation of the Facilities shall be performed in accordance with traffic control plans for temporary construction work that are approved by the City, which approval shall not unreasonably be withheld, conditioned or delayed.

1.1.3 Construction Schedule. If requested by the City, at least ten (10) days prior to the installation of the Facilities, Wildflower shall deliver to the City a schedule for the proposed work related to the construction of the Facilities, as well as a list of the names of all agents and contractors of Wildflower authorized by Wildflower to access the City ROW and City owned property on Wildflower's behalf.

1.1.4 Coordination of Work. Wildflower shall be responsible for coordination of work to avoid any interference with existing utilities, substructures, facilities and/or operations within the City's ROW. Wildflower shall be the City's point of contact and all communications shall be through Wildflower. Wildflower shall be solely responsible for communicating with Kansas One-Call.

1.1.5 Inspection by City. The City shall have commercially reasonable access to inspect any work conducted by Wildflower during the installation, maintenance and/or repairs of the Facilities.

1.1.6 Other Utility Providers. When necessary, Wildflower shall coordinate with other utility providers for other needed utility services. Wildflower and the City will reasonably cooperate with the other utility providers regarding the location of any meter, pole, and other apparatuses required for each Site.

1.1.7 Existing Utility Poles. Wildflower may attach its Facilities to an existing utility pole pursuant to a properly executed agreement with the pole owner, provided, however, that any necessary replacement of the pole in order to accommodate the attachment shall be subject to the proper exercise of the City's police powers, and in no instance shall Wildflower erect a new pole within an existing aerial pole line absent the City's prior authorization.

1.2 Compliance with Laws. This Agreement is subject to the terms and conditions of all applicable federal, state and local Laws and the Parties shall comply with any such Laws in the exercise of their rights and performance of their obligations under this Agreement. "Laws" or "Law" as used in this Agreement means any and all statutes, constitutions, ordinances, resolutions, regulations, judicial decisions, rules, permits, approvals or other applicable requirements of the City or other governmental entity or agency having joint or several jurisdiction over the Parties' activities under this Agreement or having jurisdiction that is applicable to any aspect of this Agreement that

are in force on the Effective Date and as they may be enacted, issued or amended during the term of this Agreement.

1.2.1 Zoning Regulations. Zoning regulations shall not apply to installations within the Public ROW.

1.3 Permits. Wildflower shall obtain all ministerial permits (the "Permits") and pay those fees associated therewith relating to the installation of the Network as currently allowed by Law.

1.3.1 Encroachment Permits. Wildflower shall obtain any necessary encroachment permits from the City for the installation of the Network and for any other work within the City's ROW or other real property of the City, if required by the City's Municipal Code ("'Code").

1.3.2 Building Permits. Wildflower shall obtain any necessary building permits from the City for the installation of the Network and for any other work within the City's ROW or other real property of the City, if required by the Code or State Law.

1.3.3 Compliance with Permits. All work within the City's ROW or other real property of the City shall be performed in strict compliance with all applicable Permits and all applicable regulatory requirements.

1.3.4 Fee Increases. If prior to the second anniversary of the date hereof, the City increases the permitting fees described in the Sections above, and if with respect to all similarly situated franchisee license agreements executed by the City in such 2-year period the franchisee or licensee is subject to a similar fee provision, then Wildflower will pay to the City the increased fees as if the increased fee schedule had been in effect as of the date hereof upon being billed therefor by the City.

1.4 Placement of Facilities. Wildflower shall coordinate the placement of its Facilities in the Public ROW in a manner that minimizes adverse impact on public improvements, as reasonably determined by the City Engineer.

1.5 New Streetlight Poles and other City Facilities. It is understood that Wildflower may build new streetlight poles or other such facilities required for the installation of the Facilities which would comply with all encroachment and building permits, applicable City, state and federal specifications, and Laws ("New Poles"). The Parties agree that in areas where there are existing poles, Wildflower will work with the owner of that existing pole to collocate the DAS Facility but only when the pole owner is willing to allow such attachment and where such attachment is feasible from a safety, technical, and engineering (structural and radio frequency coverage) perspective.

1.5.1 City Use of New Poles. The Parties understand and agree that the City may use any New Poles for City purposes, including but not limited to streetlights and other lighting so long as such use does not interfere Wildflower's use of its Network or Facilities. Wildflower shall reasonably cooperate with the City when using the New Poles.

1.5.2 City-Owned Lights. Except for the installation of the lights and ancillary equipment on or in the New Poles and/or as set forth in section 1.5.3, below, Wildflower shall not be responsible for maintenance, repair, or replacement of City-owned lights, light bulbs and equipment or equipment owned by third parties authorized by the City on the New Poles.

1.5.3 Damage to New Poles. If a New Pole falls or is damaged such that there is an imminent threat of harm to persons or property, then the City may cause the New Pole to be removed to the side of the street or a location that City believes reasonably eliminates the risk of such imminent threat of harm to persons or property. Wildflower shall, after written notice from the City that any New Pole has been damaged or removed, cause the New Pole to be repaired or replaced within thirty (30) days after the City's written notice. The cost to repair and/or replace any New Pole, including the replacement City streetlight, bulb and ancillary equipment shall be paid by Wildflower; provided, however,

that if the New Pole is damaged or destroyed by the City or a third party user that the City has given the right to use the New Pole, then the City and/or its third party user shall pay the cost to repair and/or replace the New Pole. To the extent that Wildflower seeks reimbursement for a third party either directly or through applicable insurance, the City shall assign to Wildflower any rights the City may have against such third party for such claim.

1.6 Franchise and Permit Fees. Wildflower is solely responsible for the payment of all lawful franchise and permit fees in connection with Wildflower's performance under this Agreement.

1.6.1 5% Franchise Fee for all Gross Revenues. In consideration of this Franchise Agreement, Wildflower agrees to remit to the City a franchise fee of five percent (5%) of Gross Revenues ("Franchise Fee"). "Gross revenues" means only those revenues derived from services provided within the corporate boundaries of the City which include: (A) Recurring local exchange service for business and residence which includes basic exchange service, touch tone, optional calling features and measured local calls; (B) recurring local exchange access line services for pay phone lines provided by a telecommunications local exchange service provider to all pay phone service providers; (C) local directory assistance revenue; (D) line status verification/ busy interrupt revenue; (E) local operator assistance revenue; (F) nonrecurring local exchange service revenue which shall include customer service for installation of lines, reconnection of service and charge for duplicate bills; and (G) RF telecommunications service revenue or any other operating revenue derived from leasing Wildflower's dark fiber and indefeasible rights of use ("IRU") fees. All other revenues, including, but not limited to, revenues from extended area service, the sale or lease of unbundled network elements, nonregulated services, carrier and end user access, long distance, wireless telecommunications services, lines providing only data service without voice services processed by a telecommunications local exchange service provider, private line service arrangements, internet, broadband and all other services not wholly local in nature are excluded from gross revenues. Gross revenues shall be reduced by bad debt expenses that are attributable to Sections (A) through (G) as referenced within this Section 1.6.1. Uncollectible and late charges shall not be included within gross revenues. Wildflower shall pay its Franchise Fee on the 15th day of the second month following the month in which the Gross Revenue is received.

1.6.2 DAS Facility Permit Fee. A one-time permit and license fee of $1,000.00 for each DAS Facility installed within the Public Right of Way of the City, up to 125 DAS Facilities shall be paid by Wildflower. After the 125th installation, the fee will be the then current fee charged by the City for similar access, with a minimum fee of $1,000.00 for each Facility. Wildflower shall pay the DAS Facility Permit Fee the 15th day following the month after each DAS Facility is installed within the public ROW.

1.6.3 Ministerial Application Fees. A one-time application fee to recover the City's costs associated with the review and approval of the installation of each Facility provided that such application fee reimburses the City for its reasonable, actual and verifiable costs of reviewing and approving the application to install the particular Facility. This application fee must be competitively neutral and may not be unreasonable or discriminatory.

1.6.4 Accounting Matters. Wildflower shall keep accurate books of account at its principal office in Buhler, Kansas, or such other location of its choosing for the purpose of determining the amounts due to the City under §1.6 above. No more than once per year, the City may inspect Wildflower's books of account relative to the application of the franchise fees required under

subsection 1.6.1 of this Agreement any time during regular business hours on thirty (30) days' prior written notice and may audit the books from time to time at the City's sole expense, but in each case only to the extent necessary to confirm the accuracy of payments due under § 1.6 - 1.7 above. The City agrees to hold in confidence any non-public information it learns from Wildflower to the fullest extent permitted by Law.

1.7 Access to the Facilities.

1.7.1 Wildflower Access to Facilities for Repair. Wildflower will be given reasonable access to each of the Facilities in the City ROW or City owned property for the purposes of routine installation, repair, maintenance or removal of Facilities. If any such maintenance activities have the potential to result in an interruption of any City services at the Facility, Wildflower shall provide the City with a minimum of three (3) days prior written notice of such maintenance activities. Such maintenance activities shall, to the extent feasible, be done with minimal impairment, interruption, or interference to City services.

1.7.2 City Observation. Wildflower shall allow a representative of the City to observe any repair, maintenance or removal work performed at the Facilities.

Section 2. Term and termination.

2.1 Term. This Franchise Agreement shall be effective from the effective date for ten (10) years thereafter. Thereafter, this Agreement shall automatically renew for three (3) additional consecutive five (5) year terms unless Wildflower notifies the City of its intent to terminate the Agreement or unless the City notifies Wildflower of its intent to renegotiate terms due to changes in local, state or federal law and/or the City has negotiated different terms with similarly situated entities. But, in no event, shall the City be permitted to terminate Wildflower's right under this Agreement to place Facilities in the ROW unless terms of the Agreement are breached and/or local, state, or federal law permit.

2.1.1 90-Day Remedy Period. If the Agreement is breached by Wildflower, then Wildflower shall have no more than ninety (90) days from written notice of the breach to either remedy the breach or remove its equipment and restore the Facilities, as set forth in Section 3, below and in the Wichita-Sedgwick County Metropolitan Area Planning Department Wireless Ordinance. Wildflower shall pay to City a prorated Rent and Additional Rent (if any) for any period beyond the effective expiration or revocation date until Wildflower completes its obligation to remove its equipment and restore the locations.

2.2 Termination of Use. Notwithstanding Section 2.1 above, Wildflower may terminate its use of any or all of the Network by providing the City with ninety (90) days prior written notice. In the event of any such termination, Wildflower's payment obligations to the City shall terminate simultaneously with the termination of use, provided Wildflower removes its equipment and restores the Facilities, as set forth in Section 3, below and in the Wireless Ordinance, prior to the termination date.

Section 3. Removal and relocation.

3.1 Removal Due to Public Project. Upon receipt of a written demand from the City pursuant to this Section 3, Wildflower, at its sole cost and expense, shall remove and relocate any part of the Network, constructed, installed, used and/or maintained by Wildflower under this Agreement, whenever the City reasonably determines that the removal and/or relocation of any part of the Network is needed for any of the following purposes: (a) due to any work proposed to be done by or on behalf of the City or any other governmental agency, including but not limited to, any change of grade, alignment or width of any street, sidewalk or other public facility, installation of curbs, gutters or landscaping and installation, construction, maintenance or operation of any underground or aboveground facilities such as sewers, water mains, drains, storm drains, pipes, gas mains, poles,

power lines, telephone lines, cable television lines and tracks; (b) because any part of the Network is interfering with or adversely affecting the proper operation of City-owned light poles, traffic signals, or other City facilities; or (c) to protect or preserve the public health and safety. The City shall cooperate with Wildflower in relocating any portion of the Network removed pursuant to this Section 3.1 in a manner that allows Wildflower to continue providing service to its customers, including, but not limited to, expediting approval of any necessary permits required for the relocation of that portion of the Network relocated under this Section 3.1. No permitting or other fees may be charged by the City for a removal occurring under this Section.

3.2 Removal Due to Termination. No later than ninety (90) days after termination of this Agreement pursuant to the provisions of this Agreement, Wildflower shall, at its sole cost and expense, remove the Network or the terminated portion thereof and, if such removal disturbs the locations or adjacent property (including City ROW or City real property), restore each Facility and its adjacent property to its original condition, reasonable wear and tear excepted, and further excepting landscaping and related irrigation equipment, or other aesthetic improvements made by Wildflower to the Facility or adjacent property, or as otherwise required by the City. For New Poles, Wildflower shall install a new streetlight or facility as directed by City's Public Works Director, or his or her designee. Alternatively, the City may allow Wildflower, in the City's sole and absolute discretion, to abandon the Network, or any part thereof, in place and convey it to the City.

3.3 Abandonment. In the event Wildflower ceases to operate and abandons the Network, or any part thereof, for a period of ninety (90) days or more, Wildflower shall, at its sole cost and expense and within the time period specified in Section 3.2, vacate and remove the Network or the abandoned part thereof. If such removal disturbs the Facility or adjacent property (including City ROW or City real property), Wildflower shall also, at its sole cost and expense, restore the Facility or adjacent property to its original condition, reasonable wear and tear excepted, and further excepting landscaping and related irrigation equipment, or other aesthetic improvements made by Wildflower to the Facility or adjacent property. Alternatively, the City may allow Wildflower, in the City's sole and absolute discretion, to abandon the Network, or any part thereof, in place and convey it to the City.

3.4 No Relocation Compensation. The parties understand and agree that neither the City nor Wildflower are entitled to compensation for any relocation of its Network that may be required under Section 3.1. Wildflower acknowledges that Wildflower is not entitled to relocation assistance or any other compensation or benefits under the Uniform Relocation Assistance Act or any other applicable provision of law upon termination of this Agreement.

Section 4. Maintenance and repair.

4.1 Electricity Use. Wildflower shall pay for the electricity and other utilities services it consumes in its operations at the rate charged by the servicing utility company.

4.2 Maintenance and Repair. Wildflower shall, at Wildflower's sole cost and expense, perform all maintenance and repairs reasonably needed to maintain the Network in good condition and neat and orderly appearance, and in compliance with all applicable Laws. In the event any part of the Network requires replacement because such part cannot be repaired, Wildflower shall, at Wildflower's sole cost and expense, replace the irreparable part of the Network. Wildflower shall not cause rubbish, garbage or debris on or around its Network or the Facilities and shall not permit any rubbish, garbage or debris to accumulate on or around in any enclosed areas around the Facilities. If the City gives Wildflower written notice of a failure by Wildflower to maintain the Facilities, Wildflower shall use its best efforts to remedy such failure within forty-eight (48) hours after receipt of such written notice.

4.3 Appearance. Wildflower shall cooperate with the City on all issues of aesthetics and appearance. Wildflower shall follow all legally binding City policies, state and local ordinances with respect to aesthetics. This includes, but is not limited to, historic site and/or locations of significant importance, in areas such as Downtown Old

Town and College Hill. All locations of DAS systems must be aesthetically approved by the City Engineering Department, in a manner consistent with other approvals within these Restrictions.

4.4 Repair of ROW. Wildflower shall be responsible for any damage, ordinary wear and tear excepted, to street pavement, existing facilities and utilities, curbs, gutters, sidewalks, landscaping, and all other public or private facilities, to the extent caused by Wildflower's construction, installation, maintenance, access, use, repair, replacement, relocation, or removal of the Network in the City's ROW. Wildflower shall promptly repair such damage and return the City's ROW and any affected adjacent property to a safe and satisfactory condition to the City in accordance with the City's applicable street restoration standards or to the property owner if not the City. Wildflower's obligations under this Section 4.4 shall survive for one (1) year past the completion of such reparation and restoration work and return of the affected part of the City's ROW by Wildflower to the City.

4.5 Bond. Wildflower shall provide a bond in an amount determined by the City to represent the estimated cost of Wildflower's obligations under Sections 3 and 4 of this Agreement, which the City may require Wildflower to increase from time to time to reflect the reasonable estimated cost of performing such obligations, to secure performance of Wildflower's obligations under Sections 3 and 4, not to exceed $100,000.

Section 5. Taxes.

5.1 Taxes. Wildflower agrees that it will be solely responsible for the payment of any and all applicable taxes, fees and assessments levied on its ownership, use and maintenance of the Network and this Agreement. Pursuant to Section 79-5(a)(26) of the Kansas Revenue and Taxation Code, the City hereby advises, and Wildflower recognizes and understands, that Wildflower's use of the City's ROW, the New Poles, and /or other non-ROW city property and facilities may create a possessory interest subject to real property taxation and that Wildflower may be subject to, and responsible for, the payment of real property taxes levied on such interest. Wildflower will cooperate with the Sedgwick County Assessor in providing any information necessary for the Assessor to make a property tax determination. Wildflower reserves the right to challenge any such assessment, and the City agrees to cooperate with Wildflower in connection with any such challenge.

Section 6. Indemnification.

6.1 Indemnity. Wildflower shall indemnify, defend, and hold harmless the City, its councilmembers, officers employees, agents, and contractors, from and against liability, claims, demands, losses, damages, fines, charges, penalties, administrative and judicial proceedings and orders, judgments, and the costs and expenses incurred in connection therewith, including reasonable attorneys' fees and costs of defense to the extent resulting from activities undertaken by Wildflower pursuant to this Agreement, except to the extent arising from or caused by the gross negligence or willful misconduct of the City, its councilmembers, officers, employees, agents, or contractors. The City shall promptly notify Wildflower of any claim, action or proceeding covered by this Section 6.1.

6.2 Waiver of Claims. Wildflower waives all claims, demands, causes of action, and rights it may assert against the City on account of any loss, damage, or injury to any portion of the Network, or any loss or degradation of the services provided by the Network resulting from any event or occurrence except for any loss, damage, or injury to any portion of the Network, or any loss or degradation of the services provided by the Network resulting from the gross negligence or willful misconduct of the City.

6.3 Limitation of City's Liability. The City will be liable, if at all, only for the cost of repair to damaged portions of the Facilities arising from the gross negligence or willful misconduct of City, its employees, agents, or contractors. The City, its agents, officers, employees, or contractors, shall not be liable for any damage from any cause whatsoever to the Facilities, specifically including, without limitation, damage, if any, resulting from the City's maintenance operations adjacent to the Facilities or from vandalism or unauthor-

ized use of the Facilities, except to the extent such damage is caused by the gross negligence or willful misconduct of City, its agents, officers, employees or contractors. The City will in no event be liable for indirect or consequential damages.

6.4 Limitation of Wildflower's Liability. In no event shall Wildflower be liable for indirect or consequential damages in connection with or arising from this Agreement, or its use of the Network, New Poles, and ROW or other City real property.

Section 7. Insurance.

7.1 Minimum Insurance Requirements. Wildflower shall obtain and maintain at its sole cost and expense for the duration of this Agreement insurance pursuant to the terms and conditions described in this Section.

(a) Minimum Insurance. Wildflower shall at all times during the term of this Agreement carry, maintain, and keep in full force and effect, insurance as follows:

(i) General Liability: A policy or policies of Comprehensive General Liability Insurance, with minimum limits of $2,000,000 combined single-limit per-occurrence for bodily injury, personal injury, death, loss and property damage resulting from wrongful or negligent acts by Wildflower. If Commercial General Liability Insurance or other form with a general aggregate limit is used, either the general aggregate limit shall apply separately to this project/location or the general aggregate limit shall be twice the required occurrence limit.

(ii) Automobile Liability: A policy or policies of Comprehensive Vehicle Liability Insurance covering personal injury and property damage, with minimum limits of $1,000,000 combined single-limit per-accident for bodily injury and property damage covering any vehicle utilized by Wildflower in performing the work covered by this Agreement

(iii) Workers' Compensation and Employer's Liability: Workers' compensation limits as required by the Labor Code, and Employer's Liability limits of $1,000,000 per accident.

(b) Deductibles and Self-Insured Retentions. Any deductibles or self-insured retentions shall not exceed $25,000; provided, however, if Wildflower's insurance policy expressly provides (i) that the insurer is required to pay covered claims with no deduction for all or any part of the Wildflower's deductible, and (ii) insurer's obligation to pay covered claims is triggered irrespective of whether or not the insured pays the deductible, then Wildflower's deductible shall not exceed $100,000 for Comprehensive General Liability Insurance, $100,000 for Comprehensive Vehicle Liability Insurance and $250,000 for Workers' Compensation and Employer's Liability coverage.

(c) Other Insurance Provisions. The policies shall contain, or be endorsed to contain, the following provisions:

(i) General Liability and Automobile Liability Coverage.

(1) The City, and its elected and appointed council members, board members, commissioners, officers and officials (the "Insureds") shall be named as additional insureds on all required insurance policies, except for Workers' Compensation and Employer's Liability policies.

(2) Wildflower's insurance coverage shall be primary insurance as respects the Insureds with respect to the matters covered by this Agreement. Any insurance or self-insurance maintained by the Insureds shall be in excess of Wildflower's insurance and shall not contribute with it.

(3) Any failure of Wildflower to comply with reporting provisions of the policies shall not affect coverage provided to the Insureds.

(4) Wildflower's insurance shall apply separately to each of the Insureds against whom a claim is made or suit is brought, except with respect to the limits of the insurer's liability. Each of the Insureds is subject to all policy terms and conditions and has an obligation, as an Insured, to report claims made against them to the insurance carrier.

(ii) Worker's Compensation and Employers Liability Coverage. The insurer shall agree to waive all rights of subrogation against the Insureds for losses arising from work performed by Wildflower in the City's ROW.

(iii) All Coverages. Except for non-payment of premium, each insurance policy required by this clause shall be endorsed to state that coverage shall not be cancelled or reduced in coverage or limits by the insurer except after thirty (30) days' prior written notice has been given to the City. If for any reason insurance coverage is canceled or reduced in coverage or in limits, Wildflower shall within two (2) business days of notice from the insurer, notify the City by phone or fax of the changes to or cancellation of the policy and shall confirm such notice via certified mail, return receipt requested.

(d) Acceptability of Insurers. Insurance shall be placed with insurers with an A.M. Best rating of no less than A-:VII.

(e) Verification of Coverage. Wildflower shall furnish the City with certificates of insurance required by this Section 7. The certificates for each insurance policy are to be signed by a person, either manually or electronically, authorized by that insurer to bind coverage on its behalf. All certificates are to be received and approved by the City before work commences.

(f) Secondary Parties. In the event Wildflower hires any subcontractors, independent contractors or agents ("Secondary Parties") to locate, place, attach, install, operate, use, control, replace, repair or maintain the Network, Wildflower shall require the Secondary Parties to obtain and maintain insurance commensurate to the work such Secondary Parties perform.

Section 8. Default.

8.1 Default.

8.1.1. Defined. A "Default" shall be deemed to have occurred under this Agreement if a party fails to cure such within thirty (30) days after written notice specifying such breach, provided that if the breach is of a nature that it cannot be cured within thirty (30) days, a default shall not have occurred so long as the breaching party has commenced to cure within said time period and thereafter diligently pursues such cure to completion.

8.1.2. Remedies. Upon the failure of a party to timely cure any breach after notice thereof from the other party and expiration of the above cure periods, then the non-defaulting party may, subject to the terms of Section 6.3 (Limitation of Liability), terminate this Agreement and pursue all remedies provided for in this Agreement and/or any remedies it may have under applicable law or principles of equity relating to such breach.

8.2 City Termination Right. In addition to the remedies set forth in Section 8.1.2, the City shall have the right to terminate this Agreement if (i) the City is mandated by law, a court order or decision, or the federal or state government to take certain actions that will cause or require the removal of the Facilities from the public right of way: or (ii) if Wildflower's licenses are terminated, revoked, expired, or otherwise abandoned. Such

termination rights shall be subject to Wildflower's rights to just compensation, if any, for any taking of a protected property right.

8.3 No Waiver. A waiver by either party at any time of any of its rights as to anything herein contained shall not be deemed to be a waiver of any breach of covenant or other matter subsequently occurring.

8.4 Interest. If Wildflower fails to make any payment under this Agreement when due, such amounts shall accrue interest from the date such payment is due until paid, including accrued interest, at an annual rate of ten percent (10%) or, if lower, the highest percentage allowed by law.

Section 9. Interference.

9.1 Non-Interference with Non-Public Safety Communications Systems. Wildflower shall operate the Network in a manner that will not cause interference with City non-public safety communications systems and to the services and facilities of other licensees or lessees of City property located at or near the Facilities that were in operation prior to the installation of the Network or that are in operation prior to any modifications Wildflower may make to the Network.

9.2 Non-Interference with Public Safety Communications Systems. Wildflower's Network and Facilities shall not cause interference with public safety communications systems operated by City or any other public agency, regardless of the date such systems or any components thereof have been placed in service. Nor shall Wildflower's Network and Facilities cause interference with the City's use of the New Poles for their intended purpose as streetlights, traffic lights, and/or standalone light poles.

9.3 Correction of Interference. If such interference with the Facilities described in Sections 9.1 and 9.2 occur, Wildflower shall, upon receipt of written notice thereof from City, immediately commence commercially reasonable, diligent, efforts to correct or eliminate such interference. If such interference cannot be corrected by-Wildflower to the reasonable satisfaction of City within the cure period set forth for in the City's notice, which notice shall not be less than 30 days absent an emergency or danger to public health and safety requiring shorter notice, such interference shall be deemed a material breach under this Agreement and City may terminate this Agreement. Interference caused by actions of Wildflower's Customer(s) remain the responsibility of Wildflower.

Section 10. Miscellaneous provisions.

10.1 Nonexclusive Use. Wildflower acknowledges that this Agreement does not provide Wildflower with exclusive use of the City's ROW or any municipal facility and that City retains the right to permit other providers of communications services to install equipment or devices in the City's ROW and on municipal facilities.

10.2 Most Favored Nation. All of the benefits and terms granted by the City herein are at least as favorable as the benefits and terms granted by the City to any future franchisee of the public ROW engaged in the same or similar business described in this Franchise Agreement. Should the City enter into any subsequent agreement of any kind no matter what nomenclature is attached thereto with any other franchisee during the term of this Franchise Agreement, which Agreement provides for benefits or terms more favorable than those contained in this Franchise Agreement, then this Franchise Agreement shall be deemed to be modified effective as of the date of such more favorable agreement to provide Wildflower with those more favorable benefits and terms. The City shall notify Wildflower promptly of the existence of such more favorable benefits and terms and Wildflower shall have the right to receive the more favorable benefits and terms immediately. If requested in writing by Wildflower, the City shall amend this Franchise Agreement to contain the more favorable terms and conditions.

10.2.1 Most-Favored Municipality. Should Wildflower after the Parties' execution and delivery of this Agreement enter into a franchise agreement with another municipality of the same size or smaller than the City in this State, which agreement contains financial benefits for such municipality which, taken as a whole and balanced with the other terms of such agree-

ment, are in the City's opinion substantially superior to those in this Franchise Agreement, the City shall have the right to require that Wildflower modify this Franchise Agreement to incorporate the same or substantially similar superior benefits.

10.3 Notices. All notices which shall or may be given pursuant to this Agreement shall be in writing and served by (1) electronic mail; and (2) personally served or transmitted through first class United States mail, or by express mail providing for overnight delivery, postage prepaid, to the following address or such other address of which a party may give written notice:

City: City of Wichita

455 N. Main

Wichita, KS 67202

1551 N. Waterfront Pkwy, Suite 100

Wichita, KS 67228

hsorensen@foulston.com

Such notice shall be deemed made when personally delivered; if mailed via first class U.S. Mail, such notice shall be deemed made three (3) calendar days after the date of deposit in the U.S. Mail; if mailed via express/overnight mail, such notice shall be deemed made two (2) calendar days after the date of deposit in a designated overnight delivery mailbox or other like facility. Actual notice shall be deemed adequate notice on the date actual notice occurred, regardless of the method of service.

10.4 Sublease/Assignment. If Wildflower assigns, sublets, enters into a franchise license or concession agreement, changes ownership of the Network or voting control of Wildflower, mortgage, encumber, pledge, hypothecate or other transfer (including any transfer by operation of law this Agreement or any interest therein) Wildflower will provide notice of a transfer within a reasonable time.

10.5 Binding Effect. This Agreement shall be binding upon and inure to the benefit of the parties and their respective heirs, legal representatives, successors, assigns and transferees.

10.6 Entire Agreement; Modification; Waiver. This Agreement constitutes the entire agreement between the parties relating to the subject matter hereof. All prior and contemporaneous agreements, representations, negotiations, and understandings of the parties, oral or written, relating to the subject matter hereof are merged into and superseded by this Agreement. Any modification or amendment to this Agreement shall be of no force and effect unless it is in writing and signed by the parties. No waiver of any of the provisions of this Agreement shall be deemed, or shall constitute, a waiver of any other provision, whether or not similar. No waiver or consent shall constitute a continuing waiver or consent or commit either party to provide a waiver in the future except to the extent specifically set forth in writing. No waiver shall be binding unless executed in writing by the party making the waiver.

10.7 Severability. If any one or more of the provisions of this Agreement shall be held by a court of competent jurisdiction in a final judicial action to be void, voidable, or unenforceable, such provision or provisions shall be deemed separable from the remaining provisions of this Agreement and shall in no way affect the validity of the remaining portions of this Agreement.

10.8 Governing Law. This Agreement shall be interpreted and enforced according to, and the parties' rights and obligations governed by, the

domestic law of the State of Kansas or applicable federal law, without regard to laws regarding choice of applicable law. Any proceeding or action to enforce this Agreement, or otherwise directly related to this Agreement shall occur in the federal court with jurisdiction over Sedgwick County or the state courts located in Sedgwick County, Kansas.

10.9 Survival of Terms. All of the terms and conditions in this Agreement related to payment, removal due to termination or abandonment, indemnification, limits of City's liability, attorneys' fees and waiver shall survive termination of this Agreement.

10.10 Captions and Paragraph Headings. Captions and paragraph headings used herein are for convenience only. They are not a part of this Agreement and shall not be used in construing this Agreement.

10.11 Drafting. The parties agree that this Agreement is the project of joint draftsmanship and that should any of the terms be determined by a court, or in any type of quasi-judicial or other proceeding, to be vague, ambiguous and/or unintelligible, that the same sentences, phrases, clauses or other wording or language of any kind shall not be construed against the drafting party.

10.12 Execution in Counterparts. This Agreement may be executed in one or more identical counterparts and all such counterparts together shall constitute a single instrument for the purpose of the effectiveness of this Agreement.

10.13 Authority to Execute This Agreement. Each person or persons executing this Agreement on behalf of a party, warrants and represents that he or she has the full right, power, legal capacity and authority to execute this Agreement on behalf of such party and has the authority to bind such party to the performance of its obligations under this Agreement without the approval or consent of any other person or entity.

10.14 No Warranty by the City. The City makes no representations or warranties regarding the suitability, condition or fitness of the locations for the installation, maintenance or use of the New Poles or the Facilities.

10.15 Agreement Applicable Only to the Facilities. This Agreement shall not be construed to permit construction, installation, maintenance or use of Facilities on any property other than the Facilities.

10.16 No Abrogation of Legal Responsibilities. The City's execution of this Agreement shall not abrogate, in any way, Wildflower's responsibility to comply with all permitting requirements or to comply with all Laws with respect to its performance of the activities permitted under this Agreement.

10.17 Contractual Interpretation. In the interpretation and application of its rights under this Franchise Agreement, the City will act in a reasonable, non-discriminatory, and competitively neutral manner in compliance with all applicable federal, state, and local laws and regulations.

10.18 Effective Date of Ordinance. This Ordinance shall be effective upon its final passage and publication as required by law.

IN WITNESS WHEREOF, the parties have signed this Agreement as of the date stated in the introductory clause.

LEVEL 3 COMMUNICATIONS, LLC
Ordinance No. 50-392

AN ORDINANCE OF THE CITY OF WICHITA, KANSAS GRANTING TO LEVEL 3 COMMUNICATIONS, LLC, A DELAWARE LIMITED LIABILITY COMPANY, ITS SUCCESSORS AND ASSIGNS, A FIBER OPTIC CABLE FRANCHISE AND PRESCRIBING THE TERMS OF SAID GRANT AND RELATING THERETO.

BE IT ORDERED BY THE GOVERNING BODY OF THE CITY OF WICHITA, KANSAS:

FRANCHISE AGREEMENT

This Franchise Agreement is made this 13th day of December, 2016, by and between the City of Wichita, Kansas, a municipal corporation (City), and Level 3 Communications, LLC, a Delaware limited liability corporation Franchised to do business in the State of Kansas (Level 3).

WHEREAS, pursuant to the laws of the State of Kansas and the ordinances of the City of Wichita, Kansas, the authority to use the public rights of way within the City of Wichita, Kansas, is vested in the reasonable police powers of the City; and

WHEREAS, Level 3 wishes to place and maintain fiber optic lines in certain portions of the City's rights of way.

NOW, THEREFORE, in light of the mutual promises and obligations contained herein, and in exchange for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged by the parties, the parties agree as follows:

SECTION 1. Definitions. For the purposes of this Franchise Agreement, the following words and phrases shall have the meanings given herein:

(a) "City" shall mean the City of Wichita, Kansas. References to the City shall also include, as appropriate, any and all successors and assigns.

(b) "Facilities" shall mean fiber optic lines and all appurtenances and improvements thereto, whether existing above or below ground.

(c) "Franchise" shall mean a grant conveying the right, privilege, and authority to construct, operate and maintain facilities in, through and along the City's right of way for the purposes of supplying communications services.

(d) "Level 3" shall mean Level 3 Communications, LLC, a Delaware limited liability company certified by the Kansas Corporation Commission (KCC) as a competitive local exchange carrier on October 27, 1999 and an interexchange carrier on May 14, 1999. References to Level 3 shall also include, as appropriate, any and all successors and assigns.

(e) "Private party" means a non-governmental entity.

(f) "Public Improvement" shall mean any existing or contemplated public facility, building, or capital improvement project, including but not limited to streets, alleys, sidewalks, sewers, water mains, drainage conduits, telecommunication conduits, rights of way improvements, and other Public Projects.

(g) "Public Project" shall mean any project planned or undertaken by the City or any other governmental entity for the construction, reconstruction, maintenance, or repair of public facilities or Public Improvements, or for any public purpose.

(h) "Public Rights of Way" shall mean only those areas of real property in which the City has dedicated or acquired rights of way interests in the real property. It shall include the area on, below, or above the present and future streets, sidewalks, alleys, avenues, roads, highways, parkways, boulevards, or bridges dedicated or acquired as rights of way. The term does not include the airwaves above rights of way with regard to wireless telecommunications, other non-wire

telecommunications, or broadcast service, easements obtained by utilities, or private easements in platted subdivisions or tracts.

(i) "Telecommunications Services" shall mean providing the means of transmission between or among points specified by the user, of information of the user's choosing, without change in the form or content of the information sent and received.

All definitions not specifically defined herein shall have the meaning ascribed to them by applicable federal, state or local law.

SECTION 2. Grant of Franchise. (a) For and in recognition of the mutual consideration set forth in this Franchise Agreement, the satisfaction of which is hereby acknowledged by both parties, Level 3, as successor in interest pursuant to City of Topeka Contract No. 29704 to do business in the State of Kansas is hereby granted a nonexclusive Franchise to construct, place, replace, repair, maintain, extend, and operate its facilities along, across, upon, under, or in the City's Public Rights of Way, for the purpose of providing a fiber optic network to provide digital data and/or voice transport.

The City may, in writing, approve amendments to the locations and to the routes of Level 3's fiber optic facilities, which approval shall not be unreasonably withheld, conditioned or delayed.

(b) This Franchise Agreement does not grant Level 3 the authority or right to provide end user "Cable Service." For the purposes of this agreement, "Cable Service" is defined as the one-way transmission to subscribers of video programming or other programming services, and subscriber interaction, if any, which is required for the selection of such video programming or other programming service.

(c) The grant of this Franchise Agreement shall not convey title, equitable or legal, to Level 3 in the Public Rights of Way of the City and shall only give to Level 3 the right to occupy the Public Rights of Way of the City for the purposes and for the time stated in this Franchise Agreement. The Franchise Agreement does not:

(1) Grant Level 3 the right to use Facilities or any other property, telecommunications-related or otherwise, owned or controlled by the City or a third party, without the valid written consent of the City or the third party.

(2) Grant Level 3 the authority to construct, to operate, or to maintain any Facilities and any related appurtenances and improvements thereto on any property owned by the City outside a Public Right of Way, including but not limited to public parks, City Hall, public works facilities, or other public property. The parties agree that the City and Level 3 shall—if it becomes necessary—enter into separate agreements for the placement of Facilities and any related appurtenances and improvements thereto on any City-owned property not located in a Public Right of Way.

(3) Excuse Level 3 from obtaining appropriate access or attachment agreements before locating its Facilities and any related appurtenances and improvements thereto on any property or facilities owned or controlled by the City or by any third party.

(d) As noted in subsection (b), Level 3 shall not provide any additional services for which a separate franchise is required by the City without first obtaining a separate franchise or amending this Franchise Agreement. In particular, this Franchise Agreement does not grant Level 3 the right to provide cable service as a cable operator (as defined by 47 U.S.C. § 522(5)) within the City. Level 3 also agrees that this Franchise Agreement does not permit it to operate an open video system without the payment of fees contemplated by 47 U.S.C. § 573(c)(2)(B) and without complying with all FCC regulations promulgated pursuant to 47 U.S.C. § 573. Level 3 shall not knowingly allow the use of its Facilities by any third party in violation of this subsection or of any federal, state, or local laws.

(e) Nothing in this Franchise Agreement shall be construed as giving Level 3 any exclusive rights or privileges.

(f) Level 3 or Level 3's contractor shall, prior to commencing any construction of Level 3's Facilities in a Public Right of Way, post a payment bond an amount equal to the estimated construction costs assuring that the construction of Level 3's Facilities in the Public Right of Way will be constructed without the attachment of any construction liens. Such payment bond will be returned by the City and cancelled upon Level 3 providing reasonable proof of payment for the construction.

(g) Notwithstanding anything herein to the contrary, Level 3 reserves all rights it may have under applicable federal, state and local laws affecting this Franchise Agreement, including but not limited to K.S.A. 12-2001.

SECTION 3. Use of Public Rights of Way. In using Public Rights of Way under this Franchise Agreement, Level 3 shall be subject to all applicable ordinances, resolutions, rules, regulations, and policies now or hereafter adopted or promulgated by the City in the reasonable exercise of its police powers and shall be subject to all applicable laws, statutes, ordinances, regulations, orders, and rules adopted or promulgated by any governing body now or hereafter having appropriate jurisdiction. As a condition of this Franchise Agreement, Level 3 shall obtain and shall be responsible for obtaining and maintaining any necessary permits, licenses, certifications, grants, registrations, or other authorizations required by any appropriate governmental entity, including but not limited to the FCC, the KCC, or the City, subject to Level 3's right to challenge in good faith such requirement. In addition, Level 3 shall be subject to all applicable ordinances, resolutions, rules, regulations, and policies now or hereafter adopted or promulgated by the City relating to the use of Public Rights of Way, including but not limited to permits, sidewalk and pavement cuts, utility location, construction coordination, "Complete Streets" policies, beautification, tree care, and other requirements affecting the use of Public Rights of Way. Level 3 shall also comply with the following:

(a) Level 3's use of the Public Rights of Way shall in all matters be subject and subordinate to the City's use of the Public Rights of Way for any public purpose or for any purpose relating to the health, safety, and welfare of the City. Level 3 shall coordinate the placement of its Facilities in a manner that minimizes adverse impact on Public Improvements as reasonably determined by the City. Where placement is not otherwise regulated, the Facilities shall be placed with adequate clearance from such Public Improvements so as not to impact or be impacted by such Public Improvements.

(b) All earth, materials, sidewalks, paving, crossings, utilities, Public Improvements, or improvements of any kind that are injured, damaged, or removed by Level 3, while engaging in any activity under this Franchise Agreement, shall be fully repaired or replaced within a reasonable time by Level 3 at its sole cost and expense and to the reasonable satisfaction of the City.

(c) Level 3 shall keep and maintain accurate records and as-built drawings depicting the accurate location of all Facilities constructed, reconstructed, located, or relocated in the Public Rights of Way of the City after the date hereof and shall provide that information to the City upon its request. Such location and identification shall be at the sole cost and expense of Level 3, without any such cost or expense to the City or its authorized agents and contractors.

The City agrees to use any information obtained under this subsection only to locate utility facilities in connection with Public Projects and further agrees not to disclose such information to anyone other than City employees requiring such information to locate utility facilities in connection with Public Projects, except as may otherwise be required by law. The City and Level 3 agree that such information is confidential and proprietary. The City and Level 3 also agree that such information shall remain the sole property of Level 3. The City and Level 3 further

agree that such information shall not constitute an open public record as that term is defined by the Kansas Open Records Act, codified as amended at K.S.A. 45-215 et seq. In the event that the City shall be required to disclose such information, the City shall provide Level 3 advance written notice of its intended disclosure of such information and shall take such action as may be reasonably required to cooperate with Level 3 in safeguarding such information.

Level 3 agrees to indemnify and to hold the City harmless from any and all penalties or costs, including reasonable attorneys' fees, incurred by the City, at the written request of Level 3, in seeking to safeguard the confidentiality of information provided to the City by Level 3 under this section.

In the event that such information is required by law to be publicly disclosed, then Level 3 shall have no further obligation under this section to provide the City with such information.

(d) Except in cases of emergency, a minimum of fourteen (14) days prior to construction, reconstruction, location, or relocation of any Facilities in a Public Right of Way, Level 3 shall submit to the City Engineer, or his or her designee, for approval, plans and specifications related to the proposed construction, reconstruction, location, or relocation. The City shall not unreasonably withhold, delay, or condition approval of said plans and specification. The City's review of the plans and specifications shall be confined to matters impacting the interests of the City in managing the Public Rights of Way of the City.

(e) As reasonably necessary to accommodate City projects (not to include private parties), Level 3 shall relocate or adjust any of its Facilities located in a Public Right of Way for a Public Project upon forty-five (45) days written notice from the City. Such relocation or adjustment shall be performed by Level 3 at its sole cost and expense, without any cost or expense to the City or its authorized agents and Contractors and shall be subject specifically to the rules and regulations of the City.

Notwithstanding Section 3(e), Level 3 shall not be responsible for the expenses of relocation to accommodate any private party installation initiated installation of its Facilities. The expenses attributable to such a project shall be the responsibility of the private party upon the request and appropriate documentation of Level 3. Before such expenses may be billed to the private party, Level 3 shall coordinate with the private party and the City on the design and construction to ensure that the work required is necessary and done in a cost effective manner. Level 3 may require payment in advance of estimated costs or relocation prior to undertaking any work required to accommodate any installation initiated after the effective date of this Agreement.

(f) It shall be the sole responsibility of Level 3 to take adequate measures to protect and defend its Facilities in the Public Rights of Way from harm and damage. If Level 3 fails to accurately or timely locate its Facilities when requested, then Level 3 has no claim for costs or damages against the City or its authorized agents and Contractors or any other party authorized to be in the Public Rights of Way, except to the extent that such harm or damage is caused by such party's negligent or intentional conduct. The City and its authorized agents and Contractors agree to take reasonable precautionary measures, including but not limited to calling for utility locations and observing marker posts, when working near Level 3's Facilities.

(g) Except in cases of emergency, Level 3 shall notify the City not less than ten (10) days in advance of any construction, reconstruction, repair, location, or reloca-

tion of Facilities that would require any street closure or that would reduce the traffic flow to less than two lanes of moving traffic. The City shall follow its policies in the approval or denial of such authority, neither of which shall be unreasonably denied nor delayed. Except in cases of emergency, no such closure shall take place without the prior authorization of the City.

In addition, all work performed in the traveled Public Rights of Way that, in any way, impacts vehicular or pedestrian traffic shall be properly signed, barricaded, and otherwise protected. For all work performed within the Public Rights of Way, Level 3 shall comply with the City's regulations, rules, and orders regarding the placement of signs, barricades, and other safeguards.

(h) All technical standards governing construction, reconstruction, installation, operation, testing, use, maintenance, and dismantling of the facilities in the Public Rights of Way shall be in accordance with applicable present and future federal, state, and local laws and regulations.

(i) The City shall have the authority to prohibit Level 3's use or occupation of a specific portion of any Public Right of Way that is environmentally sensitive, as defined by federal, state, or local law or regulation, or that lies within a previously designated historic district as defined by federal, state, or local law, provided such prohibition in applied in a competitively neutral, non-discriminatory manner.

SECTION 4. Compensation to the City. (a) Level 3 is solely responsible for the payment of all lawful franchise and permit fees in connection with Level 3's performance under this Agreement.

(b) In consideration of this Franchise Agreement, Level 3 agrees to remit to the City a franchise fee of five percent (5%) of Gross Revenues ("Franchise Fee"). As defined in Wichita City Code 3.93.040, "gross receipts" means all revenues received directly or indirectly by a franchisee or its affiliates for communications services that either originate or terminate within the corporate limits of the city, and all revenue derived from the use of facilities. If a telecommunications local exchange service provider offers additional services of a wholly local nature which if in existence on or before July 1, 2002, would have been included with the definition of gross receipts, such services shall be included from the date of the offering of such services in the City. Such gross receipts means only those receipts collected from within the corporate boundaries of the City and which are derived from the following: (1) recurring local exchange service revenues from businesses and residences which includes basic telephone exchange service, touch tone, optional calling features and measured local calls; (2) recurring local exchange access line services for pay phone lines provided by a telecommunications local exchange service provider to all pay phone service providers; (3) local directory assistance (411); (4) line status verification/ busy interrupt; (5) local operator assistance; (6) nonrecurring local exchange service revenue, which shall include customer service charges for installation of lines, reconnection of service and charge for duplicate bills.. All other revenues, including, but not limited to, revenues from extended area service, the sale or lease of unbundled network elements, nonregulated services, carrier and end user access, long distance or interexchange services, wireless telecommunications services, lines providing only data service without voice services processed by a telecommunications local exchange service provider, private line service arrangements, internet, broadband and all other services not wholly local in nature are exclude from gross receipts. Additionally, "gross receipts" shall not include revenues from cable services subject to a cable services franchise, or bad or uncollected debt and late charges, and any federal, state or local taxes or franchise fees separately stated on a customer's bill, provided, that a franchisee shall include uncollected debt in gross receipts at the time it is actually collected.

(c) The franchise fee is compensation for the use of the right of way and shall in no way be deemed a tax of any kind. The franchise fee is in addition to, and not in lieu of, the City's Telecommunications Service Occupation Tax under Wichita City Code section 3.90.020. Level 3 will receive credit toward total franchise fee payment pursuant to Wichita City Code section 3.93.350 for occupation tax paid.

(d) In accordance with section 3.93.310 of the Wichita City Code, each franchise fee payment shall be accompanied by a statement showing the manner in which the franchise fee was calculated. The franchise fee payment should also specify occupation tax credit as identified in section 4(c) above.

(e) The franchise fee shall be due on a quarterly basis. The first payment shall be due on the first day of the month following the date on Page 1 of this Franchise Agreement, without the City being responsible for submitting an invoice. Any franchise fee not postmarked or delivered by the due date shall accrue interest from the due date until received, at the applicable statutory interest rate, as defined in K.S.A. 16-201.

SECTION 5. Indemnification. (a) It shall be the responsibility of Level 3 to take adequate measures to protect and defend its Facilities in the Public Rights of Way from harm or damage. If Level 3 fails to accurately or timely locate its Facilities, when requested, in accordance with the Kansas Underground Utility Damage Prevention Act, K.S.A. 66-1801 et seq., then it has no claim for costs or damages against the City or its authorized Contractors, except to the extent such harm or damage is caused by such party's negligence or intentional conduct.

(b) Level 3, and any successor or assign, agrees to indemnify, defend, save, and hold harmless the City, its officers, agents, employees, grantees, and assigns, from and against all claims, actions, liabilities, damages, costs, expenses, and judgments, including reasonable attorneys' fees, on account of any injury to persons (including death) or damage to property to the extent caused by Level 3's activities in the Public Rights of Way under the terms of this Franchise Agreement. This indemnification clause shall not apply to any injury or damage caused by the City's own negligence or intentional conduct or that of its employees, agents, or Contractors. This indemnity provision shall extend beyond the termination or expiration of this Franchise Agreement.

(c) The City and Level 3 shall promptly advise the other in writing of any known claim or demand against Level 3 or the City related to or arising out of the Level 3's activities in the Public Rights of Way.

SECTION 6. Transfer and Assignment. (a) Pursuant to the written permission of the City, which shall not unreasonably be withheld, conditioned or delayed, Level 3 shall have the right to assign this Franchise Agreement and the rights and privileges hereby granted to any person, firm, or corporation, and any such assignee, who by accepting such assignment shall be bound by the terms and provisions of this Franchise Agreement. If Level 3 should seek approval to assign this Franchise Agreement, Level 3 shall notify the City in writing. All such assignments shall be in writing and authenticated copies thereof shall be filed with the City Clerk. This Franchise Agreement shall be assignable only in accordance with the laws of the State of Kansas.

(b) This prohibition shall not apply, and the City's prior consent shall be not required, in the case of sale, assignment, transfer, or lease by Level 3 to an affiliated entity or to a successor in interest to the merger, consolidation, sale or acquisition of Level 3; nor shall it apply to assignments made or security interests granted in order to secure financing. The City shall have the discretion to review the qualifications of any entity acquiring this Franchise Agreement.

SECTION 7. Notice. All notices, requests, demands, or other communications hereunder shall be in writing and shall be deemed given if personally delivered or mailed, certified mail,

return receipt requested, or by a recognized overnight delivery service, to the following addresses:

If to City:

City of Wichita, Kansas
Attn: City Clerk
455 North Main Street, 13th Floor
Wichita, Kansas 67202

With a copy to:

City Attorney
455 North Main Street, 13th Floor
Wichita, Kansas 67202

If to Level 3:

Level 3 Communications, LLC
Attn: Network Infrastructure Services
1025 Eldorado Boulevard
Broomfield, CO 80021

With a copy to:

Level 3 Communications, LLC
Attn: General Counsel
1025 Eldorado Boulevard
Broomfield, CO 80021

Any such Notice shall be deemed effective upon actual receipt or refusal of receipt as shown on any return receipt obtained under this Section.

SECTION 8. Term and Termination Date. (a) This Franchise Agreement shall be effective for a term of ten (10) years from the effective date of this Franchise Agreement. Thereafter, this Franchise Agreement will renew for one (1) additional ten (10) year term, unless either party notifies the other party in writing of its intent to terminate or renegotiate this Franchise Agreement not less than one hundred eighty (180) days before the termination of the then-current term. The additional term shall be deemed a continuation of the Franchise Agreement and not a new Franchise Agreement or amendment.

(b) Upon written request of the City or Level 3, this Franchise Agreement shall be renegotiated at any time upon either of the following events: (i) any change in federal, state, or local laws, ordinances, regulations, orders, or rules that materially affects any rights or obligations of either the City or Level 3 under this Franchise Agreement; or (ii) notice is given not less than one hundred eighty (180) days before the termination of the then-current term.

(c) If any clause, sentence, section, or provision of K.S.A. 17-1901 et seq., and any amendments thereto, shall be held to be invalid by any court or administrative agency of competent jurisdiction, provided such order is not stayed, either the City or Level 3 may elect to request an amendment to the Franchise Agreement to be consistent with the order, unless the Franchise Agreement cannot be reasonably amended to remain a valid agreement in light of the order, in which event either the City or Level 3 may elect to terminate the entire Franchise Agreement. In the event of such invalidity and termination, if either the City or Level 3 is required by law to enter into a new agreement or an Ordinance Franchise with the other, the parties agree to act in good faith to promptly negotiate a new agreement or an Ordinance Franchise.

SECTION 9. Termination or Forfeiture of Agreement. (a) In case of failure on the part of Level 3, its successors or assigns, to comply with any of the provisions of this Franchise Agreement, or if Level 3, its successor or assigns, should do or cause to be done any act or thing prohibited by or in violation of the terms of this Franchise Agreement, then Level 3, its successors or assigns, shall forfeit all rights and privileges granted by the Franchise Agreement and all rights hereunder shall cease, terminate, and become null and void, provided that said forfeiture shall not take effect until the City shall complete the following:

Before the City may proceed to terminate this Franchise Agreement, it shall first serve a written notice as provided by the Notice provisions of this Franchise Agreement, setting forth in detail the conditions of neglect, default, or failure complained of, and Level 3 shall have ninety (90) days after the receipt of such notice in which to comply with the conditions of this Franchise Agreement. If, at the end of such ninety (90) day period, the City deems that the conditions of the Franchise Agreement have not been met and that such Franchise Agreement is subject to

cancellation thereunder, then the City shall terminate the Franchise Agreement, unless compliance with the conditions cannot be reasonably accomplished within said ninety (90) day period, in which event Level 3 shall have such additional time as is reasonably necessary provided Level 3 has commenced the cure within said ninety (90) day period and diligently prosecutes the cure to completion.

(b) Level 3, its successors or assigns, may terminate this Franchise Agreement by notifying the City of its intent to terminate not less than thirty (30) days prior to the annual anniversary date of this execution of this Franchise Agreement.

(c) In the event of forfeiture or termination of the Franchise Agreement under this Section, Level 3 agrees that all compensation paid theretofore to the City shall be forfeited.

SECTION 10. Rights and Duties upon Termination of Agreement. Upon termination of this Franchise Agreement, whether by lapse of time, agreement by the parties, or by forfeiture, Level 3 shall have the right to abandon in place or, at its option, to remove its Facilities from the Public Rights of Way within a reasonable time after such termination. In the case of the latter event, it shall be the duty of Level 3 immediately upon removal to restore the Public Rights of Way from which said Facilities are removed to as good condition as the same were before said removal was effected, ordinary wear and tear and damages not caused by Level 3 excepted, without cost to the City. In the case of the former event, abandonment by Level 3 shall operate to vest in the City all title, rights, and ownership of the abandoned facilities in their AS-IS, WHERE-IS condition with no warranties or guarantees of any kind.

SECTION 11. Insurance. (a) During the initial term, the renewal term, or any other extension of this Franchise Agreement, Level 3 shall obtain and maintain insurance coverage, at its sole cost and expense, with financially reputable insurers that are licensed to do business in the State of Kansas. Should Level 3 elect to use the services of an affiliated captive insurance company for this purpose, Level 3 shall obtain and possess a certificate of authority from the Kansas Insurance Commissioner. Level 3 shall provide not less than the following insurance:

(1) Worker's compensation as provided for under any workers' compensation or similar law in the jurisdiction where any work is performed with an employers' liability limit equal to the amount required by law.

(2) Commercial general liability, including coverage for contractual liability and products completed operations liability on an occurrence basis and not a claims made basis, with a limit of not less than Two Million Dollars ($2,000,000.00) combined single limit per occurrence for bodily injury, personal injury, and property damage liability. The City shall be named as an additional insured with respect to liability arising from Level 3's operations under this Franchise Agreement. Level 3 may utilize a combination of primary and umbrella liability insurance policies to satisfy the insurance policy limit requirements herein.

(b) As an alternative to the requirements of Section 11(a), supra, Level 3 may demonstrate to the satisfaction of the City that it is self-insured and that it has the wherewithal to provide coverage in an amount no less than One Million Dollars ($1,000,000.00) per occurrence and Two Million Dollars ($2,000,000.00) in aggregate to protect the City from and against all claims by any person for loss or damage from death, personal injury, bodily injury, or property damage occasioned by Level 3 or so alleged to have been caused or to have occurred.

(c) Level 3 shall, as a material condition of this Franchise Agreement, prior to the commencement of any work, deliver to the City a certificate of insurance or evidence of self-insurance evidencing that the above insurance is in force and will not be cancelled without first giving the City thirty (30) days prior written notice. Level 3 shall make available to the City, on request, the policy declarations page and a certified copy of

the policy in effect so that limitations and exclusions can be evaluated for appropriateness of overall coverage.

(d) Level 3 shall, as a material condition of this Franchise Agreement, prior to the commencement of any work hereunder, deliver to the City satisfactory evidence of a performance bond in the amount of Twenty Thousand Dollars ($20,000.00) payable to the City. The bond shall be used to ensure the appropriate and timely performance in the construction and maintenance of Facilities located in the Public Rights of Way and must be issued by a surety company authorized to transact business in the State of Kansas and satisfactory to the City Attorney or to the City's Legal Department in form and substance. The performance bond shall remain in effect the entire term of the Ordinance to ensure the ongoing performance of the terms and obligations of the franchise as well as any future phases of construction and/or repair work. Notwithstanding the foregoing sentence, the City reserves the right to require Level 3 to provide additional financial assurance for future phases of construction and/or repair work, as reasonably determined by the City.

SECTION 12. Reservation of Rights. In entering into this Franchise Agreement, neither the City's nor Level 3's present or future legal rights, positions, claims, assertions, or arguments, before any administrative body or court of law are in any way prejudiced or waived. By entering into this Franchise Agreement, neither the City nor Level 3 waive any rights, but instead expressly reserve any and all rights, remedies, and arguments the City or Level 3 may have at law or equity, without limitation, to argue, assert and/or take any position as to the legality or appropriateness of this Franchise Agreement or any present or future laws, ordinances, or rulings that may be the basis for the City or Level 3 entering into this Franchise Agreement.

SECTION 13. Failure to Enforce. The failure of either the City or Level 3 to insist in any one or more instances upon the strict performance of one or more of the terms or provisions of this Franchise Agreement shall not be construed as a waiver or relinquishment of any right in the future to enforce such term or provision, and the same shall continue in full force and effect. No waiver or relinquishment of any term or provision of this Franchise Agreement shall be deemed to have been made by the City or Level 3 unless said waiver or relinquishment is in writing and signed by both the City and Level 3.

SECTION 14. Force Majeure. No party shall be liable for any failure to perform its obligations where such failure is a result of acts of God, fire, strikes, riots, floods, war, and other disasters or events beyond the City's or Level 3's reasonable control.

SECTION 15. Severability. If any provision, section, or subsection of this Franchise Agreement or the application thereof to any person or circumstance is declared invalid by a competent court of law, such invalidity shall not affect other provisions, sections, subsections, or applications of this Franchise Agreement that can be given effect without the invalid provision, section, subsection, or application, and to this end the provisions, sections, subsection, or applications of this Franchise Agreement are hereby declared to be severable.

SECTION 16. Governing Law. The terms of this Franchise Agreement shall be governed by the laws of the State of Kansas.

IN WITNESS WHEREOF, the undersigned have caused this Franchise Agreement to be executed as of the date noted above.

VERIZON WIRELESS (VAW) LLC D/B/A VERIZON WIRELESS ORDINANCE NO. 50-612

AN ORDINANCE OF THE CITY OF WICHITA, KANSAS, GRANTING TO VERIZON WIRELESS (VAW) LLC D/B/A VERIZON WIRELESS, A DELAWARE LIMITED LIABILITY COMPANY, ITS SUCCESSORS AND ASSIGNS, A CONTRACT FRANCHISE AND MUNICIPAL STRUCTURE USE AGREEMENT AND PRESCRIBING THE TERMS OF SAID GRANT AND RELATING THERETO.

BE IT ORDAINED BY THE GOVERNING BODY OF THE CITY OF WICHITA, KANSAS:

This Contract Franchise and Municipal Structure Use Agreement ("Agreement") is entered into as of 11/21, 2017 ("Effective Date") by and between the City of Wichita, a municipal corporation (the "City"), and Verizon Wireless (VAW) LLC d/b/a Verizon Wireless ("Verizon").

RECITALS

A. Verizon Wireless (VAW) LLC d/b/a Verizon Wireless is a Wireless Services Provider regulated by the Federal Communications Commission (FCC).

B. Verizon seeks to enter the City's Public Rights-of-Way (the "ROW"), and other real property of the City, to install, maintain and operate certain Equipment, Ground Equipment, and New Poles so that Verizon may provide Telecommunications Services to its customers.

C. Equipment may be located on Municipal Structures, Ground Equipment may be located within the ROW adjacent to third-party utility poles and other structures located within the ROW, and New Poles may be installed in the ROW, as permitted under this Agreement and applicable Laws.

D. Verizon desires to obtain from City, as permitted by law, and City is willing to grant to Verizon, as required by law, the right to access the ROW to locate, place, attach, install, operate, use, control, repair, replace, upgrade, enhance and maintain its Equipment, Ground Equipment, and New Poles in a manner consistent this Agreement.

In consideration of the Recitals set forth above, the terms and conditions of this Agreement and other valuable consideration, the adequacy of which is hereby acknowledged, the parties agree as follows:

SECTION 1-A DEFINITIONS

For the purposes of this Agreement the following words and phrases shall have the meaning given herein.

a. "Commenced Installation" shall mean the date that Verizon commences to install its Equipment, or any expansion thereof, in the City's ROW.

b. "Equipment" means the equipment cabinets, antennae, utilities and fiber optic cables, wires, and related equipment, whether referred to singly or collectively, to be installed and operated by Verizon under a particular Supplement and that comprise a Small Cell installation. "Equipment" does not include "Ground Equipment", as defined below.

c. "Ground Equipment" means the equipment cabinets, utilities, and related equipment, whether referred to singly or collectively, to be installed on the ground within the ROW as part of an attachment of a Wireless Facility to a pole or structure owned and/or operated by third parties.

d. "Laws" means any and all laws, regulations, ordinances, resolutions, judicial decisions, rules, permits and approvals applicable to the subject matter of this Agreement. This Agreement does not limit any rights Verizon may have in accordance with Laws to install its own poles in the ROW or to attach Verizon's Wireless Facilities to third-party poles located in the ROW. This Agreement shall in no way limit or waive either party's present or future rights under Laws. If, after the date of this Agreement, the rights or obligations of either party are

materially preempted or superseded by changes in Laws, the parties agree to amend this Agreement to reflect the change in Laws.

e. "Municipal Structures" means Poles, lighting fixtures, electroliers, or other structures owned and/or leased by the City and located within the ROW, and may refer to such structures in the singular or plural, as appropriate to the context in which used.

f. "Network" or collectively "Networks" means the telecommunications network operated by Verizon, and located within the Public Rights-of-Way, to serve its customers.

g. "New Pole(s)" means a pole, or other "wireless support structure" as that term is defined in K.S.A. § 66-2019(b)(21) and amendments thereto, owned or operated by Verizon.

h. "Poles" means any utility and/or lighting poles that are owned and/or leased by the City.

i. "Public Rights-of-Way" or "ROW" means only the area of real property in which the City has a dedicated or acquired right-of-way interest in the real property. It shall include the area on, below or above the present and future streets, alleys, avenues, roads, highways, parkways or boulevards dedicated or acquired as right-of-way. The term does not include easements obtained by utilities or private easements in platted subdivisions or tracts. The term also does not include infrastructure located within the Public Rights-of-Way owned by the City or other third-parties, such as Poles, ducts or conduits.

j. "Small Cell" means the Equipment at a particular location that comprises part of the Network.

k. "Supplement" shall mean each separate agreement, entered into between the City and Verizon with regard to specific Small Cell installations, the form of which shall be in substantially the same form as attached hereto as Exhibit A, which shall be subject to the terms and conditions of this Agreement.

l. "Telecommunications Services" has the same meaning as that term is defined in the United States Code, 47 U.S.C. § 153(53), or any other use authorized by and licensed to Verizon by the FCC, including, without limitation, Wireless Services.

m. "Wireless Facility" or "Wireless Facilities" has the same meaning as that term is defined under K.S.A. § 66-2019(b)(18) and amendments thereto.

n. "Wireless Services" has the same meaning as that term is defined under K.S.A. § 66-2019(b)(19) and amendments thereto.

o. "Wireless Services Provider" means a provider of Wireless Services as defined in K.S.A. § 66-2019(b)(24) and amendments thereto.

SECTION 1
INSTALLATION OF THE NETWORK

1. 1 Permitted Installation. Verizon may, at Verizon's sole cost and expense, and during the term of this Agreement, locate, construct, place, attach, install, operate, use, control, repair, replace, upgrade, enhance and maintain Equipment, Ground Equipment, and New Poles subject to the terms and conditions of this Agreement. Verizon shall undertake and perform any work authorized by this Agreement in a skillful and workmanlike manner.

1.1.1 **Installation Specifications.** The installation of Equipment, Ground Equipment, and New Poles shall be made in accordance with plans and specifications as may be approved by the City, such approval not to be unreasonably withheld, conditioned, or delayed, and after obtaining all necessary Permits for all work in the ROW and/or on City property. Such approval review shall be made no later than forty-five days (45) days from application date, unless applicable Laws require a shorter approval period. The location, depth of the fiber underground in the ROW, and any other requirements, shall be approved in writing by the City prior to construction of Equipment, Ground Equipment or New Poles at each specific location, approval of which shall not be unreasonably withheld, conditioned or delayed. Approval of plans and specifications and the issuance of any Permits by the City shall not release Verizon from the responsibility for, or the

correction of, any errors, omissions or other mistakes that may be contained in the plans, specifications and/or Permits. Verizon shall be responsible for notifying the City immediately upon discovery of such omissions and/or errors and with obtaining any amendments for corrected City-approved permits, as may be necessary. Verizon shall be responsible for all duly enacted and lawfully imposed costs associated with the permitting process, including, but not limited to, repairs and replacement of the affected ROW. Such Permits and approval requirements detailed in this section shall not be unreasonably withheld, conditioned or delayed by the City, and any such conditions or requirements shall be in applicable Laws. Attachment to Municipal Structures must follow the procedures utilized in Section 5.

1.1.2 **Temporary Construction.** If the installation of Verizon's Equipment, Ground Equipment, and New Poles will require Verizon to obstruct or otherwise interfere with the portion of the ROW designated for vehicular traffic, then such installation shall be performed in accordance with traffic control plans for temporary construction work that are approved by the City, which approval shall not unreasonably be withheld, conditioned or delayed.

1.1.3 **Construction Schedule.** If requested by the City, at least ten (10) days prior to the installation of Equipment, Ground Equipment, and New Poles, Verizon shall deliver to the City a schedule for the proposed work related to the construction of same, as well as a list of the names of all agents and contractors of Verizon authorized by Verizon to access the City ROW and City owned property on Verizon's behalf.

1.1.4 **Coordination of Work.** Verizon shall be responsible for coordination of work to avoid any material interference with existing utilities, substructures, facilities and/or operations within the City's ROW. Verizon shall be the City's point of contact and all communications shall be through Verizon. Verizon shall be solely responsible for communicating with Kansas One-Call.

1.1.5 **Inspection by City.** The City shall have commercially reasonable access to inspect any work conducted by Verizon during the installation, maintenance and/or repairs of Equipment, Ground Equipment, and New Poles.

1.1.6 **Other Utility Providers.** When necessary, Verizon shall coordinate with other utility providers for other needed utility services and, subject to the provisions of Section 4.1, Verizon and the City will reasonably cooperate with the other utility providers regarding the location of any meter, pole, and other apparatuses required for each Small Cell installation.

1.1.7 **Existing Utility Poles.** If Verizon attaches a Wireless Facility to an existing utility pole pursuant to a properly executed agreement with the pole owner, any necessary replacement of the pole in order to accommodate the attachment shall be subject to the proper exercise of the City's police powers, and in no instance shall Verizon erect a New Pole within an existing aerial pole line absent the City's prior authorization, as determined by the City in accordance with applicable Laws.

1.2 Compliance with Laws. This Agreement is subject to the terms and conditions of all applicable Laws and the parties shall comply with any such Laws in the exercise of their rights and performance of their obligations under this Agreement.

1.2.1 **Zoning Regulations.** Zoning regulations shall not apply to installations of Equipment, Ground Equipment, and New Poles within the ROW.

1.3 Permits. Verizon shall obtain all necessary ministerial permits required by any appropriate governmental entity, including the City, including, without limitation, any encroachment or building permits (the "Permits"), and shall pay those fees associated therewith relating to the installation of the Network as currently allowed by Law. For each Small Cell (or group of associated Small Cells) installed in the ROW, Verizon will pay to the City a one-time application fee to recover the City's costs associated with the review and approval of the installation

of each Small Cell, provided that such application fee is established as the amount necessary to reimburse the City for its reasonable, actual and verifiable costs of reviewing and approving the application to install the particular Small Cell.

1.3.1 **Intentionally Omitted.**

1.3.2 **Intentionally Omitted.**

1.3.3 **Compliance with Permits.** All work within the City's ROW or other real property of the City shall be performed in strict compliance with all applicable Permits and all applicable Laws.

1.3.4 **Intentionally Omitted.**

1.4 Placement of Equipment, Ground Equipment and New Poles. Verizon shall coordinate the placement of its Equipment, Ground Equipment, and New Poles in the ROW in a manner that minimizes adverse impact on public improvements, as reasonably determined by the City.

1.4.1 **Pole Height.** The height of any New Pole (defined in Section 1.5) should not exceed forty (40) feet above ground level unless specifically authorized by the City, or unless otherwise allowed by applicable Laws.

1.5 New Poles. It is understood that Verizon may build New Poles or other wireless support structures required for the installation of its "wireless facilities" (as that term is defined under K.S.A. § 66-2019(b)(18) and amendments thereto) which would comply with applicable Laws ("New Poles").

1.5.1 **Intentionally Omitted.**

1.5.2 **Intentionally Omitted.**

1.5.3 **Damage to New Poles.** If a New Pole falls or is damaged such that there is an imminent threat of harm to persons or property, then the City may cause the New Pole to be removed to the side of the street or a location that City believes reasonably eliminates the risk of such imminent threat of harm to persons and/or property. Verizon shall, after written notice is received by Verizon from the City that any New Pole has been damaged or removed, cause the New Pole to be repaired, removed, and/or replaced within thirty (30) days after the City's written notice is received by Verizon. The cost to repair, remove and/or replace any New Pole shall be paid by Verizon; provided, however, that if the New Pole is damaged or destroyed by the City, then the City shall pay the cost to repair, remove, and/or replace the New Pole. To the extent that Verizon seeks reimbursement for damages caused by a third party, either directly or through applicable insurance, the City shall assign to Verizon any rights the City may have against such third party for such claim.

1.6 Compensation to the City. Verizon is solely responsible for the payment of all lawful Permit fees and other applicable charges in connection with Verizon's performance under this Agreement. Unless previously paid, within sixty (60) days of the Effective Date, Verizon shall pay to the City a one-time, non-refundable, application fee of Five-Thousand Dollars ($5,000.00) in accordance with Wichita City Code 3.93.260, with said one-time application fee serving as a means to allow the City to recover its reasonable costs associated with the review and administration of this Agreement. This one-time application fee only applies to this Agreement, and is not required for any Supplement, or application for a Supplement, entered into under this Agreement.

1.6.1 **Attachment Fees.** As compensation to City for use of the Municipal Structures, Verizon shall, at the commencement of each Supplement Term (as defined in Section 2.2 herein), pay to the City, on an annual basis during the Supplement Term, an attachment fee equal to $100.00 for each attachment of a Small Cell to a Municipal Structure (including all related Equipment placed on the ground near the Municipal Structure) ("Attachment Fee").

1.6.2 **New Pole Fee.** Verizon shall pay to the City, on an annual basis during the Agreement Term, upon invoicing by the City in the manner provided for in Section 1.6.5, the amount of $125.00 per year for each New Pole that it installs in the ROW ("New Pole Fee"). Any New Pole Fee shall commence upon the

date that the City issues the final Permit required for the construction of the corresponding New Pole.

1.6.3 **ROW Ground Space Fee.** As compensation to City for use of the ROW where Verizon is not utilizing Municipal Structures or installing a New Pole, but Verizon requires the placement of Ground Equipment, Verizon shall pay to the City, on an annual basis during the Agreement Term, upon invoicing by the City in the manner provided for in Section 1.6.5, a fee in the amount of $100.00 per third-party pole or other structure upon which Verizon has attached a Small Cell (the "ROW Ground Space Fee"). The amount of the ROW Ground Space Fee is intended to approximate the City's cost to manage access to the ROW and to reflect Verizon's limited use of the ROW for its Ground Equipment. Any ROW Ground Space Fee shall commence upon the date that the City issues the final Permit required for the construction of the corresponding Ground Equipment.

1.6.4 **Payment of Annual Attachment Fees.** Verizon shall make the first payment of the annual Attachment Fee under any Supplement within ninety (90) days of the Acknowledgement (as defined in Section 2.2 herein). Thereafter, the annual Attachment Fee shall be paid in advance on or before each annual anniversary of the Commencement Date during the Supplement Term (each as defined in Section 2.2 herein).

1.6.5 **Payment of New Pole Fees and ROW Ground Space Fees.** Verizon shall pay the full undisputed amount of any invoice it receives from the City for New Pole Fees and ROW Ground Space Fees within forty-five (45) days after the City delivers the invoice to Verizon, with supporting documentation reasonably necessary to substantiate the amount invoiced.

1.6.6 **Payment Procedures.** All Attachment Fees, New Pole Fees, and ROW Ground Space Fees shall be paid by check made payable to City and mailed or delivered to City at the address provided in Section 10.3. The address for the delivery of payments may be changed at any time by City upon 45 days' prior written notice to Verizon. Mailed payments shall be deemed paid upon the date such payment is officially postmarked by the United States Postal Service. Notwithstanding the foregoing, upon agreement by the parties, Verizon may pay any one or more of such fees by electronic funds transfer and, in such event, City agrees to provide to Verizon bank routing information for such purpose.

1.6.7 **Taxes.** Verizon agrees that it will be solely responsible for the payment of any and all applicable taxes, fees and assessments levied on its ownership, use and maintenance of the Network. Pursuant to Section 79-5(a)(26) of the Kansas Revenue and Taxation Code, the City hereby advises, and Verizon recognizes and understands, that Verizon's use of the City's ROW and Municipal Structures may create a possessory interest subject to real property taxation and that Verizon may be subject to, and responsible for, the payment of real property taxes levied on such interest. Verizon will cooperate with the Sedgwick County Assessor in providing any information necessary for the Assessor to make a property tax determination. Verizon reserves the right to challenge any such assessment, and the City agrees to cooperate with Verizon in connection with any such challenge.

1.6.8 **Fee Documentation.** For any party to whom annual Attachment Fees, New Pole Fees, and ROW Ground Space Fees payments are to be made, the City or any successor-in-interest of the City hereby agrees to provide to Verizon (i) a completed, current version of Internal Revenue Service Form W-9, or equivalent; (ii) complete and fully executed state and local withholding forms, if required; and (iii) other documentation to verify the City's or such other party's right to receive payment of such fees as is reasonably requested by Verizon. Such fees shall accrue in accordance with this Agreement, but Verizon shall have no obligation to deliver fee payments until the requested documentation has been received

by Verizon. Upon receipt of the requested documentation, Verizon shall deliver the accrued fee payments as directed by the City.

1.7 Access to the Equipment, Ground Equipment and New Poles.

1.7.1 **Verizon Access to Equipment for Repair.** Verizon will be given reasonable access to each of the Municipal Structures and the ROW for the purposes of routine installation, repair, maintenance or removal of its Equipment, Ground Equipment, and New Poles. If any such maintenance activities have the potential to result in an interruption of any City services at the Municipal Structure, Verizon shall provide the City with a minimum of three (3) days prior written notice of such activities. Such activities shall, to the extent feasible, be done with minimal impairment, interruption, or interference to City services. Notwithstanding the forgoing, Verizon shall have reasonable, unfettered 24/7 access to the ROW, 365 days a year.

1.7.2 **City Observation.** At City's request, Verizon shall allow a representative of the City to observe any installation, repair, maintenance or removal work performed at the Municipal Structure and/or in the ROW.

SECTION 2
TERM AND TERMINATION

2.1 Term. This Agreement shall be effective as of the Effective Date, as defined in the preamble to this Agreement, and shall continue for ten (10) years thereafter ("Initial Term"). Thereafter, this Agreement shall automatically renew for three (3) additional 5-year terms ("Renewal Terms") unless Verizon notifies the City of its intent to terminate the Agreement at least 90 days prior to the end of the then-current term. The Initial Term and all Renewal Terms shall be collectively referred to herein as the "Agreement Term." In no event shall the City be permitted to terminate Verizon's right under this Agreement, or any Supplement, to place Equipment, Ground Equipment, and New Poles in the ROW unless material terms of the Agreement are breached, and Verizon fails to cure such breach within the applicable cure period. Notwithstanding anything herein, after the expiration or termination of this Agreement, its terms and conditions shall survive and govern with respect to all remaining Ground Equipment and/or New Poles as long as such Ground Equipment and/or New Poles remain in use, until their respective termination.

2.2 Supplement Term. The initial term for each particular Supplement shall commence the first day of the month following the date Verizon has Commenced Installation of its Equipment at a particular location under a Supplement (the "Commencement Date") and shall be for an initial term of ten (10) years (the "Supplement Initial Term"). The City and Verizon shall acknowledge in writing the Commencement Date (the "Acknowledgment"). Each Supplement shall automatically be extended for three (3) successive five (5) year renewal terms (each, a "Supplement Renewal Term") unless Verizon notifies the City in writing of Verizon's intent not to renew the Supplement at least thirty (30) days prior to the expiration of the then-current term. The Supplement Initial Term and all Supplement Renewal Terms shall be collectively referred to herein as the "Supplement Term." Notwithstanding anything herein, after the expiration or termination of this Agreement, its terms and conditions shall survive and govern with respect to each remaining Supplement in effect until its respective expiration or termination.

2.3 Extension of Termination Date. In the event the parties are actively negotiating in good faith a new agreement to replace this Agreement, or an amendment to extend the Agreement Term, the parties by written mutual agreement may extend the termination date of this Agreement to allow for further negotiations. Such extension period shall be deemed a continuation of this current Agreement and not as a new agreement.

2.4 Termination of Use. Notwithstanding Section 2.1 above, Verizon may terminate its use of any or all of the Municipal Structures and/or the ROW by providing written notice to the City in the manner provided in Section 10.3. In the event of any such termination, Verizon's payment obligations to the City shall terminate

simultaneously with the specified date of such termination, provided Verizon removes its Equipment, Ground Equipment, and New Poles, and restores the Municipal Structure and/or ROW, as set forth in Section 3, below, and in the Wireless Ordinance, prior to the specified termination date.

SECTION 3
REMOVAL AND RELOCATION

3.1 Removal Due to Public Project. Pursuant to K.S.A. § 66-2019 and amendments thereto, Verizon shall relocate its Equipment, Ground Equipment, and New Poles, at no cost to City, within the time set forth in the City's written request provided that the City provides a minimum of 180 days advance written notice, unless circumstances beyond the City's control require a shorter period of advance notice, whenever the City reasonably determines that the relocation of such Equipment, Ground Equipment, and New Poles are needed for any of the following purposes: (a) due to any work proposed to be done by or on behalf of the City or any other governmental agency, including but not limited to, any change of grade, alignment or width of any street, sidewalk or other public facility, installation of curbs, gutters or landscaping and installation, construction, maintenance or operation of any underground or aboveground facility such as sewers, water mains, drains, storm drains, pipes, gas mains, poles, power lines, telephone lines, cable television lines and tracks; (b) because any part of the Network is interfering with or adversely affecting the proper operation of Poles, traffic signals, or other City facility; or (c) to protect or preserve the public health and safety. The City shall cooperate with Verizon in relocating any Equipment, Ground Equipment, and New Poles removed pursuant to this Section 3.1 in a manner that allows Verizon to continue providing service to its customers, including, but not limited to, expediting approval of any necessary Permits required for the relocation of any Equipment, Ground Equipment, and New Poles relocated under this Section 3.1, and/or placing a temporary communications facility in a location as mutually approved by the parties.

3.2 Removal Due to Termination. No later than ninety (90) days after termination of this Agreement, or Supplement hereunder, pursuant to the provisions of this Agreement, Verizon shall, at its sole cost and expense, remove the applicable Equipment, Ground Equipment, and New Poles and, if such removal disturbs the Municipal Structure, ROW, and/or City real property, restore each Municipal Structure, ROW, or City real property to its original condition, reasonable wear and tear and damage by casualty excepted, and further excepting landscaping and related irrigation equipment, or other aesthetic improvements made by Verizon to the Municipal Structure, adjacent City ROW, and/or City real property. Alternatively, the City may allow Verizon, in the City's sole and absolute discretion, to abandon the Network, or any part thereof, in place and convey it to the City.

3.3 Abandonment. In the event Verizon ceases to operate a Small Cell and abandons the Small Cell for a period of ninety (90) consecutive days or more, the Small Cell shall be deemed abandoned after 30 days written notice to Verizon. In the event that Verizon has not reinstated use of the Small Cell, or provided the City with written notice confirming the Small Cell is not abandoned, within said 30-day notice period, Verizon shall, at its sole cost and expense, vacate and remove the abandoned Small Cell within 180 days from the date the Small Cell is deemed abandoned. If such removal disturbs the Municipal Structure, adjacent ROW, and/or City real property, Verizon shall also, at its sole cost and expense, restore the Municipal Structure, ROW or City real property as required by Section 3.2 of this Agreement. Alternatively, the City may allow Verizon, in the City's sole and absolute discretion, to abandon the Small Cell, or any part thereof, in place and convey it to the City.

3.4 No Relocation Compensation. The parties understand and agree that neither the City nor Verizon are entitled to compensation for any removal and/or relocation of Verizon's Equipment, Ground Equipment, and New Poles due to public projects that may be required under Section 3.1. If relocation is for private benefit, Verizon is not responsible for the cost of the relocation to the extent of such private benefit

and Verizon shall not be obligated to commence relocation until receipt of funds for such relocation. Verizon acknowledges that Verizon is not entitled to relocation assistance or any other compensation or benefits under the Uniform Relocation Assistance Act or any other applicable provision of law upon termination of this Agreement.

SECTION 4
POWER, MAINTENANCE AND REPAIR

4.1 Power. Verizon's power consumption may be metered, sub-metered, or unmetered at any specific Municipal Structure site as mutually determined by the parties in consideration of the requirements of the local utility provider for each Municipal Structure site.

4.1.1 **Metered Service.** If Verizon's power consumption is metered or sub-metered and billed directly by the utility to Verizon, Verizon shall pay the utility directly for its power consumption. If not billed directly by the utility, all invoices for power consumption shall be sent by the City to Verizon at M/S 3846, P.O. Box 2375, Spokane, WA 99210-2375, or sent by electronic delivery by email to livebills@ecova.com, or such other physical or email address as directed by Verizon in writing, and Verizon shall pay the City within thirty (30) days after receipt of such invoice. Such invoices shall be delivered to Verizon no less frequently than annually, and shall indicate the usage amount upon which the invoice is based and the method used for determining the usage (whether based on an actual sub-meter readings or an average consumption if unmetered). All invoices for power consumption shall be sent by the City to Verizon within ninety (90) days following the conclusion of the calendar year (the "Invoice Period") in which the utility provider's invoices for power consumption were received by the City, and shall be accompanied by copies of such invoices, documentation of the sub-meter readings, or the City's determination of Verizon's average consumption for such calendar year. If the City fails to deliver an invoice for power consumption, with the required supporting documentation, to Verizon within the Invoice Period for any Supplement, the City waives any right to collect any payment from Verizon for such costs for the calendar year at issue.

4.1.2 **Unmetered Service.** In the event that Verizon's power consumption for a particular Municipal Structure site cannot be metered or sub-metered, the charges for such power consumption shall be addressed in the applicable Supplement.

4.1.3 **Back Up Power.** Verizon shall be permitted at any time during the Agreement Term or the applicable Supplement Term, to install, maintain and/or provide access to and use of, as necessary (during any power interruption at any Municipal Structure site, Ground Equipment site, or New Pole sites), a temporary emergency power source, and all related appurtenances within or adjacent to such site to the extent the City has the authority to permit the installation of a temporary emergency power source. Such temporary emergency power installation and power sources shall be in compliance with all applicable Laws. Notwithstanding the foregoing, no interruption or discontinuance of such electrical power will render the City liable to Verizon for damages or relieve Verizon of any of its obligations hereunder, except to the extent it results from the negligence or willful misconduct of the City.

4.2 Maintenance and Repair. Verizon shall, at Verizon's sole cost and expense, perform all maintenance and repairs reasonably needed to maintain its Small Cells in good condition and neat and orderly appearance, and in compliance with all applicable Laws. In the event any part of a Small Cell requires replacement because such part cannot be repaired, Verizon shall, at Verizon's sole cost and expense, replace the irreparable part of its Small Cell. Verizon shall not cause rubbish, garbage or debris on or around its Network or the Small Cells and shall not permit any rubbish, garbage or debris to accumulate on or around in any enclosed areas around the Small Cells. If the City gives Verizon written notice of a failure by Verizon to maintain its Small Cells, Verizon shall use commercially

reasonable efforts to remedy such failure within forty-eight (48) hours after receipt of such written notice.

4.3 Appearance. Verizon shall reasonably cooperate with the City on all issues of aesthetics and appearance. Verizon shall follow all legally binding City policies, state and local ordinances with respect to aesthetics. This includes, but is not limited to, historic site and/or locations of significant importance, in areas such as Downtown, Old Town and College Hill.

4.4 Repair of ROW. Verizon shall be responsible for any damage, ordinary wear and tear and damage by casualty excepted, to street pavement, existing facilities and utilities, curbs, gutters, sidewalks, landscaping, and all other public or private facilities, to the extent caused by Verizon's construction, installation, maintenance, access, use, repair, replacement, relocation, or removal of its Small Cells in the City's ROW. The City's pavement cut contractor shall promptly repair such damage and return the City's ROW to a safe and satisfactory condition in accordance with the City's applicable street restoration standards. The City shall charge Verizon for the actual costs incurred by the City in performing such repair work. Upon the receipt of a demand for payment by the City, Verizon shall, within thirty (30) days of such receipt, reimburse the City for such costs. Verizon shall promptly repair any damage to property adjacent to the ROW, to the extent caused by Verizon's construction, installation, maintenance, access, use, repair, replacement, relocation, or removal of its Small Cells in the City's ROW, to the reasonable satisfaction of the City or adjacent property owner, as applicable. Verizon's obligations under this Section 4.4 shall survive for 45 days past the completion of such reparation and restoration work and return of the affected part of the City's ROW by Verizon to the City.

4.5 Bond. Verizon shall, prior to the commencement of any work under this Agreement, deliver to the City a performance bond in the amount of $50,000, payable to the City to ensure the appropriate and timely performance in the installation, removal, relocation, maintenance, and repair of Equipment, Ground Equipment, and New Poles located in the ROW. The required performance bond must be with good and sufficient sureties, issued by a surety company authorized to transact business in the State of Kansas, and reasonably satisfactory to the City Attorney in form and substance.

SECTION 5
ATTACHMENT TO MUNICIPAL STRUCTURES

5.1 Verizon will submit to the authorized representative of the City a proposed design for all proposed Equipment installations on Municipal Structures that will include the Equipment and Municipal Structures Verizon proposes to use. All approved Equipment installations shall be included as part of the applicable Supplement.

(a) In addition to attachments to Municipal Structures in the manner provided for under this Agreement, Verizon may, in its sole discretion, install its Wireless Facilities on other poles in the ROW that are lawfully owned and operated by third-parties, pursuant to an agreement with any such third-parties, or on its New Poles that are installed pursuant to the requirements of applicable Laws.

(b) Subject to the requirements, conditions and approvals required by this Agreement and applicable Laws, the City hereby authorizes, consents, and permits Verizon to enter upon the ROW and to locate, place, attach, install, operate, maintain, control, remove, reattach, reinstall, relocate, and replace Equipment in or on identified Municipal Structures (including, at Verizon's sole discretion, in or on its New Poles or other structures, or poles or other wireless support structures owned by third-parties) for the purposes of operating the Equipment and providing Telecommunications Services.

(c) To reduce the disruption to Municipal Structures, Verizon may power its Equipment by using the power sources that service the existing Municipal Structure and its components. The power used by Verizon's Equipment shall be determined

on an individual site-by-site basis. All electrical work and installations related to the power sharing authorized by this Subsection 5.1(c) shall be performed by a licensed contractor that is approved by the City, and in a manner that is approved by the City. Verizon shall make all requests for power sharing arrangements pursuant to this Subsection 5.1(c) in advance and in writing. Verizon shall reimburse the City, as provided in Section 4.1.2, for the increased power costs that the City incurs as a result of any power sharing authorized by this Subsection 5.1(c).

(d) An application for the attachment of Equipment to Municipal Structures may only be denied for reasons reasonably related to capacity, safety, reliability or engineering concerns, or if the proposed attachment would violate applicable Laws of general applicability related to building codes, electrical codes, or related standards, or the requirements of this Agreement. Except as otherwise provided for by applicable Laws, no denial shall be based upon the size, quantity, shape, color, weight, configuration, or other physical properties of Verizon's Equipment, except that Equipment must conform as closely as practicable with the design and color of the Municipal Structure. The City shall document the basis for any denial, including the specific provisions of the Laws on which the denial was based (if applicable), and send the documentation to the Verizon on or before the day that it denies an application. Verizon may cure any deficiencies identified by the City and resubmit an application with thirty (30) days of the date of any denial without paying an additional application fee. The City shall approve or deny any resubmitted application within the earliest timeframe prescribed by applicable Laws.

(e) If Verizon selects a Municipal Structure that is structurally inadequate to accommodate Equipment, Verizon may at its sole cost and expense replace the Municipal Structure (a "Replacement Structure") with one that is acceptable to and approved by the City and dedicate such Replacement Structure to the City.

(f) Verizon shall install both remote and manual shut-off switches at each Municipal Structure on which it has installed Equipment such that the applicable Equipment at such Municipal Structure can be safely and immediately powered off by City's personnel when necessary. In the event of an emergency or to protect the public health or safety, prior to the City accessing or performing any work on a Municipal Structure on which Verizon has installed Equipment, the City may require Verizon to deactivate or power down such Equipment if any of the City's employees or agents must move closer to the Equipment than the recommended one foot minimum distance. In such case, the City will contact Verizon at the contact telephone number referenced in Section 9.3 herein to request the Equipment be powered down or deactivated. If Verizon fails to power down or deactivate the Equipment, the City's personnel may utilize the manual shut off switch to power off Verizon's Equipment, provided such personnel immediately notify Verizon at the contact telephone number referenced in Section 9.3 herein.

SECTION 6
INDEMNIFICATION

6.1 Indemnity. Subject to Section 7 of this Agreement, Verizon shall indemnify, defend, and hold harmless the City, its councilmembers, officers, employees, agents, and contractors, from and against liability, claims, demands, losses, damages, fines, charges, penalties, administrative and judicial proceedings and orders, judgments, and the costs and expenses incurred in connection therewith, including reasonable attorneys' fees and costs of defense, to the extent resulting from activities undertaken by Verizon pursuant to this Agreement, except to the extent

resulting from or caused by the negligence or willful misconduct of the City, its council members, officers, employees, agents, or contractors. The City shall promptly notify Verizon, in writing, of any claim, action or proceeding covered by this Section 6.1.

6.2 Limitation of Liability. Except for indemnification pursuant to Section 6.1 above, or a violation of law, neither party shall be liable to the other, or any of their respective agents, representatives, employees for any lost revenue, lost profits, loss of technology, rights or services, incidental, punitive, indirect, special or consequential damages, loss of data, or interruption or loss of use of service, even if advised of the possibility of such damages, whether under theory of contract, tort (including negligence), strict liability or otherwise.

SECTION 7
INSURANCE

7.1 Commercial General Liability. Verizon shall obtain and maintain, at all times during the term of this Agreement, Commercial General Liability insurance with a limit of $1,000,000 per occurrence for bodily injury (including death) and property damage and $2,000,000 general aggregate including premises-operations, contractual liability, personal injury and products completed operations; and Commercial Automobile Liability insurance covering all owned non-owned and hired vehicles with a limit of $1,000,000 each accident for bodily injury and property damage. The Commercial General Liability insurance policy shall include the City, its councilmembers, officers, and employees as additional insured as their interests may appear under this Agreement as respects any covered liability arising out of Verizon's performance of work under this Agreement. Coverage shall be in an occurrence form and in accordance with the limits and provisions specified herein. Upon receipt of notice from its insurer, Verizon shall use commercially reasonable efforts to provide the City with thirty (30) days prior written notice of cancellation. Verizon shall be responsible for notifying the City of such change or cancellation.

7.2 Filing of Certificates and Endorsements. Prior to the commencement of any work pursuant to this Agreement, Verizon shall file with the City the required certificate(s) of insurance with blanket additional insured endorsements, which shall state the following:

(a) the policy number; name of insurance company; name and address of the agent or authorized representative; name and address of insured; project name; policy expiration date; and specific coverage amounts;

(b) that Verizon's Commercial General Liability insurance policy is primary as respects any other valid or collectible insurance that the City may possess, including any self-insured retentions the City may have; and any other insurance the City does possess shall be considered excess insurance only and shall not be required to contribute with this insurance; and

(c) that Verizon's Commercial General Liability insurance policy waives any right of recovery the insurance company may have against the City.

The certificate(s) of insurance with endorsements and notices shall be mailed to the City at the address specified in Section 10.3 below.

7.3 Workers' Compensation Insurance. Verizon shall obtain and maintain at all times during the term of this Agreement statutory workers' compensation and employer's liability insurance in an amount of One Million Dollars ($1,000,000) each accident/disease/policy limit and shall furnish the City with a certificate showing proof of such coverage.

7.4 Insurer Criteria. Any insurance provider of Verizon shall be authorized or permitted to do business in the State of Kansas and shall carry a minimum rating assigned by A.M. Best & Company's Key Rating Guide of "A-" Overall and a Financial Size Category of "VII."

(a) **Severability of Interest.** "Severability of interest" or "separation of insureds"

clauses shall be made a part of the Commercial General Liability and Commercial Automobile Liability policies.

SECTION 8
DEFAULT

8.1 Default.

8.1.1 **Defined.** A "Default" shall be deemed to have occurred under this Agreement, or any Supplement hereunder, if a party fails to cure a breach of any condition or obligation imposed hereunder within thirty (30) days after written notice specifying such breach, provided that if the breach is of a nature that it cannot be cured within thirty (30) days, a Default shall not have occurred so long as the breaching party has commenced to cure within said thirty (30) day period and thereafter diligently pursues such cure to completion.

8.1.2 **Remedies.** Upon the failure of a party to timely cure any breach after notice thereof from the other party and expiration of the above cure periods, then the non-defaulting party may, subject to the terms of Section 6.2 (Limitation of Liability), terminate this Agreement, or any Supplement hereunder, and pursue all remedies provided for in this Agreement and/or any remedies it may have under applicable law or principles of equity relating to such breach; provided, however, that if a Default by Verizon relates to one or more Small Cells, but not the entire Network, then the City's remedies under Section 8.1.2 shall be limited to the specific Supplement(s) covering such Small Cells, and if a Default by Verizon relates to one or more locations in the ROW occupied by Ground Equipment and/or New Poles, but not the entire Network, then the City's remedies under Section 8.1.2 shall be limited to the ROW locations permitted by the City for such Ground Equipment and/or New Poles.

8.2 City Termination Right. In addition to the remedies set forth in Section 8.1.2, the City shall have the right to terminate this Agreement, or any Supplement hereunder, if (i) the City is mandated by law, a court order or decision, or the federal or state government to take certain actions that will cause or require the removal of Verizon's Equipment, Ground Equipment, and New Poles from the Public Right-of-Way, or (ii) if Verizon's FCC licenses required for the operation of its Network are terminated, revoked, expired, or otherwise abandoned, and Verizon has not commenced actions to seek the reinstatement or replacement of such FCC licenses. Such termination rights shall be subject to Verizon's rights to just compensation, if any, for any taking of a protected property right.

8.3 No Waiver. A waiver by either party at any time of any of its rights as to anything herein contained shall not be deemed to be a waiver of any breach of covenant or other matter subsequently occurring.

8.4 Interest. If the City does not receive payment for any amount owed under this Agreement within forty-five (45) days after it delivers written notice of non-payment to Verizon, Verizon shall pay interest to the City, at an annual rate of ten percent (10%), on the amount due.

SECTION 9
INTERFERENCE

9.1 Non-Interference with Non-Public Safety Communications Systems. Verizon shall operate its Equipment in a manner that will not cause harmful interference which is measurable in accordance with the then-existing industry standards to any City non-public safety communications systems, or to the communications facilities of other licensees or lessees of City property located at or near the Equipment that were in operation prior to the installation of such Equipment, or that are in operation prior to any modifications Verizon may make to such Equipment. The City agrees that after Verizon has attached Equipment to a specific Municipal Structure, the City and/or any other tenants, licensees, or Municipal Structure users who currently have or in the future take possession of space on the same Municipal Structure will be permitted to install only such equipment that is of the type and frequency which will not cause harmful interference which is measurable in accordance with then-existing industry standards to the then-existing Equipment of Verizon.

9.2 Non-Interference with Public Safety Communications Systems. Verizon's Equipment shall not cause interference with public safety communications systems operated by City or any other public agency, regardless of the date such systems or any components thereof have been placed in service, nor shall Verizon's Equipment cause interference with the City's use of its streetlights, traffic lights, and/or stand-alone light poles.

9.3 Correction of Interference. If interference as described in Sections 9.1 and 9.2 occurs, and after the City has notified Verizon of such interference by a written communication and a call to Verizon's Network Operations Center ("NOC") (at (800) 264-6620/(800) 621-2622), Verizon will take all commercially reasonable steps necessary to correct and eliminate the interference including, but not limited to, at Verizon's option, powering down the Equipment causing the interference and later powering up such Equipment for intermittent testing. With regard to interference with public safety communications systems operated by the City or any other public agency, if Verizon is unable or refuses to eliminate such interference within 30 days of notice to Verizon's NOC (or such shorter time as may be specified in the written notice in the event of an emergency or danger to public health and safety requiring such shorter notice), the City may terminate Verizon's use of or right to use the Municipal Structure upon which such interfering Equipment is located, and Verizon shall promptly remove the Equipment from the Municipal Structure.

SECTION 10
MISCELLANEOUS PROVISIONS

10.1 Nonexclusive Use. Verizon acknowledges that this Agreement does not provide Verizon with exclusive use of the City's ROW or any Municipal Structures and that City retains the right to permit other providers of communications services to install equipment or devices in the City's ROW and on Municipal Structures.

10.2 Intentionally Omitted.

10.3 Notices. All notices which shall or may be given pursuant to this Agreement or any Supplement shall be in writing and served by (1) electronic mail; and (2) personally served or transmitted through first class United States mail, or by express mail providing for overnight delivery, postage prepaid, to the following address or such other address of which a party may give written notice:

City: City of Wichita
455 N. Main
Wichita, KS 67202
Attention: City Clerk

With a copy to:

Jennifer Magana
City Attorney
455 N. Main, 13th Fl.
Wichita, KS 67202
jmagana@wichita.gov

Verizon: Verizon Wireless (VAW) LLC
d/b/a Verizon Wireless
Attn: Network Real Estate
180 Washington Valley Road
Bedminster, New Jersey 07921

Such notice shall be deemed made when personally delivered; if mailed via first class U.S. Mail, such notice shall be deemed made three (3) days after the date of deposit in the U.S. Mail; if mailed via express/overnight mail, such notice shall be deemed made two (2) days after the date of deposit in a designated overnight delivery mailbox or other like facility.

10.4 Sublease/Assignment. This Agreement may be assigned by Verizon without any approval or consent of the City to Verizon's principal, affiliates, subsidiaries of its principal or to any entity which acquires all or substantially all of Verizon's assets in the market defined by the FCC in which the ROW is located by reason of a merger, acquisition or other business reorganization; provided, however, that such assignee is bound by all of the terms and conditions of this Agreement. As to other parties, this Agreement may not be sold or assigned by Verizon without the written consent of the City, which shall not be unreasonably withheld, conditioned or delayed. In the event of any transfer or assignment of this

Agreement, Verizon shall timely notify the City of the successor entity, provide an emergency point of contact for the successor entity, and advise the City of the effective date of the transfer or assignment. If Verizon assigns or sublets any interest in its Equipment, Ground Equipment, and New Poles, whether or not the City's consent is required, Verizon will provide notice of the transfer within a reasonable time.

10.5 Binding Effect. This Agreement shall be binding upon and inure to the benefit of the parties and their respective heirs, legal representatives, successors, assigns and transferees.

10.6 Entire Agreement; Modification; Waiver. This Agreement constitutes the entire agreement between the parties relating to the subject matter hereof. All prior and contemporaneous agreements, representations, negotiations, and understandings of the parties, oral or written, relating to the subject matter hereof are merged into and superseded by this Agreement. Any modification or amendment to this Agreement shall be of no force and effect unless it is in writing and signed by the parties. No waiver of any of the provisions of this Agreement shall be deemed, or shall constitute, a waiver of any other provision, whether or not similar. No waiver or consent shall constitute a continuing waiver or consent or commit either party to provide a waiver in the future except to the extent specifically set forth in writing. No waiver shall be binding unless executed in writing by the party making the waiver.

10.7 Severability. If any one or more of the provisions of this Agreement shall be held by a court of competent jurisdiction in a final judicial action to be void, voidable, or unenforceable, such provision or provisions shall be deemed separable from the remaining provisions of this Agreement and shall in no way affect the validity of the remaining portions of this Agreement.

10.8 Governing Law. This Agreement shall be interpreted and enforced according to, and the parties' rights and obligations governed by, the domestic law of the State of Kansas or applicable federal law, without regard to laws regarding choice of applicable law. Any proceeding or action to enforce this Agreement, or otherwise directly related to this Agreement shall occur in the federal court with jurisdiction over Sedgwick County, Kansas, or the state courts located in Sedgwick County, Kansas.

10.9 Survival of Terms. All of the terms and conditions in this Agreement related to payment, removal due to termination or abandonment, indemnification, limits of City's liability, attorneys' fees and waiver shall survive termination of this Agreement.

10.10 Captions and Paragraph Headings. Captions and paragraph headings used herein are for convenience only. They are not a part of this Agreement and shall not be used in construing this Agreement.

10.11 Drafting. The parties agree that this Agreement is the project of joint draftsmanship and that should any of the terms be determined by a court, or in any type of quasi-judicial or other proceeding, to be vague, ambiguous and/or unintelligible, that the same sentences, phrases, clauses or other wording or language of any kind shall not be construed against the drafting party.

10.12 Intentionally Omitted.

10.13 Authority to Execute This Agreement. Each person or persons executing this Agreement on behalf of a party, warrants and represents that he or she has the full right, power, legal capacity and authority to execute this Agreement on behalf of such party and has the authority to bind such party to the performance of its obligations under this Agreement without the approval or consent of any other person or entity.

10.14 No Warranty by the City. The City makes no representations or warranties regarding the suitability, condition or fitness of the Municipal Structures for the installation, maintenance or use of the Small Cells.

10.15 Agreement Applicable Only to the Municipal Structures. This Agreement shall not be construed to permit the construction, installation, maintenance or use of Equipment on any property other than the Municipal Structures, except as explicitly provided herein.

10.16 No Abrogation of Legal Responsibilities. The City's execution of this Agreement shall not abrogate, in any way, Verizon's responsibility to comply with all permitting requirements or to comply with all Laws with respect to its performance of the activities permitted under this Agreement.

10.17 Contractual Interpretation. In the interpretation and application of its rights under this Agreement, the City will act in a reasonable, non-discriminatory, and competitively neutral manner in compliance with all applicable federal, state, and local laws and regulations.

10.18 Effective Date of Ordinance. This Ordinance shall be effective upon its final passage and publication as required by law.

10.19 Public Records. Verizon acknowledges that information submitted to the City may be open to public inspection and disclosure under the provisions of Kansas' Open Records Act, codified at K.S.A. § 45-215 through § 45-223. Verizon may identify information, such as trade secrets, proprietary financial records, customer information or technical information, submitted to the City as confidential. Verizon shall prominently mark any information for which it claims confidentiality with the word "Confidential" on each page of such information prior to submitting such information to the City. The City shall treat any information so marked as confidential until the City receives any request for disclosure of such information. The City shall provide Verizon with written notice of the request, including a copy of the request, to Verizon at Verizon Wireless - West Territory, Attention: Real Estate Manager, 10740 Nall Ave., Suite 400, Overland Park, Kansas 66211, within three (3) working days of receiving the request. Verizon shall then provide a written response to the City within three (3) working days, by either authorizing the disclosure or advising of its election to seek a protective order. If Verizon chooses to seek an appropriate protective order, the City will refrain from disclosing such information (unless legally compelled to do so) until the request for a protective order is resolved, and will then comply with any validly-issued protective order. The City retains the final discretion to determine whether to release the requested confidential information, in accordance with applicable Laws.

EXHIBIT A

FORM OF SUPPLEMENT (FOR ATTACHMENT TO MUNICIPAL STRUCTURES)

SUPPLEMENT

This Supplement ("Supplement"), made this 21st day of Nov., 2017 ("Supplement Effective Date") between the City of Wichita, a political subdivision of the State of Kansas, hereinafter designated "City", and Verizon Wireless (VAW) LLC d/b/a Verizon Wireless, with its principal

offices at c/o Verizon Wireless, One Verizon Way, Mail Stop 4AW100, Basking Ridge, New Jersey 07920, hereinafter designated "Verizon":

1. Supplement. This is a Supplement as referenced in that certain Contract Franchise and Municipal Structure Use Agreement between City and Verizon, dated _____, ____ ("Agreement"). All of the terms and conditions of the Agreement are incorporated hereby by reference and made a part hereof without the necessity of repeating or attaching the Agreement. In the event of a contradiction, modification or inconsistency between the terms of the Agreement and this Supplement, the terms of this Supplement shall govern. Capitalized terms used in this Supplement shall have the same meaning described for them in the Agreement, unless otherwise indicated herein.

2. Project Description and Locations. Verizon shall have the right to install, construct, operate, repair and replace one or more Small Cells on the Municipal Structures in the ROW as further described in Attachment 1 attached hereto.

3. Equipment. The Small Cells to be installed on the Municipal Structures are described in Attachment 1 attached hereto.

4. Term. The Supplement Term of this Supplement shall be as set forth in Section 2.2 of the Agreement.

5. Commencement Date. The first day of the month following the date Verizon has Commenced Installation of its Equipment on the Municipal Structures, as evidenced by the Acknowledgement required under Section 2.2 of the Agreement.

6. Fees. The annual Attachment Fees for the Supplement Term shall be $100.00 per Equipment, or group of associated Equipment, as determined in accordance with Section 1.6.1 of the Agreement.

7. Power Consumption. **[Verizon's power consumption for its Equipment shall be metered or sub-metered and billed to Verizon as provided in Section 4.1 of the Agreement.]**

[City and Verizon acknowledge that power consumption for the Equipment sites covered by this Supplement cannot be metered or sub-metered, and that Verizon will power the Equipment using power sources that service the Municipal Structures. Verizon shall pay the City for the increased power costs at a rate of $_____ per Equipment, per year (the "Power Charge"). The annual Power Charge shall commence and be payable concurrently with the Annual Attachment Fee payable pursuant to Section 6 of this Supplement.]

8. Approvals/Fiber. It is understood and agreed that Verizon's ability to use the Municipal Structures is contingent upon its obtaining all of the certificates, permits and other approvals (collectively the "Governmental Approvals") that may be required by any Federal, State or Local authorities, as well as satisfactory fiber optic cable and electrical connections which will permit Verizon's use of the Municipal Structures as set forth above. In the event that (i) any of such applications for such Governmental Approvals should be finally rejected; (ii) any Governmental Approval issued to Verizon is canceled, expires, lapses, or is otherwise withdrawn or terminated by governmental authority; (iii) Verizon determines that any of such Governmental Approvals may not be obtained in a timely manner; (iv) Verizon determines that it will be unable to obtain in a satisfactory manner, or maintain any fiber or power connection; or (v) Verizon determines that one or more of the Municipal Structures is no longer technically compatible for its use, Verizon shall have the right to: (1) terminate this Supplement; or (2) terminate the applicable Small Cells sites under this Supplement. Notice of Verizon's exercise of its right to terminate shall be given to the City in writing as required by Section 10.3 of the Agreement, and shall be effective upon the mailing of such notice by Verizon, or upon such later date as designated by the City. All fees paid to said termination date shall be retained by the City. Upon termination of the Supplement in its entirety, this Supplement shall be of no further force or effect except to the extent of the representations, warranties and indemnities made

by each party to the other hereunder. Otherwise, Verizon shall have no further obligations for the payment of fees to the City.

9. Miscellaneous. **[to be deleted if not applicable]**

(Ord. No. 50-612, 11-21-17)

COX WIRELESS ACCESS, LLC, ORDINANCE NO. 51-565

AN ORDINANCE OF THE CITY OF WICHITA, KANSAS, GRANTING TO COX WIRELESS ACCESS, LLC, A DELAWARE LIMITED LIABILITY COMPANY, A FRANCHISE AUTHORIZED TO DO BUSINESS IN KANSAS, ITS SUCCESSORS AND ASSIGNS, A COMMUNICATION FRANCHISE AND PRESCRIBING THE TERMS OF SAID GRANT RELATING THERETO.

BE IT ORDAINED BY THE GOVERNING BODY OF THE CITY OF WICHITA, KANSAS:

This Franchise Ordinance (herein "Ordinance") is entered into as of June 8, 2021 ("Effective Date") by and between the City of Wichita, a municipal corporation (the "City"), and Cox Wireless Access, LLC (herein "Franchisee"), together herein, the "Parties".

RECITALS

A. Franchisee or its affiliates will own, maintain, manage, operate and/or control, in accordance with regulations promulgated by the Federal Communications Commission and the Kansas Corporation Commission (hereinafter "KCC"), telecommunications networks serving Franchisee's wireline customers through advanced fiber optic facilities and other wireless carrier customers through fiber-fed small cell or distributed antenna system facilities. Such facilities are in public rights-of-way (hereinafter "ROW"), among other locations, in the State of Kansas.

B. Franchisee seeks to enter the City's ROW and other real property of the City to install, maintain, and operate a fiber network, a small cell, and/or distributed antenna system(s) (the "Network"), so that Franchisee and/or its underlying customers (the "Customers") may provide data and telecommunications services (the "Services") to the residents and visitors of the City.

C. Some features of its Network include, without limitation, antenna nodes, small cell antennae, utility poles, equipment cabinets, underground and above ground fiber optic cable, fiber handholes and enclosures, fiber repeaters and related equipment, and will include other equipment as technology evolves, in a configuration and at locations to be filed and identified through the City permit process ("Facility" or "Facilities").

D. Certain distributed antenna systems ("DAS Facility" or "DAS Facilities") or ("Small Cells") which are a specific part or type of the Facilities may be located on streetlights, stand-alone poles, third party utility poles, and other structures located on or within the ROW or City owned property as permitted under this Franchise.

E. Franchisee desires to obtain from City as permitted by law, and City is willing to grant to Franchisee as required by law, the right to access the ROW to locate, place, attach, install, operate, use, control, repair, replace, upgrade, enhance and maintain the Facilities and the DAS Facilities in a manner consistent with this Franchise.

For the purposes of this Agreement the following words and phrases shall have the meaning given herein.

a. "Commenced Installation" shall mean the date that Franchisee commences to install its equipment, or any expansion thereof, in the City's ROW.

b. "Equipment" means the equipment cabinets, antennae, utilities and fiber optic cables, wires and related equipment, whether referred to singly or collectively, to be installed and operated by Franchisee under a particular Supplement and that comprise a Small Cell installation.

c. "Ground Equipment" means the equipment cabinets, utilities, and related equipment, whether referred to singly or collectively, to be installed on the ground within the ROW as part of an attachment of a Wireless Facility to a pole or structure owned and/or operated by third parties.

d. "Laws" means any and all laws, regulations, ordinances, resolutions, judicial decisions, rules, permits and approvals applicable to the subject matter of this

Agreement. This Agreement does not limit any rights Franchisee may have in accordance with Laws to install its own poles in the ROW or to attach Wireless Facilities to third-party poles located in the ROW. This Agreement shall in no way limit or waive either party's present or future rights under Laws. If, after the date of this Agreement, the rights or obligations of either party are materially preempted or superseded by changes in Laws, the parties agree to amend this Agreement to reflect the change in Laws.

e. "Municipal Structures" means Poles, lighting fixtures, electroliers, or other structures owned and/or leased by the City and located within the ROW, and may refer to such structures in the singular or plural, as appropriate to the context in which used.

f. "Network" or collectively "Networks" means the telecommunications network operated by Franchisee and located within the Public Rights of Way, to serve its customers.

g. "New Pole(s)" means a pole, or other wireless support structure as that term is defined in K.S.A. 66-2019(b)(21) and amendments thereto, owned or operated by Franchisee.

h. "Poles" means any utilities and/or lighting poles that are owned and/or leased by the City.

i. "Public Rights-of-Way" or "ROW" means only the area of real property in which the City has a dedicated or acquired right-of-way interest in the real property. It shall include the area on, below or above the present and future streets, alleys, avenues, roads, highways, parkways or boulevards dedicated or acquired as rights-of-way. The term does not include easements obtained by utilities or private easements in platted subdivisions or tracts. The term also does not include infrastructure located within the Public Rights-of-Way owned by the City or other third parties, such as Poles, ducts or conduits.

j. "Small Cell" means the Equipment at a particular location that comprises part of the Network.

k. "Small Wireless Facilities" includes facilities that satisfy the following conditions: (i) each antennae is no more than 3 cubic feet; (ii) all associated equipment is no more than 28 cubic feet; (iii) any of the following height criteria are met: (A) mounted on structures measuring 40 feet in height or less; (B) mounted on structures that are no more than 10 percent taller than other adjacent structures; or (C) does not extend existing structures on which they are located to a height of more than 40 feet or by more than 10 percent, whichever is greater.

l. "Supplement" shall mean each separate agreement, entered into between the City and Franchisee with regard to specific Small Cell installations, the form of which shall be in substantially the same form as attached hereto as Exhibit A, which shall be subject to the terms and conditions of this Agreement.

m. "Telecommunications Services" has the same meaning as that term is defined in the United States Code 47 U.S.C. 153(53), or any other use authorized by and licensed to Franchisee by the FCC, including, without limitation, Wireless Services.

n. "Wireless Facility" or "Wireless Facilities" has the same meaning as that term is defined under K.S.A. 66-2019(b)(18) and amendments thereto.

o. "Wireless Services" has the same meaning as that term is defined under K.S.A. 66-2019(b)(19) and amendments thereto.

p. "Wireless Services Provision" means a provider of Wireless Services as defined in K.S.A. 66-2019(b)(24) and amendments thereto.

In consideration of the Recitals set forth above, the terms and conditions of this Franchise, and other valuable consideration, the adequacy of which is hereby acknowledged, the parties agree as follows:

SECTION 1
INSTALLATION OF THE NETWORK

1.1 **Permitted Installation.** Franchisee may, at Franchisee's sole cost and expense and during the term of this Franchise, locate, construct, place, attach, install, operate, use, control, repair, replace, upgrade, enhance and maintain the Facilities subject to the terms and conditions of this Franchise. Franchisee shall undertake and perform any work in a skillful and workmanlike manner.

1.1.1 **Installation Specifications.** The installation of the Facilities shall be made in accordance with plans and specifications as may be approved by the City and after obtaining all necessary permits for all work in the ROW and/or on City property. Such approval review shall be made no later than forty-five days (45) days from application date, and under exceptional circumstances the time may be extended an additional forty-five (45) days upon agreement of the Parties. The Parties understand and agree that Facilities outside of the ROW may require additional easements for underground fiber to connect to Network within the ROW. Such additional easements shall be located so as not to interfere with the City's use of its property. The location, depth of the fiber underground, and any other requirements shall be approved in writing by the City prior to construction of the Facilities at that specific location, approval of which shall not be unreasonably withheld, conditioned or delayed. Approval of plans and specifications and the issuance of any permits by the City shall not release Franchisee from the responsibility for, or the correction of, any errors, omissions or other mistakes that may be contained in the plans, specifications and/or permits. Franchisee shall be responsible for notifying the City and all other relevant parties immediately upon discovery of such omissions and/or errors and with obtaining any amendments for corrected City-approved permits, as may be necessary. Franchisee shall be responsible for all costs associated with the permitting process, including, but not limited to, repairs and replacement of ROW. Such permits and approval requirements detailed in this Section shall not be unreasonably withheld, conditioned or delayed by the City and any conditions or requirements shall be in accordance with federal, state, and local laws.

1.1.2 **Temporary Construction.** The installation of the Facilities shall be performed in accordance with traffic control plans for temporary construction work that are approved by the City, which approval shall not unreasonably be withheld, conditioned or delayed.

1.1.3 **Construction Schedule.** If requested by the City, at least ten (10) days prior to the installation of the Facilities, Franchisee shall deliver to the City a schedule for the proposed work related to the construction of the Facilities, as well as a list of the names of all agents and contractors of Franchisee authorized by Franchisee to access the ROW and City-owned property on Franchisee's behalf.

1.1.4 **Coordination of Work.** Franchisee shall be responsible for coordination of work to avoid any interference with existing utilities, substructures, facilities and/or operations within the ROW. Franchisee shall be the City's point of contact and all communications shall be through Franchisee. Franchisee shall be solely responsible for communicating with Kansas One-Call.

1.1.5 **Inspection by City.** The City shall have commercially reasonable access to inspect any work conducted by Franchisee during the installation, maintenance and/or repairs of the Facilities.

1.1.6 **Other Utility Providers.** When necessary, Franchisee shall coordinate with other utility providers for other needed utility services. Franchisee and the City will reasonably cooperate with the other utility providers regarding the location of any meter, pole, and other apparatuses required for each Facility.

1.1.7 **Existing Utility Poles.** Franchisee may attach its Facilities to an existing utility pole pursuant to a properly executed agreement with the pole owner, provided, however, that any necessary replacement of the pole in order to accommodate the attachment shall be subject to the proper exercise of the City's police powers, and in no instance shall Franchisee erect a new pole within an existing aerial pole line absent the City's prior authorization.

1.2 **Compliance with Laws.** This Ordinance is subject to the terms and conditions of all applicable federal, state and local Laws and the Parties shall comply with any such Laws in the exercise of their rights and performance of their obligations under this document. "Laws" or "Law" as used in this document means any and all statutes, constitutions, ordinances, resolutions, regulations, judicial decisions, rules, permits, approvals or other applicable requirements of the City or other governmental entity or agency having joint or several jurisdiction over the Parties' activities under this Franchise, or having jurisdiction that is applicable to any aspect of this Franchise, that are in force on the Effective Date and as they may be enacted, issued or amended during the term of this Franchise.

1.2.1 **Zoning Regulations.** Zoning regulations shall not apply to installations within the ROW.

1.3 **Permits.** Franchisee shall obtain all permits (the "Permits") and pay those fees associated therewith relating to the installation of its Network as currently allowed by Law.

1.3.1 **Encroachment Permits.** Franchisee shall obtain any necessary encroachment permits from the City for the installation of its Network and for any other work within the ROW or other real property of the City, if required by the City's Municipal Code ("Code").

1.3.2 **Building Permits.** Franchisee shall obtain any necessary building permits from the City for the installation of its Network and for any other work within the ROW or other real property of the City, if required by the Code or State Law.

1.3.3 **Compliance with Permits.** All work within the ROW or other real property of the City shall be performed in strict compliance with all applicable permits and all applicable regulatory requirements.

1.3.4 **Fee Increases.** If prior to the second anniversary of the date hereof, the City increases the permitting fees described in the Sections above, and if with respect to all similarly situated franchisee license agreements executed by the City in such 2-year period the franchisee or licensee is subject to a similar fee provision, then Franchisee will pay to the City the increased fees as if the increased fee schedule had been in effect as of the date hereof upon being billed therefor by the City.

1.4 **Placement of Facilities.** Franchisee shall coordinate the placement of its Facilities in the ROW in a manner that minimizes adverse impact on public improvements or area aesthetics, as reasonably determined by the City Engineer.

1.4.1 **Collocation of Facilities.** The Parties agree that in areas where there are existing poles, Franchisee will work with the owner of that existing pole to collocate the Small Cell or DAS Facility. When the pole owner is willing to allow such attachment and where such attachment is feasible from a safety, technical, engineering, aesthetic, and structural perspective.

1.5 **New Streetlight Poles and other City Facilities.** It is understood that Franchisee may build new streetlight poles or other such facilities required for the installation of the Facilities which would comply with all encroachment and building permits, applicable City, state and federal specifications, and Laws ("New Poles"). The City retains the right to determine the type, size, configuration, and, when the City deems appropriate, camouflage of the Facilities.

1.5.1 **City Use of Poles.** The Parties understand and agree that the City may use any Facility for City purposes, including but not limited to the installation of streetlights and other lighting so long as such use does not interfere Franchisee's use of its Network or

Facilities. Franchisee shall reasonably cooperate with the City when the City desires to collocate.

1.5.2 **City-Owned Lights.** Except for the installation of the lights and ancillary equipment on or in Franchisee's Facilities and/or as set forth in Section 1.5.3, Franchisee shall not be responsible for maintenance, repair, or replacement of City-owned lights, light bulbs, or equipment, including equipment owned by third parties, as authorized by the City on the Facilities.

1.5.3 **Damage to Poles.** If any portion of Franchisee's Facilities fall or are damaged such that there is an imminent threat of harm to persons or property, the City may cause the Facility, or any portion thereof, to be removed to a location that City believes reasonably eliminates the risk of such imminent threat of harm to persons or property. Franchisee shall replace or repair any Facility or portion thereof as soon as practicable. The cost to repair and/or replace any pole, including the replacement City streetlight, bulb and ancillary equipment, shall be paid by Franchisee; provided, however, that if the Facility is damaged or destroyed by the City or a third party user to whom the City has given the right to use the Facility, then the City and/or its third party user, respectively, shall pay the cost to repair and/or replace the pole. To the extent that Franchisee seeks reimbursement from a third party either directly or through applicable insurance, the City shall assign to Franchisee any rights the City may have against such third party for such claim.

1.6 **Franchise and Permit Fees.** Franchisee is solely responsible for the payment of all lawful franchise and permit fees in connection with Franchisee's performance under this Franchise.

1.6.1 **Non-Recurring Application Fees.** Franchisee shall pay fees of the current amount of "presumptive compliance" with the Communications Act (47 U.S.C. §§ 253 and 332 et. seq.). The amount of presumptive compliance is hereby determined to be competitively neutral and is not unreasonable or discriminatory. Current proposed one-time amounts are:

A. Up to five (5) small wireless facilities	$500
B. Each additional facility on the same application	$100 / facility
C. Each new pole (not a collocation) intended to support one or more SWF or DAS	$1,000
D. To the extent not already covered by the Application Fee in Section 1.6.1(A), a one-time permit fee to recover the City's costs associated with the review and approval of the installation of each facility, provided that such permit fee reimburses the City for its reasonable actual and verifiable costs, including overhead, and review and approval of the application	$ Per City ordinance

1.6.2 **Compensation to the City.** In consideration of and as compensation for the franchise hereby granted to Franchisee by the City, the Franchisee shall pay an initial fee of Two Hundred Seventy Dollars ($270.00) per attachment for the attachment of wireless equipment to support DAS or SWF installations within the City. If Franchisee causes or in any way has multiple attachments on City-owned infrastructure, then Franchisee shall pay an additional Two Hundred Seventy Dollars ($270.00) per attachment for the first year. Franchisee shall not be obligated to pay a franchise fee to the City for new strand mount DAS or SWF installations which are placed on Franchisee's affiliate Cox Communications Kansas, LLC owned existing overhead fiber strand located within the City's right of way. Both franchise fees referenced herein are subject to the recurring fee as set forth in Section 1.6.3.

1.6.3 **Recurring Annual Fees.** Franchisee will pay the City the amount of presumptive compliance, currently $270 / year, for each pole or attachment as anticipated in paragraphs 1.5 and 1.6.2 of the Franchise. These fees are in addition to the City's standard permit fees for dirt cuts, pavement cuts, and utility cuts, as well as any permits required by federal,

state, county, or municipal law. This fee also includes all other recurring fees, except franchise fees, including any right-of-way access fees or fees for attaching facilities to municipally owned structures in the right of way.

1.6.4 **Accounting Matters.** Franchisee shall keep accurate books of account at its principal office, or such other location of its choosing for the purpose of determining the amounts due to the City under Section 1.6. No more than once per year, the City or the City's contractor may inspect Franchisee's books of account relative to the application of the franchise fees required under Subsection 1.6.1 of this Franchise at any time during regular business hours upon thirty (30) days' prior written notice and may audit the books from time to time at the City's sole expense, but in each case only to the extent necessary to confirm the accuracy of payments due under Section 1.6. The City agrees to hold in confidence any non-public information it learns from Franchisee to the fullest extent permitted by Law.

1.7 **Franchisee Access to Facilities for Repair.** Franchisee will be given reasonable access to each of the Facilities in the ROW or City owned property for the purposes of routine installation, repair, maintenance or removal of Facilities. If any such maintenance activities have the potential to result in an interruption of any City services at the Facility, Franchisee shall provide the City with a minimum of three (3) days prior written notice of such maintenance activities. Such maintenance activities shall, to the extent feasible, be done with minimal impairment, interruption, or interference to City services. Notwithstanding the foregoing, Franchisee shall have reasonable unfettered 24/7 access 365 days a year.

1.7.1 **City Observation.** Franchisee shall allow a representative of the City to observe any repair, maintenance or removal work performed at the Facilities.

1.7.2 **Conduit.** The Franchisee shall notify the City when the Franchisee will be installing underground conduit more than three hundred (300) feet in total length, so that the City has the option to co-locate. For these runs of conduit, the Franchisee shall install in the same trench or out of the same bore pit a three (3) inch empty conduit for the City's permanent use at no cost to the City. The Franchisee shall notify the City prior to any work being performed at the site so that the City can request that the conduit not be installed. This clause is essential to this Agreement.

SECTION 2
TERM AND TERMINATION

2.1 **Term.** This Franchise shall be effective for ten (10) years from the Effective Date. Thereafter, this Franchise may renew for three (3) additional five (5) year terms unless one of the Parties notifies the other of its intent to terminate or renegotiate the Franchise or unless the City notifies Franchisee of its intent to renegotiate terms due to changes in local, state or federal law and/or the City has negotiated different terms with similarly situated entities. But, in no event, shall the City be permitted to terminate Franchisee's right under this Franchise to place Facilities in the ROW unless terms of this Franchise are breached.

2.1.1 **90-Day Remedy Period.** If this Franchise is breached by Franchisee, then Franchisee shall have no more than ninety (90) days from written notice of the breach to either remedy the breach or remove its equipment, as set forth in Section 3. Franchisee shall pay to City a prorated Rent and Additional Rent (if any) for any period beyond the effective expiration or revocation date until Franchisee completes its obligation to remove its equipment and restore the locations.

2.2 **Termination of Use.** Notwithstanding Section 2.1, Franchisee may terminate its use of any or all of its Network by providing the City with ninety (90) days prior written notice. In the event of any such termination, Franchisee's payment obligations to the City shall terminate simultaneously with the termination of use and final billing to customers, provided Franchisee removes its equipment and restores all of its Facilities.

SECTION 3
REMOVAL AND RELOCATION

3.1 **Removal Due to Public Project.** City shall provide Franchisee no less than one hundred eighty (180) days written notice of its intent to require Franchisee to move or remove part of its Facilities. Franchisee, at its sole cost and expense, shall remove and relocate any part of its Network, constructed, installed, used and/or maintained by Franchisee under this Franchise, whenever the City reasonably determines that the removal and/or relocation of any part of its Network is needed for any of the following purposes: (a) due to any work proposed to be done by or on behalf of the City or any other governmental agency, including but not limited to, any change of grade, alignment or width of any street, sidewalk or other public facility, installation of curbs, gutters or landscaping and installation, construction, maintenance or operation of any underground or aboveground facilities such as sewers, water mains, drains, storm drains, pipes, gas mains, poles, power lines, telephone lines, cable television lines and tracks; (b) because any part of its Network is interfering with or adversely affecting the proper operation of City-owned light poles, traffic signals, or other City facilities; or (c) to protect or preserve the public health and safety. The City shall cooperate with Franchisee in relocating any portion of its Network removed pursuant to this Section 3.1 in a manner that allows Franchisee to continue providing service to its customers, including, but not limited to, expediting approval of any necessary permits required for the relocation of that portion of its Network relocated under this Section 3.1. Franchisee shall remove or relocate within one hundred eighty (180) days of receiving said notice; if the Franchisee fails to do so, the City reserves the right to remove any or all equipment—regardless of nature—and Franchisee shall pay any reasonable costs incurred by the City. The City reserves the right to retain or destroy any or all equipment after the expiration of the remove/relocate deadline or by written agreement between the parties.

3.2 **Removal Due to Termination.** No later than ninety (90) days after termination of this Franchise pursuant to the provisions of this Franchise, Franchisee shall, at its sole cost and expense, remove its Network or the terminated portion thereof and, if such removal disturbs the locations or adjacent property (including ROW or City real property), restore each Facility and its adjacent property to its original condition, reasonable wear and tear excepted, and further excepting landscaping and related irrigation equipment, or other aesthetic improvements made by Franchisee to the Facility or adjacent property, or as otherwise required by the City. For New Poles, Franchisee shall install a new streetlight or facility as directed by City Engineer, or his or her designee. Alternatively, the City may allow Franchisee, in the City's sole and absolute discretion, to abandon its Network, or any part thereof, in place and convey it to the City.

3.3 **Abandonment.** In the event Franchisee ceases to operate and abandons its Network, or any part thereof, for a period of ninety (90) days or more, Franchisee shall, at its sole cost and expense and within the time period specified in Section 3.2, vacate and remove its Network or the abandoned part thereof. If such removal disturbs the Facility or adjacent property (including ROW or City real property), Franchisee shall also, at its sole cost and expense, restore the Facility or adjacent property to its original condition, reasonable wear and tear excepted, and further excepting landscaping and related irrigation equipment, or other aesthetic improvements made by Franchisee to the Facility or adjacent property. Alternatively, the City may allow Franchisee, in the City's sole and absolute discretion, to abandon its Network, or any part thereof, in place and convey it to the City.

3.4 **No Relocation Compensation.** The Parties understand and agree that neither the City nor Franchisee are entitled to compensation for any relocation of its Network that may be required under Section 3.1. Franchisee acknowledges that Franchisee is not entitled to relocation assistance or any other compensation or benefits under the Uniform Relocation Assistance Act or any other applicable provision of law upon termination of this Franchise.

SECTION 4
MAINTENANCE AND REPAIR

4.1 **Electricity Use.** Franchisee shall pay for the electricity and other utilities services it consumes in its operations at the rate charged by the servicing utility Franchisee.

4.2 **Maintenance and Repair.** Franchisee shall, at Franchisee's sole cost and expense, perform all maintenance and repairs reasonably needed to maintain its Network in good condition and neat and orderly appearance, and in compliance with all applicable Laws. In the event any part of its Network requires replacement because such part cannot be repaired, Franchisee shall, at Franchisee's sole cost and expense, replace the irreparable part of its Network. Franchisee shall not cause rubbish, garbage or debris on or around its Network or the Facilities and shall not permit any rubbish, garbage or debris to accumulate on or around any enclosed areas around the Facilities. If the City gives Franchisee written or e-mail notice of a failure by Franchisee to maintain the Facilities, Franchisee shall use its best efforts to remedy such failure within forty-eight (48) hours after receipt of such written notice. If Franchisee is unable to remedy such failure within such time, the City shall have the right to remedy such failure and bill Franchisee for the costs.

4.3 **Appearance.** Franchisee shall cooperate with the City on all issues of aesthetics and appearance. Franchisee shall follow City policies and state and local ordinances with respect to aesthetics. Any aesthetic treatment shall be at the sole cost of the Franchisee. This includes, but is not limited to, historic site and/or locations of significant importance, in areas such as Downtown, Old Town and College Hill. All locations of facilities must be aesthetically approved by the City Engineering Department, in a manner consistent with other approvals within these restrictions.

4.4 **Repair of ROW.** Franchisee shall be responsible for any damage, ordinary wear and tear excepted, to street pavement, existing facilities and utilities, curbs, gutters, sidewalks, landscaping, and all other public or private facilities, to the extent caused by Franchisee's construction, installation, maintenance, access, use, repair, replacement, relocation, or removal of its Network in the ROW. Franchisee shall promptly repair such damage and return the ROW and any affected adjacent property to a safe and satisfactory condition to the City in accordance with the City's applicable street restoration standards or to the property owner if not the City. Franchisee's obligations under this Section 4.4 shall survive for one (1) year past the completion of such reparation and restoration work and return of the affected part of the ROW by Franchisee to the City.

4.5 **Bond.** Franchisee shall provide a bond in an amount determined by the City to represent the estimated cost of Franchisee's obligations under Sections 3 and 4 of this Franchise. The City may require Franchisee to increase the amount from time to time to reflect the reasonable estimated cost of performing such obligations, and to secure performance of Franchisee's obligations under Sections 3 and 4. Such bond amount shall not exceed $100,000.

SECTION 5
TAXES

5.1 **Taxes.** Franchisee agrees that it will be solely responsible for the payment of any and all applicable taxes, fees and assessments levied on its ownership, use and maintenance of its Network and this Franchise. Pursuant to Section 79-5(a)(26) of the Kansas Revenue and Taxation Code, the City hereby advises, and Franchisee recognizes and understands, that Franchisee's use of the ROW, the New Poles, and/or other non-ROW city property and facilities may create a possessory interest subject to real property taxation and that Franchisee may be subject to, and responsible for, the payment of real property taxes levied on such interest. Franchisee will cooperate with the Sedgwick County Assessor in providing any information necessary for the Assessor to make a property tax determination. Franchisee reserves the right to challenge any such assessment, and the City agrees to cooperate with Franchisee in connection with any such challenge.

SECTION 6
INDEMNIFICATION

6.1 **Indemnity.** Franchisee shall indemnify, defend, and hold harmless the City, its councilmembers, officers, employees, agents, and contractors, from and against liability, claims, demands, losses, damages, fines, charges, penalties, administrative and judicial proceedings and orders, judgments, and the costs and expenses incurred in connection therewith, including reasonable attorneys' fees and costs of defense to the extent resulting from activities undertaken by Franchisee pursuant to this Franchise, except to the extent arising from or caused by the gross negligence or willful misconduct of the City, its councilmembers, officers, employees, agents, assigns, or contractors. The City shall promptly notify Franchisee of any claim, action or proceeding covered by this Section 6.1.

6.2 **Waiver of Claims.** Franchisee waives all claims, demands, causes of action, and rights it may assert against the City on account of any loss, damage, or injury to any portion of its Network, or any loss or degradation of the services provided by its Network resulting from any event or occurrence except for any loss, damage, or injury to any portion of its Network, or any loss or degradation of the services provided by its Network resulting from the gross negligence or willful misconduct of the City.

6.3 **Limitation of City's Liability.** The City will be liable, if at all, only for the cost of repair to damaged portions of the Facilities arising from the gross negligence or willful misconduct of City, its employees, agents, or contractors. The City, its agents, officers, employees, or contractors, shall not be liable for any damage from any cause whatsoever to the Facilities, specifically including, without limitation, damage, if any, resulting from the City's maintenance operations adjacent to the Facilities or from vandalism or unauthorized use of the Facilities, except to the extent such damage is caused by the gross negligence or willful misconduct of City, its agents, officers, employees or contractors. The City will in no event be liable for indirect or consequential damages.

6.4 **Limitation of Franchisee's Liability.** In no event shall Franchisee be liable for indirect or consequential damages in connection with or arising from this Franchise, or its use of its Network, New Poles, and ROW or other City real property.

SECTION 7
INSURANCE

7.1 **Minimum Insurance Requirements.** Franchisee shall obtain and maintain, at its sole cost and expense for the duration of this Franchise, insurance as required by applicable law. The City, and its elected and appointed council members, board members, commissioners, officers and officials (the "Insureds") shall be named as additional insureds on all required insurance policies, except for Workers' Compensation and Employer's Liability policies. However, the Franchisee shall maintain a policy or policies of Comprehensive General Liability Insurance of at least $2,000,000.

7.2 **Secondary Parties.** In the event Franchisee hires any subcontractors, independent contractors or agents ("Secondary Parties") to locate, place, attach, install, operate, use, control, replace, repair or maintain its Network, Franchisee shall require the Secondary Parties to obtain and maintain insurance commensurate to the work such Secondary Parties perform.

SECTION 8
DEFAULT

8.1 **Default.** A "Default" shall be deemed to have occurred under this Franchise if a party fails to cure such within thirty (30) days after written notice specifying such breach, provided that if the breach is of a nature that it cannot be cured within thirty (30) days, a default shall not have occurred so long as the breaching party has commenced to cure within said time period and thereafter diligently pursues such cure to completion.

8.1.1. **Remedies.** Upon the failure of a party to timely cure any breach after notice thereof from the other party and expiration of the above cure periods, then the non-defaulting party may, subject to the terms of Sections

6.3 and 6.4 (Limitation of Liability), terminate this Franchise and pursue all remedies provided for in this Franchise and/or any remedies it may have under applicable law or principles of equity relating to such breach.

8.2 **City Termination Right.** In addition to the remedies set forth in Section 8.1.1, the City shall have the right to terminate this Franchise if: (i) the City is mandated by law, a court order or decision, or the federal or state government to take certain actions that will cause or require the removal of the Facilities from the public right of way; or (ii) if Franchisee's licenses are terminated, revoked, expired, or otherwise abandoned. Such termination rights shall be subject to Franchisee's rights to just compensation, if any, for any taking of a protected property right.

8.3 **No Waiver.** A waiver by either party at any time of any of its rights as to any matter herein contained shall not be deemed to be a waiver of any breach of covenant or other matter subsequently occurring.

8.4 **Interest.** If Franchisee fails to make any payment under this Franchise when due, such amounts shall accrue interest from the date such payment is due until paid, including accrued interest, at an annual rate of ten percent (10%) or, if lower, the highest percentage allowed by law.

SECTION 9
INTERFERENCE

9.1 **Non-Interference with Non-Public Safety Communications Systems.** Franchisee shall operate its Network in a manner that will not cause interference with City non-public safety communications systems and to the services and facilities of other licensees or lessees of City property located at or near the Facilities that were in operation prior to the installation of its Network or that are in operation prior to any modifications Franchisee may make to its Network.

9.2 **Non-Interference with Public Safety Communications Systems.** Franchisee's Network and Facilities shall not cause interference with public safety communications systems operated by City or any other public agency, regardless of the date such systems or any components thereof have been placed in service. Nor shall Franchisee's Network and Facilities cause interference with the City's use of the New Poles for their intended purpose as streetlights, traffic lights, and/or stand-alone light poles.

9.3 **Correction of Interference.** If such interference with the Facilities described in Sections 9.1 and 9.2 occur, Franchisee shall, upon receipt of written notice thereof from City, immediately commence commercially reasonable, diligent, efforts to correct or eliminate such interference. If such interference cannot be corrected by Franchisee to the reasonable satisfaction of City within the cure period set forth in the City's notice, which notice shall not be less than thirty (30) days absent an emergency or danger to public health and safety requiring shorter notice, such interference shall be deemed a material breach under this Franchise and City may terminate this Franchise. Interference caused by actions of Franchisee's Customer(s) remain the responsibility of Franchisee.

SECTION 10
MISCELLANEOUS PROVISIONS

10.1 **Nonexclusive Use.** Franchisee acknowledges that this Franchise does not provide Franchisee with exclusive use of the ROW or any municipal facility and that City retains the right to permit other providers of communications services to install equipment or devices in the ROW and on municipal facilities.

10.2 **Most-Favored Clause.** Should Franchisee, after the Parties' execution and delivery of this Franchise, enter into a similar franchise agreement with another municipality of the same size or smaller than the City in this State, which agreement contains financial benefits for such municipality which, taken as a whole and balanced with the other terms of such agreement, are in the City's opinion substantially superior to those in this Franchise, the City shall have the right to require that Franchisee modify this Franchise to incorporate the same or substantially similar superior benefits. Should

City, after the Parties' execution and delivery of this Franchise, enter into a similar agreement with a telecommunications company or wireless infrastructure provider, which agreement contains financial benefits for such telecommunications company or wireless infrastructure provider which, taken as a whole and balanced with the other terms of such agreement, are in the Franchisee's opinion substantially superior to those in this Agreement, the Franchisee shall have the right to require that City modify this Franchise to incorporate the same or substantially similar superior benefits.

10.3 **Notices.** All notices which shall or may be given pursuant to this Franchise shall be in writing and served by (1) electronic mail; and (2) personally served or transmitted through first class United States mail, or by express mail providing for overnight delivery, postage prepaid, to the following address or such other address of which a party may give written notice:

City: City of Wichita
455 N. Main
Wichita, KS 67202
Attention: City Clerk

Such notice shall be deemed made when personally delivered; if mailed via first class U.S. Mail, such notice shall be deemed made three (3) calendar days after the date of deposit in the U.S. Mail; if mailed via express/overnight mail, such notice shall be deemed made two (2) calendar days after the date of deposit in a designated overnight delivery mailbox or other like facility. Actual notice shall be deemed adequate notice on the date actual notice occurred, regardless of the method of service.

10.4 **Sublease/Assignment.** If Franchisee assigns, enters into a franchise license or concession agreement, changes ownership of its Network or voting control of Franchisee, mortgage, encumber, pledge, hypothecate or other transfer (including any transfer by operation of law this Franchise or any interest therein) Franchisee will provide notice of said transfer within ninety (90) days.

10.5 **Binding Effect.** This Franchise shall be binding upon and inure to the benefit of the parties and their respective heirs, legal representatives, successors, assigns and transferees.

10.6 **Entire Franchise; Modification; Waiver.** This Franchise constitutes the entire agreement between the parties relating to the subject matter hereof. All prior and contemporaneous agreements, representations, negotiations, and understandings of the parties, oral or written, relating to the subject matter hereof are merged into and superseded by this Franchise. Any modification or amendment to this Franchise shall be of no force and effect unless it is in writing and signed by the Parties. No waiver of any of the provisions of this Franchise shall be deemed, or shall constitute, a waiver of any other provision, whether or not similar. No waiver or consent shall constitute a continuing waiver or consent or commit either party to provide a waiver in the future except to the extent specifically set forth in writing. No waiver shall be binding unless executed in writing by the party making the waiver.

10.7 **Severability.** If any one or more of the provisions of this Franchise shall be held by a court of competent jurisdiction in a final judicial action to be void, voidable, or unenforceable, such provision or provisions shall be deemed

separable from the remaining provisions of this Franchise and shall in no way affect the validity of the remaining portions of this Franchise.

10.8 **Governing Law.** This Franchise shall be interpreted and enforced according to, and the Parties' rights and obligations governed by, the domestic law of the State of Kansas or applicable federal law, without regard to laws regarding choice of applicable law. Any proceeding or action to enforce this Franchise, or otherwise directly related to this Franchise, shall occur in the federal court with jurisdiction over Sedgwick County or the state courts located in Sedgwick County, Kansas.

10.9 **Survival of Terms.** All of the terms and conditions in this Franchise related to payment, removal due to termination or abandonment, indemnification, limits of City's liability, attorneys' fees and waiver shall survive termination of this Franchise.

10.10 **Captions and Paragraph Headings.** Captions and paragraph headings used herein are for convenience only. They are not a part of this Franchise and shall not be used in construing this Franchise.

10.11 **Drafting.** The parties agree that this Franchise is the project of joint draftsmanship and that should any of the terms be determined by a court, or in any type of quasi-judicial or other proceeding, to be vague, ambiguous and/or unintelligible, that the same sentences, phrases, clauses or other wording or language of any kind shall not be construed against the drafting party.

10.12 **Execution in Counterparts.** This Franchise may be executed in one or more identical counterparts and all such counterparts together shall constitute a single instrument for the purpose of the effectiveness of this Franchise.

10.13 **Authority to Execute This Franchise.** Each person or persons executing this Franchise on behalf of a party, warrants and represents that he or she has the full right, power, legal capacity and authority to execute this Franchise on behalf of such party and has the authority to bind such party to the performance of its obligations under this Franchise without the approval or consent of any other person or entity.

10.14 **No Warranty by the City.** The City makes no representations or warranties regarding the suitability, condition or fitness of the locations for the installation, maintenance or use of the New Poles or the Facilities.

10.15 **Franchise Applicable Only to the Facilities.** This Franchise shall not be construed to permit construction, installation, maintenance or use of Facilities on any property other than the Facilities.

10.16 **No Abrogation of Legal Responsibilities.** The City's execution of this Franchise shall not abrogate, in any way, Franchisee's responsibility to comply with all permitting requirements or to comply with all Laws with respect to its performance of the activities permitted under this Franchise.

10.17 **Contractual Interpretation.** In the interpretation and application of its rights under this Franchise, the City will act in a reasonable, non-discriminatory, and competitively neutral manner in compliance with all applicable federal, state, and local laws and regulations.

10.18 **Effective Date of Franchise Ordinance.** This Franchise Ordinance shall be effective upon its final passage and publication as required by law.

MCIMETRO ACCESS TRANSMISSION SERVICES, LLC
d/b/a VERIZON ACCESS TRANSMISSIONS SERVICES
Ordinance No. 52-019

AN ORDINANCE OF THE CITY OF WICHITA, KANSAS GRANTING TO MCIMETRO ACCESS TRANSMISSION SERVICES, LLC, A DELAWARE LIMITED LIABILITY COMPANY, ITS SUCCESSORS AND ASSIGNS, A FIBER OPTIC CABLE FRANCHISE AND PRESCRIBING THE TERMS OF SAID GRANT AND RELATING THERETO.

BE IT ORDERED BY THE GOVERNING BODY OF THE CITY OF WICHITA, KANSAS:

FRANCHISE AGREEMENT

This Franchise Agreement is made this 3rd day of January, 2023, by and between the City of Wichita, Kansas, a municipal corporation (City), and MCImetro Access Transmission Services, LLC d/b/a Verizon Access Transmission Services, a Delaware limited liability company authorized to do business in the State of Kansas (Franchisee).

WHEREAS, pursuant to the laws of the State of Kansas and the ordinances of the City of Wichita, Kansas, the authority to use the public rights of way within the City of Wichita, Kansas, is vested in the reasonable police powers of the City; and

WHEREAS, Franchisee is a Telecommunications carrier as defined in K.S.A. 66-1,187(m) with authority under K.S.A. 17-1902 to occupy the public right-of-way subject and subordinate to the reasonable public health, safety and welfare requirements and regulations of the City.

WHEREAS, Franchisee wishes to place and maintain communication Facilities in certain portions of the City's rights of way.

NOW, THEREFORE, in light of the mutual promises and obligations contained herein, and in exchange for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged by the parties, the parties agree as follows:

SECTION 1. - Definitions.

For the purposes of this Franchise Agreement, the following words and phrases shall have the meanings given herein:

(a) "City" shall mean the City of Wichita, Kansas. References to the City shall also include, as appropriate, any and all successors and assigns.

(b) "Facilities" shall mean poles, conduit, cable, switches and related appurtenances and facilities, all appurtenances and improvements thereto, whether existing above or below ground.

(c) "Franchise" shall mean a grant conveying the right, privilege, and authority to construct, operate and maintain facilities in, through and along the City's right of way for the purposes of supplying communications services.

(d) "Private party" means a non-governmental entity.

(e) "Public Improvement" shall mean any existing or contemplated public facility, building, or capital improvement project, including but not limited to streets, alleys, sidewalks, sewers, water mains, drainage conduits, telecommunication conduits, rights of way improvements, and other Public Projects.

(f) "Public Project" shall mean any project planned or undertaken by the City or any other governmental entity for the construction, reconstruction, maintenance, or repair of public facilities or Public Improvements, or for any public purpose.

(g) "Rights of Way" shall mean only those areas of real property in which the City has dedicated or acquired rights of way interests in the real property. It shall include the area on, below, or above the present and future streets, sidewalks, alleys, avenues, roads, highways, parkways, boulevards, or bridges dedicated or acquired as rights of way. The term does not include the airwaves above rights of way with regard to wireless telecommunications, other non-wire

telecommunications, or broadcast service, easements obtained by utilities, or private easements in platted subdivisions or tracts.

All definitions not specifically defined herein shall have the meaning ascribed to them by applicable federal, state or local law.

SECTION 2. - Grant of Franchise.

(a) For and in recognition of the mutual consideration set forth in this Franchise Agreement, the satisfaction of which is hereby acknowledged by both parties, Franchisee is hereby granted a nonexclusive Franchise to construct, place, replace, repair, maintain, extend, and operate its facilities along, across, upon, under, or in the City's Rights of Way, for the purpose of providing a fiber optic network to provide digital data and/or voice transport.

The City may, in writing, approve amendments to the locations and to the routes of Franchisee's fiber optic facilities, which approval shall not be unreasonably withheld, conditioned or delayed.

(b) This Franchise Agreement does not grant Franchisee the authority or right to provide end user "Cable Service." For the purposes of this agreement, "Cable Service" is defined as the one-way transmission to subscribers of video programming or other programming services, and subscriber interaction, if any, which is required for the selection of such video programming or other programming service.

(c) The grant of this Franchise Agreement shall not convey title, equitable or legal, to Franchisee in the Rights of Way of the City and shall only give to Franchisee the right to occupy the Rights of Way of the City for the purposes and for the time stated in this Franchise Agreement. The Franchise Agreement does not:

(1) Grant Franchisee the right to use Facilities or any other property, telecommunications-related or otherwise, owned or controlled by the City or a third party, without the valid written consent of the City or the third party.

(2) Grant Franchisee the authority to construct, to operate, or to maintain any Facilities and any related appurtenances and improvements thereto on any property owned by the City outside a Right of Way, including but not limited to public parks, City Hall, public works facilities, or other public property. The parties agree that the City and Franchisee shall—if it becomes necessary—enter into separate agreements for the placement of Facilities and any related appurtenances and improvements thereto on any City-owned property not located in a Right of Way.

(3) Excuse Franchisee from obtaining appropriate access or attachment agreements before locating its Facilities and any related appurtenances and improvements thereto on any property or facilities owned or controlled by the City or by any third party.

(d) As noted in subsection (b), Franchisee shall not provide any additional services for which a separate franchise is required by the City without first obtaining a separate franchise or amending this Franchise Agreement. In particular, this Franchise Agreement does not grant Franchisee the right to provide cable service as a cable operator (as defined by 47 U.S.C. § 522(5)) within the City. Franchisee also agrees that this Franchise Agreement does not permit it to operate an open video system without the payment of fees contemplated by 47 U.S.C. § 573(c)(2)(B) and without complying with all FCC regulations promulgated pursuant to 47 U.S.C. § 573. Franchisee shall not knowingly allow the use of its Facilities by any third party in violation of this subsection or of any federal, state, or local laws.

(e) Nothing in this Franchise Agreement shall be construed as giving Franchisee any exclusive rights or privileges.

(f) Notwithstanding anything herein to the contrary, Franchisee reserves all rights it may have under applicable federal, state and local laws affecting this Franchise Agreement, including but not limited to K.S.A. 12-2001.

SECTION 3. - Use of Rights of Way.

In using Rights of Way under this Franchise Agreement, Franchisee shall be subject to all applicable ordinances, resolutions, rules, regulations, and policies now or hereafter adopted or promulgated by the City in the reasonable exercise of its police powers and shall be subject to all applicable laws, statutes, ordinances, regulations, orders, and rules adopted or promulgated by any governing body now or hereafter having appropriate jurisdiction. As a condition of this Franchise Agreement, Franchisee shall obtain and shall be responsible for obtaining and maintaining any necessary permits, licenses, certifications, grants, registrations, or other authorizations required by any appropriate governmental entity, including but not limited to the FCC, the KCC, or the City, subject to Franchisee's right to challenge in good faith such requirement. In addition, Franchisee shall be subject to all applicable ordinances, resolutions, rules, regulations, and policies now or hereafter adopted or promulgated by the City relating to the use of Rights of Way, including but not limited to permits, sidewalk and pavement cuts, utility location, construction coordination, "Complete Streets" policies, beautification, tree care, and other requirements affecting the use of Rights of Way. Franchisee shall also comply with the following:

(a) Franchisee's use of the Rights of Way shall in all matters be subject and subordinate to the City's use of the Rights of Way for any purpose relating to the health, safety, and welfare and regulations of the City. Franchisee shall coordinate the placement of its Facilities in a manner that minimizes adverse impact on Public Improvements as reasonably determined by the City. Where placement is not otherwise regulated, the Facilities shall be placed with adequate clearance from such Public Improvements so as not to impact or be impacted by such Public Improvements.

(b) All earth, materials, sidewalks, paving, crossings, utilities, Public Improvements, or improvements of any kind that are injured, damaged, or removed by Franchisee, while engaging in any activity under this Franchise Agreement, shall be fully repaired or replaced within a reasonable time by Franchisee at its sole cost and expense and to the reasonable satisfaction of the City.

(c) Franchisee shall keep and maintain accurate records and as-built drawings depicting the accurate location of all Facilities constructed, reconstructed, located, or relocated in the Rights of Way of the City after the date hereof and shall provide that information to the City upon its request. Such location and identification shall be at the sole cost and expense of Franchisee, without any such cost or expense to the City or its authorized agents and contractors.

The City agrees to use any information obtained under this subsection only to locate utility facilities in connection with Public Projects and further agrees not to disclose such information to anyone other than City employees requiring such information to locate utility facilities in connection with Public Projects, except as may otherwise be required by law. The City and Franchisee agree that such information is confidential and proprietary. The City and Franchisee also agree that such information shall remain the sole property of Franchisee. The City and Franchisee further agree that such information shall not constitute an open public record as that term is defined by the Kansas Open Records Act, codified as amended at K.S.A. 45-215 et seq. In the event that the City shall be required to disclose such information,

the City shall provide Franchisee advance written notice of its intended disclosure of such information and shall take such action as may be reasonably required to cooperate with Franchisee in safeguarding such information.

Franchisee agrees to indemnify and to hold the City harmless from any and all penalties or costs, including reasonable attorneys' fees, incurred by the City, at the written request of Franchisee, in seeking to safeguard the confidentiality of information provided to the City by Franchisee under this section.

In the event that such information is required by law to be publicly disclosed, then Franchisee shall have no further obligation under this section to provide the City with such information.

(d) Except in cases of emergency, a minimum of fourteen (14) days prior to construction, reconstruction, location, or relocation of any Facilities in a Right of Way, Franchisee shall submit to the City Engineer, or his or her designee, for approval, plans and specifications related to the proposed construction, reconstruction, location, or relocation. The City shall not unreasonably withhold, delay, or condition approval of said plans and specification. The City's review of the plans and specifications shall be confined to matters impacting the interests of the City in managing the Rights of Way of the City.

(e) As reasonably necessary to accommodate City projects (not to include private parties), Franchisee shall relocate or adjust any of its Facilities located in a Right of Way for a Public Project upon forty-five (45) days written notice from the City. Such relocation or adjustment shall be performed by Franchisee at its sole cost and expense, without any cost or expense to the City or its authorized agents and Contractors and shall be subject specifically to the rules and regulations of the City.

Notwithstanding Section 3(e), Franchisee shall not be responsible for the expenses of relocation to accommodate any private party-initiated relocation of its Facilities. The expenses attributable to such a project shall be the responsibility of the private party upon the request and appropriate documentation of Franchisee. Before such expenses may be billed to the private party, Franchisee shall coordinate with the private party and the City on the design and construction to ensure that the work required is necessary and done in a cost-effective manner. Franchisee may require payment in advance of estimated costs or relocation prior to undertaking any work required to accommodate any installation initiated after the effective date of this Agreement.

(f) It shall be the sole responsibility of Franchisee to take adequate measures to protect and defend its Facilities in the Rights of Way from harm and damage. If Franchisee fails to accurately or timely locate its Facilities as required under K.S.A. 66-1801 et seq. and City law and regulation, then Franchisee has no claim for costs or damages against the City or its authorized agents and Contractors or any other party authorized to be in the Rights of Way, except to the extent that such harm or damage is caused by such party's negligent or intentional conduct. The City and its authorized agents and Contractors agree to take reasonable precautionary measures, including but not limited to calling for utility locations and observing marker posts, when working near Franchisee's Facilities.

(g) Except in cases of emergency, Franchisee shall notify the City not less than ten (10) days in advance of any construction, reconstruction, repair, location, or relocation of Facilities that would require any street closure or that would reduce the traffic flow to less than two lanes of moving traffic. The City shall follow its policies in the approval or denial of such authority, neither of which shall be unreasonably denied nor delayed. Except

in cases of emergency, no such closure shall take place without the prior authorization of the City.

In addition, all work performed in the traveled Rights of Way that, in any way, impacts vehicular or pedestrian traffic shall be properly signed, barricaded, and otherwise protected. For all work performed within the Rights of Way, Franchisee shall comply with the City's regulations, rules, and orders regarding the placement of signs, barricades, and other safeguards.

(h) All technical standards governing construction, reconstruction, installation, operation, testing, use, maintenance, and dismantling of the facilities in the Rights of Way shall be in accordance with applicable present and future federal, state, and local laws and regulations.

(i) The City shall have the authority to prohibit Franchisee's use or occupation of a specific portion of any Right of Way that is environmentally sensitive, as defined by federal, state, or local law or regulation, or that lies within a previously designated historic district as defined by federal, state, or local law, provided such prohibition is applied in a competitively neutral, non-discriminatory manner.

SECTION 4. - Compensation to the City.

(a) Franchisee is solely responsible for the payment of all lawful franchise and permit fees in connection with Franchisee's performance under this Agreement.

(b) In consideration of this Franchise Agreement, Franchisee agrees to remit to the City a Franchise Fee of five percent (5%) of Gross Receipts as defined in K.S.A. 12-2001(c)(6), and in addition, any other Gross Receipts as defined in Wichita City Code 3.93.040 to the extent permitted by state and federal law, (together the "Franchise Fee").

(c) The franchise fee is compensation for the use of the right of way and shall in no way be deemed a tax of any kind. The franchise fee is in addition to, and not in lieu of, the City's Telecommunications Service Occupation Tax under Wichita City Code Section 3.01.020. Franchisee will receive credit regardless of whether it is an end-user in the City limits toward total franchise fee payment pursuant to Wichita City Code Section 3.93.350 for occupation tax paid.

(d) In accordance with Section 3.93.310 of the Wichita City Code, each franchise fee payment shall be accompanied by a statement showing the manner in which the franchise fee was calculated. The franchise fee payment should also specify occupation tax credit as identified in Section 4(c) above.

(e) The franchise fee shall be due on a quarterly basis. The first payment shall be due on the first day of the month following the date on Page 1 of this Franchise Agreement, without the City being responsible for submitting an invoice. Any franchise fee not postmarked or delivered by the due date shall accrue interest from the due date until received, at the applicable statutory interest rate, as defined in K.S.A. 16-201.

SECTION 5. - Indemnification.

(a) It shall be the responsibility of Franchisee to take adequate measures to protect and defend its Facilities in the Rights of Way from harm or damage. If Franchisee fails to accurately or timely locate its Facilities, when requested, in accordance with the Kansas Underground Utility Damage Prevention Act, K.S.A. 66-1801 et seq., then it has no claim for costs or damages against the City or its authorized contractors, except to the extent such harm or damage is caused by such party's negligence or intentional conduct.

(b) Franchisee, and any successor or assign, agrees to indemnify, defend, save, and hold harmless the City, its officers, agents, employees, grantees, and assigns, from and against all claims, actions, liabilities,

damages, costs, expenses, and judgments, including reasonable attorneys' fees, on account of any injury to persons (including death) or damage to property to the extent caused by Franchisee's activities in the Rights of Way under the terms of this Franchise Agreement. This indemnification clause shall not apply to any injury or damage caused by the City's own negligence or intentional conduct or that of its employees, agents, or contractors. This indemnity provision shall extend beyond the termination or expiration of this Franchise Agreement.

(c) The City and Franchisee shall promptly advise the other in writing of any known claim or demand against Franchisee or the City related to or arising out of the Franchisee's activities in the Rights of Way.

SECTION 6. - Transfer and Assignment.

(a) Pursuant to the written permission of the City, which shall not unreasonably be withheld or delayed, Franchisee shall have the right to assign this Franchise Agreement and the rights and privileges hereby granted to any person, firm, or corporation, and any such assignee, who by accepting such assignment shall be bound by the terms and provisions of this Franchise Agreement. If Franchisee should seek approval to assign this Franchise Agreement, Franchisee shall notify the City in writing. All such assignments shall be in writing and authenticated copies thereof shall be filed with the City Clerk. This Franchise Agreement shall be assignable only in accordance with the laws of the State of Kansas.

SECTION 7. - Notice.

All notices, requests, demands, or other communications hereunder shall be in writing and shall be deemed given if personally delivered or mailed, certified mail, return receipt requested, or by a recognized overnight delivery service, to the following addresses:

If to City:

City of Wichita, Kansas
Attn: City Clerk
455 North Main Street, 13th Floor
Wichita, Kansas 67202

With a copy to:

City Attorney
455 North Main Street, 13th Floor
Wichita, Kansas 67202

If to Franchisee:

MCImetro Access Transmissions Service LLC
d/b/a Verizon Access Transmission Services
600 Hidden Ridge
Irving, TX 75038
Attn: Franchise Manager

With copy to (except for invoices) (which copy will not constitute notice):
Verizon Legal Department
Attn: Network Legal Team
1300 I Street, NW
5th Floor
Washington, DC 20005

Any such Notice shall be deemed effective upon actual receipt or refusal of receipt as shown on any return receipt obtained under this Section.

SECTION 8. - Term and Termination Date.

(a) This Franchise Agreement shall be effective for a term of ten (10) years from the effective date of this Franchise Agreement. Thereafter, this Franchise Agreement will renew for one (1) additional ten (10) year term, unless either party notifies the other party in writing of its intent to terminate or renegotiate this Franchise Agreement not less than one hundred eighty (180) days before the termination of the then-current term. The additional term shall be deemed a

continuation of the Franchise Agreement and not a new Franchise Agreement or amendment.

(b) Upon written request of the City or Franchisee, this Franchise Agreement shall be renegotiated at any time upon either of the following events: (i) any change in federal, state, or local laws, ordinances, regulations, orders, or rules that materially affects any rights or obligations of either the City or Franchisee under this Franchise Agreement; or (ii) notice is given not less than one hundred eighty (180) days before the termination of the then-current term.

(c) If any clause, sentence, section, or provision of K.S.A. 17-1901 et seq., and any amendments thereto, shall be held to be invalid by any court or administrative agency of competent jurisdiction, provided such order is not stayed, either the City or Franchisee may elect to request an amendment to the Franchise Agreement to be consistent with the order, unless the Franchise Agreement cannot be reasonably amended to remain a valid agreement in light of the order, in which event either the City or Franchisee may elect to terminate the entire Franchise Agreement. In the event of such invalidity and termination, if either the City or Franchisee is required by law to enter into a new agreement or an Ordinance Franchise with the other, the parties agree to act in good faith to promptly negotiate a new agreement or an Ordinance Franchise.

SECTION 9. - Termination or Forfeiture of Agreement.

(a) In case of failure on the part of Franchisee, its successors or assigns, to comply with any of the provisions of this Franchise Agreement, or if Franchisee, its successor or assigns, should do or cause to be done any act or thing prohibited by or in violation of the terms of this Franchise Agreement, then Franchisee, its successors or assigns, shall forfeit all rights and privileges granted by the Franchise Agreement and all rights hereunder shall cease, terminate, and become null and void, provided that said forfeiture shall not take effect until the City shall complete the following:

Before the City may proceed to terminate this Franchise Agreement, it shall first serve a written notice as provided by the Notice provisions of this Franchise Agreement, setting forth in detail the conditions of neglect, default, or failure complained of, and Franchisee shall have ninety (90) days after the receipt of such notice in which to comply with the conditions of this Franchise Agreement. If, at the end of such ninety (90) day period, the City deems that the conditions of the Franchise Agreement have not been met and that such Franchise Agreement is subject to cancellation thereunder, then the City shall terminate the Franchise Agreement, unless compliance with the conditions cannot be reasonably accomplished within said ninety (90) day period, in which event Franchisee shall have such additional time as is reasonably necessary provided Franchisee has commenced the cure within said ninety (90) day period and diligently prosecutes the cure to completion.

(b) Franchisee, its successors or assigns, may terminate this Franchise Agreement by notifying the City of its intent to terminate not less than thirty (30) days prior to the annual anniversary date of the execution of this Franchise Agreement.

(c) In the event of forfeiture or termination of the Franchise Agreement under this Section, Franchisee agrees that all compensation paid theretofore to the City shall be forfeited.

SECTION 10. - Rights and Duties upon Termination of Agreement.

Upon termination of this Franchise Agreement, whether by lapse of time, agreement by the parties, or by forfeiture, Franchisee shall have the right to abandon in place or, at its

option, to remove its Facilities from the Public Rights of Way within a reasonable time after such termination. In the case of the latter event, it shall be the duty of Franchisee immediately upon removal to restore the Public Rights of Way from which said Facilities are removed to as good condition as the same were before said removal was effected, ordinary wear and tear and damages not caused by Franchisee excepted, without cost to the City. In the case of the former event, abandonment by Franchisee shall operate to vest in the City all title, rights, and ownership of the abandoned facilities in their AS-IS, WHERE-IS condition with no warranties or guarantees of any kind.

SECTION 11. - Insurance.

(a) During the initial term, the renewal term, or any other extension of this Franchise Agreement, Franchisee shall obtain and maintain insurance coverage, at its sole cost and expense, with financially reputable insurers that are licensed, authorized or permitted to do business in the State of Kansas. Should Franchisee elect to use the services of an affiliated captive insurance company for this purpose, Franchisee shall obtain and possess a certificate of authority from the Kansas Insurance Commissioner. Franchisee shall provide not less than the following insurance:

(1) Worker's compensation as provided for under any workers' compensation or similar law in the jurisdiction where any work is performed with an employers' liability limit of $1,000,000 each accident/disease/policy limit equal to the amount required by law.

(2) Commercial general liability, including coverage for contractual liability and products completed operations liability on an occurrence basis and not a claims made basis, with a limit of Two Million Dollars ($2,000,000.00) per occurrence for bodily injury and property damage liability and Two Million Dollars ($2,000,000.00) general aggregate including personal and advertising injury. The City shall be included as an additional insured as their interest may appear under this Agreement with respect to liability arising from Franchisee's operations under this Franchise Agreement. Franchisee may utilize a combination of primary and umbrella liability insurance policies to satisfy the insurance policy limit requirements herein.

(b) As an alternative to the requirements of Section 11(a), supra, Franchisee may demonstrate to the satisfaction of the City that it is self-insured and that it has the wherewithal to provide coverage in an amount One Million Dollars ($1,000,000.00) per occurrence and Two Million Dollars ($2,000,000.00) in aggregate to protect the City from and against all claims by any person for loss or damage from death, personal injury, bodily injury, or property damage occasioned by Franchisee or so alleged to have been caused or to have occurred.

(c) Franchisee shall, as a material condition of this Franchise Agreement, prior to the commencement of any work, deliver to the City a certificate of insurance or evidence of self-insurance evidencing that the above insurance is in force. Upon receipt of notice from its insurer(s) Franchisee will provide the City thirty (30) days prior written notice of cancellation of any required coverage.

(d) Franchisee shall, as a material condition of this Franchise Agreement, prior to the commencement of any work hereunder, deliver to the City satisfactory evidence of a performance bond in the amount of Twenty Thousand Dollars ($20,000.00) payable to the City. The bond shall be used to ensure the appropriate and timely performance in the construction and maintenance of Facilities located in the Public Rights of Way and must be issued by a surety company authorized to

transact business in the State of Kansas and satisfactory to the City Attorney or to the City's Legal Department in form and substance. The performance bond shall remain in effect the entire term of the Ordinance to ensure the ongoing performance of the terms and obligations of the franchise as well as any future phases of construction and/or repair work. Notwithstanding the foregoing sentence, the City reserves the right to require Franchisee to provide additional financial assurance for future phases of construction and/or repair work, as reasonably determined by the City.

SECTION 12. - Reservation of Rights.

In entering into this Franchise Agreement, neither the City's nor Franchisee's present or future legal rights, positions, claims, assertions, or arguments, before any administrative body or court of law are in any way prejudiced or waived. By entering into this Franchise Agreement, neither the City nor Franchisee waive any rights, but instead expressly reserve any and all rights, remedies, and arguments the City or Franchisee may have at law or equity, without limitation, to argue, assert and/or take any position as to the legality or appropriateness of this Franchise Agreement or any present or future laws, ordinances, or rulings that may be the basis for the City or Franchisee entering into this Franchise Agreement.

SECTION 13. - Failure to Enforce.

The failure of either the City or Franchisee to insist in any one or more instances upon the strict performance of one or more of the terms or provisions of this Franchise Agreement shall not be construed as a waiver or relinquishment of any right in the future to enforce such term or provision, and the same shall continue in full force and effect. No waiver or relinquishment of any term or provision of this Franchise Agreement shall be deemed to have been made by the City or Franchisee unless said waiver or relinquishment is in writing and signed by both the City and Franchisee.

SECTION 14. - Force Majeure.

No party shall be liable for any failure to perform its obligations where such failure is a result of acts of God, fire, strikes, riots, floods, war, and other disasters or events beyond the City's or Franchisee's reasonable control.

SECTION 15. - Severability.

If any provision, section, or subsection of this Franchise Agreement or the application thereof to any person or circumstance is declared invalid by a competent court of law, such invalidity shall not affect other provisions, sections, subsections, or applications of this Franchise Agreement that can be given effect without the invalid provision, section, subsection, or application, and to this end the provisions, sections, subsection, or applications of this Franchise Agreement are hereby declared to be severable.

SECTION 16. - Governing Law.

The terms of this Franchise Agreement shall be governed by the laws of the State of Kansas.

SECTION 17. - Most Favored Provider.

All of the benefits and terms granted by the City herein are at least as favorable as the benefits and terms granted by the City to any future franchisee of the public ROW engaged in the same or similar business described in this Franchise Agreement. Should the City enter into any subsequent agreement of any kind no matter what nomenclature is attached thereto with any other franchisee during the term of this Franchise Agreement, which Agreement provides for benefits or terms more favorable than those contained in this Franchise Agreement, then this Franchise Agreement shall be deemed to be modified effective as of the date of such more favorable agreement to provide Franchisee with those more favorable benefits and terms. The City shall notify Franchisee promptly of the existence of such more favorable benefits and terms and Franchisee shall have the right to receive the more favorable benefits and terms immediately. If requested in writing by Franchisee, the City shall amend this Franchise Agreement to contain the more favorable terms and conditions.

SECTION 18. - Most-Favored Municipality.

Most-Favored Municipality. Should Franchisee after the Parties' execution and delivery of this Agreement enter into a franchise agreement for the same type and scope of services and right-of-way use as in this Franchise Agreement with another municipality of the same or similar size as the City in this State, which agreement contains financial benefits for such municipality which, taken as a whole and balanced with the other terms of such agreement, are in the City's reasonable opinion substantially superior to those in this Franchise Agreement, the City shall have the right to require that Franchisee, and all other similarly situated providers, modify their franchise agreements to incorporate the same or substantially similar superior benefits. All modifications to franchise agreements under this Section 18 shall be competitively neutral and not unreasonable or discriminatory in any way.

IN WITNESS WHEREOF, the undersigned have caused this Franchise Agreement to be executed as of the date noted above.

(Ord. No. 52-019, 1-3-23)

BUTLER RURAL ELECTRIC COOPERATIVE ASSOCIATION, INC.
Ordinance No. 52-338

AN ORDINANCE OF THE CITY OF WICHITA, KANSAS GRANTING TO BUTLER RURAL ELECTRIC COOPERATIVE ASSOCIATION, INC., ITS SUCCESSORS AND ASSIGNS, A FIBER OPTIC CABLE FRANCHISE AND PRESCRIBING THE TERMS OF SAID GRANT AND RELATING THERETO.

BE IT ORDAINED BY THE GOVERNING BODY OF THE CITY OF WICHITA, KANSAS:

SECTION 1. Definitions.

For the purposes of this Franchise Agreement, the following words and phrases shall have the meanings given herein:

(a) "City" shall mean the City of Wichita, Kansas. References to the City shall also include, as appropriate, any and all successors and assigns.

(b) "Facilities" shall mean fiber optic lines and all appurtenances and improvements thereto, whether existing above or below ground.

(c) "Franchise" shall mean a grant conveying the right, privilege, and authority to construct, operate and maintain facilities in, through and along the City's right of way for the purposes of supplying communications services.

(d) "Private party" means a non-governmental entity.

(e) "Public Improvement" shall mean any existing or contemplated public facility, building, or capital improvement project, including but not limited to streets, alleys, sidewalks, sewers, water mains, drainage conduits, telecommunication conduits, rights of way improvements, and other Public Projects.

(f) "Public Project" shall mean any project planned or undertaken by the City or any other governmental entity for the construction, reconstruction, maintenance, or repair of public facilities or Public Improvements, or for any public purpose.

(g) "Public Rights of Way" shall mean only those areas of real property in which the City has dedicated or acquired rights of way interests in the real property. It shall include the area on, below, or above the present and future streets, sidewalks, alleys, avenues, roads, highways, parkways, boulevards, or bridges dedicated or acquired as rights of way. The term does not include the airwaves above rights of way with regard to wireless telecommunications, other non-wire telecommunications, or broadcast service, easements obtained by utilities, or private easements in platted subdivisions or tracts.

(h) "Telecommunications Services" shall mean providing the means of transmission between or among points specified by the user, of information of the user's choosing, without change in the form or content of the information sent and received.

All definitions not specifically defined herein shall have the meaning ascribed to them by applicable federal, state or local law.

SECTION 2. Grant of Franchise.

(a) For and in recognition of the mutual consideration set forth in this Franchise Agreement, the satisfaction of which is hereby acknowledged by both parties, Franchisee is hereby granted a nonexclusive Franchise to construct, place, replace, repair, maintain, extend, and operate its facilities along, across, upon, under, or in the City's Public Rights of Way, for the purpose of providing a fiber optic network to provide digital data and/or voice transport.

The City may, in writing, approve amendments to the locations and to the routes of Franchisee's fiber optic facilities, which approval shall not be unreasonably withheld, conditioned or delayed.

(b) This Franchise Agreement does not grant Franchisee the authority or right to provide end user "Cable Service." For the purposes of this

agreement, "Cable Service" is defined as the one-way transmission to subscribers of video programming or other programming services, and subscriber interaction, if any, which is required for the selection of such video programming or other programming service.

(c) The grant of this Franchise Agreement shall not convey title, equitable or legal, to Franchisee in the Public Rights of Way of the City and shall only give to Franchisee the right to occupy the Public Rights of Way of the City for the purposes and for the time stated in this Franchise Agreement. The Franchise Agreement does not:

(1) Grant Franchisee the right to use Facilities or any other property, telecommunications-related or otherwise, owned or controlled by the City or a third party, without the valid written consent of the City or the third party.

(2) Grant Franchisee the authority to construct, to operate, or to maintain any Facilities and any related appurtenances and improvements thereto on any property owned by the City outside a Public Right of Way, including but not limited to public parks, City Hall, public works facilities, or other public property. The parties agree that the City and Franchisee shall—if it becomes necessary—enter into separate agreements for the placement of Facilities and any related appurtenances and improvements thereto on any City-owned property not located in a Public Right of Way.

(3) Excuse Franchisee from obtaining appropriate access or attachment agreements before locating its Facilities and any related appurtenances and improvements thereto on any property or facilities owned or controlled by the City or by any third party.

(d) As noted in subsection (b), Franchisee shall not provide any additional services for which a separate franchise is required by the City without first obtaining a separate franchise or amending this Franchise Agreement. In particular, this Franchise Agreement does not grant Franchisee the right to provide cable service as a cable operator (as defined by 47 U.S.C. § 522(5)) within the City. Franchisee also agrees that this Franchise Agreement does not permit it to operate an open video system without the payment of fees contemplated by 47 U.S.C. § 573(c)(2)(B) and without complying with all FCC regulations promulgated pursuant to 47 U.S.C. § 573. Franchisee shall not knowingly allow the use of its Facilities by any third party in violation of this subsection or of any federal, state, or local laws.

(e) Nothing in this Franchise Agreement shall be construed as giving Franchisee any exclusive rights or privileges.

(f) Franchisee or Franchisee's contractor shall, prior to commencing any construction of Franchisee's Facilities in a Public Right of Way, post a payment bond an amount equal to the estimated construction costs assuring that the construction of Franchisee's Facilities in the Public Right of Way will be constructed without the attachment of any construction liens. Such payment bond will be returned by the City and cancelled upon Franchisee providing reasonable proof of payment for the construction.

(g) Notwithstanding anything herein to the contrary, Franchisee reserves all rights it may have under applicable federal, state and local laws affecting this Franchise Agreement, including but not limited to K.S.A. 12-2001.

SECTION 3. Use of Public Rights of Way.

In using Public Rights of Way under this Franchise Agreement, Franchisee shall be subject to all applicable ordinances, resolutions, rules, regulations, and policies now or hereafter adopted or promulgated by the City in the reasonable exercise of its police powers and shall be subject to all applicable laws, statutes, ordinances, regulations, orders, and rules adopted or promulgated by any governing body now or hereafter having appropriate jurisdiction. As a condition of this Franchise Agreement, Franchisee shall obtain and shall be responsible for obtaining and maintaining any necessary permits, licenses, certifications, grants, registrations, or other authorizations required by any appropriate

governmental entity, including but not limited to the FCC, the KCC, or the City, subject to Franchisee's right to challenge in good faith such requirement. In addition, Franchisee shall be subject to all applicable ordinances, resolutions, rules, regulations, and policies now or hereafter adopted or promulgated by the City relating to the use of Public Rights of Way, including but not limited to permits, sidewalk and pavement cuts, utility location, construction coordination, "Complete Streets" policies, beautification, tree care, and other requirements affecting the use of Public Rights of Way. Franchisee shall also comply with the following:

(a) Franchisee's use of the Public Rights of Way shall in all matters be subject and subordinate to the City's use of the Public Rights of Way for any public purpose or for any purpose relating to the health, safety, and welfare of the City. Franchisee shall coordinate the placement of its Facilities in a manner that minimizes adverse impact on Public Improvements as reasonably determined by the City. Where placement is not otherwise regulated, the Facilities shall be placed with adequate clearance from such Public Improvements so as not to impact or be impacted by such Public Improvements.

(b) All earth, materials, sidewalks, paving, crossings, utilities, Public Improvements, or improvements of any kind that are injured, damaged, or removed by Franchisee, while engaging in any activity under this Franchise Agreement, shall be fully repaired or replaced within a reasonable time by Franchisee at its sole cost and expense and to the reasonable satisfaction of the City.

(c) Franchisee shall keep and maintain accurate records and as-built drawings depicting the accurate location of all Facilities constructed, reconstructed, located, or relocated in the Public Rights of Way of the City after the date hereof and shall provide that information to the City upon its request. Such location and identification shall be at the sole cost and expense of Franchisee, without any such cost or expense to the City or its authorized agents and contractors.

The City agrees to use any information obtained under this subsection only to locate utility facilities in connection with Public Projects and further agrees not to disclose such information to anyone other than City employees requiring such information to locate utility facilities in connection with Public Projects, except as may otherwise be required by law. The City and Franchisee agree that such information is confidential and proprietary. The City and Franchisee also agree that such information shall remain the sole property of Franchisee. The City and Franchisee further agree that such information shall not constitute an open public record as that term is defined by the Kansas Open Records Act, codified as amended at K.S.A. 45-215 et seq. In the event that the City shall be required to disclose such information, the City shall provide Franchisee advance written notice of its intended disclosure of such information and shall take such action as may be reasonably required to cooperate with Franchisee in safeguarding such information.

Franchisee agrees to indemnify and to hold the City harmless from any and all penalties or costs, including reasonable attorneys' fees, incurred by the City, at the written request of Franchisee, in seeking to safeguard the confidentiality of information provided to the City by Franchisee under this section.

In the event that such information is required by law to be publicly disclosed, then Franchisee shall have no further obligation under this section to provide the City with such information.

(d) Except in cases of emergency, a minimum of fourteen (14) days prior to construction, reconstruction, location, or relocation of any Facilities in a Public Right of Way, Franchisee shall submit to the City Engineer, or his or her designee, for

approval, plans and specifications related to the proposed construction, reconstruction, location, or relocation. The City shall not unreasonably withhold, delay, or condition approval of said plans and specification. The City's review of the plans and specifications shall be confined to matters impacting the interests of the City in managing the Public Rights of Way of the City.

(e) As reasonably necessary to accommodate City projects (not to include private parties), Franchisee shall relocate or adjust any of its Facilities located in a Public Right of Way for a Public Project upon forty-five (45) days written notice from the City. Such relocation or adjustment shall be performed by Franchisee at its sole cost and expense, without any cost or expense to the City or its authorized agents and Contractors and shall be subject specifically to the rules and regulations of the City.

Notwithstanding Section 3(e), Franchisee shall not be responsible for the expenses of relocation to accommodate any private party initiated installation of its Facilities. The expenses attributable to such a project shall be the responsibility of the private party upon the request and appropriate documentation of Franchisee. Before such expenses may be billed to the private party, Franchisee shall coordinate with the private party and the City on the design and construction to ensure that the work required is necessary and done in a cost-effective manner. Franchisee may require payment in advance of estimated costs or relocation prior to undertaking any work required to accommodate any installation initiated after the effective date of this Agreement.

(f) It shall be the sole responsibility of Franchisee to take adequate measures to protect and defend its Facilities in the Public Rights of Way from harm and damage. If Franchisee fails to accurately or timely locate its Facilities when requested, then Franchisee has no claim for costs or damages against the City or its authorized agents and Contractors or any other party authorized to be in the Public Rights of Way, except to the extent that such harm or damage is caused by such party's negligent or intentional conduct. The City and its authorized agents and Contractors agree to take reasonable precautionary measures, including but not limited to calling for utility locations and observing marker posts, when working near Franchisee's Facilities.

(g) Except in cases of emergency, Franchisee shall notify the City not less than ten (10) days in advance of any construction, reconstruction, repair, location, or relocation of Facilities that would require any street closure or that would reduce the traffic flow to less than two lanes of moving traffic. The City shall follow its policies in the approval or denial of such authority, neither of which shall be unreasonably denied nor delayed. Except in cases of emergency, no such closure shall take place without the prior authorization of the City.

In addition, all work performed in the traveled Public Rights of Way that, in any way, impacts vehicular or pedestrian traffic shall be properly signed, barricaded, and otherwise protected. For all work performed within the Public Rights of Way, Franchisee shall comply with the City's regulations, rules, and orders regarding the placement of signs, barricades, and other safeguards.

(h) All technical standards governing construction, reconstruction, installation, operation, testing, use, maintenance, and dismantling of the facilities in the Public Rights of Way shall be in accordance with applicable present and future federal, state, and local laws and regulations.

(i) The City shall have the authority to prohibit Franchisee's use or occupation

of a specific portion of any Public Right of Way that is environmentally sensitive, as defined by federal, state, or local law or regulation, or that lies within a previously designated historic district as defined by federal, state, or local law, provided such prohibition in applied in a competitively neutral, non-discriminatory manner.

SECTION 4. Compensation to the City.

(a) Franchisee is solely responsible for the payment of all lawful franchise and permit fees in connection with Franchisee's performance under this Agreement.

(b) In consideration of this Franchise Agreement, Franchisee agrees to remit to the City a franchise fee of five percent (5%) of Gross Revenues ("Franchise Fee"). As defined in Wichita City Code 3.93.040, "gross receipts" means all revenues received directly or indirectly by a franchisee or its affiliates for communications services that either originate or terminate within the corporate limits of the city, and all revenue derived from the use of facilities. If a telecommunications local exchange service provider offers additional services of a wholly local nature which if in existence on or before July 1, 2002, would have been included with the definition of gross receipts, such services shall be included from the date of the offering of such services in the City. Such gross receipts means only those receipts collected from within the corporate boundaries of the City and which are derived from the following: (1) recurring local exchange service revenues from businesses and residences which includes basic telephone exchange service, touch tone, optional calling features and measured local calls; (2) recurring local exchange access line services for pay phone lines provided by a telecommunications local exchange service provider to all pay phone service providers; (3) local directory assistance (411); (4) line status verification/ busy interrupt; (5) local operator assistance; (6) nonrecurring local exchange service revenue, which shall include customer service charges for installation of lines, reconnection of service and charge for duplicate bills.. All other revenues, including, but not limited to, revenues from extended area service, the sale or lease of unbundled network elements, nonregulated services, carrier and end user access, long distance or interexchange services, wireless telecommunications services, lines providing only data service without voice services processed by a telecommunications local exchange service provider, private line service arrangements, internet, broadband and all other services not wholly local in nature are exclude from gross receipts. Additionally, "gross receipts" shall not include revenues from cable services subject to a cable services franchise, or bad or uncollected debt and late charges, and any federal, state or local taxes or franchise fees separately stated on a customer's bill, provided, that a franchisee shall include uncollected debt in gross receipts at the time it is actually collected.

(c) The franchise fee is compensation for the use of the right of way and shall in no way be deemed a tax of any kind. The franchise fee is in addition to, and not in lieu of, the City's Telecommunications Service Occupation Tax under Wichita City Code section 3.90.020. Franchisee will receive credit toward total franchise fee payment pursuant to Wichita City Code section 3.93.350 for occupation tax paid.

(d) In accordance with section 3.93.310 of the Wichita City Code, each franchise fee payment shall be accompanied by a statement showing the manner in which the franchise fee was calculated. The franchise fee payment should also specify occupation tax credit as identified in section 4(c) above.

(e) The franchise fee shall be due on a quarterly basis. The first payment shall be due on the first day of the month following the date on Page 1 of this Franchise Agreement, without the City being responsible for submitting an invoice. Any franchise fee not postmarked or delivered by the due date shall accrue interest from the due date until received, at the applicable statutory interest rate, as defined in K.S.A. 16-201.

SECTION 5. Indemnification.

(a) It shall be the responsibility of Franchisee to take adequate measures to protect and defend its Facilities in the Public Rights of Way from

harm or damage. If Franchisee fails to accurately or timely locate its Facilities, when requested, in accordance with the Kansas Underground Utility Damage Prevention Act, K.S.A. 66-1801 et seq., then it has no claim for costs or damages against the City or its authorized Contractors, except to the extent such harm or damage is caused by such party's negligence or intentional conduct.

(b) Franchisee, and any successor or assign, agrees to indemnify, defend, save, and hold harmless the City, its officers, agents, employees, grantees, and assigns, from and against all claims, actions, liabilities, damages, costs, expenses, and judgments, including reasonable attorneys' fees, on account of any injury to persons (including death) or damage to property to the extent caused by Franchisee's activities in the Public Rights of Way under the terms of this Franchise Agreement. This indemnification clause shall not apply to any injury or damage caused by the City's own negligence or intentional conduct or that of its employees, agents, or Contractors. This indemnity provision shall extend beyond the termination or expiration of this Franchise Agreement.

(c) The City and Franchisee shall promptly advise the other in writing of any known claim or demand against Franchisee or the City related to or arising out of the Franchisee's activities in the Public Rights of Way.

SECTION 6. Transfer and Assignment.

(a) Pursuant to the written permission of the City, which shall not unreasonably be withheld, conditioned or delayed, Franchisee shall have the right to assign this Franchise Agreement and the rights and privileges hereby granted to any person, firm, or corporation, and any such assignee, who by accepting such assignment shall be bound by the terms and provisions of this Franchise Agreement. If Franchisee should seek approval to assign this Franchise Agreement, Franchisee shall notify the City in writing. All such assignments shall be in writing and authenticated copies thereof shall be filed with the City Clerk. This Franchise Agreement shall be assignable only in accordance with the laws of the State of Kansas.

(b) This prohibition shall not apply, and the City's prior consent shall be not required, in the case of sale, assignment, transfer, or lease by Franchisee to an affiliated entity or to a successor in interest to the merger, consolidation, sale or acquisition of Franchisee; nor shall it apply to assignments made or security interests granted in order to secure financing. The City shall have the discretion to review the qualifications of any entity acquiring this Franchise Agreement.

SECTION 7. Notice.

All notices, requests, demands, or other communications hereunder shall be in writing and shall be deemed given if personally delivered or mailed, certified mail, return receipt requested, or by a recognized overnight delivery service, to the following addresses:

If to City:

City of Wichita, Kansas
Attn: City Clerk
455 North Main Street, 13th Floor
Wichita, KS 67202

With a copy to:

City Attorney
455 North Main Street, 13th Floor
Wichita, KS 67202

If to Franchisee:

Butler Rural Electric Cooperative Association, Inc.
Attn: Sarah Madden
PO Box 1242
El Dorado, KS 67042

Any such Notice shall be deemed effective upon actual receipt or refusal of receipt as shown on any return receipt obtained under this Section.

SECTION 8. Term and Termination Date.

(a) This Franchise Agreement shall be effective for a term of ten (10) years from the effective date of this Franchise Agreement. Thereafter, this Franchise Agreement will renew for one (1) additional ten (10) year term, unless either party

notifies the other party in writing of its intent to terminate or renegotiate this Franchise Agreement not less than one hundred eighty (180) days before the termination of the then-current term. The additional term shall be deemed a continuation of the Franchise Agreement and not a new Franchise Agreement or amendment.

(b) Upon written request of the City or Franchisee, this Franchise Agreement shall be renegotiated at any time upon either of the following events: (i) any change in federal, state, or local laws, ordinances, regulations, orders, or rules that materially affects any rights or obligations of either the City or Franchisee under this Franchise Agreement; or (ii) notice is given not less than one hundred eighty (180) days before the termination of the then-current term.

(c) If any clause, sentence, section, or provision of K.S.A. 17-1901 et seq., and any amendments thereto, shall be held to be invalid by any court or administrative agency of competent jurisdiction, provided such order is not stayed, either the City or Franchisee may elect to request an amendment to the Franchise Agreement to be consistent with the order, unless the Franchise Agreement cannot be reasonably amended to remain a valid agreement in light of the order, in which event either the City or Franchisee may elect to terminate the entire Franchise Agreement. In the event of such invalidity and termination, if either the City or Franchisee is required by law to enter into a new agreement or an Ordinance Franchise with the other, the parties agree to act in good faith to promptly negotiate a new agreement or an Ordinance Franchise.

SECTION 9. Termination or Forfeiture of Agreement.

(a) In case of failure on the part of Franchisee, its successors or assigns, to comply with any of the provisions of this Franchise Agreement, or if Franchisee, its successor or assigns, should do or cause to be done any act or thing prohibited by or in violation of the terms of this Franchise Agreement, then Franchisee, its successors or assigns, shall forfeit all rights and privileges granted by the Franchise Agreement and all rights hereunder shall cease, terminate, and become null and void, provided that said forfeiture shall not take effect until the City shall complete the following:

Before the City may proceed to terminate this Franchise Agreement, it shall first serve a written notice as provided by the Notice provisions of this Franchise Agreement, setting forth in detail the conditions of neglect, default, or failure complained of, and Franchisee shall have ninety (90) days after the receipt of such notice in which to comply with the conditions of this Franchise Agreement. If, at the end of such ninety (90) day period, the City deems that the conditions of the Franchise Agreement have not been met and that such Franchise Agreement is subject to cancellation thereunder, then the City shall terminate the Franchise Agreement, unless compliance with the conditions cannot be reasonably accomplished within said ninety (90) day period, in which event Franchisee shall have such additional time as is reasonably necessary provided Franchisee has commenced the cure within said ninety (90) day period and diligently prosecutes the cure to completion.

(b) Franchisee, its successors or assigns, may terminate this Franchise Agreement by notifying the City of its intent to terminate not less than thirty (30) days prior to the annual anniversary date of this execution of this Franchise Agreement.

(c) In the event of forfeiture or termination of the Franchise Agreement under this Section, Franchisee agrees that all compensation paid theretofore to the City shall be forfeited.

SECTION 10. Rights and Duties upon Termination of Agreement.

Upon termination of this Franchise Agreement, whether by lapse of time, agreement by the parties, or by forfeiture, Franchisee shall have the right to abandon in place or, at its option, to remove its Facilities from the Public Rights of Way within a reasonable time after such termination. In the case of the latter event, it shall be the duty of Franchisee immediately upon removal to restore the Public Rights of Way from which said Facilities are removed to as good condition as the same were before said removal

was effected, ordinary wear and tear and damages not caused by Franchisee excepted, without cost to the City. In the case of the former event, abandonment by Franchisee shall operate to vest in the City all title, rights, and ownership of the abandoned facilities in their AS-IS, WHERE-IS condition with no warranties or guarantees of any kind.

SECTION 11. Insurance.

(a) During the initial term, the renewal term, or any other extension of this Franchise Agreement, Franchisee shall obtain and maintain insurance coverage, at its sole cost and expense, with financially reputable insurers that are licensed to do business in the State of Kansas. Should Franchisee elect to use the services of an affiliated captive insurance company for this purpose, Franchisee shall obtain and possess a certificate of authority from the Kansas Insurance Commissioner. Franchisee shall provide not less than the following insurance:

(1) Worker's compensation as provided for under any workers' compensation or similar law in the jurisdiction where any work is performed with an employers' liability limit equal to the amount required by law.

(2) Commercial general liability, including coverage for contractual liability and products completed operations liability on an occurrence basis and not a claims made basis, with a limit of not less than Two Million Dollars ($2,000,000.00) combined single limit per occurrence for bodily injury, personal injury, and property damage liability. The City shall be named as an additional insured with respect to liability arising from Franchisee's operations under this Franchise Agreement. Franchisee may utilize a combination of primary and umbrella liability insurance policies to satisfy the insurance policy limit requirements herein.

(b) As an alternative to the requirements of Section 11(a), supra, Franchisee may demonstrate to the satisfaction of the City that it is self-insured and that it has the wherewithal to provide coverage in an amount no less than One Million Dollars ($1,000,000.00) per occurrence and Two Million Dollars ($2,000,000.00) in aggregate to protect the City from and against all claims by any person for loss or damage from death, personal injury, bodily injury, or property damage occasioned by Franchisee or so alleged to have been caused or to have occurred.

(c) Franchisee shall, as a material condition of this Franchise Agreement, prior to the commencement of any work, deliver to the City a certificate of insurance or evidence of self-insurance evidencing that the above insurance is in force and will not be cancelled without first giving the City thirty (30) days prior written notice. Franchisee shall make available to the City, on request, the policy declarations page and a certified copy of the policy in effect so that limitations and exclusions can be evaluated for appropriateness of overall coverage.

(d) Franchisee shall, as a material condition of this Franchise Agreement, prior to the commencement of any work hereunder, deliver to the City satisfactory evidence of a performance bond in the amount of Twenty Thousand Dollars ($20,000.00) payable to the City. The bond shall be used to ensure the appropriate and timely performance in the construction and maintenance of Facilities located in the Public Rights of Way and must be issued by a surety company authorized to transact business in the State of Kansas and satisfactory to the City Attorney or to the City's Legal Department in form and substance. The performance bond shall remain in effect the entire term of the Ordinance to ensure the ongoing performance of the terms and obligations of the franchise as well as any future phases of construction and/or repair work. Notwithstanding the foregoing sentence, the City reserves the right to require Franchisee to provide additional financial assurance for future phases of construction and/or repair work, as reasonably determined by the City.

SECTION 12. Reservation of Rights.

In entering into this Franchise Agreement, neither the City's nor Franchisee's present or future legal rights, positions, claims, assertions,

or arguments, before any administrative body or court of law are in any way prejudiced or waived. By entering into this Franchise Agreement, neither the City nor Franchisee waive any rights, but instead expressly reserve any and all rights, remedies, and arguments the City or Franchisee may have at law or equity, without limitation, to argue, assert and/or take any position as to the legality or appropriateness of this Franchise Agreement or any present or future laws, ordinances, or rulings that may be the basis for the City or Franchisee entering into this Franchise Agreement.

SECTION 13. Failure to Enforce.

The failure of either the City or Franchisee to insist in any one or more instances upon the strict performance of one or more of the terms or provisions of this Franchise Agreement shall not be construed as a waiver or relinquishment of any right in the future to enforce such term or provision, and the same shall continue in full force and effect. No waiver or relinquishment of any term or provision of this Franchise Agreement shall be deemed to have been made by the City or Franchisee unless said waiver or relinquishment is in writing and signed by both the City and Franchisee.

SECTION 14. Force Majeure.

No party shall be liable for any failure to perform its obligations where such failure is a result of acts of God, fire, strikes, riots, floods, war, and other disasters or events beyond the City's or Franchisee's reasonable control.

SECTION 15. Severability.

If any provision, section, or subsection of this Franchise Agreement or the application thereof to any person or circumstance is declared invalid by a competent court of law, such invalidity shall not affect other provisions, sections, subsections, or applications of this Franchise Agreement that can be given effect without the invalid provision, section, subsection, or application, and to this end the provisions, sections, subsection, or applications of this Franchise Agreement are hereby declared to be severable.

SECTION 16. Governing Law.

The terms of this Franchise Agreement shall be governed by the laws of the State of Kansas.

SECTION 17. Effective Date of Ordinance.

This ordinance shall be effective upon its final passage and publication once in the official city paper.

PASSED AND APPROVED by the governing body of Wichita, Kansas this 13th day of February 2024.

ARTICLE VI. SKYWALK BRIDGE

FIRST NATIONAL BANK
Ordinance No. 40-534

AN ORDINANCE GRANTING TO THE FIRST NATIONAL BANK IN WICHITA, KANSAS, THE AUTHORITY, RIGHT, LICENSE, FRANCHISE AND PRIVILEGE TO CONSTRUCT, MAINTAIN AND OPERATE A SKYWALK BRIDGE FOR PEDESTRIAN TRAFFIC OVER AND ABOVE MAIN STREET BETWEEN TWO BUILDINGS LOCATED AT THE NORTHWEST CORNER AND NORTHEAST CORNER OF MAIN STREET AND DOUGLAS STREET IN THE CITY OF WICHITA, KANSAS, AND THE ALLEYS ABUTTING SAID BUILDINGS ON THE NORTH, AND FIXING THE TERMS AND CONDITIONS OF SUCH GRANT.

BE IT ORDAINED BY THE GOVERNING BODY OF THE CITY OF WICHITA, KANSAS:

Section 1. Grant. The license, franchise, authority, right and privilege is hereby granted to the First National Bank in Wichita, Kansas (Grantee) to construct, maintain and operate a pedestrian skywalk bridge over, above and across Main Street and the alleys, between two buildings located at the northeast comer and the northwest comer of Main Street and Douglas Street in Wichita, Kansas. The location and height of such skywalk bridge is to be in compliance with the description set forth in "Exhibit A" hereto.

Section 2. Architectural control. The skywalk bridge shall be designed to have an appearance that respects the historical character of the two existing buildings that it will connect, and shall be designed to recognize the historical importance of the intersection of Main Street and Douglas Street. Structural support for the skywalk bridge shall be provided within the walls of the existing buildings if feasible and if found to be within the application of sound engineering principles.

Section 3. Skywalk components and design standards. The skywalk bridge to be constructed by the Grantee shall, in addition to any other requirements set forth herein, encompass components in accordance with the following standards:

(a) Bridge. The skywalk bridge between the two buildings shall be built at a minimum width of twelve (12) feet or as determined by Grantee and the City to be appropriate for architectural compatibility. The bridge shall have a minimum of thirty (30) feet vertical clearance above the existing street grade at the centerline of main street and at the existing tops of the east and west curbs of said street, and the skywalk bridge shall appear to maintain a horizontal alignment and not an inclined alignment.

(b) Vertical Access Facilities. A vertical access facility shall provide access to the skywalk bridge from the street through a ground-level corridor within each building that the skywalk is connected to and may consist of either one or more stairway, elevator or escalator, or a combination thereof.

(c) Climate Control. The skywalk bridge shall be enclosed so as to be protected from the effects of natural elements and shall be maintained at a temperature reasonably comparable to that of the encompassing or connected buildings.

(d) Graphics. At such time that the skywalk system operated by Grantee is connected to other skywalk systems then skywalk bridge graphics will have a consistent design and location as follows:

(1) Logo. A logo will be developed by the city which shall be used to identify access to the skywalk system through the buildings that will connect to the skywalk bridge. The logo will be placed on doors which serve or lead to vertical access to the skywalk bridge.

(2) Directional Signs. Directional signs shall be provided that point the way from a ground level access to each building to the skywalk bridge and from the skywalk bridge to the ground

level exit of the other building. All directional signs will be attached to concourse ceilings in a perpendicular fashion and will be illuminated if necessary. Such signs shall be longlasting and easy to clean and maintain and shall establish a consistent pattern among common components and enhance the attractiveness of surrounding areas.

(3) City Furnishes. Logo and directional signs will be furnished by the City.

(e) Flooring. The skywalk bridge shall contain permanent, hard-surfaced floors of material or material carpeting that is maintained by Grantee in good condition. Flooring for any ramp that is required shall be of a nonslip material and the incline shall be no greater than 8.3 percent (one foot vertically for every 12 feet horizontally).

(f) Lighting. Minimum ceiling height shall be eight (8) feet and no objects other than directional signs shall be suspended from the ceiling. Lighting fixtures shall be recessed or attached in immediate proximity to the ceiling. Artificial lighting intensity shall be a minimum of 20 f.c. at the floor and supplied by a circuit which is not susceptible to total interruption.

(g) Walls. The skywalk bridge shall be enclosed with glass panels sufficient to provide at least sixty percent (60%) transparency, excluding structural framing members, distributed evenly along the span so as to achieve an open character and reveal pedestrian use of the structure.

(h) Public Access Requirements. The public shall have the right to use the skywalk bridge and the vertical accesses thereto for purposes of ingress and egress of pedestrian transit without limitation during the hours that Grantee bank's operation is open to the public for business within the First National Bank Building. At such time that the skywalk system constructed under this franchise is connected to other skywalk systems, then the hours of operation for access of the public to the skywalk bridge shall be open during the normal operating business hours of the connected buildings.

(i) Plans and Specifications. Plans and specifications for the enclosed skywalk bridge and vertical accesses from groundlevel of both buildings to the skywalk bridge shall be prepared in accordance with the design standards and requirements contained herein. Such plans and specifications shall be provided to the City of Wichita prior to the commencement of construction. The construction of such skywalk bridge shall not commence until the plans and specifications have been approved by the City. The City shall review the plans and specifications in accordance with the design standards and requirements contained herein and approval shall not be unreasonably withheld. Construction of the skywalk bridge shall be in accordance with plans and specifications filed with and approved by the City, and shall comply with the applicable building and fire codes in effect at the time of approval.

Section 4. Connecting links. The Grantee agrees to cooperate with the City and other building owners to allow connections from other skywalk systems to the skywalk system connecting One Main Place Building to the First National Bank Building during the time specified in Section 3(h).

Section 5. Maintenance. The skywalk bridge and the vertical accesses from the street to the buildings shall at all times be properly maintained and be in a safe, dependable and a sanitary condition, heated and air conditioned during the proper season and shall be in all respects in compliance with the City ordinances and the laws of the State of Kansas.

Section 6. Indemnification. The Grantee assumes, and shall, at all times, assume full responsibility for the operation and maintenance of the skywalk bridge, and shall at all times defend, indemnity, and hold harmless the City from any and all losses, damages, suits, claims and de-

mands arising from or growing out of the operation and maintenance of the skywalk bridge by the Grantee pursuant to the terms of this Ordinance, or resulting from the exercise by the Grantee of any of the privileges granted hereunder. The Grantee shall, at its own cost, defend against all such actions either in its own name or in the name of the City.

Notwithstanding anything to the contrary herein contained, Grantee does not assume responsibility for any negligence of City's agents, employees or contractors.

Section 7. Insurance. The Grantee shall and covenants and agrees that it will, throughout the life of this franchise, at its sole cost and expense, maintain all necessary insurance for the skywalk bridge vertical access facilities and the corridors located within the facilities owned or operated by the Grantee, in accordance with Grantee's customary insurance practices and shall specifically, prior to or concurrently with the start of commencement of construction, obtain general accident and comprehensive general liability insurance in an amount not less than maximum liability of a governmental entity for claims arising out of single occurrences provided by the Kansas Tort Claims Act or other similar future Kansas law (currently $500,000 per occurrence). The City shall be named as an additional insured under said policies as its interest may appear and such policies shall properly protect and indemnity the City in amounts not less than aforesaid. The policy of said insurance shall contain a provision that such insurance may not be canceled by the issuer thereof without at least thirty (30) days advance written notice to City and Grantee. Such policies or copies or certificates thereof shall be furnished to the City. For purposes of this franchise, policies of insurance shall be defined to be the insurance contract issued by a nationally recognized responsible insurance company qualified under the laws of the state of Kansas to assume the risks covered therein. Each policy of insurance herein above referred to may be subject to a reasonable deductible amount in an amount not to exceed $10,000.00 per occurrence. Anything in this franchise to the contrary notwithstanding, Grantee shall be liable to City pursuant to the provisions of this franchise or otherwise, as to any loss or damage to the City which may have been caused by the Grantee, its agents, employees, or contractors.

Section 8. Forfeiture of franchise. In case of failure on the part of the Grantee, its successors and assigns, to comply with any of the provisions of this ordinance, and such failure shall continue for sixty (60) days after written or printed notice to Grantee by the governing body of the City of Wichita, said Grantee shall forfeit all rights and privileges granted herein.

Section 9. Assigning franchise to another. Grantee shall not at any time sell or assign its franchise privilege under this ordinance to any other person, firm or corporation without the written consent of the governing body of the City, which consent shall not be unreasonably withheld, and such assignment shall not become effective until such Assignee shall file an acceptance in writing with the City Clerk and shall agree in writing to become responsible for a full performance of all conditions, liabilities, covenants and obligations of Grantee contained in this ordinance.

Section 10. Severability. Each section of this ordinance, and each part of each section hereof, is hereby declared to be an independent section or part of section and the holding of any section or any part thereof to be unconstitutional, void, illegal, ineffective or contrary to the laws of Kansas or of the United States, for any reason, shall not affect any other section or part of this ordinance.

Section 11. Franchise charge. The franchise fee shall be sixty-five cents per square foot of public area occupied by the skywalk bridge. Such amount shall be paid annually. The occupied area shall be that area of the skywalk bridge that extends over and across public right-of-way, i.e., from the property line on the east to the property line on the west, plus such part of any public alleys so occupied. Such payment shall be due and payable on the first day of January each year this franchise agreement is in effect.

Section 12. Filing. Within ten (10) days after the effective date of this franchise ordinance, Grantee shall file with the City Clerk of the City of Wichita its acceptance in writing of the provisions, terms, and conditions of this ordinance, which acceptance shall be duly acknowledged before some official authorized by law to administer oaths; and when so accepted by Grantee, the ordinance and acceptance shall constitute the franchise contract and grant between the City of Wichita and Grantee, subject to the provisions of Article 20, Chapter 12 of K.S.A., and shall be binding upon Grantee's successors and assigns.

Section 13. Terms and termination date. The rights, privileges and franchises hereby granted to and conferred upon the Grantee shall, unless this franchise be sooner terminated as herein provided, be and remain in full force and effect for a period of fifty (50) years from the effective date hereof. However, Grantee may terminate this franchise by Grantee electing within a two (2) year period commencing with the effective date of this Ordinance not to construct the proposed skywalk bridge, or by Grantee electing to demolish the skywalk bridge at any time during the term of the franchise and by restoring the connected buildings to the same condition in which they were before adoption of this Ordinance by the City of Wichita, with any such demolition to be at Grantee's sole risk and expense.

Section 14. Effective date of ordinance. This Ordinance shall take effect and be in force sixty (60) days after the date of its final passage and its publication during said period as provided by law.

PASSED AND APPROVED By the City Council of the City of Wichita, Kansas, at Wichita, Kansas, this 10th day of January, 1989.

SHELDON KAMEN
Mayor

ATTEST: (SEAL)

JOHN MOIR
City Clerk/Director of Finance

ARTICLE VII. TREATED WASTEWATER FRANCHISE

TREATED WASTEWATER FRANCHISE
Ordinance No. 45-958

AN ORDINANCE OF THE CITY OF WICHITA, KANSAS, GRANTING TO THE CITY OF BEL AIRE, KANSAS, A FRANCHISE FOR THE PLACEMENT OF FACILITIES FOR TREATED WASTEWATER; AND PRESCRIBING THE TERMS OF SAID GRANT AND RELATING THERETO

BE IT ORDAINED BY THE GOVERNING BODY OF THE CITY OF WICHITA, KANSAS:

SECTION 1. Definitions. For the purposes of this franchise ordinance, the following words and phrases shall have the following meanings:

A. "City" or "Franchisor" shall mean the City of Wichita, Kansas.

B. "Facilities" means any portion of a treated wastewater pipeline, associated subsurface piping, and other associated equipment located in, along, over, upon, under, or through the Right-of-Way.

C. "Franchise fee" means the Linear Foot fee and fee on Gross Receipts established under this ordinance.

D. "Franchisee" or "Provider" means the City of Bel Aire, Kansas, when acting as the owner, operator, or user of the Facilities franchised herein.

E. "Gross receipts" means all revenue derived by Franchisee from provision or sale of treated wastewater whether at wholesale or retail within the corporate boundaries of the City.

F. "Linear Foot" — means the length in feet of the Right-of-Way along which is occupied by Facilities of the Provider that are not currently used to provide treated waste water to customers on which Gross Receipts are determined.

G. "Public Project" means any project planned or undertaken by the City or any governmental entity (except Provider) for construction, reconstruction, maintenance, or repair of public facilities or improvements, or any other purpose of a public nature.

H. "Right-of-Way" means only the area of real property in which the City has a dedicated or acquired right-of-way interest in the real property. It shall include the area on, below or above the present and future streets, alleys, avenues, roads, highways, parkways or boulevards dedicated or acquired as right-of-way. The term does not include the airwaves above a right-of-way with regard to wireless telecommunications or other nonwire telecommunications or broadcast service or easements obtained by utilities or private easements in platted subdivisions or tracts.

SECTION 2. AUTHORITY TO USE RIGHT-OF-WAY

A. Grant. This franchise ordinance hereby grants to Franchisee the right, privilege and authority to construct, operate, and maintain Facilities in, through and along the City's Right-of-Way, as shown in Attachment A, for the purposes, and pursuant to the terms and conditions, herein set forth. This grant limits, but does not require, Franchisee to service those customers shown in Attachment B. Any changes in Attachment A or B must be made by amendment to this Franchise as provided herein. Any service contract or rate schedule applied by Franchisee to customers shall not preclude a customer from discontinuing its receipt of treated wastewater from Franchisee and receiving such service from any other person authorized to provide such service, all without penalty or surcharge to the customer.

B. Nature of Grant. The grant under this Franchise shall not convey title, equitable or legal, in the Right-of-Way, and gives only the right to occupy Right-of-Way, for the purposes and for the period stated in this Franchise. The Franchise gives no right of access or use to facilities of a third party. Nothing in this Franchise shall be interpreted as granting Franchisee the ability to construct, maintain or operate any facility or related appurtenance on property owned by the City outside of the Public Right-of-Way.

C. Franchise Non-Exclusive. This Franchise shall be nonexclusive. The City specifically reserves the right to grant to any other person, including itself, and at any time, franchises, permits, or other rights to use the Right-of-Way for any purpose and to serve any customers, including customers of Franchisee, as it deems appropriate, subject to applicable federal and State law.

SECTION 3. TERM AND AMENDMENT.

A. Term. This franchise ordinance shall be effective from its effective date for a term of five (5) years. Thereafter, upon option of the Franchisee, this franchise ordinance will renew for three (3) additional five (5) year terms, subject to the right of either party to renegotiate any provision of the Franchise by giving notice at least one hundred and eight (180) days before the termination of the then current term. The additional terms shall be deemed a continuation of this franchise and not as a new franchise or amendment.

B. Amendment.

(1) Upon written request of either the City or Franchisee, the Franchise may be reviewed at any time after the effective date and either the City or Franchisee may propose amendments to any provision of the Franchise by giving thirty days written notice to the other of the amendment(s) desired. The City and Franchisee shall negotiate in good faith in an effort to agree upon mutually satisfactory amendment(s).

(2) Upon written request of either the City or Franchisee, the Franchise shall be reopened and renegotiated upon notice of the exercise of an option under Section 3(A) or at any time upon any change in federal, state, or local law, regulation, or order which materially affects any rights or obligations of either the City or Franchisee, including but not limited to the scope of the grant to the Franchise or the compensation to be received by the City.

(3) Amendments to this Franchise, if any, shall be made by ordinance as prescribed by statute. The franchise ordinance shall remain in effect according to its terms pending completion of any review or renegotiation provided by this section.

SECTION 4. USE OF RIGHT-OF-WAY.

A. Use of Right-of-Way; Police Powers; Franchisee's Use Subordinate. Facilities shall be placed with adequate clearance from existing public or private utilities in the Right-of-Way so as not to impact or be impacted by such public or private utilities or improvements. Franchisee shall construct and maintain its Facilities in accordance with all applicable federal, state and local laws, including all State-approved work plans or permits, and all other City codes and ordinances in effect as of the date of this Franchise or hereinafter adopted to the extent not in contravention of state or federal law. The Franchise does not in any way impact the continuing authority of the City through the proper exercise of its Home Rule powers to adopt and enforce ordinances necessary to provide for the health, safety and welfare of the public. In entering this Franchise, the City makes no express or implied representation or warranty regarding its rights to authorize the installation or construction of Facilities on any particular segment of the Right-of-Way. The burden and responsibility for making all such determinations in advance of construction or installation shall be entirely upon Franchisee. The use of the Right-of-Way authorized by this Franchise shall in all matters be subordinate to the City's use and rights therein. Franchisee shall coordinate the placement of its Facilities in a manner that minimizes adverse impact on public and private improvements, as reasonably determined by the City Engineer.

B. No Interference. Franchisee shall construct and maintain its Facilities so as not to interfere with other users of the Right-of-Way. All construction and maintenance by Franchisee or its subcontractors shall be performed in accordance with industry standards.

C. Exclusion of Certain Locations. Prior to Franchisee's installation of any Facilities in the Right-of-Way, and after it provides the City with its proposed plans for the Facilities, the City may in its reasonable discretion designate certain lo-

cations or improvements in the Right-of-Way to be excluded from use by Franchisee for its Facilities, including, but not limited to any location or improvement that in the reasonable judgment of the City Engineer is incompatible with the proposed Facilities, or would be rendered unsafe or unstable by the installation. The City Engineer may further exclude certain other locations or improvements that have been designated or planned for other use, or are not otherwise available for use by Franchisee due to engineering, technological, proprietary, legal, or other limitations or restrictions as may be reasonably determined by the City. The City shall provide a written explanation for any denial for a particular location and shall work with Franchisee to identify other suitable routes.

D. Location, Type and Design of Facilities Subject to Approval. The design, location, and nature of all Facilities shall be subject to the reasonable review and approval of the City Engineer. This is a means to properly manage and control all Right-of-Way usage in the City, and to protect the public health, safety, and welfare. The review and approval is to ensure efficient coordination relating to Right-of-Way use relating to public and private utilities and to evaluate the configuration and size of Facilities that may be located in the Right-of-Way or other public or private property.

All Facilities constructed by Franchisee shall be placed underground unless otherwise agreed to by the City.

E. Right-of-Way Management Code. The City reserves its rights to adopt a Right-of-Way management and construction standards ordinance of general applicability pursuant to its public health, safety and welfare authority which shall apply to this Franchise except where inconsistent with a material term of the Franchise.

F. Underground Facility Locating Service. Franchisee shall cooperate with and participate fully in providing reputable underground facility locating services to insure that damage and/or interference with other underground facilities occupants is minimized. This shall include, but not be limited to, participation with the Kansas One Call.

G. Permit Requirements. While this Franchise establishes the general rules and scope of authority for Franchisee to construct and maintain its Facilities within the Right-of-Way, Franchisee is still required to obtain individual permitting approval from the City Engineer prior to engaging in actual construction of its specific Facilities within the Right-of-Way. At least fifteen (15) days before the beginning of any installation, removal or relocation of its Facilities, Franchisee shall submit detailed plans of the proposed action to the City Engineer. The City Engineer shall, within fifteen (15) days of receipt of such plans, either approve the plans or inform Franchisee of the reasons for disapproval. Franchisee shall designate a responsible contact person with whom representatives of the City Engineer can communicate with on all matters relating to facilities installation and maintenance. Prior to any excavation within the Right-of-Way, Franchisee shall obtain a permit, pay all applicable fees, and perform such work in accordance with applicable provisions of the City Code, and any ordinances or regulations that may be adopted by the City regarding excavation work.

H. As Built Drawings. Franchisee shall keep and maintain accurate records and as-built drawings, in both paper and electronic format, of all Facilities constructed, reconstructed, or relocated in the Right-of-Way after the date hereof. Such Facilities shall be horizontally and vertically located at least every 100 feet and at any other alignment change. All points of Facilities shall be horizontally located from street centerline, or section or quarter section lines or corners. Vertical locations on all points of Facilities shall consist of elevations in either City datum or United States Geological Survey datum. Franchisee shall cooperate promptly and fully with the City and take all reasonable measures necessary to provide accurate and complete information regarding the nature and horizontal and vertical location of its Facilities located within Right-of-Way when requested by the City or its authorized agents for a Public Project. Such location and identification shall be at the sole expense of Franchisee without expense to the City, its employees, agents, or authorized contractors.

I. Relocation of Facilities. Franchisee shall, within a reasonable time, relocate or adjust any Facilities located in Right-of-Way if reasonably necessary and requested by the City for a Public Project. Such relocation or adjustment for a particular Public Project shall be performed by Franchisee without expense to the City, its employees, agents, or authorized contractors and shall be specifically subject to rules and regulations of the City pertaining to such; provided, that if Franchisee demonstrates to the satisfaction of the City that the Facility was originally established in a private easement that thereafter became part of the Right-of-Way, the relocation or adjustment shall be without expense to Franchisee.

J. Agent. Franchisee shall designate and maintain an agent, familiar with the Facilities, who is responsible for timely satisfaction of the information needs of the City and other users of the Right-of-Way.

SECTION 5. FEES AND COMPENSATION.

A. Franchise Fee. In consideration for this franchise ordinance, Franchisee shall pay to the City a Franchise Fee as follows:

(1) Five per cent (5%) of Gross Receipts; and

(2) Two Dollars and fifty cents ($2.50) per year for each Linear Foot of the Right-of-Way occupied by Franchisee's Facilities plus five cents ($.05) per cubic foot for space occupied by any underground equipment vault, provided that this Linear Foot fee shall not apply to any Facilities serving customers for which the Gross Receipts fee is paid by Franchisee.

B. Timing of Payment of Fees. Franchisee shall give the City written notice at the time that payment is due whenever there is a change in the use of any Facilities that are subject to Gross Receipt or Linear Foot payments. Unless otherwise agreed by the parties, the Franchise Fee on Gross Receipts shall be due and payable on a monthly basis within thirty (30) calendar days after the end of the remittal period. The Linear Foot fee shall be due annually on the anniversary date of this ordinance. Linear Foot fee payments shall be prorated based upon date of installation of the Facilities or the date the Facilities become subject to Gross Receipt payments. If any Franchise Fee, or any portion thereof, is not delivered on or before the due date, interest thereon shall accrue from the due date until received, at the applicable statutory interest rate.

C. Audit. The City or its designated representatives shall have the right to examine, upon written notice to Franchisee no more often than once per calendar year, those records (including meter readings) necessary to verify the correctness of the Franchise Fees.

SECTION 6. TRANSFER OF OWNERSHIP.

A. Franchisee shall not sell, transfer, lease, assign, sublet, or dispose of, in whole or in part, either by forced or involuntary sale, or by ordinary sale, consolidation, or otherwise, this Franchise or any of the rights or privileges granted by such Franchise, without the prior written consent of the City. Such consent shall not be unreasonably withheld, delayed or denied. The City reserves the right to be reimbursed for its reasonable costs relating to a transfer of ownership.

B. Any assignment or transfer shall not require consent of the City when the Franchise is assigned, sold or transferred between wholly-owned subsidiaries of a parent corporation, provided that Franchisee provides advance written notice to the City. In all such instances, the assignee or new owner shall be responsible for all Franchise requirements and obligations.

SECTION 7. GENERAL CONDITIONS.

A. Compliance With Laws. The Franchisee shall comply with all applicable federal, state and local laws, ordinances, regulations and policies, including, but not limited to, all laws, ordinances, regulations and policies relating to construction and use of public property.

B. Enforcement; Attorneys' Fees. The City and Franchisee shall be entitled to enforce this Franchise through all remedies lawfully available, and shall pay to the other reasonable attorneys' fees in the event that it is determined judicially to have violated the terms of this Franchise.

C. Advertising, Signs or Extraneous Markings. Franchisee shall not place, or cause to be placed, any sort of signs, advertisements or other extraneous markings, whether relating to Franchisee or any other person or entity on the public Right-of-Way, except such necessary minimal markings as approved by the City as are reasonably necessary to identify the Facilities for service, repair, maintenance or emergency purposes, or as may be otherwise required to be affixed by applicable law or regulation.

D. Removal of Facilities. Upon expiration of this Franchise, whether by lapse of time, by Franchise between Franchisee and the City, or by forfeiture thereof, Franchisee shall remove, at its sole cost, from public property any and all of its Facilities that are the subject of this Franchise within a reasonable time after such expiration, and it shall be the duty of Franchisee promptly upon such removal to restore the Right-of-Way from which the Facilities are removed to as good condition as the same were before the removal was effected and as required by the City. Notwithstanding the foregoing, upon request of Franchisee, the City may allow underground Facilities to be left in place when it is not practical or desirable to require removal.

SECTION 8. LIABILITY AND INDEMNIFICATION.

A. It shall be the responsibility of Franchisee to take adequate measures to protect and defend its Facilities in the Right-of-Way from harm or damage. If Franchisee fails to accurately or timely locate Facilities when requested, it has no claim for cost or damages against the City and its authorized contractors unless such party is responsible for the harm or damage by its negligence or intentional conduct. Franchisee shall be responsible to the City and its agents, representatives and authorized contractors for all damages including, but not limited to, delay damages, repair costs, down time, construction delays, penalties or other expenses of any kind arising out of the failure of Franchisee to perform any of its obligations under this Franchise except to the extent the damaged party is responsible for the harm or damage by its negligence or intentional conduct. Provided, however, the City and its authorized contractors shall be responsible to take reasonable precautionary measures including calling for utility locations and observing marker posts when working near the Facilities.

B. Franchisee shall hold and save and defend the City, its officers, employees, agents, and authorized contractors, harmless from and against all claims, damages, expense, liability, and costs including attorney fees, to the extent occasioned in any manner by the failure of Franchisee to perform any of its obligations under this Franchise, except to the extent the City, its officers, employees, agents, and authorized contractors are responsible for the harm or damage as a result of its negligence or intentional conduct. In the event a claim shall be made or an action shall be instituted against the City growing out of any such failure by Franchisee to perform its obligations under this Franchise then, upon notice by the City to Franchisee, Franchisee shall assume liability for the defense of such actions at the cost of Franchisee, subject to the option of the City to appear and defend, at its own cost, any such case.

C. Franchisee agrees that it will conduct its activities in the Right of Way in compliance with all applicable environmental laws. Franchisee agrees to defend, indemnity, and hold the City harmless from and against any and all claims, causes of action, demands, and liability, including, but not limited to damages, costs, expenses, assessments, penalties, fines, losses, judgments, and attorney fees that the City may suffer due to the possible existence or the discovery of any hazardous substance in the Right of Way or the migration of any hazardous substance to other property or released into the environment to the extent such arises out of Franchisee's past, present, or future negligent or unlawful activities in the Right of Way. This Paragraph shall survive the termination of this Lease.

SECTION 9. INSURANCE.

A. During the term of this Franchise, unless specified otherwise, Franchisee shall obtain and maintain at its sole expense, with financially reputable insurers that are licensed to do business in the state of Kansas, naming the City as Certificate Holder, not less than the following

insurance: Commercial general liability, including coverage for contractual liability and products completed operations liability on an occurrence basis and not a claims made basis, with a limit of not less than One Million Dollars ($1,000,000) combined single limit per occurrence for bodily injury, personal injury, and property damage liability, naming the City as Certificate Holder. Alternatively the Franchisee may demonstrate to the reasonable Satisfaction of the City that the Franchisee is adequately self-insured.

B. Nothing contained in this Franchise shall limit Franchisee's liability to the City to the limits of insurance certified or carried.

SECTION 10. INVALIDITY AND REMEDIES.

A. The invalidity in whole or in part of any provision of this Franchise shall not affect the validity of any other provision.

B. The right and remedies of the Parties under this Franchise shall be cumulative and in addition to any other rights and remedies provided by law or equity. A waiver of a breach of any provision thereof shall not constitute a waiver of any other breach. The laws of the State of Kansas shall govern this Franchise and any rights granted hereunder.

SECTION 11. ACCEPTANCE. Prior to the effective date of this ordinance Franchisee shall file with the City Clerk of the City of Wichita its acceptance in writing of the provisions, terms and conditions of this ordinance, which acceptance shall be duly acknowledged before an officer authorized by law to administer oaths. When so accepted the ordinance and acceptance shall constitute a contract between the City and Franchisee subject to the provisions of the laws of the state of Kansas.

SECTION 12. GOVERNING LAW AND VENUE.

A. The franchise ordinance and the rights herein granted are subject to the provisions of existing federal and state laws, including K.S.A. 12-2001, and those hereafter enacted pertaining to the granting of franchises.

B. The obligations and undertakings of both parties hereto shall be performed at Wichita, Sedgwick County, Kansas. In the event that any legal proceeding is brought to enforce the terms of this franchise, the same shall be brought in State or Federal courts, as appropriate, having jurisdiction for Sedgwick County, Kansas.

SECTION 13. EFFECTIVE DATE OF ORDINANCE. This franchise ordinance shall be effective upon its final passage and publication once in the official City paper.

K.S.A. 12 517 et seq.

Wards and precincts
K.S.A. 14 103, 14-207, 80-1404

Eminent domain
K.S.A. 26-201 et seq.

Ordinance enactment and form
K.S.A. 12-3001 et seq., 12-3301 et seq.

Ordinance compilation, revision and codification
K.S.A. 12 3014 et seq.

Initiative and referendum ordinances
K.S.A. 12-3013

Elections
Kansas Const. Art. 4 and K.S.A. 25-2101 et seq.

Poll hours
K.S.A. 25 106, 25 2111

Employment of city prisoners
K.S.A. 22 4603

Limitation of actions
K.S.A. 60-521

Administration and Personnel

Modified mayor-council form of government
K.S.A. 12-10a01 et seq.

City manager
K.S.A. 12-1001 et seq.

City council meetings—First class cities
K.S.A. 13-1410

Filling of vacancies in offices of mayor or councilman in first class cities
K.S.A. 13-513

Other officers in first class cities
K.S.A. 13-502 et seq.

Commission form of government for second class cities
K.S.A. 14-1101 et seq.

Mayors in second class cities
K.S.A. 14-301 et seq.

Elective officers of second class cities
K.S.A. 14-201 et seq.

Commission form of government for third class cities
K.S.A. 15-1201 et seq.

Mayors in third class cities
K.S.A. 15-301 et seq.

Officers of third class cities
K.S.A. 15-201 et seq.

City elections
K.S.A. 25 2101 et seq.

Oaths and bonds
K.S.A. 25 2120, 12 1008, 12 1036b, 14 205, 15 1404; 15 11b08, 54-106

Treasurer
K.S.A. 12-1608, 12-1609

Planning commission
K.S.A. 12 744 et seq.

Parks commission
K.S.A. 14 537 et seq.

Municipal courts
K.S.A. 12-1109, 12 4101 et seq.

Administrative departments in commission-manager plan cities
K.S.A. 12 1015

Records
K.S.A. 12-120 et seq.

Libraries
K.S.A. 12 1215 et seq.

Social security
K.S.A. 40 2301 et seq.

Kansas League of Municipalities
K.S.A. 12 1610c et seq.

Municipal energy agencies
K.S.A. 12 885 et seq.

Public employer employee relations
K.S.A. 75 4321 et seq.

Tourism
K.S.A. 12-1692 et seq.

Historical collection and museums
K.S.A. 12-1658 et seq., 12-1681 et seq.

Art museum board
K.S.A. 13-460 et seq.

Community building districts
K.S.A. 15-11b01 et seq.

Employee retirement systems
K.S.A. 12-5001 et seq., 13-14a01 et seq., 14-10a01 et seq.

Revenue and Finance

Payment of claims
K.S.A. 12-105b

Purchasing special equipment
K.S.A. 12-110a et seq.

Revenue generally
K.S.A. 12-137 et seq.

Special improvement funds
K.S.A. 12 6a13 et seq.

Cash basis law
K.S.A. 10-1101 et seq.

City investments
K.S.A. 12 1675 et seq.

Cost of work recovery
K.S.A. 12-1673 et seq.

Temporary notes for improvements
K.S.A. 10 123

No fund warrants
K.S.A. 79 2938 et seq.

Petty cash funds
K.S.A. 12 171

Sales tax
K.S.A. 12-187 et seq.

Gross earnings tax
K.S.A. 12-1,101 et seq.

Parks tax
K.S.A. 14-538

Transient guest tax
K.S.A. 12-1692 et seq.

Business Taxes, Licenses and Regulations

Franchises
K.S.A. 12-2001 et seq.

Alcoholic beverages
K.S.A. 41 101 et seq.

Cereal malt beverages
K.S.A. 41 2701 et seq.

Auctions
K.S.A. 58 1014 et seq.

Farm products
K.S.A. 12-1617

Contractors—Licensing and examination
K.S.A. 12-1503 et seq.

Motor carriers
K.S.A. 66-1302 et seq.

Peddlers and vendors
K.S.A. 12 1617

Sales of liquor by the drink
